Notice
All readers or local notices of entertainments, suppers, fairs, dances, etc., given for the purpose of raising money, or for which admission is charged, will be charged for at the rate of ten cents a line.

To Women Voters
Several inquiries having been received at The New Era office this week regarding the registration of women voters, we publish below such information as we have.

While no specific instructions have been received by the election officials, it is understood that women voters will be registered at the time the house-to-house canvass for the registration of voters is made on September 14. Those who are not registered at that time have two more chances to be placed on the lists, the 28th of September and October 12th. On both of the latter dates, however, it will be necessary to go to the place where the board of registry and elections are in session, which will be the fire house in the first district, and H. C. Worrell's store in the second.

Any additional information that is received will be gladly given. Telephone 63-w.

Wanted—A Diamond
Although the lack of a suitable field for playing ball has made it necessary for Riverton fans and players to go to our neighboring towns to either watch or participate in a ball game, it has been demonstrated, at Delair Saturday-A-week, and at various other places during the season when the fellows have gotten together and played ball, that there is still some first-class material in the line of ball players living in Riverton, and if a suitable field could be secured where our local talent could organize a ball team, I am confident that in a very short time it would make record for itself that would be a credit to the town, and that it would receive the enthusiastic support of the local fans and others.
A LOCAL FAN.

They've All Got the Fever
That Spies crowd are so taken up with ball playing that they can't even have a picnic without a little game. Last Wednesday they went to Rancocas Park for their first annual outing, and there being no rival territory to pick on, they split up their own domain and made two teams, one called Riverside district, and the other Burlington district. The outcome of this "civil war" was a victory for Riverside, score 12-10.
Other features of the picnic were races for boys and girls, a No. 1 drivers' race, managers' and butchers' race, clerks' race, fat man's race and cashiers' race, for all of which prizes were given. Mrs. MacLaren, of Burlington, transported to the park was by chartered trolley cars.
Refreshments consisted of ice cream, cake, sandwiches and fruit. The boys appreciate the kindness of those who donated prizes and otherwise helped to make the picnic a success.

New Teachers at the School
Several new teachers have been engaged for the coming year in the Riverton public school. Miss Hannah H. Chew, of Millville, will be supervising principal. Miss Parker will have the kindergarten again, and Miss Elsie Eval will have the first grade. Miss Helen G. Walker will have the second and Miss Margaret Cunningham the third. Mrs. Gertrude M. Williams, of York, Pa., formerly of Palmyra, will teach the fourth grade, and Miss Frances Fogg the fifth. The departmental teachers will be Miss Althea Adams, of Charlottesville, Va., and Miss Florence Kezler, of Kezlerstown, Va., and Miss Caroline M. Staman, of Lancaster, Pa.
School will open on September 13.

War Veteran Takes Scottish Bride
In the Church of the Sacred Heart last Saturday morning, Thomas J. Ford and Miss Isabelle Daly, of Glasgow, Scotland, were united in marriage, the pastor, Rev. J. A. Rigney, officiating. The bride was attended by her sister, Mrs. MacLaren, of Bridgeport, Conn., and John Ford, brother of the groom, was best man. Mr. Ford met Miss Daly while in Glasgow with the Canadian army, just before going to France.

Samuel P. Leeds, president of the Atlantic City Chamber of Commerce, and a former resident of Cinnaminson township, has been advised by the National Highway Traffic Association, of which he is director for New Jersey, of his appointment as chairman of a national committee on uniform non-blinding motor vehicle headlights. Mr. Leeds is given power to select his associates, and he will be assisted in this connection by Elmer Thompson, secretary of the Automobile Club of America, and David Beckett, editor of Automobile Industries, New York.

G. Rex Showell will be a candidate for the vacancy in the borough council caused by the retirement of H. H. Murray, whose term expires this year, and who will not stand for re-election.

Beginning Saturday of next week the Broadway Palace will run three shows on Saturday and holiday evenings, in order to accommodate local movie patrons the better. The shows will start at 6.30, 8.00 and 9.30.

W. J. Curtis, Jr., has purchased the Benjamin S. Mechling property on Highway and expects to occupy it about the middle of October. Mr. and Mrs. Mechling will spend the winter in Philadelphia, but at present expect to come to Riverton during the summer.

Riverton again steps into the limelight this time through the production of a professional pool player. In addition to playing a crack game of golf, Duncan Cuthbert has developed a deftness with the cue which enabled him to easily defeat Thomas Cashin and Albert Smith this week.

This Saturday Ed. Williams expects to take a team of Rivertonians to Palmyra to play the Field Club, and though our men will be handicapped by lack of practice, they are going down with the intention of giving a good account of themselves, and a good game is to be expected.

J. M. Coddington has given up his position with the Express Company and will devote all of his time to the business of the S. J. Coddington Estate, being associated with his brother Frank, and having charge of the painting end of the business. His successor at the express office is John A. Scamman, of Trenton.

Officer Miller has constructed a "lethal chamber" for the humane and painless extermination of homeless dogs, stray cats, or other animals whose earthly career it is deemed advisable to bring to a close. The subject is simply placed in the box and the gas turned on—a sure and much less messy operation than shooting. The idea originated with Councilman Armistead.

The terms of Councilman Murray and Davis expire this year. Mr. Davis will be a candidate for re-election, but Mr. Murray, owing to the press of business matters, feels that he cannot serve again. This is to be regretted, as Mr. Murray has been a valuable member of the governing body of the town, and did much excellent work in connection with the sewer disposal plant proposition, of which committee he was chairman.

The body of Charles Shaffer, who was drowned at the new bathing beach at Torrensdale last Tuesday, was washed ashore at the foot of Howard street, Riverton, this morning. It was seen by some small boys who told Ellis Clifton of their gruesome discovery and "Dad" towed it ashore and notified Officer Miller.

The officer telephoned to the undertaker and Coroner Leconey, of Delanco, who after viewing the body gave permission to turn it over to the boy's parents, who had in the meantime been notified.

Through the generosity of Mrs. William M. Thomas, in granting the use of her lot at Fourth and Linden avenue, the Riverton foot ball team will again have a place to play the game this year. Prospects for a first-class team seem to be better than ever this year, as a great many new candidates will make a try for the team; and practically all of the men who played last year will again be in the line up. Candidates are requested by Manager Walter C. Wright to report for practice at Schneider's store at 8 o'clock Friday evening.

Riverton Boys Make Fine Showing

Last Saturday, for the first time the Riverton Yacht Club sent a portion of its swimming team away from home. The boys sent were Jack M. Showell, George Corner and Rex Bell, and they competed in the Schuylkill river marathon, held last Saturday under the auspices of the Philadelphia Swimming Club. The course measured five miles from the iron bridge at Conshohocken to Flat-Rock Dam. The water is always practically dead, and this time it was more sluggish than ever, and to make matters worse it was a mass of oil, tar, and grease. Many of the swimmers were sick from swallowing it. The race was late getting under way, and it was 4 p.m. when the starting gun was fired.

Sixteen men dove overboard, and they represented the cream of the swimming world in this locality. A great race was assured when Paul V. Magee, of the Camden Y.M.C.A., and William H. Ralston, of the Meadowbrook Club, of Philadelphia, were entered. There has been much speculation as to who was the better of these two men. In 1917 Magee won the race in the still record time of 1:52. Last year Ralston won (Magee not competing). With both the 1917 and 1919 winners (Ernie Sopp, now deceased, won in 1918, neither Magee or Ralston swimming) in line a battle royal was promised.

Magee, who had diligently trained for this event all summer, passing up even the ten-mile national swim to be fit for it, won in 1:53, swimming the best race of his entire career. Magee swam in the ten-mile national in the Delaware in 1919, getting sixth place in 2:17:52. Ralston was third in this year's ten-mile national, so he was looked upon as a shade faster, as his time for the event was 2:15:12 or two minutes and forty seconds better. However, Magee, in the pink of condition, never allowed his rival a chance to take the lead, and Ralston finished a good 150 yards in the rear, in 1:58, or five minutes slower time. McCurdy, of the Philadelphia Swimming Club was third in 2:07:17.

George Corner led the Riverton delegation, finishing in seventh position in 2:15:41. Seventh seems to be George's lucky number, as he finished seventh in the ten-mile national this year in 2:23:53. George swam a fine race and kept up an even, steady stroke all the way. In this race, like the ten-mile national, the Riverton boys showed the lack of training. Corner, with two-thirds of the distance behind him, was swimming in fourth position when he was overtaken by George, forcing him into seventh place. Just a little more training and condition, and George, instead of being passed would have done the passing.

Corner is coming along fast and has an elegant stroke. When he swam past the Philadelphia Swimming Club's House on his way down the river, several remarked that he possessed the best stroke of them all. With a little more training and confidence, George is looking like the best, and Mr. Durborow says, in a couple of years he looks to see him a real contender for the ten-mile national, giving Bolden, Giebel, or any of them the race of their lives.

Jack Showell was tenth in 2:19:56, or just 4 minutes and 15 seconds behind George. In the ten-mile national the order was reversed, Jack leading George by 45 seconds and winning sixth place. For the first two miles Showell swam neck and neck with Magee, the winner of the race, and at one time he passed Magee and had the honor of leading the race. He looked like a dark horse that was destined to upset all the dope and win the race, as Bolden did the ten-mile last year. Had the race been for one mile, Jack would have won. He is exceptionally fast for a mile he would compare favorably with any man in the country. If the one-mile national championship comes near here next year, or any year, Mr. Durborow will enter him in it, and declares he will make trouble for the best man in the race.

Showell used up too much energy in the early stages of the race and weakened for awhile, allowing the field of swimmers to pass him. However, he regained his strength and finished strong and in excellent shape. Both boys deserve much credit, as they swam a great and a game race, and it was their first race away from home, and over a strange course. Both possess great possibilities for the ten-mile national.

Rex Bell, who twice finished in the 1919 when but 14 years of age, found ten-mile national being the hero in the slow and dirty water too much for him, and was one of six to drop out of the race. Rex has the goods, for he has proved that, and what he needed more than anything else was some one along to coach him a little and see he did not become discouraged and was kept in his last. He is a real contender for the ten-mile national.

THRILLS AND NOVELTIES TO MARK 1920 TRENTON FAIR

Fearless Aviator, Autopolo, Automobile Races, Horse Races—Greater Display Than Ever Assembled for Exposition to Open September 27.

Trenton, N. J.—Within a few weeks the curtain will ascend on one of the nation's most colossal outdoor events—the Trenton Fair. The exhibition will open at Trenton, N. J., on Monday, September 27, and continue daily for five days, concluding Friday, October 1.

Monday will be Children's Day, Tuesday Ladies' Day, Wednesday Farmers' Day, Thursday Politicians' Day and Friday Automobile Day.

"A city within a city" is perhaps the most fitting description of this year's undertaking. Every one of a hundred or more of departments, embracing all forms of amusement and displays known to fairdom, has undergone a sweeping change. New features have

staged with proper care and attention in the immense exhibition buildings, which are located in every part of the big grounds.

The trotting, pacing and running horse events this year are described as setting a new standard in speed contests on the track. There will be classes to suit all horses, with a bounty of purse money which will appeal to the owners of the fastest horses.

Horse racing will be a special attraction every day save Friday, when the annual automobile classic will be the center of interest. And with a group of the world's greatest dare-devil pilots already entered to take the wheels of

been added to replace those which passed from the sphere of popularity some years ago. Extra effort has been made to enlarge and develop the particular departments which grow yearly in their appeal, to the end that this, the thirty-third annual exhibition, will be the greatest in history.

From all parts of America and Europe acts, epochal and sensational, have been booked for the free open-air performance that will be given daily in front of the grand stand. Practically every corner of the globe has contributed to the representative displays which have been assembled for the coming exposition. They represent ideals in various lines of endeavor and afford the patrons the best opportunity they will have for their inspection at any place in the east. The premium list has been enlarged to the extent that it offers tempting inducements to exhibitors in every line, and this fact alone assures a display of unprecedented proportions.

Departmental Features.

