Zone Fares for Street Cars No. 2

To keep a street railway going, money enough must be obtained to pay all
of its obligations.

—and the only source of revenue a street railway has is CARFARES.

With these two fundamental facts before it, this company accepted the order
of the Public Utility Board, made July 10 last, to submit an equitable zoning
system over its entire territory that would "more properly relate the cost of
service with the length of haul and value of service."

Let it be kept in mind that the Public Service Railway system cannot be
compared with the railways of New York or Chicago, or Philadelphia, or other
compact and populous communities where the density of traffic is very great and
practically all the riding is in urban sections.

Public Service Railway serves 141 municipalities, more than half of which
have less than 5,000 population each. Some have less than 1,000.

These municipalities are located from one end of the State to the other and
require 900 miles of track to serve them.

To "properly relate the cost of service" means to have every rider pay a just
proportionate share of such cost. This is exactly what the company provides
for in the plan it has submitted to the Utility Board.

Street railway costs are properly divisible into two classes, "Standby" and
"Movement" costs. This principle has been recognized by utility or railroad
commissions of various States, including those of Wisconsin, Massachusetts and
New Jersey.

"Standby" costs apply to every rider alike; "Movement" costs vary with the
length of ride taken.

Applied to the Public Service system at present prices for labor and material,
the "Standby" cost works out to four cents and the "Movement" cost to one cent
per passenger. These figures demonstrate the equitableness and fairness of the
rate proposed, which is: Five cents for the first zone mile, one cent for each
additional mile, and one cent for a transfer.

Under such a rate every rider would pay for what he gets—no more and
no less.

FRIDAY, APRIL 11, 1919

Porch Club.

A most enjoyable affair attended music was given last Tuesday afternoon by the Music Section, Mrs. Marcy in charge. The following artists took part: Alice Needles Lippincott, mezzo-soprano; Mr. Marston Brooks, "cellist"; Miss Ruby H. Cordey, accompanist.

Open meeting on Tuesday, April 15, Miss Beatrice Stearns, chairman of the legislative department of the Women's Federated Clubs of New Jersey, with headquarters in Trenton, will speak on the important bills of legislative interest that have come up in Trenton before the New Jersey Legislature. Miss Stearns is a most interesting speaker and we hope there will be a large audience.

Appeal to Automobile Owners.

At the risk of being classed with the "kickers," The New Era calls attention to the dangerous practice of automobilists of driving their cars on the pavement in front of its office and the post office next door. The practice is indefensible, even if no particular danger is attached to this particular point, but when it is considered that persons coming onto Main street from the alley between the two buildings are likely to be run down, the situation becomes serious. Many children use this passage on their way to and from school. Their view of the automobile is obstructed by the buildings on each side, and if they should emerge from the alley at just the right moment a collision would be almost inevitable. Bicycles ridden on the pavement at this point constitute a similar danger, less only in degree. We appeal to car owners to discontinue this violation of the law before some one is hurt.

Magazines Wanted for Soldiers.

The Riverton Free Library makes an urgent appeal for more magazines for the soldiers. They may be sent to the library, or if the librarian is notified, they will be collected by the Boy Scouts.

Liberty Loan Meeting at Burlington.

A Victory Liberty Loan meeting for the public and workers of Burlington County will be held in the Auditorium, Burlington, Tuesday evening, April 15, at 8:15. The speakers will be John H. Mason, Director of Loan, Third Federal Reserve District; Benjamin H. Ludlow, Director of Speakers' Bureau, Third Federal Reserve District; Captain Robert J. McFarland, Twenty-eighth (Iron) Division. Music by Metropolitan Band.

Golf.

The summer season on the Riverton golf links will open on Saturday, April 12, with a handicap for men. The course is in splendid condition and getting better every day. All the putting greens, which have been under going repairs, have been given a good rest and are now in first-class shape, and will be played on above date for the first time in four or five months.

This tournament will be followed by a parent and child handicap best ball play on the following Saturday, April 13. This will be a new feature and no doubt will be a great success. The entrants will be father and son or daughter, or mother and son or daughter. This tournament will be a regular feature of the club events from now on, and as we have quite a number of junior members we expect to have a large number of entries.

HANDICAP COMMITTEE.

Liberty Loan Mass Meeting.
A mass meeting will be held in the public school auditorium Monday evening, April 21, addressed by a civilian, an overseas soldier and Walter E. Robb, county chairman. Music by the Metropolitan Band of Burlington. No subscriptions will be solicited at this meeting.

Meeting of Liberty Loan Workers.

There will be a county meeting for Victory Liberty Loan chairman and their workers and friends at the Porch Club, Riverton, April 16, at 3 p. m. Miss Anne MacVaine, State chairman of Southern New Jersey, will address the meeting. All are urged to attend.

HAZEL L. ROLE.

Mrs. C. F. Allen, local chairman, urges all the members of her committee to attend this meeting and to meet her afterward and receive their instructions, buttons, papers, cards, etc. Miss Helen Wells and Mrs. Lincoln Ridley have been added to Mrs. Allen's committee of workers as published last week.

Miss Faunce Home from France.

Miss Amanda D. Faunce arrived in New York early this morning on the Rotterdam. Miss Faunce has served twenty-three months as army nurse with the U. S. of P. Hospital No. 10. She expects to arrive home next Tuesday.

DO THE SERVICE BOYS WANT AN ATHLETIC FIELD?

A number of plans for a suitable memorial to the boys who have been in the service have been suggested, among them an athletic field, which is said by its sponsors to be the most popular among the boys themselves. In order to satisfy himself on this point, the publisher of The New Era would like the boys who have been in the service to fill in their name and address on the blank below and send it to this office during the coming week.

The new arc light on Main street near the Collins building is a great improvement and lights up that section in fine shape. It is needed at all times, but particularly when east-bound trains are at the station, cutting off the light from the lamp on the opposite side of the tracks, and making this section as dark as a pocket before the new light was installed.

JOINT SEWER PLANT PROPOSED

State Board of Health Recommends That Riverton and Palmyra Build a Plant for Both Towns.

Mr. Vosbury, engineer for Palmyra township, appeared before the Mayor and Council at their meeting Tuesday night to present to that body the recommendation of the State Board of Health that the two towns combine in the erection of a sewerage disposal plant in the interest of economy and efficiency. Mr. Vosbury was accompanied by the members of the Township Committee, Messrs. Davies, Hill and Cook.

Mr. Vosbury explained that when he submitted to the State Board of Health the plans he had prepared for a plant for Palmyra township, he was informed that similar plans, designated the same location, had been submitted by the borough of Riverton four years ago, and the board recommended that he lay before the governing bodies of both municipalities a proposition of building one plant for the two towns, not only for the financial advantage of both, but also because a larger plant operates more efficiently than a small one.

While he was not in a position to quote exact figures, Mr. Vosbury said that the saving in construction cost would be about 50 per cent, and the economy in operating expenses equally as great. He urged that the matter be given early consideration by Riverton, as such matters take a long time at the best. The matter was referred by Council to its special committee on sewer disposal plant.

The subject of a sewerage disposal plant from Palmyra was welcomed by the Mayor, who thanked them for submitting the recommendation of the State Board, and assured them that it would have prompt and careful consideration. Mr. Murray, chairman of the committee to which the matter was referred, said that he would arrange to take it up at once. Mr. Davies and Mr. Hill, of the Palmyra committee, expressed their appreciation of the spirit of cooperation shown, and said they would be glad to meet with the Riverton committee to discuss the matter.

The Light Committee reported the installation of an arc light on Main street in front of the Collins building. The Fire and Water Committee reported a map showing the location of the fire hydrants in the borough.

A communication was received from Palmyra township requesting that Riverton bear half the expense of graveling Elm avenue. Referred to the Highway Committee with power to act.

The subject of pavements needing repairs came up and Council decided to take immediate steps to have the necessary work done in front of properties whose owners had disregarded the request made two years ago to put the sidewalks in good condition.

A resolution was passed making the rate of interest to be charged on delinquent taxes 8 per cent.

The following bills were ordered paid:
State League of Municipalities, \$6.00

Big Schedule of Swimming Events.

In a couple of more months the swimming season will be in full swing at the Riverton Yacht Club.

The first big regatta will be on Saturday afternoon, July 12, when a carnival will be held, consisting of short-distance races from 50 yards to 220 yards, fancy diving, exhibitions, life-saving events, etc. All local talent will be well represented—teams of girls and men from the Turners, Meadowbrook, Y. M. C. A.'s, Y. W. C. A.'s, Philadelphia Swimming Club, etc., all participating. New York has offered to send over the metropolitan champion woman diver, Miss Josephine Bartlett and little Catherine Brown, the champion girl diver.

VICTORY LOAN COMMITTEE
of Riverton

To the Boys Wearing the U. S. Uniform

You will shortly be among us, after making the grandest sacrifice that mortal man can make, holding yourselves in readiness in some instances, and in others, fighting, bleeding and suffering, that this, our Grand Flag can still wave, saving your country not only from disaster, but absolute enslavement by the German Empire.

God bless those of you that the fortunes of war admit of returning to us, and may all honors of a grateful Nation be bestowed on those whose life's blood sanctifies the fair soil of France. May Heaven ordain that their dying moments were assuaged by a knowledge of the great debt of gratitude the Nation owes them for the grand and noble sacrifice made in our behalf.

The best guard against National perils of the future, would be to analyze and rectify our mistakes of the past, a process of reasoning that would drive us to the conclusion that if our Allies were no better prepared than we were upon entering this war, we would have been defeated before we struck a blow.

This lamentable condition, produced by the almost total annihilation and obliteration of the martial spirit in our country in 1914, by the organization of numerous peace societies and the publication and singing of such silly doggerel as "I did not raise my boy to be a soldier," pamphlets written and circulated within our country by the thousands, wherein the pacifist writer, Dr. Isaac Sharpless and presumably others, fearlessly boasted that they would do all in their power to destroy the military spirit among our young men. The insulating assertion of pacifist Henry Ford, that "a soldier was a national disgrace," and also men (or an apology for such) whose conscientious scruples would not admit of them buying Liberty Bonds. Instead of these people with such seditious views being penalized, they were rewarded; for the absence of you Boys on your patriotic mission, enabled this class to secure political offices, by a ratio to the few soldiers they sent that seems remarkable.

It is truly hoped that the boys, on their return, will band themselves into an Organization, something similar to the Grand Army, that will hold the balance of the political power in their respective political parties, and by that means control this Grand Country of ours, and keep it in the custody of a pure and resolute electorate that will never admit of us again getting into the defenseless position we occupied in 1914.

Boys, make it your slogan, "Only those who wore the uniform (and deserve to do so) should have the offices." Nothing is too good for you, the country belongs to you who saved it, administer it wisely, rule it justly and equitably, on the basis of the greatest good to the greatest number; but, above all, keep the fires of Patriotism burning on the Altar of Liberty, by instilling into the very soul of every growing American boy, the imperative necessity of a thorough military training. Teach him to love the Flag above all earthly things, and that to die for our Grand Country is a sacred privilege. Teach him to stamp out, as he would crush a venomous serpent, the very first sparks of the cowardly pacifist propaganda, and thereby insure that this, the Grandest Country on the face of the Earth, will never again be placed in jeopardy and fear of invasion by a mortal enemy.

