

NOVEMBER

HAROLD WOOD LOSES LIFE IN AUTO CRASH

Former Palmyra High School
Athlete Killed When
Car Overturns

WAS ON HIS WAY TO BIG FOOTBALL GAME

Victim Was Member of Famous
Relay Team That Won Na-
tional Championship

Harold Wood, eighteen years old, former Palmyra high school athlete, died at seven o'clock Saturday evening in the hospital from injuries received in an automobile accident near there Saturday morning.

He was a student of Mercersburg Academy and was on his way to Philadelphia to attend the University of Pennsylvania-University football game. He was accompanied by three other Mercersburg students who escaped unscathed.

They were: Fred Sacks, son of Mr. and Mrs. Fred Sacks, of Palmyra; Geiger Omwake, son of the dean of Franklin and Marshall College, of Lancaster; and Marshall Snyder, of North Conway, N. H. The story of the accident as told by Sacks follows:

"We left Mercersburg Friday afternoon. Mrs. Omwake, Geiger's mother, came to the school after us in their machine. A Hudson coach. We went as far as Lancaster Friday evening and spent the night at Omwake's home.

"We left Lancaster about ten o'clock Saturday morning and Geiger was at the wheel of the car. The accident occurred about 10:30 at Paradise, a small village half way between Lancaster and Coatesville.

"Forced Off Road
"Geiger was driving at a moderate speed, between 30 and 35 miles an hour, when another machine overtook us traveling much faster. The driver, after passing us, cut over the right too quickly and the rear of his car caught in the front left hand wheel of our car.

"With wonderful presence of mind, Geiger quickly jammed on the brakes, which was probably saved the rest of our lives.

"Our car was forced off the road by the impact, went over a slight embankment and landed on its side and slid about twenty feet along the trolley tracks which run parallel with the road a few feet below.

"After the sickening crash, the three of us crawled from the wrecked machine and found Harold lying down the track where our car had come over. He was unscathed, his body was in a mangled condition.

"We halted ten passing cars before we finally stopped. In it was a party also going to the Penn State game. Wood was laid on the back seat and rushed to the Coatesville hospital, the twelve mile trip being made in fifteen minutes.

"Crushed by Overturned Car
The boys did not know how Wood left the car. None of them were thrown and it is thought he must have jumped as the machine crashed over the embankment. The boys remained in the hospital until their injured father until his parents, Mr. and Mrs. G. Raymond Wood, of Pittman, arrived.

"Although the youths were not told, X-rays taken in the hospital shortly after the accident disclosed Harold could not recover. Both arms were broken, his knee was fractured, his legs were badly torn, his skull was fractured and his face was a mass of deep cuts and scratches.

"The driver of the machine which forced the students' car off the road was stopped and was held for future hearing.

"Wood and Sacks, who were members of the Palmyra high school one-mile relay team which won the class B national scholastic title at the Penn Relays last spring, were graduated from Palmyra High in June. They entered Mercersburg this fall and were to have matriculated in Wharton School, University of Pennsylvania, next year.

"Had Bright Future
Harold, with Sacks, was almost assured a position on the Mercersburg track team and would undoubtedly have made a wonderful record in "prep" school athletic circles. He was already in much better condition than he had been in while a star football player and track man at Palmyra High.

His sudden death was a shock

mobile accident last Saturday.

to his large circle of friends in this section. His family moved from Riverton to Pittman more than a year ago, but Harold remained in Riverton until he had completed his course in high school.

He had been elected to the preliminary organization of the Mercersburg Literary Society at the Mercersburg Academy and was a member of Excelsior Chapter, DeMolay, Camden. Last year he was star backfield man on the DeMolay football team.

School Pays Tribute

Both students and members of the faculty at Palmyra High School mourned the death of the former student. The funeral was held at the home of his parents, 208 West Holly avenue, Pittman, Wednesday afternoon at 2 o'clock. Floral pieces were sent by the football and track teams, the faculty and student body.

Tuesday morning at assembly Prof. A. S. Griffith, the supervising principal, in a few remarks paid tribute to the dead lad and the entire student body went into silent prayer for a minute.

Miss Anna May Bell represented the faculty at the funeral. The track team attended and Captain Snyder and Geiger Omwake, who were room mates of Harold's at Mercersburg; Harris Sacks, Bruce Beahn and Wallace Sullivan, members of the championship relay team with Harold; and Edgar Miller of Riverton, who is attending Haverford Preparatory School, Wallace Sullivan is now a student at Rutgers College and Bruce Beahn is still in Palmyra High School.

The interment was made in the Wenonah cemetery.

The pall bearers were Marshall Snyder and Geiger Omwake, who were room mates of Harold's at Mercersburg; Harris Sacks, Bruce Beahn and Wallace Sullivan, members of the championship relay team with Harold; and Edgar Miller of Riverton, who is attending Haverford Preparatory School, Wallace Sullivan is now a student at Rutgers College and Bruce Beahn is still in Palmyra High School.

The interment was made in the Wenonah cemetery.

The masquerade dance given by the Kieckhefer Container Company, under the direction of Betty D. Beaton and Mabel E. Shaw, at the Riverton Hotel, Thursday, October 23, was the occasion of a very pleasant time.

Nearly one hundred guests were present from all over that section, the costumes were varied and handsome.

Prizes were given for the most original, best dressed, and comic. They were entertained by the Royal Commodore Orchestra of Palmyra. The Club was attractively decorated for the occasion.

The second Monthly Motion Picture provided by the Riverton Parent-Teacher Association for the school children will be given Friday, November 13, in the auditorium of the Riverton Public School at 8 o'clock. Admission: Adults, 15 cents; children, 10 cents.

The program for the evening follows:

"Circus"
A beautiful scene of Napoleon's birthplace.
AESOP FABLE (animated cartoon)
"The Sheik"
Paul Terry's cartoons are always entertaining and this is one of his best.

AMERICAN HOME LIFE DRAMA
"Disposing of Mother"
An interesting story of a widowed mother and her married children.

OLD FASHIONED COMEDY
"Saturday Morning"
Another of the famous Our Gang comedies. All are good, but this is better than most.

Trolley Hits Auto at Thomas Avenue

Car Is Hurled 40 Feet In Accident at Dangerous Crossing; Motorman Blamed

An accident, which was directly attributable to the violation by the motorman of a Riverton Borough ordinance requiring trolley cars to come to a full stop on the near side of the street, occurred at the Thomas avenue crossing Saturday night, when the car of William Wagner, of East Riverton, was completely demolished, and Wagner was badly injured that he was taken to the Riverside hospital.

The accident was witnessed by A. Wilson, William A. Welsh and Lawton Fanner. According to these men, who were in their cars waiting for Wagner so that they could make the crossing, the trolley did not stop, and Wagner, who was on the street, was struck by the trolley at this point could not stop his car in time to avoid the crash. His car was hurled forty feet or more by the impact.

The accident was completely blamed, was picked up by Mr. Wilson and hurried to the Riverside hospital in Charles McCardell's Stiney. George D. Steedle accompanied Councilman William B. Lynch, member of the police committee, directed Officer Quigley to arrest the motorman, Richard Roselle, who was placed in the lock-up where he remained until released later in the evening on \$500 bail furnished by the Public Service. Roselle was given a hearing before Mayor Fred P. Hemphill, who, after consulting with Councilman, Prosecutor Hillman, and ascertaining from the hospital that Wagner's injuries were not likely to prove fatal, accepted bail for the motorman's release.

Superintendent Taubin, of Riverside in charge of all division, came to Riverton immediately after the accident, and is reported to have said that he hoped the borough authorities would look up every trolley car that violated the ordinance, and that he would be glad to pay the fine out of their own pockets.

The subject of trolley cars passing intersecting streets without stopping was discussed at the meeting of the Riverton Chamber of Commerce Thursday night, and a resolution was passed to request the city to see that the ordinance is observed.

It is understood that some of the motormen observe the order to stop their cars on the near side of the street, while others utterly ignore it.

BANQUET FOR LEGION POST ON NOV. 11th

Palmyra Veterans Will Celebrate Armistice Day With Dinner and Dance

CALVIN O. ALTHOUSE
WILL BE SPEAKER

Hope to Conclude Drive For \$1,000 Orphans' Fund in Week's Time

Post Frederick M. Rodgers with his annual big night with a banquet in P. O. S. of A. Hall on the evening of November 11th. A full program has been arranged by the committee consisting of musical selections by artists of note. The speaker, who is probably known to all in this vicinity, Dr. Calvin O. Althouse, will be present and this assurance alone will warrant a large attendance.

The banquet will start at the hour of seven, promptly, during the course of which music will be furnished by a well known orchestra. After the culmination of the musical and literary entertainment and a number of other features, the entertainers, the guests will be invited to join in the "light fantastic."

Endowment Drive
William Miller, chairman of the American Legion Post, announced the opening of the Endowment Fund Drive on Wednesday evening at the reception tendered Frank A. Mathews, Jr., Commander of the State of New Jersey.

Palmyra's quota will be \$1000 and Post Rodgers is in hopes of reaching the mark by the evening of Armistice night. It, therefore, invites contributions to the most worthy cause which means that a dollar collected will save some poor war orphan an extended help.

If every citizen of Palmyra would acquaint himself with the conditions warranting such a drive, there would be no necessity of extending this order of appeal to us who are so fortunate to at least give some portion of our good fortune toward saving and caring for these lives which will mean so much for the America of tomorrow.

Let's do it Big and do it NOW.
Send in your contributions to the Post or to William Miller, Chairman. This is the Legion's work in which every member is lending a hand but the obligation rests upon every individual as well.

Post's Activities
The Trustees and Advisory Committee had a very inspiring and profitable meeting Thursday evening last in the Post rooms. Every committee rendered an encouraging report which received the commendation of Commander MacCrossen.

HARRY DRAKE, a very successful and successful business man, has a long list of more flexible financing of properties in this section. His success is well assured, owing to the rapid increase in the completion of the Delaware River Bridge and the many proposed developments in recent realty activity.

Many difficulties are encountered by prospective home buyers in securing funds to complete the purchase of a home. The Suburban Mortgage Company has been organized to bridge the gap between the usual first, or building and loan mortgage, and the purchase price of the home, beyond the cash payment the purchaser has.

The officers of the company are: Dr. Samuel W. Collins, president; C. R. Hoyle, vice-president; Leon C. Quast, secretary, and A. Harry Rudnick, treasurer. J. Wilson Ryster, William S. C. Rorer, William H. Lindsay, William M. Thackeray, Clarence N. Hubbs, George W. Orin, Robert Cole and Ralph L. Flower are the directors.

It is understood that the company has funds available for the purchase of second mortgages. There is also a limited amount of loans which can be secured on time payments through the officers or directors or at the office of the company.

Another attractive fall wedding took place Saturday afternoon at 3 o'clock in the home of Helen Bowers, daughter of Mrs. Roxanna Bowers, and Mr. Henry Elliot Bowers, were married in the Central Baptist Church, 48th street and Baltimore avenue, Philadelphia.

A reception followed the ceremony at 5012 Hazel avenue. The bride, who was given in marriage by her brother, Mr. Emory Bowers, wore white georgette, a veil crowned with orange blossoms, and carried white roses and a shower bouquet of lilies of the valley.

The maid of honor, Miss Helen Taylor, of Palmyra, was dressed in yellow georgette and carried yellow chrysanthemums, backed with autumn leaves.

Little Miss Jean Stober was flower girl.

The bridegroom was attended by his brother, Allen Bowers. The bridesmaids were Mr. Stover, Howard Ruse, John Rowley, and Cecil Bowers.

The wedding march was played by Miss Catherine Rowley.

The church was tastefully decorated with yellow chrysanthemums and autumn leaves.

A reception was held at the home of the bride, Seventh and Main streets, Riverton, immediately following the ceremony.

After a short wedding trip Mr. and Mrs. Rowley will live just outside of the borough on the Riverton road.

To be seen at the home of Mrs. David Gould at 6 Seventh Street, or at your home. These attractive and useful gifts will help you to avoid the crowds in town. Phone Riverton 528-B.—Advertisement.

Tobacco acreage in the United States this year is 1,693,000 acres, 1 1/2 per cent less than last year.

NEXT GOVERNOR

A. HARRY MOORE
Who was elected Governor of New Jersey last Tuesday, defeating his Republican opponent, Arthur Whittey by a majority of 40,000.

QUIET ELECTION

Riverton and Palmyra Return Usual Republican Majorities

Tuesday's election passed quietly in Palmyra and Riverton. Each town gave its customary majorities for the Republican ticket and there were no local contests of note.

Riverton gave 620 for Whitney to 200 for Moore; Palmyra's count was 815 to 269 and Chinnamin Township's 240 to 134.

The Republican County candidates followed along in about the same proportion, Assemblyman Clifford R. Powell being high man.

Mayors Fred P. Hemphill and James T. Tarr were reelected in their respective boroughs of Riverton and Palmyra.

William B. Lynch, William A. Welsh and Edward H. Flagg, Jr., were reelected Riverton Councilmen and J. Edwin Lees, Wilmer H. Rindel and Joseph A. Davis were chosen in Palmyra.

J. M. Coddington was elected Justice of Peace in Riverton and John A. Bauer and Walter Horner were named for that office in Palmyra.

The Republicans lost the fight for governor, Hudson County, as usual, running up a Democratic majority which swamped the Whitney majority all over the rest of the state.

MORTGAGE COMPANY IS FORMED HERE

New Organization Will Handle "Second" to Aid Home Buyers

Builders and real estate promoters will find another boom in their activities in the future through the organization of the Suburban Mortgage Company which was incorporated July 6, 1925, by a body of Palmyra and Riverton residents interested in the development of this community.

The object of this company is primarily to promote the development of the community through the financing of home building and selling by the purchase of second mortgages.

The directors felt that the Mortgage Company, formed at a very opportune time, would undoubtedly find a long felt need for more flexible financing of properties in this section. Its success is well assured, owing to the rapid increase in the completion of the Delaware River Bridge and the many proposed developments in recent realty activity.

Many difficulties are encountered by prospective home buyers in securing funds to complete the purchase of a home. Riverton Chamber of Commerce Wants Moving Picture Theatre

Program of Various Things Needed in Borough Is Mapped Out At Interesting Meeting

Things got started at the meeting of the Riverton Chamber of Commerce held in the firehouse Thursday evening of last week. Resolutions were passed directing the secretary to communicate to the Riverton Borough Council the sentiments of the Chamber on several matters of public interest, and committees were appointed to investigate the advisability of incorporating, so that a building may be purchased for a meeting place, and to take steps toward getting a high-class moving picture theatre to locate in Riverton.

The chairman of the Board of Directors reported that at a meeting held the previous week, a number of subjects to be brought before the Chamber of Commerce were considered, and after much discussion five were selected.

First, to take steps to prevent express trains from running through Riverton at the present rate of speed, which is considered dangerous to the traveling public. This proposition brought out a spirited discussion by the members of the Chamber present, and it was finally decided to ask the borough council to secure a better system of signals at the crossing instead of attempting to slow up the trains.

A resolution was passed directing the secretary to lay before the borough council the request of the Chamber that improved signal lights be placed at Cedar street, which is now unprotected in any way, and substituted for the swinging disc signal at Thomas avenue.

Discuss R. B. Huling
The second proposition was to secure the enforcement of the railroad ruling that engineers must not bring their trains into the station while another train is standing there discharging and taking on passengers. This brought out a spirited discussion as to just what this ruling really is, and terminated in the passage of a resolution that the council be requested to ask the Railroad Company to extend the zone between its tracks 100 feet east and 150 feet west. It was thought that this would prevent people from crossing the tracks in front of trains to make short cuts to their trains or on their way home. This plan, however, does not remove the danger to those commuters who rush across the track in front of the east-bound train to reach the west-bound train at 7.40.

The third proposition was to see that trolley motormen bring their cars to a full stop on the near side of all streets crossing Broad street, that is, Cedar street, Main street, Thomas avenue and Elm avenue. The necessity for the enforcement of this regulation was so apparent that there was no argument, and the resolution to urge council to take immediate action in this matter was unanimously passed.

Fourth, came a discussion as to whether or not Riverton should ask for an extension of the special bus service now accorded Palmyra. It was stated that during rush hours additional buses left Palmyra station for the Tacony-Palmyra ferry. Some of the members present, however, thought that the bus service at Riverton was adequate and the matter was left over for further consideration.

"Movie" for Riverton
The project of a moving picture theatre for Riverton was discussed and considered. A number of offers were considered and it was also thought advisable to consult several moving picture concerns in order to find out their requirements for locating here. It was pointed out that moving pictures bring a great many people into the town in the evening and a Saturday night in Riverside was sighted as an illustration of what this means to the merchants.

It was thought that a good moving picture house would draw much of the patronage from the immediate vicinity of Riverton which now goes to Riverside, Mount Pleasant, Merchantville, Camden, Burlington and Mount Holly. A resolution was passed referring the whole subject to the Board of Directors and the chairman appointed the following committee to handle it: Carl Latch, Ross E. Matlis, Louis C. Clelland, L. G. Rogers and Edward R. Williams.

Joseph M. Roberts said he thought it might be a good idea to incorporate the Chamber of Commerce so that it might own property. His idea was to buy a suitable place in which to meet. Some of the members present, however, thought the place out to other clubs and organizations for a meeting place. His suggestion was rejected.

FOREST PRESERVATION
The year 1925 is going to show a splendid record in the national campaign for preservation of forests.

This work has gone ahead on two lines, prevention of forest fires and reforestation of logged-off areas.

One of the largest timber corporations in the Northwest follows a program of replanting within three years every acre that is cut down.

Forest nurseries are being established to enable this company to replace about 4,000 acres a year.

A survey by the American Tree Association shows that 19 states have state forests, 33 have state nurseries, 16 have state nurseries, and that millions of dollars are being spent on reforestation.

LEAGUE OF WOMEN VOTERS
The regular monthly meeting of the League of Women Voters will be held Thursday afternoon, 19th, at 2:30 o'clock, at the home of Mrs. John G. Buehrer, Broad and Main streets, Riverton. It is worth your while to be a member, and you are cordially invited to attend.

ferred to the board of directors and Howard B. Conover, William B. Lynch, and Joseph M. Roberts were appointed a committee to secure data to be laid before the next meeting of the Chamber of Commerce.

It was also placed in the hands of the board of directors to determine the date of the next meeting and where it should be held. It being suggested that it take the form of a dinner at the new Wall Whitman Hotel in Camden.

President William B. Albertson submitted a report giving prices of named signs to be placed at the entrances of the town. The report was referred back to the committee to secure prices from other concerns.

The members of the chamber present at this meeting were: William B. Lynch, J. M. Coddington, Ross E. Matlis, J. W. Yantis, Carl W. Latch, Clinton B. Woolston, Joseph M. Roberts, John G. Buehrer, L. G. Rogers, Howard B. Conover and Walter L. Bowen.

After School Window Breakers

Riverton Board of Education to Break Up Sunday Golf on School Grounds

At the meeting of the Riverton Board of Education last Monday night, D. M. Clifton, chairman of the property committee, reported four window panes had been broken in the school auditorium, and that he understood boys were playing football and golf on the school grounds Saturday afternoons and Sundays. He said he would make further investigation and break up the practice if he finds the report to be true.

The medical committee reported an epidemic of chicken pox among the pupils which was affecting the attendance somewhat.

Miss H. H. Chew, supervising principal, reported that there had been no tardiness to six of the grades during the month of September.

Referring again to the need for more school room, Miss Chew said this year there were fifty-two repeaters which, at a cost of \$45.00 each, (the amount charged for tuition for a primary grade pupil) amounted to \$2,250.00. In large groups the more advanced pupils are necessarily held back by those who do not get on so well, and as there are no intermediate classes between grades some other plan must be devised. Better work can be done and the children can be given a better chance if the rooms are larger or there are more of them. She also reported that the Normal School students preparing to teach would finish their preparatory training in the fifth and sixth grades this

Many Improvements Are Being Made Throughout New Jersey

Mays Landing To Have \$5,000,000 Country Club; Building In All Sections of State

Consolidations of any kind in industrial life must be formed with a view toward serving the welfare of the public as well as for private gain. Many industries owe their high position in the world's markets, chiefly to consolidation with resulting better service to the public.

Mays Landing—14,500-acre tract northwest of here to be converted into country club and sportsman's resort, at cost of more than \$5,000,000.

Nutley—Property at Chestnut and Warren streets to be purchased as site for new town hall.

Coytesville—New motion picture theater constructed on Washington avenue.

Fairview—Considerable progress made on Anderson avenue improvement.

Westfield—Cornerstone laid for new Presbyterian Parish House.

Highstown—Turned out that large industry will be established here and erect \$100,000 plant.

Westfield—Capital of Westfield Trust Company increased to \$300,000.

Navesink—Navesink Church building improved at cost of \$2,000.

Jersey City—Quarterly meeting of New Jersey State Safe Deposit Association held here, October 21.

Allentown—Remodeling of St. John's Church well under way.

Highlands—General boat building and repair plant to open in former J. O. Paine boat works on Shrewsbury avenue.

Camden—Old structure at corner of Broadway and Cooper street makes way for 12-story office building, costing \$1,000,000.

Ocean City—Ocean City National Bank opens in new quarters at Eighth street and Ashbury avenue.

Princeton—Plans under way for rebuilding Elm road.

Princeton—Improvement work under way on Leigh avenue, costing \$3,500.

Perth Amboy—Construction of new State bridge across Raritan River at this place, progressing rapidly.

Bergenfield—Addition being built to Clinton avenue Reformed Church, at cost of \$6,000.

South Amboy—Contract soon to be awarded for paving two miles of Highway Route 4, between here and Cliffwood.

Mansquan—Mansquan River bridge and new overhead railroad crossing to be paved.

Trenton—Bids requested for constructing one and one-quarter-mile stretch of Keyport cut-off in Monmouth County.

Wildwood—Construction work started on new Hotel Philip Baker.

Keansburg—Church street being widened and paved.

Woodbine—New Capital Theatre opens.

Palermo—Plans under way for paving route 74, between here and Seaville.

Avalon—Contract awarded for bridging Avalon Canal, at cost of \$11,945.

Point Pleasant—Addition being built to public library on McLean avenue.

Haddonfield—City to vote on construction of \$40,000 school at Blaker avenue and Kings Highway.

Merchantville—New hall under construction at Park avenue and Cove Road for P. O. S. of A.

Berlin—Factory building being erected on Main street near the

schoolhouse.

Edgewater—Garage and row of stores to be constructed on River road, just north of Municipal Building.

New Brunswick—New Brunswick Finishing Company, capitalized at \$50,000, files articles of incorporation.

Millville—Plans under way for installing additional street lights in Malaga Road section.

Port Monmouth—Road from this city to Harmony Corner to be paved soon.

Locust—Section of Atlantic Highlands—Rumson road here, to be widened.

New Brunswick—Bids requested for constructing new police station and repairing and altering the fire house in Highland Park.

New Brunswick—Building sewer extension on Second street discussed.

Camden city and county this year experiencing greatest real estate activity in their history.

Jamesburg—First National Bank erects new building at Railroad avenue and Church street.

Edgewater—Plans under way for constructing public highway along Palisade line trolley tracks, from Palisade Junction to southern borough line.

Grantwood—City postal delivery service inaugurated here.

Jamesburg—Plans under way for installing better street lighting system.

Teaneck—Water lines to be installed in Grieks avenue, Intervale Road, Albin street and Forest avenue.

Teaneck—Assembly hall at school No. 2 will be converted into classrooms.

Hawthorne—Twenty building permits for September totaled \$109,599.

Standardize French Phones

A long step forward in telephone development was taken recently in France, where standard instruments have just been adopted.

This standardization will be of great importance in the effect it will have on long distance telephony, as it will make possible a higher standard of efficiency and improve transmission.

Pennsylvania Driver Released When Beverly Policeman Falls to Push Case

The following item was found in the Beverly Banner last week:—

"Officer James Holland just could not miss the movies on Monday night, even though he was to appear again as a truck driver he had arrested the day previous."

"The man arrested was the driver of a Philadelphia ice cream truck, who was leaving the salt water from his truck run out on the public highway. Holland gave the man a summons to appear on Monday night and everything was all set for the hearing. Judge Thompson was in his chair, the accused man was present, having come all the way from Kensington, but there was no one to press the charge."

"Officer Stevenson was called and asked if he had seen Holland. And several other people were asked, none however could throw any light on the whereabouts of the officer. The next morning he reported for duty and was asked why he did not appear for the hearing, his only answer was, 'I forgot all about it and went to the movies.'"

"Upon Holland's failure to appear against the truck driver he was released by Judge Thompson."

A finger and toenailless family of women has been discovered in Italy.

PARK CARS—RIDE TROLLEYS

The increasing use of trolley cars by the public is verified by the answers to questionnaires sent out to several of the largest cities in the United States, according to the New Jersey Public Utility Information Committee.

Figures show that ninety to ninety-five per cent of all the people who live in those cities use street cars.

Inquiries in 21 principal cities—over 25,000 busy people taking the trouble to report—show that 30 per cent of motorists ride on the street cars regularly.

In five of the largest cities, 75 per cent of the owners of high-grade automobiles used street cars an average of 28 times a month.

More people are riding the street car today than ever.

Congested auto traffic and parking difficulties are driving riders back to the trolley. The service demand on this public utility is steadily progressing.

ALUMNI BOOSTING SESQUI

Among the most tireless and effective boosters of the Sesquicentennial International Exposition in their own communities throughout the United States, are the more than 5,000 members of the Centennial Alumni who cherish recollections of their boyhood visits to the World's Fair in Philadelphia in 1876 and who fondly hope to experience still more poignant thrills when they see the most wonderful of all Expositions here in 1926.

Executive Secretary S. Edgar Trout has on the Alumni membership roll the names of leaders in matters of church and state, and men foremost in educational, financial, mercantile and industrial circles.

Standardize French Phones

A long step forward in telephone development was taken recently in France, where standard instruments have just been adopted.

This standardization will be of great importance in the effect it will have on long distance telephony, as it will make possible a higher standard of efficiency and improve transmission.

Pennsylvania Driver Released When Beverly Policeman Falls to Push Case

The following item was found in the Beverly Banner last week:—

"Officer James Holland just could not miss the movies on Monday night, even though he was to appear again as a truck driver he had arrested the day previous."

"The man arrested was the driver of a Philadelphia ice cream truck, who was leaving the salt water from his truck run out on the public highway. Holland gave the man a summons to appear on Monday night and everything was all set for the hearing. Judge Thompson was in his chair, the accused man was present, having come all the way from Kensington, but there was no one to press the charge."

"Officer Stevenson was called and asked if he had seen Holland. And several other people were asked, none however could throw any light on the whereabouts of the officer. The next morning he reported for duty and was asked why he did not appear for the hearing, his only answer was, 'I forgot all about it and went to the movies.'"

"Upon Holland's failure to appear against the truck driver he was released by Judge Thompson."

A finger and toenailless family of women has been discovered in Italy.

RADIO AND HEALTH

Broadcasting Has Great Influence in Physical Development

The influence of the radio, increasing as it does the pleasures of farm life in the home, is a great factor in conservation of health.

Radio service in many of the states includes broadcasting of what are known as health exercises, or doing what is known as the "Daily Dozen."

These physical exercises in the home are supplemented by sending out illustrated charts free from the broadcasting station, illustrating the application of this radio feature.

The managing director of one station reports requests from more than 5,000 homes for the illustrated physical culture chart.

When you consider that hundreds of stations in all parts of our country are sending out these health exercises, the radio as a family doctor is reaching millions of people.

The Association has a membership of forty-five companies in the

assistant to General S. D. Butler, of Philadelphia.

Governor George S. Silzer has expressed a desire to be present and will probably be one of the speakers.

In connection with the excellent speaking program there will be community singing, vaudeville acts, vocal selections and an instrumental program by a seven piece orchestra.

Present indications are that the entire house will be sold out and those desiring tickets must act quickly. Tickets may be obtained from Stephen Steinman, of Riverside.

The Association has a membership of forty-five companies in the

county and has done much to promote the fire-fighting interests in this section.

CHILDREN AT SESQUI

Scores of pupils of public and parochial schools are among the daily throng of callers at the headquarters of the Sesquicentennial International Exposition. The bright, earnest, youthful students, with the girls having a decided majority, are mostly in quest of literature that will aid them in writing essays on

the Sesquicentennial celebration or preparing arguments for debates on such questions as "Will the Sesqui benefit the city?" or "Will the Cause of World Peace be promoted by The International Exposition?"

Sesqui to Draw Many Millions

Official Estimate of 50,000,000 Attendance Considered Conservative

Fully one million delegates to the nearly two hundred various conventions scheduled for Philadelphia in 1926 will visit the Sesquicentennial International Exposition, opening June 1. A large proportion of the delegates will be accompanied by relatives and friends, so that, it is estimated, several million persons will come to this city because of these conventions who might not otherwise make the trip.

Discussions about every subject under the sun and some beyond that luminary will take place at these conventions. Organizations, State, National and International, with interests including industry, commerce, finance, science, art, literature, education, philosophy, religion, sociology, and all other avenues by which mankind is progressing toward the achievement of its destiny, will meet to discuss and deliberate on the most recent developments in the manifold activities represented.

It will be an additional source of gratification to the millions of general visitors to the Exposition to have the convenient opportunity of attending open sessions of the conventions to hear the last word concerning their favorite subjects.

More than one hundred and fifty of the organizations coming next year chose Philadelphia largely because of the well-directed efforts of the Conventions and Exhibition Bureau of the Philadelphia Chamber of Commerce, which makes this one of its practical ways of co-operating with the Sesqui management.

Commercial Bodies Help

Other commercial organizations of Philadelphia, including the Board of Trade, the Marine Exchange, the Commercial Exchange and the Bourse, are likewise doing all in their power to further the plans of the Sesqui administration. Officials and members of these bodies, whose business takes them to different parts of the country and of the world, miss no opportunity in acquainting those with whom they come in contact with unanswerable reasons why no one should fail to be in Philadelphia next summer when the greatest international exposition ever arranged will be open for all the world to enjoy.

Hotels, railroad and steamship companies and others concerned in the comfort and welfare of visitors to the city will co-operate in every way to convince the stranger within its gates that he has indeed come to the City of Brotherly Love. Everything will be done to give him the maximum of service and comfort with the minimum of expense and trouble.

In addition to making arrangements for the attendance of the delegates, many of the organizations are planning excursions to Philadelphia during the periods of their conventions. Tickets for these excursions will not be confined to sale among the members and their families, but may be purchased by anyone desirous of seeing the Sesqui.

Groups of residents of cities and towns in every section of the country are planning motor trips to Philadelphia, not only to visit the Exposition, but also to see the many places of historical interest in and near the city. Numerous inquiries are daily being received by the Sesquicentennial Automobile Committee as to arrangements being made to assure motorists of desirable accommodations during their sojourn here.

Expect Fifty Million

As interest in the World's Fair is steadily increasing from coast to coast, it is believed the official estimate of Exposition visitors of 50,000,000 is a very conservative figure. Philadelphia, "the crossroads of the world," also will be the rendezvous of thousands of old friends, who, separated since their childhood, or when they were mustered out of the service after the World War, have not had an opportunity to meet; so, there will be many joyous "reunions" at the Sesqui.

Texas, Florida and Tennessee are the latest additions to the list of states making arrangements to have elaborate exhibits of their resources and products at the Exposition. Foremost citizens of Texas are determined that their State shall be represented in a manner that will win the plaudits of Sesqui visitors from all parts of the world.

The West Texas Chamber of Commerce, with headquarters at Stamford, will arrange an exhibit which

officials declare will compare favorably with those of any other commonwealth. They already have been in communication with Sesqui officials concerning space and other Exposition details.

Florida also will be represented by displays in four of the immense exhibit Palaces and other buildings. The state's marvelous growth in recent years and the phenomenal rise in property values have aroused nationwide interest and Sesqui visitors will be eager to see the evidences of its development on view at the Exposition.

Governor Peay, Tennessee, has notified C. C. Nye, Sesquicentennial Commissioner for the Southwestern States, that Tennessee will officially participate in the Sesquicentennial.

May Last Two Years

A suggestion that the Exposition period be extended to include the summer and early fall of 1927 is being considered by Mayor Kendrick and the Sesqui Committee.

Those favoring such extension say millions who cannot make the trip to Philadelphia next year would gladly take advantage of the opportunity to see the Exposition in 1927.

It is also urged that more athletic carnivals could be staged in the huge municipal stadium and that great national football contests, including the Army and Navy games, could be brought here two years in succession. These events would attract hundreds of thousands of visitors.

The fleet-winged Spelling-Bee.

that entertaining and instructive stimulus to correct orthography, is preparing for a national flight in conjunction with the International Exposition.

