## Church Road Improvement Ignored By Freeholders

Promise Made by Director Rogers to Clifford Powell is Forgotten Within a Week

Notwithstanding the assurance given Clifford Powell by Director Rogers at the previous meeting, nothing was done about the construction of Church road at the meeting of the Board of Freeholders last Friday. In fact, the subject was not mentioned.

Evidently, George, in his anxiety to ally the rising tide of indignation over the way this road work has been made a political football for two months while taxpayers and the traveling public suffered, has spoken without consulting the other two members of the triumvirate. And Fred Lippincott's ready assent that "the road will be commenced as soon as the estimates are finished" had just as much sincerity back of it.

Every indication points to this work being held up until after the primary election, June 16.

There were a few visitors at the meeting, among whom were Joseph T. Evans and A. F. Deacon, of Riverton, and Fred W. Seiber, of Palmyra.

### Unusually Pacific

The meeting was pacific to an unusual degree and if the visitors hoped to see some excitement which usually prevails they were disappointed.

George J. Spencer, clerk of the borough of Palmyra, sent a communication to the board stating that the bid of the Cape May Concrete Company for paving West Broad street, had been formally approved and that the borough would enter into a contract with the company for the borough's share of the work. A letter was received from Burdette G. Lewis, Commissioner of Institutions and Agencies, in which he said that the Burlington County Almshouse had been visited by Mr. Thompson, from the State Almshouse, who said he found everything very satisfactory under the management of the steward and matron, Mr. and Mrs. Henry I. Worrell. The letter also complimented Mr. Thompson, the county physician, and the Board of Freeholders for the fine conditions generally.

Bids were submitted as follows for rebuilding the bridge over Sharp's branch, between Palmyra and Burlington: J. H. Adams, \$1,200; J. H. Adams, \$1,200; J. H. Adams, \$1,200.

### "ON MY RECORD"

Since Freeholder Rogers is asking the people of Burlington County to return him to the board "on his record," they might like to know something about that record, of which he has been so proud and of the stability he is proud.

He has opposed the construction of Church road, the county road forces at a saving to the county of 20% to 30%, on the plea that the "contractors ought to have a chance."

He upheld Freeholder Lippincott in his attempt to have the alterations made in the Fox Hill project, bought by the county for office purposes, without advertising for bids as clearly required by law, where the amount involved is greater than \$1000. Lippincott tried to split up the bill so that no one of them would amount to be over \$1000. This scheme was declared illegal by Walter Darby, Commissioner of Public Accounts, and they were forced to advertise for bids, after Rogers had recommended to the Board of Freeholders that Lippincott be allowed to "go right ahead as he started."

He voted for the payment of the bill of the Medford Concrete Company for the construction of a garage at the county almshouse also covered over \$1000, ordered by Mr. Lippincott and built without the formality of advertising for bids. Auditor Fisher held up this bill and it is still unpaid. Mr. Fisher claiming that not only was the method not according to law, but the charge was excessive. Rogers believes in "giving the contractors a chance."

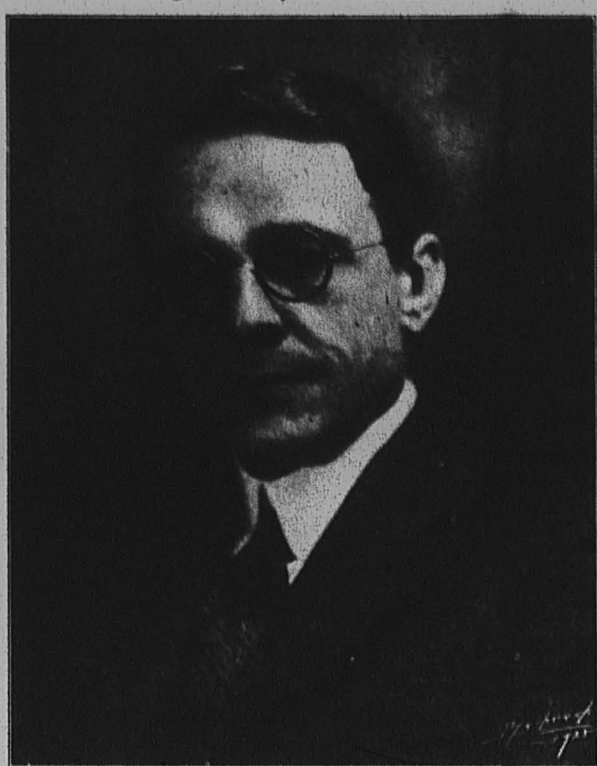

Rogers, at the dictation of one member of the Board of Freeholders, J. Lloyd Wright, who deserted his friends and the voters who elected him to office by voting over to the Rogers-Lippincott camp the first of the year, refused to sign a contract for road material as he was ordered to do on February 13 by the unanimous vote of the board. And this without bringing the matter up in open meeting. Then he didn't have the common decency to notify the director of the road department of his failure to carry out the directions of the board, but let him go ahead and order material, apparently hoping to "put him in a hole." Such a storm of indignation was stirred up by this underhand attempt to discredit a fellow-member of the board that Rogers was forced to sign the contract at the next meeting. When member of the State Highway Commission, which was a party to the contract and pays 75% of the cost of the material, Henry Adams, attempted on the part of Director Rogers to nullify the contract he said, "the whole board is liable to indictment."

### SOME RECORD!

Strawberry Festival given by Ladies Aid in the First Lutheran Church basement, Saturday, June 13. Cakes for sale. Adv.

The Burlington County Progressive League is making arrangements, through its business manager, James R. Bennett, of Columbia, to hold automobile and horse races at the fair grounds sometime in June.

## Burlington County Scout Commissioner

HENRY M. NEELY

Noted writer, radio expert and leader of boys' movements, who has recently been appointed Scout Commissioner of Burlington County. Mr. Neely makes his home in Delanco.

## Neely Sees New Era for Scouts

County Commissioner Plans Wide Scope of Activities for Troop Members

Had it thoroughly scanned every nook and cranny in this section of the county, the recently organized Burlington County Boy Scout Council could not secure a man better fitted to fill the position of County Scout Commissioner, the executive head of the body, than Henry M. Neely, of Delanco.

Mr. Neely has spent much of his life in active work for boy movements and the promotion of scout troops, and is well qualified to fill his position from every angle. Not only does he thoroughly understand the work, but he knows boys, something which can only be obtained as the result of long contact with them.

For the present, the new commissioner has outlined a program which will mainly consist of working with the various local boards, the town troop committees. It will be his duty to assist in the solution of problems which come before the boards and keep the home organizations functioning.

Mr. Neely says that the Burlington County Council, although still in its infancy, is bound to be a huge success and will be a big factor in the betterment of conditions for the boys of the county. His optimistic view is based on the fact that the busiest and biggest men of the county are back of the movement and are spending many hours each week toward the development of the organization.

When such men as Clifford R. Powell, of Mount Holly, the 1925 New Jersey House Speaker, tackle the job with a venture, it's bound to go over big, he said.

The local boards are all composed of representative citizens who are on the job every hour of the day and are extremely enthusiastic about the prospects of the movement and should be of wonderful assistance to Mr. Neely.

Mr. Neely is a pioneer in the scout movement and introduced scouting in this vicinity. In 1913, while spending the summer on a farm near Riverside, he got a group of Riverside boys together and discussed tentative plans for the organization of a troop. Before long the organization was completed. Mr. Neely took the boys to Woodbury to attend field day exercises and a camp fire staged by the Scout Troop there.

While seated around the camp fire that evening, the boys longingly watched the scouts in that vicinity receiving prizes for victories in the day's athletic events. Much to their surprise, the group leader finally announced that he was about to award a silver loving cup to the troop that had traveled the farthest, and that was the new Riverside troop.

This served as a greater incentive for the boys and rapid progress was made in the formation and the interest which had been instilled in the boys' youthful brains. At present, Mr. Neely has a very busy day at present, Mr. Neely's opportunity with which he is now presented.

### COMMUNION SERVICE BECOMES

TESTIMONIAL

The communion service last Sunday at the Epworth M. E. Church ended with what in these days seemed like an unusual religious demonstration. A deep spiritual atmosphere was apparent throughout the entire service.

After the conclusion of the Lord's Supper someone struck up an old hymn which seemed to start the choir for expression. This was followed by a regular spontaneous testimonial meeting, many people taking part. The congregation seemed awayed by divine power.

## Riverton Boy Valedictorian

Richard Moore to Receive \$20 Prize Offered By Board of Education

At the meeting of the Riverton Board of Education on Monday night, a communication was read from Prof. Griffith, of the Palmyra High School, stating that Richard Moore, of Riverton, would be valedictorian of the graduating class this year, and therefore, entitled to the twenty dollar gold piece offered by the Riverton board to the pupil getting first or second place in his class. The members of the board expressed their satisfaction over the fine record made by young Moore and Mr. Boyer's motion that he be present with the gold prize was unanimously passed.

The property committee reported that the school had been presented with a handsome American flag on Memorial Day, with fitting exercises, by Washington Camp No. 23, P. O. S. of A. The flag was accepted on behalf of the Riverton board by its president, Mr. Kipp.

Mr. Sylvester, chairman of the physical instruction committee, reported that a very successful field day had been held on May 21.

Miss Chew, supervising principal, in her report stated that with the exception of the epidemic of measles and whooping cough, the general health of the pupils was good. There are still a few teeth and tonsil cases needing attention.

The commencement exercises will be held June 10, and a feature of the program will be the recitation "The Highway of the King." It is expected the graduating class will number thirty-one. The girls of the eighth grade made the dresses in which they will receive their diplomas.

This year thirty-two pupils will be awarded books for perfect attendance.

A notice was received that the annual meeting of the State Federation of District Boards of Education would be held in Trenton on June 5 and Mr. Boyer was appointed delegate to represent the Riverton board.

The following bills were ordered paid:

Acme Rubber Mfg. Co., rubber hose, \$8.25; Gas and Electricity, \$10.72; R. H. Rogers, medical supplies, \$15.00; D. C. Heath & Co., copies of constitution, \$17.50; Telephone, \$9.55; Thomas A. Edison, Inc., rental photograph, \$4.50; Palmyra High School, tuition, \$319.00; Mr. Henderson, medical supplies, \$15.00; F. P. Hemphill, specter, district clock, \$22.00.

### HURT IN AUTO CRASH

Boy Hardy and Family in Collision at Mount Holly

William Spicer, of Camden, and Roy T. Hardy, of Palmyra, were slightly injured when two automobiles collided on Pine street, Mount Holly, Saturday night, and occupants of both cars were fortunate in escaping without serious injury.

Hardy tried to make a left-hand turn to get in a garage on Pine street, and got in the path of the Spicer car. Mrs. Hardy and a child were in the car with Mr. Hardy.

The child escaped with a few scratches, but Mrs. Hardy's face was badly cut by the broken glass. Physicians were summoned and the wounds dressed. The two drivers were released with a few cuts. Both cars were badly damaged. No arrests were made.

### P. H. S. BEATEN 4-3

Pick-up Baseball Team Loses to Palmyra High

Coach Craig Morse, of Palmyra, took a pickup baseball team to Palmyra last Tuesday night and defeated 4-3. This game marked the close of the Palmyra High School ball season.

Among the regulars absent from the lineup were Zed, the third baseman, who was out of the game with injuries, Atkinson, the first baseman, and Captain Jimmie Burr.

The defensive strength of the Morsemen was strong enough to have won the battle, but the locals fell down on hitting, due to the absence of their heaviest hitters.

West, Williams and Graham all took their turns on the mound. Quick-kick, the peppy little freshman catcher, drove out a double that scored two of Palmyra's runs.

The ball club had an even split this year, winning five games and losing five. This record, although it will not compare favorably with several years ago, is a great improvement over Palmyra's record of recent seasons on the diamond.

The majority of the players are former classmates. Coach Morse is confident that his squad will be a big winner in '25, as the result of having spent '24 season on the young line.

### NEW BAPTIST MODERATOR

Holly, Heads Camden Association

The Rev. Marple M. Lewis, pastor of the Mount Holly Baptist Church, was chosen moderator of the Camden Baptist Association at the annual session in the Mount Holly church last week. Mr. Lewis has been active in the Camden Association and many accomplishments under his leadership easily mark him entitled to this recognition in the most prominent position in the organization's gift.

The meeting in Mount Holly was one of the largest in the Association's history. There were sixty-five registered delegates and five hundred and seventy registered visitors, and added to these numbers were many who attended the evening sessions without registration.

## ARRESTS COLLECTOR

Palmyra Ordinance Violated By Man Using Open Wagon

As a menace to public health, Councilman Wilmer H. Randall had an outside garbage collector taken before Justice of the Peace William A. Fichter Tuesday morning. The collection was being made in an open wagon which is a violation of the Board of Health ordinance which provides that such collections within the limits of Palmyra must be made in a water-tight covered wagon.

The councilman did not push suit and when the man promised to confine his collections to other places than Palmyra, Justice Fichter released him. The law was passed in the interest of sanitation and health of the citizens of Palmyra and, according to Mr. Randall, under whose jurisdiction municipal collection of garbage and ashes comes, it will be enforced.

During June, July and August, collections of garbage by the town collector will be made daily. Collections will be made on the north side of the railroad (away from the river) Monday, Wednesday and Friday; north side of the railroad (toward river) Tuesday, Thursday and Saturday.

Daily collections during the summer months is also in the interest of the town's sanitation and health and the borough officials are anxious that citizens avail themselves of this opportunity and not allow garbage to accumulate.

Tuesday morning the municipal collector made a trip on the south side of the railroad, but received very little response. At the same time, the other collector, whom the people probably pay, had picked up quite a load in his unsanitary vehicle.

## NEW ROAD MAPS

Free Copies May Be Obtained By Motorists

Newly designed to include all the roads improved during the past year, the 1925 map issued by the New Jersey State Highway Commission is now ready for distribution.

The careful attention given by the Highway Commission to the preparation of this publication for the convenience of automobilists has won general commendation and several motor clubs have written the Board that it is the most serviceable work of this nature that has ever been done.

Names of additional municipalities have been included in the 1925 map and the paved roads in counties and townships, as well as State routes, have been clearly designated. A succinct description of the highways has been interpolated and a clever selection made of views on the State highways. One of these is an airplane picture showing the progress on the \$4,000,000 Victory bridge under construction by the State Highway Commission, between Port Jervis and South Amboy on Route 4.

Photographs of signs adopted to show danger zones at crossings and curves have also been introduced. Of especial interest to many is the reproduction of a map of the State as it appeared in 1776 before the site of the now celebrated Atlantic City and other settlements were designated under their names.

All who desire to obtain a free copy of the 1925 map by writing to: A. Lee Grover, secretary, State Highway Commission, Broad Street Bank Building, Trenton, New Jersey.

### 850 Check For Fire Company

Editor of The New Era, Riverton, N.J.:

Dear Mr. Bowen:

I want to thank the Fire Department for the wonderful way they did in extinguishing the small fire that broke out in my property, which destroyed my car. I am enclosing herewith please check for fifty dollars for the boys, so they can have a night of enjoyment with the same.

Yours respectfully, Joseph Hider.

(Note: The check was turned over to the Riverton Fire Company Editor.)

## Passerby Steals Liquid Evidence

From Police Officer's Automobile

## Joe Rodgers Finds Captured Boozie Missing, Then Arrests Colored Man For Taking It

Frank Haines, of West Palmyra, was tried before Justice of the Peace William A. Fichter Sunday morning charged with illegal possession of intoxicating liquors. He was released by Justice Fichter for lack of sufficient evidence. Charles King, colored, also of West Palmyra, was tried for the theft of what evidence the police did have.

Haines was arrested under peculiar circumstances. The police in the past have frequently had difficulty with him, so when Officer Rodgers found him seated on a vacant lot after midnight Saturday, with a quart of whisky nearby, he promptly arrested him as a precaution against another disturbance.

After being held in the lockup over night, Haines obtained witnesses who swore it was not he who had been conducting himself improperly. According to testimony, a friend had seen Haines and was evidently on his way to offer him a drink when he spied the police car approaching. Unfortunately Haines the friend dropped his quart of liquor while beating a hasty retreat.

While taking Haines to the lockup, Officer Rodgers left the evidence in the police car in front of the firehouse, expecting to take it to the police station. When he returned the evidence was gone. Several boys were standing nearby and one informed the officer that Charles King, colored, also of West Palmyra, had seen the quart while passing and had helped himself to the evidence.

Officer Rodgers, accompanied by Officer Lawrence Betty, made a quick trip to the home of King. The released man refused to open the door and told the police to come back Sunday if they wanted to talk to him. Leaving Betty on guard, Rodgers then went to the home of Justice Fichter and had a warrant sworn out for King.

King changed his mind during Rodgers' absence and when the officer returned with the power to enter the colored man's house, found him out in front with Betty. A search revealed the evidence in King's house. And it was anticipated King was also taken to the lockup and held until time for the trial. He was fined ten dollars and costs for stealing the liquor.

At the same time, Thomas Brubaker, of Second and Arch streets, West Palmyra, was tried, being charged with disorderly conduct. The charges were made by August G. Wilkins, proprietor of the pool room over the A. & F. store on Broad street.

In addition to being disorderly in the pool room, he refused Officer Betty when he attempted to arrest him. Brubaker was fined ten dollars and costs.

## Memorial Day Celebration

Flags Presented to Riverton and Palmyra Schools By P. O. S. of A.

Palmyra's Memorial Day ceremonies went off according to schedule, under the direction of Post Rodgers, American Legion.

The feature of the exercises was the presentation of American flags to the Riverton and Palmyra public schools by the P. O. S. of A. At Riverton A. G. Morse made the presentation and the flag was received by Mr. Kipp, of the Riverton Board of Education.

Councilman Wilmer H. Randall made the presentation for the P. O. S. of A. at the Riverton Public School in Palmyra and Mr. Morse presented the flag at the high school, William A. Donaghy, president of the Palmyra Board of Education, received the patriotic presentation in the Grove.

Sections of the parade which included Post Rodgers, Camp 23, Boy Scouts and Caperton's Band, of Camden, paraded to the Riverton school and the high school for the presentation of the flags. The sections joined those already assembled on the return from Riverton and paraded to Morgan cemetery, to the Spring garden street school, the Methodist cemetery and elsewhere.

At the ceremonies, school children decorated the graves. The Rev. Frederick Blaser, pastor of the Central Baptist Church, offered prayer at both ceremonies. Taps were sounded at the cemetery and the cemetery by buglers and the Post Rodgers firing squad gave the customary salute.

The Rev. Frederick Blaser, delivered the address of the day at the exercises in the Grove. The Rev. Mr. Blaser gave a patriotic address appropriate to the occasion and delivered his message in a manner that deeply impressed the entire assembly.

The Rev. Fred H. Morley, pastor of the Epworth M. E. Church, made the opening prayer. The entire assembly sang "America," and this was followed by an address by the Rev. William H. Blaine, minister of Christ Episcopal Church, Palmyra.

At the conclusion of several sections by the band, the Rev. Mr. Blaser delivered his address and the exercises were concluded with singing "Star Spangled Banner" and the benediction.

The order of march was: G. A. R. Veterans in automobiles, P. O. S. of A. Post Rodgers, Boy Scouts, Methodist choir, and elsewhere.

## AUTOMOBILE ROBBED

Street Proves Unsafe for All Night Parking in Palmyra

Two trees, a motor motor and what seems a stolen car from an automobile, belonging to Edwin A. Perrine, 118 Garfield avenue, Palmyra, between midnight and six o'clock Tuesday morning.

Perrine had parked the car in front of his home. Moments after and when he arose Tuesday morning he found it had been pushed down the street about two hundred feet, jacked up and two good tires and the other accessories stolen.

The child caught with a few scratches, but Mrs. Hardy's face was badly cut by the broken glass. Physicians were summoned and the wounds dressed. The two drivers were released with a few cuts. Both cars were badly damaged. No arrests were made.

## INVITATIONS ISSUED

Invitations have been issued for the wedding of Miss Dorothy Ryck, niece daughter of Mr. and Mrs. James A. Ryckman, of Washington avenue, and Mr. H. Edmond Hoepfner, of Washington avenue.

The ceremony will be performed in the Epworth M. E. Church Saturday afternoon, June 20, at 2:30. The Rev. Harry Ewald, of Baltimore, Md., will officiate.

## Field Club Loses To Tak-A-Boost

Riverside Team Wins Memorial  
Day Game by 5-0  
Score

Riverside avenged its defeat by Palmyra early this season on Memorial Day. Before a large holiday crowd at the Field Club Park, "Pop" Warner's nine shutout the locals 5 to 0.

The game, which was one of the best played at the Field Club stadium this season, was rather lopsided, for both teams were exceptionally strong on the defense, but Palmyra slipped up on the offense and couldn't seem even to reach first to start a tour of the bases.

VanBrunt twirled for Palmyra and had Manager Joe Stack as his receiver. Van held the visitors scoreless in the first pair of cantos, but weakened in the third. With two out, Orle, Riverside's shortstop, singled. He was driven home with a hot three-bagger from the trusty war club of Born, the right fielder. Hoffman followed with a single that scored the second counter. Then the scoring was stopped.

Everything was tame again until the seventh. No. 1 man fanned. An error by Andrews threw at loaded No. 2 to reach the initial sack. Orle fled to Rodgers for the second out. Born once more played a prominent part and drove home another run with a beautiful double. Hoffman singled and Born went home. Shortly, the visiting initial sacker, connected beautifully and out went another triple, clearing the way for Hoffman to tally for Riverside's fifth, and incidentally, last run.

Young, twirling for Riverside, gave a superb exhibition of mound work. He issued two passes, hit one man and allowed four scattered singles. The seventh was the only inning in which Palmyra had more than one man on base. Young is credited with seven strikeouts.

VanBrunt fanned seven, but allowed Riverside to bunch their hits. He gave a dandy performance in the second, when after passing two and having the bases loaded with a single, pitched himself out of a hole without a run crossing the pan.

Born started at bat with a triple, double, single and walk.

This Saturday the Field Club will tackle the strong Bridesburg combination. In an effort to break up the local losing streak, Manager Joe Stack will make several shifts in the lineup.

Instead of VanBrunt, who has not been able to get the hits behind him, Babe Flynn will start on the hill. Flynn won one of Palmyra's pair of games this year, his only start, and has always been able to put Palmyra in the winning column.

### LEGION AUXILIARY NOTES

The Auxiliary of Post Frederick M. Rodgers, American Legion, wishes to take this opportunity of publicity thanking the Girl Scouts and the Girl Reserves for their splendid cooperation in selling Poppy Drive during the recent Poppy Drive and also to acknowledge gratefully the generosity of the people of Palmyra and Riverton whose response always puts the Poppy Drive "over the top."

Our unit activities have not ceased. There will be a cake sale this Saturday morning. It will be held in front of George N. Wimer's office. Mrs. William Traman is chairman and will be glad to hear from all Auxiliary members by the receipt of a cake or a pie, or any of our friends who wish to contribute.

Thursday evening, June 4, our unit is hostess for the County meeting which is called for 8:15 at the Legion home. We have this honor but once a year—a large local attendance is urged.

Publicity Committee.

## Yacht Club Opens Its Racing Season

Bob, Sailed by Mattis, Wins L. I.  
Class Contest on Memorial Day

The Riverton Yacht Club opened its racing season on Memorial Day with entries in both classes—the L. I. Boats and the Sixteen Footers. This was a special race and the summer series will open Saturday of this week. The entries in the L. I. Class on Memorial Day were: "Bob," owned by William Bowers and sailed by Oden Mattis; "Bellerose," owned and sailed by G. Rex Howell; "Lewanna," with owner and skipper, F. W. Robertson at the helm.

The "Lewanna" got away first, but was soon overtaken by "Bob" and "Bellerose." The boats held these positions throughout the race, and finished "Bob," "Bellerose," and "Lewanna."

On Saturday it is expected there will be five L. I. boats to cross the line, the new ones being "Lady Audrey," owned by Maurice Belman and Edgar Miller, and sailed by Miller, and "Chairman" owned and sailed by Gardner Crowell.

The contest between the sixteen footers was won by "Big Hurry," sailed by Owen Merrill, followed by "Dewees," "Shoreline," "Ward," "Lady Dickson's," "Adanna," and "Capt. Blood," a boat from across the river.

By Saturday it is expected that the season boys will be ready to enter their sixteen footer in the lists. A meeting of the Riverton Yacht Club was held Tuesday evening to discuss plans for the coming season.

### PALMYRA SCHOOL NOTES

Parents and friends of the students of the grammar and high school are invited to attend to the exhibition of school work which will be given in the class rooms at the Delaware Avenue school Friday and Saturday afternoons of this week.

The Rev. Fred B. Morley will preach the baccalaureate sermon to the graduating class of the high school at the Epworth M. E. Church this Sunday morning at 10:30.

Class Day, held by the Senior Class as a final reception to the parents will be Tuesday evening, June 9.

The commencement exercises will be held in the high school auditorium Thursday evening, June 11. Dr. Alexander Cairns, of Newark, a noted lecturer, will deliver the address. Dr. Cairns is well known to the American public, both from the platform and over the radio. At the conclusion of his address in Palmyra, he will leave for Michigan, where he is slated to deliver an address before a college.

The grammar and high school final examinations started Tuesday, June 12.

All Palmyra schools will close for the summer vacation Friday, June 12.

**LUTHERAN NEWS**  
The summer schedule of hours will take effect this Sunday, June 7. Sunday School at 10:00 a. m. Morning Worship at 11:00 a. m. And the Evening Service at 7:00 p. m. In the morning the Pastor will preach on "A Sin of Greed," and for the kiddies a sermonette entitled "Fifty-Seven Pennies." In the evening the subject will be "Forgive Us Our Tresspasses As We Forgive Those Who Trespass Against Us."

A good motto for Sunday School goes and all other Christians: Rise 8:00 a. m., Breakfast 9:00 a. m., Sunday School 10:00 a. m. Try it.

The regular monthly meeting of the Ladies Bible Class will be held Tuesday evening. A rummage sale will also be held on Saturday by this class.

The Sunday School Children's Day Pageant will be presented on June 14 at 7:00 p. m.

## FIRE AT PEACE AND PLENTY

Blaze Destroys Ice House and Boat House Near Riverton

A fire of unknown origin destroyed the ice house and a boat house at Peace and Plenty Farm Sunday night. When Joseph Rieder, the owner and occupant of the premises, woke up Monday morning he saw the smoldering heap of ruins where these buildings had stood.

Fearing that the residence might take fire, Mr. Rieder telephoned for the Riverton Fire Company, which responded immediately and soon set his mind at rest. There being no fire plugs near enough to be used, the pumper drew water from the river.

Mr. Rieder sent a check for \$50 to the fire company as an expression of his appreciation of their services.

## BROADWAY PALACE

## NOW We Have a Telephone For You!

"Goodness, Jack! How did we ever get along without a Telephone?"

THOSE who enjoy the convenience of a Telephone will tell you . . . they wouldn't be without it for the world.

You have often wished you had a Telephone in your home and, in all probability, you still want one.

Now, you can have one. For our increased facilities enable us to offer Telephone Service in practically every section of Southern New Jersey. All you need do is say the word and we will install a Telephone in your home.

Go to the nearest Telephone and call our Business Office, or, better still, come in and see us yourself.

THE DELAWARE & ATLANTIC  
TELEGRAPH & TELEPHONE CO.

For as little as  
**\$2.25 per month**  
you can have  
a Telephone  
in your home

### Lesson for June 7

#### PETER'S BROADENING VISION

LESSON TEXT—Acts 10:1-11:18.  
GOLDEN TEXT—Of a truth I per-  
ceive that God is no respecter of per-  
sons.—Acts 10:34.  
PRIMARY TOPIC—A Strange Sight  
Which Peter Saw.  
JUNIOR TOPIC—Why Peter Went  
to Caesarea.  
INTERMEDIATE AND SENIOR TOP-  
IC—Peter's Broadening Vision.  
YOUNG PEOPLE AND ADULT TOP-  
IC—The Gospel Intended for All Men.

Through the conversion of Cornelius,  
the "middle wall of partition" was  
broken down (Eph. 2:14).

I. Cornelius (10:1-2).

1. His Official Position (v. 1).

He was a Roman officer over a com-  
pany of 100 soldiers.

2. His Character (v. 2).

(1) A devout, pious man.

(2) He was a praying man.

(3) He was charitable.

(4) He was respected by his family.

The Lord chose Cornelius for the  
transition of the gospel to the gen-  
tiles because of his character and po-  
sition.

II. The Supernatural Preparation for  
the Transition of the Gospel to the  
Gentiles (10:3-33).

In order to bring this about:

1. Two Visions Were Given.

(1) The vision of Cornelius (v. 9-16).

While engaged in prayer, an angel  
of God appeared to him, and an-  
nounced that God had chosen him  
to be the first to receive the gospel.

(2) The vision of Peter (v. 9-16).

He saw a certain vessel containing  
clean and unclean animals let down  
from heaven. This vessel let down  
from heaven and taken back indicated  
that both Jews and Gentiles were ac-  
cepted on high.

2. A Messenger Sent From Cor-  
nelius (v. 17-22).

Peter was greatly perplexed over  
what he had seen, but not for long.  
For messengers from Cornelius made  
inquiry at the gate for him. The  
Spirit informed Peter of the matter,  
and bade him go, nothing doubting.  
Thus we see that both had been pre-  
pared for each other by God.

3. The Meeting of Cornelius and  
Peter (v. 23-33).

(1) Peter took six witnesses along  
(v. 23).

He had the good judgment to know  
that on a matter of so great impor-  
tance, he must have witnesses.

(2) Cornelius waiting for Peter (v.  
24).

He called together his kinsmen and  
friends.

(3) Cornelius about to worship Pe-  
ter (v. 25-26).

Peter repudiated his act and pro-  
tested that he was but a man along-  
side of Cornelius.

(4) The reciprocal explanation (v.  
27-33).

Peter explained to him how God had  
taken from him his Jewish prejudice,  
and asked that Cornelius state the  
purpose of his having sent for him.  
Cornelius explains how God had ap-  
peared unto him and instructed him  
to send for Peter.

III. Peter's Sermon (v. 34-43).

1. The Introduction (v. 34-35).

He showed that God is no respecter  
of persons, but that in every nation  
those who fear God and work right-  
eousness are accepted of Him.

2. His Discourse (v. 36-43).

In the discourse he touches briefly  
upon the mission of Jesus showing  
that by means of His baptism and an-  
nouncing with the Holy Spirit, He was  
qualified for His work as mediator.

He then exhibited the work of Christ:

(1) In His life (v. 36-39).

He went about doing good, even  
casting out demons as a proof that  
God was with Him (v. 38).

(2) In His death (v. 39).

The just suffered for the unjust  
that He might bring us to God, being  
put to death in the flesh (1 Pet. 3:18).

(3) In His resurrection (v. 40-41).

God raised Him up the third day  
showing openly that Christ was His  
Son (Rom. 1:4), and that His sacrifi-  
cial work was satisfactory (Rom.  
4:25).

IV. The Holy Spirit Poured Out (v.  
44-48).

As the gospel was entering upon its  
widest embrace, the Spirit came in  
new power.

V. Peter Vindicates His Ministry to  
the Gentiles (11:1-18).

Being called to account for visiting  
and eating with Gentiles, Peter re-  
hearsed the whole story in such a way  
that his narrative took the form of  
logical argument, and showed how  
that God had set His seal upon the  
work by the miraculous gift of the  
Spirit.

### The Best Key

One's own self is the best key one  
has to the understanding of the uni-  
verse.—American Friend.

### Judgment

Judgment follows sin as the echo  
follows the voice.—Prophetic News.

### Overcoming Evil

By bravely enduring it, an evil which  
cannot be avoided is overcome.—  
American Friend.

### Speed of Man and Horse

It has been estimated that the aver-  
age man walks about four feet a sec-  
ond, and that in an hour he covers  
three miles. A horse trots ten feet  
a second, or seven miles an hour.

### From the Talmud

Let us rejoice that there are cheat-  
ing beggars. For we should sin daily  
because we do not give enough to the  
poor.

## KEEPING WELL CANCER DUE TO PROSPERITY

DR. FREDERICK B. GREEN  
Editor of "HEALTH"

WHAT causes cancer? Nobody  
knows. But we do know some  
significant things about it. Ever since  
the invention of the microscope and  
the development of bacteriology, thou-  
sands of investigators have been try-  
ing to find some minute germ which  
could be held responsible for this  
awful disease. No one has found it.  
But we do know that cancer is a dis-  
ease of prosperity. The simpler and  
poorer the community, the fewer cases  
of cancer. The richer and more pros-  
perous the individual, the more elabo-  
rate, costly, and luxurious his diet,  
clothing, house and way of living,  
the greater the chance of his develop-  
ing cancer.

As Williams points out in his Nat-  
ural History of Cancer, it is seldom  
found in bodies living in a state of  
nature. Animals and plants may have  
cancer but it is practically always the  
cultivated varieties living under arti-  
ficial conditions. Savages and wild  
animals very rarely have cancer. Even  
monkeys, most nearly akin to man, are  
immune until they have been kept in  
captivity for several generations.  
Yet the dog, probably the first animal  
tamed by man and the one which has  
lived longest and in closest contact  
with man, is the most subject to tu-  
mors of any animal.

Travelers among savage people and  
especially explorers who come in con-  
tact for the first time with primitive  
people, are practically unanimous in  
saying that cancer is very rare or  
quite unknown among such races.  
Medical officers, missionaries and offi-  
cials all say that cancer is very rare  
among savages, but that it increases  
as civilized luxuries and ways of liv-  
ing are adopted.

