Suggestions About Your Christmas Mail

The "human touch," which will Hays, the new postmaster general, promised to put into the postal service, is working. Through a letter addressed to the postmaster at Riverton, he asks all the boys and girls to help the department to handle the great rush of Christmas mail by having their folks mail the packages early—it is not too early to do it now. Every day in normal times the post office department handles about 8,000,000 packages, besides the 20,000,000 letters. At Christmas time the number is several times larger, so that when all the Christmas packages are mailed just a few days before Christmas they become congested in the big centers of distribution and some of them will not get delivered until after Christmas and someone is going to be disappointed.

The postmaster general also asks the boys and girls to lighten the labor of the mail clerks and carriers by seeing that the packages are securely and carefully tied, and plainly addressed. The name and address of the sender should be put in the upper left hand corner, so that the package may be returned if not delivered.

Mr. Hays realizes what a help the boys and girls can be, and we are sure his confidence is not misplaced.

Economics and Limitation of Armament Closely Related

Mrs. Henry Colton, who spoke at the home of Miss Helen Lippincott, Wednesday evening, is a State organizer for the League of Women Voters, and said that the two were so closely connected that it was hard to speak of the conference for Limitation of Armament, which she has been attending. She spoke of the educational work which the League had been doing to arouse public opinion in reference to the outcome of the conference, and then gave a most able talk on the work of the conference itself. Mrs. Colton spoke of the economic condition of the world, which is very closely connected with war, and of our own condition, which, although the best in the world, is running a deficit every month, which is being covered by short term notes. Before the war it cost six hundred million a year for government expenses, now it costs five billion and a half, and of this amount 65c out of every dollar will be spent to pay for past wars, 25c to prepare for future wars, and the remaining 10c is to be used for all the other expenses. She says that this is really an open conference where each nation has an opportunity to present its demands and the public may know what they are.

Abdul Baha Passes Away

Abdul Baha, the great spiritual teacher and leader of the Bahai Movement, recently passed away at his home in Haifa, Palestine, according to a cable received on Monday. There will be no personal successor, and the direction of the Bahai Movement will, in the future, be in the hands of an elected body, called the House of Spirituality.

Abdul Baha visited America in 1912 and spoke in many of the prominent churches and colleges, teaching the oneness of the world of humanity, the foundations of all religions as one, religion and science must be in accord, equality between men and women, universal peace, an international tribunal, a solution of the economic problem, and other international ideals. He was recently honored by the British government for his services in Palestine during the war.

Christmas Sale

The Y. W. C. A. will hold a Christmas sale on December 3rd, from 2 until 10 p. m., at the home of Mrs. F. Wallis Armstrong, Moorestown. There will be on sale many things that will be suitable for the "carefully selected Christmas gift." Among them will be beautiful fancy bags, aprons, knitted goods for all the family, and useful articles, also toys for the children, as well as the home-made cakes and candies.

Tea will be served at a small price and transportation will be provided free from Riverton station at 3, 4, 5, 8, and 9 o'clock. —Advertisement.

Keating Verdict Appealed

A motion for a new trial was made before Judge Douglas, at Camden, on Tuesday, in the case of Francis Keating, of Riverton, against George Baxter, former chief of police of Haddonfield, which was recently tried before the court in Mount Holly, when the jury returned a verdict for \$750 in favor of Keating. This was an action to recover damages for false arrest of Keating by Baxter, when the officer took the young man and a colored individual in charge for acting suspiciously near the Haddonfield National Bank last April, after the chief had been summoned to the bank by the cashier. The motion for a new trial will be argued before the Supreme court at the February term.

MARRIED

A very quiet wedding will take place Saturday evening, December 3, at 6:30, when Miss Louise T. Crawford, daughter of Mr. and Mrs. George W. Crawford, of 501 Bank avenue, Riverton, becomes the bride of Mr. H. A. Walburn, of Philadelphia. The ceremony will be performed at the home of the bride's parents, by Mr. Crawford's father, Rev. A. A. Crawford. Following their wedding trip, Mr. and Mrs. Walburn will be at home after January 1st, at 416 Thomas avenue, Riverton.

Big Swim Again Comes to Riverton

Mr. Durborow, the Yacht Club secretary-treasurer, and vice president of the A. A. U., has been successful for the fifth time in succession in securing for the Riverton Yacht Club and the town of Riverton the ten-mile national swimming championship of the United States of America. Riverton will soon be a close rival of St. Louis which held the event for seven years.

This year the race is sure to be for blood. Last year Bolden, who was twenty-three years of age the day of the swim, was able to make a new record by winning the classic three times in succession. He was at his very best and did what he set out to do, but was disqualified for breaking the front of the title going to the runner up, the youthful James W. Hall, Jr., of the Central Swimming Club, of Brooklyn. Hall is only seventeen years of age, and throughout the entire race he swam like a veteran.

Bolden's one wish has been that he could again meet Hall this year over the Delaware course and prove that he could only win from him on a day like this. Mr. Durborow says he picks Hall to repeat. He is only a high school lad and last year was his first big race. Later he swam some desperate short distance races against Bolden, Ross, Leo Giebel, and other famed mermen, each time covering himself with glory.

Word comes from New York that Leo Giebel, the 1918 winner, will get into his old-time form and try to beat the contenders out. Also from Gotham comes word that the mighty Bud Goodwin, the greatest all-around swimmer that ever lived, will come back also. Bud is close to 40 now, but he has the spirit of ten or twelve years of age when the timekeepers always mark him down as the winner before the race starts and just before he puts in the time he made. Bud is as strong as a lion and can use the crawl stroke two hours without a let-up, and this should carry him well to the front in the big race.

As Mr. Durborow feels that he cannot devote so much time to the sport any more, and that this will probably be the last year he will care to be in charge of Riverton's Starhouse events, he wishes to make it the greatest event ever run off, and no effort will be spared to put every swimmer in the world on the firing line. Canada, Brazil, Australia, England and Germany have all indicated their intention of sending their champion to the blue ribbon of the swimming world.

The new commodore is very enthusiastic over the swimming and has promised Mr. Durborow his full support.

The girls' three-mile race will again come off as usual, a big swimming carnival will be held in late June.

It has been a hard thing for the Yacht Club to get its trap shooting team going this season. The football team is a great attraction to many of the men, and again a great many do not care to get going until the hunting season. However, the Starhouse, the chairman of the trap shooting committee, has notified Secretary Durborow that all is in readiness to begin the season. In the third period of the gunning season on December 10, he predicts all the gunners will look with longing eyes upon the traps, and that Saturday, December 17, will find several squads along the rail waiting their turn to shoot.

"Bank President" William Purnell, of Palmyra, says he just feels as though he can't get his name on the John H. Reese memorial cup in three straight shots, and take it down to be locked in the vaults of the Palmyra National Bank. Doc Mills says two birds in the hand is worth three in the bush, and he is not worrying over Palmyra's crack shot.

Charlie Vaughan, who shot on the champion New Jersey team which won the Eastern championship and finished second in the national championship, and who has been doing the best work of his glorious career as a marksman, should have a great deal to say when he goes to the shoot with his brother D. L. Vaughan, who, when he is shooting true to form, can take the measure of any man that ever shot in Riverton.

Q. S. Groves, who donated the handsome trophy, has offered to donate another trap to the club if it can be used, so as to stop the delay in a big shoot. Commodore Bower is also much interested in the gunning section, and says he will arrange several big matches for the team, with such teams as the Duponts, Wilmington, etc.

Once the birds begin to whiz, it promises to be a great season and a Mecca for all lovers of sport on Saturday afternoons.

Last, but by no means least, the sailing section is chaffing until the spring breeze starts to blow, and Captains Merrill, Showell, Robertson and Mattie can't wait until the knock-down drag-out fight to see who flies the championship flag of the Riverton fleet. The men are very enthusiastic over the new boats that are pledged to the fleet, and it is expected another 100 will be bought this spring, giving the club four of these fine sailing craft and boats in all to race.

The skippers all get up, too, over the annual Baltimore cruise, where the Riverton fleet ever upholds the honor of the home club. This season promises to be a banner one in the sailing line, for both Commodore Bower and his brother, Frank B. Bower, the former Corinthian Yacht Club commodore, have, besides donating a new sailing boat to the club, promised to have a series of races take place between the Corinthian and Riverton fleets. It has even been talked of having the Baltimore Club compete here and run off the big races here instead of in the Chesapeake.

Captain Robertson feels confident he can repeat in any waters, especially since after winning the Chesapeake Bay championship last summer he returned and performed an even more difficult feat by adding the regatta of Skipper Rex Showell and Og Mattis to his belt.

The new commodore is anxious to make the club an athletic one in every sense of the word, and it would not be surprising to find a Riverton crew out on the river in charge of "Christopher Columbus" Bob Ayres. Special attention will be given to canoe events as well as all in all it is going to be difficult to find a more energetic, hustling club than the Riverton Yacht Club.

Last Saturday Riverton and the U. S. Naval Receiving Ship eleven played to a 7-7 tie in a good clean game that was witnessed by a large crowd considering the unfavorable weather conditions.

The visitors during the first two periods seemed to have an edge on the local boys and Riverton was taxed to the utmost to prevent them from scoring. In the third period when Riverton fumbled a punt giving the visitors the ball on our 25-yard line the Naval Ship scored after a number of well generated successive line plays.

Q. S. Groves, who donated the handsome trophy, has offered to donate another trap to the club if it can be used, so as to stop the delay in a big shoot. Bacteria in Teeth.

It is because of the presence of bacteria that it is absolutely essential to keep the mouth clean. The film of tartar on the teeth should especially be removed, not only because of its unpleasant appearance, but because it contains many germs, produces heat and prevents the air from free access to the gums just adjoining the teeth.

P. O. S. of A. at Lutheran Church

A large congregation was present at the Lutheran service held last Sunday evening in the P. O. S. of A. building.

Members of the P. O. S. of A. attended in a body, the service having been selected as the Camp's annual Thanksgiving observance.

A quartette from St. John's Lutheran Church in Philadelphia rendered several splendid selections, and an eloquent sermon on American citizenship was delivered by the Rev. S. D. Daugherty, who is serving the local church during its period of organization.

The Palmyra Assembly of Artisans held a meeting Tuesday evening and nominated their officers for the coming year, as follows: Master, Artisan, Elmer Jones; superintendent, Harry Nichols; inspector, Inspector, Oscar Babenzien; recorder, Howard Vile; medical examiner, Dr. Bauer; trustee, A. H. Hodson; representatives to Most Excellent Assembly, Russell Hammelman, Howard Vile and DeWitt Morris.

There is no opposition to the officers named and the election will be held at the December meeting, with installation in January. A delegation of sixty-five from Collingswood was present and with the Palmyra Artisans enjoyed an interesting entertainment with refreshments. Two new candidates, Harold Baker and Eddie Williams, both of Riverton, was initiated.

Bank Directors Happy

Directors and officers of the Palmyra National Bank are enthusiastic about the forward strides the bank has been making. Total deposits in the 1921 Christmas Club are \$37,000 and this sum will be distributed to 900 subscribers shortly. It ought to help swell the local Christmas trade very noticeably. The entire issue of \$125,000 worth of Palmyra township sewer bonds purchased by the bank has now been sold to the public.

The Palmyra bank on Thursday night was host to the Burlington County Bankers' Association at its quarterly meeting. General financial topics and banking cooperation were discussed and a tasty lunch was served the fifty bankers present. Twenty-two financial institutions of Burlington county were represented.

K. G. E. Presents Silver Cup

The district meeting of the K. G. E. held last Wednesday evening in Society Hall, at which the silver cup was presented the winner of the football series between Palmyra high school and Burlington high school, was the largest assemblage of the season.

There were several splendid addresses and an enjoyable entertainment, after which refreshments were served. The football squads, coaches and principals of both schools were the guests of the evening. Souvenir footballs were presented to all. EK-Governor Runyon, who expected to be present, could not get away from his many other duties.

Next Wednesday evening the first degree will be conferred on several candidates. All members are requested to be present and bring an application.

Post Rodgers Gives Entertainment

Two large crowds Wednesday and Thursday evening attended the play given by Post Rodgers, American Legion, in the P. O. S. of A. building.

The sketch was enthusiastically received both evenings and dancing followed. "The Dictator" was the name of the dramatic vehicle selected, by Richard Post Rodgers, in his best style, and it was admirably suited for the Legion's purpose, being colorful and full of action, with a military touch; Old Glory and Uncle Sam's soldiers and sailors playing the proud role they have so often played in Central American events.

All the members of the cast played their parts admirably, while the scenery and stage effects were excellent. Those taking part were: Harry C. Fox, J. Gordon Hemple, Drexel P. Patterson, William T. Miller, Raymond T. Baker, Miss Adeline Lippincott, Frank A. Mathews, Jr., George Truman, Miss Ruth Westney, Harvey G. Fisher, Maurice C. Allen, James M. Weart, Thomas C. Bromley, Miss Ethel Parker, Charles H. Hahn, Carl J. Jefferson, Frank B. McCormick, E. Reeves Morgan, Gustavus R. Schaffer, George W. Strabel, Russell Harris, Harry Schaffer, Miss Lippincott, Truman Rush, Cleveland J. Wallace, Harry Stack, Walter Peterson.

Arrested a Ghost.

For three nights the village of Orono was visited by a white-robed ghost which danced in the moonlight in stacks and lonely lanes and appeared to take no notice of stones thrown at it. On Wednesday night it appeared before Mr. Watson, a farmer, who was driving home. He drove up to it and thrust it with his whip, and then found it to be the dummy figure of a man with strings tied to its arms and legs, by which they could be made to move. The village policeman has taken possession of it.—London Daily Mail.

