By REV. F. B. STEWART, D. D.  
Teacher of English Bible in the Moody  
Bible Institute of Chicago.  
(© 1921, Western Newspaper Union.)

LESSON FOR OCTOBER 9

PAUL AT EPHESUS.

LESSON TEXT—Acts 19:1-6.

GOLDEN TEXT—Thou shalt worship the Lord thy God, and him only shalt thou serve.—Matt. 4:10.

REFERENCE MATERIAL—Rev. 1:4-7.

PRIMARY TOPIC—Paul a Loving Friend and Minister.

JUNIOR TOPIC—Paul and the Silver-smiths.

INTERMEDIATE AND SENIOR TOPIC—Experience in Ephesus.

YOUNG PEOPLE AND ADULT TOPIC—Planting the Gospel in a Center of Persecution.

I. John's Disciples Become Christians (vv. 1-7).

These twelve disciples had only been taught the baptism of repentance as a preparation for the kingdom of God. Paul taught them to believe in Christ, that is, to receive Him as the One who had on the cross provided redemption for them.

II. Paul Preaching in Ephesus (vv. 8-10).

1. In the Jewish synagogue (v. 8). His message is characterized by: (1) boldness. He realized that God had sent Him and that His authority was back of Him. (2) Reason. He reasoned with them. God's message is never sentimental nor arbitrary, but in accord with the highest reason. (3) Persuasion. It is not enough to come boldly with a reasonable message; it must be accompanied by persuasion. (4) Concerning the kingdom of God. He did not discourse on current events, literature, or philosophy, but upon the message of salvation through Christ.

2. In the schoolhouse of Tyrannus (vv. 9, 10). Paul's earnest preaching only hardened the Jews. When they came out and spoke openly against this way of salvation in Christ, Paul separated the disciples from them and retired to the schoolhouse of Tyrannus.

III. God Working Miracles by Paul (vv. 11-13).

So wonderfully did he manifest His power that handkerchiefs and aprons brought from Paul's body healed the sick and cast out evil spirits from those whose lives had been made wretched by them.

IV. A Glorious Awakening (vv. 17-41).

1. Fear fell upon all (v. 17). News of the casting out of these evil spirits created impressions favorable to Christianity.

2. It brought to the front those who professed faith in Christ while not living right lives (v. 18). They believed, but had not broken from sin.

3. Gave up the practice of black arts (v. 19). This means forms of jugglery by use of charms and magical words. All such are in opposition to the will of God; therefore no one can have fellowship with God and practice them. They proved the genuineness of their actions by publicly burning their books. Though this was an expensive thing—valued at about \$12,000—they did not try to sell the books and get their money back. When you find you have been in a wrong business, make a clean sweep of things; burn up your books on Spiritualism, Christian Science, etc.; empty your whiskey and beer into the sewer, and have a tobacco party similar to the Boston tea party.

4. Uproot of the silver-smiths at Ephesus (vv. 23-41). (1) The occasion (vv. 23, 24). This was the power of the gospel in destroying the infamous business of Demetrius and his fellows. It was clear to them that idolatry was tottering before the power of the gospel. They were not interested particularly in the matter from a religious standpoint, but because it was undermining the principal business of the city. (2) The method (vv. 25-29). Demetrius, a leading business man, whose business was the stay of others of a similar nature, called a meeting and stated that much people had turned from idolatry and that the market for their wares was materially weakening. He appealed to his fellows (a) on the ground of business, saying "This, our craft, is in danger of being set at naught," (v. 27). (b) On the ground of religious prejudice. He said "The temple of the great goddess Diana should be despised" (v. 27). He became quite religious when he saw that his business was being interfered with. His speech gained his end; the whole crowd was enraged and yelled in unison; "Great is Diana of the Ephesians." The mob was quieted by the tact and good judgment of the town clerk.

The Fall of Jerusalem.

And Nebuchadnezzar, king of Babylon, came against the city, and his servants did besiege it. And he carried away all Jerusalem, and all the princes, and all the mighty men of valor, even ten thousand captives.—II Kings, 24:11 and 14.

The Day of Wreckoning.

And they consider not in their hearts that I remember all their wickedness; now their own doings have beset them about; they are before my face.—Hosea, 7:12.

Glover, R.	330

There were 38,924 voters registered in the county. Of this number 16,135, a little less than half, voted. The number of ballots rejected was 124.

## County Republican Committee in New Hands

When the County Republican Committee met to organize at Mount Holly yesterday afternoon the result was a complete reorganization from the top down.

William H. Heisler, Jr., was elected temporary chairman, and Mrs. Russell Burley, of Burlington, temporary secretary.

Evan F. Benner, of Moorestown, nominated William H. Heisler, Jr. for chairman, and Frank S. Herr, of Moorestown, proposed Joseph L. Thomas, the former chairman. Mr. Thomas declined. Mr. Reeves was elected. Mrs. Clara E. Haines was elected first vice chairman and Mrs. Nellie Russell second vice chairman. Alfonza Adams was elected secretary and Carleton Haines treasurer.

A resolution was passed that the executive committee be composed of nine women and nine men. A nominating committee composed of Stuart McFarland, Mrs. Nellie Russell and Mrs. Clara Haines was appointed to recommend nominations for the executive committee. After a conference they reported the following names, which were unanimously elected: Mrs. Clara E. Haines, Mount Holly; Mrs. Nellie Russell, Springfield; Mrs. Isabelle Burley, Burlington; Mrs. Lela M. Bowen, Riverton; Dr. E. Weeks Metzger, Riverside; Mrs. Caroline Stockwell, Moorestown; Mrs. Elsie Busby, Chatsworth; Mrs. Corline H. West, Beverly; Mrs. Anna Newcomb, Browns Mills; William H. Reeves, New Lisbon; Stuart McFarland, Mount Holly; J. Lloyd Wright, Medford; George Machalis, Roeboling; Lang Thorne, Bordentown; Charles R. Stout, Florence; Charles H. Folwell, Mount Holly; William H. Heisler, Jr., Pemberton; Joseph H. Mattack, Burlington.

A committee on rules composed of Charles Stout, John Coates and Joseph Mattack, were appointed to report at the next meeting.

A motion was made and carried that the committee endorse the whole Republican ticket as nominated at the primaries.

Mrs. Henry J. Sherman, member of the State Republican Committee from Burlington county made a short address, in which she said that speeches, letters and all that were well enough and helped, but that results were only obtained by hard work. She said she was glad to see so many of the women who had gone into the work last year when it was all new to them and required a bit of courage, had been regularly elected members of the county committee this year. Mrs. Sherman paid a tribute to the fine spirit of confidence and co-operation that had been shown by the women in politics by the men in Burlington county.

Henry P. Thorne, of Medford, also a member of the State Republican Committee, said that Burlington county was recognized as having one of the best organized committees in the State. He said that this must not be considered an "off" year, and that if New Jersey failed to get out its vote this year the effect would be felt next year when a governor is to be elected. Mr. Thorne spoke of the increasing interest on the part of the individual voter in the affairs of his party, as evidenced by the large number of dollar subscriptions received, whereas formerly the expenses of the party had been paid by a few men of means.

The meeting adjourned at the call of the chair.

## Porch Club

On Tuesday afternoon, October 11, at three o'clock, there will be an open meeting at the Porch Club. Virgil V. Johnson, general secretary of the National Association of the Travelers' Aid, will give an address on his work. All are cordially invited to attend this meeting.

## WEEKLY NEWS BUDGET for Riverton and Vicinity

## Buy It at Home!

During September there were two marriages, three births and one death in Riverton.

An examination for post office clerk will be held at the Riverton office on October 15.

A charity ball at Camp Dix last week for benefit of the Burlington County hospital, cleared \$1600.

Mrs. Ross Mattis and children have returned from Atlantic City, where they spent the summer.

Mr. and Mrs. Hensen, of West Philadelphia, are guests of their daughter, Mrs. Charles Wanger.

Miss Eaves, of 416 Lippincott avenue, will entertain the Bright Hour Circle Monday afternoon at 2.30.

The management of the Riverton football team has secured accident insurance on all of the players this year.

Mrs. L. M. French, who has been visiting Mrs. L. A. Flanagan, is this week, will return to her home in Stamford, Conn., Saturday.

Invitations have been issued by Mrs. Nellie Cavanna for the marriage of her daughter, Augusta Helene, and Dr. Webster Merchant Moriarta, of Saratoga Springs, New York, on October 22nd.

A rummage sale will be held in the gas office on Thursday and Friday, October 13 and 14, for benefit of Women's Auxiliary mission fund. Donations of articles greatly needed. Phone 11.

A surprise miscellaneous shower was given to Miss Augusta Cavanna on Saturday at her home by her sister, Mrs. C. P. Padmore, of Wilmington. Many beautiful gifts were received by Miss Cavanna.

The Y. W. C. A. will hold a social in the Porch Club on Wednesday evening, October 12th. There will be special games and music and it is earnestly hoped that many new members will be present at this meeting.

Miss Hannah H. Chew, supervising principal of the Riverton public school, is the leader of a teacher-training class which has begun work in Calvary Presbyterian Sunday School with an excellent enrollment.

Mr. and Mrs. S. S. Daniels went West on Thursday to visit their daughters, Mrs. Walter M. Bond, Evansville, Ind., and Mrs. Charles E. Schiester, Massillon, O. They expect to return the first of November.

The boat race last Saturday in the L. I. Class was won by F. W. Robertson, with Rex Showell second and Ogden Mattis third. The standing of the three contestants by points is now as follows: Showell 16, Robertson 15, and Mattis 13.

The Riverton Free Library has just received its first invoice of one hundred books from the new Burlington County Traveling Library. About half of the books are new fiction, and the balance is made up of juveniles and class books.

Mr. and Mrs. Charles DeLaney, of Thomas avenue, are receiving congratulations upon the birth of a son, Charles DeLaney, 3rd, on September 29th. Mrs. DeLaney will be remembered as Miss August E. Flynn, of New Jersey avenue, Palmyra.

Donation week at the Cinnamon Home will be the week beginning Monday, October 10. Provisions or donations of any kind will be gratefully received. Donations may be sent to Mrs. Alexander Marney, Jr., Main street. Phone 202. 10-7-21

Thursday night of last week the residence of Mrs. S. W. Leeds on the Riverton-Westfield road was broken into and robbed. The place was most thoroughly ransacked, bureau drawers, closets and trunks being turned topsy turvy in the search for valuables.

George M. Harris has been drawn to serve on the grand jury. Those selected for the petit jury from this neighborhood are: Charles Turner, Cinnamon Township; Mrs. Evelyn D. Roach, Maurice Schwartz and William B. Powell, Palmyra; and Harry Rice, Riverton.

While running across Broad street to catch a train that was just pulling out of the station about seven o'clock yesterday morning, Miss Alice Taylor, a relief operator at the telephone exchange, ran into the Oliver Bakery delivery truck and was knocked down. Her ankle was broken and she received severe cuts and bruises. After first aid treatment by Dr. Witte Miss Taylor was taken to Hahnemann hospital. She lives at Collingswood.

Work on the Palmyra-Tacony ferry is coming on apace. The Simpson Brown Company has started to drive piling for the ferry slip on this site. A \$38,000 contract for the complete work. The work on the Pennsylvania side has been practically completed. The company has leased a piece of ground on the river bank, north of the entrance, to Oscar Rutschman for an elaborate automobile service station. As part of an extensive publicity campaign the company has placed a large sign at Atco and another at Berlin, calling attention to the new ferry.

Dr. McComb, of Somerville, spoke before a meeting of Episcopal Sunday School workers in Riverside Wednesday evening, and told how they were having religious instruction in connection with the public school in Somerville. About a year ago the ministers of all the churches arranged with the Board of Education that school be dismissed at 11 o'clock each morning and the children go to their respective churches for an hour instruction. A part of the teachers accompany the children, and the others remain in school to teach the children who prefer not to receive religious instruction.

## Curb Market

Come buy your food at the curb market in front of the Library, on Saturday morning, October 15th, at 9 a.m. All kinds of vegetables, breads, cakes and fruit. Help the Library and benefit your supper table by this opportunity. Come buy.

## A Card

I wish to thank all those who aided in my nomination for Surrogate at the Republican primaries last week and to express my deep appreciation of the support I received from my friends throughout the county. I elected at the general election, as I expect to be, I shall endeavor to so conduct the office as to justify the confidence that has been reposed in me.

MICAHAH E. MATLACK

## Fine Attendance at Public School

At the meeting of the Board of Education Monday night, Miss Chew, supervising principal, reported an average attendance during September of 99.9 in the fifth grade, and 99.2 in the eighth grade. The fifth grade boys and the seventh grade girls had 100% attendance. There was no tardiness in the second, third, fourth and fifth grades.

The health of the children was reported good, though a few are still out owing to whooping cough.

Miss Chew reported a fine spirit of interest and co-operation on the part of both teachers and pupils. The use of the auditorium was granted to the Porch Club on the 25th.

## Women Voters and Jury Duty

## To Women Voters of Burlington County:

Some women fear that if they vote they will be eligible for jury duty. There is nothing in this whatever, as the question of voting does not enter into the eligibility of women jurors, and makes no difference.

Any woman who is not registered this year, can be registered October 18, 1921, by applying to the district board of registry and election, which shall meet in the election districts assigned to them for the purpose of registering voters for the next succeeding general election.

Do not let the fact that you are subject to be called on to perform jury duty scare you from voting. It is the privilege and duty of all voters to cast their ballot for the very best candidates running for office, and not fail to vote at the polls. The only means we have for securing clean politics and good government.

Yours in the service,

A WOMAN VOTER.

## Open Bank Avenue

To Editor The New Era:

During the Campaign for the nomination of Mayor, our townsman Robert Biddle, quite distinguished himself in his various flights of fancy and woeful predictions as to what would happen should Chas. A. Wright be fortunate enough to have a friend filling the office of Mayor. At this time, to but one gem of inconsistency on his part which was the stating to one of my friends that I wanted to close Bank avenue. Now as a matter of fact, which by the way, is on record for the past twenty years, I have been the only bank resident that strongly advocated during all that time, degrading the bank road to the Borough Government. Every official in every Borough administration in that period knew it, or at least ought to have known it, and if Messrs. Myers and Biddle wish to close Bank care to, they could show him minutes of a meeting in the late Edward B. Showell's house, twenty years ago, proving that I was the sole advocate of dedicating the bank road to the Borough. I should add, much against the opposition of these gentlemen. Notwithstanding this being on record, I have been informed that Robert Biddle states that I do not, nor ever did, wish to close Bank avenue. I wish it open so much that had I my way, I would invoke the right of eminent domain, condemn, pay the necessary damages to the owners, and open the Bank road right through to Pompton creek, which would open up wonderful possibilities for athletic fields, and could with infinitely less trouble secure from the Messrs. Drer, enough of the mainland and then secure the riparian grant and fill in enough space for a splendid athletic field, and also bathing beach. I do not advocate the opening of the upper bank road with any feeling of vindictiveness, but as a conviction of 25 years that the local government should have jurisdiction over the whole bank and adopt some comprehensive plan for its beautification and adaptation to park purposes in the interest of the whole people.

