Spring Dress Materials

Our new Spring Lorraine Gingham, Chambrays, Toile de Noids and Dotted Swisses have been arriving this week, ranging in price from

30c to 95c a yard

The beautiful clear checks and broken plaids of the Lorraine Gingham are wonderful, equal in wearing and washing qualities to an Anderson and only 75c a yard. With the help of the new McCall pattern you will have no difficulty in making these up.

THE UNIVERSAL CAR
Farmers Should Buy
Their Tractors Now
Tractors, Like Any Piece of Machinery,
Require "Breaking In."
Do That Now
There are two good reasons why you should buy your Fordson Tractor now.
First, to avoid the possibility of not being able to get one when you want it.
Second, to have it properly "broken in" when the heavy spring work comes.
CAR AND TRACTOR PRICES
Chassis \$360
Touring (starter and dem. rims) \$535
Runabout (starter and dem. rims) \$490
Coupe (starter and dem. rims) \$745
Sedan (starter and dem. rims) \$795
Truck (solid or pneu. tires) \$545
Tractor \$625

This Christmas and Next

Many of us strive by hard work and strict attention to business to support our families, ourselves, and our loved ones, and to save certain sums of money for the "rainy days." Many of us also find the Christmas season at hand without the wherewithal to furnish our families and our friends with the gifts, remembrances, and pleasures, that we had hoped and intended to give. We feel sorry—and yet, after all—we can but blame our own shortsightedness.

For an account in the Christmas Savings Club of this Bank would have insured just the kind of Christmas you wanted to have.

Begin Your Next Merry Christmas Now!

Deposit anywhere from 25 cents to \$5 weekly in our Christmas Savings Fund now forming, and receive your Christmas money December 15th, next.

THE NEW ERA

Published every Friday at
RIVERTON, N. J.

WALTER L. BOWEN
Editor

The New Era is devoted to the business and home interests of Riverton and Palmyra, independent of political or religious belief—the people's paper.

Subscription \$1.50 a year in advance

Advertising rates on application
The New Era Office is equipped to do all kinds of Fine Printing at reasonable prices

LEGAL ADVERTISEMENTS

The New Era is a Legal Newspaper. Commissioners, Sheriff's and other Sales, Administrators' and Executors' Notices, as well as all other Legal Advertisements are solicited. The New Era will appreciate being remembered in this connection.

NOTICE TO SUBSCRIBERS

If you do not receive The New Era with your other mail on Saturday, please ask the postmaster for it. If it is not there, ask for one of the extra copies which are sent to the post office to meet such emergencies.

PUBLISHER.

Notice

All readers or local notices of entertainments, suppers, fairs, dances, etc., given for the purpose of raising money, or for which admission is charged, will be charged for at the rate of fifteen cents a line.

Mr. Flanagan Is Candidate for Postmaster

Riverton, N. J., March 2, 1921.
Editor of The New Era:

I recently received a letter from a friend in which he said he was informed that I was not interested in the appointment as postmaster. Some "kind" friend evidently gave him this information. I never authorized any one to say that I was not an applicant for appointment, or even intimated it. Perhaps it was inferred I was not a candidate because there was no petition "going around" in my behalf.

I am an applicant for the office.
Yours very truly,
CHAS. L. FLANAGAN.

Thirty Years of Service

James Cunningham, of 419 Linden avenue, has just celebrated his thirtieth anniversary with the Bell Telephone Company of Pennsylvania. Having started at the bottom of the ladder as a helper on March 1, 1891, he gradually rose in the ranks. In a few years he was given charge of the Calks Gang and shortly afterwards was made cable foreman. In 1901 he was made foreman and in 1908 promoted to general cable foreman. In 1911 he was made supervisor of construction, and in December 1918, superintendent of construction, which position he now has. In telephone construction work he is known from coast to coast, and among the men of his department he is known as a big-hearted and liberal chief.

DEATHS.

Mrs. Ellen Madison

Mrs. Ellen Madison, aged 90 years, died of the grip on February 24 at the home of her son, James Madison, Ninth and Main streets. She was preceded in death by her husband, who died in 1891. She is survived by four children, James and George in Riverton, Thomas in New York, and Susie in Boston.

The funeral services were held at the St. Paul Baptist Church, East Riverton, Sunday afternoon at 2 o'clock, conducted by the Rev. M. A. Foster, assisted by the Rev. William A. Dorsey. Interment was made at Wrightsville.

Robert Overton Cameron

Cameron, Robert Overton, son of Mr. and Mrs. Arthur E. Cameron, at the Children's Hospital, Philadelphia, on March 3rd, age eight months and sixteen days. Funeral Saturday afternoon at 2 o'clock from their residence, 211 Lippincott avenue, Riverton.

Rathmell W. Pratt

Rathmell W. Pratt, aged 65 years, passed away Wednesday evening, after suffering from asthma for many years, although he was only ill at the last about ten days from bronchial pneumonia.

Mr. Pratt had been employed by the Adams Express Company for forty years, and twenty years ago was transferred from Philadelphia to Riverton. He boarded here for a few months, and then his family moved from Philadelphia to Howard street, where they now reside. Three years ago Mr. Pratt was transferred to Newark, where he remained for a time, coming home over the weekends, then to Philadelphia, where he might return home every night. Last September he was pensioned for his many years of faithful service.

The funeral services will be held Saturday afternoon at the parlors of Oliver H. Bair, 1820 Chestnut street, Philadelphia. Interment at Mount Moriah cemetery.

The deceased leaves a widow and two children, Harold and Annetta.

Heiskell Shain

Heiskell Shain, of 617 Linden avenue, died suddenly last Friday evening. Mr. Shain was seized with a heart attack at the corner of Broad and Washington avenue, while on his way to an entertainment at the Methodist Church, in which his eight-year-old daughter, Helen, was to take part. He was accompanied at the time by his wife, and her parents, Mr. and Mrs. John Nickles; Miss Lizzie Hullings, a neighbor, and the daughter.

The unconscious man was carried into the home of Mr. Lippincott, at Broad and Washington, and Doctors Bauer, Marcy and Rogers, and the visiting nurses were called. All did their best to save his life, but he died at 9 o'clock.

Mr. Shain had been in ill health for some time and recently had most of his teeth extracted and his adenoids removed. He belonged to the P. O. S. of A., the Forerunners, and the Shepherds of Bethlehem, and was an employee of the Western Union Telegraph Co.

Funeral services were held Tuesday afternoon at 2 o'clock. Rev. E. A. Robinson, of Moorestown, preached the sermon, and Rev. E. A. Robinson delivered the prayer. The lodges held their services Monday evening.

WEEKLY NEWS BUDGET for Riverton and Vicinity

Buy It at Home!

Mrs. John Mansfield, of Glenside, was a visitor in Riverton Tuesday.

Mr. and Mrs. N. Myers Fitter attended the inauguration in Washington today.

Mrs. John Sloan visited Leota Council, Daughters of Pocahontas, at Woodbury Thursday evening.

Mr. and Mrs. Spencer Johnson left last Saturday for a ten-day trip to Palm Beach and Key West, Fla.

Want your job done this Spring? Then place your painting contract now. William J. Kellie, phone 297-M, Riverton.

Charles Stewart, who is attending George School, spent the weekend with his parents, Mr. and Mrs. Harvey E. Stewart.

Professor Powell G. Fithian will resign as organist at the First Methodist Church, Camden, after thirty-three years' service.

Lloyd Jackson has been seriously ill with scarlet fever this week at the home of his brother, Brewster Jackson, on Elm Terrace.

Mrs. G. F. Bailey and daughter, Betty Mae, of Linden avenue, left Tuesday for a six weeks' visit with friends in the western part of Ohio.

Rev. William A. Dorsey, Luke Jones and Charles Turner went to Washington on Wednesday to see the inauguration. They expect to return Sunday.

The February issue of "Atlantic City," the official publication of the Atlantic City Chamber of Commerce, contains a very interesting story of David Henry Wright and his activities in connection with the promotion of the bridge between Camden and Philadelphia.

For the benefit of the Wellesley College campaign, there will be a Wellesley College Glee Club concert on Saturday, March 12th, at 8:15 p.m. in the Moorestown high school auditorium. Reserved seats \$1.50. Apply Mrs. Robert P. Thomas. General admission 75c.

In a collision between the rural delivery mail car driven by Herman Denner, and Harvey E. Stewart's car, driven by Edward Faunce, near the old gun club grounds early yesterday afternoon, both cars were considerably damaged, but the drivers escaped without injury.

Prospects for the new armory for which Mount Holly military men have been working for past years were brightened a bit last week when word was brought down from Trenton that the Joint Appropriation Committee had informally agreed to include in this year's appropriation the \$25,000 needed to erect the proposed building at the county seat.

The Westfield public school has been closed owing to an outbreak of scarlet fever and measles. Three cases of scarlet fever have been reported among school children and several others outside of the school. The board took prompt action to prevent its further spread as much as possible. After a thorough fumigation the school may be reopened next Monday, if no more cases develop.

We are in receipt of two marked copies of the Fort Myers Press, published at Fort Myers, Fla., containing account of an exciting alligator hunt in which an eight-foot saurian was captured and shot by George Gifford, a wealthy New York clubman, seventy years young. Mr. and Mrs. Fred C. Brown, of Riverton, were guests at the dinner given for Mr. Gifford at the Royal Palm hotel, Saturday evening, February 19, at which were served wild turkeys shot by Mr. Gifford during the week. Mr. Gifford also contributed largely to the merriment of the evening by relating his encounter with the alligator about reported during the week.

Additional Riverton news on page 3.

Ferry Company Offers Prizes

When John Kerr, a pupil in the Palmyra schools, wrote a letter to the Tacony-Palmyra Ferry Company asking for information on which to build a three-minute speech on the subject, "What will the Ferry do for Palmyra?" he probably little realized what he was starting. As soon as Charles A. Wright, a director and one of the most enthusiastic promoters for the new ferry learned of the letter, he suggested that three prizes be offered for the best three written by Palmyra school pupils on this subject. The first prize will be \$15.00, second \$10.00 and the third \$5.00. Master Kerr received a check for \$5.00 from the Ferry Company for asking the question that set all this in motion.

Card of Thanks

Mrs. Heiskell Shain desires to express her appreciation for the many acts of kindness and sympathy extended to her in the sudden death of her husband, and to thank those who sent flowers and automobiles to the funeral.

Card of Thanks

James and George Madison desire to express their appreciation of the many expressions of sympathy in the death of their mother, and to thank those who sent cars to the funeral.

Open Meeting at Porch Club

Mrs. Louis G. Peloubet, State chairman of legislation for the Federated Clubs of New Jersey, will speak at the Porch Club at 3 p.m., Tuesday, March 8th.

This will be an open meeting and all women interested in good government are invited to come and hear Mrs. Peloubet discuss the Federal and State bills which are of especial interest to women and children.

As a Man Thinketh

If you think you're outclassed, you are; You've got to think high to rise; You've got to be sure of yourself before you can win a prize. Life's battles don't always go To the strongest or the fastest man, But soon or late, the man who wins, Is the fellow who thinks he can.

Eppa Graham says: "Progress is a series of calamities." An idealist of ten degenerates into an idle-idist.

Entries Coming in for Championship Swim!

The entry blanks for the men's long distance National swimming championship of the United States were mailed to the various clubs throughout the country and Canada, and already acknowledgments are pouring in to Mr. Durborow, chairman of the Yacht Club's swimming committee.

Pete Wendell, coach of the Omaha, Neb., Athletic Club, writes he has received his entry blank, and that the Club has decided to send Adolph "Swede" Anderson, the Nebraska state champion. Vance Vieth, the coach of the Cascade Athletic Club, Dallas, Texas, has mailed back the filled-out blank of his two stars, Jerry Witt and Lee Jarvis. Witt, in particular is a lad who is heralded as a certain to defeat Bolden, the Illinois A. C. star, who during the last two years has romped away with the race. Witt was all ready to come North last year, when the sudden death of his father made it impossible for him to compete. Fred Cady, the Philadelphia boy who is now coaching the Los Angeles C. C., is grooming a find of his that he predicts will make them all travel to nose him out. From Canada comes the joyful news that Vernot, the greatest middle and distance swimmer in the Dominion, will swim for that country. Last year in the mile race in the Olympics, Vernot defeated Bolden in a close race, and swam from our Lady Langer, the pride of the coast, and swam away from the best from Australia and England. Only the great Norman Ross led him across the line. Vernot claims it is better on a longer distance, and he is praying that Ross will swim, so he will be able to meet the best the States can produce. Ross does not enter and will train hard and faithfully, it looks as if our Canadian cousin would have it all his own way, as he defeated Geibel, the 1918 ten-mile winner in a race in Canada, appears that Ross will be forced to swim to save the title from leaving the United States.

Trap Falls Overboard
Last Saturday the shoot was just under way when one of the pins became loose in the handle of the trap, allowing it to fall overboard, and as Mr. Durborow was out of town, and no one else volunteered to do a diving stunt to bring it into service, the shoot for the John H. Reese memorial trophy had to be called off until this Saturday, when the trap will be in condition again. As all the shooters were on hand, and did not wish to miss an afternoon's fun, or lose their eye for shooting, now that it is focused on the cup, they decided to shoot anyway, and a spirited match resulted with the use of the hand-trap. This kind of shooting caused much merriment and the gunners and the onlookers spent a more pleasant afternoon than if the regular cup match had taken place. Dr. Mills is a master at throwing the birds, and the various ways he delivered them to the boys had all convulsed with laughter.

This makes the eighth week and the cup is still unwon. Dr. Mills has a double hold on it, while the trio of Vaughans, Whitney Frishmuth, and Dr. Baker each have a hold on it. The classy shooting of F. S. Groves, Jr., R. H. Stackhouse and Robinson Rogers is almost certain to get their names on it before it is finally won.

NOTES

Wednesday evening the finance committee of the Riverton Yacht Club met at the home of C. B. Durborow to discuss the financial outlook of the club for the coming season. The committee consisted of Commodore George W. Edwards, Vice Commodore D. L. Vaughan, Rear Commodore E. K. Merrill, Charles M. Biddle, Jr., G. Rex Shovel, William H. Baker, Jr., and C. B. Durborow, chairman.

Mrs. D. L. Vaughan, Mrs. C. Z. Vaughan, and Mrs. G. Rex Shovel were members of the Yacht Club this week.

Women Star Swimmers Here on July 9th

Mr. Durborow also received word from L. de B. Handley that he would do all he could to see that the star of the world's famous New York's Women's Swimming Association team swim here in our midst on July 9th. This date may have to be advanced to suit the New Yorkers, as it has practically been decided to send this wonderful team of world's champions to England next summer, and it is hoped the committee may decide to allow the trials for picking the team to go, take place here at Riverton. It is the greatest team of champions, either men or women, that ever assembled on one team. Miss Bleibrey, who at present is touring Australia, trying to force the great Fanny Durack out of her forced retirement to test her beating, won the world's championship, and created new world's records in every event she entered. She is undoubtedly not only the greatest woman swimmer, but the greatest woman athlete ever produced. Eileen Riggan, of the same club, won the world's diving championship with her clubmate, Helen Wainwright second. This team, not content with the world's championship in diving and swimming, also has the world's champion relay team.

Trap Falls Overboard

Last Saturday the shoot was just under way when one of the pins became loose in the handle of the trap, allowing it to fall overboard, and as Mr. Durborow was out of town, and no one else volunteered to do a diving stunt to bring it into service, the shoot for the John H. Reese memorial trophy had to be called off until this Saturday, when the trap will be in condition again. As all the shooters were on hand, and did not wish to miss an afternoon's fun, or lose their eye for shooting, now that it is focused on the cup, they decided to shoot anyway, and a spirited match resulted with the use of the hand-trap. This kind of shooting caused much merriment and the gunners and the onlookers spent a more pleasant afternoon than if the regular cup match had taken place. Dr. Mills is a master at throwing the birds, and the various ways he delivered them to the boys had all convulsed with laughter.

This makes the eighth week and the cup is still unwon. Dr. Mills has a double hold on it, while the trio of Vaughans, Whitney Frishmuth, and Dr. Baker each have a hold on it. The classy shooting of F. S. Groves, Jr., R. H. Stackhouse and Robinson Rogers is almost certain to get their names on it before it is finally won.

A Word to Careful Investors:

Actual Work Starts March 1st

The Delaware Dredging Company has been awarded the contract to fill in to the edge of the marsh a driveway 45 feet wide for a distance of 1000 feet at the foot of Cinnaminson Avenue. This work will be started March 1st. This fill will require about 18,000 cubic yards of material and will be finished before May 1st. This will inaugurate the first step in a project that will enrich our section of New Jersey more than most of our residents think possible. It seems singular that anyone could doubt the great advantages that will accrue from this Ferry, particularly when we reflect how we commuters from Palmyra and Riverton journey nine miles to and nine miles from Philadelphia daily.

Philadelphia Our Mecca

One might truly state that it is our Mecca, with this difference—that while the devout Mussulman makes his journey yearly, we make ours daily, and not only to earn our livelihood but for our recreation and pleasures. Many of us owe a debt of gratitude to that grand City founded by Penn, particularly when we reflect that probably 95% of what we possess was earned therein.

Don't Travel in a Circle

We, in this locality, journey eight miles south to the nearest entrance to this City, then many of us retrace our steps and journey north in some instances six to seven miles, and notwithstanding this drawback we have thousands of commuters. How many more commuters would we have should we have an entrance to the great City at our door, so to speak, with transportation facilities such as the Frankford L., that will take us practically anywhere in the City for one fare?

Cheapest Transportation in Cities

Do not lose sight of the fact that the cheapest railroad transportation is in the large cities. You can travel in New York a greater distance for five cents than from Camden to Burlington. You can travel in Philadelphia a greater distance for seven cents than from Camden to Riverside. You can for five cents ride from Van Cortlandt Park or 240th and Broadway, New York, to the Battery, or 24 miles. Yet should you cross the Hudson opposite 240th street, and journey down on the New Jersey side until you are opposite the Battery, you would consume infinitely more time and at an expense at least ten times as great.

One Fare to Your Office

As it is the policy of large cities generally to permit only one fare to be exacted for any continuous journey within the city limits, hence it will be readily realized that in order to take advantage of the cheapest transportation, it is essential for commuters to first enter the City and journey within.

Palmyra Will Benefit

The TACONY-PALMYRA FERRY COMPANY will enable you to enjoy these advantages and will also enhance the value of your property and greatly increase the volume of business of your local merchants and tradesmen.

Buy a Share and Help Your Section

It is seldom that an opportunity occurs where a person can aid in conferring such a boon on a community and make a safe, sound and lucrative investment by one and the same act, as they can by subscribing to this TACONY-PALMYRA FERRY COMPANY stock.

Invest Wisely

Please reflect that we are not asking you to invest your money in a hole in the ground with a fancy prospectus containing the names of dozens of men you never heard of, promising you that out of this hole will belch forth millions of dollars of silver and gold, as the case may be, said hole being located so many thousands of miles away that you never receive any absolute assurance that even the hole is there.

No Gold Brick Proposition

No, we ask you to invest in an enterprise right under your eyes, officered by men you know, and to engage in a business that is excelled by few others for stability; and you may rest assured that this TACONY-PALMYRA FERRY COMPANY will produce more oil, silver and gold, or at least the value of them in dividends and keep on doing so long after four-fifths of the oil wells, silver and gold mines now existent have been abandoned.

Corner Stone

It is the intention of this Ferry Company to have a corner-stone ceremony and within the corner-stone will be placed the names of subscribers and those aiding this enterprise, also any adverse comments with the object in view of letting our posterity at some future time, presumably 50 or 100 years hence, review them and judge as to what constituted progress in this section of New Jersey in 1921.

TACONY-PALMYRA FERRY COMPANY.

P. S.—We, the undersigned, believe the Tacony-Palmyra Ferry Company to be an entirely safe investment and one that will pay most satisfactory returns. We also believe the Ferry will be a great benefit to this section of New Jersey and unhesitatingly recommend our friends and neighbors to buy stock, as we have done.

Mrs. Charles W. Williams is visiting in Palmer, Mass.

Mrs. Walter Tees entertained the Fortnightly Reading Circle this afternoon.

Mrs. H. A. Steriort, of Sharon Hill, spent Tuesday with her sister, Mrs. Aug. A. Rooding.

Miss Helen Shontz left for Washington Thursday to attend the inauguration and visit friends.

The Field Club Auxiliary will hold its regular meeting in The Field Club rooms next Monday evening.

Marcus H. Shontz, of Garfield avenue, was one of the winners of the \$100 limberick prizes this week.

A plan is on foot to operate an auto-bus line between Palmyra, and Burlington and points enroute.

Miss Helen Pennel, of Philadelphia, spent the weekend as the guest of Mr. and Mrs. John M. Davies.

After a stay of six weeks in the South, Mr. and Mrs. C. W. Joyce arrived home Wednesday evening.

Professor A. S. Griffith attended the National Superintendents' meeting at Atlantic City several days this week.

William T. J. Purnell, T. E. Steele, W. H. Cook, and George N. Wimer are Washington visitors for the inauguration.

The Palmyra Chamber of Commerce will hold its regular meeting next Tuesday evening at 7 o'clock in City Hall.

Horace Syckelmore was taken to Cooper hospital, Camden, last Monday and operated upon. At last reports he was improving.

Mr. and Mrs. A. H. Hodson announced the engagement of their daughter, Bertha Irene, to James E. Kershaw, of Chester, Pa.

Miss Ethel Estey, returned missionary from Korea, will speak in the Epworth Methodist Church this Sunday evening. Everybody invited.

Jacob Cagliola, who was severely injured in an automobile accident several weeks back, has returned home from Cooper hospital and is able to get about a little.

Edward A. Hunter, son of Mrs. Edith Wallace, was granted a decree of divorce from his wife, who was formerly Miss Margaret Bolton, in Trenton Chancery Court on Wednesday.

Mrs. Ida Bonsal's seventh grade class was entertained at a party given by the Parent-Teacher Association this Friday afternoon as a reward for having all their parents enrolled in the Association.

The school board last week elected Miss Mary Williamson as high school English teacher to take the place of Miss Julia Mitchell, resigned. Miss Williamson is from Troy, N. Y., and is a graduate of Bates College.

Mr. and Mrs. Robert C. Bittling entertained a few friends at cards last Saturday evening. Among out-of-town guests were Mr. and Mrs. Bernhoff, of Philadelphia; Miss Elizabeth Furlong, of Tioga; and Clayton Bittling, of Washington, D. C.

Boost the twin cities, Riverton and Palmyra, in the Philadelphia Inquirer automobile contest. Subscribe and save your votes for Aida O. Smith. Watch her standing in the daily and Sunday Inquirer. Leave votes at Stiles or Pine's drug store.—adv

The Rev. E. A. Robinson, of the Epworth M. E. Church, will leave for conference next Wednesday, and upon his return the following week will be the guest of honor at a public reception to be given by the official board in the Temple, Friday evening, March 18th.

The "W. W. W." class of the Central Baptist Sunday School held a meeting at the home of Miss Elsie Rogers Tuesday evening. Sixteen undergarments were turned in to be given to the district nurse relief, and five scrap books to be sent to the missionary hospital.

This Sunday the Rev. Charles Winter will begin two weeks revival services at the Central Baptist Church. He will preach at both Sunday services and every evening during the two weeks except Mondays. The Rev. Mr. Winter is a noted pulpit orator and a musician.

Ethelind Terry, who will be remembered by many Palmyra people as the young lady who made such a charming impression with local audiences when she sang as Mrs. R. S. Williams' entertainment given for the benefit of the Soldier's Welcome Home Fund two years ago, and also at the two receptions tendered the returned service men, is now singing the prima donna role in the Zimbalist musical comedy, "Honeydew," which is playing in Philadelphia.

A Plucky Jitner

Two men from Camp Dix came to grief last Monday night when they attempted to take the old game of sandbagging a jitney driver whom they had engaged to take them from Mount Holly to Riverside. When they reached the Beverly Hotel, the man at the wheel over the head with an iron bar, appropriated all his valuable personal belongings, including the car, and made their way to Camden, leaving the driver by the roadside. Their victim's name was Max Waldman. Waldman soon recovered consciousness and lost no time in notifying the Beverly police who telephoned in all directions. Shortly after receiving the alarm the Camden police picked up the pair, and telephoned to Waldman to come identify them, which he did. They were sent to Mount Holly under guard of two members of the Camden police force, and Waldman had the pleasure of carrying his fare back and forth to them safely in the hands of Sheriff Flagg. As the offense was committed outside military bounds, they will be tried by the civil court. When word of the assault reached Riverton Officer Miller was stationed here to look out for the car, and Officer Quigley was detailed double quick to the pit, but the men had evidently passed before he arrived. The prisoners gave their names as Francis Childers and Thomas J. Ling.

