Looking through an old Bell Directory is as interesting as rummaging through grandmother's trunk in the attic.

It is a good way to check up on the progress of the community. It is surprising to find how often the first users of the telephone were the men of vision who later developed into leaders in their respective fields.

The first telephone directory was merely a sheet of paper with the names of about a dozen subscribers. In most cases no numbers were printed in the directory and calls were made by name. You simply said to the operator "Get me Mrs. Jones."

Every new telephone directory is a new footprint in the path of progress. The extension of the service and your increasing dependence on this means of communication is a tribute to the performance of the Bell Telephone System in the past.

New problems of operation and management develop as fast as the old ones are solved, but we have faith in our ability to meet the demands of each new era as we have met those of the past.

And we have the benefit of the experience of others who are working on similar problems in other parts of the Bell System.

Teacher of English Bible in the Moody  
Bible Institute of Chicago.)  
Copyright, 1922, Western Newspaper Union

#### LESSON FOR MARCH 5

#### JEHOVAH'S MERCY TO A HEATHEN CITY

LESSON TEXT—Jonah 3:1-11

GOLDEN TEXT—Let the wicked forsake his way, and the unrighteous man his thoughts; and let him return unto the Lord, and he will have mercy upon him, and to our God, for he will abundantly pardon.—Isa. 55:7

REFERENCE MATERIAL—Isa. 6:3; 55:7; Jonah 1:2-10; Mat. 11:16, 17; John 3:16

PRIMARY TOPIC—God Sends Jonah on an Errand

JUNIOR TOPIC—How God Spared a Wicked City

INTERMEDIATE AND SENIOR TOPIC—Jonah's Missionary Adventure

YOUNG PEOPLE AND ADULT TOPIC—The Missionary Teaching of the Book of Jonah

That the book of Jonah is historical we believe for the following reasons: First, its record and use in the Scriptures. That the writers of the Bible intended the impression of its historicity is without the shadow of a doubt. The suggestion that it is a parable is absolutely gratuitous. Second, the unbroken testimony of tradition among the Jews is that it is historic. Third, the testimony of Jesus Christ (Matt. 12:39-41). "The words of Jesus Christ are final."

1. Jonah's Second Commission (vv. 1, 2).

When called the first time to go to Nineveh, he found the task too great for him. For his unfaithfulness, he was chastised. He repented and God restored his commission. The Lord said to him, "Preach the preaching that I bid thee" (v. 2). God knows how he wants his work done. Happy is the missionary, minister, Sunday-school teacher, who preaches God's Word just as He gave it.

11. Jonah's Preaching (vv. 3, 4).

1. His field (v. 3). "Nineveh was an exceeding great city." Not only was the city large, but its inhabitants were noted for their cruelty.

2. His message (v. 4). "Yet forty days and Nineveh shall be overthrown." This means that forty days were given by God for repentance ere the judgment would fall. God is long-suffering, not willing that any should perish, but that all should repent (II Pet. 3:9). Though He is merciful, yet there is a limitation to it. He says, "Yet forty days."

#### III. The Repentance of Nineveh (vv. 5-10).

1. They believed God (v. 5). They believed that God was speaking to them through the prophet about their sins and impending judgment.

2. They proclaimed a fast (vv. 5-8). The king and people joined sincerely in this movement. The call was for them to turn away from their sins. Their penitence was genuine, for they not merely put on sackcloth, the visible sign of mourning, but they cried to God (v. 8).

3. They reasoned that God would repent (v. 9). Though they had no assurance that God would have mercy, yet they reasoned that the sending of a prophet and the giving of a time before the fall of doom implied that God would be merciful if they repented. They were wise in so doing. We today know that God will have mercy if we repent (Acts 3:19). What utter folly to go on in sin in the face of the assurance that God will judge.

5. God's mercy shown (v. 10).

"God saw their works that they turned from their evil way." God's eye is omniscient. Wherever there is a soul who is turning from sin in penitence, He sees. No one has ever wept over sin unnoticed by God. God rejoices when a sinner repents (Luke 15:10). In the Book of Jonah we have portrayed the typical history of Israel:

"1. Jonah was called to a world mission, and so was Israel. (2) Jonah at first refused compliance with the divine purpose and plan, and so did Israel. (3) Jonah was punished by being cast into the sea, and so was Israel by being dispersed among the nations. (4) Jonah was not lost, but rather especially preserved during this part of his experience, and Israel is not being assimilated by the nations, but being kept for God. (5) Jonah, repentant and cast out by the fish, is restored to life and action again, and Israel, repentant and cast out by the nations, shall be restored to her former national position. (6) Jonah, obedient, goes upon his mission to Nineveh, and Israel obedient, shall ultimately engage in her original mission to the world. (7) Jonah is successful in that his message is acted upon to the salvation of Nineveh, so Israel shall be blessed in that she shall be used to the conversion of the whole world."—Dr. Gray's Commentary.

Curses Really Amount to Little. In the southern portion of the Apennine peninsula the remark, "May an accident befall you!" is only a friendly way of passing the time of day. But expression of the hope, "May you be carried home in four pieces," is due cause for riot on the spot. There are many ways, the world over, for cursing your enemies, but when you come down to it they are rather trivial things to say.

### The Hoover Protects the Health of Your Household

In Hoover-cleaned homes there is no menacing dirt, no germs deeply embedded in floor coverings, for the Hoover gently beats all such matter out.

Dust does not circulate as in sweeping, for the soft, motor-driven Hoover brush gathers lint and surface dirt into the bag.

The Hoover is the only electric cleaner that does this, for the Hoover alone beats, as it sweeps as it cleans.

RIVERTON, N. J.WALTER L. BOWEN  
Editor

The New Era is devoted to the business and home interests of Riverton and Palmyra, independent of political or religious belief—the people's paper.

Subscription \$1.50 a year  
in advance

Advertising rates on application

The New Era Office is equipped to do all kinds of Fine Printing at reasonable prices

## LEGAL ADVERTISEMENTS

The New Era is a Legal Newspaper. Commissioners, Sheriff's and other Sales, Administrators' and Executors' Notices, as well as all other Legal Advertisements are solicited. The New Era will appreciate being remembered in this connection.

## Notice

All readers or local notices of entertainments, suppers, fairs, dances, etc., given for the purpose of raising money, or for which admission is charged, will be charged for at the rate of fifteen cents a line.

## It Pays to Advertise

The little flowers by hill and dell have learned their little lesson well. They breathe sweet scents for bees and flies because it pays to advertise. The insect visitors that fall in or light upon the edge and crawl in, the butterflies and bugs and ants get pollen on their coats and pants, and willy-nilly thus they share in every floral love affair. If I had peach and apple trees, I'd put the proper spray on these, and when the fruit was red and ripe I'd tell the world in good plain type, so plain that they who ran might read and buy the fruit their lings and liver right they'd cheer my apples day and night. A primrose by the river's rim, plain primrose was to me and Jim, and no one else had greatly prized it until the poet advertised it. The mearest flower that grows I think might make a hit through printer's ink.

—BOB ADAMS.

## "Sleeping Beauty"

The concert given on Tuesday evening, February 28th, by the Porch Club Choral, for the benefit of the Church rectory fund, proved a great success financially.

The Choral rendered the cantata, "The Sleeping Beauty," Miss Clara Hutchins reading the poem. Miss Ethel Richter Wilson, of Philadelphia, was engaged to sing the solo part, but owing to illness was unable to appear. Mrs. Collin was fortunate in securing the part, and she sang the Middleton, of Camden, who sang the part without any rehearsal.

The solos rendered by Mr. Russell Jernon, bass, Mr. Albert Parker, tenor, and Mr. Frank Matthews, violin, were much enjoyed. Mr. Jernon was accompanied by Miss Mae Brown, and Mr. Matthews by Mrs. George M. Becker, of Palmyra.

Miss Middleton sang a group of songs and a duet with Mrs. Collin. The feature of the evening was the solo, "The Angels' Serenade" with violin obligato, by Mrs. Samuel W. Collin, who had trained the Choral.

Mrs. Frank Bell accompanied as usual in her very efficient and graceful manner.

## Near East Relief Meeting

The meeting in the interest of the Near East Monday night which was held in the schoolhouse, was largely attended and much interest manifested.

Mrs. Murray C. Boyer, chairman of the local committee, presided. Dr. N. F. Stahl made an opening prayer. The three-act movie, "Alice in Wonderland" was shown, bringing forcibly before the audience the conditions in the orphanages.

Following the movie, Col. Edmund L. Daley, professor of Practical Military Engineering at West Point, who had been decorated with the Distinguished Service Cross for service in the Meuse-Argonne campaign, and who had been sent on a military mission into Armenia, told of the splendid work being done there by the Americans and urged us to "carry on."

Mr. Julian Zelchenko, State secretary of Near East Relief, made a strong plea also for the work.

## Card of Thanks

Mrs. Charles G. Davis and sons desire to express their appreciation of the many kindnesses shown during the last illness of husband and father, and to thank those who sent flowers and cars to the funeral.

—Advertisement.

## Dreer's Peerless Minstrels at Merchantsville

Last Saturday night the Dreer's Peerless Minstrels staged a minstrel show and dance in Collin's Hall, Merchantsville, for the Merchantsville Quoit Club.

Special preparations had been made in advance in the line of improvements and novelties, which resulted in a production which aroused the enthusiastic admiration of a crowded house and from a "critic" standpoint was pronounced the "best show ever given in Merchantsville and vicinity!"

The troupe's popularity with the audience is evinced by the fact that they have already been booked by the same Club for a two nights' performance next fall; also representatives from the Campbell's Soup Company have started negotiations to stage a minstrel show for them next October in their large auditorium.

The fact cannot be overlooked that this community should feel well-honored to have such an organization whose ability as amateur performers is second to none.

This minstrel troupe is organized strictly as a charitable organization; the proceeds of the shows being donated to causes which its Board of Directors see fit to contribute to.

The Camden Poster Advertising Corporation erecting a seventy-five foot sheet metal sign opposite the freight station on the O. H. Mattis lot. As soon as Officer Quigley saw them start operations he inquired if they had secured a building permit, and held them up until the necessary papers were issued by Building Inspector Joseph H. Smith. It is understood that the same concern has leased ground for another sign at East Riverton on the Price property.

WEEKLY NEWS BUDGET  
for Riverton and Vicinity

## Buy It at Home!

Mr. and Mrs. Stokes Burris are visiting in Burlington for a week.

William Rowan and family are spending some time in Atlantic City.

J. S. Collins &amp; Sons will build a lumber shed 20x150 feet on the rear of their property along Lippincott avenue. The building will be of brick.

A two-ton Autocar truck has been added to the equipment of the Riverton office of the American Railway Express. Wesley Lloyd will drive it.

The J. B. M. Showell property recently purchased by Mrs. Pearl A. Laubirth and Mrs. Lucy E. Dickson is being converted into an apartment house.

Mrs. George A. Strohlein, who has been in the Lankenau hospital for about a month, where she underwent a serious operation, was brought home on Sunday last.

Notice is hereby given that the co-partnership heretofore existing between Curtis E. Stavely and Joseph H. Smith, has been dissolved by mutual consent as of June 21, 1921.

At a special meeting of the board of directors of the Cinnamondale Building and Loan Association Monday night, Fred P. Hemphill was elected treasurer to fill the unexpired term of Charles G. Davis.

The Goodyear Service Station, Palmyra, has installed a visible pump for the sale of gasoline, which enables the purchaser to see just the quantity that is being actually delivered. The pump has a glass container on top, marked in gallons from one to five.

Mr. and Mrs. Harold Fink, of Lakewood, are receiving congratulations upon the birth of a daughter, Mary Biddle Fink, on Tuesday, February 23rd. Mrs. Fink will be remembered as Miss Mary C. Biddle, daughter of Mr. and Mrs. Robert Biddle.

Mrs. Fred P. Hemphill entertained the following members of the Cressendo Club, of Atlantic City, at luncheon on Tuesday: Mrs. Herbert Hemphill, Mrs. Wallace Heiss and Mrs. Harry Westney. Mrs. Hemphill's sister, Miss Ellen Allen, of Medford, was also her guest on Tuesday.

Miss Janice M. Matlack, daughter of Mrs. Mary C. Matlack, 614 Thomas avenue, was given a dinner and reception on Monday evening, February 27th, in honor of her twenty-first birthday. The house was beautifully decorated, and she received many gifts and the well wishes of a host of friends.

A recital by the pupils of Miss Emma Price was held at her school, 400 Broadway, Camden, on Monday evening, February 27th. The scholarship of one month's tuition was awarded to Miss Dorothy Bernheisel, of West Collingswood, for making the best progress in the past half year. A similar scholarship will be awarded in June, also a prize for practicing and memorizing.

Notice is hereby given of a meeting of the League of Women Voters to be held in the auditorium of the Riverton public school Monday afternoon, March 6th, at 3.30, to be addressed by Mrs. Henry Colton, of New York, and Miss Emily Kneubuhl, director of Political Education for the Minnesota League of Women Voters. It is hoped this invitation will insure a large attendance.

The fourth annual banquet of the Burlington County Game Protective League was held in Mount Holly last Friday evening. Among the 215 guests there were eleven present from Riverton. They were E. E. Compton, William B. Lynch, E. C. Stoughton, John G. Seckel, William Thompson, Herman Danner, Ross Mattis, J. G. Williamson, William N. Mattis, Ogden Mattis, 2d, Louis Corner, Jr.

Mr. and Mrs. William Barr celebrated their twenty-fifth wedding anniversary on Saturday evening, February 25th, at their home "Locust Farm." Supper was served to about eighty guests from Wayne, Camden, Medford, Hartford, Riverside and Riverton. The house and tables were decorated with white and pink carnations and tulips. Many gifts, besides a large sum of money, were received.

Howard G. Taylor, Jr., won the Grand Sweepstakes at Rutgers College egg show for the best dozen brown eggs. In writing to Mr. Taylor of the award, the committee states: "Although the competition was very keen, your entry easily stood out as the finest dozen brown eggs in the show." Mr. Taylor's pen in the Vine-land egg laying contest is leading all Rhode Island Reds by a wide margin and stands fourth of all breeds in one hundred pens.

The "gas office corner" was cleaned up this week. If some other properties in the immediate neighborhood would follow suit it would make a great improvement in the appearance of the approach to the town, as seen from the train and trolley. Those who live here have become more or less accustomed to it, but strangers must wonder indeed why a place like Riverton permits such an untidy and unsightly condition right in the center of the town.

Holding that the act of 1920, exempting from taxation for five years from October 1, 1920, structures erected for religious purposes, to be unconstitutional, Justice Bergen, in an opinion filed in the Supreme Court on Wednesday, declared that the statute is special in character, creating an arbitrary classification of property to be exempted from taxation. He added that the act did not conform to the constitutional provision that all property shall be assessed for taxation under general laws and by uniform laws, according to true value.

## To "Clean Up" the Station Again

Between the State Police, the new Chief of Police, and the railroad detective, it looks as though the loafing and rowdism around the Riverton station is about to be broken up again. Last Sunday some of "the boys" were in the station, using bad language. The agent protested—with the usual lack of results. Only he didn't stop there. He appealed to Chief of Police Geiss, who immediately instructed the officers to clear out the place. Driven outside, one of the lads amused himself by blowing a police whistle when automobiles passed, and when the driver stopped the crowd gave him the merry ha! ha! It so happened that State Police Trooper Dunn was starting out on his patrol, and hearing the whistle, hastened to the assistance of an officer in distress. When he discovered who had the whistle and the use that was being made of it, he promptly confiscated the toy, and it is believed the young man will seek other means of amusement for Sundays in the future.

The matter was reported to railroad headquarters, and Russell McIlhenny, a company detective, and formerly Riverton boy, was detailed to investigate, and make such arrests as he deemed necessary. He had a conference with Chief Geiss, who assured him that the situation would be properly taken care of in future, in view of which Detective McIlhenny decided to let the matter rest for the present and make no arrests at this time. Mr. Geiss has instructed the police to see that there is no rowdism around the station, and that no loafing be permitted. They are expected to arrest anyone whose behavior is unbecoming or annoying, and those who persist in hanging around unless they can show a ticket, or other evidence that they are legitimately waiting for a train.

## State Cop Visits Crap Game

The crap shooters in the woods at East Riverton have been running their game so long without interference, that when the "State Cop," as Patrolman Dunn, of the State Police is known, rode in on them astride his motorcycle last Sunday afternoon, they were stunned for the instant. Their surprise was soon followed by consternation and they fled in all directions. Some made for the deeper recesses of the woods, some plunged into the icy waters of the creek, and in less time than it takes to tell it, not a "shooter" was to be seen.

One colored fellow lost his head completely. First he headed for the creek, but deciding the water looked too cold, turned for the woods, where visions of wildcats, bears, bootleggers and, possibly another State Police, turned him off. He fled off at another tangent, only to run into the arms of the dread minion of the law. His undoing was complete! "Foh de Lord, Boss, I didn't know you was here, or I surely would have gone another way, for shuah!" Two other young men used their wits and made a splendid get-away. They hurried to the bridge, where they sat complacently perched on the rail when the "Cop" came back. He stopped to give them the same warning he had given the others who had not gotten beyond earshot before he delivered his "better cut it out, boys," he said.

"What do you mean?" they protested innocently. He looked at them significantly. They squirmed uneasily and protested that they had been sitting right there for the last half hour. The S. P. smiled grimly and remarked as he rode on, "Never saw anybody get so winded sitting still—must be hard work for you."

One fellow was scared quite out of his wits. He streaked it for Dreer's barn, and never did stop until he had buried himself out of sight under the hay! There he remained until his fear and curiosity got the upper hand. Then he cautiously crawled to the side of the hay mow and peeped through a knot-hole. He saw the trooper whiz by and breathed easier. After his heart had stopped thumping, and he could make his legs behave, he crept stealthily from his lair and streaked it for home, using the most unfrequented paths to the river, where he carefully made his way under the protecting shadow of the bank.

It is understood that the next time he makes a raid the trooper will take enough force with him to surround the whole outfit. And the judge will do the rest. It is rumored that men and boys have been coming from Camden, Rochester and other places far and near to take a hand in these games.

It is understood that the next time he makes a raid the trooper will take enough force with him to surround the whole outfit. And the judge will do the rest. It is rumored that men and boys have been coming from Camden, Rochester and other places far and near to take a hand in these games.

One Half of Riverton's Quota Raised  
By noon on Thursday, the collectors for the Near East Relief reported receipts amounting to \$1,227.90, which is a trifle over one-half of Riverton's quota, \$2400.

Gustave Schulze, of 407 Elm avenue, is seriously ill, having suffered a stroke.

Paint your car next Saturday afternoon—It's a cinch! Congratulation will tell you how.

Miss Sophia A. Wychalus spent last weekend with her parents, Mr. and Mrs. John Wychalus, of Mount Carmel.

Dr. Edgar R. Troxell, of West Pittston, Pa., has purchased the property of Walter Lippincott on Park avenue. Dr. Troxell expects to move in about April 1st.

Mrs. Rose Huff Morgan, of Columbia University, N. Y. will give a demonstration talk on music, entitled "Songs that Live," in the school auditorium April 4th, in the evening, under the auspices of the Riverton Parent-Teacher Association.

## Samuel Smith

After an illness of but three days, Samuel Smith, aged 32, passed away at the Riverside hospital on Monday, with pleuro-pneumonia. Funeral services will be held at his late residence 200 Racocas avenue, Riverside, Friday morning. Interment will be made in Monument cemetery, Beverly. The deceased is survived by a widow, who was Miss Hetty McDonald, of Riverside, and one daughter, Hazel. Mr. Smith was a brother of Alexander Marcy Smith, of Riverton.

## JOSEPH W. FRIDAY

502 Main St., Riverton

The Stolen  
Goods Came  
Back

Mrs. Jones had lost some jewelry. She suspected her maid, but hesitated to accuse her. She decided to use strategy. Picking up her Travelers Burglary Policy, she showed it to the girl. "This protects us in case we are robbed, Hilda," she said. "The insurance company pays our loss—and then set their detectives to work on the case. They stick to it till they land the thief in jail!" The valuables reappeared the next day.

A Travelers Burglary Policy affords you the best protection against loss by burglary or theft. Let me talk it over with you today. Call Riverton 18-J-4.

## Lindley C. Robbins

INTERESTING NEWS BITS  
in and around Palmyra

## Buy It at Home!

Charles Frizlen, of Brooklyn, is the guest of Mr. and Mrs. W. T. McAllister.

Mr. and Mrs. George Shaner will leave on Tuesday for a two weeks' stay in Atlantic City.

Mr. and Mrs. Charles S. Shaw, of Philadelphia, spent Sunday with Mr. and Mrs. C. M. Dimon.

Mr. and Mrs. Arthur Wolfshmidt moved into their new home, 843 Highland avenue, Tuesday of this week.

Jacob R. Jordan, of Prospect Park, will be the speaker at the Wesleyan Men's Bible class this Sunday afternoon.

U. Kershner left this Friday for Chicago, where he will attend the Labor Conference. He is expected to be away two or three weeks.

Mr. and Mrs. John R. Bellerjeau have returned home from a trip of several days to Old Point Comfort, Newport News and Norfolk, Va.

Mr. and Mrs. Maurice Sandoz, of Fifth and Arch streets, are receiving congratulations on the birth of a son in Riverside hospital last Saturday.

The members of the Central Baptist Church presented their pastor, Rev. Charles W. Williams, with a purse at the morning service on Sunday.

C. A. Buohl had a bad scare last Sunday when he lost the diamond ring of his finger ring in the ice in which the ice cream is packed. The gem was valued at \$800. After several hours search it was found, much to his relief.

Mr. and Mrs. Alfred Wilkinson, Jr., of Audubon, had as their guests Sunday, Mr. and Mrs. James T. Weart, Miss Evelyn Harbourn, James Weart, Jr., Mr. and Mrs. A. Bousal and son Dick, and Mr. William Stephens, all of Palmyra.

Officer Joseph Rodgers, who was seriously wounded three weeks ago, was brought home Thursday of this week from the Riverside hospital. He is well on the way to recovery, but will not be about for some time yet. Everybody in town is glad to know that "Joe" is recovering so nicely.

Theodore Earle Jennings aided by his sisters, Ida and Esther Jennings, at the tea table, entertained sixteen guests at a musicale at his home on Sunday. The artists participating were Miss Mary Fay and Miss Josephine Bonniwell, of Philadelphia; Mr. Maxwell Noack, Scranton; and Mr. Maurice B. du Marais, of Scranton. Among the guests were Mrs. Warren Woodard, of Newton Centre, Mass.; Mr. and Mrs. John T. Larkin, and Dewitt Houghtaling, of Riverton.

## Near East Relief

A large audience, which included many children, attended the mass meeting in the interests of the Near East Relief, which was held in P. O. S. of A. building Monday evening.

The features of the evening was the address on conditions in the Near East, by Colonel Edmund L. Daley, of West Point, who has had personal experience with the famine districts, and the showing a three-reel moving picture, entitled "Alice in Hungerland."

The picture did much to bring home to the spectators the actual suffering which America is being asked to alleviate.

The canvass for contributions is being conducted throughout Palmyra this week by a large committee and favorable reports are being turned in. Several persons had "adopted" an orphan by agreeing to contribute \$5 weekly, which is the amount required to support one child.

## To Repeat Senior Play

"The Fascinating Fanny Brown," the play given so successfully by the seniors of Palmyra High School on February 17th, will be repeated Thursday evening, March 16.

It is announced that all who held tickets, but were unable to use them, may obtain new tickets for the second performance by presenting the old ones.

In addition to the play itself, which consists of two acts, the high school orchestra, under the direction of Louis Richards, renders a recital during the intermission, and a sketch entitled "The Bachelor's Dream" is presented by a cast of junior girls and a senior boy.

In the cast of "The Fascinating Fanny" is Miss Hope Kershner, Miss Dorothy Ryckman, Miss Perilla Johnson, Miss Gwendolyn McWhorter, Miss Laura Jones, Miss Eleanor Major, George Conley, Leon Raelley and Edward Beeton.

The play is directed by Miss Mary Williamson, teacher of English.

**Suicide Follows Loss of Position**  
Charles J. Neilson, 31 years old, took his life by shooting at his home, 14 East Fourth street, last Saturday night about nine o'clock.

Neilson had been assistant manager of the Bellevue-Stratford Hotel in Philadelphia, but lost his position on Thursday, and his despondency, as a result, is believed responsible for his act.

He shot himself while talking on the telephone to a party, said to have been a woman relative in Philadelphia, and as the conversation had been especially long, a Philadelphia operator had cut in to see if the lines were still busy. She was just in time to hear Neilson say something about "ending it all," followed by the sound of a shot.

The Philadelphia operator called the Palmyra firehouse and told Charles Hagan of the circumstances, urging that an investigation be made. Officer Pennington went to the house, entered by an unattached window, and found Neilson's lifeless body and the telephone on the floor of the dining room. He had shot himself through the heart.

Mrs. Neilson was ill at the home of her parents in Philadelphia at the time. The last person to see Neilson alive was a former fellow employee who had been visiting with him until about 8.45.

The coroner viewed the body, which was then taken in charge by Undertaker Snover and later turned over to representatives of the Bellevue-Stratford, who arranged the funeral in Philadelphia.

Neilson moved to Palmyra less than a year ago.

## Self Bored.

When a man is lonesome, he begins to realize what poor company he is.—Boston Trans-rip.

FRANCIS J. LAPITINO

## "David, the Shepherd Boy"

The choir of the Epworth M. E. Church will render the cantata, "David, the Shepherd Boy," assisted by Mr. Francis J. Lapitino, solo harpist, on Sunday evening, March 5th, at 7.30.

Mr. Lapitino is solo harpist for the Victor Talking Machine Company and also has played with the New York, Philadelphia and Boston Symphony Orchestras and Provo's Concert Band. He will be remembered by the people of this vicinity by the very splendid musical treat which was given here by the Florentine Quartette, of which he is leader, a short time ago.

This cantata is especially pleasing on account of its varieties: namely, solos in all voices, choruses, male quartettes and duets. It opens with the feast of the trumpets at Bethlehem, then appears the prophet, whom the people fear at first, but when assured of his peaceful visit they rejoice. The prophet is called by God to appoint a ruler and proceeds by having Jesse bring forth his sons, all being rejected, until David appears, and he is accepted. Then appears Abigail and the shepherds. Saul having refused the crown is then deposed and his daughter proceeds to comfort him and calls for the harp. David having proved victorious, the populace are glad, but Saul is not, and proceeds to follow David, who hides in the awful caverns until he is freed by the three men of war.

Then the evening before the coronation and David sings to the Lord as his shepherd, and then his coronation and the populace singing hosannas.

The soloists will be:  
David—Mrs. A. L. Wilson.  
Abigail—Mrs. A. L. Wilson.  
Saul—Saul, Jonathan—Mr. H.W. Dillon.

Jesse, Abner—Mr. J. D. Sproul.  
Michael—Mrs. R. S. Rivers.  
Messengers—Mr. H. Nickels.

Attendants—Mrs. J. D. Sproul, Mrs. J. Lord, Miss Mae Bauder, Mr. Walter Jones, Mr. Roland Bauder.

**P. H. S. Beats Mount Holly**  
The Palmyra high school basketball team beat its old rival, Mount Holly, in that town on Tuesday, by the score of 30 to 23, in a fast and exciting game.

George Shippy was the individual star, shooting nine field goals in the first half, at the end of which the score was 24 to 12.

Bordentown plays here next Tuesday afternoon at the Temple gym at 7.30. Haddonfield is here this Friday. Princeton High will be here on Friday, March 10th.

The girls go to Collingswood on Monday for the last game of their schedule.

## DEATHS

## Ellen A. Wilson

The funeral of Mrs. Ellen A. Wilson, aged ninety-one years, took place from her late residence, 916 Parry avenue, Palmyra, on Thursday afternoon, at 2.30, Rev. C. W. Williams officiating. Interment was made in Mount Moriah Cemetery, Philadelphia. Undertaker Snover in charge. The deceased is survived by one sister, Miss Wilhelmina Kinkaid, who lived with her.

**Sailor Also Skillful Hydrographer.**  
Captain Cook, the famous navigator of the eighteenth century, was the most skillful hydrographic surveyor of his time. His charts of the coast of Newfoundland are not yet wholly superseded by the more detailed surveys of modern times, and his charts of the Society Islands in the Pacific, were used only for 120 years after his death.

**Breathe Through the Side.**  
The caterpillar has no nose yet he does a regular A No. 1 job of breathing. He has a mouth, but nature has so arranged it that he can utilize this organ exclusively for feeding and doesn't have to breathe through it. He does all his breathing through special apparatus consisting of nine holes on each side of his body.

In the Span of Life.