Wesleyan Leads Two

Last Friday night the Wesleyan first and second teams were defeated by the fast Crescent teams, of Camden. Both games were very fast and clean, the second team losing by the score of 17-14, while the first team held the Camden team to the score of 26-22. Harold Baker had his shooting eye with him and kept his team in the running with some long shots.

Vogel played his usual game at center. Steele, of the Riverton Travelers, played a strong defensive game. Richmond and Bottles Sworer were like flashes, they were all over. Burr and Burton started for the second team. Owing to other affairs going on in the church there will be no games until December 16th when they will meet Walt Armstrong's traveling team in the first game of a series to be played at Palmyra. Dick Steele, who coaches the travelers, said he had some of the finest material he could possibly get for these games. Old time players, Kennerly, Clarence Hubbs and Clint Woolston will be with him, along with some new men. Buck Altman, of Coalbridge, will join him this week. The travelers will play in Dover, Del., next Saturday night.

Notes from Parry

Mr. and Mrs. George Sneller, of Germantown, have rented the house at Five Points owned by Lester Steele.

J. Fred Bauer left on Thursday for Miami, Florida, where he expects to spend the winter. Members of the senior Y. M. C. A. group are starting a band. John H. Burmann, of Highland avenue, is the leader of the group. Marcel Haines, of Moorestown, is instructor to the band and Rev. R. Reimer band leader. Some of the boys are busy "breaking in" the horns.

A Junior Y. M. C. A. group has been organized at the Moravian Church. Fred Coles and Howard Haines are the group leaders, and George Dorworth, Jr., president.

"Willie" Reidenbaker and Fowler

Shaffer report a very successful rabbit season so far. The ladies of the Willing Workers of the Moravian Church are holding several all-day meetings to sew for their annual Christmas bazaar, which is to be held in the near future.

J. Fred Bauer has rented his farm to George Chopyen, his son-in-law. Harry Frank bought a new Ford Sedan last week with all the latest "fixings" from the Palmyra Motor Company.

Meanings of Dream Faces.

To see a grim, distorted face denotes suffering. To see a handsome face of the opposite sex, good news and happiness. To dream your face is handsome signifies long life, but if plucked and pale, sorrow, loss of a friend. If your face is dirty and you wash it, you will repent of some actions.

GOVERNOR HAS MANY FINE JOBS

Civil Service Urges Slash in State Workers—Payroll Doubled in Four Years—Call for Weeding Out of Unnecessary Employees.

Trenton. — Executive patronage in 1922 includes more than a half hundred responsible positions in the state and county governments, involving appointments to the higher judiciary and county courts. Roughly estimated the appointments within the governor's gift during the coming year aggregate to salaries \$200,000 a year.

Governor Edwards will dispose of all the patronage of his administration during the coming legislative session. His three year term expires January 15, 1923.

The terms of Chief Justice William A. Gummere of Newark and Associate Justices James F. Minurn of Hoboken and Charles C. Black of Jersey City expire during 1921.

All these will be renominated, according to present reports. Chief Justice Gummere was appointed to the supreme court as an associate justice in 1900 and made chief justice in 1901 and reappointed in 1908 and 1915. Justice Minurn will complete two seven year terms February 4 next. Justice Black was first appointed in 1914 to fill an unexpired term and in 1915 was confirmed for a seven year term, which will expire February 1.

Other Fine Berths

Circuit Court Judges William H. Speer of Jersey City and George A. Siler of Metuchen and Court of Errors and Appeals Judge Walter P. Gardner of Jersey City come up for reappointment during the 1922 legislative session. Judge Speer will complete two seven year terms February 8, Judge Siler will round out a seven year appointment January 20, and Judge Gardner on February 8 will have served out a full six year appointment. Reappointment of all three jurists is looked for in order to retain the present political representation on the circuit and errors court benches.

Democrats will succeed Republicans as county judges and prosecutors in those counties where terms of such officials expire next year. County judges will be named in Camden, Gloucester, Hunterdon, Ocean and Passaic. Prosecutors will be appointed next year for Cape May, Essex, Gloucester, Hunterdon, Ocean and Sussex. District court judges will be named in Camden, the first judicial district of Essex and Plainfield.

Nomination of John C. Haright of Freehold for a full five year term as state education commissioner is anticipated in view of his temporary appointment by Governor Edwards. Commissioner Haright has been serving as state superintendent for several months.

Hughes as Prison Warden
James H. Hulshorn of this city will complete his term as principal keeper of the New Jersey state prison on January 30. Governor Edwards will nominate a Democrat to succeed Mr. Hulshorn. Former Principal Keeper Richard P. Hughes of Burlington has been prominently mentioned for the place.

Highway Commissioners Walter P. Whittemore of Newton and Charles B. Seabrook of Bridgeton come up for reappointment March 21. Both are Republicans.

The term of Frank Wanner of Bridgeton as state superintendent of weights and measures will expire March 18. The governor will name a Democrat to succeed Mr. Wanner, who was appointed five years ago by former Governor Edge.

Two vacancies on the Civil Service Commission will also be filled by the governor. Joseph S. Hoff of Princeton may be appointed for the full term as president of the board, succeeding John D. Prince of Bridgeton, now minister to Denmark. Reappointment of William D. Nolan, Republican, of Somerville on March 30, it is rumored, is dependent upon senate confirmation of the governor's choice for president of the board.

Colonel Mahlon Reid Margerson of Trenton will be reappointed by the governor to the State Board of Taxes and assessment for another term, beginning July 1.

In addition to the salaried positions within the governor's bestowal there are probably a score of honorary nominations to be made. County patronage will include appointments to the 21 county tax boards.

Urges Slash in State Jobs

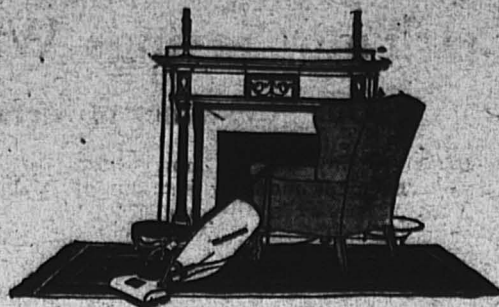

Adoption of business principles in the conduct of public affairs will result in a weeding out of unnecessary employees, according to the Civil Service Commission's annual report. With a budget of \$62,500,000 for the state and 14 counties and municipalities under civil service, the commission points with alarm to a situation where \$20,000,000 is represented in payroll, or approximately 48 per cent of the total budget for current administration expenses.

"There has been an increase of 2,100 employees in the state service since 1917, the report shows, and the payroll during that time has doubled. In no uncertain terms the commission discusses the great increase in payroll expenditures, largely brought about by war conditions and the necessity for better business in public administration.

"Within the near future," said the report, "it is obvious that there must be a readjustment of administration costs in all public business. In any adjustment that may be undertaken it is likely that determined efforts will be made to reduce the greatest item of expenditure—i. e., the payroll. The problem is a serious one, but it cannot be solved by any arbitrary action which may impair the effectiveness of the service or work an injustice on competent and faithful employees.

"The solution, so far as there is a solution, lies not in arbitrary action, but in a reorganization of departmental forces, making possible greater efficiency and greater individual productivity and the actual adoption of business principles in the conduct of public affairs."

As a result of its study of personnel costs so far, the commission is of the

WHETHER crawling along at a snail's pace in congested traffic or hitting the high spots on an open country road, "Standard" Motor Gasoline will fire smoothly and burn up completely.

That is why its sales are climbing out of all proportion to the increase in total gasoline consumption.

Experienced drivers who have tried a filling of the improved "Standard" Motor Gasoline would cheerfully go far out of their way to place repeat orders.

But that is not necessary. Reliable dealers handling this ideally balanced motor fuel are to be found on both sides of the highway wherever you travel. They charge no more for "Standard" Motor Gasoline than others ask for inferior grades masquerading under fanciful names.

If your motor is sluggish have the carbon cleaned from cylinders and spark plugs, empty the old diluted oil from your crank case, and after washing with a pint or so of kerosene, fill with POLARINE of the grade specified for your car. Then put "Standard" Motor Gasoline into your fuel tank and see what a good car can do.

Many of us strive by hard work and strict attention to business to support our families, ourselves, and our loved ones, and to save certain sums of money for the "rainy days." Many of us also find the Christmas season at hand without the wherewithal to furnish our families and our friends with the gifts, remembrances, and pleasures that we had hoped and intended to give. LESSON FOR DECEMBER 11

PAUL WRITES TO A FRIEND.

LESSON TEXT—Philemon.

GOLDEN TEXT—Whoever would be

chief among you let him be your servant—Matt. 23:12.

PREFERENCE MATERIAL—Deut. 15:12-15; John 13:14, 15; I Cor. 12:26; Col. 3:11; Jas. 1:1-4.

PRIMARY TOPIC—The Story of a Run-away Slave.

JUNIOR TOPIC—Paul's Kindness to a Run-away Slave.

INTERMEDIATE AND SENIOR TOPIC—Paul's Kindness to a Slave.

YOUNG PEOPLE AND ADULT TOPIC—The Social Teachings of the Letter to Philemon.

This is a private letter. Philemon was a member of the church at Colosse. Onesimus, his slave, wronged him, perhaps stole from him, and fled to Rome. There he came under Paul's influence and was converted. Paul sent Onesimus back to Philemon with this letter. This is one of the most tender and beautiful letters ever written, and the first anti-slavery petition ever penned.

I. The Situation (vv. 1-3).

His aim was to reach Philemon's heart, so refers to himself as a prisoner, and links Philemon to himself as a fellow-laborer in the Gospel of truth. He makes mention of Apphia, Philemon's wife, and Archippus, the son, who had already enlisted as a fellow-soldier.

II. Philemon's Reputation (vv. 4-7).

Paul paid a fine tribute to Philemon, reminding him that he never prayed without bearing him up before God. This is a fine example of tact on the part of the minister.

1. His faith and love toward the Lord and all saints (v. 6). It was his hope and desire that this faith might bear fruit in Christ Jesus.

2. His ministry to the saints (v. 7). Philemon was generous in his help to the poor saints.

III. Paul's Request (vv. 8-10).

He requested Philemon to receive back Onesimus, the runaway slave, as a brother in Christ.

1. He beseeches instead of commands (vv. 8-10). Though conscious of his right to enjoin, he pleads as the prisoner of Jesus Christ for love's sake.

2. He makes his plea on the grounds of grace (vv. 11-14). He admitted that Onesimus had been unprofitable—had forfeited all claim upon Philemon, and that on grounds of justice his plea might well be rejected, and yet Onesimus was begotten in his bonds (v. 13)—was in a real sense a part of his own suffering nature (v. 12)—he ventured to suggest that he should be accepted. Though Onesimus hitherto had been unprofitable to his master, now was profitable to both Paul and Philemon. Paul would gladly have retained him as a personal attendant, but sought first his friend's permission.

3. Paul desired that Onesimus be received back not as a slave, but as a brother in Christ (vv. 15, 16). Here is the real fugitive slave-law. Paul never attacked slavery, though it was contrary to Christianity, and therefore hateful to him, but emphasized principles which destroyed it. The establishment of Christianity changes the whole face of human society. The wise thing to do is to get men and women regenerated and thus transform society instead of seeking change by revolution.

In Paul's request you can hear the pleadings of Christ for us sinners. All men have broken loose—gone astray—and have become unprofitable. We are reconciled to God through the interceding of Christ. He has made us profitable. We have been begotten in his bonds—through His passion, agony of heart, we shall be changed.

III. The Basis Upon Which Onesimus is to Be Received (vv. 17-21).

The debt of guilty Onesimus is to be put to the account of Paul, and the merit of Paul is to be put to the account of Onesimus. This is a fine illustration of the atonement of Christ. Whatever wrongs we have committed—debts incurred—all our shortcomings are debited to Him. Jesus Christ, on behalf of the whole universe, has said to God: "Put that to my account; I have written with my pierced hand; I will repay." Onesimus was taken back, not as a runaway slave, but as a beloved brother in Christ.

IV. Paul Requests Lodging (vv. 22-25).

He expected a speedy release from imprisonment, and proposed to sojourn with Philemon. In all probability this was realized. What a welcome he must have received! Jesus Christ is saying to every one of His redeemed ones, "Prepare me a lodging."

The Lord Changeth Not.

And I will come near to you to judgment; I will be a swift witness against false swearers, and against those that oppress the hireling in his wages, the widow, and the fatherless, and that turn aside the stranger from his right, and fear not my voice, the Lord of hosts. For I am the Lord, I change not.—Malachi 3:5, 6.

Prophecy as to Societies.

Now the spirit speaketh expressly that in the latter times some shall depart from the faith.—2 Timothy 4:1.

Important Matters Discussed by the School Board

The meeting of the Riverton Board of Education Monday night was enlivened by a most candid and interesting report by Mr. Boyer of his attendance at the annual meeting of the State Federation of District School Boards of New Jersey held at Trenton on December 2. Mr. Boyer said in part:

"Under instructions of this Board, I attended this meeting, the morning session of which was held in the Assembly Chamber at the State House, while the dinner and afternoon session were held at the Stacy-Trevelyan Hotel. The Federation was addressed by Mrs. Seymour Cronwell, of Bernardsville, N. J., member of the State Board of Education—the Republican member, I believe, appointed under the provisions of a Bill passed during the recent Legislature, for the appointment of two women to the State Board, one from each of the dominant parties.

