Pastor, Central Bible in the Wood
Bible Institute of Chicago.
(C. 121, Western Newspaper Union.)

LESSON FOR SEPTEMBER 4

FROM PHILIPPI TO ATHENS.

LESSON TEXT—Acts 16:19; 17:1-18:1.
GOLDEN TEXT—The angel of the Lord
compasseth round about them that fear
him, and delivereth them.—Psalm 34:7.

REFERENCE MATERIAL—I and II
Thess.

PRIMARY TOPIC—God Takes Care of
Paul and Silas.

JUNIOR TOPIC—A Midnight Experience
in Philippi.

INTERMEDIATE AND SENIOR TOPIC
Courage in the Face of Persecution.

YOUNG PEOPLE AND ADULT TOPIC
—Preaching with Persecution.

1. Paul and Silas in Jail (vv. 18-25).
2. The earthquake (vv. 26-31).

3. Their deliverance (v. 32).
4. The conversion of the jailer (vv. 33-34).

5. The earthquake brought fear upon
the magistrates. They gave leave for
the prisoners to go, but now they re-
fuse to go, claiming that their rights
as Roman citizens have been violated,
and demand a public vindication. Paul
was willing to suffer for Christ's sake,
but he used the occasion to show them
that persecuting men who preach the
gospel is an offense against the law
of God and man.

6. The earthquake brought fear upon

Sunday morning Mrs. Frederick M. Price, of Philadelphia, president of the National convention in Cleveland, will give the address.

Have Valuable Seed Collections.
Probably the choicest and most valuable seeds in the world are those possessed by the fathers of Hohen. In many cases they are very old and have been kept for centuries in one family. A rich collection may possess a collection of old seeds worth many thousands of dollars.

Big Time at Bank Opening

Interest shown by the public in the new Palmyra Bank on the day of the formal opening of its new building satisfied the officers and directors to their hearts' content.

More than 3,000 people, it is estimated, passed through the new building in the hours between three and ten. From seven o'clock on the incoming visitors jammed the doorway and marched in an unbroken procession through the offices.

As they entered the building the visitors were greeted by the officers and directors and were then shown the massive vault and other objects of interest on the first floor, after which they passed down the stairway to the basement where refreshments were served. Exit was made by the basement stairway.

The visitors included many prominent personages and office holders of the county, Sheriff Flagg, State Senator White, Freeholders Stout and Haines, as well as several candidates for office.

Beautiful bouquets were much in evidence, having been sent by the Cinnaminson National Bank, of Riverton; Riverside Trust Company; Irving National Bank, of New York; George A. Stroble, of Riverton; Harry Mills, Theo. L. Morris and Pennell Cooper, of Palmyra. A large American flag, blown by an electric fan, graced the top of the vault.

The furniture of the new building was supplied by Robt. B. Shollenberger, of New York; the vault equipment by the New York Safe and Lock Co.; the electric burglar alarm by the Duplex Electrical Co., of New York; the electric fixtures by Robert C. Bittling, of Palmyra; the wiring by M. R. Blackwell, of Palmyra. The architect was Edgar Shiner, of Palmyra; the builder, Hugh J. Miller, of Edgewater Park. The interior plan was made by the president, William T. J. Purnell, and the cashier, Paul H. Powers. The catering was done by Oliver Johnson, of Riverton.

The bank began doing business in its new quarters Monday. The officers and personnel of the new bank are: William T. J. Purnell, president; Thomas Edward Steele, vice president; Paul H. Powers, cashier; Harvey G. Fisher, teller and bookkeeper, and Mrs. Jane Albright, stenographer.

Plan "Biggest Ever" Old Home Day
The general committee for Palmyra's old home day met in the Legion headquarters Tuesday evening under the chairmanship of George M. Wimer, head of the executive committee.

After various committees had made their reports and given an estimate of the funds required, it was decided that less than \$1,500 would be needed. The general idea was that a few hundred dollars should not be allowed to stand in the way of doing the thing right, and no one doubted that the citizens and business men would all be liberal in their contributions, considering what it means to the town.

The invitation committee, George J. Spencer, chairman, again calls upon citizens to turn in names and addresses of former residents. About 700 are now listed, from as near as Riverton and as far away as Japan. The list cannot be too big.

J. H. Abdill, chairman of the committee on music and decoration, reported that arrangements were being made to decorate Broad street with bunting, festoons, pennants and other devices, including additional arc lights. A request has been made to the Pennsylvania railroad that it bear the expense of decorating the station, which will be right in the centre of things.

The attention of the railroad was also called to the big increase in traffic for Palmyra on the big day, October 1st. The fireworks display, to be held at Broad and Garfield, is expected to be of unrivaled magnificence.

A badge with the word "Guest" on the button, and a two-color ribbon with the wording "Palmyra Old Home Day, October 1," will be given each visitor.

A girls' committee is making special arrangements to entertain the visiting children. The finance committee will get busy at once. It is composed as follows: J. Horace Finney, chairman; Harry Nichols, George Davies, Mrs. John C. Hoepfner, Mrs. Nathan Wallace, Mrs. Lillian Killian, Fred Schroepfer, Gordon Baxter, George E. Reber, William F. Letford, W. D. Twing, and Albert N. Stewart, treasurer and member for executive board.

The William Morris Fred Scherby, McCready, Norman Shriver, Wilmer Roberts, Joseph Tees, Donald Knowlton, J. P. Sandoz, William Wunning, Herman Dietz, Russell Hammelman, Walter J. Hunt, Raymond Haines, and others.

Palmyra Lad Drowned
Norman Spencer, the 14-year-old son of George J. Spencer, township clerk of Palmyra, was drowned while swimming in the river at the foot of Penn street. Young Spencer was swimming near Florence Rhoads, also of Palmyra, when he suddenly disappeared beneath the surface. Miss Rhoads tried to rescue him, but she seemed to be a dead weight and she was unable to keep him afloat. The commotion attracted the attention of several boys who were nearby, and William Fausch helped Miss Rhoads ashore. She was about exhausted, but as soon as she could speak, she told of the disappearance of her companion. Cooper Thompson located the body and brought it ashore in a very few minutes. Dr. Rogers and others tried in vain to resuscitate the lad, and it was thought that death was caused by heart failure. The palmtree which is a part of the equipment of the fire company, was used, but it did not seem to function properly.

Norman was a fine, manly little chap, and his untimely end was a great shock to his many friends.

Funeral services, conducted by Rev. D. A. Parce, will take place from his home, Pennsylvania avenue, tomorrow (Saturday) at 3 o'clock. Interment will be in Morgan cemetery, Palmyra.

Notes From Five Points
Mr. and Mrs. David Brown and family, of Wissahickon, spent Sunday with Mr. and Mrs. George Dorworth. A. E. Eichfeld has rented his farm on a five year lease and intends to move to Philadelphia.

Mrs. N. Hoyer, of Philadelphia, and her daughter, Mrs. William Stroble, of Coopersburg, Pa., visited her old home at Westfield on Wednesday. Mrs. Hoyer lived in these parts thirty-three years ago and has since then spent a number of years in the Canadian West and Ohio. She is now 85 years old, and will be remembered by the old residents.

The Willow Workers of the Moravian Church held their annual picnic on the farm of Walter Bauer, near Burlington.

Good old honest hard work is a true friend in hard times.

WYNOCOTE HERO BURIED

Body of Paul A. Jordan Buried at Jersey City. Brother of A. Q. Jordan, of Riverton.

Loving tribute and great military honors attended the funeral on Thursday, August 11, 1921, of the late Private Paul A. Jordan, who was killed in the Argonne Forest in France, on September 28, 1918.

The floral offerings were numerous and beautiful, the parlor where his body lay in state being a literal garden of flowers.

Led by members of the Jos. S. Winn Post 260, Veterans of Foreign Wars, of Brooklyn, under Commanders John McAllister and Geo. R. Gage; Capt. Fluke Post and James P. McGovern Post American Legion, both of Jersey City; and Jersey City Firing Squad in charge of Sergeant Sir Thomas Hynes, who was decorated and knighted by the King of Belgium, the Cortege left the dead soldier's sister's home at 177 Sixteenth street, Brooklyn, N. Y., and proceeded to St. Peter's Roman Catholic Church, Jersey City, where a solemn High Mass of Requiem was offered for the happy repose of his soul.

After the Mass the Military escort joined by delegates of the Coates-Jordan Post of Jenkintown, Pa., accompanied the body to Holy Name cemetery.

The Coates-Jordan Post was represented by post adjutant Thomas J. Barry and by their chaplain, Rev. Harry M. Gorton, who conducted the burial services at the grave, assisted by Capt. Hayes and Sgt. Kuntz of the Capt. Fluke Post, The Jersey City Firing Squad fired three volleys over the grave and a bugler (Brooklyn Navy Yard's band) sounded the remains were laid to rest in the family plot beside his mother and father.

Paul Jordan was born in Jersey City, and was baptised at St. Peter's Church there. All his family attended St. Peter's School and College, his grandparents being among the pioneer parishioners of the parish, and his family one of the oldest and best known in Jersey City.

At the age of five years he went to live with the Conahan family of Wynocote, Pa. He remained in Wynocote until he was called to war in May 1918, when he departed for Camp Meade and was attached to Co. A, 314th Inf., 79th Div. He was one of the most popular young men of Wynocote and was employed by the Midvale Steel Co.

The deceased is survived by two sisters, Helen and Marcella, and three brothers, Alphonsus, John and Benedict. —Advertisement.

To Supply New Phones
The telephone company is taking steps to install a new cable to supply the southeastern section of Palmyra with additional telephones. In the last few months there have been nearly thirty applications which the company has not been able to fill because all its available lines have been filled up.

The main obstacle now is obtaining a right of way for new poles. The company is trying to get property owners along the south side of Broad street to consent to the placing of poles inside the curbs so that it can remove its lines from the Lippincott strip next to the railroad, but some of the property owners have refused. Owing to the delay occasioned by this difficulty it may not be till November that the new phones will be available. The operation will cost \$35,000.

No, They're All Alike! But—
"No, I don't want another fountain pen! I have five or six now, and not one of them will work when I want it."

But he tried "the pen with the little pump handle." He was puzzled about the feed, he examined the construction and how it was filled, and then—
Well, we can and your fountain pen troubles, too!

There is a pen that just fits your hand at The New Era office. You take no risk. Select the one you like, use it for thirty days.

Then if you are not entirely satisfied, exchange it for another or get your money back. Only a good pen is backed by a guarantee like that. And the DuPen pen is a good pen! —Advertisement.

NEW BOND BILL IS EXPLAINED

Chairman Hammond Explains Provisions of Institutional Bond Bill

STATE DENTISTRY LICENSEES

City of Newark Denies Right of State to Water License Fee—State Civil Service Examinations Seen

Trenton.—Orde H. Hammond, chairman of the state board of control, department of institutions and agencies, writes explaining the provisions of the institutional construction bond bill to be submitted to the voters next November and submitting arguments in its favor. He says:

"If the majority of the people approve this bill at the November 8 election of this year they will not thereby authorize the state board or the state department of institutions and agencies to do more than to make application to the State House Commission from time to time to authorize an issue of bonds and to the legislature from time to time to authorize the acquisition of sites for institutional construction. The bill authorizes the State House Commission to issue bonds in its discretion and that only for the purpose specifically mentioned—namely, not in excess of \$10,153,970 for the construction of additions and improvements to the 15 existing institutions and not to exceed \$3,946,125 for five new institutions. This means that the state board and the department of institutions and agencies can do nothing under this law unless the State House Commission, consisting of the governor, the comptroller and the state treasurer, and the legislature approve in the particular case mentioned. It is our judgment that the concentration of this wide authority in the hands of the members of the State House Commission will have the effect of reducing the power and discretion of this board in determining upon sites and institutional construction. The state board and the department are willing to put themselves in this position because we are convinced that it is the only proper businesslike and economically effective thing to do.

"Governor Edwards last year referred the matter to the Appropriations Committee, which postponed action pending consideration of the tunnel and soldiers' bonus bond bills. This year the governor referred the matter to a special commission. The institutional bond bill is the result, which was approved not only by this special commission, created not only by this special commission created to consider it, but also by the Appropriations Committee, of which Senator Arthur Whitney is chairman, and was later approved by the legislature and by the governor. All the facts were laid before these various state officials in every detail, including an estimate of the annual cost of operating not only existing institutions, but all institutions to be built from time to time with the proceeds of the fourteen millions, and in making these estimates our board added 25 per cent to the inordinately high prices prevailing during the year 1920. Competent financial authorities who have carefully studied this bill have pronounced it the best they have ever read. Instead of giving any opportunity for extravagance it goes as far as eliminating any chance of extravagance as is possible.

"Instead of calling for an immediate increase in the state budget the interest on all bonds and a sinking fund sufficient to pay off the principal at maturity can be financed at about \$600,000 less than the average amount which has been appropriated for new construction and additions to institutions during each of the last three years. Moreover, the total estimated operating expenses are well within the financial possibilities of the state without any change in its tax policy or the basis of raising revenues. As a further safeguard, at the suggestion of Comptroller Eugene the bill provides that \$800,000 shall be set aside each year up to and including 1923 as a surplus interest and sinking fund reserve, so that at no time will it be necessary to set aside more than \$850,000 for these purposes, so that during the first few years when it is anticipated the annual budget will contain at least \$1,200,000 less for institutional purposes than it has during any of the last three years the legislature cannot be tempted to start all sorts of new activities by utilizing the initial savings of the new plan for that purpose."

Chairman Hammond insists that in view of these facts there is no reason why any taxpayer should refuse to vote for the measure leaving the details of its operation to present and future governors, comptrollers, state treasurers and members of the legislature.

New State Police Report
Colonel H. Norman Schwarzkopf, chief of the New Jersey state police, sent out telegrams notifying about fifteen of the candidates who qualified in the entrance examinations for the constabulary to report at Sea Girt. Colonel Schwarzkopf stated at his home he had not decided upon the men who would make up the preliminary quota because considerable work remained to be done on the selection. It was possible, he said, that the complete list of successful candidates would not be made up until later, but it was hoped to have the full number of 120 on hand at Sea Girt by Thursday.

The men selected to report with the first contingent at the camp will include several of the constabulary's new officers and will immediately begin to put things in shape for the arrival of the remainder. The first stages of the rigorous training program mapped out will start immediately after the arrival of the main body and will include long hikes, increasing in distance each day until the requirement of five miles has been reached.

A full schedule of physical exercises will be instituted in order to get the men into the pink of condition. Mounted work and "monkey drills" on horses will be included. Colonel Schwarzkopf said he would be on the ground to receive the arrivals, but that for the first few days the business of getting details

of the organization straightened out would necessitate his spending much time between Trenton, Sea Girt and Newark.

Refuses State Water Fee
Denying the right of the state, acting for the State Board of Conservation and Development, to assess Newark a license fee of \$1 per million gallons of water in excess of a daily free allowance of 38,241,686 gallons, from the Pequannock river, the city, through Corporation Counsel Congleton, has filed with the clerk of the supreme court at Trenton its answer to a suit to recover an amount estimated at about \$25,000 and which also involves payment of a daily fee for excess water in perpetuity.

In the action at law, which is similar to proceedings instituted against Jersey City and Trenton, which resulted in judgments entered on behalf of the state in both cases, argument will be offered before Justice Trenchard at Trenton. Mr. Congleton will be assisted by Assistant Corporation Counsel Wolter and by Robert H. McCarter of Newark.

Mr. McCarter will appear as special counsel for the city in view of the circumstances that as attorney general he gave a ruling to the State Water Supply Commission, which had authority over the waters of the state in 1908 that the commission had no right in law to collect the license fee for excess consumption of water in view of Newark's contract with the East Jersey Water Company and the Lehigh Valley railroad for diverting to the city's use a supply of 50,000,000 gallons daily.

As this matter hinges entirely upon the questions involved in the city's contract for that amount daily, the law department decided to solicit Mr. McCarter's services as special counsel.

Dentistry Licensees
Many individuals, as well as corporations with large organizations of employees in the insurance, financial, railroad or other public utilities, as well as merchants and commercial houses generally, are interested in knowing from time to time the names and residences and office localities of those who have been licensed to practice in New Jersey by the State Board of Registration and Examination in Dentistry. A list of recent licensees of the state board is given herewith as a matter of general information; all the cities and towns named being in New Jersey except the few otherwise indicated:

Big Passenger Loss
Loss of between 25 and 50 per cent of its transfer passengers since the 5-cent charge for transfers went into effect will be reported to the United States district court at Trenton by the Public Service railway when its report of revenues is filed September 7 preparatory to the hearing scheduled for September 14.

Constantly increasing ratio has been shown in the decline in transfer riders, according to company officials, since August 4, when the 5-cent transfer charge became effective. Transfer riders fell off 12 per cent the first day of the increase, and the loss increased daily until on a recent Sunday it reached 45 per cent. This day was rainy, however, and all revenue sources were poor.