Already the entries in the live stock department indicate an exhibition of

internationally famous cars, the motor competition is certain to provide a thrill as well as keen entertainment. Sig. Hagedahl, world's champion driver on a dirt track, will try to lower his record. Leon Duray will be seen at the wheel of an Oldfield Special. Les Allen, who teamed with Gaston Chevrolet in 1918; Louis Diabrov, driver of national renown; "Speed" King and Ted Hill, two more dare-devils, Jimmy Toft and several others will be contenders for the prize money.

Thrills in Air.

A thrill-a-second is assured by Secretary Mahlon B. Margerum in the performance of a celebrated aviator, who will fly daily during the course of the fair. Stunts of valor and daring will mark his act, which is described as the most amazing demonstration of aerial prowess since the death of Locklear. These birds of the heavens will be in constant motion during the entire week to offer the spectators a feast of thrills and sensations.

Still another added attraction this year will be a daily contest of Auto Polo, proclaimed as the greatest game

THE SPIRIT OF YOUNG AMERICA LEAPS WITH JOY.

ever invented. Secretary Margerum has arranged for a series of games between the Pacific Coast team and the America-Canada combination, to be played on the race track in front of the grand stand. A purse of \$1,000 will be divided among the players on the winning team. This event is another demonstration of daring and dexterity which every one will enjoy and marvel at.

The midway this year will be the most diversified and attractive in the history of the fair. The wild man and the Shimmy Girls will be there to amuse and entertain. There will be the usual games of skill, the balloon man, the vendor of "hot dogs," the candy shops, the popcorn stands, the old "pop" stores, the bearded lady, the dog-faced boy and a whole world of attractions to please the old as well as the young. The midway is expected to be one of the prime features.

It is estimated that fully three thousand people attended the celebration Monday night, crowding the grounds and dance floor. An appreciated feature of the evening was the concert by the Griffenberg band. The program closed with an especially fine display of fireworks.

While the returns are not all in, it is estimated that the net receipts will be about \$1500.

Mrs. Sarah Powell has returned to Palmyra to live, after staying for sometime at Medford and Camden.

Notice of Registry and Election

In conformity with the provisions of an Act entitled, "An Act to Regulate Elections in the County of Burlington," passed May 5, 1920, notice is hereby given that the District Board of Registry and Election in and for the

TOWNSHIP OF CINNAMINSON

in the County of Burlington, will meet on the dates and at the places hereinafter designated for the purpose of adding to and revising the registry list:

Monday, September 28, 1920, between the hours of seven o'clock A. M. and nine o'clock P. M.

Tuesday, October 12, 1920, between the hours of one o'clock P. M. and nine o'clock P. M.

And notice is further given that a Primary Election will be held on

Tuesday, the 26th of September, A. D. 1920

It is estimated that fully three thousand people attended the celebration Monday night, crowding the grounds and dance floor. An appreciated feature of the evening was the concert by the Griffenberg band. The program closed with an especially fine display of fireworks.

While the returns are not all in, it is estimated that the net receipts will be about \$1500.

Mrs. Sarah Powell has returned to Palmyra to live, after staying for sometime at Medford and Camden.

SUNDAY SCHOOL LESSON

(By REV. F. B. FITZWATER, D. D.,
Teacher of English Bible in the Moody
Bible Institute of Chicago)

(© 1920, Western Newspaper Union)

LESSON FOR SEPTEMBER 12

THE GLORY OF SOLOMON'S REIGN.

LESSON TEXT—1 Kings 10:1-12, 23-25.

GOLDEN TEXT—Blessed is every one that feareth the Lord, that walketh in his ways.—Ps. 128:1.

ADDITIONAL MATERIAL—1 Kings 8:1-23; 10:14-23.

PRIMARY TOPIC—A Queen Visits a King.

JUNIOR TOPIC—The Queen of Sheba Visits Solomon.

INTERMEDIATE AND SENIOR TOPIC—The Climate of Israel's Greatness.

YOUNG PEOPLE AND ADULT TOPIC—Tests of National Greatness.

1. The Queen of Sheba Visits Solomon (vv. 1, 2).

Her visit was the result of Solomon's widespread fame. That which made him famous was:

1. The extent of his kingdom (4:21-28). He ruled over all the kingdoms from the Euphrates river to the Mediterranean sea, except the Phoenicians, but they were in alliance with him.

2. This was the nearest to the realization of the divine promise, (Gen. 15:18), that Israel over-joyed; but the fulness of the promised possession shall be realized when the Greater than Solomon is king.

3. His great wisdom (4:29-34). It excelled that of the Chaldeans, Persians and Egyptians (vv. 30, 31). None of his contemporaries approached unto him in knowledge. He had a singularly comprehensive mind. He was (1) a moral philosopher—spoke 3,000 proverbs; (2) a poet—his songs were a thousand and five; (3) a botanist—he spoke of trees, from the cedar tree, that is in Lebanon even unto the hyssop that springeth out of the wall; (4) a zoologist—he spoke of beasts and fowl, and of creeping things, and of fishes. He was superior in intellect to any of his own or any other age.

4. The temple (chs. 5 and 6). This was an exact reproduction of the tabernacle, double in size, in marble and gold. The amount of labor, skill and money expended on the building was exceedingly great (1 Chron. 22:14-16). Never before had such a costly structure appeared.

5. Royal palaces adjoining the temple (ch. 7). Following the erection of the temple he began the building of his own house. He was nearly twice as long in building this as in building the Lord's house.

6. His commerce (9:26-28; cf. II Chron. 9:10, 21). His trading ships went east as far as the Indian ocean, perhaps even to India; and west as far as Spain.

7. Army and navy (10:26-29; cf. 9:27). Such wealth and greatness would at some time provoke opposition, so he put his nation into a state of preparedness.

All this greatness was associated with the name of the Lord. It was known that his fame was due to his relation with the living God. No one ever had a greater missionary opportunity than he. Wealth and knowledge may be powerful factors for the extension of the cause of Christ.

II. The Queen of Sheba Astonished (vv. 3-9).

After the interview in which Solomon answered all her questions, she was overwhelmed with his great wisdom. She had pined him with hard questions to see if he could measure up to his reputation, and found that the half had not been told her.

III. The Queen of Sheba Gives Gifts to Solomon (vv. 10-13).

As was the custom, she brought gifts to Solomon, the king, the gold of which was in value between three and four millions of dollars.

This was a large gift for that time, but Solomon more than recompensed her. He gave her all she desired and in addition, of his royal bounty. While her gift to him was great, his to her was greater, even in keeping with his possessions. God gives unto them who give their hearts unto him exceeding abundantly above all they ask or think (Eph. 3:20).

IV. All the Earth Sought Solomon (vv. 23-26).

His fame spread to all the earth so that the people came to hear the wisdom which God gave to him. They came with their gifts of silver, gold, garments, spices, horses and mules, so that silver came to be as common in Jerusalem as stone. There is a time coming when the Greater than Solomon shall be king over all the earth, and then all the people thereof shall come to him with their gifts, and he shall give unto them of his royal bounty. Happy, indeed, will all those be who recognize him and give their allegiance to him!

Good Conscience.

A good conscience is to the soul what health is to the body; it preserves constant ease and security within us, and more than counteracts all the calamities and afflictions which can befall us from without.—Addison.

Cheerful Friends.

Everyone must have felt that a cheerful friend is like a sunny day, which sheds its brightness all around; and most of us can, as we choose, make this world either a palace or a prison.—Sir J. Lubbock.

Election Laws
It is not necessary for a woman in registering to give her age. Her statement that she is over 21 years old is sufficient.
The house to house canvass by the election board for the registration of voters will commence on September 14, and must be finished by the 17th. Voters not registered between these dates will not be eligible to vote at the primary election on September 28, but may register for the general election on November 2, by going to the place of registration on September 28 or October 12.
Sample ballots of both parties will be mailed to every voter on September 22—six days before the primary election.
The offices to be filled will be found in the official notice of election, published in another column.

The Woman Voter
The following extracts are taken from an editorial in Monday's Public Ledger:

"It is to be hoped that the new partnership which has been brought into being this year between the cynical, disillusioned rough-and-ready male voter and the illimitably optimistic woman voter will not fail through incompatibility of temper. If they are to get on, they must make allowances for each other's mental and psychological 'past.' Only in a loyal partnership and through genuine co-operation can they accomplish very much toward bettering the conditions under which we must all live.
"There are two things which both sexes should keep in mind—the woman voter should always remember that she appears in the arena simply as a 'voter,' and the man voter should never forget that she is also a 'woman.' He should be most punctilious to remember what she should be most careful to forget—her privilege of sex. She should ask for no consideration because of it, but she should get an abundance of unbroken consideration. This is the real road to harmony, compatibility and combined success.
"Men and women are now entering into a new political partnership. Unless they pull together, they are going to pull the nation into a business of governing the nation very badly apart. They are going to do far more harm than the infusion of un-party-broke, un-unbranded and un-branded votes can do good. The biggest single blessing to be sought at this election is the intelligent and sympathetic co-operation of good men and women, both of whom make the same things, but each of whom has had far different experiences.
"The woman must remember that there is a lot to be gained by government besides sentiment and most uplift. The man must remember that sentiment is a mighty force which can never be disregarded. The woman should try to be practical and consider such dull topics as tariffs, bills, railway measures, shipping development and all the work of government which keeps business healthy and prosperous. The man should, on his side, realize how much the woman looks upon government as merely a method of making the world safe for her boy and girl.
"Let us all recognize that we have switched a new power-engine on to the national machinery which we must learn to work, else it will wreck the very enterprise it seeks to better. Lasting impressions are being made now on the minds of women who will have very much to do in the future with the shaping of our laws and the molding of our institutions. It would be a real calamity if these impressions were to the effect that men are hopelessly hostile, incurably cynical, skeptical and scornful."

Miss Lucy Wisdom, of Philadelphia, spent Labor Day with Bradshaw.
Rev. and Mrs. W. H. Cumpston, of Virginia, are visiting her parents, Mr. and Mrs. George S. Washington.
Ripe peaches for canning purposes can be obtained daily at the Cold Storage plant at East Riverton—adv.
Mr. and Mrs. Joseph H. Smith and son, Sargent, and Miss Ellen Peterson returned Tuesday after spending two weeks at Ocean Grove.
Mr. and Mrs. Cerrah, who are occupying the Corry property, will return to their home in Camden on Saturday, and Mr. and Mrs. Corry, who have returned from an extended trip west and north, will take possession.

LABOR DAY SPORTS

The Riverton Yacht Club held the biggest Labor Day celebration in its history this year. In the sailing races in the morning, F. W. Roberts' son's Lewanna won from Barton Hirsch sailing William Bower's Como in the Larchmont class. Hirsch was five minutes late getting away after the starting gun was fired, and actually sailed the course in seven seconds less than Robertson. In the afternoon they had another go at it, and Hirsch won.

In the open race for the championship of the Delaware river, H. McIlvain Biddle got first place in the Tekama; William Baker, second in the Nomima; E. K. Merrill third in the Tradescantia, and Capt. Aiken, of Bordentown, the only visitor, got fourth place.

In a special match race of the sixteen-foot class between the Riverton Yacht Club boys and the Sea Scouts of Philadelphia, Howard Washington, of the Riverton Yacht Club, took first place, while Liley and Duggan, Sea Scouts, second and third.

In the women's swimming race across the river, Sara Reuben, of the Philadelphia Turners, aged 10, got first place, making the course in 19 minutes. Second was Harriett Holder, of the Riverton Yacht Club in 20.15. Third, fourth and fifth places went to Turner girls—May MacAnish 20.30, Laura Drill 21.30, Miss Baker 22.00.

In the men's swimming race across the river, Wesley Lloyd was an easy winner, covering the distance in 16 minutes and thirty seconds, which is the best recorded time. George Corner was second in 18.30, and Walter C. Wright and Rex Bell tied for third and fourth.

The boys rowing in tenders, for boys under 14 years, was won by John Steedle, with Gales Knight, Bunny Rigg, Charles Knight and John Ayres in order given.

The tilting contest was won by Rex Bell and John Graft, with W. C. Wright and George Corner second.

The boys' four, in the canoe races, was won by Henry Partridge, John Karins, Paul Burr and Jack Graft.

The fancy diving honors were carried off by two lads from the Camden Y. M. C. A., Nixon with 120 points, and Gorman 109 points. Walter C. Wright, of the Riverton Yacht Club, got 99 points and Dansen, of the Philadelphia Turners, 95.