On the other hand, vital statistics  
show beyond question that cancer is  
becoming increasingly frequent in our  
large cities, that it is especially com-  
mon among the well-to-do and com-  
paratively rare among the poor and  
that it is more apt to attack the over-  
fed and the indolent than the under-  
nourished and hard-working indi-  
vidual.

The health authorities of North Da-  
kota, for instance, found that the per-  
centage of cancer among retired  
farmers who moved to town and quit  
work was much higher than among  
those who stuck to their farms and  
kept active.

So we don't know what kind of  
germ causes cancer or whether any  
germ does. But we do know that the  
simpler life you lead and the longer  
you keep working, the less likely you  
are to get it.  
(© 1925 Western Newspaper Union.)

## "What's in a Name?" By MILDRED MARSHALL

Fact about your name! Its history,  
meaning, whence it was derived, dis-  
cussing your birth day, lucky num-  
ber.

### MARY

PARADOXICAL as it is, the sweet  
name of Mary means bitter. Mary  
perhaps the most prevalent name of  
all languages, due in large degree to  
religious devotion to the Blessed Vir-  
gin. Indeed there are so many Marys  
and so many derivatives and diminut-  
ives of the name, that each one re-  
quires separate treatment and this  
article will be limited to the simple  
Mary and its English and French  
spellings, Maria and Marie.

The first well-known bearer of the  
name was the sister of Moses and  
Aaron, who led the sons of the Israel-  
ites when they saw their enemies  
leaving upon the seashore. Though the  
most honored name among women, it  
is one which has caused a great deal  
of contention regarding its source.  
Some say it comes from mari—(sub-  
limity), others say that it is from  
marah (bitterness). The most poeti-  
cal explanation of all is that it comes  
from the Latin and Teutonic mar,  
meaning sea, and hence Mary is "Star  
of the Sea."

The first Maria was a Spanish mae-  
don martyred by the Moors in 861.  
However, the Spanish Urraca was  
identified with Maria and this name  
flourishes in Spanish name history and  
ballad literature. The Infanta Dena  
Urraca, or Maria, was prevented from  
becoming Queen of France because of  
the uncouth sound of her name  
Urraca, whereas, if she had lived a  
century later, she might have been  
called Queen Marie. Other famous  
Marias were Marie of Antioch, wife of  
Emperor Manuel; Marie, wife of the  
Marquis of Montferriat; Marie, daugh-  
ter of Louis VII; Marie, translator  
of Breton legends for Henry III, and  
Marie, daughter of Edward I. The  
actual name of Mary comes through  
the French and is from the Blessed  
Virgin.

Mary's jewel is the moonstone,  
whose mystic qualities are most ap-  
propriate, as well as its close associa-  
tion with Heaven, reflecting as it  
does, the waning of the moon. Mary's  
lucky day is most fittingly the sev-  
enth day, Sunday, and 5 is her lucky  
number.

folks wouldn't have the grass cut in  
their front yard!

## The Why of Superstitions By H. IRDING KING

### THE WREN

IT IS an omen of good luck to have  
a wren build its nest near the  
house. This, with the exception that  
it is also considered in some sections  
bad luck to kill a wren, appears to be  
the only survival in this country of the  
mystic character which pertains to the  
wren in Europe and has so long at-  
tached to it there that Professor Fra-  
zer considers the superstition attend-  
ing the wren superstition to have  
"come down from a very primitive  
paganism."

The ancient Greeks and Romans, the  
modern Italians, Spaniards, French,  
Danes, Swedes, English and Welsh, re-  
gard the killing of a wren as sure to  
bring disaster to the slayer. But not  
withstanding such belief the annual  
custom of "hunting the wren" was, to  
consequently recent times, universal  
throughout Europe and exists in a  
modified form in many sections today,  
as, for instance, in the Isle of Man  
where on St. Stephen's day a wren is  
annually killed and buried after its  
body has been taken around the vil-  
lage and shown to the inhabitants.

The ceremony of killing the wren  
differed slightly in different coun-  
tries but was everywhere rather elabo-  
rate. This annual slaying of an animal con-  
sidered sacred and not to be killed at  
other times is a custom found among  
many peoples still living in a primitive  
state and was once common to primi-  
tive man. Frazer says: "The wor-  
shipful animal is killed with especial  
solemnity once a year and before or  
after death is carried from door to  
door that each of his worshippers may  
receive a portion of the divine virtue  
that is supposed to emanate from the  
dead or dying god." Religious proce-  
dure of this sort must have had a  
great place in the ritual of European  
peoples in prehistoric times if we may  
judge from the numerous traces of  
them which have survived in folk-  
lore."

### A LINE O' CHEER

By John Kendrick Bangs.

### THE ROSE

I'll never think of this old  
earth  
As lacking utterly in worth  
So long as in some garden close  
I still can find the budding  
rose.  
Beauty and fragrance all com-  
bined  
In one rare flower of grace, and  
kind  
To every passer-by with well  
Enough to please and let it lie  
(© by McClure Newspaper Syndicate.)

### BIRTHDAY CARDS

## THE NEW ERA

Published every Thursday at 607 Main Street

Riverton, N. J.

Entered as second class matter at the Riverton, N. J., post office

WALTER L. BOWEN, Editor

The New Era is devoted to the business and home interests of Riverton and Palmyra, independent of political or religious belief—the people's paper

Subscription \$1.50 a year in advance

Advertising rates on application

The New Era Office is equipped to do all kinds of Fine Printing at reasonable prices

## LEGAL ADVERTISEMENTS

The New Era is a Legal Newspaper. Commissioners, Sheriff's and other Sales, Administrators' and Executors' Advertisements are solicited. The New Era will appreciate being remembered in this connection.

## NOTICE

All readers or local notices of entertainments, suppers, fairs, dances, etc., given for the purpose of raising money, will be charged for at the rate of fifteen cents a line.

## SUPPOSE

Suppose you were running a million dollar business—

And suppose you had installed machinery and trained a force of workmen to do certain operations in your plant—

And suppose this work could be done on your own machinery and by your own workmen at 20% to 30% less than it would cost if let out on contract—

Would you place your plant in charge of a man who claimed the "contractors" should be given a chance? To do the work at a higher cost while your own machinery and men stood idle?

Such a proposition is an insult to your intelligence.

And yet this is just what George W. Rogers is asking you to do when he seeks re-election to the Board of Freeholders "on his record."

He has been a party to holding up for two months the construction of Church road, for which money has been appropriated by the Board of Freeholders and the State Highway Commission, in the hope that something will turn up to enable him to turn the order, amounting to about \$80,000, over to the contractors—and this in the face of the county engineer's statement, based on previous performances, that the contractor plan will cost the county 20% to 30% more than the road could be built for by the county road department, using the county machinery and the county road force.

If there is anything that should insure the defeat of George W. Rogers in the primaries on June 16 it is his "record."

## WHAT'S YOUR WISH?

If a good fairy should advise every person in the world that he or she could make one wish which would be granted, it is probable that the majority desire of all peoples in all nations would be "the elimination of war." The only fairy that can eliminate war is the use of our own intelligence.

The United States has been a leader in many movements, but none gives promise of greater benefit for mankind in ages to come than the proposed Walter Hines Page School of International Relations to be founded at John Hopkins University in Baltimore, Maryland.

It is the belief of public-spirited citizens and the Board of Trustees of the Endowment Fund to be raised for the establishment of this school that only by such practical steps to include the practical study of facts relating to the problems of various nations can future misunderstandings be averted.

Young men are to be trained at this school to study such problems and to arrive at methods for settling them by reason rather than by the sword. A million dollars is necessary as an endowment to establish this most important branch of study and provide proper instructors to begin this work.

It is the desire of the Trustees to raise this money not from a few persons who could well afford to give it, but from thousands of people in order that representative citizens in every part of this nation may take a moral as well as a financial interest in the movement.

What a grand thing it would be if a million Americans sent \$1 a piece to Owen D. Young, President of the Board of Trustees of the Endowment Fund, 120 Broadway, New York City. How much more inspiring it would be if ten million Americans sent 10 cents a piece as an expression of their desire to help in the establishment of a scientific course of study, the purpose of which is to create a scientific course of study, the purpose of which is to create a science of peace rather than a science of war.

The time to act is now. Send your money at once.

## POLITICAL NOTES

George W. Rogers has adopted for his campaign slogan, "Pledged determined efforts to reduce taxes." That is a fine-sounding phrase which ought to please every taxpayer. But how does it square with "give the contractors a chance to build roads at an added cost to the taxpayers of the county of 20% to 30%? Actions speak louder than words, and Rogers is a party to refusing permission to the county road department to build Church road.

A Riverton man said last Friday, "Do you know, I like that man Fisher—did from the first. Believe he has made a bang-up auditor and ought to be freeholder. If half I hear about the doin's up there is true they ought to have somebody to straighten them out, and I believe Fisher is the man to do it." And that sentiment is growing fast all over the county.

A man who travels over the county quite a little, and knows something of reading political indications, told the editor the other day that the most surprising thing in this campaign is the way Rogers is losing ground in his home town and the adjacent territory. If the primaries had been held two weeks ago, he said, "I believe George would have won, but it is three weeks off, and he is slipping fast. His loss of prestige in his home town cannot but have a very bad effect throughout the county."

The fact that the freeholders whom Auditor Fisher has been giving so much trouble by checking them in their attempts to have the county work done in a manner other than required by law, are offering his retention as auditor shows how much they fear him as a member of the Board of Freeholders, where he could be in a position to

## Riverton Locals

Dr. Charles S. Mills is on a two weeks' trip to Maine. Mr. and Mrs. I. S. Williams spent the weekend in Wildwood. Mrs. Howard Cole and children are spending this week in Ocean City. Mrs. Alfred Smith has bought a Fiat 40 from Clinton B. Woolston. Mr. and Mrs. L. E. Carpenter and son, Jack, spent the weekend at Scranton, Pa.

Miss Mary C. O'Donnell spent the weekend as the guest of Mr. and Mrs. A. E. Rudisill, of Harrisburg. Mr. and Mrs. Fred Stewart, of Philadelphia, have rented Albert Parker's house at 218 Linden avenue.

John A. Smith has a new Hupmobile, which he purchased from the Rein Motor Company, Riverside.

Mr. and Mrs. Lee Milton and daughter, Amy, are spending three weeks with friends in Cleveland, Ohio.

Mr. and Mrs. E. S. Parry entertained from Thursday until Sunday. Mr. and Mrs. Oliver Wilson, of Lake Forest, Illinois.

George Becker is the proud owner of a driver's license, having successfully passed his first examination in Camden on Monday.

The Hunter Sisters' farm has been sold through Healey and Bralston, of Camden, to Glanville and Rover, also of Camden.

Mr. and Mrs. Walter Armstrong and daughter motored to Beach Haven with Mr. and Mrs. A. W. Schramm, spending Decoration Day with Capt. and Mrs. Sidney Verbe.

Misses Betty and Kitty Grogan, of Lansdowne, Mr. and Mrs. William Barr, Jr., and children, of Riverside, and Mrs. Russell Thomas, of Merchantville, were guests on Sunday at the home of Mr. and Mrs. William Barr, Sr., "Locust Farm."

Mr. and Mrs. Oliver Smith and daughter, Olive, of East Hampton, New York, are visiting her mother, Mrs. Armstrong, of Cinnaminson St. Mr. and Mrs. Warren Irwin and children, Helen, Betty and George, of Philadelphia, spent Decoration Day with her mother.

Mr. and Mrs. S. S. Daniels have been entertaining their daughters for three weeks. Mrs. Walter Bond and daughter, Barbara, of Evansville, Ill., will leave for Chicago tonight (Thursday), and Mrs. Charles Childsater will leave on Monday night for her home in Massillon, Ohio.

**RIVERTON CUBS BEAT DOUGLAS IN ELEVENTH**  
G. Becker's double in the eleventh inning scoring Crawford gave the Riverton Cubs a hard-fought victory over Douglas A. C. in a thrilling game, score 3 to 2, last Saturday. Bowers and Bartley shared honors with Becker for the winners, while Posh sparkled for Douglas.

## BASEBALL AT CINNAMINSON

After losing a loosely played game with the Marlton Public School at Marlton last week, the Westfield Public School came back on Wednesday, June 3rd, and defeated their rivals by the generous score of 37-10.

Edward Shaw, Westfield pitcher, twirled a heady game, getting ten strikeouts. He was hit hard at times but had excellent support in the field.

Newmann, who started the twirling for Marlton, gave way to Shinn at the beginning of the fifth inning. The latter was too generous with passes and was hit hard in the three innings he performed. Loose playing by the Marlton shortstop and the quitting of Shaw, the catcher, were the major causes of the score's tremendous figures.

Clarence Hubbs, of the Riverton League team, umpired the game and presented the winners with a ball and strike cap.

The following is the box score:

## CINNAMINSON

Benjamin Appincoff has provided the school with a giant sliding board and a multiple saw for four boards. This apparatus and the swings is already in use for the lower grades, while the upper grades are kept busy on the base-ball diamond and basket-ball or volleyball courts, which are also new this year. Closing exercises of the school will be held Friday, June 12, at 2 p. m. The program is in charge of Miss Lillian Parker, teacher of the Seventh and Eighth grades. The graduating class will present a Historical Program of State, County and Local Nature. The address will be made by Chief Strongwolf, an American Ojibway Indian in costume.

## NORMAL SCHOOL PAGEANT

Students Will Give Big Show at Glassboro

The students of the State Normal School at Glassboro are preparing for a great historical pageant to be given during commencement week, the latter part of June. It will give a complete history of our great state, and will be one of the largest affairs of its kind ever given.

The pageant will be given in the early evening, and every student of the institution will participate. You will be taken back to the days when Indians inhabited this part of the state and led up to the exploration and settlement by the Dutch, Swedes, and English. The pioneers in their quaint costumes will be those and the progress up to the present day will all be shown in pageantry.

## JAMES H. KEIL

James H. Keil, 73 years old, one of Palmyra's older residents, died last Thursday after a long illness.

Funeral services were held at his late residence, 311 Horace avenue, Sunday afternoon at 2 o'clock with the Rev. Harry L. Saul, pastor of the First Lutheran Church, officiating. Interment was made in Evergreen Cemetery, Camden, with Funeral Director Frank A. Snover in charge.

Mr. Keil is survived by his wife, Mary M. Keil, two daughters, Mrs. Elsie Monach, of Palmyra, Mrs. Ralph Goldsborough, of Delanco, and one son, Paul Keil, of Palmyra.

## MRS. ELIZABETH ROGERS

Mrs. Elizabeth Rogers, colored, 45 years old, died at the home of her daughter, Mrs. Esther Lindsey East Riverton, Sunday evening.

Funeral services were held Thursday afternoon at one o'clock in the Wrightsville Church with Rev. Mr. Hicks, of Beverly, officiating. Interment was made in the church cemetery with Funeral Director Frank A. Snover in charge.

Mrs. Rogers was well known in the community, having worked for Palmyra and Riverton families many years.

## MRS. MAHEL WIMER

Mrs. Mahel Wimer, of Merchantville, well known in Palmyra, Riverton and Delair, died at the Hahnemann Hospital, Philadelphia Monday evening.

Funeral services will be held Friday afternoon at the home of her brother-in-law, Harvey C. Bell, of Merchantville. Interment will be made in Colestown Cemetery.

Mrs. Wimer had not been well for the past six months. She re-

cently underwent an operation, and although surviving it, died later as the result of a weakened condition. She is survived by her husband, William E. Wimer, brother of George N. Wimer, of Palmyra; her mother, Mrs. Sarah Knight, of Merchantville, and her sister, Mrs. Harvey C. Bell.

## BAPTIST CHURCH NOTES

Beginning Sunday, the church services go on the summer schedule with Sunday School at 10 a. m., Morning worship at 11:15 a. m., and Twilight services 7 to 8 p. m. Sunday morning will be Communion and Reception of new members. In the twilight hour the Rev. Frederick Blaser will have for his topic "Which Way Are You Going?" At 7:45 Wednesday evening the Deacons will meet those who contemplate uniting with the church. At 8 o'clock the pastor's subject for his fourth lecture on Church history will be "The Beginnings of the Presbyterian Church."

Friday evening, June 5, from 8:30 to 8:35, the Baraca Class will cook and serve its anxiously awaited chicken supper in the church.

June 29 will be the big day of the annual Sunday School picnic which will be held this year at Neshaminy Falls, Pa. Buses will take the school and its friends over and those who went to Neshaminy Falls with the school two years ago will surely want to go again.

## Palmyra Locals

Miss Clara Johnson is visiting relatives in Vineland.

Mrs. Wesley Haylett is entertaining relatives from Broadwater, Virginia. The S. S. S. Class met at the home of the Misses Seal last (Wednesday) evening.

Fred Ebel and Robert A. Rector motored to Atlantic City Sunday afternoon.

Mrs. Gary, of Germantown, spent the weekend with Dr. and Mrs. H. C. Bauer.

Milton Brown, of Medford, was a guest over the weekend, of Mrs. A. B. Powell.

Mr. and Mrs. Earl Collins, of Lenola, spent Decoration Day with her mother, Mrs. Louella Wallace.

Mr. and Mrs. Elvin L. Powell had as their guests over the weekend, Dr. and Mrs. Clement Volmer, of Oakmont, Pa.

Mrs. Joseph McCarthy entertained relatives from Germantown over Decoration Day.

Miss Alexine Lowden, of Morgan avenue, motored to New York with friends Sunday.

Joseph Seal spent the weekend in Ocean City, the guest of Mr. and Mrs. Joseph Miller.

The Odd Fellows will hold their annual picnic this Saturday at Browns Mills in the Pines.

Mrs. F. M. Ross, of Washington avenue, entertained Mrs. Mary Fowler, of Pon Van, New York, several days last week.

Mr. and Mrs. George M. Rivel and son, George, of Garfield Avenue, motored to Baltimore over the weekend.

Mr. and Mrs. Robert C. Thomas, of East Fifth street, entertained friends from Frankford, Pa. Memorial Day.

Mrs. Wilber Cline, of West Philadelphia, a former resident, spent the weekend with Mrs. Adams, of Lincoln Avenue.

Dr. and Mrs. James E. Brown will entertain Miss Alice Bailey, of Easton, a college chum of Mrs. Brown's, over this weekend.

The Gracie Roll of the Central Baptist Sunday School, will hold a picnic party at the home of Miss Ade, line Seal Saturday afternoon.

Mr. and Mrs. Randall and daughter, Anna, of Public Road, spent the weekend motoring through New York and the Blue Ridge Mountains.

Mr. and Mrs. George H. Shauer and family and Miss Gladys Loecher, of Lincoln Avenue, spent the weekend at Mr. Shauer's apartment in Seaside Park.

The Stiff and Chatter Sewing Circle was in session at the home of Mrs. Alfred S. Vandaton, of Washington Avenue, Thursday afternoon.

Mr. and Mrs. Edward A. King are spending the summer in Ocean Grove, where they have a hotel. An item last week by error stated they were in Ocean City.

Mr. and Mrs. George J. Seal, 3rd, and family, of Maplewood, and Clifford Seal, of East Orange, spent the weekend with their parents, Mr. and Mrs. George J. Seal, Jr.

Mr. and Mrs. Harry H. Cassidy and son, Junior, of West Philadelphia, were guests of Mr. and Mrs. John M. Davies, of Cinnaminson Avenue, over the weekend.

Mrs. William Wilbraham, of Garfield Avenue, entertained Mr. and Mrs. William Hudduck and Mr. and Mrs. Russell Hagen and family, of Germantown, over the weekend.

Mr. and Mrs. Harry Kemmerle, Jr., announce the engagement of their daughter, Sarah Cecilia, to Mr. Albert Smith, son of Mr. and Mrs. A. G. Smith, of Stonehurst, Philadelphia, Pa.

Contractor Curtis E. Stavelly is completing work on Monte Simons' new house on Seventh Street, Riverton. Mr. Stavelly has just signed a contract to build two new houses on Elm Terrace, below Seventh street for a Camden party.

Holiday motorists who spent the weekend at the seashore made traffic exceptionally heavy for ferries in the vicinity Sunday. The Camden-Palmyra Company carried 2787 cars. From 3 o'clock until end of the rush Sunday night, 1517 automobiles crossed the river from Palmyra.

Thomas Moffitt, 8-year-old son of Mr. and Mrs. John Moffitt, returned to his home on Lincoln Avenue last Thursday after being confined to the Jefferson Hospital, Philadelphia, suffering with internal injuries received in a fall and pneumonia, which later developed. Thomas is now rapidly recovering.

Miss Helen Fox, daughter of Mr. and Mrs. Edward E. Fox, of Garfield Avenue, was one of the eight members of the class of nurses that were graduated from the West Jersey Homeopathic Hospital, Camden, Tuesday evening.

The social evening of the New Era Club were held in the Broadway M. E. Church, Camden.

Mr. and Mrs. Lester O. Hannum of Leconey Avenue are entertaining Mrs. J. Cassidy and brother, James Coughlin, of Girardville, Pa., and Miss Alice Stout of Newark.

Mr. and Mrs. Milton Jewett and daughter, Gladys, of Washington Avenue, spent the weekend in Woodstown.

A. Harry Hudduck visited relatives in Germantown Sunday.

The regular monthly business meeting and social of the In-A-Much Bible Class will be held at the home of Mrs. George Cornwell, Jr., of Leconey Avenue, Monday evening. As this will be the last meeting of the class until fall, a large attendance is requested.

## Palmyra Schools In Field Meet

Spencer Zawn, Eddie Grubb and R. Croker are Star Point Winners

Spencer Zawn, of the eighth grade, was the outstanding star at the annual Palmyra grammar school Field Day meet held at the Field Club grounds last Thursday afternoon under the direction of Craig Morse, physical training director.

Young Zawn, who will be a freshman in high school next year, looks like a promising candidate for the track team in a few seasons. Other grammar school students who made excellent showing were Eddie Grubb and R. Croker, a colored boy, in the inter-class relays, the lowest class won three of the four events.

The results of the meet are as follows:

**100-yard Dash**  
Boys, 5th and 6th grades—Croker, first; D. Kerr, second; R. F. Furman, third.

**200-yard Dash**  
Boys, 5th and 6th grades—M. Williams, first; G. Cooke, second; Elizabeth Hassel, third.

**300-yard Dash**  
Boys, 5th and 6th grades—O. Stull, first; E. Hudson, second; M. Young, third.

**400-yard Dash**  
Boys, 5th and 6th grades—S. Zawn, first; E. Grubb, second; L. Smith, third.

**500-yard Dash**  
Boys, 5th and 6th grades—M. Williams, first; G. Cooke, second; Elizabeth Hassel, third.

**600-yard Dash**  
Boys, 5th and 6th grades—O. Stull, first; E. Hudson, second; M. Young, third.

**700-yard Dash**  
Boys, 5th and 6th grades—S. Zawn, first; E. Grubb, second; L. Smith, third.

**800-yard Dash**  
Boys, 5th and 6th grades—M. Williams, first; G. Cooke, second; Elizabeth Hassel, third.

**900-yard Dash**  
Boys, 5th and 6th grades—O. Stull, first; E. Hudson, second; M. Young, third.

**1000-yard Dash**  
Boys, 5th and 6th grades—S. Zawn, first; E. Grubb, second; L. Smith, third.

**1100-yard Dash**  
Boys, 5th and 6th grades—M. Williams, first; G. Cooke, second; Elizabeth Hassel, third.

**1200-yard Dash**  
Boys, 5th and 6th grades—O. Stull, first; E. Hudson, second; M. Young, third.

**1300-yard Dash**  
Boys, 5th and 6th grades—S. Zawn, first; E. Grubb, second; L. Smith, third.

**1400-yard Dash**  
Boys, 5th and 6th grades—M. Williams, first; G. Cooke, second; Elizabeth Hassel, third.

**1500-yard Dash**  
Boys, 5th and 6th grades—O. Stull, first; E. Hudson, second; M. Young, third.

**1600-yard Dash**  
Boys, 5th and 6th grades—S. Zawn, first; E. Grubb, second; L. Smith, third.

**1700-yard Dash**  
Boys, 5th and 6th grades—M. Williams, first; G. Cooke, second; Elizabeth Hassel, third.

**1800-yard Dash**  
Boys, 5th and 6th grades—O. Stull, first; E. Hudson, second; M. Young, third.

**1900-yard Dash**  
Boys, 5th and 6th grades—S. Zawn, first; E. Grubb, second; L. Smith, third.

**2000-yard Dash**  
Boys, 5th and 6th grades—M. Williams, first; G. Cooke, second; Elizabeth Hassel, third.

**2100-yard Dash**  
Boys, 5th and 6th grades—O. Stull, first; E. Hudson, second; M. Young, third.

**2200-yard Dash**  
Boys, 5th and 6th grades—S. Zawn, first; E. Grubb, second; L. Smith, third.

**2300-yard Dash**  
Boys, 5th and 6th grades—M. Williams, first; G. Cooke, second; Elizabeth Hassel, third.

**2400-yard Dash**  
Boys, 5th and 6th grades—O. Stull, first; E. Hudson, second; M. Young, third.

**2500-yard Dash**  
Boys, 5th and 6th grades—S. Zawn, first; E. Grubb, second; L. Smith, third.

**2600-yard Dash**  
Boys, 5th and 6th grades—M. Williams, first; G. Cooke, second; Elizabeth Hassel, third.

**2700-yard Dash**  
Boys, 5th and 6th grades—O. Stull, first; E. Hudson, second; M. Young, third.

**2800-yard Dash**  
Boys, 5th and 6th grades—S. Zawn, first; E. Grubb, second; L. Smith, third.

**2900-yard Dash**  
Boys, 5th and 6th grades—M. Williams, first; G. Cooke, second; Elizabeth Hassel, third.

**3000-yard Dash**  
Boys, 5th and 6th grades—O. Stull, first; E. Hudson, second; M. Young, third.

**3100-yard Dash**  
Boys, 5th and 6th grades—S. Zawn, first; E. Grubb, second; L. Smith, third.

**3200-yard Dash**  
Boys, 5th and 6th grades—M. Williams, first; G. Cooke, second; Elizabeth Hassel, third.

**3300-yard Dash**  
Boys, 5th and 6th grades—O. Stull, first; E. Hudson, second; M. Young, third.

**3800-yard Dash**  
Boys, 5th and 6th grades—M. Williams, first; G. Cooke, second; Elizabeth Hassel, third.

## Electricity As Taught In The Navy

Because of the development of electrical drive for the ships of the Navy, and the intricate electrical installation for the control of machinery and operation of guns, the Navy offers an ideal field for the young man wishing to make a study of electricity.

To aid in this, the Navy maintains two electrical schools, one near Hampton Roads, Va., and the other at Mare Island Navy Yard. At these schools the student takes a 32 week course that covers every branch of electricity. The course consists of practical work as well as the study of theory. It is open to young men of the ages of 18 and 25 and who have the necessary training in mathematics.

For the young man who does not have such foundations the Navy correspondence courses are available so that a man can enlist in the Navy and prepare for admission to either of the two schools.

Further information regarding enlistments can be obtained by calling at or writing to the U. S. Navy Recruiting Station, Post Office Building, Camden, New Jersey.

## NEW CHIMES IN MOUNT HOLLY

New glory has been added to the advancement of the work of St. Andrew's Episcopal Church in Mount Holly as a new history has been made for the town during the past week through the installation of a set of chimes that will hereafter call members of the church and others to worship and also sound the time of the day.

The chimes arrived last week and were quickly installed for electrical operation by the McShane Bell Foundry Company of Baltimore. The tones are beautiful, much more so than some had expected, and among the people of St. Andrew's and throughout the town there have been hearty expressions of complete satisfaction over this addition to the life of the community. It is felt that no prouder chimes have ever been heard.

The first formal concert was given on Saturday night and all Mount Holly was pleased after it had heard the hymns as they were pealed forth.

## ADMINISTRATOR'S NOTICE

**"KEYTOWN PLAN" HAS MANY FOLLOWERS**

Is Found to Increase Sales in Many Territories That Were Formerly Covered by Personal Visits.

"One of the interesting and important developments in the use of the telephone," says The Telephone News, "is the extensive use by many business houses of the so-called 'keytown selling plan.'"

The article goes on to point out that through such an ingenious method of covering their territories, traveling salesmen lose nothing in personal contacts with their customers, while at the same time they acquire a surplus of spare time that can be used for increasing new business.

A salesman for a rubber company who works out of Pittsburgh, visits Altoona every three weeks, says the article. This man, on an average of three days in the vicinity, making service calls on his customers. Through the "keytown plan," the first and second visits might be used in calling the Altoona customers by telephone, leaving the third trip for personal visits. In this way while the service element remains the same there is much additional time gained for the solicitation of new business.

It is reported that the method is being used satisfactorily by many different lines of industry.

**The Young Lady Across the Way**

The young lady across the way says time certainly flies and it's now about seven years since the Maine was blown up and we got into the World War.

**CAROLINE B. GAUNTT**

Candidate for Member of

**Democratic State Committee**

PRIMARY ELECTION, TUESDAY, JUNE 16, 1925

Ordered and Paid for by Caroline B. Gauntt

**PUBLIC SERVICE**  
**Men and Women**

**The Machinist**

In PUBLIC SERVICE car and bus repair shops, in its electric generating stations and gas works, and on every construction job of importance, you'll find The Machinist.

He operates the lathes, drills and the many other machines which make up the extensive shop equipment of PUBLIC SERVICE companies, and he has an important part in the great organization that furnishes gas, electricity and transit to New Jersey people.

PUBLIC SERVICE shops, such as the Newark shops of the railway company, are in themselves great industrial establishments employing hundreds of men and turning out an important part of the State's manufactured product.

And the PUBLIC SERVICE Machinist is representative of a large group of skilled artisans whose services are employed in the operations of PUBLIC SERVICE companies.

**GAS—The Ideal Industrial Fuel!**

The manufacture and distribution of gas has been converted from a lighting to a fuel industry, and is entering upon a new era of usefulness. Housewife and manufacturer alike are increasing their demand, and Public Service sales have grown by 4,956,928,000 cubic feet, or more than one-third, in the last five years.

When you consider that Public Service supplies gas, as well as electricity and local transportation to five out of every six people in New Jersey, you will realize why thousands of wise and thrifty New Jersey residents are investing in

**7% Cumulative Preferred Stock**  
**of**  
**Public Service Corporation**  
**of New Jersey**

Under our Customer Ownership Plan the way is open to you. Price, \$100 per share and accrued dividends. Terms, \$10 a month, interest at six per cent being credited to you on partial payments.

## THE QUESTION BOX

**Nineteen Miles A Second**  
F. B. Cinnaminson—Will you please answer how fast the earth travels in its circuit around the sun? And what is the distance it travels before it gets back to where it was?  
Ans. The velocity of the earth in its orbit around the sun is about 19 miles a second, and the distance it travels before getting back to a given point is 566,000,000 miles.

**Federal Prisons**  
Inquirer, Riverton.—How many Federal prisons are there in the United States?  
Ans. There are three strictly Federal prisons where no state prisoners are incarcerated. They are: Ft. Leavenworth, Kansas; McNeil Island, Neb. A few state prisons have contracts for keeping Federal prisoners.

**Mount Everest**  
Historian, Main street.—What is the highest mountain in the world? Where is it located? Who has reached its summit?  
Ans. Mt. Everest is the highest mountain in the world. It is 29,000 feet above sea level. The nearest approach to its summit was made by G. H. Bullock and G. L. Mallory in 1921, when they got within 6,000 feet of the summit. The mountain is located in India-China. "Grand Slam" and "Little Slam" Card-Player, Palmyra. In playing question bridge what is a "grand slam" and what is a "little slam"?  
Ans. A grand slam is counted when all (13) tricks are taken, and a little slam is counted when twelve tricks are taken.

**Elected for Seven Years**  
Paul, Fulton street.—For how many years is the president of Germany elected?  
Ans. The president of the German republic is elected for a term of seven years.

**Example of George Washington**  
Politician, Riverside. Why is it that presidents of the United States are not elected for more than two consecutive terms?  
Ans. It is an unwritten law that no candidate be given the third time for president of the United States. The first president, George Washington, set the example by refusing the nomination for a third term.

**Committed Murder for "The Thrill"**  
S. J. Bridgeboro.—Can you give me a little history of the Loeb-Leopold murder in Chicago some time ago?  
Ans. We haven't the space to spare. Briefly, however, Loeb and Leopold killed Robert Franks on May 21, 1924 for "the thrill." Ten days later they confessed, after they had been confronted with evidence that pointed to them as the murderers. On June 9 they were indicted and arraigned for trial on June 11 before Judge Caverly of the Criminal Court of Chicago. Defendants counsel, Clarence Darrow, and Benjamin Bachrach, entered a plea of guilty, but pleaded for mercy on account of the ages of the killers—18 and 19 years. On Sept. 10 they were sentenced to life imprisonment at Joliet, Ill.

**Born on Sunday**  
Jane, Elm avenue.—I was born on May 29, 1910. What day of the week was that and what is my horoscope?  
Ans. You were born on Sunday. Usually people born on the date given will be rather restless through life. They are usually honest, but inclined to be fickle. Generally they are great readers and are attached to scientific matters.

**From the Hindus and Chinese**  
June Bride, Riverside. Why do they throw rice at newly married people?  
Ans. It is a survival of the ancient religious practice of the Hindus and Chinese. In Asia rice is the emblem of fecundity, and throwing it on a newly married couple indicates bestowing fertility on the newly weds. In China the bridegroom throws three handfuls of rice over the bride, and the bride does the same over the bridegroom. In this country rice throwing is little more than a joke.

**Born on Tuesday**  
George, East Riverton.—I was born on Oct. 29, 1861. I would like to know what day of the week that was.  
Ans. October 29, 1861, was on Tuesday.

