## 250th Anniversary For Burlington

Historical Old Town Plans To  
Hold Big Celebration  
in 1927

One year from now Burlington will be entering upon the two hundred and fiftieth anniversary of its founding. The year will be an epochal one in the history of the town. Because of its great age and because of the part it played in the establishment of the nation there will be opportunities of celebrating that can be enjoyed by few other towns in the country.

Plans have been laid for a celebration. A resolution authorizing the celebration has been adopted by Common Council and a citizens' committee to arrange the details has been appointed by Mayor Thomas S. Mooney. This committee includes representatives from nearly every industry and business in Burlington.

### Historical Interest

Salem recently had its two hundred and fiftieth celebration, and for a few days the town was the cynosure of all historical eyes. Visitors from far and near went to see the big event. The prestige gained by the town was immense.

While Salem is a couple of years older than Burlington the town has only a small portion of Burlington's historical value. Burlington has the same great age and also its Lawrence, its Cooper, its Boudinot, its John Talbot, its Bradford, its Engle, its Collins and dozens of others who figured in shaping the destiny of things in the early days.

And there is old St. Mary's Church, the Cooper house, the Lawrence house, the Bradford house and many more houses wherein were entertained the leaders of the nation and where many moves that had to do to the welfare of the country were framed, not forgetting the site of the first Episcopal see in America, the site of the Governor Franklin home, and the site of the house where his father, Benjamin Franklin, printed paper money for the colony of Jersey.

### Settled in 1677

Burlington was settled officially by the English in 1677 but Burlington was here many years before that. Several Dutch families made the settlement their home, and it is known there was a trail through the settlement, for there was an inn here kept by Peter Jagon, a Frenchman.

The commissioners sent to Burlington to treat with the Indians came in the summer of 1677. Others who were to live here followed in the fall. Thus the two hundred and fiftieth anniversary may be staged in the summer, if the committee so elects, and the summer of 1927 is only eighteen months distant.

Burlington's bi-centennial in 1877 was a memorable one. One of the biggest events was an address by Henry Armit Brown, a Burlington man. The address became a classic. Parts of it are quoted to this day.

Former Judge James O. Glasgow was a member of the bi-centennial committee fifty years ago. He was appointed a member of the citizens' committee of the coming celebration by Mayor Mooney. Rarely such distinction comes in the lifetime of a man.

### CORRECT

"What is it that flies in the air and has six feet?"  
"Three sparrows."

## ALONG LIFE'S TRAIL

By THOMAS ARKLE CLARK  
Dean of Men, University of Illinois.

### THE JOB AND THE MAN

SOMEONE had suggested architecture to Barton as a good profession for which to prepare.

"There doesn't seem to me to be a great deal in it," he said. "Not much opportunity, you know."

"Well, Sir Christopher Wrenn didn't do badly," I suggested, "and he followed the profession only as a sideline, his main business being mathematics; and Michelangelo wasn't such a crude boy at design, and finally made something of himself."

"That was a long time ago; there doesn't seem to be much in it now," Barton retorted, forgetting for the moment the Woolworth building, and the Boston library and a few other similar shacks about the country.

There is an opinion pretty generally current that one job or profession or occupation has a considerable advantage over another. Young people especially often feel that it is what they work at and not how they work that counts most toward success. There isn't much to this idea. In most cases the job is only as big as the man.

When Grimm came to college from Thompson's Corners he was pretty well on his uppers financially, but he had an idea in his head. He noticed that a great number of young fellows went around looking as if they slept regularly with their clothes on, so wrinkled and baggy were they. He rented a room on Green street, bought an electric iron and a table, and printed a placard for his window:

Your Suits Pressed Every Week  
\$1.00 a Month  
I Call for Them

The thing made a hit. Fellows saw at once that it was simpler and more efficient to have Grimm do the work than it was to park their baggy trousers under the dictionary at night, or to get them to bed under the mattress to get the wrinkles out. Grimm prospered. I met him, one day looking well dressed and cheerful.

"How are you getting on?" I asked. "Fine," was his reply. "I don't work much. I hire some fellows at 25 cents an hour now to do the work while I look after the collections."

When Grimm left college he had saved money enough from his business to buy a little orange farm in Florida; but he isn't a farmer now, he's a citrus magnate, and there's no doubt of it. As I said, the job is usually as big as the man.

## BILL BOOSTER SAYS

NOTHING IN THE WORLD IS  
DONE AS WELL AS IT CAN  
BE DONE, WHICH IS WHY IT IS  
A GOOD IDEA TO DO THE BEST  
WE CAN. OUR BEST IS NONE  
TOO GOOD!

## Business Men of Mt. Holly Active

County Sent Merchants Working  
For Welfare of Their  
Town

The Mount Holly Business Men's Association held its December meeting in the Elks' Home last week and it was fairly well attended for the season.

## A Telephone Construction Gang

Dozens of these telephone line gangs are now at work in the territory of the Bell Telephone Company of Pennsylvania, the Delaware and Atlantic Telegraph and Telephone Company, and the Diamond State Telephone Company. They are placing more circuits for new telephones and more toll lines to take care of the growth of the "telephone habit" in Pennsylvania, New Jersey and Delaware.

dent Jones announced to the members that he expected everyone to be present at the next meeting of the Association on January 26, which will be a dinner meeting to be held in St. Andrew's Parish House. In addition to the meal that will be served there is going to be an "evening of fun" the nature of which will be kept secret until the night set.

### WED BY RADIO

Billy Young, of Burlington, the blacksmith evangelist and harmonica artist of renown, who has also been licensed to preach, added another novelty to his career last Tuesday night when he performed a marriage over the radio, the ceremony and the nuptial entertainment being broadcast from WRAX, a Gloucester station, where Billy has operated on several occasions.

In addition to the ceremony there was a musical program by Mr. Young and his harmonica chorus, augmented by vocal solos, etc. The contracting parties were Miss Emma R. Llewellyn and Harry E. Vander, both personal friends of the Burlington blacksmith-preacher.

### FINED \$200

Riverside Woman Accused of Practicing Medicine Without License

Mrs. Frona Bowen, a very estimable woman residing in Riverside, but formerly of Burlington, was before Judge Slaughter last week, charged by a representative of the State Medical Board with the practice of medicine and surgery contrary to law.

It appears that Mrs. Bowen's offense consisted of treating friends and neighbors by means of massaging them for rheumatism and acute attacks of pain, neuritis, etc., and she frankly admitted that she had been called in several cases where the regular physician had failed to give relief. She made no denial of the facts as stated in the complaint and paid the statutory fine of \$200.

Line from future novel: "Elise appeared at the door, weary and bedraggled, with two days' growth of beard on the back of her neck."—Kansas City Star.

## GLOVES

## HOW GREAT MEN MAKE LOVE

AS REVEALED BY THEIR  
LOVE LETTERS

By JOSEPH KAYE

(© Wheeler Syndicate, Inc.)

ERASMUS DARWIN AND  
MARY HOWARD

AS A LAST resort despairing sheiks and sheiks may try this recipe that Erasmus Darwin, the great English physician and grandfather of Charles Darwin, sent to Miss Mary Howard of Litchfield, who had won his heart:

"Take of sweet-william and rosemary as much as is sufficient. To the former of these add honesty and herb-of-grace; to the latter of eye-bright and mother-wort, each a large handful; mix them separately and then chopping them all together add one plum, two sprigs of heartsease and a little thyme. And it makes a most excellent dish."

The doctor was about to conclude this letter with a recipe for "Making a Good Wife," but he broke off and wrote this instead:

"P.S., an acquaintance of mine, a young lady of Litchfield, knows how to make this dish better than any other person in the world and she has promised to treat me with it some time."

And the young lady of Litchfield did

## XMAS CLUB

## Why not a Christmas Club FOR EVERY MEMBER of your family?

The simplest way to finance your family's need for Christmas spending money next year would be to create a "sinking fund" this year for each member, in the form of a Cinnaminson Christmas Saving Club. There are five clubs now forming. Small weekly payments of 25c, 50c, \$1.00, \$2.00 or \$5.00 during the coming months will give them \$12.50, \$25.00, \$50.00, \$100.00 or \$250.00 plus interest next December. Why not come in and "sign them up" this week? There is a club for everyone.

## Highlights of Radio Broadcasting

(First Installment of a Series of Twenty-one Articles by Dr. Goldsmith.)

### PICKING UP BROADCAST MUSIC

By ALFRED N. GOLDSMITH, D. Sc., Ph. D., Fellow, I. R. E., Chief Broadcast Engineer, Radio Corporation of America.

The human ear is a truly marvelous instrument. Few people realize all the amazing facts which the ear and brain in combination can perform, and therefore how difficult is the task of the broadcast device which aims to hear and pick-up for the listening radio audience exactly what is happening in a concert hall or studio.

To begin with, the ear hears a tremendous range of differently pitched sounds from the lowest notes to the highest. The deep boom of an organ pipe lies at one end of the gamut of notes which the listener wishes to have reproduced. At the other end of the long range lie the overtones of the violin and piccolo in all their interesting and tart shrillness, and the high pitched overtones which alone make the spoken consonants "r" and "t" sound natural. Actually the necessary frequencies range all the way from

ordinary transmitter suffice for speech under comparatively unideal conditions. It would not do at all for broadcasting. In the first place, it would be far too noisy. That is, the average transmitter produces a certain amount of continuous hiss and crackle which would be intolerable in high-grade broadcasting. So that, when carbon grain transmitters are used, it is necessary to fill them with a special grade of carbon and to use very small currents through the carbon so that they—the transmitters—will produce a minimum of such objectionable noise. Otherwise the desired velvety silence when the artists are not singing will be missing and the audience will be distracted and annoyed by the hiss of the transmitter.

A second objection to ordinary telephone transmitters is that they exaggerate certain frequencies of the voice or music very markedly because the vibrating diaphragm or metal sheet of the telephone transmitter against which one speaks responds most vigorously, or "resonates," at certain frequencies or pitches. This is not acceptable in sending out music. Particularly dangerous would be the effect of such partiality for certain notes if the transmitters were used for sending out an orchestral selection. Some instruments would be partly suppressed and others exaggerated, thus spoiling the effect. So that it becomes necessary to use a telephone transmitter which has a diaphragm which responds as evenly as possible to notes of all pitches. One way of doing this is to use a thin and powerfully stretched diaphragm of steel or some other strong material which will respond equally to all usual tones. Another way is to use the so-called "low microphone" where the vibrating element is a small column of glowing gas through which a small electric current is passing. Yet other methods are available, but most of them not particularly simple.

**Microphone Picks Up Sounds in Studio**  
The telephone transmitter used for pick-up in the studio has to be suitably mounted and wired up to the rest of the equipment.

The amount of power which it is possible to get from these high-grade telephone transmitters is nearly always very small, and it becomes necessary to amplify it by means of a powerful amplifier. This amplifier must also be free from noise-producing tendencies and must amplify notes of all pitches equally. Both these requirements are very difficult to meet. Either resistance-coupled amplifiers have to be used, or else the greatest care has to be taken in the design of the special transformers used in a transformer-coupled amplifier for this work. Ordinary amplifiers would not serve at all, as is sometimes evident when listening to the "music" emanating from a badly designed broadcasting station.

A suitably designed amplifier of elaborate construction is found in the control room of Broadcast Central, Stations WJY and WJZ of the Radio Corporation of America at Aeolian Hall, New York City. This amplifier is really two amplifiers, one at the top of the case, and the other at the bottom. Special relays permit either amplifier to be used at will, so that there is always a spare amplifier available in case a tube burns out or some other defect develops in one of the amplifiers. The control room engineering attendant at these amplifiers is perforce chained to his post during the entire performance listening to every note that goes out through special "monitoring" relays and maintaining loudness and quality of the music by the suitable controls which are provided. He also has a number of special colored signaling lamps before him on the control room amplifier so that he knows just what is going on in the studio and whether the transmitter which he controls is actually "on the air" (that is, transmitting) or not.

Clearly carelessness and simplicity have no place in either the design or the supervision of the pick-up transmitter and control room amplifier of a satisfactory broadcasting station. The broadcast listener would do well when he is especially pleased by the clarity and excellence of an evening's performance to remember something of what has been done by "brain and brawn" in reproducing in his home the intricate and yet delightful melodies and sounds which make up the broadcast program.

### INCREASE IN FIVE YEARS

While still in its infancy, the radio industry has taken on tremendous proportions since the first public broadcast service was inaugurated less than five years ago. The rate of growth of the industry is illustrated in the following annual sales figures for the past five years:

Sales of Sets and Parts	
Sales in 1932.....	\$ 1,000,000
Sales in 1933.....	3,000,000
Sales in 1934.....	60,000,000
Sales in 1935.....	100,000,000
Sales in 1936 (estimated).....	250,000,000

but Funeral Director Frank A. Sauer, arranged for the interment at Calvary cemetery, Camden, at 1 o'clock Wednesday.

Mr. and Mrs. Kerrigan were former residents of Riverton and Mrs. Kerrigan will be remembered as Miss Ruth Oreston.

Most people won't believe the League of Nations is really able to settle anything until the League puts one over on a country which is really strong enough to talk back.

You had better get busy. You've only got fifty weeks more in which to do your Christmas shopping.

### Rest Exercise That Will Be of Benefit

There are a few simple directions for rest exercises:

Manufacture and mix your own drugs and keep your body going. Be superintendent of your own plant yourself.

Rest your thyroid, which produces your iodine or energy for the body. To rest your thyroid, relax the whole region where the thyroid is. Relax your neck and every time that it teases or starts to tense, stop it. To rest your thyroid still more, use less of its product.

To use less of its product, distribute what you have it make, where it belongs.

To distribute what energy you make where it belongs, practice any form of exercise you like which intensively balances the body. By balancing the body—the most effortless exercise there is, an exercise which is done better the less effort it takes—the friction in the body which has kept coiling on the thyroid for ten times as much iodine as anyone has a right to ask it to make, comes to a stop, and at the same time that you are relaxing your neck, and making iodine less, the body stops drawing on it for more.—Gerald Stanley Lee, in Hearst's International Cosmopolitan.

### Human Traits Evolved by Young Chimpanzees

Remarkable human characteristics have been discovered in apes by Prof. W. Kohler, a German scientist. He captured and kept nine young chimpanzees in his jungle home on Tenerife, off the African coast, studying his peculiar family for six years.

The apes knew and loved him, growing livelier in their games when he joined in. His personal appearance was well known, and when he appeared in riding breeches the apes puzzled and studied the breeches minutely. They would take off his sunglasses and try them on their own noses; and when the professor shaved off his beard there was a great commotion, the apes avowing his face, neck and chin, and even poking down his collar to find the vanished hair.

Chimpanzees have a sense of humor, show great affection, and know when they have misbehaved and deserve punishment, being highly indignant with an offender who has been caught.

### Spanish Brought the Orange Into America

The orange was originally a native of India, South China, or the Malay archipelago. But its Hindu or Sanskrit name was long ago influenced by the Latin word "aurum," or the French "or," meaning gold; and the whole tradition of the orange, as it has come down to us, is through the medium of Moorish splendor and Spanish luxury.

The proud Spaniard did not carry apples with him on his conquests, but he did take the orange and the lemon. The former especially came to grace the festive board of grandees; and if any time oranges were lacking at his feasts, the fastest dispatch riders were sent to far-away missions to bring back the coveted fruit.

Although the commercial growth of oranges did not begin until the completion of the Southern Pacific to New Orleans in 1881, and received further impetus when the Santa Fe was built through in 1883, the first trees were taken to what is now our Southwest by the early mission fathers. The Franciscan monks who emigrated from Lower California in 1769 brought various semi-tropical fruits with them; and of twenty-one missions, it is said that all but three had gardens and orchards.—Albert W. Atwood, in the Saturday Evening Post.

### MRS. JOSHUA W. ATLEE

Mrs. Anna Biddle, wife of Joshua W. Atlee, and daughter of the late Charles M. and Hannah M. Biddle, passed away very unexpectedly Tuesday morning at the University Hospital, Philadelphia. Mrs. Atlee had been taken to the hospital for observation about a week ago, and death was caused by heart failure. Mrs. Atlee was married in 1893 and was a member of Friends Meeting, Westfield.

The deceased leaves her husband, a son, Charles Biddle, and a daughter, Clara; also three sisters, Misses Martha, Hannah and Elsie Biddle, and a brother, Charles M. Biddle, Jr.

Services will be held this Thursday afternoon at 2 o'clock at her late residence on Linden avenue at 2 o'clock. Interment private.

## COAL SCOOP DIGS THREE TONS AT ONCE IN HANDLING FUEL FOR BIG POWER PLANT

In one bite the giant scoop, or grab bucket, a feature of the coal-handling apparatus to be installed at the new Kearny electric generating station, can lift nearly three tons of the bituminous coal from a barge. The bucket then deposits its load on a conveyor belt which in turn takes the coal to the big breaker.

In the breaker the coal passes through a large rotating cylinder which crushes it, the crushed coal going through the openings in the cylinder and the foreign material, such as iron and other metals, being rejected. From the breaker the coal again is carried on the belt conveyors to the bunker house or storage pile. A drag scraper, which is hauled by a cable attached to an electrically-propelled drum, scoops the coal up to the pile. The storage pile has a capacity of about 250,000 tons.

A large shifting device operated by electricity regulates the position of the belt as the grab bucket digs out the coal. In addition to the facilities for handling coal by water, the plant is fully equipped to receive coal by rail, the electric department owning 600 cars which travel back and forth to the mines. When the coal comes in by rail the cars are run over huge pits, which can accommodate four cars at once. The coal is dumped into the pits after which it is conveyed to the bunker house or storage pile as before on the belts. More than 200 tons of coal an hour can be unloaded from boat or car.

The first section of Kearny Station will use about 1,500 tons of soft coal a day, or nearly 500,000 tons a year. When the second section is built, 2,500 tons a day will be burned. More than 1,000,000 tons a year are used by the fourteen plants which Public Service operates in New Jersey to supply power and light.

### LEAGUE MEETING

Rally For Trenton District Will Be Held in Palmyra

Palmyra will play host to a large delegation of young Christian workers Saturday, January 16, when a combined rally of all the Epworth Leagues in the Trenton District and many from other parts of South Jersey will be held in the Epworth M. E. Temple.

The conference will open 3 o'clock Saturday afternoon and close at 9.30. A full course dinner will be served the visitors by members of the local League.

Miss Mary E. Samson, of the Home Mission Board, will address the gathering in the afternoon. After dinner a "Who's Who Hour" will be conducted and each League will stage a stunt at that time. There will also be selections by the University of Pennsylvania quartet.

Frank Gray will be the main speaker on the evening's program.

## NOTICE

All readers or local notices of entertainments, suppers, fairs, dances, etc., given for the purpose of raising money, will be charged for at the rate of fifteen cents a line.

## VOCATIONAL SCHOOLS

Practically everyone is agreed that Vocational Schools in Burlington County would be a fine thing. It is on the manner of financing them that the advocates of the plan part company with the Board of Freeholders and a considerable number of residents of the county.

The Burlington Industrial Association and those who have joined them in pushing this project see no reason why the Freeholders should not immediately appoint a County Board of Vocational Training, and, when the time comes, include in the county budget a sum sufficient to finance these schools, which, to start with would be approximately \$30,000. In fact, at the last meeting of the board they stated that it could only be financed through the Board of Freeholders.

The Freeholders, on the other hand, with the increase in the appropriation for the County Farm Bureau from \$800 a year when it started, to \$10,000 this year, naturally ask, "Where is this going to lead us to?" Not that there is any criticism of the Farm Bureau. It is doing good work, and worth every cent it costs. But it is up to the Freeholders to raise the money by taxation. And when you raise his taxes you hit the average man pretty near to where he lives.

There seems to be a growing sentiment that some of the non-essentials might be taken out of the high school curricula and the vocational training taken over by the present school system in the county.

Two very important benefits that would come from the establishment of Vocational Schools in Burlington county have been but very lightly touched upon by either side.

One is the solution it will afford of the discipline problem of the child who is not book-minded, but who would, with proper training, make a good artisan. The benefit in this case would be two-fold. It would improve the discipline in the school and at the same time get the boy started on the road to usefulness which usually spells happiness, contentment and good citizenship.

The other benefit is that it would have a tendency to reduce poverty—that poverty which comes to the man who does his best, but is unable to make a living wage owing to lack of skill.

These two phases of the subject alone are worthy of the greatest consideration, and if a way can be found to finance Vocational Schools in Burlington county other than the ones now contemplated, neither side should, through devotion to method, stand in the way of its realization.

The Industrial Association feels that the board is trying to "pass the buck," and the members of the board feel that the Industrial Association is trying to rush them off their feet.

Both views probably grow out of the earnestness with which both sides are working for what they believe to be right—the Industrial Association for the boys and girls and the advantage that will come to the trades by having trained apprentices, and the Board of Freeholders for the interests of the WHOLE county, as they see it.

Besides the vocational schools the board is asked to provide a home for the nurses at the tuberculosis sanatorium, where the nurses when off duty can be in a freer, more wholesome atmosphere. After they have done their turn waiting on patients it is absolutely necessary that they should have a complete change of environment if they are to retain their efficiency and that sunny and cheering disposition which means so much to these shut-ins.

The county hospital for the insane is crowded to a point which no self-respecting community can permit to continue. The rooms are all overcrowded and patients are sleeping in the corridors. The superintendent of this institution has made a strong appeal to the board to remedy this condition.

The requirements of these two institutions alone are said to aggregate about \$150,000.

In the face of these demands, and many, many more, are the members of the Board of Freeholders not fully justified in pausing to ask, "Where is this vocational training project going to lead to?"

The County Free Library project was submitted to the voters of the county. Why should it not be a good thing to do the same with the Vocational School proposition? It could be placed on the ballot at the spring primary, and there would be time meanwhile for all the people in the county, whose money will be spent to support these schools if established, to become more fully acquainted with both sides of the subject.

By all means let the people at large have a voice in settling this momentous matter.

## WORLD BUSINESS AND WORLD COURT

The December issue of "Nation's Business," the official organ of the Chamber of Commerce of the United States, said editorially:

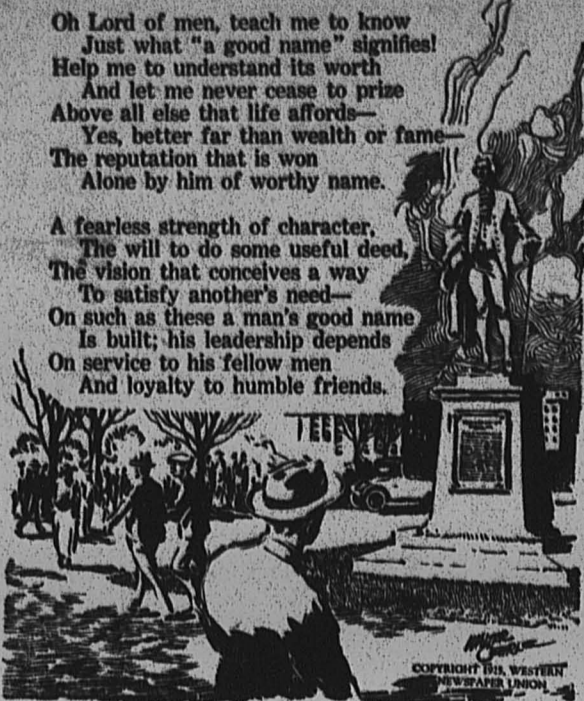

The Chamber of Commerce of the United States speaks for American business when it asks that the protocol declaring our adherence to the World Court be adopted by the Senate.

Four times, at successive annual meetings, has the Chamber by resolution declared for the World Court.

Easy to ask why should we on this side of the Atlantic bother our heads with World Courts? The answer is that American business grows increasingly a world business. We have almost annihilated time in our traffic overseas. A cable goes to Europe, and it's a matter of minutes, even seconds, when the answer returns. Within a short time the business man in America will be able to pick up the telephone receiver on his desk in his office and talk to a business man in London. We are fast annihilating space. Six days now takes us to London. Dirigibles

## A Good Name

by O. Lawrence Hawthorne

Oh Lord of men, teach me to know  
Just what "a good name" signifies!  
Help me to understand its worth  
And let me never cease to prize  
Above all else that life affords—  
Yes, better far than wealth or fame—  
The reputation that is won  
Alone by him of worthy name.

A fearless strength of character,  
The will to do some useful deed,  
The vision that conceives a way  
To satisfy another's need—  
On such as these a man's good name  
Is built; his leadership depends  
On service to his fellow men  
And loyalty to humble friends.

soon will take the Chicago business man to Manchester and back within the week.

We need not be less citizens of the United States because we are more and more citizens of the whole world, and what makes for peace and fair play makes for prosperity and comfort.

Sound business reason advocates the adherence of the United States to the International Court of Justice.

## Riverton Items

Mrs. C. W. Rodman will entertain at luncheon on Friday.

Mr. and Mrs. H. E. Brown entertained relatives on New Year's Day.

Mr. and Mrs. J. W. Sylvester entertained at cards on New Year's Eve.

Mrs. Conrad Becker entertained at a family re-union on New Year's Day.

Mrs. H. Russ entertained the Tuesday Afternoon Card Party this week.

Mr. and Mrs. Charles DeGrau entertained the Pinocchio Club on New Year's Eve.

Mrs. Elmer Vaughn entertained the Monday Evening Card Party this week.

Mrs. O. H. Mattis is visiting her daughter, Mrs. G. H. Wheeler, in New Brunswick.

Mr. and Mrs. L. W. Hampton, and daughter spent New Year's Day with friends in Germantown.

Mrs. Charles DeGrau entertained several friends from Philadelphia, at luncheon last Friday.

Miss H. Herritz, of Bayonne, N. J., has returned to her home after spending some time with Mrs. Harry Brink.

Miss Naomi Evans has returned home after spending some time with Mrs. E. M. Aumack, of Baltimore, Md.

The regular meeting of the Golden Hour Circle will be held at the Presbyterian Chapel Friday evening, the 15th.

Miss Florence Keller, of Philadelphia, was the guest of Mr. and Mrs. Everett O. Wolcott, of Linden Avenue, Sunday.

The Misses Pearl and Lillian Moore, of Clearfield, Pa., were the guests of Mr. and Mrs. Charles Yost over New Year's.

The Misses Edna and Mabel Adams and Miss Reiter of Philadelphia, spent Thursday with their sister, Mrs. H. E. Brown.

The annual meeting of Christ Church Guild will be held in the parish house on Tuesday evening, January 12th, at eight o'clock.

Mr. and Mrs. W. A. Welsh gave a dance in honor of their daughter, Miss Lyall Welsh, at the Riverton Country Club on January first.

Mrs. Richard D. Barclay entertained at luncheon on Wednesday in honor of Mrs. Walter Smith, of Mineola, L. I. Mrs. Smith was formerly Miss Anna Miller.

The office of George M. Harris was broken into between closing time Saturday and Monday morning. Entrance was made through the door, and a new adding machine stolen.

The Cinnaminson Bank and Trust Company has a very attractive new calendar for distribution among their patrons. If you do not receive yours, ask for one at the bank. You will like it.

Mrs. Murray Cheston Boyer gave a tea in honor of her niece, Miss Margaret deZouché, Tuesday, December twenty-ninth, from four to six o'clock.

Those receiving included the Misses Rebecca and Helen Herbert, Hemphill, of Atlantic City; brother of Mayor Fred F. Hemphill, of Riverton; has been elected president of the Pacific Avenue National Bank which will open its doors the latter part of February. Mr. Hemphill is also vice-president of the Marine Trust Company.

A lot of hot cinders which had been smoldering in a freight car on the siding near Thomas avenue for three days, became so hot by 5 o'clock Sunday evening that neighbors in that vicinity grew alarmed and telephoned for the fire company.

When a stream of water was thrown on the heated mass, a cloud of steam ascended that could be seen for miles.

Miss Margaret Fuller, Edward Lippincott, John Anderson and John K. Woodman, of Riverton, were guests at a dinner and dance on New Year's Eve, given by Mr. and Mrs. William J. Kraft, of West Collingswood, at their home.

Mrs. J. J. States Island, N. Y., Martha and Fredericka Stockwell, of Philadelphia; Ruth Powell, of Philadelphia; Mildred Schultz, of Montclair; Helen Clark, of Bayonne; Frances Norworth, of New Brunswick; and Josephine Coale, of Riverton.

Don't forget the moving picture show at the Riverton public school, Friday evening, January 8, at 7:30. Feature picture, "Nanook of the North."

Four trucks were ditched on the Burlington Pike Tuesday night owing to the heavy snow which made it difficult to keep to the roadway.

Moorestown Club Women on Monday endorsed the plan to purchase and set aside Hancock Park for a conserve for birds.

David F. Vaughan, of Riverton, is reported by Mann & Co., of Washington, to have been granted a patent on a rail anchor. This relates to improvements in rail anchors for preventing the longitudinal displacement or creeping of railroad rails over the parts which support them.

Mr. and Mrs. Charles B. Durborough are leaving for Miami, Florida, at the end of the week. Mr. Durborough is interested in several land developments in Florida and has just purchased a building site in the Riviera section of Coral Gables, Miami.

He will start building operations at once for a winter home. J. A. Smith, of Seventh street, went on the special Haven-Villa trip to Florida on December 26th. He reports a splendid trip and that Florida is a wonderful place.

Mrs. Otto Sauer and Mrs. Lillian Shain are going to take the same train trip, which leaves next Tuesday, the 12th. Other trips will be made later. Mrs. Graham at Coles Hotel, Moorestown, can give further information.

John Flynn, of Thomas avenue, who has been in the Veteran's Hospital No. 81, Bronx, N. Y., spent Christmas with his family. He returned the Monday following, to the Bronx hospital and was transferred to the U. S. Naval Hospital, Brooklyn, where he will receive treatment for shell shock and gas. John states that it is a very good hospital and every consideration is shown the patients, even to each bed being equipped with a set of head phones with the plug in the back of the bed.

The debutante daughter of Mr. and Mrs. John Thomas DoFrance, Miss Elmer DoFrance, was the guest of honor at a brilliant ball at the Bellevue-Stratford New Year's Eve. This was one of the most elaborate affairs of the season and more than a thousand guests were present.

Miss DoFrance was introduced to society at a tea which her parents gave in November, shortly after they moved to their home in Radnor. She has been one of the most feted of the debutants of the season, and has been included in the receiving line of many of the other coming out parties.

Curwen B. Fisher, the new director of the county department of bridges, and County Engineer Smith were in Riverton Tuesday afternoon to arrange for painting the bridge over the creek at East Riverton.

The Moorestown Township Committee contemplates numerous improvements in 1926, among which are said to be the remodeling of the town hall to provide offices for tax collector, assessor, water and sewer departments, the road supervisor and other officials. It is also proposed, according to reports, to open several new streets through the center of the town which will mean the condemnation of some of the old buildings which have stood for many years and to which is attached considerable romantic and sentimental interest.

The regular meeting of the Golden Hour Circle will be held at the Presbyterian Chapel Friday evening, the 15th.

Miss Florence Keller, of Philadelphia, was the guest of Mr. and Mrs. Everett O. Wolcott, of Linden Avenue, Sunday.

The Misses Pearl and Lillian Moore, of Clearfield, Pa., were the guests of Mr. and Mrs. Charles Yost over New Year's.

The Misses Edna and Mabel Adams and Miss Reiter of Philadelphia, spent Thursday with their sister, Mrs. H. E. Brown.

The annual meeting of Christ Church Guild will be held in the parish house on Tuesday evening, January 12th, at eight o'clock.

Mr. and Mrs. W. A. Welsh gave a dance in honor of their daughter, Miss Lyall Welsh, at the Riverton Country Club on January first.

Mrs. Richard D. Barclay entertained at luncheon on Wednesday in honor of Mrs. Walter Smith, of Mineola, L. I. Mrs. Smith was formerly Miss Anna Miller.

The office of George M. Harris was broken into between closing time Saturday and Monday morning. Entrance was made through the door, and a new adding machine stolen.

Mr. and Mrs. W. A. Welsh gave a dance in honor of their daughter, Miss Lyall Welsh, at the Riverton Country Club on January first.

## WILL TAKE OUT TREES

The Shade Tree Commission Says This is Necessary to Give Others a Chance

The Riverton Shade Tree Commission has decided to take out approximately every other oriental plane tree on Cinnaminson street. These trees are now encroaching on one another, and in order that they may reach their best development the commission felt that it was wise to cut out every other one.

They have decided to take the same action on Linden avenue where elms and Norway maples have been planted alternately. The great majority of the elm trees are growing very nicely, and in order to give them an opportunity for full development they think it wise to cut out a considerable number of the Norway maples.

The Shade Tree Commission has absolute powers when it comes to control over the trees on the streets of Riverton, but is anxious to do what is best for the interest of the town and do not want to take any arbitrary action. If any of the property owners of these streets have suggestions to make in connection with the above action, we would be very glad to hear from them at any time.

James S. Coale, Chairman,  
T. W. Bledeman,  
Commission.

## VOCATIONAL SCHOOLS REDUCE POVERTY

If there is any one who doubts the usefulness of the Vocational School Camden County is going to have, let him study the remarks by Dr. Stone, Director of Public Health and Treasurer of The Courier Relief Committee. Dr. Stone doesn't say anything about the Vocational School, but it is one answer to his question, "What is to be done to relieve poverty?"

Never thought of it in just that way, did you? Honest, we hadn't ourselves, for all the study we've made of the Vocational School idea.

Dr. Stone has been deeply impressed by the number of cases in which he finds that heads of families in distress are conscious that they fail because they didn't have EDUCATION.

Many of them quit school at the fifth grade, and went to work, helping out in the home. For the life of them, they couldn't see what it would ever get them to be able to parse a sentence, tell what the climate of Kamchatka, know the products of Patagonia, name the capital of Siam or give the boundaries of Czechoslovakia.

So they quit school at 14 or so and went to work. Their earnings seemed to them a pot of money. They didn't realize that those who started earning later would soon be earning more, while they themselves would be standing still.

Industry is geared up higher and higher. Labor standards rise. It takes a smart man to hold down a mechanic's job. And the best man get the best pay. The ones whose minds have not been developed lag in the race. They fight hard, but know discouragement. They can't hold the pace.

Knowing the boundaries of Czechoslovakia doesn't make a man a better electrician, but spending full school years training the mind to do its work does.

The Vocational School, training the boys who aren't book minded but are hand minded to USE their hands will cut straight at the roots of poverty in Camden county. Dr. Stone's practical observations prove it.

Without mentioning Vocational School, he has given us a burning argument for haste in selection of a site, organization of a system, and early opening of schools.

—Camden Courier.

## DAINTY SHOES

Often get very undainty scrapes and scratches. Sometimes they even wear down at the toes, or need a stitch or two here and there. For all such repairs, bring the shoes to us. If you want the renovation done by experts, turning out the best work, with the best materials at small cost.

of the Evening School, Moody Bible In-  
stitute (1924, Western Newspaper Union.)

### Lesson for January 10

#### FIVE MEN BELIEVE ON JESUS

LESSON TEXT—John 1:35-43.  
GOLDEN TEXT—Behold the Lamb  
of God which taketh away the sin of  
the world.—John 1:35.  
PRIMARY TOPIC—Five Men Follow  
Jesus.  
INTERMEDIATE AND SENIOR TOPIC—  
Seeking and Finding Jesus.  
YOUNG PEOPLE AND ADULT TOPIC—  
Bringing Others to Christ.

Through the testimony of John the  
Baptist, his disciples were pointed to  
Jesus. This same testimony he gave  
the previous day.

#### 1. Two of John's Disciples Followed Jesus (vv. 35-37).

As a result of the Baptist's testi-  
mony, two of his disciples left him  
and followed Jesus. One of these was  
Andrew (v. 40) and presumably the  
other was John. When the Baptist  
pointed out Jesus as the Lamb of God,  
the long-expected Messiah, these dis-  
ciples sought further acquaintance  
with Jesus. In view of John's request,  
they looked upon the Lord. This look  
was sufficient to induce them to fol-  
low Jesus. When they looked they  
believed. The proof of their belief  
was their following after Him. John  
speaks, the disciples hear and follow.  
The whole plan of salvation is  
wrapped up in this simple testimony  
and action.

#### 2. The Two Disciples Abiding With Jesus (vv. 38-40).

1. Jesus' Question (v. 38). When  
Jesus saw the disciples following Him,  
He inquired, "What seek ye?"  
2. The Disciples' Reply (v. 39). They  
answer His question by inquiring as  
to His dwelling-place. Their reply  
showed their desire to go apart pri-  
vately where they could disclose their  
hearts to Him. Knowing their hearts,  
He invited them to His place of abode;  
therefore, for the remainder of that  
day, they held sweet intercourse with  
the Master.

#### 3. The Disciples Bringing Others to Jesus (vv. 40-46).

The very genius of Christianity is  
self-propagation. The usual method  
is to begin with those nearest us, home  
folk and relatives and pass out to  
ever-widening circles. The disciples  
who were with Jesus in blessed fel-  
lowship, went at once to tell others  
of the priceless treasure they have found.

#### 4. Andrew Bringing Nathaniel (vv. 40-46).

Christ found Philip the follow-  
ing day as He would go forth into  
Galilee. Philip followed Him in re-  
sponse to a personal invitation. As  
soon as Christ found him, Philip found  
Nathaniel and with him to him con-  
cerning the coming of Jesus. He  
said unto him: "We have found Him  
of whom Moses in the law, and the  
prophets did write, Jesus of Nazareth."  
(v. 45). Christ is the sum and  
substance of the Old Testament. Na-  
thaniel was somewhat skeptical, but  
he was honest. Philip had the wisdom  
not to argue with him, but brought  
him to Jesus. It is frequently unwise  
to rebuke the skeptical for lack of  
faith. The better way is to invite  
them to put Christ to a test.