New Woman Claims Old Prerogative!

Mrs. Emma Prisco, of Riverside, who is suing her husband, Henry Prisco, of Palmyra, for divorce before Special Master in Chancery French, at Camden, told the Special Master that when she married Prisco she reserved the right to change her mind.

Additional Riverton News

New One-Design Class for Riverton

Through the efforts of Charles M. Biddle, Jr., the regatta committee of the Riverton Yacht Club has been furnished with blue prints of designs and specifications for building plans of a one-design class of sailing boats.

These boats are built in Canada and some of the big clubs up there have sailed them with good success. They are 16 feet long, 6 feet 6 inch beam, carry 183 square feet sail, costing \$200 delivered at Riverton. They can be raced with a crew of two or three persons yet will carry a half dozen for an afternoon sail.

A new class like this which small boys can sail, and of which the upkeep and storage is almost nothing, will put a lot of new life in the club and create enthusiasm as every new class does.

The Yacht Club committee will be at the club house Thursday evening, March 10th. The blue prints will be inspectable on that evening and arrangements will try to be made to purchase a fleet of these boats.

The club will try to make this coming year one of renewed activity in the sailing races. The sport of sailing is coming into its own again in other localities and the Riverton Yacht Club should try to boom it on the Delaware.

Durborow May Contest in Long Distance Event

Of local interest is also part of a letter from Cady, the Los Angeles coach, in which he says to Mr. Durborow, "I am going to promote a long distance race from the mainland to Catalina Island. The distance is 30 miles in the Pacific Ocean. It has never been done before or even attempted, but I believe it can be made. The man who owns the Island will put up the money to run it off, as he is a millionaire and crazy over swimming. He asks me to ask if you would be willing to come out and swim in it? His idea is to bring out the two best distance swimmers in the east, and pit them against the greatest from the middle west, west coast, and the Hawaiian Islands. We really have no big distance swimmers here, and I realize it will be a fight between the two eastern men. Who would you suggest to bring out with you, or in case you will not swim, what two eastern men do you pick to be sent out?"

If the race is a surety Mr. Durborow will start to train and if he swims in old time form over a Chester and return swim, he feels he can do justice to himself and Riverton. The other eastern entry will be Henry Sullivan, of Lowell, Mass. Sullivan, last summer, made two desperate attempts to swim the English channel, staying in the water 18 hours the first time and 20 hours the second attempt. Mr. Sullivan and Durborow have met but once in their swimming careers, and that was in the race held by the L. Street Club of Boston, from Charlestown Bridge to the Boston Light, on Labor Day 1914. Durborow finished third and Sullivan sixth out of a field of 44 starters. Both swimmers, however, are better at endurance work, and claimed this race was too short to do their best in.

Cady is a hustler and no doubt will pull off this swim, which will be the longest race in the history of swimming. The winner will require close to 20 hours to win, and it is hinted he will be backed by the California sportsman to try the Channel the succeeding year.

Camp 23 Entertains Past Presidents

The Rev. Charles H. Elder, chaplain of State Prison, State President A. J. Haines and Assistant State Secretary F. D. Haines were guests and speakers at the meeting of Camp 23, O. S. of A., Monday evening at which the Camp's Past Presidents' Association was entertained.

It appeared that the Past Presidents' Association has been inactive for a past few years, but such enthusiasm was aroused by the stirring speeches Monday night that a committee was appointed to reorganize the body, which is expected to take a very prominent part in camp activities henceforth.

The drive for 1000 members is to be resumed. The past presidents present Monday evening, whose dates reached from the present time back to when the camp was founded in 1893, were George N. Wimer, Joseph Schmitter, F. A. Winer, George Rogers, Eula Roach, W. L. Fichter, John Banfill, Albert N. Stewart, A. Newton Stewart, George E. Reber, Leslie Reeves, Thomas G. Ward, C. Kenneth Davis, Thomas Given, William Fluck, Walter Horner and George Stahl.

A large initiation is to be held next Monday evening.

Free Mail Delivery

The free mail delivery which will be inaugurated in Palmyra on May 1 will take in all streets with continuous sidewalks. Postmaster Cook is informed.

Houses must all be numbered correctly and have receptacles for receipt of the mail. There will be two deliveries daily.

The delivery of any person's mail will be optional with him. That is, if anyone prefers to receive it by general delivery or by postoffice box, then his mail will not be delivered. But one method or the other must be accepted. One cannot have both. If a party chooses to have his mail delivered he will not be able to get it at the window and vice versa.

Boxes for the collection of mail will be at Highland and Charles street, Morgan and Spring Garden, Maple and Broad, Garfield and Fourth, Horace and Fifth, while the box at Broad and Market will be continued.

The Astute Newsie

"It's a pleasant day, isn't it?" "Yes—it's always pleasant where you are."

This brief conversation took place between a gentleman and a corner newsboy the other morning.

It was a very pleasant conversation on the boy's part, for the customer bought one more morning paper than he was in the habit of doing. In addition, the boy's remark lingered pleasantly in the man's mind all through the day, and the conversation was repeated to several of his friends.

There's heaven for the whole day in a smile and a few pleasant words.

The Three Partners.

Paint Brush's Many Uses.

Nothing is better to take dust down the stairs than a good paint brush. It removes the dust from the corner niche of each step, brushes between the stair railings of moldings in a way no cloth can possibly do. Indeed a medium size paint brush of about four inches width has many uses in the house.

Mrs. Van Ness Tells of State Government

The second meeting of the League of Women Voters was held in the auditorium of the Riverton Public School Thursday afternoon at three o'clock, with a gratifying attendance, Miss Campbell presiding.

Miss Campbell stated that there would be a change of dates agreeable to Mrs. Van Ness and that the next meetings would be held in Society Hall, Palmyra, on Friday, March 18, and Thursday, March 24, at 3 p. m.

Mrs. Van Ness discussed last her subject "The State," saying that New Jersey as a State, is older than the United States. New Jersey was governed originally by the Dutch and Swedes, under the New York government of which it was a part. She mentioned that New Jersey was very rich in historical associations.

Before the first constitution, she said, to enjoy the franchise people had to have property qualifications, it being necessary for a voter to possess \$250, an assemblyman \$2500 and a senator \$5000. Women voted in New Jersey from 1790 to 1797.

From 1702 to 1776 New Jersey was greatly interested in educational matters. The colleges of Princeton and Rutgers were established during that period. Today New Jersey ranks fourth among the states educationally and had been more vigorous in forcing school attendance, would now rank first.

In her early day New Jersey had the states rights idea, even refusing to obey congress.

The highways used during the war of 1812, carrying supplies from New York to Philadelphia, were later used as the lines for the Pennsylvania railroad tracks.

In 1844 New Jersey's present constitution was adopted. It did away with all property qualifications for voting. To amend the constitution there must be a majority in both houses for two consecutive legislatures. The amendment must then be published in at least one paper in each county and then referred to a vote by the people. If defeated, the amendment cannot come up again for five years.

In the State government there are three departments, legislative, judicial, and executive. There are 21 senators, 15 of whom are now republican and 6 democrats. Qualifications for senator are: age 30 years, citizen of the United States, resident of state four years and in the county one year. The term of office is three years and the salary is \$500 a year. The president of the senate gets \$666.66. The business of the legislature is transacted chiefly by joint committees of the senate and house. The senate has 21 committees with three members each, and the assembly 30 with five members each.

After the last census was taken a bill was introduced in the house that caused much dissatisfaction. It was designed to change the representation of the state. Mrs. Van Ness declared it was a habit with her legislators to bargain back and forth on pet measures. In the assembly there are now 59 republicans and one democrat. The qualifications for membership are: age 22 years, citizen of United States, resident of state for two years and of county one year; salary \$500.

Mrs. Van Ness spoke in the highest terms of our representative, Emmor Roberts, stating that with his sterling character so well known he could command almost any political boom of his constituents.

Of the judicial department she gave warm praise, stating that many of our laws were copied in other states. Mrs. Van Ness spoke at length on "How does anything become a law?" In introducing a bill the assemblyman does not rise, but writes on the back of his bill that he is the sponsor for it. There are three readings of a bill, and if it is killed in committee, the "Rule of 15" is sometimes applied, which requires that not less than 15 members shall petition that a bill be brought before the house again. A house bill requires 31 votes to pass. A receipt must be given for the bill every time it passes from one committee to another. If the bill goes to the senate, it passes through a similar process. If passed, the governor has five days in which to sign or veto.

The qualifications for Governor are: 30 years of age, 20 years a citizen of the United States, and seven years a resident of the state. The term is three years, salary \$10,000. He is not eligible to succeed himself. He fills all vacancies in the United States Senate from New Jersey and has great appointive power with 37 places to fill by that method.

Mrs. Van Ness went into detail on state elections and on "How does a person get on a ballot?" A candidate for assembly must have 100 signers to his petition, for congress one must have 200, and for governor 1000.

The state law allows the following campaign expenses: senator \$500, congressman \$500, governor \$2500. After speaking of presidential electors and the rights of New Jersey, Mrs. Van Ness concluded the address by inviting those present to ask any questions they might desire.

At the business meeting following it was voted that the secretary advise Governor Edwards of the League's endorsement of the name of Mrs. Reuben F. Corry, of Riverton, as candidate for the state board of education. A motion also carried to support bill No. 253, now pending, prohibiting secret societies in schools and colleges, and that the secretary should advise Assemblyman Roberts to that effect.

Prof. Green, of Riverside, in a few remarks spoke of the cost of running the government, etc., and deprecated the fact that there was a bill pending which would annul three school holidays, one of them being election day.

Basket Ball

Last Saturday night the "Riverton Travelers" were defeated by the strong team of Bridgeton. Although the team was very badly lamed from the game with Dover, they put up a very snappy game. Manager Dick Steele was in uniform and went in the game in the second half and scored eighteen out of the twenty-seven points that was scored. This week they will go to Atlantic City and take on the Morris Guards, which is considered the fastest team in South Jersey. Coach Armstrong has secured Eddie Hoff and Abe Goltol, who were with the Coatesville team in the early part of the season. No games with Palmyra as yet. We hope to book them soon.

K. G. E.

Palmyra Castle, K. G. E., held a very interesting meeting Wednesday evening, at which it was decided to withdraw from the State mortuary fund. The Castle will establish its own fund, by which speedy payments of death benefits will be possible.

Blind Man's Directions Exact.

The mid-Victorian lady was trying to find her way about after emerging from the subway at Astor place. No policeman being in sight, she asked directions of the news-stand man. "Isn't it dreadful, not to be able to find your way around?" she said. "I'm hopelessly befuddled. Would you please tell me how to get to Waverley place?" "Are you facing east or west?" asked the news-stand man. "Am I facing east or west?" repeated the mid-Victorian lady, puzzled. And then she saw that the man whom she had asked to point out the way was blind. "I'm facing east," she said slowly. "Well, turn about west then," said the cheerful voice of the blind newsdealer, and he went on to give her explicit directions. She followed them to the letter, finding them to be exact, far clearer, in fact, than directions generally received from those who see.—New York Evening Sun.

When You Move. Look
for LORAIN on
the gas range

Whether you buy or lease a new home this spring be sure that you have a kitchen equipped with a gas range fitted with the "Lorain" Oven Heat Regulator. If your new home has a gas range, look and see that it has the "Lorain." If you have to furnish the range be sure you get a DIRECT ACTION "Lorain"-equipped. The "Lorain" Oven Heat Regulator on a gas range doubles its efficiency for cooking and gives the housekeeper from four to six hours of extra spare time a day by cooking whole meals at one time without watching. You can be miles away while "Lorain" is cooking your dinner and come home to find a delicious meal all ready to serve.

DIRECT ACTION Gas Ranges are
"Lorain"-equipped

Come in and look at the beautiful modern DIRECT ACTION Gas Ranges, equipped with the "Lorain" Oven Heat Regulator. We shall be glad to explain this wonderful device and demonstrate how it saves you time, money and gas. Ask for your book "An Easier Day's Work."

HALT ON ROAD CONSTRUCTION

Message Warns of Veto of All Highway Extension Bills Increasing Cost.

LIMIT MUST BE FIXED

Contemplated Program Would Require \$100,000,000; Bills Pending, \$91,000,000—Condemn Morris Canal, Urged by Record.

Trenton.—Declaring that enactment of all the proposed legislation would necessitate an expenditure of \$100,000,000 for highway construction before the end of 1922, Governor Edwards in a message to the Legislature urged the abandonment of plans intended to provide for the building of a score or more of additional highways. The Governor said that measures pending would require an expenditure of \$91,000,000.

"My inclination is to veto every bill extending the state highway system unless the Legislature comes to an agreement with respect to keeping the extension program within reasonable limitations," was a part of the Governor's message.

New Bridge Board
The Senate confirmed the Governor's appointments of T. Albion Adams of Montclair, Frank F. Gallaher of Collingswood and Charles S. Stevens of Cedarville to places on the New Jersey Interstate Bridge and Tunnel Commission. Mr. Adams will succeed himself, Mr. Stevens will succeed Daniel F. Hendrickson and Mr. Gallaher will fill the unexpired term of the late Richard T. Collings.

The Governor also named Otis H. Outler of New York and Richard V. Lindsay of Bernardsville members of the Palisade Interstate Park Commission. Each succeeds himself.

The Senate passed over the Governor's veto the bill introduced in the House by Majority Leader Rowland, repealing of the provision in the Walsh act, which makes mandatory a special registration day preceding a municipal election in commission governed cities. The Governor said that he saw no difference between a municipal election and a state election. The bill having passed the House over the Governor's veto, the action of the Senate makes it a law.

The Senate passed the concurrent resolution introduced by Senator Stevens of Monmouth county providing for a survey and a codification of the laws helping the poor. The bill provides for a commission which will submit its recommendations to the next legislature.

Realty Board Bill
With only four votes against it, the house passed on final reading Assemblyman Franklin's bill to create a state real estate commission. The measure provides for the licensing of real estate brokers and agents. The commission is to consist of three members appointed by the governor and paid a per diem compensation and expenses derived from the license. The cost of the license is fixed at \$10.

The Senate passed over the veto of Governor Edwards the Rowland bill raising the age of consent from sixteen to eighteen years.

The assembly defeated the Rowland bill increasing the number of vice chancellors from eight to ten. The vote was 23 to 24. The house passed the Evans bill permitting married women to make contracts the same as single women.

The Senate concurred in the house amendment to the senate bill increasing the membership of the State Board of Education from eight to ten to permit the naming of two women as members.

Condemn Morris Canal Plan
After a two-hour debate on the merits of the Parry bill, backed by the municipalities of Jersey City and Newark and providing for the taking over of the Morris canal by the state before the Senate Judiciary Committee, the hearing was continued until Monday, March 14, at the request of representatives from the vicinity of Lake Hopatcong, Hudson Maxim, the inventor, being the chief spokesman of this delegation.

Jersey City's main contention in the canal abandonment proposition lies largely in the water front available for the city in case the property is taken over by the state. The city was represented at the hearing by Corporation Counsel John Milton, City Attorney Thomas J. Brogan and Commissioner Moore, who, although they did not speak at the hearing, declared they were ready to defend Jersey City's interests at the opportune time.

No Abandonment, Says Milton
"Jersey City will not stand for the abandonment of the canal according to the terms of the railway," said Mr. Milton. "It is entitled to the water front and will have it. The rest of the property is not worth anything compared to the terminal."
The proponents of the bill speaking in its behalf were George L. Record of Jersey City; Corporation Counsel Jerome Congleton, of Newark; Frank M. Sommer, of Newark; John W. Heck, of the Jersey City Chamber of Commerce; Spaulding Fraser, of the North Jersey Water Supply Commission; and Edgar Meury, representing the Chamber of Commerce of Paterson.

Carlton Godfrey of Atlantic City, formerly chairman of the Godfrey Commission, which made an investigation of the Morris Canal problem for the state some years ago, opposed the Parry bill, and Attorney William L. Lewis of Paterson, spoke in behalf of the Lehigh Valley Railway.

John E. Mills, attorney, and Hudson Maxim, inventor, represented the residents of the vicinity of Lake Hopatcong, who protest against the passage of the bill unless an amendment was added that would protect the people having property invested in that locality.

Geo. Record Wants Condemnation
Mr. Congleton and Mr. Record outlined the purpose of the bill. The

latter told of the various uses the bed of the canal could be put to in case of its abandonment. He represented that the Lehigh Valley Railway was spending about \$800,000 a year for its upkeep without getting anything in return.

He urged the condemnation proceedings within the next year on the part of the state instead of waiting until the contract expired.

He pointed out that the bed of the canal in lower Jersey City could be used for a large sewer, its surface for a speedway, the other portion in Hudson county for a railway connection to Droyer's Point where big developments are being pushed.

In Essex county, he understood the Public Service Railway Company wanted the bed for trolley development and the Pennsylvania Railway for extension of the tube system. It could be put to valuable public uses in other counties.

Mr. Heck representing the Chamber of Commerce of Jersey City, declared that the taking over of the canal was supported by the 1,500 manufacturers of Jersey City, some of them representing the largest companies in the state.

Railroad Wants Terminal Basins
Attorney Lewis, speaking for the railway, said that his clients kept control of the Morris canal because of their title, that it would give to the large and small basin in Jersey City. The upkeep of the canal cost his clients about \$40,000 a year before the war, but now its approximate cost was \$100,000. He held that the company would expect the state to live up to its contract and not initiate condemnation proceedings.

If the canal is taken over by the state the railway would expect to get the big and little basins, that part of the canal channel in Hudson county, and certain portions near Phillipsburg. This property would be used for railway development purposes.

Mr. Sommer of Newark said that the question at hand was who would be master in the situation. This bill, he pointed out, was drawn up with a different assumption from the others. The state is now in a position to dictate terms, he concluded.

Lake Hopatcong in Danger
Hudson Maxim told of \$100,000,000 worth of property invested in the vicinity of Lake Hopatcong and what it would mean to the summer resorts and persons who have built in that vicinity in case the water supply of the lake were tapped. The basin of the lake was only 24 square miles, and the daily outflow but 10,000,000 gallons.

He wanted an amendment that would protect the people of that community. With the passage of the bill without this clause the control would be entirely in the hands of state officials. He made a convincing argument.

Mr. Godfrey viewed the measure as surrender to the Lehigh Valley railway. It would pay the railway company some three or four million dollars to take the canal, which the railway would be glad to get rid of, and, in fact, would pay the state to take over. He accused the proponents of the measure of being ignorant of conditions or of favoring special interests.

Various details of the water rights pertaining to the Morris canal and its present possessors were discussed, with no conclusions being reached other than that the purpose of the bill is to take over the canal first and not go into the various ramifications that would result from its passage.

Conviction of Communist Upset

The anti-sedition law passed in 1918 was declared unconstitutional in the Supreme Court. The decision was given in an opinion reversing the conviction of Walter Gabriel of Newark, state secretary of the Communist party in New Jersey. Gabriel was convicted in Essex county and sentenced to serve two to ten years.

Two indictments charged advocacy of the subversion of the government of the United States and the state of New Jersey and that Gabriel was a member of a society formed to encourage hostility to the government of the United States and of the state. He was arrested in Communist raids about a year ago, and the charges were the first of the kind in Essex, if not in the entire state.

Justice Bergen held that the third section of the supplement to the crimes revision of 1908, which was passed two years ago, violated the eighteenth paragraph of Article 1 of the constitution, "which reserved to the people the right to freely assemble together, to consult for the common good, to make known their opinions to their representatives, and to petition for redress of grievances."

The justice held that statements by the defendant, being replies to questions by the committing officer, "could not be used to support an indictment charging that he did 'advocate in public by speech' but amounted to nothing more than an expression, at the request of the magistrate, of his political views. This was not advocating them within the meaning of the statute."

But He's on His Way.

Uncle Tom arrived at the station with the goat he was to ship north, but the freight agent was having difficulty in billing him.

"What's this goat's destination, uncle?" he asked.

"Suh?"

"I say, what's his destination? Where's he going?"

Uncle Tom searched carefully for the tag. A bit of frayed cord was all that remained.

"Dat ornery goat!" he exploded wrathfully. "You know, suh, dat ignorant goat done completely et up his destination."—American Legion Weekly.

Lost-Continent Theory.
Dr. William Alanson Ryan, professor of zoology and geology in the college of Hawaii, claims to have discovered traces of a 6,000-mile prehistoric bridge of land between South America and Hawaii.

This Critical World.

It's impossible to please everybody, and if a girl has what we, in our ignorance, consider a good figure the neighbor women say she is bumpy.—Ohio State Journal.

BOY SCOUTS

(Conducted by National Council of the Boy Scouts of America.)

SCOUTS MEET VERDUN HERO

The Boy Scouts of America were honored by being selected to greet Gen. Robert Georges Nivelles, former commander-in-chief of the French army and famous hero of Verdun, upon his arrival in this country recently to attend the Pilgrim Tercentenary celebration. A hundred and thirty scouts took part in the reception. At the French line pier five picked Eagle Scouts met the general as he came off the steamer which brought him to New York. They were with Dr. Charles S. MacFarland, field scout commissioner, who is the general secretary of the Federal Council of Churches of Christ in America, on whose invitation Gen. Nivelles came to this country. From the pier he was escorted to the Waldorf hotel where five troops of boy scouts, a troop from each of the boroughs of Greater New York, carrying American flags and a French flag fifteen feet long, were lined up at salute and were reviewed by General Nivelles.

The scouts were greatly interested in the blazing star of the Grand Cross of the Legion of Honor which the gray-haired general wore on his army uniform. His eighteen military honors other than the Legion of Honor were represented simply by five rows of ribbon bars across his left breast.

A diminutive thirteen-year-old Manhattan scout, Frank Tobin, who wore a tri-color ribbon was singled out by General Nivelles, who had him come forward to shake hands while in very good English he told the assembled scouts how pleased he was to be welcomed by representatives of this great organization whose Jamboree party of 300 picked scouts last summer gave an exhibition of scouting in Paris which opened his eyes and those of many other men of affairs there as to the great value of scout training in the formation of sturdy and useful manhood.

GEN. WOOD PRAISES SCOUTS.

In the recent Boy Scouts of America essay contest on the subject of fire prevention Maj. Gen. Leonard Wood, commander of the central division of the army, acted as chairman of the board of judges. He took keen interest in reading the essays, which, because he was unable to leave Fort Sheridan, Ill., were taken to him from New York by a representative of the National Board of Fire Underwriters, under whose auspices the contest was conducted among the entire membership of the boy scouts in the United States and its possessions. At the conclusion of his work Major General Wood issued the following statement:

"I cannot tell you with how much interest and appreciation I read the essays from the boy scouts' contest with reference to fire prevention. The idea of this contest was a fine one. It served to bring to the attention of the boy scouts throughout the country a most important field of effort, namely, that of vigilance in measures looking to fire prevention and the dissemination of information concerning the sources of danger and what can be done to prevent. The fundamental cause of fires is carelessness, combined with a certain amount of ignorance. If the boy scouts take up the campaign in behalf of fire prevention and speak as intelligently as they have written I feel that we shall soon reduce the danger from fire."

PUPILS WRITE SCOUT ESSAYS.

Great interest is being manifested in all large cities in the experiment made by the board of education of New York city in making the writing of an essay on the subject "What Boy Scouts Can Do for Greater New York" a part of the regular classroom work on one day for the fifth, sixth, seventh and eighth grades of all elementary public schools. To make the preparation of the material and the writing, and especially the study of the purposes of scouting more effective and attractive, the work was made competitive, with the following prizes:

For the best essay in each school in Greater New York a bronze medal, for the best in each school district, a silver medal, for the best in each of the five boroughs, a gold medal, with a special grand prize for the best essay in the entire city, prizes given by the Boy Scouts of America.

"This will give an admirable opportunity for the principals to discover the effectiveness of the teaching of practical civics in practical ways, and will focus fresh interest on the vital essentials of good citizenship."

GOOD TURNS FOR BOY SCOUTS.

Camp Kiwanis, built by the Kiwanis club of Saginaw, Mich., for the boy scouts of that city, has one of the finest log cabins in the country, plans for which are being sought from many cities by other clubs who want to boom this big boy movement.