**Lillian Russell**  
Fan, Riverton.—To settle an argument will you kindly answer in what year Lillian Russell, the actress, was born? Also in what state?  
Ans. She was born in 1861 in the state of Iowa.

### Quick Service

In the line of shoe repairing may be expected here because we have unequal facilities for doing good work speedily. As an instance, we can attach rubber heels to your shoes while you restfully wait for them to be finished, a matter of a few brief minutes, made specially comfortable for ladies.

### HOWARD COBB

Republican Candidate for Board of Freeholders  
Primary Election, June 16, 1925

A man who has experience and knows the value of a dollar and how hard it comes. One who has worked for cents a day, in other words 20 cents a week, in his two hard days, and at the present time is a heavy taxpayer. Don't elect anyone to the third term in the small Board of Freeholders. Two terms is enough for any man. When they wanted to elect George Washington for the third term as President of the United States, he told them two terms was enough and he would not accept the office for the third term. Let us follow that example in the small Board of Freeholders. They should not have a man in it for a third term. The ones that are there have done their work well, but others could do just as good if they only had a chance. To my belief, Andrew F. Cobb has a better chance of helping the taxpayers in his present position than he would if he were a Freeholder, as there would be times when a majority could and probably would over-power him. I ordered and paid for by Howard Cobb.

## Bank Avenue Before Council

## Riverton Borough Fathers Discuss Various Plans for Settling Riverfront Question

The meeting of the Riverston Borough Council on Tuesday evening promised to be the shortest on record. A motion to adjourn was offered exactly three minutes after the meeting had been called to order.

No bids for the construction of the sewer on Thomas avenue were presented and the business of the meeting seemed to be closed, when the president or the clerk appeared before Council to get straightened out on a second-story porch he had started to add to a house which he was turning into a garage.

It was then that the councilman was the builder who was doing the work, Curtis E. Staveley.

Both gentlemen stated that the

Inspector Williams, and it later developed that his action had been based on complaint of some of the neighbors. Mr. Westcott said he had no desire to give offense to his neighbors and he would have a conference with them to adjust the matter amicably.

informal discussion of the proposed plans for improving Bank avenue. Some of the members of council felt that the borough should take over the street and treat it the same as the other streets in the town, while others seemed to favor

owners in the bank improve it at their own expense and place obstacles at the foot of each of the streets leading into it which will effectively prevent continuous automobile travel on Bank avenue. All were agreed, however, that the first thing to be done was to find out from the borough solicitor just what can be done.

There was some talk of taking the street over on its present lines if this could be amicably arranged

with the property owners on the bank, with a suggestion thrown in that if this was objected to, then the borough could proceed with a survey which would establish the original lines of the street and con-

demn the property and take over the roadway on the lines of the survey. It is understood that this would cut off part of the lawn on some of the properties, these lawns having been extended to encroach on the original roadway several years ago.

Councilman Showell reported that the Riverton Yacht Club would not undertake to finance this year the aquatic events which have been a part of the Fourth of July program heretofore, but would confine its activities on that day strictly to the yacht races. If the borough does not add these events to its schedule for the day, they will be dispensed with. The matter was referred to the Fourth of July committee, of which Joseph R. Foster

**PERFECT ATTENDANCE**

MYRA TEACHER, TO  
OF CONSHOHOCKEN HIGH

"Back" is a favorite with the people of the Palmyra School, and has acted as a champion for the school in the Washington state two week meet. His success is the result of willingness to work with the students on any enterprise and his joyful disposition.

Back is a member of the Palmyra athletic and although he competes with local opponents, he always rendered any possible assistance to the Palmyra team. He has been successful in the state meets in Palmyra, Mich.

He is a most enthusiastic leader for all of the teams, and has been chosen by Palmyra High students as the peer behind the throne in basketball.

The student body and faculty, regarding one Back's advancement to the state meet, have been anxious to know how they felt.

## COOL OFF

### RIVERTON YACHT RACE

"Bob" Beats out "Bellerose" in Contest Marked by Light Wind

At the time the starting gun was fired for the Riverton yacht race last Saturday afternoon it looked as though it should have to be postponed owing to lack of wind, which was very light and spotty, but on the turning of the tide the breeze increased to a general light air and allowed the boats to cover the course within the time limit.

The "Bellerose", sailed by Ed. Faunce, was the first to cross the line and reach the first mark, but was overhauled by "Bob" on the run down the wind.

"Lewanna" was in third place but had the misfortune to run on the rocks opposite the Riverton wharf and finished last.

While the boats finished "Bob" first, "Bellerose" second, "Lady Audrey" third and "Lewanna" fourth, the winner of the race will not be determined until a number of fouls have been decided.

### CAMP 23

Next Monday night Camp 23, P. O. S. of A. of Palmyra, plans to hold two interesting contests at the conclusion of its regular business session.

The program includes a joint match, which will be an elimination affair, with the best pitchers being handicapped, and a pinhole contest for the benefit of the yard sharks. The crack players of each event will be awarded prizes.

The Junior Committee will be on the job and if attendance justifies such tasty action, refreshments will be served.

Among the coming events will be initiation June 22, and a visitation to Camp 1 Mount Holly, June 26. Camp 23 will present Camp 71 with a lantern, to be used in the literary work. Time and details for transportation will be announced at later. Nomination of officers is on the slate for Monday, the twenty-second, with the election the following Monday evening.

On Saturday, June 27, the Pennsylvania State Camp will hold an outing at Washington's Crosshairs. All members of the order are invited to attend. This will be quite an elaborate affair, as it is planned to make it combination fair, picnic and will include a program of speakers.

A special committee, with John White as chairman, has been appointed to cooperate in arranging plans for staging a proper celebration for the Fourth.

Don't forget to display the national on Flag Day, Sunday, June 14.

Publicity Committee.

### CROSSING BLOCKED

Riverton Commuters Unable to Catch Early Morning Train

A number of Riverton commuters were seriously inconvenienced Wednesday morning by being unable to take the 7:19 westbound train, owing to the fact that the crossing was blocked by a freight train.

While it is not often that a freight train interferes, access to the westbound train at 7:41 is frequently blocked by the eastbound train arriving a minute earlier.

Protests in the past have resulted in only temporary relief, and a concerted effort by Council and commuters should be made to have this situation permanently remedied.

### BAPTIST CHURCH NOTES

Summer plans at the Central Baptist Church call for almost as full a schedule of work and worship as in the active weeks just past. Both Sunday and week-day activities are being planned, however, in keeping with summer convenience and comfort.

The Sunday School will meet at 10 a. m. and the officers and teachers have decided to present an award to each scholar who attends every session of the Sunday School from June 14 (next Sunday) up to and including September 20.

The big Sunday School picnic will be held at Neshaun Falls, Pa., on Saturday, June 20. Busses will leave the church at 10:30 a. m. and 2:00 p. m. It is especially urged that every scholar who intends going on the picnic inform his or her teacher next Sunday, so that the required number of busses for morning and afternoon trips may be engaged. The cost of the round trip will be 35 cents, with the kindness of the primary department free.

Sunday morning worship at 11:15 will include baptism.

In the evening from 7 to 8 the Children's Day Sunday School service "Camp of Life" will be presented.

Pastor Blaser's church history lecture on Wednesday evening will deal with "The Beginnings of the Methodist Church."

The Christian Endeavor Society meets each Friday evening and the young people are planning a number of interesting activities for the summer.

The number of persons who took advantage of the opportunity to taste the chicken supper cooked and served by the Baraca Class kept the hard at their task for several hours last Friday night. The class expresses its thanks to all friends who made the supper such a success.

Members of the congregation are asked to make a special point of getting their new church pledge cards in the hands of the finance committee as soon as possible, preferably next Sunday.

### Painter's Luck

A paradox of the art exhibition is that a painting may be well executed and badly hung.—Boston Transcript.

### CAMP FOR BOYS

#### Summer Outings Will Occupy Big Place in Youngsters' Activities

Summer camps for both boys and girls will thrive upon still a larger scale in South Jersey with the start of school vacations. Some new camps will open and old ones will be enlarged.

While boys' camps will predominate, those for girls are also becoming more popular, especially where facilities are provided for plenty of swimming and boating.

Camp Ockanickon, near New Egypt, conducted by the Y. W. C. A. organizations of Gloucester, Camden and Burlington counties, will open June 27 for four or five weeks and will take care of upwards to one thousand boys.

Boy Scouts are extending their activities and camping trips will be in order for new troops organized in Salem and Gloucester counties. A camping ground has been established near Hammonton. In the heart of the deer woods, Cumberland county scouts will again have their big camp at Paulin's Lake, where a large log assembly and smaller cabins were erected two years ago. The "V" boys and girls of Carney's Point and Pennsgrove will also again have their camp at different intervals at Kamp Kearney, at Avis' Lake, near Woodstown.

Famous Critic—"One who has the good opinion of the people whose good opinion he affects to scorn."—Duluth Herald.

### "Hundred Guilder Print"

The "Hundred Guilder Print" is the name given to a Rembrandt etching which represents Christ healing the sick. Rembrandt is supposed to have sold the first print of this remarkable plate for 100 guilders.

## 1500 Stations, 1200 Miles of Wire In One Private Telephone System, And All Lines Kept Busy, at That

Extensive additions are being made to the private telephone system by which the operating subsidiaries of Public Service Corporation of New Jersey conduct their manifold activities. For some time the system has been, in point of mileage and area, the largest of its kind in the world, and when the extensions now under way are completed, it will be one of the largest private systems in point of equipment, also.

Thirty-five exchanges, the principal operating and commercial centers of Public Service throughout the state from Ridgewood on the north to National Park on the south. They are connected by the lines used exclusively for the transmission of company business so that rapid communication is assured.

Roughly, there are 1,500 stations and 200 central office trunks in the system, with eighty-five lines representing about 1,200 miles. To relieve the present congestion and to provide capacity for future business growth, the main telephone exchange in the Newark Terminal Building is being enlarged from thirteen to twenty-one positions. This work will be completed, it is expected, about August 15. From the main exchange in Newark radiate all connecting lines to various exchanges in the state.

There are 740 extensions in the main office, which includes the Terminal, and nearby offices and plants. The four exchanges in Jersey City have 147 extensions with the following extensions in other important centers: Camden, 108; Paterson, 75; Elizabeth, 60; Hackensack, 55; Trenton, 45; Passaic, 40; Plainfield, 35; New Brunswick, 30; Orange, 45; Montclair and Perth Amboy, 25 each.

At Irvington an eighty-line switchboard has been placed, equipped with sixty working stations, seven trunks to the Ridgewood exchange and seven tie lines to the main exchange at Newark Terminal. An elaborate telephone equipment will be ready when the station is completed. An eighty-line switchboard will be installed at Marion Power Station and will take in all operating stations in the Marion zone including the West End Gas Works and adjacent territory.

In Englewood, the exchange will be transferred from the electric substation to the new commercial office about to be erected. At Perth Amboy, the exchange is being enlarged to an eighty-line switchboard. A second position is being installed at Passaic and one also at Trenton.

### COUNTY RED CROSS

Burlington County Chapter American Red Cross held its regular monthly meeting, Monday, June 11th, at No. 7 West Union street, Burlington.

The Executive Chairman reported fifty letters had been shipped for the Virgin Islands. Thirty Christmas Bells are to be furnished by the branches making up the Chapter, at the request of National Headquarters, for soldiers and sailors in foreign service; those must be shipped from this country by September first.

The secretary read an interesting report of the Home Service work, showing five new cases had been taken care of during the past month, and eight continued ones. \$133.29 has been expended during the month of May for this purpose. Chairman of Junior Red Cross reported Crossweeks and Hancocks schools would enroll in the Junior work next fall and possibly Vincent town and Pemberton.

Plans were discussed for the next Roll Call, which begins Nov. 11th, of which Branches will be advised later.

It was voted the Chapter adjourn to meet the second Monday in September.

The Home Service work will continue without interruption during the summer.

### Dramatist's Ill Fate

George Fennel, the Irish dramatist of the gloom of the seventeenth century and the first decade of the eighteenth, was only twenty-nine when death overtook him. His last days were spent in dire poverty.

### BUYS SHAEFFER FARM

Fred W. Secher Will Sell Lots and Develop New Tract

Announcement was made this week that Fred W. Secher, of Garfield avenue, Palmyra, formerly manager of the Palmyra Motor Company, had purchased the Joseph Shaffer farm on Chinnabunton avenue. This tract has been for sale for some time, and frequently rumors have been circulated to the effect that it had changed hands, but now the prospect of a new development in Palmyra has become an actual fact.

Mr. Secher has plans and specifications for a wonderful development on this tract. Sidewalks, curbing, sewerage, water and electric lights are to be started immediately. Streets which are to be opened work in side with the proposed new South Broad street.

The biggest improvement planned is a new street from Chinnabunton avenue through the center of the tract to Elbert street and will divide in half the long distance of the block from Spring Garden street to Pear street.

The new street will be known as Memorial avenue and will provide an opening to the complete 9-acre tract. Plans call for 47 liberal sized lots and, while there will be building restrictions, they will not be too strict, but will insure future residents of desirable homes in their neighborhood. The new development will make an ideal home site for those desiring to build at a moderate price.

Mr. Secher, in discussing plans for the development, said he was particularly anxious to sell the property to residents of the town and local homebuilders.

Mr. Secher's business ability and clear transactions are well known by many in the town who had the pleasure of doing business with him during the three years he was manager of the Palmyra Motor Company. With a man of this type behind the development, it is bound to be a huge success and, as a result, the town will be benefited.

He knows of the future of this town and what we want to do in ways makes the strongest appeal.

A temple in Peru which was begun 10,000 years ago has not yet been completed. Evidently it is being built by popular subscription.

For the city man a home garden does more than produce some vegetables for the table; it produces a real appetite to help eat 'em.

The Senate may stand on its dignity, but the new Vice-President seems to be walking on it. Manila Bulletin.

## PUBLIC SERVICE Men and Women

### The Bus Mechanic

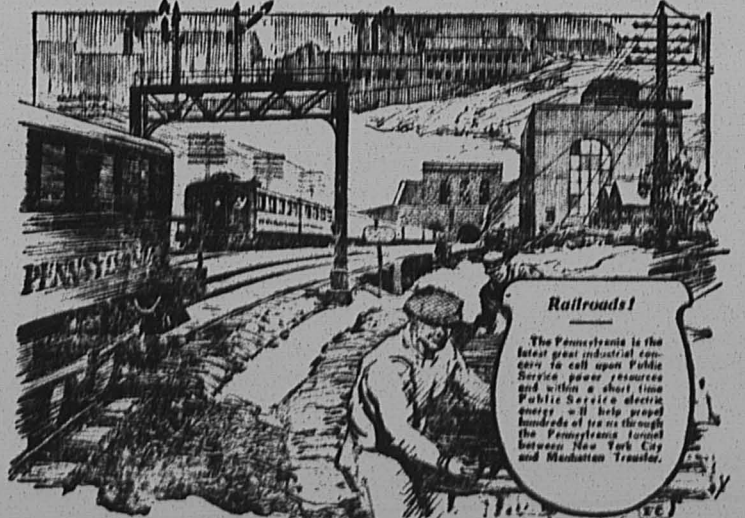

The Bus Mechanic is a newcomer to the field of public utility service.

For PUBLIC SERVICE he has the important job of keeping in running order the hundreds of vehicles that now operate under PUBLIC SERVICE colors.

Every possible facility has been placed at his disposal. In both the Northern and the Southern sections of the State fully equipped repair shops for major repairs have been established, while the operating garages have been provided with all necessary tools.

He is constantly improving the condition of PUBLIC SERVICE bus equipment and constantly coming nearer to the high standard reached in street car maintenance.

In the effort that PUBLIC SERVICE is making to provide for New Jersey people a complete and efficient system of bus transportation The Bus Mechanic is doing his share.

## Industry's Demand For Electricity!

Every day the demand of industry for electric energy furnished by Central Stations is increasing. Manufacturers, railroads and construction enterprises alike, are turning to electric utilities as the most efficient and economical source of POWER for use in their various operations.

In 1924, Public Service Electric and Gas Company sold more current for industrial use than in any previous year in its history, and this record is being eclipsed in 1925.

The essential nature of the service furnished by utilities such as those controlled by Public Service Corporation of New Jersey, provides stability and safety for securities like

## NOT PRIDE—

We knew it would come! We had hoped against our better judgment that we might, forsooth, escape the common fate, but it was not to be. And our heart is saddened with the supersensitiveness of human nature.

It has just come to our ears that a neighbor has said "When Bowen rode a bicycle he went out of his way to speak to folks, but since he got a car he don't see them."

Neighbor, this is "the most unkindest cut of all." Of a verity, the editorial heart is not puffed up with pride because of the acquisition of a "flier" of the vintage of the summer before last, but if the editorial eyes fail to behold his friends as of yore, it is not because of pride; nay, rather it is because the pesky thing he attempts to guide with a steering wheel instead of a pair of familiar and friendly handle bars demands so much of his attention that he durst not look to the right nor to the left lest harm befall him—and others.

The milk of human kindness has not dried up in the heart of your editor, neither is he consumed with impotence—and, perchance, it will be noted that on occasion he reverts to the use of his docile bike so that he may have opportunity to greet his friends.

If you have ever tried, dear critic, to conquer the inborn cussedness of a Sord Fedan you full well know that the "strained" expression is not due to haughtiness—if you haven't, take the editor's word for it.

## THE ELECTION

Next Tuesday, June 16th, the voters in the Republican and Democratic parties will elect their standard bearers for the big fight in the Fall.

Arthur Whitney, one of the three candidates for governor, is well known for his fearlessness and independence. Whitney is not tied up with any political clique and would make a splendid executive. As State Senator he served with distinction on the committee on appropriations.

In Burlington County great interest centers on the contest for freeholder, two of whom are to be elected, and members of the Republican State committee. It is generally conceded by friend and foe alike, that Charles R. Stout, at present a member of the Board and chairman of the Republican County committee, will be re-elected freeholder. The fight for the remaining place simmers down to a contest between Curwen B. Fisher, present auditor, and George W. Rogers, who seeks to succeed himself as a member of the Board.

To re-elect Rogers will mean that the complexion of the Board will remain as it now is, with its slogan "the contractor should be given a chance."

Curwen B. Fisher has made an excellent auditor. During his incumbency he has unearthed a number of irregularities, some of which he has checked. As a member of the Board, however, he would be in a position to head off many ill-advised actions, such as have been recently carried through by the notorious 3-2 vote.

The contest between Warren C. Pine, of Riverside, and William H. Reeves, of Mount Holly, for the office of State committee-man, is being waged vigorously. This is entirely an honorary position, but carries with it considerable prestige and is much sought after by men who have the means and leisure to attend to it.

Mr. Reeves is opposed to the Stout County organization, while Mr. Pine is in sympathy with it. Mr. Pine is a man of high type and stands well with the State leaders in his party. He served two years as member of the Assembly and has always taken a leading part in Republican County politics.

Mrs. Nellie W. Russell, of Burlington, seeks to succeed Mrs. Henry J. Sherman, of Moorestown, who would not be a candidate again this year, as the woman member of the State committee. Mrs. Russell has been second vice-chairman of the County Republican organization for three years and is thoroughly familiar with the duties of the office she seeks.

Clifford R. Powell, candidate for Assembly, asks for reelection on his record, of which has every reason to be proud. "Cliff" is not only popular in his own County, but his qualities of leadership were recognized last year by his colleagues in the House, who elected him speaker.

## BANK AVENUE PROJECT BEFORE COUNCIL TONIGHT

Interested Citizens Urged to Attend Meeting; Decision Important to Riverton

On Thursday night of this week, June 11th, the subject of River Bank avenue will come before the Riverton Borough Council. Several plans are being considered, one for the residents of the bank to improve the roadway at their own expense, but construct obstructions at the foot of each street leading to the bank, which will effectively prevent continuous automobile traffic along Bank avenue.

Another plan is for the Borough to take over the roadway along its present limit and improve it. The third plan that has been suggested is for the Borough to take over not only the roadway but the lawn between the road and the river, including the stone wall and the beach, converting the whole thing into a public recreation park, maintained at public expense and placed under Borough police regulations.

Still another proposition is to make a survey and reestablish the roadway on Bank avenue along original lines. This subject is one of vast importance to all of the people of Riverton, and it is to be hoped there will be a large delegation of citizens present at the meeting tonight. If you do not care out and voice your sentiments and this matter is not adjusted to your satisfaction you will have no one to blame but yourself.

The "swimming hole" in the creek at Riverton's Memorial Park is being lavishly patronized these hot days and nights. Last Sunday it is estimated that there were 250 men, women and children enjoying the cooling waters of the creek.

Rev. J. F. Hendrick, of Moorestown, who had planned to take a trip abroad, was taken suddenly ill in New York last week, just before sailing. He was removed to a hospital there, where he was found to be suffering with ptomaine poisoning. He was later taken to Moorestown, where he is recovering.

## Riverton Items

Charles W. Wanger is on a business trip to California. Stiles Drug Store, open Sundays 8 a. m. to 12 m.—Advt. Adelpa Stroblein was a Sunday visitor in Atlantic City.

Harvey Hirst and family are at Ocean City for the summer. C. W. Wanger and family are spending the summer at Ocean City. Mrs. Leon Evald entertained the Monday evening "500" this week. George D. Steele and Francis Holvick were in Atlantic City Monday.

H. A. Walburn and family have come to Berkeley, N. J. for the summer. Mrs. Ida Mills, of Fort Washington spent Monday with Mrs. John Sloan.

Mr. and Mrs. Lawrence Caskey motored to Atlantic City for the weekend. Children's Day exercises will be held in the various Sunday Schools on Sunday.

Mr. and Mrs. Leon Evald and children and Misses Stella and Laura Evald motored to Baltimore over the weekend, visiting the Rev. Hines Evald and family.

Among the heat families in Philadelphia during the past week were Edward Byrne, 1751 Water Street, and M. J. McBride, of Strawberry Mansion, uncle of William O'Donnell, of Riverton.

M. R. Blackwell has earned the undying gratitude of the police force in Riverton by presenting an electric fan to be used in the traffic booth at Broad and Main streets. Last Sunday afternoon when you could have tried eggs on the roof of the booth, the officer inside was comparatively comfortable.

## COUNTY COURT NEWS

At last week's session of the Burlington County Court, Christ Boldewick, of Burlington, was fined one hundred dollars by Judge William A. Slaughter, for bootlegging.

It was shown by Boldewick's counsel, Harold T. Parker, that the young man had disposed of his store property since he has ridged and was going straight. He was a first offender.

John Arnold Doyle and Julius Hauerfeld, sixteen-year-old youths from Moorestown, waived a trial by jury and pleaded guilty to passing a forged check on Thomas J. McCasney for thirty dollars, purchasing a few small articles at his place of business and pocketing the change.

The fact that the boys came of good parentage saved them a jail sentence and they were let off with a fine of fifty dollars each, they having returned the money to McCasney.

Before the boys were allowed to go, the Court made it very clear to them that they were to go to work and repay their parents, and that in the future they were to keep away from each other.

During the hearing it was stated that the boys had played a similar trick in Gloucester County and were paroled at the time.

George McMenamin, of Florence, his third time before the court on a charge of transporting and possession of liquor, was sent to jail for thirty days. He was fined \$250 in May of last year, and \$200 in December.

James Miller, of Palmyra, arrested for attacking a young girl on the grounds of the Riverton Golf Club, was sentenced to Reformatory, but afterwards the Court re-considered, in a measure, and he was taken to Four-Mile Colony, to be examined as to his mental condition.

CLEAN UP FOR THE FOURTH Vacant lots about town are again becoming an eye-sore with their rubbish and grown up weeds. Fourth of July will be here in about three weeks. Let everybody do his part to get the town in a tidy and attractive condition before that time.

## Among the Churches

## Palmyra Notes

The R. & S. class met at the home of the Misses Seel on Monday evening.

George Hubbs, of West Broad street, spent Tuesday in Asbury Park.

Mrs. James West, of Horace avenue, has recovered from an attack of throat trouble.

Mr. and Mrs. David Smith, of Elm avenue, are spending the summer at Ocean Grove, N. J.

Raymond Dayton Lamont, of Parry avenue, motored to Avalon with a party of friends over the weekend.

Mrs. William T. McAllister, two sons, Buster and Karl, and Spencer Johnson motored to Avalon Sunday.

The members of the Eastern Star, Covenant Chapter, will hold a picnic at Willow Grove on Wednesday, the 17th.

Mr. and Mrs. Glen Snyder, of Leconey avenue, are entertaining Mr. and Mrs. W. J. George, of Chicago.

Mr. and Mrs. Robert Dodge, formerly of Garfield avenue, this week moved to their new home in Wilmington.

Mr. and Mrs. George Robinson, of Merchantville, spent Saturday with Mr. and Mrs. Joseph L. Stack, of West Broad street.

Mr. and Mrs. Joseph L. Stack, entertained Mrs. Catherine Case, of Philadelphia, at their home on West Broad street Sunday.

The Bell House club held its regular monthly meeting at the home of Miss Lu Winkelspecht, Riverside, Tuesday evening.

Louis Janders, 8-year-old son of Mr. and Mrs. Louis Janders, of Horace avenue, has recovered from an attack of scarlet fever.

Master William Moore, of Harrington, Delaware, is spending his vacation with Mr. and Mrs. Pearl Kemp, of West Broad street.

Dr. A. P. Lorr has resumed his regular morning office hours after three years in the children's dispensary of the Jefferson hospital.

Joseph Graham, Jr., of Horace avenue, has recovered from a severe attack of tonsillitis which confined him to his home for two weeks.

Mr. and Mrs. Russell Hamelman, of Horace avenue, and family motored to Ocean City Sunday.

Mrs. E. W. Schmeier, of Burlington Pike, Parry, was brought home from the West Jersey hospital, Camden, in the Palmyra ambulance Monday.

Mr. and Mrs. Charles Davidson and two sons, of Jilkhland avenue, and Mr. and Mrs. Harold B. Lever, of Morgan avenue, motored to Avalon Sunday.

A public meeting of the Palmyra and Riverton branch of the Law Enforcement League will be held in Legion Hall this Friday evening. Everybody is invited.

George J. Seel, 4th, of Maplewood, spent the weekend with his grandparents, Mr. and Mrs. George J. Seel, Jr., Miss Adeline Seel returned with him on Monday to spend a few days.

Mr. and Mrs. Anthony D'Amato, of West Broad street, are receiving congratulations on the birth of a daughter, Pearl, early Monday morning. Tony says he is going to teach the recent addition in his family to be a hair dresser.

Hubert W. Logan, of Parry avenue, was awarded three first prizes at the end of his first year at the School of Industrial Arts, in Philadelphia. The prizes were for Best Drawing, Color and Design and general excellence in the Beginners' Year.

Clement Horn, a former well known resident of Palmyra who went to Florida a year or so ago, is back for a few weeks renewing old acquaintances. Mr. Horn is understood to have purchased the real estate Adam around Florida's Jollywood.

Miss Dorothy E. Logan, of 1001 Parry avenue, was the guest of Miss Anna Wagner at the New York University commencement exercises, at which Miss Wagner, a former Palmyra High School student, was a graduate. Miss Logan spent several days in New York.

Work on the improvement of West Broad street from Leconey avenue to the Pensacola Creek started last Friday. A concrete roadway will be laid, involving a change in the road grade to the right hand side of the road from Arch street station to the River Road crossing. Broad street will also be widened a few feet from Leconey avenue to the Palmyra Motor Company.

The Palmyra fire trucks and the ambulance will be kept at the Palmyra Garage, Broad and Morgan, while the River Road is being re-laid. The machines were moved Monday morning and will be kept at the garage until work is completed on the fire house.

James Hyman, colored, of Front and Market streets, West Palmyra, was fined \$10 and cost when taken before Justice of the Peace William L. Fleiter Wednesday afternoon, charged with disorderly conduct. Complaint was made by Mrs. Jennie Sander, also of West Palmyra. The arrest was made by Chief of Police C. Morris Beck and Officer Joseph Rogers.

Miss Adeline Seel and Mrs. Ethel Symonds entertained the children of the Cradle Roll, of the Central Baptist Sunday School, and their mothers, at a lawn party at the former's home last Saturday afternoon. Thirty-two guests attended, among whom were the Rev. and Mrs. Frederick Blaser, pastor of the Church. Games were played and refreshments served and all had a most enjoyable afternoon.

A large truck, bearing a New Jersey license, crashed through one of the railroad gates at the Cinnaminson avenue crossing Tuesday morning. The east bound train which arrived in Palmyra 7:31 and had left Arch street station and the watchman was just lowering the gates. It seems the truck was coming in Cinnaminson avenue, missed the first set of gates that were being lowered, and then ran into the right one on the station side. No one was injured.

The Palmyra Fourth of July Committee, under the chairmanship of Councilman J. Edwin Lees, is held at work preparing for the big celebration ever held in this town. Plans are rapidly developing and the committee will be in readiness for the big occasion. There will be the big parade, races, fireworks and several other features. A canvass of the town for funds to finance the celebration will be made by the Palmyra Fire Company in the near future.

## F. C. Wakes Up And Wins Game

Palmyra Sculps Edgemont 12-4 After Coming From Behind

Behind 4 to 2 in the fifth inning Saturday, the Palmyra Field Club came to life, tied up the score in the same frame, settled down and held Edgemont, of Bridgeburg, scoreless for the remainder of the game and drove over eight more runs to the credit of Palmyra.

Manager Joe Stack, determined to break up the local losing streak, made several changes in his lineup Saturday and presented a club that developed, in a very few innings, into an aggregation with a wicked offense. 12-4 victory is the pleasing result that prove it.

The changes included the installation of Len Baker at first, the moving of King from the initial sack to center field and Bennett from center to right field; Flynn on the mound instead of VanBrunt; Hepper behind the bat, and the shift of Weikman and Mathews, short and second, to second and short.

The exceedingly high temperature Saturday afternoon made it impossible for either pitcher to perform at a high pace, but Flynn overcame his opponent, Fredette, of Edgemont. Mixed drinks of heat and a shower of Palmyra hits, had the burly Fredette, groggy after the fifth, and Palmyra, as much as the terrific heat would permit, ran madly around the bases for their slew of runs.

Palmyra drew first blood, scoring twice in the second. King and Bennett crossed the plate as the result of a pair of singles and a double. The locals tallied three times, each in the sixth and seventh, and drove in a pair in the eighth.

Flynn's only weak period was in the second when the opposition shot across his quarter of counters. Four singles, a double and a fielder's choice gave Edgemont its tallies while Baker took his only slide of the game. Otherwise Baker was untouchable, was backed by good hitting by his team mates, and won, as predicted.

Baker, the old timer, who plays a beautiful game at the initial sack and is considered one of the best fielding players in the game, has developed a keen eye for the ball. Bunting is supposed to be the Camden merchant's weakness, but any twas far from that Saturday.

Leonard R. socked a single on his first appearance at bat in the opening inning. The pitcher hit the club and got a two banger in the fifth, was walked in the sixth and gracefully concluded his first appearance with the Field Club this year with another beautiful double. Some record, and Len has promised to play with the team every Saturday.

Young Hepper made his debut behind the bat and played a dandy game. He will be left there as a continuation of such form as displayed Saturday, for Manager Joe wants to play local boys as long as they produce the goods. The engine club played a crackjack game and came through without a single error.

Sammy Rodgers drove out a hefty double and was walked. Frank King hit his stride in the new line-up and got three singles and as many runs. Weikman and Latta Hepper drove out a pair of one-timers and were walked. Flynn also singled and figured in some scoring.

This Saturday Joe's converted team will cross bats with the strong Collinswood nine at the Field Club Park.

## HOLD WATER FIGHT

Palmyra Company Stages Drill Again

The Palmyra Fire Company entertained a large crowd Monday evening along Cinnaminson avenue near the River. The siren sounded about 8:15 and the companies made a quick dash down the street, followed by the usual string of automobiles.

The curiosity seekers soon learned they were on a fool's errand, if they expected to see a blaze, but the majority stayed to watch the company go through a drill. The fun started at the conclusion of the rehearsal.

The fire fighters then divided into two sections, each ran a line of hose and then staged a water fight. Some of the members might have had an inkling as to what was planned, for beneath their rubber caps, several bathing suits could be seen.

"According to Chief Beck, the 'old timer' looked the younger members. But of course, it must be remembered that the Chief has been a member of the company for many years, and his decision could hardly be rated impartial.

Another drill and water fight is planned for the near future. The town can be prepared and set in on the fun, says Chief Beck.

**BETZ-BROCKHOFF**

Mr. Joseph B. Brockhoff, of Du-lair, announces the marriage of his daughter, Margaret Jeanette, to Mr. Frank Joseph Betz, son of Mr. and Mrs. Frank C. Betz, of 223 Cinnaminson street, Riverton. The wedding took place Thursday morning at the Church of St. Peter and Paul, Camden, at nine o'clock. The bride was attended by her sister, Miss Frances Brockhoff. William Lange, acted as his cousin's best man. Following the ceremony a wedding breakfast was served at the Benjamin Franklin Hotel, Philadelphia. Upon their return from a wedding trip, Mr. and Mrs. Betz will reside at 404 Garfield avenue, Palmyra.

If taxpayers want to put a stop to the waste of their money through bad management and costly political tricks, then vote for Auditor Curwen B. Fisher for Freeholder. He is leading your fight for a better administration.

PRIMARY ELECTION  
TUESDAY, JUNE 16, 1925

### MY RECORD

I have been asked as to my preparation for the responsibilities I seek.

Born in Berks County, Pennsylvania, Feb. 18, 1863. My father was a Methodist Minister. I was graduated from Dickinson College, Carlisle, Pa. in 1888. I received my theological training at Drew Theological Seminary, Madison, N. J. My first pastorate was St. Luke's Church, Philadelphia, one pastorate in Delaware, and since I have served the following churches in the New Jersey Conference: two pastorate of one church in Asbury Park (five years, the first, and built the church, and two years more several years later.) Freehold, Gloucester City, Cape May City, Hightstown, Merchantville, First Church Long Branch, Clayton, Mount Holly.