"Mrs. Cronwell had a very definite message to present for the cause of education and the granting of equal opportunities for education to each child in the State of New Jersey. She said a great deal about better distribution of the tax funds by the State. She is frankly in favor of distribution on the basis of pupils, in order that the rural district may be as adequately equipped as the urban districts. As far as consolidation of school houses are concerned, she believes that there should be no hard and fast rule, but that each school house problem should be considered by itself; instancing the happy manner in which some one-room school houses are conducted, and the very unhappy condition of certain other one-room school houses in more or less sparsely settled sections. Mrs. Cronwell appears to be a very valuable member on the State Board, and in pat language her feet appear to be firmly fixed on the ground.

"Following a recess after Mrs. Cronwell's address, the regular session of the Federation took place. As was to be expected, all of the former officers of the organization were re-elected without opposition. I felt that an effort should be made to dislodge the present secretary, and I endeavored to ascertain the manner in which he functioned as secretary to this Federation.

"It is quite certain that political influence is firmly entrenched in the Federation, and that it will be a long while, if ever, before any salutary change can be made.

"Mr. Morse was as truculent as ever. I asked him privately about the possibility of an Act passing the next Legislature, covering the distribution of taxes in the manner proposed by Bill 310 in the last Legislature, and he told me, in his usual confidential manner, that there was no hope of any such bill going through. In this connection, I have to note that the Commission appointed by the Governor following the last Assembly, will meet in Camden on December 9th, to hear the views of some of the lower counties; such Commission having already met at Newark and Trenton, and that a fourth meeting will be held at Atlantic City, at some future date. Mr. Morse expressed his opinion that these meetings were futile.

"An effort was made to bring up the tenure-of-office question, and despite the fact that the president announced that most of the boards of the State, from the results indicated by questionnaires sent out last year and three years ago, are in favor of leaving the Act as it is, a report is to be made to the May meeting on this matter.

"The meeting was more or less farcical since there were no matters of any moment discussed and the one important question, the matter of the distribution of taxes, was very carefully kept in the background, largely due, I think, to the secretary's attitude respecting the same.

"At these meetings, no attempt is made to ascertain how the various boards are represented, and so far as I am advised, only four boards in Burlington county were represented. There may have been more, but as no roll call was taken, I am unable to say. I do know, however, that in addition to Riverton, Palmyra, Cinnaminson and Masonville were represented.

"In my opinion, it is a useless waste of money to go to these meetings; the total expense of attendance, plus our dues, being nearly \$2000 a year, and I think that the money could be better expended right in our own school district. It would practically cover the amount which was talked of as a prize for the high school pupil from Riverton who might lead his class at graduation.

A general discussion followed the report, in which it was brought out that the Federation was started several years ago from activities started in Burlington county, and that it was intended to be a vehicle by means of which Boards of Education throughout the State could advance educational matters by legislation, and otherwise, but that it soon fell into the hands of politicians, or at least became dominated by political methods, and ceased to render the service for which it was organized.

A very strong feeling was expressed that the present percentage of transportation charges paid by the State to school districts, for carrying pupils from one part of the district to another, is too high. The present basis is 75 per cent. It was thought 50 per cent would be quite enough. While it was the original intention of this plan to assist districts in transporting pupils to a certain and better equipped school, instead of providing a larger number of school buildings more conveniently located, but not so well equipped and officered, it had worked out in many cases that districts transported their children at a tremendous cost instead of building school houses which should be built, because it was cheaper to transport than to build, as long as the State bears three-quarters of the expense of transportation.

The fight to have the percentage of transportation charges paid by the State reduced, and to secure the passage of legislation proportioning the distribution of school funds on the basis of the number of school children, instead of on property values, as at present, has not been abandoned, by any means, and since the State Federation seems to be so little in favor of these measures, an effort will be made to get the county organizations together in the Southern part of the State.

Miss Chew, supervising principal of the Riverton school, was granted leave to attend the meeting of city and county superintendents, supervising principals and helping teachers at Atlantic City on December 8 and 9. Miss Chew will be one of the speakers

What kind of gasoline do traveling salesmen buy?

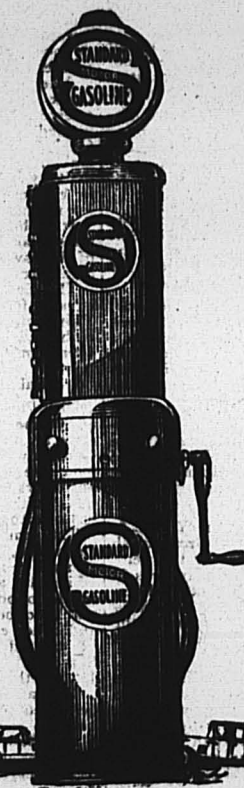

DRUMMERS who make dozens of calls a day, who drive farther every week than most of us do in a month, know a lot about the efficiency and economy of different motor fuels. They nearly always ask for "Standard" Motor Gasoline.

This balanced gasoline gives quick starts, even when the motor has become chilled. It burns up completely, doesn't quickly choke the motor with carbon or ruin the lubricating oil with carbon and unburned gasoline. It runs the motor on a lean mixture and gives big mileage per gallon.

"Standard" Motor Gasoline leads the procession in all these essential qualities. It is the most perfectly balanced motor fuel we know of—the result of innumerable tests for economy and efficiency, perfected refining processes and the choice of the most suitable crudes.

In cold weather or hot, when it's dry and frosty, wet and muddy or hot and sunny, you'll travel the road more smoothly and get further on a gallon. And with less carbon trouble. You won't have to constantly adjust your carburetor. That's why city and country salesmen use balanced "Standard" Motor Gasoline.

You, too, want the best for your money. The best is "Standard" Motor Gasoline. Try it on your next filling. See how lively and powerful your car is, how promptly it starts, how easily it takes hard hills, how far you go on a gallon. One quality wherever you buy it, and for sale everywhere. Protect the moving parts of your car. Polarine is the great friction remover.

The Ad on the Fence

I love my country's rocks and rills and feign would move from off her hills the billboard ads for liver pills. I love to gaze on some old barn that stands by wood or rock or turn. I love its curves and graceful lines, its weathered boards from oaks and pines. I love its silo, cribs and mows, its Plymouth Rocks and brindle cows. My farm-born heart with pleasure swells when I inhale its rich, ripe smells. But O I hate to see its back, exposed to road or railway track, in glaring paint give doubtful hope on some one's double action soap, or urge relief from human ills by chewing sixteen-horsepower pills. Around you curve the engine scoots, and way-worn travelers perch their anoles against the dusty windpanes, while tired eyes and weary brains drink in the peace of hills and plains. Forgetting cares and lack of cash, they gaze on fields of succotash. Green growing groves where deadys roost and babbling brooks their spirits boost. To keep these haunts for nymphs and Pan, the billious billboard let us ban.

New Issue of Treasury Savings Certificates

Beginning December 15, 1921, the United States Government offers for sale through the Post Office Department, a new issue of United States Treasury Savings Certificates, in \$25, \$100 and \$1000 denominations.

The selling price of the new certificates will be \$20, \$80 and \$800, respectively, for the three denominations. These prices are flat and will not change from month to month as in the case of the previous issues. The certificates will mature five years from the date of issue in every case. The limit has been raised from \$1000 to \$5000.

Riverton is greatly below in this district in the sales of Treasury Savings Certificates, and it is hoped by your postmaster, that the sales of the new certificates will be larger than that of the old issue.

P. T. A. Christmas Party

The Parent-Teacher Association Christmas party to the school children, held in the public school auditorium yesterday was a very enjoyable affair. Santa Claus was there, and in the center of the stage was the very necessary Christmas tree. Mrs. L. E. Palmer spoke a few words of welcome, preceding the pleasing program as arranged by the committee. Mrs. R. Selby Williams gave a delightful series of recitations which held the attention of all, down to the tines. Mrs. Herbert M. Morris rendered a solo and was obliged to come back for an encore. Miss Alice Herr played two piano solos which were well executed and thoroughly enjoyed. The school contributed to the program by singing two Christmas songs.

Miss Chew then distributed a basket to each child to be filled for the Christmas of some needy family, announcing the number of children in the family and the age of each child.

As the children left the auditorium Santa Claus distributed bags containing Christmas candies.

The first grade won the Victoria record for having the largest percentage of mothers in attendance.

The envelope containing contributions for the Visiting Nurse were dropped into Santa's bag. The amount was \$28.00.

Send Your Express Packages Early

Local express packages are making special preparations for the handling of the Christmas traffic, according to a statement made today by Fred P. Conway, agent in charge of the Riverton express office.

"We wish to emphasize the importance of shipping holiday gift packages early," said Mr. Conway. "This will avoid congestion with the regular traffic, and insure their arrival on time. Our most important task in handling holiday shipments is to deliver them before Christmas Day."

The express company is distributing Christmas labels for gift shipments, carrying the words "Not to be opened until Christmas," which can be obtained at local express office.

How many pens with the "little red pump handle" do you suppose have been sold in Riverton since they were first introduced here? Well, you may judge somewhat by the fact that one man has bought five or six—for himself and his family. Another family has been 100% "Dunpened." When they come back like that they must be pretty well satisfied. Only a really good pen could make friends so fast. And the Dunn pen is a good pen—so good that we add our personal guarantee to that of the maker. You are to be the sole judge. If the pen is not entirely satisfactory, return it and get your money back. You may get your pens for Christmas gifts now, and if the point does not suit the recipient, it may be changed after Christmas. All of the sizes may be seen at The New Era office.

The sidewalk on the south side of Thomas avenue, at Broad street, has been in worse condition this fall than usual. When the leaves fell they were allowed to remain there, and became rain-sealed, making it impossible to pass that way in safety and comfort. Then the snow came and added to the discomfort of pedestrians. One morning the residents of Thomas avenue noted that the pavement had been cleaned, and supposed that the occupant of the property had at last awakened to his duty and responsibility to his neighbors. Considerable surprise was felt, therefore, when it was learned that a man and his son, living further down the street, had done the work. If it becomes necessary, in the interests of the public comfort, to again perform the work that rightfully belongs to the occupant of the property, there is at least one more man and his son who will gladly volunteer to help.

Gran'ma says: Seems like young people nowadays miss half the blessedness of family life since family prayers have gone out of fashion.

Football

Last Saturday the Riverton football team defeated the Welcome A. C. of Philadelphia, 25 to 0 in a game where the Riverton team played the best brand of football that they have shown this season. At the start of the game it certainly looked as if the visitors were going to be the victors as they advanced one ball to Riverton's two-yard line before Riverton could get together and hold them for downs. Riverton then punted out of danger for a few minutes, but at the start of the second quarter the visitors again were in possession of the ball on Riverton's five-yard line and again were held for downs. Riverton getting possession of the ball on their 8-yard line, tried two line plunges in which they advanced the ball to their 20-yard line, where J. Hynton made the longest and most spectacular run that has been seen on the field this year when he skirted the visitors left end and ran 80 yards for a touchdown. From that time the playing of the Riverton team clearly outclassed the visitors. The first plunging of Hollinghead, S. Hynton and Stroblein and the end running and forward passes by J. Hynton to the ends were responsible for three more touchdowns. Meanwhile the first defensive playing of the linemen and ends made it impossible for the visitors to advance the ball at any time. The playing of the Riverton ends, especially the defensive work of W. Faunce, featured.

Score by periods:
Riverton 0 7 12 7—26
Welcome A. C. 0 0 0 0—0
Time of periods—12 minutes. Referee—L. Keating. Umpire—Burns. Head linesman—Lloyd. Timekeepers—Durgan and White. Touchdowns—J. Hynton 2, Hollinghead 1, Holvick 1. Goals from touchdowns—Stroblein 1, S. Hynton 1.

This Saturday, December 17th, Riverton will play the last game of the season and have their opponents the South Philadelphia Professionals, which is one of the strongest teams of South Philadelphia and have only suffered two defeats in the last three years, so a great game is expected and Riverton will have to play at top form if they expect to finish on the long end of the score. Game starts 3 p. m., at Seventh and Lippincott. Don't miss it.

Interesting News From Trenton

Trenton.—Forty-two positions in the 1922 state senate, aggregating \$19,200 in salaries, were awarded to the 18 Republican senators for distribution by the Republican Patronage Committee. Few changes in the more important places are anticipated, judging from the allotments to the various counties.

William H. Albright of Woodbury has been agreed upon as senate secretary. He has served in this capacity for several years. Union county was again awarded the assistant secretaryship, which was filled last year by Frederick A. Brodessor of Elizabeth, a war veteran. Rev. Dewitt C. Cobb of Gloucester will be named chaplain.

Robert M. Johnson of Atlantic City, senate supervisor of bills for several years past, will be reappointed. Henry Wallace, 1921 senate sergeant-at-arms, is said to be slated for reappointment, the committee having again awarded the place to that county.

The committee attempted to apportion the patronage among the 18 Republican counties on a basis of \$1,200 for each county. The allotments follow:

Atlantic, supervisor of bills, \$1,200; Cumberland, sergeant-at-arms, \$700; file clerk, \$800; Union, assistant senate secretary, \$1,200; Burlington, clerk committee on printed bills, \$800; stenographer, \$800; page, \$800; president's secretary, \$800; committee clerk, \$800; page, \$800; Camden, first assistant journal clerk, \$800; committee clerk, \$800; file clerk, \$800; Cape May, doorkeeper, \$800; assistant bill clerk, \$800; file clerk, \$800; Essex, stenographer, \$800; committee clerk, \$800; page, \$800; Gloucester, chaplain, \$800; second assistant journal clerk, \$800; doorkeeper, \$800; Monmouth, assistant sergeant-at-arms, \$800; stenographer, \$800; page, \$800; Morris, journal clerk, \$1,000; doorkeeper, \$800; Ocean, calendar clerk, \$800; doorkeeper, \$800; file clerk, \$800; Pacific, first assistant supervisor of bills, \$800; doorkeeper, \$800; page, \$800; Salem, clerk appropriations committee, \$800; doorkeeper, \$800; committee clerk, \$800; Somerset, second assistant supervisor of bills, \$800; stenographer, \$800; page, \$800; Middlesex, bill clerk, \$800; two doorkeepers, \$800 each.