Tropical midgets of sorts live less than a day—sequoias have felt their sap quicken with the warmth of three thousand springs. Somewhere between these extremes, we open our eyes, look about us for a time, and close them again. Modern political geography and shift of government give us Methuselahic feelings; but a glance at rocks or stars sends us shuddering among the other notes, which glisten for a moment in the sunlight and then vanish.—William Beebe in the Atlantic Monthly.

The First Iron Boat  
The first iron boat was built at Faslane, a little village near Glasgow, and plied for many a day on the Forth and Clyde canal between Port Dundas and Kirkintilloch. Previous to the launch, many were in doubt whether it would float or not, and a good deal of betting took place. An old woman who was paring potatoes at the side of the canal undertook to prove the point at issue at once, and thereupon pushed her iron pot with the potatoes in it into the water. It floated!

Brightening Gold Lace.  
Tarnished gold lace can be made to look like new by brushing every thread thoroughly with a brush dipped into purple solution.

The People and Government.

I am not one of those who think the people are never in the wrong. They have been so, frequently and outrageously, both in other countries and in this. But I do say, that in all disputes between them and their rulers, the presumption is at least upon a par in favor of the people. Experience may perhaps justify me in going further. When popular discontents have been very prevalent, it may well be affirmed and supported, that there has been generally something found amiss in the constitution, or in the conduct of government.—Thoughts of the Cause of the Present Discontents, Edmund Burke.

Fair Warning.  
"Are you a competent bookkeeper?" "I've had twenty years' experience, sir."

"I think you'll do, but we have a questionnaire for you to fill out, just as a matter of form."

"All right, sir, but I'll have to tell you in advance that I don't know where we get most of our sponges."—Birmingham Age-Herald.

Did You?  
Ever notice how political berths differ from sleeping berths? So far as we have been able to discover nobody objects to an upper berth in politics.—Arthur H. Folwell in Leslie's.

The Telephone Pole is a fruitful tree.

On its angular branches are bright crystal apples, and the wires they bear aloft are the pathways of the world's conversation. They tell of the birth of a baby across the street or of the death of a monarch half way around the world.

The stately trunks of cedar and chestnut stretch from farm and town and suburb to the larger cities where the burden of wires is too great for poles, and the lines are underground.

To carry all of the telephone wires of a great city overhead would be out of the question. To put all wires underground in the less densely populated places would be just as impracticable, for it would make the cost of the service prohibitive.

Ideal telephone service should give to every subscriber, whether in city, town or country, quick communication to near or distant points in the most economical manner.

It is such an ideal that the men and women of the Bell Telephone System have constantly in view. Something new—whether it be developed in Sacramento or Kalamazoo—is immediately available to every other town in the Bell System where it may be introduced to advantage.

THE DELAWARE & ATLANTIC TELEGRAPH & TELEPHONE CO.

D. J. CLEARY

District Manager

## IMPROVED UNIFORM INTERNATIONAL Sunday School Lesson

(By REV. P. B. FITZWATER, D. D.,  
Teacher of English Bible in the Moody  
Bible Institute of Chicago.)  
Copyright, 1921, Western Newspaper Union.

LESSON FOR MARCH 12

AMOS WARNS ISRAEL (TEMPERANCE LESSON)

LESSON TEXT—Amos 6:1-6.  
GOLDEN TEXT—Wine is a mocker, strong drink is raging; and whosoever is deceived thereby is not wise.—Prov. 20:1.  
REFERENCE MATERIAL—Isa. 5:1, 13, 21, 28; Jer. 17:1; Hosea 4:11; Gal. 3:19-21.  
PRIMARY TOPIC—God Sends Amos on an Errand.  
JUNIOR TOPIC—A Prophet Who Was a Friend to the Poor.  
INTERMEDIATE AND SENIOR TOPIC—The Consequences of Self-Indulgence.  
YOUNG PEOPLE AND ADULT TOPIC—Social Evils Yet to Be Conquered.

The kingdom of Israel reached a high state of prosperity in the time of Jeroboam II, and with it came a condition of luxury, corruption and wickedness.

The judgment was of this lesson is directed against the sins of the upper classes in Samaria. The same sins are practiced in America, in the nation and in the church. With the increase of wealth in America has come luxury, corruption and gross wickedness which staggers the imagination. It behooves all to give a listening ear, for God will eventually enter into judgment. Our lesson is a temperance lesson. Temperance applies to other things than indulgence in intoxicating liquor. Our age is intoxicated with pleasure, pursuit of gain and selfish ambition.

1. Reckless Security (vv. 1-3). They were blind to the perils that surrounded them. They were living in a fool's paradise, closing their eyes to the approaching storm of judgment as predicted by Amos. They trusted in the mountains of Samaria for their protection. They regarded their city as impregnable. They no doubt regarded the utterance of Amos as impracticable—the dreams of a fanatic. The tragic thing about this blindness on the part of the chief ones of the nation was they were so puffed up with pride that they failed to read the signs of the times in the light of history (v. 2). The cities of Calneh and Hamath, though great and mighty, had fallen. To disregard the lessons of history, to dismiss the thought of impending judgment, is to bring near the "seat of violence" (v. 3). Let chaotic Europe and Russia be the red lights of warning to America, and let all injustice and class selfishness be laid aside.

## THE NEW ERA

Published every Friday at  
RIVERTON, N. J.WALTER L. BOWEN  
Editor

The New Era is devoted to the business and home interests of Riverton and Palmyra, independent of political or religious belief—the people's paper.

Subscription \$1.50 a year  
in advance

Advertising rates on application

The New Era Office is equipped to do all kinds of Fine Printing at reasonable prices

## LEGAL ADVERTISEMENTS

The New Era is a Legal Newspaper. Commissioners, Sheriffs and other Sales, Administrators and Executors' Notices, as well as all other Legal Advertisements are solicited. The New Era will appreciate being remembered in this connection.

## Notice

All readers or local notices of entertainments, suppers, fairs, dances, etc., given for the purpose of raising money, or for which admission is charged, will be charged for at the rate of fifteen cents a line.

It has been noted with some concern that on two recent occasions the whole police force of Riverton and Palmyra have been out of town at the same time—the night when the Palmyra officers were shot, and on Tuesday morning of this week, when the holdup occurred on the pike.

It is probable, in fact quite likely, that a fake excitement of some sort will be staged some fine day or night, to lure the officers away from the towns, and then a band of outlaws will swoop down on the towns, in automobiles, rob both banks and some of the stores and make their getaway before the officers can be recalled. It might be wiser to keep at least one of the officers in each of the towns, and depend more on the State Police for work outside.

## Catalog Time

Where now the winds of March are blowing the garden sash will soon be growing. My muse shall sing man's yearly need for onion sets and spinach seed, shall sing likewise that gaudy fellow who stimulates our garden fever, the subtle sedentary catalog whose charms our better judgment fog. Its pictured beets and peas and chard were never grown in my back yard. My tailshes are not so red, my punkins not so widely spread, my lettuce refuse to head. The sedentary is an optimist and loves the brighter side. I wist. He does not show in colored plate the woolly worms that lie in wait. No dark-brown spots like mine are "rent on his prolific greenpod bean. And yet, for planting all agog, I love that yearly catalog. I hail with joy each harmless fable and plant new squashes for my table. For though my cukes be bitter things my cabbage full of worms by jings, and all my snap beans full of strings, still to my heart the brown earth calls, and all her summer springs and falls shall find my legs in overalls; shall find me spading loam and sand with seven blisters on my hand.

—ROB ADAMS.

## Eight Hundred Miles by Auto, and No Mishaps

Herman Doncker and Edward Jessup, of Cinnaminson, and Allen Moore, of Moorestown, started Saturday on a motor trip to Indianapolis, Indiana.

The first night they arrived at Cumberland, Md., a distance of 318.7 miles from home, through rain and sleet and over mountains 1600 feet above sea level.

The second day out, owing to muddy roads, the mileage made was not quite so great, being 255 miles, which put them at Zanesville, Ohio. The third day they completed the journey, a distance from home of about 800 miles, and wrote at the home they have had a delightful trip and have greatly enjoyed the beautiful scenery, which exists over the entire trip. They had no car trouble whatever. They will return home by train after a short visit in Indianapolis.

## Lower Price for Gas

Reduction of the present base rate of \$1.40 per thousand cubic feet of gas served by the Public Service Gas Company in New Jersey to \$1.25 was ordered by the Public Utility Commission on Saturday. The decision disposes of a rate investigation in which municipalities in the northern section of the State asked for a rate of \$1.10, while the gas company contended that a rate of \$1.35 would barely enable it to earn a dividend of 8 per cent, without any surplus.

The Utility Commission denied a request urged in behalf of Newark and Jersey City that the three counties of Bergen, Hudson and Essex be segregated as a metropolitan district and be given a lower rate than the remainder of the State.

## Deaths

Harry Reed Warren, aged seven years, on March 5, 1922, son of Sherman L. and Helen C. Warren. Services were held at the home of his parents, 411 Thomas avenue, Wednesday afternoon at 2 o'clock, conducted by the Rev. Arthur S. Lewis. Interment was made at Colestown cemetery under the direction of Frank A. Snover.

## Porch Club

The Legislative Section of the Porch Club will have charge of the meeting on Tuesday afternoon, March 14th, at 3 o'clock, when Mrs. Lillian Fickert, president of the New Jersey Women's Republican Club, will speak on legislative matters. This is an open meeting and a cordial invitation is extended to every woman.

Clinton B. Woolston is now selling the famous Day-Elder truck, in the one and a half, two and two and a half ton sizes. He has these trucks on hand and will gladly demonstrate.

WEEKLY NEWS BUDGET  
for Riverton and Vicinity

## Buy It at Home!

The Misses Biddle have returned to Hibernia, Fla.

Riverton's new fire truck arrived Thursday morning.

Mrs. Charles Wanger is entertaining her mother from Philadelphia.

George W. Crawford and family are at Atlantic City for a few days.

An account of the holdup and other Riverton news will be found on fourth page.

Mrs. G. H. Wheeler and daughter have returned to their home in New Brunswick.

Mr. and Mrs. E. H. Royer, of Annapolis, Md., are in the city.

Miss Mary E. Steedle Sunday, William Crouch, who was operated on last Friday for appendicitis, in the Riverside hospital, is reported doing well.

Miss Edna Fister Hinkle, of Ashville, N. C., is spending a month with her father, John C. Hinkle, of Broad street.

Mrs. Seward Tremaine and daughter, of Bridgeton, spent last weekend with her mother, Mrs. P. A. Houghtaling.

For rent—To two or three adults, furnished house from June 20th to September 8th. Address Helen D. Wells, Riverton. —Advertisement.

The Near East Relief drive in Riverton last week resulted in the collection of \$122.21 in cash and pledges. The quota set for Riverton was \$2400.

Ross E. Mattis received notice of the confirmation of his appointment as postmaster of Riverton on Saturday, and took charge of the office on Wednesday.

Clinton B. Woolston has just taken the agency for the Durant car, and will be glad to give a demonstration in the four-cylinder touring car at any time.

A special meeting of the stockholders of the Palmyra-Tacony Ferry Company was held in Collins Hall on Monday for the purpose of amending the by-laws to change the date of the annual meeting from November to March 20.

The Riverton fire company was given a run on Monday by some boys setting fire to the grass on the fields at Linden avenue and Seventh street.

This has been done several times lately, and it is time the authorities took a hand and put a stop to this sort of thing before somebody's house is burned down.

Mrs. Robert A. Irving, of Haddonfield, will speak on Woman's Responsibility at the monthly meeting of the Riverton Parent-Teacher Association, to be held in the public school auditorium, Thursday, March 16th, at 8.30. Tea will be served and a Victrola record will go to the grade having the largest percentage of mothers attending.

In another column will be found a notice by the Shade Tree Commission showing the location of trees that are to be removed, and the number and kind of trees to be planted. So far as conditions permit the new trees will be placed 35 to 40 feet apart.

The expense of removal and planting must, according to law, be paid by the property owners. It is not planned to do all of this work at once, so that property owners may not have the whole expense immediately.

While on her way to Pennsylvania Tuesday Miss Jane McDermott was stricken with heart trouble, and stopped at the home of Mrs. W. J. Brooks, who had employed her many years ago. She was removed to the Mount Holly hospital Wednesday.

The Palmyra ambulance, where she seems to be slightly improved. Miss McDermott, who is about 80 years of age, will be remembered by many of the older residents of Riverton, for whom she worked a number of years ago.

Plans have been drawn and bids asked for the erection of the store and office buildings on the corner at Broad and Main streets. The sidewalk at this corner projects into the street, narrowing it just where additional room is required for traffic.

It would be a great improvement if this point could be rounded off a bit before the buildings are erected, and it is understood that the present owners of the property are willing to give the borough five or six feet of land if the authorities desire to make this change. If it is to be done now is the time to do it.

On Monday afternoon a number of the Riverton Yacht Club and broke a lot of targets besides doing considerable other damage. This is the second time this year, and the officers of the club believe it is time to take stringent measures to put an end to these depredations. A special meeting of the club will be held next Wednesday evening at which time it will be decided just what will be done about it. Curiously enough it was just a year ago this week that we published an item about similar vandalism at the club house.

The "Murderproof" property as it is still known to most folks, which was purchased some time ago by a group of Palmyra men, was broken into and some of the interior woodwork, mirrors from over the fireplace, etc., carried off. Herbert Trout, of Palmyra, one of the owners, discovered the place to be open last Sunday morning. When he went inside he found a lot of stuff piled up ready to be carried off, and some of it had already been taken away. The manner in which the woodwork had been removed indicated that it had been done by a carpenter or someone accustomed to this kind of work. Mr. Trout notified Chief of Police Geiss, with Officer Miller made an investigation.

While at work on a house on Fulton street about the middle of last month, David Spickler, a painter, had occasion to enter the house to unfasten some storm sash that were hooked on the inside. He saw a S &amp; C purchase coin lying on the bureau and put it in his pocket. Later he bought nearly \$250 worth of merchandise and had it charged to the owner of the coin. Last Thursday night Chief of Police Geiss was called in consultation, located the man, obtained his confession and placed him under arrest. Spickler was brought to trial before Judge Wells in the County Court yesterday (Thursday) morning, who placed him in charge of a probation officer for two years and suspended sentence. Spickler is to make full restitution to the owner of the coin and pay his costs.

## Council Objects to Bill Boards

At a meeting of the Borough Council last night Councilman Davis called attention to the fact that a large sign for advertising purposes had been erected on a lot on Broad street near the freight station, which was the subject of a lot of criticism, both from town residents and people outside, who pass through on the trains, and who express surprise that the Riverton would permit anything of this kind. Mr. Davis suggested that some steps be taken to have this sign removed if possible, to prevent the erection of similar structures in the future. The matter of future action was referred to the borough solicitor, and the clerk was instructed to address a letter to the owner of the lot, expressing the disapproval of Council, and calling attention to the general and widespread complaints against the sign. Mr. Davis said that the Palmyra authorities had already taken steps to prevent the erection of such signs within the township limits if possible.

Chief of Police John C. Geiss had a busy month, and gave a detailed written account of the activities of his department.

A communication was received from the Board of Freeholders, calling attention to the danger of the practice of children roller skating in the streets, and asked the Borough Council to assist in discouraging it. (Continued on third page)

The superintendent of the Burlington County hospital reported at the monthly meeting of the Board of Managers, March 7, 1922, the number of patients as follows: ward patients 15, pay ward patients 11, private patients 4, admitted 30, discharged 27, died 6, remaining 16.

## School Census Nearly Completed

At the March meeting of the Board of Education Monday night, Miss Chew, supervising principal, reported that the school census, which was started the middle of February, was not quite completed. A record had been secured of 281 families, but complete information is still lacking on a few cards. Citizens had, for the most part, shown a fine spirit of co-operation in giving the data to the children who did the canvassing.

The fifth grade carried off honors in attendance during the month of February, having a percentage of 96, the eighth grade a close second with

(Continued on fourth page)

## Woman Defines "Politics"—and She's Right, Too!

Miss Emily R. Kneubuhl, of Minneapolis, Minn., lecturer of the National League of Women Voters, spent two days in Riverton this week, the guest of Miss Helen Lippincott.

With Mrs. Henry C. Cpton, of Bergen county, she outlined to the leaders of women's organizations the plans, purposes and problems of the League of Women Voters.

Miss Kneubuhl said, "Politics is community thinking, resulting in government. It is not complex, men have no monopoly upon it, it functions in homes, churches, schools and clubs exactly as in State and Nation."

The coming Pan-American Conference held in connection with the annual convention of the National League is to be of greatest importance and tremendous influence in forwarding international friendliness.

Mr. Hughes, Secretary of State, and Mr. Hoover, Secretary of Commerce, are both vitally interested and feel that women delegates from all nations of this continent gathered together cannot but return to their own countries inspired with mutual understanding.

Mrs. Colton talked on congressional and legislative work most interestingly, and on Tuesday afternoon spoke at Edgewater Park for Mrs. John H. Terry's organization, while Miss Kneubuhl addressed a meeting at Moorestown under Mrs. Ward D. Kerlin's care. Through the courtesy of Mrs. Murray C. Boyer, Miss Kneubuhl also spoke at the meeting of the Porch Club the same afternoon and at that time the women were given a clear and definite idea of the League's relationship to political parties.

Miss Kneubuhl said, "The League of Women Voters is not a separate party. Its chief aim is political education for all women (twenty-seven million now in the electorate). Its slogan is 'Join a Party,' but do not necessarily become incarcerated for life; men don't very rapidly in this country have grown very rapidly in the last ten years, in what is known as party regularity. The election of Mr. Wilson, Democrat, and Mr. Harding, Republican, prove this."

The women of the second region are all interested in a visit to Baltimore, and the State League is preparing a ten-question contest, which is being circulated early. The winner will be presented with a free round-trip ticket to Baltimore. Further information may be obtained later from Miss Helen Lippincott, Riverton, Mrs. W. D. Kerlin, Moorestown, and Mrs. J. H. Terry, Edgewater Park.

If present plans can be carried out, Miss Kneubuhl will be in Riverton again on Tuesday, the 16th.

## NOTICE

In accordance with Chapter 325 P. L. 1915 as amended in Chapter 58, P. L. 1918 notice is hereby given by the Shade Tree Commission of the Borough of Riverton of its intentions to remove certain trees and make certain plantings of trees on the highways of the Borough of Riverton as follows:

Main street from Bank avenue to the South Borough line. 30 old trees to be removed as indicated by blazon on two sides of said trees; 101 scarlet oak trees to be planted as indicated by stakes.

Howard street from the river to Broad street. 19 old trees to be removed as indicated by blazon on two sides of said trees; 39 red maple trees to be planted as indicated by stakes.

Cinnaminson street from Fourth street to Broad street. 1 old tree to be removed as indicated by blazon on two sides of said trees; 11 Norway maple trees to be planted as indicated by stakes.

Fulton street from the river to Broad street. 9 old trees to be removed as indicated by blazon on two sides of said trees; 25 Norway maple trees to be planted as indicated by stakes.

Broad street from Pompton creek to Fulton street. 3 Oriental Plane trees to be planted as indicated by stakes.

Broad street from Fulton street to Elm avenue. 10 old trees to be removed as indicated by blazon on two sides of said trees; 27 scarlet oak trees to be planted as indicated by stakes.

The law cited above requires that the cost of tree removals and the cost of tree planting be charged in each case against the owner of abutting property, and that payment therefor shall be due the Commission upon demand. If payment is not made upon demand the Commission will certify the cost thereof to the Collector of Taxes, whereupon the same so certified shall be collected by the Collector as the taxes on real property are collected in this Borough.

It is provided by law that all persons who may object to the removals and plantings set forth in this advertisement shall file their objections in writing with the Commission on or before 2 P. M., March 31, 1922, at which time the Commission will meet at the Council Chamber, Riverton Fire House, to consider any objections so filed. No further notice will be given.

SHADE TREE COMMISSION OF THE BOROUGH OF RIVERTON. RICHARD B. BARTLEY, Pres. CLEMENT B. LEWIS, Sec. and Treas.

WM. B. LYNCH.

A  
Low-down  
Trick

AN automobilist, driving along a dark country road, stopped to give assistance to an injured man who was lying in the gutter.

But suddenly the man came to life and the motorist found himself gazing into the muzzle of an automatic.

His humane consideration cost him his watch, pocketbook, and other valuables.

A Travelers Holdup Policy, which costs but a few dollars a year, would have made good that loss.

This is only one of many ruses employed by the stick-up man.

Are you protected?

If not, call Riverton 18-J-4.

INTERESTING NEWS BITS  
in and around Palmyra

## Day It at Home!

Mrs. F. L. Durgin spent last week-end at Annapolis, Md.

Mrs. Stewart Smith entertained the Stitches and Chatter Circle at luncheon on Friday.

Mr. and Mrs. A. R. King entertained their brother, Harvey King and family, of Germantown, last weekend.

N. E. Beitz has begun work on alterations to his store building which will cost in the neighborhood of \$4,000.

The monthly "500" party was held at the home of Mrs. Watson Mervine, Cinnaminson avenue, last Saturday evening.

Coming—Family Day—Sunday, March 26th, will be Family Day in the Sunday Schools of Riverton and Palmyra.

A very enthusiastic meeting of the Needlework Guild, Palmyra Branch, was held at the home of Mrs. C. H. Pascoe, on Tuesday.

Mr. and Mrs. Edward Blair, of Hillton Village, Va., returned home last week after spending a week with their mother, Mrs. I. S. McLaughlin.

Charlie Walters has gone to Hartford, Conn., where he will take a position with the London and Lancashire Fire Insurance Company in an executive capacity.

The Field Club dance will be held Saturday evening, March 25. The committee in charge is anxious to see all the friends of The Field Club on hand that evening.

Work on the sanitary sewer system is expected to begin about the fifteenth of this month. Contractor Kelly's men have been busy for some time building manholes at various points.

Edgar C. Lewis and Spers Kerr have been sworn in as special policemen. Both are milkmen who are about town in the early hours of the morning at a time when marauders are about.

Robert C. Ayres, of Cinnaminson street, who underwent a serious operation at the Pennsylvania hospital recently under the direction of Dr. Charles Mitchell, returned home Tuesday and is doing well.

At the meeting of the F. & A. M. to be held in the P. O. S. of A. hall on Friday evening, a feature will be music by Pittsburgh and New York orchestras, heard by the radio-phonograph, which will be installed for the occasion.

The Ladies Auxiliary of the Parry Volunteer Fire Company are making splendid progress and are taking in many new members. They will give a box social on April 8th and everybody is invited to attend and help make it a success.

Total contributions to the cause of the Near East Relief in Palmyra as the result of the canvass last week total up to the present \$840. In addition \$300 was subscribed at Christmas time by the Baptist Church and \$100 by the Methodist Church.

Freeholder George Rogers had an attack of the hiccups which lasted nearly two days last Thursday and Friday. All the ordinary remedies failed to stop the trouble and some alarm was felt, but at length a physician succeeded in bringing relief.

William A. McCullough and family, of Cinnaminson avenue, have moved to Chelsea, Atlantic City, where Mr. McCullough will be the instructor of swimming at the Hygeia Pool. Mrs. McCullough, who has been quite ill with tonsillitis and gripe is recovering.

Mrs. Thomas Ferguson entertained Mrs. Willard H. Hohl, Mrs. Reber, and Mrs. W. Paul VanSant, all of Philadelphia, at her mother's apartment in Camden today. Mrs. Ferguson will be remembered as Miss Dorothy Balcolm, formerly of Palmyra.

Mrs. Ada Bard and son, Wilbur, took dinner Sunday at Philadelphia with Mr. and Mrs. Tonkin, of Salt Lake City. Mr. and Mrs. Tonkin were on their way from San Diego, Calif., to Wilkes-Barre. Mrs. Tonkin is Mr. Bard's sister, whom she had not seen for seven years.

Miss Dorothy Ryckman, of Washington avenue, is seriously ill with pneumonia, having suffered a relapse from the gripe. She is receiving special attention from a skilled nurse from Philadelphia. Her mother, Mrs. J. A. Ryckman, who was confined to her bed several days with the gripe is slowly recovering.

Progressive merchants in Palmyra are planning to inaugurate a series of weekly "opportunity days" on which special bargains of all kinds will be offered to the public. The sale will be under the auspices of the Chamber of Commerce and are part of the Chamber's program to promote home business and at the same time benefit the consumer. The announcements regarding this movement will follow.

Mr. Hinchman, police commissioner, suggests that any citizen, upon hearing the telephone bell at police headquarters ringing when there is no one at the station to answer it, do so himself. If the police station is closed, the call may be answered from any nearby phone by asking the operator to transfer it. This may be of great assistance to some citizen, perhaps a woman who is calling for police help, and all citizens should bear it in mind.

A news item from Cape May regarding the reception of news there that the legislature has passed a bill providing for a ferry from that point to Delaware says: "Citizens here are wild with delight. The Board of Trade, Progressive League and City Commissioners are arranging a big parade in celebration." We wonder if the Township Committee, Chamber of Commerce, Boosters Club and others are planning to celebrate the opening of Palmyra's ferry.

The heavy rain Tuesday taxed the storm sewer almost to its capacity. At Cinnaminson avenue where the Boulevard drain passes under the street the water overflowed the sidewalk and washed out the earth from underneath, causing the sidewalk to crumble. This damage was due, it is said, to the fact that the contractor's work in furnishing concrete abutments had not been completed and he will consequently make the necessary repairs. Such a volume of water came down the streets leading from the heights that the sidewalks were overflowed in a number of places.

## Council Objects to Bill Boards

(continued from second page)

It was pointed out that with the heavy motor traffic the skaters ran great risk of being injured. The smooth pavements of the recently improved county highways have been a great attraction to the youngsters, and this warning is being sent to every municipality in the county, within the limits of which these improved roads exist, in an effort to prevent casualties. The matter was referred to the police committee.

Letters of thanks were received from the Visiting Nurse Committee and the Riverton Free Library for the appropriation made for them in this year's budget, and the Ambulance Committee of Palmyra and Riverton sent a request for financial aid, which latter was referred to the finance committee to find out what could be done. It was the unanimous sentiment of the members of Council that the project was a most worthy one, and should be given assistance, if it can be done under the law. Chief of Police Pascoe said that he had occasion to use the ambulance in case of an automobile accident, and that no charge is made for its services, the expenses being met entirely by voluntary subscriptions. While the ambulance service is for the whole community, most of the money so far has been raised in Palmyra.

A resolution was passed appointing Officer William Quigley as delinquent tax collector. Richard D. Barclay, member of the Shade Tree Commission, appeared before Council to give some account of the work done and contemplated, and to ask assistance in the matter of meeting current bills as they come due and which should be paid at once, such as labor, freight bills, etc. The matter was referred to the finance committee to work out. Mr. Barclay said that to complete the trimming would cost about \$2500 in addition to the \$2000 already set aside for this work. This does not include the removal of many dead and dangerous trees, and the planting of some 200 new trees, the expense of which, under law, must be paid by the property owners.

The following bills were ordered paid:

Fred P. Hemphill, treas.-col. salary, first quarter	\$ 189.00
Ogden H. Mattis, assessor, salary first quarter	137.50
Laura B. Davis, fee	17.50
Chas. B. Durbin, clerk, salary first quarter	87.50
The Sarco Co. of N. J. Dog Tags	4.60
Riverton Fire Co., rent Council Chamber	75.00
Chas. B. Durbin, postage, expenses, etc.	2.57
Jos. H. Smith, bldg. insp., sal.	25.00
R. H. Clelland, rem. brush, etc.	1324.66
R. H. Clelland, rep. to highw.	74.59
O. H. Mattis, rep. to highw.	41.50
Public Service Corporation, street lights	309.12
Walter Miller, salary	100.00
Wm. Quigley, salary	100.00
Wm. Quigley, meals, prisoner	1.00
Edward K. Tryon, 2 pistols, etc.	64.00
E. E. Compton, lamp oil	4.95
D. & A. T. & Co., phone	1.90
Riverton Fire Co., rent lockup	25.00
McCurry, Sales & Service Co., repairs	45.23
Riverton Fire Co., rent truck room	150.00
I. S. Collins & Son, repair tools	70
Riverton Free Library account repairs	66.20
Visiting Nurse account, sal. etc.	300.00
Shade Tree Commission acct.	1.05
Repairs	31.00
Insurance	4.25
Printing	4.25
Tools, etc.	24.06

## Notice

Friendship Lodge No. 11, Shepherds of Bethlehem, of Riverton, will have a sauer kraut supper in Collins hall, on Saturday evening, March 11th. Supper served from 6 to 8. Tickets 25c. Dancing after supper.

