"UP TO YOU" FREEHOLDERS AGAIN TELL PROSECUTOR

Must Take Full Responsibility For Conduct of His Office, Board Advises

"WILL GET INTO POLITICS" IS THREAT OF FIREMEN

The Burlington County Firemen's Association which asked the Board of Freeholders sometime ago to create the office of Fire Marshal for Burlington County and recommended Edward H. Flagg, Jr., as the man to fill the position, has not been satisfied with the treatment accorded the suggestion by the Board of Freeholders.

At the Friday meeting the following letter was received from the secretary of the association.

Board of Chosen Freeholders,
Mount Holly, N. J.
Gentlemen:

At the regular meeting, held in Lumberton on January 19th, 1927, newspapers clippings were read which showed your disposition of the appointment of Fire Marshal for Burlington County promised us at the beginning of the year.

Common courtesy should have at least caused you to inform us of your action so we would not have to get information from the newspapers. Many firemen expressed their views which were entirely unfriendly toward your body and while this association has kept out of politics since its organization in 1915, the concensus of opinion of the members is that we must now get in and teach a few political bosses that the firemen do not intend to suffer by factionalism as we feel that the candidate we named and not the $500 salary largely influenced your decision.

As one member expressed it, the Freeholders gave the firemen a 'slap in the face,' and this association refuses to accept such action. On motion I was instructed to write your body this information and send by registered mail to insure its delivery.

Yours respectfully,
WILLIAM S. GINGLEN,
Secretary B. C. F. A.

Freeholders Explain Position

After the firemen's letter had been read Freeholder Fisher offered the following resolution which was seconded by William H. Heisler and unanimously passed by the Board.

WHEREAS, the recent action of the Board of Freeholders of Burlington County in deferring consideration of a communication from the Firemen's Association has been misinterpreted by members of the Association; therefore be it

RESOLVED, That the Board of Freeholders wish to assure the Firemen's Association of their appreciation of the valuable and self sacrificing service they render, and our confidence in the purity of motive that actuates them in seeking to promote added efficiency.

Their request for the appointment of a County Fire Marshal for 1927 came before us after our budget had been made up. Some of the members of the Board wished an opportunity for more careful consideration of the provisions of the legislative act creating the office, the duties prescribed, together with the responsibilities imposed upon the Board.

It is felt that the County should not assume prerogatives that properly belong to municipalities.

There has been a consistent effort on the part of the Board to guard the tax payers against any increase of their burdens without the utmost justification.

The Board would welcome a meeting with a committee of three members of your association to confer concerning the matters involved; and be it further

RESOLVED, that a copy of this resolution be transmitted to the Secretary of the Firemen's Association.

C. B. FISHER,
WM. H. HEISLER.

Think Office Unnecessary

There is a feeling on the part of the members of the Board that the office of Fire Marshal is altogether unnecessary. Some time ago a bill was put through the Legislature affecting third class counties in order, it is said, to "make a job" for someone in one of the Southern counties. Last winter an amendment was passed including second class counties, in which class Burlington County falls.

At the meeting of the Burlington County Board of Freeholders on January 14, Prosecutor George M. Hillman appeared before that body to ask advice on how far to go in

(Continued on Page 3)

BIBLE SCHOOL

Teacher's Training Course Opened With 102 Enrolled

The teacher's training course opened last Friday evening in the Junior Room of Epworth M. E. Church with an enrollment of 102. An increase in number is expected.

Everyone was delighted with the lectures of Dr. Broetmarkle, Dean of the Teacher's Training School in Philadelphia, and Instructor of Physiology in the University of Pennsylvania, and Prof. Vollmer, formerly Professor of the New Testament in Eden Seminary, St. Louis, Mo., and the author of recognized books.

The second service will be held this Friday evening at 7.45 o'clock.

CELEBRATES FIFTY YEARS OF SERVICE

William H. Rudduck was presented with a beautiful Hamilton gold watch Saturday eveing by William Wanamaker, of Wanamker & Brown in recognition of fifty years of service with that firm. Mr. Rudduck also received a first prize of money for holding the highest record of salesmanship. These awards were made at the annual banquet given by the firm for their salesmen, at the Hotel Adelphia.

SURPRISE

Charleston Exhibition Feature of Party on Melrose Avenue

Friends of Miss Frances Bills, the twelve-year-old niece of Mr. and Mrs. H. L. Harder, 304 Melrose street, Palmyra, surprised her completely Saturday afternoon when they came to her home for a good old-fashioned "surprise party." There were games and dances and a very attractively decorated table of good things to eat. The decorations, however, disappeared rapidly under the onslaught of the eighteen young folks.

Much merriment was had in connection with the Charleston contest which was won by Miss Valerie Duff.

Here are some of "Palmyra's finest" who made the occasion so successful: Marian Fitzmaurice, Dorothy Shaner, Elsie Rielley, Mary Galloway, Henry Fluck, Henrietta Roray, Helen Habfast, Margaret Saar, Jane Fowler, Marian Stager, Valerie Duff, William Cooper, Edward Smith, Harold Zayotic, Jean Stager, Sidney Furman, Robert McCamy, William Headington.

Hebrew Home on Shore Leave

Riverton Lad Who Joined Const Guards Is Well Pleased With Service

Harry Hebrew, who enlisted a year ago for a three-year term with the coast guards, and is at present serving aboard the U. S. Destroyer Ericsson, spent three days of this week visiting his parents, Mr. and Mrs. William Hebrew. Harry says that while he likes the service a lot "there is no place like home."

The Ericsson was the old Destroyer 57 during the World War and was built at the New York shipyard, Camden. It is 300 feet long and carries a crew of 110 men including the officers. The craft mounts two 4-inch guns, one 5-inch gun, a one-pounder machine gun, and is used for coast patrol service, cruising along the Atlantic coast from Canada to Cuba and her mission is to answer S O S calls, chase rum runners and enforce revenue laws in general. Recently the Ericsson has been on ice patrol duty, dynamiting icebergs along the coast of Labrador.

Describing the rum runners' methods young Hebrew said that a supply schooner will lay beyond the twelve-mile limit while fast speed boats run out and bring the "stuff" ashore.

On Armistice Day the Ericsson fired four shots at one of these speed boats which escaped in the fog.

In the fall a coast patrol boat seventy-five feet long ran out of food and fuel. The S O S of the crippled vessel was picked up by the Ericsson who went to her relief. In the meantime however, a steamer came along bound for Scotland and picked up the officers and crew. The Ericsson brought in the deserted boat.

One of the recent captures made by the Ericsson is described in a New York paper as follows:

"When the United States Destroyer Ericsson put a prize crew aboard the Annette, 125 miles at sea, the crew was doing a snake-dance on deck, according to Captain Chalker of the Ericsson, and champagne bottles with amputated necks littered the craft. The ship carried 1500 cases of French champagne, valued at $65,000, officials charged. The seven sailors were held in $2500 bail."

SCHOOL ELECTION

"Dark Horse" Candidate For Board is Rumored

The Palmyra school election will be held in the Delaware Avenue School next Tuesday evening at which time three members of the board will be elected and the yearly budget adopted.

Ralph Rivers, George Clover and George Harvey are standing for re-election, but it is rumored there will be a "dark horse" candidate, so it will be to the interest of all citizens concerned in the make-up of the board of education to be on hand.

Mr. Clover and Mr. Harvey are veteran members of the board and have served quite faithfully, while Mr. Rivers, although having served but one term, has distinguished himself as a most progressive and outspoken member. He has stood continually for modern methods and capable teachers and has worked hard to build up the standards of the Palmyra school system.

P. O. S. of A. FORUM

Members of Palmyra Camp Give Splendid Talks

The popular forum was the program of Camp 23, P. O. S. of A., of Palmyra, Monday evening.

Warren Collins was the first speaker of the evening and gave a very interesting talk on, "Ship Building of Today." Mr. Collins is connected with the ship building industry and knew what he was talking about.

Mr. Jackson was the next speaker and gave a splendid address on "The First Filter System of Philadelphia."

George N. Wimer talked on political history of Philadelphia years ago and told how today's elections differed from those of years back.

Arrangements are being made for a big time Monday night, February 21. The entertainment will include a talk by Professor Broom, of Philadelphia. Mr. Broom is the head of the Public School of the State of Pennylvania. A drill by the P. O. of A. will be given.

LADIES AT ROTARY

Members and Their Wives Enjoy Initial Event

The first place its organization, the Palmyra-Riverton Rotary Club celebrated Ladies' Night Thursday evening last in P. O. S. of A. Hall.

Promptly at 6.15 o'clock a very select and carefully prepared menu was served with President Dr. Charles Street Mills presiding as toastmaster. During the course of the dinner, Lee Mitten with his celebrated orchestra provided the music program which was participated in by the members and guests.

Following the dinner Dr. James Austin, the speaker of the evening, in his usual oratorical form, delivered an exceptionally interesting address.

Upon the conclusion of Dr. Austins address, the evening was spent in dancing and cards.

The success of the affair was directly due to the efforts of the entertainment committee under the chairmanship of Everett Wolcott.

Boys' Work Night will be observed this Thursday evening at their regular meeting in the Porch Club, Riverton.

Ralph Rivers, of Palmyra, who has been actively engaged in boys' work for years past, will address the club.

Delanco Loses First Game To Palmyra

Rally In Second Period Gives Locals Victory By Three Points

Palmyra chalked up its first win in three starts and Delanco received its initial reverse in a league tilt at Delanco Tuesday night.

Delanco led at intermission 19 to 14 but Palmyra got playing in the second twenty minutes and nosed out their rivals by 3 points, final score, 31-28.

Burke and Elsley were high scorers for the winners with eight points each. McKee also dropped in two double-deckers from the field and added a foul for five points. Shultz sank a twin-pointer and five of seven foul tosses for seven points. Davis also tallied one through the net and one from the complimentary mark.

For Delanco, Gremminger was high man with 12 points. Maguire and Platt also played well.

In Third Place

This victory put Palmyra into third place in the league and dropped Delanco to second as Moorestown won and gained first.

This Saturday night the two teams will battle again, this time at Palmyra. The game will be played in the M. E. gym and will start at 8 o'clock.

DELANCO

Elsley, c	2	4	10	8
Davis, g	1	1	4	3
McKee, g	2	1	4	5
Totals	8	15	33	31

Seconds Nosed Out

The Palmyra second team was nosed out by the Delanco Reserves 27 to 26 but not until after a hectic struggle, the game going two extra five minute periods. The count was tied at 24-24 when the regulation time was up. Two foul goals tied matters again after the extra period of five minutes. Jack Scherer, who made his debut with Palmyra, had a chance to win the game with his foul, but the ball hit the front of the rim and bounced back into the playing field. A foul toss by Kumple in the second extra period won the game for Delanco.

The Palmyra team outscored the winners from the field 10 goals to five. The patched-up Palmyra team gave the regular Delanco second a stiff battle. "Spas" Lytle, Palmyra guard, injured his shoulder when pushed against the cage.

Palmyra's line-up included Middleton, Jenkins, Conway, Lytle, Scherer and Friedman. Kumple, Keebler and G. Shaw featured for Delanco.

Battle Burlington-Holly

Palmyra gave the Burlington-Holly combination one of its stiffest battles of the season Saturday night in the first half of the game. The score at half time was Burlington-Holly 18, Palmyra 12. After intermission Burlington went on a scoring spree and when the final whistle blew there was a different story to tell as the figures read 57 to 18.

Palmyra made seven field goals in all. Three of these and a foul were tallied by Reeves who was high scorer for Palmyra with seven points. Shultz made two from the field and one foul for five points while Brown accounted for the other two double-deckers. Elsley, who was shifted to guard, played a good floor game along with Kalinowski.

For Burlington, George Arenz, leading scorer, sank ten field goals and five fouls for a grand total of 25 points, a league record. Foster another guard, gathered ten points while Cook and Walter Arenz, a brother of George, each made eight.

Juniors Also Lose

The Palmyra second team dropped their contest by a 35-13 count after trailing 15-8 at half time. Paul Burke, with four field goals and two tosses from the foul mark did most of the damage for the Palmyra boys, his county being ten points. Taylor, at guard, made the other goal from the playing field and two additional fouls. Lytle and Conway each sank two foul goals while West also played well for the losers.

Bennett the "Burls" star forward featured for the winners with 17 points. Enskat tallied three and two for eight markers, Sherman three goals for a half-dozen points. Donnelly sank the other two goals made while Albertson was shut out entirely.

K. of C. POOL TOURNAMENTS

Harry Burns and Herb Schneider Win From Merchantville in Spectacular Rally

Last Tuesday night the boys of St. Joseph's Council matched their skill in pool, quoits, pinochle and shuffle boards against Merchantville and emerged victorious in two out of the four contests.

The attention of the majority of the crowd was centered on the pool table because Merchantville had their two best cue artists, J. Foster and Ed. Inglesby on hand to defend their reputation with the ivories, while St. Joseph's had two real experts in Harry Burns and Herb. Schneider.

The game started with Merchantville electing to break and from the very first shot on, the watchword seemed to be, "Be sure it looks good or play it safe." Herb. Schneider had the first big run of the game, in his fifth trip to the table Herb. very nicely picked out one of those combinations that break up the bunch, and before he finished his steady hand had guided 13 into the pockets. This gave St. Joseph's a lead of 11 with the score 37 to 26. Ed. Inglesby then started a rally for the visitors and collected a run of 12 which J. Foster followed up with a run of the same number.

This made the score at the half way mark 50-41 with Merchantville leading. The visitors then collected a number of small runs which made their total 61. Then came St. Joseph's rally. Herb. started the frame with a beautiful break shot that scattered the balls to all sides of the table, he then immediately set out to clean up, he then played safe on the next break. Foster just disturbed things enough for Burns to pick one out and run 10 leaving Inglesby safe. The standing was then 74-61 with St. Joseph's in the lead. From then on the lead of the local boys was never threatened and the remaining frames were run off in short order. Final score, St. Joseph's 100 and Merchantville 69.

In shuffle boards the Merchantville quartet played, "rings around the shufflers of Palmyra and Riverton." The visiting team represented by John Jones, Con. Daugherty, A. O'Malley and J. Gallimore easily outplayed their less experienced opponents. Those playing for St. Joseph's were H. Bradshaw, J. Strohlein, T. O'Donnell, W. Carver and A. Strohlein. Final score Merchantville 150 and St. Joseph's 78.

The pinochle tournament attracted much interest as five tables were required to accommodate the players. The scores were close and the biddings were sharp with Merchantville leading in the grand total 924-899.

Stanley Hylton and Ed. Burns playing for St. Joseph's were far superior to their rivals and easily won the quoit contest by the score of 75-51.

Refreshments were served after the games.

The advanced sale of tickets for the comedy show to be given in the Palmyra High School on February 25th has reached 273 and chairman H. Bradshaw announced that the demand is increasing every day.

Grand Knight Mitchell of Merchantville extended to St. Joseph's an invitation to visit Merchantville and engage in contests in their home. Date will be set later.

Bishop Newman Council of Riverside will be visitors to the local K. of C. headquarters on February 15th.

PHS LOSES

Moorestown Wins When Locals Lose Best Players

Palmyra Hi, minus the services of Jack Elsley and Elwood Branson, veterans who were ineligible because of scholastic difficulties, suffered a 26-15 setback at the hands of Moorestown Tuesday afternoon at Palmyra. Moorestown hopped off to a 13 to 5 lead at half time, but Palmyra climbed into a deadlock at 13 points in the last half, only to fall behind when Captain "Vince" Kalinowski and "Jimmie" West were banned for exceeding the personal foul rule.

Hudson and West, with two baskets apiece, featured for Palmyra. Haines, with four field goals and three foul tosses, led the way for the "Quakers."

Palmyra and Moorestown were even in shooting goals from the field, each tallying half-a-dozen, but Palmyra committed 17 fouls which the Moorestown team took advantage of on 14 occasions. Palmyra sank three of their six fouls.

Next Tuesday Palmyra will go to Gloucester for a game to be played in the evening at 8 o'clock.

LIONS

Splendid Address Heard at Meeting Tuesday

The Palmyra Lions Club had a splendid meeting Tuesday evening in the basement of the First Lutheran Church when J. D. Gindhart, of the Keystone Telephone Company gave a stirring address on the ideals, purposes and opportunities of Lionism.

Plans were laid to attend in a body the joint Service Club meeting to be held by the Riverton-Palmyra Rotary Club in P. O. S. of A. Hall on Thursday evening, February 24, when the local Rotary Club celebrates its first anniversary.

A meeting of representatives of all organizations in Palmyra, Riverton and Cinnaminson will be called in about a month's time for the consideration of a united charitable organization.

KERSEY IMPROVES

Distinguished Palmyra Student Recovering From Operation

Roy J. Kersey, of Palmyra, who has been critically ill following an operation for appendicitis, is now improving and the doctors give hope for a speedy recovery. He is at the University of Pennsylvania Hospital, where he was operated upon Friday afternoon after the surgeon, Dr. Rayden has returned from Atlantic City where he had just finished operating on Mayor Bader.

Roy, who is a junior at Swarthmore College, has just had the distinction of being made a member of the faculty of that school. Just before he was rushed to the hospital he was informed of his appointment as assistant professor of anatomy in the Department of Biology. This is the first time in the history of the school that a junior has received such an honor and it speaks well for Roy's ability.

New Gunning Club Holds Big Shoot

Hercher, Beideman and Bohs Are High Scorers in "Fifty"

About fifty spectators witnessed an interesting shooting match on the Shaffer farm last Saturday afternoon between members of the Community Gunning Club of Cinnaminson.

Howard Hercher and Charles Shaffer tied at "ten straight" for the first prize, a seven pound chicken. But in the "shoot off," Charley" succeeded in capturing the chicken with a "seventeen straight."

Hercher, Beideman and W. Bohs were the high scorers in the "fifty target shoot," while C. Shaffer and Hubbs proved the leading counters in the "twenty-five."

The Community Gunning Club of Cinnaminson will shoot with Indian Mills at Indian Mills against Mt. Holly this Saturday afternoon.

Following are the scores for the entrants who shot in last Saturday's match.

50 Target Match

H. Hercher	46
M. Beideman	41
W. Bohs	40
F. Shaffer	38
P. Bohs	34
J. Shaffer	34
J. Stack	33
H. Pratt	32

25 Target Match

H. Hubbs	21
G. Bour	18
J. Barr	17
A. Hansen	15
F. Hercher	15
D. Coles	15
W. Shaffer	15
J. Cuzzupe	15
J. Rudderow	14
L. Hercher	14
P. Vallari	14
H. Dennisler	13
E. Jessup	12
E. Hercher	11
L. Miller	10
D. Ford	10

"SURPRISE DINNER" WRECKS STOVE

Gas Stove Blows Up And Guests Eat Bread and Butter

Mrs. William B. Powell had a narrow escape from serious injury when the gas stove up which she was cooking a "surprise dinner" blew up last Friday morning. In one oven there was the dinner with tomatoes, potatoes, onions and all the other fixin's while in the other oven a big fat apple pie was turning a delicious brown.

Without warning the stove was torn asunder with a tremendous crash and the contents of the ovens were distributed over the kitchen. A part of the stove struck Mrs. Powell on the leg inflicting a painful but not serious injury. Mr. Powell, who fortunately was home at the time, rushed down the cellar and turned off the gas.

Mrs. Powell was preparing the dinner for Mrs. Edward Warrick, Mrs. Louella Wallace, and Mrs. Earle Collins, who were to be her guests on that day. The dinner turned out to be a most unexpected surprise—they served bread and butter—but the guests were so pleased to see their hostess practically unharmed after her harrowing experience that no attention was paid to the shortage in the "eats."

PALMYRA P. T. A.

Commander J. S. Evans' topic at the High School on Monday evening Feb. 21, is "The Situation in China and the American Fleet in Chinese Waters." We are confident that every up-to-the-minute American is keenly interested in activities of such international importance and will be sure to hear the Commander's able statement of conditions as he comes in touch with them.

The Commander will show a most remarkable collection of moving pictures. We will see on the screen at close range, many of the conspicuous figures familiar to us by name in the daily news reports.

There will be no charge of admission and the member of the association hope that as many as possible will have the pleasure and benefit of hearing Commander Evans.

Publicity Comm.

ELLA T. CONVERSE

Ella T. Converse, 74 years old, died at Freehold, N. J., last Saturday, January 29. The deceased was a daughter of George and Elizabeth Smith.

Funeral services were held from the Snover Funeral Home, Tuesday, at 2 p. m. Interment was at the M. E. Cemetery, Palmyra, with the Rev. William Lee officiating.

The deceased is survived by two sisters, Mrs. Mary H. Pets, of Long Branch, N. J., and Mrs. Levy. She also leaves one son, Robert Allen, also of Long Branch.

CONTEST LOOMS IN ELECTION OF SCHOOL BOARD MEMBERS

Ross Mattis and H. K. Rutherford Will Try For Seat Vacated by C. W. Kipp

LARGE TURNOUT OF VOTERS PREDICTED

For the first time in a decade Riverton is going to have a contest for members of the board of education. Five candidates will be in the field with four places to fill.

Mrs. E. C. Sullivan and S. L. Warren will stand for re-election and Francis J. Elwell, who was appointed at the last meeting to fill the vacancy caused by the resignation of J. W. Sylvester, will be a candidate for the unexpired term.

The two new candidates are Ross E. Mattis and H. K. Rutherford.

Of late years the average attendance at the annual school meeting has been about a baker's dozen. In fact, sometimes it has been necessary to send out into the highways and byways to find enough men and women to fill the necessary offices to conduct the meeting and hold an election.

This year things sought to be different. With the contest on for members of the board, citizens may be expected to turn out in full force to voice their preferences.

During the next year or two matters of serious import to the residents and taxpayers of Riverton will come before the school board for decision and action.

It is going to be necessary to very soon provide additional room at the school. Whether this will take the form of a wing to the old building on the present site, or a new building on Memorial Park or elsewhere is one of the things that will have to be determined.

The annual school meeting and election will be held in the Riverton School House Tuesday evening, February 8, at 8 o'clock.

I. O. O. F.

Grand Master of New Jersey Here Wednesday, Feb. 9th

Great interest is being manifested among Palmyra Odd Fellows at the coming visit of the Grandmaster and members of his staff to Cinnaminson Lodge No. 201, on Feb. 9. It is the occasion of a Degree Demonstration by the local lodge and by Amity Lodge of Merchantville.

The degree teams of the respective lodges have gone to great efforts to exemplify these degrees in full form and with tableau promising an evening's enjoyment long to be remembered by those attending. The demonstration will begin promptly at 8 o'clock and will be followed by refreshments under the auspices of the Ladies Auxiliary.

"Kathleen" Enjoyed by Big Audiences

School Production Is Cleverly Presented On Three Evenings

"Kathleen," the musical comedy presented three evenings last week by Palmyra High School students, ably assisted by grammar school children in the choruses, proved a delightful entertainment for the large audiences which witnessed the performances.

The theme of the play was a school time romance between Kathleen O'Day, the village sweetheart, and Jimmy Stanton, poor but honest clerk in Hans Schwindler's country grocery.

Kathleen was much in love with Jimmy, but her rich and hard hearted guardian, Michael Flynn, frowned on the romance and insisted that she marry Ned Rollingston, the villain of the piece, who was supposed to be the son-also of a wealthy man. He had just returned from college and was keeping secret the fact that his father had gone "busted" and applied himself vigorously to the task of winning the hand of the heiress Kathleen, although secretly making love to the village flapper, Flossie Neversett.

The humor of the play was supplied by Teckley Bramble, champion checker player, and Lem Underduck, correspondence school detective, both in love with Arabella Wilkins, the postmistress, and especially by Hans Schwindler, a typical dutchman, whose role was filled to perfection by Roy Wentzel.

The choruses were composed of school children ranging from the primary departments to the high school. The costumes were very pleasing and the dancing and singing showed every evidence of talent and careful training.

The proceeds of the show go to the school athletic association.

The cast of Kathleen was as follows:

Teckley Bramble	Edward Arndt
Lem Underduck	Leonard Lisk
Arabella Wilkins,	Muriel Burgmann
Jimmy Stanton,	Ed. Hutchins
Flossie Neversett,	Helen Enskat
"Kathleen" O'Day	Thelma Jones
Michael Flynn,	Weston Blaser
Hans Schwindler,	Roy Wentzel
Ned Rollingston,	Bruce Beahn
Higgins, the butler	Paul Kernan

FORMER MAGISTRATE TO SPEAK AT CHURCH

Robert Carson, former militant Philadelphia magistrate and prominent leader among men in Philadelphia, will be the special speaker at the Central Baptist Church next Sunday evening, February 6.

Mr Carson is well known in city politics as well as in church and fraternal circles. He organized a Men's League in the Presbyterian churches in Philadelphia that reached a total of 1500 members. Robert Carson is also past master of Mt. Horeb Lodge, No. 528, F. & A. M. of Philadelphia and has a brother, William Carson, living in Palmyra.

Mr Carson will speak at the church's evening service under the auspices of the Men's Baraca Class, of which Thomas C. Van Orton is teacher.

MARY ANNE

Palmyra High Seniors Will Present Fine Comedy

The Senior Class of Palmyra High School will present the popular four act comedy, "The Blossoming of Mary Anne" on the evenings of March 25th and 26th. The play was written by Sidney Toler and Marion Short, who are well-known to theatre-goers as the authors of several successful comedies.

The Class will be remembered in local amateur theatricals circles for the presentation of the farce "What Happened To Jones," last year.

Tryouts are being conducted this week under the direction of Miss Lodge, who will coach the play. The class talent is turning out in fine shape and they are enthusiastically striving to make the "Blossoming of Mary Anne," rival the high standard set for stage productions from Palmyra High.

ENGAGED

An engagement of interest to many Palmyra people was announced at a tea last week by Mr. and Mrs. John B. van Baun at their home in Philadelphia, of their daughter, Miss Anna Elizabeth van Baun of New York to Mr. Donald Satterthwait of Wilmington. The van Baun's are former residents of Palmyra and among those present at the tea from Palmyra were: Mrs. W. Paul VanKant, Miss Martha Hirsch, Mrs. James Ryan, Mrs. Stanley Green, Miss Florence Brooks, Miss Marie Fox and Miss Katherine Hirsch of New York.

FATHERS and SONS TO DINE at CINNAMINSON

First Annual Father and Son Banquet to be Held February 15

Tuesday, February 15th, will be a red letter day for the forty lucky boys and their dads of Cinnaminson who will be able to squeeze into the dining room of the Cinnaminson school. Folks are already getting excited and well they may for this is the date of first annual Father and Son banquet of that township.

Guy Hendry will be there with his red necktie and his Y M C A orchestra. Teacher Association will serve the food, and that guarantees a wonderful dinner chicken 'n everything.

And if you could hear the jokes that the toastmaster has ready, you'd laugh and cry so hard that you couldn't read the rest of this advance information. And that would be too bad for the best is yet to come. There will be a speech by a boy and one by a dad or a grand-dad and then the address of the evening by one of Burlington county's best known men, the Hon. B. Beazley, of Jobstown. And then you have heard him you will realize that you have listened to a man who knows boys and who knows men and who is able to stir his hearers as few men can.

Get your tickets early there won't be room for everybody. Fifty cents will admit a boy or a dad but no one can be alone and tickets should be bought in pairs. Dads without boys, and boys without dads will have them supplied but better yet find your own and bring him.

Tickets may be had from the Rev. A. J. Harke, Arthur Siebke, Edw. Jessup, Herman Denneler, Herbert Dinges and Howard G. Taylor, Jr.

CALL TO CITIZENS

All Interested in Hygiene Nurse Asked to Attend Hearing

Cards have been mailed out to citizens of Palmyra requesting them to appear at the hearing on the Borough Budget to be held at the Fire House this Tuesday evening.

Everybody interested in the Child Hygiene Nurse is requested to attend and it is hoped by those sponsoring the movement that Council can be prevailed upon to include a sum in the Borough Budget to defray half of the nurse's salary, inasmuch as the school board is understood to have made arrangements to pay the other half.

CINNAMISSON P. T. A.

At the meeting held on January 26, Mr. Howard Taylor, president of the Cinnaminson Board of Education, presented a plan for a Father-Son Banquet. The association unanimously decided in favor of the dinner. They plan to serve it February 15.

With Mrs. Kripnick of Mount Holly to leave with us many inspiring thoughts along the lines of Americanization and Americanism, we should have a kindlier sympathy and a more human understanding of the foreign child and the foreign home.

Watch Cinnaminson get a state certificate for health follow up work.

SARAH RODGERS

Sarah Rodgers, for many years a resident of Riverton, died at the home of her sister, Mrs. Charlotte McCardell, 261 Seventh street, Tuesday, February 1.

The funeral will be held Saturday at 9 a. m. from the home of her sister. Requiem Mass will be at the Church of the Sacred Heart, Riverton, at 9 a. m. Interment will be at the Mt. Carmel Cemetery, Moorestown.

Friends may call Friday evening. Funeral direction will be in charge of Frank A. Snover.

State Loses Suit Against Woman

Mount Holly Girl, Charged With Larceny, Freed In Court

Following are Burlington county criminal court cases which were tried at Mount Holly early last week.

The case of the State vs. Miss Marian Brown, of Mount Holly, was heard by a jury, the young woman having been charged with breaking, entering and larceny. It was claimed that the defendant, knowing where a key was kept which opened the front door of the residence of Samuel Shinn, of Paxon streets, Mount Holly, took the key in the absence of the family, entered the house and helped herself to several articles of clothing, including a fur coat belonging to Miss Elizabeth Shinn, a daughter. Miss Brown then disappeared from town and was away for several weeks, but was arrested on her return by the Mount Holly police.

Miss Brown put up a strong defense through her counsel, A. Thomas Atkinson, claiming that she was given the articles by Miss Shinn with instructions to sell them.

Not Guilty

The jury returned a verdict of not guilty.

Another case that was heard by a jury was that of Joseph Kalawski, of Burlington, charged on two indictments with sale and possession of liquor.

The jury returned a verdict of guilty in both indictments.

Kalawski was represented by Stanley K. Hefferon.

William Butler, colored, of Burlington, retracted his plea of not guilty of carry concealed weapons and pleaded guilty and the charge of assault and battery against him was nolle prosed.

He was sentenced to state prison for one year.

Nick Vuleo, of Florence, also made a retraction of his plea of not guilty to a charge of assault and battery and pleaded non vult.

It turned out that the affair that resulted in the indictment was more of a family scrap than anything else and Nick escaped with a fine of $50.

Joseph Wandalowski, of Hainesport, pleaded non vult to a charge of possession of liquor, and was fined $350.

Wife Also Pleads

Helen Wandalowski, also of Hainesport, and the wife of former defendant, also pleaded non vult to a liquor charge, and sentence was suspended.

William Socolofski, of Hainesport, was another defendant who pleaded non vult to a charge of possession of liquor and maintaining a house where liquor was kept. He was fined $300.

Lewis Worrell, of Medford, was before the Court charged with desertion and neglect of his wife and children, and the wife not caring to live with him again, the Court fixed $8 a week as the sum which he must pay for the support of his children and he will also have to furnish a bond guaranteeing the payment of the money weekly.

GIRL RESERVES

The regular meeting of the Palmyra-Riverton Girl Reserves was opened by the President with a short business meeting. The minutes were read and approved. Nan Evans was appointed treasurer pro-tem.

Our topic this week was about the first phrase of our code, "Gracious in Manner." Miss Davis read us an article about Alice Freeman Palmer, who was most gracious in manner. We then gave charades on this topic. We are paying special attention to this for the next week.

We are planning initiation for the next meeting.

JANE BLACKWELL,
Secretary.

BUS RIDER HELD

Driver Accuses Maple Shade Passenger of Disorderly Conduct

A passenger in a Philadelphia-Moorestown P. R. T. bridge bus was arrested early Sunday morning on complaint of the driver, W. J. Miller, 5428 Ella street, Philadelphia, who said the man became enraged at Twenty-seventh and Federal streets, Camden, and broke a number of windows in the vehicle before he was arrested.

George W. Bryant, forty years old, of Maple Shade, attempted to alight from the bus when it reached Twenty-seventh and Federal streets, according to Miller. He refused to allow his passenger, to alight, as this is a violation of the Interstate Commerce Commission's ruling on inter-state buses.

Bryant insisted he would walk instead of riding, according to Miller, and to be more emphatic in his demands he shattered a side window.

Miller stopped the vehicle and hailed District Detectives Shlam and Donnelly, who arrested Bryant on a charge of malicious mischief.

MURDER ATTORNEYS

Supreme Court Justice Lloyd is arranging to conduct trials of some of the defendants in the county jail, charged with murder, early in February. Counsel for these defendents are as follows: Charles Thompson, colored, of Burlington, indicted for killing William Haywood during a brawl in that city, is represented by James Mercer Davis; former Judge Harold B. Wells of Bordentown, and Isadore Worth of Riverside have been assigned to represent Louis McCord, of Beverly, charged with killing a fellow employe with a piece of iron during a quarrel. Samuel A. Atkinson and son, A. Thomas Atkinson, have been assigned to defend Consenzo Masci, indicted for shooting James "Mustard" Clymer in Mount Holly; and Robert Peacock is Counsel for Joseph Sandor, who stabbed August Popp in Roebling.

Y. M. C. A.

The Triangle Group of Riverton and Palmyra met on Wednesday evening, January 26th at the home of Ralph Dages. The meeting opened with prayer by Ralph Dages. We read the responsive ritual.

Mr. Ashbrook, our leader, conducted the Bible Study.

One boy applied for membership.

Mr. Dages gave us a talk on, "When I Was A Boy in Germany," after which we had refreshments, closing with the Friendship Circle.

Our next meeting will be held at Harry McCreedy's home.

ROBERT C. BORER,
Publicity Committee.

VALENTINE DANCE

The El-Rac Club, of Riverside will give another of those popular dances, to be held at the St. Casimir's New School Hall, Riverside, which has one of the finest dance floors in South Jersey. Don't forget the date, February 14th. Johnny Brown and his famous Seaside Heights orchestra will furnish the music.

League Opposes Change of Laws

County Game Body Votes Against Proposed Doe-Quail Legislation

The Burlington County Game Protective League, at its annual session held in Mount Holly recently, went on record as being opposed to proposed legislation that will permit the killing of does, and against amendment that provides a closed season for quail. The members believe that the shooting of does ultimately will lead to the extermination of deer, and that there is no good reason for a closed season for quail.

The league also decided to repeat its beagle and hound field trials, which were such a decided success last year. The beagle trials took place on the Farm of the Friends of the Hunting Dog, near Medford, and the hound trials were conducted on the Norcross & Edmunds sand farm at Birmingham. Trap shooting on the game farm in Mount Holly will be continued.

The annual banquet of the league will be held in April, the time and place to be fixed by a committee named to conduct this interesting event.

Officers for the ensuing year were re-elected as follows:

President, Dr. M. W. Newcomb, Brown's Mills; vice president, Ellis H. Parker, Mount Holly; secretary and treasurer, William S. Rendall, Mount Holly; trustees, Benjamin W. Cooper, Henry I. Worrell, Ellis Rudderow, Jesse E. Crammer, Alfred J. Mullen.

The following committees were appointed:

Legislation—B. W. Cooper, Senator Emmor Roberts, Assemblyman Clifford R. Powell, Dr. M. W. Newcomb, A. J. Mullen.

Game Farm—B. W. Cooper, Ellis Rudderow, W. S. Rendell.

Trap Shooting—Richard Lamb, William W. Worrell, Mordecai S. Haines, Clarence Kinsley, Lewis Mantle, J. Jaggard.

Fox Hunting—Ellis Rudderow, M. W. Paul, Earl Braddock, Edward Hafleran.

Banquet—William S. Rendell, Ellis H. Parker, Alexander Dubell, George F. Rendell, Frank Ellis, Albert P. Greenwald, Abram Brown, Alfred J. Mullen, G. A. Lindabury.

PERFECT

The following children in the fourth grade class of Palmyra school were neither absent nor tardy during the month of January, the month most difficult for the pupils to attain a perfect attendance record:

Elizabeth Evans, Arthur Faunce, Edward McMahon, Paul Martin, Melvin Mays, Nelson Russ, Sarah Tedley, Grace Williams, Earl Cooper, Peter DeVice, Russel Rivers, James Webb, Virgil McMenamin, Margaret and Catherine Windlab.

The first eight children on this list have been present every session since the beginning of the school term in September.

J. Hannold, Teacher.

MISS RUPPERT TO RUN

Girl Athlete Will Enter Competition This Friday

Miss Frances Ruppert, of Palmyra Hi fame, and former national track queen and one of the foremost girl runners in this part of the country, will compete for the Meadowbrook Club in the Camden Knights of Columbus A. A. indoor track meet to be staged this Friday night at the 3rd Regiment Armory.

More than thirty girls are due to perform among the nearly 200 runners listed in the various races of which a total of 138 prizes will be awarded.

Miss Ruppert is the former national woman's sprint champion and track pride of Palmyra High School a few years ago. She will head the list of track queens of the Meadowbrook Club. She will also participate in the Millrose games at Madison Square Garden next Wednesday.

PHILATHEA DOINGS

The Philathea Class of the Central Baptist Church is planning another "biggest and best event ever" in the mammoth Food Sale to be held in the church basement on Saturday afternoon and evening, February 19. Pies, cakes, bread, rolls, cinnaminon buns, candy, potato salad, breakfast cakes, preserves and other delicacies too numerous to mention will be on the counters.

On Friday, the 18th, a special sale of home-made fish cakes will be offered as a sort of appetizer for the following day.

A unique feature of the plans is the "order service" by which anyone wishing any special delicacies may, at any time between now and the sale, order the same by telephone, calling Riverton 718. These orders will be filled at once and credited with the total receipts of the final sale. Riverton 718 will be "central" in putting people in touch with the sources of supply.

Philatheas also expect to make merry at a Valentine Social to be held at Mrs. F. N. Johnson's home, 514 Morgan avenue, on Tuesday evening, February 15. Special features of this get-together are being planned and will be announced next week.

Guests are invited to meet with the Philatheas on Sunday mornings at 10 o'clock. Mrs. Thomas R. Moore is the class teacher.

NEW AIR MAIL POSTAGE EFFECTIVE FEBRUARY 1, 1927

The new rate is 10 cents per half ounce or fraction thereof, on mail carried by airplane regardless of distance. Such postage includes the carried by airplane regardless of transportation of the mail to and from the air mail routes.

Stoney McLinn In Fine Address Here

Sports Writer Blames Gambling For All Evil in Athletics

Betting is the source of all evil in sports and undoubtedly is responsible for practically all of the scandals which have wrought upheavals in the sporting world, said Stoney McLinn, sports editor of The Philadelphia Public Ledger, in an address before the Ushers' Association of the Epworth M. E. Church, Palmyra, at a banquet held in the Temple Thursday evening of last week.

Betting was responsible for the recent "dirty" charges in baseball which rocked sports circles throughout the globe, and a close investigation will reveal that wagering by the class which makes "gaming" a profession has caused all of the trouble.

It is by far the worst element in sports today, declared the great sports authority, whose wide circle of friends probably includes every man who has been a national figure in sports for many years.

Referring to Cobb and Speaker, who had been the center of the recent and most startling sensation, Stoney said "Tonight I am as happy as I ever remember being. It gives one a wonderful feeling to realize that to clean, upright men, two warm friends, as I am mightily glad to be able to call them, were vindicated of participating in crooked sports today."

Sports Idol Cleared

Baseball, he declared, would have suffered a severe shock had the names of these idols actually been connected with "fixed" games. Now, however, with the charges cleared, the sport will regain its status.

The fans will not forget entirely, though, warned the writer. None of them like the home town team to lose, and are prone to be unmerciful with the players. And in regard to the hurling of the proverbial "razzberries," Stoney says they fly harder and more frequent in Philadelphia than in any other city in the big league circuits.

This is the era of scandals and there will be many charges in all lines of sports, whether or not there is the slightest foundation, McLinn declared he recently read of a scandal in chess. One of the players blew smoke in his opponent's eyes.

Next summer, when they have the marble tournament down at the shore, some boy will undoubtedly be charged with "huddling", or some other "foul" play.

Returning to the gross evil, Stoney said he sees no particular harm in a small wager on a game of golf, or something of that sort, providing your conscience, if it is elastic enough, does not pesent. But the professional gamblers are the root of all trouble. They want a "sure thing" when they place their money, and are far from above taking steps to make it a "sure thing."

Many Nasty Rumors

Incidents, such as the Dempsey-Tunney fight, are bound to bring out nasty rumors. Many of the leading authorities predicted Jack as the "easy" winner and consequently big odds were established in the gambling circles. Gene sprung the big surprise and huge sums of money unexpectedly changed hands. The gamblers, who are always "poor" losers, of course, immediately set up the howl "fixed fight, Dempsey laid down."

There are other kinds of "poor" losers besides the men who bet. Stoney places Hubbard, of Harvard, who has accused Princeton of "dirty" football, in the same class. The writer doesn't have much time for the player who will "put on the cry baby act." In other words, the fellow who will shake your hand after you have won, tell you what a wonderful player you are, and then later make charges of dirty playing.

The ideal player will fight his hardest to win, but will take defeat like a man without a whimper. Hubbard is in a class with the other "soreheads" like Gandil and Dutch Leonard.

Sees Pennant Winner

Stoney also predicted a pennant race for Philadelphia this year. He said "I had a long conference with Connie Mack this afternoon and I have strong suspicions that you will find Tris Speaker with the Athletics this year. With old Zack Wheat and Speaker as additions to the outfield and Eddie Collins as captain and steadying power and the keystone sack, along with the rest of the fast Mackmen, I don't see how in the world we can miss having a World Series in Philly next year."

Director Ian Forbes, of the Moorestown Community House, was the song leader and introduced some novelties which scored hits with the crowd.

Nearly fifty members of the Association and their friends attended the affair. Harry K. Strang was the toastmaster and John White is president of the Ushers.

Desirable Spot

Asker—"What happened to that valet of yours?

Teller—"I fired him for removing a spot from one of my suits.

Asker—"But isn't he supposed to do that?"

Teller—"Yes, but this was a 10-spot."—The Open Road.

It is not enough to sell a man in these days of keen competition. He must be kept sold.—Remprint.

UNDER CONTROL

State May Get New Hospital

Urged For Treatment And Care of Disabled War Veterans

Establishment of a hospital in this State for the care and treatment of disabled war veterans was urged the latter part of last week at a hearing in Washington before Director Frank S. Hines, of the Veterans' Bureau, by a delegation from this state, including members of Legislative Committee, representatives of the American Legion and Adjutant General Gilkyon. The Legislative Committee was named last year to determine a site in this state for such an institution and the members reached the conclusion that the best location would be in Morris county.

There is now pending in Congress a measure providing for the expenditure of $16,000,000 in hospital construction, and the Jersey delegation requested that a sufficient amount to be alloted to this state to accommodate one thousand beds. If erect an institution large enough to the request is granted, the Legislative Committee will seek an appropriation for the purchase of a site in this State.

At present there are more than seven hundred Jersey veterans located in hospitals outside of this State, and in addition there is a large waiting list. It is the intention to have an institution whereby the Jersey boys will be quartered near their homes.

Freeholders

(Continued from Page 1)

the apprehension of erring husbands and other offenders who had left the jurisdiction of the county courts, as he did not feel like taking the responsibility of spending large sums of money, which might be necessary, to bring some of them back. At that time Messrs. Lippincott and Heisler, with County Solicitor Wells, were appointed to consider the prosecutor's suggestion, and at the meeting last Friday they submitted the following report.

January 28, 1927.

Hon. Board of Freeholders,
Burlington County, N. J.
Gentlemen:

Your committee appointed at the meeting held on January 14th, 1927, to hold a further conference with Prosecutor George M. Hillman in regards to questions of policy on certain matters pertaining to the work of his office, and more particularly concerning the bringing back to this county for trial certain persons who have been indicted by the Grand Jury, where the crime for which they have been indicted is less than a high misdemeanor, and where the expenses of so doing would be very heavy upon the taxpayers of the county, desire to submit the following report.

Thanks for Courtesy

We wish to thank the Prosecutor for the courtesy he has shown the Board in taking up these questions with them, but we are of the opinion that these matters are wholly within the discretion of the Prosecutor and cannot in any way be decided by the Board. The Board wishes to co-operate in every way with the Prosecutor's Office in upholding justice in our County, but feels that it is necessary to depend upon the good judgment of the Prosecutor with respect to individual cases, requesting that he bear in mind that it is the desire of the Board to practice economy so far as it may be consistent with the meeting of the requirements of justice, and we would request the Clerk to send a copy of this report to the Prosecutor.

Respectfully submitted,
WILLIAM H. HEISLER, Jr.
FRED LIPPINCOTT.

Last September the Prosecutor made a similar request by letter to the Board which was at that time answered by the Solicitor in a clever letter which closed as follows "You, as the representative of the state, will have to act according to the dictates of your own good judgment and tender conscience in both of which I have the greatest confidence."

Would Change Course of State Highway

A delegation of 20 citizens of Springfield township attended the meeting and when they were given permission of the floor, Rev. R. J. Beazley called upon Herbert S. Killie, of Mt. Holly, who is solicitor of Springfield township to present their case.

Mr. Killie explained that they were interested in the proposed road from Burlington to Belmar, a part of the comprehensive state road program fathered by the state highway commission. As is now provided the road will run from Burlington to Columbus and the residents of Springfield township think it would be better for the road leaving the state highway at Burlington to follow the Masonic home or Jacksonville road to Jobstown and then to Sykesville, etc.

The present plans for the new state highway have been accepted by the state highway commission and will be presented to the lawmakers at Trenton. Mr. Stout, director of roads, explained how the road plans had been made after months of study by State Engineer Sloan and his force of assistants, made with the future in view, and while nothing definite has been done as yet by the members of the Legislature he felt it very dangerous to interpose any objections at this time, as he had been given to understand that the plans were more or less elastic and after the road bill had become a law the request would be in better form.

All that the residents of Springfield township desired was that the board give this matter consideration and at the proper time make an effort to have the route changed if possible, which would be a more direct and shorter route. This matter will receive the attention of the board at the proper time.

Trolley Tracks

Last August the board of freeholders passed a resolution agreeing to accept $1,500 from the Burlington County Transit Company and take over the tracks of the company which are on High street north of Garden and on Washington street west of King street, in Mt. Holly, it being the intention of road department of the board to cover the tracks with asphalt.

The trolley company was sold to the Public Service and all that is now required to settle the deal is to have the track and road situation satisfactorily settled. Herbert S. Killie, representing Mt. Holly (Northampton township) stated that he felt that while the resolution released the company, it left the township of Northampton at sea. He presented another resolution, practically worded as the original, which would also release Northampton township of any responsibility on these streets, which virtually are county roads.

Northampton township has about come to terms with the Transit Company concerning that portion of Main and Washington streets which are covered with vitrified brick, and this matter is about all that is holding up the final consummation of the sale of the personal property of the trolley company to the Public Service.

This subject will be discussed with the county solicitor and action will be taken at a later date.

The road department was granted permission to purchase an Austin grader and scarifier combined at a cost not to exceed $2,200.

Clerk Adams was authorized to advertise for a new 200-horsepower boiler, and for the making of necessary changes at the Burlington County Hospital for the Insane for its installation.

N. B. Carr, of New Hanover township, presented a petition asking for improvement to the Wrightstown to Pointville road. Some work has been done on that road. The road department will consider the request.

The following bills from the various departments were ordered paid: Roads, $2,734.91; bridges, $5,520.50; finance, $14,275.30; buildings, $12,490.27; public affairs, $1,839.69; making a total of $36,860.67.

Co-operation

Efficient co-operation with our customers in both their present and future financial affairs is a well established principle with this institution and assures satisfactory banking service to our clients.

In order to broaden our service, arrangements have been made with the Corn Exchange National Bank and the Franklin-Fourth Street National Bank of Philadelphia to accept deposits for our accounts and also to cash checks for our customers.

Let us explain this service

Friendly Thoughts by Frank A. Snover

Kind acts are drops of compassionate rain falling upon parched human flowers. Courtesy is balm for wounded hearts. Understanding is a rock of refuge for the weary. Sympathy is a touch of God in the hearts of man.

* * *

Respect wins respect. Faithful performance receives commendation. Every man should strive to add personal consideration to his other talents.

NOTICE

All readers or local notices of entertainment, suppers, fairs, dances, etc., given for the purpose of raising money, will be charged for at the rate of fifteen cents a line.

THE CAPITOL OF NORWAY

Saturday afternoon the editor had gone back to the office to finish up some chores. The telephone rang and a woman's voice said, "Can you tell me the capitol of Norway?"

"Just a minute," said the editor as he reached for his encyclopedia.

The editor's young son (seventh grade) who was in the office heard the question as dad repeated it, and before the book was taken from the shelf the boy said, "Dad, the capitol of Norway is Aslo, it has just been changed, it used to be Christiana. I read it in our Current Events at school a few days ago."

Now this editorial is not written to show that the editor is sometimes asked unexpected questions, but to point the value of teaching up-to-the-minute history in our public schools.

When dad went to school pupils didn't know the capitol of a country had been changed until a new georgraphy came out.

By the way, it was learned that the lady who asked the question was working a crossword puzzle.

THE HAND OF EDGE

The scheme to oust Emmor Roberts from the New Jersey State Senate and replace him with Assemblyman Powell is reported to have far deeper significance than would appear on the surface.

It concerns far more than an ambition on the part of the Assemblyman to enter the higher branch of the legislature where opportunities of political prestige and political plums are greater; the political and judicial control of Burlington County, one of the keystone republican counties of the state, is at stake.

The master hand seen back of these manipulations is that of United States Senator Walter E. Edge.

Senator Edge is openly "wet." He has derived most of his political power from the wet interests of the shore counties and Camden. He has been opposed to all the progressive political reforms of recent years. He was against women suffrage, against prohibition and is now actively engaged in the drive against the Direct Primary. Last week he was one of the thirty-three Senators who voted in favor of seating Col. Frank L. Smith, "slush-fund" Senator-elect from Illinois. Forty-eight other Senators voted against Smith. Slush-funds do not offend the Senior Senator from New Jersey.

Edge has never been able to control Senator Roberts. With one of his own henchmen in the New Jersey Senate from Burlington County, he hopes to control the patronage for this district in such a manner as to restore the old Knight machine to full power.

Not only the political appointments are at stake, but judgeships as well, and it is rumored that the favorite bootleggers' attorney of Mount Holly is slated for the bench if Edge's plans materialize.

* * *

PRAISES ROBERTS

To the Editor:—

It is refreshing in these days of hectic politics to find a man who has the courage of his convictions and dares to take an unequivocal stand for the right. When we find such a man we ought to make special note of it.

There is a bill before the Legislature to repeal the so called blue laws and make an open Sunday in the State of New Jersey. Naturally, this does not meet with favor by the good citizenry of the State but the lawmakers are figuring closely as to what will be best for them politically.

The Camden Courier has interviewed the several Senators as to their attitude on the bill and most of the answers have been very equivocal. Most of them are "I have not read the bill;" "I have not decided yet;" and "I believe that the proposition is a good one in some localities."

Our own Senator Roberts comes out, however, and without any equivocation says "I am opposed to the bill." What a relief to have such a Senator! Burlington County is well represented in its Senator for all things that are good.

George N. Wimer.

COMRADE GROUP Y. M. C. A.

The Comrade Y. M. C. A. Group of the Palmyra Moravian Church held its weekly meeting, Tuesday evening, February 1st.

The meeting was opened with a prayer by the leader.

The regular period of Bible Study was held and the business meeting followed.

The Group was entertained by Walter L. Bowen, who explained the operation of a printing office.

We had also another guest Mr. Ashbrook, who brought with him a moving picture machine. He displayed five or six reels.

The meeting was then closed with a prayer.

Yours truly,
WILSON J. AYDELOTTE,
Publicity Reporter.

OYSTER SUPPER

Christ Church parish house, Riverton, Thursday evening, February 17, from 6 to 8. Tickets 75 cents, for benefit of parish expenses.

Don't Confine Your Interests to Business

Many young men and women have an idea that the only way to achieve success in their work is to confine their interests and energy to those things which have a direct and obvious bearing on their jobs.

H. G. Weaver of the advisory staff of the General Motors Corporation TELLS ME HE SUGGESTED TO A FRIEND IN THE AUTOMOBILE BUSINESS THAT HE read a certain book. From its title it was clear that the book had no bearing on the merchandising of automobiles.

Without a moment's hesitation the man said, "I haven't time for anything like that. I have enough to do to keep up with reading matter that relates to my work."

There was a note of righteousness in his voice which indicated that anyone who let his thoughts drift away from business was a "nut."

Mr. Weaver, in commenting on this incident, said: "I don't pretend to be widely read, but I have found that such reading as I have done has been very helpful to me in my business, notwithstanding that I wander far from my business in selecting titles. Although our job or our business may be our chief concern during most of our working hours, yet if we never give thought to anything outside this narrow circle we soon develop blind spots. In his thoughts a man can compass the whole cosmic universe. It may seem paradoxical, but if he does this, the chances are he will see his own problems in a truer and clearer perspective than if he magnifies them by study at close range."

The only danger that lurks in this advice is that so many of us overdo a good thing, as is illustrated by an experience of Elmer E. Bates, of Madison, Ohio.

Mr. Bates was standing in the waiting room of an interurban office at Geneva, when a woman came in and asked the ticket agent if he had seen her boy. He told her he had not.

"Well," remarked the woman, "if you see him tell him if he doesn't go to school he will get a licking when he gets home. He hasn't been to school for three days."

"Will you be home at school closing time?" the agent inquired.

"Oh, no sir," the anxious mother replied, "I am on my way to a League of Nations meeting and expect to be there all the afternoon."

This reminds us of a neighbor who was arrested for violating the automobile parking ordinance. He explained to the judge he was unavoidably detained at a meeting of citizens to discuss law enforcement.

One must recognize, therefore, that it is the first rule of common sense, good citizenship, and good business to put one's own house in order before directing one's attention to larger matters.

Having thus acknowledged the possibility of error, we return to Mr. Weaver's idea and recommend it, suggesting that a book such as the "Life and Letters of Walter H. Page" may put a sharper edge on your business mind than a dozen articles from your favorite technical journal.

WHOSE $1.50?

Will the gentleman who paid his subscription in cash at The New Era office between 12 and 1 o'clock Tuesday of this week, please send us his name so that we can credit his account? The young man who took the money failed to get the name.

NEW BARBER SHOP

A new barber shop will be opened on Saturday February 5th by Otto Sauer at 406 Howard street, opposite school. Open Saturday 1 p. m. to 10 p. m. other evenings 7 p. m. to 8 p. m.—Adv.

RIVERTON ITEMS

Mr. and Mrs. William Albertson returned home on Sunday after enjoying the sunny climes of Florida for the past three weeks.

Mr. and Mrs. William O. Henry and family, of Seventh street, spent the weekend with Mr. Henry's parents in Souderton, Pa.

Howard Elliott, of Elm avenue, was able to return to work on Friday after suffering from a sprained back.

Mr. and Mrs. William O. Henry will entertain Saturday evening at their home on Seventh street in celebration of their wedding anniversary.

Mr. and Mrs. George Taylor are receiving congratulations upon the birth of a daughter, Mary Jewel, on Thursday, January 27th.

Roy Schenider, who was employed by the A & P store at Riverton, has been transferred to Riverside, where he is in charge of the produce store of the A & P.

Mrs. H. B. Hall, who has been living in California, is visiting in the East. When in Riverton she is the guest of Mrs. Lillie B. Willis.

R. F. Corry spent last week at Pittsburgh on business.

Mrs. D. H. Truchsess will sail on the U. S. S. Finland on February 10th from New York for California, via the Panama Canal.

Miss Katherine Stewart spent the weekend at Manasquan.

Mrs. J. J. Ruster left last Friday for Pasadena, Calif., where she will visit her son, Matt Ruster.

Dr. H. L. Rogers has a new Buick sedan.

Mrs. Otto Sauers visited her brother in Camden on Sunday.

Miss Ernestine Stewart visited her brother at Wenonah on Sunday.

It has been suggested that a "Blow Club" be formed in Riverton for some folks who are past the "flapper" stage, but still feel that much could be gained by such an association.

Joseph Cook, an employee of the railroad, moved from Main street Monday to Robinsville.

Mr. and Mrs. William A. Albertson returned Sunday evening from a three weeks' motor trip to Florida. They spent eight days at St. Petersburg.

Mrs. Leon Evaul and Mrs. Bud Wells, of Camden, attended the luncheon of the Auxiliary of the Cooper Hospital in Camden, last Friday.

Mrs. John Hillson, of Linden avenue, entertained the past officers of the "Lady Eagles" at a sour krout supper Monday evening.

Mrs. John Sloan, Miss Betty Sloan attended the funeral of Mrs. William Litzenburg, of West Philadelphia, on Tuesday. Mrs. Litzenburg was the aunt of Betty and Leon Sloan, of Harrison street.

Mr. and Mrs. Ralph Scott, of Philadelphia, spent Sunday with his parents, Mr. and Mrs. Oscar Scott, of Linden avenue.

Mr. and Mrs. Edwin Evans entertained friends from Philadelphia Sunday.

Mrs. Esther Buehrer entertained the ladies present at the meeting of the "Ways and Means Committee" of the O. E. S. at cards on Tuesday evening.

Mr. and Mrs. Charles DeGrau entertained relatives from Norristown Sunday.

Mrs. Edwin Evans has received word of the death of her brother-in-law, Oliver Prentice, at Edmonton, Canada.

The Willing Workers class of the Methodist Sunday School met at the home of Miss Amy Milton Tuesday evening and held their annual election of officers.

Edwin Kapus had his tonsils removed and an operation performed on his nose last week at the Women's Southern Hospital, Philadelphia.

Jesse W. Coddington spent the weekend with his sister at Arlington.

Mrs. W. K. Woolman and the Misses Biddle are at Hibernia, Fla.

Little Jack Hullings, son of Mr. and Mrs. John Hullings, who has been seriously ill, is recovering.

Mrs. C. O. Chidester, of Massilon, Ohio, who has been visiting her parents, Mr. and Mrs. S. S. Daniels, has returned home.

The many friends of Paul C. Burr will be glad to hear that he is recovering after his recent severe illness.

The Police department has purchased a new Ford sedan for the officers.

Robert W. Knight's automobile was stolen from the bridge plaza, Camden, Tuesday night and has not been recovered. Mr. Knight left his car early in the evening and when he returned about 10 o'clock it was gone. The matter was reported to the Camden police.

Mrs. J. J. Siddall was called to Buffalo on Wednesday to attend the funeral of her sister, who was killed in an automobile accident Tuesday evening.

COUNCIL MEETINGS

Next meeting tonight (February 3), public hearing on budget at 8 o'clock in fire house.

February 10, 8 p. m., in fire house, regular monthly meeting to transact any business that may come up for consideration.

APPRECIATION

Mrs. Tillie Storicks, of Highland avenue, who fell Monday a week ago and broke her ankle and wrist, is improving slowly. She wishes to thank all her friends for their kindness and help during her misfortune, and especially Mayor and Mrs. Weart for the beautiful flowers they sent her.

The Burlington County Junior Republican Club will hold their annual card party on Monday, February 14, in the Moorestown Community House, at two o'clock.

An attendance of about 250 is expected. There will be a prize for every table, and quite nice ones. Bridge, 500 and pinochle will be played. After the party refreshments will be served.

The proceeds of the party will be used to send delegates to the Atlantic City Conference in May.

Tickets are 75 cents and may be purchased from the local representatives.

NO "CANNED HEAT" AT COUNTY JAIL

Sheriff Haines Declares Story Is Deliberate Falsification

A story which started in Beverly star Sterno, or canned heat, originated in the Mount Holly jail, "and the canned heat is sold to any prisoner in the place who has the money to buy it" is branded as a deliberate falsification by Sheriff A. Engle Haines and his staff at the county prison. The sheriff says there was never a can of the stuff in the jail, to his certain knowledge.

As is well known, Sterno has been on the market for years, but it has only recently come into use as a substitute for liquor. The contents of the can are strained through any kind of a rag by the inebriates and then a little water is added and the poison alcohol is ready to drink. A lot of it is used by unfortunates who must have liquor, but for any one to even think that it was sold in the county jail is more than the Sheriff can believe.

"MY SON IS A FOOL"

A certain New York millionaire was showing his home to a friend not long ago. The house was equipped with every modern convenience and luxury. "I have all these things," said the millionaire, "and yet I can enjoy none of them—for my son is a fool!"

Tragedies of this kind happen in many homes. Usually they come, not because the boy is spoiled, but because he is poorly informed about life. He does not know toward what goal to direct his efforts.

To help boys and girls to choose their life work intelligently, a group of famous Americans are writing for The Youth's Companion this year a series of articles on the professions. Farming is discussed by L. J. Taber, master of the National Grange. Nicholas Longworth, Speaker of the House of Representatives, writes about politics. Equally eminent spokesmen have been found for the other professions.

Give an ambitious boy or girl a chance to read these articles, along with more than 300 gems of fiction every year. Now is the time to enter your subscription for the Hundred and First Year of the oldest, finest and cleanest young people's magazine in America. Subscribers will receive:

1. The Youth's Companion—52 weekly issues, and
2. The Hundredth Anniversary Souvenir Picture "A Yard of Youth" (sent on request.) All for only $2.
3. Or include McCall's Magazine, the monthly authority on fashions. Both publication, only $2.50.

SIXTY DAYS

Sheetstown Man, Arrested in Palmyra, Get's Vacation

William "Spike" Ingram, colored, of Sheetstown, Cinnaminson Township, was arrested by Officer Lawrence Detty of the Palmyra police force, Sunday night, at Market and Jefferson streets, for disorderly conduct. He also resisted while being taken to the police station in the police car.

Ingram had a hearing before Justice of the Peace William L. Fichter at police headquarters Monday afternoon. He was sentenced to 60 days in jail at Mount Holly.

NATIVE PRINCE TO SPEAK AT ST. PAUL'S CHURCH

Prince J. E. Blayechettal, of Abyssinia, a native of East Africa, will appear at St. Paul's Baptist Church, East Riverton, in an illustrated lecture on his country, Tuesdayevening, February 8, 1927, at 8.15. Admission 25 cents. M. A. Foster, pastor.

MOLAND'S BACON is most delicious when served with fried eggs. A few slices of this bacon adds a flavor to baked liver that's hard to beat.

MOLAND'S DRIED BEEF makes tasty sandwiches for the noon lunch. Added to scrambled eggs, it is a most delicious breakfast dish for the family.

MOLAND'S MEATS are of the best only and we sell only the choicest of these. Dried Beef and Bacon cut fresh for each customer and cut to suit each desire. Always fresh—Always good.

Cover your worn-out roof with one that can't wear out!

YOU don't have to tear off those old weather-beaten shingles to get a new roof. Leave them on for added protection against heat and cold!

Just lay Carey Asbestos Shingles over them for a beautiful, everlasting roof. No expense and bother of ripping off the old shingles—no litter and dirt all over your lawn!

And remember this—if you put on Carey Asbestos Shingles you'll never have to spend another penny on your roof. No upkeep, no repairs to worry about. Made of long, tough asbestos fibers, criss-crossed in cement by a special Carey process—these shingles are as everlasting as rock! And absolutely fireproof as well.

Beautiful color effects to choose from. Natural browns, slate gray, pottery red, blue-black, purple and forest green. They make any home more attractive—and at surprisingly low cost!

We'll gladly give you full information, show samples and quote prices. Just call, write or telephone.

Klan Heads Deny Fair Grounds Sale

Group of Horsemen Negotiating For Track and Stand, They Admit

Officials of the Burlington County Progressive League, the holding company of the Burlington County Ku Klux Klan, have denied that the Fair Ground in Mount Holly, which was bought by the Klan some months ago was for sale and that bids for the disposition of the property would be received until March 1.

A story saying that the Fair Ground would be sold was carried in several newspapers. One said that the sale has been made to a number of horsemen, headed by H. M. Fry, of Mount Holly. While admitting that an attempt has been made to secure the grounds and re-open racing there, it was said by the Klan officials that the ground had not been sold and would not be sold.

The Progressive League bought the Fair Grounds from the Burlington County Fair Association when the fair people quit business two or three years ago. The Klan paid $30,000 dollars for the property, which contains a big grandstand and several other large buildings. The property is said to be worth more than that amount today. After buying the ground a house costing $8,000 was built on it for James R. Bennett, who then was the kleagle of the organization. Other improvements also were made and it is said the property now is easily worth $45,000.

Some time ago Fry and other horsemen went to the Klan people with a proposition to buy the race-track and the grandstand, leaving the Klan all the rest of the ground and buildings and the privilege of holding their meetings in the room under the grandstand. According to report the Klan refused the proposition, but it is said the horsemen are persistent and still are working to the end of securing the tract.

Several events have been staged at the Fair Grounds by the Klan since becoming the owners of the property. Last spring a small fair was given there. Services are held beneath the grandstand on certain Sunday afternoons for the purpose of raising money to cover the cost of the Klan's Christmas charity work.

When Bennett practically was forced out of the Burlington County Klan he appears to have whirled around like the traditional cat and landed on his feet in Delaware where he is said to the grand dragon, a position similar to that held by Arthur Bell, of Belmar, in the New Jersey Klan.

Bennett's office was abolished by the Burlington County Klan and he was reduced to the ranks. With his attractive money connection gone Bennett was compelled to seek pastures where there was more grass and landed in Delaware.

PORCH CLUB NEWS

The members of the Porch Club were entertained Tuesday afternoon, February 1st, by a demonstration from Miss Cahalen of the Public Service of Burlington.

Through the courtesy of the Public Service Miss Cahalen is giving a course of lessons, one a month to twenty-five Porch Club members. On Tuesday, however, she demonstrated at a regular Porch Club meeting how a dinner consisting of three vegetables, roast meat, and a pudding can be cooked in a gas oven, by means of an oven regulator, without attention. The food was put in the oven and two hours later a small portion was served to each member present.

The regular monthly business meeting preceded the demonstration.

* * *

On Tuesday, February 8th, a trip will be made to the annual exhibition of the Academy of Fine Arts in Philadelphia. About 1 o'clock it is planned to take luncheon at the Russian Eagle. Porch Club members wishing to join this party must notify Mrs. Murray C. Boyer, telephone 99-R before Monday evening, February 7th, as reservations must be made in advance for the luncheon. Mrs. Boyer will meet the group at the Academy at 10.30 a. m.

NOTICE

Notice is hereby given to the legal voters of the School District of the Borough of Riverton in the County of Burlington that the annual meeting for the election of four members of the Board of Education will be held at School House on

TUESDAY, FEBRUARY 8, 1927
at eight o'clock P. M.:

3 Members will be elected 3 years;
1 Member will be elected 2 years.

The polls will remain open one hour, and as much longer as may be necessary, to enable all the legal voters present to cast their ballots.

At said meeting will be submitted the question of voting a tax for the following purposes:

For Current expenses	$50,290.00
For repairs and replacements	1,000.00
For manual training	1,125.00
The total amount thought to be necessary is	$52,415.00

Dated this 24th day of January, 1927.
FRED P. HEMPHILL,
District Clerk.

NOTE—The term "current expenses" includes principals', teachers', janitors' and medical inspectors' salaries, fuel, textbooks, school supplies, flags, transportation of pupils, tuition of pupils attending schools in other districts with the consent of the Board of Education, school libraries, compensation of the District Clerk, of the custodian of school moneys and of truant officers, truant schools, insurance and the incidental expenses of the schools.

A member of the Board of Education shall be at least 21 years of age, a citizen and resident of the school district, and shall have been such a citizen and resident for at least three years immediately preceding his or her becoming a member of such Board, and shall be able to read and write.

Petitions, legally nominating candidates to be voted on at said meeting, must be filed with the District Clerk at least five days before the date of the meeting in order to have the names of such candidate printed on the official ballots to be used in voting. In calculating the above-mentioned five days, either the filing day or the election day but not both may be counted. Blank forms for this purpose may be obtained from the District Clerk.

Persons legally qualified to vote at the annual school election but whose names do not appear on the last preceding general election registry list, may have their names placed on a supplemental registry list, and thus be entitled to vote at the annual school election, by appearing at the polling place designated for the voting district in which they reside between the hours of seven and nine P. M. on the day preceding the annual school election and making application to the district clerk or board member designated to receive such application.

Man Worth Cent an Hour

Power has always been in America a cheap substitute for labor, says Prof. J. B. Davidson of Iowa State College. As a motor, man is hopelessly outclassed. A good husky man can develop about one-tenth of one horse-power. With horsepower at ten cents an hour his value as a motor is one cent an hour.

If you can't be a leader, learn to be a loyal follower. The world needs both.—Forbes Magazine.

CERTIFICATE OF REDUCTION OF CAPITAL

JENSEN MANUFACTURING CO., a corporation organized under the laws of the State of New Jersey, by its Vice-President and Secretary, does hereby certify:

1. That the principal office of the Company is at No. 324 Garfield Avenue, Palmyra, Burlington County, New Jersey, and that the Agent therein and in charge thereof, upon whom process against the corporation may be served, is George L. Heck.

2. That the said Company did on January 17, 1927, file in the Office of the Secretary of State of the State of New Jersey, a certificate decreasing its authorized capital stock from $100,000 to $85,000, consisting of 2,500 shares of Common Stock of the par value of $10.00 per share and 600 shares of Seven Per Cent. Cumulative Preferred Stock of the par value of $100.00 per share.

3. That such decrease resulted in the reduction of the capital of the corporation, and the manner of effecting such reduction and the terms and conditions thereof were by the retirement and cancellation of 7,500 shares of the Common Stock of the Company of the par value of $10.00 per share, owned by the Company thus reducing the Common Capital Stock of the Company to $25,000.

IN WITNESS WHEREOF, the said JENSEN MANUFACTURING CO. has caused this certificate to be signed by its Vice-President and its Secretary, and its Corporate seal to be hereunto affixed, this Twenty-sixth day of January, A. D. 1927.

JENSEN MANUFACTURING CO.
By T. YORKE SMITH,
Vice-President
PAUL J. KELLEY,
Secretary.

EPWORTH METHODIST EPISCOPAL CHURCH

Rev. J. William Lee, Minister

Another big day is planned for this progressive Church. The Church School will open its session at 10 a. m. with a full program.

11.15 a. m. Holy Communion. Reception of members, Installation of the newly elected officers of the Epworth League.

The musical program will consist of the following numbers, Prelude, "Ave Marie," by Schubert; Processional, "Love Divine;" Anthem "Nearer My God" by Ashford; Selection by Junior Choir; Offertoire "Invocation," by Himmel; "Hymns of the Heart" by Congregation; Postlude, Benedictus, by Von Weber.

The Epworth League devotional meeting at 6.45 will be under the direction of Miss Mary Green, First Vice President.