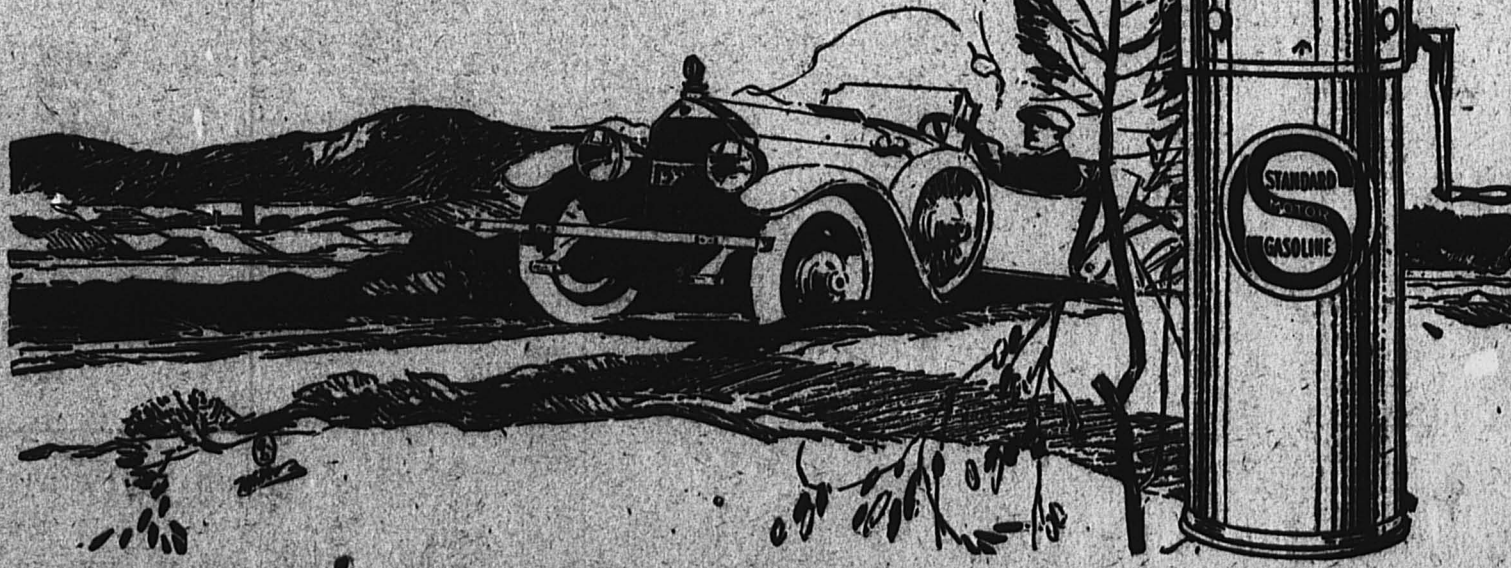

Seven Ills—One Cause

WHEN your motor is sick, find the reason. If it develops any of the symptoms listed below it is probable that you have been using the wrong gasoline:

- 1 Frequent overheating.
- 2 Pitted valve seats (carbon).
- 3 Uneven running—caused by cylinders missing.
- 4 Dilution of the lubricating oil in the crank-case.
- 5 Necessity for frequent carburetor adjustment.
- 6 Vile odor of the exhaust gases—caused by incomplete combustion or waste power.
- 7 Spark plugs fouled by incomplete combustion.

Using "Standard" Motor Gasoline alone will go far toward correcting these difficulties. This improved motor fuel burns quickly and cleanly; it delivers maximum power. It is the best you can buy—and it costs no more. All power and lots of it.

STANDARD OIL COMPANY
(New Jersey)

could not be reached through the State courts within probably two years. On the other hand, the step taken by the company is under a law which provides for a speedy determination of the issue by the special tribunal of three judges with a direct appeal, if desired, to the United States Supreme Court. This not only saves time but the Federal Court has the power to determine the true value of the property, a function not given the State courts.

In the bill filed the company asserts that the utility board "arbitrarily declared the present value of plaintiff's property to be \$2,000,000, reaching that sum partly by using pre-war prices of material and rates of wages, partly by ignoring elements of plaintiff's property..." and in part by making arbitrary reductions in the value of those parts of the property which were not totally ignored. Supporting in part this assertion, figures in the utility board's report are cited to show that what the board declared to be the historical cost of the railway property in December 1920 was ignored and a figure \$3,750,000 less was taken as the physical value. Stress is made in part of the affidavit filed that the board failed to allow the value for land that its own report declared the land to be worth and another affidavit sets forth that instead of providing \$715,000 a year as the board estimates, the extra penny for a transfer will produce only approximately half that sum.

Notice
All readers or local notices of entertainments, suppers, fairs, dances, etc., given for the purpose of raising money, or for which admission is charged, will be charged for at the rate of fifteen cents a line.

Notice to Parents
Dr. H. L. Rogers, assistant medical inspector of the Riverton public school, has advised Miss Hannah H. Chew, the supervising principal, to refuse admittance to school opens next Monday, to all children coming from homes where whooping-cough exists. Parents will please take notice. Under the law children having whooping-cough are not allowed in stores or other public places of congregation and there is a penalty of \$50 fine for physicians or parents who fail to report cases of whooping-cough to the board of health.

Football
The Riverton football team has had two meetings in the last week and about twenty-five candidates have come out for the team, most of whom played last season. Arrangements have also been made to start work on getting the field put in playing condition. The field they expect to use is located on Lippincott avenue between Harrison and Seventh street, and they hope to play on it either the first or second Saturday in October. They are also making arrangements to have all the players insured against accident, and will order their uniforms before the end of the week. The first practice will be held Tuesday evening, September 13, and the management requests all candidates to be on hand.

Signal practice Tuesday evening, September 13. Candidates for Riverton football team try and make it a point to be present.

Full Crop of Candidates
The following candidates for State and county offices have filed their petitions with the county clerk, and their names will appear on the primary ballot in the following order:
For Surrogate—1, Carleton Haines; 2, William H. Heister, Jr.; 3, Evan E. Bennett; 4, Michael E. Matlack; 5, Blanchard H. White. For Freeholder—1, Charles A. Lane; 2, Fred Lippincott; 3, Anton Sackard; 4, Charles Turner; 5, Edward Haink; 6, Charles W. Tilton; 7, Howard Russ. For Assembly—1, Clifford R. Powell; 2, Robert B. Glasgow; 3, Howard Jarrett. There was only one petition filed for State Senator, that being for Emma Roberts. There was also only one petition for Coroner, J. Elden Ridgway, who is the borough clerk of Pemberton. The Democrats signified no disposition to get into a fight over the nomination, and there will be no intra-party contests over the county offices.

MARRIED.

On Sunday evening, September 4th, Miss Katherine MacDonald of Riverton, became the bride of Mr. Wilbur Bard, son of Mr. Hilda Bard, of Linden avenue. The attendants were Mr. and Mrs. John Ford, of Riverton. The ceremony was performed in the Rectory of Sacred Heart Church, by the Rev. Joseph A. Rigney. Mr. and Mrs. Bard will make their home for the present with his mother, on Linden avenue.

Miss Elizabeth Hullings, of Riverton, and Mr. Benjamin Goss of Camden, were married on Saturday, September 3rd. The wedding took place at the home of Mr. Goss's sister, Mrs. Philip Sander, in the Lyndhurst apartment house, 16th and Green streets, Philadelphia. After a wedding trip, Mr. and Mrs. Goss will make their home at 427 Grant street, Camden.

At Burlington County Hospital last month fifty-seven patients were admitted, fifty-one discharged, four died and twenty-one remained. During the month fourteen cases of typhoid were treated, one of which resulted fatally. Forty-one operations were performed. A charity ball will be given for the benefit of this institution in the gymnasium at Camp Dix on September 29th.

The 26th U. S. Infantry regiment, Camp Dix, was sent, with troops from other camps, to West Virginia, Friday, to quell the riots and disorders in the coal regions of that state. The military forces totaled 2,100 men, and were provided with airplanes, machine guns, howitzers, radio and headquarters machinery, gas-pumpers, specialists in gas warfare, as well as rifles, and revolvers. Soon after arriving a number of arrests were made, mobs quickly dispersed, and order restored. Another Camp Dix regiment was ready to entrain, but its services will not be required.

New Fire Truck Recommended

At the meeting of the borough council last night the special committee on a pumper fire engine reported that it recommended a truck with a rotary pump of 750 gallons capacity, gasoline driven, which would cost about \$12,500, with approximately \$500 additional for new hose. The committee further recommended that the present fire house be enlarged to provide housing for the new apparatus. The clerk was instructed to advertise for bids for such a truck to conform to specifications on file at the clerk's office.

The chairman of the light committee reported that an order had been placed with the Public Service for three incandescent lights on Maple lane, between Broad and Fourth. The committee on the memorial athletic field for the soldiers reported that advice had been received from the borough attorney that notwithstanding the heirs of the Dreer property (a portion of which is desired for the purpose) are rididly scattered, a clear title can be obtained. The necessary searches are now being made and maps drawn, preparatory to instituting condemnation proceedings, as directed at a recent meeting of the borough council.

A letter was read from Solicitor Reed advising that Riverton undoubtedly had a right in the natural water-course through Palmyra, and that it should be kept open for surface drainage, the cost to be shared by the two municipalities using it. It was reported that the weeds had already been cut down, but that the capacity of this ditch was greatly diminished by small pipes which had been laid under the streets crossing it in Palmyra, and the matter was referred to the highway committee to confer with the township committee as to what could be done to remedy this condition. The attorney further said that it appeared from plans and deeds that Bank avenue had been dedicated to public use, and that the township committee should accept the street at its option. On motion of Mr. Geiss the subject was referred to the highway committee to confer with the attorney to the end of taking over this highway and making it one of the borough streets.

The Mayor appointed Mrs. Edward K. Merrill and Mrs. Walter L. Bowen to fill the vacancies on the board of health occasioned by the resignation of E. C. Stoughton and Dr. S. W. Collin. The terms of the new appointees will expire the first of the year.

Daniel Fraser, of New Albany, was given a hearing before Mayor S. Howard Troth on Thursday and fined \$15 for speeding on Broad street on August 13. Officer Miller made the complaint.

Tuberculosis Exhibit at Fair

The Burlington County Tuberculosis League will be found in building number one at the Riverton Fair. A carefully planned exhibit will be displayed and information and literature supplied by members of the League. On Tuesday evening the League will provide a singing program. The screen will be located in front of the grand stand and visible from the large enclosure immediately near as well as from the grand stand. The reels include the picture of the patient given at the fair meeting in May, and the institutions of the State; another called "Our Children" has a very happy story and "Jinks" is full of humor. The League will also join with the Burlington County hospital in providing an emergency hospital tent with service of nurse.

Cinnaminson National Bank Increases Its Capital Stock

At a special meeting of the stockholders of the Cinnaminson National Bank held at the bank building on September 1, 1921, the capital stock was increased from \$50,000 to \$100,000. Under a law recently passed a National bank, providing its capital stock is \$100,000 may secure authorization from the comptroller of the currency at Washington to transact the business of a trust company, and act as an executor, administrator, trustee, guardian, etc., in addition to that of banking. This combined with the present banking business will enable it to serve the people in this community and at the same time continue as a National bank. Now that this law is in effect there will be no occasion for converting a National bank into a trust company. With a capital of \$100,000 and surplus and undivided profits approximately \$100,000 together with the excellent standing of the institution, the Cinnaminson National Bank is one of the strongest in the county.

An up-to-date burglar alarm system has recently been installed, also heavy iron safes in front of its safe deposit boxes which gives additional protection in case of a daylight hold-up.

It is the aim of the officers and directors of this bank to give the very best service and protection to its customers.

Employment

Nothing ties a foreign-born workman to a town or a job as much as a house to live in and a trust, never to work. It is a wholly American thing that the foreign-born love sheds and barracks and boarders. Many of them buy lots at the first opportunity, but they have not the money to build houses except on really easy terms.—Boston Herald-Light.

Announcement
In announcing my candidacy for the office of Mayor of the Borough of Riverton I may be timely and proper to state that this Young Republican movement was inaugurated through a discussion by a few friends a few weeks back on the question of increased taxation and costs in general. The trend of the debate seemed to indicate, and in fact one gentleman stated rather tersely, that if our Young Men would pay a little less attention to their sports and a little more to Municipal, State and National matters, perhaps by a concerted and intelligent action on their part the conditions complained of if not remedied could at least be improved. For it is a well known maxim that the more intelligent interest shown in any project the more perfectly developed the project. Reasoning so, we firmly believe we are justified in asking the citizens' cooperation and support of our candidates, pledged as they are to economy and thorough publicity in Borough affairs.

Should I be chosen your Mayor, I will be the Mayor of all the people, administering the Borough affairs on a non-partisan basis with due regard paid to our Women voters, controlled by no faction or party, playing no favorites, owned by no man, and actuated solely by a desire to serve the Borough's interests with such fidelity and studious care that will merit such high esteem and approbation of the public as to fairly earn on my retirement from office the title "Good and Efficient Servant of the People."

RIVERTON AND PALMYRA N. J., FRIDAY, SEPTEMBER 9, 1921

Why Has the Memorial Park Not Been Secured?

In view of the fact that there has been considerable criticism of the governing body of the borough to the effect that the matter of the purchase of land for a memorial park and athletic field is not being pushed as rapidly as desired, it seems only fair to the present administration to make a brief review of the whole memorial question.

At the December, 1918, meeting of the borough council a resolution was adopted that the Mayor appoint a committee of council and citizens to devise plans for a suitable memorial to perpetuate the memory of those brave men from Riverton who gave their lives in the war for freedom. The members of this committee were Councilmen Atlee, Murray and Corner, and E. H. Flagg, Jr., Robert Biddle and J. Carl DeLaCour.

Shortly after the signing of the armistice our Mayor received an invitation from the Governor of our State to attend a conference of the heads of the various municipalities of the State to discuss the question of suitable memorials for the soldiers of the World War. Mayor Bennett attended this conference, and reported to Councils at its January, 1919, meeting, stating that the conference had recommended that memorials take the form of buildings, parks or institutions having useful value for the comfort and betterment of the community, rather than the conventional monument or tablet so generally used in the memory of the soldiers of our other wars. He also stated that the conference felt that it would be well for the municipalities to take the initiative in the matter.

The above committee, after a thorough study of the question, reached the conclusion that a memorial park and athletic field was our most appropriate memorial, and that a part of the Dreer property lying south of the railroad and bordering on Pompton creek was the best site. It could, however, that this land could not be purchased except by condemnation proceedings, the owners refusing even to name a price. It then made its report to Councils. This report, while acceptable to the Mayor and Councils, did not offer a good solution, as condemnation proceedings are long and expensive.

The Mayor being seriously in earnest in the matter, thought that some other solution might still be found, and in order to get at the real sentiment of our people appointed a large committee of representative citizens to reconsider the question. The committee was composed of Mrs. Murray C. Boyer, Mrs. N. Myers Fittler, Dr. Harry L. Rogers, H. H. Murray, Charles A. Wright, James S. Coale, Edward H. Flagg, Jr., Oliver G. Willits, Walter L. Bowen, George K. Clark, Datis Reed and William A. Hendrickson.

This committee held frequent meetings for several weeks, finally reaching the same conclusion as the first committee that a park and athletic field on the Dreer property was the ideal memorial. It so reported to the Mayor and Councils with the recommendation that this site be procured by condemnation if necessary. This committee also originated and carried out the plan of presenting rings to the boys who were in the service.

The Mayor then appointed a committee of three councilmen, Messrs. Murray, Atlee and Geiss, and three citizens, Messrs. Chas. A. Wright, Edward R. Williams and James Cunningham, to negotiate further with the owners of the desired site, so that, if possible, condemnation could be avoided. This committee made every effort to reach a satisfactory agreement, and succeeded in interviewing two of the most interested owners. In fact, at one time it felt quite hopeful of success as the representatives of the owners asked that a tentative offer be made, stating that it was believed that consideration would be given such an offer. This was immediately done, and after some weeks had elapsed, because of the widely scattered residences of the owners, a reply was received that they would not consider the sale of any of their property for the purposes for which the borough desired it. The committee then reported to the Mayor and Councils, strongly urging action on condemnation. On receipt of this report, Councils unanimously voted to condemn, and the Mayor appointed a committee composed of Councilmen Murray, Atlee and Davis to take charge of the matter with instructions to confer with our solicitor, and bring before Councils any matters on which it should be necessary for them to take action.

This has been done, and our solicitor is now engaged in the preparation of maps, descriptions, title searches, and other papers relating to condemnation proceedings. This work must be done thoroughly and carefully because the courts are, very properly, extremely critical of every detail, as condemnation is, in fact, taking by force of law the property of a private citizen for public use. In this the matter is further complicated by complicated ownership and entailment and widely scattered owners. In view of the conditions, very good progress is being made so that definite action by Councils in the actual proceedings will probably take place soon.

From this review it is clear that the Mayor has from the beginning had the very strongest kind of interest in the matter of a suitable memorial. The various committees appointed and the work done by them, together with his final definite decision to take one of the most difficult and expensive steps in the acquisition of public property is certainly evidence of his serious interest in the memorial. It seems to us that anything other than commendation is manifestly unjust.

RIVERTON REPUBLICAN CLUB.
Ordered and paid for by the Riverton Republican Club.

Why Is the "Primary" Election Important?

Many voters, both men and women, are prone to look upon the primary election as of little importance, as though it were a small sample of the "regular" election held in November. Remarks such as, "Oh, it's only the primary—I don't think I will bother to vote," are common.

In some ways and at certain times the so-called primary election is of vastly greater importance than the regular election. At all times it is the only opportunity the members of a party have to choose which of the aspiring candidates within the party shall carry the party banner in the regular election. After the decision of the primary has been made, the candidate so chosen is the only one that will appear on the ticket for that party at the November election. Independents sometimes run, it is true, but they seldom get very far. The thing to do, then, is to vote in the primary and see that the right candidates are selected.

In cases where the opposing political party has no candidate, as in the contest for mayor and councilmen in Riverton this year, the primary election is in fact the real election, for the men selected at that time, having no opposition; cannot fail of election in November.

To vote in the primary (as well as in the general election) it is necessary to be registered. A house-to-house canvass for the purpose of registering voters will be made by the local board of registry and election on Tuesday, September 13. If you are not at home, or for any other reason fail to get registered at that time, you will have another chance on primary election day, at which time you can be registered by applying to the election board at the polling places, and you will then be entitled to vote.

The editor will be very glad to have questions sent to the paper about any points concerning the election that are not clear. If he doesn't know the answer, he will find it. Answers will be published the same week the question is received, if possible. Have your query in by Wednesday morning. It will not be necessary to sign your name to the request for information, if you feel bashful about asking.

Bennett Supporters Organize

The Riverton Republican Club was reorganized Wednesday night to work for the re-election of Mayor Killam E. Bennett, Councilman G. Rex Showell, and Ralph L. Flower to take the place of William N. Mattis, who retires from council.

Robert Biddle was elected president and Fred P. Hemphill secretary and treasurer.

Mr. Biddle opened the meeting by giving a brief resume of the Bennett administration, and was followed by Councilmen Murray, Davis, Showell and Geiss, who spoke for the Mayor's ability as a business man in the administration of the borough's affairs as the presiding officer of the town's governing body.

Other brief addresses in favor of Mayor Bennett's re-election were made by Ross Elliott, Robert Ayres, E. C. Sullivan, L. A. Flanagan, Fred P. Hemphill, E. C. Stoughton, Ogden H. Mattis, H. C. Worrell and Ralph L. Flower, the new candidate for council.

