REPORT ON PROPOSED SCHOOL PLANS IS EXPECTED SOON

Necessity for More Classrooms Again Stressed by Supervising Principal

WILL SUBMIT PLANS AT PUBLIC HEARING

Discussion of possible plans to provide more classroom space for the Riverton Public School occupied an important place in the deliberations of the Riverton Board of Education Monday night.

The committee on building is expected to make a report with suggestions before the meeting of June 1. When the report is ready a public hearing will be held to consider its recommendations.

A communication was received from the Visiting Nurse Committee relative to co-operating in the school, and was referred to the medical committee.

The report of Miss Hannah H. Chew, supervising principal, was in part as follows:

"The total enrollment for the month was 158.

"The highest percentage of attendance was in grade 7A—99.4%. The boys of that grade had 100% attendance. The next highest percentage was made by grade 5B. There was no tardiness in grades 3, 4, 5A, 5B, 6, 7A, and 7B.

The attendance has been lowered considerably by several children who have been absent all or nearly all the month because of extended illness and absence from town. These children are enrolled in the Kindergarten and first grades. Above the Kindergarten the percentage of attendance for the school was 96.7%.

"The school will be held in Mount Holly Saturday, May 7th, as follows:

Arithmetic, Wesley Hemphill, 8th grade.

Spelling, Frances Johnson, 8th grade.

"This report should include, believe, an account of the needs of the school.

"On the basis of our present enrollment, we shall have forty-five children in the first grade, fifty-one in the second and thirty-seven in the third. The importance of greater consideration to the beginning pupils of the school is now being urged by all educational authorities.

With smaller classes in the primary grades children have a better chance as individuals and teachers have an opportunity to meet their needs. This division of our first grade this year has proved without doubt an excellent move. We shall send forty-eight children to second grade.

This will crowd that grade and relief will be needed there. Our first grades will be almost as full as they have been this year, and if we have such a situation, we will require an additional room and teacher.

"I believe plans for a permanent adequate building for Riverton should receive thoughtful consideration. A study of the school at the present time might prove to be a handicap in the future. I would urge that the immediate needs be cared for now in such a way as to further the progress of the children and a permanent building program for the future outlined for serious study."

The following bills were ordered paid: Del. & Atl. Telephone Co., \$ 8.20 Public Service, 30.47 L. G. Rogers, magazine subscriptions, 25.91 Milton Bradley Co., supplies, 71.81 Joseph M. Roberts, 11.03 Board of Education, Palmyra, tuition, 3286.00 G. H. McGhee, attendance, 40.00

BRILLIANT BALL

Sons of Italy Annual Event is Great Success

A huge crowd attended the brilliant affair, the Annual Grand Ball given by the Sons of Italy, Lodge Adria del Piave, No. 1321, of Palmyra, at the P. O. S. of A. Hall Wednesday evening.

The committee in charge is due much credit as it is said that the ball surpassed any ever given before by the Lodge. The decorations of the hall were of bright colors and very elaborate. This was no surprise to the people attending as the decorations are always attractive at the Sons of Italy affairs.

There was an unusual fine program of vaudeville with Joe Fields, comedian; Betty Gray, vocalist; Eugene Twindler, pianist; Sorelyna Sylvester, European novelty; Conway and Conway, singing and dancing.

The music for the dancing was furnished by the well-known Nashville Fire, of Palmyra. The committee in charge was composed of P. Balada, P. Paditto, J. Caruso, A. Balada, B. Cugliotta and A. Altona.

CINNAMINSON LODGE LOOP TO VISIT MERCHANTVILLE

On Tuesday evening, May 10th, the local lodge of Odd Fellows, accompanied by the Ladies Auxiliary of the lodge will visit Amity Lodge of Merchantville with the hope of assisting that lodge in the formation of an auxiliary.

Amity Lodge members have visited old Cinnaminson on several occasions and had the pleasure of enjoying the fun and frolic of the Auxiliary, as on the occasion of their "Ladies Night," an invitation has been extended to the local lodge and the ladies to be with them.

About eighty-seven distinct dialects are spoken in the Philippine Islands.

The regular monthly meeting of the Riverton Borough Council will be held in the firehouse, Thursday evening, May 12th, at eight o'clock.

GUEST OF A'S

PHS Baseball Squad Entertained by Connie Mack

Coach Dimond, of Palmyra High School, and his squad of baseball players were entertained by Connie Mack, manager of the Philadelphia White Elephants at Shibe Park last Thursday, April 28.

The well-known A's came out victorious, score 15 to 7 in a contest featured by some heavy hitting. The Thomas of the House of Mack were Cliff West, Joe Sacks, Jack Easley, Albert Zoll, Zaun, Bartley Vic Mueller, Sloan, Broderick, Harry Little, Manager, Paul Keenan, John Korr, Les Johnston, Ed Hutchins and Coach Dimond.

More Street Lights Added

Lighting and Police Committees Confer on Better Illumination of Dark Spots

Councilman William A. Welsh chairman of Riverton's lighting committee, Director of Public Safety Edward R. Williams and George T. Dold, of the Public Service made a survey of the lighting conditions in Riverton on Wednesday with a view to improving the illumination of some of the most used streets.

It was decided to place an additional light on Broad street, in front of the vacant property between Main and Cinnaminson, and to increase the candle power of the light at Broad and Main in front of Keating's store. Another light is being considered on Main street in front of Chew's bakery.

On Wednesday afternoon the railroad it is proposed to move the gas lights from the inside line of the pavement to the curb line in an effort to secure better lighting of both sidewalks and roadways.

Following the recent accident at the bridge over the creek at East Riverton, when an automobile was wrecked, Director Williams appealed to Howard Russ, director of the Burlington County Board of Freeholders, to have the bridge painted with broad black and white stripes to make it more visible at night.

Mr. Russ, it is understood, will have the work done at an early date. The telegraph poles at the station have also been painted with black and white stripes, by order of Director Williams.

HUDACK'S CONCERT

Orchestra Assisted by Several Artists to Aid Baptist Building Fund

On Monday evening next, May 9, Prof. Robert D. Hudack, who is well known in Palmyra and Riverton as leader of a student orchestra, will present a concert at the Central Baptist Church as a contribution to the church building fund. In addition to the orchestra, well-known local and Philadelphia artists will assist. These include Mrs. Stanley Lippincott, soprano; Mr. Leo Milton, pianist; a string quartette; and the Misses Helen Wellman and Margaret Melver, of Philadelphia.

The latter artists will offer a very humorous sketch entitled, "The Backward Child."

"The Philathea Class is sponsoring the concert for Prof. Hudack and with the quality and variety of the artists taking part, the concert should prove to be a full evening of high-class entertainment. The concert will commence promptly at eight o'clock.

Tickets are obtainable from members of the Philathea Class or may be purchased at the door.

WIDEN BROAD STREET

Big Palmyra Improvement is Now Complete

The widening of East Broad street, Palmyra, between Garfield and Cinnaminson avenues, was finished by the Eugene F. Verca Contracting Company, of Camden, today. The new portion of the road will be open to traffic within about ten days.

The widening of the street at this point will make a big improvement in handling the heavy traffic through Palmyra over the weekends. During the past week-end the traffic at Broad street and Cinnaminson avenue was the heaviest. Palmyra has witnessed for some time, Sunday evening Chief of Police Beck and Officer Rodgers had their hands full in handling the heavy traffic at this point. At least thousands of cars passed through Palmyra early Sunday evening, not an accident occurred.

JOHN C. SAGER

John C. Sager, husband of the late Jane Sager (nee Aiken) died on Saturday after being ill several months.

The funeral was held Tuesday afternoon at 2:30, conducted by the Rev. C. T. Bates, at his late residence, 418 Lippincott avenue, Riverton. Interment at Laurel Hill with funeral director Snover in charge.

The deceased moved to Riverton about seventeen years ago and has been employed by the U. S. Entomological Laboratory at Cinnaminson for several years. He leaves three daughters, Mrs. William H. Downing, Upper Darby; Mrs. George A. Reed, Yonkers, N. Y.; and one son, David Walker Sager, who has been residing with his father.

SALLY ANN

Palmyra Civic Club Will Give Annual Play

The Palmyra Grammar School Eighth Grade Civic Club will give its annual play in the high school auditorium, Friday, May 13. The play is entitled "Sally Ann and Young Man."

The orchestra will furnish the music for this occasion. Miss Mary Egan is coaching the play and will soon have the production in first class condition and ready to be staged. Miss Slav, music teacher of Palmyra High School, is the music director for this show.

Those who will participate in the production are Margaret Rhodes, Anna Wilson, Marie Jander, Louise Fisher, Jean McKeon, Louis Backs, Robert Finney, Walter Price, Leon and Heck and Anna Baker.

PHS NINE LOSES

Haddon Heights

Although Haddon Heights held the hard-hitting Haddon Heights High School baseball team to five hits, Palmyra went down to a 5 to 0 defeat at the Field Club grounds Tuesday afternoon.

Smith, the Haddon Heights pitcher, held Palmyra to two scattered hits and was never in danger of defeat during the game.

Palmyra's defeat came as the result of poor playing on the part of its infield. Two of the runs were allowed to cross the plate without their even making an attempt to get the runners out. Erratic play in the outfield with poor hitting, the downfall of the White and Red.

Palmyra's hits were made by R. Egan and Zaun, who both played good baseball. Vic Mueller, Palmyra's right gardener, had the misfortune of getting hit in the head with a pitched ball after having three balls and no strikes called on him. Mueller fell to the ground but soon regained consciousness and was able to finish the game.

The batter, who was not given the best support by his teammates. The entire Haddon Heights team played bang-up ball, but Smith, the pitcher, and Haddon, shortstop, were the outstanding stars.

Palmyra will also play at the Field Club grounds tomorrow afternoon.

BOYS' WEEK

Rotary Club Provides Big Program for Youngsters

Last Sunday evening at the Central Baptist Church, the Rev. George Lockett addressed the boys present, starting the Rotary Club Boys' Week program.

The Rotary Club is giving out tickets to the boys for matinees at the Broadway Palace this Thursday afternoon and Saturday afternoon. This Thursday night the 17 members of the track team that won the cup at Mount Holly last year will be entertained at dinner. The guests will be Bruce Beahn, Louis Bell, Emil Eichenman, Russel Johnson, Frank Hengert, George Johnson, David Kerr, Robert Matthews, Norman Moffitt, Louis Piergosa, Walter Poulson, Anthony Prisco, George Taylor, Robert Still, Robert Snow and William Zaun.

On Friday the Seniors of Palmyra High School will visit the various industrial plants of Palmyra and Riverton, including the Palmyra Foundry, the Henry A. Drexler, the Jenson Manufacturing Company and the Japanese Beetle Farm at Cinnaminson.

Saturday the boys will go to Mount Holly to enter a track meet and try to win another cup. The boys will be divided into three classes, boys up to 14 years of age, 14 to 16 and 16 to 19.

HURT CHRISTIANITY

Rev. Richard Hays American Pastors Set Poor Example

The Rev. William Erhard, of Palmyra, was one of the speakers at the Philadelphia conference of the Evangelical Lutheran Synod of Eastern Pennsylvania, held at St. Paul's Lutheran Church, Colliwood, this week.

In his address the Rev. Mr. Erhard brought out that the spread of Christianity among unbelieving peoples has been marred by warring religious sects of America, the nations teapots dome scandal and the Ku Klux Klan.

More than 75 Lutheran pastors from Camden, Philadelphia and the suburban towns attended this meeting.

The Rev. Mr. Erhard praised the progress made by missionaries despite the existing conditions, especially in India, and made it plain that America is looked upon as a poor example of Christian civilization by many persons with whom missionaries come in contact.

Cinnaminson Home Quiet in Its Work

494 Cared For in 1926; Annual Horse Show and Fete, Saturday, May 28

So quietly does the work of the Cinnaminson Home progress that it is worthy of the attention of all good citizens at this time of the year when it calls upon this town to support its Annual Fete and Horse Show, the proceeds of which help to carry the overhead expenses of the institution.

To call this Home an institution seems almost a misnomer for the managers have always attempted to keep it as nearly like a real home as possible. Its doors are open to unfortunate women and children and many tired mothers from this locality as well as from Camden and Philadelphia are enjoying the benefits such a restful place affords.

Cooper Hospital sends many of its mothers with their babies, for the convalescent care that they so much need before they take up again their household cares.

During the past year 283 adults, 177 children, and 84 babies under one year of age were cared for.

Of the managers 22 reside in Riverton, 6 in Cinnaminson and 19 reside in Moorestown. Their work on the Board is unique in that each day a manager is appointed to go in person to the Home.

In this way, a personal contact is made with the patients which is often continued after their return to their own homes.

The Moorestown Field Club has again offered its grounds for the Horse Show and Fete, starting at 1:30 on Saturday, May 28th, the Horse Show and Gymkhana will continue through the afternoon.

From 5 to 7 p. m. a cafeteria deli-cious supper will be served. Wonderful and maple syrup will be an attractive feature of the menu. The fete will end with a dance in the club house in the evening.

Firemen Hold Old Home Week

Celebration Being Held in Honor of 175th Birthday of Mt. Holly Company

Elaborate plans are nearing completion for the Firemen's Celebration and Old Home Week to be held in Mount Holly, New Jersey, during the week of July 10 to 16th.

The celebration is being staged in honor of the 175th anniversary of Relief Fire Company No. 1 of Mount Holly which is the "oldest fire company in America."

On Sunday, July 10, Memorial Service will be held for "Uncle Billy" Hinkle, a recent resident of Mount Holly and one of the oldest firemen in the United States, he having been a member of the Mount Holly fire company for eighty years.

"Uncle Billy" as he was affectionately termed died within the last month and one of his greatest wishes having been to live until after the demonstration in July.

The fire companies of the town and county feel it only fitting that he should be thought of at that time.

The Relief Fire Company treasures their Articles of Institution, incorporated in July, 1752 with the original signatures intact. From that date until today the company can show the minutes of each consecutive meeting.

Monday, July 11, will be the official opening day of the celebration and the key of the county will be presented to the firemen for the week. The Junior Olympic Games of South Jersey, directed by Charlie Rogers, nationally known athlete, will be held in Mount Holly on that date, when boys under sixteen will compete for athletic honors.

Wednesday, July 13, will be known as Governor's Day and the Honorable A. Harry Moore, Governor of New Jersey will be speaker of the day. A gigantic fraternal, civic, historical and patriotic parade will be staged at sundown in his honor. A willful parade being quite an innovation, a large crowd of marchers are expected. All organizations coming under this heading are cordially invited to participate and compete for prizes.

Wednesday, July 13, will be the official opening day of the celebration and the key of the county will be presented to the firemen for the week. The Junior Olympic Games of South Jersey, directed by Charlie Rogers, nationally known athlete, will be held in Mount Holly on that date, when boys under sixteen will compete for athletic honors.

SCHOOL CONTESTS

Palmyra Will Take Part in Spelling and Arithmetic Races

Two Burlington County contests for Grammar Schools, a spelling and an arithmetic contest, will take place of the annual oratorical contest to be held in the Mount Holly High School this Saturday, May 7.

The Arithmetic Contest will take place at 10 o'clock in the morning and the spelling contest will start at one o'clock in the afternoon.

Palmyra's entries in the spelling contest will be Carrie Bates, of the seventh grade, William Landgraf of the eighth grade, Graham Lore of the eighth grade, and Helen Young of the seventh grade. The alternates will be Edith King and Esther Hauer, both of the sixth grade.

Those that will take part in the arithmetic contest will be Elizabeth Hassell, Fred Green, Edna Barker and Beatrice Mueller, all of the eighth grade. Alternates will be Jean McKeon and Mildred Meyer, also of the eighth grade.

NATIONAL HOSPITAL DAY ON MAY 12

Public is Invited to Visit and Inspect the Burlington County Institution

Although hospitals have been in existence for hundreds of years and some form of health service is on record among the most ancient of peoples, it is rather strange that up to six years ago no concentrated effort was made to tell the public of the real importance of the work of hospitals.

This institution has joined with thousands of others for the observance of National Hospital Day and extends a cordial invitation to the people of the community to visit us on May 12th.

Of the hospital as well as a thorough inspection of every part of the building. This day has been especially designated as National Hospital Day for the purpose of getting better acquainted with the administration of the hospital as well as its many and varied duties to the public.

The day is purely an educational one and we should appreciate all the members of the community visiting us and spending as much time as possible with us on that day.

No contributions or gifts will be solicited on this day at our institution.

DAIRY S. HOLLINGSHEAD.

HAVE YOU HEARD ABOUT THE NEXT BIG EVENT? NO!

Well, then save Thursday, May 26 and come see "The Tom Thumb Wedding."

ROBERTS' CAMPAIGN OPENED BY WELLS AT MOORESTOWN

PHS ORCHESTRA Annual Concert Will Be Given on May 20

All lovers of good music should mark on their calendar the date of the evening of May 20. On that Friday evening you will have the opportunity of hearing the Sixth Annual Concert of the Palmyra High School Orchestra. C. Louis Richards, leader of the orchestra has planned a fine program and good music is in store for all who attend.

The High School Glee Club, under the direction of Miss Slav, music teacher, will render several selections.

Miss Thelma Jones, noted amateur of local plays who has played the leading parts in several high school productions recently, will entertain with some of her readings.

Rotarians Hear Address on China

Rev. E. L. Sanford, of Moorestown, Addresses Riverton-Palmyra Club

The Rev. Edgar L. Sanford, of Moorestown, was the speaker at the Riverton-Palmyra Rotary Club last Thursday evening and delivered an interesting talk on the present situation in China. The Rev. George J. MacCormack who spoke before the club the week before was so interested in Roberts that he was a guest at this meeting.

The Club made a contribution of \$100.00 to the National Red Cross through the local branch at this meeting.

The Cantonese movement in China originated in 1911 when the Empire was overthrown, said Mr. Sanford. Russia took sides with the Cantonese supplying them with money and ammunition to combat Peking.

Three Warring Groups

The speaker divided the Chinese situation into three forces, headed by the War Lords. These groups were the Ex-bandits, the Christians and the Cantonese, each having a General who controlled individual territory.

Among these groups there was civil war and the loyalty of an army happened to lose one day, to soldiers would change over to the victorious side the next day because the winning general would offer better food or more money.

The speaker said the United States Government was doing right to withdraw Americans from China but this was a difficult proposition due to the large and scattered population. He asserted that when the Cantonese maltreated the Christians and children the government had a right to interfere.

The missionaries and business men are moving out to avoid complications with America, taking with them only their necessary belongings and leaving other property that had taken years to accumulate.

Chaos to Continue

As to the outcome, the Rev. Mr. Sanford said he thought the chaos would continue for 5 or 7 years. The only way out is for the missionaries and bankers to show the people how to earn their living by working.

Do the Chinese want the American? Do they want them? These are some of the questions asked. Mr. Sanford said the Chinese did want the Americans because they need them. The Chinese need and want the American because of their educational and industrial aid.

The city of Shanghai has a waiting list of 800 students to enter Shanghai University. This proves that the Chinese want schools.

At this meeting President Charles S. Mills of Riverton, retired from office and was succeeded by Horace Finney, of Palmyra. Mr. Mills commended the club for its loyal support and expressed his sincere thanks. George "Pat" Steele, president of "Charlie" with a hand some Rotary charm in behalf of the club.

Ex-Judge Makes Eloquent Plea for Renomination of State Senator

WIMER SEES HAND OF EDGE BEHIND POWELL

The opening gun in the campaign to return Senator Emmor Roberts to the State Senate was fired by the Senator's campaign manager, Ex-Judge Harold B. Wells at a meeting of women voters held in the Moorestown Community House Tuesday afternoon.

Wells himself, a former Assemblyman and State Senator with a flawless record for upright and courageous service to the people of Burlington County. He related how he had run for the Assembly on a "local option" platform from him, in those days the booze interests were dead set against local option, now they are calling for a return to the local option system.

Old Guard political leaders laughed at Wells and called him foolish for running on such a platform, but he speedily developed such strength that they offered him their support on condition that he drop his platform from him. The local optionist was not that type of candidate who shifts his political beliefs with the winds or trades his convictions for gang support and he continued standing firm for his principles. Defeated three times, he won at length by a small majority and since that time no sensible candidate has dared run for office in Burlington County on a "wet" platform.

Wouldn't Oppose Him

When the time came for Senator Wells to accept a Judgeship, Emmor Roberts had served two terms in the Assembly. Roberts had come to Wells and assured him that no matter how long he wished to retain his seat in the State Senate, Roberts would never try to take the position away from him, because he felt the county needed such men as Wells in the Senate.

Wells appreciated such loyalty and cooperation, but felt he could not do more service on the bench and left the Judgeship open to Roberts who has served the County in that position ever since.

Judge Wells declared that Roberts had proved time and again to be a statesman that he could not be

"Billy" Develops Comedy of Errors

P. H. S. Junior Play Full of Uproarious Humor and Good Acting

"Billy," the three-act comedy by George Cameron was presented last Friday and Saturday evenings in the Palmyra High School auditorium by the Junior Class before large audiences. The play was directed by Miss Bell and was staged in fine style.

The entire action of the play took place upon the decks of a ship, the S. S. Florida.

Miss Thelma Jones, the leading lady in the play "Kathleen," presented some time ago by the John B. Rogers Producing Company, was again the leading lady and played her part almost to perfection. Edward Hutchins was again seen playing opposite Miss Jones and portrayed his trying part in great style. These two amateurs have taken difficult parts in plays and will more than likely take the leading roles in the Senior play next year, due to their stage ability.

Billy Hargrave (Edward Hutchins) was a football hero who had the misfortune of being seriously injured, losing four teeth in a football contest. He was accompanied on this trip on the S. S. Florida by his sister, Alice Hargrave (Jane Price), who was to take care of him. Billy was in love with Beatrice Sloan (Thelma Jones), daughter of Mrs. Sloan (Ethel McCord), who also had her teeth in the Florida.

Sam Eastace (Jack Siddall) was in love with Beatrice Sloan and ever since Billy Hargrave had rescued the two from an island where they were marooned, had held this against the two.

Billy Hargrave was making headway with his love affair when Sam told Miss Sloan he had seen Billy with another girl when he was still supposed to be laid up with his injuries.

When Sam passed Billy and his friend on the street, Billy had his cap pulled down over his eyes, so Sam did not speak. He overheard the two arguing and when Billy said he had four (meaning false teeth) his friend said, "What, four? I do not want anything more to do with you."

And of course, Mrs. John Hargrave (Edith Knight) believed the worst and thought young Billy had four more girls and yet was bestowing his affections upon her daughter. Mr. John Hargrave (Nelson Harris) was also in a fit of anger and impatience with members of the S. S. Florida because none of them could locate his son Billy or his stateroom.

Billy and Sam Eastace were going to fight it out verbally for Miss Sloan's hand, but Billy lost his four false teeth when bumped by a deckhand while talking to Beatrice. Without his teeth he could not talk.

Billy thought it up to his sister Alice to get him another set of teeth as she had forgotten to pack his other set. When another set of teeth could not be obtained Billy became desperate.