7.45 p.m. Mrs. Rachel Lord, organist, will render "Kamennoi—Ostrow" by Rubenstien "Adagio" by Volkman. Processional by Choir. Duet "Jesu, Gentlest Saviour." Miss Elsie Hines and Mrs. D. G. Schwartz. Anthem "I Hear Thy Voice," by Choir. Jubilee, Song Service, an outstanding feature of the evening service.

Sermon "A Little Journey to the Palace of Solomon, or the Power of Discontent."

Last Sunday night the men encircled the entire auditorium, shoulder to shoulder and sang "When the Roll is Called Up Yonder." It was an inspiring sight.

After the morning service a luncheon will be served by the ladies to the sixty men who will canvass the entire membership of the Church to obtain their financial pledges for the carrying on of the great work of God's Kingdom. The men will leave the Church at 2 p. m. Completing their canvas by 5 p. m., reporting the result of their work to Mr. D. Gray Schwartz, Financial secretary, at the Church.

Every member is urged to be at home between the hours of 2 and 5 p. m. to respond to the call. Unusual interest is being taken in this canvas.

EPISCOPAL

Christ Church, Parry Ave.
Rev. G. J. McCormack M. A., L. Th. Rector

One whole month of this God Given year has slipped silently away and many have not yet worshipped the Giver. As we enter the second month let us resolve to make our relationship with God a living vital reality.

Public worship offers a real opportunity to do this and at the same time it links us up with other Christians who are trying to better themselves. "Where two or three are gathered together in my name, there am I in the midst of them."

There will be a meeting of the Vestry on Monday at 8 p. m. in the Parish House.

On Tuesday the Sunday School teachers will meet at 8 o'clock.

Sunday week marks the day for the Bishop's visit to our Church for the rite of confirmation.

The St. Agnes Guild are planning a very happy event on Tuesday, February 15th, details of which will be announced later. Be sure to keep the evening free.

The meeting of the Girls' Friendly Society of St. Paul's, Camden, was very well attended, and the outlook for the year's work is very promising. The Seaside Holiday Home which the Society has for the use of our girls is a splendid asset, and we hope many of our members will enjoy its hospitality this summer.

We are glad to see some manifest tokens of the value of the Bishop's Crusade in our Parish and look for still greater things in the days to come.

The formation of an orchestra to help in the work of the Sunday School is under way and looks very promising. With Miss Hester Hevener and her brother as leaders We know we shall not be disappointed.

Services for the 5th Sunday in Epiphany:—

Holy Communion 7.30 a. m.
Holy Communion and Sermon 10.30 a. m.
"The Power of an Ideal"
Sunday School and Bible Class 2.30.
Confirmation Class 3.45
Evensong and Sermon 8.00
"To possess God in Tranquility."

FIRST LUTHERAN

Rev. William M. Erhard, Pastor

The coming Sunday, February 6, will be observed throughout the nation as Boy Scout Sunday. Our church will hold special services in the evening at 7.45, celebrating this occasion. Scout Troop No. 2, fostered by our church, will be there as our guests. These boys have made an enviable record for themselves, not only in athletics but in general scouting as well. So we would specially urge the parents of these boys to be present at our coming Sunday evening service to lend your influence to the movement and to encourage both the boys and the leaders of the Boy Scouts. As this is an important work of our church, it is hoped that all the members and friends of the church will be present. The theme of the pastor's sermon is "Biblical Boy Scouts."

It is very gratifying to see the large number of our teachers and prospective teachers taking the course of teacher training, which began last Friday evening in the Epworth M. E. Church. This augurs well for the future of our school. The regular Sunday School hour, from ten to eleven in the morning, will be devoted to the study of "The Practice of Christian Stewardship."

At 11.15, the morning service of public worship with music by the choir and sermon by the pastor, the theme of which is "A Convenient Season."

The Young People's Society will hold its meeting at 6.45. The theme of the evening will be "Fellowship," which judging from the practice of it, in our society, will be a very interesting topic. Some more interesting things are to take place at the church on the night of February 8th, Tuesday. All members of the society are urged to be present at this, the annual business meeting of the organization.

The Kola Class taught by Mrs. Sophia Grollman, is giving a social in the church on the night of February 15th. Now, if you feel in need of a good hour of recreation, filled with unusual twists and surprises, you had better stop for the social. They have something which they want you to hear, see, and (I write this unofficially but I am sure of it) also taste.

Prayer meeting Thursday evening at 8 o'clock. After the prayer meeting a Sunday School Board meeting will be held. Important business will be transacted, so that all teachers and officers are requested to be there. This meeting will begin at 9 o'clock.

Boys and girls, do not forget the catechetical classes, which meet at four at the parsonage, 718 Lincoln avenue; and at seven o'clock in the evening at the church. The catechetical instruction is given only for a short period in anyone's life, yet it is of the greatest importance. The things learned there will build character in a manner unlike anything. The time will not be long anymore, and you should make it a point to attend every session between this and Easter.

Calvary Presbyterian

Fourth St. and Lippincott Ave.

The Sacrament of the Lord's Supper will be observed at Calvary Presbyterian Church, Riverton, next Sunday morning at eleven o'clock. Evening Worship at eight o'clock.

Sunday School: Main school at ten in the morning; primary division at two-thirty in the afternoon.

Christian Endeavor Society at seven o'clock.

The Golden Hour Circle will meet tomorrow evening, Feb. 4, at eight o'clock, at the home of Mrs. S. H. Young, 408 Linden avenue.

Attention is called to the second meeting of the class of Teacher Training, at the Methodist Church, Palmyra, on Friday evening, at 7.45 o'clock.

The regular monthly meeting of the trustees will be postponed from Tuesday evening, February 8th, until Tuesday evening, February 15th at which time the trustees and the session will meet in joint session.

CHARLES T. BATES,
Minister.

In twenty-five of the countries of the world women now have the right to vote. And, and to relate, they neglect it just like the men.—Detroit Free Press.

BAPTIST CHURCH

Communion will be observed on Sunday morning, February 6, with a sermon by the pastor on "The Suffering Saviour." Last Sunday morning a very large congregation filled the church auditorium, let us make this first Sunday in February even greater in worship and consecration.

The B. Y. P. U. meeting at 7 o'clock will be in charge of Group 1, of which Miss Emily Harvey is leader. Topic "The Conquering Christ." All young people are invited.

At the evening service at 7.45, the Baraca Class will have charge and a special speaker will be former magistrate Robert Carson, of Philadelphia. Mr. Carson is a prominent leader among men in Philadelphia and will have a message for the evening congregation worth making a special effort to hear.

The prayer meeting on Wednesday February 9, will be in charge of the B. Y. P. U. and Mr. Davis, the missionary to Africa who spoke in the Bible School last Sunday, will give a talk on his work showing his private lantern slides. This should be a very interesting and helpful meeting.

During February a series of cottage prayer meetings in homes in various sections of the towns will be held on Monday evenings from 7.30 to 8.00. These are part of the work towards the church goal of fifty new members by Easter.

Three social events are already on the calendar for February. The Baraca Class will hold a humorous debate in the church on Thursday evening, February 10. Subject "Resolved that in courtship women are more courageous than men." What do you think? Be there and find out.

On Tuesday evening, February 15, the Philathea Class will hold a Valentine Social at the home of Mrs. F. N. Johnson, 514 Morgan avenue, to which all members of the congregation are invited.

Then on Saturday, February 19, the mammoth food sale will be held in the church basement by the class. Orders may be given from now until then for almost any desired delicacy by calling Riverton 718. See the Philathea notes in another paragraph.

Take advantage of the benefits to be found in this church's full winter program. There is a place for you.

EAGLE GROUP Y. M. C. A.

Last week our group held its first co-social. This was the first time the fellows had ever entertained girls at a "Y" meeting.

Some new and interesting games were played and refreshments were served later in the evening.

Miss Emma Rotenburg, gave an exhibition of the "Charleston" with Miss Florence Harding at the piano.

Our evening closed with Jesse Coddington leading in the Friendship Circle.

JAMES WESTCOTT,
Publicity Director.

HURT IN FALL FROM LADDER

Edward Cain, of Riverside, fell twenty-eight feet from a ladder last week, while bricklaying at Fourth and Leconey avenue, Palmyra. He was taken to the office of Dr. Bauer, where it was found he was severely cut and bruised, but no bones broken. He was taken to his home and the next morning had an X-Ray taken at the Riverside hospital of his right foot, which had been severely sprained. Mr. Cain who is a nephew of Sidney Headington by whom he is employed, expects to be able to return to work in about three weeks.

SPECIAL PROGRAM

Illustrated Lecture on South Africa at Baptist Prayer Meeting

The B. Y. P. U. will take charge of the prayer meeting at the Central Baptist Church next Wednesday, February 9. A very capable speaker has been obtained.

The speaker is Raymond Davis, a missionary who is home from South Africa for a short time. He was present at the last Missionary Sunday in Sunday School and his talk was very much appreciated by those fortunate enough to hear him.

Mr. Davis is going to exhibit his set of stereoptican slides, the photographs of which he took himself while engaged in missionary work in South Africa. We are sure that you will miss something well worth while if you do not hear Mr. Davis. Remember the date, February 9, time, 8 p. m., place, Central Baptist Church of Riverton and Palmyra.

A very cordial invitation is extended to everybody.

PIONEER GROUP

The Independence Pioneer Group of YMCA met January 31, at the Palmyra Y building at 7.30 o'clock. The meeting was opened by the president, William D'Autrechy. We were then led in prayer by Mr. Nathan Lane, who was our visitor at this meeting. We heard the treasurer's report, which was $19.55. There were 14 members present and one visitor. We had a Bible Study led by our leader, George Graham, assisted by Mr. Lane. We then elected the following officers:—

President, Henry Wilbraham; vice president, Louis Sacks; secretary, Noel Thompson; treasurer, William D'Autrechy.

We had an interesting talk by Mr. Lane which was greatly enjoyed by all. After the meeting we had a good game of basketball. We adjourned at 9.30 o'clock.

Noel Thompson,
Publicity Reporter.

The threat of war with Mexico is one incident of history that repeats itself at very brief intervals.—Washington Star.

Items of General Interest Picked Up About the County and State

Getting Lumber At Camp Dix

About 300 soldiers from Governor's Island have been sent to Camp Dix to tear down buildings to obtain lumber for the erection of structures at Governor's Island to replace those recently destroyed by fire. Camp Dix, prior to the arrival of these men, contained only six soldiers and four civilian employes, who were doing police duty. Is is believed that it will only be a short time before the camp will be entirely abandoned by the government.

* * *

Train Nearly Wrecked

Timely discovery of a misplaced switch by a passerby recently, prevented what might have been a serious train wreck just East of the railroad crossing at Hainesport. As it was, the seashore express, leaving Mount Holly for Camden at 5 o'clock, ran into the open switch, derailing the "pony" trucks on the front of the engine before engineer Bert Watts, of Burlington, was able to bring his train to a stop. The other engine wheels remained on the rails and so quickly and quietly did the engineer bring his train to a halt, that the passengers did not know that anything out of the ordinary had occurred.

Pensauken Graduates 41

Closing exercises for the graduates of the ninth grade of the Pensauken Junior High School were held Friday night in the school auditorium. Forty-one pupils received diplomas which were presented by Harry B. Capehart, president of the board of education. Pensauken Township's two new grade schools opened Monday morning. One is in Bloomfield Park section and the other at the north end of the Delaware Garden tract.

Beach Haven Budget $63,957

The Beach Haven Borough Council contemplates spending $63,957.23 to provide for the expense of running the municipality in 1927. This is a raise of nearly $4,000 over last year but provides for many new improvements in the borough this year. The budget provides for the raising of the salary of the Borough Treasurer, Clerk, and the Assessor. It also includes an increase in pay for the police department, and the establishment of another shift at the Department of Public Works.

* * *

Sixty Days for "Sass"

Because he "sassed" the squire when given a hearing on charges of using abusive language toward a woman last week, Joseph Mandelcra, thirty-three years old, of Paulsboro, had a sixty-day jail sentence tacked on to the original penalty of a $10 fine by Justice of the Peace Daniels.

* * *

Atlantic County Traffic Police

The Board of Freeholders of Atlantic county at its meeting last week authorized the formation of a county traffic police force. Heretofore, the main roads in Atlantic county have been patrolled only by the state police, but numerous instances of speeding or other infractions of the automobile laws on the roads that are not so much traveled have caused an investigation by the Board, which has resulted in the county organizing its own force. The new officers will not interfere with the state police on the main highways.

* * *

Rancocas Girl Engaged

The engagement of Miss Elizabeth Leeds Warrick, daughter of Mrs. Caroline L. Warrick, of Rancocas, and Colin Frazer Tait, of Trenton, was recently announced.

* * *

Barrington Will Probated

The will of Dr. Richard C. Barrington, late of Merchantville, was admitted to probate in the Camden County Surrogate's office last week. It bequeath's all of his estate, both real and personal, to his widow, who is named as executrix.

* * *

Railroad to End Service

Action of the Public Utility Commission recently in granting the West Jersey and Seashore Railroad permission to discontinue two passenger trains on the Elmer-Quinton branch virtually amounts to the abandonment of a once flourishing line through rural Salem County.

* * *

Awarded Big Cantract

The United States Cast Iron Pipe Foundry, of Burlington, has received a contract from the American Light and Traction Company of New York, for 30,000 tons of pipe. This will keep the plant busy for some time.

* * *

Many States Represented

Several states of this country and at least one province in Canada were represented at the dinner given by Mr. and Mrs. Timothy M. O'Connell, at their home, Burlington, last week, for a number of the delegates to the nineteenth annual meeting of the National Association of Catholic Publishers and Dealers in Church Goods in New York last week.

* * *

Churches Should Advertise

Paid advertising in newspapers was recommended to all churches at the mid-winter meeting of the Presbytery of Monmouth, at the Presbyterian Church, Bordentown, in a message from Walter Irving Clarke, of Philadelphia, national publicity director for the denomination. His report was presented by Rev. Weaver K. Eubank, of Jamesburg. "Thought should be given to the church's paid newspaper ad, the same as to the pulpit sermon. A Bible text or a sentence sermon that will strike home can appropriately be used in a church and with good results," said Mr. Clarke.

Museum's Collection Enriched

The New Jersey Museum's collection of fossils, unearthed in this State, has been enriched by a number of specimens of animal and plant life of an earlier age dug out of the marl beds by the Permanite Company of Birmingham in the course of that concern's operations there. Judge Slaughter has also recently contributed a number of fossils to the State Museum, turned over to him by the estate of the late Gilbert L. Newbold, of Scranton, Pa., who formerly lived in Mount Holly.

"I'm a father!" cried young Jones as he burst into the office.

"So's your old man," replied the boss. "Get to work."

Teacher (in grammar class): "Willie, please tell me what it is, when I say: 'I love, you love, he loves.'"

Willie: "That's one of them triangles when somebody gets shot."

"What are you doing, Mildred?" asked a fond mother.

"I'm knitting, Mother," replied the sweet young thing. "I heard Jack say the other day he was afraid he'd have to buy a new muffler for his car, and I thought I'd surprise him."

Bridgeboro Will Get New Bridge

Old Structure Will Be Replaced By Span to Cost $350,000

After many years the old covered bridge at Bridgeboro is to go, and a new structure costing $350,000 is to take its place. The new bridge, is provided for in the program of the State Highway Commission for this year.

Also included in the program is the improvement of Route 4 as follows: The Toms River cut-off, $100,000 for road and $200,000 for a bridge over Toms River; $15,000 for a new bridge over Loveland's Thorofore in Burlington county; $10,000 for approaches to the Nacote Creek bridge is also to be built over Matawa Creek, Middlesex county, forming part of the cutt-off at Keyport.

In all aggregate expenditure of approximately $18,000,000 are contemplated in the State Highway Commission's construction program for the present year. This includes thirty-five road projects entailing a cost of nearly $10,000,000 and about $8,000,000 to be used in constructing approaches to the Holland Vehicular Tunnel under the Hudson river.

In announcing its program the commission pointed out that it will involve the construction of nearly one hundred miles of modern paving. This will leave less than eighty miles of the 728 miles included in the sixteen routes comprising the State Highway system as originally laid out.

Included in the program is a permanent pavement for the twelve-mile section of Route 7 between Hightstown and Freehold. This is part of the shore route between Trenton and Asbury Park. The estimated cost is $615,000. The section to be paved passes through Mercer, Middlesex and Monmouth counties. The spur of Route 7 between Adelphia and Lakewood in Monmouth and Ocean counties is also slated for improvement at a cost of $470,000.

More than $1,500,000 will be expended at Camden to relieve congestion of traffic resulting from the operation of the Delaware River Bridge.

EDWARD L. BADER

Mayor Edward L. Bader, of Atlantic City, died in the Atlantic City Hospital after an operation for appendicitis abscess Friday, January 29. In June, 1899, he married Miss Katharine Holvick, of Riverton. He is survived by his wife, three sons and one daughter: Daniel S. Bader, Edward Jr., Anna and Jack Bader. The Mayor was a communicant of St. Nicholas R. C. Church, Camden, a member of the Camden Elks, Moose, Eagles and the Knights of Columbus and an honorary member of the Rotary and Kiwanis Clubs. During his youth he was a noted professional football player and played at one time with Riverton and Palmyra teams.

Mayor Bader, one of the most colorful and yet forceful figures in New Jersey's political ranks, was born June 8, 1874, on his father's 80 acre dairy and produce farm in what is now a thickly settled portion of Southwest Philadelphia.

His parents, both of whom are deceased, were Daniel B. and Sara F. Bader.

PHS GIRLS LOSE

The P. H. S. girls' basketball team lost to the Mount Holly High School girl's sextet in a court struggle on the former's floor by a 54-23 score in a Division A game of the South Jersey Interscholastic League last Friday afternoon. The champion "Holly" combination exhibited the same form that carried them to the South Jersey League crown last season.

The Misses Margaret Jenkins and Helen Enskat, Palmyra forwards, were each credited with three field goals apiece. "Kitty" Burr, who was replaced by Jenkins, scored two goals from the field besides four out of six fouls for eight points. Miss Enskat made two of her five fouls for seven points while Miss Jenkins tallied one of three.

Miss Frances Durand, stellar forward, dropped 17 field goals through the net while her running mate, Miss Rena Worth, accounted for five double-deckers.

The summary:

Mt. Holly H. S. The Misses		P. H. S. The Misses
Worth	farward	Enskat
Durand	forward	Burr
Evans	center	Young
Aikens	side center	Harding
Ruane	guard	Sipple
Sine	guard	Kersey

Substitutions—Hedden for Worth; Koelln for Durand; Newcomb for Kalin; Anderson for Evans; Becker for Aikens; Jenkins for Burr. Field goals—Worth, 5; Durand, 17; Koelln, 1; Newcomb, 2; Enskat, 3; Burr, 2; Jenkins, 3. Foul goals—Worth, 2 out of 2; Durand, 2 out of 4; Hedden, 0 out of 2; Enskat, 2 out of 5; Burr, 4 out of 6; Jenkins, 1 out of 3. Referee—Miss Elizabeth Smith. First half—Mt. Holly, 39; Palmyra, 9.

Doron Almost Got Over River

Nearly Reached Burlington Dock When Cake of Ice Chased Him Back

But for a cake of ice that lastly floated up the Delaware river Friday morning the ferryboat Billy Doron might have come all the way to Burlington instead of scotting back to Bristol like a faint-hearted bachelor trying to escape from a bunch of chickens. The cake of ice giggled when it saw Billy turn tail and beat it for home, sweet home and the warmth of the oil stove.

Captain Billy Doron got up steam and started all right at 7.35 o'clock and had almost reached Burlington when he saw the aforesaid cake of ice. Immediately he began to broadcast from station BILL and otherwise tell the pilot to change the course before the ice hit the caravel.

Despite the fact that the passengers tried to brace up his nerve and tell him the cake of ice was no bigger than the lump Billy Vandegrift sells for ten cents in the good old summer time, Captain Doron would not take a chance, and in a few minutes everybody was on their way back to Bristol. What the passengers said to Billy en route would have sounded rude to anybody's ears but the esteemed captain's.

At the Bristol dock Captain Bill returned the passengers' dimes and then sweetly told them to get across the river the best way they could. They did it by the way of Trenton.

And in the meantime along comes J. Hampton Moore, former mayor of Philadelphia, painting a rosy view of the future of the Delaware river and the bridge that is to be built from Burlington to Bristol.—Burlington Enterprise.

Volume Production

The Most Beautiful Chevrolet in Chevrolet History

FISH-TAIL MODELING—adds a distinguished sweep to the rear of the Roadster, Coupe and Sport Cabriolet.

FULL-CROWN FENDERS—(one-piece) which lend substantial grace to the sweeping body lines.

BULLET-TYPE HEAD LAMPS—and cowl lamps. Up-to-the-minute in style.

TIRE CARRIER—mounted free from the body rigidly supported by steel brackets

In addition to masterly new bodies by Fisher—in addition to a host of mechanical improvements typified by AC oil filter and AC air cleaner—the Most Beautiful Chevrolet offers certain features heretofore regarded as marks of distinction on the costliest cars. These are made possible at Chevrolet's amazingly reduced prices only because volume production results in definite economies and because Chevrolet now, as always, passes these savings on to the buyer in the form of added value.

No other car, as low in price, offers such features as fish-tail modeling, full-crown one-piece fenders, bullet-type lamps and the like. Come in—and see for yourself!

QUALITY AT LOW COST

Around the Home-maker's Clock With Gas and Electricity

THIS is the Kearny home of the giant electricity. Electricity is the most adaptable of servants. With strength enough to haul the heaviest of freight trains up the steepest of grades, he has fingers delicate enough to perform tasks on which the nicest adjustment of force is necessary, and he is friend alike of engineer and housewife.

Electricity and its ally in labor-saving, gas, can be depended upon to perform nearly all housekeeping tasks with less work and to bring success to the housekeeper's effort.

Monday Stands For Washday

When electricity turns the motor and the Thor washer washes the clothes, washday is no more to be dreaded than any other day on the home-maker's calendar.

First, sort the clothes, separating the white things from the colored, the bed and table linens from the clothing. Fill the Thor to the water mark with hot water and soap flakes sufficient to make high foaming suds. Place your white things in the cylinder, press the button releasing the motor, and washing begins.

The cylinder revolves and reverses—the hot soapy water is sent swirling in and out and through the fabrics making them fresh and clean without friction.

You can rinse and blue in the Thor. Its motor-driven five position wringer has rollers of soft rubber that are careful of buttons and fasteners. A safety release clutch removes roller pressure instantly.

While the Thor is washing clothes, the home-maker may give baby his bath, make beds, or do any of her routine work.

The 1927 Thor washer models are finished in smooth white Duco enamel, the same finish used on fine motor cars.

Terms on all Thor electric washers $5.00 down—18 months to pay.

Burn Rubbish in Quick, Safe Way

The gas incinerator is simple to operate. It burns without smoke or odor and completely disposes of household refuse of every description.

After all garbage, dust collected by the electric cleaner, the contents of the waste paper baskets and all other litter has been burned in the incinerator, then the housekeeper may feel assured that her home is clean, the health of her household guarded.

On the Public Service budget selling plan the incinerator may be purchased for $5 down — 12 months to pay.

Frozen Salad Gives Piquant Touch to February Dinners

It's easy to prepare an appetite inspiring salad and a few hours in the Kelvinator electric refrigerator will make it deliciously stiff and crisp.

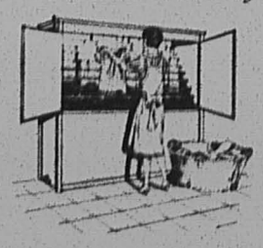

Kelvinator is an ally of the housekeeper in preparing the three daily meals. The flavor of meats stored in Kelvinator is improved — the sweetness of dairy products intensified. That's because these foods have been preserved in dry cold air—the ideal atmosphere for the preservation of food, and the atmosphere maintained by Kelvinator automatically.

The inside of the Kelvinator is as free from moisture as your pantry shelves. The family may be away from home for days, free from refrigeration worries.

Public Service has its own staff to install and service Kelvinator promptly.

Convenient payment terms have been arranged — a small sum down—17 months to complete purchase.

Another Help For Washday

During cold weather, the housekeeper often hesitates to subject her fine linens to the buffeting of high winds and zero temperature. Hanging the laundry on the line outdoors is a bitter task for the laundress.

The gas-heated clothes dryer is so well ventilated and its heat circulation so well planned that clothes may be dried in it with results as clean and fresh as when sunshine and clean fresh air do the drying.

The gas-heated clothes dryer may be purchased at Public Service for $5 down—a year to pay.

"Be Fair, Sweet Maid"

Appearance is as important to the home-maker as it is to the business woman — more important perhaps.

The housekeeper's leisure, if any, comes in the afternoon. It is then that she would do well to relax and massage her face, neck, and arms with the electric vibrator. This helps to reduce nervous tension, to stimulate circulation, and to bring glowing color to a pale face. Vibrators may be had from Public Service from $5 up.

Disorder Flees Before the Hoover

Every house looks unkempt and a bit forlorn on Monday morning. Sunday's papers are strewn about, ashes and tracks of restless feet mark the rugs. It's only the work of a moment to pick up the papers, shake up the cushions, then call on the Hoover electric cleaner, and soon all ashes and other litter are whisked up and away.

The new Hoover has a feature called positive agitation that changes carpet beating from a concentrated rain of violent blows to a series of swiftly repeated dirt-loosening taps. Suction lifts the rug from the floor, while the Agitator taps out the dirt and the strong suction draws it all up into the dust-tight washable bag.

The control is on the pistol-grip handle within easy reach.

This most scientific of modern home cleaning devices may be purchased at Public Service on these convenient terms—$5 down—$5 a month.

When the Day Is Done

There's a sense of well-being in sitting at ease, when the day's work is done, in the soft light of glowing lamps.

The lamp is adaptable, easy to adjust to the right angle for your need. The bridge or arm-chair lamp is the particular favorite of the moment. These and a large assortment of other floor styles—table, boudoir and novelty lamps—have been placed on sale at 33 1/3 per cent discount at Public Service.

Improve the Fine Art of Cooking

Cooking is a science. It's also an art and as such, most home makers prefer to regard it. That is one reason why good cooks are enthusiastic over the gas range with oven heat regulator.

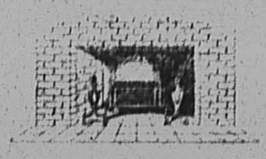

This device that measures and maintains oven heat so accurately, brings out the best in the cook's art. It brings out hidden flavors, and the food's nutritive values.

The oven heat regulator can be depended upon to cook or bake any dish successfully without the housekeeper's attention.

An all-enameled gas range is easy to clean and is an attractive addition to the modern kitchen. Many makes and finishes in gas range models to be found at Public Service stores. Many equipped with oven heat regulators, and all built according to American Gas Association standards.

The payment terms are particularly attractive at this time $1 down and a year to pay.

The Glowing Fire On the Hearth

When furnace fires are low, during severely cold weather or just for cheer's sake, light the gas radiant heater. In log, coal basket or special design, the beauty of the open fire can be enjoyed without preparation, without cleaning up afterward.

Public Service offers its customers 30 days trial of any gas fireplace heater.

Gas heaters costing $25 or more are installed in first floor fireplaces without extra charge.

Payment terms are $10 $1 down—a year to pay.

CALORIES AND VITAMINES

A good housekeeper, even a first class cook, isn't always a chemist. Sometimes she wonders whether her meals are well balanced, whether she has included all the food elements necessary for the welfare of her household.

To help home-makers in this decision, Ada Bessie Swann of Public Service Home Economics Department and the Radio Cooking School will broadcast over Station WAAM a series of talks on well-balanced menus. These talks will include, too, many interesting suggestions for meatless dishes. Miss Swann is on the air every Tuesday and Friday morning at 11.

PUBLIC SERVICE

Numerous Expenses Connected With Auto Warrant Income Tax Exemption

Many Costs Deductible, Especially When Car is Used for Business, Says President of Keystone Automobile Club

Good news for the owners of automobiles, on the brink of the annual big worry occasioned by the approach of the income tax season, is contained in a digest of the income tax law prepared by J. Borton Weeks, president of the Keystone Automobile Club.

There are numerous expenses connected with the operation of a car, especially when it is used for business purposes, that are deductible, Mr. Weeks explains. For instance, all owners may deduct from gross income the amount they have paid for license fees, such fees being regarded as a State tax and being deductible as such. They also may deduct under the heading of taxes the tax on gasoline, which in Pennsylvania is two cents a gallon.

"The statement covering all other deductibles, and certain things that are not deductible, follows:

Federal Tax on Motor Cars

"The Federal tax on the sale of new cars, which increases the selling price, and is therefore indirectly paid by the purchaser, cannot be deducted by the purchaser, but only by the manufacturer, who directly pays it.

"The same is true as to the Federal tax on accessories.

"The cost of gasoline, ordinary, repairs and upkeep of an automobile, including garage rent and chauffeur's salary, is, if used wholly for business purposes, deductible as an expense to the business. The cost of substantial or permanent improvements to the car, such as a new top or body, is not regarded as repairs and is not deductible. A physician, lawyer or other professional man is entitled to a similar deduction if the car is used primarily for professional purposes.

"If the automobile is used partly for business or professional purposes and partly for pleasure or convenience of the taxpayer or his family, such costs may be apportioned according to the extent of the use for purposes of business and pleasure or convenience, and only the proportion of such cost justly attributable to business or professional purposes is deductible.

Depreciation in Business

"The owner of a car used wholly for business purposes of the owner is entitled to deduct a reasonable amount for annual depreciation in the value of the car. The owner of a car which is used solely for pleasure purposes is not entitled to a deduction for depreciation. If the car is used partly for business and partly for pleasure purposes, the depreciation is to be apportioned accordingly. Thus, is the annual depreciation of a car is figured at $300 and 40 per cent of the mileage for the year was for business purposes, the deduction would be $120.

"In figuring the amount of depreciation for the taxable year it is necessary first to estimate the probable life of the car in terms of years. The life of a car is ordinarily estimated at from five to seven years, according to the usage. The salvage value of the car should be then estimated as the end of the active life of the car.

This amount should be deducted from the purchase price and the difference should be divided by the number of years estimated for the life of the car. This gives the annual depreciation.

How It's Figured

"For example, a new car is purchased for $3000 on January 1, 1921, and you figure that the active life of the car will be five years and that its salvage value at the end of that time will be $300. You should subtract $300 from $3000 and divide the balance, $2700 by five, which would give you $540 as the annual depreciation of the car. You are entitled to a deduction of that amount, provided your car is used exclusively for business or professional purposes or the proper proportion to it if the car is used partly for business and partly for personal purposes.

"The life of a car used by a physician is seldom estimated at more than five years.

"The premium paid for automobile liability insurance is considered a part of business or professional expense, and is deductible as such in computing net income. When the car is also used for pleasure purposes such item is deductible, but the item must be apportionated. Thus, if a lawyer used his car 30 per cent of the time for professional purposes, 30 per cent of this item, as well as other costs of upkeep and ordinary repair may be deducted.

Damaged in Accident

"If the car is used exclusively for business or professional purposes and is damaged in an accident the entire cost of repairs and new parts may be deducted as a business expense or loss. If the car is used for pleasure purposes as well, the item is not deductible if the accident occurred while the car was being driven for pleasure purposes.

A salesman who maintaines his own car in order to perform his duties to his employer and earn his salary he may deduct as a "business expense" the actual expenses satisfactorily shown to have been incurred in the operation of the automobile for business purposes, plus proper allowance to cover depreciation.

"If a business or professional man who uses his car for business or professional purposes also uses it to drive from his home to his office, this is not considered a business use, but rather a matter of convenience, and in apportioning the use of the car as between business and pleasure uses, he should not make any deduction for operating costs incident to such use.

"Can a taxpayer dudurt as a necessary expense of the business fines paid by him for operating his automobile (either by himself or an employe) in violation of the traffic or motor vehicle laws?

"The Internal Revenue Department has answered that amounts paid for violation of laws are not "ordinary necessary expenses" incurring in the course of business, and, therefore, do not constitute allowable deductions for income tax purposes. Likewise, a fine paid for violation while the car is being driven for pleasure purposes is not a deductible item.

"If one borrows money for the purpose of buying an automobile the interest paid on such an obligation is properly deductible from gross income in determining net income whether the car is to be used for business or for pleasure.

County News of 50 Years Ago

Items of Interest Published in Mount Holly Mirror January 25, 1877

E. P. Empson, of Collier's Mills, recently shipped one hundred boxes of cranberries to England.

Edward L. Durand, of Mount Holly, has housed over one thousand tons of ice to supply the residents here next summer.

A fisherman drove across Barnegat Bay to Seaside Park, on the ice, on the 13th inst., with a loaded wagon.

Joseph H. Coppuck, for several years teller in the Mount Holly National Bank, has resigned that position.

James Lippincott, Jr., living on the Jacksonville road, delivered at the Mount Holly station on Monday, sixty capons averaging 20 pounds to the pair. One pair weighed 23½ pounds.

Philip Haines, of Lumberton killed four pigs on the sixteenth inst., that averaged 180½ pounds. They were Magie-Chester and were exactly five months old. Pretty goods pigs.

Soup House Operating.

The soup house is in active operation in Mount Holly and no family need want for a good meal. The soup is good enough for anybody, rich or poor, and may be purchased by those who are able, or received gratuitiously by such as have no means. It is the design of our people that no one in our town shall suffer for the want of food this hard winter.

The anniversary of the Mount Holly Baptist Sunday school was celebrated on Wednesday. The report of the secretary showed the whole number of scholars to be 398; officers and teachers, 47; total, 445. This is an increase of 23 scholars during the year.

The Wain farm, near Recklestown containing 105 acres, was sold by administrators at public sale on the 17th inst., to Charles W. Taylor, of Camden, at $108.25 per acre.

Out of 200 tramps passing through the hands of Burlington city police last week 25 were committed to the county jail and almshouse. Both of those institutions are filled to overflowing with these vagrants.

Baldwin at Burlington

It is reported that Baldwin & Company's locomotive works will locate in Burlington if ten acres of land can be secured for the factory. One public-spirited citizen has offered five acres.

The New Jersey Cranberry Growers' Association met at Trenton on Wednesday and elected officers for the coming year. Rev. Dr. J. H. Brakeley, of Bordentown, was chosen president; A. J. Rider, of Atsion, secretary and treasurer, and Theodore Budd, Pemberton, one of the corresponding secretaries. Encouraging prospects for foreign trade were reported, but the progress will be slow. The statistician reported receipts of New Jersey berries at New York up to the 31st ult., 41,532 bushels. From New England 24,000 bushels had been received up to that date. The association numbers 107.

J. & S. Butterworth, of Vincentown, recently sold to John Welsh, of Camden, 26 head of fat cattle of very superior quality; average weight over 1606 lbs.

February 1, 1877

Potatoes sold at $1.50 per bushel from wagons during the past week, Peerless, from Vermont, were offered at $1.45 yesterday.

The Burlington County Teachers' Institute for 1877 opened at the court house this morning. The town is alive with school marms.

At the recent meeting of the Mount Laurel Detective Company, directors were elected as follows: Joshua Borton, David Darnell, Japhet B. Joyce, Thomas M. Locke, John E. Darnell, Samuel J. Wills, B. Frank Hollingshead, Benjamin Rogers, Ezra Engle, William J. Evans, Joseph Atkinson and Edmund Darnell.

The consecration of St. Peter's Church of Medford, took place on Thursday. The Bishop and five clergymen officiated. The sermon by the rector, Rev. C. M. Perkins, of Mount Holly, included a history of the church and the objects for which it was consecrated.

Six Baptized

The rite of baptism was administered to six candidates at the Mount Holly Baptist Church on Sunday morning and to two at St. Andrew's church in the afternoon.

Thomas Sager, of New Egypt, slaughtered two old hogs and ninety-seven pigs last week. The hogs averaged 550 pounds, and the ten-month-old pigs, 280 pounds. The crop was sold at 8 cents per pound to John Field.

A LaFrance steam fire engine has been purchased by the city of Burlington, but the Mitchell Company refuses to receive it. It is intimated that the company will purchase a Clapp & Jones Co., engine for their use.

At the annual meeting of the Burlington County Agricultural Society, held at the Arcade Hotel on Saturday afternoon, the following directors were elected: Isaac Fenimore, William S. Taylor, Henry I. Budd, Emmor Roberts, Benjamin S. Deacon, John B. Collins, Joseph Wills, Theodore H. Risdon, Edward L. Bowne, William R. Hancock and Judson C. Gaskill.

Pensauken Tax Rate Drops

Estimates of Pensauken Township officials promise a material reduction in the tax rate this year that will be gratifying to the general property owner. It is expected the rate will drop about fifty-eight cents. The rate last year was $3.62, but this year it should be around $3.00, provided that the State and County rates are about what they were last year, and no material change is expected.

THREE SEEDS FOR THE BATTLEFIELDS

Secretary of War Dwight F. Davis inspecting part of the millions of American tree seeds that will be sent to France, Belgium and Italy to reforest battle areas. The seeds are presented to our allies of the World war as messages of good will from the American Tree association. They will be shipped on the tenth anniversary of the United States entry into the World war. Miss Mildred Brall of the American Tree association is shown with the secretary of war.

Jimmie O'Rourke "Holdup" Victim

Brave and Bold State Trooper Gets "Scare" of His Life

Here's the way one of the county papers tells of the "holdup scare" of the reporter's friend—in fact, everybody's friend—State Trooper Jimmie O'Rourke.

State Trooper Jimmy O'Rourke, now stationed at Chatsworth and pretty well known around this section, nearly lost all of his daylights by the process of fright last Thursday night when he had to surrender to a genuine hold-up while driving his car past the Four Mile Colony entrance gate on his way to his lair. It is seldom that anything can cross Jimmy's path in an abrupt manner and get by with it without an explanation, but he admits that on Thursday night he met his Waterloo and had to bow to the consolation that comes with prayer in an emergency.

The trooper was driving along at a pretty good clip in his usual happy way, thinking of the birds, the sunshine, how soon the beauties of spring would be here and wondering what opportunities there would be for a young man's fancy to turn in the days when balmy air takes the place of wintry blasts, when suddenly, just like an order from headquarters and with about the same warning, something shot from the Colony entrance across the edge of the road and into his machine amidships almost like a 12-inch shell would be expected to strike. Shork doesn't begin to tell it—it felt like everything being moved at once. Jimmy thinks he must have used about eight hands to take care of his end of the situation. He grabbed all of the levers, pulled his gun, threw up his hands, prayed and left the rest to fate.

Except for what Jimmy was saying there was silence. He had imagined he heard a "Hands-Up" and just as soon as he dared to look to see what kind of a cannon had been used on him he realized that he wasn't half as frightened as he thought he was, not near. In the period of venture following he discovered that there was nothing to hurt him beyond a defenseless and badly injured buck deer that had become frightened while feeding at the Colony grounds, and, bewildered by the bright lights of the automobile, had run against the side of the car with full speed ahead. Before O'Rourke could do anything toward getting matters straightened out the buck recovered sufficiently to make a getaway and successfully hide in the darkness. A search was made for him, but he could not be found.

O'Rourke returned the next morning with a helper and after they had searched a long time the injured animal was found some distance away apparently paralyzed. It could not move to attempt getting away. O'Rourke realized that there was only one thing to do and he shot the animal to relieve its suffering. He was much affected after the shooting, as the deer cried like a baby while he was cutting its throat. The carcass was turned over to the Colony to be eaten there.

Few people could stand such a shock and recover so quickly, but Jimmy was all right the next morning and ready for anything that might be coming his way.

Capps Heads N. J. Athens Committee

Former Minister to Greece in Charge $1,000,000 Campaign in State

Dr. Capps, former American Minister to Greece, will head the New Jersey Athens College committee.

$1,000,000 initial sum to be raised for building and endowment. $270,000 already raised.

Dr. Edward Capps of Princeton, former American Minister to Greece, who is now head of the Greek Department in Princeton University, has accepted the chairmanship in New Jersey to raise funds to build and endow Athens College. The plan originated in Greece. The movement for an American College founded on American ideals started among the alumni of Robert College in Constantinople. E. A. Benaki, an Athenian cotton broker, has given a tract of 23 acres of land as a site for the college and has contributed $100,000 for the building to be erected on the campus. $70,000 additional is available. $170,000 will be used exclusively for building and equipment and Ery Kehaya, an American Greek, has matched the gift of Mr. Benaki with his $100,000.

Success Certain

The prime movers for an Athens College have been so certain of success that they have already started a college last year in rented buildings.

Dr. Capps in an interview said: "The Greeks in New Jersey are being organized in local committees to aid in the building and endowment of Athens College. Every Greek resident will be asked to share in this enterprise."

"Then," continued Dr. Capps, "there is a sentiment in America of expressing some recognition of the contribution which Greek culture has made to the Anglo-Saxon civilization. If progress is to be made in the interests of international understanding and good will, Athens College cannot be the work of a few individuals. For this reason, nation-wide appeals for funds will be made in both countries. Every American interested in the welfare of Greece and every Greek desiring a closer relationship between countries will be asked to participate according to his ability."

Trustees

The Trustees of Athens College are Dr. Henry S. Pritchett, Dr. John H. Finley, Hon. Charles P. Howland, Dr. Stephen P. Duggan, Dr. Edward Capps and Ery Kehaya. Albert W. Staub, American director of the Near East Colleges, will be the Executive Secretary.

Dr. Capps is now working to organize the Greeks in New Jersey and interesting Americans not only in New Jersey but in the United States in behalf of Athens College.

The offices of Athens College are located at 18 East 41st Street, New York City. The Central Union Trust Company of New York will act as treasurer for the fund.

faction and Sheriff Haines is at loss to know what caused his sudden change of heart unless he has secured a more lucrative position. It is rumored that he will be employed at Moorestown.

If you want to get a thing done, make it somebody's definite job to do it.—Four-eighteen.

CHAMPION MEAN MAN

A new candidate for the prize—a brown derby—offered for the champion mean man, is seen in the individual, living not a hundred miles from Mt. Holly, who hired his son, a youth in his late 'teens, to work on his farm, several miles away agreeing to pay him a dollar a day. At the end of the week the father presented an off-set of a dollar a day for the young man's dinner. That, according to the father, squared the account and no money changed hands. I would like to give to The Mirror's readers his name, but that would hardly be fair to an industrious young man, who didn't have the choosing of his father.—Editor's Column, The Mirror.

MEDFORD TO RAISE $17,500 FOR SCHOOLS

The annual meeting for the election of members of the Board of Education and voting appropriations in Medford township will be held in the schoolhouse, on Tuesday, February 8.

The polls will remain open one hour, and as much longer as may be necessary, to enable all the legal voters present to cast their ballots.

The voters will be called upon to select by ballots four members for the Board of Education 3 for three years and 1 for one year, and to decide the amount to be raised by taxation to maintain the schools. The total amount thought to be necessary and which will be submitted on the ballot is $17,000 for current expenses and $500 for repairs and replacements.

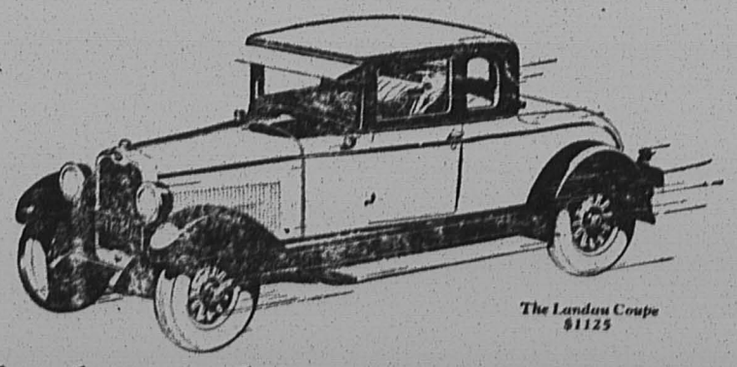

An important proposition in connection with the present school buildings and grounds will also be submitted on the ballots for the decision of the voters. This is a resolution, providing "that the Board of Education be authorized to sell to the highest bidder at public or private sale the school building and grounds."

Vol. 38. No. 4. RIVERTON, NEW JERSEY, THURSDAY, FEBRUARY, 10, 1927 PRICE FIVE CENTS

WOMAN KILLED AS AUTO SKIDS ON ICY STREET IN PALMYRA

Mrs. Albert W. Williams of Riverside Dies When Car Hits Pole

SACRIFICES HERSELF TO SAVE LITTLE CHILD

Mrs. Gertrude S. Williams, 28 years old, of 527 Bridgeboro street, Riverside, was fatally injured in an automobile accident Saturday night at 12 o'clock, at Broad and Elm avenue, Palmyra. The Buick sedan, driven by her husband, Albert W. Williams, who is district manager of the A and P stores in this locality, skidded on the icy road and struck a tree.

Mrs. Williams was thrown through the windshield and suffered a severed jugular vein that caused her death at 1.40 a. m. in the Zurbrugg Memorial Hospital, Riverside.

Maternal instinct in shielding her young son, Albert J., police believe, caused the young woman to sacrifice her own life. Mrs. Williams, who was holding the child on her lap, drew the baby back as she saw the accident was unavoidable. This forced her own face into the opened windshield. Mr. Williams was saved from being thrown through the windshield by the steering wheel.

Other occupants of the car were the daughter, Gladys, and two guests, Miss Mildred Johnson, of Newark, and Harry Kerber, of Audubon. They were returning from Philadelphia where they had attended a theatre.

Williams was driving slowly due to the bad weather when he lost control of the car and before he could bring the machine to a stop, he smashed into the tree in front of the K. of C. Home. The other occupants were only temporarily stunned and shocked.

Dr. H. B. Mark was summoned and the injured woman was rushed to the Zurbrugg Hospital, Riverside, but surgeons were unable to stop the loss of blood from the severed vein. Mr. and Mrs. Williams lived in Millville prior to his assignment to business in this district. Mrs. William's funeral was conducted from her former home in that city, Wednesday afternoon.

Shade Tree Action Urged by C. of C.

Palmyra Borough Council Asked To Take Some Steps At Once

Shade trees were again to the fore at the meeting of the Palmyra Chamber of Commerce Tuesday evening.

It seems that the members of the Chamber of Commerce were of the impression that Mayor Weart had promised to take some definite action on the shade tree situation in Borough Council, but members of Council present stated that nothing had been done to date.

After considerable discussion a motion was adopted to the effect that a recommendation be transmitted to Council urging immediate action.

The old peddler nuisance also was discussed. It seems that some outsider had recently come into town and distributed about 400 pork shoulders of poor quality, telling the unsuspecting housewives that they were fine hams.

Local business men very properly take the stand that not only is it their policy to be honest with their customers, but that they couldn't get away with such tricks if they wanted to, while outsiders who are here today and gone tomorrow can do it and go scot free.

It was the concensus of opinion that peddlers of all kinds should pay a license fee and be under police supervision and the business men's committee, composed of F. G. Fromuth, Thomas McCrosson and Dr. Bohl were instructed to take up the matter with Council at once.

A committee to attend the organization meeting of the proposed united charities organization on March 3 in P. O. S. of A. Hall was appointed, comprising Frank Chambers, Franklin Warner and Edwin Patterson

HANSEN—NEWKIRK

A rather quiet wedding took place at the First Lutheran Church last Thursday afternoon at four o'clock when Miss Edna Newkirk, of Riverton, became the bride of Mr. Walter Hansen, also of Riverton. The ceremony was performed by the Rev. William Erhard.

The bride was attended by Miss Ethel Hansen, of Oaklyn Manor, as bridesmaid.

The bride wore a gown of white satin and carried a bouquet of white roses and sweet peas.

The bridesmaid was dressed in orchid georgette and carried a bouquet of pink roses and pink sweet peas.

The celloist was Miss Ruth Hansen.

The best man was Mr. Andrew Fritz, of Riverton.

Immediately after the ceremony a reception was held at the home of the bridegroom's mother, Mrs. August Peterson, of Oaklyn Manor.

After a short wedding trip the couple will reside at 804 Columbia avenue, Palmyra.

CARD OF THANKS

We wish to express our appreciation to our many friends for their kindness and sympathy during our recent bereavement, especially those who sent cars and flowers.

The Wallace Family.

Tests of nineteen three-year-old children showed that their vocabularies ranged from forty-eight words up to 1,807.

SWASTIKA GIRL RESERVES RECITAL

The recital given last Thursday evening at the Riverton Public School auditorium proved to be an overwhelming success. Those who attended felt that they had been highly entertained. Mr. Diton's program was of the highest type and rendered with unusual skill.

The Girl Reserves were delighted at the large audience but regret that more music lovers were not present to enjoy this musician of such rare talent.

The program was as follows:

1. Invocation Rev. S. T. Boyd
2. Chorus, "Triangle of Blue" Girl Reserves
3. "Chaconne in D Minor" Bach-Busoni Mr. Diton
4. Violin Selection, "Students Concerto, No. 4, D Major," Fr. Sertz Timothy Johnson
5. (a) "Scherzo in E Major Op. 54 Chopin (b) "Nocturne in F Sharp Major Op. 15, No. 2," Chopin (c) "Polonaise in A Flat Major Op. 53," Chopin
6. Chorus, "Sleep Dusky Baby" Clark Girl Reserves
7. "Sonata in B Minor" Liszt Mr. Diton
8. Remarks Miss Sallie Sumner County Secretary Y. W. C. A.
9. Overture of "Tannhaeuser" Wagner-Liszt Mr Diton

Mattis Elected To School Board

First Contest In Many Years Brings Out Large Number of Voters

True to predictions, the annual school meeting in Riverton, Tuesday night, was the largest for many years. Men and women to whom the interior of the school building had been an unknown sight for a decade at least, dropped their ballots in the box.

The cause of this unwonted turnout was the unusual fact that five candidates were contesting for the four vacancies to be filled.

One hundred and fifteen votes were polled, and the results were as follows:

For the full term, Ross E. Mattis, 67; Mrs. Edith Sullivan, 87; Sherman L. Warren, 84, and H. K. Rutherford, 53. The secretary of the meeting declared that Mrs. Sullivan and Messrs. Mattis and Warren were elected.

Francis J. Elwell was unopposed for the unexpired term of J. Wilson Sylvester and received 87 votes.

Hilton Smith was chairman of the meeting, George D. Steedle, secretary, and David F. Gould and Edson Carhart, tellers.

COMMUNITY GUNNING CLUB HOLDS SHOOT

Shaffer and Bohs Are High Scorers In Weekly Match

The Community Gunning Club of Cinnaminson held its usual shooting match last Saturday afternoon on the Shaffer farm. Interested spectators from Cinnaminson, Palmyra, Moorestown, Riverton and Riverside witnessed the "weekly match."

"Cad" Shaffer with 45 and W. Bohs with 41 were the important counters in the "fifty target match," while C. Shaffer, Jr., with 20 and P. Bohs and J. Shaffer each with 17 were the high scorers in the twenty-five."

The popular gunning club will hold another of its matches this Saturday on the Shaffer farm. Several worthwhile prizes have been obtained and the club officers anticipate fine showing with many entrant and spectacular shooting.

50 Target Match

F. Shaffer	45
W. Bohs	41
M. Beidoman	39
W. Thompson	37

Organize Chautauqua

Permanent Association to Promote Annual Event is Formed In Palmyra

A Palmyra Chautauqua Association was formed at a meeting held last Wednesday evening in the Central Baptist Church, with the election of the following officers:

President, Miss Emma Price; vice-president, James MacFarlane; secretary Mrs. F. N. Johnson, and treasurer, Alfred Bauer.

Much enthusiasm was shown for the proposition of making the annual Chautauqua a permanent institution in Palmyra and high hopes were entertained for the success of next year's series.

Additional members are cordially invited to join the Association and help boost the movement.

Y. M. C. A.

Last Saturday evening the boys of Mr. Torbett's class of Christ Church, Palmyra, formed a Y. M. C. A. group.

The following were elected under the leadership of Mr. Torbett. President, Atwood Bozarth; secretary, Grant Carpenter, and treasurer, Foster Sheffield.

The boys have as their mascot a dog who is equipped with a basketball suit. After the regular meeting the boys enjoyed a fine game of basketball.

WILL SPEAK HERE

MISS MARGUERITE HUBBELL
Who will address the Riverton Chamber of Commerce February 15, at Porch Club.

Picture Talk at C. of C. Meeting

Miss Marguerite Hubbell, of Washington, D. C., Will Speak in Riverton

The Riverton Chamber of Commerce is arranging for an unusually interesting meeting to be held in the Porch Club Tuesday evening of next week, February 15, at which time Miss Marguerite Hubbell, from the Bureau of Commercial Economics, Department of Public Instruction, Washington, D. C., will give a talk illustrated with lantern slides and motion pictures, following the business session of the Chamber.

Miss Hubbell believes it is the duty of those of fortunate opportunities to contribute something of those opportunities to the rest of the world. After the Armistice was signed she went to Europe and, like many others, saw what war had done to once beautiful and happy countries. Viewing a cemetery that held ten thousand of her dead countrymen, she realized that the torch thrown from ailing hands was the light of a better understanding between nations and that it was her part to help make that light burn ever more brightly.

Miss Hubbell says, "We all have our problems, our failings and our tremendous potentialities. All most of us need to work them out is a little mutual understanding. When I see an opportunity to help along that understanding I like to talk. Recently I spent some time in Quebec and the beauty and romance of it won me, just as it wins everyone who goes there. The great fact that came home to me was that Quebec was the actual birthplace of North America and along that St. Lawrence River lay the highway travelled by those intrepid discoverers of this vast country we now call the United States of America. What a bond between us! That is why I want to tell you 'The Story of Quaint Quebec.' Not as a stranger within your gates, but as one who is deeply interested and concerned in the things that interest and concern you. In turn, I hope that you may grow to know and love Quebec, the cradle of our mutual history, just a little."

Miss Hubbell is building for herself a reputation as a traveler, writer and raconteuse. She does not lecture, but tells a story, using a narrative form entirely both in writing and speaking.

Members of the Chamber are entitled to bring their wives, sweethearts, and other friends.

PLAN CUP AWARD

Palmyra High Alumni Will Provide Incentives for Students

The Palmyra High School Alumni Association voted to give a cup to the student in high school who has done the most for Palmyra athletics, at a meeting of the alumni held at the home of the vice president, Miss Kathryn Stewart, last Wednesday night.

The winner of the award will receive a cup for himself, while a larger cup will be presented to the high school, with the name of the winner of the smaller cup engraved upon it each year.

William Colsey was appointed chairman of a committee to draw up rules by which the joint committee of the faculty of the high school and the alumni will be governed in selecting the winner.

Another cup will be given to the student who turns in the best piece of writing. This may be an essay, a short story, a satire, or anything the student chooses to write about. The faculty will choose the winner of this award. All compositions must be handed in to the office of the supervising principal, Professor A. S. Griffith, by Friday, May 13.

The play committee of the alumni will meet at the home of Miss Elizabeth (Cyse) Hires, Palmyra, Wednesday night, February 23, to choose a play to be given by the association early in the spring.

The association plans a moving picture in the near future. The committee in charge is composed of John Crawford, Cyse Hires, Helen Belcher, Kathryn Stewart and William Colsey.

TAX BUDGET PASSED

Th Riverton tax budget for the year 1927 was unanimously passed by the Borough Council last Thursday night on a motion made by Councilman Showell and seconded by Councilman Welsh.

While several citizens were present no objections were raised to any portion of the budget. After the council meeting had adjourned the Mayor announced that he would like to speak to the councilmen privately and the visitors withdrew.

CAMPAIGN FOR SCOUT FUNDS

Boys Celebrating Seventeenth Anniversary This Week With Many Activities

WONDERFUL GROWTH IN DISTRICT NOTED

Boy Scouts and their leaders in Burlington county, more than 1000 strong, are this week celebrating the 17th anniversary of their national organization and opening of the third year of their county council, one of the strongest and most progressive in the State.

As the boys are having their innings this week, prominent men of the county, sponsors for the Scout work, are preparing for a campaign next week to raise the funds for the budget of the coming year. The financial campaign will be directed by Richard E. Wilson, of Palmyra.

Many activities feature the program of Scout Anniversary Week, one of the most interesting to Scouts being the opening of new county headquarters in the Oliver Building, on High street, Burlington. Demonstrations of Scouting in home, schools and churches have been staged by many troops. Moving pictures, Dad-and-Scout banquets, municipal celebrations and pageants are other features announced in the county-wide report of the week's celebration by County Scout Executive John R. Tallis.

Much Progress Made

That the Boy Scout work in Burlington county has made progress that should please every father and mother of a boy of Scouting age and that has brought the desired dividends in results to contributors of the work is announced by Harold M. Wall, of Beverly, president of the county council, in asking the support of citizens to the movement for the coming year. Groups of men in each community will conduct the campaign. A statement from county headquarters says, further:

"Every cent contributed in this campaign goes directly to the further promotion of the Boy Scout program in Burlington county. There are no overhead campaign expenses. The Boy Scouts of the county will get both sides of every cent.

"The growth of Scouting in the county has been strong and healthy. From 148 Scouts when the Council was organized in 1924, it now enrolls 1127 boys and men and two new troops, not included in the above, are now being chartered. The County Council appeals to the father and mothers of boys of Scout age and to all citizens interested in boys, to lend their moral and financial support toward continuing this splendid record.

Economy and Efficiency

"The council is endeavoring to do a great piece of work in the most economical and efficient manner that business men of the county, as supervisory officials, can devise. Its force of scoutmasters and assistants is entirely volunteer, serving for the love of the boys, without financial remuneration. Its employed representatives are the county executive and office secretary. It is vitally touching more boys at less dollars-and-cents cost than any plan before presented with the cooperation of Burlington county citizens.

"The Scout movement has the endorsement of the newspapers of the county, of churches, public school principals, business and professional men. It was the vision of some of these men, who believed in the boys of their communities and who backed their belief with their efforts and money, who made possible the organization of this great program. The present campaign will offer an opportunity to every interested citizen to join them in continuing and extending Scouting for Burlington county boys."

Executive Board

The Executive Board of the Burlington County Council consists of the following gentlemen:

B. F. Haughton, Beverly.
W. C. Coles, Moorestown.
H. F. Hall, Moorestown.
E. R. F. Johnson, Moorestown.
G. DeB. Keim, Edgewater Park.
B. F. Rigg, Burlington.
H. F. S. Russell, Edgewater Park.
J. H. Sinex, Edgewater Park.
Harold M. Wall, Beverly.
Edgar F. Bunce, Mt. Holly.
Arthur W. Luce, Moorestown.

STOP, LOOK and LISTEN

Matters are rapidly getting under way in the senior class of P. H. S. for the production of the comedy, "The Blossoming of Mary Ann," which will be on the evenings of March 25th and 26th.

The heroine of the play is Mary Ann, played by Gladys Booth, first in love with Billy Barclay, taken by "Ted" Hudson, well known to local audiences, and later with Dickie Stanhope, better known as Bruce Beahn.

The character parts are: Mrs. Kirkland, Mary Ann's wealthy Aunt from New York, Ann Murphy, Miss Silsey, village dressemaker and gossip, Muriel Burgmann, and Betsey, a highly efficient-? Irish maid, Grace Bauer.

The cast is completed by Henry Albright, Andrea VanSteenburgh, Henry Mathers, Helen Enskat, Harry Litle, Helen Greene, Charles Earp, Ruth Hemingway, George Hutchins, Gertrude Panconst, and Gertrude McFadden.

LEGION AUXILIARY

The American Legion Auxiliary will hold a Washington Tea and Card Party on Tuesday afternoon, February 22nd, at 2 o'clock p. m. in the Legion Home.

Some very nice prizes have been donated and the Auxiliary invites all the ladies of the town to come and join them at their tea party. Tickets are 50 cents.

The next regular meeting of the Auxiliary will be held Thursday evening, February 17th at 8 o'clock in the Legion Home. All members are urged to be present.

POOLROOM RAIDED

Nicholas Mongo, of West Palmyra, proprietor of a small store and poolroom on Lennox avenue and River Road, Delair Park, was arrested Friday for maintaining a disorderly house. The store was opened but two weeks ago and complaints had been sent to Pennsauken police.

Last Friday at 11 o'clock the police were notified that twenty young men were in the poolroom. Chief Cox and Captain Wheeler visited the place and arrested Nick and four visitors.

Celebrate Boy Scout Week

Riverton Scouts Start Week by Attending Churches; Exhibit at Keating's

This week the Boy Scouts of America have celebrated the 17th anniversary of the granting of their charter by Congress.

The Riverton Scouts have been wearing their uniforms during the week and when the allegiance to the flag and the salute are made at the school the boys in khaki mount the platform and do it after the manner of scouts.

The week of observance was started on Sunday by the boys attending the Episcopal Church in uniform, at which time a special scout sermon was delivered by the rector.

The boys have made it their duty during the week to see that the town flag was flown from the flag pole, with the scout emblem at the cross-trees. At 8 o'clock Tuesday evening the 600,000 Boy Scouts of America and 100,000 volunteer Scout Committeemen stood at attention and repeated the Scout oath with James E. West, National Commissioner of Scouts in America, broadcasting in New York.

During the past week there has been in Keating's store window a Scout display of a few of the valuable things a boy learns by being a Scout. There were emblems of the two troops carved from wood and the flags of the "Eagle" and the "Cobra" patrols. The boys learn the different signs used by woodsmen and their meanings, such as the sign for bad drinking water, shallow water, rain, lightning, and danger as well as those for direction, which were a part of the display.

The Boy Scout organization of Burlington County needs $9000 for its activities during the coming year, and a drive to raise this money will be started next Monday. Riverton's quota is $500 and those who desire to contribute to this fund may send their checks to William M. Shoemaker, Jr., 408 Lippincott avenue, Riverton. Returns will be made to the county headquarters on the 21st.

ROTARY NEWS

Troop No. 2 of the Boy Scouts of Palmyra, under the scout leadership of Albert Fry, gave a fine demonstration at the meeting of the Palmyra-Riverton Rotary Club last Thursday evening in the Porch Club.

Fire by friction given by Jack Fry who holds record in the State of 40 seconds. Scouts Horace Finney, Jr., Francis Bailey, Hayes Brady, Walter Poulson and Edward Fryburg, gave a demonstration in First Aid. This team holds the record in Burlington county and won the championship. Their work was commended highly by Dr. Charles S. Mills, President of the Club, who was at a loss to add suggestions as the work was perfect.

Ralph F. Rivers spoke on Scout work and appealed to the Rotary for the moral support of the club. He also told of the advantages and benefits derived from being a Scout. Scout work gives more momentum to other organizations, churches and schools, etc. It also makes boys more dependent and self-reliant. Mr. Rivers spoke about the marvelous work done by the Boy Scouts in the World War.

The Rotary Club was delighted with the work of the boys and of the words of the speaker, and assured the scoutmaster as well as Mr. Rivers their best support whenever in need.

Rotary will celebrate the anniversary of Rotary International at their meeting next Thursday evening, and on February 24th will hold a celebration of their first anniversary in the P. O. S. of A. Hall, when the Service and Civics Clubs throughout the county will be present.

VALENTINE DANCE

The Ladies' Auxiliary K. of C. will give a special valentine dance in the K. of C. headquarters, Palmyra, on Saturday evening, February 19. Unusual features in the way of a valentine dance will be presented.

The committees in charge of this affair are: Miss Margaret Casey, assisted by the Misses Marie Gorman, Catherine Schuler, Marie Brennan, Jane Daugherty, Marie Clelland and Margaret Graham.

The "Royal Commodores" have been secured to provide the music for this alone promises to make the affair an exceedingly pleasant one.

COUNCIL AND SCHOOL BOARD JOIN TO PAY HYGIENE NURSE

Palmyra Mayor and Council Amend Budget To Include Salary Items

HUNDRED ATTEND PUBLIC HEARING

The agitation concerning the retention of the school hygiene nurse in Palmyra came to a head last Thursday evening when the hearing on the Borough Budget was held in the Firehouse.

After upwards of one hundred citizens had "stormed" the meeting in support of the nurse, Mayor Weart and Borough Council decided to amend the budget ordinance so as to include $800 to defray half the nurse's salary, the other half having already been provided by the school board.

Various members of the Board of health, the school board, the Parent Teacher Association and other public spirited citizens had been advocating the retention of the nurse for several months, but had met with much official opposition. First there were members of the school board to win over and when this was accomplished the supporters of the proposition found Mayor Weart adamant.

The Mayor's Attitude

The Mayor's attitude chiefly was that the care of children of preschool age, advice to prospective mothers, and other such matters which fell in the province of the hygiene nurse in the baby clinics held weekly at the Legion Home, were all a matter of individual responsibility, that the parents themselves should consult their family physicians on such questions, and besides, he doubted that the nurse came in contact with many families of the poorer classes where free services of such nature were required. Some of the councilmen agreed with him, while others favored the nurse, but did not care to create a division in council.

Cards were sent out early last week by a committee championing the nurse, urging all citizens to attend the hearing. Despite the rainy weather, scores responded.

The meeting that resulted was described by some of those present as one of the most striking that has ever been held in Palmyra on the occasion of a budget hearing. As one participant expressed it, the meeting ranged from the sublime to the ridiculous, including pathos, humor and sarcasm in abundance.

Frank A. Mathews, Jr., was scheduled to be spokesman for the visitors, but was not present at the opening of the meeting, so Mrs. Carl Jefferson stated the purpose of the delegation and made a plea for the nurse, describing the great good she had done in Palmyra. Her remarks were supplemented by Charles K. Mervine, of the Board of Health, and William A. Donaghy of the Board of Education.

Mathews Speaks

Mr. Mathews had arrived by that time and made an eloquent address in which he set forth many interesting figures showing what great good had been done in the American Army during the World War by proper supervision and preventive measures.

Rex McCrosson, of the American Legion presented his impressions of the work done at the clinic held in the Legion Home and stated that the Legion Post was emphatically back of the proposition.

Miss Sawyer, a nurse, related her experiences with such work in New York. Miss Egan told of the many benefits derived by the school children under her care; Mr. Trout, Mr. Sheffield and Mrs. Hoepfner spoke as representative citizens, and George N. Wimer made a few remarks on behalf of council.

While the budget was amended to include the necessary $800, it is planned to have the proposition printed on the ballot at next fall's election so that a more complete expression of public opinion may be had

NEW BOWLING TEAM

Riverton now has a new bowling team known as the "Industrial League" and composed of teams from the local business places.

The post office opened Monday night with the bank and won by a small margin. The "Bankers" were a man short, and were fortunate enough to sign George Gillilan, who plays lead-off man for the crack Northwestern team of Philadelphia. Conover was high scorer for the Bankers. Carty and Steedle were tied for high for the Post Office. Armstrong and Ogden Mattis were a little off form. Postmaster R. E. Mattis, who has been out of the game with a bad back, will be back with the Post Office boys when they meet the Smoke Eaters next Monday night.

The following teams have entered the league:

Bank—"Bankers."
Post Office—"Uncle Sam."
Fire Co.—"Smoke Eaters."
Mattis Butcher Shop—"Bolognas"
American Stores—"Cheese."

Skidding Car Injures Woman

Mrs. Milton Vansciver Cut About Head When Car Strikes Bus

When her car skidded and collided with a McCloskey bus at 3 o'clock Saturday afternoon, Mrs. Milton VanSciver, of East Riverton, received lacerations of the scalp which were treated by Dr. Harry L. Rogers. The accident happened at Broad and Thomas avenue, Riverton.

Clarence Teeple, who lives nearby, carried the injured woman into his home assisted by Russell Blackburne and Mrs. Teeple telephoned for the doctor who arrived in a very few minutes.

Officer Miller, who was in the traffic booth at the time, was notified by a passing autoist that there had been an accident and he immediately secured the name and license number of the bus driver, after which he took Mrs. VanSciver home. In the meantime Blackburne had driven to East Riverton for Russell Melhenny, Mrs. VanSciver's brother.

The whole situation was handled promptly and efficiently, and in just eighteen minutes from the time of the crash the whole thing was over except the removal of the damaged car, which was attended to a short time later.

The telephone operator assisted materially in the despatch with which the details were handled by rendering very prompt and intelligent service.

HUMOROUS DEBATE TONIGHT AT CHURCH

Forensic Gladiators to Settle Question at Baptist Church

Six local men will be paired off tonight (Thursday) in a humorous debate at the Central Baptist Church to battle with their wit and wisdom for a decision on an important ethical porblem. That problem is whether or not "in courtship a woman is more courageous than a man." The debate is scheduled for 8.15 p. m.

Armed with all the books, magazines, jokes, satire, experience, observation, facts, figures and ingenuity that they can muster, the debaters will wax warm in defense of both the men and the women.

William McConnell, Russell H. Stiles, and the Rev. George Lockett will uphold the affirmative, strongly proclaiming woman's courage. Thomas C. Van Oaten, Joseph S. Low, Esq., and Herbert Warren will defend the negative as champions of the bravery of men.

The debate is under the auspices of the Men's Baraca Class of the church, and the committee in charge announces that there will be protection provided by the Department of Public Safety to prevent any demonstration more violent than a riot of laughter. As many people, out of the entire population of the twin-cities, as can crowd into the church auditorium are invited and urged to see that the judges render a just decision.

This debate is a revival of the custom in the Baraca Class of former years to hold debates among themselves and with nearby organizations.

PORCH CLUB NEWS

On Tuesday, February 8, about thirty-five Porch Club members made a trip to the Academy of Fine Arts, Philadelphia, to see the annual exhibit. An interesting and instructive morning was spent studying the pictures under the guidance of Mrs. Murray C. Boyer, chairman of the Study and Arts section of the Porch Club.

After the exhibit twenty-five members of the party enjoyed luncheon at Venture-Inn on Camac street.

* * *

Musical Afternoon at Porch Club

The afternoon of February 15th will be in charge of Mrs. Frank Bell, music chairman of the Porch Club. The program will include a selection for two pianos played by Helen Schriver and Doris Duval, the latter of Germantown; violin selections by Harold Mueller and contralto solos by Mrs. Samuel Collin. Mrs. Bell will be the accompanist.

WILLIAM DANIELS

William, the five months' old baby of Mr. and Mrs. Anthony Daniels, West Fourth street, died Sunday afternoon from pneumonia. The funeral was held Tuesday at 2.30 from the Snover Funeral Home with burial at the Wrightsville Cemetery.

AUTO AND TROLLEY IN PALMYRA CRASH

Edwin A. Peterson Suffers Injuries at River Road Crossing

Edwin A. Peterson, 717 Washington avenue, Palmyra, suffered a probable fracture of the skull and other injuries as a result of a crash when he collided with a trolley car at West Broad street and River Road, Palmyra at 8.40 p. m. Saturday evening.

Peterson, in his new Buick, went between two telegraph poles, and was thrown out of his car onto the road when the machine skidded on the slippery highway and smashed into the trolley. Peterson was blinded by the trolley's lights as he was nearing the crossing.

The injured man was cut about the face and head. He was taken to Dr. Voorhis.

The accident was one of several which occurred Saturday night when slippery streets and ice freezing on windshields made driving precarious.