Republican Legislative Plans

Suggestions for a legislative program presented to the Joint Republican Conference Committee will be the subject of concrete action at a further meeting in Atlantic City December 22, when the legislators will be guests of Senator White of the Marlborough-Blenheim.

Source of additional revenue were talked over by the senators and assemblymen. A reconstituted committee for inheritance tax law so as to yield about \$2,000,000 a year additional was proposed by the conferees. As viewed by some of the legislators an increase in the inheritance tax may be accomplished in place of the proposed \$14,000,000 bond issue, defeated at the last election.

Informal action seemed to forecast a clash at the coming session between Governor Edwards and the Republican majority. For example, it was decided that the governor should be interrogated respecting his failure to appoint a member of the Maternity Commission authorized at the last session and that he should be asked to explain his failure to appoint two women to the state department of health, as required by law. An investigation by the Maternity Commission has been held up awaiting the governor's appointment.

Senator Mackay, who is to be president of the next senate, announced he would draft a housing bill upon his own initiative, embodying some of the features of bills defeated last year.

Legislation to give local school boards more latitude in handling school affairs was also suggested at the conference. The suggestion is the outcropping of a general movement, particularly in rural communities, against the centralization of power in the state department of public instruction.

Normal School Contract

The DuPont Engineering Company of Wilmington, Del., the lowest bidder, was awarded the contract for the erection of the new normal school building.

The Girl Reserves of the N. W. C. A. plan to hold a party for poor children next Friday.

Mrs. D. H. Lamont will entertain the Stitches and Chatter Circle at luncheon on Tuesday.

The Fortnightly Reading Circle met this afternoon at the home of Mrs. H. L. Holbrook.

The Masonic Association this Friday evening is giving its annual "kiddies" night for the delight of the youngsters.

The Odd Fellows Thursday night were guests of the Epworth League, the main attraction of the evening being a return quilt match between the teams representing the two lodges.

The Field Club will hold its Christmas dance on Wednesday evening, December 22nd. Bill Vetter and orchestra, which performed for the Central League banquet, will furnish the music.

Charles Rodman, nephew of Mrs. Joseph Graham, has returned to his home in Camden after spending some time in Cooper hospital as the result of having his leg broken in two places.

Large and appreciative audiences have been attending the revival services at the Epworth M. E. Church, which are being conducted by the Rev. T. W. McKinney, formerly of Coatesville.

Mrs. Goodrum and children, of New York, are now occupying 740 Highland avenue, which has been occupied until recently by Robert Leighton and family, who have moved to Woodbury.

The December meeting of the Burlington County Firemen's Association will be held next Wednesday evening at the High School building, following which, refreshments will be served at the fire house.

The Riverton and Palmyra Masonic Association last Friday evening elected the following officers: president, W. H. Albertson; vice president, J. A. Smith; secretary, H. A. Kennedy; and treasurer, W. H. Bottger.

Mr. and Mrs. Martin Styles, of Plymouth, Indiana, are visiting his aunt, Mrs. A. B. Powell, and Mrs. W. H. Styles expect to make their home in Camden, where Mr. Styles will start in business in the near future.

Mr. and Mrs. Daniel W. Johnson left Tuesday for Tampico, Mexico, after visiting with friends for some time in Palmyra. The new bride remains here to attend school, and will make his home with Mr. and Mrs. Harry Curry.

Mrs. Arthur Bowker entertained Mrs. Rachel C. Power, national treasurer, of the P. O. of A., of Yorkers, New York, and Mrs. Mary W. Hanger, national conductor, of the P. O. of A., of Phillipsburg, New Jersey, on Wednesday.

Edward Grubb, the well-known jitneur, has purchased a class Sedan and no doubt the new car will be highly appreciated. Mr. Grubb is reserving the old car for use in a service to the Palmyra Ferry, which he will establish when the boats start to run.

The regular monthly social of the King's Daughters Bible Class will be held Tuesday evening, December 20, at the home of Mrs. Charles King, 719 Garfield avenue. The annual election of officers will be held and plans made for coming year. All members please be present.

Camp 23, P. O. S. of A. is planning a big membership drive to prevent other big camps of the State from surpassing it in members. A new degree team has been organized and it had its first tryout Monday evening when three candidates were taken in. The new team performed its task very creditably.

The annual meeting of The Field Club will be held this Saturday evening in the club rooms. Officers for the coming year will be elected, lunch will be served, and there will be a social time. Due to a misunderstanding it was impossible to get out the notices in time, so every member is urged to attend the news and help get out a full attendance.

The annual house-to-house canvass for 1922 membership of the Red Cross is nearing a close in Palmyra. The treasurer, Mrs. John C. Hoepfner, 711 Washington avenue, or the secretary, Mrs. J. P. MacWhorter, 706 Washington avenue, will be glad, if notified, to call for the membership dollar of anyone wishing to enroll, who has been missed in the canvass.

Builder Llewellyn Davis has started another house on Melrose avenue, near Columbia avenue, and has laid the sidewalk laid on the avenue, thus making the whole neighborhood very attractive. If you want to secure a modern house on a good large lot at a pre-war price, you had better see Mr. Davis who resides at 920 Columbia avenue.

The choir of the Epworth M. E. Church will render Maunders' cantata, Bethlehem, on Christmas night (Sunday, December 25th) at 7:30. This cantata was long ago accepted as being one of the best works of the noted composer. The church choir of thirty-five voices are working zealously to render it in most capable manner. The soloists will be Helen L. Wilson, soprano; Augustus L. Wilson, tenor; Clara S. Rivers, contralto; and H. William Dillon, baritone.

High School Notes

Roy Kravels is back in school, but still travels on crutches as the result of his football injuries.

Mr. and Mrs. E. M. Becton entertained the football boys at an elaborate banquet last Friday night.

The girls' basketball team started practice Wednesday under the coaching of Miss Casey, of Temple College.

Christmas buying of the pen with the "little red pump handle" is picking up. A new shipment of these pens arrived this morning. Better select yours while the assortment is good. If it is for a gift it can be exchanged after Christmas if the point does not suit. This pen makes an ideal Christmas gift and you are entirely safe, for if the user is not entirely satisfied, he can return it in thirty days and get his money back—and we will extend the time, making it thirty days after Christmas. Stop in The New Era Office the next time you are passing.

New Ambulance Ready by Christmas

The promoters of the Palmyra Ambulance organized Thursday evening under the name of "The Palmyra Ambulance Association" and elected the following officers: G. J. Axman, president; Frank A. Snover, vice president; Clement Horn, secretary; Sydney Snelson, treasurer; and C. Morris Beck, assistant treasurer.

The chassis for the ambulance has been delivered by the Palmyra Motor Company to Tiedekem Bros. of Camden, who have assured the committee that the completed ambulance will be in Palmyra by Christmas Day for inspection by the public. It will probably be placed at the police station.

School Contract Awarded

The contract for the new Palmyra High School building was awarded Monday night to George W. Shaver & Sons, of Palmyra, on the bid of \$121,017 for the building and \$3,800 for the alterations to the old building.

The highest bidder was \$148,000. The plumbing was awarded to C. H. Orrie, Jr., of Riverside, at \$12,152.23, against a high bid of \$15,700.

The heating went to the Mechanical Equipment Co., of Philadelphia, of which Mr. Brunt, of Riverton, is the head, for \$27,844, against the high figure of \$34,695.

The electrical contract was not awarded and is being readvertised. The total cost of the new building is estimated at \$176,000, without equipment.

The successful bidders started laying out their stakes Wednesday and plan to rush the erection of the building as rapidly as possible.

County Board Orders Increase in Assessments

Assessor John W. Shade on Wednesday was called before the County Board of Taxation and ordered to make a general increase of assessments in Palmyra. The board threatened to send an outsider into Palmyra to make a re-assessment if his orders were not carried out, and consequently Mr. Shade is making reasonable increases to all assessments in the modern sections of the town.

Parent-Teachers to Meet

The Palmyra Parent-Teacher Association will hold its regular monthly meeting in the high school auditorium, Thursday evening, December 22nd. An enjoyable program has been arranged including vocal selections by Miss Ethel Mott and reading by the Misses Ruth and Eleanor Snyder.

Everyone is urged to bring to this meeting toys or books which the committee will forward to the Children's Home at Trenton for the Christmas season.

High School Alumni

The annual meeting of the Palmyra High School Alumni Association will be held in the high school auditorium this Saturday evening, December 17. Officers will be nominated and elected for the coming year, and by the way of entertainment, a clever sketch will be presented by members of the Association.

There will be no charge whatever for the entertainment, and members of the Alumni may bring as many friends as they can gather under their wings.

Mrs. Kate Anderson

Mrs. Kate Anderson, formerly of Richmond, Va., died suddenly of heart disease last Friday, December 9, at the home of her son, Edgar S. Anderson, 704 Morgan avenue. She was in her 67th year. Funeral services were held Monday morning at Andrew Bair and Sons' Chapel, 19th and Arch streets, Philadelphia, by the Rev. William M. Anderson, of the North United Presbyterian Church, officiating. Interment was in Mount Moriah cemetery.

Artisans Gun Club

The Artisans Gun Club has obtained the use of the Field Club grounds and will hold weekly practice shoots every Saturday beginning December 17th.

Watch for the announcement of the big Christmas shoot. Shells can be purchased from the club at a very reasonable price. Artisans who do not own guns can borrow good shooting irons from the club.

Artisans' Bowling

In the second league match rolled on Fehle's Riverside alleys, last Monday night, Bill Becker's Pirates, undaunted by losing the first game to Clint Gibbon's Buccaneers, plundered the next two games and the match.

"Cannon Ball" White was high individual roller of the night, with 208, while "Pop" Knowlton took high three-game honors with a total of 493 pins, or an average of 164.

Clint Gibbon and Bill Becker also showed to advantage for their respective teams.

The feature of the clash was the fierce hand-to-hand struggle for the Treasurer's Chest between "Rooster George" and "Westy Bill."

The score of the match is as follows:

Pirates 121 140 2 80
Hullings 127 133 115
Winn 126 118 149
Alloway 138 140 112
Becker 155 154 159
Totals 667 685 743

Buccaneers 149 150 194
Finney 129 125 126
Hoare 134 104 84
Jones 151 125 123
Gibbon 147 159 163
Totals 667 685 743

Interesting News from Trenton
(continued from second page)

Glasboro, Gloucester county, by the State Board of Education at its last meeting. The same company also received the contract for installation of the plumbing and heating equipment, and George N. Woodward & Co. of Philadelphia was awarded the contract for the electrical work. The aggregate cost will be \$476,708. An appropriation of \$500,000 is available for this work. The budget commission will be requested by the board to provide \$500,000 for salaries for teachers and employees of the school and \$60,000 for equipment in the annual appropriation bill.

A delegation of school officials and citizens of Hudson county appeared before the board and urged that immediate steps be taken toward purchase of a site for the proposed new normal school in Hudson county. The legislature last year appropriated \$100,000 for the site, and at this meeting the board decided to ask \$100,000 additional if necessary for the site, preparation of plans and \$600,000 for erection of the buildings.

Care for Disabled Men

Establishment of four or five convalescent hospitals in various parts of the state was definitely decided upon by the executive committee of the New Jersey department of the American Legion at a meeting held at the state house. These institutions will be conducted under the auspices of the state department and are destined for the relief of a serious condition now existing among former service men who are in ill health and unable to obtain proper care. The hospitalization committee of the department, of which Eugene Patterson of Ridgewood is chairman, was directed by the executive committee to decide upon the counties in which the proposed institutions may be most advantageously located and to take other steps toward their establishment.

The hospitals are planned for the benefit of three distinct classes of prospective patients. The first class will include those who have been incapacitated following their discharge from service and who are entitled to government compensation. Provision will also be made for those awaiting the adjustment of compensation claims and those assigned by the government to the institutions for treatment.

The plan for financing the four or five hospitals as outlined by State Commander Joseph D. Sears contemplates procuring aid from those counties in which the institutions are located and also from contiguous counties from which patients will be accepted. It is also hoped to enlist aid from other sources, but plans with this end in view have not as yet been decided upon.

In addition to this pretensions program of relief work in the interests of sick and disabled former service men it is proposed to make a survey to obtain the names of all service men in hospitals and other institutions of the state and also New Jersey men in other states to make certain that their welfare is being adequately looked after.

No action was taken by the executive committee in the case of Major C. Frank Burr of Trenton, whose resignation was accepted by Governor Edwards some time ago "for the good of the service." A committee, consisting of Colonel William S. Weeks of Bound Brook, Philip Forman of Trenton and Thomas J. Euston of Paterson was named for the purpose of learning from Governor Edwards just why the objectionable clause was included in the executive order accepting the resignation of Major Burr, who has a creditable record in the Guard and in the federal service covering a period of 30 years. This committee will probably report at the January meeting.

Under the direction of Joseph Pitts of Ridgewood a rifle meet will be conducted among Legion posts. Billingsham contests will first be held, and the finale will be conducted in Hackensack during February.

State Budget Proposed

Creation of a permanent state budget bureau to compile information the year around concerning state needs and expenditures for the assistance of the governor in preparing the annual budget will be suggested at the next session of the legislature by Senator Arthur Whitney of Morris county. He will have other amendments to the budget act also.