While listening to Sam Eastace making love to Beatrice, Billy stepped out from his stateroom and fired a pillow, hitting Mrs. Sloan in the face. This spoiled everything and Billy could not explain without his teeth he gave himself up as lost. He could no longer hear Sam calling him a coward before Beatrice.

During the night Billy stole Mrs. Sloan's false teeth, but the teeth were of no use to him as he had only four on his set and Mrs. Sloan's had a full set.

When the tough boatwain (Paul Keenan) found Billy's teeth on the deck he turned them over to the captain who in turn put the teeth in a glass case on the deck where no one claimed them. The owner had to appear in person for the lost teeth. As Billy did not want to do this, the teeth were put up for bidding among the passengers.

Billy Eastace promised Beatrice to return her mother's teeth if it was the last thing he did. When Billy's teeth were put up for bidding, Sam thought they were Mrs. Sloan's teeth, so was determined to get them.

Not Four Girls

However, Sam went his limit in the bidding but young Hargrave outbid him at \$5,000 and so recovered his much needed molar.

With his teeth back again, Billy was able to explain his past life and the much talked of and misunderstood four were finally explained as four teeth and not four girls.

With this misunderstanding cleared up, Billy and Beatrice were again brought together.

The Captain of the S. S. Florida (Wilbur Davidson), the steward and Stewardess, Howard Himes and Grace Seligmann, respectively, the ship's doctor, Franklin Deacon, and the sailor, Harry Orcutt, although being a "pain" to the Hargrave family in the play, pleased the audience with their acting.

During the acts, Mrs. J. J. Siddall, soprano, accompanied by Mr. Siddall on the violin and Mr. Lee Mitton on the piano, rendered a selection.

GOOD SHOWING

Palmyra Relay Teams Finish Third and Fifth

The Palmyra Junior High School runners entered in the University of Pennsylvania Relays last Friday and Saturday afternoons at Franklin Field and made a fair showing in finishing fifth among the entrants. The Junior team ran Friday afternoon.

On Saturday the Senior team raced against a classy field and finished third. The only veteran of the championship team who is still in school is Captain Bruce Beahn.

Considering the training the Junior team has had, finishing fifth was not so bad as this was the second track meet the youngsters have taken part in.

The Triangle Group met on Wednesday evening, April 27th, at the home of Andrew Barker.

The meeting was called to order by our president. Prayer was offered by Tom Vanderveer, after which we read the responsive ritual followed by our Bible study.

We will give \$4.50 from our treasury to the Mississippi flood sufferers and each member was asked to bring twenty-five cents to our next meeting for this cause as it is a very worthy one.

As our business meeting was a long one we did not have time for games.

Refreshments were served and we closed our meeting with the Friendship Circle.

P. T. A. Sponsors Camp Program

Cinnaminson Association Will Arrange to Send Boys and Girls to Camp

The first new business to be considered at the recent meeting of the Parent-Teacher Association of Westfield School, Cinnaminson, was that of camp. It was voted that those capable of selecting a boy and girl in need of either a week at camp or at a sanitarium during the summer, should do so. The selection will not be based on scholarship but rather upon the individual needs of the children involved. These children will be vouched for by the P. T. A.

A nominating committee was named to provide a slate of new officers to be elected at the May meeting for the coming school year 1927-28.

Mrs. Reidenbaker, chairman; Mrs. Baitzel, Mrs. Broderick, Miss L. Frank and Miss Phillips.

The County Council of Parent-Teachers will meet at Hainesport, May 11. A discussion of the representative associations on vocational education. Unofficially, Cinnaminson feels that judging from the benefit derived at Westfield, such training would be highly desirable.

Miss Adelaide Pratt, County Librarian, will be at Hainesport and will have there the County Library car for inspection. From the program arranged it will be a most worthwhile meeting, 10 a. m. (Daylight Saving) is the time. Will you be there?

Miss Phillips, believing in the old adage that "an ounce of prevention is worth a pound of cure," spoke about and presented lists concerning the things a first grade child should be able to do upon entering school. Galoshes, it seems, have taken heavy toll of time and patience. Many helpful suggestions were made and discussed concerning health habits and social attitudes.

One of the vice-presidents of the State P. T. A., Alford S. Roberts, president of Mount Laurel Association, spoke on the pre-school child and the "summer round-up."

The child needs to be considered

physically, mentally, emotionally, socially and morally. Children must learn to live and play together for the child of today is the grown-up of tomorrow, and as such must be able to live with people if he is to be properly socially adjusted.

Health plays a most vital part in the welfare of the child. "A large milk bill now means smaller dentist bills later," and less toothaches.

"Of three million children entering the first grade within a year, one million fail to be promoted within that year." Perhaps are may be a handicap. Health, or rather, lack of it, is a positive drawback. Many physical disabilities, treated and cared for before school age could make promotion more probable and taxes less pressing. Every time a child repeats a grade, approximately \$90 is lost that could be a better expenditure. Every child who goes to school with diseased tonsils or teeth, poor eyesight and other disorders, is a liability. He is a menace to the children with whom he comes in contact. Colds and many diseases more commonly spoken of as children's diseases are contagious, but do not have to be tolerated. A child should enter school with a bill of health, 100%.

The summer round-up tends to aid in finding and correcting the physical defects of the children who enter school for the first time in the fall.

Dr. H. L. Rogers, with Miss Helen Blair and Miss Carolyn Cook, are now making preparations to make the pre-school children ready for their initiation into school life.

And, as Mrs. Roberts quoted, "the summer round-up is the spring pruning for right fruit of the fall."

Mrs. Nathan Conrow spoke of the need to vote for an additional \$5,000 necessary to properly equip and complete the proposed reconstructed school No. 4.

The Ark in the Mississippi flood is the Federal directed Red Cross and its freely donated five million dollars for relief work.

Again it has been proven that sluggers grab all the limelight—as witnessed by the way the Gray Snyder case has pushed Ruth, Cobb, Speaker and Hornsby et al to the background.

SILVERTOWN CORD ORCHESTRA PLAYS

Musical Will Be Broadcasted Through 10 Stations in East and Middle West

"The first radio concert of the Goodrich Silvertown Cord Orchestra and the Silver-Masked Tenor after a seven-month tour in vaudeville will reach 65 per cent of the country's population," says Lester S. Fortnum, local Goodrich dealer.

According to a bulletin just received from Akron, headquarters of the Goodrich Company, the Silvertown Cord Orchestra with its famed tenor will give its first concert of 1927 this Thursday evening, between 9 and 10 Eastern Standard Time.

Mr. Fortnum says: "This program will be relayed direct from the New York studio of WEAF to 18 other stations running as far north in the east as Portland, Maine and as far south as Atlanta, Georgia. In the middle west Minneapolis-St. Paul, and Memphis, Tennessee, will be linked into the net-work."

The Ladies of

Roberts Speaks in Holly Church

Senator Has Joint Discussion With Pastor on High Cost of Sin

Before a good-sized audience from various parts of the county, Senator Elmer Roberts cooperated with Rev. M. M. Lewis, pastor of the Mount Holly Baptist Church, Sunday night, April 24, in a joint discussion of the subject, "The High Cost of Sin."

Senator Roberts said the discussion of sin and its cost does not present the most cheerful subject, yet life offers the opportunity for the building of character and many an otherwise fine effort has been completely spoiled by sin or the mistake of the minute and one rash act has torn down the accomplishments of a lifetime and has led to sorrows for coming generations.

In New Jersey, he said, are the New Lisbon asylum with 293 inmates, the Reformatory at Rahway, with 514, the Women's Institution at Clinton with 186, the Boys' Home at Jamesburg, with 592, the Girls' Home at Clinton, with 245, the institutions for the feeble minded at Vineland with 893, Woodbine with 171, and the State Penitentiary with 1,517 inmates and so on. Fourteen institutions in the State housing 11,796 inmates, the majority there because of sin directly or indirectly and maintained by the taxpayers at a cost of \$1.25 per day each. An appropriation of \$7,113,000 plus a half mill tax yielding \$3,500,000 extra has been made to take care of them this year. This is not only a ten and a half million direct cost to the taxpayer, but there is the cost in heartache and trouble in-

dent to it all. In urging world peace the Senator touched on war as furnishing a terrible drain upon the people in taking care of the cost of past conflicts, maintaining armament and preparing for future wars, and cited that 93 cents of every dollar of the government money go for those purposes and that only seven cents remain to cover all constructive measures and government costs. The cost of one recent battle would finance the State of New Jersey for three years or build two such bridges as now connect Camden and Philadelphia. This is as nothing compared with the loss of human life. The Civil War took a toll of 1,000,000 men; the Spanish War, 700,000; and the World War the awful total of ten million men, to say nothing of those who have suffered beyond conception as a result and have to live through it.

The Senator concluded with a plea for a balanced educational and moral development, without which we cannot hope for success of the remedy of sin that is offered in the Christ.

PUBLIC SERVICE ELECTS

The Board of Directors of Public Service Corporation of New Jersey met Tuesday of last week and organized for the year. Thomas N. McCarter was re-elected president for the twenty-fifth time and the other present officers were re-elected. William B. Hartshorne was elected assistant to the president. He was appointed to this position two weeks ago by the boards of directors of the underlying companies at their organization meetings. Mr. Hartshorne was formerly service engineer of Public Service Electric and Gas Company.

College Athletics Are Not Overdone

Every Young Person Needs Sports, Declares Bill Roper at Banquet

William "Bill" Roper, Princeton University football coach, speaking before the Burlington County Game League at its annual banquet last week stated that in his opinion college athletics are not over-emphasized, as sports lead them to clean living and keep students from other sources of amusement that frequently are of a degrading nature. "Every young person needs recreation and the best outlet for that is athletics," said Mr. Roper. "If athletics is not the form of recreation, then it will be jazz parties, automobile joy rides, road houses and other detrimental influences."

Mr. Roper holds that athletics not only teach clean, healthful life, but also imbue the student with the spirit of teamwork, discipline and self-sacrifice; also to learn to concentrate on one subject, all of which is a benefit in his future life.

He related a number of instances in football games to prove his contention of teamwork and self-sacrifice, because in that game it is usual for ten men to labor to permit one man to gain ground or gain a touchdown.

Keep Fit and Young
He urged his hearers to safeguard against growing old by continuing some form of sports where by the individual may get into the open air and have out-door exercise. Hunting or fishing or playing golf keep men fit physically. Health can be retained by proper diet and out-door recreation.

Prof. Alexander H. Phillips, of Princeton University, and member of the State Game and Fish Commission, told of the work of the commission in stocking waters and fields of the state with fish and game. That New Jersey as a good field for hunting is indicated by reports received last year from 34 per cent of those who took out licenses, showing that these men shot 450,000 rabbits that year; also about 90,000 pheasants and 60,000 quail. The food value of the game was over a million dollars.

The trout season, now open, already has shown big catches in the upper part of the state, where 300,000 trout seven inches or more in length have been planted by the commission. These trout were raised by the state. That variety of fish does not flourish in the waters of South Jersey, but bass ponds have been established from which the stream of the southern part of the state will be stocked.

During the past year 15,000 rabbits and 15,000 pheasants were liberated by the commission. The money for all this work of the commission comes from license fees paid by sportsmen. Prof. Phillips urged that these funds be kept for that purpose and that none of it be diverted to other channels.

General Hugh L. Scott, commandant of Camp Dix during the World War and now chairman of the State Highway Commission, when called upon to make remarks, was given a hearty greeting from the banqueters. He said he was glad to come to this banquet each year to renew old friendships and will continue to come as long as he is invited. He has very pleasant recollections of the time he spent in this county.

Former Judge Harold B. Wells acted as toastmaster and was in his usual good form, which means that he was a great success.

20-Year Sentences for Two Murderers

Men Convicted on Second Degree To Do Hard Labor Two Decades

Two men were sentenced to serve twenty years each at hard labor in state prison by Judge Lloyd, sitting in the court house, Mount Holly Tuesday of last week after they had changed their former plea of not guilty to guilty of murder in the second degree.

Consensus Masel, better known as Samuel Marsh, killed James Clymer in Mount Holly on November 26, 1926. The crime took place in Marsh's home on Hulme street, during a quarrel. The two men had been on very friendly terms but had been drinking. Marsh fled after the murder, but was captured while riding on a truck near Mooresville. After being taken into custody, Marsh admitted the killing, stating that he pointed a gun at

Clymer, to frighten the latter, and pulled the trigger. Marsh contended that he did not know the gun was loaded.

Discovery of the dead man's body was not made until about two days after the crime.

The two men were laborers in sand pits in Tullytown and Mount Holly. Marsh was 45, Clymer 50 years of age.

The other man sent to prison was Richard Sharp, colored, who murdered Charles Wormley, also colored, on the road from Extonville to Chesterfield on December 27, 1926. The dead man's body was found lying along that road. After being arrested, Sharp admitted that he had shot Wormley three times with a revolver, but alleged that he was acting in self-defense. The two men, accompanied by Mrs. Wormley, quarreled while riding in an automobile. After the murder Wormley's body was thrown from the car.

The story is that the quarrel started because of Sharp's attention to Mrs. Wormley. The woman was also indicted for being implicated in the crime but no evidence was

DIPPING INTO SCIENCE

Why Lightning Does Not Strike Lightning Rods

The air at all times contains electricity. Because lightning rods allow electricity in the air near the rods to pass through them to the earth, there is thus created a sort of neutral zone. Lightning cannot originate in such an area because the potential of the earth and air at this spot has been made the same through the lightning rod's presence.

There Is More Play-time for Home-makers When Electric and Gas Servants Do the Work

A New Part for the Home-maker

Harness an electric or gas appliance to nearly any household task and it will perform successfully the laborious part. These servants work wonderful feats of labor-saving, they lift drudgery from home-making, take the burden of hard work from the shoulders of the home-maker, and make of her a supervising director who has opportunity for raising the standard of her home is unlimited.

Dry Cold Best for Storing Food

TO appreciate fully the convenience of Kelvinator electric refrigeration, it must be borne in mind that Kelvinator is the one electric convenience for the home that serves its owner every minute of every day in the year.

There's one thing about the inside of a Kelvinator-chilled refrigerator that delights every owner. The interior stays dry, sweet and clean. There is never any moisture to necessitate frequent cleaning of the refrigerator.

This crisp dry air is cooled day and night automatically. No need to start or stop it. It is sensitive to every change of temperature and just as soon as the temperature varies, Kelvinator corrects it. Kelvinator keeps itself cold, provides the table with dairy ice cubes, requires little attention—only occasional cleaning.

Who can afford to be without this convenience?

At Public Service stores a small sum down secures any Kelvinator unit or complete cabinet, seventeen months allowed to complete payment.

Tasty Toast Dish For Light Meal

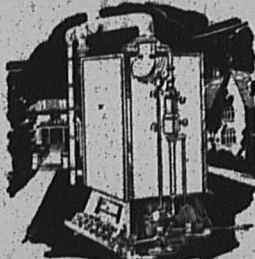

Welsh Rarebit
1 cup grated cheese
1 egg (yolk only)
4 cups milk
Salt and pepper to taste.
Two pieces of toast for each portion.

PLACE the milk in a porcelain lined sauce pan, and when hot put in the cheese, stir continually until the latter is melted, add the salt, pepper and the beaten yolk, stir but a moment, and pour the liquid over the toast. This recipe is enough for two generous portions.

The electric toaster permits you to serve toast hot. At Public Service stores, toasters range in price from \$3.75 to \$12.50.

Live in Cleanliness and Comfort All Year Round, Heat Your Home With Gas

WHEN the home has been put in order for the summer, interior redecorated, fresh curtains at the windows, everything clean and shining, owners may be heard to say: "If it would only stay like this." Now is the best time of the year to arrange for having the home stay fresh and clean.

The home-owner who will change to gas for house heating now, will have taken a long stride forward toward preserving the beauty and cleanliness of his home. Undoubtedly the worst features of most house heating systems is the dirt and dust and work involved. All these are eliminated when gas is used.

How to Choose an Electric Washer; What an Electric Ironer Can Accomplish

AFTER it has been determined that an electric washer will do clean, thorough work and will help to preserve the wearing qualities of the materials washed in it, the fact of next importance is the ruggedness of the machine itself.

"How long will a washer last?" "How often will it need repairs?" are questions often asked about washers.

After many tests in its own laboratories, Public Service chose the Thor Electric Washer to recommend for use to its customers, because it is ruggedly built of long wearing materials—double seamed and soldered, which makes the Thor water tight and rust proof.

The cylinder is made of Luminoid to which no dirt or grease can adhere. It can be cleaned simply by pouring clean water over it.

The motor is protected by the Atalag which prevents overheating or over-strain of the motor.

Thor gears are a special patented feature guaranteed against wear.

The Thor is finished in smooth white Duco, the same lacquer used to finish the bodies of fine motor cars. It will not mark nor streak.

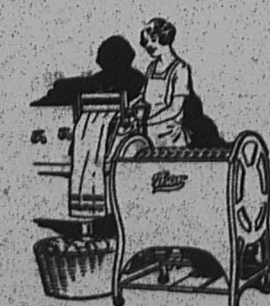

With all its mechanical advantages, the successful washing results it obtains, the work and time saved, the Thor washer can be

Gas is clean, safe, odorless and noiseless. Except that every room in the house is uniformly warm and comfortable during cold weather, the owner of a gas furnace might forget that he had a heating plant in the cellar.

It is inevitable that gas will be the house heating fuel of the future. It is always "on tap." It need not be purchased in advance—no space need be set aside for storing it. Its cost tendency is downward rather than upward.

An illustrated booklet, "Not Even a Glance for Weeks at a Time," that tells the many advantages of gas for house heating, will be sent free on request.

purchased at Public Service stores on the convenient payment terms of \$5 down—18 months to pay.

THE open end of the Thor folding ironer makes it possible to iron even the most difficult piece by this method—men's shirts, children's dresses, frilly things can all be pressed as skillfully as by hand.

Bed and table linens, towels come out with a satin-like sheen. Curtains can be successfully ironed in the Thor.

The home-maker will find that it takes only an hour or two to finish an ironing with the Thor, work that required a whole day by hand.

Other advantages in this method are that the home-maker may be seated while she irons—there is a rack at her right on which to hang the finished pieces. The Thor rolls easily—folds up, and can be stored in small space when not in use.

Electrically driven—electrically or gas heated.

The Thor Ironer can be purchased at Public Service stores for \$5 down—18 months to pay balance.

A New Range For a New Home

THE month of May is the key day of the moving van. Every one seems to be changing homes. It is best to leave all kitchen wares in the old house or apartment when moving. It is good to start in the new home with new cooking equipment.

The Direct Action gas range with Loran Oven Heat Regulator is an excellent baker. Its oven is always ready.

Some models, notably the 418-A and 418-W, have adjustable ovens that can be enlarged when large bakings or meals make it necessary. On Direct Action gas ranges the broiler is placed above the oven, which makes broiling unnecessary.

The Loran oven heat regulator will take all responsibility for the accurate measure and automatic control of oven heat. This gives the home-maker extra time for leisure or for other duties.

Public Service stores will pay \$10 for an old cook stove, if replaced by Direct Action 418-A or 418-W with regulator. Eighteen months to make payment.

Direct Action gas ranges are specially priced from \$39.98 without the regulator. \$59.98 is the low price on this make equipped with the Loran. Any Direct Action gas range can be purchased on the easy payment plan at Public Service stores. \$5 down—12 to 18 months to pay.

Gas Keeps Hot Water Faucet Active

IN many homes, the hot water faucet falls into disuse in the summer. Today, hot water summer and winter is demanded in every home. And the hot water faucet is being called upon for active service all year round.

The gas automatic storage water heater furnishes water of high temperature to all the hot water faucets in the house. This service is continuous. As hot water is drawn from the big insulated tank, the gas heater heats more.

Public Service stores sell these gas automatic water heating systems from \$90.75 up. There is a slight increase over cash prices when purchased on easy payment plan. \$5 installs the heater, with 12 to 18 months to complete payment.

A New Baseball for You Free!

Boys, here's your chance to get a new kind of Baseball free. Just made for "home-run" hitting.

You can bat it farther than any ordinary baseball because it's made of sponge rubber. The roughest play won't wear it out.

After a hard game, a scrub with soap and water will make it look like new.

A baseball will be given with each purchase of one of our new Goodrich Inner Tubes this week.

Goodrich Tubes are made of live, velvety rubber, molded to the shape of the tire, cured under water, and individually tested.

A word in Dad's ear will remind him of his tube needs. Nuf sed!

THE POLITICAL SITUATION

Forecasting the political situation in Riverton this year is a more risky business than attempting to foretell the weather, but from present indications there will be four candidates for the two vacancies to be filled in the borough council and there may possibly be three candidates for the office of mayor.

Howard M. Rogers has been brought out for mayor by a group of citizens who have held several meetings recently for the purpose of deciding on a candidate for this office. It is understood that the position was offered to a number of men who declined the honor, and that Mr. Rogers finally agreed to stand. When it became known that Mr. Rogers would be a candidate, it is understood that friends of Edward R. Williams, present member of council and director of public safety, and John C. Geiss, a former councilman, urged them to also enter the lists. The backers of Mr. Rogers are said to contemplate waging a vigorous campaign in his interest.

For council Henry L. Randall and Joshua W. Bartley have been brought out by the same group that is sponsoring Mr. Rogers for mayor. Two other men have tossed their hats into the councilmanic ring on their own initiative—Frank J. Holvick and Earle E. Perkins. Miss Martha Biddle has announced that she withdraws from the race.

Robert C. Ayres and C. Kenneth Davis will stage a contest for the office of collector and treasurer.

In the county, the friends of Assemblyman Powell and Senator Roberts, whom Powell will oppose for the office of Senator, are sharpening their axes and preparing for a battle royal. In this immediate neighborhood Roberts seems to have the best of the situation. Considerable strength was added to the Senator's camp by an enthusiastic meeting held at Moorestown Tuesday afternoon, at which time Ex-Judge Harold B. Wells addressed a large number of interested women workers who will campaign for Roberts.

COMMUNICATED

Editor The New Era:

It will be recalled that about thirty years ago there was a great effort made on the part of some citizens of the Borough of Riverton to establish a municipally owned electric plant. Great claims were made for economy.

Finally, the opposition, of which the writer happened to be one, managed to defeat the project.

I enclose an article that appeared in the Philadelphia Ledger, May 2, 1927, regarding Municipal Power Plants sold to Private Owners. You will note in perusing this article that the municipally owned plants consumed 100% more coal than the private owned plants and paid 100% more in wages.

It would seem that we were very fortunate in not trying this experiment that was destined to prove so disastrous.

Yours very truly,
CHAS. A. WRIGHT.

Municipal Power Plants Sold to Private Owners

Figures compiled by the National Electric Light Association show that 105 municipal power plants passed from municipal to private ownership in 1926 and 269 were transferred in 1925. That is held to be an indication that small municipal electric plants can purchase their power from large central stations cheaper than they can make it.

A recent survey made by the United States Census Bureau reveals the fact that privately owned companies supply 95.1 per cent of the electrical energy produced in this country, and that municipally owned plants supply the remaining 4.9 per cent.

Though producing less than 5 per cent of the total energy consumed by the Nation every year, those municipal plants retained 16.3 per cent of the total amount of fuel used in generating electric power. The survey shows also that those municipal plants paid 10.3 per cent of all wages paid in the manufacture of electricity.