Ambulance Association

The regular meeting of the Palmyra Ambulance Association was held in Independence Fire House last Friday evening with President George N. Wimer presiding.

Mrs. Elwood Sawyer was added to the membership of the Association as a nurse. Mrs. Harry Kenny was appointed as Assistant Secretary.

The nurses for the month of February are: Mrs. Nettie Morgan, Mrs. Jacob Miller and Mrs. William Hoare. The ambulance committee is composed of Mrs. Rachel M. Lord and Mrs. George J. Spencer.

Mrs. John C. Hoepfner, the treasurer, reported that donations aggregating $50.00 had been received during the past week.

Palmyra Again Upsets Delanco

Wink's Team Enters Triple Tie For Second Place in League

Palmyra dropped Delanco in a league fuss at Palmyra Saturday night, the score being 36-22. The battle was fast and rough throughout both halves. This win entered Palmyra in a triple tie for second place in the Burlington County Senior League pennant race, with Delanco and Burlington-Holly.

Jack Elsley sparkled for the winners as he was high scorer with five field goals and six of seven free tosses for 16 points. Shultz was next with four and two for 10 points and then came Burke with three and one. Kalinowski and Davis, guards, also played feature roles for Palmyra.

Russ was best man for Delanco with ten points, scoring five from the field. Tom Maguire was next with two while the rest of the team each tallied once. Bright played well at guard for the losers accounting for one and one.

The Palmyra reserves moved up a notch in league competition by upsetting the Delanco Reserves, score 25-16.

"Jimmie" West was high scorer for Palmyra with a pair of field goals and three of four fouls for seven points. Conway also registered two from the field and Hudson came next with half-a-dozen points, one double-decker and a perfect record of four out of four free tosses.

M. Johnson and Robinson played the leading roles for the losers. Johnson tallied two and one while Robinson sank five of nine chances from the complimentary mark.

Palmyra will go to Marlton tomorrow night and Burlington-Mt. Holly will be the attraction at Palmyra on Saturday night.

PHS GIRLS WIN

Basketball Sextette Defeats Gloucester High by 37-17

The Palmyra High School girls won from the Gloucester High School sextet last week on their home gym. The final score was 37-17.

Palmyra led at half time by a 21 to 4 score but eased up in the final half, allowing Gloucester to count 13 points.

Ten field goals by Miss Margaret Jenkins paved the way for this victory. Miss Jenkins registered 22 of the winners' 37 markers. Miss Helen Enskat was close behind the high scorer as she arched in six double deckers and three free tosses for a total of 15 points.

For Gloucester, Miss Pierce with four field goals and a foul for nine points was best scorer for her team as her running mate, Miss Lawson, who also sparkled for the losers, made two double deckers from the field.

Bus Owners Within Law

The Public Utility Commission decided last week that Joseph P. Mahan was within the meaning of the law in the operation of his bus line between Brown's Mills and Philadelphia and it dismissed a complaint charging unlawful operation entered by the Pennsylvania Railroad Company. It was charged that Mahan was conducting an intra-state business in violation of the privileges granted to him, but the Utility Commission could not find any wilful violation that should be considered sufficient to affect approval of his service. Although Mahan had municipal consents to operate along his entire route, except in Camden, he said he would concede territorial courtesies to the Public Service lines and not take on passengers who begin and end their trips between Mount Holly and the Delaware river bridge. He is entitled to take on all people who begin or end their trips in Brown's Mills, except that there can be no pick-up in Camden.

Miss Ruppert Star In K. of C. Meet

Riverton Girl Athlete Scores Second Highest Total Points at Camden

Miss Frances Ruppert, of Riverton, running for the Meadowbrook track team last Friday night in the second annual carnival staged under the auspices of the Camden Council, Knights of Columbus, placed second in total points scored by individuals. Roger Fouracre, of the Shanahan Catholic Club, and Clarence E. Dassalt, of Georgetown University, who were tied for the Strawbridge and Clothier trophy, were leading individual scorers with 10 points each while Miss Ruppert was a very close second with 9¼ points.

Miss Harriet Matthews, teammate to Miss Ruppert on the Meadowbrook relay team, was close behind with 7¼ points.

The Meadowbrook A. C. won the Oakland and Pontiac trophy with the highest team record of 42 points. The Shanahan C. C. was second with 23 and the Villanova College team finished third with 14.

Two hundred and fifty-two athletes representing both sexes competed in the 22 events. A total of 138 prizes, including 25 silver loving cups were distributed among the various winners.

Miss Ruppert won the women's medley sprint series of 40, 50 and 60 yard events and the Philadelphia Inquirer Trophy. These races were won entirely by the Meadowbrook lassies, Miss Pansy Davis finished second and Miss Harriet Matthews third.

Miss Ruppert took second in the 50 yard dash in the women's open events. This race was sponsored by Greenetz and Pelicoff Company who offered a trophy for first place. The time for this race was 6 7-10 seconds.

Miss Ruppert also ran anchor on the victorious Meadowbrook relay team. To Miss Ruppert's credit, it must be said that she won two events in capturing the medley, but as places in this are figured comparatively, in a manner familar to the decathlon and pentathlon, her feat of winning twice netted her only five points.

Miss Ruppert was beaten in the half-century by Mrs. Ruth Dodd Waldner, a Camden girl and the star feminine athlete of the Pennsylvania Railroad.

Speaking of lonesomeness— how about the man who is always waiting for something to get cheaper?

Twelve thousand bills are on the calendar of congress, but thank goodness most of them don't have to be paid.

It takes a mighty good liar to make some folks believe he is not telling a lie when he is.

HEADS ZONTA CLUBS

An especially posed photograph of Miss Louise Gerry of Buffalo, N. Y. president of the National Confederation of Zonta clubs, one of the largest and most popular organizations for women in the country. The annual convention of Zonta clubs will be held in Washington this year, probably sometime in May.

New Essex on Seven Day Run

$100 Certificate Will Be Given by Jones Co. For Nearest Estimate of Mileage

From noon, Saturday, February 12, until 12 o'clock Saturday, February 19, a new Essex coach, piloted by relay drivers from the Jones Motor Car Company, of Riverside, will be driven through the river front and neighboring towns to demonstrate the driving ability and staying qualities of the latest production of the Hudson-Essex Motor Company.

A seven-day endurance run has never been attempted in this vicinity before and it is with great faith in the new Essex that the Jones Motor Car Company will start the engine at noon Saturday for the 168 hour run. It is not the intention of the company to keep the car in motion during the whole test period but it will be driven around in this section a greater part of the time. The engine will not be stopped during the seven days and nights.

The car will be driven by Ross Jones, George Jones, Sherman and Bentliff. The drivers have been instructed to take any person to any point they wish to go during the test period within a radius of 10 miles free of charge.

At the start of the run Saturday a new speedometer will be placed on the car and sealed so that it can not be seen. The public is asked to send in estimates to the company of the distance covered by the car on the run and the one coming closest to the number of miles registered will be given a certificate for $100.00 which can be applied on the purchase price of a new Essex, Hudson or any used car from the company. In event that the winner does not wish to purchase a car the certificate can be transferred to some one that does. All estimates must be turned into a representative of the company before the run is completed, Saturday, February 19. The speedometer will be unsealed in the presence of Chief of Police Voshel, of Riverside, and the certificate awarded to the winner.

No test for gas or oil mileage will be made as the car will not be kept in constant motion and will probably be parked on the streets of the river front towns part of the time, but the motor will be kept running continuously for the seven days and nights or a total of 168 hours.

COUPE BURNS

A Ford coupe, the property of Henry C. Armstrong, Lawnside Avenue, Collingswood, was totally destroyed by fire on Moorestown Pike, just above Lenola, Sunday morning at 3.30.

Armstrong, who was driving his car, told the police that he had been forced off the road by another vehicle and his machine struck the guard rail along the bridge, just above the brick yard. The coupe caught fire immediately and was a complete wreck before assistance arrived.

The driver was sent to the Cooper Hospital, Camden, where he was treated for burns, and was released later Sunday. Two girls who accompanied him were also sent to the hospital, but according to the hospital authorities, did not appear for treatment.

Officers Marks and Errickson, of the Moorestown police department, were called.

Buick owners enjoy the savings of leadership

In purchase price and daily use, Buick owners profit by the savings of leadership.

The price of a Buick is moderate, but it buys a car built to the very finest quality ideals — one that would cost you considerably more, if it were not for Buick volume.

For years, the savings provided by great volume have been devoted to the enrichment of Buick value.

And for years, Buick owners have had a more dependable motor car—one in which high quality lessens upkeep expense.

Buy a Buick! It is an investment in economy and satisfaction.

Special Notice To Autoists

How to Cut the Cost of Upkeep

Many expensive repairs are made necessary by nuts in inaccessible places working loose.

A set of Snap-On Inter-Changeable Socket Wrenches will save its cost many times over.

Be prepared for road emergencies by always carrying your Snap-On Set under the seat. The cost of one tow-in will more than pay for all the Snap-Ons you need.

Every Snap-On Socket fits every Snap-On handle and attachment. They are milled from solid bars of tough, special analysis, wrist-pin steel; non-rust nickel finish; double-heated to give unlimited service.

There is a set of Snap-On Wrenches for every standard make of car. Prices range from $5 to $10. Stop at our store and get the price on the set for your car.

Farmers, Attention

The selected Snap-On Sets for the farmer contains the correct Snap-On handles and a complete range of hexagon and square sockets for the repair and maintenance of his motor car, truck, tractor and all of his farm machinery. This is a remarkable time and labor saver. Each $23.65.

Jurors Drawn for Two Murder Cases

Ninety-six Names on Lists From Which Panels Will Be Selected

Two juries, of forty-eight names each, were drawn last week, from which two panels of twelve will be selected by the elimination process for hearing the evidence in two of the murder cases before Supreme Court Justice Frank T. Lloyd, at the court house, Mount Holly this week.

Trial of the first murder case of the half a dozen on the docket of the Burlington County Courts begun Monday, when Prosecutor George M. Hillman moved for the state against Charles Thompson, colored, of Burlington, charged with killing William Haywood, white, of that city, during an altercation in front of the home of Thompson on May 31 last.

The jury to be seelcted from the following list, was drawn by Sheriff Haines in the presence of Judge Slaughter:

Jury for Thompson Case

George Winn, clerk, Palmyra.
John Wedel, shoemaker, Lumberton.
Bernice Nelson, housewife, Northampton.
William E. Warner, butcher, Bordentown.
Alfred Rudderow, farmer, Mt. Laurel.
Julius A. Melcher, merchant, Mt. Laurel.
Harry M. Ingling, mechanic, Pemberton.
Melvin B. Stow, farmer, Evesham.
Ferdinand D. Rose, salesman, Burlington.
William L. Ballinger, farmer, Medford.
George S. Dantz, farmer, Springfield.
Alfred E. Darnell, broker, Medford.
William S. Walther, shoemaker, Lumberton.
Elizabeth G. Holmes, housewife, Moorestown.
William H. Thomas, barber, Northampton.
Eva Goucher, housewife, Delran.
William Garwood, grocer, Burlington.
Collins, B. Rogers, contractor, Moorestown.
Charles K. Heisler, farmer, Burlington.
Gertrude Holmes, Delran, housewife.
Fred Dunfee, agent, Woodland.
Harry J. Nippins, farmer, Lumberton.
Leon Adams, farmer, Burlington.
Harold Blinn, shoemaker, Burlington.
Stephen J. McGowan, retired, Bordentown.
S. Ivins Johnson, retired, Northampton.
William Murphy, clerk, Bordentown.
Wilbur Stevenson, farmer, Mansfield.
Harriet Eldridge, housewife, Eastampton.
Charles E. Albright, harnessmaker, Evesham.
Frances E. Hartley, housewife, Palmyra.
Louisa Lukens, teacher, Burlington.
Pearl Bridegum, housewife, Hainesport.
Walter Jessup, farmer, Westampton.
Walter J. Moore, milk dealer, Moorestown.
Newbold Prickitt, farmer, Southampton.
Robert B. Forbes, farmer, Northapton.
Charles Coate, farmer, Lumberton.
Franklin Butterworth, cranberry grower, Pemberton.
Eva Jackson, housewife, Northampton.
William Arthur, clerk, Burlington.
John V. Haskett, garage, Mansfield.
T. Larey Akins, music teacher, Burlington.
George P. Lippincott, farmer, Evesham.
Harvey A. Brock, trucker, Burlington.
Charles Bunting, retired, Chesterfield.
Charles S. Goldy, banker, Riverside.

Jury to Hear Sandor Case

Before Judge Slaughter on Thursday afternoon, Sheriff A. Engle Haines drew another panel of jurors for the case of Joseph Sandor, of Roebling, who is charged with the murder of Gus Popp, which occurred during an argument in a boarding house. It is expected that this case will be heard before Justice Frank T. Lloyd. Robert Peacock will represent the defendant.

The jurors:
Francis Morris, Burlington.
Bernice Cheesman, Burlington.
Richard Levenby, Riverton.
Gertrude Williams, Bordentown.
Amy B. Gauntt, Northampton.
John Wedel, Lumberton.
Walter Middleton, Moorestown.
Walter J. Moore, Moorestown.
George F. Ingling, Northampton.
Wilbur Stevenson, Northampton.
Fred Dunfee, Woodland.
Gertrude Holmes, Delran.
Samuel Johnson, Bordentown.
Charles A. Reeves, Northampton.
Harry J. Nippins, Lumberton.
William Garwood, Burlington.
Julius Gerber, Medford.
Evan Stover, Riverton.
Elizabeth G. Holmes, Moorestown.
Lambert Lindabury, Burlington.
Harry M. Ingling, Pemberton.
John V. Haskett, Mansfield.
Charles K. Heisler, Burlington.
Stephen J. McGowan, Bordentown.
Clifton Taylor, Palmyra.
Gale Ellsworth, Riverton.
Ferdinand Rose, Burlington.
William S. Walther, Lumberton.
Irving Mitchell, Burlington.
Mary F. Clark, Riverton.
William L. Ballinger, Medford.
Louisa Lukens, Burlington.
Bess C. Mathis, Northampton.
Norman Grovatt, Willingboro.
William K. Hookstra, Willingboro.
William Arthur, Burlington.
Harriett Eldridge, Eastampton.
Harvey A. Brock, Burlington.
Charles Coate, Lumberton.
Roxanna Atkinson, Northampton.
Howard S. Wills, Evesham.
Robert B. Forbes, Northampton.
Walter eJssup, Westampton.
Peral Bridegum, Hainesport.
Eugene Silpath, Burlington.
Albert Lippincott, Evesham.
Collins B. Rogers, Moorestown.
George Hines, Evesham.

ONE UNLUCKY DAY

People who are more or less superstitious and who look on "Friday the thirteenth" as a time to be unusually cautious will be glad to know that by a curious freak of the calendar there will be but one such day to look forward to in 1927. The thirteenth comes on Friday but once this year, and that in the month of May, instead of several times as it has in former years. No year escapes a Friday on the thirteenth and yet every time it comes somebody discovers that it is unlucky for them. Every accident on that date looms larger than if it had happened at any other time, and every poor business deal is explained by the alibi that "it was made on an unlucky day." So for the relief of those who contend that it is a day of bad luck we are glad to point out that this year ought to be an extremely lucky one for everybody, because there is but one Friday falling on the thirteenth.

Approves Roberts' Bill

Senator Roberts' bill prohibiting screens in the windows of saloons ought to become a law. No legitimate business fears public observation. The presence of screens is presumptive evidence that behind them the law would be unnecessary if municipalities would adopt the anti-screen ordinances, but since many of them, Newark included, seem afraid of hurting the tender sensibilities of the bootlegging fraternity, the Legislature should fill the gap.—Newark Call.

When we financed the World War nobody over here thought it was going to be a permanent job.

Social Service Helpful Facts

New Work at Burlington County Hospital Proves Very Successful

Social service work is now in the making in a substantial and satisfactory way in connection with the Burlington County Hospital and it is certain that by the time the new hospital is erected and in operation this department will be in shape to add to the standardization of the institution. In standardization a hospital service work is a requirement, and it is in preparation for this high point of efficiency and accomplishment that the department has been established and is being carried on in a somewhat limited way for the present.

Comparatively few people know that for some time Miss Elizabeth W. Ancker, former superintendent of the hospital, has been the person in charge of this new department and is carrying it on in a way that shows she has a determination to make it successful and useful to the citizens of the county. It is invaluable experience that Miss Ancker brings into this field of activity. In addition to being thoroughly trained and experienced in nearly all branches of hospital work, covering the wide range from ordinary nursing to specialization and on to superintendency and executive service, Miss Ancker has taken special training in social service and is now following a course that will qualify her absolutely for connection with a standard hospital, such as Burlington county people are to have just as soon as the new hospital for which a contract has been signed is finished.

Miss Ancker is now serving part time only, being on duty on Mondays, Tuesdays, Wednesdays and Thursdays, and by close application on these days she can take care of the work that comes to her attention through reports of cases and discovery through investigation. The other week days she devotes to special training and post work in Philadelphia and Camden where well established departments of this character are in complete operation. In this way she is able to give service such as is needed in the county and prepare herself for the full-time work in the new hospital.

The hospital managers are thoroughly familiar with the work to be done and the good that can be accomplished by Miss Ancker. Extended mention of the operation of the department has not been made because it is in its infancy, but assurance is given that there is plenty to do and Miss Ancker will have no idle periods when her full-time duty begins. At present she is somewhat handicapped because she is not equipped with an automobile, but she is hoping that a machine will come in due time from some charitable source so she can lay out a schedule and follow it according to her own judgment. Managers having cars are now assigned weeks to take care of the traveling work, but this arrangement has its drawbacks on account of Miss Ancker's being subject to the convenience of those providing the transportation.

Social service in Burlington county presents great possibilities for doing good. Many cases have been known where proper medical attention and hospital treatment were not given because there was no one to advise and direct, and this is the situation to-day where Miss Ancker is unable to reach on account of time and transportation limitations.

Elks' Charity Ball

The Mount Holly Elks will hold their annual charity ball for the benefit of the Crippled Kiddies' fund and it is proposed to have it in the Armory on Grant street shortly after Lent.

K. of C. Will Give Three-Act Comedy

"The Honor of the Family" Will Be Shown at High School on 25th

The high-class three-act comedy, "The Honor of the Family" to be given under the auspices of St. Joseph's Council, K. of C., in the Palmyra High School Auditorium, on Friday, February 25th, promises to be the most elaborate production ever attempted by any organization in the twin towns.

The cast is made up of members of St. Leo's Dramatic Society and these players are regarded as the best Semi Pro. performers in and around Philadelphia.

"The Honor of the Family" is receiving so much publicity and creating such wide-spread interest that the play has been booked up for 18 different presentations and the only time it is to be given in New Jersey is the scheduled performance in Palmyra.

Applications for tickets have been coming in with unusually rapidity and at this early date it looks like a complete "sell out."

The price for the seats is unusually low for a production of this kind as compared with what is being asked across the river. Adults will be admitted for 75 cents while the children under 12 years are being charged 35 cents.

The Ladies Auxiliary under the leadership of Mrs. Arthur Haines is very active in helping the Knights to distribute the tickets and care for some of the other details of the comedy. All membesr of St. Joseph's are also agents for tickets and many have already over-sold their quota.

Going to Moorestown

The local Knights are to be the special guests of Moorestown Council on Thursday, February 17th. The Grand Knights and officers of Burlington County Councils have been invited to come to Moorestown and help make "St. Joseph's Night" a real treat for everyone. The program for the evening's entertainment consists of professional talent from Philadelphia and sport talks by some prominent athletes.

The K. of C. headquarters at Broad and Elm will again be the scene of indoor games on Tuesday, February 15th, such as were played against Merchantville recently. Bishop Newman Council, of Riverside will attempt to take the pool, shuffle boards, pinochle and quoit honors from the boys of St. Joseph's. The visiting teams are well fortified in pool and quoits and a keen tussle is looked for. Harry Burns and Herb Schneider, the local cue artists, will again defend St. Joseph's name in pocket billiards.

AMERICAN LEGION

Post Rodgers staged its semi-weekly Bugle Corps Rehearsal at the Legion Home Tuesday evening. A business meeting was held after the rehearsal and R. Bailey was appointed Chief Musician, and Frank A. Mathews, historian.

There will be an innovation introduced for general parades that has not been seen in any Drum and Bugle Corps. It will be a knock-out and all those who hear it will be treated to a surprise. The first chance to enjoy our first official street parade will be Memorial Day.

There will be a Trustees meeting of the Post following the rehearsal tonight.

Published every Thursday at 607 Main Street
RIVERTON, N. J.
Entered as second class matter at the Riverton, N. J., post office
WALTER L. BOWEN, Editor

The New Era is devoted to the business and home interests of Riverton and Palmyra, independent of political or religious belief—the people's paper.

Subscription $1.50 a year in advance

Advertising rates on application

The New Era Office is equipped to do all kinds of Fine Printing at reasonable prices

LEGAL ADVERTISEMENTS

The New Era is a Legal Newspaper. Commissioners', Sheriff's and other Sales, Administrators' and Executors' Advertisements are solicited. The New Era will appreciate being remembered in this connection.

NOTICE

All readers or local notices of entertainment, suppers, fairs, dances, etc., given for the purpose of raising money, will be charged for at the rate of fifteen cents a line.

I like to see a man proud of the place in which he lives. I like to see a man who lives in it so that his place will be proud of him. Be honest, but hate no one; overturn a man's wrong doing, but do not overturn him, unless it must be done in overturning the wrong. Stand with a man that stands right. Stand with him while he is right, and part with him when he goes wrong.—Abraham Lincoln.

THE BUDGET

The tax budget for 1927 is $6000 less than it was last year. About $3000 of this is a general improvement note which was issued in 1925 to take care of the amount spent on the improvement of Main street and the construction of a storm sewer in excess of the amount appropriated. This note was paid off last year. The saving of the other $3000 was effected by rigid economy of the appropriations asked for by the various departments.

The highway department asked for $1000 less, the police $1200 less, the sewer department cut off $250 and the Fourth of July celebration went back to $1000, the sum which has been appropriated for many years. Last year $500 was added to this fund owing to the fact that the 150th anniversary of the Declaration of Independence was to be observed. Contingent expenses were cut from $1000 to $200 and there was also some saving in interest.

The lighting committee asked for $200 more in order to take care of a few badly needed additional street lights, and the Shade Tree Commission was given $1000 more than last last year in order to carry out the plan of operation outlined to Council three months ago.

There was a surplus of $8000 the first of the year, and $3000 of this was appropriated toward the expenses of 1927. The total amount of money to be raised is $48,595, $34,249 of which will be raised directly by taxes, the balance being derived from franchise taxes, licenses, interest charges on delinquent taxes, etc.

Taxpayers will note with satisfaction this reduction, and while it will not have a very marked effect on the tax rate, owing to the fact that the rate is made to cover State and County as well as the local taxes, it is a move in the right direction.

"In the mud and skum of things, something always, always sings," is philosphy of "Mrs. Wiggs in the Cabbage Patch," but sometimes we can see a realization of it. The other day I saw a colored man, who was the driver of a cart, his work always heavy, cold in winter and hot in summer, and with an impediment in speech which prevented him from conversing freely with his fellow-workers; and yet, his soul is joyous enough so that he sings—perhaps a poor effort, but showing a thankfulness and joy that was an inspiration.

* * *

The efficiency of our local police force was illustrated last Saturday afternoon in the method of handling the accident on West Broad street. A car skidded into a bus and the driver injured. Within twenty minutes the police had the number of the car, al information, the driver had been taken to the doctor, the bus went on its way, and nothing remained except the damaged automobile.

* * *

Respect for the law is often encouraged when people are made to realize that the law has "teeth." On Sunday morning, although the fall of snow had been remarkably light, many people were cleaning their pavements that ordinarily do not bother. In passing the time of day with many of the shoveless it seemed to be that it was much more desirable to clean their sidewalks than to have a notice served. Heretofore those who did not realize that it was a courtesy they owed their neighbors, simply let the snow remain until it melted, because nobody was going to say anything about it. But time change.

MY HOME

The door is open
Of my little home,
The shutters too;
They are open arms
That say to me:
"Come in,
Your wife is here,
Your children are here,
and God is here—
Come in!"

Richard Ellsworth Adams.

AUTUMN

Wistfully the willow
Looks at its long hair
In a polished mirror
The rain left.
Like a woman
Whose hair is turning gray.

Richard Ellsworth Adams.

RIVERTON FIREMEN MAY WEAR UNIFORMS

Committee Appointed To Raise Necessary Funds; Another Meeting February 15

A meeting of the active members of the Riverton Fire Company was held Tuesday evening to organize a committee to find the ways and means to raise money for the purchase of uniforms for the men. Ross E. Mattis was elected chairman of the committee; Sonny Wright, treasurer, and Chief Walter A. Armstrong, secretary.

Since nearly all the firemen in nearby towns wear uniforms, the Riverton men think they would like to have them too. All the members present were in favor of the project and promised to work together to earn enough money to buy the new uniforms.

There will be another meeting on Tuesday, February 15 at the Engine House, and all active members are urged to be present.

Walter A. Armstrong,
Chief.

IF

If you can keep your head when all about you
Are losing theirs and blaming it on you;
If you can trust yourself when all men doubt you,
But make allowance for their doubting too;
If you can wait and not be tired by waiting,
Or being lied about, don't deal in lies,
Or being hated, don't give way to hating,
And yet don't look too good, nor talk too wise.

If you can dream—and not make dreams your master;
If you can think—and not make thoughts your aim,
If you can meet with Triumph and Disaster
And treat those two impostors just the same;
If you can bear to hear the truth you've spoken
Twisted by knaves to make a trap for fools,
Or watch the things you gave your life to, broken,
And stoop and build 'em up with worn-out tools;

If you can talk with crowds and keep your virtue,
Or walk with Kings—nor lose the common touch,
If neither foes nor loving friends can hurt you,
If all men count with you, but none too much;
If you can fill the unforgiving minute
With sixty seconds' worth of distance run,
Yours is the earth and everything that's in it,
And—which is more—you'll be a Man, my son!

Rudyard Kipling.

Cinnaminson Will Add To School

Resolution Passed to Improve Colored School at Cost of $15,000

The annual school meeting and election in Cinnaminson Township, Tuesday night, developed into a fight on the following resolutions, both of which, however, were carried by narrow margins.

(1) RESOLVED, That the Board of Education of the Township of Cinnaminson be authorized to erect a one-room addition to School No. 4, to install inside toilets and a new heating plant, and to make necessary changes to roof of old building. The cost of said addition, heating plant, inside toilets and changes to roof is not to exceed the sum of fifteen thousand dollars ($15,000.)

This resolution was carried with 29 votes for and 21 against.

(2) RESOLVED, That in order to secure the money needed, the Board of Education of the Township of Cinnaminson be authorized to issue three notes as follows: One note of Five Thousand Dollars ($5,000) to become due and payable on September 1st, 1927, one note of Five Thousand Dollars ($5,000) to become due and payable with interest on September 1st, 1928, and one note of Five Thousand Dollars ($5,000) to become due and payable with interest on September 1st, 1929.

This resolution was carried with 29 for and 15 against.

For the full term as members of the Board of Education, two to be elected, Maurice Conrow received 48 votes and Mary R. Wood, 52. Howard G. Taylor, Jr., who was candidate for the unexpired term of one year, received 50 votes.

The various items of the budget were carried by overwhelming majorities.

Charles B. Jessup was chairman of the meeting and George C. Frank, secretary. The tellers were Edward Jessup and Henry Evans.

100,000 MILE OAKLAND WILL TOUR COUNTRY

The second lap of one of the most gruelling tests any automobile ever undertook began at Pontiac, Mich., Feb. 2, when the Oakland landau sedan, which in six months completed a 100,000 mile endurance run, started on a tour of the country. This tour will take the car from coast to coast and from Gulf to the Great Lakes, and will add about 15,000 miles of the most strenuous travel to the car's already tremendous mileage total.

The car undertaking the run is a stock landau sedan, one of the first Oakland Sixes built with the rubber silenced chassis. The engine is in the same condition as at the completion of the 100,000 mile run, and in no sense been re-built in preparation for the run. The only change made in the car was to permit easier inspection of the engine. For this a glass hood has been installed and special lights have been mounted under the hood so that the engine may be inspected conveniently either day or night. A large dial to show the up to date total mileage of the car has been built on the roof, and two spotlights play upon it at night.

The needed replacements during the run were the kind that any driver could make for himself. Their total cost was $48.28, and the labor bill for replacing them, $26.75. The car averaged 14.09 miles to the gallon of gas, and was driven at an average speed of 25.49 miles per hour.

Oakland engineers inspected the car at the close of the endurance run. When their inspection showed it to be mechanically sound, in need of only minor attentions, Oakland officials determined to send it around the country as a demonstration of and a tribute to the progress made in recent years by the automotive industry.

Parent—You ask for the hand of my daughter. Can you wash, darn, sew, nurse children and keep house?

Suitor—What has that got to do with it?

Parent—Well, my daughter can't.—Exchange.

Maybe if father could play a good game of pool, and wear his hair like a sea lion daughter would have some respect for him.

Home with a lot of men is a place where they go to find out that they are not the only ones who have put in a hard day's work.

RIVERTON ITEMS

Mr. Clarence Chew, of Atlantic City, spent the weekend with his brother, Ernest Chew.

As soon as the streets were in condition to work on after the recent heavy snow and thaw the highway department got busy with scraper and roller and put the roadways in as good condition as possible.

T. R. Gardner, who recently returned from parasite investigations in the Orient, is again at the Japanese Beetle Laboratory after spending a few weeks at his home in Tolland, Connecticut. During this visit Mr. Gardner was operated on for appendicitis and his early return to Riverton attests to his speedy recovery.

H. A. Jaynes, who has spent three years on entomological work in China, is now spending a few days at his home near New Haven, Connecticut before resuming his duties at the Japanese Beetle Laboratory.

Mrs. Samuel I. Dixon, chairman of the Welfare Committee of Bryn Mawr Hospital, announces that Mrs. N. Myers Fitler, of Wynnewood, has accepted the executive chairmanship of the County Fair section of the Devon Horse Show which will be held at Devon from May 25 to 30. Mrs. Fitler was a former resident of Riverton.

Mrs. C. W. Oakley, of Elizabeth, is spending a few days this week visiting her mother, Mrs. Hannah Ford.

Mr. and Mrs. Russell Jermon and daughter spent Sunday in Germantown visiting relatives.

John H. Moore, of Clearfield, Pa., spent several days last week visiting his daughter, Mrs. Charles Yost.

Mrs. J. W. Sylvester is entertaining her aunt and mother.

J. I. Yost of Wyomissing, Pa., is spending some time with his son, Mr. and Mrs. Charles Yost.

Miss Eva Hoffman is spending the week with her sister, Mrs. Ernest Chew.

George A. Strohlein is on a business trip to Los Angeles, California. He is accompanied by Mrs. Strohlein.

Two "Ledger" prizes came to Riverton last week. J. Allen Hemphill won $10 in the Ledger cross word puzzle contest, and R. F. Corry captured $10 in the Ledger bridge contest.

Mr. and Mrs. Alexander Smith celebrated their thirteenth wedding anniversary on Wednesday, February 2.

Mrs. Nicholas Moore of Philadelphia is visiting friends in Riverton.

Mr. and Mrs. Fred G. Brown have gone to Arizona for the balance of the winter.

Mr. and Mrs. J. W. Austin, of Edgewater Park, and Mr. and Mrs. Alexander Smith motored to Freehold Sunday.

W. Gross Mingle of Main street has resumed his duties as assistant manager of Hester Price, Inc., of Riverside, after a few weeks' illness.

NEW BARBER SHOP

A new barber shop will be opened on Saturday February 5th by Otto Sauer at 406 Howard street, opposite school. Open Saturday 1 p. m. to 10 p. m. other evenings 7 p. m. to 9 p. m.—Adv.

Balloon Tires Boon to Motorists

Mr. Albertson Tells of Process That Made Firestone Famous

Motorists today enjoy more comfort than at any time since the automobile made its first bow to the public more than a quarter of a century ago.

Tires, since the introduction of the balloon tire, have undoubtedly created the greatest boon to motorists they have ever experienced, ironing out every depression and elevation of the highways as nothing else could do. Too much cannot be said about the tribute motoring owes the balloon tire.

"When Firestone introduced this wonderful tire to the world, about three years ago," says Mr. Albertson, Riverton dealer in Firestone tires, "an actually new era in highway travel was created. Up to that time automobiles were content to thump along the highways on tires that necessitated what might be called 'solid-tire' air pressure. The best that could be done was to take the bumps easily and to hope that the springs would do the rest.

"Naturally Firestone did not come out haphazardly with this unusual tire, a tire that would operate successfully with extremely low air pressure; a tire with thinner side walls, built for unheard of flexibility and riding comfort. Firestone had mastered the use of the Gum-Dipping process, whereby the cord structure of the whole tire could be made more flexible and much stronger. This was the one and most important reason back of the 'balloon tire.'"

OYSTER SUPPER

Christ Church parish house, Riverton, Thursday evening, February 17, from 6 to 8. Tickets 75 cents, for benefit of parish expenses.

"THE HONOR OF THE FAMILY"

PALMYRA NOTES

The S. S. S. Club met at the home of Miss Nora Carpenter on Monday evening.

Mr. and Mrs. James M. Weart spent Saturday at the home of John Harbourne in West Philadelphia.

Mrs. C. C. Green and Mrs. Johnson, of Point Pleasant, spent last week visiting friends in Palmyra. Mrs. Green is a former resident of Palmyra.

Mr. and Mrs. Edwin S. Seel and family, of West Philadelphia, spent the weekend with his brother, Mr. and Mrs. George Seel.

Mrs. Martha Musser and Mrs. Evelyn Roach, of Palmyra; Mrs. Josephine Wharmuby, of Riverton, and Mrs. Harry Winkelspecht and Mrs. Ida Brooks, of Riverside, attended a meeting of the Board of Great Chiefs at Haub Council in Camden Monday evening.

Mrs. Thomas S. Branson, of Washington avenue, entertained at luncheon on Wednesday in honor of Mrs. C. C. Green and Mrs. Johnson, of Point Pleasant.

Mr. and Mrs. John Bauer, of Broad street, are receiving congratulations upon the birth of a son on Sunday, February 6.

Mr. and Mrs. Wesley Huyett entertained his mother from Camden, over the weekend.

Mrs. F. N. Johnson entertained at a tureen luncheon on Thursday in honor of Mrs. C. C. Green and Mrs. Johnson, of Point Pleasant. About fifteen women were present, Mrs. C. W. Williams of Paulin, N. Y., and Mrs. Pascoe, of Philadelphia, being out-of-town guests.

All ladies of the P. O. of A. are asked to be out on Thursday night at Society Hall. Something important!

Russell Blackburne spent several days last week in New York.

Mr. and Mrs. C. C. Green, of Point Pleasant, spent the weekend with Mr. and Mrs. Stanley Green.

Mr. and Mrs. Eula Roach spent Sunday at Westmont.

Mrs. Charles Williams, of Paulin, N. Y., formerly of Palmyra, was the guest of Mr. and Mrs. T. A. Lloyd, of Elm avenue, over the weekend.

The Ladies' Auxiliary of the Odd Fellows met at the home of Mrs. Evelyn Weart on Tuesday evening.

Mrs. Ida Bertron is spending a few days this week with relatives in Cape May.

Mrs. Edman Thomas spent Tuesday in Philadelphia.

Mr. and Mrs. H. Francis Marshall are receiving congratulations upon the birth of a son, on Friday, January 28th, in West Jersey Hospital, Camden.

Allen M. March, of Stroudsburg, Pa., spent the weekend visiting his daughter, Mrs. Frank A. Shover.

Mr. and Mrs. C. H. Duncan and daughter, of Burlington, spent the weekend with Mr. and Mrs. J. H. Abdill, of Garfield avenue.

Mr. and Mrs. George Hunt, of Garfield avenue, spent Sunday with friends in Philadelphia.

Mr. and Mrs. John Haas, daughter Betty, and Mr. Blackburne, returned to their home in Riverside after spending a month with Mrs. Clement A. Haas.

Mr. and Mrs. Nicholas Beltz, of Garfield avenue, entertained friends from Philadelphia and Palmyra at a card party Tuesday evening.

Miss Amanda Clair, of Burlington, spent Saturday of last week with Mrs. George Hunt, of Garfield avenue.

A large party of youngsters, members of the Sunday School Classes of Clifton Taylor and Harry Strang, journeyed over to the Moorestown Community House, Thursday evening of last week, where they all enjoyed a dip in the swimming pool.

Mrs. Leslie G. Limroth and children, of Fourth street, enjoyed a few days with friends in Philadelphia during the past week.

Ralph Taglialatela has the honor of being the first Italian boy to enter Troop 1, Boy Scouts, of Palmyra.

Ten seniors of Palmyra High School will enter the National Oratorical Contest. The contest is divided into several districts, each winner of the various sections participating for national honors. Palmyra comes under the Philadelphia Suburban District.

Miss Hilda Manieri, of Temple University, was a weekend visitor at the home of her aunt, Mrs. A. Taglialatela, of West Broad street.

The "Vagabonds" a six-piece orchestra of Palmyra, will give another of their popular dances at the Porch Club on Monday evening, February 21.

Mrs. A. Taglialatela and son, Ralph, spent Monday afternoon in Philadelphia.

H. S. Spillinger, of New York, spent the weekend with Mr. and Mrs. William S. Rawlings.

The Win-a-Chum Sunday School class met at the home of Miss Elizabeth Hires, on Cinnaminson avenue, Tuesday evening.

Herbert Trent took a hurried trip to Florida last week to complete a Philadelphia real estate deal and reports that the transaction was entirely successful.

The powerful light being burned in front of the Penn Fruit Market is attracting much favorable comment. It certainly has it on Shakespear's candle which cast its beam so far.

According to an item in The Camden Courier, A. O. Alsen, of Palmyra, second engineer, was a member of the crew of the steamship, John Tracey, believed to have been lost at sea on January 10 in a storm that centered off Cape Cod.

The annual drive of the Palmyra Fire Company for contributing memberships will be made next week. Cards are being mailed out and all citizens are urged to have them ready.

Councilman J. Warren Beahn has been transferred to the Chicago office of his company and has been forced to resign his position as Councilman. Mr. Beahn is one of the most popular young men in Palmyra and he and his family have been identified with the various activities of the borough and township for many years. His many friends will regret deeply his removal to other scenes and all hope that business will eventually bring him home again.

Harry Winkelspecht, Edward Williams, Edward King, Russell Blackburne and Leonard R. Baker attended the Sport Writer's banquet held in the Hotel Adelphia, Tuesday evening.

Robert Coward's Sunday School Class is arranging for an entertainment to be given in the Epworth Temple, Thursday evening, March 3rd. Further details will be announced later.

The many friends of Roy Kersey are glad to know he has returned from the University of Pennsylvania Hospital where he underwent a serious operation for appendicitis last Friday, and is doing very nicely.

Dr. Harry Allen, of Morgan avenue, who is connected with Bureau of Entomology in Riverton, is leaving today for New York to receive a shipment of insects from China which are claimed to be the best enemies of the Japanese beetle thus far found.

Mrs. William P. Blackburne, of "Lubarne" Cinnaminson avenue, visited relatives in Lebanon over the weekend.

G. Harold Baker of Elm Terrace is on a business trip to Cleveland, Ohio.

Several Palmyra and Riverton folks will attend the Junior Republican luncheon and meeting to be held in the Moorestown Community House Monday afternoon.

Ladies' Night of the Y. M. C. A. will be held in the Moorestown Community House Monday evening, in conjunction with the reception to be accorded Clifford Ergood, the local secretary of the Y. M. C. A.

Miss Albryn Schropt, of Lebanon, is visiting Mrs. William P. Blackburne, of Cinnaminson avenue.

"Through Lapland and Norway" an illustrated lecture by Dr. Michael Dorizas, of the University of Pennsylvania, and a musical program of exceptional talent will take place at the Epworth M. E. Church, Palmyra, Thursday evening, March 3, at 8 p. m. The admission will be 35c for adults and 15c for children.

Post Rodgers will hold a cake sale on Saturday, February 19. The place will be announced next week.

CALVARY Y. M. C. A. NEWS

The regular weekly meeting of the Calvary Y. M. C. A., held in the Methodist Church, was opened by a prayer given by Jack Siddall. After reading the Responsive Ritual our leader gave an interesting Bible study. The topic was, "Our Duty to Our Family." There was quite a discussion on this topic. The business was then talked over. The main subject of discussion was the social which is to be given on February 28th.

After this Mr. Hartley gave a talk on sports. He talked mainly about lacrosse and his talk was very interesting. When Mr. Hartley said he would come and talk again there was a shout of approval so we expect to have him with us again. The meeting was then adjourned and we then indulged in a plentiful feed which was given to us by Mr. Hicks, at least the money for the feed was given by him. After the feed we played basketball. The teams which were chosen were very evenly matched and the games proved to be very close ones.

The evening's pleasures were ended by the fellowship circle.

DEWEES SHOWELL,
Reporter.

Thursday, February 3rd. Paul Burr took his Calvary Y. M. C. A. group into the Camden "Y" for a swim. The group left on the seven-thirty train and arrived at the "Y" about 8 o'clock. After waiting fifteen minutes before going into the pool we all plunged in. The reason for waiting was because the pool was crowded. The feature and event of the evening was the polo game played in the pool. The only accident was when Paul Burr, the leader, dove on Laddy Dickinson's head.

After coming out of swimming we went into the gym and watched a baskebtall game. After the game we went outside to see the bright lights of Camden. During our walk Paul took us into one of Camden's leading restaurants and treated us. We then went to the station and got on a train and came home.

GIRL RESERVES

The regular meeting of the Girl Reserves was opened by the president. The minutes were read and corrected. The treasurer's report was given. Miss Davis read us some of the play that we are planning to give. It proved very interesting.

Jane Blackwell read us about Judge Mary M. Bartelme who pertains to the next phrase of our code, "Impartial in Judgement."

The rest of the meeting was devoted to initiation. Many shrieks were heard but it all proved interesting.

We are having a social next week.

JANE BLACKWELL,
Secretary.

ASBURY NOTES

Mrs. Elsie Langin, of Riverside, and Mrs. Jennie Anderson, of East Riverton, were visitors at the home of Miss May Ward last Thursday.

Miss Louisa C. Southwick returned home from Palmyra on February 29, having been at the home of Mr. and Mrs. Fowler, of Lincoln avenue, since January 3rd, as a practical nurse.

Mrs. Lillie Ward and daughter, May, were Thursday evening visitors at the home of Mr. and Mrs. William Hewett, of Bridgeboro.

An old-fashioned prayer meeting was held at the home of Thornton Southwick on Thursday evening, February 3rd. Fifteen people were present.

EPWORTH METHODIST EPISCOPAL CHURCH

J. William Lee, Minister

The Church School will assemble at 10 a. m. Leon Guest's Class will present an inspiring musical program. The increased attendance last Sunday is proof of the worthwhileness of our School.

11.15 a. m. is the hour of public worship. The musical program will include "Pleyel's Hymn," by Westbrook; Processional "Angel's Story" by A. H. Mann; Anthem, "Let Your Light So Shine," Choir; "Offertoire" by Gounod; Selection by Junior Choir, "Recessional," by Kinder. Sermon, "An Exciting Sermon In the Synagogue at Nazareth."

The Epworth League devotional meeting at 6.45 p. m. will be under the direction of Miss Mary Green.

The regular evening service at 7.45 o'clock. Organ prelude "Berceuse," by Godard; Processional "Jesus I My Cross Have Taken"; Anthem "The Silent Sea" by Choir; Offertoire "Salut D' Amour," by Edgar; Song service of gods cheer by the congregation; "Postlude," by Bach. Sermon, "A Little Journey to the Palace of Ahab, or the Power of Greed," with some thoughts on the unselfish life of Abraham Lincoln.

Last Sunday nearly sixty men went out on an every member canvass for the financial budget for the local church and World Wide Service. In three hours they went "over the top," adding another victory to achievements of the year.

Total enrollment of the Palmyra-Riverton Council of Religious Education last Friday night was 118.

The lectures by Dr. Brotmarkel and Prof. Vollmer are brilliant, inspiring and helpful.

Enrollment closes on Friday night of this week.

FIRST LUTHERAN

Rev. William M. Erhard, Pastor

We wish to call the attention of those who have only recently moved into our community, to the great necessity of having a church home; and to the invitation which First Lutheran offers to you to come and worship with her people. There is no agency so efficient as a church for making you feel at home in the new community into which you may chance to move. Join us in the worship and work of the Lord.

Sunday School at the usual time 10.00 in the morning. The title of the lesson is "Making Our Homes Christian." Ephesians 5:25 to 6:4. "The home came from heaven. Modeled on the Father's house and the many mansions, and meant the one to be a training place for the other . . . . . " James Hamilton.

Morning public worship at 11.15 with sermon by the pastor. The choir will render special music.

Young People's Meeting at 6.45 followed by vesper service.

The Kola Bible Class taught by Mrs. Sophia Grollman, will hold a surprise social in the basement of the church on Saturday evening, February 12th. We can always depend upon these girls to furnish us with something quite unusual. If you would be interested in having a good, jolly, social time, come out and enjoy the program of frills and thrills.

Light Brigade Wednesday at four o'clock.

Mid-week Prayer service Thursday evening at eight o'clock. Last week we had the experiences of Paul at Corinth with analogies from present-day life. The coming Thursday evening, we shall follow Paul to Ephesus, where he remained for three years. Not only Paul, but John the Evangelist, sent messages to this Ephesian church, thus showing the unusual strength of this organization.

Catechetical instruction at 4 and and at 7 on Friday.

BAPTIST CHURCH

The past few weeks have shown unmistakable evidence of growth in attendance and interest at the Central Baptist Church. A full spiritual and social program is now in operation. Let us all help.

Tonight the Baraca Class is sponsoring a riot of laughter in the form of a humorous debate on the subject, "Resolved that in courtship a woman is more courageous than a man." William McConnell, Russell H. Stiles and the Rev. George Lockett will uphold the affirmative, while Thomas C. Van Osten, Joseph S. Low, Esq. and Herbert Warren will defend the negative.

Friday afternoon the kiddies of the "Happy Hour" will meet at four o'clock.

The Bible School opens the Sunday services at 10 a. m. with Morning Worship at 11.15. Pastor Lockett will preach on "The Voice of the Messiah" and a full choir will assist in the service.

At the evening service Pastor Lockett will draw some very helpful "Lessons from the Life of Lincoln" and will lead the congregation in spirited singing. These should be inspiring services.

The B. Y. P. U. will anticipate Valentine's Day in a "Heart Meeting" at 7 o'clock. The topic will be "Going About Doing Good," presented by Mrs. Lockett. Come out and get a heart and some worthwhile thoughts to put into action.

Monday evening nine different cottage prayer meetings will be held from 7.30 to 8.00 o'clock. Members who have not yet received printed lists of these meetings may get them on Sunday. Go to the meeting nearest to your home.

The Philathea Class Valentine Social will be held at Mrs. Johnson's home, 514 Morgan avenue, on Tuesday evening.

Orders are already coming in for delicacies in the "food sale" to be held by the class on Saturday, February 19. Riverton 718 or Riverton 258-W will be glad to take your order for "most anything to eat."

Last Tuesday evening the Samaritan Class held its annual meeting in the church and officers were elected for another year.

EPISCOPAL

Christ Church, Parry Ave.
Rev. G. J. McCormack M. A., L. Th. Rector

The Sacred Rite of Confirmation which is first mentioned in Acts 8. 15-17 A. D. 37, and which is therefore nearly nineteen hundred years old will be administered on Sunday morning at the 10.30 service by the Right Reverend Paul Mathews, D. D., Bishop of the Diocese of New Jersey.

For all these centuries in an unbroken line the Christian Church has observed this Sacrament of the Gift of the Holy Ghost and today the vast majority of believers subscribe to its teachings as from Our Lord through the Apostles, as St. Augustine writes A. D. 373 "What is held by the universal church, and is not ordained by councils, but has always been retained in the church, this is most rightly believed to be handed down with apostolic authority."

On Sunday afternoon the Second of the Children's services will be held at 2.30 p. m. The subject of the address will be "Painting the Face." There will be room for a few adults though we cannot promise to take care of very many.

The Annual Birthday party of St. Agnes Guild will be held on Monday, February 15, at 8 p. m. in the Parish hall. A most enjoyable evening is anticipated.

The Sunday School teacher's meeting for the Burlington district will be held in the St. Stephen's Church, Florence, on Wednesday February 16. The speaker will be Miss Mabel Cooper, Supervisor of teacher training. The session will commence at 4.30 p. m. Supper will be served at 6 p. m., and evening session at 7.30 will conclude the meeting. Cars will leave the Rectory at 3.30.

Deaconess James gave a very inspiring address on the work of the Episcopal Church in that very difficult field; the mountain district of the Virginias and Carolinas. Some two and one-half million of our fellow citizens, nearly all of them illiterate, makes a real problem, which is worth while solving, is worth while solving.

The seventh of the sermon series on the miracles of Jesus will be given on Sunday evening. Subject "A Brave Failure."

Services for the Sixth Sunday after The Epiphany:—
7.30 a. m. Holy Communion
10.30 a. m. Confirmation by Rt. Rev. Bishop Matthews.
2.30 p. m. Church Service for Children
8.00 p. m. Evensong and sermon.

FARM TO BE SOLD

Trustees to Dispose of J. Howard Lippincott Property Feb. 16

John C. Dudley, Jesse Linton, Charles A. Lippincott and Aaron L. Collins, Trustees, will sell at public vendue on Wednesday, February 16, the farm of J. Howard Lippincott, situated on the Hartford road, about two miles north of Moorestown and also stock, general assortment of tools and implements used in fruit growing and general farming. The farm contains 125 acres, most of which is in fruit bearing, apples and peaches, besides it has ample buildings and all modern conveniences in the dwelling.

It is considered one of the best fruit farms in this section and also well equipped with everything necessary in fruit growing and general farming.

Y. M. C. A.

The Triangle Group met February 3rd at the home of John Faunce. We read the Responsive Ritual. J. Porter Ashbrook, the leader, conducted the Bible study. Mr. McConnell was our guest and gave a talk on "My Home in Ireland." Mr. Faunce also gave us a talk. We had refreshments.

The next meeting will be held at the home of Harry McCreedy.

ROBERT C. BOREE,
Publicity Chairman.

COMRADE Y. M. C. A.

The Comrade Y. M. C. A. Group of the Palmyra Moravian Church held its weekly meeting, Tuesday evening, February 8th.

The meeting was opened with a prayer by our leader, Arthur Siebke.

The regular period of Bible study was held and the business meeting followed.

The Father and Son Banquet to be held at the Cinnaminson Public School, Tuesday evening, February 15th, was discussed by the group. Most of the group are going.

After the business meeting adjorned games were played. The meeting was then closed with a prayer.

WILSON J. AYDELOTTE,
Publicity Reporter.

Calvary Presbyterian Church

The regular morning service will be held at 11 o'clock, and evening worship at 8 o'clock. The pastor will preach at both services.

The main Sunday School will meet at 10 o'clock, and the primary department at 2.30 in the afternoon.

BARNEGAT "LIGHT" NOW BELIEVED SAFE

The Barnegat Lighthouse, which for decades sent forth its warning ray to save men from the dangers of the sea, has in turn been saved by man from engulfment by the sea.

This is the opinion of engineers and State legislators, who have visited the historic site to observe the progress of beach reclamation work started last year under a State appropriation, after the Federal Government had abandoned efforts to save the famous brick tower.

Where the sea currents of the treacherous inlet a year ago had cut to within fifteen feet of the base of the tower, a new stone jetty has not only checked the erosion but has caused a new fill of sand covering several acres. The jetty has been extended 225 feet from the lighthouse to the old stone pile, which until a few years ago was in the center of the channel. The currents that washed away the beach have since carried back hundreds of thousands of tons of sand, making land at the end of the jetty.

An additional appropriation will be sought to build up the old stone pile as an effective outpost against storm tides and high seas.

SAWS

By Viola Brothers Shore

FOR THE GOOSE—

IT'S easier to strangle the first desire than feed all the ones that's born from it.

Tryin' to learn a kid some'm without first arousin' his interest is hammerin' cold iron.

If a woman keeps changin' her maids all the time it's a sign of some'm. And if she has the same one for ten years it's a sign of some'm, too. Dumb luck.

FOR THE GANDER—

Lawyers, judges and doctors is nice people to meet socially.

The thing about learnin' ain't so much that it makes you fit comp'ny for other folks, but for yourself.

When he can't get his car to go, the last thing a guy usually thinks about, is if there's enough gas in the tank.

And instead of bein' relieved when he finds out that's all that's the matter, he gen'rally gets madder than a one-armed flute player whose nose itches.

WHAT THE GRACIOUS HOSTESS SAYS:

By DELLA THOMPSON LUDES

INFORMAL DINNER MENU

THE informal dinner menu should consist of a soup, a meat or meat substitute, two vegetables, olives, pickles, or other relish. Grapefruit is often served instead of soup, especially in warm weather. The salad should be served separately, and it is a pretty custom to make it at the table after everything has been removed except the bread and butter plates and glasses. Making a salad may be a very artistic performance, and a hostess never appears to better advantage than when her capable hands are moving gracefully over a salad bowl, or among the cups and silver.

Suppose we are going to have a lettuce and tomato salad. The lettuce should have been prepared previously, and allowed to stand for some time in ice water. It has been shaken perfectly dry and brought to the table in a large bowl as handsome as possible.

The tomatoes should be of uniform size and not too large. They have been peeled by pouring boiling water over them and allowed to chill. The centers have been dug out. They are brought in on a glass plate, or one of old blue china. A bowl of mayonnaise and a plate of small pot cheese balls are placed before the hostess, together with the salad plates. With the salad fork and spoon she arranges a few lettuce leaves on a plate, places one tomato in the center, fixes a ball of the pot cheese in the excavation and pours mayonnaise over the top.

If the salad is one which requires a French dressing, such as lettuce or lettuce and cucumber salad, then a bowl is brought in which the dressing may be mixed. A pretty tray should hold the oil, salt, pepper, paprika, vinegar, and a dish of cracked ice. A spoon for mixing, either of wood or silver, is placed beside the tray.

Serving the dessert at the table is also a more pleasing custom for the informal dinner than bringing it in from the kitchen. A mold of pudding, ice cream, or mousse on a pretty platter, with a pile of dainty plates, a serving knife and spoon, is an attractive sight. A delicately browned pie, baked in a glass dish and placed before the hostess will whet a lagging appetite. Pie is not a dessert for the formal dinner, but is quite appropriate for the informal.

(Copyright by the Bell-mont Syndicate.)

New Vice Chancellor

To succeed the vacancy on the bench of the Court of Chancery made vacant by the death of Vice Chancellor John Griffin, of Jersey City, Chancellor Edward Robert Walker last week named John J. Fallon, of Jersey City, Democrat. This selection maintains the non-political complexion of the court. The term of office is seven years and the salary is $18,000 a year. Vice Chancellor Fallon was a member of the Assembly for three years beginning in 1906, and was named as county counsel of Hudson at the time Vice Chancellor Griffin was named to the bench. He has served as counsel for Hoboken for a number of years.

There would be fewer divorces if men were as free to giving their wives money as they are in giving them excuses.

A "DISCOVERY"

Detective Arthur Carabine made a discovery last week but he has not had it patented as yet. It is a new kind of ink eradicator.

The "discovery" came about in this wise: In the County Detective's office they had occasion to take a set of finger prints. Accordingly, and as is the usual practice, a piece of glass was covered with ink, on which the finger prints are taken and transferred to paper.

Then a recently seized bottle of moonshine liquor was uncorked and a small quantity poured on the glass preparatory to wiping the ink off with a rag. Detective Carabine's attention was momentarily diverted from the piece of glass on which was the moonshine, and when he looked at it again he thought somebody had been playing a joke on him.

There was the moonshine still on the glass, as clear as when poured out, but all vestige of the ink had disappeared. To make sure that he had not been hoaxed, the detective repeated the process, this time keeping his eye on the glass. Almost instantly the ink disappeared although the moonshine liquid remained clear. The ink simply vanished, eaten up by the villainous smelling "whiskey."

The natural question arises, if it would have that result with ink, what must be the effect on the human stomach? But, used in a commercial way, the new ink eradicator might be valuable if the detective could obtain the formula from the still owner who produced it.

THE RULE OF LOVE

When the rule of love sweeps over the world
And brushes all greed away,
We shall all rejoice in happier times
That come with the love-ruled day.
Then will peace outspread her wings and enfold
The earth as she flies around,
Till in every mind the joy of the days
Of happier life is found.

We shall all give thanks for blessings of love;
Rejoicing that greed has gone
With the evils following in its train,
And welcome a brighter dawn.
When the dawn of love will bring in the world
More joys than the tongue can tell;
And more like Paradise will earth then apepar
Where souls in sweet bliss may dwell!

Martha Shepard Lippincott.

The Philippines are no different than the United States in one respect. The politicians who are out want to get in.

CERTIFICATE OF REDUCTION OF CAPITAL

JENSEN MANUFACTURING CO., a corporation organized under the laws of the State of New Jersey, by its Vice-President and Secretary, does hereby certify:

1. That the principal office of the Company is at No. 324 Garfield Avenue, Palmyra, Burlington County, New Jersey, and that the Agent therein and in charge thereof, upon whom process against the corporation may be served, is George L. Heck.

2. That the said Company did on January 17, 1927, file in the Office of the Secretary of State of the State of New Jersey, a certificate decreasing its authorized capital stock from $100,000 to $85,000, consisting of 2,500 shares of Common Stock of the par value of $10.00 per share and 600 shares of Seven Per Cent. Cumulative Preferred Stock of the par value of $100.00 per share.

3. That such decrease resulted in the reduction of the capital of the corporation, and the manner of effecting such reduction and the terms and conditions thereof were by the retirement and cancellation of 7,500 shares of the Common Stock of the Company of the par value of $10.00 per share, owned by the Company, thus reducing the Common Capital Stock of the Company to $25,000.

IN WITNESS WHEREOF, the said JENSEN MANUFACTURING CO. has caused this certificate to be signed by its Vice-President and its Secretary, and its corporate seal to be hereunto affixed, this Twenty-sixth day of January, A. D. 1927.

JENSEN MANUFACTURING CO.
By T. YORKE SMITH,
Vice-President.
PAUL J. KELLEY,
Secretary.

Burlington Wants Republican Club

Say Organization Is Needed To Boost Job List Showing

Burlington feels she has been slighted on the county "job list," so has set out to organize a Republican Club in an effort to bolster up stocks. An article from the Daily Enterprise tells the story.

During the past few days many representative residents of Burlington have commented favorably on the move now under way to organize a Republican Club in this city, and say they are more than willing to cooperate in such an excellent work. They further say that considering the bigness of Burlington and the part that it should play in the county, state and national politics it is rather surprising that such a work was not done long ago.

It also is declared that Burlington should have better representation in the management of county affairs than it has had in the past, and that the only way to get the representation is to have a political organization large enough to command the respect of the county leaders.

For many years Burlington has got practically nothing in the way of county offices. Always when a county official is to be chosen some man from the back end of the county, or at least from some point outside of Burlington, is selected for the job, and Burlington occupies the enviable position of being shunted to a side track. This is due to our own differences. We don't seem to care while the people from Mount Holly and other inland sections go after everything in sight.

On occasions when there has been a Burlington candidate he has been opposed and quite a number of the people of Burlington stood by the opposition. Witness the case of Colonel Edward B. Stone, when he ran for sheriff. Colonel Stone was opposed by the county organization and by some of the Burlington people that he went over seas to fight for during the World War. Never was the beauty of gratitude more stringingly shown. Had there been a Republican Club in Burlington at the time Colonel Stone would have been elected.

In order to show the kind of a shake that Burlington gets in the distribution of county offices it might be well to print the list. Here it is:

Board of Freeholders—Charles R. Stout, Florence; Curwen B. Fisher, Mount Holly; Fred Lippincott, Moorestown; Howard Russ, Delanco; William Heisler, Pemberton.

Freeholders' clerk—Alfonza Adams, Florence.

County solicitor—Harold B. Wells Bordentown.

County engineer—H. B. Smith, Mount Holly.

Assistant county engineer—F. L. Branin, Medford.

Supervisor of roads—Stuart M. MacFarland, Mount Holly.

County treasurer—Joseph S. Bright, Delanco.

County auditor—Harry Ziegler, Riverside.

Common Pleas Court judge—William A. Slaughter, Mount Holly.

Prosecutor—George M. Hillman, Moorestown.

County detective—Ellis H. Parker, Mount Holly.

Assistant county detective—Clifford B. Cain, Mount Holly.

Assistant county detective—Arthur Carabine, Mount Holly.

Probation officer—Frank Hendrickson, Mount Holly.

Court crier—John H. Huff, Mount Holly.

Court stenographer—Arthur W. Kelly, Red Bank.

County clerk—William H. Reeves, New Lisbon.

Deputy county clerk—Howard C. Stackhouse, Mount Holly.

Sheriff—A. Engle Haines, Medford.

Deputy sheriff—Roscoe Shinn, Burlington.

County physician—Daniel F. Remer, Mount Holly.

Surrogate—Micajah E. Matlack, Mount Holly.

Deputy Surrogate—Joshua Matlack, Mount Holly.

County school superintendent—Louis J. Kaser, Mount Holly.

Superintendent of burial of soldiers—David E. Sooy, Mount Holly.

Farm bureau—Charles A. Thompson, Mount Holly.

County adjuster—Howard G. Stackhouse, Mount Holly.

Sealer of weights and measures—John B. Burtis, Mount Holly.

Keeper of Court House and grounds—John W. Shinn, Mount Holly.

Steward of almshouse—Henry L. Hive.

Worrell, Mount Holly.

Almshouse physician—Dr. Daniel F. Remer, Mount Holly.

Superintendent of Insane Hospital—Robert W. Cox, New Lisbon.

Insane Hospital physician—Dr. H. E. Longsdorf, Mount Holly.

Medical director, Tuberculosis Hospital—Dr. M. W. Newcomb, Brown's Mills.

Coroner—H. B. Earnest, Riverside.

Coroner—John C. Belton, Moorestown.

Coroner—Benjamin F. Farner, Burlington.

These are the salaried or fee offices of the county. They will serve to show where Burlington gets off and Mount Holly gets on. In all the fine list there are only two Burlingtonians. Compare those lonely two to the rather large cluster from Mount Holly, and then ask yourself if there is a fair apportionment of the county pie.

It is not surprising that Burlington is beginning to awaken. It is not surprising that so many people are offering co-operation in the work of organizing a Republican Club.

The Republican Club cannot be launched too soon.

SCHOOL DAYS

NEW TROTTER

Thomas MacFarland, Burlington, Buys "Peter Vinegar"

Thomas MacFarland, well-known horseman in Burlington, is preparing to race Peter Vinegar, a new gelding which he recently purchased. Peter is now three years old, and give so much promise that the Burlington man is looking forward to some big successes the coming season.

Peter Vinegar is a splendid individual, Kentucky bred, sired by Chestnut Peter (3), 2.05¼, and out of Little Girl, 2.16¼, by Locanda a son of the mighty Allerton. He was trained a bit last summer and gotten up to a mile in 2.16; he trotted a half mile in 1.06 and quarters at a 2.09 shot.

May Vo, 2.12¼, the consistent trotter raced with great success by MacFarland last season, is being take her up about the first of March given a rest this winter. Tom will for jog work. He intends to race both May and Peter in the Buffalo Road Drivers' stakes this season. Marvin Smith announces the stakes as a 2.20 pace, 2.20 trot, 2.12 pace, 2.13 trot, three-year-old trot, and a possibility of a 2.12 class trot and a two-year-old colt race.

MacFarland has been racing trotting horses for many years and is known to horsemen all over the United States. He is known, not only as an able driver, but also a good sport and a man who plays the game fairly.

A Chicago paper says gunmen here seldom hit bystanders. Maybe here isn't as much bystanding as here used to be.

The oyster crop has dwindled considerably in the last ten years.

We heard a man say that about he best way to learn the modern dance steps is to turn over a bee

DID YOU EVER STOP TO THINK

By Edson R. Waite, Secretary Shawnee, Okla., Board of Commerce

Howard L. Hindley, Editor of The Rutland (Vermont) Herald, says:

That advertising is becoming the most potent community expression in Rutland. Our merchants are all advertisers and their advertisements reflect the personality of their writers.

As The Herald improves its news and editorial features, its advertisers improve their advertisements, so every issue that goes out to the public of 85,000 people, estimated as our natural field, reflects not only the character and ideals of the newspaper but the character and ideals of its advertisers.

Missionary work! We do what we can editorially, but what the intelligent advertiser does is to sell the idea of service to every reader. Just as his goods are honest, well-made, good value and economical, to that degree he sells the gospel of service, thrift and economy to his customers.

Every issue of The Herald is a consensus of the business ethics and service ideals of the whole community. If there is a misrepresenting advertisement, its character shines through the lines o' type and the square-toed, honest-goods and good-value chap alongside gains instead of loses by contrast.

The most significant thing we observe in our columns is the essential truth and value of most of the advertising.

Having sold this priceless and essential thing to our readers, what does our advertiser do next?

He brings the customer, often from the edge of a forty-mile radius, into Rutland. He not only gets his business but the customer goes out and gets acquainted with our other stores, our restaurants, our theatres, our library, our schools and churches—perhaps our real estate men.

We not only sell him goods, but if we have an luck we sell him Rutland, so that when the urban urge comes over him he thinks in terms of this city, and when or if he retires he comes here to live. Better still, we may sell him an opportunity that brings him here at the top of his production peak.

We contend that the most valuable thing we print in our paper is advertising.

Cranberry Men Meet in Camden

Told of Machine Devised To Harvest Crop; Saves Time and Labor

Theodore Budd, of Pemberton, a leading cranberry grower of Burlington county, was elected president of the New Jersey cranberry growers Association at its annual meeting in the Walt Whitman Hotel.

The other officers elected were: Vice-president, Isaac Harris, of Harrison; second vice-president, Miss Elizabeth White, of New Lisbon; secretary and treasurer, Charles Beckwith, of Pemberton.

Predicting revolutionary changes in the marketing of cranberries in the next few years, Charles Beckwith, of Pemberton, told the New Jersey cranberry growers that the tin can may soon replace the box as the market package. Science has shown the New Jersey cranberry growers that they can copy a suggestion from the pineapple growers and pack a crop in cans and make it a year round article of food.

New Jersey has marketed one of the largest crops ever grown in this state and the growers have received favorable prices considering the low quality of the fruit that was harvested.

The New Jersey cranberry now has a ready sale in Great Britian where many cars are shipped each year and sold at satisfactory prices.

The false blossom, one of the most baffling cranberry diseases of the day, was discussed by Dr. T. J. Headlee, New Brunswick, and Dr. Nell Stevens, Washington.

They predicted that from the present rate of spread, the industry will not be seriously injured for another twenty years, as the disease has been known for that length of time without completely killing any bog.

A new change in cranberry harvesting is being worked out in New Jersey where a mechanical picker will do the work of a score of pickers.

PRE-WAR LIQUOR IS ORDERED RETURNED

Hotel Keeper Not Guilty of Prohibition Violation, Court Finds

When Louis Rittenger, Bordentown hotel keeper, was placed on trial last week, before Judge Slaughter and a jury at the court house, on charges of violating the prohibition statute, he admitted possessing about nine quarts of liquor found in the attic of his hotel by raiding officers, but claimed that it was pre-war wine and wiskey and that he therefore was in lawful possession thereof. In support of that contention he presented receipts which showed that he paid the government tax on the liquor in 1919, at which time, he said, the revenue officers from Camden took inventory of h's stock of intoxicants.

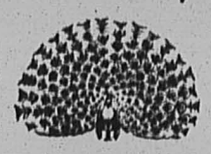

He testified that the seized liquor was part of the supply he had on hand that year and that he had not sold any of it in any manner violating the law.

There being no evidence whatever to dispute the receipts and Rittenger's testimony, on motion of his counsel, James Mercer Davis, the court directed the jury to return a verdict of not guilty, which was done. Another motion by Mr. Davis was granted, namely, that the seized liquor be returned to Mr. Rittenger.

QUALITY AT LOW COST

Farther than ever beyond the reach of imitation

$825 SEDAN or COUPE

Every one knows that when announced a year ago, the Pontiac Six was an extraordinary automotive development.

The General Motors Research Staff pioneered Pontiac Six basic design. The great General Motors Proving Ground provided an unparalleled opportunity to perfect that design without regard to time or cost. And General Motors combined purchasing power assured minimum costs on quality materials.

Obviously, the Pontiac Six was then beyond duplication. Obviously, it is today still farther beyond the reach of imitation—

—because the Pontiac Six now carries this important additional attraction to buyers:

In a period of more than a year, it has served tens of thousands of owners in performance, reliability and economical operation, to a degree of satisfaction far beyond their fondest expectations!

Pontiac Six, $825 to $975. Oakland Six, companion to Pontiac Six, $1025 to $1295. All prices at factory. Bodies by Fisher. Easy to pay on the liberal General Motors Time Payment Plan.

BRIDGE HEARING SET FOR FEBRUARY 25

Application Will Be Heard By War Department in Bourse

A hearing will be held by the District Engineer on Friday, February 25th, 1927, at 2.00 p. m., in the Assembly Room, (No. 201) of the Bourse Building, on the application by the Tacony-Palmyra Bridge Company for approval of plans of a bridge across the Delaware River, from Palmyra, N. J. to Tacony, Philadelphia, Pa.

The bridge as proposed will have 11 spans in the river, the center one to be a two leaf, bascule bridge, clear space between fenders of 200 feet, minimum clear height above mean high water at the center of the span.

Undoubtedly personal liberty is a good thing, but we don't like to ride with a driver who is full of it.

Ambition is an appetite never satisfied, a spur that never spares us.

Fines, Sentences Imposed by Court

Judge Slaughter and Prosecutor Hillman Clear Up Many Cases

Judge Slaughter collected nearly $500 in fines for the county on Thursday morning of last week when several defendants were before him for sentence.

William E. Morris, of Mount Holly, charged with doing business as a corporation without taking the precaution to file a certificate of organization with the County Clerk was fined $100.

Mrs. Anna Rae Morris, the former's wife, was similarly indicted, but the judge said he recognized the head of the house as the head of the business, and suspended sentence.

Albert Young, colored, of Moorestown, convicted by a jury of assault and battery, escaped a jail sentence but he will have to pay a fine of $250.

Samuel P. Ford, of Green Bank, also convicted on a charge of assault, was let off a little easier, his fine being $75.

Hamlet Ghaul, Jr., of Burlington, an old offender against the Prohibition laws, will spend the next seventy-five days in the county jail.

Dennis Dugan, of Moorestown, signed a waiver and pleaded non vult to a charge of having liquor in his possession.

Prosecutor Hillman explained that the man was not a bootlegger, but merely a consumer.