Soldiers and Sailors, Attention

The Philadelphia Press of April 9th, 1919, contains a call for a Caucus of the men who wore the uniform of the U. S. in the World War, to meet in St. Louis on May 8th, 9th and 10th, for the purpose of effecting the preliminary organization of the American Legion. This Caucus call was signed by Colonel Theodore Roosevelt, Jr. This district, comprising Riverton, East Riverton, Palmyra and Westfield, will be entitled to one delegate. The writer of this, recognizing this movement as one that will keep alive the patriotic and sound American principles so graphically taught by the late Theodore Roosevelt, will guarantee the expenses of one delegate. Would suggest that the Military or Naval men interested in this call write to Colonel Hobart Brown, Newark, N. J., or Corporal Rodger Young, Newark, N. J.

CHARLES A. WRIGHT.

SAMUEL WOODFILL,

First Lieutenant, Company M, 60th Infantry.

Three acts of conspicuous daring in one day near Cunet, France, October 12, 1918, won the Distinguished Service Cross for Lieut. Woodfill. While he was leading his company against the enemy his line came under heavy machine gun fire, which threatened to hold up the advance. Followed by two soldiers at twenty-five yards, this officer went out ahead of his first line toward a machine gun nest and worked his way around its flank, leaving the two soldiers in front. When

he got within ten yards of the gun it ceased firing and four of the enemy appeared, three of whom were shot by Lieut. Woodfill. The fourth, an officer, rushed at Lieut. Woodfill, who attempted to club the officer with his rifle. After a hand-to-hand struggle, Lieut. Woodfill killed the officer with his pistol. His company thereupon continued to advance until shortly afterward another machine gun nest was encountered. Calling his men to follow, Lieut. Woodfill rushed ahead of his line in the face of heavy fire from the nest, and when several of the enemy appeared above the nest he shot them, capturing three other members of the crew and effecting the

gun. A few minutes later this officer, for the third time, demonstrated conspicuous daring by charging another machine gun position, killing five men in one machine gun pit with his rifle. He then drew his revolver and started to jump into the pit when two other gunners only a few yards away turned their gun on him. Filling to kill them with his revolver, he grabbed a pickling near by and killed both of them. Inspired by the exceptional courage displayed by this officer, his men pressed on to their objective under severe shell and machine gun fire. Lieut. Woodfill is married and lives at 167 Alexander Pike, Fort Thomas, Ky.

CHARLES D. BARGER,

Private, First Class, Company L, 354th Infantry.

Private Barger was awarded the Distinguished Service Cross for conspicuous gallantry in action near the Bois de Bantheville, France, October 31, 1918. Learning that two daylight patrols had been caught out in No Man's Land and were unable to return, Private Barger and another stretcher bearer, upon their own initiative, made two trips 600 yards beyond our lines, under constant machine gun fire, and rescued two officers. His uncle, Henry S. McFerson, lives in Stott City, Mo.

The Riverton Red Cross reports that the committee which had charge of collecting the partly worn garments for the refugees of devastated Europe packed and sent to the New York shipping terminal four boxes, containing in all 645 garments. Misses Joseph, Roberts, chairmen, wishes to thank those who so generously responded to this call.

All who are counting their hours of work for the Red Cross are urged to send their names and number of hours of work to Mrs. M. C. Boyer immediately. The Chapter Executive Board meets on Monday, the 14th, and all names should be in by that time.

Deaths.

H. W. Allen, aged 80, of Camden, died Thursday morning from pneumonia, after being ill only a week. Services will be held Sunday afternoon, Mr. Allen was the father of Mrs. Fred Hemphill, of Riverton.

Mrs. Lillie May Taylor, sister of Freeholder D. M. Clifton, died at the home of her daughter, Mrs. John Baker, Delanco, on Sunday, and was buried in Mt. Moriah Cemetery, Philadelphia, Wednesday. Undertaker John C. Bolton, of Moorestown, in charge. The deceased was a former resident of Riverton. She is survived by three sons, Daniel Cavanaugh, of Riverton; William Cavanaugh, Camden; and Charles Cavanaugh, Nashville, Tenn.

Asbury Notes

There will be held a pie and cake social at the home of Mrs. M. E. Stowe, East Riverton, Friday evening, April 25. The pies and cakes will be sold at auction and the money raised will be for the purpose of finishing payment on the heater fund. All are cordially invited.

Mr. and Mrs. Lewis Bowker this week received their first official notice that their son, Corporal Joseph Emory Bowker, was killed in France last May. Emory wrote them about it long ago. He was the first Palmyra boy to be a casualty. Since that time he has recovered fully and has been cited for gallantry in ambulance work under fire. His latest letters said he was with the Army of Occupation in Germany.

The Palmyra High School track team this week easily defeated the Mount Holly team by a score of 74 to 43. First places were won by the following Palmyra boys: Shilps and Freed, running broad jump, heavy and light classes, respectively; Dietz, 100-yard dash, light class; Meyers, standing broad jump, light; 880-yard run; Burr, 200-yard dash, light; Mount Holly girls won the mile points of the pole vault to Jackson, of Palmyra, who cleared the bar at nine feet, and who also won first in the high jump and shot put.

The Knights of Pythias last week had a visitation of thirty-five knights from Burlington, twenty from Mount Holly and fifty from Paulsboro. The Paulsboro degree team put on the first rank in dramatic form. Last night the second rank was put on by the Palmyra team. Next Thursday evening the Burlington camp will come down with a big delegation and a brass band to put on the third rank. Several years ago a member of the Burlington lodge promised that when Palmyra reached the hundred mark in membership, Burlington would bring down a new band. Having attained that mark as a result of their membership drive, the pledge was recalled at last week's meeting and Burlington is tending to fulfill it and wake up the town.

Big Schedule of Swimming Events.

(Continued from second page.)

Hartnett, who claims to be the World's Champion Speed Instructor of Swimming. He has asked to give an exhibition of his methods on this date and desires twenty-five little girls if possible (if not, boys will do) between the ages of 6 and 10 years, and he asserts he will teach them to swim at the rate of two and one-half minutes (2½) per child, which will create a new world's record. He has instructed and patented a machine which can be adjusted to fit a child of the above age and to which the child is strapped, and the machine, while on land, gives the child all the motions of the crawl stroke, so that after a few minutes it can be taken into the water without the machine and swim. So if there are twenty-five little boys or girls in Riverton who wish to swim in a half hour they can have their chance July 22.

August 2 is the women's three-mile race, open to all registered women and girls in the United States and Canada. This should be a wonderful race, as all the cream of the Philadelphia mermaids who romped away with the last year's are entered, while New York will send its best quartet, Pittsburgh two and Cleveland one. A great race will be the women's mile, which the Philadelphia Athletic Club, by far the fastest woman swimmer on the Pacific Coast and the champion woman backstroke swimmer of America. Miss Burns has written Mr. Durbin, saying that as she will be in New York coming to see the champion when this race comes off, she will gladly run over, and asks that the first prize be a real pretty cup for her. The swimmers will start from the Bridgeburg pier and finish at the Riverton pier.

The final event of the season will be the famous ten-mile national championship for men. It is hoped to bring together in this race the greatest field that ever swam. It will include the dusky Hawaiian speed demon, Harold Kruger; Norman Ross and the Olympic Club of Los Angeles; the Athletic Club and the two greatest speed kings from 220 yards up to a mile in America today.

The Olympic Club of San Francisco is trying to arouse spirit to send their two best bets, Buster Tart and Pomeroy, on the Coast. The San Francisco Athletic Club, who is sure, Portland, Ore., who holds the one-mile national championship this year, is to send on her best flyer, who is picked to first annex the one-mile championship.

In the Middle West, Buddy Wallen, Mike McDermott and Perry McCall, are almost sure to compete. Detroit will again send Metzger, while Pittsburgh and Cleveland are each slated for two entries.

It is hoped, now that the war is over, New York will send a blue-blooded quartet composed of Ed Glebe, who won the race last year; Bud Goodwin, Howard Vollmer and Charles Kaufman.

Riverton will send Toth a second time and probably Miron. Max Ritter, of Philadelphia, may be induced to go in, and if so he will prove a dangerous rival to all, as in the last Olympic games he annexed the quarter-mile title.

Another local entry with a bright chance will be Paul V. Mezel, of the Camden Y. M. C. A., who in 1917 won the Schuylkill marathon with ease. Mr. Durbin is hoping to coach a Riverton quartet, consisting of Sonny Wright, Dickie Hollingshead, George Corner and John Jamieson. The young men all returning home, there is no reason why the Riverton Yacht Club cannot get a team of its own that will compete favorably with any team in the country.

Last year thirty juvenile members swam across the Delaware river, each receiving a bronze medal. This year a silver medal will be given to any juvenile member who swims across the river and back without resting.

Deaths.

John F. White, one of the oldest citizens of Palmyra, died last Saturday at his home at Fifth and Chalmers streets. Mr. White was in his 84th year and had lived here for twenty-six years. Since December he had been bedridden, but up to the last year or so of his life he had enjoyed good health and showed rare vigor for a man of his age.

Mr. White was born at Whitesville, near Toms River, in 1826. All his life he was active in church work and was a member of the official board of the Methodist Church for over sixty years. The funeral was held Wednesday afternoon, the Rev. E. A. Robinson officiating. Burial was in the cemetery of Libby, of Gibbstown; D. B. Green and C. S. Lawrence, of Camden. Mrs. Carl Peterson and Mrs. Ruth Peterson Bell sang.

Interment was in Arlington Cemetery, Camden.

The widow, Mrs. Keish White, and seven children survive. They are: Mrs. Nella Brown and Mrs. Lewis Bowker, of Palmyra; Christopher S. White and Mrs. Ralph Burdett, of Philadelphia; Joseph C. White, Camden; James B. White, Downer, N. J.; and William D. White, Collinswood, N. J.

The oldest son, John F. White, Jr., was killed in a trolley accident at Riverton thirteen years ago, and another son, the Rev. Harry White, died of pneumonia in Iowa last December.

William Henry Hamming, who was discharged from the army last August for physical disability, died April 2 and was buried April 8 at Wrightsville. The deceased leaves a mother and sister.

No Horses, Only Tractors Are Used To Work 200,000 Acres of Indian Farm-Land

Wheat will be harvested next fall from one of the world's largest farms comprising about 200,000 acres of Indian lands in Montana and Wyoming. On this huge farm not a horse will be used. Instead, large tractors capable of turning over large quantities of prairie sod were purchased. In all 52 of these machines are now the property of the corporation, and the plowing record for last summer was more than one acre a minute for the working time. On one day 1,830 acres were turned and broken.

Of this big tract, about 35,000 acres of irrigated land have been plowed and seeded, and the remainder it is announced will be cultivated during the coming summer.

The land is located on the Crow, Blackfoot and Big Horn reservations in Montana and the Wing river reservation in Wyoming. To make this land productive a corporation with \$2,000,000 capital was organized last spring. When Thomas D. Campbell, a North Dakota farmer, conceived the idea of cultivating the thousands of acres of the Indian lands in Montana and Wyoming.