Troop 12, Spokane, Wash., provided clothes and food as needed by two poor families, gave \$10 to Near East relief and furnished two scouts daily for two weeks to run errands for the Social Service bureau.

DOINGS OF THE BOY SCOUTS.

Troop 1, Woodville, Ga., cleaned the cemetery, cut weeds off streets, cut weeds from around school building, helped clean church grounds.

Troop 10, Albany, N. Y., reports that it responded to a request by local headquarters for assistance in doing local good turns, gave provisions to two poor families, escorted blind persons from their home to the annual blind outing and return, assisted church in building tennis courts and distributed literature for the church.

WOMAN WORKER IS HONORED

Miss Pauline Curnick of Indianapolis is Selected Executive Secretary of Women's Auxiliary.

In accordance with the free-rein policy of the American Legion in regard to the women's auxiliary, Miss Pauline Curnick of Indianapolis has been appointed executive secretary in charge of the women's organization by national headquarters of the Legion at Indianapolis.

Miss Curnick, who is the daughter of Rev. P. C. Curnick, field secretary of the Northwestern conference, Methodist Episcopal hospitals, was a leader in numerous welfare activities for the benefit of sick and disabled soldiers, sailors and marines during the war, and later served as personnel and employment director for a large eastern industrial establishment.

The women's auxiliary is composed of about 150,000 mothers, wives, sis-

MISS PAULINE CURNICK, Newly Named Executive Secretary in Charge of Affairs of the Women's Organization.

ters and daughters of Legionnaires and men who died in the service or organized in approximately 1,500 units all over the country.

Trolleys Again Prove they are an Indispensable Public Utility

Trolley Cars, Jitneys And the Snowfall

In the struggle against the record-breaking snow storm, the trolley cars led the jitneys in the maintenance of service. There can be no question about that. There were hours when the buses were hardly in evidence, while the Public Service cars were to be seen fighting against the handicap of deep snow and winning out eventually in spite of delays.

This is not proof, of course, that the jitneys are not needed; they are—the manner in which they shall be controlled to serve best the traveling public is another question. But Sunday's storm was proof that the evolution of transportation facilities has not reached, or even approached, the point where the trolley cars are no longer indispensable. They are. * * * —Newark Evening News.

The snow storm cost Public Service Railway nearly a HUNDRED THOUSAND DOLLARS just to keep its tracks cleared SO THAT IT COULD GIVE SERVICE.

And in spite of the cost, in spite of the great labor, in spite of the tremendous handicap, the trolleys Gave Service When Service Was Most Needed.

Trolleys were carrying people when jitneys were under cover. Trolleys kept the main highways open, even for other traffic. Trolleys made possible the usual deliveries of milk and bread, of food and fuel.

The parasitical jitneys spent nothing for snow removal along the streets. They waited for the trolley company to clear the way and then impeded the progress of trolley riders by using the rails and blocking and interfering with the street cars.

Trolleys are regulated by the State. They give service in all weathers.

Jitneys are not regulated by the State. Under existing conditions they are irresponsible and undependable.

If service to the people is the test of usefulness, why should not the jitneys be regulated by the same authorities as the trolleys?

PUBLIC SERVICE RAILWAY COMPANY

THE GIRL ON THE JOB

How to Succeed—How to Get Ahead—How to Make Good

By JESSIE ROBERTS

THE JOB ABOVE YOU

IT IS perfectly legitimate for you to be keeping an eye with a view to future possession on the job above you. Some of us have perhaps reached the pinnacle of our ambition, but that number is small. There is something ahead that is better and it is right to try for it, to plan for it, to get it. But don't make the mistake of slurring your present job because you think you are fit for a better one. The best way in the world to get that rise is to fill your present position as well as it can be filled. There is very little really thorough work being done. The girl who is thorough in what she does, who can be definitely depended upon, will attract notice. Doing your work well is more important than many women think.

One woman whom I know was supposed to make clippings for her employer in regard to the business of the firm, clippings from a large number of papers, and to leave these on his desk. It occurred to her that he lost a good deal of time in running over these slips. She began arranging them according to topics, and she stated to each bunch of clippings a summary of their contents carefully made. It wasn't much perhaps, but looked good to that employer. He put his eye on that young woman. He had aroused his interest.

Presently she suggested the feasibility of issuing a small pamphlet made up of items from these clippings, a monthly record of what appeared in the public prints that was lost to the point. The idea was adopted and worked well.

A girl like that does not stay down. She is now private secretary and advertising manager to that employer, an excellent salary. And she will go farther.

You don't need to be a grind and a grudge to do your work so well that you will be taking the job above you as soon as it is vacant—or can be reached. You do need to be interested in what you are doing now, to be ready to develop its possibilities, to see the relationship between what you are doing and the work of the organization as a whole. It is work done without interest and hope that is hard. It leads nowhere, and it is boring. Keep alive in the job you are

RIVERTON AND PALMYRA, NEW JERSEY, FRIDAY, MARCH 11, 1921

PRICE FIVE CENTS

This Christmas and Next

Many of us strive by hard work and strict attention to business to support our families, ourselves, and our loved ones, and to save certain sums of money for the "rainy days." Many of us also find the Christmas season at hand without the wherewithal to furnish our families and our friends with the gifts, remembrances, and pleasures, that we had hoped and intended to give. We feel sorry—and yet, after all—we can but blame our own shortsightedness.

For an account in the Christmas Savings Club of this Bank would have insured just the kind of Christmas you wanted to have.

Begin Your Next Merry Christmas Now!

Deposit anywhere from 25 cents to \$5 weekly in our Christmas Savings Fund now forming, and receive your Christmas money December 15th, next.

THE UNIVERSAL CAR
Farmers Should Buy
Their Tractors Now

Tractors, Like Any Piece of Machinery, Require "Breaking In."

Do That Now

There are two good reasons why you should buy your Fordson Tractor now. First, to avoid the possibility of not being able to get one when you want it. Second, to have it properly "broken in" when the heavy spring work comes.

CAR AND TRACTOR PRICES

Chassis \$360
Touring (starter and dem. rims) \$535
Runabout (starter and dem. rims) \$490
Coupe (starter and dem. rims) \$745

AN OPEN LETTER

To the Citizens of Palmyra and Riverton:

Rapid
Progress

Some three or four years ago the development of Morgan Heights was begun; streets were graded and graveled; beautiful cement sidewalks, curbs and gutters laid; all of this soon to be followed by the erection of beautiful and comfortable homes—so that today Morgan Heights (located on the highest elevation in Burlington County) is conceded to be one of, if not, the nicest residential sections of the County.

A
Word
to
the
Wise

All of the houses completed on this Tract have been sold with the exception of one at the corner of Morgan Avenue and Franklin Street. There is no doubt but what this one property will be sold in the Spring, for out of the many buyers that will be in the market, there will certainly be some people who will appreciate the beauty and comfort and substantiality of this home, (to say nothing of the large area of the lot upon which it is built) sufficiently to purchase it at the bargain price at which it is being offered. The same thing applies to the other properties which Builder Davis is now erecting and is about to erect on this Tract. Just at this point let us say that if there is one thing that adds to the attractiveness and permanency of Morgan Heights, it is the fact that there has been no inflation in prices of either lots or homes.

No
Inflation
in Prices

The prices of the lots are the same today as they were when the development was started, although every lot on the Tract has been enhanced by the improvements that have taken place, and it would certainly cost a hundred dollars more for each fifty foot lot, to lay the sidewalks, gutters and curbs than it did when this work was done. If the Palmyra-Riverton section has any future at all, prices will advance—and that rapidly—for no new development ground can be opened up at prices to compete. We believe that the ferry operating between Tacony and Palmyra alone will bring about a big enhancement in the values of this section, so that the wise man will take time by the forelock and buy today.

Carefully
Study this

The main purpose of this letter, however, is to call to your attention the rare bargains that are within your reach in the lots fronting on Cleveland Avenue between Highland Avenue and Columbia Avenue. Certain it is that no discriminating buyer could fail to appreciate these bargains if he thoroughly understood the situation. Cleveland Avenue is at the highest point on the property; it is a well-graded thoroughfare, and cement sidewalks, gutters and curbs have been laid. In looking over the plan we notice that a lot 50x100 feet, located directly opposite the beautiful home property of Mr. Edward B. Rich can be purchased for \$850. We also notice that a lot 55x175 feet directly opposite the excellent home and beautiful lawn of Mr. William T. B. Purnell, can be purchased for \$1000. We also notice that a lot 81x150 feet, located at the corner of Morgan Avenue and Cleveland Avenue can be purchased for \$1500, while the one 79x165 feet, at the corner of Cleveland Avenue and Columbia Avenue can be purchased for \$1350.

Great
Opportunities

When one realizes that all of the improvements have been made around these lots, then and then only is the real value appreciated. Just to think of having a corner property with all the advantage of side light and air space for such small sums of money. The improvements around any one of these lots today would cost not a cent less than \$700, so that you can see that (as far as real area is concerned) corner lots are being sold at less than inside lots.

If you desire any further particulars about these properties, consult Mr. George N. Wimer, 15 East Broad Street, Palmyra, or Builder Llewellyn Davis, 910 Columbia Avenue, Palmyra.

SUNDAY SCHOOL LESSON

(By REV. P. B. FITZWATER, D. D.,
Teacher of English Bible in the Moody
Bible Institute of Chicago.)
(© 1921, Western Newspaper Union.)

LESSON FOR MARCH 13

THE LAST PASSOVER.

LESSON TEXT—Matt. 26:26-28.

GOLDEN TEXT—As often as ye eat this
bread, and drink this cup, ye do show the
Lord's death till he come.—1 Cor. 11:26.
REFERENCE MATERIAL—Mark 14:
17-28; Luke 22:7-28; John 13:1-30; 1 Cor. 10:
16, 17; 11:23-24.

PRIMARY TOPIC—Jesus at Supper
With His Friends.
JUNIOR TOPIC—Remembering Our
Lord Jesus.
INTERMEDIATE AND SENIOR TOPIC
—The Lord's Supper and Its Meaning.
YOUNG PEOPLE AND ADULT TOPIC
—Communion With Christ.

I. The Bargain of Betrayal (vv. 14-16).

This is a dark picture. Satan had
so completely gained the mastery over
Judas that he sold his Lord for the
price of a slave (Ex. 21:32). Judas
was not of a sort that one would
suddenly be overtaken with, but one
of deliberate purpose.

II. The Passover Prepared (vv. 17-19).

1. The disciples' inquiry (v. 17).
They inquired of Jesus as to where
they should prepare for the Passover.
They were no doubt anxious to be
of service to Him. We should be not
only ready to do our Lord's bidding,
but should inquire of Him as to what
He would have us do.

2. The Master's strange directions
(v. 18). They were to go into the
city where they would meet a man
bearing a pitcher of water. It was
usual for the women to carry the
water. This unusual occurrence
would make it easier for them to
find the man. To him they were to
say, "Where is the guest-chamber
where I shall eat the Passover with
my disciples?" And he will show
you a large upper room furnished and
prepared, there make ready for us"
(Mark 14:14, 15).

3. The obedience of the disciples.
They did as Jesus had appointed them.
They did not stop to question the
sanity of the command, but like true
disciples obeyed. Christ is omniscient.
He knew just how the matter would
turn out.

III. The Betrayal Announced (vv. 20-25).

1. The time of (vv. 20, 21). It was
while they were eating the last pas-
sover that Jesus made this announce-
ment. Perhaps the reason why this
feast should be disturbed by such a
sad announcement was that Judas
might be given an opportunity at this
last moment to repent. God does not
will that any should perish, but holds
out to the most wicked man to the
last moment an opportunity to repent.

2. The sorrowful question (v. 22).
They did not seem to suspect one an-
other, but directed personal attention
to themselves. We should always ex-
amine ourselves rather than others.

3. The darkness of the crime (v. 23).
"He that dips his hand with me in
the dish, the same shall betray me,"
does not point out the traitor, but
indicates the greatness of the crime.

4. The betrayal of Jesus was by the
determinate counsel and foreknowl-
edge of God (v. 24; Acts 2:23).
Nothing takes place by chance. "Voe
unto the man by whom the Son of
Man is betrayed; it had been good
for that man if he had not been born."
To have been born in the world and
lived for a while, leaving an impres-
sion upon it for good is a great privi-
lege, but to be face to face with such
a great privilege as Judas' betrayal,
and to make such a miserable fail-
ure of it is worse than nonexistence.

5. Judas' evil determination un-
shaken (v. 25). In the face of all
that Christ had said, he went forward
and tried to cover up his purpose by
saying, "Master, is it I?"

IV. The Feast of the New Covenant Instituted (vv. 25-30).

This took place at the close of the
passover supper.
1. The bread a symbol of Christ's
body (v. 26). This is a fitting emblem
of Christ's body. As bread nourishes
and strengthens our bodies, so Christ
is food to our spiritual lives. Unless
we feed upon Him, we shall perish.

2. The cup a symbol of Christ's
blood (vv. 27, 28). This was sym-
bolic of the atonement which was
made by the shedding of His blood on
the cross.
3. Drinking anew in the kingdom
(v. 29). This does not mean that in
heaven this service will be renewed,
but that this was symbolic of the
heavenly reality.

4. Going to the cross with a song
(v. 30). With all the sorrows and
the burdens of the world upon Him,
He pressed forward with cheerfulness.
Those who have come under the shad-
ow of His blood can go forward bear-
ing their cross with a song of joy.

Religion.
Religion is not a lot of things that
a man does, but a new life that he
lives; not a thing for weak souls, but
a thing for the manliest soul.—Phillips
Brooks.

Watch Our Beginnings.
Let us watch well our beginnings;
and results will manage themselves.—
Alix Clark.

The Life Preserver.
Every man's task is his life pre-
server.—Emerson.

THE NEW ERA

Published every Friday at
RIVERTON, N. J.

WALTER L. BOWEN
Editor

The New Era is devoted to the business and home interests of Riverton and Palmyra, independent of political or religious belief—the people's paper.

If you do not receive The New Era with your other mail on Saturday, please ask the postmaster for it. If it is not there, ask for one of the extra copies which are sent to the post office to meet such emergencies.

PUBLISHER.

Notice

All readers or local notices of entertainments, suppers, fairs, dances, etc., given for the purpose of raising money, or for which admission is charged, will be charged for at the rate of fifteen cents a line.

Porch Club Hears of Many Bills

Mrs. Louis Peloubet, State chairman of legislation of the Federated Clubs, gave the Porch Club a very interesting afternoon on Tuesday. She spoke first of the "women bills," those bills which directly concern women and have been before the Assembly this session. There are twelve bills in this list.

First, a bill changing the age of consent for women to 18 years—formerly 16 (passed).
Second, a bill creating a forty-eight hour week for women, another prohibiting night work for women (that is after 10 p.m. or before 6 a.m. (passed)).

A bill adding two women to the State Board of Health (passed).
Sixth and seventh, two bills, one making mother equal guardian with father, second makes mother equal guardian with father during divorce proceedings.

One rather amusing bill reads "Removes husband's liability for wife's torts."
Ninth, a bill permitting married women to make contracts as if they were unmarried.

The last three give women equal rights with men for State offices.
A bill of interest to the housekeeper makes unlawful "combination sales" of food stuffs, another regulates the keeping of food in cold storage.

Mrs. Peloubet spoke of the need of State police in New Jersey, and a bill now before the Assembly providing for 414 men and officers; another bill, started by the women's co-operative bureau, prohibits fraternities and sororities in public schools, on the claim that these secret societies interfere with the efficiency of the schools. (This bill is being opposed by Atlantic City, where such societies exist in the schools.)

Mrs. Peloubet spoke of the work done by the Women's Bureau, located in Trenton. This Bureau has no party ties, and works impartially for the best bill.

Miss Antoinette B. Campbell has charge of the Current Events day at the Porch Club on Tuesday, March 15th. Mrs. N. Myers Fittler will also give a book review.

Soldiers' Memorial Committee Is Making Headway

At the meeting of the Borough Council last night a communication from the Soldiers' Memorial Committee was received, and after a careful consideration was referred back to the committee with an increase in its power to act.

By a decision of the attorney general it is not necessary that all moneys appropriated by Council to boards, commissions or committees shall be paid by the borough treasurer on the presentation of bills for services actually rendered or goods delivered. That is, instead of paying to the treasurers of the Visiting Nurse Committee, the Riverton Free Library, the Salvation Army, the Board of Health, to be disbursed by them, as heretofore, these organizations must send the bills to Council, which will pay them, within the limits of the amounts appropriated.

Charles A. Wright, president of the Riverton and Palmyra Water Company, addressed a letter to Council, stating that as soon as weather conditions permitted the streets opened by the company would be put in as good condition as they were found.

A communication was received from the secretary of the Public Utilities Commission acknowledging the receipt of the copy of the resolution passed by Council at its last meeting, relative to supplying service to individuals without payment on the part of the customer of a charge for erecting poles, running wires or laying pipes.

Councilman Davis suggested that waste paper receptacles be placed at suitable places about town, to encourage people to throw their bits of paper and other refuse into them instead of littering up the streets with it.

The following bills were ordered paid:
Ogden H. Mattis, assessor—\$112.50
Fred P. Hemphill, treas.—\$152.60
Geo. K. Clark, clerk—\$13.50

The author of the new system of spelling might begin his reforms with "pneumonia."

WEEKLY NEWS BUDGET

for Riverton and Vicinity

Buy It at Home!

O. R. Smith has gone to Washington for the winter.
Today is the anniversary of the great blizzard of 1888.

Clois W. Snyder has purchased a plantation and orange grove in Florida.
Mrs. L. W. Reeves entertained the Virginia Club Saturday evening, the 5th.

During February there were four births, three deaths and no marriages in Riverton.
Officer Miller and family have moved into the Davidson property on Cinnaminson street.

Mrs. Paul C. Burr and daughter, Kathryn, left on Monday to visit relatives in North Carolina.
The Fortnightly Reading Circle will meet at the home of Mrs. Samuel MacMullin next Friday afternoon.

Daughters of Pocahontas, Council 102, will hold a St. Patrick's party on Monday evening in Society Hall, Palmyra.
Mrs. H. W. Strong, of Wilmington, is spending a few weeks as the guest of her parents, Mr. and Mrs. W. J. Eisele.

Mrs. E. K. Merrill entertained the teachers of the public school and a number of other friends at cards on Wednesday evening.
During February twenty-six patients were admitted to the Burlington County Hospital. Twenty of these were discharged and four died.

Monday night the Wyoming Fire and Drum Corps, of Camden, tendered John Sloan a surprise party on his sixtieth birthday anniversary.
Mr. and Mrs. J. J. Robinson are being congratulated upon the birth of a daughter, Mrs. Robinson will be remembered as Miss Elsie Lieb.

Mr. and Mrs. Herbert M. Morris returned last week from a month's trip to South America, Panama Canal and many points of interest enroute.
Mrs. Arthur Bowker instituted a new camp of the P. O. of A. A. Chester, N. J. Morris county, Monday evening, February 28th, and also visited Camp 27, P. O. of A. at Dover, N. J.

As a part of the effort to have automobile regulations properly observed the police department has had "Park to Right" signs placed on the principal streets.
Mr. and Mrs. Joseph Beck Tyler will give a dinner dance at the Country Club Saturday evening. It is expected between seventy-five and a hundred guests will be present.

Mrs. F. J. King and daughter, Kathryn, of Wheeling, W. Va., left for their home Monday evening, after visiting at the home of Mr. and Mrs. Edgar Miller on Lippincott avenue.
On Saturday evening, March 5th, Miss Emma Kipp gave a miscellaneous shower in honor of Miss Dorothy Sharp. There were twelve guests present. Miss Sharp received many beautiful gifts.

Emory Bowers, of Riverton, playing with the First National Bank of Camden, bowling team, broke the record of the Financial League of Philadelphia with a score of 242. The previous high score for the season was 236.

Archibald T. Develin, of Philadelphia, has purchased the property, 501-503 Cinnaminson street from Dr. Marcy. Mr. Develin moved on Wednesday into 501, which has recently been occupied by Mrs. Margaret Armstrong and family.

Boast the twin cities, Riverton and Palmyra, in the Philadelphia Inquirer automobile contest. Subscribe and save your votes for Aida O. Smith. Watch her standing in the daily and Sunday Inquirer. Leave votes at Stiles or Pine's drug store.

William J. McIlhenny, a former resident of Riverton, and son of Andrew J. McIlhenny, has entered the Inquirer automobile contest, and asks his friends to save their coupons for him. They may be given to the boys who deliver the morning papers, or left at Adolph's.

Camp Dix will become one of the chief polo centers in the United States according to War Department plans to promote this sport as a feature of strenuous military training for rank and file. War training experts say the sport develops daring, courage, quick thinking and acting.

Complaints have been made to the police department that boys have been breaking the trap and doing other damage to property at the Riverton Yacht Club. It is about time that another example should be made of boys who find fun in this sort of deviltry. There was a noticeable falling off in such sport after some of the boys who perpetrated this sort of thing were haled before the county judge a few years ago, but the effect of the lesson seems to be wearing off.

Additional Riverton News will be found on third page

P. T. A. Will Hold St. Patrick's Party
The March meeting of the Riverton Parent-Teacher Association, which will be held in the auditorium, Thursday evening, March 17, will take the form of a St. Patrick's social. One of the features of the evening will be a spelling bee. All parents of children and their friends, whether members of the association or not are cordially invited to attend. The competition for the permanent possession of the attendance flag is growing keen. If both father and mother attend this meeting they each count one for the grades in which they have children. Refreshments will be served.

Who Wants a Baby Boy?
A fine, healthy looking baby boy, about ten days old, wants a home in Riverton. The little man was deposited on the front step at the home of the Misses Wolcott just before seven o'clock Tuesday evening. It was found by Miss Helen Wolcott when she was leaving the house. The waif was turned over to the chief of police, who placed it in the care of the visiting nurse over night. On Wednesday it was taken to the Cinnaminson home, where it will remain for a short time in the hope that one of the homes in Riverton will open its door and hearts to the little stranger.

It is not often that a man can make opportunities for himself. But he can put himself in such shape that when or if the opportunity comes he is ready to take advantage of it.—Theodore Roosevelt.

School May Be Wired for Electricity

At the meeting of the Board of Education Monday night, the property committee was authorized to ask for bids for wiring the school building for electricity.

Miss Chew, supervising principal, said that the school work was being handicapped by not being able to use the auditorium at any time desired, owing to the difficulty in heating it in cold weather without taking needed heat from the classrooms. It was decided to keep the auditorium heated all the time, even if it is necessary to run the reserve heater to do it.

A resolution was passed abandoning the Upholstery savings system and instituting the War Savings Society system.
In order to secure greater uniformity in teaching and improved penmanship on the part of the pupils, on recommendation of the supervising principal, it was decided to introduce the Palmer system of penmanship in all grades.

The use of the auditorium was granted to the music section of the Porch Club for Tuesday evening, April 26.
The board was very much gratified with the report of Miss Chew that 127 parents visited the school during "Visit the Schools" week.

It was noted as a curious fact that out of 27 cases of tardiness during the month, 25 were boys.
The Board passed a resolution which the clerk was instructed to forward to Assemblyman Roberts and Senator White, and to urge the passage of Assembly Bill No. 451, which provides for the distribution of State school funds on the basis of \$600 for each teacher and the balance on day attendance, instead of on the basis of ratables, as at present. The present system sends large sums of State school money into wealthy districts where it is not needed, and a correspondingly small sum into less affluent communities, where the need is urgent.

A resolution was passed to contribute \$100 to the traveling dental clinic, which will operate among school children.
Mr. Boyer, who represented the Board at the convention of the County Board of Education at Moorestown, reported on the meeting and Miss Chew reported on the meeting of the Department of Superintendent of the National Education Society, held at Atlantic City.

The following bills were ordered paid:
Teachers—\$1479.33
Janitor—115.00
Attendance Officer—15.00
Tuition—600.00
Gas and Electricity—44.07
Printing—30.70
Supplies—36.73
Dues—3.00
Postage—20.54
Telephone—10.15
J. S. Collins—42.23
Sewing Machine—49.00
Book Case—38.50
New Window Shades—28.34
Hauling Ashes—8.25
Medical Supplies—7.38
Repairs—25.20
Insurance—288.09
Books—

At the March meeting of the Burlington County Anti-Tuberculosis League, held March 2, it was reported that the work during the preceding month had included visits to 29 patients, four of them new, including several towns in the county, five patients taken to the Fairview Sanatorium, and seven patients at the consultation clinic.