It seems manifestly unjust that a few wealthy and exclusive citizens on the upper bank can reserve for themselves those beauties of Nature that God manifestly intended for all.

CHAS. A. WRIGHT.

Building and Loan Associations are organized to promote regular systematic thrift; to pay a liberal interest rate and to lend money to shareholders for the purchase of their own homes.

Each share matures for approximately \$200.00 in about 11 1/2 years. Interest approximates about 8% simple.

Shareholders may borrow on their shares for the purpose of improved real estate.

Building and Loan Associations are permitted by law to earn 80% of the value of a piece of property, upon the approval of the association's directors.

Building and Loan mortgages are reduced by regular monthly payments, which include principal and interest.

When the last monthly payment is made, the shareholder is the owner of a piece of property with free and clear title.

ALL the profits of Building and Loan Associations are apportioned among all the qualified members.

The expense rate of Building and Loan Associations is amazingly low. Salaries are few and meagre. Most of the necessary work is done without expectation of pay.

Traditions Lasting

Tradition seems to have as powerful a hold upon the minds of the most highly civilized as well as the most barbarous peoples. For 500 years all rulers of Great Britain have been seated upon the traditional stone of Scone to be crowned. When Jacob, patriarch of Israel, had his vision of a ladder extending from earth to heaven with angels ascending and descending, he set up a cairn or monument in commemoration of the event, crowned it with a block of stone, which he had used as a pillow while he slept and the place was called Beth-el. A long train of traditions attaches to this stone.

There are no springs or levers in the Dunn-Pen to get out of order. Nothing to crack, rot, split, or spring leak. The pump of a Dunn-Pen was operated 16,000 times on a test machine without showing the slightest wear, more than you would pump it in over 100 years. And this pen is now writing with perfect satisfaction. There is one at The New Era office for you. Advertisement.

## Recital on New Organ

The new pipe organ which has just been installed at the Epworth Church at a cost of \$10,000 will be dedicated with a recital next Tuesday evening, October 11.

Walter St. Clare Knodde, the famous organist, will render a number of selections, accompanied by Miss Marian Robinson. The program starts at 7.15 and is as follows:

Organ—concert overture, Foulkes

Contraalto solo, "Melinda in the Wood" Goetz

Mrs. Ralph S. Rivers, Palmyra

Organ Communion in D-flat, Gustate Canzona Wolstenholme

Melody Ole Bull

Caprice Guilmant

Quartet—Mrs. A. L. Wilson, soprano, L. Wilson, tenor, Mrs. R. Rivers, contralto, and H. W. Dillon, bass.

Organ, "To the Evening Star" Wagner

Spring Song Macfarlane

The Lost Chord Sullivan

Grand March from Aida Verdi

A silver offering will be taken.

## Parent-Teacher Reception

The fifth annual reception to parents and teachers by the Riverton Parent-Teacher Association to the school in the school auditorium last night, with a large attendance.

An address of welcome was made by Mrs. L. R. Carpenter, the new principal of the school, and responded to by Miss Hannah H. Chew, supervising principal of the school.

Mayor William E. Bennett spoke briefly of the benefits of the Parent-Teacher Association to the school and to the community, and congratulated the officers and members on having such a fine organization.

The program included selections by the Palmyra High School orchestra and vocal solo by Mrs. John F. Hackett, of Riverton, and Miss Wick, of Philadelphia.

The auditorium was beautified with flags and flowers, rugs and "comfy" chairs.

## Disarmament Meeting

Dr. O. Edward Janney, of Baltimore, will speak on the most timely subject of disarmament, in view of the coming Conference in Washington, D. C., on October 11.

The meeting will be held in the Meeting House, on Saturday evening, at 7.30, October 15th. Everyone is invited to come. Transportation can be arranged for by telephoning Clement B. Lewis.

## Football

The Riverton football team will open its home grounds at Seventh and Lippincott avenues, Saturday, October 8, at 3.30, and will have as their opponents the strong Metro team of Germantown. A good, hard game is expected. Turn out and root for the home team in the first game to be played on the new grounds.

Over two hundred football lovers took the trip from Riverton last Saturday to Woodbury and saw Woodbury hold Riverton to a 14-14 score. It was Riverton's victory up until about twenty seconds to go, when "bang" something went wrong and one lone Woodbury man was seen darting toward his own goal with the pigskin clutched within his hands.

Coe started the game by kicking off to Reimer who brought the ball back to Woodbury's 25-yard line. On the first down Woodbury tried a forward pass which Strohlenn nabbed and Riverton then began a steady march down the field, and on repeated line plunges by Coe, Wright and Jamison, took the ball over for the first score.

Everything was pretty quiet then until the third quarter when Riverton again scored on a 20-yard run by Paul Holvick, who recovered the ball when Mehrtor, of Woodbury, fumbled after trying to kick. Holvick and Bowers have the makings of great football players. Their defensive work was the best on the Riverton team.

Woodbury scored in the same period when Riverton's defense went all to pieces and they had no trouble at all in reeling off five hard yards on every down.

With the score 14-7 things began to happen right after the defense had held Woodbury for downs on Riverton's 8-yard line. Riverton then started a steady march up the field, on nice gains by Art Wright, who, by the way, put up the best offensive Riverton had to offer. He had one of 35 yards.

Old Home Day committee chairman met Thursday evening to arrange the paying of various bills. It was found that total expenses were \$136,631 and the total funds raised \$120,950. This leaves a deficit of \$15,681. In view of the great success of the celebration and the way everybody enjoyed it, the committee hopes that enough further contributions will be made to enable all obligations to be speedily liquidated.

**Realization Exceeds Anticipation**  
Thousands of happy people, bright lights, music galore, dancing, hundreds of old acquaintances renewed—all this on Broad street at once, such was Palmyra's great Old Home Day last Saturday.

Estimates of the number taking part in the general festivities at their height vary, ranging from 10,000 to 15,000. Over 500 guests registered, but the number of visitors was much larger than that.

Activities started in the morning, when the boy and girl scouts began meeting the trains to aid arriving visitors, direct them to their destination and supply them with programs. The Scouts were busy all day long and performed a multitude of duties with great thoroughness.

The girls' committee soon started a series of contests and other events for the youngsters and aroused great interest.

Directly after noon began the exercises in the grove with an address of welcome by J. Otto Thilow, and a reply, feelingly delivered, by George C. Baker. The whole assemblage sang appropriate songs and the band played stirring music. Mr. Baker wound up his speech by directing everybody to the game between the old-timers and the Field Club team.

The climax came in the evening. There was street dancing, a free open air movie, and jubilee singers in the grove.

During the evening the members of the Old Home Day committee, delighted with the success of their venture, organized a parade with red fire and, headed by the Beverly Accordion band, marched down Broad street and were much applauded by the onlookers.

The great display of fireworks took place at ten o'clock. The music and dancing continued long afterwards, however, and it was after midnight when the curtain was finally rung down on Palmyra's greatest celebration.

The greatest thing about the celebration was not the bands, nor the fireworks, nor the many other attractions. It was the Old Home Day spirit. Friendship and comradeship reigned among visitors and citizens, and many eyes were turned to the emotions shown when some aged former resident would greet another whom he had not seen for perhaps twenty or thirty years.

## Legion Emblem Taken from Veterans Grave

The regular monthly meeting of Post Rodgers was held last Tuesday evening in the club rooms at which time a lot of business was transacted.

The Frederick M. Rodgers Post of the American Legion had the honor of paying its last respects to Frederick M. Rodgers after whom the Post is named. The grave was marked with a large American Legion emblem, made of bronze. It was placed on the grave at 11 o'clock in the morning and the funeral was over about 3 o'clock. At 5 o'clock the emblem was gone. The Frederick M. Rodgers Post of the American Legion gives fair warning to the person who stole this emblem, that if it is not returned to the grave immediately the Legion will punish the offender to the full extent of the law.

It was brought to the attention of the members present that there is a shortage of about \$400 in the Visiting Nurses Fund, and as the Legion is ready and willing to do all it can to help the town in general, it made a donation of \$10.

The Post was presented with the flag which covered the casket of Frederick M. Rodgers, by the deceased's mother. It is the pride of every member of the Post. The flag is on display in the handsome case presented to the Post by the hard-working Ladies Auxiliary.

\$500,000 LOAN ON  
JERSEY POTATOESWill Finance 600 Growers With  
20,000 Acres Through  
Next Year's Crop.

## "SAPIRO" MARKETING PLAN

Co-operative Organization Represents  
60 Per Cent of New Jersey Production—Central is an Alliance  
of Two Locals.

Trenton.—Within the next week New Jersey potato farmers, who are organized on a co-operative basis, will take steps to arrange for a \$500,000 loan for financing next year's crop of New Jersey potatoes. It is estimated that this loan will place on a basis of commercial efficiency over 60 per cent of the potato growers of the New Jersey district, or central potato belt, as it is called.

The organization primarily interested in the loan is the New Jersey Potato Growers' Association. This co-operative marketing association has a membership of 600 farmers and represents an acreage of 20,000 in the potato district composed of Monmouth, Middlesex and Mercer counties. The central committee of the association reports that the association did a business of a little over \$3,000,000 on the last crop. The central is composed of an alliance of two locals, known as the Monmouth County Potato Growers' Co-operative Association, with headquarters at Freehold, and the Gladstone Potato Growers' Association at Hightstown, where the central office is also located.

In order to be enabled to avail itself of the "collective credit" system of borrowing the potato growers are now conferring on the various financial, legal and economic advantages of the "Sapiro" plan of co-operative marketing with Julius Langner, organizer of the New Jersey Poultry Producers' Association, and many other co-operators in the country.

Mr. Langner gave out a statement from the office at 182 West Forty-second street, New York, eastern headquarters of the co-operators, in which he said that the plan of financing the farmers which he had presented to the New Jersey potato growers will include the furnishing of credit to the farmers by the association for seed and fertilizer, which is to be purchased by the association in bulk. He stated that the plan also provided for the financing of auxiliary corporations, to be owned by the association, to operate loading and grading stations. The loading and grading, which are now done by private corporations, add greatly to the price of potatoes, amounting to about 14 cents a sack of 100 pounds.

As an indication of the stability with which the farmers' potato co-operative functions in New Jersey, said Mr. Langner, "is the fact that in the last year only two out of 600 members failed to keep their contracts with their own association. This is a highly important and significant fact when it is explained that the basis of the proposed credits will be the association's contract with the farmer. In other words, the farmer will bind his crop over to his association in order that it may be used as a security for the credits provided for."

**State Purchasing Agency**  
Addressing the annual convention of the state treasurer, state comptroller and state auditors at Atlantic City, Joseph M. Coyne, assistant state purchasing agent for New Jersey, declared that his department feared no political power or influence. According to him, no favorites are played in the purchasing of millions of dollars' worth of materials and supplies for New Jersey annually, with the result that there is saved to the state many thousands of dollars.

He said that the total purchases of the state amounted to nearly \$4,500,000 every year. On 17 items of food alone in one year the state paid \$44,000 less than the average market price, resulting in a clear profit on these particular items of that amount, he said. He explained that by the average market price was meant the best wholesale price at the original source of supply.

"On 15,000 tons of coal in one year," said the speaker, "we bought at a price of \$1.40 a ton under the market price, making a saving of \$21,000, and the coal was delivered subject to our analysis, guaranteeing to us the quality we wanted. On one item of printing during the present week we secured a price of \$2,500 less than the usual agency itself, which had endeavored to get a fair estimate. In the recent equipment of a newly created department we purchased one standard article in the quantity desired for \$540 less than other states paid for the same article."

"When New Jersey buys she knows what she wants and how much she will pay, and let me impress this upon you, when she buys she gets what she buys. As evidence for this I refer you to a list of undesirable vendors, on file in the department, who thought otherwise. If a vendor attempts to supply inferior quality or is in any way careless with the state's business he is denied further opportunity to do business with the state. We have no favorites, and we fear no power nor influence. Quality, price and service get New Jersey's business, and in consequence we know we are buying at a saving to the state."

"As to our ideals, we feel we are a department of service and held it as our duty not only to purchase what an agency needs at the lowest price, but to help that agency ascertain its needs. We know that upon us depends the duty of advising the Budget Commission as to costs or approximate costs, to advise the department of institutions and agencies as to per capita costs on items of purchase, to confer with the controller and the legislative committees as to general market or other conditions that might influence expenditures and to make available to all state agencies any information necessary in determining their requirements of purchase."

He explained that his department dealt with no middle man nor jobber unless there is no way out of it. The association formulated plans for the expansion of the organization to embrace all organizations of state officials.

**Talk on Bond Issue Criticized**  
With the automobile interests of the state preparing to launch another move at the coming session of the legislature for a \$500,000 highway bond issue, considerable agitation was aroused in organization circles by an address at Morristown by Recorder W. Eugene Turton of Irvington, chairman of the legislative committee of the Associated Automobile Clubs of New Jersey, in which he voiced disapproval of the proposed methods of raising highway funds.

It is the legislative committee of the Associated Clubs which will be among the leading opponents of the proposed passage of the bond issue at Trenton this winter. The club, together with many other organizations, went on record as favoring the issue at a meeting held in Hackensack the latter part of June.

In discussing the matter Horace A. Bonnell of Newark, a director and chairman of the Good Roads Committee of the Associated Clubs, said that he could not understand Mr. Turton's attitude, in so much as he represented a committee which was expected to fight for the bond issue.

**Want Double Road Fund**  
State Highway Engineer Wesser has joined with road officials of other states in asking Congress to vote a double appropriation of federal highway aid for 1921 and to make it available immediately.

Mr. Wesser urges active organizations to give their active support to the national movement started by the highway officials of the several states and endorsed by citizens appreciating the present unemployment conditions. He hoped for accomplishment, says the highway department, is work for thousands of men now idle during the winter. The campaign follows suggestions on the general subject by Secretary of Commerce Hoover, whom President Harding recently directed to call a national conference to devise relief measures and remedies.

The plan as outlined by highway officials is for every man and woman, both as individuals and through organizations, to ask United States Senators Frelinghuysen and Edge and congressmen to give their support and influence to obtain the double appropriation to relieve the unemployment situation.

**Taxing New Dwellings**  
The State Board of Taxes and Assessments in a circular letter addressed to taxing officials in response to many inquiries concerning the interpretation to be given to the law of 1920, which was intended to exempt from taxation for five years dwelling houses constructed between October 1, 1920, and October 1, 1921, declared that the law was intended to give "binding instructions to assessors," but makes a statement which is "intended to cover in a general way the questions which have been submitted."