Campbell lacked capital, but obtained the approval and assistance of the secretary of the interior, Franklin K. Lane, and J. P. Morgan and other leading New York bankers. The corporation was then formed with several of these bankers as members of the board of directors and Campbell was president.

WARM DEBATE ON SUNDAY BILL

Opponents Say It Will Cause
Lawlessness, Friends Claim
Restrictions Mean Revolt.

TO FIGHT APPROPRIATIONS.
Labor Clashes With Clergy on Bill.
Battle on Non-Partisan Lines to
Greet Measure Planning to
Spend \$12,000,000.

Trenton, April 8.—Clergymen and others who said they represented more than 1,800 New Jersey churches told a committee of the senate that the Hyland Sunday sports and "movie" bill would result in the commercialization of the Sabbath. The supporters of the measure took the position that the masses of the people of the state were demanding it because of the increasing restrictions now being placed, not only upon their Sundays, but on all seven days of the week. They held that their personal habits were being affected.

The two sides in the debate on the bill, which is passed, will allow motion picture shows, concerts and sports on Sundays, were wide apart. Those who represented the churches told the committee that the proposed bill would be one of the greatest improvements ever made in the state. The bill was passed without a dissenting vote.

The senate for the third time this session defeated Senator Hammond's bill which had for its object the sale of certain lands in Trenton. The State Citizens League, which had been one of the old stand-bys of the session, and every time it was reached on the calendar the senators enjoyed a little laugh. The bill would have allowed the Trenton commissioners to sell certain lands adjacent to parks and with the proceeds purchase other park lands in the more congested districts.

There has been a vigorous lobby against the bill by residents in the western section of the city. Senator Conrad led the fight on the bill, as he had done on the two other occasions. Each previous time Senator Hammond averted defeat by asking that the bill be laid over before the result of the vote could be announced.

Senate to Pacify House.
President Hutton told the senators that there had been some adverse comment on the part of the assemblymen of the senate's failure to pass enough house measures. There even had been threats of retaliation, and the president said he would deplore any feeling that the senate was not treating the assembly fairly. Up to this time, he said, the senate had passed 45 house bills and the house had passed 65 senate measures. He said especial consideration would be given house bills at the next session.

The senate passed Senator Sturges' bill to abolish fire districts in Gloucester county to abolish fire districts in their limits.

Teachers' Pension Bill Passes.
The signature of Governor Deane is all that is needed to add the teachers' pension law to the statute books. The senate without opposition passed the bill as it came from the house, and in the opinion of Speaker Pearson, the retirement fund, which now is virtual bankruptcy, will be placed upon a sound financial basis.

The teachers who have been in the fund for years will be cared for and the pension will operate for all teachers who become disabled after they have reached the age of 62 years.

Although the measure passed without opposition finally, there was a vigorous debate on amendments brought up by Senator Conrad of Ocean county. Last week Senator Smith of Passaic offered an amendment providing that the pension should operate after 35 years' service. This amendment was adopted. Senator Conrad moved the reconsideration of this amendment, and there followed a debate in which nearly every member of the senate took part. The result was reconsideration and another vote on the Smith amendment. This time it was defeated and the bill passed in the form in which it came from the house.

Children Given Dogs' Rights.
The purpose of this bill is to extend to children equal rights of dogs," declared Assemblyman Snow, of Hudson, speaking for his bill making it a misdemeanor for landlords or property owners to refuse tenants who have dogs. He declared that the bill would protect the people to race suicide by the policy of excluding children, and he appealed to all the members to support the bill.

"As the father of seven children," declared Assemblyman Greaves, of Essex, "I heartily support this bill, for often, as I have sought a home for my family, I have been forced to find the houses were only for adults. The real estate men should hang their heads in shame in sustaining this policy."

"The purpose of my colleague on my right" (meaning Assemblyman Conrad) "who has 20 children, I want to speak for this splendid measure," exclaimed Assemblyman Siegler of Essex, and the bill passed by a vote of 38 to 10. The house also passed this assembly bill.

Senator Whitney chairman of the Appropriation Committee, has stated that, under the law by which the canal was authorized, passed about seven years ago, the state is to pay the Hudson tunnel and Delaware bridge, for which \$1,500,000 is to be included in the bill.

SAYINGS OF SAGES

We sometimes meet with men who seem to think that any indulgence in an affectionate feeling is weakness.—Miss Mulock.

The year passes quick, though the hours tarry, and time bygone is a dream, though we thought it never would go while it was going.—Newman.

When a man does a noble act, don't let him know it. Forget his feat. Let his noble act be the standpoint from which you regard him.—There is much that is good in the worst of men.—Doctor Bellows.

Every man has a work to do proportionate to his abilities and opportunities.—A. A. Dodge, D. D.

PALMYRA BOY WEARS CROIX DE GUERRE

Theophile D'Aurechy, home after nearly two years' service as an ambulance driver with the French armies and wearing the Croix de Guerre with two stars and more to come, was welcomed by a great gathering of friends and fellow townsmen at the home of his parents, Mr. and Mrs. Theo. D'Aurechy, New Jersey avenue, Palmyra, last Saturday evening.

Theophile enlisted May 25, 1917, about the outbreak of war by the United States, in the Stomemen's unit, which was organized in Philadelphia, and, after training at Camp Crane, Allentown, left for France in July. He was in action on fifteen fronts, beginning at the Chemin des Dames, October, 1917; Peronne, November, December, 1917; Montdidier, March, April, 1918; Vosges, May, June, 1918; Oise, July; Somme, drive, August, September, 1918; Flanders drive, October, and was with the Army of Occupation in December, 1918.

The division for which he was awarded the French war cross is signed by Marshal Petain, commander of the French Armies of the East, and translated from the French as follows:

"Volunteered for the duration of the war. Participated in the capture of the Chemin des Dames, Somme, Aisne, Oise and Belgium. He always conducted himself courageously and was always volunteered for the most exposed posts and the most perilous evacuations and was a model of coolness under fire. This citation is for his conduct in the last battles of the Oise and in Belgium, in bringing in the wounded from the front lines, and in the capture of the enemy."

One of Theophile's gallant actions was in volunteering to rush his car to the front lines, where he was waiting, through a heavy barrage and along a road which had been mined by the enemy. The mines in the road blew up one after the other shortly after he had passed.

At the reception Saturday night, J. P. Sanior, mayor of Palmyra, in which he won a Croix de Guerre, read Theophile's citation in French and in English. The citation was very dramatic and impressive.

Theophile won six other citations for gallant actions, four of which have yet been received. For the two he has received he wears two silver stars on the ribbon of his cross. He is entitled to a palm for each three citations.

A flag which was presented to the Stomemen's unit by Horstmann & Co., of the best quality, was carried throughout the struggle by Theophile's platoon, Carl Hardman, of Philadelphia, who was present with the flag at the reception. The flag, which was the first American banner to cross the line into Germany, was exhibited to the guests, many of whom were shocked when a shell struck the ambulance. Theophile was driving one night and killed one of the enemy. He was killed several times during the war.

A splendid banquet was served at the reception and the 140 guests departed in the small hours of the morning with rousing cheers for the wearer of the Croix de Guerre and for the hospitality of his parents.

School Board Organizes

The new Board of Education organized Monday night by electing C. W. Kipp president and Murray C. Boyer vice-president. When Mr. Kipp was nominated for the presidency he gracefully acknowledged the honor proffered by his fellow-members, but declined the nomination, saying that there was one present to whom the office of president more properly belonged, and who could fill the position as a member of the board for a long period. While expressing deep appreciation of the compliment paid her by the nomination, Mrs. Miller declined to serve, saying that she much preferred to see a man in that position. Whereupon Mr. Kipp was unanimously elected.

The new members, Ogden H. Mattis and J. Wilson Sylvester, submitted their oaths of office.

The property committee was instructed to get prices on an electric motor and installation, to run the fan connected with the heating and ventilating plant, and report at the next meeting. On suggestion of Mr. Naisby the committee was authorized to have out what it would cost to have the necessary wiring done to use a vacuum cleaner for cleaning the school, and to have the light and reception lantern in the auditorium.

On suggestion of Mr. Hemphill the teachers' committee was authorized to provide a suitable award from the Board of Education for Catherine Steele, who won the county spelling contest recently held in Riverton.

Mr. Naisby presented the request of the Boy Scouts for the use of the auditorium every other Friday night, and it was unanimously granted.

A letter was received from Mrs. W. O. Wolcott and family acknowledging the act of resolutions on the death of Mr. Wolcott.

The Parent-Teacher Association addressed a communication to the board, asking for a joint meeting to consider the purchase of a new piano for the school. It was referred to the property committee.

State Commissioner of Education Calvin N. Kendall sent a letter suggesting that Arbor Day exercises this year include the planting of one or more trees in honor of American soldiers who have died in the service. On motion of Mr. Boyer the superintendent was authorized to plant six trees for the Riverton boys who have made the supreme sacrifice.

County Superintendent Louis J. Gashill, teaching at the school Monday night, but was prevented by illness. Mr. Kaser has arranged for a field meet to be held at the Mount Holly Fair grounds on Wednesday. Riverton will enter a number of contestants. The board contributed \$10 to help defray the expenses of the meet.

The supervisor reported that the children, under the direction of Miss Gashill, teacher of manual training, were making daisies and Easter lilies and selling them for the benefit of the Red Cross, and that the Victory Boys had contributed \$28.50 for the United War Work Fund, \$200.65 of which had been paid in, the remaining \$17.25 being unpaid owing to the children's money not coming out of the school.

Mrs. C. C. Miller presented to the board portraits and biographies of all the Presidents, to be used in teaching history.

The following bills were ordered paid:

Teachers' salaries \$922.70
Janitor's salary 75.00
Supplies 4.86
Gas 27.65
Electricity 4.80
Sundries 7.20
Printing 17.25
District Clerk, sal. and exp. 44.50

***Officially Dead—Very Much Alive.**

Tommy Watkins, of Palmyra, is naturally a husky chap, and he returned from France looking healthier than ever, despite the fact that he had been "killed" in action. He was "killed" over there, so naturally he is much surprised to learn that he has been "killed in action" and that his "killed in action" has been "killed in action" by the State Department of the Headquarters A. E. F.

On Monday, Tommy, who recently had been discharged from the service, and his folks had addressed to him in France last September. On the envelope was written, "Killed in action," and there was also stamped the legend, "Deceased, officially verified, Statistics Department, H. A. E. F."

\$60 Bonus to Discharged Soldiers and Sailors.

Section 1406 of the Revenue Act, approved February 24, 1919, authorizes the payment of a bonus of \$60 to "all persons serving in the military or naval forces of the United States during the present war who have, since April 6, 1917, resigned or been discharged under honorable conditions." The bonus is not payable to (1) any person who did not report for duty at his station on or prior to November 11, 1918; (2) any person entitled to a retired pay; (3) heirs or legal representatives of a deceased person.