## Advertisement

Baseball Players, Notice  
Harry Nichols, manager of the Field Club baseball team, has issued a call for all candidates for the team to meet Wednesday evening, March 15, in the Field Club rooms, to talk over plans for the season.

George W. Sproule to Address Chamber of Commerce

George W. Sproule, Director of Wharves, Docks and Ferries, in the cabinet of Mayor Moore, of Philadelphia, will address the Palmyra Chamber of Commerce at its meeting in Society Hall next Tuesday evening. Mr. Sproule is one of the best known and popular men in Philadelphia. He has the reputation of being a splendid speaker and always has something to say. In his address to the Chamber of Commerce he is expected to talk on the subject that lies close to his heart and one that he is eminently qualified to speak upon, both because of his experience and his official position—the development of the port of Philadelphia.

This subject should be of interest to Palmyrians, not only because of their interest in Palmyra, because the port of Philadelphia embraces Palmyra's riverfront also, inasmuch as it includes all the Delaware river from Chester to Bristol. The officers of the Chamber are very anxious that all the members be out to hear Mr. Sproule and thereby show their appreciation, since he is giving his time to the meeting free of charge, not even being reimbursed for the expenses of the trip.

Wesleyans Break Even  
Last Friday night the Wesleyan first team took the short end of the score, when the fast Wantakumlin landed them a 24-16 defeat, but the second team, by their efforts in beating the Wantakumlin second team to the tune of 20-11.

This Friday the local boys play the strong Advocate A. A. teams, of Philadelphia. Saturday the Wesleyans will clash with the Moose teams at Riverside.

Friday night, March 17th, the Wesleyans play the East Side F. C., of Camden.

Men of the Masonic Association this Friday evening will present a play, which is entitled "King Fickering and His Court." Charles Cook will be King, George Winn will be Cleopatra, Bill Botiger will be the court jester and Howard Alloway and Dewey Morris will be the King's guards, while George Rogers and Jack Smith will be ladies in waiting. The thing is described as a real scream. Several vaudeville acts will also be introduced, being played before the king. The entertainment is in honor of the ladies.

Gran'mama says: Some women shoot their husbands, others get the same results cooking all their food in a frying pan.

## New Ferry to Open by May 1st

The Palmyra Boosters Club was addressed last Tuesday evening by Charles A. Wright, of the Tacony-Palmyra Ferry Company.

The new ferry, Wright said, was expected to begin operation by May 1. It has been decided not to delay the opening of traffic until the building of the ferry houses, which will require some time yet, in view of the fact that most of the patronage will be vehicular, the absence of shelter will not be a noticeable drawback and the company is anxious to accommodate the spring traffic which is expected to be heavy.

Bids have been let for the construction of a stone roadway on the surface of the fill leading across the flats to the slip and the installation of the machinery for the lifting of the bridge is to begin at once. On the Philadelphia side, the City Councils this week let the contract for the improvement of the street leading from Forrestdale avenue to the ferry landing at foot of Levis street and this work is expected to be completed within a few weeks.

The ferry boat "Palmyra" which already has been purchased by the company is in splendid condition, officials of the ferry having inspected her recently at Pier 14, Port Richmond. She is to be commissioned March 25. One of the directors is now at Jacksonville, Florida, looking at another vessel which the company may purchase.

The ferry company is much gratified at the prospect of the State taking over Cinnaminson and contemplated building a concrete surface thereon, but it is thought that it would help if citizens of Palmyra should send a delegation to the legislature and also write to their representatives to boost this measure which if passed will provide a great improvement for the town's streets and also save many thousands of dollars which otherwise would have to be spent on the upkeep of Cinnaminson avenue.

The Stage highway engineer was in Palmyra Thursday going over the ground with Freeholder Rogers and E. L. Williams, of Riverton, treasurer of the ferry company.

Mr. Wright explained to the Boosters the many advantages which would come to Palmyra through the ferry. It will give citizens free access to the Roosevelt Boulevard, which cost Philadelphia millions of dollars, and also provide them with a direct auto route over good roads to many points of scenic beauty and interest, Willow Grove, etc., in Pennsylvania.

Desirable citizens will be brought to the town, Mr. Wright pointed out, as the result of the new route to northern Philadelphia, creating a demand for property here and consequently increasing real estate values and business in general.

In the course of their regular business meeting, the Boosters have been talking signs in Palmyra and an effort will be made to have them removed or at least barred in the future.

Concerning the condition of the town's streets, it was pointed out that the Boosters have been doing all they could in view of the limited funds available and that considerable improvement had been made notwithstanding.

The appointment of additional police officers for Palmyra was recommended and it was suggested that when the police go out of town on a fire or other duties, the fire company should appoint a man to stand at the police station to take care of police duties.

The movement for an increased number of mail collection boxes which the Boosters have been working on has resulted in the promise of five additional boxes and a plan to rearrange some of the old ones.

The club plans to enroll all its members as contributing members of the Independence Fire Company.

After the regular business session an enjoyable buffet luncheon was served, to which a number of the club members who were in their headquarters below, were invited.

The membership of the Boosters is steadily increasing and they are anxious to enroll as many new members as possible.

## Officer Rodgers Home from Hospital

Officer Joseph Rodgers, who was shot through the body by the bandits who attacked both him and Chief Beck on Sunday morning, February 12, came home from the hospital last Friday, and was able to walk about town and meet all his friends. Every body congratulated him with his lucky escape from death and pined him with questions about his experience. He made known heretofore unpublished fact that he was struck by a second bullet, which penetrated his left forearm in addition to the one which passed through his body. The wound has not yet closed on the side, but outside of that the officer is feeling fine and thinks it will not be long before he will be able to resume his police duties. He lost twelve pounds in weight while in the hospital.

## Moving Telephone Poles.

To accommodate the building of a highway between two eastern cities the local telephone company recently performed the remarkable feat of moving its entire pole line of 430 poles in feet to one side without cutting a circuit or interrupting service on any of the wires. The work was done by six men in two gangs, with five pole jacks for lifting the poles from their holes, says Popular Mechanics. It was started by raising the first five poles one foot, then going back and raising the first four another foot, and the first three another, and then the first two a total of four feet. Finally the first pole was lifted clear of the ground and railroaded over to the new hole prepared for it by sliding it on a ten-foot oak plank.

In the Summer.

In the summer, when the days are hot and long, there is nothing better than the glory of the moonlight nights, when the shrill cries of the insects fill all the air, and the fireflies are everywhere, and a whiff of saltiness comes up with the tide. In October the river is bright steel color and blue. The ducks rise and fly away from the coasts in the early morning, and the oars and mallets dress themselves as they please, as if they were tired of wearing plain green, like everybody else, and were going to be gay and set a new fashion in the cool weather. You no longer drift lazily with the current, but pull your boat as fast as you can, and are quick and strong with the oars.—S. O. Jewett.

## Aged Suicide Despondent

The suicide of Louis Evers, 71 years old, who killed himself with a shotgun at the Field Club grounds last Friday noon is said to have been due to the fact that he had been brooding over going to a home for the aged. He had signed papers to go to the Lutheran home and the fact that he was no longer to have a place of his own apparently weighed on his mind.

Evers told Thomas Wilkins some six months ago that he expected to die. He had been brooding over the fact that he was no longer to have a place of his own apparently weighed on his mind. Evers told Thomas Wilkins some six months ago that he expected to die. He had been brooding over the fact that he was no longer to have a place of his own apparently weighed on his mind.

## DEATHS

## Elias Styles

After an illness of thirteen weeks, Elias Styles, in his ninetieth year, passed away at the home of his daughter, Mrs. A. B. Powell, on Monday, March 6th. The funeral services were held at Mrs. Powell's residence, 261 West Broad street, Palmyra, at 2 o'clock Thursday afternoon. Rev. C. W. Williams officiating. Mrs. Williams rendered the solo, "Asleep in Jesus," and the interment was held in Morgan cemetery, beside his oldest son, Henry Edwin Styles.

For the past forty years Mr. Styles was a resident of Artois, Indiana, but came to live with Mrs. Powell last July. He was survived by two daughters, Amanda Powell, of Palmyra; Mrs. Mary Ascher, of New York; Mrs. Clara Alexander, of Camden; Mrs. Cora Fisher, of Palmyra; Mrs. Alice Hostetter, of Kansas; Mrs. Edith Knight, of Indianapolis, Ind.; five sons, H. Edson Styles, of Killamook, Oregon; L. Milton Styles, of South Bend, Ind.; Gilbert Styles, of Philadelphia; Otto Styles, of Toledo, Ohio; and Walter Styles, of South Bend, Indiana. Also by a sister, Mrs. Catharine Sampson, of South Bend, Indiana, a brother, Samuel Styles, of Rockford, South Dakota, thirty-one grandchildren and nineteen great-grandchildren.

Gustav Schulze died last Friday morning at his home, 407 Elm avenue, at the age of 71. He had been seriously ill but a short time, having suffered a stroke early last week. His health, however, had been poor for some time and he was ill for several weeks last fall. He had lived in Palmyra for fourteen years.

Mr. Schulze is survived by his widow, Mary D. Schulze, and a son, Otto H. Schulze, of Philadelphia. The funeral was held Monday afternoon, with interment in Greenmount cemetery, Philadelphia. Undertaker Snover in charge.

## The Name Pilgrims.

Pilgrims, the name of the liberty seekers who founded Plymouth colony in Massachusetts in 1620, grew out of an expression used by Gov. William Bradford. He often referred to the colonists as "pilgrims and strangers up on the earth." This band did not belong to the Puritans, as is usually said, but to a sect which grew out of Puritanism, whose members were called Separatists because they separated from the church of England. The first church of Separatists was at Gainsborough, England; the second grew up at Scrooby. The Separatists were driven out of England by persecution and established themselves first in Amsterdam and then at Leyden, in Holland.

## Vienna Not on the Danube.

Vienna is popularly misnamed to be on "the beautiful blue Danube," but that mighty stream, in its long course to the Black sea, really encircles the city some miles from its center. A canal winds through the heart of the city and connects with the Danube below the Prater, Vienna's great playground.

## Most Destructive Earthquake.

The damage done by an earthquake is generally limited to a small area, but the great quake that occurred in Assam, in 1897, was destructive over an area of 150,000 square miles.

## Most Destructive Earthquake.

## School Census Nearly Completed

(Continued from second page)  
95.1%. There were 22 cases of tardiness—14 for the boys and 8 for the girls.  
There will be an exhibit of all school work on the evening of Monday, April 7, and the building will also be open on Saturday for those who care to see the work during the day.

The county spelling bee will be held at Mount Holly on March 25, and Roscoe Bowers has been selected to represent the Riverton school.

Mr. Boyer gave a report of the hearing before the legislative committee on Monday on the bill to revise the method of distribution of State school funds. The bill was referred by consent to the Attorney General's office for conference, in an effort to get it into legal shape.

A resolution was passed that no more children be admitted to the kindergarten this school year, and raising the age of admittance from four to four and one-half years.  
Monday night's meeting was the last for Mr. Mattis, whose term expired this year, and who declined reelection. His fellow-members expressed to Mr. Mattis their appreciation of his valued services as a member of the board, and their regret that he would not continue to sit with them.

Miss Chew gave a most interesting annual report of the school work, which is given in part below:  
To the Board of Education of Riverton:

I am pleased to submit my second annual report as supervising principal of Riverton public school.

To the teachers and parents you have given me in all branches of school work, to the loyalty and efficiency of the teachers and janitor, to the courtesy of the local press, and to the operation of the parents of the children, especially through the organization of the Parent-Teacher Association, I attribute in great part whatever progress the school may show.

The greatest achievement of the school from February to June, 1921, was the introduction of systematic physical training under the supervision of Miss Mary P. Lucas.

In our local field day and at the county field day at Mount Holly our children did creditable work.

With appropriate commencement exercises, twenty-four children graduated from the eighth grade, all of whom are in high school this year. Throughout the year we have had three regular teachers' meetings each month. One general meeting, one for primary teachers, and one for grammar grade teachers. Since September, 1921, we have had study classes in the last two groups, using as a basis for our discussion "Modern Elementary School Practice," by Freeland.

The most notable feature of the year's administration was the co-operation with the districts of Pemberton and Burlington township in combining on the services of teachers of manual training and domestic science and arts. This has been a very satisfactory plan as it gives small districts the advantage of specially trained teachers at a minimum cost. It has been possible, through this plan, to give manual training (shop-work) to the boys in grades fifth to eighth, sewing to girls in grades fifth to eighth, and cooking to girls in grades sixth and eighth.  
Drawing and primary manual arts now have a definite place in the program of all grades, and some very creditable work is being done, under the direction of the regular teachers. With September, we began a systematic course of music instruction throughout the grades, and have also paid particular attention to chorus singing in morning assemblies. A cantata given at Christmas provided incentive for the best efforts of the children.

The addition and re-organization of the so-called special subjects has not interfered with the regular classroom work. On the contrary, that work is progressing better. The children are held to regular programs, and assignments, and results of study are showing in the recitation periods. Interest in school work is awakened, and results are better than last year. A number of excellent demonstrations of original work have been presented at the morning assemblies, notably "Fire and His Helpers" by the sixth grade, given on Fire Prevention day, and "Nine Helps for Good English" by the eighth grade under the direction of Miss Phillips, department teacher of English, and "The Causes and Meanings of the Monroe Doctrine," given by the eighth grade history classes, under Mrs. Smith. Dramatization has been done by all the grades, and the children are learning to use initiative along right lines. During the past year the library books scattered about the various rooms were collected, catalogued, and placed in the upper hall, making a nucleus for a school library. A few additions were made, and children are being urged to consult references in connection with regular textbook work.

The Riverton public library is co-operating with the school and has loaned us sixty-two books, which are a valuable supplement to our library.

The reading table is very popular, and I believe has been a great help to study for some of our pupils. One hundred per cent membership has been maintained in the Junior Red Cross and community work done as follows:

Armistice Day offering, Belleau Woods Memorial, \$24.00.

Thanksgiving offering, \$31.95.

Thirty-six Christmas stockings filled for the "Colony," and seventeen Christmas baskets for poor children. The United Thrift System was settled up and discarded, and the children were urged to buy Thrift Stamps. When the term closed in June, they had saved \$232.67. Many of the children have bank accounts.

Believing that training for good citizenship includes practice along civic lines, the school is organized from the fourth grade to take some specific responsibility for the good conduct of the school. They also have taken a census of the children of the borough.

Health habits are encouraged throughout the grades, and the weight records posted in all the rooms. In the primary rooms children are being urged with good results to give up coffee and drink milk.

The attendance, beginning with September, 1921, shows a gain each month over last year. Riverton ranked second in the county last year, and we are hoping to beat our record this year. I believe there are few cases at present where children are absent without good cause, but feel that the home could co-operate to greater extent, and reduce the tardiness, which is excessive.

I cannot close this report without expressing my appreciation of the members of the Board of Education, whose interest in the school and car-

est study of the problems tending toward the betterment of educational opportunities for Riverton boys and girls, is exceptional.

Thanks are due the following:  
Mr. Walter L. Bowen, for the generous use of his paper, and also for paper material for the primary grades.  
Mr. Charles C. Miller for valuable additions to the kitchen equipment, also a picture of Panama Canal and curios for the museum.

Mr. George T. Willingmyer, wool exhibit.  
Mr. Milton B. Faunce, specimen of cork.

Mrs. Herbert M. Morris, magazines.  
Mayor Killam E. Bennett, trip to Camden Armory by the seventh and eighth grades to hear the U.S. Marine Band concert.

Parent-Teacher Association for many favors to the school, and having the highest percentage of mothers present at the Parent-Teacher Association meetings, and for Victrola records presented this term for the same purpose.

Last, but not by any means least, I wish to thank the Board of Education, and all parents and patrons of the school, for the splendid support and co-operation which I have received in my endeavor to do the work which I have felt necessary to make Riverton school serve the best interests of the boys and girls.

Respectfully submitted,  
HANNAH H. CHEW.

## Why Has Farming Become a Profitable Industry in New Jersey?

New Jersey's growth and industries have been helped by her geographical position by the water which nearly surrounds New Jersey. Three hundred nineteen miles of the bordering waters are navigable. New Jersey is bordered by two famous States, Pennsylvania on the west and New York on the north. The cities of Philadelphia on the southwest and New York city on the northeast have increased New Jersey's population and industries.

New Jersey is only eight thousand two hundred twenty-four square miles in area. You can make in round numbers about five and half New Jerseys out of Texas.

Different things which have made farming so profitable in New Jersey are the rainfall, fertile valleys, nearness to city markets, and the soil is loose and easy to cultivate, but it is very sandy and you need a large amount of fertilizer. Fruit is grown on the hillsides and on the mountain sides, and also in the valleys of the Kittatinny mountains. The good roads of which New Jersey boasts help to make farming profitable. Nearness to the ocean also aids farmers. Some of the vegetables grown are potatoes, tomatoes, asparagus, peas, melons, beans and sweet corn. Grapes are grown most extensively in Burlington and Atlantic counties.

The rivers which aid farming are the Hackensack, Raritan and Passaic, which are in the northern and northeastern part of New Jersey. These are inland rivers because they have sources in mountain valleys and in lakes. The tidal rivers are the Toms river and Maurice river, which are in southern part of New Jersey.

Six important facts about agriculture in New Jersey are:

1. New Jersey ranks first in berry growing in United States.
2. New Jersey (for its size) ranks first in potato growing.
3. New Jersey ranks second in cultivation of asparagus.
4. New Jersey ranks third in sweet potato growing.
5. New Jersey raises one third of all the cranberries in the world.
6. New Jersey raises one half of all the peppers in United States.

DEWEES SHOWELL,  
Fifth Grade,  
Riverton Public School.

## Bandits Blackjack Truck Drivers. One Captured.

A daring daylight holdup, which might have been mistaken for a movie rehearsal, was staged on the Burlington Pike just before noon on Tuesday, when two grocers from Burlington driving a truck, were attacked by two highwaymen who clambered into the back of the truck unseen and blackjacked them before they were aware of their danger. The men in the truck were Michael Barbagallo and his cousin, Alfio Contarella.

A short time before, Fred Scialzinger, a driver of one of the Kolb bread trucks, had been asked for a ride by two men, whom he refused. As he was following the Burlington truck down the road he saw one of the men on the front seat pitch headlong into the road. Two men jumped from the rear of the truck and started for the woods. Drawing his revolver Scialzinger ordered them to halt. One of the men, who gave his name as Nicol Juliano, of Philadelphia, stopped, but the other man escaped.

At this juncture Charles B. Jessup, near whose farm the holdup took place, came along in his car and hastened to Riverton for police assistance, while two armed men stood guard over the prisoner. At Riverton Mr. Jessup picked up Officers Quigley and Miller, who brought the bandit to Riverton. When the prisoner was searched a revolver, black-jack and mask were found.

The alarm was spread and both officers, Chief Beck, of Paterson, Trooper Dunn of the State Police, and a body of men under County Detective Parker spread out over the surrounding country in an effort to capture the other highwayman. Quigley entered the woods at Satterthwaite's and worked his way toward the pike. Trooper Dunn took to the woods at another point, while Parker and his men guarded the highway and the outer edge of the woods. The search was in vain.

After the captured bandit had been placed in the lockup, Officer Quigley telephoned for the Palmyra ambulance and had it go to Cinnaminson and take the two injured men to the Riverside hospital, where they had their wounds dressed, after which they were able to return to their homes in Burlington.

Juliano was given a hearing before Squire Fichter, who committed him to the county jail in default of \$2000 bail on the charge of holdup, highway robbery and carrying concealed deadly weapons.

## Fletcher Tells How He Escaped

James Fletcher was taken before Judge Wells, at Mount Holly, last Thursday, to plead to an indictment charging the stealing of a Buick automobile from James LaRose, of New York, on January 3, 1921. The defendant formerly kept a garage at Riverside, and LaRose left his car there for a short time. The car was valued at \$1800. After the crime Fletcher fled from the State and was captured in Tennessee. While being brought from there to Mount Holly he escaped from the officer by climbing out the window of the toilet room of the passenger car. As the train was running at high speed, it was supposed that the prisoner had been killed or drowned, as he made his escape just before the train reached a bridge over a river.

Fletcher states, however, that he got down to the top of one of the wheel trucks of the car, and effected his escape when the train made its next stop.

## Fake Collector Arrested

"Rev." Jonathan H. Danoo, a slick swindler, was arrested by the Moorestown police on Thursday, in compliance with a request sent broadcast over the State by the authorities of Essex county. The man is charged with having collected in the neighborhood of \$50,000 during the past three years, while posing as a field agent of the Near East Relief Association. His favorite method of operation was to inveigle clergymen to give him letters of recommendation, which he would use in the next town he visited. Julian Zelchenko secretary of the New Jersey Near East Relief, swore out the warrant for Danoo's arrest. The secretary stated that the man is an impostor, never having been given authority to collect funds. He had collected about \$75 from prominent Moorestown residents before he was taken in charge by Chief of Police Bradshaw. A Newark detective went to Moorestown and took Danoo to the Essex county jail.

## Barn of Joseph L. Thomas Burned

A fire of unknown origin destroyed the barn of Joseph L. Thomas, on the Burlington pike Sunday night. The fire was first discovered about quarter to twelve by a fireman from Bennington, of Palmyra, while on his rounds about town. He ran to the fire house and started the siren. He was joined by Fremont Truman who drove the truck to the barn. The Riverton company responded to the alarm with both trucks.

The wagonshed which adjoins the barn, a cow and some straw and corn-stalks were saved, but the entire stock of hay and three horses were burned. The damage is estimated at \$4,000.

Mr. and Mrs. Thomas desire to thank the members of the Riverton and Palmyra fire companies, stating that it was through the efficient work on their part that the house was saved.

## Amber.

Amber is a fossil resin, arising from the evolution of coniferous trees, as is shown by its composition and physical properties, by its occurring in drops and globular masses, which resemble the resin seen exuding from the bark of pine trees, and by its common association with fossil woods. It is of a clear brownish-yellow color, varying in shade, and is often clouded with irregular streaks. It is usually translucent and brittle, and burns readily, giving off dense fumes.

## Sunday School Lesson

(Continued from first page)

II. Luxury (vv. 4-6).

The luxury of these upper classes in Samaria expressed itself in 1. Extravagant furniture (v. 4). They had beds of ivory—perhaps wood inlaid with ivory. Costly as these furniture were, that day, it was commonplace as compared to some of the expensive furniture and fittings in our great cities.

2. Laziness (v. 4). They stretched themselves upon their couches—lived lives of indolence. Such is the way of many still.

3. Feasted delicacies (v. 4). The implication here is that they had their dainties out of season. This is what many of the rich pride themselves in.

4. Adorn their feasts with music (v. 5). They sang idle songs—even invented musical instruments for this purpose. They prostituted the noble art of music to their sensual feasts.

5. They drank wine (v. 6). They were not content with ordinary drinking vessels. They drank from bowls, indicating excessive drinking. They were so mastered by the intoxicating cup that their feasts which were adorned with the refinements of music ended in drunkenness.

III. Failure to Grieve for Joseph (v. 6).

Joseph here stands for Ephraim and Manasseh, his two sons. Ephraim became the principal tribe of the northern kingdom, so Joseph is used as a synonym for the nation. The upper classes were indulging in these oftentimes luxuries, entirely indifferent to the groanings of the masses. And whenever such a condition exist in a nation there is need of Amos to thunder God's judgment upon those who are guilty of it.

IV. The inevitable issue (vv. 7, 8).

1. They shall go into captivity (v. 7). The northern nation was first in sin, therefore first to go into captivity. What a striking contrast this picture! Instead of lying on ivory couches feasting upon dainties, they are with the suffering exiles.

2. The certainty of the issue (v. 8). It is inevitable because of God's nature. He is a God of justice. He has sworn that judgment shall fall. He is the God of hosts—the controller of the whole universe, therefore none can escape. God hates the wickedness of the world, and He will bring into judgment the men and women who revel in luxury with no concern for the poor and needy. Though God waits long, He does not forget. The only escape for America is repentance.

## Abide in Him.

And now, little children, abide in Him; that when He shall appear, we may have confidence, and not be ashamed at His coming.—1 John 2:28.

## Great Mischiefs.

Great mischiefs happen more often from folly, meanness, and vanity, than from the greater sins of avarice and ambition.—Burke.

## Chance to Be Saved.

Don't despair of a student if he has one clear idea.—Emmons.

Office Hours: 8.30 to 4.30 daily.  
Close Wednesday 12.30.

## Miner's Cradle.

The cradle is a simple appliance for treating "pay dirt" earth and gravel containing gold-dust. It consists essentially of a box, mounted on rockers, and provided with a perforated bottom of sheet iron in which the "pay dirt" is placed. Water is poured on the dirt, and the rocking motion imparted to the cradle causes the finer particles to pass through the perforated bottom on to a canvas screen, and thence to the base of the cradle, where the gold-dust accumulates on transverse bars of wood called "riffles."

## Man Can Make Himself.

In the majority of instances a man can do what he pleases with himself—can make what he wants to make of himself. Things that get in his path are not obstacles unless he chooses to regard them obstacles. Man is his own maker.

Telephones without a switchboard would  
be like automobiles without "gas."

They would look all right but they would never  
get very far.

The first switchboard was "as simple as a wheel-  
barrow." However, as the use of the telephone ex-  
tended, the early types proved inadequate and for a  
time six operators were required to complete some  
calls in the larger offices.

Step by step the genius of the inventor and the skill  
of the engineer overcame these difficulties.

Service is the first requirement of a Bell System  
switchboard. It must be a means for establishing quick  
and accurate connection not alone between subscribers  
in the community but to any other telephone in the  
nation.

A second requirement is economy. As a part of the  
Bell System we are associated with a quarter of a mil-  
lion men and women who with us are striving for  
improvements in the service and for newer, better and  
more economical equipment and practices.

It is due to the combined efforts of this great or-  
ganization that our country has the cheapest and best  
telephone service in the world.

THE DELAWARE & ATLANTIC TELEGRAPH & TELEPHONE CO.

## Sunday School 'Lesson'

(By Rev. F. B. FITZWATER, D. D.,  
Teacher of English Bible in the Moody  
Bible Institute of Chicago.)  
Copyright, 1922, Western Newspaper Union

### LESSON FOR MARCH 19

#### THE DOWNFALL OF ISRAEL

LESSON TEXT—II Kings 17:1-18.  
GOLDEN TEXT—Righteousness exalteth  
a nation; but sin is a reproach to any  
people.—Prov. 14:34.

REFERENCE MATERIAL—Hosea 7;  
Amos 2:6-16.

PRIMARY TOPIC—What Came of  
Wrong Doing.

JUNIOR TOPIC—Israel's Punishment  
for Disobedience.

INTERMEDIATE AND SENIOR TOPIC—  
Results of Disobedience to God.

YOUNG PEOPLE AND ADULT TOPIC—  
How National Sin Is Punished.

1. Israel Taken Into Captivity  
(vv. 1-6).

This was the fulfillment of that  
which Amos had predicted in the days  
of Jeroboam II, at a time when the  
nation was at the height of its pros-  
perity. The northern kingdom was  
ruled by 19 kings, all of whom were  
wicked. Their wickedness was not be-  
cause of lack of information or op-  
portunity, but in spite of it. God  
promised the first king His blessing  
if he would be loyal to Him. Jeroboam  
departed from God and the apostasy  
thus began continued down-  
ward to the end. In the reign of  
Hoshea, the last king, the king of  
Assyria came and besieged Samaria  
and carried the children of Israel cap-  
tive to Assyria, from which they never  
returned.

2. The Sins Which Caused Their  
Doom (vv. 7-18).

1. Conformed to the ways of the  
heathen (vv. 7-9). God had com-  
manded them not to follow in the  
ways of the heathen, but these  
Israelites, instead of maintaining lives  
of separation, secretly did that which  
was displeasing to God. Secret sins  
just as surely as open sins bring ruin,  
for all things are naked and open to  
Him with whom we have to do. One  
may maintain his reputation before  
men while practicing sins, but ruin  
will sooner or later overtake him.  
Even though God had cast out the  
heathen for practicing these sins, the  
Israelites followed in their ways. God  
demands separation (II Cor. 6:17).

2. Served Idols (vv. 10-12). They not  
only compromised by "walking in the  
statutes of the heathen," but worshiped  
their gods. It was not a long step  
from following in the statutes of the  
heathen to worshiping their gods.  
Before they worshiped idols they cast  
off the true God. Idolatry came in  
because the race did not wish to re-

tain God in its affection (Rom. 1:21-  
23). People today are worshipping  
idols because they have first cast off  
the authority of the living God. Man  
is a worshipful being. When he  
ceases to worship the true God, he  
worships other gods. Neutral ground  
is impossible.