Graded school children of the nation, numbering hundreds of thousands, and the entire adult population will be invited to participate in contests to determine national champions of these two groups. Attractive prizes will be offered to winners of final spelling matches to be staged on the exposition grounds next June.

Hopes of starting in a World Series will be more easily realized by amateur and semi-professional ball players when, under the auspices of the American Legion, the leading teams of the country appear in the huge new Stadium at the Sesqui to decide the first Junior World's Baseball Championship.

This was made possible by brothers and fathers of hundreds of future Mathewsons, Johnsons and Ruths when they met at the American Legion convention at Omaha recently and decided that the organization would sponsor this movement.

First Junior World Series

The Junior series will henceforth be contested yearly in the city where the Legion holds its national convention. Philadelphia, therefore, will have the honor of staging the first series in 1926.

The athletic prowess of members of the Young Men's Christian Associations throughout the country will receive fitting demonstration at the International Exposition, according to plans which the national organization will announce at its approaching meeting.

Visitors to the Sesqui will find

the little house of bricks made in England, in which William Penn lived after his arrival in America on October 27, 1682, among the many other objects of historical interest to be seen in a tour of the city. The quaint structure has been removed from its original site in Lehigh Court and erected in West Fairmount Park where all visitors are welcomed.

PUBLIC SERVICE Men and Women

The Field Engineer

PUBLIC SERVICE companies are builders, constantly adding to the material wealth and prosperity of the State. They give work to thousands of mechanics, artisans and engineers, practically continuously employed in carrying forward the tremendous PUBLIC SERVICE construction program.

The Field Engineer—the man with the transit—not only makes the preliminary surveys upon which plans for improvements and additions to plant are based, but he takes an important part in the construction job itself.

Since the birth of PUBLIC SERVICE back in 1903, some \$180,000,000 has been spent in extension and betterment of plant, and other millions will be spent in the future to keep utility service abreast with public needs.

For all this work The Field Engineer is a necessary and useful workman.

Riverton Items

Miss Christine Smith entered Cooper hospital on Monday for training.

Mr. and Mrs. Carl M. Kiven have taken apartments in Northwood, Frankford.

Jack Smith, of Seventh street, entertained friends at a Halloween party on Monday evening.

Mr. and Mrs. E. M. Perkins spent the weekend with their daughter, Mrs. Marple, of Hightstown.

The Golden Hour Circle will hold its regular meeting in the Presbyterian chapel Friday evening.

Mr. and Mrs. Joseph D. Torbett, of West Philadelphia, spent Sunday with Mr. and Mrs. S. B. Lisk.

Mrs. Russell Collins and daughter, of Camden, visited her mother, Mrs. W. White, of Cinnaminson street, last week.

Mr. and Mrs. Edman W. Thomas of West Philadelphia, will spend the weekend with her parents, Mr. and Mrs. William O'Donnell.

An unusual number of fences down, gates carried away, porch furniture disturbed and in some cases destroyed, are reported this Halloween.

Mrs. William O'Donnell and Mr. and Mrs. Joseph A. Schwartz and children, of Riverside, spent Sunday with Mr. and Mrs. Edman Thomas, of West Philadelphia.

"The Iron Horse," the brilliant moving picture as presented by William Fox, will be featured at the Broadway Palace Theatre Monday, Tuesday and Wednesday evenings.

Mr. and Mrs. S. L. W. Field have returned from a visit to their daughter and son-in-law, Mr. and Mrs. Harold E. Davis, at Clymer, N. Y., where Mr. Davis is employed as a field inspector for the Carnation Milk Company.

St. Joseph's Council K. of C. had installation of officers at its last meeting, the exercises being in charge of District Deputy Frederick W. Floyd. A very good attendance was present. All enjoyed the several speeches and the refreshments that followed.

When the Republican tour of Burlington County reached Riverton at noon on Monday, the speakers were introduced by Mrs. Grace Bennett Coe. Notwithstanding the inclement weather, there was a goodly number out to hear Senator Whitney and the other speakers.

Captain and Mrs. S. D. Albertson, of Palmyra, Mrs. Francis Buzzard, of Westmont, Mr. and Mrs. S. B. Lisk, and Mrs. Lillian Rhein, of Riverton, were driving to Vineland last Friday evening when a man driving a Ford ran into them. No one was seriously injured, although the cars were badly damaged.

Harry McClosky is continuing his bus line from Burlington to West Palmyra. He has paid the local license fees in Riverton and the other towns along the line. The fact that this line is taking on and discharging passengers along the route paralleling the Public Service trolley is in violation of the Public Utilities ruling in such matters as many understand it, but "Reds" seems to be getting away with it.

An international current events class is being conducted in Philadelphia by the Pennsylvania Branch of the Women's International

League. The class will meet Monday afternoons at 20 South Twelfth street, and the talks will be given by Dr. Earl Barnes. Mr. Barnes proposes to give a survey of history since 1914 as a necessary background to the intelligent understanding of the important changes that have occurred since that epochal year.

The big Fox production, "The Iron Horse," will be shown at the Broadway Palace Theatre Monday, Tuesday and Wednesday evenings.

A rummage sale under direction of the Golden Hour Circle, will be held in the Chapel today and Friday, November 5 and 6. The sale will open at ten o'clock.—Adv.

PORCH CLUB

November 9—Study Class. Reading of "Pygmalion," by Bernard Shaw.

The Porch Club Choral, under the direction of Mrs. Samuel W. Collin, will sing the Porch Club, Tuesday, November 10, at 1:30 p. m.

Sale of Second-Hand Clothing

The Home Service Section of the Porch Club of Riverton will hold a sale of second-hand clothing on Saturday, November 14th, from 9 o'clock until 5 o'clock at Hiddle's Garage, Front and Lippincott Avenue, Riverton.—Adv.

THANK YOU

I want to thank each and every one who contributed donations of any kind for Aged Women's Home of Burlington; also merchants who had jars placed in stores, and Covenant Chapter No. 108, O. E. S., Golden Hour Circle of Presbyterian Church, Philadelphia class of Central Baptist Church.

Mrs. THOMAS MURPHY, Member Board of Managers.

PATRICK J. BURNS

Patrick J. Burns, aged 58, who has been ill at the home of his sister, Mrs. Catherine Keating, at East Riverton, died on Sunday, November 1st.

Solemn requiem mass was held at the Sacred Heart Church this Thursday morning at 9 o'clock. Interment was made at Calvary cemetery, near Camden, under the direction of Frank Shover.

The deceased leaves his sister, Mrs. Keating, and two sons, Edward and Walter.

8:30 o'clock

Auspices of the Porch Club

Tickets \$1.00

Miss Estes will illustrate the first group of songs in Russian costume.

HALLOWEEN IN PALMYRA

Quite a crowd lined up along Palmyra's Broad street to view the parade of the witches and goblins, in other words, the community Halloween celebration Saturday evening. The string of masqueraders in line included every imaginable type of costume and makeup.

The paraders, who presented a vivid spectacle with their varied uniforms and the large crowd which packed the curb to play the part of the enthusiastic audience, gave the town a real festival appearance. No one, even the large number of youngsters in flimsy costumes, seemed to mind the cold, damp, night air, and the fine spirit of the crowd helped to make the celebration one of the best in the town's history.

Caperton's Band, from Camden, furnished the music in the parade and street dancing which followed.

The dancing drew only a small crowd, everybody seeming to prefer to watch their friend glide about to the jazzy tunes instead of joining in on the fun themselves.

P. O. S. OF A.

The following is the month's schedule for Camp 23, P. O. S. of A.:

November 9—Quilt tournament.
November 16—Pinocle
November 23—Baseball tournamentNovember 20—Specialty.
Monday night the boys were at it again. Snyder's team staged a great comeback and won two out of three games from "Pete" Weart's nine.

Publicity Committee.

The Field Club football team took the bark out of the Tacony Bulldogs Saturday afternoon when it decisively trounced the Tacony ties 25-0 on the local field. While the fans all over the country were parked home listening to the wonders of Red Grange and the sudden reverse Penn's grid aggregation was suffering, Palmyra was administering the same dose to the Bulldogs.

Palmyra Notes

William Rawlings and Mr. Sterling spent Tuesday at Seaside Heights.

Mrs. Mattie Shaw and son, Madison, of Camden, spent the weekend with Mr. and Mrs. W. B. Powell.

Mr. and Mrs. Francis Buzzard, of Westmont, were weekend guests of her parents, Captain and Mrs. S. D. Albertson.

Rev. F. B. Morley and son, Robert, have returned from Syracuse, N. Y. Mrs. Morley is expected home some time this week.

The Camden Bulldogs, the hard fighting aggregation that held the Field Club to a 0-0 tie last year, will be the opposition this Saturday.

The Sunday School Association of the Central Baptist Church held their annual supper and business meeting at the church Tuesday evening.

The regular monthly business meeting of the In-As-Much Bible Class will be held next Monday evening at the home of Mrs. Elvin Powell, Sixth and Vine streets.

Announcement has been made of the marriage to Miss Elsie Keuser, of Palmyra, and Captain J. H. Nichols, of Washington, D. C., at Washington on Wednesday, October 21.

A jolly crowd of twenty guests gathered at the home of Mr. and Mrs. M. R. Blackwell on East Broad street to celebrate Mrs. Blackwell's birthday Tuesday evening.

A meeting of the Palmyra Branch, American Red Cross, will be held Monday evening, November 9, at the Palmyra police headquarters. All members are urgently requested to be present.

Officer Nelson Wallace arrested Clarence Malloy, of Beverly, charged with drunkenness, Sunday. He was released by Justice of the Peace William L. Fichter, after paying the court costs.

Mr. and Mrs. M. H. Blackwell, of East Broad street, and Mr. and Mrs. Elbert Needham, of Riverton, attended a Shrine Club party and dance given by the managers at the Walt Whitman Hotel, Camden, Monday evening.

Mr. and Mrs. Burrell K. Thomas, of Hazleton, Pa., spent the weekend with Mr. Thomas' parents, Mr. and Mrs. George R. Evans, of Columbia avenue. The young couple are enroute to Florida, where they will spend the winter.

Mr. and Mrs. Vernon Stone, of Park avenue and Mrs. Stone's sister and a number of her friends from New York over the weekend. The party which motored from New York were Helen Demarest, Gretchen Noble, Florence O'Rourke, Mae Knappack and Jean Whalen.

The annual meeting of the Palmyra Branch of the Needlework Guild of America was held at the home of Mrs. Arthur Bowker Tuesday afternoon. Delegates were elected for the National meeting to be held at Boston in May. They are: Mrs. F. Shill, Mrs. John Hoepfner, Mrs. H. Morris, Mrs. Milton Clark, Mrs. W. F. Letford and Mrs. Waller. The meeting for display of garments will be this Thursday afternoon in Y. M. C. A. hall at 3 o'clock. The speaker will be Miss Margaret Haines.

Earl Cooper, of West Fifth street, was arrested by Officer Joseph Rodgers Tuesday night charged with drunkenness. He was fined \$6.25 costs when tried before Justice of the Peace William L. Fichter Wednesday morning.

The regular business meeting and social of the King's Daughters' Bible Class will be held Tuesday evening, November 10, at the home of Miss Nora Carpenter, Cinnaminson avenue.

QUANTITIES UNLIMITED—BUY ALL YOU WANT

Postal Uses Million Miles of Roads

Far Flung Lines of Communication Called Tap Roots of Trade

The postal service of public highways in the United States has passed the million mark, according to a statement issued by the American Association of State Highway Officials.

In delivering mail to approximately 30,000,000 individuals residing on rural routes, 1,205,572 miles of highway are used every day. "Notwithstanding the extent to which rural delivery has grown," says the highway official statement, "there are more than fourteen million patrons to be added as soon as the service can be extended, and this," says the officials, "in the face of the fact that Uncle Sam is cooperating with the states in the construction of only about 200,000 miles of road, or more than a million miles less than he is actually using."

This point has been brought out, according to the highway statement, to show the well nigh universal relationship which highways hold to the public at large and particularly to commercial centers of the country where a vast amount of business is conducted by mail.

Cities Depend on Roads
If the far flung lines of highway communication, according to the highway official statement were not

kept open, commerce in New York and other states where large cities are located would soon find the tap roots of their trade affected, with the result that their boasted revenue totals would show a corresponding drop, thus proving again that even cities are dependent on the year-round service of highways, however far distant they may be located.

"Furthermore," the statement adds, "one of the three elements used by the Federal government in the distribution of funds to states for roads is the mileage of post roads used in each state for the rural mail delivery. Some people have been laboring under the impression that Federal funds go to states according to their total mileage when it is the Federal use of roads only that is taken into consideration."

Rural Routes Extended
Further inquiry on the part of state highway officials has brought out the fact that "in the past five years, through the improvement of roads, the Post Office Department has been able to add 1,500 new rural routes and in doing so mail service has been extended to 226,300 families. This improvement of the roads has also enabled the postal department to lengthen the mileage of 2,449 routes already in existence."

The highway statement concludes by calling attention to the fact that "the ordinary length of a rural route is twenty-four miles, and where roads are not improved, this is an all day job, but by road improvement Uncle Sam has been able

to lengthen the routes and thereby give additional service to a number of families without additional cost, and still enable the carrier to deliver the mail in one half the time required on rural routes ten years ago."

TRIBUTE OUT OF DATE
The right to own and operate a coal mine, and the right to work or not to work at a stated wage, may both be God-given. But the fact remains that this country is too big and too versatile to be wrecked by either side in a coal strike; there are other fuels, other workers, other capital, that will work just as well or better. RIVERTON

Less Work and More Leisure

Baths on the instant and better health.

That's what the Gas Automatic Storage Water Heater will give you. Hot water at the turn of the faucet cuts down the hours spent in laundry work. Makes the daily bath more delightful because there's no waiting for water to heat.

Of course, there are water heaters and water heaters, but at Public Service you find only the best, the kind that are built to give lasting service.

Be Thrifty!

Order a Roud or Kompak Automatic Storage Water Heater now and save \$10. Reduction for a limited time only. 20 gallon size \$202 instead of \$212.

Small sum down — 18 months to pay
Cash Price \$190

A Gas Radiant Heater for the Evenings at Home.

A gypsy fire glowing on the hill-sparks from the crackling hickory logs, high-flaming in the old-fashioned fireplace! The mystery and fascination of both are embodied in the gas Radiant. All the charm and more heat without the dirt, dust, ashes and inconvenience. 4 Radiant 20 inches long—\$47.50 or \$5 down, \$3.15 a month. Cash price \$45.

Connected without extra charge in any fireplace on first floor.

If You're an October Bride

or a bride of longer standing, you can't afford to miss these Radio Cooking Talks by Ada Beale Swann, director of Public Service Home Economics Department. Arm yourself with pad and pencil and tune in Station WJAH Tuesday and Friday mornings at 11.

The latest cookery news on the air.

Public Service

There Are No Blue Mondays Where THOR Electric Washers Are at Work

"Washday's the easiest day of the week for me now," says one of our customers.

"I have always had three ideals in laundry work:

—that clothes and linens be washed thoroughly, made clean and fresh, is the first, of course;

—that the washing be done where I can keep my eye on it.

—that washday should not be allowed to interfere with the routine of my household.

"The Thor does all three admirably. While the Thor is washing the clothes, I carry out my regular housekeeping schedule."

The Thor is always ready to work. Its gears are guaranteed for wear resistance, and there's no waiting on washday when you own the Thor.

Public Service offers its customers only the best in electric appliances. We recommend the Thor washer because we have found it to be in principle and material the most nearly perfect washer on the market.

Our divided payment plan will fit conveniently into your household budget.

\$5 Down—Eighteen Months to Pay

These terms apply to any Thor model.

The HOOVER
NOW OFFERED ON
Five Days Free Trial

Just phone or write for your Hoover. Put it to work for five days, work it hard. Before you decide which electric cleaner you will buy—we want you to know the Hoover, without cost to you.

When you decide to buy the Hoover these new terms will interest you.

THE Thor FOLDING ELECTRIC Ironer

When the Thor Folding Ironer's at work, you are seated guiding the clothes. Convenient racks at the right hold the ironed pieces. Its soft padded roll brings out the beauty of embroideries and laces to the best advantage. The Thor Irons the most difficult things—men's shirts, ruffled things.

When the ironing's done, (an average ironing takes only an hour or two) fold up the ironer, roll it into the closet or into a corner. It can be stored in space two feet square.

ELECTRICAL WIRES FOR

RECKLESS DRIVERS CAUSE DEATH TOLL

Automobiles Operated Carelessly
Cause 84 per cent of Accidents

That the negligent and careless driver, and not the automobile, is responsible for the toll of death at railroad crossings, is the finding of S. T. Bledsoe, General Counsel of the Santa Fe, who bases his conclusions upon exhaustive reports gathered from every possible angle. It is shown that in a year 2283 non-trespassers were killed and 5314 were injured. Automobiles were involved in 84 per cent of these accidents.

That the railroads are spending immense sums to protect life and property is shown by the fact that nearly 1,000 railway highway crossings were removed in 1923, although at the same time 2500 were installed, largely in obedience to public authority. The removal of the grade crossings in the one year, the official states, cost the railroads \$75,000,000. In a startling statement, Counsel Bledsoe says it would cost almost as much to remove all the grade crossings in this country as it cost to build the lines.

Railroad crossings having the greatest traffic density are protected by crossings signs, bells, gates, flashers and by the ringing of locomotive bell and sounding of whistles. "A railroad track and a railroad crossing are danger signals," says the statement. "One New England railroad having only 230 crossings gates had 350 such gates demolished by automobiles crashing through them in front of approaching trains in 1923. One Ohio railroad had twenty collisions between its trains and autos in one year, where the crossings were protected by bells that in each case were ringing."

Denatured Music
Elizabeth was told to practice for half an hour after lunch. She went off to do so, but her father could hear no sounds of piano playing. After a while, he called out: "Why aren't you practicing, Elizabeth?" And she answered, "Oh, but I am, daddy!" "Then why don't I hear you?" "I'm practicing the rests!"—Musical and Youth.

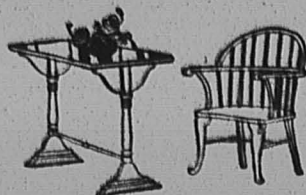

It is a thoughtful Government that reduces taxes in spring so we can pay more for coal in the fall.—Brooklyn Eagle.

United States paper money is made from old rags, 75 per cent linen and 25 per cent cotton.

Historians of economic affairs announce that electrical illumination is now 34 times cheaper than it was 40 years ago.

THE FRUIT CAKE

A cake with fruit should be much better than one without. Use sour milk and molasses in place of sweet milk and sugar. Sour milk and molasses do not thin a cake mixture as much as sweet milk or water and sugar will.

Repairing

Our repair department is the best equipped in South Jersey, and through long experience our methods have been perfected so that we can restore a valuable antique or mend a broken chair with equal facility.

A New Complete Morning Newspaper FOR CAMDEN AND NEW JERSEY

Camden Edition of The Philadelphia Inquirer

A Real Home Newspaper for New Jersey Readers!

Camden and New Jersey now have a REAL MORNING NEWSPAPER—a metropolitan daily home delivered.

This newspaper is unusually complete. A special staff of trained correspondents will cover all important New Jersey events. The news of the world is wired to The Inquirer by a corps of experienced newspaper men—located in all parts of the United States and Europe. In the field of Sports its writers are unexcelled—such writers as Gordon Mackay, Jas. C. Isaninger and Perry Lewis are known throughout the sporting world.

The business man and the investor will welcome the complete and authoritative Financial and Business pages containing daily articles by such men as Robert S. Winsmore and B. C. Forbes. Accurate quotations from the New York, Philadelphia and other stock exchanges are regular features.

The woman, too, has her page—Mrs. Scott's Food Talks, helpful housekeeping hints and entertaining short stories that appeal to the feminine taste. The fact that this newspaper carries ALL of the Philadelphia department stores' advertising should count for much with women readers. But with all its features and leadership in volume of advertising, THE CAMDEN Edition of The Philadelphia INQUIRER is first and last a newspaper.

A Few of the Special Daily Features

Pictorial News

Live news photographs of interest to Camden and New Jersey Readers.

Daily Page of Humor

The best work of some of the world's leading cartoonists—appealing to young and old alike.

The Woman's Page

A page devoted strictly to the feminine interest—daily hints that lighten the cares of housekeeping and cooking.

Complete Short Story

—Just long enough to be read on the way to work or shopping. Each story completely published every day.

HAVE IT DELIVERED TO YOUR HOME DAILY!

THE CAMDEN Edition of The Philadelphia INQUIRER will be published every morning in the year—Daily and Sunday—it brings you the home news when it is news. To have it delivered to your home either mail the attached coupon or Telephone Camden 6050

LUTHERAN SYNOD
Philadelphia Conference to Meet in Palmyra Church Next Week

The Philadelphia Conference of the Evangelical Lutheran Synod of East Pennsylvania will meet in semi-annual session next Monday and Tuesday in the First Lutheran Church of Palmyra and Riverton. This conference has on its roster some of the most able Lutheran ministers in Philadelphia and vicinity and promise to bring to those who attend some splendid discussions and papers concerning the vital questions which confront the workers in the Church of today.

The sessions will open on Monday afternoon at 2:30 o'clock. On Monday evening at 7:45 a splendid service will be held, at which time the Rev. Frank M. Ulrich, of Trinity Lutheran Church, 21st and Wolf street, Philadelphia, will be the speaker. A rare treat is in store for his hearers, for the Rev. Mr. Ulrich is one of the outstanding speakers of the pulpit today.

The sessions will continue on Tuesday until 6:00 o'clock, when conference will adjourn. The public is cordially invited to attend any or all sessions.

Officers of the conference are: The Rev. Charles W. Diehl, of Trenton, N. J.; The Rev. John E. Hine, of Ambler, Pa., and the Rev. Harry L. Saul of Palmyra, N. J.

CALVARY PRESBYTERIAN

This evening at eight o'clock in the church Doctor Marshall Harrington will give the fourth of his talks on the "Ministry of Evangelism." Immediately following this service there will be a meeting of the congregation for the purpose of considering the New Pension Plan of the Presbyterian General Assembly and to transact any other business which may properly come before the meeting. This is by order of the Session. Rev. Dr. J. E. Curry, of Cranbury, will be present to explain the plan. All members of the congregation are asked to be present.

On Sunday, November 8th, the service in the morning will be as usual at eleven o'clock. The pastor will preach on the theme: "A Man's Reward." In the evening at eight o'clock, the choir will sing selections from Mendelssohn's Oratorio "Elijah." This will be preceded by a short devotional service. The choir has made special efforts to prepare for this service and all members of the congregation are urged to come to hear the devotional music. Sunday School at ten o'clock. There is a class for every age.

EPWORTH CHURCH NEWS

"An Acid Test" will be the topic of the Rev. Fred H. Morley's sermon at the Epworth Methodist Episcopal Church on Sunday morning at 11:45 o'clock. In the evening at seven forty-five o'clock there will be a service of song and a sermon by the pastor.

The Church school meets at ten o'clock. The Epworth League devotional meeting is at 6:45. Carl Hurlock is the leader.

On Monday evening the Fourth Quarterly Conference will be held

at 8 o'clock. The District Superintendent, the Rev. S. G. Pitt, will preside.

At the mid-week service on Wednesday evening at 8 o'clock the pastor is directing a study of the Epistle to the Romans. The class meeting is held on Friday evening with Carl A. Peterson as leader.

The Women's Guild of the church is busy selling tickets and preparing for recital of Donato Colafemina, which will be given on Thursday evening, November 19. Mr. Colafemina, who was formerly soloist with Sousa is now giving concerts in this part of the country and it will be a great treat to hear him.

REAL ESTATE TRANSFERS

John S. Warner has sold the following properties:

The Stevens property on Bank avenue, Riverton, to Mr. and Mrs. Michener, of Trenton. Mr. Michener's business is in Camden and he moved to Riverton so as to be near his work.

The Orlando Bailey property, 800 Parry avenue, to Frank Kraus, of Philadelphia, who is making extensive repairs before he moves in.

The William A. Barth property at 455 Horace avenue to Fred W. Schroepfer, Jr.
D. Raymond McNeal's house, 40 East Fourth street, to George H. Weymann, of Philadelphia, who has moved in.

A Statement

Statement of the ownership, management, circulation, etc., required by the Act of August 24, 1912, of "The New Era," published weekly at Riverton, N. J., for October 1925. Publisher, Walter L. Bowen, Riverton, N. J.

Abundant Supply of Horsepower Big Asset to American Worker

Surplus Energy Lightens Jobs, Multiplies Productiveness and Earning Power of U. S. Workmen

The American wage earner has more horsepower at his elbow than the worker of any other industrial nation. His work is made easier by the horsepower that he uses, his productiveness is multiplied and his earning power is correspondingly increased to the greatest per capita wage in the world.

Bridgeton—New Bridgeton Hospital opened.

Lambertville—Construction work on new high school, progressing rapidly.

Point Pleasant—\$160,000 water plant will be constructed here.

New Brunswick—New \$200,000 dormitory being built at Rutgers University.

Newark—New \$185,000 athletic stadium dedicated.

Newark—25 new dwellings to be constructed in Montgomery section of city.

Newark—5-story apartment house to be erected at 25 South Munn avenue.

Atlantic City—White Horse Pike between this place and Camden, to be widened.

Newark—Plans forming for constructing highway, to link Hudson vehicular tube and New Jersey state highway system.

Nutley—Building construction active.

Pittman—Contract awarded at \$25,528.05, for construction of Lincoln and Grant avenue storm sewers.

Improve Mt. Holly Water System—Mount Holly—City planning to improve water supply system.

Bloomfield—Movement on foot for erecting new town hall.

Westwood—Cornerstone laid for new Lutheran church.

New Brunswick—New city hall will be constructed.

Plainfield—New \$250,000 Y. M. C. A. building dedicated.

Fort Lee—Bids to be received for improving Columbia avenue.

Edgewater—Anderson avenue being paved with asphalt.

Hammononton—New high school constructing.

Bridgeton—Jail to be rebuilt, at cost of \$70,000.

Millville—New storage plant under construction.

Trenton—Three bridges over Pennsylvania Railroad being repaired.

Millville—Old Institute building being remodeled into city hall.

Millville—Lot adjoining City Hall being beautified.

Lakewood—Local plant of Jersey Central Power & Light Co. to have new addition.

Williamstown—Large new packing plant will be erected here.

Port Morris—Post office to occupy new quarters in DuBois Building.

Williamstown—Proposed new fire house and town hall will cost approximately \$50,000.

Pittman—\$85,000 municipal improvement program approved at Pittman Borough Council.

Milltown—Building permits for month of September, totaled \$911,000.

Hammononton—6-inch water mains to be laid in Valley avenue, between Bellevue avenue and Broadway.

Finderville—Plan completed for erection of new school.

Princeton—Witherspoon street being repaved.

New Brunswick—New three-car garage to be erected at 149 Cod-wick avenue.

Bergenfield—City planning to

REAL MONEY PROPOSED

A gold-silver dollar with silver to take most of the wear and enough gold to give intrinsic value without the objectionable silver dollar size and weight, is said to be under consideration by the Treasury Department. The new silver-gold alloy would give a coin of a distinctive color, portable size and convenient to use.

The public is constantly told that our precious metal mining industry is declining. No better step could be taken to encourage it than to again popularize the use of metal for monetary purposes. Industrial activity all over the world is putting lead, zinc and copper mining back on its feet.

By circulating more real metal money and less paper, the dwindling supply of precious metals will be augmented by increased prospecting and production.

very of Bucks County Electric Railway Company being rebuilt.

Kearnsburg—Church street being widened and paved.

ABANDON TROLLEYS

At the meeting of Burlington City Council on Wednesday night, of last week, permission was granted the Burlington County Transit Company to operate buses between Mount Holly and Burlington, the trolley company to pay the city \$35 a year per bus.

Should the bus line be installed the company is said to have agreed to remove its poles and tracks in Burlington at its own expense.

LEAKING GAS KILLS MT. HOLLY OFFICER

Disconnected Heater, How Caused Asphyxiation of Colored Officer

Death from asphyxiation came to Charles Philson, Mount Holly's colored constable, sometime during Tuesday night, of last week, the fact being discovered when a friend called at the former's home on Wednesday morning to inquire of Philson how the result of the election the previous day suited him.

As he approached the house, the man was nearly knocked off his feet by the volume of illuminating gas that came through the open door.

A hasty glance convinced him that his friend Philson was dead, for on entering the house he found his sitting in a rocking chair with his head resting on the organ which stood near.

Detective Parker's office was called and Detectives Cain and Carabine hurried to the Philson home and satisfied themselves that it was purely a case of accidental death, as a rubber hose connected with a gas heater which led from a gas jet in the center of the room, had been knocked loose and the house was full of gas.

Philson was one of Mount Holly's best known colored residents and for the past few years has been one of the five constables. He was very

"FRENCHES" STARRING

Walter French and Brother "Coop," Moorestown Athletes, Winning Local Fame

Walter French, of Moorestown, utility holder of the Philadelphia Athletics, is playing halfback for the Pottsville Maroons, of the National Football League, and again making a great name for himself.

Cooper French, a younger brother, and Ernest Potts, both former Moorestown High athletes, are now at Stanton Military Academy.

Recently, when Stanton played Episcopal Prep School in football, "Coop" ran seventy yards for a touchdown to tie the score 13-13.

"Ernie" then kicked the extra point and won the game by a 14-13 score for Stanton.

EDITOR'S SON MARRIES

Charles H. Folwell, Jr., son of Charles H. Folwell, Sr., editor of the Mount Holly Mirror, now of Houston, Texas, and Miss Mary Keene Constant, daughter of Mr. and Mrs. F. T. Constant, of Shreveport, La., were married on Monday of last week in Shreveport. Mr. and Mrs. Folwell, Jr., are now in Mount Holly for a stay of several weeks.

LOOT PARKED CARS

Packages Stolen From Machines In Mount Holly Saturday Night

Numerous complaints have been made recently by visitors to Mount Holly on Saturday nights that various articles have been taken from their automobiles after they had made purchases and then put packages in their cars while they attended the theatre.

On last Saturday night, one man who had his car parked on Water street near Main, was compelled to return to a meat market twice in order to get his meat for Sunday, his package being stolen twice.

The police have a good idea of where the packages are going, but they have been unable to catch the

thief in the act. This may come later, however.

And the greatest paradox of them all is still Civilized Warfare.

A BUDGET

The idea of a budget is being more generally applied all the time.

The popularity of the Christmas Club is due to the fact that through periodical deposits a fund is built up that is available when there is a call to meet anticipated expenses.

Why not apply the idea to cover other fixed expenses, such as rent, taxes, mortgage payments, building and loan dues, etc.?

A proportionate amount (easily calculated) deposited in a saving account each week, or at other convenient periods, would provide a fund for such purposes. It could be used as needed and would relieve the strain of heavy payments out of current income.

YOU WIN!!

We Do Not, Can Not and Would Not
"Doctor" Used Cars!

We tell you exactly what reconditioning has been done and will demonstrate—prove the condition of any car.

The advent of the Improved Ford has brought us many good cars which have been traded in with care and have been reconditioned.

Today you can get more comfort, convenience and pleasure from a Used Car and at a lower price than you could ever get heretofore, providing you get it here.

At a low price, with convenient payment arrangements, you can have a selection ranging from a utility Runabout at \$81.00 to an excellent Sedan at \$400. Come and see these cars.

A LESSON---

Negro Wills School Children His Fortune Built on Pennies

Special Telegram to Public Ledger
Maye Landling, N. J., Oct. 27.—A fortune of more than \$100,000, built on pennies of school children who patronized his little candy store, has been left to the local School Board by John W. Underhill, an aged Negro.

Instructions to spend the money "so that the children will enjoy the fruits of my labor" were revealed today when his will was filed for probate.

The money will be used to provide a gymnasium in the high school here and to improve Memorial Park, a tract adjoining the courthouse grounds where children play.

Mr. Underhill, a lover of children, was a bachelor, and so far as is known had but two close relatives, sisters, to whom he left \$500 each.

He was found dead in his bed yesterday, death having followed a stroke of apoplexy.

Coming to Maye Landling a quarter of a century ago virtually penniless, and for many years the only Negro resident of the town, he put money made in his candy store into real estate, and recently sold a tract of 740 acres for \$25,000 which a few years ago had cost him but \$2500.

Although he lived in a two-room shack until his death, Mr. Underhill, intelligent and well read, always interested in projects for the welfare of the community, held a high standing among all the people of the township.

You have the same opportunity.
Today is the Day of Opportunity in Real Estate Investments.
Sixty per cent. of the nation's wealth is represented by Real Estate. What security could be safer?