**School Tax Increase Opposed**  
John P. Murray of Jersey City, member of the State Board of Education, is opposed to the levying of a 6 mill state tax for schools.

To double the state school tax at a time when the people are suffering from overburdened taxation is inadvisable, in the opinion of Mr. Murray, who insists that as the schools form part of a state system there should be an equalization of taxation for that purpose.

In rural communities in particular, he states, rates do not represent 50 per cent of the valuation as found by the taxing authorities. Because of this fact the larger counties, particularly Essex and Hudson, where properties are assessed at nearly true value, are compelled to contribute too large an amount toward the support of schools.

Efforts by Mrs. Seymour A. Cromwell, who urged the state board on behalf of various women's organizations to go on record in favor of a state tax increase from 2½ mills to 6 mills, did not succeed.

Mr. Murray had reviewed the school tax problem and had urged the board not to favor the proposed increase until after those interested should be given an opportunity to be heard. Mrs. Cromwell agreed that the situation might be a complex one. She insisted that some alternative should be offered to relieve the rural school districts.

Several of the members of the board, including Robert L. Cox of Montclair and Oscar W. Jeffrey of Ringwood, advocated some relief, but were distinguished to be recorded as favoring or opposing the suggestion by Mrs. Cromwell without additional information.

NEW JERSEY  
STATE BRIEFS

Alleging careless and negligent operation of the steam yacht Benedict on Lake Hopatcong September 10, 1920, Roswell D. Tompkins has brought suit for \$25,000 damages in the United States district court against George Humes of Lake Hopatcong, owner of the vessel. The suit is the outcome of an accident when the Benedict ran down a rowboat, of which Mrs. Mary A. Tompkins was an occupant. Mrs. Tompkins was drowned.

Utilization of Buyers' Week as a wedge to break into the business depression and unemployment condition was urged by Mayor Archibald W. Newark at a meeting in the city hall to formulate plans for the observance. Fifty-one manufacturers, merchants and other business men pledged their support to the movement.

The city commissioners of Bayonne at a meeting decided to take action to amend the Public Service Railway Company operating cars with flat wheels. Commissioner Talbot favored arresting the motormen and conductors of cars with such wheels.

Lieutenant Colonel Edward B. Stone of Burlington has been placed in command of the One Hundred and Fourth Infantry, Federal Reserve, succeeding Colonel Winfield S. Grid of Camden, whose resignation was ordered accepted by Governor Edwards. At the same time the resignation of Major C. Frank Burr of Trenton, in charge of the Second Battalion of the One Hundred and Fourth, also was directed to be accepted.

For the first time since the trials of the indicted freeholders and contractors started a jury brought in a verdict of guilty at Cape May Court House against Freeholder Joseph MacKisic of Lower Township. In the indictment, which charged malfeasance in office, MacKisic was accused of causing to be used \$500 or more of the county money for the repairing of green Springfield lane, a small thoroughfare commonly known as Nunmytown road.

Judge J. Warren Davis of the United States district court will serve as New Jersey chairman for the Woodrow Wilson Foundation, according to an announcement by Cleveland H. Dodge, chairman of the Executive Committee of the Foundation. Credit for the appointment of Judge Davis should be given, Mr. Dodge said, to the retiring chairman, Judge Thomas G. Halght, who has been forced to resign for reasons of health.

Under the supervision of Central Labor Union a disarmament demonstration will be held in Trenton Armistice Day, November 11. The organization will be assisted in its plans by civic bodies of the city. The parade will be in line with similar demonstrations to be conducted throughout the country under the auspices of "the American Federation of Labor."

Boyd McPherson, a farmer near Fishing Creek, accompanied by his wife and two neighbors, was driving up the Bayshore road and saw a black snake six feet long crawling up the trunk of a house of Charles Smith in Fishing Creek. Stopping, they went back and informed Smith of his visitor, but Smith said: "Oh, that's nothing. I often find snakes in my garret. In the fall they go up there to stay during the winter."

A large delegation from Nassau county, N. Y., has been in Salem county placing orders for seed potatoes. A petition has been filed in the United States District Court, asking that Abraham R. Freides, a Bridgeton merchant, be declared a bankrupt. Freides has fled the state and personal service of a subpoena could not be made upon him, hence a notice has been published at the direction of Judge Hellstab fixing October 17 for a hearing on the petition. Freides conducted a woman's garment shop and was also interested in a manufacturing enterprise.

After Mrs. Mary K. Post, American Legion, Pitman, with other officers: Vice commander, John W. Kelly; adjutant, Charles Devons; financial officer, Charles Foster; chaplain, Rev. E. O. Clark; historian, Edward Willoughby.

**Giant Australian Trees.**  
In Australia the eucalyptus tree grows to unusual size, and at the famous exhibition of 1881 there was displayed a board that was 148 feet in length that was sawed from the trunk of one tree, while pictures of others were shown that were as much as 18 feet in diameter.

## NEW DRUG STORE

Makes Big Hit

Everybody made happy on our Opening Day. Without doubt it was the biggest day Palmyra ever had, and a very fitting day for Palmyra's latest enterprise to have OPENING DAY on.

We know our business (drug business) from A to Z. We know what kind of a drug store the people of the town want. We are here for that purpose. Old timers and new comers praise our effort and accomplishment, telling us they never dreamed it could be done.

Palmyra is growing. Broad street is developing towards Riverton. If you want to keep up with the times, deal with Smith's New Drug Store, the store with fresh stock and new ideas, the drugstore who is old in experience.

## Big Savings on Gas Ranges

We're clearing our floors of ranges now on hand. Every stove must go, including our special feature ranges, many types of which are sold exclusively by us. All are perfect stoves, best makes, and desirable models.

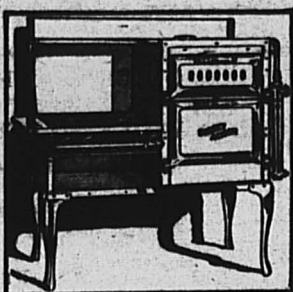

These substantial reductions make our ranges the gas range bargains of the year.

This handsome Reliable range—Recent price \$86.35. Now \$79.35 cash. Last May the price was \$94.80.

A once in a while opportunity to get one of these famous semi-enamel Direct Action Lorain Regulator ranges that "cook and can without the cook." Recent price \$99.95. Now \$91.95 cash. Last May the price was \$110.86.

Here's your chance to have a beautiful white all-enamel inside and outside, nickel-trimmed Direct Action Lorain Regulator range. A splendid example of 20th century gas ranges. Recent price \$188.55. Now \$168.55. Last May the price was \$216.45.

This George D. Roper Eclipse cabinet range with its polished steel splashers has a patented ventilated oven. Foods cook in fresh heated air. This is the original Eclipse range built according to specifications of the American Gas Association. Nothing skimped about this range. Full 16-inch oven. Enamelled pans and door panels and burner handles. High quality materials and workmanship throughout, will last a life time and always give satisfaction at the least cost for gas consumed. Now \$61.30 cash. Last May the price was \$79.00.

The prices on all ranges, except where noted otherwise, include a top-burner lighter and connection from kitchen fuel outlet. All ranges can be bought on monthly payments at prices slightly more than noted. All other ranges, large or small, also reduced.

## The More Annoying and Common Motor Troubles are Avoidable

If your motor overheats frequently, misses, gives off vile-smelling exhaust fumes, requires frequent carburetor adjustments, carbonizes quickly at valve seats and spark plugs, it is probable that impure gasoline is the cause.

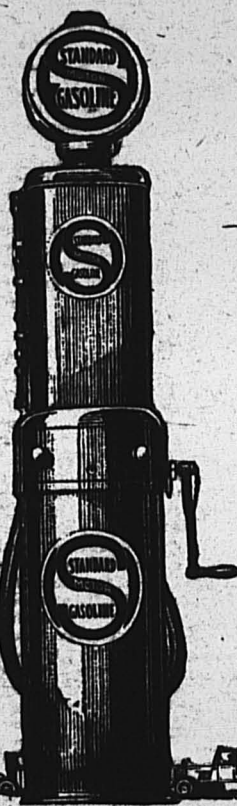

Have you ever really considered the reason for using a certain type of gasoline in your motor—or do you simply go to a dealer and ask for "Gas"?

The improved "Standard" Motor Gasoline has certain definite advantages that make it the superior of any other. These improvements were made possible principally by the long experience of our re-

fining experts and our access to practically every needed source and grade of crude petroleum.

It is for these reasons that we are able to produce consistently a well-balanced gasoline—gasoline that is not lacking in any essential factor. It insures a maximum of motor efficiency, cleanliness of combustion, smooth, strong pulling power and long mileage, because it is the well-balanced, all-round fuel.

"Standard" Motor Gasoline is the best you can buy—and it costs no more. Now obtainable wherever you motor.

## STANDARD OIL COMPANY (New Jersey)

### Every Knock a Boost--

The fellow who knocks our work is doing us no harm. On the contrary, he only arouses the other fellow's interest to look and see—and, nine cases out of ten, it means an order for us.

WHY? Because his own good judgment tells him that the other fellow was in the wrong.

Good work advertises itself. We have been in the business long enough to know that the people do not want cheap grade of material, cheap work and poor service, because they realize that such work cannot be "hastily" and where is durability more required than of your floors?

When your floors show signs of much needed repair, Write or phone us, and we'll be right there!

LESSON FOR OCTOBER 16

PAUL WRITES TO THE CHRIS-  
TIAN AT CORINTH.

LESSON TEXT—1 Cor. 13:11; 12:13-18.

GOLDEN TEXT—And now abideth  
faith, hope, charity, these three, but the  
greatest of these is charity.—1 Cor. 13:13.

REFERENCE MATERIAL—John 13:34; 14:15; Rom. 12:13-18.

PRIMARY TOPIC—How to Show Our  
Love.

JUNIOR TOPIC—What Love Does.

INTERMEDIATE AND SENIOR TOPIC—  
A Letter to the Church at Corinth.

YOUNG PEOPLE AND ADULT TOPIC—  
Some Problems of an Early Church.

1. Party Spirit in the Corinthian  
Church (1:10, 11).

In this church rival factions were  
contending against each other. Some  
were for Paul, some for Apollos, some  
for Peter, and some for Christ. The  
cause of this condition was failure  
to see that the membership composing  
the body cannot be divided. By one  
Spirit all were baptized into the one  
body (12:13).

2. Love the More Excellent Way  
(1 Cor. 13:1-13).

All of the Spirit's gifts are good,  
but the most valuable of all is love.  
Not all can preach or interpret  
tongues, but all can have the gift of  
love. Love in this chapter is the  
more excellent way of chapter 12:31.

(1) The Pre-eminence of Love (vv.  
1-3). It transcends (1) speaking with  
tongues. For men to possess the lofti-  
est eloquence and be lacking in love  
is to be as booming brass and clank-  
ing cymbal.

(2) The gift of prophecy—the ability  
to unfold mysteries. To be able to  
penetrate the mysteries of nature and  
providence is good, but to love is bet-  
ter.

(3) Faith of the most vigorous kind,  
even such as to remove mountains, is  
of less value than love.

(4) Philanthropy of the most gener-  
ous sort, causing one to surrender  
all earthly goods for the sake of the  
poor is praiseworthy, but unless actu-  
ated by love is valueless before God.

(5) Heroic devotion which leads to  
martyrdom is profitless unless backed  
by love.

2. The Attributes of Love (vv. 4-7).

(1) It is long-suffering and kind.

(2) It is free from envy. Those  
who love are entirely free from the  
spirit engendered because of the su-  
perior worth and success of others.

(3) It is free from boasting and  
vanity. Love strives to do good to all  
and is not careful to seek their admi-  
ration and applause.

(4) It is decorous. Love is always  
polite and mannerly; knows how to be-  
have at all times.

(5) It is unselfish. It is always  
seeking the good of others and is for-  
getful of self.

(6) It does not give way to passion.  
It does not allow itself to be aroused  
to resentment. It is not quick tem-  
pered.

(7) It takes no delight in evil; does  
not impute evil motives to others; is  
not suspicious. It is forgiving. Love  
has no sympathy with that which is  
evil, but sympathizes with that which  
is true; has a common joy with it.

(8) It beareth all things. It wraps  
itself in the gracious mantle of love  
and shuts all evil out.

(9) Love is trustful; it looks into  
the future with confidence.

(10) Love is hopeful; it seizes the  
things of the future and brings them  
into the present, appropriating them  
for its use.

(11) Love is firm. It is free from  
vacillation. It intelligently sets its  
attention to things that are right and  
with unvarying strength holds fast.

3. The Permanence of Love (vv. 8-13).

(1) It outlasts prophecy. Prophe-  
cy in the Scriptures means both a  
foretelling of events and the teaching  
of the Word of God. Prophecy as pre-  
diction shall be fulfilled; prophecy as  
teaching shall be brought to an end in  
that day when teaching is not needed  
(Heb. 8:11; Jer. 31:34).

(2) It outlasts speaking with  
tongues. The race once spoke the  
same language, but as a judgment for  
sin and rebellion God brought confu-  
sion and caused the people to speak  
many tongues. The day is coming  
when the redemption wrought by Je-  
sus Christ shall have been accom-  
plished in all its fullness; all nations  
shall be brought back to one tongue.

(3) It outlasts knowledge. The  
knowledge we now have is only rela-  
tive, but the day is coming when this  
relative knowledge shall be done away  
by the coming in of a wider and nobler  
intelligence; the twilight shall be lost  
in maturity, for at Christ's coming we  
shall see Him face to face and shall  
be like Him. Love will always abide,  
for God is love.

The Search for God.

The search of men for God has been  
an age-long search, throughout the  
centuries men have groped in dark-  
ness with the cry, "Show us God,"  
the deepest hunger of the heart, and  
the deepest perplexity of the mind.

When Phillips Brooks was called in  
to give some religious instruction to  
Helen Keller, spending her life in  
darkness and isolation, she greeted  
him with one sentence slowly spelled  
out. "Please tell me something that  
you know about God."—Wesleyan

Dear Friends:

This will acknowledge your magnificent gift enclosed with your letter of October 11th.

Such unselfish public spirit generosity is most encouraging and is much appreciated.

This gift gives us new spirit and energy to work out the problems before us. The writer at your suggestion takes this means of acknowledging receipt and expressing the thanks of the Trustees. Your \$100.00 will be added to the Endowment Fund.

This contribution gives us \$600.00 subscribed towards the \$1000.00 fund and we hope that the \$400.00 still remaining will soon be absorbed by other public spirited citizens.

Thanking you again, we remain,  
Sincerely yours,

Riverton Hockey

The Riverton Hockey team scored another victory Thursday afternoon by defeating the Merion Cricket Club team 10 to 1.

The Philadelphia Cricket Club and Riverton are now tied 10 to 10 in the hockey league. This will make next Tuesday's game an exciting one.

Philadelphia vs. Riverton, Tuesday, October 18th, 3 p. m., at the Riverton Country Club.