A resolution was passed to contribute \$15.00 to the traveling dental clinic operating among school children in the county.
Reports were given of the meetings of the National Education Association at Atlantic City, and the Burlington County Council of the Home and School Associations, held in Delanco, which were attended by the executive secretary, Miss Margaret S. Haines.

You think your job is the hardest in the world, but it's soft compared to the one your mother had raising you.
Fame, like the river, is narrowest where it is bred, and broadest afar off.—Dovenant.

Lynch Wins Place on Cup

Last Saturday with the trap in perfect condition, another spirited match took place for the John H. Reese memorial cup. It was a hard day on the shooters, as a drizzling rain fell most of the time, and the leaden sky was of about the same color as the water, making it extremely difficult to follow the course of the targets.

The contest was the closest witnessed yet. William B. Lynch, with a handicap of 13 smashed 41 of his birds, giving him a total of 54 points. Whitney Frishmuth and D.L. Vaughan both winners of the cup, had to shoot the match of their lives to qualify, and both just nosed under the wire with an even 50, the total necessary to give them a look-in for the shoot-off. Whitney Frishmuth, with a handicap of 6 targets smashed 23 of his first string and 21 of his second. D.L. Vaughan, shooting in championship form, with a handicap of 3, broke 24 out of his first 25, and 23 out of his second string, giving him a chance to enter the shoot-off.

In the deciding match between the three high men, after a hard fight, and many thrills among the spectators, W. B. Lynch won with a score of 24½, leading D.L. Vaughan by a point and a half. Lynch's victory was a very popular one and he received a big hand from those present.

Mrs. C. Z. Vaughan kept up her excellent work by breaking 32 birds while Mrs. D. L. Vaughan had a total of 22. It would not be surprising to see the names of these two star lady shots appear upon the cup.

The Palmyra Gun Club has sent in a request to meet the Riverton Yacht Club in a trapshooting match at the Yacht Club wharf any Saturday afternoon convenient to Riverton. No doubt the match will be arranged in the near future, and it should prove a great drawing card, and a booster to trapshooting in the two sister Jersey towns.

Arrangements are going ahead for the Riverton Yacht Club dinner to be held in the Riverton parish house on Wednesday evening, April 6th. R.W. Knight, chairman of the entertainment and banquet committee, is working up a fine dinner and an entertainment to match. He is being assisted by the women's committee of the Yacht Club, of which Mrs. C. B. Durborow is chairman. Don't miss a good meal and lots of fun, and send your reservations in to the treasurer, C. B. Durborow.

The entries are still coming in for the great ten-mile national swimming race to be held here on July 23rd. Gardner, of Charleston, W. Va., and Bolden, of Chicago, are the latest ones to mail in their blanks.

Mr. Durborow, chairman of the swimming section, will write the swimming and sailing news hereafter for the Philadelphia Sunday Inquirer.

INTERESTING NEWS BITS
in and around Palmyra

Buy It at Home!

Mrs. Russell Hamelman spent last week in Llanerch.

The Eastern Star will give a St. Patrick's dance on March 17.

The Rev. Russell Conwell is to address the Wesleyan Men's Bible Class on May 15.

A son was born to Mr. and Mrs. Charles W. Jones, of Garfield avenue, on March 2nd.

Mrs. Elizabeth Adams is recovering from an attack of pneumonia at her home on Lincoln avenue.

Horace Sycklemore, who was operated upon recently at the Cooper hospital, is improving nicely.

The proceeds of the Easter cantata totaled \$140, which has been turned over to the Baptist Building Fund.

Mr. and Mrs. William Vogel, of Cinnaminson avenue, are receiving congratulations on the birth of a son.

Ex-Senator Edward G. Walls and wife, of Smyrna, Del., spent the weekend as the guest of A. E. Fowler and family.

A number of cases of small pox are reported at Camp Dix. Scarlet fever is also said to be keeping some of the soldiers in quarantine.

Friends of Mrs. Aida O. Smith are awaiting with much interest the announcement of her standing next Sunday in the Inquirer auto contest.

The opening of the M. E. conference at Ashbury Park was preached by the Rev. E. A. Robinson, who chose as his subject, "St. Paul, the Preacher."

Mrs. Aida O. Smith, who has entered the Inquirer auto contest, is seeking to win one of the prizes in order to donate it to the Riverton and Palmyra Masonic Association.

Mrs. Aida O. Smith gave a linen shower and dinner in honor of Miss Florence Hall, of Philadelphia, whose engagement to Dr. James Martin, of Philadelphia, was recently announced.

Mrs. A. E. Fowler, of Lincoln avenue, is convalescing after an attack of bronchial pneumonia, and her daughter, Mrs. M. R. Rutan, is suffering with influenza. Both are under the care of a trained nurse.

Fire originating from the kitchen stove damaged the rear wall of the home of Thomas Allen at Fourth and Arch streets Monday night. Men playing quills and the fire got the fire while Palmyra's truck got to the scene quickly.

Capacity audiences greeted the Rev. Charles Winters who this week began a two weeks series of evangelistic meetings at the Central Baptist Church. He is ably assisted by Miss Purdy, of Brooklyn. Sunday afternoon there will be a meeting for women only with a sermon on "Short Skirts."

The Masonic Association of Riverton and Palmyra has ordered the removal of the big advertising sign boards on its lot at Broad and Maple avenue. The signs are to be down within a month's time and the Association plans to do considerable work clearing off and beautifying the grounds where eventually a Masonic temple is to be built.

Palmyra's trapshooters have been popping away all Saturday afternoon every week since New Year's, and have developed some crack shots. Charlie Walters broke 39 clays out of forty last Saturday. The Stack and Cooper boys and St. Wallace are also making fine records and the club is planning to challenge Riverton's marksmen for a match shoot in the near future.

Mr. and Mrs. Eula Roach entertained at dinner on Sunday to announce the engagement of their daughter, Evelyn Beatrice Harbourn, to Mr. James Manners Weart. The guests were John Harbourn and daughter, Mrs. Annie Farr, of West Philadelphia; Mr. and Mrs. James T. Weart, Mr. and Mrs. Alonzo Bonnell and son, of Palmyra; and Mr. and Mrs. Alfred Wilkinson, of Andover.

Service Orders Issued at Camp Dix

In order that the First Division may be kept fully prepared for any emergency, orders have been issued by the War Department for the records under Major General Sumner to be held in as readiness for field service. Records showing the actual number of men and officers available for active duty after leaving a sufficient guard and operatives for the various camp departments, should the division suddenly be ordered from its base at Camp Dix, are being prepared.

Frequent drills in turning out regiments and brigades in emergency forces will be held in the coming weeks. It is the aim that every officer and man shall know his special duties should the division for any reason be called upon to take the field.

Carpenters Reduce Their Own Wages

The Moorestown Carpenters' Union at their Monday evening meeting last week decided to accept a reduction of wages. The new rate will be eighty-five cents per hour instead of \$1.00, and becomes effective immediately. This action of the carpenters is voluntarily reducing their wages should stimulate building and help business generally.

Heavy Sentence for Soldiers Who Robbed Jitney

Francis A. Childers and Thomas J. Lingel, the two soldiers from Camp Dix who beat and robbed Max Waldman, a jitney driver, last week, near Beverly, were sentenced to seven to fifteen years in the New Jersey State Prison on Thursday. The men admitted their guilt and said they had planned several days before to rob some jitney to get money for a trip to Ohio.

Y. W. C. A.

At the last meeting of the Business Girls' Club of the "Y" it was decided that there would be a second course in military. Applications for this new class are requested as soon as possible. Terms 75 cents in advance. The girls are also going to make gingham dresses. There will be no regular teacher, each member helping the other.

On March 29th the girls will give "Living Moving Pictures" to all members.

It is requested that as many of the girls as can, come out on the 14th to rehearse for the "Movies." If there are any girls in Palmyra or Riverton who would like to join our good times, we hope they will come to the club rooms and see for themselves what they are missing by staying away.

Additional Riverton News

The dredge started to work on the fill for the roadway for the Tacony-Palmyra Ferry Company Tuesday morning. It is expected to have this part of the work completed before the first of May.

At a meeting held in the town hall, Riverside, last Thursday night, a welfare committee was appointed to aid in the relief of destitute families of that place. Because of business depression and lack of employment conditions in Riverside are serious and the move was necessary. It is the intention of the welfare committee to relieve those in distress with the understanding that beneficiaries are to make payment as soon as they are in a position to do so.

Two soldiers from Camp Dix were picked up by Officer Quigley at 2:45 Thursday morning, a few minutes after they had stepped off an east bound trolley car. They were placed in the lockup until morning, when they were liberated on the order of the chief of police, there being no evidence that they were on mischief bent. It is thought they were off on a trip, and came as far as Riverton, when their funds ran out, and expected to pick up a freight train at this point.

Three Boys Hurt in Explosion

Three youthful inventors came to grief last Saturday afternoon when they tried to make a blow torch out of an old gasoline tank from an automobile. They had it all fixed up in fine shape when it exploded. One piece of the tank hit Ellis Clifton on the ankle, inflicting a slight bruise, another caught Alward Taylor on the knee, injuring it so badly that he has been confined to the house all the week, while another fragment lacerated Clement Herbert's right hand to such an extent that one finger had to be amputated at the first joint.

Riverton a "Spotless Town"

A proposition was made at the meeting of the Borough Council last night that waste paper receptacles be placed at suitable places about town in order to discourage the habit of throwing paper and other refuse in the streets.

We hope the suggestion will bear fruit, as we believe most of the people in Riverton have civic pride enough to help keep the town neat and tidy if facilities for so doing are provided. The littered condition in the vicinity of the station must produce a most unfavorable impression on strangers coming into our borough.

Discipline of Young, Subject at P. T. A. Meeting

The discussion on Obedience and Punishment to be conducted at the meeting of the Palmyra Parent-Teacher Association next Tuesday evening, at the High School auditorium, promises to be the most interesting. The discussion will be conducted by Miss Egan and the following questions will be answered by the parents whose names are given: "Do parents as a rule realize their responsibility, and how may the P. T. A. stimulate them to do so?"—Mrs. E. M. Johnson.

"Can parents who are not themselves obedient to universal laws such as truth, honesty, industry and kindness hope to train their children to do so?"—J. H. Abell.

"In respect to honesty, threats and promises, how may the child easily lose respect for their parents?"—Mrs. Elmer E. Hill.

"What would you consider a just penalty for cruelty shown by a child to a domestic animal or smaller child?"—Mrs. Jefferson.

"How serious a fault is the habit of running away, and how would you deal with it?"—Mr. Baxter.

"What help has the teacher in controlling children that the home lacks?"—Mrs. F. N. Johnson.

"Are we least courteous to those we love best and why?"—Miss Florence Taylor.

The musical program of the evening will be a solo sung by Miss Anna McConnell, and an instrumental solo by Miss Mary Kerschner.

The meeting will be held in the high school auditorium at 8 o'clock in the evening of Tuesday, March 15.

High School Notes

The high school boys rigged out in a more or less feminine apparel, will play the first basketball game at the Epworth gymnasium this Friday evening.

The high school base ball candidates appeared this week for outdoor practice.

The county spelling bee will be held at Mount Holly on Saturday, March 19th. Palmyra will send five contestants yet to be selected.

Ferry Contest Popular

The prizes offered by the Tacony-Palmyra ferry company for the best essays written by Palmyra school children on the subject "What the ferry will do for Palmyra" have aroused great interest, and many grammar school pupils and high school students are diligently gathering material for their themes.

Prizes of \$7.50, \$5.00 and \$2.50 are offered for the first, second and third best essays respectively in both grammar and high school.

Superintendent Principal Griffith has provided each room with a set of rules governing the contest, and this week announced the following judges of the contest: Mrs. E. A. Robinson, Mrs. R. S. Williams and Frank A. Mathews, Jr.

The papers are to be turned in to the teachers by March 24.

Sandoz-Prisco

The wedding of Miss Jennie Prisco, daughter of Mr. and Mrs. Thomas Prisco, of 378 Arch street, and Mr. Sandoz, son of J. F. Sandoz, 423 West Fifth street, was solemnized Wednesday morning at 9:30 by the Rev. J. A. Rigney at the Church of the Sacred Heart.

Miss Mary Prisco, sister of the bride, was bridesmaid, and Joseph Messina was best man.

A big reception and wedding supper was held at the home of the bride in the afternoon and evening, after which the happy young couple left for Atlantic City. Upon their return home Mr. and Mrs. Sandoz will make their home for the present with the bridegroom's parents.

Mr. and Mrs. Gilbert Anderson and Mr. and Mrs. Charles Cook have moved from Delanco to Palmyra, where they are now occupying a bungalow on Highland avenue.

A cynic is a man who claims to be tired of the world, but in reality the world is tired of him.

Chamber of Commerce Revives Sewer Project

A movement to revive the sewer project created great enthusiasm at the meeting of the Palmyra Chamber of Commerce Tuesday evening in Society Hall.

Several members told of overflowing cesspools in various parts of the town, which were declared not only offensive to the nostrils but also a menace to the health of the residents, as well as a source of expense in pumping them out.

Palmyra was declared the only town in South Jersey of any size without a sewer system and without bonds indebtedness for public improvements. It was the consensus of opinion that the sewer improvement should be brought about as soon as possible, for both the benefit of the present and future generations, and that future generations should help pay for it.

A committee was appointed to devise ways and means of bringing the sewer question to the front again, and to promote favorable action on it as soon as possible.

The Chamber also passed unanimously a resolution highly commending the Palmyra police force for its bravery and efficiency in capturing the auto bandits who attempted to rob Birenbaum's store several weeks ago.

Cashier Powers, of the Palmyra National Bank, reported that representatives of a concern that proposed to build a \$300,000 plant to employ 100 to 1000 workmen had been looking over Palmyra for a site and were very favorable to location here.

The building code committee reported that it had several sample codes from other towns under consideration and that it was working in connection with the township committee for the adoption of a suitable set of regulations for building here.

The necessity of a sanitary code to regulate plumbing was also brought up and it developed that the only code reply from the Pennsylvania railroad now on the township books was adopted in 1895. This was considered quite antiquated and it was felt that its provisions were being generally ignored. Consequently the building code committee also was requested to develop a modern sanitary code in connection with its building regulations.

The secretary having received a reply from the Pennsylvania railroad to the effect that the 9:23 a. m. train could not be stopped at Palmyra as well as at Riverton because it could not lose that much time and still make its connections with the New York division, a special committee was appointed to take further steps to bring about the change. It was suggested that the train could leave Camden a couple of minutes sooner, if necessary.

As the results of the combined efforts of the Chamber and the County Board of Freeholders, the Public Service Company has made some of the requested repairs to the paving along its tracks west of the railroad station. Five new members were elected at the meeting, Messrs. Samuel Scott, Edward W. G. Borer, A. E. Hendricks, Leon H. Evald and Charles W. Hagan.

The entertainment committee plans to have a little feed at the April meeting.

To the Central Organization for a Durable Peace

The following are extracts from a translation of a letter sent by Abdul Baha to the general secretary of The Hague.

O ye esteemed ones who are pioneers among the well-wishers of the world of humanity!

The letters which I sent during the war were not received, but I have just come to hand, and immediately an answer is being written. Your attention deserves a thousand praises, because you are serving the world of humanity, and this is conducive to the happiness and welfare of all.

This recent war has proved to the world and the people that war is destruction while Universal Peace is construction; war is death while peace is life; war is rapacity and blood-thirstiness while peace is beneficence and humanity; war is an appearance of the world of nature while peace is of the foundation of the religion of God; war is darkness upon darkness while peace is heavenly light; war is the destroyer of the edifice of mankind while peace is the everlasting life of the world of humanity; war is like a devouring wolf while peace is like the angels of Heaven; war is the struggle for existence while peace is mutual aid and co-operation among the peoples of the world and the cause of the good-pleasure of the True One in the Heavenly Realm.

There is not one soul whose conscience does not testify that in this day there is no more important matter than that of Universal Peace. Every just one bears witness to this and adores that esteemed Assembly because its aim is that this darkness may be changed into light, this blood-thirstiness into kindness, this torment into bliss, this hardship into ease and this enmity and hatred into fellowship and love. Therefore, the effort of those esteemed souls is worthy of praise and commendation.

But the wise and the just are aware of the essential relationships emanating from the realities of things cannot, by itself, influence the human reality as it ought and should, for until the minds of men become united, no important matter can be accomplished. At present Universal Peace is a matter of great importance, but unity of conscience is essential, so that the foundation of this matter may become secure, its establishment firm and its edifice strong.

Therefore His Holiness Baha'ullah, fifty years ago, expounded this question of Universal Peace at a time when he was confined in the fortress of Acca and was wronged and imprisoned. He wrote about this important matter of Universal Peace to all the great sovereigns of the world, and established it among his friends in the Orient. The horizon of the East was in utter darkness, nations displayed the utmost hatred and enmity towards each other, religions thirsted for each other's blood, and it was darkness upon darkness. At such a time His Holiness Baha'ullah shone forth like the sun from the horizon of the East and illumined Persia with the lights of these teachings. (Continued next week)

"King's Tobacco Pipe"

This is a popular nickname for a peculiarly shaped kiln or furnace in the northeast corner of the tobacco warehouse belonging to the London docks. Here contraband goods, such as tobacco, cigars and tea, which had been smuggled in, were burned. Seized and unclaimed goods are now sold at periodical sales, or distributed among public institutions, but damaged and worthless goods are still burned.

SITES OF HISTORIC INTEREST
Many Places Around Dutch City of Doorn Should Be of Interest to the Kaiser.

Doorn, the little Dutch town now the home of the former emperor of Germany, is surrounded by sites that may give the former Kaiser cause for reflection, says a bulletin of the National Geographic society. At Rhenen he might find an historical companion in misery. Friedrich of Pfalz, the exiled King of Bohemia, took refuge there. Perhaps the most noteworthy aspect of Rhenen is its tower, which bears the name of Kunera, after the daughter of the ruler of the Orkney Isles, who accompanied Ursula and her 11,000 vassals on a pilgrimage to Rome. Upon their return, according to the legend, now known to have been based on a misreading of a Latin text, the maidens were coming ashore to Cologne when Huns killed them all except Kunera. Later she leaped to her death from a castle parapet.

From the Moravian settlement of Zelst the former Kaiser might learn of a humility, virtue and genuine piety. Considerable property is held in common by the people. There widows, married women and girls are classified by their attire. At Maarsbergen the Moravian soldiers to commemorate the crowning of Napoleon. At Utrecht the treaty was signed which opened the way for Britain's present great commercial power, as it gave her Gibraltar and several colonies.

Telling the "Passing Bell."

The passing bell was rung in English pre-reformation times for the dying as well as after death. The practice grew out of the belief that devils and evil spirits troubled the dying and lay in wait to torment the soul when it had left the body. After the reformation the passing bell was discontinued, although tolling after a death is still the custom.

Halloween Superstitions.

In the north of England the country people were so afraid of evil spirits coming to earth on Halloween that they built huge fires and stood on guard to see that no witches sneaked in around the flames. Some even believed if they braided straw, fastened it to a pitch fork, then set it on fire and waved it in the air, they could ward off the attacks of witches.

SENATE PASSES DRASTIC DRY BILL

Provides a Penalty of \$500 Fine
or Six Months in Jail for
Buying a Drink.

WIDE POWERS OF SEIZURE

Four Senators Vote Against Measure;
Now Up to Governor—Opponents to
Attack Constitutionality of En-
forcement Feature.

Trenton.—The Hobart-Van Ness prohibition enforcement bill with all its original drastic provisions was transmitted to Governor Edwards for his signature. Following a three hours' fight in which opponents vainly attempted to tack on more than a score of amendments the senate passed the measure with only four votes recorded against it.

The opposition was confined to Senators Simpson of Hudson, Brown of Middlesex, Heath of Mercer and Smith of Passaic.

Should the measure be written into the New Jersey statutes it will provide a penalty of \$500 fine or six months imprisonment for buying or selling, or manufacturing or transporting any liquor of more than one-half of 1 per cent alcoholic content, in conformity with the Volstead act. It makes violations disorderly acts, and provides for trial by judges of the Common Pleas courts acting as magistrates in the various counties.

Opponents of the bill directed their major attacks on its failure to grant accused violators a trial by jury. Following passage of the bill by the senate it was declared that opponents already were prepared to take the law to the higher courts on the plea that it is unconstitutional.

The prohibition enforcement bill was introduced into the lower house by Assemblyman Jennie C. Van Ness of Essex county at the request of Speaker George S. Hobart.

A series of amendments offered by Senator Charles White of Atlantic county were beaten. They provided for:

A trial by jury.

The legal alcoholic content of liquor, the percentage of which Congress may designate from time to time.

Defining residences so as to include temporary abode, such as summer homes, so that persons renting residences for the summer may move any legally acquired liquor to their temporary homes.

Striking out the provision authorizing the confiscation of chattels, such as motor cars, on mere suspicion of an officer that there is liquor contained in the vehicles.

Striking out the clause that presumes all liquor is for beverage purposes.

Prohibiting the breaking and entering of a property to be searched when the inhabitants of the place to be searched are not at home or do not respond to the call of an officer.

Senator Simpson, of Hudson and White directed the forces of opponents. Senator Simpson, after the amendments had been moved, declared: "The motto of the bill seems to be to get a man in jail whether you get him there legally or not."

The debate became more enlivened when Simpson asserted that "ever the Congress, which was subservient to the whip of the Anti-Saloon League, didn't dare to go so far as to abrogate jury trials."

Senator Brown of Middlesex, in a speech of a half hour's duration, charged that the bill as it stood, without jury trial, permitted the bribing of judges and prosecutors up to the highest court of the state. Prospective state enforcement agents were dubbed by the opposition as "spy informers."

Parry Defends Bill

Senator Parry of Essex, defending the bill as it stands, suggested that the penalty for the illegal selling of liquor be raised from six months to three years. He took exception to Simpson's remarks as to why jury trials were not abolished for every offense. Simpson followed up with the assertion that in the case of prohibition organized farmlands was mistaken for moral uplift.

Among other amendments defeated were: By Senator Simpson, providing that the measure be submitted to the voters at the next general election—this was unanimously defeated; by Senator Brown of Middlesex, to make the bill read identically with the Volstead act as to the seizure of liquor in the home.

Read Building Plans
At the hearing held before the commission appointed by President Allen of the senate and Speaker Hobart of the house to confer with the governor for the purpose of devising ways and means for raising money necessary to carry on the state highway program and for the rehabilitation and development of the state institutions, George H. Faddock of Newark, a member of the State Highway Commission strongly advocated a continuation of the use of mill road tax which terminates under the present act next year.

Mr. Faddock said that the one mill road tax was far preferable to a direct tax and that under it there could be floated \$25,000,000 worth of bonds without one extra cent cost to the tax payers, while under the existing tax system to complete the entire system of roads and bridges within ten years.

State Engineer Thomas Wanner submitted a summarized statement of the state highway system in which he showed that \$40,000,000 of the \$50,000,000 was to be used for the building of new roads and \$10,000,000 for the building of bridges.

His statement showed that there would be completed under the present contract 180 miles of roads before January 1, 1923, while there would be 404 miles neither completed or under contract at that time.

The estimated cost of finishing the work of building the main state high-

way routes, said Mr. Wanner, was \$40,000,000 and bridges \$15,000,000. There were now 72 miles completed and 62 miles under contract at the present time which would cost on an average per mile of \$75,000 and allowing for contingencies, \$81,000, which multiplied by 404 miles brought the total amount up to \$40,000,000 in round figures.

Pressure was brought to bear upon the committee to continue the present mill road tax and to kill the bill introduced during the early days of the session to repeal the act under which the one mill is now raised.

This act terminates next year and the state highway commission, backed up by all advocates of good roads, want the one mill tax continued as the best means for raising the money and the one least felt by the tax payers. They also claim that the one mill would take full care of the \$55,000,000 bond issue.

Anti-Night Work Measure
A number of women crusaders and employers of labor locked horns before the house labor and industries committee over the Laird measure limiting night work of women in manufacturing establishments to nine hours in ten consecutive hours and forbidding them to work between 10 o'clock at night and 6 in the morning.