New Jersey State Briefs

Announcement is made by the fire alarm committee of the Fire Department of Lambertville, that the alarm system is completed.

Rev. William Park, who resigned the pastorate of the Pennsboro Baptist Church, will leave shortly to enter a new field in Massachusetts.

Fire which is believed to be of incendiary origin, swept the fourth floor of the Barram Hotel, in the heart of the business section in Wildwood.

A single vote elected George Kratz justice of the peace in Hatfield. Some one wrote his name on a ballot. As there was a vacancy in the office, the lone little "K" elected him.

Mr. and Mrs. Burchell Knery of Somerville were found guilty of assault and battery in Common Pleas Court for beating Elita Mae Gehr, 10 years old, an orphan committed to their care.

Edward Fahlke, 34 years old, of North Bergen, was killed by an east-bound Erie train at the foot of Main street, Bergen. He was said to have been walking on the track. He is survived by a widow and two small children.

Princeton University will get a carillon of thirty-five bells from the class of 1892. If the Board of Trustees votes to accept the gift at its next meeting, the carillon, which is to cost approximately \$80,000, will be received. It is hoped, in time for the class's thirty-fifth annual reunion in 1927.

Mayor Frank Hague, Democratic leader, said he would continue as Mayor of Jersey City. His term expires in May, 1929. "There are lots of things I may retire from, but the Mayoralty at this time is not one of them," he said. He refused further to explain this statement. The Mayor's remarks killed retirement rumors.

Prosecutor Wilfred H. Jayne, Jr., of Ocean County, was named a special Deputy Attorney General to investigate reported bootlegging activities among officials of Burlington County. Mr. Jayne recently completed an inquiry in Morris County, where he obtained the conviction of Prosecutor James H. Bolitho for malfeasance in office.

Buses may soon displace the trolleys now in use on the Burlington County Transit Company's line connecting Burlington with Mount Holly and Moorestown, the company having received permission from Common Council to operate buses within the city limits upon payment of fees of \$85 per annum per bus. Should the bus line be installed the company has agreed to remove its poles and track at its own expense.

That fines collected by the city from several motorists who a few weeks ago passed the traffic signal at the intersection of High street and the Garden State Highway, Burlington, were illegally imposed, was the opinion handed down to Common Council by City Solicitor Ernest Watts. The fact that there is no local ordinance regarding traffic lights, Mr. Watts stated, makes it illegal for the city to fine motorists who disregard such lights.

A revised building code to keep pace with the rapid growth of Pittman was presented for the consideration of council.

Collingswood's commissioners at their weekly meeting passed on first reading an ordinance providing for the acquisition of several acres of land in the Vineyard Farms tract to be used for extension and improvement of the borough water system. A pumping station and artesian wells are to be constructed.

Fourteen firemen and four policemen were swapping yarns outside engine house 4, Elizabeth, when shouts directed their attention to a bull running toward them. The firemen and policemen ran into the street, blocking the path of the animal. The bull charged the uniformed formation, which scattered, and ran into a field, upsetting an automobile and three bicycles and knocking down several small trees. Patrolman Richard Barry got a riot shotgun and killed the animal.

Growth of Pennsylvania section is reflected in the registration of voters this year, in which Lower Penn's Neck township shows a greater increase than any of the other districts in Salem county. The total registration for the county is 18,615, an increase of nearly 400 over a year ago. Salem city's total registration this year is 4,478, while Pennsboro has 2,314. The registration in other boroughs is: Woodstown, 1,141, and Elmer, 599. In the townships the registration runs: Alloway, 709; Elsinboro, 231; Lower Alloways Creek, 667; Lower Penn's Neck, 1,161; Mannington, 539; Oldmans, 670; Pilesgrove, 995; Pittsgrove, 840; Quinton, 627; Upper Penn's Neck, 1,155; Upper Pittsgrove, 1,466.

The Board of Education received six sets of plans from an architect for the addition to be built to the present school at a cost of about \$85,000.

Frank Hanley has donated a plot of land to the Harrington Park fire company at Bellmawr to erect a fire house. The department has also been donated a bell and apparatus.

Dr. M. F. Laumia has been appointed a member of the Pittman borough council by Mayor Edward H. Gurr. He will fill a vacancy caused by the resignation of Councilman Walter W. Haight.

BETWEEN THE LEAVES

During November the house-maintenance will do well to watch the open gutters of the house and keep them free from fallen leaves, reminds the state specialist in home management.

Broken twigs, dust, and leaves frequently accumulate in the gutters and if not removed, may cause trouble when the first heavy rain comes. Many times the water collects in the gutters and finds its way through to a room wall, causing an unsightly stain on the plaster.

HUNTING SEASON GOOD

Excellent Sport Promised Gunners in New Jersey

Opening November 10, the upland game season in New Jersey holds promise of excellent sport for hunters. Reports from gunning grounds in both northern and southern counties indicate that rabbits, squirrels and pheasants are more numerous than in recent years and more widely distributed. The increase of rabbits and pheasants is due largely to the liberal restocking of the woods and fields by the State Fish and Game Commission.

Importation of western rabbits during the last two years has resulted in the reappearance of the cottontails in sections where this popular game was almost extinct. Sportsmen say the western rabbits have quickly become acclimated and have proven to be rapid breeders, and that these rabbits are slightly larger than the native stock.

Distribution of thousands of pheasants from the state game farms has meant a big increase in the supply of these fine game birds, this fall. The pheasant already was well established in this state. Only the male ruffed grouse pheasants may be hunted, the hens being protected throughout the year. The former ban on shooting pheasants in the Japanese beetle districts of Burlington, Mercer and Ocean counties has been abolished.

Quail are plentiful in South Jersey counties, but there is a closed season on the Bobwhites until March, 1926. In the counties of Warren, Passaic, Bergen, Sussex, Morris, Essex, Hudson, Union, Somerset and Hunterdon. The hunting of Hungarian partridge has been stopped by law until 1927 in all counties, in order that birds recently imported by the state commission may become well established. Ruffed grouse are in season in the entire state but are more numerous in the northern counties. Woodcock will continue in season through the month of November.

The State has fixed the following daily bag limits: 10 quail, 6 rabbits, 6 squirrels, 2 English cock pheasants (limit of 30 in season), 3 ruffed grouse. The upland hunting season closes December 15.

Community Training

Classes Open For Burlington County Young People at Bordentown

The opening session of a community training school for the held at Bordentown on Monday evening, with Rev. R. J. Beasley acting as dean. There is already an enrollment of one hundred persons for the training, which will require a twelve weeks' course.

The standards adopted by the International Council of Religious Education will govern the work to be accomplished.

Apple Market Holds Promise

New Jersey Poultry Growers Will Find Ready Outlet for Small Chickens

An excellent apple market is in prospect this fall and winter if one may judge by the optimism of the radio. The firm undertone is influenced by several factors, one of which is the unusually fine quality and high percentage of "A" grade apples produced in the barreled apple sections this year. While the barreled apple production is about as predicted, more than a month ago the cut in the north-west in the latest estimates tended to develop firmness to the situation.

The export market holds out good prospects for a continued large volume of business, and another interesting feature as an indication of the earliness of the harvesting of the earliness of the harvesting of the future market, is the storage report of October 1st which shows 155,000 barrels and over one million boxes of apples already in cold storage. This is sixty-eight per cent heavier than a year ago and far above the five-year average.

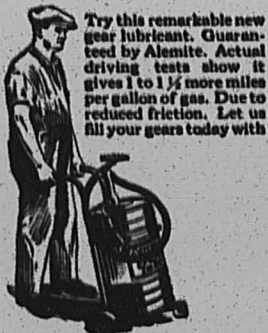

New Jersey poultry growers now killing their chickens for market should find a ready outlet for broilers and small sized fryers, but liberal supplies of western boxed chickens have recently been placed in storage. Many of the western chickens are of rather poor quality. Fresh killed fowl are in light receipt but the demand is now very limited for heavy stock. Latest reports on cold storage holdings of poultry show large supplies to be on hand, especially roasters, although during the month of September over three million pounds of roasting chickens were withdrawn from storage.

FORD SERVICE

The first move by an automobile manufacturer to establish complete standardization of methods employed in repair service has been made by the Ford Motor Company in a text entitled "Ford Service" which is for distribution to authorized

Ford dealers and service stations. The book, which includes about 200 pages is the culmination of several years of research by Ford engineers. It covers in minute detail, with numerous illustrations, every operation in assembling and repairing Ford cars.

Automobile engineers all over the country have long urged that a system of repair methods, standardized by the manufacturer, be worked out in the interest of car owners. Practically no two mechanics follow the same method even on the same operation, they assert. Efficiency may also vary, it is pointed out, and it is an assurance of the highest type of service if in every shop the methods conducive to highest efficiency are employed.

For years the company has maintained a direct and close service supervision over its dealers and service stations and with the new text-book this is strengthened by giving mechanics in simple form the approved methods for servicing Ford cars. Publication of the book, a statement says, is "in line with the company policy of improving service to Ford owners in every way proven practical."

ENGAGED

Mr. and Mrs. George M. Hillman, of Moorestown, have announced the engagement of their daughter, Dorothy, to Mr. Ewart Strawbridge, son of Mr. and Mrs. Charles H. Strawbridge, of Chicago. The wedding will take place Saturday, January 2, Mr. Hillman is the Burlington County Prosecutor.

COMPASS CLUB MUSICAL

The Compass Club of Riverton and Palmyra will give a musical entertainment on Saturday evening, November 28, featuring the Adeline Melody Four.

The Palmyra High School football team will play Princeton High at the Field Club Park Thursday afternoon, November 18, instead of Friday, as previously announced.

NEW HOSPITAL

\$1,500,000 Tuberculosis Institution Ready by Christmas

Camden County's new tuberculosis hospital, built at a cost of \$1,500,000 will be ready for occupancy before Christmas. It was announced by George R. Pelouse, chairman of the building committee of the Camden County Board of Freeholders. The buildings and the grounds are rapidly being whipped into shape and if nothing interferes the entire project will be finished before the middle of December.

Before the formal opening there will be an inspection made by the Freeholders, the board of managers, and the city and county medical societies early in the month, following which the general public will be invited to inspect this community undertaking. The National Tuberculosis society has aided materially in finishing the plans for the building and the institution has been pronounced one of the most complete that has ever been built. So modern in all its details is the institution, that it suggests a combination hotel, school and hospital.

TWO DAVIES

Cooldige Now Has Pair of Cabinet Officers with Same Name

The Davis family is well represented in official circles in Washington today. Dwight F. Davis, who was just recently appointed Secretary of War, was appointed to that position by President Cooldige because of his outstanding qualifications for the office. His career has been studious and energetic. He performed each task as it confronted him and in all lines of endeavor in which he has been engaged he has made a success.

The other member of the Davis family in the cabinet came to this country as an immigrant boy from Wales. He worked as a puddler in the mills and slowly but surely rose to a point where his honesty and ability were recognized by his fellow men. Mr. Davis commands the respect of all who know him. Both of the Davises are untiring workers and earnest supporters of President Cooldige.

The value of diamonds is going up. It has to keep ahead of the price of anthracite.

Compare these Better Buick Sedans with "Coaches"

These finer closed cars are built on the famous Buick chassis with the 21-year-proved, 60 and 75 horsepower Buick Valve-in-Head engines. Extra power!

And they have the famous "Sealed Chassis" and the new "Triple Sealed Engine." No other car, regardless of price, furnishes this completeness of protection for driving parts.

And these Buicks have the characteristic Buick charm of body profile. They are finished in Duco. They seat five full-grown people in roomy comfort. They have the Fisher VV one-piece, ventilating windshield, automatic windshield wiper, and a host of like innovations. Buick's exacting closed car standards prevail in their Fisher-built bodies.

Come in and see how much superior these Better Buick Sedans are to "Coaches", before you spend your money!

A MAN'S ENEMIES

Here is a nice bit of philosophy: "The injury a man's enemies do him is so trivial compared to what he almost surely will do to himself that it is an absolutely negligible quantity and should be ignored. The corollary is also true, that the injury you can do to those you hate will probably be of so little consequence to them that it is positively not worth the time and trouble. It is also true, that while one's enemies as a rule can do one very little damage, one's friends can be of the greatest assistance."

The most blighting of tasks is to be against something or somebody. It is always more effective and more pleasant to be for somebody or something.

Cultivate friends. Somebody has said "If we know ourselves we are pretty well informed." How many of us know ourselves as well as we think we know our neighbors?

A trade magazine says "The most difficult job to look easy until you try to do them." A change of jobs sometimes might eliminate a lot of fault-finding and free advice.

Sale of Second-Hand Clothing
The Home Service Section of the Porch Club of Riverton will hold a sale of second-hand clothing on Saturday, November 14th, from 9 o'clock until 5 o'clock at Biddle's Garage, Front and Lippincott Avenue, Riverton.

COLORS Y. W. C. A.

The Colored Branch of the Riverton Y. W. C. A. held its meeting last week at the home of Mrs. Mary Jones, of East Riverton. A number of members were present and many important topics were discussed. The club is to be called the "Phyllis Wheatley Club" in memory of the first Negro poetess.

The club plans to make bath robes at its next meeting under the supervision of Mrs. Jackson. The following week, the members plan to make lamp shades of Dennison's crepe paper.

The big topic for discussion during this month is "Self Culture." For December, the topic will be "Negro History."

An entire program for the year's work has been planned with great care so as to make it instructive and enjoyable.

E. J. Young.

BAPTIST CHURCH NOTES

This evening at eight o'clock the regular Thursday evening Bible Class will meet at the home of the teacher, James Thompson, Lincoln Avenue.

At the children's "Happy Hour" on Friday afternoon, the Rev. C. W. Dannenhauer, of the Parkside Baptist Church, of Camden, will give the children an object talk.

Friday evening at eight o'clock the Rev. Dannenhauer will address the Christian Endeavor Society on the subject of "Pep."

Saturday afternoon at 3 o'clock the last rehearsal will be held for the children of the Primary department who are to take part in the musical and literary entertainment on Tuesday evening.

At Sunday's services the speaker will be Rev. T. C. Harris, of the Rosedale Baptist Church, of Camden, both morning and evening. The Sunday School will meet as usual at 10 o'clock.

Last Tuesday evening a service, never to be forgotten, was held in the church in honor of the late Rev. Frederick Blaser. Fitting honor and tribute was paid by ministers of the Camden Baptist Association and by many others to Pastor Blaser's work and character.

President Yerkes struck the keynote of the service in saying that it was arranged as "a memorial to the Rev. Frederick Blaser, Christian, Pastor and Friend." A full account of the memorial service appears in another column.

CHRIST CHURCH

The Rev. William H. Higgins, rector of Christ Church, Palmyra, has been invited to officiate in St. Philip's Church in Laurel, Delaware, on next Sunday. He will leave Palmyra in the morning after the Holy Communion at 7:30 a. m., and go to Laurel in time for the service there in the evening where he is to preach the sermon.

The Venerable R. Bowden Shepherd, Archdeacon of New Jersey, will officiate in Christ Church at 10:30 a. m. and again at 8 p. m. It will be a pleasure to have the Rev. Mr. Shepherd in the locality in which he once lived. Mr. Shepherd was formerly rector of Christ Church, Riverton.

The hard thing to realize about Secretary Wilbur, though it is a fact, is that he isn't a Cabinet hold-over but a personal appointee—Chas. State Journal.

Riverton Items

Miss Anna Williams, who has been visiting in Pemberton, has returned home.

William Thackery has moved into his new home on Thomas Avenue, below Fourth.

Mr. and Mrs. Russell Jermon and daughter, spent the weekend with relatives in Germantown.

Mrs. Reeves, Mrs. Sylvester's mother, is around again, after being ill for several weeks.

Mr. and Mrs. Harry Kates are receiving congratulations upon the birth of a daughter on Saturday, November 7.

Mr. and Mrs. Albert Farrell are receiving congratulations upon the birth of a son on Wednesday, November 11.

Mrs. Joseph T. Evans has left to attend the National Grange Convention to be held in Sacramento, California, next week.

It was Robert Robertson and not Lindsey C. Robbins who presented the electric heater to the Riverton traffic booth recently.

Mr. and Mrs. Beauchamp and two sons, and Miss Jean Meira, of Philadelphia, spent Tuesday with Mr. and Mrs. George Williams.

Officer Quigley went gunning for rabbits with William Smith and son, William, Jr., on the Smith farm near Masonville on Tuesday. Bill got his quota of six rabbits.

"Curly" Mattis, "Pete" Toole, "Duke" Ford and "Baldy" Howers went gunning for rabbits near Glassboro on Tuesday. They got their full quota of cottontails—six each.

Stanley Carly and Andrew Gillilan, of Riverton, and Freeholder Charles R. Stout, of Florence, were members of a gunning party at Three Tuns, near Columbus on Tuesday.

The Ford automobile owned jointly by Ellis Clifton and a chap from Moorestown by the name of Shinn, was destroyed by fire on East Main street last Saturday night.

The boys now have a Packard.

Mr. and Mrs. Leonard H. Smith, of Linden Avenue, are receiving congratulations on the birth of a daughter, Betty Bartlett, on Tuesday, November 10. Mrs. Smith will be remembered as Miss Margaret Wetheroth.

Francis Kapus has resumed his position with the Bell Telephone Company after suffering several weeks with a dislocated shoulder which he received in the football game between the Camden and Palmyra on Old Home Day.

Mr. and Mrs. William Gillingham and daughter motored to their home in Weehawken last Wednesday, after having spent the summer with Mrs. Gillingham's parents, Mr. and Mrs. William H. Baker, of Main street. Mrs. Baker accompanied them home and is spending a week there.

A gunning party headed by Clarence N. Hubbs, of Thomas Avenue, reported unusual luck Tuesday. Clarence Watson, of Trenton, Charles Hubbs and Wilbur Frech, of Riverside, and Martin Havers, of Fellowship, were the other members. The party "bagged" forty rabbits, eight quails and two hares.

PALMYRA CHAMBER OF COMMERCE
The Palmyra Chamber of Commerce Tuesday evening listened to a rousing address on the big future in store for the Palmyra-Riverton section by George Keary, manager of the real-estate advertising department of the Camden Courier.

Mr. Keary told of the big part played by The Courier and its owner, David Stern, in the development of Camden in the past few years. Stern, he said, was largely instrumental in crystallizing the movement to build the Delaware River Bridge. After the bridge was under way and Camden needed to prepare for its big future, Mr. Stern helped create the non-partisan city government for Camden which has shown such foresight and efficiency in the past few years. Among his accomplishments was the bringing to Camden of a great city planner who is responsible for the plan of boulevards, parks and parkways which are to be built throughout Camden County and South Jersey.

Palmyra is located on one of the main arteries of traffic from the bridge, the River Road being a continuation of State Street, and Mr. Keary predicted that the automobile traffic through the town would advertise it in such a manner in the future as to bring thousands of new residents and many new industries.

Should Plan Growth
The growth of this community in the future, Mr. Keary said, can be awkward and ill-planned, or it can be of such nature as to produce a town of which all its citizens can be proud. A town can be like "Topsy," which "just grew," or it can be a city beautiful, with high class residents, beautiful homes and fine streets, with a progressive and healthy town spirit.

The future of Palmyra, according to Mr. Keary, depends on what we do now to attract the right kind of residents and the right kind of industries.

Already the Palmyra-Riverton section is being advertised as "The Main Line" of New Jersey. Advertising, Mr. Keary said, is the "monkey gland" of business. Nothing can so stimulate a town as the proper publicity.

The Chamber held its meeting for the first time in the Assembly room of Post Rodgers and found the meeting place, which is given free by the Post, to be a most suitable and comfortable one.

The next meeting, to be held the second Tuesday evening in December, will be known as "High Stepper" night. A committee under the chairmanship of David Schwartz will arrange some special attractions for the meeting and every member should make it a point to attend.

Fine Example

Harley takes every occasion he can to display the knowledge of number work which he has just started in morning kindergarten. On the way home from school one day, a playmate took him to see twin sisters only a few days old.

When he arrived home to report his experience he said:

"Mother, now what do you think Henry's twin? A baby plus one!"

Maxwell Arton, the architect who designed "Treasure Island" at the Webley Exposition, London, has come to Philadelphia to aid other world experts in the work of making the Sesqui-centennial the greatest International Exposition ever held.

Compressed cork, covered with 1½ inches of concrete, is being used in the building of houses in England.

According to a titled gentleman quoted by Punch, "aviation is as safe as walking across the street. It might well be safer than that."

CINNAMINSON SUPPER
The "Ways and Means" Committee of the Cinnaminson Parent-Teacher Association will give a chicken supper in the school-house, Thursday, November 19, from 5 until 8 o'clock. Adult tickets 75 cents. Children 40 cents. School bus will leave East Riverton at 5:30. Five Points at 6:00.

Everybody thinks next year will be a good one for the shoe business. There'll be so many people who will have to walk back from Florida.

If your Radio Batteries seems to be giving out have them tested at Coddington's, free. If they can be rejuvenated he will do it for a very nominal charge.—Advertisement.

CARD OF THANKS

Henry Borden wants to thank his many friends who helped him to become the successful contestant for the bicycle which was awarded on Saturday, by Keating's store, to the boy having the most certificates in a contest which has been running for several months.

National Honey Week

November 15 to 22

HONEY

Produced in

The Apiaries

Richard D. Barclay
Riverton, N. J.

USES OF HONEY AS FOOD

On hot bread, hot cakes, waffles and toast.

In place of sugar on cut peaches, grapefruit, raspberries and other raw fruits, as well as with baked apples and other cooked fruit dishes.

As a relish with fried meats, particularly sausage and ham.

Used in baking breads and cakes, honey holds moisture and retains freshness longer.

As a spread on bread for children's lunches, honey is more healthful than most other sweets.

Oatmeal and most cooked cereals and many cold breakfast foods are better sweetened with honey.

OTHER USES OF HONEY

A little honey added to a soap solution softens and cleanses the skin and improves the complexion.

A few drops of honey rubbed in the beard with the soap makes shaving more comfortable and leaves the skin soft and pliable.

Honey and water properly mixed makes an excellent and economical anti-freeze for auto radiators.

Honey either alone or mixed with other remedies is very soothing in affections of the throat.

Honey is in many cases a safe sweet for those suffering from diseases in which other forms of sugar cannot be eaten.

Palmyra Notes

Mrs. Mary Alloway, of Elm Avenue, is improving after a week's illness.

Mrs. C. E. Morley, of Wendenah, is the guest of her son, the Rev. Fred B. Morley.

Mrs. Clara Stollwag, of Philadelphia, spent the weekend with Mrs. George Seel.

Mrs. James M. Weart spent Tuesday with John H. Harbourn, of West Philadelphia.

Mrs. William Wilbraham entertained the Stitches and Chatter Circle at luncheon today.

Mrs. Elizabeth Blough is spending two weeks with Mrs. John Lilley in Philadelphia.

Mrs. Joseph Hemphill entertained twelve friends at luncheon on Thursday afternoon.

Mr. and Mrs. A. J. Wilkinson, of Audubon, spent Tuesday with Mr. and Mrs. James T. Weart.

Wanted—old mauls for Visting Nurse Society. Leave at 600 Lincoln Avenue or call Riverton 277.

Mr. and Mrs. A. F. Bonnell, of Upper Montclair, spent the weekend with Mr. and Mrs. James T. Weart.

Mrs. Michael Houghy and children are spending the week with her sister, Mrs. Raymond Weber, in Roehling.

Mrs. Harry Kemmerle, Sr., spent Thursday until Sunday with her daughter, Mrs. Raymond Weber, of Roehling.

Mrs. Russell Hamelman entertained a few ladies at cards at her home on Columbia Avenue Wednesday evening.

The Compass Club will hold its regular monthly meeting and card party in P. O. S. of A. Hall this Friday evening.

Mrs. Leo Hopkins and infant daughter, of Horace Avenue, are spending the week in Atlantic City with Mrs. Hopkins' parents.

Mr. and Mrs. Walter D. Hunt are occupying temporary quarters at 602 Lincoln Avenue, recently purchased from Raymond Warner.

Mr. and Mrs. William Harry Buck, of Morgan Avenue, have just returned after an extended visit with their son, Forrest W. Buck, of Scotland, Pa.

L. K. Green will sail Saturday from Philadelphia for Miami, Fla., on the S. S. Berkshire, of the Merchants and Miners' Transportation Company.

Gilbert S. Comer and family, of Philadelphia, have taken possession of their new home, 815 Garfield Avenue, purchased from Raymond Warner.

Mrs. Henry Cheney and Mrs. Charles Speakman, both of Horace Avenue, enjoyed luncheon with Mrs. John Lilley, of Philadelphia, one day last week.

Mrs. Joseph L. Black and Mrs. David Middleton were entertained by Mrs. Robert Miller at her home in Vineland, Wednesday and Thursday last week.

Mrs. E. V. Standon, of Cinnaminson Avenue, returned home after attending the Christian Endeavor convention in Atlantic City, and visiting relatives in Collingswood.

The Friendship Circle Class, of the Epworth M. E. Sunday School, held a masquerade party at the home of Mrs. B. R. Leach, Burlington Pike, Monday evening.

Mr. and Mrs. Theodore L. Morris, son, Albert, and Miss Elizabeth Norris, were weekend guests of Mr. and Mrs. Robert Dodge, of Wilmington, Delaware, former resident of Palmyra.

Mr. and Mrs. W. B. Powell, Mrs. Warrington Darnell, Mrs. Harry Williams and Mr. and Mrs. Edward King, attended the funeral of Mrs. George Williams, in Medford, on Saturday.

Mrs. John E. Morton, of Garfield Avenue, fell from the bus last Wednesday, cutting her head and receiving bruises. An X-ray taken showed no bones broken. Mrs. Morton is now improving.

Mr. and Mrs. James P. Ryckman have moved to Pitman. Mr. and Mrs. Henry A. Biles and family have moved from Highland Avenue to the former Ryckman home on Washington Avenue.

The H. H. H. Class met at the home of Miss Doris Barber Monday evening. The following officers were elected: President, Doris Barber; vice president, Doris Malone; secretary, Lotta Mae Lees; treasurer, Kathryn Johnson.

Mrs. Joseph Miller, of Delair, the Misses Clara Shibley, Helene Johnson, Virginia and Muriel Seel and Ruth Abdl represented the Central Baptist Sunday School at a convention of the World Wide Guild held in New Brunswick Friday, Saturday and Sunday.

Mr. and Mrs. Eula Roach and children, of Palmyra, Mr. and Mrs. Joseph Whartraby, Mrs. Dore and son, Grauville, of Riverton, Miss Frances Willard, of Delanco, and John Bailey, of Dunellen, N. J., spent the weekend with John H. Cooke, at Centerton.

Miss Kathryn L. Hirsch, of Highland Avenue, attended the Princeton-Harvard football classic at Princeton last Saturday afternoon.

The Palmyra Fire Company was called out to a small field fire at the Wallace farm on Public Road at noon Wednesday.

The Goodfellowship Class is supplying the special features for the opening program of the Epworth M. E. Sunday School this month. This Sunday morning, the class, which is taught by Leonard H. Baker, has arranged to have D. Gray Schwartz favor with a vocal solo.

William Kiley, of Philadelphia, was arrested by Motor Vehicle Inspected Fred S. Dearden, charged with driving his auto at a fifty-mile an hour on St. Michel Drive in East Riverton Friday. The offender was taken before Justice of the Peace William L. Fichter who fined him ten dollars and costs.

SCHWINK'S MEN SWAMP ST. ANN BY 56-0 SCORE

Field Club Footballers Run Rough Shod Over Bristol Gridiron Gladiators

REAGLE AND FLYNN TALLY ON LONG RUNS

Palmyra Makes Nine Touchdowns; Holds Opposition to Three First Downs

Continuing to play bangup football with a brilliant attack and an airtight defense, the Field Club eleven found St. Ann's of Bristol, an easy mark Saturday. Joe Black's striders ran rough shod over the Pennsy boys, and came out victorious with a top sided count of 56-0.

Bristol was outweighed by Palmyra, almost two pounds to the man. Naturally, with this handicap, the visitors could not make any gains with straight football tactics, and failed to advance an inch through the line.

She worked a few passes to a good advantage and made her only first down, which were through aerial attacks. This method of attack had its drawbacks, too, and paved the way for two of Palmyra's touchdowns.

Reagle runs 80 Yards. Bill Reagle, the big fullback, intercepted a pass on Palmyra's twenty yard line, and with a beautiful run backed up with crackerjack interference, ran the entire eighty yards for a touchdown. The fleet-footed Babe Flynn snatched a St. Ann pass from the air and flew forty yards through the pack for another six-pointer.

Although most of Palmyra's gains were made with straight football, a crashing tack through the line, she also unleashed a series of trick plays which were worked with an uncanny air of deception.

A snappy double pass to Frank King, at end, was run off so well that the endman had an open field and dashed off for another of Palmyra's nine touchdowns. With the opening whistle, the locals started on a steady march and within three minutes were enjoying a six-point lead.

Conway Stars. Freddie Conway, the clever little field general, continued to put up a snappy game at quarter. The entire team played good football and the visiting players were high in their praise, especially of the excellent teamwork and interference displayed by the locals throughout the four quarters.

Kicks for extra points after touchdowns went rather wide their mark, with only two of the nine being successful. They were divided between Babe Flynn and Bill Hebbrew. The punters met with better luck and the two toe artists, Reagle and Wagner, averaged about fifty-five yards on their boots.

Palmyra touchdowns were scored as follows: Reagle, 3; Conway, 3; Flynn, 1; Frank King, 1; Wagner, 1.

Play Emerson Saturday. The Field Club gridironers will stack up against the strong Emerson eleven, of Camden, this Saturday. The locals will put up a bitter fight to defend their goal line which has not been crossed in the last four games in fact, since the opening quarter of the season's first game when Riverton broke through.

The lineup: Palmyra left end St. Ann's left tackle Spinnelli Sample left guard A. Masera Jenkins left tackle Pucelino Pettito right guard Riley Westcott right tackle Riley King right end Sabatini Conkory quarter-back Sabatini Williams left half-back M. Minera Wagner right half-back J. Ber Reagle full-back Palletta Substitutions, Palmyra—Flynn for Wagner; Capt. Bates for Jenkins; Swain for Sample; Goodwin for Hebbrew; Oliver for Pettito.

Referee—Jenkins; Umpire—Koppenhooper; Head Linesman—Joseph Rodgers; Timekeeper—Godley.

There is no truth in the often believed statement that lightning never strikes twice in the same place.

Mrs. John Hoepfner, treasurer of the Palmyra Ambulance Association, acknowledges the following contributions, Mrs. Elizabeth Ziegler, Riverside, \$51.25; Palmyra Hallows'een Committee, remainder of fund after expenses were defrayed \$34.25.

Mrs. Hoepfner says the association deeply appreciates the thoughtfulness of the committee.

The regular monthly meeting of the Palmyra Parent-Teacher Association will be held in the grammar school auditorium, Delaware Avenue, Tuesday evening, November 17. Father and Son Night will be observed with an interesting program including selections by the Night School orchestra, Artisan Glee Club and solos by Miss Anna McConnell.

Fred Overman, of Moorestown, will be the speaker.

William Kiley, of Philadelphia, was arrested by Motor Vehicle Inspected Fred S. Dearden, charged with driving his auto at a fifty-mile an hour on St. Michel Drive in East Riverton Friday. The offender was taken before Justice of the Peace William L. Fichter who fined him ten dollars and costs.

Miss Clara Schibley, president of the Palmyra Worldwide Guild, Mrs. Joseph Miller, of Delair, Miss Helene Johnson, Miss Ruth Abdl, and the Misses Virginia and Muriel Seel attended the Baptist World-Wide Guild convention held at New Brunswick from Friday until Sunday.

John Higgins, of Parry, was arrested by Officer Nelson Wallace Monday morning charged with drunkenness. At a hearing before Justice of the Peace William L. Fichter that afternoon, the offender was fined the court costs, \$6.25, and released. According to "Squire" Fichter, the man insisted on sleeping in Palmyra station while in a drunken stupor. Officer Wallace sent him home once, and he returned to "finish his nap." Then came the arrest.

"Morry" Improves Palmyra Streets

Chief Beck Devises Plan to Give Roads Hard Surface From Curb to Curb

Chief of Police C. Morris Beck now appears in another new role. The little chief is assistant superintendent of the Palmyra streets, and while Supervisor T. Winfield Land is ill at the home, has assumed charge of the Palmyra road work.

After making a survey of the situation, Morry decided Palmyra streets would continue to be muddy, clog up the drainage systems and generally remain in a sloppy condition after storms as long as sand remained in the gutters.

Several times the road gang has dug out the gutters and thrown the loose dirt up on the crown of the street, but each time storms would wash it down to the curbs again.