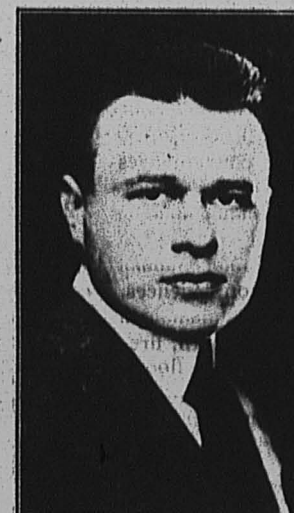

My retirement from the active ministry, chiefly because of illness in my family, left some remaining days of vigor. The people decided that these could be employed in other lines of public service, and made me their County Auditor.

Throughout the period of my ministry, the circumstances of ownership of large fruit growing, and other farms, in Delaware, Maryland and New Jersey, made farming my avocation and hobby. In early young manhood, and periods of college vacation, I had business training, and at one period large business responsibilities. I have built churches, supervised extensive building operations on my farms, one a plantation of 600 acres.

If you think I am qualified in mind and purpose to protect your interests, then nominate me Freeholder.

—CURWEN B. FISHER.

## Will Boom New Highway Route

Big Meeting Will be Held on  
June 18 at Pig's Whistle  
Inn

Arrangements to get a large attendance of citizens from this county at the conference to be held with the State Highway Commission, at the Pig's Whistle Inn, Brown's Mills, Thursday afternoon, June 18th, when facts will be presented that it is hoped will convince the commission to take over and improve the State road from Camden to the seashore, were formulated at a meeting of the Burlington county committee at the Elks' Home, Mount Holly, on Monday night.

A few weeks ago, at a session of representatives from Burlington, Ocean and Camden counties, held in Mount Holly, it was decided that Senator Mathis, of Toms River, should arrange a date for a meeting with the Highway Commission in relation to this cross-State road, in order that it may be placed on the schedule for early improvement, particularly that section from Brown's Mills to Toms River. In compliance with that action, Senator Mathis has arranged for the conference to be held at Brown's Mills on June 18th, when, after a luncheon for the commission and committee, a public meeting will be held at which speakers representing three or four counties will address the commission on the road question.

The importance of having a good road over the shortest route from Philadelphia to the seashore and the opening of a large section of undeveloped land in the State will be called to the attention of the commission. It is felt that a proper presentation of the many arguments in favor of this cross-State road will bring favorable consideration of the improving of the highway. Another point in favor of hard-surfacing the road is that the government considers it of such importance, on account of the big airplane station at Lakehurst, that it has offered to contribute \$15,000 a mile toward the cost of improvement. Good truck transportation facilities to the naval station are considered imperative.

At the previous conference of representatives from the counties, committees were named to boost attendance at the meeting with the Highway Commission, when the date had been fixed. The Burlington county committee, composed of William A. Jones, Dr. M. W. Newcomb, Mark Reynolds, Alexander Dineell and George W. Rogers together with a few other citizens called in conference, at its session on Monday night, arranged for publicity about the Brown's Mills meeting on June 18th, in order that all citizens, men and women, of the county may attend.

The invitation is general to all residents of this section of New Jersey, without formal notice. Arrangements are being made to park any number of automobiles that may go to Brown's Mills that day, free of charge. There will be no parade, but every citizen is urgently requested to go to the meeting in order that there will be thousands in attendance to impress the commissioners that the people here are in earnest in their request for the improvement of the road. There will be no postponement on account of unfavorable weather conditions.

### FINE STRAWBERRIES

The finest strawberries that have come to the notice of the editor this year were raised by Joseph Lavery on the estate of R. M. Hollingshead. They have been named "White" after the famous Hollingshead products. The flavor was unusually fine and a quart box held but 29, carefully packed in.

Miles Sent to Four-Mile Colony.  
James Miles, of Morgan Avenue, the 21-year old youth recently arrested for attempting to attack a young girl, was sentenced to the Highway Reformatory by Judge Hughes last week, but later the Court changed its mind and sent Miles to the Four-Mile Colony for feeble-minded persons to be examined as to his mental condition.

**Stars**  
The stars that still sojourn, yet still move onward; and everywhere the blue sky belongs to them, and is their appointed rest and their native country and their natural homes, which they enter unannounced, as birds that are certainly expected, and yet there is a silent joy at their arrival.—Caterpillar

**Probably First Lighthouse**  
The word "pharos" means light-house, and the Pharos of Egypt was a gigantic beacon which was established at Alexandria, Egypt, to light the mariners to safety. It was built by Ptolemy in 282 B. C., and it was stated that it was 360 feet high and the light was visible for 60 miles at sea.

Harry J. Ziegler  
REPUBLICAN  
CANDIDATE FOR  
Board of  
Freeholders

PRIMARY ELECTION  
June 16, 1925

Ordered and Paid for by Harry J. Ziegler

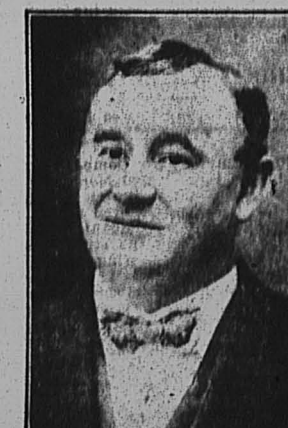

George W. Rogers  
CANDIDATE FOR FREEHOLDER

Ordered and paid for by George W. Rogers.

Standing on my record of six years as a careful and painstaking representative of the taxpayers, and pledged to use my best endeavors to reduce your taxes, the all-important subject, I respectfully solicit your vote at the coming primary to be held on June 16.

## HOWARD COBB

Republican Candidate for Board of Freeholders  
Primary Election, June 16, 1925

A man who has experience and knows the value of a dollar and how hard it comes. One who has worked for 7 cents a day, in other words 56 cents a week, in his boyhood days, and at the present time is a heavy taxpayer. Don't elect anyone to the third term in the small Board of Freeholders. Two terms is enough for any man. When they wanted to elect George Washington for the third term as President of the United States, he told them two terms was enough and he would not accept the office for the third term. Let us follow that example in the small Board of Freeholders. They should not have a lifetime right there. The ones that are there have done their work well, but others ought to get on good if they only had a chance. To my mind, Senator Fisher has a better chance of helping the taxpayers in his present position than he would if he were a Freeholder, as there would be times when a majority could and probably would over-power him.

Ordered and paid for by Howard Cobb.

## SERVICE COUNTS

VOTE FOR

THOMAS F. McCRAN

REPUBLICAN

GOVERNOR OF NEW JERSEY

Primary Election, TUESDAY, JUNE 16, 7 A. M. to 9 P. M., standard time

16 YEARS

City Attorney, Paterson  
Assemblyman, Leader, Speaker  
Senator, Leader, President  
Acting Governor  
Attorney-General

He is the best equipped.  
He has earned his promotion.  
He is Fearless and Consistent.  
He represents every class.

He opposes theoretical experiments.  
He stands for Economy.  
He will protect New Jersey's Public School System.  
He stands for definite tax reductions.  
He will use the full power of the State to enforce the law.  
He plans a greater New Jersey, Agriculturally, Industrially and Socially.

HE CAN DEFEAT HIS DEMOCRATIC OPPONENT

Filed for by John Pomret, Jr., Campaign Manager.

## Mrs. Ella V. Decker

Burlington

Candidate for  
**Republican  
State Committee**  
from Burlington County

Pledged to Conscientious Service as a  
Representative of all Burlington County  
Presenting myself as a woman whose public and  
private life is beyond reproach.  
Thoroughly experienced in an executive capacity  
and familiar with political practices that will be an  
advantage to Burlington County men and women.

Ordered and paid for by Mrs. Decker, Burlington.

### TO THE VOTERS OF BURLINGTON COUNTY

As a Candidate for re-election as member of the  
Democratic State Committee there are some facts I ask  
you to keep in mind.

I have been your State Committee woman for three  
years and I am standing on my record of service to  
the people during that time. I have always felt it an  
honor and a privilege to be a member of the State  
Committee and I have tried to fill the office conscientiously.

My sole purpose has been to work for clean politics  
and to recommend for office honest and deserving people  
who held Party honor and progress above personal  
interest.

I have always been ready to state my position on  
everything and to stand for the right regardless of  
criticism. I have worked very hard and feel that the  
splendid organization of thinking people we have today  
is at least partly a result of my efforts.

The office of State Committee is a responsible one  
and a member of the State Committee can in many  
ways be a power for good or otherwise—not only to  
the people of her own Party, but to all the citizens of  
the County.

After working with the State Organization for three  
years, I have their confidence and endorsement and  
feel that this fact, together with my knowledge of conditions  
and my experience entitle me to your serious  
consideration for re-election.

FLORENCE W. JACOBY,  
Edgewater Park.

Ordered and paid for by Florence W. Jacoby

## BIG GAS HOLDER AT HARRISON REQUIRES 4000 TONS OF STEEL

Upwards of sixty carloads of material, including four thousand tons of steel and building equipment, will be used in the construction of the "waterless" gas holder at Harrison of Public Service Electric and Gas Company. Twenty-six carloads of material have already arrived and the rest is expected at the rate of six to fifteen a week.

The trammel derrick which will play an important part in the construction is about completed and will have a working radius of 127 feet. This derrick is slightly over 100 feet high and weighs 160,000 pounds. Two thirty horsepower motors and one fifteen horsepower motor will supply the power.

The bottom steel sheets have arrived. Fabrication has started and will be completed about June 10, when the base will be laid. Then the piston and the roof will be built. Both piston and roof will be forced upward by means of two compressed air blowers, each operated by a 150 horsepower motor. Four air compressors each with a capacity of 360 cubic feet per minute and 100 pounds per square inch pressure operated by a seventy-five horsepower motor each, will be used for driving rivets and operating, hoisting, drilling, grinding and other apparatus.

As the piston and roof are forced upward, the sides of the holder will be placed in position in sections by a traveling crane carried on the roof. When completed the roof will be riveted to the columns at the top and the piston will then descend.

The new holder, which will be one of the largest in the country, will have a storage capacity of 15,000,000 cubic feet and will be 333 feet high, with a diameter of 254 feet. The Bartlett-Hayward Company of Baltimore is the contractor.

### EPWORTH NEWS

Sunday will be observed as Children's Day at the Epworth Methodist Episcopal Church. In the morning at 10:30 there will be baptism of infants and an appropriate sermon by the pastor, the Rev. Fred B. Morley. Also, at the morning service there will be a pleasing surprise feature.

In the afternoon Children's Day exercises will be given by the children of the Church School. The program begins at 2:30. Visitors are especially invited.

The devotional meeting of the Epworth League is at 6:45. This is a good hour of Christian worship and fellowship for the young people.

The evening worship at 7:45 begins with a spirited song service. The pastor will preach a short sermon.

Church School night is on Monday. The program is as follows: 6:30, Supper; 7:00 Fellowship Period; 7:30, Business; 8:10, Discussion, "How I Prepare My Lesson." The In-A-Much Class is preparing the supper.

On Tuesday evening the choir has its entertainment, "The Old Folks' Concert." This is a humorous sketch of the old days. It should be generously patronized. At the mid-week service on Wednesday the study topic is First Corinthians, Chapter Nine.

The Women's Guild will have an Indoor Picnic Thursday evening, June 18. It will be an evening of music, games, and a general good time. Some real surprises are announced as special features of the evening. Refreshments will be served. All of the women of the church are invited.

The following summer schedule of services goes into effect Sunday, June 21: Church School at 10:00 a. m. Morning Worship at 11:00 a. m., and Twilight Service at 7:00 p. m.

Class Meeting is on Friday evening under the leadership of Carl A. Peterson. This is a good evening of testimony and inspiration.

### LUTHERAN NEWS

The last sermon on the series on the Lord's Prayer will be preached by the pastor on Sunday morning, with the subject "Lead us not into temptation, but deliver us from evil." In the evening "Christian Happiness" will be the subject of the sermon. This evening service is just an hour long. Come out and enjoy it with us.

The regular monthly meeting of the Ladies' Missionary Society will be held Tuesday evening in the church.

On Saturday, June 20, the Sunday School will go on its annual picnic. We will meet at the church about nine thirty in the morning, and be ready for a real good time. Don't forget, Saturday, the 20th.

The Rev. Chris Hansen, of Media, Pa., will occupy the pulpit for the last two Sundays in June. Mr. Hansen has preached in Palmyra before and made a decided impression.

Weekly Sermonette: "Optimism is one of the chief members of the Faith family."

Demanding an air department, General Mitchell got only the air—Dallas News.

## Palmyra Loses Big State Meet

Local Athletes, Lacking in Numbers, Attempt to Carry Too Heavy a Burden

The annual state championship track meet was held at Rutgers College, New Brunswick, amid the terrific heat last Saturday. Palmyra placed second with 14 points. Vineland, the surprise of the meet, won with a total of 17 points, and Red Bank High was third. Nine teen teams competed for the Skeeter State championship.

Harris Sacks, Palmyra's flashy captain, finished first in the 100-yard dash and the 220. Bruce Beahn, as usual, followed him a close second in the hundred. Beahn, showing the true Palmyra spirit of sportsmanship in the two-hundred yard race, lost his opportunity of placing.

It seems that the track was overcrowded and when Beahn and another runner got "boxed" on a bend, Beahn slipped and was injured. The weather being unseasonably hot, it made it tough for the spunky leader.

Sacks ran his first heat in the hundred and then in the 220. He made his first jump in the running broad. He no more than finished the jump than he had to run again, and this was followed by another jump, and the same performance was repeated the third time.

Since it was almost an utter impossibility to run and jump in such short order, Sacks was only able to jump 18 feet. At the triangular meet in Collingswood, Sacks established a new mark of 22 feet 8 1/2 inches in this event, and was conceded the event in the championships, for no one expected him to have attempted the impossible.

Lewis' hand suffered the absence of several men, anyone of whom might have been a possible point winner and given the match to the local high school. Godley, who was scheduled for the mile run, was out with an injured heel. Atkinson, the classy little pole vaulter, was also suffering with an injured heel. Wagner and Hartley, the shot-put mainstays, were unable to attend. To cap the climax, Walter Sullivan, star on the national championship relay team and sure winner of the 440, was adjudged ineligible by the solons of sport, due to the fact he is taking a post-graduate course.

Despite the fact the locals lost the championship, which they were so anxious to win, they had a thoroughly enjoyable time on the return trip. Vineland, overjoyed with its big victory, loaded two automobiles with boys and set out for Trenton. There they bought some canvas and had two huge signs lettered "Vineland State Champs" on one side and "Palmyra Also Ran" on the other side. With these banners attached to their cars, the Vineland bunch set out to follow the cars carrying the Palmyra team.

"Boots" says he "smelled the rat" about the time the string of cars reached Burlington, so instead of continuing to Palmyra, he took the Vineland aggregation on a wild chase through Mount Holly, Medford and then up a long lane "back in no man's land" arriving at the end of the lane about eleven o'clock. He then stopped the cars, told the Vineland boys they were many miles from Palmyra, and that they had best go home, for it was too late to get to Palmyra and thus stage a celebration. The Vineland boys, being good sports, realized they had been beaten at their own game, so after bidding the Palmyra delegation goodbye, set out for home.

"Boots" presence of mind saved Palmyra from a good "razing."

Thrift is a wonderful virtue—especially in an ancestor.—New York Herald Tribune.

### NOTICE

Notice is hereby given to the legal voters of the School District of the Township of Cinnaminson in the County of Burlington, that a Special Meeting of the legal voters of the school district of the Township of Cinnaminson will be held at the Westfield Schoolhouse on the 22nd day of June, 1925, at 8 P. M. Daylight Saving Time. At said meeting the following propositions will be submitted:

TO AUTHORIZE the Board of Education to sell to J. L. Lippincott for the sum of eight thousand dollars (\$8000) the plot of ground now owned by the Board of Education in East Riverton, in the Township of Cinnaminson, situated as follows:

BEGINNING in the easterly line of South Snowden Avenue at the north-west corner of Lot No. 21, distant four hundred and forty feet south of the southerly line of Barnard Street, and extending thence (1) south along the easterly line of South Snowden Avenue four hundred feet in front or width to the north line of Land Street; thence (2) east of that frontage between parcel lines at right angles to South Snowden Avenue twenty feet to the building line; thence (3) continuing in the same direction one hundred and sixty feet to the building line for South Pleasant Avenue; thence (4) in the same direction to the intersection of the line of South Pleasant Avenue and corner to Lot No. 52, containing within and bounded by the following lines: four hundred feet by two hundred feet, and is marked on Charles E. Price's Extension of Riverton as Lots numbered 22, 24, 26, 28, 30, 32, 34, 36, 38, 40, 42, 44, 46, 48, 50 and 52 fronting on South Pleasant Ave. and Lots numbered 21, 23, 25, 27, 29, 31, 33, 35, 37, 39, 41, 43, 45, 47, 49, and 51 fronting on South Snowden Avenue, Section 15, and to further authorize the Board of Education to apply the money received therefrom to the purchase of plot of ground described below.

TO AUTHORIZE the Board of Education to purchase as a lot on which to erect a new schoolhouse of non-fireproof construction the plot of ground in East Riverton in the Township of Cinnaminson, situated as follows and belonging to J. L. Lippincott:

BEGINNING at the point of intersection of Land and Turner Streets and running (1) south along the West side of Turner street four hundred feet to

Hunter Street, thence (2) running West along the north side of Hunter Street two hundred feet to James Street, thence (3) running north along the east side of James Street four hundred feet to Land Street, thence (4) East along the South side of Land Street two hundred feet to the place of beginning to be the contents what they may. The cost of said plot is not to exceed the sum of eight thousand dollars (\$8000), the same to be paid for from the proceeds of the sale of the plot of ground described above.

TO AUTHORIZE the Board of Education to erect a new four-room schoolhouse of non-fireproof construction on said plot of land. The cost of said schoolhouse is not to exceed the sum of thirty-five thousand dollars (\$35,000).

TO AUTHORIZE the Board of Education to borrow the money ordered to be raised by issuing notes in the corporate name of the district, in such amounts and payable at such times as the legal voters shall direct.

BENJ. LIPPINCOTT, District Clerk.

June 9, 1925.

Calvary Presbyterian Church

Next Sunday the congregation will unite with the Sunday School in a Children's Day Service at 10:45.

There will be baptism of children and any parents of the congregation who have children to be baptized will please bring them at that time.

The Christian Endeavor will meet at 7:15 and a cordial invitation is extended to all young people to be present. The pastor will preach at the regular evening worship at 8:00 o'clock.

Starting Sunday, June 21, the hour of morning worship will be changed from 10:45 to 10:30 and the Sunday School will convene immediately following, at 11:45.

Mid-week prayer service on Wednesday evening at 8 o'clock.

The more disheveled a wedding ring wears the longer it seems to last.—Columbia Record.

### LUCILLE DEAU

Lucille Deau, infant daughter of Mr. and Mrs. William Deau, of De-lair, died at the home of her parents Monday morning.

Funeral services were held Tuesday morning at 4:30 o'clock with the Rev. Harry L. Sahl, pastor of the First Lutheran Church, officiating. Interment was made in Beth-el M. E. Cemetery with Funeral Director Frank A. Snover in charge.

### JEAN HARPER SCHMIERER

Jean Harper Schmierer, 2-day-old infant of Mr. and Mrs. Edwin Schmierer, of Burlington Pike, Parry, died at the West Jersey Hospital, Camden, Sunday.

Services were held at the Snover Funeral Home Monday afternoon at 2 o'clock with the Rev. Mr. Hockey, pastor of the Moravian Church, Parry, officiating. Interment was made in Monument Cemetery, Burlington.

## Riverton Council Rejects Plan For Control of Bank Avenue

### Matter Referred Back to Streets Committee After Motion to Take Over Roadway is Defeated

About fifty residents of Bank avenue and from other parts of Riverton interested in having the roadway on the bank improved by the residents there, instead of having it taken over by the borough and maintained at public expense, appeared before the Riverton Borough Council last Thursday evening, with Joseph Beck Tyler as their attorney and spokesman.

In addressing Council Mr. Tyler said there were three or four things to be considered: the rights of bank avenue property owners, the rights of the borough, the expense, and the benefits to be derived. If any, by the borough taking over the street. He said there was very little travel on the street, and that the matter be left in the hands of the property owners. He said it was unfortunate that the question had come up in the form it had— one side trying to force the other side to do something and suggested a conference between a committee of Council and the property owners on the bank, to see if some amicable adjustment of the matter could not be made.

Mr. Tyler pointed out that the roadway was only about eighteen feet wide, and if the borough insisted its "rights," and the property owners yielded that and no more, what is now one of the most beautiful spots in town would virtually become a back alley. He declared that primary consideration should be given by Council to the wishes of the residents of Bank avenue. To authorize the people who have kept it a beauty spot for years would be the wrong attitude. He said that an attempt was being made to make Bank avenue an adjunct to a commercial enterprise.

Mr. Murray's letter

At the close of Mr. Tyler's remarks a communication was read from H. H. Murray, a former councilman, in which he strongly urged Council to take such action as would keep the river bank for Rivertonians. "We do not want our parks turned into 'penny grounds,' nor our streets into driveways," he wrote.

Robert W. Knight, also former member of the Borough Council, said that all were present before Council for just one thing—to make Riverton a better place in which to live. He said that "commercial enterprise" had inspired the not inconsistent for the owners of property on the river bank to be willing to fix it up now, when they had not done so for years. As showing their attitude in this respect, Mr. Welsh submitted copies of letters exchanged between Charles A. Welsh and William D. Lippincott, attorney for Oliver G. Willis, in 1922, in which Mr. Welsh was warned not to make any attempt to improve the roadway on Bank avenue by placing cinders thereon, as he had asked permission of some of the residents to do.

Mr. Welsh reiterated that he thought the street should be taken over by the borough, but that any attempt to do so would result in litigation.

"Well then," said Mr. Welsh, "let's litigate."

Mr. Welsh's Motion Lost

In order to get his proposal before Council Mr. Welsh offered a motion that a survey be made and the roadway taken over by the borough.

It was seconded by Mr. Williams, but was lost by a four-two vote. Flag, Lynch, Bartley and Shovel voted against it.

The vote of Mr. Lynch came as something of a surprise, as it had been understood that he was in favor of the borough taking over the street. His opposition to the property owners fixing it, however, disappeared when they agreed to eliminate the grass plots which were intended to effectively block continuous traffic along the bank.

In speaking on the motion Mr. Welsh thought it would be very foolish to enter into a lawsuit with practically nothing to gain. If the property owners would fix up the street, he claimed, the borough was just that much ahead.

Mr. Lynch said it was all right to go into a thing of this kind, but the taxes of many of the property owners in Riverton were all they could bear, and he believed before it was through the litigation would cost \$25,000. And if the borough took the road over and found the property owners on the bank would not keep the grass cut on the lawn, the taxpayers would have that added expense, too, as well as the maintenance of the stone wall. He did not believe the borough was in any financial condition to take on all this expense now, with the recent improvements to Main street still to be paid for.

Shovel took Council would be getting into deep water if the roadway was taken over according to a survey, the property owners would have to be paid for the ground taken from them to return the street to its original lines.

Mr. Welsh explained very distinctly to Mr. Shovel that by survey he did not mean going back to the original lines, but simply to have a survey made of the present line, so as to legally establish the course and width of the roadway.

"All Men Alike to Me," Says Plagg

At this juncture Councilman Plagg arrived and explained that he was very sorry to have been unavoidably detained by business.

He immediately entered into the discussion and said that he would not vote to arbitrarily take over the road without conferring with the property owners along Bank avenue. He believed they should be given consideration.

One man was just as good as another to him, Mr. Plagg said. It made no difference whether he lived (Continued on page eight)

## "Tags" For Autos Violating Rules

### Palmyra Police Provided With Cards to Attach to Machines

Automobile drivers will have to "watch their step" in Palmyra from now on or they will receive a little yellow tag, just like you get in "big cities."

The Palmyra police are now equipped with these little yellow tags which are summons to appear before William L. Fichter, Borough Recorder, and will be used mainly for violation of traffic laws, such as parking.

Where traffic is the heaviest on Broad street and Channing avenue there are several "no parking" zones. Drivers have disregarded signs and warnings, and frequently stop their cars in the way of approaching busses. When this is the case, the riders' lives are imperiled, for they have to board the busses in the middle of the street because machines are parked so close to the curb.

Several people have had narrow escapes from being hit while boarding or alighting from busses in these zones, so the Borough Police Committee has taken more drastic steps to put a stop to the violation of traffic laws.

Hereafter violators, when returning to their machines, will find a yellow tag attached to the steering wheel of their cars. Space is left on the summons for the officers to fill in the violation, time and date which the offender is to appear before Judge Fichter. The summons also states "Upon failure to appear at the time and place herein mentioned you are liable to the Penalty Provided by Law, even if you do not appear."

On the back of the summons is printed the following:

Common Violations

That Require the Use of This Tag

1. To park cars within "No Parking" zone.

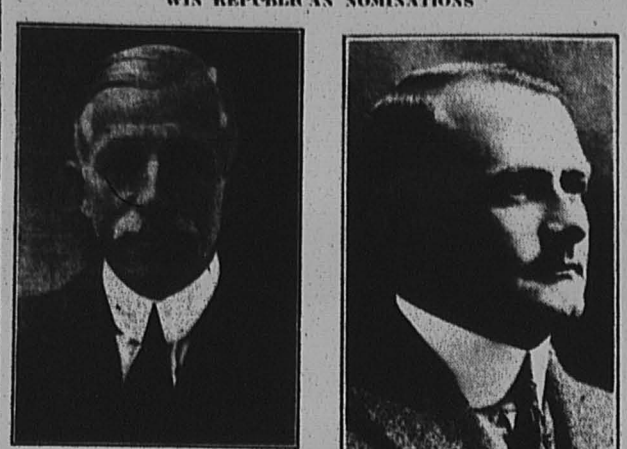

2. To stop or stand within the intersection of any cross street or within 10 feet of any street crossing.

3. To park within 10 feet of a fire hydrant.

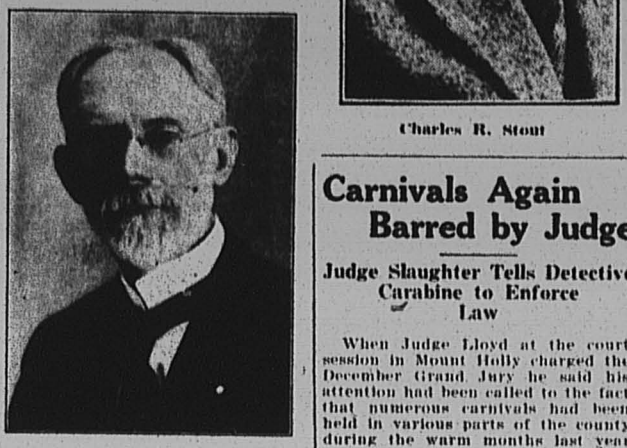

4. To park cars at night without a red light visible in all directions.

5. To park or stop cars facing the direction of traffic.

## Carnivals Again Barred by Judge

### Judge Slaughter Tells Detective Carbine to Enforce Law

When Judge Lloyd at the court session in Mount Holly charged the December Grand Jury he said his attention had been called to the fact that numerous carnivals had been held in various parts of the county during the warm months last year and that at some gambling in a mild form had been permitted, resulting in considerable percentage of the grand inquirers to investigate these rumors thoroughly and if they found the law had been violated to see that the guilty ones were indicted.

Now that warm weather has again arrived and the carnival season is at hand, Judge Slaughter called Detective Arthur Carbine before him during last Thursday's session of court and gave him instructions to see that the law is no further violated in this respect in the county this year.

Other matters disposed of Thursday were as follows:

Arthur Taylor, nineteen years of age, of Vincentown, pleaded guilty to entering the railroad station at Forbush, of the Moonheart restaurant, and stealing \$2. It appears that he also entered the station on June 6, but failed to find any money.

He gave intoxication as the cause of his trouble and went to jail for forty-five days.

Harry Kim, the Philadelphia Chinaman who was arrested at the Mount Holly depot on Sunday after he had threatened the life of Robert Forbes, of the Moonheart restaurant, went to state prison for not less than one year nor more than three years, after he had signed a waiver of trial by jury and pleaded guilty.

Vincent Monaca, alias Jim Nolan, a well-dressed and refined looking man, who had been indicted for having a loaded revolver in his pocket after he had been ejected from his boarding house, and he was sentenced to nine months in the county jail.

Joseph Beebe, charged with violating his parole in that he owed \$75 and costs on a fine of \$100 imposed by Judge Wells in 1922 was given a severe lecture by the Court, who appeared to be well acquainted with the life of the defendant was leading, but he was ordered discharged after he had paid the \$75.

James Miles, of Palmyra, the young man who attacked a young girl on the Riverton golf links, was sentenced to the Highway Reformatory.

Raymond Bedford, of Maple Shade, a well-dressed and refined appearing young man, was before the Court on a charge of assault and battery on his wife, to which charge he pleaded guilty.

Prosecutor Hillman said he had been informed that Bedford was a clean living husband, except at intervals when under the influence of liquor.

Mr. Bedford was called and said she was the mother of seven children and could not do without her husband's support, liquor being his only fault. Upon being questioned by the Court he admitted that his husband had assaulted her.

Bedford was put on probation for three years and must pay the costs.

## CONSTITUTION

This organization shall be called the Palmyra, Riverton and Cinnaminson League for Observance and Enforcement of Law.

The object of the League is to promote respect for all laws, to cooperate with, and encourage public officials in the discharge of their duties, to give evidence that will insure adequate sentences to all violators of the law, to suggest improved methods of prosecution, and unite the citizenry into a community of 100% loyalty.

Meetings of this League shall be held the second Friday night of each month in the Legion rooms at Palmyra.

The officers shall be President, Vice-President, Secretary and Treasurer; each of whom shall perform customary duties of each office respectively. The officers shall hold office for one year.

Membership in this League shall be open to all citizens of Palmyra, Riverton and Cinnaminson Township, who shall subscribe to its objects and activities.

The working committee of this organization shall be as follows:

1.—Complaint Committee.

2.—Investigation Committee.

3.—Publicity and Education Committee.

4.—Membership Committee.

1. Duties of Complaint Committee shall be to listen to all complaints or evidence of violation of law, and to refer to the Investigating Committee such as are of importance.

2. Duties of Investigating Committee shall be to act upon matters referred to them by Complaint Committee.

3. Duties of Publicity and Education Committee are such as naturally attach to committees of this character.

4. Duties of Membership Committee shall be to endeavor to secure as members every reputable citizen in this territory.

This constitution may be amended by a vote of three-fourths of those present at any stated meeting.

Signed,  
Forest MacCorkle,  
Frank N. Johnson,  
A. G. Morse.

## CRIST MIGO

Crist Migo, 3-months-old son of Mr. and Mrs. Nick Migo, died at the home of his parents, Second and Arch streets, West Palmyra, Sunday. The child was buried in St. Peter's Cemetery, Riverside, Tuesday morning at 9 o'clock with funeral Director Frank A. Snover in charge.

Mrs. George J. Seel, Jr., is the guest of her niece, Mrs. William Blundin, for ten days in Ocean City.

## STOUT AND FISHER WIN FREEHOLDER NOMINATIONS

### State Senator Arthur Whitney Defeats McCran for Governor in Spring Primary

The Republican party's forces of progress and good government won a sweeping victory in the Burlington county and State primary Tuesday.

Freeholder Charles R. Stout and Auditor Curwen B. Fisher received the Republican nominations for Freeholder with handsome majorities, easily defeating their nearest competitors, Freeholder George W. Rogers, of Palmyra, and Harry J. Ziegler, of Riverside. The other three candidates were merely also-rans. On the Democratic ticket there was no contest.

In the state, Senator Whitney, of Mendham, Morris county, surprised even his friends and turned in an easy victory over Thomas F. McCran, the Edge candidate, with a 32,000 majority. Cornelius Doremus was third.

Rogers beat out Stout and Fisher in his home town, Palmyra, but by a surprisingly low figure. He ran second to Stout, but ahead of Fisher in Riverton. Both towns turned in handsome leads for Whitney.

William H. Reeves, of Mount Holly, defeated Warren C. Pine, of Riverside, for State Committee, but Pine's running mate, Mrs. Nellie Russell, of Mount Holly, won out over Mrs. Ella Decker, of Burlington, who was understood to be pitted with Reeves.

There were no local contests in Riverton and Palmyra, so all the Borough candidates were victors.

## Notables Attend Knight Funeral

State and County Officials Pay Respects to Late Political Leader

The funeral of Harry L. Knight who was found dead at his cranberry bog near Tabernacle last week was held from his late home in Medford Friday.

Men prominent in all walks of life came to pay their last respects to the former political leader of Burlington county.

Senator Edge and Congressman Bacharach were among the early arrivals and they were followed by State Senator Emmor Roberts and Assemblyman Clifford Powell, of Burlington county.

