Big Speakers for Dinner at Burlington May 16th

Invitations have been issued by the County YMCA for the seventeenth annual convention dinner, which will be held in the First Baptist church, Burlington, Tuesday evening, May 16, commencing at 6:30 o'clock. This is an event to which any boys and men of the county are invited. The speakers whom the committee announces are listed among the really great speakers of America, and is often thought of as being like the kind of man Abraham Lincoln was—Dr. Samuel W. Graflin, of New York, Religious Work Director of West Side YMCA. Dinner tickets, one dollar, may be had from county committeemen, group leaders, and at the county YMCA office, Mount Holly. Secretary Hendry advises that reservations be made very promptly because last year the banquet room capacity was sold before the date advertised for the sale of tickets to close.

What Mr. Beck Thinks of Dr. Graflin

There are hundreds of men and boys throughout Burlington County, who, having heard Cameron Beck, personnel director of the New York Stock Exchange, at the Father and Son banquet at Palmyra, at Burlington or at the opening dinner of the Older Boys' Conference, March 31st, in Mount Holly, think he's about the best speaker they ever heard in their lives. When Mr. Beck was in Mount Holly for the County Conference and learned that Dr. Samuel W. Graflin, of New York, had been secured for the County Convention, he said most emphatically: "Let me no stone unturned to provide for him a great hearing. I consider Dr. Graflin one of the greatest speakers of America. He reminds me more than any other I know of the kind of man I think of Abraham Lincoln as having been."

The Riverton Group

With peanut socials, hobby nights, practical talks, games, instruction in thrift as regards time and money, debates on subjects such as "Resolved that Secretary Hughes is a greater hero than General Pershing," indoor track meets, a study of what constitutes good citizenship, paper and pencil stunts, "keeping fit" talks, outdoor gatherings around doggie roasts, and all these activities participated in and largely promoted by the boys themselves, no wonder that the fifteen fellows who are members of the Calvary YMCA group enjoy their weekly meetings. The group has its own officers who are supervised in their activities and the carrying out of their program from week to week by the group leaders. These leaders are: S. B. Jones, Jr., Riverton, and Harvey G. Fisher, Palmyra. Douglas J. Kersey, also of Palmyra, and a senior of P.H.S., is assisting these leaders. The officers of the group are: president, Allen Hemphill; vice president, Chas. E. Boal; treasurer, Leon Sloan; secretary, William McKnight; and the members are Roy Whitham, Samuel Herbert, Howard D. Sordson, Jr., Charles Coddington, Lewis Bell, Edward Sordson, Welland Murray, George Bennett, John Carpenter, Floyd C. Smith, Charles S. Becker, and Hon. Emmor Roberts, Henry F. Stockwell, Moorestown; Henry P. Thorn, Herbert F. Cochley, A. Engle Haines, Medford; John F. Hutchinson, Hon. Harold B. Wells, Bordentown; Frank W. Thacher, Florence; J. Porter Ashbrook, John J. Buswell, Lumberton; Alexis L. Clark, Crosswicks; William H. Helsler, Pemberton; Walter Kirby, Columbus; Dr. Elmer D. Priddy, Mount Holly; Carleton E. Sholl, George T. Williams, Burlington; Charles W. Wanger, Riverton.

Drive Starts May 5

At a recent meeting of the County YMCA committee the decision was made, and plans perfected for securing renewal of subscriptions and pledges to the 1922-23 budget for maintaining and increasing Young Men's Christian Association activities throughout the county May 5 to 16. A meeting of workers who will assist the committee in this solicitation will be held in Mount Holly May 5, with Judge Wells presiding.

Forty Groups—600 Members

Right now there are forty YMCA groups in Burlington County in 29 communities, with an actual active membership of 593. In the weekly meetings of these groups definite programs of physical, social, educational and religious activities are conducted. Work with boys in groups is the heart of County YMCA work. Realize that this means almost 600 boys converting what would for the most of them be wasted time, into purposeful character building activities, under the direct leadership of 52 successful Christian men of our county, who gladly invest hundreds of hours without pay to prevent the leisure time of these boys from becoming hotbeds of devility.

The Boys' Camp

Chief among summer activities is Camp Ockanickon, famous with hundreds of boys and parents of South Jersey, where as one fellow said, "I learned but had real pleasure doing it; I can work and yet like it; the place

Camden Post, No. 7, has appointed a committee, composed of Robert J. D. Field, William Stewart, Robert Riley, George B. Myers and Albert F. Fowler to arrange for a campfire to be held at the headquarters, Broadway and Benson street, at which the veterans of the Civil War will be the guests of honor. At this event final plans will be made for the Memorial Day exercises. A committee, composed of Colonel Winfield S. Price, Major Selby, Harold Bennett and Augustus Larkin, is selecting veterans of the Civil War, as well as of recent wars, to address the public school children the day preceding Memorial Day.

The Cape May County posts will have a rally in the music pavilion, on the Boardwalk at Ocean City, on May 18. The speakers will include Lieutenant H. Gordon Milson, one of the few survivors of the Princess Patricia Regiment, and Colonel H. Norman Schwarzkopf, an overseas veteran, now commander of the New Jersey State Police.

Lakewood Post, No. 166, will unveil a \$12,000 monument in honor of the heroes of the World War on May 30. The money was raised by public subscription, and the Township Committee has announced that it will make an appropriation to defray the expenses of the Memorial Day program.

The posts of Camden County are planning a track and field meet, to be held in the afternoon of Memorial Day. Both individual and team prizes will be offered to stimulate keen competition. By devoting the forenoon to the more impressive acts of respect and reverence to departed comrades and the afternoon to athletic sports, the Legionnaires believe they have planned a well-balanced day.

A summer camp for wounded veterans will be conducted on Rotary Island in the Delaware near Trenton, by Rehab Chapter No. 2 Disabled American Veterans of the World War. Arrangements have been made with the authorities of Camp Dix for purchase of commissary and quartermaster supplies during the continuance of the camp. The State military officials have also authorized issuance of tentage, flooring and other accessories incidental to the fitting up of a first-class rest area.

The auxiliary of the Shaw-Paulin Post, Glassboro, met Thursday evening and arranged plans to assist the veterans in the Memorial Day program.

where I could go forever and still learn something more."

The County Committee

The present membership of the County Young Men's Christian Association committee directing this county-wide boy development organization are: William F. Overman, J. Harvey Borton, Edward A. McGowan, Hon. Emmor Roberts, Henry F. Stockwell, Moorestown; Henry P. Thorn, Herbert F. Cochley, A. Engle Haines, Medford; John F. Hutchinson, Hon. Harold B. Wells, Bordentown; Frank W. Thacher, Florence; J. Porter Ashbrook, John J. Buswell, Lumberton; Alexis L. Clark, Crosswicks; William H. Helsler, Pemberton; Walter Kirby, Columbus; Dr. Elmer D. Priddy, Mount Holly; Carleton E. Sholl, George T. Williams, Burlington; Charles W. Wanger, Riverton.

T. J. Cornelius

The story of T. J. Cornelius, now studying in this country to prepare himself for larger service with the YMCA in India, who will speak briefly at the County YMCA convention dinner in Burlington on May 16th, is one to fire the imagination of the most prosaic.

Previous to coming to the United States in 1919, Mr. Cornelius had studied in one of the Indian colleges and was connected with the Government of India in their criminal investigation service. Admiring and recognizing the leadership of Mr. Kanakarayan T. Pavl, the National General Secretary of the YMCA in India, he was induced to join the YMCA staff. For a time after his arrival in America, he acted as Secretary to Mr. Sherwood Eddy, but as he wished to take additional college training, he soon entered Oberlin College. In June 1921 he graduated with the B. A. degree, and then went on to the University of Chicago and the YMCA College. This month he expects to receive the degree of Master of Arts. He hopes to be able to return to India before many months have passed to take up new work there for the "Y." He is intimately conversant with the Indian situation from every standpoint, but his particular interest is in the lives of the millions of Indian villagers whom he goes back to serve.

LESSON FOR MAY 7

ISAIAH'S REMEDY FOR A WORLD AT STRIFE

LESSON TEXT.—Isa. 2:2-4; 11:1-9.
GOLDEN TEXT.—Come ye, and let us walk in the light of the Lord.—Isa. 2:5.
REFERENCE MATERIAL.—Ps. 42:1; Mic. 4:1-5; Phil. 4:8, 9; Gal. 5:22, 23.
PRIMARY TOPIC.—How to Be a Peacemaker.
JUNIOR TOPIC.—Swords Beaten Into Plowshares.
INTERMEDIATE AND SENIOR TOPIC.—How to Make Peace and Keep It.
YOUNG PEOPLE AND ADULT TOPIC.—Conditions of Permanent Peace.

Isaiah does not set forth merely an ideal for a world at strife, but foretells what shall actually take place in the latter days, which shall put an end to all earth's strife. In these Scripture texts he reveals the fact that Jesus Christ shall come and establish His kingdom and remove from men's hearts the cause for strife.

1. The Kingdom Established (Isa. 2:2-4).

By "mountain" in the Scriptures is meant "kingdom" (Dan. 2:35; Rev. 13:1; 17:9-11).

1. Its position (v. 2). It shall be in a place of supremacy. It stands at the head of all kingdoms. In fact the kingdoms of this world shall then become the kingdom of Christ (Rev. 11:15).

2. The restored nation the teacher of the Gentiles (v. 3). God called Israel that He might make His name known among other nations. Now after many centuries of apostasy and rebellion the chosen nation comes into its own. God's favor will be so outstanding as to gain the attention of the whole world and cause the people to come up to Jerusalem to hear the law of God.

3. The divine judge (v. 4). The problems of the nations of the world shall be adjudicated by One who is all-wise, and He shall rebuke many people. Because of this rebuke they shall convert their implements of war into implements of husbandry and they shall learn war no more.

II. The King (Isa. 11:1-5).

1. His lineage (v. 1). He is of royal stock, of the house of David. From the fact that the "branch" grows out of David's roots, it is shown that Messiah shall come when the fortunes of the nation are very low.

2. His qualifications (vv. 2-5a). The Holy Spirit shall rest upon Him in His completeness, qualifying Him for His work. "Wisdom and understanding refer mainly to the clearness of intellectual and moral insight; counsel and might to the qualities which give sound practical direction and vigor to follow and carry through the decisions of practical wisdom; while the knowledge and the fear of the Lord define relation by its two parts of acquaintance with God founded on love and reverential awe which prompts to obedience." He shall have quick understanding in the fear of the Lord and His delight shall be to do God's will. This has fulfillment in Jesus Christ, in whom are hid all the treasures of wisdom and knowledge (Col. 2:8).

3. The character of His reign (vv. 3b-5). (1) "Not judge after the sight of his eyes." His knowledge is perfect; his judgment pierces through the problems, even seeing the motive which lies back of the act. (2) "Not reprove after the hearing of the ear." The word "reprove" means "decide." His decisions, therefore, will be on the basis of fact, not on hearsay. He cannot be deceived nor imposed upon. He knows all things, even from the beginning. (3) "With righteousness shall judge the poor." He will mete out impartial justice to them. Many times now the poor suffer because the wealthy are able to bribe the judge, but when Christ shall reign as King the poor shall get justice. The poor shall not suffer in justice because he is poor nor escape justice because he is poor. (4) "Shall reprove with equity for the meek." "Reprove" here doubtless means "decide." In fact the meek shall inherit the earth (Matt. 5:5). (5) "Shall smite the earth with the rod of his mouth." By the "earth" is meant here the wicked inhabitants. When Messiah comes to reign there will be great wickedness in the earth (see Psalm 2:3-12; Luke 18:8). (6) He shall be girded with righteousness and faithfulness (v. 5). He is absolutely righteous and will faithfully carry out all His words.

III. Description of Christ's Reign (vv. 6-9).

There will prevail universal peace between men and animals. In this description each animal is coupled with that upon which it naturally preys.

Daily Thought.

It is common for those that are farthest from God to boast themselves most of their being near to the church.—Henry.

Every Man.
The brave man curves out his fortune, and every man is the son of his own works.—Cervantes.

On Things Above.
Set your affections on things above, not on things of this earth.—Colossians 3:2.

No New Teachers for Next Year

At the meeting of the Board of Education Monday night the teachers' committee recommended the re-appointment of complete corps of teachers as it has been during the last year. The report was unanimously adopted. This is the first time in many years that there have not been a number of changes. Last year nearly half the teaching force was new.

The Board took this occasion to compliment Miss Chew, supervising principal, on the splendid results that had been accomplished during the past year, and Miss Chew, in expressing her appreciation of the confidence and co-operation shown by the Board, said a great deal of the success of the school work had been due to the loyalty and efficiency of the teachers. The physical training committee reported that plans had been about completed for the field meet to be held on the school grounds on Saturday afternoon, May 13, starting at 2 o'clock, the list of events for which are published in another column.

Thursday evening, June 15, was set as the date for the graduation exercises. There are thirty-seven pupils in the eighth grade.

While the committee on high school reported an improvement in the report over last month, a number of cases of absence and tardiness was referred back to them for investigation.

Miss Chew's report showed that the average attendance for the month had been 93.3, the boys and girls each making the same record—93.3. The best record was made by the sixth grade with 97.27, while the third grade was a very close second with 97.26. Miss Chew also reported that over two hundred parents registered at the school exhibit on April 6th.

The Parent-Teacher Association will furnish the ribbon awards to be given at the field meet on the 13th, and will sell refreshments on the grounds.