#### 5. Nathaniel Seeing and Hearing Jesus, Testifies of His Divinity (vv. 47-50).

As soon as Nathaniel heard and  
saw Jesus all his doubts rolled away.  
Jesus proved that He was the omni-  
potent One. We do not know what Na-  
thaniel was doing under the fig-tree.  
Perhaps he was praying for heavenly  
light and guidance, but Jesus saw him.  
He was evidently sincere. He who is  
willing to be led and to do shall surely  
come into the light (John 1:7). He  
who acts upon the light given shall  
see greater things (vv. 50, 51). Angels  
ascending and descending upon the  
Son of Man, with the open heavens,  
show that Jesus Christ is the means of  
communication between earth and  
heaven (Heb. 10:19, 20; Eph. 2:18;  
Gen. 28:12). This narrative concern-  
ing the experiences of the first dis-  
ciples exhibits the following stages of  
Christian experience:

#### 6. Bringing others to Jesus.

#### 1. Hearing about Jesus (v. 36).

#### 2. Looking upon Jesus (v. 36).

#### 3. Following Jesus (v. 37).

#### 4. Abiding with Jesus (v. 39).

#### 5. Witnessing for Jesus (vv. 41-45).

#### 6. Bringing others to Jesus.

#### 7. Accomplishing Things

To think we are able, is almost to  
be so; to determine on attainment, is  
frequently attainment itself.

#### 8. Live Near to God

Live near to God and so all things  
will appear small to you in compar-  
ison with eternal realities.

#### 9. From Lowest Depth

From the lowest depth there is a  
path to the loftiest height.—Caryl.

#### 10. FOOLISH QUESTION

Visitor—Am I correct in assum-  
ing that it was your passion for  
strong drink that brought you here.  
Convict—I don't believe you  
know this place, mister. It's the  
last place I'd come to if I was look-  
ing for a drink.

#### 11. HOUSEHOLD NECESSITY

Butcher—You want some brains,  
madam?  
Housewife—Yes, please. My hus-  
band hasn't had any for a long time.  
—Fragrant Green.

## TH' OLE GROUCH

'TOWN SINCE!

## U. S. Leads World in Automobiles

### Kiwanis Speaker Says More Than Three-Quarters of Autos Are Owned Here

At last week's meeting of the  
Riverside Kiwanis Club, Leland  
Stanford Willis, of the Hare and  
Chase auto financing company, gave  
an interesting talk on auto finance  
and the growth of the automobile  
business in the world.

#### The auto manufacturing business has become the largest single industry in the country, Mr. Willis said. And the United States is the greatest automobile owning na- tion in the world.

Out of 21,000,000 cars in the  
world, 17,500,000 are in the United  
States. On the other hand, other  
countries take the lead in motor-  
cycles, for out of 1,100,000 such  
machines in existence, 930,000 are  
outside the United States.

England, France, Germany, Aus-  
tralia, Italy, Spain, Australia and  
Africa are the leading users of  
automobiles among foreign coun-  
tries. Among these the most rapid  
increase is being made in the Brit-  
ish colonies of South Africa.

The automotive industry has made  
amazing gains within the past few  
years. From 1920 to 1925 it has  
had a growth of 79 per cent., as  
compared with 6 per cent. by other  
industries. There are ten times as  
many automobiles in use today as  
there were in 1912. Then there were  
358,000, now there are 3,600,-  
000.

Although 500 different makes of  
cars have been produced since the  
beginning of the industry in Amer-  
ica twenty-five years ago, there are  
now only 100 makes on the market.  
California leads with one car to  
every 2.5 persons. New Jersey  
ranks about third with one to ev-  
ery 6.34 persons.

In discussing the automobile in-  
dustry, Mr. Willis declared  
that by giving credit to buyers and  
dealers the number of sales had in-  
creased so much over what sales  
would have been on a cash business  
that the cost of automobiles has  
been reduced one-half. Seventy  
per cent. of cars sold are sold on  
a credit basis.

There is no article on the market  
today where the buyer gets more  
for his money than in an automobile,  
said Mr. Willis. All machinery of  
other types costs much more per  
pound than an automobile, despite  
the fact that the motorcar is one  
of the most complicated and finely  
built mechanisms in the world.

Mr. Willis concluded his remarks  
with a warning against making  
terms too easy. He said some  
cars were being sold on such low  
terms that the buyer owns more  
than the car is worth as soon as  
he drives it home. This condition,  
he said, is not healthy and might  
endanger the financial welfare of  
the country if it were made com-  
mon practice.

Lester Fortnum and "Doc" Ed-  
wards, presidents and vice-presidents  
from this Kiwanis district they had  
attended at Asbury Park. Another  
district meeting is to be held in  
Newark next Thursday and arrange-  
ments are being made for a large  
number of local Kiwanians, as well  
as all of the officials, to attend.

The Riverside meeting next week  
will be held on Wednesday.  
The attendance prize was donated  
by Roy Martin who left for Florida  
last week and wanted to be sure  
that he took care of his turn.  
Realtor Thomas L. Wilkinson was  
the winner. It looked like a box  
of cigars and Tom doesn't smoke,  
but luckily it turned out to be a  
box of fine fruit cake.

MRS. MARY E. BISHOP  
Mrs. Mary E. Bishop, 52 years  
old, died last Friday at her late  
residence, Webster street, Riverside,  
following a long siege of illness.

The deceased had resided in Riv-  
erside for the past twenty-four years  
and was well known among the  
residents here.

She is survived by four sons,  
Howard V. of Riverside, John H.  
of Mount Holly, Alfred P. of De-  
lanco, George S. of Palmyra and  
nine grand children and one great-  
grand child.

Funeral services were conducted  
Monday afternoon by the Rev.  
Samuel Hardman, of St. Stephen's  
Church, Riverside.

Interment was made in the Coop-  
erative Cemetery, Beverly, under  
the direction of H. B. Earnest, Fun-  
eral Director.

## Impose Sentences at County Seat

### Prison Terms and Fines Meted Out to Bootleggers and Other Criminals

Judge Slaughter last week impos-  
ed fines or jail terms on a number  
of gamblers, liquor violators and  
other offenders who had pleaded  
guilty or had been convicted by  
juries.

The heaviest fines were upon two  
men, both Burlingtonians, convicted  
of maintaining gambling houses.  
William A. Douglass colored, was  
penalized \$1,100.

Ell Lawrence, who owns a pool  
room in Burlington, which is con-  
ducted by his son, was fined \$1,200.  
Lawrence, for many years a plum-  
ber in that city, bears a good repu-  
tation as a law abiding citizen. A  
writ of error was issued to have  
his conviction reviewed by the  
Supreme Court.

William H. Bose, colored, who  
pleaded guilty to giving a worthless  
check for \$150, in Burlington, was  
convicted of transporting a live-al  
sentenced to sixty days more in  
the county jail. He had been in  
prison since August 18, awaiting  
disposition of his case.

Gregory Martin, of Mount Holly,  
convicted of transporting a live-al  
sentenced to sixty days more in  
the county jail. He had been in  
prison since August 18, awaiting  
disposition of his case.

Sentencing of Thomas L. Quigley,  
who was in the car at the time of  
the arrest of Martin and was con-  
victed in connection with transport-  
ing the same alcohol, was deferred  
two weeks at the request of his  
counsel, James Mercer Davis. A  
third occupant of the machine,  
James O'Connor, recently was fined  
\$400 for being implicated in trans-  
porting the fatal can of alcohol.

#### Sentences for Bootleggers

Wolf Gutcrat, of Jewtown, Mount  
Laurel township, convicted of ille-  
gal possession of liquor, his second  
offense, was sentenced to serve 45  
days in the county jail. His bail  
was fixed at \$2,000, pending a re-  
view of the conviction, which is to  
be appealed to the Supreme Court.

Giovanni di Paolo, who pleaded  
guilty to illegal possession of liquor,  
his second conviction, was sentenced  
to serve 45 days in the county  
jail. Some high-powered beer was  
discovered in his hotel at Red Lion  
when a raid was made by county  
officers.

Peter Pipponi, of Florence, who  
had several gallons of booze at  
his home when officers made a raid  
there, was fined \$150.

A similar fine was imposed on  
Saturno Sumatri, also of Florence,  
for the same offense. A big quan-  
tity of beer was found on his prem-  
ises.

Louis Casciella and wife, Louise,  
guilty of liquor violations, were  
fined \$200 each. She was convicted  
of selling rum, after which the hus-  
band pleaded guilty to its illegal  
possession. They are residents of  
Beverly.

Walter A. Smith, captured in  
Mount Holly with two pints of  
liquor in his possession, pleaded  
guilty and was fined \$50.

Herbert Hatcher, of Beverly, who  
is not a bootlegger but has a strong  
thirst for liquor, admitted he had  
been transporting rum again, a  
small quantity being in his posses-  
sion when he was arrested by a

police officer. He was fined \$75.  
Previous fines for the same offense  
were \$30 and \$40.

#### Assault and Battery Cases

Louis Bontelli, guilty of assault  
and battery on a woman at New  
Albany, was fined \$100.

Sentencing of George McLaugh-  
lin, guilty of assault and battery on  
Miles Beatty, at Bordentown, was  
laid over one week to learn the  
condition of the victim. Beatty  
was seriously injured on the head  
and for a time it was thought he  
would die. Later it was believed  
he would be mentally unbalanced  
as the result of an injury to his  
brain. Late reports are that he is  
almost entirely recovered, but the  
court desires to learn his exact con-  
dition before imposing sentence on  
McLaughlin.

Roosevelt Riley, colored, guilty of  
assault and battery on a fellow-  
workman at Burlington, while en-  
gaged in grading cinders, was fined  
\$100.

Three boys of about ten years  
of age, who have been guilty of  
various offenses at Riverside, in-  
cluding breaking and entering and  
larceny, were sent home for a  
month, when they will be called  
for sentence. They are Anthony  
and Joseph Commis and Dominic  
Pechillo.

V. Claude Palmer made applica-  
tion for setting aside the search  
warrant under which the raid was  
conducted at the home of Theophilus  
Andreaski at Riverside, following  
which she was arrested for a liquor  
violation. The contention is that  
the proceedings were illegal. The  
search warrant was issued after a  
fire in the Andreaski house, when a  
still was discovered on the premises.  
Chief of Police Voshell held the  
still when he entered the house  
with firemen.

## Warns of Growth of Hydrophobia

State Director of Health Urges Adoption of Proper Preventive Measures

The number of dogs developing rabies, or hydrophobia, continues to increase. Dr. Henry B. Costill, state director of health, warns in a statement issued by the State Department of Health today. During the fiscal year ending June 30, 1925, 124 dogs from odd sections of the state were pronounced rabid after a laboratory examination made at the State Department of Health. Although this number was more than twice that of any previous year, it increased to 189 rabid dogs examined during the next year, ending June 30, 1926. Examinations of rabid dogs made during the first six months of the present fiscal year indicate that this increase of rabid dogs will continue if steps are not taken to prevent it.

The records of the State Department show that rabid animals were received from municipalities in twenty of the twenty-one counties of the state, and numerous green accounts have indicated outbreaks of hydrophobia among the dogs which the heads were not sent to the State Laboratory for diagnosis because the outbreak had become established and the nature of the disease was known. It is interesting to note that whereas the number of rabid dogs found in Hudson and Essex counties has shown a marked decrease during the past two years, following the adoption of control measures, the disease has spread throughout the state and increased in all other counties.

The number of persons bitten by rabid dogs and required to take the Pasteur treatment has continued to be large, and the payment for this treatment has become a serious drain upon the funds allotted for health work by some of the municipalities. In spite of the fact that the Pasteur treatment usually protects the person if it is administered early, a number of persons have died of this dread disease, most of whom received delayed Pasteur treatment. There have been, however, six persons who have died of rabies in spite of the fact that the Pasteur treatment was begun soon after the infection occurred. In most of these cases the persons were bitten by a rabid dog about the face and lips.

Persons bitten by rabid dogs are cautioned, in a recent paper in the Public Health News, to begin treatment immediately and not to rely upon cauterization as a preventive of the disease. This statement points out that only tanning nitric acid can be effective as a cauterizing agent, and this only when the acid comes in direct contact with the saliva of the rabid dog. As it is impossible to know whether the acid has come in contact with the saliva in puncture wounds, cauterization cannot be relied upon. In addition, cauterization may seal or wall in the rabies virus, whereas unimpeded bleeding might help to wash it from the tissue. The worst feature of cauterization is that it gives a false sense of security, for if the bitten person is taken

## Little Travelogues

By BLANCHE GILL

### THE SWANS ON THE PALACE MOAT

Wells, a small and ancient city in Somerset, England, is prettily situated at the foot of the Mendips Hills. The copious spring of St. Andrew, the chief of the "wells," gives the name to the town. It has been a seat of a bishop since the Twelfth century and is perhaps the most characteristic cathedral city in England.

Wells cathedral, though comparatively small in size (285 feet long by 62 feet wide) takes rank among the finest churches in England, and some authorities do not hesitate to give it the first place of all. Freeman asserts that the group of ecclesiastical buildings at Wells has no rival either in its own island or beyond the sea.

To the south of the cathedral, beyond the cloisters, is the picturesque Episcopal palace, built by Bishop Joceline in the Thirteenth century and surrounded by a moat. In this moat, which has always running water from the wells or springs of St. Andrew, may be seen numerous beautiful white swans.

There is an old drawbridge across the moat on which is a keeper's lodge. From its window one sees a string hanging over the water, which is connected inside to a bell. The swans have acquired the habit of ringing the bell for their daily food. It is an interesting sight to watch the birds one after another pulling at the string until they are rewarded by food thrown from the window.

Centuries ago the bishop's little daughter taught the swans to ring the bell and the habit has been handed down from one swan generation to another. While in England a few years ago we had the pleasure of visiting Wells, and saw the swans swimming up to the string and pulling it with their beaks until the keeper threw them crumbs.

### FREE COAL

People About Lakehurst Helped Themselves to 100 tons

Soft coal discarded by the Navy Department, at Lakehurst, as too costly to truck five miles was the means of keeping more than one family warm during the cold snap of the last week.

When the word was broadcast that one hundred tons of soft coal lay in the woods near Lakehurst and could be had for the taking, there was a rush for the reservation near the air station. In less than two days the pile was cleaned up and much of it distributed among the needy families at that place.

Some one with a long memory recalled this week, when it began to get cold and there was no fuel available, that the soft coal had been discarded, and made a trip to the woods where the big pile looked like a million dollars to him. He hurried home and told his friends, with the result that within a short time a string of trucks was moving the coal out at the rate of ten tons an hour.

The area where China, Tibet, and India meet is sometimes called "Any Man's Land."

## CHARLIE THE BOSS

County Chairman Named By Forfeiture of Naturalization Court

Judge Slaughter held a session of Naturalization Court last week and during the questioning by the special government investigator he inquired of one Roebbing applicant, "Who governs Roebbing?"

"The Republicans," replied the foreign applicant. "And who governs the Republicans?" came from the investigator, and just as quickly was shot back the answer, "Charlie Stott."

The county chairman has been compelled to take the jibes of numerous acquaintances since the dialogue.

### PICKEREL SEASON

Twenty-day Period Opened in New Jersey last Friday

The short pickerel season in New Jersey opened last Friday. The season last but twenty days, and pike, pickerel, pike-perch and perch may be taken through the ice in fresh waters with not more than ten lines, each line to have attached thereto not more than one hook, said fish not to be sold.

Old nimbros recommended the use of live bait, and say a misjudged fish once in a great while might take a skittered piece of pork or a trolling spoon, but such will likely be few and far between.

### No Longer Satisfied

With Looker-On Role

Bobby, age five, sitting with majesty in the barber's chair, gazed with awe upon his sister, age seven.

"I asked for you to come with us," he remarked haughtily, "so you could look at me while I have my hair cut. And you are not looking!"

"Oh, but there was a situation, dear nephew, in his youthful fury."

"I am tired of looking. I don't want to look any more. I want my own hair cut," snuffed sister. "It is your turn to look at me."

Bobby's lip quivered. Traitorous, jealous sister. . . . Just wait till he got her home. He'd pull her hair.

It's happening all over the world in every age, in every walk of life. Sister is tired of looking. . . .

### What Might Have Been

"Now I suppose," remarked Mrs. Snaggas, "that the surgeons of the army are attached to the medical corps?"

"Your supposition does you great credit," replied Mr. Snaggas, sarcastically. "It's a wonder you don't imagine the doctors joined the army for the purpose of building bridges or going up in a balloon. Where should army surgeons be except in the medical corps?"

"Well, I thought that they might possibly belong to the lancea."

### TWO BAD

Lawyer—Your wife seems to be nursing a grievance.  
Witness—Yes, it is teething and keeps us awake at nights.

## TYPHOID FATAL TO 100 DURING YEAR

100 in New Jersey Recovered, But Some are Chronic Carriers

Incomplete reports received at the State Department of Health show that 100 of more people in New Jersey contracted typhoid fever during the year 1925, and that of these 100 people, 100 died of the disease. Of the 100 persons who recovered from the disease, 16 to 25 will become permanent typhoid carriers and therefore a health menace to their families, associates, and the general public.

Discussing this record, Dr. Henry B. Costill, director of health, pointed out that each year an equal or greater number of carriers of typhoid fever are added to the number of persons who spread the disease. If no attempt is made to determine who among the convalescent cases of typhoid fever become carriers, this dangerous condition is not discovered until the persons have infected others. The investigators of the State Department of Health have studied numerous small outbreaks of typhoid fever, and as a rule it is found that some recovered case of typhoid fever was responsible for spreading the infection through food or milk.

New Jersey no longer has the wide-spread outbreaks of typhoid fever, which used to occur before the city water supplies were adequately protected; so to protect the State from the remnant of the formerly wide-spread disease, the State Department of Health has added to the Sanitary Code the rule that local officials may not release from quarantine cases of typhoid fever until two successive cultures of the excretions taken not less than one week apart are found to be free from the germ of typhoid fever. It is hoped that by carrying out this requirement local boards of health will prevent persons found to be carriers of the disease from exposing other persons to typhoid infection.

### GETS SACRED MONKEY

Washington—A member of the sacred monkey family of India was installed at the Washington zoo recently. The monkey, scientifically known as a langur, is held to be highly intelligent. He resembles a dwarf, with wrinkled face and a mantle of white hair.

THE REASON  
"What did you get kicked out of the Club for?"  
"Singing."

Wisdom is in knowing what to do next. Skill is knowing how to do it and virtue is doing it.

All the production of booting horses would not make a week's run of distilleries when these places were licensed.

In France there is one place for the sale of intoxicating liquor to every 50 people. Think what that would mean in the United States.

## 17 Reasons Why

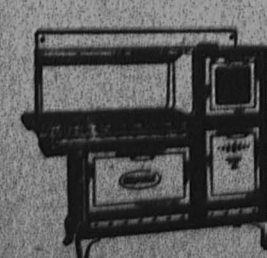

Unless the Regulator has a RED WHEEL it is NOT a LORAIN

## You Should Sell Your Old Stove and Buy a RELIABLE Gas Range

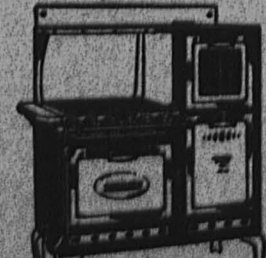

EQUIPPED WITH LORAIN OVEN HEAT REGULATOR

1. The Lorain Oven Heat Regulator cannot be attached to an old stove unless the stove be rebuilt at the factory. The cost of rebuilding plus the double freight would make the expense prohibitive.
2. The Lorain Oven Heat Regulator is simple in construction and easy to operate. It will last as long as any gas range and will not get out of order.
3. A new Lorain-equipped Reliable Gas Range will not only give you all the benefits obtainable from measured and controlled oven heat but it will also give you the finest, most modern and most efficient cooking appliance procurable.
4. With a Lorain Self-Regulating Oven you will never again experience an "unlucky" baking day. Everything you cook or bake in the oven will be uniformly perfect, every time.
5. The Lorain Oven Heat Regulator makes it possible to cook a whole meal in the oven at one time while you're miles away.
6. With a Lorain-equipped Reliable Gas Range you will be able to use the famous Lorain Oven Method of Cooking which is better, quicker and easier than any other process.
7. A 128-page Cook Book accompanies each Lorain-equipped Gas Range. It contains many tested "Time and Temperature" recipes for cakes, pies, roasts, puddings, whole meats, etc.
8. Lorain-equipped Reliable Gas Ranges are made in many sizes, styles and finishes. You'll surely find one that will suit your taste.
9. We will see that your new Lorain-equipped Gas Range is properly installed and that you fully understand the operation of the Regulator.
10. Lorain-equipped Reliable Gas Ranges are made by Reliable Stove Company, Division of American Stove Company.
11. Lorain-equipped Gas Ranges were first sold over 10 years ago. They are now in use in thousands of homes.
12. Lorain-equipped Gas Ranges are also used in over 1500 schools and universities for teaching the Science of Cooking.
13. The Lorain Oven Heat Regulator has been approved by every recognized test-kitchen in America, including Good Housekeeping Institute and Frigidaire Proving Plant.
14. Time and Temperature Cooking, made possible by the Lorain Oven Heat Regulator, has the endorsement of all cooking authorities and experts.
15. The leading publications for women now include in their published recipes the exact Time and Temperature for baking. This gives owners of Lorain-equipped Gas Ranges an unequalled recipe-service.
16. The Lorain Oven Heat Regulator is the original Oven Heat Regulator. Lorain cannot be had on any make of gas range not manufactured by American Stove Company. You can always tell a Lorain-equipped Gas Range by the Red Wheel. Accept no substitute.
17. The Lorain Oven Heat Regulator is guaranteed by Public Service.

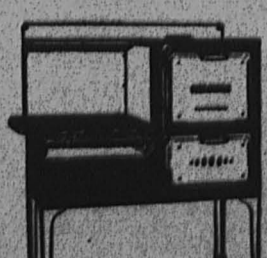

Save \$20 on Reliable 5306.

The ideal range for the large household. Special price \$175 instead of \$195. \$15 down, \$15 monthly. Special cash price \$164. Has two large baking ovens, the lower equipped with Lorain Oven Heat Regulator. Also one broiling or roasting oven. Glass panel in upper oven door. Equipped with two automatic tap burner lighters, delivered, connected from gas outlet in kitchen.

Save \$15 on Reliable 5304.

Special \$147 instead of \$162 or \$155 down, \$12.50 monthly. Special cash price \$138. Has two baking and one broiling oven. Glass panel in upper oven door. Lorain Oven Heat Regulator on lower oven. Equipped with automatic tap burner lighters, delivered, connected from gas outlet in kitchen.

Save \$10 on Reliable 5016.

Special \$73 instead of \$83. \$6.50 down, \$6.50 a month. Special cash price \$68. White enameled equipment in down-gray enameled panel. Lorain Oven Heat Regulator. Equipped with automatic tap burner lighters, delivered, connected from gas outlet in kitchen.

## Improving Transit Service

What Is Being Done and What Should Be Done To Provide An Adequate Transportation System for New Jersey People

### THE CAR RIDER PAYS

If you ride in an automobile or a motor bus, use a truck, whether it be a one-tonner or one of the giant lorries that transport freight over New Jersey roads between New York and Philadelphia, the municipalities, the counties, the State and to an extent the Federal government combine to provide and maintain for you a free roadway.

But if you ride in a trolley car you not only pay for your own roadway—foundations, ties, rails and ballast—you pay in addition for pavement, which you do not use and which is useful only to other vehicles.

That is manifestly unfair! It is not a charge for the use of the streets for which use Public Service Railway pays to the municipalities through the franchise tax more than \$1,000,000 a year—at a rate of some \$3,000 a day—but is a heritage handed down from horse-car days when animals that drew the cars wore out the pavement.

And just now it is a menace to every car rider because the large total of paving charges which Public Service Railway must pay puts a financial burden on the company that, combined with other conditions, threatens the Five Cent Fare.

To remedy this condition and to save for the people the Five Cent Fare, Public Service asks your support for three constructive measures:

- Further Coordination of Car and Bus Service.
- Better Traffic Regulation.
- Relief from Paving Charges.

Each and all are in the interest of better car and bus service.

PUBLIC SERVICE RAILWAY COMPANY  
PUBLIC SERVICE TRANSPORTATION COMPANY

Public Service

## COUNTY BUDGET \$1,149,837, INCREASE \$91,667 OVER 1925

Amount To Be Raised by Taxation in 1926 Fixed at \$775,936.92

### NO ADVANCE IN TAX RATE EXPECTED

Burlington County's budget for 1926, calling for total expenditures of \$1,149,837.74, of which \$775,936.92 is to be raised by taxation, is published in this issue.

The 1926 budget is larger than that of 1925 by \$91,667.70, while the amount to be raised by taxation is greater by \$97,226.88.

The increase in the amount needed for paying off the principal of bonds. This sum asked for is \$201,000, as opposed to \$167,500 last year, a jump of \$33,500.

Then there is \$12,000 extra for bridges, \$1,100 more for salaries, \$3,510 additional for principal on emergency notes, \$11,803 more for highway repairs, \$12,000 additional for the county asylum, \$4,000 extra for the tubercular hospital, \$5,000 more for the State Board of Chiropractors, in addition to which are several small increases and also a few small savings.

The appropriations do not include the \$2,100 asked for by the county board of agriculture for a home demonstration agent.

The hearing on the budget will be held January 22.

Frederick Curran H. Fisher when interviewed this week, stated that he believed the increase in rates throughout the county would make it possible for the county to raise the amount to be raised without an increase in the County tax rate.

Friday's meeting of the Burlington County Board of Freeholders was the shortest on record. It was just twenty minutes from the time the new director, Howard Russ, called the meeting to order until it was adjourned.

Former Judge Harold B. Wells the new county collector, remarked, "Well, it is a little bit different, but my job is pretty well set." But one of the freeholders who had seen the sessions of the board last for years replied, "Judge, this meeting doesn't mean a thing as to time."

On motion of Curran H. Fisher, the new director of bridges, the Lower Bank bridge was accepted subject to the completion of the two breaks.

The auditor's bond for \$1000 was accepted and the roll was read.

The bills for the rental of polling places at Riverton and Moorestown were reduced to \$25.00 per district and ordered paid.

Charles R. Stout was elected voting member of the Burlington County Board in the State Association of Boards of Freeholders.

A resolution was passed that the regular meetings of the board be held the second and fourth Fridays of each month at 11 a. m.

Bills were ordered paid as follows: Roads, \$6027.84; bridges, \$84,851; buildings, \$1078.88; affairs, \$1224.74; finance, \$574.56.

### P. H. S. BASKETBALL TEAMS WIN PAIR

Both Boys and Girls Emerges Victorious in Contests

The Palmyra High School basketball teams chalked up another pair of victories at Riverton Tuesday evening. The boys won, 24-12, and the girls met stiffer opposition and after a hard, fast battle emerged the winner by a 17-13 score.

The Palmyra boys put up their best game of the season with a brilliant attack of superb team work and speed. Blaney, at forward, and Bright, at guard, featured for the locals.

Hutchins, of the scrubs, was used at forward, as McKee, the veteran, was out of the game on account of illness. Both Hutchins and Blaney, who replaced him in the last quarter, looked good for their first time in fast company.

Penhollow, center, has a capable little squad, but it was not matched for the fast shift Palmyra aggregation which out-played it at every stage of the game.

The girls, too, played one of the fastest and finest games in a long time. Clara Elliott, Margaret Jenkins and Rosalie Roberts were the bright lights for the fair passers.

The lineup was Zurburg, center; Jenkins, side center; Elliott and Blaney, forwards; Roberts and Perkins, guards. The substitutes were Bauer for Jenkins, Gormley for Perkins.

The boys' first and second teams will meet Fairboro High at the Palmyra High School gym Friday evening. The first game will start at 8 o'clock.

### FIRE AT DELAIR

Severely handicapped with heavy smoke, the Palmyra Fire Company had a hard battle before it conquered the flames which threatened a Delair farm house shortly after 9 o'clock Sunday afternoon.

The flames broke out in the cellar around the chimney, and were sweeping the first floor by the time Palmyra fire fighters reached the scene after a quick run.

The blaze was quickly subdued, but the flooring and much of the furniture on the first floor was destroyed. Both trucks were in operation and the company had to lay over a thousand feet of hose in order to reach the blaze with a stream of water.

Edward Atkinson, a former resident of Palmyra who was visiting one of the firemen, was overcome with smoke while helping extinguish the flames. Palmyra was the only company to fight the conflagration.

A second alarm brought the Mercantile company on the scene just as Palmyra was preparing to leave.

The fire continued at 11:00 a. m.

### MRS. MARY H. ALLEN

Mrs. Mary H. Allen, widow of the late William H. Allen, died at the home of her nephew, George B. Hutchins, Main street, Riverton, on Friday, January 8, at her 87th year. The funeral was held at the Shover Funeral Home, Palmyra, services being held at St. E. Mariner's Methodist Church, Moyamensing and Washington avenues, Philadelphia, conducted by the Rev. Mr. Hudson and Rev. Fred B. Mosley, of the M. E. Church, Palmyra. Interment was made in Mt. Moriah Cemetery.

### Jacob Warner Dies Suddenly

Well Known Palmyra Man Victim of Stroke 8 o'clock Wednesday Morning

Palmyra was again shocked by the sudden death of one of its prominent citizens when Jacob P. Warner passed away at 8 o'clock Wednesday morning.

Less than two weeks ago Mr. Warner's co-worker in the Field Club, Frank A. Matthews, Sr., died suddenly in Philadelphia.

Mr. Warner was taken ill Sunday afternoon and death was the result of a stroke which followed other complications that set in.

Mr. Warner was not at first alarmed by his illness. Although confined to his bed most of the time since Sunday, Mr. Warner was able to move about his home at times. He was up with his family as late as Tuesday evening.

His death was a bitter surprise to his hundreds of friends who did not even know of his illness. Mr. Warner was 61 years old and had been a resident of Palmyra for thirty years.

He was always an active and active interest in all of the town's projects and civic affairs.

At the time of his death he was manager of the Franklin Warehouse Company, Philadelphia. For eight years he was in business himself.

He was also the manager of the International Warehousing Company, of Philadelphia.

Mr. Warner was a director of the Field Club and had served as its president. He had been chairman of the Palmyra Branch of the Red Cross since the World War.

During the War he was one of the town's most active service men's welfare workers. He was also a member of Camp 23, P. O. S. of A.

Funeral services will be held at 8 o'clock Sunday afternoon. Friends may view the remains at his late residence, 400 Cinnaminson avenue, Saturday evening.

Mr. Warner is survived by his wife, Mrs. Josephine Warner, three children, Mrs. Ruth Pluck, Harold P. Warner, Miss Dorothy Warner, and one grandchild, Dorothy Jane Pluck, all of whom reside at home.

GEORGE J. SEEL, JR.

George J. Seel, Jr., father of George J. Seel, of Cinnaminson avenue, died on Thursday, January 7, while on a visit to his son, John H. Seel, in Atlantic City.

Mr. Seel was well-known in Palmyra. He was a member of many prominent organizations and had a general health showed little evidence of the advanced age of 81 years and 7 months.

The funeral was held on Monday at the home of his daughter, Mrs. William Richter, of Lansdowne, Pa. Interment was made in Arlington Cemetery, North Lansdowne.

He is survived by ten children, one of whom is Mrs. D. R. Vandersmith, a former resident of Palmyra.

### K. of C. DEDICATE

St. Joseph's Council of Palmyra and Silverton Conducts Exercises

The Knights of Columbus of Riverton and Palmyra celebrated the dedication and formal opening of their new home at the corner of Broad and Elm avenues on Sunday afternoon, January 10, at 2 o'clock.

Burlington County was present from Bordentown, Burlington, Mount Holly, Riverside, Moorestown, Merchantville, Camden, Woodbury, Haddon Heights, Bristol and Philadelphia. Due to the limited capacity of the hall the celebration was confined to members of Burlington County.

The exercises were conducted by Joseph P. Yearly, Grand Knight of St. Joseph's Council, who was master of ceremony.

Prominent speakers were present, including H. Eugene Hallett, Grand Knight of Philadelphia, Eugene A. Barrett, State Deputy of Pennsylvania, Frederick W. Floyd, District Deputy of Woodbury, and Past District Deputy John J. McCall, of Burlington, and John McChesney, of Moorestown.

The addresses were interspersed with vocal solos and musical selections rendered by Philadelphia artists.

The committee on arrangements were H. C. Sim, chairman; Thomas McCrossen, John F. Hackett, Wm. J. Beck, Wm. H. Rowan, Geo. A. Stroblin, J. S. McDermott, Robert J. Woods, T. A. Baden, G. T. Bayless.

Luncheon and refreshments were served immediately following the exercises, which were concluded with the singing of the Star Spangled Banner by the assembled guests.

Refreshments are being held several times each week for the play, "The First Day of School," which will be presented in the P. O. S. of A. Hall Saturday evening, February 5, for the benefit of St. Anne's school.

The first woman to obtain a patent in the United States was Mary Kay, who invented a machine for covering a surface of silk and thread.

### SCHOOL MOVIES

Pictures Shown by Riverton P. T. A. Are Highly Praised

The Neighborhood Motion Picture Corporation of New York, employed by the Riverton P. T. A., gave its fourth show in the school auditorium Friday evening, January 8th. As before, the attendance was good and the proceeds received at the door paid the expenses, leaving a small amount in the treasury.

This show impressed many as the most suitable of the four shown for children of school age. The picture, "Nanook of the North," was a true picture of the North and the customs of the Eskimo, showing habits and customs of these interesting people from the infant to the head of the family, the great hunter.

Two mornings after one little tot with the picture in his mind, decided to take a sled ride to the Eskimo do, and in good faith hitched her pet dog to her sled. Her disappointment was keen when her dog chose to follow the sled rather than lead it. However, she learned that Eskimo dogs are as different from New Jersey dogs as the Eskimo is from the American.

The scenes of the North country were wonderful. The detail work in their mode of salmon fishing, seal and walrus catching, etc., was very clear and fascinating.

The educational feature of the program showed the manner of assembling the numerous parts that make up a telephone.

Miss Chow's supervisor of the conduct of the children should be mentioned as an educational feature to be valued.

Mr. Lee also declared he was ready to embark upon his new duties with the greatest enthusiasm and expected to have every business man in Palmyra a member of the Chamber before his term expired.

Mr. Lee is also president of the Palmyra Borough Council and will be in a position to keep Borough Council informed of the suggestions made in the Chamber and also to see that the Chamber in touch with the activities and plans of Council.

At the suggestion of Mr. Jenkins the secretary of the Chamber will convey to the various business men the request of the police officers that they keep their burning in stores at night low.

Mr. Jenkins also spoke of the need of more lights in various parts of town and Mr. Lee said plans were already afoot to place lights at the Morgan and Elm avenue crossings and also additional lights along Public Road. The Board of Freeholders is preparing to place proper lights and warning signals at the River Road crossing in West Palmyra.

Mr. Lee appointed a social committee as follows: David Schwartz, Bert Horner and Edwin P. Patterson.

The following new members were elected: Bertram C. Horner, Richard C. Taylor, Raymond D. Lamont and Henry Ford's Orchestra Will Broadcast Old-Fashioned Dance Tunes

According to information issued by F. G. Fromuth, manager of the Palmyra Motor Company, old fashioned dance music will be broadcast by Henry Ford's orchestra from a chain of thirteen radio stations between 10 and 11 o'clock this Friday evening.

The nearest station is WOO, Philadelphia, with the strains of "for a Jack being relayed from WMAA, New York. A program of this type was also broadcast Tuesday evening.

Authorities say the old American dances are again becoming popular and it is remarkable how generally the public is participating in their revival.

EPWORTH RALLY

South Jersey League Will Hold Convention in Palmyra

All of the young people of the community have been invited to hold the Epworth League as it plays host to all of the Epworth Leagues of South Jersey in the Epworth M. Temple this Saturday afternoon and evening.

The program provides for a short service, a social hour, a play, a stunt and a get acquainted hour. Dinner will be served at 6 o'clock at a charge of 50 cents a plate. The evening program includes several interesting features, selections by the Epworth League quartet and an address by the Rev. Frank Gray, of Philadelphia.

David Gray Schwartz is president of the local League. Kathryn Green, fourth vice-president, is chairman of the general committee in charge of the South Jersey rally.

The program is as follows: 5 o'clock, Get acquainted. 5:30 to 6:30, Devotional exercises in charge of Miss Mary Barmy, director of the Personnel of the Epworth League. 6:30 to 7:30, Selections by the Epworth League quartet. 7:30 to 8:30, Life Service members to meet with Miss Sampson. 8:30 to 9:30, Dinner in Temple gym. 9:30, Selections by the University of Pennsylvania quartet.

8 o'clock, Address by the Rev. Frank Gray, of Cynwyd Methodist Church.

PORCH CLUB

The Porch Club will present a very interesting afternoon's entertainment on Tuesday, January 19, at 5:00 o'clock.

The musical program will include Mrs. Robert Downing Taylor, soprano soloist of Lansdowne, Thomas H. Morris, tenor, also of Lansdowne, and Starling B. Wells, of New York City, pianist. Miss Grace Hamilton, of the National School of Education and Oratory, Philadelphia, will give some reading selections.

On January 27 at 8:15 p. m., the Porch Club will hold its Annual Reading Party.

### LEES NEW C. OF C. PRESIDENT

Councilman Elected To Succeed Jenkins As Head of Civic Body

WALTER D. LAMON IS VICE-PRESIDENT

Councilman J. Edwin Lees was elected president of the Palmyra Chamber of Commerce at its annual meeting Tuesday evening, succeeding William B. Jenkins.

Walter D. Lamon is the new vice-president, succeeding William S. C. Horay; Thomas McCrossen, treasurer, succeeding John H. Kriele, and George M. Harris, secretary, succeeding Frank Chambers.

Mr. Lees took the chair and expressed his appreciation of the honor conferred upon him. He asserted many serious and important matters were sure to come up in Palmyra in the next year and that the Chamber of Commerce must have an important role to play in the development of the town.

The new president made an earnest plea for cooperation on the part of the members, especially emphasizing the necessity of every man appointed on a committee doing the work assigned to him.