Sheriff Flagg, who is a candidate for member of the county committee in the third district, sent a telephone message stating that he had just received word from the Attorney General that he was entitled to vote in Riverton, and added that the four votes in his household were pledged to Mayor Bennett. At the close of the meeting Mr. Bennett thanked those present for the kind things they had said about the administration, and the interest they were taking in his re-election. He suggested as a campaign slogan, "An honest, business administration."

In reply to an inquiry from one of those present as to what steps had been taken by council to secure an athletic field as a memorial to the soldiers, Councilman Murray gave a brief and concise history of the steps that had been taken from the time Mayor Bennett had suggested that a worthwhile memorial be secured in his message to council on New Year's day, 1919, down to the present.

Pine Program on Labor Day

The annual Labor Day regatta of the Riverton Yacht Club was held with an all-day program. In the morning the boat race between the sixteen footers was won by the Bush Brothers' boat sailed by Laddie Dickenson. The L. I. boats attempted a race but were unable to finish owing to the light wind. In the afternoon they had better luck and G. Rex Showell got first place, with F. W. Robertson second, and Ogden Mattis third.

Awards were made in the aquatic events in the afternoon as follows: Fancy diving—Francis Karins, first, 81 points; Miller second, 76 points; Parrish third, 70 points. Comic dives—Parrish 195, John Steedle 190, Lochowitz 175. Long distance swim, first class—John Brennan, Russell Miller, John Steedle. Course from Palmyra-Tacony ferry slip to Riverton pier. Long distance, second class—Giles Knight, Herbert Clark, Francis Karins.

50 yards, first class—Dick Clark, John Brennan, Russell Miller. 50 yards, second class—R. Fittler, Jack Naisby, Herbert Clark. Ladies 50 yards, first class—Harriet Holder, Catherine Steedle, Miss Wismer.

Girls 50 yards—Catherine Steedle, Helen McConnell, Edith Sullivan. Row boats, first class—Wagner, Steedle, Parrish. Row boats, second class—Clark, Fittler, Karins.

Accident to Fire Truck Narrowly Averted

A serious accident was narrowly averted Tuesday night during the run of the fire companies to a false alarm. The Riverton truck was coming past the station at a high rate of speed, when an auto was driven almost into its path despite the shouts of bystanders. The Riverton driver had apparently intended to take the left hand cut to avoid the bad turn at Cook's corner, but was forced to swerve quickly to the right hand side to escape hitting an auto. As the result he hardly had time to make the turn and the rear wheels ran over the curb at the corner. The truck careened violently but managed to keep its balance and continued its run down the street. It would be a good idea, in the absence of traffic officers, for citizens in such cases to take upon themselves the guarding of street corners and compel vehicles to halt till the fire trucks are past. Otherwise an accident may occur costing several lives.

Yacht Club's New Officers

At the annual election meeting of the Riverton Yacht Club held in the club house last Tuesday evening, quite a few changes took place in the management of the club. Commodore George W. Edwards declined re-election, which decision was accepted with sincere regret by all members present. A rising vote of thanks and appreciation was extended to the retiring commodore.

William H. Bower, a former well known resident of Riverton and a member of the Yacht Club for several decades and a well known yachtsman, was unanimously elected commodore of the club. It is certain that Commodore Bower will take an active part in the running of the club and its advancement and his election was hailed with delight.

D. L. Vaughan, the vice commodore, refused re-election and the honor was awarded to H. McIlvain Biddle, who is not only a yachtsman but an enthusiastic gunner, and is sure to see that the trapshooting section is well taken care of.

Rear Commodore Merrill, like his two predecessors, endeavored to refuse re-election, but he was over-ruled or one might say over-powered and the rear commodore went for another season to the popular yachting enthusiast.

The secretary-treasurership was unanimously bestowed on C. B. Durbow making his sixth consecutive term to this officership in the Riverton Yacht Club.

F. W. Robertson was again re-elected measurer and harbor master of the club. G. Rex Showell was re-elected fleet captain, finishing the election of officers and giving to the club a very efficient and promising officership, from which much is expected.

The finance and elective committee was elected as follows: William H. Baker, Jr., D. L. Vaughan, G. Rex Showell, Harry H. Watkins, Jr., and E. K. Merrill.

The regatta committee was elected as follows: R. W. Knight, F. W. Robertson and William H. Baker, Jr.

Each of the above named committees is to select their own chairman. The appointing of other chairman of the various committees was left to Commodore Bower, who at a special meeting of the club this Saturday evening will make the appointments, while the chairmen thus appointed will in turn appoint their own committees.

The club is looking forward with assurance to one of the best administrations it has ever had, and all the members are confident that the wish is to be realized.

The Visiting Nurse

The annual subscriptions for the support of the Visiting Nurses are now due. The budget for the coming year is \$5,000.00. It will be necessary for Riverton to subscribe \$1,500.00 of said sum. The committee is planning their annual fall house-to-house canvass to start at once, but they would greatly appreciate subscriptions sent in advance to Mrs. Oliver G. Willits, treasurer, 309 Bank avenue.

On behalf of the committee.

MARTHA McI. BIDDLE,
Chairman.

Riverton Country Club

On Labor Day the third match for the president's cup handicap was played with forty-five entries. The event was won by Irwin Collins, of Moorestown, with a score of 135, which is the best two rounds out of three played.

On Saturday, the 10th, a qualifying round for the club championship will be played.

Members of Election Boards

The personnel of the election boards in Riverton's three districts this year will be as follows:

First district—D. M. Clifton and Morris Steedle, Republican; Harry C. Rice and James McFarland, Democrat. Second district—Ogden Mattis, Jr., and John W. Carhart, Republican; Charles Fox and Robert Hullings, Democrat.

Third district—John C. Sager and Hilton M. Smith, Republican; James Elliott and James J. Flynn, Democrat.

Ferry Company Buys Boat

The Tacony-Palmyra Ferry Company has purchased the Atlantic City ferry boat from the Reading and negotiations are under way for another similar craft. The Atlantic City will be repaired and properly fitted up at a cost of about \$20,000.

Work on the bridge and piling on the New Jersey side will be started next week by Simpson, Brown & Company, to whom the contract was awarded.

Mount Holly Team Expelled from League

As the result of the facial baseball game here Labor Day in which a team of pick-up players were sent down to represent the Mount Holly Central League team against Palmyra, a meeting of the league was held at the county seat Tuesday evening under the presidency of Sheriff Plagg. It was learned that the real Mount Holly team had gone to Beach Haven for a game and vacation trip combined. The manager was said to have asked President Plagg last week if another team could not be substituted for the Palmyra game, but the Sheriff was firm and would not consent.

Mr. Plagg was greatly aroused over the affair and expressed himself freely. On the motion of Delanco, the Mount Holly club was duly expelled from the league and its forfeit ordered paid to Palmyra Field Club.

In one of the greatest baseball games ever witnessed on the local grounds and before a record breaking crowd, Palmyra Field Club last Saturday afternoon shut out the first half season champions of the Central Burlington County League, Delanco, by the score of 3-0.

Only in the eighth inning were any runs scored. From the start the game was a pitchers' battle, with Van Amburg hurling brilliant, steady ball for the locals, and Daugherty, somewhat erratic, performing for the visitors until the Field Club boys took his measure in the eighth and drove him from the box. Brilliant fielding on both sides backed up the work of the twirlers.

TRADE MARK

Mr. Edsel B. Ford, President of the Ford Motor Company, makes the following announcement:

"We recently made another reduction in the prices of Ford cars and the Ford truck. The new prices average \$70,000 under former prices, and are the lowest at which Ford cars and trucks have ever been sold. List prices, F. O. B. Detroit are now as follows:

"This is the third price cut during the past twelve months. On September 22, 1920, the price of the Ford touring car was reduced from \$575 to \$440; June 7th to \$415, and now to \$355, making total reductions in this type of \$220, or 38 per cent. The same proportionate reductions have been made in all other types. One year ago the price of the Ford sedan was \$975; today it lists at \$660 with the same equipment.

"We are taking advantage of every known economy in the manufacture of our products in order that we may give them to the public at the lowest possible price, and by doing that, we feel that we are doing the one big thing that will help this country into more prosperous times. People are interested in prices and are buying when prices are right.

"The production of Ford cars and trucks for August again broke all previous high records with the total reaching 117,696. This is the fourth consecutive month in which our output has gone over the hundred thousand mark, the total for the four months being 463,074, which has gone a long way in making possible the present reductions. June this year, with an output of 117,247, was the previous record month.

"One noteworthy feature of our sales is the increased demand for Ford trucks and cars for sale. This class of commercial business has been gradually increasing the past sixty days and we interpret it as a very good sign of improvement in general business.

"No reduction has been made in the price of the Fordson Tractor, and none is contemplated."

Go over these new prices! See how little it costs to become the owner of a Ford car or a Ford truck. Can you really afford to do without one any longer?

Let us tell you more about it, and advise you regarding the delivery of the particular type of car in which you are interested.

IMPROVED UNIFORM INTERNATIONAL

Sunday School Lesson

(By REV. P. B. FITZWATER, D. D., Teacher of English Bible in the Moody Bible Institute of Chicago.)
(©, 1921, Western Newspaper Union.)

LESSON FOR SEPTEMBER 18

ABSTINENCE FOR SAKE OF OTHERS (TEMPERANCE LESSON)

LESSON TEXT—1 Cor. 10:23-31; 2:16, 17.

GOLDEN TEXT—Whether therefore ye eat, or drink, or whatsoever ye do, do all to the glory of God.—1 Cor. 10:31.

REFERENCE MATERIAL—Rom. 12:1; 14:13-21; 15:1, 2; 1 Cor. 6:3-20; 9:19-27.

PRIMARY TOPIC—A Clean, Strong Body.

JUNIOR TOPIC—How to Win the Race.

INTERMEDIATE AND SENIOR TOPIC—Presenting One's Body as a Living Sacrifice.

YOUNG PEOPLE AND ADULT TOPIC—The True Meaning of Temperance.

The occasion of this teaching was the uncertainty as to the right attitude toward "things sacrificed unto idols." This problem was most vital while the Christians were in the midst of the heathen, and with some modifications no less vital still. In mingling with society many perplexing questions arise, such as amusements, way of spending Sunday, enjoyment of luxuries, owning stock in certain corporations, etc. Our lesson contains principles adequate for our guidance in all these problems.

It was customary to divide the animal offered in sacrifice into three parts. One part was consumed on the altar, another part was given to the priest, and the third part was kept by the party bringing the offering. The priest's part was frequently sold in the markets. The part which the offerer kept was sometimes eaten at home and sometimes in the court of the temple. The Christian who bought meat in the market was liable to get meat which had been dedicated to the idol god. Then, too, one would be invited to eat socially at the table of someone who had kept his portion of his offering and now set it before his guests. Some with adequate knowledge had no scruples about it; others with less knowledge thought it sinful. The one who has knowledge should bear with the weak one, and at the same time should seek to teach his brother the truth so as to set him free from bondage of superstition. The glory of God should control in all things.

I. "All Things Are Lawful for Me" (v. 23).

This declaration is limited, of course, by things which are right in themselves. It is not true that a Christian is free to do those things which are wrong. The Christian can only indulge in "lawful things" as they are expedient and unto edification. As individual Christians we have liberty to do many things which because of their influence on our fellow Christians we should abstain from.

Even with one's self that which is not edifying should be ruled out.

II. "Let No Man Seek His Own" (v. 24).

The Christian is under the control of love. The controlling principle of love is unselfishness. The one dominated by love considers the other's interests rather than his own.

III. "Eat the Food Set Before You" (vv. 25-30).

It is not incumbent upon us to be on the hunt for occasions of the conscience either of ourselves or others. Exercise your freedom in the enjoyment of all right things which the Lord places before you, but as soon as it is brought to your attention that certain things are to the disadvantage of others, you should desist; that is, exercise self-control.

IV. "Do All to the Glory of God" (v. 31).

This is the grand and supreme rule of life for the Christian. The Christian is not at liberty to do that upon which he could not ask the blessing of God. In our eating, employments and pleasures, we should have as our transcendent aim God's glory. How could one ask God's blessing upon the intoxicating cup, dancing, gambling, then, therefore, Sunday desecration, luxurious extravagance, etc?

V. "Give No Occasion for Anyone to Stumble" (v. 32).

We should so live that no one can ever say that we have been the occasion of their downfall.

VI. Follow the Example of Jesus Christ (11:1).

Christ through love gave up all for the sake of others. He did not please himself. Everyone, therefore, who is a Christian should imitate Him.

VII. The Christian's Body is the Temple of the Holy Ghost (3:16, 17).

This great truth is true of the Church as a body, but that which is true of the body is true of the individual composing the body; so the point in this Scripture is the serious consequence of defiling the body.

To Do Our Best.

God hides some ideal in every human soul. At some time in our life we feel a trembling, fearful longing to do some good thing. Life finds its noblest spring of excellence in this hidden impulse to do our best.—Robert Collyer.

EDITORIAL.

THE CANDIDATE FOR Mayor of Riverton, N. J., has announced his platform. While couched in language somewhat vague, the gist of it seems to be a pledge to give the borough an economical government, and to "improve if not remedy" the "conditions complained of in a discussion of a few friends a few weeks back, on the question of increased taxation and costs in general."

The record for economy made by the Mayor and Borough Council for many years is too well known to need restating—and the present administration has been no exception to the rule. The borough has no bonded indebtedness except for its school building, for the financing of which the Borough Council is not responsible, this being entirely in the hands of the Board of Education. This indebtedness is being rapidly liquidated.

The editor has probably attended more meetings of the Borough Council than any other man in Riverton. He has missed very few since Riverton took on the borough form of government nearly thirty years ago. He can speak of first-hand knowledge of the spirit controlling the workings of that body and the methods employed. All sessions of the Borough Council are open to the public, which fact has been published many times, and no man has a moral right to condemn the work done by the governing body until he has attended the meetings and learned for himself what is done, how it is done, and the reasons therefor.

Anyone who implies we have not had an economical administration of borough affairs either does not know what he is talking about, or is deliberately mistaking the case. Things have been running so smoothly and successfully in Riverton that many do not realize how fortunate the town is in securing the services of the men who have been at the helm.

A man in a nearby town, who has no personal interest in either of the candidates, has written an editorial, in which he has said that the spirit of a friendly neighbor, said the other day, "People in Riverton don't know how well off they are, and will not realize it until they make a change and get into trouble. When they can get men at the head of affairs like they have now, I can't see why in the world they want to make a change."

And we don't believe they do.

Consistency

It was with no little interest and some amusement that I read in the last issue of The New Era the announcement of the Young Republican Club's candidate for mayor.

Their platform does not seem to be quite consistent. In the paper he speaks of paying a little less attention to sports and a little more to municipal, state and national matters, while recently I was told that their main ambition was to secure a baseball park and a movie house for Riverton.

Why does he need to say he will pay due regard to the "women voters"? It would indeed be difficult to pay any more respect, deference or consideration to the women who have come forward and worked in public affairs, than has been shown by the present administration.

Mayor Bennett, I also see by last week's paper, has further considered the representation of the women and the welfare of the town by appointing two women as members of the Board of Health to fill the unexpired terms of two men.

I, for one, feel very well satisfied with municipal affairs as administered by the present Mayor and Council, from an economical and progressive standpoint. Where in Burlington County can another town be found that has the improvements AND THE LOW TAX RATE of Riverton? We have a fine school with modern equipment, sewers, improved streets, electric lights, auto fire trucks, with the probability of a much finer one in the near future, a free library, visiting nurse committee, good train and trolley service.

Added to these improvements which make for the health and comfort of a town, we have the Riverton Country Club, the Yacht and Gun Clubs, besides many clubs and associations of civic, social and political interest to women.

Considering all these things I do not think it advisable to change from a mayor of sterling qualities and demonstrated ability.

WOMAN VOTER.

Why Laugh at the Ladies?

There has been some disposition on the part of a portion of the male sex to poke fun at the members of the League of Women Voters because they have asked ALL of the county candidates to come and speak to them at one time. The ladies at least have the saving grace of realizing that they do not know and are making an earnest effort to become informed.

The masculine method of procedure has been to have the candidate or candidates whom they wanted to see elected come and make a speech.

But the ladies don't know who they want to vote for, and so they invite them all to come and produce their wares and be looked over.

Logical, isn't it?

The proposed ordinance establishing a building code in Riverton is published in this issue. A public hearing will be held at the council chamber Thursday evening, October 13, at 8.30 o'clock.

Those who care to know the truth about how the borough is run should read the article in this issue under the heading, "Has the Bennett Administration Been Economical and Efficient?" It may contain facts with which you are not familiar.

The untidy condition of the "gas office corner" has been remedied through the personal effort of Robert Clelland, who took the matter up with the officials of the Company and secured their authorization to have the work done. Hats off to the new supervisor of streets. May his shadow never grow less!

Dr. N. F. Stahl, of Lippincott avenue, has a banana tree in his yard bearing a bunch of bananas. It stands about ten feet high, and the growing fruit has attracted a great deal of attention. It is seldom a plant bears in this latitude, even in hot houses, and to do so in the open makes the occurrence all the more remarkable.

It has been reported that the candidate for mayor on the Young Republican ticket is E. L. Williams, vice president and cashier of the bank. This is not correct. The candidate is Edward R. Williams, a tailor in Philadelphia. "Eddie," as the genial baseball manager is known, Ramon de la Cruz, is a brother of the Mr. Williams at the bank.

H. E. Brown, of Thomas avenue, Riverton, is very ill with typhoid fever at the home of his mother, Bay Shore, Long Island, where he went to visit while his wife and daughter were spending the summer with Mrs. Brown's parents in Virginia. Glena, the daughter, is also ill with the same disease at her grandparents, and Mrs. Brown is sharing her time between the two bedridden.

At the opening affair of the Dancesant Club in P. O. S. of A. hall this Saturday evening, the patronesses will be Mrs. Clois W. Snyder and Mrs. C. W. Davis, of Palmyra, and Mrs. John V. Harrington, of Philadelphia. Joseph E. Doyle, one of Philadelphia's leading dancing instructors, will assist Mrs. MacCrosson in demonstrating the various dance steps.

A surprise miscellaneous shower was given at the home of Mr. and Mrs. Frank Cole, Main street, on Saturday evening by their son Alexander, in honor of Miss Mary May Grim, whose engagement to Mr. Corner Clelland was recently announced. Miss Grim received many beautiful gifts. A feature of the evening was a mock wedding and the presentation of hats by William Robinson.