The following bills were ordered paid:
Tuition, Chester township \$ 562.50
Janitor 108.33
Attendance officer 15.00
Teachers 1,797.35
Trees 16.20
Coal 316.00

Hauling ashes and freight 9.67
Man, trimming supplies 10.68
Caring chairs 7.00
Repairing fence 12.10

Hydroplane in Robber Hunt

After operating all around us burglars visited Riverton Saturday night and made a rich haul at the home of R. M. Hollingshead, which was unoccupied at the time. Mrs. Hollingshead being at Atlantic City, and Mr. Hollingshead and son, Dick, were aboard their yacht at Estingston. When Chief of Police Geiss reached Mr. Hollingshead by telephone early Sunday morning he came to Riverton at once in Frank Miller's hydroplane and personally assisted in the investigation.

The first news of the robbery was telephoned to Chief Geiss about eight o'clock Sunday morning by Vincent Nedjelski, caretaker at the Hollingshead home, and Officers Quigley and Miller were at once detailed on the case, led by the Chief in person. Later in the day George Riley, a finger-print expert, and State Trooper Baden, of Mount Holly, were sent by County Detective Ellis H. Parker to assist in picking up clues.

Entrance was gained by prying open a front window. A considerable quantity of jewelry and clothing was taken, and the whole house was turned topsy turvy in the search for valuables.

For a Better Riverton

The matter of Village Improvement is being considered in Riverton. Last Friday night a meeting was held to formulate plans for action.

Charles W. Wanger was elected president, Miss Helen Biddle, vice president, and Miss Edith Coale secretary and treasurer. Several committees were appointed to make investigations and report at the next meeting, which will be called in a few days.

Some of the things being considered are a flower show, prizes for the best kept properties, the extension of curbing and sidewalk improvements, the widening of the roadway at Broad and Main streets, cleaner streets and alleys, and a general toning up of village conditions.

Every resident is invited to become a member and contribute to the success of the movement by their suggestions and assistance.

Porch Club Elects Officers

At the annual meeting of the Porch Club on Tuesday officers were elected as follows: Vice presidents, Miss Martha Biddle and Mrs. S. W. Collins; board of directors, Mrs. S. L. Warren, Mrs. C. H. Rolf, Mrs. Charles L. Flanagan, Mrs. Edward K. Merrill, Mrs. George M. Baker, secretary, Mrs. A. M. Ellsworth; committee on admission, Mrs. L. A. Flanagan, Mrs. I. B. M. Showell, Mrs. Joseph L. Thomas, Mrs. C. C. Miller.

Joseph T. Evans is reconstructing the roof of his warehouse on Main street with a view of securing more room. The two peaks will be done away with and one, much less steep, substituted. This improvement was just about to be made when a portion of the old roof was destroyed by fire two weeks ago.

Last Friday officers of the Public Service Corporation of New Jersey concluded a series of fifteen meetings held at central points throughout the State in the territory served by the gas, electric and railway companies and at which the affairs of the utility were outlined to the stockholders and others. The attendance at the meetings collectively ran well into the thousands and the experiment of carrying the company's message to the people was so successful that the plan will be continued.

A gasoline motor driven car, built by the White Motor Company, passed through Riverton on its way to Pennsylvania, to be put in operation on the line between that place and Hightstown, Tuesday afternoon. The speed is about equal to that of an ordinary railroad train, and the seating capacity is approximately forty persons. It is understood that the J. G. Brill Company has leased the line between Island Heights and Island Heights Junction (also known as Pine Beach) and will operate cars of this type.

"Little 'Bud' Wallace, six-year-old son of John Wallace, had a very narrow escape from death Tuesday morning when the velocipede he was riding was wrecked by one of the trucks of the American Stores Company, driven by Frank Bremer, of Camden. The lad was riding his velocipede when the truck started to back out into Harrison street from the rear of the store on Main street. The driver saw the boy, but did not notice the velocipede which he was trying to drag out from under the back of the truck. The boy was badly scared, but uninjured.

It has been suggested, and the suggestion seems like a good one, that Main street should be widened from Broad street to the borough line at this time. The traffic congestion is acute and it would seem to entail no great hardship to have the street widened before the new trees, which have just been planted, take root. It has been proposed to move the curb back to the sidewalk on each side of the street, which would give an additional width of seven or eight feet. If this improvement is ever to be made, there will probably be no more propitious time than right now.

ting the ground settle, etc., and each time there was a halt opponents of the venture raised the cry that the whole proposition had collapsed from lack of funds, etc.

However, the ferry is now a fact, despite the gloomy forecasts of various persons who sought to discredit it and now the much mooted question of "What the ferry will do for Palmyra" will soon be solved by concrete results.

Colonel Turner, son of Robert Turner, of East Riverton, was struck by an automobile on Tuesday. He was on his way to Riverside, riding a bicycle, and had just turned out for a walk to pass when another car hit him. He was only slightly bruised.

Rivertonians returning home from Europe in the past few days were Mrs. Anna Schmoel, Miss Ida Schmoel and Mrs. G. L. Newton, of 205 Main street, who arrived in New York last Sunday on the Red Star liner "Kronland" from Antwerp, Southampton and Cherbourg.

The National Tuberculosis convention in Washington, which is being held this week, is attended by Dr. Marcus W. Newcomb, Mrs. Marcus Newcomb, Mrs. Margaret S. Haines, all of the Burlington County Tuberculosis League. The meeting was opened by Secretary of State Hughes.

The eighth grade of the Westfield public school will give a play Tuesday evening, May 8th. The feature will be "Patty Saves the Day." The funds will be used to purchase a gift for the school and for a trip to be taken by the class to some interesting part of the State. The characters taking part are Helen Perkins, Frances O'Donnell, Betty Downs, Joseph Atkinson, Charles Coddington, Anna Reidenbaker, Mary Mooney, Laura Banoff, Joseph Dougherty, Charles Schlatterer.

The exercises will be held from two to three o'clock, when the boats will take passengers and guests on one free trip. At the conclusion of the program the speakers and a number of guests will repair to "Evergreen" Farm, at the Welsh road and Northeast boulevard.

The history of the ferry dates back twenty-five years, when Mr. Wright was for a time about the only one who visualized the possibilities of such a venture. Later he interested the late Joseph Morgan, and the Hardings and the Distons from the other side.

At that time it was proposed to have the New Jersey landing on the side of the river, between John Frishmuth's and Cecil Filler's. This selection of the landing killed the project for a time, as there was unalterable opposition to it.

About fifteen years ago the project was revived and E. L. Williams became interested with Mr. Wright. Surveys were made and much data obtained, but nothing came of it at that time.

About three years ago the promoters of the plan again became active and enlisted the services of United States Congressman Peter Costello on the Pennsylvania side. One day while they were talking in Costello's office they were overheard by someone who tipped off George T. Sales, a promoter, who immediately obtained option on the land and ground that would be needed for the new ferry, which he later sold to the ferry company, of which he had become a director.

At the annual meeting in April of this year, Mr. Sales was retired from the directorship. Jacob Diston was in Riverton last week, as the guest of Mr. Wright, and was greatly pleased to see the approaching successful culmination of the ferry project.

The Levick street landing of the ferry, on the Pennsylvania side is five and one-half miles east of Market street wharf and ground that would be completed, Asbury Park will be eleven miles nearer over the ferry than by the bridge route.

Other directors on the New Jersey side are W. D. Keady, S. S. Daniels, of Riverton, John H. Sinex, of Edgewater Park, with whom Charles L. Asam, of Philadelphia, has been closely identified.

The Stanley Motion Picture Company has been engaged to make films of the opening exercises on both sides of the river.

The Boosters' Club of Palmyra will take part in the opening ceremonies. Meeting at Society Hall at 3.30, with their families and friends, and headed by the band, they will parade to the ferry landing.

The movement which resulted directly in the present ferry has a somewhat checkered history. It was late in the summer of 1920 that vague rumors were floating about the effect that some large enterprise was shortly to be started which would have a far-reaching effect on the future of the two towns.

The story came out in our issue of September 24, 1920, that a ferry company which had been organized on the Pennsylvania side had purchased the W. Rogers property at the foot of Main street, Riverton, to be used as the site of the landing.

Rivertonians rose in protest and a movement was organized to bring the ferry to Palmyra. A public meeting was held on October 19, 1920, in the high school auditorium under the auspices of the Chamber of Commerce at which various ferry officials spoke and an almost unanimous vote was taken inviting the ferry to Palmyra.

A deal by which a landing site at the foot of Cinnaminson avenue was obtained from the water company was reported in our issue of November 26th.

In the meantime Charles A. Wright had become a leading spirit in the new company, and other Jerseymen in Burlington county had also become directors.

A fight over granting riparian rights for the new site followed.

Albert S. King, whose home is just west of the landing, sought to block the grant by filing an injunction against it, on the grounds that the ferry would injure the value of his property. The grant, however, was obtained.

Then there was a dispute over the name of the company which had hitherto been known as the Tacony-Riverton Ferry Company. This was changed to Tacony-Palmyra.

Work of dredging to build the roadway 900 feet out to the low water mark began on March 8, 1921. This work met with several delays, due to breaking machinery, necessity of let-

As Told By Gum Shoe Gus

"THIS guy," said Gum Shoe Gus, the second story man telling about it afterward, "sits up in bed as I was going through his duds. I sticks my gun against his nose.

"Excuse me," he says, 'I wonder if you'd mail the letter you'll find in my coat pocket as you go by the mail box. It's the premium on my Traveler's Burglary Insurance.'

"And then he rolls over and goes to sleep again. Now what do you think of that?"

Candy Suspected in Boy's Death

Earl H. Way, 11-year-old son of Mr. and Mrs. William I. Way, of 739 Parry avenue, died suddenly in the West Jersey hospital, Camden, last Friday morning, having been taken ill late Thursday night.

The cause of the boy's death has not been definitely determined. He came home from the movies Thursday night apparently well and in good spirits, telling his mother about the show before he retired. About 11:30 he was taken violently ill and became unconscious within fifteen minutes.

Dr. Voorhis was summoned and had the lad taken to the hospital in the Palmyra ambulance. Officer Joseph Rodgers driving. The patient never recovered consciousness. Examination after his death showed the stomach had been ruptured and an analysis is being made to find if poison was the cause. Suspicion is directed to some candy the lad ate Thursday night, inasmuch as his sister, who ate some of the same candy, but not as much as her brother, also became ill, but not seriously.

Earl was known as a fine lad with many friends and he will be much missed by his "Uncle Mel" Cromwell, whose inseparable companion he was.

The funeral was held Tuesday afternoon, with interment in Morgan cemetery, the Rev. E. A. Robinson officiating.

The family wishes to express their thanks to neighbors and friends for their sympathy and aid.

Steele's Nurseries Robbed Again

Between midnight and morning on Wednesday night, thieves stole nearly or quite a thousand of four year old evergreen plants from T. E. Steele's Pomona Nurseries at Five Points. The plants included several varieties which it has been impossible to import for a number of years, and the estimated loss is close to \$2,000.

Mr. Steele and Chief of Police Beck of Palmyra, scoured the neighborhood this morning in their cars, but found no trace of the missing evergreens.

Detective Parker, of Mount Holly, was notified and immediately broadcast notices of the robbery.

This is the third time within a fortnight that the nurseries has been robbed.

Big Booster Meeting

The monthly meeting of the Boosters' Club, postponed from last Tuesday evening will be held in the P. O. S. of A. Hall, Thursday evening next, May 11th, at eight o'clock. The meeting promises to be one of the most interesting which the club has thus far held owing to a program which has been carefully arranged.

William Colsey, president of the club, has secured Hon. Frank S. Van Hart, Mayor of Camden, as the speaker on the evening.

Citizens of the town are invited to the meeting and an invitation has also been extended to the Township and County Officials, members of the Chamber of Commerce and members of the old Palmyra-Riverton baseball team, of which Mr. Van Hart was an enthusiastic associate.

Attendance of the members of the Palmyra Field Club has also been requested.

Music will be furnished by the Royal orchestra and local talent will furnish several vocal numbers.

NOTICE

Whereas the formal opening of service by the Tacony-Palmyra ferry between this town and the city of Philadelphia will be celebrated with appropriate ceremonies Saturday afternoon, May 6, I suggest that business men and citizens display their flags and make whatever decorations as they deem appropriate as a fitting recognition of the importance of the event and in honor of the many visitors who will be in our town that day.

High School Notes

Palmyra high school lost a chance to distinguish itself at the Penn relays Saturday through an accident. Sack had almost finished the first quarter, running on the outside and well up among the leaders, when he started to cut across to hand the baton to Sullivan. The Mount Holly runner cut across the pole at the same time and the two were tangled up. Sack had a bad fall and was severely spiked by the Mount Holly man. He stumbled on despite his injuries and handed the baton to Sullivan, who with Kersey and Boal following made up 25 yards of the lost ground. In practice and without competition, the Palmyra lads had been running the distance in one second faster time than that of the winner of the event, the team from Summit, N. J. Leonia was second and Wildwood third.

The baseball team plays at Haddon Heights Friday and the track team will try its luck at the Cheltenham Interscholastic meet Saturday.

Clayton Weikman made a triple-play in a practice game Tuesday which has had few equals hereabouts. The Varsity was playing a pick-up team, composed of such stars as Coach Brumbaugh, Russell Blackburne, and Tom Carroll. Weikman speared Brumbaugh's hot drive with one hand, touched third base, putting Carroll out and then whipped the ball to second before Blackburne could get back.

Thomas Griffenberg, Jr., son of Mr. and Mrs. Thomas Griffenberg, who has been seriously ill, is now recovering.

Mrs. Horace Reber, a former resident of Palmyra, entertained the "500" at her home in Philadelphia on Tuesday evening.