Dugan was fined $30, as was Silas Babbitt, colored, also of Moorestown, on a similar charge.

Arnold J. Beckenbach, a practising attorney residing in Palmyra, indicted for embleszlement, through his counsel, retracted his plea of not guilty and pleaded non vult.

Criminal Business

Criminal business again started the week in the Burlington County Courts on Monday and the following business was disposed of:

Samuel Reichelin, Bordentown, charged in two indictments with maintaining a house where liquor was kept and also with the possession of liquor, retracted his plea of not guilty and pleaded non vult.

He was sentenced to pay a fine of $250 on the possession charge and the other one was nolle prossed.

Hamlet Ghaul, of Burlington, an old offender against the Prohibition laws, also charged with maintaining a house and possession of liquor, made a retraction and pleaded guilty to possession of liquor.

Louis Rittenger, Bordentown, two indictments charging liquor violations, stood trial but a motion on the part of his counsel, James Mercer Davis, to direct a verdict of not guilty was allowed.

Clinton Luker, Cookstown, charged with assault and battery, permitted his case to go to a jury

Nicholas Koenig, Chesterfield, charged with maintaining a house where liquor was kept and with possession of liquor, had his case heard by a jury and the verdict was not guilty.

He was represented by James Mercer Davis.

Evans' Client Loses

The first case heard on Tuesday was that of the state against Albert Young, of Moorestown, charged with assault, and he was ably represented by George B Evans, of Moorestown, but the jury returned a verdict of guilty.

Ellis Reed, of North Hanover, also charged with assault, had his case heard by a jury. The assault was alleged to have occurred during an argument over some muskrat traps. The verdict was not guilty.

Reed was represented by Robert Peacock.

Edward Henry, a Trenton mail carrier, charged with assaulting a colored woman on the Moorestown-Mt. Laurel road early one Sunday morning last summer, retracted his plea of not guilty and pleaded non vult.

He was placed on probation for two years and given six months in which to pay the costs, amounting to $50.

On Wednesday morning the case of the state vs. John Kish, of Roebling, charged with manslaughter, in being responsible for the death of John Bolosh, was begun and consumed the entire day.

According to the evidence submitted Bolosh was on his porch on the evening of July 3 when some celebrators across the street did some promiscuous firing of a revolver and one of the bullets struck Bolosh, causing his death.

Kish was arrested several days later but he has always steadfastly denied that he did the shooting.

The defendant was represented by Robert Peacock.

The case was argued on Thursday morning and the jury returned a verdict of not guilty.

Court Notes

Lillian VanGeel, of Burlington, indicted on a charge of assault and battery, retracted her plea of not guilty on Friday and pleaded non vult. She was placed on probation for one year and must pay the costs of $50 in six months.

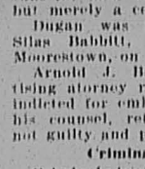

It was brought out that this assault was the result of an argument which took place in a lodge room and which was renewed on the streets after the "sisters" had adjourned.

In the case of Brose E. Smith, of Wrightstown, against the Salvation Army, Inc., of New York, the jury retired late on Friday afternoon and failed to come to an argument until about 10 o'clock on Saturday morning. The verdict was for $4,086.16 in favor of the complainant.

This action was brought by Smith to recover for damages to his hotel property which he leased to the Salvation Army during the war.

Mayor Thomas S. Mooney, of Burlington, president of the New Jersey State Elks Association, was the guest of honor at a dinner given by the Perth Amboy Lodge in the newly improved home of the order last week.

Dawn doesn't mean much to the man who isn't awake.

It's difficult to convince a loafer that he isn't smarter than the men who work.

57 Million For P. S. Extension

Huge Sum Available For Improvements To Service of New Jersey Utilities

Upwards of $57,000,000 is available this year for new construction, extensions and improvements by Public Service companies throughout the territory they serve. Of this sum $31,064,381 was authorized in the 1927 budget, the other $26,000,000 having been authorized in previous budgets and covers work now in progress.

The electric operating department's portion of this year's budget is $25,461,578 of which sum about $2,500,000 will be used for the installation of the fifth unit of boilers consisting of three 2,360 horsepower each, for Kearny Generation Station. There are twelve boilers at the station now and the extra three will provide for the maximum output planned for the first unit of the plant.

Other items provided for in the generation portion of the electric budget include rearrangement of control circuits, ventilating systems, machine shop equipment, sprinkler systems for coal conveyors, disconnecting switches, cable testing equipment, motor generator sets and so on for various plants in the state.

For Transmission

Approximately $12,000,000 is assigned to the development of electric transmission facilities. Of this sum about $7,000,000 will be used for the building of new switching stations, similar to those at Athenia and Trenton.

Other transmission items include extension of facilities in the various divisions such as change-overs for several substations, new transmission circuits, new switching equipment at Essex Station, and construction of duplicate transmission lines over separate routes to various substations.

One of the interesting expenditures contemplated is $50,000 for aerial photography, consisting of hundreds of pictures taken in the air and to be pieced together as a mosaic giving a comprehensive outline of the company's territory.

For Substations

For substations and distribution purpose there is available something more than $9,000,000. New substations will be erected at Westwood in Bergen County, at Rahway, Union City and Princeton. These stations will be reconstructed: Ridgewood, Elizabeth, Cranford, New Brunswick, Washington Avenue, Newark; Garfield Avenue, Jersey City; Olden Avenue, Trenton. Extensions will be made to Englewood substation and additional equipment will be provided for the Metuchen switching station.

About $1,000,000 will be spent for underground conduits in congested sections and another $1,000,000 for reinforcements of distribution lines. Jersey City will have a new storehouse at a cost of about $300,000.

The Gas Department budget is close to $2,000,000 and will provide largely for the laying of new mains in territory where population is increasing and for the reinforcing of existing facilities. Improvements of the department's gas manufacturing plants will be made.

Transportation

The Railway and Transportation companies will spend about $4,500,000 for upkeep of properties, additions and laterations to plant and equipment. The largest item authorized is an appropriation for the purchase of about 200 new buses, contracts for which have not yet been awarded. The Railway Company will spend approximately $1,500,000 for track reconstruction in various parts of the state and 450 new electric fare boxes will be bought for the Transportation Company.

For the Riverside and Fort Lee Ferry Company, a new four gangway ferryboat will be bought, this to be used for emergencies. Five boats are in operation at the present time.

In the four years from 1923 to 1926 a total of $120,656,205.13 new capital has been added for extensions and betterments of electric and gas services.

Wireless waves can pass round the earth seven and one-half times in a second.

What you give to the lower-downs is discipline. What you get from the higher-ups is crabbing.

Give a rope to two men and one will lead the other. Queer, isn't it?

KENTUCKY COACH

Harry G. Gamage, freshman football coach at the University of Illinois, has just been appointed head football coach at the University of Kentucky. Gamage is a graduate of the Illinois four-year course in athletic coaching and physical education and was a member of the varsity quad in 1921.

New Nash Designs Captivate Public

Ambassador and Cavalier Models Are Center of Attraction This Year

The new Nash Ambassador and Cavalier, with their French type roofs and forward sweeping backs have been an outstanding attraction at the big automobile shows held so far this year. Crowds which literally jammed the Nash booth at the New York, Philadelphia, Buffalo, Brooklyn, Cleveland, Cincinnati and other places, were outspoken in their enthusiasm for these newest Nash creations. On all sides the new Nash body conception is being referred to as the most striking development in the history of American closed car craftsmanship and it is freely prophesied that it would exert a profound influence upon the whole future trend of enclosed car body design in this country.

As a matter of fact this new Nash design really inaugurates America's rise to the heights long held by the great body designers of Europe whose conceptions have always been regarded as authentic. Now, under the leadership of Nash, this county may be expected to reverse oldtime traditions and establish itself as the world center of motor car style.

It will probably be only a question of months before other large motor car manufacturers will be developing models that pursue the general lines Nash has now inaugurated in the Ambassador and Cavalier.

Of particular interest is the manner in which Nash body artists have treated the roofline nad the rear of the body. Their graceful contours and perfect symmetry though strongly suggestive of the French mode are entirely original with Nash. And the "town car" effect at the front is also a decided Nash innovation that immediately captured the admiration of show visitors.

In developing these two new models Nash expert colorists produced another surprise in the way of colorful body finishes that proved second only to the design itself in interest. Using darker tones for the upper structure, fenders, and running gear, and lighter tones for the body Nash created a color harmony of exquisite beauty. And the richly luxurious effect of the exterior is maintained throughout the interior. All hardware, for example, is a beautiful period design. The steering wheel, window mouldings, and door panels are of real Circassion walnut. The upholstery is deeply tufted and of genuine Chase Velmo Mohair Velvet. Both models feature a wealth of appointments and fittings of notable tastefulness. As with all other Nash models the Ambassador and Cavalier are powered with the Nash 7-bearing motor, the world's smoothest type. The Ambassador is provided upon the 127" wheelbase and the Cavalier is mounted on the Special Six chassis.

$1000 for Beverly Home

St. Joseph's Home for the Aged at Beverly and the Sisters of the Poor Clares at Bordentown are benefited to the extent of $1,000 each through bequests in the will of Della McGhan, who died in Atlantic City on January 18 and made a $95,000 estate available according to her directions. Altogether there are fourteen institutions remembered in the will, most of them for $1,000 each.

Domestic Science Leaders Urge More Home Making, Less House Keeping

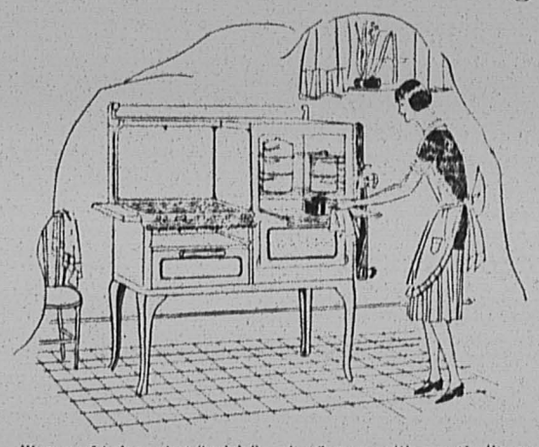

A. G. A. Tests Protect Buyer

The American Gas Association conducts large testing laboratories at Cleveland, Ohio, where tests are made to determine the most efficient appliances through which gas can serve you.

Results of these tests are incorporated in the specifications of the American Gas Association, compliance with which insure high grade gas appliances built for safety, efficient operation and durability.

Public Service offers to its customers only ranges that are built in strict accordance with these American Gas Association specifications — the best guarantee of the usefulness and worth of the appliance.

Oven Heat Regulation Needed For Best Results in Cooking

Women of today reject "quick," "medium," "slow" as too general terms for oven temperatures. They demand accuracy in oven heat, as they do in recipes.

The gas range with oven heat regulator not only gives the exact degree of heat necessary for the particular dish that is to be baked or cooked, it maintains that degree until the housekeeper turns off the gas.

The secret of the delicious puree or ragout prepared by the French peasant is said to be long, slow cooking. The same results can be obtained by preparing these dishes in a modern gas range oven with the regulator set for 250 degrees. Vegetables and dessert to complete the dinner may be cooked at the same time, without mingling the flavors, with practically no attention from the cook. A roast may be substituted for the ragout with equal success.

Public Service approves only such gas ranges as are built in accordance with the specifications of the American Gas Association, which is to say that these gas ranges have passed rigid laboratory tests covering safety and efficiency of operation.

Public Service also prides itself on being the first to show all the smaller improvements in gas ranges that make for less work and better food.

Big ranges and little, in all the popular easy-to-clean enamel finishes, are shown. One dollar down connects the model chosen from gas outlet in the kitchen—a year to complete payment.

After the Party Clean House With the Hoover

The Greater Hoover is as superior to the ordinary vacuum cleaner as an electric cleaner is superior to a broom. The difference can be summed up in two words: positive agitation.

The Greater Hoover beats out, sweeps up, and suction cleans, combining all the essentials of thorough rug cleaning in one operation.

When the home-maker has the greater Hoover, house cleaning becomes an easy matter and a thoroughly clean home every day, a commonplace.

The Hoover may be purchased from Public Service on these convenient terms—$5 down, $5 a month.

Hot Water Supply Keeps Pace With Household Needs

Much of the housewife's energy was once expended on heating water, and much nervous energy was wasted while she waited for it to get hot.

There need be no waits for hot water nowadays. The gas automatic storage water heater may be had in many sizes to conform to the size of the house and the size of the owner's pocketbook.

Public Service will install the automatic water heater you select on payment of one dollar to bind the bargain. No further payment need be made until May 1st, then eighteen months are allowed to pay balance.

Easy-to-Clean Lamps

Inside frosted Mazda lamps are easy to keep free from dust because their outside surface is smooth. It's wise to keep a supply of Mazdas on hand. In many shapes and sizes they can be purchased at all stores of Public Service Electric and Gas Company—four for one dollar.

For the Quieter Hours of Evening

There is comfort and relaxation for those who read or sew, or only dream near the open fire. If this fire can be kindled and made to leap and glow at the touch of a match, much is added to its charm.

The Gas Radiantlog, which operates on a new principle and should not be confused with the old-time type of gas logs, is a good choice — another is the quaint coal basket of Victorian days. Gas radiant heaters may be had in a variety of handsome designs simple or elaborate.

Any gas heater selling for more than $25 may be "borrowed" from Public Service and used for thirty days on a free trial basis.

Public Service installs gas heaters without extra charge in first floor fireplaces or in any fireplace where there is a gas outlet.

On Your Radio at 11 o'Clock

Ada Bessie Swann, director of Public Service Household Economics Department, broadcasts talks on home-making Tuesday and Friday mornings at 11, Station W A A M.

During February, Miss Swann is talking on the importance of well-balanced meals. Her to-the-point little chats will help the home-maker set nutritive dishes before her family.

Tune in Station W A A M Tuesdays and Fridays at 11.

A Question of Appearance

The hair can be dried quickly and waved becomingly at home. Hand electric hair dryers speed up the shampoo and also can be used successfully to dry shoes, gloves, or other dress accessories wanted in a hurry.

Any woman can, with a little practice, wave her hair as expertly as a professional with the electric marcel waver. It gives that flat, loose becoming wave so much to be desired.

At Public Service $5 and up.

Light on Every Kitchen Task

There is beauty and mystery in soft shadows, but the kitchen is a utilitarian place. It should be shadowless as the surgeon's operating room.

The home-maker finds that cooking and baking, and the many preparatory details that lead up to both, will go more speedily when all parts of her kitchen are properly lighted.

The kitchen light favored by specialists in home-making is a unit of porcelain enameled steel that will wear indefinitely and that can be cleaned easily. On the cord there's a convenience outlet that allows the use of any electric appliance.

Public Service sells this lighting unit for $9.50. $1.50 down and $1 a month until paid. Its cash price is $9. Prices include all installation charges and Public Service takes care of all installation details.

Gas Keeps House Warm and Clean

Heating the house during cold weather has many unpleasant features. Outstanding, of course, is the long winter struggle with a coal-fired furnace—the countless trips to the basement, the dust, dirt and ashes. The harmful effects of smoke and soot on fine rugs, furnishings and pictures has also distressed the owner.

Gas is hailed as the ideal fuel for house heating, as the last word in home luxury. With gas there's no smoke, no soot to blacken the household treasures. The house temperature can be regulated to any desired degree. Gas is automatically controlled and the service is continuous.

Gas can be applied to any heating system—steam, hot water, vapor, warm air. No change of pipes or radiators necessary if these are adequate and in good condition.

Public Service house-heating engineers will measure the heat requirements of any home and submit an estimate on the cost of heating it with gas.

February Offers Many Unusual Opportunities for Entertaining

With the birthdays of two Presidents to celebrate and the saint's day of gallant Valentine coming in between, the hostess is hard put to find suitable refreshments for her guests.

The electric waffle iron can always be depended upon to produce something dainty and appetizing. Here's a new way to serve waffles recommended by Ada Bessie Swann.

Waffles With Ice Cream Butterscotch Sauce

1½ c. flour	2 eggs
1½ t. baking powder	1 cup sour cream
½ t. salt	4 tbsp. melted butter
1 t. soda	

Mix and sift the dry ingredients. Beat egg yolks and add to sour cream, add to dry ingredients, add melted butter, beat well. Lastly fold in the egg whites which have been beaten stiff. Cook on hot waffle iron until a golden brown.

On each waffle section, put a mould of vanilla ice cream. Serve with a butterscotch sauce.

Butterscotch Sauce

½ c. corn syrup	1 c. brown sugar
1 1-3 c. sugar	1¼ c. boiling water

Let boil 10 minutes, add one teaspoonful vanilla. Set aside to become cold.

An attractive electric waffle iron, Hold-Heet make, beautifully finished with ebonized handles, is specially priced at $9.85 at Public Service stores.

VOL. 2 FEBRUARY 10, 1927 No. 7

EIGHTH GRADE LITERATURE

Recently we have been studying stories, essays and poems about "Liberty and Service." Some of these were "The Man Without a Country," the "Heritage of Noble Lives" by Roosevelt and "You Are the Hope of the World" by Herman Hagedorn. We were asked to write a composition on the topic "The Hope of the World." This is one of the compositions:—

"We boys and girls are the hope of the world. The reason why we are the hope is because the world is sick to death of war. The world looks to us in hope, because we are the logical heirs of the present generation of leaders. If we have the gumption and the push, the knowledge, the vision and the right kind of heart, we will have it in our power to determine the course of the world's history for centuries to come! The world asks us to sit down and think about our country. It is our part to find out what our city and town are doing. We must learn that success consists not in what we have, but in what we are; not in what we hold in our pockets, but what we hold in our heads. If we can learn to conquer our temper, and think before we speakor act, there would be a great reduction of crime in the world.

If we want honestly to help our country, we must set about now to give her a notion of what makes real success. It is our business to show the world that a successful democracy is more important than a financial success.

FRANCES JOHNSON,
DOROTHY DEVITT, Grade 8.

ASSEMBLY NEWS

Last Friday Miss Chew promised us a surprise. It was a moving picture brought to us through the courtesy of the Bell Telephone Company. It was through Betty Hance's father that the man was sent here with the pictures. The first series of pictures contained the preparation of the poles for service. First the poles are shaved off clean and then put into a large trough full of creosote and tar. This is to keep the poles from rotting and being eaten away by insects. Then they are shipped from Puget Sound to different places for use. They help in keeping the people in communication with each other.

About two weeks ago Miss Parker took his Kindergarten class to Collin's Coal yard and warehouse. The children were taken through and while they were there, had the pleasure of watching a car unload coal.

ALICE MURPHY, Grade 8.

PRACTICE TEACHERS IN OUR SCHOOL

Four students from the Glassboro Normal School are taking practice work at the Riverton School. Mildred Olsen is practising in the Kindergarten with Miss Parker, Ruth Neville in the fourth grade with Miss Paulding, Margaret Chard, in the fifth grade with Mrs. Murgatroyd and Harriet Reiner, in the sixth grade with Mrs. Bush. The students are expected to stay at Riverton for ten weeks. At the end of this time, they will return to Glassboro, to finish their work in preparation for graduation.

WILLIAM QUIGLEY, Grade 8.

In the 7B Composition class, we have been writing descriptions and then making a pen sketch to illustrate them. This makes our composition paper more attractive and different from a plain written paper. Some of the compositions were as follows:

A Chariot Race—Carl Weniger,
The Scull River—Robert Mattis,
A Summer Scene—Edith Holvick,
A Snow Storm—William Evans,
Our Camp—Helen Geiss,
Antique Chair—Maynard Bowen.
A Winter Scene—Ruth Bach.

The compositions that were assigned to us were new to us although we had described pictures before.

RUTH BACH, Grade 7.

WHAT THE EIGHTH GRADE IS DOING IN GRAMMAR

In grammar the eighth grade has just finished studying about the pronouns. There are a number of kinds of pronouns. At first it was confusing when we filled in blanks with pronouns:; for example, "It is I" instead of "me." After we studied the pronouns and they were explained thoroughly, we learned how to tell the correct pronoun to substitute by its use in the sentence. When we had a test on them, very few people failed.

We are now starting adjectives which are not so confusing. There are two main kinds of adjectives which are used in many ways. These two are limiting and descriptive. The descriptive adjective paints pictures, such as "The glorious waterfall was a white and swaying mistiness, swinging along the mountain side at the permission of some eddying breeze.

We learned that in building stories, descriptive adjectives are the main words used to create pictures. The limiting adjective limits the meaning of a noun or pronoun.

MARY ROEDIG Grade 8.

The second series were pictures showing prevention of forest fires and how the forest rangers conquer a fire. The men in the fire towers, about three hundred feet in the air, can se for a great distance around them. The picture also showed how a careless camper started a huge fire in a dense forest. The man in the tower phoned to his chief of District Number. A crew came together and saved a number of acres of trees and land. All of us should be very careful to prevent the destruction of our forests. Monday morning the third grade entertained us by giving a series of recitations and songs.

ROY HIRST, Grade 8.

THIRD PERIOD

6th Grade

First Honor—Adelaide Roedig, Marie Scattergood, Sears Ridley.

Second Honor—Evelyn Blyler, Dorothy Corneal, Elizabeth Elliott, Carla Glud, Doris Hampton, Elizabeth Mayfield, Helen Shaw, Esther Shocker, Betty Sim, Eleanor Taylor, Dell Teeple, May Laverty Rose Laverty, Doris Maxim.

7th Grade

First Honor—Charles Woolston, Margaret Weller, Florence Harding, Cecil Guest, William Evans, Agnes Mellermott, Carl Winiger, Louise Miller, Louise Ayres.

Second Honor—Royden Speer, Esther Reeves, Patton Kinsey, Mary Keenny, Robert Horton, Ella Bussell, Helen Horton, Helen Brown, Alice Bartley, Edith Holvick.

8th Grade

First Honor—Jane Blackwell, Nan Evans, William Quigley, Mary Reodig, Irene Sippel, Ruth Patterson.

Second Honor—Jack Barr, Hilda Hollings, Margaret Crouch.

3rd Grade

First Honor—Marian Atkinson, Dorothy Byers, Mildred Hullings, Kathryn Schneider, Elsie Showell, Harold Baker, George Cumpston, Robert Wallace.

Second Honor—Florence Gorman, Frederic Boyer, Charles DeGraw, Robert Hullings, EdCoy Lisk, Clifton Mayfield, Bertram Shoemaker, Lester Yeorly.

4th Grade

Second Honor—Annie Glud, Mary Patterson, Sherman Gootee, Robert Hahn, Robinet Cole, Robertson Coe.

5th Grade

First Honor—Emily Barclay, Irene DeGraw, Mildred Hirst, Mary Hubbard, Jena Reiger, Betty Showell, Ellen Showell, Ruht VanSciver, Robert Borer, Clarence Hubbs, Jack Michener, William Thackeray.

Second Honor—Ruth Carhart, Helen Clausz, Maude Freeman, Elizabeth Knight, Vivian Smith, Grace Young, Edward Dunlap, John Gibson, Henry Naisby, Joseph Siddall, Albert VanSciver, James Willis, Howard Yerkes, Marie Chambers, Carolyn Evans, Mildred Speer, Carl Weber.

SCHOOL ELECTION

Arthur C. Mathews, Jr., Elected to Palmyra Board Over Ralph S. Rivers

The Palmyra School election held in the High School building Tuesday evening was well attended, nearly two hundred votes being cast.

Arthur C. Mathews, Jr., of Fourth and Elm avenue, so-called "dark horse" candidate, who was teamed with George B. Clover and George I. Harvey, members of the board standing for re-election, defeated Ralph S. Rivers, the third member of the board whose term expired this year.

The vote was: Harvey 165; Clover 156; Mathews, 125 and Rivers 83.

All the appropriations were approved, three votes being cast against the manual training item.

FARMING

In a recent address at Toms River Dr. Jacob Lipman of the State Agricultural College, outlined some of the difficulties under which the farmers of the country are at present laboring. The importance of smoothing out these difficulties was emphasized by statement of the fact that while the farming industry embraces one-third of the workers of the country it receives only one-ninth of the country's income. Dr. Lipman showed that measured by the value of the 1913 dollar, and the buying value of the farmer's produce in that year, the farmer's dollar today is worth $1.50, while the manufacturer's dollar is worth $3.20 and the miner's dollar over $2.00. In other words, he said, the farmer's business has not been readjusted to other businesses. Either it costs the farmer too much to produce his crop, or he does not get enough for it, after it is produced.

Dr. Lipman's explanation is that the farmer is producing too much. He is cultivating too many acres, because morden machinery allows the individual farmer to produce much more than years ago. Another difficulty is that Europe, since the war ended, has been unable to buy our surplus farm crops, and we have nowhere else to sell them. Europe, he said, will not be much of a customer for American farmers for years to come, as Europe is too poor, and must try to raise her own food. With intensive methods, and intensive fertilizers, the production of Europe has been greatly increased since the war.

Increased production in this country adds to the difficulty, he pointed out. He said Texas alone could raise all the cotton needed in this country and for export, and it is already raising as much as all the rest of the south. A cotton picking machine is now in use that, with one man and a boy, can pick as much as 35 hand pickers. It is freely predicted that in a comparatively few years machinery will so displace labor on the farm that 15 per cent of the population can raise all this country needs, and the rest of the farm population must drift to the cities to find jobs.

Over production in cotton he showed by saying 18,000,000 bales were raised this year, while there was a hang over from last year of four or five million bales. He showed how the tariff cared for the manufacturer, by giving him a stable price and a safe margin of profit; the railroads are protected, by being allowed to earn a certain percent of profit, and if their costs increase, their rates increase; but the farmer, on whom all prosperity is based, has no way of stabilizing his business.

Dr. Lipman insisted upon the absolute and imperative need of putting the farmer, whether the corn farmer of the middle west, the cotton farmer of the south, or the egg farmer of New Jersey, where he could get a fair income for his work—an income that satisfied him and made him willing to work, and allowed him to enjoy life.—Freehold Transcript.

MARY F. KING

Mrs. Mary F. King died at the residence of her son, Harry C. King, of 103 West Charles Street, Sunday. Mrs. King, who was 80 years old, was a former resident of Palmyra. She was well-known here and enjoyed a large circle of friends.

Funeral services were held yesterday from the Chapel of Andrew J. Bair and Sons, 19th and Arch street, Philadelphia, at 2 p. m. Interment was at the Mt. Moriah Cemetery.

The deceased is survived by her son, H. C. King, of Palmyra; daughters, Mrs. J. F. Hawthorne, of Pittsburgh, and Miss Elizabeth King, of Philadelphia.

PHS Five Doubles Gloucester Score

Local Basketball Team Setting Fast Pace Under Dimond's New System

Palmyra doubled the score on Gloucester High School on the latter's court Tuesday night in a loosely played game. Palmyra crushed their opponents in a rather easy fashion, the score being 34-17.

Elwood Branson and Jack Eisley were the bright stars who featured for the winners. Captain "Vince" Kalinowski and Cliff West were also big performers in the easy triumph of the Red and White squad. Eight players saw action under the tutelage of Coach Dimond and all played a good brand of basketball.

Palmyra is enjoying one of the best seasons in the history of the school under the new mentor who introduced the present "Haskall" system.

Palmyra outscored Gloucester from the field, 14 goals to five, leading at intermission, 19-5. Branson was high scorer for the Palmyra team with five field goals and one foul for 11 points while Eisley made four twin pointers. West tallied two double-deckers and Kalinowski sank one and three of three from the 15-foot mark. Captain Seleeman was the whole works for Gloucester, accounting for three two-timers and five of seven fouls for 11 points.

The Palmyra squad will be very busy over the weekend, playing two of the hardest games on their ambitious schedule. Two battles, both boys and girls teams will play tomorrow night with Paulsboro at home at 8 o'clock. A game with the Trenton School for the Deaf is booked for next Tuesday, February 15. Trenton has beaten some of the best teams in the state and a stiff encounter is anticipated.

The score:

GLOUCESTER H. S.	Fld	Fl	Ft	Tp.
Seleeman, f	3	5	7	11
J. Schwartz, f	0	1	2	1
Lynch, c	1	1	3	3
Klarman, g	0	0	0	0
Lehberger, g	0	0	2	0
A. Schwartz, g	1	0	3	2
McGonagle, g	0	0	0	0
Totals	5	7	17	17

PALMYRA H. S.	Fld	Fl	Ft	Tp.
Eisley, f	4	0	1	8
Branson, f	5	1	2	11
Miller, c	1	0	0	2
West, g	2	0	0	4
Kalinowski, g	1	3	3	5
Sloan, f	0	1	1	1
Hudson, f	0	0	1	0
Hennessey, c	1	1	3	3
Totals	14	6	11	34

Score first half—Palmyra, 19; Gloucester, 5. Referee—Saline.

WANTED—VOTERS

We are nearly ten years from our entry into the World War. That conflict taught us as a people innumerable lessons about our national government. Volunteers and drafted men crowded to camps and navy yards. Women as well as men entered war industries.

Government bonds were sold in banks, in workshops, in stores, in schools, on the street corners and at the doors of churches. The government managed the railroads. It taxed ice cream and base ball tickets. It regulated food and fuel supplies. It came home to every one's door.

It was taken for granted that the vast expansion of government activities would arouse interest in elections. Nobody ever looks for unanimity of opinion, but it seemed that every voter would care to express approval or dis-approval of measures affecting commerce, transportation, manufacturing or finance. Had anyone said that the year following the war would show a decline in civic interest, that there would be a nation-wide apathy, that men and women with college training and large property interests would not walk five hundred yards to cast their ballots, he would have been looked on as a crank.

But, for some reason or reasons, this is about what has happened. The small number of voters, of persons who think it actually worth while to express themselves for or against a candidate or a policy is a patent and painful fact. Last year, it has been estimated one-third of the voters of the Union troubled themselves over such matters as the choice of Senators, Congressman and Governors. In this State, overwhelmingly Republican, the minority party seems more likely to choose the Governor than the majority party.

Somebody may see a solution of the problem. It is a problem, and not a cheering one.—West Jersey Press.

MODEL FROCK

Yola d'Avril, chic French actress and former model for Jean Patou, carries the 1927 cane sanctioned by style authorities. Miss d'Avril is now appearing in First National pictures. Her Hirsch model frock is of navy blue poiret twill trimmed in silver braid. A broad panel of silver satin is partly hidden by the wide bands which overlap it and form a closing at the waistline by six cut steel buttons. Sleeves that started to be wide at the cuffs, evidently changed their minds and are caught in at narrow cuffs.

CAMP 23

Ninety-nine Members Wanted To Attend Church Service

Ninety-nine members of Camp 23, P. O. S. of A. are wanted to attend the church services to be held in the M. E. Church, Sunday evening, February 20. Edwin A. Griscom, chairman of the committee in charge would like to see this meeting a success. There should be a great deal of interest in singing "The Ninety and Nine." The P. O. of A. ladies will attend the services in a body on this evening. The Rev. J. William Lee will give a patriotic talk on Washington and Lincoln.

After the regular lodge session at Camp 23 Monday evening, three games of dart baseball were played. George W. Rogers was captain of one of the teams while Walter D. Lamon managed the other.

Lamon's team had the better of the argument, winning two of three games. Griscom was high scorer for the evening and was closely followed by Rogers and Lamon.

MRS. VIRGINIA MOOD

Mrs. Virginia, widow of the late George Mood, aged 74, died Tuesday afternoon at the home of her daughter, Mrs. Samuel R. McMullin, after being seriously ill since Sunday.

The deceased had lived in Riverton for about sixty years, and leaves two children, Mrs. MacMullin, and John Mood, of Palmyra, seven grandchildren and six great-grandchildren; also two sisters and four brothers: Mrs. Otto Sauers, Mrs. Dennis Maloney, David Cole, of **Camden, George Cole, of Philadelphia, Samuel R. Cole, who is in Florida, and Frank C. Cole, of Riverton.** Mrs. Mood was a member of the Home Communion, Daughters of Liberty and Shepherds of Bethlehem.

Services will be held Friday afternoon at two o'clock at the residence of her daughter, 612 Main street, conducted by Rev. A. S. Lewis. Interment will be made in the Methodist cemetery, under the direction of Frank A. Snover.

MARY M. WALLACE

Mrs. Mary M. Wallace, one of Palmyra's oldest residents, died last Thursday at her home, 509 West Sixth street, in her ninety-fifth year. Mrs. Wallace is survived by one son, Levis Wallace, and three daughters, Mrs. Antone Beckenbach, Mrs Polis and Miss Jennie Wallace, all of Palmyra.

Funeral services were held Monday at 2 p. m. at the home of her daughter, Mrs. Beckenbach, with the Rev. C. T. Bates and the Rev. W. M. Erhard officiating.

Interment was at the Morgan Cemetery with funeral direction in charge of Frank A. Snover.

At the Sunday School services next Sunday morning, Robert Coward, one of the teachers who is also studying for the ministry, will give a short talk on the life of Abraham Lincoln.

County History of 25 Years Ago

Items of Interest Published in Mount Holly Mirror February 5, 1902

Hog raffles have been put under the ban by Prosecutor Atkinson, who says they are a distinct violation of the law.

A cruising yawl, thirty-two feet long and ten feet beam, is being built for Captain Nelson Burr Gaskill for use in Barnegat Bay.

The National Cranberry Growers' Association met in Philadelphia last week and elected Rev. Edward Durell, of Woodbury, president; Benajah P. Wills, of Mount Holly, vice-president, and A. J. Rider, of Trenton, secretary and treasurer.

Detective Parker has been presented with a handsome pearl-handled revolver by J. H. Hopkins, a wealthy Philadelphian, and Chief of Police Linderman, of Merchantville, has made him a present of a pair of up-to-date handcuffs. They were tokens of appreciation for services rendered the donors.

Traction Company Incorporates

The Burlington County Traction Company was incorporated in Camden yesterday with a capital of $225,000. The corporation, which owns the franchise of the Mount Holly Street Railway Company, will operate the road in this town and ultimately connect with the Camden and Suburban Railway Company at Moorestown. The incorporators are Dr. William C. Parry, Hainesport; Albert Haines, Masonville; Edward B. Jones, Mount Holly; George Brock, Moorestown; Clarence H. Polhemus, Mount Holly; I. A. Swiegard, Atlantic City, and four Philadelphians.

At a session of the county court on Friday, licenses were granted to eleven hotels throughout the county including that of James Martin, of Mount Holly. The fees ran from $100 to $300. John Forbes and James D. Flynn were granted saloon licenses in Mount Holly; fee, $200 each.

More or less alarm was caused on Monday by the appearance of a sensational report in Philadelphia newspapers that a tramp suffering from smallpox, had been confined in the Burlington county jail. An investigation made by Sheriff Fenton proved the report to be untrue.

Past Grand Master Hamilton Wallis, in his report, presented at the annual session of the Grand Lodge of Masons last week, recommended that an orphans' branch be added to the State Masonic Home near Burlington. It is the desire of Mr. Wallis that the orphans, now five in number, be separated from the older inmates. Nineteen inmates have been admitted to the home during the past year.

Freeholder Clerk Candidate

John Henry Antrim, of Pemberton, will be a candidate for re-election as Clerk of the Board of Freeholders when the new board organizes next Spring.

The H. B. Smith Machine Works at Smithville were closed down on Monday because of too much ice in the creek to permit operation of the water wheel.

The annual meeting of Burlington County Pomona Grange was held at Moorestown on Wednesday. The following officers were elected: Master, Isaac Lippincott, Moorestown; overseer, G. C. Darnell, Medford; steward, Wilmer Collins; lady assitant steward, Anna B. Jones, Mount Holly; gate keeper, Lewis Gaunit, Columbus; lecturer, Sallie Stiles, Fellowship.

Judge Gaskill has appointed John Hancock, of Springfield; Granville Leeds, of Westampton, and Dr. George W. Vandeveer, of Northampton, as commissioners to determine the assessments on the properties abutting th new Mount Holly-Jacksonville stone road.

Mr. and Mrs. John D. Johnson, of Mount Holly, will leave for Florida the last of this month for a three-weeks' stay.

It used to be you saw a gray horse every time you saw a red-haired girl, but now every time you see a red-haired girl you see nine flivvers.

GIRL DISAPPEARS

Lenola Orphan Tires of Her Adopted Home

Tired of school, tired of the environments of a good home, Helen Sharp, 16-year-old orphan girl, left the home that had been provided for her by George W. Brown, Lenola, for the last eight years, to face the world with only three dollars in her purse.

Helen left her home Sunday afternoon at about 2.30 o'clock to go to Sunday school at the Lenola Union Church. When Sunday School was over she failed to return home.

When time came to prepare the evening meal, a note was found by Mrs. Brown sticking out from the cupboard shelf.

"Don't feel hard towards me, Mother," the note read, "but when you think of me, think of the good points about me and not the bad ones. I am tired of school and I want freedom."

Helen was taken from an orphans' home, at Mount Hioly, by the Browns when she was only six years old.

Moorestown authorities were notified upon the finding of the note but an all night search failed to disclose any clues of the girl's whereabouts.

Helen had long disliked school and had declared that when she was sixteen she would not attend any more. She also attempted on one other occasion to run away, it is said.

A paragraph in the note read: "If I am found dead, don't feel badly."

This led the police of Moorestown and Maple Shade to inquire of residents along Pensauken creek if they had seen the girl. The inquiries, however, were fruitless.

It is the general belief the girl has gone to New York, since she had expressed such intention to some of her friends on several occasions. Her description was broadcast from WCAM, Camden, Monday night.

BARLOW WEDS

Thomas J. Barlow, of Maple Shade, a member of the Delaware River Bridge Joint Commission, and Miss Frances Saimarsh, his former bookkeeper, of Swedesboro, were married Saturday afternoon. The bridegroom is seventy years old and his bride is fifty-four years old.

The ceremony was performed in the parish house of the Church of Our Lady of Gound Counsel, Moorestown, with the Rev. Dr. J. F. Hendrick, rector, officiating.

Immediately after the ceremony the couple left for Atlantic City, where they will spend a month, later they will leave for Florida.

Attendants at the wedding which was private, were: Frederick A. Barlow, Thomas J. Barlow, Jr., his sons; Mrs. Theresa Wakefield, of Swedesboro, and Miss Jessie B. Robinson, of Ridley Park, Pa. Mr. Barlow has a daughter, Mrs. Agnes Vodges. The bride made her home with Mrs. Wakefield.

Until seven years ago Miss Saitmarsh was employed as a bookkeeper in Barlow's real estate office in Maple Shade.

The veteran real estate operator, often called the "Builder of Maple Shade," is a widower. His wife died in February, 1926, and her cortege of funeral cars was the first of its kind to pass over the bridge on its way to a Philadelphia cemetery. The span had not then been opened.

VALENTINE DANCE

A big dance will be held at Riverside Monday evening, February 14, at the new St. Casimir's school hall, given by the very popular El-Rae Club. Johnny Brown and his orchestra, who recently made their greatest hit at the Bellevue-Stratford Christmas and has played at the Ritz-Carlton, Sylvania and Pennsylvania Hotels, will furnish the music.

St. Casimir's Hall has just been completed a short time but has one of the finest dance floors in this section. This is the second dance to be given by the El-Rae Club at this hall, the first being a huge success.

The hall will be beautifully decorated for this occasion and will have the full touch of St. Valentine's Day. Joseph Hafner, the president of the club, and the committee in charge report very favorably on the result to date.

TO HONOR LEAMING

Camden Bar Association will Tender Vice Chancellor Testimonial Banquet

The Camden County Bar Association will give a banquet in honor of Vice Chancellor Edward H. Leaming, of Moorestwn, at the Walt Whitman Hotel, Camden, Thursday evening, Feb. 17. Tribute will be paid the prominent Moorestown resident in honor of his twenty years of service on the Chancery bench in Camden.

The Camden County Bar Association has appointed Frank Neutze, assistant Camden county solicitor, chairman; Floyd H. Bradley, Albert E. Burling, Frank T. Lloyd Jr., and Byron Seabrook, as members of the banquet committee.

The banquet, which will start at 7.30 o'clock, will have as its toastmaster, Hon. William T. Boyle, president of the Bar Association. Among the speakers will be Edwin Robert Walker, chancellor of New Jersey; Justice Frank S. Katzenbach, Jr., of the Supreme Court, and former Judge William C. French.

Justice George Sutherland, of the United States Supreme Court, an old friend of Vice Chancellor Leaming, and Owen J. Roberts, Philadelphia attorney who was special counsel for the government in its suits against Edward L. Doheny, the oil man, are expected to attend.

TRAP SHOOTING

Popular Sport Engaging Interest of Many County Sporsmen

Burlington county is becoming as famous for its trap shooters as it was for its fast harness racing horses. There was a time when nearly every man of any sporting procivity, whatever, who could afford it, kept a "brushing" horse. Some, who could not afford it, also kept fast horses, to their ultimate sorrow. But the day of the harness racing seems to have passed, for the present, at any rate.

Now, trap shooting is engaging the attention of more of our country sportsmen than in horse-racing and a dozen trap shoots, home-breds, all of them, who could give the cracks of the east a hard race and once in awhile, a beating. Burlington county has had two state champions within the past few years and there are several newcomers in the game who are giving promise of winning championship honors before long. They will bear watching right now.

MEDFORD BOOSTERS

Get-Together Dinner by Chamber of Commerce on Feb. 24

The get-together and booster dinner of the Medford Chamber of Commerce will be given in Grange Hall, on Thursday evening, February 24, and from all indications it will be an affair that is sure to be long remembered.

The committee in charge of the dinner are leaving nothing unturned in their branch of the work to make it a bowling success. The Ladies' Aid Society of the Medford M. E. Church will prepare and serve the dinner, which is an assurance of not only first-class eats, but first-class service. This was proven last year, when the ladies served the annual dinner and those who attended have never forgotten how well they served it and the excellent menu.

The entertainment committee is also active and they expect to provide a program of entertainment that will make a hit. Just what they have in mind is not known and it looks as if their end of the evening's program is to be kept secret, so that they can spring a big surprise.

The invitation to join in this booster affair is somewhat different from last year, as the ladies have been included.

NORMAL NEWS

Thirty-six new students entered the Normal School on Monday, January 31. This is double the number than graduated with what is usually known as the February Class of 1927. The total enrollment to date for the school is 501 against 548 for the corresponding period in the regular session last year.

Last year's total enrollment for all the sessions of the school amounted to 1444 distributed as follows:

Regular Students 458
Extension Students 387
Summer Session Students .399

An appropriation has been requested of the State Legislature for six cottage dormitories to accommodate the 200 students who find it impossible to commute. At present more than 100 students who should board cannot be accommodated even though three cottages have been rented.

On Tuesday, February 1, the Joint Appropriations Committee of the State Legislature under the guidance of Senator Firman M. Reeves, Chairman, accompanied by a dozen or more members of the Legislature inspected the school and dormitories. It was learned that provision should be made for the accommodation of 127 students in addition to those already accommodated in the dormitories.

MARY VIRGINIA LOVELL

Mary Virginia Lovell, wife of William J. Lovell, Editor of The Moorestown Chronicle, died at her home on Stanwick avenue Thursday of last week.

Funeral services were held at Trinity Church Monday afternoon and interment was made in the Churchyard of St. Peter's Church, Spotswood, New Jersey, Tuesday.

Mrs. Lovell is survived by her husband, William Joseph, and two sons, Percy Bishop, of Moorestown, and Stanley Kester, of Goffstown, New Hampshire.

She will be greatly missed by her many friends in Moorestown.

Vol. 38. No. 5. RIVERTON, NEW JERSEY, THURSDAY, FEBRUARY 17, 1927 PRICE FIVE CENTS

COUNCIL TAKES FIRST STEP IN PURCHASE OF NEW FIRE TRUCK

Ordinance Introduced By Councilman Welsh and Passed 1st Reading Last Week

SKETCH FOR MEMORIAL GATEWAY IS PRESENTED

The first step toward the purchase of the new fire apparatus recommended by joint committees of citizens and the Riverton Borough Council last May, was taken at the meeting of Council Thursday night of last week, when the ordinance presented by Councilman William A. Welsh, chairman of the fire and water committee, was unanimously passed on first reading. This ordinance will come up for a public hearing on Thursday evening, March 10.

No reports were submitted by the Highway, Sewer, and Lighting committees.

Director of Public Safety Williams recommended that three or four special officers be appointed for the year, so that they would be authorizide to render special duty service whenever called upon. They will receive no salaries except when actually working under orders of the police department.

Mr. Williams suggested that milkmen and others who are constantly going about town, some of them a early hours and late, might be able to render valuable service if they were vested with police powers.

Mayor Hemphill told Mr. Williams told to take the matter up with his committee and be prepared to make a definite report at the next meeting. The Mayor said if the committee approved of the plan, he would make the appointments.

Director Williams further reported that he had attended the traffic control meetings in Trenton on January 24. He said that a great many valuable suggestions were made at that time along the line of standardization of traffic signals, which, if carried out, would go a long way toward simplifying the trials of motorists. He said it was recommended that police cars be equipped with a special siren to be used only on such cars, so that if the police car was called in an emergency requiring speed other drivers would know what was coming and give right of way. These sirens are now used in Merchantville, Haddonfield and many other places, said the director.

Mr. Williams, who is also chairman of the borough property committee, presented a sketch prepared by Fletcher Street, of Beverly, for the gateway at Memorial Park which the Palmyra-Riverton Rotary Club desires to present to the borough. The sketch was turned over to Ross E. Mattis chairman of the memorial gateway committee of the Rotary Club.

Mayor Hemphill appointed Harry Brunt and Dr. Harry L. Rogers as members of the Board of Health.

The building inspector submitted a report for the month together with permit fees amounting to $12.50.

The Philburco Coach Company presented a report for January business showing gross receipts amounting to $173.69, state taxes amounting to $576, and taxes due to the amount of $8.68. The report stated that no tax was due the borough at this time. The proportion of the route in Riverton is .1360 miles.

The following bills were ordered paid:

GUNNING CLUB

Weekly Shoot on Shaffer Farm Draws Big Crowd

The weekly shooting match of the Community Gunning Club of Cinnaminson, with an unusually large number of entrants, was held at the Shaffer Farm last Saturday afternoon. Nearly one hundred spectators witnessed the contest.

"Herm" Denneler with 42, W. Bohs and H. Hercher with 41, and J. Stack with 40 were the high scorers in the "fifty target match."

The match last week included two "Ten Bird Matches" with twenty entrants. "Cad" Shaffer with 9 out of 10 was the important counter in the first match and was awarded a safety razor. Wilbur Bohs, Charlie Shaffer and Horace Pratt tied with 8 out of 10 in the second "ten bird match," but "Bosbie" won the other razor with two straight in the play-off.

Another match will be held this Saturday afternoon and anyone interested in shooting is cordially invited to join the entrants.

Dads and Sons at Cinnaminson

First Annual Father and Son Banquet Voted Big Success

More than one hundred fathers and sons attended the first annual Father and Son banquet of Cinnaminson at the school on Tuesday evening.

The affair was a great success and rumors are already heard of a Mother and Daughter banquet. In fact, a great many mothers and daughters were in attendance Tuesday, for the Parent-Teacher Association served the supper. They put over a big piece of work and proved that auditorium to be a wonderful room for such an affair. This magnificent room was just right for Guy Hendry's Y. M. C. A. orchestra, which furnished the music, and the singing, under the able leadership of Porter Ashbrook, of Lamberton, never sounded better. Everybody wanted to sing, and found ample opportunity.

The Rev. A. J. Harke was toastmaster and introduced the Rev. John Lennon, of Asbury and Bridgeboro, who offered prayer, and then George Dorworth, one of last year's graduates of the school, as the first speaker. He emphasized the necessity of a boy's dad being his pal.

Jessup for Dads

Charles B. Jessup spoke for the dads and with considerable experience along that line. "Parents' statistics," called for later by Mr. Hendry, showed that D. B. Cole was the only other dad in the room with greater experience being the father of ten children while Mr. Jessup boasted six. Mr. Jessup spoke of many opportunities that boys have nowadays that they didn't have when he was a boy, and said that the biggest advantage they have is freedom from the temptations of the open saloon.

Mr. Jessup quoted:

"If you stroke a thorn or rose—
keep a-going.
If it hails or if it snows—keep
ageing.
'Taint no use to sit and whine
If the fish ain't on your line.
Bait your hook and keep on trying
Keep a-going."

Howard G. Taylor, speaking for the granddads, gave many interesting facts about the history of Cinnaminson township, which used to be part of Chester township which extended from the Delaware River to Mount Laurel, and from the Rancocas to Pensauken creek.

Guy Hendry, with his usual enthusiasm, spoke of his work with Burlington county boys. He quoted "Square boys and not square miles determine the true worth of a community," and quoted John R. Mott, "the age of boyhood is the age that determines the future."

H. G. Taylor, Jr., said a few words in behalf of the school, expressing the thanks to all concerned for helping to keep Cinnaminson out in front as the best rural school in the county—not for the gratification of any desire except to make sound men and women for tomorrow.

The Rev. R. J. Beazley, of Jobstown, was the speaker of the evening. He thrilled very hearer with his challenge for co-operation in the home. He challenged the dads to provide their sons a noble heritage, clean, upright, loyal and fearless; he challenged them to talk freely and frankly with the boys of life's mysteries and problems and to give them unreservedly of their advice and help. He challenged the boys to be worthy of their heritage, which need not include money or material assets.

The speaker declared he loves the girls, his mother was a girl and Mrs. Beazley who presides over the manse at Jobstown, is another. He challenged both boys and dads to be fair to mother, who makes the home a real home for them.

Y. M. C. A.

The "Triangle" group met at Harry McCreedy's home on Wednesday evening, February 9th. The president being absent, the vice-president called the meeting to order. Robert Borer led in prayer. We had Responsive Ritual and another Bible treasure hunt. We all played games and had refreshments.

Our meeting closed with the Friendship Circle.

Our next meeting will be held at the home of John Loncks.

ROBERT C. BORER,
Publicity Chairman.

COMMUNITY BOYS' FUN NIGHT

What is termed a Community Boys' Mass Program is being arranged by the Palmyra-Riverton YMCA Board, by the Boys' Work Committee, to take place in the YMCA Building at Palmyra, Friday evening, February 25, beginning at 7.45 o'clock.

Boys can be sure that it will be a GREAT time. One of the County YMCA Secretaries Mr. Evans will have charge of the movie program, which has been specially ordered from New York for this special opening mass program evening.

Secretary Hendry will have charge of the musical program, which will consist of mass singing and selections by the County "Y" Orchestra.

Secretary Ergood is making arrangements with the YMCA at the University of Pennsylvania to send out two University student members who will have a lot of interesting things to say to the "mass" of boys who will be on hand to greet them. It is certain, too, that in their messages some real challenge to live, the right kind of lives and to make every effort to prepare to do a real job in the world will be stressed.

Mass games, which will be directed by one of the secretaries will wind up this evening of fun and good time, unless the fellows present would think it would add to their fun to have as the last feature a two-for-a-nickel lolly-pop vanishing contest, which would be provided free to all the fellows who desired to enter the contest.

Any fellows from Palmyra, Riverton or vicinity who has seen a dozen summers, more or less, will be welcomed at the "Y" building on this evening of fun and fellowship without regard as to whether he is at present a member of any YMCA Group.

Decade Event is Observed by "Y"

County Committee's February Meeting at Moorestown Filled With Interest

An event of unusual interest took place in connection with the February meeting of the County YMCA Committee in the Community House at Moorestown, the evening of Valentine's Day, February 14, when wives of the committeemen were also present.

Commenting on the significance of the evening, Secretary Hendry said that in nearly ten years of service in Burlington county, this was the first time that such a dinner had been arranged, and that he, for one, hoped that it would be a yearly, rather than a decade event.

A special feature in connection with this dinner was a reception for the new bride and groom, Mr. and Mrs. Clifford W. Ergood, who were married in Mount Ephraim on February 9, and had returned only that day from their wedding trip. A special guest of the evening was Dr. Edwin L. Earp, one of the faculty of Drew Theological Seminary, Madison, also a member of the State YMCA Committee and of the National Council YMCA. Dr. Earp enterpreted very splendidly what he believed to be significant contributions and achievements of the Young Men's Christian Association, particularly throughout our State and Nation. He did mention, too, its work throughout thirty-one different countries of the world where over 200 American secretaries serving as Ambassadors of International good will are laying the foundation of Association service all the way around the world.

A very excellent devotional message was delivered by the County Committee Chairman William F. Overman. Then, after Dr. Earp's address, came reports by Secretaries Evans and Hendry. After the reports about forty lantern slide views of the new Camp Ockanickon were shown. This was followed by a demonstration of the motion picture projector used by Secretary Evans in his work in the various industries, and a three reel picture advertising the products of the Conn Musical Company was enjoyed by those present. There were fifty at the dinner.

The colored quartet from the colored industrial school was also present and splendidly sang a number of selections during the evening.

Cinnaminson Banquet

The first Father and Son banquet of Cinnaminson township was held Tuesday evening, February 15, in the Public School. Active members on the committee were Howard G. Taylor, Jr., of Riverton, and the Rev. A. J. Harke, of Parry. A fine delegation of musicians from Mount Holly who are members of the County "Y" Orchestra provided a delightful musical program and assisted with the singing.

State Camp Meeting

Secretary Hendry, newly elected director of Camp Ockanickon for the 1927 season, is attending a meeting of the Camp Directors' Association in the YMCA at Newark, Thursday, (today.) Charles R. Scott, State Boys' Work Secretary for some twenty-five years, and himself a director all that time, always proves a very valuable counsellor at such gatherings.

Industrial Dinner

The Trenton City Associaton, looking forward to the establishment of an Industrial Association similar to that which has been organized and brought to such a splendid point of efficiency and interest by Secretary D. S. Evans, has asked for the privilege of having fifteen representatives attend the next dinner of that Association, which will be held in Burlington, Monday evening, February 21, at which time Solicitor Harold B. Wells will speak.

Leaders' Conference

Wednesday evening, March 2, at the Mount Holly YMCA Club room, Group Leaders from all over Burlington county will convene for a training conference at which time Hugh D. Maydole, a member of the Town and Country department staff of the National Council will be the speaker.

Noted Speaker Coming

Dr. Samuel W. Grafflin of the West Side YMCA, known by hundreds of Burlington county and boys because of his various visits here and his appearance for two successive years on the annual County Convention program, has been secured by the Burlington Methodist Brotherhood annual banquet, Thursday evening, February 24.

BIRTHDAY PARTY

A very attractive birthday and Valentine party was given Monday afternoon by Mrs. Leslie G. Limroth of Fourth street in honor of her little daughter, Polly, who celebrated her fifth birthday anniversary Sunday. Little guests from Ardmore, Media, West Philadelphia, Woodbury, Merchantville and Palmyra were entertained, playing all sorts of games, wearing little Valentine hats and most important of all (as the kiddies usually think) gathering around the beautiful table and partaking in the delightful refreshments. Polly received many pretty and useful gifts.

K. of C. BANQUET

Burlington County Chapter Is Preparing for Big Event February 22

The Burlington County Chapter Knights of Columbus, of which St. Joseph's Council of Riverton-Palmyra is a part, have made final arrangements for their annual Lincoln and Washington banquet, which this year will be held at the All Saint's School Hall on South High street, Burlington, Tuesday, Feb. 22, at 7.30 p. m.

A fine menu has been arranged which will be both tempting and appetizing. Richies orchestra, of Camden, will furnish the music while Thomas Hueston, of Philadelphia, well known entertainer and pep artist, will see that there are no dull moments.

Address will be made by speakers of note, among whom will be the following: Edward L. Whelen, New Jersey State Deputy K. of C.; Hon. Thomas S. Mooney, Mayor of Burlington; Hon. Samuel S. Shay Judge of the District Court of Camden; Rev. W. L. Moran, O. S. A. of Philadelphia, and Frederick W. Floyd, Jr., District Deputy K. of C. of Woodbury.

Many members of St. Joseph's Council and ladies have made reservations to attend this annual event.

FORTNIER—ELMS

A very pretty home wedding took place Saturday evening at Broad and Arch streets, when Miss Thelma Elms became the bride of Jean Fortnier, son of Mr. and Mrs. John Fortnier, of Westmont, N. J. The ceremony was performed by the Rev. Mr. Enslund, pastor of the Westmont Baptist Church.

The home was very beautifully decorated by Charles W. Lutz, who also furnished the flowers for the wedding.

The bridesmaid was Miss Mamie Abdill, cousin of the bride, and the best man was Harold Fortnier, brother of the bridegroom.

The bride wore a gown of flesh colored beaded georgette and carried a bouquet of white roses and sweet peas. The bridesmaid was dressed in yellow taffeta and carried a bouquet of pink roses and sweet peas.

The bride was given in marriage by her step-father, Joseph A. Davis.

Music was furnished by James H. Loughran, of Philadelphia. About 100 guests attended the delightful reception.

The happy couple left Saturday evening for Wildwood and Atlantic City where they will spend about a week or ten days on their honeymoon.

Mr. and Mrs. Fortnier will be at home to their many friends at the home of the bride's mother on their return.

Truck Wrecked; Driver Escapes

Clifford Bell Only Slightly Hurt When "Nellie Bly" Demolishes Truck

Clifford "Tip" Bell, of 717 Highland avenue, Palmyra, escaped death at the Gun Club railroad crossing, East Riverton, Tuesday afternoon, shortly after 5 o'clock when the Ford truck he was driving for the Allied Paper Tube Company, also of East Riverton, where he is employed, was struck by the "Nellie Bly" due at Riverton at 5.05 p. m.

The accident occurred at 5.15 and the train was travelling at a high rate of speed in order to make up time. The tracks are open on both sides at this crossing. Bell saw the train but did not realize that it was so close until it was upon him. Bell was returning from Philadelphia and the train was bound from New York to Atlantic City.

Bell saved himself from death by jumping. The roof of the truck was carried 250 feet on the front of the engine. The truck itself was completely destroyed and parts were scattered along the track for a mile.

Miss Emma Countryman and Mrs. Wilbur Pfau, both of East Riverton, were waiting at the crossing for the train to pass and saw Bell drive the Allied Paper Tube truck across the tracks in front of the flier. The back of the truck was hit, which probably saved Clifford from death or serious injury.

Neither of the ladies who witnessed the accident could say positively whether or not the engineer blew the whistle for the crossing.

Bell was thrown from the truck and rolled over and over for a distance of about 30 feet, and was lying on his face when Miss Countryman and Mrs. Pfau went to his aid. They turned Clifford over on his back and brushed the cinders from his face and hands and put the seat cushion of the truck under his head.

Mrs. DeSails, who lives on the corner near the scene of the accident, phoned for the Palmyra ambulance.

By the time word of the mishap reached Officer Quigley and he went up to the accident about a hundred cars had gathered, but no one had offered to take the injured man to the hospital. Quigley asked James Goodwin of Riverton to help out by taking Bell to the Riverside hospital. The officer and the lad's father accompanied Goodwin to the hospital with the injured boy.

Bell claims that the train whistle did not blow, and that he did not see the "iron horse" bearing down upon him. Another theory is that the train was due to pass Riverton station at 5.05 and Bell, knowing the time, figured that nothing would be on the tracks and crossed without looking.

The truck was completely demolished. Most of the wreckage is lying at the crossing, but part of the roof was carried as far as Cedar street, Riverton, on the pilot of the engine.

Miss Countryman was carrying a bag of eggs for Mrs. Pfau and when she saw the collision the eggs and her handbag went flying as Miss Countryman started to help the unfortunate lad. Some kind friend gathered the eggs together, and, strange to relate, not one was broken, though the bag was torn to shreds.

Dr. Hunter, of Delanco, is attending Bell in the Riverside hospital. Wednesday morning Clifford was resting easily. The doctors who examined Bell said there was small chance of serious injury but held him there for an X-ray examination.

Bell's injuries consisted of a badly scratched face a cut on his head and he complained of pain his left leg.

The many friends of Jack Coleman are glad to learn that he is improving in health.

MANY BIDDERS FOR COUNTY ROAD MATERIAL CONTRACTS

Bridge Work Also Eagerly Sought; Competition Keen; Prices Low

ACTION ON NEW CAR FOR PARKER DEFERRED

So large was the number of bidders on bridges and road materials at the meeting of the Burlington County Board of Freeholders last Friday that Director Russ adjourned to the court house.

There were seven contractors who bid on the new pipe culvert near Maple Shade as follows:

William C. Cook, Mount Holly, $6,460; Charles S. Moses, Edgewater Park, $5,953.50; Hill Construction Co., Mount Holly, $7,116; Conard & Buzby, Burlington, $6,285; Walter S. French Co., Moorestown, $5,262; Daniel R. Lemmon, Brown's Mills, $8,339; C. A. MacDonald, Philadelphia, $5,817. The contract was awarded to the Walter S. French Co., of Moorestown on its bid of $5,262.

Bids had been advertised for creosoted lumber for bridge repairs for the year, the specifications calling for assorted sizes of timbers and piling and there were but two bidders as follows: Wyckoff Pipe and Creosoting Co., New York, $21,582.53; Jennison-Wright Co., Toledo, Ohio, $21,289.69. These prices are f.o.b. Mount Holly and the Toledo company was awarded the contract, the Board of Freeholders reserving the privilege to order the lumber in the amount they desire.

Lively Bidding for Road Materials

Washed Pebbles: National Supply Company, Mount Holly, 65 cents a ton; total bid, $4,225. Received contract.

Slag: Philadelphia Slag Co., Norristown, Pa., $1.25 a ton; total bid, $10,000. Received contract.

Cut-back Asphalt: Headley Good Roads Company, Philadelphia, light 18 cents, heavy, 17 cents; total amount of bid, $7,150 F. O. B. Marcus Hook, received contract.

Broken Stone: Delaware River Quarry and Construction Company, Lambertville, assorted sizes and screenings; total bid, $19,311. Lambertville Stone and Quarry Company, Lambertville, assorted sizes and screenings; total bid, $19,812. The Delaware River Quarry and Construction Company received the contract at $1.35 per ton for 1½ or 2½ in sizes and $1.50 for the ¾ in. size. The average freight rate will be 87 cents a ton.

Lignum Binder: M. R. Young, Trenton, 13.4 cents gallon or $6,700 Barrett Paving Co., Trenton, 13.8 cent gallon or $6,950; Asphalt Service Inc., New Brunswick, 13.5 cents gallon or $6,750. The first named company received the contract, it being understood that these prices include the application of the material.

Slow Curing Oil: Barrett Paving Co., Trenton, 11 cents applied, or $27,500, Busch King Co., Montclair, 11 cents applied, or $27,500; Asphalt Service Co., Inc., New Brunswick, 10.89 cents applied or $27,225. The Asphalt Service Co., received the contract.

Tars: Barrett Manufacturing Co., Philadelphia, cold coal tar 15½ cents or $38,750; hot coal tar, 16½ cents or $14,850, making a total bid of $53,600.

Barrett Paving Co., Trenton, cold coal tar, 15.8 or $39,500; hot coal tar, 16.8 or $15,120, making a total of $54,620.

Theo. Tobish, Trenton, cold water gas tar, 15.4 or $38,500, hot water gas tar, 16.4 or $14,760, making a total of $53,260.

These figures include the application of the tar and the Theodore Tobish Company of Trenton was awarded the contract.

Trolley Tangle Settled

The trolley tracks of the Transit Company north of Garden street and west of King street, have been under consideration for some time the trolley company being anxious to get the matter settled so that they can complete the sale to the Public Service. The latter is now running buses between Moorestown and Burlington, via Mount Holly.

According to the terms of a resolution adopted by the Board of Freeholders and which is said to be

100 YEARS OLD

Burlington Centenarian Offers No Special Recipe for Longevity

One hundred years old last Friday, Mrs. Kate McDoran, better known as "Aunt Kate," was guest of honor at a special chicken dinner served at the Burlington County Home for Aged Women, East Union and York streets, in celebration of the event. Gifts of flowers, fruit and candy were showered upon "Aunt Kate."

Although she is growing feeble, "Aunt Kate" is still able to read and to knit and join the other residents of the Home in the dining-room at least once each day. Unlike most centenarians, "Aunt Kate" offers no special recipe for longevity.

Palmyra I. O. O. F. In Big Meeting

Representatives of Twenty-five Lodges Attend Degree Demonstration

On Wednesday evening of last week, February 9th, the largest gathering of Odd Fellows ever witnessed in Palmyra were present at the Degree Demonstration held in P. O. S. of A. Hall, Palmyra. Over two hundred members of the Order representing twenty-five lodges from four states saw Cinnaminson Lodge exemplify the Degree of Friendship and Amity Lodge of Merchantville the Degree of Love or Second Degree.

Following the degree work, the visitors and members were seated to a splendid repast as prepared and splendidly catered by the Ladies Auxiliary of Cinnaminson Lodge. At this time Joseph Seel as toastmaster welcomed the visitors and introduced Clinton O. Fogg, Grand Master of the State of New Jersey.

Brother Fogg highly commended the work of the degree teams as well as the true spirit of fraternity which was very evident during the evening and manifested by the co-ordination and co-operation of the lodges of Burlington County.

Charles W. Letzgers, Deputy Grand Master, was the next speaker and urged the members of the order to carry out and broadcast the principles of the order in their everyday walks of life. He closed his talk with several humorous sketches from life which were greatly enjoyed by the members present.

The next speaker was none other than William McConnell, a former resident of Palmyra, but now residing in Merchantville. He holds the office of District Deputy Grand Master and is making a grand success as is attested by this evening's great success, his first big venture since his appointment. He highly lauded the co-operation of the lodges in his district in making the success possible as well as the Auxiliary in their noble work for Odd Fellowship. A rising vote of thanks was given them. A short period of entertainment followed as the hour was then very late.

BASKETBALL

Palmyra Will Play Haddon Heights at Home Friday

Haddon Heights will play at the Palmyra High School gym, Friday evening, February 18. There will be a dance after the game. The music will be furnished by the "Vagabonds." The admission of 35 cents includes entrance to the dance floor.

Palmyra will enter the Penn Tournament, starting February 26. The locals are also in the South Jersey Tournament for Class B honors. Burlington and Moorestown will be Palmyra's hardest opponents in these battles.

Because of changes in the date of the Burlington and Temple games and because of the Penn and South Jersey Class B Tournament, into both of which Palmyra has entered the following are the correct and final dates for the boys and girls basketball games at P. H. S.

Revised schedule for Boys:

Feb. 18 Haddon Heights, Home, 8 p. m. (Dance after game).
Feb. 22 Burlington, Away, 8 p. m. (Dance after game).
Feb. 26 Penn Tournament, Away
Mar. 1 Temple, Home 8 p. m.
Mar. 4 South Jersey Tournament Away.

Don't forget the "Vagabonds" will furnish the music for the dance after Friday night's game with Haddon Heights. Tickets are 35c and include admission to the dance.

Remaining dates on Girls Basketball schedule:

Feb. 25 Burlington, away, at 7.30
Mar. 4 Swedesboro, home, at 3.30
Mar. 11 Collingswood, home at 3.30.

INTRODUCE "MARY ANN"

We take pleasure in introducing to the theatre-goers of Palmyra Mary Ann, who takes the leading lady role in "The Blossoming of Mary Ann," the comedy to be given by the Senior Class of the Palmyra High School on March 25 and 26. Mary Ann buds forth, capturing the hearts of all present, as she develops from a demure, forgotten, little countrymaid, to the belle of the party. This part played by Gladys Booth is one of the many amusing characters that make up the cast for "The Blossoming of Mary Ann."

Playing opposite Mary Ann we have Dickie Stanhope, who wins Mary Ann much to the chagrin of Billy Barclay, one of New York's "400." The parts are filled by Bruce Beahn and Ted Hudson.

The cast under the able direction of Miss Lodge, is determined to make "The Blossoming of Mary Ann," one of the best plays produced at Palmyra High School.

SCOUT DISPLAYS

Palmyra Boys Exhibit Handicraft in Store Windows

The Boy Scouts of Palmyra have a fine display in the window of the Walter D. Lamon Company. The Troop that meets in the M. E. Church have here exhibited the various wood knots, bird wings, moccasins, bird houses, the different kinds of tree bark and what not in the scout line.

The Crow Patrol has its display in L. G. Rogers' window. This showing also contains bird houses, knots, small pieces of furniture and several other articles made and carved by this patrol.

This is another exhibit in Buehl's side window. Here the scouts have two large bow and arrows, little houses, flags and other numerous articles made and collected by their members. Many people can be seen stopping and looking at the fine works that the boy scouts of Palmyra have gathered. The exhibits are interesting; stop and see them.

ASBURY NOTES

James Hirst, of Frankford, and Mr. and Mrs. Francis P. Sievers and son, Eugene, of 3318 N. Howard street, were Sunday visitors at the home of Mrs. Thornton Southwick.

The interior of the Asbury M. E. Church is being painted, so there will be no services until further notice. The painting is being done by Herbert Parsons, of Palmyra.

Thornton Southwick, Ada, Helen and Williard Southwick attended the Cambridge Union Mission on Sunday. There were seventy-one present at the Sunday School.

Extra Period Wins for Holly

Palmyra Leads All the Way Till Closing Minutes of Play

Palmyra led Burlington-Mt. Holly 33-31 till within a few seconds of the end of their game at Palmyra Saturday night when a field goal by Foster evened the matters at 33 all. Jack Eisley then sent Palmyra into the lead with a basket and Davis added a foul toss, making the score 36 to 33.

During the extra period, George Arenz dropped in two field goals and a foul toss for five points which brought the count to 38 to 36 in favor of Burlington-Mt. Holly.

Eisley was again high scorer for his team making four field goals and three of three fouls for 11 points. Shultz tallied two and four while Davis sank 9 of 11 tosses from the complimentary mark. Arenz made 14 points for his team while Foster accounted for 11 and Gilbert 10 for the winners.

Reserves Lose

Miller and Burke each made eight points apiece as the Palmyra Reserves dropped a 30-22 decision to the Burlington-Mt. Holly second combination. Miller had three field goals and two of three fouls while Burke sank 8 of his 10 free tosses. Conway and Lytle each made a double-decker from the playing field.

Enskat led the way for the Burlington-Mt. Holly Reserve team with a dozen markers. Roberts added nine points as Reamer dropped in seven.

Tonight Palmyra will battle the Burlington-Mt. Holly team again, this time at Mt. Holly. Saturday night, Moorestown, the first half "champs" will play at Palmyra.

Marlton Victor

Marlton came through with a win over the Palmyra team at Marlton Friday night, score, 41-26. Palmyra was handicapped because they were without the valuable services of Jack Eisley, high scorer, and Kalinowski, star guard.

Shultz was high man for Palmyra with three field goals and four of six fouls for ten points as Burke, the "iron-man," made three and one for seven markers.

O'Neill led the Marlton team in scoring with 17 points. Barrett was next with 12, and then came Briggs with nine.

The Marlton Reserves beat out the Palmyra Reserves by a two point margin, 21-19. The winners led at intermission 7 to 6. Conway sank four from the field and five of seven fouls for an "unlucky 13." Burke made Palmyra's other field goal. "Al" Werner and "Harry" Young, of Riverside, made their debut with the Palmyra team and displayed a good brand of basketball.