Republican Club Organized.
Last Wednesday evening the Riverton Republican Club was organized with the following officers: president, Oden H. Mattis; first vice-president, H. H. Murray; second vice-president, Robert Biddle; secretary, Fred P. Hemphill; treasurer, Louis Corner, Jr. The executive committee, in addition to the officers, will be composed of Killam E. Bennett, E. H. Flagg, Jr., John C. Geiss, J. A. Allee, W. N. Mattis, George K. Clark, Harry E. Davis, Walter L. Bowen, Edgar Lippincott, James S. Coale, Harry F. Jones, Charles A. Wright, Walter C. Wright, C. Rex Showell, John G. Seckel, J. Carl DeLaCour, Oliver G. Willits, D. M. Clifton, Edward G. Stoughton.

Preparations are being made for a vigorous campaign. A committee was appointed to secure a suitable banner, to be hung in the customary place near the station.

WEDDINGS
Of much social interest will be the marriage of Miss Virginia Roberts, daughter of Mr. and Mrs. George W. B. Roberts, of 1806 Delancey street, to Mr. H. Percival Glendinning, of "The Squirrels," Chesnut Hill, Pa., which will be solemnized at noon on Saturday, October 9, in St. Paul's Protestant Episcopal Church, Chestnut Hill. Owing to the family being in mourning, the wedding will be a quiet one.

Mr. and Mrs. Roberts and their family, who are occupying a house at Chestnut Hill, have recently returned from York Harbor, where they spent several weeks.

Fisher-Rigg
The marriage of Miss Frances Mary Rigg, second daughter of Rev. and Mrs. John Rigg, to Mr. Edmund Frederick Fisher, of Cleveland, O., will take place Saturday at 12 o'clock at Christ Church, Riverton. The ceremony will be performed by the Rev. John Rigg, father of the bride. She will be given away by her brother Mr. J. Linton Rigg. The bridesmaids will be two sisters of the bride, Miss Dorothy Rigg and Miss Violet Rigg. The groom will be attended by Mr. R. Bever Pickens, of Clarksburg, W. Va.

After a wedding tour Mr. and Mrs. Fisher will reside in Cleveland.

G. Rex Showell Withdraws.
Editor The New Era:
Mr. H. H. Murray having been prevailed upon by his friends to reconsider his decision not to stand for reelection to the Borough Council, I hereby withdraw my candidacy for nomination and election as a member of that body.

I recognize the valuable services Mr. Murray has rendered our borough as a councilman, and especially as chairman of the committee on sewer disposal plant, and bespeak for him the support of those who would have voted for me had I been a candidate.

Signed, G. REX SHOWELL.

"Sheriff" Flagg's Birthday Party
Edward H. Flagg, Jr., candidate for nomination for sheriff of Burlington county on the Republican ticket, was tendered a surprise party Friday evening by his fellow members of Camden Forest No. 5, Tall Cedars of Lebanon, the occasion being the fifty-second anniversary of his birthday. The delegation was accompanied by forty-four pieces of the famous Forest band. Four hundred members of the Forest and their friends were present, and Rivertonians turned out en masse to do honor to their former mayor. Among the notables present were Henry P. Thorne, member of the State Republican committee, Senator Joshua F. Fairman, of Camden, Richard Twelves, Mayor Killam E. Bennett, of Riverton, Harry L. Knight, county political leader, all of whom made short addresses of felicitation to their host. Mr. Flagg was presented with a handsome bill roll by the Forest.

Yacht Club Plans Big Things

At the annual meeting of the Riverton Yacht Club last Tuesday evening, Commodore R. M. Hollingshead presided over the meeting. Commodore Hollingshead, who has been promised to continue his active interest in the Club. A vote of appreciation for the fine showing the Club has made under his guidance, was extended to the Commodore.

George W. Edwards was elected commodore, while David Laurence Vaughan was elected vice-commodore. A new office of rear commodore was created, the honor going to E. K. Merrill. Charles B. Durborow was re-elected secretary-treasurer, and F. W. Robertson, measurer and harbor master. It was decided to allow the new commodore to name the various chairmen, who, as soon as appointed, will in turn select their own committees.

The Yacht Club expects a great season next year, and is planning extensions in every direction. Commodore Edwards is a power-boat man, while the vice-commodore, D. L. Vaughan is a great trap-shooting enthusiast, and with the Gun Club shooting from the Yacht Club's wharf, a fine season is sure to result.

E. K. Merrill will look out for the sailing activities, while C. B. Durborow will see that Riverton tops the heap, as usual, in swimming. With the Club's four officers, each a devoted follower of a different sport, the Yacht Club is sure to have the best in motor-boating, sailing, trap-shooting and swimming.

Mr. Durborow was given a vote of confidence, and the finance committee will determine in a few days if the ten-mile national championship is to come here for the next ten years, and a \$1000 silver trophy be put up to swim for.

To Investigate H. C. of L.

The following appeared in Tuesday's Evening Ledger:

Establishment of a private fund to lay bare all the facts bearing on the present high cost of coal so that the profiteers in the coal industry may be smoked out, was advocated today by R. W. Knight, treasurer of the Riverton and Palmyra Water Co.

Mr. Knight said his company was willing to contribute to such a fund. He suggested that coal users could contribute in proportion to the amount of coal they use.

Mr. Knight said he was sure that hundreds of other business men believe like him that "there is something seriously wrong somewhere" in the present situation.

A sweeping investigation, he believes, would compel action from the part of Attorney General Palmer's office, so that coal prices might be put on a reasonable basis.

Mr. Knight commended the series of articles in the coal situation in Colonel George Nox McCain in the Evening Public Ledger.

"Colonel McCain is evidently getting at the root of the matter," he said. "I would like to suggest a fund for the employment of investigators and counsel so that all the facts may be revealed.

"If exorbitant profits by middlemen were shown, governmental action should result that would cut down the costs to consumers."

Indians Greet "Chief" D'Olier

A party of Sioux Indians, all members of the Legion, greeted National Commander Franklin D'Olier on his arrival at Watertown, S.D., last week on the homeward swing of his tour of the United States. Many of the young warriors brought their fathers, blanketed and feathered braves of another day, to Watertown to meet "the Chief," as Mr. D'Olier is called out in those parts. At Livingston, Mont., the National Commander was initiated into Park Post No. 23 of the Legion, which contains about fifty members who are employees of Yellowstone Park.

The open season for geese, duck, brant and shore birds commences on Thursday, September 16.

Field Club Notes

On Labor Day the Field Club met defeat at the hands of Delanco for the second time this season, score 1-0.

The locals' downfall seemed due chiefly to poor base running and inability to hit safely at opportune times, although errors at first and third allowed the visitors three unearned runs in the first inning. Hardy tightened up after that and had the Delanco men breaking their necks after his curves for the rest of the game.

The Field Club crept up run by run and tied the score in the seventh, but Delanco out snatched across in the eighth and it proved the winning tally.

Russ Gibson, Shaye and Babe MacMullin all batted savagely, each getting three hits. Babe drove one to deep right for two bases and "Doc" walloped to centre for another two bagger. Gibby made three long drives to left, but all the cannonading failed to win.

Last Saturday Eddie Williams himself and the Riverton All Stars were defeated by Bill Botger's Field Club team at the tune of 5-1.

Babe Flynn did the twirling for the locals and struck out seventeen men. Only two hits were made off him, but Delanco's Casey was hit twice at times, although he always tightened up in pinches.

No Objections to Surface Sewer

The township committee was rather agreeably surprised at the meeting held Thursday night when there were no objections voiced to the \$16,500 surface sewer system with which it is planned to remedy the flood conditions on Broad street from Lincoln to Garfield avenues.

The ordinance was finally passed by the committee and bids will be advertised for.

When it came to the ordinance for the building of sidewalks on Pennsylvania avenue, the response was different. So much opposition developed that Committee Stewart offered a motion that action on the ordinance be deferred, and the motion carried.

Keim-Lehman

Miss Lillian Lehman, of Hammon, and Howard S. Keim, formerly of Palmyra, were married Saturday, September 4, by the Baptist minister in Moorestown. Mr. and Mrs. Keim are spending their honeymoon in Asbury Park, after which they will reside temporarily in Hammon.

DEATHS

Jessie H. Irons, daughter of Harriet and the late Jesse R. Irons, and granddaughter of the late David Hunter, died at Banning, Calif., on August 27, after a lingering illness.

LABOR DAY YACHT RACES

Tekama Wins Open Championship for Riverton Yacht Club

The open championship of the Delaware, an after-noon sailing race, presided by Commodore Hollingshead, was won by the Tekama, representing the Riverton Yacht Club, which had invited all the clubs on the Delaware to compete. The competition was keen, the Tekama being a length of foot more than thirty-five feet.

The Tekama, piloted by Captain Biddle, of Riverton, completed the necessary three circuits of the triangular course, 10.6 miles in all, in 1 hour, 21 minutes and 30 seconds.

The greater part of the race was a neck-and-neck affair, with the Tekama, Captain E. K. Merrill, pressing the leader closely. A 30-mile equal which came up to the middle of the race made the spray fly and swift boats fairly skim the water.

The Tekama was first to cross the line, making a clean start on the instant the gun was fired at 10.15. The Tekama was a full minute behind, but speedily closed the gap, and for several miles the two boats raced on a neck-and-neck basis. Then the coming of the "big blow" sent the Tekama into a safe lead. The Tekama's time was four minutes slower than that of the winner.

of New Jersey, meaning

"SWEET WATER SHORE"

The original settlers of this section deserve
the credit that is given in history to William

Philadelphia was established. They also retained
many of the musical-sounding Indian names.

Nothing but Emptiness.
A little girl, a neighbor of mine, went
to the country with me last summer.
When we were out of doors looking
around the first day, the immensity of
the sky seemed to amaze her. "O-o-o!"
she cried, stretching her little arms
wide and looking up at the embrace of
nature. "Where's everybody gone to?"

Fruit Trees Are Scarce!

We Advise Ordering AT ONCE

This is the first time in our history that we have issued
an announcement at this time of the year. Our inter-
est in thousands of fruit growers this year impels us
to warn them that fruit trees, especially the best vari-

eties, will be very scarce this year. The man intend-
ing to plant a few or several thousand fruit trees (es-
pecially apples) should place his orders very early this
year. He had better place his order NOW.

World Shortage of Apple Seedlings

France has always been America's chief source of apple seedlings.
From 1914 until the spring of 1919, when France produced
very few apple seedlings. In a few sections of the United States,
in our propagating grounds in Kansas and in our branch nur-

series, we here in America have done our best to make up for the
world-wide shortage of apple seedlings. But—the shortage will
continue—and but for the fact that we made our plans far ahead
and saw to it that

Major Stark Was First to Contract for French Apple Seedlings

soon after the Armistice was signed, we would be in no better
position than many other nurseries. When Major Stark came back from France with his
regiment, he had in his pocket contracts for huge blocks of French
seedlings. Due to this foresight, we are in a better position to

supply our loyal friends and customers than any other fruit tree
nursery in the world. However, the shortage elsewhere has cre-
ated and intensified the tremendous demand for Stark Trees.
Ample as our stock of trees will be, we advise you to place your
order early of time.

Stark Bro's Nurseries

Are Ready to Supply Big Fruit Tree Buyers

—and the man who wants just a few trees. If you protect yourself by writing us at once for latest price list—and then, by placing your
order on or before, we will ship the trees whenever you direct—and protect you against disappointment.
Despite the shortage we hold our prices at reasonable levels. We feel that it is our duty
toward the orchardist, who, by their patronage, have helped to make this the largest
Nursery in the World, to hold prices as low as possible. Even our famous Stark Del-
icious and Stark's Golden Delicious Apple trees and our famous Peach, Pear, Plum,
Cherry trees and Berry bushes are priced with the idea of encouraging greater orchard
planting in America.

But—Act Quick!—Write for New Price List
Don't wait until the usual time of ordering fruit trees. Our nursery, and others turned
down thousands of orders last season. Don't you be disappointed this year—ORDER
NOW.

The Certain-teed Guarantee as a Basis for Estimating Roofing Cost

The Certain-teed guarantee provides a basis for estimat-
ing the approximate cost per year of your new roof.
Certain-teed Roofing, Number 3 Heavy, is guaranteed
for fifteen years. It usually lasts longer.