Everybody should buy as much of their stamp supply as possible at the local post office to help it keep its standing. Since the delivery of mail began, fewer citizens have occasion to stop at the office and the sale of stamps consequently has fallen off considerably. Those whose businesses are in Philadelphia can help boost their own town by going to just a little extra trouble in this respect.

Frank A. Snover has sold the former John Morton property to M. R. Blackwell, the electrician. Mr. Snover has purchased the lot between the Morton property and the Thatcher property on which he will erect a modern funeral home, fully equipped to carry on an up-to-date undertaking business. There will be a large funeral parlor, private office, operating room and sleeping quarters for those accompanying bodies from a distance.

A residence section also will be included. Hollow tile construction with stucco finish, will be used. Another feature will be a porte cochere driveway which will enable funeral parties to enter autos without being exposed to the weather. The result, altogether will be one of the finest and most modern undertaking establishments in South Jersey.

Baseball

Twilight Baseball

The Twin City Twilight League was organized last Friday evening, and promises to be one of the best baseball organizations in Burlington county.

The organizers had only one thought in mind and that was to furnish the towns of Palmyra and Riverton with a pleasant social feature on three evenings a week.

It is not a money-making proposition. The teams will have no pay rolls to maintain and none of the men playing will be strangers to the spectators.

In other words the Twin City Twilight League teams are composed of your neighbors, your friend, your father, your husband, your son, your brother—a real family affair.

The organizations in the League are the Artisans, the P. O. S. of A., the K. of P., the Baptist-Sunday School, the American Legion and the Wesleyan Men's Bible class.

These organizations have in their memberships some of the best players in this section, so it readily can be seen that this is intended as a real baseball enterprise, and not a farce.

Through the able assistance of the management of the Broadway Palace moving picture theatre the League will hold a benefit on Wednesday evening, May 31 and Thursday evening, June 1. The main attraction will be William de Mille's "Miss Lulu Bett." This picture has had a phenomenal run in New York and Philadelphia and the League certainly wants to thank the theatre management for its part in booking this attraction. Miss Lois Wilson is supported in the play by Milton Sills, Helen Ferguson and Theodore Roberts.

Bear in mind the date—May 31 and June 1.—Advertisement.

East Riverton A. C.

The game between the Westfield team, of Camden and the East Riverton A. C., which was to have taken place this Saturday, has been postponed until later in the season. East Riverton A. C. will, therefore, play the Army Team, at Broad and Calowhill streets, Philadelphia, at three o'clock.

Cinnaminson Home Fete, June 3rd

On Saturday, June 3rd, the twenty-ninth annual fete of the Cinnaminson Home will be held on the lawn of the Home, near Riverton. This occasion is becoming more and more a gathering of the whole community and it is hoped that the interest of every one in such a splendid community institution as the Cinnaminson Home will be shown more clearly than ever this year. Support will be served on the lawn. There will be many choice articles for sale, and there will also be a Punch and Judy show and games for the children. All who come will be well repaid. Let everyone make a point of being on hand. Further details will be announced in these columns as the time approaches. Keep the date, June 3.

A Delightful Trip

On Thursday, April 27th, thirty-eight members of the Porch Club motored to New Hope, Pa., to visit the Artists' Colony. The motors left Riverton at 9:45, going to Trenton, thence to Lambertville and across the river to New Hope. The day was ideal. The country was most beautiful in its new spring clothes. The green of the trees, with the patches of spring flowers and the blossoms made an admirable prologue to the afternoon's entertainment.

Each member took a box luncheon, which was eaten under the budding trees. The first stop was at the Davenport. Their wee country house and studio were snugly in between the canal and river. The studio was located by the odd sign post of three bunches of dyed rags hung before the small building. The walls were covered with the beautiful hand-woven rugs, all of different colors and designs. Beside the rugs there were many bags and scarfs. We were shown the loomroom with two of the girls at work, who gladly gave a demonstration of how our great-grandmother's rugs were made. Mrs. Davenport gave a short talk on the "History of the Loom."

A quarter of a mile further up the road we again stopped, this time at the Morgan colts, their quaint arched gateway so in keeping with the low English stone house, could not be reached except by crossing a cobbler stone bridge over the tiny brook that ran directly under the living-room window. To reach the studio one crossed the small garden, gay with early spring flowers. The stone studio with its great open fireplace and roaring fire gave out a feeling of cheer and welcome. The work here we found to be mostly hand-wrought iron—lamps, tongs, wood-boxes—all made of iron. There were some old sea chests. The walls of the studio were covered with Mr. Colt's paintings. Mrs. Colt very kindly opened her house, which took one back to England.

The day was a success. The Colony, nestled in between the rolling hills by the canal and river—how could one visit it without gaining some of its charming atmosphere?

New \$50,000 School at Westfield

At a meeting of the Board of Education of Cinnaminson Township last Monday evening it was decided to call a public meeting of the voters to ask for \$50,000 for the erection of a new school building containing four rooms, a basement and an auditorium on the top floor.

A public meeting has been called for Friday evening, May 12th, at 7:30, in the Westfield public school, to ask the voters to sanction the plan and authorize the raising of the money. For some time past the present building has been so crowded that some of the pupils in the lower grades have been attending school only half a day, and the need for some such public meeting place as will be afforded by the auditorium has long been felt.

It is understood that when the new building is completed domestic science and manual training will be added to the curriculum.

An effort will also be made to secure additional land for playground purposes.

Never speak well nor ill of yourself. If well, men will not believe you; if ill, they will believe a great deal more than you say. — Eastern Proverb.

Forest Fires Keep Fire Departments Busy

The dry spell of the past few weeks, besides injuring vegetation, has increased to serious proportions the damage done by careless smokers and picnickers in our timberlands.

Many fires in this State and several in Burlington county have burned over large tracts. Fire departments have been busily engaged in fighting flames in various wooded sections above Mount Holly and along the Rancocas creek, while large groups of farmers have been forced to leave their work to help keep down the menace.

The laws of regulating the lighting of camp fires in forests and the careless handling of lighted matches, are supposed to take care of the situation, but only a strict observance of them can safeguard the interests of property owners.

The National Board of Fire Underwriters has recently issued interesting statistics on this subject taken largely from the official figures of the U. S. Forest Service. Every year, it is stated, forest fires in the United States destroy or damage timber of sufficient amount to build five-room houses for the entire population of a city of 300,000 to 500,000 inhabitants. Every year forest fires burn an area equivalent to a 10-mile strip reaching from New York to Denver; and an area more than eight times the acreage of the French forest destroyed or damaged during the World War.

One significant fact is that 20% of all man-caused fires in the National forests were set by smokers through the careless use of burning tobacco and matches. Seventy-five per cent of all the fires that occurred were due to human agencies and could have been prevented by care and vigilance on the part of those to blame.

Legion Urges Observance Mothers' Day

No man cherishes a higher regard for his mother than the ex-soldier man. During the war, in the camps on the transports, up on the lines; wherever a soldier or sailor might find himself, he would think and often with tears in his heart as well as in his eyes, thought of the mother he had left so far away.

"Many a boy's last words," "mother," showing that she was uppermost in his mind, and that she was missed more than any other person in the world.

Therefore, we, in the name of our American Legion salute all mothers on this day of their birthday by trying in our humble way to bring to the mothers a mark of our affection.

Fly your flag on Sunday in honor of mother, for it is through her love, sacrifice and devotion and love that we have come to this day.

and said, "It is true that Palmyra has been placed on the map by the ferry, but the old, quiet, suburban residential character of this town has been destroyed over night."

Mr. Winger called attention to the lack of interest of Palmyra and its disposition to Sundown in coming into the Chamber to take vigorous action to prevent these things from disappearing.

It was the consensus of opinion that stern action should be taken to

1. Hzekiah Proclaims a Passover
(v. 1-18).

The way for a sinning and divided people to get back to God and be united, is around the crucified Lord.

1. The Invitation Was Representative of the Nation (v. 2a). The king took counsel with the princes and the congregation to show that the proclamation was the expression of the

2. The Time Was Unusual (vv. 2b-4). There was not sufficient time to sanctify the people, nor to gather them together at the regular time, so they resolved instead of postponing it for a year to hold it on the fourteenth day of the second month. This liberty had been granted before in an emergency (Num. 9:9-13). This flexibility with reference to the holding of the passover shows that God's ordinances were made for man and not man for the ordinances.

3. The Scope of the Invitation (vv. 5-9). It included all of both nations who would come to keep the passover to the Lord God of Israel. "Israel" is now used to include both kingdoms. The effort was to win back the nation which had seceded. The posts who were sent with the message were authorized to supplement the proclamation with urgent exhortation to join as a united nation. This urgent invitation was tactfully put as follows:

(1) It touched ancestral memories—"Turn again unto the Lord God of Abraham, Isaac and Israel" (v. 6). Both kingdoms had a common ancestry. (2) Recent bitter experience—"Be not like your fathers, and brethren, who transgressed against the Lord God, and were given up to desolation, as ye see" (v. 7). This was a delicate subject, but their ruin was so marked that such truth could be

pressed. (3) Learning for captive
kinsfolk—"Your brethren and children
shall find compassion before their
captors" (v. 9). (4) The instinct of
self-preservation—"So that they shall
come again into this land" (v. 9). (5)
The forgiving mercy of God (v. 9).
God will not turn any sincere seeker
away from Him. "Him that cometh
unto Me I will in no wise cast out"

4. **Israel's Reception of the Invitation** (vv. 10-12). This invitation in Israel met a mingled reception. (1) Some mocked. The urgent and sincere invitation only excited opposition and ridicule. (2) Some with humble hearts came to Jerusalem. This is never the case. The gospel is a savor of life unto life and death unto death.

11. The Passover Kept (vv. 13-27).
1. Altars Removed (vv. 13, 14). In the time of Ahaz (ch. 28:24), these heathen altars were erected in Jerusalem. Before there could be worship of the true God all these traces of idolatry must be removed. This act of the people was voluntary, and showed that a right spirit actuated them.

3. The Passover killed (v. 15).
 3. The Priests and Levites Ashamed
 (vv. 15-20). The zeal of the people
 put to shame the priests and Levites.
 They were stimulated to perform their
 duties according to the law of God
 as given by Moses. They even took
 charge of the killing of the passover
 since many of the officers were not
 sanctified so as to render this service.

for themselves. Though unprepared ceremonially, yet they took part in this most sacred service and were accepted as worshippers through the intercession of Hezekiah. God accepted the purpose of heart rather than the letter of the law.

4. The Praise of Glad Hearts (vv. 21, 22). They continued seven days with gladness: (1) The Levites and

5. The Passover Prolonged Seven Days (vv. 23-27). The king's object in prolonging the feast was to make

In the holy communion we plead the great sacrifice which can never be repeated. As Joseph's brethren held up the blood-stained coat before their father to tell him in a touching way that

Liquor and Gambling Law Enforcement

In charging the grand jury, last Tuesday, Justice Kalisch called attention to an act passed by the last Legislature, providing for the arrest and trial of persons engaged in the liquor traffic, and said the State is equipped to bring to justice any violators of the new prohibition enforcement act. The law is quite similar to the Van Ness act, which was declared void by the Court of Errors and Appeals. There is an impression, the court stated, that no act of that character is in force in New Jersey, and for that reason he called attention to the new law.

The status of games of chance, such as usually are conducted at fairs and festivals, carnivals and other forms of benefits, was clearly established by Justice Kalisch. They all were designated as violations of the law, being gambling, and must be stopped, no matter what the purpose of the benefit may be, whether religious or secular. He stated also that persons participating in these games are guilty of violating the law, as well as those who are conducting the same.

Mosquito Extermination Part of Plan for Better Riverton

Another meeting was held Monday evening in the interest of a better Riverton.

Mrs. J. D. Clark reported that at the meeting of the State Federation of Women's Clubs, held at Atlantic City last week, Mr. Headlee, of the New Jersey State Department of Agriculture, had given a very interesting and instructive illustrated lecture on the destruction of the mosquito, and had offered to send a lecturer to communities which would arrange for a meeting. Mrs. Clark suggested that the speaker be asked to come to Riverton, and was unanimously delegated to arrange for a meeting.

The committee to which the matter was referred at the last meeting reported that the owners of the property at Broad and Main streets had stated that they would have a proposition in the hands of the Borough Council Thursday night.

The suggestion of Harry F. Jones that a speaker from some municipality where a committee similar to the Riverton Committee was already functioning might bring its valuable information and suggestions, was accepted readily, and Mr. Jones was instructed to find some speaker and arrange for a time and place at which to hear him.

The subject that seemed to be uppermost in everybody's mind was, "What shall be done about Sunday disturbances?" Several of those present told of the depredations committed the day before by crowds who came over on the ferry Sunday, such as breaking and carrying off flowers, shrubbery, and even small limbs of trees. It was the general consensus of opinion that the police department would have the unreserved approval of the public in taking prompt and effective measures to nip this sort of thing in the bud. It was suggested that signs should be erected on the river bank, forbidding swimming and picnicking.

The meeting adjourned at the call of the chair.

Tournaments at the Fire House

The pool and billiard tournament now in progress at the firehouse under the management of William B. Lynch, grows in interest as the contestants warm up to the fray. Twenty players are engaged in the pool tournament, with William Mattis, Jr., leading with five wins and no losses, and John E. Shibley second with three wins and no loss.

In the billiard tournament a dozen or more are engaged, with Robert Cleland in the lead with three wins and no losses, and Charles F. Earp and Otto Becker, the scratch men, tied with three wins and one loss each. Mayor Killam E. Bennett is giving the prize for each event.

Mission at the Church of the Sacred Heart

A mission or religious revival will be held at the Church of the Sacred Heart, Fourth and Linden avenues, Riverton, commencing on Sunday next, May 14th, at the nine o'clock service, and will continue for one week, closing the Sunday following, May 21st. The mission will be conducted by the Reverend Fathers of the St. Francis Monastery, New York City.