The smoker of the Young Republican Club last Monday evening was attended by about two hundred. Addresses were made by Harry L. Knight, William Heister, candidate for surrogate, Albert Collier, Anton Sackard, Charles Turner, candidates for freeholder, Clifford R. Powell, candidate for assembly, E. R. Williams, candidate for mayor, Mr. B. Lynch, candidate for borough councilman and Charles A. Wright, who spoke particularly for the local candidates on the Young Republican ticket.

His patrons will be pleased to learn that this week C. W. Ludlow will start to make his own sausage and scrapple, for which there is a great demand every fall and winter. Mr. Ludlow also announces a sharp drop in the price of all meats. There has been a reduction in some cuts and Mr. Ludlow is giving his customers the full benefit of the drop and at the same time maintaining his high standard of quality. Advertisement.

Mr. and Mrs. Thomas Bradock are receiving congratulations on the birth of a son, Thomas Richard Bradock, Tuesday, September 13.

It is requested that residents display their flags on Sunday in respect for Walter Kennedy, Riverton's only son who gave his life in the World War who has been brought home to be buried. Walter Kennedy was well known in Riverton and Palmyra, and was one of those upright, conscientious young men who are the hope of the future of our country. The funeral services will be held in Christ Church, Riverton, at 2.30, conducted by Archdeacon R. Bowden Shepherd, former rector of Christ Church, and who confirmed Walter when he was a boy.

Has the Bennett Administration Been Efficient?

A brief review of established facts and official figures are submitted in answer to this question, which has been raised as a campaign issue against the present administration.

As to economy: Out of 36 tax districts in Burlington county, there are but two having a lower rate this year than Riverton, while 33 are higher, the peak being reached in Fieldsboro Borough where the rate is \$7.84.

In Riverton the rate for borough purposes, that is, the rate necessary to raise all the money expended for the municipal government, road work, lights, police, etc., in fact everything except the school, has averaged 58 cents during the last five years. Last year it was 19 cents lower than the year before. The total rate in Riverton this year is two cents lower than last year, notwithstanding the county rate jumped from 61 cents to 92 cents, so that while there has been a marked increase in governmental expenditures in the State and county, the borough government, by frugality and efficiency has not only kept down its own tax rate, but so far reduced this rate as to keep the total rate down to almost the prewar level.

The following table shows the tax rate in 1920 and 1921 and the population in each district.

Economy, that real economy which consists in getting a full dollar's worth for every dollar expended, and in not refusing to spend when an immediate outlay will save a greater expense later on, has been the keynote of the borough government for many years. When the various committees came before Council at the time for making up the budget of expenditures, each list is carefully scanned and considered by the whole Council. Many alterations are made. Some appropriations are pared down where a saving is possible; others are raised where it seems evident that thorough efficiency cannot be secured on the amount asked for.

And out of the amounts finally agreed upon the committees manage to save something every year, building up a balance out of which current expenses are paid pending the receipt of taxes, thus saving interest on the money that the borough would otherwise have to borrow as is done by most other municipalities.

Out of this balance, also, was bought, a few years ago, the present fire trucks and equipment, without adding a cent to the tax rate.

The chairman of the finance committee makes up a monthly chart showing just what each committee has spent to date, and how much it has left on which to finish the year. This serves at once as a guide and an incentive. All committees endeavor to so proportion their expenditures that they will still have something left, however little, at the end of the year. And the candidate of the Young Republicans, who has had no experience in affairs of municipal government, is pleased to think he can "improve" all this.

With plans for the memorial park already under way and to be brought to completion as rapidly as such things can be accomplished, with a sewer disposal plant to be constructed and financed in the no distant future, it is a poor thing to try to outvie, notwithstanding their very "modest" claims. Lincoln's remark about swapping horses in the middle of the stream is appropriate now.

Voters of Riverton, show your appreciation and approval of the fine administration you have had by returning Mayor Bennett to the office which he has so ably filled and by electing the two councilmen on his ticket, G. Rex Showell, who has served one year, and Ralph L. Flower who is the new candidate to take the place of the retiring member of Council.

In doing this you will not only be giving the administration a well-merited vote of confidence, but will be safeguarding your own future interests as well.

Board of Health Reorganized

A meeting of the Board of Health was called last night to reorganize after the appointment of the two new members, Mrs. Edward K. Merrill and Mrs. Walter L. Bowen, who took the oath of office after which organization was effected by electing Ogden H. Merrill president and Dr. Harry L. Rogers secretary.

The question of responsibility for reporting contagious diseases was brought before the board. The law provides a fine of \$50 for physicians who do not report contagious diseases to the Board of Health within 12 hours, and where parents have a doctor outside of the district wherein the board has jurisdiction, or where no physician is employed, the parents are responsible for reporting to the board under a penalty of the same fine for failure to do so.

NOTICE

All ex-service men are expected to attend in uniform if possible, to attend the funeral of the late Walter Kennedy, U. S. M., on Sunday afternoon, September 18, at 2.30, at Broad and Main streets not later than 1.45 p. m.

Anyone who can send cars to the funeral are requested to notify Dr. Harry L. Rogers, telephone Riverton 203.

Ordered and paid for by
Albert CollierImprovement in School Equipment
and Methods

At the meeting of the Board of Education Tuesday night Miss Hannah H. Chew, supervising principal, reported that school had opened on Monday with an enrollment of 326. There are twenty new pupils in the grades this year, and twenty-eight in the kindergarten.

Permission was granted to the Riverton football team to use the lavatory in the basement as a dressing room for visiting teams.

The Penn Social Club, a colored political organization, asked for the use of the auditorium next week, but as no date was set the matter was referred to the district clerk for attention.

The request of the League of Women Voters for the use of the auditorium for an afternoon meeting on the 16th was granted.

The application of the First Church of Christ, Scientist, for the auditorium for an evening meeting contained a confusion as to date, and was also referred to the clerk.

A resolution was passed fixing \$15 as the rental to be charged for the use of the auditorium, and the renting thereof was placed in the hands of the district clerk.

The report of the supervising principal is given below, in part:

Great economic and social changes during the past century have taken from the home many chances for the child to learn the "how" and "why" of simple home and industrial processes. Many home activities have been supplanted by the factory, and with this change the education of the boy and girl has suffered. Demands of industry and social life have taken from the child the opportunity of learning from the father and mother as all worked together at their tasks.

As a result of these changes there have entered into the curriculum of the elementary school the industrial and household subjects.

The aims of this work in the elementary school are as follows:

1. To create a clear understanding of the processes which supply our daily lives.

2. To establish through active participation in real industrial processes an appreciative understanding of the

labor involved, and a proper respect for that labor.

3. To develop skill and technique in the handling of materials, in accordance with the powers of the child.

It is with the above aims as guiding principles that the subject of domestic science has been added to the curriculum of Riverton school. Plans have also been made to improve the courses of study in music and art. When these subjects are all well established the boys and girls of Riverton will be having the advantage of all subjects taught in the elementary grades of the best schools in the state.

It is our sincere intention to make such use of the splendid school facilities provided through the earnest consideration and untiring efforts of the Board of Education, that the boys and girls of Riverton shall show to the community that the efforts made in their behalf have been well worth while.

When our new department is completed we shall be glad to welcome parents, and all others interested, to visit the school and see the children at work.

Patriotic Order Sons of America
Washington Camp No. 23 has been invited by Post Rodgers of the American Legion to take part in the funeral of Frederick Rodgers on next Sunday afternoon (18th). Members will meet at Post Rodgers rooms at 2 p. m. A large attendance is desired.
On next Monday evening Camp No. 32 will give the annual reception to the newly-elected State officers. The Burlington County District meeting will also be held at the same time. The Camp has secured as the speaker for the occasion Warren Patten Coon, known by the overseas men generally as Chaplain Coon. He is a member of the New Jersey legislature from Essex County, is Field Secretary of the New Jersey Americanization League, and is one of the best patriotic speakers in the State. A treat is in store for all who attend. After the meeting refreshments will be served on the second floor.
On Saturday, October 1, Old Home Day, the Camp will keep open house from 7 to 12 p. m. The good of the order committee will be in charge and there will be music, entertainment and "feed" all the evening. Every member of the Camp is invited to stop in and register, and while members of the order especially are invited, all persons will be made welcome. The open house will be held on the second floor of the P. O. S. of A. building.
The National Camp of the P. O. S. of A. will convene in Allentown, Pa., on Tuesday and Wednesday, September 27 and 28. The National Camp was organized in Allentown fifty years ago. George N. Wimer will be one of the delegates from the State Camp of New Jersey.
On account of the reception and district meeting, Camp No. 23 will convene next Monday evening, the 19th, at 7.30.

Big Sunday School Drive
Under the direction of the Children's Division Workers' Council of this Community, Children's Week will be observed from September 18 to 25. This is a movement advanced by the Sunday School Association of New Jersey and is for the spiritual betterment of the children of our towns. All the Sunday Schools are united in this big effort.

This Sunday the pastors of the Methodist, Baptist and Presbyterian churches will preach a sermon especially to the parents and teachers. Will you not attend and receive a new inspiration?
During the first part of the week a committee of about fifty persons will visit all the homes in Riverton and Palmyra in an effort to get all children to attend some Sunday School. If you are at all interested in the religious welfare of your children, or in the children about you, welcome the visitors and send the children to the Sunday School of your choice.

Thursday evening, September 22, will be parents' and teachers' night. Everybody is invited to attend a meeting in the Methodist Temple at 8 o'clock, at which time Miss Frances M. Heddon, State Superintendent of Children's Division work, will be the speaker.

There will be a story hour for all children on Saturday afternoon, September 24, at 3.30 p. m. One group will meet in the Presbyterian church, Riverton, and the other one in the Baptist church, Palmyra. Worthwhile stories will be told, so let the children come and enjoy THEIR hour.
All the Sunday Schools will celebrate Rally Day on Sunday, the 25th. This day will be the culmination of the plan to get the children and the "grownups" too, into the way of going to Sunday School. Let us all go to the place we belong on Rally Day and crowd all the Sunday Schools.

COMMITTEE.

Sewer Contract Awarded

The contract for laying Palmyra's sewer mains and the construction of a surface drainage system was given by the township committee Tuesday evening to the John M. Kelly Co., of Camden, whose bid totalling \$93,434.06, was the lowest of twelve.

The township committee and Engineer Vosbury were highly gratified at the low figures obtained for the work, and Mr. Vosbury estimated that the entire price for the sewer system, including the disposal plant and the pumping station for which bids have not yet been asked, will not exceed \$126,000.

The Township Committee on Wednesday evening passed a resolution requesting the contractor to employ local labor and purchase materials of local firms wherever possible.

An ordinance creating a sewer commission, which will have to do with the sewer assessments and also watch over the work, is composed of Albert Rycroft, Theodore D'Autrey and George J. Spencer. Engineer Vosbury will be secretary.

The Township Committee plans to hold two meetings a month during the period of sewer construction, one to be devoted largely to sewer matters and the other to regular township business.

Competition Keen in Yacht Races

The seventh race of the midsummer championship was sailed over the regular course on Saturday last. The Showell yacht, "Bellerose," sailed by Lincoln Ridley, suffered a series of accidents and was ruled out after completing the course.

First, our popular "Bill" Baker, acting as mainsheet man, was jabbed in the eye by the spinnaker boom, which broke his glasses and drove splinters of glass into his eyelid. He managed to remove the glass before being put ashore and is now just as good as ever. The Bellerose later drove aground in the cove and was obliged to get assistance from a passing power boat. This disqualified her under the rules.

The race was won by the Lewanna, sailed by the owner, F. W. Robertson, with Commodore Bowers' Como, sailed by Ogden Mattis, Jr., a close second. Official time—

Start 3.16. Lewanna, 7, fin. 5.41:33
Como, 4, fin. 5.45:45
Bellerose, 12, fin. 5.50:15

The points for the series stand as follows: Bower, Como, 14; Showell, Bellerose, 14; Robertson, Lewanna, 12. There are three more races to be sailed.

Two yachts in the sixteen-foot class raced. Leinau's No. 12 won, sailed by Giles Knight, "Laddie" Dickinson and "Chip" Radcliffe, with Bush's No. 5, sailed by Vincent Bush a close second. Summary 16-ft. Summer Series.

Women Liable for Jury Whether Registered or Not

There seems to be a mistaken widespread idea that women who refuse to be registered will not be called for jury duty. There is absolutely no connection between voting and jury duty, and the woman who refuses to be registered and shirks her duty at the polls is not a whit more exempt than her sister who performs her whole duty as a citizen.

It is the duty of every woman to register and vote, just as it is the duty of every man.

Women should be sure to vote at the primary election on September 27. If they have not been registered they may register at the polls on that date and will then be eligible to vote. At this time the fight will be waged between the rival candidates for the office of Mayor of Riverton. Those who approve of the administration of Mayor Bennett and do not believe conditions will be "improved" by placing borough affairs in the hands of inexperience must vote at the primary if they are to make their influence felt. The candidate who wins the nomination on the Republican ticket in the primary will be virtually elected, as the Democrats have put no opposing candidates in the field, and at the regular election in November it will only remain to confirm the nomination.

Do You Know Terry?

If you don't, you've missed a real treat. Terry reminds you of—well, there's only one Terry, and he's just like himself.

Last Saturday afternoon Terry bought one of those pens "with the little red pump handle."

The boss had gone back to the shop to finish up a few little chores that had hung over, and Oliver was there putting up his usual kick about "having to sweep up and clean presses, doggone it, when every other fellow is out having a good time, etc., etc."—you know—when Terry stopped in and asked to see "one of those pens you are making all the noise about."

"Dad" was in the back of the shop, and the kid thought he would try his hand at the selling game. So he got the tray of pens, took out two or three and put them through their paces, explaining how they had no rubber sac to leak, how much ink they held, and all the rest of it, just like he heard "dad" do—and the upshot of it was that Terry bought a pen.

The kid was tickled to death and came rushing out into the shop, waving the "kale" and shouting "Dad, I sold a pen—I sold a pen!"

And now Oliver says he is going to stick around next Saturday, too, and see who comes in—maybe he can make another sale.

Dad feels that such natural talent in selling ought to be encouraged and when the boy sells four he will get one for himself. Advertisement.

Yacht Club Committees

Commodore William H. Bower of the Riverton Yacht Club appointed the following chairmen for the coming season: Chairman trapshooting committee, R. H. Stackhouse; swimming committee, C. B. Durborow; ladies and entertainment committee, Mrs. C. B. Durborow; juvenile committee, Walter C. Wright; delegate to the American Power Boat Association and the Delaware River Yacht Racing Association, Maurice G. Belknap; delegate to the Amateur Athletic Union, C. B. Durborow.

Notes from Parry

NOTICE

NOTICE is hereby given that on Thursday, the thirteenth day of October, 1921, at the Council Chamber in the Borough of Riverton at 8.30 o'clock in the evening, the Council of the Borough of Riverton will consider the final passage of the following Ordinance.

CHARLES B. DURBOROW,
Borough Clerk.

An Ordinance to regulate and prescribe the method and manner of building, constructing, altering and removing dwelling houses and all other buildings erected or to be erected in the Borough of Riverton, in the County of Burlington, and appointing a Building Inspector for said Borough and prescribing his powers and duties.

BE IT ORDAINED by the Borough Council of the Borough of Riverton as follows:

Section 1. That this ordinance shall be known as the Building Code and its provisions shall govern the erection, construction and alteration of all buildings in the Borough of Riverton, County of Burlington; that after the passage of this ordinance all buildings erected, constructed and altered within the Borough of Riverton, shall be erected, constructed and altered in accordance with the provisions of this ordinance; all materials used therein shall be in conformity with the requirements of this ordinance and all work done thereon shall be done in a good, workmanlike manner; and the materials shall be of sufficient solidity and strength to meet the requirements for which said buildings are intended.

Section 2. That the Mayor shall appoint a suitable person as Building Inspector of the Borough of Riverton, who shall hold office until the first day of January, next, and thereafter the term of said office shall be for one year, or until his successor shall have been appointed and qualified. His salary shall be fixed annually by the Mayor and Council, which shall be in full for the term of office. That the duty of the Building Inspector to visit all buildings in the course of construction, to enforce strictly all the provisions of this ordinance, and to have access at all reasonable times to all buildings in the Borough, in his official capacity. He shall have full power to approve or disapprove any and all materials or work on any building or buildings and to stop the work thereon or to order any portion or portions of said building or buildings removed or changed if not in conformity with the provisions of this ordinance. He shall have authority to also prosecute any and all violators of this ordinance in the name of the Borough of Riverton. He shall make a monthly report of the erection and alteration of buildings in the Borough to the Building Committee of the Borough Council; and shall at all times be subject to the direction and advice of said Mayor and Council.

Section 3. The Building Inspector shall have the power to order any portion or portions of any building that may be insecure, to be properly secured, and if in the cases of the failure of the owner, or agent, or other person or persons whose right and duty it is to so secure said insecure part, he shall have power to secure the same or condemn and the cost of all such work shall be collected from said owner or owners or agent in manner prescribed by law.

Section 4. All foundation walls and cellar walls shall be built of stone, concrete or brick or cement blocks. If of stone, shall not be less than 14 inches thick; but if of concrete not less than 8 inches thick; of brick, not less than 9 inches thick; but in all cases, the walls shall be of sufficient thickness to safely bear the weight imposed thereon and to resist lateral pressure. All stone or brick masonry below grade must be of good material, well bonded and laid in strong well-mixed mortar as hereafter provided. The foundations for all buildings shall begin at a depth of not less than three feet, excepting party or division walls which shall be four feet below curb level. In case the condition of the soil makes this requirement impracticable a special permit shall be required of the Building Inspector. Where the building exceeds two stories in height, the nature of the building requires it, in the judgment of the Inspector, the owner or builder shall be required to lay a foundation six inches wider than the wall above; and where the soil requires it, in the judgment of the Inspector, he is authorized to require piling, plankings or lagging, before laying the foundation. Where concrete block is used, a concrete footing not less than three inches wider than wall, and not less than six inches in thickness. Brick piers to be not less than twelve inches or its equivalent in area, one hundred and forty-four square inches. Brick piers shall have at least a three-course brick footing to extend at least four inches beyond all four sides of pier. All stone buildings of three stories or less in height and twenty feet or less in front width, shall have wall not less than sixteen inches in thickness. All brick or concrete buildings of three stories or less in height, and eighteen feet or less in front width, shall have wall of not less than nine inches in thickness. Over eighteen feet and not more than twenty-five feet in front width, and over one story in height, shall have walls of not less than thirteen inches in thickness. The foundations of all frame buildings shall be not less than nine inches in thickness of brick or fourteen inches of stone. Provided, that in all cases the thickness of walls shall be determined by the Building Inspector in accordance with the requirements of this ordinance, and the purpose for which said building or buildings are to be used, and all party and division walls shall extend at least nine inches above the roof on flat roof buildings, on peak roof to run under the sheathing, and shall be securely covered with metal or stone. All joists around the chimney flue shall be, in no case, joist or wood shall extend into the wall of any flue or rest on walls within four inches of any flue.