WCTU LUNCHEON

Meeting on May 14 Will Be Climax of Big Drive

The luncheon in the Hotel Wall Whitman on May 14 which will climax the state-wide membership drive of the New Jersey Women's Christian Temperance Union will attract more than four hundred women. Women in South Jersey only will attend this affair.

A similar function in Newark is planned for the North Jersey women. Roy Haynes, head of the New Jersey Prohibition Department in Washington since April 1, will make the main address following the luncheon. Mrs. A. Haines Lippincott, president of the New Jersey Committee of the Women's National Committee for Law Enforcement will speak also.

Mrs. Nina G. Frantz, of Moorestown, president of the State W. C. T. U. is planning the meeting and will preside.

A musical program will be presented under the direction of Miss Virginia Gill, music instructor of the Merchantville High School. Mrs. Frederick Gilbert of Collingswood is the accompanist.

Mrs. Clement Lippincott, of Moorestown, is receiving reservations for the luncheon.

COMRADE GROUP

The Comrade YMCA group of the Palmyra Moravian Church, held its weekly meeting Tuesday evening, May 3rd.

The meeting was opened with a prayer by the leader, Arthur Siebke. The regular period of Bible study was held, followed by the business meeting.

After the business meeting had adjourned, games were played. The meeting was then closed with a prayer.

PORCH CLUB

Under the guidance of Mrs. Murray C. Boyer, a trip will be made to the Mercer Potteries at Doylestown, Tuesday, May 10. Reservations for luncheon will be made at the Fountain Inn for those who notify Mrs. Boyer, Riverton 99-R.

The annual meeting of the Porch Club of Riverton was held Tuesday, May 3, with Mrs. Reuben F. Corry in the chair. The annual reports of the officers and the chairman of committees were read and approved. The following officers were elected to fill vacancies: President, Mrs. Reuben F. Corry; Vice-president, Mrs. Murray C. Boyer; Corresponding Secretary, Mrs. H. M. Morris; Treasurer, Miss Helen E. Woolman; Directors, Mrs. Joseph L. Thomas, Mrs. Ralph L. Flowers, Mrs. J. Douglas Clark, Mrs. John E. McCaughy, Mrs. F. N. Steiner.

ANNOUNCEMENT

Howard M. Rogers announces his candidacy in the June primaries for Mayor of Riverton.

Mr. Rogers is secretary of the Oil Trade Association of Philadelphia, Incorporated, and heads the business of Charles K. Smith Company (oil) in Philadelphia.

He is a veteran of the World War, and was chairman of the Riverton and Cinnaminson community chest drive in 1925. He has been a resident of Riverton for nearly twenty years.

Associated with Mr. Rogers on the same ticket are Joshua S. Bartley and Henry L. Randall, as candidates for Council.

A further announcement of their candidacy will be made in the next issue of this newspaper.

ANNOUNCEMENT

I desire to withdraw my name as a candidate for the Council of the Borough of Riverton as I wish to support the following ticket: Howard M. Rogers for Mayor and Joshua S. Bartley and Henry L. Randall for Council and hope my friends will do the same.

(Signed) MARTHA McI. BIDDLE.

K. of C. LADIES' CARD PARTY

Great Britain's latest submarine is said to be capable of remaining submerged for two and one-half days.

She traveled the journey before you,
She has known all the cost of the way;
She paid out the price to its fullness,
That Motherhood only can pay.

She loved when the world was against you,
She hoped, when your hope sank and died;
She clung to your hand when the clinging
Left scars in her heart, deep and wide.

She labored, and loved, and was happy,
For down deep in her kind heart she knew
Your kindness and love would repay her
For all that she did—just for you.

MUST DOUBLE RELIEF FUND

Riverton Now Asked for \$1400; Citizens Urged to Double Their Subscriptions

RED CROSS URGES IMMEDIATE ACTION

The continuing spread of the flood along the Mississippi river has made necessary the doubling of the amount of aid first called for. Riverton's first allotment was \$700, and \$663.50 had been received by Wednesday morning. It will now be necessary to raise at least \$1400. Everyone is asked to double or increase previous subscriptions, and if they have not already subscribed to do so at once, as the need is imperative and promptness is essential.

Checks should be drawn to American Red Cross and mailed to Mrs. J. C. De LaCour, Riverton.

As all will want to share in aid to the flood sufferers, arrangements have been made to receive contributions at the Riverton Free Library and The New Era office, and no gift should be considered too small.

ROBERTS' CAMPAIGN OPENED BY WELLS AT MOORESTOWN

(Continued from Page 1)

Classes of the population, the women voters, the church people and the farmers. The farmers, he declared, have long complained against the majority of the legislators being lawyers. Now they have a farmer to represent them and a young lawyer is trying to oust him. If they want to keep a farmer in the legislature they had better get out and vote on June 21.

Patriotism
Some of the ladies present said the friends of Powell had been pointing to the Assemblyman's war record as an argument in his favor. Judge Wells in replying to this emphatically asserted that he did not believe Mr. Powell would use such an argument. "No American would dare to try to capitalize or commercialize his own patriotism."

Mr. Powell had done, he said, what America expected of all her young men and he had done it well. All honor to him. Senator Roberts also did all that was expected of men in his class. He had taken part in every drive for Liberty Loans, he had served on every committee where his services were desired, he had made patriotic speeches all over the county and contributed liberally with his own funds to every need. Being a married man with a family, he was in one of the deferred classes, which the government did not want to enter active army service until the need, which never came, presented itself.

There was also a discussion of the bills introduced by each of the Burlington County legislators and to what extent each had cooperated with the other in getting each other's bills through both branches of the legislature.

OUR ARBOR DAY

Every year we celebrate "Arbor Day" at Riverton School. We sometimes plant a tree which we did this year. On Arbor Day we went to Assembly for our exercises. The third grade sang a song called "Arbor Day." Dorothy Corneal in the sixth grade played a piano solo which was called "On the Ice by Sweet Briar." The sixth grade also gave a play "The Prayer of the Forest." When the play was concluded, we went and planted our tree. The eighth grade boys planted the tree. We then sang the flag and sang America, and separated to go home. The tree which we planted is just beginning to grow tiny green leaves.

Mildred M. Schuler, Grade 7b

7A HISTORY PLAY

Last Monday, the 7a class gave a play about the Second Continental Congress called "A Brave Deed by Brave Men." Each person wore a white wig. The president was Carl Weniger, whose name was John Hancock. Cecil Guest was the secretary. There were two rows of chairs, one in back of the other, to form the congress. There were some men in the congress who were loyalists and for the King of England. They tried to vote down that the colonists should not have an independent state, but the "rebels" as the colonists were called, talked against them. A messenger who was Rene Gros arrived with a letter announcing that the King's fleet had appeared off Sandy Hook with thousands of Hessian troops. The loyalists then turned against the King and called for the "Declaration of Independence" which Thomas Jefferson, who was Garfield Reynolds, read to Congress.

SIXTH GRADE ENTERTAINMENT

Last Friday the 6th grade entertained us with poems and piano solos. The poems were taken from their year's work in Literature. Each girl selected her own and then there was a variety. The poems were as follows:

- "April," Esther Schocker.
- "Apple Blossoms," Evelyn Blyler.
- "Do it Now," Carla Glad.
- "Glad and Liberty," Mary Rutherford.
- "Abou Ben Adhem," Adelaide Roedig.
- "The Concord Hymn," Eleanor Taylor.
- "Tree," Elizabeth Elliott.
- "Mendocant," Doris Hampton.
- "The Cloud," Helen Shaw.

Miss Madeline Leck has come to our school from Glassboro Normal School to practice with Miss Stormal in the 8th Grade.

A collection will be taken in the rooms this week and our Junior Red Cross will give the money to the children in the Mississippi Valley.

OUR PORTFOLIO

The 7th A grade is adding the 7th B in preparing some material for the Porto Rico portfolio. We are writing compositions on various subjects about our school work. The reason for doing this is because we would like the children of Porto Rico to get acquainted with our school as well as with us. There are a few compositions about some of the most interesting buildings in Riverton, such as the Public Library.

Some pupils who are interested, are going to take pictures of the pupils, when they are preparing the papers for the portfolio. If they can obtain a few pictures it will make the portfolio much more attractive and pleasing. We are hoping to get a picture of our class also.

One of the pupils who is a very clever artist is sending one of her illustrated book reports. We hope this portfolio will be enjoyed by the Porto Rico boys and girls. Our class enjoyed doing it so much.

Every one is doing his best work to sending this portfolio. I am sure the children of Porto Rico will appreciate our effort to show them our school life and work.

Mary Kenney, Grade 7a.

Y. M. C. A. Notes

The annual county-wide YMCA convention, this year the 22nd, which is held in the First Baptist Church at Burlington is scheduled for Monday evening, May 16. Session starts at 5.15. Dinner 6.30. (New time.)

Registration, a portion of the business schedule, reports of activities, pictures of happenings throughout the county, and other features will take place in the main auditorium of the church between the hours of 5.15 to 6.30. At 6.30 men, young men, and boys who, by that time will have gathered in great numbers from all over the county will form in double columns for the march down to the excellent dinner which will have been prepared by the Ladies' Aid Society of that church. Strains of march music by the County "Y" Orchestra will help maintain the fine spirit of fellowship and expectancy for an excellent meal and the treat which will be in store in the nature of the program of the evening.

Rousing Good Music Between Courses and During the Dinner
A number of excellent musical selections will be played by the orchestra. They will also accompany the mass singing in which it is certain that every person present will want to participate. This will be under the direction of S. Roger Oliver, of Burlington, assisted by Frank W. Thacher who will lead the Baptists. The Bordentown Quartet will also be on hand to sing a number of selections.

Judge Wells to Introduce Speaker
What would a county YMCA convention be without Chairman William Overman presiding, Frank Thacher introducing the speaker, and Judge Wells with some part on the program, and his part this year will be that of presenting the speaker of the evening whom the Judge, himself considers a top notcher and almost as good as himself. Dr. Samuel W. Grafflin, of the West Side YMCA, New York City. Dr. Grafflin has been the speaker at two previous county conventions, and it is with extreme pleasure that the convention committee is again able to announce having secured him.

Campaign Returns Too
Final results in the county-wide current expense campaign, the time of which has been extended to make it possible for every community to call on all former contributors and prospects, has been extended to the evening of May 16, at which time Community Chairmen from all sections of the county will report what has been secured by their respective organizations of team captains and workers.

Tickets at County "Y" Office
County convention dinner tickets, \$1.00 each, can be secured directly by writing the YMCA Office, Mount Holly, and judging from the experience of two or three years, it will expedite for those who look forward to attending this convention to make their reservations immediately. The sale of tickets is scheduled to close Friday, May 13, but if 400 reservations are reached before that time the sale will stop, so write for yours early and avoid disappointment. It is a matter of deep regret to the county committee that there is no dining hall of sufficient size anywhere in the county to make it possible to extend to the women an invitation to attend this convention. Tickets can also be secured at the office of the County "Y" Industrial Secretary, D. S. Evans, 355 High street, Burlington, over McCrory's store.

Have You Heard About the Next Big Event?

No? Well, then save Thursday, May 26th, and come see the Tom Thumb wedding at the Epworth Temple given by the Junior Epworth League. All the little tot will perform and you will be charmed by the way they can do it. Admission 25c. Children 10c. Tickets may be obtained by calling 254-J or 907 or from any Junior League member.

FIRST LUTHERAN

Rev. William M. Erhard, Pastor.

Sunday School at ten in the morning. Subject, "Peter and the Risen Lord." John 20: 1-10; 21-23. Gold Text: "Blessed be the God and Father of our Lord Jesus Christ, who according to his great mercy begat us again unto a living hope by the resurrection of Jesus Christ from the dead." 1 Pet. 1: 3.

Mother's Day Celebration at 11:15 a. m., when the pastor will preach from the home, "Mothers' Steadfastness." "And there was standing by the cross of Jesus, His mother." The choir will have special musical numbers for this occasion. You pay the highest tribute by measuring up to the ideals which she has set for you to have. You ask yourself a most serious question when you ask: "Am I the man my mother meant me to be—the man of faith, the man of courage, the man of unselfish service?" Honor your dearest earthly friend and benefactor by the praise and thanksgiving which you render to God for all she has meant for you. This is the way to keep a Mother's Day.

Luther League meeting at 6:45 p. m., Mrs. Warren T. Smith being the leader. The topic is "Ideal Home Life." Ephesians 6: 1-9. On Saturday, the 14th of May, the Luther League will take a hike to Sand Banks at Five Points. All those who are interested in the work of the young people are most cordially invited to accompany the League on this trip, when a jolly time is assured. The League will leave the church building at 2:30 p. m.

The young people's organization is to be congratulated upon the activity it has shown in its devotional and social affairs. Only recently the organization has become affiliated with the Luther League of America, and there are plans already under way to have a rousing district rally in our church, when the Luther Leagues of many churches of adjacent territory will meet with us for mutual helpfulness. These young people are shouldering great burdens most admirably. Let us all encourage them.

Prayer meeting Thursday evening at eight o'clock, at which time the pastor will take up the study of the thrilling event of Paul's shipwreck under the topic "In Perils of the Sea." On sea or land, Paul was never at sea as to his faith. When men of staid build were conquered and ready to give up, the little man of God was undaunted and full of hope.

If you should have an angry biting hunger for the luscious and reasonable fruit, the strawberry, in around June 11th, you can receive first-aid from the Ladies' Aid. These ladies are holding their annual strawberry festival in the basement of the church on that date. Don't neglect to visit the basement on that date and enjoy the food and fellowship.

The monthly meeting of the council will be held in the church building, Monday evening, May 9th, at eight o'clock.

EPWORTH METHODIST EPISCOPAL CHURCH

Rev. J. William Lee, Minister.

Mother's Day will be observed in the Church School at 10 a. m. Mrs. Henry Miller, of Riverton, will bring a Mother's Day message. The Church Service at 11:15 a. m. The musical program will consist of the following numbers: Organ Prelude, "Melody," by Tubenstein; Processional, "O Jesus, I Have Promised"; Anthem, "Lift Up Your Heads"; by Choir; Selection by Junior Choir; Postlude "March" by Battiste. Sermon topic, "The Geography of the Soul."

At 6:45 p. m. The Epworth League will conduct a devotional service.

Mother's Day Service at 7:45 p. m. Organ Prelude, "Souvenir," by Dradla; Processional, "Tell Me the

Story of Jesus' Duet, "Mother's Song," by Mr. and Mrs. D. G. Schwartz; Anthem, "Come Unto Me," by Choir. Sermon "Mother—Queen of Home and Heart." Wear a white flower in honor of memory of your Mother.

If I were drowned in the deepest sea, Mother o' mine, O Mother o' mine; I know whose love would come down to me. Mother o' mine, O Mother o' mine.

The Junior girls and boys will sing "Home, Sweet Home."

The Junior League will meet at 3:45 p. m. Friday.

The First Quarterly Conference will be held Friday, 7:45 p. m. Rev. S. G. Pitt presiding.

CALVARY GROUP

The regular weekly meeting of the Calvary Y.M.C.A. was held in the Epworth M. E. Temple, Monday, May 2nd.

It was decided in the meeting of April 25 that we switch the program and have our games first, and since this meeting being our last one indoors we decided to have our championship meeting, or, in other words, to see who is the champ in all our indoor sports.

The first thing on the program was a wrestling match between Sam Skinner and Pon Nalby. The fight lasted about ten minutes. Things looked bad for Nalby in the first few minutes, but Pon soon had the headlock on Skinner and in five minutes Skinner was head and shoulders on the floor, so the first event of the evening goes to Nalby.

The next feature on our program was a ping-pong match between Harold (Chick) Foulke and Floyd (Oscar) Smith. This event lasted about twenty minutes. It was very exciting as both men are very good players. The match went to Oscar Smith. Oscar's dazzling serve could not be denied and as a result beat Foulke seven out of twelve sets.

The next and big event on our game program was the twenty minute basketball game between the two league leaders, the Bears and the Wild Cats. The Bears are headed by Oscar Smith and the Wild Cats by Paul Burr. The game was very close and at the end of the first half the score was 12-10 in favor of the Wild Cats.

The upper end of the score went from one team to another. When there was only three minutes to go the score was 22-21 in favor of the Wild Cats, but then the exciting thing of the evening happened. Oscar Smith, the Bear's captain, got the ball off from his own back board and dribbled the ball up through all the opponents, and with a beautiful shot from the twenty-five foot mark sunk the most beautiful shot of the evening. The final score was 23-22 in favor of the Bears.

Our business meeting was then opened by a short prayer from Harold Foulke, dues were collected, and the roll called. We then decided to hold our next meeting at the Riverton Ball Park. We then decided and approved of having 3 new members brought in for the rest of the year.

Our Bible study was of a different type than usual, and it looks as a big success. Our leader, Paul Burr, read us a few chapters from a very good book called "The Man Nobody Knows." It gives a fellow a real conception of what Jesus really is and I am sure every fellow after reading this book will want to be more like Jesus. After hearing the readings from this book, we formed a friendship circle and closed with a prayer from each fellow.

BAPTIST CHURCH

Sunday morning at 11:15 Pastor Lockett will preach on the topic, "A True Mother," in observance of Mother's Day.

Mothers will be honored also in the Bible School. There will be a special program in the Primary Department in which all the mothers of the kiddies have been invited.

The B. Y. P. U. meets at 7 o'clock with the regular evening service at 7:45. At this service the pastor will speak on "The Influence of Good Women."

These services should be fitting sequels to the activities of Boys' Week which was opened with so much interest last Sunday night at the special service.

On Monday evening the Philathea Class presents a concert by Prof. Hudack and his orchestra, assisted by local and Philadelphia artists.

These will include the Misses Helen Wellman and Margaret Melver, readers, Mrs. Stanley Lippincott, soprano, Mr. Lee Milton, pianist, a string quartette and other delightful entertainers. The proceeds are for the nearly-completed \$25,000 building fund. Don't miss this full evening of high-class entertainment.

On Tuesday evening the Samaritan Class is to celebrate in the church basement. This will be the occasion of the class' annual banquet consisting of "oats" by the members' wives, etc., and "entertainment" by the talented members themselves. All Samaritan Class members are urged not to be absent.

Other organizations also are planning "think" in the near future. "Bearing the name of Christian carries with it a most sacred responsibility."

SENATE CANDIDATES AND THEIR PLATFORMS

League of Women Voters Has Interesting Program for May 23

Voters will have an opportunity to hear the claims of the State Senatorial candidates at the annual banquet of the League of Women Voters in the Moorestown Community House, Monday evening, May 23. Representatives of the men seeking nomination at the Spring Primaries will be present and state their platforms.

Judge Harold B. Wells, of Bordentown, the county's most popular speaker, will speak in behalf of Senator Emmor Roberts, for whom he is acting as campaign manager.

Speakers for Assemblyman Clifford R. Powell and L. Snowden Haines, of Burlington, the other aspirants to the senatorial nomination, will be announced later, according to officials of the League.

The original plan to have the speakers and the annual luncheon of the League was changed to meet the requests of the large number who are in business during the day, time and wished to hear the candidates' messages.

As the capacity of the Community House auditorium is limited, those desiring to attend should obtain tickets as soon as possible from Mrs. Charles Leeds, telephone Moorestown 451-W. Tickets are seventy-five cents and everyone is welcome to attend the banquet.

GIRL RESERVES

The meeting of the Girl Reserves was held at the house of Ruth Bach. The treasurer read us a letter which she had received from Miss Hoff including membership cards which were given out later.

The topic this evening was "Earnest in Purpose" with Queen Victoria as the main character. New business was called for. Someone suggested a marshmallow or a "doggie" roast but this was not carried out. We decided to go on with the play.

The meeting was then adjourned. JANE BLACKWELL, Secretary.

WIN SPELLING BEES

The Civic Club of the Eighth Grade of the Palmyra Grammar School who recently offered prizes for the best speller in a contest between the sixth, seventh and eighth grades. First prize was \$2.50 in gold and second prize Eversharp Pencils.

The first prize in the sixth grade went to Mary Back and the second prize to Kath Blaser. The winners in the seventh grade were Helen Young and Russell Dilks. First prize in the eighth grade was carried off by Graham Loe and the second prize by Elizabeth Hassella.

MUSICAL

The Better Music Club gave a delightful Beethoven Musical in the studio of Clara B. Person at 4th and Cinnaminson avenue on Thursday evening last.

Among the many pleasing numbers on the program was an inspiring little sketch entitled "Beethoven's Master Musicians" which was given by Mrs. Person and Helen Friberg.

As an added attraction to the program, Robert Handforth, violinist, was accompanied by Mrs. Clara Person in several numbers, and Mrs. Robert Handforth sang several soprano solos in her usual charming manner.

Jane Fluck closed the program with a graceful Good-bye dance. About thirty attended this musical and all went away with a better understanding and appreciation of the world's greatest composer.

Indians of the northwest preferred western red cedar for their giant dugout canoes that sometimes held 100 men.

PRESBYTERIAN

Calvary Presbyterian Church is holding its week services in the Riverton School Building.

Next Sunday services will be as follows: Morning worship at eleven o'clock; Sunday School; Main school at ten in the morning and the primary divisions at two-thirty in the afternoon. There will be no service of worship in the evening.

The Christian Endeavor Society will meet at the home of the Misses Macfarlane, 704 Washington avenue, at 7:15 o'clock.

The Sunday School Workers' Conference will be held on Monday evening, May 8th, at the home of Mrs. Walter V. Rippel, 309 Thomas avenue, at eight o'clock.

The Board of Trustees will meet on Tuesday evening, May 10th, at the home of C. L. Peterson, 209 Lippincott avenue, at eight o'clock.

The mid-week service, on May 11th, will be held at the home of Mrs. Harry E. Davis, 104 Main street. The pastor urges every member of the congregation to be present. The community quotas for the relief of the sufferers in the Mississippi Valley have not been reached. Any who have not made their contribution are asked to hand them to Mrs. J. Carl De La Cour, 603 Bank avenue, for Riverton, and to Mrs. J. P. Macfarlane, 704 Washington avenue, for Palmyra.

You may have sensed that the Greater Oakland Six offers certain things not found in other cars. The briefest study of the cars in Oakland's field reveals that "until another car of Oakland's price has all these features, Oakland value is supreme." ... Yet Oakland value is based not merely on these features—but on these features, plus super-precision in construction, which makes the Greater Oakland Six the best-built car of its price in the world.

Three Judges at Opening of Court

Grand Jury Selected; Minutes on Deaths of 3 Members of Bar

Supreme Court Justice Lloyd presided at the opening of the April term of the Burlington county courts in Mount Holly last week. Circuit Court Judge Jess and County Judge Slaughter were also on the bench.

William T. Rags, Delancey farmer, was named as foreman of the grand jury. Other members were as follows:

William F. Powell, farmer, Evesham.
Deisy Polhemus, housewife, Northampton.
Joseph Brick, contractor, Medford.
Emily M. V. Hutchinson, no occupation, Springfield.
Irene E. Reed, housewife, Lumberton.
Lydia Hollingshead, housewife, Moorestown.
Edward Roberts, commission merchant, Moorestown.
George Cox, retired, Burlington.
Nathan Lane, merchant, Riverton.