Mr. Lees declared he was ready to embark upon his new duties with the greatest enthusiasm and expected to have every business man in Palmyra a member of the Chamber before his term expired.

Mr. Lees is also president of the Palmyra Borough Council and will be in a position to keep Borough Council informed of the suggestions made in the Chamber and also to see that the Chamber in touch with the activities and plans of Council.

At the suggestion of Mr. Jenkins the secretary of the Chamber will convey to the various business men the request of the police officers that they keep their burning in stores at night low.

Mr. Jenkins also spoke of the need of more lights in various parts of town and Mr. Lee said plans were already afoot to place lights at the Morgan and Elm avenue crossings and also additional lights along Public Road. The Board of Freeholders is preparing to place proper lights and warning signals at the River Road crossing in West Palmyra.

Mr. Lee appointed a social committee as follows: David Schwartz, Bert Horner and Edwin P. Patterson.

The following new members were elected: Bertram C. Horner, Richard C. Taylor, Raymond D. Lamont and Henry Ford's Orchestra Will Broadcast Old-Fashioned Dance Tunes

According to information issued by F. G. Fromuth, manager of the Palmyra Motor Company, old fashioned dance music will be broadcast by Henry Ford's orchestra from a chain of thirteen radio stations between 10 and 11 o'clock this Friday evening.

The nearest station is WOO, Philadelphia, with the strains of "for a Jack being relayed from WMAA, New York. A program of this type was also broadcast Tuesday evening.

Authorities say the old American dances are again becoming popular and it is remarkable how generally the public is participating in their revival.

EPWORTH RALLY

South Jersey League Will Hold Convention in Palmyra

All of the young people of the community have been invited to hold the Epworth League as it plays host to all of the Epworth Leagues of South Jersey in the Epworth M. Temple this Saturday afternoon and evening.

The program provides for a short service, a social hour, a play, a stunt and a get acquainted hour. Dinner will be served at 6 o'clock at a charge of 50 cents a plate. The evening program includes several interesting features, selections by the Epworth League quartet and an address by the Rev. Frank Gray, of Philadelphia.

David Gray Schwartz is president of the local League. Kathryn Green, fourth vice-president, is chairman of the general committee in charge of the South Jersey rally.

The program is as follows: 5 o'clock, Get acquainted. 5:30 to 6:30, Devotional exercises in charge of Miss Mary Barmy, director of the Personnel of the Epworth League. 6:30 to 7:30, Selections by the Epworth League quartet. 7:30 to 8:30, Life Service members to meet with Miss Sampson. 8:30 to 9:30, Dinner in Temple gym. 9:30, Selections by the University of Pennsylvania quartet.

8 o'clock, Address by the Rev. Frank Gray, of Cynwyd Methodist Church.

PORCH CLUB

The Porch Club will present a very interesting afternoon's entertainment on Tuesday, January 19, at 5:00 o'clock.

The musical program will include Mrs. Robert Downing Taylor, soprano soloist of Lansdowne, Thomas H. Morris, tenor, also of Lansdowne, and Starling B. Wells, of New York City, pianist. Miss Grace Hamilton, of the National School of Education and Oratory, Philadelphia, will give some reading selections.

On January 27 at 8:15 p. m., the Porch Club will hold its Annual Reading Party.

### BANK ELECTS OFFICERS

Robert H. Hulse Takes Place of Chairman of Board of Directors

At the annual meeting of the Chamber of Commerce and Trust Company, of Riverton, Tuesday afternoon, January 12, the following officers were elected: President, R. H. Williams; vice-president, J. Otto Tallow; and J. Lawrence Lippincott; secretary and treasurer, H. B. Conover; assistant secretary, Herbert K. Hulse; and assistant treasurer, Morris DeCoursey; trust officers and solicitor, Joseph L. Thomas.

George C. Frank, Collins H. Hulse, Edmund S. Holmes, J. L. Lippincott, Charles S. Mills, J. Otto Tallow, Joseph L. Thomas, John S. Smith, J. S. W. W. Edwards, S. Wood, E. L. Williams were re-elected directors, and Robert Hulse was elected to take the place of Charles A. Wright.

NEW TRAFFIC SIGNAL

At the meeting of the Riverton borough council, Thursday evening of this week, an automatic signal light for the crossing at Broad and Thomas avenues will be considered. It is expected to have a demonstration of the light in the council chamber. A representative of the company which supplies this particular signal was in conference with William B. Lynam, Commissioner of Highways and Edward L. Williams, Director of Public Safety, on Monday and arranged with them for a demonstration.

Ambulance Body Headed by Wimer

Harry J. Sauer Elected Vice-President; Business-Like Administration Planned

George N. Wimer was chosen president at the annual election of officers and complete reorganization of the Palmyra Ambulance Association, held in the firehouse last Friday evening. Harry J. Sauer is the new vice-president and Mrs. George J. Spencer and Mrs. John P. Hooper were re-elected secretary and treasurer.

Mr. Wimer succeeds Sidney G. Swales as president and Louis Swales as vice-president. William Stach, Joseph L. Stach, Edward Bennett, Louis Krasner, George N. Wimer, Mrs. John Noone and Mrs. Elias Morgan were elected as members of the board of trustees for 1926.

Mr. Wimer says he plans to run the Association in a business-like manner and will appoint the work to different committees each month in order that the burden of carrying on the organization will not be thrown on a few members. Two of whom serve as nurses, will be appointed each month to take charge of the interior of the ambulance. They will clean it thoroughly each week and see that the supplies are fresh and complete and call at the time.

A committee of men will be appointed to supervise the repair work on the machine.

In another move towards distributing the work, Mr. Wimer has named a committee to obtain drivers who are familiar with the Buick machine and who have business in Palmyra so that they may be called upon anytime during the day as well as nights. The president will be glad to hear from any such drivers and will become men who are willing to donate their services to the worthy cause.

The meetings of the Association are held the first Friday evening of each month. Hereafter they have been held in the firehouse, but Mr. Wimer is seeking to have the meeting place changed to a more central point and will probably hold them at the police headquarters hereafter.

HOE DOWN" MUSIC

Henry Ford's Orchestra Will Broadcast Old-Fashioned Dance Tunes

According to information issued by F. G. Fromuth, manager of the Palmyra Motor Company, old fashioned dance music will be broadcast by Henry Ford's orchestra from a chain of thirteen radio stations between 10 and 11 o'clock this Friday evening.

The nearest station is WOO, Philadelphia, with the strains of "for a Jack being relayed from WMAA, New York. A program of this type was also broadcast Tuesday evening.

Authorities say the old American dances are again becoming popular and it is remarkable how generally the public is participating in their revival.

EPWORTH RALLY

South Jersey League Will Hold Convention in Palmyra

All of the young people of the community have been invited to hold the Epworth League as it plays host to all of the Epworth Leagues of South Jersey in the Epworth M. Temple this Saturday afternoon and evening.

The program provides for a short service, a social hour, a play, a stunt and a get acquainted hour. Dinner will be served at 6 o'clock at a charge of 50 cents a plate. The evening program includes several interesting features, selections by the Epworth League quartet and an address by the Rev. Frank Gray, of Philadelphia.

David Gray Schwartz is president of the local League. Kathryn Green, fourth vice-president, is chairman of the general committee in charge of the South Jersey rally.

The program is as follows: 5 o'clock, Get acquainted. 5:30 to 6:30, Devotional exercises in charge of Miss Mary Barmy, director of the Personnel of the Epworth League. 6:30 to 7:30, Selections by the Epworth League quartet. 7:30 to 8:30, Life Service members to meet with Miss Sampson. 8:30 to 9:30, Dinner in Temple gym. 9:30, Selections by the University of Pennsylvania quartet.

8 o'clock, Address by the Rev. Frank Gray, of Cynwyd Methodist Church.

PORCH CLUB

The Porch Club will present a very interesting afternoon's entertainment on Tuesday, January 19, at 5:00 o'clock.

The musical program will include Mrs. Robert Downing Taylor, soprano soloist of Lansdowne, Thomas H. Morris, tenor, also of Lansdowne, and Starling B. Wells, of New York City, pianist. Miss Grace Hamilton, of the National School of Education and Oratory, Philadelphia, will give some reading selections.

On January 27 at 8:15 p. m., the Porch Club will hold its Annual Reading Party.

5504 FOR RED CROSS

Annual Roll Call Falls Dollars Short of 1924

According to an announcement issued by Mrs. John Hooper, \$504 was raised for the American Red Cross in the 1925 annual roll call in Palmyra.

Of this amount, twenty five per cent, or \$125, will be refunded to the Palmyra branch for local work. Mrs. Hooper and Mrs. James P. Macfarland, who are Palmyra's most active Red Cross workers, are planning to raise the amount to \$550 throughout the year. In the past few weeks Mrs. Hooper has made three donations.

Palmyra's receipts in the 1925 drive fell one dollar short of the total collected in 1924 when \$505 was raised.

Double bicycles are not being made any more.

### RIVERTON C. OF C. DISCUSSES MOVING PICTURE PROJECT

Hunt Theatre Corporation Said To Be Anxious To Locate Here

The Riverton Chamber of Commerce dinner given at the Porch Club Thursday evening of last week was attended by fifty-five members, friends, wives, brides and sweethearts.

The dinner was served by Mrs. Jennie Ryan, assisted by Louise Smith, Jane Matthe, Anna Murphy, Esther Reeves and Frank Conwell, and a royal good spread it was too.

Music was furnished by the Royal Commencement of Palmyra and there was talk of having George Steadman lead in some community singing, but by the time George had finished his report at the meeting of the Rotary Club and talked to the Porch Club he had no wind left for vocal exercises.

After the dishes had been cleared away, President Albertson opened the business meeting of the Chamber. "The idea of having the ladies with us tonight," said the president, "is to sell them the spirit of the Chamber of Commerce, so that when pa comes home in the evening and says he believes he won't go out tonight, ma will say, 'Why, John, this is Chamber of Commerce night! You're not going to miss that, surely!'" And it has been my observation," said the genial president, "stealing a look at his wife who sat directly in front of him, 'that when pa says No, and ma says Yes, yes is the answer!'"

Mr. Albertson then paid his respects to the committee in charge of arranging the dinner and

## Hospital Board Elects Officers

Miss Lydia M. Perry as New President; Dr. Harry Rogers on Executive Board

The Board of Managers of the Burlington County Hospital held its annual meeting last week and the following officers were elected for the ensuing year: Miss Lydia M. Perry, of Hainesport, president, succeeding Mrs. Laura Pennington, who declined reelection; Mrs. V. Claude Palmer, of Moorestown, first vice president; Mrs. J. Lindsay Clarkson, of Beverly, second vice president; Miss Rebecca Wills, of Mount Holly, secretary; Mrs. Charles Wiles, of Mount Holly, treasurer; and Miss Ellen C. Curtis, of Mount Holly, assistant treasurer.

It was decided at the meeting to have the surgical and medical policy of the hospital directed by an executive board made up of one medical director, as formerly, and the new board of physicians who will have this duty in charge, is made up of the following: Dr. H. B. Longford, of Mount Holly; Dr. E. B. McLeod, of Riverton; Dr. Harry L. Rogers, of Riverton; Dr. M. Newcomb, of Brown's Mills; and Dr. Joseph Stokes, of Moorestown. The board will organize and probably name one of its members for the personal supervision of the medical and surgical work of the hospital, under its jurisdiction and control.

### Annual Report

The following report of the Board of Managers of the Burlington County Hospital for 1937 was presented:

The Burlington County Hospital has now completed the forty-sixth year of its continued usefulness to the community in filling an absolutely necessary function in caring for the sick and injured of its own county, and, often, saving the lives of those from other counties who meet with serious accidents while in this locality.

The Hospital in 1937 has been crowded practically to full capacity and more work has been done than ever before. In the months of June, July, August and September there were many more admissions and operations than previously.

Dr. Elizabeth Nesbitt, Resident, left at the expiration of her term in June to take up work elsewhere. The Managers desire to express their appreciation of her conscientious, faithful and devoted service to duty. She did some fine laboratory work, was successful with the roentgenological work and made a complete set of files for histories and films.

Dr. Nesbitt was succeeded in July by Dr. Bates as Resident, who came with his credentials but who remained but a short time owing to ill health. She was succeeded in turn by Dr. Sarah E. Worob who also had excellent credentials and recommendations. Dr. Worob has been successful in her work and her agreeable personality and skill have made her a valuable asset to the Management.

Mrs. Daisy Simpson Hollingshead has continued as Superintendent and the Board of Managers again express appreciation of her efficiency and ability as an executive.

**Orthopedic Clinics**  
The Orthopedic Clinics have been held regularly by Dr. Francis B. Chambers and have been a great boon to the crippled children of the county.

The Mount Holly physicians have continued their tonsillectomy operations for the children which have been for the most part free and they are entitled to the gratitude of the public for their benevolent work.

Dr. Longford as Medical Director has been devoted to the best interests of the Hospital and has given freely of his time to all details, answering criticisms and making in July a complete report to the Board of Freeholders of the financial status, the organization, the kind and quality of work done.

The staff, one of whom is on duty each month as house physician, have maintained high quality work and much of it.

In October the annual maintenance drive under the able leadership of Mr. Alexander Wood, netted to date, \$23,705.97. This money is absolutely necessary to keep up running expenses when so large a part of the work is free.

The Managers again express their thanks to all contributors, whether of money or supplies and also appreciate the contributions from the various branches of the Foodwork Guild which have contributions and extend sincere thanks to select children, churches, factories, clubs, societies and all other organizations who have aided in any way this service for the sick and suffering.

**List of Contributions**  
The appropriation of the Board of Freeholders is gratefully valued.

Mr. Midway has again kindly presented his pension to the institution. A careful list of all gifts other than money, is kept at the office.

Of these we would mention especially, the two deer and other game donated by the Game Warden, Mr. Howard Smith, the alcohol through the intervention of Judge Shumaker and Mr. Nelson; the 60 gallons of gasoline from Mr. John Dwyer; the patch suit from Mr. Phares; a box of oranges from Mr. Edward H. Jones and the great contribution from Mrs. Christina Turley from Mrs. and Mrs. Edward H. Jones.

Grateful acknowledgments are made to the following: Mrs. J. H. Jones, 425.57; Mrs. J. H. Jones, 255.00; Mrs. J. H. Jones, 255.00.

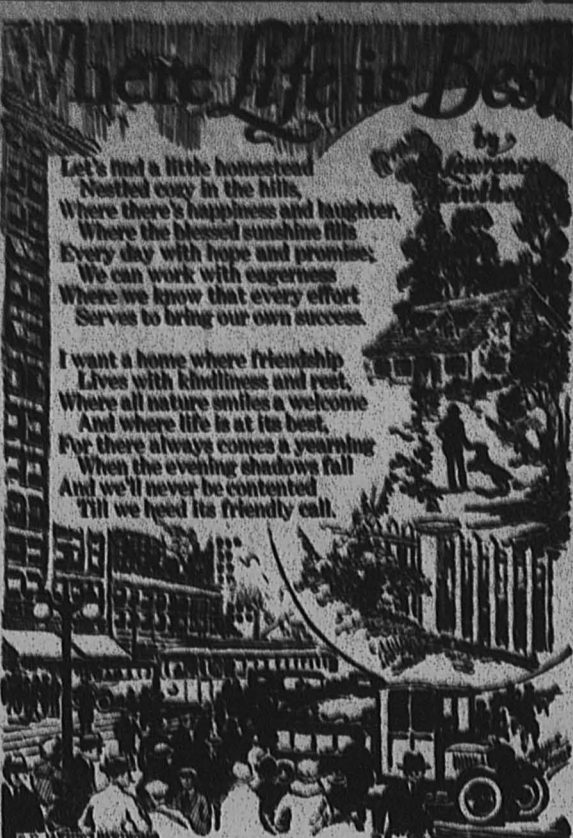

The R. H. Howard property on Garden street has been sold. Thanks are due Mr. Palmer and Mr. McCallin for their attention to legal matters.

Some necessary repairs to the old building have been made, provision for heating the Nurse's Home.

The Hospital has been particularly fortunate that in addition to the regular work of the sewing committee much plain sewing and nearly all the dressings used during the summer were done by a group of Moorestown ladies under the direction of Mrs. Nathan Hollingshead and Mrs. J. H. Jones.

Our ambulance is housed at the Mount Holly garage through the generosity of Mr. William A. Jones.

**Recent Acquisitions**  
The Board has just through re-equipment, Mrs. Palmer and Miss Middle. The death of Mrs. Smith,

Let's find a little homestead

Nestled cozy in the hills,  
Where there's happiness and laughter,  
Where the blessed sunshine fills  
Every day with hope and promise.  
We can work with eagerness  
Where we know that every effort  
Serves to bring our own success.

I want a home where friendship  
Lives with kindness and rest,  
Where all nature smiles a welcome  
And where life is at its best.  
For there always comes a yearning  
When the evening shadows fall  
And we'll never be contented  
Till we find our friendly call.

When the War Department began acquiring land for the cantonment, there were some instances where appraisals were made by commission-ers and in accordance with their decisions funds were set aside and deposited in a bank to meet the obligation of the cantonment.

When labor costs are from \$2 to \$5 a day, per man, and the trees from \$4 to \$5 a thousand the total cost of planting a timber crop varies from \$8 to \$15 an acre. The total cost, including also annual taxes and interest on the investment to the time the mature timber is harvested is usually below \$10 an acre, the actual cash outlay, including taxes, being less than \$5 an acre.

When mature, the timber crop is worth \$250 to \$300 an acre standing in the field. This means a net profit to the owner of \$150 to \$250 an acre. An important factor is that once planted the trees may be practically forgotten until ready for harvest. The farmer does not, therefore, increase his work to any appreciable extent.

**Golf Ball's Speed**  
When a golfer drives from the tee he probably little realizes the terrific speed at which he has sent the "ball" hurtling on its travels. He would probably be astonished to learn that he has imparted to it a speed more than twice as great as an express train, and considerably greater than that of any bird that flies.

**MORE WOMEN BANKRUPTS**  
London.—The number of British women who failed in business in 1937 was 417, or 10 percent more than in 1936.

**THE AUTOMOBILE TRADE JOURNALS**  
relate that there is an increasing market for used cars throughout the country, and this gives evidence that people are more and more realizing the value received from the smaller cash outlay required.

**FREEZING RUINS MILK**  
TIME INCREASES DAMAGE  
Freezing has a decidedly injurious effect on milk and cream, as nearly every housewife has ascertained.

But it is not commonly known, as if the department at Rutgers University, that within certain limits the longer milk or cream remains frozen the more pronounced the bad effects become. The fat globules are partly churned and the curd appears in flakes. Such milk or cream is not as readily digested as an unfrozen product and does not keep as well.

Milk that has been frozen is unsuitable for making junket and, like frozen cream, is almost useless for coffee. If either is placed in coffee the fat floats as a disagreeable oil and the "curd" forms in the drink, refusing to give the drink its desired "creamy" appearance. This frequently results in unjustified criticism of the drink.

Much of the difficulty can be prevented by having a covered box where the milkman can leave the bottles. Unless the weather is very severe this will delay freezing for several hours. An increasing number of dairy companies are changing their winter schedule so that deliveries are made during the day time.

**THE TAX QUESTION**  
Treasury department estimates American People will pay for all kinds of taxes, direct and indirect, the round sum of 10 billion dollars in the current fiscal year.

This means that about \$1 out of every \$7 of the national income goes for support of various forms of government—federal, state, municipal and county.

The tax burden cannot go on increasing. It is doubtful whether it can be maintained at the present rate without serious consequences.

Federal taxes are being passed from every class and it is now up to states, counties and cities to follow the example.

## M. Warner Hargrove Camp Dix Adjutant

Brown's Mills Man Appointed To Straighten Out Real Estate Entanglements

The United States Government has been occupying the land forming Camp Dix since without having clear title to all of the property and now it is taking steps to remove all obstacles to an absolute government ownership.

Through proceedings in the United States District Court, Mr. Warner Hargrove, of Brown's Mills, who knows the Camp Dix land thoroughly and commands just the right kind of diplomacy to meet people in a matter of this kind, has been appointed a commissioner to make adjustments where there are claims that have never been settled. He will have the assistance of a competent counsel when legal advice or service may be required.

There are several claims on which adjustments are to be made and it is likely to take a long while to investigate all of the cases and reach amicable settlements. These claims are not in the nature of disputes, but the government has never been able to get right down to a clarification process where there were intricacies to overcome.

**Funds Not Asks**  
When the War Department began acquiring land for the cantonment, there were some instances where appraisals were made by commission-ers and in accordance with their decisions funds were set aside and deposited in a bank to meet the obligation of the cantonment.

When labor costs are from \$2 to \$5 a day, per man, and the trees from \$4 to \$5 a thousand the total cost of planting a timber crop varies from \$8 to \$15 an acre. The total cost, including also annual taxes and interest on the investment to the time the mature timber is harvested is usually below \$10 an acre, the actual cash outlay, including taxes, being less than \$5 an acre.

When mature, the timber crop is worth \$250 to \$300 an acre standing in the field. This means a net profit to the owner of \$150 to \$250 an acre. An important factor is that once planted the trees may be practically forgotten until ready for harvest. The farmer does not, therefore, increase his work to any appreciable extent.

**Golf Ball's Speed**  
When a golfer drives from the tee he probably little realizes the terrific speed at which he has sent the "ball" hurtling on its travels. He would probably be astonished to learn that he has imparted to it a speed more than twice as great as an express train, and considerably greater than that of any bird that flies.

**MORE WOMEN BANKRUPTS**  
London.—The number of British women who failed in business in 1937 was 417, or 10 percent more than in 1936.

**THE AUTOMOBILE TRADE JOURNALS**  
relate that there is an increasing market for used cars throughout the country, and this gives evidence that people are more and more realizing the value received from the smaller cash outlay required.

**FREEZING RUINS MILK**  
TIME INCREASES DAMAGE  
Freezing has a decidedly injurious effect on milk and cream, as nearly every housewife has ascertained.

But it is not commonly known, as if the department at Rutgers University, that within certain limits the longer milk or cream remains frozen the more pronounced the bad effects become. The fat globules are partly churned and the curd appears in flakes. Such milk or cream is not as readily digested as an unfrozen product and does not keep as well.

Milk that has been frozen is unsuitable for making junket and, like frozen cream, is almost useless for coffee. If either is placed in coffee the fat floats as a disagreeable oil and the "curd" forms in the drink, refusing to give the drink its desired "creamy" appearance. This frequently results in unjustified criticism of the drink.

Much of the difficulty can be prevented by having a covered box where the milkman can leave the bottles. Unless the weather is very severe this will delay freezing for several hours. An increasing number of dairy companies are changing their winter schedule so that deliveries are made during the day time.

**THE TAX QUESTION**  
Treasury department estimates American People will pay for all kinds of taxes, direct and indirect, the round sum of 10 billion dollars in the current fiscal year.

This means that about \$1 out of every \$7 of the national income goes for support of various forms of government—federal, state, municipal and county.

The tax burden cannot go on increasing. It is doubtful whether it can be maintained at the present rate without serious consequences.

Federal taxes are being passed from every class and it is now up to states, counties and cities to follow the example.

distance attached to this new move on the part of the government is not known, but it can easily be figured out that if there was any thought of disposing of the Camp Dix property and abandoning it as an army post nothing could be done without a clear title to the land.

Camp Dix has had a hard life. It has been killed on paper several times, resurrected and revived as often as it has gone down, and still lives. But the future is a matter that will take care of itself.

Commissioner Hargrove will do his part toward establishing amicable relations between the War Department and the land owners with whom no settlement has been made.

**ACCOMPLISHING THE "IMPOSSIBLE"**  
It is quite often stated as a general proposition that the longest distance which electrically can be transmitted economically over wires at present and compare favorably with local power, is 250 miles. Like all general statements, this one is subject to exception.

The Southern Sierra Power Company has been transporting electricity over wires for distances ranging from 400 to 450 miles and successfully competing with local power companies. From the point of delivery some of the company's customers are carrying the current at 33,000 volts a farther distance of 40 miles.

Thus has the Southern company proved that the "impossible" is possible, and it has set world's records in long distance transmission.

## SAYS WASTE AREAS SHOULD GROW TREES

New Jersey Forest Specialists Gives Figures Showing Acre Profits \$150

Six to twenty-nine per cent of the farm land in each county of New Jersey is unproductive and idle, and this area is increasing. Such land pays taxes just the same and bleeds profits from the productive areas. What can be done about it?

Plant it to forest trees, suggests H. L. Sevel, extension forester at Rutgers University. The knack of properly planting trees can be mastered in a few minutes by the average farm hand, and without previous experience he should plant at least 100 trees a day.

When labor costs are from \$2 to \$5 a day, per man, and the trees from \$4 to \$5 a thousand the total cost of planting a timber crop varies from \$8 to \$15 an acre. The total cost, including also annual taxes and interest on the investment to the time the mature timber is harvested is usually below \$10 an acre, the actual cash outlay, including taxes, being less than \$5 an acre.

When mature, the timber crop is worth \$250 to \$300 an acre standing in the field. This means a net profit to the owner of \$150 to \$250 an acre. An important factor is that once planted the trees may be practically forgotten until ready for harvest. The farmer does not, therefore, increase his work to any appreciable extent.

**Golf Ball's Speed**  
When a golfer drives from the tee he probably little realizes the terrific speed at which he has sent the "ball" hurtling on its travels. # THE NEW ERA

Published every Thursday at 607 Main Street  
Riverton, N. J.

Entered as second class matter at the Riverton, N. J., post office

WALTER L. BOWEN, Editor

The New Era is devoted to the business and home interests of Riverton and Palmyra, independent of political or religious belief—the people's paper

Subscription \$1.50 a year in advance

Advertising rates on application

The New Era Office is equipped to do all kinds of Fine Printing at reasonable prices

## LEGAL ADVERTISEMENTS

The New Era is a Legal Newspaper. Commissioners', Sheriff's and other Sales, Administrators' and Executors' Advertisements are solicited. The New Era will appreciate being remembered in this connection.

## NOTICE

All readers or local notices of entertainments, suppers, fairs, dances, etc., given for the purpose of raising money, will be charged for at the rate of fifteen cents a line.

## DECADENT YOUTH

Recently a number of ladies and gentlemen, many of whom were still on the sunny side of fifty, were discussing the present-day youth.

There was the usual patter about, "When I was a boy," and "Now, the way I was raised," or "When I was young, children had more respect for their elders," etc. You know the line!

Is it just possible that the "elders" of that day were more entitled to respect? Did they stay away from meeting Sunday morning to play golf, or take the family out for a ride—to commune with nature? And will the "communion with nature" of the average Sunday "rider" bear close inspection as a substitute for going to church?

Were the parents of that golden past so anxious to get to business that they neglected family prayers before starting the day's activities? In other words, were they too "tired" to get up in time for family devotions, notwithstanding that they went to work much earlier than we do today?

The young in all ages have liked to have a good time. And they have had it, in the fashion of their day. Dad did his sparking in a buggy with a one-handed horse. You did yours on moonlight river excursions, in the parks, and any other place that was handy and free from the annoyances of the proverbial "little brother."

Your boy does his in a flivver, at the movies and at petting parties. And if you could turn the clock back thirty years you would be doing just what he is doing—and glad of the chance.

And then the modern dress for women and girls! My, oh my! These short skirts, and silk stockings! Horrors of horrors! Modesty is only to be found in the dictionary any more. But dress, like everything else, is a relative matter. The girls of today are healthier and happier than they have been since Eve's curiosity got the better of her judgment in that little apple episode in the Garden of Eden. And it is doubtless partly due, at least, to her freedom from clinging draperies, distorting what you may call the figure of an hour glass, and from the long skirts which impeded foot action, swirled around her ankles and swept up a million microbes a minute!

Your boy probably thinks no more of seeing a well-turned calf, exposed to the open light of day for all to gaze upon who care to, than you did of the occasional peep at a slim ankle daintily and innocently exposed at the psychological moment to a selected spectator.

In all ages women have found means to let the man they liked know of their preference. How they did it depended on the age in which they lived. Yesterday had its flirtations and coquetties, the meanings of which were well understood. Today if a girl likes a boy she is very apt to model her line of attack along the lines of the greater freedom she enjoys in every other phase of life.

And judged by the larger aspects of life, how does the boy and girl of today measure up to the lads and lassies of your childhood days? Is the "lack of deference to their elders" a total loss? Do the parents of today not really live closer to their children than they did in the days of "fear and respect?"

Doesn't your boy talk to you about a lot of things that you would never have thought of mentioning to your father? And why does he do it? Because you have gotten down from the pedestal and played the game with him, whether it was playing horse, when you were the "horse", or marbles, at which he could usually beat you to a frazzle, or the bigger game of life when he got among the fellows and the girls, and the perplexities and problems of the business world!

Of course, it is mostly the other fellow's boy who is going to the dogs. When your boy does some indiscreet thing, you excuse it because of his peculiar disposition, or an early handicap of some sort (usually imaginary.) And it is the other woman's daughter who "couldn't be expected to be any different with a mother like that." Your daughter, of course, was influenced by her companions. "She was never like that until she met that horrid Smith girl."

But, after all, in the big things, don't these boys and girls who are having a good time after the manner of the age in which they live (the age, by the way, which is largely of your making) measure up pretty well? Didn't the "drugstore cowboys" give a good account of themselves when they matched wits and skill and bravery against the finest army in Europe? Didn't they earn the right to a place in history with the boys of '76 and the boys of '61? They gave their all while some of their critics were safe at home profiteering.

And the girls, with their short skirts and saucy manners! Were they a whit less efficient as nurses, ambulance drivers, and in the machine and munition shops than their sisters of the earlier times of stress and strife and danger?

And after all, when it comes right down to brass tacks, who is responsible for this "age?" Not the young people of today, for they are only taking things as they find them. They did not bring conditions with them when they "slipped out of the nowhere into here!"

If the parents of today were so well trained, and profited so fully by that training, by what peculiar mischance is it that their children are so different, and so much worse?

As far back as history goes the "present generation" has harked back to the virtues of the "past generation" and deplored the wickedness of the "coming generation."

Whittier cleverly epitomizes this tendency in "The Reformer," the latter part of which reads as follows:

So, then, in that old day  
They murmured, did the old day  
So, in his time, the child grown gray  
Shall sigh for this.

But life shall on and upward go:  
The eternal step of progress beats  
To the great anthem, calm and slow,  
Which God repeats.

Take heart!—the water bulks again—  
A charmed life old goodness bath:  
The tares may perish—but the grain  
Is not for death.

God works in all things; all obey  
His first population from the night:  
Wake thou and watch—the world is gray  
With morning light!

Don't mourn and groan and creak and criticize. BOOST! When the youngster does a fine thing (and they are doing them every day) lay your hand on his shoulder, look him straight in the eyes, if your conscience will let you, and tell him what a fine chap he is. It will do him a lot of good and do you no harm!

When God planned the universe, and wound up all His creatures and set them going, including man, He probably had a pretty definite plan in mind and up to now we have had no evidence that any part of His plan has miscarried.

Human nature has managed to muddle through according to that plan for a considerable period, ranging from six thousand years to six million, more or less, and if you will set the boys and girls of today a good example and give them an encouraging word and a friendly hand once in a while, they will probably come through as well as you did—and from your own account you ought to be satisfied with that!

## Riverton Items

Dr. and Mrs. Alexander Marcy, Jr., will leave Riverton Monday, the 15th, and sail the following day on a cruise to South America and South Africa, stopping at many places along the East African Coast. Mrs. Hannah Marcy Rogers and Miss Marjorie Marcy sailed Saturday for Europe, where they expect to remain until spring. They will participate in the winter sports in Switzerland.

Mrs. Edward Zisk and niece have returned home after spending ten days with Mr. Zisk's sister in New York.

Mrs. G. H. Wheeler and daughter, are critically ill at their home in New Brunswick. Mrs. O. H. Mattis, daughter of Mrs. Wheeler, is spending the week with them. Mr. and Mrs. Lewis Cleveland entertained friends over the weekend. Fletcher Woolston, of Butte, Montana, is visiting his sister, Mrs. Roy W. Heister. Mr. Woolston has gone to Florida to look over the real estate situation in which his father, C. T. Woolston, is interested.

Leon Sloan has accepted a position as inspector at the Packard Office in Philadelphia. Announcement has been made of the marriage of Miss Sophia Wyckoff, formerly of Riverton, to Mr. George Galtier, of Brooklyn. Mrs. Galtier, who taught for several years in the Westfield and Cambridge public schools, has a host of friends here. Mr. and Mrs. Galtier are residing at 18 West Place, Brooklyn, N. Y.

Mrs. Julia Bright, of Pittman, spent last Thursday with her mother, Mrs. Conrad Becker, of Seventh street.

Mrs. William G. Porter will entertain at luncheon on Friday at Riverton will bowl a picked team from the Overbrook Golf Club on January 19 at 8 p. m. at the Riverton County Club. The Riverton team is P. Thatcher, R. Elliott, L. Peterson, J. D. Clark, H. S. Coe, and Roy V. Heister. Roy T. Elliott, team. Everybody is invited.

Director of Roads, Charles R. Stout, County Engineer, H. B. Smith, and his assistant, C. C. Braundin, and supervisor of roads, Stewart McFarland, are attending the National Conference of Builders of the U. S. in session at Chicago this week.

The new danger signals were placed in position at the foot of the streets leading to Bank avenue on Saturday and will be a great protection to out-of-town motorists at night.

The newly organized and equipped highway department encountered its first snow storm Saturday morning. Two men were put out with plows to clear the sidewalks. In the morning they shoveled the crossing, so that by noon the going was good all over town. In the afternoon and on Monday, the tractor and scraper were employed to clear the gutters after which a new dump truck was used to carry away the accumulation of snow at street intersections.

Lindley C. Robbins has been elected Vice-president of Pearl and Ludlow Insurance Brokers, General agents for the Traveler's Insurance Company since 1895.

Henry Parrish received a painful cut on the nose while sledding on Lipincott's pond last Saturday afternoon. His sled struck a soft spot in the ice and the young Parrish tumbled overboard.

## IN YOUR CHILD ONE OF THEM

Just one year ago our Palmyra Primary School started serving milk to all pupils who wished to become customers. This was a grand success. Nearly two hundred little people could be seen enjoying their bottles of milk every recess. How much better for them than candy or cakes. Many a youngster who could not be coaxed to drink a glass of milk at home enjoyed his bottle of milk in school, because he could drink it through a straw while the other boys and girls did likewise.

The school secures a high grade of milk at the very lowest possible price—four cents a bottle. The school receives absolutely no profit from the sale of milk except—healthier and better nourished boys and girls. But that profit far exceeds the expenditure of time and trouble in serving the milk.

Far too often, however, a disappointed youngster says, "Mother forgot to give me my milk money." Little tots, especially our little Kindergarteners are too young to remember that Friday is the day to bring their milk money. Won't you older folks think for them? Is your boy or girl one of those who sits watching, with longing eyes, the others drinking their milk, because you forgot.

The New Year is still young, why not make it a 1932 resolution that your boy or girl gets milk money every day?

## DRIVE FOR HOSPITAL

Mrs. L. B. Baker in Charge of Campaign for West Jersey

Mrs. Leonard B. Baker, of 301 Garden avenue, Palmyra, has been appointed by Dr. Layman, of the social service department, to solicit subscriptions for the new nurses' home at the West Jersey Hospital, Camden.

Mrs. Baker's territory includes Palmyra and Riverton, among many friends and former patients of the West Jersey Hospital, reside. Contributions may either be made in a lump sum or in the form of a subscription with a small initial payment and quarterly remittances.

With the enlargement of the hospital, the present quarters will be inadequate to accommodate the large number of new nurses which will be added to the force within a short time and has necessitated immediate steps toward obtaining a more spacious and comfortable home for the girls. The present nurses' home is in the building originally occupied by the first West Jersey Hospital.

A \$750,000 maternity hospital is being built, the gift of F. C. Childs in memorial to his wife. Through a public subscription raised in Camden and vicinity sufficient funds have been obtained to build a children's department, equally as large as the maternity ward. It is the result of these two valuable additions that the nursing force will have to be increased.

Anyone interested in supporting the movement may obtain full details by calling Mrs. Baker, Riverton 124-J.

## COUNTRY CLUB

### ELECTS OFFICERS

Prospects for 1932 Bright With Fine Lot of Officials at Helm

Appointments of committees for 1932 by Edwin S. Parry, president of the Riverton Country Club, were made and confirmed at a meeting of the Board of Trustees, Tuesday evening, January 12.

The full list of officers, trustees and committees of the Club are: President, Edwin S. Parry; Vice President, Charles T. Brown; Secretary, Nathan Lane, Jr.; Treasurer, Howard D. Sorden.

Trustees: Edgar Lippincott, Joseph Beck Tyler, Howard M. Rogers, Howard D. Sorden, Charles B. Fritz, Nathan Lane, Jr., William W. Chalmers, Charles C. Miller, Willis W. Smith, Charles W. Wanger, Arthur C. Dorance, Mr. and Mrs. Jackson, Alexander C. Wood, Jr., Cooper H. Prickett and Charles R. Routh.

Committees: Finance: Joseph Beck Tyler, chairman, Charles C. Miller, Edgar Lippincott, Greaves.

Willis W. Smith, chairman, Oliver G. Willis, J. W. Sylvester, Charles B. Fritz, Joseph Beck Tyler, Victor Ritschard.

House: Howard M. Rogers, chairman, P. Ralph Boyer, Walter T. Blyler, Nathan Lane, Jr., Miss Elizabeth R. Miller, Mrs. William W. Chalmers, Mrs. Clarence Tolson, Jr.

D. A. R. ELECTS OFFICERS

The Annie Stockton Chapter, D. A. R., held its adjourned meeting at the home of Mrs. David G. Baird, Church street, Beverly, Monday evening.

The following officers were elected: Regent, Mrs. Joseph M. Roberts, Riverton; vice-regent, Mrs. Budd Shesaker, Beverly Road, Burlington; second vice-regent, Mrs. Mary C. Rue, Beverly Road, Burlington; secretary, Mrs. George DuBell, Palmyra; treasurer, Mrs. Lloyd Island, Riverton; corresponding secretary, Mrs. William Branson, Palmyra; chaplain, Mrs. William Baggs, Beverly; historian, Mrs. Sherman Borden, Beverly; registrar, Mrs. Newell Stone, Beverly.