On Sunday the service will be at seven and nine o'clock.

Sunday evening at eight o'clock. During the week the services will be at 5:30 and 7 a. m. and in the evening at 8 o'clock.

CAR FOR POLICE DEPARTMENT

Officers Will Be Equipped With a Ford in Order to More Successfully Cope With New Conditions

At the meeting of the Borough Council last night Chief of Police John C. Geiss asked for authority to purchase a Ford car for the use of the Police Department, and to employ such additional officers as may be necessary to preserve law and order in the borough. Mr. Geiss told his fellow-councilmen of his trouble experienced last Saturday and Sunday with the crowds that came across the river, and that the difficulties had been continued on a smaller scale throughout the week. It is Mr. Geiss's intention to put on special officers from Saturday noon until Monday morning. He believes that with the help of the Ford the present police force will afford ample protection under ordinary conditions.

Mr. Atlee, who moved that the Ford be purchased, voiced the sentiments of the Council when he complimented Chief Geiss on the efficiency of his department.

Mr. Geiss submitted a detailed report in writing of the activities of his department during the past month. The matter of curbing on Main street and Lippincott avenue, which was laid on the table at the June meeting, 1920, was brought up, and a motion was passed to the petition up and reconsider it. A public hearing of those interested will be (Continued on third page)

PROCLAMATION

CLEAN-UP WEEK

Rubbish Removed May 18 and 19

Again in accordance with requests from many of our citizens, the Mayor and Borough Council have agreed to designate May 17 and 18 as Riverton's cleaning up days.

On these days every citizen should make it his duty to clean up his property. The refuse accruing from this cleaning will be disposed of by the Borough free of charge on Thursday, May 18, and Friday, May 19.

Place all rubbish in boxes or barrels as far as possible, and early in the morning place same along the curb in front of your property, so that it may be easy of access to the men who will load it into the trucks.

No garbage will be taken. It is to be understood that refuse will not be carried from the cellars or yards by the teamsters.

It is hoped that civic pride will cause our citizens to vie with each other in carrying out this campaign with spirit and determination.

Let us clean up the house from cellar to attic, clean up the yard and the alley, the stable and all places where unsanitary conditions exist.

Let us plant flowers and sow grass seed in places that are now barren. The result will be a cleaner, healthier, brighter and more beautiful Borough.

Charter Luncheon at Porch Club

The annual charter luncheon of the Riverton Porch Club was held in the Porch Club at one o'clock on Tuesday, the ninth. The luncheon was extremely well attended, 78 being present. On the long tables were attractive bowls filled with Darwin tulips and lilies of the valley. On the table was a large basket of spring flowers. The speaker of the afternoon was Mrs. Lewis R. Dick, of New Century Club, Philadelphia.

Mrs. Dick gave a few readings first from Miss Driscoll's poetry, then she talked most informally and delightfully on Vachel Lindsay and his poetry. She demonstrated how it should be read, much of it needing chanting in order to get the full beauty of the poems. Much credit to the success of the luncheon should be given to the entertainment committee, Mrs. Clark chairman.

Annual Fete of Cinnamon Home

The twenty-ninth annual fete of the Cinnamon Home, Riverton, N. J., will be held June 3, 1922, 2 to 8 p. m.

Many new and attractive features will make the annual fete of the Cinnamon Home more delightful than ever before. There will be, as usual, an abundant supply of all the good home-made things to eat: candy, cake, ice cream, etc., as well as many beautiful and unusual things to buy. —Advertisement.

GALA DAY OPENS FERRY

Music, Flags, Flowers, Pretty Girls and Speech Making Mark the Event

With flags flying, bands playing and the bright sunshine over all, the opening exercises of the Tacony-Palmyra Ferry on the New Jersey side were held on the ferry slip Saturday afternoon, with three thousand enthusiastic citizens, among which was a liberal sprinkling of the Palmyra Booster Club taking part, while a similar program was being carried out on the Pennsylvania shore, where over six thousand people had assembled.

The opening address was made by Charles A. Wright, "The Father of the Ferry," who traced briefly the history of the ferry, more particularly as it has developed during the last five years, and pointed out the advantages that would come to both States by reason of this joining link. Addresses were also made by Sheriff Edward H. Flagg, Jr., Ralph S. Rivers, representing the Booster Club, and James H. Hartley, representing the Township Committee.

Music was furnished by the Griffenberg band, which at the close of the speech-making played "The Star Spangled Banner," and Miss Edith Knight, granddaughter of Mr. Wright, declared the ferry to be open with the following appropriate and prophetic words: "We hereby invoke the spirit of progress to shed its rays over this enterprise, that unites in more perfect union the people of two great States. Let it bring to the citizens of Palmyra prosperity and advancement, not only to this, but many generations yet unborn. We hereby declare this Ferry Service inaugurated."

The enthusiastic spectators, consisting of several boatloads, were given free trips across the river and back and then the ferry settled down to business. A pretty feature of the exercises was the strewing of flowers from the grandstand to the boat and in the water in front of the craft, as the "Palmyra" approached the opposite shore on the first trip over. The flower girls were: Misses Katharine Rutschman, Catharine Miller, Mildred Rogers, Beatrice Beckenbach, Anna Connell, and Edna Colsey.

Business on Sunday following the opening of the ferry exceeded all expectations. The number of foot passengers was 13,264, while 2,643 automobiles were carried. Automobiles were parked on all streets leading to the ferry, on some back as far as Fourth street and on others nearly or quite to the railroad and Bank avenue was jammed as far as Thomas avenue. The same condition prevailed on the other side.

The service on Sunday was handicapped by the partial disability of the "South Jacksonville" the double screw boat, which jammed its steering gear on one end late Saturday night, and operated all day Sunday in this condition, losing about twenty minutes on each trip. The boat was docked at Millin street and repaired Sunday night.

The traffic on Monday was 423 passengers and 361 automobiles.

The company contemplates the construction of two additional slips to facilitate handling the traffic.

The Company has improved its facilities for handling traffic and this Sunday, even without additional slips or boats, it is expected that things will run much more smoothly and rapidly.

Augustus L. Wilson will sing "Mother O'Mine," and Mrs. Wilson will render "Tell Mother I'll Be There."

Local merchants were quite surprised this week to find some people from Tacony among their customers.

Palmyra stores are closing in the new ferry to some parts of Tacony than are the stores on that side. Then too, it may be that the shoppers from over there like to combine a boat trip and sightseeing in Jersey with their shopping.

A change has been made in the opportunity day sales held by Palmyra merchants who are members of the Chamber of Commerce. Instead of sales taking place every weekend, they will be held every other weekend.

This will give the merchants a better opportunity to prepare special attractions for these sales. The next opportunity day sale will be held next week.

Thomas R. Bromley and George N. Wimer have laid out into lots the twelve acres they recently purchased from Mrs. Edith Wallace along the North side of Broad street, west of Market, and plan to begin building at once. The plot is known as the Palmyra Annex, and is in an excellent location for development. It is close to Arch street station and the ground itself is level and fertile.

Robert Biting and his little daughter had a very narrow escape from injury or death yesterday afternoon when his car was struck by another machine at Frankford. The machine which ran into the car was approaching at a high speed and hooked Mr. Biting's back wheel with his forward spring. Mr. Biting and daughter, who escaped with slight scratches and bruises, went to the home of their sister in Philadelphia, later returning to Palmyra by train. Mr. Biting and Mr. Vaughn, of the Broad Street Garage, went to Frankford Thursday afternoon and brought the car home.

Car for Police Department
(Continued from second page)

held at the Council chamber Thursday evening, June 8.

A resolution was passed designating next week as clean-up week, and naming Thursday and Friday, May 18 and 19 as the days on which rubbish will be carted away free of charge.

Chief of Police Geiss reported that a bus line was being operated from Beverly to Palmyra, through the Borough of Riverton, and that the proprietor had refused to pay the \$50 license required by the borough ordinance regulating busses. Mr. McCloskey, the proprietor of the line, appeared before Council to defend his position. The matter was referred to the Police Committee to consult the borough attorney.

A communication was received from Charles A. Wright and E. L. Williams owners of the old Wolcott property at Broad and Main streets, offering to dedicate a strip six by twenty-five feet or thereabouts, as might be necessary to properly round off the corner of the road at that point, where it is very narrow and congests traffic dangerously, the borough would lay a new cement curb and sidewalk. The offer was referred to the Highway Committee with power to act.

The chair appointed Rex Showell, Harry E. Davis and Ralph L. Flower to serve as a Fourth of July Committee.

Councilman Davis, chairman of the highway committee, reported that he had reached an agreement with Palmyra township whereby Elm avenue will be graded and graveled.

The application of J. B. Tyler to empty his swimming pool into the sewer was referred to the sewer committee with power to act.

Charles Wanger, president of the new organization recently formed to better conditions generally in Riverton, Miss Helen Biddle, vice president, and Miss Edith Coale, secretary and Treasurer, appeared before Council to introduce the organization and state briefly its aims and hopes.

Mr. Wanger was spokesman, followed by Miss Biddle. Mr. Wanger said that the object of the association was to advance the civic and business interests of the borough and that the idea was to co-operate with the borough authorities to this end. Mr. Wanger suggested, among other things, that the town could be made more attractive by having a suitable bulletin board upon which notices might be posted, instead of having them nailed on trees and poles all over town, and that it was important to have the weeds and grass kept down on vacant lots. He paid a fine compliment to the Mayor and Council by saying that he believed Riverton never had a government body which operated more along the lines generally approved by the public than the present body.

Miss Biddle in a few words endorsed what Mr. Wanger had said, and expressed the desire to co-operate, not dictate.

H. H. Murray, president of Council, who was occupying the chair owing to the absence of Mayor Bennett, replied to Mr. Wanger that such a body as he represented could do a great many things by forming public opinion which the borough Council could not accomplish by legal process, and that the new organization in the same spirit of co-operation in which it had been presented, and said that Council would be very glad to hear from it as it had suggestions, and to come from time to time.

The attention of Council was called to the fact that the provisions of the recently-enacted building code was being violated, and that there was a disposition to ignore the Building Inspector. Several instances were cited where permits had not been taken out before starting work, and where the authority of the Inspector was questioned. It was the unanimous opinion that Council would stand behind the code and the Inspector as a unit and see that regulations are observed.

A permit must be secured for all building operations, new or repair, costing more than \$250, and the work must be done in conformity with certain regulations of the building code.

Vandalism Promptly Dealt With
In Riverton

On Sunday several minor depredations were committed by some of the boys and young men who came over from Tacony on the new ferry. They camped on private lawns, not only on the river bank, but elsewhere about town, and helped themselves to flowers, shrubbery and limbs from ornamental trees, but it was not until Monday night that they were caught in the act, when Chief Geiss and Officer Miller caught six boys who had been breaking shrubbery at two residences on Lippincott avenue. They were telephoned to and caught the boys at the ferry. Owing to their youth, the oldest being but fifteen years of age, the boys were released with a reprimand. The chief took their names and addresses, and it is not likely that they will be any more trouble from them.

The chief and both officers were on duty all day Sunday, patrolling the town in all directions. The same was true Monday night. Nothing seemed to escape them. Two Riverton men were standing on a corner talking about ten o'clock Monday night when the chief went by in his car. He stopped and backed up to investigate. Both men were known to him and he drove on.

Our Visitors from Across the River

Some of the visitors to Palmyra last Sunday attracted unfavorable comment by using loud, objectionable language in commenting on the town and its people. Some of them trampled on lawns and started to help themselves to shrubbery and flowers.

It is thought that most of these came to town because of the novelty of the thing, and that after a few Sundays will not be seen again, in such numbers at any rate.

Some of the visitors inquired for houses to rent, but mostly at figures that are not obtainable here. One woman had the idea that Jersey was

a very small place and wanted to walk to Williamstown with her children.

The traffic on Sunday was quite congested. Automobiles lined up to Fifth street on Cinnaminson avenue and to Second street on Garfield. This also is a condition that is not expected to be repeated to such an extent, especially as the new organization has plans to have an extra boat in operation on Sundays.

A number of Palmyra men have obtained positions with the company. John Hellerjeau and H. E. Brown are ticket cashiers and Albert Pennington, former policeman, is a deck hand.

The police have been quite busy answering alarms near the ferry landing, but none of serious nature. One man was arrested Sunday for drunkenness.

Bankers' Banquet

The first annual meeting and banquet of the Burlington County Bankers' Association was held at Pig'n Whistle Inn, Thursday, May 4th.

Preceding the banquet, a short business meeting of the Association was held, at which the following officers and members of the executive committee were elected for the ensuing year: Walter L. Dill, president; Armstrong H. Coate, vice president; Frank P. Jones, Jr., treasurer, and John H. Hutchinson, secretary. The vacancy on the executive committee was filled by electing Paul H. Powers, cashier of the Palmyra National Bank.

Following the business meeting dinner was served to the guests numbering 225, during which a musical program was rendered by Mrs. Katharine Jones Zelly, of Moorestown, and Mr. Harvey Brooks, of Philadelphia, supplemented by other members of the Association.

Walter E. Robb, president of the Burlington City Loan and Trust Company, of Burlington, was toastmaster. Addresses were made by Hon. William E. Tuttle, Commissioner of Banking and Insurance of New Jersey, who spoke on the Aims and Policy of his department toward the banks of the State; Newton W. Corson, vice president of the Corn Exchange National Bank, whose subject was "Idea of Cultivating a Thrift and Saving Habit in the Younger Generation and the Bankers' Responsibility Toward this Aim."