The women were led by Mrs. E. T. Felkert, vice chairman of the Republican state committee, and by Mrs. E. Otto Witten, member of the Democratic state committee. Many women of prominence spoke and the burden of their remarks was that motherhood was a matter which should find a place in the financial calculations of every manufacturer and if the measure factum could not see the benefits to the nation of womanhood kept in good condition for honorable motherhood, the legislature should compel them by wise laws like the one under review.

State's Duty to Children
They told of the hard work of women in manufacturing establishments where they are compelled to work nights and said that women who take the young girls would marry and have children and therefore it was the duty of the state to safeguard them against the time of bearing healthy children, the "greatest asset any state could have, and the care of whom should be the prime object of the legislature."

In addition to the women mentioned, others voicing such views were Mrs. John R. Schermerhorn, East Orange, of the State League of Women Voters; Mrs. L. G. Feloubet, State Federation of Women's Clubs; Miss Blanche

Dillon, South Orange, Catholic Women's Council of the Diocese of Newark; Mrs. L. O. Gammel, East Orange, public health nurse; Mrs. C. A. De Bussey, Woodbridge, New Jersey, Council of Mothers; the Rev. Theodore Andrews, counsel of the Episcopal Church, diocese of Newark, and Mrs. G. W. B. Cushing of the Consumers' League of East Orange.

The manufacturers contended that when women worked nights in manufacturing establishments this work was done under ideal conditions. The contention was made that in many places where such night work was done women doing it were paid 10 per cent more than where they worked in the day time, and each speaker said that every safeguard was thrown around the women.

Plead for Overhead

The manufacturers asserted that to discontinue the work of women in manufacturing establishments between the hours of 10 at night and 6 in the morning meant the disappearance of those reductions in prices which the American people expected and would have. Furthermore they contended that for New Jersey to put such a statute on her books would be to cripple Jersey manufacturers in competition with mills in other states. This was illustrated by a carefully prepared and voluminous brief offered by the Botany Worsted Mills of Passaic among the largest in the United States, with the owners saying that if they had to stop the night shift for women they would be forced to abandon the night shift for men also.

They said that the "dexterous fingers of women only" could do certain work, and without that work there could be no night shift of men. The Botany people said their work was not hazardous; that girls were well looked after and protected, but without the night shift even the expenses of the plant would be so high that a cut in prices would be a thing not to be thought of. A Dayton Oliphant of Trenton spoke for the State Manufacturers' Association along these lines.

Henry F. Hillers, secretary of the State Federation of Labor, declared that these bills had been prepared by his organization. He said they were bills of the Consumers' League, but were of such good character that the federation stood back of them.

Hints on Finger Nail
The growth of nails on the fingers of the hand shows great variance, the thumb's growing most slowly, the middle finger's the most rapidly. (Ohio State Journal.)

Righteousness is needed more than prosperity.

Voice the Opinion that Jitneys Should Be Under The State Utility Board

Four months ago the Jersey City Chamber of Commerce appointed a special committee "charged with the particular duty of studying passenger transportation in Jersey City as affected by trolley and jitney operation."

After studying the question in all its aspects the committee has just submitted its report, one paragraph of which reads as follows:

There seems, therefore to your committee but one conclusion to draw, i. e., that the operation of all transportation facilities, including jitneys, should be placed under the supervision of the Public Utility Commission.

Almost coincidentally with the Jersey City report appeared an issue of the weekly bulletin of the Camden Chamber of Commerce in which the following is set forth:

The Camden Chamber goes on record as favoring Assembly Bill No. 270, which would place the jitneys under the Public Utility Commission where their routes upon any streets parallel the line of any street railway or traction company.

At about the same time that public sentiment was manifesting itself in Jersey City and Camden, the Mayor and Board of Public Works of Paterson were considering the subject of trolley and jitney operation in that city, and one of their conclusions was given in this language:

"The whole question of the joint use of public streets by the street railway company and the jitney busses is a matter of State legislation and the control of the State Board of Utility Commissioners."

These are only three of many expressions of opinion that the best interests of the traveling public require that jitneys shall be placed under State regulation in the same manner as street railways.

These specific expressions are cited because they represent public sentiment in both ends of the State, and the same sentiment prevails, to a large extent, in all other sections.

Trolleys are regulated by the State in the interest of and for the protection of the public. Why not jitneys?

THE UNIVERSAL CAR

Farmers Should Buy Their Tractors Now

Tractors, Like Any Piece of Machinery, Require "Breaking In." Do That Now

There are two good reasons why you should buy your Ford tractor now. First, to avoid the possibility of not being able to get one when you want it.

Second, to have it properly "broken in" when the heavy spring work comes.

CAR AND TRACTOR PRICES

Chassis \$360
Touring (starter and dem. rims) \$533

AN OPEN LETTER

To the Citizens of Palmyra and Riverton:

Rapid
Progress

Some three or four years ago the development of Morgan Heights was begun; streets were graded and graveled; beautiful cement sidewalks, curbs and gutters laid; all of this soon to be followed by the erection of beautiful and comfortable homes—so that today Morgan Heights (located on the highest elevation in Burlington County) is conceded to be one of, if not, the nicest residential sections of the County.

A
Word
to
the
Wise

All of the houses completed on this Tract have been sold with the exception of one at the corner of Morgan Avenue and Franklin Street. There is no doubt but what this one property will be sold in the Spring, for out of the many buyers that will be in the market, there will certainly be some people who will appreciate the beauty and comfort and substantiality of this home, (to say nothing of the large area of the lot upon which it is built) sufficiently to purchase it at the bargain price at which it is being offered. The same thing applies to the other properties which Builder Davis is now erecting and is about to erect on this Tract. Just at this point let us say that if there is one thing that adds to the attractiveness and permanency of Morgan Heights, it is the fact that there has been no inflation in prices of either lots or homes.

No
Inflation
in Prices

The prices of the lots are the same today as they were when the development was started, although every lot on the Tract has been enhanced by the improvements that have taken place, and it would certainly cost a hundred dollars more for each fifty foot lot, to lay the sidewalks, gutters and curbs than it did when this work was done. If the Palmyra-Riverton section has any future at all, prices will advance—and that rapidly—for no new development ground can be opened up at prices to compete. We believe that the ferry operating between Tacony and Palmyra alone will bring about a big enhancement in the values of this section, so that the wise man will take time by the forelock and buy today.

Carefully
Study this

The main purpose of this letter, however, is to call to your attention the rare bargains that are within your reach in the lots fronting on Cleveland Avenue between Highland Avenue and Columbia Avenue. Certain it is that no discriminating buyer could fail to appreciate these bargains if he thoroughly understood the situation. Cleveland Avenue is at the highest point on the property; it is a well-graded thoroughfare, and cement sidewalks, gutters and curbs have been laid. In looking over the plan we notice that a lot 50x190 feet, located directly opposite the beautiful home property of Mr. Edward B. Rich can be purchased for \$850. We also notice that a lot 55x175 feet directly opposite the excellent home and beautiful lawn of Mr. William T. B. Parnell, can be purchased for \$1000. We also notice that a lot 81x150 feet, located at the corner of Morgan Avenue and Cleveland Avenue can be purchased for \$1500, while the one 79x165 feet, at the corner of Cleveland Avenue and Columbia Avenue can be purchased for \$1350.

Great
Opportunities

When one realizes that all of the improvements have been made around these lots, then and then only is the real value appreciated. Just to think of having a corner property with all the advantage of wide light and air space for such small sums of money. The improvements around any one of these lots today would cost not a cent less than \$700, so that you can see that (as far as real area is concerned) corner lots are being sold at less than inside lots.

If you desire any further particulars about these properties, consult Mr. George N. Wimer, 15 East Broad Street, Palmyra, or Builder Llewellyn Davis, 910 Columbia Avenue, Palmyra.

MORGAN HEIGHTS DEVELOPMENT.

P.S. If any of our readers are interested in renting the farm part (about twelve acres) of this property, they should consult Builder Davis.

SUNDAY SCHOOL LESSON

REV. F. B. FITZWATER, D. D.
Teacher of English Bible in the Moody Bible Institute of Chicago.
(© 1921, Western Newspaper Union.)

LESSON FOR MARCH 20

JESUS ON THE CROSS.

LESSON TEXT—Matt. 27:45-50.
GOLDEN TEXT—God commendeth His love toward us in that while we were yet sinners, Christ died for us.—Rom. 5:8.

REFERENCE MATERIAL—Matt. 26:31; John 12:34-35; 1 Cor. 1:18-25; 3:1; Gal. 6:14.
PRIMARY TOPIC—Jesus Dying for Us
JUNIOR TOPIC—Jesus Crucified.
INTERMEDIATE AND SENIOR TOPIC—The Supreme Sacrifice.
YOUNG PEOPLE AND ADULT TOPIC—The Cross and Its Meaning Today.

The grand climax of the six months' lessons is reached in this one. If one miss the significance of the crucifixion, all the preceding lessons are valueless. It is not a matter of learning the lessons taught by a great teacher, or imitating the examples of a great and good man, but of apprehending the atonement made by the world's Redeemer.

I.—The Place of Crucifixion (vv. 33, 34).

They led him away to Golgotha, a hill north of Jerusalem resembling a skull. He was not crucified within the city, for he was to suffer without the gate (Heb. 13:12). At first they compelled him to bear his own cross, but when physical weakness made it necessary that some other should bear it for him, they compelled Simon the Cyrenian to bear it. In order that He might not succumb to death before He was nailed to the cross, the soldiers offered Him a stimulant of vinegar mixed with gall. He refused this, as He would consciously drink the cup of sin to its bitter dregs.

II. Gambling for the Clothing of the Lord (vv. 35-38).

It was the custom for the soldiers who had charge of the crucifixion to receive the garments of the one crucified. Here we have the fulfillment of Psalm 22:18. "They parted my garments among them, and upon my vesture they did cast lots." If they had but eyes to see they could have beheld a robe of righteousness being provided in His death to cover their sinful nakedness.

III. The Accusation (v. 37).

It was customary to place over the victim of the cross the name and crime of the offender. This superscription was placed over Jesus by Pilate to vex the Jews. He was their King. They had long looked for Him, and now when He had come this is the kind of treatment they gave Him.

IV. Two Thieves Crucified With Him (v. 38).

This was another fulfillment of Scripture (Isa. 53:12). "He was numbered with the transgressors." In these three crosses we have set forth a spiritual history of the whole world.

V. The Dying Savior Reviled (vv. 39-44).

This reviling was engaged in by the passersby, the chief priests, scribes and elders, and the thieves who were crucified with him. In their mockery they unwittingly spoke great truths. 1. "He saved others, himself he cannot save" (v. 42). This jest was meant to show the absurdity of Jesus' claims, but it demonstrated them and showed the reason for His sufferings. He could not save Himself and others, so He chose to give Himself to save others.

2. "If he be the king of Israel, let him now come down from the cross" (v. 42). His refusal to abandon the cross established His royal claims. The very fact that He did not abandon the cross proves that He was what He claimed to be for it was unto the cross that He came.

3. "He trusted in God, let him deliver him now" (v. 43). His refusal to abandon the cross proved God's full delight and satisfaction in His Son. His obedience unto death was the sacrifice which met God's full approval.

VI. The Death of Christ (v. 45-50).

So shocking was this crime that nature threw around the Son of God a shroud that the Godless company could not gaze upon Him. Darkness was upon the land at noon-day. Upon the termination of the darkness He cried with a loud voice, "My God, my God, why hast thou forsaken me?" This darkness was the outer sign of that which hung over the Lord. He became sin for the world, and the sin hid God's face from Him. God forsake Him; turned from Him who had taken the sinner's place.

When the price was paid He cried out with a loud voice, showing that He still had vitality—that His death was not from exhaustion, but by His sovereign will. He yielded up the ghost, sent His spirit away. He died of His sovereign will. He died like no other man in all the world's history. He did not die of a broken heart.

God Sends Love to You:
"For new and new, and ever new, The golden bud within the blue; And every morning seems to say, 'There's something happy on the way, And God sends love to you!'"

Mothers Mold the Life.
If you would reform the world from its errors and vices, begin by enlightening the mothers.—C. Simmons.

As Good as It Seems.
Nothing is as good as it seems beforehand.—George Eliot.

THE NEW ERA

Published every Friday at
RIVERTON, N. J.

WALTER L. BOWEN
Editor

The New Era is devoted to the business and home interests of Riverton and Palmyra, independent of political or religious belief—the people's paper

Subscription \$1.50 a year
in advance

Advertising rates on application

The New Era Office is equipped to do all kinds of Fine Printing at reasonable prices

LEGAL ADVERTISEMENTS

The New Era is a Legal Newspaper. Commissioners, Sheriff's and other Sales, Administrators' and Executors' Notices, as well as all other Legal Advertisements are solicited. The New Era will appreciate being remembered in this connection.

Notice

All readers or local notices of entertainments, suppers, fairs, dances, etc., given for the purpose of raising money, or for which admission is charged, will be charged for at the rate of fifteen cents a line.

Porch Club

On Tuesday, March 22nd, Mrs. J. Reece Lewis will give a talk on some of the industries of the women of Europe. She will have on exhibit beautiful embroideries, laces and beaded bags, etc., made by these poor people, as well as a few of their treasured heirlooms. Some of these articles are for sale.

Community Hut to Reopen

The P. H. A. Committee announce the opening of the Parish House for the continuation of the work of the Community Hut which was so well liked and did so much good during the two years of its operation. Beginning Tuesday evening, March 29, a series of dances will be given interspersed with varied entertainment. The first Tuesday evening will be entirely dancing feature dancing, that will be unusually interesting. For Tuesday, April 5th, a vaudeville show is planned to wind up with a pocket edition of colored minstrels. The plan is to keep these affairs entirely non-sectarian, making them community affairs in the broad sense of the word. A complete system of electric lighting of the highest type is being installed in the building.

Riverton Tax Rate Lower

The tax rate in the borough this year will be \$2.87 as against \$2.89 last year. The rates for last year and this year were made up as follows:

| | | |
|-------------------------|------|------|
| State Road | 1920 | 1921 |
| State School | .23 | .26 |
| County | .67 | .92 |
| Borough Purposes | .53 | .34 |
| District School | 1.36 | 1.21 |
| Soldier Bonus | .00 | .03 |
| State Bridge and Tunnel | .00 | .01 |

Other nearby towns are as follows:

| | | |
|-------------|--------|--------|
| Palmyra | 1921 | 1920 |
| Cinnaminson | \$3.52 | \$3.43 |
| Riverside | 3.91 | 2.64 |
| Burlington | 4.74 | 3.83 |
| | 4.32 | 3.45 |

School Entertainment at Cambridge

Patriotic exercises were held at the Cambridge public school last Tuesday evening, and the children, under the careful training of their teachers, rendered a most interesting program which included songs, recitations, drills, character sketches and a little play through all of which ran the spirit of true Americanism, with many references to the lives of Washington and Lincoln. The school room, in which the entertainment was given, was crowded to the doors with parents and friends of the children, who took a lively interest in every number. The evening was closed with an address by Julius Satuk, of Philadelphia, a young Pole, who spoke on the value of an education and the necessity for co-operation between the parents and the school in order to obtain the best results. The full text of the address may be published in our next issue.

Quite a delegation from Riverton and other places attended, and they were greatly pleased with the spirit of progress and achievement shown. The teachers are Miss Sophia Wyckul, principal, Miss Claudia Thomas and Miss Ada Perkins.

Who Do You Want for Postmaster?

In another column there will be found a letter signed by Ross E. Mattis, in which he announces that he is an applicant for the position of postmaster at Riverton. In the business world it is considered sound policy to strengthen and improve an organization by promotion from within in the ranks for ability and efficiency. As is well known Ross has been an efficient first clerk under two postmasters and in helping to secure his appointment the people of Riverton will be assisting him to get a full which is his due and serving their own interests at the same time. Those who desire to promote his candidacy should write to Edward H. Flagg, Jr., at Mount Holly and John C. Geiss, Riverton, who are members of the Republican County Committee, here, and to Joseph L. Thomas, who is chairman of the County Committee, and by virtue of his residence in Cinnaminson township represents about fifteen hundred patrons of the Riverton post office. A letter should also be sent to Congressman Isaac Bacharach, House of Representatives, Washington, D. C.

St. Patrick Social Great Success

The St. Patrick social and spelling bee given by the Parent-Teacher Association in the school auditorium last night was attended by a full house. The spelling bee was won by Mrs. S. L. Warren, who defeated Victor Hipple, who usually wins this event, on the word "suburb". The refreshments consisted of Patty's punch and home-made cakes. The prize for the spelling bee was an Eversharp pencil, and fifty whistles were distributed as booty prizes. Miss Chew gave out the words. Music was furnished by the orchestra from the Riverside school, under the direction of Mrs. Kenneth Thompson, who teaches music there. Mrs. Thompson was formerly Miss Alice Harris, and formerly taught in the Riverton school. The attendance flag was awarded to the eighth grade by one point.

WEEKLY NEWS BUDGET for Riverton and Vicinity

Buy It at Home!

Melvin Burr will entertain the Bible Class of the Methodist Church tonight (Friday).

Miss Ruth Major spent the weekend with her sister, Mrs. Harold Wheeler, in Masonville.

Fine lot of foliage and flowered plants for Easter. J. Vetter, Randolph avenue, East Riverton. Phone 112-J-3, Riverton.

The crossings on Broad street which were crushed by the steam roller while the roadway was being improved have been relaid to grade this week.

"Cranford" will be presented in the Parish House, Saturday evening, April 2nd, at 8:15, by nine members of the Parish Club. Tickets 50c.

Mr. and Mrs. Joseph Beck Tyler gave a dance at the Country Club last Saturday evening. About seventy-five guests were present from Riverton, Mt. Holly, Moorestown and Philadelphia.

Mrs. V. J. Connelly, of Washington, D. C., Miss Margaret Mulcahy, of Bryn Mawr, Pa., Misses Florence and Elsie Andrea, of West Philadelphia, and Miss Anna Lentz spent Sunday with Mrs. August A. Roeding.

Mrs. James Rand and daughter, who have been spending two months in Boston, are expected home Sunday. Mr. and Mrs. Rand and family, who have been occupying their house will move to Brooklawn, near Camden.

Senator White introduced a bill in the senate, Monday night, increasing the salary of the steward of the almshouse, Burlington county from \$750 to \$1,500, and that of the county auditor from \$1,200 to \$1,800.

A large number of promenaders turned their steps to the river bank last Sunday to see the beginning of work on the Tacony-Palmyra ferry. Every pleasant Sunday the Company will have a representative on the grounds to answer questions of those interested.

The three auto bandits, who were captured by the Palmyra officers in February, were indicted by the grand jury at Mount Holly on Tuesday. Their trial will come up later. The bandits seemed to have plenty of friends with money, and plan to put up a legal fight.

Mauder's Lenten cantata "Penitence, Pardon and Peace," will be given by an enlarged choir in Christ Church, Thursday evening, March 24, at 8 o'clock. Soloists, Mrs. Guest, soprano; Mrs. S. W. Collin, contralto; Mr. Samuel Etris, tenor, and Mr. Morgan, bass. Mrs. Frank Bell, organist.

Test piles have been driven on the site of the new terminal of the Tacony-Palmyra Ferry Company to determine what conditions will be encountered in doing this part of the work. A gravel bottom was found, which will make possible the use of shorter piling, at a very considerable saving of expense, to the Company.

A most untidy practice is that of burning brush and rubbish in the streets. At this time of the year, when yards and gardens are being cleaned up, many residents, rake the accumulated leaves and dead grass into the street and there partially burn it. The result is a blackened patch which is unsightly, and a deposit of ashes and unburned bits that detract very much from the tidy appearance of the town. There is an ordinance which prohibits burning anything in the streets.

Mr. and Mrs. E. Ogden Steedle gave a party on Wednesday evening in celebration of the twenty-first birthday anniversary of their daughter Mary E. Steedle. The table was beautifully decorated with shamrock, green candles and green crepe paper streamers. A gilded harp graced the center. Music was furnished by Maurice E. Swerdlow, piano, and Louis Pacenza, violin, members of the Bellevue-Stratford orchestra. There were about thirty guests present and all spent a very enjoyable evening. Miss Steedle received many beautiful gifts.

Lovers of dancing, the right sort of dancing, are gratified to see the movement away from the so-called modern dances of the "Jazz" variety and toward the return of the more correct forms of other days. The Tango is one of the recent evidences of this revival of the fit in dancing. This new dance, which has the approval of and is being taught by the Philadelphia Dancing Masters' Association, has been freed from the objectionable features so prominent on many dance floors. It is a cross between the Tango and the Fox Trot and is danced very slowly to a music that partakes of both the Oriental and the Spanish. Those who desire to receive instruction in esthetic and correct ballroom dancing may learn something of interest by addressing "M" New Era office.

Progress in Soldiers' Memorial Plan

It is understood from a reliable source that the committee appointed to secure a portion of the Dreer property on Broad street above the railroad and near the creek for a soldiers' memorial athletic park, has made considerable progress in its negotiations, and that an early settlement may be looked for, though it must be borne in mind that dealing with an estate, with some of the heirs living at distant points, may be a somewhat drawn-out proposition. It is said that several conferences have taken place between the committee and a representative of the estate, and that considerable preliminary work has been done, paving the way for a definite proposition. If the tract under consideration is secured there will be room for a football field, a baseball diamond, and for hockey and soccer. Many of the boys in town hope the grounds will be opened in time to play football in the fall, and the committee is bending every effort to make their wish come true.

In an interview last night, a member of the Legion said that it should be understood that this is not to be a "soldiers' field" in any restricted sense, but that it will be open for use to all who desire to engage in any sports for which the grounds are suitable.

Census Report

A report on the New Jersey census of 1920 just issued by the Government gives the present population of Riverton as 2241; in 1910, 1788 and in 1900, 1325. Palmyra's population is 3834; 1910, 2801; 1900, 2300. Cinnaminson township 1587; 1910, 1266; 1900, 1078.

Bowling Tournament at the Riverton Country Club

Considerable interest is being shown in this season's bowling tournament at the Country Club, with nine good teams competing. The leading four or five teams are closely matched, while the others are still in the race and with a slight shift could possibly replace one of the leaders. The Jones team has been leading, but lost three games to Captain Evans and moved to fourth place, while Vaughan took the lead without playing a game, and then winning two from Coe making their position more secure.

It would seem that the Williams, Graff and Coe teams are in sympathy with the new Bush team, as all three are fighting hard for the honor of helping them out of last place. Captain Williams, however, won three straight Tuesday night and changed places with Rogers.

The Bush outfit are bowling well but owing to entering the tournament in the middle of the season and having a handicap average based on only a few games, have not been able to overcome the disadvantage.

Standing of the teams, including games of March 16:

| Team | Won | Lost | Pct. |
|----------|-----|------|------|
| Vaughan | 20 | 13 | .606 |
| Hirst | 17 | 12 | .586 |
| Evans | 19 | 14 | .575 |
| Jones | 17 | 13 | .566 |
| Williams | 17 | 16 | .515 |
| Magers | 14 | 18 | .437 |
| Coe | 11 | 19 | .366 |
| Graff | 11 | 19 | .366 |
| Bush | 2 | 7 | .222 |

*The game to be played off. Season's three high scores: Graff, 234; C. W. Wanger, 225; A. F. Coe, 222.

Ferry Company Will Meet With Township Officials

As indicated by the following letter, which is self explanatory, representatives of the Tacony-Palmyra Ferry Company will meet with the Township Committee next Monday evening, March 21, to go over in detail the plans and purposes of the Company as relates to its terminal on this side of the river. This meeting is expected to clear up many of the little misunderstandings which have existed and pave the way for complete harmony and accord between the two bodies.

Philadelphia, Pa. March 17, 1921.

Mr. John M. Davies, Chairman, Palmyra Township Committee, Palmyra, New Jersey.

Dear Sir:

Your request for the Ferry Company's representative and engineer to meet the Palmyra Township Committee in Palmyra, Monday evening, March 21st, received. I immediately communicated with Mr. Henry J. Sherman, associate engineer, who promises that he and the Company's attorney will be present at 7:30 with plans.

We trust sincerely through an interchange of opinion and a fair-minded spirit shown by both sides that we may be able to put at rest any doubts about this proposition being what it is intended to be, a boom to Palmyra and vicinity.

Thanking you for your courtesy, I remain,

Very truly yours,
CHARLES A. WRIGHT,
Executive Committee,
Tacony-Palmyra Ferry Co.