William E. Darnell, merchant, Moorestown.
George W. Slack, undertaker, Burlington.
Helena Wetherill, housewife, Northampton.
Abbie Folwell, housewife, Mansfield.
George P. Tracy, physician, Beverly.

Joseph Wills, retired, Willingboro.
Charles A. Janke, manager, Moorestown.
George C. McIlvaine, retired, Edgewater Park.
John R. Lewis, merchant, Medford.
Enamor Roberts, farmer, Mount Laurel.
Ella M. Akins, housewife, Moorestown.
Alfred Evans, farmer, Mount Laurel.
David E. Cooper, farmer, Evesham.

Judge Lloyd said no special charge to the jury was necessary. He reminded the jurors of their solemn and important duty, and said they were selected as representative men and women of the county to give conscientious attention to the cases which would be presented to their attention.

Former Judge Lippincott presented minutes on the deaths of two prominent members of the bar, Walter A. Barrows and Samuel K. Robbins, who passed away during the past few months. Captain Barrows died November 6, 1926, and Mr. Robbins, December 26, 1926. The minutes called attention to the sterling qualities and exceptional abilities of the two men, and were signed by Judge Lippincott and V. Claude Palmer. The other member of the committee, which had been named to prepare the obituaries, Samuel A. Atkinson, died before the minutes were finished.

A minute on Mr. Atkinson's death, which occurred on March 15, 1927, was read by Richard B. Beckman, who had associated with him as the committee to prepare the paper. Robert Peacock, Willard F. Lippincott and Stanley K. Heilbron, all of whom studied law under the former prosecutor. This minute tells of the high standing and ability of Mr. Atkinson as a lawyer and citizen.

All of the minutes were ordered spread upon the records of the Circuit Court.

Judges Lloyd, Jess and Slaughter then made eulogistic remarks about the counselors who had passed away. Judge Lloyd said the three men not only stood high as members of the legal profession, but were citizens of influence in their communities. He extended the sympathy of the court and bar to the families of the deceased lawyers.

Judge Jess, who was a member of the legislature while Mr. Robbins served in a similar capacity, told of the able and conscientious work of Mr. Robbins as a legislator, and of his ability as a lawyer. He also made appropriate remarks on the death of Mr. Atkinson. Judge Jess said he had not become acquainted with Captain Barrows.

Judge Slaughter, in his tribute to the three men, said he knew them intimately for many years, and was in a position to state from personal knowledge their sterling worth as citizens and lawyers.

DAINGEROUS CARGOES

Largest Nitro-Glycerine Manufacturers Use Graham Brothers Trucks

If you travel on the byroads through the great oil fields of Oklahoma, Kansas and Texas, or those in other sections of the country, you are likely to meet trucks on whose sides large white letters spell NITRO-GLYCERINE. If you are prudent, you will pass by cautiously for this truck probably contains 200 to 400 quarts of the most concentrated of all explosives.

Transportation of nitro-glycerine, so essential in the oil fields for the "shotting" of wells to start the flow of oil, ranks as one of the most hazardous of occupations. It presents especially difficult problems

America has produced many fine riding families, but none take rank over the Orrin Davenport Troupe, which is one of the feature equestrian acts of the Hagenbeck-Wallace Circus. This famous circus is scheduled to appear in this vicinity within a short time and many white top lovers will attend from this community.

Davenport and his Troupe were booked for a European tour, but Hagenbeck-Wallace offered a healthy increase, so this high class feature remains for the 1927 tour. The Ward-Kimball Family of Aerialists, nine in number, are also one of the big displays, while an original musical spectacle, "The Gelshe," will open the performances at 2 p. m. and 8 p. m.

PEAK REALTY PRICE
Probably the highest price ever paid for land in Merchantville was the cost of a lot on West Maple avenue recently at auction. A Philadelphia syndicate purchased a frontage of 70 feet on Maple avenue at the corner of Euclid for more than \$27,000. The price per foot is above \$392, because it is not possible to use the entire 70 feet for building purposes.

A full-grown elephant, men familiar with circus animals assert, is capable of carrying a two-ton load on his back.

James R. Nugent Dies at Trenton

Ex-Democratic Leader of State Helped Nominate Wilson, Then Came Break

James R. Nugent, of Newark, former chairman of the Democratic State Committee, and for many years an influential factor in state and national politics, died last week in a private hospital in Trenton, following a long illness. Members of his family, who had been expecting his death for the past two days, were with him at the end.

Nugent had been in failing health for several years and retired from active politics for this reason about three years ago. Subsequently he suffered a nervous breakdown and was removed to Trenton for treatment.

He underwent an operation recently and later contracted pneumonia. His decline during the past few days has been rapid.

Nugent was born in Newark, in 1864, the son of James and Jane Nugent. He was appointed city counsel of Newark in 1910, and the following year became chairman of the Democratic State Committee and a contemporary of the late Senator James Smith, Jr., with whom he shared many political battles.

In 1910, Nugent and Senator Smith nominated Woodrow Wilson for Governor, and their subsequent efforts were largely responsible for his election. The following year, after Wilson had announced his stand for James Martine for United States Senate over Senator Smith, Nugent broke with Wilson and a few weeks later, at a dinner held at Avon, proposed the toast, referring to Wilson:

"To an ingrate and to a liar." This act, coming directly after his break with Wilson, gained national publicity.

In the primary election campaign of 1919, Nugent was a candidate for Governor, on a wet platform, and by this forced Senator Edward I. Edwards, who was trying to evade the liquor issue, to announce his platform.

In 1922 he was named as prosecutor of Essex County, but the State Senate refused to confirm the appointment. Three years later he was defeated in the Newark City Commission election and retired, going to a house on Center street, South Orange.

During the Democratic convention at San Francisco in 1920, Nugent was one of the leading lights, attending as an anti-Wilson delegate.

If the Chinese go bolshevik some day all the collars will come home from the laundry dyed red.

ROTARY AGAIN

Burlington County Scouts Will Return to Last Year's Camp
The camping committee of the Burlington County Executive of the Boy Scouts of America decided to send the Burlington county Scouts to Camp Rotary this summer, at a meeting of the committee held in the scout headquarters in Burlington last week.

The county scouts went to Rotary last year, and the members of the committee were unanimous in the opinion that the "courteous offer of the Camden county Scouts organization should be accepted."

The members of the camping committee present at the meeting were: William Shumaker, Jr., of Riverton; William B. Vandergrift, Burlington; Frank MacIlvane, Jr., Beverly; Burdette H. Johnson, of Delanco; John Polje, of Maple Shade, and Avery Bennett, of Mount Holly.

Light is the most essential condition of fruitfulness. Without light no vegetable or animal growth reaches perfection of colour or development. Rob the plant of its light, and you blanch it; rob any creature of the light, and you take out of him all colour and stamens. Deprive yourself of the light of Christ, "the Light of the World," and you stunt the growth of the soul.

Each Sunday God gives us an opportunity to get the light that comes from His Son. Not by worshipping Nature as some most mistakenly think, but by worshipping Nature's God. The giver of all light and life. It is a matter of supreme importance to the health of your soul that each Lord's Day you spend some time in God's House to worship and adore your creator.

Grant us Thy Light, that we may learn.

How dead is life from Thee apart! How sure is joy for all who turn To Thee an undivided heart.

Grant us Thy Light, when soon or late

All earthly scenes shall pass away, In Thee to find the open gate To deathless home and endless day.

The Christian disciple is privileged through all the checkered scenes of his daily life to walk in the light with God.

Many hearty congratulations have been received on behalf of the choir for the wonderful service of praise they gave last Sunday evening.

On Tuesday May 10th, at one o'clock, a luncheon will be held under the auspices of the Guild of St. Agnes in the Parish House. June 4th is the date of the annual Strawberry and Ice Cream Festival from 5 to 9 p. m. Remember the date.

PARRY A. A. WINS

Schuck Was Heavy Hitter For Parry With Two Line Drives

The Parry A. A. won its second straight game here Sunday by defeating the Varoma A. C. 10-4. This game was featured with hard hitting on the Parry team.
Schuck, Parry first baseman, hit two drives that would have been home runs in any big league park but ground rules gave him two baggers. Swain, Ritchie and Tuholski hit hard for Parry, while the McCurdy brothers led the Camden team. This Sunday Parry will play Collins A. C. again at Parry. Come out and see the game, it's free.

All who are interested in this sort of thing are invited to join the class. Boys, young men and men are welcome.

TRIMS MILLVILLE

Palmyra High Wins 4-3 Victory on Baseball Diamond

The Palmyra High School baseball team won a 4-3 victory over the Millville High School combination on the Field Club grounds to the tune of 4 to 3 last Friday afternoon.

Cliff West pitched one of his best games of the season and is due much credit in this victory. Millville had a strong line on the field and is always dangerous as they have been Class B little contenders for several years.

Although several new faces were seen in the Palmyra infield the team was not weakened a bit and West was given good support. Zaun was at first base in place of Easley who played in the outfield. Sloan played at the hot corner and put up an excellent game.

Many of the veteran players of the team were not eligible to participate in the contest because of scholastic difficulties. However, Coach Dimond filled in with the second string men and they all played a good brand of baseball. Jack Easley was the hitting star of the game. Jack caught hold of a fast one on the nose and sent it for three bases. Johnny Meyers and Vic Mueller also had their eyes on the pill.

"It is better to have loved and have allimony than never to have loved at all," is the new Rann philosophy.

Two Hands Are Better Than One

There's a feeling of security in driving a Ford—the advantage of the Ford system of control really means something to the driver.

Ford control is equally distributed between hands and feet. Pedals operate gears and brake. Hands are free for steering and signalling and two hands are better than one, when traffic is heavy.

You are relieved of that feeling of responsibility for the security of others. You know that you can cope with any emergency, easily and surely, when you drive a Ford.

Let us show you the latest Ford car—many recent refinements have added to their beauty, comfort and operating economy.

Your Telephone Patrol

"To see that the track is quickly cleared for YOUR call"

"The telephone patrol" is a familiar sight on city streets and country highways

YOUR SERVICE depends on more than just the way your own instrument and line are working.

Any moment you may call for connection with a telephone two, ten, a hundred or a thousand miles away.

Your call may hop underground and emerge somewhere across town.

It may follow one of the great cable highways, or head off along some winding pole-line into the next county.

But, whichever it may be, your service is constantly patrolled, in trucks and cars and afoot, along nearly half a million miles of wire in South Jersey—to see that storm and sleet, wind and flood are out-manoeuvred—to see that the track is quickly cleared for your call when the elements get the upper hand.

These men are serving you personally.

With them it's not just an eight-hour day, but a job in your interest.

Not just that the traffic shall flow along normally, but that your call shall go through.

RED CROSS ASKED TO DOUBLE QUOTA FOR FLOOD VICTIMS

Nearly Half Million Men, Women and Children Need Immediate Aid

RIVERTONIANS URGED TO GIVE QUICKLY, FREELY

Information received by Burlington County Chapter American Red Cross from the American National Red Cross, Washington, D. C., relative to relief work in the Mississippi valley flooded area.

Washington, D. C., May 6th.—The American Red Cross today is caring for the tremendous total of 327,837 men, women and children, who have been driven out of their homes by the flooded waters of the Mississippi River and its tributaries.

"Never in its history, has the American Red Cross been called upon to care for the needs of such an army of refugees in one catastrophe," says Henry M. Baker, National Red Cross Director of Disaster Relief, who is in charge of relief operations in the Mississippi valley flooded area.

There are 173,000 mobilized in the concentration camps, of which there are now 60.

There are 820 power boats in use, each flying the Red Cross flag with its crimson emblem, flying the flood waters to rescue the marooned and keep the food supplies moving; 27 airplanes are on duty daily, sweeping over the entire flood area to watch for danger points, to do rescue work and to carry supplies to points that are isolated, and where the need is too great to wait for the slower progress of boats.

Thirty radio stations are in operation, maintaining continuous communication between points in the flooded area and the general relief headquarters in Memphis, where Director Baker is located. Most of the radio stations are on boats.

Forty Red Cross physicians and 78 nurses are on duty, as well as 99 trained Red Cross relief workers, directing operations in local areas.

A total of 86,000 persons have been given typhoid immunization, 85,000 have been immunized against small pox and 120,000 have been given cholera doses in the prevention of epidemic diseases.

A total of 300,000 have been given treatment in the health campaign inaugurated by Dr. William R. Hedd, Medical Adviser of the Red Cross.

The Red Cross has distributed 19,000 tents issued by the War Department, and has in addition distributed thousands provided by the National Guard of the affected area.

"It must be perfectly clear to the people of our nation now, with more than 300,000 people refugees from the flood, and every indication that other thousands will be added to this homeless army, that the \$10,000,000 relief fund asked for by the President of the United States and the Red Cross must be considered the absolute minimum needed to meet this record emergency situation," said Director Baker, in a report to National Headquarters.

PHS WINS

Moorestown Defeated by 14-10 in Slugging Contest

Palmyra High School downed the Moorestown High School nine by a 14 to 10 count in a heavy-hitting contest at Moorestown last Friday afternoon.

Al Heyer was again on the mound for Palmyra and pitched his usual good game but was backed up by loose playing by his teammates. Albert Zoll did the receiving and accepted Heyer's slants in good style.

Jack Easley's hitting was a big feature of the game. Easley is hitting the ball regularly and hard, too.

Couch Diamond had a varied infield combination. Captain Charles Zell and Johnny Meyers were not allowed to play. Paul Mueller saw action at both first and third base. Sloan was also seen at third base. Zean capt. up the first base position with Mueller and put up a good game.

Palmyra will cross bats with the Vineland team this Friday. Vineland will be remembered as Class B champs of South Jersey last season.

The game scheduled with the Burlington High School has been cancelled as the Burlington team has been disbanded and will not be represented on the diamond this year.

COMRADE YMCA

In two previous issues of this The Comrade YMCA group of the Palmyra Moravian church held its weekly meeting Tuesday evening, May 10th, at 7:45.

The meeting was opened with a prayer by the leader, Arthur Stuebe. After the roll call and payment of dues the regular period of Bible study was thoroughly discussed, followed by the business meeting.

PRE-SCHOOL CLINIC AT WESTFIELD SCHOOL

Pupils Who Will Enter School Next Fall Examined by School Physician

Fourteen children who will enter school next September were given a physical examination by Dr. Harry L. Rogers, assisted by the school nurse, Miss Helen Blair and Miss Carolyn Cook.

The clinic was held at Westfield Public School Tuesday afternoon, May 10. Seven mothers were present. In cases where it was impossible for the mother to attend, some other member of the family escorted the first grader to be examined.

Defects were few and these found were largely diseased teeth and tonsils. The parents are eager to co-operate and it is expected that the children entering school in the fall who come under the summer round-up, will be 100 per cent ready.

Boys' Week Meet Won by Palmyra

Local Lads "Clean Up" in Contest Held Under Auspices of Rotary

Last Saturday afternoon "Boys' Week" and his boys from Palmyra and Riverton practically cleaned up in the track meet held at Mount Holly. This finished what was known as the Rotary Club Boys' Week.

Palmyra scored more points than the Riverton team combined. Each one of the Palmyra and Riverton boys received individual prizes. The trip to Mount Holly was made in cars belonging to members of the Rotary Club.

The results of the various events were as follows: Class A—Boys up to 14 years of age.

50-yard dash—First, Kerr, Palmyra.

100-yard dash—First, Kerr and Price, Palmyra; second, Snow and Moffett, Palmyra.

Bicycle race—First, Moffett, Palmyra.

Class B—Boys from 14 to 16 years of age.

75-yard dash—First, Sacks, Palmyra; third, Lybrand, Palmyra.

Bicycle race (4 mile)—Second, Edgerton, Palmyra.

Baseball throw—First, Bartley, Palmyra; second, Zean, Palmyra.

1/4 mile relay (4 boys)—First, Palmyra; second, Mueller, Palmyra.

WIMER TO RUN FOR MAYOR

FOUR CANDIDATES FOR BOROUGH COUNCIL

Councilman Needs Request of Delegation: Stands for Law Enforcement

A delegation of Palmyra citizens called on Councilman George N. Wimer yesterday and asked him to be a candidate for Mayor at the June Primary. Several petitions signed by more than two hundred voters were presented by the committee.

Mr. Wimer agreed to be a candidate. He said he had been giving the matter serious consideration for some time, several of his friends having urged him to run for the office and although his health had not been of the best, he believed it was his duty to accede to the request.

In the course of his conversation with the committee, Mr. Wimer emphasized the fact that he stood firmly for observance of the law and that even if it should come to a question of favoring one of his own friends or enforcing the law, the law would come first.

The delegation was composed of the Rev. William Lee, Thomas McCrossin, George Rogers, Frank H. Walter, Lamon, Alex. Briener and Frank Chambers.

It is understood that Fred G. Fromuth and Edwin F. Patterson as well as the two councilmen whose terms expire, Julius Fisher and Arthur Chambers, will be candidates for Borough Council.

FELL FROM TREE; INJURIES SLIGHT

Davey Tree Expert Employee Taken 35-foot Drop and Dislocated Shoulder

Arlo Gambell, one of the men employed by the Davey Tree Experts in trimming trees in Riverton, fell a distance of about thirty-five feet from the top of a tree to a fork in the trunk, and escaped serious injury.

Owing to the distance he fell it was thought that the man must be dangerously hurt. He was rushed to the Riverside Hospital where an X-ray picture and observation for two days revealed that he had escaped a dislocated left shoulder and a number of body bruises.

Gambell is twenty-one years of age and lives in Kent, Ohio.

INDUSTRIAL DAY

Rotary Takes Boys on Tour of Commercial Plants

In the Rotary Club's Boys' Week, last Friday was Industrial Day. The senior class of Palmyra High School was taken on a tour of Palmyra and Riverton's industrial plants.

George L. Anderson headed the group of 32 senior boys who were accompanied by George D. Stedie of the Philbure Coach Company, furnished the bus for transportation.

The group visited Dr. R. H. Rives' Nurseries and went through his hot houses, and saw the flowers that were shown through the plant and saw all the interesting things connected with that industry.

At the Japanese Beetle Farm, Cincinnati, the group saw the beetles and the project there, gave a short talk in which he generalized on fighting the beetle. Edward Richmond showed the guests about the farm.

At the Riverton Post Office, Ross Mattis, postmaster, talked to the boys. The group also made a visit to the Jensen Manufacturing Company where they were shown about by Mr. Jensen, who explained and how the washing machines were made.

The Industrial Day group started on the tour at one o'clock in the afternoon and spent the remainder of the day. The tour proved to be very educational as well as interesting to all of the senior boys.

PALMYRA AMBULANCE

The Palmyra Ambulance Association desires to render their thanks to all who helped make the annual Tag Day and Cake Sale a success.

Especially thank those who contributed cakes, etc., and those who purchased them: Also, Officers Beck and Betty who turned in over \$200, the Boy Scouts and Girl Scouts, and the many who helped in the ladies who gave their time for the day.

The nurses for May are: Mrs. Nettie Morgan, Mrs. James T. West, Mrs. Jacob Miller and Mrs. A. B. Drayton. The Ambulance Committee is composed of Mrs. Frank Probsting and Mrs. Edward E. Fox. The proceeds of Tag Day and Cake Sale were:

Tag Day \$299.42
Donations 45.00
Total \$344.42

CINNAMON HOME FETE

The Cinnamon Home Fete will be held at the Moorestown Field Club, Saturday, May 28. No admission will be charged for entrance to the fete grounds.

A horse show and gymnastics will be held at 1:30 o'clock. Automobile parking space at the show will be \$3.00, admission tickets for adults fifty cents and twenty-five cents for children.

SPELLING CONTEST

Palmyra Pupils Do Well at Mount Holly

Although Palmyra did not place in the Arithmetic Contest held at Mount Holly Saturday, the local representatives did well in the spelling contest. Palmyra's entrants in the spelling contest were Carrie Bates, of the seventh grade; William Landgraf, of the eighth grade; Graham Lore, of the eighth grade, and Helen Young, of the seventh grade.

The first part of the contest consisted in writing 150 words. In this written contest Carrie Bates and Helen Young both had perfect scores. William Landgraf missed but two and Graham Lore, three.

No person was admitted to the oral contest who missed more than three words.

Forty contestants competed in the oral contest and 24 prizes were awarded.

In the contest William Landgraf took fifth place and received a prize of \$2.50. He missed the word "villity". Helen Young missed "villity" and took 17th place, receiving \$1.00. Carrie Bates missed "accommodate" and Graham Lore failed on "anastofia."

Roberts Speaks at Maple Shade

Senator Reviews Legislative Work at Big Republican Club Rally Saturday

Senator Emmer Roberts addressed a gathering of more than sixty political workers at a rally held in the Barlow building, Maple Shade, Saturday evening. The Maple Shade Republican Club sponsored the meeting.

Senator Roberts in delivering the principle address of the evening reviewed the work of the legislative assembly during the past year. In defending his stand on the Public Service Paving Bill the senator stated:

"I carefully analyzed the contents of this measure and am convinced that it works no hardship on any one in Burlington County. It is a known fact that the trolley company has lost money in the last few years and the bill presented this year seemed to me to be a fair measure to both the taxpayers and the operators of trolley cars."

Among the other bills reviewed, was the defeated bill for reorganization of school money to districts based on attendance and needs, rather than per capita wealth and its value to taxpayers of Maple Shade.

Charles R. Stout, chairman of the County Board of Freeholders and chairman of the County Republican Committee, followed Senator Roberts as a speaker. Burlington County is in a high way situation, the effect of Senator Roberts' stand on the many measures passed or defeated by the Legislature and the much-discussed vocational training school for Burlington County were included in Stout's address.

Howard Russ, of Delanco, freeholder, whose term expires this year, told of the enormous growth of county institutions and the cost of unknown. Thoman J. Barlow, Sr., bridge commissioner and former township committeeman, spoke of his many fruitless efforts to obtain a reduced trolley fare for Maple Shade and gave a picture of the county's development in transportation facilities over the Delaware River bridge.

Charles J. Meyers, chairman of the Chester township committee, spoke on the efforts of the committee to satisfy the wants of one of the state's fastest growing communities.

SALLY ANN

Palmyra Girls Club to Give Play Friday Evening

Everything is in readiness for the annual play to be given by the Palmyra Grammar School eighth grade Civic Club in the auditorium of the high school this Friday evening, May 13. The play is entitled "Sally Ann First Year."

Miss Mary Egan is the coach of the play and Miss Blaw, music teacher, is the music director.

The pupils that are in the play are Edna Barker, Mary Carter, Rhoda Anna Wilson, Marie Janders, Louise Fisher, Jean McKee, Louis Sacks, Robert Finney, Walter Price and Leonard Heck.

SAMARITAN CLASS

Baptist Young Men Spend Time Evening on Tuesday

The annual banquet of the Samaritan Class was held in the Central Baptist Church basement on Tuesday evening and was voted the "best ever" by the many members who were present.

After the fruit-cocktail-nuts session, presided over by the class ladies auxiliary, Joseph Reel, toastmaster, launched the class into a program of entertainment that exceeded many professional bills.