Dr. Guy C. Lamson, manager of the bond department of P. K. Ristine & Company, Philadelphia, spoke on investments. William H. Hunt, deputy Governor of the Federal Reserve Bank of Philadelphia, outlined the accomplishments and policy of the Federal Reserve System and urged its continuance.

Dancing followed the dinner and speech-making.

Legion Urges Observance of Mothers' Day

"For a year of devotion we have set aside a day of recognition. So long as this word Mother remains the strongest and sweetest word in any language," says Hanford MacNider, national commander of the American Legion, in his Mother's Day message to posts of the organization.

"We of the American Legion are working away at the building of a high castle of patriotism on the rock of sacrifice," the message continues. "We offer and dedicate the work of our hands to the Mothers of America."

Postmaster Cook Resigns

Postmaster William H. Cook went down to Washington Wednesday and resigned his job.

The postmaster's second term was to have expired next fall and he found other business matters so pressing and so much more important from a financial standpoint that he decided to get out of the postoffice job so he could devote more time to the extensive building and real estate operations he is engaged in at Lavallette and his big grocery business here.

Mr. Cook was appointed by President Wilson on March 19, 1914, and took office May 1st of that year. He was reappointed October 22, 1918. He found the office in third class and during his administration its business grew to such an extent that it was advanced to second class.

The achievement of which Mr. Cook is most proud, however, is the establishment of city delivery, which was started October 1, 1921.

During his term as postmaster Mr. Cook added many to the long list of friends he had before and leaves the government job and returns to private business enjoying the highest esteem of his fellow citizens.

The resignation is to take effect May 31. It is expected that Mr. Cook's successor will be George Harvey, who is the leading candidate for the position and has the endorsement of the county leaders.

Clean-up Week—Next Week

Overseer of Roads and Streets T. Winfield Land announces that Palmyra's clean-up week will be held all next week.

During this time the Township will send carts all over town to haul away rubbish which is placed in boxes and cans on the street curbs. No ashes will be removed, but all other such rubbish as accumulates about the house and lot in the course of the year will be taken away if properly collected and put out in front in time.

Three-legged race, boys—won by Ernest Bishop and Lewis Iell.

Relay race, girls—Dorothy Stewart, Dorothy Johnson, Anna Clelland, Anna Murphy, Isabel Glass and Madeline Kenney.
Relay race, boys—Clement Herbert, Walter Radcliffe, Russell Rumble and Herman Madison.

F. C. Will Play League Game

The Palmyra Field Club team will play a league game Saturday afternoon at Beverly with the fast aggregation of that city.

Either Babe Flynn or the famous "Big Six" Vanamburg, of Parry, will do the twirling and in either case the locals are expected to have a good chance to demonstrate what they can do.

Misfortune pursued the Field Clubbers last Saturday in their local opening. Hardy, who started on the mound, had not yet rounded into shape, although he stuck to the assignment until 11 runs had been registered by the Medfords.

Babe Flynn was then called to fill the breach and had the opposition eating out of his hand the rest of the game, but the local batter could not come through with enough hits to overcome Medford's big lead, so the game ended 11-4.

Champion Country Club Bowler

The individual bowling tournament for the championship of Class A which practically carries with it the title of club champion, was played last Thursday night, and after a close race between McAlley, of Riverton, and Ayres, of Palmyra, the latter won out by 26 pins. The totals for the three games were as follows:

Ayres	166	205	189	560
McAlley	171	186	178	535
Rolf	155	166	198	519
Hirst	159	172	178	509
Crow	221	114	169	504
H. R. Cor	128	212	161	501
H. C. Cor	164	132	160	456
Graff	141	147	158	446

The championship of Class B will be decided on Friday night, May 19th. About twenty bowlers are expected to compete.

P. H. S. Commencement June 15th

The honor students of the graduating class of Palmyra high school have been announced. Douglas Kersey, with the highest average for the entire four years, is valedictorian and Miss Grace Davis receives the next highest award and will be salutatorian. The banner orator, elected by the class, is Jean Mervine.

Commencement exercises will be held Thursday evening, June 15, with the baccalaureate at the Calvary Presbyterian Church in Riverton, preached by the Rev. N. F. Stahl, on Sunday morning, June 11.

The commencement speaker will be the Rev. Ernest Bowden, of Philadelphia.

The senior class will take its trip to Washington on May 25, 26 and 27. Final exams have started and will end on the 24th.

S. B. Lisk Makes Record Run
A record run was made to Pittsburgh on Friday by S. B. Lisk, of Riverton. Mr. Lisk, driving a Paige car No. 666 Lakewood, accompanied by F. W. Olcott, of Darby, owner of the car, which had already run 7000 miles, left the Bellevue-Stratford hotel, Philadelphia, Friday morning at four o'clock and made the trip to the William Penn hotel, Pittsburgh, and return, a total distance of 607 miles in nineteen hours and twenty-eight minutes, actual running time. The trip was made as a test for the Guy A. Willey Motor Company, of Broad and Vine streets, Philadelphia, and was made without tire or engine trouble of any kind.

WOULD TAX VENDERS

Business Men of Palmyra Demand that Township Committee Take Action

MORE POLICE PROTECTION

On Recommendation of A. S. King Motion to Hire New Officer Passed

The Palmyra township committee had a rather exciting session Tuesday evening.

Frank A. Mathews, Jr., appeared as representative of forty business men to demand that the committee pass an ordinance taxing vendors, hucksters, peddlers and the like who sell from door to door.

The business men cited the fact that they were taxed heavily both on their buildings and on their stocks, the valuations having been increased considerably this year, while the vendors maintain no business places, at least not in the high rent section, and carry only a small stock.

The township formerly had a licensing ordinance such as the business men demanded, but it was repealed some time ago. Chairman Davies said, to give the consumers the benefit of lower prices then charged by the door to door merchants.

Township Committeeman Hartley suggested that the matter was one which the citizens in general should have an opportunity to express their opinion on, and it was laid over till another meeting.

\$14,000 Delinquent Taxes

Mr. Mathews then took up the matter of delinquent taxes. He cited the fact that the recently published audit showed that some taxes had not been paid as far back as 1914. The audit showed the total in unpaid taxes to be some \$14,000. The attorney demanded on behalf of the business men that the steps provided by law to collect these taxes be taken, showing how the non-payment of taxes increased the burden on people who do pay.

The law requiring properties to be sold for the collection of taxes was read. This law, Mr. Mathews declared, was mandatory, specifying that tax sales must be held, and he said he was prepared to take steps to enforce the law.

Chairman Davies replied that a large part of the \$14,000 total unpaid taxes was from last year only and that they were being paid up rapidly, while recently published warnings had been effective in bringing in considerable other taxes of long standing. Mr. Davies said that necessary action would be taken after June 1 to bring in all taxes from back years.

To Have New Policeman

A. S. King, of the Chamber of Commerce civic committee, presented recommendations concerning police protection required due to the opening of ferry service to Tacony.

Committee member Charles B. Hinchman moved that \$1,000 be borrowed on an emergency note to provide for another policeman. This was supported by Committee member James S. Hartley and passed over Chairman Davies' opposition.

Mr. Davies contended that it would be sufficient to employ some of the special officers over the weekend when extra protection was needed, thus eliminating full time salary. He also called attention to the fact that Overseer of Roads Winfield Land is a special officer who is about town all day long in connection with his street work.

The Chamber of Commerce committee presented names for certain streets which have now the same names as other streets in town, but action on the suggestion was deferred until later.

The American Legion's request that the Larry Avenue Park be renamed in honor of Frederick M. Rodgers was acted upon favorably. Township Clerk Spencer suggested that the name "Legion Park" be adopted instead, but Lincoln Richter, Legion Commander, declared that the boys would rather the name of the dead hero be used than another name in honor of service men still alive.

The Legion's request that Garfield avenue be roped off for the coming carnival was granted.

Birds That Are Weather-Wise.
Some birds are good weather prophets. The green woodpecker is known in some parts of this country as the "rain-bird," because you hear his laughing cry so often before a deluge. The mist-thrush, again, has gained the name of "storm cock," because he sings before a wind or rain.

LESSON FOR MAY 21

HILKIAH'S GREAT DISCOVERY

LESSON TEXT.—II Chron. 34:14-35.
GOLDEN TEXT.—Thy word is a lamp unto my feet, and a light unto my path.—Ps. 119:105.

REFERENCE MATERIAL.—I Chron. 6:49; Job 1:8; Col. 3:16; II Tim. 2:15; 2:14-16.
PRIMARY TOPIC.—How the Lord Brought His People Out of Egypt.

JUNIOR TOPIC.—Hilkiah Discovers the Law.

INTERMEDIATE AND SENIOR TOPIC.—How to Make the Bible Our Own.

YOUNG PEOPLE AND ADULT TOPIC.—The Authority and Influence of the Bible.

About a hundred years elapsed between the reformation under Hezekiah and that of Josiah. Some time during this time the book of God's law had been lost. Two wicked kings had reigned in this interval. The Lord had given Hezekiah much wealth. His son Manasseh, coming into possession of his father's property, and being ungodly, would naturally neglect the Bible, if not purposely try to put it from sight. Those who do not obey the law of God, are usually interested in putting it out of sight.

1. The Book of the Law Found (vv. 14-17).

1. The Occasion (v. 14). It was while repairing the temple during Josiah's reformation that the law was discovered.

2. The Book Delivered to the King (vv. 15-17). Upon making a report to the king, the work done, the king was told of the finding of the book of the law by Hilkiah, and the book delivered to him.

11. The Effect of the Reading of the Law (vv. 18-28).

Shaphan the Scribe read the law before the king.

1. The King Rent His Clothes (v. 10). As the law was read before him he was led to realize more seriously the awful extent of the nation's departure from God. He knew that sin merited punishment. The function of the law is to reveal sin. The man who will honestly hear the demands of God's law will fall upon his knees before God and cry for mercy. The reading of the royal robes indicated that the king was penitently sorrowful.

2. The King Sent a Deputation to Make Inquiry of the Lord (vv. 20, 21). The king included himself in the guilt before God. "Go inquire for me and for them that are left, for great is the wrath of the Lord that is poured out upon us." His sense of sin was so keen that he sent them to inquire as to whether there was any means of averting the judgments of the Lord. Instinctively the human heart turns from God's threatening judgments to a means of escape. The soul that sorrows for sin inquires for a way of escape. The law prepares for the gospel. The law is our schoolmaster to bring us to Christ. The soul under condemnation inquires, "What must I do to be saved?"

3. The Message of Huldah, the Prophetess (vv. 22-28). (1) Confirmation of what the law said (vv. 22-25). She said that all the curses written in the law must fall, for the sins had been so flagrant that God's wrath could not be restrained. Destruction was hanging over Jerusalem and it was too late to avert it. It was not too late to repent to obtain mercy from God, but the outward consequence of sin must be realized. This finds fulfillment on every hand today.

The murderer must hang. His soul may go directly to heaven, provided he has accepted Jesus Christ. (2) Acceptance of Josiah's repentance (vv. 26-28). Because of his tenderness of heart and deep penitence, the Lord said he should be gathered to his grave in peace, and should not see all the evil to be brought on Jerusalem and its people. What Huldah said was true even though Josiah died in battle (35: 22-25). When God accepts a man and forgives him, his death is a peaceful one even though it may be on the battlefield. God's presence is with him and he thus will go straight to the heavenly home.

111. The Law Obeyed (vv. 29-33).

1. The King Read the Law (vv. 29, 30). He gathered together the inhabitants of Jerusalem, including the priests, Levites and elders, and read unto them the law.

2. The King Made a Covenant Before the Lord to Keep His Commandments and Testimonies (vv. 31, 32). This was done sincerely—with all his heart and soul. He caused all that were present to stand to it.

3. The King Took away all the abominations out of all the countries that pertained to Israel (v. 33). All the days of the king they departed not from following after the Lord.

He Will Save You.
When you feel as if things were dragging you down into the depths you remember that the Lord Jesus Christ is at your side? All human help may seem very far away; but He is not far away. Even through the noise of the storm He can hear the faintest cry, "Lord save me, I perish," and He will save you to the uttermost.

Adversity.
Adversity is the first path to truth.

Deacon A preacher has a right Morril to defend his political Muses: opinions like other folks, but a fair fighter ought to be careful what he says, what folks are in church and can't talk back.

A Busy Night

Last Monday night Officer Quigley (who is on duty this week from 1 o'clock to 3 a. m.) saw two suspicious looking colored men come into Riverton. After looting around awhile they started out East Main street. The officer followed. At Ninth street the men turned and retraced their steps to the station. As Quigley followed them back he was notified that an attempt was being made to enter Dr. Cress's Nursery. Asking a friend of his to keep an eye on the men he hastened to Dr. Cress's, but the man who was about to start operations there had been frightened off. The colored men were followed by the "deputized" officer as far as the Palmyra line, where Officer Rodgers was tipped off and watched them until they crossed the river on the way up from the city. This time a young man, under the influence of liquor, got off of a late train, accompanied by a stranger. A citizen of Riverton, who had been watching them on the way up from the city, told Quigley that the young man was carrying considerable money, and he had better keep an eye on him. The companion of the young fellow with the jagged and the roll tried to get a jitney to take him back to Camden, but Quigley did not like the looks of this arrangement and took charge of the young man until the next trolley down, when he placed him in charge of the conductor, who, after hearing the officer's story, promised to put him off at the street where he said he lived in Camden.