"New Jersey is fortunate that during these past years of abnormal financial conditions there has been a budget act on the statute books," the senator said. "If there had not been this budget act, the method of apportioning the available money for state purposes the activities and departments of the state would have suffered seriously during these times of labor shortage and high prices."

Pay as you go and you won't be ashamed to return by the same route.

THE SAYINGS AND DOINGS OF SPEED O'

Palmyra Wants More Territory

The Chamber of Commerce Foresees
Great Growth and Seeks Room
to Expand

The Palmyra Chamber of Commerce at its December meeting last Tuesday evening had as its guests forty or more members of the Palmyra Boosters Club and the combination developed into one of the greatest meetings of the kind ever held in town.

Members of both organizations spoke of the aims and hopes they entertained and it soon developed that the two were operating for the same purpose and with the same spirit for the progress and welfare of Palmyra. After the visitors had been warmly greeted by the president of the Chamber, George W. Shaner, an address in reply was delivered by R. S. Rivers on behalf of the Boosters. He declared that no man was worthy to become a member of the Chamber who was not a Booster in spirit.

George N. Wimer, of the Chamber of Commerce, said that Palmyra was destined to become one of the greatest towns in South Jersey. In five years from now, he said, with the building of the bridge and ferry, the population would be double and a few years later the Jersey shore would be built up solid from Camden to Burlington.

The best is none too good for Palmyra," asserted Mr. Wimer. "We're up to the citizens of today to prepare for the future to enable the town to benefit by its future opportunities when they arrive."

In the past the trouble has been," he said, "that issues were never met till they occurred and then it was sometimes too late to handle the situation properly. Let us begin right now to consider Palmyra as a city of the future."

Frank A. Mathews, Jr., spoke as a representative of the younger men of the community, especially the Legion men of Post Rodgers, which, he said, was doing its part to make good citizens out of its members. Mr. Mathews pledged the active support of the Post to any forward movement inaugurated by the Boosters and the Chamber.

In connection with a suggestion that the boundaries of Palmyra be enlarged to make room for its growth, Mr. Mathews offered a motion that a committee be appointed to investigate the possibility of including in the township the territory reaching to the Burlington pike.

James H. Hartley, Township Committeeman-elect, of the Boosters Club, said he heartily endorsed what Mr. Wimer had said about preparing for the future. He declared there were many men in Palmyra with lots of brains and he thought their intelligence and energy should be brought to bear on Township problems and their suggestions probed by.

Jacob P. Warner urged a greater spirit of cooperation in the town, saying that so many things in the past

had been started, but never properly finished.

James T. West referred to the failure of Palmyra to build for the future eleven years ago, when the Delaware avenue school was built. At that time the school board's request for an appropriation of \$30,000 was whittled down to \$12,000 and, he said, the building constructed for that sum would cost \$100,000 today, while if the board had obtained the full sum it asked, a large enough building could have been erected to have taken care of the situation even today.

One of the questions taken up by the organizations jointly was that of changing the form of government. The Boosters, it was indicated, favored chiefly the borough while the Chamber of Commerce has been divided between the borough and the commission plan. Before any further action is taken it is planned to hold another joint meeting, probably inviting the public and to have all phases of the question presented by speakers of prominence.

In the regular business of the Chamber, J. H. Abdill, reported having taken up with the Pennsylvania railroad the request of the Chamber that the platforms at the station be extended to Morgan avenue to accommodate the long trains that are now being run; and also the request that a pedestrian subway be built under the tracks at Garfield avenue.

Mr. Abdill said he was convinced that there was little possibility of getting the subway, as the company is short of money for such improvements, but that he believed the extension of the platform could be obtained. He was instructed to continue the negotiations.

Mr. Abdill also reported on his efforts to have one of the new Pennsylvania ferry boats at Camden named after Palmyra. He had presented the claims of Palmyra in this matter very fully and had received much encouragement.

The matter of allowing commuters to pass through the ferry terminal gates by merely showing their tickets was also presented to railroad officials by Mr. Abdill, and they promised to consider it.

A nominating committee to select candidates for the January election of the Chamber was elected as follows: Clement Horn, W. E. Jenkins and Edwin Patterson. The committee to investigate the town's boundaries is: William J. Purnell, George N. Wimer, W. H. Davison, F. A. Mathews, Jr., and J. P. Warner.

The following new members were elected to the Chamber: Sol Romm and Niels P. Hansen.

At the conclusion of the business of the evening, a buffet luncheon was served.

The Banker and the Grocer's Boy buy the same Gasoline

If the banker could get better gasoline at any price, he would. If the grocer's boy could buy more economically, he certainly would.

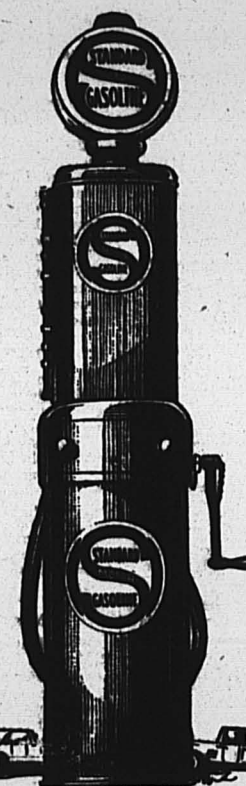

If either could find a motor fuel that would give quicker starts in cold weather, better power on steep grades or more flexible and easily controlled power in congested traffic, he'd go out of his way for it. If some other gasoline would give less carbon trouble or bigger mileage, it would be good judgment to buy it.

But balanced gasoline excels on every test. Its volatility provides quick starts in cold weather. Its rate and completeness of combustion develop maximum power with minimum carbon to dilute the lubricating oil, smother the spark plugs and carbonize valves and pistons. A lean mixture of balanced gasoline assures maximum mileage and economy.

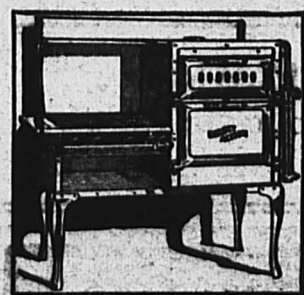

"Standard" Motor Gasoline is improved, balanced motor fuel that gives real assurance of efficient and economical operation. That's why the banker and the grocer's boy both buy it. It is best for the motorist and best for the motor.

You, too, want the best when you buy gasoline. The best is "Standard" Motor Gasoline. With Polarine in your crankcase you have an unbeatable combination.

Bob Adams to Give Us a Smile a Week

Bob Adams, a contributor to the Country Gentleman and other well known periodicals, hereafter will write a prose poem every week for The New Era.

No man in America is better equipped by birth, training and natural tastes to write sympathetically and entertainingly of country life than is Bob Adams.

Born on a farm in Hill, New Hampshire, and saddled with the rather imposing name of Robert McMillan Adams, he came early to love the hills and the fields and the things of the country. When Bob was still a youngster his father became a clergyman which meant that during the next few years the family came to know rural life in three States—Pennsylvania, New York and Vermont.

Mr. Adams is married and has one son. He comes naturally by his ability as a writer and poet, as his father wrote verse, mostly of a religious nature. "My style of verse," whimsically declares Mr. Adams, "is the natural reaction of a preacher's son."

Porch Club

A Children's Christmas Party will be held at the Porch Club Tuesday, December 27th. This is an open meeting. All the children of the town are invited. Admission 25 cents. One of the features of the afternoon will be a "Punch and Judy Show."

Peppered Dog With Rock Salt—Arrested

When John Romeo, of Five Points, shot a dog belonging to Constable Morrell, also of Five Points, he made a grave mistake. To shoot a dog may, under certain conditions, be permissible, but a constable's dog—nik! And with rock salt, too! The effrontery of it!

And so Morrell "had the law on him."

Romeo was given a hearing before Recorder S. Howard Troth on Wednesday, who reserved his decision for the present.

State Forests Offered as Permanent Camp Sites

Camp sites in the State forests, where permanent buildings may be erected, are now available to Y. M. C. A. groups, Boy Scouts, and similar organizations according to an announcement made on Wednesday by the State Department of Conservation and Development which controls these properties. The groups will not be charged for the camps, but they must comply with reasonable restrictions respecting the character of the buildings and the use of the State property.

Applications for camp sites, or inquiries for further information should be addressed to the State Forester, Trenton, N. J.

ONE YEAR AGO—

The Riverton and Palmyra Water Company was granted riparian rights in front of 300 feet of their property on the river bank, between Garfield and Cinnaminson avenue, Palmyra, a part of which has been transferred to the Riverton-Tacony Ferry Company.

The Presbyterian Sunday School held its Christmas exercises last Sunday evening.

County Firemen Meet at Palmyra

The December meeting of the Burlington County Firemen's Association was held in Palmyra Wednesday evening with about 100 delegates present from all parts of the county.

The business meeting, which was held in the high school auditorium, did not begin until late, inasmuch as many of the firemen had long distances to travel. Among the important developments was the announcement that all motorized fire equipment must be supplied with motor licenses. The address of welcome to the visitors was delivered by James T. West of the Independence Company, of Palmyra.

After the business session a feed that hit the spot that cold night was served at the fire house, under the direction of Harry Kemmerle, Sr.

The richest glory of Christmas is that it keeps alive among us the memory of the great Lover of Mankind—Charles Dickens.

HORACE G. STONAKER, P. M.
Member of the State Constabulary
Stationed at Riverton

On Wednesday Sergeant McKim, of the newly-organized State constabulary, came to Riverton with Officer Edward Brown, whom he introduced to the Chief of Police and the borough officers, stating that he would be stationed at Riverton as headquarters for the patrol which he is to cover, and that he would be glad to co-operate with the local police force whenever necessary.

Constable Brown is equipped with a motorcycle. He is a well set up, determined looking chap, and looks as though he meant business. It is neither expected nor desired that he take over any of the duties rightfully belonging to the local police force, but his presence here will greatly strengthen the police protection of the borough.

School Notes

"The Night Before Christmas"

Our Christmas cantata was given on Wednesday night to an audience of parents and friends. On Thursday afternoon we entertained our own schoolmates. We pleased both audiences greatly, and they declared themselves quite proud of their fellow pupils.

To the Christmas fairies we give especial praise and credit. The singing, dancing and speaking were very well done and very expressive. The thought they left with us was that we may all be Christmas fairies, or helpers of Santa Claus, by keeping our eyes and ears and hearts wide open. The chorus singing was enjoyed by all, and was indeed well done.

We feel that our Christmas Cantata was a success and a credit to our school. Our thanks are due to Miss Lucas and to Miss Barrett for their untiring efforts in training the pupils, and working for its success.

Characters

Santa Claus—John Carhart.
Mother—Margaret Albertson.
Children—Helen Shain, Marcella Bowen, Polly Dickinson, Jane Wanger, Dorothy Meally, Stella Meyers, Richard Nelson.

Christmas Fairies—Dorothy Cole, Anna Murphy, Virginia Good, Cora Harding, Edith Knight, Elsie Gind.
Chorus—Pupils chosen from fifth, sixth, seventh and eighth grades.

Country Club Bowling

The first bowling tournament at the Country Club this winter has just been completed. The contest has been quite interesting from start to finish. Several of the teams holding the lead at different times with the Graff men in first place at the close and Evans a close second being the result of winning nine games out of the last nine games played. The final standing of the teams follows:

| Team | Won | Lost | P.C. |
|---------|-----|------|------|
| Graff | 20 | 7 | 740 |
| Evans | 18 | 9 | 666 |
| Rogers | 16 | 11 | 592 |
| Vaughan | 15 | 12 | 555 |
| Cooper | 14 | 13 | 518 |
| Willits | 13 | 14 | 482 |
| Ayres | 13 | 14 | 482 |
| Davis | 12 | 15 | 444 |
| Hirst | 9 | 18 | 333 |
| Jones | 5 | 22 | 185 |

High score for this tournament was George W. Chambers 220.

For the sake of comparison we print again the result of the last tournament ending in April, 1921.

| Team | Won | Lost | P.C. |
|---------|-----|------|------|
| Vaughan | 20 | 13 | 606 |
| Jones | 19 | 14 | 576 |
| Evans | 20 | 16 | 555 |
| Hirst | 17 | 15 | 531 |
| Willits | 19 | 19 | 528 |
| Cooper | 17 | 19 | 472 |
| Rogers | 14 | 18 | 437 |
| Graff | 15 | 21 | 416 |
| Bush | 2 | 10 | 166 |

Season's three high scores: J. Q. Claflin 234, C. W. Wanger 225, A. F. Coe 222.

Parry Notes

John M. Burgmann, of Highland avenue, leader of the Senior Y. M. C. A. group at Parry, has been attending the monthly leaders conferences of the Y. M. C. A. at Mount Holly, the last one of which was held last Saturday.

Christmas at the Moravian Church will be ushered in on Saturday night by the choir with caroling at various points in the township. The Christmas sermon will be preached at the morning service on Sunday. A feature of this service will be the reception of new members. The Sunday School and the choir will give a cantata in the evening, "In the Glean of the Star." During the week following an indoor picnic will be held for the pupils of the Children's Division of the Sunday School.

Arthur Siebke attended the older boys' Y. M. C. A. conference at Plainfield several weeks ago and appeared on the program.

The Willing Workers of the Moravian Church held a successful Christmas bazaar last Friday night. Among the deer hunt trophies from these parts were the following: Charles Reidenbaker and sons, Edwin and Alexander; Willie Reidenbaker, Fowler Shaffer, Millard Grubb and Marcel Hain. The party shot five bucks. In another party were Fred and Howard Hercher.