LUTHERAN NEWS

The regular services will be held at the First Lutheran Church with the pastor, the Rev. Harry L. Saul, in charge. At the morning service the sermon for the adults will be on the theme "The Spirit of Service and Its Results," and for the children a story about a little girl will be told, entitled "God and Me."

The evening service will be held at the hour of 7:45 with the Young People meeting at 6:45. Very interesting meetings are held by the young folks, and you are cordially invited to attend.

The annual congregational meeting will be held on Tuesday evening, January 19, at 8:15 o'clock. The members of the church are urged to attend and hear the reports of the work of the church and organizations and assist in the election of officers.

The Ladies' Missionary Society will meet at an earlier hour on Tuesday in order to be ready for the annual meeting.

Mr. London Ronald has completed eleven years of actual service with the United States of America. It is now on a furling leave.

## ALBERT N. STEWART-BANK PRESIDENT

Well Known Palmyra Man Elected at Reorganization Meeting

At the meeting of the Board of Directors of the Palmyra National Bank last Tuesday, Albert N. Stewart, of Morran Avenue, was elected president of the bank, succeeding William T. J. Farnell.

Thomas W. Boldeman, of Elm Terrace, Riverton, was elected vice-president, succeeding Thomas E. Steele, who resigned from the Board of Directors last fall, at which time Clarence T. Terkes was appointed a director.

There was no change in the directorate of the bank, the members being as follows: T. W. Boldeman, George M. Becker, William H. Cook, J. H. Finney, J. C. Hooper, W. T. J. Farnell, A. H. Rudduck.

G. W. Shaver, A. N. Stewart, H. E. Trout, George N. Wimer and C. V. Terkes.

W. A. McCamy continues as cashier of the bank, with C. E. Harple as assistant cashier.

ALBERT SIMONS

Albert Simons died early Sunday afternoon at his home, 101 Washington Avenue, Palmyra.

Funeral services were held at his late residence Wednesday afternoon at 1:30 with the Rev. Fred B. Morley, pastor of the Epworth M. E. Church, officiating. Interment was made in Harleigh cemetery, Camden, with Funeral Director Frank A. Snover in charge.

Mr. Simons is survived by his wife, Mrs. Rebecca Cooper Simons, and two daughters.

With a new jack just invented it is said one man can move 100 tons.

## Sauer Kraut

Libby's Sauer Kraut in Cans

All ready to heat and serve. Very good, and cheaper than you can make it yourself at the present price of cabbage.

## A Modern Green Season.

THIS summer season—usually a still period—was in full swing at the bar. A dance was in progress at the new and showy home of the Strong, who were simply waiting to be before the war, but who now were leaders of social high jinks, anxious to display their apparently endless resources.

Mrs. Manfred and Mrs. Pelham, young society women, quite intimate considering their contrasting tendencies—the former was frivolous and the latter—were late arrivals, and dancing was in progress. They entered the ballroom together, and surveyed the moving throng.

"Who is that chap?" Mrs. Manfred asked.

"What chap, dear?" responded Mrs. Pelham. "There are quite a number of chaps in sight."

"The tall fellow dancing with Miss Strong. What a dancer! I must meet him!"

"You're actually insane over dancing! Yet I'll confess that if I were, I should look for a partner like him. But for dancing only. Otherwise not my style."

"Well, dear, I must meet him—just for a dance!" And Mrs. Manfred sought Mrs. Strong for an introduction to the marvel who had involved her imagination. She found that lady alertly watching her daughter's movements with the young man.

"Who is he?" Mrs. Manfred asked.

"Hubert Bell. Seems a charming fellow, in a way, although I don't really know him," replied Mrs. Strong.

"You don't mean that?"

"Certainly, my dear, he was not invited," Mrs. Strong whispered. "But he is such a dancer! And Eleanor is

"Mrs. Manfred and Mr. Bell joined the dancers."

obsessed. She has danced with him at several places, and my talking to her seems useless. It's all right, don't you think?"

"Why—it must be. And I want to dance with him!"

And so Mrs. Manfred was introduced to Hubert Bell as soon as Mrs. Strong could catch her daughter's eye effectively; and the mother impulsively took her daughter aside, perhaps for a lecture.

When the band played again, Mrs. Manfred and Mr. Bell joined the dancers. The young man was groomed to the moment. Though tall he was muscular, and his grace was a study. He would have been handsome but for his eyes which were small, set close together and elusive.

"I thought you never would tire of dancing with that young man," said Mrs. Pelham as Mrs. Manfred rejoined her. The party was breaking up. "He must be a charming fellow."

"His charm lies in his symmetry of motion, dear. I never so enjoyed dancing. But I wanted to keep him from Miss Strong. He talked about her endlessly, though he was curious about the whole Strong family. I must see Mrs. Strong tomorrow."

"Why?"

"Well, I've placed him. He doesn't belong with our sort. And he wasn't invited here. I met him—or saw him, I mean—a year ago, in an uptown cabaret. He was what they call a 'dance host' there."

"The idea!"

As they were leaving with other guests whom Mrs. Strong was speeding, they noted Miss Strong and Hubert Bell together half concealed by a palm down the hall.

Mrs. Strong was worried about her daughter, and had taken her husband into her confidence. Strong was a man of action. He was bound to find out all about Hubert Bell. A detective was employed, and Strong asked his daughter to avoid the young man until something definite could be learned about him. To supply matters, the Strong planned to send Miss Strong to an aunt in Newport at once.

Miss Strong was shipped off to her aunt, who in due time wired that the girl had not appeared. A letter came from the girl, postmarked at Boston, telling her parents that she had married Hubert Bell.

The detective called on the Strong ten minutes after the girl's letter came. The Strong greeted him.

"The last we knew of the girl in the department," the detective said, "he was dancing in a cabaret. We thought he had reformed. We didn't know he had got among the swells."

"Reformed?" exclaimed Strong.

"What do you mean?"

"His name in the gallery is Bud Allen, and he has served time."

"After this dance?"

"Yes—Oh, Flora, I'm engaged. Flora—Who to?"

"Lucy—I don't know his last name but he goes to college and he was a black suit—Oh, Mr. Whitewind."

Experienced orchardmen have observed that the narrow-crooked scaffold branches on apple trees break more easily than wide-crooked branches when loaded with fruit.

"Is John very reliable?"

"I don't know, but he frequently observes the flagrant,"—Suzanne Junior.

## Little Travelogues

By BLANCHE GILL

## THE PIGEON PATIENT

Indianapolis—the capital of Indiana—is one of the chief railway centers of the United States. The focus of the city is the circular Monument place from which radiate four wide avenues. In the center of this place rises an imposing monument to the soldiers and sailors who fell in the Civil war.

In a hospital in this city we knew Luella, a dear little girl who, after an operation, had to remain there several weeks. It was mid-winter when Luella was taken to this hospital and very cold and snowy. The morning after the surgeons had operated on her and she was back in her room, they took pity on a poor pigeon on the window sill that had a badly frozen toe. This bird frequented the operating room windows up there on the fourth floor, and was a pet of the doctors and nurses who fed and gave it water daily. The pigeon's foot was much swollen and must have given it great pain. They brought the bird in, gave it an anesthetic and cut off the toe and bandaged up the foot. The pigeon was a good patient under the care of the doctors and nurses and its foot got well in a short time.

## ALONG LIFE'S TRAIL

By THOMAS ARKLE CLARK  
Dean of Men, University of Illinois.

## RETRIBUTION

EVERYONE liked Norton. He was courteous, well-mannered and generous to a fault. He was not fond of work, however, and especially not fond of things that were required. He hated regulations, and even in grammar school when it was possible through strategy or cleverness to evade a duty or to get out of doing something he found the greatest delight in doing so.

"There's a discipline, Frank," his teachers used to say, "in submitting to authority, in obedience to rules, in doing the thing that is required, that you need and that some day you will miss if you evade these things."

"I should rather get my discipline in some other way," was his reply.

When he went to college, as he ultimately did, he found that every student was required to take a year's training in the gymnasium and no one could get credit for this course unless he could demonstrate the fact that he could swim at least fifty yards, and no one could graduate without the credit.

He did not like gymnasium exercises and he did not want to put forth the effort to learn to swim, but his report card that went home at the end of the freshman year indicated that he had passed the swimming test and had credit in the course. It seemed as if he had changed his viewpoint.

Then the war came on and Norton enlisted almost at the very outset and was almost immediately sent to the front in France. There the news came that he was dead—drowned, the report said.

"Tell me about Norton," I said months afterward to one of his college friends who was with him at the time of the accident. "How did it all happen?"

"He was drowned in the Marne while bathing," was his reply.

"But he could swim," I said; "he learned in college."

"That was the trouble," was his answer. "He couldn't swim a stroke. When he was in college he got one of the fellows to impersonate him and swim off his credit. If he had been able to swim ten yards he could have saved himself."

## BIRTH CONTROL MEETING

The American Birth Control League has called a Birth Control Conference, to be held at the Stuyvesant Hotel, Trenton, on Monday January 18.

The purpose of the conference will be to discuss Birth Control in all its aspects, to show the need for it in New Jersey, and to point out the necessity for a concerted effort on the part of women's clubs, welfare organizations, and political groups in support of the Birth Control bill.

This bill will be reintroduced at the Legislature this month. It will make legal the giving of Birth Control information to married persons by physicians, in order to improve moral conditions, to benefit the home and family life, and to help remedy many of our most pressing social evils.

At the afternoon session of the Conference the speakers will be: Professor Frank B. Graham, of Princeton University; the Rev. Oscar B. Hawes, Pastor of All Souls Church, Summit; Miss Jessie F. Condit, Executive Secretary of the Children's Aid Society, of Newark; and Dr. Hannah M. Stone, M. D., Director of the Birth Control Clinic in New York, and others.

Following the afternoon session a State Birth Control League will be formed to carry on the work in New Jersey. At seven o'clock there will be a dinner, at which the principal speaker will be Mrs. Margaret Sanger, President of the American Birth Control League.

All of these sessions are open to the public, and are free with the exception of the dinner, for which a charge will be made.

All of these sessions are open to the public, and are free with the exception of the dinner, for which a charge will be made.

HOW GREAT MEN  
MAKE LOVE  
AS REVEALED BY THEIR  
LOVE LETTERS

By JOSEPH KAYE  
(© by Wheeler Syndicate, Inc.)  
JOHN C. CALHOUN AND  
FLORIDE COLHOUN

"I REJOICE, my dearest Floride," wrote Calhoun, the famous American statesman, to Floride Calhoun, a relative with whom he fell in love, "that the period is fast approaching when it will be no longer necessary to address you through the cold medium of a letter. At furthest it cannot be much longer than a month before I shall behold the object of my hopes and desires."

"My dearest one, my own love strengthens with each returning day; may it ripen and mellow with our years and may it end in immortal joy. It gives me much satisfaction that time and absence make no impression on my love for you. When mere personal charms attract the impression may be violent but can't be lasting and requires the perpetual presence of the object to keep it alive; but when the beauty of mind, the soft and sweet disposition, the amiable and lovable character embellished with innocence and cheerfulness are united to the attraction of personal beauty it bids defiance to time. Such, my dear Floride, are the arms by which you have conquered."

Floride, like her name, was a beautiful girl and ten years younger than Calhoun. But in spite of this discrepancy in years it was a love match. Perhaps this was due in a measure to the statesman's fascinating love letters. Calhoun, like many other political leaders, found that one of the things statescraft teaches is the way to a woman's heart.

Explanation of Mirage  
A mirage is an optical illusion, but not a mental delusion. Mirages are seen by anyone properly placed to see them, but a distance of a few feet between two observers may greatly change the form of the mirage. The thing seen is a real object, but appears distorted, somewhat as if seen in a crooked mirror, and is also seen in a false direction.

## Amazing Story of Cold Weather

Illinois Historian Tells of "Sudden" Change in December, 1836

Persons who grumbled about the recent cold weather should be thankful that they were not caught in the "sudden change" back in 1836, as related in the following story from Springfield.

Unseasonably cold weather in central Illinois, which broke many temperature records recently has recalled "The Sudden Change" in December 1836, when historians say, the temperature fell almost instantly from warm to intense cold.

Stories are told of men frozen to their horses, poultry frozen alive in sties and other phenomena.

John Carroll, Sangamon county historian, wrote in his history published in 1876, about a "Mr. Washington Crowder," who started from Sugar Creek to Springfield to obtain a marriage license.

"When Crowder had traveled something like half the distance," Mr. Powers wrote, "he saw a very dark cloud and it appeared to be approaching him rapidly, accompanied by a deep, terrific howling sound. He thought it prudent to close his umbrella and dropped the bride reins to the neck of his horse for that purpose."

"Sudden Cold Wave Strikes" Having closed the umbrella, he was in the act of taking hold of the rein when the cold wave struck him. The water and slush was almost instantly turned to ice, and running water on sloping ground was congealed as suddenly as molten lead would harden and form ridges if poured on the ground."

He arrived at Springfield, his horse walking on solid ice the remainder of the way, the historian averred. He attempted to dismount, but his long overcoat, which had been wet and now was frozen held him "as though it had been made of sheet iron."

"He then called for help," Powers continued, "and two men came out who tried to lift him off, but his clothes had been frozen to the saddle, which they ungirthed and then carried the man and the saddle to the fire and thawed them asunder."

"Mr. Crowder obtained his license and riding his horse, tried to return. Traveling was so difficult, tied up the bridge, left his horse to find its way home and went on foot to the house of his affianced, where he was married at the time appointed."

"It has been told me time and time again that chickens, geese, hogs, and cows were frozen in the slush as they stood and unless they were extricated by cutting the ice from out their feet, remained to perish."

**Cold Exhausts Hogs** Andrew Herodith, a settler, was driving 1,500 hogs to St. Louis, the historian related.

"The country was so sparsely settled that he found it expedient to start with three or four wagons loaded with corn to feed the hogs. When a load was fed out there was generally a sufficient number of hogs exhausted to load the wagon."

"Mr. Herodith had reached a

## The Telephone Saves

Telephone people render more service for the money paid for that service than almost any other institution in existence. \* \* \* Sometimes I have occasion to use long distance forty and fifty times a day. The telephone saves. It is a method of economy that is being practiced increasingly all over the country. We could not conduct business today without the telephone. —From an address of Governor Ben S. Pusey, of Kansas.

point in Macoupin county when the cold wave overtook him. He abandoned the hogs and corn and fled with his men to the nearest house. "The hogs thus abandoned," he said, "piled on each other. Those on the inside smothered and those on the outside froze. A pyramid of about 500 hogs was thus built. The others wandered about and were reduced to skeletons by their suffering from the cold, the whole proving a total loss." —Herrin (Illinois) News.

## ELECT PRESIDENT

Hainesport Woman Chosen Head of County Hospital Board

Miss Lydia M. Parry, of Hainesport, was elected president of the Board of Managers of the Burlington County Hospital at the annual meeting held at the institution last week.

She succeeds Miss Laura Fenimore, who had previously announced that she did not care to continue in that position of responsibility.

Other officers elected were: First vice president, Mrs. V. Claude Palmer, Moorestown; second, Mrs. J. Lindsay Clarkson, Beverly; secretary, Miss Rebekah Willis, Mount Holly; treasurer, Mrs. Charles Coles, Mount Holly; assistant, Miss Ellen C. Curtis, Mount Holly.

It was decided to have the medical and surgical affairs of the hospital directed by an executive board of physicians and a personal director will be selected from this body. On this board are Dr. H. E. Longsdorf, Mount Holly; Dr. E. R. Mulford, Burlington; Dr. Harry L. Rogers, Riverton; Dr. M. W. Newcomb, Brown's Mills, and Dr. Joseph Stokes, Moorestown.

## COSTLY TRANSPORTATION

A coolie, working a full, long day to his utmost capacity, can carry one ton one mile, for which he may receive 20 cents.

And yet that isn't "cheap labor," even though he receives a starvation wage. For it costs 20 cents a ton-mile. The railroads of America, electric or steam, paying trainmen up to \$10 or more a day, haul freight for less than a cent a ton-mile.

Over-taxation that stops the development of transportation, utilities, machinery, improved factory facilities, or farms, all of which are dependent upon the savings of yesterday, is coolieism in America.

## PROPOSED BUDGET

For the County of Burlington, in the State of New Jersey, for the year 1926:

The estimated amount of surplus revenue in the surplus Revenue account	\$ 110,000.00	\$ 110,000.00
Anticipated Revenue	1925	1926
Surplus Revenue Appropriated	\$ 100,000.00	\$ 100,000.00
State aid for road improvement	100,000.00	100,000.00
County Clerk's Office	10,000.00	10,000.00
Surrogate's Office	10,000.00	10,000.00
Prison	20,000.00	20,000.00
Sheriff's Office	5,000.00	5,000.00
Tubercular Hospital, Board	5,000.00	5,000.00
Alms House, receipts	5,000.00	5,000.00
Alms House, State Aid	5,000.00	5,000.00
Alms House, Board	10,000.00	10,000.00
Board for Publicity State	1,000.00	1,000.00
Interest allowed	1,000.00	1,000.00
From State for Court Stenographer's Salary	500.00	500.00
Surplus 1925, 1924 and 1923 Bond Accts.	8,547.02	8,547.02
Total anticipated revenue	\$ 315,500.02	\$ 315,500.02
Amount to be raised by taxation	\$ 775,875.04	\$ 775,875.04
Total	\$ 1,091,375.06	\$ 1,091,375.06
Appropriations	\$ 111,132.00	\$ 108,990.00
Interest on Bonds	10,000.00	10,000.00
Interest on Borrowed Money	10,000.00	10,000.00
Principal on Bonds	50,000.00	50,000.00
Sinking Fund Redemption Bonds	2,322.00	2,322.00
Interest on 1927 surplus revenue	4,282.96	4,282.96
Interest on Emergency Notes	2,000.00	2,000.00
Principal on Emergency Notes	15,000.00	15,000.00
County Free Library	11,052.30	11,052.30
Interest on 1924	5,000.00	5,000.00
Over expenditures 1924	1,500.00	1,500.00
Over expenditures 1925 & 1926	2,000.00	2,000.00
County Audit	750.00	750.00
Deficit Tubercular State Aid 1921	2.24	2.24
Deficit Appro. Co. Clerk's Office Bldg.	1,000.00	1,000.00
Improvement Note, Bridge No. E. 248	5,000.00	5,000.00
Improvement Note, Flooded's Bridge	5,000.00	5,000.00
Over Expenditures 1925	5,000.00	5,000.00
Improvement and repair of highways	70,000.00	70,000.00
Continuation, Bulldozing Road	7,000.00	7,000.00
Motor Vehicle Funds		
Improvement and repair of highways	\$ 110,000.00	\$ 98,150.00
Interest on road	20,000.00	20,000.00
Principal on road improvement bonds	60,000.00	60,000.00
Erection and repair of bridges, railings and culverts	75,000.00	75,000.00
Public buildings (Court House & grounds)	15,000.00	15,000.00
Keeping prisoners	4,000.00	4,000.00
Maintenance County Asylum	75,000.00	67,500.00
Improvements, County Asylum	5,000.00	4,500.00
Maintenance County Almshouse	30,000.00	25,000.00
Improvements, County Almshouse	10,000.00	10,000.00
Maintenance Tubercular Hospital	41,000.00	37,000.00
Improvements Tubercular Hospital	5,000.00	2,000.00
Advertising, stationery and printing	2,000.00	1,800.00
Solicitor's expenses	500.00	500.00
Surrogate's Office expenses	1,000.00	1,000.00
County Clerk's Office expenses	5,000.00	5,000.00
Sheriff's Expenses	1,800.00	1,800.00

Anticipated Revenue from Motor Vehicle Fines, \$2,500.00, to be used for payment of bills for maintenance of County Highways pursuant to Chapter 122 P. L. 1922.	\$ 1,149,837.74	\$ 1,088,170.04

Recommended for approval: C. B. FISHER, Auditor

Noticed in HERESBY GIVEN That a public hearing will be held on Friday, the 22nd day of January, 1926, at 11:30 o'clock in the forenoon at the Freshholders' Room in the County Collector's Office, in the town of Mount Holly, County of Burlington and State of New Jersey, for the purpose of hearing objections raised by any taxpayer in the County of Burlington against the adoption of the proposed County Budget for the year of 1926.

Attest, Alfonso Adams, Clerk. Director of the Board of Chosen Freshholders, 1-14-26

Period of Darkness The "Dark Ages" is a term synonymous with Middle Ages, and refers to a period of about 1,000 years sometimes dated from the invasions of France by Clovis in 486 to the invasion of Naples by Charles VIII in 1495, and sometimes from 476 to 1520, the beginning of the Reformation.

We're glad a man don't have to stay home and refuse to see company after having his hair washed.

## SAILED FOR "COAXING"

Illinois Woman Committed on Unusual Charge

Mrs. Lissa Howard, 19, of Grand Tower, was placed in the Jackson county jail Thursday morning, on a commitment issued in Justice J. W. Kelly's court at Grand Tower, after examination on a charge of "coaxing."

Mrs. Howard was arrested on complaint of Mrs. Anna Ledbetter of Grand Tower, who charged the young woman, who is separated from her husband, had "coaxed" the said Anna Ledbetter's beloved husband into her home.

J. W. Kelly is the police magistrate at Grand Tower. Constable J. E. Nation of Grand Tower took the young woman to jail together with a copy of Magistrate Kelly's commitment ordering her held on the charge.—Murphysboro, Ill., Independent.

## ELIMINATING A NUISANCE

Tax publicity on incomes is utterly useless from the standpoint of bringing additional revenue to the government. Such publicity serves no other purpose than to satisfy idle curiosity. It is hoped that advocates of repeal of this law will stick by their guns and that an end will be put to this abuse.

## SLEEPY PLAGUE WORSE

London.—Deaths from sleeping sickness in England and Wales during 1925 broke all records.

## TO GIVE JERSEYMEN MARKETING POINTERS

6-Day Institute at Rutgers Will Cover Big Problems of Distribution

The State College of Agriculture at Rutgers University will conduct a marketing institute of a week's duration for New Jersey residents, beginning Monday, January 25, 1926, in an effort to improve methods of distributing foods from farmer to consumer.

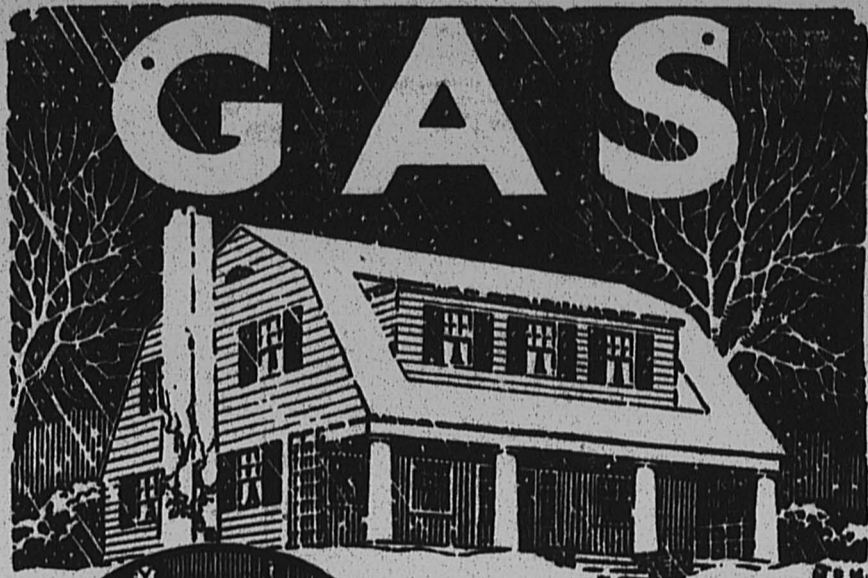

The sessions are offered primarily to New Jerseymen directly or indirectly engaged in the distribution of agricultural products, but are also open to persons having a general interest in agricultural marketing. The heaviest enrollment is expected to come from members and managers of farmers' cooperative organizations, bankers in rural districts, superintendents of city markets, students of agriculture, transportation officers, and actively engaged farmers.

Among the subjects to be discussed by economists and marketing authorities from federal, state, and municipal departments are: "Roadside Stands," "Transportation Problems," "Fundamentals of Cooperative Marketing," "Marketing Milk in New Jersey," "The Consumer's Side in a Marketing Program," "Essentials of Success in Marketing," "Cooperative Management and Policy," "Marketing Potatoes," "Marketing Fruits and Vegetables," "Marketing Poultry Products," and "Factors Influencing Prices."

One of the special features of the institute will be a trip to the Washington Street Wholesale Produce Market, New York City, on Saturday, January 30, to study the methods employed there. A visit will also be made at this time to the docks and to an auction sale in operation. With the exception of a small registration fee, admission to the institute is free to residents of New Jersey. The college has obtained a list of convenient boarding places, which, together with a program of the sessions, may be obtained by writing to Professor Frank G. Helyar, College of Agriculture, New Brunswick, N. J.

## The Cyclone Out of "Borta"

We begin the publication of the Rocky Mountain Cyclone with some phew difficulties in the way. The type phounder whom we bought our outfit prior to this printing office phailed to supply us with any eph's or cays, and it will be "phour or phive weex bephore we can get any. We have ordered the missing letters, and will have to get along without them till they come. We don't lique the loox of this variety of spelling any better than our readers; but mistak will happen in the best of regulated phamilies and, lph the eph's and c'a and x's and q's hold out, we shall keep (soudn the c hard) the Cyclone whirling apter a phasion till the sorta arrive. It is no joque to us; it's a serious aphaif.—Denver Rocky Mountain Cyclone.

**GAS** is the ideal heat for your home

WHEN gas is used for house-heating, steady warmth, at an even temperature, is assured in your home.

Day and night the temperature may be kept at the exact degree you wish, without worry or attention on your part.

Public Service will be glad to tell you how gas will heat your home wholly or partially, either by a central gas heating plant, gas fireplace heaters, or Reznor Wall Heaters.

To drive out the chill on cool spring or autumn days. For cosy rooms on a bitterly cold winter day, you'll find nothing so convenient, so comforting, nor so warmth-giving as a central gas heating plant.

Illustrations show some types of gas heaters. No. 4 Radiantlog, built on a new principle. Specially priced \$43.10 or \$5 down, \$3.55 a month. Cash price \$40.50.

No. 2 Gas Coal Basket—something new in gas fireplace heaters. Specially priced \$53. or \$5.85 down, \$5.85 monthly. Cash price \$49.50.

Log and Basket connected free in any fireplace on first floor or in any other fireplace having a gas outlet.

No. 31 Radiantfire \$26.50 or \$5 down, \$2.70 a month. Cash price \$25.

Reznor Wall Heater, ideal for the bathroom. Specially priced \$14.50 or \$5 down, \$2.20 monthly. Cash price \$13.50.

No. 100 Ray Glow, a popular heater at a popular price, \$23.85, or \$3.85 down, \$2.50 monthly. Cash price \$22.50.

For the central heating plant, or for auxiliary heating, gas is absolutely odorless.

**Public Service**

## Your Transit Problem!

"Patrons of the buses and trolleys are favorable to any plan of coordination that will better the service. They are behind any movement that will carry them to work and bring them back home with a minimum of delay and a minimum of danger."

—Camden Post Telegram.

## PATRONS OF CARS AND BUSES

It is the patrons of buses and trolleys whose interests are paramount in the consideration of the local transportation question and it is their interests that will best be served by the adoption of the three measures proposed by Public Service!

**Further Coordination of Cars and Buses, Better Traffic Regulation, Relief from Paving Charges.**

Coordination not only permits the elimination of waste and duplication, thus leaving more of the revenue available for service improvements, but utilizes cars and buses in a way that gives to car and bus patrons the maximum of comfort and convenience. It benefits no one when half-filled competing vehicles move along the street practically side by side; it benefits every one when there are ample facilities to care for both "rush-hour" and non-rush traffic.

With the great majority of all the people depending upon street cars and buses for local transportation, the regulation of traffic so as to admit of the passage of these common carriers through the streets with as little delay as possible is a measure essential to public welfare.

Paving charges assessed against street railway companies are paid by the car riders. The money must be taken from the revenue derived from fares, and money spent for paving cannot be applied to service. The maintenance of the Five-Cent Fare depends upon whether the cost of service can be kept within revenue. One way to keep it within and avoid the necessity of raising the rate of fare is to relieve the car rider of the cost of paving. And because pavements are not used by the car rider, and because the modern trolley does not wear them out, it is unfair and unjust to make street car patrons pay for them.

Every measure proposed by Public Service will help to improve and extend service.

**PUBLIC SERVICE RAILWAY COMPANY  
PUBLIC SERVICE TRANSPORTATION COMPANY**

## Radio—The New Champion For a Universal Language

By GENERAL J. G. HARBORD  
President, Radio Corporation of America.

Broadcasting is still in its radiant youth, but its effects on American life may already be seen in several directions. There is a well-marked trend toward a universal language, a considerable broadening of the horizon at home, and this year promises innovations that may almost revolutionize our old political methods.

Gen. J. G. Harbord

In the last few years but little interest has been shown in a Universal Language. The subject has merited more attention than it has received, for its potential influence on international culture and commerce and above all on international peace might easily change the course of human history. There now appears, however, a new champion for a Universal Language, a huge powerful giant whose influence envelops the earth and pervades the surrounding ether—Radio.

The United States, because of its geographical situation, has not felt the need for a common medium of international broadcasting, though in all forms of telegraphic communication a universal language would be exceedingly useful. Such broadcasting as may be carried on by our restless neighbor to the south has no place in our radio picture. Canadian broadcasting offers no stimulus to a study of the subject, because that country speaks our own tongue.

International Broadcast. Some day international broadcast communication will be an everyday occurrence with Europe, South America and the Asiatic shores of the Pacific. It will not be for entertainment only, but for the more important considerations of our commercial and political life. Will Radio, peculiarly the instantaneous method of communication, wait while messages are being translated, in the same way that dots and dashes are now deciphered into language and then interpreted into native tongue? Esperanto and ido have already received an impetus through the air. Associations for their promotion exist. But it is doubtful if any synthetic language can ever overtake in the race for universality our own English. It will probably never displace existing languages, but with radio as a carrier it promises to become

a common means of international expression.

### English Speaking People Lead in Radio

America, an English-speaking land leads the world today in broadcast. Several of its nearly six hundred broadcasting stations reach out to Europe and South America and at no distant day will cross the Pacific. The British Isles, Australia, New Zealand and the remainder of the British dominions speaking the same tongue, stand next to us in broadcast development. The stations of these widely flung states are heard by adjacent nations, who will be listening constantly to English programs. It is inevitable that such listeners will seek to understand the more frequently recurring expressions of the broadcaster. Curiosity and a desire for knowledge, spurred by the fascination which radio exerts over all of us, its disciples, will bring the wish to learn the language most frequently heard over the ether.

The commerce of English-speaking nations touches in a hundred ways every worth while country in the world. English is the best language today for foreign nations who need to borrow money. Improved communications break down language barriers. The differences in speech that still linger—for example, between New England and Virginia—are evidences of a day when they were a month apart. Today in China, Japan, India and the Near East and in the major countries of Europe, English instruction is being eagerly sought. The World War spread English. Two millions of Americans and other millions from the British Isles and the imperial dominions for several years taught English and English customs to French, German, Belgian and Italian territory. There is hardly an individual in those countries who cannot boast of at least a few words of English. With the added force of radio broadcasting crossing the seas, with programs and announcers in English, our language will reach understanding ears whether they belong to Germans, French, Italians, Dutch, Spanish or the ancient races of Asia. Some day the Siamese coolie and the Malay rajah may enjoy entertainment broadcasted from our Pacific coast; the student in Constantinople may receive instruction by radio from Columbia University; the Burmese maiden, "looking eastward to the sea" may listen to a station on the old Mouleim Pagoda, broadcasting "On the Road to Mandalay" in the tongue of the Bard of Aven.

## P. H. S. Basketball Teams Win Three

Girls Victorious In Only Tilt;  
Boys Take Two and  
Drop One

The Palmyra High School basketball team won three games and lost one last week. The girls came out with an average of 1,000, winning their only game, while the boys were victorious in two battles and lost the other.

Coach Morse's varsity boys' five was defeated 40-23 by the highly touted Penn Charter squad on the Pennsylvania's floor last Wednesday afternoon. The second team, recently organized by the little mentor to obtain seasoned material to replace the four seniors of the team next year, won 11-9, fanning down the Penn Charter reserves 16-9.

With Jack Easley, at forward, and Kallnowski, at guard, as the outstanding stars, the Palmyra varsity looked good against its veteran, heavier and taller opponents. The Penn Charter squad has been practically intact for the past three years and is considered the class of prep school ranks this season, as senior Coach Morse, who seems well satisfied with the showing his boys made against the classy opposition.

Easley led on the scoring. McKee, forward, Godley, center, and Bright, guard, were the other members of the local squad to start. Warner for Bright and Hudson for Godley were the only varsity substitutions.

At half time the Penn Charter second string men were leading by one point, but a spirited rally staged by the Palmyra junior varsity in the second half soon clinched the game for the locals. With pretty passing and an uncanny eye for the basket, West, at guard, was the bright light of the locals. Miller Hutchins, Colsey, Atkinson, Jenkins and Reeves also performed with the scrubs.

Friday night, in a double header at the Palmyra high gym, the boys defeated the P. R. Y. M. C. A., of Philadelphia, and the girls clinched their opening game in the South Jersey League, trouncing Paulsboro.

one of the strong contenders for this year's title, 18-12.

The Pennsylvanian team is composed of players from several Philadelphia high schools and put up a dandy game against Palmyra. Coach Morse used variety and scrub players until the last five minutes of play when he threw in his entire first team which just nosed out the strong visitors. The final score was 21-18. Easley and Kallnowski again featured while Branson and West were the stars for the second team.

Helen Euskat and Cora Elliott put up their usual brilliant game, both in passing and with excellent marksmanship in shooting, as the girls were entered into what may prove a pennant race for them.

Rosalee Roberts, at guard, and Margaret Jenkins, side center strengthened the team considerably with excellent work. The entire squad played well and Coach Morse is hopeful the ladies will down Mount Holly, last year's champs, with as much ease.

At an election held last week Henry Mathers, the sturdy little fullback, was elected captain of the 1926 Palmyra High School football team. Mathers is an excellent player and has sterling qualities which should admirably fit him for the field general's job. Coach Morse appointed Charles Becker as the grid manager.

Y. W. C. A.

On Tuesday evening, January 19, at 6:30 p. m., the Y. W. C. A. of Palmyra and Riverton towns will hold its annual dinner in the Pore Club, 4th and Howard streets, Riverton. The cost will be 50c per plate. Those who attended last year I am sure remember it with

pleasure.

This will be the last meeting your President will be able to be with you and she is hoping that every member will be present on this last occasion. Your friends are cordially invited.

In order that we may know for how many to prepare, kindly notify Miss Ruth Hollingshead, Columbia and Garfield avenue, (phone 205-R) or Mrs. H. L. Saul, 323 Garfield avenue (phone 591), not later than Monday morning, the 18th.

After the dinner, the election of officers will take place and, as you know, this requires the cooperation of all to carry on the Association successfully for the coming year.

President.

### CALVARY PRESBYTERIAN

Those who have no church home are invited to the fellowship of Calvary Church.

Next Sunday the pastor will preach at eleven o'clock, on "An Open Door" with a short sermon for the children about "A White Robin" and at the evening worship at eight o'clock on "Strength in Weakness."

In the Sunday School, which meets at ten o'clock, there is a class for every age. Parents are urged to bring their children and to remain with them for the morning worship.

All young people of the community are invited to the meeting of the Christian Endeavor at 7:15. The Young Men's Fellowship will meet on Monday evening, January 18, at 8 o'clock. All young men of the church are invited.

The pastor urges all members of the church to attend the mid-week service on Wednesday evening, in

the Chapel at eight o'clock.

The Missionary Sewing Circle finds it necessary to call an extra meeting in the Chapel on Wednesday afternoon, January 20, from one to four o'clock, in order to complete the work on hand. All helpers will be gladly welcomed.

The Mission Study class will meet at the home of Mrs. Edward W. G. Borer, 718 Main street, on Friday afternoon, January 22, from three to four o'clock.

### FINED FOR IGNORING COP

On December 31st, the driver of a truck for the Factory-To-U Furniture Company, Philadelphia, passed on the wrong side of the traffic booth at Broad and Main streets. Officer Miller blew for him but he did not stop. He was summoned to appear Recorder Troth last Friday, and paid a fine of \$10.25.

### MITCHELL—STEWART

Mrs. George J. Porter, of Morgan avenue, Palmyra, announces the marriage of her sister, Miss Anna Marie Stewart, and Mr. William Harrison Mitchell on December 31, 1925, at All Souls' Church, Sanford, Florida, with the Rev. Father Clabby officiating.

The city of Cleveland has more telephones than all of Norway. There are about as many telephones in the state of Washington as in the whole of Austria and Belgium put together.

### MAN SLEEPS LIKE LOG, EATS ANYTHING

"After taking Adierika I can eat anything and sleep like a log. I had gas on the stomach and couldn't sleep food down nor sleep," (sighs) R. C. Miller. ONE spoonful Adierika removes GAS and often brings surprising relief to the stomach. Stops that full, bloated feeling. Often brings out old waste-matter you never thought was in your system. Excellent for chronic constipation. L. L. Keating, Druggist.

### NOTICE

The annual meeting of the stockholders of the Cinnamun Bank and Trust Company for the election of directors and such other business as may properly come before it, will be held at its banking house on TUESDAY, JANUARY 19th, 1926, between the hours of 2 and 3 o'clock p. m.

H. B. Conover, Secretary

12-24-17-6

The city of Cleveland has more telephones than all of Norway. There are about as many telephones in the state of Washington as in the whole of Austria and Belgium put together.