Speeches of praise and commendation were made by Thomas Taylor, president of the class; Charles A. Dietz, the beloved class teacher; David Wood, assistant superintendent of the Bible School and the Rev. George Lockett.

Dr. LeFavor kept the boys on their toes vocally with his high-powered accompaniments on the piano as well as his impersonations and leadership of the class quartet. This latter consisted of Dr. LeFavor, Ed Hoyt, John Marshall, and Ernie Woodcock.

"Pete" West and "Joe" Reel entertained in the role of comedians and musicians while Raymond MacSeaman, with his silver-toned tenor voice, did full justice to several ballads.

The sudden call for Dr. LeFavor about 10 o'clock ended the varied program which began at seven. A "Good Night Ladies" and "Show Me the Way to Go Home" then dispersed the crowd for the evening.

CANDIDATES DISCUSSED AT PUBLIC MEETING LAST NIGHT

ACT QUICKLY

Flood Relief Contributions Should be Made at Once

Riverton's flood relief quota had not quite been reached when notification was received from Red Cross headquarters that it would be necessary to double the amount asked for, and the residents of Riverton are urged to act quickly and contribute liberally.

The best way to show your gratitude that this great calamity has not visited upon you and yours is to do all you can for the relief of those in distress.

If you have not already given, give at once. If you have given, give again.

Contributions may be left at the Riverton Free Library, at The New Era office or sent to Mrs. J. Carl de LaCour.

Checks should be made payable to the American Red Cross.

POS of A Planning Great Anniversary

Annual Banquet and Class Initiation to be Held Next Monday Evening

The old saying that "nothing succeeds like success" is being fully demonstrated in the case of the State Street M. E. Church, Camden, a member of the P. O. S. of A., and a real man among men who will deliver a message of special interest to all present.

The Camp has arranged to meet at 7 o'clock P. M. sharp on Monday evening, May 15th. Initiation will take place at 8 o'clock sharp and the Banquet at 10 o'clock. Every member is expected to cooperate to carry out promptly this program and make the occasion a complete success.

In contemplation of the Thirty-fourth Anniversary, the members are asked to meet at the Hall on Sunday evening, May 14th, at 7:30 o'clock P. M. and proceed to The Central Baptist Church for divine services.

"It ain't the Guns nor Armament that you fondle the day and night. But close cooperation that makes them win the day!"

But the everlasting teamwork of every blooming outfit.

ENLIGHTEN VOTERS

Discussion from all angles of the proposed constitutional amendments to be submitted to the voters September 22 should be encouraged. Four of the five amendments are of major importance. The fifth is an error made in 1844, when the present Constitution was ratified.

The chief controversy is over the amendment that would extend the term of the Governor from two years to four years and provide for biennial sessions of the Legislature.

Mr. Hague calls the term-extended amendment a move to "steal the Governorship from the Democrats." Mr. Stokes declares it constitutes an effort to win the Governorship for the Republicans and prevent Hague from continuing to control the Chief Executive. Mr. Edges says that independent voters should support the proposal on the ground of economy and more effective government and insists that they would be able to discriminate between state and national issues were those elections consolidated.

The conflicting viewpoints should stir the voters to analyze for themselves the advantages and disadvantages involved in such a change and whether the advantages would more than offset the disadvantages, or visa versa.

The electorate should also be informed about the amendments permitting zoning by municipalities, the creation of sewerage, water, drainage and meadow reclamation districts, and amendment of the Constitution without the delays now imposed. If such a campaign is carried on the September 22 referendum election September 22 will not be as offhand and unintelligent as has too often been the case in the past.—Newsweek News.

MUSICAL AT BAPTIST CHURCH

The musical given at the Baptist Church Monday evening under the auspices of the P. O. S. of A. was very successful. Well-known artists contributed their services for the benefit of the building fund. Prof. Hudack's student orchestra gave several numbers. Mrs. Stanley Lippincott and John Ronger were generous with their splendid voices in solos, and Miss Helen Wellman and Miss Margaret Maciver gave the sketch "The Backward Child" in a most entertaining way. The closing number was a trio with Prof. Hudack as violinist, John Ronger, cellist, and Lee Milton as the piano. Mr. Milton was the pianist for the evening.

Rogers and Williams Presented to Citizens as Rivals for Mayor of Riverton

ISSUES TO BE DEBATED AT FUTURE MEETINGS

The public meeting called last night by the citizens' committee to discuss public affairs and candidates for the office of mayor was more largely attended than any similar meeting in the last twenty years. It was held in the Riverton Fire House and about 130 men and women were in attendance. The far more occupied the chairs while the men were arranged around the walls three-deep.

George D. Stedie was chairman of the meeting. James S. Coale spoke on behalf of the group which is sponsoring Howard M. Rogers for mayor, giving in detail that candidate's qualifications for the office which is being sought for him. Mr. Coale also spoke for Harry L. Randall, new candidate for council, and Joshua S. Bartley, whom it is sought to return as a member of that body.

Candidates Speak

When Mr. Coale had finished speaking the chairman called on the candidates themselves to present their views.

Mr. Coale spoke first, and very briefly saying that he thought the citizens generally should take more interest in the borough affairs and his only thought in consenting to become a candidate was to serve the town.

Councilman Bartley when called upon said that he did not come prepared to make any dramatic speech, that he had served in council and was willing to be returned if his services had been satisfactory.

E.encie Perkins, the third aspirant for council said that he was an independent candidate backed by no faction or committee, and that if elected he would endeavor to serve all of the people of Riverton to the best of his ability.

The chairman called on Mr. Rogers for a statement on his own behalf, but he said that he was only present as a spectator. He would, he said, be working for the best interest of Riverton.

Robert C. Ayres, candidate for collector was not present.

Edmund Davis, his opponent, spoke briefly and said he would be the office of collector, which he believed he was qualified to fill, and asked for the support of the voters. Mr. Davis has been a resident of Riverton for 20 years.

Williams Speaks for Himself

Edward H. Williams, present councilman and director of public safety, made a strong appeal for election as mayor on his record. Mr. Williams said he had incurred the enmity of many citizens because he attempted to enforce traffic laws and borough ordinances. He said as long as he was continued in office he would endeavor to see that the laws were obeyed. He said that it had been his purpose to make the streets of Riverton safe for all residents, including those who condemned him.

Challenges Accusers

The director did not mince words and created somewhat of a stir when he said that he had received information from a source that could not be questioned that a member of one of the clubs in Riverton had said "Why do we want a man like Williams in a borough office when he is a bootlegger and rum sork?" He indignantly denied the charge and challenged anyone in Riverton to prove the assertion. He said that he would make a fight for his honor. "These are dirty tactics to use against a man who has grown up with the boys in Riverton," said Mr. Williams.

Tyler Praises Williams

At the close of Mr. Williams' remarks Joseph Beck Tyler, one of the leading figures in the group that brought out Mr. Rogers for mayor, said that he was quite sure Mr. Williams must be mistaken about the remark having been passed, and he was equally sure that the director had not been condemned for enforcing the laws. Mr. Tyler expressed the hope that Mr. Williams would not leave the meeting with any such ideas in his mind.

The chairman remarked that the women had been quite active when they were working for the right of suffrage and when there were a number of them present he asked if they had anything to say. They smiled sweetly, however, and sat right until Miss Edie, who had been a candidate for council but withdrew, said she believed she represented the views of the women present when she said they all had a great deal of interest in the town and its affairs.

COMMUNICATED

Riverton, N. J., May 11, 1927.

Editor New Era:

I read with interest the announcement in the last issue of The New Era that Miss Martha Biddle had withdrawn her candidacy in order that she might support Mr. Randall and myself for Borough Council.

It is my sincere belief that Miss Biddle's unquestionable ability and interest in local affairs would have made her a valuable asset, not only to the Council but to the service of the people of Riverton. The gracious manner in which she yielded to the ticket referred to above, made her a valuable asset, not only to the Council but to the service of the people of Riverton. The gracious manner in which she yielded to the ticket referred to above, made her a valuable asset, not only to the Council but to the service of the people of Riverton.

I take this occasion to assure the citizens of Riverton that if re-elected I will serve to the utmost of my ability, always keeping before me the best interests of the Borough.

Signed,
JOHN S. BARTLEY.

400 Attend County Bankers' Banquet

Affair Voted Most Successful in Six Years' History; Edge Speaks

In the six years of its successful history the Burlington County Bankers' Association never had a more delightful dinner than that given at the Walt Whitman Hotel, Camden, Thursday evening of last week.

The addresses were delivered by United States Senator Walter E. Edge, of New Jersey, and Fletcher W. Stiles, of Philadelphia. The speaking program was of an exceptionally high order. Other features, including orchestral and vocal selections, made the entertainment a high-standing one and every minute of the evening was thoroughly enjoyed.

At the speakers' table with President Ridgway, besides Senator Edge and Mr. Stiles, were Walter E. Robb, president of the Burlington City Loan and Trust Company, and president of the New Jersey Bankers' Association; Senator Emmet Roberts, of Moorestown; Assemblyman Clifford R. Powell, of Mount Holly; Congressman Charles A. Wolverton, of Camden, and members of the dinner committee, composed of Frank P. Jones, Beverly; John H. Hutchinson, Bordentown; W. Edward Ridgway, Burlington; George J. Pittman, Riverside; Robert Turner, Burlington; Arnold H. Coate, Moorestown; Theodore H. Budd, Pemberton and Howard Eastwood, Burlington, who later was introduced as the toastmaster by President Ridgway.

Senator Edge was the first speaker. The senator spoke for some thirty minutes, he made a splendid defense of the foreign policy of President Coolidge with reference to Nicaragua, China and the British debt.

The Senator said that when it came to international relations he should forget all politics and realize that there is one party, the American party. He declared that the fundamental obligation of a nation was to protect its citizens in any part of the world, and that when it fails to do that it ceases to be a government.

Speaking of the war debt the Senator said that every dollar that we loaned came from the people, and that members of congress had no right to regard the loans as contributions.

Mr. Stiles spoke from the topic, "Foundations of the Republic," and said those foundations were devotion, service and sacrifice. He told of the inspiration of such men as Theodore Roosevelt and other great men of his calibre and said that it came from Calvary. He spoke of the things that actuated the service men in crossing the sea and fighting for democracy; of the things that made men offer their time, and their lives in the cause of humanity; of the things that lead us on in lifting the nation and the things that a nation stands for to a higher plane.

Previous to reaching the serious side of his address Mr. Stiles told a number of anecdotes and proved himself a delightful raconteur as well as an orator of rare ability. His address was a gem from the beginning to the end and he was given a big hand.

One of the features of the dinner was a question contest. The questions written on black cardboard with white pencils, giving the old

school state effect. The answers were wonderful. They were also amusing. Some shot high, some shot low and some hit the mark. Walter E. Robb, of Burlington, was voted the dean of the Burlington County Bankers, but William R. Lippincott, of Moorestown, was a close second. Robert Turner, of Burlington, was voted the handsomest bank official, and Mrs. Arnold Coate, of Moorestown, was voted the prettiest girl at the dinner.

The first women's prize went to Mrs. Arthur Collins, of Moorestown, and the second prize went to Miss Marie Longsdorf, of Mount Holly. The first men's prize was won by Mr. Stiles, one of the speakers, and the second prize went to James T. Kelly, of Burlington. Arthur N. Curvin, of Maple Shade, got away with the booby prize. All of the prizes, including the booby prize, were of considerable value. Besides the prizes there were many fine souvenirs.

The musical program was by Howard Lanin's Philadelphia Orchestra, and the Adolphus Male Quartette. There was excellent community singing in charge of S. Roger Oliver, of Burlington.

The banks represented at the dinner were:

The First National Bank, Beverly.

Bordentown Banking Company, Bordentown.

The First National Bank, Bordentown.

The Mechanics' National Bank, Burlington.

Burlington City Loan and Trust Company, Burlington.

The Burlington Savings Institution, Burlington.

PHS Nine Beats Glassboro's Ace

Eisley's Home Run in Ninth is Feature of Spectacular Game

Palmyra High School has the honor of being the first high school nine to beat Frank Harper, Glassboro High's brilliant pitcher. Palmyra defeated the Glassboro team 7 to 4 last Thursday afternoon at Glassboro. This is the first time the Glassboro ace has been beaten in his school career, having pitched at Glassboro High for four years.

Although Glassboro batted out 12 hits, including a brace of three-baggers, the hits came at the wrong moments. Seventeen Glassboro hitters were left on base.

Palmyra went to Glassboro on Wednesday and after battling for three innings the game was called, on account of rain. The game was played over the next day. Jack Eisley, who had a home-run among his three hits, and Bartley, Palmyra's lead-off man, with three hits, brought victory to Palmyra.

Palmyra Takes Lead

Palmyra hopped out in front in the first inning when Bartley tapped a single to right, stole second and crossed the plate on a wild throw by "Cart" Horvath to Larry after Dave Roun dropped the third strike on Eisley and threw to the home team's third sacker. Harper whiffed Zoll for the third strikeout.

Both teams went scoreless for the next three frames, but Palmyra made it 3-2 before their fifth round ended. Zaun reached first when Hasleton fumbled his blow and he went to second on a wild pitch. Sloan rapped a hot single to center and Zaun raced in from the center bag. Sloan pilfered the keystone sack and remained there while Bartley was tossed out and Mueller saw four wide ones go by. Eisley knocked a hot one to left and Sloan scored.

Glassboro tied it up in the sixth and went ahead again in the seventh. An error by West put Hasleton on with two down in the sixth. Lay and Ware drew bases filling the bases and a wild chuck enabled Hasleton to tally the tying run. Boyd laced a single to right to start the seventh and took second on West's wild throw. Miller fanned while Roun walked. Adams followed with a one-bagger to left-center that put Boyd over the plate.

Three-run Riot

A three-run riot by Palmyra in the eighth practically sewed up the contest for the visitors, but Eisley leaned on one for four bases in the ninth for good measure. "Vic" Mueller eased his way to first when Roun dropped the third strike and failed to chuck the apple to the initial station in time. Eisley's rap to right sent his mate to third. A clean steal put Harper in a tight jam, but he heaved one in the groove for Zoll and a long bingle to left was the result. It proved hard enough for Mueller and Eisley to score. Layle and Paul Mueller died on infield plays, but West hammered a single to center that scored Zoll.

Eisley's boundary belt after two mates were retired came with the count two and two on him and was a long smash over Adam's head in left field.

About the only way we can make other folks come up to our expectations is to measure them with the golden rule.

SAVE DOG George Fisher and Mrs. Letford Are Good Samaritans

George Fisher, of the seventh grade, Palmyra last school, and Mrs. W. F. Letford, of Parry avenue, saved a little brown dog from drowning in the river last week.

The animal had fallen into the water in front of the Letford estate where the stone wall made it impossible for the dog to get ashore. Mrs. Letford was driving along the river bank and the Fisher lad called her attention to the dog's predicament. She held young Fisher by the heels while he reached down and rescued the dog.

SEIZE BIG STILL Merchantville Raid Nets 70-Year-Old Law Violator

A 100-gallon still, 65 gallons of moonshine and 40 barrels of mash were confiscated by the Pennsylvania police in a raid last Thursday night. The still was found in the home of Morris Fine, on Cedar avenue between Finlaw and Cattell avenues, in the exclusive residential neighborhood of Bensalem.

Fine is 70 years old and formerly lived in New York. He was arrested and held for the Federal authorities while police began a search for his two confederates.

Each of the three men had rented a house, side by side, in the new residential development. None of the other houses in the block were occupied.

The raid was made by Chief of Police Cox, Captain Wheeler and Policeman Kelly. When they visited Fine's house they found the still in full operation on the second floor, with windows and doors tightly sealed. The still had been in operation for four weeks.

Chief Cox, who notified the Federal agents in Newark of the seizure said that Fine had provided them with the names of the two other men who were in the operation of the distillery.

Glowing enthusiasm, even though misguided, is better than languid unconcern.

Track Stars Are Guests of Rotary

Palmyra-Riverton Club Entertains Boys Who Won Mt. Holly Meet

Last Thursday evening the Palmyra-Riverton Rotary Club gave a dinner to the boys who were winners at last year's Burlington County Boys' Week track contests held at Mount Holly.

The Hon. James T. Weart, Mayor of Palmyra, spoke at this meeting and expressed his appreciation of the club and the work accomplished by the Boys' Work Committee and also to the boys who brought the honor of first place to Palmyra. He enlarged upon his subject and spoke of the personal sacrifice that is inherent in every act of service.

Harold "Boots" Lever, who had charge of the athletic committee of Boys' Week for the past two years, called upon the boys who had been in the Mount Holly meet last year, and each responded with a few words.

Those who attended the banquet and dined as the guests of the Rotary Club were: Bruce Beahn, captain of the relay team; Robert Mathews, Harold Mueller, Frank Hengert, Walter Paulson, Norman Moffett, William Zaun, David Kerr, Robert Snow, Tony Prieco, Tom Piergross and Rastus Fitzgerald. Lever presented the cup won by the boys last year to Professor A. S. Griffith, supervising principal of the Palmyra schools, who put it on exhibition in the trophy case at the Palmyra High School.

G. Shemmaker, of Riverton, scoutmaster of the Riverton troupe of Boy Scouts, who has been engaged in this work for 15 years, gave a short talk on scouting and its value to the boys.

Glowing enthusiasm, even though misguided, is better than languid unconcern.

MULES HIT CAR

Team Backs Into McConnell Auto, But Children Escape

Saturday afternoon a team of mules backed into the car owned by William McConnell, of Parry avenue, while it was parked opposite Chester Watson's blacksmith's shop, West Palmyra.

The two children of Roy Hardy were in the car at the time and although the back window was smashed, the children were not injured. The automobile was only slightly damaged.

The team of mules belonged to a Mr. Young who lives in West Palmyra.

NEEDLEWORK GUILD

The Palmyra Branch of the Needle Work Guild will hold its monthly sewing meeting at the Central Baptist Church on Tuesday May 17 from 10.00 a. m. to 4 p. m.

Everyone is welcome to come and sew. All members are asked to come, and bring a box luncheon.

PHS ALUMNI

Banquet and Dance Scheduled for June 14

The Alumni Association of Palmyra High School will hold its annual banquet in the high school Tuesday evening, June 14. This date was set at a meeting of the executive committee of the association at the home of Miss Catherine Stewart last Thursday evening. Professor A. S. Griffith, supervising principal of the Palmyra schools, will be one of the guests.

After the banquet there will be a dance in the high school gymnasium. Friends of the alumni will be invited to attend the dance, but only members of the association will attend the banquet.

The alumni association is also giving a dance at the Riverton Porch Club, Saturday evening, May 28.

WHEN THE BELL on your telephone rings, somebody has a personal message for you.

It means that someone is making use of a personal equipment which we have provided, and that he has secured connection with the personal equipment reaching to you.

More than this, he has secured the personal use of the necessary connecting equipment in a central office and the personal services of one or more telephone operators.

When you are talking with him you are using hundreds or even thousands of dollars' worth of telephone equipment.

Every time you talk with anyone by telephone you have the personal use of equipment worth as much as a fair-sized automobile.

And in order that this equipment may always be ready for your personal use, it is closely watched, tested, checked.

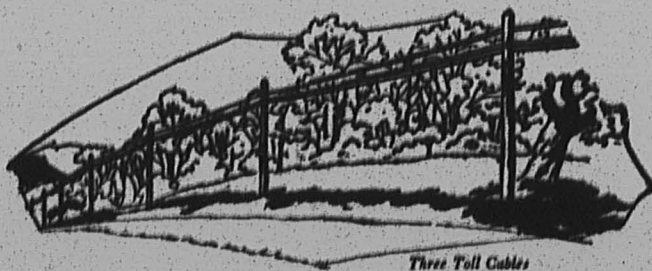

It's a personal service.

A BETTER NATIONAL TUNE.
BEVERIDGE AND PHILLIPS.
WHEN BABIES TWIDDLE TONS.
RAILROADS AND BUNNIES.

Some one not satisfied with the "Star Spangled Banner" offered \$1,500 for a better national tune. Nine hundred and fifty-one composers tried and failed. The "Star Spangled Banner" will continue to make Americans stand up. To do a thing well you must get excited about it. Roosevelt, greatest Greek teacher of oratory, said, "To convince others, be yourself convinced." There will be no improved "Star Spangled Banner" until real danger inspires somebody to produce the right song.

Albert J. Beveridge died last week, sixty-four years old, of heart disease. An automobile stops when the engine stops; a man, when his heart stops. One hundred men understand a motor engine for one that knows his own heart.

There is no "resale" price on a second-hand heart, and heart disease is increasing as consumption diminishes. Doctors can cure many diseases, but you must cure your own heart, once you have been warned.

Beveridge and David Graham Phillips were schoolmates in Indiana, and represented their State well. Phillips in literature, Beveridge in national politics. Both are gone. It is "entirely illogical," as some say, to hope that they have met again, or in it, as other say, "a perfectly reasonable hope."

A Young Women's Christian Association committee says: The modern wife who works after marriage and continues to bring money into the home is the best type of young wife, better than the young wife who sits at home twiddling her thumbs.

Real wives can testify that there is little time at home for twiddling thumbs, especially after the first baby begins to twiddle its toes. Every young man ought to be able to support one woman, and proud to do it, while she takes care of the children. Working wives, respectable and admirable, should not be necessary.

This country treats the Mississippi problem as a poor man treats his farm, never spending enough to get it in good shape. Scores of millions have been spent in patchwork against flood danger. Now

comes a flood causing five hundred million dollars' damage. That sum, properly spent, under one comprehensive plan would have prevented this flood and future floods.

Railroad men, doing their best to help stockholders, as they are bound to do have concentrated on getting increased passenger fares and freight rates from the public authorities, and that has seemed good business. The time is not far off when good business will consist in finding a way to carry passengers and freight for LESS and thus making more money.

The danger to the railroads is a small ridiculous looking thing on four wheels running along the highway, paralleling the highway on a "right of way" that costs the motor omnibus and motor truck nothing but the price of their license. Every day four motor buses leave Los Angeles carrying passengers to Chicago. That doesn't amount to much. But they can carry twice as many passengers as there are on this magnificent Santa Fe "Chief" Express. And the bus overhead is one man driving and another man to relieve him.

Omnibus travel is uncomfortable travel and will never compete with the express train. But WHAT ABOUT THE FLYING MACHINE that will soon be here?

And what about freight hauling by omnibus? On the Mojave Desert farmers buying agricultural machinery from Los Angeles do not ask the railroad to carry it. The farmer calls up the truck line at Victorville. The freight motor truck delivers the mowing machine, plow or "seed drill" right in the farmer's barnyard. The freight bus costs a little more per hundred than the freight train. But what you order today you get tomorrow and it is delivered at your door.

CARS CRASH

Cinnaminson Avenue Scene of Slight Accident Saturday

Two cars came together at the intersection of Wallace street and Cinnaminson avenue Palmyra, Saturday. One of the cars was owned by James Sennell, of 30 Pearl street, Palmyra, and the other by Lawrence Pendergast, of 4744 Worth street, Philadelphia. Sennell was turning in Wallace street and turned up on the sidewalk in order to avoid hitting the other car, but Pendergast, who was driving out Cinnaminson avenue, struck the Sennell automobile in the rear.