Taking fifteen years as the assured life and dividing the
unusually low cost of Certain-teed, as compared to most
modern types of roofing, by this figure, you readily see
how economical Certain-teed is.

The light and medium weights of Certain-teed are also
guaranteed five years for the former and ten years for the
latter.

In addition to its durability, Certain-teed is weather-proof,
fire-retarding and spark-proof.

And it costs less to buy, less to lay and less to maintain
than any other type of good roofing.

See a Certain-teed dealer about roofing. If he hasn't
enough of the weight you want in stock he can quickly
get more from a nearby Certain-teed warehouse or
distributing center.

Let Gas and Electricity Do Your Work

If you employ them, you too can have time for recreation
and self-improvement, and never feel fagged out.

A Hoover Cleaner cleans rugs more safely and much better
than the old hand beating method.

It takes a long time to explain why the Hoover is so desir-
able, but our demonstrator can show you in a few minutes. Come
see for yourself. No obligation.

Four sizes, for homes or institutions. Sold on easy terms that
anyone can afford.

Sew by Electricity

When a sewing machine seems slow and tires you,
let an electric motor run it. Pretty things materialize
swiftly. You soon save the cost of the motor.

If you get a new machine, by all means have one
with built-in motor.

See our electric motors for machines, \$18.50; machines
with built-in motor, \$60 to \$90; 20 per cent. down and 20
per cent. a month.

Light Means Welcome

If you have your house and porch well-lighted, it looks as if
you expected your guests. Our Mazda lamps give more light

To the Republican Voters of Burlington County

We, the undersigned citizens and voters of the Borough of Riverton, feeling a deep interest in Burlington County and its administrative offices, and realizing that the office of Sheriff requires in its conduct special qualifications, deem it our duty to acquaint the voters of the County of our confidence in Edward H. Flagg, Jr., a candidate for nomination to said office.

As mayor of the Borough of Riverton for eight years, he was a progressive official, thorough, capable, competent and reliable. We feel that he would bring to the office of Sheriff the same energy and business ability as characterized his official acts of the past, and we enthusiastically recommend him to the voters of the County.

Nipped in the Bud

Evidently the new principal at the school knows her rights and the rights of the school, under the law, and will stand for no trifling. On Monday, four or five of the boys who graduated last year and are now attending high school, congregated on the school grounds and after school had called started in to annoy the teachers and pupils by calling up to the rooms. Miss Chew promptly called the police department on the telephone and the chief detailed Officer Quigley to look after the matter. He warned the boys that the next time they attempted any annoyance, they would be arrested.

Local Political Activities

The Riverton Republican Club will hang a banner near the station as usual. It is expected to put it up early next week.

The women voters have elected to join hands with the men's organization instead of forming a club of their own. Mrs. Charles F. Allen has been made chairman of the committee in the second district, and Mrs. Walter L. Bowen has been chosen of the first district. A canvass is being made of the women voters this week to determine as far as possible what their political preferences are. It is expected to have the work completed by next Tuesday.

Schools Closed for Want of Teachers

One hundred schools throughout New Jersey have been closed for lack of teachers. Calvin N. Kendall, State Educational Commissioner for New Jersey, makes this report. Failure to offer sufficient salaries is held responsible for the shortage of teachers in many cases.

Political Meeting and Parade

The newly organized Republican Club of Riverton has arranged for a mass meeting to be held in the auditorium of the public school next Tuesday night at 8 o'clock.

Addresses will be made by Hon. W. H. Hairff, of Virginia, and Hon. Robert Carey, of Jersey City.

One of the speakers will be especially qualified to explain the election laws of our State.

The Griffenberg Band has been engaged for the occasion and a street parade, with a transparency, red lights and all the "fixins" of the old campaign days. Citizens are requested to illuminate their homes.

The ladies are particularly invited.

Delair School House Burned

The school building at Delair was destroyed by fire this morning, despite the efforts of four fire companies to save it. About half-past eight one of the teachers discovered fire in the cellar. How it started is not known. Fire companies from Camden, Merchantville, Palmyra and Riverton responded to the alarm. The water pressure was so low that the Riverton and Palmyra companies did not attempt to use their hoses, but held the flames in check as much as possible with their chemical apparatus until the arrival of the big pumpers from Merchantville and Camden. The building is practically a total loss. What was not spoiled by the flames was destroyed by water.

WEEKLY NEWS BUDGET for Riverton and Vicinity

Day R. At Home.

D. L. Vaughan and family have returned from Wildwood Crest.

Mrs. M. Faunce has returned home after spending a week at Cape May.

Miss Amanda Faunce, who sailed for the Philippine Islands, landed on the 12th.

John Moffit, of Westfield, has moved into his new property on Elm Terrace.

R. Biddle Frishmuth and family have returned from Wildwood where they spent the summer.

Ross Mattis has returned to his position in the post office after spending the summer at Atlantic City.

Frank Coddington and mother, and J. M. Coddington and family motored to Berlin Sunday to visit Mrs. L. O. Grenelle.

The Cinnamonson Home is in need of a folding screen for nurse's room. Phone Riverton 32-J-5, and it will be called for.

Walter Radcliffe fell off the roof of J. R. Naisley's new house, which is in course of construction, last week and broke his arm.

Robert Townsend, of Syracuse, N. Y., who has purchased the M. McIlvaine property, through John S. Warner, will move in on Monday.

Mr. and Mrs. J. D. Clark returned to their home on Thomas avenue Tuesday, after spending the summer at Wildwood, where they have a cottage.

Miss Augusta Cavanna will entertain a number of friends Saturday evening in honor of Dr. Webster Moriarty, of Saratoga, who is a guest of Miss Cavanna.

Ogden H. Mattis, Louis Corner, Jr., William B. Lynch and Walter Armstrong attended the annual meeting of the State Firemen's Association at Atlantic City yesterday.

Mr. and Mrs. J. D. Eisele arrived home on Saturday from their Western trip. On their return they were presented with a handsome desk set by the employees of Dreer Nurseries.

Ray Simons, who has been spending the summer in Riverton, will leave for school on Monday. Mr. Simons was tendered a farewell party Thursday evening by a number of friends at the home of Dewitt Houghtaling.

The monthly business meeting of the Wesleyan Bible class will be held Monday afternoon at 4 o'clock at the home of Mrs. Hylton Smith. This class holds its study sessions in the Presbyterian Church Sunday afternoons.

Robert Biddle has received a postal card from John S. Bradley, who is in Europe with the Knights of Columbus party, in which Mr. Bradley says he is having a fine time. After spending four days in Rome, he was leaving for Genoa.

The Secretary of the State Board of Equalization of Taxes has stated that the Board holds to be invalid the act which aims to afford active firemen exemption on \$500 worth of property. The Board bases its action on a Supreme Court decision which knocked out the firemen's exemption several years ago.

The Burlington County Game Protective League has started another pioneer movement in the State and one that will meet with hearty approval. The wooded section of the county is so thickly inhabited by foxes, that rabbits are almost exterminated, and to remedy this condition special days will be set aside, when the county will form hunting parties to kill this most deadly enemy to the game.

There not being a quorum present at the meeting of the Board of Education Monday night, no business was transacted, but there was a most interesting exchange of views between the members of the board who were present and Miss Chew, the new principal, looking to the improvement of conditions in the school. Miss Chew reported the enrollment of 301 pupils, and submitted a calendar for the school year.

A carnival for the benefit of the Burlington County Hospital will be held at the Moorestown Field Club, Saturday, September 25, 2 to 10 p.m. There will be many attractions, including Turkish coffee house (demonstration of rug weaving), Punch and Judy, mystery booth, Japanese tea house and balloon man. Another feature will be the curbmarket, which will supply the needs of the Sunday dinner. Sandwiches, coffee, ice cream, home-made cakes and candy will be for sale. Admission 25c. Everybody invited.

Lawton Faunce caught 4,800 pounds of carp in a single haul of his net last Thursday night. Faunce and his men report that there were hundreds of pounds more in the net but that they were unable to handle it with any more fish enmeshed, and so were obliged to scum the surplus fish. Carp is bringing 14 cents a pound in the city markets just now, so the catch brought \$672, a pretty good night's work, even after deducting freight and commissions. It is said that the run of carp in the Delaware lately has been the greatest in many years.

The Rev. John R. Mason on Wednesday was appointed pastor of the Methodist Church in Moorestown, taking the place of the Rev. George Johnson, who was compelled to give up the pastorate because of illness. The Rev. Mr. Mason will assume charge of the church at once and will move to Moorestown in the near future. He has been residing in Riverton for the past two years, during which time he has been secretary and treasurer of the Preachers' Aid Society of the New Jersey Conference. He will retain this office in addition to the Moorestown pastorate.

J. Lloyd Wright, of Medford township, candidate for the Board of Freeholders, was in Riverton on Tuesday, and stopped at The New Era office for a few minutes. He had too much to do to prolong his visit, but he stayed long enough to create a highly good impression. Mr. Wright was chairman of the roads committee of the Board of Freeholders at the time it was decided to put down the improved road between Palmyra and Beverly, and was the father of the resolution calling for the construction of 20 miles of this kind of road every year, under which this improvement was made. D. M. Clifton, who was Riverton's representative on the Board at the time, speaks very highly of the work done by Mr. Wright in connection with road improvement plans.

"Solemn" referendum is right! In Maine it sounded like a funeral dirge.

S. B. Lisk and family motored to Hatboro, Pa., Sunday to visit friends.

Mr. and Mrs. T. A. Flower, of Germantown, are staying at the Lawn House.

Mr. and Mrs. Edwin S. Coy, of Brooklyn, are spending two weeks at the Lawn House.

Charles W. Wanger and family have returned home after spending the summer at Lavellette.

Mrs. C. E. Schmerhorn gave a card party at the Lawn House this afternoon in honor of Mrs. E. S. Coy.

Ripe peaches for canning purposes can be obtained daily at the Cold Storage plant at East Riveron—adv.

Harvey E. Stewart and family returned to Riverton last Friday after spending the summer at Atlantic City.

The final card party for this season of the Riverton Yacht Club will be held on the morning of September 30.

Mr. and Mrs. George MacIntyre and children, of New Castle, Del., are visiting her parents, Dr. and Mrs. N. F. Stahl.

C. E. Schmerhorn has just returned from Georgia, where he has been the architect for a large mansion for Mr. Eugene Grace, of Bethlehem.

Mrs. Holder and family, who have been occupying the Stevens house on the river bank for the summer, returned to their home in Philadelphia Wednesday.

Mrs. Jeanette Hollingshead, Richard and Stewart Hollingshead returned home Tuesday after spending ten days with their father on his yacht in the Chesapeake.

Mr. Alexander, of Australia, has been staying at the Lawn House this week, while he has been investigating the Japanese beetle at the entomological laboratory at Cinnamonson.

R. W. Knight and Rex Showell have left for Baltimore in Mr. Knight's power craft to tow home the Babel, which boat Mr. Showell has purchased from J. Linton Bigg. This will be quite an addition to the L. L. fleet, giving Riverton four of these fast handsome sailing craft. Tomorrow, the 18th, will be the last big all-round sailing day of the season at the Yacht Club.

A flag campaign tour of the county will be made Saturday, September 18 and 25, starting from the Riverton station at 6.30. Those having automobiles are invited to fill their cars and join the procession. Voters who desire to make the trip are asked to meet at the railroad station, where cars will be provided for them. Ladies are especially invited. The Irons Band, of Burlington, will accompany the procession. All together, now—everybody join in and whoop it up for "our Sheriff."

MARRIED

Miss Ethel Mattis and Thomas Braddock were married last Saturday morning in St. Paul's Church, Camden, the Ven. R. Bowden Shepherd officiating.

The bride was attended by Mrs. J. Douglas Clark as matron of honor, and Miss Mildred Smith, of Newark as maid of honor. Mr. J. Douglas Clark was best man. Only members of the immediate families were present.

Friends Denounce League

The London conference of Friends, from all parts of the world, has rejected the present League of Nations as "iniquitous and bearing the seeds of future wars." This is the report of Dr. William L. Hull, of Swarthmore, a delegate to the conference, brings. He termed the present League of Nations "an alliance of nations to dominate the world."