Each league team is asked to raise \$200 to defray the expenses of the English team, which is due to arrive in Philadelphia on Monday, October 17th. A series of international games has been arranged. On November 14th, the champions of the league are scheduled to play the English team. Riverton is making every effort to be at the top.

When the Riverton team has paid its \$200 allotment it can then concentrate on playing the game.

Anyone wishing to help make Riverton the champion team may do so by sending a subscription, however small, to either Mrs. Percy Ransome, or Miss Marjorie Marcy.

## MARRIED

Miss Rose A., daughter of Mr. and Mrs. Carl Wiberg, and Ben Benjamin Leach were married at the Methodist parsonage, Moorestown, Friday evening, October 7, 1921, by the Rev. J. R. Mason. Mr. Leach, who was immediately to their new home, which they recently purchased from E. L. Williams, at Cinnaminson.

## Disarmament Meeting

Dr. O. Edward Janney, of Baltimore, will speak on the most timely subject of disarmament, in view of the coming Conference in Washington, at Westfield Friends Meeting House, on Saturday evening, at 7.30, October 15th. Everyone is invited to come. Transportation can be arranged for by telephoning Clement B. Lewis.

## Foot Ball

Owing to the rain last week the Riverton foot ball team had to cancel its game with the Metro Club, and the first game of the season on the home grounds, Seventh and Lippincott avenue, will be played on Saturday, October 15th, at 3.30. The attraction will be the strong Magnolia team, and a great game is expected. The management wants everybody to come out and support the home team.

## Curb Market

Come buy your food at the curb market in front of the Library, on Thursday morning, October 15th, at 9 a. m. All kinds of vegetables, breads, cakes and fruit. Help the Library and benefit your supper table by this opportunity. Come buy.

J., on Friday evening, October 21, 1921, at 8 o'clock in the auditorium of the Riverton public school. The public is cordially invited. —Advertisement.

At a meeting of the board of trustees of the Riverton Free Library Tuesday night it was decided to ask for bids for installing electric lights in the library. This will be a great improvement, giving better light and making much less heat, which is objectionable in summer. It will also do away with smoking up the ceiling and walls. It is understood that an interested friend of the library is willing to paper it throughout if the electric lights are put in. An effort will be made to raise the money for the lights aside from the regular subscriptions, so as not to interfere with the income of the library on which its work depends. Anyone caring to contribute toward the new lights may send their donation to Robert Biddle, president of the Library Association, or leave at the Library.

## Porch Club

Tuesday, October 18th, will be "Daughters' Day" at the Porch Club. The meeting will begin at 3 o'clock, and will consist of an afternoon in the "Porch Club Nursery."

## Red Cross Meeting

## Shade Trees to Have Attention

At the meeting of the Borough Council last night the Shade Tree Commission presented a complete and detailed report on the work thought necessary to put the shade trees in Riverton in good shape, made suggestions as to their care and recommended considerable new planting. The estimate cost for the work during next twelve months is \$5000, about \$2000 of which will be needed this fall. Mayor Bennett said the report was a very valuable one, and confirmed recommendations that should be carried out if possible. The finance committee was instructed to find out how to proceed to finance the operations of the Commission until the next budget is made up. Clement Biddle Lewis and Richard D. Barclay, members of the Commission, were present at the meeting of Council and spoke in further explanation of the plans of the Commission.

The fire and water committee reported that all the fire hydrants had been flushed since the last meeting. The committee proceeded to a portion of the American-LaFrance factory at Elmira, N. Y., and a conference with representatives of the Riverton Fire Company. It was decided to purchase a new fire pump apparatus, as suggested by the committee from Council.

## Money for Memorial Park

The committee on a memorial park presented an ordinance as one of the preliminary steps toward securing by condemnation the purchase of a portion of the Dreer property. This ordinance provides for 13 4-10 acres of land, and for raising \$8000 to pay for it.

Another ordinance was presented providing for raising \$13,000 for the purchase of the new fire apparatus.

Both of these ordinances passed first reading, and will be published in full next week.

The ordinance establishing a building code passed second and third reading and was unanimously adopted. This code is now in effect, and the Mayor will appoint a building inspector to see that its provisions are complied with.

## Borough Can Take Over Bank Avenue

An opinion was read from the borough attorney stating that the borough had full authority under the law to take over Bank Avenue and make it a borough street.

## Golf Tournament Reaches Final Round

Ed Wood and Doctor Mills are the finalists in the championship golf tournament of the Riverton Country Club.

Whitney Frishmuth and Walter Rogers were put out of running in the semi-finals of the first sixteen last Saturday.

The steadiness of the steel pen manufacturer, veteran of many hard-fought golf battles, was too much for Riverton's Tobacco King—while "Doc" Mills' par medicine was too strong for Rogers, who was last year's champion.

Wood and Mills fight it out for the championship tomorrow in a 36 hole match.

The results of the semi-final round were as follows:

First Sixteen	Dr. Mills won from W. L. Rogers
E. S. Wood	Second Sixteen
F. Graff won from J. D. Clark	H. L. Hirst won from J. O. Wilson
Third Sixteen	S. H. Levin won from Robt. Clow, Jr.
Mercer Shreve	W. F. Billyeu

## Vassar Asks for \$3,000,000

Vassar, the oldest college for women in this country is unwilling to lower the high educational standard she has held for over half a century. This standard has been upheld through the loyal and devoted work of her faculty, the majority of whom now receive salaries lower than union wages for many kinds of labor. This is the first time in twenty years that Vassar has made a public appeal for help, and she is only asking now because there is no other way to obtain funds necessary to raise the scale of salaries to a fair level.

If you have no close association with this particular college, you may at least be interested to help maintain and to advance the ideals of education for American Women. Checks large or small will be welcomed by Mrs. James S. Coale, or the local treasurer, Miss Sarah R. Haines, Masonville, N. J.

The Knights of Columbus held their annual election at Riverton last week. The officers selected for the coming year are as follows: J. McDermott, Grand Knight; August E. Conlow, Deputy Grand Knight; Gerold T. Smythe, Chancellor; Harry Bradshaw, Secretary; Ferdinand E. Trudel, Lecturer.

## Attractiveness of Advertising.

The man who doubts whether advertisements are read is living in the past, says the Shoe and Leather Reporter. Editors are beginning to fear they will be crowded out, so attractive have the advertising pages become. The editor experiences difficulty in holding the attention of his readers today against the picturesque announcements of those who can have all the white space they are able to pay for.

## Fire Prevention Day

October the tenth was celebrated as "Fire Prevention Day." We had two plays in our auditorium exercises. The Eighth Grade had a recitation entitled "The Fire Demon's Boast." Nine people took part in the recitation which had some very good meanings to it.

The Sixth Grade had prepared a fine little play called, "Fire and His Helpers." The boys and girls were dressed to represent the different kinds of things which aid fire. The three important things represented were gas, electricity and fire. It is very interesting to know that the children made up their own pieces and costumes. Miss Phillips helped them organize and offered a few suggestions. They passed from the stage amid loud applause.

## Interesting Bits About Domestic Science

The first day of our Domestic class was a very pleasant one. As the Eight A section marched in, Miss Bozarth grouped us off in fours, so that there were four around each table. Then we were given numbers one, two, three and four. There were four tables so that there were two people that had the same number and did the same work. We cleaned out the kitchen cabinets, took all the labels off the sauce pans, and had a regular fall housecleaning.

## "Beautiful Flowers in Spring"

The growing of bulbs for winter and spring blooming has become an extremely popular feature, because it is invariably successful, inexpensive to attempt, affords an unusual pleasure, provides your own flowers in winter and spring and is an education and pastime for both young and old.

Any of our readers can secure free of charge, an instructive 80-page catalog from Michell's Seed House, 518-516 Market street, Philadelphia, which enumerates a complete list of bulbs with much information on their culture. Write today for a copy—it is free.

## PRAISE TEACHERS' PENSION FUND

New Jersey Trustees, at Annual Meeting in Trenton, Present Report of Prosperity.

### MEMBERSHIP SHOWS GAIN

Investments Reach Total of More Than Million and All Fear Retired—Number Retired During Year Was 42.

Trenton.—Trustees of the New Jersey Teachers' Pension and Annuity Fund in their report for the year ending June 30, 1921, express complete confidence that the fund has been established upon a sound working basis and that its condition is such that all possible demands of the future are adequately provided for. The report was submitted at the annual meeting of the fund held at the State House. The report shows that the total paid for pensions for a full year from July 1, 1920, to June 30, 1921, was \$869,420.41, while the annuities paid for a full year amounted to \$382,640.27, making a grand total of pensions and annuities of \$1,252,060.68. "If the experience of the past year will continue to be the experience of the coming years, and there is reasonable expectation that it will, the amount of annual pensions and annuities will seem to have reached its peak," the report says. "In other words, if past experiences prevail, it is not likely that the burden on the state on account of pensions will greatly increase over the present payment."

A remarkable gain in membership is shown in the report. For the year ending June 30, 1920, there were 6,437 members, while in the year following there were added 4,093, making a total of 10,530 members. Withdrawals numbered 718 and at the same time those members withdrew contributions and interest, as is provided by law, amounting to \$29,983.85.

The number of teachers retired during the year was 42, of whom 10 were men and 32 women. Their aggregate annual pension is \$25,500.77. Twenty-seven annuitants died during the year and there are also reported the deaths of 20 pensioners. On account of these deaths the fund is relieved of the payment of \$25,972.65, or a sum greater than the amount of new pensions and annuities granted during the year.

The total contributions of teachers during the year was \$708,143.98, while the total for the two years of the operation of the fund is \$1,183,980.73. Interest brings the total accumulations for the two years up to \$1,103,728.97. The fund holds municipal and school bonds and Liberty bonds representing a value of \$1,004,500.

The delegates to the annual meeting of the fund elected Samuel H. McIlroy, principal of the Madison Junior

High School, Newark, as a trustee to succeed James J. Hopkins, principal of the Dickinson High School, Jersey City. McIlroy received 29 votes and Hopkins 18.

### Election Law Changes

More changes for the voluminous and much amended Pierson election law are on the way. The latest revision proposed is intended to give candidates—state, congressional district and county—equal opportunities to head tickets, the drawing for places to be on the heads of individual municipalities. Assemblyman Arthur N. Pierson, father of the new election law, who is seeking an eighth term in the House, is preparing the amendments.

Mr. Pierson believes with others interested in political affairs that a considerable advantage is enjoyed by the person whose name appears first on the ballot as a candidate for an office and he also recognizes the fact that some aspirants run better than others in certain municipalities.

"The change in the law would provide that drawings for each municipality in a county would be held by a county clerk or the amendment may authorize municipal clerks to have their own drawings," said Mr. Pierson. "In any event, each candidate would have an opportunity for the leading place on his ticket in each municipality in which he ran."

Mr. Pierson declared there are also numerous minor changes necessary to make the act thoroughly workable and that, in the event of his re-election, he expects to have these ready for the early consideration of the Legislature. These amendments will be intended to end slight conflicts in provisions and to clear up possible misunderstandings where the act is not complete in its instructions to officials administering it.

"The officials are now using common sense in handling the provisions of the law and there have been no serious consequences, but these things look up from time to time and we want to make the law as clear as possible," said Mr. Pierson.

As originally introduced by Mr. Pierson in 1920 the new election law, which was a complete revision of the 1911 act, was in the form of a House bill of approximately 275 pages. Before it was passed more than 100 amendments were made. Then, in the 1921 Legislature, a new bill was sponsored by Mr. Pierson containing almost 200 pages and amending the original act. There were numerous changes in these amendments before the bill was passed.

To Work to Prevent Fires Supplementing Governor Edwards' recent action in naming fire prevention day for New Jersey in conformity with the action of President Harding and the governors of other states, Lewis T. Bryant, state commissioner of labor, has just issued an appeal for co-operation to factory owners and others.

The appeal cites as a preliminary that since the great conflagration in Chicago, October 9, 1871, "the loss of life and property by fire in the United States has mounted annually until it reached an annual average for the ten-year period ending 1919 of \$200,000,000 in property and 15,000 lives.

During 1920 the loss amounted to \$500,000,000 and 16,000 lives. Statistics show that from 70 to 80 per cent of this loss is due to pure carelessness. This life and property loss is a shame and disgrace to this nation. Efforts by federal, state and municipal authorities are being directed to check this needless waste."

To the factory owners, Mr. Bryant says in part:

"This communication is addressed to you to direct your special attention at this time to the necessity and importance of assuring yourself that you do not harbor unnecessary fire hazards; that those hazards that can not be eliminated entirely are properly safeguarded; that your fire alarm system is tested and inspected; that your sprinkler system, standpipe system, hydrants, pails, extinguishers and so forth are thoroughly inspected and tested; that means of egress (in time of fire) are in good condition and unobstructed; and that your fire drills are orderly, quick and effective."

"Should you desire to hold a fire prevention meeting at your factory the department of labor will be pleased to co-operate with you."

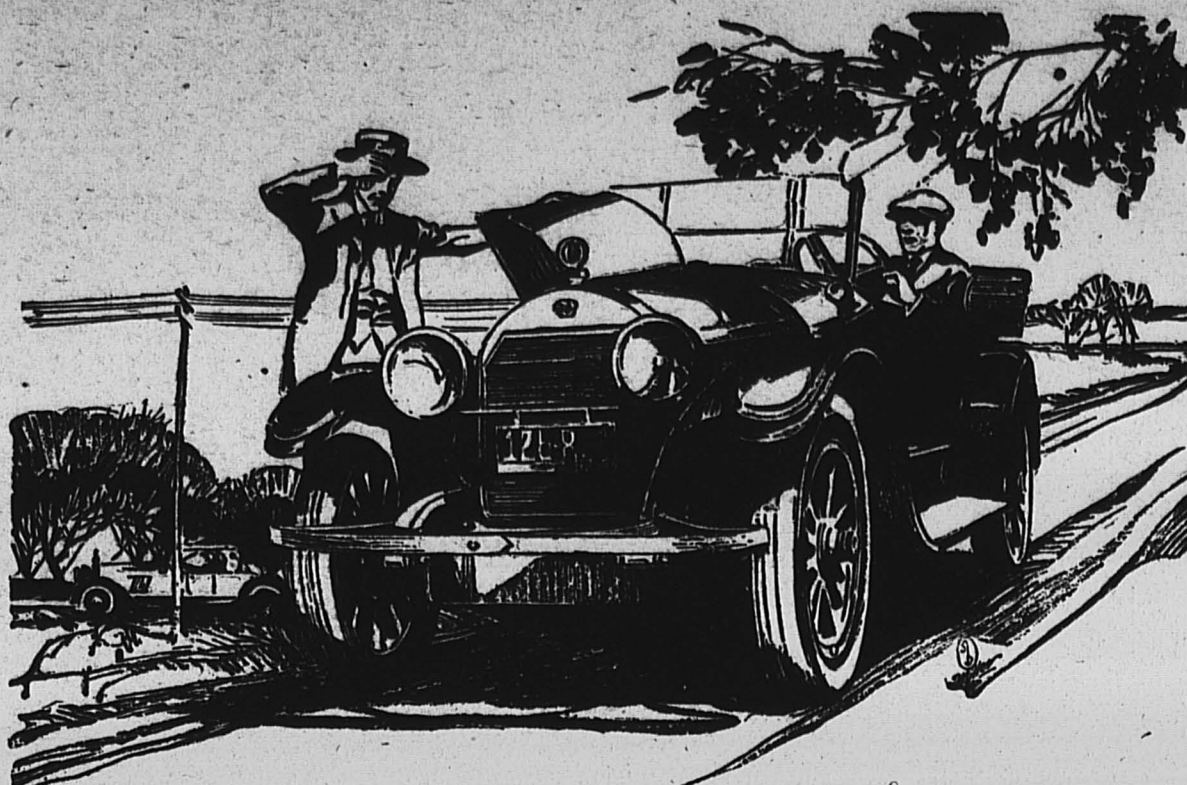

"If you have designated a factory chief, whose appointment has been approved by this department, I suggest that you furnish him with the information contained herein and direct him to carry out the recommendations."