Section 5. Mortar, for all purposes shall be made of clean, sharp sand and fresh cement or lime, well mixed and free from lumps. Concrete for foundations shall be made of one part cement, three parts sand and five parts small, clean, broken stone; boiler cinders, slag, trap rock, or crushed pebbles are understood as meant by "broken stone." Cement used in all such mortars shall be what is commonly known as "Portland Cement."

Section 6. All chimneys shall be built of stone, brick or concrete and shall have walls at least eight inches thick, unless terra cotta or other material, in which case four inches of the thickness outside may be omitted. All chimneys shall be topped out not less than four feet above the top of the roof at point of contact if a flat roof, or two feet above the ridge of a pitched roof and no smoke flue shall be in sections less than eight by eight inches. No wood furring or woodwork shall be nailed or secured to chimneys. All flues in party walls to have not less than nine inches of brick backing.

Section 7. All hearths shall be supported by trimmer arches of brick, stone, iron or concrete. The brick jambs and backs of all fireplaces, grate or range openings shall not be less than eight inches wide and eight inches thick. Brick work over fireplaces or grate openings shall be supported by trimmer arches of suitable size, or brick or stone arches. All hearths shall be not less than twelve inches longer on each side than the width of the opening and shall be eighteen inches wide in front. All ranges shall be set on hearths of brick, slate, cement or metal; and no range or heating apparatus shall be set against a lath and plaster partition; four inches of brickwork must be back of all ranges, etc., from floor to top of smoke pipe. No pipe for conveying hot air shall run through floors or partitions or come within one inch of any woodwork unless it is protected by suitable guards or casings of non-combustible material. On the ground floor level of all buildings hereafter erected the space between inside and outside studding shall be tightly closed to prevent as much as possible the passage of air currents from the basement to the upper portion of the building.

Section 8. All girders to have spans of not more than eight feet between piers; girders are to be not less than six inches by eight inches. Plates are to consist of two joists two inches by four inches spiked together. All sills are to be not less than three inches by six inches.

Section 9. That the first story joists in spans of sixteen feet in width or less shall be not less than two by ten inches. Second story in spans of sixteen feet in width or less shall be not less than two by ten inches or three by eight inches. Third

story joists in spans of sixteen feet in width or less shall be not less than two by eight inches. All joists for brick partitions shall be cut beveled to the extent of one and one-half inches with a space of one inch between at the bottom. That all joists for stairways and flues shall be framed, and shall be set sixteen inches from center to center, except the third floor joists, which may be twenty-four inches from center to center. All joists with a span of sixteen feet in width or less are to have a single row of bridging. All joists with a span of over sixteen feet are to have a double row of bridging. All joists used or rafters of fourteen feet span or less shall be not less than two inches by six inches; over fourteen feet but not over sixteen feet span, not less than two inches by eight inches; over sixteen feet, not over eighteen feet span, not less than three inches by nine inches; over eighteen feet span but not over twenty feet span, not less than three inches by ten inches; and shall be set not more than two feet from center to center. Provided that in all cases the Building Inspector shall determine the size and dimensions of all rafters, girders and joists in accordance with the requirements of this ordinance and the provisions for which the building is intended. Outside studding and studding for main inside partition to be not less than two inches by four inches and corner studs of not less than four inches by six inches.

Section 10. All floor shall be constructed to bear a safe weight per superficial foot, exclusive of the weight of the materials of which they are composed, as follows: Dwellings, hotels, apartment houses, etc., seventy pounds. Light manufacturing buildings, churches, schools, assembly halls, one hundred and twenty pounds. All roof shall be constructed to bear a safe weight of thirty (30) pounds per superficial foot. No timber shall be cut more than two inches for piling of any kind and then must be properly reinforced.

Section 11. That no bay, or aerial window erected in the Borough shall extend over the building line of said street, nor shall any shed or awning be built or erected over any sidewalk without a special permit from the Building Inspector, under penalty of fifty dollars.

Section 12. That all buildings of two stories in height, used for factory, workshop, or public building or school house, where guests, students, operatives or employees to the number of thirty or more are accommodated, shall have a front and rear exit, and every approach to such escape shall be kept clear and unobstructed at all times, and their location shall be designated plainly by the word "Exit." That all buildings of more than two stories in height, used for factory, workshop or public building or school house, where guests, students, operatives or employees to the number of thirty or more are accommodated, shall be provided with a safe external means of escape therefrom; every approach to such escape shall be kept clear and unobstructed at all times and their location shall be designated plainly by the words "FIRE ESCAPE." It shall be the duty of the Building Committee to determine the number of such escapes required for any and all buildings of such dimensions, and also see that the platform of the fire escape is level with the floor. Any neglect to comply with a notice to erect such escape shall constitute a violation of this provision and shall subject the person or corporation neglecting such compliance to a fine of fifty dollars.

Section 13. That it shall be unlawful for any person or corporation to erect, or cause to be erected, any porch or portico extending beyond the fence line of any street or highway.

Section 14. All outside frame walls of dwellings shall be sheathed with seven-eighth inch boards either on the outside or inside of studs before applying the outside finish. All openings in brick buildings over four and not exceeding twelve feet in width where girder lintels are required to carry walls shall have iron "I" or "T" beam not less than nine inches in depth and weighing not less than twenty-one pounds to the foot in length. Openings over twelve feet and not over twenty feet shall have two "I" or "T" beams not less than in the weight aforesaid. Frame buildings not over 12 feet may be carried with Long Leaf Y. P. girders not less than 4x10 or 4x12 properly trussed. It shall be the duty of the Chief of Police of the Borough of Riverton to ascertain if the proper permit has been obtained from the Building Inspector in accordance with the provision of this ordinance for the erection, enlargement, alteration or repairs of any building and comes within their notice and if it appears that no such permit has been granted as herein provided for, it shall be the duty of such officers to report the same to the Building Inspector, whose duty it shall be to make a complaint before the Mayor or Council of the Borough of Riverton.

Section 15. Smoke pipes from furnaces shall be at least eight inches from joists with metal shield between and two inches between joint and shield. All hot air pipes shall be one inch from joist and protected with asbestos where it touches the floors; where placed in walls they shall be covered with plasterer's wire. No wood furring shall be placed against any hot air pipe. In no buildings shall girders, joists or other timbers be placed nearer than four inches to the outside of any smoke flue, or one inch to hot air flues. All buildings hereafter to be built, shall have fire stops placed between studding in each story.

Section 16. That it shall be unlawful for any person or corporation to erect, construct or alter any building or make any addition thereto in the Borough of Riverton without first making written application to and receiving the same from the Building Inspector of the Borough of Riverton, and for every permit issued for the purpose aforesaid there shall be paid by the party applying the same to the Building Inspector aforesaid, for the use of the said Borough, the following sum: For moving a house or building over the public highway, \$5.00; for erecting a house or building not over ten rooms, \$3.00; for erecting a new house over ten rooms, \$5.00; for altering any building, \$2.00 (the sum of alteration without permit); and the permit provided for in this section shall be known and designated as a "Building Permit." Every permit shall become void and of no effect at the expiration of six months from the date when issued unless active work is commenced within said period. All applications for building permits shall be made by the builder, owner or agent, and shall be made upon forms furnished for the purpose by the Building Inspector, and all applications for permits for the erection, construction, alteration or enlargement of any building, if required by the Building Inspector, shall be accompanied by detailed plans and specifications thereof, and by a survey of plan showing the line of the lot and the exact location of the proposed building thereon, which application, plans and specifications shall be filed by the Building Inspector in the office of the Borough Clerk.

All plumbing, drainage, and other sanitary arrangements to comply with the Board of Health regulations.

All electric wiring to comply with the rules of the Board of Fire Underwriters and a certificate to accompany same.

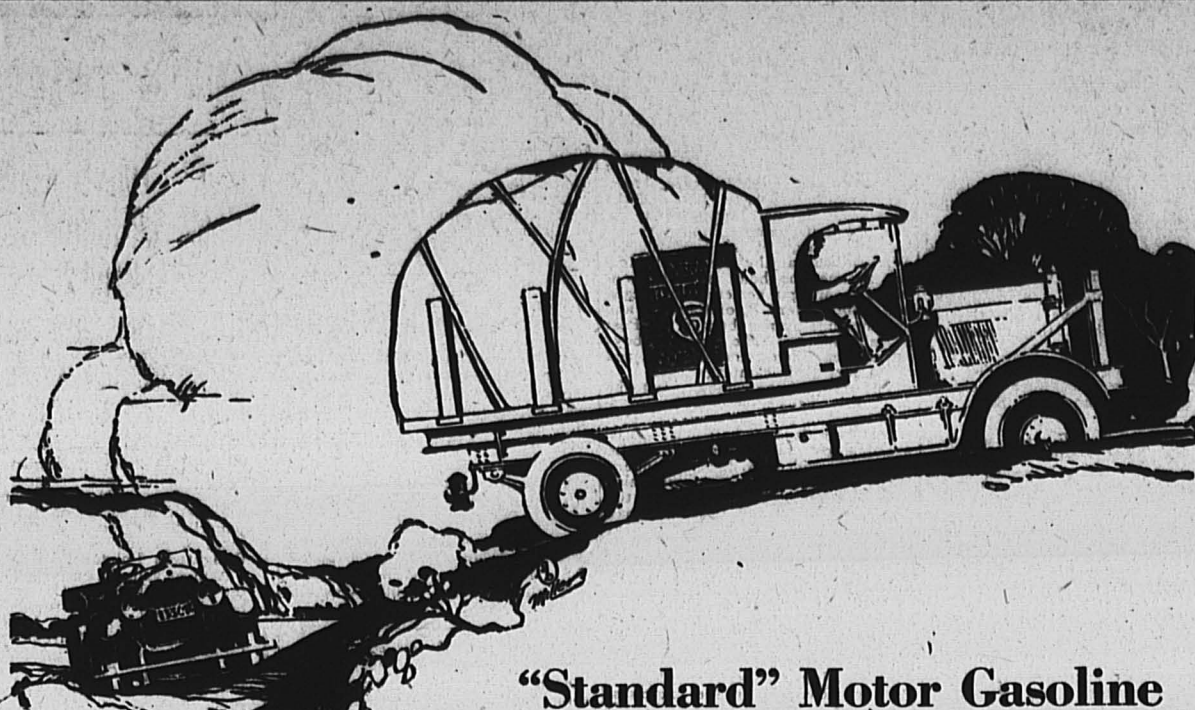

All roofs of buildings hereafter erected that are placed nearer than twenty feet from building to building must be covered with slate, tin, or a material that is equally non-combustible in the judgment of the Inspector.

All buildings hereafter erected or occupied as a public or private garage for the storage of three or more automobiles shall be constructed of brick or other non-combustible material other than sheet metal.

All automobile garages hereafter erected in the Borough of Riverton shall have cement floors with drains, in accordance with the rules of the Board of Health of the Borough of Riverton.

Section 17. Each and every person violating any of the provisions of this ordinance, except as herein otherwise provided, shall upon conviction thereof forfeit and pay a fine of not more than Two Hundred Dollars, or be imprisoned in the County Jail for not more than ninety days; and the magistrate before whom any such person may be brought may impose such punishment by fine or imprisonment in the County Jail as he may see fit, not exceeding the maximum herein fixed.

Section 18. All ordinances or parts of ordinances inconsistent herewith be, and the same are hereby repealed, and this ordinance shall take effect immediately.

"Standard" Motor Gasoline has remarkable pulling Power

GASOLINE that delivers full power and maximum mileage is not the product of chance but of the choice of crude stocks, skillful refining and constant research.

Gasoline properties are determined by a large number of factors. It is only by the closest study that the exceptional pulling power of the improved "Standard" Motor Gasoline is obtained. Our Development Department not only devotes a large share of its work to refining processes, but is also constantly checking up the actual performance of "Standard" Motor Gasoline in various types of motors, in the laboratory and out on the road.

The power obtainable from gasoline depends largely on

its burning properties, on how much of it fires and how much fails to ignite, thus lowering the explosive force of the whole mixture. The composition of "Standard" Motor Gasoline is positively predetermined with a view to insuring its complete combustion at motor temperatures.

Thousands of critical motorists have given this "Standard" Motor Gasoline a thorough test under all sorts of conditions. They say that it supplies an unusually even, smooth flow of power, and gives exceptional mileage.

"Standard" Motor Gasoline is on sale wherever you see the familiar "S. O." sign. It is the cheapest gasoline per mile you can find.

LESSON FOR SEPTEMBER 25

REVIEW.

GOLDEN TEXT—As we have therefore
opportunity, let us do good unto all men,
especially them who are of the household
of faith.—Gal. 6:10.

REFERENCE MATERIAL—Gal. 6:10.
PRIMARY TOPIC—Stories of Paul.
JUNIOR TOPIC—Serving Jesus.
INTERMEDIATE AND SENIOR TOPIC—
Living for Jesus.
YOUNG PEOPLE AND ADULT TOPIC—
Sacrificing for Jesus.

Two methods may profitably be employed in the review of the lessons of the Quarter. First, a biographical sketch of the Apostle Paul, such as his birth, home training, education, conversation, teaching and missionary work. Second, the leading teachings of the lessons, which may be made prominent by summarizing the facts of each lesson and stating the most vital teaching thereof. The first method can be used in reviewing the lessons in all departments and grades, and can be easily adapted by any teacher. The second method will be preferred by many in the senior and adult classes.

The following is given by way of suggestion:

Lesson 1. Paul was born at Tarsus, of Hebrew parentage. Being brought up in a pious home, he was thoroughly imbued with the spirit of devotion to the Scriptures. He was educated at Jerusalem under the tutelage of Gamaliel. The chief text book was the Bible. In addition to his religious training he was taught a trade which came in very useful later, enabling him to support himself while preaching the gospel.

Lesson 2. In Paul's training as a Pharisee, he was taught to love his own nation, to love God's law, and to be zealous toward God, that is, to have a passion for God and His work.

Lesson 3. Paul's burning hatred of Jesus incited him to endeavor to stamp out the Nazarene heresy. While on the way to Damascus, with authority to arrest and imprison the believers, men and women, he was stricken with blindness and fell to the earth, and Jesus spoke to him from heaven, saying, "Why persecutest thou me?" In response to the heavenly instruction he went to Damascus where Ananias baptized him, and he received his sight and was filled with the Holy Spirit.

Lesson 4. Paul straightway preached Christ in the synagogues. Like every one who is really converted he began to tell of the newly found Saviour. After a lengthy sojourn in Arabia he visited Jerusalem where he was befriended by Barnabas when suspected by the disciples.

Lesson 5. When the religious awakening at Antioch had come to the attention of the Jerusalem church, Barnabas was sent to inspect it, and seeing help was needed he brought Paul from Tarsus to be his helper.

Lesson 6. After teaching a year at Antioch, the Spirit moved the church to send forth Barnabas and Paul to evangelize the heathen. The church sent her best men.

Lesson 7. As Paul and Barnabas were preaching at Iconium, an attempt was made to worship them as gods. Their efforts were frustrated by the tact of Paul. Soon after this Paul was stoned, showing that satanic worship can soon be turned into satanic hate.

Lesson 8. Paul's preaching the grace of God to the heathen brought on a controversy in the church at Antioch. The question in dispute was: "Shall Gentiles be required to keep the Mosaic law as a condition of salvation?" The decision was in favor of Paul, and so Paul and Barnabas were free to begin their second missionary journey.

Lesson 9. The Spirit forbade Paul to tarry longer in the province of Asia preaching the Gospel, and by a vision of a man from Macedonia pleading for help, he was called into Europe.

Lesson 10. The casting out of a demon from a young woman resulted in landing Paul and Silas in jail. They were miraculously delivered and the jailer was converted.

Lesson 11. Being driven out from Thessalonica and Berea, Paul went to Athens where he preached the gospel on Mars' Hill. The result of his preaching here was that some mocked, some procrastinated, and some believed.

Lesson 12. Paul in this lesson sets forth the "grand principles" which should govern the believer's life, the sum and substance of which is: "Whether therefore ye eat, or drink, or whatsoever ye do, do all to the glory of God."

The Name of Jesus.
Wherefore God also hath highly exalted him, and given him a name which is above every name; that at the name of Jesus every knee should bow; and that every tongue should confess that Jesus Christ is Lord, to the glory of God the Father.—Philippians 2: 9-11.

Trust in God.
Trust in God for great things. With your five senses and two fishes He will show you a way to feed thousands.—Horace Bushnell.

EDITORIAL

THE CAMPAIGN is about over. Most of the arguments on both sides have been presented. It is now for the individual voter, after carefully weighing the claims of the rival candidates for Mayor to decide which type of administration he prefers for our borough. One candidate has an established record behind him. The other makes fine promises. Which to pin your faith to, is a matter of personal judgment.

There is one important point, however, about which little or nothing has been said, and that is the appointments made by the chief executive of the borough. The Mayor appoints the chairman of all committees in Council, the borough clerk, the borough recorder (who is a committing magistrate), the Board of Health, the Shade Tree Commission, the Chief of Police, who in turn appoints the police officers. The Mayor also fills by appointment any vacancies that may occur in elective offices between elections. In whose hands do you want to place these matters?

Whatever your choice, do your duty as a citizen and vote next Tuesday. This will be your only chance to express your preference for Mayor. It will be two years before you have another.

The issue is clear-cut in the contest for borough council. Two candidates, Mr. Flower and Mr. Showell, favor the methods, aims, purposes and general policies of the present administration. The other candidate is on the opposition ticket. Nomination is equivalent to election, as the Democrats have no candidates. The candidates who win out in the primary election next Tuesday will be on the November ballot without opposition. Your only chance for a choice is at the primary election.

Before voting on Tuesday, stop, read and answer the following questions:

Is this the time to exchange experience for inexperience?