—And a Pretty Smile

Youngsters notice more than they are often given credit for, and receive impressions, pleasant or otherwise, from seemingly trivial things. On Monday a five-year-old was questioned at the supper table about how he had made out in school that day. "All right," he said. "And the teacher had on a pretty dress and a pretty smile."

The pretty dress and the smile had made a more lasting impression on his sensitive little soul than any of the other occurrences of the day, and the memory was a pleasant one. Worth while, isn't it, to wear a pretty frock—and to smile?

A daughter, Jane, was born to Mr. and Mrs. Carl Jefferson, of Horace avenue, at the Cooper hospital, Camden, last Friday night.

Overseer Land has had a force of men busy these last few weeks cleaning up several of the streets near the outskirts of the town.

Mr. and Mrs. James A. Ryckman and daughter, Miss Dorothy, of Washington avenue, have returned from a week's trip to Canada.

State Highway Engineer Wesser is urging the legislature to increase motor license fees so as to augment the State highway funds.

Mr. and Mrs. James T. Weart left Sunday for a week's auto tour, visiting Stroudsburg, Easton, the Pocomos, and Lake George, N. Y.

The Ladies Aid of Asbury will give a box social Saturday evening, September 25th, at the home of Mrs. W. H. Stowe, East Riverton.

Attention is called to the change in the meeting hour of the churches and Sunday schools, which return to their winter schedule next Sunday.

Camp 3, P. O. of A. will entertain the national president Wednesday, the 23rd, and it is desired that all members will be present. The meeting will start at 8 o'clock sharp.

Knights of the Golden Eagle from all over New Jersey will gather at Trenton on Monday, September 20, for the 37th annual session of the Grand Castle of New Jersey.

John P. Saar, Harry Saar, Edward Roberts, Charles Korns and Richard Furman are attending the State convention of the Firemen's Relief Association this weekend at Atlantic City.

Mrs. J. S. McLaughlin was recently the guest of her daughter, Mrs. Edward Blair, of Hilton Village, Virginia. Mrs. Blair returned with her by auto and spent the week in Palmyra.

The Rev. William H. Libe, formerly of Palmyra, and now pastor of the Methodist Church at Linwood, was the guest of friends here over the weekend and preached the morning sermon at the Epworth Church.

Howard Magee, of Riverside, had two fingers cut off while operating a circular saw at the Palmyra foundry on Tuesday. His injury was caused by Dr. Miller, after which he was taken to the West Jersey hospital, Camden.

The question of the purchase of the Burlington sewerage plant by the city has now been practically settled, as at the last meeting of the Common Council the body passed a resolution authorizing the city clerk to execute an agreement for the purchase of the plant.

A meeting of the Anti-Saloon League of Burlington county, in the interest of the candidacy of William H. Bright, of Cape May county, for the Republican nomination to Congress from this district, was held in the Methodist Church in Burlington last Monday evening, and a number of Palmyra workers attended.

The Sorrell Horse hotel, near Five Points and just across the Camden County line, was included in the raids conducted the last of the week by Camden County authorities, under the direction of Prosecutor Weyer, in an effort to stamp out violation of the dry amendment. Harry Hayes, the proprietor, was held in jail.

Henry A. Stiles, Republican county committeeman for the third district of Palmyra, has been unable thus far to obtain a member of the Woman's Auxiliary to the county committee, of which Mrs. Sherman, of Moorestown, is chairman. Everybody who has heard from any woman willing to undertake the responsibility for the good of the party.

The annual business meeting of the Philathea Bible class will be held at the home of Mrs. Richard Taylor, 317 Lecony avenue, next Thursday afternoon at 2:30. There will be election of officers, and reports will be received from the various departments, telling of the work done during the year. The hostesses will be Mrs. Warren Beahn, Mrs. A. J. Brooks, Mrs. Richard Taylor, Mrs. Levis Wallace, and Miss Mary Benner.

Postmaster William H. Cook spent Tuesday visiting old home scenes in Delaware. In addition to visiting his father in Kenton he went to Smyrna, Clayton and Dover. At the capitol he arrived just in time to witness some of the tumultuous scenes attendant upon the democratic State convention to nominate a governor, and he also took another look at the old whipping post, which has been in disuse for some time, and is beginning to rot away.

Schools are crowded

Palmyra schools opened this week full of overworked five year olds, and some of the grade rooms are especially crowded and Superintendent Griffith has his hands full figuring out what to do with all the pupils. It was necessary to rent the basement of the Baptist Church for one of the kindergartens.

The High School enrolled 300 students, an increase of 50. The Freshman class numbers 140.

The High School luncheon will be opened by the Parent-Teacher Association on Monday.

October 10 will be Educational Sunday throughout the State.

Business Men Discuss Ferry

The proposed ferry from Palmyra to Tacony was brought up for discussion at the meeting of the Palmyra business men's association Tuesday evening.

The members thought that such a ferry could not help but be a big benefit to the town, although there was some doubt as to whether it would prove a paying proposition to the company undertaking it.

A ferry, it was believed, would permit people living in the crowded sections across the river to seek homes on the Jersey side and would prove a convenience to traffic bound for the upper sections of Philadelphia.

It was decided that the matter of having Palmyra's phones listed under a Palmyra heading in the directory, should be taken up with the State Utility Commission, the phone company having definitely refused to consider making the change.

A letter was read from C. B. Wenger relative to the possibility of obtaining an extra train to Philadelphia about 8:50 or 9 a. m. to relieve the overcrowded condition of the 9:25.

The association decided to support Mr. Wenger's request to the railroad company.

A change in the by-laws of the association to permit Palmyra men having their businesses outside of the town to become members, was discussed.

Diamond-Hauser

Mr. and Mrs. August Hauser, of 603 West Sixth Street, Palmyra, announce the marriage of their daughter, Miss Alice, to Mr. Eugene Diamond, of Riverside, in Philadelphia, on September 8. After October 1st Mr. and Mrs. Diamond will be at home at 314 Cleveland avenue, Riverside.

King-Arnold

A very pretty wedding was solemnized Wednesday evening, September 15, at 7:30, when Miss Elva Adelaide Arnold, granddaughter of Mrs. E. A. Bradley, became the bride of Mrs. Charles Austin King, of Milford, Mass.

The ceremony was performed at the home of the bride by the Rev. E. A. Robinson, pastor of the Epworth M. E. Church. Miss Elizabeth Rush, of Forest Grove, N. J., was bridesmaid and Dr. James Brown, of Riverton, was best man.

The bride's gown was of white georgette crepe over white silk. Her full veil was held in place by orange blossoms and she carried a shower bouquet of white roses and verbenas. The bridesmaid was attired in pink georgette crepe and carried pink roses.

Mr. Charles York, of Alden, Pa., played the wedding march. A reception was held immediately after the ceremony. The bride received many beautiful gifts.

Saar Manager of F. C. Football Team

John Saar, Jr., has been selected to manage the Field Club football team this season and has issued a call for candidates to come out next Tuesday evening when preliminary practice will be held under the arc lights in front of the post office. Auto headlights also will be used to add to the illumination.

With the veterans of last year's team and this year's material, a splendid team is assured. The team captain will be elected by the squad, so all candidates should put in an appearance early.

To Revive Red Men

A big parade was staged by Tacoma Council, Degree of Pocahontas, Tuesday evening, with a view to creating interest in the revival of a Tribe of Red Men in Palmyra, and to boost the order of Pocahontas.

The line of march was from Palmyra to Riverton and back, and the procession was made up of the following lodges, with numbers in line as indicated: Mincola No. 57, Moorestown, 42; Pocahontas, 18, of Mount Holly, 31; Keepawa No. 257, of Beverly, 22; Tacoma No. 102, of Delanco, 20; Powhatan No. 98, of Bridgeboro, 10; Minnehaha No. 38, of Florence, 10. Music was supplied by the Wyoming Tribe, of Camden. All the Red Men were in full costume, and the Pocahontas of Palmyra wore their new costumes. William L. Fichter, of Tacoma No. 204, Tribe of Red men, was marshal, assisted by John Sloan.

Addresses were made by Great Senior Sagamore J. P. C. McCoy, O. A. Donnelly, of Florence; W. Carter, of Beverly; C. Anderson, of Welton Tribe, Philadelphia.

District Deputy Ida M. Sloan presented Mincola Tribe, of Moorestown, with a silk flag for having the largest number in line.

After the parade the Pocahontas sold ice cream, "hot dogs" and soft drinks to help pay for their costumes.

P. T. A. Plans Big Year

The Palmyra Parent-Teacher Association will hold its first meeting of the season next Tuesday evening at 8 o'clock in the High School auditorium. Everybody will be welcome and a big attendance is desired.

There will be a musical program, light refreshments will be served and a reception will be given for the teachers.

The Association plans the most active year in its history.

Heavy Registration in Palmyra

There are over two thousand registered voters in Palmyra this fall, the big increase being due to the growth of the town and the addition of a considerable number to the male registration.

Although the election board members got the impression during canvassing that the women's names would far outnumber the men, an actual count shows the two sexes to be about 50-50.

Very few women, a half a dozen to a district, refused to give their names, and while these few may be under the impression that they are not registered, in most cases they are. It was the canvasser's duty to get all the possible voters and wherever a name was refused it was obtained if possible from neighbors.

In one first district family there were two men voters and five women, father, son and five daughters over 21.

The total first district registration to date is 673, of which 373 are women. Last year the registration was 282.

The total in the second district is 540, with 266 women. Last year the total was 261.

The third district total is 823. Last year it was 363.

Total registration this year 2036, last year 906.

These totals will be added to somewhat by later registrations.

Field Club Baseball

The Palmyra Field Club has a big baseball game on for this Saturday when the Riverside Field Club will contest with the locals for The Field Club championship of the county.

Last Saturday, in a close and hard fought game, but which was marred by wrangling over umpire's decisions, Post Rodgers defeated the Field Club by 3 to 2 in the tenth.

Both the Field Club and the Post have now won one game each and the rubber will be played a week from Saturday.

"Keep Baby Well" at the Fair

One of the attractions at the Mt. Holly Fair was the Baby-Keep-Well Station of the New Jersey Child Hygiene Bureau. It was so situated that the crowds going and coming could easily stand and see the babies being weighed and measured.

A record card was given each mother, giving the facts regarding her baby's weight and development, and the nurse in charge of the work gave whatever advice or help seemed necessary.

High School Football

Forty-five Palmyra High School lads turned out for football practice this season and Coach Terry thinks the prospects are splendid. He has last year's veteran linemen to work with, but virtually an entire new backfield must be developed.

A tackling dummy has been rigged out and the coach is putting the boys through stiff practice inasmuch as the early season games will be hard. Norristown High will be played at Norristown on the 25th and Woodbury at Woodbury on October 2.

Printer's ink is not the only means of advertising.

Everybody advertises something. The infant begins with a cry to advertise the fact that it has arrived, and it keeps right on advertising one thing or another all the days of its life.

The way a man treats a dog advertises his character and the way he treats his fellow-men advertises very decidedly in his favor or against it.

Similarly to find the usefulness of a business listen to what others say about it and forget what it may say about itself.

Yacht Club Preparing for Winter Sports

The Yacht Club swimming season will about close this Saturday when several of the younger set are slated to try the "across river swim" as their last chance to earn a medal this year. Our youngsters certainly have made a fine showing this season. Last Saturday little Edward A. Collins, Jr., a 12-year-old boy, swam three quarters of a mile in the river, from above the old Gun Club grounds down to the Riverton wharf, when his longer swim hereafter had been a 160-yard swim across the Schuylkill river above Norristown, Pa. This indicates how rapidly these youngsters progress, and what a fine future is opening for swimming with so many junior stars coming along.

George Corner and Jack Showell secured their medals for the five-mile marathon race in the Schuylkill river. Each made an excellent showing in the ten-mile national as well.

Miss Harriet H. Holder carried off the girls' honors this season by her swim to Philadelphia in 3:16, and she is anxious to make a record in the Chester swim before the water becomes too chilled. The Misses Steele, Riggs, Campbell and O'Neill all finished in the women's three-mile race.