Only slight damage was done to both cars and as the owners agreed to settle the damage, Chief of Police Beck did not hold either driver.

Another accident over the weekend was that of a Franklin car owned by Frederick Tool, of 2020 Stevens street, Camden. Tool's machine skidded on the wet road and hit a trolley car on the River Road near Delair.

Three wheels on the Franklin car were damaged.

POLICE FIND STILL ON SCHMIERER FARM

Hoosh Outfit Raided on Burlington Pike Monday Afternoon

County Detectives Cain and Carabine, Chief of Police C. Morris Beck and Officer Rodgers, of the Palmyra Police force, accompanied by two Mt. Holly policemen, made a raid on a barn on the old Schmierer Farm on the Burlington Pike, opposite Highland avenue, Palmyra, Monday afternoon.

A 100-gallon still, 18 barrels of mash, 30 gallons of moonshine and other paraphernalia was seized.

Two men, said to be employees of the real owner of the still, were surprised in the act of draining the contents of the still into barrels, police say. They gave their names as John Chill and Andrew Katchinski, both of whom made their quarters in the farmhouse.

For generations a Burlington County landmark, the old farmhouse attracted attention of police through Game Warden Zeh Mathis, who detected the odor of alcohol when he passed through a nearby

wood. Chief Beck seized two souvenars in the raid, two 3-gallon "hoosh cans." The chief intends to use them for gas cans. They'll come in very handy for this purpose, he said.

VALEDICTORIAN

Palmyra High Commencement Honors Students Are Named

Edward P. Sorden will be the valedictorian of the 1927 graduating class of Palmyra High School. The salutatorian will be Alfred P. Hayer, pitching ace of the baseball nine. Hayer resides in Riverside Park.

Lester G. Johnston, of Bridgeboro, was elected Banner Orator. Johnston stood third in the senior class and will pass the school banner to Edward Hutchins of the Junior class.

The baccalaureate sermon this year will be preached by the Rev. William M. Erhard, pastor of the First Lutheran Church.

It's about as hard to hire as it is to fire.

MISS FRISHMUTH'S TALK INTERESTING

In the March issue of the "National Business Review" appeared the following:

Members of the Art Alliance, 251 South 15th Street, Philadelphia, considered themselves the recipients of an unusual opportunity to imbibe facts about gardening when one of the greatest authorities on the subject in America—Miss Anna Biddle Frishmuth, of Philadelphia, gave her lecture.

Miss Frishmuth is peculiarly and especially adapted for a discussion of this kind, which was on landscape gardening and American gardens, for she has obtained her wide and diversified knowledge of the subject through a thoroughly successful practical experience. Not only has she minutely studied the work in which she has specialized but she has written many authoritative papers on the subject. This able woman is certainly an example of unflagging industry, for in addition to her strenuous work as lecturer, in which capacity she is of

ten in demand, she is also a member of National City Planning Board of America, and also a life member of the Massachusetts Horticultural Society.

NANCY JENNINGS REINHART

Nancy Jennings Reinhart, young daughter of Nicholas and Ida J. Reinhart, (nee Jennings), former residents of Palmyra, died last Thursday, May 5.

Relatives and friends of the family were invited to attend the funeral services Monday, May 8, at 2 p. m. from the residence of C. E. Hires, 1233 Magnolia avenue (Parkside) Camden.

Interment was made at the Moravian Cemetery, Palmyra.

Friendly Thoughts by Frank A. Snover

Could men not learn a lesson from the beneficial exhortation of youthful play? Are the toys we put behind us ever replaced by any of as great a value? Some times it seems that the education we have received in the grown-up games of life have spoiled us for the elemental pleasures we need if we are to be happy.

A community comes to realize the value of a service, the sincerity of a man or the equipment of an organization through actual performance.

NOW IS THE TIME TO PAINT THAT HOUSE OF YOURS—BUT

Do the neighbors expect you to use cheap paint?

Be proud of your home next year, when results begin to show, and save money too, by painting now with

Lucas Tinted Gloss Paint

Good Paint actually is cheaper than cheap paint. That is a fact. Cheap paint requires more gallons, more time, and more labor to do the same job, and its lasting qualities are uncertain. You get no such satisfactory results as are given by Lucas Tinted Gloss Paint. Compare the five Lucas standards of value:

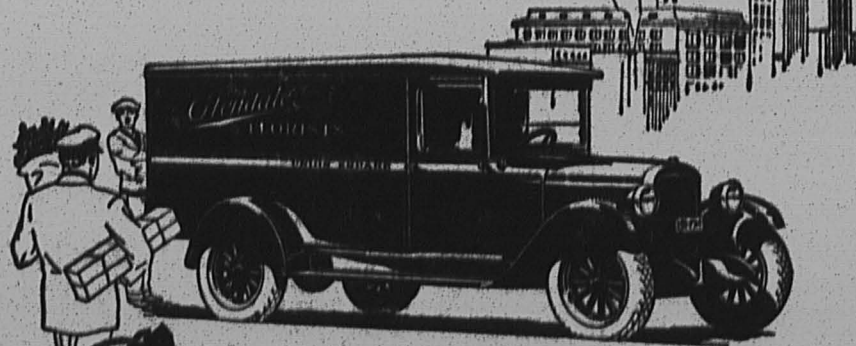

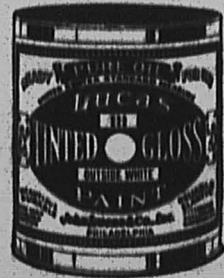

IT COVERS more square feet per gallon and more thoroughly hides the surface.
IT BEAUTIFIES, and its beauty lasts.
IT LASTS longer because it is made of highest grade materials, carefully selected, scientifically combined by skilled workers of long experience.

IT IS ECONOMICAL—It costs less both first and last. Get our helpful little booklet, "Mixed Paints, Their Uses and Application." It is one of a series of six booklets on household painting. They're free. Ask us for them.

Let us help you with your paint problems.

In every section of the country Chevrolet Trucks are breaking all previous records — establishing Chevrolet as the world's most popular gear-shift commercial car.

This decisive preference for Chevrolet is based on a matchless combination of dependability, economy and fine appearance — plus the public's confidence in the product of General Motors.

Chevrolet dependability under every condition of usage has long been traditionally yet recent improvements in the powerful Chevrolet valve-in-head motor — improvements typified by a new AC air cleaner and AC oil filter — have made Chevrolet Trucks even more dependable, with even longer life, greater operating economy and more satisfactory performance.

With a cab enclosure that matches passenger car design in comfort and beauty — with sweeping crown fenders and bullet-type headlamps — the Chevrolet Truck is one of the handiest haulage units seen on the highways.

If you use trucks in your business — come in! Learn for yourself why Chevrolet performance has proved so satisfactory for every type of user — from the single truck operator to the largest fleet owner!

WHO IS RANDALL?

101 Seventh Street
Riverton, New Jersey
May 10th, 1927

To the Editor:

Who is this man Randall?
And it is not unnatural that this
question should be asked. If some-
one came to me and asked me to
sign a petition for Mr. X for mem-
ber of Riverton Council, I didn't
know Mr. X it would be the first
question on the tip of my tongue.
Unless we live in a very small
village we cannot expect to know
personally every man for whom we
vote. Of course not, we vote for
the man whom we believe, judging
from what we have heard, will be
the best man for the office.

Now, if I were asked to give a
thumb-nail sketch of "Lac" Randall
I would run this:
Name: Henry Lettroy Randall
Age: 35 years
Married
Property owned in Riverton for
ten years

Weight: physical, 230 lbs; Men-
tal, much more
Stature: physical, 6 feet; Mental,
taller
Experience: worked way up from
minor position to President of Riv-
erside Metal Works.

Education: Yale Graduate — 2
years on Yale Football Team (and
that's an education in itself)
I consider Mr. Randall one of the
best men we could put into the
Borough Council to strengthen and
assist it. That is why I am for him
100%.

MISSISSIPPI LOSS

As this is written the crest of the
flood in the Mississippi valley has
not yet passed, but in a few weeks
all of the ruin will be exposed to
human eyes. That the loss in mil-
lions of dollars actually has been
will never be correctly estimated, no
matter how high the figure may be
placed.

Now what?
Are we going to have talk, talk,
talk and finally a committee with
reports to dikes, building of a few
new ones — and eventually again
"the worst flood in history of the
Mississippi?"

Let us hope not. Let us hope that
the government — those men
who can do things — place the mat-
ter in strong hands and work start-
ed at once — to make the Mississippi
safe for all time.

Leave it to good engineers — de-
spite the fact that the government
had acted one hundred years ago —
spending all of the money that has
since been spent or lost in floods
there would have been no 1927
flood; no loss of millions of dol-
lars; no contribution of ten millions
of dollars now for only temporary
relief work; no loss of life.

It has been estimated by experi-
enced engineers that at a cost of
about \$75,000,000 adequate protec-
tion could be had. If the cost were
three that amount and city were
assured, it would be cheap. What-
ever the cost, the money should be
promptly appropriated.

The administration should start
now — have all preliminary surveys
and plans mapped out — and be
ready to present the proposition to
Congress when it meets in Decem-
ber.

THEY MUST GO

"Would be well for the Demo-
cratic National Committee to read
carefully the handwriting on the
wall — and act to abrogate the twin
relies of Democratic apostasy, the
two-third and the unit rules. One
more democratic convention with
these millstones about the neck —
and the party which Thomas Jef-
ferson founded — done for."

The two-third rule gives to the
minority in a nominating convention
the power to veto the choice of the
majority.

The unit rule thwarts a fair
registration of the popular prefer-
ence.

Both rules owe their origin and
existence to Democratic leaders who
in their lust for power, forgot their
democracy, forgot the party, forgot
everything except boss system at its
worst — and such patronage and
trading as could be realized.

Regardless of what the National
Democratic Committee may do or
recommend, the 1928 Democratic
National Convention has it within
its power to abrogate these two
destructive rules. Any delegate
who can win recognition by the
chair can make the motion and it
will be for the majority to decide.
This newspaper believes that
Democratic delegates at the 1928
convention, many of whom no doubt
will again be seated in 1932, learned
enough to at least realize there is
little hope for the party to retain
any respect for the voters so long
as the two-third and the unit rules
are permitted to "fix" the proceed-
ings — and bring forth a com-
promise candidate who has no chance
of leading to victory at the polls.

INVISIBLE SLAVES

China has four times as many
people as the United States, but
the United States has the equivalent
of ten times the number of effective
workers found in China.
In an article in the Atlantic
Monthly, Thomas T. Read lays down
the principle that the only way to

have material things is to work.
Then he subjects this principle to
further subdivision as follows:

First, work must be done to
avoid repetition, as piping water
from the spring instead of continu-
ously carrying it.

Second, work must be analyzed
to do away with false motion.
His third and last conclusion is
that the worker must be multiplied
by machinery.

The comparative output of work
per person in various countries var-
ies as follows:

China, 1; India, 1.4; Russia,

2.4; France, 8.4; Germany, 12;

Great Britain, 18; Canada, 20;

United States, 30.

Although the average wage is
high in America, the average cost of
work is low. It takes the Euro-
pean workman approximately ten
times as long to make an automo-
bile as it takes the workman in our
country, because of the highly effi-
cient machinery and vast quantity
of power which are the invisible
slaves of our workmen.

FIRST LUTHERAN

Rev. William M. Erhard, Pastor

The pastor announces with pleas-
ure that we are to have at our
church a gifted speaker and writer
in the person of Rev. Frederick
Erhard. He had been the
hope of the pastor that we might
have this man speak for us on some
occasion, and he has succeeded in
getting Rev. Erhard for the com-
ing Sunday. Mr. Erhard is a
man of outstanding versatility. His
musical compositions have been
published successfully. He has won
gold medals in oratory. He has
achieved the highest scholastic hon-
ors.

Mr. Erhard was educated at
Gettysburg College, Mt. Airy Sem-
inary, and Harvard University. All
who get "The Lutheran" have un-
doubtedly read the lengthy and in-
teresting article written by him in
the issue of April 7th. The pastor
trusts that the building may be
filled to capacity for two reasons.
First, you will hear an unusually
strong message; secondly, we as a
congregation want to make the most
favorable impression possible upon
the visiting minister.

Sunday School at ten in the morn-
ing, the subject being, "Peter at
Antioch." There is an old fable
which runs something like this:
"The Hellows one day gave a long-
drawn sigh. 'What is the matter,
friend Hellows, that you seem so
sad?' asked the Hearth. 'I have
told to no purpose,' it answered in
a dejected tone. 'Haven't succeed-
ed in kindling the fire?' asked the
Hearth. 'That is the cause,' re-
plied the Hellows, 'after all by blow-
ing there is no flame.' 'Perhaps,'
said the Hearth, 'it requires some-
thing besides your blowing to
quicken it. Let someone kindle a
fire.' The Holy Spirit, who came
as flames of fire at Pentecost, must
be present to make every good work
effective. Let us pray for Him."

Active worship at 11:15 and 7:45
with sermons by the Rev. F. B.
Erhard and special music by the choir.

Luther League at 6:45 at which
time we shall have a special speaker
from Haddonfield, Mr. Blatchly.
There has been a very noticeable
progress made in the work of the
Luther League, the attendance last
Sunday evening being very gratify-
ing.

Do not forget the Luther League
hike to the sand dunes of Five
Points. The party will leave the
church building at 2:30 Saturday
afternoon, May 14th. Every mem-
ber of the Luther League and all
who are interested in the work of
this young people's association are
urged to participate in this outing.

There will be no prayer meeting
Thursday evening, as the pastor is
obliged to be out of the city for a
few days. On Thursday, May 19,
we shall have the regular mid-week
service with discussion on the
theme "Paul at Rome." This will
be the last of our studies from the
Acts of the Apostles.

MISS SIPPET AQUATIC STAR

Miss Grace Sippet featured for
the Camden Y. M. C. A. swimming
team in its win over the Wilming-
ton team at Wilmington Monday
night. The final score was 25 to
20 in favor of the Camden in-
ternals.

Miss Sippet finished first in the
40-yard free-style race. Her time
was 26 and 1-5 seconds. Miss Sip-
pet also swam anchor position in
the 150-yard senior relay race.
Camden finished second in one
minute, 40 seconds.

Rector

Through the centuries many ideas
have been put forth as to the best
way of life. The more that is known
definite way which is not far above
all others as to preclude further
argument. It is the same con-
viction of Christians that there is this
one way of using life, and it is the
way of resurrection, life in the
power of Christ. A way which
takes unto itself every aspect of our
present existence, personal, social,
political, and throws around all its
own hallowing lustre. It embraces
whatever tends to exalt or idealize
man. "Hypocrite with Christ" is its
keynote and watchword.

For resurrection living
There is resurrection power,
And the praise and prayer of
trusting
May glorify each hour.

For common days are holy,
And Years an Easter tide,
To those who with the living
Lord
In living faith abide.

"If ye then be risen with Christ,
seek those things that are above,
where Christ is seated on the right
hand of God."

Monday, May 18th, the Woman's
Auxiliary will meet in the Parish

STORY OF THE POPPY

In France and Belgium, the coun-
tries you have heard so much about,
the people lived happily, enjoying
the freedom of their beautiful coun-
tries when one day came vast num-
bers of German soldiers who laid
waste their land. The huge guns
of the Germans did not spare any-
thing, homes were wiped out, fami-
lies separated, and thousands gave
their lives at this time. The United
States entered into this conflict,
sending our boys across to help turn
the scales back that liberty might
prevail in the world. As we all
know, many of our men were killed
or died in service "over there" and
now lie buried in the soil they help-
ed to save.

In the spring of 1919 after the
war, on Flanders Field, where the
fringe had been terrible and thou-
sands of soldiers had fallen in bat-
tle, in the midst of complete desol-
ation, the poppies came up in abun-
dant. The French women told
today that the poppy is a signifi-
cant of the sacrificial blood of the
boys who fell on Flanders Fields.
Those who have traveled through
Flanders since the war, tell us it is
peculiarly true that where the battle
was the fiercest and the bloodshed
the greatest, the poppies to this day
grow most profusely.

From this superstition comes
the true message of the poppy—the
message from the boys who fell, as
expressed most beautifully in Col-
onel Macdonald's verse—"We shall
not sleep."

"In Flanders Field the poppies blow
Between the crosses, row on row,
That mark our place; and in the sky
The larks still bravely abide, fly,
Scarce heard amidst the guns below,
We are the dead,
Short days ago we lived, felt dawn,
Saw sunset glow,
Loved and were loved, and now we
lie
In Flanders Field."

"Take up your quarrel with the foe,
To you from falling hands we throw
The torch—be yours to hold it high;
If ye break faith with those who die,
We shall not sleep, though poppies
grow
In Flanders Field."

Because of this close association
to the supreme sacrifice made by
the boys who fell in France, the
poppy has become the Memorial
Flower of The American Legion
and the Auxiliary—the emblem of
a faith that is being kept through
service to the living.

The sixty-fourth anniversary of
the organization of the congregation
of the Moravian Church at Five
Points will be celebrated next Sun-
day. The congregation was organ-
ized May 17, 1863, at the home

STATE POLICE

Columbus Station Reports 100 Arrests for April

State Troopers stationed at the Columbus Station report that they have patrolled 11,727 miles of road during the month of April, received sixty-two complaints and made eighty-five investigations. They also report one hundred arrests and one hundred and thirty-five warnings given. Fines totaled \$1,494.75.

Trooper S. J. Leon, who figured in an auto accident on the Columbus-Bordentown road on Friday night and received numerous cuts and bruises, has recovered and returned to his duties.

Activities of the troopers not covered by stories in other sections of this paper are as follows:

Reported missing on Sunday, May 1, Robert Moore, of Edgewater Park, aged 27 years, about 5 feet 5 inches and weighing 155 pounds. The troopers will appreciate any information concerning this man.

Raymond Crutcher, of Trenton, driving a Chevrolet transporting truck owned by the Nucor Forwarding Company of Trenton, arrested by Sergeant Haussling on a charge of reckless driving on Columbus Mount Holly road, fined \$5 and costs by Justice Black of Columbus.

Stanley E. Horden, of Jobstown, speeding at the rate of fifty-five miles per hour on the Mount Holly-Jobstown road, arrested by Sergeant Haussling, fined \$10 and costs by Justice Black, of Columbus.

George C. Lyons, of Newark, apprehended while driving fifty-five miles an hour on the Mount Holly-Chambers' Corner road, by Sergeant Haussling.

MIDDLETON—JACOBY

A romance that began in childhood culminated Saturday when Miss Mary J. Jacoby, daughter of Mr. and Mrs. Herbert Irvin Jacoby, of Edgewater Park, former residents of Moorestown, and Frederick Middleton, son of Mr. and Mrs. Harry C. Middleton, of Chester avenue, joined in matrimony.

Announcement of the marriage was made Monday by the bride's parents, who said that paternal blessings had been bestowed upon the young couple.

Solemnization of the marriage, according to the rites of the church, will take place this afternoon (Wednesday) in the Lutheran Church of Holy Communion. Twenty-second and Chestnut streets, Philadelphia. The Rev. Dr. H. Henry Harms, pastor of the church, will officiate.

Mrs. Middleton is a graduate of Miss Hill's School, Philadelphia, while her husband is a graduate of Lafayette. The bridegroom's father is treasurer of the Berwind-White Coal Mining Company.

Mary and Frederick have been engaged for some time. Mrs. Jacoby said Monday, "and were to be married in the fall, but they decided not to wait. Mr. Jacoby and I spent the wedding in Maryland and it was during our absence that they drove to Media and were married."

The happy young couple have a large circle of friends in Moorestown. They will make their home in Riverton.

PARRY A. A. WINS

The Parry A. A. again defeated the Collins A. C. the score being 8-4. Monkerich and Swain swung heavy bats for Parry while Kay and Copper each had two hits. Sutters and W. Phelan held Collins to six hits. Parry expects to make it four straight this weekend when they meet the Beverly Red Jackets. The team would like to play in front of a big crowd, so everybody come out to the game. All are welcome.

REAL "CLASSICS" IN PROSE AND POETRY

Qualities That Render Them Immortal.

In literature the word classic was originally limited to Greek and Latin prose and poetry. It has now come to mean any piece of literature whose quality is such that it has survived for fifty or a hundred years and is by common consent regarded as so good as to be permanent. A literary classic should possess one or all of the following qualities:

1. It should reflect the mode of thought and the customs and manners of its time.
2. The travels of Herodotus, the dialogues of Socrates, and the novels of Jane Austen are examples.
3. It should be written in a beautiful and striking style.
4. Lincoln's Gettysburg speech is an example.
5. It should spring from and appeal to a cultivated imagination.
6. The poems of Keats are an example.
7. It should be a contribution to the thought of the world and should stimulate the thought of the world.
8. The essays of Ralph Waldo Emerson are an example.
9. It should possess a universal human interest and express all phases of human experience.

The Old Testament and Shakespeare's plays are examples.

No one generation can determine what classics it is producing. The final judgment must and will be pronounced by succeeding generations.

Walt Whitman and Lincoln were looked on with contempt by many of their most highly educated contemporaries. And yet Whitman's "Drum Taps" and Lincoln's Gettysburg speech will live as long as the English language lives.

For does a classic have to be "high-brow stuff." If it is a genuine intelligent and witty picture of a certain aspect of society, even a "best-seller" may become a classic; although I am bound to say that most of our modern best-sellers have very little chance of achieving this immortality.

The "Pleasant Papers," the "Blow Papers," and "Night With Uncle Remus" were all best-sellers and are all classics. I hope I shall shock nobody by saying that I think "Gentlemen Prefer Blondes" is more likely to become a classic than many contemporary novels or stories that are much more pretentious. Artificial and pretentious writing never makes a classic. Simplicity, simplicity and spontaneity are qualities that every true classic—whether in music, painting, prose or poetry—possesses; all others pretend to the titles are counterfeits. Let nobody hoodwink you into supposing that the classics are pompous, stilted, and horrid. If they were, nobody would read them—not even your teachers and professors.—Lawrence F. Abbot, in the Outlook.

The Difference

There are a number of nickel cigars on the market. The trouble is that they charge fifteen cents for them.

MILK FOR CHILDREN

Philanthropist Provides Supply for Palmyra Pupils

Following a recent article in the local papers concerning the milk problem in the Palmyra primary schools, a former Palmyra resident who is much interested in things of this nature very cheerfully responded. He does not want his name known, but has increased the amount of milk served to the children to 80 one-half pint bottles in the name of Christ Church, Palmyra.

This increased supply of milk started this week.

A CORRECTION

The news articles published several days ago in daily and weekly papers concerning an "address" made by Reverend W. M. Erhard at the Lutheran Conference at Collingswood, were somewhat misleading. The statements attributed to him were taken from his synopsis of a certain book which he was asked to review before the conference, and were not his own statements. Mr. Erhard was entered on the program for a book review and not an address.

Just Like a Woman

She (after a bitter fight)—Well, the only thing left to do is to divide this house in two, you can have one side and I'll take the other.

He—That suits me, what side shall I have?