Others prominent in county affairs who attended the funeral were: William H. Reeves, Republican State Committeeman from Burlington County and county clerk; Charles J. Stout, chairman of the Republican County Committee and member of the Burlington County Board of Freeholders; Fred Lippincott and George W. Rogers, members of the Board of Freeholders; J. Lloyd Wright, also member of the Board of Freeholders and neighbor of the deceased; Sheriff Joseph B. Fleetwood; A. Engle Haines, deputy sheriff and neighbor of the deceased; Edward H. Flagg, Jr., former sheriff; Henry L. Worrell, superintendent of the Burlington County almshouse; Robert Cox, superintendent of the Burlington County insane asylum; Joseph S. Bright, county treasurer; Micajah Matlack, surrogate of Burlington county; Robert Peacock, county solicitor; Stewart McFarland, county road supervisor; Evan Benners, former postmaster of Moorestown; George Wimer, former postmaster at Palmyra; Henry Stevenson, John Lindsay and George T. Dold, representing the Public Service Corporation; William Stecher, former sheriff of Burlington county; Warren C. Pine, former county treasurer; Henry E. Ebbert, member of the Burlington County Board of Taxation and neighbor of the deceased; Charles Joyce, former member of the Burlington County Board of Freeholders; and David Hoffman, postmaster at Beverly.

The deceased lay in the parlor of the darkened home surrounded by banks of flowers that came from friends and neighbors and from societies and churches which he had belonged. Some of those who sent flowers were:

State Council Daughters of America, William Stecher, Cranberry Growers' Association, Burlington County officers, Medford Chamber of Commerce, Medford Concrete Company and employees of Medford Concrete Company, Daughters of America, Emergency Fleet Corporation, Medford Lodge, Free and Accepted Masons, Knights of the Golden Eagle, Independent Order of Odd Fellows, Junior Order United American Mechanics, Union Fire Company, Boulevard Chapter, No. 3 Royal Arch Masons, directors of the Cranberry Growers' Association.

The service, which began at three o'clock, was conducted by the Rev. William Ewen, pastor of the Medford Methodist Episcopal Church. At its conclusion, a number of the Medford Masonic Lodge came down the street in a body to take charge of the final obsequies.

After he body was viewed by the Masons it was taken to Odd Fellows' cemetery, only a couple of blocks from the Knight home, and here it was committed to the ground by the Masonic fraternity, the Rev. Mr. Ewen first reading the Methodist burial service. The Masonic service was conducted by Charles A. Fitter, of Burlington, district deputy. The pall bearers were George W. Rogers, director of the Burlington County Board of Freeholders; Fred Lippincott, a member of the County Board; Richard Feltwell, who was associated with the deceased while he was county clerk; Albert Kirby, A. Engle Haines and Fred Braun, neighbors of the deceased.

During the hour of the funeral all the business places in Medford were closed.

### RIVERSIDE'S NEW ICE PLANT BEGINS OPERATION

Fifty-ton Capacity Adequate to Supply Many Surrounding Towns

The Riverside Ice and Cold Storage Co., Inc., has opened its new Riverside plant. The plant, situated on Franklin street near the Hancocks creek, is one of the most modern in New Jersey and is the only one operating direct from its own power house and on high tension voltage.

It is equipped with the up-to-date eighteen dump and eight-ton freezing machinery for making ice from raw water and high pressure air, using the famous Ingersoll-Rand air compressors.

The water used has passed State laboratory inspection and is filtered here immediately after being drawn from artesian wells.

The building has been erected with one permanent wall and one temporary wall to allow for extensions from time to time.

The capacity of the plant, 50 tons per day, will permit the company to supply all of the surrounding towns.

During the course of construction ice was hauled from Philadelphia by the local company at a loss of 15 cents per cake to supply the Riverside ice dealers when they were refused ice at their former place of business in Riverton.

A safety switch has been installed in the power house to permit the entire machinery of the plant to be disconnected at one time in case of emergency.

The officers of the company are men who have had many years experience in the manufacture of ice and ammonias and promise the best possible results to the patrons of the Riverside plant. The officers are: L. Werlin, president; G. Werlin, vice-president and manager of the Riverside plant; and R. Anderson, secretary and treasurer.

### Danger in Saccharine

Saccharine is an intensely sweet substance, commercially about 300 times as sweet as cane sugar. It is used in preserves and in foods especially adapted to persons suffering from diabetes; but for normal individuals the substitution is undesirable, and in some countries the free use of saccharine is prohibited by statute.

## KEEPING WELL

GENERAL DAWES' ACCIDENT

DR. FREDERICK H. GREEN Editor of "HEALTH"

GEN. CHARLES G. DAWES, vice president elect, was doing his setting-up exercises the other morning when something happened. There was a sudden sharp pain and a lump appeared in the left groin. General Dawes, being a man of sense and good judgment, knew that he had broken something. He didn't wait to see if it "go away of its own accord," he didn't use faith cure, he didn't deny the existence of the lump. He sent at once for his physician, who took him immediately to the hospital and, inside of a few hours, the general was on the operating table. In another hour, he was back in bed and twenty-four hours later, he was seeing visitors and smoking his famous "under-slung pipe." In a week, the general was out again, not only as well as he was before, but even better and stronger than ever.

What happened to the general and what did the surgeon do?

The abdomen is a cavity extending from the lower border of the ribs to the upper border of the pelvis or hip bone. With the exception of the spinal column, this cavity is walled by muscles arranged in layers running in different directions. Normally, these muscles are so closely united that there is no break in the wall. But there are several weak spots. Two of the most important of these weak places are located just above the pelvic bone, one on each side, where the overlapping muscles leave a narrow opening through which passes the spermatic cord in the male and the round ligament in the female. Normally, this canal is so closely surrounded by muscles, ligaments, connective tissues and fat that there is no room for anything else to pass. But if the wall there is weak, then under unusual effort, such as muscular exercise, lifting, straining or coughing, the weak point may give way.

Any of the abdominal organs, usually a loop of small intestine may be forced through the hole, just as a loop of rubber hose might be forced through a knot hole. When this happens, the muscular action may cut off the passage in the bowels or may even squeeze the bowel so tightly as to shut off the blood supply and cause the death and gangrene of the pinched loop. The surgeon, under local anesthesia, cut through the skin down to the opening, freed the pinched loop and closed up the opening by drawing the muscles over it and sewing them in position.

If you have a hernia or rupture, don't waste any time. Have a doctor see it at once. Your life may depend on a few hours' time.

(© 1925, Western Newspaper Union.)

**Stewed Beef Heart and Prunes.**  
Pour boiling water over a beef heart and let it stand for ten minutes. Trim off the fat and arteries and cut into pieces for stewing. Dredge with flour, brown in a little fat and place in a deep Scotch kettle with enough hot water to cover. Add one cupful of soaked stewed prunes which have been pitted, season with salt and pepper and stew slowly until tender, using care that it does not burn.

**Pear and Cream Cheese Salad.**  
Arrange halves of canned pears with a cube of tart jelly in the cavity of each, place round side up on a nest of lettuce. Cream a brick of cream cheese, adding enough of cream to soften so that it may be spread like frosting over the pears. Dip a knife in boiling water occasionally to make the process easier. Serve with a spoonful of mayonnaise on the side of the salad plate.

## The Why of Superstitions

By H. IRVING KING

### LADY-BUGS, NEW CLOTHES

IF a lady-bug lights on your hand it means a pair of new gloves. If on your dress a new dress, if on your shoes a new pair of shoes, etc. This, according to the journal of the American Folk-Lore Society, is a common superstition in Massachusetts and Upper Canada. The genesis of it is easy to discover. The lady-bug was the especial pet and representative of the Norse Goddess Freya, the goddess of fruitfulness and the dispenser of good gifts.

To this day the Scandinavian and North German farmers look for good crops when they see the lady-bugs unusually plentiful, and Teutonic and Norse mythology and folklore is full of good words regarding the spotted, little, winged insect whose markings are said to be those of the sun, in which radiant orb, according to one version, Freya had her home. From the attributes assigned to Freya it would appear that her worship was compounded of sun-worship and of the worship of the procreative forces of nature. At any rate she was bounteous in her bestowal of good gifts, and as when one of her bright little representatives alights upon any article of clothing you are wearing, it naturally indicates that the beneficent goddess is going to make you a present of a new garment of the same description.

## CAN SING

By DOUGLAS MALLOCH

IF a bird in a cage can sing, my dear, As though the days of the spring were here.

If a bird, forgetting the time o' year,

Can sing in a room that is dark and dim

As though he sat on a greenling limb,

Yes, sing for those who imprison him,

If a bird, when all that he knew are gone

To the lovely South or the crimson dawn,

Can sit alone, and can still sing on—

Surely then you and I can sing,

Whatever shadows around us cling

Or what the moment may chance to bring,

Surely then you and I can be,

Though bound in body, in spirit free,

Can sing a little as well as he.

For few shall find what they most desire;

We are all shut in with our strands of wire,

Till hearts grow heavy and bodies tire;

We may not labor at what we dream;

But the whistling boy has the willing team,

And a little song makes a shorter season.

We lose some loves as we pass along

There are some gone far, there are some gone wrong,

But still there is joy enough for song

No night so dark but the dawn is near—

Oh, we can find some thought to cheer

If a bird in a cage can sing, my dear!

## CHILD LABOR LAWS ARE DISREGARDED

Startling Disclosures Contained in a Preliminary Report by the State Director of Employment.

### PROBE JERSEY RURAL CASES

Conditions Would Be Better if Schools Were Compelled to Accept for Teaching Children Doing Seasonable Work on Farms.

Trenton.—Revelations of child employment on South Jersey "truck farms," its accompanying evils of poor housing and alleged wholesale and persistent violations of New Jersey laws by Philadelphia agencies, with even more startling disclosures promulgated, were contained in a preliminary report submitted to Dr. Andrew F. McBride, State Labor Commissioner, by Russell J. Eldridge, State director of employment, who is now engaged in investigating working conditions of agricultural communities in the southern part of the State.

Rigid application of the State child welfare act at the Camden terrier, which is the entering point for Pennsylvania farm workers, was recommended by Mr. Eldridge to stop the working of children of tender years on farms. By some system of inspection at the Camden side of the Delaware and by keeping a watch on New Jersey employment agents, the practice can be stamped out.

Mr. Eldridge explained that because many of the "padrones" as the agents are called, live in Philadelphia, and because most of the workers are from Pennsylvania, it would be difficult to start court proceedings against them, unless such action were commenced in Camden or while the children are doing agricultural work. It would be comparatively easy, he thought, to prevent Jersey agents from placing children under 16 years of age, in employment.

"No child found working possessed an age or schooling certificate," asserted Mr. Eldridge. "As to work hours and rest periods, I report that the usual period for all those employed, including every child who is used, is ten hours per day. Rest periods are unknown except at the discretion of the parents. I observed none in effect."

During his tour he covered 513 miles, visited 19 farms, nine bogs and four schools. He interviewed seven owners of either farms or cranberry areas.

In that time he discovered, he said, 66 children over the age of seven employed on berry and truck farms. Children under the age of 10 working on the farms formed 10 per cent of the total.

"As to the total quantity of children employed on farms and bogs in this State," said Director Eldridge, "I would report that this, in my experience, can only be found, if then completely, by a survey each week of the entire farming districts, especially south of Trenton, between May 15 and October 15. Almost every truck, fruit or berry farm uses them in season."

Alluding to housing conditions, Mr. Eldridge declared that while in some instances houses were good or fair, there is much room for improvement. "In many cases," he said, "the houses provided (in some cases now used and in others vacant at the time) were inferior to even tenement standards with regard to ventilation, fire safeguarding, water, toilet and cooking facilities, sanitation and hygiene."

Conditions would be in some measure improved, Mr. Eldridge thought, if the schools in the counties visited by him, could be induced to accept children who come into the farming districts. Most of the local schools, it was reported, have never made any effort to bring the children into the schools and some have a disinclination to accommodate such out-of-town children. The situation would be partly remedied, said Mr. Eldridge, if the schools could be compelled to accept for teaching the children doing seasonal work on the farms.

**Railway Taxes Heavy**  
New Jersey railroads will this year pay the largest tax bill they have ever been called to meet in this State. According to the certification of the 1925 assessment, just filed by the State Board of Taxes and Assessment, a total of \$16,665,205.55 will be collected from the roads as a tax on first and second class property.

The total valuation fixed by the board on both classes of railroad property is \$448,502,259. This figure is a jump of \$8,164,383 over the aggregate valuation for 1924. The tax to be paid is an increase of \$372,520.18 over last year.

Tipping the list of railroads is the Pennsylvania, which will pay a total tax of \$4,544,588.56 on a property valuation of \$126,236,967. The second largest assessment is against the Central Railroad of New Jersey, the valuation being \$97,154,539 and the tax \$2,531,429.35.

First class property of the various roads, which includes the main stems, franchises and tangible personality, is appraised for the current year at \$262,250,658.

The total valuation of second class property is \$156,551,601 and the tax yield will be \$6,888,500.66.

**R. R. Agents for Towns.**  
Under a decision of the Board of Public Utility Commissioners at Trenton, the Union Transportation Company, which operates a railroad between Hightstown and Pemberton, will hereafter be compelled to employ agents at its Sharon and Davis stations only during the season of heavy shipments of potatoes, tomatoes and other farm crops. The services of agents at Camp Dix and Hornerstown will be discontinued altogether. It was pointed out in the petition filed by the company that the present revenue from these four stations, except for a brief period of heavy shipping, does not justify the expense

of maintaining agencies. Motor trucks were said to be carrying much of the freight once transported by rail.

The buildings will be maintained as at present, however, and persons desiring to make shipments may leave the freight on the station platform with proper directions and the destination plainly marked. Since the principal daily freight is milk, it is thought that this plan will entail no hardship or inconvenience.

Permission was granted by the board for the discontinuance of the five trains now operating over the road. The list includes the trains leaving Hightstown at 7:04 a. m. and 4:30 p. m. daily, the Saturday special leaving Hightstown at 7:46 p. m. and the afternoon trains from Pemberton at 2:46 and 5:30. The order is effective with the close of the present school term.

**Alumni Have Great Meeting**  
About 1,200 graduates of the Trenton State Normal and Model Schools were in attendance at the seventeenth annual reunion in the auditorium of the school. The meeting was presided over by Attorney General Edward L. Katzenbach, retiring president of the association. Miss Sarah A. Dykes, a retired instructor, came here from Wisconsin to deliver the alumni luncheon address.

Because of the size of the crowd it was necessary to divide the party into three luncheon groups. Crescent Temple served as the dining room for all classes up to and including 1912. Classes from 1912 to 1925, inclusive, were served in the school dining hall. Late comers and other guests were served in the lower gymnasium.

Dr. Don C. Bliss, principal, reported that the student loan fund sponsored by the alumni had reached a total of \$2,000 and had assisted 12 students to complete their courses. Dr. Bliss urged recent graduates to enroll in the four-year course which is to be opened next September, when Trenton Normal will be authorized to grant the degree of bachelor of science in education.

Several members of the Alumni Association urged that the old grades get behind the four-year course and endow a memorial scholarship in honor of the former principal, Dr. James M. Green, who was an outstanding advocate of the longer course of training.

New officers elected by acclamation are: President, Ralph Decker, county superintendent of schools, Sussex County; vice presidents, Caroline E. McIntire and Mrs. George W. Balderston; recording secretary, Mrs. Albert T. Stretch; corresponding secretary, Mrs. L. C. Haskell; treasurer, Naomi Hanks.

**Trolley Line Abandoned**  
Financial inability of the Ocean City Electric Railway Company to maintain the tracks of its coast town line in a safe condition resulted in two decisions by the State Public Utility Commission at Trenton, one allowing the concern to abandon the route and the other permitting the company to substitute the service of one auto bus in lieu of the trolley operation. The route runs from Fifteenth street and Bay avenue, Ocean City, to the Boardwalk, during the summer months. In winter the bus will be operated over different streets, starting at Fifty-ninth street and Central avenue.

The board also granted permission to the B. and L. Transportation Company to operate one auto bus on the Main street route, Paterson. The vehicle was acquired from a former owner.

By the terms of two other decisions handed down by the Utility Board, five bus owners, operating one automobile each over the Newark-West Orange route, will be allowed to do a local business on Central avenue, East Orange.

**Less Demand for Teachers**  
Perhaps the Legislature acted wisely in refusing to appropriate half a million dollars for a State Normal School in Jersey City. It is reported that the demand for new teachers is much lighter this year than at any time during the past ten years, and that comparatively few requests are being received by the principals of the State Normal Schools in Trenton, Paterson, Essex and Gloucester counties for the services of members of this year's graduating classes.

In Trenton this result is due to the action of the Board of Education in increasing the size of the classes or units. No doubt other cities and school districts have felt the same urge to reduce the cost of public school maintenance. If there is to be a restricted demand for new teachers, necessarily there can be no public demand for another State Normal School at present. The five should suffice to supply the demand caused by deaths and resignations.

The continued dry spell has made the water situation a serious one in South Jersey towns. The water of ferals are worried. A big fire would spell disaster.

Most of the trouble is due to the fact that many persons allow the lawn sprinklers to run continuously and others use the garden hose too freely.

## PITFALLS FOR THE UNWARY

Seek Bankers' Advice on Foreign Bonds, Says Department of Commerce.

American investors in securities of foreign companies and foreign governments should take care to purchase them only through reliable bankers or brokers, says Commerce Reports issued by the Department of Commerce. It adds:

"There have recently been several flagrant cases of securities being advertised in American journals at prices from 10 to 100 times the price quoted on the same date in the markets of the countries where the concerns are located. Some of these cases have even attracted the attention of foreign newspapers. This is not a safe kind of speculation for uninformed Americans, but the would-be investor can easily protect himself by asking the advice of his regular banker."

## Riverton Loses to Burlington

Hubbs Team Shows Improvement and Manager Foresees Victories in Future

A volley of hard hits from the bats of Joe Stack's converted Field Club team put the game on ice in the first inning and enabled the locals to register a decisive victory over Collingswood at the Field Club Park Saturday. Since Joe shook up his team it has made two starts and turned in as many wins, with the latest a real whitewash, for Collingswood was shutout, 12-0.

Martin Flynn was again the star performer on the mound and pitched an excellent brand of America's favorite sport. Babe's crackerjack performance was probably the result of the fine support given him on the offensive, for Palmyra's sand lotters did themselves proud when they clouted the cover off the ball and tallied five times in the first. Sammy Rodgers opened with a hard hit to short. The shortstop muffed the ball and Sammy was O. K. at first. Baker lined one to the pitcher for the first out. Buddy Mathews connected just right and the ball sailed to the top of right field wall for a two bagger, Frank King, clouter Deluxe, went Mathews one better and drove out a three-timer. An error by the same shortstop allowed Andrews to start his round trip, Yorkville singled, Manager Stack, who was playing right field, hit to the keystone single for the second out, Hepper singled and Flynn ended the frame with a hit to the pitcher. Rodgers, Mathews, King, Andrews and Weikman all tallied.

With the craving of runs still in their veins, the locals socked the homebld again in the second and tucked up another pair, the result of singles by Baker and Andrews and another double from the bat of Buddy Mathews, whose hitting was the big surprise and feature of the battle. Baker and Mathews did the scoring.

Baker started the fireworks with a single again in the fourth when a quartet scored. A timely double by Frank King and a single from Weikman at the proper time played a prominent part in the collection of the four counters. Rodgers led off with a double in the seventh and was driven home on a pretty single by Mathews. This marked the close of Palmyra's scoring.

At no time was Palmyra's pun in danger of being crossed, for Flynn had the visitors eating from his hand. All told, they collected three singles, which were worthless, being thoroughly scattered.

The various fast colored teams of Palmyra and Riverton have combined this season and have organized a fast aggregation known as the Royal Giants. Next Saturday the Giants will attempt to make pyramids of the Stackmen, for they are always keen on taking the wind out of the locals' sail.

This promises to be an interesting contest. The colored men have proven themselves to be well worth watching. The Field Club is going strong, so therefore this battle should pull a record-breaking crowd for the season.

## Stackman Hit and Win 12-0

Palmyra Field Club Shuts Out Collingswood in Saturday Slug Test

Riverton failed to win another start in the Burlington County Baseball League when she met Burlington at the Riverton Memorial Park Saturday afternoon. Burlington, who is leading the circuit, only having lost one game, made an uneven match for Riverton, and shutout the Hubbs aggregation 6-0.

Herbert pitched nice ball for Riverton but did not receive the proper support. Three errors, at critical moments, by Riverton's shortstop, allowed runs to be scored and put young Herbert in a hole.

Riverton's lack of punch on the offensive, which was either due to weak hitting or superb twirling by the Burlington moundman, was responsible for the locals' keeping out of the running.

The work of the Riverton infield showed a marked improvement with Lew Edge at second. Manager Hubbs is confident it will be even harder to penetrate after Saturday when a new man will occupy the position at short.

Burlington has a crackerjack club and is deserving of its leadership in the league, having clinched its position on the merits of its fine playing and no doubt will continue to occupy the top rung of the ladder with such baseball as was displayed at the Memorial Park. Not only did the club hit timely, but the all around playing was the kind which wins ball games. The pitching was tight, difficult for the batters to solve, and the fielding might almost be called spectacular.

With the season already received, and a couple of new players, Riverton should start climbing the ladder by some wins within a short time. The game put up against the circuit leaders was far superior to any other to date and has filled Manager Hubbs with renewed confidence.

Last Wednesday Riverton was beaten by one run at the Memorial Park in a twilight game against Roebbing. Clouting was the feature of the battle and for a while Riverton was badly outclassed, but finally picked up and the game ended 12-11 in favor of the visitors. Riverton scored 10 of her 11 runs in the last three innings.

Next Saturday the club will play another game at home. Details will be the opposition. Not only does the management have hopes to trimming the visitors, but should come through for the first home victory of the season.

## NOTICE

All readers or local notices of entertainments, suppers, fairs, dances, etc., given for the purpose of raising money, will be charged for at the rate of fifteen cents a line.

## VACATION AND THE CHILDREN

June brings its sunshine, roses, singing birds and sweet girl graduates. June also brings the beginning of a long vacation for boys and girls, and a problem to parents as to how to manage the adolescent boy in a way that he may learn the fundamental principles of good citizenship, and be safely guided away from influences that may carry him on to a life of uselessness.

Educators and sociologists have long debated the advisability of doing away with the long summer vacation. As yet, those who have believed in children attending school throughout the year with occasional short vacations have failed in their efforts to change the old custom. Long summer vacations are beneficial only when the school boy or girl is in some way employed the greater part of the time. Complete idleness for ten or more weeks often means ruin for the boy who is just passing through the dangerous period in life when he is changing from boyhood into the state of maturity.

We are talking now to parents. Boys are seldom capable of grasping stern truths. Between the ages of twelve and eighteen, habits are easily formed and great care and patience should be exercised by parents who do not wish to see their boys grow up and become loafers. The habit of industry should be instilled into the minds of these "men of tomorrow" and they should be painstakingly shown that work, and work alone, will result in real happiness.

"All work and no play makes Jack a dull boy" is one of the old truisms that have come down through the ages, but all play and no work will make of him a far worse individual than a dull boy. It will make of him an aimless, dependent, good-for-nothing, filled with the idea that the world owes him a living, which he will endeavor to collect in a manner requiring the least effort.

The newspapers are filled with accounts of the misdeeds of young bandits who will tell you that they were never taught the lesson of industry. They will, nine times out of ten, tell the world that they would have escaped disgrace had their parents compelled them to work instead of giving them "full swing" to do as they pleased and to spend money they had not earned.

If you are a wise parent you will begin now to lay plans for your children during the long summer vacation period. You will see that they are not permitted to run at large to congregate with the hoodlums, where they may be irretrievably attracted by improper conduct, apparently quite right to the immature intellect.

Get close to your children; share in their play if you can; arrange picnics and excursions into the woods if possible, but by all means map out a definite program that will keep them employed when they are not occupied in wholesome sports.

## PROTESTS ONE-PIECE BATHING SUITS OF STREET

To the Editor of "The New Era":

Recently there have been several young men and girls on our streets in one-piece bathing suits, either going to the river or to some private pool to bathe. I have wondered if the parents of these young people know what their daughters are doing, or if they know it, stop to think how immodest this is. When one speaks to these girls about it, their excuse is, "they all do it."

The parents of means have much to answer for, the people of small means follow after them. It certainly makes these girls bold, anything but attractive, and our town, or any town or city, is not benefited. I feel like calling, "Parents, Awake, Awake!" Make these children obey when they are small. You cannot when they are older.

You are only courting trouble and disgrace if you allow it. Kuisebachers, too, are all right for the gymnasium or camp, but not for the street. The influence is not for good.

Parents, do not be afraid of a little trouble now, your care will bring big dividends later.

A Riverton Wife and Mother.

## The Best Judges Us

Our attitude concerning the great value, the great reality, the great personality, is not to put pressure upon our own minds or upon the minds of others to believe in them; and not primarily either with ourselves or others to defend them or to argue for them, but simply to give them opportunity with us, and to do what we may to help others, too, to give that opportunity. The best, thus, judges us rather than we. —Henry Churchill King.

## Better Than Guilt

Better it were, that all the miseries which nature owns were ours at once, than guilt. —Shakespeare.

## Let Us Not Lose Faith

Earl Balfour said not long ago: "Let us not fear that the future is going to be less glorious than the past. Problems of which we never dreamed multiply upon us until we are almost overwhelmed. But let us not lose faith or courage."

## For Truth's Sake

To love truth for truth's sake is the principal part of human perfection in this world and the seed plot of all other virtues. —John Locke.

## MAD DOG SCARE

Walter Armstrong was bitten Tuesday night by a dog supposed to be mad. He left his house about ten o'clock to go to the polls in the third district to see how the count was coming along. When he reached Broad and Thomas avenue a large dog sprang at him and after inflicting a gash in his leg sped on toward Palmyra. Ex-chief of police John C. Geiss, Clarence Mattia, Armstrong and others gave chase.

Two or three times Geiss nearly succeeded in running the animal down with his automobile, but it seemed to bear a charmed life and managed to elude not only the car but the rain of bullets that were sent after it from revolvers and a shot gun.

Finally the dog disappeared back of P. O. S. of A. Hall, Palmyra, and was not afterward seen.

It was reported that two children in Palmyra were bitten but this has not been confirmed.

## BOY MISSING

Percy P. Nixon, son of Mr. and Mrs. C. O. Nixon, East Main street, Riverton, has been absent from his home since last Saturday morning, and no trace of him can be found. The boy, who is sixteen years of age, was employed by Spitzer & Leventhal Printing Company, of Philadelphia, and last seen on Tuesday when he left work there at two o'clock Saturday afternoon.

The boy's parents can give no reason for his disappearance. He is described as being 5 feet 9 inches tall, weighing about 145 pounds, has light brown hair and blue eyes. When he left home on Saturday morning he wore a light straw hat, navy blue coat, brown and white striped shirt, light trousers, black socks and oxfords.

The police department in Atlantic City has been asked to assist in the search, and on Tuesday evening the lad's disappearance was broadcast from Wanamaker's, Philadelphia.

## LETTER FROM MISS BIDDLE

To the New Era:

As a resident of the River Bank, having been born and lived there all my life, I feel strongly in regard to the present situation about the road.

I have no constructive plan to suggest, but I have a great desire for two things. First, that some action be taken to have a better road, and second, that the community and the river bank property owners come together with sympathy and understanding and with a real desire to do what is best for all concerned.

Very sincerely,  
Hannah M. Biddle,  
297 Bank Ave.

## Riverton Items

William Crouch is having his residence on Seventh street remodeled. Mrs. Conrad Becker is visiting relatives in New York and Long Island.

Miss Aretta Horn, of Miami, Florida, was the weekend guest of Miss Doris Barber.

Mr. and Mrs. H. W. Seckel and children spent the weekend at Ocean City with Mrs. Howard Cox.

Charles B. Durbin and family left on Saturday to spend the summer at their cottage in Beach Haven.

Mr. and Mrs. Lee Milton and daughter, Amy, returned Sunday from a two weeks' trip to Detroit, Michigan.

Mr. and Mrs. J. J. Siddall and sons spent Sunday with his parents, Mr. and Mrs. T. Gibson Siddall, in Trenton.

Mrs. John Hillson had as her guests over the weekend, her niece, Mrs. Ethel Spear, and Mrs. Mansfield, of Pittsburgh.

Mr. and Mrs. James Thomas, of 516 Main street, moved to Baltimore on Wednesday where Mr. Thomas has taken a position.

Francis Roedig, the "special delivery" boy at the Riverton post office, was struck by an automobile while he was riding his bicycle on Broad street, Tuesday afternoon. He escaped injury and his wheel was but slightly damaged.

Dr. F. C. Witte has closed his Riverton office and will continue his practice from the Riverside office. Mrs. Witte will temporarily make her home with her parents, in Trenton, where she is under the care of a specialist.

John C. Geiss has purchased the Cromwell Hotel, 26th and Atlantic avenue, Wildwood, N. J., and will be ready to receive guests on Saturday of this week. The Cromwell has been established for nearly a quarter of a century and has an excellent reputation. It will lose none of its popularity under management of Mr. and Mrs. Geiss.

Charles Jones, little son of Mr. and Mrs. Samuel Jones, of Lippincott avenue, celebrated his second birthday anniversary on Tuesday of last week. Ten little tots, accompanied by their mothers, made his "party" a huge success. The little guests were: Junior Calcutt, of Beverly; Jimmie and Richard Brown, Palmyra; Mary Jane DeCoursey, Palmyra; Margaret Eleanor Davis, Palmyra, (aged three weeks, youngest guest of all); and Arthur Burns, South William, Virginia Armstrong, Geraldine Mezgar and Billy Hall, of Riverton.

BRIDGEBORO COMMENCEMENT

The closing exercises of the Bridgeboro school was held Tuesday evening, June 9, in the M. E. Church.

At these exercises, Mrs. Walter Bowen was to present Mr. Bell, principal, presiding Principal, with the membership in the New Jersey Association of Mothers and Parent-Teachers.

Miss Catherine B. Leoney, of Moorestown, substituted in with class plans by Virginia Armstrong, Geraldine Mezgar and Billy Hall, of Riverton.

Each member of the graduating class of Bridgeboro and Palmyra High School from Delran Township was presented with class pins by the president of the Home and School League, Mrs. Goldacker.

The members of the graduating class were:

George J. Biddle, John Broderick, E. Marion, Harry Dunham, Clara Goldacker, Grace Kendall, Blanch E. Moore, Miriam A. Siefert, Frank Sarlo and Anna Schafer.

ASTOLD BY  
Irvin S. Cobb

## THE VOICE OF A PROPHET

A COMPANY of a division of colored troops was waiting the word to start for front. It was to be their first actual contact with the enemy. One of the privates had somewhere picked up a copy of the Paris edition of the New York Herald.

"Does that dar paper say anything about us boys?" inquired a sergeant.

"It sho' do," answered the private, improvising. "It sez yere dat twenty-five thousand colored troops is zoin' over de top tonight supported by fifty thousand Frenchmen."

From down the line came a third voice, saying:

"Well, I knows wut tomorrow's edition of dat paper's gwine say. It's gwine say, in big black letters, 'Fifty thousand Frenchmen trompled to death by twenty-five thousand niggers.'"

(Copyright by the McNaught-Syndicate, Inc.)

## Mother's Cook Book

It is easy to tell the toiler  
How best he can carry his pack.  
But no one can rate a burden's weight  
Until it has been on his back.

—Ella Wheeler Wilcox.

## EVERYDAY GOOD THINGS

A SOUP should be served in every family at least once a day. With the wealth of vegetables and meats one may have a different one nearly every day of the year, using fruits for hot weather.

## Celery Soup.

Cut up three cupsful of celery into small pieces, bruise with a potato masher, cook in boiling water until tender, then rub as much as possible through a sieve. Scald two and one-half cupsful of milk with a slice of onion, then remove the onion and add the milk to the celery pulp and liquor. Bind with three tablespoonfuls of butter, cooked with three tablespoonfuls of flour; season with salt and white pepper and add a beaten egg just before serving.

## Dramatist's Ill Fate

George Farquhar, the Irish dramatist of the close of the seventeenth century and the first decade of the eighteenth, was only twenty-nine when death overtook him. His last days were spent in dire poverty.

Wright Sniping  
At Stout Again

## Charges That County is Cheated on Oil are Easily Refuted

Freeholder J. Lloyd Wright laid down another "smoke screen" in his campaign of attacks on the county road department last Friday.

The last time it took the form of advising Director Rogers to withhold his signature from the tar contracts authorized by the board, which the director did, but was soon convinced of the error of his ways when the State Highway Commission said the whole board was liable to indictment if it monkeyed with that contract, in which the commission was a partner. And when the attorney for the tar contractor appeared before the board and asked what was going to be done about it, the director signed the contract forthwith.

Last Friday an attempt was made to show that the road department had been paying for more road oil than it had been receiving. Mr. Wright displayed some railroad freight bills by which he undertook to show that, calculated by weight, the oil did not equal the number of gallons for which the county had been billed.

When Clerk Adams took from the county files a copy of the numbers of gallons each car contained, signed by F. W. Schultz, inspector for the State Highway Commission, and showed that these figures corresponded with the bills rendered by the oil company, the zest sort of went out of Mr. Wright's charges. As a matter of fact, the oil company's bills are made up from the inspector's figures.

However, since the matter had been questioned, Howard Russ moved that the bill for the last shipment of oil, just passed for payment, be held up pending a full investigation, which was promptly seconded by Mr. Stout, director of the road department.

No Funds Available

Two communications were received from A. Lee Grover, secretary of the State Highway Commission, one approving the plans submitted by the county engineer for Bridgeboro, and the other acknowledging the recent communication of the board urging that the State take over the road from Camden to Toms River. In this connection the secretary advised the board that the commission would not be able to take any action of this kind until funds were provided for, as bond issue money are not available for this work.

A resolution of respect for Harry L. Knight, a former clerk of the board, was unanimously passed and a copy directed to be sent to his widow and sister, Mrs. Verna Brick.

A resolution was presented by Frederick Lippincott and unanimously passed to the effect that the United States Senator, Representative, the Secretary of War, and others interested, requesting that measures be taken to prevent a recurrence of the accident of Monday afternoon when Mrs. Martha Sprague, living near Camp Dix, was killed by a stray bullet from a machine gun being used in target practice at the camp.