The Delaware River Yacht Racing Association will give its annual dinner on October 14th at 7 p. m. at Boothby's new restaurant, Philadelphia. All Yacht Club members desiring to go can secure tickets from Mr. Durborow.

The Commodore will call a meeting of the officers and Gun Club committee to deliberate on the improvements that will be necessary to the pier to enable the Gun Club to shoot from it.

On September 25th the Yacht Club is giving an informal dance at which it is hoped the members may become better acquainted, and be the means of starting future social events.

Commodore George W. Edwards determined to make his term of Commodore a most successful one to the Yacht Club, and he is thinking of many extensive improvements to the Club, one of which is a dry dock.

The Club will also create the position of a fleet captain. Each day sees new craft joining the fleet. The latest addition is the fast speed craft of William J. Curtis. Club members have also purchased a power craft, which has joined the Riverton fleet. The Club is talking of continuing its monthly meetings during the winter, and some of the members desire a course in navigation.

All in all the Yacht Club is waking up and being boomed as it was never boomed before. All its officers are hustlers, and with wide awake committees it gives every promise of being one of the best and most popular Clubs in the country.

Interesting Items from East Riverton

Charles Hauser, of Camden, is visiting his aunt, Mrs. E. M. Everingham.

Raymond Sizer has been visiting friends in Philadelphia. Miss Elizabeth Giberson spent the week-end at Lakewood, with friends.

Miss Ada Perkins has taken a school at Cambridge. Miss Perkins has just returned from an automobile trip to Washington.

Mr. and Mrs. Fred Church and children spent Sunday in Philadelphia visiting relatives.

Miss Millicent Church has just returned from Atlantic City, having spent the summer there with relatives.

Mrs. S. Ellis, of Vincentown, is visiting her sister, Mrs. John Banfill. Miss Madeline Salisbury, of East Riverton, was tendered a variety shower at the home of Miss Marie Sturges, at Rutledge, Pa. Many beautiful and useful gifts were received.

Miss Salisbury was also given a farewell dinner at Green's hotel, Philadelphia, by her fellow clerk of the Pennsylvania Railroad office. They presented her with a beautiful gift.

Arthur and Calvin Stowe have just completed a garage at their father's home, Belview avenue.

Mr. and Mrs. Cecil Bowers have moved into their new home on Warrenton avenue.

Rev. and Mrs. George Palmer, of Burlington, visited her mother on Thursday.

Another Promising Mermale

Miss Anna Lippincott Biddle, daughter of Charles M. Biddle, Jr., swam across the river and back Thursday evening in the fine time of 37 minutes. She was accompanied by her father who rowed the boat, and by Mr. Durborow who swam with her. Mr. Durborow says of all the children he has accompanied on these swims, she is undoubtedly the best. She swam a good speedy stroke thru-out, the chief difficulty being in trying to slow her up a little. At the start she only intended to swim across. That is what she said, anyway.

It was exactly high water, which necessitated the swimming of a further distance than is generally necessary. She landed directly across from Riverton in 26 minutes. At once she asked her father if she couldn't return, and without a second's stop swam back again to the Riverton shore in 31 minutes, or 57 minutes for the entire trip.

She is the only girl in Riverton, with the exception of Miss Holder, who ever swam across and back. She is also the youngest girl across the Delaware, being but 11 years of age. Her time is much better than most of the boys, and many of the adults who made the both-way journey. Mr. Durborow expressed it as his opinion that from her perfect condition at the end of the long swim, that she could undoubtedly make the trip to Philadelphia, with a little training.

This summer she carried off all the swimming honors at Camp Ingham at Lake Winapauke, New Hampshire.

Noncommittal

The Mount Holly News says: The fight for sheriff is progressing smoothly without any mud-slinging and each candidate is doing his best to get the prize.

The general impression is that the result will be in favor of Edward H. Flagg, Jr., of Riverton, or Joseph B. Fleetwood, of Mount Holly. Both men are well known, and 11 years of age. Her time is much better than most of the boys, and many of the adults who made the both-way journey. Mr. Durborow expressed it as his opinion that from her perfect condition at the end of the long swim, that she could undoubtedly make the trip to Philadelphia, with a little training.

Well, Flagg's our guess!

CINNAMINSON

An Indian name from the Lenni-Lenape Nation, the original owners of New Jersey, meaning

"SWEET WATER SHORE"

The original settlers of this section deserve the credit that is given in history to William Penn, for they made friends with the Indians, and bought from them this section of New Jersey, long before William Penn came over or Philadelphia was established. They also retained many of the musical-sounding Indian names.

WORLD FAMOUS AVIATOR AND AVIATRIX TO DEFY DEATH AT 1920 TRENTON FAIR

"Tex" McLaughlin, Successor to Locklear, and Laura Bromwell, Looping the Loop Record Holder, Engaged as Supreme Thrillers—Other Colossal Events.

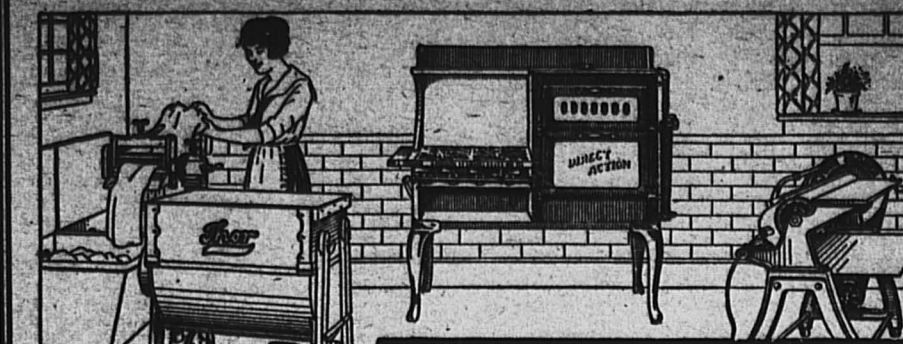

Trenton, N. J.—Two of the highest and most daring outdoor performers in the whole world are coming to Trenton to thrill the crowds at the big Trenton fair, which will be held from September 27 to October 1, inclusive, and which is heralded as the most colossal exposition of its type in the United States.

The thrillers are Harry "Tex" McLaughlin, known as the death-cheating youngster from San Antonio, Texas, and Miss Laura Bromwell, the world-famed aviatrix, and the only woman looping the loop with an airplane. Both have been engaged at the largest salaries ever paid a performer in the history of the exhibition.

McLaughlin's act was to have been the part of the late Locklear, bird man of international renown, in the coming fair.

McLaughlin, described as the successor to Locklear, will perform the Locklear feat and then some. He is of a natural gymnastic build that enables him to do such stunts as hanging, spinning by his teeth, from the bottom of the plane, doing a three-fingered hand stand on the top wing of a plane and making a death-defying plunge which is one of the big thrills of his act. He hangs by his toes from a trapeze and changes planes while blindfolded. McLaughlin will be accompanied by his noted pilot, Lieutenant Short, who was the right-hand man of the late Locklear. His act will be the thriller Wednesday, Thursday and Friday of the big exhibition. As Bromwell will occupy the feature act in the show Monday and Tuesday.

Ways to Save Work on Mondays

First use a electric washer; one protected against motor trouble; one that cleans fine things as well as and as safely as heavy ones; one that wrings them—the Thor—which finishes the average washing in an hour and a half.

On a good drying day the first clothes out are ready to iron when the washing is done, as they iron better damp off the line. Light the electric ironer before you bring them in.

An electric ironer irons bungalow dresses, lingerie, rompers and skirts, as well as flat pieces, knitted underwear and stockings in a third the time required for hand ironing. Shirts and blouses can be ironed more rapidly than by hand, then only a few fussy things, less than one-tenth of the ironing, are left for the gas or electric iron at noon, and you're not even tired.

By that time lunch is ready. You put in the oven scalloped potatoes, creamed salmon with peppers, and stewing cinnamon pears, perhaps, right after starting the first clothes. Then you set the regulator and forget lunch until ready to serve it, when you find it cooked deliciously. After lunch you may put dinner in the oven to cook, and have the afternoon to yourself.

The Direct Action Range with the Lorain Oven Heat Regulator measures heat so exactly that bakings are always successful and whole meals oven-cooked while you are engaged elsewhere.

We recommend the Direct Action Range with the Lorain Regulator because it has the convenient high broiler and a directly heated oven that saves gas.

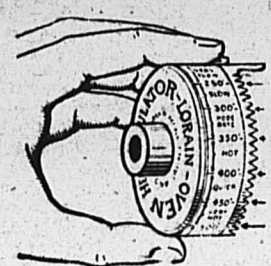

The Thor Washer, 6-sheet size, for average family, is \$150.

The Thor Ironer, 44 inches wide, hand operated, is \$160.

The Capitol Ironer, 48 inches wide, foot operated, is \$195.

The Direct Action Range with Lorain Heat Regulator, five burners, enamel pans, panels and splashers, lighter, installed, \$110.85.

These devices make it possible for any woman to lighten her work at once and they can be paid for on our easy terms.

Nothing but Empress.
A little girl, a neighbor of mine, went to the country with me last summer. When we were out of doors looking around the first day, the immensity of the sky seemed to amaze her. "O-o-o!" she cried, stretching her little arms wide and looking as if to embrace all nature. "Where's everyone gone to?"—Exchange.

IT LASTS FOR YEARS—NOT MONTHS!

VALDURA 99.5% PURE ASPHALT PAINT is offered for permanent protection. You do not have to apply VALDURA every year like you do most paints of its type. VALDURA makes its strongest appeal to the better class users. It sometimes costs a little more than the black tar dopes so generally offered, but it really costs less because a gallon goes further and lasts a great deal longer.

VALDURA 99.5% PURE ASPHALT PAINT

should be preferred for all types of roofs, whether rubber, felt, composition, or metal. It is used widely for bridges, culverts, tanks, farm machinery, etc. You can use it over anything a water and weather retaining paint is required, whether below ground or aboveground.

It is supplied in regular sized containers from 2 Gal. cans up. It is all ready for use and does not have to be heated or thinned with before you use it.

Let us send you the VALDURA Booklet and if you wish it, we will include a free sample of our test.

Service Men's Ring Greatly Appreciated

Editor The New Era:

Received the "home town tribute" a few days ago. Will you kindly extend to my good friends and citizens my sincere thanks and full appreciation. The ring in itself is very beautiful indeed but the thought is even more so. I shall always hold the ring in fond remembrance of my comrades, both living and gone, and the goodly town folks.

Sincerely yours,
W. RUSSELL SMITH.

Riverton's First Game

The Riverton foot ball team will open the season with the strong Magnolia team from Frankford, Saturday afternoon at 3.30, on their grounds, Fourth and Linden. It has been arranged to bring the visiting team to cross the river in R. W. Knight's motor boat.

The Jessup boys of New Albany have been engaged to level up the field and get it ready for Saturday's game.

The response of the people in Riverton to the managements request for financial aid has been most gratifying. There is, however, need for more funds, and those desiring to contribute something toward the support of the team may give it to W. C. Wright or Francis Hollick.

School Board Meeting

The meeting of the Board of Education, postponed from Monday night owing to the absence of a quorum, was held Friday evening.

Miss Chew, principal, reported an enrollment of 314 pupils, of whom 28 were colored.

The board passed a set of rules defining the duties of teachers and pupils.

The subject of irregular attendance and requests for early dismissal came up, and Miss Chew said that if satisfactory results are to be obtained, attendance all day and every day is an absolute necessity. The school work is a very serious and important matter for the child, and if they are to receive the instruction they should receive, and do work which will properly prepare them to be advanced to the next grade at the end of the year, the children must be kept in school, and she said she hoped for the full co-operation of parents in this direction.

It was Miss Chew's recommendation that requests for early dismissal of pupils should not be granted except in cases of real necessity. In this the board fully concurred.

This year the Riverton board is sending twenty-four pupils to high school—twenty to Palmyra and four to Moorestown.

Mr. Boyer said that it gave him much pleasure to report that the James A. Bradley Post, American Legion, will present to the school a silk flag 3x4 feet to be used at assembly.

The offer was received with many expressions of appreciation by the other members of the board.

Report of London Conference

Dr. William I. Hull, of Swarthmore College, who has recently returned from the Conference of All Friends held in London, will give a report in the Westfield Friends Meetinghouse Seventh-day (Saturday) evening at 7.45.