An Open Letter

Editor of The New Era:
I desire to announce that I am an applicant for the position of postmaster at Riverton. Those of my friends who desire to help me to secure this office can be of great assistance by writing to Edward H. Flagg, Jr., Mount Holly, and John C. Geiss, Riverton, both members of the Republican county committee, from Riverton, Joseph L. Thomas, Riverton, chairman of the county committee, and Hon. Isaac Bacharach, House of Representatives, Washington, D.C., and I will greatly appreciate their kindness.

Very truly,
ROSS E. MATTIS.

Boost This Bill—It Means Money

All those interested in the schools are urged to attend, if possible, the hearing in the Assembly at Trenton next Monday afternoon at 2:30 on Bill 451. This bill is one of the State money to counties in proportion to attendance rather than the amount of taxable property and, it is estimated, would increase Burlington county's share 250 percent, thus lowering local school tax rates and allowing great improvement in the county's schools. The amount received by the richer counties with big cities would be lessened.

While Assemblyman Roberts is said to be in favor of the Bill, County Superintendent Kaser is very anxious that a large delegation from Burlington county lend its voice in its support at the hearing. Murray C. Boyer, member of the Board of Education, will be among those to attend the hearing from Riverton.

The baby boy that was left on the porch at the home of the Misses Wolcott last week, has found a home with a Riverton family.

Stackhouse Wins Place on Cup

R. H. Stackhouse shooting in championship form won a place on the John H. Reese memorial cup last Saturday. His victory was a most popular one, as no man has worked harder and more earnestly for the trap-shooting section than has Mr. Stackhouse. As chairman of that section and field captain of the team, he has been a great success and has had all the boys right on their toes and full of pep like himself.

If the prophecies still run true to form, then it will be the turn of F. S. Frier, Jr., and Robinson Rogers to have their names engraved upon the trophy in the near future. It looks as though the cup was liable to remain over another season, as it grows harder and harder for one man to outshine the rest enough to win it. Dr. Mills has the edge as he is the only one to have his name on twice.

In the practice match Keating shot in splendid form, breaking 48 out of his 50. Not being a member of the club he was not eligible for the cup shoot. In this shoot for the cup, played some fine marksmanship was displayed, and Stackhouse was able to shoot up to his best form to allow his low handicap to give him a look-in.

Two new men (Cecil Filler and Harvey Stewart) appeared as members of the team, and both shot like veterans. In fact so good did Stewart shoot that he was able to tie Stackhouse for the shoot-off. Both gunners had a final total of 48 points. In the shoot-off Stackhouse nosed out his rival by just one point, breaking 49 out of his 50. Rogers was two points off. The two Mrs. Vaughan shot their usual good shoot. This time Mrs. D. L. Vaughan broke 48 out of her 50, while breaking 24 targets to Mrs. C. Z. 23.

Following is how the marksmen scored:

| Name | Hdcp. | Broke | Total |
|--------------------|-------|-------|-------|
| Groves | 9 | 29 | 38 |
| C. Frier | 13 | 32 | 45 |
| Lynch | 3 | 45 | 48 |
| Stackhouse | 6 | 36 | 42 |
| Dr. Mills | 15 | 19 | 34 |
| Dr. D. L. Vaughan | 12 | 24 | 41 |
| Mrs. C. Z. Vaughan | 15 | 23 | 35 |
| R. Rogers | 4 | 42 | 46 |
| B. Allee | 15 | 32 | 47 |
| Dr. Baker | 7 | 29 | 36 |
| McDonald | 15 | 21 | 36 |
| Stewart | 7 | 41 | 48 |
| Thomson | 15 | 30 | 45 |

Shoot-off for cup, 23 1/2. Stackhouse 49, Frier 48, Stewart 47.

Stackhouse won the cup, Stewart first prize, Allee second prize, Rogers third and Lynch and Thomson tied for fourth prize.

NOTES

The reservations for the Yacht Club dinner on April 6 at the parish house are coming in, and the committee in charge state that all reservations must be in not later than April 4th; so as to furnish them with plans for the dinner. Don't forget to send them in early to the treasurer, C. B. Durborow.

The ladies' committee met at the home of Mrs. C. B. Durborow to discuss plans for the dinner. The committee consists of Mrs. D. L. Vaughan, Mrs. J. D. Clark, Mrs. S. L. Warren, Mrs. E. K. Merrill, Miss Marjorie Marcy, and Mrs. C. B. Durborow, chairman.

A meeting was held at the Yacht Club at which E. K. Merrill, chairman of the regatta committee, exhibited the blue designs for the new fleet of yachts the club is hoping to install at Riverton. They are very classy and unusually reasonable in price. Mr. Biddle saw the type in Canada and had the designs brought here, and it is hoped a fleet of these boats will appear not only here, but in other clubs along the river. With the same design, most many thrilling races would result.

Mrs. J. D. Clark is one of the latest women Yacht Club members.

The entry blanks still are coming in for the aquatic national this July. At present it looks as though the greatest field that ever swam in a swimming marathon race is assured.

Mr. Durborow is getting many invitations to swim in big endurance events these days. Besides being asked to enter a race from the mainland to Catalina Island in the Pacific Ocean this fall, another letter comes from T. W. Sheffield, stating he has elaborate plans under way for the summer of 1922 to bring the greatest endurance swimmers of England, Australia, Canada and America in a race in the Pacific to settle the championship. The American winner of the Catalina race would swim for the United States. Mr. Durborow is asked to help make this race a success. Beaupier, the Australian, has already pledged his entry.

For Sale

Cake, candy, pies, etc., in the Legion Hall, Palmyra (first floor), this Saturday, 19th, at 3:30 o'clock. Come early and avoid the rush! Proceeds for Ladies' Auxiliary of Masonic Association.

Boy Scouts Adopt Orphan

At the meeting of Troop No. 1, B. S. A., last Friday night the members unanimously and with great enthusiasm passed a resolution to adopt a Belgian orphan. Their protegee is nearly twelve years old, and as soon as he reaches that age he will be made an honorary member of the Riverton troop. His name is Armond Duenn, and he lives at Neesonvux, near Liege, Belgium. The members of the troop expect to write to Armond, and hope to be able to secure his picture to hang in their headquarters.

INTERESTING NEWS BITS
in and around Palmyra

Buy It at Home!

Miss Emily Horner spent last weekend with relatives in Columbus, Ohio.

Samuel Plumly has purchased the Thomas property at 108 Broad street, Riverton.

Mr. and Mrs. Victor Clymer moved into their new home in Haddonfield on Wednesday.

O. W. Messick, of Wilmington, N. C., was the weekend guest of Mr. and Mrs. J. H. Abdlil.

A son was born recently to Mr. and Mrs. Albert Hardy, now of Philadelphia, who formerly resided in Palmyra.

James Cornwell, of Fourth and Delaware avenues, will move shortly to West Virginia where he has accepted a position at Huntington.

"Say it with flowers." A large assortment of flowers and plants. Much lower in prices. See Pennell Cooper's display near Palmyra post office.

The Palmyra Building and Loan Association held its regular meeting last night. A number of additions to be taken out later.

"The District School," as presented Tuesday evening at the Epworth Temple, by the Friendship Circle, proved a great success and was applauded by a big audience.

Mr. and Mrs. A. R. Bradley, Mr. and Mrs. Charles W. Wanger and Mr. Harry Rudduck spent the weekend at the Coleman house at Asbury Park attending the Methodist conference.

Postmaster Cook again calls attention to the fact that receipts must be provided for the receipt of mail delivered by carriers and that the house must be numbered. The service is to begin May 1st.

There are a number of cases of measles in town. At the board of health meeting Tuesday evening twenty-one cases of chicken pox, seven of measles, two of whooping cough, one of scarlet fever were reported.

At the February term of the New Jersey Supreme Court, William S. C. Roray passed the bar examination for a license as Counselor at Law. Out of a class of sixty-nine there were only twenty-eight who passed the examination.

The Rev. S. M. VanSant, former Methodist pastor here, was returned by the conference to Paulsboro where he has been for three years and has been much liked. Mr. Van Sant is superintendent of music in the Paulsboro church.

Mr. and Mrs. Albert J. Peterson announce the marriage of their daughter, Eleonora, to Dr. Gerald B. Smith, of Philadelphia. Dr. and Mrs. Smith left for Hot Lake, Oregon, Thursday, where he will continue his surgical work with Dr. W. T. Phyl.

Police Commissioner Hinchman and Chief Beck inspected various cellars and back lots in the business section last week and, wherever they found conditions unsanitary or constituting a fire menace, directed an improvement of the situation. All willingly agreed to comply.

The minstrelmen of Post Rodgers were well repaid for their long hours of preparations and the trouble and expense they went to in the matter of costumes and decorations by the big crowds, and enthusiastic applause which greeted their show on both Friday and Saturday nights last in P. O. S. of A. hall.

The Field Club Board of Trustees met Wednesday evening in the club rooms and discussed plans for the spring and summer season. Manager Bottger plans to start baseball practice this Saturday and both he and Capt. Russell Gibson are enthusiastic about prospects. It has been definitely decided not to join the new Burlington county league, inasmuch as that would require playing away from home half the time and the distances to be traveled would work against Palmyra. The tennis devices are also preparing for an active season under the tutelage of Lons Bonsal.

Spring has brought quite a boom to the real estate business. John S. Warner reports the sale of William J. Ryder's property on Washington avenue to the Benjamins, of Palmyra; the Benjamins property on Linden avenue, Riverton, to George Wallin, of Philadelphia; the James Cornwell property at Fourth and Delaware to John Smith, of Philadelphia; a new house at 813 Lincoln avenue, to Thomas Van Osten, of Wayne Junction, whose son, Alfred Van Osten, lives on Washington avenue, and a new house at 814 Linden avenue, to Frank Kelly, of Philadelphia.

Aida O. Smith, who is the twin sister (Riverton) and Palmyra) candidate in the Philadelphia Inquirer automobile contest, leads her district, which comprises the following counties in this State, Burlington, Ocean, Mercer, Hudson, Somerset and all counties north of Burlington not mentioned. She is also one of the strongest candidates regardless of what district they may be in, and with the aid of her friends in Riverton and Palmyra, hopes to bring fame to the two towns by winning one of the Grand Prize Automobiles of which there are fifteen. Mrs. Smith, if successful, will present the prize automobile to the Masonic Association, to aid in increasing their funds for their proposed Temple, which they contemplate building in the near future on their lot at Broad and Maple avenue.

Mr. King Wants Riparian Lease

Albert S. King, at the meeting of the Palmyra township committee Tuesday evening, pressed the committee for a decision on his request that the township abandon its prior claim to lease or purchase of riparian rights at the foot of Cinnaminson avenue.

Mr. King wishes to lease from the State the riparian rights extending for some distance in front of his property eastward to a line drawn from the middle of the avenue. Law gives the township prior claim and unless it signs this claim away, any other lessor has to wait six months and go to some legal expense to get it.

The township committee hasn't made up its mind yet what it wants to do, although about half of the six months has passed since Mr. King first started action.

Mr. King states his object in the lease is to be able to prevent any structure being built on the ground in question which might be detrimental to his property.

SEWERS TO THE FORT

Chamber of Commerce Advises Action. Township Has Jurisdiction Over Ferry Terminal, is Legal Opinion

The Palmyra Township Committee held its regular March meeting at the fire house Tuesday evening, and the session was crowded with matters of importance that it was nearly midnight before adjournment.

Albert S. King, chairman of the civic committee of the Chamber of Commerce, was present to present the recommendations of that body, and also to offer to the township officials the hearty co-operation of the Chamber in public improvements.

Mr. King, in the course of his address, gave high praise to the committee, declaring that they had always shown the greatest civic patriotism in promoting improvements and guarding the best interests of the town.

The desire of the Chamber of Commerce to revive the sewer project was enthusiastically greeted by Committee members. Hinchman said he would be glad to see the improvement brought about as soon as convinced that prices had reached a reasonable level.

Mr. King told the committee that he had been informed by John H. Milton, corporation counsel of Jersey City, that the township would have full powers of control and taxation over the Tacony-Palmyra ferry company's property between high-water mark and the head line.

Regarding the Chamber of Commerce's suggestion that a street south of the railroad should be opened from Cinnaminson avenue westward to help develop the southwestern part of the town, Solicitor Beckenbach suggested that the Chamber make an investigation of the situation and then prepare a petition for the opening of such a street.

It was suggested by Mr. King that the drainage plans at Broad street and Morgan avenue, which some time ago were held up by high prices, might be taken up again in view of the cheaper labor and material which can now be obtained.

George W. Rogers, representing the shade tree committee of the Chamber of Commerce, asked the township committee to revive the shade tree commission, and that the Chamber would volunteer to find men who would serve on it if so desired. Chairman Davies promised to appoint the commission in the near future.

A petition was presented by Arthur Carr asking for a sidewalk on Fifth street from Market to the present sidewalk at the high school building. A number of property owners had signed the petition and there also were some present to protest against it because of present-day prices. The township committee was highly in favor of making this improvement to the western section of the town, and promised to include it in an ordinance providing for several other contemplated sidewalks in the near future.

Another petition was presented by residents in the vicinity of the building of the corner Owen cap factory at Broad and Market. The building is in an advanced state of dilapidation and the nearby residents asked that it be either removed or repaired, because it is now a menace and a nuisance.

The township committee promised to take the matter up with the owners. Auditor Roy E. Williams, of Delanco, presented his report on the township finances for 1920, and praised the township officials for the condition of affairs. A special meeting will be held at the firehouse next Tuesday evening, at which time the report will be read and explained in detail for the benefit of whatever citizens wish to attend.

Committee member Hinchman, as police commissioner, urged the purchase of an automobile for the police, to help them cover the 17 miles of streets in the town. Chief Beck backed up Mr. Hinchman very earnestly and emphasized the need of a car with which to chase bandits, should the town have another such visitation. It was decided to purchase a Ford touring car for the police in the near future.

A move to have the wartime skip-stops of the trolley company abandoned is contemplated. Solicitor Beckenbach recommended patience on the part of the trolley company's finances are known to be in bad condition and the company's difficulties are being augmented by what he termed a "death grip" with the trolley, which are threatening to force the trolley out of business.

Paul H. Powers called attention to the condition of the sidewalk in front of his property on Morgan avenue, and the committee promised to have Contractor Davis make the necessary repairs under his guarantee. Mr. Powers also reported the condition of the street itself to be very bad.

The following bills were ordered paid: C. M. Beck, salary \$130.00; Joe Rogers, salary 100.00; P. O. S. of A. rent 2.50; Public Service, gas, electric 411.15; Phone 3.78; Visiting Nurse 300.00; W. L. Bowen, printing 10.50; A. J. Beckenbach, legal services 15.00; Roy E. Williams, auditor 110.00; Branson Cook, policing 3.00; John Shade, tax map work 175.00; C. H. Haines, repairs 8.25; Road and street work 331.25; T. W. Land, salary 100.00; Dr. Voorhis, Pasteur treatment 150.00.

Gold Watches Presented to Palmyra Policemen

As a reward and in commemoration of their splendid work in capturing the three auto bandits who attempted to rob Birenbaum's store on the morning of February 20, a fine watch, properly inscribed, was presented to both Chief Beck and Officer Rodgers in the presence of the township committee and citizens present at the firehouse Tuesday evening.

The presentation was made by a committee comprising George N. Wimer, Albert N. Stewart, Maurice H. Schwartz, and Edward A. King. The fund for the purchase was provided by business men and a number of citizens.

Mr. Wimer made the presentation speech, praising the loyalty, bravery and efficiency of the two officers and expressing the appreciation of the business men and citizens for the police protection they receive. He then presented the watches as a token by which the officers "could remember the night it snowed in Palmyra."

Both officers made brief speeches of appreciation, declaring that they had only done their duty and expected no reward.

"Goodfellowship" Class Organized

The Sunday School class taught by Leonard R. Baker of the Epworth Methodist Church, recently organized and took the name "Goodfellowship Class."

The following officers were elected: Melvin H. Burr, president; Ralph H. Steen, vice president; Marvin V. Burr, secretary; and Melvin P. Davis, treasurer.

Young men over eighteen are invited to attend the class meetings on Sunday afternoons and will be assured a hearty welcome.

Mrs. Frank Day

Mrs. Frank Day died at her home, 712 Morgan avenue, at 3.30 this Friday morning as the result of a stroke of paralysis suffered Thursday afternoon while on her way home from a shopping trip at the local stores.

Mrs. Anderson and Mrs. Buchanan, neighbors, saw Mrs. Day stagger as she approached her home and they assisted her into the house and called a doctor. She soon became unconscious and did not rally.

Mrs. Day had been the best of health and spirits previous to the stroke and her sudden death was a great shock to her many friends. She is survived by her husband, Frank Day, Sr., clerk of the school board; a daughter, Miss Bertha, who lives at home, and a son, Frank, Jr., who was a captain in the army during the war and is now located at Chicago.

Seventh Grade Has 100% Membership

The Palmyra Parent-Teacher Association had a very interesting meeting last Tuesday evening at which various members, in a most able manner, led discussions on various questions concerning the obedience and punishment of children.

The meeting marked the end of the membership drive which had been conducted in the form of a contest between a committee of parents and another of teachers. The teachers won out, 209 to 101. The combined result brings the total membership to more than 500.

Miss Barry's seventh grade now reports a 100 per cent membership of parents and will be entertained at a party by the lunch room committee. The same class also won the picture as a prize for the greatest attendance of parents at the last two meetings.

Mr. Robinson Returned to Palmyra

There will be a big reception this Friday evening at the Epworth M. E. temple to the pastor, the Rev. E. A. Robinson, who was returned to the local church by the conference at Asbury Park.

Five hundred invitations have been sent out for the reception. The choir will present a program and refreshments will be served by the Friendship Circle class under the direction of Miss Mac Bauder. The welcoming address will be delivered by Charles W. Wanger, with a reply, of course, by the pastor. The decorations of the Temple have been arranged by a committee headed by Clifton Taylor.

Annual Spring Drive

The house-to-house canvass for funds for the Veterans' Home Committee is being made this month. The very nature of the work done by this committee prevents much publicity concerning it, but it is well known that the service rendered is invaluable to the community, and this appeal for funds should meet with a ready and generous response.

Those wishing to do so may send checks direct to Mrs. A. C. Hirsch, 738 Highland avenue, Palmyra.

Spring Conference of Republican Women

The spring conference of the New Jersey Women's Republican Club is to be held in Atlantic City Friday and Saturday, April 29th and 30th. The program will include three business sessions, an informal reception and a banquet. The Hotel Chalfonte is to be headquarters for the conference. While the conference is intended primarily for members of the Women's Republican Club, all Republican women will be welcomed at all sessions.

Nearly Hit by Auto

The danger caused by reckless driving of motorists to fires in town is emphasized by an incident which occurred last week.

Harry Sack, 16 years old, and John Hunter, Paris resident, were in the city where in the winter of 1919 the American Legion was born, there is carrying on today a large representative post of the organization. With 897 veterans of the A. E. F. on its membership rolls and the entire second floor of a new handsome building for its headquarters the Paris post today is making its influence felt in caring for the needs of its members and all former service men.

One of the chief benefits rendered by the Paris post has been in the way of obtaining employment for honorably discharged service men seeking work in the capital. More than 100 men were placed in positions during the first seven weeks of the post's service bureau operations. Helping men to return home when their funds are insufficient is another phase of the work that is bringing relief to many.

The post, which is located in the building of the American Library association, at 10 Rue de Villy, has a flourishing women's auxiliary of some fifty members with applications coming in all the time. In addition to serving the American veteran, the Paris post is striving to strengthen the bond between France and America through the younger generation of Paris by offering yearly prizes for the best essay written by any boy or girl in a Paris lycée on a subject which connects the history of France and America.

Historic Grove a Factory

Apparatus for the manufacture of insecticides soon will be installed in the old Billow house at Totenville, headquarters of General Howe during the British occupation of Staten Island in 1776 and since then a place of historic interest. Announcement of the sale of the property was made yesterday, and with it came the news that the old house will be converted into a factory.

All efforts to have the state purchase the house and preserve it and its dungeon and secret underground passageway as relics of the War for Independence were unsuccessful. New York Times.

Marry in Haste

At a tea a number of ladies were discussing the best age at which to marry. Some championed thirty years, some twenty-eight, some twenty-seven. Then Miss Elsie De Wolfe, who has so brilliantly succeeded in so many fields, laughed and said:

"The best age to marry is while you're still too young to know better."

Just Like a Man

The average man thinks he swears them up when he scatters with a shirt of his handkerchief the clear ashes he drops on the floor.—Buffalo Enquirer.

CASH BILLS PLAN FAVORED

Referendum Laws Adopted by New York, New Jersey, Washington and South Dakota.

Four more states adopted referendum laws providing for the payment of a cash bonus to veterans of the World War at the elections on November 2, following a well organized campaign by American Legion posts and various civic organizations. The states were: New York, \$10 a month, \$250 maximum; New Jersey, \$10 a month, \$100 maximum; Washington, \$15 a month for service up to November 11, 1918, and South Dakota, \$15 a month. Twelve states, which supplied 1,000,000 men to the army, have now granted the cash compensation. In addition to the four named above, the cash bonus states are: Massachusetts, \$100, plus \$10 a month to January 18, 1919; Vermont, \$10 a month, maximum of 12 months; New Hampshire, \$100; Minnesota, \$15 a month, maximum of \$100; Wisconsin, \$10 a month, minimum of \$50; Rhode Island, \$100; North Dakota, \$25 a month, and Maine, \$100.

In New York the bonus rode to victory by a majority of more than a million; the vote in Washington was three to one in its favor, while in New Jersey and South Dakota the Legionnaires were successful by large margins.

National officials of the Legion contend that the bonus referendums show conclusively that the people of the United States favor compensation for ex-servicemen and they propose to redouble their efforts to obtain the passage of the Legion's fourfold nation at bonus law in the next congress.

PARIS POST IS EFFECTIVE

Organization in French Capital Has 837 Veterans of the A. E. F. on Membership Rolls.

Over in France where the men who make up the American Legion fought and suffered and in the very city where in the winter of 1919 the American Legion was born, there is carrying on today a large representative post of the organization. With 897 veterans of the A. E. F. on its membership rolls and the entire second floor of a new handsome building for its headquarters the Paris post today is making its influence felt in caring for the needs of its members and all former service men.

One of the chief benefits rendered by the Paris post has been in the way of obtaining employment for honorably discharged service men seeking work in the capital. More than 100 men were placed in positions during the first seven weeks of the post's service bureau operations. Helping men to return home when their funds are insufficient is another phase of the work that is bringing relief to many.

The post, which is located in the building of the American Library association, at 10 Rue de Villy, has a flourishing women's auxiliary of some fifty members with applications coming in all the time. In addition to serving the American veteran, the Paris post is striving to strengthen the bond between France and America through the younger generation of Paris by offering yearly prizes for the best essay written by any boy or girl in a Paris lycée on a subject which connects the history of France and America.

TRENTON LETTER

The Senate threw another monkey wrench into the machinery yesterday when it refused to confirm two of Governor Edwards' new appointees to the reconstructed Public Utility Board. The two unfortunate nominees were both Democrats. One was Congressman James A. Hammill, of Jersey City, and ex-Civil Service Commissioner Joseph S. Hoff, of Princeton. The third member of the Commission, Harry Bacharach, Republican, former Mayor of Atlantic City, was confirmed. Some of the Republican Senators refused to vote for either Hammill or Hoff, on the ground that neither was a "12,000 man." It is once more up to the Governor to name two new Democrats for the vacancies on the Board.

Late dispatches from Trenton indicate that the Senate's confirmation of Bacharach may not, after all, settle the appointment.

It was pointed out that Bacharach has not yet accepted the post. Among certain Republicans in the State capital it is said there is considerable resentment over Governor Edwards' appointment of Bacharach to the "short term" and giving the Democrats the "long term" job.

Bacharach former Mayor. Mr. Bacharach was a former postmaster and former mayor of Atlantic City, president of one of the most successful trust companies in the resort and has, for years, been a leader in business enterprises there.

He is the one Republican member of the board provided for by the Wallworth act, under which it is named as the successor of the body which Governor Edwards dismissed for misuse of the high office.

Mr. Bacharach had been backed by United States Senator Edge for the successor to Samuel Fredell as Collector of internal revenue for the South Jersey district, but former Senator Baird wanted that place for Frank D. Shaw, of Camden county, who has been chief deputy in the office for about twelve years, although a Republican.