## DOES RADIO OFFER OPPORTUNITIES?

When the board of directors of the Radio Corporation of America, composed of some of the leading figures in American industry, announced that David Sarnoff had been elected vice-president and general manager, one of the romances of America's industrial opportunity came to light. Mr. Sarnoff, at the age of 32, was awarded one of the most active and pivotal positions in the radio industry. And although he won it at the age of 32, it came to him after 16 years of close application to the every-day problems of radio.

Most persons would ask off hand how any man—not to particularize about one who today is only 34—could have worked in the radio industry for 16 years when the industry itself seems so much younger. Mr. Sarnoff went into the radio telegraph business when he was 16 and when radio itself (1909) was in its infancy. He is the man who took the annual race in New York from the S. S. Olympic, 1,400 miles at sea, giving first confirmation of the sinking of the S. S. Titanic ten years ago; he is also

the man who seven years ago, when radio telegraphy alone was considered an accomplished fact, presented a plan to his superiors which conceived a simple radio telephone "music box" for every home boasting of a talking machine. This plan is today the essence of broadcasting.

Accepting a variety of assignments from office boy to radio operator on ship and shore and inspector which brought him in contact with traffic conditions existing within shipboard and land stations, Mr. Sarnoff developed a sound understanding of the vital problems of commercial radio communication. Equipped with this valuable fundamental knowledge and a technical education, Mr. Sarnoff was later well prepared to accept the responsibilities of assistant chief engineer, traffic manager and contract manager of his company. In 1917 he accepted still greater responsibilities by assuming entire charge of the commercial department of the company which he organized most effectively.

## Delay on Bright Plan Requested

Farmers Want Time To Study Effect on Agricultural Institutions

Members of both branches of the New Jersey Legislature are being urged by the New Jersey Federation of County Boards of Agriculture to take no action on the recommendations of the Bright investigation committee relating to State agricultural institutions, until farmers have had ample opportunity to study and determine the advisability of their adoption. This action was taken at the annual meeting of the New Jersey Federation, representing the combined membership of County Boards of Agriculture in the state, at its annual meeting in Trenton, N. J., January 12 to 14.

The policy of the organized farmers was defined at the meeting by unanimous adoption of the following statement:

"The recent Bright investigation committee has made some very far-reaching recommendations vitally affecting both the farmer and our agricultural institutions.

"Therefore, we recommend that no action be taken by our Legislature on these recommendations before the farmers of the State have had ample opportunity to study and determine the advisability of their adoption. It is our belief that no action should be taken upon this matter during the present legislative year.

"We recommend further that a copy of this resolution be sent to each member of both Houses and to the Committee."

Believing that the lack of uniformity now existing in traffic light rules and regulations in the various towns and cities in New Jersey is a menace to public safety, the Federation urged the adoption of a state law making uniform regulations mandatory for municipalities throughout the state. The farmers opposed curbing of efficiency in the rural free delivery of mail and protested any move on the part of the Federal Post Office Department which would put the R. F. D. on a contract basis.

Endorse Coolidge Plan

On the subject of taxation the farmers endorsed the Coolidge program of economy in government and recommended that the same economy be applied in the executive administration of the State of New Jersey and its county and township governments. Price fixing or legislative enactment for the purpose of enhancing prices through subsidized export corporations is now proposed by some of the western farm groups was opposed.

The question of marketing farm commodities produced in New Jersey came up for consideration. It was the sense of the meeting that New Jersey farmers should have the benefit of a well-established course in agricultural economics and marketing, commensurate with courses in production as taught by the New Jersey State College of Agriculture, and recommended that Rutgers University make provision in its college budget to obtain the personnel and funds for such work. It was further recommended that farm organizations support a sound program of advancement for Rutgers University and the program of Dr. John M. Thomas, recently elected president of Rutgers, to this end was commended.

The New Jersey Federation re-elected its officers for the coming year as follows: President, Howard B. Hancock, Bridgeton, N. J.; Vice-president, D. J. Perrino, New Brunswick, N. J.; Treasurer, Dr. Frank App, Bridgeton, N. J.; Assistant Treasurer, G. E. Garretson, Hells Meadow, N. J.; and Trustees, E. E. Logan, Mount Holly, N. J.; Dr. W. H. Whitton, Neshaun, N. J.; and Joseph Barton, Marlton, N. J.

President H. B. Hancock in his annual address called upon the delegates and membership present to stimulate the interest of other farmers in aiding the activities of the Federation. He discussed the national aspect of farm bureau work and said: "The future salvation of farmers depends upon themselves, and their ability to make use of such organizations as the New Jersey Federation. They must first help themselves and study their own problems. Then they will be able to make use of their state and national organizations to the fullest extent."

Responsibility Grows

After reviewing the work of the New Jersey Federation during the past year, in which over twenty major projects and activities of the State Office were cited, Secretary H. E. Taylor commented upon the increasing responsibility of New Jersey farmers as follows:

"Looking forward into the coming year, the Federation sees the need for farmers not only to maintain but to extend the influence which they have now learned how to use. This sense of the responsibilities of farmers themselves to conduct their own affairs has been the theme of some of our most important agricultural meetings this winter. President Coolidge in his Chicago talk before the annual meeting of the American Farm Bureau Federation sounded a warning to farmers that they must maintain themselves the work which they have started. It is up to the farmers, through their organizations, to conduct their own affairs and they cannot expect to be successfully upon outsiders or government officials.

"Secretary Jardine, of the Federal Department of Agriculture in his recent report on cooperative marketing needs, emphasizes this point very keenly. The entire Washington group is likewise in accord with the opinion that farmers have succeeded only to the extent to which they direct their own movement. We can expect the state and the government to help considerably but only after the farmers, through their organizations, have determined the policies to follow and have placed their own leadership in charge.

"In New Jersey, the Federation expects a busy season ahead. With the State Legislature now convening, one of the most important activities in front of the Federation is the guiding of agricultural legislation, and guarding against measures harmful to farming."

At the close of the annual meeting, the Executive Committee of the New Jersey Federation developed plans for extension of its service to farmers, with particular

## Show 1925 Best in Five Years for Prices to the Farmer

### WHAT THE FARMER PRODUCED IN 1925

**TOTAL VALUE OF FARM PRODUCTS BY YEARS**

THIS farmer produced just about as much stuff in 1925 as in 1924, and it was worth a hundred million dollars more, according to the annual year-end survey of the Bureau of Agricultural Foundation. The average of all farm prices is now 134 per cent of the pre-war average, as compared with 140 per cent last year at this time. The real significance of this is indicated more clearly by the relation of returns from the sale of farm products to wholesale prices of commodities which the farmer buys and consumes. This means, states the Foundation, that the purchasing power of the farmer's dollar has risen from 96, the lowest point following the war, to 90 for 1925 and indicates that agriculture is recovering.

The low peak, prior to the war, of values of farm products came in 1914 with a valuation of \$11,517,000,000. The high peak values for farm products came during the war with a gross total of \$24,540,000,000 for 1919. Then came the four critical years in which farm prices fell below cost of production and values became correspondingly low.

In 1924 the total value of all the farm products raised in the United States was estimated at \$17,355,000,000. This year the production is estimated at \$17,454,000,000. The cash income to the farmer for his 1925 work will be right around \$10,000,000,000.

reference to increasing membership and concentrating responsibility in this regard upon the member County Boards of Agriculture. An informal discussion on relations between the state organization and the national body, the American Farm Bureau Federation, was held by the delegates, no action being taken.

### RUM RESOLUTIONS BY COUNTY WCTU

Mid-Winter Session at Mount Holly Urges Grand Jury to Continue Probe

The Mid-Winter Institute of the Women's Christian Temperance Union of Burlington County, held in the First M. E. church, Mount Holly, on Thursday of last week, attracted a number of the members of the organization and active temperance workers of the county and three sessions were complete with well-formulated reports, addresses by well-known speakers, exercises by the Juniors of the Loyal Temperance Legion, etc.

During the afternoon session several resolutions were adopted by the convention, the most important of which concerned the rum raid on October 1, and is as follows:

Whereas, we the officers and members of the Burlington County WCTU in Mid-Winter Institute assembled this 14th day of January, offer the following resolution and recommendation; be it

Resolved, that the recent Rancocas rum boat scandal has brought chagrin and particularly loss of confidence to many citizens in their county detective force through its failure to take the initiative in so great and well-organized a violation of law and treason against our government, so that they now rest under suspicion of dereliction of duty; therefore, be it

Resolved, that we urge the Grand Jury to consider the well-being of the county and push the investigation into these rumors without lagging in the least, and we further beg the jury not to be deterred by any apparent apathy in public interest, but to realize that confidence cannot be restored except by fearless doing of duty and a frank report to the public of what is found to be true. We wish no injustice to any; we want no whitewash or suspicion of it, but desire so far as humanly possible the eradication of evil in high places or low.

Resolved, that we urge the Grand Jury to consider the well-being of the county and push the investigation into these rumors without lagging in the least, and we further beg the jury not to be deterred by any apparent apathy in public interest, but to realize that confidence cannot be restored except by fearless doing of duty and a frank report to the public of what is found to be true. We wish no injustice to any; we want no whitewash or suspicion of it, but desire so far as humanly possible the eradication of evil in high places or low.

Resolved, that we urge the Grand Jury to consider the well-being of the county and push the investigation into these rumors without lagging in the least, and we further beg the jury not to be deterred by any apparent apathy in public interest, but to realize that confidence cannot be restored except by fearless doing of duty and a frank report to the public of what is found to be true. We wish no injustice to any; we want no whitewash or suspicion of it, but desire so far as humanly possible the eradication of evil in high places or low.

## Boys Who Stole Hawser Are Fined

Lads Who Raided Rum Barge On Rancocas Must Pay \$350

Further echoes of the rum barge raid of October 1 were heard at the Court House last week, when Richard and Harry Cummings and Ernest Pickering, all of Camden, and boys still in their teens, were before the Court to plead to indictments charging them with the stealing of the hawser that bound the rum barge to Adams' wharf and also the taking of several hundred feet of loose rope from the barge.

It will be remembered that these boys came up the creek from Camden in a launch sometime during the daytime, and about midnight, during the absence of the watchman who had been engaged to watch the barge, made away with the hawser and rope, but were detected by the state police as they were returning down the creek.

They pleaded guilty to the charge, but made an attempt to place the responsibility on an absent fourth party, whom they said sent them for the rope and who was to give them five cents a pound for it.

The stealing of the hawser resulted in the barge floating off at high tide and grounding on a sandbar, where it broke in two.

The boys were lucky to escape a jail sentence, Richard Cummings, who made a clear statement of the facts of the case, being fined \$100, while his brother Harry and Ernest Pickering were each fined \$150.

"Bucky" Reeves, of Riverside, who has been alternately making his domicile at his home town and at Toms River for the past year or so, and who went to jail in default of \$500 fine for possession and transporting liquor, had his sentence reduced on Monday after doing sixty days.

Four young men from Camden, charged with breaking into the McCoy service station at Five Points, were before the Court to plead. Geo. Zimmerman pleaded non vult and the case against Lewis Scott was continued until January 22, while there being no evidence against William Kelly and Gilbert Christy, on request of Prosecutor Hillman, the cases against them were dismissed.

Charles Pratt and Mitchell Myers, of Palmyra, charged with assault, also had their cases nolle prossed.

Riverside Man Guilty

The first case heard on Wednesday was that of Francesco Rivelli, of Riverside, charged with assault and battery and carrying weapons. The jury returned a verdict of guilty on the assault and battery charge, but exonerated him on the carrying weapons charge.

It was the consensus of opinion that Tony Selinger, of Reehling, got off rather easily, considering the charges against him. He is the man who shot up a flopping poolroom on October 2 last, seriously wounding Special Officer Harry Reeves and James Kovick, both men being forced to undergo treatment at the Mercer Hospital, in Trenton, for several weeks afterward.

He was charged with assault and battery with intent to kill and with carrying weapons contrary to law. He was placed on probation for one year on the assault charge and was fined \$100 for carrying weapons, besides which he must pay Officer Reeves \$400 and Kovick \$500 in side of six months. These amounts will go a long way towards paying the expenses of the two injured men while away from their work. Robert Peacock was Selinger's counsel.

Placed on Probation

Mrs. Marie Dewson, of Beverly, charged with desertion and neglect of her four children, was placed on probation for two years, but she will escape paying any costs.

Judge Slaughter announced Wednesday, after an examination of his records, that the October criminal court calendar had been cleared of all but ten cases, with the exception of the rum barge case. This is considered very good and has meant a large amount of work for the court officials, as will be apparent when it is considered that the October Grand Jury returned 275 indictments.

Mrs. Evelyn F. Snow, Mt. Vernon, Ohio, formerly state motion-picture censor, who will be a candidate for the Republican nomination for Governor, is said to be the first woman to seek the nomination in Ohio.

Bombay has opened a public library and reading room exclusively for women.

## FADING TESTS

National Radio Trials To Start February 5

Dates for the national tests of radio reception to determine the causes of static and fading have been announced after 4,000 of the 4,500 designated observation stations had expressed a willingness to take part in the survey, which is being conducted by the Stewart-Warner Speedometer Corporation in co-operation with the Northwestern University.

The first test will be held on the night of February 5, from 8 to 11 o'clock central standard time. The second and third will be on the two succeeding nights at the same hours. Subsequent trials will be held throughout the winter, should the data obtained indicate that real progress in a search for the causes of these two major radio annoyances is possible.

It was originally planned to hold these tests in January, but owing to the international tests scheduled for that month it was decided to hold the fading and static tests at a later date.

Most of the observations will be made by broadcast listeners using standard receiving sets and depending for the accuracy of their reports upon their own ears. However, to insure the scientific accuracy of the result, twenty control stations equipped with electrical measuring devices and automatic recorders will be placed in the principal broadcasting centers of the country.

Bombay has opened a public library and reading room exclusively for women.

## Facts

Man's productive years average only thirty.

Everybody knows that it is a good thing to save, and that only by thrift can success come.

However, the common knowledge of these facts gets you nothing. It is what you do.

## RECOGNIZED SERVICE

The growth of any business institution is proof in itself that satisfactory service is being rendered.

As the comparative figures for last year show a gratifying increase in deposits with us and corresponding greater assets, we believe we are justified in assuming that our services are appreciated.

Our policy always has been and always will be—the best possible service to depositors and all possible assistance in business and personal matters consistent with safety.

In the belief that we can substantiate our claims for service, we invite new accounts and further patronage from our present customers.

Children's Demonstration by The Jolly Juniors

Night  
Magic and Art—S. S. Henry and Company  
(Full Evening Program)

## Slants on Life

By J. A. WALDRON

### When Money Doesn't Count

THE door of the mansion of Josiah Springstreet was opened by a servant in livery almost as pictorial as the uniform of a volunteer fireman, and the card of Count de Bonelle was taken to Miss Agnes Springstreet, to whom the count was paying court.

The Count de Bonelle was ushered into the drawing room and was soon joined by Miss Springstreet. They greeted each other warmly. It was whispered in the household that if these two should marry love would dominate money on one side and distinction on the other—a very unusual result.

A new maid to Miss Agnes, named Dolores, had been engaged the day before this visit of the count. Dolores was certainly a curious person, for when her mistress went to join the count the maid looked at the count's card. Then she stole downstairs and from the refuge of a heavy curtain spied upon the lovers.

Her hurried upstairs again and dressing hurriedly for the street told another maid she had been called out unexpectedly.

Having an apartment in a neighboring hotel, as he said, the count vis-

She Stole Downstairs and Spied Upon the Lovers.

ited the Springstreets on foot. As he left the mansion, he met the maid nearby.

"Dolores!"

"Christophe!"

"For a moment they stood looking at each other."

"Do you intend to marry Miss Springstreet?"

"Why do you ask?"

"I became her maid yesterday."

"But what about you and me?"

"What would you? I can't afford to marry you, my dear."

"Call me Dolores, please. And you never intended to."

"If you will be fair with me in this, it shall profit you."

"Fair? A bribe, eh?" Dolores laughed, but not maliciously.

"And we still can be friends."

"Friends?"

"Why not, pray?"

"Well, why not? And you love Miss Springstreet?"

"She is young and strikingly attractive. Men, you know—"

"I know you told me you loved me. If I had money—as much as Miss Springstreet—would you marry me?"

"Can you doubt it?" The count looked at her tenderly and rolled his eyes.

"But I am without money, and so I suppose I must let you marry her—if you will keep your word. You said it would profit me. How much?"

"If you will further my suit, the day after I marry her I will give you ten thousand dollars. It shall be a part of the dot. I shall make a shrewd bargain."

"But what is your word worth? You once promised to marry me. Will you bind yourself by a paper that I may keep?"

The count looked at her, but her expression was inscrutable. "If I decline to do this?"

"Then you shall never marry Miss Springstreet."

"Well—my Dolores, meet me at Du-fant's for luncheon tomorrow and I will give you such a paper if you agree to help my suit."

"Why shouldn't I help you, when we so thoroughly understand each other?"

"They shook hands and separated. The next day they met at Du-fant's. Dolores had procured the making of a paper in plain terms and the count signed it. It was also witnessed."

When the count called at the Springstreet mansion two days later he was met at the door by Josiah Springstreet in person.

"So you're no count, after all—just a cheat at Du-fant's, eh?"

And Josiah kicked him down the spacious steps, at the moment utterly indifferent to an aristocratic neighbor's curiosity.

Again it was proved that a woman bent on revenge cares nothing for money.

And, by the way, when a woman is in love nothing else matters. Miss Springstreet and Josiah dropped the next day.

### THE PERFECT SHEK

London.—The perfect shek has been found, in spite of tales of the northness of the desert masters. Lord Belhaven reports that the emir of Central Arabia, Bin Saud, fills all the requirements. The shek also exceeds the allotted four wives allowed by the Koran.

It's a good idea to save money if it can be done by sacrificing something other than father's wardrobe, as a three-piece suit is indignantly called.

### STATE COP HONORED

Lieut. William Nichols, of the state police, was honored in being selected as one of the personal escorts of Governor A. Harry Moore at the inaugural ceremonies in Trenton on Tuesday.

The lieutenant hails from North Jersey and has been personally acquainted with the Governor-elect for a number of years. He is also an over-seas veteran with a fine record.

Lieut. Nichols is well known in Burlington county from his activities in the rum barge raid.

### Return of 2.75

#### Beer Opposed

#### Anti-Saloon Counsel Assails Edge's Stand for Increase

"Senator Edge's suggestion that the nation cure alcoholic lawlessness by legalizing stronger alcoholic beverages is as sensible as feeding more green apples to a boy suffering from green apple colic," said Edward B. Dunford, Assistant General Counsel of the Anti-Saloon League of America, addressing the Liberty Grange at Holmdel, New Jersey, Friday afternoon of last week on the occasion of the Fiftieth Anniversary of the founding of the Grange.

"Unless New Jersey's senators represent criminals rather than law-abiding citizens, they should work to keep the statutes in such form as to make it legally impossible to cultivate and develop the alcoholic appetite and should aid in enforcing the law against the violator. Loyal Americans do not surrender the law-making prerogative at the dictation of criminals."

"When Senator Edge pleads for 2.75% beer on the ground that it is non-intoxicating, he is merely asking for the first step in increasing the alcoholic content to the intoxication point. If 2.75% is not intoxicating, who wants it? The drys do not. The toppers want drinks with a kick. That is what the Constitution forbids. Is there any reason to believe the brewers would observe the 2.75% standard any better than they do the present one or that they would keep the new law more carefully than they did the old revenue laws which they repeatedly violated. Many eminent scientists disagree with New Jersey's Senator and assert that beer of 2.75% by weight equivalent to 3.4% by volume is an intoxicating liquor. By withdrawing the penalties from the sale of such beer would be to nullify the Constitution by evasion."

#### Beer Was 90% Liquor Traffic

"The return of 2.75% here would invite back the brewery and the saloon, the place where beer was legally made and legally sold. Changing the name of the place where liquor is sold will not change the character of the drunk it produces. Beer represented 90% of the liquor traffic before Prohibition. Senator Edge's proposal that Congress let each state fix its own standard, under the 2.75% minimum, would apply the Constitution in any state in proportion to the alcoholic threat of its citizens."

"Despite imperfections of enforcement, Prohibition is better than license. The wall of the wets is the best evidence that liquor is getting scarce. "The wet claim that drunkenness is increasing is refuted by the U. S. Census report just issued showing a drop in drunkenness commitments from 196.9 per 100,000 population in 1910 to 88.1 in 1923, while other commitments dropped as follows: disorderly conduct 51.5%, larceny 42.3%, assault 53.1% and prostitution 28.4%. The Census Bureau finds that in that period penal commitments fell from 521.7 per 100,000 to 255.1, a decrease of 51.7%. In New Jersey these commitments have been reduced 45%."

#### OF INTEREST TO RADIO FANS

The week of January 24-30 will afford an opportunity for radio fans to test the efficacy of their outfits. During this period American Broadcasters are to be asked to stay off the air for an hour each evening so that listeners on this side may tune in from European broadcasts with

### Conditions Improved

"The lowest pauperism ratio in our history, a steady decrease in death rate and in infant mortality rates, as revealed by the census figures, have accompanied the growth, observance and enforcement of Prohibition. America will not abandon a policy contributing to such results. Her prosperity is largely attributed to Prohibition by such experts as Herbert Hoover, Judge Gary, Henry Ford and Roger Babson. Everybody knows that the nation is not drinking any considerable fraction of its former booze consumption. That is the reason the wets are so frantically endeavoring to persuade folk that Prohibition has failed."

"Three Congressmen have been elected since the Eighteenth Amendment was submitted, each drier than its predecessor. The 59th Congress is drier than the 58 by at least four votes in the Senate and 15 votes in the House."

"In the first vote in the House of the 60th Congress, which wets proclaimed would be a test, the wets were able to muster only 17 votes to 139 for the drys, with at least 175 dry members having left for the Christmas holidays. In seven states the Legislature strengthened the law in 1926. The country is getting drier, while the straits of the wets is becoming dire."

#### Dust Wet Officials

"Setting a chicken hawk to guard a hen-roost is as wise as expecting a wet official to enforce Prohibition. If the law is being openly violated, find out who is to blame and retire him to private life if you cannot reserve a prison for him. There are three sides of enforcement, the legislative, judicial and executive. Interested citizens should know which sides are doing their duty and which are derelict. The people should be as swift to support the efficient officer as to blame the corrupt one. Vote your convictions, elect dry candidates to office, serve on juries when called, become acquainted with your officials and learn their problems, report violations of the law and cooperate with constituted authorities."

The fact that the Prohibition law is violated is the best proof of its need of existence. When this law is universally observed, prohibitionists may consider its repeal, but not until then."

### BUY \$225,000 TRACT

New Owners to Develop 200,000 Acres Near Whittings

Authentic reports were brought to Mount Holly last week that the well-known tract of land lying between Brown's Mills and Whittings and known as Hanover Farms has been purchased by the Hanover Estates Company for \$225,000, and that \$25,000 has been paid down. There are about two hundred thousand acres of land in the estate and it is the intention of the new owners to lay out the property for improvement and sale.

State Motor Vehicle Commissioner William I. Dill has been the receiver of the Farms and it is said he is authority for the statement that there is no stock being offered for sale by the new owners.

At Jackson's Mills, between Lakewood and Cassville, oil has been discovered and the M&K Company are reported to be taking out about twenty barrels of oil daily.

The M&K Company is owned and controlled by two wealthy chain store men, and it is expected that the Hanover Estates Company will also turn its attention toward the drilling for oil and other products which it is claimed underlie a large portion of the tract.

### TAXATION FREE FROM PARTISAN POLITICS

The House is receiving hearty commendation by the press for its action in so quickly passing the new tax bill. The Kansas City Star says: "The House, which originated the measure, considered its various sections and finally passed it without partisan bickering. For once a tax measure was handled as all tax measures should be handled."

ment are on hand throughout the hours during which the display is open, for the purpose of answering questions and assisting interested persons to obtain the information they may desire.

### JERSEY FARMER'S INCOME INCREASES

Revival of Interest in Live Stock Indicates New Prosperity

The average New Jersey farmer will realize \$109 more for his 1928 products than he did for the products of the year before, according to the Larrowe Institute of Animal Economics, which sets the average cash income per farm in this state for the current farming year at \$2573 as compared to \$2460 for 1927. These estimated gross farm income figures are based on the most accurate data obtainable. While slight losses were encountered in the sale of certain crops, these were more than offset by the increased income from dairy cows, animal products, potatoes, fruits and vegetables.

The New Jersey farmer's apparent revival of interest in livestock and especially dairy cows, betokens a new prosperity, particularly if followed up with a system of economic management of the herds, states the Institute. The good dairyman keeps enough animals on his farm to consume the roughage which he produces, and is careful to supplement this with the right kind and amount of grain or concentrate feed. He makes every attempt to produce better hay and silage and more of it to the acre, while keeping records of feeding and production to show him which cows must be weeded out. He keeps his cows in flesh and production by supplying the necessary foods when the pastures are gone, and builds a more profitable tomorrow by improving his herd through good sires.

As an instance of the profit de-

ived from good management, the Institute points to a herd of 15 cows in Harrison County, Ohio. This herd produced \$5,532.28 worth of milk in one year. The total value of the product over feed costs, including all roughage and pasture, was \$3,041.71. The average value of the product of each cow over all feed costs was \$203.22 a month, or \$2438.64 per cow for the year.

### FOREST EXHIBIT

An exhibit of interest and value to all owners of New Jersey woodland, whether small or extensive forest areas, is being staged this week by the State Department of Conservation and development in connection with the annual Agricultural Products show.

The display has been arranged especially to bring to the attention of visitors, the practicability and profit which will result from the planting of forest seedlings on land not fit or not needed for agricultural purposes.

Carefully compiled figures as to costs and profits together with a

## Palmyra Notes

Mrs. J. Alloway has recovered after a week's attack of laryngitis. Weston Griffenborg, of Lincoln Avenue, spent the weekend in New York, visiting relatives.

Mrs. J. Horace Finney will entertain Friday evening in honor of Mrs. Alice Russell and Mrs. Elsie Monach.

Leonard R. Baker and H. Russell Gibson attended the shoe convention held in Atlantic City Monday and Tuesday of this week.

Mrs. and Mrs. C. H. Payne, Mrs. John Bailey and Mr. U. Copeland, of New York spent the weekend with Mr. and Mrs. A. B. Crammer.

Mrs. E. L. Roberts, who has been ill for several weeks with influenza at the home of her son on Ferry Avenue, is able to be about again.

Mrs. Frederick Blaser has rented the house next to the Lutheran Church on Garfield Avenue which she and her family will move into next week.

Mr. and Mrs. Joseph Prell, Mr. and Mrs. Lee Campbell and Mr. and Mrs. A. Leonard, of Trenton, and children, spent Sunday with Mr. and Mrs. A. B. Crammer.

The regular monthly meeting of the Junior Philanthropic Club of the Central Baptist Sunday School was held at the home of Miss Edith Tees, Morgan Avenue, Monday evening.

Mr. and Mrs. George Harold Baker, of Elm Terrace, spent the weekend with Mr. and Mrs. A. B. Crammer.

Mrs. Harry Kenney moved to their new home on Walnut Street, the Seiber Annex, Wednesday. The house they vacated will later become part of the proposed Snover Funeral Home.

The date of the presentation of "The First Day of School," to be given for the benefit of St. Agnes Guild, has been advanced one week from Saturday, February 6, to Saturday, February 13. The play, which will be followed by a dance, will be given in P. O. S. of A. Hall.

A mixed audience is invited to attend the meeting of the Wesleyan Men's Bible Class in the Epworth M. E. Temple Sunday morning at 10 o'clock. The Rev. J. B. Whitton, teacher of the class, will give an interesting talk on "The Hand Writing on the Wall." The Rev. Mr. Whitton says each crisis has its man of the hour. He is anxious to have a large number of men and women attend Sunday morning's lecture.

A Public Service bus damaged the rear mud guard and a strip along the side of the Palmyra Ambulance when the bus ran into the side of it at Fifth and Sixth streets, Camden, Saturday afternoon. The ambulance, which was driven by William M. Stack, Jr., was returning after a trip to Jefferson Hospital, Philadelphia. No one was injured and the machine, protected by insurance against such damage, which has already been repaired, says George N. Winter, president of the Ambulance Association.

### ASHURY

Mrs. Frank Coles, Sr., formerly of Cinnaminson, now living on Bridgeboro street, Riverside, was a visitor at the Ashbury Church Sunday.

Mr. and Mrs. John Grob, of Riverside Park, were visitors at the home of Mrs. Thornton Southwick on Sunday. Mrs. William Wolf, of Thomas Avenue, Riverton, and Mrs. John Coles, of Cinnaminson, were visitors on last Thursday.

Mrs. Lillian Ward and daughter, Mrs. and Mr. William J. Hewitt, of Bridgeboro, on Saturday.

Thornton Southwick was a visitor at the home of Charles Fisher, of Riverside, last Monday.

Do not forget the Saturday evening service at the Bridgeboro Christian Church, January 23rd, in charge of the Rev. Josiah Nankivel, of Bridgeboro; also violin selections. These services are held every Saturday evening with special speakers. Those who attend from Ashbury on Saturday evening were Thornton Southwick, and the Misses Louise, Ada and Helen Southwick.

### BAPTIST CHURCH NOTES

It is the desire of the church officers that as many members and friends of the church as possible be present at the Sunday and mid-week services to welcome the new pastor, the Rev. George Lockett, D. D.

Pastor Lockett's sermon topics for Sunday are: morning—"The Object of the Ministry;" evening—"The Victorious Life." The Bible School meets at 10 a. m., with the church services at 11:15 a. m. and 7:45 p. m.

The Thursday evening Bible Class will meet this week at the home of Mrs. Arthur Hunt, 535 Morgan Avenue.

On Friday afternoon at four the "Happy Hour" will be held in the church for the children.

At eight on Friday evening the Christian Endeavor Society will meet, after which the "play committee" will report.

The regular Wednesday evening prayer meeting next week, will be the first in charge of the new pastor.

The church extends sympathy to the family of Mrs. Catherine Lakay, who was a member of the church, and who died at the home of one of her daughters in White Plains, N. Y. Sunday night.

## STRAIGHT TALKS WITH AUNT EMMY

### ON HOW TO LEAVE AN ESTATE

"Do you know, Aunt," said Helen, as she accepted a cup of tea from Aunt Emmy, "I feel terribly sorry for Mrs. Strong."

"Yes," agreed Aunt Emmy, "it will be hard for her. She is such a dependent, helpless, little thing."

"Oh, I don't mean that," interrupted Helen. "Her feelings are so hurt because, as she says, her husband publicly insulted her by not making her executrix and trustee of his estate."

"Good gracious, child, did she say that?" exclaimed Aunt Emmy, setting her cup down with a bang.

"Yes, she did, Aunt," said Helen, enjoying the sensation she had made and determined to make the most of it. "And I'm sure I agree with her. The idea of that old man appointing a trust company to look after Mrs. Strong's money. It isn't as though there wasn't plenty of it. The Stronges are the richest people in town, I guess."

"Well, for mercy's sake!" cried Aunt Emmy, disgust in every syllable. "It isn't that. You are as big a fool as she is then!"

"What do you mean, Aunt Emmy?" asked Helen with dignity. "I think it nothing short of disgraceful for a man to show that he has no confidence in his wife by putting his money in strangers' hands to be doled out to her as they see fit."

"You never thought that up, Helen," said Aunt Emmy, "that's Mrs. Strong. She always talks as though she was living in a story book, poor, silly, little thing."

Helen blushed and Aunt Emmy went on: "Do you know what it means to administer an estate, especially a big one like Mrs. Strong's?"

"Why, no," stammered Helen, "but it must be simple."

Aunt Emmy smiled. "Simple! Let me tell you a little about it. When a man dies the things he owns cease for a time to be anybody's property and become his estate. The property passes from his control on his death naturally, and as his estate it is controlled and supervised by the Court which will be in charge of the estate for many months probably. First this Court finds out whether or not there is a will and if the will is valid. Then it must find out about the executor. If the will is properly drawn and valid, it will be 'admitted to probate.' The persons who witnessed it must be found and examined.

"The executor must satisfy the Court as to fitness and willingness to perform the many arduous duties involved. Perhaps he will have to furnish a bond, to assure the Court of his financial responsibility. He must assemble all the so-called assets, have them valued and file an inventory and appraisal of them with the Court. All the debts against the estate must be collected. The settlement of all claims against persons and corporations is a job no one without a thorough knowledge of business can undertake.

"In an estate like Mr. Strong's there is sure to be a certain amount of financial negotiation that demands banking knowledge. Then the executor must pay claims against the estate in the order of precedence laid down by law. Also you know state insurances and federal estate taxes must be met promptly. Finally, after the estate is settled as to claims it has and claims against it, the executor must see that the various bequests are made."

"Oh, Aunt, don't tell me any more. I never thought that there were so many complicated things to be done. Poor Mrs. Strong never knew a thing about business."

"Mrs. Strong knew that," remarked Aunt Emmy dryly, "and don't you suppose he had his children in mind, too? He wanted his estate handled so that the children and Mrs. Strong would be protected and assured of a good, comfortable living all their lives, with something to go on to the grandchildren. Even if Mrs. Strong were a business woman, no one could tell how long she would live to administer the estate. He knew that the trust company would not die, nor keep its accounts, nor be influenced by personal feelings so that it might be unjust to some one, and that it represents some of the best business and banking judgment in town."

"Well, I guess old man Strong knew what he was doing!" said Helen. Anne E. Aymes.

The more recently adopted method of killing the common barberry which spreads black stem rust of small grains is by the use of such chemicals as salt and kerosene, according to the Department of Agriculture. These methods have proved advantages over the digging method formerly used. They are less laborious, cheaper and more certain. This is especially true if bushes are growing in stony ground where digging is difficult. Department Circular 256 tells all about how to use this method.

Bencher-Farmer.

### VARIAN-VAN HANT

The marriage of Miss Gertrude Van Sant, daughter of the Rev. and Mrs. M. Monroe Van Sant, to Mr. Newbold Reeve Haines Varian, of Gulf Mills, Pa., will take place on Saturday, January 23rd. The ceremony will be performed at four o'clock in the Salem Methodist Episcopal Church, Pleasantville, N. J. Miss Van Sant is well known in Palmyra, her father having been pastor of the Riverside M. E. Church for a number of years.

Mr. and Mrs. Russell Jernon and daughter spent the weekend with relatives in Cinnaminson.

### The Voyagers

YOU are sure it isn't forged, Hiram?" Bartholomew Wing's question, half in earnest and half in jest, referred to his son's diploma, which the elder had examined with some suspicion when the younger returned from college.

"It's the real thing," said Hiram. "Well, all I've got to say, then," commented Bartholomew, "is that you must have a lot in you."

"I don't know, dad," said Hiram. "Any boy that could take the oath you raised in college and yet come out with this is a wonder, and I'm proud of you. And now we'll talk business. You cost me a lot, boy," said Bartholomew, "and now that I'm going to take you into the business, I suppose you'll expect at least as much as you spent in college."

"Can't you raise the ante a little, dad?" "You'll have to start at the same figure, but if you behave yourself I'll raise it after the first year. I'll deposit \$5,000 quarterly for you to draw on. If you exceed the allowance during the first year I'll reduce it."

"All right, dad. I'll be good." And so it was settled. Hiram's place in the family business was regarded by others who had to work by the clock as a raw sinecure. He didn't have to punch a time-slip. In fact, his hours were regularly irregular.

"I think, son," said Bartholomew to Hiram one afternoon as he met the youth leaving the office at two o'clock, "you'd get more interested in business if you should get married."

"Maybe, dad." "And I think I'll look around for a likely young woman." "Haven't that ought to be my job?" "Well, perhaps. But how would Caroline Gilder do?"

"Rather a tough looking, dad, for a steady companion. Even M'leu Pastelle, the famous portrait painter,

Operated, like the automobile self-starter, a jack has been invented for raising or lowering a car. It has its own small motor, which can be run from the auto battery and is controlled by a small lever at the side.

### APARTMENTS

APARTMENT FOR RENT—Five rooms and bath. All conveniences, all sanitary rooms. Apply 301 Bank Avenue, Riverton. Phone Riverton 713.

FOR RENT—Desirable apartment, second floor, four rooms and bath. Possession February. ALSO—First floor apartment, five rooms and bath. Furnished. Possession April. Apply T. W. Rohland, 208 Cinnaminson Avenue, Palmyra. Phone Riverton 463.

FOR RENT—Second floor apartment, five rooms and bath, including heat, continuous hot water and janitor service. Apply E. B. Rudderow, agent, 522 Main Street, Riverton.

DESIRABLE APARTMENT—422 Lippincott Avenue, Riverton. Four rooms and bath. First floor, modern in every respect. Murphy beds. Garage space at reasonable rental. Possession at once. Rent \$50 per month. Phone Riverton 764 or Lombard 9240.

AUTOMOBILES ALBERTSON'S Drive-In Service Station, Broad and Linden Avenue, Riverton. High grade gasoline and lubricating oils, automobile accessories. Crank case service and flushing oil free. Telephone Riverton 753. 2-201f

FRUIT AND PRODUCE YOU CAN now make your selection of fruit and produce from a nice line at C. W. Ludlow's modern meat market. Phone 723. Main and Howard 3-10-4f

FOR RENT—Ten room house, all conveniences. Apply 612 Thomas Avenue, Riverton.

FOR RENT—Second floor apartment, \$55.00. Five rooms and bath. Hot water heat. Available January 15th, 1926. Apply E. B. Rudderow, agent, 522 Main Street, Riverton.

FOR RENT—Single garage for rent. Also Check-writer for Sale. Apply 408 Linden Avenue, Riverton. 1f

WANTED—Girl for general office work including some bookkeeping, stenography and typewriting. Apply P. O. Box 265, Palmyra, N. J.