Evans a Star

Evans made three of Marlton's seven field goals as Stow, Sheridan, Morrisson and Wills each counted a two-pointer.

Kalinowski Leads

Captain "Vince" Kalinowski had a perfect eye on the basket in the other game played in the Palmyra gym last Friday night. He scored four field goals and four of four free tosses for an even dozen points as his team-mates whipped Paulsboro 36 to 13.

Jack Eisley made three double-deckers and four of six fouls for ten markers. Hennessey, at center, parted the cords for a pair of field goals and three of five charity tosses for seven points while West made one and one. Palmyra led at half time 15-6 and continued its scoring during the second twenty minutes, making 11 goals from the field and 14 of 20 fouls while Paulsboro was held to three twin-pointers, one apiece going to Kuenzler, Stewart and Geston. McCaffrey and Dibb each made one of three fouls while Slack was held scoreless.

BOARD OF HEALTH ORGANIZES

The Riverton Board of Health organized Thursday night of last week by electing William H. Baker, Jr., president; Dr. Harry L. Rogers, secretary and Dr. H. B. Mark, sanitary inspector. The other members of the board are Mrs. E. K. Merrill, Mrs. Charles Yost and Harry Brunt who was appointed by the Mayor at the last meeting of council.

New Religion of Brotherhood Grows

Nine Countries Have Organizations; Proves Important Religious Movement

The remarkable growth in this country and Europe of the comparatively new religion of brotherhood, funded by Baha'u'llah in Persia eighty years ago, is graphically presented in the first annual Baha'i Year Book, which shows that sixty-nine cities of the United States and Canada have assemblies or groups of believers in that faith.

Great Britain, Germany, Egypt, Persia, Turkey and India are among the nine countries which have Baha'i organizations, while local centers also exist in the larger cities of Europe, Africa, Australia and the Far East.

The year book is the first attempt of its kind to present in comprehensive form an international summary of Baha'i activities and is published under the direction of the American National Spiritual Assembly, the central administrative committee of the Baha'is of the United States and Canada. Horace Holley, of New York, one of the editors of the book, points out that the facts presented warrant the claim that this movement should now be recognized as an independent religion and no mere sect or offshot of the Muslim faith.

It is shown that sixty books and pamphlets have already been published in the United States alone under Baha'i auspices, other listrecording the literature available in French, German, Persian, Arabic Urdu, and Turkish. One pocket-size manual has been issued in eleven languages, including Chinese.

The volume opens with a statement of the purpose and principles of the Baha'i faith and an outline of its history. The article points out that the Baha'i religion goes hand in hand with the spiritual needs of an industrial civilization and basing the individual's true religious experience squarely upon loyalty to his fellowmen, through proficiency in his trade, art or profession.

The teachings further claim that the essential spirit and purpose of all religions, to promote cooperation and make possible a united humanity, is identical and that the time has come to do away with sectarian race, class and nationalistic prejudice.

Other contents of the Baha' Year Book includes articles on the Baha'i temple at Ishquabad, in southern Russia, and the work done so far on the temple at Wilmette Illinois, where American believers hold title to land of an estimated value of half a million dollars; also articles explaining the Baha'i view on such current topics as religious unity, science and religion, racial amity, equality of men and women Esperanto and world peace.

What prominent persons who have studied this new religion think of its tenets, is given at length in a series of excerpts from current books and magazine articles. Professor Jewett, of Oxford, is quoted as thinking that this might prove to be the most important religious movement since the founding of Christianity.

PHS GIRLS WIN

Helen Enskat Scores Eleven Goals From the Field

Miss Helen Enskat's 11 field goals and half-dozen foul tosses enabled Palmyra High School's sextet to trounce the Paulsboro High School girls at Palmyra, Friday night, 45 to 11. Miss Margaret Jenkins was credited with eight baskets and one free shot. The wonderful teamwork of Young, Rohland, Sipple and Kersey also featured in the easy triumph.

Miss Fitzgerald tallied three times for her team while Miss Stanley made two from the field and one of three fouls for Paulsboro's other five markers.

Paulsboro High The Misses		Palmyra High The Misses
Stanley	forward	Enskat
Fitzgerald	forward	Jenkins
Schuman	center	Young
Sullivan	side centre	Rohland
Ritenhouse	guard	Sipple
Wagner	guard	Kersey

Field goals—Stanley 2; Enskat 11; Fitzgerald 3; Jenkins 8.

Foul goals—Stanley 1-3; Enskat, 6-7; Jenkins 1-2.

It doesn't seem possible, when one looks at great-grandmother's portrait at eighteen and then looks at daughter, same age, that it costs more to dress 'em now than it did then.—Los Angeles Times.

MANY BIDDERS FOR COUNTY ROAD CONTRACTS

(Continued from First Page)

agreeable to the Northampton Township Committee, the Board will in the future maintain nine feet on either side of an imaginary center line in these streets as a county road, while the township will be called upon to take care of the additional space lying between the county road and the curb line. These streets have always been maintained by the county and trolley company, the latter looking after that space between its tracks and eighteen inches on the outside of the rail, the balance of the street's width being the township's share.

It is not known just how the tracks will be disposed of, but it was originally intended to cover them over with asphalt and this will probably be done until permanent improvement of the streets mentioned becomes necessary.

Will Ask More State Aid

A report was made by Director of Roads Stout in connection with the proposed Bordentown-Chesterfield road. He declared that this road should be permanently improved for its entire length. It is estimated that the road will cost about $73,000 or about $17,000 a mile, and he felt that due to the fact that it was a connecting link to the seashore that the State Highway Commission would probably increase the allotment from the state vehicular funds. The county has appropriated $25,000 for this road and with a little help from the state no doubt this road will be built in the near future.

Parker Wants New Car

At the afternoon session Director Russ reported that Detective Parker had asked for a new car—Buick preferred. The director thought, however, that the detective might get along with a Dodge. Freeholder Fisher said that Parker's Ford had been reconditioned some time ago and used but very little since. He thought that it might be looked into to see whether or not a new car was a real necessity, and action on the purchase was laid over on Mr. Fisher's suggestion. It was suggested that if the Ford would answer for regular work, it might be cheaper to hire a car in emergencies than to buy a new one.

Director Russ also brought up the matter of having the trolley turnout at Cambridge repaired and brought up to grade. He pointed out that a very dangerous condition existed at this point, and the matter was referred to the solicitor to go to the mat with the Public Service.

Inspect New Offices

After the meeting adjourned the members of the board accompanied by Architect Ziegler, made an inspection of the alterations and improvements to the office and vault adjoining the court house. It was unofficially decided to accept the building.

Which official is to occupy this or that office is what is giving the Freeholders some trouble to figure out at present. It was supposed the offices would include accommodations for Judge Slaughter, County Solicitor Wells, Prosecutor Hillman, Detective Parker and two jury rooms. There is ample room for all and some to spare, so during the next few days the freeholders and prospective tenants will get together and arrange the tenants.

The old barn on the rear of the new office building owned by the county at Main and Union streets has been an eyesore for a long time. It is expected that within a reasonably short time the barn may be torn down. The board has received several offers for the lot, but it has not been decided to sell it at the present time.

Bills for the various departments were ordered paid as follows: Roads, $5,565.17; bridges, $3,601.16; finance, $2,430.27; buildings, $20,454.19, affairs, $4,753.08.

There sometimes fails to be made the distinction between free speech and cheap talk.—Portland Express

LONG DISTANCE TUNING

The year 1927-28 will be the poorest for distance radio reception since 1922, says Dr. J. H. Dellinger, chief of the radio laboratory of the Bureau of Standards, Washington. After this period reception will improve until 1933.

Dr. Dellinger bases his views on the sun spot cycle of eleven years. He says:

"The last sun spot minimum was in 1922, and it would be inferred, therefore, that radio reception was at its best then. From 1922, reception should have been progressively worse until about 1928, when conditions should improve to their best in 1933."

Child Killed in Hartford Tragedy

Truck With Long Trailer Crushes Lad and Injures Playmate

Franklin Dowl, Jr., 5-year-old son of Mr. and Mrs. Franklin Dowl, Hartford, was instantly killed Saturday when a huge truck with a long trailer attached left the road and ran across the Dowl lawn in an effort to avoid an accident.

The little boy and Dorothy Cronce 11-years-old, his playmate, were rushed to the Mount Holly hospital, where Dr. Longsdorf pronounced the lad's death as instantaneous. Little Dorothy is now confined to the institution, suffering from a broken leg and minor injuries.

The huge machine, which is used to transport light automobiles from the factory, was forced off the road when it attempted to pass two other cars.

Stephen Petercask, of Roebling avenue, Trenton, driver of the truck which took the lad's life and seriously injured his little playmate, was taken before Recorder Kingdon, Mount Holly, and placed under $2500 bail on order of Prosecutor Hillman. He was charged with technical manslaughter and was placed in the county jail in default of the bond.

John Petercask, his brother who accompanied, was arrested as a material witness and was placed under $500 bond.

State Trooper James P. MacLean, of the Moorestown sub station, made the arrests and preferred charges against the driver and his brother.

A little flapper says it doesn't matter to her whether men like blondes better than brunettes, because in one hour or more she can make up in a way to please any masculine taste.—New Orleans States.

WHAT IS WAVE LENGTH?

When the aerial of a broadcasting station radiates electrical energy, it forms a wave in the ether, which is transmitted to radio receiving sets far and near. A wave-length is the distance between the crests of two consecutive waves.

A kilocycle is 1,000 complete oscillations per second of the radiated wave. The kilocycle frequency of a station may be determined by dividing 299,820,000, the speed in meters per second of a radio wave, by the wave-length.

A watt is an electrical unit by which the power of a station is measured.

CITIZENSHIP

A good citizen supports his town and all worthy enterprises connected with it.

Such support enables the business of the town to develop and there is a general benefit resulting.

Few will deny that a good bank is an asset to a community.

A bank's value to its community is dependent to a great extent on the support accorded it by the merchants and residents.

We are doing our part by offering you an organization capable of rendering every form of banking service. Our support so far has been most gratifying.

Why not make it unanimous?

Special Notice To Autoists

How to Cut the Cost of Upkeep

Many expensive repairs are made necessary by nuts in inaccessible places working loose.

A set of Snap-On Inter-Changeable Socket Wrenches will save its cost many times over.

Be prepared for road emergencies by always carrying your Snap-On Set under the seat. The cost of one tow-in will more than pay for all the Snap-Ons you need.

Every Snap-On Socket fits every Snap-On handle and attachment. They are milled from solid bars of tough, special analysis, wrist-pin steel; non-rust nickel finish; double-heated to give unlimited service.

There is a set of Snap-On Wrenches for every standard make of car. Prices range from $5 to $10. Stop at our store and get the price on the set for your car.

Farmers, Attention

The selected Snap-On Sets for the farmer contains the correct Snap-On handles and a complete range of hexagon and square sockets for the repairs and maintenance of his motor car, truck, tractor and all of his farm machinery. This is a remarkable time and labor saver. Each $23.65.

Haywood Murderer Receives Ten Years

Defendant in Second Murder Case Acquitted, to Surprise of Court

Two murder cases were disposed of before Justice Frank T. Lloyd at the court house in Mount Holly, on Wednesday of last week. The first defendant to come before him was Charles Thompson, colored, aged twenty-nine years, of Burlington, who retracted his plea of not guilty of murdering William Haywood, of the same city, on May 31, 1926, entering in lieu stead a plea of non vult contendere to a charge of manslaughter.

After Prosecutor Hillman had given the Court an outline of the state's case, which was to the effect that Haywood had called at the Thompson house while under the influence of liquor and later two friends—Hugh McNally and Roy McGrath — stopped for him, and when Thompson remonstrated with them for taking Haywood away while he was so drunk a fight ensued and was finished at the curb in front of the home of Thompson, when McNally and McGrath threw Haywood into their car. Thompson made a lunge with a knife at one of the men on the front seat but the car was moving and he struck Haywood who was on the rear seat. Haywood died almost instantly and McNally and McGrath not knowing he was dead left him on the porch of the old Burlington House, where he was found early the next morning.

Until Thompson confessed there had been a strong case of circumstantial evidence built up against McNally and McGrath.

James Mercer Davis appeared for Thompson, stating that he had a wife and six children and that he always had borne a good character, etc., but the Court said he felt that Thompson should consider himself fortunate that he was not being tried for murder in the second degree and stating that he saw no reason why especial clemency should be shown he sentenced him to ten years in state prison.

Jury Acquits Defendant

The second murder case moved was that of the state vs. Joseph Sandor, an aged foreign resident of Roebling who in self defense inflicted a wound upon Augustus Poff who was recognized as one of Roebling's tough characters. Poff died from his injury in a Trenton hospital a few days later. The alleged murder took place in March last and Sandor has been a prisoner in the county jail ever since.

Sandor was eating his supper at his boarding house when Poff, who had just completed a ninety-day sentence in the county jail, came in and started to abuse the old man by kicking him on the shins and finished up by smashing a water pitcher over his head. Sandor, unable to stand the abuse any longer went up stairs to his room and secured his pen knife and then stabbed Poff in the breast near his heart.

George M. Hillman represented the state and Attorney Robert Peacock ably defended the prisoner.

Court Astounded at Verdict

The jury was composed of the following: Charles K. Heisler, Burlington; Ferdinand D. Rose, Burlington; Evan Stover, Riverton; Harry J. Nippins, Lumberton; Francis Morris, Burlington; Fred Dunfee, Woodland; Julius Gerber, Medford; Roxanna Atkinson, Northampton; Clifton Taylor, Palmyra; Richard Levenby, Riverton; Norman Grovatt, Willingboro, Samuel Johnson, Bordentown, and they retired about three o'clock.

At 4.30 they were still deliberating with rumors that they stood 10 to 2 for acquittal. At this time it is said, Judge Lloyd notified the jurors that he would leave in about ten minutes and if they could not arrive at a verdict he would be back at 10 o'clock the next morning.

This announcement evidently hurried the decision of the jurors and in about three minutes they announced that they had decided upon a verdict. The jury returned a verdict of "not guilty."

The judge requested the jurors to be seated, after they had rendered their verdict and then inquired:

"Do you mean to say that you do not find the defendant guilty o anything at all?"

A number of the jurors nodded in the affimative and then Judge Lloyd, with his face slightly flushed replied: "Well, if that is your decision the taking of human life in Burlington county is coming to a pretty pass. You are excused."

Short Session on Thursday

Before Judge Slaughter on Thursday the only case to receive consideration was that of Alfred Marter, nine years old, of Beverly, who was charged with stealing $7 from the home of Edward Horton.

Young Marter, who is a clean cut looking little fellow, was accompanied to the bar by his mother, and after interrogation by the Court and Prosecutor it was plain to be seen where the trouble lay, for she admitted taking joy rides at night while the boy ran the streets, she saying her mother was supposed to take care of the boy.

The Court made it plain to the mother that it was her duty to look after her wayward son and said if she didn't she might herself make the next trip to Mount Holly.

The boy was sent home for one month and if conditions do not improve he will be taken away from the indifferent mother and placed where he will receive the attention he deserves.

NEW TABLET

Bronze Memorial, for Mount Holly Bridge, Completed

A bronze tablet, inscribed with names of men from Mount Holly section who gave their lives in the World War, has been completed and is now on exhibition. The tablet is to be placed on the new Washington street bridge, Mount Holly, as a memorial to the heroes, at the request of Mount Holly Post, American Legion. The tablet will be dedicated when the weather moderates, and the Legionnaires will take a prominent part in the exercises.

The tablet is inscribed as follows: "Memorial Bridge, dedicated to the memory of Edwin A. Abbey, Carl L. Becker, Harold Karg, Thomas H. McClaren, Salvatore Lamantia, William J. MacDonald, William J. Caldwell, Warren A. VanDerveer who served in the World War and died in the service of their country."

HEADS FAMOUS CLUB

An especially posed portrait of Mrs. Peter Goelet Gerry, the former Gladys Vanderbilt and the wife of the senator from Rhode Island, who has been elected president of the Women's Congressional club in Washington. Mrs. Gerry is a popular hostess of the official circle in the national capital.

RECORD

Largest Crowd on Record at February Meeting of State Freeholders

The largest attendance that has ever been present at a meeting of the State Association of Freeholders was the record of the February gathering of the Association, held in the Mercer County Court House last week. President of the Association Charles R. Stout presided.

Members of the Legislative committee, appointed to study the question of standardizing traffic signals throughout the State, were present and discussed with the Freeholders the rater complex problem in its varying aspects.

Other subjects of interest were also discussed, among them a bill introduced by Assemblyman Powell, providing that when 300 voters petition the Board of Freeholders there shall be a referendum on the question of the establishment of county vocational school. It was the sense of the Association that the number of signers was altogether too small, and that the bill should not pass, at least in its original form.

LITERARY

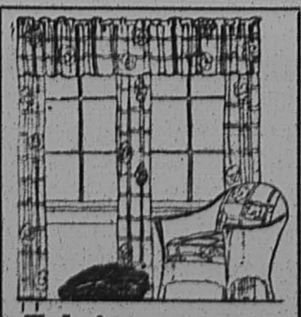

Selected Literary and Political Papers and Addresses of Woodrow Wilson. Preface by Ida Tarbell. Introduction by Ray Stannard Baker and Professor E. Dodd. 3 vols. Grosset & Dunlap. $2.

Those of us to whom America, the Constitution and the Declaration of Independence are something more than empty words—those of us who have faith in the democratic form of government, and who believe that Woodrow Wilson, whether we agree with his proposals or not also had a great faith in popular government which he endeavored to justify by practical and constructive acts—to all such people this work is of great interest.

Now at last with the appearance of this popular edition of Wilson's papers and addresses—one that includes the literary as well as the political writings—we are able to get a clear picture of the man and his ideas. We see him through the crystal-clear medium of his own prose style. And we find them dynamic, vital, immensely stimulating. We have something definite on which to base our opinion, without the intermediation of self- appointed interpreters.

This selection, beginning with the first article written while he was a student at Princeton, and ending with his last public address, shows the gradual illumination of his ideals under the buffeting of experience. Practically all the theories on government and society which he later elaborated into political proposals are evident in the earlier papers.

To judge from the publishers' statement, the occasion which has brought forth this inexpensive set is the current $50,000 Prize Essay Contest which the Woodrow Wilson Foundation of New York City is conducting on "What Woodrow Wilson Means to Me." This Contest includes both sexes between the ages of 20 and 35 and is for the best essay of 2,500 words written by one man and one woman. The publishers have brought out this set so that Wilson's writings may be readily and inexpensively accessible.

Trooper McLean A Busy Man

Many Arrests of Joyriders and Reckless Drivers Made Over Weekend

State Trooper James P. MacLean has been rushed since his assignment to the Moorestown sub station early last week.

Sunday evening he arrested a party of joy riders after they had overturned their automobile at Burlington Pike and New Albany Road. Tony Szetka, of Edmund street, Philadelphia, escaped after the accident, but his three companions, all of whom were pronounced intoxicated by Dr. Wilkinson, Moorestown, were arrested and fined by Justice of the Peace Walter C. Middleton.

The joyriders and the fines they paid follows:

Paul Terlet, Master street, Philadelphia, $5.00 and $5.00 costs; Charles Nadako, Ontario street, Philadelphia, $10.00 and $5.00 costs; Frank Pisirsky, Master street Philadelphia, $10.00 and $5.00 costs.

The machine, which was almost completely demolished, is being held for the appearance of the driver.

Camden Man Fined

Joseph L. Wilson, West Twenty-fifth street, Camden, was fined $200 and $22.60 costs by Justice of the Peace Middleton following an accident when he crashed into the rear of a large sedan driven by Thomas B. Sitzler, Florence, injuring two women.

Dr. Wilkinson pronounced Wilson a drunken driver. A gallon of liquor and a small quantity of beer was found in his coupe. Mrs. Ida Long, of Collingswood, and Mrs. Augusta Sitzler, of Camden, suffered bruises and shocks.

Trooper MacLean is also making a concerted drive against speeding buses. Last week he arrested Jobe Shinn, of Mount Holly, a driver on the Tri-State Line, on speeding charges. Shinn was fined $10 and costs at a hearing before Recorder Johnston, Mdorestown.

Guilty of Speeding

Thomas McLaughlin, Riverside and Edward H. Rowin, Germantown, drivers on the Burlington-Philadelphia route, were also found guilty of speeding. At a hearing before Justice of the Peace McCloskey at Beverly, MacLaughlin was fined $5.00 and costs and Rowin was released with a reprimand.

Alf Ensrad, of Evansville, Ill., is being held without bail by Recorder Johnston. He was arrested by Trooper MacLean, charged with operating a motor vehicle at the rate of 45 miles an hour going through Moorestown. As Ensrad drove his auto up to the police station he knocked over MacLean's motorcycle damaging the handle bars. In addition to the fine for speeding, the damages to the state's cycle, Ensrad also faces charges of not having a driver's license and improper registration for his machine.

Mary L. Gibson, colored, who has been living on the Walton farm with Albert Goodman, also colored, was arrested by MacLean and Chief of Police Bradshaw on statutory charges. Complaint was made by Overseer of the Poor Ellwood Hollingshead, Moorestown. The woman was given a special hearing before Judge Slaughter at Mount Holly and sentenced to the Clinton institution.

Again Arrested

Saturday Goodman was arrested in Camden on assault and battery charges preferred against him by the Gibson woman at the time of her apprehension. He was turned over to the Moorestown police and was held under $500 bail, with several other charges pending, by Recorder Johnston.

Anthony Pilger, Maple Shade was arrested by MacLean on charges of breaking, entering and burglary, made by Walter Tanner, Temple Building, Camden.

A search of Pilger's home revealed seven two-panel doors and a complete bathroom outfit which he was accused of stealing from an Iron Rock Park home. He was held for court hearing without bail by Justice of the Peace George Deal, of Pensauken.

The proposal to saddle a vocational training school in Burlington county has been repeatedly turned down by the Burlington county Freeholders on the score that it would involve a new expense that the county is in no position to carry.

AROUSED

H. B. Miller Low In School Bid

Edgewater Park Contractor's Estimate Under Consideration at Medford

Bids for Medford's new school building were opened and considered by the Board of Education last week.

The meeting for this purpose was held in the school building and was very largely attended. Representatives of firms from all parts of the State, and Philadelphia, who had submitted bids, and many Medford residents were present and much interest was taken in the proceedings.

After the bids were opened and read the Board of Education and the architect, Alexander Merchant of New Brunswick, held a conference in which the various bids were considered in detail. Returning to the open meeting the Board announced that they had reserved the two lowest bids for general construction, William C. Cook, of Mt Holly, $9,970 and H. B. Miller, of Edgewater Park, $99,444, and returned the other bids.

The low bid for heating, that of Harry Knecht Co., of Collingswood $11,915, was reserved.

The bid for electric wiring, of Shang Electric Co., Phila., $5,257 was reserved.

The bid for plumbing of Charles H. Leupold, of Camden, $4,794 was reserved.

The Board of Education will give further consideration to the bids reserved before awarding the contracts. The figures represent the basic bids which are subject to change because of alternate figures made possible by the specifications. There is one reason for much gratification and this is the fact that the new school building can be erected and equipped with the amount of money that has been appropriated.

$75,000 Estate

Miss Elizabeth Waln, who died at Burlington two weeks ago, left an estate estimated at about $75,000, the bulk of which goes to her nieces and nephews. Mrs. William Burr, of High street, was left $2,000. The executor is Claude Semple, an official of the Land Title and Trust Company, Philadelphia.

BACKING MRS. BLAKE

Women's County Democratic Committee Want Election Board Appointments

Members of the Burlington county Democratic Women's Club are backing Mrs. G. Blake one hundred per cent strong for appointment of the Burlington County Board of Elections. Last week they were guests of Miss Anna Martin at her home in Bordentown of their regular monthly meeting.

Mrs. Florence Jacoby, Burlington County State Committeewoman, who is prominent in the county socially and politically, was the speaker of the evening. Mrs. Jacoby's talk had to do with the bills now in Legislature, especially Senator Stevens' bill substituting the convention system of voting for the primary system.

The women are planning a card party and dance to be held in Mount Holly, Thursday, February 24.

MAPLE SHADE SCHOOL ELECTION

Alfred M. Addison, Clark W. Johnson and Effice E. Phillipino were all re-elected as members of the Board of Education for three-year terms at the annual election of the board held Tuesday night of last week.

Clara M. Stein was re-elected for a term of one year. Frank Hubler and Elwood Mittenger, candidates for places on the board polled 37 and 50 votes respectively.

All appropriations asked by the board were passed upon favorably by the voters.

State Police Drop Six in "Shakeup"

Troopers, Fired Last Week, Accused of Accepting Bribe; Hammond Resigns

In the greatest shake-up which has taken place among the state police in years, six state troopers attached to the South Jersey unit were discharged from the service last Friday.

Culminating an investigation by Captain Edward Carter into charges that roadhouse proprietors in South Jersey had been "shaken down" for "protection" against liquor law prosecution, the resignations of the six men were requested by their superior officer last week.

The resignations were immediately submitted and accepted, amounting to a dishonorable discharge for the six men men affected, with the notation on the department's records that the dismissals were "for the good of the service."

The men thus discharged are Corporal Victor West and Troopers Timothy Connelly, Edward Baer, Benjamin Ox, C. E. Smith and J. R. Waugh. The three first-named are known to almost every motorist who frequents the White Horse pike and are widely popular thruout official circles in the area which they have covered for several years. The trio has been stationed at Moorestown at different times.

It also became known that Trooper Clarence Hammond had resigned earlier in the week after a clash with Captain Carter following a refusal to ride his motorcycle. The captain told Hammond that, in view of his refusal, he believed that the resignation was in order. Hammond promptly resigned.

The incident was listed as one of insubordination, but it was made clear at the Hammonton headquarters of the State Police today that it had nothing to do with the dismissal of the other men.

An item in a Camden paper earlier said:

"Trooper James P. McClain has been assigned to the Moorestown district to replace Trooper "Doc" Hammond, recently married, who has left for Montana. Trooper McClain was formerly attached to the Port Norris district."

To Form Scout Troop

Laurel Springs Post No. 56, American Legion will organize a Boy Scout Troop in the borough. Invitations will be sent to all eligible boys.

SHORT SKIRTS LET WOMEN FIGHT FIRES UNHAMPERED

Time was when a woman going near a fire would be in danger from her trailing skirts, if not impeded by heavy petticoats.

Time was when she wore cotton stockings which would attract a flame.

Today she wears short skirts and silk stockings. And she is better prepared to fight a grass fire if necessary.

This was demonstrated when Mrs. J. Taylor Reed, Wynd ham Road, Pensauken Township, set fire to some grass while burning r u b b i s h. A neighbor screamed and the scream called all the women of the neighborhood to their back doors. They seized mats, rugs and brooms and beat out the fire before the arrival of the North Merchantville Fire Company. The firemen admitted it might have been a serious grass fire.—Community News, Merchantville.

GAS and OIL ACCESSORIES

"... because the Oakland Six is built to a degree of precision previously unknown in cars of its price"

You need not make any extended comparisons to understand why the Greater Oakland Six is so emphatically preferred by those who demand of their cars unusually long life and reliability.

The answer lies in the fundamental principle of Oakland construction—*because the Oakland Six is built to a degree of precision previously unknown in cars of its price!*

True, Oakland provides unexampled beauty and style by the use of Fisher Bodies; and an extraordinary agility, smoothness and silence by employing such advanced features as the exclusive Rubber Silenced Chassis and the Harmonic Balancer.

$1095 SEDAN

But by working to limits that once typified the hand-built car, Oakland achieves a resistence to wear and road shock that borders on the unbelievable!

You need only to talk to veteran Oakland owners to understand why the trend of fine car buying is swinging so strongly to the Greater Oakland Six.

Oakland Six, $1025 to $1295. Bodies by Fisher. All prices at factory. Easy to pay on the General Motors Time Payment Plan.

MUST CARRY INSURANCE

Workmen's Compensation Act Requires This Protection For Workmen

COMMISSION OF LABOR ASKS NEWSPAPER HELP

Trenton, N. J., Feb. 10, 1927
To the Editor:

The deplorable lack of information prevailing throughout New Jersey, with regard to laws on the statute books of the state, relative to the carrying of insurance covering an employer's legal obligations under the Workmen's Compensation Act, presents a field of activity wherein your cooperation with me as Commissioner of Labor will enable you to render very decided service to the readers of your publication, whether employer or employed.

Despite the fact that ten years ago the legislature enacted a law making it compulsory for every man, who employs another, to protect an employee who may be injured in his service, except an agricultural employer or one employing domestic help, all too frequently there is called before the Workmen's Compensation Bureau an employer, usually one doing business in a small way, who claims utter ignorance of any compulsory law and often he presents every evidence of being an honest, upright citizen. Possibly he is a young man who has been thrifty, saved his wages and ambitious to prosper. Perhaps he has gotten a wife and purchased a home, and determines to establish himself as a painter. He equips himself and possibly buys a ladder which has been used. He employs a helper and shortly a rung of this ladder breaks, the helper falls twenty, possibly thirty feet. A funeral follows. A widow appeals to the compensation Bureau, and the claim is noticed on the calendar for hearing. At this hearing the young employer learns for the first time that he has been violating the law, is in fact a law breaker, and that he not only has his own family to keep, but must provide for a widow and four or five orphans. The Bureau has no option in the matter; an award must be given and judgment is recorded against him. The maximum for such a case may be $17.00 a week for 10 years, approximately $14,000.00. The young man is unable to meet the obligation, he is forced out of business, his home it attached to meet the judgment. To the bereavement suffered by the widow and orphans, there is added deprivation and suffering through lack of finances, both for the widow's and the employer's families, together with the ruination of the hopes and prospects of the young employer.

Much of the aftermath of this situation would never have been experienced had the employer been informed of the insurance requirements. The purpose of such insurance is two-fold; to protect the sufferers, and to distribute the financial loss over the community. Insurance does do this. Insurance may be of doubtful benefit to the employer of large assets, because of the unavoidable overhead. For the small employer it is imperative, and the protection accorded him is well worth the addition to the premium to cover this overhead expense which an insurance company in common with every other business activity, has to meet.

Some employers may know, in an indefinite way, that the law requires the carrying of insurance, but they are ignorant that they are subjecting themselves to a penalty for the first offense of up to $500.00, and for a subsequent offense may be imprisoned for thirty days in addition to said fine. Such employers should be waked up to a realization of the position in which they are placing themselves.

Anything which your paper can do to bring this important subject to the attention of your readers may be of inestimable value in your community. May I not count on your sincere cooperation?

Earnestly yours,
Andrew F. McBride,
Commissioner of Labor.

Valentine Card Party

Miss Helen Shane, of Linden avenue, Riverton, entertained friends from Palmyra and Riverton at a Valentine card party Saturday evening. Those present were Mr. and Mrs. Clarence Hubbs, Mr. and Mrs. Warren Smith, Mr. and Mrs. Frank E. Chambers, Miss Eleanor Moffitt, Miss Mildred Taylor, Charles Coward, James Crawford and Dr. James Eaton.

The evening was spent in playing 500 and the winners of the prizes were Mrs. Chambers and Mr. Hubbs. Delightful refreshments were served.

Charlie Coward arrived late as usual and evoked much merriment by wearing a rainbow tinted bow tie of the vintage of the early 90's.

NEW BARBER SHOP

A new barber shop will be opened on Saturday February 5th by Otto Bauer at 406 Howard street, opposite school. Open Saturday 1 p. m. to 10 p. m. other evenings 7 p. m. to 9 p. m.—Adv.

TRIBUTE TO HOLVICK

Editor New Era:

During the early part of the week I chanced to see Paul Holvick around once more after a long illness. I thought at the time that it would only be fitting that some comment be made regarding his ability as a football player.

Paul, like many of the other local celebrities, will never again don a uniform, it is merely the passing of another local star. For many year "Tink," as he is known to his many friends, has added many points to the score of our team and through his untiring efforts has been the cause of winning a number of games.

Although he may never again be seen on the field of battle, his prowess as a player will live on. In years to come people will still talk of the wonderful runs made by our local wonder.

Though the injury you have received from football will never permit you to play again, you have played a clean hard game, and in closing it would only be right to say, "Well done thou good and faithful servant."

ROOTER.

FIREMEN'S CARD PARTY

Riverton Smoke Eaters Will Put On Series of Entertainments to Raise Funds for Uniforms

At a meeting of the active members of the Riverton Fire Company Tuesday night, it was decided by the "uniform" committee to have a stag card party for members of the Fire Company and their friends. It will be held Tuesday night, March 1st, in the firehouse.

The committee will also give a moving picture benefit at the Broadway Palace in the near future. The boys mean to work hard in order that they may have their uniforms for Decoration Day.

We need lots of help, so every one remember, when the boys have their drawings, that you will be doing your bit if you will support them. Remember these are the boys who help you, when you need them.

COMMITTEE.

CALVARY Y. M. C. A. NEWS

The meeting of the Calvary Y. M. C. A. Group held in the Methodist Church, was opened by a prayer given by Harold Foulke. The secretary's report was then given and after that the responsive ritual was read. Our leader then gave the Bible study, which was a very interesting one. The business of the evening was then talked over. After that the meeting was adjourned and we all reported to the gym.

We had a game of basketball before the main game. This game lasted for about a half hour. Then the Palmyra girls played the girls from the Epworth League teacher's institute. This game was a runaway for the Palmyra girls. They won by a large score. Then came the feature of the evening. Our Y. M. C. A. team played the men's team of the institute. This game was very exciting and very rough. It was so rough that there were three referees who all tried to referee. There was a great deal of cheering during the game, the main part coming from the Y. M. C. A. boys. The score at the end of the first half was 9-6, favor of the institute. The second half started with a new referee and with a determined Y. M. C. A. team on the floor. The Y. M. C. A. boys then proceeded to overcome the score of the first half. This was done successfully and at the end of the game the score was 13-9 favor of the Y. M. C. A. Although there was a good deal of disagreements and arguments during the evening, everybody made up and thus ended a happy evening, happy for the Y. M. C. A. boys anyhow.

DEWEES SHOWELL, Reporter.

MRS. CHARLES A. WRIGHT

Mrs. Charles A. Wright died Wednesday morning after a long illness at her home on Bank avenue.

Mrs. Wright has been well-known in Riverton for many years, and leaves her husband, three daughters and two sons: Mrs. G. Rex Showell, Mrs. R. W. Knight, Mrs. Thomas Mooney, Walter C. Wright and Arthur Wright, also one sister and a brother, Mrs. Joseph Morgan, who has made her home with her sister recently and William D. Roland, of Mount Airy.

The funeral services will be held Friday afternoon at three o'clock at her late residence, 305 Bank avenue, Riverton, conducted by Rev. A. S. Lewis. Friends may call Thursday evening. Interment will be made in Morgan cemetery, under the direction of Frank A. Snover, funeral director.

Fly Swatter Factory

Westervelt Rau, of Woodcliffe, and Charles Bailey, of Smithville have formed a partnership to manufacture an improved type of fly swatter. They have rented an upper room of the Judson Gaskill building, Mount Holly, as a factory.

RIVERTON ITEMS

The Annis Stockton Chapter, D. A. R., was entertained by Mrs. H. L. Unland Monday afternoon.

Mrs. James Lee and family, of Gloucester, and Mrs. Frank Bender, of Columbus, Ohio, visited Mrs. Paul E. Good on Saturday.

Mr. and Mrs. Charles W. Wanger announced the engagement of their daughter, Jane, to Seldon Snead, of Beverly, at a dance given at their home Saturday evening.

Mr. and Mrs. Frank McCain, of Pasadena, California; Mr. and Mrs. Edward Clyborne,, of Woodbury and Mrs. J. Hunt and daughter, of Mount Ephraim, visited Mr. and Mrs. John Nickles on Sunday.

Mr. and Mrs. John Garhart spent Sunday with Mr. and Mrs. William Marter, at Tuckerton.

Mrs. Walter K. Woolman has returned home after spending two weeks at Hibernia, Florida.

Benjamin S. Mechling and a party of friends left on Monday for a private cruise to Cuba.

Captain George M. MacMullin is visiting his parents, Mr. and Mrs. George M. MacMullin. His wife and children are visiting her father in Audubon. Captain MacMullin has been transferred from Plattsburgh to Alaska and has a three months leave of absence before he goes.

Mr. and Mrs. Lonz Eadline, of Norristown, Pa., are visiting Mrs. Hannah L. Ford on Elm avenue.

Mrs. William Rader entertained her mother from Collingswood over the weekend.

Miss Eleanor Jones, daughter of Mr. and Mrs. Elmer L. Jones, of 7th and Linden avenue, entertained about fourteen friends at a Valentine Party Monday evening.

Russell E. Johnson, formerly of C. R. Sweeney's Dodge sales and service, has opened a general repair shop in the rear of the Palmyra Garage at Broad and Morgan. Johnson is prepared to render quick and efficient service to all.

Mrs. David Huber, of Cape May, and Mrs. T. S. Fenhimore of Cape May Court House visited their sister Mrs. Ernest Chew during the past week.

School children and grown ups alike are happy with the return of John Reinhard to the Main street railroad crossing this week.

Frank Barone is back on the job again in full swing at the Riverton Electric Shoe Repair. Frank fell on the ice about a month ago and split the bone in his left arm.

Mr. and Mrs. George A. Strohbein have returned home from a month's visit to California.

Mrs. John Rennie will entertain friends at a dinner party, Friday evening, at her home on Burlington pike, after which they will witness the play "Mrs. Temple's Telegram" in Riverside, in which Miss Isobel Rennie has the leading feminine role.

Miss Isobel Rennie of Burlington pike will entertain several school chum friends from the National School of Oratory, Philadelphia, where she is a student, over the weekend.

Mrs. Rachel C. Powers, of Yonkers, New York, returned home on Thursday after spending a week as the guest of Mrs. Arthur Bowker, of Elm avenue.

Hilton M. Smith, road contractor, of Linden avenue is spending several days this week attending the annual convention of contractors being held in Atlantic City.

Mr. and Mrs. Clarence Bell announce the marriage of their son, Clarence John, to Miss Mary Johnson, of Delair, at Elkton, on November 29.

L. W. Caskey, who is traveling throughout the southern states, is now at Richmond, Va.

Miss Betty Sloan spent the weekend with relatives in Philadelphia.

Mr. and Mrs. C. A. Held, of Morton, Pa., spent last week with their daughter, Mrs. J. F. Fox, of East Riverton.

Mrs. L. W. Hamuton entertained the Monday evening card party this week

Mrs. Ross Evans, of Riverton; Mrs. Grover Fox, Mrs. Wesley Huyett and Mrs. Leon Evaul, of Palmyra, attended the card party given for the benefit of Cooper Hospital on Thursday.

Mrs. L. W. Caskey was a visitor at the home of Mrs. George Sederling on Wednesday.

Several members and friends from Palmyra and Riverton attended the card party given in Legion Hall, Burlington, on Thursday evening for the Order of the White Shrine of Jerusalem.

W. Yenney and L. W. Hampton were visitors at Wildwood on Sunday.

Mr. and Mrs. Ivis Rowland and Mr. and Mrs. James Rowland, of Canada, spent last week with Mrs. J. F. Fox.

Mr. and Mrs. Leslie Reeves entertained the Saturday Evening Pinochle Club.

Mr. and Mrs. Walter Carter entertained a large party of their friends at a Valentine party Saturday evening. After playing cards, music was furnished by the Partelow Troubadour orchestra and the guests danced until "supper" was served.

Mrs. John Holvick, who has been very ill with pneumonia, is improving.

PORCH CLUB MUSICAL

A very delightful hour was spent Tuesday, February 15th, listening to a musical program arranged by Mrs. Frank Bell, hearirman of the music section of the Porch Club. The artists included Mrs. Samuel W. Collin, Helen Scriver, Doris Duval, of Germantown, and Henry Mueller, of Palmyra.

Following is the program:

1. Concerta in G. Minor for two pianos, by Mendelssohn
   Helen Scriver, Doris Duval
2. Violin Solo
   a. Berceuse Godard
   b. Canzonetta D'Ambrosia
   Harold Mueller
3. Contralto Solo with violin obligato
   a. Nur, wer die Sehnsucht by Kent
   b. When Blossoms Come
   Mrs. Samuel W. Collin
4. Violin Solo
   a. Adoration Borowski
   a. Souvenir Drekla
5. Contralto Solo
   a. Water of Minnetonka Lieurance
   b. Thank God for a Garden Del Riego
   Mrs. Samuel W. Collin
   Violin obligato by Harold Mueleir
6. Piano
   a. The Lark Glinka
   b. Fantasie Impromptu Chopin
   Helen Schriver

"QUAINT QUEBEC" IN SONG, STORY AND MOVING PICTURE

Miss Marguerite Hubbell, of Washington, D. C., Entertains Riverton C. of C.

LECTURE AMUSING AND INSTRUCTIVE

It was an interested audience that listened to Miss Marguerite Hubbell tell of the charms of quaint Quebec in the Porch Club, Tuesday night, under the auspices of the Riverton Chamber of Commerce. Miss Hubbell illustrated her talk with lantern slides and moving picture films.

An added attraction of the evening's program was the reproduction on the victrola of several habitant songs. Miss Hubbell said in part:

"At whatever hour of the day or night, at whatever season of the year, or how ever often you approach Quebec, you will achieve a picture of such charm and beauty that it will remain in your consciousness as one of the dearest and quaintest memories of your life.

"If you approach Quebec early in the morning and from the broad St. Lawrence river, you will exclaim with Cartiere, "Que belle bec," what a beautiful peak, and picture yourself as landing with its discoverer. Or you will experience with Frontenac, as he set foot on the Qual de Roi, the surge of inspiration that made him exclaim, "What a magnificent place to found an empire." Then he proceeded to do it.

"If you come to Quebec in the evening you will see the sunset tinging the Heights with its crowning Chateau and Citadel, all those lovely colors that only the St. Lawrence country can produce. Your thoughts will fly to that other sunset when two great generals lay dead beneath the flags of their beloved countries and New France stod at the dawn of a new era, out of which this United States of America was to emerge.

"At night you will get a different picture. It will be equally real. Perhaps more so, because as the shadows thicken the realism of our somewhat prosaic age will fall away and in the uncertainty of the darkness the Quebec and Champlain and of Laval will arise and you will people it was the characters and dress it with the buildings of a former day.

"The sad and gay, the sublime and ridiculous and the noble and mean, go hand in hand in this quaint Quebec. In this little house lived Mme. de la Peltrie, who with that sweet saint Mere Marie de l'Incarnation founded the Ursuline community, that the struggling colony in New France might be tended when sick and spiritually uplifted when sad. In another the gallant Nelson, then only a young ship commander, danced with a Quebec beauty and called her "The Rose of Quebec." In another the body of the gallant Montgomery was laid after that stupid affair when Amedican and Canadian, for the last time, sought to settle their differences by an appeal to arms.

The Songs of Old French Canada

"Mr. Murray Gibbon, the noted author, has translated about thirty of the French Canadian songs. He says, 'There is a community feeling among the French Canadians, which has done more than anything else to maintain their solidarity amid disintegrating circumstances for over 300 years.'

"These songs were carried from France in the tune memories of pioneers of several hundred years ago. Today we find these songs in almost their original version or in some cases changed in text by the different life in the new country. Occasionally the rythm has been changed as they were used as songs to accompany paddling, cloth fulling or any of the routine rythmic duties of French Canadian pioneer life.

"They have a picturesque quality which is made vivid by modulation and gesture. They are the songs of the habitant behind his plow, or during the long winter evenings beside his fire; the songs of the raftsman going down stream with his logs, and the chansons of the voyageur to the rhythmic stroke of the paddle.

"These songs are a simple, sincere embodiment of Canadian life. Many of them are derived from troubadour airs, others came from the courts of France and other were writen by French Canadians themselves.

"The oldest native Canadian song is the ballad, "Cadieux Lament." A young Frenchman who expected to be attacked by the Iroquois, so he put his young wife and child in a canoe and sent them on down the Ottawa, while he stayed back to distract the attention of the war party. He died of his wounds in the forest and wrote this song on a piece of birch bark, which was afterwards found beside him in the shallow grave he had prepared for himself."

Miss Hubbell was secured by the Chamber of Commerce from the Bureau of Commercial Economics, Department of Public Instruction, Washington, D. C.

The lantern for the slides and the film projector were loaned by the Burlington County Y. M. C. A. and operated by Earl Rotenberry.

LEGION AUXILIARY

The Palmyra Legion Home will be the scene of an attractive card and tea party, Tuesday, February 22nd. Tables are arranged for bridge and 500. Members of the organization have been most zealous in their endeavors to entertain their friends with this interesting social event. Tickets may be obtained from Mrs. Theodore D'Antrechy, the president, or from any of the members.

It is planned to begin playing promptly at 2 p. m. so that our out-of-town guests may be able to stay for tea.

There will be a meeting of all community organizations in the P. O. S. of A. Hall. This is being planned for March 3. Everett Walcott, of the Rotary Club is chairman of the arrangement committees.

The Legion is giving its big annual get-together in the P. O. S. of A. Hall, Washington's birthday, at 7.30. The big social event of the community will include home talent instead of hiring entertainers.

State Commander John Grimshaw will be the principal speaker at the "Legion Success banquet."

The American Legion is staging a big entertainment early in April. This is something new and nothing like it has been seen in the Twin-Towns before. Frank Mathews is chairman of the entertainment and is keeping the big "mystery" a secret until later.

BELL—JOHNSON

Announcement has just been made of the marriage of Miss Mary Johnson, of Delair, and Clarence Bell, of Riverton.

A reception was held for the happy couple at the home of Mrs. Helen Kapus, Cinnaminson street, Sunday evening.

Many of their friends were present from Palmyra, Riverton, Riverside, Delair and Philadelphia.

COLONIAL TEA

The College Committee of the Porch Club is planning a Colonial Tea for Tuesday, February 22nd, at three o'clock. The Drama Section will contribute to the afternoon's entertainment by presenting a short play.

The members of the College Committee will appear in costume appropriate to the day Washington's birthday. It is hoped others will wear the colonial costume, also.

Miss Blair, the Visiting Nurse, will tell of her work at a meeting of the League of Women Voters Section of the Porch Club, Wednesday afternoon, February 23rd, at 2.30 This is an open meeting and the public is invited.

TARTAN LEMON CLING PEACHES are most delicious and have an excellent heavy syrup to add to the tastiness of this golden fruit. Large can 25c.

TARTAN BARTLETT PEARS are just as sweet and juicy as the day they were picked. Large can 39c.

TARTAN ROYAL ANNE CHERRIES have no equal when flavor and quality are considered. Medium can 25c.

Reroof the best way ...and the easiest way!

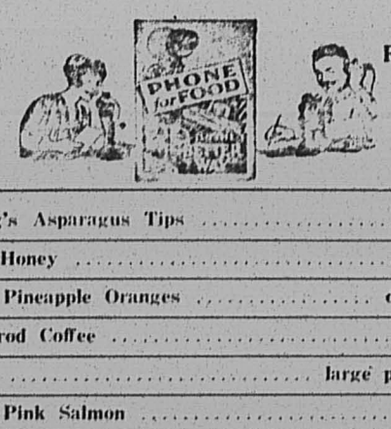

THERE'S just one sensible, economical way to reroof. Leave the old shingles right on the house—and cover them with shingles that insure you forever against another reroofing job!

You can do the job right with Carey Asbestos Shingles. Lay them over the old roof—avoid all needless expense, bother and litter. And remember—they are weather-proof, fire-proof, decay-proof! The special Carey construction of criss-crossed asbestos fibers embedded in cement insures that. Color effects of striking beauty—natural browns, slate gray, pottery red, blue-black, purple, and forest green.

And surprisingly low in cost! Ask for samples and prices.

PHS Loses Game By Single Point

State Institute for Deaf Defeats Locals By Score of 25-24

P. H. S. dropped its hardest fought and closest contest of the current season to the New Jersey State Institute for the Deaf at Palmyra Tuesday night. The final score of 25-24 shows the closeness of the contest.

The game was a see-saw affair, first one team gaining the lead and then the other tieing it up again or forging ahead. Palmyra led at half time 15-14 and were sailing along smoothly the second half when the deaf mutes got a spurt and went into the lead.

Palmyra also had the advantage when three-quarters of the game was over. They retained the lead until three minutes of the final whistle.

Eisley featured for Palmyra with five baskets and three of four fouls for 13 points. Branson dropped in a pair of double-deckers as Captain "Vince" Kalinowski made a field goal and two fouls. West tallied Palmyra's other three points via the foul goal route, sinking three of his four tosses.

Eisley bore the brunt of the burden in his usual stellar manner. Time and time again he tallied the markers that either tied the score or put Palmyra ahead. In the fading seconds of the gruelling battle Jack tried his hardest to bring victory to his team but could not account for the much coveted points.

Smith broke through the Palmyra defense and scored the winning markers for the visitors. He also tallied on four other occasions as did Correlli. Hobeman made the "Mutes" other seven points.

The Palmyra second team beat an all-star combination from Riverside by the score of 18 to 6. The visitors, managed by Cliff West were unable to penetrate the high school boys defense.

The Hengert brothers, Adam and Frank, and Mueller featured for the Palmyra II Second while Quicksall Kranz and Doughty played best for the losers. This contest was refereed by Coach Dimond.

"THE HONOR OF THE FAMILY" COMING

Plans About Completed For Big Production on Feb. 25

Last Thursday night Harry C. Sim and H. R. Bradshaw journeyed across the river to witness the initial production of St. Leo's new comedy show. From all accounts this play is deserving of high rank in the annals of amateur productions and the favorable comment in the Philadelphia papers during the past week gives it a reputation well deserved.

The cast is composed of people who have had vast experience in theatrical work of this nature, and the fact that they are booked for eighteen different performances is certainly a sure sign of their unusual ability.

It is safe to say that the people of Palmyra and Riverton have never had the opportunity of enjoying a high class comedy such as the "Honor of the Family."

The local Knights are giving their full attention to all the finest details to make the show in the Palmyra High School auditorium on Friday, February 25th, a really enjoyable one for all their friends.

POST OFFICE WINS

On Sunday night the Riverton Post Office was scheduled to play the smoke-eaters, but owing to some misunderstanding, Captain Curly Mattis was unable to get his team together. The management however, was fortunate in getting Herm Dennoler's Hayseeds, who entered the league last week to play Uncle Sam's boys. The teams were evenly matched, and the Post Office boys just won out by several points. In a match play between Dick Steedle, of the Post Office, and Captain Herm Dennoler of the "Hayseeds," Herm won out by a close score.

Next week the Post Office will play J. Millard Coldington's team, which has just entered the race. They will be known as the "Daubers." Ed Faunce and Edson Carhart are also grooming a team to enter the league. Any one who would like to get in this league, will get in touch with Howard Conover, captain of the Bankers.

CAN YOU ANSWER THESE QUESTIONS?

What device was recently invented by an American which it is claimed can be strapped to a man's shoulders so that he can fly like a bird? What was Mark Twain's most amusing lecture-platform story? What are the best current motion pictures for a young person to see? What are the most important issues before the Sixty-ninth Congress? What is the best waterproof glue to use in building model yachts.

What is the best system of attack for a boy's basketball team? How can a kitchen smock and cap be made for $1.65? How can a boy or girl win a live puppy?

These are only a few of the questions which are answered in full in ONE ISSUE of The Youth's Companion. In addition, each issue contains at least five complete stories, a Children's Page, and many other entertaining features. The Companion has been published one a week—fifty-two times in a year—for one hundred years—a record of unsurpassed in the annals of American magazine history. Subscribe now, for the greatest young people's magazine in America. Subscribers will receive:—

1. The Youth's Companion—52 weekly issues and
2. The Hundredth Anniversary Souvenir Picture "A Yard of Youth" (sent on request.)
   All for only $2.
3. Or include McCall's Magazine, the monthly authority on fashions. Both publications, only $2.50.

"Why do we grow old?" asked a scientist. Here are a few reasons among many—rent, taxes, Christmas shopping and the necessity of finding a parking place.—Toronto Star.

MORSE HAPPY

Former Palmyra Physical Instructor Now at Pensauken

F. Craig Morse, former coach at Palmyra High School, now instructor at the Pensauken Junior High School, is well satisfied with his new position. Morse says everyone is happy and contented at the institution.

The Junior High School was finished only a short time ago and now is one of the finest in South Jersey. The school was built at an estimated cost of $350,000.

Coach Morse is now enjoying a very successful season in basketball. His team has won the majority of its games to date. Morse is handicapped in sports because the school graduates twice a year. At the last graduation three of the regular varsity men of the basketball squad were graduated.

When the pupils graduate from the Junior High School they are sent to the Camden High School to finish their education.

November 6, 1926

LIONS CLUB

The Palmyra-Riverton Lions Club had a novel and enjoyable program Tuesday evening when the Club held its regular weekly meeting in the basement of the Lutheran Church.

Instead of providing the usual speaker, President Wimer and his program committee decided to call upon each member to make a speech in which the individual Lion would set forth his idea of what the club should do to promote the ideals of Lionism and maintain interest in its meetings.

The Lions proved to be full of ideas and enthusiasm. Many splendid suggestions were made as to the good that can be done in Palmyra, Riverton and Cinnaminson by a real, live service club and several worthwhile porgrams for the club meetings were outlined.

One suggestion was that a forum should be conducted at regular intervals in which the members would lecture upon their own professions, the electrician talk on electricity, the lawyer on law, etc.

The Lions Club plans to attend in a body the Inter-club meeting held by the Riverton Palmyra Rotary Club next Thursday evening in P. O. S. of A. Hall.

K. of C. NEWS

The boy work, as undertaken by the K. of C., was given much time in the last meeting of all District Deputies of New Jersey, and Mr. Floyd announced that course in "Boyology" were to be started in the near future and urged that at least six members of St. Joseph's take advantage of this opportunity and sign up for the course in this important work.

In the first of a series of talks by members of St. Joseph's on up-to-date matters or different lines of business, August Weber, the local contractor, gave a very instructive talk on the subject of "Build and Own Your Own Home." Many useful hints and suggestions were advanced by Mr. Weber as to the most practical and economical layout of a modern home. Some important advice to future home owners as to financing of a home was widely discussed.

A canvass taken of the membership of the Palmyra and Riverton Knights disclosed that 75 will make the trip to Moorestown on Thursday, February 17. Because of the unusual preparations being made by Moorestown Council the affair has attracted much attention among the local Council, and remembering the visit to St. Leo's, nobody wants to miss the Moorestown entertainment.

The Washington and Lincoln banquet, to be held in Burlington on February 22, is to be well attended by the members and friends of St. Joseph's. Grand Knight Yearly has received word from 32 members of their intention of attending this patriotic affair.

Week's Budget of K. of C. News

Games, Visit to Moorestown and Other Activties, Keep Knights Busy

Last Tuesday night, headed by Grand Knight Maguire, Bishop Newman Council of Riverside visited St. Joseph's Council in the local K. of C. headquarters and gave the boys of Palmyra and Riverton their first defeat in pocket billiards. The visitors also carried off the honors in shuffle-boards and pinochle. Al Schneider and O. Schmid pushing the ivories for the visiting team were complete masters of the situation right from the start of the game. Soon after the initial break, runs of 17 and 23 by Al Schneider and Schmid consecutively gave the visitors a lead that was never threatened by the cue artists of St. Joseph's. Final score, St. Joseph's 52, Riverside, 100.

Pinochle Score Close

Five sets of Pinochle players were kept busy the entire evening bidding for the high honors in that game. Close scores were turned in from all tables and until the final game was played neither side were sure of victory. Grand total, Riverside 1391 and St. Joseph's 1389.

The visiting shufflers had little trouble in keeping ahead of the local "disc sliders" and Riverside, with a team composed of M. Krantz, F. Rider, H. Garbe and J. Keating had things their own way through the entire game.

The only bright spot for St. Joseph's in the evening's events was the quoits, and the visitors were easily defeated by the rubber tossing experts of Palmyra and Riverton. L. Weber and T. Sotham played for the home Council, while the boys of Riverside were represented by J. Schwartz and G. Orfe.

Deputy Floyd Speaks

District Deputy Floyd was also a visitor to St. Joseph's and in a short talk to the large meeting briefly outlined some of the work the K. of C. is giving much of its attention to. The visiting officer thanked St. Joseph's Council for so promptly responding to the Supreme Council's call for help to carry on the educational propaganda in regards to the Mexican situation.

LOST PIGEON MAKES FRIENDS

One day last week a pigeon flew into the Mattis butcher shop on East Main street, Riverton. It seemed to have no fear of humans and allowed itself to be handled without protest.

It wore a leg band marked No. 232—J. R. Titus, Mounds, Illinois. For several days it has been feeding on the grain in the feed warehouse of Joseph T. Evans and spending its spare time visiting the various stores in the vicinity, where it has become quite a favorite.

Commander Evans Will Talk Here

China and American Fleet There Will Be Topic of Address

On Monday evening, February 21, at the High School auditorium, Commander J. S. Evans, U. S. N. now stationed at the Fuel Testing Plant, Philadelphia Navy Yard, will give a talk on "The Situation in China and the American Fleet in Chinese Waters." Certainly no topic could be more timely and we are fortunate indeed in being able to hear conditions stated by an observer in the Commander's position.

It will be of very great interest to see the Commander's new and remarkable reels of motion pictures. We shall see at close range, many of the conspicuous figures familiar by name in the daily news reports.

There will be no charge of admission and everyone is urged to take advantage of this opportunity to spend a most profitable and enjoyable evening.

Publicity Com.

Baseball Team For Season 1927

M. Sontheimer Elected President of Riverton Baseball Club This Year

A meeting of the Riverton baseball club was held at the home of Walter G. Miller on Friday evening, February 11, at which time the following officers were elected for the coming year:

President, Matthew Sontheimer; vice president, Walter G. Miller; secretary, Albert C. Farrow; treasurer, Walter C. Wright and manager, Martin C. Welsh.

Directors: Irving Williams, Ezra Carhart, Hudson Hallings, Herbert Evans, Edward R. Williams, William P. Lyons.

Finance Committee: William R. Lynch, Edward R. Williams, Walter G. Miller, Matthew Sontheimer and Ezra Carhart.

The meeting that followed was described by some of those present as being the most successful ever held by the organization.

Plans for the coming season were discussed and the organization is determined to place a team on the field that is capable of coping with teams from any of the adjacent communities.

WORK ON FILLING STATION DEFERRED

Sun Oil Company Plant Held Up By Weather

It was the intention of the Sun Oil Company to break ground for its new filling station at Broad and Main streets, Riverton, on Monday but operations have been deferred owing to the weather.

In an interview on Wednesday, Director of Public Safety Williams said that new traffic regulations taking care of the new situation created by the erection of this station will be formulated.

"The work of the police committee in this respect has not been completed but a strenuous effort will be made to provide as largely as possible against accidents caused by cars running out into Broad street at this point.

BEWARE OF FAKE "TREE SURGEONS"

State Forester C. P. Wilber, of the New Jersey Department of Conservation and Development, issues a warning to all tree owners to beware of a group of individuals, representing themselves as tree surgeons, who are selling some sort of a substance, which they claim will cure shade trees of all ailments by injecting it in the base. Mr. Wilber states that no such method of treating trees is recognized by experts and he is inclined to believe that it is a fraud.

Before undertaking any such treatment of trees residents of the State are urged to write to the State Forester's Office, State Office Building, Trenton, for advice from the forestry experts, who have made a special study of the situation and conditions which prevail in New Jersey.

C. of C. ELECTS

B. F. Haughton, U. S. Cast Iron Official, Again Heads Burlington Body

B. F. Haughton, vice-president and treasurer of the United States Cast Iron Pipe and Foundry Company will again head the Burlington Chamber of Commerce during the coming year. He was re-elected at an organization meeting of the board of directors in the Chamber of Commerce office last week.

Other officers elected were vice-president, John W. Davis, Edgewater Park; vice-president A. L. Severns; treasurer, J. Milton Baker. Noble Wagener was re-appointed secretary.

The board of directors is composed of B. F. Haughton, Beverly; Howard Eastwood, the Rev. John Talbot Ward, William B. Vandegrift and Elwood H. Russell.

WILLIAM M. WILLIAMS

William M. Williams, founder and first managing editor of the Merchantville Community News, succumbed at his home, 17 Locust street, Merchantville, Sunday morning.

The deceased, who was in his thirty-seventh year, had been ill for several months prior to his death. He founded the suburban periodical three years ago, but turned it over to the Merchantville Business Men's Association a year later. He was employed by the Washington Monotype Composition Company of Camden.

Williams is survived by his wife, Mrs. Gladys Williams, and three sons, George 12 years old; Walter, 10 years, and Herbert, 6 years. He was the son of George and Elizabeth Williams, of Germantown, Philadelphia.

Funeral services will be held Thursday afternoon at his late residence. Rev. Gordon R. Russell, pastor of the First Presbyterian Church of Merchantville, will officiate. Interment will be in the Ivy Hill Cemetery at Mount Airy, Philadelphia.

PALMYRA NOTES

The regular monthly business meeting and social of Friendship Circle was held Monday evening at the home of Mrs. Harry F. Baltinger on Morgan avenue. Twenty-nine members were present.

Mr. and Mrs. D. Grey Schwarz, of Parry avenue, motored to Asbury Park Sunday. Mr. Schwarz is driving a new Pontiac coach.

Mr. and Mrs. William F. Leutwyler, of Highland avenue, are being congratulated on the birth of son, February 7th.

William Rawlings is on a business trip to Nevada and California.

Miss Anna McConnell has tonsilitis.

Mr. and Mrs. John Coyle, of Ventnor, motored to Palmyra Sunday and Mrs. Harry Kemmerle, Sr., who has been spending three weeks there, returned home. Miss Mary Kemmerele returned to Ventnor with the Coyles.

Mr. and Mrs. Thomas Carroll spent the weekend in Atlantic City.

Mrs. William Powers entertained the members of the Inasmuch Bible Class at a tea last Thursday.

Mrs. C. H. Payne, of Malva, L. I., spent two days last week with Mrs. A. B. Crammer.

Mr. and Mrs. William B. Powell, Mrs. Corella Cann and Stanley Black visited their cousin, Joseph Haines, in Mount Holly on Sunday.

M. J. Flynn, of Gloucester, spent Sunday with Mr. and Mrs. William O'Donnell, of Palmyra Extension.

D. Gray Schwarz is driving a new Pontiac sedan.

Miss Verna L. Guest has just returned from a business trip to New York.

Mr. and Mrs. Francis J. Barr, of Garfield avenue, entertained Mr. and Mrs. Joseph A. Schwartz and Mr. and Mrs. William Barr, Jr., of Riverside, Monday evening.

The Misses Anna and Marguerite O'Donnell and Ann Mathews, of Moorestown, spent Sunday with Mr. and Mrs. Edman W. Thomas, of Palmyra Extension.

Mr. and Mrs. Charles H. Kern and Mr. and Mrs. John Kern spent Sunday in Atlantic City.

Edman W. Thomas, Arthur Carr and Frank Brickner attended the Automobile Show in Camden, on Friday evening.

Mr. and Mrs. Frank Brickner and family, were the guests of his sister in Rossmont, on Sunday.

Miss Bernice Horr, of 235 South Fifty-eighth Street, Philadelphia has returned to her home after spending a few days with her grandparents, Mr. and Mrs. Sol A. Romm.

Warren W. Feeney spent a few days of this week in Wildwood.

The Rev. William Erhard, his wife and mother and the ladies' of the Eden Bible Class of the First Lutheran Church gave a surprise party for Mr. and Mrs. Emanuel Keiser on their 50th wedding anniversary, Tuesday evening, February 8. The family celebrated again on Saturday, February 12. The happy couple received many nice gifts.

Bernard Dinn and John Gorman were arrested last Saturday evening for disorderly conduct at the Palmyra station. When arraigned before Justice of the Peace William L. Fichter they were given a choice of paying $10 and costs or spending 10 days in jail. The boys paid the fine and were dismissed.

The Civic Club of the Palmyra Grammar School will give a bazaar on February 26.

Alfonso Tagliatatela, our local tailor, is now making suits with his patrons furnishing the material, for $25 and up. See advertisement.

Mrs Albert St. C. Tomes is recovering from a severe attack of pleurisy.

Maurice H. Schwartz, of Easthampton, Long Island, and Joseph Schwartz, of Salem, Ohio, were Palmyra visitors Monday.

Bernard B. Schaefer of Philadelphia was a Palmyra visitor Thursday.

Mr. Robert Blackburne of Newark is visiting his sister, Mrs. Leonard R. Baker for a few days.

Mr. and Mrs. Russell Blackburne of "Lutherne," Cinnaminson avenue, are spending a few days in Lebanon, Pa.

Mr. and Mrs. Leonard R. Baker entertained at dinner, Friday evening. Covers were laid for twelve.

H. Herbert Baugh spent several days last week in Montreal, Canada, with friends from the office where he is employed.

Among the exhibitors at the First Annual Exhibition of American Block Prints, which is being held at the Print Club of Philadelphia from February 14th to 26th, is Hubert W. Logan, who is showing a block print "Sunlit Cabin."

The teachers of the Central Baptist Sunday School Primary Department meet at the home of Miss Esther Dean tonight for a conference.

The Philathea Class will hold a "mammouth food sale" in the Baptist Church on Saturday.

Charles Cook and family have moved into their new home on Washington avenue, "in the orchard."

Mary, daughter of Mr. and Mrs Robert M. Kirkpatrick, who has been very ill with pneumonia, is improving.

Miss Virginia M. Storicks celebrated her 20th birthday on Friday night in Philadelphia with dinner and a theatre party as the guest of friends.

Mrs. Tillie Storicks is slowly improving at her home on Highland avenue from injuries received in a recent fall.

The P. O. of A. will meet in the basement of the Epworth M. E. Church, Sunday evening, February 20th at 7.30 p. m., to attend the patriotic services conducted by Rev. J. Wm. Lee.

A very unique luncheon, known as the "Covered Dish Luncheon" was given Tuesday by the Ladies' Auxiliary of I. O. O. F. at the home of Mrs. Eula Roach on Delaware avenue. About sixteen members were present.

Mrs. Dean H. LeFavor of Morgan avenue, entertained her mother from Philadelphia during the past week.

Miss Anna McConnell, of Parry avenue, has been confined to her bed suffering from a severe attack of tonsilitis.

Don't forget the cake sale the Legion Boys are giving this Saturday afternoon, February 19th. Two stands on Broad street.

The many friends of Clayton Weikman are glad to learn that he has fully recovered from his recent illness.

Mrs. Thomas P. Key, of Cleveland avenue, entertained relatives from Philadelphia, Wednesday.

Mr. and Mrs. Horace Wismer, of Fairview, are being congratulated upon the birth of a daughter, Thelma Shirley, on February 7th. Mr. Wismer is the son of Mr. and Mrs Samuel H. Wismer of Parry avenue.

George Ingling, of Mount Holly, spent Tuesday with Mr. and Mrs Eula Roach, of Delaware avenue.

Mr. and Mrs. James M. Wear visited Mr. John Harbourne, at his home in West Philadelphia, Sunday.

A Martha Washington Pink Tea will be given by the ladies of Shepherds of Bethlehem next Wednesday evening, February 23rd, in Collins Hall.

D. A. R.

The Annis Stocton Chapter of the D. A. R. held its monthly meeting at the home of Mrs. Lloyd Cuiland, Riverton, Monday, February 14. Seventeen members were present despite the inclement weather.

After the business meeting the members retired to the dining room where a delicious luncheon was served. The decorations consisted of hysterical and Valentine features.

The hostess was assisted in pouring by Mrs. David G. Baird, of Beverly, Past Regent, and Mrs. Joseph M. Roberts, of Riverton, Regent.

The next meeting will be held at the home of Mrs. M. Roberts, Riverton.

ORDINANCE

An Ordinance authorizing the issuance of temporary Notes to the amount of Twelve Thousand Dollars for the purpose of purchasing (a) One Triple Combination Pump, Chemical and Hose, 6 cylinder Motor Car and (b) the mounting of One 10 Gallon Tip over Type Chemical Tank with agitator and full equipment for same, also one 40 ft trussed extension ladder on American LaFrance Pumping Car now in service at Riverton, N. J.

2. That the amount of money necessary to be raised for such purpose is Twelve Thousand Dollars.

3. That such Notes shall bear interest at the rate of not more than six per cent per annum and the form and denomination and other matters in respect thereof shall be left to be determined by subsequent resolution.

4. That it is hereby determined and declared as follows:

(a) The probable period of the usefulness of such Fire Apparatus is ten years.

(b) The average assessed valuation of the taxable real property (including improvements), of such Borough of Riverton, computed upon the next preceding three valuations thereof in the manner provided in Section 12 of Chapter 252 of the Laws of 1916, and the amendments thereof and the supplements there to is $73,629.87.

(c) The net debt of the Borough of Riverton computed in the manner provided in Section 12 of Chapter 252 of the Laws of 1916 and the amendments thereof and supplements thereto is 2.62%.

(d) That the statement required by Section 12 of said Act and the amendments thereof and supplements thereto has been made by the Treasurer of said Borough of Riverton, the chief financial officer of said Borough of Riverton, and filed in the office of the Clerk thereof as required by said Act or the amendments and supplements thereto.

5. This Ordinance shall take effect upon its publication as required by law.

NOTICE

Notice is hereby given that the foregoing ordinance was introduced at a regular meeting of the Council of the Borough of Riverton held on the 10th day of February, nineteen hundred and twenty-seven, and that at a regular meeting to be held in the Council Chamber of the Borough of Riverton on the 10th day of March, nineteen hundred and twenty-seven, at the hour of 8 o'clock in the evening, the said Council will consider the final passage of said Ordinance.

By order of the Council.
Dated 2 10 27

DANIEL M. CLIFTON,
Borough Clerk

SHERIFF'S SALE

By virtue of a Writ of Fieri Facias, to me directed out of the Court of Chancery of the State of New Jersey, I will sell at Public Sale, on

THURSDAY, MARCH 17, 1927

between the hours of 12 and 5 o'clock in the afternoon of said day, (to wit, at 2 o'clock) at the Court House, Mount Holly, Burlington County, New Jersey, All that certain tract or parcel of land and premises hereinafter particularly described, situate at East Riverton, in the County of Burlington and State of New Jersey.

BEGINNING at a point in the Easterly line of South Belleview Avenue, said point being one hundred and twenty-five feet South of the Southerly line of Rowland Street and in the Southwest corner of Lot Number twenty-nine (29); extending thence Southwardly along the easterly line of said South Belleview Avenue, fifty feet in front or breadth to the Northwest corner of lot Number thirty-five (35) in section number thirteen on Plan of Charles E. Price's Extension of Riverton; thence extending eastwardly of that frontage between parallel lines at right angles to said South Belleview Avenue, twenty feet to the building line for said South Belleview Avenue; thence extending on in the said Easterly direction a further distance of one hundred and five feet, to the rear of lots numbers thirty-two (32) and thirty-four (34) in Section thirteen (13) fronting on South Warrington Avenue. Containing within said bounds a rectangular lot of land, fifty feet front on said South Belleview Avenue by one hundred and twenty-five feet deep; Being lots numbers thirty-on (31) and thirty-three (33) in Section number thirteen (13) on aforesaid plan.