HOUSECLEANING supplies, paints, stains, varnishes, buckets, mops, brushes, chamois and all the necessary little articles, as well as hardware, aluminumware, etc., will be found at the store of John H. Etris, 17 West Broad Street, Palmyra. Phone, Riverton 81-J.

SCHWERN'S Hardware Store—The place to buy good tools, reliable hardware and many little kitchen conveniences. 205 E. Broad St., Palmyra, phone Riverton 284-W 2-26-1f

WANTED. COTTON RAGS wanted, not less than foot square. Must be soft and free from lint. Need not be white. Be prompt. Send to New Era office.

HELP WANTED. A REAL OPPORTUNITY—Is offered to aggressive salesmen who will call on selected prospects to sell an article in great demand for the home. Both men and women will be considered, provided they possess a good appearance and a pleasing address. Easy selling proposition. Apply Box 6, Press Office, Riverside, N. J.

County Y. M. C. A.

This present week—November 8-14—is always a busy time for the County "Y" Staff, particularly because of the part which they have in helping promote various local Father and Son Banquets. The first of these will be held Tuesday evening, November 10th, at Moorestown, with Dr. Rufus M. Jones, of Haverford as the speaker. Next comes Columbus the following evening with Henry F. Stockwell of Moorestown as the speaker, and Jobstown Thursday evening with Daniel Ross of Trenton as the speaker. The fourth Banquet of the week is that at Mount Holly, on the thirteenth, with Honorable Emmor Roberts, of Moorestown as the speaker. In two instances members of the County "Y" Orchestra will provide music and at three of these Banquets the new Father and Son Song Sheet, recently issued by the County Office, will be issued.

Plans for two more Father and Son Banquets are already under way, one of which will be held Tuesday evening, November 17th, at Willingboro with Rev. A. C. Brady of Burlington as the speaker. Florence is already planning for its annual banquet some time this month. Burlington, Bordentown, Crosswicks, Palmyra, and other communities usually hold their banquets later in the year.

On Wednesday, November 11th, Secretary Hendry addressed the Y. M. C. A. Secretaries of Philadelphia on County Work. This invitation came as a result of a recent visit to the Mount Holly Office of two Secretaries, both of whom are assistants to Mr. Walter M. Wood, General Secretary for Philadelphia Association. Mr. A. G. Bugbee for Men's Work and Miss Elizabeth L. Lewis for Women's Work. They feel that some of the principles and methods of County Work may very well be adapted to their City Association Work.

Very shortly a new YMCA Group Member's Handbook will make its appearance. This will supplement the present "tools" of County Y. M. C. A. Group Work which are a loose-leaf Handbook for Leaders, a loose-leaf Secretary's Record Book for keeping the minutes and history of the group meetings, and the President's Guide instructing him how to direct the business and other sessions of the week-to-week meetings. This Member's Handbook will contain such material as a history of the YMCA, its beginning and progress in Burlington County, a explanation as to why the "Y" is a winner, how fellows are received into Group membership, an explanation of the service which any member can secure from the County Office, also an explanation of the various ways in which Groups are thus served, parliamentary procedure which members should know and practice in Group meetings, and other material which will greatly

to help the fellows in all-round development in line with the YMCA program.

In conjunction with the regular State-wide Conference of County Secretaries which was held in the New Brunswick YMCA Friday, November 6th, the various office Secretaries of the State were also in attendance.

Already there is much competition around the County among the different members of the various Groups as to who the lucky two dozen fellows will be who will be selected to attend the Annual State Older Boys' Conference which will be held this year in Morristown, December 4, 5, 6.

Y. W. C. A. Notes

A group of young mothers met in the Y. W. C. A. club, house Thursday evening to discuss the advisability of having a series of "Mother Talks" given in this community.

These young women all agreed that the training for the most important of all jobs—Motherhood—

was in most cases entirely neglected. Our Baby Clinic Director, Miss Benton, reviewed the importance of physical fitness for each mother and child. She laid much emphasis on the formation of good habits even in wee babyhood. Many of the mothers present could testify to the real help the Baby Clinic has been to them. It is but a step from the physical to the mental hygiene and these young mothers are eager for the help that experienced and trained mothers can give them.

One of the young mothers brought a book of baby songs which were read and played for the other mothers. These songs written by Emille Poulson are especially adapted to baby life—its bumps and blessings. These fine intelligent young mothers are eager to exchange ideas with each other and get the best that is possible for each little lad or lassie.

These "Mother Talks," are to be given the first and third Thursday evenings in December, January and February. All young mothers are most cordially invited to be present. An opportunity will be given

to discuss special problems at each meeting. The Club house of the Mount Holly Y. W. C. A. was the scene of much fun and revelry last Thursday evening, for that was the time set aside for the Mount Holly Junior High School Girl Reserves to have their Halloween party. Twenty girls appeared in costume; some as clowns, some as gypsies, and others as old-fashioned lassies. The prize for the best costume was awarded to Miss Dorothy Phillips. Fortunes were told, apples were bobbed, all kinds of games and stunts were played, and songs were sung. After the Grand March everyone took partners for the Virginia Reel. Of course the refreshments should not be forgotten. There were apples, cookies, candy and punch which everyone enjoyed. The time for going home came all too soon, but there was a happy smile on every face as the girls joined hands and sang "Home Sweet Home."

Wind Blows "Hooch" Ashore

Northeast Gale Presents Seaside People With Liquor and Jewelry From Sea

The northeast gale of the past few days has been bringing in fairly good supplies of liquor as well as a miscellaneous collection of articles. The alcohol was the most prized although the lumber was eagerly carried away by house-holders who are short of coal.

A man walking on the beach came across kegs marked English Malt and had one carried to his home. On opening the keg he was agreeably surprised to find it contained alcohol, which later proved to be 112 proof. He returned to the beach to get more but the kegs had disappeared.

Another man tripped on some driftwood on the beach and his feet sank deep into the sand. Looking down he saw something glitter and on picking it up discovered it was a necklace set with diamonds. The storm also brought in many other articles.

Every day reports have been received of some one getting liquor that was washed in by the gale. If all the reports are true the people of Seaside Heights and Seaside Park will have supplies large enough to tide them over the winter—at least enough to supply fairly good thrills until another storm brings in more.

Some of the liquor was in kegs other brands in barrels. The reports of the "finds" naturally brought quite a number of people to the beach, all eager to get a keg or barrel—it didn't matter which as long as it was liquor—Seaside Heights Review.

GROUSE DISEASED

Strange Ailment Threatens Interesting Game Bird

New Jersey sportsmen in the sections where ruffed grouse are found, will hunt these birds, this Fall, with a double purpose. A strange disease is threatening this interesting game bird in several parts of the country and hunters who find dead grouse or who kill apparently healthy ones have been requested by the State Fish and Game Commission to send specimens, as quickly as possible, to a special committee of pathological experts, which is making an intensive investigation for the American Game Protective Association.

Sportsmen willing to cooperate in checking the grouse disease can send specimens direct to Prof. A. A. Allen, Cornell University, Ithaca, N. Y., or they may turn the birds over for shipment to the nearest New Jersey game warden, as President H. R. Burlington, of the commission, has arranged for the wardens to handle and ship specimens. Hunters sending grouse direct to Ithaca or through wardens are asked to give their name and address, the exact location where the bird was shot and a statement as to whether there has been any sudden increase or decrease of the grouse noticeable in that particular locality.

THE IMPORTANCE OF RADIO

A fourth national conference on radio, to begin in Washington on November 9, has been called by Secretary Hoover to consider, among other questions, the increasingly difficult problem of providing satisfactory service for thousands of listeners through proper distribution of time and space among multiplying broadcasting stations.

Attending conference, will be representatives of broadcasting stations, the press, radio manufacturers, organizations of radio listeners, amateur wireless telegraphers, commercial land stations, government radio engineers, farm organizations, Shipping Board and Vessel Owners' Association and National Electric Light Association.

"NO SMOKING"

W. C. T. U. Wants to Bar Women Teachers Who Use Tobacco From Schools

Women teachers who use tobacco are not to be employed as public school teachers in New Jersey if the wishes of the state W. C. T. U. can be applied as the controlling factor. At the recent W. C. T. U. convention in Bridgeport, a resolution asking Boards of Education not to employ such women was passed.

Other resolutions passed commended President Coolidge for his stand on law enforcement and the New Jersey Coast Guard for its war on rum row, asking for the ratification of the child labor amendment and the setting aside of Armistice Day as a time for the promotion of peace.

PATENTS FISH LURE

Henry L. DeZeng, of Moorestown, has recently patented a fish lure which will reflect light so that fish which are in the water beneath the lure will be attracted by it.

License Tags Ready Next Week

Present Drivers Will Not Have To Be Re-examined Says Dill

According to an announcement made by Motor Commissioner William L. Dill on Friday, of last week, 1926 auto license tags will be ready for issuance on Monday morning, November 16, and the motor commissioner urges that motorists apply early for the plates and not wait until the end of December when the big rush comes.

New plates may be placed on automobiles any time on December 31.

An entirely new system will be inaugurated with the advent of 1926 plates. In order to avoid having the department swamped for requests for low numbers by persons thinking that low registration numbers will mean special privileges on the road, the plates for the coming year will start at 1001.

Each county will be designated by a serial letter on the license tag. Burlington county begins designated by the letter "B," making identification by police easier. The new designation will operate to make the highest license numbers in only five digits instead of six.

The plates will contain an orange background with white numerals. Based on figures of the present year, there will be an estimated number of 650,000 registrations issued for the coming year.

Widespread publication has been given to a statement that every automobile driver, who had taken out his license prior to 1923, would be required to take a new test before getting his 1926 license.

Commissioner of Motor Vehicles Dill stated that this is untrue, the law remaining the same in this respect as it has in the past. The story, no doubt, was based on the fact that any person who once had a driver's license, but failed to renew

it for three years, must be re-examined before a new license will be issued. This has been the law for some time and there has been no change whatever about this feature.

ASHBURY

Mrs. Joseph Knoll, of New Albany Road, has been visiting her mother in Philadelphia.

Mrs. Beulah Anderson, of Stratford, and her daughter, Mrs. Herbert Dinges, of East Riverton, were visitors in the Ashbury M. E. Cemetery on Friday.

Miss Ada M. Perkins, of East Riverton, attended the Teachers' Institute held in Bordentown last Monday, spending the night at the home of Miss Bodine, of Florence. She also attended the Normal School Reunion held in the New Camden Hotel Saturday evening.

The Walker family, of Philadelphia, were visitors in Ashbury on Sunday.

Mr. and Mrs. Thornton Southwick, of Louisiana, and Helen Southwick, of Ashbury, Miss Nan Slattery, of Camden, Mr. and Mrs. Thomas Entriken, Mr. and Mrs. Elmer Entriken and son John, were entertained at a birthday supper Saturday evening, November 7th, in Entriken's new home, Keystone avenue, Hilltop Terrace, Blackwood, N. J., in honor of Mr. and Mrs. Thomas Entriken, Mrs. Elmer Entriken, and Mr. T. B. Southwick's birthday.

FORD PRODUCES 9,109 CARS IN DAY

Two records for manufacture of motor cars in the United States were established by the Ford Motor Company with the close of October. Saturday, the last day of the month, the company's domestic assembly plants produced a total of 9,109 Ford cars and trucks, exceeding Friday's record output of 9,017, and setting a new high mark for any one day.

PROTEST RIVER ROAD

Group of Motorists Up in Arms Over Bad Condition Under Bridge

A protest on the condition of the river road through Delair will be forwarded to Commissioner Dill by a group of automobilists, according to reports.

Two sections in the town are unrivaled elsewhere for roughness and dangerousness. One is under the Pennsylvania Railroad bridge and the other at the trolley station at Delair Park. Motorists are trying to force the town authorities to place danger signs at these spots if they refuse to gravel or pave them. The trolley tracks project two and of the road.

HISTORY NEWS

The Eighth Grade has been making very good headway in History. We have had very good oral discussion in our classes this term. At the present time we are studying Madison's Administration. We have just finished studying Washington's Administration and Jefferson's Administration. In the seventh and eighth grades we have some leaf note books. We prepare history news and small notes for the note book. They are then handed over to Miss Slaman and we are given a mark for our work.

Joseph Conwell, Grade VIII.

PHYSICAL TRAINING—BOYS

We have thirty minutes a day for Physical Training. This is the average boy and girl needs. The seventh and eighth grade girls and boys take Physical Training separately.

Mrs. Bowers has charge of the boys while Miss Slaman has charge of the girls. The boys play football almost every period. They are divided into two teams; one for seventh grade and one for the eighth grade.

Larry C. Dickinson, Grade 8.

PHYSICAL TRAINING—GIRLS

Every afternoon in our school week the eighth and seventh grade girls have a thirty minute physical training period.

We first form a single line and left or right dress as our teacher gives the command.

After marching four abreast around the school yard, we form the center or to the right and then do the exercises which are dictated to us. We usually play a game the last five minutes of our period. Some of the games we play are Basketball, Volley Ball, Relay Races, Man Monkey and Crab Race, and others.

After playing the chosen game, we all race to the back door where we form a double line and march up stairs to our rooms.

Anna Scattergood, Grade 8.

ASSEMBLY NEWS

The Riverton Public School held its weekly assembly on Monday, October 26, 1925. The school joined in the singing of the various songs and the Bible was read by Miss Chew. This was followed by the Lord's Prayer.

We had one number on the program. Alice Bartley of the Sixth Grade read a composition "The Life of Theodore Roosevelt." The flag was saluted and the singing of our National Anthem concluded the program.

Friday, October 30, was the day before Halloween. We had a recitation entitled "Halloween Witchery" by Mary Wagner of the Eighth Grade.

We also had a visitor with us; Miss Edmonson of the Glassboro Normal School, who gave us a short talk on the Success of our School Work.

Miss Chew then read the Honor Roll which was based on our first report cards.

On Friday, November 6th, we had a special number added to the program.

After singing the songs and repeating the Lord's Prayer, Alice Bartley of the Fifth Grade recited a poem entitled "Alone Ben Adlam." There was a recitation by Dorothy Devitt of the Seventh Grade entitled "Stop a Bit and Grin." We were dismissed after saluting the flag and singing our National Anthem.

On Monday, November 9th, 1925, we had two numbers on the program. Elizabeth Sullivan of the Seventh Grade recited the "Anthean Oath." A Victrola record was played by Laddie Dickinson entitled "The Ride of the Valkyrs." He also gave us a short talk on the life of Richard Wagner, the composer.

Charles Sullivan played a record entitled "Wotan's Farewell" another composition of Wagner's.

The salute to the flag and the singing of America concluded our program.

Florence Lockowitz, Grade 8.

HALLOWEEN

The time of the year which I think causes the most excitement and fun is Halloween. On Halloween I like to have fun taking advantage of the day of gaiety.

What I did on Halloween wasn't much but enough to cause excitement. In the morning I went to the Halloween Diving Events which I took part in. These were held at Camden. In the afternoon I went to a party given by one of my friends. After I went home and had eaten my supper, I went down to Palmyra to see the Halloween Parade. After seeing many funny masqueraders and after having many a good laugh, I returned home. That was the end of an exciting day.

Irene Sippel, Grade 7.

A DEFEAT WHICH WAS A VICTORY

Jim Reiley's defeat was considered a victory because he had gone down fighting. He had given the best he could and no one can give more. He was a good sport, and good sportsmanship is one of the major principles of athletics. He was not a quitter. No person may expect to get any where if he will quit easily.

Every man of every team must be a good sportsman if that team expects to make good.

Jim Reiley was not lacking in this respect, nor was any other of the Riverton variety football team. Jim was lacking in weight, but this was a physical defect which could not be helped. Even if he did not have weight, he did have fighting spirit. Even the weakest team can have fighting spirit and be no quitter. Reiley was a good sportsman and was not a quitter. He did his best always, and that was the important thing.

John Fuller, Grade 8.

NOTICE

Sale of Ginger-Bread and Cookies. The Riverton Field Club, next Parson's Teacher's Meeting, will have ginger bread on sale.

The Seventh Grade will make cookies to sell. The girls by making these two things will have a better idea of cooking and large quantities.

Jane Mattis, Grade 8.

SCHOOL NEWS

Riverton School has 100 per cent membership in the Junior Red Cross.

SPORTSMANSHIP

Good sportsmanship means to play fair and to do your best even if you do not play brilliantly and victoriously.

It means, in another sense, to cheer for the one who does his best, and to think just as much of him if he falls as you would of him if he had been victorious.

It is trying to do a thing with the right spirit that counts.

Leon Wilcox, Grade 8.

MAYOR WEART URGES BETTER SUPPORT OF FOOTBALL TEAM

In the interest of furthering the cause of good, clean athletics in Palmyra, I solicit your support of the Field Club football team.

Sports well played and properly conducted prove a big benefit to a community, but must be encouraged and supported. The coaches have developed a wonderful fast, clever, little eleven which I have enjoyed watching in several recent games.

The boys deserve better support than they are receiving from their townspeople, and I am confident if you will attend this Saturday's game at the Field Club park, you will then become a regular and ardent rooter.

Let's revive that good old "Palmyra spirit" and get behind the boys. A good athletic club will even advertise our town. Remember Palmyra teams and their large followings a few years ago? It can be done again.

I issue this appeal to every red-blooded, sports-loving resident of Palmyra. The team is over \$150 in debt. Make it a "boom day" Saturday for Palmyra athletics. Storm the gates, cheer our boys to victory and help them clear off their indebtedness.

MAYOR JAMES T. WEART

Shade Trees Hit by Leopard Moth

State Inspector Gives Plan for Routing Insect Found in Palmyra

Ralph B. Lott, Inspector for the State Department of Agriculture, Trenton, recently visited Palmyra to investigate an insect which has caused considerable damage to the town's shade trees, boring deep holes into the trunk and limbs.

Inspector Lott found the borer to be the Leopard Moth and in a letter to George N. Wimer enclosed a statement telling the life history, control measures, description of the pest. It follows:

Dead limbs projecting above leafy branches or broken and hanging limbs, in the midst of otherwise healthy trees are the most conspicuous signs of the leopard moth's presence.

The leopard moth attacks a very large number of trees and shrubs. It shows a marked preference for elms and maples, particularly soft maples, the oak, horse-chestnut, beech, birch, dogwood, hickory, oak and walnut may be severely injured. The insect is well established along the coast of northeastern United States. The white, blue and black-spotted moths have 6 wing spread from nearly two to about three inches, the larger being females.

Flight occurs during June through to September, the moths being most numerous early in July. The eggs are deposited in crevices in the bark, on branches as well as on the trunk. The young caterpillars frequently enter the twigs at the base of a bud, often causing wilting, and as they increase in size devour the smaller branches and make large irregular galleries in the larger limbs or trunks. These later workings cause the somewhat characteristic breaking of limbs about two inches in diameter or nearly the same size and color near the extremities of the body. The second summer is the period of greatest injury. Full-grown caterpillars are over three inches long. They win-

ter in the burrows and transformation to the moth occurs the following season, approximately two years after the eggs were laid.

Can Check Pest

It is entirely possible to check this pest effectively by systematically cutting infested twigs in late summer and early fall and burning them at once, otherwise the borers may escape from the twigs. This can also be followed to a limited extent with larger branches, though better results are likely to follow the destruction of the larger caterpillars in their burrows with a bent wire or by the injection of bisulfide of carbon, with the aid of a long-spouted oil can.

Inhabited burrows are readily detected by the fresh borings. It is frequently possible to destroy some of the rather sluggish females before eggs are deposited, particularly on small trees. Collecting at lights or the use of a moth trap consisting of a pan containing kerosene and water hung under lights are both useful supplements to the foregoing measures.

HIT SIGNAL

Chief Beck Finds Base of Traffic Sign Moved More Than A Foot

"Somebody with a heavy automobile or truck hit the base of the traffic sign an awful wallop sometime Tuesday night," said Chief of Police C. Morris Beck Wednesday morning.

And it only took one glance at the signal to hear out the chief's statement. The heavy concrete base on which the signal rests is not fastened to the street, but it takes considerable force to budge it.

A driver, making a left hand turn on Broad street from North Cinnaminson avenue evidently struck the base, for the south end of the block was very close to out of line with Cinnaminson avenue Wednesday morning.

Chief Beck says he is going to stop the practice of hitting the signal and not notifying the police. "It's too darn hard to move back in place," complained Morry.

Three times the signal has been knocked out of position. It has taken a tractor, the fire truck and a bus to move it back on these various occasions.

Mr. and Mrs. Ross Mattis, are taking a motor trip through the Southern States.

Lamon Investments Formally Organized

Local Realty Company With \$250,000 Capital Incorporated This Week

Another big move was made in local real estate circles this week when the organization of Lamon Investments, Inc., a corporation with an authorized capital of \$250,000 and \$250,000 already paid in, was perfected.

The company is headed by Edgar A. Lamon, who has sold over a million dollars' worth of farm land in this section within the last few months, as president. W. Rex McCrosson, commander of Post Rodgers American Legion, was elected vice-president.

Mayor James T. Weart was chosen secretary of the company and George N. Wimer, president of the Palmyra-Riverton Realty Company and the town's central realtor, is the Treasurer. The board of directors is as follows:

Thomas R. Bromley, George B. Shaner, George D. Steele, Walter D. Lamon, A. Harry Rudduck, Edwin A. Griscorn, Frank A. Matthews, Jr., William T. J. Prunell, Edgar A. Lamon, W. Rex McCrosson, James T. Weart and George N. Wimer.

After work of remodeling and refitting is completed, Lamon Investments will be located at its registered office, 15 East Broad Street, Palmyra, now occupied by George N. Wimer. President Lamon says plans for the work are already out.

In further discussing the plans of his company, Mr. Lamon said: "I want it known that Lamon Investment, Inc., will carry on solely an investment business in real estate. It is not a brokerage concern and is in no way connected with any brokerage office. It is a separate and distinct organization."

Vol. 36. No. 46. RIVERTON, NEW JERSEY, THURSDAY, NOVEMBER 19, 1925

PRICE FIVE CENTS

WILL COMPEL TROLLEY STOPS AT CROSSINGS

Riverton Police Ordered To Arrest Motormen Who Do Not Obey Ordinance

Council Also Acts on Chamber of Commerce Requests Concerning Railroad

"Arrest every trolley motorman who does not bring his car to a full stop before crossing Cedar street, Main street, Thomas avenue and Elm avenue," in conformity with paragraph 2 of ordinance No. 134.

Such were the instructions transmitted Friday morning by the borough clerk to the head of the police department of the Borough of Riverton, by order of the Mayor and Council in a resolution passed last week.

This drastic action was taken as a result of the accident at the Thomas avenue crossing two weeks ago, when a car belonging to William Wagner, of Riverton, was struck at the Thomas avenue crossing, his car demolished and Wagner himself badly hurt.

Council passed the resolution after the clerk had read a communication from the Riverton Chamber of Commerce requesting the Borough Fathers to see that this ordinance is rigidly enforced.

Want R. H. Pence Extended The Chamber of Commerce also requested Council to ask the railroad company to extend the fence between its rails both east and west at the station, a safety measure to prevent people from running into danger by passing in front of trains approaching the station on their way to take a train just pulling out. Council thought the matter was already pending and the company to instruct its engineers not to pull into the station while another train was standing there, and a resolution was passed to make this request of the railroad company.

The other proposition laid before Council by the Chamber was to secure improved signal lights at Elm and Thomas avenues and Cedar street. It was stated by the Mayor that this matter was already pending along with some other improvements which had been asked for. The borough clerk was instructed to communicate to the Chamber of Commerce the action taken.

The building committee reported that nine permits had been issued during the month covering \$38,990 worth of building operations in Riverton. The fees amounted to \$29.00. An apparent discrepancy in the fees charged for various permits was the cause of some comment among the councilmen and resulted in the passage of a resolution directing the ordinance committee to revise the building code, not only as relating to fees but also to clarify some other points which have been somewhat obscure, and remedy some defects that had been discovered in the actual working out of the provisions of this ordinance since it was passed.

Want Arc Light at Creek Mayor Hemphill called attention to the fact that the gas light maintained jointly by Riverton and Cinnaminson township at the bridge over Pompton creek was inadequate to present-day demands, and recommended to the lighting committee that the matter be taken up with the township with a view to having an arc light installed at that point. It was also recommended that an arc light be placed at Broad and Fulton streets. Both lights were referred to the lighting committee for action.

Joshua W. Bartley, chairman of the Lighting committee, reported that he had attempted to arrange a meeting between his committee, the police committee and the Public Service in reference to changing the red globes on the lights in the bank. After the lights had been placed on the lights to warn motorists of the danger of running into the river, residents of the bank complained that the new shades shut off virtually all the light from these lamps for general illumination. Mr. Bartley said he had been unable as yet to get the three parties together, and the mayor proposed that the old shades be replaced until the matter could be worked out. He also said that he thought simply a red dome, instead of having half or more of the globe covered with red, would answer the warning purpose just as well, and still not shut out much of the light for general illumination.

Ask \$2000 for Trees The Board of Health reported that two permits had been issued to plumbers during the month, the fees amounting to \$4.00.

James S. Coale, chairman of the Shade Tree Commission, appeared before Council and asked that the appropriation for the commission be raised to \$2000 for next year. This year it was \$1000, which, Mr. Coale said, did not go very far. Mr. Coale said the commission had made a thorough survey of the town, and that while some trimmings had been done, there was need for considerable more. He said that the Civic Section of the Porch Club had requested the commission to spray the shade trees as a protection against the Japanese beetle as had been done in Moorestown and Merchantville. It was his opinion, however, that it would not be worth what it would cost.

He had taken particular notice, he said, that the devastation of shade trees by the beetle had been much less this year than last. The foliage this year had not been seriously damaged. To spray, Mr. Coale said, would merely drive the beetle from the public shade trees to private property not sprayed, and

ORDINANCE No. 134

Section 2. Any corporation or any officer, agent, servant or employee of any corporation, or any other person operating any street railroad or railway in, along or over Broad street, in the Borough of Riverton, who shall operate or run any motor or trolley car in, along or over said Broad street, without causing said motor or trolley car to come to a full stop before crossing the approach to the railroad crossing at Cedar street, or Main street, or Thomas avenue, or the approach to the railroad crossing at Elm avenue, shall, upon conviction thereof, be liable to a fine of fifty dollars for each offense.

Ordinance passed March 12, 1925

the solution used for spraying does not kill the pests.

Interest was Mr. Coale's recommendation in reference to the trees on Linden avenue. He said he had noted that on this street Elms and Norway Maples were planted so close together that the very fine Elm trees did not have the proper chance to develop, and recommended that the Maples be removed. Mr. Coale said, however, that no action would be taken until the residents of that street had been called together to discuss the matter.

Councilman Bartley reported an electric light pole at Seventh and Lippincott avenue to be in a dangerous condition.

Shawell said several complaints had been made about the manner in which the garbage collector does his work, and he wanted to state that after Council secured the collector and appropriated the money to pay him it had no further responsibility from that point it was up to the Board of Health to regulate his activities.

BOOTLEGERS IN TOWN

"Is said but true that five prominent young men of the town, well known fraternally, after an hectic half hour's evading and dodging, were managed to get away with five points—no, points, against the other team's zero. Oh, yes, I must add that this happened on Friday evening, Nov. 6th, at the Polo games of Cinnaminson Lodge, Odd Fellows Society Hall.

The bootlegers captured by Charles Seemiller sank the Sparks led by Robert Richman 5 to 0 in a riot of fun. The Surinamese led by Edwin Carhart also crawled all over the Pirates, captained by Milton Jewett. As the initial attempt at this game it was wonderfully received and promises great fun for the coming indoor season.

Another indoor sport to be attempted by this lodge is a football game on Friday evening, Nov. 27th, conducted by the members and friends of old Cinnaminson, the Ladies' Auxiliary taking an active part.

P. H. S. Easily Defeats Brown

Locals Display Splendid Defense and Varied Attack, Winning 27-6

With the entire line giving a wonderful exhibition of the grid game as it should be played, Palmyra High easily romped away with Brown from Philadelphia at the Field Club Park last Friday afternoon with a score of 27-6.

On the offensive, Brown found it difficult to break through Palmyra's superb defensive work and found the local men breaking through for many tackles behind the line of scrimmage. The visitors were run off their feet with Palmyra's rapid fire attacks and trick plays mixed in with well executed straight football tactics.

The local schoolboys ploughed the line for many gains and the aerial attack made considerable yardage and one of their touchdowns. The outright interference furnished the Morse runners, swept the Brown defense aside and made it easy work for them to back with the platoon tucked under their arms.

Many of the local fans who have followed Palmyra High all season were surprised with the varied assortment of trick plays run off by the youngsters that so completely dashed the opposition. Mathers, Atkinson and Meyers were the local bright lights.

This afternoon the boys met Princeton High on the local gridiron. Last year Princeton trounced Palmyra 44-0 and the boys are out to avenge the whitewash.

"Thank Jenkins was the only candidate for center in the mythical All-South Jersey Scholastic eleven in the preliminary selections at the annual rally of South Jersey coaches in Atlantic City last Saturday.

Hutchins, for end, and Mathers for fullback, were the other members of Palmyra High's team to be picked. The final decision will be announced after Thanksgiving when all of the coaches in this section have been given an opportunity to see the first speaker of the Palmyra High, attended Saturday's meeting.

Legion Holds Big Banquet

Over One Hundred Members and Guests Enjoy Splendid Program

On Armistice Night, with over one hundred members and guests present, Frederick M. Rodgers, Post No. 125, American Legion, held its regular annual reunion and banquet in P. O. S. of A. Hall.

After partaking of a very palatable menu, Commander Rex McCrosson, acting as Toastmaster, called upon Mayor James T. Weart as the first speaker of the evening. Mr. Weart laid great emphasis upon the indifferent attitude which has been manifested by the public in general toward the disabled soldier.

This is most noticeable among those who made no sacrifice during the war and probably by its happening, derived great financial gain. While the Mayor was never in favor of the bonus, observing as he has recently this shirking of the responsibility by those indifferent, he suggested a general taxation in order the class may be forced to pay.

The Citizens' Committee was represented by Ralph Rivers, chairman. Mr. Rivers, holding this local position has also experienced to his regret, that the true spirit of patriotism was waning in this community as is evidenced by the failure of many to pay their pledges due this committee. He stated that the Legion is the support of the Legion, and while a large percentage have accepted their duty, there was still \$1600 to be paid.

HAD BOTH HANDS FULL OF MOON

Realtor Ed Griscum was seen negotiating his way between the Court House Buildings in Mount Holly Tuesday. In one hand he held a bottle of whisky and in the other a quart of gin.

It would have looked rather bad for the Realtor, who is a teetotaler and a church worker, if spectators had not realized the situation.

Behind Edwin trailed eleven other folks, who looked tired, rather than thirsty. They were members of a jury of which Edwin was foreman and all were retreating, with the evidence, to convict a bootlegger, which they they did on the first ballot.

New "Y" Group Full of Spirit

"Sequoia" Organized Under Enthusiastic Leadership of H. Chester Watson

The organization of the Sequoia Y Group a few weeks ago marked the beginning of a new era in the life of Y. M. C. A. activities in Palmyra.

The new group, which has a membership of older boys and will soon be in the senior class, has started things booming under the enthusiastic leadership of H. Chester Watson.

At the meeting Monday night the entire membership enjoyed a talk given by Mr. Thompson, of Lincoln Avenue. Mr. Thompson is a former British soldier and told the group of his experiences in the army.

Eleven of the boys took a swim at the Camden pool last Thursday. Mr. Watson announced that that every second Thursday night has been set aside at the pool for the Palmyra group.

A strenuous athletic program has been prepared. The basketball team opened its unit on this week and will open the season at the Camden "Y" Saturday, November 28. Jimmy Hires is the basketball manager. From all indications the quintet will make a name for itself on the coming season.

The group is anxious to book a football game for Thanksgiving morning, but has not found any "Y" eleven in this section heavy enough to stack up against the Sequoia group.

The officers of the group are: Charles Snyder, president; Ted Hudson, secretary; Bill McCorkle, treasurer.

TRIED BY SLAUGHTER

Indicted by Grand Jury, Pleaded Cases at Mount Holly

Autoist Nabbed Racing to Fire

Young Philadelphian Went Too Fast on Way to Blaze in Palmyra

The Palmyra Fire Company was kept on the run with five calls over Saturday and Sunday. Four of the five alarms were for field fires which always give the company considerable trouble at this season of the year. One motorist was arrested and fined for racing to a fire Sunday morning.

The first local alarm was sent in shortly after noon Saturday. The fire was confined to a rubbish pile and dry grass at Fifth street and Morgan avenue and was extinguished before the engines arrived. Just prior to this call, the company had gone to Delair to fight a fire in the woods there.