Urged Aid for Family

Robert Cox, superintendent of the county hospital for the insane, appeared before the board and said that the inmates of his institution were endangered by the bullets that were flying on the day Mrs. Sprague met her death. Sprague, he said, and he urged that some action be taken to give the father of six small motherless children some financial aid.

Mr. Cox said that a machine gun was mounted on a tower and a small hill was used as a bullet stop. The regular target range was about five miles distant from camp, he said, and for convenience the gunners were practicing in camp—a thing that was not permitted even during the war.

An investigation is being conducted by the War Department and by the county detective's office.

Bills were ordered paid as follows: Roads, \$11,147.24; bridges, \$2,955.94; public buildings, \$1,958.28; public affairs, \$9,356.86; finance, \$4,926.82.

DIVIDEND NOTICE

Philadelphia, June 12, 1925.

At a meeting of the Board of Directors of the TACONY-PALMYRA FERRY CO.

held today, a semi-annual dividend of three (3) per cent was declared out of the earnings of the past six months, payable July 1 to stockholders of record June 20. Checks will be mailed.

## Palmyra Notes

Sol Room spent the weekend in Atlantic City.

The Eastern Star held its annual picnic at Willow Grove Wednesday. Mrs. Elmer Wallace was the hostess, her daughter, Mrs. Earl Collins, in Lenox.

Mrs. Eva Braddock, of Medford, is spending the week with Mrs. A. B. Powell.

Mrs. S. Williamson is spending the weekend with her daughter, Mrs. H. W. Bauer.

Miss Margaret Smith, of Columbia avenue, is recovering from an attack of scarlet fever.

Mrs. S. Williamson is spending this week with Mr. and Mrs. Joseph A. Schwartz, of Riverside.

Mrs. Bertha Ingling is confined to her home on Garfield avenue with an attack of the mumps.

Dr. and Mrs. Clement Vollmer, of Oakmont, Pa., spent Sunday with Mr. and Mrs. Elvin I. Powell.

Miss Vera Brower, principal of the Palmyra High School, is spending the summer in Federalburg, Md.

Mrs. Elmer Jones, entertained the Happy Hour Sewing Circle at her home on Howland street Monday evening.

The Civic Club of the eighth grade of the Palmyra public school, held a picnic at Riverview beach on Tuesday.

The Rev. and Mrs. Philip Vollmer, Sr., of Camden, were the guests of their daughter, Mrs. Elvin I. Powell.

Mr. and Mrs. Aaron White and family, Mrs. Edith Murphy and Mrs. Joseph Graham motored to Hammononton Sunday.

Mrs. A. B. Cramer returned on Thursday last from a visit with her mother, Mrs. W. L. Leonard, of Bordentown.

Mr. and Mrs. H. R. Galtin spent the weekend in Ocean City, where they were the guests of Mr. and Mrs. Joseph Miller.

Master Herbert Wood, of West Philadelphia, is spending this week with his grandparents, Mr. and Mrs. Harry Kennerly, Sr.

Mrs. John Moffitt and two sons Norman and Thomas, of Lincoln avenue, left Tuesday for a week's vacation at Ocean City.

Miss Ruth Hollingshead is recovering from an slight operation on her nose, performed at a private hospital in Philadelphia Saturday.

Mrs. M. D. Schaffer, of the Schaffer Apartments, Leconey avenue, left Monday for Beach Haven where she will spend the summer.

Mr. and Mrs. A. B. Cramer, accompanied by Mr. and Mrs. Earle Leonard, of Trenton, spent the weekend in Seaside Park.

William Wilbraham, son of Mr. and Mrs. R. A. Wilbraham, was among the class graduated from Drexel Institute, Philadelphia, Friday.

Mr. and Mrs. D. L. Reeves motored from Easton, Pa., to spend the weekend with Dr. and Mrs. George R. Puncosot, of Horace avenue.

Mr. and Mrs. Stewart Mahoney, of the Warner Apartments, Fourth and Cinnaminson avenue, are receiving congratulations on the birth of a daughter.

The Past Templars of the Ladies of the Golden Eagle held their monthly meeting at the home of Mrs. Lillie Martin, Rowland street, on Tuesday evening.

Miss Norma Helen Schriver, daughter of Mr. and Mrs. Norman Schriver, of Morgan avenue, is spending several weeks with her grandmother in York County, Pa.

Edward Lumberg, of Connecticut, has accepted a position with the U. S. Department of Entomology at Riverton and is residing with Mrs. Mary V. Sharp, of Morgan Avenue.

The Epworth Guild of the Methodist Church will hold its last meeting of the season on Thursday evening, the 18th, in the temple. Every lady member of the church is invited.

The Burlington County Sunday School picnic will be held at Cedar Lake this Saturday. Buses leave the Epworth M. E. Church at 9 o'clock. Every body is welcome. In fact, cordially invited to attend. Take box lunches.

The annual Lutheran Sunday School picnic will be held at Wisconsining Park, Tuesday, this Saturday. Housed children will leave the church at 9 o'clock Saturday morning. The older folks may go at any time, taking the Philburco Coach Line buses, which pass the park.

Coach Craik Morse and wife left Tuesday for Philadelphia where they will spend some time with relatives. The coach will conclude his vacation with a month's stay in Ocean City and then will return to Palmyra early in September to resume his duties as athletic director of the Palmyra Schools.

The officers of the Palmyra Parent-Teacher Association held a meeting at the home of Mrs. Joseph H. Abbit, Garfield avenue, Monday afternoon. A campaign for the fall was mapped out and included several new features for the betterment of the organization. A drive will be made to revive the interest of the old members and to sign new ones.

The wedding of Miss Dorothy Ryckman, daughter of Mr. and Mrs. James A. Ryckman, of Washington avenue, and Mr. H. Elwood Hoepfner, son of Mr. and Mrs. John P. Hoepfner, of Washington avenue, will take place at the Epworth Methodist Episcopal Church this Saturday afternoon at 2.30. The Rev. Harry Evald, of Baltimore, will officiate.

The Rev. and Mrs. Frederick Blaser, of the Central Baptist Church, entertained at their home on Elm avenue Tuesday evening, celebrating their sixteenth wedding anniversary. Miss Edna E. Keener, Miller and daughter, Dorothy, Harry Keeling, of Audubon, and Miss Anna Armstrong, of Camden, were guests at dinner and a host of friends wished the couple "many happy returns of the day."

Mr. and Mrs. Russell Hamelman and son, of Columbia avenue, attended the annual picnic given by the employees of Fuller and Gibbons Company at Alcyon Park, Pittman, last Saturday.

Miss Josephine Hammond underwent a nasal operation at a private hospital in Camden Saturday. Miss Hammond, who is a member of the Palmyra grammar school faculty, then returned to her home in Paulsboro for the summer.

C. S. Kory was in Metuchen, N. J. on Saturday visiting his nephew, Nelson L. Kory, who was formerly principal of the Palmyra schools.

## Palmyra's Fourth to Be Best Yet

### Committee Busy Planning Greatest Celebration Ever Held in Borough

Plans for Palmyra's Fourth of July celebration are being formulated by the committee which is holding meetings every Wednesday night at the Fire House.

Every organization in Palmyra has been invited to take a part in the program and to date the responses have been very satisfactory and Chairman, J. Edwin Lees has stated that the celebration from beginning to end promises to be a success. It will be unnecessary for anyone to go away from home on the Fourth as the committee has planned a day that will go down in history as the biggest celebration in the history of Palmyra.

The program starts at 10 a. m. with another big parade which promises to eclipse any ever held in the past. Already many new organizations that have not taken a part in the past have sent in for positions. The newly organized lodge of Sons of Italy, which will have its own band, promises to show the others how a lodge should parade. The Artisans, P. O. S. of A., and others will have real contributions to make from those men.

There are already four bands engaged for the celebration and the prize committee has been hard at work and already have quite a number of prizes that are superior to any previous trophies given out.

One of the prizes to be competed for in the parade will be a very beautiful silver cup presented by the Camden Post Telegram. Flags, cups and many other valuable prizes will be given.

The sports committee is hard at work planning the afternoon events and promises some real amusement for the women and children.

In the evening a grand display of fireworks will be presented in conjunction with a band concert given by two bands at the field club grounds. This will afford lots of room for parking of cars and will give the committee sufficient room for a beautiful display with safety.

### Summary of Events

7 a. m.—Salute by Boy Scouts.  
10 a. m.—Parade of Organizations and Sunday Schools.

11.30 a. m.—Presentation of American Flag by P. O. S. of A. to Palmyra Borough; Exercises and address in Grove.

2 p. m.—Sports on South Broad Highland to Cinnaminson Ave.

7.30 p. m.—Band concert and presentation of American flag (to be given to the field club grounds).

8 p. m.—Parade from Grove to Field Club; Band Concert and Singing.

9.30 p. m.—Grand Display of Fireworks.

### The Most Important of All

While your committee has worked hard, given time and energy to give you a day of pleasure that enable you to stay at home and not have the worry and excitement of the great day, there is something you can do that is necessary to make the celebration a success.

When the collector visits you on Friday for your aid, won't you just be as helpful as you can and make the committee happy by subscribing sufficient funds that will enable it to defray the expenses for the day?

You have always made good that "Palmyra can do anything," you have always contributed liberally for the past three celebrations, so will you stand back of it again? The Palmyra Fire Company boys and Ladies' Auxiliary have volunteered as a body and will be assisted by representatives from the various lodges to take the collection on Friday night.

This shows a splendid spirit of co-operation and so you see it is up to you to co-operate with them and contribute liberally.

The celebration for 1925 officers are as follows:

President, J. Edwin Lees.  
Vice-President, George N. Wimer.  
Secretary, Wilmer H. Handel.  
Treasurer, William Coley.

### COMMITTEE CHAIRMEN

Finance, James T. Weart, Mayor.  
Fireworks, Chester Watson.  
Parade, George N. Wimer.  
Music, William Jenkins.  
Prizes, Edward Roberts.  
Police, C. Meritt Beck.  
Grounds, T. Winfield Land.  
Program, James T. Weart, George N. Wimer.  
Sports, Harold B. Lever.  
Publicity, Frank Chambers, Bertram Horner.

William S. C. Roray was in New Brunswick, N. J. on Friday and Saturday attending the 25th reunion of his class, and also the 159th Commencement of Rutgers University.

The Rev. and Mrs. Kenneth P. Stevens, who were married at the Delair Methodist Church, of which the Rev. Mr. Stevens is the pastor, last Saturday, have moved into their new home on Park avenue, Palmyra.

Those who attended an enjoyable lawn party given at the home of Miss Pearl Mason by the members of the Bell Hop Club last Saturday evening are "Teddy" Mason, "Peg" Mohrman, "Fay" Bonstelle, "Bibi" Mood, Floss Shappell, Betty Shappell, John Hudson, Spencer Johnson, Chris Davis, Joe Duet, George Partelow, Jack Carhart, Forest Carter and Elwood Connor. The Club held its regular weekly meeting at the home of the Misses Floss and Betty Shappell, West Broad street, Tuesday evening.

Mr. and Mrs. Leonard R. Baker and family, of Garfield Avenue, motored to Atlantic City to visit Mr. Baker's father, George C. Baker, of Elmer Terrace, who is recuperating from his recent illness at Galen Hall.

Mrs. Norman C. Graham will leave July 1 for California and Yellowstone Park. She will return by way of Seattle, Vancouver and the Canadian Rockies, and will be gone six or seven weeks.

George Harold Baker left Tuesday for Portland, Maine, on a two-weeks business trip.

Miss Lillian Graham is spending this week with relatives at the "I Don't Wanna" Cottage, Pittman.

Miss Catherine Keller, of Pittman, was a dinner guest on Thursday evening of Mrs. John Graham, 460 Leconey Avenue.

## Twilight League Leaders in Tie

### Artisans and Lutherans Now Even in Win and Loss Column

With several of the clubs displaying mid-season form, the race in the Twin City Twilight League tightened up during the past week. Two wins by the Lutherans and a loss to them by the Artisans has put the first place in a tie.

The Methodists dropped a game to the Field Club second team, and now those two lines are paired off for second place. The Legion, with one victory and five losses, has the fifth position clinched and the Bagists remain the cellar champs by virtue of a long string of losses and no wins.

Last Thursday night the Lutherans, like all other clubs, made life weary for new Bagists and came through with a 7-4 victory. Several hits off Eddie Hoyt, assisted with errors by the down trodden churchmen, gave last year's pennant winners the triumph.

Elmer Lowery, the tennis star, caught his first game of ball in his life, and looked good. Elmer's assertion that he never caught before, is somewhat doubtful, as he was in the Razzberry Park lawn saw him in action. The newcomer held Hoyt up very well and picked off a couple of Lutherans stealing second.

Friday night Len Baker's Methodists lost their second game of the season, being trimmed decisively by the Field Club second team, 11-4. The Reserves went wild in the first and scored nine of their eleven runs.

Lamont, who was on the mound for the Bagistes, issued three passes, was touched for four hits and had the same number of errors behind in the acknowledging frame. Ray settled down after the first, but not being like the Athletics, the Methodists were unable to overcome the big handicap. Wenger and Richman shared the Field Club honors and Hepper was behind the bat. Baker caught for his team.

Superb pitching on the part of Babe Flynn, for the Lutherans, proved too much for the league leaders Monday evening and the Artisans were trimmed 4-1 in one of the lightest and best played games of the season. The Artisans only collected a pair singles off Babe and he fanned seven.

Joe Gorman, John Steedle as his catcher, formed a nice battery, but not quite strong enough to beat the Flynn-Jenkins combination. Lody Orutt's spectacular catch along right field foul line was a feature of the game.

### League Standings

(Tuesday, June 16, Inclusive)

Team	W.	L.	Av.
Artisans	5	2	.714
Lutherans	5	2	.714
Methodists	4	2	.667
Field Club	4	2	.667
Legion	1	5	.167
Bagists	0	7	.000

### SHENANDOAH DESIGNER TO ADDRESS MEN'S CLUB

#### James Work, of Naval Air Station, Will Talk Monday

Like the crowning bit of glory, the Men's Club of Christ Church, Palmyra, after a most successful season based on big interesting programs with the most prominent speakers available, comes the announcement that its speaker for the June meeting will be James Work, of the U. S. Naval Air Station, Lakehurst, the designer of the Shenandoah.

During the past year the members of the Club have listened to scientists, engineers, business experts, and practically every variety of talented speakers on the platform, but the talk which will be given by the designer of America's pride of the air, their mighty dream, promises to be the most fascinating.

It is expected Mr. Work will have a model of the massive bird to properly illustrate his address.

William T. J. Purnell, president of the Men's Club, received the following letter from Mr. Work this week:

"Since writing you I have been able to obtain three very good motion pictures for next Monday night. One of the new reels shows the trans-Atlantic flight of the Los Angeles from the time she was taken out of the hangar in Germany until she landed at Lakehurst. One shows a number of parachute jumps from airplanes with slow motion pictures and the other shows the entire West Coast Flight of the Shenandoah."

The meeting will be held Monday evening at 8.30 in the Parish House of Christ Episcopal Church, Palmyra.

### WISS IVY MEDAL

#### Marvin Burr, of Riverton, Gets Highest Swarthmore Honor

Marvin Burr, graduate of Palmyra High School and son of Paul C. Burr, of Linden Avenue, Riverton, who graduated from Swarthmore College Monday with the highest honors the institution can bestow upon a student, Marvin delivered the Ivy oration Sunday night and was awarded the Ivy medal at the commencement exercises.

Both Ivy awards are separate and distinctive. The oration honor, which is a traditional affair and is delivered while the graduating class plants its sprig of ivy, is given by the man who is voted the most popular on the campus.

The winner of the Ivy medal is accredited as the best all-round member of the graduating class and is therefore the highest honor of the institution. All phases of the life of the student are considered, including academic work and leadership, before this award is made. It was not learned until early Monday morning that the Riverton boy was the 1925 class winner.

The commencement exercises were attended by Mr. Burr, Marvin's three brothers, Melvin, Paul and James, and Mr. and Mrs. Leonard R. Baker. James, who is a graduate of Palmyra High School this year, is expected to follow the footsteps of Marvin and matriculate at Swarthmore next year.

If you are not doing your best on your present job, you will do worse on a better job.

## Prizes Awarded Many Students

### Scholarship Rewards Given Palmyra High and Grammar School Pupils

A new feature has been introduced at Palmyra High School for awarding pupils honors for work of merit. It has always been the custom to award book letters to members of the varsity athletic teams, so this year a new custom was established with the awarding of Old English letters for academic work, similar to the athletic rewards. Pupils with a general school average of 90 per cent. or more received the "Prof. A. S. Griffith" letters.

Prof. A. S. Griffith, supervising principal of the Palmyra schools, announced the names of the first-year winners at the commencement exercises Thursday night and the presentation was made at assembly Friday morning. Those who receive the letters were:

Seniors—T. Richard Moore, Sophomores—Lester Johnston, Alfred Bayer, Joseph Klingler, Muriel Burman.

Freshmen—Vivian Burey, Virginia Good, Edward Hutchins, Martha Ivins, John Diorio, Catherine Cahill.

Other awards which were made at the graduation exercises are as follows:

Medal offered by Post Rodgers, American Legion, for graduate scholarship work in scholarship, athletics and general leadership, won by George T. Heaton and awarded by Drexel Patterson, chairman Post Rodgers Americanization Committee.

\$100 prize, offered by the American Legion, for best student in scholarship, athletics and general leadership, won by George T. Heaton and awarded by Drexel Patterson, chairman Post Rodgers Americanization Committee.

\$50 gold piece presented by Betty Warner, salutatorian, by Delran Township Board of Education. Presentations were made by Supervising Principal Bell, of Bridgeboro Schools. Three other graduates from Delran Township were awarded prizes of \$2.50 each by the Board.

\$25 gold medal awarded by Rensselaer Polytechnic Institute for boy graduate with highest average taking all possible mathematics and science subjects, won by Robert Baxter.

\$5 gold piece offered by Dr. A. P. Lore for best work in Industrial History, won by Lester Johnston sophomore.

\$30 in prizes offered by Miss Majorie Hornung, former member of the Legion, for best story or essay of 1,000 words, won by Harold Odgers, Senior class first prize, \$10; Harris Schriener, Senior class second prize, \$5; Norman Thompson Junior class first prize, \$10; Dorothy Fromuth, Junior class, second prize, \$5.

The following awards were made in the Grammar School:

\$15 in prizes offered by George B. Taylor for greatest improvement in penmanship for year, won by Tony Price, 7th grade, first prize, \$10; John Fabritore, 7th grade, second prize \$5.

\$10 gold piece offered by Mayor Taylor for best spelling in Grammar School, 4 tied with 100 per cent. average for year, divided into four prizes of \$2.50 each and awarded to Elizabeth Hassell, Helen Parker, Graham Lore, Robert Leary, all 6th grade.

\$5 gold piece offered by Mrs. A. C. Giberson to pupil in 7th or 8th grade for best understanding, most accurate and best work in arithmetic won by Dorothy Killion.

\$5 gold piece offered by Charles W. Davison to pupil in 6th or 6th grade for best understanding, most accurate and best work in arithmetic won by Mary McNulty.

\$5 gold piece offered by Postmaster George Harvey to pupil showing best attitude and school interest, won by Margaret Stockdale, 8th grade.

\$5 gold piece offered by Frank S. Day for best work and use of English, won by Margaret Hall, 8th grade.

Gold and silver medals offered by Mrs. Carl J. Jefferson and George B. Clover for highest general averages in grammar studies, won by Malory Spahr, general average 92 percent.; second, Beatrice Mueller, general average, 92 1/2 percent.; both of 6th grade.

### EPWORTH CHURCH NOTES

The summer schedule of services goes into effect this Sunday at the Epworth Methodist Episcopal Church. The Church School meets at 10 o'clock; Morning Worship is at 11 o'clock; Twilight Service at 7 o'clock.

In the morning the pastor, the Rev. Fred B. Morley, will preach from the topic, "Spiritual Zeal." In the evening the topic will be, "Consider the Lilies."

At the mid-week service Wednesday evening the bible study will be First Corinthians, chapter ten.

The Epworth League Devotional meetings will be held Thursday evenings during the summer. The leader this week is the pastor. He will discuss the topic, "Idol Worship." The class meeting will be held Friday evening.

### STRIKES TRAFFIC SIGN

#### Russell Vennell Has Slight Accident at Middleton Street

Russell Vennell, Bridgeboro street, struck the traffic sign at the corner of Scott and Middleton street with his car Friday evening.

Vennell was driving at a moderate rate of speed when his steering gear went wrong and caused him to swerve, hitting the sign and narrowly missing a box parked at the corner.

The sign was not seriously damaged and after a brief investigation Chief Vossell released Vennell.

This sign has been struck various times by motorists.

It is claimed that it is the remnant of the monkey in us that makes us enjoy a joke. If Bryan saw that he'd never smile again.—Pittsburgh Gazette-Times.

## Among the Churches

### Christian Science

First Church of Christ, Scientist, Services at the church, Thomas avenue and Seventh street.

Sunday services, 10 a. m. Sunday School, 9.30 a. m. Church Services, 11 a. m. Wednesday, 8 p. m.

Christian Science Reading Room, Thomas Avenue and Seventh street. Open Tuesday and Friday afternoons from 3 to 5.

Fifth Street and Morgan Avenue. Fred B. Morley, Pastor. Sunday Services, 10:00 a. m. Church School, 11:00 a. m. Morning Worship, 7:00 p. m. 7:00 p. m. Twilight Service.

### TIME TO TAKE STOCK

Periodically the managers of every successful business must check their assets and their liabilities to know where they stand. What is good for a business is good for a government. The people of this nation are stockholders in the great business in the world, namely, the United States government.

Private business must constantly be on the alert to prevent bad accounts accumulating on its books. Failure to do this has wrecked many otherwise promising institutions. The people of this country must be diligent to keep bad accounts, so-called legislation, exorbitant taxation, public officials and legislators with radical and visionary ideas from clogging or destroying the machinery of government. Just as bad debts will wreck a business, so will exorbitant taxation, radical legislation and unbalanced public officials wreck a government.

It is well to take stock of our own business and the last presidential election is a good example of the political campaign is passed and all new public officials are in office. The nation has actually settled down to the first normal period of activity since the first gun was fired in the World War eleven years ago. We have what every other nation in the world is striving to secure, namely sound domestic and financial conditions under a stable form of government.

Yet we have in this nation today, public officials, teachers and professional lecturers who would, if they could, undermine the sound basis on which we are operating and substitute in its place obstructive and destructive ideas which have destroyed the stability, safety and progress of some of the world's leading nations.

Let the people of this nation do not wish to see any experimental program adopted was made very evident at the last election. But the work of the agitator never ceases. Hence, our public officials and private citizens must be on their guard to prevent liabilities accumulating in the affairs of our government just as the managers of private business are constantly on their guard to prevent liabilities creeping into the affairs of private enterprise.

What a great thing it would be if when our national Congress convenes, it would devote itself more largely to the affairs of government and less to the affairs of private citizens and private business than it has during recent years.

Never before in the history of the United States was the labor situation in such a healthy condition. Hours are reasonable and wages are good. We have legislation covering practically every phase of business activity. The workman is protected. Industries are protected from unfair competition. Labor and capital are actually working in close harmony, and workmen through the purchase of the stocks and securities of the industries which employ them are sharing in the profit or losses of such enterprises.

Who is to be benefited by any program which would tend to unsettle such a satisfactory status? The people of this nation, as a nation, business and with normal lines without the disturbing influence of uncalculated for experimental measures and policies which tend to destroy the perfect balance which this country is maintaining today in its domestic relations.

An inventory of our national affairs will show that we are in a sound condition and with proper management we should continue in the same situation for an indefinite period into the future.—The Manufacturer and Industrial News Bureau.

### AWARD P. H. S. LETTERS

Six Point Winners on Track Receive  
Coveted Marks

At the closing exercises before the summer vacation of the Palmyra High School held last Friday morning, Coach Craig Morse presented the coveted athletic varsity letters to members of the basketball, baseball, track and girls basketball teams.

Only six athletes won the "P" for track. They were members of the one-mile relay team which won the national Class B Scholastic title. Captain Harris Sacks, Harold Wood, Wallace Sullivan and Bruce Beahm; Spencer Davidson, who substituted for Beahm when Palmyra won the state indoor relay, and Joe Atkinson, who has been distinguishing himself in the pole vault.

With the exception of the five who ran on the relay team and competed in several other events, Atkinson was the only other member of the squad who made six points or more necessary to win a letter, during the season.

In addition to the awarding of letters, Joseph L. Stack, who has long worked faithfully with school teams, especially last year's football squad, was presented with a handsome gold bound wallet. Inscribed in the team's token was "To Joe Stack, compliments football team, Season 1924."

### Camp 23

As part of Palmyra's Fourth of July observances, Camp 23, A. S. will present the Palmyra Borough with a large American flag to be flown from the town memorial flag pole at Broad street and Cinnaminson avenue.

The flag is to replace the present one, which was presented to the town by the camp at the time of the erection of the pole, but is now weather worn.

At the conclusion of the regular business session Monday evening the members enjoyed a pleasant social hour which more than repaid them for the effort of attending. The "boys" enjoyed quilts, pinole, chicken, smoked "hot wings," some delicious refreshments, and all told had a bang up time.

Members are requested to keep the following dates in mind: Monday, June 22, large class initiation and nomination of officers. Friday, June 26, visit to Mount Holly Camp and presentation of lantern for initiatory work. Meet at hall 7:30 p. m. Monday, June 29, election of officers.

Enjoy the fellowship of the lodge; attend every meeting; boost the camp; get in the spirit of the work; you'll derive as much pleasure and benefit as the camp will.

Publicity Committee.

**BAPTIST CHURCH NOTES**  
The big event for this week is the Sunday School picnic to Newnamy Falls, Pa., Saturday. Buses will leave the church at 10:30 a. m. and 2 p. m.

Sunday morning Pastor Blaser's theme will be "An Unfailing Supply" and the subject for the twilight hour will be "Almost—The Enemy of Man."

The Church history lecture Wednesday evening will cover the development of "The Baptist Church."

Last Sunday evening the Sunday School rendered its Children's Day service which was highly praised by all those present. Special commendation is due to Miss Dean and the workers whose efforts largely contributed to its success.

The Christian Endeavor Society is also active and has appointed two representatives to go to Peddie Institute at Hightstown, June 27 to July 7. These delegates are Mrs. Evelyn Weart and Miss Emily Harvey. The Rev. Frederick Blaser will preach the assembly sermon Sunday, June 28.

Pastor Blaser is also chairman of the committee that has called the Baptist pastors from all over the state to a "Retreat" at Hightstown next Monday, Tuesday and Wednesday.

As evidence of the interest and earnestness of the Church toward the present campaign for the new building, a total of \$9,000 in cash and pledges has been reached. This is a big stride toward the goal of \$25,000, with which the structure will be started, but members and friends who have not yet filed their pledge cards will no doubt bring the amount much higher in the near future.

### ALUMNI INITIATION

Twenty-two of 1922 Taken Into Fold of "Old Grads"

Twenty-two members of the graduating class of Palmyra High School were initiated into membership in the Alumni Association at the High School last Saturday evening.

Although the Association officers were present, all of which were less than half of the class appeared for initiation, there being a possible fifty-three who were eligible to join, things went over with a bang. Despite the heat and disappointment, the degree team put over a very effective initiation filled with solemn and yet, from the sound of things, rather humorous rites.

At the conclusion of the initiation, the crowd adjourned to the gym where dancing to the melodious strains of the famous Royal Commodore was enjoyed. Even punch was served.

The dancers were furnished with balloons, all of which were eventually broken, and in them was powder, which changed the color of some of the masculine wearing apparel, but added zest and pep to the affair.

Bill Wilbraham, president of the association made a big hit when he announced that the boys were to "feel at home" and discard the coats if they found it too warm to dance comfortably. Bill's announcement was roundly applauded and before long several of the fellows had shed their coats.

### KEEPING WELL

GOOD MILK BRINGS GOOD HEALTH

DR. FREDERICK R. GREEN  
Editor of HEALTH

MILK is man's best food. All authorities on diet agree on this however much they may disagree on other points.

Since the beginning of history, milk has played such an important part in the life and health of mankind that like other things with which we are so familiar, we regard it slightly. We pay too little attention to the source of the supply, the quality of the article, and its importance in the daily life of the people.

The milk supply problem is not so grave in large cities where the health departments are so sure to see that only safe milk is sold. It is in the smaller towns and in rural communities, where dairymen distribute milk without any supervision from health authorities, that the case is apt to be serious. Even though the intentions of the distributor may be above reproach, his lack of knowledge of health conditions and requirements makes his careless distribution a menace to his customers.

If milk is the best food, then the city which consumes the most pure milk ought to be the healthiest city.

Of all the cities in the United States of over 100,000 population, Hartford, Conn., uses the most milk. The average for every man, woman, and child in Hartford is 1.04 pints each day. Many cities average less than half that amount. Boston, for instance, uses only .48 of a pint per day per individual.

The secretary of the national dairy council recently went to Hartford to learn how and why this large milk consumption had been brought about.

He found that 90 per cent of the people eating in each room drank milk; that drug stores and confectionery stores sold more milk and milk drinks than all other drinks put together; that the use of milk had greatly increased since the advent of prohibition; and that a splendid quality of milk was being delivered to the people.

He learned that this large use of milk had been brought about by co-operation between the milk producers, the milk dealers, and the city health department. The dealers advertised and educational work, showing the use and benefits of milk, had been done through the public schools, various organizations, and the local papers. These efforts have resulted in good business for the milk producers and dealers, and in good milk and good health for the people.

Good health and good business always go hand in hand.

### Value of a Deed

The value of a deed depends upon its meaning, and its meaning depends upon its motive and the spirit and purpose that prompt it. The widow's mite is really worth more than the spare cash of the rich, because it means more.—Nathaniel Mickless.

Men and Women

The Welder

A gas main ten miles in length that crosses two mountains, bores under four mountain streams and penetrates many feet of solid rock and all without a single joint is one of the achievements of The Welder.

Electricity and oxygen created his job for him and he uses both to accomplish what a few years ago would have been called mechanical marvels. Welding gas pipe together is only one of them. In addition he welds track and broken machinery parts and performs other operations that once seemed impossible.

Science that within the lifetime of living men has revolutionized the industrial world is constantly providing new and more efficient methods and tools for the improvement of public utility service, and the work done by The Welder typifies one of them.

## Sunday School Lesson

(By REV. P. B. PITTSWATER, D.D., Dean of the Training School, Moody Bible Institute of Chicago, and author of "The Sunday School Lesson.")

Lesson for June 21

PETER DELIVERED FROM PRISON

LESSON TEXT—Acts 12:1-19  
GOLDEN TEXT—The angel of the Lord encampeth round about them that fear him, and delivereth them.—Ps. 34:7.

PRIMARY TOPIC—Peter and the Angel.  
JUNIOR TOPIC—Peter's Deliverance From Prison.  
INTERMEDIATE AND SENIOR TOPIC—How Peter Was Brought Out of Prison.  
YOUNG PEOPLE AND ADULT TOPIC—The Possibilities of Prayer.

1. Peter's Imprisonment (vv. 1-4).  
1. By Whom (v. 1).  
Herod, the grandson of the wicked Herod who slew the innocent children of Bethlehem.

2. The Reason (v. 3).  
It was to gain the favor of the Jews. Herod was not a Jew, but an Edomite, therefore knew that his success was dependent upon his having the goodwill of the Jews. He did not particularly hate the church, but loved popularity. Since the church had developed so as to be a successful rival of Judaism, he saw an opportunity to curry favor with the Jews by putting forth his hands against it.

3. The Method (v. 4).  
He was arrested, put into prison and guarded by four quarters of soldiers. A quarter is a guard of four soldiers. Four quarters means that a special group was on duty each watch of the night. It was the custom for two soldiers to be in the prison, one on each side of the prisoner bound to his arms with chains (v. 6), the third one to watch outside the door, and the fourth to be near the outside gate.

4. The Church of God in Prayer (v. 5).  
The church was at a crisis. Her situation was most grave. James, one of the brethren of the church, was dead, and Peter, the most prominent of all, was in prison. In this desperate strait they did the wise thing—they betook themselves to prayer. It was a noteworthy prayer.

5. It Was unto God, Not unto Men, or to Be Heard of Men (v. 6).  
2. It Was unto Prayer.  
3. It Was an Intensely Earnest Prayer.

It was more than unceasing prayer. It was the earnest desire of the soul as it stretched itself out toward God.

4. It Was Definite Prayer.  
They specifically offered prayer to God for Peter. Their prayer was concentrated, definite and specific.

5. Peter Delivered by an Angel (vv. 6-11).  
This occurred the night before Herod's plan to make a public display of him.

1. Peter Sleeping (v. 6).  
The Lord keeps in perfect peace those whose minds are stayed on Him (Isa. 26:3).

2. Peter Leaving the Prison (vv. 7-10).  
A heavenly light shone in the prison. The angel smote Peter on the side; the chains fell off Peter put on his clothes and passed by one guard after another through the iron gates out into the city. The whole transaction was orderly and leisurely, showing that God is not in a hurry.

3. The Effect Upon Peter (v. 11).  
Although the matter was so wonderful to Peter, even outside his consciousness, when he came to himself he was assured beyond a peradventure that God had miraculously delivered him from Herod's wicked hands.