3. They were rebellious (vv. 13-  
15). God by His prophet had said  
unto them "Turn ye from your evil  
ways and keep my commandments,"  
but they stubbornly refused. His  
testimony, even rejected His statutes.  
God, in love, tried to save them. He  
sent some of the noblest and best  
prophets who ever spoke to man to  
persuade them to turn from their  
sins, such as Elijah and Elisha, but  
they hardened their hearts and plunged  
deeper into wickedness.

4. Caused their sons and daughters  
to pass through the fire (v. 17). This  
was the dreadful Moloch worship—the  
most cruel rite of heathen worship.  
It was done by kindling a fire in a  
hollow metal image until its arms were  
red hot and placing live children  
therein to be burned to death.

5. Resorted to magical practices  
(v. 17). When faith in the true God  
waned, men always turn to the magical  
arts. In this way they sold them-  
selves to evil in the sight of the Lord  
to provoke Him to anger.

III. Judgment Falls (v. 18).

At this stage of the drama the cur-  
tain falls. God could not be inactive  
longer.

1. God was very angry. God's anger  
is not raving fury, but the revulsion  
of His holy nature against sin. Sin  
cannot exist in His presence. His  
wrath must strike. Though He waits  
long, the debt must be paid and always  
with compound interest. There is only  
one way to escape God's wrath; that  
is, to turn from sin.

2. Removed them out of His sight.  
The land of Palestine is regarded as  
the land of God's sight; that is, the  
place of His manifested presence.  
Their national identity was blotted  
out forever. These people are still  
scattered among the nations, and as a

separate nation doubtless they will  
never return to their land. The judg-  
ment was severe, but not more so  
than the sins merited. God had waited  
long. The despising of His grace  
must eventually work ruin. What  
judgment must fall upon the people  
today who reject His grace and mercy!

Bound to Materialize.  
Every thought we think images it-  
self in the mind and every image that  
is persistently held in mind is bound  
to materialize.—Jean Porter Ruid.

Perfect Peace.  
Thou wilt keep him in perfect peace,  
whose mind is stayed on thee; because  
he trusteth in thee.—Isaiah 26:3.

He That Diggeth a Pit.  
He that diggeth a pit shall fall into  
it; and whose breaketh an hedge, a  
serpent shall bite him.—Ezekiel 10:8.

Oldest London Newspaper.  
The Morning Post is London's oldest  
newspaper. On November 2, 1772  
Rev. Sir Henry Bate-Dudley edited  
the first issue. Because of the great  
number of duels the editor fought, he  
was known as the Fighting Parson.  
His successor was also a clergyman.

Siamese Had First Movies.  
Apparatus of ancient Siamese civil-  
ization recently found stored at the  
National Museum in New York, proves  
that the cinematic art was practiced  
hundreds of years ago in Siam and  
was carried on as follows: The prop-  
er number of figures, designed from  
leather by hand were mounted on rods  
and projected on the screen by the  
hand of the operator. The screen was  
a white cloth hung between the audi-  
ence and the light. The shadows  
were manipulated by the operator's  
pushing the mannikins along in a  
trough. As action advanced through  
climax and anti-climax, the operator  
recited in a singsong voice five-reel  
dramas of the love and wrongs of the  
kings and queens represented.

## THE NEW ERA

Published every Friday at  
RIVERTON, N. J.WALTER L. BOWEN  
Editor

The New Era is devoted to the business and home interests of Riverton and Palmyra, independent of political or religious belief—the people's paper

Subscription \$1.50 a year in advance

Advertising rates on application

The New Era Office is equipped to do all kinds of Fine Printing at reasonable prices

## LEGAL ADVERTISEMENTS

The New Era is a Legal Newspaper. Commissioners, Sheriff's and other Sales, Administrators' and Executors' Notices, as well as all other Legal Advertisements are solicited. The New Era will appreciate being remembered in this connection.

## Notice

All readers or local notices of entertainments, suppers, fairs, dances, etc., given for the purpose of raising money, or for which admission is charged, will be charged for at the rate of fifteen cents a line.

## Coffee

I speak the truth, I stand in sooth within a prophet's shoes I dare to say that coffee has a kick almost like booze. From Greenland's icy mountains to India's coral strand, my fellow men pay francs and yen each for his favorite brand. It is a mighty stimulant, a heart-forging drug, as potent as the erstwhile beer or cider from a jug. When this for evening drink I steep, I go to bed and do not sleep; and when this for morning use I brew, I feel as young and fresh as you. Two hours or three I'm on the jump, but after that my feelings slump. It is not good for me at all, it irks my liver and my gall. Yet when to quit it I begin, I act as mean and cross as sin. I shun the cup for many a day then fall once more beneath its sway. Now, while my weakness I deplore, I think I'll take just one cup more. The flesh is weak and though I aim right soon to quit the coffee game, I hope they keep their pucker still, those sweating peasants of Brazil. I hope the Arab from his tent, a bumper coffee crop has sent, to carry with it everywhere his moratorium of care.

—BOB ADAMS.

## Running Down Robbers

Chief of Police John C. Geiss is taking to his duties of his new office like a duck takes to water, and there is a fresh trail spurs neither himself nor his officers. Together they have rounded up one of the parties implicated in the looting of the "Earnshaw property" on Lippincott avenue. From the time Officer Quigley received the tip early Saturday evening, until midnight Sunday the officer and Chief Geiss worked on the case with but a few hours rest. Several times they were almost within reaching distance of the principal in the robbery, but he managed to elude them—at one time by less than two hours.

When he was called on the telephone Saturday evening, Chief Quigley at once notified his officer. Together they went to the suspected house and there caught Alexander Nedjelsky, who told them the stolen goods were hidden in Myers Filler's barn. A large part of the loot was recovered. Two large mirrors were found at the home of Mrs. Maud Parker, 202 Second street, to whom Nedjelsky had sold them. Nedjelsky was placed under arrest charged with receiving stolen goods. At a hearing on Monday, when Sunday morning he was held in \$1000 bail for court. The security was furnished by his father and Charles A. Wright. Nedjelsky said his half-brother, Frank Flower, had done the stealing, and that he could be caught at Riverside.

This was about ten o'clock Saturday night. Calling Officer Miller on duty before his time, that the town might not be without protection, Chief Geiss and Officer Quigley hastened to Riverside and called at the address given, only to find that their quarry had escaped. They inquired for a bag which Flowers was supposed to have, but the man with whom he was supposed to be stopping claimed to know nothing of it. The next day, however, he produced and gave it to Chief Quigley. It contained tools and letters. Flowers is said to be without funds, and as all of his known haunts are being watched it is probably but a matter of a short time before he will be taken.

## Ooooh! Look What They Say About "Our Sheriff."

Sheriff Flagg, whose gallant manner and fine appearance makes him a prime favorite in any audience in which the fair sex predominates, addressed the League of Women Voters at Moorestown at their meeting last week and made a hit. His subject was "How the Sheriff's Office is Run," and what the present incumbent told his listeners about the Sheriff's office convinced them that he is the right man for the job.

—New Jersey Mirror.

## A Year Ago—

As a reward and in commemoration of their splendid work in capturing the three auto bandits who attempted to rob Birenbaum's store on the morning of February 20, a fine watch properly inscribed, was presented to both Chief Beck and Officer Rodgers.

Test piles were driven on the site of the new terminal of the Tacony-Palmyra Ferry Company to determine what conditions would be encountered in doing that part of the work.

Another petition was presented by residents in the vicinity of the building of the former Owen cap factory at Broad and Market. The building is in an advanced stage of dilapidation and the nearby residents asked that it be either removed or repaired, because it is now a menace and a nuisance. The township committee promised to take the matter up with the owners. (The building still stands, and the menace is in no wise less than it was at that time—rather greater.)

Troop No. 1, B. S. A., unanimously and with great enthusiasm passed a resolution to adopt a Belgian orphan. Their protégé was nearly twelve years old. His name is Armond Daenen, and he lived at Nessonvaux, near Liege, Belgium.

## WEEKLY NEWS BUDGET for Riverton and Vicinity

## Buy It at Home!

Mrs. Alice Taylor fell and broke her hip last Thursday.

C. H. Rolf is entertaining his parents from Cincinnati.

Mrs. Bessie DuBois, of Millville, is the guest of Mrs. Charles G. Davis.

Miss Amanda Hutchins will spend this weekend in Moorestown with friends.

John Coath, of Chicago, is visiting his sister, Mrs. J. D. Clark, over the weekend.

Robert Ayres, who has recently returned from the hospital is able to be about.

Mr. and Mrs. J. W. Sylvester entertained relatives from Philadelphia last weekend.

Mrs. Elmer Bright, of Pitman, spent last Thursday with her mother, Mrs. Conrad Becker.

Miss Mac Brown and Russell Jermon were guests of friends in Germantown on Saturday.

George T. Dold has purchased the lot at 608 Elm Terrace from Abraham Perkins, and expects to erect a residence there.

Mr. and Mrs. L. A. Flanagan, who have been spending the winter in Atlantic City and Stamford, Conn., have returned to Riverton.

Harry C. Worrell returned from Miami, Fla., Tuesday. He says if you want to meet your Riverton friends, don't stay here—go to Florida.

White cards of various sizes, for making place cards, tally cards, etc., by the sealing wax process are on sale at The New Era Office.

Sponge cake and chocolate candy made to order. Phone Riverton 509-R. Candies also on sale at Smith's Drug Store, Palmyra.

Mr. and Mrs. James H. Call and family, of Moorestown, and Mr. P. A. Hart, of Collingdale, Pa., were guests of Mr. and Mrs. William O'Donnell on Tuesday.

Plumber William B. Lynch has remodeled his showroom and office on Broad street, greatly improving its appearance. A cement block front and cement walk have been added.

Mr. and Mrs. Charles Wanger attended the Methodist Conference held in Atlantic City last Friday, Saturday and Sunday. Mr. Wanger was elected president of the Laymen's Association.

The inventory of the personal estate of J. C. W. Frishmuth filed last week in Philadelphia, showed that he left an estate of \$274,597, including a \$200,000 interest in the firm of Frishmuth Bros. &amp; Co. Mr. Frishmuth died December 25th.

Rev. George S. Southwick, of near Lakewood, visited his parents, Mr. and Mrs. T. B. Southwick, at Asbury, this week, returning Friday. He has just been returned to his church, known as the Sothard Circuit, by the Methodist Conference in session at Atlantic City last week.

We haven't said much about the pen with the little red pump handle lately—been too busy printing, but it is just as good as ever, and is selling right along. When will you stop at The New Era Office to select yours? We have a full assortment of sizes and points.

Governor Edwards on Monday approved a bill passed by the Legislature providing an appropriation of \$45,000 for the erection of an armory on the lot on Grant street that the county deeded to the State several years ago. Another bill which received executive approval was one dividing Chester township by creating the township of Moorestown.

In order to more fully recuperate from a recent attack of grippe, which left his system in a run down condition, Judge Harold P. Wells will leave next week for a trip to Bermuda. During his absence the Thursday sessions of Court on March 23rd and March 30th will be presided over by Hon. William Howard Jeffers, Judge of the Courts of Ocean County. There will be no Court on Thursday, April 6th.

Thomas Holmes, son of Mr. and Mrs. Edmund S. Holmes, on the Riverton road, is seriously ill in the Hahnemann hospital. His parents sailed for Europe about a month ago, and the son, who is about twenty-five, was taken ill after their departure. Mr. and Mrs. Holmes were located in Naples by cable two weeks ago, and started home immediately. They arrived in New York on Wednesday.

Plumber William H. Bishop has about completed his new showroom and workshop at Broad and Main streets, and the apartments on the second and third floors are about ready to be occupied by the family. The showroom has been attractively fitted out with samples of modern plumbing and heating units, and the bulk windows arranged with various fittings and graced with large ferns.

Too much publicity cannot be given to the fact that arrangements have been made by the head of the State police system with the telephone companies whereby communication may be promptly established with the nearest station of the constabulary in cases where the services of the police are needed. All that will be necessary, according to the announcement, is for the seeker after aid to call the nearest telephone station and ask for the State police.

The Riverton Yacht Club is planning a bigger, better, busier club for 1922. At the meeting Wednesday night a committee was appointed to prepare a budget to finance the various activities of the club for the coming year. It is planned to stimulate interest along all lines—yachting, swimming, shooting, etc. The commodore was authorized to appoint a committee to start the consideration of a larger, better and more fully equipped club house at some near future date, possibly to be erected on the shore instead of on the pier.

George L. Record, of Jersey City, has announced his candidacy for the Republican nomination for United States Senator against Senator Frelinghuysen at the Republican primaries in September. Now then, let everybody who favors the principles for which Runyon is known to stand, get busy. It is not too early.

Whether doing, suffering or forbearing, you may do miracles by persevering.—Burns.

## Tax Rates Determined

After including about \$561,000 to the total real estate valuations in the county, the County Tax Board last week completed a schedule of the rates for each taxing district. That amount has been found to be the valuation of property that had been affected by the recent decision of the Supreme Court, which set aside the act passed two years ago, exempting new dwellings from taxation for five years. After the decision had been handed down, assessors were instructed to add to the tax duplicates the valuations of new houses that had been exempted.

Of the \$561,000 added, Chester township was found to have \$208,000. That township now has the largest valuation of taxable property in the county, its share being about \$6,000,000. Burlington City, which heretofore held first place, now stands second.

The total net valuation of taxable property in the county is \$50,782,638. In 1921 it was \$47,203,306.

The county rate is \$1.08, which is about 16 cents higher than last year.

The State school, soldiers' bonus, bridges and tunnels and State road add about 41 cents, making a total of a tripe over \$1.48 per \$100 valuation.

By adding to that total the local municipal and district school tax, the following is given as the definite rate for each district in the county except Woodland township, which has as yet failed to vote school appropriations for 1922. For purposes of comparison the 1921 rates are also given.

	1921	1922
Bass River	\$4.42	\$3.70
Beverly City	3.51	5.19
Beverly Twp.	3.65	4.71
Bordentown City	3.44	4.18

## Card of Thanks

Mr. and Mrs. S. L. Warren desire to extend their sincere appreciation to their many friends for the sympathy expressed in their sorrow.

—Advertisement.

## Deaths

Caroline B. Combs died at the home of W. MacLean Jones, Main street, on Thursday, March 9. The funeral services were held at her late residence Saturday afternoon, and interment was made in Westminster Cemetery.

## Entertainment at Westfield School

An entertainment was recently given at the Westfield public school for the benefit of a new piano.

A program which consisted of piano and vocal selections and a reading of J. M. Barrie's one-act play, "The Twelve Pound Note," was enjoyed by a large number of interested friends. Refreshments were served and the remainder of the evening was spent in dancing.

A neat sum was realized, which swelled the fund for a new instrument considerably.

On Monday Officer Walter G. Miller received a telephone message from East Riverton that two men had been seen hiding satchels in the old Whorther factory property. He investigated and found that they had been placed there by the owners, Alfred Brooks and Alfred Brown, colored men, who gave their ages as seventeen years. He placed them under arrest. It was learned that they were planning to run away. One of the boys had drawn some money out of the bank for this trip, and his father took away from him. When Chief Geiss came home that evening he investigated the matter, and as there seemed to be nothing against the boys that would warrant holding them, he ordered their release. Better to pick up several that may not be held than to let one guilty one get away these days.

## The New Fire Truck

The new American-LaFrance fire apparatus, which arrived in Riverton last week has been given several try-outs this week and is fully living up to the claims made by the manufacturer.

On Friday a trial was made at the creek, pumping the water from the stream. Standing on the Riverton side, the stream from the hose was easily thrown across the creek, and over the oil tanks on the other side. On Saturday trials were made at several of the fire hydrants, with equally satisfactory results.

The representative of the company who has been here this week making the tests and instructing members of the fire company in the use and care of the machine, says the apparatus will easily throw a stream fifty feet higher than the flag pole.

## Boys Will Be Prosecuted

At a meeting of the Riverton Yacht Club, Wednesday night the House, Finance and Elections committee was authorized and instructed to proceed with the prosecution of the five boys who broke into the club house a short time ago, took out a canoe and paddles, broke and threw away clay pigeons, damaged the trap and committed other depredations. Chief of Police Geiss and Officer Quigley were at the meeting, and the Chief, after hearing of the mischief done, recommended that action be taken. The matter was placed in the hands of the above-named committee, to confer with Mr. Geiss and arrange the necessary steps to bring the offenders before the court.

The boys charged with the depredations are Jack Corry, Walter Moyler, Fred Campbell and two boys named Sloan and McCadden, whom he brought with him to Riverton that day.

On the second of January this year the club house was broken into and a great deal of damage done, and the place was left in a filthy condition.

(Continued on third page)

## ANNOUNCEMENT

I desire to announce that the office and showrooms at my new location, Broad and Main streets, Riverton, are completed, and open to the public.

You are cordially invited to call and see our showing of modern plumbing supplies and fixtures, and heating and cooking appliances. The show-room will be open evenings.

I take this occasion to thank those whose support and patronage have made this enlargement of my business possible, and to assure all customers, both old and new, of my continued effort to serve them to the best of my ability.

Respectfully,

WILLIAM H. BISHOP.

INTERESTING NEWS BITS  
in and around Palmyra

## Buy It at Home!

Mr. and Mrs. Harry Nichols spent last Sunday with his parents in Busleton, Pa.

Mr. and Mrs. J. Horace Finney spent Sunday last in South Hampton with relatives.

Mrs. W. R. Harman returned home on Tuesday after spending several days in Harman, Md.

Frederick Coles is attending the Sweeney Automobile Central Practice School at Kansas City, Missouri.

Mr. and Mrs. Larry Kandle, of Ocean City, were the guests of their niece, Mrs. M. J. Quinn, on Sunday.

Mr. and Mrs. Raymond Weber, of Florence, spent last weekend with her parents, Mr. and Mrs. Harry Kemmerle, Sr.

Miss Pauline Frizlen, niece of Mrs. W. P. McAllister, has recovered from a week's illness caused by a nervous breakdown.

J. Fred Bauer, of Parry, who is spending the winter at Miami Beach, Florida, is expected to return home about the first of April.

Howard Powell and sons, Arrowett and William, of Merchantville, were guests of his parents, Mr. and Mrs. W. B. Powell, on Sunday.

William Richard Snyder Pluck left Miami, Fla., on the 15th, and is expected home this weekend. He has spent a month in the Florida resort and his health has benefited greatly.

Mr. and Mrs. Clemens Lucas and Mr. and Mrs. John Lucas, of Mount Carmel, visited the latter's sister, Miss Sophia A. Wychulski, on Saturday. They were on their way to New York, where they expect to spend the week.

Pastor Williams will preach on the subject, "The Lion Tribe," next Sunday morning at the Central Baptist Church. In the evening the Rev. John G. Booker, of Philadelphia, will speak. Pastor Williams will start a two weeks' series of special meetings in Medford that evening.

The regular monthly dance of the Clover Club was held in P. O. S. of A. hall Wednesday evening. In the "lucky number" dance a prize of a ladies' French manicuring set, in a leather case, was presented to Miss Edna Wismer, while Palmer L. Adams, of Burlington, received a "Superie pencil."

The new secretary of the Chamber of Commerce has been sending letters to the members which have attracted much attention because of their happy phrases. Two of his recent slogans have been "Get together. Make the 'Pal' in Palmyra mean something," and "Palmyra, next to the third largest city in the United States."

John P. Saar, the veteran barber of West Broad street, who has been confined to his room since he was suddenly stricken on October 8 with a hemorrhage of the lower spine, which paralyzed his legs, is slowly improving and it is hoped by his many friends that he will be about again after a further period of convalescence. Mr. Saar is still unable to use his legs but he is recovering some control of them, which is regarded as a favorable sign. He has been in the barber business in Palmyra for fifty years.

Mr. and Mrs. Carlton B. Walls and son, Carlton, Jr., of Lancaster, Pa., Mrs. Mac Ruitan, of Belfont, Del., Miss Millie Ruitan and Harry Lodge, of Edgemore, Del., and Mr. and Mrs. Foster H. Fowler, of Philadelphia, were weekend visitors at the home of Mr. and Mrs. A. E. Fowler, of Lincoln avenue. The gathering was in honor of the homecoming of Mrs. M. F. Ruitan, daughter of Mr. and Mrs. A. E. Fowler, and her little daughter. She has spent the past nine months touring the west, having visited several points in California and places enroute. Her health is much improved.

## This Fellow Works Fast

George Gaunt, thirty-six, Mount Holly, was arrested Monday in Riverside, accused of robbing three homes in Beverly early Sunday evening while the occupants were in church. He robbed five places in two hours.

When arrested, police say, Gaunt had a suitcase containing jewelry, clothing and other articles worth \$650, and also a set of burglar tools and a revolver.

Gaunt's arrest was due to the alertness of Ledger Smith, motorman of the trolley car who also is a constable. The motorman's suspicions were aroused by the nervousness of his passenger. Gaunt repeatedly peered out of the window and would start when some one entered the car. He also kept unusual watch on the suitcase. Smith ordered the doors of the trolley car closed and then he asked Gaunt to show him the contents of the suitcase. When Gaunt refused, Smith told him he was a constable and that he was under arrest.

## High School Notes

The Princeton high school basketball team came to town Tuesday afternoon and whipped the locals by 32 to 29, but it was a hard fought game and the score was much closer than when Palmyra went to Princeton. Goal played his first game with the local "Varsity" subbing for Capt. Palphreyman, and made good with a bang. Clayton Weikman also starred, shooting four field goals. The weakness in Palmyra's foul goal shooting lost many easy points. Bud Matthews refereed. This Friday the boys end the season by playing at Haddon Heights.

Tuesday evening there was a dance in the auditorium in honor of the Princeton boys. Thanks are extended to the high school orchestra for the fine music which was rendered gratis.

Miss Dorothy Ryckman, secretary and treasurer of the Athletic Association, who has been seriously ill, is recovering.

Coach Brumbaugh plans to have the baseball candidates out Monday and will probably call the track aspirants Wednesday.

## Look at This!

Can you beat it? All for 50 cents! Fried Oysters, Chicken Salad, Relishes, Jellies, Scalloped Potatoes, Rolls and Butter, Coffee and Home-made Pie, served by Philathea class, in Baptist Church basement, Thursday, March 23, from 5.30 to 8 p.m.—Advertisement.

Such as are thy habitual thoughts, such also will be the character of thy mind.—Marcus Aurelius.

Boys Will Be Prosecuted  
(Continued from second page)

similar to the nuisance perpetrated at the Biddle property on Bank avenue Biddle property on Bank avenue some years ago. The parties responsible for the January affair are not known, but the club, after mature deliberation, decided to prosecute the boys who were caught in the last depredations, and make an example of them in an effort to break up the destruction and annoyances that have been going on for a long time. It is said that almost every time the gun club attempts to hold a shoot it is necessary to have the trap repaired, it having been damaged more or less since the last shoot.

Edward Faunce, watchman at the club, has been sworn in as special officer, and all persons not members of the club will be excluded from the pier.

## Arthur Dorrance

After an illness during the last two weeks of which his death was hourly expected, Arthur Dorrance passed away at his home on Park avenue, Riverton, last Sunday.

The funeral services were held Tuesday morning at his late residence, Rev. A. S. Lewis, officiating. Interment was made in St. James' cemetery, Bristol, Pa. The Campbell plan at Pomona closed half a day in respected memory of its founder.

Mr. Dorrance was 72 years old. He was born in Bristol, Pa., June 10, 1849. He came from French-Irish stock which settled in New England in 1723. His father, John Dorrance, was a famous railroad builder, who constructed the first railroad from Philadelphia to Trenton, and from Camden to Trenton.

Mr. Dorrance was educated in private schools, and with his brother John, Jr., went into the wholesale flour, coal and feed business at Bristol which was on the Lehigh Canal.

When the railroads which his father had built superseded the canal, the business was wound up, and Mr. Dorrance retired with a comfortable fortune. He took a trip around the world. When he returned to this country he settled in Merchantville, and became an enthusiastic member of the Riverton Gun Club. He was rated as one of the best shots in the country in his younger days.

When he found it was necessary to again become active in business to protect his interests, he plunged into the new work. He realized that science might be applied to the preparation of food just as it was to the building of ships or machinery. He was fortunate in having a nephew who had specialized in chemistry in European universities. He brought him into the organization.

Mr. Dorrance served as president from 1897 to 1912 when he became chairman of the board of directors, and his nephew, Dr. John T. Dorrance, succeeded him as president. In 1916 Mr. Dorrance retired from the company, his interest passing to Dr. Dorrance.

Mr. Dorrance was the youngest of four children and was the son of the late John and Mary Tamm Dorrance. He was educated at Bristol, Pa., and finished at Cambridge.

His first marriage was in 1875 to May Sutherland Kinsey, widow of Edward P. Kinsey, who passed away in Philadelphia in 1884. By his first marriage he had two daughters, Mamie T. and Ellen Therese, who is the wife of Frederick Stanley Groves, Jr., of Riverton. Mamie T. died in infancy in California.

He remarried in 1892, Charlotte A. Bourneville, who died May 10, 1918, leaving no children.

Mr. Dorrance resided in Merchantville until twelve years ago, when he built his handsome home in Riverton.

Mr. Dorrance was very active in church affairs. He was affiliated with the work in the Diocese of New Jersey and for a great many years was a vestryman in the Episcopal Church in Merchantville, and at the time of his death was a vestryman in St. James' Church at Bristol, Pa.

He was a life member in the New England Historic Genealogical Society, and a member of the Bristol Lodge No. 1, F. & A. M., since July 2, 1870. Mr. Dorrance was a life member of the United League since 1882. He was also a member of the old Riverton Gun Club for many years, and the Riverton Yacht Club.

He was a member of the Riverton Country Club in which he was particularly interested, and it was through his personal efforts, both financial and otherwise, that they were able to complete the present eighteen-hole golf course.

Mr. Dorrance was particularly interested in the Belgian relief work and for his generosity and interest he was presented with the King's Medal and Certificate of Gratitude by the Belgian government. He also received a miniature from H. R. H. the Duchess de Veudun.

For a long time he insisted upon his name not being used. He was one of the largest contributors, and at one time supported an entire village near Antwerp.

A few years ago he attended a reception to Cardinal Mercier at the headquarters of the Emergency Aid for Belgium. When Gaunt refused, Smith told him he was a constable and that he was under arrest.

## DIARIST PAINTS A PORTRAIT

Unconsciously Reveals His True Self While Setting Down Record of the Daily Events.

No man has ever yet succeeded in painting an honest portrait of himself in an autobiography, however sedulously he may have set to work about it. In spite of his candid purpose he omits necessary touches and adds superfluous ones. At times he cannot help draping his thought, and the least shred of drapery becomes a disguise. It is only the diarist who accomplishes the feat of self-portraiture, and he without any such end in view; does it unconsciously. A man cannot keep a daily record of his comings and goings and the little items that make up the sum of his life, and not inadvertently betray himself at every turn. He lays bare his heart with a candor not possible to the self-consciousness that inevitably colors premeditated revelation.

While Pepps was filling those small octavo pages with his perplexing cipher he never once suspected that he was adding a photographic portrait of himself to the world's gallery. We are more intimately acquainted with Mr. Samuel Pepps, the inner man—his little meannesses and his large generosity—than we are with half the persons we call our dear friends.—"Ponkapog Papers," Thomas Bailey Aldrich.

## Big Jump in Tax Rate

Palmyra's tax rate for 1922, which is \$4.75, is probably the leading topic of conversation of the week. This is an increase of \$1.23 over last year, or more than a third.

It had been estimated by members of the township committee that the boys who were caught in the last depredations, and make an example of them in an effort to break up the destruction and annoyances that have been going on for a long time. It is said that almost every time the gun club attempts to hold a shoot it is necessary to have the trap repaired, it having been damaged more or less since the last shoot.

Edward Faunce, watchman at the club, has been sworn in as special officer, and all persons not members of the club will be excluded from the pier.

After an illness during the last two weeks of which his death was hourly expected, Arthur Dorrance passed away at his home on Park avenue, Riverton, last Sunday.

The funeral services were held Tuesday morning at his late residence, Rev. A. S. Lewis, officiating. Interment was made in St. James' cemetery, Bristol, Pa. The Campbell plan at Pomona closed half a day in respected memory of its founder.

Mr. Dorrance was 72 years old. He was born in Bristol, Pa., June 10, 1849. He came from French-Irish stock which settled in New England in 1723. His father, John Dorrance, was a famous railroad builder, who constructed the first railroad from Philadelphia to Trenton, and from Camden to Trenton.

Mr. Dorrance was educated in private schools, and with his brother John, Jr., went into the wholesale flour, coal and feed business at Bristol which was on the Lehigh Canal.

When the railroads which his father had built superseded the canal, the business was wound up, and Mr. Dorrance retired with a comfortable fortune. He took a trip around the world. When he returned to this country he settled in Merchantville, and became an enthusiastic member of the Riverton Gun Club. He was rated as one of the best shots in the country in his younger days.