The company answered three calls within an hour Sunday. The first was about 12.45 in the afternoon to a small shanty at Park avenue and Spring Garden street. A few minutes later Morgan burst out in the field which belongs to Dr. Ridgeway Lamb on Delaware avenue. Less than a half hour after the second alarm, a bonfire in the rear of Joseph Graham's property at Fourth street and Horace avenue became serious, sweeping around kerosene tanks in the rear of the Graham home.

On complaint of Mayor James T. Weart, Trevitt Moore, of 411 City Line, Oak Lane, Philadelphia, was arrested, charged with reckless driving. Mayor Weart asserted young Moore raced madly down Broad street to the fire on Park avenue and "passed everything on the road" with his light, standard auto.

The mayor, driving his own machine, tried to catch the youth, but could not overtake him traveling at a speed of thirty-five miles an hour. Moore was later arrested by Chief of Police C. A. Beck. At a hearing before Justice of the Peace William L. Fichter, the young man was unable to pay a five dollar fine which was imposed or produce owner's or driver's license cards.

Chief Beck says this is only the first of a series of arrests which will be made unless the practice of racing to fires is stopped. Future offenders will not "get off" with five dollar fines, either, says the chief.

Marshall Chief of Flying Meet

Palmyra Man Directs Big Aviation Event at Clementon

The first annual field day of the South Jersey Aviation Club was held at the Pine Valley Flying Club field, Clementon, Saturday afternoon under the direction of a Palmyra man, Harold F. Marshall, of Morgan avenue.

Nearly 10,000 visitors, from all sections of South Jersey, attended the initial meet. Although a forty-mile gale forced the directors to postpone the opening of the meet from two to four o'clock, and call off several of the events, the affair was filled with thrills for the large crowd of spectators who watched the death defying aviators go through a series of tail spins, loops, loops, falling leaf and many other hair-raising aerial stunts.

Due to the stiff wind, it was necessary to abandon the plans of formation flying and races. The big thrill was when "Daredevil" Lewis, of Philadelphia, dropped from a plane at a 2000 feet altitude in a parachute. Lewis was carried over a half mile during his decent to earth, but made a safe landing in a corn field.

Mr. Marshall has only been a resident of Palmyra a short time. During the World War he was a captain in the U. S. Army Air Service and is considered one of the country's foremost fliers.

NO MORE LENIENCY SAYS DIRECTOR WILLIAMS

Director of Public Safety Williams announced on Wednesday that he was through temporizing with violators of motor traffic laws in Riverton. "I have tried to be courteous," said Director Williams, "and they don't appreciate it."

Hereafter speeding, parking without proper lights, driving without a license, and all infractions of traffic regulations will be dealt with without gloves, says Mr. Williams.

If the director puts on a really effective campaign against the abuses he complains of, and sees it through to the end, no motorist who is involved, he will have to receive the approval of those who are careful drivers, and the general public as well.

But he must follow through to the end of the furrow. There must be no looking back.

Development of Big Farm Begun

Realtor Lamont Puts "Cinnaminson Heights" on the Market

The skeptics who have doubted the reality of the big farm boom in this section were given a rude jolt early this week when Edgar A. Lamont, realtor, announced the development of a big farm on Burlington Pike and immediately put it on sale in building lots for his client. Fourteen lots were disposed of in a few hours after they went on sale.

This tract is said to be the most extensive parcel of land in this locality and authentic reports state its sale to the developers, local syndicate, represented a large sum.

Of the millions of dollars worth of farm land sold in this vicinity since spring, this is the first where development has actually started. No sooner had Mr. Lamont completed the sale than the new owners authorized him to break up the tract into building lots and put them on sale.

Grading work of streets will be started immediately. It is understood. Due to its splendid location, easy terms and opportunity for quick sale, Cinnaminson Heights, as the development has been named, is expected to sell very rapidly.

Many more farms in this section will be broken up into building lots in the near future, says the realtor. In addition to opening the first big development in this section, Eddie moved three properties which have been lying idle for some time, during the past week.

He sold the Earnshaw property at Second and Lippincott, Riverton, which has been vacant for six years, to a local syndicate. The buyers have scheduled work on planning the best means of putting this old mansion into use.

The Palmyra Knitting Mill, at New Jersey avenue and Broad street, West Palmyra, which has been idle for more than three years, was sold through Eddie this week. When asked if it would be occupied by a manufacturing company, he replied, "You'll hear the hum of motors, down there before many moons."

MORE RANCOCAS RUM IS STOLEN DURING MOVING

Ten Cases Missing When Seized Liquor is Transferred To Trenton

EMPTY BOTTLES ARE FOUND IN STOREHOUSE

Moved Confiscated Boon To Save Storage and Guard Costs, Says Slaughter

Notwithstanding the fact that Burlington County has been paying some twenty dollars a day to guard the rum that was taken in the child-rear house and stored in Mount Holly, ten cases of rum have disappeared. This was discovered when the work of removing the liquor from Mount Holly to the State police warehouse at Trenton was undertaken last week.

When the raid was made on October 1 the liquor was carted to Mount Holly where a garage was rented in which to store it. Watchmen were placed in charge, one at night and one during the day. The guards were supposed to be in constant attendance.

When the liquor was placed in the garage the list showed that there were 481 cases. When it was taken out yesterday there were 471 cases. Part of the shortage was accounted for by six cases of empty bottles. Four cases had disappeared entirely.

What the authorities now want to know and what they are supposed to discover as expeditiously as possible is who drank the liquor that was in the bottles that were found empty and who permitted the four cases to get away.

The removal of the liquor was in charge of Captain Lamb, of the New Jersey State Police. The order for the removal was signed by Judge William A. Slaughter, of the Burlington County Court.

Judge Slaughter said the liquor was being taken away to the cost of storage and employing guards. No cost is attached to the storage in the State Police warehouse.

Many people do not hesitate to say that it is high time that the booze case was investigated and that the investigation should go the limit. The rum raid brought disgrace to Burlington County and the stigma will not be removed until many explanations have been given.

What must the world think of Burlington when the attorney-general orders a prosecutor from some other county to come here and take the sting out of the rum case? Burlington County's business is to place the world think when three county detectives practically are removed from office and other men put in their place?

The world can draw only one conclusion, especially by the removal of the charge to the grand jury by Justice Frank T. Lloyd, and it is up to Burlington County to place itself right regardless of who may be involved.

CHILD HYGIENE NURSE ON DUTY IN PALMYRA

Plan to Give Close Supervision To Children of Pre-School Age

Upon request, a nurse has been placed in Palmyra by the Bureau of Child Hygiene, State Department of Health, to demonstrate the Continuous Child Hygiene program. This work is entirely preventative in character. No bedside nursing work is in order. The duties consist of supervision of the prenatal mother, pre-school and the school child. After the birth of a child weekly visits are made for a short time then monthly visits until the child is a year old. During this period mothers are given the proper advice as to the welfare of their babies to enable them to develop into normal, healthy children. After the first year visits are made at longer intervals but constant contact is kept with each pre-school age child, so that any and all defects and weaknesses may be discovered and corrected before the child enters school.

Well-baby clinics will be opened very soon where mothers may bring their babies regularly to be weighed, where a constant watch may be kept over their progress, and given any necessary advice. This will be conducted by the nurse and a physician.

In the school, the nurse will assist the medical inspector with the annual examination of the school children and do all the follow-up work in the homes. Class room inspections will be made monthly of each child, for the purpose of detecting symptoms of slight or serious disorders. This aids in keeping up the health morale of the children which results in a marked increase in attendance.

New Jersey stands foremost in the ranks of the states in her preventive, constructive, and progressive Child Hygiene program. It is hoped that after the demonstration of a year, Palmyra will be numbered among the two hundred and more communities throughout the State where the service to the improvement and betterment of their children is being successfully conducted.

CAID OF THANKS

We humbly desire to express our sincere appreciation and gratitude to the many friends and organizations for the tender and loving expressions of sympathy and acts of service in our time of deep sorrow, and to those who so kindly furnished care for the services.

How grateful we are for the many true friends in our hour of need. Mr. and Mrs. G. H. Wood & Family, Pitman, N. J. Advertisement.

You know what you're really got—after you've paid over the money.

F. C. Wins 7-6 in Hard Tussle

Emerson, East Camden Team,
Defeated By One Point
in Brilliant Contest

One lone point gained by a successful kick after a touchdown, was sufficient to give Palmyra a win over the husky Emerson gridgers, of Camden, Saturday afternoon at the Field Club park. Palmyra was trailing, 6-0, at the close of the first half. She tallied in the third quarter and won by a narrow margin, the final count being 7-6.

Coach Joe Stack, a grid luminary of years gone by, could no longer resist the lure of the pigskin game and Saturday appeared in the lineup as halfback. And it was little Joseph L. who sent the well timed kick for the precious point over the cross bars and won for Palmyra.

Both aggregations were performing brilliantly on the defensive and neither deeply invaded the other's territory in the opening period. A break in the second quarter paved the way for Emerson's six-pointers. Quarter Freddie Conway, a little over-anxious, fumbled a punt on his own 15-yard line. It was snatched up by a Emerson man who was downed by Joe Stack a slim nine yards from Palmyra's goal. Palmyra held like grim death on three straight rushes, but the Camdenites shored the pigskin over the coyness on the fourth and last try.

30 Yards on Pass
Palmyra came back with renewed vigor in the third quarter. A successful pass from Conway to Stack netted the locals thirty yards, with Joe making a splendid dash in his old time elusiveness. Then Palmyra unleashed crushing attack direct at the line with Hank Jenkins making consistent gains.

After a steady march down the turf, Jenkins took the oval over. Joe dropped back and booted a beautiful drop and Palmyra took the lead which it maintained until the final whistle.

Palmyra's big bright light on the attack was young Jenkins, whose line plunging was one of the features of the game. On the defensive, the locals unnerfed a whole slew of stars whose ability to break through and ruin the clever Emerson plays alone saved the day for Palmyra.

Goodwin and Hebrew performed with honors at the ends. Both of the wingmen are credited with several spectacular tackles and timely playing throughout the forty-eight minutes of bitter fighting. Pettito, Semple and Westcott all excelled on the line.

Sunday the locals traveled to Mount Holly and downed the highly touted county seat gladiators 13-0 in a stiff, well played game. Bill Reagle starred with consistent line plunges.

enthusiasm keyed up in anticipation of bangup grid tussle.

Emerson 6 0 0 0—6

Palmyra, N. J.
After the Game,
Saturday, Nov. 13.

To the Editor:

"BIG BILL" REAGLE

PALMYRA'S FOOTBALL HERO

Being handicapped in Saturday's game, having several of our best men missing from the lineup and having to play men in the back field who were crippled from the game played the previous Saturday, our hero, "Big Bill," unburied and apparently in good health, was seen on the playing field fifteen minutes before the start of the game in his street apparel.

After battling a full half game with our crippled, but loyal warriors, slowly but surely wearing down our heavier opponents, "Big Bill" runs home to don the moleskins and walks upon the field during the third quarter amid the cheers of the multitude.

Naturally, being fresh, he ripped through the opponents' line for a yard or two while our old faithfuls, tired, bleeding and crippled, but still fighting, tore through time and time.

CALVARY PRESBYTERIAN

In the Sunday School next Sunday morning, November 22, there will be a special Thanksgiving programme, including a missionary exercise, which will be of interest to parents as well as to children. You are urged to come with your children. At the morning worship, at eleven o'clock, the pastor will preach on the theme: "Shall America Remain Christian?" and will speak to the children in the children's sermon about a "Giant and his Strength." Bring the children to hear about him.

Instead of the usual evening prayer service the young people of the church will conduct a specially prepared missionary programme, "The Northwest Passage." This is an impressive service and every member of the congregation is urged to be present.

This evening Doctor Harrington will give the last of his talks on the "Ministry of Persuasion." The entire congregation is asked to come to this last meeting with Doctor Harrington.

There will be no mid-week service next week, but attention is called to the Union Thanksgiving Service, to be held in the Methodist Church of Palmyra on Thanksgiving morning at ten-thirty. The service will start promptly and will be one hour only in length. Starting December second the mid-week services will be resumed on Wednesday evening of each week.

The regular rally of the Burlington County Christian Endeavor Union will be held in the Congregational Church of Maple Shade on Friday evening, November 20th, at eight o'clock. All interested in Christian Endeavor work are invited.

BITTEN BY DOG

Newsboy Attached by Animal Hanging to C. G. Filer

While delivering newspapers last Wednesday, Hubert Kerns, who works for L. G. Rogers, knocked down and bitten by a big police dog owned by C. G. Filer. The boy was on the public highway in the rear of the Filer residence when the dog jumped over the hedge and attacked him. He received treatment by Dr. Marcy who found the dog's back lacerated by tooth and claw.

The matter was called to the attention of Mayor Fred P. Hemphill by Mr. Rogers. Mr. Hemphill laid the matter before the meeting of the Borough Council the following night, with the result that the borough attorney has been consulted to see what council can do to protect the public against vicious dogs.

AUTO HITS BICYCLE

Two School Children Narrowly Escape Serious Injuries

Two grammar school students riding a bicycle were run down by an automobile at Broad street and Delaware avenue Tuesday afternoon. Although narrowly escaping serious injuries, they came out of the accident unscathed.

The two children were Margaret and Mary Rhodes, daughters of Mr. and Mrs. George Rhodes, of Henry street. Julian Miller, of

Glassboro, was the driver of the machine.

According to witnesses, the children were riding out of Delaware avenue and the car was travelling toward West Palmyra. The driver tried to avert the accident, but the children appeared in front of his car so suddenly, it was impossible for him to avoid hitting them.

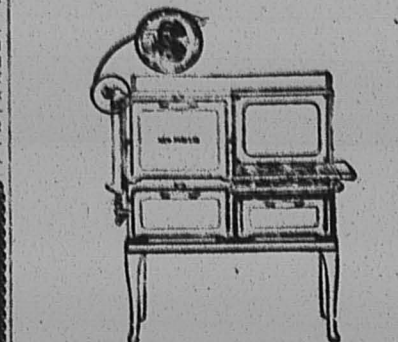

Officer Joseph Rodgers took Miller before Justice of the Peace William L. Fichter. After presenting his driver's and owner's license cards and offering to pay the damages done the children's wheel should his

insurance company refuse, Miller was released by Squire Fichter. The front wheel and fork of the bicycle were damaged beyond repair.

The first polyphase motor to be placed in commercial operation on a central station line in this country has just been retired from active service after thirty years of operation.

Fortunately, we all remember the good times we have had long after the disappointments are forgotten.

BIG GAS RANGE SALE
Starts Saturday, Nov. 21
FREE PREMIUM OFFER

THIS fine Oven Heat Regulator equipped gas range now offered at a much lower than usual price, and this eleven piece set of aluminum goes with it—

ABSOLUTELY FREE

Let this Oven Heat Regulator gas range cook the Thanksgiving feast. Use the aluminum pots and pans that go with it. Thanksgiving Day will be a real joy for mother. All she will need to do is to place the entire dinner in the oven early in the day—light the gas, set the regulator. Dinner deliciously cooked will be ready to serve when it is wanted.

REDUCED \$15

New Process 844

Fully finished in enamel, including oven linings and pans. End shelf cooking top and burners of fine black enamel. Warming closet under top burners fitted with small gas burner. Whirling flame burners speed up cooking. Equipped with Lorain Oven Heat Regulator.

Furnished with automatic top burner lighter and connected from gas outlet in kitchen.

Thanksgiving special price \$142.50.

Regularly \$157.50, or \$12.25 down,

\$12.25 monthly. Special cash price

\$133.50 instead of \$148.50.

And the eleven piece set of aluminum complete baking and roasting equipment given away free.

Make it a real Thanksgiving Day.

Place an Oven Heat Regulator gas range in the kitchen.

Public Service

The Hoover

Beats, as it sweeps, as it cleans.

The complete Home Cleaning Servant can be purchased at Public Service during November on these remarkable terms—

\$5 down — \$5 a month

EASY—You guide the Hoover over the rug. It rolls on ball bearing wheels.

QUICK—Cleans all your rugs, electrically, while the broom is sweeping one.

DUSTLESS—Beating, sweeping, cleaning indoors while rugs are on the floor.

These terms make it easy to own the Hoover, so why delay?

The Cup That Cheers

at Breakfast—Coffee

At its best when made electrically. Public Service Special, a coffee percolator in Colonial design of highly polished aluminum. Ebonized handle.

Splendid value at \$6.90.

Good light costs no more than poor light.

So it's a good plan to keep the right made lamps on hand. Color, shape, size of lamp, all influence the light you get. Visit any Public Service salesperson and meet the whole Made family.

Artisan Concert Much Enjoyed

Musical Program and Dance
Highly Appreciated by
Large Audience

The first annual concert and dance given by the Artisan orchestra in P. O. S. of A. Hall last Saturday night drew a large crowd. The concert, which was given by the orchestra assisted by the Artisan quartet composed of A. L. Wilson, Alfred S. VanOsten, Charles Cook and J. Horace Finney, Miss Gale Ellsworth, reader, M. Robert Hudack, violinist, and Mrs. Harriet J. Siddall, soprano, was well received.

J. J. Siddall is the conductor of the orchestra and Lee Mitten was the accompanist. After the concert, the crowd enjoyed dancing. Prizes were awarded winners of lucky number, balloon and spot dances.

The program was as follows:
Overture, Orchestra
Selections, Quartette
Reading, "Selected", Miss Gale Ellsworth.

Selection, "The Bee and the Flower", Orchestra
Soprano Solo, "Songs My Mother Taught Me", Mrs. Harriet J. Siddall
Violin Solo, "Mazurka D. Concert", "Liebesfreud", M. Robert Hudack.

Selection, "Home-Base", Orchestra
Reading, Selected, Miss Gale Ellsworth.

Soprano Solo, "Kashmir Song", "The Years at the Spring", Mrs. Harriet J. Siddall
Selection, Quartette
Selection, "Dance of the Clowns", Orchestra.

Game Plentiful As Season Opens

Gunners Report Rabbits Are
More Numerous Than in
Recent Years

Opening November 10, the upland game season in New Jersey holds promise of excellent sport for hunters. Reports from gunning grounds in both northern and southern counties indicate that rabbits, squirrels and pheasants are more numerous than in recent years and more widely distributed. The increase of rabbits and pheasants is due largely to the liberal restocking of the woods and fields by the State Fish and Game Commission.

Importation of western rabbits during the last two years has resulted in the reappearance of the cottontail in sections where this popular game was almost extinct. Sportsmen say the western rabbits have quickly become acclimated and have proven to be rapid breeders, and that these rabbits are slightly larger than the native stock.

Distribution of thousands of pheasants from the state game farms has meant a big increase in the supply of these fine game birds.

SPOILING CAMPAIGN

THUNDER

You sometimes hear an ambitious politician refer to the "insurance trust" in the hope that the term will endear him to the people. Commissioner Damont, of Nebraska, recently speaking on the number of insurance companies in his state, showed that there were 549 companies supplying various services and protection to 1,353,000 population, or one company to every 2,459 people.

It really is a shame to spoil campaign thunder by such a showing for there can hardly be an insurance trust when there could be a separate company to write business in almost every town in the state of Nebraska.

this Fall. The pheasant already was well established in this state. Only the male ringneck pheasants were hunted, the hens being protected throughout the year. The former ban on shooting pheasants in the Japanese beetle districts of Burlington, Mercer and Ocean counties has been abolished.

Quail are plentiful in South Jersey counties, but there is a closed season on the Bobwhites until March 1926, in the counties of Warren, Passaic, Bergen, Sussex, Morris, Essex, Hudson, Union, Somerset and Hunterdon. The hunting of Hungarian partridge has been stopped by law until 1927 in all counties. In order that birds recently imported by the state commission may become well established, Ruffed Grouse are in season in the entire state but are more numerous in the northern counties. Woodcock will continue in season through the month of November.

The State has fixed the following daily bag limits: 10 quail, 5 rabbits, 6 squirrels, 2 English cock pheasants (limit of 30 in season), 3 ruffed grouse. The upland hunting season closes December 15.

ARTESIAN WATER

Medford Gets Splendid Supply in
Tests at New Well

A supply of good water has been reached by the artesian well that has been drilled at Medford by the water company of that town. The volume is 500 gallons per minute, obtained at a depth of 538 feet.

Samples of the water have been sent to Philadelphia and to the State Laboratories at Trenton for analysis. A superficial examination shows no traces of iron or lime and the water is soft. Officers of the company are well pleased with the well and are satisfied that the water will be satisfactory to consumers. The present supply, which is obtained from the Rancocas creek, which was unsatisfactory at times, particularly in summer.

White sand was struck by the drillers at a depth of 504 and soon thereafter the supply of satisfactory water was obtained.

Mrs. L. B. Wilcox was an interested visitor at the big plant of Sears, Roebuck & Co. in Philadelphia, last week.

County Y. W. C. A.

There was "Much Ado About Something" in Medford on last Saturday afternoon. Grade school girls, high school girls, and grown women were all there. The younger girls held a regular club meeting, the high school girls organized a club, and the older women planned how they might best meet the needs of both groups. When the girls all came together Miss Saline Sumner gave a short talk on what it meant to be a Girl Reserve.

The demonstration of ceiling-wax handicraft which followed proved very interesting to the girls who decided that they should like to learn something more about the art. Meeting such as this are most worthwhile since they make of bond unity among the people of the community who are all striving toward a common goal and a common ideal.

Fifteen Girl Reserves met at Columbus last Tuesday afternoon at their club meeting. The devotion period was given over to the subject for that day of the week of prayer. The program for the day was "Our Book Friends." This was in the form of a discussion and the girls told of some of their bound friends who had been a help and inspiration to them. The girls all seemed to be of the opinion that reading was a happy pastime.

Another new club began this week in Pemberton. Twenty-two girls, filled with enthusiasm and zeal for life, organized a Girl Reserve Club last Wednesday. Mrs. Elizabeth Norcross, who teaches in the Pemberton School, is acting as adviser to the club. The girls already have begun work on a little play that they will present to the Pemberton Home and School Association. They also have plans under way for raising some Christmas money.

The club officers, who were elected, are as follows: President, Alva Wurst; secretary, Carolyn Reilly; treasurer, Alice Kinsler.

The Willingboro Y. W. C. A. clubs

will hold a Fair and Bazaar on December 5th at the Y. W. C. A. hall. Japanese articles, cake, candy, fancy articles, Colgate products, baskets, both real and Denison's paper, lamp shades and many other articles will be for sale. The two clubs of Willingboro, led by Miss Marion Stuart and Mrs. Lena Sever, have been busy for weeks making things for this sale. The girls deserve much credit for the excellent handiwork which they have to display.

The Palmyra-Riverton Senior club has just completed a large supply of clothes to be contributed to the Needle Work Guild of Burlington County, for needy families. The girls bought the material and each member of the club made a garment. The dainty stitches and neat work makes this contribution a very acceptable one.

The Musical Comedy "Marcheta" given under the auspices of the Y. W. C. A. of Burlington pleased large audiences on last Thursday and Friday evenings. The entire cast was well chosen and showed that Burlington has an unusual fine local talent. Miss Myrtle Ross as "Marcheta," Mr. Gaunt Holmes as "Alcalde de Barcelona," and Everett Fern as "Well and Strong" interpreted their respective parts extremely well.

The Burlington Association thanks every one who helped to make this comedy a success.

The Moorestown Senior Club will have a recognition service for new members at their regular meeting on Thursday evening. Every member of the club will take part in this candle service. The Moorestown Senior Club is composed of young women in business. It is a very fine, and very earnest group.

Light Lightest Item

The average bill for electric lights and appliance operation is \$25 a year in the American home. The household spends \$35 a year on tobacco, \$58 a year on gasoline, \$50 a year on ice cream and \$48 a year on candy.

PLACE BLUEGILLS IN JERSEY WATERS

Architects of Sunfish Family Planted
in Streams Throughout
State

Angling in New Jersey will be further popularized and an important addition made to the food fishes of the state through the introduction by the State Fish and Game Commission, this Fall, of bluegills in many streams and lakes. As aristocrats of the sunfish family, the bluegills have come to be recognized as one of the most satisfactory of the smaller semi-game fishes in several other eastern states, and sportsmen will watch with interest the experiment of their planting in New Jersey waters.

Commissioners believe these big "sunnies" will afford the pleasure of angling to thousands not skilled in taking the trout, bass or pike and will fill a part in the fish and game development program by making it possible for boys throughout the state to have good fishing. Under normal conditions, the bluegill will grow to a pound or more in weight and makes an excellent pan fish. The bluegill has another advantage in that it will share waters with any of the larger game fish and propagates rapidly.

Wardens have distributed 200,000 bluegills under direction of Protector James M. Stratton. The waters chosen for the initial planting in Burlington County were: Sylvan, Kinkora, Cedar and Smithville lakes.

Baseball will be the attraction this Monday evening. Acting on the amendments to the by-laws, postponed quilt tournament and Boosters' surprise are scheduled for the

Wardens have distributed 200,000

bluegills under direction of Protec-

tor James M. Stratton. The waters

chosen for the initial planting in

Burlington County were: Sylvan,

Kinkora, Cedar and Smithville lakes.

Baseball will be the attraction

this Monday evening. Acting on the

amendments to the by-laws, post-

poned quilt tournament and Boost-

ers' surprise are scheduled for the

weight and makes an excellent pan

fish. The bluegill has another ad-

vantage in that it will share waters

with any of the larger game fish and

propagates rapidly.

NOTICE

All readers or local notices of entertainments, suppers, fairs, dances, etc., given for the purpose of raising money, will be charged for at the rate of fifteen cents a line.

THE QUESTION BOX

Captain Alfred Brown
Aquatic, Riverton—To settle a bet will you state who holds the long-distance swimming record of the world. A. says it is Belmont Carter, and B. says it is Annette Kellerman. Who is right?

A. Neither of you. Captain Alfred Brown of the Life Guards of New York swam through the Panama Canal in 1914. The distance is 48 miles and in accomplishing the feat he holds the championship of the world as a long-distance swimmer.

185,000

Peter, Cambridge—How many immigrants came to the United States the year before the World War started and how many is there now on the average?

A. June 30, 1913, to June 30, 1914, there were 1,218,480 immigrants to the United States. The average now is approximately 185,000.

One Who Peeps in Windows

Azalea, Palmyra—What is meant by Peeping Tom? And how did this expression originate?

A. Lady Godiva of Coventry sacrificed herself to ride through the streets naked to rescue the people from oppression. A tailor by the name of Tom was the only person in town that peeped at her in her humiliating act. Hence he was called Peeping Tom. The term is now applied to any person that stealthily peeps through windows, etc.

Lutheran

Frederick, Riverton—To what church does the ex-Kaiser of Germany belong?

A. The ex-Kaiser of Germany is a Lutheran.

Rather Speedy

Farm Life, Asbury—Would the editor of Q. and A. or its readers believe it when I truthfully say I have a hen that laid 300 eggs in one year's time?

A. Sounds "fishy." When a hen works that fast, she is not laying them, but throwing them.

Emerald

Mae, Glassboro—Will you please answer in your paper what is the birthstone for May?

A. The emerald.

June 25, 1899, on Sunday

Curious, Cinnaminson—I was born June 25, 1899. What day of the week was that and what is my horoscope?

A. June 25, 1899, was on Sunday. You are two-sided to yourself if not to others. One side of your nature is strong, active, self-reliant. The other is weak, inactive, a dreamer, and a desire to see everything about you harmonious. You rather crave honor and rewards. You have a good speaking voice, and if properly trained and practiced you will make a good speaker. If a woman, the stage will probably give you fame as an emotional actress if you apply yourself diligently. As a rule people born at this time are affectionate and like to have a good deal of fuss made over them at all times. They are sensitive to slights and easily offended. They usually accumulate a good deal of money before old age.

Hebrew Return to Race

Emilie, Delair—Why are Jewish people sometimes referred to as Jews, sometimes as Hebrews, and sometimes as Israelites?

A. Hebrew was originally applied to Abraham and his descendants. Later the twelve tribes were called Israelites because they were descendants of Israel. Afterward these tribes became lost, but what was left of them joined the tribe of Judah in Palestine. Hence they were called Jews—a corrupt contraction of Judah. Good authority maintains that "Hebrew" should be used in reference to the race and the religion.

Effel Tower Highest Structure in World

Seventh Grade, Riverton—Will you please answer how high Effel Tower is? And also how it gets its name?

A. Effel Tower, the highest structure in the world, is 984 feet high. It was named after its designer, Gustave Effel.

Possibly Not

John, Asbury—To settle an argument, will you please answer this question: Have animals the power of reasoning?

A. Scientists differ on this point. Some say they have the power of mental operation, while other say it is only instinct they possess.

To Keep Bread Fresh

Housewife, Cinnaminson—Is there any way you know of to keep bread fresh for more than two or three days?

A. Take an apple and cut it in half and lay it in the bread box. This will keep the bread fresh and tasty.

How the War Happened

Mary, Riverton—Will you please

Riverton Items

Mr. and Mrs. Charles Showell, of Second street, have moved to West Philadelphia.

Mrs. Evelyn Weart spent Tuesday in Philadelphia with her grandfather, John Harbison.

Miss Anna Lechowicz spent the weekend in Burlington, as the guest of Miss Josephine Stewart.

Mr. and Mrs. J. A. Seville, of West Philadelphia, spent Sunday with Mr. and Mrs. S. B. Lisk.

Mrs. Louise Bishop is having her home on Thomas avenue painted by M. A. Magee, of East Riverton.

Edward H. Flagg, Jr., of Broad and Thomas avenue, is having his house painted by Reuben H. Fish, of Beverly.

The regular meeting of the Golden Hour Circle will be held Friday evening in the Presbyterian Chapel.

Doris Jermon, daughter of Mr. and Mrs. Russell Jermon, celebrated the first anniversary of her birth, on Armistice Day.

Mr. and Mrs. Francis Elwell and Dr. and Mrs. Harry Rogers, moved to Princeton, on Saturday.

Mr. and Mrs. H. M. Kieckhefer returned home Wednesday from an extended wedding trip to the Hawaiian Islands, with many stops en route.

The "coal situation" will have no further terrors for Harvey Stewart and A. T. Hagstoz. They have installed oil burners for heating their homes this week.

Mr. and Mrs. Ross Mattis returned on Monday from a motor trip to White Sulphur Springs, Va. They drove their Oldsmobile and were gone nine days.

Dr. and Mrs. James E. Brown and family, moved to Easton, Pa., on Friday. Miss Alice Bradley, of Easton, returned with them and spent the weekend as their guest.

499 Linden avenue, will Saturday afternoon, November 21, from Philadelphia for Miami, Fla., on the S. S. Berkshire of the Merchants' and Miners' Transportation Co.

Ellert Nesdahl, who bought and moved into the Hemphill property on Thomas avenue last spring, will leave for Chicago the first of December, to which city Mr. Nesdahl has been transferred from Philadelphia.

Mr. and Mrs. Beauchamp and sons, and Miss Jennie Miers, of Philadelphia, spent Sunday with Mr. and Mrs. George Williams on Main street.

Mrs. Williams and Miss Anna Williams visited in Fairview Sunday afternoon.

While the returns are not yet all in, it is certain that over \$60 was raised in Riverton by the Red Cross Roll Call last week. Those who have not subscribed and desire to do so, may send a check for \$1.00 to Mrs. Howard Cox. This money is used to assist convalescing men and their families in Burlington County.

The Riverton School Board gives notice that drastic measures will be taken if necessary to break up the practice of some of the older boys playing on the school grounds Saturday and Sunday. Neighbors living adjacent to the school property have complained that the boys make a nuisance of themselves besides doing considerable property damage.

Last Saturday, "Chuck" Coward, of Fourth and Lippincott avenue, and a friend, "Al" Becker, of Haddonfield, took the veteran gunner, Clarence Hubbs, out in the woods to show him how to bag a real mess of rabbits. Coward and his friend called one between them while Clarence's trusty gun barked four times and on each occasion he met with luck. It is understood young Mr. Coward is to pay for some dinners at the Walt Whitman.

C. W. Weiland, of Thomas avenue, is having a piece of unique stucco work done on his residence. Red pebbles from Tom's River are being used, and each one is placed in position separately instead of being dashed on, as is the usual method. The result is quite different in appearance from the usual "pebble dash" work. Mr. Weiland has extended his horses and enclosed them in glass and made extensive alterations and improvements inside and out. When finished his will be one of the most attractive houses on the street.

Motorists who travel between here and Camden by way of the River Road will be glad to know that the bad place under the railroad bridge at Delair is now being repaired.