Baird and his lieutenants, therefore, put forth every effort to land Bacharach in the Utility Board to get him out of Shaw's way, and they were aided, it is said, by Supreme Court Clerk Johnson, of Atlantic. It was the latter is declared, who finally induced Bacharach to accept the \$12,000 position. That, of course, means Baird control of the revenue office, employing hundreds of clerks and agents in the lower counties.

Kelleher Probable Secretary. Gossip has it that the secretary of the new Utility Commission will be Edward J. Kelleher, of Camden, member of the State Democratic Committee and chief field deputy in the revenue office. He is known to be a capable and efficient man and is said to have the backing of the governor.

Governor Edwards also sent in the re-appointment of former State Chairman Edward E. Grosscup, of Gloucester county, as state purchasing agent, a position Mr. Grosscup has efficiently filled for three years. Joseph P. Fowler, of Port Norris, was reappointed to the state board of shell fisheries for his third term, and Edward H. Allen, Jr., of New Britain, was appointed to succeed Lorenzo D. Robbins. Former Judge William H. Morrow, of Belvidere, was named for the state board of education to fill the unexpired term of Percy H. Stewart, resigned.

Final arguments for and against the passage of Senator Parry's bill relating to the abandonment of the Morris canal were heard by the Senate Committee at a public hearing. The bill provides a method for the institution of condemnation proceedings for the canal property prior to 1924 and there was strenuous objection as well as ardent advocacy of the measure.

Hudson Maxim, the munitions inventor, led the argument on behalf of the residents of Morris and Sussex counties and the Lake Hopatcong vicinity in general. His argument was a plea for the preservation of one of the finest water and mountain resorts in the country. He said that the passage of the bill would mean the draining of the beautiful lakes of the Hopatcong vicinity and result in destruction of the beauty of the entire district, an asset of incalculable value to New Jersey.

House Passes Mackay Ousters. The house passed Senator Mackay's three bills abolishing the office of state architect, which has been a storm center for months, directed by Commissioner Lewis of the Department of Institutions and Agencies. Charges of neglect and inefficiency have been made against the architect. The duties of the office will be taken over by the Department of Institutions and Agencies under the bill. The house also passed Senator Hagaman's bill providing an additional \$18,000 to complete construction of the Long Beach boulevard from Surf City to Barnegat City, Ocean county.

Former Speaker Pierson's bill revising the election laws almost got through the house, and some day its exact provisions may become familiar to the voters of the state. One of the principal revisions meets the changed conditions due to the voting of women, but it is so voluminous there are so many changes that it is extremely difficult to reach an intelligent analysis. Mr. Pierson said it was intended to clear up many complications of the present law and to simplify the system of voting.

The senate passed Senator Heath's bill providing a pension system for state employees whose term of office are not fixed. This bill has been presented in many sessions, but has never gotten by, although upon one occasion it got as far as the governor's office, only to be vetoed. There were no votes against it.

Reconsider Eviction Bill. Designated as a "blow at rent profiteering," Assemblyman Nelson's bill to prevent the forcing of a tenant from a home despite payment of rent was defeated last Tuesday, but the sponsor had the vote reconsidered. Mr. Loughran, also of Hudson, objected and sought to have the bill recommitted to give harassed builders a chance to be heard upon it, but he failed, and the measure went through by a vote of 36 to 16. Assemblyman Templeton's bill requiring five years' residence in the state for persons to take examinations

for positions under the civil service caused considerable animated discussion and it was passed. The chief objection appeared to be that the bill would "build a wall around New Jersey," shutting out capable persons from employment under state or municipal government.

After passing Senator Runyon's bill to increase the salaries of the four assistant commissioners of education from \$5,000 to \$5,500, the senate voted down Senator Mackay's bill to increase the salary of the commissioner of education from \$10,000 to \$12,000. Several senators spoke for the measure for the assistant commissioners, and it went through with bells on.

The senate approved Senator Heath's bill making it lawful for a corporation to pay its employees by check instead of cash, as the law now requires. He said one of the primary objects of this bill is to save the lives of paymasters who were forced to carry large amounts of cash. There was no opposition to the measure.

Final skirmish against the Case state constabulary bill was made by the labor forces at a hearing granted by Governor Edwards.

The labor leaders, who had made their fight as the measure progressed

through the two houses, placed its ultimate fate upon the governor, urging him to veto it upon the ground that its underlying purpose is inimical to organized labor.

Headed by President Arthur Quinn and Secretary Hilbert of the State Federation a delegation of more than 100, representing every line of industry and the railroad brotherhoods, crowded into the executive outer offices and for more than an hour poured linguistic hot shot into the bill.

Rural Police Bill Veto. Governor Edwards will veto the New Jersey constabulary bill providing for the creation of a state police force of two troops of 500 men. The governor told a delegation from organized labor associations that his veto would be forthcoming as a result of party pledges to which New Jersey Democrats were committed.

The constabulary bill introduced by Senator Case of Somerset county was made a party measure by the Republicans in both the senate and assembly. Its passage over the governor's veto is predicted.

Street Railway Valuation. Senator Parry's bill amending the street railway valuation act of 1920 needed one more vote to put it through

the upper house. The bill was laid over after it was discovered that only ten votes could be mustered for its passage. The measure would allow the Utility Commission to use as a basis of valuation for fixing the rate the report of the valuation by the private firm of engineers appointed by a state commission named in the legislation of last year. It would not make the acceptance of that report mandatory, however, as in the present law, but would permit of court review of valuation figures, together with the introduction of other valuation estimates.

When is a public utility not a public utility?
Ans: When it is a jitney.

When the State adopted a policy of regulating public utilities it was openly declared that the regulation was intended not alone for the protection of utilities themselves, but primarily for the benefit of the people served by them.

The utilities were not consulted as to their wishes in the matter, but were put under State regulation whether they wanted it, or liked it, or not.

And every kind of utility, big and little, then in existence was covered by the act.

Since the law was passed in 1911 the jitney came into existence. It had not been heard of at that time, else it undoubtedly would have taken its place with the other transportation agencies and all other utilities that were put under State regulation.

Jitneys were not exempted from the act; they were not overlooked; they simply didn't then exist.

But now jitneys are operating in all parts of the State. Collectively they are doing a business of about \$5,000,000 a year. They have the privileges of common carriers without the responsibilities of common carriers. They are supposed to serve the public, but there is no central authority to see that they give "safe, adequate and proper service," as the law says other carriers must do.

Other States have met similar situations by recognizing the jitney as a public utility and regulating it accordingly. This is true of New York. It is true of Pennsylvania, and only last Wednesday the General Assembly of the State of Connecticut adopted a bill to put the jitneys under control of the Public Utilities Commission in that State.

If jitneys are doing a public utility business and are classed as public utilities in other States, and if State regulation of utilities is a good thing from the people's standpoint, what argument can be advanced against the proposition that jitneys should be regulated public utilities in New Jersey?

AN OPEN LETTER

To the Citizens of Palmyra and Riverton:

Rapid
Progress

Some three or four years ago the development of Morgan Heights was begun; streets were graded and graveled; beautiful cement sidewalks, curbs and gutters laid; all of this soon to be followed by the erection of beautiful and comfortable homes—so that today Morgan Heights (located on the highest elevation in Burlington County) is conceded to be one of, if not, the nicest residential sections of the County.

A
Word
to the
Wise

All of the houses completed on this Tract have been sold with the exception of one at the corner of Morgan Avenue and Franklin Street. There is no doubt but what this one property will be sold in the Spring, for out of the many buyers that will be in the market, there will certainly be some people who will appreciate the beauty and comfort and substantiality of this home, (to say nothing of the large area of the lot upon which it is built) sufficiently to purchase it at the bargain price at which it is being offered. The same thing applies to the other properties which Bulder Davis is now erecting and is about to erect on this Tract. Just at this point let us say that if there is one thing that adds to the attractiveness and permanency of Morgan Heights, it is the fact that there has been no inflation in prices of either lots or homes.

No
Inflation
in Prices

The prices of the lots are the same today as they were when the development was started, although every lot on the Tract has been enhanced by the improvements that have taken place, and it would certainly cost a hundred dollars more for each fifty foot lot, to lay the sidewalks, gutters and curbs than it did when this work was done. If the Palmyra-Riverton section has any future at all, prices will advance—and that rapidly—for no new development ground can be opened up at prices to compete. We believe that the ferry operating between Tacony and Palmyra alone will bring about a big enhancement in the values of this section, so that the wise man will take time by the forelock and buy today.

Carefully
Study this

The main purpose of this letter, however, is to call to your attention the rare bargains that are within your reach in the lots fronting on Cleveland Avenue between Highland Avenue and Columbia Avenue. Certain it is that no discriminating buyer could fail to appreciate these bargains if he thoroughly understood the situation. Cleveland Avenue is at the highest point on the property; it is a well-graveled thoroughfare, and cement sidewalks, gutters and curbs have been laid. In looking over the plan we notice that a lot 50x150 feet, located directly opposite the beautiful home property of Mr. Edward B. Rich can be purchased for \$650. We also notice that a lot 55x175 feet directly opposite the excellent home and beautiful lawn of Mr. William T. B. Parnell can be purchased for \$1000. We also notice that a lot 51x150 feet, located at the corner of Morgan Avenue and Cleveland Avenue can be purchased for \$1500, while the one 12x165 feet, at the corner of Cleveland Avenue and Columbia Avenue can be purchased for \$1350.

Great
Opportunities

When one realizes that all of the improvements have been made around these lots, then and then only is the real value appreciated. Just to think of having a corner property with all the advantage of side light and air space for such small sums of money. The improvements around any one of these lots today would cost not a cent less than \$700, so that you can see that (as far as real estate is concerned) corner lots are being sold at less than inside lots.

If you desire any further particulars about these properties, consult Mr. George N. Wimer, 15 East Broad Street, Palmyra, or Bulder Llewellyn Davis, 910 Columbia Avenue, Palmyra.

MORGAN HEIGHTS DEVELOPMENT.

P.S. If any of our readers are interested in renting the farm part (about twelve acres) of this property, they should consult Bulder Davis.

Ford

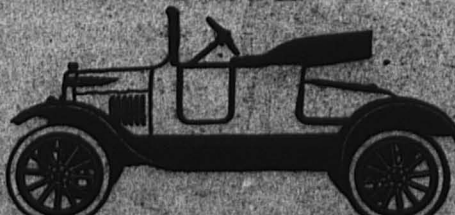

THE UNIVERSAL CAR

The Ford Runabout

A WONDERFUL servant, for pleasure, and for business. And we hope now, with the factory increasing production, very shortly we will be able to make fairly prompt deliveries with Ford Runabouts. Anyway bring in your orders and we will see what we can do.

Do not forget whenever you think of Ford cars, to remember that in the dependable, thorough and satisfactory "Ford After-Service" that is expressed by more than seven thousand dealers and fifteen thousand authorized Ford garages scattered all over the United States, that there is one right near you, no matter where you live, and wherever there is one there is the assurance of reliable, economical, prompt and efficient Ford service, where nothing but genuine Ford-made parts are used.

Let us have your order as early as possible, to be fair to yourself as well as fair to us.

Lester S. Fortnum

"At the Bridge"

BRIDGEBORO, N. J.

Shared Fame With Friend

It is said that virtually all the plays to which the names of Beaumont and Fletcher are attached were written by Fletcher alone. Beaumont was a friend of Fletcher's and lived with him; they had a kind of David and Jonathan affection for each other, and Beaumont's name is said to have gone on the plays more for sentimental reasons than for any other.

Well Patted Thieves

Among records of stolen bells is that of one from Somerset in Dorsetshire, which, Christian carried away. The bell, objected to the act by gradually becoming dumb on the journey to Faria, where its voice was discovered gone. But its voice returned in such full force when the bell was sent home that the town could be heard seven miles distant.

Take a Look From the Pit

Between acts at the opera in Buenos Aires men go down to the orchestra pit and, with their opera glasses, scan the occupants of the boxes.

Irrigation in Spain

Spain irrigates only 5 per cent of its cultivated land, but the irrigated sections produce about one-fourth of the country's crop.

in advance

Advertising rates on application

The New Era Office is equipped to do all kinds of Fine Printing at reasonable prices

LEGAL ADVERTISEMENTS

The New Era is a Legal Newspaper. Commissioners, Sheriff's and other Sales, Administrators' and Executors' Notices, as well as all other Legal Advertisements are solicited. The New Era will appreciate being remembered in this connection.

Notice

All readers or local notices of entertainments, suppers, fairs, dances, etc., given for the purpose of raising money or for which admission is charged, will be charged for at the rate of fifteen cents a line.

Women May Decide the Fight for Postmaster

Not since Jackie Schmidt ran for Mayor of Riverton (and came mighty near being elected) has so much interest and excitement been stirred up over a local contest as has developed in the race for postmastership. And the fight waxed hotter with every passing day.

Effort is being made and influence brought to bear from every conceivable angle by both sides. For a time it looked as though it would be a deadlock, so far as the Riverton members of the county committee were concerned, with Sheriff Flagg pledged to Mr. Clifton, and Mr. Geiss, who signed Mr. Clifton's petition, and who was originally in favor of his appointment, finally swinging around to the other candidate in deference to what seemed to be the desire of a large majority of his constituents.

And now a new feature enters the contest. It is understood on good authority that the women members of the county committee have an equal right with the men to a voice and a vote in the selection of the appointee for this office. It has been stated that the women will hold the office to which they were appointed last fall until the next election for county committee, and that in the meantime they are considered to be on the same footing as the men who were elected at the primaries last September.

If this is correct, and if, as is understood, both of the women members in Riverton favor the appointment of Mr. Mattis, his forces have received very valuable reinforcements. Still, nothing is settled until the appointment is actually made, and those who want to give Ross Mattis a lift should write to Edward H. Flagg, Jr., Mount Holly; John C. Geiss, Riverton; Joseph L. Thomas, Riverton; and to Congressman Bacharach, House of Representatives, Washington, D. C.

In the Legislature

On Tuesday the House defeated Assemblyman Coon's resolution for an amendment to the State Constitution providing for the abolition of the death penalty. The vote was 11 for and 39 against.

On the same day Governor Edwards vetoed the Van Ness prohibition enforcement bill, which provides penalties of \$500 fine or six months in jail for violations similar to those of the Volstead act. It is thought the bill will be passed over the Governor's veto.

On Monday night the Governor vetoed the Senator Case bill creating a State police in keeping with his promise to the labor leaders. An effort will be made to pass this bill over his veto, too.

On Monday the Governor appointed Mrs. Agnew Cromwell, of Mendham, and Mrs. Katherine M. Donges, of Merchantville, to be members of the State Board of Education.

School News

Miss Margaret Cunningham, teacher of the third grade, is very ill. Miss Benner, of Palmyra, is substituting in her place.

Miss Sylvester, from Trenton, demonstrated on Monday the Story Hour Reading System, in first and second grades. It was a very interesting and pretty sight.

The eighth grade was awarded the American flag by the Parent-Teacher Association for having the highest percentage of parents at the spelling bee last Thursday evening.

Miss Kaufman, the boys' manual training teacher, due to a nervous breakdown, is unable to teach any more this term. Mr. Parks is teaching in her place.

From the strains of music we hear on Tuesday and Thursday afternoons, we think Miss Chew's attempt to form a school orchestra must be very successful in spite of the meager number of musicians. We are anxiously waiting for the first public performance.

Our boys are getting in trim for the track meet at Mount Holly. Russell Miller will likely represent Riverton at the meet for the high jump, having made some very good jumps. Harold Wood is in line form for the running broad jump, and is expected to represent us at the meet also. There has been other good jumping, but none to excel the jumps of these boys.

Thursday and Friday, last week, the school was all aglow with color. Green was prominent on Thursday and yellow on Friday. This was explained by the fact that it was St. Patrick's and St. Sheila's Days, and hence their colors. There was some dispute as to whether yellow or orange was "the" color for Friday, but no one came to actual blows. Exercises were held on Friday, which were enjoyed by the school.

An Easter gift was presented to the Riverton school by the Board of Education, in the form of a holiday on Friday. The pupils and teachers, of course, were very sorry to miss school then, but so far as is known, no serious illnesses have resulted from grief. All are expected back on Monday, for that was not included in the gift. It is hoped the much-enduring trust officer will not be overworked, then, as last year.

Eighth Grade

Live cheerfully, watch against anger, say little, and reform much.

WEEKLY NEWS BUDGET

for Riverton and Vicinity

Buy It at Home!

Mrs. Conrad Becker and daughters spent Sunday in Pitman with Mrs. Elmer Bright.

Mrs. Charles Williams is entertaining her sister, Mrs. Charles Cotton, of Germantown.

Mrs. William O'Donnell and Mrs. Thomas Barrett visited friends in Wildwood on Sunday.

Miss Sophia A. Wychula will spend the Easter holidays at the home of her parents in Mount Carmel, Pa.

Mr. and Mrs. B. S. Mechling are expecting to return to Riverton the first of April. They have taken the Charles Showell property on Bank avenue for the summer.

Mr. and Mrs. Samuel Cole, Mr. and Mrs. Ezra M. Perkins, and granddaughter, Dorothy Cole, Mrs. Mary Rianhart, and Mrs. John Sloan spent Sunday in Wildwood.

The highest tax rate in Burlington county is \$7.84 in Fieldsboro borough, which has a population of 530. The lowest is \$1.61 in Bordentown township, which has a population of 596.

The hollow-tile house being built at Fourth and Linden will be ready when completed. Anyone desiring a high-grade, seven-room house should phone Riverton 284-J for information.

The annual report of the Department of Weights and Measures has just been issued. Out of 9,113 weighing and measuring apparatus tested, 192 were condemned and 287 adjusted. Three persecutions were made, all of which resulted in convictions. Of 901 packages of food re-weighed, 84 were found to be incorrect.

Prominent among social events of the past week was a surprise linen shower given last Saturday for Miss Elsie Coe, daughter of Mr. A. V. R. Coe, of Cinnaminson, by her aunts, Mrs. M. E. Cooper and the Misses Alice and Margaret Coe. The shower took place at the residence of Mrs. Cooper, 45 Cove road, Merchantville, N. J.

The sacred cantata, "Penitence, Pardon and Peace," rendered by an augmented choir in Christ Church last evening, was enjoyed by a large audience, notwithstanding the inclement weather. Mrs. S. W. Collin, contralto; Mr. Holmes of Burlington, baritone; Mrs. Leon Guest, Riverton, soprano; Mr. Etris, Palmyra, tenor; Mrs. Ruth Peterson Bell, organist.

A fire in the second story at Chew Brothers, Main street, Tuesday afternoon, was put out before serious damage was done, owing to the fact that it was discovered soon after it started. The origin of the blaze is unknown, but as far as can be learned it is thought to have started in a waste basket. The curtain draperies were burned, and a desk that took fire was thrown out of the window. The Riverton fire company was on the scene almost as soon as the alarm was sounded and rendered efficient aid.

The Chews are warm in their praise of the orderly and efficient way in which the firemen went about their work, and appreciate the fact that no unnecessary damage was done. A three-year-old child who was in the room escaped suffocation from the smoke by crawling under the bed covers. When a member of the family went up stairs and discovered the fire, the little one was found huddled up at the foot of the bed.

Church of the Sacred Heart

The Easter services at the Church of the Sacred Heart, Fourth and Linden avenue, Riverton, will take place at 7 and 9 a. m.

At the close of the Mass at 9 a. m. the Benediction of the Blessed Sacrament will be given.

The music of the Easter Mass will comprise the following numbers:

Kyrie ————— Bordese
Gloria ————— Bordese
Credo ————— Rosewig
Offertory Anthem ————— Giozza
Regina Coeli ————— Bordese
Sanctus ————— Bordese
Benedictus ————— Bordese
Agnus Dei ————— Douaneau
C. Salutaris ————— Douaneau
Pantum Ergo ————— Rosewig
Regina Coeli ————— Giozza
Sopranos—Miss Anna Stuart.
Miss Mary E. Seidle.
Alto—Mrs. George A. Peter.
Tenor—Mr. William G. Hyland.
Bassos—Mr. William Aspinall.
Mr. John Graham.
Organist, Miss Eleanor J. Connell. —adv

School Moneys Bill Lost by One Vote

A lively hearing on Bill 451 was held at Trenton Monday. This bill provides for the distribution of State school funds on the basis of number of teachers employed and days attendance, instead of on property valuations, as at present. It was bitterly contested by the counties having high valuations and comparatively small territory. The Riverton Board of Education was represented by Murray C. Boyer, and the Parent-Teacher Association by Mrs. George Henry Smith, one of the vice presidents of the Association. The Palmyra Parent-Teacher Association sent Mrs. J. H. Abdill, Mrs. I. U. Kershner, Mrs. William S. Logan, Mrs. E. M. Dean, and Miss Arthur Hunt. Mrs. Alice C. G. Sherman, of Moorestown, spoke in favor of the bill.

The bill lacked one vote in the senate and has been laid over for another year. It is expected that the measure will be an issue in the next gubernatorial campaign, in which former Governor Runyon, who is for the change, is expected to be a candidate.

Birth Certificates Free

In the great fireproof vaults of the Bureau of Vital Statistics of the State Department of Health are records of births, marriages and deaths that have occurred in New Jersey since 1848. These records, which approximate 5,000,000 in number will be preserved and remain on file indefinitely.

If you desire to visit a foreign country a birth certificate is necessary in order to secure a passport. Birth certificates are also required in connection with child labor laws in securing employment. They are demanded by the government for enlistment purposes in the army and navy, also to prove claims for state and government pensions. There are also innumerable personal and legal uses for such certificates.

Since April 6, 1920, the local registrar of vital statistics has been required to present to the parents of such newborn baby, a certificate of birth. If you have had a child born since April 6th last, and have not received a certificate of birth, inquire immediately of your local registrar. —adv

Polish Address on Americanism

Liberty, that liberty which, in all the world, is found only in the United States of America, was the theme of Julius Sztuk, of Philadelphia, when he addressed an Americanization meeting in the Cambridge public school last week. His audience was made up almost wholly of the Polish parents of the pupils of the school. Very few of the parents could speak or understand English.

Mr. Sztuk said in part: People came here in the early days and founded liberty. That has always been the great love of all persons who have come since to this land, liberty. At the bottom of their hearts one of the main things which has led people to leave the old countries and to come to America was the desire for what was to be found here alone, that liberty which Washington fought for. He was the father of the country, and led the soldiers of the Revolution in a great war, that the American people might be free.

When America was free it set about to give education to all her people, and Washington himself spoke about the public school. In the schools the people have for generations learned to love liberty so much that they desire the country to be like this one. That is the reason why President Wilson was able to say in the Peace Conference that Poland must be free. He knew that the people of America would back him up. Consequently, while every Pole in America should be loyal to Poland, he ought to be loyal also to America. Since he is to live here he ought to become naturalized as soon as possible.

You cannot be a good citizen of America unless you have an education. You have to be prepared to be good citizens and ought to go to school where they will learn best all about liberty and the things America stands for. And there are no schools as good for your children as the public schools. The public school is the very best place for Polish children, just as it is for American children.

If his school is too small, ask the school board to build a new one, and if there is not enough money, then let the Polish people raise some money, but by all means keep on sending your children to the public school.

Dance Postponed a Week

Owing to difficulties in completing the initial work of installing the new lighting system, the inauguration of the P. H. A. series of dances and entertainments will be postponed one week, bringing the opening dance to the parish house, on Tuesday, April 5th, and the vaudeville, minstrel show and dance on the 12th. The P. H. A. committee regret the necessity of this but there seemed no other way.

The committee having charge of the activities is comprised largely of those who were most active in the community hut, and is general the activities will be much the same, but on even a broader scale. The members of the P. H. A. committee are: Herman E. Jones, chairman; George E. Clark, secretary-treasurer; George W. Smith, Jr., H. E. Moyer, Ann Hughes, and L. Jerome Taylor.

The committee in charge of dances: John Hughes, chairman; Miss Eleanor Burd, Mrs. John Reese, Miss Ann Walker, Mr. H. L. Rogers, Mrs. G. W. Smith, Jr.

Entertainment committee: H. E. Moyer, chairman; George K. Clark, C. Worrell, L. W. Worrell.

Boys' Club: L. Jerome Taylor, chairman; William Baker.

Girls' Club: Miss Edith Smith, chairman.

The plans that have been made for improving the building, include a complete new lighting system of the most modern type, enlarging the auditorium, putting modern equipment on the stage so that real plays can be given, even to special lighting effects and appropriate scenery.