Any person who has been discharged from the service and duly paid with this bonus may apply for payment to the Zone Finance Officer, Lenon Building, Washington, D. C. He should apply to the man who has a form letter giving the record of his service, accompanied by his certificate of discharge. The letter should be registered, and return receipt asked for at the postoffice. For his own protection the man should also keep a copy of his discharge papers. Form letter and blank for making copy of the discharge papers can be had in Riverton from Mr. Robert Biddle, chairman Riverton Home Service Section; in Palmyra from Mr. William H. Cook, chairman, or Mr. R. H. Hemen, secretary of the Burlington County Home Service Section. Phone call or letter to any one of these men will bring you the necessary forms, which may be filled in by yourselves.

MISS PACKER AT WESTFIELD SCHOOL

The following is a pupil's impression of Miss Packer's visit to the Westfield public school last week:

On March 31, Miss Packer, one of the head instructors in physical training in our State, visited our school at Westfield. She worked with us from 11 o'clock until 12 o'clock. Miss Packer took the fourth, fifth, sixth, seventh and eighth grades out of doors. She said she liked the way we did our physical training. We had been doing deep breathing, running in place, bending the trunk to the right and left, raising arms upward and downward. After about thirty minutes' physical training we played two interesting games, "tag in the alley" and "menagerie." "Tag in the alley" was played by joining hands and right and left facing. In "menagerie" we all had names of animals.

I think that Miss Packer is a very good instructor. She has a strong and commanding voice. We have gone out of doors for exercise every day this year excepting rainy weather, but yesterday was the most interesting to us all. The first grade children stood and watched the others and did the same exercises as we did, but they did not have a teacher instructing them. This showed that they liked Miss Packer's work and she also liked theirs. After we had had forty minutes' training we went into the school and the first, second and third grades went out. They played amusing games for twenty minutes.

Miss Packer gave us some ideas for physical training for the remainder of the school term.

We were pleased to have Miss Packer with us.

THEOPHILE D'AURECHY

Theophile D'Aurechy, home after nearly two years' service as an ambulance driver with the French armies and wearing the Croix de Guerre with two stars and more to come, was welcomed by a great gathering of friends and fellow townsmen at the home of his parents, Mr. and Mrs. Theo. D'Aurechy, New Jersey avenue, Palmyra, last Saturday evening.

Theophile enlisted May 25, 1917, about the outbreak of war by the United States, in the Stomemen's unit, which was organized in Philadelphia, and, after training at Camp Crane, Allentown, left for France in July. He was in action on fifteen fronts, beginning at the Chemin des Dames, October, 1917; Peronne, November, December, 1917; Montdidier, March, April, 1918; Vosges, May, June, 1918; Oise, July; Somme, drive, August, September, 1918; Flanders drive, October, and was with the Army of Occupation in December, 1918.

The division for which he was awarded the French war cross is signed by Marshal Petain, commander of the French Armies of the East, and translated from the French as follows:

"Volunteered for the duration of the war. Participated in the capture of the Chemin des Dames, Somme, Aisne, Oise and Belgium. He always conducted himself courageously and was always volunteered for the most exposed posts and the most perilous evacuations and was a model of coolness under fire. This citation is for his conduct in the last battles of the Oise and in Belgium, in bringing in the wounded from the front lines, and in the capture of the enemy."

One of Theophile's gallant actions was in volunteering to rush his car to the front lines, where he was waiting, through a heavy barrage and along a road which had been mined by the enemy. The mines in the road blew up one after the other shortly after he had passed.

At the reception Saturday night, J. P. Sanior, mayor of Palmyra, in which he won a Croix de Guerre, read Theophile's citation in French and in English. The citation was very dramatic and impressive.

Theophile won six other citations for gallant actions, four of which have yet been received. For the two he has received he wears two silver stars on the ribbon of his cross. He is entitled to a palm for each three citations.

A flag which was presented to the Stomemen's unit by Horstmann & Co., of the best quality, was carried throughout the struggle by Theophile's platoon, Carl Hardman, of Philadelphia, who was present with the flag at the reception. The flag, which was the first American banner to cross the line into Germany, was exhibited to the guests, many of whom were shocked when a shell struck the ambulance. Theophile was driving one night and killed one of the enemy. He was killed several times during the war.

A splendid banquet was served at the reception and the 140 guests departed in the small hours of the morning with rousing cheers for the wearer of the Croix de Guerre and for the hospitality of his parents.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

(By REV. P. B. FITZWATER, D. D.,
Teacher of English Bible in the Moody
Bible Institute of Chicago.)
Copyright, 1919, by Western Newspaper Union

LESSON FOR APRIL 13
CHRIST OUR SAVIOR.

LESSON TEXTS—John 1:35-51

LESSON TEXTS—John 1:35-51; Matthew 3:12-17; John 3:12; Romans 8:31, 32.
GOLDEN TEXT—God so loved the world, that he gave his only begotten Son, that whosoever believeth on him should not perish, but have everlasting life.—John 3:16.
PRIMARY TOPIC—Jesus our friend and savior.
JUNIOR TOPIC—What Jesus does for us.
INTERMEDIATE TOPIC—Our Lord and Saviour.

1. Who Jesus Is (John 1:35-51).

It is absolutely indispensable that every pupil regardless of age should know clearly who Jesus is and what he came into the world for. It should be the ardent desire of every teacher to make so clear the person and work of Christ that the pupils may accept him as their Saviour. Nothing short of his deity and victorious atonement will avail for salvation. What he is set forth to be through personal testimony. For the most part that which he was found to be is through personal investigation.

1. The Lamb of God (v. 36). John testified that he is the Lamb of God—the world's sin eater. The word used and the idea conveyed carry us back to Isaiah 53 and forward to Jesus on the cross, bearing our sins in his own body. Christ had been definitely pointed out to John by the Holy Spirit (vv. 33, 34).

2. The Messiah (v. 41).

At the invitation of Jesus, the disciples went and abode with him for a day. As a result of that day with Jesus, they testified that he is the Messiah. He is that one whom God had anointed to be the Saviour of men.

3. The Son of God (v. 49). Nathanael was interested through the testimony of a friend. Philip told him that he had found Jesus of Nazareth, of whom Moses had written. He knew that Nazareth was not the birthplace of the Messiah, therefore he inquired: "Can any good thing come out of Nazareth?" At the invitation of Philip he made a personal investigation. As a result he testified that Jesus was the Son of God, the King of Israel.

The Son of God (v. 51). This is Christ's own testimony. It shows that he is the Messiah who, according to Daniel's prediction (Dan. 7:13), would appear in divine glory and establish a universal and eternal kingdom. In this testimony of Jesus is foreboded the union of man and God, and through him the establishment of a medium of communication between earth and heaven. This is the reality of Jacob's vision at Bethel (Gen. 28:12).

11. His Mission in the World (Matt. 20:27, 28; John 3:16).

He came to give his life a ransom for many. The world was lost in sin—about to perish. Christ voluntarily gave his life—instead of the sinner.

1. The world is dying like the Israelites, because bitten by the serpent of sin.

2. Christ, like the brazen serpent, has been lifted up upon the cross as the remedy for sin (John 3:14, 15).

3. As the Israelites must look up to the lifted serpent, so those who would be saved must look up to Jesus Christ (John 3:16). While looking by faith to the crucified Christ saves from the deathblow of the serpent, a neglect or refusal to believe on him means death.

4. This provision was made by God. It emanated from his love (John 3:16). "For God so loved the world that he gave his only begotten Son."

11. What God Gives (Rom. 8:31, 32). God gave his Son to save a dying world. Those who accept his Son have God on their side. He that spared his Son will freely give all things to those who receive him. He even makes all things work together for good to them who love him (Rom. 8:28).

Obedience Required.

The Bible rings with one long demand for obedience. On every side of the book of Deuteronomy is "Observe and do." The burden of our Lord's farewell discourse is, "If ye love me, keep my commandments." We must not question or reply or excuse ourselves. We must not pick and choose our way. We must not think that obedience in one direction will compensate for disobedience in some other particular. God gives one command at a time; if we obey this one will flood our soul with blessing, and lead us forward into new paths and pastures. But if we refuse we shall remain stagnant and waterlogged, make no progress in Christian experience, and lack both power and joy.—E. B. Meyer.

God's Love.

Those who love God are encompassed with goodness. On every side of the book of Deuteronomy is "Observe and do." The burden of our Lord's farewell discourse is, "If ye love me, keep my commandments." We must not question or reply or excuse ourselves. We must not pick and choose our way. We must not think that obedience in one direction will compensate for disobedience in some other particular. God gives one command at a time; if we obey this one will flood our soul with blessing, and lead us forward into new paths and pastures. But if we refuse we shall remain stagnant and waterlogged, make no progress in Christian experience, and lack both power and joy.—E. B. Meyer.

Every Man.

Depend upon this truth, that every man is the worse looked upon, and the less trusted, for being thought to have no religion; in spite of all the pompous and specious words which he may use.—Cheslerfield.

Western Samoa.
German Samoa or Western Samoa, as it is called before the war, 1914, when British occupation took place, comprises the islands of Savaii and Upolu with the town of Apia as the head of the political and commercial life. The islands are the remains of a volcanic eruption, and are very fertile, clothed with tropical verdure which, to a great extent prohibits agriculture or farming; hence the principal industries are the planting of coconuts, cacao and rubber.

Restoring Gift Frames.
To restore gift frames take a soft brush and carefully free the frame of every particle of dust, then cover with the following mixture: The white of one egg and one-half ounce of chloroform. Apply with a soft brush. Scrub the frame with a brush without tarnishing them, wash them in beer.

The Debt.

By Theodosia Garrison.
For the young men who gave and the blood they gave.
For the strength that was our stay,
For every marked or nameless grave
On the steep, stern Flanders way
We who are whole of body and soul,
WE HAVE A DEBT TO PAY.

National Loan Sunday.

The Treasury Department has designated Sunday, May 4, as "National Loan Sunday."
On that day the clergy will be asked to preach special sermons on the Victory Loan, and the Sunday Schools and other religious bodies will conduct special exercises.

Burlington County Out to Win.

"We are going to stick this thing out to the finish," is the message from Walter E. Robb, chairman of the Burlington County Liberty Loan Committee. "We have done big things in the past," he continued, "and we are out to do big things for this Victory Loan."

Mr. Robb called attention to the manner in which the town of Burlington raised in seventy-two hours a company of 250 men that served heroically in France. "The county that can do that," he said, "can exceed its apportionment in this loan, and do it in a way to justify its pride in that body of soldiers."

Overseas Speakers for Liberty Loan Mass Meeting.

The Victory Liberty Loan will be launched in Riverton by a big mass meeting in the school auditorium next Monday evening. There will be addresses by a noted overseas speaker, by John G. Paine, chairman Speakers' Bureau, Third Federal Reserve District in New Jersey; Lieutenant Colonel Franklin D'Olier, who has just returned from France; and Miss Amanda Faunce, Riverton's Red Cross nurse, who served two years with the British Army.

There will be music by the Metropolitan Band of Burlington, and everybody is invited.
No subscriptions will be solicited at the meeting.

For the overseas speaker the committee has been fortunate in securing Lieut. Brooke Edwards, nephew of George W. Edwards, of Riverton, through whose influence he will come here. Lieut. Edwards was awarded the Croix de Guerre in the American Ambulance Service, and again in the American Aviation Corps. He was shot down and taken prisoner by the Germans, who held him until the armistice was signed.