Decree approximately $1969.58 besides interest, costs and fees.

Seized as the property of William H. Davis, Jr., et als., Defendants, and taken in execution at the suit of Harriet E. Benner, Complainant, and to be sold by:

A. ENGLE HAINES,
Sheriff.

Dated February 10th, A. D. 1927.

County History of 50 Years Ago

Items of Interest Published in Mount Holly Mirror, February 8, 1877

Another effort is being made to change the name of the village of Toms River. The wonder is that there should be any opposition.

Pierre Lorillard has added another farm to his place near Jobstown, that of Susan Gauntt, 130 acres at $75 an acre.

J. G. Lippincott, near Jacksonville, slaughtered five pigs five months old last week. The averaged 189 pounds.

The directors of the Mount Holly National Bank appointed Samuel two feet thick.

S. Wiley, clerk, to succeed Joseph H. Copuck, resigned.

The Toms River Courier says that Barnegat Bay has been frozen over for 62 days up to the 20th ult. and entirely closed since December 9. Ice on the flats three feet thick, and in the creeks, where the tide is not so strong.

The annual meeting of the Union Fire Company, of Mount Holly, was held at Regan's Hotel on Monday night. The finance committe reported a balance in the treasury of $63.82. The following officers were elected: President, James D. Shreve; vice-president, William C. Lippincott; secretary, Anthony Phillips; treasurer, James D. Shreve. Some 32 persons partook of a supper provided by Mr. Regan.

Uniform Text Books

At the annual county teachers' institute held in the court house, Mount Holly, three days last week, a resolution was adopted that a uniform system of text books be adopted throughout the county and that their be no change for five years. Hon. B. A. Apgar, state superintendent of education, made a strong plea for better school houses.

At a tax reform meeting held at the Arcade Hall, Mount Holly, last week, it was decided that the public is paying too much money for the support of the government. Col. J. R. Freese, leader of the organized tax reform movement, called attention to a number of public extravanganes, one of them being the school expenditures. The state school tax now averages $7.58 to the voter. Another reckless waste is extravanganees in salaries at the state house and enormous outlays for insane institutions. "It costs more," he said, "to keep our insane in the asylums than it would to board them at the Fifth avenue Hotel, New York."

Japhet Bowker, of Medford, is soon to build a mammoth barn for Elwood Evans, near Marlton. It is to be 60 by 56 feet, with 30 foot posts, probably the highest in the county.

At a tax reform meeting held at the Burlington County Agricultural Society, held in Mount Holly on Friday, it was decided to hold the annual Fair one week later than heretofore and to have it three days, the feature of the last day to be a tournament. Admission the first day will be 25 cents; 50 cents on the other two days. Isaac Fenimore of Lumberton, was elected president; Emmor Roberts, of Mount Laurel, vice-president; John B. Collins, of Mount Holly, secretary; Edward B. Jones, of Mount Holly, treasurer. The salary of the treasurer was reduced from $100 to $75; that of the secretary was undisturbed; it is $100.

February 15, 1877

The late Sarah B. Foster bequeathed $500 each to the Mount Holly Dorcas Society and to the Mount Holly Baptist Church, the bequest to the latter being for improvement of its burial ground.

The Burlington Enterprise has passed into the hands of George W. Hand, W. E. Schermerhorn, Jr., and B. F. Stiles, who will hereafter conduct the paper as the Enterprise Publishing Company. The paper has been much improved in appearance.

There are 74 inmates in the county jail at present, principally tramps. Since the 8th inst. Alderman Cook, of Burlington, alone has committed 25 tramps to prison.

Richard Harrison, living near Recklesstown, killed 28 hogs on Saturday, which averaged 619 pounds. The heaviest tipped the beam at 749 pounds. On Monday, Joseph Carter, on the Anthony Bullock farm, in the same neighborhood, killed 20 head, the average being 678 pounds; the heaviest 965 pounds. Both crops were sold at eight cents a pound.

Missionary Speaks

The Rev. D. Schereschewsky, missionary bishop to China, delivered an address on the subject of his mission at St. Mary's Church, Burlington, on Sunday afternoon.

Mitchell Fire Company, of Burlington, has reconsidered its recent action in refusing to accept a La France fire engine bought by the city, and has published explanatory and apologetic resolutions. The boys have housed the new engine and good feeling now prevails. The machine was tested on Wednesday and found to be satisfactory.

At a sale of blooded stock at the farm of Charles S. Taylor, near Burlington, last Wednesday, there was a good attendance of buyers but prices were low. The highest but prices for a horse was $160 for a colt coming two years old, sired by Brount, and was bought by Benjamin Hooper. Alderney cows sold for $20 down to $25. Of Grade Shorthorns the highest figure reached was $75 for a milking cow. The highest price for pedigreed bulls was $65. Thirty-eight pigs brought from $35 down to $3.50.

WHALE SIGHTED

Ocean City Sees "Hundred Footer" For First Time in Three Years

Ocean City has another whale in the offing, or had last week. It has been about three years since there was a similar visit. A crowd of Boardwalk strollers saw the huge mammal disporting in the surf about two miles out from North street.

The whale was sighted off the bar shortly after three o'clock by Thomas Gaskill, look-out man for the Fourth street station of the United States Coast Guards. It is believed that the whole was more than one hundred feet in length Coast guardsmen will seek to capture the whale if it appears again.

The guards are of the opinion that the whale is sick, otherwise it would not have come so close to shore.

WHAT EVERY MOTHER KNOWS — By A. B. CHAPIN

BRING BIG PRICE

Sixteen Shares of West Jersey Proprietors Sell for $51,200

Sixteen shares of the West Jersey Proprietors once owned by Daniel Coxe, of Burlington, are to be sold by the Central Trust Company, Camden, in settling the estate of Francis Lee Cooper and are expected to bring $51,200.

The shares are part of a twenty one share block sold by the West Jersey Proprietors to Benjamin B. Cooper, grandfather of Francis Lee Cooper, on June 28, 1814, the shares having been acquired from Coxe. The shares are to be divided into one-thirty-second parts and each thirty-second part is being quoted at one hundred dollars.

The Coopers have been members of the West Jersey Proprietors since the beginning of the organization. William Cooper went to Burlington in 1678 and attended the first meeting of the Proprietors. Afterwards he went to Camden. He was the first white man to settle in that place, it is said.

The Burlington division of the Proprietors have some nine members. The division meeting will take place at Burlington in April. The annual meeting of the two divisions, Burlington and Gloucester, will take place in the little office of the organization, on West Broad street, Burlington, in May. Judge Slaughter, of Mount Holly, is a member of the Burlington division.

Government Insurance

It is estimated that over ninety-five per cent of the five million men we called into service during the war took out Government insurance. The Government has already disbursed over eight hundred and fifty millions of dollars as benefits either on account of death or because of permanent disability. But it also appears that six hundred thousand of the millions who took it are now carrying such insurance either term or concerted.

The Govenment saves money by reason of the lapses but that is not the way our Government acts. President Coolidge not only appeals to those holding policies to continue them in force but he has approved a plan by which even where the policies are lapsed when normal health conditions continue, reinstatement is allowed gor those who will pay two monthly premiums. For the disabled reinstatement is allowed if they will pay the balance of premiums due. The period from January 31 to February 7 has been named for reinstatement, and the President asks the press, pulpits and all agencies to co-operate in bringing this lesson home to the veterans.—Hackensack Republican.

NEW NATIONAL WEEKLY

"Patches" Edited by Former Member of Old "North American" Staff

The multitude of readers who regretted the passing of The Philadelphia North American will be interested in the launching of "Patches," a national weekly which aims to treat news and politics in the outspokenly independent manner of that newspaper. The editor of the new periodical is Hugh Sutherland for many years Associate Editor of The North American, and his writings on current affairs will be a prominent feature in each issue. The publication and editorial offices are in the Franklin Trust Building, Philadelphia.

"Patches," as its name implies, is a periodical of critical comment on public questions and all phases of life. Its purpose is to discuss political matters with uncompromising candor, without regard to the interests of any party, group or faction to be an exponent of independent thought and progressive policies. Special departments will deal with the theatre, moving pictures, literary topics, sports and other interesting phases of existence.

While its underlying purpose is serious, the magazine will seek to entertain as well as to inform through caricatures, cartoons and satirical treatment of current events. The initial number, dated January 29th, has reached this office and gives promise that the new periodical will have a wide popular appeal among those who like free discussion and good-humored satire on public affairs and every day life.

The fellow who won't take no for an answer is greatly to be admired in a way, but sometimes he's an awful pest to have around.—Fort Wayne News-Sentinel.

LIQUOR ADVISE

According to the Mount Holly Herald liquor taken from a Burlington man was used to wash ink from a press in the Herald office and did the work effectively. We don't doubt it. We believe that it might also have cut a steel rail in two and even been used as a sand blast in cleaning the front of a stone building. Wherefore we advise all Burlington men not to buy any bootleg liquor while in Mount Holly.—Burlington Enterprise.

CHICK "GYPS"

"Beware" is Warning Issued to Poultrymen This Spring

"Beware of Baby Chick Gyps" is a warning issued to all poultrymen who are buying day chicks this spring.

Dealers in New Jersey and other states are carrying advertisements in many daily and weekly papers in this State advertising "State accredited" chicks.

The advertisements are misleading in that they lead the reader to think these chicks are from flocks that are accredited and tested by the Department of Agriculture.

A Camden paper has investigated one of these firms, and was informed that they are selling Ohio accredited chicks, claiming them to be free from white dirrahoea and tuberculosis. This statement is misleading in that it is impossible to test for tuberculosis.

Their prices are far below those charged by New Jersey breeders who are offering State certified and tested chicks at fair prices, according to the Department of Agriculture. The New Jersey standard of perfection is higher than that of any other state.

HOSPITAL REPORT

The report of the Superintendent of the Burlington County Hospital, Daisy S. Hollingshead, for the month of January, follows:

Total patients admitted during month	50
Private patients	9
Ward pay patients	11
Ward free patients	30
Operations performed	21
Remaining date of this report.	24

GRANDMA'S DELIGHT

It does not bother grandma, dear,
If things are out of place;
She'd have the house all cluttered up
To see a baby face
All wreathed in happy, little smiles
And joyous all the day;
Enjoying all the many things
With which it has to play.

She likes to see the little toys,
And playthings all around;
For where they are she always knows
Her darling will be found.
She loves the little, curly head,
And merry, twinkling eyes,
And thinks a home with children in
Is more like Paradise.

With little children on her knees,
Contented she will be;
And asks to have no greater joys
Through all eternity.
Her heart o'erflows with tender love
For every little one,
And she delights in watching them,
In all their childish fun.

Martha Shepard Lippincott.

The Old Man

He's wrinkled and gray,
He has little to say,

His neck is quite thin,
And so is his shin;

He shuffles his feet
And marks up the street;

He leans on his cane,
(He's doubled with pain)

His clothes are funny,
(He has no money)

But he goes each day
To a grave to pray;

His love is here,
Or somewhere near;

For he sits and sits,
On the tomb, and spits

And seems to wonder
If God made a blunder....

Richard Ellsworth Adams.

HONOR McLINN

Stoney Tendered Testimonial Dinner On Eve of Southern Trip

Stoney McLinn, sports editor of the Public Ledger who is well known in this section, having spoke in Palmyra, Moorestown and Riverside within the past six months, was honored by his many friends and colleagues, the sport writers, last Friday evening.

Stoney was tendered a testimonial dinner at the Adelphia Hotel, Philadelphia, on the eve of his departure on the Southern trip, when he follows the spring training activities of the various big league clubs annually.

McLinn is a member of the Philadelphia Sporting Writers' Association, was formen president of that organization, and many of the members were on hand to make the occasion a memorable one.

At a recent annual banquet of the Association, when Cobb announced he had joined the Athletics, Stoney was accorded the position of honor beside the great Ty at the speakers' table.

Wood Farm Sold

The David Wood farm, near Stevens, has been sold to Henry Wood, son of the deceased owner. It is said that he paid one hundred dollars an acre for the land. Recently an attempt was made to sell the farm at public sale, but only ninety-five dollars an acre were bid and it was withdrawn.

Sportsmen Warned of Raid on Funds

League Asserts Bills at Trenton Would "Rip Up Very Foundation of Sport"

Warning the hunters and anglers of the State that the money they contribute in license fees for fish and game propagation and protection is again threatened, the New Jersey Fish and Game Conservation League has broadcast a bulletin protesting the introduction at Trenton of Senate Bills Nos. 138 and 141. It declares that the adoption of either will repeal the law guaranteeing that the fees shall be used for fish and game purposes, and thus will clear the way for raids on them for other uses.

The bills were introduced by Senator William A. Stevens of Monmouth county, the majority leader, who is said to have been acting for Senator Emerson L. Richards of Atlantic City, the latter being out of the State. No. 138 provides without qualification for the establishment of a single State fund. No. 141 covers that ground, but has an additional section providing that special funds may be created by the unanimous vote of the state comptroller, state treasurer and the budget officers. A third bill introduced by Mr. Stevens at the same time also purposes a single state fund, but specifically exempts fish and game moneys, which under the existing laws are turned into the State treasurer and credited to the "Hunters and Anglers License Fund."

"If either 138 or 141 is passed," the league bulletin state, "it will automatically kill the law which now guarantees that the money paid by the sportsmen for fishing and hunting licenses shall be used for fish and game purposes only.

"It will open the way for diverting the money to other purposes in violation of the solemn promises made when the hunting and fishing license law was passed a dozen years ago.

The league concludes its bulletin by urging the sportsmen not to allow themselves to be deceived about the purpose of the bills and to wage vigorous warfare on them.

50 YEARS' SERVICE

Charles H. Horner, retired farmer, who recently died at his home in Masonville in his 87th year, was a member of the Board of Education of Mt. Laurel township for over a half a century, during a large part of that time serving as district clerk or president. He was a devout member and a trustee of the Masonville Methodist Church, of which he was one of the founders. He was superintendent of its Sunday School about 50 years. Mr. Horner, who was born at Rancocas, was a strict Sabbath observant and during his long life never rode in trains or other public conveyances on Sundays.

Mr. Horner was twice married, his first wife being Elizabeth Trainor Horner, and his second, who survives him, Anna Batten Horner. He was father of a large family, his surviving children being, George H. Horner, Moorestown; Budd M. Horner, Masonville; Charlotte, wife of Charles Mulford, Trenton; Lillian, wife of Walter Johnson, Pensauken; Susan, wife of Harry J. Webster, Oaklyn; Lucy, wife of Lee Renner, Camden. A brother, Joseph Horner, Centreton, and a sister, Mrs. William Vannaman, Philadelphia, also survive. There are 16 surviving grandchildren, and 10 great grandchildren.

Warn Jersey Motorists

New Jersey motorists have been given formal notice by the Pennsylvania State Highway Patrol that beginning today a rigid headlight law enforcement will begin. The patrol notified the New Jersey Highway Commission that arrests would be made for broken, glaring or defective headlights or lenses. Inspections will be made in many sections and motorists were warned to have all headlight defects corrected.

A "LASTING" SUCCESS

is every one of our shoe repair jobs, because we put conscience into all of them, combined with practical shoe knowledge of footwear anatomy. You will find that shoes repaired by us have an added comfort, because we pay attention to smoothing the lining within, as well as to improving the appearance of the shoe externally.

Sunday School Lesson

(By REV. P. B. FITZWATER, D.D., Dean of the Evening School, Moody Bible Institute of Chicago.)
(©, 1927, Western Newspaper Union.)

Lesson for February 20

SERVING IN AND THROUGH THE CHURCH.

LESSON TEXT—Matt. 5:13-16; Acts 2:42-47.

GOLDEN TEXT—We are laborers together with God.—I Cor. 3:9.

PRIMARY TOPIC—Praising God in Church.

JUNIOR TOPIC—Serving in the Church.

INTERMEDIATE AND SENIOR TOPIC—The Meaning of Church Membership.

YOUNG PEOPLE AND ADULT TOPIC—Living and Working Together in the Church.

There is an utter lack of connection between the subject chosen by the lesson committee and the passages of Scripture selected. The first exhibits the responsibilities of the subjects of the Messiah's kingdom, and the second pictures the graces which were upon the members of the primitive church. Definite recognition should be given this in our interpretation of the passages.

I. The Responsibilities of the Subjects of Messiah's Kingdom (Matt. 5:13-16).

The whole mass of mankind is shown in the Scriptures to be corrupt—the whole world in moral and spiritual darkness. It is the high privilege and solemn responsibility of the subjects of the kingdom to exert a saving and uplifting influence on the world in which they live. They are to live such lives as to purify and enlighten. This can only be done in the measure that they personally know Jesus Christ, the King, and strive to make known His glory and power to others.

1. "Ye are the salt of the earth" (v. 13).

The properties of salt are:

(1) Penetrating. This means that the disciples must not separate themselves from the world, but thrust themselves into its activities. Salt must be brought into contact with the substance to be affected by it.

(2) Purifying. The influence of the disciples of Christ is to uplift and purify.

(3) Preserving. Salt has the tendency to arrest decay. The influence of believers tends to save the world from perishing in its own vices.

2. "Ye are the light of the world" (v. 14).

Light illuminates and warms. In order to perform its mission, light must not be hidden. The city built on a hill was no doubt intended to be lit.

This world is dark and cold. Many are the pitfalls and snares set by the devil. Believers in Christ should so live that the unwary ones be kept from falling into them.

II. Characteristics of the Primitive Church (Acts 2:42-47).

The behavior of the members of the early church was as marvelous as their gifts of speaking with tongues and performing mighty miracles. It was the result of the Holy Spirit in their hearts.

1. They sought instruction from those who knew the Lord (v. 42).

This is always so. The unfailing mark of the spirit-filled believer is eagerness to receive instruction from those who have been taught by the Lord.

2. They abode in fellowship with one another (v. 42).

Spirit-filled believers have an affection for their kind.

3. They observed the memorial sacrament of Christ's death (v. 42).

Those who have entered into fellowship with Christ will faithfully observe this memorial.

4. They continued in prayer (v. 42).

A sure mark of the spirit-filled believer is a life of prayer.

5. They were together (v. 44).

This unity was the result of their having been baptized into the one body of which Christ is head (I Cor. 12:13).

6. They had a community of goods (vv. 44, 45).

They sold their possessions and distributed them to all men as they had need. This proves that they were under the power of the supernatural. It is not a natural thing for one to abandon his title to earthly possessions.

7. They were filled with gladness and singleness of heart (v. 46).

Those who are really born from above are filled with great joy and will devote themselves to the doing of good to others.

8. Praising God and having favor with all the people (v. 47).

Such unselfishness gained the attention of the people and induced them to yield themselves to God and such as were being saved were added unto them.

Fullness of the Spirit

God cannot give fullness of the Spirit to him who does not have such fullness of trust as to yield his life to Him.—Echoes.

Self-Will

The queer thing about self-will is that it kills the very thing its wants—freedom.—Southern Methodist.

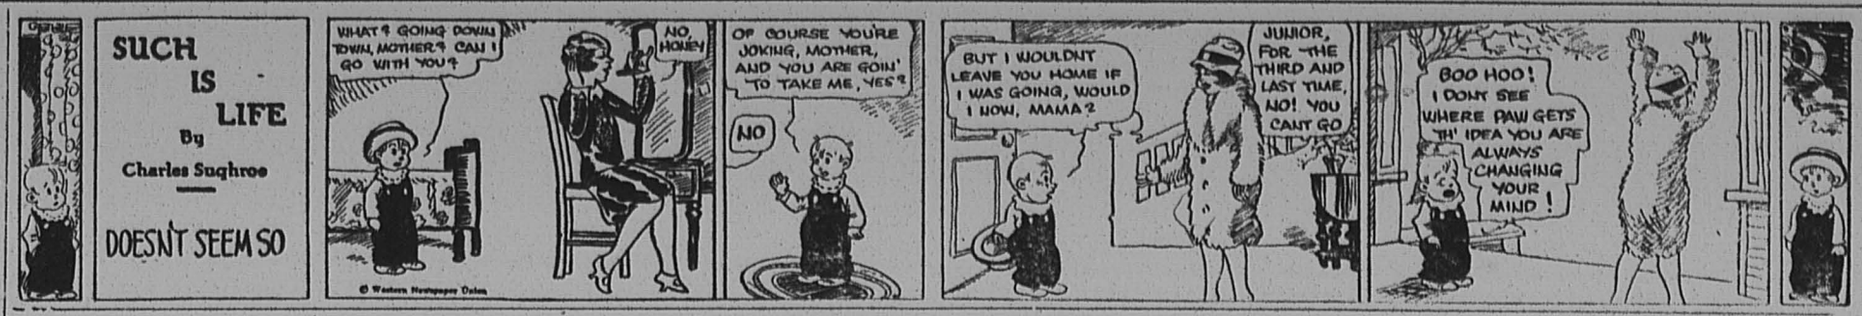

Christ Opens the Door

Christ opens the only door for the ascent of man.—Southern Methodist.

The Philosopher

He seemed so thoughtful
As he drove his plough along,
And at sudden interval
There came a burst of song....
You would have thought he knew of things
More deep than turning sod —
But then I learned he did have wings,
For his work I found was his god.

Richard Ellsworth Adams.

SMALL VOTES

Medford School Election Attracts Little Interest

The annual school election in Medford attracted very little interest. Only twenty-one votes were cast.

The following were elected members of the Board of Education for three years—F. Litell Branin, L. Allen Westcott, Albert H. Forsythe; one year, unexpired term of the Rev. C. W. Twing, deceased—Pemberton B. Griscom.

$17,000 for current expenses and $500 for repairs and replacements were approved. The resolution to sell at public or private sale the school building and grounds on Filbert street was also approved.

The school meeting in Evesham was a quiet affair. Forty-four votes were cast and the following were elected members of the Board of Education for three years: Dr. B. K. Brick, Isaac R. Farrow and Geo. P. Lippincott.

The appopriation of $21,000 for current expenses and $1,000 for repairs and replacements were approved.

In Shamong township a very light vote was cast. John W. Crain and Andrew Shinske were elected members of the Board of Education for three years and the appropriation of $4,500 for current expenses was approved.

NARROW ESCAPE

Car of John W. Davis Struck by Train at Burlington

John W. Davis, manufacturer and sportsman, escaped injury when his automobile was struck by the Nellie Bly Express from New York to Atlantic City, on one of Burlington's unprotected grade crossings last Friday.

He probably saved his life by stepping on the gas and partially clearing the track, the locomotive striking the rear end of the car throwing it across the street but not overturning it.

Davis suffered from bruises and shock. Eye witnesses of the crash said the express was traveling in excess of its usual speed within the city limits.

BRIDGE ACROSS EGG HARBOR BAY PLANNED

Construction Now Assured; Connecting Upper End of Ocean City With Longport Boulevard

Ralph R. Buvinger and postmaster M. Sutton, of Ocean City, have announced that they have been instructed by representatives of two investment bankers and a nationally known bridge engineering firm to proceed at once with the preliminary legal and engineering details necessary for the construction of the proposed auto bridge across the upper end of Ocean City with Great Egg Harbor Bay, connecting Longport boulevard.

It is stated that the preliminary work will be accomplished within the next few months, so that the building operations can be started and the bridge may be open for traffic in early fall.

The bridge will cut four miles out of the trip from Ocean City city hall to Atlantic City. It is expected that the bridge will have a buscale lift draw, with about one hundred feet clearance between piers and vertical clearance above high water to permit ninety-two per cent of all boats using the Inlet to pass without opening the draw.

Because of the new bridge a group of New York investors this week purchased a tract containing seventy-five lots, valued at $175,000 directly adjoining the Ocean City end of the approaches.

Another wave of reform seems to be sweeping over the country. Some folks think young men ought to go to college to study and not to play football.—Des Moines Register.

NEARLY A MILLION

Workingmen's Association Has Paid Out Huge Sums; New Series February 28

Nearly one million dollars have been paid the stockholders of the Workingmen's Co-Operative Loan Association of Moorestown since its organization and through this medium, hundreds of citizens have been able to free their homes of all encumbrances. For many others it has provided a nucleus for profitable investments.

Workingmen's, through remarkable growth and careful and conservative management, has grown to be the largest building and loan association in Burlington County and has assets over $1,500,000. Stockholders will be found not only throughout New Jersey, but in Pennsylvania, New York, Connecticut, Michigan, Wisconsin, California, Florida, Texas and Canada.

The thirty-fourth series of stock will be issued Monday, February 28. Full details of the new series will be found in an advertisement in other columns of this issue.

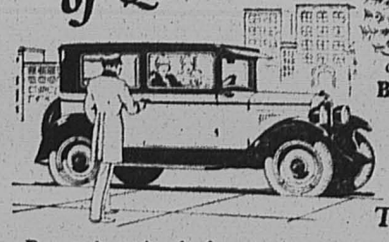

The annual election of officers and directors of the association will be held Monday, February 28. A revision of the by-laws will also be acted upon at that time. The present officers and directors follow:

Irving A. Collins, president; Gilbert Aitken, vice president; H. Fred Robinson, secretary; Howard Knight treasurer; George B. Evans, solicitor. A. L. Brock, B. W. Cooper, William E. Darnell, William B. Jones and George B. Ulmer.

If you have a good opinion of yourself, and wish others to have it, keep it to yourself.—Atchison Globe.

CHEVROLET

An Entirely New Conception of "Quality at Low Cost"

The Most Beautiful Chevrolet in Chevrolet History!

Reduced Prices!

The COACH $595

Because it carries the lowest prices ever placed on a truly fine automobile, the Most Beautiful Chevrolet brings into existence an entirely new conception of "Quality at Low Cost."

Never before at Chevrolet's amazingly reduced prices has any manufacturer provided so many fine car features, and so many mechanical improvements. These are typified by new bodies by Fisher finished in Duco colors, full-crown one-piece fenders, bullet-type lamps, AC oil filter, AC air cleaner, improved transmission, larger radiator and many, many others.

You need only to see these supremely beautiful cars to realize why all America is proclaiming them as the greatest sensation of America's greatest industry! You need only to compare them with the finest the market affords to see that they represent the biggest dollar-for-dollar value ever offered! Come in today and get a demonstration!

The Touring or Roadster	$525
The Coupe	$625
The Sedan	$695
Sport Cabriolet	$715
The Landau	$745
1-Ton Truck (Chassis Only)	$495
½-Ton Truck (Chassis Only)	$395

Electric and Gas Service Makes Homes, Old and New, Run Smoothly

Oven Heat Control Brings Success to Baking Efforts

It's a pleasure to bake when an oven heat regulator gas range is used. When planning a new home or alterations to the old, the woman in the home should insist on having one of these modern ranges. Careful mixing and good material will produce successful results each time, for the oven heat regulator measures the heat and maintains the desired temperature automatically.

A whole meal can be cooked deliciously in the heat regulated oven with little attention from the housekeeper.

Today's gas range with its enamel finish adds to the daintiness of the kitchen. It can be kept scrupulously clean with little effort. The push button top burner lighter, the utensil drawer under top burners, add to its efficiency as a cooking appliance.

Public Service will buy old cook stoves from its customers and pay liberally for them if they are replaced with oven heat regulated gas ranges. Many sizes and styles, any of which may be purchased on the easy payment plan—$1 down, a year to pay.

Heat the Garage And Save Money

Heating the garage is often neglected until the damage done by the first heavy frost confronts the car-owner. The cleanest and most convenient way to heat the garage is by gas. Automatically controlled, its cost to operate is moderate.

The Davy garage heater can be installed easily and insures comfortable winter motoring. Its initial cost is soon absorbed by the economies it effects in repairs, replacements and deterioration of the car. Gas garage heaters sold on terms as low as $19.50 a month.

In February, longings for fresh paint, gardens, frilly curtains and new equipment for the home seem, like hope, to spring eternal in the hearts of all home-loving folk.

Electricity and gas stand ready to satisfy these yearnings, to make the home-maker's dream come true. In the wake of these two comes cleanliness, efficiency, labor-saving.

Electricity is ready and able to wash and iron, to scrub the floors, to percolate the coffee, to cool the refrigerator, to light the home.

The convenience and cleanliness of gas makes it the favorite fuel for cooking — for heating water—for heating the house.

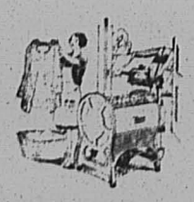

Public Service electric stations and gas holders can be relied upon to respond to any demand made upon them from the home.

Even Bad Weather Can't Delay Washday Program Now-a-days

Monday and Tuesday used to be given over to washing and ironing exclusively. With electricity and gas to aid her, the home-maker, even in unfavorable weather, can now clean up the weekly laundry, both washing and ironing, in less than a day.

The Thor electric washer works quickly and thoroughly. In its revolving-reversing cylinder the hot soapy water swirls in and out and through the fabrics, loosening and removing the dirt. There's no wear and tear on materials, because no friction is employed. Clothes can be rinsed and blued in the Thor.

Its many-position swinging wringer is, of course, electrically driven. Its rollers are of soft rubber, a protection for buttons and fasteners.

At Public Service stores the Thor washer may be purchased on the divided payment plan—$5 down, 1½ months to pay.

The Next Step Is Drying

Do you know that fine weather for washdays can be *installed* in your laundry? The gas clothes dryer dries the wash quickly. Fresh air circulates through the dryer and it is so well ventilated that clothes and linens come out as fresh and sweet-smelling as if dried outdoors.

The dryer protects fine fabrics against damage in freezing weather. It guards them from smoke and soot. It safeguards the health of the laundress.

A gas clothes dryer may be purchased of Public Service in divided payments, $5 down—a year to pay balance.

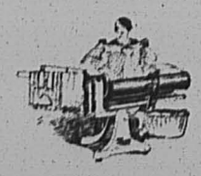

And Last Comes Ironing

Many women believe that the electric ironer may be used for flat work only. The Thor folding ironer irons everything — even the most difficult things with skill and finish equal to fine hand ironing.

The Thor rolls easily and folds into small bulk when not in use. A rack for the ironed pieces is conveniently placed at the right.

Comfortably seated at the ironer a weekly wash of average size can be ironed in an hour or two.

The Thor ironer is electrically driven and can be had electrically or gas-heated.

Five dollars down—18 months to pay are the terms upon which Public Service offers the ironer to its customers.

Savory Dishes to Tempt the Appetite

By Ada Bessie Swann

Spiced Beef Roll

2 cups left-over beef
½ tsp. salt
¼ tsp. pepper
¼ tsp. sage
¼ cup chopped onion
2 tbsp. gravy or water
1 egg
¼ cup bread or cracker crumbs

Add seasonings and liquid to ground meat; add egg and stir until thoroughly mixed. Shape into rolls; dip in slightly beaten egg, roll in crumbs and bake in a moderate oven (350 degrees) 35 minutes.

Creamed Potato Balls

¼ cup butter
2 tbsp. flour
¾ tsp. salt
1/8 tsp. white pepper
2 cups milk
6 potatoes
2 tbsp. minced parsley

Melt butter in top of double boiler; add flour and seasonings and blend until smooth. Then add milk and cook until thickened, about 20 minutes. Add cooked potato balls and reheat. Sprinkle with parsley.

French Fried Onions

6 onions
¼ cup flour
1 egg
¾ cup cracker crumbs
1 pint oil

Slice onions thinly; roll in flour, dip in egg and roll in crumbs. Fry in deep fat to a golden brown, about 3 minutes.

Monk Omelet

6 apples
1/3 cup water
Juice and grated rind of 1 lemon
1 cup sugar
2 tbsp. butter
3 eggs
1 cup sifted dry bread crumbs

Wash and cut apples into small pieces; add water, place on fire and cook until soft. Strain and while hot add sugar, butter and egg yolks. Mix well. Beat egg whites stiff, add lemon juice and grated rind; fold into first mixture, turn into buttered mold, lined with one-half cup bread crumbs. Place remaining crumbs on top and bake in a moderate oven (350 degrees) 1 hour.

Sauce

1 cup sugar
1 tbsp. flour
1 tbsp. cornstarch
½ tsp. mace
1/8 tsp. cloves
2 cups water
1 tbsp. butter
¼ cup flavoring

Sift together dry ingredients; add water and cook 10 minutes; remove from fire; add butter and flavoring.

For other unusual recipes and hints on shortcuts in housekeeping, tune in Station W A A M Tuesday and Friday mornings at 11.

Easy to Keep Foods Fresh Electrically

The home-maker who has lately invested in a fine refrigerator has perhaps been slow to take advantage of electric refrigeration, under the impression that she must buy a new cabinet.

Kelvinator (electric refrigeration) can easily be placed in any square refrigerator, and will keep it chilled every hour of the twenty-four. It can also be had complete with cabinet.

Kelvinator not only will preserve food flavor, but will improve it. Storage in Kelvinator keeps salads crisp and vegetables and meats fresh.

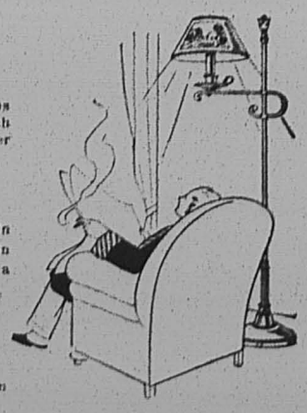

Ice for table use is made in convenient-sized cubes in Kelvinator.

Public Service has a special Kelvinator purchase plan, whereby a small sum down installs the Kelvinator seventeen months to complete payment.

Every Home Has Lamp Needs

Lamps, in design, material, and color combinations, become more intriguing each season. For lamps, like hats, blossom forth in seasons, and last year's lamp may be as out of date as last year's bonnet.

At Public Service stores, all the desired lamps of today are to be found. Adjustable reading lamps, standing on the floor, of clean cut lines, superior workmanship and finish, and topped with trim tailor-made shades.

Electric candle-sticks, suitable for serving table, hall console, chest, bookcase. Vanity lamps for the dressing table. French art is seen in some of the new metal floor lamps, with refreshingly new finials and silk shades.

Public Service stores are conducting their half-yearly clearance sale of lamps. Any lamp selected may be had at one third off its original price.

Electric Helps for "Blue" Days

No home is really a home unless it has comfort-bringing aids for off-days, tucked away in its medicine chest.

The soft pliant electric heating pad adjusts itself comfortably to the patient's needs. May be used whenever heat is recommended to soothe pain. It works on low, medium, and high heats and keeps compresses hot successfully.

Public Service stores are selling the Westinghouse Electric heating pad at $6.95 instead of $8.50 during February, or 95 cents down—$1 a month.

PUBLIC SERVICE

Cinnaminson School News

Vol. 2 FEBRUARY 10, 1927 No. 5

Time goes quickly when people are contented. We cannot realize that more than half of the school year has passed. Mid-year exams are a thing of the past now too so we can breathe deeply and freely once again. Now to make an even better record between now and June!

• • •

We have had some interesting assemblies, conducted by the upper grades. And what do you think? An orchestra has been started. The following people play violins, Carrie Haines, Helen Ziegler, Harold Schuck, William Fahner, and Carrie Morris. Anna Urion plays a mandolin and Mildred Ziegler and Kathryn Kennard, the piano. Miss Bryan bought music at Theodore Pressers, which is suitable for a childrens' orchestra. After they have practised a few weeks the members of the orchestra will play the marches for our assemblies.

• • •

We have finished two issues o our school newspaper, which we call The Cinnaminson Globe. The boys take full responsibility to see that the papers are ready for sale the last day of the month. The January copy was better than the December one because the editors have gotten the idea of making the reading matter interesting. And the boys make more speed on the typewriter now in preparing the stencils. Last month the receipts from sales amounted to nearly $7.00

• • •

The seventh and eighth grades sold subscription again this year, for the Curtis publication. Their share of the sales was $15.00. This money will be sent to the Keystone View Company, to pay for some of the slides which we are buying.

• • •

Miss Barwart, our fourth grade teacher, has gone to Atlantic City for two weeks, to recuperate after a tonsil operation. Mrs. Stanley Carty, of Riverton, is substituting for her.

• • •

The boys in the printing shop printed the tickets for the Father and Son Banquet. They also did some attendance cards and each week print a slogan. On Monday mornings these slogan cards are distributed to all the pupils and for a week everyone works for the thing which it has been suggested will help our school most. So far the cards have contained the following advice:

Speak quietly in the lunch room.

Keep the halls clean if you drop a piece of paper, pick up two.

Clean feet well before entering building.

Before Easter we will have a party in the auditorium and those who have found it hard to remember the slogans, will be asked to illustrate the slogan with a "stunt."

• • •

The lunch room is so popular that we can scarcely prepare food enough for all the children who buy hot lunches. The first year of the lunch room "experiment" the total receipts were $232.00. Last month the receipts were $306.00 So you see how the undertaking has grown in three years.

• • •

At the school board election held on the 8th, Mr. Howard Taylor, Mr. Maurice Charow and Mrs. Edward Wood were re-elected as member of the Board. The decision to build a one-room addition to the colored school was also passed.

EPISCOPAL

Christ Church, Parry Avenue
Rev. G. J. McCormack, M.A., L.Th Rector

Those who were privileged to hear Bishop Matthews last Sunday at the Confirmation Service will not soon forget the inspiration he brought to us. We congratulate most heartily the class he confirmed and welcome them to the full fellowship of the Church and the joyful privilege of Service for Christ and His Kingdom.

The service next Sunday morning is of special interest to the Group organizations and the sermon will be for their particular benefit. This is the first service for them since the movement started, and we urge their attendance in full, with as many of their recruits as possible. The Sermon topic will be "Sons of the Kingdom" Leaders please take notice!

The Woman's Auxiliary will meet on Monday afternoon, February 21, in the Parish House. Important business calls for all to attend.

The service for the Children broke all records last Sunday and the adults present were delighted with the splendid singing of the different groups. The attendance was 163.

The Rector has been asked to preach a mission at Haddonfield during the week commencing March 6th. The first week in Lent. Our own missioner has not yet been decided upon but we hope to have a very pleasant surprise in store.

The St. Agnes Guild birthday party was a very decided success, splendidly attended and thoroughly enjoyed.

A joint meeting of the Riverton and Palmyra Woman's Auxiliaries in the interests of the Mission work of the church is scheduled for the near future. Watch for full particulars.

Services Next Sunday
Holy Communion 7.30
Morning Prayer and Sermon 10.30
"Sons of The Kingdom"
Sunday School and Bible Class 2.30
Evensong and sermon 7.30
"The Society of Jesus"

Eighth in the series "The Miracles of Jesus" You are cordially welcomed.

BAPTIST CHURCH

"The Unchanging Christ" will be Pastor Lockett's Sunday morning subject. Come out and get a store of inspiration from this service.

Sunday evening, in anticipation of the observance of Washington's Birthday, the pastor will have for his topic, "Lessons from the Life of Washington."

The B. Y. P. U. service will be held at 7.00 o'clock, with Cecil Thompson's group in charge. Topic: "Problems of Daily Work." This is a topic everyone should know something about.

On Monday evening the third chain of cottage prayer meeting will be held in nine homes. Go to the meeting nearest to your home.

Thursday, February 24, is the day of the chimbb party of the Philathea Class at the home of Mrs. F. W. Rohland, 208 Cinnaminson ave nue. The hostesses for the afternoon will be Mrs. Everett Wiggins, Mrs. George Wiggins, Mrs. Alfred Giberson, Mrs. Leslie Romyes and Mrs. F. W. Rohland.

On Saturday the "mammoth food sale" of the Philathea Class will be held in the church basement. This will be in progress during both the morning and afternoon. Vegetable soup will be on sale at noon. Fish cakes, baked beans, home made bread, cakes and pies and many other delicacies also will be on the counters. Call Riverton 718 or 258 W to place any advance orders.

With memories of the delightful lunch in their minds, the men of the Berean Class are planning a dramatic evening for March 10. "Casey's Dream" is the name of the production, written by Herbert Warren and tickets are already out.

"It is all right to be content with what we have, never with what we are." Try Central Baptist Church for inspiration.

Calvary Presbyterian

Fourth St. and Lippincott Ave.

Next Sunday, February 20th, services at Calvary Presbyterian Church will be held in the church auditorium as usual: morning worship at eleven o'clock, evening worship at eight o'clock, Sunday school main school at eleven, and primary departments at 2.30, Christian Endeavor at 7.00 p. m. Every member of the congregation is urged to be present, especially as this will be the last Sunday in the old church auditorium.

Starting on Sunday, February 27th and until further notice the morning worship and the Sunday School sessions will be held in the Riverton School auditorium. There will be no evening services. Place of meeting for all other services will be announced from week to week. This change has been necessitated by the fact that the open winter has made it possible for the mason work to advance more rapidly than was anticipated, and in order to keep the building operations moving it is necessary for the congregation to find a temporary place of meeting until the Sunday School unit of the new church can be completed, when the services will be held there until alterations on the church building are finished. It is hoped that services can be held in the Sunday School building within a short time. In the meanwhile all members of the congregation are urged to show their continued loyalty by attendance of the services in the public school building. Full details will be announced next Sunday by letter to the members of the congregation.

The Golden Hour Circle will meet on Friday evening, February 18th, at eight o'clock at the home of Mrs. E. M. Perkins, 706 Thomas avenue. On the same evening the Fourth class of the Palmyra-Riverton School of Teacher Training will be held in the Methodist Church at 7.45. Teachers, leaders and parents are finding these classes both instructive and inspiring.

CHARLES T. BATES,
Minister.

MORAVIAN CHURCH NOTES

The Sunday School meets at 9.30. Last Sunday the record shows seven full classes and every officer and teacher present. The school now has twelve students enrolled in the teacher training course in Palmyra.

Morning worship at 10.45.

The evening worship at 7.30 will be an illustrated missionary lecture of Tibet, the roof of the world.

The Willing Workers will hold a Washington birthday supper next Tuesday evening between 5 and 8 in the basement of the church.

"THE HONOR OF THE FAMILY"

High-class Three-act Comedy will be presented under the auspices of

ST. JOSEPH'S COUNCIL KNIGHTS of COLUMBUS

Palmyra High School Auditorium

FRIDAY EVENING, FEBRUARY 25

at 8.15 o'clock

Adults 75c Children 35c

EPWORTH METHODIST EPISCOPAL CHURCH

Rev. J. William Lee, Minister

A fine program will be presented at the session of the Church School at 10 a. m.

The sermon topic at 11.15 a. m. will be "The Three Greatest Chapters of the Bible"

The musical program will be as follows: Prelude "Melodie" by Mathews; Processional "He Leadeth Me," Anthem "Songs Blessed Day," by Chole; Offertorie "Awakening Song," by Engelmann; Postlude "Postlude in C," by Rockwell; selection by Junior Choir, Cecil Guest leader.

Miss Pearl Coombs will address the Epworth League at 6.45 p. m.

The P. O. S. of A. will attend the evening service at 7.45 p. m. "Washington, God's Man" will be the sermon theme.

The musical numbers will be: Prelude "American Fantasie" by Victor Herbert; Processional "Tell Me The Story of Jesus"; Solo, by Mrs. D. G. Schwartz; Anthem "Recessional." Postlude "Pompo o". by Schuster.

A Nursery for children too young to attend the Church service, will be opened at 11 a. m. to take care of the little folks while the mothers attend the service. A competent lady has been engaged for this purpose. Mothers, otherwise unable to attend the Church service may bring their children to the Nursery with the assurance they will be well cared for.

The Junior Epworth League will meet at 3.45 p. m. on Friday.

A "Surprise Entertainment" under the auspices of the Women's Guild, will be given in the Temple Thursday evening, Feb. 24 at 8 o'clock. Refreshments will be served. Admission, 25 cents, children 15 cents. Proceeds to be used for welfare work.

ENTERTAINMENT

"A Book of Surprises" will be opened at the Epworth M. E. Church on Thursday evening, February 24th, at 8 o'clock p. m.

This is the first time an entertainment of this particular nature has ever been produced in either Palmyra or Riverton and a rare treat is promised. About thirty people are giving time and attention to the successful presentation of this work and the surprises in store for the people of the two towns can only be appreciated if they are seen.

While no tickets are being sold for this affair, a door fee of 25c for adults and 15c for children will be charged.

The proceeds are to be used by the Women's Guild of the Church for local charitable and relief work.

"BUCK" WEAVER HERO

Former Palmyra Teacher Tries To Save Woman From Fire

Ralph M. Weaver, former Palmyra High School teacher and formerly principal of the Conshohocken High School, now instructor in the Camden Junior High School, proved to be a hero Sunday afternoon when the clothing of Mrs. Anna Johnson, of 519 Trenton avenue, Camden, with whom he was a lodger, caught fire.

Mrs. Johnson was preparing breakfast when her skirts came into contact with the gas heater in the living room of her home. The flimsy material instantly caught fire and the flames shot upward, blinding her and singeing hair and eyebrows.

Her cries summoned Weaver, who ran from bed in his bare feet and pajamas. Johnson, her husband, a semi-invalid from rheumatism, was in the cellar and became frightened and could walk only with great pain.

Wild with pain, the woman rushed through the house, her blazing clothing leaving curtains and portiers. Johnson succeeded in grasping her for a moment with his bare hands and received severe burns before she wrenched free from his grasp.

Weaver, after a dozen futile attempts to aid the screaming woman finally succeeded by protecting his hands with newspapers and in beating out the flames. Then, giving his attention to the interior of the house, which was burning in several places, he probably averted more serious consequences by tearing down curtains and furnishings and throwing them from a window. Firemen were summoned, but Weaver had extinguished the flames before their arrival. Weaver's face was slightly burned.

Mrs. Johnson died at 1 o'clock Monday morning in the Cooper hospital. Her husband, Joseph, 54 years old, will recover, doctors say, while Weaver was not severely burned.

MISS STEEDLE ENTERTAINS

Miss Mary Steedle entertained Tuesday evening at her home in honor of Miss Eleanor Connell, of Palmyra.

The occasion was a miscellaneous shower for Miss Connell, who will be an early fall bride. Over sixty guests were present from Wynnefield, Palmyra, Riverton, Philadelphia, Camden, Westmont, Orlando, Fla., West Collingswood, Drexel Hill and Browns Mills.

Y. M. C. A.

Last Saturday night Mr. Torbert's class of Christ Church played basketball with Mr. Ashbrook's class and beat them in a fine game, score 15-2.

Tonight at 8 o'clock Mr. Torbert is going to entertain his Sunday School class at his home with a radio party.

On Saturday night the class is going on a hike and have a doggy roast.

Today's profits are yesterday's good will ripened. Vision.

Scouts and Dads in Fine Banquet

Second Annual Supper, With 110 Present, Proves Lively Affair

Yes! It is over, although the shouting is still to be heard in many places.

One hundred and ten persons, scouts, dads and friends, attended the second annual Scout and Dad Banquet served at the Lutheran Church on Wednesday evening, Feb 9, and everyone has a wonderful one.

The toastmaster, Richard E. Wilson, had many surprises in his remarks and Arthur W. Lace, of Moorestown, vice-president of the Burlington County Council, was the speaker of the evening. During ten minutes of his address' everyone was held in rapt attention and not a word of his very excellent talk was uttered by any of his auditors. Mr. Lace's work among the boys in the county is well known and has given him a message to all boys and their dads that only experience in the work teaches.

A remarkable thing was developed at the banquet and that is the many of the Dads are really good after dinner talkers. Mr. Wilson made a very serious threat when he told the boys that if the speakers did not stop in three minutes the would be expected to step out. With this dire threat pending, William Gerkins, Fred P. Crean, John Moffitt and Melville Mann very cleverly put over three minute talks of vast interest. Ralph J. Rivers, in three minutes, presented Scouting in such an excellent manner that the local board on which Mr. Rivers is chairman should have no great difficulty in collecting Palmyra's quota of the County Budget.

The singing of the evening was led by Alfred S. Vantleen and therefore was full of vim and pep and enjoyed by all.

The Rev. William Erhard asked the invocation and he too delivered a telling address in three minutes.

Frank A. Sawyer, Walter Lamson and Alfred VanGuten had the mighty hard job of selecting the winners at prizes for the best handiwork submitted by the scouts. The job was no sinecure and that it was well done was attested by the applause that greeted their decisions. Pactal Scout prizes were awarded the winners, the presentation there of being taken care of by C. O. Medcher with brief remarks.

Walter Poulson, a Palmyra Scout made a reputation at the first banquet as a speaker and was once more given an opportunity to show his elders what a clever speech maker he is. No one was disappointed with his wit and humor.

A couple of reels of moving pictures taken by the president of the Burlington County Council, H. M. Wall showing our Scouts in action at the Moorestown Field Day, at Camp etc., and Riverside and Delaware Scouts on parade last Memorial Day, finished very interesting and enjoyable the Second Annual Scout and Dad Banquet projected by the ladies of the Church and served very creditably by the Girl Scouts of Palmyra.

Many of the Dads were surprised that a banquet of this nature could be so enjoyable and it gave to them a different view of what the girls once ated will never be again boys.

Bird lovers report that this is a hard winter on our feathered friends. By throwing out grain seeds and crumbs the birds will be helped through the winter, to repay the kindness next summer.

8 POSTMASTERS NAMED

President Coolidge Asks Senate to Confirm Jersey Appointments

President Coolidge last Friday asked Senate confirmation of the nominations of eight New Jersey postmasters whom he had named to fill existing vacancies. The names were included in a long list of similar nominations sent in this afternoon and the Senate is expected to act upon the recommendations prior to the adjournment early next month.

As nominated by the President William C. Z. Critchley will become postmaster at Allendale; Margaret Cramer at Gloucester City, Isaac E. Bowers, at Graysville; Robert E. Brangley at Haddon Heights; Wilbert F. Brannon at Medford; Nina A. Crowell at Monmouth; Herman H. Wille at Orange, and Arthur Kingston at Phillipsburg.

P. O. S. of A.

One hundred or more men are expected to attend the church service at the Palmyra Epworth M. E. Church Sunday evening, February 20th, when Rev. J. William Lee will deliver a patriotic sermon. The members will meet in the lodge room at 7.45 o'clock sharp. Everyone is earnestly urged to be on hand for this occasion.

On Monday evening, February 21 the Camp is desirous of having one hundred and twenty-five men out to hear Prof. Edwin C. Broome, superintendent of schools in Philadelphia. A delicious luncheon will be served by the ladies of the P. O. of A.

2 Shows Tuesday
Adults 35c Children 15c

Wednesday—Beatrice Joy in "MADE FOR LOVE"
News Comedy

Four games of dart baseball was played after the regular meeting. "Izzy" Croll was captain of one of the teams and Perry Meeks captain of the other side. The two leading and heaviest hitters of the evening were Coombs and Stewart. Coombs was credited with a half dozen home runs while "Knute" made five. Grissom was close behind with two "round-trippers."

Some of the players say there are too many outs near the home run and they are afraid to shoot at the "four bagger."

PALMYRA COUNCIL

Palmyra Borough Council held a brief regular session Tuesday evening and adjourned early to meet next Monday evening at which time a hearing on the amended budget will be held.

It was decided to place two gas lights near the intersection of Walnut Street and Memorial Avenue. The new development there is much in need of illumination.

NASH
Leads the World in Motor Car Value

New Light Six De Luxe
$1085
f. o. b. factory

Beauty and Luxury without an Equal
in the whole $1000 Field

By long odds the most distinguished motor car ever introduced into the $1000 field, this Nash De Luxe Light Six is also the most remarkable performer.

Along with its notable beauty and classic body craftsmanship it has the vital superiority of a 7-bearing crankshaft motor—the ultra-modern type.

That gives you a superlative advantage over the standard 3 or 4-bearing motor in the way of matchless quietness and phenomenal smoothness thruout the full range of speed and power.

Colorfully finished in exquisite blue lacquer, with the lighter body shade contrasting smartly with the darker tone of upper body and fenders, and enhanced with a wealth of refinements and appointments it stands out as a motor car value clearly above and beyond comparison.

The attractiveness of the interior is enriched with a walnut finished instrument board and window ledges, and choice upholstery of genuine Chase Velmo Mohair Velvet.

Headlamps as well as cowl lamps are executed in the bullet design. The steering wheel is of real Circassian walnut.

There are bumpers in front and bumperettes at the rear, and a motometer surmounts the winged radiator cap. 4-wheel brakes and 5 disc wheels are also included as standard equipment within the price.

BIRTHDAY OF ROTARY CLUB

First Anniversary To Be Observed With Big Joint Service Club Meeting

REV. STEINMETZ TO BE SPEAKER OF EVENING

A year has passed since Rotary was first conceived in this vicinity, resulting in the organizing of the Palmyra-Riverton Rotary Club. In celebrating this occasion they will hold their regular weekly dinner and meeting in the P. O. S. of A. Hall and will have all the service and civic clubs in Burlington County as their guests.

It is anticipated that the evening will be the crowning event of their first year as much good is to be accomplished by such a meeting.

Of the many acceptances, Moorestown Rotary Club and the recently chartered Palmyra Lions have assented to abandon their regular meeting and attend the Anniversary Dinner of the local Club with a 100% attendance.

Steinmetz to Speak

The Chairman of the Entertainment Committee, Everett O. Wolcott of Riverton has the arrangements under his wing and has announced the speaker of the evening to be the Rev. Samuel Steinmetz, of Trenton, N. J.

Dinner will be served at 6.15 p. m. promptly during the courses of which many of the visiting Clubs, having offered, will render numbers on the program.

The 22nd Anniversary of the organization of Rotary was observed by the club on last Thursday evening. In the absence of Clinton Woolston, chairman of the Rotary Education Committee, Professor A. S. Griffith very ably acted in his behalf. "Formation of Rotary in Continents" was the topic of the Professor's outline on Rotary in which he was creditably assisted by Harry Schwering who covered Europe, Paul Van Sant, South America, and Alfred and Clem Lewis, Asia and Australia.

The speakers brought out some amazing facts in the growth of Rotary which was first organized by Paul Harris, in Chicago on February 23rd, 1905, who was the first International President.

Since that time this gigantic movement, the original idea of which was the making of personal friends from business associates, has spread throughout six continents of the world. There are now 2126 Clubs in the United States, 300 in Europe, 14 in South and Central America and 19 in Cuba, where the first new English speaking club was formed.

Many Accomplishments

In connection with the rapid development of Rotary since its inception, Professor Griffith also commented on the accomplishments.

"Selfishness is the bottom of all crime" said the Professor, and by enlarging the vision of business men toward his fellow man throughout the world this can be abated. Happiness and well being of the individual and the peace of the country depends largely upon the Rotary Spirit."

The Professor also regretted the fact that insufficient attention was paid to "character building" in our schools and colleges. He claimed that if more thought and time was devoted to such a needed asset to our education institutions, the results would be obvious.

President Dr. Charles S. Mills closed the meeting by commenting on the deplorable morals of the children of today not excepting our own community.

The Rotary Club is now planning educational talks on these subjects to which the public will be invited and urged to attend and where they can receive much enlightenment.

COLONIAL TEA

Interesting Washington Program at Porch Club Tuesday

"Ye Spirit of Ye Olden Time" was well interpreted and carried out by the College Committee of the Porch Club on Washington's Birthday. After a reception at the door by the committee, the program was opened by Mrs. Reuben F. Curry, in costume of olden times, reading a poem entitled "Colonial Days" by Jane Campbell, one of the founders of the New Century Club of Philadelphia. This poem was read originally by Mrs. Edwin Stevens, a resident of Riverton, at a colonial luncheon given in 1895 by a Penn's Club group.

Under the direction of Mrs. I. Douglas Clark, The Birthday Ball was given. Madame Bradley and her three beautiful daughters had neglected to announce their return to town, therefore had not been included in the invitations for General Washington's ball. After much fluttering and distress over the situation, Washington's elegant footman arrives with the coveted invitation. The latter winks at the pretty maid and together they dance the minuet while Madame Bradley goes to answer the note. Upon her reappearance the whole party dance the minuet in a most correct style. Mrs. Flower as Madame Bradley, Mrs. Yost as the footman, Mrs. Frederic T. Boyer, Mrs. Sargent and Miss Andrea Van Steenbergh as the beautiful daughters, Mrs. Clark as the fascinating maid created the real Colonial spirit.

The Committee headed by Mrs. William G. Porter and Mrs. Harry L. Rogers and many of the members were in old time costumes.

The refreshments were made by the cooking class of the Club under the supervision of Mrs. John E. McVaugh, the chairman. Mrs. Malcolm Dickinson poured tea.

The guest of honor at the Porch Club on Tuesday, March 1st, will be Mrs. L. V. Hubbard, President of the New Jersey State Federation of Women's Clubs. Mrs. Hubbard is a very busy woman and we will be proud to welcome her to the Riverton Porch Club. A large attendance is requested.

SNOW RESISTS ACTION OF PLOW

Borough Pavement Plow Could Make No Impression on Coating of Ice

The Riverton highway department attempted to clear the pavements of snow as usual last Sunday morning, but owing to the condition of the stuff on the pavements, which was a combination of ice, snow and hail, the plow could not remove it and the work was abandoned.

Owing to complaints made by the writer of a communication to The New Era after the last big snow, the highway department did not attempt to haul away the snow from the central section of the town this week.

The people have had a chance to try it both ways with the snow removed, and with it clogging up the highways, and can take their choice.

The road scraper was run down the gutters on Tuesday, opening them up so that water from the melting snow could run into the culverts.

Union Service Sunday Night

Mr. Hume, From India, To Address Community Service at Epworth Church

In cooperation with the Religious Work Committee of the Palmyra-Riverton YMCA Board, three churches from the area embraced by this organization will come together this coming Sunday evening, Feb. 27, for a united service. They are: the Parry Moravian Church, the Calvary Presbyterian Church of Riverton, and the Epworth M. E. Church of Palmyra.

The special significance of this combined service is the fact that Mr. Wilson M. Hume from India has been secured as the speaker. Mr. Hume, for years, has been a YMCA Secretary in Lahore and is now on furlough in this country. He has a splendid message on the part the Young Men's Christian Association has had in making Jesus Christ real to the men and boys of India he knows intimately. E. Stanley Jones, writer of that marvelous book, "The Christ of the India Road."

This union service will be held in the Epworth M. E. Church, Palmyra, at 7.45 p. m. Rev. Charles T. Bates, pastor of the Calvary Church, is Chairman of the Religious Work Committee of the YMCA Board, and it is largely through his efforts that Mr. Hume has been secured for this coming Sunday evening. Having recently heard Mr. Hume, Mr. Bates immediately began planning an opportunity to share this privilege as extensively as possible.

Mr. Hume has a splendid heritage in that on one side of his house are three generations of missionaries, and on the other side four generations. He, himself, is a graduate of Yale with high honors, and a man who has made many, many friends during his brief furlough period here in America.

Students at the Palmyra High School will welcome this opportunity to hear him again for he spoke there at the chapel service, Thursday, February 3.

Washington Kin Here

Descendant to General's Immediate Family Live in Riverton

Several descendants of the immediate family of George Washington live in Riverton and Philadelphia.

George Steptoe Washington, a merchandise broker at 24 S. Front street, Philadelphia, whose home is at 303 Main street, Riverton, heads the list. His descent is from a brother of the first President, John Augustin Washington. He has four children, Howard Alexander and William DeHertburne Washington, 2d; Mrs. William Hudson Cumpson, Lundale, Va., and Mrs. C. Lincoln Ridley, Riverton.

A cousin of the Riverton Washington, Miss Elizabeth Fisher Washington, an artist, resides at 214 S. 43d street, Philadelphia, with Mrs. Anne Washington Naulty, and Miss Martha Washington, also cousins. Mrs. Naulty's daughter, Nancy, lives with them.

Mrs. Richard Blackburn, widow of a brother of George Steptoe Washington, lives at Woodbury. Her son, George Lafayette Washington, also lives there.

Miss Elizabeth C. Washington, 2101 Spruce street, belongs to another branch of the family. The common ancestor was Lawrence Washington, George Washington's grandfather. Miss Washington's great-great-grandfather was a first cousin of the President.

LECTURE

"Through Lapland and Norway", an illustrated lecture of great value will be given in the Epworth M. E. Temple, next Thursday evening, March 3rd at 8 o'clock p. m. Dr. Michael Dorizas, Professor in Geography in the University of Pennsylvania Wharton School will conduct the lecture. In addition to this an attractive musical program will be rendered by talented musicians from the Twin Cities. Tickets, Adults 35c and children 15c are on sale at Keating's Drug store, Walter B. Lamon & Company and Buehl's Drug Store.

MARRIED SIXTY YEARS

Mr. and Mrs. Joseph Willitts, of Smithville, married sixty-three years were tendered a dinner party in honor of the unusual event last week, the affair being arranged by the children of the venerable couple. Mr. Willitts is eighty-six years of age and his wife four years his junior and both are in good health. Mr. Willitts having given up his work at the H. B. Smith Machine Company but a short time ago.

ROBERTS FOR STATE SENATOR; NEWCOMB FOR ASSEMBLYMAN

Strong Combination Pledged To Clean Government Ask Support

NEWCOMB NEW MAN; ROBERTS HAS RECORD

EMMOR ROBERTS

Sattе Senator who has announced his candidacy for re-nomination on the Republican ticket.

We have just received the following announcement:

To the Voters of Burlington County:

I hereby announce my candidacy for re-election to the State Senate.

Burlington County is a fine, big, progressive county with high standards of citizenship. In representing the county I have always acted upon that belief. I shall conduct a clean, honest, and vigorous campaign, and, if re-elected will continue to make every effort to justify your confidence.

Sincerely,

EMMOR ROBERTS

Harold B. Wells,
Campaign Manager

COMEDY SHOW COMES WITH FINE RECORD

"The Honor of the Family" Has Been Playing To Full Houses in Philadelphia

"The Honor of the Family," the high class three act comedy to be staged under the auspices of St. Joseph's Council K. of C. in the Palmyra High School auditorium on Friday evening, February 25th, is said to be the greatest laugh producing show ever presented by any local organization in the twin towns.

Packed houses at all performances given in and around Philadelphia during the past week have been reported by Mr. Redman, chairman of St. Leo's Dramatic Society and manager of this production.

The staging of this comedy is under the direct supervision of Mr. Fitzpatrick who is a coach well known in theatrical circles in Philadelphia and vicinity. His fifteen years of experience in directing professional and amateur productions is surely a high recommendation for one to see the fruits of his present endeavor.

The setting and stage decorations are in charge of Mr. Yeagle, a co-worker of Mr. Fitzpatrick.

The troupe and those connected with the show were in Palmyra last Sunday and expressed great admiration for the splendid auditorium in the high school. Final arrangements were made to place the scenery so that no hitch would occur when the time comes for the curtain to rise Friday evening.

Furnishings from the Knights headquarters will be used to make the settings attractive.

It is reported that the sale of tickets has reached a high mark and by 8.15 Friday seats will be at a premium.

So that there will be no dull moments in the entire evening, Miss Mary Steedle, soloist, with Miss Eleanor Connell at the piano will fill in the time between the acts with songs and piano selections. These two talented artists are well known in and around Palmyra and Riverton and some of the latest presentations are on the program as their part of the evening's entertainment.

MEN'S CLUB

Pastor Lockett Will Deliver Address on Lincoln

The Men's Club of First Church of Palmyra will hold its February meeting Monday evening, the 28th, in the club rooms of the Parish House.

An address on the "great emancipator" Abraham Lincoln will be delivered by the Rev. George Lockett, Pastor of the Central Baptist Church.

A splendid musical program has been arranged by Lee Mitton and the "Men's Club Quartet" consisting of the Rev. McCormack, Capt. Bond and Messrs. Ward and Van Oster will render some appropriate selections. The usual good time is anticipated.

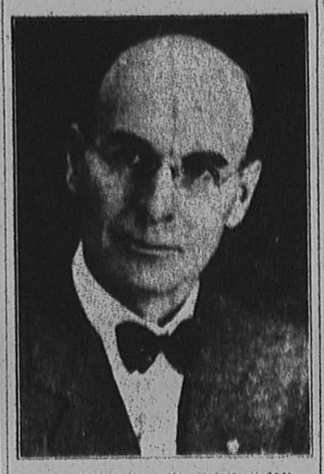

The meeting is called for 8 p. m.

TO WIDEN BOULEVARD

At the meetings of the Cape May County Board of Freeholders last week, a resolution was adopted providing for widening the Sea Isle City boulevard to a width of forty feet. It will also be raised a few feet in the meadow section. Application will be made to the State Highway Commission for an appropriation of $25,000. County Engineer Smith reported that State Engineer Sloan favors the appropriation.

Shoe trees, to yield galoshes, must be grafted with the rubber plant.—Boston Transcript.

CANDIDATE for ASSEMBLY

DR. MARCUS W. NEWCOMB

Dr. Marcus W. Newcomb, of Brown's Mills, makes formal announcement of his candidacy for the Republican nomination for Assemblyman of Burlington county. Dr. Newcomb comes into the field because he feels that he is thoroughly acquainted with the various conditions in Burlington county, through contact with many of them and through investigation of others.

YMCA Work Is Help To Industry

Fifteen Different Plants Along Riverfront Are Now Affected

The Industrial Work of the Burlington County Committee of Young Men's Christian Associations has entered upon the seventh year of its existence. Starting with the beginning of the year 1921 with practically nothing, save the good will of the Committee, the work has extended until today it is reaching men in fifteen different industries along the river front. Not in all of these do we find the opportunity for the presentation of the entire program of the Association, but in all of those plants there are men with whom contacts are made with some part of our work.

The principle plants included in our activities are: Florence Pipe Foundry & Machine Company, the East Burlington Plant of the Cast Iron Pipe & Foundry Company, Wall Rope Works, Inc., Beverly; Riverside Metal Company, and William F. Taubel, Inc., Riverside, and J. D. Johnson & Company, Hainesport. Other plants with which we have contact are: J. A. Roebling & Sons Company, Roebling, Florence; Thread Company, Florence, Nedrich Process Company, J. J. Severn's Sons Company, J. J. McCahon Company, Thomas Devlin Manufacturing Company, and Public Service, Burlington, Keystone Watch Case Company, Riverside; Jenson Manufacturing Company, Palmyra; Burlington County Shoe Company, Mount Holly.

We are looking forward to carry the whole program of the Association into some of the last mentioned group of plants, thus increasing the scope and influence of our work.

RELIGIOUS WORK Commencing with the period just prior to Thanksgiving Day and closing with Holy Week, a special series of Gospel addresses were conducted in the first mentioned group of plants, to which, should be added the Keystone Watch Case Company. These addresses are delivered by pastors of the various churches up and down the river front and are most cordially received by the men in the plants.

In some industries there has been a marked difference in the attitude of the men toward the Association since the establishment of these religious meetings, and a most cordial feeling manifested toward the Association's representative. Creed and doctrines are not discussed, for the messages are confined solely to straight-from-the-shoulder Gospel addresses. We are very grateful to the large number of river-front pastors who have assisted in making these meetings possible.

EDUCATIONAL WORK. Due to the fact that the Committee lacks facilities, it is impossible to provide at the present time for the many demands that may have come to the Secretary for classes in various subjects. The best we can do is to refer them to their local school board, telling them that if they can produce a sufficient number of students, the board may be willing to provide instructors.

However, much educational work of a general nature is carried on

(Continued on Page 8)

TOMES—LOWDEN

James Joseph Tomes, son of Mr. and Mrs. Albert M. C. Tomes, of East Fifth street, Palmyra, and Miss Alexine Lowden, daughter of Mr. and Mrs. James H. Lowden, formerly of Palmyra, were married at Media, Pa., last Friday.

The bridegroom is well known in Palmyra, having been associate editor of the Palmyra News for several years. He is now editor of the Moorestown News, another publication of the Burlington County Publishing Company. Miss Lowden also has innumerable friends in the twin cities and is known as an accomplished dancer. She is now dancing instructor at the Moorestown Community House and also conducts classes in Riverton.

The young couple were accompanied to Media by Clarence E. Worrell, of Moorestown, a member of the firm of the Worrell Engineering Company, secretary of the Moorestown Rotary Club and a noted sportsman.

STORM KIND TO RIVERTONIANS

Shore Properties of Riverton Owners Undamaged by Gale

Riverton owners of real estate at Beach Haven, Surf City, and High Point were fortunate in getting by without serious damage to their holdings in the heavy storm over the weekend. The four masted schooner, Cecil B. Stewart, which was wrecked during the storm grounded in front of Joseph F. Yearly's cottage "The Maid of the Mist" at High Point, and a large portion of the thirty-one thousand railroad ties which formed the cargo of the stranded vessel was strewn along Yearly's beach. Owing to the shallowness of the beach at this point the cottage was not damaged.

Charles B. Barborow's property at Beach Haven and Surf City escaped the fury of the wind and tides.

Leaming Honored By Bench and Bar

Camden County Lawyers' Dinner Testimonial to Vice Chancellor

Rumors that Vice Chancellor Edmund B. Leaming, of Moorestown, would resign were dispelled by the many speakers who praised the work of the jurist while in office, at the testimonial dinner tendered him Thursday of last week by the Camden County Bar Association at the Hotel Walt Whitman, Camden.

"When the history of the Court of Chancery for the past two decades is entered upon the books of immortality, the name of Leaming will rank with that of the most distinguished members of the court who have served in this unique branch of justice," declared Justice Frank S. Katzenbach, Jr., of the Supreme Court of New Jersey, who was the principal speaker at the banquet in honor of the twentieth anniversary of the prominent Moorestown man's service as vice chancellor.

During his address, Katzenbach reviewed the history of the United States from the time the Declaration of Independence was drafted and signed until the present day.

Vice Chancellor Lauded

"Vice Chancellor Leaming, who has served the State of New Jersey Court of Chancery, the only court of its kind in the country, is foremost of the same material that were the signers of the country's most important documents," said Justice Katzenbach.

"He is perhaps the only judge whom I know who performs his duties in a conscientious manner. Oftimes he retired to his library which is a complete haven of law information, and fathoms the legal questions to the bottom before he renders a decision.

"His decisions have been the guide for many trials and cases of equity which have arisen in various parts of the country. His version of the case is accepted by many of the leading lawyers of the country as final," concluded Katzenbach.

"Vice Chancellor Leaming is not only known in New Jersey, but his fame has spread to Pennsylvania where he is looked upon as one of the most learned men in the bar associations," Judge Howard A. Davis, of the Court of Common Pleas, No. 3, of Philadelphia added.

125 Lawyers Attended

Former Judge of Common Pleas Court of Camden William C. Boyle who acted as toastmaster, prior to introducing the speakers, threw many quips at the more than 125 members of the association who participated in the event.

The speakers who praised the honored guest were Richard J. Beamish, former member of the Pennsylvania Public Service Commission, and William C. French former judge of the Camden Circuit Court.