When he found it was necessary to again become active in business to protect his interests, he plunged into the new work. He realized that science might be applied to the preparation of food just as it was to the building of ships or machinery. He was fortunate in having a nephew who had specialized in chemistry in European universities. He brought him into the organization.

Mr. Dorrance served as president from 1897 to 1912 when he became chairman of the board of directors, and his nephew, Dr. John T. Dorrance, succeeded him as president. In 1916 Mr. Dorrance retired from the company, his interest passing to Dr. Dorrance.

Mr. Dorrance was the youngest of four children and was the son of the late John and Mary Tamm Dorrance. He was educated at Bristol, Pa., and finished at Cambridge.

His first marriage was in 1875 to May Sutherland Kinsey, widow of Edward P. Kinsey, who passed away in Philadelphia in 1884. By his first marriage he had two daughters, Mamie T. and Ellen Therese, who is the wife of Frederick Stanley Groves, Jr., of Riverton. Mamie T. died in infancy in California.

He remarried in 1892, Charlotte A. Bourneville, who died May 10, 1918, leaving no children.

Mr. Dorrance resided in Merchantville until twelve years ago, when he built his handsome home in Riverton.

Mr. Dorrance was very active in church affairs. He was affiliated with the work in the Diocese of New Jersey and for a great many years was a vestryman in the Episcopal Church in Merchantville, and at the time of his death was a vestryman in St. James' Church at Bristol, Pa.

He was a life member in the New England Historic Genealogical Society, and a member of the Bristol Lodge No. 1, F. & A. M., since July 2, 1870. Mr. Dorrance was a life member of the United League since 1882. He was also a member of the old Riverton Gun Club for many years, and the Riverton Yacht Club.

He was a member of the Riverton Country Club in which he was particularly interested, and it was through his personal efforts, both financial and otherwise, that they were able to complete the present eighteen-hole golf course.

Mr. Dorrance was particularly interested in the Belgian relief work and for his generosity and interest he was presented with the King's Medal and Certificate of Gratitude by the Belgian government. He also received a miniature from H. R. H. the Duchess de Veudun.

For a long time he insisted upon his name not being used. He was one of the largest contributors, and at one time supported an entire village near Antwerp.

A few years ago he attended a reception to Cardinal Mercier at the headquarters of the Emergency Aid for Belgium. When Gaunt refused, Smith told him he was a constable and that he was under arrest.

## DIARIST PAINTS A PORTRAIT

Unconsciously Reveals His True Self While Setting Down Record of the Daily Events.

No man has ever yet succeeded in painting an honest portrait of himself in an autobiography, however sedulously he may have set to work about it. In spite of his candid purpose he omits necessary touches and adds superfluous ones. At times he cannot help draping his thought, and the least shred of drapery becomes a disguise. It is only the diarist who accomplishes the feat of self-portraiture, and he without any such end in view; does it unconsciously. A man cannot keep a daily record of his comings and goings and the little items that make up the sum of his life, and not inadvertently betray himself at every turn. He lays bare his heart with a candor not possible to the self-consciousness that inevitably colors premeditated revelation.

While Pepps was filling those small octavo pages with his perplexing cipher he never once suspected that he was adding a photographic portrait of himself to the world's gallery. We are more intimately acquainted with Mr. Samuel Pepps, the inner man—his little meannesses and his large generosity—than we are with half the persons we call our dear friends.—"Ponkapog Papers," Thomas Bailey Aldrich.

Such as are thy habitual thoughts, such also will be the character of thy mind.—Marcus Aurelius.

## Big Jump in Tax Rate

Palmyra's tax rate for 1922, which is \$4.75, is probably the leading topic of conversation of the week. This is an increase of \$1.23 over last year, or more than a third.

It had been estimated by members of the township committee that the boys who were caught in the last depredations, and make an example of them in an effort to break up the destruction and annoyances that have been going on for a long time. It is said that almost every time the gun club attempts to hold a shoot it is necessary to have the trap repaired, it having been damaged more or less since the last shoot.

Edward Faunce, watchman at the club, has been sworn in as special officer, and all persons not members of the club will be excluded from the pier.

After an illness during the last two weeks of which his death was hourly expected, Arthur Dorrance passed away at his home on Park avenue, Riverton, last Sunday.

## Artisans' Bowling

The regular weekly league matches of Palmyra Assembly No. 65, A. O. M. P. were rolled on the Riverside alleys last Monday night.

The match between the Outlaws and the Bootleggers had an important bearing on the chances of the Bootleggers to capture the flag, but, sad to relate, the Outlaws by truly consistent effort, took all three games. Every one of the Outlaws deserve credit in this well earned victory. We have to say "well done" even if we do hate to see them draw so far away from the other teams in the race. Perce Cramer was the shining light of the Outlaw aggregation, as this "30-handicapper" rolled the fine average of 170. Emory Bowers was a close second, with an average of 169. The lowest individual average of the Outlaws was 150, indicating how well they were going in this crucial test, and they are to be congratulated on their two 800 games. Rudy Fehrlie was high for the Bootleggers, with an average of 174.

Score of the match:

OUTLAWS

Bowers	184	151	172
Cramer	150	160	201
Landers	126	173	151
Simons	144	187	127
Craig	147	169	162
Totals	751	840	813

BOOTLEGGERS

Hughes	139	151	130
Letford	105	120	124
McMahon	114	122	135
Wright	138	167	129
Fehrlie	172	167	184
Totals	697	669	697

In the other match of the evening the Buccaneers took all three games from the Pirates, and moved into third place, only 5 points behind the Bootleggers. Gibbon and Knowlton were high bowlers for the Buccaneers each having an average of 159. J. Horace continued his wild pace with an average of 151—going some for him. White was high scorer for the Pirates averaging 142.

Score of the match:

BUCCANEERS

Knowlton	119	168	190
Jones	119	149	133
Hoare	86	148	73
Funney	138	139	155
Gibbon	139	190	148
Totals	621	794	699

PIRATES

Alloway	133	149	103
Hamelman	106	125	116
White	88	144	145
Becker	135	154	137
White	118	117	140
Totals	580	679	641

Perce Cramer, by virtue of his average of 170 (his handicap of 30) gave him a 200 average for the night. He moved into a tie for first place with Artie Wright, in the individual averages, as the latter dropped two pins because he couldn't seem to keep his hand off the lady present. Perce says he is going to see that a couple of the fair sex are present every time Artie rolls. Rudy Fehrlie still retains third place.

Standing of the teams:

Outlaws	Won	Lost	P.C.
Bootleggers	11	10	524
Buccaneers	14	13	519
Bandits	10	11	476
Demons	9	15	375
Pirates	9	18	333

Schedule for Monday, March 20th: Demons vs Bootleggers; Bandits vs Outlaws.

Demons—Babenzien, Hamelmann, Zimmerman, Morris, Vile.

Bootleggers—Hughes, McMahon, Letford, Wright, Fehrlie.

Bandits—Nichols, McCoy, Janders, Williams, DeCou.

Outlaws—Bowers, Cramer, Landers, Simons, Craig.

The death occurred on Wednesday of Mrs. Isabelle L. Aiken at the residence of her daughter, Mrs. John P. Easley, 409 Morgan avenue, at the age of seventy-nine. Funeral services were held at her late residence Friday morning (the 17th) at eleven o'clock. Interment was made in Morgan cemetery. Besides Mrs. Easley, the deceased is survived by one son, Thomas G. Aiken, of Philadelphia.

Henry M. Thompson, aged fifty-eight years, passed away at the residence of his sister, Mrs. Mary Fisher, 110 Laney avenue, Palmyra, on Friday, March 10th. Funeral services were held at Mrs. Fisher's residence Wednesday afternoon at two o'clock. Rev. D. A. Parce officiating. Interment was made in Morgan cemetery. The deceased is the son of the late Samuel Thompson.

Any boy born in the United States may  
some day be president of the Republic.

Any town large enough to have a postoffice may  
some day become a metropolis with subways and sky-  
scrapers.

To keep pace with the growth, fast or slow, of  
every community they serve is the ambition of the  
men and women in the Bell Telephone organization.  
To give good service today and to anticipate the needs  
of that service tomorrow is a responsibility we all feel.

The Bell Telephone System is not a garment to be  
outgrown and then discarded. It is a living thing that  
grows and develops as conditions require.

Each community's telephone service is a unit in  
itself but it is also a part of a nation-wide system.

Every new improvement though it be developed  
three thousand miles away is available to every Bell  
office where it may be used in giving a better and more  
economical service.

Teacher of English Bible in the Moody  
Bible Institute of Chicago.)  
Copyright, 1922, Western Newspaper Union

LESSON FOR MARCH 26

REVIEW

GOLDEN TEXT—The Lord is righteous  
in all His ways, and holy in all His  
works.—Psalm 146:17.  
DEVOTIONAL READING—Psalm 130.  
PRIMARY TOPIC—Favorite Stories of  
the Quarter.  
JUNIOR TOPIC—Israel's Heroic Proph-  
ets.

INTERMEDIATE AND SENIOR TOPIC  
—Estimate of Elijah, Elisha, Jonah and  
Amos.  
YOUNG PEOPLE AND ADULT TOPIC  
—Social Teachings of the Quarter's Les-  
sons.

The method of review will largely  
be determined by the taste of the  
teachers and the grade in the school  
concerned. To the writer's taste, two  
good methods are available: the bi-  
ographical and the summary. In using  
the biographical, the lives of four  
great prophets, Elijah, Elisha, Jonah  
and Amos may be considered. These  
four men are connected with nearly  
all the lessons of the quarter. This  
method can be used to good advantage  
in nearly all the grades of the school.  
In the summary method the principal  
fact of each lesson with its leading  
lesson should be set forth. This  
method can be used to good advantage  
in the adult departments. The follow-  
ing is a suggested summary:

Lesson I. Rehoboam refused to  
grant the request of the people for  
the lightening of the burdens of taxa-  
tion. Because of this ten tribes under  
the leadership of Jeroboam revolted and  
formed another kingdom. The most  
effective cure for social and political  
unrest is justice by the rulers to those  
ruled.

Lesson II. Elijah, after announcing  
to Ahab the withholding of rain for  
a term of years, died and was fed by  
the ravens and by the widow at  
Zarephath. God adapts himself to the  
circumstances of His servants, and  
sometimes in the most unlikely ways  
provides for His own.

Lesson III. At the request of Elijah,  
Ahab called the people together to wit-  
ness a supreme challenge of Baal  
worship. Faith in God will stand the  
most severe test. The fire of God is the  
unfailing sign which differentiates  
true from false religion.

Lesson IV. Elijah, though brave be-  
fore the 450 prophets of Baal, fled for  
his life from Jezrebel. God dealt most  
gently with his discouraged servant.  
We should learn from this that fre-

quently we fail in our strongest point.  
Lesson V. Naboth refused to sell his  
vineyard to Ahab, whereupon through  
Jezebel's plot he was murdered, and  
Ahab took possession. Nations and  
kings should respect the rights of in-  
dividuals.

Lesson VI. When Elijah's work was  
finished, God took him to heaven by  
a whirlwind. Elijah had once requested  
death, but God had a better way for  
him to go to heaven than by way of  
death.

Lesson VII. The Shunammite  
woman, seeing Elisha passing by on  
errands for God, was moved to pro-  
vide a comfortable lodging for him,  
whereupon Elisha sought to recom-  
pense her by promising that God would  
give her a child. Not infrequently has  
the prophet's chamber brought bless-  
ing to the home.

Lesson VIII. At the command of  
Elisha, Naaman dipped himself seven  
times in the Jordan and was healed  
of leprosy. In order to be healed of  
the leprosy of sin, human pride and  
vanity must be put away and obedience  
rendered to God.

Lesson IX. The king of Assyria sent  
a great army to apprehend Elisha be-  
cause he had repeatedly informed the  
king of Israel concerning the move-  
ments of the Assyrian army. When  
the Lord opened the eyes of Elisha's  
servant, he beheld the mountains filled  
with horses and chariots of fire. "The  
angel of the Lord encampeth round  
about them that fear him, and de-  
liverech them." "Lord, open our eyes!"

Lesson X. At the preaching of  
Jonah, the wicked city of Nineveh re-  
pent and God showed mercy. God's  
mercy and forgiveness should move  
us to preach the gospel to the heathen.

Lesson XI. The children of Israel  
prided themselves in their security  
and gave themselves to luxury and  
sensual indulgences. God sent Amos  
to warn them of the judgment which  
must follow. The Lord will bring the  
ungodly to judgment for their ungodly  
living.

Lesson XII. In due time the prophecy

of Amos came true. The Assyrians  
came and carried the children of  
Israel into captivity, from which they  
never returned. Rejection of God and  
the despising of His worship will be  
followed with judgment and destruc-  
tion.

ARCHBISHOP HAYES EN-  
DORSES NEAR EAST RELIEF

His Grace,  
Archbishop Hayes, recently  
sent the follow-  
ing letter to Near  
East Relief:  
"I enclose check  
for five thousand  
(\$5,000) from the  
Catholic Char-  
ities of the Arch-  
diocese of New  
York for the ap-  
pealing Christian  
work of your  
committee.  
"I am shocked  
to learn how terrifying are the present  
conditions in the Near East, especially  
in Armenia. A stop must be put by  
the Christian world to this reign of  
massacre, famine, disease and horrors  
of every description. All must help.  
"I commend most earnestly the ap-  
peal of the Near East Relief to the  
charitably thinking and mercifully dis-  
posed people of New York and in par-  
ticular to the Catholic portion of the  
community.  
"Very sincerely yours,  
(Signed) "PATRICK J. HAYES,"  
National headquarters of the Near  
East Relief are located at 151 Fifth  
Avenue, New York.

A Different Gamble.

Few people seem to be bothering  
themselves over whether there is or  
is not a future life. The reason prob-  
ably is that there's no chance to cash  
in on bets that might be made on it.

## The Head of the Family

## THE NEW ERA

Published every Friday at  
RIVERTON, N. J.WALTER L. BOWEN  
Editor

The New Era is devoted to the business and home interests of Riverton and Palmyra, independent of political parties and the people's paper.

Subscription \$1.50 a year  
in advance

Advertising rates on application

The New Era Office is equipped to do all kinds of Fine Printing at reasonable prices

## LEGAL ADVERTISEMENTS

The New Era is a Legal News paper. Commissioners, Sheriff's and other Sales, Administrators' and Executors' Notices, as well as all other Legal Advertisements are solicited. The New Era will appreciate being remembered in this connection.

## Notice

All readers or local notices of entertainments, suppers, fairs, dances, etc., given for the purpose of raising money, or for which admission is charged, will be charged for at the rate of fifteen cents a line.

Knowledge is like the vaulter's pole—it enables a man to rise a great deal higher than he possibly could without its aid. Learn the why and how of everything you can, but learn from facts. A man whose knowledge is based on guesses and rumors is like a vaulter vaulting with a cracked pole. He may get a fatal fall.

—Frank K. Foss.

## The Apple Cure

To regulate the human gizzard and all man's frame from A to Z is the good red apple is a wizard. When Mother Eve picked her lunch, I'll say she had the proper lunch. The one she ate she found a seed in, and having sneaked it out of Eden, she planted it and so I wist became the first pomologist, and put one over on her partner who thought himself the only gardener. To eat each day a juicy pome will keep the doctor from your home. So shed your nightshirt, rise betimes, and pick yourself a Golden Grimes. No more overwork his brain and all its fine ball-bearings strain, determining a diagnosis before he tells me what the dose is. Instead of pills of varied size I'm eating Winesaps, Yorks and Spies. And you I hope will follow suit and fill yourself with wholesome fruit.

—BOB ADAMS.

## Killed by Automobile

Justin Fenimore, draughtsman of the covered bridge over the Rancocas creek at Bridgeboro, who stepped in front of an auto owned and driven by Edgar Jordan, of Willingboro township, on Friday, was so badly injured internally that he died soon thereafter at the Zurburg hospital, Riverside.

Witnesses said the accident was unavoidable, as Fenimore, carrying a pan of ashes, came out of his little house directly in front of the approaching car, so that the driver could not avoid striking him.

The dead man was 70 years of age, and had been draughtsman for a long time. He was unmarried.

How much does a bottle of ink hold? We don't know, either, but it is a safe bet that the six ounces of writing fluid we are selling for 50c is the biggest value you ever saw. It will not fade, but may be readily washed out of fabrics. At The New Era Office.

## New Fire Truck Exceeds Specifications

The test of Riverton's new American La France fire truck, by the rating office of the National Board of Underwriters, was made on Thursday of last week, under the direction of their representative, R. M. Cadman, and proved satisfactory in every respect. The capacity test was made at the Pensauken creek, where it crosses the Burlington pike. The requirements of this test were that the pump should deliver 750 gallons per minute at 120 pounds pressure, for a period of two hours. This was done easily, and the pump could have delivered much more.

Two pressure tests were required, and these were made at the fire hydrant at Main and Harrison streets. The first test was for 375 gallons per minute at 200 pounds pressure for a period of one-half hour. The performance was 418 gallons. The other pressure test was for 250 gallons at 250 pounds pressure. The performance was 335 gallons.

All of these trials were witnessed by Fire Chief Peter Carter, of Camden, who was here with several members from his fire department, who watched the work of the Riverton machine with great interest.

H. H. Wilker, of the American La France Company, spent last week here instructing members of the Riverton fire company in the use and care of the machine. Those whom he reported as being fully qualified are William Evans, John Carhart and Clarence Mattis. Mr. Wilker pointed out to the boys that they were being placed in charge of a powerful machine, both to pumping capacity and the speed of the truck itself, and that due care and discretion would be necessary in its use.

The new apparatus will add immeasurably to the fire protection in Riverton as to enable the fire company to throw two or three effective streams on any building within our fire zone, in the central parts of which water is supplied by eight-inch mains, which will give ample volume for the full capacity of the pump. In the outer circle, so to speak, the mains are four inches, but this is quite sufficient for the smaller buildings in those sections.

## A Year Ago—

One of the first things the Masonic Association of Riverton and Palmyra did when it acquired title to its lot at Broad and Maple avenue, Palmyra, was to order down the large sign board which had been an eyesore for some time.

Louis J. Corner, aged 78 years, and for over sixty years a resident of Riverton, died Saturday, March 19.

George Wimer says you can buy a lot on Lippincott avenue for \$500. Ask him about it.

Joseph H. Smith has been appointed Registrar of Vital Statistics for the Borough of Riverton.

Mr. and Mrs. E. E. Compton spent the weekend in Washington with their son Walter and family.

John G. Buchner, of Buchner &amp; Neill, has bought the gas office at Broad and Main streets.

Crocheted shopping bags in an assortment of four attractive colors, 25c at Coddington's.—Advertisement.

Miss Grace Bennett returned from Miami, Fla., Wednesday. The Mayor and Mrs. Bennett are expected Saturday.

John Stroblein, of Jamaica, Long Island, spent last weekend with his parents, Mr. and Mrs. George A. Stroblein.

The fifth grade was presented with a Victrola record for having the largest percentage of mothers present at this meeting.

The five boys charged with breaking and entering the Yacht Club will be given a hearing before Squier William L. Fichter Friday night, the 24th.

Mr. and Mrs. Winthrop Coffin, who have been visiting her parents, Mr. and Mrs. M. Sontheimer, left this week for their home in Yakima, Wash.

Mr. and Mrs. E. S. Holmes arrived home from abroad last Sunday, and hastened to the Hahnemann hospital where their son, Thomas, is very ill. The young man is slightly improved.

Nicola Juliano, one of the three men who held up a truck on the Burlington pike on March 7, has been indicted by the grand jury and will go before the county court for trial in the April term.

George W. Shaner &amp; Sons have the contract for and have started work on converting into an apartment house the John B. Showell property on Bank avenue recently purchased by Mrs. Lucy E. Dickson and Mrs. Pearl A. Lambirth.

To the sum of \$1726.21 reported from Riverton in the Near East drive, has been added \$15.00. In addition to this, since the first of July last, \$1683.84 has been contributed by churches and individuals, bringing Riverton's total up to \$3425.05.

On Sunday evening, April 2, the quartette consisting of Miss Ethel Morton, Miss Cecelia Becker, Alfred Van Osten, and Otto Becker will render the cantata "Penitence, Patience and Peace," by J. H. Maunders, at the Calvary Presbyterian Church.

Alleging that some of the owners of land that had been taken over when Camp Dix was established had been awarded too high a price therefor, the government has appealed those cases, and they will be heard in the United States Court at Trenton in April.

Catherine Taite, who was suffering from influenza, was taken from the home of Mrs. John Parry on Main street, to the Philadelphia General Hospital last week, by the Palmyra ambulance, driven by Messrs. McCoy and Hahn. The district nurse attended the patient.

The ten-mile national swimming race for men will be held at Riverton on July 15. Several other big events are also scheduled, according to reports from Mr. Durbin, chairman of the swimming committee of the R. Y. C., who has been instrumental in having these races come to Riverton.

Judge Harold B. Wells, accompanied by Ernest Watts, of Burlington, and Col. T. D. Landon, of Bordentown, sailed from New York, on Saturday, on the United Fruit Line steamship, Tolva, on a cruise of southern waters. They will visit Havana, Kingston, and other places of interest.

The New Jersey Legislature adjourned Friday evening, after having passed several bills over Governor Edwards' veto. Joseph L. Thomas was re-appointed member of the County Board of Taxation, and the bill reconstructing the bridge commission was approved, continuing Thomas J. Barlow a member of the commission.

A call has been received from the Atlantic Division of the American Red Cross for wash cloths, for the ex-service men who are in hospitals. The cloths can be made of dexter cotton cloth, hand towels, or table linen, but must be twelve inches square. Riverton has promised two hundred and fifty. They may be sent to Mrs. Daisy Reed, 716 Main street, Riverton.

The monthly meeting of the Riverton Parent-Teacher Association was held in the public school auditorium on Thursday afternoon, March 16th. Mrs. Robert A. Irving, of Haddonfield, spoke on "Woman's Responsibility," and Miss Emily R. Kneubuhl spoke on the coming Pan-American Conference at Baltimore (a conference of women to promote international friendliness) and of a ten-question contest, the winner to be presented with a round trip ticket to Baltimore.

Riverton will have a musical treat on April 4, when Mrs. Rose Huff Morgan, of Columbia University, will give a lecture recital, entitled "Songs That Live." The Parent-Teacher Association has been very fortunate in being able to secure this engagement, and those who have heard Mrs. Morgan before say they would not miss this opportunity. The entertainment will be given in the school auditorium at eight o'clock. Secure your tickets early, for at 50 cents they will not last long.—Advertisement.

Governor Edwards last week signed a bill which changes the season for hunting deer. The new act makes the open season the last two Wednesdays in December and the last two Wednesdays in January. For the past few years the open days were consecutive, the result being that gunning parties camped in the woods continuously, occupying about all the good hunting ground, which they monopolized. There also was more inclination to violate the law relative to killing deer and young bucks. The new act is intended to break up these practices.

Tacony-Palmyra Ferry Company  
Elects Officers

The annual meeting of the stockholders of the Tacony-Palmyra Ferry Company was held in Collins Hall, Riverton, March 20, 1922. Charles L. Asam was unanimously chosen chairman. He and a number of the officials of the company spoke of the progress and excellent prospect the company has to become the most lucrative enterprise in our section of the State. Letters were read from Senator Emmor Roberts and Assemblyman Clifford Powell, stating that Senate Bill 47 had been passed over the Governor's veto, making Cinnaminson avenue, Palmyra, from the ferry terminal to the Burlington pike, part of the New Jersey State highway.

The entire Board of Directors were re-elected for the ensuing year, with the exception of George T. Sale and John D. McMullin. The report of the tellers showing over 2000 votes cast for re-nominees was accepted by the chair.

Chas. A. Wright, chairman of the executive committee, reported that excellent progress was being made, and that contracts had been let for the mechanism for operating the bridges, also paving the Cinnaminson avenue fill, foot ways, building fences, and finishing all work necessary to operate the ferry, and that the Company was now negotiating for a screw driven boat with a double deck that will carry four lines of vehicles abreast. This boat has since been purchased at a cost of \$51,250.00, and will be named Tacony, her sister boat being named Palmyra.

The "Tacony" is particularly adapted for the Ferry Company expects its vehicular travel to be in a larger ratio to the pedestrian than either Market or Chestnut street ferries.

In adjournment there was a re-declaration and given to Senator Roberts, Assemblyman Powell, Col. A. S. L. Doughty of the New Jersey State Highway Commission, and Messrs. Rogers and Lippincott, and County Engineer Willis of the Burlington County Board of Freeholders, and many others. Charles L. Asam, the genial toastmaster, inspired the speakers in their remarks to refer to many pleasing reminiscences and incidents pertaining to transportation and other matters, which were both amusing and instructive, the remarks of Andrew Peoples being particularly enjoyed. John H. Sinex spoke in a happy vein of the excellent record that Senator Roberts and Assemblyman Powell had made in this session of the Legislature, and how much indebted the citizens of this section of the State were to the officials of the State and county for this distinction of having Cinnaminson avenue made part of the New Jersey State highway system, and it will be the aim of the Ferry Company to give the public such excellent service as to amply justify the State of New Jersey in its liberal outlay in encouraging interstate transportation.

Mrs. G. W. Crawford has returned from Atlantic City.

Mrs. J. W. Sylvester is entertaining her mother, Mrs. Reeves.

Mr. and Mrs. Walburn have returned from Atlantic City.

Rev. J. H. Budd and family, of New Albany, have moved to Riverside.

John Smith and family have moved into their new home at Seventh and Lippincott.

Mrs. C. P. Padmore is spending some time in New York with her son, Edward Padmore.

J. C. DeLaCour and family have returned home after spending the winter in Philadelphia.

M. J. Flynn, of Wayne, was the guest of Mr. and Mrs. William O'Donnell last weekend.

Mr. and Mrs. Elmer Rover and family, of Angora Terrace, were the guests on Sunday last of Mr. and Mrs. E. Ozden Steidle.

Clinton B. Woolston has the agency for the Durant car. Ask for a demonstration of the four-cylinder car. No obligation.

Herman Denninger, Allen Moore and Edward Jones have returned from a tour through the West. They visited Indianapolis, Detroit and Buffalo.

Miss Josephine Westcott was tendered a miscellaneous shower by a number of her friends last Thursday evening at the home of Mrs. Samuel R. Jones, Jr.

They named it the "Garden State," but on the side New Jersey manages to produce annually \$25,000,000 worth of dairy products, \$17,000,000 worth of corn, \$14,000,000 worth of hay and \$19,000,000 worth of potatoes.

The sauer kraut supper given by Friendship Lodge No. 11, Shepherd of Bethlehem, in Collins Hall on Saturday evening, March 11th, was a great success, and the members of the lodge wish to thank the public for their patronage.

Owing to the press of advertising on the inside pages of our paper, it will be found necessary from now on to run a part of the local news on page four. If readers would kindly bear this in mind they will not miss reading many of the things they would like to know about.

White cards of various sizes, for making place cards, tally cards, etc., by the sealing wax process are on sale at The New Era Office.

Cameron Beck Coming to Mount Holly

Fellows in the various high schools of the county have been hearing from Secretary Hendry, of the County YMCA committee, during the last week, about the privilege it will be for delegates to the Tenth Annual County Older Boys' Conference to hear Cameron Beck, personnel director of the New York State Exchange, who will speak at the opening dinner in Mount Holly Friday evening, March 31.

CLARK W. CLEMMER

\*Clark W. Clemmer, appointed March 8 to succeed Frank B. Cross as county agricultural agent of Burlington county, comes to the work peculiarly well fitted to deal with the special problems of this county, as both in college training and in actual farm experience he has specialized along horticultural and dairy lines. He is enthusiastic about the agricultural possibilities of Burlington Co. He has already taken up the reins in the Farm Demonstration office at Mount Holly and is ready and eager for the farmers of his county to come in and get acquainted.

## INTERESTING NEWS BITS

## In and around Palmyra

## Buy It at Home!

William H. Cook spent Tuesday in Lavallette.

William Rawlings is building two new houses on Henry street.

James H. Hires has been on a two week business trip through the middle west.

The Stith and Chatter met at the home of Mrs. M. J. Quinn yesterday (Thursday) afternoon.

Miss Madge King, of Horace avenue, on Tuesday evening entertained "The Never Outs" sewing circle.

Washington Camp No. 23, P. O. S. of A., will observe past president's night Monday evening, March 27.

The Rev. Harry Saul, of Gettysburg College, will preach at the First Lutheran Church Sunday evening.

Mr. and Mrs. Harry Nichols entertained his parents, Mr. and Mrs. Henry Nichols, of Burlington, on Sunday last.