Is it wise to give up efficiency for uncertainty?

Do you prefer proven economy to PROMISES of lower taxes?

Will you choose ability or affability?

Which shall it be—facts or fancies?

Decide for yourself and vote accordingly.

To the Citizens of the
Borough of Riverton

In behalf of a more progressive civic administration for Riverton the **YOUNG MEN'S REPUBLICAN CLUB** endorses **EDWARD R. WILLIAMS** for Mayor and **WILLIAM B. LYNCH** for Council.

We are **CONFIDENT** they will be **ELECTED** next Tuesday with our support and your help.

We want you to know more about our candidates. We want you to know why our canvass for **EDWARD R. WILLIAMS** and **WILLIAM B. LYNCH** is meeting such enthusiastic approval from taxpayers and thinking citizens.

We want you to know why we have faith that **EDWARD R. WILLIAMS** and **WILLIAM B. LYNCH** are the men to lead Riverton to a more advanced and better future, will give an administration of which we all may feel proud.

Our candidates have no "Boss." When they take office, they will be responsible to all. They are the people's candidates. We sponsor their candidacy because we admire them.

We have confidence in them because they are natural born boosters, they have responded with alacrity and fidelity each time Riverton called for assistance in civic projects. They are not shirkers. You are not dealing with strangers.

The issues in this campaign are not complex. Their platform is that they will give Riverton better paved streets and kindred improvements as will enhance the beauty and reputation of our beloved Borough.

Yet there will be rigid economy. Mr. and Mrs. Taxpayer, you need entertain no fear that **EDWARD R. WILLIAMS** and **WILLIAM B. LYNCH** are such tyros as business men that they will jeopardize your interests. They are taxpayers and employers themselves. They know what taxes mean.

"Economy with improvements" that is the keynote of their pledge to you.

We believe, as do **EDWARD R. WILLIAMS** and **WILLIAM B. LYNCH**, that the most serious problem confronting Riverton taxpayers is the tax assessment. You know it has doubled since 1920. You and we shall not put ourselves on the back because our tax rate is low, while the tax assessment is soaring.

We have implicit confidence that the **WILLIAMS** administration will deal effectively and expeditiously with the tax assessment problem. This very phase of our personal financial responsibility to our borough should receive the most serious reflection.

EDWARD R. WILLIAMS will not close Bank Street as a public thoroughfare. Under his administration it would be a physical impossibility for the water company to boost the yearly charge on fire plugs from \$10.00 to \$25.00. Remember the Public Utilities Commission passes on such matters. And, get this, the Water Company announces it never intended to increase this charge. **DO NOT BE FOOLED BY PROPAGANDA!**

We do not imply Riverton has not enjoyed an economical administration. But we do emphasize that under the guidance of **EDWARD R. WILLIAMS**, Riverton will benefit by a more economical administration than has been the privilege of our borough.

Women, no matter how large or small their interests in Riverton may be, cannot wish to be catalogued as "standpatters," who announce they "feel very well satisfied with Riverton from an economical and progressive standpoint."

Riverton will not stand still for anyone! We must have a more progressive Riverton! We must keep pace with the times! We must not be satisfied with ourselves or our picturesque borough. We must work shoulder to shoulder for its advancement, and we want **EDWARD R. WILLIAMS** to be our leader for the next three years in the most progressive movements that Riverton ever has enjoyed.

As **YOUNG REPUBLICANS**, we believe we are entitled to a share in civic rule. We have supported without question, candidates who have been nominated in the past. We now ask and demand participation in Riverton's administration.

We pay homage to those who founded Riverton, to the patriots who built up this borough until all New Jersey showers praise upon us. But as **YOUNG REPUBLICANS** and the Young Men and Women of this borough, we are the ones upon whom the responsibility falls in the future.

We want to play our part in the plans for the development of Riverton. We have a right to ask this privilege. And we do it by endorsing **EDWARD R. WILLIAMS** and **WILLIAM B. LYNCH**.

Riverton, since the infancy of baseball, has achieved a reputation where amateur sportsmen met in friendly contests. We all realize the value of athletics. We recall with pride that our candidate, **EDWARD R. WILLIAMS**, was appointed one of the three members of the Citizens' Committee to co-operate with the American Legion in establishing an athletic park as a memorial to the valiant Service Men.

EDWARD R. WILLIAMS is committed to this memorial. He will, as Mayor, serve the World War Veterans, and also the taxpayers on this project.

We had no doubt about electing **EDWARD R. WILLIAMS** and **WILLIAM B. LYNCH** when we started the canvass for them. As we gauge sentiment, taxpayers are turning to a "Young Guard" to take charge of their civic affairs.

We want you to weigh carefully the merits of our candidates and their campaign pledges. We want you to go to the polls Tuesday and mark your ballot for **EDWARD R. WILLIAMS** and **WILLIAM B. LYNCH**.

There will be a majority of the 1400 voters in this borough doing the same as you.

To the 400 or 500 women voters in Riverton, the **YOUNG MEN'S REPUBLICAN CLUB** asks your co-operation. We want all of you to vote. We have confidence that your discretion in affairs will direct to support our candidates.

You know the members of the **YOUNG MEN'S REPUBLICAN CLUB**. You know our affiliations. You know our motto is "Riverton's Success." We are striving to attain an ideal, an advanced Riverton that will meet the needs of the next decade.

We anticipate a resumption of industrial activity. We intend Riverton shall participate in it. We want to increase our population. We want more business and more homes. That means more money for Riverton, and less taxes to pay.

MORE IMPORTANT THAN
THE REGULAR ELECTION!
IS NEXT TUESDAY'S PRIMARIESRegister Your Opinion Then
Instead of Kicking Afterward

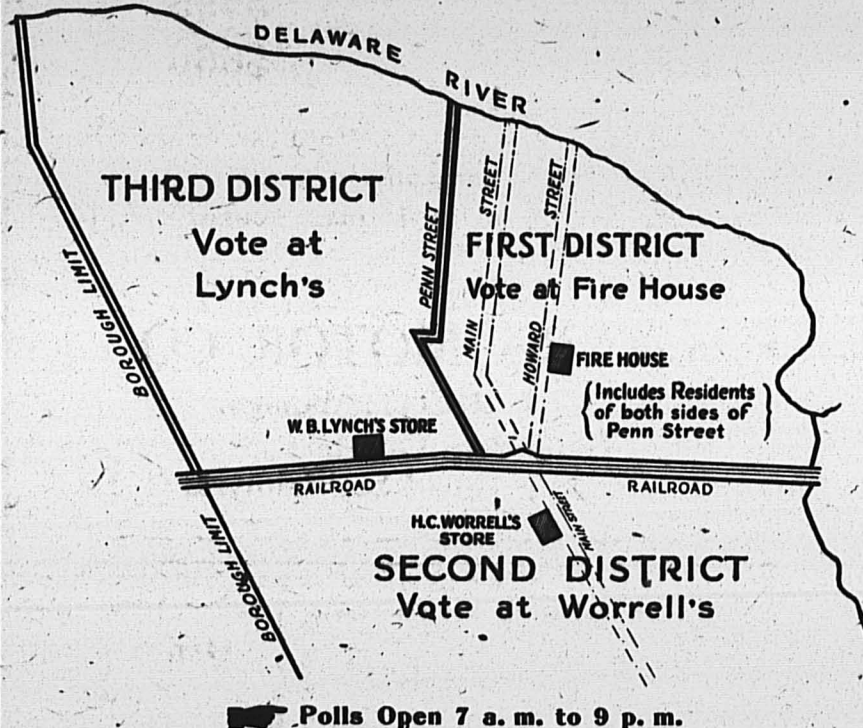

There are nearly 1500 Voters in Riverton.

The polls are open 14 hours.

To poll the whole number it will be necessary to vote at the rate of one every two minutes at each of the polling places.

VOTE EARLY—Before going to the city if possible.

A glance at the map will show you where.

Polls Open 7 a. m. to 9 p. m.

How to Mark the Ballot

Bear in mind that when a name is written on the ballot, or a sticker is used, it is also necessary to mark a cross (X) or plus (+) sign in the square at the left of the name. If this is not done your vote for this particular candidate will not be counted. This mark must be made with a black pencil or black ink.

IMPORTANT

Those who are voting for the first time are entitled to ask for either party ticket they want. Those who voted the Democratic ticket at the Primary last year are entitled to vote the Republican ticket this year if they voted for a majority of the candidates on the Republican Ticket at the general election in November last year. Those who did not vote in the Primary Election are entitled to vote either ticket this year.

How to Vote for Members of
County Committee

In the First District no name appears on the ticket for the office of Member of the County Committee. In none of the districts do names of women appear.

Stickers will be prepared with names to fill all these vacancies. To vote for Members of the County Committee whose names do not appear on the ballot, paste the sticker in the proper place and do not fail to make the X in the square to the left of the name. This applies to names either put on by sticker or written on. Names that are printed on the ballot will be voted for in the regular way by simply putting the X in the square to the left of the name.

RIVERTON AND PALMYRA N. J., FRIDAY, SEPTEMBER 23, 1921

PRICE FIVE CENTS

Candidates Address Women Voters

At the auditorium of the Riverton school on Friday afternoon, the 16th, the League of Women Voters gave its members, that they might vote understandingly at the primary election, the unusual opportunity of judging the personal and political fitness of ten of the county candidates running for the offices of State Senator, Surrogate and Freeholder.

Under the close and searching feminine scrutiny, these candidates made a solicitous appeal, abounding in the dramatic and humorous, the variety making one entertaining and instructive display of the mental altitudes of the aspirants, as they advertised their political wares. Miss Campbell presiding limited each speaker to five minutes.

Hon. Emmor Roberts, who is seeking re-election to the State Senate, stated, it is the first time he ever sought the office, that his first election was handed to him. His platform is for good, clean government. He believes in the enforcement act, not in favor of changes, opposed to commercializing the Sabbath, is in favor of concrete roads, open specifications and road control system; would be generous along the line of education, eliminating waste; favored enlarging State budget, etc. Mr. Roberts stated the people of Riverton had assisted him often by timely suggestions.

Five of the candidates present are running for Surrogate. They were Sen. Blanchard H. White and William H. Heisler, of Pemberton; Evan F. Benners, of Moorestown; Carleton Haines, of Tabernacle; and Micajah Matlack, of Mount Holly. The office of Surrogate has jurisdiction over the Orphans' Court, and the probate of wills, etc., and seems to be one of the most lucrative in the county, paying \$4500 a year. It is no surprise then that a fight is being waged for this financial plum.

Blanchard H. White came out with the hardy statement of a victory for himself. His remarks savored of the cave man. They were "I want the office, I need it, and I'm going to have it. Why shouldn't I? I did more for woman suffrage than any other man in the county. Won't be cross with you. Treat you right." The other candidates were more modest, but equally as sincere, two being lawyers by profession, and two farmers. The appeal, made by the latter, Mr. Benners and Mr. Haines, endeavored to convince their hearers that a business and compassionate mind was as requisite to an efficient administration of the office as a legal mind; that for the last seventy-five years no lawyers had been an incumbent of that office, and it had always been run efficiently. The lawyer candidates, William H. Heisler and Micajah Matlack, affirmed that a legal mind in that office was very requisite, from the fact that matters pertaining to same often arose, requiring legal decisions, and unless the incumbent possessed legal attainments he would be compelled to employ legal talent.

There were four candidates present running for office of Freeholder, which pays a salary of \$3000 a year. Edward T. Haines, of Mount Holly, Howard Russ, of Delanco, Anton Sackarnd, of Charleston, and Charles Turner, of Riverton. Mr. Haines favors detention room in prison for women, no wooden bridges and increased budget, etc. Mr. Sackarnd stated, if elected, he would prove 100% efficient; that he would not be dominated by Harry L. Knight, of Medford, whose machine had already decided as to who will be the next Surrogate and Freeholders, regardless of the method pursued to attain the end. Mr. Russ pledged, if elected, good roads, and to keep them good, strong bridges, efficient management of county institutions; favors rural schools and that school superintendents' policies should be upheld. Charles Turner, colored, of Riverton, stated, he would, if elected, be fair and square. Fred Lippincott, of Moorestown, running for Freeholder, was unable to be present, but his name was presented for consideration by Mr. Benners.

A rising vote of thanks was tendered the speakers.

County Politics

Primary day next Tuesday will mark the windup of one of the hottest factional fights in the Republican party of Burlington county for years. The women's vote, still an uncertain factor, is expected to decide the big contests.

The storm centres about the two places on the board of freeholders, for which candidates are to be chosen. The freeholders constitute the governing board of the county and expend hundreds of thousands of dollars of the taxpayers' money for road building, county institutions and buildings.

The Republican candidates for the freeholder nominations are Edward T. Haines, incumbent, of Mount Holly; Fred Lippincott, incumbent, of Moorestown; Howard Russ, of Delanco; Albert Collier, of Bordentown; Charles J. Lane, of Burlington; Anton Sackarnd, of Charleston; Charles L. Turner, colored, of East Riverton, and Charles M. Tilton, of Riverside.

Harry L. Knight originally was supposed to be supporting Collier and Haines for freeholders. Then he switched from Haines to Lippincott, who has been ill for many weeks with typhoid fever and has been unable to take part in the campaign. Lippincott was regarded until recently as an anti-Knight man. It is generally thought, because of sympathy aroused by Lippincott's illness in addition to the high regard in which he has been held, that he will be nominated.

The fight of the anti-Knight men centers on Collier, a wholesale liquor dealer, who was recently a candidate for a Democratic appointment as postmaster of Bordentown.

Church people and others who stand for better things in politics are especially opposed to Collier because of reports that he has been entertaining ex-service men at "parties" in

Bordentown in an effort to obtain their support.

Leading the fight on Knight is Freeholder Charles Stout, of Florence, who has become a power in Burlington county politics. Stout's slate is Edward T. Haines and Howard Russ.

The other county contest is that for surrogate. Republican candidates for the nomination are Carleton Haines, of Tabernacle; William H. Heisler, Jr., of Pemberton; Evan F. Benners, of Moorestown; Micajah E. Matlack and Blanchard H. White, of Mount Holly.

White is present State Senator. He is said to be Knight's candidate. White has had a long career in politics, and has held many offices. At one time he ran on the Democratic ticket. He voted against prohibition and has been regarded as a "wet," although recently he is reported to have changed front on this issue.

The other leading candidates for surrogate are Heisler and Matlack. Heisler is a clean-cut young man with a splendid record in his home town of Pemberton. After graduating from Princeton fifteen years ago he was in the banking business for a while and then took up law, now practicing in Mount Holly. He has always been a progressive in politics and worked and voted for women's suffrage and prohibition. Matlack has had five years' experience as deputy in the work of the surrogate's office and seeks the nomination on the basis of ability plus experience.

For the State Senate nomination, Emmor Roberts, of Moorestown, is unopposed, and the assembly nomination is expected to go to Clifford Powell, a young lawyer and former soldier, although he has a single taxer, Jarret, of Bordentown, and Dr. Glasgow, a former democratic editor, of Burlington, against him.

There are no contests in the Democratic primaries.

Where Was the Mayor?

Riverton, N. J.
September 22, 1921.

Dear Editor:

Will you kindly give space to the appeal for proper respect to the "Flag and Dead Comrade" especially when carried in line of a funeral of an ex-service man.

On Sunday last I attended the funeral of a companion in arms, who went over the top and paid the price of Liberty which we enjoy today, was honored with a soldier's funeral by his ex-service buddies.

I would like to know for what reason the Mayor of Riverton was not present as we must remember that our buddies put aside all forms of pleasure to do his Duty for Flag and Country.

I appeal to you to publish this breach of reverence to our Dead Comrade and to impress upon the Mayor the respect due to our men who fell in action.

Yours truly,
Canadian Overseas Veteran.

In answer to our correspondent, we would like to say that Mayor Bennett was in North Carolina at the time referred to, having been called away on business the Friday before. His car was at the disposal of the family and went with the funeral procession to Berlin.

We consider it small politics to raise this question, just as it is small politics to impute wrong motives to the Young Republican's candidate for Mayor, who, with a number of his workers, attended the funeral in a body. Mayor Bennett was unavoidably away, and his absence had no political or other significance. The Young Republicans, every one of whom knew the young war hero, attended his funeral out of respect and friendship.

Some things should be held too sacred to be dragged out and paraded for hope of gain, political or otherwise.

This is one of them. Editor.

Championship Golf and Tennis Tournaments

The largest entry list that ever staged the annual championship tournament of the Riverton Country Club gave unusual interest to the qualifying round of this event, Saturday, September 10. Incidentally it is significant of the growing number of golf fans hereabouts, and the increasing membership of the Riverton Club.

J. E. Murdock won the qualifying medal with the excellent score of 81.

Ordinarily match play of the tournament starts the following Saturday, but owing to the scheduled team match between Riverton and Springfield on the 17th, the opening round was postponed until tomorrow, the 24th.

This will be a lively day at the club, since match play also starts in the annual club Tennis Championship Tournament and a good sized "gallery" is expected.

There were fifty-five entries in the golf tournament, including several members from Moorestown.

Those who qualified and the pairings for match play are as follows:

RIVERTON AND PALMYRA N. J., FRIDAY, SEPTEMBER 23, 1921

PRICE FIVE CENTS

Candidates Address Women Voters

At the auditorium of the Riverton school on Friday afternoon, the 16th, the League of Women Voters gave its members, that they might vote understandingly at the primary election, the unusual opportunity of judging the personal and political fitness of ten of the county candidates running for the offices of State Senator, Surrogate and Freeholder.

Under the close and searching feminine scrutiny, these candidates made a solicitous appeal, abounding in the dramatic and humorous, the variety making one entertaining and instructive display of the mental altitudes of the aspirants, as they advertised their political wares. Miss Campbell presiding limited each speaker to five minutes.

Hon. Emmor Roberts, who is seeking re-election to the State Senate, stated, it is the first time he ever sought the office, that his first election was handed to him. His platform is for good, clean government. He believes in the enforcement act, not in favor of changes, opposed to commercializing the Sabbath, is in favor of concrete roads, open specifications and road control system; would be generous along the line of education, eliminating waste; favored enlarging State budget, etc. Mr. Roberts stated the people of Riverton had assisted him often by timely suggestions.