She—You can have the outside. I'll take the inside.

R. J. Palmyra—Is it proper for a young lady to wear her birthstone in an engagement ring?

Ans.—Nothing improper about this.

THE QUESTION BOX

S. E. Riverton—Will you please answer in your Question Column if the common sparrow is an American bird? People call them English sparrows.

Ans.—The English sparrow was introduced into America in 1853. There are some American sparrows, but they have little in common with the English sparrow.

H. S. Riverside—What causes the waves on the lakes and oceans?

Ans.—The waves on any body of water that are not tidal waves are known as secondary or wind waves. These are caused by the action of the wind. The heavy swell, known as the "ground sea," originates in distant windstorms.

F. N. Delanco—Is an oyster a fish or an animal?

Ans.—An oyster is a fish—put together like a nut.

W. L. Palmyra—I wish to ask in your question column what is the longest tunnel in the world?

Ans.—The Simplon tunnel in the Alps mountains is the longest, being a little over 12 miles.

A. J. Delanco—What course could a man take to protect his life or property against thieves caught on his premises or in his house at night?

Ans.—The law allows you any means you care to choose necessary to protect your life, but a reasonable amount of discretion must be shown in the protection of property where life is not endangered.

M. B. Riverton—Can you answer how many Jews there are in Canada, the United States and in the world?

Ans.—It is not known how many there are in Canada or the United States, but it is estimated there are 25,000,000 in the world.

J. B. Palmyra—What was the date of the first Monday in August, 1917?

Ans.—August 6.

COLLECTED \$6951

A regular monthly meeting of Burlington County Chapter, American Red Cross, was held Monday, at headquarters, 310 Wood street, Burlington, with representatives present from Palmyra, Mount Holly, Beverly, Riverton, Burlington and Florence. After the usual reports of the secretary and treasurer, the production chairman stated twenty caps and one sweater had been forwarded to the Government Hospital, at Summit, N. Y., and that three dozen layettes had been shipped for the use of the Chapter in Canal Zone; the layettes were procured at the cost of \$6.50 each. The publicity report showed all possible publicity had been given to the Mississippi disaster through all the newspapers in the county.

Letters were read from the American National Red Cross, containing information as to the work in the flooded area in the Mississippi valley. Collections in this county so far amount to \$6951.53, leaving \$146.37 yet to be raised to reach the quota of \$7100. All towns have responded generously to the call for funds for this disaster and are still working. Too much credit cannot be given the Boy Scouts for their valuable assistance in the work.

The emergency closet is now complete, being filled with various kinds of useful articles to be distributed among the worthy in our county.

Sixty-four Christmas bags were reported as having been asked for from the various branches and roll call chairman, with prospects of more.

The Home Service report showed work had been done on this line during the past month, rent being paid for two families and food supplied to another; in addition to this the ex-service men and their families had been assisted in establishing their claims with the Veterans Bureau.

Riverton Branch has reorganized and was represented by four members at the meeting.

2nd Liberty Loan Bonds to be Paid

Mellon Calls for Payment November 15; Steps Taken To Notify Holders

Secretary Mellon has called for payment on November 15, 1927, all outstanding Second Liberty Loan bonds. Interest on these bonds will cease on November 15, 1927. Approximately \$1,700,000,000 of these bonds are now outstanding.

While the bonds will be paid on November 15, 1927, it is quite probable that during the next six months the Treasury will extend to the holders of the Second Liberty Loan bonds an opportunity to exchange them for other Government securities. No announcement has as yet been made as to the type of security to be offered in exchange, or the date on which the exchange offer may be expected. The Treasury explains that the terms of the bonds require that a notice be given to the public six months in advance of the redemption of the bonds. The Secretary's announcement, therefore, does not mean that the bonds will be paid at the present time, but merely places the holders on notice that their bonds will be redeemed on November 15, and will cease to bear interest on that date.

May Redeem Bonds
If holders of Second Liberty Loans desire to have their bonds redeemed, they should present them for payment on November 15, 1927, at their desire other Government obligations in place of their Second Liberty Loans. If they desire to have their bonds redeemed, they should watch for further announcement and notify their bank to keep them informed of any exchange offering that may later be made by the Treasury.

In 1917 and 1918, it will be recalled, when the Government was selling bonds of the several Liberty Loans, a nation-wide campaign was conducted, every available facility being used to reach the public and sell the bonds. The situation is now practically reversed, and the Government is preparing to redeem or exchange some of these bonds. While no such elaborate campaign is contemplated for the redemption of the bonds, the Treasury is making a special effort to inform the holders of Second Liberty Loan bonds that their bonds will come to bear interest on November 15. Banks and trust companies throughout the country will be asked to cooperate with the Government in spreading the news of this call for redemption and in advising the holders of the bonds that the Treasury will probably offer new securities in exchange. For the first time the radio will be used by the Government as a means of reaching millions of bondholders. An announcement will shortly be broadcast from the larger radio stations of the country.

The importance of acquainting bondholders with the fact that their bonds have been called for payment is emphasized by the Treasury's records of previous calls for redemption or exchange. These records show that there are still outstanding at the present time, in the hands of the public, about \$30,000,000 in Government securities upon which interest has ceased. Included in this amount are \$3,600,000 in Victory notes which ceased to bear interest in 1922 and 1923. There are also outstanding \$14,600,000 in temporary bonds of the several Liberty Loans, to which were attached only a limited number of interest coupons. The last coupons matured some seven years ago. The holders of these temporary bonds have neglected to exchange them for permanent bonds having the full number of interest coupons attached, and until such exchange is made they have no means of collecting the interest. In the face of these facts, the Treasury is especially anxious that the present announcement reach as many Second Liberty Loan bondholders as it is possible to reach through the press, the radio, and the banks of the country.

BAND AT CAMDEN

Marines To Play for West Jersey Homeopathic Hospital

Through special sanction of President Calvin Coolidge, the United States Marine Band will make a tour which will include Camden. The Camden event has been arranged through the efforts of the women's board of the West Jersey Homeopathic Hospital.

It marks the first official tour of the band under the leadership of Taylor Branson, successor to the baton of William H. Santelmann, who retired this year. The United States Marine Band will give an afternoon and evening concert on September 24, in Convention Hall, Camden. Celebrated throughout the world, the supremacy of the United States Marine Band soloists adds laurels this year by the acquisition of a new instrument, Harry Clark, brother of Robert E. Clark, for years the band's trombone soloist, now vies with his talented brother for honors with a display of solo ability.

Wilbur D. Kienner, has made the xylophone solo a spell-binding episode in the United States Marine Band concert long enough to have an enthusiastic following, and the silvery notes of John F. White's cornet re-echo within the hearer whenever favorite musical moments are recalled to mind.

SEEKING DIVORCE IN PARIS
Mrs. Russell Alexander Clarke, who was married in Burlington on February 16, 1915, is seeking a divorce in Paris. She is endeavoring to get the divorce on the ground of desertion.

Before her marriage the woman was Miss Katherine Davis, daughter of John W. Davis, former congressman and postmaster, now retired. She attended the Van Housen Seminary, Burlington, and a finishing school in Pennsylvania. She met Clarke when he was in Atlantic City to Burlington and married in the automobile business in the latter city. Later the couple removed to Lancaster.

About Your Health

Things You Should Know

by John Joseph Quinn, M. D.

ABOUT DIET

If the American people haven't been fed up on diet, for the past decade, then there is nothing in what we see. Almost every magazine, newspaper, or other candidate for the patronage of the reading public, has a special dietary counsel, which, up to the most fascinating technicalities about calories, proteins, carbohydrates, hydro-carbons, vitamins, A, B, and C. You are told that milk is all the food necessary for human life's sustenance; the working man knows better. You are told that any sort of meat is deadly, and must not be eaten, if you would live long. Some tell you that you should live on raw carrots, raw turnips, raw string beans, raw green corn, and advice is about as raw as the fellow who attempts to carry it out.

I know of an advertising charlatan who is reaping a financial harvest using "the diet racket." People fall for it by the hundreds, and stay until they realize that they are stung. Folks, especially those of the simpler sort, say "I know there's a diet for every complaint, that'll cure it if we could just find it out." Recently a "practical nurse" said to me: "I ain't a doctor, nor I ain't a graduate of any school, but I know that's the best treatment for this girl."

"Please tell me how you know it," I asked; and for the life of her, she couldn't say. "I ain't a doctor, nor I ain't a graduate of any school, but I know that's the best treatment for this girl."

One told me that he cured himself of typhoid fever, by eating two cans of oyster, at one sitting—just after the doctor had called, and told him he must not have solid food! And that farmer had about as much sense on dietary matters, as the ignoramus who tells you that a man can perform heavy manual labor on three grains of milk a day. When shall common sense take the place of technical fooleries?

Prove all things; hold fast to that which is good.

OKLAND CONQUERS ROUGH MULE TRAIL

Daring Girl Only Person to Perform Record-Breaking Feat

Nerve—backbone—daring—have usually been regarded the traditional attributes of a man. That may be so, or it may be that women, through the ages, have seldom had the opportunity to learn whether or not they possessed these qualities. Certainly in the last decade women, through their daring exploits in industrial occupations and sports, have challenged that theory.

Miss Billy Twist of Tulsa, Oklahoma, recently challenged this idea with a thrill all her own when she started natives of Colorado by driving her Oakland Six Sport Roadster down the precipitous mule trail to the bottom of Box Canyon, a popular scenic spot near Manitou. According to old settlers, this car was the only one ever seen on the floor of Box Canyon.

The drive down the tortuous, twisting mule trail, a route used by tourists and thrill-seekers on mule back, required half a day. The turn was even more difficult than the descent, Miss Twist says.

"I was surprised when I was told by a man, whom his acquaintances said was a hermit, that my car was the first one he ever saw at the bottom," she said. "Even then I didn't know for several days that I was the only person who ever made the drive. Others had attempted, they told me, but gave up before they reached half way."

The drive was dangerous in spots, the Tulsa girl admits, but said she was not afraid because her brother, Ed Twist, also of Tulsa, and a boy friend from Ada accompanied her.

"They spent most of their time building bridges and removing large boulders," she explained. "I suppose my car has as much ground clearance as any other, but the rocks at times were so big it was impossible to go over them."

DID YOU EVER STOP TO THINK

Harold C. Place, Editor of The Toledo (Ohio) News Bee, says: "That those who prate the loudest about Constitutional guarantees are, as a rule, themselves the strongest advocates of measures and actions designed to infringe upon those very rights."

Usurpation of personal liberties, the encroachment upon the rights of free speech and freedom of the press, the substitution of law by injunction for trial by jury—all of these things are manifestations of contempt for the work of the founding fathers which strikes at the very base of our constitutional foundations.

Intolerance is one of the products of this wandering from the course chartered by the nation's founders. We find it manifesting itself also in a deluge of laws which has cluttered the statute books of every state in the union and has made of Congress a joke.

We have arrived at a stage where we believe the simple passage of a law is the panacea for all our ills and troubles. No greater mistake was ever made. A law can never be substituted for a conscience. Human lives can never be chartered by legal enactments.

We are reaping the result in a wave of lawlessness that has assailed the nation. I refer not to prohibition alone. We have too many laws of all kinds, too much government, and too little common sense. The average citizen cannot turn around today without breaking some statute.

What we need is for our lawmakers to repeal about two-thirds of the laws on the statute books and then take a five-year recess. The country would be better off.

Fine Address at WCTU Luncheon

Mrs. Frantz, State President, Tells of Temperance Work and Lauds Roberts

Mrs. Nina G. Frantz, of Moorestown, state president of the W. C. T. U., delivered a very inspiring address in the afternoon at the W. C. T. U. luncheon at the Philadelphia May 16 to 21.

At that time the world's first and only five-ring circus will be within easy reach of local awdust fans. With it will come the only genuine white elephant ever brought to America. He is "Pawah," the world-famed sacred white pachyderm from Burma, who will be the foremost feature of a menagerie composed of more than a thousand animals.

The big show is now a third larger than when it last visited this locality. Enormous new displays have been introduced such as ninety zebras, camels and horses performing at one time on a mammoth pedestal. On a similar series of circular raised platforms thirty-two of the show's forty-three elephants danced showily and performed in unison with the topmost of the paderous actors twenty feet above ground. Prior to this gigantic display five herds of elephants appear in the five separate rings. At another time the rings are given over to five companies of liberty horses. At still another juncture of the program two hundred of the show's 900 horses, each ridden by an expert, are seen in the brilliant maneuvers.

Of the sixteen hundred people carried on tour this season more than eight hundred are the world's famous aerialists, bareback riders, ground and lofty gymnasts, high-will artists and super athletes. These are now seen in extensive groups and troupes each displayed by its particular champions, a new method of presentation that is in keeping with the Ringling Bros. and Barnum & Bailey 1927 plans of extending acts in equal number over the entire length of the mammoth main tent. Little folks will be delighted to learn that the bringing of a score of European clowns to America has increased the fun-makers to more than a hundred.

Mrs. Frantz denied the allegation, sometimes heard, that the membership, itself, of the W. C. T. U. does not live up to its basic principles. She said that every member signs the total abstinence pledge and lives up to her obligations, and has done so during the past 53 years of the organization's existence.

"Some are in sympathy with our work but have not the courage to deny themselves some intoxicating drink on occasion. These," said Mrs. Frantz, "helped us in our work by contributing and paying dues but they do not sign the pledge nor take part in our business meetings. One woman, in declining to sign the pledge card, replied, 'No, I am going abroad shortly and must take a little wine and other such things at receptions and dinners.'"

The speaker said that the W. C. T. U. is opposed to cigarette smoking and told of an incident where the fire of a pretty young woman of leisure, smoking a cigarette while reading, which appeared in the window of one of the large department stores in Philadelphia some time since. The Union sent postmen that the offending figure be removed from public view and it promptly disappeared.

Mrs. Frantz took occasion to pay high tribute to State Senator Emmor Roberts of this county. She referred to the Senator as a man tried and true in private life and public service, who helps the cause of women in the Senate, who for years has taught a large Sunday school class of men and women, and who is both personally and practically dry. "So," she said, "I think all W. C. T. U. members and others ought to vote, irrespective of party, for his return to the Senate."

"Protracted this happy cheer greeted this expressed sentiment by Mrs. Frantz.

SHOULD KNOW AUTOS, SAYS LOCAL DEALER

"The man or woman who takes an hour or so some afternoon and goes on a sight-seeing tour through the salesrooms and shops of an up-to-date automobile sales and service establishment has made a small investment of time, but one which pays big dividends in this day and age," says Frederick E. Rein of the Helm Motor Company.

"Lots of people who own cars think that they know all about them. But the industry is going ahead at a pace that makes any old model a poor criterion of present-day standards.

"Everybody either owns a car or expects to own one. And anybody can drive or buy a car more economically and satisfactorily if he is fully informed about new cars and new policies of sales and service.

"Any dealer is glad to 'talk shop' and show the new things in his business. He friendly with your local car dealers."

AUCTION SALE

148 Lots in Riverside Centre Will Be Disposed Of

At the Riverside Centre Auction Sale on Saturday, May 21, Louis Trainman, Auctioneer, will sell at absolute auction 148 Riverside lots on the tract adjoining the Washington Street School. These lots will be sold to the highest bidders, without limit or reserve.

This sale will present the first opportunity that anyone has ever had to buy building sites in Riverside at their own price. The ground is situated in the heart of Riverside, within a stone's throw of the new Washington Street School. New streets have been laid out and dedicated to the township. These streets are fast being whipped into shape and it is expected that the ground will be in proper shape before the day of the sale.

The silver leaf maple trees which were planted early in April are already beginning to leaf. Markers have also been put in showing the location of each lot. Most of the buyers will be fortunate in being able to select lots with cherry trees or peach trees in full bloom.

The entire enclosure surrounding these grounds has been developed. People from all sections are expected to come to this sale and valuable gifts will be given to all who attend.

It's one thing to know your cost, and another thing to get it.

GROWN IN NEW JERSEY under soil and climate adapted to the needs of the nursery. These trees are grown in the heart of the State, under the supervision of the State Department of Agriculture. CIRCUS COMING

Ringling Bros. and Barnum & Bailey at Phila., May 16 to 21

Yep, youngsters, it's really true! Meaning that a rumor heard sometime ago is now confirmed by the official announcement that the Ringling Bros. and Barnum & Bailey Combined Shows will perform their exhibit at Philadelphia May 16 to 21.

County History of 50 Years Ago

Items of Interest Published in Mount Holly Mirror May 3, 1877

Deposits in the National State Bank, Camden, now exceed the million mark. That institution now pays 24 per cent. annual dividends. J. W. and Thomas Black, of Springfield, still head the list of growers of capons. Their crop this season numbered 289, aggregating 2,951 pounds. One pair weighed 27 pounds. The lot was sold to Frazer & Son, Georgetown, for 25 cents per pound.

Ice dealers in Mount Holly—Fred Schrayshusen and G. W. Durand—have announced their prices for the season—25 cents per ten pounds.

Henry Wilkinson, the old State prison bird, was arrested last week by officers of the Burlington, Monmouth and Ocean Pursuing and Detesting Association for having committed a number of robberies on farms in this county. He stole hams, whiskey and beer.

Rev. Octavius Perinichief, former pastor of Trinity P. E. Church, Mount Holly, died at his residence in Bridgeport, Pa., on Sunday, from dropsy. Deceased was an extraordinary talented preacher. He was a native of Bermuda.

National banks in the county, under date of April 14, report deposits as follows: Mount Holly National, \$107,231.06; Union, Mount Holly, \$79,115.78; Mechanics, Burlington, \$195,422.96.

E. Shepard Low, of Cross Roads, lost a valuable sow last week after she had given birth to eighteen pigs.

May 10, 1877
The Mount Holly Water Company has declared an annual dividend of seven per cent.

The attempt to hatch chickens with steam at Toms River has proven a failure, only 11 chickens being hatched from 145 eggs. The cold snap of last week produced a show of ice, but so far as learned no damage was done to growing plants or fruit buds.

O'Brien's six separate shows consolidated exhibited in Mount Holly on Tuesday and it was a big day, despite the inclement weather. The street parade was marvelous. The tent was crowded at the night performance.

At a meeting of the Board of Freeholders on Monday, Sheriff Lee's bill for board of prisoners for the past six months, amounted to \$4,404.30, was ordered paid. The freeholder's personal bills, for the past quarter, totaled \$468.80.

The stockholders of the venerable Mount Holly Insurance Company

met in annual session on Saturday and declared a semi-annual dividend of four per cent. Another venerable gentleman present was Charles Stokes, who is in his 87th year and is hale and hearty. John R. Black was re-elected president; Mr. Haywood, secretary and treasurer, and Harris Cox, assistant secretary.

Nine passenger trains run each way between Camden and Mount Holly, on the Pennsylvania railroad. Mount Holly shippers are paying for calves, 6 and 6 1/2 cents; sheep, same; white wheat, \$2.34 per bu; rye, \$1; corn, 70 cents; oats 45 cents.

"GET OUT OF WAY"

Drivers of private conveyances, both motor driven and horse drawn, have only a few weeks more in which to see the public highways with a feeling of equality, theoretically, at least, so far as other users of the roads are concerned. On July 1 the new law, which gives public motor buses preferred rights on the road, goes into effect. After that, it becomes the duty of drivers of private cars, as well as the pilots of lowly horse or mule-drawn vehicles, to step nimbly aside upon peremptory foot, to let the on-running motor bus go by. However, I would advise those who do not court an untimely end, not to await the operation of the new law, but to give the motor buses the right of way, not as a matter of legal right or of courtesy, but in the interest of self-preservation. They are speeding up the buses on most of the lines, with a consequent shortening of the running time between given points, but public safety is not enhanced, theoretically, or the speed regulations seemingly considered seriously. Any day it is possible to see motor buses thundering over Mount Holly's principal streets, or on the streets of other towns, at a speed that would mean prompt arrest and maybe, jail for the driver of a private car who drove with equal disregard for the speed limit.—Mount Holly Mirror.

Herbert and Mr. and Mrs. Israel Sprague, recently united in bonds that should not be broken during life, will accept our thanks for a generous supply of wedding cake, sent to this office. May their happiness increase with their years and their resources with their responsibilities.

William M. Polhemus, for a number of years the polite ticket agent at the Mount Holly railroad station, died at his home here on Monday morning from Bright's disease. A large circle of friends mourn his untimely demise. He was in his 44th year.

At a meeting of the Board of Freeholders on Monday, Sheriff Lee's bill for board of prisoners for the past six months, amounted to \$4,404.30, was ordered paid. The freeholder's personal bills, for the past quarter, totaled \$468.80.

The stockholders of the venerable Mount Holly Insurance Company

met in annual session on Saturday and declared a semi-annual dividend of four per cent. Among the present was George Haywood, Esq., who has served the company as secretary and treasurer since its organization nearly a half century ago. Another venerable gentleman present was Charles Stokes, who is in his 87th year and is hale and hearty. John R. Black was re-elected president; Mr. Haywood, secretary and treasurer, and Harris Cox, assistant secretary.

Nine passenger trains run each way between Camden and Mount Holly, on the Pennsylvania railroad. Mount Holly shippers are paying for calves, 6 and 6 1/2 cents; sheep, same; white wheat, \$2.34 per bu; rye, \$1; corn, 70 cents; oats 45 cents.

119 Indictments for April Term

Judge Slaughter Receives Large
Number of True Bills
From Grand Jury

The grand jury for the April term of court filed 119 indictments with Judge William A. Slaughter at Mount Holly last week.

This was one of the largest pre-sentments made in a long time. Judge Slaughter said, and the jury with which the work had been handled indicated that this was a business grand jury that did not believe in wasting time.

Judge Slaughter did not state when the accused would be called to plead, but it is certain to be at an early date in view of the great number of cases to be heard and the prospects of having several trials before juries. It is believed that quite a number will plead not guilty.

The list of true bills follows:
Alexander W. Bostwick, of Vincenton, extortion in connection with his handling of the case of Benjamin Corliss and Louis Baehr in his Justice of the Peace court after they had been arrested on a tree stealing allegation. The amount involved is \$30.40.

Albert Stevens, well-known colored man of Mount Holly, on a charge of burning a building on his former home property on Marne Highway.

Clara Parker, Aubrey Gillette, Michael Britton, Henry Shinn and Henry Stevens, all of Mount Holly, liquor law violation charges.

Gilbert Palmer, Burlington, atrocious assault on Amos Turner.

Robert Farr, Mount Holly, stealing coal.

George Caracci, Riverside, assaulting Anthony Kollinski with gun.

Newton Joyce, New Lisbon, manslaughter in connection with death of William Doran at Hainesport.

Percy Beebe, Burlington, desertion.

Peter Damiani, Riverside, assault on Ernest Valenti.

Dominick Marelli, Pemberton, stealing capons from Frank P. Bowker.

Stafford W. Reed, Burlington, larceny of \$500 as administrator.

George Kellogg, Mount Holly, and Roland Carrigan, Medford, statutory charges by Edith Lowe.

Harry Morrell, Florence, malicious operation of railroad switches and derailing six cars.

Munce Campenello, Shamong, carrying weapon.

Seaford Harmon, Mount Holly, larceny of antiques.