THE HOLIDAY SEASON AFFORDS AN opportunity to express again the pleasure we derive from our business relations with you, and we wish for you and yours

A Merry Christmas and a Happy Prosperous New Year

COMPTON The Better Grocer

Merry Christmas

In extending to our patrons and friends the Season's Greetings, we desire to also express our very sincere appreciation of the favor that has been shown our establishment, not only during the past year, but in the years before, and which has enabled us to build up, from a very small beginning, a business which is now fully fitted with modern machinery and equipment to fill all your requirements in Cleaning, Dyeing, Pressing, Repairing—including Feathers and Kid Gloves.

As the best means of expressing our appreciation of the confidence placed in us, we shall endeavor during the coming year to serve you even more efficiently and faithfully than in the past, as our growing experience enables us to more readily anticipate your wants.

With best wishes for a Merry Christmas and a Happy and Successful New Year to you all, I am, Respectfully,

Articles written for newspapers should be on one side of the paper only and the lines should be far enough apart for interlineation and correction where necessary. The editor doesn't like to be grouchy, but sometimes communications for publication are so full of abbreviations that they must almost be rewritten before being sent to the printers. The number of permissible abbreviations in printed matter is relatively small and does not include, as a rule, days of the week, "&" for and, "Pal." for Palmyra, or a number of other examples frequently found in original copy.

Palmyra Parent-Teacher Meeting.

Robinson officiating, with interment in Fernwood cemetery, Frank A. Snover, funeral director.

CHRISTMAS SERVICES

Baptist Church
Christmas services at the Baptist Church will be as follows:
Sunday morning the choir will sing, "Angels from the Realms of Glory," by Neidinger; "Gloria to God in the Highest," Stults; "Hark, Hark, My Soul," Shelley; and "There Were Shepherds," Staton.
The subject of Pastor Williams in the morning will be "The Deeper Meaning of Christmas."

In the evening will be held the Sunday School Christmas service, with recitations and songs by members of the school.

The Christmas offering will be for the Near East Relief and the Visiting Nurse Association.

Thursday evening, December 29, the Christmas cantata entitled "A Secret for Christmas," will be rendered by the school.

Epworth Methodist Church
At the Epworth Methodist Church Sunday evening the choir will render the cantata "Bethlehem," while in the morning Pastor Robinson will preach a Christmas sermon.

The members of the Sunday School will render a Christmas program at the regular Sunday School hour in the afternoon.

Next Thursday evening the Wesleyan Bible class will entertain sixty children with a fine Christmas dinner.

First Lutheran Church
The Christmas service of the First Lutheran Church will be conducted by the Sunday School at 7:15 Sunday evening. There will be special music by the choir.

Church of the Sacred Heart
Christmas services will take place in the Church of the Sacred Heart, Fourth and Linden avenue, with the celebration of three masses. The first on Saturday at twelve o'clock, midnight, and on Sunday morning at seven and nine o'clock. The choir will render a special program, consisting of Borde's Mass in "F." The offertory selection will be Adeste Fideles. The choir will be assisted with orchestral music, consisting of violin, cello, clarinet and flute. The sermon will be on the feast of the day. Members of the choir are Mrs. George Porter, Mrs. Gertrude Williams, Misses Anna Stewart, Mary E. Steedle, Messrs. William Aspinall, John Graham, John Ogden and William Highland. Miss Eleanor Cornell, organist. The choir has been carefully and ably instructed by Miss Anna W. James.

The annual meeting of the Palmyra Field Club was held Saturday evening, and the following officers were elected:

President, Frank L. Durgin; vice president, William H. Davison; recording secretary, Clinton Gibbon; financial secretary, Harvey Fisher; three directors, Herbert Kemmerle, Paul H. Powers, Edwin Patterson; athletic director, Russell Gibbon; tennis manager, Lons Bonsall.

The election of the baseball manager for the coming season was postponed until another meeting, due notice of which will be given.

The splendid turnout at the last two meetings has been particularly encouraging and plans for further entertainment at these monthly gatherings are under way. Those sandwiches again commanded "favorable" attention.

Palmyra High School Notes
By J. P. M. and L. B. W.

Palmyra high school's battling quintet traveled to the Pennsylvania Institute for the deaf at Mount Airy, Pa., for the season's opening game.

The Palmyra boys put up a good game despite the fact that they had had only one practice. They led by the score of 15 to 13 at the end of the first half.

In the second half P. D. I. cut loose with several successive field goals which gave them a margin over our boys which could not be overcome, so when the final whistle blew, the score stood 36 to 23 in favor of P. D. I.

H. Shippa starred for the Palmyra quintet, scoring 21 of the local's points with his uncanny shooting. Balsa, of P. D. I., scored 20 of the victor's 36 points.

The local second team also was defeated 22 to 11.

On Friday the basketball team of the Moorestown Friends high school traveled to Palmyra and played our boys in the Temple Gym. The locals did not show show up as well as in the P. D. I. game. They acted like a bunch of stage struck chorus girls. Their paining was much to write home about and their eye for the basket was crossed.

Most the good work for the locals was done by Howard Shippa, while C. H. Lippincott, a Riverton boy, who attends the Moorestown institution, was the mainstay of the visitors. The final count was 38 to 15 with Palmyra on the short end.

Monday afternoon the football squad had its picture taken at Allison's studio, in Philadelphia.

The girls' basketball team opens its season with the strong Haddon Heights outfit on January 9, at Haddon Heights.

The hockey team will play the alumnae team at The Field Club grounds on December 31.

William Breyer Roray, two and a half year old son of Mr. and Mrs. W. S. C. Roray, of Fifth and Leconey, Palmyra, died Wednesday morning in the Lankenau hospital, Philadelphia. The child became ill about six weeks ago with an infected hand and was taken to the hospital three weeks ago. Pneumonia developed later and caused his death. The funeral will be held this Saturday with interment in Morgan cemetery.

Philathea Notes

Every member of the Philathea Class is urged to be present at its meeting on Sunday afternoon at 2:30 o'clock.

The annual meeting and Christmas party of the Philathea Class will be held at the home of Mrs. F. N. Johnson, 514 Morgan avenue, on Thursday afternoon, December 29th, at 2:30. Each person attending will please bring a ten cent gift to be used in Santa's Exchange. Each and every member is urged to be present as a jolly good time is planned.

On New Year's Eve the watch meeting and social will be held at the church from nine until twelve o'clock. The Philathea Class will assist the Baraca Class in receiving and entertaining. Everyone is invited and it is hoped a large crowd will attend this meeting.

Township May Demand Damages for Trees Killed by "Trimming"

At the meeting of the Palmyra Township Committee Tuesday evening, Chairman Davies called attention to the long line of shade trees on Broad street beyond Arch street station, virtually all of which have died following the "trimming" given them about two years ago by employees of the Public Service Corporation.

Mr. Davies said it had been reported to him that the dead trees had become a public menace, being likely to fall at any time, and he thought that the expense of removing them should be born by the corporation. There was also some suggestion that the township might seek damages for the destruction of the trees which were in flourishing condition prior to the trimming and added much to the beauty of the street.

Committeeman Hinchman reported that the old car factory at Broad and Market was now in worse condition than ever, with the roof falling in and only one support for the porch remaining. He requested Solicitor Reckenbach to notify the owners that they would be held responsible for any injury to human beings that might result.

Frank Howell, representing residents of lower Leconey avenue, made a protest against the fire hazard and nuisance occasioned by the burning of rubbish dumped on a property rented by Mr. Clark. Chief of Police Beck was instructed to take action in the matter.

Fremont Truman, representing owners of the five new houses that have been built on Spring Garden street west of Cinnamonson, requesting that the township committee arrange to obtain two street lights for the neighborhood. There has been trouble obtaining gas for the new houses and it was thought that action by the committee might speed things up somewhat. The committee promised that the new street lamps would be forthcoming as soon as the gas mains were laid.

A resolution apportioning the assessments for the new sidewalks and curbing on Pennsylvania avenue was adopted. Another resolution accepting the dedication of the new water main to the township was also adopted.

A special meeting of the Board of Health was held Thursday night to take up the new plumbing code and a special meeting of the Township Committee is to be held next Tuesday evening to go over the accounts for the year and to arrange for the audit.

A payment of \$15,625.14 to the Kelly Company, sewer contractors, was arranged at the meeting Tuesday evening. The first payment of some six thousand dollars was made last month.

The session Tuesday evening was the last regular meeting to be attended by Albert N. Stewart, who closed a career of 15 years as an official of the township. Most of this period was spent as township clerk, but for the last two years Mr. Stewart has been a committeeman, having first been appointed and then elected to fill the unexpired term of the late C. Harry Hill.

Mr. Stewart was showered with well wishes mingled with regrets that the township would miss his able services in the future.

The Dunn-Penn. is more than a mere invention; it is an achievement—a self-filling fountain pen with no other use in it. The Dunn-Penn. is full of ink. Even the pump plunger is hollow and holds ink. It is filled quickly and easily with a few strokes of the little red pump handle and it flows automatically as it fills. UNITED STATES DEPARTMENT OF AGRICULTURE, Office of the Secretary. Federal Quarantine No. 48, with regulations (Revised). (Effective on and after January 1, 1922. Supersedes No. 48, as amended.) The fact has been determined by the Secretary of Agriculture, and notice is hereby given, that an injurious insect, the Japanese beetle (*Popillia japonica* Newm.), new to and not heretofore widely distributed within and throughout the United States, exists in portions of the States of New Jersey and Pennsylvania. Now, therefore, I, C. W. Pugsley, Acting Secretary of Agriculture, under authority conferred by section 8 of the Plant Quarantine Act, approved August 20, 1912 (37 Stat., 315), as amended by the act of Congress approved March 4, 1917 (39 Stat., 1134, 1165), do hereby quarantine the States of New Jersey and Pennsylvania, effective as to the areas in the Japanese beetle, now, or which may hereafter be, designated by the Secretary of Agriculture as infested by the Japanese beetle, and by this Notice of Quarantine No. 48 (revised) do order that (1) farm, garden, and orchard products of all kinds; (2) grain and forage crops of all kinds; (3) nursery, ornamental, and greenhouse stock, and all other plants; and (4) soil, compost, and manure other than fresh manure shall not be moved or allowed to be moved interstate from either of said States in manner of movement of such conditions other than those prescribed in the rules and regulations supplemental hereto: Provided, That the limitation of the restrictions of this quarantine and the rules and regulations supplemental thereto to the areas in a quarantined State now, or which may hereafter be, designated by the Secretary of Agriculture as infested by the Japanese beetle, shall be conditioned upon the establishment and enforcement by the State of such control measures in cooperation with the United States Department of Agriculture with respect to the designated infested areas as in the judgment of the Secretary of Agriculture shall be deemed adequate to effect the control and prevent the spread of the Japanese beetle. Done in the District of Columbia this 28th day of November, 1921. Witness my hand and the seal of the United States Department of Agriculture, C. W. PUGSLEY, Acting Secretary of Agriculture. (SEAL.) Rules and Regulations supplemental to notice of quarantine No. 48 (revised). Regulation 1. Definitions. For the purpose of these regulations the following words, names, and terms shall be construed, respectively, to mean: (a) Japanese beetle: The insect known as the Japanese beetle (*Popillia japonica* Newm.). (b) Quarantined area: Any State quarantined by the Secretary of Agriculture upon determination by him that the Japanese beetle exists therein. (c) Infested area: Those portions of any quarantined State which are designated by the Secretary of Agriculture as infested areas. Regulation 2. Plants and plant products and other articles subject to restriction. Until further notice the restrictions on the movement of plants and plant products and other articles covered in this Notice of Quarantine No. 48 (Revised), and in the rules and regulations supplemental thereto, shall apply only to the articles enumerated in Regulation 4 below, originating in, or moving from the areas in the quarantined States now, or which may hereafter be, designated by the Secretary of Agriculture as infested areas. No restrictions are placed by this quarantine and the regulations supplemental thereto on the interstate movement of the articles enumerated therein from all points in the quarantined States outside of the areas now, or which may hereafter be, designated by the Secretary of Agriculture as infested areas. Regulation 3. Infested areas. All the townships listed in this regulation are designated as infested by the Japanese beetle. The area thus designated is understood to