Five of the candidates present are running for Surrogate. They were Sen. Blanchard H. White and William H. Heisler, of Pemberton; Evan F. Benners, of Moorestown; Carleton Haines, of Tabernacle; and Micajah Matlack, of Mount Holly. The office of Surrogate has jurisdiction over the Orphans' Court, and the probate of wills, etc., and seems to be one of the most lucrative in the county, paying \$4500 a year. It is no surprise then that a fight is being waged for this financial plum.

Blanchard H. White came out with the hardy statement of a victory for himself. His remarks savored of the cave man. They were "I want the office, I need it, and I'm going to have it. Why shouldn't I? I did more for woman suffrage than any other man in the county. Won't be cross with you. Treat you right." The other candidates were more modest, but equally as sincere, two being lawyers by profession, and two farmers. The appeal, made by the latter, Mr. Benners and Mr. Haines, endeavored to convince their hearers that a business and compassionate mind was as requisite to an efficient administration of the office as a legal mind; that for the last seventy-five years no lawyers had been an incumbent of that office, and it had always been run efficiently. The lawyer candidates, William H. Heisler and Micajah Matlack, affirmed that a legal mind in that office was very requisite, from the fact that matters pertaining to same often arose, requiring legal decisions, and unless the incumbent possessed legal attainments he would be compelled to employ legal talent.

There were four candidates present running for office of Freeholder, which pays a salary of \$3000 a year. Edward T. Haines, of Mount Holly, Howard Russ, of Delanco, Anton Sackard, of Charleston, and Charles Turner, of Riverton. Mr. Haines favors detention room in prison for women, no wooden bridges and increased budget, etc. Mr. Sackard stated, if elected, he would prove 100% efficient; that he would not be dominated by Harry L. Knight, of Medford, whose machine had already decided as to who will be the next Surrogate and Freeholders, regardless of the method pursued to attain the end. Mr. Russ pledged, if elected, good roads, and to keep them good, strong bridges, efficient management of county institutions; favors rural schools and that school superintendents' policies should be upheld. Charles Turner, colored, of Riverton, stated he would, if elected, be fair and square. Fred Lippincott, of Moorestown, running for Freeholder, was unable to be present, but his name was presented for consideration by Mr. Benners.

A rising vote of thanks was tendered the speakers.

County Politics

Primary day next Tuesday will mark the windup of one of the hottest factional fights in the Republican party of Burlington county for years. The women's vote, still an uncertain factor, is expected to decide the big contests.

The storm centres about the two places on the board of freeholders, for which candidates are to be chosen. The freeholders constitute the governing board of the county and expend hundreds of thousands of dollars of the taxpayers' money for road building, county institutions and buildings.

The Republican candidates for the freeholder nominations are Edward T. Haines, incumbent, of Mount Holly; Fred Lippincott, incumbent, of Moorestown; Howard Russ, of Delanco; Albert Collier, of Bordentown; Charles J. Lane, of Burlington; Anton Sackard, of Charleston; Charles L. Turner, colored, of East Riverton; and Charles M. Tilton, of Riverside.

Harry L. Knight originally was supposed to be supporting Collier and Haines for freeholders. Then he switched from Haines to Lippincott, who has been ill for many weeks with typhoid fever and has been unable to take part in the campaign. Lippincott was regarded until recently as an anti-Knight man. It is generally thought, because of sympathy aroused by Lippincott's illness in addition to the high regard in which he has been held, that he will be nominated.

The fight of the anti-Knight men centers on Collier, a wholesale liquor dealer, who was recently a candidate for a Democratic appointment as postmaster of Bordentown.

Church people and others who stand for better things in politics are especially opposed to Collier because of reports that he has been entertaining ex-service men at "parties" in

Bordentown in an effort to obtain their support.

Leading the fight on Knight is Freeholder Charles Stout, of Florence, who has become a power in Burlington county politics. Stout's slate is Edward T. Haines and Howard Russ.

The other county contest is that for surrogate. Republican candidates for the nomination are Carleton Haines, of Tabernacle; William H. Heisler, Jr., of Pemberton; Evan F. Benners, of Moorestown; Micajah E. Matlack and Blanchard H. White, of Mount Holly.

White is present State Senator. He is said to be Knight's candidate. White has had a long career in politics, and has held many offices. At one time he ran on the Democratic ticket. He voted against prohibition and has been regarded as a "wet," although recently he is reported to have changed front on this issue.

The other leading candidates for surrogate are Heisler and Matlack. Heisler is a clean-cut young man with a splendid record in his home town of Pemberton. After graduating from Princeton fifteen years ago he was in the banking business for a while and then took up law, now practicing in Mount Holly. He has always been a progressive in politics and worked and voted for women's suffrage and prohibition. Matlack has had five years' experience as deputy in the work of the surrogate's office and seeks the nomination on the basis of ability plus experience.

For the State Senate nomination, Emmor Roberts, of Moorestown, is unopposed, and the assembly nomination is expected to go to Clifford Powell, a young lawyer and former soldier, although he has a single taxer, Jarret, of Bordentown, and Dr. Glasgow, a former democratic editor, of Burlington, against him.

There are no contests in the Democratic primaries.

Where Was the Mayor?

Riverton, N. J.
September 22, 1921.

Dear Editor:

Will you kindly give space to the appeal for proper respect to the "Flag and Dead Comrade" especially when carried in line of a funeral of an ex-service man.

On Sunday last I attended the funeral of a companion in arms, who went over the top and paid the price of Liberty which we enjoy today, was honored with a soldier's funeral by his ex-service buddies.

I would like to know for what reason the Mayor of Riverton was not present as we must remember that our buddy put aside all forms of pleasure to do his Duty for Flag and Country.

I appeal to you to publish this breach of reverence to our Dead Comrade and to impress upon the Mayor the respect due to our men who fell in action.

Yours truly,

Canadian Overseas Veteran.

In answer to our correspondent, we would like to say that Mayor Bennett was in North Carolina at the time referred to, having been called away on business the Friday before. His car was at the disposal of the family and went with the funeral procession to Berlin.

We consider it small politics to raise this question, just as it is small politics to impute wrong motives to the Young Republican's candidate for Mayor, who, with a number of his workers, attended the funeral in a body. Mayor Bennett was unavoidably away, and his absence had no political or other significance. The Young Republicans, every one of whom knew the young war hero, attended his funeral out of respect and friendship.

Some things should be held too sacred to be dragged out and paraded for hope of gain, political or otherwise.

This is one of them. Editor.

Championship Golf and Tennis Tournaments

The largest entry list that ever staged the annual championship tournament of the Riverton Country Club gave unusual interest to the qualifying round of this event, Saturday, September 10. Incidentally it is significant of the growing number of golf fans hereabouts, and the increasing membership of the Riverton Club.

J. E. Murdock won the qualifying medal with the excellent score of 81. Ordinarily match play of the tournament starts the following Saturday, but owing to the scheduled team match between Riverton and Springhaven on the 17th, the opening round was postponed until tomorrow, the 24th.

This will be a lively day at the club, since match play also starts in the annual club Tennis Championship Tournament and a good sized "gallery" is expected.

There were fifty-five entries in the golf tournament, including several members from Moorestown.

Those who qualified and the pairings for match play are as follows:

First Sixteen
E. A. Parry, J. W. E. Love,
D. C. S. Mills, R. B. Frishmuth,

No "Fatty" Arbuckle at the Broadway

The Broadway Palace theatre does not intend to run any "Fatty" Arbuckle pictures until the next week, if that ever arrives. The programs for the local theatre are printed several weeks in advance and an Arbuckle picture had been scheduled before the San Francisco scandal occurred. This film was cancelled immediately after the situation became known, although the programs carried an announcement of the picture. Not being aware of this, the Parent-Teacher Association last Tuesday evening sent a resolution of protest to the township committee.

Many Attend Rodgers Funeral
Great crowds attended the military funeral held last Sunday afternoon for Frederick Rodgers, of Palmyra, and Walter Marcy Kennedy, of Riverton, World War heroes.

Fully 1500 people were at Morgan cemetery to witness the touching rites with which the body of Rodgers was laid to rest in the soil he gave his life to defend. The casket, shrouded by Old Glory, had been borne from the home by service men, friends of the dead hero, to the cemetery upon which it was transported to the cemetery. Legion men in war-time uniforms, a Camp Dix contingent, the Griffenberg Band, the P.O.S. of A., and many mourners in autos, made up the procession, which was joined by hundreds of others at the cemetery.

The final services were brief and impressive, with the burial ritual by the Rev. C. W. Williams, the funeral salute by the Camp Dix rifle squad, taps by a Dix bugler and appropriate music by the band. The floral tributes were beautiful, a large American flag in roses and other flowers, presented by the brothers and sisters, attracting special attention.

Big P. T. A. Meeting
Palmyra's Parent-Teacher Association started off the new season with a bang and over two hundred were present at the first meeting in the high school auditorium Tuesday evening.

The officers of the association formed a receiving line at the door for all attending and the meeting was then turned into a reception for the new teachers. A program was rendered consisting of a piano solo by Miss Margaret Giberson, readings by Mrs. Edith W. Snyder and a contralto solo by Mrs. McCarty.

Much of the evening was spent in a social time, during which refreshments were served. Several new members were taken in and there was a grand rush of old members to pay dues for the new season. Everything points to a successful season for the organization.

William H. Heisler, Jr.

Candidate for Nomination for
Surrogate on the Republican TicketTo Thinking Voters and
Taxpayers:

Don't forget to vote at the Primary Election on September 27th!

You cannot expect to have good men to vote for at the General Election unless you nominate good men at the Primary Election.

The reputation and successful business management of the affairs of your county depend upon the calibre of men you place in the county offices. You should use the same judgment in selecting men to conduct your county business, upon which largely depends the size of your tax rate, as in selecting men to handle your personal business affairs! It is well to remember that the greater the efficiency at the head of the county office the less extra help required in that office for which you, as a taxpayer, must pay.

The office of Surrogate is one of the most important in our system of county government. A man trained and experienced in law can more efficiently manage the office, because every matter that comes before the Surrogate is a strictly legal one. He must decide many legal questions. The greater part of his business is transacted with trained men, mostly lawyers, bankers and officers of trust companies. He should be able to talk intelligently about legal matters with these men.

He can be of great service to the man or woman of small means, who cannot afford to hire an attorney, if he, himself, is trained in the law.

Now a word about myself:

I received my legal training in the office of my brother-in-law, Judge Harold B. Wells, and was admitted to the bar of this State, first as an attorney-at-law and then as a counsellor-at-law. I have been in active practice in Mount Holly for about ten years. A large part of my business has been in connection with those matters that have to do with the Surrogate's office and Orphans' Court and I am familiar with the practice and procedure in both courts. I refer you to any lawyer in the county as to my qualifications for this office. I am a director of the Mount Holly Life Deposit and Trust Company as well as of a number of other business concerns and I have successfully managed my own business and the business of others that has been entrusted to my care.

I solicit your active support.

Respectfully submitted,

WILLIAM H. HEISLER, JR.

High Grade Gas and Electric Appliances

Twentieth Century Methods

The wash board method steadily wears out your clothes as it cleans them. No menace to your clothes lurks in the cylinder of the Thor Washer.

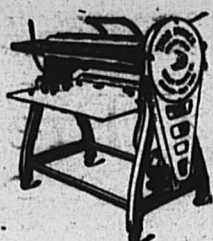

Clean soap-suds water swirls in, out and through your clothes, making them clean and snow white. This revolving-reversing cylinder motion keeps each piece constantly moving. No. 32 Thor with luminoid cylinder, \$175.

The wooden cylinder Thor, Model No. 25 is the lowest

priced among high grade washing machines. Cash price, \$116.75. On convenient terms, \$125.

Ironing has always been a lengthy task. You can iron an average wash in an hour with the Thor Ironer. Just think of ironing a big heavy table cloth in five minutes, and more beautifully than you can by hand. Just sit down and guide the clothes. We have a few bargains in Thor Ironers, that we have used for demonstration purposes. They're mechanically perfect, but are marred a little in appearance.

Formerly \$160. While they last \$137.65. On convenient terms \$144.90.

Do You Know

About our appliance test? A sample of every type of appliance offered for sale by us has undergone far more severe tests than you are ever likely to put it to. It must be able to "make good" before we offer it for sale. It is wise to safeguard yourself by buying Public Service tested gas and electric appliances.

Warm up the cold corners. The snap and sparkle of Autumn's in the air. Protect the family against colds by installing Radiantfires in all the drafty places. Model illustrated No. 41, cash \$37. Also sold on easy payments; \$7.85 down; \$7.75 monthly.

Our gas ranges are most modern in type. Here you will find all the newest and best labor and fuel saving devices. We have a gas range for every home at reasonable prices. Small Duplex oven enamel trimmed that bake, broil and roast, from \$28.25 up.

When You Buy a Gas Range

Be sure that it will cook without constant attention. Oven-cooked meals grow in popularity daily. Not only does this cooking method give the housekeeper more leisure, it improves the flavor and nutritious value of the food.

Direct Action and New Process gas ranges are equipped with Lorain Oven Heat Regulators, the device that "cooks and cans without the cook."

In the Acorn Automatic Fireless gas range oven you can cook entire meals after the gas is shut off entirely.

Try one of our Lorain Oven heat regulator ranges in your own home for 30 days FREE and learn what an improvement it is to bake with measured heat.

Sunday School Lesson

By REV. F. B. STEWART, D. D.,
Teacher of Bible in the Moody Bible Institute of Chicago.
(C. M. I., Western Newspaper Union.)

LESSON FOR OCTOBER 2

PAUL IN CORINTH.

LESSON TEXT—Acts 18:2-8.
GOLDEN TEXT—I determined not to know anything among you, save Jesus Christ, and him crucified.—1 Cor. 1:2.
REFERENCE MATERIAL—1 Cor. 3:1-4; 2 Th. 1:11-12.
PRIMARY TOPIC—Teaching and Teaching.
JUNIOR TOPIC—Paul Working and Teaching in Corinth.
INTERMEDIATE AND SENIOR TOPIC—Teaching and Teaching in Corinth.
YOUNG PEOPLE AND ADULT TOPIC—Paul in a Commercial Center.

The establishment of the church at Corinth is an example of missionary endeavor for all ages. The method employed, which resulted in success then, will result in success now.

1. The True Missionary Method (vv. 1-8).

Paul came to Corinth a stranger in a strange city. He did not have an advance agent to do his advertising; neither did he have his photograph put in the daily paper with sensational announcements, upon his arrival in Corinth. He did not have a trained singer with him; neither did he have his salary guaranteed. His method in gaining a foothold in Corinth was as follows:

1. Finding a home (v. 2). This he found with Aquila and Priscilla, Jews who were recently expelled from Rome by the cruel edict of Claudius. Being Jews, he found natural affinity with them.

2. He toiled for his daily bread (v. 3). He was of the same craft with them, being tentmakers. Every child among the Jews was taught some trade by means of which he could gain a livelihood should occasion require. One of the rabbis said that he who failed to teach his boy a trade taught him to steal.

3. Preaching in the Synagogue at Corinth (vv. 4-8).

1. Though compelled to toil for a living while getting a foothold in Corinth, he did not lose sight of his main work (v. 4). He reasoned in the synagogue every Sabbath, persuading the Jews and Greeks.

2. His activity was increased when Silas and Timothy came (v. 5). This resulted from three causes: (1) They brought good news from the church at Thessalonica (1 Thess. 5:6). To hear of the steadfastness of those who had confessed Christ under our ministry puts new vigor into our labors. (2) They brought pecuniary gifts from the Macedonian churches (Philp. 4:15; 1 Cor. 11:9). Being relieved from the necessity of toil for a living, they now could devote more time and energy to the preaching of the gospel. (3) Silas and Timothy became assistants to Paul in the work, thereby strengthening his hands so as to enable him to prosecute his efforts.

3. Paul opposed (v. 6). His increased activity was met with increased opposition. This can always be expected.

4. Paul announces his purpose to turn to the Gentiles (v. 6). Because of their blasphemy and opposition he ceased to work among the Jews. There is a time when good judgment causes one to abandon work where efforts have been fruitless, but it is difficult to know just when to do it.

5. He did not go far away (v. 7). He remained sufficiently near that those whose hearts God touched could easily find him. It is likewise true that although Christ is obliged to depart from the soul that refuses Him entrance, He lingers with yearning love around that heart.

6. His success (v. 8). Crispus, the chief ruler of the synagogue, was converted. Perhaps the severity of his action in turning away from them moved Crispus to action.

7. Paul's vision (vv. 9-11). His experiences since coming to Europe were very trying. He needed encouragement at this time. It is just like the Lord to come at the time of the servant's greatest need. Note the Lord's words to him:

1. "Be not afraid." When one is executing the commission of the Lord he need not be afraid.

2. "Speak, and hold not thy peace." The one who has heard the voice of God cannot refrain from speaking—cannot be still.

3. "I am with thee." The Lord is with everyone who faithfully carries out his commission.

4. "No man shall set on thee to hurt thee." The one sent by the Lord to do a work is immune from danger and harm until his work is done.

5. "I have much people in this city." It is most encouraging to know that in the great cities the Lord has His own people and that the one who goes in His name shall have fruit for his service.

6. "I have much people in this city." It is most encouraging to know that in the great cities the Lord has His own people and that the one who goes in His name shall have fruit for his service.

7. "I have much people in this city." It is most encouraging to know that in the great cities the Lord has His own people and that the one who goes in His name shall have fruit for his service.

8. "I have much people in this city." It is most encouraging to know that in the great cities the Lord has His own people and that the one who goes in His name shall have fruit for his service.

9. "I have much people in this city." It is most encouraging to know that in the great cities the Lord has His own people and that the one who goes in His name shall have fruit for his service.

10. "I have much people in this city." It is most encouraging to know that in the great cities the Lord has His own people and that the one who goes in His name shall have fruit for his service.

11. "I have much people in this city." It is most encouraging to know that in the great cities the Lord has His own people and that the one who goes in His name shall have fruit for his service.

12. "I have much people in this city." It is most encouraging to know that in the great cities the Lord has His own people and that the one who goes in His name shall have fruit for his service.

EDITORIAL.

THE FIGHT at the primary election on Tuesday, while waged with the utmost vigor on both sides, was, for the most part, conducted with perfect good humor and friendliness. A few minor disturbances were attempted while the count was being made after the polls closed, but these were promptly suppressed by the election officials and the police.

There was but one really annoying incident during the day, and that was the manner and actions of one of the election officials in the first district, who was unnecessarily offensive. He should either be taught how to act as an election official, or should be removed before the general election in November.