So far things had been running pretty smoothly, though the officer had been kept as busy as a wasp on a hot shovel. At this juncture Chief of Police Geiss appeared to make his nightly tour of inspection. Quigley told of his experiences and the chief laconically replied, "busy night." Together, in the chief's car, they started toward the river. A Second and Thomas avenue they saw a car turn into Second street from Linden avenue. When the driver of the strange car saw the chief's headlights he quickly extinguished his lights, backed up, and started toward the river. The car appeared to be a flivver. Now, the chief's car can go some, where the occasion demands it. And this was one of the occasions. In a thrice they were at the point where the mysterious car was last seen but it had disappeared into thin air. A search was made in all of the adjoining vicinity, the ferry was watched, the outlets at the Riverton and Palmyra stations were guarded, but no trace of the car was found.

This is a fair example of the activities of the police department every night. They are all working and working hard and the citizens of Riverton will be helping protect their own interests in cooperating with the department in every way they can.

Chief of Police Suggests This—

That when folks go away for over night or longer, leaving their homes unoccupied, that they notify the police department and their neighbors on each side stating how long they expect to be gone, and when they return to let the neighbors and the police department know they are back. The neighbors, in turn, are requested to promptly notify the police department if they see anything suspicious in the meantime. If the citizens in general will co-operate in this manner it may be possible to catch the parties who have been doing this housebreaking.

It is quite impossible for the Riverton police force to watch every house in town all the time and in order to check the increased number of robberies, every citizen should feel it his duty to co-operate with the department to the fullest extent.

Asparagus to Boston via the Air Route

An air express this week delivered a load of asparagus, fresh from the field of Gloucester county, New Jersey, to the markets of Boston.

Y. M. C. A. Convention

The seventeenth annual convention of the Burlington County Y. M. C. A. held at Burlington Tuesday night was attended by over four hundred delegates and invited guests. The meeting was held in the First Baptist Church, and the dinner was served by the members of the Ladies' Aid.

The report of Frank W. Thacher, county treasurer, showed a small balance in the treasury, and he asked for \$12,000 for the coming year. Over forty groups are now affiliated with the county organization.

Addresses were delivered by T. J. Cornelius, a native of India, who has been in this country to secure an education, and by Dr. Samuel W. Graf, of New York City.

A Word to Graduates
Those who are going to want cards printed or engraved to send with their commencement invitations are advised to order them now, as there will be a rush later and they may be disappointed.
The New Era will fill your order to your satisfaction.

The annual picnic will be held at the New Jersey Colony for Feeble Minded Males, Four Mile, on Saturday, June 24th. The new gravel road from New Lisbon to the Colony is finished and open to travel.

Gardner S. Staunton, of Thomas avenue, has been elected grand marshal of Rensselaer Polytechnic Institute, Troy, N. Y. The office is the highest attainable by an undergraduate. Staunton is a junior in the civil engineering course. He is a letter man, having made the football team in his freshmen year and plays on the varsity tennis team. He belongs to the Chi Phi fraternity.

The home of Herbert M. Morris, on Fulton street, was broken into and thoroughly ransacked Saturday night by burglars who seemed to be in quest of money, a small sum of which they found. They also carried off a revolver and a silver pitcher, which was found the next day in a neighbor's yard. Entrance was gained through a second story window. The burglar alarm, which the house is equipped with, was unfortunately out of order just at this time. Chief of Police Geiss and his officers made an inspection and had fingerprints taken. One of the neighbors saw a light in the house early in the evening, but thought the Morris had returned home.

Road Improvement Schedule

A resolution adopted by the Board of Freeholders at its meeting on Friday, provides for the improvement of the road between Riverside and Bridgeboro, at a cost of \$50,000. A bond issue will be made to cover the cost.

Another resolution introduced authorizes the issue of bonds to the amount of \$250,000, to replace the road improvement notes outstanding. The latter draw six per cent interest, while the bonds will be for a lower rate, thus saving the county interest charges.

A letter from the State Highway Commission gave notice that the State had taken over the one and six-tenths of a mile of road leading from Five Points, Cinnaminson township, to the Pocomo Palmyra ferry, which will be improved. It is now a part of the State highway system.

Moorestown Has No Government

The County Board of Election met on Saturday in response to a request from John D. McMullen, a citizen of Moorestown, who asked, in pursuance of the law on the subject, for a special election in Moorestown township, created by the last legislature and ratified by the residents of that place. As matters now stand all of Moorestown's officials have been legislated out of office. Tuesday, June 20, was the date decided upon for the election.

Davis-Russ

Owing to the recent death of the bridegroom's father, all arrangements have been cancelled for the church wedding which was to have taken place on September 9th, of Miss Tillie Margaret Russ, daughter of Mr. and Mrs. George W. Russ, of Delanco, to Mr. C. Kenneth Davis, son of Mrs. Laura B. Davis, of Riverton, and same was solemnized on Monday morning, May 15th, at ten o'clock at the Moravian parsonage, Riverside, Rev. Arthur Franke, officiating. Miss Olive Gould Russ, sister of the bride, and Mr. Melvin Pashley Davis, brother of the groom, were the only attendants.

After a wedding breakfast at the home of the bride, to the immediate families only, Mr. and Mrs. Davis left by automobile to tour the Pocomo mountains, and upon their return will make their home in Riverton.

Annual Meeting of Library

The annual meeting of the Riverton Free Library Association was held in the Library Building Monday night. Robert Biddle was re-elected president; Miss C. S. Cook, secretary; and Harry E. Jones, treasurer. The report of the treasurer showed the Library to be in somewhat better financial condition than at the close of the previous year, at which time the balance on hand was seventy-five cents. A resolution was passed noting with appreciation the fact that through the efforts of the president one thousand dollars has been added to our endowment fund. Interested friends of the Library had financed the papering of the rooms and installing electric lighting.

Cameron Beck Addresses County P. T. A.

The May meeting of the Burlington County Council of the New Jersey Congress of Mothers and Parent-Teacher Association was held at Maple Shade, Wednesday, May 17th. The morning session was devoted to business, and the afternoon session was addressed by Cameron Beck, personnel director of the New York Stock Exchange.

A delegation of seventeen attended from Riverton.

Cinnaminson to Have \$50,000 School

At the public meeting held in the Westfield public school last Friday night, the resolution to erect a school house not costing over \$50,000 was adopted by a vote of 49 for and 36 against.

A meeting of the Board of Education was held Tuesday night to outline plans for the new building, work on which will be started at the earliest possible moment, in the hope of having it completed in time for the opening of school in the fall.

A meeting with the architect will be held next Monday evening.

Deaths

Miss Fannie Bolton

Miss Fannie Bolton died after a long illness on Wednesday, May 10th. The funeral services were conducted by the Rev. A. S. Lewis in Christ Church, on Friday, May 12th. Interment was made in Woodland cemetery.

Miss Bolton was a valued member of the Riverton P. T. A. and the Girls' Friendly Society, both in Riverton and Philadelphia, on the boards of which she rendered valuable service for many years. She was also a member of the Women's Burlington County Historical Society.

Gran'ma says: Things haven't changed much these last fifty years. Riches and ill health still go hand in hand and happiness hovers nearest those brave young things who are starting life together on a little money and a lot of faith.

H. N. Powers, of Baltimore, formerly of Riverton, was in Palmyra on Tuesday.

Miss Mary C. McGowan and Miss Edna Forney, of Baltimore, were guests of Mr. and Mrs. James B. Rustic over the weekend.

The winning team in the Chamber of Commerce membership drive, composed of Charlie Davidson, Oswald Melcher, James T. Weart and Ezra Carter, and the members of the campaign committee, Wilbur F. Crane, James B. Rustic, W. H. Davidson, and Clement Horn, all enjoyed a theatre party and dinner in Philadelphia Thursday evening.

The Pan American League has awarded the seniors of P. H. S. a handsome picture of Theodore Roosevelt as the result of their excellent essays on the Panama Canal and the Monroe Doctrine. The League makes awards only in case the teacher is a member and Miss Englund, of the high school, is one of the three members in the State of New Jersey. The honor is highly gratifying to the local school system.

Freeholder George W. Rogers has taken up with State Highway Commissioner Doughty, of Mount Holly, the matter of having the State build a sheet asphalt road surface the full width of Cinnaminson avenue. Mr. Doughty promised to do all he could to get the desired result. Mr. Rogers is also responsible for the recent improvement above Elm avenue, where the space between the tracks and the trolley switch has been paved.

Mrs. Abdill Re-elected President.

The following officers were elected at the meeting of the Palmyra Parent-Teacher Association held Tuesday evening at the high school auditorium: Mrs. J. H. Abdill, president; Mrs. Curry, vice president; Miss Mary Bell, second vice president; Miss Mary Egan, secretary, and Mrs. J. C. Hooper, treasurer.

The dues for next year were raised to 35c owing to increased demands of the State Association. The Association has raised its allotment of \$50 toward the county scholarship to the State Normal School for next year. The address of Mrs. R. Irving, of Haddonfield, was one which will not soon be forgotten by those who heard it and the P. T. A. feels fortunate in having her here for the last meeting of the season. The work of the Association will be taken up again next September.

Auto Trip Full of Adventures

Mrs. W. F. Lefford and son, Richard, returned home on Monday evening last week from an 8,000-mile automobile tour of the South, which was full of interesting and exciting experiences.

They started out last fall to visit Mrs. Lefford's son, Kenneth, at Memphis, and expected to be gone only a few weeks. Once in the South, however, the winter and spring, occurred and delayed their return which was scheduled by way of Missouri and Chicago. They finally started out despite the high waters and were several weeks reaching Chicago. In one town they drove through a street for a mile with the water over the running board. Again they had to be towed through water above the fenders for a like distance. Again the car turned over in the mud. Several nights they were compelled to sleep in the car.

They saw miles and miles of flooded country and at times barely got away before dikes along the Mississippi broke. Once, too, they reached a town the day after it had been ravaged by a tornado.

They visited all the important towns in the middle West and enjoyed a trip to Man of War's stables at Lexington. Upon reaching Chicago they visited the Grant-Lane Naval Training Station, where Mrs. Lefford was royally entertained because of her work for the Navy boys here and at League Island Navy Yard during and after the war.

Travelling from Chicago was easier. They left Saturday morning, May 6, and came by way of Indianapolis, Ohio and West Virginia, making stops at night, and arrived home Monday evening, May 8th.

Richard was both chauffeur and metacarpian during the trip and his mother says all credit is due him for bringing it to a successful conclusion.

MARRIED

Miss Edith Wallace, daughter of Mrs. Mary Wallace, of West Broad street, and Eugene L. Baptiste, of Haddon Heights, were married last Friday evening at the Epworth parsonage by the Rev. E. A. Robinson. The bride couple were attended by John Thompson, of Collingswood, and Miss Ruth Powell, of Morris, N. J. After a wedding trip Mr. and Mrs. Baptiste will reside at Riverside.

DEATHS

J. Edwin Baker

J. Edwin Baker died at his home on Germantown avenue on Monday and was buried in Northwood cemetery on Wednesday. Mrs. Baker died two months ago.

Mr. and Mrs. Baker were residents of Palmyra for many years, and were well known here. They moved to Germantown about five years ago.

Resolution on Sabbath Desecration

Editor The New Era:

Will you kindly insert the enclosed resolution in your paper?

Done by order of the Central Baptist Sunday School Association on May 9, 1922.

R. W. GIBBON, Supt.
W. M. COOPER, Secretary.

Copy also to be sent to Weekly News Chamber of Commerce Boosters' Club Township Committee of Palmyra

Resolution

Our Association has been noting with alarm the increasing disregard of the Sunday laws by the merchants of our town.

We feel that their action and example has a very bad influence on the youth of our community and tends to counteract the work which the Sunday Schools are endeavoring to do.

The lawlessness—for such it surely is—was aggravated very much last Sunday when the river bank was turned into a picnic ground, and much disorder prevailed.

We feel that it is the duty of our Township Committee to enforce the laws and we feel that it is able to do so with a little effort.

We therefore ask your honorable body to give this matter your attention and take such action as you may deem proper to see that the Sunday laws are enforced.

Get the better of yourself, or some other fellow will beat you to it.

GREAT FUTURE FOR PALMYRA

Mayor Van Hart Sees New Ferry as First Step in Development of Water Front

One of the largest and most enthusiastic meetings held by the Boosters' Club since its organization took place in the P. O. S. of A. Hall last Thursday evening, at which a few members of the Chamber of Commerce, township and county officials were present.

Impetus was added to the Boosters' efforts to make Palmyra the ideal suburban town by an excellent address delivered by Frank S. Van Hart, Mayor of Camden.

Injecting several humorous stories in his remarks the Mayor urged the Boosters forward in their work, declared boosting one's town the right of business of every citizen, and that man unworthy of citizenship who refused to lend of his time and effort in furthering the interests of his home town. Continuing, the Mayor congratulated Palmyra for its location and indicated the great benefits which would accrue from the development of its water front, an initial move in that direction having been made by the construction of the new Tachy-Palmyra ferry.

A. H. Coate, of Moorestown, made a short snappy address in which he envisioned a great future for the town. Pointing to the new high school and sewer now being constructed, the Palmyra National Bank, and the new ferry, Mr. Coate stated that Palmyra had great reasons to rapidly become one of the largest and best suburban towns in Burlington county.

Ralph S. Rivers, member of the club, John Davies, chairman of the township committee, George Rogers, County Freeholder, Wilbur Crane, president of the Chamber of Commerce, and George Wimer, made brief addresses.

Solos were rendered by Miss Helen Seel and Augustus Wilson, with Miss Edith Teplee at the piano. The audience was also delighted by two recital impersonations by Miss Helen McConnell.

Previous to adjournment song sheets were distributed and the entire gathering joined in singing several popular numbers, following which refreshments were served.