Weather Fails to Dampen Ardor of Women Workers.

Despite the bad weather, most of the districts in Burlington county were represented at the Victory Loan meeting of the Women's Committee at the Riverton P. O. Club Wednesday afternoon.

Miss Anne McIlwaine, New Jersey State chairman, spoke to the workers and inspired them to put the loan "over the top."

Mrs. A. L. Wilson sang the Fifth Victory Loan song, "Bring Our Heroes Home," accompanied by Mrs. Frank Bell.

Our boys have fought for you and me. They've bled and died for us. And now it's up to us to see that we can do our part. We'll bring these heroes homeward. Who've fought for Victory. They've won the fight and now we'll pay.

For glorious Liberty.
We'll back this Loan of Victory. We will help to clear the debt away. Our boys have died to keep us free. It's now our chance to pay. They said the Yankees couldn't do it. Now they know we have the pep, pep, pep. We'll get behind this Victory Loan. We will fall in line and help to pay.

The time has come for us to act. Our country needs us now. We're back of Sammy with a pact. And we must show him how. Now that the war is over. Don't let our efforts slack. We've sent our boys over. We'll bring our heroes back.

Committee, Board of Education.
President Klipp has appointed the following committees in the Board of Education:

Property—Clifton, Mattis, Sylvester. Supplies—Hemphill, Boyer, Naisby. Teachers—Miller, Boyer, Durbin. Discipline—Durbin, Miller, Mattis.

Physical Exercise and Hygiene—Sylvester, Durbin, Hemphill. Medical—Naisby, Mattis. School Gardens—Boyer, Sylvester.

Tennis Stars at the Country Club.
On Saturday, April 19, everybody in Riverton and vicinity will have an opportunity to see four of the best tennis players in the country, and the club hopes that every one will take advantage of the chance to see.

Wallace Johnson vs. Craig Biddle, at 3:15.
Vincent Richards vs. William Tilden, Jr., at 4:15.
Vincent Richards and William Tilden, Jr., vs. Craig Biddle and William Johnson, at 5:15.

Come and bring your friends.

Westfield Home and School Association.
The first regular meeting of the Westfield Home and School Association, was held Thursday afternoon. The entertainment of the afternoon consisted of a little play by pupils of the fourth grade.

Mr. R. P. Corry, of Riverton, is vice president of the second district, comprising four counties.

In this issue bids for the construction of an improved road from Palmyra to Beverly are advertised for. The construction will be a sheet asphalt surface over the macadam foundation already down and eighteen feet wide. It is understood that an effort will be made to get the borough, the railroad and trolley companies to join in completing the improvement from the tracks to the curb between Lippincott avenue and Cinnaminson street. If this is done it will remedy the chronic muddy condition that has existed in this section ever since the trolley tracks were laid.

Children's Organ Recital Next Week.
Mr. Paul Duffield, instructor at the Hyperion School of Music, will be organist at the children's recital in Christ Church next Friday afternoon, April 25. Mrs. Harold Gilpin will be the soloist.

Win a German Helmet!
Miss Anne MacIlwaine, chairman of the Woman's Committee of the Third Federal Reserve District for New Jersey, has completed plans for numerous competitions for the German helmet that will be given as prizes to the organizations and schools selling the greatest number of bonds in the Victory Loan.

Letters have been sent to all county and city chairmen asking them to notify all Women's Clubs, Women's Lodges, Girl Scouts, A. R. C. Chapters, Daughters of Isabella, etc., that a German helmet can be won by their organization if they sell the greatest number of bonds in their group within their city or county.

The public, private and parochial schools will be asked to compete for these helmets. The name of the person who sells the greatest number of bonds can be engraved on the helmet. However, the helmet will remain the property of the school or organization which it is sold to.

Rev. P. A. Houghtaling.

Rev. P. A. Houghtaling committed suicide Sunday night by inhaling gas. He retired before the other members of the family, pleading fatigue. When his wife, who had sat up waiting for their son Dewitt to come in, went up stairs half an hour later, she smelled gas, and on opening the door to their bedroom found her husband on the bed with a gas tube in his mouth and his head tightly wrapped to prevent the gas from escaping. Dr. Mills was summoned, but said that death had resulted in a few minutes, owing to the muffled of the head. Corner George J. Leconey, of Delanco, viewed the body and gave a burial permit.

Mr. Houghtaling was pastor of the Calvary Presbyterian Church from 1889 to 1893, but resigned owing to ill health.

Funeral services were held Thursday afternoon at 2 o'clock at his late residence, Fourth and Linden, conducted by Dr. N. P. Stahl, assisted by Rev. John Rigg. Interment was private at Morgan Cemetery, Undertaker John E. Morton in charge.

The deceased leaves a widow and son Dewitt; a sister, Mrs. Dale Whitney, of Boston, and three brothers, Robert Houghtaling, of New York, Houghtaling, of Union Hills, N. J., and Dr. George Houghtaling, of Herkimer, N. Y.

Town Clock for Memorial.
A town clock as a memorial of the good work our brave soldiers did for us overseas would not only be a constant reminder of our grateful debt to them, but a credit to Riverton as well. INTERESTED.

Bacharach's Washington Office Open.
Congressman Bacharach announces that during the adjournment of Congress his office in Washington will be kept open for the prompt transaction of Government business. All communications with reference to official matters should therefore be addressed to him at Washington, instead of to his home in Riverton. The Department of Agriculture has issued some very useful farmers' bulletins during the past year, and those who are interested in these publications should write to Mr. Bacharach for the latest catalogue of bulletins.

Anti-Tuberculosis League Elects Officers.
At the annual meeting of the Burlington County Anti-Tuberculosis League, which was held in Burlington on Wednesday afternoon, Dr. Marcy W. Newcomb was elected president for the ensuing year; Miss Martha Biddle, of Riverton, vice president; Mrs. E. R. Atkinson, secretary, and W. Edward Ridgway, treasurer.

A clinic is held every Monday from 3 to 4 p.m. only for the diagnosis of tuberculosis. A careful history of the patient is taken and the results of the chest examination are recorded on a special chart and filed for future reference. The clinic has been made the examining place for Burlington county patients for admission to Glen Gardner. There have been eighty cases examined, twenty re-examinations. Forty of these were reported negative, thirty positive and ten suspicious.

Married.
Miss Ethel Anna, daughter of Mr. and Mrs. William G. Frank, was married to Mr. Walter A. C. Jones, of Philadelphia, at the Moravian parsonage, Wednesday, the 16th, at noon, by Rev. R. Reimer. Mr. and Mrs. Spencer Johnson were witnesses. After a wedding trip Mr. and Mrs. Jones will live in Philadelphia.

Trees Planted for Riverton's Fallen.
Arbor Day exercises at the Riverton public school included the planting of six trees for Riverton's gold star boys. The trees were placed in line with the other shade trees in front of the building and at one side.

Morris Steele dedicated the first tree for Raymond Pratt. Raymond was born January 2, 1901. He enlisted. Influenza caused his death on October 1, 1918.

James Bradley's tree was dedicated by Richard Wagner, who gave a few facts about the hero's life. James Bradley was a sergeant major in the Sixteenth Infantry. He was killed in action October 28, 1918.

Wallace Sullivan dedicated the tree and told a few facts about Raymond McIlwaine. Raymond was born in Riverton. (Continued on third page.)

Y. W. C. A. Work Growing.
A meeting of the Board of Managers of the Burlington County Y. W. C. A., of which Mrs. J. Carl De La Cour and Mrs. Alexander Marcy, Jr., are members, was held on Tuesday at Mount Holly. The report of the work accomplished during the year showed that branches had been organized in Marlton, Medford, Rancocas, Burlington and Beverly. The county headquarters is at Mount Holly. The range of activities of the "Y" is very wide, but they all have as the central idea the raising of the standards and ideals of girls and young women. They are taught to sew, can cook, etc., and in factory towns the girls in the factories are formed in groups and visited by field workers, who instruct them in wholesome games and recreation during the noon hour.

The Hut Opens Again.
The Community Hut will open again next Tuesday evening with a program of singing and dancing. The entertainment provided for the first evening will be a decided novelty, fully up to the high standard set during the best of the previous evenings.

To more nearly meet the current expenses and to meet the necessity of asking as much help outside, a charge of 10 cents will be made for admission, except to service men, who will, as usual, be admitted without fee. For the dancing there will be a charge of 15 cents to all except service men. The management wants the service men to understand that the Hut is for their benefit and wants them to come and get all the enjoyment out of it they can, because they are entitled to it; it's theirs. There is being made for the service men a neat button, which they will wear and which will pass them into the Hut and to any part of it whenever it is open.

Among the plans for the future are lawn dances as soon as the weather permits. Henry De Mar, the cartoonist of the Philadelphia Record, will be at the Hut May 6, and show how he makes cartoons, and this is only one of the star features engaged by the entertainment committee for your pleasure.

Porch Club Hears of Legislative Matters.
The legislative committee, Mrs. Charles Allen, chairman, presented Mrs. Beatrice Stearn, chairman of the legislative department of the Women's Federal Club of New Jersey, as the speaker on Tuesday afternoon. Mrs. Stearn reviewed the work of the Legislature during the term just expired, explaining briefly the bills which were passed and also those that were lost.

Among educational matters it was encouraging to learn that the bill for continuation schools was passed. The teachers' pension bill, by which teachers are eligible to a pension at 62 years of age, was passed. (Continued on third page.)

Win a German Helmet.

(Continued from second page.)

These German helmets were captured by the American soldiers in one of their famous drives just prior to the signing of the armistice. These helmets were especially made for the Germans to wear when they marched into Paris, but the splendid courage of our soldiers defeated the Germans, and so we are to have these historic helmets as trophies for the Victory Loan.

The Grange selling the largest number of bonds in their county will win one of these helmets. For each organization or school it will be a city or county contest within its own group. If there are three or more Granges in a county the Grange selling the most bonds in that county will win the helmet, and so it will be with each group.

All organizations and schools desiring to enter this contest will notify Miss MacIvaline, State headquarters, Trenton, N. J.

Parish Club Hears of Legislative Matters.

(Continued from second page.)

The appropriation of \$200,000 for school hygiene was not made, but \$125,000 has been obtained for the State Department of Child Hygiene, which will greatly help the situation and already valuable work has begun.

The salary for helping teachers was raised. Ten thousand dollars was appropriated for the Woman's College of New Jersey.

A bill providing that two women should be members of the State Board of Education was lost by one vote. The Americanization bill was passed, but no appropriation was made for it, so it amounts to nothing.

It is also a matter for regret that New Jersey is one of the four smallest States in the Union which did not ratify the prohibition amendment.

The bill for an eight-hour day for women and a period of rest at night for women in factories never came up. Bills relating to Sunday sports, statistics having to do with birth registration, a domestic relation court, a place of juvenile courts were lost, so far as this session is concerned. The latter, making parents defendants with their child, many times they are the most at fault, is a good bill—it is unfortunate that it was not acted upon favorably. Also provided that on the committee for State censorship of movie pictures "not less than one shall be a woman," which is highly endorsed by the State Federation of Women, was lost.