Edward R. Williams, candidate for Mayor on the ticket of the Young Men's Republican Club, made a very good run, considering he had never had any experience in municipal affairs, and that the club backing him had been organized only a few weeks.

It was wholesome to note how generally the people took interest in the contest and not only turned out to vote, but to work as well. Much of the success of the administration's campaign was due to the fact that so many individuals became alive to the situation and not only turned out to vote, but induced a friend and neighbor to do the same.

Interest such as was shown in Tuesday's election is a great source of strength and encouragement to those in whose hands we have entrusted the management of our borough affairs.

The Young Men's Republican Club has entered the political arena, and will be a factor in all future elections. Its initial defeat was not so crushing that its members will be discouraged. Profiting from its experience this year it will conduct a better campaign next year hence. It is to the everlasting credit of the young club that it refused a very alluring offer to sanction the publication of a "fire-brand" letter during the campaign. It is to be sincerely hoped that it will adjust its affairs in such a way that it may become a real and useful factor in the government of the town.

An Explanation

The writer of the letter in our paper last week, signed "Canadian Overseas Veteran," desires us to state that he had absolutely no intention of making political propaganda out of the reference he made to the Mayor: not attending the funeral of the ex-service man. He simply thought that there had been a lack of respect shown a dead comrade, and desired to call attention to that fact.

Golf Tournament Match Play

The first round of match play in the annual championship golf tournament of the Riverton Country Club developed some close contests, with keen interest by the club members at large in the fortunes of the rival players.

In the first sixteen "Earl" Murdoch, who won the medal in the qualifying round, went down to defeat at the hands of young Edward Lippincott in a match that was in doubt all the way.

Most of the out-of-town members were eliminated in the first round. In the first sixteen, Edward Wood defeated George T. Seckel, of Beverly; J. S. Coe, of West E. Love, of Moorestown, and E. E. Love, of Moorestown.

In the second sixteen Burton D. Blair was defeated in a close match by Harvey L. Hirst.

The results of the first round of match play are as follows:

First Sixteen
E. S. Parry won from J. W. E. Love
Dr. C. S. Mills " R. B. Frishmuth
W. L. Rogers " S. H. Bousat

As the result of the pointed protest of the Board of Freeholders and the publicity given by newspapers to the shabby treatment accorded Burlington county the State Highway Commission has given to this county an additional \$12,000 promised by the former Highway Commission for road improvement.

Because of the recent death of L. D. Howard Gilmour, the title of General Solicitor of the Public Service Companies has been assumed by Edmund W. Wakelee in addition to his position as Vice President of the Corporation and its subsidiaries. At the same time George H. Blake has been appointed Assistant General Solicitor. Mr. Blake has for years been one of the trial attorneys in the Public Service organization, devoting his time principally to the handling of claim department cases. Mr. Blake has been a member of the bar since 1908. His home is in South Orange.

THE ELECTION

In one of the most exciting elections Riverton has seen in many years Mayor Killam E. Bennett and two councilmen running on his ticket, G. Rex Showell and Ralph L. Flower, won over the ticket of the Young Men's Republican Club, Edward R. Williams for mayor and William B. Lynch for council.

The contest was noted for polling what was probably the largest percentage of votes ever polled at a primary election in Riverton. Out of a registration of 1395, 1042 votes were cast.

In the early part of the evening the count showed all the candidates running neck and neck. The bottom of the boxes, however, gave a substantial majority of 228 to Mayor Bennett. In the three cornered fight for the nomination for two members of council, Rex Showell fared the best, with 633 votes, while Ralph L. Flower won second place with a narrow margin of ten votes over William B. Lynch.

In the first district Morris Steedle defeated D. M. Clifton for member of the county committee, and in the third Sheriff Flagg won out against William N. Mattis, Jr., by only five votes.

It was a day of thrills and surprises. The large vote polled in Riverton was a great help to Mayor Bennett, lack, candidate for surrogate who ran 91 ahead of his nearest rival, William H. Heisler, Jr. As Matlack's majority in the county was only 35, it may well be said that Riverton gave him his nomination. In Riverton Matlack ran 248 ahead of Blanchard H. White, the organization's candidate.

In the fight for freeholder, Fred Lippincott and Howard R. Russ won the nomination in the county at large, also ran ahead in Riverton. While Lippincott was taken over by the Knight organization late in the night he could hardly be considered an organization candidate. Albert Collier, who was one of Knight's candidates for freeholder, received only 3246 votes in the county, against 6159 for Lippincott and 5543 for Russ.

With Lippincott also regarded as virtually a river front man, the said river front will have four men in the next board, Stout, of Florence; Rogers, of Palmyra; Russ, of Delanco, and Lippincott, while the back country will have only one, J. Lloyd Wright, of Medford.

A table of the voting in Riverton, Palmyra and Cinnaminson township is published on the third page.

Exemption Law Not Repealed

On election day a story was started that the law exempting from taxation for five years dwellings built between October 1, 1920, and October 1, 1922, had been repealed.

This is not correct. The canard is not being denied because of any political significance it had, for it was nailed within an hour by communicating direct with the office of the secretary of the State Board of Taxation at Trenton, but in order to set at rest the minds of people who have built or may build homes within the time specified. The law reads as follows:

"No taxes shall be levied, assessed or collected for a period of five years from October first, nineteen hundred and twenty, on any improvements to real estate which may be erected between October first, nineteen hundred and twenty and October first, nineteen hundred and twenty-two, for dwelling purposes; provided, that if, during said five years, improvements for dwelling purposes, greater in value than the existing improvements shall be placed upon any real estate, the amount of assessments on such improvements shall in no case, except that of damage through action of the elements, sufficient to warrant a reduction, be less than the assessment for improvements thereon existing at the date of the passage of this act."

This act shall take effect immediately.

Approved September 17, 1920.

Hockey

The Philadelphia Field Hockey Association started their season yesterday. Riverton, Moorestown and West Philadelphia girls have combined to make a team, which will play the home games at Riverton.

The first game was played on Thursday at the Country Club, Riverton, against Germantown, with a score of 4-4. Everyone is going out for hockey this year more enthusiastically than ever, due to the fact that the English team is coming over. This team will arrive in Philadelphia on the Haverford, on October 17th. A team is to be chosen from the best players in the league to play the English team a series of three games.

On Thursday, October 20, the English team will play last year's All-Philadelphia team at Germantown, and on Saturday, the 22nd, it will play the team that went to England last year, at the Philadelphia Cricket Club, St. Martins. The highest team in the league is also going to have a game with the English team, and, of course, each team hopes that it will be the lucky team.

Miss Helen Biddle was referee. Miss Thomas, of Germantown, was time keeper for the visitors, and L. A. Flanagan was time keeper for Riverton and score keeper.

The next game will be played at Riverton against the Merion team on Thursday, October 13.

The Riverton Club is raising \$200 to help defray the expenses of the English visitors.

APPRECIATION

We desire to thank the Voters of Riverton for the splendid vote of confidence and approval which they gave Mayor Bennett and his administration last Tuesday, by nominating Mr. Bennett and the two candidates for Council on his ticket, Mr. Showell and Mr. Flower.

We also desire to express our appreciation of the efficient assistance rendered by the many volunteer workers who spoke a word for the administration whenever opportunity offered, and thus helped to bring about the final grand result.

Special thanks are due the workers who labored all day and up until the polls closed to get out the vote, and to those who placed their cars at the disposal of the workers. It was a great victory, and every voter as well as every worker who had a part in it has reason to feel gratified.

The Tacoma Council, No. 102, degree of Pochontas, celebrated its third anniversary in Society Hall on Monday evening. The Wyoming Life and Drum Corps were there, and also the Tacoma tribe with their flag and Drum Corps from Delancey. A delegation of the Wyandotte council from Audubon was also present. A nice lunch was served by the local tribe, and an enjoyable time was had by all. There was quite a number of candidates presented and an initiation will be held early in the fall.

Some excitement was caused Wednesday evening when Attorney Beckenbach's sedan caught fire while the gas tank was being filled at Rutschman's garage. It is presumed that a drop of gas fell upon a hot exhaust pipe. The flames caught the upholstery and seats and flashed through the car in a twinkling. Mr. Beckenbach, who was in the front seat, holding the gasoline nozzle, barely had time to jump out. While Charlie Hahn pushed the car away from the gasoline pump stand Mr. Rutschman rushed for the extinguishers and was able to subdue the flames before the arrival of the firemen. The upholstery and glass work of the sedan were virtually destroyed.

The Great Day Is Here at Last!

Early in the week the town began to take on a gala appearance as the decorating company started trimming up stores and streets. Nearly all the business houses were as handsomely bedecked, the national colors and Old Glory being the predominating note.

Long lines of pennants, bunting and festoons have been hung along Broad street and electric lights in profusion are in position to illuminate the scene of festivity at night.

Elaborate preparations have been made to entertain the visitors. All of the social organizations are to hold open house and extend hospitality to visitors.

The Old Home Day Committee's headquarters is at the police station at the headquarters for visitors is at Society Hall.

All visitors are requested to register early in the morning and receive their guest badges. The program of the day, printed below, tells the story of the great day.

The Old Home Day idea originated during the summer in the Palmyra Chamber of Commerce, which appointed a committee to develop the movement. Under the chairmanship of George N. Wimer this committee issued a call for the cooperation of all other Palmyra organizations, to which enthusiastic response was made.

The being financed by voluntary subscriptions from citizens all over the town.

Michel-Wallace
The marriage of Miss Mary Moore Wallace, daughter of Mr. and Mrs. Lewis H. Wallace, of Palmyra, and Mr. Walter Eugene Michel, son of Mr. and Mrs. Eugene Michel, of Riverton, took place at the Central Baptist Church 7.30 Saturday evening, September 24th. The ceremony was performed by the Rev. Charles W. Williams, assisted by the Rev. I. D. Moore, of Hartford.

The bride was given in marriage by her father. She wore a gown of cream tulle and Brussels lace, with a long tulle train suspended from the shoulders. Her veil of tulle was arranged in cap effect with a coronet of Brussels lace and orange blossoms. She carried a shower bouquet of orchids, bridal roses and lilies of the valley.

Mrs. James D. Ryan, sister of the bride, acted as matron of honor. She was gowned in a changeable taffeta of coral and gold, trimmed with radium lace, and a picture hat of black velvet. She carried a bouquet of Othello roses and larkspur.

Miss Beatrice Brooks and Miss Charlotte Giberson, of Palmyra, Miss Marion Wheeler, of Baldwin, N. Y., and Miss Gertrude Michel, of Riverton, were the bridesmaids, and were gowned alike in frocks of gold and coral taffeta with picture hats of black velvet trimmed with lace. Their bouquets were showers of roses.

Miss Edna Evans, the flower girl, wore a dainty white net with ribbons of coral.

Mr. A. Eugene Michel, of Brooklyn, acted as best man, and Mr. Jacques Legender, of Riverton, Mr. Ellsworth, of Mount Holly, Mr. George Sanderling, of Philadelphia, and Mr. Oscar McCoy, of Palmyra, were ushers.

The wedding music was played by Mrs. Stanley Green.

The church was attractively decorated with pink and white flowers against a background of foliage. A reception followed immediately after the ceremony at the home of the bride's parents, 326 Cinnaminson avenue, Palmyra.

MARRIED
Miss Elsie Albright, daughter of Mr. and Mrs. G. E. Albright, of 901 Columbia avenue, and Charles B. Smith, of Mount Holly, were married at the Methodist parsonage on Saturday, by the Rev. E. A. Robinson. They were attended by Miss Gertrude M. Lumsden and Charles J. Quinlan, of Philadelphia.

Begin Mail Delivery Saturday
All is ready for the beginning of mail delivery on Saturday. Postmaster Cook's hope that the free delivery system be instituted during his term in office will be realized.

The two regular carriers, Frank Adams, of Lincoln and Spring Garden streets, and Joseph Whitehead, of Garfield and Spring Garden streets, received their appointments this week and are ready to start out. George Albright will be substitute carrier.

One of the things that the public should take notice of is the fact that with the institution of carrier service, there will no longer be the one-cent gas meter service. All letters will require at least two-cent stamps, as in Philadelphia. This is due, of course, to the extra service of delivery.

Old Home Day will be held in the Central Baptist Church on Sunday. All old members are invited to attend the services. The Rev. I. D. Moore, of Hartford, N. J., a former pastor, will speak at the morning service. In the evening there will be short addresses of welcome and congratulatory by the deacons, J. Otto Thilow and C. C. Green, and others.

The Local Fight in Palmyra

The last hour appearance of a democratic candidate, James H. Hartley, of Garfield avenue, who was nominated by the sticker process without opposition on the democratic ticket, means that the identity of the committee man who will succeed Mr. Stewart will be determined by a party fight at the polls in November.

Wilbur E. Crane, of Highland avenue, won the republican nomination for member of the Palmyra Township Committee in the primaries last Tuesday. Dr. George R. Pancoast, of Horace avenue, had 254 votes and Crane 401.

Mr. Crane carried the third and fourth districts by large majorities. He also carried the second, by 53 to 46, but lost the first by three votes, 55 to 58.

Invite Pastor Robinson Back
The quarterly conference of the Epworth Methodist Church was held last Thursday evening, and invited Pastor Robinson to serve for his fifth year. The congregation last Monday met in the main church building for the first time since the alterations for the pipe organ were started. This work was done by members of the Wesleyan class at a saving of \$800.

Rally Day was held last Sunday and the Sunday School had an attendance of 562, of which 102 were in the Wesleyan class. The Wesleyans raised a fund of \$400 to defray the expenses of a young minister for two years at Temple College, in Philadelphia.

At the annual convention of the New Jersey State Firemen's Association held at Atlantic City Friday and Saturday, General Bird W. Spencer was re-elected president to serve for the forty-fourth consecutive year. Among the officers elected were Evan F. Benner, assistant secretary, and Lawrence G. Mingin, vice president for Burlington county. There were about fifteen hundred delegates present.

Notes from East Riverton
Louis Brenan motored to Valley Forge on Sunday with his family. Mrs. James Saulsbury and daughter, Mrs. Sproules, are spending a week with Fred Church, Newtown, Bucks county. Mrs. Orville Sitzer is entertaining relatives from Connecticut.

Mrs. L. Sterling was given a surprise party Tuesday evening by a number of friends to celebrate her birthday.

Mrs. Eva Dinges spent Thursday with her mother, Mrs. D. Anderson, at Haddon Heights.

Mrs. Arthur Magee and children are visiting her parents in Delaware for two weeks.

Mr. and Mrs. Charles Stratton, of Lock Haven, are visiting his parents, Mr. and Mrs. John Stratton.

Mrs. A. Soham was the guest of her sister, Miss Fannie Soham, of West Philadelphia, on Wednesday.

School Attendance in New Jersey
According to the census of 1920 there are 426,665 children 7 to 13 years of age in the State of New Jersey and of this number 404,928 or 94.9% were reported as attending school. In 1910 the percentage attending school was 92.6. Of the children 14 and 15 years of age in 1920, 71.8% were attending school and of those 16 and 17 years of age 29.9%.

Card of Thanks
I desire to express to the voters of Riverton my deep appreciation for the fine vote they gave me at the Primary Election, on Tuesday, the 27th.

Sincerely,
HOWARD RUSS.

NEW JERSEY STATE BRIEFS
The Gloucester Welfare Association, composed of a committee from the various churches, will be formed to do charitable work this winter. The movement was started at a meeting in the First M. E. Church.

Miss Frances M. Hadden, state superintendent of children's division work, addressed a large audience in the Epworth M. E. Church, Palmyra, in connection with the observance of "children's week."

At a reception given Vineland school teachers by the Board of Education five colleges were represented, and the graduates of each featured the occasion with their song and college yells.

Because of a delay in completing repairs to the edifice the celebration of the one hundredth anniversary of the Alloway Baptist Church, scheduled for next Sunday, has been postponed until October 18.

The Parent-Teachers' Association of the Chestnut and East School, Vineland, elected Mrs. Coulter president; Mrs. Gattula, vice president; Miss Lawrence, secretary; Mrs. Barton, treasurer.

City Treasurer Powell of Gloucester City is preparing a list of boat houses on the river front, which he will advertise for sale for unpaid taxes.

Burlington business and professional men are interested in a movement to form a local branch of the Elks Club. Many members already have been obtained and temporary organization effected, with George T. Williams president; P. J. Perrinichief, secretary; Albertus L. Severance, treasurer.

Governor Edwards has appointed Richard P. Hughes, of Burlington, former keeper of the state prison, to represent New Jersey at the annual congress of the American Prison Association in Jacksonville, Fla., October 28 to November 2. The appointment is regarded as significant of Hughes' chances to return to his old post at Trenton upon the expiration of the term of Keppeler Mulhens, Republican, next year.

The entire town of Wenonah paid tribute to the memory of the late Dr. Charles H. Lawrence, mayor for 16 years and president of Wenonah Military Academy, at his funeral. Borough officials, firemen and representatives of other organizations attended the services at his late residence in East Willow street, Wenonah.

Swiss Have Right Idea.
The indigent unemployed, of
Switzerland are dealt with as an
economic question. The Swiss act on
the theory that a man who is unem-
ployed is, if left to himself, prone to
become unemployable, and that for a
community to permit any one of its
members who is capable of work to
remain unemployed is a public waste.

Test this Gasoline for Yourself, on the Road

HOWEVER sincere one mo-
torist's statement may be,
his experiences with his car
cannot be applied exactly to
your operation of your car.
Most drivers know that indi-
vidual cars have peculiarities.

We do not ask you to use the
improved "Standard" Motor
Gasoline simply because you
have heard that it is the best
on the market. We want you
to try it for yourself, accord-
ing to your own requirements.
On a basis of results, alone,
we would gladly have you de-
cide whether or not you should
use it regularly.

"Standard" Motor Gasoline
is a light, volatile fuel which

enables your car to start easier
and run more smoothly. It
has extra pulling power. The
recent improvements in the
product, made possible by the
work of our Development De-
partment, have made "Stand-
ard" Motor Gasoline the best
obtainable.

But remember that the final
test of gasoline quality is how
it performs in your motor.
Try "Standard" Motor Gas-
oline for yourself under vary-
ing road and weather condi-
tions. It will pay you to begin
at once.

A great combination is "Stand-
ard" Motor Gasoline for power
and Polarine for lubrication.