IV. Unconscious Unbelief (vv. 12-19).  
1. The Behavior of Peter and the Church (vv. 12-17).  
Peter went to the house of Mary and knocked. The knock was answered by Rhoda who was so overjoyed that she forgot to open the gate, and ran in and told them that Peter was at the gate. The disciples were not prepared for such good news, and even accused her of madness. She, undaunted, insisted. They offered an explanation that perhaps it might be Peter's guardian angel in his likeness. Peter rehearsed unto them the Lord's dealing with him, and instructed them to make these things known unto James and the brethren.

2. The Behavior of the Soldiers (vv. 18-19).  
There was great agitation among them as to what had become of Peter. This was a serious matter since they were responsible for him. Not being able to account for Peter's escape, Herod commanded that they be put to death. After this Herod went down to Caesarea. Here he was adored as god. Because he arrogated this honor to himself, the Lord smote him. Herod died, but the Word of the Lord grew and multiplied.

SUPPLYING THE NATION'S CHANGE  
Supplying the wealthiest nation in the world with change is a job of tremendous proportions. During 1924 the United States mints struck off \$9,394,000 one cent pieces and 28,315,000 nickels. The small change of the nation was enlarged by \$7,940,000 dimes and 16,992,000 quarters. While a drive was started to popularize the silver dollar, only 13,539,000 of the "silver eagles" were coined. Singularly, the half-dollar is the most unpopular coin that the United States makes. During 1925 there were just 142,880 half-dollars struck off, and all of these were the commemorative Benjamin Franklin coins. The mints coined 10,309,500 double eagles.

The First Thing  
God's rule is over all; and in all our perplexity, doubt, and fear, Jesus reminds us that the first thing is faith in God.—T. R. Glover.

## THE FOLKS AROUND

By DOUGLAS MALLOCH

IT ISN'T what makes summer hot or what makes winter cold that keeps us blue or warm us through. Or makes us young or old. Not sun nor hail nor calm nor gale. Makes sad or glad the way—But more the kind of folks we find Around us every day.

When night is gone the day may dawn With blue and perfect skies; But, if a word unkind is heard, Then all the glory dies. The morn may bring the hail to sting. But, if our hearts are warm, We'll trudge along and sing our song And never mind the storm!

Not sun or moon makes night or noon, Nor season spring or fall; We give life cheer or make it drear For others, after all. God grant your smile lights every mile, Whatever road you go! Make fair the day, make glad the way, And you will find it so! (© by McClure Newspaper Syndicate.)

## Something to Think About

By F. A. WALKER

### HONORABLE DEFEAT

BE NOT ashamed of defeat that is clothed with honor. It is better by far to be true to yourself, loyal to exalted principles, able at all times to look into your mirror without a sense of guilt, than to wear fine raiment and sit among kings. It is better to sleep sweetly at night with a clear conscience than to toss about in fear of punishment, which you know you have earned and rightfully deserve.

It is better to be poor all your days than to cheat, lie and steal while heaping up wealth in the frantic chase that frequently leads to broken health and groveling age, before the allotted time of these score years and ten. If you have preserved your honor in the hard struggle for existence, if your heart is full of joyous faith when the sky begins to darken at your coming night, you have within you a sublime peace which all the wealth of the world cannot buy, and which, if offered you, you would brush aside as worthless dross.

Be not dismayed if you cannot spring up in a clap to the heights of power through chicanery; but instead be filled with confidence, because the years in which you have labored without tainting your soul have left you clean, clear-eyed and hopeful.

It is not for every worthy man to win in battle; it is not for every blooming rose to be the queen of roses; it is not for every tree to be an oak, nor every stream to be a river. Each has its part in the scheme of things of which we mortals know nothing; each is playing its role for which it was created and intended.

The thing for man to do is to learn humility, patience, charity, chastity, and march ahead undaunted regardless of the sneers of the vain and thoughtless.

Look upward and move on, in storm and calm. Follow open-eyed Faith though the night be dark and the way be rough; there's a radiance of sunlight a little way ahead speeding toward you on the wings of a new day.

Think of this glorious dawning; forget your defects, defects, disappointments and griefs. Do your best without faltering or bemoaning your lot, and you will be joyously happy in the end that you have retained your honor.

## The Young Lady Across the Way

The young lady across the way says the automobile is certainly playing havoc with the street car business and she sees that congestion is now coming into our common building bill.

(© 1924, McClure Newspaper Syndicate.)

AN ADVANTAGE  
So you are getting your new suit from Bing. He isn't much of a tailor. I know he isn't much of a fitter, but he's so near-sighted he can't recognize a man ten feet away.

## LUTHERAN NEWS

The Rev. Chris Hansen, of Media, Pa., one of our students at the Mt. Airy Seminary in Philadelphia, will preach at both services on Sunday, June 21. The pastor will be away on duty at Camp Dix for two weeks and Mr. Hansen will take charge of all services. He is not new among us, and has many friends here. Splendid sermons are assured. Do not forget to send your children to the Church by 9:30 Saturday morning, the 20th. The Sunday School is going on its annual picnic, and transportation will be furnished all. You wouldn't miss this treat if you had the good time we had last year. Everybody out!

Norman H. Schriver will take charge of the mid-week service on Thursday night, June 18. Choir rehearsal will be held immediately after this service.

The Boy Scouts under the leadership of Mr. Fry are taking hikes into the great outdoors and many are passing their tests for advanced scoutship. These boys of troupe (two) have made a mark for themselves, and deserve due recognition. We hope their summer work will be most beneficial to all of them. Get ready for a big winter indoors too. The Loyalists, Pa., Arphans Home Band, consisting of boys in the home will be with us on July 4th and 5th and will entertain with a splendid concert. Keep this in mind, and prepare to see and hear a marvelous band; known throughout the east. Weekly Sermonette — "Christ should be active summer and winter; let us not forget Him now."

## DIVIDENDS

"This is the time when the motorist collects the richest dividends of car ownership," says Frederick E. Rein, of the Rein Motor Company.

"Any number of people, literally millions of them, will get back to health and enjoyment between now and Fall more than they paid for the car."

"Motor touring and camping can be said to have become a national recreation. Practically everywhere, communities have made special preparations for the comfort of auto tourists. Many a party of four or five people will go further, see more and enjoy more this summer in a good car than they could do in any other way without spending a young fortune."

"The man who buys a car now can have a lot of fun and save enough to feel that it has paid for itself by Thanksgiving."

The elephant and the ass are beasts of burden; a third party might use a taxpayer as a party emblem.—Colorado Springs Gazette. A girl with pretty teeth will smile on the least provocation.

## The Convenience of Electricity!

Not only because it furnishes POWER in practically unlimited amounts, but also because it delivers that power in the most economical and efficient way, permitting the abolition of cumbersome mechanism and the reduction of overhead expense, Central Station service is becoming increasingly popular in industry.

That is one of the reasons why the industrial load of Public Service Electric and Gas Company increased by some fourteen per cent in 1924, and why its future growth is assured.

The popularity with the investing public of securities backed by public utility earnings reflects the general confidence in the continuing development and earning power of such enterprises. Buy

## Riverton Council

(Continued from first page)

on the river bank or somewhere else in the town; he was in control to represent all the people of the borough, but he believed in fair play.

Why take over this road without some good civic reasons? he argued. Suppose the property owners should put up signs and keep everybody on the bank, he said, then we would be worse off than we are now. He assured council that the people down there were willing to do the right thing, and suggested that if the matter is handled diplomatically and amicably settlement can be reached. He suggested that all the interested people be gotten together, with knives and swords left home, and the thing talked over man to man. His estimate of the cost of improving the roadway was from \$10,000 to \$12,000, and that it would be a constant expense to maintain it.

Mr. Welsh stood by his guns, insisting that the road should be taken over by the borough, and called for a vote on his motion, with the result stated above.

The whole subject remains in the hands of the highway committee, where it was placed a week before. The members of this committee are William B. Lynch, chairman, G. Rex Showell and William A. Welsh.

### Chimney for Street

Chairman Lynch, of the highway committee, reported that some of the streets had been resurfaced with cinders. No new gravel had been put on, he said, as the committee was trying to get along as economically as possible and still have good streets.

The sewer committee, Mr. Showell, reported that the sewer at the foot of Main street had been repaired.

Director of Public Safety Williams reported that a telephone had been installed in the traffic booth at Broad and Main streets, and that the Palmyra Electric Company had presented the police department with an electric fan and installed it in the booth. The clerk was directed to send a letter of appreciation to M. H. Blackwell, head of the company. Mr. Williams also reported that the officers had made their rounds of the town in quest of pavements that needed repairing and had reported them to the supervisor of streets.

Mr. Showell reported that the same tractor that tore up Park street last year was again using the street, and the matter was reported to the police committee.

### Improve Memorial Park

The borough property committee, Mr. Williams, chairman, reported that the tractor had been used to good advantage on the field at Memorial park, that quail courts had been laid out and tennis courts would be ready for use in a few days.

A letter was read from the Riverton Yacht Club stating that the club would not give prizes this year for the aquatic events on the Fourth of July and expressing the opinion that the borough council should make these events a part of the municipal program. Mr. Hart-

ley, chairman of the Fourth of July committee, said the program had already been arranged to the amount of the appropriation, and his committee could not take on this added expense. The Yacht Club communication stated that the pier would be open to the public all day on the Fourth.

A petition was received asking for the construction of concrete pavements and curbs on Harrison street from Main street to the borough line and the ordinance committee was instructed to prepare an ordinance covering the work.

Mr. Lynch reported that the fire company was going to give a dance on Fourth of July evening and wanted permission to rope a portion of Main street, between the railroad and Seventh street, to use as a dance floor. Referred to the police committee.

### No More Poles on Streets

Frank Speer, of Chinnaminson street above the railroad, appeared before Council to ask why the Public Service Company had been refused permission to erect poles on that end of the street, when it had just been permitted to place several on the other end. He said many of the houses had been wired for electric lights and some of the residents had done away with their gas fixtures in anticipation of getting prompt service on their electric lights.

Mayor Hemphill advised Mr. Speer that at a recent meeting the borough council had unanimously passed a resolution prohibiting the placing of any more poles on the streets and that the company could reach the houses in question over private rights of way along the rear of properties. Mr. Hemphill said the right course to Mr. Speer and his neighbors to pursue was to appeal to the Public Utilities Commission, which, if the prospective business warranted it, would issue an order for the Public Service to supply current.

While he had the ear of the borough fathers, Mr. Speer called attention to the very bad drainage condition on his street. He said that last winter the water in his cellar was up to the fire box on his heater. In order for the surface water to flow away, he said, it had to rise over a ten-inch elevation, which meant a pond ten inches deep after every rain until the water could soak into the ground. In winter, when the ground was frozen, that meant practically all the time. He was assured that the matter would be taken care of just as soon as the highway committee could get around to it.

### Bills Paid

The following bills were ordered paid:

## CALVARY PRESBYTERIAN CHURCH

The hours of services at Calvary Church have been changed as follows: Morning worship at 10:30, Sunday School at 11:45. The Christian Endeavor will meet as usual at 7:15 and the evening service will continue to be held at 8:00. In the morning, next Sunday, the pastor will preach on the theme, "The Reward of Service."

Attention is called to the plan for the Sunday School to be held at Cedar Lake on Saturday afternoon. Children over twelve years and adults will please meet at the church in time to go on the bus which will leave there at 2:15.

Immediately following the prayer service on Wednesday evening, June 24th, there will be an adjourned meeting of the congregation in the chapel to take action on the plans submitted by the committee on alterations to the chapel. All members of the congregation are particularly urged to be present at this. There will be no mid-week prayer services during July and August.

## CINNAMINSON

The graduation exercises, which were held in the Westfield Public School at Chinnaminson last Friday evening, were well attended. Eight of the ten who graduated are: Edward Shear Edith Slade, Louise Hanson, Laura Craythorn, Florence Beach, Beniah Frazier, George Minch and Lewis MacCombs. Edward Shear received a \$5 gold piece as a reward.

## ASBURY

Mr. and Mrs. Charles Dietz are receiving congratulations on the birth of a son, Charles Dietz, Jr., born June 3rd. Mother and baby are doing nicely.

The Rev. Fred E. Tansley baptised Jane and James William Stow, children of Mr. and Mrs. Arthur H. Stow, Sunday morning in the Asbury M. E. Church.

Horace Mason, of Riverdale; Mrs. Thornton Southwick, Misses Louisa, Ada and Helen Southwick, of Asbury, motored to Sewell, N. J., on Sunday to visit Mrs. Southwick's sister, Mrs. Mary L. Foster.

Miss Elizabeth Dole, of Camden, was a visitor in the Sunshine Class on Sunday.

Mr. and Mrs. Aaron Ward and daughter, May, and Isiah Ward, of Asbury; John Hephner, Miss Sarah Coles and Howard T. Anderson, of near Moorestown, attended the funeral of Mr. Ward's uncle, Cooper Taylor, of Tabernacle on Friday.

Mr. and Mrs. Thornton B. Southwick celebrated their forty-first wedding anniversary on Friday. On Saturday evening in honor of the occasion they had supper and spent the evening at the home of Mrs. Mamie Heck, of Fairview, Misses Louisa, Ada and Helen Southwick, of Asbury, and Horace Mason, of Riverdale, were also present. Albert and Charles Heck entertained with music in the evening.

Mrs. Lillie Ward and daughter, May, were visitors at the home of Mr. Ward's uncle, Cooper Taylor, on Sunday.

W. Broad street, Palmyra, last Wednesday.

## HISTORICAL PAGEANT

The New Jersey Historical Pageant to be given by the entire student body of the State Normal School, Gloucester, New Jersey, will take place on the Campus, Tuesday, June twenty-third, at half past six o'clock.

## VARIETY SHOWER

A surprise shower was tendered Miss Anna L. Bates at her home on Delaware avenue last Saturday evening. Among those present were:

Mr. and Mrs. Harvey Ward, Riverdale; Mr. and Mrs. Norman Shively, Mr. and Mrs. Frank Ward, East Riverton; Mrs. Mary O'Sell, Riverton; Thomas Naeve, Philadelphia; James Mitchell, Camden; Mr. and Mrs. Frank Storicks, the Misses Virginia, Violet Storicks, Mr. and Mrs. Harry Storicks and Mrs. Anna Johnson, all of Palmyra.

## FERRY BUSINESS INCREASING

Captain Sidney D. Albertson, superintendent of the Tacony-Palmyra Ferry Company, announces the ferry's business is increasing by leaps and bounds. There is a gain of 33.40 per cent. for the month of May over the number of automobiles and passengers carried in May, 1924. During May, 1925, the local line carried 40,600 automobiles and 43,210 bus passengers for the Philadelphia-Camden Line.

## RUMMAGE SALE

Thursday, June 24th, from 9 a. m. to 5 p. m., at Bishop's store, next to Oliver's Bakery, Broad street, Riverton. Benefit of Girls' Friendly Society.

## THE QUESTION BOX

**U. S. Own the Danish West Indies**  
Student, Palmyra—Does Denmark own the Danish West Indies?  
Ans. No. The United States purchased these islands in 1917, and they were renamed the Virgin Islands.

**Much Carborundum Made at Niagara Falls**  
Machinist, West Palmyra—What is carborundum, and where is it found or made?

Ans. Carborundum, or carbide of silicon, is a substance that is manufactured by a mixture of coke, sand and salt and electrically heated. Much of it is made at Niagara Falls, N. Y. Carborundum is the hardest substance known except diamond.

**Three Kinds of Maples**  
Florist, Riverton—Is the sugar maple, the soft maple and the Oregon maple all the same?  
Ans. No. The sugar maple is used principally for making maple syrup and sugar, the soft maple for shade trees and the Oregon maple as an ornamental tree.

**Black Cats do not Bring "Bad Luck"**  
Superstitious, Chinnaminson—Is it bad luck for a black cat to cross one's path?

Ans. No. Cats have been objects of superstition since the earliest ages. In Egypt they were held in the highest reverence, while others held that the favorite shape of Satan was that of a black cat. Hence, these superstitions have been brought down to modern times. They are a myth.

**Mr. Sinai on the Cliffs of Jabel Musa**  
Bible Student, Moorestown—Is there anything to mark the spot on Mt. Sinai, where the laws of Moses were received?

Ans. While the exact spot is disputed, there is one place on the northwest cliffs of Jabel Musa, that is so marked and seems to answer the required conditions better than any other place on the Sinaiite peninsula.

**"Days of Grace"**  
John, Main street—What is the origin of the term "days of grace?"

Ans. In the reign of Henry II the first day mentioned in each term of court was called "essoin day" because the Court then took the essoins or excuses of those who did not appear according to the summons of the writ, and three days were allowed to every defendant within which to appear. The court did not set for the dispatch of business until the fourth day after that time. Hence the "three days of grace."

**Battle of Bull Run**  
June 9, Riverton—Will you kindly answer in the Query and Answer department of your good paper on what day of the week was the first battle of Bull Run fought? Also the number killed and wounded.

Ans. The first battle of Bull Run was fought on July 21, 1861, which was on Sunday. The U. S. loss in killed and wounded was 1,500, and the Confederate loss in killed and wounded was 1,200. The battle, however, was a Confederate victory.

**Seven Wonders of the World**  
Ancient History, Palmyra—Would you please answer in your Query and Answer what are the seven great wonders of the world?

Ans. In ancient times the Seven Wonders of the World were ascribed to the following: The Pyramids, Hanging Gardens at Babylon, Temple of Diana, Statue of Jupiter, The Mausoleum, Colossus at Rhodes, The Pharos of Alexandria.

**Addressing a Governor**  
Inquirer, Riverton—I wish to ask in your paper what is the proper way to address a governor when writing a letter to him and you are not personally acquainted with him?  
Ans. The governor of any state is addressed as "His Excellency."

**Named Through Habit**  
Theatre-Goer, Thomas Ave.—Why are so many opera houses called "Grand" when they are anything else except grand?  
Ans. Most of them are thus named through habit. The origin, however, is traced to the Grand Opera House in Paris, the finest building in its class in the world.

**Pink for Girl; Blue for Boy**  
Mother, Riverside—What color is for baby girl and what for boy? Thank you.  
Ans. Pink is for a baby girl and blue for a boy. This question was answered in the paper about 4 weeks ago.

**Pumpkin and Coupon**  
Inquirer, East Riverton—How do you pronounce "pumpkin" and "coupon"?  
Ans. "Pumpkin" is pronounced "pump-kin," with accent on the first syllable. "Coupon" is pronounced "koo-pon," with accent on the first syllable.

**EMMA H. FISH**  
Emma H. Fish, 82 years old, died from a stroke of apoplexy at the home of her son, Edwin Fish, 813 Garfield avenue, Palmyra, about noon.

Funeral services were held Wednesday evening at 8:30 with the Rev. Fred B. Morley, pastor of the Epworth M. E. Church, officiating. Interment was made in Mount Prospect Cemetery, Asbury Park, Thursday morning, with Funeral Director Francis E. Snover in charge.

The deceased was born and raised in Camden County. As a boy he learned the carpenter trade and worked at it until twenty years ago, the time of his retirement. His wife died about nine years ago and since then he has spent most of his time with his son in Palmyra. He was a member of a carpenters' union in Asbury Park, where he lived for many years.

Mr. Fish is survived by five sons, Edwin Fish, Palmyra; Archer Fish, Palmyra; Ernest C. Fish, Riverdale; Louis Fish, of Gloucester; Charles Fish, Atlantic Highlands, and one daughter, Mrs. Emma Dickinson, of Philadelphia.

## DIES IN ENGINE ROOM

Ferry Boat Engineer on Palmyra Line Victim of Heart Attack

The time-worn tradition that men who follow the water die at their posts still exists and occurred last Saturday afternoon when Engineer Frank Cattell, Sr., died at his post in the engine room of the ferry boat Tacony.

A sudden attack of heart trouble brought the end a few minutes after Cattell had docked the Tacony, one of the Tacony-Palmyra Ferry Company boats at Tacony on the 2:45 trip from Palmyra. The engineer, who was 60 years old, died at his post on the boat on which he had been engineer and fireman for the past thirty years.

Cattell, who was sixty years old, had been with the Gloucester ferry line for many years. When the Tacony-Palmyra Ferry Company organized, the Tacony, then the Eagle, was purchased, and with it came the old engineer.

The engineer was a resident of Gloucester and the funeral was held at his late residence, 411 Hunter street, 2 o'clock Wednesday afternoon.

Cattell had been home ill four days last week and returned to his duties 6:45 Saturday morning. Captain Sidney D. Albertson, superintendent of the ferry line, made the fatal trip with Cattell, so he might have a few minutes with him to insure about his health.

Just before the boat docked, Cattell said, "I feel great, Cap," never felt better." Less than five minutes later, Captain Albertson received a call to rush to the engine room and found the engineer dead, lying in the arms of the fireman where he had fallen unconscious. Just after he had docked the Tacony for the last time.

Captain Albertson had the body rushed to a police station, hurried the formalities of the issuing of a coroner's certificate and then sent the body to Gloucester.

Captain Albertson said Cattell had been in this line work all his life and had been hired by the new company on his wonderful reputation.

"He was one of the finest and most faithful men that ever stepped into an engine room and the company loses an employee that will be hard to replace," said Superintendent Albertson.

## LEWIS DOERING

Lewis Doering died at his home in Parry last Tuesday. Funeral services were held at the Dover Funeral Home Saturday afternoon at 2 o'clock with the Rev. Hockey, pastor of the Moravian Church, Parry, officiating. Interment was made in Northwood Cemetery, Philadelphia.

One of the greatest discoveries in recent years is, perhaps, that lettuce and other leafy vegetables help to deprive sickness of its place in the sun.

## 5-Cent Trolley Fares On July 1

### New Rates Announced By P. S. Have Some Disadvantages

Public Service Railway Company has filed with the State Board of Public Utility Commissioners a tariff which extends, effective July 1, the five-cent fare system to its Riverside line, operating between Camden and Trenton.

The schedule provides for sixteen five-cent areas in place of two five-cent and nine eight-cent areas into which the line is now divided. The cash fare of eighty-two cents between Trenton and Camden, and which is reduced to eighty cents by adjustment area will provide lower local fares in all of the communities along the line.

The two fare areas north from Camden to Delair will remain as present with a five-cent fare in each, while that part of the line within the city of Trenton will constitute a single five-cent area. Under the present schedule an eight-cent fare is charged in a somewhat longer area in which Trenton is included.

Changes in Fares  
Cash fares between Burlington and Trenton will remain as at present and the cash fare between Bordentown and Trenton will be reduced one cent.

The fare between Palmyra and Camden will be reduced by three cents, while the readjustment brings about a two-cent increase in the fare between Riverton and Camden.

The changed rates will work to disadvantage of Palmyra people working in Riverside. Heretofore they have been able to board the trolley at Elm avenue and ride to the Riverside for one fare, seven and a half cents. Now they will have to pay ten cents or else walk all the way to Riverton station, several blocks further, in order to make the trip for five cents.

The effect will be the same on Riverside people wishing to ride to Edgewater Park. Formerly one taken took them the whole distance, now it will cost ten cents.

When the new schedule goes into effect the five-cent fare will apply to all lines of Public Service Railway, and the system will be the only one of the kind in the country with so low a rate. The five-cent fare plan was originally suggested by the Board of Public Utility Commissioners for application to the larger cities in Public Service system, was put into effect by the company for an experimental period, and was afterwards voluntarily extended by the company so as to include all of its lines. It has proved to be particularly advantageous to the various communities where the low local rate has stimulated riding and consequently shopping, to the benefit of merchants and business people generally.

In New Zones  
The new areas in each of which a five-cent fare will be charged, as filed with the Utility Board are as follows:

1. City of Camden.
2. Camden City line and east end of double track, Delair.
3. East end of double track, Delair, and Arch street station, Palmyra.
4. Arch street station, Palmyra, and Riverton station.
5. Riverton station and Riverside station.
6. Riverside station and South City line, Beverly.
7. South City line, Beverly, and Edgewater Park station.
8. Edgewater Park station and Salem Road, South City line, Burlington.
9. Salem Road and McNeal's, North City line, Burlington.
10. McNeal's and Thread Mill, Florence.
11. Thread Mill, Florence, and Fifth avenue, Rosbling.
12. Fifth avenue, Rosbling, and Shreeve's Brick Yard, Fieldsboro.
13. Shreeve's Brick Yard, Fieldsboro, and Black's Creek, South City line, Bordentown.
14. Black's Creek, Bordentown, and Ely's Corners, Bordentown.
15. Ely's Corners, Bordentown and Labor street, South City line, Trenton.
16. City of Trenton.

An observer in Moscow has learned that out of 359 cases of suicide recently investigated there the number of illiterates was almost nothing. That isn't strange. A person has to be illiterate to find life worth living in Russia.

## COMMITTEE REVISING JERSEY STATUTES

For the first time in fifty years the laws of New Jersey are to be completely revised. Chancellor Walker having appointed Attorney General Edward L. Katzenbach, of Trenton; Maximilian P. Rosenberg, of Jersey City; and Frederick J. Faulk, of Newark, to undertake the work. The committee was authorized by an act passed by the last Legislature.

Under the Chancellor's order of appointment, the committee is instructed to revise, simplify, arrange and consolidate all the public acts of the state which are general and permanent in their nature and which are in force at the time the commission is ready to make its final report to the Legislature.

## FALLS DOWN JAIL STEPS

Woman Injured in Peculiar Accident at Mount Holly

For years the entrance to the Burlington county jail has been known as "up the eleven steps" due to the fact that there are eleven stone steps leading from the sidewalk to the jail door, and many is the man and woman who has stumbled up these renowned steps to terms of incarceration.

However, it took Mrs. Mary Pomelear, of Sandy Ridge, near Chatsworth, to establish a precedent by falling down the eleven steps last week. Mrs. Pomelear had been to the jail to visit a daughter who is being held as a witness in a case, and as she was about to leave the jail with a small son, who had her by the hand, owing to the mother's poor eyesight, in some unknown manner she caught her foot at the top of the steps and pitched headlong down the entire flight landing in a badly crumpled up mass at the foot. In her downward flight her face struck several steps, causing the blood to flow in all directions.

## TENNIS AT RIVERTON COUNTRY CLUB

Saturday, June 27th, will be a gala tennis day at the Riverton Country Club, when the home Club will be host to the tennis teams from four other towns in the West Jersey League: Moorestown, Merchantville, Woodbury and Haddonfield.

There will be entries in men's singles, men's doubles, mixed doubles, ladies' singles and ladies' doubles. Play starts at 2:30. Supper will be served on the club house porch and there will be a dance in the evening.

A grass fire at Linden and Park avenue, one afternoon last week called the fire company out for a quick run. As the trucks passed, a Rivertonian threw out his chest and remarked with pride, "Tell you what boy, Riverton has a fine fire company." "Yes," said another "and fine equipment." "And the boys certainly know how to handle it," said a third. So say we all. Mrs. Harvey E. Stewart attended the commencement exercises at the Montclair Normal School last Thursday, at which time her daughter, Miss Ernestine, graduated as a teacher. Miss Stewart has accepted a position in the Camden schools.

Possibly the reason back of the suggestion that the moon will inherit the earth is the suspicion they will be the only ones left after the strong eliminate themselves fighting over it.

## KITCHEN SHOWER FOR MISS GROGAN

Saturday evening, Mrs. William Barr, Jr., of 700 Bridgeboro street, Riverside, was the hostess at a kitchen shower given to Miss Elizabeth Grogan, of Lansdowne. The guests were: Miss Kitty Grogan and Robert Grogan, of Lansdowne, Mr. and Mrs. James Stewart, West Philadelphia; Mr. and Mrs. F. Schwartz, Mr. and Mrs. Joseph Schwartz, Miss Anna Pfeiffer, Mrs. Belsiff, and Charles F. A. Schwartz, of Riverside; Miss Cecelia Fitzgerald, of Moorestown; Mr. and Mrs. William Barr, Sr., of "Locust Farm," and Mrs. William O'Donnell, of Riverton.

The evening was spent in dancing, to music furnished by Miss Kitty Grogan and Charlie Schwartz, and playing games on the lawn. A delightful supper was served. The wedding of Miss Grogan and Francis J. Barr, of Riverton, will take place in Lansdowne on August 11th.

## CINNAMINSON

Inexpensive to operate, in terms of convenience and comfort it is a bargain.

Our terms make it easy for you to buy.

\$12 down—\$12 monthly

## Riverton Defeats Delanco, 2-1

### Ninth Inning Rally Gives Hubbs First Victory of Season

Manager Clarence Hubbs, of the Riverton ball team, has threatened to disband unless the club gets better support. Early this season Manager Hubbs organized his club in response to many of the fans' enthusiastic requests.

New the people have the club, but do not support it sufficiently to warrant its existence. And the club will disband unless the attendance during the next few weeks shows a big increase.

Manager Hubbs devoted many hours of work developing the nine this spring and in return he gets nothing. It costs money to keep a club on the field and the situation has now reached the stage where it will be necessary for the manager to "dig down in his own pockets" to keep the team running.

Naturally, no man will do that just to run a club in order that a few interested people may be entertained. It is up to the people of Riverton and if they want the club to continue, they must signify it by better support during the coming weeks.

The first half of the Burlington County Baseball League ends 4th of July. This will be the deciding game and Riverton will drop out and disband if the club is not financially and morally, does not warrant it continuing.

A ninth inning rally put Riverton in the lead at the Memorial Park Saturday and gave the club its first victory in the Burlington County Baseball League by a score of 2-1, over Delanco.

Delanco opened the game with several hits and scored her counter in the initial frame. Riverton tightened up, checked any more scoring, but could not seem to muster enough strength to even tie the score. When the ninth was reached and it looked as if the locals were going to be shut out, the Hubbs aggregation suddenly showed new life and staged a beautiful rally.

H. Coyle walked. Burns hit to second and got on base as the result of an error. L. Coyle singled and Lew Sharp spelled defeat for Delanco with a pretty double that sent a pair home.

The win, which tops a long string of defeats and zeros in the victory column, is quite a feather in Riverton's bonnet, for Delanco is almost the class of the effort, being in second place. Riverton has met with some terribly top-sided defeats and now she looks to be on the road to prosperity.

The acquisition of the Coyles, of Riverside, has made a big improvement in the team, and speaking in terms of radio, the Coyle (Col) make the tuning much more selective. H. Coyle replaced Captain Patrick Steedle behind the bat and pairs off very well with Herbert.

The work of the battery of Herbert and Coyle, coupled with the spectacular fielding, hitting and general all-around playing of Lew Sharp at first base were the features of the game for Riverton. Shaw's fielding at short and the hitting of Horn were the Delanco bright lights.

Last Wednesday evening Riverton was a participant in a thrilling twilight game and was noosed out 6-5 by Burlington. This game was staged on Burlington's lot, and the Riverton bunch took the initiative and went in the lead in the fore part of the game. This was held until the last inning when Burlington staged a rally.

There was some dispute over the number of innings to be played, and had the game been called when the locals understood it was to be stopped, Riverton would also have won this battle. Riverton took the disappointment in a sportsmanlike way, went on the field and played the fatal inning after dusk had settled.

This Saturday Riverton will travel to Roeboling. Manager Hubbs is confident of another win, now that the team has been strengthened and the losing streak has been broken.

#### LUTHERAN NEWS

The pastor will occupy the pulpit at both services on Sunday, June 28th. The subjects for the sermons will be, morning, "Trophies," and in the evening "Christian Happiness." These services are short, and, we hope, enjoyed by those who brave the hotter weather to serve their Master. Let us not be winter Christians. A children's sermon will precede the usual sermon in the morning.

On Sunday, July 5, Holy Communion will be celebrated at the morning service. Our summer will not be complete unless we prepare to meet it with Out Lord in the lead. Also this day the Band from the Loydsville Home will render a splendid concert either on the church ground or in the church, according to the weather.

The mid-week service will be in charge of C. F. Buchholz on Thursday, June 25.

Weekly sermonette: "Two, Christ and I, are better than One, I."

#### BOY SCOUTS CAMP

Lads of Troop No. 1, Take Trip to Gratersford

About a dozen of the older boys, members of Boy Scout Troop, No. 1, left Saturday on a camping trip at Gratersford, to be gone until Sunday.

Burlington county Boy Scouts have received the privilege of attending Camp Rotary, situated near Utherville, maintained by the Camden County Boy Scouts Council, but these boys, having camped at Gratersford for several years, felt that they would prefer going back this year as an independent group.

H'm. Horses perhaps. But we have an idea the mules we will always have with us.

### THE CRYING BABY

THE subject is a large and important one and appeals to almost every mother who looks after her children herself, as every mother ought to do, if she can. Upon the way this subject is treated, much depends as to the future welfare of each individual baby.

There are many things which must first be excluded before one decides how a crying baby is to be treated in any given case, and in all cases patience and love and avoidance of anger must be practiced to the very limit of your endurance, and then some more.

Exclude, first of all, as a cause for crying, pain—for babies have feelings and are subject to painful impressions. Just like other folks, whether from safety pins, tight clothing or stomach-ache.

Of course you must find out whether the crying is due to these, or to any other removable cause.

Then there is the matter of disposition; a baby whose mother was fretful, or suffered with grief or worry or great disappointment or a brutal husband, will certainly be a crying baby.

It is born so, it can't help it, and the only thing a mother can do is to be patient and pitiful.

But a child may also inherit a bad temper from one or both parents, and cry and cry from sheer ugliness. With a little study and discrimination it becomes very easy to differentiate a willful, angry cry from a cry of pain.

Even then, don't get angry if you can help it, neither allow your sympathy and love to overcome your judgment.

Sometimes a judicious, remember judicious, use of the hand or slipper, will be a real benefit and kindness; and it may be surprising how quickly, under such treatment, the baby will learn and appreciate who is master or mistress of the household.

If you can stand the annoyance, and it is not too much of an imposition on your neighbors, it would be better for the baby to keep on crying until she is tired out and then goes to sleep, than to give in to her.