The appropriation of \$55,000 for "rehabilitation of the disabled" in the State of New Jersey was made. In reply to a question as to how this money would be disbursed, Mrs. Stearns stated that it would be used to employ a survey made of those persons who required this training, after which the work could be intelligently carried on.

It was very evident that much helpful legislation has been incorporated and very much left for the earnest efforts of our representatives in the future.

Township Disputes Accountant's Charge.

When the Palmyra Township Committee met Tuesday evening the chief subject for discussion was the charge presented by Auditor Fred L. Mcade, a public accountant of Camden, who had been engaged to audit the books.

Mr. Meade had been engaged as the result of a conversation with Clerk A. S. Stewart, in which his compensation had been set at from \$100 to \$125. When the bill was received it was \$212. The township heads were somewhat taken aback. Meade had audited Riverton's accounts for \$50, and in talking to Mr. Stewart he said Palmyra's list was nearly twice as large as Riverton's and consequently the bill would be in proportion. His largest bill for work on township books this season, he said, had been \$125, in case where there were many errors.

The Township Committee refused to accept or even to open and read Meade's report, which was rather voluminous, and Committee Chairman Hill's resolution that the report be returned to the auditor and he be cited to appear before the committee to explain his charges was adopted.

In taking up other business the committee passed a resolution that the interest charges on delinquent taxes be 8 per cent.

A letter from George N. Wimer, informing the committee that certain lots purchased at tax sales by the township had been fenced in and were being sold as private property, was referred to the solicitor for investigation.

Freeholder Land announced that in the county of Palmyra the road from Palmyra to Burlington would be paved asphalt the new road would begin at the corner of Palmyra's concrete street at Morgan avenue. The young man's part of the road will be eighteen feet wide. This will leave a space of seven feet for the curb and the road could be widened to twenty feet. Mr. Land said he had requested that Palmyra do likewise, estimating the cost at about \$1000 for the distance from Morgan to Elm.

The committee looked upon this plan with some favor and will consider it. It was recommended that Mr. Land be cited to prevail upon the freeholders to continue the work as far as the Camden county line, thus giving Palmyra a goodly share of the new improvement, as well as Riverton. Mr. Land was dubious about accomplishing this, but said that the freeholders were going to restore Cinnamon avenue from the station to Five Points.

An inquiry from the J. L. Lippincott Company as to whether sidewalks could be put down without the cinder bed was referred to the township engineer.

Engineer Vosbury was unable to be present, but there was no discussion of the sewer question.

The following bills were ordered paid:
W. Land, road work \$350.55
Public Service, lighting 361.16
Public Service, new lamp post 42.60
L. A. Welham, coal 82.10
Visiting Nurse appropriation 100.00
W. L. Bowen, printing 13.00
C. M. Beck, salary 83.33
P. H. Grubb, salary 70.00
J. H. Kline, supplies 4.80
C. M. Beck, collecting taxes 58.00
J. S. Collins, supplies 1.60
Weekly News, adv. 2.20
Hidgway & McNeill, insurance 6.14
Robert Hitting, electrical work 5.33
P. L. Crosta, bicycle repairs 8.50

Knights of Pythias Parade.
The Knights of Pythias woke up the town last night with a parade, headed by a brass band.

The band was the famous Irons or Metropolitan Band from Burlington, and its arrival made good the pledge made by a member of the Burlington lodge several years ago.

There were a hundred Burlington Knights in the visiting delegation and the local lodge also turned out in full force as they knew the satisfactory work would be splendid.

Miss Faunce Tells of Her Experiences in France.
Miss Amanda D. Faunce returned to her home on Howard street Tuesday, after serving twenty-three months in France as army nurse under the British.

Miss Faunce sailed May 18, 1917, as a member of the Pennsylvania Hospital Unit No. 10, which was one of the first six units who went abroad to furnish additional hospital service for the English. Their trip lasted eight days. The middle of June they took over a British hospital of 2000 beds in France.

Miss Faunce nursed the English and a few Australians. It was only in March, 1918, when the Twenty-seventh Division, from New York, and the Thirty-third Division, from the West, started to fight on the British front, that she saw any Americans.

The hospital, which was composed of wooden and tin huts, and tents, was situated at Amiens, in the northern part of France. During the spring drive of 1918 at one time they had to send all the patients and part of the nurses away, as they expected German tanks to arrive at any time; but the Hun was driven back and then for a time the hospital received patients directly from the front, until the Germans had retreated enough to enable the English to establish their field dressing stations.

In July, 1917, they received their first mustard gas patients from among the Canadian divisions.

Miss Faunce describes the British "Tommys," as well as their officers, as splendid, and says that the nurses appreciated the courtesy and consideration of the Englishmen, both in the hospital and outside.

The Pennsylvania Hospital was never directly bombed, although often they would become alarmed and remove their patients to the trenches.

In the group of 21 nurses there were three British, one Canadian and the Pennsylvania Hospital.

Jack Cooper, of Riverton, and Arthur Wright, of Palmyra, were both serving at the hospital, where Miss Faunce nursed, and sailed a week later.

Miss Faunce spent three weeks at Brast before sailing, and when questioned about the conditions there, said that while there was quite a bit of mud, that condition was being improved all the time, and that the comfort was much more plentiful than among the British soldiers; that the latter's rations had been scientifically reduced to what was absolutely necessary. She sailed April 2.

Miss Faunce visited the grave of her brother-in-law, Walter, who died in the trenches, and was buried at Savenay, where there are about 250 other American boys. She says each grave is carefully maintained and the bodies are beautifully kept. The German prisoners who die are given proper burial by their comrades, with the services of a padre.

Lieut. Teter's Brigade Cited.
The 128th Infantry, of which First Lieutenant Aquila W. Teter, a brother of Mrs. E. Weart, was a member, was cited by Marshal Petain, commander-in-chief of the French Armies of the East, as follows:

"Order No. 13978 D. extract.
"With the approval of the commander-in-chief, American Expeditionary Forces in France, the Marshal of France, commander-in-chief of the French Armies of the East, cites in Army orders:

"The 64th U. S. Brigade (324 U. S. Division of U. S. Army).
"Magnificent Brigade to which the French soldiers fighting by its side have rendered the most beautiful homage in calling it the 'Brigade des Terribles.' Composed of the 127th and 128th Infantry Regiments (and the 121st Machine Gun Battalion). It took a brilliant and irresistible attack the village of Juvigny, the 30th August, 1918, and pursued its advance the 31st August and the 1st September, dominating constantly the enemy, in spite of heavy losses, sustaining without faltering the most violent enemy counter attacks, fighting for three days without stopping, without rest and almost without food."

Birth Registration Campaign Feature of Baby Week.
The great event of Baby Week, May 17 to 24, will be a drive for better birth registration. "But why must births be recorded?" "Why make so much of a small matter?" "What difference does it make to the State when a child is born?" These questions will not be asked by a parent who has placed a child in school or who has tried to secure working papers for a son or daughter. One who has been obliged to show reasons why a legacy should come to him will know the usefulness of birth record. The man who wants to vote, the man and woman who wants to marry will be asked for a birth record. Whether a boy is over or under 16 years of age will determine whether he shall be tried in the Juvenile Court, put on probation and given another chance, or tried as an adult in the Criminal Courts. Is the importance of birth registration made clear?

Silvered Plate-Glass.
Silvered plate glass with leveled edges, sometimes with little figures cut on the surfaces in intaglio, were first made in Venice. For many years these mirrors of small dimensions five feet being the largest. Indeed, till late in the seventeenth century large looking glasses were made up of several separate pieces, the divisions between the plates being covered by subminiature lengths of gilt moldings within the general frame. Louis XV covered the walls of his great sal at Versailles with looking-glass panels.

Is Your Health Worth \$1.00 a Year?
"Public Health is purchasable," says the United States Public Health Service, and adds that a first-class health protection service can be provided for \$1.00 per head per year. In fact, some city health departments render excellent service at a cost of 75 cents per head. Let's all get together and give better support to health work in this community.

Still relying on the patent medicine almanac? Better discard it and get the new United States Public Health Service. A Cent free on request.

Welcome Home.
All plans are completed for the first banquet to be given by the people of Palmyra to their returned soldiers.

The banquet, arranged by the Welcome Home Committee and financed by contributions obtained from almost every home in Palmyra, will be held next Thursday evening in the Epworth Temple.

The banquet proper is to last until 8.15, after which the presentation of the signed rings, speeches and entertainment features will take place.

Harvey Hirst is chairman of the Banquet Committee and has ably arranged all the details.

It was arranged that the chairman of the Welcome Home Committee, Jacob N. Warner, should open the proceedings and that Township Chairman Davies should make the presentation speech and present the signed rings.

At the meeting of the committee Monday night, Mr. Hallowell, who had been investigating the matter of obtaining a steel flag pole for the July 4 celebration, reported that a 100-foot steel pole could be obtained and erected for \$375.

Mr. Warner, the treasurer, reported that the receipts of the canvass, not including pledges, had reached \$1050. It is requested that the service boys, about 100 in all, be invited to attend the first banquet, appear in uniform.

Mrs. Ruth Pluck motored to Camp Dix Monday with Mrs. James P. Weart, the Misses Frances and Jennie Weart, Mrs. Downey and Mrs. Drum and Mrs. Margaret Dettmer, to greet Mrs. Downey's son, W. D. Downey, who had just returned from overseas.

George V. Sharp, brother of Mrs. H. N. Laughlin, died April 17, of pneumonia. Mr. Sharp formerly lived in Merchantville and was well known in Palmyra.

Dr. Maroney at P. T. A. Meeting.
The Palmyra Parent-Teacher Association Tuesday evening enjoyed a rare treat in the form of a most interesting address and demonstration by Dr. F. W. Maroney, State director of physical training.

Dr. Maroney's subject was "The Ideals of the Work of Physical Training," and he gave his audience an entirely new and novel insight into the principles back of the work which his department is doing for the boys and girls of our schools.

Acting on the principle that "seeing is believing," Dr. Maroney illustrated his department's work by demonstrating a number of "stunts" that proved highly interesting.

Two beautiful groups of children from the Grammar School, though staged by children of the fourth, fifth and sixth grades of Building No. 1, who had been trained by Miss Egan.

Tree Planted for Riverton's Fallen
(Continued from second page.)
Kligstein, N. Y., April 18, 1892. He was a private in the 311th Ambulance Corps. He was killed on April 28, 1918, at the battle of the Argonne Forest by Joseph Joyce. He said Charles Kelly enlisted in the Canadian Army and that he died October 12, 1918, of influenza.

Thomas Roberts Reath, who represents Riverton's first gold star, had a tree planted in his honor. The tree was dedicated by Malcolm Dickenson. This hero was killed on June 12, 1918. He was a sergeant in the Fifth United States Infantry.

Walter Kennedy was born October 1, 1892. He enlisted in the Marines and was killed at the battle of Belleau Wood on June 6, 1918. The tree for Walter Kennedy was dedicated by Raymond Brashaw.

I know Riverton will never regret having planted these six trees dedicated to the memory of the six brave boys who attended the Arbor Day exercises will feel that Riverton made a success of Arbor Day, 1919.