Porch Club

"Cranford"—a play by the Porch Club members, has been postponed until Saturday evening, April 2nd, at 8.15, in the parish house. Tickets, members included, 50c. —adv

There will be no meeting of Porch Club on Tuesday, March 29th.

Executive meeting at 3 p. m.

Card of Thanks

We desire to express our appreciation for the many acts of kindness and the sympathy extended to us in the sudden death of our brother, and to thank those who sent flowers and automobiles to the funeral.

THE FLYNN FAMILY.

Adv.

DEATHS

John J. Flynn, of Andalusia, Pa., age 44 years, died in the Frankford hospital, of appendicitis, on March 21. The funeral was held from the home of his brother, James Flynn, on Wednesday. Funeral services were held in the Church of the Sacred Heart, of the interment was made in St. Peter's cemetery, Riverside, N. J. Mr. Flynn was the brother of Mrs. Harry Rice and James and Matthew Flynn, all of Riverton.

Louis Corner

Louis Corner, a resident of Riverton for over sixty years, died at his home on Main street last Saturday, and was buried in Morgan cemetery on Tuesday. The funeral services at the home were conducted by the John Rigg, and the Masonic services at the grave by Covenant Lodge No. 161, F. & A. M. The deceased was 78 years of age.

Mr. Corner was born in Sussex, near Dover, England, and came to this country with his brother Edward, when sixteen years of age. Another brother, William, had preceded them, and was employed by Charles Haines, with whom Louis and Edward found a place for a time. Later the young man was employed by James Willis and Joseph Road.

In the early seventies Mr. Corner started in business for himself, and gradually built up a large patronage in laying, landscaping, gardening and general contracting. He laid all of the water and gas mains in Riverton and was for many years supervisor of streets.

Along with his other activities he conducted a coal yard on the site now occupied by J. S. Collins & Son. He was a charter member of Covenant Lodge No. 161, F. & A. M., instituted here in 1888, and for many years served as chief of the Riverton Fire Company.

The deceased is survived by three daughters, Mrs. William M. Mattis, Mrs. Jacob Cottrell, Mrs. Robert Clelland, and a son, Louis Corner, Jr.

Card of Thanks

Chew Bros. and families wish to thank the members of the Riverton Fire Company and all who so ably assisted them in extinguishing the fire in their home at 512 Main street. —adv

Country Club Bowling Tournament

The enthusiasm in bowling seems to increase as the season approaches the finish. The winner of the championship, however, is still far from being decided. The usual number of games have not been played in the last five bowling nights, owing to one series being postponed (Vaughan's first match and one open date). This accounts for the slight change in the standing of the teams from last week.

The Willis aggregation are again successful, winning the first and third games from Evans by a margin of only two and thirteen pins respectively. This is five victories out of six games played by this team, securing for them a position well over the 500 line and with the leaders, any one of which is a possible winner of first place. Hirst loses three to Coe and changes from second to fourth place, while Coe replaces Rogers in sixth. Whitney Frishmuth starred for the Willis team in the match with Evans, scoring 204 in the first game and being largely responsible for the victory. Elwell, who only took up bowling this year, managed to make a steady improvement, and is a valuable addition to the Graff outfit.

Standing of the teams, including games of March 23:

| | Won | Lost | Pct. |
|---------|-----|------|------|
| Vaughan | 20 | 13 | 606 |
| Jones | 19 | 14 | 576 |
| Evans | 20 | 16 | 555 |
| Hirst | 17 | 20 | 451 |
| Willits | 19 | 17 | 528 |
| Coe | 17 | 19 | 472 |
| Rogers | 14 | 18 | 437 |
| Graff | 13 | 21 | 416 |
| Bush | 12 | 22 | 353 |

The game to be played off. Season's three high scores:
J. A. Clavin 234
C. W. Wanger 225
A. F. Coe 222

Woman's Sphere

They talk about a woman's sphere, as though it is a place on earth or heaven. There's not a place on earth or heaven. There's not a task to mankind given. There's not a blessing or a woe.

If his school is too small, ask the school board to build a new one, and if there is not enough money, then let the Polish people raise some money, but by all means keep on sending your children to the public school.

HARMONY MEETING

Ferry Company and Township Committee Get Together and Discuss Plans

A new era in the relations between the officials of Palmyra Township and the Tacony-Palmyra Ferry Company was ushered in at the meeting Monday evening of the Township Committee and several ferry company officials and others at Palmyra's city hall.

Township Chairman Davies opened the meeting with a cordial greeting to the Ferry Company officials, who included William T. Miller, president; John Meigs, engineer; Charles A. Wright and Earl L. Williams, of Riverton, prominent directors. Others present were Committeemen Stewart and Hinchman, Township Clerk George Spencer, Township Engineer Dewitt Vosbury, Township Solicitor A. J. Beckenbach, Overseer of Roads and Streets T. W. Land, John D. McMullin, attorney for the Ferry Company, and Harry Sherman, of the firm of Haines & Sherman, who have charge of the ferry work on this side of the river.

Mr. Davies assured the ferry officials that the township committee was not opposed to the project and had never attempted to place obstacles in its way. The committee's only aim, he declared, had been to exercise its duty in looking after the rightful interests of the town and to take steps to insure the proper taxation of the ferry property, and measures to provide for the upkeep of the streets and police protection for the neighborhood involved.

Charles A. Wright addressed the meeting on behalf of the ferry company and expressed his appreciation of the attitude of the township officials. He declared that nothing was further from the ferry officials' minds than the thought of injuring Palmyra, but that instead they were about to confer a great boon upon the town, a thing that would greatly increase its importance, its population and industry and the valuation of its property.

Mr. Wright spoke at great length in refutation of the report from some sources that unsightly buildings on the ferry property would likely mar the beauty of the river bank in that vicinity. On the contrary, he said, the ferry company's engineers and architects had been instructed to spare no expense to make the ferry house and approach attractive from an architectural viewpoint. A landscape artist has been employed to draw up plans for beautifying the river bank on the ferry property and has drawn in water colors a picture showing the pleasing scene which is expected to result.

Mr. Wright showed the architect's drawing to those present and all praised it highly.

Furthermore, said Mr. Wright, the ferry company had in mind the interests of the younger generation, and with the cooperation of the township officials, hoped to make the vicinity of the ferry landing a spot where water sports could be enjoyed. The building of attractive houses for canoes and boats was being considered and it was expected that a desirable place for swimming would be produced.

A channel may be dredged from deep water direct to the foot of Cinnamon avenue, allowing small boats to land there at all tides.

The ferry roadway, which is now under construction, will be twelve feet above water and will be graded up to meet the level of Bank avenue at the land end.

The township officials were enthusiastic at the prospect of the ferry operation providing a new playground for the youth of the town.

Mr. Wright declared that Palmyra by being the Jersey terminus of the ferry, would become the best advertised small town in New Jersey. He said that the effect on property values to be expected was shown by the fact that big real estate owners on the Pennsylvania side, whose land was worth \$4,000 an acre, had opposed the ferry because they did not want their land to come into competition with New Jersey land, as it would when the ferry started operation.

Bids for the work on the Pennsylvania side will be opened on April 8, Mr. Wright announced.

Plans are afoot for the county or state to take over Cinnamon avenue and build concrete or asphalt road all the way to Berlin, N. J., connecting there with the White Horse Pike for Atlantic City.

Referring to a discussion of whether the ferry property would be subject to taxation by Palmyra, Mr. Wright asserted that the company had never had any other idea and never contemplated any opposition to the full exercise of Palmyra's municipal rights over the property.

The meeting concluded with the greatest of good feeling reigning and with everybody looking forward to complete and enthusiastic cooperation between the town and the ferry company in the future.

Mrs. Van Ness on National Government

A meeting of the League of Women Voters was held in Society Hall, Palmyra, Friday afternoon, the 16th, Miss A. B. Campbell presiding.

This was the third lecture in a course of four on "Citizenship," by Mrs. Frank W. Van Ness, Assemblywoman from Essex county. The subject was "Our Nation."

The speaker opened her talk by quoting Carlyle, "Let the sun rise twice and it ceases to be a miracle." Thus it is with our government—it has existed so long that we take it as a matter of course and do not stop to think of all our forefathers did and suffered to establish it. In its earliest days our country was ruled by royal appointees, and later by a Continental Congress over which a chairman presided, and of which it was said, "It commanded no respect abroad nor obedience at home."

In May, 1787, the Continental Convention met in Independence Hall, Philadelphia, with George Washington presiding, for the purpose of deciding upon a form of Government. This body of men sat daily for three weeks without making apparent progress. It was then that Benjamin Franklin reminded his colleagues that if it were true, and he believed it was, that "Not a sparrow falleth but that our Lord doth see," it would be wise to invoke the blessing of the Almighty and ask His help in directing them. This they did, and from that moment things began to shape themselves and harmony prevailed.

This Convention sat for four months, at the end of which time the Constitution with its preamble, was in concrete form. It had to be ratified by nine States before it could be adopted as our form of Government.

Delaware was the first, Pennsylvania the second and New Jersey the third to ratify the Constitution. Mrs. Van Ness described how the Constitution can be amended, and that over 1800 amendments have been submitted, only nineteen of which have been adopted.

Mrs. Van Ness spoke at length on the three departments of our Government—the executive, the legislative, and the judicial, the members and officers of each, their terms of office, salaries, duties, etc.

In closing, the speaker laid great stress on our duty as citizens to stand by our Government and avoid becoming a party to the criticism abroad in the land. There is a wave of disregard for law and order everywhere, and humanity is given to criticism. Of this there are two kinds—constructive and destructive—the former is the result of intelligent thought and tends toward the betterment of conditions, but the latter is harmful and should be guarded against.

Mrs. Van Ness advised her hearers to differentiate between the Government and the administration—the former is the machinery by which the country runs; the latter is the party in power.

Mrs. Van Ness compared this era with that when our Government was formed—conditions were chaotic then as now, and she urged that a spirit of optimism prevail, knowing that the All-Wise Providence is directing now as then.

No Trophy Shoot Saturday

Last Saturday turned out to be an off day for the trapshooting team of the Riverton Yacht Club. It so happened that a great many of the gunners were out of town and when the men lined up for the club shoot for the John H. Reese memorial cup, it was found that only nine were on hand, that being an insufficient number of members present to shoot for the trophy. It therefore developed into a prize shoot. Quite a stiff gale was blowing, which carried the clay targets to such an extent that it was exceedingly difficult to hit them. However, when the final scores were

counted, it was found that William B. Lynch and N. Myers Fittler, Jr., were tied for first honors, each having a total of 48 targets, which was an excellent record for such a windy day. In the shoot-off to decide the winner, Lynch was the victor by two points. Since Lynch won the cup two weeks ago, he has gotten the cup fever, as is shown by his clever shooting of late. Young Fittler, who took second prize, shot in excellent form, many of his breaks being very hard ones. Dr. C. S. Milla was third, while fourth and last prize was annexed by Jack Seckel.

The team will shoot for eight more weeks, the last event taking place Saturday, May 14th, at which time the gunners will have to vacate, to give place to the yachting and swimming sections. There should be some great shooting for the cup before the curtain rings down, but it is the general opinion among the best marksmen that so spirited is the shooting, that the cup is almost certain to remain over another season before it can be lifted. Following is how the men shot:

| | Hdcp. | Broke | Total |
|------------------------------|-------|-------|-------|
| Dr. Mills | 6 | 40 | 46 |
| C. C. Fittler | 7 | 29 | 36 |
| Groves | 10 | 30 | 40 |
| Lynch | 13 | 35 | 48 |
| Stackhouse | 4 | 39 | 43 |
| Rogers | 4 | 38 | 42 |
| W. Frishmuth | 4 | 36 | 40 |
| Seckel | 11 | 33 | 44 |
| Nat. Fittler | 15 | 33 | 48 |
| Tie, 25 targets, ½ handicap: | | | |
| Lynch | 6½ | 15 | 21½ |
| Nat. Fittler | 7½ | 12 | 19½ |

NOTES

The reservations are coming in in good style for the Yacht Club dinner on Wednesday evening, April 6th, but it is especially requested that all get their reservations into C. B. Durborow, the treasurer, at once.

The Yacht Club has found it necessary to put their club man, Michael Faunce, on duty April the first. The boys have been exceedingly annoying this winter. They have maliciously broken the iron rod which throws the birds from the trap, several times, requiring the matches to be held up, while a plumber was found to fix it. They have thrown down the iron fence, broken into barrels of clay birds, broken and stolen the electric fixtures, and committed many other depredations. The club cannot understand their attitude, as it has made every effort to treat them well. They have been admitted as members, with all equal rights, for a mere pittance, they have been given medals, and the entire club has been interested in allowing them all the enjoyment and fun it could think of to give them at all times.

It is realized that not all the boys are to blame, and it is a shame to make all suffer for the few rowdies. However, the club at a special meeting, has decided an iron hand is needed to deal with the situation, and hereafter, if any boy is found destroying any of the club's property, the club will see that he gets the full limit of the law. The wharf is private property, bought and paid for by the Yacht Club from the Riverton Iron Pier Company. All children are strictly forbidden to trespass upon this property, unless accompanied by a member, who will be held accountable for any damage done.

The club will erect a diving platform for those who enjoy diving.

To see how many of the boys run a chance for the ten-mile national to be held here July 23, a race will be held over the same course, for which the regulation championship medals will be given to all who finish. It will be a strictly club affair.

The regatta committee is making up its 1921 schedule, and never was there so much interest and enthusiasm in looking forward to the sailing as there is this year. When the Chesapeake Bay races take place it looks as though the Riverton Yacht Club will be a lonely place, as no one can be found who is not anticipating a week's fun and racing on the bay.

The club has passed the 300 mark in membership, and will not be satisfied until the 500 mark is reached.

Mr. George Bowls, of Ardmore, and a Philadelphia broker, has joined the club and expects to be here much of his time this summer, and with his yacht get in the races.

INTERESTING NEWS BITS
in and around Palmyra

Buy It at Home!

The population of Burlington county has been announced as 61,770.

J. Horace Finney is building a new home at Morgan avenue and Charles street.

Mr. and Mrs. Forrest W. Buck, of Scottsdale, Pa., were guests of Mr. Buck's parents over the weekend.

A daughter, Ruth, was born last Friday to Mr. and Mrs. Edward F. Blachowski, of 201 Morgan avenue.

Mr. and Mrs. Charles DeLaney, of 607 Thomas avenue, have artistically beautified their lawn with new shrubbery.

If you are thinking of buying a new or second-hand Ford car, see W. L. Wright, salesman for Lester Fortnum.

Milton Romm is home for the Easter holidays. He has changed from Carnegie Institute to the University of Pittsburgh.

The Rev. Harry Evald, pastor of the Guilford Avenue M. E. Church, of Baltimore, with his wife and daughter, were guests of relatives here this week.

It must run in the family. Marcus H. Schontz recently won the \$100 Limerick prize and last year his son, Clayton, captured the \$10 in the children's contest.

Thursday night, April 7, the first rank degree team of Oriental Lodge, K. of P., of Philadelphia, will confer the first rank in a class of 16 candidates for the Palmyra lodge.

Mr. and Mrs. Sol Romm, with their daughter, Miss Martha, and son, Milton, attended the banquet of the Motion Picture Owners of America at the Bellevue Tuesday evening.

The Tacony-Palmyra Ferry essay contest closed yesterday and all the papers have been submitted to the judges. It is expected that the winners will be announced in a week or ten days.

The Field Club tennis committee expects to have six courts in use this season and plans are actively under way to raise the wherewithal to canvass for new tennis members is also underway.

The big advertising signs on the Masonic Association's lot at Broad and Maple avenue were taken down this week. The Association thus sacrifices considerable revenue for the sake of beautifying the town.

Through the efforts of Freeholder Rogers, the Public Service has repaired the paving on its tracks east of the Palmyra station and is also working on the situation in front of the Broad Street Garage and just west of Riverton station.

Mr. and Mrs. Clement Haas, Jr., of Berkeley Hall, had as their guests on Sunday Mr. and Mrs. Lovitt and Mrs. J. Haggerty, of Mount Vernon, N. Y., and Mrs. T. V. Blackburn, William Blackburn and William Daley, of Merchantville, and Miss Kathryn Barrett, of Camden.

The monthly meeting and thimble party of the Philathea class will be held at the home of Mrs. Theo. A. Morris, 739 Garfield avenue, at 2:30 Thursday afternoon, the 31st.

The hostesses will be Mrs. E. Moffitt, Mrs. J. H. Abdill, Mrs. A. P. Lore, Mrs. J. W. Curry, Mrs. Charles Snyder.

Miss Miriam Clark, daughter of Mr. and Mrs. Perry C. Clark, has been coming to the front rapidly as a movie star and has been offered a leading role with the Ince Company. She has just completed a picture in which she appeared with Louise Glaum. Miss Clark is at Los Angeles.

Miss Florence R. Cramer, who has been appointed local representative of the Civil Service Commission, announces that an examination will be held on April 9th for the position of initial clerk carrier in the Palmyra office. Application blanks for this examination, and instructions, may be obtained from Miss Cramer.

Freeholder Rogers attended a meeting of the Burlington, Ocean and Monmouth County boards at Lakewood Thursday to consider a plan for building an improved road from Mt. Holly to Freehold. The Freeholders also inspected the new jail at Toms River, in view of the movement to provide a new jail for Mt. Holly.

One thousand candidates from 94 lodges will be inducted into the mysteries of Odd Fellowship during the special session for degree work to be held in the Third Regiment Armory at Camden on the night of April 30, when the South Jersey contingent of the order gathers to see the exemplification of the degrees by the degree staff of Eden Lodge, No. 34, of Wilmington, Del. It is expected that fully six thousand members of the order will be in attendance.

Easter Music at Epworth Church. The choir of Epworth M. E. Church, Palmyra, will render the sacred cantata, "The Dawn of the Kingdom," by J. Truman Wolcott, on Sunday evening, March 27, at 7:30. Mr. E. A. Robinson, chorister; Miss Marian Robinson, organist; Augustus L. Wilson, tenor; Howard W. Dillon, baritone; Mrs. Augustus L. Wilson, soprano; Mrs. R. S. Rivers, contralto. —adv

Apply for Your Bonus. Payment of the State bonus is expected to begin about July 1st, and applications are to be collected by the various Legion Posts at once. Applications will be received at Post Rodgers three nights next week, Monday, Wednesday and Friday.

The applicant must have his discharge with serial number upon it, and the application must be signed by two witnesses who knew the soldier at the time of enlistment (not relatives).

If soldiers fail to apply by April 1st they will have to fight it out with the State by themselves. Applications and discharge papers may be mailed to Maurice Allen, if applicant is unable to come himself.

Back-Anderson. A pretty home wedding took place last Friday at the residence of Mrs. Adeline Anderson, 125 East Crawford Avenue, Connelville, Pa., when her daughter, Miss Elizabeth, became the bride of Mr. Forde C. West, son of Mr. and Mrs. William Harry Back, of Morgan and Bank avenue, Palmyra.

Mr. Back is a veteran of the World War. He served in the 3rd Brigade Headquarters detachment of the 24th or Iron Division under Brig. Gen. William O. Price. He is superintendent of the Citizens' Water Company of Connelville, Pa., where the happy couple will make their future home.

Many Visit New Ferry Site

Interest in the proposed new ferry was evidenced last Sunday by the large number of automobiles passing Bank and Cinnaminson avenues, Palmyra, several with New York license, and quite a number with Philadelphia tags. It is estimated that at least 500 machines passed there during the day, the occupants evincing the greatest interest in the project, and judging from the many questions asked the Ferry Company's representatives, indicated a great desire to have the work expedited, so that they could avail themselves of this new and quick route to the beauties of upper Philadelphia. One strange feature was the large proportion of cars from towns in the interior of the county; Moorestown and Merchantville being better represented than the local towns.

A singular fact in relation to the Tacony-Palmyra Ferry Co., is that it revives an old route from New Jersey to Philadelphia, for the old Ambler and Conestoga rivers, which carried their New York passengers to Bordentown by train service, then they embarked on a steamboat and went almost directly opposite to Cinnaminson, on the Philadelphia side, continuing their journey to Philadelphia and the South by train. In fact, at one time all passengers from New York by train, went over this route, prior to the completion of the New York division of the Pennsylvania railroad.

Percy Peal and several gentlemen representing the Ferry Company will be in attendance this Sunday and will deem it a pleasure to answer all questions as to the purpose of the Company.

Those visiting the site should note in the picture of the New Jersey Terminal building that will be shown there, the style of architecture adopted by the company, and the public, we think, will be convinced that the Ferry Company will make the greatest endeavor to have this terminal not only useful, but ornamental as well.

Tacony-Palmyra Ferry Co.,
Charles A. Wright,
Executive Com.

Y. W. C. A.

The "living monies" have been postponed until April 12th when the Beverly Branch will be entertained. There are a few vacancies in the new millinery class, and any girl wishing to be placed, notify Miss Rachel M. Reed, Riverton, before April 6th.

The layettes for the district nurse are finished, and will be packed at the next meeting.

Mrs. Roy Heister will teach the girls how to make most attractive necklaces out of sealing wax. Everybody welcome.

DEATHS.

Mrs. Anna C. Sailer.

Mrs. Anna C. Sailer, widow of the late Washington Sailer, died Tuesday morning at the home of her daughter, Mrs. Isabel Hemple, Broad and Washington avenue, Palmyra, in her 76th year. Mrs. Sailer had been ill for nearly a month. The funeral was held at 10:30 a. m. at the home of her daughter, Mrs. E. A. Robinson officiating, with interment at Clarksboro.

All of Mrs. Sailer's children were at her bedside when she died, although one had come from Canada. In addition to Mrs. Hemple, they are: Harry Sailer, Toronto; Mrs. Edward A. Groves, Jr., Germantown; Mrs. Leon Neff, Philadelphia, and Miss Jane Sailer, Germantown.

Mrs. Mary McKnight.

Mrs. Mary McKnight, widow of the late David McKnight and mother of David McKnight, Jr., of lower Garfield avenue, Palmyra, died Sunday at her home, 17th and Fitzwater streets, Philadelphia, at the age of 84. The funeral was held Wednesday.

Miss Bessie Evald.

Miss Bessie Evald, daughter of Mrs. Laura Heppard Evald and the late Abram T. Evald, died early Sunday morning at her mother's home, 333 Berkeley avenue, Palmyra, after an illness of nearly two years. The funeral was held Wednesday afternoon with interment in Morgan cemetery. The Rev. E. A. Robinson officiated. Mrs. Gertrude Hardaker sang.

Julius Sircoulon.

Julius Sircoulon died suddenly Thursday morning at his home, 327 Berkeley avenue, Palmyra. He was 60 years old and leaves a widow and four grown children.

K. G. E.

Palmyra was represented at the district meeting by Sir Knights Horner, Coles, Given and Reeves. The meeting was held in New Jersey Castle of Mount Holly, March 15th, and was well attended. Every Castle in the district was represented. Many matters of interest were transacted. The next meeting will be held on April 28th, and we will go in Cole's auto truck. Come out with us and enjoy the meeting.

Notes from Five Points.

Mrs. Charles Shaffer, who has been confined to her room for several weeks, is convalescing.

Miss Grace Bauer, daughter of John Bauer, who has had the scarlet fever, expects to be out of quarantine shortly.

During the week from Palm Sunday until Easter, services were held every evening at the Moravian Church. On Easter Sunday the sunrise services will be held in the cemetery at 5:40 a. m., followed by the main Easter service at 10:30. At 7:30 in the evening the choir will give its Easter Cantata, "The Risen King." The choir will also help out with all the Easter services. —adv

P. O. S. of A.

Camp 23 will entertain the members in the camp room next Monday evening with a moving picture lecture. A very remarkable picture, which has been shown in all the large cities of the country, will be shown. The Camp is very fortunate to have secured this attraction and it has only been possible through the efforts of H. W. Homer, the representative of the J. C. S., and your 1000 membership committee.

Our committee has withheld having any other entertainment during March, as we wished to have something at the interest of the members. Mr. Homer will also have the school staff of entertainers with him. Prominent among these is Mrs. Muriel Ross, of Burlington, N. J. This entertainment recently made a great hit at Camp Dix.

The Camp is doing good work, taking new members into the order every month. The 1,000 membership committee will have an entertainment each month. Come out Monday and hear what we will have for you next month.

LESLIE REEVES, Secretary.