"The department of labor has for several years urged featuring Fire Prevention Day, October 9, on all calendars and desk pads. If you use either of these mediums in your advertising we would appreciate it very much if when placing your next order for calendars or pads you will ask to have Fire Prevention Day featured in red or some other way."

Give Plan to Aid Idle As a possible means of helping in the solution of the unemployment problem in New Jersey, Commissioner Burdette G. Lewis of the department of institutions and agencies has instructed Alan B. Mills, director of the division of architecture and construction, to inform all contractors bidding on state work that they will be expected, so far as possible, to purchase their building materials through New Jersey agencies.

When Commissioner Lewis, with Dwight W. Morrow, a member of the state board of control, appeared before the public works committee of the national conference on unemployment in Washington, he stated that should the proposed \$14,000,000 bond issue bill be approved, employment will be furnished in the not far distant future for at least 6,000 men. He added that this number would be more than doubled when it is considered that practically all the building materials could be obtained in this state. Industries, he said, would thus be stimulated, so that there would be work for several thousand more men.

The indispensable. It is said there are 50 different ways of cooking potatoes, but that there amounts to nothing if you are out of salt.

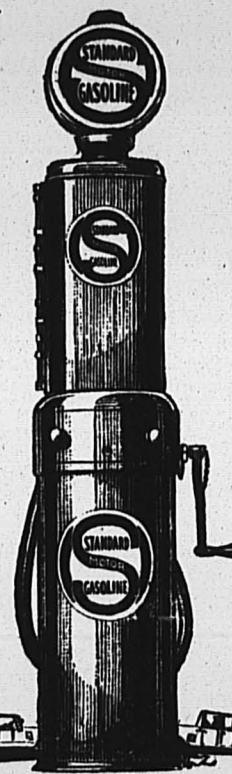

## The Source of Motor Trouble is not Always Under the Hood

YOU do not look into your gasoline tank to find the cause of engine troubles, but you might find it there.

Automobile motors require a good, steady diet of balanced gasoline. If the distilled product varies because of changing qualities of the crude oil from which it is refined, your gasoline is one-sided. Every oil field produces petroleum rich in certain properties, but lacking in others.

The Standard Oil Company (New Jersey) has eliminated numerous motor troubles and much gasoline wastage by developing a motor fuel which is not only properly balanced, but is the same day after day—to the last ounce—wherever and whenever you buy it. It starts the motor in a hurry, burns up cleanly, and delivers exceptional pulling power.

We have never claimed merits for our products which you could not prove for yourself. We recommend that you get a tankful of "Standard" Motor Gasoline and give it a thorough trial. You will quickly note the advantages of a completely balanced gasoline.

### Every Knock a Boost--

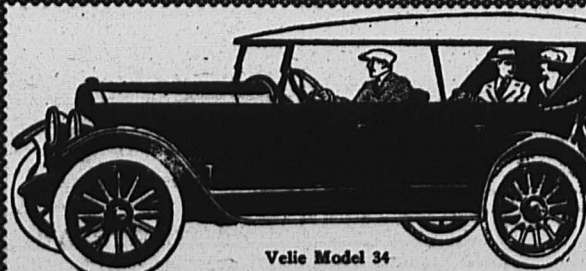

The fellow who knocks our work is doing us no harm. On the contrary, he only arouses the other fellow's interest to look and see—, and, nine cases out of ten, it means an order for us.

WHY? Because his own good judgment tells him that the other fellow was in the wrong. Good work advertises itself. We have been in the business long enough to know that the people do not want cheap grade of material, cheap work and poor service, because they realize that such work cannot be "lasting," and where is durability more required than of your floors?

Bible Institute of Chicago.

LESSON FOR OCTOBER 23

PAUL'S LAST JOURNEY TO JERUSALEM.

LESSON TEXT—Acts 20:1-17.

GOLDEN TEXT—Let us not be weary in well doing; for in due season we shall reap if we faint not.—Gal. 6:9.

REFERENCE MATERIAL—Rom. 16:1-16; 1 Tim. 4:12-14.

PRIMARY TOPIC—How Paul's Friends Showed Their Love.

JUNIOR TOPIC—Paul and His Friends.

INTERMEDIATE AND SENIOR TOPIC—Paul and His Friends.

YOUNG PEOPLE AND ADULT TOPIC—Paul Reviews His Ministry.

I. Paul's Visit to Greece and Mile-tus (20:1-6).

Two incidents marked this trip:

1. The Jews laid wait for him (vv. 1-5). This plot obliged him to retrace his steps through Macedonia instead of a more rapid sea voyage.

2. Fellowshiping the Disciples at Troas (vv. 6-16). He met with them around the table of the Lord and spoke words of encouragement. While preaching here, Eutychus, in a deep sleep, fell from a window and was killed. Paul restored his life, thus giving to the disciples a sign of divine power which was greatly needed at that time.

II. Paul's Farewell to the Ephesian Elders (20:17-38).

His object in his address is to impress upon them their responsibility.

1. Review of his three years' ministry (vv. 18-21). (1) The spirit of ministry (v. 18). He was humble, tender and faithful in spite of the many trials which befell him. (2) The faithfulness of his ministry (vv. 20, 21). He made known unto them everything which was of profit, taught them both in public and in private. He neglected no class, Jews or Greeks. He was impartial in all his ministry. (3) The theme of his ministry (v. 21). Repentance and faith. This is the pre-eminent note in the message of true ministers today.

2. The present state of things (vv. 22-27). Having reviewed his ministry, he now points out the present state of things. (1) His immediate purpose was to go to Jerusalem (v. 22). (2) Bonds and afflictions were lying across his path (v. 23). Despite these he went forward with undaunted courage. He knew that God was lending him, so he went forward. (3) His fixed purpose (v. 24). He was determined to complete his ministry at whatever cost—even giving up his life. (4) His consciousness of obligation discharged (vv. 25-27). Knowing that they should see his face no more, he called them to record that he had not shunned to declare the whole counsel of God; therefore was free from the blood of all men.

3. His charge to the elders (vv. 28-35). (1) The ground of (v. 28). The flock for which they must care was purchased by the precious blood of Jesus, and they had received their commission from the Lord. (2) The impending evils (vv. 29, 30). False teachers would arise from their own number. Grievous wolves would devour the flock. The most deadly foes of the church are those ministers and Sunday school teachers who are unfaithful to their trust. (3) Incentives to faithfulness (vv. 31-35). His own example of watching night and day for three years is held up before them; his unselfish service, laboring with his own hands night and day that he might be free from suspicion of selfishness.

III. Paul Tarrying Seven Days at Tyre (21:1-6).

His point of destination was Jerusalem. He was pressing onward thither with all speed, but on account of the unloading of the ship he was obliged to wait at Tyre for seven days. During this delay he searched out the disciples who lived in that city. While here certain disciples said that Paul should not go to Jerusalem. The information which these disciples received by the Spirit was doubtless the same as that given to Agabus (vv. 10, 11). Agabus told exactly what the Spirit said, which sets right what the Tyrian disciples seemed to say. The same Spirit which showed to these disciples that suffering awaited Paul, revealed unto him the same suffering and sent him forward into it.

IV. Paul Tarrying in Philip's House (vv. 7-14).

Resuming their journey, they paused briefly at Ptolemais to greet the brethren there, after which they went to Caesarea. Here they took up their abode with Philip, who had so successfully wrought in the early days of the church.

V. Paul at Jerusalem (vv. 15-17).

The brethren at Jerusalem gladly received them. Paul's lodging place was with an old disciple.

Blessings of This Day.

Enjoy the blessings of this day, if God sends them, and the evils bear patiently, and sweetly; for this day is ours; we are dead to yesterday, and are not born tomorrow.—Jeremy Taylor.

Near Him.

We come too near Him when we search into His counsels. The sun and the fire say of themselves, Come not too near. How much more the Light which none can attain unto!—Bishop Hall.

## Drastic New Tax Law

In another column is published a letter sent to County Boards of assessors. Reading between the lines this means another boost in property valuations, and if the County Boards do not see that the local assessments place assessments high enough to suit the State Board, the State Board is empowered by the new law to reassess the properties in question.

## E. S. Wood Wins Golf Championship

In a 36-hole match for the title of the Riverton Country Club, Edward S. Wood defeated Dr. Charles Street Mills by two up and one to play, last Saturday.

The name brand of golf that brought him safely through the preliminary rounds—straightness down the course and unflinching accuracy on the putting green—gave Wood the final victory, though the result was in doubt all the way.

In the final of the second sixteen, H. L. Hirst defeated Filson Graff three up and one to play.

In the third sixteen, Mercer Shreve won from S. H. Levin by default.

## The Burlington County Hospital and the Typhoid Epidemic

At a meeting of the Board of Council of the hospital held Tuesday, October 11th, a report was made of the work which has been accomplished at the hospital during the first nine months of this year.

The expenses of operation to October 1st were \$24,944.09, and of this amount only \$7,829.99 was received back from patients who were able to pay the full charges or a part of the charges. This financial report does not really indicate the true proportion, which is more nearly one pay patient to each four patients.

The hospital met a real emergency in treating the cases resulting from the typhoid epidemic, especially in the vicinity of Mount Holly, which began about the middle of July. There were sixteen typhoid cases in the hospital at one time. The nature of the service rendered can be better understood when it is realized that every one of these patients required complete isolation. It is estimated that the additional cost of extra nurses and expenses on account of this epidemic has been several hundred dollars per month, the salaries of nurses alone required being over four hundred dollars each month.

## Riverton Branch of the Needlework Guild of America

Mrs. Robert Biddle, president. Mrs. H. B. Hall, secretary. Mrs. J. Carl DeLaCour, treasurer. This month is the usual time for collecting garments or household linen for the annual distribution of the N. W. G.

All over the U. S. the work is now going on. The object of the Guild is to collect and distribute new, plain, suitable garments to meet the great need of hospitals, homes and other charities.

Membership—The annual contribution of two or more new articles of wearing apparel or household linen, or a donation of money, constitutes membership in a branch. Men, women and children may become members. There are now 540 branches throughout the U. S. and 859,233 garments were collected by these branches, and 39 new branches formed in 1920. Some branches have boy and girl directors. A director is one who collects 22 or more articles of wearing apparel or household linen, and a donation of money from 25c up.

Riverton has 35 directors, and they collect anywhere from 1000 to 1300 garments each year. These are distributed to worthy charities in nearby cities and towns, and many go to our Cinnamon Home, and to the District Nurse and Home Service. We want many more new members. Remember only two new garments once a year constitutes membership.

The annual meeting will be held this year at the home of Mrs. Robert Biddle, 307 Highway, on Wednesday, October 26th, at 2:30 p.m. Miss Eliza Ridgeway from Burlington, who is national recording secretary, will speak. Directors, members and their friends are cordially invited.

The exhibition of garments will be held November 9th in the Porch Club from 2 to 5:30 p.m., and it is hoped the public will take this opportunity to come and see what Riverton can do.

## Notice to Manufacturers of Fire Apparatus

Proposals will be received and opened at the Council Chamber, Borough Hall, by the Borough Council of Riverton, N. J., at 8:30 p.m., November 10, 1921, for one Motor Driven 750-gallon Pumping Engine and Hose Car combined, having a rotary gear fire pump, all in accordance with specifications on file with the Borough Clerk, Charles B. Durbinow. A certified check for \$500.00 must accompany each bid.

The Borough reserves the right to reject any or all bids.

By order of  
THE BOROUGH COUNCIL  
Dated, Riverton, N. J.,

The formal acceptance of the rectorship of Christ Church, Riverton, by Rev. Arthur S. Lewis, for six years assistant rector of the Church of the Ascension, Atlantic City, has been received by the vestry of Christ Church, Riverton.

The Westfield Friends' School will hold a fete on the school grounds on Saturday, October 29th, from two to five o'clock. A play based on "Hiawatha" will be given at 2:15. Cakes, candy and ice cream will be on sale. Stage leaves the station at two o'clock.

High school girls are finding the little red pump handle—very much to their liking. It has a ring in the cap so that it may be worn on a chain or ribbon, and we have a larger size for the high school boys, with a clip that keeps it grip. Both may be seen at The New Era office.

On Tuesday evening a surprise linen shower was given to Miss Mary A. McDermott, by a number of her girl friends at the home of Mrs. Mary E. Moers. Miss McDermott received many beautiful gifts. Miss McDermott's marriage to Mr. Raymond Fichter, of Palmyra, will take place on Wednesday, in the Church of the Sacred Heart, Riverton.

A social meeting of the Burlington County Historical Society will be held at Stentons mansion, 18th and Courtland streets, Germantown, on Saturday afternoon, October 22nd, at 2:45. Mrs. Charles Roberts, historian of the Society of Colonial Dames will address the meeting. Trains leave Reading terminal for Wayne Junction at 1:55 and 2:17. Carfare 20c. Time 17 minutes.

Ralston Biddle's motor boat, Gee Whiz, was taken from its moorings Sunday night and was not recovered until yesterday, when the Camden police department notified Riverton that the craft had been found tied up to one of the wharfs there. It was probably taken for a joy ride. Biddle's row boat, which had been hauled up on the bank was taken to reach the power boat.

The curb market conducted last Saturday morning in front of the Riverton Free Library building proved a real benefit to all who participated in buying or selling. The sum of \$180 was realized and turned into the fund. The committee, headed by Miss Helen Biddle, desires to thank every person who contributed or helped in any manner whatever to make this affair a success. The last annual report of the Association shows 6530 books in circulation and on the shelves. The Library is doing a splendid work and should have the support of everyone in our community.