Salesman Wanted Immediately Reliable, steady, intelligent, well recommended man, from 25 to 30 years of age, to sell to farmers in this State. Knowledge of farming and farm conditions desirable. Must be willing to work six days a week. Selling experience not necessary. Personal training under local manager. Big pay every week. Good territory. All year work. Permanent position. Advancement. State if now employed, when you can start and if you have a car. Address Home Office Sales Manager, Dept. CDW, Box 1632, Philadelphia, Pa.

WANTED—A large tree taken out. Wood given to the person taking the tree out. Apply C. New Era Office.

ROOM AND BOARD Private family has vacancy for four boarders. Also table boarders. Address "T." New Era Office.

FOR SALE—Single house, 7 rooms and bath, excellent condition, good location, well finished, must be sold immediately. P. O. Box 268, Palmyra, N. J.

COLE'S, 610 Main street, opposite the bank, carry a complete line of radio and electrical supplies. Repair work done. Phone Riverton 900.

FOR SALE—502 E. Broad street, \$12,000.00. Large store, office, apartment, two-car garage 36 by 97 feet deep. Write Karl W. Latch, Box 164.

HOUSECLEANING supplies, paints, stains, varnishes, buckets, mops, brushes, chamois and all the necessary little articles, as well as hardware, aluminumware, etc., will be found at the store of John E. Ellis, 17 West Broad street, Palmyra. Phone, Riverton 61-J.

K. OF C. LADIES' NIGHT St. Joseph's Council, No. 1984, of Palmyra-Riverton, entertained the ladies of the council on Tuesday evening last.

The entertainment was furnished by the Burlington County K. of C. Entertainment Bureau composed of talented connected with the council throughout Burlington county and managed by Edward Gillice, Grand Knight of Burlington Council, assisted by Thomas Dunn, of Moorestown, and George F. Stecher, of Riverton.

Charles F. Schwartz, of Riverside, recently of Sousa's Band, rendered some very excellent solos. Miss Margaret Cassidy, of Moorestown, won her audience with her treacherous ability. William S. Hart, of Burlington, also made a big hit with his quick and wing dancing. Vocal solos were well rendered by the quintet from Moorestown and the quartet from Riverton and Burlington and drew much applause. The orchestra was furnished by Burlington and Riverside councils.

It was voted the biggest social night held by Palmyra-Riverton Council in a long time.

COUNTY SCHOOL BOARDS WILL MEET The annual meeting of the Association of Burlington County School Boards will be held in the auditorium of the new high school at Bordentown, Friday, January 29th, at 10 a. m. The speakers will be Hon. John H. Logan, Commissioner of Education, and Ex-Judge Harold S. Wells.

## Public Vendue

The subscriber being a garage keeper and automobile repairman, having a lien upon a certain automobile or Motor vehicle, to wit: a Ford Commercial Car, Motor No. 5,255,612 (1924) property of M. B. Kerrigan of Riverton, N. J. by virtue of an act of the legislature entitled "An act for the better protection of garage keepers and automobile repairmen," approved April 14, 1915 and the several supplements thereto, will sell said motor car for the purpose of obtaining the money due as aforesaid at public vendue at our garage in the Borough of Palmyra, County of Burlington and State of New Jersey on the 2nd day of February, 1926 at two o'clock in the afternoon.

Signed, PALMYRA MOTOR COMPANY, Milton L. Moreland, Secretary.

Dated at Palmyra, N. J. January 2, 1926. 1-14-26

PRUNING AND TRIMMING Shrubs, Fruit Trees and Grape Vines. Also lawns limed and fertilized. For information phone Riverton 38.

COTTON RAGS wanted, not less than four foot square. Must be soft and free from lint. Need not be white. 5c pound. Send to New Era office.

## Tree Planters Given Advice

State Publishes Brief Summary on Characteristics of Several Species

In order to assist forest planters in deciding what species of tree seedlings to order for planting next spring, the Forestry Division of the State Department of Conservation and Development has published a brief summary of the characteristics of the various species available to them with careful information as to their respective soil requirements. Through a reliable nursery, the Department has made reservations of each of the species listed for 1926 and is prepared to distribute the seedlings at actual prices quoted by the nursery, ranging from \$4.00 to \$6.00 per thousand. In addition to the data regarding the species available through the Department the Foresters have announced that they will gladly furnish information regarding the characteristics of other species and sources from which such stock may be obtained in case where, for special reasons, it may be desired.

The species available through the Department are Red or Norway Pine, Norway Spruce, Douglas Fir, and Scotch Pine, a brief description of which four species follows:

**Four Species Suggested**  
Red or Norway Pine is a desirable tree to grow for high grade lumber. It requires good land for its best growth, but will be a profitable choice on almost any site, except dry, sterile slopes or excessively wet land. Red pine is an excellent substitute for White pine, which it closely resembles in habits of growth and quality of lumber, but which cannot now be imported into New Jersey because of an embargo due to the Blister Rust disease now so destructive in New York and New England.  
Norway Spruce grows well on land similar to that required by Red pine but it endures more moisture and more shade. It does not thrive in swamps or on excessively dry land. It grows quite rapidly, after a slow start for the first three or four years, and produces the characteristic light, soft spruce lumber, inferior to pine in some respects but quite valuable for many purposes. This species is widely used for Christmas trees.

Douglas Fir is a native of western United States. It has been grown successfully in Scotland and continental Europe for many years. Experimental plantings made here and elsewhere in the east have indicated that it is well adapted for planting on our sandy loam soils. It will not grow on dry, light sands or heavy, wet clays. The wood is strong, light, easily worked and quite durable in contact with the ground. It is an exceptionally good general construction lumber and because of its durability makes good fence posts. Its symmetrical form and dark green foliage make it much prized as a Christmas tree.

Scotch Pine grows thickly on all soils and is especially adapted for

## 1927 TAGS GREEN AND WHITE

New Jersey automobile registration plates for 1927 will be green and white according to an announcement made a few days ago by Motor Vehicle Commissioner William L. Dill.

The numerals will be in white and the green will form the background. They should prove considerably more pleasing to the eye than the orange and white for 1926.

planting on soils too poor for other species. Because of its tendency to produce crooked twisted trunks which yield poor quality lumber it is not recommended for planting on soils suited to other species. Christmas trees will always be in demand and bring good prices. The Spruce and Fir make good Christmas trees and planters in New Jersey will find it profitable to plant them for that purpose. The trees should be spaced 3-4' apart (4840 or 2722 trees per acre). Pars stands may be planted or where desired either the Spruce or Fir may be planted alternately with the Pine. When from 5-10 years of age the Spruce or Fir is cut for Christmas trees, or dug up with the roots intact or ornamental stock, while the Pine is left to grow to maturity. Christmas tree plantations yield a profitable and quick turnover on the investment, yet land which can be used for better paying quicker crops should not be used for tree production.

## AMERICAN RAILROADS

Charles M. Schwab believes "the American people ought to be the happiest people in the world," because of the future looks bright.

"For the past 20 years," he says, "our railroads have had a very severe drubbing. They have been regulated to death. But they have survived all attacks upon them and all the regulation they have received. And today something very important is happening. The public is beginning to realize that in our American railroad system they have the greatest railroad plant with the greatest efficiency of any country in the world."

## HONESTY AND INTEGRITY BRING SUCCESS

President Walter S. Gifford, of the American Tel. & Tel. Co., says that one of the reasons why there has been a bettering of business ethics among big corporations is that they have learned that in the long run scrupulous honesty and integrity are the best rules of success. While big business has been straining to earn popular approval, the country generally has gradually been laying aside the assumption that big business was bad merely because it was big. Large business units have been able to effect great economies in production, and these have been passed on to the ultimate purchaser in the long run, therefore, big business is not as a menace but as an important factor in improving the average standard of living.

## MANY NEW MAPS ISSUED BY STATE

Sheets Should Be Valuable to Many in This Section

Maps of the Topographic Atlas series on a scale of one mile to the inch and covering a large part of the State have been revised and republished during the past three years by the Division of Geology and Topography of the State Department of Conservation and Development according to an announcement by the Department. The maps, which are the most accurate available, show the territory in great detail and are of value to surveyors, realtors, travelling men and all who have need of reliable information concerning the location of roads, towns, streams, etc. The complete set covering the whole State comprises seventeen sheets.

The following map sheets have been revised and brought up to date: Atlas Sheet 23 covering the territory from the Hudson river west to near Butler and from the vicinity of Paterson north to the New York State line; Atlas Sheet 31, which covers the area from Camden and Mount Holly south to Hammonton and Elmer; Atlas Sheet 32, including the southeast from Lavallette to Beach Haven and extending inland as far as Tuckerton. Most of Barnegat Bay is shown on this map; Atlas Sheet 29, which shows the southeast from Keyport and Sandy Hook to Point Pleasant and extends west to Freehold and Lakewood; Atlas Sheet 32 embracing the territory east of Mount Holly and Hammonton and from Pemberton south to the vicinity of Egg Harbor City.

In addition to these maps the Department has published a complete map of the State on a scale of four miles to the inch. This sheet shows county, township and municipal boundaries in color. According to the announcement, the work of revising the "New Series" of Topographic Maps has been completed and is now in process of engraving. The revised "Paterson Sheet" of the same series is available for distribution. These maps are on a scale of 2000 feet per inch. The work has been in charge of Loren P. Plummer, Jr., topographic engineer of the Department. Copies of any or all the maps can be obtained at nominal cost by addressing the Department of Conservation and Development, State Office Building, Trenton.

## A SUPERHEAT INDUSTRY

Floyd W. Parsons sees the creation of a great superheat industry as the end of the present program of expansion being carried on by gas companies. Before long, he says, gas will be distributed in unheard of quantities, over long distances, and at prices which will be considered practical. Gas usage in industry is increasing at the rate of 100 per cent annually, or 10 times as fast as gas for cooking.

If you find every one you know a hoax, be sure he does not look upon you as the life of the party, either.

## INCOME TAX DELAY

Want to Find Out What Action Congress Will Take

Heretofore taxpayers have been urged to file their income tax returns early. The filing of returns this year is delayed pending the enactment of the new revenue act now before the Senate which, as it passed the House, contains changes in regard to rates and other features. However, there is nothing to prevent a taxpayer at this time from closing his books and computing his net income.

Such computations will not be affected by any provisions of the new act. The actual preparation of the return itself, after the computation, requires, in a majority of cases but a few minutes. Therefore, it is advised that all figures and data be assembled, pending receipt of blanks by taxpayers. When released, blanks will be sent to taxpayers and also may be obtained at the office of Collector, E. L. Sturges, Camden, N. J.

Forms 1099 and 1086 used for making information returns, are now available at offices of collectors of internal revenue and branch offices. Such returns are required of persons "in whatever capacity acting" who made to a single person during the year 1925 a payment of \$1,000 or more, or to a married person a payment of \$2,500 or more. Such payments include salaries, rent, interest, "or other fixed or determinable gains, profits and income."

Collectors of Internal Revenue are not authorized to receive information returns, which should be forwarded to the Commissioner of Internal Revenue, Sorting Section, Washington, D. C.

## URGE NEW BUILDING FOR COUNTY HOSPITAL

Resolution Settling Forth Need of Larger Structure Adopted by Executive Board

The need for a new hospital building to adequately care for the constantly increasing demands made upon the Burlington County Hospital was emphasized when the newly elected Medical Executive Board met for the purpose of organization and during the course of the meeting adopted a resolution dealing with this subject, which has been brought forward to the attention of the people of the county on many occasions through the newspapers, by public speakers and in various other ways.

The following officers were unanimously elected: Chairman, Dr. Harry E. Longsdorf; Secretary, Dr. Harry E. Rogers; Dr. Joseph Stokes of Moorestown, was elected the temporary chairman during the organization and he offered the following resolution which was unanimously adopted:

Resolved, That it is the opinion of the Medical Executive Board that an entirely new building, accommodating at least one hundred beds, is now absolutely necessary to meet the medical needs of the county.

Resolved, further, That we recommend to the Board of Managers of the Hospital that they promptly take the necessary steps to secure funds for the erection of such a building.

Resolved, further, That this Executive Board will give its most active and enthusiastic support to such a drive.

These resolutions were signed by Drs. Joseph Stokes, E. R. Mulford, M. W. Newcomb, H. E. Longsdorf and H. L. Rogers.

## CONSTRUCTIVE ATTITUDE

"The apparent change in attitude of many national legislators, particularly with reference to economy in administration and more especially taxation and the decision of the Supreme Court concerning business, showing a disposition to assist legitimate business progress, have created a feeling of confidence on the part of investors," says E. H. Gary of U. S. Steel Corporation.

## A NEW IDEA IN USED CAR SALES

"Seal of Satisfaction" Given With Each Machine Sold

A new and unique sales plan for used automobiles is announced by Frederick E. Rein. Under this plan every purchaser of a used car receives an engraved certificate signed by the Rein Motor Company organization which sets forth the actual condition of the car and certifies to the facts therein stated. From this comes the name, "Certified Used Car," which the Rein Motor Company applies to every used automobile sold by it under this sales policy.

The certificate bears a seal, called the "Seal of Satisfaction" and the purpose of the plan is to give the car buyer an absolute assurance that he is getting a car exactly as represented.

There have been many plans devised for selling used cars, but few that were devoted to the reassurance of the purchaser. "Certified" used cars seem to squarely meet the purchaser's requirements and to establish the same degree of confidence and certainty that applies in the purchase of a new car.

There is absolutely no reason why any man cannot safely buy a used automobile," says Frederick E. Rein, of the Rein Motor Company. "The value is there in good cars, carefully inspected and thoroughly tested. We pledge the entire resources of this organization to insure the satisfaction of our used car customer and our certificate will, we believe, clear up all the uncertainty that has heretofore been associated with the purchase of a used automobile," added the dealer.

**No Demonstration can reveal all of BUICK Excellence**

ANY time you drive a Buick you will wonder how such a remarkable car can be sold at such a moderate price.

In just a few minutes you will realize that you are starting, stopping, parking, driving with much greater ease and security. And that you are surrounded by quality and luxury which rank with the very finest.

But demonstration will tell only part of the Buick story, and you should know all of it. A demonstration cannot show you the enduring

stamina of body and chassis that belongs to Buick. Years are necessary for that. It can only suggest the powerful ability of Buick's 15 horsepower Valve-in-Head engine, built for hills. It cannot tell you how thoroughly the Buick "Sealed Chassis" and the Buick "Triple Sealed" engine will protect Buick performance on dusty, gritty roads.

And it cannot even hint of the mental ease you will enjoy, with Buick Authorized Service "Just around the corner," everywhere in America.

BUICK MOTOR CO., FLINT, MICHIGAN, Division of General Motors Corporation

**the Better Buick**

Better Buick Six Cylinder Valve-in-Head motor cars range in price from \$11,125 to \$15,975, f.o.b. Buick factories. Among the Buick open and closed models there is one that will meet your desires exactly.

**MOORESTOWN MOTOR CO.**  
219 WEST MAIN ST. MOORESTOWN, N. J.  
Phone Moorestown 77

## NEARLY PERFECT

Reverend "On the Level" and Beverly is "Too Perfect"

Under the caption "Two Nearly Perfect Towns in Burlington County," a Mount Holly newspaper ran the following items last week:—  
Reverend "On the Level," the new pastor of the Moravian church at Riverside, complains that the town is as much "on the level" that he cannot use his skills. This is surely unfortunate, but possibly after a little longer residence there he may find there are other lines of endeavor in which he can utilize his spare time, and his enthusiasm for stiling "Too Perfect."

Officer Budd Stevenson, of Beverly, is complaining that the people of Beverly are getting too good and peaceful, and there has not been a robbery in the town for more than a year and no arrests for a week. This is certainly good news from the river-front officer. What is lacking in Beverly is being made up for in other towns in the county.

**IN THE GOOD OLD SUMMER TIME**  
The following article was taken from a newspaper in the Ozark region of Missouri.

"Last week one of our correspondents spoke of chiggers being ripe and there seems to be a breed of the mighty mite around this city that attacks even the hard-boiled. But there are sweet-meats even for chiggers. As the St. Louis recreationists and vacationists visit the Ozark resorts and those beautiful damsels sit upon the downy mead and plush greenwards, the heather

of the bog, how those chiggers do romp and ravenously attack those nice, white, velvet, soft, juicy and succulent milk-fed, city bred, silk enclosed pedal extremities, the substratum support, the locus standi for propulsion and ambulation, the organs of locomotion commonly called limbs, but for extreme modesty we would fain call legs. O, mamma, a feast for the gods. A little weak, cornish, good apothecary.

**"CHARLESTON FOOL"**  
Youngstown, O.—"Kid Dusty," self-termed "Charleston fool of Youngstown," wants a chance to Charleston his way out of jail. He gave an exhibition in court, but was sent up to serve out a \$100 liquor fine. He thinks if he can shake his toes in court again they'll let him out.

## NO BABY TORTOISES

Manchester, Eng.—Efforts to hatch in an incubator some eggs laid by the giant tortoise at the zoo completely failed.

The Best Is Yet To Come

Many of the used automobiles on our floor still contain the best of the miles that were built into them. Good, dependable fine cars on the bargain counter merely because they were driven for a season.

## REIN MOTOR COMPANY

141-143 Bridgeboro St.  
Riverside, N. J.  
Phone 131

The oil of untold uses

**GULF OIL**

A drop of GULF OIL is "wear insurance" wherever it penetrates—door hinges, locks, washing machines, sewing machines, vacuum cleaners, typewriters, electric fans, motors—in fact, everything that requires a high grade oil. It not only lubricates but also cleans and polishes woodwork, furniture and floors, as well as it removes and prevents rust and tarnish on metal surfaces, such as tools and cutlery. Sold at all enterprising stores.

**For Dependable HEAT use GAS**

**GAS for auxiliary or permanent HOUSE HEATING is the ideal method to offset coal shortages.**

There are many types of fireplace heaters to choose from our stock. All late models, tested and guaranteed. All heaters selling for \$36.00 or over reduced.

No. 4 RADIANTLOG, an entirely new principle in gas logs. Priced specially at \$43.10 or \$7 down, \$3.55 a month. Cash price \$40.50.

No. 940 WHEELING SUPER RADIANT HEATER—\$28.15 or \$5 down, \$2.60 monthly. Cash price \$26.55.

No. 100 RAY GLO HEATER—\$23.85 or \$3.55 down, \$2.50 a month. Cash price \$22.50.

No. 2 COAL BASKET HEATER special at \$73.00 or \$5.85 down, \$5.85 a month. Cash price \$49.50.

For permanent heating we recommend a gas-heated boiler that works automatically—freezing you from furnaces tending from early fall until late spring. No noise . . . no ashes . . . or stoking . . . installed easily . . . operates economically.

We shall be glad to have one of our househeating representatives call upon you with facts about the advantages of heating your home, store, office or factory with gas.

## GEISS AGAIN PRESIDENT OF RIVERTON FIRE COMPANY

Expected Apparatus Failed To Materialize. Contest For Directors

### COMMITTEE APPOINTED ON NEW APPARATUS

The annual meeting and election of officers of the Riverton Fire Company Monday night was quite an affair.

It was rumored there would be opposition to John C. Geiss for re-election to the presidency of the company, but if there was opposition it failed to materialize and those who turned out in expectation of seeing some excitement were disappointed. There was, however, a spirited contest for the five members of the board of directors. Seventy-five votes were cast.

M. Southamer was nominated for vice-president, but declined, and Walter C. Wright was elected to that office. John C. Geiss was made president. Daniel M. Clifton was re-elected secretary, and Ross E. Mattia was returned as treasurer.

For the board of directors the nominations were, George D. Steele, Adolph Strobel, Clarence Hubbs, Robert R. Knight, Clarence Mattia, William B. Lyons, Charles Cole, Lloyd Major and R. L. Flower.

Steele, Strobel, Hubbs, Knight and Mattia were elected.

D. M. Clifton was elected member of the Firemen's Relief Association.

The officers and members of the Board of Relief of the Firemen's Relief Association are as follows:

President, John C. Geiss; vice-president, William B. Lyons; secretary, Walter Armstrong; treasurer, D. M. Clifton; George D. Steele, Charles Cole, John Carhart, Adolph Strobel, William C. Armstrong, George D. Steele, Earl Ludlow, Edward Steele, William Wolfenbarger.

The trustees are, Ross E. Mattia, John W. Carhart and Charles Cole.

It may be generally known that the chief source of income for the Firemen's Relief Association is the 2% on insurance policies written by agents in Riverton. During a discussion of the decreasing income of the Association it was brought out that several of the agents in Riverton did not remit their 2%.

Those who "hold out" are taking just that much from the fund which is intended to care for the men who may become injured in giving fire protection to the homes in Riverton.

The following committees were appointed by the president:

House Committee—George D. Steele, Adolph Strobel, Clarence Mattia.

Executive—Robert W. Knight, Ross E. Mattia, Walter C. Wright, Finnan—Ross E. Mattia, D. M. Clifton, Walter C. Wright.

Entertainment—Clarence Hubbs, Clarence Mattia, R. W. Knight, Adolph Strobel, George D. Steele, Clarence Mattia was elected foreman and John Strobel assistant foreman.

Edward H. Flagg, Jr., George D. Steele and Clarence Hubbs were appointed delegates to the Burlington County Firemen's Association.

Want New Apparatus

D. M. Clifton, secretary of the fire company, who is also clerk of the borough, reported that it was the desire of council to have a committee of three from the fire company appointed to confer with a committee of council relative to the purchase of new fire apparatus.

The president appointed H. A. Murray and George D. Steele, and on suggestion of Mr. Knight, the president agreed to serve as the third member of the committee.

The treasurer reported a balance of \$72.89 of the year 1925, receipts of \$2,459.98, and expenditures of \$2,457.72, leaving a balance of \$29.15. During the year \$1,600 had been paid on the note issued to finance the alterations made in the building when the last new fire truck was purchased and a resolution was passed instructing the secretary and treasurer to pay off the balance of \$1,600 as fast as funds become available.

The entertainment committee is preparing a series of social events for the winter which will add life and interest for the members and their friends and the house committee will make arrangements whereby the house and the fire apparatus will be kept in better shape. It is proposed to have a new janitor and make him responsible for the care of the apparatus as well as the building.

## BUS HITS POLE

Two Passengers Injured When "Miss Franklin" Skids on Slippery Road

"Miss Franklin" of the Philadelphia Coach Line skidded on the slippery roadway and collided with a telephone pole between Riverton and Riverside about two o'clock Tuesday afternoon. The bus was headed toward Camden, and Nicholas Wallace, of Riverton, was driving.

Two passengers suffered sundry cuts and bruises. They were Mrs. Joseph Hennessey, of Riverside, and Mrs. Paul Bruno, of Riverside Park. The bus was considerably damaged and the passengers got out through the rear door.

The Philadelphia Coach Company has been in operation since May, 1925, during which time over a million passengers have been carried and this is the first accident in which anyone has been injured.

Women's Symphony Orchestra

The Women's Symphony Orchestra, of Philadelphia, will give a series of three concerts at Hotel Benjamin Franklin, February 5, 6 and 7.

For information and ticket apply Miss Anna A. Price, 414 Independence Avenue, Camden, N. J. Tickets, 50c and 75c.

# THE NEW ERA

RIVERTON, NEW JERSEY, THURSDAY, JANUARY 23, 1926

BUY AT HOME

PRICE FIVE CENTS

## 20-MILE SWIM

Maxine Meltzer Covers Distance on Installation Plan

Miss Maxine Meltzer, Riverton's fifteen-year-old mermaid who is a member of the Camden Y. W. C. A., recently made a 20-mile swim in the pool which was part of the program arranged by the Y. W. C. A.

It is against the rules to swim the twenty miles at one time, and Miss Meltzer swam three miles a day for seven days, setting a record in that pool for that kind of a swim.

Last year Miss Meltzer made a ten-mile swim in the pool continuously. Her time was 10 hours, 15 minutes. She has also made other record swims such as Philadelphia to Ocean City, Atlantic City to Philadelphia, and Atlantic City to Philadelphia, a distance of fifteen miles, being the only woman to make this swim.

## P. T. A. LUNCHEON

Mrs. Hagston Entertains at Home in Riverton

Mrs. Arthur T. Hagston, the new chairman of the Burlington County Council of New Jersey Congress of Parents and Teachers, entertained at luncheon last Wednesday at her home on Lippincott avenue Riverton.

Among the guests were Mrs. Louis T. deValliere, of Trenton, State President; Mrs. Drury W. Cooper, of Montclair, Northern Vice-President; Mrs. William F. Little, of Rahway, Central Vice-President; Mrs. Alfred Roberts, of Moorestown, Southern Vice-President; Mrs. E. C. Steinsieck, of Burlington, first Vice-Chairman of Burlington County Council; Mrs. Walter L. Bowen, of Riverton, second Vice-Chairman; Mrs. Albert Lippincott, of Marlton, Secretary; and Mrs. C. S. Sender, of Lenola, Treasurer.

After luncheon from two-thirty until five o'clock a reception was given the State Officers, to which were invited the members of the local Associations in the County, Chairman of Standing Committees, Supervisor of Schools and Music Supervisors.

Over one hundred guests were present, representing thirty associations.

The guests were entertained by vocal solos by Mrs. Leon Guest accompanied at the piano by Mrs. Ruth Peterson Bell.

Parent-Teacher Association songs were sung by the group led by Miss Mary Lucas, of Florence, and Miss Estelle Kingsley, of Burlington, at the piano.

The house was tastefully decorated with cut flowers. Mrs. C. S. Sender and Mrs. Albert Lippincott assisted in receiving the guests.

The speaker said the United States never has entered a war fully prepared. History would show her victories were either through the weakness of our adversaries or by virtue of outside assistance.

The Pacific believe, said the Colonel, that nations prepared for war seek war. This statement he disproved by saying that in the great World conflict, all nations except America were unprepared.

The argument advanced that America was remote from war because of the seas on the East and West coasts, and that the United States carries little weight, said the speaker, for today it is an easier problem to transport an army 3000 miles over seas than over 300 miles of land during the World War.

Million Men Fallacy

The "Million men could spring to arms overnight" theory was declared a fallacy by the speaker, who said that despite the fact that America had had three years warning, it was seventeen months after she entered the war that the A. E. F. made its first effective advance.

In closing, Col. Carleton said the citizens regard the service men as humans who are hungry for a friendly word and a kindly invitation of hospitality.

As the result of Mother Moore's splendid message, the Men's Club will arrange to entertain forty or fifty men with motor rides and dinners at the homes of the various members some Sunday early in the Spring.

Purnell Re-elected

William T. J. Purnell, the president, and Richard E. Wilson, the secretary, notified the board of directors of their resignation, feeling the Club no longer an experiment, but with a well established program covering the last three and a half years which could be easily followed and maintained by other officers.

Both gentlemen declared that there were so many other demands upon their leisure time this was an opportune time to turn over the destinies of the Club to new blood.

A canvass of the membership, however, did not bring forth anyone willing to accept the presidency and Mr. Purnell was induced to allow himself to be nominated and was enthusiastically elected.

A capable substitute for Mr. Wilson was found in Harold West who was elected secretary. George W. Shoemaker, the financial secretary, also withdrew due to press of other duties and was succeeded by H. M. Shaffer.

Charles W. Davison, vice-president; Charles K. Marvine, corresponding secretary; and Edward W. G. Horer, treasurer, were re-elected to their respective offices.

Entertainment was provided by Mr. and Mrs. J. J. Sidall, violin and soprano soloists, and the meeting closed with the usual refreshments delightfully served by the members of St. Agnes Guild of Christ Church.

MINTREL SHOW AND DANCE

To be given in P. O. B. of A. Hall Saturday evening, February 6, by P. M. B. Craftsmen's Association. Tickets 50c and 75c.

Home and Organizational Fund, tickets, 50c and 75c.

## SCHOOL NURSE GREAT BENEFIT

Follows Up Work of Medical Inspector and Visits Homes

### WELL-BABY CLINIC ATTRACTS INTEREST

The State law governing the health conditions of the schools of New Jersey, require a registered doctor be engaged by all School Boards at stated intervals. Palmyra, as in many other districts, has allied the law in former years. The doctors themselves felt the work lacked the thoroughness that could have been. Too often a notice sent to a parent found its way to the waste basket without achieving its mission.

We are glad to say with the advent of the School Nurse the physical examination becomes the important factor in the child's life for whom the doctor has recommended for some special treatment or correction. She visits the home and explains the necessity for these corrections, defective eye-sight, nose or throat conditions, which require treatment, teeth that need special attention. There are a number of parents who were unaware of any such need. They have made the advised correction, bringing to their children, a better health condition and the turn means normal, happy children, ready to give the best in themselves to their school and home.

Not only has the nurse's work been of this follow-up character. She, in turn is constantly in the school making daily inspections. A child with a suspicious appearance of measles and chicken-pox or such diseases, as children are heir to, is sent home. That means protection to the other children. This is a service of incalculable value to our community.

All the foregoing deals with the child of school age. What can be done to minimize these troublesome conditions before the child reaches school age? That is answered by the Well-Baby Clinic. Our school nurse follows carefully the records of the infant and young child. Her clients have been well attended. Last week, four new interested mothers brought their babies to the Legion Home where the clinic is held each Wednesday from 2:30 to 4:30 p. m.

The clinic is warm and comfortable, all the modern apparatus for weighing and measuring the child is there. One of the town's doctors is present at each clinic. The nurse is most interested and well able to discuss questions of diet or any of the innumerable problems that arise in the vital task of rearing healthy normal little citizens. The service is yours, just for the effort of going there to receive it. This is a real, constructive step forward in the community affairs. Being the children from early infancy up to school age. Perhaps some suggestion you receive here may mean side-stepping serious trouble later on. Well-Baby Clinic—Legion Home—Wednesdays 2:30 to 4:30 p. m.

OYSTER SUPPER

More Than 500 Served at Fire Company Auxiliary Affair

More than five hundred people were served at the third annual oyster supper given by the Ladies' Auxiliary of Independence Fire Company, Palmyra, Thursday evening of last week.

From all indications the supper was the biggest success of all. The crowd was the largest, the decorations and music were added attractions.

The menu included fried oysters, creamed peas, salads, cheese, biscuits, coffee, ice cream and cake. Excellent music was furnished by George Partelow and his orchestra.

The Auxiliary has requested the Washington Market, Palmyra Meat Market, Eugene Johnson and Killian and Whitmer be publicly thanked for donations of hams. These contributions represented a big saving to the ladies.

The ladies also feel deeply indebted to Mr. Lutz for the flowers and to the orchestra which played for them at a reduced rate.

At the conclusion of the supper Mayor James T. West presented Mrs. Joseph L. Stack with a beautiful cake of flowers in recognition for her faithful service as chairlady of the supper committee for the past three years. Mayor West presented the floral tribute in behalf of the Ladies Auxiliary.

The ladies say the new kitchen recently remodeled for the firemen, was a wonderful convenience.

The funds realized by the supper will be used to purchase equipment and accessories for the firemen from time to time.

MRS. SARAH A. BLACKFORD

Mrs. Sarah A. Blackford, 66 years old, died of pneumonia at the home of her daughter, Mrs. Albert Koppenschofer, 217 Garfield avenue, last Saturday.

Funeral services were held Wednesday afternoon at 1 o'clock at the home of Mrs. Koppenschofer with the Rev. Fred B. Morley, pastor of the Epworth M. E. Church, officiating. Interment was made in Hillside Cemetery, Pa., with funeral director Frank A. Snover in charge.

Mrs. Blackford is survived by two daughters and one son.

## LADIES' NIGHT

St. Joseph's Council, K. of C. Holds Enjoyable Program

St. Joseph's Council, No. 1884, of Palmyra-Riverton, entertained the ladies of the council on Tuesday evening, of last week.

The entertainment was furnished by the Burlington County K. of C. Entertainment Bureau composed of talent connected with the councils throughout Burlington county and managed by Edward Gillespie, Grand Knight of Burlington Council, assisted by Thomas Duan, of Moorestown, and George F. Stecher, of Riverside.

Charles F. Schwartz, of Riverside, recently of Sousa's band, rendered some very excellent songs. Miss Margaret Cassidy, of Moorestown, was her audience with her terpsichorean ability. William S. Hart, of Burlington, also made a big hit with his buck and wing dancing. Vocal solos were well rendered by the quartet from Moorestown and the quartet from Riverside and Burlington and drew much applause. The orchestra was furnished by Burlington and Riverside councils.

It was voted the biggest social night held by Palmyra-Riverton council in a long time.

## WOMEN'S BOWLING

The Women's Bowling teams of the Riverton Country Club have finished their first tournament.

The standing of the teams are as follows:

Won Lost  
Mrs. Wayne Ayres ..... 10 8  
Mrs. Elizabeth Miller 14 13  
Mrs. H. C. Cooper ..... 14 13  
Mrs. B. R. Boyer ..... 7 21  
High game, Miss Elizabeth Miller, 178.

The new averages for the next tournament are:

Mrs. Ordway Mattia ..... 128  
Mrs. Lawrence Ball ..... 124  
Miss E. R. Miller ..... 124  
Mrs. Dixon Taylor ..... 112  
Mrs. Wayne Ayres ..... 107  
Mrs. B. R. Boyer ..... 107  
Mrs. Edw. Bertram ..... 105  
Mrs. H. C. Cooper ..... 104  
Mrs. E. Zieher ..... 100  
Mrs. Clarence Rodman ..... 97  
Mrs. Matilda Huber ..... 96  
Mrs. Clarence Tolson ..... 95  
Mrs. W. W. Smith ..... 92  
Mrs. G. S. Edwards ..... 92  
Mrs. J. L. Edwards ..... 87  
Mrs. Bessie R. Morgan ..... 87  
Mrs. J. E. Hahn ..... 86  
Miss Leah Carter ..... 83  
Mrs. Francis Ellwell ..... 81  
Mrs. Wm. Blythe ..... 81  
Mrs. Ed Shaner ..... 79  
Mrs. R. Dickson ..... 77  
Mrs. H. Kleckhefer ..... 75  
Miss Miriam Diehl ..... 73  
Mrs. H. Mark ..... 73  
Mrs. H. S. Charlton ..... 71  
Mrs. H. P. Orleans, Jr. .... 66

The Rev. Hugh C. Stuntz Will Make Three Addresses at Epworth Church

The Rev. Hugh C. Stuntz, a former army chaplain assigned to the famous Rainbow Division during the World War, now director of religious education in South America, will give three addresses on Sunday at the Epworth Methodist Episcopal Church.

He will speak first to the Church School at 10 o'clock, then give an address to men only at the Wesleyan Class. At the morning worship at 11:15 o'clock he will preach.

Mr. Stuntz was born at Naini, India, the son of the late Bishop Homer C. Stuntz, who was then in the missionary service. He is a graduate of Wesleyan University and of Garrett Biblical Institute.

During the World War he was a representative of the Y. M. C. A. Later he was commissioned a chaplain in which capacity he served until April, 1919. The following year he was appointed to his present position under the Board of Foreign Missions of the Methodist Episcopal Church.

As director of religious education he has traveled extensively throughout South America. His work has been the organization and improvement of the work of the Church Schools as well as promoting religious study in the schools and colleges. Under his supervision he has 228 Church Schools enrolling 16,000 pupils.

Mr. Stuntz is a young man who has had unusual advantage of home, education, travel and experience. He comes with a stirring, informing, challenging message.

The entire community is urged to a service at the Epworth Temple in cooperation with the Chautauqua. The address will be Norman Allen Imrie. Music will be furnished by Petrie's Singing Band.

MRS. SARAH BAUGH

Mrs. Sarah Baugh, aged 86, died at her home in Philadelphia early last Friday morning. She had only been ill ten days, suffering from a slight stroke.

Mrs. Baugh had lived in Palmyra for nearly twenty-three years, with her son, the late Henry N. Baugh, and wife. She moved to Philadelphia and established her own home less than two years ago. Her son, William, and family, made their home with her.

Mrs. Baugh was the most aged member of the Central Baptist Church, Palmyra, where she had been a regular attendant during the many years she lived in Palmyra.

Funeral services were held at her home, 242 South Alden street, Monday afternoon, at 2 o'clock, conducted by Rev. Miller, a Lutheran pastor. Interment was made at Central Laurel Hill Cemetery.

The deceased leaves two sons, William and Charles, and four grand-children, William, son of William; Margaret and Harry, children of Charles; and Herbert, of Palmyra, son of the late Henry N. Baugh.

## COURT RIVERTON, No. 98, F. OF A. CELEBRATES QUARTER CENTURY

### CHAUTAUQUA SPEAKER

Prominent State Officers Speak at Anniversary Held Tuesday Night

### FROM SMALL BEGINNING MEMBERSHIP IS NOW 125

Court Riverton, No. 98, Foresters of America, celebrated its twenty-fifth anniversary in Collins Hall Tuesday night.

The program consisted of entertainment by talent from Philadelphia and was followed by dancing to music by Partelow's Spanish Troubadours composed of George Partelow, Theodore Hennings, James Wright, Chris Davy, Edward Coppers and Gilbert Palphreyman.

The speakers were: Supervising Grand Chief Ranger, Charles D. Grecks, of Camden; Supreme Representative, James Mathew, of Camden and Supreme Secretary, Frank Wright, of Camden.

Ice cream and cake were served between the entertainment and the dancing.

Court Riverton was organized January 9, 1901, and the first meetings were held in Melhenny's Hall, now the second story and workshop of William B. Lynch's plumbing establishment on Broad street. Later the meetings were held in the second floor of Roberts' store, which at that time was rented out as a hall for public meetings besides accommodating a number of lodges. Court Riverton now meets in the Collins building.

The charter members were, J. A. Ruppert, John J. Brennan, Horace C. Stonaker, James J. Karina, Harry C. Smith, Jacob Traber, John Hollick, Otto Bauer, J. T. Jordan, Paul O. Gorter, C. H. Simon, William C. Trueax, Joseph Shaffer, Ezra M. Perkins, Peter F. Hemer, Clarence T. Bowers, James J. Flynn, Walter B. Hart, Harry Rico, Charles Reupple, J. S. Ruppelle, W. Griffith, Harry L. Meale, William Watkins, Louis A. Brennan, Martin Saaby, Milton B. Faunce, Nathan Wallace, Thomas Downes, Thomas Perkins, Samuel G. Herbert, James H. Bowers.