A Captive Eel

"I have been using an eel which has an interesting story," writes a nature observer. "It was discovered two years ago, having got into a water pipe from a barn. The supply of water having been cut off, investigation showed that the eel was firmly wedged in the pipe and was effectively preventing the passage of water. It was then of small size, but has grown amazingly in a water tank; it is now fully a yard in length and as thick as a man's wrist. It answers to the name of 'Peter,' and at once comes to the surface when called upon, and feeds from the hand. Its diet consists principally of worms, but it enjoys an occasional mouse. In the process of swallowing, it makes a succession of gulps, till finally the tail of the mouse only is visible, and then that, too, goes over."

Aztec Relics

Many interesting relics have been found recently of the lost race or prehistoric people who lived in the great community dwellings now in ruins near Aztec, New Mexico. The evidences of a surprisingly high civilization include curious sandals woven from yucca leaves, fibre and cotton. The people delighted in ornaments of shells cut into discs and beads of turquoise and shell. There are jasper arrow points, bone awls and needles. The basket weaving was also of a high artistic quality. The most interesting of these relics is the coiled pottery made by rolling long strips of clay and winding them round and round as is done in coiled basketry. The ancient people who made these articles are believed to have been the original cliff dwellers—Boys' Life.

United States Treasury Notes.

The words "Treasurer: Amer: Sept: Sign:" on every treasury note issued by the government are abbreviated words for "Seal of the Treasury of North America." The Revolutionary government of the United States was continued under the Constitution without any change in some departments. By an act of the Continental congress of September 28, 1778, the treasury was organized with an auditor, comptroller and treasurer, and the same officers still run the treasury under the secretary and his assistants, and all paper money and bonds have the seal, not of the United States of America, but of the treasury of North America. It was the United States of North America which made treaties with France and Spain in 1778.

EIGHT MORE MAKES 1000

When Camp 23 P. O. S. of A. Initiates the One Thousandth Member There Will Be a Big Parade and Celebration

Camp No. 23, of Palmyra, Patriotic Order Sons of America, enjoyed one of the banner nights of its history in the celebration of its twenty-ninth anniversary last Monday evening.

Occurring at the same time that the big membership battle with Camp 3 of Philadelphia, was in progress, the celebration had a double interest. Most of the business session was taken up in the initiation of 46 new members, which brings the total membership of the local Camp to 922 and assures the two hustling teams of young and old members respectively that the famous mark of 1000 which the Camp tries to maintain will be reached with several to spare.

George N. Wimer, in announcing the latest figures to the more than 300 members who assembled in the banquet hall, also announced that on the night the 1000th member is taken into the Camp the old town will be awakened up with a huge parade and celebration.

After the Camp had partaken of a splendid repast served by the ladies of Philadelphia, was in progress, the celebration had a double interest. Most of the business session was taken up in the initiation of 46 new members, which brings the total membership of the local Camp to 922 and assures the two hustling teams of young and old members respectively that the famous mark of 1000 which the Camp tries to maintain will be reached with several to spare.

The Mayor had a lot of fun with the contest. First he claimed for Camp 3 all credit for the membership of Camp 23. "We made you what you are today," he said, "for without Philadelphia stepping on your heels all the time, you would go to sleep." The actual number of members, which Camp 3 has succeeded in getting to date is a closely-kept secret and the local camp would like to know it, so Mayor Smith had all his hearers on tiptoe with expectancy when he announced that he was going to let the cat out of the bag. So he said: "Camp 3 has exactly 500 members where I have 422. I have 8 more to go. June 30 is the last date for the drive."

Inveterate Punster.

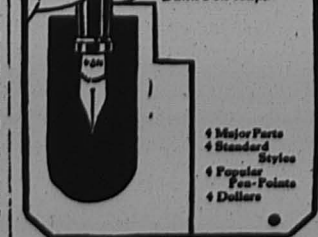

Thomas Hood, the poet, was the prince of English punsters, and found his own name a fruitful subject of his wit. On being shown a portrait of himself very unlike the original, he declared that the artist had perpetrated a false Hood. When near his end he said he was dying out of clarity to the undertaker, who wished "to turn a lively Hood."

FACE PENALTY FOR STRIKING

State Warden to Start Investigation of Walkout of Fire Fighters as Forests Burn.

STATE LAW IS MANDATORY

\$500,000 Loss From Fires in State Forests—Between 50,000 and 75,000 Acres of Woodland Burned. Needs Home-Grown Crops.

Trenton.—State Fire Warden C. P. Wilbur stated that the strike of fire fighters in the vicinity of Woodbine would be investigated immediately and the strikers punished for failing to perform their duty. Under the law, he said, any able bodied person can be called upon to fight the forest fires. This law, he declared, was mandatory, and he said that Moses Goodman, fire warden in Woodbine, was lax in not enforcing the law and should have exercised his power in forcing the strikers to work.

Because of the delay in fighting this forest fire near Woodbine the blaze spread considerably and made inroads into Atlantic county, according to the reports received by Warden Wilbur. The strike caused the spreading of the fire because the area was small and could have been easily checked.

Under the state law providing for compensation for forest fire fighting the volunteer's pay is \$1 for the first two hours and 40 cents for each additional hour. The strikers demanded 75 cents an hour and refused to return to work unless their demand was granted.

Warden Wilbur stated that boys under sixteen could be hired. He expressed the opinion that owing to the dryness of forests there was some danger of further conflagrations. Soaking rains, he said, are much needed because the leanness of the spring has made everything dry.

The big difficulty in forest fire fighting service, he said, is the legislature, which failed to provide an adequate number of men capable of handling forest fires.

Fire Loss \$500,000
New Jersey's spring forest fires have burned from 50,000 to 75,000 acres of woodland, entailing a loss not less than \$500,000. This is a preliminary estimate by State Fire Warden C. P. Wilbur. He said wardens are still too busy fighting fire to check up on the area burned. Accurate figures will not be available until the present danger season has passed.

"It is time that New Jersey paid up her fire insurance premium," said the warden, calling attention to inadequate fire-fighting facilities. "The late April and May forest fires throughout the state have emphasized in a very pointed way the necessity for more adequate means for forest protection."

"The fires have come mostly from transient smokers and picnickers, and from brush burning or similar spring cleaning up on farms, and have been started in great numbers. The dry weather and extremely high winds have made it inevitable that many of them should get to be 'big fires' before the limited number of state wardens could give them attention. At the same time one man had three serious fires burning at widely separated points along the New York state line, all of which started in New York and reached the New Jersey line with a headway of long burning which made it impossible to keep them out of the state although the Jersey men went into New York to fight them. In southern Jersey a single warden has had to cope with as many as five large fires in different areas at the same time after previously spending from two to four days and nights continuously at other fires."

Crop Is Threatened

"With the facilities available the Forest Fire Service has done remarkably well. But this creditable showing and a past record which compares favorably with other states is not sufficient. It does not and will not make the forest lands of the state secure enough from fire to give reasonable assurance that they will carry their present timber until it can be used or will mature the young crop for market. New Jersey's woodlands are being burned over at a rate which threatens the entire two million acres every 23 years. It takes 30 years or more to grow a crop of timber. The outlook for a homegrown timber supply is therefore not bright under existing conditions, and the state now needs and will soon be more in need of such a home supply."

"If this condition were necessary, it would be bad enough, for New Jersey desperately needs to save the woodland which she has left and to give the balance of the forest land a chance to come back by keeping out fire. But a moderate expenditure by the state will put an end to such calamities."

"The Department of Conservation and Development has plainly stated the needs, has prepared an adequate and reasonable plan for meeting the situation, and has laid both the need and the remedy before the state."

"The last legislature was asked to provide \$20,000 as a single investment for a complete system of fire lookout towers and similar permanent equipment and to increase the present \$35,000 maintenance fund to \$70,000 per year, would provide a fully adequate system of forest fire protection at less than 4 cents per acre. This was not done and no increase in funds for this purpose was made for the coming year. The state cannot afford to talk economy in so small a financial outlay, with the future of almost one-half of her area, two million acres of forest dependent on prompt measures for relief from its present exposure to damage from fire."

"The vast sums which are being spent and the larger sums which will be spent in many states for replanting devastated forest land, need not be spent in New Jersey if forest fire is stopped. Our woods will reproduce themselves and restock even the more abused areas if protected. But the state confidently expects to be forced to expensive artificial replanting on a great part of its forest land, if fires

continue to burn off the standing timber and repeatedly destroy the natural reproduction. A great part of these lands will be idle, waste areas unless they are producing timber. New Jersey both needs the timber and cannot afford to carry almost one-half her area as unproductive scrub oak barrens."

"Forest protection is too generally looked upon as building for the future. Continuation of the present conditions is a situation, the acute pinch of which will be felt not only by those coming after but by the present generation."

Can't Abandon Trolleys

The State Public Utility Commission, at the conclusion of an exciting public hearing in the City Hall, Bridgeton, ruled that the Bridgeton and Millville Traction Company must not stop trolley service, as it had announced it would. Declaring that the company owed a duty to the public and that it "could not walk up and serve notice to stop whenever it felt like it," former Judge Harry V. Osborne of Newark, chairman of the commission, also said the company should not be required to continue operation in the face of an operating deficit. This was \$30,000 in 1921, and \$10,000 in the first four months of this year, according to the figures offered in testimony by H. M. Megargy of Philadelphia, assistant to the vice president of the company, and C. L. S. Tingley, the vice president.

The witnesses also declared the roadbed is in a dangerous condition, the rolling stock dilapidated and that it would cost a half million dollars to put it in first class shape. An additional \$200,000 would be required, they said, if the franchise agreement to pave between the rails and on the sides in Bridgeton was complied with. These figures were undisputed.

Bridgeton is undergoing extensive street paving, and the uncertainty about the tracks is holding up some of the improvements. However, the City Council had not forced the company to comply with the agreement, and was attempting to co-operate in holding the trolley lines in operation. The company has evaded its paving obligations for several years, city officials say.

Corporation Counsel Bacon, representing the city, took exception to a number of items listed under operating expenses, and fought to hold up the suspension of operation until local capital, which, he said, is considering the purchase of the assets of the company can set out a bus assets installed to take care of traffic.

Vice President Tingley brought the session to its feet just as recess was declared by offering the whole concern to the city free if it would take it and run it. When asked to substantiate his offer under oath on the witness stand, he qualified it by saying he "felt the company would be glad to sell it to anyone at a very low figure."

The commission took the attitude that the traction company had no right to arbitrarily declare when it would cease operation. The company claimed that the commission had no authority, but that advising of their intention to abandon was simply an "act of courtesy." Chairman Osborne exploded that idea and plainly indicated that the commission intended to exert its authority in the matter. He declared that while the company might be permitted to discontinue operation, yet it could do so only according to law and with the express permission of the state through its authorized agents.

Teachers Still Scarce

Reports of a plenitude of public school teachers ready to sign contracts for next term which have come from some parts of South Jersey are strenuously refuted by educational officials in other sections. One such official declares that there are plenty of teachers "of the flapper sort" who are not at all desirable, but that the more efficient and reliable instructors are just as hard to locate and engage as at any time during the last five years.

The situation has developed a race of school boards to obtain the desired complements for the opening of the fall term, and resort is made to the device of baseball team managers sending out scouts to gather in the best material. A few days ago, it is asserted, such "scouts" from Atlantic City made a raid upon Burlington, where the minimum salary paid teachers is \$1,100 a year, and by picturing the allurements of engagements at the seashore and offering larger salaries succeeded in corraling a few desirable grade teachers. Supervising principals, it is said, are scouring the state for capable and efficient men and women, but finding the task extremely difficult.

Jersey Grain Near Normal

Crop correspondents' reports to the State Department of Agriculture, summarizing conditions for May 1, indicated a winter wheat crop 91 per cent of normal; rye, 92 per cent; hay, 88 per cent; pastures, 83 per cent; plowing and planting, 64 per cent. The average winter wheat area for harvest this season is estimated at 78,000 acres. Rye remaining for harvest is estimated at 56,000 acres and the acreage of tame and cultivate hay at 300,000 acres.

AMERICAN LEGION

Post Rodgers Carnival

The regular meeting of Post Rodgers, of Palmyra, was held Tuesday evening, May 16th, in the Post rooms and although the attendance wasn't as large as was expected, the meeting was full of life and a lot of business was transacted.

The Legion has been asked to attend the Baptist Church on Sunday evening, May 28th and we not only accepted but we also asked the P. O. S. of A. to join with us. Don't forget fellows the P. O. S. of A. always turns out strong when it comes to going to church, so let every Legion man get behind the Legion and show the P. O. S. of A. that we also can turn out in goodly number.

Quite a little discussion was put on the carnival and the plans were formed and every man knows his place and it is the hope of the committee in charge to make it one of the biggest affairs the town has ever had. We feel confident the citizens of the two towns will be there to back us up and we are hoping that Tacony will also be over in goodly number. Let every member of the committee and push the old carnival across in flying colors. Don't stand back and wait to be asked for your help, step up and volunteer your services as there is plenty of work for all to do.

We have endeavored to put on a good carnival and a few of the stands are Hot Dogs, Honey Rides, Fortune Tellers, Candy, Cake, Kewpie Dolls, Blankets, Lamp Shades, Pillow Tops, Aluminum, Ice Cream, Soft Drinks, Slide Show, Fish Pond, Hoop-La and other attractions. One of the big attractions will be music by the Griffenberg band.

Isn't that enough to tempt anyone to visit the carnival?

A special meeting will be held Tuesday night at the home of James M. Weart, and it is requested that the trustees along with the men in charge of the different booths will be present. Publicity Committee.