You won't have to go through the experience many times, and if you give up to her you may have to do it for an indefinite period.

Now don't say I am cruel and don't know what I am talking about, for I have seen and handled many babies during many years of professional life, and more than that, I am very fond of them.

But it often happens that you can best show your love for a baby, not by yielding to his will, but by endeavoring to have him submit to yours.

(By George Matthew Adams.)

State Has "Cabinet" The Comptroller, explaining the growth of the business his office has to handle, said that in the administration of Governor Edwards his office sent out about 72,000 checks annually, but that present it is handling 160,000 a year.

During recent years, Mr. Bugbee also explained, the powers of the State House Commission have been tremendously increased. It handles the business of the State, while the Legislature is not in session. Mr. Bugbee said it has become practically a "State Cabinet." The members are the Governor, Comptroller and Treasurer. Senator Bright commented the name is a misnomer and should be "Board of Control."

### STATEMENT BY WHITNEY

Let there be no misunderstanding as to where I stand and how I stand as the Republican candidate for Governor of New Jersey. I have been chosen by one hundred and fifty thousand voters or more representing no special group or faction to be the standard bearer of the Republican party.

I am not the Anti-Saloon League candidate or the candidate of any other organization in any sense of the word. I am pledged to no individual or group of individuals. I certainly made that very clear in my primary fight when I pledged myself, if elected Governor, to be the Governor in fact as well in name and submitted my candidacy to the people on the basis of my public record and platform.

There is one big issue that stands out prominently as we line up our party forces against the forces of the enemy. It is Coolidgeism as opposed to Hagueism.

One represents the new order of practical idealism, honesty, efficiency and economy in Government; the other, the political spoils system with all its attendant evils of dishonesty, inefficiency, corruption and graft.

A united party, working harmoniously, can stamp out the plague of Hagueism which has disgraced New Jersey in the eyes of the nation during the present and preceding State administrations. I

and want no Moore-Hague in Trenton.

I am confident that every decent citizen in our State, irrespective of party affiliations, is opposed to the Hague brand of politics and will welcome and vote for a return to rugged Republicanism which is the symbol of honest, capable and decent government.

I am sure that the people realize this

### FORD SALES GOOD

Sales figures of the Ford Motor Company for the month of May show a continued good domestic demand for Ford cars and trucks, the last ten days of the month showing a substantial increase over the previous ten days. The figures also disclose a record-breaking sales abroad and in the high-price car field a growing demand for Lincoln cars. In fact, the Lincoln sales in the United States during May went to a new record with 863 deliveries to customers, exceeding by more than fifty the record established in April.

Ford car and truck sales for the month reached a total of which which number 19,578 were foreign sales. This is a record for foreign deliveries and is more than 1,100 above the April sales.

Department of Agriculture says that in five years this county will suffer from a shortage of horses and mules.

## Riverton Items

Mr. and Mrs. Raymond Bailey spent the week at Ocean City.

Frank A. Godley and family are spending the summer in Ventnor.

Mr. and Mrs. Harry C. Scherwin motored to Atlantic City Sunday.

Mr. and Mrs. E. C. Kline, of Charles street, have gone to Newport, R. I.

Mrs. R. A. Woolman entertained her mother from Burlington on Saturday.

Mrs. Elizabeth Morley, of Wenhatch, is visiting her son, the Rev. Fred B. Morley.

Mrs. H. R. Guldin spent Sunday with Mr. and Mrs. Edwin Seal, of West Philadelphia.

Miss Ruth Luff entertained a party of young friends Wednesday evening at her home.

Mrs. George J. Seal has returned after spending ten days at Hotel Blackney, Ocean City.

Dr. and Mrs. James E. Brown and children spent Sunday with relatives in Philadelphia.

Miss Esther Blaser was the guest of Mr. and Mrs. Joseph Miller at Ocean City last week.

Cho-Cho, the Health Clown, of New York City, is visiting his sister, Mrs. A. H. Welkman.

Mr. and Mrs. Clinton Gibbon and family and Donald Knowlton spent Sunday at Seaside Park.

Mr. and Mrs. Wilmer Roberts and son, Lamont, motored to Bethlehem over the weekend.

Mr. and Mrs. James E. Mellon, of Frankford, were guests of Mr. and Mrs. H. R. Guldin on Friday.

Mr. and Mrs. Fleming of Garfield avenue, and Miss Louise Landgraf, will leave Sunday to spend a month at Dignam's Crossing, Pa.

Boy Scout Troop, No. 2 entertained a Philadelphia Philadelphia Monday evening at the band banks.

The Ladies of the Golden Eagle will have public installation at their meeting in City Hall on July 2.

The High School Alumni will hold a picnic at Cedar Lake on Saturday. Cars will leave the Palmyra station at 2.30.

The Baptist Sunday School took their annual picnic to Nesaminy Falls on Saturday. Nearly two hundred attended.

Miss Dorothy Warner, was tendered a surprise linen shower at the home of Miss Betty Downing Saturday evening.

Mr. and Mrs. Conrad Anthony returned home Sunday after spending two weeks with Mrs. Ida Bertrou in Ocean City.

Mr. and Mrs. John M. Davies and daughter, Kathryn, and Mr. and Mrs. Wesley Davies spent Sunday in Brookline and Valley Forge.

Mr. and Mrs. George B. Shaner and family and Miss Gladys Locke returned home Sunday after spending a week at Seaside Park.

Miss Arline Romm, daughter of Mr. and Mrs. Sol Romm, is on a two-weeks' vacation which she is spending at Allentown, the Delaware Water Gap and Palmerton, Pa.

Mr. and Mrs. Clarence Hubbs, Raymond Clements, Raymond Lamont, Charles Coward, Elsie Bracey, Alexine Lowden and Elizabeth Hires motored to Seaside Park Sunday.

Mr. and Mrs. Glen Snyder, of Leconey avenue, entertained over the weekend, Mr. and Mrs. D. W. Patterson, of Evanston, Illinois, who are spending the summer at Atlantic City.

Mrs. F. Koonz and family, of Schneetady, N. Y., have returned home after spending ten days with Mrs. J. E. Albright, of Columbia avenue.

Friends of Mrs. John King, of Washington avenue, are glad to see her home after three weeks at the Howard Hospital, where she underwent a serious operation.

Miss Edith Morton, of Garfield avenue, and Miss Kathryn Taylor, of Clearwater, Florida, left on Saturday for a trip to Yellowstone Park and Colorado Springs. They will be gone about two weeks.

Miss Anna Rowan, who has been spending two months at the home of Mrs. Frank N. Johnson, has gone to Ocean Grove for the summer.

Miss Kathryn Johnson and Miss Helen Fromuth are spending two months with her there.

The management of the Broadway Palace Theatre announces it will have no printed programs during the months of July and August, and suggests the patrons keep their copy of this paper each week for the program.

Mr. and Mrs. Christian F. Jensen, of Garfield avenue, are enjoying a vacation at Miami, Florida. They sailed from Philadelphia Wednesday, June 17, on the S. S. Berkshire, of the Merchant and Miners Transportation Company.

A large ice cream truck went down to its axle along the trolley tracks near Arch street station early Wednesday morning and held up the trolley traffic for more than two hours, while it was being towed out.

A surprise party was tendered Mrs. Slough at her home 421 Horace avenue, in honor of her 79th birthday. The party was given by Mrs. Slough and her friends.

The Pennsauken Township street sprinkler curbed the dust in Palmyra somewhat by thoroughly sprinkling the West Broad street detours Saturday and Sunday. Prior to that, people living along the streets where traffic is now being diverted from Broad street is under repair, were choked and covered with dust from early morning until late at night. Wonderful strides were made in laying concrete on the right side of Broad street early this week.

Two cases were tried before Justice of the Peace William L. Fichter Monday evening and both were discharged. One was a family quarrel among some of the colored residents of West Palmyra, with both sides charging the other with disorderly conduct. The judge found both factions equally guilty and all were released on promise to behave.

The other case, a complaint against a garbage man by Board of Health Inspector Edward B. Hoff, proved to be unfounded, as the man was conducting his business in a sanitary manner and within the Borough laws, so he, too, was released.

## Drive for Fourth Is Successful

### Over \$800 Already Raised For Big Celebration in Palmyra

With several blasts of the Palmyra fire siren, members of the Palmyra Fire Company, lodges and members of the Fourth of July committee started out last Friday night on a drive to raise \$1,000 for Palmyra's Fourth of July celebration.

The canvassers were unusually successful and within a short time had raised \$800. The remaining \$200 is yet to be collected, but when it is considered many people were away from home at the time, one can readily see that the goal will be easily reached with the co-operation of the delinquent citizens.

According to Chairman J. Edwin Lees, the collectors were unable to secure donations at approximately 75 homes in Palmyra. This, said chairman, was because the occupants were not at home when the collectors called.

Naturally everyone wants to take part in this celebration, which promises to be the finest in the town's history, so those who have not had the privilege of making a contribution, may do so at any time between now and the Fourth. Contributions may be made to any officer or member of the committee.

The committee goes through a busy session every Wednesday evening at the firehouse, and the result is, plans are just about complete for the celebration which will open 7 a. m. with a salute by the Boy Scouts and end 9.30 p. m. with a brilliant display of fireworks at the Field Club Park.

Every member of the committee has his enthusiasm pitched to a high key, and from the splendid cooperation thus given by the citizens, the town as a whole is in for a "grand and glorious Fourth."

A parade with four bands and every organization in town out and in the line 100 per cent strong, will be the big feature on the morning of the Fourth. Sports as usual, will predominate in the afternoon. The committee has a splendid array of prizes to be awarded the winning organizations and those who triumph in the athletic contests.

Details for every minute of the day will be announced next week.

## CAMP 23

Officers were nominated for the coming term at the regular meeting of Camp 23, P. O. S. of A. Monday evening. The election is scheduled for next Monday evening.

The big item on the Camp's program is the visitation to Mount Holyoke on this Friday evening. The Camp which will do the entertaining is anxious for "23" to appear with a large delegation and the officers are doing their utmost to prevent Mount Holy from being disappointed.

Very little is required of the members. All they have to do is be at the Hall 7.30 Friday evening. Transportation will be furnished and every one who goes is assured a pleasant evening.

In addition to the election of officers next Monday evening, a class of candidates will be initiated. Two new brothers were added to the camp last week and several more are expected Monday evening.

Plans have been perfected for the Camp's part of the Fourth of July celebration. Smith's Band, of Burlington, has been engaged and a drive is being made for the Camp to have a turnout befitting its size and ideals. Show some patriotism and sentiment get into the spirit of the day and let's have a turnout that is befitting the occasion. Break all records and turnout in numbers hardly conceivable.

Publicity Committee.

## EPWORTH CHURCH NEWS

The pastor, the Rev. Fred B. Morley, will preach at both services Sunday at the Epworth Methodist Episcopal Church. In the morning the topic will be "God's Requirement." At the twilight service at seven o'clock the topic will be, "Knowing Through Doing." The evening service will open with a spirited song service.

All through the summer three will be three week night meetings. At the mid-week service on Wednesday the bible study will begin with I Corinthians, Chapter twelve. The Epworth League devotional meeting is on Thursday evening. The class meeting is on Friday evening.

This Sunday the Junior department of the Church School will have its picnic. The young folks are to go to Wissinoming Park. The busses will leave the church at five o'clock. All members of the Junior Department will be carried free. A small charge will be made for any others who desire to go along.

Mrs. James K. Hires entertained at luncheon Wednesday.

## Must Admit That Bee Is Kept Fairly Busy

A bee weighs only 1-300th part of an ounce, so the weight of the load it carries back to its hive must necessarily be small—probably not more than 1-1,250th part of an ounce, or a little more than a quarter of the bee's weight.

This means that in order to gather one pound of nectar the bee must make 20,000 journeys out and home. But this is not all profit to the bee. Nectar is only half honey, so that the production of a pound of pure honey requires 40,000 journeys.

What would you reckon an average trip for a bee? A low estimate would certainly give a quarter of a mile each way, or, out and home, half a mile. In that case it is easy to see that a bee must fly 20,000 miles to gather the raw material for a pound of honey. This is equal to 1,250 miles per ounce. Yes, the bee is a great hustler—and, when he has done his job, he gets robbed of all his takings!

**Eternal Truth**  
Individuals may perish, but truth is eternal.—Joseph Gerrald.

**ORDER YOUR MAGAZINES** from your local agent, who can serve you as cheaply as any one, and more conveniently. Elizabeth Bowen, Phone 751.

## Men's Club In Dirigible Trip

### Realistic Pictures and Address on Los Angeles Thrill Big Meeting

A hundred or more members of the Men's Club, of Christ Church, Palmyra, embarked on a thrilling trip on the giant dirigible, Los Angeles, Monday evening, flying all the way from Germany to Lakehurst, and then to Washington where the queen of the skies was christened by Mrs. Coolidge.

The trip was, of course, entirely imaginary, but it seemed real enough to the members of the club as they sat in the darkened club room and watched the moving picture of the flights, accompanied by a splendid talk by one of the dirigible's designers, Lieutenant James Work, of the Naval Air Station at Lakehurst.

Lieutenant Work was enthusiastic about the future of the lighter-than-air craft and predicted that in the near future the dirigible could compete commercially, in freight and passenger traffic, with steamships and even railroads, for long hauls where speed is essential.

The Shenandoah, for instance, traveled from Lakehurst to Fort Worth, Texas, in 17 hours, a trip which takes nearly four days by fastest train. In like manner the flight from Germany constituted by far the swiftest that had ever been made.

The Germans, Lieutenant Work said, carried a million and a half passengers in the Zeppelins engaged in peace-time commerce, without a single accident. Then the Allies forced them to discontinue their use of dirigibles.

The Germans used explosive hydrogen gas to fill the gas bags, while the United States uses helium, which is non-explosive.

The speaker gave interesting details of the operation and control of the dirigible. The great machine is kept exactly the same weight as the air it displaces and is raised or lowered merely by being pointed upward or downward and then propelled through the air. Tubes carrying water actuated by pumps run the length of the craft and to point the nose downward or upward the water is electrically transferred from one end to the other.

One of the big problems in early dirigible construction was to replace the loss of weight caused by the consumption of fuel. Over 300 pounds of gasoline is consumed in an hour. By using hydrogen, which is lighter than air, the weight of the dirigible is now condensed and more weight in water results than what the gasoline weighed. Thus the weight of the dirigible is replaced with some to spare.

Five six-cylinder Packard engines of special design drive the Los Angeles. There are forty odd controls in the cabin and over a hundred steel cables running to various parts of the ship to operate the various control devices.

In addition to the pictures of the dirigible's flights, Lieutenant Work gave reels showing parachute jumping from airplanes, which thrilled the whole audience. Some were slow motion pictures, showing just how the patent parachutes, carried strapped to the body of the airman, first one tiny parachute flies out and opens, then the main parachute after it. When this last parachute opens, it yanks the airman out of his machine and wafts him to the ground, although some times none so gently.

Alfred E. Hindle, of Philadelphia, and William Magowan, of Haddon Heights, rendered some splendid piano solos and duets, which were greatly appreciated.

## BAPTIST CHURCH NOTES

Attendance at the Bible School at 10 a. m. continues good and many are striving to maintain the records of perfect attendance during the morning sessions in order to earn the awards. A total of 175 attended the picnic Saturday at Nesaminy Falls and, as to casualties, were reported, a unanimous vote of 175 "good times" was recorded upon the return home. The committee wishes to publicly thank George Steadman for the courteous service rendered by his men in transporting the school to and from the Park.

Bruce Beahn and Mrs. Blaser have been added to the staff of teachers.

Sunday morning Wilbur Sheriff, of Camden will preach in the absence of Pastor Blaser who will preach the Assembly sermon at Hightstown.

The pastor will return for the twilight service from 7 to 8 and will speak on "Accommodation or Necessity—Which?" There will be a good orchestra and good congregational singing.

The prayer service on Wednesday evening will be an old fashioned Convention Meeting and this will be followed by the quarterly business meeting of the Church.

Thursday afternoon of this week the Philathea ladies enjoyed their monthly thimble party at the home of Mrs. Greenwalt, 34 Henry street. The meeting included a miscellaneous shower for the bazaar to be held in the fall. The hostesses were: Mrs. Greenwalt, Mrs. McConnell, Mrs. Barbour, Mrs. Bond, Mrs. Connor and Mrs. Morton.

A bright spot in Church interest is the way the Baptist ball team took its first step out of "the cellar" in the Twilight League. Perhaps still more loyal rooters at the next game will help give the team another boost. Let's go.

## REAL ESTATE FOR SALE

## GAS-FIRED OVENS SAVE TIME AND LABOR IN DRYING AND SHAPING SUGAR BARRELS

Replacing coke-fired ovens, a battery of gas-fired ovens has proved a saver of time and labor and by uniform distribution of heat, has done away with charring at the coopers' plant of one of the large sugar companies in northern New Jersey.

Seventeen gas-fired ovens of the type shown in the accompanying picture dry and shape over 5,000 barrels a day at this plant.

Each oven consists merely of a cylindrical steel shell and the gas burner is placed at the top. Raised to the inside of the oven, the barrel is dried and the staves are set. The burner is controlled so that the gas is on only when a barrel is in the oven.

## MANY MILES ADDED TO JERSEY HIGHWAYS

Road Building Plans for the Season Have Been Completed

With the completion of its road-building program for this year the New Jersey State Highway Commission will have added one hundred miles of improved roads to the state's system.

The board has now under contract sixty-six miles to be paved this summer and awards of work to be made shortly will increase this total to one hundred miles. Today bids will be taken for placing an asphalt top on five miles of Route 2, between Pensacola Creek and Bridgeboro, in Burlington County, and six and one-half miles of concrete on Route 4, between Tuckerton and New Gretna, in Burlington and Ocean Counties.

New Jersey now has 840 miles of state highway routes, and 494 of these miles have been completed with a hard surface pavement.

The work now under way includes the following:

Route 2—Two miles of reinforced concrete on the Burlington cut-off near Burlington and one mile of sheet asphalt on South Broad street, near the Trenton city line.

Route 4—Twenty-seven miles of reinforced concrete between Toms River and Tuckerton.

On Route 4, one mile of reinforced concrete for the Toms River cut-off in Ocean County and four miles of concrete between Morgan

and South Keyport partly along a new alignment in Middlesex and Monmouth Counties; three and one-half miles of road widening and paving between Rahway and Perth Amboy and two miles for the Perth Amboy Bridge cut-off in Middlesex County.

For carrying State Highway Routes to the new Delaware River Bridge contracts have been given for the grading of two miles of highway in Camden.

**CHAMBERLAIN RESIGNS**

Federal Prohibition Director for New Jersey Quits Office

Ardis G. Chamberlain, federal prohibition director of New Jersey, has tendered his resignation to take effect July 1. Mr. Chamberlain said that he resigned from the government service voluntarily.

It was reported in Washington that the shake-up in the ranks of the prohibition agents which has been going on for the past two weeks in the Philadelphia district would reach into New Jersey shortly. It was said that seven state agents were scheduled for dismissal for inefficiency.

For nearly six months special "under cover" men from the intelligence unit of the treasury have been investigating the activities of a half score of New Jersey agents. The agents, it was said, will be asked to resign, and if they refuse to do so charges will be made against them.

The resignation of Mr. Chamberlain caused no surprise in prohibition circles. It was known several months ago that Mr. Chamberlain

wanted to resign but was asked to withhold his resignation until after the June primary.

It is believed that the enforcement work in New Jersey will now be turned over to Reuben S. Sams, who until two months ago was enforcement head in the Philadelphia and Camden district. Mr. Sams was recently transferred to Newark.

It is said he will be given a chance to cure good, and if the present system does not measure up to standard the enforcing activities will then be transferred directly to Washington.

## POWELL HIGH MAN

Assemblyman Received 11,859 Votes in County Primary

Complete returns received through the office of the county clerk at Mount Holly show that Clifford R. Powell, of Mount Holly, candidate for the Republican assembly nomination, was given the highest number of votes, 11,859, at the primary election on Tuesday, of last week. Charles R. Stout, of Florence, Republican candidate for freeholder, came next with 9,065. The final vote follows:

**For Governor**

Whitney ..... 8703  
McCran ..... 4922  
Doremus ..... 1595

**For Assembly**

Pancoast ..... 3361  
Powell ..... 11859

**For State Committee**

Reeves ..... 8743  
Pine ..... 3393  
McCran ..... 6314  
Mrs. Russell ..... 8583  
Mrs. Decker ..... 3961

**For Freeholder**

Cobb ..... 912  
Ziegler ..... 3393  
Curwen B. Fisher ..... 6971  
Stout ..... 9065  
William H. Fisher ..... 911  
Rogers ..... 5514  
Parker ..... 1669

Mrs. Florence Jacoby, of Edgewater Park, came out unscathed in the attempt that was made to oust her from the Democratic State Committee. The fight was a triangular one with William B. Vandegrift, Richard P. Hughes and James Mercer Davis leading. Mr. Vandegrift was returned to the Democratic State Committee against his two opponents. The final Democratic returns follow:

**For Governor**

Moore ..... 2217

**For Assembly**

Hunt ..... 2217

**For State Committee**

Gibson ..... 1055  
Bradock ..... 608  
Vandegrift ..... 1128  
Mrs. Earling ..... 933  
Mrs. Gauntt ..... 633  
Mrs. Jacoby ..... 1118

**For Freeholder**

Barcklow ..... 1994  
Atkinson ..... 1898

## Material for Buttons

Vegetable ivory, a material from which buttons are made, is collected chiefly in South America and Africa. From the former comes the corozo nut, the commonest sort of vegetable ivory, while Africa grows a strange apple which in due course hardens to the hardness of ivory. Thousands of these nuts and apples are converted into buttons every year.

**LAND-RIELLY**

Miss Evelyn Dorothy Rielly, daughter of Mr. and Mrs. John T. Rielly, of Beverly, and Joseph Winfield Land, son of T. Winfield Land, of Delaware avenue, Palmyra, were married at St. Joseph's rectory, Beverly, by the Rev. James McKeever, Saturday afternoon.

The bride was attended by her sister, Miss Fern Rielly, as bridesmaid and Raymond Freeman, cousin of the groom, was best man. The bride wore white georgette crepe and carried a bouquet of white rose buds and Miss Rielly was attired in green and carried a bouquet of pale pink rose buds.

The ceremony was followed by a reception at the Odd Fellow's Hall, Beverly, which was attended by more than a hundred of the couple's relatives and friends.

The happy couple left Saturday evening for their honeymoon at Seaside Heights. They returned Monday evening and will reside with Mr. Land's father for a short time before going to housekeeping.

## Find Antique Bridge

As the result of excavations at Trent Park, England, the residence of Sir Philip Sassoon, a drawbridge of great antiquity has been discovered. Roman daisies and sandals and some Roman horseshoes also have been unearthed. Dick Turpin used to hide in the moat in this park.

## DIPLOMA FOR CHAS. E. TURNER

The Lincoln Medical Preparatory College, of Philadelphia, has awarded a diploma to Charles E. Turner, son of Mr. and Mrs. Charles L. Turner, of East Riverton. The commencement exercises were postponed indefinitely as the auditorium of the new building is not yet completed. Young Turner had previously been awarded a Pennsylvania State diploma. The local lad made a splendid record at Lincoln.

Calvary Presbyterian Church

Attention is again called to the fact that the hours of services at Calvary Church have been changed as follows: Morning worship at 10:30 a. m.; Sunday School at 11:45; Christian Endeavor at 7:15 and Evening prayer at 8:00 p. m.

The pastor will preach in the morning on the theme: "Power," and in the evening on "The World's Saviour."

A cordial invitation is extended to all to worship with us.

There will be no Mid-Week Services during July and August.

**Long Stroll in Sleep**

Barless, barefooted, wearing pajamas with a broad red stripe and carrying under his arm a parcel resembling a banjo, a man of Brighton, England, was discovered to have walked in his sleep to a village five miles distant.

## Summer Weather is Usually HOT

The Question is how can we heat WATER with the least effort and expense?

The Answer is

## An Automatic Storage Gas Water Heater

that retains heat like a Thermos Bottle. No more eight or ten dollar gas bills just for heating water in average homes.

Absolutely safe—no pilot light to blow out.

## Stackmen Beat Royal Giants, 6-1

Field Club Displays Fine Form Against Fast Colored Nine

The Royal Giants came far from proving to be the match they expected to be for the Field Club last Saturday. Joe Stack's converted nine came through with flying colors and defeated the colored team 6-1.

Palmyra got off with a good start scoring one run in the first and another again in the fifth. The Giants pepped up in the fifth and scored their counter. To top this off Palmyra drove in another pair in the sixth, to maintain the comfortable lead, and finished off with the last couple in the eighth.

Errors were costly for the colored boys. Three men who reached first as the result of misuses continued their trip around the bases and tallied.

Sammy Rodgers opened the game with a single. He was advanced on a sacrifice by Buddy Mathews, a driven home on a single by Frank King. In the third Babe Flynn, the winning twirler, led off with a hit to Pratt at second. Pratt muffed the ball, allowing Martin to reach first. Rodgers came through with a sacrifice and the pitcher was driven in on a double from the trusty war club of Len Baker.

With two out in the sixth, Palmyra's men started their scoring. An error by the catcher, followed by singles by Bennett and Gordon Andrews, netted Palmyra the pair. King and Bennett doing the scoring. Len Baker led off in the eighth with another one of his doubles. A muff gave Andrews his start, and the pair went home on a timely single by Weikman.

The whole team played a brilliant game and outclassed the Giants from every angle. Len Baker's consistent hitting, the majority of bingles being more than one base, just what the fans like and wins games, has been one of the features of the last few weeks. Len's hits are not only long and often, but most always figure in scoring.

Flynn's pitching has also played an important part in the recent victories. Babe has been displaying wonderful form on the knoll and has helped put the locals in their rightful position in the win column. Spectacular fielding by Sammy Rodgers added pep to Saturday's party. This Saturday the Field Club will meet the Faneunk Professionals. This is a classy club and will furnish stiff opposition for the locals. Faneunk meets teams like the Bacharach Giants, Baltimore Black Sox and clubs in this section of the finest.

The fandom is invited to attend this fracas and see how Joe's club matches up against a team like this. Financial support is also necessary in this case for the "Pro" demand quite a sum of the fifty lures for their appearance here. If you want to see club like this is Palmyra, come out and help pay for them. Otherwise, Manager Joe says he can't afford to book any more big attraction.

### HOEFNER-RYCKMAN

The Epworth Methodist Episcopal Church, decorated with summer's early flowers, formed a beautiful setting for a pretty June wedding which was solemnized at 2:30 Saturday afternoon when Miss Dorothy DeCeu Ryckman became the bride of Mr. Howard Ellwood Hoefner.

The bride is the daughter of Mr. and Mrs. James A. Ryckman, of Washington avenue, and the bridegroom is the son of Mr. and Mrs. John P. Hoefner, of Washington avenue.

The bride was attended by Miss Margaret Hartman, of Philadelphia, as maid of honor, and Miss Hope Kerschner, of Palmyra, as bride's maid. Edward Beeton, of Palmyra, was best man. The ushers were Stanley Ranson, of Philadelphia, and Gordon Moffitt, of Palmyra.

The bride wore yellow ombre georgette which shaded from delicate lemon worn by Miss Kerschner to the deep orange of Miss Hartman's gown. All wore large hats and the bride carried a bridal bouquet of roses, lilies of the valley and baby breath. Her attendants carried bouquets of roses and lilies of the valley.

After the ceremony they were driven from the church in Mr. Hoefner's car, and after eluding a party of friends, they left on their honeymoon in a new Dodge coupe, presented to them as a wedding gift by Mr. and Mrs. Hoefner.

They will tour the Pocono Mountains and spend some time at the Delaware Water Gap, returning the latter part of this week. Until their new home at 911 Washington avenue is completed, they will reside with the bride's parents.

The bride and groom are graduates of Palmyra High School, are popular with the younger set of Palmyra and Riverton and are active in the work of the Epworth Sunday School and church. Mr. Hoefner recently resigned as scoutmaster of the local troop, after having served in that capacity and assistant scoutmaster for several years. Mr. Hoefner is connected with his father's business in Philadelphia.

The happy couple received many beautiful gifts.

## FIREMEN MEET

English Lawyer Addresses County Session at Medford

Delegates from nearly every fire company in Burlington county attended the monthly meeting of the Burlington County Firemen's Association in Medford last week. The delegates were the guests of the Union Fire Company at that place.

The meeting was in charge of David A. Brotherton, former chief engineer of the Burlington Fire Department and president of the Burlington County Association.

The address of welcome was made by the Rev. William Ewen, pastor of the Methodist Episcopal Church, Medford, who spoke of the importance of the firemen to the various communities to which they belonged and told how glad the firemen and citizens of Medford were to entertain them.

The principal address was made by Sir Henry Mitchell, an eminent English lawyer, who is visiting this country. Mr. Mitchell was an entertaining speaker, having a wealth of amusing stories with which he illustrated his remarks.

The speaker referred to the usefulness of the volunteer firemen and told how they risked their lives to save the property and sometimes the lives of others. He said that a spirit of co-operation should exist among the members instead of cliques and factions, and stressed the importance of having the citizens of a community to stand by their fire companies.

Sir Henry also gave some amusing impressions of his travels in this country which were greatly appreciated by the firemen.

Edward H. Flagg, Jr., of Riverton, chairman of the committee on contributions to the hospitals at the State Firemen's Home, Boonton, reported that the amount donated was \$539. The campaign being ended, the committee was discharged with the thanks of the association for its excellent work.

The remainder of the session was devoted to the regular business of the organization.

At the conclusion of the meeting the firemen went to the home of the Union Fire Company, where a luncheon was served.

### FIRE ON MEDFORD FARM

A gasoline engine back-firing was responsible for the total destruction of the barns and all outbuildings and a large brick mansion house on the farm owned by William J. McCoy and occupied by his son-in-law, Samuel Beebe, located on what is known as the Hartford road, between the Church road and the Marlton pike, about a mile from Cross Roads, Tuesday evening last week.

Some inflammable material near the engine was set on fire by the flash and in less time than it takes to tell it the building was a seething furnace. Mr. Beebe, with the help of his man, soon extricated the stock, which was in the large barn and realizing that the buildings could not be saved from destruction they gave their attention to removing the furniture from the house, all of which was saved.

Firemen from Mount Holly and Medford responded promptly but they were unable to stop the progress of the flames with their chemicals and the long row of barns running up close to the rear of the house, the old brick mansion, erected in 1813, was soon smoking. It later breaking out in flames and being totally destroyed. There was nothing left standing but the bare walls.

## GREEN-BROWN

Miss Margaret Lucy Brown, daughter of Mr. and Mrs. Robert Brown, of Berkely avenue, and John Walter Green, son of Mr. and Mrs. A. K. Green, of East Charles street, were married at the Sacred Heart Church rectory, Riverton, Saturday morning at 10 o'clock. The ceremony was performed by the rector, the Rev. J. A. Rigney.

Miss Brown was attended by Miss Lucy Atkinson, of Parry, an maid of honor and Robert Brown, brother of the bride, was best man. The bride was attired in white, wearing a suit of white crepe de chine and a large picture hat. Miss Atkinson wore pink crepe de chine, trimmed with ecru lace, and a large picture hat.

The wedding was followed by a reception held at the home of the bride's parents with 100 friends and relatives attending.

The happy couple left Saturday evening on their honeymoon which is being spent at Wildwood. Upon their return they will reside with Mr. Green's parents.

### NEW U. S. MARSHALL

Frederick C. Schielder, of New Brunswick, succeeds Mulheron. Defeated last week for a Congressional nomination, Frederick C. Schielder, of New Brunswick, was appointed United States Marshall for the district of New Jersey to fill a vacancy a few days old through the death of James W. Mulheron, of Trenton.

The appointment was announced at the White House after it had been made by President Coolidge, who had been in conference with United States Senator Walter E. Edge.

The new United States Marshall is a real estate operator. He was a

candidate for the Congressional nomination in the Third District at the primary election on Tuesday and was defeated by Stewart Appleby, son of the late Representative T. A. K. Green, of East Charles street. The death of the former United States Marshall Mulheron left that important Federal appointment available and Senator Edge acted promptly.

Until the announcement of the appointment had been made from the White House Senator Edge maintained a silence about his intentions and consequently the announcement came as a complete surprise in New Jersey political circles.

It was indicated that while he was in conference with the President, Senator Edge renewed his request that consideration be given to the availability of O. H. Hammond, of Bernardsville, an official of the State Republican Commission, for a diplomatic appointment.

### RULES ON GUARDIANSHIP

Judge Slaughter, in an opinion filed last week, grants the application of Mrs. Agnes C. Weber, maternal grandmother of Marie Bell, age two years, for the guardianship of the child.

Two petitions had been filed for the guardianship, both by grandparents. The other applicant was Isaac Bell, paternal grandfather, and the evidence, taken a short time ago, revealed about equal social and financial guardianship. Both are residents of East Riverton.

The Judge decided in favor of Mrs. Bell principally on the ground that she has had custody of the orphan since the death of the child's parents and during that time not only exercised care in the proper upbringing of the girl, but a strong bond of attachment has formed between the two that should not be broken.

## The Adaptability of Electricity!

It is the adaptability of electricity that makes it the ideal power for all manufacturing processes. From the same source and over the same wires comes the energy that operates the giant cranes that pick up locomotives as if they were feathers and the energy that operates the carefully calibrated machinery used in the textile industries. For manufacturers in a territory served by an efficient electric utility, the question of power supply has been solved by the Central Station.

In five years the yearly electric sales of Public Service Electric and Gas Company, excluding current for the operation of street cars, increased by seventy per cent. Constantly increasing demand for service gives value to securities backed by the earnings of electric utilities. That's a reason for buying