The original officers were: Chief Ranger, John J. Brennan; Past Chief Ranger, J. A. Ruppert; Financial Secretary, James J. Karina; Treasurer, Ezra M. Perkins; Recording Secretary, Walter B. Hart; Sub-Chief Ranger, James J. Flynn; Court Physician, Dr. Alex Marcy.

The present membership is 125, and the officers are: Chief Ranger, Leon Eagen; Sub-Chief Ranger, Edward Burns; Treasurer, Morris Riedle; Financial Secretary, Frank Trautman; Recording Secretary, Lawrence Steele; Lecturer, John Ruppert, Sr.; Court Physician, Dr. C. S. Mills and Dr. H. W. Bauer.

One of the features of the entertainment was an exhibit of the "Charleston" given by Mrs. Alice Lauder, of Riverside.

New Development Company Formed

Palmyra Men Will Sell and Build on River View Extension

The Palmyra Home Development Company has been formed and has received its charter from the State of New Jersey. The company has arranged to acquire the twenty-three lots on the River View Extension, and West of Cinnaminson avenue, Palmyra, N. J.

Plans are prepared to subdivide these twenty-three acres into one hundred and three large sized building lots with not less than fifty feet frontage and the depth running from 125 to 175 feet. The Borough Engineers, Remington and Vossbury, of Camden, are proceeding with improvements such as sidewalk and curbs, sanitary and storm sewers and the grading of streets.

Quite a lot of this work was done in the fall of the year 1925, but the work was halted on account of the approach of winter and in the spring, the contractors are to complete all improvements.

Plans are now prepared for the building of several six and seven room private dwellings on this tract which will be the property of the Development Company and to be sold to the ultimate purchaser through the office of the Company at 520 Cinnaminson avenue, Palmyra. John S. Warner, of Palmyra and Camden, has been appointed the General Sales Agent.

Building lots are to be sold through this same office. All the ground on this tract has a guaranteed title through the West Jersey Title Company, of Camden, N. J.

The attorney for the corporation is Albert Burling of the firm of Blackly, Stockwell and Burling, of Camden, N. J.

The banks are Merchant Trust Company, of Camden, the Palmyra National Bank, of Palmyra, N. J. and the Cinnaminson Trust Co., of Riverton, N. J.

The officers of the Company are: President, Frank C. Taylor, of the Taylor Camden and Philadelphia Auto Express Co., Camden, N. J.; Vice-President, John S. Warner, Realtor of Palmyra and Camden, N. J.; Treasurer, Robert C. Bittling, Real Estate Salesman with John S. Warner, Secretary, Fred W. Seiber, Land Developer, of Palmyra, N. J.

LIGHTS FOR CINNAMINSON

Cinnaminson Township authorities recently asked the Public Service Electric Light Company for a price on installing electric lights on Branch Pike from Five Points to its intersection with the Riverton-Moorestown road, and on the Riverton-Moorestown road from Five Points to Chester township line.

The company is working on the proposition and it is expected the reply will be ready in a few days.

## Freeholders Adopt County Budget

Nobody Appears at Hearing To Object to Expenditures Schedule

No one appeared before the Burlington County Board of Freeholders last Friday morning to object to the county budget amounting to \$1,149,537.74, as advertised, and it was unanimously adopted. Of this sum \$773,936.93 will be raised by taxation, and \$375,600.82 will be received from miscellaneous sources such as franchise taxes, etc.

Charles R. Stout, director of roads, reported on the convention of road builders at Chicago. He said that he and the other members of his party were impressed with the economy of operation of gasoline road rollers as compared with steam rollers now used in Burlington County and as one of these steam rollers is about ready to be scrapped, it is probable that Burlington County will buy a gasoline roller to take its place.

Mr. Stout said that he also saw portable cranes mounted on a truck chassis which could be readily removed from place to place for unloading cranes. The purchase of one of these cranes, he said, would make for economy by shortening the haul. As it is now, road material is frequently unloaded at a considerable distance from the point at which it is to be used, owing to the location of the county cranes. There were other mechanical features which could be adopted by the county with a considerable saving of the taxpayers' money.

Mr. Stout's resolution, if the county collector approved of the elimination from the deed to the state for the ground at Burlington to be used for armory purposes the clause requiring this ground to revert to the county in case the state did not use it for an armory, that the proper authorities be authorized to sign and execute the deed, was unanimously passed.

Dr. Newcomb, superintendent of the Tuberculosis Hospital at New Lisbon, rendered a detailed report for the last year which is published elsewhere in this issue.

On motion of Freeholder Lippincott, the County Board of Taxation was authorized to employ two extra clerks at \$5.00 a day, the total not to exceed \$200 for each clerk.

Salaries paid by the county Board of Freeholders were stated as follows:

Freeholders, 5 @ \$3,000	\$15,000
County Judge	5,000
County Stenographer	1,500
Court Crier	1,400
Prosecutor of Pleas	3,000
County Detective	3,250
Assistant Detective	1,800
Sheriff	4,500
Deputy Sheriff	2,000
Day Turn Key	1,800
Night Turn Key	800
County Clerk	4,500
Deputy Clerk	2,200
Surrogate	4,500
Deputy Surrogate	1,700
County Board of Freeholders	2,800
County Auditor	1,800
Treasurer	2,400
Solicitor and Collector	3,500
Engineer	3,200
Supervisor Roads	2,820
Janitor	1,500
Probation Officer	850
Clerk Tax Board	1,400
Sealer Weights & Measures	1,100
School Superintendent and Stenographer	1,302
School Superintendent Assistant	1,500
Draw Tenders (8)	4,000
County Auditor	4,000
Supt. Burial Soldiers	300
Supt. County Insane Asylum	2,400
Physician County Insane Asylum	800
Steward Almshouse	1,800
Physician Almshouse	700
Detective's Stenographer	1,320
Surrogate's Stenographer	1,320
County Clerk Office Employees	12,570
County Board of Elections	1,800
4 members	1,020
County Physician	300
Clerk Grand Jury	400
Sheriff's Stenographer	1,000
County Engineer's Stenographer	1,320
Prosecutor's Stenographer	1,020
Assistant County Engineer	2,600

The following bills were ordered paid: Roads, \$3,112.17; bridges, \$150.00; buildings, \$6,966.60; affairs, \$4,848.35; finance, \$186.86.

## USED CARS

Evolution of Auto Merchandising is Reflected in Sales

"An interesting indication of the evolution of automobile merchandising is reflected in the fact that today every element of safety surrounds the purchase of a used car. The dealer from established dealers," asserted Frederick E. Reim of the Reim Motor Company, Riverside.

"The used car is just as much a part of the stock of the auto dealer as his new cars, his tires, accessories or parts. A large percentage of new car sales involve the acceptance of good used cars, and in many cases dealers overhaul the cars and in any event make certain that they will deliver satisfactory transportation to the buyer.

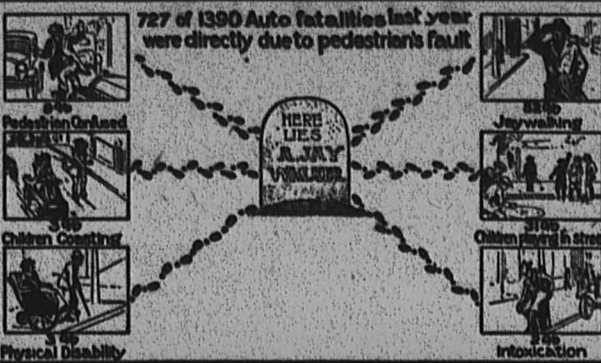

"Aside from the ability of the good used car to deliver thousands of miles of travel, the best inducement the established dealer can offer the prospective buyer of a used car is perfect contentment with his investment, for he looks forward to the time when this customer may wish to buy another car.

"This progressiveness on the part of the auto dealer of today has resulted to the benefit of buyers of used cars, who now do not need to take the risk of disappointment as was often the case in the earlier days of the automobile."

## ACADEMIC RECIPROcity

Mutual recognition of the validity of academic titles and the mutual acceptance of credit for studies pursued in the educational institutions of either country by those of the other have been agreed to by plenipotentiaries of Spain and Costa Rica. The citizens of both countries who hold legal degrees or diplomas entitling them to exercise any of the liberal professions may practice those professions in either country, being subject, however, to the regulations and laws which govern citizens. Professions reserved by either country to its own subjects or citizens do not come within the agreement.

## Jay Walker to Blame for Half of the Deaths by Auto

MANY a motorist whose car has figured in a fatal accident will be able to present a clear sheet to Saint Peter when his time comes, when one considers all the contributing factors outside of the driver's own fault. A total of 1,390 auto fatalities on record with the Stewart-Warner Safety Council for the prevention of automobile accidents, covering a period of seven months, shows that in 727 cases the fault was clearly the pedestrian's and cannot be put down to the driver, the weather or unavoidable circumstances.

The careless pedestrian's footprints lead him to the grave by six distinct routes, says the Safety Council, and the most travelers of these is jaywalking. Sixty-two per cent of the 727 auto fatalities just referred to were due to strutting across busy streets without using the intersections. Children's playing in the streets was responsible for 31 per cent and coasting for another 3 per cent. Confusion on the part of the pedestrian, not hearing whistles and turning back in his tracks, brought about 9 per cent of these 727 deaths, while physical disability and intoxication rate 3 and 2 per cent respectively.

## County Farmers Win at Trenton

H. G. Taylor Wins Third Prize at Show in Roadside Market Division

Burlington county exhibited in the various competitions at the State Agricultural Show at Trenton and her farmers made an excellent showing.

Keen competition was encountered in the corn show with many of the counties of the State represented. When the final judging was completed, Burlington county was awarded second prize for its county show.

Among the individual winners for the 10-car exhibit of White Dent, Ernest Phillips, of Jobstown, won second and George Phillips won third. George Phillips also won first prize on the single ear of Yellow Dent. In the 10-car White Cap Yellow Dent, A. H. Forsythe, of Medford, won third; also second of the single ear in the same class. All the first places in the 10-car seed exhibit in Yellow Dent came to farmers in Burlington county: William Reid, of Sayrestown, winning first; Hillman Croshaw, Wrightstown, second; and David Croshaw, Wrightstown, third.

Besides the competitive exhibits, an educational feature was set up showing the various injuries and diseases of corn, particularly emphasizing the injury by the Japanese beetle in this county.

A new feature in the show this year was exhibits set up by roadside market operators who have been working under the program of inspection conducted by the State Bureau of Markets in order that the public might have confidence in the markets that display standard roadside market signs. Albert Haines & Son, of Masonville, who operated the Larchmont roadside market, which is known by nearly everybody who travels the roads in this section of the State, won first prize on a very attractive display.

The display included representative exhibits of produce being sold at their market at this time of the year. The third prize was won by H. G. Taylor, Jr., of Riverton, and he, too, made a very attractive display of produce sold at his market.

Both of these markets are under the inspection of the Bureau of Markets which aims to establish confidence with the public and to protect the people's interest by assuring them that a square deal is to be guaranteed at all markets in the State which display the sign of N. J. Roadside Markets. The produce exhibited in these displays consisted of apples, potatoes, celery, eggs, poultry, fannies, honey, etc.

Burlington County was Close The State Bankers' Association offered \$100 to the county having the best displays and exhibits to

## Game League Annual Meeting

Growing Reports of Year's Activities Given at County Organization Session

The Burlington County Game Protective League held its annual meeting in the court house, Mount Holly, last week and at that time the members heard the glowing reports of the activities that the organization had supported during the past year and the things that have been accomplished.

It was announced that through the League 2,500 pheasant eggs had been put out among the farmers; 1,000 young pheasants and 150 old ones had been distributed in the desirable places of the county, 500 rabbits had been liberated, the most important streams have been stocked with perch, black bass, rock bass and blue gill sunfish which is a new fish in this territory.

This shows very clearly that in the matter of restocking with both game and fish, Burlington county has not been neglected and a small amount of credit goes to the League. Game Warden Howard Z. Matias was one of the mighty important spokes in the wheel that turned this good for the county, but he is willing that all the credit be considered in the name of the League.

No decision was reached upon a date for the annual banquet, but it was agreed that one should be held and a committee appointed to make the arrangements and set a date. On the committee is William S. Rendell, chairman; Ellis H. Parker, Alex. Dubell, George F. Rendell, Frank Ellis, A. J. Mullen, M. Warner Hargrove, Albert P. Greenwald and Abram Brown.

Reference was made to the success of the field trials held in the fall and it was decided to hold Setter and Pointer trials in the coming fall, beginning on October 4, probably at the Norcross & Edmunds property, at Birmingham, which is considered one of the desirable places. It was decided that these trials should be limited to Burlington county dogs and members of the League.

The following officers were elected: President Dr. M. W. Newcomb;

Brown's Mills; vice president, Ellis H. Parker, Mount Holly; secretary, Jerome V. Jeffers, of Mount Holly, perhaps better known by his ring name, Jeff Smith, left Mount Holly for Boston, on Tuesday night to submit to a specialist for an operation on his right eye.

This eye was injured during the progress of his ring encounters and he has had a double vision that has made it impossible for him to continue his work. He learned that another leather pusher, McCarthy, had a similar impairment and that

the Boston specialist had performed a corrective operation with remarkable success.

Mr. Jeffers went to Boston immediately upon hearing of this work, got information direct from McCarthy and had an examination made by the specialist. Since then he has been at his home waiting for an appointment. The specialist is Dr. James J. Regan and he holds out fine encouragement for the Mount Holly man.

**OVER \$150,000 PROFITS**

State Police More Than Paying Cost of Maintenance Says Superintendent

Operations of the state police for the fiscal year ending June 30, last, resulted in a net profit of \$155,275.69 to the citizens of New Jersey, according to the annual report of Superintendent H. Norman Schwartzkopf, which he recently submitted to the Governor. In other words, that sum represents the difference between the actual expenses of the department and the amount of fines collected or value of goods recovered or saved from destruction.

"In making the statement that the State police have returned to the citizens of the state \$155,275.69 in excess of the actual cost of the department," said Superintendent Schwartzkopf, "the absolute minimum of monetary return has been computed and it will be readily seen that if estimates of the value of other services rendered were made, it would be said without exaggeration that the State Police Department is not only self-sustaining, but pays for itself two or three times over."

Total expenses of the department for the year were \$419,710.41. Of this figure were the collection of fines aggregating \$131,129.10, recovery of stolen automobiles and other goods valued at \$115,852, confiscation of other goods worth \$17,720 and the saving of property valued at \$189,485 from destruction by fire. Forfeited ball bonds during the year totaled \$20,700.

There were 6,237 arrests, covering every variety of offense during the period of 12 months and from that number 5,071 convictions were obtained. Of the remaining cases, 795 have not yet been tried, 239 were dismissed and 132 lost on warrants.

When a two-year-old debtor finally pays his bill the money seems like "pure velvet."

## JEFF UNDER KNIFE

Jerome V. Jeffers, of Mount Holly, perhaps better known by his ring name, Jeff Smith, left Mount Holly for Boston, on Tuesday night to submit to a specialist for an operation on his right eye.

This eye was injured during the progress of his ring encounters and he has had a double vision that has made it impossible for him to continue his work. He learned that another leather pusher, McCarthy, had a similar impairment and that

the Boston specialist had performed a corrective operation with remarkable success.

Mr. Jeffers went to Boston immediately upon hearing of this work, got information direct from McCarthy and had an examination made by the specialist. Since then he has been at his home waiting for an appointment. The specialist is Dr. James J. Regan and he holds out fine encouragement for the Mount Holly man.

# Sunday School Lesson

(By REV. F. B. FITZWATER, D.D., Dean of the Episcopal School, Monticello, Va., 1914, Western Newspaper Union.)

Lesson for January 31

JESUS FEEDS FIVE THOUSAND MEN

**LESSON TEXT**—John 6:1-14; 25-37.  
**GOLDEN TEXT**—Jesus said unto them, I am the bread of life: he that cometh to Me shall never hunger, and he that believeth on Me shall never thirst.—John 6:35.  
**PRIMARY TOPIC**—Jesus Feeds Many Hungry People.  
**JUNIOR TOPIC**—Jesus Is Helped by a Boy.  
**INTERMEDIATE AND SENIOR TOPIC**—Jesus Feeds Many Hungry People.  
**YOUNG PEOPLE AND ADULT TOPIC**—Why People Follow Jesus.

1. Jesus' Compassion for the Multitude (vv. 1-4. Cf. Matt. 14:14).

The sight of a crowd always excited the Lord's sympathy. He knew that they were as sheep without a shepherd (Mark 6:34). They were going forth with no one to care for them. Besides, they were so ignorant that they had no appreciation of Him. Added to this was their physical hunger. This condition aroused the sympathy of Jesus. This is true of the multitude today. Sin had so thoroughly blinded them that they are not conscious of their lost condition.

2. Jesus' Conference With the Disciples Touching the People's Need (vv. 5-9).

This was not done for His benefit, for He knew what He would do (v. 9). His object may be summed up as follows:  
1. To Teach Them Their Sense of Obligation to the Multitude.  
2. To Teach Them Their True Helplessness in the Face of Such Great Needs.

The loaves and fishes were as nothing in the presence of five thousand men, besides women and children. Well might Andrew exclaim, "What are these among so many?" We may plant seed and water, but the increase entirely comes from God.

3. To Teach Them That Their Sufficiency Is From the Lord.  
Without Him we can do nothing (John 15:5). Christians can no more carry on the Lord's work of themselves than the branch can bear fruit without the vine. The branch supplies the life and strength for the production of fruit. Philip's arithmetic was of no use in the face of such need. Jesus has all power, nothing is too hard for Him.

4. The Lord's Method of Accomplishing His Work (vv. 10-15).  
Observe here the orderliness of Christ's work. He paused to give thanks for the scant supply, teaching us that we should always bring our abilities and gifts to God that He might bless them to His use.  
1. The Lord's Part Was to Bless and Break the Bread, Even to Create the Needed Supply.  
The disciples could not perform this part. The same kind of bread was provided for all, rich and poor, young and old, women and children.

2. The Disciples' Part Was to Distribute That Which He Had Provided and Consecrated.  
This is true of the Christian worker today. Our part is to take from the hands of the Lord that which He has blessed and consecrated, and distribute it among the starving multitudes. We are not responsible for the supply, but are responsible for its distribution to all those who are hungry and perishing for the Bread of Life.

3. The People's Part Was to Sit Down and Eat.  
They had no part in the provision, neither in its distribution, but only to take from the hands of the disciples and eat that which the Lord had provided. This is exactly our situation. The people are responsible for the taking and eating of the Bread of Life; faith with obedience is their part. This is an illustration of the part obedience plays in our salvation.

IV. The Effect of This Miracle (v. 14).

The people recognized Him at once as the prophet who should come. They believed Him for His works' sake.

V. Jesus, the Bread of Life (vv. 22-27).

1. What Bread Is to the Body, Christ Is to the Soul.

Bread is a staple food. It is necessary for the body. One never tires of it. Even so it is with Christ. It is by coming to Christ and believing on Him.

2. The Blessed Issue of Taking This Bread.  
The one who eats this bread shall never hunger, nor thirst. Hunger and thirst return after partaking of natural bread and water—not so with those who have partaken of Christ.

**Ardent Prayer**  
As well might we expect vegetation to spring from the earth without the sunshine and the dew, as the Christian to unfold his grace and advance in his course without patient, persevering, ardent prayer.—J. Abbott.

**Sin's Ending**  
There is more bitterness in sin's ending than there ever was sweetness in its acting. If you see nothing but good in its commission, you will suffer only loss in its conclusion.

**INSTALLING MEDFORD STREET LIGHTS**

Electric street lights are being installed at Medford and will be ready for use by February 1st. The contract for the new lights was awarded by the township committee to the Public Service Corporation and calls for five high-powered street lights at a cost of \$66 each and twenty low-powered lights at \$26 each.

The high-powered lights will be placed along Main street, while the others will be evenly distributed among the remaining streets of the town.

## Little Travelogues

By BLANCHE GILL

### SAN PIETRO IN VATICANO

We went one bright, clear morning in early May to the Church of St. Peter (San Pietro in Vaticano) in Rome, Italy, thinking this a fine day to make the ascent of the dome.

St. Peter's was founded by Emperor Constantine, and was rebuilt in the Sixteenth century from designs of Bramante, Michelangelo and Bernini. It occupies the extreme western part of Rome on the right bank of the Tiber river. It is in the form of a Latin cross, with a vast central dome, and is the largest, most imposing, if not the most beautiful church in the world. This church is 700 feet long by 500 feet wide, and 435 feet high to the summit of the cross.

We went up by an elevator in the church to the roof, which is 152 feet from the pavement. The dome rises 308 feet above the roof and is 630 feet in circumference; a narrow staircase ascends between the outer and inner domes to the lantern. This is a hard climb, but well worth making for the magnificent view.

Coming down we lingered a long time upon the enormous flat roof of the great church, with its birdseye view of the Vatican and its superb panorama of Rome with the winding yellow Tiber, and the Campagna from the Apennines to the sea.

On this huge roof are a number of small buildings which serve as dwellings for the caretakers and workmen. We noticed in front of one of these little cottages two pretty black and white cats lapping milk from a saucer. We asked the guide about them, and he told us: they were born on the roof and had never been down on the "ground."

It seemed to us a strange place for kitties to live all their lives; however they seemed very happy up there so high with much bright sunshine and fresh air.

(© Western Newspaper Union.)

### MOTOR NEWS

How Modern Automobile Manufacturers Keep Prices Down and Quality Up

The development and refinement of manufacturing and assembling processes in the production of automobiles is the marvel of an age remarkable for mechanical progress. In recent interview, Colin Campbell, Vice-President, Durant Motors, Inc., said:

"The automobile industry has set an example for the whole manufacturing world in the precision with which it has reduced manufacturing and assembling methods to an almost exact science, thus stepping up per-man production capacity and reducing human error to a minimum."

Mr. Campbell explained how the assembly method, used in the production of Star cars, reduces manufacturing costs and improves the quality of the product.

"Mechanics," said he, "at the great plants of Durant Motors, Inc., engaged on the same operation day after day, week after week, become highly skilled specialists, remarkable for their speed and accuracy. Their efficiency, born of long experience in doing a single thing continually, so far reduces error that defective work is rare, indeed."

"This is the way a Star automobile is put together by the modern progressive assembly method," added Mr. Campbell:

"The frame is riveted together with pneumatic riveters, the motor and flywheel underpans attached and the previously assembled springs and axles securely fastened to the frame. Then the assembly is swung on chains to a slow moving conveyor and starts on a journey that transforms it into a completed automobile."

"First, are attached in their proper shaft, two universals, transmission, battery strap, tire carrier, gas tank and supply pipe, brake cross shafts and push rods, pedals and shafts, steering post, drag link, and muffler. Then brake bands are adjusted and the entire chassis sprayed with the enamel finish which is dried in a huge electric oven as the chassis passes through without a pause in its march to completion."

"When the enameled black chassis emerges from the drying oven, the motor (already assembled and tested) and clutch are lowered into place and secured by bolts and nuts turned home by special wrenches."

Then the front universal, battery, front fenders, side aprons and running boards are added and the chassis is ready for the body, which is lowered into position from the floor above and bolted fast.

"Immediately the body is attached, rear fenders, hood sills, radiator and splashers are put on and spark and throttle control levers connected. The rods, steering wheel, horn button, head and tail lamp, etc. are then attached and the wiring connections made. Then the wheels, already equipped with fully inflated tires, are put on while mechanics connect up the fuel and oil supply lines.

"The gasoline tank is then filled, water poured into the radiator, and a mechanic leaps to the wheel, presses the starter button, the motor purrs, and the finished car rolls to its position in the long line on the floor, where hood, carpets and doors are fitted and a final cleaning, polishing and inspection make it ready for delivery."

"Of course," added Mr. Campbell, "it is understood that the operations just described are merely those of assembly, the parts entering into the construction such as axles, transmissions, motors, bodies, etc., having been previously manufactured, assembled, and inspected or tested, or both."

"It is not surprising that such wonderful methods and facilities so reduce manufacturing costs that the automobile dollar buys more than any other dollar."

"Manufacturers of other products have followed the lead of automobile practice with resulting economies that have saved hundreds of millions of dollars and thus effected material reductions in the consumer price of many products. This is part of the debt civilization owes to the vision and enterprise of the automobile industry."

### ASK REV. OWENS TO RETURN.

Rev. Marshall Owens, pastor of the Freehold Methodist church, formerly of Epworth M. E. Church, Palmyra, has been asked to return to the Freehold church another year. The official board has passed a resolution to that effect and it will be carried to the next New Jersey Conference by the district superintendent, Rev. Henry J. Helting.

Being told that they should learn to say No., many men firmly decline to sign any of the subscription papers that are passed to them for charitable objects.

## Farmers Talk Centralization

Federation Secretary Outlines Program Featuring Office at Trenton

With nearly every farmer association in New Jersey represented, a banquet-conference of New Jersey agricultural leaders was held in Trenton during Agricultural Week under the auspices of the New Jersey State Federation of County Boards of Agriculture, for the purpose of discussing the centralization of state farm activities. The banquet was held at the Hotel Trenton, and was presided over by H. E. Taylor, proposed a tentative plan for bringing the farmer organizations of the state into a united body, with central office accommodations at Trenton to handle problems common to all of the associations.

The executive committee of three of the largest state organizations, the New Jersey Federation of County Boards of Agriculture, the New Jersey State Grange and the New Jersey State Horticultural Society, have already signified their interest in such centralization and will appoint committee to confer at an early date on ways and means to bring about such centralization in practical and economic way. The chief merit in such centralization, Secretary Taylor pointed out, is the continuance and strengthening of the individuality of each member association. He said:

"The farmer organizations become a member of the general or central office, the duties of which are the promotion of all activities common to each member, and in addition such specific service to the organization membership as a General Executive Committee representing all the associations shall direct."

"Affiliation of the farmer organization will give New Jersey for the first time a united voice of such matters as agricultural legislation. Other important functions will be the establishment and maintenance of contact between member associations, the development of local programs and methods of procedure, the crystallization of farm public opinion, the maintenance of personal representation at Trenton and editorial and advertising service to members."

Attending the conference and speaking in favor of the general plan were: H. H. Albertson of the New Jersey State Horticultural Society; J. I. Lyle of the New Jersey State Potato Association; J. W. Miller of the New Jersey Alfalfa Association; Richard D. Barclay of the New Jersey Beekeepers' Association; and E. H. Wens of the New Jersey Baby Chick Association. Senator David H. Agans, Master of the New Jersey State Grange not only endorsed the plan for cooperation of all of the farmer organizations of the state through the general office, but pointed out the practical way

in which the State Grange and the New Jersey Federation have united on mutual problems during the recent years. Secretary W. E. Dwyer of the New Jersey State Department of Agriculture also spoke in favor of farmer organization.

In addition to the organizations represented by speaking delegates at the conference, invitation to participate in the proposed plan has been extended to the Holstein-Friesian Cooperative Association of New Jersey, the New Jersey Guernsey Breeders' Association, the Jersey Cattle Association of New Jersey, the New Jersey Ayrshire Breeders' Association, the New Jersey State Home Bureau, the New Jersey Swine Growers and New Jersey State Farmers' Association.

The New Jersey State Board of Agriculture cooperated with the New Jersey Federation for this joint conference of the farmer organizations. Nearly 200 delegates and representatives of the farm organizations were present. H. B. Hancock, President of the New Jersey Federation presided throughout the session.

### VOCATIONAL GUIDANCE

At some time during the senior year an interview in the guidance office is given to each prospective graduate of William Penn High School for Girls, Philadelphia, Pa., many of whom are foreign-born or first-generation Americans. The interview is part of a comprehensive system of vocational guidance which includes supervision by student advisers from the day a girl enters the school. A special committee keeps in touch with students aspiring to college or normal school. They are under careful observation throughout the high-school course. Frequently scholarships or part-time employment is arranged for those who need financial assistance.

## NOTICE

All readers or local notices of entertainments, suppers, fairs, dances, etc., given for the purpose of raising money, will be charged for at the rate of fifteen cents a line.

## THE QUESTION BOX

**Step Lively**  
S. J. Palmyra—Why do they speak of money as the almighty dollar?  
Ans.—Because it takes an almighty lot of hustling to get hold of them.

**Right-hand Bank**  
E. F. Riverton—Which is the right-hand bank of a river?  
Ans.—It is the right hand side as you face the direction the water is flowing.

**Hard Knocks Good College**  
F. L. Asbury—Must a fellow have a college education to be successful through life?  
Ans.—No; a college-educated man only has an advantage. If a man has the right stuff in him he will get along—college or no college. The School of Hard Knocks is the best college.

**Reader, Palmyra**—Did Germany ever recognize International Law in regard to warfare on the high seas?  
Ans.—Yes, Germany recognized this law and on January 8, 1926, assured the United States that the submarine warfare would be conducted in accordance with international law. However, they continued to violate it and the United States protested time and again, until the Kaiser finally repudiated the law, and declared his unrestricted submarine warfare.

**The North Star**  
F. J. Cinnammon—Please explain what it meant by the North Star?  
Ans.—The North Star is the one toward which the axis of the earth very nearly points. You will find it in the Little Bear.

**Moscow**  
Angeline, Riverton—Please tell us in the Question Box where is Moscow?  
Ans.—Your question is not specific. There are two Moscovs in this world of ours. There is Moscow, Russia. It was formerly the capital, and has a population of nearly 2,000,000. The other Moscow is the county seat of Latah county, Idaho, and has a population of a little over 4,000.

**No Such Person**  
R. L. Asbury—Who is the Archbishop of Ireland?  
Ans.—There is no such title as "the Archbishop of Ireland." The Rt. Rev. William J. Walsh is the Roman Catholic Archbishop of Dublin. It is that which you are asking.

**Rainbow Colors**  
M. T. East Riverton—The expression is frequently heard "all the colors of the rainbow." Now, will you tell us what are the exact colors of the rainbow?  
Ans.—Under the spectrum the rainbow discloses these colors: Blue, yellow, violet, indigo, green, orange and red.

**Father and Son**  
A. N. Palmyra—Will you be kind enough to explain in your paper what is the origin of the expression "Hobson's Choice"?  
Ans.—Tobias Hobson was the first man in England to run a livery stable. When a man came to him for a horse he was led into the stable where there was a great choice. He however, prevailed on his customer to take the horse next to the door. Hence, when something which ought to be one's own selection, is forced upon him, we say it is "Hobson's Choice."

**FRANKLIN, THE SEEKER**  
Wonder if Franklin had Burlington County in mind when he wrote "Laws, like to cowboys, catch small flies, great ones break through before your eyes."  
Franklin's Truism Still Apply  
Laws too gentle are seldom obeyed; too severe seldom executed.  
When prosperity was well mounted, she let go the bridle, and soon came tumbling out of the saddle.  
Beware of little expenses; a small leak will sink a great ship.  
The learned fool writes his nonsense in better language than the unlearned, but still 'tis nonsense.  
Vicious actions are not hurtful because they are forbidden, but forbidden because they are hurtful.  
To bear other people's afflictions, every one has courage enough and to spare.  
The wise use of money is all the advantage there is in having money.  
Old boys have their playthings as well as young ones; the difference is only in the price.  
Genius without education is like silver in the mine.  
Many a man thinks he is buying pleasure, when he is really selling himself a slave to it.  
It is hard for an empty bag to stand upright.  
A house without a woman and a field is like a body without a soul.

One-half of the world's patents have been issued in the United States.

## Riverton Items

John A. Smith has a new Studebaker.  
Charles W. McCordell has a new Chevrolet for his taxi service.  
Mrs. Mary K. Adams, of Darling, Pa., spent Sunday with Mrs. Paul Good.  
Mr. and Mrs. Francis Elwell entertained at bridge, Saturday evening.  
Miss Anna Murphy broke her thumb last Saturday at Oliver's Bakery, in Palmyra, where she is employed.  
Mr. and Mrs. Charles Jobe have moved from Seventh street, Riverton, to their new home on Morgan avenue, Palmyra.

Franklin D'Olier, a former resident of Riverton, has been elected one of the vice-presidents of the Prudential Insurance Company.  
Mr. and Mrs. Harry Kates, and children, of Collingswood, spent Sunday with her mother, Mrs. Horace Stonaker. Mrs. Kates will be remembered as Miss Ada Stonaker.  
Mr. and Mrs. Benjamin Lippincott, of Cinnammon, and Mr. and Mrs. F. S. Herr, of Moorestown, will leave on Saturday for a boat trip to New Orleans.

Mrs. William Linton, of Long Island, is visiting her sister, Mrs. W. W. Chalmers. Mrs. Chalmers entertained at bridge Wednesday afternoon in honor of Mrs. Linton.  
Mr. and Mrs. Frank Coddington and daughter spent the weekend with Mr. and Mrs. Fred Cummings at Lambertville, N. J. Mrs. Cummings is sister of Mrs. Coddington.  
Miss Emma Lisk, of New York City, spent the weekend with her parents, Mr. and Mrs. S. B. Lisk. On Sunday Mr. and Mrs. Lisk entertained Miss Elizabeth Lusk, of Riverside and Howard Robinson and Leland Gaskill, of Philadelphia.  
Harry P. Williams, of Camden, visited his parents, Mr. and Mrs. George Williams, on Main street. On Sunday Mr. and Mrs. Williams entertained Mr. and Mrs. Beauchamp and two sons, and Maxwell Brown, of West Philadelphia.  
Golden Hour Club will hold cake sale Friday afternoon, 2 to 5, at home of Mrs. Lisk, 408 Main st. Adv.

## ASBURY

There will be a meeting of the Board of Trustees, in the Asbury M. E. Church on February 1, 1926, at 8 o'clock. All members who find it convenient to be present are invited. All reports are to be submitted at this meeting.  
The services at the Christian Church, Bridgeboro, on Saturday evening, were very interesting. People were present from Camden, Cranmer Hill, Bridgeboro, Riverside, Asbury and Fairview. The Rev. Josiah Nankivel gave an excellent message. Brother Nankivel and Brother Youtz played their violins and Brothie Huntington played his cornet. Services this Saturday evening, Jan. 30th, in charge of Mr. Abraham Wade, of Riverside.

**SKIDDING TRUCK TURNS OVER**  
Wanamaker's delivery truck, No. 432 skidded on the wet roadway between Riverton and Taylor's Lane last Thursday afternoon and turned over on the trolley track. The driver, Joseph Flanagan, of Camden, was slightly injured. The truck was taken to the Riverside Hospital but was discharged in an hour and a half, apparently none the worse for his shake-up. His helper, John McPhillip, 2919 Wilder street, Philadelphia, was thrown through the windshield, but escaped injury and remained with the truck and its contents until another truck from Philadelphia arrived and took charge.

On all improved Ford cars, the tail light and license plate brackets are located on the rear left fender.

## BOROUGH OF RIVERTON BUDGET

**NOTICE**  
Notice is hereby given that the following local Tax Ordinance were approved by the Mayor and Council of the Borough of Riverton, County of Burlington on January 14, 1926.  
A hearing on the Budget and Tax Ordinance will be held in the Council Chamber at the Riverton Fire House, 5th and Howard Streets on Saturday, February 6, 1926, at 7:30 o'clock P. M. at which time and place objection to the said Budget and Tax Ordinance of the Borough of Riverton for the year 1926 may be presented by any taxpayer of the said Borough.

## LOCAL BUDGET OF THE BOROUGH OF RIVERTON, COUNTY OF BURLINGTON FOR THE FISCAL YEAR 1926

This Budget shall also constitute the Tax Ordinance.  
AN ORDINANCE RELATING TO TAXES FOR THE YEAR 1926.  
BE IT ORDAINED, by the Mayor and Council of the Borough of Riverton, County of Burlington, that there shall be assessed, levied by taxation and collected for the fiscal year 1926, the sum of Forty Thousand Five Hundred Sixty-Eight and 20/100 Dollars (\$40,568.20) for the purpose of meeting the expenditures for the year 1926, the following statement of resources and appropriations for the fiscal year 1926.

Note of 1925	\$ 2,907.72	
	\$51,497.62	\$50,211.53

This Ordinance shall take effect as provided by law.  
By order of the Mayor and Council.  
DANIEL S. CLAYTON, Borough Clerk.  
Attest, Riverton, N. J., January 14, 1926.

Phyllis Wheatley Y. W. C. A.  
On last Wednesday evening, the Phyllis Wheatley Club met at the home of Mrs. Harriet Brown, 505 Fifth Street, where a very enjoyable program was rendered under the leadership of Miss Rayside. It was as follows:  
Piano Solo—"Celebrated Largo" Miss Georgia Brown.  
Select Reading—"Good Topics of the Day" Mrs. M. Davis.  
Piano Solo—"Little Stars" Mary Harper.  
Solo—"Lullaby to Baby" Mrs. Willis.  
Select Reading—"Mother Love" Miss Starks.  
Piano Solo—"Quartette from Rigoletto" Harcarolle Miss E. Davis.  
Reading—"Life of Coleridge Taylor" Miss Dorothy Johnson.  
Solo—"The Rosary" Mrs. R. Points.  
Reading—"The Future of Negro Music" Miss Jackson.  
Mrs. Harshelt, of West Philadelphia, a musician of rare ability, was the scheduled speaker for the evening. Her topic was "Negro Music." After speaking, she entertained all by playing some very beautiful selections on the piano.  
The club members were pleased to have with them Miss Sumner, the County Secretary, also Mrs. Stockwell, Chairman of the senior groups of Burlington County. Both gave interesting and helpful addresses.

**WIFE AND HUSBAND BOTH ILL WITH GAS**  
"For years I had gas on the stomach. The first dose of Adlerika helped. I now sleep well and all gas is gone. It also helped my husband." (signed) Mrs. B. Brinkley. ONE spoonful of Adlerika removes GAS and often brings about a relaxing relief to the stomach. Stops that full, bloated feeling. Brings out old waste matter you never thought was in your system. This excellent intestinal evacuant is wonderful for constipation. L. L. Keating, Druggist.