In the afternoon from 3 to 5 there will be a tournament, composed of various kinds of games in which all can participate. This will be followed by a basket supper, after which Dr. Hull will speak.

On First-day (Sunday) a conference will be held at 11 o'clock, immediately after the usual Meeting hour. Subject, "The Message of Young Friends."

All who are interested are cordially invited to be present at all of these meetings.

DEATHS.

David Kern, of East Riverton, died Wednesday and will be buried in Ashbury M. E. Church yard on Saturday. Services will be conducted by Rev. E. A. Robinson.

A Little of This Will Break It Up

Edward Gross, of Penn street, Riverton, was arrested on a charge of trespassing and using unkind language about Riverton station, on the complaint of the night operator, Edward F. Sexton. Gross was fined \$5.00 and costs Tuesday by Justice Fichter.

The last subscription card party of the season will be given by the Riverton Yacht Club on Thursday morning, September 30th, at 10 o'clock. Members and their friends are cordially invited to be present. —adv.

Republicans in Camden county are giving the voters a chance to see what the head of the ticket looks like, anyway. In one township (Pensauken) where George Starn is an important political factor, 300 pictures of Harding and over 1000 buttons have been distributed.

Miss Margaret H. de Zouche, of 304 Eighth street, has entered Mount Holyoke College, South Hadley, Mass., which opened Friday the 24th with an enrollment of 800. Miss de Zouche is a graduate of the Friends' Select School. There are 74 New Jersey girls enrolled at Mount Holyoke this year.

The second annual K. of C. carnival, held last Saturday evening at Broad and Elm avenue, was even more successful than last year. No estimate of the exact total cleared is yet available, but it is known that the receipts will be large. John Barry, railroad gate tender at Riverton, won the prize of \$50 in gold.

Charles M. Biddle, Miss Helen Elsie Biddle, Miss Hannah McI. Biddle and Miss Clara Alice arrived home last Saturday after a two-months' trip through the west, taking in the National Park and a part of Canada.

Mr. Biddle said on his return that it was a trip he had always wanted to take, but did not expect to make it with so much ease, comfort and pleasure, at his age. He stood the long jaunt remarkably well and came home in fine fettle.

"Sheriff" Flagg will make another tour of the county Saturday night, taking in Palmyra, Moorestown, Marlton, Medford, Lumberton and Mount Holly. He will be at Palmyra at 7 o'clock in front of the drug store. The Griffenberg band of Palmyra, will go along to furnish the music. Owners of cars and others desiring to make the trip are requested to meet at the Riverton station at 6.30. All voters are invited—the ladies especially.

Frank Mills, of Essington, who with his hydroplane figured prominently on the Fourth of July program, was here again last Sunday and took up about fifteen passengers, among whom were Dr. C. S. Mills, Mrs. J. Carl DeLaCour and son, William; Miss McClellan, Mrs. G. Rex Showell and daughter, Elizabeth; Charles A. Wright, Walter C. Wright, Mrs. Emily Hollingshead, Larry Dickinson, Rodman Merrill and S. Sheppard Davis. H. C. Parrish made the return trip to Essington with Mr. Mills.

Miss Martha McI. Biddle, who left Riverton on August 4th as a delegate to the Friends' Peace Conference in London, is now on her way home, aboard the steamer Philadelphia, which sailed on Saturday, the 18th.

Besides attending the Peace Conference, Miss Biddle attended a conference in Oxford, visited Dublin, Ireland, being entertained most handsomely by a private family. In addition to this she made a trip through France and a short one into Germany. Her steamer is expected to arrive in New York on Monday next.

Why Should You Vote at the Primary Election?

Because it is the only time that you have a voice in the selection of the party candidates. At the general election in November you can only vote for the men already selected by one of the parties.

At the primary election next Tuesday you will have an opportunity to choose between two candidates for the House of Representatives—Isaac Bacharach and William H. Stiles. Both are good men. Congressman Bacharach desires to succeed himself, and those who have had occasion to write him or otherwise enlist his assistance will remember his promptness and efficiency he has served them. Mr. Bacharach is an acknowledged power in Congress. He is serving on the steering committee—one of the most important in our National legislature.

For the important office of sheriff of Burlington county there is a field of four to choose from. Edward H. Flagg, Jr., needs no introduction to the voters of Riverton. His progressiveness and efficiency as a member of the borough council and later as mayor, is well known. He would bring to the office of sheriff the same painstaking care and executive ability which made him so valuable a servant of the borough. To use the argument of his inexperience in the duties of the office against his election reminds one of the story of the young aspirant to office whose extreme youth was charged against him by his older opponent. The youth humbly acknowledged his great handicap, but promised to try to get over it in time. And no doubt Mr. Flagg would soon "get over" his lack of experience which, anyway, is no greater than that of most of the men who have been elected to that office. Riverton should give Mr. Flagg every vote that can be mustered in order to offset the vote his opponent will get in their respective strongholds.

The registration clerks report 728 voters in the first district and about 680 in the second. The registration of the women, the number of voters in Riverton has been considerably more than doubled. This will probably mean two additional election districts next year.

In order to avoid the rush of the early morning and late afternoon hours at the polling places, at which time the men vote on their way to the train or on the way home from the city, women voters are requested to cast their ballots between the hours of 9 a. m. and 4 p. m. Of course it is convenient to vote between these hours will have the right to vote at any time while the polls are open, from 7 a. m. until 9 p. m.

Women to Practice Voting

Arrangements have been made to have a "demonstration" at the Fire House next Monday from 10 a. m. to 4 p. m., and in the evening from 8 to 9, where all voters, regardless of sex or political preferences will have an opportunity to practice just how the thing is done. The booths to be used at the primary election will be in position and sample ballots will be provided. Competent instructors will be present to give instruction and information as may be desired.

Are You Registered?

In the election laws it is up to the voter to see whether or not his name was secured by the election clerks when they made their house-to-house canvass on September 14th. In order that all voters may have an opportunity to find this out, the poll lists are posted in two public places in each district. In the first district they will be found at the fire house and the ladies waiting room at the station. In the second district they have been posted at the post office and John Adolph's store. If your name does not appear on these lists you can still be registered by going before the board on primary election day, September 28th, at the polling place in your district. You will not be asked to vote at the primary election, but can vote at the general election on November 2nd. There is still another registration day, October 12th and the election boards will sit for the purpose of registering those who have not been entered before that time.

Republican Club Headquarters

The gas office has been secured as headquarters for the Riverton Republican Club, and it is proposed to have the men's and women's committees use it to distribute literature, instruct voters in the technicalities of casting the ballot, etc. It is probable that the ladies will use the club room in the afternoon and some of the evening while other evenings will be reserved for the men. It is an ideal place and can be used for committee meetings and almost any use that might be desired short of public mass meetings. It is expected to have the room ready early next week.

Do You Want Your Mail Delivered?

The post office department has asked the Riverton post office whether or not the people of the borough would like to have their mail delivered by carrier. There are three deliveries, one at 8 o'clock, one at noon and one at 4 o'clock, mail collected at the same time. The only way to find out whether or not Riverton desires this service is for the people to express their opinion. Tell the postmaster what you think of it.

New Ferry at Foot of Main Street

Something of a sensation was created this week by the report that the R. W. Rogers property at Main and Bank avenue had been bought by parties who propose to establish a ferry between Lardner's Point, Tacony and Riverton.

The concern is to be known as the Tacony-Riverton Ferry Company, and the chief spokesman seems to be George T. Sales, of the Incorporated Service Company, of Philadelphia. Other men prominently identified with the scheme are Casper M. Titus, president of the new company; William Miller, of Dixon & Miller, president; Charles Metz, Tacony; Fred Glazier, secretary. Among the board of directors are said to be Charles Heyer, of Fox Chase; C. W. Allen, a retired Frankford lumber merchant; Scott Curtis, of Warren, Curtis & Hill; George T. Sales and J. D. McMullin, of Moorestown.

The new company is desirous of securing the good will and co-operation of the people of Riverton, and points out the many advantages to the borough which would accrue from the successful operation of their plan, such as a convenient method of marketing produce from the farm territory adjacent to Riverton, quick and

Thoroughly acquainted with the needs and requirements of New Jersey. Member of several of the most important committees in Congress. It would take years for a new representative of New Jersey to obtain the prestige in Congress that Mr. Bacharach has achieved by his worth and ability.

In a recent letter to Congressman Bacharach, United States Senator Joseph S. Frelinghuysen wrote:

Your position as a member of the Ways and Means Committee is one that commands a great deal of influence and great opportunity for practical service to the country. The splendid record which has been made in economy during the past year of nearly three billions of dollars having been saved by the reduction of estimates of this extravagant administration, is a work for which you should have high credit.

The problems which will have to be solved in the next few years require men of experience and ability; men who have knowledge of the Tariff and Revenue laws, and inasmuch as New Jersey is an industrial State it will be interested deeply in the service that its Congressmen will render in this respect.

Day It At Home

The next meeting of Post Rodgers will be the first Tuesday in October. The Field Club Auxiliary will meet next Tuesday evening at The Field Club rooms.

The Palmyra High School football team will play Bristol High here next Tuesday.

Harold E. Pratt and Mrs. Helen Curry were married by Recorder Fletcher at his office last Friday.

Wilbur Mathews will enter Michigan University at Ann Arbor for an engineering course. He leaves Sunday.

The friends of Mrs. A. I. Woolman will be pleased to learn that she has recovered from her recent severe illness.

Mr. and Mrs. Herbert Kemmerle are receiving congratulations on the birth of a daughter Thursday, September 23rd.

Mr. and Mrs. W. B. Powell and Mrs. Corolla Cann motored to Merchantville Sunday and visited Mr. and Mrs. H. E. Powell.

Milton Romm will leave Sunday night to attend the Carnegie School of Technology at Pittsburgh, where he will take a course in electrical engineering.

The Stitches and Chatter Circle gave a house warming Thursday evening to Mr. and Mrs. Eugene Harder who have recently moved into apartments on Horace avenue.

The P. O. S. of A. will give its annual reception to the State officers Monday night. There will be speakers and refreshments, and all members are urged to attend.

While practicing football last Saturday afternoon, Lewis Sharp broke his collar bone. He will be sorely missed by the Riverton team, on which he was one of the star players.

William B. Powell, a member of the election board, has expressed his willingness to give instruction in voting to those who care to call at his home, 261 West Broad street, any evening.

Mrs. A. R. Bowker entertained Mrs. Laura L. Beck, national president P. O. of A., and Mrs. Florence E. Green, national assistant secretary, at Philadelphia, at dinner Thursday evening. Mrs. Bowker has recently been elected national secretary.

Mr. and Mrs. Arthur Hunt have returned from an interesting tour of Canada, including a visit to the Thousand Islands, and the St. Lawrence and through the Lachine rapids, Quebec, the Gormah-White mountains, Portland, and points on Cape Ann.

Stone ballast is being substituted by the P. R. R. for the worn-out cinder bed between Cinnaminson and Morgan avenues, which was blamed for the dust raised by through trains. Request for the improvement was made recently by J. H. Abdill, of the Improvement Association.

In a game played by The Field Club championship of Burlington county last Saturday, Palmyra Field Club defeated the Riverside Field Club by 2 to 1 in eleven innings. The final game of the season will be played this Saturday when The Field Club meets the local American Legion team for the third time to play off the tie of the series.

The directors and cashier of the Palmyra National Bank all went to the Arcade in Philadelphia Tuesday night and enjoyed shore and chicken dinners in the green room. Then they attended Keith's where they occupied a row of seats in the orchestra circle. It was very pleasant evening. The affair didn't dent the bank's growing surplus a bit, for it was a "dutch" treat.

Police Chief C. Morris Beck has been laid up all week by an injured leg. He started chasing some boys who threatened to stage a free for all fight in the vicinity of the carnival Saturday night, and stumbled over some stones at Broad and Lincoln avenues, taking a heavy fall. Apparently the ligaments of the leg were torn and the muscles badly bruised, but an X-ray showed that there was no fracture.