Judge Samuel M. Shay and Ralph W. F. Dungee, who were recently appointed to serve another term on the bench, were introduced, as was also the "baby" member of the judiciary, both in years of service and age, Frank F. Neotze, assistant city counsel.

LIVELY MEETING OF PALMYRA HI Y

Feature of Meeting Is Exciting Checker Tournament, Speaker This Week

The Palmyra Hi Y Group held their weekly meeting on the evening of February 17th.

The group discussion was "Athletics, and Their Value to Boys." The group, under Henry Mathers, brought up many interesting points, namely, fair play, sportsmanship, etc. All present learned many things worth remembering.

The feature of the evening was a checker tournament, in which all members had an active part. After much concentration and mental strain, we are pleased to announce the following winners of the first round: Lyndale Shill, Henry Mathers, George Gillilan, and Frank Hungert. However, a short, snappy game of basketball served to relieve the mental tension.

The program committee announced that a speaker would be the feature of the next meeting, and all members and visitors are urged to attend the meeting to be held in the YMCA building, Feb. 24th.

MRS. JENNIE C. JENKINS

Mrs. Jennie C. Jenkins, (nee Perry), 49 years old, passed away at her home, 513 Elm avenue, after a long illness, on Saturday, February 19. Mrs. Jenkins was not confined to her bed until last Friday.

Mrs. Jenkins' many friends called at her late residence Tuesday evening at 8 p. m. The body was sent to New York where interment was made at the Greenwood Cemetery, Brooklyn, on Wednesday.

Mrs. Jenkins is survived by her husband, William; three sons, James, William, Jr., and Harry, and a daughter, Margaret.

DESPONDENT PALMYRA MAN TAKES LIFE WITH SHOTGUN

Was Melancholy Because He Was Almost Totally Deaf

DISCHARGES BOTH BARRELS INTO BODY

John, better known as "Jack" Hunter, Jr., 43 years old, of Broad and Park avenue, Palmyra, committed suicide Saturday afternoon at his home by discharging both barrels of a double barrelled shotgun into his body. He had long been affected with almost complete deafness.

The dead man had been sent to the store for provisions and a newspaper by his father, John Hunter, Sr. The father and son lived together. When the son returned he went upstairs to his room and his father sat down to read the paper. John, Sr., who is somewhat hard of hearing, heard the discharge of the gun, and rushed upstairs to find his son lying dead on the floor. Death was instantaneous.

Hunter killed himself by placing the gun between his feet and pushing both triggers of the gun with a stick. One load of the shot pierced the man's heart and the other struck the pit of his stomach. Six of the shots went entirely through the man's body. The father notified the Stock of his son's death and he came and reported it to Chief of Police Beck. Dr. H. B. Marks was called and pronounced the man dead. Coroner Belton, of Moorestown was also called. The body was removed to the Shover Funeral Home.

Hunter was a former ball player in Palmyra and a great gunner, having several good hunting dogs. He worked mostly at carpentering and odd jobs.

Before his death Hunter seemed very melancholy and indeed everyone was against him because of his deafness. However, the man was well liked by all who knew him.

Funeral services were held Wednesday afternoon from the Shover Funeral Home. Burial was at the Asbury Cemetery on the Burlington, PRR at 2 p. m.

BLIND BILL'S TIES

The fellows in this county who received a bunch of ties from "Paunee Bill," alleged to be blind, at St. Louis will be interested in this report from the Wallace Farmer: "Investigators went to inquire about this Paunee Bill. At the St. Louis address given they found no blind man and no Paunee Bill. What they did find was a knitting mill, whose necktie business had dropped to virtually nothing when knit ties went out of style. Hence the mill in order to sell products with little or no market value, had to resort to some special tactics."—Times-Tribune.

Eisley Scintillates In Cage Contest

High School Star Makes 11 Field Goals, But Burlington Wins

Jack Eisley made 26 points as Palmyra H. S. dropped the great nip and tuck battle to Burlington H. S. at Burlington Tuesday night, the final score reading: Palmyra 38, Burlington 43. Jack's eleven field goals and four fouls made him high scorer of the game but it failed to stop Burlington which had a late spurt in the final half which gave them the verdict.

Eisley's eleven of Palmyra's 15 goals showed that he is the best forward in scholastic ranks in South Jersey. Brannon played a good game at the other forward for Palmyra, accounting for three and two for eight points.

Palmyra was greatly handicapped in the second half due to the loss of West Leo Morris, Burlington forward, punched West for no reason at all and both were banished from the game by the referee. The crowd, which was estimated at near by 500, was greatly in disfavor of Jim Chance's decision of putting West out of the game because West made no attempt to swing back. "This little act showed good sports manship on the part of Burlington on their home floor."

Although Aretz score sixteen points and Cook fourteen markers they failed to stop Eisley's all-around playing. On several occasions Eisley dribbled through Burlington's five man defense to cage a goal that kept Palmyra in the running.

Spacewitz and Vaad really played well for the winners. Burlington was kept on the tense during the second half. They displayed a fine exhibition of passing in Palmyra territory all during the final twenty minutes. During the last quarter of the contest Burlington kept "freezing" the ball although half a dozen points to the bad. A few minutes before the game was over Eisley received a personal foul. After missing his first try, the ball was not passed back to Cook by the Burlington player but rolled to one side in order to take up time. Another act of "unsportsmanship conduct" was that of Captain Frank Cook hiding in back of the referee on the toss up. It's all in the game but it doesn't look good.

When the first half ended at eighteen all a great battle was looked for in the second half and a great battle it was. The final count of 43-38 shows that Burlington is only a notch better than Palmyra on the court.

Had the referee counted Eisley's three or four field goals that he ruled out, the game would have been closer and might have resulted in Palmyra coming out on top. Palmyra will tackle the Hatboro team in the Penn Tournament Saturday while Burlington will battle the Beacon College Five. Palmyra and Burlington will meet in this tournament if both are not put out of the race by being defeated. Nevertheless Palmyra and Burlington will meet again later in the season.

U. of P. STUDENTS TO TALK HERE

Big Time Planned for Boys of Palmyra and Riverton February 25

Two U. of P. students will speak before boys of Palmyra and Riverton on Friday, February 25th at 7.45 p. m. They will issue some stirring challenges for clean straight-forward living on the part of the local youth. These students are here in connection with the new type of "Y" program being put on by the County YMCA in the local Y Building.

There will be singing by the mass of boys, playing by the County "Y" orchestra, and a four-reel moving picture, entitled, "The Reasoning Senior." This picture is about the experiences of a college senior, on one of the Cunard steamships. The closing feature of the evening will be a lolly-pop sunshine contest.

This is a community program under the auspices of the County Y and is open to all boys in the vicinity over twelve years of age.

CHARGED WITH RECKLESS DRIVING

Frank E. Wilson, of Merchantville, who ran into Mrs. Russell, an aged resident of Palmyra, at Broad and Thomas avenue, Riverton, January 21, has been summoned to appear before Recorder Troth at the Riverton fire house on Friday of this week to answer to a charge of reckless driving preferred by Officer Walter G. Miller.

Wilson did not report the accident to the police authorities but picked his victim up and took her to the office of a physician and later to her home.

CINNAMINSON BOYS TAKE TWO

Baseeders Win Two Games and Take Lead in the Industrial Bowling League

On Saturday afternoon the Cinnaminson boys won from the Post Office, and Monday night they ran away with the "Smoke Eaters." These boys are a credit in great shape. Charles Bahr and Hooker are now bowling over two hundred and they are going to make all the other clans go some to beat them.

"Stick" Coddington's petal team failed to show up Monday night so the Bankers had to play the Post Office. The Bankers won and went into second place, with "Uncle Sam" in third and Martin butcher in fourth.

Next week's schedule will be as follows:

Baseeders—Bankers.
Post Office—Bankers.
Martin Bolgiano—Smoke Eaters.

WILL WIDEN BROAD STREET IN PALMYRA

Council Passes Ordinance On Final Reading

The widening and paving of Broad street, between Cinnaminson and Garfield avenues, was assured Tuesday night as Palmyra borough council passed that improvement ordinance on final reading.

The street, which is the borough's main business thoroughfare, will be widened 12 feet and the improvement will cost $2,500. Council also instructed clerk Spencer to advertise for bids for $103,000 worth of general improvement bonds, which were authorized about a year ago.

An ordinance was passed on first reading which gives council control over gasoline service stations. The ordinance specifies where such stations may be located and forbids them within 200 feet of schools and churches.

The annual budget, which was amended to include $500 for a visiting nurse, was passed on final reading. The total of the budget is $17,-079.54.

Mayor James T. Wears said he had not reached any decision as to whom he intends to name as the successor of Warren Brady, councilman and chairman of the finance committee, who resigned at the meeting last week. The mayor said he was open to suggestions from the members of council. He said he will make the appointment at the regular meeting in March.

WOOLSTON RETURNS FROM FLORIDA TRIP

Makes 5000 Miles In Star Touring With No Car Trouble

Clinton B. Woolston and party returned from Elko's last Friday after spending sixteen days with his father, Charles T. Woolston, who has been very ill during the past few weeks. Mr. Woolston's condition is much improved and he is now on the way to recovery.

The trip was made in a Star touring car which had been run over 25,000 miles in three years, and not once did "Clint" have to stop for car trouble. The party covered more than 5,000 miles on the trip.

On the return trip only five days were necessary to travel 1602 miles. "Speaking of speed laws," said Woolston, "down there the signs read like this:—Speed limit 45 miles per hour. Fords do your best."

The other members of the party were Mrs. C. B. Woolston and two children and Mrs. Harry Kemmerle.

Palmyra High's Baseball Schedule

Ambitious Program Is Outlined By Coach Kenneth Dimond

The Palmyra High School baseball team will face the most ambitious baseball schedule in the history of the school nine this season. The 17 games on the card includes contests with Class A schools, Prep Schools, Vineland High, last year champs in Class B scholastic ranks, and Burlington.

Last season the team played nine games under the direction of P. Craig Muries, now coaching at the Pensauken Junior High School. The 1926 team won six, lost two and tied Mt. Holly for a percentage of .750.

Coach Kenneth C. Dimond has half a dozen lettermen back from last season, among which are Captain-elect Charles Zell, 3b; Cliff Weal, the mainstay of the pitching staff; Jack Smith, another pitcher; Paul Mueller, 1b; John Meyer, ss, and Jack Elsley, outfielder.

Coach Dimond has good material for the infield as most of the men are back, but as to the outfield he will have to build around Elsley, the only veteran.

The season will open on April 12 with Paulsboro at the Field Club grounds and close with Burlington at Burlington, May 27. This game with Burlington will mark the first encounter between these two nines on the diamond since 1923 when Burlington walked off the field at Palmyra after an umpire's decision at first base in the seventh inning with Palmyra leading, 7 to 1.

The schedule as announced by Manager Paul Keenan follows:

April 12 Paulsboro High (home)
April 15 Pemberton High (Away)
April 16 Trenton Institute for Deaf (Home)
April 19 Collingswood High (Home)
April 23 Glassboro High (Away)
April 26 Temple High (home)
April 29 Millville High (Home)
May 3 Haddon Heights High (Home)
May 6 Moorestown High (Away)
May 11 Haddonfield High (Away)
May 12 Vineland High (Away)
May 17 Brown Prep (Home)
May 18 Temple High (Away)
May 20 Pemberton High (Home)
May 24 Gloucester High (Away)
May 27 Burlington High (Away)

PHS GIRLS LOSE

Camden Defeats Local Lassies to Tune of 54-28

The Palmyra H. girls lost to the Camden High School Misses in their basketball game last week, the final count being 54-28.

The Misses Enskat and Jenkins each made five field goals apiece for the Palmyra girls. Miss Enskat also tallied five fouls for a total of 15 points while Miss Jenkins accounted for three, making her score 13.

Miss Ludewig, Camden's star forward, hit the cords of the basket 16 times from the field and five times from the foul mark for the high score of the game, making 37 points in all. Miss Warren made four two pointers and one four for nine points as Miss Troth, substitute for Miss Warren, accounted for four field goals.

Camden High		Palmyra High
The Misses		The Misses
Ludewig	forward	Enskat
Warren	forward	Jenkins
Grant	centre	Young
Kammerer	side centre	Robland
McDonald	guard	Sipple
Stringer	guard	Kersey

Field goals: Miss Enskat, 5; Miss Jenkins, 5; Miss Ludewig, 16; Miss Warren, 4; Miss Troth, 4.

Foul goals: Miss Enskat, 5; Miss Jenkins, 3; Miss Ludewig, 5; Miss Warren, 4.

Substitutions: Miss Troth for Miss Warren. Referee: Miss Duckwaiter. Time of quarters: 8 minutes.

PHS BOYS WIN

Basketball Five in Brilliant Victory Over Haddon Heights

Palmyra High scored a brilliant 12-8 victory over the Haddon Hts last Friday night in the Palmyra gym. It was the lowest scoring contest of the season that was featured by its close guarding by both teams.

Palmyra had a 4-3 advantage at half time. Haddon Heights was held to a single field goal, that going to Ryder, playing a guard position. Palmyra made four goals from the field. Elsley was high scorer for the winners with three double-deckers and a free toss for seven points. Branson tallied the other twin pointer while Captain Kalinowski sank two of three fouls and West made good his one foul try.

CHARGED WITH NEGLECT

Clarence Jones, of Garfield avenue, Palmyra, was arrested by Chief of Police Beck last Friday at his home. Jones was charged with neglect of his wife and two minor children. He was tried before Justice of the Peace John Kingdon of Mt. Holly. Jones was held on $500 bail for court.

Hez Heck says: "All the progress made in the world has been made by some one raisin' hell at the right time."—Bert Moses in Detroit Free Press.

"When a Feller Needs a Friend"

Dog, Leg Broken By Auto, Will Need Home When He Gets Well

Last Friday morning an automobile struck "Jim" and broke his left foreleg. Two Bell Telephone employees made excellent use of their first-aid training and set the leg and put it in splints—a very neat job they did, too!

"Marty" Welsh, operator at the Riverton station, called a friend's attention to the unfortunate dog and arrangements were made at once with Officer Quigley to care for the canine until other provisions could be made for it.

Monday afternoon "Jim" was taken to a veterinarian and was under his care until Wednesday evening, when he was taken to a farm where he will stay until the leg is knit or someone who loves a dog offers him a good home.

The veterinarian to whom "Jim" was taken said, "Those Bell boys are to be complimented upon the way they rendered first aid, and the Company is sure doing a great thing for humanity by making that first aid a part of every workman's training."

A dog with a better disposition would be hard to find is the belief of the "Bell Boys." After the men had finished setting and bandaging his leg "Jim" thanked them in his own way by licking the hands of those who had helped him. The report goes also that there were tears in the eyes of these two "good Samaritans" when "Jim" expressed his appreciation of their aid. Not once did "Jim" snap or growl during the painful process of setting the leg, and a dog with such a disposition would be a fine companion for children.

Now is the time to act before someone else gets "Jim." This is an excellent opportunity for a Boy Scout to do a good deed and show his kindness to animals by giving "Jim" a home. A YMCA boy can "do unto another as he would have him do unto himself" by making "Jim" happy in a nice home.

"Jim" is a brown and white dog and is full grown. He is part hound and part collie, with a most expressive face, and great brown eyes.

He is aglow with joy when anyone stops to pat and speaks kindly to him.

"Jim" has no pedigree to live up to, and so can be just "dog," faithful, true and affectionate—the kind of a dog that any boy or girl could enjoy.

He needs a home and some lad or lass needs "Jim."

Call at The New Era office or phone Riverton 742 or 344 or ask Officer Quigley or Officer Miller and arrangements can be made to secure "Jim" as soon as he is able to leave his farmer friend.

ACCUSED OF THEFT

Charles Hunter, 18, of Leconey avenue, Palmyra, was arrested by Chief Morris Heck on Friday, Feb. 11. The young man was charged with the larceny of blankets, shoes, ice skates, pillow cases, covers and sheets from a club house at Newportville, Pa. After being arrested in Palmyra, Hunter was turned over to the Pennsylvania police.

You can accurately judge a community by what is does with its ashes and tomato cans.

HIT BY CAR

Girl Slightly Injured At Palmyra Ferry

Miss Marian Clinton, of 10 Spring Garden street, Palmyra, was struck by the automobile owned by Clara T. Apsey, of 4611 Naples Street, Philadelphia, last Wednesday night shortly after six o'clock at the Palmyra Ferry on Bank and Cinnaminson avenue.

The injured woman was taken to the Zurbrugg Memorial Hospital, Riverside, by Fred J. Schuck, of 704 Parry avenue.

At the hospital where she was held overnight and dismissed Thursday it was found she suffered from abrasions of the head and ears and slight injuries of the neck and both ankles. The injured woman, who was treated by Dr. Wagner, of Riverside, was also bruised about the body.

Officer Lawrence Betty was on duty at the time of the accident.

LECTURE

Big Crowd Out To Hear Professor Broome

Fully 125 people turned out to the P. O. S. of A. Hall Monday evening to hear Dr. A. C. Broome, head of the Public School of Philadelphia give a very interesting talk on education and patriotism.

Mrs. Nettie Bowker, the National Secretary of the P. O. of A., also gave an interesting talk. Mrs. Bowker's topic was Patriotism and the display of the American flag on public school and other national buildings. The Rev. Mr. Sutcliffe, of Maryland was also on the program and gave a very inspiring talk.

After these talks by the various speakers, delightful refreshments were served by the members of the P. O. of A.

Frank Kates led in the singing of several popular songs and a general good time was had by all. Next week quoits and baseball will be the feature.

P. T. A. Observes 30th Anniversary

The New Jersey State Organization P. T. A. Was Effected In Riverton

February 17th was the birthday of the National Parent-Teacher Association, as well as the regular meeting of the Riverton P. T. A. The great things that have been done in the thirty years which have passed since the mothers of America met together for the first crusade against ignorance and indifference formed the subject matter for Mrs. Alfred Roberts' address to the Riverton Association.

Birthday gifts constitute the National Extension Fund. This Fund totalled over $11,0000 this year, with Riverton P. T. A. a share of $2.00. The New Jersey P. T. A. ranks close to the top among those constituting the National. We take pride in the fact that the first Parent-Teacher organization of New Jersey was organized in Riverton. Mrs. Roberts brought many interesting facts to the attention of the mothers Thursday afternoon.

The students of the seventh grade presented a play much to the interest and amusement of those present, and to the credit of their teacher, Miss Lippincott. Florence Harding, John Guang, and Rene Gros carried the main parts.

During the business meeting the revised local by-laws were read, considered, and accepted.

Announcement was made that the March meeting will be the annual Father's Night.

April 21 will be "talent day" in the P. T. A. What are your talents? In what way do you display them?

While tea was served Mrs. Mayfield read to the mothers the second installment of "Are Children People?" In this article, twelve year old Elizabeth Benson made her point clear that the tyrannical methods of parents in dealing with children cause the children to grow up with a subconscious anticipation of the time when they can be tyrannical parents also, and wreak their vengeance on the coming generation, thus continuing "the vicious circle" which should be broken, and would be, if only adults would treat children as people.

Grades 7A and 6 were awarded pictures for highest attendance of mothers.

Y. M. C. A.

On Wednesday, February 16, the Triangle Group met at the home of John Loncks. The meeting opened with a prayer by Joseph Devinie. After reading the responsive ritual, Mr. Ashbrook led us in a Bible treasure hunt. Two members wanted the next meeting at their home, so we had a tossup. Robert Borer won.

After this we played some games and had refreshments, ending with a friendship circle.

Robert C. Borer,
Publicity Committee.

HAINES SEEKS SENATORIAL TOGA

Burlington Man Will Run on Personal Liberty Platform

Snowden Haines, former banker and one time political leader here, is out with a statement that he will be a "wet" candidate for the Republican nomination for senator in Burlington county at the spring primary election.

He announces that his platform will be "business efficiency" and "personal liberty." In a statement to the press, he declares that he is "opposed to the continued nomination of Republicans of 'one track mind,' through which Democratic governors and United States senators are elected in Republican states. I am also opposed to legislation that attempts to limit personal liberty guaranteed by the bill of rights written into the Constitution as the first Ten Amendments to the Constitution."

Better a healthy peasant than a sickly king. Ferdinand III.

CITIZENSHIP

A good citizen supports his town and all worthy enterprises connected with it.

Such support enables the business of the town to develop and there is a general benefit resulting.

Few will deny that a good bank is an asset to a community.

A bank's value to its community is dependent to a great extent on the support accorded it by the merchants and residents.

We are doing our part by offering you an organization capable of rendering every form of banking service. Our support so far has been most gratifying.

Why not make it unanimous?

The Palmyra National Bank

Palmyra, N. J.

A Great Development era is fast absorbing all 1927 available land along nearby Jersey seashore

THE MOST IMPORTANT OCEAN FRONT IN AMERICA

You Must Watch during the next few years, an amazing increase of property values in this, the nation's greatest vacation land.

Will You Watch these new opportunities for accumulation of seashore wealth from the side lines or as a participant?

WE ANNOUNCE that on March 1

ORTLEY BEACH

Sale of lots will be opened in the finest resort development on the upper Jersey coast.

The fact that ORTLEY BEACH with its higher elevation, sustained no damage whatever in the recent coastal storm makes the value of this offering especially impressive at this time.

Beautiful Ocean Front and Bay Shore properties; public improvements, business and residential zones and wise building restrictions; fine homes building and under contract; an attractive community building—all these and other features will make it one of the picture spots of the seashore.

Ortley Beach is only fifty miles by motor from the Delaware river, via Burlington, Brown's Mills and Lakehurst. Located between Seaside and Lavalette, it is near the terminus of the new State Bridge over Barnegat Bay. There is excellent train and bus service. A link of the proposed "Billion Dollar Boulevard," planned as the finest coastal highway in America, passes right through the town.

In addition to its own brisk improvement and building program, ORTLEY BEACH is the centre of development activities by the State, County and private enterprises amounting to millions of dollars.

At today's prices, ORTLEY BEACH offers one of the best investments along the entire seashore. Lots can be purchased on the budget plan. For the new ORTLEY BEACH BOOKLET, print your name on the margin and mail today to

Burlington Span Will Start Soon

Construction on Bridge To Bristol Will Start Within Few Weeks

Although President Coolidge has extended the time of starting construction on the Burlington-Bristol bridge from one to three years it is that work will begin in a short time and that not many months will elapse before Burlington and Bristol will be welded by a community developing span.

Surveys have been made of suggested approaches and data has been gathered. Bridge construction also has been studied, and much time has been spent in considering the type best adapted to the needs of Burlington and Bristol.

The routes considered include both Burlington Island and Badger's Island. The Burlington Island route would require two draws and the Badger Island route would require one. And then again a suspension bridge which would require no draw at all.

Many people favor the Burlington Island route because it would interfere less with the scenic beauty of the Delaware river than the Badger Island route, and it would undoubtedly mean the development of Burlington Island and turn a greater amount of revenue into the coffers of Burlington.

The lower end of Burlington Island is owned by the Merkle interests which operate the Island Beach, the pleasure park. The upper end of the island is owned by the City of Burlington. The money for the sale of the lower end and the rentals from the upper end go toward paying the Burlington school debt. The money is in the custody of the Burlington Island Managers, an organization created by the State Legislature.

Should the bridge be built across the island, the city of Burlington still will enjoy the school fund and also will reap well through taxes on real estate development. Thus, through the bridge, Burlington will be the winner two ways on the island alone.

One of the causes of delay in starting the bridge within the time originally alloted was the misspelling of the name of Clifford L. Anderson, Burgess of Bristol. In the original bill before Congress, providing for the construction of the bridge, Joseph R. Cheeseman, president of the Enterprise Publishing Company, of Burlington, was named the promoter. Later the bill was changed to include Burgess Anderson.

Unfortunately the name of Mr. Anderson was not properly spelled when the bill was engrossed, and the error was not noticed until the measure became a law. This necessitated a correction and the bill had to go through the whole legislative form again. Mr. Anderson's name the latest bill extends the time of starting the operation.

REAL ESTATE BOARD

Committees For Year Are Named by Cole

Roy D. Cole, of Moorestown, president of the newly organized Burlington County Real Estate Board, has announced the following committees for the year:

Advisory committee, George N. Wimer, Arthur Cutler, John Warner; membership, Raymond Morris, Edward G. Hawkins, George W. Rogers, Carl Freytag, Fred Barlow, Mrs. Estelle Mahn, and Frank S. Absalom; board meetings, Arthur Cutler, George W. Rogers, Elwood Russell; legislation, Clifford R. Powell, Edward Kashner, William Pennell; taxation, Edward Kashner, John Warner, Harry Ziegler, H. S. Lippincott, Thomas R. Finley; borough planning, Carleton E. Sholl, Walter D. Lamon, Job Braddock, Thomas R. Finley, John Stockwell; publicity committee, Albert E. Lee, Fred Booth, William Bowker, Edward G. Hawkins, John Stockwell, George W. Rogers, William Hargrove, Maurice Keating, William Brannin, P. C. Sholl, and William Thompson.

State Dept. Issues Warning

Warning has been issued by the State Department of Weights and Measures that two men, representing themselves to be from the department are traveling about the State. The State office believes the men to be interested in the sale of weighing machinery, as they have been "condemning" scales and ordering merchants to secure new apparatuses.

FERRIAGE CUT

Camden Charges Will Henceforth Equal Bridge Charges

The two largest ferry companies which serve Philadelphia and Camden have announced that, beginning March 27, a single charge of twenty-five cents would be made to carry all passenger automobiles and taxicabs, including their occupants, in either direction. The slashes in rates were announced by the Reading Company and the Philadelphia and Camden Ferry Company operating from Market street. Motor buses are not affected by the change.

Heretofore the ferry charges have been taxed according to the occupants of each automobile. Officials announced they hoped the cut would enable the ferries to compete with the Delaware River Bridge, which has cut heavily into ferry receipts.

POSSIBLE CHANGE IN FALL COURT DATE

There being several members of the Bar in Court on Thursday morning Judge Slaughter evidently thought it an opportune time to call their attention to the fact that it was probable an announcement might be made at the opening of the April term of Court, on the fourth Tuesday of April, that the October Court team will be moved forward one month and held in September.

As now arranged there is a lapse of six month between April and October terms and the accumulation of business during the summer months is more than can be handled in the short period between October and December terms, which is about two months.

The regular terms of Court were held for a good many years in April, September and December, but due to the fact that the Mount Holly Fair was held the latter part of September, the fair date general conflicting with the opening date of Court, the fall term was changed to October.

Now, with the Fair a thing of the past, leading counsel see no reason why the date cannot be changed back to September, and announcement to this effect will probably be forthcoming from Justice Lloyd at the opening of the April term.

LABOR NOT WET

Dr. McBride Says Workingmen Have Benefitted from Prohibition

Organized labor can no longer be considered wet, according to a statement issued by Dr. F. Scott McBride, general superintendent of the Anti Saloon League of America.

In substantiating this statement, Dr. McBride asserted that the Union Laborer Advocate of Chicago, in its current issue, declares workingmen are not wet and that "no single class of our people has benefitted more from prohibition than the laboring people. They have labor temples and banks today in place of dingy quarters and they settle their disputes without drink-caused riots."

The advocate says deposits in labor banks in the United States now total more than $11,000,000, and that there were no labor banks before prohibition. It also points out that workingmen under prohibition have increased their savings accounts and are a factor in the general prosperity of the country as the sober worker has increased his buying capacity, and that this aids all legitimate industry."

"No, organized labor is too wise to want to go back to the old saloon days," says The Union Laborer Advocate, which is now entering upon its twenty-sixth year.

MOTORING SIGNS

With more than 40,000 warning and direction signs already placed on the highways to guide and guard motorists, the Keystone Automobile Club of New Jersey has mapped out an extensive campaign of sign-posting for 1927. The Club announces it will be glad to cooperate with local authorities in making the highways safe for motor travel by erecting signs at dangerous intersections, curves, hills and dead ends.

One of the most valuable aids to motorists is the "red-flex" signal, placed at the particularly dangerous points in such position that the headlamp rays strike the red reflectors, giving effective warning of the danger ahead. Thousands of Keystone "redflexes" have proved their value in the prevention of accidents, particularly among motorists unfamiliar with the roads.

Mt. Holly Woman Pays Fine of $100

School Authorities Take Action Against Stepmother Charged With Cruelty

The sad spectacle of a little girl, Helen Mealey, twelve years old, of West Washington street, Mount Holly, begging to be sent anywhere but back home to her stepmother, Rose Mealey, was witnessed by several in Recorder Kingdon's Court last week.

It is said that for the past fifteen months there has been evidnece that little Helen, who is a daughter of John Mealey by a former wife, has been ill-treated by the step-mother, but for various reasons neighbors hesitated about interfering.

Little Helen's school teachers at the Mount Holly school thought differently of the matter, however, and cross-questioning the little girl learned from her that she had frequently been cruelly beaten by her stepmother, was often compelled to eat in the cold shed and made to sleep in the attic of the well-furnished home with scarcely sufficient bed clothing to keep her warm. The teachers' attention had been attracted to the girl by her wretched, undernourished appearance and frequent scars which they saw on discernible portions of her body, and finally they reported their observations to Dr. H. E. Longadorf, who examined the child and found her body a mass of bruises, some denoting old scars, while others were apparently fresh. The doctor also cross-questioned the girl and he found her replies frank and honest she laying all her troubles to the fact that the step-mother hated her. She absolved the father from all blame, but there are some who are wondering how all this could have happened without his knowledge.

However, Constable Elizabeth Burroughs was made acquainted with the facts and she arrested Mrs. Mealey.

The little girl, Dr. Longsdorf, and the teachers gave their testimony before the Recorder, which was taken by a stenographer, and the preponderance of evidence produced being so strong that the woman had cruelly ill-treated, abused and inflicted unnecessary punishment on the child, she took the best course possible and pleaded non vult contendere and was sentenced to pay a fine of $100.

The little girl pleaded so hard to be taken away from her inhuman parent that she was turned over to the Child Welfare League and later will be placed in a Catholic Protectorate, where she will be given the attention she needs so badly.

Besides the bruises there were two open wounds on the girl's body, one on her neck and another on her back and they had apparently been let go without medical attention.

There are three sets of children in this family, the father, John Mealey, who is a hard-working automobile mechanic, having two by a first wife, little Helen being one of them, while Mrs. Meley had one boy by a previous husband and the couple themselves are the parents of a third child.

The other children are said to get along with their parents all right, but little Helen was evidently picked out as an object on whom the step-mother vented her spleen.

SEA EROSION

Brant Beach Takes Steps to Prevent Damage to Coast Line

The borough of Beach Haven is once more confronted with the serious problem of coastal erosion. Storms and high tides this winter have washed away a considerable portion of the beach at the southern end and threatens to do more damage unless imediate steps are taken to counteract the wave action.

A meeting was held last week by Mayor Willis, several Councilmen and other borough offials to formulate a plan of action. Victor Gilineau, fo the State Board of Commerce and Navigation, and Henry A. Sherman, engineer, of Camden, were also present. Tentative plans made provide for construction of a storm jetty running out in the ocean about five hundred feet. The estimated cost was figured at about $50,000. Gilineau stated that if half this sum was raised by the local borough the state would furnish the other half.

A petition will be made to Senator Mathis, of Ocean County, to have this sum included in the appropriations bill.

Ambushes, of course, are for dark places.

A LOST ART

When I saw an obtruding sign, of home-made manufacture, in a book store, just off of Fifth avenue, in New York on Friday, which spelled "miscellaneous", m-i-s-c-e-l-l-e-a-n-e-o-u-s" and an equally prominent sign, posted in the window of a lobby shop in one of the most prominent hotels in that city, which told of a "Clearence" sale within, I concluded that spelling must be regarded as one of the unnecessary things in the country's greatest city. And why not? There are so many other ways in which money can be made in New York, while one is learning to spell; and money making is the Alpha and Omego in Gotham.—Exchange.

RE-OPEN RUM CASE

Government Has New Evidence in Rancocas Scandal

The famous Rancocas Creek rum barge raid case has been re-opened by the United States Government.

For more than five months under cover agents working under the direction of A. Bruce Bielaski, chief Government investigator of the prohibition unit, have been at work running down all the details of the case. Their reports will be turned over to United States Attorney Wynne, at Trenton, in the near future and the Federal grand jury will be asked to return indictments against members of the bootleg ring that brought the barge up the creek.

The indictments that the government will attempt to obtain against the eight defendants who were acquitted by a jury in the criminal court at Mt. Holly last May, and other alleged members of the ring will include smuggling, transportation, possession and several other minor charges.

IN NEW YORK

A clue to the whereabouts of Helen Sharp, 15 years old, who disappeared from the home of George Brown, in Lenola, February 8, has been found in New York.

The girl apparently went directly to New York. The police report she appealed to a Mrs. Golden for assistance and was turned over to the authorities. She was sent to the Girl's Service League but never registered there.

Th Brown family, who reared the child after she left an institution, will make further efforts to locate her.

Moorestown Leads County Ratables

Real Estate Valuation of $7,751,839 First; Burlington City Ranks Second

According to figures submitted by the County Board of Taxation Moorestown leads Burlington County in the matter of ratables with Burlington second. Moorestown's real estate valuation is $7,751,839. Burlington's valuation is fixed at $6,982,654.

Florence Township comes third with $4,794,729 and Northampton (Mount Holly) is fourth with $4,409,481. The county tax rate will be $1,236, which is an increase of about five and a half cents over last year. The valuations of all the municipalities are as follows:

Bass River	$ 575,794
Beverly City	1,612,240
Bordentown City	2,665,117
Bordentown Township	722,829
Burlington City	6,982,654

Wrightstown Borough	100,879
Total	$67,714,380

Our best education comes from associating with folks who know things that we don't.

Medford Approves Workhouse Plans

Commerce Chamber Endorses Sheriff Haines' Recommendations

In an address before the Medford Chamber of Commerce Sheriff A. Engle Haines gave some information of the conditions of the county jail at Mount Holly, and one of the outstanding features was that the sheriff advocated a workhouse for prisoners.

Sheriff Haines stated that the Department of Institutions and Agencies of New Jersey had found conditions at the jail building in Mount Holly such that it would have to be remodeled quite extensively, necessitating a big expenditure. The sheriff stated that he has been advocating and investigating the establishment of a workhouse for prisoners at the county farm at New Lisbon. He believes that if such a workhouse were established it will relieve conditions to such an extent that practically a rebuilding of the jail will not be necessary.

A workhouse for prisoners would be a benefit and saving to the county and also of benefit to prisoners, he contended. Only certain class prisoners would be used and they could be employed on road and various other work. The plan is working out well in other counties, he said, and while no definite action has been taken in the matter, the sheriff is of the opinion that a workhouse can and should be established in this county without delay.

The Chamber of Commerce unanimously endorsed the plan. A resolution was adopted to this effect and will be forwarded to the board of freeholders.

Folks who board want to keep house, and folks who keep house want to board.

Truth can be told in but one way; while a lie can be told with a dozen variations

ASSAILANT TO DIE

Doris, Who Shot Mt. Holly Policeman, Facing Electric Chair

Frank M. Doris, of Philadelphia, the man who shot Officer Norman Gaskill in Mount Holly about four years ago, after the latter had stopped a suspicious looking automobile containing several men which was passing through town, at the traffic booth at the foot of Main street, will be electrocuted at Rockview Penitentiary, Pa., on March 7.

Doris with Harry Bentley, William Juliana and Joseph E. Curry, were convicted of the murder of Policeman Harry M. Cooper, during a bank holdup in Philadelphia. When the quartette's pictures were published in a Philadelphia newspaper after this crime was committed, Officer Gaskill saw them and identified Doris as the man who shot him. The Pennsylvania State Prison Board refused commutation of the death sentence and Doris will now pay the penalty with his life, unless the Governor issues a stay, which is unlikely.

Officer Gaskill will witness the electrocution of Doris, if it is possible for him to procure a ticket of admission.

How to Cut the Cost of Upkeep

Many expensive repairs are made necessary by nuts in inaccessible places working loose.

A set of Snap-On Inter-Changeable Socket Wrenches will save its cost many times over.

Be prepared for road emergencies by always carrying your Snap-On Set under the seat. The cost of one tow-in will more than pay for all the Snap-Ons you need.

Every Snap-On Socket fits every Snap-On handle and attachment. They are milled from solid bars of tough, special analysis, wrist-pin steel; non-rust nickel finish; double-heated to give unlimited service.

There is a set of Snap-On Wrenches for every standard make of car. Prices range from $5 to $10. Stop at our store and get the price on the set for your car.

Farmers, Attention

The selected Snap-On Sets for the farmer contains the correct Snap-On handles and a complete range of hexagon and square sockets for the repairs and maintenance of his motor car, truck, tractor and all of his farm machinery. This is a remarkable time and labor saver. Each $23.65.

SENATOR ROBERTS

The announcement of Senator Emmor Roberts that he will be candidate for re-election to the upper branch of the state legislature will be intensely gratifying to all lovers of good clean government in Burlington county.

The Senator stands for upright, conscientious, independent public service, not only throughout the county but in the whole State of New Jersey as well, and as long as Burlington county can be represented by such men in the capitol at Trenton it will maintain its reputation for State leadership in clean progressive politics.

The announcement is of particular interest because of the contest looming at the Spring Primaries for both the Assembly and the Senate.

I. Snowden Haines, of Burlington, an avowed "wet," has already announced his candidacy for the senate, and Dr. M. W. Newcomb, of Brown's Mills, has cast his hat into the ring for the Assembly. Dr. Newcomb is the same type of man as Senator Roberts, clean, independent and fearless.

Underlying the whole situation is the unconcealed determination of Assemblyman Clifford R. Powell to enter into a contest with Senator Roberts for the upper house berth. Assemblyman Powell is understood to be supported in his ambition by no less a personage than United States Senator Walter E. Edge, one of the leaders of the "Old Guard" conservative Republican forces at Washington, who is said to be aiming at the political overlordship in Burlington county, which to date has maintained its political independence, through its choice of such men as Roberts to represent it in public office.

GOING TO PARIS?

Preliminary Plans Laid for Legion Convention Trip

So this is Paris.

"Boots" Lever has recently been appointed the Post French convention officer. Now the question, Who's going to Paris from this section?

Harold "Boots" Lever will receive applications at his office for the French Convention trip. The closing date is May 15. Here are the rules:

All applications must be typewritten or printed in ink.

All applications must be accompanied by two photographs of the applicant. These will bear the applicant's signature, one will be pasted in space provided in upper left hand corner of page four of application blank.

All that it costs is $50. Eligibility includes members of the American Legion and the Auxiliary and fathers of Legionnaires and fathers of veterans. Going to France, if you are thinking of doing so, see Mr. Lever for further information.

SHANER—FRIANT

An attractive church wedding took place at 11 o'clock last Saturday morning, at the First Baptist Church, Mount Holly, when Miss Grace Rogers Friant, daughter of Horace R. Friant, of Mount Holly, became the bride of Arthur Heath Shaner, son of Mr. and Mrs. George W. Shaner, of Palmyra.

The ceremony was performed by the Rev. Marple M. Lewis, pastor of the Church. The wedding march was played by Mrs. Oscar Anderson.

The bride was given in marriage by her father. Miss Helen L. Friant, sister of the bride, was maid of honor and Edgar F. Shaner brother of the bridegroom, was best man.

The bride was attired in a coral traveling dress with hat to match and a white corsage bouquet. The maid of honor wore a blue dress hat to match and a pink corsage.

Following the wedding ceremony, breakfast was served at the home of the bride on Main street after which Mr. and Mrs. Shaner left for a wedding trip.

After April 1st, Mr. and Mrs. Shaner will be at their new home at Riverton Golf Estate, Riverton. Mr. Shaner is a member of the firm of George W. Shaner, and Sons, contractors and builders of Palmyra.

CALVARY Y. M. C. A. NEWS

The meeting of the Calvary Y. M. C. A Group held in the Methodist Church was opened by a prayer given by Bill Baker We then read the responsive ritual. After this was finished our assistant leader gave a very interesting Bible study. After the Bible study was finished, Mr. Bartley gave a short talk speaking mostly about the proposed plan of buying games to install in the Y. M. C. A. Hall. Mr. Hurlock then gave a talk on practically the thing. He proposed that we divide our evening into two periods, one period for the playing of games in the gym and the other for a meeting and for playing games in the Y M. C. A. Hall, such as pool and other indoor sports.

The meeting was then adjourned and the games of the evening were started. The games, or rather the game of the evening, was basketball. Two teams were chosen and the remainder of the evening was spent by these two teams playing each other. As the teams were well matched you can imagine what an interesting evening was spent.

The meeting ended with the fellowship circle.

Dewees Showell, Reporter.

NEW MOVIE SIGN

Broadway Palace Congratulated On Innovation

Much favorable comment is being heard on the new electric sign at the Broadway Palace. Messrs. Romm and Zisak are both receiving compliments for their good work.

This light, which was put up with much expense, was installed by the Apex Electric Company of Philadelphia. It was lighted for the first time last Tuesday night and can be seen as far away as Riverton. The light was held up for weeks until the various colored bulbs arrived from a company at Harrison, N. J.

The new sign, which is the only one of its kind in Burlington County, contains nearly 500 bulbs and is 24 feet long.

PHOEBE HAMILTON SEABROOK

Mrs. Seabrook died Saturday morning, February 19th, at her residence, 505 Bank avenue, after an illness of several months.

Born at Beauport, South Carolina, July 12, 1853, daughter of Colonel Paul Hamilton and Catherine Hamilton (nee Campbell). Phoebe Hamilton lived in South Carolina for many years after her marriage in 1872 to Joseph Whaley Seabrook of the same state, which is also the birthplace of their two children.

After Mr. Seabrook's death, Mrs. Seabrook accepted positions as matron and teacher in several young ladies' seminaries, first in Virginia where she herself graduated, then the Hannah Moore Academy Diocesan School of Maryland and later at Miss Stuart's School and Gunston Hall. In 1896 she accepted the position as head of the Girls' School connected with the Episcopal Church under the Bishop of Illinois at Springfield, which school occupied the former Todd residence where Abraham Lincoln was married.

In 1906 Mrs. Seabrook returned to Washington and established "Hamilton School" for young ladies, across from the White House, in Lafayette Square. This school was attended by children of a President, government officials, diplomats, and attracted pupils from practically every state in the country and from several foreign countries, including China and Japan.

Ill health forced Mrs. Seabrook to retire from active duties in 1914 when she moved into the country in Maryland near Baltimore. In 1920 when her son moved his business headquarters to Philadelphia, the family came to Riverton and have resided since then on Bank avenue.

Mrs. Seabrook is a direct descendant of Paul Hamilton, Governor of South Carolina and Secretary of the Navy under President Madison, and of the Rev. Colin Campbell sent from England as rector of St. Mary's Church, Burlington, New Jersey, from 1738 to 1766. She is a member of the Society of the Colonial Dames of Maryland and of the Club of Colonial Dames of Washington, and in Riverton, a member of the parish of Christ Church and of the Riverton Country and Porch Clubs.

Services and interment at St. Helena Church, Beauport, South Carolina, Wednesday morning, February 23. This church, with which the family has been connected for several generations and where Mrs. Seabrook was baptised, confirmed, and married, is one of the oldest Episcopal churches in this country, having been established in 1712.

Mrs. Seabrook is survived by her daughter, son, and two grandsons; who live in Riverton, but left with her on Tuesday for South Carolina.

Who wants a friendship that isn't kind to one's faults? That's what friendship consists in.

Plan to Purchase Power Company

P. S. Electric and Gas Will Issue Bonds for Amalgamation Purpose

Public Service Electric and Gas Company has filed with the Board of Public Utility Commissioners application for permission to issue $18,712,000 first and refunding mortgage gold bonds, 5% series, due in 1965; $4,173,600 6% cumulative preferred stock, 1925 series and 300,000 shares of common stock without par value.

It is proposed to use the proceeds from the sale of these securities for the purchase of Public Service Electric Power Company, which is now leased to the Electric and Gas Company for a period of 999 years. The price to be paid, as set forth in the application is $24,950,000. When the sale is completed the lease is to be cancelled and Public Service Electric Power Company dissolved.

Capitalization of Public Service Electric Power Company is as follows:

300,000 shares of common stock without par value issued at $10.00 per share	$3,000,000
$6,000,000 of 7% preferred stock callable at 115	6,000,000
$14,000,000 6% bonds callable at 107½	14,000,000
Total	$23,000,000

To call the $6,000,000 of preferred stock will require the payment of $900,000 in premiums. To call the $14,000,000 of 6% bonds will require the payment of $1,050,000 in premiums or a total of $1,950,000 so that the total amount required to call the bonds and preferred stock and to acquire the common sotck is $24,950,000.

To provide this sum, $18,712,000 of Public Service Electric and Gas Company gold bonds are to be sold at 95 providing $17,776,400; $4,173,6000 of Public Service Electric and Gas Company 6% preferred stock are to be sold at par, providing $4,173,600 and $300,000 shares of common stock without par value are to be issued at $10.00 a share providing $3,000,000 which makes up a total of $24,950,000 necessary.

Fixed charges on the securities which the Electric and Gas Company proposes to issue will be $935,600 and the dividend on the preferred stock, not a fixed charge, will be $250,416 so that the total charge against income ahead of common stock, which will be owned by Public Service Corporation of New Jersey, will be $1,186,016 as against a present fixed charge in the form of rental under the lease of $2,100,000.

The rental was fixed to yield an amount equal to two and one-half times the bond interest in order to insure the sale of the bonds. Since the Kearny Station enterprise was undertaken Public Service Electric and Gas Company has been formed with a financial structure of such strength that the separate existence of Public Service Electric Power Company is no longer necessary.

Announcement of the plan for the purchase of Public Service Electric Power Company by Public Service Electric and Gas Company was first made in a letter to stockholders of the latter company, dated January 10, 1927 when a plan for the merger of nine underlying companies was submitted. Public Service Electric Power Company was formed on April 17, 1923 for the purpose of erecting Kearny power station for lease to Public Service Electric and Gas Company. Under the terms of the lease Public Service Electric and Gas Company had expended on the Kearny property up to December 31, 1926 $9,496,879.28 in excess of $23,000,000 represented by the capitalization of the Power Company.

EAGLE Y. M. C. A. GROUP

The regular meeting of the Eagle Group was held February 15th. The meeting was called to order by our vice-president, Garfield Reynolds. We had a prayer by Harold Sommers. The group had their regular period of Bible study. We then began to discuss matters about a visit to the Camden Y. M. C. A. pool for a swim. The group finally decided to go on March 10th, at 6.30 p. m.

Harry Gootee suggested that we build a shack in the woods. The boys of our group are also planning for a baseball team but decided to leave it until next meeting.

We had a visitor, Mr. Thompson, who gave us a talk on his travels through the world and means of transportation. We went with him in our imagination from New York to Liverpool and from Liverpool to Arabia. He told us that camels were used for many different things, such as for riding, carrying heavy bundles and carrying the water for the people. Mr. Thompson told us that when you are out and get caught in a sandstorm you just let the camel have his head and he will find the way. It is said that a camel can run faster than a horse can gallop. He said when an officer on a horse is alongside of you his head is only up to your feet. When you ride camels there is a little Arabian about eight years old sitting in back of you taking care of the camel. His talk was enjoyed very much by all of the boys and we want to hear more about the desert ships.

We also had many other visitors who expect to join our "Y" in March. We entertained the boys by playing games.

James Wescott,
Group Reporter.

ENTERTAINMENT ! ! ! !

"A Book of Surprises" will be opened at the Epworth M. E. Church this evening and a rare treat is promised, as this is the first time an entertainment of this particular nature has ever been produced in either Palmyra or Riverton.

While no tickets are being sold for this affair, a door fee of 25c for adults and 15c for children will be charged and the proceeds are to be used by the Women's Guild of the Church for local charitable and relief work. It will be worth your while to come around and witness this entertainment.

SURPRISE SHOWER

Miss Mary E. Steedle, of Riverton entertained at her home on Tuesday evening at a surprise miscellaneous shower, in honor of Miss Eleanor J. Connell, of Palmyra, whose marriage will be an event of the early fall.

The guests included Mrs. Estelle B. Anderson, of Wynnefield; Miss Edna Bonsall, Miss Anna Connell, Miss Augusta Church, Miss Helen and Miss Margaretta Escheman, Miss Marguerite Graham, Miss Anna Musser, Mrs. Eleanor B. Connell, Mrs. William P. O'Donnell, Mrs. Nona S. Porter and Mrs. Mary O. D. Thomas, of Palmyra; Miss Mary Connelly, Miss Anna T. Land, and Mrs. Eleanor Eichman, of Philadelphia; Miss Betty Edinger, Miss May S. Burns, Miss Catherine A. Rubrecht, Miss Marion Scrank, Miss Winifred Zisak, Mrs. Jerome Zisak, Mrs. Dorcas D. Steedle, Mrs. H. G. Stonaker, Mrs. Elizabeth G. Haines and Mrs. Grace S. Edinger, of Riverton; Miss Gertrude Hurley, of Camden; Miss Lucy H. Miller, of Westmont; Mrs. Anna A. Mitchell, of Orlando, Fla.; Mrs. Miriam T. Piez, of West Collingswood; Mrs. Irene V. Royer, of Drexel Hill, Pa.; Mrs. Ethelyn P. Smith, of Gloucester; Mrs. Matilda E. Stecher, of Riverside, and Virginia H. Taylor, of Brown's Mills.

WILL AGAIN TRY SNOW ORDINANCE

Twenty-seven Rivertonians Are Summoned to Appear on Friday

The Riverton snow ordinance will have another opportunity to try its teeth on Friday.

Following the snow over the weekend twenty-seven summons were served on residents who had not complied with the provisions of this borough law.

In order that there might be no technical hitch as to the legality of the service, the notices to appear this time were delivered by the two borough marshalls, Quigley and Miller.

Two hearings will be held in the firehouse on Friday of this week, one at 2.30 and the other at 7.30 in the evening, the latter for those who do not find it convenient to be present in the afternoon.

SPELLING BEE

Burlington County Schools Enter Peirce Contest

Moorestown, Palmyra and Burlington High School have entered the Philadelphia Suburban High-School Spelling Championships, to be held at the Peirce School of Business administration, on March 19, for the Peirce School Trophies.

Each high school is now holding elimination contests to determine its champion, who will receive a cup offered by Peirce School.

Each school will enter a team of five studenst. On the morning of March 19, they will receive a written qualifying test to determine the forty best spellers and the ten best teams.

After luncheon, which will be served at the school, the ten best teams will compete in an oral bee to determine the team championship.

At 4.30 the forty best spellers will compete at Lit Bros. for the individual championship. This will be broadcast through WLIT.

NORMAL SCHOOL NEWS

On February 14, Mr. Posch had in store for us four interclass basketball games. The Junior 2's and the Senior D's led the start off. Both of the teams displayed good passing. The Junior 2's were forced to submit to a defeat of 4 to 3. A game was also scheduled between the Junior 5's and the Senior 2's. Both squads made fine attacks with every member doing her part. The Junior 5's presented a strong defense and nosed out the Senior 2's by a score of 3-2.

On February 16, Junior 5's met the Senior D's. Here the 5's continued their winning streak. Every member of the two teams showed her technique in handling the ball. The Junior 5 sextette, through their fine passing and team work furnished a big surprise by forcing the Senior D's to accept a defeat of 7-2. Because of this victory, the winning squad will meet the Junior 6's on February 26. This meet will decide the interclass championship of the season.

National dramatic week which began February the fourteenth is being observed by students of Glassboro Normal School. The Dramatic Club presented a delightful program during chapel period February 16, 1927. Those taking part in the program were Miss Ayres, president of Dramatic Club, as chairman; Miss Lord, and Miss Ship. Thursday a very fine program was given by the National Alumni players of Shoemaker School of Elocution. The two short plays and other numbers were greatly appreciated and enjoyed by the student body.

Two Senior 4 girls, on Tuesday morning, gave in chapel a very interesting dialogue to advertise the rummage sale to be held in Glassboro February 26. This sale is given under the auspices of the Senior 6's and Junior 4's. The proceeds are to be devoted to the camp fund.

175th ANNIVERSARY

Relief Fire Company, No. 1, of Mount Holly, beyond any doubt the oldest fire company in the United States, being organized in 1752 and having the minutes of every meeting held since that date, is one hundred and seventy-five years old on July 11 of this year. The fact that the date fall on Monday the committee of eighteen active members headed by Benjamin F. Hirshblond as chairman, has decided to hold a celebration on July 16, which will be Saturday.

It is expected that there will be more than a hundred visiting fire companies form all parts of New Jersey, Delaware and Eastern Pennsylvania, here for the monster parade to be held in connection with the celebration, and Governor A. Harry Moore and General Bird W. Spencer, head of the State Firemen's Association, will be invited to attend and address the large assemblage of firemen.

More Oranges and Grapefruit will arrive Saturday or Monday at the Riverton Freight Station. Harry E. Shea. Phone 798-J.

RIVERTON ITEMS

Mr. and Mrs. Richard M. Hollingshead entertained at dinner Sunday in honor of Mr. and Mrs. William Butler, of Philadelphia, who are sailing for a three-months' tour of Europe this week. Mr. and Mrs. Hollingshead have just recently returned from the Canadian winter sports and carnival.

Mr. and Mrs. Joseph Beck Tyler have gone on a trip to Havana, Cuba.

Mrs. G. Rex Showell is spending the week in Atlantic City.

Mrs. David Nagle and daughter, Miss Evelyn, of Philadelphia, and Mr. and Mrs. Allen Jarvis and family, of Merchantville, were guests at the home of Mr. and Mrs. Walter M. Crouch on Tuesday.

Harry O'Neil, of East Riverton, was arrested shortly after midnight Friday morning by Officer Walter G. Miller, and Justice of the Peace amounting to $11.25 on the officer's Coddington imposed fine and cost drunken disorderly charge.

You'll be interested in the P. T. A. talent day, April 21st, in the Riverton school auditorium. A cordial invitation is extended.

Miss Lillian Moore, of Maryland College, Lutherville, Md., spent the weekend with her sister, Mrs. Charesl H. Yost.

Mrs. J. Russell Jermon visited friends in Philadelphia on Monday.

Mr. and Mrs. Frank C. Cole was at Atlantic City from Tuesday until Saturday of last week.

Mrs. R. F. Golden, of South Orange, is spending a few days with her parents, Mr. and Mrs. William A. Major.

Miss Elsie Ballinger, of Tacony, and Mr. Harry Robbins, of Philadelphia, will be married on Saturday. Miss Ballinger is a niece of Dennis Maloney. Mr. and Mrs. Dennis Maloney and Mrs. Otto Sauers expect to attend the wedding. Mr. and Mrs. Robbins will go to Flint, Mich., for their wedding trip and spend the time with Mr. and Mrs. George D. Robertson. Mrs. Robertson was Miss Catherine Schonfeldt, a former Riverton resident.

Miss A. B. Campbell and Miss Edith Coale expect to sail from New York on Saturday for New Orleans, where they will join Mr. and Mrs. J. Lawrence Lippincott on their auto tour.

Stanley L. Smith, of Ardmore, is spending a few weeks with his brother, Alex M. Smith.

Mr. and Mrs. Edward S. Wood, of Riverton, have gone to Florida, and are stopping at Hollywood Beach Hotel, Hollywood.

Mrs. E. B. Showell left Wednesday evening for a visit with Mrs. Jack M. Showell, who is temporarily living with her father at Adrian, Mich. Mrs. Showell expects to be gone about two weeks.

Mrs. John Reither, of Trenton, is slowly recovering from a serious illness. She will be remembered by Rivertonians as Mrs. Lizzie Smith.

Mr. and Mrs. J. C. DeLaCour, who are spending the winter at Hibernia, Fla., expect to attend the Mardi Gras at New Orleans.

Mrs. Alex M. Smith entertained Mrs. Lawrence Austin, of Roebling, on Thursday.

Miss Ruth Ruster and Miss Elsie Ogden gave Miss Harriet Ruster a miscellaneous shower Saturday evening at the Ruster home. Sixteen guests were present, and a very delightful evening was spent.

Alex M. Smith attended a dinner at the Camden Club on Wednesday evening, representing Joseph T. Evans, a member of the Tri-County Lumberman's Association.

Mrs. John E. Shelbley having been confined to her bed suffering from La Grippe is now able to be up and around again.

Mr. and Mrs. S. B. Lisk entertained the Rev. and Mrs. F. S. Ritter, of Maple Shade, at dinner Saturday evening.

Mrs Lillian Shain and daughter, Miss Helen, visited friends in Woodbury on Sunday.

Miss Erma Lisk, of New York, was home over the weekend.

SNOW ORDINANCE

For the information of those who may not be familiar with the provisions of the snow ordinance passed by the Mayor and Council of the Borough of Riverton, January 1926, section 2 is reprinted herewith.

BE IT FURTHER ORDAINED that the owner or owners of every lot or land fronting on any street, or highway, or public place within the limits of the Borough of Riverton who shall fail, within twelve hours of daylight after the sidewalk in front of said lot of land shall have been covered with snow or ice, to remove, or cause to be removed, such snow or ice, shall upon conviction thereof forfeit and pay a fine of Five Dollars.

The Ordinance further provides that if the property owner does not clean the sidewalk the work will be done by the Borough and the charges collected form the owner in addition to the fine.

Possession of a motor car enables some to revive their village practice of running to a fire.

TO BOOM MASONVILLE

It is understood that a Philadelphia real estate concern intends to improve that portion of ground lying between Centreton road and the Creek road, just below the schoolhouse, Masonville, and that a street connecting the two roads is to be cut through below the schoolhouse, while another street connecting Fleetwood avenue with the Creek road will also be cut through, the latter running just back of the school house. If this rumor is true, then nearly the entire village will have been laid out, as this will take in all the property between Centreton road, Creek road and Marne Highway. Another rumor which has been passing around the last few weeks is that a large textile concern contemplates erecting a plant here, and this if true, should be a great step toward a greater Masonville.

Niagara Falls Near Trenton

Existed About Thirty Million Years Ago According To Dr. Twitchell

Evidence that a prehistoric waterfall, probably rivaling the famous cataract of Niagara, existed on the Delaware river in the vicinity of South Trenton, between twenty-five and thirty million years ago, has just been brought to light by Dr. M. W. Twitchell, assistant state geologist, of the New Jersey Department of Conservation and Development, while making an extensive study of the well records with a view to making predictions as to the underground water supply in that part of Trenton.

Dr. Twitchell states that according to the well records, while boring a well in the State Prison, bed rock was struck fifty feet below the surface. At the Hygeia Ice Plant, at the foot of Lalor street, which is only a half mile away, a well 264 feet deep failed to reach bed rock, penetrating nothing but sand, gravel and clay. This gives every indication that between these two points there must have been a great cliff, and consequently a great waterfall sometime in the past.

Further evidence indicating that this cataract existed, is brought out in the fact that Gneiss, or "banded granite" rock ledges are exposed at low tide in the bed of the Delaware river opposite the State House, or about one and one-half miles up stream from the ice factory at the foot of Lalor street. In 1924 a well was drilled at the "Lalor Street Plant," of John A. Roebling Sons Company, on Wolverton Street. Although this well was 198 feet deep, it penetrated nothing but sands, gravels and clays, thus corroborating to that depth the record of the ice factory well.

It is evident that there must be a steep drop in this solid rock surface, under the unconsolidated sands and clays, somewhere between the State Prison yard and the Roebling well on Wolverton street, and somewhere between the ice factory and the rocks in the bed of the river near the State House.

By considering the geological formation of the earth at this point, and according to the latest method of estimating geological time, based on the rate of alteration of radium, Trenton's prehistoric waterfall existed in the Cretaceous Period, or from twenty-five to thirty million years ago. This period is a part of the "Age of Reptiles," the time when the Trachodon, or duck-billed dinosaur, the Anchisaurus, a kangaroo-shaped form, similar to the famous flesh-eating reptile of the west called "The Ceratosaurus," and other giant reptiles probably roamed this region.

The ancient cataract at Trenton was located about three-quarters of a mile below the Pennsylvania Railroad bridge, in the neighborhood of Landing street. The crest extended east beyond the present canal to at least as far as Wolverton street and west as far as the present east bank of the Delaware river. This indicates that the crest was at least a half-mile broad with no evidence as to how much broader it may have been.

The height of the cliff was at least 225 feet from the crest to the bed of the river below the falls. It must have been higher, but there is no evidence to show the full height. The height of the visible fall above the river surface cannot be determined, but figuring on the basis of other waterfalls, the visible fall was probably greater than the depth of the water, or over 113 feet.

Compared with Niagara falls, it would appear that the ancient cataract at Trenton was nearly as high. It may have been full the equal of Niagara, but this cannot be proven until other wells or borings actually reach the bed rock below the ancient cliff.

WANTED—WIFE

Last week the Mirror contained an item in Lumberton news, telling of a young lady of that village who desires a husband. Remembering that "every Jack had his Jill", it is not surprising that there came an inquiry on Monday from a man who wasn't afraid to sign his name, so The Mirrior directed him to the source of its information concerning the young lady of matrimonial bent, and hopes that wedding bells will ring out in due course.

NEW SHOE MACHINE

"Penn Prince" presents a modern method of resoling ladies' shoes.

Nick Beitz has installed a new and up-to-date "Standard Hydro Press" an English patent which cements while it moulds the sole to the contour of your shoe by hydraulic pressure. This is a new process for resoling ladies' shoes and can do four different styles, namely: turns, stitchdowns, McKays and welts.

This new machine now does away with a lot of labor, no nails, no stitches and no more tight, stiff shoes. Mr. Beitz can now do a light weight or medium resoling job with the finish and appearance of new shoes.

A PICTURE

Millions of daisies
Running up a hill,
(Wind-blown May drifts)
Watch how they drill
Swiftly, orderly,
They climb to the top,
Then in an instant
They come to a stop:
And look beyond
The sheep afar
In the quiet field
Where daisies are.

Richard Ellsworth Adams.

Don't make the same mistakes twice. Make another one. Variety is the spice of mistakes.

PALMYRA NOTES

Last week Prof. Lr. Vollmer delivered a course of fine lectures on Social Evangelism at the Concordia Brotherhood meeting, Washington, D. C.

The Palmyra Ambulance Association has received a check of $150.00 from Cinnaminson township which is greatly appreciated.

A correction in regards to the of the Palmyra and Riverton papers. D. A. R. news in last week's issue The word hysterical should have been historical.

Mr. and Mrs. A. Lester Brewer, of Morgan avenue, are receiving congratulations on the birth of a nine-pound baby boy, Kenneth Lester, on February 17th.

A very delightful birthday party was given to George M. Rivel, Jr., at his home at 1117 Garfield avenue, Palmyra, last Saturday evening. George celebrated his 4th birthday on Monday, February 21. The house was very beautifully decorated in red, white and blue for Washington's Birthday. Sixteen little guests were present. Those who helped George celebrate were: Merion and Jean Keeney, George Loose, Joseph Franklin, Betty and Karl Neely, Marion and Peggy Jones, Edward Wenbach, Frank Davidson, Junior Parkes, Howard Shaner, John and Melvin Mays, all of Palmyra, and George's two cousins, Jane Rowen and Jay Warren Rowen of Tucson, Arizona, who are stopping at Moorestown.

Robert D. Coward will present "The Story of Jesus in Music" at the Central Baptist Church on Sunday evening, playing a number of selections on his musical saw.

Mrs. F. W. Rohland entertains the Philathea Class at a thimble party at her home this afternoon.

George Washington Saylor, of Parry avenue, celebrated his fourteenth birthday, Tuesday.

Mrs. Norman C. Saylor, of Parry avenue entertained her sister, Mrs. Chester Stout and daughter of Camden, Tuesday.

Dr. and Mrs. Dean H. LeFavor, of Morgan avenue entertained her brother from Philadelphia as a weekend guest.

Miss Anna McConnell who has been suffering from a severe attack of quinsy and tonsilitis is reported improving nicely.

Although experiencing very inclement weather on Saturday, the Philathea Class feel very grateful to their many friends for their patronage during their food sale for they cleared over $100.00.

"Casey's Dream" a comedy written by Herbert Warren and one which has attracted many large audiences wherever produced, will be given by the Tallow Barrel Class of the Central Baptist Church on Thursday, March 10th in the church.

We are pleased to see our congenial newdealers, "Ike" Rogers back on the stand after his recent illness.

Mr. and Mrs. Thomas Carroll visited their brother and wife, Mr. and Mrs. Joseph N. Carroll, at Llanerch, Pa., Sunday.

Rev. Philip Vollmer was in Washington, D. C., last week on a three-day lecture engagement.

Mr. and Mrs. Albert Smith, of Stonehurst, spent Sunday with her parents, Mr. and Mrs. Harry Kemmerle, Sr.

Mr. and Mrs. William Blundin, of Cynwyd, and Miss Blanche Clift, of Tioga, spent Tuesday as guests of Mr. and Mrs. George J. Seel.

The monthly meeting of the Junior Philathea Class was held at the home of Mrs. James M. Weart, on Highland avenue, Monday evening. Mrs. Weart and Mrs. Ridge Yerkes were hostesses.

Contractor C. E. Stavely has been awarded a contract to build a house at Beach Haven for Jonas Oler, of Camden.

Rev. Charles W. Williams, who was operated on last week on Wednesday at the Pennsylvania Hospital, was doing very nicely at last reports. Mr. Williams was a former pastor at the Central Baptist Church and has a host of friends in this vicinity.

The regular monthly meeting of the Needlework Guild will be held at the home of Mrs. Theodore Morris, 739 Garfield avenue, on Tuesday, March 1st, at 2.30 o'clock p. m. A large attendance is urged.

Professor Charles Palphreyman is moving from 610 Highland avenue to 829 Morgan avenue.

The Broadway Palace offers to its patrons, "Stella Dallas" the Henry King production, next Monday, Tuesday and Wednesday evenings. A Cameo comedy will be added on Monday and Tuesday nights while "News" is the added feature on Wednesday evening.

The regular monthly business meeting and social of the King's Daughters Bible Class will be held at the home of Mrs. Harry Saar, Tuesday evening, March 1st.

Mrs. John H. Etris, with friends from Camden and Harrisburg attended a luncheon and card party at the Benjamin Franklin Hotel on Wednesday of last week.

John H. Etris and C. W. Lowden attended the hardware convention in Philadelphia last week.

Mrs. Bert Ward entertained the sewing circle on Thursday to a luncheon.

R. Todt has returned to Palmyra after spending some time in the southern states.

The French classes at P. H. S. are communicating to pupils in France. Much interest is shown in their letters in the opposite language. These communications are much fun as well as very educational.

The attractiveness of some of the store windows in our business section is to be commended but there are still some that can be improved. This not only advertises the merchant but it creates a good impression on the passerby or visitors and indirectly advertises our hamlet. Lets keep it up.

Mrs. Lucille Bellard has been on the sick list with a slight cold during the past week.

Mrs. Albert Boas entertained friends at a card party, Wednesday evening.

Mr. and Mrs. Joseph W. Graham, of Horace avenue, entertained at cards; last Thursday evening. Among the guests present from Palmyra were Mr. and Mrs. Albert Boas, Mrs. Clara Goldy, Shirley Boas, Mr. and Mrs. Robert Fichter, Mr. and Mrs. Charles Heberly and Fred Heberly.

A George Washington party and dance was given by the personnel of the League Island Hospital at the Navy Yard, Tuesday evening, under the supervision of Mrs. Edith Lee Stewart, Red Cross hostess. The Misses Edna Tees, Ruth Neville, Kathryn and Fannie Green attended under the chaperonage of Mrs. William F. Letford, of Parry avenue.

While Mayor Weart is not in danger of gaining a reputation as a marring Magistrate, yet it is a fact that His Honor performed a wedding ceremony this week, the first in the history of his career as Mayor of Palmyra. The contracting parties were Homer A. Chambers and Sarah E. Cowan of Atlantic City. They were married at the residence of Mayor Weart on Wednesday morning at 10 a. m.

The regular monthly business meeting of the In-As-Much Bible Class will be held at the home of Mrs. A. H. Rudduck, 725 Washington avenue, Tuesday evening, March 1.

The Past Templars met at the home of Mrs. Charles Luts, Tuesday evening.

Miss Elsie Schmierer was tendered a miscellaneous shower last Thursday evening by the members of the Methodist choir.

A surprise party was tendered John Ackerman ,of Germantown, last Saturday evening at the home of Edward Fox on Garfield avenue. The guests were Miss Helen Fox, of the West Jersey Hospital; Arthur DePriest, of Camden; Miss Marie Fox and Mr. Ackerman, Mr. and Mrs. William Engle, Mr. and Mrs. Benjamin Rielly, Mr. and Mrs. Curtis E. Stavely, of Palmyra, and Mr. and Mrs. Albert Smith, of Stonehurst.

Frank Lloyd spent the weekend at his home in Pottstown, Pa.

Mr. and Mrs. H. Gottschalk, of Horace avenue, are enjoying the sunshine down in Florida.

The Ladies' Auxiliary of the Palmyra Fire Company gave a roast beef supper at the fire house Tuesday evening. About 50 to 60 enjoyed the delightful supper.

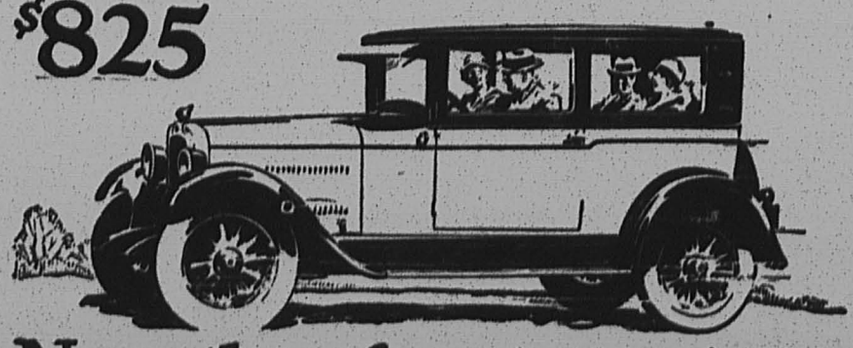

Mrs. Palmer Adams, of Cleveland avenue, entertained Miss Margaret Allen of Philadelphia over the weekend.

Mrs. J. J. Pederson who has been visiting her parents, Mr. and Mrs. Edward E. Fox, of Garfield avenue, for sometime, left for her home in Portland, Oregon, last Saturday.

Mrs. Wilbur Fox entertained friends at a luncheon and card party, Wednesday afternoon.

Mrs. Frank A. Kates, Jr., entertained several friends at a small party last Saturday evening in honor of Mr. Kates, who celebrated his birthday that day.

Mr. and Mrs. James B. Seithers moved into their new home on Columbia avenue above Melrose on Tuesday.

SEDAN OR COUPE $825

No other *low-priced* six will ever give you this

It is not beyond the realms of possibility that some day there will be offered a newly created six, closely approximating in basic design and price the Pontiac Six as introduced a year ago.