include all the cities, towns, boroughs, and other political subdivisions within the limits of the listed townships in New Jersey and Pennsylvania. For the purpose of inspection and transportation the townships so designated are divided into two areas, to be known as the heavily infested area and the lightly infested area. The following townships comprise the heavily infested area: NEW JERSEY: Townships of Palmyra, Clementon, Delran, Riverside, Chester, Mount Laurel, Northampton, Evesham, Lambertown, Westampton, Burlington, Willingboro, and Beverly in Burlington County; City of Camden, Townships of Bensalem, Delaware, Haddon, and Center, and the Borough of Magnolia in Camden County. PENNSYLVANIA: Wards 45, 23, 35, and 41 of the City of Philadelphia, in Philadelphia County; Townships of Bensalem and Bristol in Bucks County. The following townships comprise the lightly infested area: NEW JERSEY: Townships of Florence, Springfield, Easthampton, Medford, and Southampton in Burlington County; Townships of Gloucester, Voorhees, and Cresskill in Gloucester County; Townships of West Deptford and Deptford in Gloucester County. PENNSYLVANIA: Wards 33 and 42 of the City of Philadelphia in Philadelphia County; Townships of Cheltenham, Abington, and Moreland in Montgomery County; Townships of Southampton and Middletown in Bucks County. Regulation 4. Regulation of movement of plants, agricultural products and other articles originating in infested areas. From the heavily infested area (1) sweet, green or sugar corn, grapes, lettuce, cabbage and forage crops of all kinds, including hay and straw; (2) nursery, ornamental and greenhouse stock, and all other plants except bulbs and cut flowers; and (3) soil, compost, and manure other than fresh manure, shall not be moved or allowed to be moved interstate to any point outside the infested area quarantined for the Japanese beetle unless and until such articles have been inspected by the United States Department of Agriculture and certified to be free from the Japanese beetle: Provided, that in the case of sweet, green or sugar corn, grapes, lettuce and forage crops of all kinds, including hay and straw, this quarantine and these regulations shall apply for the period between June 15 and October 15; in the case of all other products, throughout the year. From the lightly infested area (1) nursery, ornamental and greenhouse stock, and all other plants except bulbs and cut flowers; and (2) soil, compost, and manure other than fresh manure, shall not be moved or allowed to be moved interstate to any point outside the infested area, quarantined for the Japanese beetle unless and until such articles have been inspected by the United States Department of Agriculture and certified to be free from the Japanese beetle. This requirement applies throughout the year. In the case of any of the articles enumerated in this regulation where absolute freedom from infestation cannot be determined by the inspector of the United States Department of Agriculture, certification will be refused. Regulation 5. Extension or reduction of infested areas. The infested areas designated in Regulation 3 may be extended or reduced, as found necessary by the Secretary of Agriculture. Due notice of any extension or reduction and the areas affected thereby will be given in writing to the transportation companies doing business in or through the States in which these areas are located, and by publication in newspapers selected by the Secretary of Agriculture within the States in which the areas affected are located. Regulation 6. Inspection, certification and marking a condition of interstate transportation. Each car, vehicle, box, basket, or other container of the articles enumerated in Regulation 4 shall be plainly marked with the name and address of the consignor and the name and address of the consignee, and shall bear a certificate stating that the contents have been inspected by the United States Department of Agriculture and found to be free from

the Japanese beetle: Provided, That in the case of such article moved in carload or other bulk shipments the certificate of inspection shall accompany the waybills, conductors' manifests, memoranda, or bills of lading, or, in case of truck or other road vehicle, the certificate of inspection shall accompany the vehicle: Provided further, That in the case of individual farms or districts within the infested area on which the insect has not thus far been found, shipments from said farms or districts in bulk or small packages may be authorized under a permit (valid until revoked) stating that said farms and districts have been inspected by the United States Department of Agriculture and found free from the Japanese beetle. Copies of such permit shall be attached to small packages, or, in the case of bulk shipments, to waybills, conductors' manifests, memoranda, or bills of lading pertaining thereto, and shall be accepted by transportation companies in lieu of certificate of inspection. Regulation 7. Conditions governing inspection and issuance of permits. Persons intending to move or allow to be moved interstate the services of the inspectors shall be paid by the shipper. Regulation 8. Thorough cleaning required of trucks, wagons, boats and other vehicles before moving interstate. Trucks, wagons, boats, and other vehicles which have been used in transporting any article covered by this quarantine within the infested district shall not be moved or allowed to be moved interstate unless the same shall have been thoroughly swept and cleaned before they are employed in interstate transportation. This notice of quarantine, effective January 1, 1922, supersedes Notice of Quarantine No. 48, as amended, promulgated September 30, 1920, and shall be in force until further notice. Done in the District of Columbia this 28th day of November, 1921. Witness my hand and the seal of the United States Department of Agriculture, C. W. PUGSLEY, Acting Secretary of Agriculture. (SEAL.) What Poor Coal is to your Furnace Low Grade Gasoline is to your Motor

ANY experienced oil refiner can make a gasoline which will develop maximum power, or give maximum economy, or easy starting; that will enable a motor to idle well and run smoothly at a low throttle; or that will give small carbon deposit. But to perfect a balanced gasoline combining all the desirable properties in proper proportion took years of careful experimentation by our chemists and engineers.

Crudes from practically every producing field, improved refining processes, delicate chemical determinations, tests for flame speed, pressure, residue; tests in every type of internal combustion engine, both in the laboratory and in actual service; these were some of the factors which led to the development of our improved "Standard" Motor Gasoline.

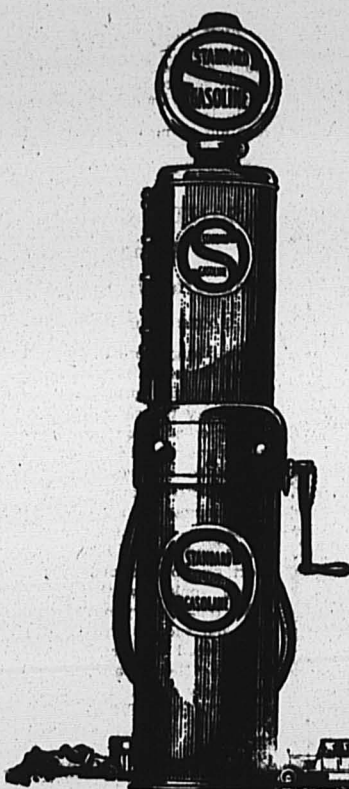

This balanced "Standard" Motor Gasoline equals or exceeds other motor gasolines in pep, power and economy. It keeps fuel and up-keep costs down the year around.

It is particularly desirable in cold weather when less perfectly conditioned gasoline makes motors sluggish even with a rich, wasteful, carbon-making mixture.

Next time you need gasoline drive in where you see the familiar "S. O." sign. Get a tankful of balanced "Standard" Motor Gasoline. See what remarkable pulling power you get on the hills, how quickly your motor "snaps in." Keep tabs on the mileage you get. One quality wherever you buy it. At service stations and garages everywhere.

Refiners of POLARINE for all kinds of internal combustion engines.

This Christmas and Next

Many of us strive by hard work and strict attention to business to support our families, ourselves, and our loved ones, and to save certain sums of money for the "rainy days." Many of us also find the Christmas season at hand without the wherewithal to furnish our families and our friends with the gifts, remembrances, and pleasures, that we had hoped and intended to give. We feel sorry—and yet, after all—we can but blame our own shortsightedness.

LEGAL ADVERTISEMENTS

The New Era is a Legal Newspaper. Commissioners, Sheriffs and other Sales, Administrators and Executors' Notices, as well as all other Legal Advertisements are solicited. The New Era will appreciate being remembered in this connection.

Notice

All readers or local notices of entertainments, suppers, fairs, dances, etc., given for the purpose of raising money, or for which admission is charged, will be charged for at the rate of fifteen cents a line.

THE DAWN of the New Year will break upon such a scene as never before greeted the eyes of the "youngster with satchel and smile," and the retiring figure of Father Time, symbolizing the passing of the old year, will wear an expression of satisfaction never before seen—for when the history of old Mother Earth have the chief powers of the world sat down together in an effort to devise some means by which the sons of man can be "good" for ten whole years?

The attempt alone is a tremendous step toward the nations of the earth becoming civilized. Soon the illustrious Robert G. Ingersoll's saying that "individuals are civilized; nations are barbarous," will have to be revised.

The representatives of the governments involved are evidently making an honest effort to reach an agreement. Much progress has already been made—to a degree, indeed, that would have been impossible but for the approving thought of the great mass of the people "back home."

There is a great power in concentrated thought. Sometimes it reaches and exerts its silent but potent force in places where the printed or spoken word cannot penetrate.

Let us all help by talking peace, thinking peace, and trying to live at peace with our neighbors, individually and collectively—not that peace which manifests in merely refraining from outward conflict, but in that real peace of which the angels sang—"on earth peace, good will toward men."

Let us endeavor to get the neighbor's point of view—perhaps we will find his ideals equally as high as our own.

And let us try to realize that "our neighbor" today is any human soul with whom we come in contact.

By thinking, talking and living the true spirit of peace and good will as we come and go in our daily affairs, we can do much to encourage and strengthen those who are engaged in the great task at Washington, and to hasten the day of Tennyson's prophetic lines, when

"The war drum throbbed no longer, and the battle-flags were furled
In the Parliament of Man, the Federation of the World."

"There the common sense of most shall hold a treacherous realm in awe,
And the kindly will shall slumber,
Lapt in universal law."

ONE YEAR AGO—

At the Christmas exercises of Calvary Presbyterian Sunday School a special offering was received for the work of the Near East Relief in Armenia and Syria, to which over \$600 was contributed by the Sunday School and congregation.

The electric lights along the River Road, through Cinnaminson Township from Taylor's Lane to the creek, were turned on.

County Auditor Henry I. Worrell, while hunting deer near Quakerbridge on Friday, was accidentally shot in the arm by Frank Giberson, another hunter.

A big fox hunt was promoted by the Burlington County Game Protective League to reduce the number of foxes which threatened to exterminate rabbits, pheasants and other small game.

County Institutions Well Kept

WHEREAS, on the twenty-eighth day of December, A.D., nineteen hundred and twenty-one, the Grand Inquest of the County of Burlington for the October Term, said year, visited the following County Institutions: Jail, Court House and grounds, Insane Asylum, Almshouse and Tuberculosis Hospital, for the purpose of inspecting the same; now, therefore,

BE IT RESOLVED, by this Grand Inquest, that the Board of Freeholders, and other County officials intrusted with the care and administration of these institutions, be commended for the excellent condition of the same, and particularly as to neatness and cleanliness; and

BE IT FURTHER RESOLVED, that a copy of this resolution be given to the Sheriff, County Clerk, Surrogate, Keeper of the Almshouse, Keeper of the Insane Asylum, Superintendent of the Tuberculosis Hospital, Board of Freeholders and the public press of the County.

Adopted December 28th, A.D., 1921.

The attendance Monday and the interest shown in this shoot no doubt will determine the policy as regards future activities. No shoot this Saturday.

Well, well! Christmas here and gone, and you didn't get a Dunn Pen! That's hard luck. Perhaps you would like to make yourself a present of one. Good idea! We have replenished our stock after the Christmas rush, and can show you a full assortment at The New Era office. A lady wrote for one from Logan, Pa., yesterday. She had been reading the ads about it in the paper—same as you—only she obeyed her impulse!

—Advertisement.

George Carter, the new member of the State Constabulary who takes the place of Edward Brown, who was originally stationed here last week, arrived and took up his duties Thursday.

It seems to be the plan to keep the officers moving, so that all will have an opportunity to become acquainted with all parts of the State, and not stay in one place. "Long enough to become acquainted." The cement foundation for the addition to the fire house has been laid, and the framework will be raised next week.

A new scheme has been adopted to lay on violators of the motor vehicle laws. The state police will be furnished with a punch, to be used on the license card of an offender.

If the driver has been guilty of a minor offense, he will be warned and his license card punched. If later he is again apprehended and his card shows two or more punches, it will be used against him when taken before the justice of the peace. The individual mark of each member of the force who had previously stopped the offender will enable the authorities, if they so desire, to have the officer at the hearing.

Sheriff Flagg Has Bad Fall

Sheriff Flagg slipped on the sleek-covered stone steps of the jail as he was coming out of his office on Friday morning, and fell heavily on his back and side. He was able to walk back up the steps although the violence of his tumble had nearly put him down for the "count." Later on the Sheriff thought best to consult his doctor about a troublesome pain in his side that did not seem to abate and the examination showed that he had suffered slight fractures of the two ribs. He has kept pluckily on the job every day since his fall, notwithstanding a very heavy cold complicates his condition. A peculiar coincidence was that two days before, Mrs. Flagg slipped in the bath tub at their home and striking the side of the tub, suffered almost the identical injury that befell her husband.

DEATHS

Word has been received here of the death of Francis Albert Corner, of Penbury, England, on December 2nd. Mr. Corner died at the age of eighty-one and was the father of Mrs. Harry Walters and W. C. A. Corner, and a brother to Mrs. Robert Farrow and the late Louis M. Corner, all of Riverton.

Notes from Borough Clerk's Office

For the year 1921, 126 hunting and fishing licenses were issued by the borough clerk.

For the coming year the price of resident hunting and fishing licenses has been advanced from \$1.15 to \$1.65.

The non-resident and alien fishing licenses are now \$3.15, and non-resident and alien hunting and fishing license \$10.15.

The Story of
Our StatesBy JONATHAN BRACE
XXI—MISSISSIPPI

THE State of Mississippi derives its name from the river which forms its western boundary. The word itself comes from the Algonquian word, which means "great river." It is popularly supposed to mean "Father of the Waters" but this interpretation is incorrect. The state is also known as the Bayou State from the many bayous which are formed by the shifting river. In this connection it is interesting to note the uneven course of the Mississippi river. Though the extreme length of the state from the Gulf to Tennessee is 380 miles, the western border, due to the winding of the Mississippi river, extends for nearly 500 miles.

The rivers play an important part in this state. They are so numerous and the country so subject to flood that the river bottoms cover nearly one fifth of the area of the entire state.

The early history of Mississippi is riddled with the story of Louisiana of which it originally formed a part. Discovered by De Soto in 1539, it was not until La Salle sailed down the river and claimed this territory, which he named in honor of his French king, Louis XIV, that a permanent settlement was established. In 1763 the territory east of the Mississippi was ceded by the French to the English. For a while the lower portion of the present state was called West Florida. After being captured by the Spanish and later returned to the United States, the Territory of Mississippi was extended to its present size of 46,885 square miles and in 1817 it was admitted as the twentieth state of the Union. At the time of the Mexican war, although called upon to supply one regiment of volunteers, Mississippi responded with enough men for two. One of these regiments was commanded by Jefferson Davis, who later was the president of the Confederate states. Since its readmittance to the Union in 1870 Mississippi in national elections has been a Democratic state except in 1872, when it voted for Grant.