A non-partisan meeting for the instruction of voters was held at the Baptist Church Thursday evening. Technical points in voting were explained, and the necessity of voting urged upon the women. The grant of franchise has imposed upon the American voter obligations which she cannot but feel and realize, whether or not she was previously in favor of woman suffrage. A house-to-house canvass will be made on Monday by a few earnest women, urging all women voters to vote themselves of this privilege and duty.

Sample primary ballots were mailed to all voters of the State during the week. The ballots should be of value to the women voters, who can decide in advance just how they are going to mark them, so as to avoid mistakes and loss of time in the booths. The new voters should study the ballots carefully, as incorrectly marked ballots are not counted. The sample ballot can not be used at the polls, but it is an exact copy of the regular ballot except for the line designating it as a sample ballot across the top. Each voter received a republican and a democratic ballot, but at the polls on Tuesday they will receive only the ballot of the party in which they enroll.

Bright Outlook for P. T. A.

The first meeting of the Palmyra Parent-Teacher Association, held last Tuesday evening in the high school auditorium, proved the most largely attended in the history of the organization. More than 250 were present and fifteen new members were taken in.

William McConnell, president, made an address of welcome to the new teachers, choosing for his subject, "Co-operation." Mrs. E. H. Powell favored with a soprano solo, and Glen Easley, with a violin solo. Both were encored several times.

The lunch room committee reported the lunch room opened on the 20th, and that it is being well patronized. Curtains and other furnishings have been provided, and similar comforts are also to be added to the teachers' room.

Prizes again will be offered this year to the rooms whose children get the largest number of parents to attend the meetings.

The outlook of the Association this year is indeed very bright.

easy access to the splendid roads of Pennsylvania, etc.

It is understood that the company proposes to invest heavily in real estate and to make improvements that will furnish dwelling places on this side of the river for the great manufacturing population in Philadelphia.

But the residents of the river bank, and many others do not relish the idea of having a ferry at the foot of Main street, with the motor trucks laden with produce lumbering by all night, the influx of Philadelphia's manufacturing population, and all that, and a meeting is being held tonight at the home of George W. Edwards to see what can be done about it.

A committee composed of N. Myres Pitter, Charles M. Middle, E. M. Kolinghead, C. E. Durborow, Charles A. Wright and George W. Edwards, was appointed at this meeting to engage an attorney to oppose the proposed site of landing with every means available.

Cinnaminson Home and School

The first meeting of the Cinnaminson Home and School Association was held Wednesday, September 22, the president, Mrs. Joseph Thomas, presiding.

Following the business meeting, Mrs. Thomas gave an interesting report of the work done in the Italian school during the summer.

The work was carried on by two social workers sent by the Home Missionary Society of the Presbyterian Church, sessions being held for nine weeks, with as many as thirty-four children in attendance one day. The report was so successful that an effort is being made to continue the work next summer.

The subject of the proposed "Free County Library" for Burlington County was discussed. This movement will mean a circulating library that will travel through the rural districts, bringing books into the homes of many who otherwise might be deprived of them.

It was suggested that an expression of appreciation be sent to Mr. Walter Bowen for his kind interest in the high school and the publicity he has given it.

A reception to the principal and teachers of the school followed.

The officers for the ensuing year are: president, Mrs. Joseph Thomas; vice president, Mrs. Benjamin Lippincott; secretary, Miss Elizabeth Frank; treasurer, Mrs. Eichfeldt.

At the next meeting, October 20th, Dr. E. H. Richards will speak and it is to be hoped the members will make a special effort to attend.

Why Good Women Should Vote

Good women, intelligent women, women who think for themselves and think right, says the Savannah News, ought to vote—for the same reason that the same kind of men ought never to neglect the duty nor decline the privilege of voting.

There are good men who are realizing that if they do not vote they miss the chance at least to offset the vote of a possible ignorant, careless or "influenced" voter. They realize that there are some such who will be "induced" to vote, and they have determined to vote to nullify such votes; they are even hopeful that with many intelligent, honest, unimpeachable voters doing their duty there will be fewer and fewer of the undesirable ones voting—and voted.

A good-old Georgia woman, one of the old school, one who has never taken much interest in suffrage, who believed that her men folk could do the voting and would do it right, has suddenly come to an appreciation of the same fact with reference to the women and the ballot. She frankly says that her interest is aroused to vote and to use her influence in actual work because she fears that there will be here and there some ignorant or careless voter, if not a venal, "influence" one, that needs offsetting.

And the same argument applies just as strongly in New Jersey, yes, right here in Riverton, as it does in Georgia or anywhere else.

Child Bitten by Rabid Dog

A blue ribbon poodle, which had been owned by Mr. and Mrs. Harry Ellis, of Cinnaminson avenue, by a woman friend who prized the animal highly, was put to death Wednesday by Dr. Drolet, after the animal had bitten two children, and in the opinion of the doctor, showed signs of rabies. Its head was sent to the State Board of Health at Trenton for examination, and word has been received that Dr. Drolet's diagnosis was correct.

The dog started acting queerly while Mrs. Ellis was on a visit to Moorestown on Saturday, where the animal bit slightly a boy who was a grand nephew of the original owner of the dog. When Mrs. Ellis returned home, the dog bit her 5-year-old son, William.

Mr. and Mrs. Ellis for a time opposed having the dog killed because they believed it only sick, having had a similar spell once before.

The boy William seems not to be suffering any serious effects of the bite.

P. O. of A. Entertains National Officers

Camp 3, P. O. of A., entertained the national officers, Mrs. Laura L. Beck, of Philadelphia, and her staff of officers, Thursday evening.

The Camp also had initiation and the team wore their new regalia for the first time.

Epworth Church Notes

The regular monthly meeting of the Women's Foreign Missionary Society will be held in the Epworth Temple, Tuesday evening, September 28th, at 8 o'clock. All members having thank offering boxes are urged to bring them to be opened.

The annual meeting of the Sunday School of the Epworth M. E. Church was held in the Temple last Monday evening. Supper was served to the members and their husbands and wives, 65 being present. An address was given by Dr. J. R. Mason on the "Responsibilities and Opportunities of the Sunday School Teachers."

The annual reports of all the departments were read and officers elected for the coming year as follows: Superintendent, P. C. MacCormick; first assistant, Frank Adams; second assistant, E. H. Harder; general secretary, D. T. Mason; treasurer, Kenneth Davis; superintendent junior department, Miss Helen Wolcott; superintendent primary department, Mrs. T. A. Lloyd; superintendent departmental, John Coleman; cradle roll, Mrs. C. W. Hassell; home department, Mrs. J. B. Morton.

Leighton Green suffered a severe attack of appendicitis last week.

Desirable That Women Should Have the Same Opportunity as Men

Abdul Baha, the explainer of the Bahai teachings, has the following address in Paris in 1912:

"God has created all creatures in couples. Man, beast or vegetable, all the things of these three kingdoms are of two sexes, and have absolute equality between them."

"In the vegetable world there are male plants and female plants; they have equal rights, and possess an equal share of the beauty of their species; though indeed the tree that bears fruit might be said to be superior to that which is unfruitful."

In the animal kingdom we see that the male and the female have equal rights; and that they each share the advantages of their kind."

Now in the two lower kingdoms of Nature we have seen that the male is no question of superiority of one sex over the other. In the world of humanity we find a great difference; the female sex is treated as though inferior, and is not allowed equal rights and privileges. This condition is due not to Nature, but to education. In the Divine Creation there is no such distinction. Neither sex is superior to the other in the sight of God. Why then should one sex assert the inferiority of the other, withholding rights and privileges as though God had given His authority for such a course of action? If women have the same educational advantages as those of men, the result would demonstrate the equality of capacity of both for scholarship."

In some respects woman is superior to man. She is more tender-hearted, more receptive, her intuition is more intense."

It is not to be denied that in various directions woman at present is more backward than man, also, that this temporary inferiority is due to the lack of educational opportunity. * * * If the mother is educated, then her children will be well taught. When the mother is wise, then will the children be led into the path of wisdom. If the mother be religious, she will show her children how they should love God. If the mother's moral she guides her little ones into the ways of uprightness."

It is clear therefore that the future generation depends on the mothers of today. Is not this a vital responsibility for the woman? Does she not require every possible advantage to give her for such a task?

Therefore, surely, God is not pleased that so important an instrument as woman should suffer from want of training in order to attain the perfections desirable and necessary for her great life's work. Woman must endeavor then to attain greater perfection, to be man's equal in every respect, to make progress in all in which she has been backward, so that man will be compelled to acknowledge her equality of capacity and attainment. In Europe women have made greater progress than in the East, but there is still much to be done. It is my hope that women of the East, as well as their Western sisters will progress rapidly until humanity shall reach perfection. Women must make the greatest effort to acquire spiritual power and to increase in the virtue of wisdom and holiness until their enlightenment and striving succeeds in bringing about the unity of mankind."

The equality of men and women is one of the many teachings given by Baha'ullah about seventy years ago, which is today becoming a reality. Those who are interested in learning of the Bahai Revelation more fully, may communicate with Box 322, Riverton, N. J. —adv.

Public Service Buys Coal Cars

As a result of the costly and trying experiences of the last year, and to further insure a continuous coal supply for its power plants, Public Service Electric Company has taken steps to overcome the disadvantages of a car shortage, so far as it is concerned, by providing cars of its own. An order has been placed with the Standard Steel Car Company, of New York, for 600 all steel coal cars with a carrying capacity of fifty-five tons each. Deliveries are promised to begin in November. The electric company requires more than 3,000 tons a day to supply light and power to domestic, commercial and industrial consumers in 191 municipalities, and to provide current for the street cars.

To the Republican Voters of Burlington County

We, the undersigned citizens and voters of the Borough of Riverton, feeling a deep interest in Burlington County and its administrative offices, and realizing that the office of Sheriff requires in its conduct special qualifications, deem it our duty to acquaint the voters of the County of our confidence in Edward H. Flagg, Jr., a candidate for nomination to said office.

As mayor of the Borough of Riverton for eight years, he was a progressive and energetic official, thoroughly competent and reliable. We feel that he would bring to the office of Sheriff the same energy and business ability as characterized his official acts of the past, and we conscientiously recommend him to the voters of the County.

Will Vote on Sewer Question

The Township Committee at its regular meeting Tuesday night appointed E. Perry Morton as township collector, and Township Clerk Spencer swore him in. Mr. Morton is candidate for election to the office without opposition.

Steps were taken to have an audit of the books made to get them straightened out for the new collector, since the office has been in several hands since the resignation last spring of A. H. Radcliff.

A resolution designed to have the sewer question placed on the ballot at the regular election was passed.

Easy to Get Rid of Enemy

Long before bullets were ever thought of as an ideal messenger of death, the idea of working evil on an enemy was extensively practiced by the Ojibwa Indian. He would make a small wooden image of the one whose destruction he sought, and then place his head or heart with a needle. He was positive in his belief that the object of his hate would be similarly affected. However, to make certain, he would burn the puppet to the accompaniment of magical words.

Scandinavia is the classic name of the great peninsula of north Europe which comprises the kingdoms of Norway and Sweden. In a historical sense the term includes Denmark and Iceland, and in a literary sense the writings of all these countries and those of the Swedish race in Finland. A Scandinavian may, therefore, be either a Norwegian or a Swede.

THE COST OF A SURVEY

is less than it was four years ago. It costs more in terms of dollars and cents to be sure, but the value of the dollar can be measured only in terms of what the dollar will buy—how many pounds of sugar, how many potatoes, how many miles on the railroad. If we measure then the cost of a survey in terms of the purchasing value of the dollar we will find the cost surprisingly low.

If you want your work done accurately—and a survey made otherwise is worse than none at all—you will consider the cost reasonable.

the best of its kind—for the clothes and for you.

BlueBird does a whole week's washing in an hour. Two pennies pay for the electricity to run it for that hour, with both tub and power-driven wringer in use.

The clothes last five times longer because the tub is absolutely smooth inside, and they are perfectly cleaned only by water action.

Felony and Citizenship.

If a person who has lost his citizenship as a result of conviction for a felony receives a pardon from the governor of the state or the president of the United States, his citizenship may be restored and he is again eligible for office; otherwise he is ineligible.

Control the Thoughts.

Let your life have one splendid, dominant thought. Great thought makes for great life. It is not so much achievement as purpose that matters. The power of a great idea is almost limitless, and has all the marks of immortality.