Riverton, Riverside and Bridgeboro fire companies were called out by a brush fire near Taylor's Lane last Friday night. The Riverside company received the alarm first and had extinguished the fire before the other companies arrived. The same performance was repeated on Tuesday with a like result.

A MODEL LOCKUP

The new Palmyra lockup, recently installed in the addition to the built to the police headquarters, is a model of cleanliness and sanitation. The cell room is light and airy and equipped with modern sanitary appliances. The floor is of cement, with a drain in the center to simplify the work of keeping it clean.

For some time it has been realized that the Riverton lockup is inadequate and antiquated. Officer Miller, after viewing the Palmyra jail last Wednesday during the hearing in the bootlegging case, said that the prison inspector who makes his rounds once a year, has often expressed the opinion that Riverton should have something better in the way of a place to detain prisoners.

Any self-respecting community owes it to itself to provide jail facilities which will not bring down the self-respect of those who may be unfortunate enough to have to be incarcerated.

BANK AVENUE BEING FIXED

Work on rebuilding the roadway on Bank avenue has been started. Contractor Hilton Smith, of the street will be removed and some form of permanent surface laid. Just what nature of construction will be used has not been finally determined. The surface has already been scarified from Linden to Lippincott avenue.

It is understood that the drains for carrying off surface water under Bank avenue had been put on the streets leading to it but are not adequate for the purpose, and if the road department could see the way clear to put in proper drains while the road is torn up it would make the job complete.

SUNSHINE AND SMILES

Sunshine divine is yours and mine, and is forever free.

To sweetly bless, and ne'er do less, alike to you and me.

But we can start in almost heart another light to glow.

And have it stay with us, always, by smiling as we go.

'Twill lift the load, and smooth the road, and pierce the veil ahead.

And drive despair from its dark lair, where joy will live instead.

It smiles be true, and plenty, too, then happy is our lot;

We'll be content as life is spent, though gold we may have not.

—James T. Wrightson.

A little tot in Sunday School was speaking a piece something like this: "Two little eyes to see with, two little hands to work with, two little ears to hear with, and then he hesitated. He knew there was something else about him, but just what he could not be sure, so he improvised "two little tonsils to talk with."

There is no surer proof that there is sunshine than the fact that you are lost in a fog-bank. There would be no fog in the universe if there were no light. It is sunshine that makes all the mist.

"Unless the peoples shall without too great daily come to know each other through association on the basis of wider human interests represented by art, literature, science, philosophy, ethical ideals and religion, their financial and industrial contacts will turn out to be a curse to all nations." These words were spoken by Dr. Romanzo Adams, professor of economics, University of Hawaii, at the Institute of Pacific Relations, recently held in Honolulu.

At the close of the Institute Mrs. Percival Foster, field secretary Dominion Council, Y. M. C. A., Toronto, Canada, said: Good will and friendly cooperation make for greater security and more lasting peace than do preparedness against aggression or treaties and agreements however well framed. Each race has something to contribute, something of value that should be preserved.

CARD OF THANKS

Ruth Carhart desires to thank those who helped her win the second prize in the Keating contest recently closed. Many of her friends left the notes at the store in her name, and she takes this means of expressing her appreciation of their thoughtfulness.

BAPTIST CHURCH NOTES

This afternoon the Philathea ladies, will take the 1.30 trolley at Palmyra station to their monthly business meeting and a humble party at the home of Mrs. Joseph Miller in Delair.

This evening the Bible Class, taught by James Thompson will meet at the home of Mrs. Seel on Cinnaminson avenue.

The children will meet as usual for their "Happy Hour" on Friday afternoon.

At the Sunday services the Rev. Harold Germer, pastor of the Palmyra Baptist Church, will have charge. The Rev. Germer is a very interesting speaker.

Monday evening, November 23, will be the occasion of the annual meeting and roll call of the church. Every member is requested to be present or report by letter. Supper will be served at 6.30 p. m. promptly.

The Musical and Literary Entertainment given under the auspices of the primary department last Tuesday evening was greatly enjoyed by the audience. The proceeds were added to the growing building fund and the quality of the entertainment made the efforts of the children and other talent well worth while.

The Philathea class is planning to hold a rummage sale on December 5 for which it is urged that as large an amount of salable material as possible be gathered.

The annual Trenton District meeting of the Woman's Foreign Missionary Society was held in the Epworth M. E. Church Tuesday.

Captain and Mrs. Edward Briggs, of West Philadelphia, were guests of Mrs. M. D. Schaffer at her home on Leconey avenue Sunday.

James Caruso, of West Broad street, lost a suit of \$51.34 for damages to William F. Floyd's machine, of Camden, at the county court in Mount Holly last week.

Floyd's car was damaged in a collision with the Caruso machine in Camden near Cooper Creek, some time ago. After hearing the testimony, Judge Slaughter rendered the verdict in favor of the Camden man.

Miss Helen Becker has accepted a position as stenographer in the Riverton office of Armitage & Cleveland, real estate dealers.

HONEY

Daily Delivery

USES OF HONEY AS FOOD

On hot bread, hot cakes, waffles and toast.

In place of sugar on grapefruit, as well as with baked apples and other cooked fruit dishes.

As a relish with fried meats, particularly sausage and ham. Used in baking breads and cakes, honey holds moisture and retains freshness longer.

As a spread on bread for children's lunches, honey is more healthful than most other sweets.

Oatmeal and most cooked cereals and many cold breakfast foods are better sweetened with honey.

Ask for attractive folder giving other uses of Honey than as a food.

Palmyra Notes

Mr. and Mrs. Edward Kline are moving to Philadelphia this week. Mrs. Kline will spend Friday with Mr. and Mrs. Owen, of Ashland, Pa.

Mrs. Harry K. Mansfield and daughter are spending the week in Atlantic City.

Mrs. Fred R. Morley has returned home after spending some time in Syracuse, N. Y.

Spears Kerr, of Delaware avenue, left today for a pleasure trip to Miami, Fla., by boat.

Frank Mathews, Jr., has gone to Indianapolis to attend a meeting of the National Motorists' Legion.

Mr. and Mrs. W. C. Coffman, of Teadon, Pa., will spend Sunday with Mr. and Mrs. Thomas L. Lewis.

Mrs. William F. Blackburne and Mrs. Russell Blackburne motored to Lebanon, Pa., over the weekend.

Mr. and Mrs. Clayton Buckner, of Indian Mills, were guests of Mr. and Mrs. W. B. Powell on Sunday.

Mr. and Mrs. Francis Bazzard, of Westmont, visited her parents, Capt. and Mrs. Sydney Alberson, on Sunday.

The H H H Class met at the home of Miss Lotta Mae Lees, on Washington avenue, Monday evening.

The Junior Philatelia Class held its monthly business meeting at the home of Mrs. James Ryan, Monday evening.

Mr. and Mrs. E. K. Mueller and family have moved from 445 Delaware avenue to 735 Cinnaminson avenue.

Mr. and Mrs. Edward King gave a rabbit dinner last Thursday evening to about twenty relatives and friends.

The masquerade party given by the Shepherds of Bethlehem last Wednesday evening was very well attended.

A sour kraut supper will be served by the Ladies of the Golden Eagle at the close of their business session tonight.

Mrs. Michael Houghy has returned to Palmyra after spending a week in Florence with her sister, Mrs. Raymond Weber.

About thirty-six of the sophomores and juniors of the high school held a "doggie roast" Monday night.

Miss Mary Kerchner entertained two of her school chums from Normal School at her home on Columbia avenue over the weekend.

The Bible Study Class of the Central Baptist Church will meet at the home of Mrs. George J. Seel Thursday evening, November 19.

One of the latest style electric refrigerators, the famous "Niles" system, has been installed by Joseph H. Pike to take care of his ice cream.

The Goodfellowship Class will hold its monthly business meeting at the home of its teacher, Leonard B. Baker, Fifth and Garfield avenue, Thursday evening.

Mr. and Mrs. Bertram Horner, of Garfield avenue, entertained a party of Palmyra and Riverton friends at dinner in honor of their wedding anniversary Tuesday evening.

Mr. and Mrs. Theodore L. Morrie, of Garfield avenue, called Wednesday on the S. S. Nantuxet for Miami, Florida, where they will attend the Atlantic Deep-sea Waterways Association convention.

The Knights of Pythias will give a package party tonight in P. O. S. of A. Hall, beginning at 8 o'clock. There will be a musical entertainment and dancing. Members, their wives and friends are cordially invited.

Fred W. Schroeder, who has been engaged in the jewelry business for 25 years, has resigned his position with Waller, in Camden, and has gone into business for himself, with headquarters at his home, 418 Lacey avenue.

Camp 3, P. O. of A., will hold a meeting on Thursday, November 26, which is Thanksgiving Day. Special arrangements are being made for the following evening, which will be held December 10 and holds promise of being one of the finest affairs staged by the ladies' lodge this year.

Mr. and Mrs. Maurice Sandoz, Miss Mary Price and the Misses Mary and Rose Frabillone attended the testimonial dinner tendered Bobby Shea, who has just returned from home at the Wall Whitman Hotel, Camden, Tuesday evening. More than three hundred persons were present at the affair, which was given by the Young Ladies' Sodality of Our Lady of Mt. Carmel Church. There were ten speakers and invitations were extended fifteen presents.

MEN'S CLUB

Walter M. Wood To Be Speaker Next Monday Evening

Walter M. Wood, general secretary of the Philadelphia Y. M. C. A., will speak on "Timely Tactics for Tomorrow" at the meeting of the Men's Club in Christ Church Parish House Monday evening.

On the interesting program which has been prepared, their will also be several musical selections and Mrs. Richard E. Wilson, accompanied by Miss Hester Weaver at the piano, will render a soprano solo.

Richard E. Wilson, secretary of the Club, says no notices were mailed out and the members are requested to mention the meeting to others so that a large crowd may enjoy Mr. Wood's address and the musical program which promises to be a treat for the men.

BASKETBALL

Temple Team Will Move Delancey on Thanksgiving

After spending several weeks of hard practice, Manager Russell Davis reports the Temple basketball team in fine shape for its opening game with Delancey in the Temple gym Thanksgiving evening.

The team made a splendid record on the court last year and promises to make an excellent showing again this season. Many of the old stars including Chris Schwarz, Bud Grifflinger, Russ Davis, Ray Lamont, Paul Burr and Earl Poinsett are back in the lineup.

Temple will have two quintets and will meet the Delancey first and second teams. Delancey is back with their usual galaxy of fast, hard fighting eagles and will keep the local fives on the jump from the starting whistle at 8 o'clock until the last play is completed. Delancey is entered in the Burlington County Basketball League this year.

Manager Davis says he hopes the locals will be greeted with a large crowd since two tight games with thrills galore are assured.

VOTE IN COUNTY

The total vote in Burlington County for the various state and county candidates at the recent elections was:

For Governor
A. Harry Moore, Dem. 4,472
Arthur Whitney, Rep. 14,118

For Assembly
Clifford R. Powell, Rep. 15,192
Harold D. Hunt, Dem. 6,019

For President
Curven B. Fisher, Rep. 13,094
Charles R. Stout, Rep. 14,508
B. Frank Atkinson, Dem. 4,452
J. Harry Barklow, Dem. 6,361

Total Registered. 48,828
Votes Polled. 23,887
Rejected. 70

DR. WILLIAM A. CORTRIGHT

Dr. William A. Cortright, of Beverly, died at his home on Warren street, that city, last Sunday and was buried on Tuesday. Dr. Cortright had suffered from Bright's disease for a number of years. His wife died several years ago and a son, William Cortright, was killed in France.

The Beverly Post of the American Legion bears his name.

About thirty years ago Dr. Cortright and his family lived in Palmyra occupying a house on Cinnaminson avenue.

Thanksgiving Service

Community Celebration to Be Held at Epworth Church Next Thursday Morning

In keeping with the thought of the original Thanksgiving Day celebration, Riverton and Palmyra are to have their Community Thanksgiving Service at the Epworth Methodist Episcopal Church. This service is arranged by the pastors of the Lutheran, Methodist, and Presbyterian Churches, together with a representative of the Baptist Church.

As in former years, there will be a bright, impressive, spiritually helpful program that should aid us in having a thankful attitude of heart as we consider the blessings that have been ours for the past year.

The service will in no way take on a denominational or sectarian aspect. It is a community service for all of the people of the community. The service will begin promptly at ten thirty and will close promptly at eleven thirty. As has been the custom, the offering will be for the Children's Home Society of New Jersey.

What a lot of trouble and worry we should have been saved if our grandparents had only been thrifty and understood compound interest and insurance tables and the necessity of making a will under a trust agreement!

The navy rule nowadays seems to be three years afloat and three years on the witness stand.

P. H. S. Alumni Has Big Program

Active Social Season To Start
With Card Party on
Nov. 17

The Palmyra High School Alumni Association is going to start its social season with a big card party to be held in the P. O. S. of A. Hall, Palmyra, Friday night, Nov. 17. Mrs. Catherine Stewart is chairman of the committee in charge.

The committee has planned to have forty tables. Bridge, five hundred, and pinocle will be the games played. There will be a prize for every table. The prizes will be solicited from the merchants of Palmyra, Riverton and Riverdale, as well as the large department stores of Camden and Philadelphia.

The committee hopes to make this the biggest affair of the season. According to a statement made by Leon H. Raesly, publicity chairman for the Alumni, the Association is starting on what promises to be the biggest season since its organization. William Wilbraham, the newly elected president, and the new executive committee are making extensive plans for a season of social and school activities unequalled in the past.

The committee in charge of the card party is composed of Miss Stewart, Laura Jones, Elsie Ogden, Helen Schmitt and Newton Morton. The party is being held in the P. O. S. of A. Hall because the high school was not available for the occasion.

At a meeting of the Alumni Ex-

ecutive committee last Friday night, the committee decided to send out a referendum vote to the members to get their opinion on the subject of drafting a new constitution and by-laws. The old constitution and by-laws have been lost.

The committee also plans to give a dance December 25 in the high school auditorium. This promises also to be a big affair.

It was suggested at the meeting that the Association give a prize for the best essay on a given subject, to be tried for by the students of the high school. It was also suggested that the organization give a medal on the Rhoades Scholarship Plan, taking into consideration popularity, social qualities, athletic ability and scholarship ability. Nothing definite was decided on either of these questions.

FIRE RUINS SOLD

Mount Holly Business Section Swept
by Flames Last January to
be Rebuilt

The real estate on Main street, Mount Holly, on which stands the ruins of the Masonic Temple and the Kelsey & Kille Building, and also the damaged Allen property facing on Brainerd street, has been sold to Herman Odum, a well known business man of Camden. Transfer of title has been held up temporarily pending several minor adjustments in perfecting the title.

Arrangements to put a gang of laborers at work in the very near future, clearing away the debris left by the fire and, probably taking

down the walls of the wreck building.

After that is done, Mr. Odum will start as speedily as possible on the construction of a large three-story brick business building which will occupy the entire space filled by the Masonic Temple and the Kelsey & Kille Building.

It is the new owner's plan to devote the entire first floor to stores facing on Main street. The second floor will be used for office purposes and the third floor may possibly contain a large lodge room. The Allen building is to be restored and rented, probably for residential purposes.

Only one man whose first name was George has been President of the United States.

Christmas Club ANNOUNCEMENT

Our current Christmas Club will close with the week of November 23. November 28 is the last day on which payments will be received.

Payment of amounts due will be made the following week. (See later announcement.) Interest will be included on all accounts that have been paid in full.

We wish to suggest to our depositors the advisability of obtaining the greatest possible benefit from the excellent habit of saving formed in this club.

If all of the fund is not needed immediately, deposit the balance in a Savings Account, where it will continue to draw interest and will be available as required.

OUR NEW CLUB WILL START DECEMBER 7

If you have been a member, we believe you will join again. If you have not been, we are sure you will find it to your interest to become a member.

Gas Cost in the 80's

Sixty years ago housewives considered gas service cheap at from \$5 to \$8 per thousand cubic feet. Today the American people spend more for soda water or chewing gum than they do for their gas service.

The 40-Passenger Car

An average trolley car seats 40 persons. Automobiles average two passengers. One way to relieve traffic congestion is to ride the trolleys.

Improving Transit Service

What Is Being Done and What Should Be Done
To Provide An Adequate Transportation
System for New Jersey People

TO KEEP THE FIVE CENT FARE

Municipalities served by Public Service Railway Company are among the comparatively few in the United States in which the Five Cent Fare is still effective. For the 272 cities of 25,000 or more population the average rate is 7.86 cents. For the group each of which has a population of 50,000 or more, New York City excepted, the average rate is 7.31 cents.

And New York is excepted because its taxpayers are contributing more than \$10,000,000 a year to the cost of service!

The Five Cent Fare in New Jersey municipalities is a distinct advantage not only to the car rider but to merchants, manufacturers, business people and home owners.

Five Cents should, if possible, be retained as the Fare Base.

It has been possible so far because the company has to the full extent of its power reduced waste, practised economy and increased efficiency during a period in which the company has foregone that "fair return" to which in law and equity it is entitled.

It will be possible in the future only if the same methods of efficiency and economy are extended through the entire field of local transportation.

Useless duplication of service must be eliminated, injurious and unnecessary competition done away with, traffic regulated so as to speed up operation, and the unfair burden of paving charges removed from the shoulders of the car rider.

Hope for the retention of the Five Cent Fare and the extension of transit facilities to meet public needs rests upon the accomplishment of these things and upon a unified system of cars and buses under a single management.

FREEHOLDERS NOT INFORMED ON RUM PROBE

County Board Not Notified of
Changes in Detective's
Office

WANT TO KNOW WHAT BILLS WILL RESULT

More Lodgers in County Jail
Necessitate Greater Fund
For Maintenance

In an attempt to "smoke out" County Prosecutor George M. Hillman, and generate the shroud of mystery that has surrounded the investigation of the Ranocosa rum case, the Burlington County Board of Freeholders at its meeting last Friday passed the following resolution offered by Freeholder Howard Russ:

WHEREAS, certain newspaper reports of Burlington County show that certain officers have been suspended, additional officers have been appointed to take their place, watchmen have been ordered and that the Federal Government has taken charge of certain trucks seized in certain rum raids in the County, same are being stored at the expense of the County of Burlington and that this Board has no official notice of any of the above acts and in order to properly protect the Board of Freeholders of the County for the payment of the bills concerning the above, therefore

BE IT RESOLVED, by the Board of Chosen Freeholders of the County of Burlington that the Prosecutor of Pleas of this County notify this Board what, if any, suspensions he has made in the County Detective's Office, what appointments he has made, the names and amounts to be paid for their services and what liability the County of Burlington has for the storage of seized trucks and liquor, so that this Board can make the proper arrangements for the payment of these bills when the same become due.

The passage of this resolution followed a general discussion concerning the payment of certain bills for watchmen's services, etc., in connection with the "rum case," and which the board held up until the desired information can be received.

Jail Now Crowded
Freeholder Lippincott reported that owing to the large number of prisoners in the county jail, which is greatly in excess of the number estimated the first of the year when the budget was made up, it would be necessary to have more money for the maintenance of this institution for the balance of the year. He offered a resolution that an additional \$1500 be appropriated, and the funds raised by the issuance of an emergency note. The resolution was unanimously adopted.

Mr. Lippincott also asked for an additional \$1500 for the completion of the improvements to the Police building, recently purchased by the county for office purposes. This resolution was also unanimously passed. The money will be raised on temporary improvement notes.

A communication was received from the secretary of war stating that there was no appropriation available for the relief of the family of Mrs. Archie Sprague, of Lemmington, who was killed by a stray bullet from Camp Dix during machine gun practice last June. The communication stated that "proper disciplinary measures" had been taken in the matter and steps to prevent the recurrence of such accidents. Mrs. Sprague was in her yard at the time and after the bullet struck her she staggered a few feet and fell dead.

The machine gun target practice was being held at the camp instead of on the regularly equipped rifle range a few miles away. Application was made at the time to the War Department for funds for the relief of the bereaved husband.

and the motherless children, of whom there are eight, but it is held that nothing can be done except by a special act of congress. It is expected that the Freeholders will ask Congressman Bacharach to introduce a measure that will take care of the situation.

Ordered to Raise Tracks
Solicitor Robert Peacock reported the receipt of a communication from the Public Service stating that the guard rail at the foot of Maple Shade hill had been repaired. The solicitor also stated that he had notified the Public Service that it must raise its tracks and make other necessary improvements between Burlington and West Palmyra, as per the resolution passed at the last meeting of the Board of Freeholders.

A small technical obstacle in the deed of the property to the State for the construction of an armory at Burlington was removed when the board acted favorably on the suggestion of the solicitor that the clause providing that the ground revert to the county in case the State did not build the armory be stricken out.

Mr. Peacock also reported that he had obtained from the Fleetwood Motor Company that the car of Lieutenant Smythe, of the Lakehurst air station, could be put in as good condition as it was before the accident for the sum of \$231.15. At a previous meeting of the board, Lieut. Smythe appeared before that body with a claim of \$615 for damages to his car, depreciation and the cost of hiring another car while his was being repaired. He claimed that the accident last July, when he collided with one of the teams from the hospital for insane, was caused by the county vehicle turning into the road leading to the hospital without signaling that he was about to make the turn. At the time of the accident the county offered to settle with Smythe for \$200, which he refused. The freeholders have decided to sit tight and let the air man make the next move.

Patients Being Transferred
Freeholder Lippincott reported that the arrangements had been made to transfer the patients in the hospital building at the almshouse to the main building and that the structure now being used for hospital purposes would soon be turned over to the Tuberculosis Commission, and recommended that an estimate of the cost of making

the necessary alterations be secured. A resolution to this effect was unanimously passed.

The following bills were ordered paid: Roads, \$52,977.13; bridges, \$1,464.13; public buildings, \$7,993.72; public affairs, \$32,293.50, of this amount \$26,100 was the expense of the November election; finance, \$29,802.16; total, \$117,802.16.

Strike Water at 130 Feet

Work on Mount Holly Artesian Well Halted by Unexpected Flow

Work on the new artesian well, being drilled for the Mount Holly Water Company on its land across the Ranocosa creek from the pumping station, has been halted at a depth of 130 feet from the surface. The water flowed so freely from this unexpected source that the New York firm, which is doing the drilling, found it impracticable to seal off the well with the clay

wash, which usually is effective in such cases. This has necessitated the use of a ten-inch steel casing for the balance of the distance to be traversed before the subterranean stream for which the drillers are looking, can be expected to be reached. As soon as the casing is put down operations will be resumed.

The contract for the well calls for a depth of 400 feet and as much deeper as is found necessary to obtain a sufficient flow of water of a quality approved by the State Board of Health. It is believed that water of this quality in sufficient volume will be reached within the 400 feet limit but there is nothing positive about it.

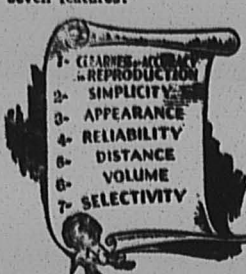

A sample of the water flowing from the higher stratum of water-bearing sand shows on trace of iron under superficial examination. Apparently it is of good quality but Superintendent Cross is authority for the statement that the Company prefers to go to a greater depth, since the engineer in charge of the work suspects below the earth's surface and for that reason not of assured purity or free from all danger of surface pollution. These, however, are matters for

future consideration. It is the purpose to go to the depth originally agreed upon and then to test the water in the higher strata after the drill is pulled out of the hole—"on the way up", as the well men express it.

The present boring is in the na-

Your Radio Bill of Rights

To guarantee success in your pursuit of radio happiness, you are entitled to demand of a radio set these seven features:

Since these are the actual specifications on which Freed-Eisemann radio sets are built, we have no hesitancy in recommending that set to you for complete and perpetual satisfaction.

The set you buy should possess these seven virtues according to your radio "bill of rights." Won't you let us demonstrate a Freed-Eisemann so you can measure it with these requirements?

PUBLIC SERVICE Men and Women

The Steam Shovel Operator

The breaking down of electric or gas service in a community like this would be a calamity affecting thousands of homes and hundreds of industries.

To prevent such an occurrence Public Service Electric and Gas Company keeps in storage at its various electric and gas plants more than a quarter million tons of coal, and The Steam Shovel Operator is kept busy caring for it.

He puts in the piles where it is stored, and when it is needed for the always hungry boilers he loads into cars for transportation to the unloading pits from which the conveyors carry it to the coal bunkers.

The maintenance of continuous service depends, of course, upon a number of factors, but none is more important than coal supply, which is the job of The Steam Shovel Operator to handle.

nicipal Service**

DRAINAGE MATTERS WORRY COUNCILMAN

**Sewers Now Wanted By Resi-
dents of Cinnaminson
Township**

Councilman Wilmer H. Randel, chief of the garbage and ashes collection department of Palmyra Borough Council, announced at the council meeting Tuesday evening that a new schedule of collection would be put in effect December first and that a periodical collection of rubbish would be instituted that time.

Heretofore the only municipal collection of rubbish has been during the yearly clean-up week. For the remainder of the year, tin cans and other accumulations had to be either hauled away at the expense of the home owner, or allowed to pile up in some secluded corner of the back yard.

Mayor Weart was curious to know what the ash collector and his crew did after they finished the collections for the day. He said he had heard reports that the work was finished about two o'clock and the men spent the remainder of the day loafing about a certain garage. Mr. Randel said he had been given to understand that the collector and his crew assisted the street department when not otherwise employed, but would look into the matter and see how the time was being spent.

Drainage and sewer problems occupied considerable of council's time. It developed that there is a low spot on the Shaffer tract, which will require filling to the extent of several feet if the engineer's grades remain as they are. If the engineer's grades are lowered a water hole will likely result that probably would necessitate draining by the Borough at a later date, the sewer work costing thousands of dollars. No satisfactory solution of the matter was arrived at, but the engineers are to go over the situation thoroughly and report at a later meeting.

A request from residents living in Cinnaminson Township near the Palmyra line in the Morgan Heights district for sewer service had been investigated by Councilman Wilmer. He reported that as far as he could find out, it looked as if Cinnaminson Township would clean Palmyra to sewer the whole district. The only solution of the problem that appealed to the Palmyra Borough Fathers

GOOD HUNTING, BUT MAY BE COSTLY

Dr. Ridgeway H. Lamb complained to Palmyra Borough Council Tuesday evening that boys had recently shot a dozen of the tame squirrels in Ridgeway Park.

Dr. Lamb said the builders working in the Shaffer tract became quite chummy with these squirrels and it seemed to him a shame that the little animals should be shot.

The plea for the squirrels struck a responsive chord in Mayor Weart also and he announced that the police would be put on the trail of the offenders at once.

Not only is it against the law to shoot squirrels at the present time, but there is also an ordinance prohibiting the firing of a gun in the limits of the Borough, so the hunters are likely to get into trouble two ways.

was that Cinnaminson Township should lay the sewers and then Palmyra would consider letting them drain into the Palmyra system on a rental basis. Further developments in this matter will await official action by Cinnaminson Township.

Nineteen building permits, covering work worth \$19,368, have been granted by Building Inspector Powell during the past month.

Councilman Lees, in charge of the street department, reported that thirteen new street intersections had been finished and that it was hoped to complete the rest of the work scheduled before winter set in. Mr. Lees praised Chief Beck for his cooperation and active participation in the street work.

VOCATIONAL SCHOOLS

Whole Plan Will Be Discussed on the 24th. You are Invited

The State Department of Public Instruction, the County Superintendent of Schools, the Board of Freeholders, and the Committee of Vocational Education from the Burlington Industrial Association are co-operating in preparation for a public meeting to be held in the High School Auditorium, Burlington, at 7:30 Tuesday evening the 24th, when the proposed County Board of Vocational Education will be explained.

All citizens should avail themselves of this opportunity to learn just what the plan is, how much it will cost and why it is so necessary at this time; therefore, everyone is most cordially invited and urged to attend this meeting so that they will know about this forward plan for giving the boys and girls of Burlington County a little better start in life.

RIVERTON WOMAN HURT

Mrs. Muench Injured in Auto Accident in Camden

A woman driver was injured and two cars were smashed Sunday at Fifteenth and Federal streets, Camden. Mrs. Maurice Muench, fifty-two years old, of Riverton, was severely shocked and her nose was broken.

She was taken to Cooper Hospital. Her husband and their young son, Maurice, Jr., escaped unhurt. Newton Luther, of New York City, driver of the other car, also escaped injury. Mrs. Muench was driving when she swerved to avoid Luther's car, going in the opposite direction. The two machines crashed head-on and both were badly wrecked.

County Loses as Rum Tug Sinks

Ship Officials Had Planned To Libel Now Lies at Bottom of Delaware

Burlington county officials have had a temporary setback in their plans to grab a few more thousand dollars out of the rum running scandal by libeling the tug that is alleged to have towed the rum barge up the Rancocas creek to Bridgeboro before she was raided on the night of October 1, and they had the papers all in shape to pounce upon the prey, but disaster was faster than the officials and the tug now rests comfortably on the bottom of the Delaware river.

The tug is the Arel, which went down on Monday of last week while she was being used in towing the floating grain elevator that toppled over on the Arel and South Wharves, when the force of the wind was greater than the ability of the boatmen to maintain an equilibrium for the big load they were handling. When the elevator went over it fell on the Arel and they joined hands in going to a watery grave. The Casplan, another tug, was also assisting in the operation, but she was on the lucky side, the one nearest the direction from which the wind was blowing.

The matter of proving that the Arel is the tug that brought the rum-laden barge "William Blakes" up the Rancocas creek and then got on before officers knew of the presence of the proscribed craft is left for the officials to prove, but they are understood to have gone so far with the matter that there was nothing left to do but go through the formality of serving papers and Burlington county's attachment upon the tug would have been complete.

Under the law, the Arel is subject to libel for participating in rum running, even though an innocent assistant, and the report is that the officers were ready to serve the papers this week, perhaps.

Steps were taken on Tuesday to have the sunken elevator and barge raised and there may yet be a chance to get those papers right in the hands of the proper parties, but if the tug turns out to be valuable Burlington county will stand to lose several thousand dollars, it being expected that the proceedings would result in financial benefit to the county.

Perhaps some of the punch will be taken out of the desire to raise her now that Burlington county has her claws all set for pinching the rum-running assistant.

PHYSICAL EDUCATION UNDER DIRECT STATE SUPERVISION

A division of physical education is now included in the State departments of education of Alabama, California, Connecticut, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Missouri, New Jersey, New York, Pennsylvania, Virginia, Washington, and West Virginia. With the exception of Maine and Washington, all have State directors of physical education. These 16 States contain about half the population of the country.

FOR COOPERATION WITH EXTENSION DEPARTMENTS

A specialist in adult education has recently been appointed in the Interior Department, Bureau of Education. This office was provided for by Congress during its last session in response to a popular demand. Work projected includes immigrant education, home education through reading courses, factory education and prison education, in cooperation with extension departments of universities in the various States.

PUBLIC SERVICE IMPROVES BURLINGTON ELEC. STATION

New coal handling equipment has recently been installed at Burlington electric station, largely increasing the efficiency of this plant.

The rapid growth in population and industrial activity of the territory centering in Camden and Trenton has made necessary increase in the electric facilities of Public Service Electric and Gas Company, and improvements at Burlington have been supplemented by an arrangement with the Philadelphia Electric Company for exchange of energy over cables laid on the bed of the Delaware River between Camden and Philadelphia.

Another tie in of the systems of the two companies will be made at Trenton.

County Firemen Elect Officers

Burlington Man Continues as President; Henry V. Ellis, of Delanco, Re-Elected

David A. Brotherton, of Burlington, was elected president of the Burlington County Firemen's Association for the third successive term, at a meeting held in the City Hall, Moorestown, Wednesday evening, where the association was the guest of the Moorestown Fire Department.

In addition to Mr. Brotherton, the other officers of the organization during the present year were returned. They were as follows: Henry V. Ellis, of Delanco, first vice-president; Russell C. Holmes, of Florence, second vice-president; William B. Gingen, of Bordentown, secretary; William B. Cramer, of Beverly, assistant secretary, and Albert G. Mayer, of Mount Holly, treasurer.

During the course of the evening Lawrence G. Mingin, of Medford, was presented with a set of Encyclopedia Britannica. For a number of years Mr. Mingin was one of the vice-presidents of the State Firemen's Association, but has been compelled to relinquish the position due to ill health and the pressure of his newspaper and other business.

During his connection with the State Firemen's Association Mr. Mingin was a constant attendant of the meetings of the county firemen and was of valuable assistance to them due to his connection with the state body.

At a recent meeting it was decided to make some gift in appreciation of his valuable efforts and a collection was taken among those present for the purchase of the set of Encyclopedia.

The presentation address was made by William B. Cramer, of Beverly, and Mr. Mingin was taken completely by surprise. After regaining his composure Mr. Mingin thanked the boys for the testimonial tendered him.