BESSIE CLARK.
Asbury Notes.
Dr. M. E. Snyder, superintendent of the Trenton district, will preach Easter Sunday morning and after service will hold the first quarterly conference. A special Easter program has been arranged for the evening service at 7.45.

A pie and a cake social will be held Friday evening, April 25, at the home of Mrs. M. E. Stowe, East Riverton. The pie and cake will be sold to auction and the money raised will be for finishing payment on our new heater. All are cordially invited.

The service last Sunday night which was in charge of Mr. Wanger, of Palmyra M. E. Church, was thoroughly enjoyed by all. The speaking and singing by some of the men who came with Mr. Wanger were greatly appreciated.

Mr. H. Dinges, who is chairman of the Centenary organization of Asbury Church, gave a splendid talk, with the result that some time in the near future he will speak at Palmyra M. E. Church on the Centenary movement.

Is Your Health Worth \$1.00 a Year?
"Public Health is purchasable," says the United States Public Health Service, and adds that a first-class health protection service can be provided for \$1.00 per head per year. In fact, some city health departments render excellent service at a cost of 75 cents per head. Let's all get together and give better support to health work in this community.

Still relying on the patent medicine almanac? Better discard it and get the new United States Public Health Service. A Cent free on request.

Time to get after that early brood of flies, says the United States Public Health Service. Better to prevent the breeding of hundreds of flies than to wait and try millions of them in midsummer.

"IF" OR "SUPPOSING"

By GEORGE ADE, M. D.

On October 1, 1918, you, being a wise man and having read with care the opinion of military experts, knew:

1. That the great war was going to last until far into the summer of 1919.
2. That the casualties among the American soldiers would be increasingly heavy up to the final moment of fighting.
3. That, as a result of the growing magnitude of the world struggle, the government of the United States would call upon us for at least three huge bond subscriptions during 1919.

If you believed otherwise you were in the minority, for the cabinets of all the nations united against Germany, and the bankers and the shipbuilders.

"Can You Be Patriotic When the Band's Not Playing?"—George Ade.

and the masters of food supplies thought they knew that Germany would not out for many months.

Now, then, to suppose a case. If some one had come to you on October 1 with a proposition to end the war within six weeks by a complete and overwhelming victory on condition that you would subscribe liberally for Victory bonds in the spring of 1919, you would have replied as follows:

"Say, and the war this fall and stop the killing and maiming of our boys, and put the Kaiser out of business, and compel Germany to accept our terms and let the American soldiers begin to head for home, and I'll pledge by last dollar for the loan that is needed to clean up the expenses."

That's how you felt on October 1, 1918, and now that all the miracles have come to pass, are you going to be grateful or forgetful?

You are now asked to help finance (by merely lending on favorable terms and not giving) the final and gigantic expenditures which brought victory months ahead of the schedule.

If we had lost the war, what would you be paying this spring and to whom? How's your memory? Did you feel certain, just a year ago today, that Germany could be prevented from dictating terms to the whole world?

How about a loyal parent who refuses to pay a doctor bill because the child gets well instead of dying?

When you tackle a big job do you stick to the finish, or do you go fishing and permit some more dependable man to come in and put on the roof and chimney?

Do you experience symptoms of morality only when the doctor is sent for at the bedside?

When you start to go somewhere, do you travel four-fifths of the way and then stop by the wayside?

Can you be patriotic when the band's not playing?

We are setting up a big job, so don't queer your war record at the eleventh hour by being a quitter.

Extort Sympathy.

"Some folks," said Uncle Eben, "kiss up so bad to the fust-thing you know they begin to get a little sympathy for being so mean and unpopul."

Increase in Local Telephone Rates

Effective May 1, 1919

ON August 1, 1918, the Federal Government assumed control of the property and business of The Delaware & Atlantic Telegraph & Telephone Company, and at the same time, directed the Company management to continue its operations under Government supervision. The Act under which the business was taken over by the United States Government provides that the corporation shall receive only just compensation for the use of its property.

This compensation having been fixed by contract, all charges for telephone service now collected belong to the Government. With the increased cost of operations, due in part to the war, the present rates of The Delaware & Atlantic Telegraph & Telephone Company in New Jersey do not produce revenues sufficient to provide its proper proportion of the compensation, nor, in fact, a reasonable return upon the investment. The situation compels an increase in telephone revenues.

The Company prepared and submitted to the United States Telegraph and Telephone Administration a revised schedule of rates, which, after careful consideration, was approved by the Federal authorities and ordered effective commencing May 1, 1919.

The rate increase for service of The Delaware & Atlantic Telegraph & Telephone Company in New Jersey is 20% and applies to all rates, except for toll service and local messages originating at public telephones.

The Way to a Man's Heart

All men like good things to eat.
All women are natural housekeepers.
And good cooks, too, if they have the proper stove to help them.

But all men are not as thoughtful as this husband.

He realized that his wife must have good appliances to help her—has wisely provided them and therefore protected his wife's health and appearance by eliminating the tiresome and worrisome features of housework.

It will soon be house-cleaning time—why not select this efficient little Quality Cabinet Range with its enameled door panels and enameled broiler and dust pans. Plain Splashes. Ovens conveniently arranged. The price, including Rutz top-burner lighter, is \$51.00. Connected in your kitchen.

Price of range and water heater includes installation ready for use. 5% discount for cash. Sold on our Pay-as-Used Plan also.

Do Your House-Cleaning With a Hoover

Don't sweep away your strength and endurance. Do as other women do—use a Hoover. Electricity supplies the muscle—and saves yours. Even the most vexatious clinging lint, hairs, etc., are collected the first time over. No dust is scattered.

The Hoover is the only cleaner that lifts the carpet off the floor and beats—as it sweeps—as it cleans—removing the nap-cutting grit.

\$97.50-\$175.00. Easy terms. 5% discount for cash.

PUBLIC SERVICE

A Real Bargain
\$5.00 Value for \$2.75

By purchasing a large number of the Miller Utility Lamp illustrated above we are able to offer them at \$2.75 each—would ordinarily sell at \$5.00. This convenient lamp may be used for desk, table, piano or boudoir.

Made in four different finishes with adjustable arm, push-button socket switch, 6 feet of silk cord and plug. Sold in New Jersey only by Public Service.

Iron in Comfort and Save Time

You can save one-third the time of ironing if you use an electric iron, because it stays hot. You will be free from the usual discomforts of ironing because an electric iron makes unnecessary the hot fire and the trips to the stove. You may iron on the porch or in any cool spot where electricity is to be had. Famous Hotpoint Iron with cord plug and extra stand, \$6.50. Easy terms. 5% discount for cash.

Mazda Lamps Pay for Themselves

Mazda lamps use only a little more than one-third as much current as Gem lamps (usually called carbon lamps) that give an equal amount of light. The saving in current more than pays for the cost of the lamps. We sell all sizes and types of Mazda lamps specially selected for use on our lines.

SUNDAY SCHOOL LESSON

Teacher of English Bible in the Moody Bible Institute of Chicago.
(Copyright, 1918, by Western Newspaper Union)

LESSON FOR APRIL 20

THE RISEN LORD.

LESSON TEXT—Matthew 28:1-10.
GOLDEN TEXT—He is risen, as he said.
ADDITIONAL MATERIAL—Luke 24:1-7.
CORINTHIANS II.
PRIMARY TOPIC—An angel tells about the resurrection of Jesus.
JUNIOR TOPIC—The story of an empty tomb.
INTERMEDIATE TOPIC—The living Christ.
SENIOR AND ADULT TOPIC—The meaning of Christ's resurrection.

I. The Visit of the Women to the Sepulcher (28:1).
They came early to see the sepulcher. Their zeal and love exceeded that of even Peter, James and John. "Women were last at the cross and first at the tomb."

II. The Earthquake (28:2).
This occurred when the glorious angel descended to roll the stone away from the tomb. This work of the angel was not to allow Jesus to escape but to show that the tomb was empty. Christ needed not the help of a glorious angel, for he was raised up by his own power as the soul of his atoning work upon the cross. The open tomb and the angel sitting upon the stone with calm dignity is a picture of God's triumph over the devil, and the force of the Resurrection is a sample of what all of Christ's enemies shall one day experience when he comes in glory to reign as king.

III. The Angel's Message to the Women (28:5-7).
1. "Fear not" (v. 5). While the enemies have occasion to fear, those who love the Lord receive good news from the empty tomb. The Lord will not long leave those who follow him, in suspense and dread. The empty tomb puts an end to all doubts and fears. It is the proof that the question of sin is dealt with and that God is satisfied, carrying with it the assurance of eternal victory.

2. "Come see" (v. 6). The angel said that the Lord had risen, and invited the women to see the place where he lay.

3. "Come quickly" (v. 7). The women must see for themselves and then go tell the message. Experience must precede testimony. They were to go quickly to the disciples with the blessed message, with the assurance that the Lord would go before and meet them.

IV. Jesus Meets the Women (28:8-10).
The women rendered instant obedience and were running to bring word to the disciples. Jesus met them on the way. Those who have an experimental knowledge of Christ should speedily go to tell others of it. To all such the Lord will appear and bring joy.

V. What Christ's Resurrection Guarantees to Us (1 Cor. 15).

1. The integrity of the Scriptures (vv. 3, 4). The Old Testament Scriptures told of the atonement, death and resurrection of Christ. Christ's resurrection gave the seal of authentication to them. Christ rebuked the disciples on the way to Emmaus for their disbelief of the Scriptures concerning the resurrection (Luke 24:15-20).

2. The reality of the divine person (Rom. 1:4). Jesus claimed to be one with the Father. He predicted his coming forth from the dead (Matt. 16:21). He declared that no one could take his life from him; it was his power to lay his life down and take it up again (John 10:15-18). He died because he would to do so. The life which he laid down must be resumed at the completion of his sacrificial work. His coming forth from the grave proved that he was what he had claimed to be.

3. The sufficiency of Christ's atoning sacrifice (Rom. 4:25). On the cross Christ expiated "it is finished." By the resurrection God declared to the universe that an adequate ransom for sin had been provided. The resurrection of Christ is God's certificate that an adequate sacrifice has been provided for sin.

4. Our life and immortality (1 Cor. 15:20). He is the first fruits of them that slept. "Because I live ye shall live also." The guarantee that man in the integrity of his body, spirit, soul and body shall live again is furnished us in Christ's death and resurrection.

Promoting Happiness.

God has given understanding to man, to be employed for his glory in promoting the happiness of his creatures; and in nothing that belongs to earth can the human understanding be more worthily employed than in the researches of science and in the works of invention.—Chief Justice Chase.

Absorbing the Bible.

Reading God's Word is one thing; to look at it in the right light is another. It is like this: A man may see the figures on the dial, but he cannot tell how the day goes unless the sun shines on the dial. So, also, in reading the Bible—unless the spirit shines within our hearts it is likely that we will not get the correct interpretation.

The Lord Never Forgets.

"The Lord never forgets anyone because he is little."

Famous Castle of Durnstein.

The rugged towers of the castle of Durnstein, in which Richard of England was imprisoned, still rise by the Danube, and there is a Napoleonic legend that, as the French emperor rode by in his wagon campaign, he pointed to them with horror as a reminder of a barbarous incident. Fortunately his reverry was untroubled by any prevision of the far harder fate in store for him.