Dr. Clement Vollmer, of the University of Pennsylvania, was the guest of his sister, Mrs. Elvin Powell, on Tuesday.

Marcus Shoriz is again the winner of a one hundred dollar prize in the Limerick contest being conducted by the Evening Ledger.

The members of the Philathea and Baraca classes of the Baptist Church will hold a social on Saturday evening, April 1st, in the church.

Carolyn Jermom-McCarthy was the contralto soloist at the Holy City given by the Boulevard Presbyterian Church, of Olney, Tuesday evening.

Miss Mabel Krause, of 600 Lincoln avenue, was the weekend guest of Mrs. Joseph Hagedorn, at the "Touraine," 16th and Spruce streets, Philadelphia.

Mr. and Mrs. George L. Anderson, of 724 Cinnaminson avenue, are receiving congratulations on the birth of a baby girl, Ellen Stott Anderson, on March 17th.

Mr. and Mrs. Bert Ward have returned to their home after being in West Philadelphia a month while Mrs. Ward's folks were touring the West as far as California.

The Palmyra National Bank last night was awarded \$180,000 Palmyra school bonds, for which the Bank paid a bonus of \$2,100. By the time of maturity of the bonds this will mean \$5,000 saving to the township.

The Goodfellowship class held its regular monthly meeting Wednesday evening, March 15, at the home of Leonard Baker. After all business was completed the class was entertained by some splendid music. Then they were all treated to a first class "set out."

Mrs. L. R. Grau, announces the marriage of her daughter, Esther, to Rev. to Elmer E. Brown, of Philadelphia, which took place on Saturday evening, March 11th. The ceremony was performed by the Rev. Reimer, of the Moravian Church, Palmyra. They will reside in Philadelphia.

The Field Club held its monthly social and business meeting last Friday night. A record-sized crowd was present and all had a fine time, especially enjoying the lunch prepared by "Pop" Mathews and the entertainment committee. Favorable reports were received from all the committees.

Mr. and Mrs. Stewart L. W. Field, of Elm avenue, announce that the marriage of their daughter, Helen Elizabeth, to Mr. Harold E. Davis, of Cal Valley, Pa., will take place on Saturday afternoon, April 15th, at four o'clock, in the Calvinist Church, Riverton. No formal invitations are being issued.

The regular monthly business meeting of the Philathea class will be held at the home of Mrs. T. L. Morris, 730 Garfield avenue, on Thursday afternoon, March 30th, at 2:30. The hostesses of the afternoon will be Mrs. Thomas Moore, Mrs. Arthur Bowker, Mrs. A. W. King, Mrs. Alex. Murphy, Mrs. Glen Snyder and Mrs. A. P. Lore.

## Big Practice Game Saturday

Harry Nichols, manager of the Field Club baseball team, wishes the candidates for this year's Field Club team to be on hand at the ball park this Saturday afternoon for a big workout.

A committee appointed by the Central League has seen representatives of the Florence, Roebing and Beverly clubs, and two (Beverly and Florence) have agreed to join the league. Other members already signed up are Palmyra, Delanco and Medford. It is hoped to have an eight-club league, and two other good teams are in view.

## Burglar Sentenced to Ten Years

After he had pleaded guilty to eight charges of robbery, carrying concealed weapons and burglar tools, and desertion of his wife and four small children, George Gauntt was sentenced to from ten to twenty-one years in State prison by Judge Wells at the weekly session of the county courts on Thursday.

When asked by the court if he had anything to say before sentence was imposed, Gauntt said: "I am guilty and I deserve punishment."

This is the man who was arrested by Officer-Motorman Smith on a trolley car last week.

## Explains School Taxes

In explaining the increase in Palmyra's school tax rate, James T. Weart, president of the school board, this week said the increase could not be avoided, that Palmyra has the children and they must be educated.

Last fall, Mr. Weart said, there were 220 new pupils, 170 of them in the primary grades, to be taken care of, and with such an increase it was small wonder that school expenses soared.

Of the amount to be raised by taxes this year, \$11,000 must be applied to interest on the bonds for the new high school building. Nothing is to be paid on the principal this year, but next year a payment of \$7,200 is to be made on the principal in addition to the interest.

This \$7,200 is not expected to add materially to the tax rate, however, said Mr. Weart, inasmuch as it will only take the place of a \$7,000 deficit that had to be accounted for this year. It is believed that the appropriation was made large enough this year to prevent any such deficit showing at the end of the fiscal period.

## Bargain Days

The business men of Palmyra belonging to the Chamber of Commerce have instituted what is known as "Opportunity Sale Days" on Friday and Saturday of each week, at which time they will offer the wares in their respective lines at cost or less.

The wholesale dealers have become interested in this plan and in some cases are arranging to virtually give away certain articles on the Opportunity Sale Days in order to introduce them to the Palmyra public. Of course, the merchant can not do it all, and unless the public responds these days will be a failure and cannot be continued.

With a proper spirit of buying at home, the local merchants will be able to carry in stock many delicacies and fancy articles that cannot now be bought in Palmyra for the reason that the demand has not been sufficient to warrant dealers putting them on their shelves.

Residents in any town should make it a point of honor with them not to buy in the city anything which can just as well be bought in their home town. Such policy would enable the local merchants to give better service, carry a larger stock and sell at lower prices.

## DEATHS

Mrs. Katherine H. Young

Mrs. Katherine Hilliard Young, who formerly lived at 813 Garfield avenue, Palmyra, died on Tuesday at her home, Red Barns Farm, Pottstown, Pa., of cancer.

Mr. Young, who was born in Brooklyn in 1859, was a talented woman of marked literary ability and was a contributor of numerous articles for different papers and magazines of note in New York State.

Interment was made in Buffalo today (Friday). Her husband and daughter have the sympathy of her friends in Palmyra.

## Ernest H. Gould

Ernest H. Gould died suddenly Friday morning, March 17, at his home, 612 Lincoln avenue, at the age of 39.

Mr. Gould was taken seriously ill Thursday evening and the physicians soon found that they could not aid him. The cause of his death was inflammation of the pancreas.

Mr. Gould had been a resident of Palmyra for six years, having come originally from Boston. He was an expert erector of printing machinery with the Dexter Folder Company.

He is survived by his widow and three children, Sybil, 8; Phillip, 10; and Edward, 6. The body on Monday was taken to Worcester, Mass., the former home of Mrs. Gould, for burial.

Miss Elizabeth Terry and Miss Mae Konkle, of West Philadelphia, spent Saturday with Mrs. A. B. Powell.

Annual Report—Public Service Corporation of New Jersey

The thirtieth annual report of Public Service Corporation of New Jersey (issued to stockholders this week, shows that for the Public Service Electric Company, Public Service Gas Company and Public Service Railway Company was \$75,311,507 and their net income, after payment of operating expenses, taxes, amortization charges, bond interest, rentals and miscellaneous interest charges was \$6,030,030. Addition of the corporations' independent income and the deduction of the corporation's obligations left a net increase in surplus before payment of common stock dividends of \$2,650,004.

Concerning the jitney problem and its effects upon street railway service, Mr. McCarter states that the removal of jitneys from streets in which cars are operated would permit of operation at a substantially lower fare. "There would," he says, "be at least the difference of one cent per ride and perhaps more."

Radium Salts in Paints.

An American scientist predicts the use of the rare metals in the production of special pigments. He has experimented with molybdenum, cerium, lanthanum, selenium, thorium, titanium, tungsten, praseodymium and radium. Nearly all these metals, he points out, in certain of their insoluble compounds, have high refractive indices and consequently when ground with oil produce very opaque bodies. Radium pigments are used with satisfactory results on the dials of aircraft instruments and on other military appliances to make them luminous in the dark. Very small amounts of radium salts in suitable paints are sufficient to give the soft, greenish glow of the radiolite.

Superstition of Mons.

Mons, the home of the guardian saint of the British army, is the theater every year of the famous Luminous display which ends the procession of St. Waudru. At midday to the tolling of the great bell, otherwise heard only as a war alarm, St. George gives battle to the dragon. After a deadly combat, the dragon, according to rite, crashes down in the dust, shot through the nostrils, and the devils are chastised by the brave followers of the victorious knight. Before entering the lists the fabled "beast" slays the crowd with mighty blows of his tail. The people of Mons believe that a blow from the tall brings good luck. What matter if it hurts?

The Apostles Work Wonders.

And by the hands of the apostles were many signs and wonders wrought among the people. And believers were the more added to the Lord, multitudes both of men and women. —Acts 5:12-14.

Death in Life.

For we which live are always delivered unto death for Jesus' sake; that the life also of Jesus might make manifest in our mortal flesh, then death worketh in us, but life—ye—II Corinthians 4:11,12.

Sealed Proposals, for Painting the Burlington County Hospital

Sealed proposals for painting the Burlington County Hospital and Nurses' Home in Mount Holly, will be received by Edward H. Lewis, Mount Holly, chairman of property committee, to and including April 1, 1922.

## WOMEN MEET CRISIS IN NEAR EAST RELIEF

Sponsor Lives of 25,000 Children to Keep Them From Starving.

Twelve million women in America are rallying to the cry of the starving children cared for by Near East Relief in Constantinople and Asia Minor.

Lack of funds has forced the organization to make a 25 per cent cut in its orphanage appropriations during the spring months, when relief work is more seriously needed than at any other time during the year.

Mrs. Carrie Chapman Catt has formed a Women's Emergency Committee of representative women from every corner of the land. The committee represents 12,000,000 American women, and they appeal to the motherhood of America to save the 25,000 children now under sentence of death because of the cut by Near East Relief. It must be a super-draft, the women say, and must be added over and above to whatever gifts their communities may have made during the year to the work of Near East Relief.

Mrs. Vanderlip a Witness

Mrs. Frank A. Vanderlip, recently returned from the Near East, says: "Galsworthy said that one of the striking American qualities is a deep adoration for all children. Not just one's own, but for every child anyone of us meets anywhere. When I saw the pale, thin faces, dumb, hopeless eyes and the emaciated bodies under the scanty clothes of the refugee children in the Near East I longed to bring home to the child-loving people here a poignant appeal for help to save their lives and restore childhood peace to their hearts. The respect which knowing these people gives one bases my desire to save these children on a serious recognition of the terrible loss the world will sustain if this fine population perishes."

Near East Relief officers estimate that if the women of the United States will keep 25,000 children alive it will be possible to meet the needs of the other 75,000 under American care and protection in the Near East.

Among the women who compose the Women's Emergency Committee that will make every effort to "finish the job" are:

Mrs. Carrie Chapman Catt, chairman; Mrs. Philip North Moore, Mrs. Thomas G. Winter, Mrs. George Edward Minor, Mrs. Josephine Daniels, Mrs. Frank A. Vanderlip, Miss Nina West, Miss Anna A. Gordon, Mrs. Lena Lake Forrest, Mrs. Elsie Lines Chaplin, Mrs. Agnes H. Parker, Mrs. Percy V. Pennypacker, Mrs. Mary Roberts Reinhardt, Miss Jane Addams, Professor Vida Scudder, Mrs. Livingston Rowe Schuyler, Mrs. Milburn Johnson, Mrs. Helen Barrett Montgomery, Miss Mary Emma Woolley, Mrs. George Horace Lorimer, Doctor Esther Lovejoy, Mrs. William Atherton Dupuy, Mrs. Eugene J. Grant, Mrs. Milton P. Higgins, Miss Ohari Ormond Williams, Mrs. Frederick Abbott, Mrs. Charles E. Wolbert, Mrs. James W. Baerick, Mrs. Florence Spencer Duryea, Mrs. Frank J. Schuler, Mrs. Robert J. Reed, Mrs. Coleman du Pont, Mrs. Robert E. Speer, Mrs. Medill McCormick, Mrs. Lizzie George Henderson, Mrs. Henry Morgenthau, Mrs. Cleveland H. Dodge, Mrs. William Fraser McDowell, Mrs. Mary LaRocca, Mrs. Clarence F. B. Jones, Mrs. John S. Drum, Miss Rose Hauer, Miss Elizabeth Marbury, Miss Mary Mullett, Mrs. Edwin M. Bulkeley, Mrs. Harold A. Hatch, Miss Agnes Felton, Mrs. John H. Finley, Miss Julia Lathrop, Miss Lillian Wald, Miss Alice Stone Blackwell, Mrs. Webster Fox Jr., Miss Jane J. Martin, Mrs. Minnie Madden Pliske, Mrs. H. L. Ross, Mrs. Harriet Taylor Upton, Mrs. William M. Congdon, Mrs. Walter W. Jack, Mrs. Joseph Irwin France.

HEAD OF NEAR EAST RELIEF MAKES APPEAL

Twenty-five thousand innocent children have been condemned to death by the will of the American people. Such is the statement made by Charles V. Vickrey, General Secretary of the Near East Relief, at the passing of a resolution by the executive board of that organization cutting down the appropriations for relief twenty-five per cent.

"At the lowest possible administrative cost," says Mr. Vickrey, "the Near East Relief has been caring for one hundred thousand children, the homeless little orphans of the Near East. The cut in appropriations, made necessary by the decreased contributions, means that twenty-five thousand equal helpless children now on our doorstep must be refused admission and turned into the streets to perish of cold and hunger. There can be no other fate than that awaiting them. We are their only help and support."

"Five dollars a month will commute the sentence for one child. And I do not believe there is a man or woman in a home in America who could not and would not give that much to save a little child."

"The Sister of Shakespeare."

Joanna Baile (1708-1861) was conferred with the title of the "Sister of Shakespeare." She was a distinguished British poet and dramatist, and was given this title because of the remarkable insight into human nature manifested in her plays, several of which were acted by Keats, Keble and Mrs. Siddons. Among her more famous dramas may be mentioned "The Family Legend," "De Montfort" and "Basil."

No, Eve did not own a self-wringing mop or a long-handled dustpan, but cleaning up after a twentieth century family was unknown in the Garden of Eden.

The Hoover Electric Cleaner

gets harmful grit and dirt, tracked in from the street, and pounded deep down into the fine nap of your rugs.

The Hoover gets it out, by lifting the rug from the floor, and gently beating it on a cushion of air.

Shaken loose are the tightly packed destructive particles. The soft motor-driven Hoover brush sweeps up litter and hair, the nap springs upright, color is restored, or they will be delivered of new. And off goes all the dirt in the air-tight bag.

Demonstrations of the Hoover are given daily. We will be pleased to demonstrate the Hoover in your home.

## CHAMBER OF COMMERCE WINS

Cinnaminson Avenue Now a State Highway. Bill Passed Over Governor's Signature

Success has crowned the efforts of the Chamber of Commerce in connection with the bill adding Cinnaminson avenue to the State highway system. After passing through both houses of the legislature and receiving the disapproval of the Governor, sufficient strength was mustered to have same re-passed over the Governor's veto in the closing hours of legislative session which ended last Friday.

This bill which was introduced into the Senate by Senator Roberts at the instance of Freeholder Rogers had anything but a smooth road. Freeholders Rogers and Lippincott, with Senator Roberts and Assemblyman Powell, along with the Chamber of Commerce, were persistently advocating its passage and leaving no stone unturned to win over the necessary support for this purpose. On February 6, 1922, Wilbur F. Crane, president of the Chamber of Commerce, and Secretary Rustie, made a special trip to Trenton in its interest, and urged the Senate committee, which then had same under consideration, to make a favorable report. Mr. Albert S. King, chairman civic committee, also made a special trip to Trenton and with Freeholders Rogers and Lippincott again appealed to the Senate Committee for favorable action, with the result that the bill was favorably reported to the Senate a few days later. Mr. Roberts then took the measure in hand and succeeded in having the Senate pass same without much delay. Once in the Assembly, it was turned over to the Assembly. Mr. Powell gave it his energetic support and succeeded in obtaining favorable action, although the bill was amended and referred to the Attorney General for his approval, which meant that it had to make the same trip through both houses after the Attorney General had finally passed on it. When it was finally passed in approved form by both branches of the legislature and submitted to the Governor for signature, he refused his approval despite the frantic telegraphic appeals made by the Chamber of Commerce and other interested parties. However, the forces at work were not to be denied and in the last hours of the session Senator Roberts and Assemblyman Powell piloted the bill through both houses successfully.

## Taxes Discussed at Township Meeting

There was considerable discussion of assessments and tax rates at the meeting of the Palmyra Township Committee Tuesday evening. Assessor John W. Shadé gave the following figures on the assessed valuation in Palmyra:

Property	\$2,183,796
Corporations	83,432
Railroads	10,114
Total	\$2,277,342
Exempted Properties—	
Schools	\$6,000
Churches	\$4,525
Nurses' Home	2,150
State Property	235
Cemeteries	500
Soldiers	15,860
Total	\$132,845

Grand total of property, \$2,410,187. The original total valuation of taxable property by the assessor was \$2,061,150. This was increased by the Township Committee by \$216,102. The increase was largely on personal property.

The total amount to be collected in taxes was given as \$109,138.76, being \$23.05 the average for each person in town.

There was some discussion of the authority of the Township officials to increase the assessment, since the head of the assessor, but the law on the subject was quoted as specifically bestowing this authority on the Township heads.

James S. Ellwell presented the petition of eleven residents of West Broad street, south of the railroad, all of whom had promised the donation of five feet of property for the construction of a sidewalk in front of their homes. The committee announced its willingness to take up the project in case all the property owners concerned would go in on it. The committee passed a resolution praising and thanking Post Rodgers, American Legion, for its work in helping police the town.

Albert S. King, of the Chamber of Commerce Civic Committee, called attention to the big sign boards which have been erected in various parts of the town, and pointed out that Oaklyn, N. J., had decided to charge \$25 for the erection of such signs and tax them, in addition, 25¢ a square foot, also limiting their height to 15 feet. The matter was referred to Solicitor Beckenbach.

Mr. King also urged action of the Building Code, prepared by the Chamber of Commerce, which has been hanging fire for several months.

The Chamber of Commerce proposed for an increase in the police force was also presented by Mr. King. Chairman Davies said he had no doubt the town needed additional officers, but that the necessary funds simply were not available. It would take at least \$2,500 for two more policemen.

The resolution of the County Board of Freeholders forbidding children to use the paved highways for roller skating was read.

The committee passed bills covering the expenses of caring for Officer Rodgers as the result of his being dangerously wounded by bandits. The amount was \$213 divided as follows: Dr. Witte \$75; Dr. Rogers \$75; Dr. McCrae \$25; Zurburg hospital \$38.

Other bills paid were:

C. M. Beck, police	\$130.00
Officer Rodgers	100.00
Officer Pennington	100.00
T. W. Land	100.00
Streets	175.03
Public Service	427.05
L. A. Weikman, coal	16.65
Telephone	4.98
Palmyra Garage	67.45
J. H. Ellis	1.25
W. L. Bowen, printing	17.00
Seal Bros., printing	6.15
Solicitor Beckenbach	21.95
Auditor Williams	125.00
Bran Cook, special officer	3.00
G. M. Harris, coal	25.30

Love.

Into our work for others we can take nothing greater than love, for love is a wonderful guide and teacher. Skill and experience are worth little without it, and toil and sacrifice never could make up for its lack. There is courage and healing, strength and inspiration in the mere fact that some one is not caring for what we are doing.

## Family Day in Sunday Schools

On Sunday, March 26th, all the Sunday School in this community extend a special invitation to visitors. How would you like to live in a town where there were no Sunday Schools? You certainly would not select such a community for your Home Town.

Nearly all agree that the Sunday School is a valuable asset to any community, but some do not give it their personal support or encouragement. Others who know the Sunday School is a good place to send their children do not realize that the modern Sunday School is organized to provide something of real interest and benefit to those of all ages.

The Sunday School stands as one of the strongest factors for moral training in the community and as such deserves the support of every loyal citizen.

It is not a new institution; the first Sunday School was established by Robert Raikes in Gloucester, England, in 1781. From this beginning, it has spread throughout the world—conclusive proof that the Sunday School came in response to a real need by young and old alike.

In order that every person in this community may see what the Sunday Schools are doing, and judge for themselves whether it is worth while, all the Sunday Schools of this vicinity have united in designating next Sunday, March 26, as "Family Day." This is a special opportunity for every member of the family to visit some one of our Sunday Schools.

The Sunday Schools which have set aside March 26 as "Family Day," with the time of meeting of each, are as follows:

Everett M. E., Palmyra	2:30 p.m.
Central Baptist, Palmyra	2:30 p.m.
First Lutheran, Palmyra	2:30 p.m.
Christ Episcopal, Palmyra	10:00 a.m.
Union Mission, W. Palmyra	3:00 p.m.
Evergreen Baptist, W. Palmyra	3:00 p.m.
Union A. M. E., W. Palmyra	2:30 p.m.
Calvary Presbyterian, Riv'n	2:30 p.m.
Christ Episcopal, Riverton	10:00 a.m.
Mt. Zion A. M. E., Riverton	2:30 p.m.
St. Paul's Baptist, E. Riverton	2:30 p.m.
Moravian, Five Points	9:30 a.m.
Friends, Westfield	10:00 a.m.

Congressman Isaac Bacharach, of Atlantic City, has succeeded in having the Vocational Education Division of the Veterans' Bureau make an allowance of \$100 a month to veterans in training at Bridgeton.

South Jersey's first avenue of memorial trees in honor of the World War veterans probably will be laid out along the new asphalt highway between Bridgeton and Mount Holly. Civic organizations in both towns have named members of a joint committee to handle the project. The proposed memorial will stretch seven miles and work will be started this spring.

The United States Veterans' Bureau of the Second District has opened new headquarters in the Goff building at 27 Broadway, Camden, and the staff will be augmented by Dr. Huff, of New York, as resident examining officer.

The Atlantic City Commissioners have authorized Director Steinbricker to call for bids on plans for the proposed \$100,000 Soldiers' Memorial Home to be erected at Pacific and States avenues.

"Dad's Night" will be observed by Haddonfield Post on Monday evening, March 27, with a special program arranged for the occasion. Every ex-service man and his father or father-in-law is expected to be present.

Chairman Raymond Blackwood announces that the charter banquet of Raymond Thoirs Post, Camden, will be held in the banquet room of the Third Regiment Armory Saturday evening.

The Wildwood Post has leased the club house of the Holly Beach Yacht Club, which will be used this summer as a rest home for disabled ex-service men from Pennsylvania and New Jersey. No patients requiring medical treatment will be taken, it being intended to give the wounded and incapacitated ex-service men a seashore vacation. The only expense to the visitor will be his railroad transportation.

President Harding has recommended the creation of a commission to control the erection of American war memorials on the battlefields of Europe. Secretary Weeks, General Pershing, Commander Hanford McNider and one senator and one representative would comprise the Harding commission.

A proposal that the Government issue a representative coin or bill of small denomination bearing a typical American soldier's head has been made to the American Legion of Massachusetts. The coin in the hands of the soldiers of 18 would be known as the "Doughboy Dollar."

## Mount Holly Legion

At the meeting of Mount Holly Post, American Legion, held Thursday night, the following committee was appointed to carry on the celebration of Memorial Day here: Rev. R. A. Bofemarle, William J. MacDonald, Charles C. Keeler, A. Thomas, Atkinson, Robert Peacock.

The question of the government paying a bonus was brought up, and it was decided that as a Post the organization should not enter into the matter at all, but remain neutral. Individual members can decide the question as they see fit.

The proposition of conducting an essay contest in the Mount Holly high school was accepted and the following committee named to arrange the details: Clifford R. Powell, Newton Bernheisel, Daniel R. Lewis. County Commander William H. Absalom especially urged the formation of a ladies' auxiliary in Mount Holly.

## The Life of a Pearl

"The pearl resembles man in that it is born to die. Care for it as you will, its life can no more be prolonged indefinitely than ours can, because it has an organic constitution. If you tell me that specimens have been found in the tombs of the ancient Egyptians, I ask, what became of them? Those relics of a bygone civilization crumble into dust on exposure to the air."—Exchange.

## LEGISLATURE HAS ADJOURNED

Resume of Measures Written Into Statute Books—Session Closed Shortest in Years.

## TUNNEL BOARD HARMONIOUS

Central Railroad Wants to Rush New Bridge Over Newark Bay Before Opposition Can Act.

Trenton.—Republican Leader White, Senator Runyon of Union and Minority Leader Simpson, as a Senate Committee, and Assemblyman Pascoe of Union, Applegate of Middlesex and Flynn of Hudson, representing the house, informed Governor Edwards of the legislature's intention to adjourn sine die.

Measures favored by the G. O. P. leaders were written into the statute books before final adjournment was reached at 5:55 o'clock. The session, which convened January 10, lasted ten weeks, and with the exception of the 1918 war legislature, was the shortest since 1902.

Bills made law by the senate concurring in action of the house in overriding vetoes are:

Forty million dollar bond issue referendum for state highways, ousting New Jersey Inter-State Bridge and Tunnel Commission and appointing a new board by statute, vacating Jersey City's streets needed for inter-state vehicular tunnel, the Hobart bill for trial by jury for the enforcement of prohibition, the Newark and Jersey City "tipper" education board reorganizers, adding Tacony-Palmyra ferry road spur to state highway system, search and seizure act for State Department of Agriculture, municipalities to widen streets, Essex judges to appoint male probation officers and fix salaries.

Senate bills re-passed by the house over vetoes are:

Repealing "full crew" railroad law, commission to revise election laws, Essex freeholders to control county institutions, supplanting board of managers; accepting federal law for promotion of welfare and hygiene in infancy and maternity, headquarters troop for State Constabulary.

Assemblyman Powell, Republican, of Burlington, urged the assembly to vote down the \$100,000 State Constabulary headquarters troop measure. Mr. Powell said in Burlington county the State Police had not worked out to the satisfaction of the people there. He declared the troopers traveled the county by day, but at night they were resting in comfortable hotels or else went to their homes. Creation of the headquarters troop, the assemblyman said, would make the constabulary too heavy with commissioned officers.

Powell's attack evidently was making too much of an impression on the assembly. Majority Leader Evans rushed the majority into the speaker's room. When the Republican came out on the floor again, the bill was passed.

Herbert N. Morse of Trenton, business manager of the State Department of Public Instruction, was voted an annual salary of \$5,500, despite Governor Edwards's veto of an item in the annual appropriation measure, increasing Mr. Morse's compensation from \$5,000 to \$5,500.

When the bill came up just before final adjournment, the house was in such confusion that the Republican members voted to sustain the governor's objections to the Morse salary increase. The item was stricken from the bill by a vote of 41 to 17. A Republican conference was hurriedly called, the action sustaining the veto reconsidered, and the \$500 placed back in the measure by the vote of 85 to 12.

Assemblyman McMillan of Essex opposed the salary raise, contending that the sum should have been specifically provided for in a separate act, directing that the increase be granted. Mr. McMillan declared high salaried officials should not be given additional compensation when the rank and file of subordinate employees find it impossible to receive adequate compensation, because they lack political pull.

The house also concurred in the senate's action over-riding the governor's objections to an item of \$4,500 for printing 1,000 copies of the history of the Twenty-ninth Division, A. E. F.

Repealing political influence of the Anti-Saloon League lobby, the senate sustained Governor Edwards's veto of the House Baeton bill to remove screens and curtains from social clubs, poolrooms and billiard parlors, where beverages are sold. The house, by a bare majority of 81 votes, re-passed the bill over the governor's veto.

Failure of the senate to concur in the assembly's action resulted in the measure dying in the upper legislative branch. Senators Parry of Essex, Reeves of Cumberland, Roberts of Burlington and Runyon of Union voted to re-pass the bill. Senators Barber of Warren, R. A. Mercer, Simpson of Hudson and White of Atlantic cast the votes to uphold the governor's veto. The other 18 senators declined to be recorded.

Senator Runyon said the bill had been endorsed by police authorities in the more populous municipalities. He regarded it a proper measure for the authorities to detect violations of the prohibition law. Opponents asserted it proposed a too drastic invasion of club privacy.

Charles R. Randall, Democrat, of Trenton was renamed by Governor Edwards and confirmed by the senate as a member of the Mercer County Board of Taxation for three years, dating from May 1. William A. Lowrey of Hamilton township, Democrat, and Alfred K. Leuckel of this city, Republican, are other board members.

Nomination of Lewlyn Hildreth for Cape May prosecutor was rejected by the senate. Governor Edwards withdrew the names of Austin H. Swackhamer of Woodbury for judge and Willis T. Porch of Pitman Grove for prosecutor in Gloucester when Senator Fooder, Republican, Gloucester, held out against confirmation. The gov-

## When You Buy

Furniture you expect it to give you comfort and service for a long time. Properly constructed furniture will last many years. The frames of our davenport and chairs are thoroughly re-inforced, and the upholstery is built up with a knowledge and care that will give comfort and durability. The work is the same always—the filling and covering are according to your selection. Make a comparison of quality before you buy.