## New Tax Law

(Copy)  
STATE OF NEW JERSEYState Board of Taxes and Assessment  
Trenton, N. J., October 3, 1921.  
Burlington County Board of Taxation  
Mount Holly, N. J.

Gentlemen:—The assessment made as of October 1, 1921, will be the first to conform with the provisions of Chapter 350 of the Laws of 1921, and therefore it will provide the first opportunity for the State Board of Taxes and Assessment to enforce its authority and provide for the most secure uniform assessments in the State. So that the County Boards of Taxation may know the attitude of the State Board in regard to the duties imposed by this act and may fully realize what is expected of them, this letter is being written at the Board's direction.

Chapter 350 will permit the State Board to order or make a reassessment where it believes the original assessment is not in substantial compliance with the law. Therefore it becomes the duty of this Board to ascertain the adequacy of assessments, and if the law has not been complied with, to direct or make a reassessment.

This power conferred on the State Board does not, however, affect in any manner the authority already possessed by the County Boards of Taxation. It does not relieve these bodies from their duties as outlined in the act creating County Boards of Taxation. (Chapter 120, Laws of 1906). On the contrary it emphasizes the responsibility of the County Boards to view and inspect, so far as possible in all cases, the various assessed properties in the various taxing districts, and to make revision and correction after such view and inspection. They are to see that the value of all property in the respective taxing districts; to increase or decrease the assessed value of any property not truly valued, to add to said lists and duplicate any property which has been omitted or overlooked at its true value, and in general to do and perform all acts and things necessary for the taxation of all property in said county equally and at its true value.

Because the tax lists and duplicates for the current assessment will not be delivered into the hands of the County Boards until January 1, 1922, the County Boards will have to take steps to keep in touch with the assessments as they are being made. This is made necessary by the fact that the State Board must complete its reassessment, if one is ordered, between January 10 and March 15, when the reassessment must be certified to the County Board.

The State Board feels that the control of original assessments is in the hands of the County Boards of Taxation, and if, when the books are turned over on January 10, there appear inequalities or discrimination such as to come within the intent of the act, a reassessment will be ordered.

Very truly yours,  
(Signed) Frank D. Schroth.  
Secretary.

Riverton 3, Magnolia 0

Last Saturday Riverton opened its home season with a good game at Seventh and Lippincott, with the strong Magnolia A. A. of Frankford, as their opponents, and a first-class game was witnessed by the largest crowd that ever attended an outdoor game. Both teams played a good defensive game and the only score was made in the second quarter when Riverton with the ball on Magnolia's 25-yard line could get the necessary ten yards in their allotted number of downs so Coe dropped back and kicked a field goal from the 38-yard line. In the second half Magnolia recovered a fumbled ball on Riverton's 25-yard line and things looked kind of bad for Riverton but the visitors could not break through our defense so on their last down they attempted a field goal that fell short and was caught by A. Wright who made the longest run of the game taking the ball out of dangerous territory where the two teams battled until time was called.

"Russia's Past, Present and Future"

There will be a free lecture at the Porch Club Tuesday evening, October 25th, at 8 o'clock, on Russia's Past, Present and Future, by Count Ilya Tolstoy, son of the late Leo Tolstoy. He was with the Russian Colony as Red Cross representative and as special correspondent for the leading Moscow newspaper and was one of the first members of the political organization that was struggling for liberty before the revolution in 1905. Many of his articles have appeared in the Century, Harpers and Cosers.

Count Tolstoy is sent us by the Russian-American Committee whose president is W. W. Boumistrów, chairman of the General Board of Trustees of the North American Diocese of the Russian Orthodox Greek Catholic Church, representative of the Russian Red Cross in America, and president of the Russian Relief Corporation. This committee has for its purpose the relief of Russian refugees and their families in this country in providing them with work and homes. It is backed by prominent people, including the Russian Ambassador, B.A.

Moriarta-Cavanna

The wedding of Miss Augusta Cavanna and Dr. Webster Merchant Moriarta, of Saratoga Springs, N. Y., will take place tomorrow evening at 7:30 at the home of the bride's mother, Mrs. Nellie Cavanna, 718 Main street, Riverton. The ceremony will be performed by Archdeacon R. Bowden Shepherd, of Trenton.

The bride, who will be given in marriage by her mother, will wear a gown of white satin and Brussels lace, made with a court train embroidered with pearls and a girdle of pearls. Her veil will be of tulle, with a coronet of Brussels lace and orange blossoms and the bridal bouquet will be of white roses and lilies of the valley.

The matron of honor, Mrs. Casper Moore, of Wilmington, Del., sister of the bride, will be crowned in pink and blue changeable taffeta and will carry a bouquet of long-stemmed pink roses.

Mr. Douglas Williams, of Saratoga Springs, will be best man for Dr. Moriarta, and little Joseph Roland, of Mt. Airy, Pa., will act as page.

After a reception Dr. and Mrs. Moriarta will leave for a trip to the Adirondack Mountains and upon their return will live in Saratoga Springs.

Jones-Kipp

The marriage of Miss Emma Elizabeth Kipp, daughter of Mr. and Mrs. Charles Watson Kipp, of Riverton, and Mr. Samuel B. Jones, Jr., son of Mr. and Mrs. Samuel B. Jones, of Palmyra, took place at half past seven on Saturday, October 15th, in Calvary Presbyterian Church, Riverton, with Dr. N. F. Stahl officiating and Miss Helen Sterling at the organ.

The bride, who was given in marriage by her father, wore a gown of white satin and radium lace, a gift from her namesake, Mrs. David Taylor Swatling, of Los Angeles, California. A coronet of white satin was suspended from her shoulders under a veil of tulle held in place by a band of pearls and clusters of orange blossoms. She carried a bouquet of roses and lilies of the valley.

The matron of honor, Mrs. Henry Burton Kipp, of Wilmington, Del., was gowned in orchid taffeta, with a hat of black velvet, and carried pink roses.

Miss Josephine Westcott and Miss Helen Verts, as maids of honor, wore frocks of changeable rose taffeta and carried bouquets of Ophelia roses.

The bridesmaids, in hats and gowns of white, were Miss Mae Griffenberg, Mrs. J. Everett Middleton, Miss Jeanette Soast, Miss Mary Ginter, Miss Rachel M. Reed, Mrs. James E. Brown, Miss Marie D. Latch, Miss Josephine Stellwagen, Miss Linda Glass and Miss Adeline Lippincott.

Mr. David Walker Sager was best man for Mr. Jones, and the ushers were Mr. Harvey G. Fisher, Mr. Richard M. Reed, Mr. Henry B. Kipp and Mr. Harold Wright.

A family reception was held immediately after the ceremony at the home of the bride's parents, 415 Lippincott avenue, Riverton.

## League of Women Voters Lunch at Trenton

The New Jersey League of Women Voters held a luncheon and conference on Monday last at the Stacy-Trent Hotel in Trenton.

Eighteen members of the Riverton and Palmyra League attended and found the meeting very instructive along the line of Efficiency Government.

The first speaker at the morning session was Mr. Sedley Hopkins Phinney, whose subject was "The Municipal Situation in New Jersey and How to Improve It."

He explained the city management form of government, a bill for which was introduced in the Senate three years ago, but which was never passed. It will be presented again this year and, it will be hoped with better results.

He spoke briefly in favor of "Home Rule Amendment to the Constitution," the "Police and Firemen Municipal Fund," "Reclassification of Municipal Law," and a "Uniform Municipal Accounting System."

Mr. Perry R. MacNeille spoke next, giving a most comprehensive explanation of "Proportional Representation."

Mr. Harry Meixell briefly outlined New Jersey Election Laws. Mr. John J. Enright, State Commissioner of Education, spoke on New Jersey School Election Laws, while Judge W. Eugene Turton, whose subject was "Engineering and Financing Highways," clearly explained the "Edge Road Act" of 1917, providing for the one mill tax to cover road construction, known as the "pay as you go method."

Delegates from Orange, Passaic and Hawthorne summarized the activities of their organizations, respectively, in bringing about government efficiency.

A motion was made to send a resolution to President Harding to be read at the opening of the conference on "Limitation of Armament" on Armistice Day, expressing the sympathy of the League in the movement and the hope that it would bring about world peace.

After the luncheon Mrs. F. Lewis Slade, of New York, made a most inspiring address on "Reduction of Armament," and Mrs. Maude White Park, national chairman of the League, ably spoke on "National Legislation."

## NOTICE OF ELECTION

In conformity with the provisions of an Act entitled, "An Act to regulate Elections (Revised 1920)," the County Board of Elections hereby gives notice that a General Election will be held in the County of Burlington on

TUESDAY, NOVEMBER 8, 1921

for the purpose of electing the following:

State Senator,  
Member of the General Assembly,  
A Surrogate.

Consenters.

Two Members Board of Chosen Freeholders and Officers for the several Municipalities. There will also be submitted the following question under an act of the Legislature of New Jersey, approved April 8, 1921, entitled, "An Act Authorizing the Creation of a Debt for the purpose of financing the Construction, Extension and Maintenance of the Institution of the State under the State Board of Control of Institutions and Agencies, by the issuing of Bonds in an amount not to exceed Fourteen Hundred Dollars, and the way and means for the payment of the interest accruing on said debt and for the payment of the principal of said debt at maturity, and the expenses in connection therewith, and the submission of the question to the people at the next general election," to be known as "The Institution Bonds."

"An absentee elector shall be deemed to be a qualified registered elector who by reason of inability through illness or absence from the county in which he resides is unable to cast his ballot on the day of the general election at the polling place in the election district in which he is registered." Such elector may apply to the county board of elections for a ballot to enable them to vote on.

These sections show plainly that an absentee elector may do so to have his vote cast.

"The county board of elections shall include in the notice published for the general election the fact that absentee electors who are registered for the general election may make application to the county board of elections for a ballot to enable them to vote on."

## JERSEY FARMERS' GOOD OUTLOOK

Secretary Agee's Annual Report Shows \$312,000,000 Invested in State's Agricultural Industry.

### FROST AND DROUGHT COSTLY

Market Advantages Make Jersey Farms Bargains—So Dealers Secretary, Noting Advantage Over Remote Producers—Prosper Despite Drawbacks.

Trenton.—Increased advantages of New Jersey for farming, resulting from changed conditions, are described in the annual report of Secretary Alvah Agee of the State Board of Agriculture. This shows that in 1920 New Jersey had \$312,000,000 invested in farm property, affording homes and means of livelihood to 80,000 farm owners and a living to laborers receiving \$18,000,000.

"There was," says Mr. Agee, "a long term of years when New Jersey was at a disadvantage in competition with the fertile lands of the central states, but the time has come when proximity to 11,000,000 people in and near her borders is a big cash asset. It is partly for this reason that the best farm bargains today are in New Jersey and states adjacent rather than in the states of the great Mississippi valley. Both soil and climate favor the production of food city workers want in fresh condition, and even when a loss must be taken in production it is not comparable with that sustained at this time by producers remote from market."

Mr. Agee said there might have been relatively little loss in New Jersey's agriculture during the present season but for the great damage by frost and drought. Frost destroyed 71 per cent of the state's apple crop and 85 per cent of the peach crop. An extraordinary drought nearly ruined the state's potato crop, amounting in 1920 to 14,320,000 bushels, which sold for \$18,325,000 notwithstanding extraordinarily low prices prevailing in the latter part of the season. This year the potato yield is less than 50 per cent of last year's crop.

"These losses, due to more or less local causes," continued Mr. Agee, "are a big factor in reduction of the farmer's ability to purchase, but they are less disheartening than the more permanent loss due to the lower level of prices for wheat, corn, cotton and live stock confronting the land owners west of the Allegheny mountains. The New Jersey farmer is happily placed if we must pass through an era of low prices. Discouraging as the outlook is to many, it is less so than elsewhere in this country."

Necessity for increased credit facilities for the farmer are stressed by Mr. Agee, who describes the situation existing, as follows:

#### Need Much Short Time Credit

"Our farmers require a large amount of short time credit. They are producers of special crops, and there is a heavy use of supplies. Dealers in commercial fertilizer, farm implements and the like provide a great deal of this credit by selling goods on time. Such an arrangement places both buyer and seller at a disadvantage in the long run. The credit of the farmer is good, or otherwise merchants could not carry his paper, and the State Bankers' Association, co-operating with the State Board of Agriculture and farmers' organizations, should be able to devise means for direct financing of our producers."

"The banks finance other operations to the advantage of all concerned. Some expense in production can be eliminated to the profit of both producer and consumer if a cash basis is universally adopted. The organization of farmers for collective action should make possible some basis of financing that would be acceptable to those whose business it is to provide funds for the production and marketing of goods."

Mr. Agee says it is impossible to determine at this time the headway made in the fight against the sheep moth, for which the legislature, at a special session last December, appropriated \$112,000, to which \$117,000 was added by the federal government. Extermination or even control of the

moth is possible, Mr. Agee says, only through continued effort for three or four years.

One of the recommendations in the report is for a law to properly control dogs and prevent their running at large. Only by such means, the report adds, can the sheep industry be developed as it should be in this state.

#### Extensive Tax-Dodging

Acting under authority of the law passed last winter, the State Board of Taxes and Assessments has begun investigations to ascertain whether assessments in Morris and Middlesex counties are in compliance with the requirements of the state tax act. This action follows the filing of complaint by the Boards of Freeholders of Essex and Union counties. The Essex county authorities complained to the state board that assessments in Morris county were below true value, with the result that the taxpayers of Essex county were paying more than their proportionate share of state taxes. The complaint showed that the Essex county authorities had made a detailed investigation of assessments in Morris and that in very many instances taxing districts are not assessed to within 50 per cent of true value, as the law requires.

The complaint against assessments in Middlesex county was filed by the Union County Board of Freeholders and was the result of an investigation by experts employed by the board. Here also, it is alleged, the assessments are far below true value, with the result that the taxpayers of Union are paying more than their proportionate share of state taxes.

The action of the state board in going directly into Middlesex and Morris counties is the first step in a movement that may result in raising assessments in every county of the state. Under the new law the board now has complete authority to go into any taxing district or county and either make or order a reassessment. Previous to the enactment of this law the board was handicapped in that it possessed neither the proper authority or the funds for such review. Under the latest legislation it can go to the state emergency fund for funds to conduct the investigations.

It is also understood that the county of Hudson has employed experts and is investigating the assessments in a number of counties. This may result in further complaints being filed with the state board, and it is understood Hudson or one of the other counties may cause an investigation in some of the southern counties.

Under the new law complaint of supposed irregularities must be filed with the state board, which is then empowered to direct an investigation. The investigations in Middlesex and Morris counties will continue simultaneously with the present assessment as it is being made, with the result that on January 10, 1922, when the tax lists are turned over by the assessors to the county boards, the state board will be in position to determine immediately the adequacy of the assessments. If at that time it appears that the law has not been substantially complied with the state board will either order or make a new assessment, which must be complete in time to have the duplicates turned over to the collectors on March 15.