Noted Colored Woman.

Solomon Rutter was a colored woman born in New York state, probably about the middle of the eighteenth century, as she was said to be aged at the time of Washington's death, in 1799. That was not her real name, but she assumed it for reasons of her own. She was a slave all her life until set free by an act of the New York legislature in 1827, abolishing slavery in that state. July 4, 1827. Mrs. Harriet Beecher Stowe wrote a life of her.

Real Heart of Paris.

The Place de la Concorde is almost
more the heart of Paris than the Place
de l'Opera. In it the famous Rue de
Rivoli ends and the Champs Elysees
begins. It is the true termination of
the Grand Boulevard, for Parisians
consider the Rue Royale as part of
that celebrated chain of wide cafe-
lined streets. It is one of the most
important and by far the most beau-
tiful of the many "places" from which
the main streets of Paris radiate.

Telephoning in J. C. C.
The editor of the Japan Times says
the telephone service in Japan is ut-
terly bad. He wonders "what Jap
would have done had he lived in Tokyo
and wanted to telephone to the special-
ist on bolts." He concludes with the
following incident: "A lady in Karu-
izawa called up her house in Tokyo, left
by the next train, got the call and
talked to herself in Karuizawa six
hours after she arrived in Tokyo.
That's not a joke. It's the solemn
truth."—From the East and West

Why Sling Must.
The pain caused by the stinging of net-
tles is due partly to the acetic acid and
partly to a chemical resembling snake
poison. Our nettles are comparatively
harmless; but in India, Java and else-
where, there are varieties the painful
effects of which last weeks, and in
some cases months. The snakebites.

THE difference in the way it rides
and drives is perfectly amazing to
anyone who has never driven a
Liberty.

The reasons for this difference are
distinct and definite.

Scientific balance without excess
weight; power in abundance, but al-
ways under perfect ease of control are
the basis of Liberty difference.

But the net of the reasons is that
Liberty Engineers set themselves to
build just such a car as would arouse
appreciation and admiration of this
very difference.

And the proof of their achievement and
the quality of their product is the way
Liberty owners stand by their choice.

ANSWER!

AFTER BOND SHARKS

Bond scalpers and swindlers who
induce the public to give up govern-
ment securities for worthless stocks
of the "fly-by-night" variety are to
be put out of business by the United
States Federal Trade Commission, co-
operating with the Department of
Justice, the Victory Liberty Loan
Committee of the War Loan Organi-
zation and other governmental agen-
cies.

Albert E. Turner, chairman of the
Brokers' Committee for the Victory
Liberty Loan and of the Business De-
velopment Committee of the Philadel-
phia Stock Exchange, is making a
survey of fraudulent and questionable
bond operations in the Third Federal
Reserve District.

Since these committees started a
campaign a few weeks ago some of
the more cautious scalpers and swin-
dlers have stopped trying to reach the
bond owners by displaying advertis-
ing. But according to Mr. Turner
they are still attempting to do busi-
ness by mail and by telephone solici-
tation of prospective victims.

"It is planned to protect buyers of
Liberty Bonds, War Savings Certifi-
cates and Thrift Stamps from unfair
practices and misrepresentations of
scalpers," said Mr. Turner. "Most
scalpers are operating among the

By various misrepresentations
they induce bond holders to sell \$50
securities for \$40 and even, in some
instances, as low as \$25.

"The greater number of the scalpers,
however, are satisfied with a smaller
profit on each transaction and a large
volume of business. They do business
in many instances without being re-
ported because they offer the market
price of the bond, minus a fee, and
without interest. The bond seller is
entitled to the proportion of interest
due on his bond at the time of the
sale. Many of them do not know this
and thus the scalper adds to his
profits."

The campaign against the scalpers
and swindlers will include advertising
posters warning against them, to be
posted in industrial establishments.
The Foreign Language Division of the
Victory Liberty Loan Committee is
now making arrangements to have
such posters printed in various lan-
guages so that the warning will reach
all bond buyers.

According to Mr. Turner, the scal-
pers and swindlers could all be put out
of business in short order if every
holder of a bond would ask the so-
licitor to submit his proposition to
any bank, trust company or reputable
broker, or to the Victory Liberty Loan
Committee.

A SERVICE MEDAL

The Treasury Department
of the United States govern-
ment has made thousands of
medals from captured German
cannon and they will be
awarded to persons who have
performed unusual patriotic
service in behalf of the vari-

In each district the local
heads will decide upon the
method in which the awards
are to be made.

On one side is a representa-
tion of the Treasury Building
at Washington, upborne by the
wings of the American Eagle,
and with the wording, "Victory
Liberty Loan." On the other
side are the words, "Awarded
by the Treasury Department
for Patriotic Service on Be-
half of the Liberty Loans.
Made from Captured German
Cannon." There is a space
for the name of the recipient.

After the ceremony a dinner was given at her home, 315 Leconey avenue.

English Words.

It would be impossible to give the exact number of words in the English language. Words are constantly being coined and foreign words are being added to the language. A recent edition of a leading dictionary gives between 400,000 and 500,000 words. Many of them are derivatives, as running, rain, runner, etc.

Zone Fares for Street Cars No. 4

When it was demonstrated that the increased cost of operating street cars made it necessary for the company to get more revenue, the Public Utility Board directed the company to submit a zone plan that would "more properly relate the cost of service with the length of haul and value of service."

It was officially recognized by the Utility Board and later by the highest courts in the State that the company had to have a higher rate of fare in order to live and give service.

Conditions have changed in the last few years with street railways just as they have in every other business.

Wages have gone up. Materials cost more. The dollar doesn't go as far. Neither does the nickel.

For example—Beginning July 1, 1916, conductors and motormen were paid from 25 to 32 cents an hour.

Beginning August 1, 1918, under the order of the National War Labor Board, conductors' and motormen's wages were made 41 to 45 cents an hour. And the increase was dated back to June.

In 1916 only the ten-year men got 32 cents and one-year men were paid 27 cents. Since August, 1918, every trainman, one year or more in service, has been getting the full rate of 45 cents an hour, with 67½ cents an hour for overtime.

Again for example—During 1918 Public Service Railway Company's pay rolls were \$1,931,520 more than they were in 1916—the employees benefited.

During 1918 the company's tax bills were \$318,537 more than they were in 1916—the public benefited.

During 1918 the company's earnings for stockholders amounted to—NOTHING—the stockholders suffered a distinct loss.

At that the 1918 figures tell only part of the story, as the heavy wage increases were not ordered until August. They were in effect only part of the year. Their full effect will be felt this year.

Street railways must meet expenses from car fares. When expenses increase abnormally, additional revenue must be found. And car fares are the only source of revenue.

It was to provide an equitable method of charging for service that a zone fare plan was ordered. And the plan submitted by the company is the fairest, most logical and most equitable that has ever been worked out. Under it some would pay less than present rates; some would pay more; everybody would pay only for what they got.

SESSION ENDS IN NEW JERSEY

Little Gain for Republicans or Democrats From Record of Achievements.

ISSUES WERE OBSCURED

Even Enormous Appropriation Bill Supported by Both Parties in Passage.

Trenton, N. J.—The one hundred and forty-third session of the legislature came to a close at 10:37 o'clock last night. The session was marked by a record of achievements for both parties. The enormous appropriation bill, which provided for the construction of the new state house, was passed by a vote of 100 to 0. The bill was supported by both parties, and the record of the session was a credit to both.

MEET MISS VICTORY!

This is the statue of "Victory" which was made in the Voigt Studio, Philadelphia, to be placed in South Penn Square during the Victory Liberty Loan campaign. Nine smaller ones will be set up in outlying sections of the city. In the center is shown the sculptor, Tom Robertson. The other men in the picture, from left to right, are W. Morgan Chureman, A. E. Berry and R. E. Norton, Associate Directors of the War Loan Organization; Gilbert E. Gable, Director of Publicity, and John H. Mason, Director of the War Loan Organization.

Can Now House World League.

Among the bills signed by the governor was the Cohen measure allowing Atlantic City to offer lands and buildings for the home for the League of Nations. It provides for the issuance of 30 year bonds to raise funds with which the city may acquire the land and erect the building in which to house the organization incident to the "capital of the world." The governor also signed the accompanying joint resolution providing for the dedication of the property to the state in the event of the home of the League of Nations coming to America and New Jersey.

Blair—Makes a person guilty of arson who negligently burns a property, whether in his possession or not.

Warner—Joint resolution creating a commission to urge upon Congress the importance of appropriating money for the construction of the ship canal.

McAtee—Provides for the constitution for the Executive Committee of the State Firemen's Association.

Morgan—Extends the provisions of fire insurance laws to all kinds of insurance, except life.

Siegler—Makes any person obtaining food, lodging or other accommodation with intent to defraud a disorderly person.

Blair—Makes the state librarian an ex officio member of the Public Library Commission.

Cochran—Allows Atlantic City to raise \$500,000 by bonds to improve and repair its boardwalk.

These bills also became laws on the governor's approval.

Ackerson—Permits the state charter department to direct sheriffs to take temporary observation persons committed to charitable or correctional institutions.

Cases—Places with the Fish and Game Commission, instead of the State of Fisheries, the licensing of pound fisheries.

CUTS \$69,207 FROM FISCAL BILL

Governor Said to Indicate His Displeasure Over Lobbying for Items Not in Budget.

VETO ELECTION CODIFICATION

Winne Law Repealers, Increase of Prosecutors in First Class Counties and Extension of Borrowing Capacity Are Disapproved.

Trenton—Winning the executive veto on appropriation bills passed by the legislature, Governor Edge disapproved items aggregating \$69,207. The appropriation bill in its original form authorized appropriations aggregating to \$13,333,333.64.

Before rejecting the state house Governor Edge disposed of all remaining measures in his hands, thus bringing to a conclusion the work of the session. Among the measures disapproved was Senate bill 106, which was the proposed revision of the election laws prepared by the Bureau of Research of the State Chamber of Commerce.

As a result of the legislative session Governor Edge has signed 261 bills and nine joint resolutions and has vetoed or disapproved 46 measures. Last year he approved 200 measures and five joint resolutions and vetoed or disapproved 78 bills.

In giving his reason for disapproving various items in the appropriation bill, Governor Edge filed a statement, remarking that under the constitution it is not permitted to reduce any item of appropriation, but must either approve or disapprove it in its entirety. He found it necessary, therefore, to strike out entirely some items when he would otherwise have approved a smaller amount, but the law permitted such action. In a number of cases, the governor said, he had vetoed items to bring the appropriation of a particular department nearer the amount recommended by the annual budget transmitted to the legislature when it convened.

"If the law had permitted," said Governor Edge, "I would, of course, have preferred to have scented down these items where I thought it justified, but, as explained, this is not possible, so that because items have been vetoed in their entirety it does not in every case mean that there should be no appropriation for that particular activity."

Considered as a Rebuke.

The action of the governor in disapproving a number of items is generally accepted here as a means he has adopted of showing his displeasure at the activity displayed by members of various departments and institutions in seeking to secure appropriations in excess of those submitted to or approved by the Budget Commission.