## Women's Emergency Committee, Near East Relief

1. Mrs. Philip North Moore. 2. Mrs. Carrie Chapman Catt, chairman. 3. Mrs. Thomas G. Winter. 4. Mrs. Frank A. Vanderlip. 5. Mrs. Josephus Daniels. 6. Mrs. George Maynard Minor.

These six women and over fifty others equally well-known nationally are making an emergency appeal to the women of the land to defeat the threat of death that hangs over the children of the Near East.

## MISS ANN

By HAZEL V. PARIS.

(© 1921, by McClure Newspaper Syndicate.)

On that hot August morning the sun beat down mercilessly on the little village. The occasional passing carriage stirred up clouds of dust that settled on the dried, brown and already thickly coated grass and trees. Only the whirr of the locust broke the heavy silence. Not the tiniest white cloud in the blazing blue sky promised relief from the intolerable weather.

"Good morning, Miss Emmons," said the cheery voice of a young man, tall and fair, his well-built figure showing to splendid advantage in the service uniform of a major.

"Why, Bobbie Andrews! Bless my soul! We didn't expect you back for at least a month yet. Bless my soul! Elizabeth, Elizabeth Ann!" she called, as she turned in the doorway.

"Yes, auntie." Then she saw the man, "Bob!" In a second she was in his arms laughing, sobbing, crying, all in the same breath.

"Bob, I can't believe it's true—back—oh! I can scarcely believe it's you." As the two lovers, arm in arm, went down from the little porch and over to the old grape arbor, Miss Elizabeth Ann resumed her seat and her knitting behind the honeysuckle vines. For a few moments she worked quietly and steadily; then, as the tears, which stubbornly refused to be kept back, blinded her vision and dropped on her gaunt, wrinkled fingers, she laid down her needles and wept softly and tremulously.

Fifty-eight years ago a splendid, stalwart young soldier had opened the gate of the garden, stepped quickly up the path onto the porch, and greeted a silver-haired old lady who was knitting behind the honeysuckle vines. "Elizabeth, Elizabeth Ann," she had called, stepping to the door.

"Yes, auntie—coming." It was she, Miss Elizabeth Ann, who, in her quaint, hoop-skirted with her black hair arranged smoothly in braids around her ears, had stepped out shyly to greet her lover, Bobbie Andrews' uncle. Leaving a dear old silver-haired lady sitting behind the honeysuckle vines, together they had gone down from the little porch into the garden to the grape arbor.

Then Elizabeth Ann had walked down the brick path with him, and when the gate had clicked and he started up the village street, she waited to wave her handkerchief as he turned back.

John Andrews was answering his country's call. There was a parting—the final parting—he had not come back to her as had Bob to little Elizabeth Ann.

## The Story of Our States

By JONATHAN BRACE  
XXXIII.—OREGON

IT WAS a Spanish who laid claim to the discovery of our Pacific coast. In 1543 Ferrello possibly sailed as far North as the Oregon boundary. In 1579 Sir Francis Drake explored for England the coast considerably north of this. Other Spaniards made further explorations and Captain Cook, the English navigator, in 1788 landed at Nootka Sound and gave it its name. Thus both Spain and England laid claim to this region.

The American rights to this territory were based on the discovery of the Columbia river in 1792 by Captain Robert Gray, who sailed from Boston in the ship Columbia to open up fur trade. Many American fur traders followed and in 1811 John Jacob Astor, the head of the Pacific Fur company, established a settlement called Astoria at the mouth of the Columbia. The real opening of the Northwest was the result of the famous Lewis and Clark expedition.

By 1843 a decided flow of emigrants from the East traveled over the Oregon Trail from Kansas City to the Columbia river, and thus into Oregon. The trip over this route occupied about three months and the settlers generally traveled in large parties to withstand any possible attacks from Indians. American settlers became so numerous that the United States actively laid claim to this region. Spain had been forced to withdraw any rights she may have had when Florida was ceded in 1819. This left England and America quarrelling over this section of the country. Final settlement, with definite boundaries between the United States and Canada, was made in 1846.

The Oregon territory was formed in 1848 and the State of Oregon was taken into the Union in 1859 with an area of 96,000 square miles. (© by McClure Newspaper Syndicate.)

Start of Smoking:  
Smoking was practiced by the most primitive peoples. Tobacco, opium, and hemp were the herbs most used. The invention of the pipe, while obscure as to time, comes from the frequent use of herbs burnt in containers as a sacrifice or for healing purposes. The person to be cured inhaled the smoke. A portable container with a tube for the smoke was a logical development of this practice.

## Sunday School Lesson

(By Miss F. H. FITZWATER, D. D., Teacher of English Bible in the Moody Bible Institute of Chicago.)  
Copyright, 1922, Western Newspaper Union.

### LESSON FOR APRIL 2

ASA RELIES ON GOD

LESSON TEXT—II Chronicles 14:1-12.  
GOLDEN TEXT—Help us, O Lord our God; for we rest on Thee.—II Chron. 14:11.  
REFERENCE MATERIAL—II Chron. 14:13-16; Isa. 41:10-13.  
PRIMARY TOPIC—A King Who Trusted God.

JUNIOR TOPIC—God Helping Asa.  
INTERMEDIATE AND SENIOR TOPIC—A Ruler Who Relied on God.  
YOUNG PEOPLE AND ADULT TOPIC—The Source of Personal and National Power.

1. Asa's Reformation (vv. 1-5).  
Asa was the grandson of Rehoboam. Both his grandfather and father favored idolatry, but in spite of this record of his ancestors, Asa had a will of his own, and, though young when he came to the throne, inaugurated a campaign of reform which brought great good. He not only had the handicap of the idolatry and immortality fostered by the two former kings, but he had to contend against the influence of his mother who had encouraged immoral worship (I Kings 15:13). In order to carry out his reformatory measures he had to wrest authority from her by deposing her. Asa did that which was good and right in the eyes of the Lord (v. 2).

1. Cleared the land of idolatrous emblems and images (vv. 3, 5). (1) Strange altars. These were the altars devoted to other gods. (2) High places. These were places where unlawful sacrifices were offered. (3) Broke down the images. These were upright stones connected with idolatrous worship. (4) Cut down the groves. These were trees or poles connected with tree worship. He had all these relics of idolatry destroyed in Jerusalem and other cities throughout his kingdom.

2. Commanded Judah to seek the Lord (v. 4). He knew that if the reformation was to be effective it must be by the positive seeking after and worshiping of God, accompanied by obedience to His commandments. Destructive work avails little unless followed by constructive.

11. Asa's Defensive Preparations (vv. 6-8).

1. Built fortified cities (v. 6). The cities are not named, but the meaning, doubtless, is that it was a general system of defense which involved the cities at strategic points.

2. He erected walls about the cities (v. 7). These were usually of stone. Upon the walls were observation towers from which the position and movements of the enemy could be seen, and from which defensive warfare could be waged.

3. Made gates and barred them (v. 7). The reason he assigns for these defensive preparations was that they had sought the Lord God. Those who really trust God will make every effort to provide defense.

4. Had an army of spearmen (v. 8). These spearmen were also protected with large shields. The army was made up of 480,000 brave men. They were prepared to wage an offensive as well as a defensive war.

111. Asa's Victory Over Zerah, the Ethiopian (vv. 9-12).

1. Asa set the battle in array (v. 10). He went out to meet the enemy. He first made a disposition of his means of defense. This was wisdom on his part. Intelligent faith moves the possessor to do first that which is within his power.

2. Asa's prayer (vv. 11, 12). He cried unto the Lord. He sought the source of national power. In this prayer note (1) his conscious helplessness. As he faced the Egyptian army two to one against him, he was clearly conscious of his impotency. The first requisite in obtaining help from God is conscious weakness. The Christian conquers not by self-reliance, but by self-trust and faith in God. (2) Appeals to God for help. He knew that though they were helpless before the mighty enemy, with God's help they could win the victory. One man with God is a majority. (3) Reposes faith in God. The word "rest" means to lead upon—to cast the entire weight upon. In the measure that we realize our need of support will we lean hard upon God. (4) Advanced courageously. He went forth depending upon God to fight for him. Real faith does not wait until it sees its way clear, but goes forth expecting God to clear the way. (5) Hung himself upon God's arms. "O Lord, thou art our God." His cause was God's cause. If God has taken us for His people, and if we have taken Him for our God, no enemy can prevail against us. May we experimentally say, "Thou art my God," and hear Him say, "I am thy God!"

3. The Egyptians smitten (v. 12). The enemy fled before Israel and could not recover themselves.

Love, Faith and Hope.  
A little love from day to day, and strength enough to preach it; a glimpse of heaven along the way. And faith and hope to reach it.

Console Thyself.  
If thou suffer injustice, console thyself, the true unhappiness is in doing it.—Democritus.

Mistake Gold for Good.  
Misers mistake gold for good, where as it is only a means of obtaining it.—Rochefoucauld.

## THE NEW ERA

Published every Friday at  
RIVERTON, N. J.

**WALTER L. BOWEN**  
Editor

The New Era is devoted to the business and home interests of Riverton and Palmyra, independent of political or religious belief—the people's paper.

Subscription \$1.50 a year in advance

Advertising rates on application

The New Era Office is equipped to do all kinds of Fine Printing at reasonable prices

**LEGAL ADVERTISEMENTS**

The New Era is a Legal Newspaper. Commissioners, Sheriff and other Sales, Administrators and Executors' Notices, as well as all other Legal Advertisements are solicited. The New Era will appreciate being remembered in this connection.

**Notice**

All readers or local notices of entertainments, supports, fairs, dances, etc., given for the purpose of raising money, or for which admission is charged, will be charged for at the rate of fifteen cents a line.

**A Song of the Sock**

My friend and neighbor Thomas Cox is very hard upon his socks, for he is strongly knit or phoney he punctures them with a pin every time. Though off his wife darts them and him, they will not stay in proper trim, but every night some ping will show through some new rent in heel or toe. When I was young and unbroken, and not yet wed and halter broken, I too had often holes socks, and so I sympathize with Cox. For at the store new programs trying I found it very mortifying. With one good foot, to save my soul, I could not tell which sock was whole. I racked my brain with much ado, but never pulled the proper shoe; and gazing on my shrinking skin the clerk and customer would grin. No longer worried as before, I seek with pride the general store and kick both shoes across the floor; for I am wed to Hannah Jane and both my socks are safe and sane. So all day long I sing her praises, and fresh shoe clerks can go to blazes. Yea when she reads this Rural Rhyme, she'll feed me well at dinner time; my stockings extra smooth she'll keep and bake a cake three layers deep. —BOB ADAMS.

**Never Tires of Mrs. Morgan**

Howard G. Taylor stopped at The New Era office Saturday morning to get tickets for Mrs. Morgan's lecture recital. He said "I see you are going to have Mrs. Morgan in Riverton on April 4. We'll want some tickets—three or four. I've heard Mrs. Morgan several times at the Granges, but never miss a chance to hear her again. She's wonderful!"

Mrs. Morgan will come to Riverton for the Parent-Teacher Association. Tickets 50c, may be secured from Mrs. L. E. Center, Mrs. John F. Hackett, Mrs. George W. Smith, Mrs. M. Dickinson, Mrs. E. C. Sullivan, Mrs. Robert Ayres, Mrs. E. K. Merrill, Mrs. H. E. Stewart, Mrs. James T. Meany, Mrs. C. H. McAlley, Mrs. John A. Smith, Mrs. Walter L. Bowen, Mrs. Joseph H. Abdill (Palmyra) or at The New Era office.

**School Exhibit**

On the 6th and 7th of April, an exhibit of school work will be held in the Riverton public school. Each room will display work done by the pupils seated therein, and will represent the various subjects pursued by the grade.

In addition to the regular classroom work, there will be exhibits of sewing, cooking, manual training, music and physical training. The last two exhibits will take the form of a program in the auditorium, Thursday evening beginning promptly at eight o'clock.

The building will be open at 7:30 o'clock Thursday evening, and Friday morning, and will be open to the public during the day. As this exhibit is given in order that parents and interested citizens may see the results of the school work, parents are asked to cooperate by seeing that children who have no special duty to perform, do not attend Thursday evening unless accompanied by a responsible person. The space in the auditorium is limited and children should not occupy the room.

It is hoped that those who do not have the opportunity to visit the school during the day will set aside the evening of April 6th for that purpose.

**HANNAH H. CHEW**  
Supervising Principal.

**Stainer's "Crucifixion" at Epworth Church**

The Epworth M. E. Choir will render Sir John Stainer's "Crucifixion" on Thursday evening, April 13, at 8 o'clock.

Silver offering will be taken.

The soloists will be Mr. A. L. Wilson, tenor, and Mr. H. W. Dillon, baritone.

As an added attraction, Mrs. A. L. Wilson, soprano, and Mrs. Ralph Rivers, contralto, will sing a duet from the "Song of the Cross" by Dudley Buck. —Advertisement.

**A YEAR AGO**

Heulings Lippincott, one of Burlington county's leading citizens, died at his home on the Riverton-Moorestown road, March 25.

George W. Lee, who had been a resident of Riverton for half a century, died at the home of his brother, in Philadelphia, on March 24.

Electric lights were installed in the parish house.

George K. Clark, who had just been appointed Recorder for the Borough of Riverton, held his first trial and imposed a fine of \$5.00 on an automobilist for speeding.

A fountain pen filled with good ink is a combination hard to beat. We have the pen and the ink. The "pen with the little red pump handle" is acclaimed by every user to be the best ever. Our guarantee for it is if you are not satisfied get your money back. And the ink is sold under the same guarantee, at The New Era Office. —Advertisement.

White cards of various sizes, for making place cards, tally cards, etc., by the sealing wax process are on sale at The New Era Office. —Advertisement.

## WEEKLY NEWS BUDGET

For Riverton and Vicinity

Buy It at Home!

H. C. Worrell has returned from Atlantic City.

George W. Crawford has returned from Pittsburgh, Pa.

William F. Bilyeu is remodeling his house at Midway and Linden.

Mr. and Mrs. H. E. Brown spent last weekend in Washington, D. C.

Miss Margaret Patman has taken a position with the Bell Telephone Co.

Buy your Mazda bulbs and electrical accessories at Coddington's. —Advertisement.

Mrs. Maurice DeCoursey is ill at her home on Linden avenue with pneumonia.

Mayor and Mrs. Killam E. Bennett arrived home from Miami, Florida, on Sunday.

The old barn on the Plumly property is rapidly disappearing to make room for a new garage.

Francis Bailey received his fine rubber-tired coaster wagon from the Philadelphia Inquirer this week.

The Burlington County Association of Shepherds of Bethlehem will meet in Roebing Thursday evening, April 6th.

Mrs. Elizabeth Aten entertained on Tuesday Mrs. Rebecca Wahl, of Burlington, and Mrs. Jacob B. Mayer, of Riverside.

Miss Annunziata Collahan, of Germantown, will be the weekend guest at the home of Mr. and Mrs. William O'Donnell.

Steele's Garage, at Broad and Fulton streets, has been rented to William Riser, of Philadelphia, who will take possession on April 2nd.

Miss Clara Sheibley, who is attending Vassar College, is spending the spring vacation with her parents, Mr. and Mrs. John E. Sheibley.

Mrs. Mary Arnold Baker, of the University hospital, was a weekend guest at the home of Mr. and Mrs. Samuel A. Plumly on Broad street.

The county track meet for pupils of high schools of Burlington county will take place on the R & P athletic field, Mount Holly, on Thursday, May 18th.

The alterations to the fire house are nearly finished. The downstairs is practically completed and the new fire truck was housed there on Monday.

Ralph Sylvester, a student at the Pennsylvania Military Academy, at Chester, Pa., is spending two weeks with his parents, Mr. and Mrs. J. W. Sylvester.

Miss Sara P. Eastburn, of Greenview, Conn., while on her way to Bucks County, Pa., last week stopped in Riverton and spent Friday night with Mrs. Bailey, on Linden avenue.

Notice is hereby given that the partnership heretofore existing between Curtis E. Staveland and Joseph H. Smith, has been dissolved by mutual consent as of June 21, 1921. —Advertisement.

The house at 500 Howard street, owned by Michael Faunce, and now occupied by the Chinese laundryman will be torn down and rebuilt and its completion will be occupied by Mr. and Mrs. Edward Faunce.

The Burlington County Dental Clinic for school children in the rural districts will resume operations on April 3. The dentist who will be in charge is Dr. Charles W. Roll, of Trenton.

In response to an emergency call from the Burlington County Hospital there will be another meeting of the Red Cross on Thursday, April 6th, at 9:30 a. m. in the Presbyterian Sunday School room. Please come out.

A meeting of the Shade Tree Commission will be held in the Council Chamber at the Riverton fire house Friday evening, March 31st, at eight o'clock, to hear objections to their proposed schedule of tree removals and new plantings as published in the New Era two weeks ago.

Cadet Stewart Hollingshead, of St. John's Military School, Manlius, N. Y., is spending the spring vacation with his parents, Mr. and Mrs. Richard Hollingshead. Cadet Hollingshead is a first sergeant of the Reserve Officers' Training Corps maintained at the school by the War Department. He is taking a college preparatory course.

We have received from Congressman Isaac Bacharach the usual assortment of Government seeds for free distribution and they will be given out as long as they last. Parents who desire their children to get these seeds will kindly give them a note, as we do not feel the purpose of the Government in distributing these seeds will be properly met by handing them out indiscriminately.

Mr. John C. Lathrop, of Brookline, Mass., "member of the Board of Lectureship of the Mother Church of the First Church of Christ, Scientist in Boston, Massachusetts," will lecture on Christian Science under the auspices of First Church of Christ, Scientist, in Riverton, N. J., on Friday evening, April 7th, at 8 o'clock, in the auditorium of the Riverton public school, Fifth and Howard streets, Riverton, N. J. The public is cordially invited. —Advertisement.

George Conn, the nineteen-year-old Bridesburg youth who shot and killed E. E. Hatch on May 7th, last year, when the latter surprised the lad in his boathouse at Delair, was sentenced to from eight to thirty years in the New Jersey State Prison by Supreme Court Justice Katzenbach in the Camden Criminal Court on Monday. The Judge said that there were no elements of premeditated murder in the crime, and that he would have him recommitted to the State Reformatory at Rahway if he can legally do so.

Anticipating the boom in building which is expected to follow the completion of the Tacony-Palmyra ferry and the Camden-Philadelphia bridge, the Public Service Gas Company is arranging to lay a direct pipe line from Riverton to Moorestown. It is understood that the gas service at Moorestown has not been entirely satisfactory for sometime, owing to lack of sufficient supply and this improvement is intended to correct this condition, as well as to improve the service in Riverton and vicinity, by reason of supplying Moorestown direct instead of from the Riverton gas main as at present. The pipes have been distributed along the roadway from Riverton to Moorestown and the work of laying them will be started shortly.

Now is the time to repair your fly screens. Buy your wire at Coddington's. —Advertisement.

## "Best Sermon in Song Ever Preached"

Writes Dr. Lyman Abbott

From The New Era

Writing from his home in Cornwall-on-Hudson to the Newburgh, N. Y. Journal, Dr. Lyman Abbott says "Mrs. Morgan's recital in Cornwall is a spirit of genuine music and song of the heart and home that will not die out here while the people who heard her live. It was the best sermon in song ever preached by Cornwall."

To many of our readers Mrs. Rose Huff Morgan, who will give her lecture recital, "Songs that Live," in the public school auditorium for the Parent-Teacher Association, Tuesday evening, April 4th, will need no introduction. No one who has ever heard Mrs. Morgan misses a chance to hear her again.

Recently Mrs. Morgan has appeared before the State Federation of Women's Clubs, Providence, R. I.; State Society of Farm Women, Harrisburg, Pa.; State Fruit Growers Association, Rochester, N. Y.; Pomona Institute, Pennsylvania; all of the State Normal Schools in Maine; National Educational conventions at Columbia University, Harrisburg, Pa.; City Teachers Association, Philadelphia; State Teachers Association, Burlington, Vt.; Women's Club, Plymouth, Mass.

The New York Journal of January 2, under the caption, "The Heritage of Song," says: "A very definite attempt to make the right songs popular and the popular songs good is made by Mrs. Morgan's 'Songs that Live' work."

Of her own work Mrs. Morgan says: "There is no life so well-favored that it has no need of a heritage of song. Few there be of that great family of persons whose childhood lies well in the past who do not consciously realize from such an inheritance."

Tickets, 50 cents, may be secured from any member of the Parent-Teacher Association, or at The New Era office.

**Fruit Growers Organize for Better Marketing Conditions**

Peach growers in South Jersey are preparing for a bumper peach crop this year. In order to avoid the marketing uncertainties which have handicapped the peach growing industry in the past, the New Jersey Fruit Growers Cooperative Association has been organized and has completed a State-wide marketing plan for handling the peach crop this summer.

The organization has branches in Riverton, Burlington, Camden, Vineland, Moorestown and Mount Holly. For the first time the organized farmers will sell a uniformly graded product, inspected and quarantined by the State. The peaches will be sent to specific markets and the growers' needs, instead of being dumped on consignment, as heretofore, into a central market, to face uncertainty and additional costs of redistribution.

The officers of the Riverton branch are Arthur Richie, president; Charles B. Jessup, vice president; Clement B. Lewis, secretary and treasurer. The board of directors are Howard G. Taylor, Arthur Richie, Charles B. Jessup, Nathan Conrow, Byron T. Roberts and Clement B. Lewis. Mr. Lewis is also a member of the executive committee of the board of directors of the State-wide association.

The grading, packing and shipping point will be at the cold storage plant at East Riverton, where the necessary alterations will be made to handle the work with facility.

**Water Too Cold for Suicide**

Harry Schneider, of 33 Grandview avenue, Pitman, N. J., attempted to commit suicide by jumping into the Pompton creek from the bridge at East Riverton about six o'clock on Wednesday evening.

The water was so cold that the shock of the cold plunge changed his mind and he waded ashore. He fell exhausted on the bank, where he was seen shortly afterward by a lad named Walter, notified Officer Miller. Miller took him to the lockup and notified Chief of Police John C. Geiss, who sent Dr. F. C. Witte to examine the man.

It was ascertained that before Schneider became composed enough to speak coherently. He said he was a printer of advertising novelties, and had lost considerable money recently. He said that he was 46 years old and had a wife and daughter. He gave his Pitman address, where Officer Miller located his wife by telephone, and later in the evening, Mrs. Schneider and Dr. Duffield, the family physician, came to Riverton and took him home.

Those who have tried the new writing fluid which was advertised last week are delighted with it. There is a bottle for you at the New Era Office. Fifty cents will buy six ounces of the very best ink you ever used. Or, if you bring your own bottle, you can get it in smaller quantities at ten cents an ounce. —Advertisement.

**Rummage Sale**

The date for the next rummage sale for the Burlington County Tuberculosis League has been fixed for May 23 at Broad and Howard streets. Those who are cleaning house lay aside what you can spare for this sale which helps with the maintenance of the tuberculosis work in the county. Posters and announcements will soon be out.

When you think of painting, see Coddington. —Advertisement.

Will our friends kindly bear in mind that they can get all kinds of engraving, wedding invitations and announcements, visiting cards, letter heads, etc., at The New Era Office. Their workmanship is guaranteed to be first class and the prices are reasonable. —Advertisement.

**Special Music at Epworth**

The monthly musical service of the Epworth M. E. Church will be held Sunday evening, April 2nd, with the following program:

Overture, "William Tell" Rosini

Choir Anthem, "Light and Life Immortal" Bullard

Cornet Solo, "My Heart at Thy Sweet Voice" From Samson and Delilah Saint Saens

Professor De Luca

Valze, "Triste" Sibelius

Soprano Solo, "O Divine Redeemer" Gounod

Cornet Solo, Rosary

Professor De Luca

Quartet, "Heavenly Love Abiding" Brown

Professor De Luca was formerly with Sousa's Band and Pryor's and Vessella's orchestra.

It's a striking coincidence that "American" ends in "I can." —Advertisement.

## "Beautiful Haven of Rest" Says Guest

The Board of Managers of the Cinnamon Home has submitted for publication the two following letters, from among the many received showing how the work of the Home is appreciated. The Board is glad to share with its many loyal supporters these words of approval which voice so clearly the need for the Home and its work, and show the necessity for its continued support day by day, as well as at the time of its annual fete, which will be held this year on June 3.

From a worker of the Philadelphia Society for Organizing Charity:

"On Sunday I went down to see a young mother who is visiting there with her two children. She went down haggard and worn, very unhappy. I found her with bright eyes and rosy cheeks, and wonderfully happy. She gave me the most glowing account of the lovely, jolly time they all have and the splendid restful life."

"She kindly took me over the place, showed me the clean attractive bedrooms and the cozy kitchen. Everything was charming. I think it is great to know that we have such a place to send our tired mothers to, and you all deserve our gratitude for keeping up such a needed home."

From a former patient:

"Having been a patient at the Cinnamon Home, I feel so full of thanks and gratitude for the great benefit I have received from you in this noble work in helping those less

fortunate and broken in health. I do not mean this for myself alone, but for many others that I saw while I was there, many poor things in a state of starvation and desolation, warmed and fed by your great kindness and liberality in providing and keeping up such a beautiful haven of rest, everything is so quiet and peacefully done and all round enjoyable. The food is of the best, both in quality, quantity and preparation, tempting in serving and much enjoyed by all."

"Mrs. Phraener and Mrs. Barber both are untiring in their efforts for the comfort and benefit of their charges."

"I trust you will pardon me for taking this liberty on your time, but I could not help it. I am so grateful and dear Mrs. Phraener, who is a really wonderful matron and a real tonic to her charges, and the kind peaceful Mrs. Barber, I am most thankful. It is impossible to say too much for the Cinnamon Home."

**Five Scholarships at Swarthmore College**

Swarthmore College announces the establishment experimentally of five annual competitive scholarships for men, with a stipend of \$500 which will cover the greater part of a man's college expenses. Applications must be filed on or before April 15. Further information may be secured from Charles C. Miller, 101 Lippincott avenue, Riverton.

## INTERESTING NEWS BITS

## In and around Palmyra

## Buy It at Home!

J. P. MacFarlane has purchased a new Chandler.

W. R. S. Fluck arrived home from Florida Tuesday with a pet alligator.

Mrs. Eva Braddock, of Medford, spent Monday with Mrs. A. B. Powell.

Mr. and Mrs. F. W. Rohland are entertaining his aunt from Baltimore.

Mrs. Fountain, of Parry avenue, is entertaining her sister from Bethlehem, Pa.

Harry Saar and Dr. Mills have purchased new Overlands from Saar's garage.

Chester McConnell fell on Monday while roller skating and broke his right wrist.

The new scraper has been doing great work on the streets, all of which are now much improved.

Mrs. Florence Hansen, of Chester, is visiting her mother, Mrs. A. Hansen, of West Broad street.

The Palmyra National Bank is meeting much success in disposing of the Palmyra school bonds.

Mr. and Mrs. A. W. King and son, Robert, spent last weekend in Lansdale with her parents, Mr. and Mrs. Reed.

W. H. Cook has broken ground for two of the half-dozen bungalows he plans to build this spring at Lavalite.

Miss Anna Carson, a former resident, now of Philadelphia, is spending some time as the guest of Mrs. George J. Seel.

Mr. and Mrs. J. H. Bellerjeau have just returned home after spending some time in Harrisburg, Baltimore and New York.

Girl Reserves of Y. W. will hold a cake and candy sale in Legion building, Saturday, April 1, afternoon and evening.

The supper which was given by the Philaetha class last Thursday night was very successful and netted about \$150.00.

The Inasmuch Bible class will meet next Tuesday evening, March 4, at the home of Mrs. Fred Schrepper, 418 Leconey avenue.

Miss Isabelle Tuchten, of Wilmington, Del., was the weekend guest of Mrs. Ida Bonnal. On Sunday they were entertained at a dinner given in their honor by Mrs. Malcolm Beugless, of Burlington.

Miss Veva M. Brower, of the High School faculty, received sad news on Saturday that her father had died at his home in Federalburg, Md. She left at once to attend the funeral, which was held Tuesday.

Mrs. Kershner, chairman of the Near East Relief committee, reports that a total of \$94.66, including pledges, has now been turned over to headquarters. This sum does not include the \$400 contributed by the churches.

A surprise party was given last Saturday evening in honor of the thirty-third birthday anniversary of Wesley Davies. Nine couples were present and Mr. Davies received many splendid presents. The evening was spent with music and other diversions.

Lieutenant Joseph G. Seel, who has recently been assigned to the 309th Infantry of the 78th Division of the Organized Reserve, attended the organization conference of that Division held in the 113th Infantry Armory, Newark, Wednesday evening.