The Story of
Our StatesBy JONATHAN BRACE
XXII—ILLINOIS

KASKASKIA, the oldest town in Illinois, is on the site of an Indian village and it was here that Father Marquette, after his first discovery of the Illinois river, established a Jesuit mission in 1675. Four years later La Salle, the French explorer, passed through the Great Lakes, landed at the Chicago river and pushed on to the Illinois river, which he named after the Indian tribe living in that region. Here he built a fort and sent his son back to Montreal for further supplies. When his vessel did not return he started home on foot and succeeded in finding his way to Montreal through a thousand miles of tangled wilderness. He gathered together another expedition and returned to the fort, which he had left in charge of his companion Tonty. The fort he found in ruins, but finally succeeded in locating and rescuing Tonty, who had been driven out by the Iroquois Indians.

This riverway to the Mississippi became one of the leading avenues of communication between the French in the North and Louisiana. French settlers soon located here and established the most friendly relations with the Indians. In fact, though the Illinois country was ceded by France to England in 1763, the sentiment of the Indians and French together was so hostile that it was several years before the territory could be occupied.

During the Revolution it was George Rogers Clark and his expedition into the territory north of the Ohio which captured Kaskaskia and drove the English from this province. Various states claimed rights to parts of this territory, but these were finally ceded to the federal government and in 1787 it was formed into the Northwest Territory. This tract extended from Pennsylvania to the Mississippi and was eventually divided into Ohio, Indiana, Illinois and Michigan.

In 1818 Illinois was admitted as the twenty-first state with an area of 56,600 square miles. The state is one of the most level in the country and is often called the Prairie State. Politically Illinois is the most important state in the Union next to New York and Pennsylvania as it has twenty-nine electoral votes for president.

East Riverton Notes

Mr. and Mrs. Thomas Perkins celebrated their twenty-fifth wedding anniversary last Saturday evening. Over fifty guests were present from Mount Holly, Camden, Merchantville, Clementon, Beverly, Palmyra, Riverton and Philadelphia. Mr. and Mrs. Perkins received many beautiful gifts. A most bountiful supper was served that will long be remembered by their many friends.

Mrs. William Sprouls, of Chester, and her family, are spending a week with her mother, Mrs. James Salisbury.

Mr. and Mrs. D. H. Everingham spent Christmas in Camden with her brother, Charles Hauser.

Mrs. John Stratton has been quite ill for sometime.

Mrs. Thomas Brunt entertained friends from Philadelphia this week.

Mr. and Mrs. Arthur Stow are receiving congratulations on the birth of a daughter on Christmas Day.

A Creed of Love

If we can sing, and our songs can give cheer,
If speaking, our words help the struggling here,
If we are willing to lift those who fall
And then will stick by them, game through it all;
If giving to one from our meager purse
He later should turn from us with a curse,
And yet we could feel that 'tis good to give
For the sake of need, we're learning to live.

We recognize suffering on every hand
Because we suffer and understand.
We love, and loving, we've more love to give,
We're learning by loving how to live.
—Blanche Chalonte Tucker.

The Repentant
Burglar

A MAN who posed as a gas inspector gained admission to a Massachusetts woman's home and stole her jewels, which she valued at \$600. Later the jewels appeared on her doorstep with a note, saying:

"I am sorry I took the jewels.
"A Repentant Man."

This was very nice but I wish to warn people who are doing without insurance that they cannot depend on burglars to repent as a regular thing.

This protection is invaluable. May I serve you?

Mr. and Mrs. John Althouse and their grandson, Edwin Kreckler, spent Thursday in West Chester, Pa., with Mrs. D. E. Hildman.

The new officers of the Wesleyan Bible class will take up their duties this Sunday and a full attendance is desired to welcome them.

No basket ball game is to be played at the Epworth Temple gym this Friday evening, but a contest for New Year's night has been scheduled.

Christmas Red Cross seals to the number of 7,500 were sold in the Palmyra schools this year, exceeding previous records by nearly 50%.

The Inasmuch Bible class will hold a business meeting next Tuesday evening at the home of Mrs. W. R. Harman, at Morgan avenue and Charles street.

A package party for the members of Tacoma Council, No. 102, of Palmyra Daughters of the Bixbeaux, was held in Society Hall on Thursday evening.

Charles Durgin was home from Binghamton, N.Y., to visit his parents, Mr. and Mrs. Frank L. Durgin, of Fourth and Leconey avenue, over Christmas.

The annual dinner dance of the Eastern Star has been postponed and in its stead an informal dance will be given this Saturday evening in P. O. S. of A. building.

Mr. and Mrs. O. J. Babenzien, of 905 Highland avenue, are receiving congratulations upon the arrival of a nine-pound boy. Mother and baby are doing very nicely.

The Calder Bible class will hold its social and business meeting at the home of Mrs. Way, on Fifth street, below Leconey avenue, next Friday evening, January 6th. All money can be turned in at this time.

The schools will resume on Tuesday, January 3rd. Most of the teachers are enjoying the holidays at their homes. Last Friday all the various rooms, including the high school, held special Christmas exercises.

George Ginter, son of Mr. and Mrs. A. O. Ginter, 415 Cinnaminson avenue, is home for the holidays, having spent the last two years in the merchant marine service on ships cruising in the Gulf, West Indian and South American waters.

A blaze in a field on Abram Wallace's farm called off the dependence Fire Company shortly after seven o'clock Thursday evening. A high wind was blowing and the farm buildings were endangered, but the firemen soon had things in hand.

Boys who have been noticed damaging the trees on the various streets with hatchets and knives are warned by Overseer Land that they will be prosecuted if further damage is done. The cuts are likely to cause considerable damage to the trees.

Harold E. Davis, of Coal Valley, Pa., is the guest of Miss Helece Field, of Elm avenue. Mr. Davis is a student in the Department of Agriculture at Pennsylvania State College, and will accompany Miss Field on her return to that institution on Monday, January 2d.

Mrs. Harry Buck wishes personally to thank all those who contributed articles for Christmas gifts to wounded and disabled soldiers at Camp Dix and vicinity, which she delivered last Saturday. There were 100 parties at Camp Dix, seven at Browns Mills and two at New Lisbon.

The Field Club Christmas dance Wednesday evening was highly successful, over one hundred couples attending. The decorations were very handsome and the music, furnished by the Imperial Orchestra, was much appreciated. Mr. and Mrs. J. P. Warner won the prize in the elimination dance.

Louis Frizlen, of Brooklyn, and William Frizlen, of Philadelphia, were guests of their niece, Mrs. W. T. McAllister, and Mr. McAllister, Christmas. Mr. and Mrs. Louis Frizlen, Jr., who were on their honeymoon, having been married Christmas Eve, were also in the party. Other guests were Mr. and Mrs. Pierre Dalmasse, of Philadelphia.

No wonder woman's work is never done. Man's wouldn't be either if he never planned it out according to some special scheme.

Calling in Cairo.

Englishmen who do not know Cairo sometimes take houses in Cairo and undesirable parts of the city. In "Egypt as We Know It" Mrs. E. L. Butcher amusingly describes how hard it is to find a person who has been gone awhile. Her husband, she says, wrote to a doctor for the address of some friends whom he knew he had attended. Here is the doctor's answer: "The man's life is a house without a number in a street without a name next door to an Armenian butcher who, I think, has no sign, went of (about) price! The address was eight-seven steps."

Jack Frost Fails to Stop Sewer Work

Work on Palmyra's sewer system continues progressing nicely.

The surface drainage system centering on Morgan avenue is in actual operation, having carried off water from recent rains, although the inlets are only about half completed. The construction of these inlets is a somewhat tedious operation owing to weather conditions being unfavorable to cement work.

The sanitary sewer has been laid on all the streets south of the railroad from the Riverton line to Garfield avenue and work on that street has just started. Some delay has been occasioned by breakdowns in the trench digger, which has been out of operation off and on for three weeks, but other phases of the work has gone steadily ahead. The digging machine is now repaired and ready to resume work.

After Garfield and Columbia avenues are finished, Cinnaminson avenue will be taken up next, and Parry avenue will be used as a detour for traffic. After Cinnaminson is completed, the Parry avenue line will be laid.

The contractors plan to work all winter as far as the weather will permit.

Public Service men were in town Thursday and under the direction of Overseer Winfield Land made surveys for the electric lines to furnish power to the pumping station at Berkeley avenue and the Boulevard.

Ambulance Delayed

The Palmyra ambulance, which was expected to be delivered by Christmas, will not be brought to town until about January 15.

Delays occasioned by illness among the workmen were building the body at a Camden plant, as well as the desire of the builder to have the paint thoroughly set as the successive coats were applied, occasioned the postponement.

C. J. Axtman, president of the Ambulance Association, has called a meeting of the association and all other interested persons to be held at the Fire House next Wednesday evening, when various plans for the future work of the association will be discussed.

I. O. O. F. No. 201

All Odd Fellows living in Palmyra and Riverton and vicinity take notice.

The regular meeting of the I. O. O. F. No. 201, will be held on Wednesday, January 3rd, at 8:30 p.m. If you have not attended a meeting this year, come out and find who carries on the business of your lodge. Regular session starts at 7:30 p.m. Entertainment and social at 8:30. Dancing for the wind-up. Bring your wife or sweetheart.

Press Committee.

Watch-Night Services

Watch-night services will be held at the Epworth Methodist Church this Saturday night, beginning at 10 o'clock.

Sunday morning Holy Communion will be administered and in the evening Pastor Robinson will deliver a New Year's sermon.

Wesleyans Give Christmas Dinner for Children

One hundred kiddies, of all races, creeds and color, from East Riverton, Cinnaminson township, Riverton and Palmyra, were guests at a Christmas dinner given at the Epworth gym Thursday night under the auspices of the Wesleyan Men's Bible class and financed by citizens of the twin towns.

The children were served with a turkey dinner, with ice cream and cake, and each received a candy cane. Then there was an entertainment given by Ventriquoist Vincent, whose saucy ditty kept his audience in an uproar for half an hour. After that Santa Claus appeared and presented each child with a bundle of toys and a pair of woolen gloves and rubbers.

Men of the Wesleyan class, assisted by their wives, did all the work connected with the banquet and all enjoyed it as much as the children, so much, in fact, that it was resolved to make it an annual affair.

The list of children invited was obtained largely through the Visiting Nurse, Miss Mabel Krauss, who did a great deal of work in preparation for the party, while the members of the class used their automobiles and contributed machines to bring the youngsters to the gym and take them home afterwards.

Those who had charge of the dinner and solicited the funds wish publicly to thank all those whose generosity made possible such a splendid distribution of Christmas cheer.

New Plumbing Code

The Palmyra township committee has been at work upon a new plumbing code which will take the place of the rather antiquated one effective for the past several years.

The new code will be designed especially to cover the plumbing work necessitated by the new sewer system. Among other changes will be a requirement of a \$5 registration fee for plumbers. The new code will be passed as an ordinance and published, when completed, and copies will also be available in pamphlet form.

The township committee will meet at noon Monday for the re-organization scheduled annually for New Year's day, at which time the township committee, James H. Hartley, will be sworn in and the annual appointments made.

Baptist Church Notes

This Saturday afternoon the primary department of the Baptist Church will have a Christmas party from 2:30 till 5 o'clock. Mothers of the children are all invited.

Saturday evening at 9 o'clock there will be a social and entertainment, followed by watch-night services from 10:45 till midnight. Sunday morning a New Year's sermon, "Thanksgiving and Thanks Living," will be preached by Pastor Williams and Sunday evening his subject will be "This Year Also." Everybody is invited to all of these services.

Next week every night, except Monday and Saturday, there will be special services in observance of the National week of prayer.

DEATHS

The death of Harold Megahan, son-in-law of Mrs. Albert Rycroft, occurred in Philadelphia on Tuesday of last week. The funeral was held on Friday. The deceased is survived by his widow, formerly Miss Estella Marsh.

We hear a lot about the well balanced meal. What is it? Let vegetables and fruit furnish 20 per cent of the fuel; milk, meat, eggs and other proteins 20 per cent; cereal foods 30 per cent; and fat 10 per cent, and fat and fat foods 20 per cent.

RURAL HOUSEWIVES ARE TAUGHT TO APPLY BUSINESS PRINCIPLES

Home Demonstration in the Kitchen.

(Prepared by the United States Department of Agriculture.)

Home demonstration work, though comparatively new, is looked upon as permanent; so beneficial have been the results obtained by home demonstration agents working in rural homes. The fundamental purpose of this work, according to a report just issued by the United States Department of Agriculture, is to assist the rural housewife to apply business principles to her daily tasks for the purpose of making the farm home as efficient as the farm, thereby producing a more satisfactory and permanent type of rural life. The report referred to is Department Circular 141, which deals with the results of home demonstration work in the 88 northern and western states.

Three types of such enterprises are developed: The economic type which includes food preservation, the hot school lunch, co-operative laundries, co-operative buying and selling associations, labor-saving devices, and salvage shops. The social type is concerned with such things as recreation centers, civil improvements, and rest rooms. The educational type emphasizes farm home tours, libraries, and magazine circles and the like.

Local Aid Needed.

A county organization in extension work which desires the appointment of a home demonstration agent should first communicate with the extension service at the state agricultural college, or with the agricultural agent in the county, the circular suggests. It is necessary for the local organization or county to give some financial support to the home demonstration agent, though the greater part is supplied by the state and federal funds. To supply that share which is required of the local organization, there have been organized within the past two years in the majority of the 88 northern and western states what is popularly known as the "family" or "county" farm bureau. This is an association of people interested in rural affairs, the membership of which comprises men, women, and young people who generally pay a uniform membership fee of \$1 a year.