During his recent tour in New Jersey, National Commander Hanford MacNider declared that it is not the purpose of the American Legion to enter politics, but to see that the United States remains as the Legion members fought to have it remain—thoroughly American. "The American Legion is interested primarily at present in seeing to it that the sick and disabled service men of the country are given a square deal," he said. "Promises to provide adjusted compensation for veterans were given out without solicitation by Congress, and the American Legion is now asking that those promises, voluntarily given, be fulfilled."

State Historian Leo Babchin, of Lakewood, is urging Directories to convert the barracks at the Lakehurst proving grounds into a hospital for former service men who are in need of care. The buildings are still in control of the army and are now being used only by caretakers. Those backing the movement declare it an ideal site for convalescent men.

The Swedesboro Borough Council has decided to assist Swedesboro Post in purchasing a building for headquarters. Council to assume \$2500 of the indebtedness and the Post the balance of \$900.

Work has been started by members of F. A. Funston Post No. 186, Hammon, in improving the park at that place, which will be in charge of the Legion this season.

Man Needs 'em Sall

The hired men between their chews had stopped and spat and aired their views where listening cows would hear the news. So Jersey Jane nudged Guernsey Ann shifted her cud and thus began, "I hear that Henry Ford allows that he can make some flivver crows, and since he never works by halves, no doubt some motorcycle calves. Do you believe, good sister Ann, that we shall lose our use to man? Is our long history complete, and will they make us into meat?" Said Guernsey Ann to Jersey Jane, "I share your fears, I share your pain." To hold his peace no longer able, this spoke old Dobbin from his stable, "O pray excuse this horse laugh grumpy, but wouldn't Lizzie's milk be tiny? It makes me smile, it makes me snicker, it makes me whinny, neigh and nicker. Your dams have known the herdsman's care since Eve was young and Eden fair. You topped with cream man's coffee cup ere good old Hector was a pup, and folk won't risk their lights and livers by drinking milk that comes from flivvers. So Jane and Ann pray cease to weep, swallow your cuds and go to sleep. You still shall serve human lords in spite of fifty Henry Fords."

Heat lemons slightly before squeezing and note how much more juice comes from them.

How Shall Riverton Protect Herself?

THE influx of undesirable over the ferry on Saturday afternoon and Sunday is causing grave concern to many of Riverton. The quiet and peacefulness of the Old Riverton are gone forever. That is a fact beyond question. The problem now is, how shall Riverton protect herself from as much annoyance as possible. The invaders pass remarks about our women folks, sing ribald songs on our streets, camp on our lawns, plunder our flower beds, loiter on the river bank and indulge in unseemly behavior, and make a nuisance of themselves generally. Yet, in very few instances do they go so far that they can be arrested under the disorderly act.

The police department is disposed to do all it can, but in many cases the annoyance is of a character that the police cannot act without the complaint of the owners of the property on which the trespass is being made. In order to more successfully handle the situation, the Chief of Police will put on additional officers on Sundays.

We might suggest that the people of the town get together and discuss this problem and arrive at some definite plan for coping with it. It is understood that the property owners are going to place signs on the river bank, giving warning that it is private property and that trespassers will be arrested. This will be a first step, and will give the police a chance to act. So far as it goes this is all right, but it does seem that if this thing is to be nipped in the bud, before it gets beyond control, a comprehensive plan of action should be decided upon.

It is stated on good authority that the Fourth of July Committee is seriously considering having no fireworks here Fourth of July, owing to the belief that they would attract an undesirable and dangerous element to our town, with possible results that are not pleasant to contemplate.

To Curb or Not to Curb
IT is understood that a strong opposition to curbing on Main street and Lippincott avenue will be developed at the public hearing to be held before the Borough Council on Thursday evening, June 8, at 8:30. An ordinance calling for curbing on these two streets was passed two years ago, but was not carried into effect owing to the opposition which was at that time based on the high cost of labor and materials.

This objection has been partly removed by the decline in prices. That the town government is badly needed requires no argument. A look down these streets is sufficient. An effort is being made in Riverton to encourage the development of civic pride, and surely nothing, down in the heel streets do not bespeak a high degree of this spirit.

If it is true that there is to be organized opposition, then the opposition can be depended on to be out in force to state its objections before Council. Those who are interested in having this necessary improvement made should also be out and give voice to their sentiments.

Hostesses at Cinnamon Home

Among the ladies who have consented to serve as hostesses and who will preside at supper tables during the afternoon of the fete of the Cinnamon Home Saturday, June 3rd, are: Mrs. Walter K. Woolman, Mrs. Robert Biddle, 2d, Mrs. Charles F. Allen, Mrs. J. C. Whitney Frishmuth, Jr., Mrs. Edith Warren, Mrs. A. R. Gauder, Mrs. B. Ralph Boyer, Mrs. Joseph W. Richards, Mrs. E. L. Williams, Mrs. Joseph Beck Tyler, Mrs. H. P. Jones, Mrs. Henry C. Parrish, Mrs. George L. Ridley, all of Riverton, Mrs. Eugene Haines, Merchantville, Mrs. Harvey N. Shearer, Camden.

Girls of the Y. W. C. A. will act as aids.

Mrs. E. P. Monroe

Mrs. Sara Frances, widow of the late Edwin P. Monroe, died at her home, 204 Park avenue, on Monday morning. Mrs. Monroe, who had not been well for some time, had a sudden attack with her heart, passing away in a short time. The deceased had lived in Riverton about twenty-five years, and was a member of the Needlework Guild of America, and a faithful worker in the same. The funeral was held Thursday afternoon at 3:15, conducted by Rev. A. S. Lewis. Interment was made at Westfield. Mrs. Monroe is survived by her sister, Mrs. Charles Parry, and a brother, James J. Still, of Wyncote, Pa.

Red Cross Asks Help for Flood Victims

Flood in the valleys of the Illinois, Ohio and Mississippi rivers have caused death, great loss of property, and thousands of families to be without shelter, food or proper clothing. Thirty-one thousand homeless are being fed by the Red Cross in the State of Mississippi alone. The Red Cross has quickly organized relief work with the help of local communities at many places in Illinois and on the Mississippi river south of St. Louis, particularly in the States of Arkansas, Mississippi and Louisiana. The first needs have been met by National Headquarters appropriations of approximately one hundred thousand dollars.

There is great work to be done until the stricken people who have lost their all can be reestablished in home life. At least five hundred thousand dollars will be required by the Red Cross. There should be generous assistance for these struggling communities, and the health and comfort of destitute men, women and children should have every possible attention. The chapters are requested immediately to solicit contributions to be administered by the National Organization of the American Red Cross through the State and local committees which it has organized, and through which it is discharging responsibility for relief work.

Contributions may be made for use at any designated place, or for specific territory, or for distribution according to the actual necessity for help at the discretion of the National Organization. Contributions may be sent to Mrs. Alexander Marcy, Jr., Riverton.

Robberies Continue Despite Doubled Efforts of Police

Tuesday night's record is the worst yet, so far as number is concerned. One place was robbed and seven others attempted.

Early Wednesday morning Officer Walter G. Miller was notified by telephone that the home of C. S. Somerville had been robbed of a lot of silverware. He made an investigation and immediately reported to the Chief by telephone.

Officer Miller found that the residences of Robert Biddle, 2d, J. Carl DeLaCour, S. C. Woolman, W. K. Woolman, Mayor Killam E. Bennett, Herbert M. Morris and J. Henry Yeager had also been visited and at some of these places attempt had been made to force an entrance. At others no such traces were found, though the prowler had walked around the buildings. His course was easily traced, for he wore some sort of sport shoe, having sixteen corrugations on the sole and nine on the heel.

County Detective Parker was notified by telephone, and sent State Trooper Baden to Riverton to assist in the investigation. After a hurried examination of the properties he hurried back to Mount Holly.

The new police car was put in operation Wednesday night, and equipped with a shot gun.

In Lansdowne twenty-five American Legion boys have volunteered to assist the police department and the same thing is being done in many other places.

Gillingham-Baker

A very quiet spring wedding will take place on Saturday at twelve-thirty when Miss Eleanor Trotter Baker, daughter of Mr. and Mrs. William H. Baker, of 717 Main street, will become the bride of Mr. William McKee Gillingham, of Nutley, New Jersey, at the home of the bride's parents. The ceremony will be performed by Rev. Arthur S. Lewis, rector of Christ Church, Riverton, after which a reception will follow to the immediate families and friends, the guests numbering about fifty. Upon their return from a motor trip, Mr. and Mrs. Gillingham will reside in New York City.

Ugliness is a kind of misgovernment.

In the interest of the Burlington County Tuberculosis League educational films were shown all over the county last week, in connection with which the film "Camp Happy," and one of the Health Pageant which was held in Mount Holly, N. J., and another showing the institutions of the county and State, were also shown. These films were shown before industrial plants in Beverly, Burlington, Florence, Riverside, a Hainesport, and in the schools and theaters of Roebling, Medford, Burlington and Delanco, twenty-five hundred people being reached.

Owing to the large number of robberies, the Chief of Police and his officers are taking measures that would not be necessary under normal conditions. Some citizens have been stopped at night and questioned. Some of them have resented it, instead of taking it as an evidence of the fact that the police department is doing its best to apprehend the criminals who are making every night one of unrest and uncertainty to all of our residents. The department is facing the gravest situation in the history of the town, and should receive every cooperation from the citizens whom it is trying to protect. Of course you are all right, and you know your own rights, but if an officer stops you at night, thank him for his vigilance, realizing that some night he will stop some fellow on his way to rob your house, or worse.

Sheriff Edward H. Flagg, Jr., was in Riverton Wednesday. Daniel Cavanaugh and family, Charles Fox, father of Mrs. Cavanaugh, and Elmer Lowden have moved to Wildwood.

Riverton Playground in Danger

Do the citizens of Riverton realize that their beautiful playground along the river front has been practically destroyed by the present influx of joy riders from the other side crowding the narrow "River Drive" particularly on Saturdays and Sundays? Large trucks, taking up most of the driveway, also seem to like this route. They either hold up traffic or force it onto the grass in order to pass. The danger and dust from this traffic is fast ruining the river front for residential purposes as well as a pleasure ground for all the people in Riverton. Sunday, May 14th, within a space of one hundred yards, one little girl, chasing her hat, and one common drunk, narrowly escaped being run down. This drunk, with two others, laid on a private lawn until they had emptied a bottle. After throwing the bottle into the river, possibly to cut the feet of some future bather, they deliberately staggered down the middle of the driveway, creating a scene of confusion. This situation should have prompt attention if accidents are to be avoided and the Bank made safe and pleasant again. A suggestion that appears to be considerable merit is to close the River Drive to all vehicles. This would provide a fine promenade for pedestrians, free from danger and dust and add greatly to the attractions of the river front as a place on which to hold our annual celebrations and from which to watch the water sports that for many years have been one of Riverton's chief attractions. It would cost practically nothing to do this while the clean, safe river front would be a good asset for the entire town. Back properties in the middle of the block would have to arrange for entrance from First street, but the change would provoke less opposition than the proposed taking over of the River Drive by the town. The legality of this proposal is likely to invite contest if the "River Drive" is to be converted into a nuisance as a speedway for out of town cars and to virtually destroy the river front for either residential or pleasure purposes. The driveway is too narrow and cannot be widened without destroying trees that could not be replaced in fifty years. Pedestrians have no place to travel, except on the lawns and at most points the slope is too great for walking and the grass too dusty to sit on.

Prompt co-operation of all the people of Riverton is necessary if this deplorable situation is to be remedied. If any better suggestions can be offered, it is to be hoped they will be forthcoming at an early date.

Cloudburst Floods Town and Fills Cellars

The cloudburst Monday evening between six and seven o'clock nearly all parts of town and water entered cellars in several instances.

Owing to the fact that the tide was at peak, the sluice-way at the end of the township drain could not carry off the water, which backed up to Garfield avenue, flooding the engine room of Jensen's washing machine plant and entering the basement of Seel Brothers' printing plant.

The sidewalk on the east side of Cinnaminson avenue was undermined where the drain passes underneath, the earth being washed away for about ten feet. Even the ferry road-way was considerably damaged, the newly filled-in ditch which had been dug for water service at the slip washing out at several places.

On the south side of Broad street from Lincoln to Cinnaminson avenue the same flood conditions prevailed that were experienced before the new \$16,000 drain was built. This was due to the fact that the rainfall was of record proportions for so short a space of time, and because the inlets were quickly stopped up by the great amount of twigs, leaves and other debris that washed into them.

Wherever it was possible to open up these inlets the water flowed away quickly, but at Morgan avenue it stood a foot deep for some time, flooding Norman Graham's lawn as in former times.

Twilight Baseball

Teams representing the Artisans, P. O. S. of A., K. of P., American Legion, Baptists and Wesleyans are working hard in preparation for the opening of the twilight baseball league's season. The various teams are composed of the best baseball players in the two towns and one of the most interesting series ever played here is forecast. Edwin F. Patterson has been chosen president of the League.

A movie benefit will be held at Broadway Palace next Wednesday and Thursday evenings.

How the Government Will Help You to Save

Thrift is necessary to national existence. When a people cease saving and turn to waste and extravagance, they begin to degenerate, their government begins to decay, and the life of their nation is doomed. All the world has shown that a thrifty people are a progressive people and a prosperous people, advancing steadily in industry, intelligence, independence, and good government. Saving money is not miserly, it is wisdom. Hoarding money is miserly and wasteful, because it clogs the life blood of commerce. Saving money and investing it, on the contrary, means that money is put to work, earning for the investor and providing capital for industry and trade.

Moths Eat Dirt

Your clothes are not safe from moths no matter how much camphor you use, nor how carefully you pack them in airtight cedar chests. Moths are in the clothes when you put them away, and during the summer they thrive on dirt.

Send your suits and gowns, your furs and blankets and other valuable things to us. We'll make them 100% clean.