#### Woody Driver Hard Hit

Commissioner of Motor Vehicles William L. Dill, at a conference of registered agents and inspectors of the department in the assembly chamber, expressed belief that the new motor vehicle law passed at the last session of the legislature is destined to become the most effective measure in the United States for the regulation of vehicular traffic. The conference was called by the commissioner for the purpose of expounding the essential provisions of the new law, which becomes operative January 1.

The measure, Commissioner Dill explained, gives to the commissioner increased authority in dealing with persons found guilty of driving automobiles while in an intoxicated condition. Under the act he is empowered to hold

court in any part of the state and is also authorized to impose jail sentences upon any driver convicted upon this charge. Mr. Dill emphasized particularly upon the inspectors the necessity of the utmost vigilance in the enforcement of this feature of the act.

The new act requires that all commercial vehicles, after January 1, be registered on the basis of weight, plus carrying capacity. Focusing out that in the new law a fine of \$100 is provided for the first offense for false registration of weights of commercial cars, Commissioner Dill instructed the inspectors and agents to insist upon presentation of a satisfactory weight slip from an accredited weigher before issuing a registration certificate.

Passenger cars under the new law are registered on the basis of horsepower, with a minimum of \$4, while jitneys are registered on the basis of seating capacity, with a minimum fee of \$15. All state, county and municipal machines will be registered in Trenton, and plates will be forwarded to the various departments without charge.

#### Fears Disease Invasion

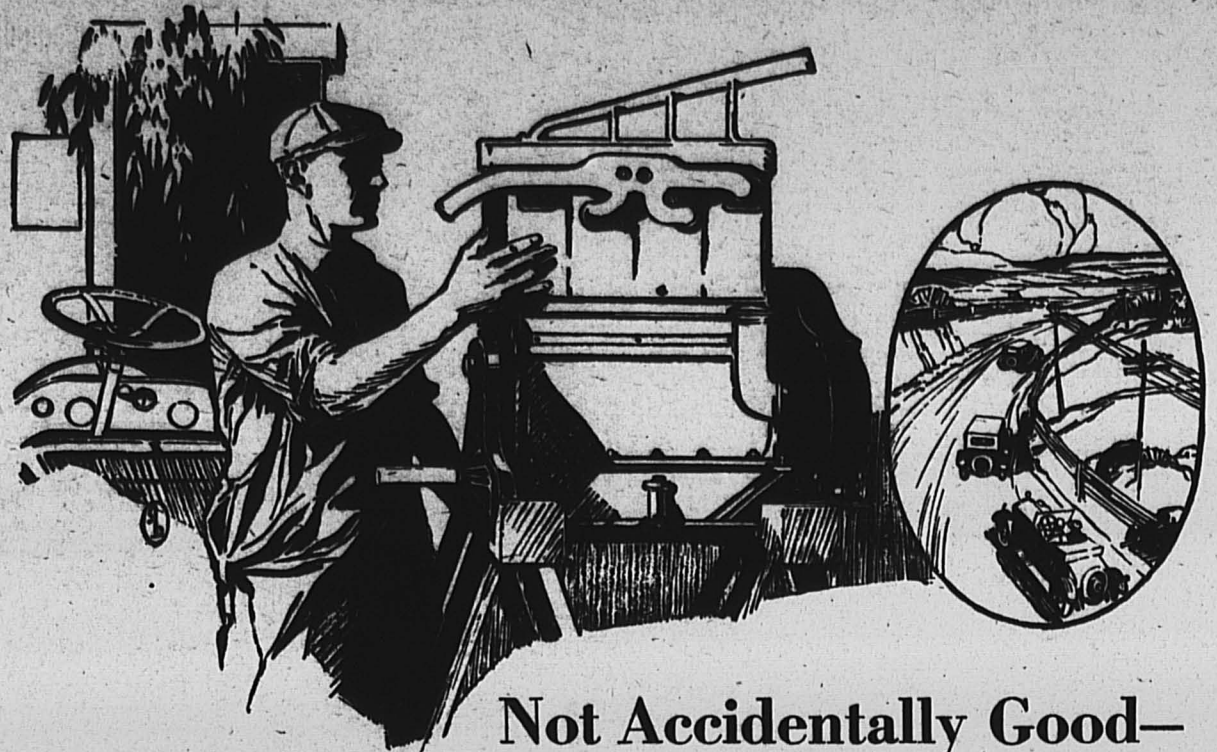

The present lax system followed in the examination of aliens upon their admittance to the United States is attended by danger that this country will be stricken with one or more of the plagues now ravaging various parts of Europe, Dr. Royal S. Copeland, health commissioner of New York city, told the members of the State Homeopathic Society, holding their annual convention in Trenton. Typhus fever, cholera, bubonic plague and epidemic typhus threaten to invade the United States because there are not adequate laws to govern the inspection of immigrants, said Dr. Copeland. "Disease rages everywhere in Europe. Hundreds of thousands of the people over there are in rags and starving. In Poland conditions are so bad that children roam the woods with no one to care for them."

Dr. Copeland advocated the establishment of a system of examinations at the ports of debarkation in Europe, thereby obviating the necessity of rejecting and deporting thousands of immigrants upon their arrival at American ports.

Brig. Gen. Charles M. Sawyer, personal physician to President Harding, and Dr. Herbert L. Northrup, chief surgeon of Hahnemann Hospital, Philadelphia, were speakers at the evening session.

#### Utility Counsel Resigns

Edward L. Herrmann, counsel for the New Jersey Board of Public Utility Commissioners, who conducted the fight against the Public Service Railway Company fare injunction, losing in a special federal court, has tendered his resignation, stating he desires to return to private practice. He will continue to conduct the fare rate case through an appeal to the United States Supreme Court.

**TO PRODUCE** day in and day out the clean-burning, full-powered "Standard" Motor Gasoline, no fewer than five important tests are employed. Nothing is taken for granted—nothing left to luck.

"Standard" Motor Gasoline has to pass five stiff examinations.

These are:

**Chemical laboratory tests** on the gasoline itself, to determine volatility, purity, stability, explosion points, etc.

**Physical laboratory tests** in one-cylinder engines, to determine character of ignition, rate of combustion, rate of pressure development, limits of performance, etc.

**Dynamometer tests** in standard makes of engines, to determine power developed, mileage per gallon, etc. Runs

equivalent to a year's service give accurate data on carbon formation, valve pitting, spark plug fouling, etc.

**Road tests** in representative cars and trucks, which check the accuracy of former findings, and determine with greater accuracy the factors of acceleration, flexibility, range of carburetor adjustment, etc.

**Service tests** under average conditions. Company garages are maintained, each containing from 30 to 200 cars, trucks and tractors, comprising every known type of motor-driven equipment. The drivers are both amateurs and professionals—a fair general average for this work. These tests determine the all-around performance of the gasoline in the hands of the user.

"Anybody's Gas" may be good now and then. "Standard" Motor Gasoline has to be right all the time. That is what the public expects of it.

### "That Corner Lot" to Be Improved

After working for three years to secure a clear title, the new owners of the property at Broad and Main streets are at last in a position to improve the corner and improve a condition that has been an eyesore for many years. The frame building has been sold to William H. Bishop, the plumber, who is having it moved to the north side of the lot and will remodel it for a store and dwelling. The building will be placed five or six feet nearer the sidewalk than the other buildings on Broad street, and a balcony on the second floor will extend beyond that.

Starting on the side of the lot nearest Ludlow's butcher shop, it is proposed to erect a hollow tile building approximately 60x90 feet, providing for five stores and an office for the water company. Three of the stores will face Main street, the office and two stores will face Broad street, but setting back so as to leave a large square between the new building and the Bishop building, which will be paved with cement, with a flower bed in the centre.

### Two Weeks Off

Have you gowns that have gone out of style? Whose colors have grown a bit pale? That just hang on a hook all the while? Send along to the Home Rummage Sale. Have you hats for the cold winter season? Which don't suit you in some small detail? For one or another good reason? Send along to the Home Rummage Sale. Have the children some cast aside toys, a doll or a shovel or pail? Any clothing for girls or for boys? Send along to the Home Rummage Sale. Have you chairs or a desk or a table in need of a tack or a nail? You mean to fix as soon as you're able? Send along to the Home Rummage Sale. Have your furniture long left unattended. The sight of which causes a wall? Don't try to defend it—just bring it or send it to the Cinnamonson Home Rummage Sale.

### Indicted for Games of Chance

According to reports in the daily papers this week, Gloucester County has started the fight against the various games of chance and gambling devices which have been so popular at fairs and bazaars during the summer. Two men have been indicted by the grand jury of that county. In addressing the grand jury, Justice Katzenbach, of the Supreme Court said:

"I want this body, the Grand Jury, to be against this as it will bring trouble. It is difficult to train the young of today. It has brought laziness, and I want you to inquire into this matter. Keep your county, one of the oldest in the State, clean and respectable." Justice Katzenbach had special reference to the widespread gambling that was practiced in certain types of fairs and carnivals held throughout the county during the summer. In his remarks to the jury he reviewed briefly the history of gambling to show how deep-rooted it has become in the lives of all the people, and cited an example he had seen at a carnival he had attended at which a \$300 automobile was raffled off at \$1 a chance with a total of 1500 chances. He himself, he said, was asked to take one of these chances.

It was stated that not less than \$20,000 went into the treasuries of the clubs and organizations which fostered the gambling devices during the last summer in Gloucester county. The law prohibiting all games of chance and gambling schemes is very stringent, and those violating any of its provisions are held to be guilty of a high misdemeanor.

It is only a matter of a short time when all parts of the State will follow the lead taken by Gloucester county.

### County Council Largely Attended

Nearly two hundred delegates attended the fall meeting of the Burlington County Council of the New Jersey Congress of Mothers and Parent-Teacher Associations, held at Masonville Wednesday, October 26. The morning session was devoted to business and reports from the committees on the Dental Ambulance, Legislation and Scholarship. The committee on Scholarship reported that the contest had been won by Miss Mabel Oldershaw, a graduate of the Moorestown High School. This scholarship is awarded by the Burlington County Council and is for a two-year course in the Trenton Normal School, to prepare for a teaching. Louis J. Kasey, county superintendent, emphasized the need for more playground equipment, the publication of a school newspaper and a proper distribution of State school funds. The publication of the newspaper has been practically decided upon, and will be a new departure in county school work. It will contain news from all parts of the county, covering all branches of school activities.

Miss Alice Shreve, one of the county helping teachers, recommended that all children in the county be taken so that they may be kept track of when moving from one part of the county to another, thus making it easier to do the follow-up work that is sometimes necessary in the matter of attendance. Miss Shreve also spoke of how helpful the physical training and supervised play is to the children of today.

Miss Caroline Leoney, another helping teacher, spoke on school ground improvement. She said, let us have the grounds about the school attractive, let the children do as much of the work as they can, have the co-operation of a landscape gardener in planning the layout of the grounds.

Miss Reba Troxall, county attendance officer, asked for the co-operation of the P. T. A. in seeing that better attendance officers are appointed in districts where the enforcement of attendance is lax. She laid great stress on the importance of an efficient medical inspector and the follow-up work making the work of the inspector worth while.

C. A. Thompson, the County Club leader, spoke on agriculture and what it means to the community, showing how the junior extension work helps to make the boys and girls better citizens.

Miss M. Ethel Jones, from the State Department of Agriculture at New Brunswick, spoke briefly of her work of forming classes among the girls for cooking and sewing. Miss Jones displayed a very attractive kit of the work being done by school girls throughout the State.

Miss Adeline Pratt, librarian for the County Traveling Library, was present to tell first-hand of the work being done and the plans for the future work, and ask for help and suggestions from the members of the Council.

Those attending the meeting from Riverton were Mrs. L. E. Carpenter, Mrs. E. K. Merrill, Mrs. S. L. Warren, Mrs. M. M. Dickinson and Mrs. Walter L. Bowen.

### Bootleggers Captured in Riverton

Last Saturday night, Francis D. and Michael Mulvihill, Steve Marzewski and Paul Parrovick were arrested on Lippincott avenue near the river with twenty gallons of whiskey, valued at \$600 which they thought they were going to deliver to a "small store" in that part of the town. Early in the evening Charles Canale, a special prohibition officer and George Gravatt, a constable from Columbus, came to Riverton and enlisted the aid of Officers Quigley and Miller. Canale had purchased the liquor and directed that it be delivered to a point in Riverton where he would meet the car. When the car arrived the four officers covered the men and placed them under arrest. They were searched but no firearms were found. They were taken to Mount Holly where they were released under \$1500 bail to appear before Judge Wells. The county police officials have spoken very highly of the successful manner in which the trick was pulled off.

### Mrs. Lydia C. Wood

Mrs. Lydia C. Wood, a member of the Society of Friends and the author of two novels dealing with that religious organization, died on Tuesday in her home at 140 West School Lane, Germantown. She was 76 years old. In the Civil War Mrs. Wood worked with Negroes in Norfolk, Va. Later she wrote her novel, "The Haydock's Testimony," based upon her Southern experiences. Her other novel was "For a Free Conscience," which dealt with the early persecutions of the Friends in England. She leaves four children, Horatio C. Wood, the Rev. Arthur M. Wood, Edward C. Wood and Miss Ellen C. Wood.

Mrs. Wood was a resident of Riverton for several months about three years ago.

### Rummage Sale for the Cinnamonson Home

There will be a rummage sale for benefit of the Cinnamonson Home, held in the gas office, opposite the railroad station, Saturday, November 12th, from 10 until 6. The office will be open Friday November 11th, from 10 until 4 to receive rummage. Phone Riverton 84-J if unable to deliver.

### To Discuss Government Problems

The Department of Legislation will hold a conference for the first and second districts of the New Jersey State Federation of Women's Clubs at Collingswood on Thursday, November 3, in the Presbyterian Church, Fern and Maple avenues.

At the morning session, opening at 11 o'clock, "Federal Issues" will be the topic of Miss Alice Lakey. Mrs. Seymour L. Cromwell will speak on the Needs of the Rural School. A general discussion on "Possible State Legislation and How Women Can Help Toward Better Laws" will be led by Mrs. L. G. Peloubet.

Luncheon will be served at the church, 75c a plate. Please notify Mrs. Gilbert Campbell, 233 Park avenue, Collingswood.

At the afternoon session, 2.15 to 4, Calvin Derrick will speak on the \$10,000,000 bond issue to do justice to the State's dependents, and moving pictures of the port of New York. New Jersey development will be shown.

Said the leaky rubber sac to the mussy little dropper: "It looks to me like the Dunn Pen's a whooper." Said the mussy little dropper to the leaky rubber sac: "The Dunn-Pen has put us where we can't come back!"

### Married

Mr. and Mrs. Horace G. Stonaker announce the marriage of their daughter, Ada D., to Mr. Harry Kates, of Camden, in St. Paul's Church, Camden, on Wednesday, October 26th.