IMPROVE ENGLISH OF UPPER CLASSES

An English "clinic" is maintained at the University of Wisconsin to aid upper-class students who have completed the required freshmen courses in written English but whose latest work shows inaccuracies in English construction. The "clinic" is directed by a committee of five instructors from the departments of journalism, chemistry, history, education, and English. Seventy-six upper-class students in the College of Letters and Science whose English was "sick" were treated in the clinic last year.

In New York a judge has announced that the next time a certain lady is brought before him for speeding, he will jail her husband. That should speed up the husband to a demonstration that he really is the head of the house.—Cincinnati Enquirer.

County Y. M. C. A.

State Secretary Robert C. Shoemaker was in the County Saturday morning, November 21st, and while here called at the County Headquarters at Mount Holly. Mr. Shoemaker has his office with the rest of the State YMCA force at 45 Bleeker street, Newark. Many Burlington Countyans remember Mr. Shoemaker as their former County "Y" Secretary.

Frank W. Thatcher, Treasurer of the County Committee, entertained at his home for dinner Thursday evening, November 19th, members of the Executive Committee and Finance Committee of the County Committee who were, besides himself, William F. Overman, Moorestown, Henry F. Stockwell, Moorestown, S. Rowser Oliver, Burlington, Chairman, Vice-Chairman, and Clerk respectively of the County Committee, D. P. Hopkins, Beverly, Chairman of the Finance Committee, and John J. Huswell, Lumberton, also another member, together with Secretary Hendry.

This group will have a definite report to make to the full meeting of the County Committee scheduled for Tuesday evening, November 24, following a dinner together in the Presbyterian Church at Mount Holly. This is the meeting when the Committeemen will enjoy their annual treat of pies made from the mince meat provided by Charles W. Brick, of Crosswicks.

The County Committee feels that already a very welcome and widespread interest has been manifest in various parts of the County in the spirit and ideals back of the Father and Son movement, particularly as evidenced by the number of Father and Son Banquets already held. These started off with Moorestown, November 10th, Columbus, November 11th, Jobstown, November 12th, Mount Holly, November 13th, Willingboro, and Florence, November 17th.

There are other towns where such Banquets are held annually at later dates, including Crosswicks, Bordentown, Palmyra, and Medford, and it is likely that there may be two or three other communities to hold such affairs sometime during the year for the first time. At each of these Banquets the special Father and Son edition of the Burlington County YMCA Song Sheet was used, greatly adding to the spirit of good fellowship and comradeship between dads and lads.

Wilfred W. Fry, of Camden, Chairman of the Camden City YMCA Board and also a member of the National Council from the Fourth Electoral District, was the host on

Friday evening, November 20th, to representatives from all of the Associations in this area, which extends from Monmouth County south, a group of about fifty men.

Burlington County representatives at this meeting were Chairman Overman, Vice-Chairman Stockwell, Alexis L. Clark, who is the Chairman of this Fourth District, Judge Wells, and Secretary Hendry. The chief purpose of this meeting was to hear the reports of the three National Council members of this District, reports on the recent International Convention at Washington and immediately following that the second meeting of the National Council, also in Washington.

The Council members reporting were, besides Mr. Fry, Leith E. Cobb, Executive Secretary of Monmouth County, and Professor W. R. Valentine, Principal of the Bordentown Industrial School. These men were followed by addressed delivered by William J. Couse, Chairman of the State YMCA Committee, and Judge Adrian Lyon of Perth Amboy, Chairman of the General Board of the National YMCA Council, whom Dr. John R. Mott, General Secretary of the National Council, considers one of his best counsellors and advisors in the entire movement.

At this meeting steps were taken to call a meeting in January to which would be invited all the Directors of the Associations of this District for the special purpose of acquainting them with the great scope of work being accomplished by the Association, not only here in America but through its Foreign Work Department throughout the world.

Burlington County's full quota of delegates to the State Older Boys' Conference, which will be held in Morristown on December 4, 5, 6, has been secured, namely, 24, and their credentials have already been forwarded, thus assuring them entertainment in Morristown homes during the Conference period.

ORGANIZATIONS COMBINED TO ELIMINATE ILLITERACY

A census of illiterates in the United States will be taken within a year by the General Federation of Women's Clubs, which is cooperating with the Interior Department, Bureau of Education, to reduce illiteracy before the taking of the 1930 census. The Chamber of Commerce of the United States, the American Legion, the American Red Cross, the American Federation of Labor, and other organizations are lending their aid in the movement to give every man, woman, and child in the country at least the rudiments of an education.

RETAIL STORES WILL HAVE BIG DISPLAYS

Fruit and Vegetables to be Included In Farm Products Show at Trenton in January

A Retail Store Fruit and Vegetable Display to be held in the Armory at Trenton in connection with the Farm Products Show, January 12 to 15, 1926.

Spaces similar to a store display window will be provided ten foot long and 4 feet deep with the window floor 30 inches above the armory floor. In addition, a space extending four feet in front may be used. For this display barrels, boxes, baskets, fancy containers, plates, greenery and other containers and decorations may be used.

Only fresh fruits and vegetables may be used for the display itself of which fifty per cent. must be grown in New Jersey or Pennsylvania. The display will be judged by a committee of three on the following score points:

Attractiveness and arrangement, 50 points.
Condition and quality, 30 points.
Variety, 10 points.
Quantity 10 points.
Total, 100 points.

One hundred dollars in cash has been offered as premiums for this display. It will be awarded in four prizes as follows:

First prize, \$40.00.
Second prize, \$30.00.
Third prize, 20.00.
Fourth prize, \$10.00.

There will be no charge or entry fee. Reasonable advertising and sales information will be allowed. The purpose will be to demonstrate the best possible retail store sales display of fruits and vegetables. An attendant will not be necessary and no selling or order taking will be allowed.

Entries should be made by notifying the Superintendent of Farm Products Show, State Department of Agriculture, Trenton, by December 15, 1925.

SPECIAL PROVISION FOR AMERICAN TEACHERS NEXT YEAR

City of London vacation course in education will make special provision for American teachers in 1926. The enrollment is limited to 500, and 250 places will be reserved for Americans, according to Robert Evans, founder of the course.

The course proper consists of 24 lectures in 4 subjects for each mem-

ber, to be selected from three times as many. In addition visits are made to places of interest, addresses will be heard from "eminent personalities," and social occasions will be arranged. Right Hon. H. A. L. Fisher, warden of New College, Oxford, is principal of the course.—School Life.

TO RAISE BASIC MINIMUM OF ATTENDANCE

Schools are crowded to the utmost throughout the Philippine Islands except in some Mohammedan communities, and attendance is increasing even there. Three years is the average time spent in the public schools. In his annual message at the opening of the Philippine Legislature, Governor General Wood stated that special effort had been made for the improvement of the primary and intermediate schools, where 95 per cent of the children receive their education. He recommended that four years be made the basic minimum of attendance, and that the minimum be raised to five years as soon as possible.

Who remembers the good old days when we knew that Florida was nothing but swamp, alligator and burning sand?

Distribution of Christmas Club Funds

On Thursday evening, December 3, from 7 until 8.30 o'clock, this bank will be open for the distribution of funds due depositors in the Christmas Club.

Checks will be ready for all those calling and these may be cashed or deposited in whole or in part. If the entire amount of cash is not immediately required the balance may be deposited for future needs.

To those who find it impossible to call we shall mail checks later.

Last day to make deposits in this club November 28th.

Interest included only on fully paid accounts.

New club starts December 14th.

THE PUBLIC IS CORDIALLY INVITED

SPECIAL Thanksgiving Discount Sale 10 to 20 per cent off ON ALL BUILDING LOTS

purchased on our East Riverton, N. J. plot Thanksgiving Day.

This plot is located on River Road, Riverton, N. J. directly across from the beautiful flower gardens of Dreers' Nursery.

This SPECIAL is given due to the wonderful response from the public last Sunday when 27 lots were sold.

Don't delay. They are going fast.

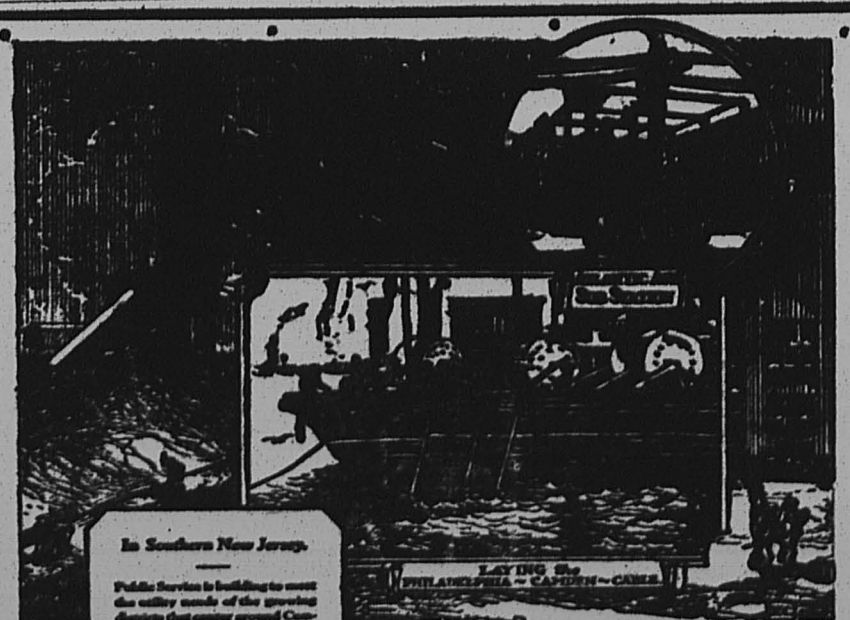

\$300 up.

Agents on Plot All Day.

ZEISNER & CO.

5111 Frankford Avenue

Philadelphia, Pa.

In Southern New Jersey
Public Service is building to meet the utility needs of the growing districts that center around Camden and Trenton. Cables under the Delaware carry current from Philadelphia to complement the movement of Burlington Station.

An Investment To Fit Your Savings!

Securities of Public Service Corporation of New Jersey are a safe investment because back of them are the earnings of companies which render a necessary service for which demand is constantly increasing.

Cumulative Stock of the Corporation sold under our Popular Ownership plan permits the investment of savings, large or small, as they accumulate. That is one of many reasons why you should buy

6% Cumulative Preferred Stock of Public Service Corporation of New Jersey

Price—\$100 and accrued dividend. Can be bought for Cash or paid for \$10 down and \$10 a month. Interest paid you on installments.

ASK ANY PUBLIC SERVICE EMPLOYEE!

WHAT PRICE HEALTH

VALUE of health may not be reckoned in dollars and cents. Two thousand years ago there was perhaps some excuse for the gastronomes, but today there is none. The way to health lies in a balanced diet. Hippocrates, the father of medicine, figured along the same lines back 450 B. C. He expressed the belief that the science of medicine had its beginning in the efforts of men and women to find better and smoother diets.

Diet in the home today is becoming a matter of premier consideration. Women are taking cognizance of those important food elements known as vitamins. They have learned, also, the benefit to the human body of such minerals as iron, calcium and phosphorus.

This knowledge has resulted in the housewife planning her menus with an eye open to dietary values, which is the big reason why milk has assumed such a large place in the menu of the American family. Milk contains every structural element for body building. It is an almost perfect food. Despite the best refrigeration facilities, milk will keep sweet only a short time. Millions of American housewives have solved this big problem by using evaporated milk, which is simply fresh cow's milk sterilized in cans to achieve keeping qualities and with sixty per cent of the water removed.

Evaporated milk is not the same as condensed milk, although many persons confuse the two. The condensed product is a combination of milk and sugar cane in a two-fifth cane sugar and three-fifth milk proportion. Evaporated milk has nothing but water taken from it and nothing at all added. Sugar is the preservative used in manufacturing the condensed product, while heat only is the preservative for evaporated milk. For this reason the evaporated product may be used in any way in which market milk is used.

Fudge Making Finds Favor With Co-Ede

Fudge may be classed with pie as a typical American dish. It has a place in every young man's heart and every girl's category of accomplishments. Co-eds swear by fudge and "fudge shines" in sorority parlors are the very latest wrinkle in collegiate circles.

There's a big wallop in a platter of fudge, the co-eds explain, because it's one of the greatest sources of energy, containing both milk, the "perfect food," and sugar.

If you're any doubt of the place fudge occupies in the young male heart, try these recipes on him and hear his own answer. Each of the appended dishes was prepared by Miss Meta Given, doing research work in the home economics department of the University of Chicago, and they are the result of much experimentation.

Chocolate Fudge.
1 cup sugar 1/2 cup butter
1/2 cup evaporated milk 1/2 cup shredded coconut
1/2 cup water 1/2 cup vanilla
1/2 cup corn syrup 1/2 cup vanilla
Melt the chocolate so that it will melt more easily. Add the sugar, salt, milk, water and corn syrup. Cook, stirring until chocolate and sugar are melted, and then only occasionally to prevent burning, until the soft ball stage is reached, or a temperature of 154 degrees Fahrenheit. Remove from fire and add the butter. Cool until almost lukewarm, 110 degrees, add flavoring and beat vigorously until when a little is dropped from the spoon it will hold its shape. Pour into oiled tin and mark in squares.

Coconut Candy.
1/2 cup sugar 1/2 cup butter
1/2 cup evaporated milk 1/2 cup shredded coconut
1/2 cup water 1/2 cup vanilla
Put butter into granite saucepan; when melted, add sugar, milk and water, and stir until sugar is dissolved. Heat to boiling, and cook to the soft ball stage. Remove from fire, add coconut and vanilla, cool to 110 degrees Fahrenheit and beat until creamy and mixture begins to sugar slightly around edge of pan. Pour into buttered pan and when cool mark in squares.

Pecan Pie.
1 cup brown sugar 1/2 cup butter
1/2 cup evaporated milk 1/2 cup vanilla
1/2 cup water 1/2 cup shredded nuts
Boil sugar, milk and water to the soft ball stage. Remove from the fire; add butter, flavoring and nuts. Cool to 110 degrees Fahrenheit, then beat until creamy and thickened; pour into a greased tin and when firm cut.

The 1925 lumber output is expected to be more than 20,000,000, 600 board feet breaking all records for recent years.

Our utilities lead the world, not because of our superior resources but because we have used our utilities to develop our industries and improve our standards of living.

A teachers' mutual assistance association is maintained in Cleveland, Ohio, and during the year ending June, 1925, 129 teachers of the city availed themselves of its benefits.

President Sees Need of Real and Genuine Americanism Today

"No Matter By What Various Crafts We Came Here, We Are All Now in the Same Boat," Says Coolidge in Address

In a recent address, President Coolidge said: "Whether one traces his Americanism back three centuries to the Mayflower, or three years to the steerage, is not half so important as whether his Americanism of today is real and genuine. No matter by what various crafts we came here, we are all now in the same boat."

Pennville—Large artificial silk mill to be constructed.

Millville—Millville Hospital to make drive for \$55,000 for improvements and replacements.

Haddonfield—Baker Street property approved as site for proposed new high school building.

Trenton—55 head cattle sold at Trenton fairgrounds, for approximately \$23,205.

Newark—Movement on foot for extending Branch Brook Park northward to Second River.

Morrisville—\$10,000 will be raised, for equipping Morrisville Community house.

Rocky Hill—Excavation begun for new \$10,000 fire house.

\$500,000 Sewer Project.
Nutley—\$500,000 sewer project planned for northwestern section of city.

Trenton—Plans discussed for widening Trenton-Hopewell road.

Millville—Work being rushed on stretch of highway under construction in northern section of city.

Princeton—New quarters of Princeton University Field Artillery Unit, to be completed soon.

Jersey City—Bids to be received for construction of viaduct in Twelfth street.

Millville—Chestnut avenue being improved.

Lambertville—Patriotic Order of Americans to establish new orphanage on farm near here.

Burlington—Construction of proposed new armory.

Princeton—New Isabelle McConah Infirmary opened at Princeton University.

Hackettstown—Ashley silk mills purchased by Bayard and Merritt Lippa.

New Milford—Citizens to vote on purchase of \$25,000 site, for new public school.

West Englewood—Teanek Township buys new \$5,750 LaFrance hook and ladder fire truck.

New H. & L. Organized.

New Milford—New Milford Building & Loan Association organized.

Teanek—New sidewalk will be constructed on west side of River road.

Wildwood—Plans considered for establishing radio broadcasting station on Five Mile Beach.

Trenton—Bids calling for expenditure of approximately \$500,000, to be received by state highway department.

Newark—Building permits for October, total \$634,109.

Bridgeport—City to be supplied with electric current, by December 1st.

Hammonont—West End avenue paving plans rapidly taking shape.

Newark—\$165,000, for a new house will be constructed on Park avenue.

Lindwood—Wood-Lynne Manor being rapidly developed.

Bridgeport—New parochial school

As the result of the defeat of the proposition to appropriate money with which to purchase new fire apparatus, by the voters at the recent general election, several members of the Franklin Fire Company, Columbus, have resigned and others are said to be contemplating doing so.

The proposition was printed on the ballots voted in Mansfield township and had the backing of the firemen, who said that the chemical apparatus of the company is inadequate to cope with fires of any real proportions. It was opposed by many of the taxpayers on the score that it would raise the tax rate even higher than it is at present. The proposition was defeated at the polls and the firemen are not feeling very good about it.

It is alleged that some owners of property warned their tenants that if the fire apparatus appropriation was approved, their rents would have to be raised to meet the increased taxes that would ensue. This, together with the activity on the part of some of the township's substantial owners of property, was

insufficient to bring out enough opposition to defeat the proposition. There is talk of the fire company disbanding, but whether the recentment of the members of the local company will go that far has not been settled. Some of the cooler heads declare it will not come to that.

To the argument of those property owners who opposed the purchase of the new fire engine on the ground that it had been needed in case of fire they could obtain it from Mount Holly, Burlington or Bordentown, the firemen have pointed out that the fire companies in these towns would not continually send assistance to Columbus, especially as the village could render little assistance in return.

For the training of young men and women for the Diplomatic Service, the National League of Masonic Clubs, meeting at Saratoga Springs, N. Y., voted unanimously to endow a chair at George Washington University, Washington, D. C. Present classes in political science and commerce at the university will be organized in February as the foreign service school of diplomacy.

NAVY OPPORTUNITIES
The Bureau of Navigation has issued instructions to the Recruiting Service to accept men for first enlistment as Hospital Apprentice 2nd Class.

This is a wonderful opportunity for young men between the ages of 17 and 25 who have completed a grammar school course and part of high school, who can measure up to Uncle Sam's physical, mental and educational tests.

Only young men of good character, physique, aptitude for the service and the required education will be accepted.

Those who are fortunate enough to be accepted for enlistment as Hospital Apprentice 2nd Class will receive a regular six months course of instruction in the duties of a Hospital Apprentice, after enlistment as follows:

1. Five months advanced course, when a pharmacist's mate rating has been reached.

2. Special course in laboratory technique at the Naval Medical School, Washington, D. C.

3. Special courses in embalming, and dental hygiene.

For further information call or write the Navy Recruiting Station, Post Office Building, 3rd and Arch Streets, Camden, N. J. This is the only recruiting station for men wishing to enlist from South Jersey Cities.

Also, hospital corpsmen who demonstrate distinctive qualifications, are given a variety of special courses in addition to the six months of instruction upon original enlistment as follows:

1. Five months advanced course, when a pharmacist's mate rating has been reached.

2. Special course in laboratory technique at the Naval Medical School, Washington, D. C.

3. Special courses in embalming, and dental hygiene.

For further information call or write the Navy Recruiting Station, Post Office Building, 3rd and Arch Streets, Camden, N. J. This is the only recruiting station for men wishing to enlist from South Jersey Cities.

THE NEW ERA

Published every Thursday at 607 Main Street

Riverton, N. J.

Entered as second class matter at the Riverton, N. J., post office

WALTER L. BOWEN, Editor

The New Era is devoted to the business and home interests of Riverton and Palmyra, independent of political or religious belief—the people's paper

Subscription \$1.50 a year in advance

Advertising rates on application

The New Era Office is equipped to do all kinds of Fine Printing at reasonable prices

LEGAL ADVERTISEMENTS

The New Era is a Legal Newspaper. Commissioners, Sheriff's and other Sales, Administrators' and Executors' Advertisements are solicited. The New Era will appreciate being remembered in this connection.

NOTICE

All readers or local notices of entertainments, suppers, fairs, dances, etc., given for the purpose of raising money, will be charged for at the rate of fifteen cents a line.

"To serve others" seemed to be the keynote of two gatherings on which I "listened in" last week. President Condit spoke at the meeting of the New York Chamber of Commerce and emphasized the fact that the object of this organization was "cooperation." He said—

"The New York Chamber of Commerce is not made up of men merely animated with a purpose to get the better of each other. It is something far more important than a sordid desire for gain. It could not successfully succeed on that basis. It is dominated by a more worthy impulse. It rests on a higher law. True business represents the mutual organized effort of society to minister to the economic requirements of civilization. It is an effort by which men provide for the material needs of each other. While it is not an end in itself, it is the important means for the attainment of a supreme end. It rests squarely on the use of service. It has for its main reliance truth and faith and justice. In its larger sense it is one of the greatest contributing forces to the moral and spiritual advancement of the race.

Later he said:

"We have grown exceedingly great in population and in riches. This power and this prosperity we can continue for ourselves if we will but proceed with moderation. If our people will but use those resources which have been entrusted to them, whether of command over large numbers of men or of command over large investments of capital, not selfishly but generously, not to exploit others but to serve others, there will be no doubt of an increasing production and distribution of wealth."

The same evening Frank Jowl Raymond, at the meeting of the Camden Chamber of Commerce, where the Riverton Chamber were guests, emphasized the fact that it did not make any difference what your name was or what race you belonged to, but it was important that you play the game square. He said that if children were not taught to be "square" they would continue to cheat when they grew older.

THE QUESTION BOX

Plint
Fifth Grade, Five Points—Can you tell me what tools the Indians used to make arrow heads out of flint?

Ans. Plint is a siliceous stone that can be flaked and fashioned into implements. The flaking process was done by striking the piece with a harder stone. They had no other tools.

1908
Sonny, Cinnaminson—Will you please state in the answers when the first successful flight was made in an aeroplane?
In 1903 the Wright brothers of Dayton, Ohio, made their first aeroplane, but they were not able to make it fly until 1908, when they made successful flights in America and in France.

Metaphor and Simile
X. Y. Z., Riverton—May I ask in your question column what is the difference between a metaphor and a simile? Give an example.
Ans. A metaphor is founded upon the resemblance of one thing to another. It differs from the simile in that the comparison is implied rather than formally stated. Simile: "She sang like a nightingale." Metaphor: "She had the voice of a nightingale."

St. Peter Was Married
Will, Cambridge—Has the Roman Catholic Church ever had a married man as its pope?
Ans. Yes; St. Peter was a married man and several others that followed.

To Protect From Theft
Curious, Asbury—I want to ask you why gold and silver coins have rough edges, while nickel and copper have smooth edges?
Ans. Thieves used to shave gold and silver from smooth-edged coins without detection. Since the coins are "milled" it cannot be done. Nickel and copper are not precious metals, hence they were not "shaved" by thieves.

Roman Catholic
Joan, Palmyra—Which is the oldest the Roman Catholic Church

or the Greek Catholic Church?
Ans. Roman Catholic Church is the older.

Origin of Spuds
Patrick, East Riverton—Are Irish potatoes so called because they originated in Ireland?
Ans. The so-called Irish potato did not originate in Ireland. They originated in Georgia, after which they were taken to Ireland by Sir Walter Raleigh. The soil and climate in Ireland was found to be ideal for the potato and thus they became known as the Irish potato.

St. Peter Was a Pope
Mary, Riverton—What was St. Peter's religion? Is it true, as I have been told, that he was once the pope at Rome?
Ans. St. Peter was pope of Rome from A. D. 41 to A. D. 67. St. Peter was known as a "Christian." In his time there was no dissenting religion except that of the Jews.

Wood Lore
Jackie, Cinnaminson—Is a wood chuck and a woodpecker the same?
Ans. No. A woodchuck is an animal, while a woodpecker is a bird.

English History
Nixon, Palmyra—How does the "Anglo-Saxon" get lined up with England?
Ans. About the beginning of the fifth century the South Britons could no longer withstand the ferocious attack of the Scots and Picts. In their distress they appealed to the Saxons, who marched against their northern foe and obtained a complete victory. Subsequently this was known as the Anglo-Saxon alliance.

Both Affect the Lungs
A. B. C.—Is tuberculosis and consumption the same?
Ans. Yes, in the sense as affecting the lungs.

The Crusades
Freda, Palmyra—Can you kindly tell me what were the Crusades and when did they occur?
Ans. The name Crusade was given to the religious wars carried on in the middle ages between the Christians and Mohammedans. The object of the Crusades was to obtain free access for pilgrims to the Holy Sepulchre. These crusades were divided into eight periods, covering about 200 years. All were failures.

How Could She Know?
Dolly, East Riverton—When I asked to talk with my husband over the telephone the impudent operator said "number?" Do you call that good service or was she a dumb bell?
Ans. Probably she thought you had several husbands.

Wilbur H. Thomas, who has first-hand knowledge of existing conditions, many of the foreign countries, will speak at the Forth Club, December 16, on the World Court and our foreign relations. Supper at 6.30. Tickets can be had before December 11th from Mrs. A. P. Deacon.

CARD OF THANKS
I wish to express my sincere appreciation for the sympathy extended to me by the community, and to those who sent care and flowers to the funeral of my husband.
Mrs. William Hatzell.

EAST RIVERTON NOTES
Mrs. Chambers, of Frankford, spent Sunday with her daughter, Miss Marjory, of East Riverton.
John Kuhn, of Philadelphia, spent Sunday with his sister and husband, Mr. and Mrs. I. D. Hill.

Mrs. Stengel and grandson, Frank Ward, of Olney, spent Sunday at the home of Mr. and Mrs. I. D. Hill.
Mr. and Mrs. Joseph Grant and family will spend Thanksgiving at the home of her mother, Mrs. Wise, in Philadelphia.
James Fox, of South Warrington avenue, is painting his house.

Y. W. C. A. NOTES
The opening exercises of the Christ Reserves' meeting, held in the Church Parish House, Riverton, Monday evening, were followed by a "Recreation Service" at Edna Fenimore, Maxine Meitzner, Lotta Lee, Grace Sippel, Cornelia Harding, Doris Atkinson and Jane Schmidt were accepted into the group.
After the ceremony the girls played games and refreshments were served. It was decided to pack a box of toys for the Indians at Christmas time.
A membership drive is on and all girls desiring to join should see Jane Price or Betty Evans.
Thelma Jones
Publicity Secretary.

This is the season when the American turkey gets it in the neck and he can't even appeal to the world court.

Riverton Items

Mrs. Roxanna Bowers moved from her home on Main Street to Delanco, on Saturday.

Mrs. Louise Bishop is having her house painted by M. A. Magee, of East Riverton.

Mrs. Murray C. Boyer left last Friday for Canada and is expected home Wednesday.

Mr. and Mrs. Elliott Rowley have moved from the Riverton road to a farm near Riverside.

Mrs. Edman Thomas, of Philadelphia, visited her mother, Mrs. William O'Donnell, on Tuesday.

Harry P. Williams, of Camden, spent Saturday with his parents.

Mr. and Mrs. George Williams, on Main Street.

Rev. and Mrs. C. T. Bates will entertain Mr. and Mrs. James S. Brunstar, of Wyomissing, Pa. Thanksgiving Day.

Mr. and Mrs. Russell Jermon and daughter will spend Thanksgiving with his parents, Mr. and Mrs. James Jermon, at a family reunion.

Mr. and Mrs. Raymond Lawler and son, Myron, of Riverside, and Miss Anna Lochowitz, of Riverton, motored to Buckingham, Pa., on Sunday.

Charles Coddington, Edward Sordani, Robert Matthews, of Riverton, and Fred Hoare, of Palmyra, will be the local delegates to attend the State Older Boys' Conference which will be held in Morristown on December 4, 5 and 6.

A serious fire was averted Tuesday morning by the prompt response of the Riverton Fire Company. A trash fire was started in the rear of the home of R. W. Kalke and spread rapidly, burning the chicken house and fences, and threatening nearby properties.

Mr. and Mrs. Lee Milton and daughter, Miss Amy, attended the annual banquet of the Society of the Sons of St. George, which was held in the Hittenshouse Hotel Monday evening. This was also the nineteenth wedding anniversary of Mr. and Mrs. Milton.

Mrs. George Yerkes, of Linden avenue had a most unpleasant experience while returning from Church Sunday night. When near her home a strange man sprang out from the bushes along the sidewalk and attempted to grab her. Mrs. Yerkes screamed and ran. Her husband hearing the scream rushed to the front door, but the man had already disappeared. Mr. Yerkes telephoned to Officer Quigley who was in the traffic booth at the time. The officer made a thorough search of the neighborhood, but was unable to find any trace of Mrs. Yerkes' assailant.

THANKSGIVING WATCH
Services Will Be Held Thursday Morning at Epworth Church

The young people of the Epworth League extend an invitation to everyone in Palmyra to attend the Thanksgiving Morning Watch which will be held in the Epworth M. E. Church Thursday morning at 8 o'clock.

The program will include good singing and inspirational speaking which will make it a fitting way to start Thanksgiving Day when those attending may express gratitude for their many blessings at a devotional service.

The young peoples' organization of the various other churches were invited and all have enthusiastically accepted the offer to join the Epworth League in a denominational service of Thanksgiving.

Every person in Palmyra and Riverton who feels that he has at least one thing to be thankful for is urged to attend.

Calvary Presbyterian Church
Next Sunday the pastor will preach at both services, 11 a. m. and 8 p. m. The theme for the morning is "Our Immigrant Neighbor" and for the evening, "The Kingdom of Heaven." There will also be a short sermon for the children, at the morning worship.

"How the Birds Received Their Wings." Sunday School at 10 o'clock. There is a class for every age. Christian Endeavor at 7:15.

Next Wednesday, December 2 at eight o'clock, there will be a preparatory service, in anticipation of the Lord's Supper, which will be celebrated on December sixth.

All those who wish to unite with the Church, either on profession of their faith or by letter from other churches are asked to meet the Session at the close of the preparatory service.

The Missionary Sewing Circle will meet in the chapel on Wednesday, December 2, at 9:30. Bring a box luncheon and remain for the missionary meeting, which will be held in the afternoon of the same day at three o'clock, and to which a cordial invitation is given to all the ladies of the congregation. The Ladies' Aid Society will also meet on the same day, at 2:30 in the afternoon.

The Golden Hour Circle will hold its regular meeting on Friday evening, December 5th, at eight o'clock.

LUTHERAN NEWS
The First Lutheran Church of Palmyra and Riverton will take part in the community Thanksgiving services which will be held in the Epworth M. E. Church Thursday morning at 10:30.

The pastor, the Rev. Harry L. Saul, will be in charge of all services Sunday.

The regular monthly meeting of the Ladies Aid Society will be held in the Church next Tuesday evening, December 1. On Saturday evening, December 5, the ladies will serve a dinner in the church.

The men will make an every-member canvass of the Church Sunday, December 6.

If you want to enjoy an evening of real sport and fun, join the men in their "workout" in the gym any Friday night.

A WORD OF APPRECIATION
November 21, 1925.
Walter Armstrong,
Chief of Fire Dept.,
Riverton, N. J.

Dear Mr. Armstrong:—

Please accept my profound thanks for your promptness in extinguishing a grass fire in the rear of my property, 605 Elm Avenue, Riverton, which was accidentally set fire by a neighbor on Wednesday last.

Your organization is to be commended.

Yours very truly,
G. L. DOLD.

BAPTIST CHURCH NOTES

Thanksgiving morning the church will unite with the other churches of Palmyra and Riverton at the Community Thanksgiving Service in the Methodist Church.

As many members as possible are urged to attend both the six and the ten-thirty meetings. Let us all give thanks.

The children will spend another "Happy Hour" this week with Mrs. Blaser and the other workers on Friday afternoon at 4.

The Bible study class taught by James Thompson will meet this week at the home of Mrs. John E. Shelby, 8th and Thomas avenue, Riverton, on Friday evening instead of Thursday evening.

On Friday evening, also, the Christian Endeavor Society will hold their usual interesting meeting to which all young people are invited.

Sunday services will be conducted by the Rev. Thomas N. Martin, pastor of the Fairview Baptist Church of Camden.

Another year's activities in all departments of the church were reviewed and summarized at the annual meeting and roll-call on Monday night. One hundred and sixty-four members responded to their names—the largest number yet gathered together at an annual meeting of the church. A very tasty supper was served by the Women's Society to the large number of members which completely exhausted the seating capacity of the basement dining room.