Robert C. Bittling, the electrician, has in operation a small radio telephone set with which he is able to enjoy the radio programs which are broadcasted nightly. He plans to erect a larger set for demonstration work and to have a complete line of supplies for local enthusiasts in the near future.

The work of digging the sewer is now progressing on Cinnaminson avenue. Owing to several streets being torn up, travel in the Parry avenue section has been much hampered for several days. The contractors have succeeded in locating the sewer laid under the Broad street concrete after several days spent in tunneling under the railroad at Cinnaminson avenue.

A get-together meeting of the stockholders of the Public Service Corporation in the Camden district, will be held in the Y. M. C. A. auditorium, 566 Federal street, Camden, next Wednesday evening. High Public Service officials will address the meeting and the time will be made for the presentation of a musical program with the Stuyvesant quartette, assisted by Henry Allan Price, a well-known entertainer.

James T. Weart on Tuesday severed his connection with the Keystone Leather Company, of Camden, after sixteen years service. Employees of the concern presented him with a handsome travelling bag. Mr. Weart has been for years private secretary to Charles A. Reynolds, former head of the Keystone Company, and will now become an official of a new leather company which Mr. Reynolds is starting.

On Sunday evening, April 2, the quartette consisting of Miss Ethel Morton, Miss Cecelia Becker, Alfred Van Osten, and Otto Becker will render the cantata "Penitence, Pardon and Peace," by J. H. Maunders, at the Calvary Presbyterian Church.

How is the writing fluid you have been getting lately—sort of pale and watery looking? We have a jet black ink, guaranteed satisfactory or your money back. Will not clog in fountain pens. Six ounces for half a dollar. At The New Era Office.

## Deaths

Mrs. J. Edwin King, a former resident of Palmyra, died at her late residence, 3336 Germantown avenue, Germantown, on Tuesday of last week.

Funeral services were held from the Harnett funeral parlors, 36th and Germantown avenue, on Saturday. The deceased is survived by her husband and one daughter.

## Deaths

Every Tuesday at 8 o'clock at the Porch Club, Riverton.

Next Tuesday there will be no classes. There will be a general good time for all who come. If you've never been out, now is the time to see our fun and have a share.

Degrees infinite there must always be, but the weakest among us has a gift, however seemingly trivial, which is peculiar to him, and which, worthily used, will be a gift to his race.

## Clifford Powell Coming

State Assemblyman Clifford Powell will address the Chamber of Commerce at its April meeting Tuesday evening, the 11th.

Secretary Rustic has been notified by A. B. Clark, of the Pennsylvania railroad, that the station doors were to be kept open until after the last train, beginning last Tuesday.

Mr. Clark added that one reason the doors had been closed earlier in the evening had been due to boys committing nuisances about the depot and that the railroad would like to have the co-operation of the public and the local authorities in preventing this in the future. If more trouble is experienced, the doors will have to be locked early again.

## Officer Rodgers Back on Job

Officer Joseph Rodgers is back in harness as police officer, having resumed his duties Monday, after a six-weeks "vacation" spent recovering from the effects of a steel-jacketed bullet which plowed through his back the morning of February 12, when bandits attacked the local officers.

The two suspects arrested in Gloucester and identified by Officer Rodgers and Chief Beck as being members of the gang which did the shooting, are still being held in Camden, awaiting trial on charges which were brought against them there, and it is not planned to push the Palmyra case until they can be brought to Burlington county.

## Generous Gift to School Children

Two hundred pounds of delicious fig paste has been distributed throughout the county for the pupils in the schools where nutrition is being emphasized, and interest manifested in the undernourished children.

The executive secretary and nurse of the Burlington County Tuberculosis League have been visiting the rural schools, equipped with scales and measuring rod. Children have been weighed and measured and tags presented indicating the actual and normal weight. A message has been left with the pupils about the observance of the health rules, and fig paste for those children who showed lack of proper nourishment.

The California Peach and Fig Company generously presented 240 pounds of figs to the League for this purpose.

One thousand and twelve tags have been given, and 211 children found under weight from 3 to 30 pounds. Much of the lack of weight has been traced to improper food, lack of sufficient rest, insufficient fresh air night and day, or to some neglect of simple rules of hygiene.

## Gas Pipes to Be Laid Before Roadway is Built

George T. Dold, of the Public Service Corporation, and Chairman Davies, of the Palmyra Township Committee, had a conference Tuesday evening regarding the prospective paving of Cinnaminson avenue with a permanent surface by the State Highway department, which now has control of the road as the result of the recent action of the legislature.

Inasmuch as the State will not allow the new surface to be torn up for a number of years, Messrs. Davies and Dold decided to call upon all property owners along the street to have made at once all connections for gas, water and sewers to the curb on all lots, whether vacant or improved, where it is expected to have improvements requiring such service in the future.

Unless vacant lots are so taken care of at once, they will be difficult to sell.

It is expected that the State will pave the avenue with either sheet asphalt or concrete, making a valuable addition to Palmyra's streets. Work will probably start on the improvement this spring.

## Could Not Get By Chief Beck

Chief of Police Beck picked up ten men Thursday morning distributing punch cards giving "chances" on a set of dishes, to be given to the holder of the lucky number. As all games of chance are in violation of the anti-gambling law, Chief Beck promptly ordered the men to leave town, which they did. He also notified the Riverton police department, so that the men would not get a start. One of the men had already started to operate in Riverton. People who patronize such schemes are taking a long chance.

## Sewer to Be Finished By Fall

Work on the sewer is continuing nicely. The contract with the Kelly Company calls for the completion of the mains by next November and it is thought the work will be finished prior to that time. Bids will be received for the disposal plant next Tuesday, and work will probably be finished even before the mains are completed. Consequently the sewer will be ready for use by winter.

## First Aid Exhibition by Bell Telephone's Crack Team

The Bell Telephone's First Aid team, which holds the championship of the country, will appear in Palmyra on Thursday evening next, April 6, to give a free public exhibition under the auspices of the Palmyra Ambulance Association.

The exhibition will be staged in the auditorium of the Palmyra high school and every citizen is invited to witness the interesting demonstration which this team will put on. A Palmyra boy, George Truman, is one of the leading members of the organization.

The team will show how nearly drowned persons are resuscitated, how persons nearly asphyxiated are brought back to consciousness, what methods are employed in near-electrocution cases and how persons with broken bones and other serious injuries are handled. A member of the team will act as the "victim" in each case, while the others perform the tasks for which they are especially trained.

The Bell team won the championship in competition with 248 other teams from all over the country. It is only rarely that the company allows it to give public exhibitions and it is a special favor to have it come to Palmyra.

Old Man Carelessness says he is not much of a mathematician, but that he can add to anyone's troubles, subtract from everyone's earnings, multiply their aches and pains, take interest out of all labor, and discount everyone's chances for safety, sanity and success.

## Patriotic Order Sons of America

Monday evening was Past President's night and twenty-five of the former presiding officers of the lodge were present, and entertained the members with some of their experiences in the days gone by. After the meeting the Past President's Association was re-organized with Leslie Reeves as president, Kenneth Davis secretary, and Thomas Ward treasurer. Committees were appointed on banquet, membership and increase of camp membership.

Honorary member William Davidson stirred the boys up with an enthusiastic address. He said he was surprised to hear that Camp No. 3 were after our camp for first place in membership, and that our boys were laying down on the job. He finally stated that he believed that twenty-five of the younger members of the camp could bring in more candidates than the twenty-five members of the past presidents who were present. His offer was immediately taken up, the losing side agreeing to pay for a supper for all. Mr. Davidson was prevailed upon to head the lay members team.

On Monday evening, April 24th, the camp will give their third annual reception to Past Presidents of the American Legion. Bradley Post of Riverton will also be invited to be present and in the future the reception will be tendered annually to both posts.

## Bellerjeau-Yockel

A very pretty wedding took place in the Memorial Church of the Advocate, 18th and Diamond streets, Philadelphia, at five o'clock Wednesday afternoon, when Miss Carolyn B. Yockel, daughter of William Yockel, of 2137 North Twenty-second street, became the bride of John Bellerjeau, Jr., son of Mr. and Mrs. John B. Bellerjeau, of 422 Morgan avenue, Palmyra. The bride's only attendant was her sister, Miss Dorothy Yockel, and the groom was attended by Paul E. Duffield, of Philadelphia. After the ceremony, at which the Rev. Madare, rector of the church officiated, a reception took place at the church. Upon their return from a wedding trip, Mr. and Mrs. Bellerjeau will reside at Fifteenth and Master streets, Philadelphia.

Palmyra Captures County Spelling Bee

Palmyra's public schools sent five contestants to the county spelling bee at Mount Holly last Saturday and three of the five returned with prizes, won in competition with 64 other children from all over the county.

Marie McDermott, 12 years old, won the first prize of the contest, and was awarded the chief prize, \$10 in gold. She spelled steadily from 2 o'clock in the afternoon until 6 and the word which "spelled" victory for her was one she had never heard of before and which the announcer had to ask the judges how to pronounce.

Marie is in the seventh grade. She is the daughter of M. J. McDermott, of Leconey avenue.

Augusta Sack and Jane Price were the other two Palmyra entries to distinguish themselves. Augusta carried away one of the \$2.50 prizes and Jane won one of the 50 cent prizes.

Measurement of Ear Corn.

There seems to be no general standard measurement of ear corn. In some parts of the country the custom is to figure double the quantity of ear corn to that of shelled corn. The standard United States bushel contains 2,500.4 cubic inches, so in measuring ear corn the bushel would be 4,900.8 cubic inches. The weight of a bushel of dry ear corn is seventy pounds in every state except Indiana and Ohio, in which it is sixty-eight pounds, and Mississippi, in which it is seventy-two pounds.

Get After What You Want.

It is no use just sitting down and waiting for things to happen. Life is "round the corner," and you've got to run after it, and run fast, too, with your head up, and your mind alert. Winners are all very well, but they must not master you. You've got to master them. Long, years, desire, as much as you like, it is a good sign, but, oh, don't put your wishbone in the place where your backbone ought to be.—F. H. Hume.

## MILLIONS FOR ROAD PAVING

New Jersey's State Highway Department Has Large Jobs Laid Out in South Jersey.

### WHITE HORSE PIKE LEADS

Wide, Hard Avenue From Camden to Sea to Be Completed—Detours Will Have to Be Used for Months.

Trenton.—Road building operations running into millions of dollars and providing more than 50 miles of new concrete paving for south Jersey are to get an earlier start than usual this year, and with the awarding of remaining contracts in April the season's program for highway construction in all of the lower counties will be about completed. Through the action of the state highway department and District Engineer John A. Williams' plans and specifications for virtually all the more important projects in which state appropriations are involved have been completed, and every day will be clear sailing as soon as bids are received and contracts officially given out for the work.

April starts the open season for road building, although some contractors are already at work on certain roads in Gloucester, Salem and Cumberland counties. By reason of the early start District Engineer Williams fully expects to have the more important highways completed before Labor Day, provided no extremely unfavorable conditions arise, such as bad weather, labor trouble or railroad embargoes on shipments of materials due to the threatened coal strike. The most important road projects to be undertaken in the lower part of the state this year are:

Paving of the White Horse pike from Camden to Berlin, about 12 miles, on Route 8, in Camden county, connecting concrete road from Berlin to Absecon.

Completion of eight mile link of concrete paving on Route 6, between Mullica Hill, Gloucester county, and Shirley, Salem county.

Paving of Bridgeton and Millville pike, about ten miles, in Cumberland county.

Completion of Woodstown-Salem pike, four miles, and paving of four additional miles between Salem and Quinton, also on loop of Route 6, in Salem county.

Construction of about five miles of hard surface highway from Smithville across the Mullica river meadows in Atlantic county.

These projects all come under the state reimbursement plan, whereby the counties of municipalities advance the funds for building the roads, for which they are later paid by the state highway department as the funds become available. Some other state aid or solely county and municipal road building operations are also to be carried out. One of the most important of these is the resurfacing with sheet asphalt of the Westville-Glassboro pike, five miles or more.

### Long, Smooth Road

Most important of all of the projects will be the rebuilding of the White Horse pike, from Berlin to the Camden city line. From Berlin down to Absecon the pike is now a smooth stretch of new concrete paving, the last of which was completed in the late summer of 1921. From Berlin to Camden the pike, mostly worn, is to be entirely rebuilt with concrete. This will be the widest concrete road yet constructed in south Jersey, as it will be 40 feet in width from the Camden city line to Clement's Bridge, which represents one of three sections submitted for separate bids. The other sections are from Clement's Bridge to Lindenwood and from Lindenwood to Berlin. The last two sections are to have a width of 30 feet with graded shoulders, making the entire width 40 feet. Previously this road has been about 20 feet wide, with only 12 feet paved on some of the rural stretches. The bids for all three sections are to be opened April 10.

### Detours for Months

Detours that will have to be taken by motorists while the White Horse pike is being rebuilt from Berlin north will be as follows, starting from the Camden end:

Detour No. 1.—Out Marlon pike to Ellensburg, to King's Highway, to Haddonfield, to Lancaster, to Berlin, from which point the White Horse pike will be clear southward.

Detour No. 2.—Out Blackwood pike to Mount Ephraim, to Clementon and thence to Berlin.

Other road projects for Camden county under the state aid system will include the paving of Marlon pike from Ellensburg to the Burlington county line, and the King's Highway from Ellensburg toward Haddonfield to the Burlington county line, the section from Haddonfield to Ellensburg having been paved last summer.

Contracts have already been awarded, and work is under way on the eight miles of concrete on Route 1, between Mullica Hill and Shirley. A contract has also been awarded for a 20 foot concrete county road from Mantua to Barnhorse, with prospects of its being extended through Pittman to Glassboro, State road jobs in Gloucester county also include a 22 foot concrete pavement for about three-quarters of a mile from North Woodbury to Woodbury creek, in the city of Woodbury, which, with the changing of the trolley tracks to the center of the street, will provide paving for the full width of the street. There will also be a similar amount of paving on Salem avenue toward Mantua, in Woodbury, also part of Route 6 of the state highway system.

In Salem county the Woodstown-Salem pike and the Salem-Quinton pike are to have a 20 foot concrete pavement, bids for which will be opened early next month. From Quinton to the county line and thence through Cumberland county to Bridgeton the contract has already been let for gravel grading, upon which concrete paving will be paid later.

Two small pieces of paving are to be

done by the state at Bridgeton, as sections of Routes 6 and 15. Bridgeton city is also considering an elaborate street paving program that would represent a total expenditure of \$275,000. Winsted, also in Cumberland county, will pave one mile of Landis avenue, one of the widest thoroughfares in the state, at a cost of \$125,440.50. Bids for the 20 foot pavement on the Bridge-Millville pike will be received on April 13. This road is to be concrete base with Warrenite top, with five foot gravel shoulders on either side.

Gloucester county's principal highway operation this year will be the road across the Mullica river meadows, which involves an expensive fill and also the construction of a lift bridge over the Nantuxee creek. This five miles of meadow highway will cost \$874,000.

Cape May county will do only a limited amount of road building this year. A five mile stretch on Route 14 will be constructed from Cape May Court House to Swanton.

Arrangements for resurfacing the river road between West Burlington and Edgewater Park have been completed by the Burlington county freeholders, and bids for the work, which was delayed by cold weather, will be received next week. Sheet asphalt will be used in the new highway, which will complete the last link in improved roads from Burlington to the Camden county line at Pensauken, creek, West Palmyra.

**Jersey Big at Sequal**  
Senator William H. Bright, of Cape May county, introduced the bill authorizing an initial appropriation of \$20,000 for the erection of a New Jersey building at the Sequal-centennial Exposition in Philadelphia in 1926, is actively interested in further plans to obtain additional financial support of New Jersey's participation in the celebration and for the actual erection of the state's building.

"It is my idea," said Senator Bright, "that it will cost at least \$100,000 to put up the kind of building New Jersey ought to have at the exposition. It will be a permanent house, and so planned that at the exposition each of the twenty-one counties may have ample room for full representation.

"With the \$20,000 we now have, a start can be made getting plans and arranging for exhibitions from various sections of New Jersey. No time should be lost in this, for at the Sequal-centennial New Jersey is to be in competition with all other states of the Union. We must make a good showing.

"My thought is that the New Jersey building should be arranged so that there will be a spacious rotunda in the center, and from this there should radiate twenty-one large rooms, one for each of the counties. Each county will probably be asked to make a display that will show its chief industry, for instance, Cape May county would have a large collection of fish, this county being the center of a larger portion of the industry than any section of the Atlantic Coast outside of Boston, so as it would go through the counties, each displaying the thing or things that lead in the county life. Then there would be one great room for a general state exhibit, and from this there would be administration offices and quarters for entertainment."

### Heavy Toll of Lives

That influenza and pneumonia took a heavy toll of lives in the state was shown in the mortality report for February, issued in Trenton by the State Department of Health. During that month, the report showed, 187 persons succumbed to influenza, a decided increase when compared with the average of twenty-six for the past twelve months. A total of 523 people died of pneumonia during that period, compared with the average of 168 for the past year.

During February, 4,161 residents of the state died. Of that number, 690 deaths were among children under one year of age, 320 among children over one year and under five years of age, and 1,544 deaths among persons aged sixty years and over.

Diseases of the respiratory system took a heavier toll during February than in the previous year, there having been 442 deaths attributed to that cause during the month, compared with an average of 174 for the past year. Thirty-nine suicides were reported to the department, a slight increase over the average of thirty-five for the previous twelve months.

### Would Exact Auto Tolls

Taxpayers generally should not be called upon to bear the burden of maintaining the highways, benefits of which are enjoyed almost exclusively by automobile owners, former Governor Stokes, Republican state chairman, declared in a statement issued at Trenton.

Higher fees for non-resident trucking corporations hauling freight in competition with railroads was suggested by Chairman Stokes as an equitable solution of the problem of financing maintenance of the highways. He also advocated establishment of a system of tolls to be imposed upon automobiles using improved highways built at public expense.

### Baseball Prospects Bright

Manager Nichols, of the Field Club baseball team, reports that the outlook for the 1922 season is one of the best ever.

Last Saturday twenty-four candidates appeared for practice, and among them were some extremely likely youngsters, as well as a liberal supply of spry and dependable veterans. The manager has issued another call for practice this Saturday. He has been informed by Sheriff Plang that a meeting of the Central League will probably be held in Mount Holly next week and some interesting news will then be available.

### Newspaper Man to Address Boosters

Walter L. Tushington, business manager of the Camden Courier, will address the Boosters Club at its meeting next Tuesday evening in Society Hall. He will take for his subject the benefits a town derives from civic organizations and also will touch on his experiences on a tour with the Camden Rotarians through the south. All Boosters and their friends are invited.

If you love your country, love it not with a narrow feeling that it is yours alone; but with a greater consciousness that your home is a part of the universe.—Abdul Baha.

Post Rodgers of the American Legion, Palmyra, plans to have a big turnout for the rally meeting on Tuesday evening, April 4, at the Post headquarters. The Ladies' Auxiliary will take care of appetites in the usual style. Everybody out.

A first and a second prize are offered by Mount Holly Post, American Legion, for the best essays by a high school student on the subject "Why every ex-service man should be a member of the American Legion." A \$10 gold piece will be the first prize and the second has not yet been announced.

At a joint meeting of Collingswood Post and Auxiliary plans were made for a rummage sale to be held in Camden on April 7 and 8, the proceeds to be used for ex-service men in hospitals. An orange social was also arranged to be held on Monday evening, April 10. Miss Ruth Carr was appointed chairman of the arrangement committee.

At a meeting of Haddonfield Post arrangements were made for the placing of flowers and the national colors on the grave of Walter Tucker, whose grave is some way in France. He enlisted from Haddonfield immediately upon America's declaration of war, and was engaged in scout service when he met his death.

Scores of ex-service men attended the charter banquet of Raymond Thors Post No. 47, Camden, in the Third Regiment Armory. The speakers included some of the officers of the State Department. Rehearsals are now being held by the members of the post for the play on April 21. A committee to look after the business part of the production will be named at a special meeting next week.

The basketball team of James Harvey Post No. 144, Ventnor, has issued a challenge to any team of Legionnaires in the State at Trenton. Coach is acting as manager of the quintet.

A meeting of Tatem Shields Post, Collingswood, was held Tuesday evening, and plans were made to organize a father's day celebration. Presentation and by-laws were presented from Westfield Post, where such an Auxiliary has been successfully established.

Through the courtesy of the National Headquarters, F. A. Funston Post, Hammonton, announces that persons having soldier dead overseas and wishing to have a tribute placed on their graves can do so by communicating with Adjutant William J. Bradley.

When the extended time for filing applications for soldiers' bonus expired the Bonus Commission had received an approximate total of 124,000 applications. Of this total the commission has reviewed and passed for payment 119,000 claims and the State Treasurer's office has mailed checks to 118,200. Claims now being passed upon involve the question of residence, the time of enlistment or induction into the military service. Thus far the commission has finally rejected only a negligible number of applicants, this being done only when it appeared affirmatively that the applicant was not entitled to be honored under the New Jersey law. The commission believes that approximately 3000 more claims may be approved before the work of the administration is brought to a close.

### Notes from Parry

Bishop Charles Moench, of Bethlehem, spoke at the evening services at the Moravian Church on Sunday.

Rev. R. Reimer, of the Moravian Church, spoke before the Wesleyan Bible class at the Methodist Church Sunday afternoon.

Mr. and Mrs. John Bohs will entertain a number of friends at dinner Saturday evening.

### Fire Company's Doings at Parry

The Ladies' Auxiliary of the Parry Volunteer Fire Company, No. 1, held an election of officers on March 22, as follows: president, Mrs. W. M. Morris; vice president, Mrs. H. Schuck; financial secretary, Mrs. C. H. Worth; recording secretary, Mrs. R. M. Wortham, Jr.; treasurer, Mrs. William Phelan.

The Parry Fire Company, after five years of strenuous efforts and uphill fight, has at last reached its goal in obtaining sufficient funds to place an order for a fire apparatus to be delivered by the first of June. It will consist of the A. J. Child's Chemical equipment mounted on a Commerce one-and-a-quarter-ton chassis at a cost of about \$4,000. The chassis was purchased through William T. J. Furnell, of the Palmyra Bank.

### Hammonton Clinic

The clinic for tuberculosis held at Hammonton as a center for Burlington, Camden and Atlantic counties was attended by the executive secretary in pursuance of the Burlington County Tuberculosis League. Children were taken from Tabernacle to the clinic in the automobile of the League. The clinic is run by Glen Gardner and assistance given by the local physicians. As many as 31 patients have been examined at one clinic.

### Lower Gas Rate Now Effective

The fifteen-cent reduction in the Public Service gas rate went into effect on Monday.

The rate of \$1.40 per thousand cubic feet, fixed during the war, has been revised to \$1.25 per thousand cubic feet, as the result of an appeal brought by the municipalities of the State before the Public Utilities Commission.

The amount of gas consumed each year in New Jersey totals approximately sixteen billion cubic feet. The fifteen-cent reduction means a saving to the consumers of \$240,000 per year. There are about 650,000 users of gas listed on the Public Service Gas Company's books. The individual consumer's reduction is estimated to be about \$3.66 per year.

### April

When April stirs the mould,  
The thoughtful toils your garden needs  
So plant the well-raked beds  
With varied seeds  
And don't forget to label

Which is what  
—Arthur Guiterman

### BOYS LET OFF WITH FINES

Jack Corry, Walter Moyer, Fred Campbell and two of his chums from Ridley Park, who broke into the Riverton Yacht Club a short time ago, were arraigned before Squire William L. Fichter, in Palmyra, last Friday night. The charge of house breaking was not made, and the boys pleaded guilty to malicious mischief and disorderly conduct. They were each fined \$10.50, damages, costs.

Campbell and the other two boys from Ridley Park did not appear in person. C. Scott Richards, secretary of the Magistrates' Association of Chester and Philadelphia counties, received the service of the warrants over the telephone, and pleaded guilty for his clients, agreeing to accept any sentence imposed. He arranged to send a check for the amount of the combined fines for the three boys to Squire Fichter.

Chief of Police Geiss attended the session of court in person, accompanied by Officer Quigley. In explaining the light sentence, Mr. Geiss said that all the Yacht Club wanted was to break up the annoyances to which they were long subjected, and had no desire to be unnecessarily harsh with the boys. If the more serious charge of breaking and entering had been pushed, the case would have gone to the county court, where one of the boys was placed on probation some time ago.

The boys have been suspended from the Yacht Club.

### High School Notes

The "Varsity" clashed with the Alumni at the basketball game in the Temple gym last Friday evening, and it was shown how quick fellows lose their pep when they get out of high school, for despite the presence of such former state champions as Jack Buckholz, Andrews, Matthews, and Freed in the opposition, the Varsity cleaned up the old timers to the tune of 25-12.

The whole high school squad had a chance at the fray, Coach Brumbaugh started off with Weikman, G. Shipp, Hinchman, Warner and Palphreyman, and then shifted in Kersey, Hoepfer, Kumpel, J. Burr and P. Burr, having everybody an opportunity to play.

The track team candidates have been out in their flannels several days now that real spring weather has arrived, and the boys have been showing some real ginger too. Coach Brumbaugh announces that the first game will be with Upper Darby on the local grounds on April 11th.

### I.O.O.F.

Yes, it stands for Improved Order of Odd Fellows, as every one knows. But there is also another meaning that can be applied that possibly every member is not acquainted with. It is one that should be known, read and adhered to by every one affiliated with Cinnaminson Lodge No. 201.

Now just read this slowly and carefully: "I Owe One Friday" a week to my Lodge.

Start this week and be on hand. The officers of this Lodge are a live-wire bunch, who have to be seen to be appreciated.

Have you seen them yet? Lodge convenes promptly at eight o'clock, and by snapping into the business of the evening, it leaves ample time for sociability or to carry out your wife's orders to be home early. Try it and see for yourself.

Let us forget—there is a big time this Friday evening. Degree demonstration by our members, followed by a social, which will include "tea." We know you will be there now.

### Baptist Church Notes

A series of evangelistic meetings will be held in the Baptist Church next week. The Rev. Howard K. Williams, B.D., will preach every night except Saturday. Special music each night.

The pastor will begin the series on Sunday morning with a sermon on "Unoffered Prayer" and in the evening the subject will be "Stripping Christ." Everybody invited and all will be welcome.

A Baraca and Philathea social will be held in the church, Saturday evening, April 1.

### Epworth M. E. Church Notes

Next Sunday morning every member communion service will be held and in addition there will be reception of a class of young people into church membership, and others by church letter.

In the evening a musical service of exceptional merit will be held. The choir will be assisted by Prof. De Luca, a celebrated cornetist and by the orchestra of the Wesleyan Bible class. Come early for a good seat.

### Board of Freeholders

At the weekly meeting of the Board of Freeholders last Friday, it was decided that hereafter when persons desire to open county roads for making sewer, water or other connections the applicant shall pay the entire expense of replacing and repairing the road, under the supervision of the board, to the satisfaction of the county, has borne part of the expense.

A letter from Jesse C. Adkins, a Washington lawyer who is looking after the county's interests, in its claim for damages done to roads by Camp Dix army traffic, stated that an appeal had been taken from the decision of the War Department, which recently rejected Burlington county's request for compensation in this matter.

### Guns Must Not Trespass

Among the changes made in the fishing and hunting laws by the Legislature last session was the requirement that farmers must thoroughly "post" their lands in order to prevent gunners and fishermen from trespassing upon them. The Agans bill, which was approved by the Governor, provides that the posting need only be done on lands along the public highway, or adjacent to any usual entrance way to the farm, in order to prevent trespass.

The penalty for trespassing is a fine of \$20, one-half of which goes to the farmer; and the penalty for tearing down or defacing a poster is a similar fine or thirty days' imprisonment.

### Come! Come! Girls! What's the Matter?

According to reports just issued by the United States Census Bureau, there are thirteen million bachelors in this grand and glorious country of ours—a larger percentage than any country in the world.

No grown ever made a heart glad; no comrade ever made a dark day bright.—George L. Perin.

## Annual Water Rates of the Riverton and Palmyra Water Company

All persons wishing to connect with the public water supply, may do so by applying for contract and filing it with the Company at the office, 532 Main street.

**RATES**  
% in., including 10,000 gal. \$2 per quarter  
% in., including 12,000 gal. \$4 per quarter

**EXCESS**  
First 25,000 gal. 30c per 1000 gal.  
Second 25,000 gal. 25c per 1000 gal.  
All over 50,000 gal. 20c per 1000 gal.  
Bills rendered quarterly and due when rendered.

For convenience of patrons, bills may be paid at Cinnaminson National Bank.

We aim to give good service. Any complaints will receive prompt and courteous attention if addressed to

Office of the Company,