### Smith-Jones

Miss Maybelle Jones, daughter of Mr. and Mrs. Hugh Jones, of Weehawken, N. J., and Mr. Royal Burnside Smith, formerly of Riverton, were married in Grace Church, Union Hill, N. J., at 8.30 Wednesday evening, October 19th, the Rev. Armstrong officiating. Miss Mildred, sister of the groom, was one of the bridesmaids, and William Russell Smith, his brother, was best man. C. Dewey Smith and Albert Farrow were ushers. A reception in the college room at the Hotel Astor, New York City, followed the ceremony. After a trip to Niagara Falls, Mr. and Mrs. Smith will reside in New York.

### Faunce-Patterson

The wedding of Miss Jean A. Patterson, daughter of Mrs. Dayman Patterson, of 1619 Poplar street, Philadelphia, and Mr. Edward Steedle Faunce, of Riverton, will be performed by Rev. Joseph A. Rigney, on Saturday afternoon, at 3 o'clock. The bride will be attended by her sister, Miss Susan Patterson, of Philadelphia, and the best man will be Mr. Francis Keating, of Riverton. Little Nan Frishmuth will be flower girl. After a wedding trip through Virginia, Mr. and Mrs. Faunce will make their home in Riverton.

### Clelland-Grimm

On Saturday afternoon, at three o'clock, Miss Mary Mayo Grimm, daughter of Mr. and Mrs. H. T. Johnston, of Elm Terrace, Riverton, became the bride of Mr. Louis Corner Clelland, of Riverton. The ceremony was performed by Archdeacon R. Bowden Shepherd, of Trenton.

The bride, who was given in marriage by her mother, wore a tailored suit of navy blue duvetyne, trimmed with squirrel, with hat to match. She carried a shower bouquet of sweet-heart buds.

Miss Grimm was attended by Miss Mildred Clelland, as maid of honor. She wore a gown of dark blue and grey canton crepe, and carried a large bouquet of pink roses.

The bridesmaids were Miss Placid Truchess, of Riverton, and Miss Ethel Johnston, of Philadelphia. They wore frocks of grey canton crepe, trimmed with iridescent beads and carried large bouquets of pink roses.

Mr. Alexander Cole was best man, and the ushers were Mr. Frank Betz, of Riverton, and Mr. Dewey Smith, of East Orange, formerly of Riverton.

A reception was held at the home of the bride's parents, 603 Elm Terrace, on Friday evening, and immediately after the ceremony on Saturday. Mr. and Mrs. Clelland left for a week's stay at Atlantic City. They will live at 6438 Walnut street, Philadelphia.

The regular monthly meeting of the Inasmuch Bible Class will be held at the home of Mrs. Gertrude Harder, West Fifth street, on Tuesday, November 1st.

Kenneth Leford was in charge of the orchestra that played for President Harding at the Hotel Tutwiler in Birmingham, Alabama. He is staying at the Tutwiler this week during Birmingham's semi-centennial celebration.

Russell Farrell, 22 years old, of 519 West Broad street, was scalded about the chest and shoulders when a boiler tube blew out on the ferryboat Bridgeport Sunday. He was treated at the Cooper hospital and physicians said his injuries were not serious.

Members of the Damsant Club had a highly enjoyable masquerade party Wednesday evening at the home of Mr. and Mrs. William J. McCrosson, of Washington avenue. The house was beautifully decorated for the occasion and dancing was the order of the evening until a late hour when refreshments were served.

On Wednesday, the Fall meeting of the Burlington County Council of the New Jersey Congress of Mothers and Parent-Teacher Associations was held in the Masonville Public School. Among those present from Palmyra were Mrs. Joseph Abdill, Mrs. Marcus Schontz, Mrs. I. U. Kerschner, Mrs. C. W. Joyce and Mrs. J. C. Hoepfner.

Associate Justice Pitney of the United States Supreme Court on Wednesday refused to set aside the injunction issued by the New Jersey Supreme Court under which the Public Service Company is collecting 8-cent fares. Justice Pitney said the matter should be decided by the Supreme Court as a whole, which would meet in about two weeks.

A masked ball party was held last Saturday evening at the home of Miss Hannah Doonan, 1002 Parry avenue. The ball was artistically decorated with autumn leaves, corn stalks and yellow and black crepe paper. Guests were present from Palmyra and Riverton, who enjoyed themselves dancing and playing games, after which refreshments were served.

Professor Wilbur Watts, for fifty years head of the Burlington school system, died early Thursday morning of angina pectoris at the age of 80. Many men and women now citizens of Palmyra and vicinity were one time pupils of Professor Watts. Last Saturday he attended the coronation laying of the new Burlington high school which has been named after him.

Last week the Episcopal Diocese of New Jersey met in convention at Trenton in an effort to elect a Suffragan Bishop, but none of the candidates received a majority of the votes. The Reverend Archdeacon R. Bowden Shepherd, formerly rector of Christ Church, Riverton, was in the lead and came within nine votes of election. The Rev. D. A. Parce, of Palmyra, attended.

A meeting of real estate dealers of the county was held in the city hall at Burlington recently when steps were taken to form an organization. One of the objects of the new association is to secure uniformity of fees and commissions and also to induce co-operation among the members. The end that property owners cannot play one dealer against another in the making of sales. Members of the new organization are William Abrahams, of Mount Holly; William A. Fichter, of Palmyra; J. J. Carr, of Beverly; Hugh Morris, A. W. Dresser, Elwood Russell, Raymond Morris, Charles Farmer, Jr. and Samuel G. Shaw, of Burlington.

High school girls are finding the Baby Camel—the short pen with the little red pump handle—very much to their liking. It has a ring in the cap so that it may be worn on a chain or ribbon, and we have a larger size for the high school boys, with a cap that keeps its grip. Both may be seen at The New Era office.

## Postmaster Cook Saves Train

A number of Palmyra and Riverton people who were passengers on the 9:15 train from Philadelphia Sunday night having narrowly escaped from being in a serious wreck, and as it was, all in the rear coach were badly shaken up and frightened.

As the train was rounding the Fish-house curve, the rear trucks of the last car left the track, due to a broken rail, and began pounding along the ties. The passengers were all thrown into commotion and several women nearly fainted. There were no trainmen in the coach at the time and it was the presence of mind of Postmaster William H. Cook that averted disaster.

Mr. Cook leaped for the emergency cord and swung onto it. The engineer caught the signal at once and stopped the train in a few yards. One trainman caught up a red lantern and rushed toward the rear to flag other trains from that direction when the conductor saw a freight coming down on the other track from the east. Not knowing but that the derailed coach was close enough to the other track to be sideswiped, he called the flagman back and succeeded in stopping the freight just as it reached the passenger train.

Had not Mr. Cook stopped the train when he did, the rear car would probably have been overturned in the path of the freight.

## Williams-Haines

The marriage of Miss H. Edna Haines, daughter of Mrs. Amanda Haines, of Tabernacle, N. J., and Mr. Harry Williams, of Palmyra, took place at the home of the bride's mother, on Wednesday. The ceremony was performed by Rev. Morrison, of Mays Landing. The bride wore a gown of white crepe de chine, with a veil of tulle and wreath of orange blossoms, carried a bouquet of white roses, was attended by her niece, Mrs. Rogers Brick, of Medford, as matron of honor. The matron of honor was dressed in lavender crepe de chine, and carried pink roses. Mr. Rogers Brick, of Medford, was best man.

After a reception, at which there was about sixty guests present, Mr. and Mrs. Williams left for a week's wedding trip and upon their return will occupy their new home on Garfield avenue, Palmyra.

## Bids for New School to High

The school board at its meeting Thursday night rejected all bids that had been received for the previous evening for the construction of Palmyra's new high school.

The figures submitted by the contractors were much higher than had been anticipated due largely to the fact that the price of materials has risen recently instead of continuing the drop which was in progress at the time the appropriation of \$150,000 was asked for.

The plumbing and heating, especially, will require more money than was expected. Consequently about \$30,000 more will be required than is provided by the present appropriation.

It is expected that a public meeting will be called for about November 10 to consider the situation.

## F. C. Dance Big Success

The masque ball given by the Field Club last Saturday night in the P. O. S. of A. hall, was one of the most brilliant affairs of its kind ever given in this vicinity.

The decorations, apropos of the season, were of conventional autumn materials and color schemes, but the unusual arrangement and the introduction of several novel features elicited flattering comment from all present. Another big feature of the evening was the splendid quality of the music furnished by Eisele's orchestra.

The prizes awarded were as follows: Most appropriate costume—Miss Margaret Dunlap, as a pumpkin girl. Two most novel costumes—Miss Kathryn Truchess, as balloon girl; Mr. Rycroft, as Chinaman.

Best comic costume—Ruth Warner Fluck, as Dutch girl. Best dressed man—Russell Jermon. Best costumed couple—Miss Kathryn Truchess and Mr. Rycroft.

Those worthy of special mention were those worn by Miss Phyllis Wheaton, of West Philadelphia, and Maurice Allen, of Palmyra.

## Field Club to Retain Headquarters

The Field Club rooms are not to be abandoned. Instead, an active campaign is to be conducted to re-secure the social side of the club which has meant so much to the men and youths of Palmyra in the past.

This decision was unanimously reached at a meeting of the club members held at the headquarters in Society hall Tuesday evening. Various suggestions for the future of the organization and bringing the men of the town together in the club rooms were advanced.

The first step will be an entertainment, luncheon and smoker to be given about the middle of November, the date of which will be definitely announced later. It is planned to have similar affairs monthly during the fall and winter.

The pool tables and cues are to be repaired, cards provided for pinocle and other games, and the piano kept ready for service.

## Artisans Gun Club Opens Season

The Artisans' Gun Club is to hold its first shoot of the season on Saturday, November 5, at its grounds at the foot of Market street, Palmyra. There will be open events for visitors. A special committee will be on hand to welcome the visitors and make them feel at home. All Artisans are invited to be present and bring their wives and lady friends.

Shells may be obtained on the grounds. Big doings are scheduled for Thanksgiving. Watch for the announcement.

## K. G. E. Elects Officers

The Knights of the Golden Eagle of the twelfth district met Monday night in the rooms of Riverside Lodge No. 1, and elected the following officers: vice chief, Leslie Reeves; high priest, George Heaton; master of records, Russell Holmes; master of exchequer, Harry Carlock; keeper of exchequer, Stewart Brush; herald, Lewis M. Rotenberg; venerable hermit, Paul R. Higgin; worthy chamberlain, Gustav A. Hoel; first guardaman, Albert Vernon; second guardaman, John E. Pierson; reporter, Samuel C. Shaw; trustees, Richard Moore, John Bishop and Walter M. Horner.

The Ladies' Auxiliary of the Post Rodgers, American Legion, will hold a bazaar on the second floor of the Post rooms, Broad and Garfield avenue, November 12th, afternoon and evening.

Matches are made for grown-ups, not children. Don't flirt with providence by leaving the boxes within reach of little hands.

Leaves in the woods at the County Club were discovered to be on fire by some of the members of the fire company during their practice drill Tuesday evening. The several small fires were put out by the chemical engine before they gained much headway.

The Botanical Society of Pennsylvania will make their annual trip to Dreer's Nurseries on Saturday afternoon from two until four. They will be accompanied by Prof. John M. McFarlane and Dr. H. Wright. Mr. Eisele and Mr. Clark will extend them the courtesies of the nurseries.

In an address before the Kiwanis Club, of Burlington, last Tuesday, County Engineer Logan outlined the proposed system of road improvement which will establish this county's reputation, enjoyed before the advent of the automobile and auto truck, of having the finest system of roads in the State.

Ye lads and lasses, ye young men and maidens, ye Lovers and Ladies, take notice ye grand exhibition concert of ye Henpeck Singin' Skewl at ye Methodist Meetinghouse, Thursday evening, November third, at early candle light (eight o'clock), given by Epworth Episcopal Choir in costume. Admission 25 cents.

On Thursday evening of last week, Mrs. Nellie Cavanna entertained a number of friends at a dinner party, and on Friday evening a dinner party was given at which members of the family and the bridal party were entertained.

Miss Augusta Cavanna's marriage to Dr. Webster Merchant Moriarty, of Saratoga Springs, took place last Saturday evening. Mr. Douglas Calhoun Williams, of Saratoga Springs, was also a guest for several days last week at the home of Mrs. Cavanna. Mr. Williams was best man for Dr. Moriarty.

A Halloween dance was held at the Porch Club Wednesday evening, by Mr. and Mrs. D. A. Bastian, assisted by Miss M. A. Steele, of Palmyra, Miss B. A. Edelson and Miss N. B. McWhinney, of Philadelphia, and Mr. E. Yerkes, of Riverton. Howard P. Haines, of Five Points, and Grude J. Goodenow, of Riverton. There were seventy-five guests from Riverton and various other cities and towns, and it is said that the costumes and decorations were the most elaborate ever seen at the Porch Club.

A woman very narrowly escaped being struck by a train at the Riverton station last Tuesday morning. As a matter of fact it is pretty generally ignored. The iron fence between the tracks should be extended until the other train has cleared, but they do not always observe this rule. As a matter of fact it is pretty generally ignored. Vassar Asks for \$3,000,000  
Vassar, the oldest college for women in this country is unwilling to lower the high educational standard she has held for over half a century.

This standard has been upheld through the loyal and devoted work of her faculty, the majority of whom now receive salaries lower than union wages for many kinds of labor. This is the first time in twenty years that Vassar has made a public appeal for help, and she is only asking now because there is no other way to obtain funds necessary to raise the scale of salaries to a fair level.

If you have no close association with this particular college, you may at least be interested to help maintain and to advance the ideals of education for American Women. Checks large or small will be welcomed by Mrs. James S. Coale, or the local treasurer, Miss Sarah R. Haines, Masonville, N. J. —Advertisement.

## The Best Gasoline Costs no More

DURING our many years' experience in producing gasoline we have discovered that the proper blending of basic crudes is necessary for a well-balanced fuel. And our access to practically every developed oil field has insured full utilization of the various types and grades of crude in exactly the proportions needed.

The improved "Standard" Motor Gasoline is produced through the efforts of our Development Department experts. These men have devoted their lives to the study of oil refining and the relation between the properties of oils and the uses to which they are adapted. "Standard" Motor Gasoline represents the fruit of

their years of painstaking experimentation. It is uniform in quality, quick-firing, clean-burning. It is the best gasoline obtainable, and costs no more than any other.

The consistent use of "Standard" Motor Gasoline will go far towards correcting many of the more common difficulties of motoring. If your engine overheats or gives off vile exhaust gases, if your cylinders miss or carbonize quickly, if the oil in your crankcase becomes diluted, it is probable that you have been using the wrong gasoline.

Fill up with the improved "Standard". On sale wherever you see the familiar "S.O." sign. Remember—it costs no more.