Does Shopping Pay?

According to a recent survey of the Franklin Typothetae files in Cincinnati, it was found that 90 per cent of the buyers of printing prefer to buy from only one printer. Out of a total of 3,408 buyers, 3,053 bought all of their printed matter from one printer. 251 bought in two plants. This leaves 3 per cent of the total who may be classed as bargain hunters or "shoppers."

So much enters into good printing besides paper and ink that it is safest to select a good printer, who treats you fairly, and stick to him.

We solicit your business on that basis.

Our record during thirty-two years in business here is your surety that your confidence will not be violated.

## BECOMES REGULAR

Connie Mack Announces French Will Have Steady Outfielder's Job With A's

Connie Mack, manager of the Philadelphia Athletics, has announced that Walter French, of Moorestown, will be used in the regular lineup of the coming baseball season. French will occupy right field.

This is a big jump for the Moorestown boy, who the past season was only a pinch hitter and has been with the team only a year.

French hits the ball with his feet wide spread, he doesn't step into the ball but rather hits from a balanced position. Opposing pitchers ridicule his style, but Walter does more than that to their offerings.

French is probably the fastest man in the American League, straight away. When the 1925 season opened his role was that of pinch-runner and hitter. He was remarkably successful at both.

In the difficult job of pinch-hitter, French has a batting streak from June 30 to July 25 that was decidedly out of the ordinary. In that period he was used nine times. His response to the pinch-hitting down a sacrifice and struck out twice.

## WONDER WHAT HE THOUGHT?

In a filibustering speech before the Senate last week, Cole L. Blaise, senator from South Carolina, said, among other things:

"I have no sympathy with the theory of evolution, although in some respects I have pretty nearly changed my mind since I came to Washington. When I see a man sitting in a restaurant smoking a cigarette and blowing the smoke in the face of a perfectly respectable woman, I have my doubts whether God created him in His image or not—serious doubts."

Mr. Neely: "I would like to know how my friend from South Carolina feels when he sees a woman smoking a cigarette and blowing the smoke in a man's face, as I frequently see around these hotel lobbies?"

Mr. Blaise: "Mr. President, the Senator does not want an answer to that question—not in the Senate Chamber, at least. I will not say what I think about that here. I will tell the Senator privately what I think about it."

## "OLD BOYS BANQUET"

Former Employees of Camden Iron Works to Dine

About 1500 former employees of the Camden Iron Works, formerly located on the site of Camden's new convention hall, will hold a "Old Boys Banquet" in the convention hall Thursday evening, February 4, at 6 o'clock.

An effort is being made to have every man who ever worked in the employ of the Camden Iron Works to attend the banquet. There will be a fine turkey dinner, a musical program which promises to be a treat and short talks by the former employees.

The Rev. Fred B. Morley, pastor of the Epworth M. E. Church, Palmyra, who was formerly a draftsman with the Iron Works, has been appointed chairman for this locality. The Rev. Mr. Morley will be glad to hear from any of the former workmen and will give them full details of the banquet.

## KEEPING WELL

YOUR SLEEPLESS STOMACH

DR. FREDERICK R. GREEN  
Editor of "HEALTH"

ONE of our best-known "patent medicine" companies for years carried a slogan for a popular laxative, "They work while you sleep." The idea was that during sleep, the entire body was inactive.

Of course we know that isn't true. The heart works during sleep, not as forcibly but just as regularly and automatically as during our waking hours. The lungs go on rhythmically contracting and dilating. The kidneys work steadily. Practically all the unconscious and automatic functions of the body are carried on as regularly and effectively during the silent hours of the night as during the busy daytime.

How much work does the stomach do during sleep? This has always been uncertain.

The automatic working of the human body has always been more or less of a mystery. What keeps the machinery going?

The increased knowledge of the so-called "endocrine glands" has partially explained some of these mysteries. Some of these glands make and release into the blood substances which stimulate different parts of the body and keep them working. Others secrete other substances which slow down the body machinery and keep it from running away. The stimulating glands are like the engine in an auto. The restraining glands are like the brakes. Both are necessary for regular, orderly living.

When we are asleep, some of the brakes are taken off. Then those parts of the body that are more or less restrained during working hours, speed up on the night shift and get in a little extra work.

Doctor Johnson and Doctor Washburn, two students of physiology in the University of Georgia, have found that when we are asleep the stomach says: "There, thank goodness, that guy's asleep for a few hours now. There's no danger of his firing any cabbage and pea and doughnuts and ice cream and popcorn and hot dogs down here for me to take care of. Now I can speed up and get a little ahead on tomorrow's job." So it goes to work and turns out more gastric juice than it had time to make during the working hours. The wonder you sleep, the faster it works. That's why, if you have a long sound night's sleep, you wake up in the morning all ready for your breakfast and able to digest it, while if you don't get enough sleep or sleep fitfully you don't want any breakfast and can't digest it even if you do eat it.

(© 1928, Western Newspaper Union.)

You cannot, it is said, gather six lemons together in a room without hearing six different opinions on any subject discussed unanimously.

## Slants on Life

By J. A. WALDRON

## A Chance Meeting

MAZED, he came upon her. She sat on the massive trunk of a fallen tree. Her gun leaned against it. There was no indication that she had noted his coming. Her expression would have puzzled a physiognomist.

He placed his gun with hers, sat down a little way from her, and coolly lighted a cigarette.

"This is a happy surprise," he remarked.

"It's a surprise all right," she replied, looking away from him.

"And really I'm glad you are ranged it."

"Guess again," she replied.

"Then you didn't arrange it?"

"I understood that you were down South somewhere."

"But I came back unheralded. It's plain you didn't arrange it. Perhaps there may have been something in your memories of our association, in spite of events, that led you to this part of my estate—to the scenes where we have hunted together. I note you are wearing a familiar costume. Where is your game?"

"I haven't any game. I still close my eyes when I fire my gun. When I went hunting with you it was for a purpose. I wanted to see what hunting was like, just as I wanted to see in other things the springs of action of the male animal. A study of the psychology of man."

"The male animal? The psychology of man? I hope you haven't pursued the study, too."

"Why should you be alarmed? We are nothing to each other now. And you're all alike. A thorough study of one man gives a fair idea of all men."

"Let's get down to the present. It must have been in response to memories that you came here."

"Not exactly. As I've told you, I didn't expect to meet you here."

"Granted. But confess that you have memories. I have happy memories of you, in spite of certain facts and of your strange ideas when we were married—your notions of the

equality of the sexes and all that. Do you doubt that I really loved you? I'll put it in the present tense. And I have happy memories."

"But didn't you love me once?"

"I'm not sure. You know my idea of love. On man's side it's an ephemeral affliction that has enslaved woman down the ages, leaving her miserable after his convalescence. Do you remember that I exactly foretold what would happen?"

"And finally you got a divorce."

"For cause."

"I'm sorry."

"I suppose men who are divorced are sorry for one thing or another. Most men are not made for monogamy. They are polygamous by instinct if not by inheritance. They can point to the patriarchs as honored examples, and they secretly chafe at modern conventions."

"You are still a puzzle to me—and yet a charming puzzle. I never found out why you declined alimony."

"When I divorced you I also divorced your money. To my mind the woman who accepts alimony condones the offense."

"But that's no way to look at it. I was anxious, knowing your circumstances after you insisted on relinquishing everything I had given you—every plan I had made for exigency—to provide some."

"It was unnecessary. An attractive woman—a clever woman—and you among others have called me both—if she keeps a clear head can get along anywhere."

"But isn't it possible that we may patch up certain differences? I'm just the same as when—"

"That's the trouble. No. With all of its faults modern life has some compensations for error. Happily the courts—the laws—have improved upon the form 'Let no man put asunder.' I never make a second experiment along lines that once have failed me."

"But you'll give me credit for—"

"For a fancy ravenshank? Yes."

"And you'll admit that finding you here I naturally supposed you might be thinking kindly of me after all."

"Perhaps. And really I don't think unkindly of you." She rose as a man advanced from a group that had just come into view. The newcomer bowed: "We're ready, Miss Bellamy."

"Miss Bellamy?" exclaimed the ex-husband.

"Yes," she replied. "It sounds quite professional, doesn't you think? I'm a modern Diana is a motion picture."

## COMPULSORY EDUCATION

An extraordinary increase in the number of high-school graduates in Baltimore is ascribed largely to the enforcement of the compulsory-education law and to a "stay in school" campaign in which attendance officers have been active. In the 22 years since this law became effective in that city, though the school enrollment increased from 25,397 to 190,323, only 29 per cent, the number of high-school graduates climbed from 237 in 1909 to 1,478 in 1930.

## Postpone Heller Trial

Prosecutor and Attorney Not Prepared to Face Court

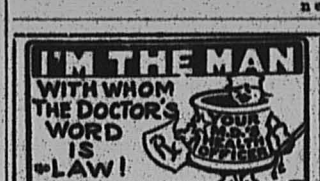

Clifford S. Heller, of Detroit, abducting former assistant cashier of the Mount Holly National Bank, will not be tried until some time in the Spring under the indictment against him in the Burlington county court for the alleged embezzlement of about \$2,700 from the Industry Building and Loan Association of Mount Holly, of which he was treasurer at the time he got away with the bank's money. The trial was set for Tuesday of last week, but a combination of circumstances prevented a going ahead at that time.

It was the day for the inauguration of Governor Moore, an event that Judge Slaughter and Prosecutor Hillman desired to attend. Former Prosecutor Samuel A. Alkins, who is to conduct the State's case on account of Mr. Hillman's being secretary of the loan association when Heller is alleged to have taken the money and being an important witness, had arranged to leave for California this week, and Martin P. Devlin, Heller's counsel, is engaged in other important court work from which he could not be excused. This condition robbed the case of every body important except the defendant, and he was advised not to appear. A date for the trial will be fixed after the blocking circumstances are removed and after all of the officials and lawyers interested are available.

The Surety Company plan, given by Heller at the time he was recently brought to Mount Holly, will continue in force until such time as he is summoned for trial.

## CLUB FOR TEACHERS

Riverbank Farm, on which is a fine old farmhouse overlooking the Charles River, has been donated to the Massachusetts Teacher's Federation. The gift has been formally accepted, and it is expected that the place will be developed into a country club and resting place for teachers. Members of the federation are contributing \$1 each to provide temporarily for the upkeep of the place, which is 21 miles from Boston.

New safety factors in the improved Ford cars are wider gear and brake pedals equipped with flanges. Brakes have been increased in size and lined with asbestos composition.

Instead of smearing your hands and clothing when you grease your car, why not do it the Gulf High Pressure Grease in the new "all-aluminum tube way"? It is more convenient, clean, and economical, and fulfills every requirement of a solid lubricant wherever needed—for trucks, tractors, roller and ball bearings, steering gear, axles, spring covers, grease cups and high pressure systems. Sold at all good accessory stores and at service stations in nine ounce tubes.

## SAVE YOUR COAL!

Shut out the biting winter winds with storm cash and doors.

Keep the floors warm for the children. No matter how much coal you burn, your floors will be cold if you have draughty doors and windows.

We have a full line of well-made storm doors and windows. Phone 302 for prices.

## Report on Work of Sanatorium

Dr. Newcomb Says 1925 Was Best Year in History of Fair View

Honorable Board of Chosen Freeholders, Board of Managers of Fair View Sanatorium, Gentlemen:

I have the very great pleasure of presenting to you, for your consideration, my seventh annual report of the workings and results accomplished at the Sanatorium during the year just closed and of some recommendations for improvements during the year to come.

The great fight against tuberculosis was started in 1904 by the National Tuberculosis Association, and our Sanatorium is one of the many cogs in the wheel of this great machine which has done so much to reduce the number of deaths from tuberculosis in our country, State, and County. When this fight was started, the death rate was over 200 per 100,000; last year, in our State, it was about 85 per 100,000. This great decrease has been brought about by the work of our State Tuberculosis Association, the various County Associations and County Sanatoria and also thousands of citizens who are volunteer workers.

We, who are in this work, hear from time to time that we are spending too much money on tuberculosis. We must judge a tree by the fruit it bears. Is it not worth all the money we are spending in the United States to have already reduced the death rate from over 200 per 100,000 to 85 per 100,000? Consider the thousands and thousands of patients who have been saved and restored to the point where they have been able to enjoy life and to earn their livelihood. I say to you that any money spent to prevent or to cure disease of any kind is money well spent.

**Heads Work Here**  
Our Sanatorium is the head of the organizations in the County that are fighting against tuberculosis. We are working in cooperation with the State Tuberculosis Association, our County Tuberculosis Association, the County Medical Society, all Visiting Nurses and with everyone else who is interested in tuberculosis or public health. We can only be successful in so far as we co-operate with all other agencies in the fight for the better health of our people.

Our Sanatorium is not only giving better care and attention, and, in many cases, better food than the patients would receive in their own homes, but we are often removing them from homes where there are small children, and are thereby removing the source of infection and preventing the children from being infected. Furthermore, our Sanatorium teaches its patients how to take care of themselves after being discharged. If we did not do this, we would not be fulfilling our mission.

I shall now give you some information of which we should all be very proud. I have just obtained these figures from the office of the State Board of Health at Trenton. In the year 1919 there were reported from this county 127 cases and 85 deaths from tuberculosis. In 1924 there were reported 81 cases and 70 deaths. These figures will show something of the effect of our work in our County, although they are not absolutely accurate, on account of the Sanatorium and Nursing Cottage in Brown's Mills where many of the patients are from other counties. But in spite of all the cases that are reported from the private institutions, it is a very good report. Is it not worth all the work and expense to save these fifteen lives a year? And if any of these fifteen happen to be relatives or friends of ours, who will dare say that their lives are measured by dollars and cents?

**Best Year Yet**  
The past year is one of the best we have had. We had 55 admissions during the year, 41 male and 14 female, a gain of 35 over last year. We discharged 53, a gain of 15 over last year. The admissions were classified as follows: Incipient, 21; Moderately Advanced, 21; Far Advanced, 13. Nationalities were: American, 46; Lithuanian, 2; Greek, 1; English, 1; Irish, 1; Scotch, 1; Hungarian, 1; Austrian, 1; Russian, 1; Italian, 1.

Occupations were: Laborers, 15; clerk, 1; junk peddler, 1; students, 7; bookkeeper, 1; blacksmith, 2; cook, 3; mechanic, 2; domestic, 2; telegraph operators, 2; factory girl, 1; dressmaker, 1; farmer, 3; preacher, 1; embroiderer, 1; car washer, 1; carpenter, 1; shoemaker, 1; stenographer, 1; mason, 1; fireman, 1; engineer, 1; accountant, 2; tax collector, 1; feather picker, 1; nurse, 1; weaver, 1; watchmaker, 1. Fifty-three patients were discharged, or left the Sanatorium against medical advice; improved, 34; unimproved, 19. There were 12 deaths during the year.

Our garden afforded us all the fresh vegetables we could use, and the surplus was sold. Fresh garden vegetables are a big asset to our Sanatorium. We should have a few peaches this season from our trees. The apple trees which were set out last spring have made a very good growth. Our pigery was successful.

We were given a very good report by the Inspector of the Department of Institutions and Agencies. We have had many visitors during the year, and all seemed pleased with our institution.

**Radio Working Well**

Our radio has been working throughout the year, and has afforded untold pleasure and recreation to our patients. They enjoy lectures, musicals, religious services, and numerous other entertainments. Many of the patients followed the world series baseball games and all the big football games. I can not estimate the value of this

means of entertainment. Although these patients are in bed, the radio keeps them in contact with the rest of the world.

(Continued on Other Page)

A few of our patients have continued occupational therapy. This is a very good way for patients who are able to do the work to pass the time away, and at the same time earn a little money. Our X-ray Laboratory has taken many pictures during the year, which are always a valuable asset in the diagnosis of tuberculosis. The laboratory is always at the disposal of the physicians of the County.

Many clubs, lodges, and associations of all kinds have been very generous in donating food, clothing, candy, ice cream and fruit. These gifts have been very gratefully acknowledged by our Superintendent. I wish to take this opportunity to thank all who have in any way contributed to the cheer of the Sanatorium.

Although I have mentioned in my previous reports the need of a Preventorium, I should not be doing my duty if I failed to call it to your attention again. We are badly in need of a place to send the undernourished child, where, under proper supervision, this child may be nursed and built up so that he or she may never develop active tuberculosis. Today is the age of Preventive Medicine, and all medical research is along the line of trying to prevent disease as well as to cure it. Prevention is much cheaper and more sure than cure. If we had more Preventoria, we should need fewer Sanatoria.

**New Nurses' Home**  
We have plans and specifications finished for our new Nurses' Home, and I sincerely hope the contract will be awarded and operations started as early as the weather will allow. We must have a place where the nurses, when off duty, can be by themselves in quiet, and where they will not hear coughing, bells ringing and the hustle and bustle which there must be in any Sanatorium. Other Sanatoria offer these accommodations to their nurses, and if we expect to have efficient nurses, we must do the same. If there is any one thing that a Sanatorium needs, it is kind, cheerful and efficient nurses.

I ask your special attention to our financial report, which exceeds our expectations. The total amount of money spent for maintenance is \$38,786.68, and for improvements \$1,209.57, which makes a total of \$39,996.25 spent during the year at our Sanatorium. We have collected from patients and other sources and paid to the County Treasurer the sum of \$22,222.50, which is \$1,612.45 more than we paid the Treasurer during the year 1924. This leaves a total expense to the tax payers of the County for maintenance only the sum of \$17,773.75, or a per capita cost of \$5.914 per day, of \$2,392 per week. The total per capita cost per day, including maintenance and improvements, which is every cent spent at the institution during the year 1925, is \$6.932, or \$2,934 per week. This is \$1,141 per week cheaper than the year 1924. It would be unreasonable to expect a small Sanatorium like this to pay this amount of money into the County Treasury each year; but, with our cases from other counties, we hope to pay back a goodly sum each year. We have had 15,699 patient days during the year.

Although we regretted the loss of our former Superintendent, Mrs. Evans, we feel that we have made a very fortunate choice in her successor, Miss Sophie E. Adams, of New York City, who has been in charge of the Sanatorium since the first of September, and has been doing excellent work.

I wish to thank the nurses and all other employees for their efficient services during the past year and to ask for a continuance of their good work. I also wish to thank the patients for their cooperation.

During the year past, we have held several meetings when we did not have a quorum present. Without a quorum you know we cannot transact any business for the Sanatorium. This Sanatorium should be run by three or four men. There are questions to be decided at each monthly meeting which should have the opinion of the whole Board. We fill too important a position in the welfare of our County to be handicapped in this way. I am trying to run the institution to the best of my ability, but I need and want the advice of the Board of Managers. Our meetings are held the first Wednesday of each month, and I ask each member of the Board of Managers to reserve that date from other engagements so that he will be able to attend our meetings.

I wish to thank the Board of Chosen Freeholders and the Board of Managers for your support and cooperation. Without this our Sanatorium would not be successful. As Medical Director, I ask for a continuance of your interest in the various phases of our work throughout the year to come.

Respectfully submitted,  
MARCUS W. NEWCOMB  
Medical Director.

**Board of Managers:**  
Mr. Chas. E. Joyce,  
Mr. Warren C. Pine,  
Dr. Jos. Stokes,  
Dr. E. P. Darlington,  
Dr. W. E. Rink.

A whole radio program has been broadcast from East Pittsburgh, received by London, and retransmitted to British India, thus joining East and West through the medium of the ether.

The city council of San Diego, Cal., has voted to set aside smoking rooms for women as well as men in all public dance halls.

## CONTINUE DIX

Government Gives Bacharach Assurance Camp Site Will Not Be Abandoned

Definite assurance that the Government has no intention of abandoning Camp Dix, as was rumored recently, is given by the almost simultaneous announcement of a letter from Secretary of War Dwight W. Davis, to Representative Isaac Bacharach, of Atlantic City, and the request of the War Department for

additional funds to enlarge the property at Camp Dix. Investigating the rumor that Camp Dix was to be abandoned, Congressman Bacharach asked Secretary Davis his intentions, and received word that the army has active plans for continuing the post, eventually making it a cavalry station.

President Coolidge on Monday sent to the House a request for an appropriation of \$20,000 to be used for purchasing additional land needed for the operation of camp.

Dix, Carter and Grant, although the exact amount to be used at each camp was not disclosed.

**INSPECT MARYLAND SCHOOLS**  
State school superintendents from 13 Southern States recently inspected Maryland schools and held conferences with State Superintendents Albert S. Cook and his assistants for the purpose of studying the public-school system of that State, particularly its methods of classroom teaching and supervision of instruction.—School Life.

## Electric Equipment for the Laundry

Since the introduction of the electric washer into the laundry, linens are washed cleaner than they ever were before, in about half the time.

During the washboard regime linens wore out long before their time because of the hard treatment of the old-fashioned method.

The cylinder of the Thor electric washer is as safe for your clothes as a porcelain tub. The cylinder revolves and reverses. Linens are constantly agitated, under steady action of the hot soapy water.

You can rinse and blue in the Thor. Its wringer is electrically driven and can be swung into any one of five positions. Blankets, curtains, rag mats, can be washed successfully in the Thor.

\$5 Down—18 Months to Pay

## The Electric Ironer Makes Ironing an Easy Task

## Your Transit Problem!

"The paving obligations are outworn. They were put into trolley franchises in the horse-car days. Times have changed with the coming of buses. . . . After all, the public would be forced to pay the paving charges in a higher rate of fare."  
—Passaic Herald.

## IN THE PUBLIC INTEREST

The theory under which street car fares are regulated by the New Jersey State Board of Public Utility Commissioners is that the fare charged should be sufficiently high to pay the cost of service and no more.

Cost of service means operating expenses, taxes and a reasonable return on the value of the property "used and useful" in providing the service.

In consequence it is of as much importance to the riders on street cars as it is to the companies that every desirable economy be made effective, and all possible efficiency be exercised, in street railway operation, and that no charges be levied against the service that are not justified. (Paving charges are not justified because paving is neither "used or useful" in providing service.) In no other way can the rate of fare be kept at a low level or, as in the specific case of Public Service, the Five-cent Fare maintained.

Each one of the three suggestions made by Public Service for the correction of present conditions in the local transportation field is in the interest of the public and of car and bus patrons. Their adoption means improved service and will assist in the maintenance of the Five-cent Fare. We ask your careful consideration of the measures proposed, namely—

**Further Coordination of Car and Bus Service, Better Traffic Regulation, Relief from Paving Charges.**

We are putting before the public, frankly and freely, every pertinent fact bearing on these three questions, in the belief that they deserve and will receive public support.

**PUBLIC SERVICE TRANSPORTATION COMPANY**

## Wink's Passers Win Twin Bill

Varsity Wallops Princeton Club  
and Reserves Trim Bel-  
field Pirates

Wink's Palmyra Y. M. C. A. quintet walloped the fast Princeton Boys Club, of Camden, and continued the winning streak by chalking up a top-sided score of 20-23 at the Temple gym Saturday evening.

The reserves handed the Belfield Pirates 19-17 defeat in a snappy extra-period game. This made the locals' tenth straight victory.

The "V" team opened with brilliant passing which continued throughout. The local five took an early lead and at half time was enjoying a seven-point advantage, the count being 21-14.

Along with the fast work that fairly swept the visitors off their feet, Slesky's beautiful shooting and the work of Bill McKee was the outstanding feature of the first team game. MacCorkle, Poinsett and Lamont also shone brilliantly for the local eagrons while Slesky and Willie led the victors on the floor.

The reserves game was hotly contested from start to finish and the two five men managed to keep up and tuck throughout. Palmyra held a slight edge, the score standing 11-9 at the end of the first half.

In the second half both clubs played tight basketball and the period ended with 17-17 deadlock. The extra canto started off furiously, but was ended with a pretty field goal by Burke, the "V" making a 20-17 lead. Middleton, Hudson and Jenkins all played a bang-up game for Wink's scrubs while Gawlick and Phole were the Pirates' outstanding passers.

Owing to the fact that the Chautauque will be held in the Temple this Saturday evening, no "V" will not play on the local floor until Saturday, February 6.

The first team box score:

	W.	P.	F.	T.
Lamont, f.	3	0	0	0
McKee, f.	7	1	2	15
Slesky, c.	11	0	2	22
MacCorkle, g.	1	1	2	3
Poinsett, g.	1	0	0	4
<b>Total</b>	<b>23</b>	<b>2</b>	<b>6</b>	<b>50</b>

PRINCETON CLUB

	W.	P.	F.	T.
Sink, f.	5	0	0	10
Willie, f.	2	2	2	6
Hand, c.	0	2	2	4
Wesley, g.	1	1	2	3
Cremmiller, g.	1	0	0	2
<b>Total</b>	<b>9</b>	<b>5</b>	<b>8</b>	<b>25</b>

The Royal Commodore will play at the Palmyra High School football hop to be given in P. O. S. of A. Hall Saturday evening. The cheerleaders will be Miss Bell, Miss Freeman, Mr. and Mrs. Palmer and Mr. and Mrs. Moore. Members of the faculty and their wives. A large crowd is expected to attend the affair.

### NOTICE

Notice is hereby given to the legal voters of the School District of the Borough of Riverton, in the County of Burlington that the annual meeting for the election of four members of the Board of Education will be held at School House, on

**TUESDAY, FEBRUARY 9, 1926**  
at eight o'clock p. m.

One member will be elected a year; the polls will remain open one hour, and as much longer as may be necessary to enable all the legal voters present to cast their ballots.

At said meeting will be submitted the question of voting a tax for the following purposes:

For current expenses ..... \$29,974.99  
For repairs and replacements ..... 1,000.00  
For manual training ..... 1,000.00  
Total amount thought to be necessary is ..... \$32,974.99

Dated this 21st day of January, 1926.  
District Clerk.

**NOTES**—The term "current expenses" includes principal teachers' salaries, fuel, textbooks, school supplies, transportation of pupils, tuition of pupils attending schools in other districts with the consent of the Board of Education, school libraries, compensation of the District Clerk, of the custodian of school money and of trust officers, transient school, insurance and the incidental expenses of the schools.

Women citizens twenty-one years of age or above, by virtue of the Nineteenth Amendment to the United States Constitution may vote for everything presented at this meeting.

A member of the Board of Education shall be at least 21 years of age, a citizen and resident of the school district, and shall have been a citizen immediately preceding his or her term as a member of such board, and shall be able to read and write.

Petitions, legally nominating candidates to be voted on at said meeting, must be filed with the District Clerk at least five days before the date of the meeting in order to have the names of such candidates printed on the official ballots to be used in voting. In calculating the above-mentioned five days, either the filing date or the election day but not both may be counted. Blank forms for this purpose may be obtained from the District Clerk.

## Slants on Life

By J. A. WALDRON

### An Error in Diagnosis

"IT'S anything serious?" Mrs. Nordlaw looked at her physician with apprehension as he studied his thermometer and felt her pulse.

"That remains to be seen," replied the physician solemnly and with a wise glance. "What have been your symptoms?"

"Why, I've had dizziness and chills, nervousness, shivering here and there, and a queer feeling all over me."

"Yes—yes I understand. "I'm naturally strong, am I not, doctor? You've said so more than once."

"Naturally. Yes. But even the strongest you know, are sometimes—"

"But, really, is there anything to fear? I am terribly nervous, as you see."

"Your condition may be temporary—your indisposition slight. Your appetite is—"

"Oh, always the same. Good. I ate a very hearty dinner last night, and it wasn't until after breakfast this morning that I felt so strange I thought I should go back to bed and call you."

"Do you eat much candy?" and he indicated a partly emptied box on the bed.

"I love it! I eat it whenever I crave sweets. And that happens to be often."

"So? But too much is not good for you. How about exercise—your activities? You go about a good deal—and perhaps dance much?"

"Why, I'm on the go all the time! As for dancing, really, I can't refrain from it. I adore it!"

"Well, tell me of your activities, say, for the past two or three days."

"Let's see. This is Sunday, is it not?"

"Yes. Don't you hear the church bells? I was about to start for church when you called me. Do you go to church very often?"

"Always on special occasions. And now and then. My late husband was not a church-goer, you know."

"There was a suspicion of a tear. "But you must not think me a barbarian, doctor!"

"No. You are full of life and must have special excitement. Quite right."

"But as to my activities, what I do one day is much like what I do another—except as to Sundays. Yesterday, for example, I rose early to attend the auction of the belongings of the Princess Zou-Zou. She was quite the model for dress and other things, you know. I just wanted to see what she had when I kept an engagement for luncheon and danced at the same place."

"How long?"

"Why, until it was time to come home and dress for dinner, which I took out. And then I danced again until—until—they closed, you know. They closed quite early, because today is Sunday."

"And if it had been Friday or Thursday, you might have danced longer?"

"I might, I'll confess."

"You must refrain from dancing for two or three days and get more sleep. And here's a prescription that may help. It is nothing serious. Good-day!"

As the physician retired the "phone rang. Mrs. Nordlaw answered. "Who is this? Oh, Mr. Belford! Call you Jack? Somebody may be listening! Well, then, Jack! Call you dear Jack? Why, Mr. . . . Jack! Afraid to propose last night? Why, Jack! Dear Jack, then! Oh! Oh! Well, I'll give you an answer tonight, Jack! I've called you that once, haven't I? And she rang off, laughing happily.

In a moment she stopped laughing and began to sing. Then she began to dress hurriedly.

A maid entered. "Mrs. Nordlaw is waiting, ma'am. She said you had called her up."

"Bring her right in, Flora." And Mrs. Nordlaw continued her song.

"Why, dear!" said Mrs. Nordlaw, a very pretty woman, entering. "You said you were ill, and here you are as gay as a girl. You were even singing. And I met the doctor at the door going out as I came in!"

"And you look just as happy as you've looked for weeks dancing with Jack Belford?"

"Yes. And what do you think of a widow—a widow, mind you—who mistook a plain case of love for some serious illness?"

(Copyright.)

**Sign of Age**

There's a hint of sophistication in the reply of a youngster to the question regarding his aunt's age. "I don't know 'sactly how old she is," he replied, "but a cup of tea tests her."

Y. W. C. A. NOTES

Choral will be held Tuesday evening, Feb. 2. The following Tuesday, Feb. 9, classes will be started in lamp shade making and the making of articles from radio. For further information, call Miss Helen Sterling, president.

Chief of Police C. Morris Beck has been confined to his home on Highland avenue with a heavy cold several days this week.

Much pride in their thrift is manifested by the folks who maintain a bank account that is overdrawn most of the time.

## MIRTH, MAGIC, SAND PAINTING

S. S. HENRY & COMPANY

The entertainment to be presented by this brilliant trio as the closing number on the Riverton-Palmyra Chautauque Tuesday evening promises mystery, novelty and clean fun.

## "AFFAIR OF HONOR" IN PALMYRA HIGH HAS HARD TIME GETTING SETTLED

No longer are modern times observed at Palmyra High. The days of old when knights were bold and assaults were settled on the field or honor have returned and aroused considerable excitement among the boys and has some of the flappers highly enthused.

As the story goes, one of the young men who is prominent in class room activities got in an argument with a lad from Riverton about a month ago. During the course of the heated debate young Mister Studious made a rather cutting remark and the youth from Riverton retorted with a slap in the face.

Mister Studious, having read of the grand old times, decided the slap was an insult and the only honorable thing to do was to settle in the ring. And, naturally, there wasn't a mother's son in the whole school who didn't agree with him.

One of the boys, a prominent athlete, was induced, without much coaxing, to promote the affair. The athlete, acquainted with the fact that Richard's many difficulties but finally announced Monday that he had arranged the site, the field club park, and ordered the contestants and their seconds to appear immediately after school Monday afternoon.

When the promoter, the battlers and their seconds arrived, apparently every boy in the school and a large representation of the fair ladies were on hand. Since it is not the custom for so many young

people to flock to the ball park on a cold winter day, someone became suspicious and before the fight got under way Chief of Police C. Morris Beck dashed down and abruptly ended the affair between gentlemen.

Seeing that his venture into the boxing game was a howling success, the youthful promoter set out to commercialize the scrap. He endeavored to hire one of the local garages with the intention of charging admission, but without success. Then an attempt was made to gain admission into the Y. M. C. A. Hall, but without much luck.

This rather discouraged the promoter. He realized it would be impossible to make a financial gain, but still anxious that the young Mister Studious might have an opportunity to avenge the insult he attempted to get some of the boys to use their dad's cars and take the party to the country Tuesday afternoon so that the field of honor could be located on a spot where the boys would not be molested by such unnecessary beings as officers and teachers.

This plan fell through, for instead of taking the contestants to the country the lads used the automobiles to take their "sweet shebas" to the Palmyra-Moorestown basketball game Tuesday afternoon.

"If you first don't succeed, try and try again," says the promoter. And he is still hopeful of locating a secluded field of honor for the knights of old.

## HANDICAP AFFAIR

Captain Moore Says Moorestown Official Beat Palmyra High

According to a statement issued by Coach Craig Moore, it was the eleventh man on the floor that was largely responsible for Palmyra's High's 23-19 defeat at Moorestown Tuesday afternoon.

According to the little mentor, Elsie, Palmyra's star forward was removed from the game charged with personal fouls, in the second half just as Palmyra and Moorestown were tied. Moore says the fouls were not detected by anyone except the referee, whose decision were handed on all sides of the basketball court.

While the Moorestown passers continued to charge and block at will, with many a foul called, Palmyra's two other outstanding eagles, Captain Bright and Kallnowski, were each chalked up with a trio of personal fouls.

The coach declares the sportsmanship displayed by Moorestown and the official was the worst he has ever seen, and says he was half inclined to meet with the local players' demands in the second half and remove them from the game.

Moorestown second was scheduled to meet the Palmyra scrubs but on the arrival of the Palmyra bunch it was announced that Moorestown had arranged conflicting engagements and the Moorestown would meet Pennsauken Junior High instead of Palmyra.

The Palmyra girls met their first set back of the season when they were defeated 32-17 at Woodbury Tuesday afternoon.

The Palmyra varsity will meet Langhorne (Pa.) and the reserves will play Pennsauken Junior High at the local gym this Friday evening, starting at 8 o'clock.

The song, "The Sweet Bye and Bye," composed in the lantern light of a country store, brought a royalty of \$25,000, but not until fifty years after its composer, Joseph P. Webster, of Elkhorn, Wisconsin, had written it.

## FIRE COMPANY BANS ALARMS FROM DELAIR

Local Firefighters Find That Reception Despite Warmth of The Flames

Palmyra firemen, at a meeting held Monday evening, decided there was no fun in fighting fires where they were not wanted, especially when the company was leaving its own town unprotected in so doing.

The company voted not to answer any more alarms from Delair, unless the company's assistance was requested by officials or fire companies of Pennsauken Township.

Recently, the Palmyra Company went to Delair and had a fire under control before any Pennsauken company arrived. When the Pennsauken firemen did reach the scene, however, they were apparently quite peeved to find that Palmyra had beat them to the fire and saved the house from destruction.

More than that, some of the residents in the neighborhood of the blaze insisted on getting in the way of the Palmyra fire fighters and didn't take kindly to being ordered off the premises so as to give the firemen a chance to perform their work.

After reflecting on these circumstances and also the fact that Palmyra has to be left without fire apparatus when the firemen go to Delair, the Independence Fire Company has decided to let Pennsauken go to its own blazes.

At the meeting it was also decided that all members, upon reaching the age of seventy-five, would automatically become honorary members. Since the accident insurance does not cover a man over this age, the Relief Association would have to care for the elderly fire fighter should he be injured on active duty.

The retired members will have all the privileges of an active member with the exception of being called to fight flames. If a man has been a service twenty-five years at the time of his retirement he will be presented with a gold fireman's badge on which will be inscribed the date of his enlistment in the service and the time of his retirement.

Frank Windiah was retired Monday evening and it is understood the veteran fire fighter will be presented with a gold badge in recognition of his twenty-five years of untiring work with the company. The presentation will be made in the near future says Chief C. Morris Beck.

## SCOUT ANNIVERSARY

Boys Will Play Big Part in Celebration on Feb. 8

Monday, February 8, 1926, will be the 16th anniversary of the Boy Scouts of America. Promptly at 8:15 P. M. on that evening, Boy Scouts everywhere will stand at attention and repeat the Scout Oath.

Radio Station WJLT, of Lit Brothers, in Philadelphia, has agreed to put its station at the disposal of the Scouts of this section so that we may arrange the ceremony to be absolutely simultaneous and also giving us a chance to make it particularly impressive to parents and friends of the boys.

All Troops who can possibly do so should arrange to have a radio set installed in their meeting room that night. The local dealer will be glad to do this. Troops which do not have a meeting Monday evening, should arrange to have each patrol meet at the home of one boy who has a radio set.

At 8:10, Station WJLT will announce the start of the Scout feature and Henry M. Neely, Commissioner of Burlington County, will be introduced and give a short explanation of the celebration and the ceremony. A representative of Philadelphia County Council will then call all boys to attention and lead in the repetition of the Oath. A representative of Camden County

Council will lead in the Scout Laws and one from Delaware and Montgomery County Council will lead in the Pledge to the Flag.

Special awards of points in the contest for the Burlington County Flag will be made to the Troops who cooperate in this Radio Anniversary. Points will be awarded as follows:

1. Fifty (50) points for Troop meeting in headquarters with radio set, and with 75% of members present.

2. Where the troops cannot meet as a whole, ten (10) points will be given to each Patrol meeting at a home provided with a radio set, with 75% of its members present.

Henry M. Neely, Commissioner.

ELWOOD HAINES

Elwood Haines, 31 years old, a resident in the locality all of his life, died at his home at Five Points, Parry, Thursday evening of last week after a short illness of only two days.

Funeral services were held at his late residence Sunday afternoon at 2 o'clock with the Rev. Mr. Narko, pastor of the Moravian Church, Parry, officiating. Interment was made in Morgan Cemetery with Funeral Director Frank A. Shover in charge.

Mr. Haines is survived by his wife, Mrs. Ida Haines, and Collins Haines, a brother, also of Parry.