After the reading of a number of interesting and encouraging reports, church officers were elected for the coming year as follows:

President, Clarence T. Yerkes; Clerk, Joseph G. Seal; Treasurer, Walter C. Snyder; Deacon, P. G. Sterling; Deaconesses, Mrs. Sarah Wiggins, Mrs. Thos. R. Moore, Mrs. Mary W. Miller, Mrs. Walton Taylor, Mrs. Horace Sycklemore, Mrs. Minnie Bowker and Mrs. Emma Kasper; Trustees, Walter Taylor, David Wood and B. Rush Stevens; Permanent Council, William McConnell and Henry A. Stiles.

The pulpit committee reported progress and the hope that a new building will soon be selected to carry on the well-organized work of the church. The finance committee reported the church in excellent financial condition despite its heavy expenses and the building committee reported the continued efforts of members and organizations in raising the \$25,000 cash fund with which to start the new corner edifice.

NOTICE
Notice of meeting of the Council of the Borough of Riverton to consider the report of Commissioners of Assessment, for benefits conferred to property bordering on Thomas Avenue, between Second Street and Fourth Street, in accordance with the provisions of an Ordinance of said Borough, finally passed March 12th, 1925.

NOTICE IS HEREBY GIVEN that the Commissioners of Assessment of the Borough of Riverton, by a report in writing, have certified to the Council of the Borough of Riverton, their assessments for the benefits conferred by the construction of the sewer constructed for the purpose of providing for the extension of the main sewer or sewer system of the Borough of Riverton, to property bordering on Thomas Avenue, between Second Street and Fourth Street, in accordance with the provisions of an Ordinance of said Borough, finally passed March 12th, 1925, and that the Council of the Borough of Riverton, will meet at the Council Chamber on the tenth day of December 1925, at eight o'clock in the evening, to consider said report.

DANIEL M. CLAPTON,
Borough Clerk.

Palmyra Notes

Mr. and Mrs. Elvin Powell, will entertain at a family dinner on Thanksgiving.

Mr. and Mrs. Robert C. Thomas and a party of friends motored to Trenton Sunday.

Miss Anne vanHorn spent the weekend with Miss Kathryn Hirsch, of Highland avenue.

Mrs. Samuel Sythard, of Philadelphia, spent a few days last week with Mrs. C. F. Kitch.

Mr. and Mrs. Gilbert Denmar have moved into Miss Laura Hall's apartment on West Broad street.

Mrs. Mary Graham has installed one of the new Fridgidaire ice cream colors in her store on Horace avenue.

Little Billy Stone, of West Broad street, is rapidly improving after having his tonsils and adenoids removed.

Mr. and Mrs. George C. Baker, of Elm Terrace, entertained Mr. and Mrs. Victor Clymer, of Haddonfield, Sunday.

Camp 3, P. O. of A., will not hold its regular meeting this Thursday night, on account of it falling on Thanksgiving Day.

The Rev. Fred B. Morley attended the 60th anniversary of the Methodist Church at Trenton, on Sunday, and preached the sermon there.

Mrs. Charles Kern, of Camden, was the guest of her parents, Mr. and Mrs. George Hubbs at their home on West Broad street Sunday.

Mr. and Mrs. Albert Parker, and daughter, expect to spend Thanksgiving with her parents, Mr. and Mrs. John Griffenberg, of Morgan avenue.

The Palmyra High School football team will play its last game of the season when it meets Cape May in the annual contest at the shore this Saturday.

Mr. and Mrs. Robert Bruce Gallaway and two daughters, Helen and Elizabeth, of 402 Cleveland avenue, are spending Thanksgiving week in Atlanta, Georgia.

Postmaster George L. Harvey and Edward A. King spent several days the latter part of last week gunning for ducks at West Creek. They report very good luck.

Mr. and Mrs. W. C. Meade, of Yeadon, Pa., and Mr. and Mrs. W. Norton, of Philadelphia, spent Sunday with Mr. and Mrs. Thomas L. Lewis, of Lincoln avenue.

Miss Margaret Field is expected home from Bucknell University to spend Thanksgiving with her parents, Mr. and Mrs. S. W. Field, of Fourth street, Riverton.

Mrs. F. N. Johnson, and daughter, Miss Helene, and Mr. Joseph Seel spent the weekend in Wilmington as guests of Mr. and Mrs. Herbert Beahn, former residents of Palmyra.

Mr. and Mrs. George Matheny, of Logan, Mrs. John Malone and Mrs. Lydia Powell, of Philadelphia, spent Sunday with Mr. and Mrs. Joseph L. Black at their home on West Broad street.

The Rev. Harry L. Saul, pastor of the Lutheran Church, is a busy man these days. In addition his church work which is sufficient to keep him "more than busy," he is doing jury duty at the Mount Holly courts.

The K. of C. Dramatic Club will hold another dance in St. Joseph's Council Home, Broad street and Elm avenue, Saturday evening. Music will be furnished by the Royal Commodores, Palmyra's popular jazz outfit of radio fame.

Pledge cards, etc., sent to Palmyra Artisans for a charity fund, were mailed by the Philadelphia headquarters of the order and the local Assembly wishes its members to know that it is in no way responsible for the solicitation.

Mr. and Mrs. Mayer Lipkowitz are receiving congratulations on the birth of a son, Stanley Melvin, on November 14. On Sunday last Mr. and Mrs. Lipkowitz entertained friends from Philadelphia, Ashbury Park, Newark and New York City.

The regular monthly business meeting of the In-As-Much Bible Class will be held December 1 at the home of Mrs. Harry Curry, Horace avenue. The annual Christmas party of the class will also be held at this time. Each member is requested to take a twenty-five cent value.

The Palmyra school children contributed almost two truck loads of canned goods to the Visiting Nurse this year. The pupils took their contributions to their classrooms Tuesday and Wednesday. Each year the Palmyra schools support the society in this manner, making the donations at the season in the form of a Thanksgiving offering.

Palmyra police found an abandoned Ford sedan on the Moorestown branch pike Wednesday morning. The windshield and windows were broken and the back fender was bent. The car was found just off the road in an orchard and according to a report issued by Chief of Police C. Morris Beck there were bloodstains on the upholstery and mud guards.

RED CROSS DRIVE

The Palmyra collectors have thoroughly canvassed the town for the annual Red Cross Roll Class during the past few days, but as yet have not heard from everyone. In a canvass there are always a few who are missed, due to the fact that they are not at home when the collector calls.

In order that everyone may have an opportunity of contributing their membership fee, which is \$1.00, those who have not seen the collectors may send their money to Mrs. John C. Hoopfer, Washington avenue.

WOMAN HURT IN AUTO CHASE

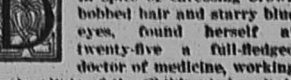

Mrs. Gilbert, of Delair, Cut About Head in Palmyra Collision

As Alfred W. Gilbert and his mother, of Delair, turned west into Broad street from Cinnaminson avenue, coming from Fifth Point, about 3:30 Tuesday afternoon, they were run into by a car driven by James Lanzelero of Mount Holly road, near Beverly. Mrs. Gilbert was thrown against the side of the car and received severe cuts about the head and face. After receiving first aid at Dr. Bauer's office, she went home with her son.

In the car with young Lanzelero were two girls and another chap whose names were not given. Lanzelero was held in \$500 bail by Justice William L. Fichter, to answer to the county court.

The Thanksgiving Myth

by Jane Osborn

ORA LOUISE GRAYSON, in spite of caressing brown bobbed hair and starry blue eyes found herself at twenty-five a full-fledged doctor of medicine, working in the clinic of the Children's hospital.

Somehow, worn, anxious mothers looked at her with so much trust and so much confidence, she wondered how it had all come about. Sometimes she doubted her own powers of endurance to go on.

Talmadge Scott, after several false starts and several years of business, at thirty found himself in possession of his degree of doctor of medicine. He wondered sometimes how it had ever occurred to him that he could possibly be anything else besides a doctor.

For several weeks Doctor Scott had been stopping every day at the Children's hospital to speak to Doctor Grayson, who received her little patients in the room right across the corridor from the small operating room where he worked two hours every morning.

In all his life he had never known a woman doctor before; he tried to imagine, but could not conclude, what sort of person she must be.

"This is closed tomorrow," he remarked the Wednesday before Thanksgiving. "I suppose you will have dinner with friends."

"Thanksgiving dinner?" she queried. "I am afraid I don't feel in a very thankful mood. I'm thousands of miles from home. Do you still believe in turkey and cranberry sauce and pumpkin pie?"

"It's a pretty myth," he said. "If Dora had been a keen observer she might have noticed that a look of disappointment he passed over Talmadge Scott's face, and if he had been a mind reader he might have been aware of her own disappointment. Not being so gifted they parted with a brief farewell.

Talmadge Scott knew where Dora Grayson lived. All Thanksgiving day he thought of her, in spite of efforts to put her out of his mind. Several times he found excuse to pass her apartment. At half-past six, as he felt for the first time since breakfast the need of food, he again walked by her house. It was then that he was rewarded for all his diligent waiting, for Dr. Dora Louise Grayson just then came out of the door of the apartment house.

"Are you going to dinner?" he asked, and Dora admitted that she was going out in search of something to eat. "But you don't care about the old, traditional Thanksgiving feast?" she queried. "It's funny how people have clung to the tradition."

"Isn't it?" he said, and then, "As we both seem to be going out in search of nourishment, what do you say to combining forces?"

Ten minutes later they were seated opposite each other in a white-tiled eating establishment. Dora had declined Talmadge's invitation to go to a more expensive place.

"A salad is all I want," said Dora. From a tray being borne past them came whiffs of aromatic turkey and stuffing, that somehow made Talmadge's mouth water. Yet he said, looking instantly at Dora, "Yes, a salad and tea. I think that's what I shall have, too."

So they supped together, and somehow as they ate Dora felt a funny sobbing sensation—as of intense homesickness and disappointment, and Talmadge felt a curious sort of melancholy.

After it was over and Talmadge had paid the insignificant check, they went together as far as the corner and there Dora left him.

Thirty minutes later Talmadge Scott, after some irresolution, entered the restaurant of the Sterling hotel. He allowed the head waiter to lead him in ceremony to a table near a babbling fountain. He was about to

Thanksgiving

By TOM BRADSHAW, in Chicago Herald-Examiner.

Jehovah, God of lands and seas,

Of winter's winds and summer breeze, Lend ear today while from the ranks

Of millions swells a prayer of thanks For all that hope and faith hath brought,

For summits reached, for lessons taught, For life and health and peace and love,

Jehovah, harken from above! Jehovah, God of years untold, Of saint and sinner, youth and old,

Give ear today—th' peoples stand With thankful hearts abroad the land,

To give Thee thanks for blessings new That come with every morning's dew—

That follow on till night is nigh, That aid them live and help them die,

That shower on them through th' years, That mingle happiness with tears,

That stop not till their race is run, And centuries sing, "Thy will be done!"

came out of the door of the apartment house.

"Are you going to dinner?" he asked, and Dora admitted that she was going out in search of something to eat. "But you don't care about the old, traditional Thanksgiving feast?" she queried. "It's funny how people have clung to the tradition."

"Isn't it?" he said, and then, "As we both seem to be going out in search of nourishment, what do you say to combining forces?"

Ten minutes later they were seated opposite each other in a white-tiled eating establishment. Dora had declined Talmadge's invitation to go to a more expensive place.

"A salad is all I want," said Dora. From a tray being borne past them came whiffs of aromatic turkey and stuffing, that somehow made Talmadge's mouth water. Yet he said, looking instantly at Dora, "Yes, a salad and tea. I think that's what I shall have, too."

So they supped together, and somehow as they ate Dora felt a funny sobbing sensation—as of intense homesickness and disappointment, and Talmadge felt a curious sort of melancholy.

After it was over and Talmadge had paid the insignificant check, they went together as far as the corner and there Dora left him.

Thirty minutes later Talmadge Scott, after some irresolution, entered the restaurant of the Sterling hotel. He allowed the head waiter to lead him in ceremony to a table near a babbling fountain. He was about to

order and in search of such delicacies as turkey, cranberry sauce and pumpkin pie when he noticed that the girl at the table beside him wore a hat like Dora Grayson's. Why, it was Dora Grayson! And before her there was a small platter of steaming turkey, sweet potatoes, cranberry sauce—

They exchanged smiles, and then Talmadge Scott found himself at her table sitting opposite her. Dora blushed with extreme embarrassment. "You see, I just had to have turkey. It may be a myth—all this business about Thanksgiving—but I like it."

So they feasted leisurely and happily together. Later there were explanations.

"I was going to ask you to dine with me," said Talmadge Scott, "but when I began to talk about it you seemed to pooch the idea of Thanksgiving dinners."

"And I'd made up my mind to ask you to come and have dinner in my little apartment with me. I was so anxious to cook it. But you said something about the Thanksgiving myth, so I didn't."

It was after dinner together that Dora asked Doctor Scott to her little apartment, where they talked before the cheerful glow of the open fire in her living room.

"I've always wondered just why a girl like you studied medicine!" he ventured to begin.

"I've wondered, too," said Dora. "It all seemed so wonderful and so easy in medical college. But now I'm practicing by myself, I wonder, too."

"It seemed," Talmadge went on, "as if you were the sort of girl—the sort of girl that would want to marry—that just couldn't escape marriage."

"But I never wanted to marry anyone but a doctor," she began, and then stopped in confusion.

And this gave Talmadge Scott the cue for his first and last proposal.

"I've always wondered just why a girl like you studied medicine!" he ventured to begin.

"I've wondered, too," said Dora. "It all seemed so wonderful and so easy in medical college. But now I'm practicing by myself, I wonder, too."

"It seemed," Talmadge went on, "as if you were the sort of girl—the sort of girl that would want to marry—that just couldn't escape marriage."

"But I never wanted to marry anyone but a doctor," she began, and then stopped in confusion.

And this gave Talmadge Scott the cue for his first and last proposal.

"I've always wondered just why a girl like you studied medicine!" he ventured to begin.

"I've wondered, too," said Dora. "It all seemed so wonderful and so easy in medical college. But now I'm practicing by myself, I wonder, too."

"It seemed," Talmadge went on, "as if you were the sort of girl—the sort of girl that would want to marry—that just couldn't escape marriage."

"But I never wanted to marry anyone but a doctor," she began, and then stopped in confusion.

And this gave Talmadge Scott the cue for his first and last proposal.

"I've always wondered just why a girl like you studied medicine!" he ventured to begin.

Not an Ancestor

1925's turkeys are descendants of Aztec fowls, and not the wild species that the Puritans ate, explains a field museum scientist.

So long as our Thanksgiving bird is a descendant and not an ancestor, we shall accept this discovery with equanimity. One year we remember trying to carve an original Aztec eagle, and judging by the nicks it put in the knife, his name was Intukatspotpoet.

After it was over and Talmadge had paid the insignificant check, they went together as far as the corner and there Dora left him.

Thirty minutes later Talmadge Scott, after some irresolution, entered the restaurant of the Sterling hotel. He allowed the head waiter to lead him in ceremony to a table near a babbling fountain. He was about to

order and in search of such delicacies as turkey, cranberry sauce and pumpkin pie when he noticed that the girl at the table beside him wore a hat like Dora Grayson's. Why, it was Dora Grayson! And before her there was a small platter of steaming turkey, sweet potatoes, cranberry sauce—

They exchanged smiles, and then Talmadge Scott found himself at her table sitting opposite her. Dora blushed with extreme embarrassment. "You see, I just had to have turkey. It may be a myth—all this business about Thanksgiving—but I like it."

So they feasted leisurely and happily together. Later there were explanations.

Busy Sessions of County Court

Many Cases From This End of
County Being Tried at
Mount Holly

The last two weeks have been busy ones at the court house in Mount Holly.

Judge Slaughter presided in the upper court room on Thursday of last week and the first case was that of William F. Reeves, of Riverside, who had pleaded guilty to possession and transportation of a load of high-powered beer, the arrest being made as he was about to deliver a truck load of beer at the Arcade restaurant in Mount Holly.

When Reeves pleaded guilty the previous week Judge Slaughter asked him if he had ever been arrested in Ocean County and he replied in the negative. Since then an investigation has been made which revealed Reeves was not only a boot-legger, but a provocator as well, and he received the full sentence under the law, \$500 fine, and will remain in jail until it is paid.

Bertha Wood, of Beverly, charged with adultery, pleaded guilty.

Joseph and Anthony Commisso and Dominick Pochillo, three small boys from Riverside, were before the court for committing numerous depredations, stealing from their school teachers, from their Sunday school and elsewhere, where the court suggested that owing to home conditions they should be put where they will be given attention, all started to cry at one time and with the sob of the mothers, quite a scene was created. Judge Slaughter finally got them all quieted down and then told them to come back on November 25.

Haines Changes Plea
Walter T. Haines, of Cinnaminson, charged with assault and battery on his wife, concluded he had better plead guilty after he had pleaded not guilty and he will pay a \$50 fine.

Louise Cascella, of Beverly, charged with liquor violations, was convicted by a jury. She was represented by Harold T. Parker.

Louis Bontell, of New Albany, who was charged with assault and battery, was also found guilty by a jury. George R. Bacon was his counsel.

Anthony Amber, of Beverly, charged with liquor violations, pleaded his plea of not guilty and pleaded guilty.

Barney Siparez, also of Beverly, followed the same course as Amber. Harry Rightmire, of Riverside, was found guilty by a jury of possession and transporting liquor. He was represented by Mr. Bacon.

Ulysses Gibbs, of Riverside, retracted his plea of not guilty and pleaded guilty.

Judge Jess' Court
Judge Frank B. Jess was kept busy all last week trying Supreme and Circuit Court cases and managed to reduce the list of cases perceptibly.

A verdict of "no cause for action" was rendered in the suit of Mrs. Emma May against the Pennsylvania Railroad Company. Mrs. May claimed damages for the death of her husband by a train of the defendant com-

MOUNT HOLLY REALTY SOARING

Now they are about to suffer inflated realty prices in Mount Holly. Here's some of the reasons given by a county seat paper for a big jump in the town's land values:

"The prophets of better things for real estate values in Mount Holly base their predictions on the influence of the Delaware River bridge, the eventual Cross-State highway running through or close to Mount Holly, and the fact that real estate in this town has not increased in value as in other towns of like size and less favorably located."

"Others, too, take an optimistic view of the future and are looking for higher property values here."

"Meanwhile the real estate market in Mount Holly seems to be marking time and the upward swing, which started several months ago seems suddenly to have been halted."

"Whether this is a reflex of business conditions among the merchants, as the majority of them declare that trade is not what it ought to be, or whether it is the calm before the boom times which have been prophesied, the reader's guess is as good as anybody's else."

pany, but contributory negligence was proven, consequently the above verdict.

Jacob Furer, of Camden, represented the plaintiff, while the case of the railroad company was looked after by Bourgeois & Coulomb, of Atlantic City.

On Wednesday the case of John Aligati, of Riverton, against the Philadelphia Home Made Bread Company was heard and the verdict was "no cause for action."

Arthur Daniels brought suit against the same defendant company with the same result.

The actions were the result of an automobile accident.

ALL UNIVERSITIES IN ECUADOR
HAVE BEEN CLOSED

All universities in Ecuador were closed "temporarily" by a Government decree dated August 11, 1925, reports R. M. de Lambert, secretary United States Legation at Quito. The universities were located at Quito, Guayaquil, Cuenca, and Loja.

For many years past there has been discontent with the so-called superior education. It has been most respectable to study for the degree of doctor of law or doctor of medicine. Mr. de Lambert states, and although many efforts have been made by Congress and otherwise to make the courses more difficult and have the candidates for degrees more thoroughly prepared, the degrees still have remained too easy of attainment. The result is that the country is flooded with doctors, the majority of whom are unable to earn a living at their profession.—School Life.

The first dental college for women in the Philippines was opened this year in Manila, in connection with the Centro Escolar de Senoritas, with a women dentist as dean.

PSYCHOLOGY WON

Matches for Smoker When He Most Needed "A Light" Said to Have Elected Moore

It remains for the editor of "Men and Affairs" in the Newark Sunday Call to give the real reason for A. Harry Moore's Election as Governor. A student of psychology his campaign manager must be, else he would not have thought of it. Some hundreds of thousands of strips of paper matches, of the kind so frequently used for advertising purposes, were put out, we are told, each bearing the picture of the good-looking Democratic candidate for Governor.

It is well known that when a smoker wants a match—and has none—he would get his kingdom for a light. And that was where candidate Moore came in. His strip of paper matches was supposed to be available just at the psychological moment.

The situation was saved in innumerable cases, theoretically, the smoker "lit up" was duly grateful to candidate Moore and, to pursue the pretty story to its logical conclusion, voted for the Democratic nominee on election day.

And there you have it. Neither the stay-at-home vote, the Anti-Saloon League nor yet the Catholic vote, resentful at the treatment of the beloved Thomas F. McCran, had much to do with it. The smokers in need of a light, helped out of their frequent dilemmas during the gubernatorial campaign, elected Moore.

CYRUS W. FIELD

"Open your book of friendship and strike a trial balance. Friendship is an interchange of services and understanding."

THERE is a personal fulfillment that is above financial consideration. There is an understanding and a courtesy that makes our service one of gracious dignified memorial.

A lottery is regularly held to provide funds for the University of Concepcion, Chile. This means of support for this university was cut off by a Government regulation in October, 1924, but its re-establishment was recently authorized by a decree law. The lottery must terminate, however, when the net income produced by the interest on the university's reserve fund reaches 1,000,000 pesos yearly.—School Life.

PUBLIC SERVICE

Men and Women

The Trench Digger

There are more than 2,600 miles of gas mains, owned by Public Service Electric and Gas Company, under the soil of New Jersey and the labor of The Trench Digger put them there.

He's dug, blasted and bored until he has created a "super" gas system extending from the Hudson to the Delaware, and serving some 175 different municipalities.

When you see him at work in the public streets and roads you know that new homes are in the building, or that more housewives are ridding themselves of the drudgery of coal-burning stoves, or that additional industries have turned to gas, the "ideal fuel."

A very useful member of the PUBLIC SERVICE family and of the community is The Trench Digger.

A cat has nine lives, but a frog can croak every second.

As Simple and
Sure as Your
Telephone

That's our idea of the only kind of radio to own—and it's the only kind we show or sell.

No fussing, no tattering, no delays, no exasperation just a turn or two of the dials, and you've got your "party."

You need to know nothing about radio to get a set here that will give you real service.

We had to know everything, in order to select sets that do give such service.

When we decided upon the famous Freed-Eisemann receivers, we ended our own radio doubts—and yours!

NOVEMBER 26, 1925

No. 4

The O. R. Division.
We, the Fifth Grade pupils of the Riverton School are having a third group. We already have the "A" and "B" class, but the third class is newly started. By next week perhaps the whole class will belong to the O. R. Division. We are not going to tell you any more about it, but if you come and visit you will see what the "O. R." stands for. It will be explained to you so that you can see what our class is doing.

Rudolph Grob, Jr.
Grade 5.

The Cake Sale.
Thursday at Parent Teachers Association Meeting the girls of the Seventh and Eighth Grade Cooking Classes had charge of the sale of ginger bread and cookies which was advertised two weeks ago.
The pupils made the cakes in the morning. Everything was sold and the cake sale was a success.
Jane Mattis, 8th Grade.

Our Spelling Graph.
"Success reflects effort." This quotation you will see above our Spelling Graph if you visit Sixth Grade. This chart is on our blackboard. It shows the daily spelling record of every child. Each lesson is worked out in different colored chalk. The more effort we put forth, the greater our success in raising our scores in spelling.
Ella Russell, Grade 6.

Class Post Office.
Did you ever hear of a post office in school? Sixth Grade has one. There is a letter box for each child. As soon as Miss Gale knows a pupil needs individual help in any subject, a notice is put into the letter box of that child. The pupil takes his letter, works any problems or questions, and then returns the letter to the box. These are collected by our teacher who sees the improvement or weak points of our work.
We children think this post office is a help in our work.
Mildred Schuler, Grade 6.

School Movies.
The last moving picture which was held in the Riverton School Auditorium was on Friday night, November 20. The first show was a colored picture of Corlica. This was an in-

structive picture which lasted about eight minutes.
Then there was an Aesop's Fable called "The Shiek." This was enjoyed by the older people as well as the children.
After this, there was a show called "Dissipation of Mother." This picture was about a widowed mother and her married children.
This was followed by a picture which gave helpful hints to use in business, pleasure, home and industry.

The last was the gang comedy for half an hour and was enjoyed by all.

There have been two of these moving pictures in the school and "Saturday Morning." This lasted both have been a success. Large audiences attended both.
Helen Elliott, Grade 8.

On Halloween Day, the Seven B's enjoyed a visit from the Kindergarten children, who were dressed as Indians, cowboys, clowns and farmers.

Oral English, First Grade.
The Indians go out hunting and shoot animals—Pamela Taylor.
Indians live in the woods. They go out hunting and get animals—Herman Weber.
They shoot animals and wear the skins—Doris Vaughn.

The Indians make canoes from birch bark—Jane Rutherford.
The Indians live in wigwams—William Thompson.
The Indians kill turkey and use the feathers for their heads—Jack Young.
The Indians tell time by day and night—Harry Ruger.
The Indians shoot wild ducks—Gisela Sutter.
The Indians dry the skins and make clothes—Frances Wallace.
When Mother Indian wants to work, she hangs baby in the tree—Elizabeth Powell.

Composition, Second Grade.
The Pilgrims built log cabins. It was winter. The Indians helped them. They had a feast—Joseph Solomon.
The Pilgrims came to America. They built houses. They had a feast and thanked God. The Indians came—Marie Muse.
Thanksgiving.
The Pilgrims built houses. They had a feast. The Indians came. They played games. They were

happy to be safe.—Eleanor Gould.
History.
The Pilgrims were not happy in England. They came to America and invited the Indians to a feast. They thanked God for helping them.—Robert Holling.

Composition.
Structure of Grasshopper.
The grasshopper has five eyes. He has three of them in between his legs. The grasshopper has six legs. His back legs are very powerful and his front legs are short. The grasshopper has two feelers in the middle of his head.—Frank Elliott, Grade 3.

The Harn Grasshoppers Do.
Grasshoppers eat corn. Grasshoppers eat vegetables. They eat green leaves in the garden. They eat sugar beets. Grasshoppers destroy all green things in the fields.—John Warren, Grade 3.

How Farmers Get Rid of Grasshoppers.
There are four ways of getting rid of grasshoppers. The first way is by destroying their eggs. The second is to protect the birds that eat them. The third is to catch them with a hopperdoser. The fourth is to throw poison bran over the field.—Edwin Moore, Grade 3.

How Farmers Get Rid of Grasshoppers.
Farmers have hopperdoser; on the bottom of this hopperdoser is oil. Farmers protect birds. Farmers have pheasants. They eat grasshoppers. No one is allowed to kill them.—Edith Ridley, Grade 3.

Good Sportsmanship.
Jim Brown's team was playing ball against another team of boys one afternoon.
Jim's team was being beaten badly, and they only had one more inning to make it up in.

The team seemed to look at this as a chance to win the game, although the score was in favor of the opposing team: 8 to 2. They started up, and when the inning's last strike was being pitched, was tied and they had to play another inning to decide the game.
Near the end of this inning, the other team was two runs behind. If they failed to make them it would mean victory for Jim's team. There were two boys on base and it was the last strike of the game. Then the batter, their best hitter, hit a high fly just a little in back of Jim who was playing in the outfield. As he was backing to catch it, he luckily stumbled and fell. As he fell, he reached out his arm but the ball missed by a bare inch. Jim was disgusted. This meant his team's defeat. Then he heard the boys yelling and cheering if he caught it. Jim could have said "yes!" and that would have meant victory for his team.

But Jim remembering his father's words, "A good sport plays fair," admitted that he missed it. Jim went home that night with a happy heart although his team had lost. He had been a good sport.
Wesley Hemphill, Grade 7.

THE TURKEY IN THE OVEN.
The turkey's in the oven. Getting nice and brown. Plenty of filling with it. Packed in all around.
The odor of it cooking is wafted in the air. The dinner's in the kitchen. Great commotion's settled there.
All Ma's friends and relatives. Are coming up from town. While the turkey's in the oven. Getting nice and brown.
At last, our dinner's ready. And grace is said before; Between the mouthfuls all I say, "Is—'I wouldn't mind some more.'"
Anna Scattergood, Grade 5.

TOWNSHIP OF CINNAMINSON SALE OF LANDS FOR UNPAID TAXES.
Public Notice is hereby given, by Joseph E. Keating, Collector of Cinnaminson Township, in the County of Burlington, State of New Jersey, that he will sell at Public Sale all lands, tenements, hereditaments and real estate hereinafter mentioned, for the shortest term for which any person or persons will agree to take the same and pay the tax liens thereon, including interest and cost of sale.

Said sale will take place at the store of Thomas Downs, at East Riverton, N. J. at 2 o'clock on the afternoon of Saturday, December 19th, 1925.
The said lands, tenements, hereditaments, and real estate so to be sold and the names of the persons against whom the said taxes have been laid on account of the same, and the amount of the taxes laid on each parcel are as follows:
Lot assessed to Hackney, Est.
1921 Taxes \$ 1.98
1922 Taxes 1.79
1923 Taxes 1.93
1924 Taxes 1.95
House & Lot assessed to Richard McNeil, Sr.
1923 Taxes \$26.95
1924 Taxes 27.30
JOSEPH E. KEATING, Collector, Cinnaminson Township.

No Chance.
The street car was crowded, and an old gentleman with a kindly twinkle in his eye took five-year-old Tommy on his lap.
"This will be better than standing, won't it, my boy?" he suggested.
"Yes," said Tommy, rather reluctantly, for he had enjoyed lurching about the car.
"But you want to be careful that I don't pick your pocket," the old man said, in a whisper.
"Can't," Tom retorted, his voice somewhat muffled. "As soon as I saw you lookin' at me I put my penny in my mouth."

Red Hair From Norse.
While the average person of today is a mixture of many types, including Saxon, French and mid-European stocks, the red-haired man or woman is a "throw-back" to remote Norse ancestry, according to a number of British scientists. As the Norwegians had usually fair skin, these scientists explain that this is particularly true of red-haired persons, and they base their conclusions on the results of crossing thousands of Norwegians, there being about one in every thousand that reverts to a type closely resembling the one from which the experiment started.

ASBURY

Miss May Ward entertained Miss Tabitha Hunter, of Camden, Mrs. George McCann, of Collingswood, and Mrs. Wallace Kleckner, of Palmyra last week.

Miss Thelma A. Slade, Nurse of Cooper Hospital, Camden, visited her parents, Mr. and Mrs. Harry B. Slade on Saturday.

The services which were held in the Christian Church, Bridgeboro, on Saturday evening and Sunday were enjoyed by all those present. Saturday evening the speaker was Fred Cowell, of Camden; 10:45 a. m. Sunday morning. Message by H. Keith Bodine, of Pensacola; 2:00 p. m. Prayer, Praise and Testimony meeting in charge of Mr. Sanders, of Audubon; 2:45 p. m. message by A. F. Youtis, of Camden, pastor of the Christian Church; 7:30 p. m. message by Harold Hill, of Camden, also special singing by Mr. and Mrs. Hill.

R. Pointsett, of Palmyra, will be the speaker for Saturday evening, November 28th, at 8 o'clock. Every one welcome. Those who attended these services from Asbury were: Mrs. Thomas Hunter, Mr. and Mrs. Thornton Southwick, Ada and Helen Southwick.

JOSEPH H. MILLS

Joseph H. Mills, 79 years old, died at his home, 633 Garfield avenue, Palmyra, Tuesday evening.

Funeral services will be held at his late residence Saturday afternoon at one o'clock with the Rev. Fred B. Morley, pastor of the Epworth M. E. Church, officiating. Friends may call at the home Friday evening. Funeral Director Frank A. Snover is in charge.

The deceased has been a resident of Palmyra for many years and was a communicant of Epworth Church. He is survived by his wife, Mrs. Mary E. Mills, three daughters, Mrs. William Hughes, of Merchantville; Mrs. Clara Clemens, of Hammononton, and Miss Edith Mills, who lives at home, and one son, Harry, who also makes his home with the family.

GRACE BURKHARD

Grace Burkhead, 12 years old, colored, died at the home of her parents, Mr. and Mrs. Carroll Burkhead, 413 Race street, West Palmyra, last Friday. Funeral services were held at the Snover Funeral Home Monday afternoon at 2 o'clock with the Rev. Mr. Foster officiating. Interment was made in Wrightsville Cemetery.