But even if that car does make its appearance, it will lack one powerful inducement to ownership that is of paramount importance in contemplating the Pontiac Six:

Its design and construction will not have been proved by millions of miles of actual service in the hands of thousands of owners. And *that is essential, even in a car which was tested and developed as the Pontiac Six was for over three years prior to its announcement!*

Design and construction so convincingly demonstrated means more than the elimination of fundamental weaknesses. It means peace of mind from one year's end to the other—and that is what buyers have a right to get, no matter how much or how little they pay!

Pontiac Six, $825 to $975. Oakland Six, companion to Pontiac Six, $1025 to $1295. All prices at factory. Bodies by Fisher. Easy to pay on the liberal General Motors Time Payment Plan.

BRANCH DOESN'T PAY

Railway Company Seeks to Abandon Vincentown Line

At a special meeting at Broad Street Station, Philadelphia, the directors of the Camden and Burlington County Railway Company passed a resolution authorizing application to the Inter-State Commerce Commission and the New Jersey Public Utility Board for permission to abandon the Vincentown branch extending from Ewansville to Vincentown, a distance of about three miles, and which is said never to have been profitable.

There has been very little service given on the branch railroad for years, owing to the gradual shrinkage of business until little remained, either in freight or passenger traffic.

Years ago there was heavy shipment of milk from the Vincentown station and other points between that town and Ewansville, but for a considerable time the most of the farmers have shipped their milk to Camden and Philadelphia by motor truck. The passenger business long has been negligible partly because there were so few people to ride and partly because the only occasional trains did not invite public patronage.

Some time ago there was a move by the Pennsylvania, lessee of the Camden and Burlington County, and owner of the majority of the stock in that non-operating company, to abandon the Vincentown branch, but through some technicality, the program had to be abandoned for the time being.

When the formal applications are received by the two regulative bodies having jurisdiction, there will be public hearings, but so far as is known there is no serious objection to the abandonment of the branch.

FIRE CHIEFS ORGANIZE

Moorestown Man Leads Movement For Higher Efficiency

Under the leadership of Chief Ellis H. McAllister, Moorestown, a Burlington County unit of the New Jersey State Fire Chiefs' Association has been organized. This is another big step towards increasing the efficiency of the departments throughout the county.

McAllister, who is the outstanding chief in the county, being thoroughly trained in the methods of preventing and combating fires, is president as well as the organizer of the new county unit.

Chief McAllister, in addition to being in close touch with the work of the state body, is also an active member of the international association and is a regular attendant at all of the international conventions, which are highly educational in the work.

Every branch of service will greatly benefit by the new unit under the direction of a man of the calibre of McAllister. The chiefs will meet regularly, once a month, and will be taught the latest fire-fighting methods. Plans to increase the efficiency of the departments along all lines and programs of fire prevention will be mapped out.

The chiefs from twelve communities became affiliated with the organization at its first meeting and since then several more have notified President McAllister of their intention of joining the unit.

F. Whitmer Atkinson, also of Moorestown, is the acting secretary of the body.

ALONE WITH GOD

Alone with God in silent prayer,
My heart will be content
While, through the power of his love,
Rich blessings will be sent,
My soul will, resignation, learn
To do what is his will;
He, all my loving, trusting heart,
With faith and trust, will fill.

Then, when the trials of life will come
Dear Lord, alone with thee,
Let me commune in silent prayer
And, thy blest wisdom, see;
For thou will guide me through each night
When dark may seem the way;
And when I'm guided by thy light
The night will turn to day.

Martha Shepard Lippincott.

How fortunate that the things we actually need are not very hard to get.

In order to highly entertain in conversation, you generally have to say things you oughtn't to.

At Arizona University

Harris Sacks Attending Medical School in Southwest

Harris Sacks, of Palmyra Hi and Mercersburg Prep track fame, is now attending the University of Arizona. Sacks has been away two weeks and is taking the medical course at the university.

Mrs. Sacks received word from he son who says Arizona is ideal. He says the university is simply great. Harris says the people in Arizona are very sociable and although he has not been there long it seems that he has known the people for years.

Harris has sent home for his track outfit. He is also participating in tennis and baseball. He also asked for light clothing as the students go to school in their shirt sleeves. Good luck, old boy, we're all with you and wish you success.

Public Service Corporation of New Jersey

Dividend No. 70 on Common Stock
Dividend No. 33 on 8% Cumulative Preferred Stock
Dividend No. 17 on 7% Cumulative Preferred Stock

The Board of Directors of Public Service Corporation of New Jersey has declared dividends at the rate of 8% per annum on the 8% Cumulative Preferred Stock, being $2.00 per share; at the rate of 7% per annum on the 7% Cumulative Preferred Stock, being $1.75 per share; and 50 cents per share on the non par value Common Stock for the quarter ending March 31, 1927. Dividends are payable March 31, 1927, to Stockholders of record at the close of business March 4, 1927.

Dividends on 6% Cumulative Preferred Stock are payable on the last day of each month.

T. W. Van Middlesworth, Treasurer.

Public Service Electric and Gas Company

Dividend No. 11 on 7% Cumulative Preferred Stock
Dividend No. 9 on 6% Cumulative Preferred Stock

The Board of Directors of Public Service Electric and Gas Company has declared the regular quarterly dividend on the 7% and 6% Preferred Stock of that Company. Dividends are payable March 31, 1927, to Stockholders of record at the close of business March 4, 1927.

T. W. Van Middlesworth, Treasurer.

ORDINANCE

An Ordinance authorizing the issuance of temporary Notes to the amount of Twelve Thousand Dollars for the purpose of purchasing (a) One Triple Combination Pump, Chemical and Hose, 6 cylinder Motor Car and (b) the mounting of One 40 Gallon Tip over Type Chemical Tank with agitator and full equipment for same, also one 40 ft. trussed extension ladder on American-LaFrance Pumping Car now in service at Riverton, N. J., for the Borough of Riverton.

BE IT ORDAINED by the Borough Council of the Borough of Riverton:

1. That temporary Notes of the said Borough of Riverton be, and are hereby authorized to be issued for the purpose of purchasing (a) One Triple Combination Pump, Chemical and Hose, 6 Cylinder Motor Car (b) the mounting of One 40 Gallon Tip over Type Chemical Tank with agitator and full equipment for same, also one 40 ft. trussed extension ladder on American-LaFrance Pumping Car now in service at Riverton, N. J.

2. That the amount of money necessary to be raised for such purpose is Twelve Thousand Dollars.

3. That such Notes shall bear interest at the rate of not more than six per cent per annum and the form and denomination and other matters in respect thereof shall be left to be determined by subsequent resolution.

4. That it is hereby determined and declared as follows:

(a) The probable period of the usefulness of such Fire Apparatus is ten years.

(b) The average assessed valuation of the taxable real property, (including improvements), of such Borough of Riverton, computed upon the next preceding three valuations thereof in the manner provided in Section 12 of Chapter 252 of the Laws of 1916, and the amendments thereof and the supplements there to is $73,629.87.

(c) The net debt of the Borough of Riverton computed in the manner provided in Section 12 of Chapter 252 of the Laws of 1916 and the amendments thereof and supplements thereto is 2.62%.

(d) That the statement required by Section 12 of said Act and the amendments thereof and supplements thereto has been made by the Treasurer of said Borough of Riverton, the chief financial officer of said Borough of Riverton, and filed in the office of the Clerk thereof as required by said Act, or the amendments and supplements thereto.

5. This Ordinance shall take effect upon its publication as required by law.

NOTICE

Notice is hereby given that the foregoing ordinance was introduced at a regular meeting of the Council of the Borough of Riverton held on the 10th day of February, nineteen hundred and twenty-seven, and that at a regular meeting to be held in the Council Chamber of the Borough of Riverton on the 10th day of March, nineteen hundred and twenty-seven, at the hour of 8 o'clock in the evening, the said Council will consider the final passage of said Ordinance.

By order of the Council.
Dated 2|10|27
DANIEL M. CLIFTON,
Borough Clerk.

SHERIFF'S SALE

By virtue of a Writ of Fieri Facias, to me directed out of the Court of Chancery of the State of New Jersey, I will sell at Public Sale, on:

THURSDAY, MARCH 17, 1927

between the hours of 12 and 5 o'clock in the afternoon of said day, (to wit, at 2 o'clock), at the Court House, Mount Holly, Burlington County, New Jersey;

ALL that certain tract or parcel of land and premises hereinafter particularly described, situate at East Riverton, in the County of Burlington and State of New Jersey.

BEGINNING at a point in the Easterly line of South Belleview Avenue, said point being one hundred and twenty-five feet South of the Southerly line of Rowland Street and in the Southwest corner of Lot Number twenty-nine (29) extending thence Southwardly along the easterly line of said South Belleview Avenue, fifty feet in front or breadth to the Northwest corner of lot Number thirty-five (35) in section number thirteen on Plan of Charles E. Price's Extension of Riverton; thence extending eastwardly of that frontage between parallel lines at right angles to said South Belleview Avenue, twenty feet to the building line for said South Belleview Avenue; thence extending on in the said Easterly direction a further distance of one hundred and five feet, to the rear of lots numbers thirty-two (32) and thirty-four (34) in Section thirteen (13) fronting on South Warrington Avenue. Containing within said bounds a rectangular lot of land, fifty feet front on said South Belleview Avenue by one hundred and twenty-five feet deep; Being lots numbers thirty-one (31) and thirty-three (33) in Section number thirteen (13) on aforesaid plan.

Decree approximately $1059.58 besides interest, costs and fees.

Seized as the property of William H. Davis, Jr., et als., Defendants, and taken in execution at the suit of Harriet E. Benner, Complainant, and to be sold by:

A. ENGLE HAINES,
Sheriff.
Dated February 10th, A. D. 1927.
GEORGE M. BACON, SOL'R.

S. HOWARD TROTH
Administrator.
Dated January 28, 1927.
Proctor: S. Howard Troth.

Seven Defendants In Criminal Court

Session Produces Several Matters for Consideration and Disposition of Officials

Judge Slaughter disposed of several criminal matters at Thursday morning's session of Court last week, and probably the most interesting being that of the State against Arnold J. Beckenbach, formerly a practicing attorney of Palmyra, was laid over for one week, owing to the illness of the defendant's counsel, James Mercer Davis.

Beckenbach was indicted for misappropriating funds belonging to a client and pleaded non vult. Since that time, probably to save himself from disbarment proceedings, he has tendered his resignation to the State bar and it was stated in Court on Thursday that this had been accepted. This is an unusual proceeding and a privilege probably never before exercised in this State.

Dominico Jiardino, wanted for carrying weapons and for an assault in Woodland township on October 10, has been living in Philadelphia and was surrendered by his bondsmen.

Jiardino, it is claimed, is one of three young Italians who held up an auto near Chatsworth, but in Court on Thursday he claimed that it was his brother who was wanted and not himself.

However, he pleaded not guilty to both charges and was instructed to secure counsel.

William Ingram, colored, of Riverside, who has also been a fugitive since it is claimed that he broke into the home of Stella Kemp, in that town, on April 24, 1925, was recently arrested and pleaded guilty.

The prosecutor stated that his recollection of the affair was a little hazy as to the occurance and he requested a week's time to acquaint himself with the facts of the case. This was granted. He will also look up the man's record.

Albert Goodman, colored, of Moorestown, pleaded guilty of assault and battery on Mary Gibson, who was arrested recently on a statutory complaint and sent to the State Home for Women at Clinton.

Goodman was given sixty days in the county jail and the Court hinted that he should be given some work to do.

Glenn C. Bethel, of Burlington, who bears a very bad reputation in his home town, pleaded guilty to a charge of stealing a Ford car, the property of Samuel Fenimore, of that city, and later smashing the car badly when it collided with a telegraph pole.

He went back to jail for six months.

Frank Bendell, of Burlington, charged with failure to support his two minor children, will furnish a bond of $300 as a guarantee that he will pay $10 a week for the support of the children or remain in jail until such bond is forthcoming.

Willard F. Lippincott applied to the Court for the cancellation of a mortgage given in 1839 on the property of Samuel Bullock, deceased, on Garden street, Mount Holly. This mortgage stands in the way of giving a clear title to Mount Holly Lodge No. 14, F. & A. M., which has recently purchased this property.

Counsellor George M. Hillman also requested the cancellation of two mortgages given on a farm later owned by Bowman S. Lippincott near Marlton. The mortgages were dated 1839 and 1849 and Mr. Lippincott, who has owned the place for more than forty years, had never heard of the mortgages, neither had Herbert Fowler, who purchased the property from Mr. Lippincott, until he attempted to sell the place to Theodore Spitzer.

The application was granted.

W. C. T. U.

Every woman interested in the work of the WCTU is invited to meet with the Palmyra-Riverton Union, at their meeting in the Epworth League Social Room of the M. E. Church this Friday, Feb. 25, at 2.30 p. m.

Rev. J. W. Lee will address the meeting, taking for his subject, "Woman's Implements," and Mrs. D. Grey Schwartz will render a solo.

A Social time will follow, tea to be served by the Executive Committee. Every Christian woman wants to count in works of the nature carried on by this organization, and one of the best ways to do so is to support your local Union.

MISS SLISSY and BETSEY

Among the cast of "The Blossoming of Mary Ann," the play to be staged on March 25th and 26th, by the senior class of the Palmyra High School, there is Miss Sarah Applegate Slissy, the village seamstress.

This character part, capably filled by Muriel Burgmann, will bring a laugh from every member of the audience. Miss Slissy prides herself upon the quality of her work, and upon her antique styles.

Betsey, another amusing character, played by Grace Bauer, is a maid whose duties never worry her. Her interests are almost totally centered in two things, the hired man, and her salary. If calmness is a virtue, we predict a very brilliant future for this girl.

MARY E. THOMPSON

Mary E. Thompson, widow of the late Charles R. Thompson, died Sunday evening at the home of her son-in-law, Robert E. Deppy, North Eighteenth street, Philadelphia. She was 76 years old.

Funeral services were held yesterday (Tuesday) afternoon at the Moorestown Methodist Episcopal Church at 2.30 o'clock with the Rev. Dr. G. H. Hamason in charge. Interment was made at Harleigh Cemetery, Camden.

Mrs. Thompson's husband, Charles Thompson was police recorder and night officer at the Moorestown police station for several years. Mrs. Thompson made her home here for some time and is very well known in this section. She is survived by two daughters, Mrs. Lewis Heckenborn, of Chester avenue, Moorestown; Mrs. Robert Deppy, of Philadelphia, and William O. Thompson, of West Main street, Moorestown.

BAPTIST CHURCH

This afternoon (Thursday) Mrs. F. W. Rohland, 208 Cinnaminson avenue, will entertain the Philathea ladies in their monthly thimble party.

Sunday morning, Pastor Lockett will have for his subject "The Victorian Christ."

In the evening, in addition to the regular service, a very unique feature will be presented. Robert D. Coward will play a number of selections on his musical saw, using this ingenious instrument to tell us "The Story of Jesus in Music," from His birth to His resurrection. The pastor will deliver a short sermon on "The Great Question."

The B. Y. P. U. meeting at 7 o'clock will be led by Miss Dorothy Randolph. "Christ in Alaska" is to be the subject for discussion.

Monday evening the last in the series of cottage prayer meetings during February will be held in eight different homes. Attend the meeting nearest to your home.

The Primary Department is planning for a "Musical Tea" to be given on Saturday afternoon, March 5. The mothers of children in the department will be the special invited guests, but others are welcome. The children will meet this Saturday afternoon at 3 to prepare for entertaining their mothers the following week.

Tickets are still selling for "Casey's Dream" to be presented by the Baraca Class on March 10. The Casey family assures the audience of many a good laugh and some good singing too. Get your tickets early.

"God writes with a pen that never blots, speaks with a tongue that never slips, and acts with a hand that never fails."

EPISCOPAL

Christ Church, Parry Avenue
Rev. G. J. McCormack, M.A., L.Th
Rector

A favorite expression used to be "What are you going to give up during Lent?" That is a sort of negative idea, and possibly the reason why many people benefitted little by the Season. A truer idea would be how can I know God in a more real and vital sense through a proper keeping of Lent. Of course this takes for granted people want to know more about God, that in the words of a modern poet

"But my one unchanged obsession
Wheresu'er my feet have trod,
Is a keen enormous, haunting,
Never-sated thirst for God."

To such who hunger and thirst, the season offers a splendid opportunity. The spring—for that is the meaning of the Anglo Saxon word "lenten" will soon be with us in all its glory. Let us make in the words of a recent writer "an indomitable effort to find out God, being assured that without Him the universe, with all its splendor and all its endlessly evolving glory, is nothing, merely nothing. There will be special preachers throughout Lent.

Ash Wednesday will be marked by a celebration of the Holy Communion at 10.30 a. m. and the first of the Wednesday evening services commencing at 8 p. m. On Thursdays at 4 p. m. there will be a short service of Evensong with a brief address, the whole lasting forty-five minutes. A special invitation is extended to High School students to attend these services.

The Women's Auxiliary of Christ Church plans to meet every Thursday during Lent in the Parish House at 10.30 a. m. to do work for the mission field of our church. Luncheon will be served at one o'clock and an afternoon session will follow, concluding with the short service at 4 p. m.

Plans have been perfected for a joint meeting of the Palmyra and Riverton Auxiliaries in the Parish House of Christ Church, Riverton. A sale of work will be held in the afternoon, and at 8 p. m. there will be addresses given by Mr. and Mrs. Pancoast of Philadelphia on China. They will be able to give an authoritative idea of the trouble in China, having resided there many years. A most interesting gathering is anticipated. Don't forget the date, March 9th.

On Shrove Tuesday, March 1st, the St. Agnes Guild will give a pre-Lenten luncheon in the Parish House at one o'clock.

Services Next Sunday

Holy Communion 7.30 a. m.
Morning Prayer 10.30 a. m.
Sermon "The Belief in God"
Sunday School and Bible Class 2.30
Evensong and Sermon 8.00 p. m.
"Simplicity or Complexity"
Welcome to Lent — The ante chamber of Easter Joy.

Calvary Presbyterian

Fourth St. and Lippincott Ave.

Starting next Sunday, February 27th, and until further notice, all Sunday services of Calvary Presbyterian Church will be held in the Riverton Public School auditorium. Morning worship at eleven o'clock and Sunday School, main school at ten o'clock; primary divisions at 2.30 p. m. During the period of services in the school building, there will be no Sunday evening services.

The Christian Endeavor Society will meet on Sunday evening, February 27 at 7.15 at the home of Miss Grace Davis, 104 Main street, Riverton, and on Sunday evening, March 6th at the church manse, 213 Lippincott avenue.

Midweek service on Wednesday, March 2nd, will be held at the home of Mrs. John Hillson, 614 Linden avenue.

Next Sunday evening, February 27th, this church will join in a union service with the Parry Moravian Church and the Epworth M. E. Church, to be held in the Methodist Church at 7.45 o'clock. Wilson M. Hume, from India, will be the speaker. Mr. Hume comes at the request of the Religious Work Committee of the Palmyra Riverton YMCA Board, and has a living message of the work of the YMCA in India. Every member of this congregation is urged to take advantage of this exceptional opportunity to hear him.

The annual meeting of the Ladies' Aid Society will be held on Wednesday afternoon, March 2nd, at 2.30 o'clock, at which time the annual election of officers and the collection of dues will take place.

The Women's Missionary Society will meet at three o'clock on the same day. Both meetings will be held at the home of Mrs. C. Lawrence Peterson, 209 Lippincott avenue. All ladies of the congregation are urged to attend.

EPWORTH METHODIST EPISCOPAL CHURCH

Rev. J. William Lee, Minister

A program of interest will be presented in the Church School at 10 a. m.

The musical numbers at the Church Service at 11.15 a. m. will consist of Prelude "Largo" by Handel; Processional "Jesus, thou Everlasting King; Anthem "The Radiant Morn" by Choir; Offertorie "Consolation," Mendelssohn; Postlude "Andante" by Bargiel. Selection by Jr. Choir. Sermon, "Heirs."

Epworth League devotional meeting at 6.45 p. m. will be addressed by Mr. H. Mendoca, of the Phillipine Islands, President of the Phillipine Federation of America.

At 7.45 p. m. the Presbyterian, Moravian and Methodist Churches will hold a union service in this Church. Dr. Wilson M. Hume, Director of Y.M.C.A. work in India, a graduate of Yale University, will speak on the Indian Christian Movement. Dr. Hume will also tell of the great work of Dr. Stanley Jones, one of the greatest missionaries in India. This is a rare opportunity for the residents of Riverton and Palmyra to hear this gifted speaker who will bring up-to-date information about conditions in "India the Wonderful." Dr. Hume is on a furlough and comes to us through the courtesy of the local YMCA.

The musical program will consist of Prelude "The Lost Chord," by Sullivan; Processional "Work for the Night is Coming;" Soprano Solo Mrs. Robert Handford; Anthem "Lift up your Heads," Choir.

On Thursday evening at eight o'clock The Women's Guild will give "a Surprise Book Entertainment" in the Temple, unique and pleasing, many characters in elaborate costumes taking part. Admission, including refreshments, Adults, 25c. children, 15c.

Junior League Friday 3.45 p. m.

The W. C. T. U. will hold their regular meeting in the Social Room of this Church Friday 2.30 p. m. An address and special singing will be among the features. All women interested in Temperance work are invited.

The regular monthly business meeting and social of the Woman's Foreign Missionary Society will be held at the home of Mrs. John Morton, 416 Garfield avenue, on Monday evening, Feb. 28, at 8 p. m. Mrs. Robert Snow will be in charge of the mission study and Mrs. H. Sauerwein and Miss Reba Whitten will assist as hostesses.

"Through Lapland and Norway" an illustrated lecture by Dr. Michael Dorizas, of the University of Pennsylvania and a musical program of exceptional talent at the Epworth M. E. Church under the auspices of R. Coward's class, Thursday evening, March 3, at 8 p. m. Adults tickets are 35 cents. Don't forget the place and date.

Mrs. Leon Guest will sing a solo at the Sunday School service Sunday morning.

FIRST LUTHERAN

Rev. William M. Erhard, Pastor

On the evening of March 6th, we shall hold a congregational meeting for the purpose of nomination and election of an officer to fill a vacancy, brought about by the removal of one of our faithful Lutheran families from the vicinity. We urge you to feel a personal responsibility in the technical matters as well as the spiritual matters of the church, and so feel that you should make it a point to be at the congregational meeting to be held on March 6th in the evening.

Sunday School next Sunday morning at ten o'clock. The theme of the lesson is "Making the Community Christian." This is certainly a theme which lends itself to popular discussion. You have had your own ideas as to how the community could be bettered, and you will want to exchange them in the "Open Forum" classes of our Sunday School. Making the community more Christian is tantamount to making the community better. Making the community better may be effected by following the Golden Text: "Have no fellowship with the unfruitful works of darkness, but rather even reprove them."

We are just about to enter upon the Lenten season. Many Christians disapprove of having "one time more sacred than another," but it is not only the rule in religion, but in nature, in creation, that there should be special periods of refreshments and reinvigoration, periods of more strenuous and of less strenuous work. The Lenten is the spiritual season for reinvigoration. We must have some such a time, why not at this most fitting season of the year, when the great events of our Lord's life are commemorated.

Divine worship in the morning at 11.15 and in the evening at 7.45 with special music by our choir.

Young People's meeting at 6.45 in the evening.

Prayer service Thursday evening at eight o'clock. The coming discourse will be of St. Paul and the Christian ministry, and will be the last one dealing with the travels of this great apostle until after Easter. On March 3, we shall begin a series of studies of Christ's teachings in the "Upper Room," as recorded in the fourteenth to the seventeenth chapters of St. John's gospel. These are the words of a man facing death, and with the few hours of His life which remained He aimed to give the disciples the most precious instruction, comfort and warning. We cannot think upon these discourses of our Lord without being greatly inspired.

Catechetical instruction Friday evening at seven o'clock. There will be only seven more classes until Confirmation which will be held on the morning of Palm Sunday, April 10th. The catechumens have been coming faithfully for five months, and now with only seven more classes, it is hoped that each one will make a very strenuous effort to be present at each of these session. Due to our early start in the fall, we shall be able to complete the catechism.

As a last thought, we would request that every member take it to heart to "Make This Easter The Best Ever." This may be done by working up attendances and the spirit of religion during the preceding months. At the three communion services conducted by the paster, the second exceeded the first by twelve in the number who communed, the third exceeded the second by twenty; now let us make this Easter communion exceed the third by fifty at least.

CHEVROLET NEWS

Responding to winter demand for cars unprecedented in the history of the company, the Chevrolet Motor Company in January again shattered all production records for that month by building 73,676 units, almost 30,000 cars more than were made in January 1926.

The January, 1926 production in its turn almost tripled the production of January, 1925.

Under the tenative production schedule for February the company will be prepared to make a total of 84,000 units, which would establish a new monthly production record in the history of the company, exceeding even the record monthly output in September, 1926, of 81,158 cars.

The heavy winter production is the demand for the "most beautiful car in Chevrolet history" which Chevrolet buyers have made upon the company's dealers since the announcement of lower prices and numerous refinements in the entire Chevrolet line.

In 1926 the Chevrolet Motor Company led all manufacturers in gear shift cars by building 732,145 cars, in increase of more than 40 per cent. over the previous record year. Under a $10,000,000 expansion program initiated in 1926 the Chevrolet Motor Company is equipped for even greater production during 1927.

The new machinery making this enlarged production possible is completely installed in the various plants of the company throughout the country and all necessary changes of dies and tools have been made to insure untinterrupted manufacturing schedules during the year.

A VALENTINE PARTY

Mr. and Mrs. Robert Hullings entertained at a Valentine party given in their home on Saturday evening.

The house was decorated in red and white crepe paper. The centrepiece of the table was a large red heart, out of which strings extended to each place, with the place card and when they pulled the strings each one received a favor. They also had red and white baskets filled with candy hearts and a miniature hat.

Cards were enjoyed first after which refreshments were served.

The guest were Mr. and Mrs. George Steedle, Mr. and Mrs. William Evans, Mr. and Mrs. Frank Kirchner and Billie and Caroline Evans.

"LIFE JOB" FOR CLERKS

Assemblyman Groel has introduced House Bill No. 137 which provides for extension of the tenure of office act, now applying only to clerks of first class cities, to all city, township, borough and town clerks.

$100,000 THEATRE IS PLAN FOR PALMYRA

Stanley-Fox Corporation Will Begin Work About June 1

The Stanley-Fox motion picture company, which recently purchased the property at Broad Street and Morgan Avenue, Palmyra, plans to start about June of this year on the construction of a $100,000 theatre which will be opened early next fall.

The new biulding will be of brick and will contain the most modern features of a motion picture theatre. On the ground floor will be about three stores and above will be several apartments.

The seating capacity will be about 1000.

The Stanley-Fox organization is the largest corporation of the kind in South Jersey and operates a big chain of theatres, including Mount Holly, Beverly and Burlington. A $300,000 building is now being erected in Bridgeton and new theatres are also being constructed in Pleasantville, Pennsgrove and Woodbury.

It is the policy of the management to show only the highest class of motion pictures.

DURBORROW BUYS HOME AT "CORAL GABLES"

C. B. Durborow, wife and daughter, Henrietta, of Riverton, are spending February at the Miami Biltmore, Coral Gables, Florida. Mr. Durborow is a heavy land-owner in the magic city and this week purchased a handsome residence for $60,000.00 in the Riveria section near the Miami Biltmore.

The house is of Italian design and has an Italian marble swimming pool and fountain in the patio. Mr. Durborow bought the adjacent ground and will have a purely tropical garden. The house will not be finished until March 1st and was picked out by the Coral Gables Corporation as the "Home Beautiful."

Mr. Durborow and entire family will live in his new home from March 15th until near May 1st, and will spend all winters there.

EL-RAE DANCE

The El-Rae Club of Riverside is giving another of its popular dances. This dance is called a Pre-Lenten Dance and will be given in the Moose Hall, West Scott street, Riverside on Monday evening, February 28.

Joseph Hafner, president of the club and Rowen Bright, chairman of the arrangement committee, report that much headway has been made to date. Floaters have been distributed and the El-Rae members plan to have the hall very beautiful decorated.

The El-Rae Club has been successful in securing Abram's Pennsylvanians to furnish the jazz strains for this dance.

CEMENT MISSING

Palmyra Truck Driver Accused of Taking Material

Robert Young, of Market street, Palmyra, was arrested by Chief of Police Beck last week on a charge of the larceny of 216 bags of cement from the Shehan Construction Company, on the Burlington Pike, by whom he is employed as a truckdriver. Young was engaged in hauling the cement from West Palmyra Creek bridge where it being widened at Sorrel Horse Hill.

Chief Beck found 79 bags of the cement in the man's possession. Young admitted the cement belonged to the Shehan Construction Company. He had a hearing before Justice of the Peace William L. Fichter who put the man under $500 bail for court.

Will Have Free Mail Delivery

Reports are that the postoffice at Berkeley is to be discontinued and that Seaside Park will have free mail delivery the coming summer.

The assessed valuation of Seaside Park for 1927 as reported by the County Board of Taxation, is $1,608,566; Berkley township, $1,080,571; Seaside Heights:, $1,191,865.

In sympathising with the world one has to get up a little more steam to sympathize with the smart alecks, but they also need an understanding sympathy, poor things.

ANNUAL WATER RATES
of the
RIVERTON and PALMYRA WATER COMPANY

All persons wishing to connect with the public water supply, may do so by applying for a contract and filing it with the Company, at the office, Broad and Main streets, Riverton.

RATES

Sunday School Lesson

(By REV. P. B. FITZWATER, D.D., Dean of the Evening School, Moody Bible Institute of Chicago.)
(©, 1927, Western Newspaper Union.)

Lesson for February 27

MAKING THE COMMUNITY CHRISTIAN

Temperance Lesson.

LESSON TEXT—Gal. 5:13-25.
GOLDEN TEXT—Have no fellowship with the unfruitful works of darkness, but rather reprove them.
PRIMARY TOPIC—Serving One Another by Love.
JUNIOR TOPIC—The Law of Love.
INTERMEDIATE AND SENIOR TOPIC—Self-Control for the Sake of Others.
YOUNG PEOPLE AND ADULT TOPIC—Works of Darkness and Works of Light.

The only way this can be called a way of making the world Christian is by leading the individuals to a personal knowledge and experience of Jesus Christ and entering therefore into the power of the new life. Having shown in chapters 3 and 4 of this epistle that the believer is free from the law as a means of justification, Paul makes practical application of this doctrine. The divine way of making the community Christian is to secure the regeneration of the individual. The way to destroy the work of the devil is through the sonship of believers.

I. Christian Freedom (vv. 13-15).

1. It is not an occasion to the "flesh" (v. 13).

Liberty is not license. The notion that when one is free from the law, that he is free from constraint, is wickedly erroneous. License of the flesh means not merely the indulgence of the flesh in actual material sins, but in the expression of a self-centered life in biting and devouring one another (v. 15).

2. By love serving one another (v. 13).

Freedom from the Mosaic law means slavery to the law of love.

The emerging from bondage through Christ is the passing into a sphere of life in which all the powers should act under the dominion of the true motive, love—Morgan. Love thus becomes the fulfillment of the law.

II. Walking in the Spirit (vv. 16-18).

This discloses the secret of how a life of service to another can be lived. The governing principle in the life of a believer is the Holy Spirit. Walking in the Spirit results in:

1. Loving service to others.
2. Victory over the flesh (vv. 16, 17).

By the flesh is meant the corrupt nature of man expressing itself in the realm of sense and self. The renewed man is two men between which is going on a mortal conflict. The Christian must choose between good and evil. When he chooses the evil, the Holy Spirit opposes, and when he chooses the good the flesh opposes. Notwithstanding this deadly conflict, victory is sure.

III. The Works of the Flesh (vv. 19-21).

By works of the flesh is meant the operation of the carnal nature. The one who chooses to live according to the impulse and desires of his natural heart will be practicing the following sins:

1. Sensuality (v. 19).
2. Irreligion (v. 20).

These acts take place in the realm of the spirit and are:

(1) Idolatry, which means the worshiping of idols.

(2) Witchcraft or sorcery. This means all dealing with the occult.

3. Sins of temper (vv. 20, 21).

These take place in the sphere of the mind and are:

(1) Hatred. (2) Variance, which means strife and contention. (3) Emulations, jealousy. (4) Wrath, bursts of passion. (5) Seditions, factions in the state. (6) Heresies, factions in the church. (7) Envyings. (8) Murders.

4. Sins of excess (v. 21).

(1) Drunkenness. This means indulgence in intoxicating liquors.

(2) Revelings, acts of dissipation under the influence of intoxicants. Those who practice such sins shall be excluded from the kingdom of God.

IV. The Fruit of the Spirit (vv. 22-24).

This indicates action in the realm of life. The product of the Holy Spirit indwelling the believer.

(1.) Love to God and man. (2) Joy, glad-heartedness because of what God has done. (3) Peace with God and fellowman. (4) Long-suffering, taking insult and injury without murmuring. (5) Gentleness, kindness to others. (6) Goodness, doing good to others. (7) Faith, believes God and commits all to Him. (8) Meekness, submission to God. (9) Temperance, self-control in all things. Against such there is no law.

Underrating Value

Oh, do we not too frequently underrate the value of the promises of God? They were made to us and we should trust them, for they are as true as the God by Whom they were made.—Echoes.

Exceedingly Difficult

It is exceedingly difficult for one's heart to bow and say, "I will be nothing but a lamb," but that is our place, for the Lord says, "Vengeance is mine."—Echoes.

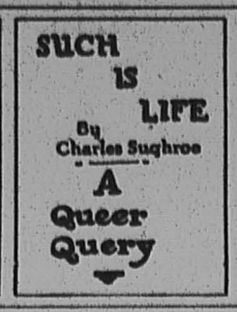

Ancient Rings

A potato ring was about eight inches in diameter in which whole potatoes were served. The ring was set either on a china or a silver plate. They were used in the early Eighteenth century.

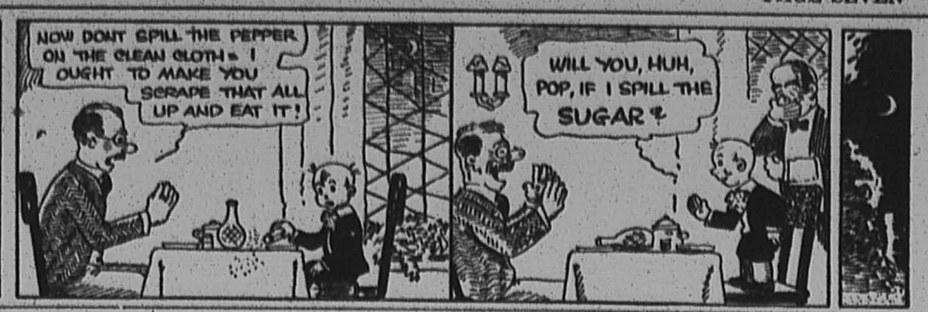

Oldtime Spoons

The earliest English spoons of record are dated Thirteenth century, and the handles are perfectly plain with a ball or knob at the end. Later a more decorative quality is seen, and acorns and even little statuettes are found in the handles.

Seaside Planning Big Celebration

Splendid Program Arranged for New Bay Bridge Opening May 28

Seaside Park people are already planning a big time for the opening of the new bridge across the bay next May. It is believed that the bridge will be ready the last week in May, and that the opening can be formally celebrated on Saturday, May 28, the first day of a triple week-end holiday. That would mean thousands of people and thousands of cars to the beach for the day and weekend.

While the plans are still hazy and unformed, in general they would include making the opening of the bridge, the new concrete road to the bridge on Washington street, as well as of the new concrete roadways in Seaside Heights and Seaside Park, which it is hoped to have started before this time. The state and county will have spent upwards of a half million dollars on Washington street and the bridge, not to mention what Seaside Park and the county expect to spend on the new Central avenue in Seaside Park, perhaps $125,000 more. This, Seaside Park feels, is well worthy a celebration.

It is planned to have a big automobile parade from Toms River in the afternoon, ending at Seaside Park. Seaside Park firemen will also make this a county firemen's day, asking all the fire companies in the county to come to games and contests, for handsome prizes, and entertaining them handsomely, too.

It is the expectation that Governor Moore, State Treasurer Reed, the State Highway Commission, the State Board of Commerce and Navigation and other high state officials will be present. These will all be guests in the evening at a dinner held in the Manhasset Hotel.

Recalling the big event at Beach Haven on the opening of the Long Beach bridge some years ago, and counting on the increased growth of the county, the greater accessibility from better roads, and the vastly larger number of automobiles, it is believed this will bring together the greatest number of people ever seen at any one time in Ocean county at any one place.

The new bay bridge looks as if it would be a big improvement on the old one. The piling are much longer and heavier than in the previous bridge. At the bridge head are piles 12x12 and 6x12 timbers. Piling and timbers are all creosoted. Each bent of piling, in addition to those supporting the bridge, has an inclined batter pile to ward off ice.

B. & L.'s GROW

Prohibition Said to Benefit Savings Institutions

Assets of building and loan associations in the United States have almost tripled since national prohibition became effective Jan. 16, 1920, according to a statement issued by national headquarters of the Anti-Saloon League of America.

"The fact that the American people have more money to invest in legitimate business enterprises, is the strongest argument for the continuance of prohibition in this country," the statement said. "From an economic viewpoint alone, there is every reason why prohibition and prosperity should be continued."

The statement quoted figures of the national Building Association League to show that in 1919, the year before the advent of prohibition, assets of building and loan companies amounted to $2,126,620,390 as compared with $6,280,000,000 in 1926. The number of building and loan associations increased from 8,000 to 12,800 in the same period, and the number of depositors from 4,946,000 to 11,275,000.

Weeping willows should be set out in tiers.

County Firemen at Brown's Mills

Association Holds Interesting Session at Resort in the Pines

The monthly meeting of the Burlington County Firemen's Association was held in the Methodist Church at Brown's Mills last week. Some two hundred firemen were present.

The visiting firemen were welcomed by Dr. Marcus W. Newcomb, of Brown's Mills, the medical head of the Burlington County Tuberculosis Hospital at New Lisbon. The doctor told the fire boys how pleased he was to extend the glad hand, and of the pride that Brown's Mills had in being the host to such an important gathering.

A communication was read from the Burlington County Board of Freeholders in which it was stated that arrangements for the appointment of a county fire warden had not yet been made because no provision was made in the budget to cover the salary. The communication asked that a committee be appointed to confer with the board relative to the establishment of the new office.

President David A. Brotherton, of the Endeavor Company, Burlington, the head of the county organization, named Howard Bott, of Beverly; Stephen Steinman, of Riverside, and Chief H. Massey, of Lumberton, as the conference committee.

Announcement was made that the State Firemen's Relief Association will meet in Atlantic City on September 22, 23 and 24, and that a big parade will be one of the features. The parade will take place on the last day of the convention. Burlington County will be well represented.

Further announcement was made that the county unit of the Chief's Association, of which Chief E. H. McAllister, of Moorestown, is the chairman, will meet in Moorestown on Thursday, March 10. The meeting will be held in the Relief Fire House.

At the conclusion of the business meeting there was a social session which included a performance by professional talent from Philadelphia. Excellent monologues were given and there was some fine accordion work.

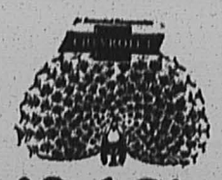

There are optimists and pessimists; and now allowance is made for a middle ground, occupied by the enormous multitude who accept life as they find it.

BAD BOOKS

Charging that the suburbs are being made a dumping ground for objectionable literature, the Women's Club of Merchantville has adopted a resolution opposing the sale of such literature in Merchantville.

It was decided to request borough council to have its police clean local stores and newsstands of such publications as may be decided as those unfit for the general public, and children particularly.

Camden police recently raided places where magazines are sold and compelled dealers to take all on the list as objectionable from sale. Since then the distributors have found sales better outside of Camden, it is said, and many who live in the suburbs patronize home dealers, as well as buy the magazine for those who cannot get them near their own home.

Ways of Home-making Grow Simpler

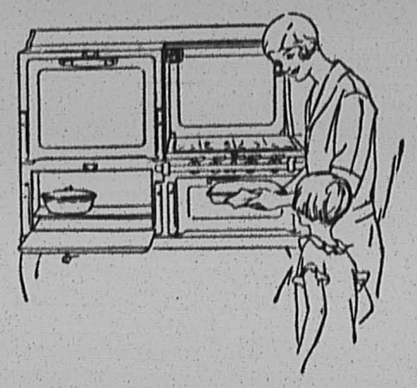

Where Appliances Are Tested

The Testing Laboratories of the American Gas Association, recently established at Cleveland, Ohio, are doing good work in testing gas ranges for proper gas combustion.

When purchasing a gas range, it wise to buy only those products that have been approved by these laboratories. In doing so, the purchaser can be assured of proper gas combustion, long-wearing materials and satisfactory results from the use of the appliances.

Every gas range sold by Public Service complies with the specifications of the American Gas Association. Public Service maintains its own laboratory for the testing of electric appliances.

Let the Dinner Cook While the Cook's Away

Home-making is exacting work and the woman who is able to surround herself with reliable labor-savers is fortunate.

The gas range with oven heat regulator can be depended upon to make every baking turn out successfully if ingredients are properly proportioned and mixed.

When the home-maker decides to go out for the afternoon, she may place her roast, vegetables and pudding in the oven, set the regulator and leave the house, confident that her dinner will be deliciously cooked when the hour for serving comes.

The enamel finishes that are so much in demand these days make cleaning the range as easy as wiping off a porcelain table top.

The gas ranges on sale at Public Service stores meet American Gas Association specifications. This is a guarantee of fine materials, workmanship and successful cooking results. One dollar down delivers and installs in the kitchen the range bought of Public Service and you have a year to complete payment. Public Service will buy at liberal prices old cook stoves that are replaced with oven heat regulator gas ranges purchased from Public Service.

Toast Plays an Important Part On Lenten Menu

Toast seems to be a natural companion to egg dishes, and in only slightly lesser degree to fish. The electric toaster permits the hostess to serve toast crisp and hot, made right at the table.

There are electric toasters of all sorts at Public Service stores, from the simplest type to the Toastmaster that automatically removes the bread when it's toasted sufficiently. Another makes toast four slices at one time. Toasters are priced from $3.75 to $12.50.

Good Coffee Helps To Start Day Well

There are few things more wholesomely cheering than coffee bubbling up in an electric percolator on the breakfast table. Its inviting aroma combined with the soothing sound it makes as it percolates, help to start the day right for the family.

Electric percolators range in price from $4.50 to $13, for the pot type. An especially attractive coffee urn with tray, cream jug and sugar bowl sells for $17.75.

Many Choose Lamps At Low Prices

New lamps bring a note of spring to the home. Public Service stores are conducting a clearaway sale of lamps and shades at one third off regular prices. Two lamps may be had for a little more than the price of one.

Among the shades are many in parchment that will be greatly in demand when the house is put in order for the summer. They are priced away down for quick clearance.

Lamps in all styles and shades may be purchased on the divided payment plan.

Little Electric Helps for the Nursery

When a bleak wind blows and the temperature is dropping an electric heating pad will be found useful during baby's naps. While all windows are open wide, this downy little blanket will keep baby warm in crib or carriage. Three heats—low, medium and high.

A convenience for baby's night feedings is the electric milk warmer. This appliance heats contents of baby's bottle in a few moments.

At Public Service stores heating pads may be had from $7.50 up. The milk warmer is priced at $9.50.

New Hoover Cleaner With Special Features at Popular Price

The greater Hoover electric cleaner with its new feature, the Positive Agitator, has earned the admiration of all home-makers by the high standard it sets in house cleaning.

The Positive Agitator beats scientifically, not in a series of violent blows, but in a rapid well-directed tattoo that gently but completely loosens all the dirt that is embedded in the rug.

The more often a rug is cleaned with the Hoover the longer the rug will wear. The nap will stand upright and the soft colorings will remain like new.

Many home-makers who wanted this thorough house-cleaning servant but felt that its price was more than they could afford will be interested to know that there is a new Hoover on the market, model No. 543, that has positive agitation, the dust-proof washable bag, and sells for $62.75 on terms of $5 down —$5 a month.

Public Service will make worth-while allowance on its customer's vacuum cleaner, any make, when traded in for the new Hoover.

Gas Radiant Heater Warms Room Quickly

What a wonderful comfort it is when you come in wet and cold to find a fire blazing on the hearth!

Gas radiant heaters can be turned on and off instantly. A heater of this type gives pure wholesome heat without odor and without any of the inconveniences of the wood or coal fire.

Gas Radiant heaters come in many attractive forms—logs, coal basket and in models following the lines of period furniture.

A gas radiant heater may be borrowed from Public Service and used for thirty days on a free trial basis. Heaters priced at $25 or over will be installed in fire-places on first floor without extra charge.

Public Service payment terms on gas radiant heaters are one dollar down—a year to pay.

Gas Holders Now Fuel Bins for Many Homes

The hours of ease and relaxation spent at home are too few. People are turning with distaste from the petty household tasks that intrude themselves on their leisure.

Gas can be applied to steam, hot water, warm air or vapor heating systems. A thermostat conveniently placed controls the gas boiler or furnace and relieves the householder of worry and work. This device maintains the temperature at any degree desired—turns the heat down at bed-time, turns it on before rising time.

Gas gives the most luxurious form of house heating, but it is not a luxury. Public Service will send a house heating representative to the home of any customer to measure heating requirements and give an approximate estimate on costs. There is, of course, no charge for this service.

Where Hot Water Is Plentiful

Enough hot water at all hours is one of the things that makes the household run smoothly. The gas automatic storage water heater best secures this convenience for the home. It keeps the water in the big insulated storage tank hot automatically. The gas shuts off entirely except for a tiny pilot light when the water in the tank reaches the required degree of heat.

At Public Service stores the payment of one dollar will install an automatic storage water heater — no further payment need be made until May first, then the complete sum may be divided into eighteen parts one to be paid each month.

A Safe Way to Burn Rubbish

The contents of the garbage can or the waste paper basket, the dirt collected by the vacuum cleaner, are quickly disposed of by the gas incinerator.

It's simple to operate, burns without smoke or odor and completely disposes of household rubbish in a clean swift way.

Public Service payment terms on gas incinerators are $5 down —a year to pay.

Popular Dish Takes On New Flavors

To lovers of spaghetti, Ada Bessie Swann commends the following:

Spaghetti Spanish Michel.

2 cups spaghetti	1 onion
1 quart tomatoes, fresh or canned	1 green pepper
½ cup boiled ham	¼ tsp. pepper
	½ tsp. salt

Break the spaghetti into inch pieces. Cook in one quart boiling water until tender and add the tomatoes. Then cook fifteen minutes or longer. Remove the fat from the ham and fry it out. Dice onion and peppers and fry slowly in this fat until tender. Chop the ham and add it and the onion, green pepper and seasoning to the spaghetti and tomatoes. Put in casserole and bake 15 minutes at 400 degrees.

VOL. 2 FEBRUARY 24, 1927 No. 8

ASSEMBLY NEWS

We have had a number of interesting programs recently in Assembly.

For Lincoln's birthday the Eighth Grade presented a play called "Abraham Lincoln—Rail Splitter." The Seventh Grade read compositions, written on "Abraham Lincoln."

Mary Rutherford from the Sixth Grade gave a talk on "Lincoln's Love for Boys" and Eleanor Taylor gave a piano solo.

The following Monday the Third Grade presented Lincoln play called "Stick to the Bush" and sang us an appropriate song.

On Friday the Sixth Grade presented a health play, the thought of which was to keep your teeth clean.

This Monday the Seventh B boys gave a play called "Hardships at Valley Forge."

Three members of the Eighth Grade Class B read compositions about Washington. The Third Grade sang "Your Flag and Mine."

HELEN HEISS, Grade 7.

* * *

WASHINGTON AND THE CHERRY TREE

One frosty morn of February quite long ago,
George went out whistling and jumping to and fro
He went to the barn and got a hatchet
He was determined he would find something to match it
So he chopped and chopped and down the cherry tree flopped.

"Who did it?" asked his mother so gay and bright
"I did it," answered Geroge in an awful fright
I'm glad you told the truth, my boy
His mother's heart was overrun with joy.

ELLA RUSSELL, Grade 7

HOW BETSY ROSS MADE THE FLAG

CHARACTERS

1. George Washington
2. Committee (Three men)
3. Betsy Ross

FIRST MAN
How shall we make the flag?
GEORGE WASHINGTON
We must have thirteen stripes, seven red, and six white. A field of blue with thirteen stars.
SECOND MAN
The thirteen stripes and the thirteen stars will stand for the thirteen colonies.
THIRD MAN
Who shall we get to make the flag?
GEORGE WASHINGTON
I think Miss Ross will make it for us.
(At the home of Miss Ross)
GEORGE WASHINGTON
We want you to make us a flag.
BETSY ROSS
How shall I make the flag?
We want the flag to have seven red stripes and six white ones, a field of blue with thirteen stars.
BETSY ROSS
I do not like your six pointed star, George Washington, I will make you a five pointed star like the ones in the sky.
GEORGE WASHINGTON
Very well, we will call for the flag when it is finished.
This play was written and played by the Second Grade.

DORIS VAUGHN, Grade 2.

* * *

ABRAHAM LINCOLN

Abraham Lincoln was born on February 12th, 1809, in Kentucky.

The little log cabin in which Lincoln was born, was fourteen feet square.

Mrs. Lincoln kept it neat just the same.

Abraham worked hard carrying wood for his mother.

Lincoln behaved fine when he was a boy and man.

Abe split rails when he was nine so he could get books.

Abraham Lincoln was true in money and games, so people called him "Honest Abe" for short.

Abe was kind and good to his people.

Abraham Lincoln was elected President of the United States of America in 1860.

When the Civil War broke out, Lincoln was a great commander-in-chief of the Union Army.

Lincoln gave the Gettysburg Address on the battlefield of Gettysburg.

Abraham Lincoln was assassinated by John Wilkes Booth in Ford's Theatre, Washington, D. C.

Lincoln was shot in the head and died in the morning.

Booth escaped into a barn so some men set fire to it.

Booth broke his leg when he tried to escape.

FRANK ELLIOTT, Grade 4.

* * *

ASSASSINATION OF LINCOLN

On the evening of April 14, 1865, Lincoln attended a performance at Ford's Theatre, Washington. A few minutes after ten o'clock a shot rang through the building. John Wilkes Booth, a half crazed actor, had shot the President through the head. In his haste to escape Booth caught his spur in the folds of the American Flag; he fell and broke his leg. Brandishing a dagger he limped across the stage shouting, "Sic Semper Tyrannis" or "Thus ever to Tyrants." He succeeded in escaping but was soon found and shot by some soldiers. Booth war one of several who had plotted to kill other members of the Federal Government. Lincoln died in the morning a martyr to the union cause. Stanton, his secretary of war, described him as the most perfect ruler of man the world has ever known.

CARL WENIGER, Grade 7.

"LIBERTY AND SERVICE"

Liberty and service are the outlook of the future world.

Liberty is misconceived by some people who think it means that they can do as they please, but yet it is becoming more world-wide every decade.

America is the golden land of opportunity for these two principals, as Ambraham Lincoln the great American demonstrated. It is not powerful armies and navies that make a country great any more than it is riches. It is the exertion of liberty and service.

Ever since America introduced the words "liberty and service" into the world as its principles, immigrants have been coming in thousands.

Service is the principle which made our country the loved country that it is.

In the battle of "Chaueau Thierry" the American inspired the French to victory and while defending another country, those unsung heroes every one of them, went bravely to their fate with no idea but that of victory.

Old Rome, the imperial, used "Liberty and service" as two of its common ideals and they lasted nearly a thousand years along with its glory.

Countless generations will come and go, the world will change its modes and sciences but foremost on the lips of every red-blooded individual of mankind will be the never wavering or biased principles of "liberty and service."

WESLEY HEMPHILL, Grade 8.

"I MEANT TO DO MY WORK TODAY"

I meant to do my work today—
But a brown bird sang in the apple-tree
And a butterfly flitted across the field,
And all the leaves were calling me.
And the wind went sighing over the land,
Tossing the grasses to and fro,
And a rainbow held out its shining hand—
So what could I do but laugh and go?

RICHARD LE GALLIENNE.

Y. M. C. A. WORK IN INDUSTRY IS BENEFICIAL

(Continued from First Page)

in a large number of plants. Just at the present time there are eleven addresses on "Abraham Lincoln" and "George Washington" scheduled in six of the larger plants along the river-front. Various other addresses of a similar nature are given at different times throughout the year in connection with some holiday or other celebrations. In addition to these, there have been addresses on various other topics, such as "Health," "Care of the Teeth," and subjects of general interest to the men. These are always well received.

No classes in English for foreigners are being conducted just at the present time, due to the lack of any great demand for such service from the Association. Since the Quota Law went into effect, there has been a marked decrease in the number of new arrivals among the foreign born. A large percentage of the men living in the county, having had instructions of that type, feel that they are sufficiently prepared to meet the needs of the day.

This is unfortunate for we know we could be of much service to them, but it is very hard to convince them. However, two classes in citizenship preparation are being conducted at the present time, one in Burlington, and the other in Roebling. Much interest is being manifested in these classes. The secretary is called on to give a great deal of time to more or less individual instruction to men living in Florence, Beverly, and Riverside. It has been a great pleasure to attend naturalization court in Mount Holly, and see upwards of ninety percent of the men whom we have assisted admitted to citizenship.

The Burlington County Industrial Association

This organization started as a Foremen's Club in March 21. Due to the fact that so many of the younger supervisory officers in industries felt that they did not qualify as foremen, the name of the Association was changed because we felt that it would be very desirable to have them enjoy the privileges of the organization. Excellent progress has been made during the past six years until at present the interest and enthusiasm covers almost all the industrial area of the county Dinner meetings are held one evening a month, for which, the highest type of speakers are secured.

The opening meeting last fall was addressed by Harry White, of Bound Brook, New Jersey, who is connected with the Edison Lamp Works of the General Electric Company. Other speakers during the season have been E. T. Franks of Washington, D. C., member of the Federal Board for Vocational Education; Milton H. Gehris, Vice-president of the John B. Stetson Company, Philadelphia; Guy Gundaker, President of the Kugler's Restaurant Company, Philadelphia; and for the February meeting, the speaker will be our own Hon. Harold B. Wells of Bordentown. This meeting comes on the 21st and present indications lead us to believe that it will be the biggest meeting of the season. Music for these gatherings is provided by an orchestra of Industrial Association members.

There is also hearty singing by the entire group. Special musical numbers are provided by representatives of the various plants. One indication of the value of this work may be gained from the fact that recently a foreman in one of the industries was transferred to the sales division. When he left, the employees whom he had under him presented him with a gift as a token of appreciation of the fine service he had rendered. He replied that if he had been at all successful in directing their efforts, it could be attributed to the many valuable suggestions he had received from speakers he had heard in the meetings of the Burlington County Industrial Association.

Use of Motion Pictures

Starting with the intention of using the motion picture merely as a means of introducing Association work into the shops and making contacts with the employees, it has been most interesting to note the continued demand for this service. The men not only ask for more pictures, but are very outspoken in expressing their mind as to just what they want, and yet, when we cannot secure the type of picture they most desire, they are always ready to wait until the "next time," and see what that will produce. During this last week, we have used a very excellent film entitled "The Sea Going Senior." It gives the experiences of an upper classman in college as he spends his summer traveling through Europe.

Men who have had no cultural advantages whatever have been greatly delighted with this particular film. From three to four thousand feet of film are used every week, with an attendance of over one thousand men. This kervice is also carried into the community of Florence every Thursday evening for the benefit of the kiddies of the lower part of the town, who, otherwise, would not see good pictures from one year's end to the other. The Florence Pipe Foundry & Machine Company cooperate in this Thursday evening event by providing, in addition to the educational films, a good clean two-reel comedy twice a month. Between 225 to 250 children are packed in that small library hall every Thursday night and have a wonderful time.

This service is also carried to the adults and children of East Burlington on Friday nights in the summer time. The U. S. C. I. P. & F. Company have provided us with a field in which they have erected a stand to hold the projector and uprights for stretching the curtain. As many as 500 men, women, and children, largely foreign born, have enjoyed the pictures at East Burlington every Friday night. Even in the middle of the winter inquiries come to us from the boys and girls from that section as to when they will have movies again. It is hard to measure the real value of this service to these two communities, but we believe that aside from giving pleasure, the effort is worth while from an educational standpoint.

Teachers in the school at Florence, for instance, have been surprised by boys in the geography classes imparting information concerning the particular country under consideration at the time, which the teacher did not know the pupil possessed. Upon inquiry they found that the children had gleaned the information from some film they had seen at the Thursday evening entertainment. This service has been extended to a large number of our "Y" groups, to churches, lodges, Chambers of Commerce, Kiwanis Clubs, and others.

Athletics

The County industrial Baseball League, under the auspices of the County YMCA ran its third successful season last year. Six teams were entered in the contest for the Wall Trophy. This cup was won in 1925 by the Taubel-Ziegler team of Riverside, but they were not able to hold it last year, for the team representing the Thomas Devlin Manufacturing Company of Burlington were successful in taking it away from them. The season closed with a dinner in the Masonic Hall, Burlington, on Thursday evening, September 30, 1926, which was addressed by two former big league baseball players, who last summer, were connected with the Camden City team. A fine spirit prevailed at this gathering, and the evening and declared a huge success.

During this winter, we have been running a four team bowling league, composed of representatives from the Florence Foundry, Wall Rope Works, Keystone, and Taubel-Ziegler. In view of the fact that all the bowling has had to be carried on in Riverside, it has been no easy matter to successfully maintain a high degree of interest. However, the men on the teams are very much interested in finishing the season, and in entering the state-wide industrial bowling contest, as promoted by the Young Men's Christian Associations of New Jersey. Final matches in the state-wide contest will be rolled sometime in April.

Time and space will not permit recounting the very valuable and delightful contacts made with the men in industry. Over seventy-five of these men are or have been rendering some form of voluntary service this year. The number is constantly increasing from year to year. The many worth while suggestions which have come from them have helped to make the work a success. In fact, if it were not for the volunteers in the industries, there would be no industrial work of the Burlington County Committee. At the present time we have reached the stage where expansion will depend entirely upon increased budget, and that increase we are hoping to secure before very long.

Respectfully submitted,
D. S. EVANS,
Industrial Secretary.

NASH OVERSEAS

In keeping with the demand in this country for Nash cars which swept sales and production last year 41 per cent. ahead of sales and production for 1925. Overseas buyers are likewise expressing their preference for Nash in increasing numbers. This is shown in a marked increase in orders received by the Nash Motors' Export Department for January and early February, as compared with the same period in 1926—the biggest export year in the history of the company.

Factory records show an increase in orders for January for export shipment of 26⅓ per cent. over January, 1926, and, as indicating the wide sweep of public favor, February orders for the first ten days of the month are 23 1-3% greater than the total orders for the entire month of February 1926. And in this connection, it is recalled that the company's gain in export business last year over 1925 was 53 per cent.

The seven-bearing crankshaft motors, with which each of the twenty-three models in the Nash line is equipped, are an important contributing factor to the world wide acceptance of the Nash line which in the opinion of many has "has set the pace this year for the entire automobile industry.

Name From Bible

The biblical name "Amana" means "believe faithfully" (Glaub treu.) The community which bears this name was first called "Bleib treu" (Remain faithful). This was so difficult to express in an English word that the biblical one was chosen.

The monthly meeting of the Board of Directors of the Burlington County Y. W. C. A. at the county office on Tuesday, February 15th, was well attended.

Reports of the county secretaries, Misses Sumner and Hoff, showed growth in the work over the county. Requests for organization of new groups coming into the office show that girls and women appreciate the value of the excellent character building program of the Y. W. C. A.

The Board of Directors desire to extend te work to all sections of the county but with only two secreturies to carry on the work it seems impossible to reach every community desiring work. Work is now being carried on in 33 different towns and communities with fifty-six organized clubs. The club enrollment numbers over twelve hundred members. No other county in the Rural Department of the Y. W. C. A. carries as large a program as that of Burlington county.

Miss Julia Tollman Lee of the National Finance Division was present at the Board meeting and spoke on "The Attitude of Mind in Giving."

At noon the members of the Board adjourned to the Y. W. C. A. dining room for lunch, where they were the guests of Mrs. R. G. Dunn of Burlington.

At two o'clock Miss Lee met with the county finance and the membership committees and led a two hour discussion on the technique of finance. Miss Lee is a writer of national fame as well as an expert in finance and business methods.

* * *

A Moorestown High School Girl Reserve Club was organized at the Community House on Thursday afternoon. Miss Eula Baer, a teacher of the Public School is leader of the club. Games were led by Mary Elizabeth Rector, and Janette Rogers proved very clever in putting on new stunts. A playlet entitled "Girl Reserves" was directed by Dorothy Maloney. Helen Hoff gave a short talk on the Girl Reserve Code of Ethics. The girls are very enthusiastic and this promises to be one of the strongest high school clubs in the county.

* * *

The Phyllis Wheatley Club of Riverton now has a membership of sixty-two. The club meets at the homes of members each week as there is no hall available for meetings. The club is making a study of a book called "The Meaning of Service."

* * *

Friday is the day for the Leaders Conference at the Y. W. C. A. in Camden. Burlington county will have twenty-five Board and committee women present for the day. The program is full of interesting addresses, discussions, and closes with an afternoon tea served by the Camden Y. W. C. A.

BAY VIES WITH OCEAN IN SHORE POPULARITY

New Resort at Ortley Beach to Set Pace in Utilizing Beautiful Bayside

Seashore resorts that are fortunate enough to be located, as are many of the New Jersey vacation centres, between ocean and bay, will in the future develop their bay shores with features quite as attractive as the ocean strands, according to prominent real estate men who are planning a great, modern, beautified resort at Ortley Beach, on the upper Jersey coast. Ocean bathing, boardwalks and surf fishing will be supplemented at Ortley by bay bathing beaches and swimming pools, pretty lagoons, artistically bridged and types of architecture that will make it one of the beauty spots of the Jersey coast.

"Most resorts have in the past treated the bayside as the back door of the town, but the trend is toward recognition of the bay as one of the greatest assets of any vacation centre," says Colonel George W. Linn, of the Penn Athletic Club, Philadelphia, noted swimming authority, who, as one of the directors of the Ortley Beach project, will handle beautification plans of its three-mile bay-front in conjunction ocean front improvements. "Bay bathing beaches will do much to popularize swimming, which few learn to master in the ocean suf. When the sea is so rough that the surf loses its attraction and becomes dangerous, the bay beaches will afford pleasure to thousands of vacationists. This, in turn, will help eliminate seashore drownings, which generally happen in a storm surf."

The Ortley Beach enterprise is headed by a Burlington county man in the person of Charles B. Durborow, of Riverton, widely known as a Philadelphian banker and financier. Mr. Durborow is also president of companies that are building thriving resorts at Brant Beach and Surf City further down the coast. Associated with him are other prominent business men and bankers.

The Burlington county sales campaign for Ortley Beach will be in charge of Carleton E. Sholl, of Burlington, who last year handled county sales in the Durborow enterprise at Brant Beach. Mr. Sholl will continue in charge of the Brant Beach end and also will represent the Surf City development in this county.

Ortley Beach is situated between Seaside Park and Lavalette and is a mile north of the new state bridge over Barnegat Bay. Until this bridge is completed, motorists must detour to the upper coast resorts via Lakewood and Bay Head.

RUSSELL STEVENS GAUSLER

Russell Stevens, son of Mr. and Mrs. A. Russell Gausler, of 402 Highway, Riverton, aged 15 years, 11 months, died of pneumonia, Feb. 22nd. Funeral and interment private.

Potato Trucking Problem Studied

Transportation of Commodity Subject of New Jersey Survey

Declaring that the transportion of potatoes is one of the major problems now pressing the industry for solution, County Agent Ellwood Douglass, Freehold, on behalf of the growers, requested the New Jersey Department of Agriculture to make a survey of the truck movement of this commodity in Monmouth, Middlesex and Mercer counties, to determine its effect upon the industry. This action came as the result of a meeting of the New Jersey Potato Improvement Committee, held in the offices of the Department, at Trenton.

Another important decision was reached when L. Bergen Burk, Allentown, was selected in response to the potato men's request that the State Bureau of Markets furnish an executive secretary to the committee. Mr. Burk, who has had wide experience in the marketing of potatoes, is at present employed by the Department of Agriculture.

The 300-Bushel Potato Club was discussed at length. It was decided to change the requirements for membership to this honorary "Big Spud Society." While the former standard was that the qualifying growers must produce 300 bushels of U. S. No. 1 potatoes on each of five adjoining acres, it has been decided that they will now be required to produce 300 bushels on each of three adjoining acres. This is not considered as a letting down of the standards of admission, but has been made at the suggestion of those growers who found this larger acreage excessive.

It was decided that all dealers who distribute potatoes will be called together to consider plans for official government inspection of carlot shipments, and to take up other matters of great moment to the industry. This meeting will be called in April.

The committee plans to hold a summer meeting, probably near Allentown, Monmouth County, early in June, when there will be a general round-up of growers, dealers, manufacturers, bankers and others who have manifested interest in improving potato conditions. Several members of the committee expressed their belief that the interest of all these groups contributed largely to the progress that has been made during the past few years.

The Potato Improvement Committee adequately represents the interests of the state. Among its members are some of the most forward-looking growers and dealers of New Jersey's potato belt; representatives of the State Department of Agriculture; State College of Agriculture and the Federation of County Boards of Agriculture.

HOLLY WINS AGAIN

Twin City Basketball Outfit Defeats Palmyra League Team

The Burlington-Holly combination held Palmyra to a pair of field goals last Friday night at the Armory, thus registering a 47 to 16 victory. Shultz and McKee accounted for Palmyra's only double-deckers. Burke and Davis made four fouls while Eastburn sank three.

Arenz and Cook were the bright lights for the Burlington-Holly team. Arenz made six and two for 14 points while Cook tallied five and four for 14 markers. Morgar also featured for the winners with 11 points.

Burke, Palmyra "iron-man" was credited with five field goals and five of seven fouls for 15 points as the Reserves went down to a 54-30 defeat. Harry Young accounted for three from the field and Harry Jenkins made five markers on his foul tries.

Eckert and Bennett each made nine field goals apiece, the former having 22 points and the latter 20. The summaries.

BURLINGTON-HOLLY

Totals	10	10	18	3

Score first half—Burlington-Holly 31; Palmyra, 16. Referee—Devlin.

The game with Moorestown last Saturday night was called off because the league referee failed to show up on account of the snow storm. The Palmyra Reserves tackled the Moorestown Reserves and beat them to the tune of 25 to 20. Wink had a patched up Reserve team on the floor but gave the Moorestown five a great battle, winning by five points. Had the first teams played Palmyra would more than likely have won because Moorestown were without the services of its two star players, Ritchie and Boyer.

Tonight Palmyra will play the Burlington-Mt. Holly combination at the Mt. Holly Armory. Saturday night the Moorestown team will play at the M. E. gym, Palmyra.

Maple Shade Brick Plant in Operation

Graham Company Resumes After Two Months of Suspension

Following a shut-down of two months during which time a new dryer was built, the South Jersey brick concern is again in full operation.

A dryer, let it be known to those to whom the brick-making industry is pretty much of a mystery, is the name given the building where the bricks are dried. The dryer used by the South Jersey firm is a one-story brick structure, measuring 132 feet in length.

The dryer of the William Graham Brick Manufacturing Company of Maple Shade, was erected by the concern itself. Within the dryer are steam coils. The newly pressed bricks are placed on the tracks.

From the dryer the bricks are taken to a kiln. Two kilns are now being used by the Maple Shade concern, and a third is being built. Each of the kilns has a capacity of 200,000 bricks. The bricks are kept in the kiln to harden and dry. They remain there for five days and nights, during which time they are subjected to a temperature of 2100 degrees.

Gigantic Kilns

The kilns are gigantic affairs. They measure 15 feet in heighth and 30 feet wide.

The Maple Shade firm is but a year old, having started in business last February. When the concern started, the bricks were dried in the open—a method used in ancient times.

William Graham, president and founder of the concern, has been in the brick-making business all his life. He operated a brick plant in Bordentown for 15 years. Three years ago he retired. Two years of inactivity was enough, so he started the plant in Maple Shade.

"Now that we are building our third kiln, and with our new dryer, our daily production will be doubled," said L. J. Appleton, manager of the company today. "A capacity of 25,000 bricks per day is contemplated by us for this year," Appleton declared, who is also secretary-treasurer. "Last year our daily capacity was about 12,000 bricks.

Covers Two Acres

The firm's plan covers two acres. The clay banks and earth, on which the plant is situated, covers 20 acres, and is one of the best clay grounds in this section of the state.

That is where the concern has an advantage over many brick concerns, who are not located near clay grounds, and who have to have the clay shipped to them.

The Graham Company makes four different kinds of bricks, according to Appleton. They are what are known as hard, straight, stretcher and colonial type.

The concern does business all over South Jersey and delivers many of its orders by truck. It supplies bricks for all kinds of building projects. J. R. Quigley Company, of Gloucester is local distributor.

LYMAN M. VOGEL

Lyman M., aged one year, son of Mr. and Mrs. William Vogel, 731 Parry avenue, died Tuesday evening.

Funeral services will be held today (Thursday) at one o'clock at the Snover Funeral Home. Interment at Fernwood cemetery.

ENGAGEMENT

Mr. and Mrs. Wilbert L. Rich, of Parry avenue, announce the engagement of their daughter, Ethel Gladys, to Mr. William H. Yost, Jr., of New York.

"FRIEND IKE"

Other New Jersey Congressmen may be crowding the limelight for banking reforms, farm relief, tax reduction, and such like, and get nowhere, but the gentleman from Atlantic City, "Ike" Bacharach, makes his tries at things that really are likely to count and, incidentally, bring in votes. Last November "Ike" put in a bill to carry the World War veterans going to the American Legion convention at Paris this year free of charge on Shipping Board vessels. "Ike" figured it out that if the Shipping Board was complaining all the time of the lack of patronage there could be no objection to carrying these war heroes as ballast, anyhow. The Shipping Board couldn't see it and beat the legislation. Of course, it was all right to carry these boys free to fight, but to carry them free to a 10-days' jamboree by way of payment for their fighting, that was another matter. So "Ike" has just introduced another bill to get the veterans' steamship tickets free of tax. But even this is being opposed. The government won't let the fellows ride for nothing and now it is kicking because "Ike" wants to lift the ticket tax. But all this, too, is an old song.—(In Harvey Thomas' Washington Letter to Newark Call.)

It's more to your credit to help a man before he is down than after.

Much happiness never goes with much money.

DEPENDABLE

Firestone tires are DEPENDABLE. Every important speedway event in this country in the past five years has been won on Firestones. Race drivers will not trust their lives on any other tires.
Firestones are tires of extraordinary strength, endurance flexibility—they are the only Gum-Dipped Tires.
You'll never know real tire satisfaction until you equip with Firestones. Come in anytime.