Liquor Violations
Liquor indictments were found against the following: Bert Carpenter, Vincenton; Laura Eppensine, Bordentown; Julia Josilom, Mansfield; John Elemeri, Bordentown; Alfred Marchese, Burlington; Philip Kessler, Bordentown; Mari Edward, Burlington; Edwin Markiewicz, Burlington; Nicholas Cacace, Bordentown; Jesse Sabatine, Florence; Peter Walter, Mount Holly; Joseph Carey, Mount Laurel; John Dolly, Moorestown; Harry Russakow, Burlington; Robin Dubrow, Burlington; Jesse Botnik and Jessie Okuler, Burlington; Annie Benchi, Bordentown; Joseph Sudel, Bordentown; George Taylor, Bordentown; Anna Heebe, John Beebe, Mount Holly; George Wischenticher, Woodland; George Murphy, Mount Laurel; Mary Tete, Florence; Abraham L. Moore, Hainesport; Charles Williams, Beverly.

Joseph Cain, Burlington, statutory charges.

Tony Pypayanski, Burlington, larceny.

Adam Rudzik, Chester, operating gambling device.

Lizzie Champion and Fred Ghaut, Burlington, statutory charges.

Joseph Emmons, Pemberton, assault.

Bennie Walter, Riverside, operating car without license.

PASTOR COMPLETES COURSE
Rev. Edward Worrell, pastor of the Marlton Baptist Church, was a member of the graduating class of the Eastern Baptist Theological Seminary, Philadelphia. The commencement exercises were held on Wednesday, May 4th, at the Chestnut street Baptist Church, Fortieth Street.

Rev. Worrell completed the course of "Master of Religious Education" with high honors. In addresses by members of the class, Rev. Worrell spoke on the topic, "Putting Christ into Christian Education."

Coolidge to Have State's Support

Republican State Committee Endorses President and Favors Amendments

As a result of the New Jersey State Committee's unanimous endorsement of President Coolidge for another term as chief executive of the nation, former Governor Stokes chairman, has sent the following telegram to Mr. Coolidge, at the White House:

"At a regular meeting held in Trenton, the Republican State Committee of New Jersey unanimously endorsed you for nomination and election as the next Republican candidate for President."

This action in behalf of the President was taken at a regular and largely attended meeting of the committee last week at Trenton.

Action of the committee in the case of the President was significant, inasmuch as it puts New Jersey in the fore in this connection. The adoption of the resolution was unanimous in spite of the thought on the part of a few political writers and others that the action was inadvisable.

Criticism has been made from the fact that under the corrupt practices act political organization, such as State and county committees, are supposedly prohibited from endorsing candidates. Inasmuch, however, as Mr. Coolidge has not announced his candidacy, the State committee members feel that there is no breach of the law. In any event they are not seriously worried as to the result.

There has always been some doubt as to the proper interpretation of the law restricting political committees. Some lawyers are of the opinion that even should it be construed as placing a barrier upon the endorsement of candidates State or local offices, it could not be sustained as applicable to a candidate for Presidency. This reasoning is upon the theory that the United States Constitution provides the qualifications of a Presidential candidate and the manner in which he shall be chosen, and that it is beyond the power of the State to impose any further restrictions upon its citizens.

Dr. Frank Crane Says You Should Make a Will

The Mercantile Trust Company of Baltimore has issued a little booklet called "Studies in Wills."

This book is not for sale, but is distributed among interested parties.

The making of a will is a very old idea. It is the effort of a man to impose his desires upon his followers after he is dead.

Sir Rider Haggard once wrote a story called "Mr. Moonson's Will." In it the young heroine who was shipwrecked on a desert island allowed a will to be tattooed across her back on the skin in the absence of paper or parchment. When she returned to civilization she learned that the will required the filing of the original document in court.

Touched by the spectacle of beauty in distress, however, the registrar allowed a photograph of the will to be filed and the girl went happily away.

Ptolemy the 13th of Egypt borrowed a lot of money and in order to protect his creditors made a will appointing the Roman Republic as his heir, thus bringing his dynasty to a close with his own dynasty.

When he died the Romans acknowledged the genuineness of the will, but contented themselves with "seizing, by virtue of the document, as much of the private fortune of the testator as they could lay hands on."

The law in regard to wills is pretty thoroughly fixed, but it takes a lawyer to understand it.

It behooves every one to consult an attorney and make his will and make it law proof. It is a good plan to name a Trust Company as one's executor because such a company is experienced and cannot die.

This plan avoids much unnecessary litigation and saves the legatee from danger through unscrupulous stock promoters.

Every one should make a will and put his property in the hands of a Trust Company to administer. Then there would be less unnecessary litigation in regard to various testaments.

TO ALL HOLDERS OF SECOND LIBERTY LOAN BONDS

NOTICE OF REDEMPTION

All outstanding Second Liberty Loan 4 per cent bonds of 1917-18 (Second 4's) and all outstanding Second Liberty Loan 4 1/2 per cent bonds of 1917-18 (Second 4 1/2's) are called for redemption on November 15, 1927, pursuant to the terms of their issue. Interest on all Second 4's and Second 4 1/2's will cease on said redemption date, November 15, 1927.

Holders of Second 4's and Second 4 1/2's will be entitled to have the bonds redeemed and paid at par on November 15, 1927. Such holders may, however, in advance of November 15, 1927, be part of their bonds for other interest-bearing obligations of the United States.

Holders who desire to avail themselves of the exchange privilege, if and when announced, should request their bank or trust company to notify them when information regarding the exchange offering is received.

Further information may be obtained from any Federal Reserve Bank or branch, or from the Commissioner of the Public Debt, Treasury Department, Washington.

A. W. MELLON,
Secretary of the Treasury.

Washington, May 9, 1927.

LAWYER ON BOARD
Mayor Thomas S. Mooney has appointed Attorney Howard Eastwood, of Wood street, to be a member of the Burlington Board of Education. The appointment was confirmed by Common Council at the regular monthly meeting. Mr. Eastwood will take the place of Edward R. Your Electric and Gas Servants Will Do All the Heavy Work of Home-making

Antiques Not Wanted in Kitchen

Your home may be Dutch Colonial or Spanish mission in character, its furnishings may draw their inspiration from Jacobean England, or Italian Renaissance, but the kitchen without doubt, will be true to modern kitchen ideals.

Old-time kitchens may be picturesque, but the white kitchen of today, with its enamel gas range with an oven heat regulator, its electric refrigerator, its clear, shadowless lighting, the hot water that is ready at the faucet's turn from the automatic gas water heater, is a work room to be proud of, an inspiration to make an art of home-making.

The Kelvinator-chilled Refrigerator Is a Big Help When Entertaining

KELVINATOR, electric refrigerator, is a servant that can put an end to the last minute rush of preparing an elaborate meal. When the home-maker plans to entertain, she can prepare the food the day before and it will be fresh and tempting when she serves it.

The most delicate foods, ripe fruits, green vegetables, can be stored in the dry cold of Kelvinator and served as well-flavored and crisp as when they were purchased.

There is a Kelvinator unit to fit any standard refrigerator. Each unit has two or more trays for freezing ice cubes, or chilling salads and desserts. Cabinet Kelvinators may be had in many sizes and attractive finishes. The Seal-tite model, finished in gray enamel and well insulated with cork-board, is priced at \$210.

At Public Service stores Kelvinator cabinets and Kelvinator units for installing in the owner's refrigerator can be purchased at a slight increase over cash prices. Small down payment with seventeen months to pay balance.

Range Makes Less Gas Do More Work

A GAS range oven that keeps all its heat in takes on new significance to the home-maker as warm weather approaches. This is only one of the many advantages of cooking with a Glenwood insulated oven gas range. All the oven heat is used for cooking—not for heating the kitchen. These gas ranges on special sale at Public Service stores this week will interest the home-maker.

In the Glenwood gas range may be seen the fine result of superior materials combined with expert workmanship. The insulated oven with its oven heat regulator constitutes a new form of cooking appliance. This oven is so evenly heated that foods rise and brown uniformly wherever they are placed in the oven. It is so well ventilated that fish may be broiled without filling the kitchen with odors. Its heat is so easily regulated by the oven heat control that even a beginner can be assured of successful results.

Public Service stores are making a trade-in allowance of \$10 for each old cook stove on the purchase of any Glenwood gas range selected—or a \$5 allowance for a gas plate.

\$5 down puts the Glenwood in the kitchen—18 months to pay balance.

Gas Incinerator Lessens Fire Danger

To make the home safe from the danger of trash and the garbage can, all rubbish should be burned. The gas incinerator reduces all waste to fine ashes and solves the problem of garbage and rubbish disposal in a safe, sanitary way.

A gas incinerator may be purchased from Public Service on terms as low as \$1 down—12 months to pay.

Gas Clothes Dryer Protects the Clothes

Taken from the rinse water and placed in the gas clothes dryer there is no chance for wind or sun to soil the washing.

This gas heated clothes dryer is so well ventilated that clothes come out as fresh as if they had been dried in the sunshine. Public Service has the gas clothes dryer at \$1 down—12 months to pay.

Old Water Heater Helps Pay for New

PUBLIC Service stores are making a liberal allowance for old water heaters, coal, gas, or oil, that are traded in on the purchase of a gas automatic storage water heating system.

Demands for hot water are especially heavy now, when blankets, bed-spreads, curtains, are being washed before storing for the summer, and house cleaning is going full blast.

Plenty of hot water means summer comfort.

A gas automatic storage water heater can be purchased for as little as \$90.75 at Public Service stores. Any gas automatic water heater may be purchased on the easy payment plan. The terms are \$1 down—12 to 18 months to pay.

If You Respond to The Picnic's Lure

THE season is at hand for long motor rides into the country, for lunches or suppers by the side of the road. The electric cooker is an important factor in planning such feasts. It boils and bakes, steams and bakes, prepares a whole meal, too, enough for four persons. Contents continue to cook after current is shut off.

Light in weight, the electric cooker can be easily carried and makes it possible to serve a hot meal anywhere. Prices begin at \$6.99.

A New Recipe For Marmalade

by Ada Bessie Swann

5 lbs. sugar 5 lbs. tart apples
2 1/2 cups water 2 lemons
2 oranges

Heat sugar and water together until sugar is dissolved. Slice oranges and apples very thin, and add lemon juice. Add to syrup and boil very slowly until thick, about 1 hour and 15 minutes to 220 degrees. Turn into sterilized glasses or tins and when cool seal with paraffin.

Sew the Long Seams Firmly and Speedily

An electric motor attached to the sewing machine makes short work of the longest seams. The home dressmaker finds her work lessened immeasurably when she has one of these handy motors at hand.

At the Sign of the Coffee Percolator

THE electric percolator, of course, is most common. Wherever the tantalizing aroma of coffee greets you and you see the coffee bubbling up in the electric percolator, there you know you have a wholesome beverage, scientifically prepared.

Public Service stores are giving away a pound of coffee with every percolator sold during May. Attention is called particularly to the Queen pot type percolator, Universal make, that is selling at \$7.00. Its regular price is \$8.50.

When You Change to Gas for Househeating

—the gas holder becomes your fuel bin.
—the gas company makes the investment for your fuel supply.
—gas is delivered to you, conveniently, as you need it, without dirt or noise.
—you pay for it after you use it.
—the gas boiler or furnace is equipped with devices for automatic operation and requires no attention.
—no alteration is necessary in radiators or pipes.
—the gas furnace can be used with steam, hot water, vapor and warm air systems.

Change to gas for househeating, and let our gas holders be your fuel bin.

DUNKIRK'S BLAZING BAT PILE SPOILS RIVERTON'S OPENER

Visitors Amass Seven Runs in First Inning But Locals Fight On

RIVERTON CLUB HAS THE MAKINGS OF FINE TEAM

Dunkirk came over from the city of brotherly love to serve as the opening dish for the Riverton Club, but they simply refused to be a party to the deal.

The game seemed to be over as soon as it started. Dunkirk caged four runs in the first and three in the second innings. From then on Riverton started to stage an uphill battle.

They squeezed one run over in the second inning and two walks and a hit filled the bases again in the sixth inning with Andrews up.

Andrews fired a shot into the trees in deep center field and by the time the ball was returned he was perched on third base.

That was enough for Kompus, and he was replaced by Scott who retired the side with three more runs coming in. Young had been pitching airtight ball after the second inning for Riverton and the crowd was now at fever heat rooting for the home club to tie it up.

Riverton made motions of doing the very thing in the seventh, filling the bases only to see them stranded with one run brought in. The visitors score two more in the ninth to make it safe.

No Pinch Punch Lack of hitting in the pinches was Riverton's downfall. They had fourteen men left on bases.

But the home boys need practice. They drew down a mighty hard assignment for the first game, one of the best semi-professional teams from Philadelphia.

Many a club would have been disheartened after the visitors had amassed seven runs in the first two innings and our boys stuck to their guns and made a real game out of it.

Manager Ziesner has the nucleus of a good ball club and with additional practice should get real ball playing out of them.

Two accidents served to mar the day's performance. Centerfielder McElmott of the visitors fractured his arm sliding to third base, and Centerfielder Bennett of Riverton turned his ankle sliding to first base.

For Riverton the hitting of Hyton and Andrews was the key. For Dunkirk the hitting of the first four men in the batting order was hard and timely.

Next week, Saturday 21, Clearview will play here. Another good club.

Considering the threatening weather there was a good crowd out, but the boys wanted to see plenty of rosters. The management has scheduled some good clubs and needs everyone's support.

Some of the clubs scheduled are: May 21, Clearview. May 28, Tacory. May 29, Camden City. June 4, Riverside. June 11, Philadelphia Bushwicks. June 18, Tinnicum. Riverton 1 0 0 0 4 1 0 1 - 7 Dunkirk 4 2 0 1 0 0 0 2 - 10

DRY CLEANERS

Big Camden Firm Opens Branch Office in Palmyra

Darakjian Brothers, of Collingswood, will open a dry cleaning, dyeing and repairing shop at 3 West Broad street, Palmyra, formerly occupied by the Lutz Flower Shop.

Next Monday, the new shop is a branch of the Camden Dry Cleaners and Dyers who have a large factory at 1458-50-52 Haddon Avenue, Camden.

The Camden Dry Cleaners have trucks that collect wearing apparel from all parts of South Jersey. Work that can not be handled at the new shop will be sent to the Camden factory.

The new shop will dry clean, store, repair and press all kinds of wearing apparel and will also have storage space for furs, rugs, carpets, and lace curtains.

Charlie Lutz will continue in the flower business at his home on Henry street.

PARRY A. A. LONES

The Parry A. A. lost its first game of the season to the Beverly Red Jackets last weekend, the score being 6-4. Dams, Dalling and Wilson started for Beverly, while Newkirk and Schuck were the bright lights for Parry. Maddy allowed fifteen hits, while Hatcher held Parry to seven.

COUNCIL RACE

Five Candidates for Three Places in Palmyra

There will be quite a merry scramble for the three places on Palmyra Borough Council to be voted for this year.

Nomination petitions have been filed by Fred O. Fromuth and Fred W. Seiber and it is understood that petitions are being circulated for Edwin F. Patterson.

Present Councilmen Julius W. Fisher and Arthur Grammer are also candidates for re-nomination.

GEORGE ROGERS OUT FOR THE ASSEMBLY

Ex-Freeholder Will Make a Try for Clifford P. Williams' Legislative Seat

Former Freeholder George W. Rogers, of Palmyra, yesterday sprang a political surprise by announcing that he would be a candidate for the Republican nomination for the State Assembly in the fall.

The only other candidate for this position is Dr. Marcus W. Newcomb, of Brown's Mills, a new man in politics. The berth is that which is being vacated by Clifford P. Powell, who has aspirations to replace State Senator Emmor Rogers in the legislature.

Rogers is a member of the County Clerk Reeves faction of the County Republican party, said to have the backing of Senator Edge, and which is supporting the candidacy of Powell for the Senate.

Presumably the Palmyra may team with Powell in the legislative race.

Camp 23 POS. of A. Holds Anniversary

Banquet and Initiation Mark Celebration of 34th Birthday

Camp 23, P. O. S. of A., of Palmyra, celebrated its 34th anniversary Monday evening at a banquet and initiation held at the Hotel.

The new members initiated brought the total membership up to 898. There are 14 more candidates ready for initiation and the old time mark of 1000 members has been set as the goal for June 30.

Four of the original charter members who took part in the institution of the camp 23 years ago were present Monday evening, as well as 26 past presidents.

The entertainment was furnished by Taylor and Smith, of Camden.

The Rev. W. G. Hagaman, of Camden, had been scheduled as the speaker of the evening, but he was taken ill and was unable to appear.

Both Mr. Davis and Mr. Ayres are untied in political affairs but claim that they are competent to handle the position which they seek.

The situation, however, is complicated, has aroused a degree of interest in civic affairs such as has not been known in Riverton for many years.

William A. Welsh, tendered at the meeting of the borough council last week, will create another vacancy if Mr. Welsh decides not to reconsider it, which he has been asked to do by his fellow members.

If council accepts it before May 26 there will be opportunity for another candidate to file a petition for this office.

Mr. Welsh has been a very valuable member of the borough council and his colleagues, notwithstanding they have not always agreed with him, are making every effort to have him continue to serve.

There is still a possibility that he will have another change affecting both the mayorality and the councilman situation.

BEAT BROWN PREP

Johnny Meyers Does Pitching Duty During Triumph

Palmyra High School took the strong Brown Prep nine into camp by a 6 to 1 score at the Field Club grounds, Palmyra, Tuesday afternoon.

Johnny Meyers was on the mound for Palmyra and outside of the first inning when Brown scored its only run of the game, Meyers was master over the Prep School batters.

Although several of the Palmyra players were left on base, Brown came through and hit his hero hits were most needed. West knocked in two runs in the first frame with a single and Palmyra tallied another in the second, holding a 3 to 1 lead until the fourth inning.

During the latter part of the contest Coach Dimond sent in several substitutes who did as well as the regulars.

Meyers breezed along in fine style until the ninth inning when Brown Prep put two runners on and got out of a big hole by striking the last man out.

All of the Palmyra players played hard and well. The team was West at shortstop and Elsie in center field featured in the triumph.

MEMORIAL DAY NOTICE

Plans are under way to give Palmyra one of the biggest celebrations on Memorial Day it has ever had.

Any organizations that have colors and wish to be entered in the parade should get in touch with Thomas E. Bromie, who is chairman of the committee in charge.

It is planned to have every organization possible in Palmyra in the parade Memorial Day.

POLITICAL

POT BOILING

Two Candidates For Mayor; Contest For Council Brings Out Three Aspirants

ANOTHER LINE-UP MAY STILL BE POSSIBLE

The political lineup in Riverton changed so rapidly this week that it has been next to impossible to forecast what it would be over night.

Meetings have been held every evening by the groups backing the two contestants for the office of mayor, around which the storm centers.

According to the latest information available Howard M. Rogers and Edward R. Williams will be candidates for mayor. With Mr. Rogers are associated Henry Randall and Joshua S. Bartley for council. E. Earle Perkins announced himself at the public meeting last week as an independent candidate for council, backed by a group or committee. Two councilmen are to be nominated.

The office of collector and treasurer is sought by C. Kenneth Davis and Robert C. Ayres.

The group of citizens sponsoring Mr. Rogers for mayor claim that he is eminently fitted for the office owing to his education and scientific training, and believe that his election along with the candidates they have selected for council will result in a betterment of conditions in Riverton.

Fitted for Office While Mr. Rogers has had no experience in municipal government affairs, his backers claim that he has qualifications which will enable him to readily and successfully perform the duties of the office of mayor.

The backers of Mr. Williams, on the other hand, point out that he has served the people of Riverton for a number of years as councilman and as head of the police department. His backers claim that he has qualifications which will enable him to readily and successfully perform the duties of the office of mayor.

Neither Mr. Randall nor Mr. Perkins have held office in the borough but are willing to offer their best in the service of Riverton. Mr. Bartley has served in council and is running on his record.

Both Mr. Davis and Mr. Ayres are untied in political affairs but claim that they are competent to handle the position which they seek.

The situation, however, is complicated, has aroused a degree of interest in civic affairs such as has not been known in Riverton for many years.

If council accepts it before May 26 there will be opportunity for another candidate to file a petition for this office.

Mr. Welsh has been a very valuable member of the borough council and his colleagues, notwithstanding they have not always agreed with him, are making every effort to have him continue to serve.

There is still a possibility that he will have another change affecting both the mayorality and the councilman situation.

NEW GAS MAIN

Steadier Pressure Promised Palmyra Householders

The Public Service Gas and Electric Company started work Monday on the laying of a six inch steel gas main across the road at Broad street, Palmyra.

The new main runs up Clamantiss avenue to Charles street and down Highland avenue.

This new line will connect Palmyra into one section instead of having two supply mains. It will give the people a better supply of gas as the main introduces a new pressure system.

The work will be finished and the pipes will be ready for use within a week or ten days, according to the foreman in charge.

MEETING AT MISS LIPPINCOTT'S

An open meeting will be held at the home of Miss Helen Lippincott, 507 1/2 Lindhurst avenue, Tuesday, May 24, at 2:30. Senator Roberts and Mrs. Adams, of Merchantville, will address the meeting. All interested are welcome.

Sheriff Makes 42 Raids in Month

Haines' Rustlers Have Been Bringing Home the Bacon Throughout County

With four raids made Saturday night, Sheriff Haines' "rustlers" have totalled 42 "crimes" in the month.

Out of that number 38 were successful. The law-respecting citizens of the county are pouring congratulations upon the sheriff and his assistants in their efforts to clean up the county, which has been reported to have been going at a fast pace.

From the number of stills and the amount of liquor confiscated in the 38 successful raids the officials consider the report was well founded.

The raiding party on Saturday night comprised the following: Constable Harry Bate, of Bordentown; Constable John D. Smith, of Mt. Laurel; State Trooper Leon, of Col. umbus; Chief "Skip" Grubb, of Florence; and Chief Voth, of Riverside. Following are the places the officers visited and what was found.

J. L. Jacques, Pavilion and Lafayette streets, Riverside, one pint of liquor found in locker back of bar. A pitcher full was upset in the sink and the spigot turned on.

Roman Morris, Rahocosa road, Burlington township, known as the Pine Tree Inn. This place had been raided before, but under different management. Three 5-gallon jugs with a quantity of liquor, a quart bottle partly full; a glass jar full of liquor were found.

Melvin Say, State Highway, near Roebeling, 5-gallon stone jug, 3-gallon glass jug, 2-quart glass jug, and bottle of colored liquor, hidden in the top of a cupboard.

Loebing, 52 Third avenue, Roebeling, quart bottle of liquor and bottle of colored liquor, hidden in the top of a cupboard.

DENIED COOPERATION OF HIS COLLEAGUES, WELSH RESIGNS

MEMORIAL DAY

Col. Carleton Will Be Chief Speaker Here

Colonel William S. Carleton will be the main speaker at the Palmyra Memorial Day exercises which will be held under the auspices of Post Rodgers, American Legion.

The celebration will begin with a parade at 1:30 p. m. in which all the fraternal organizations in the community will take part. The bugle and drum corps of Rodgers Post will be heard publicly for the first time.

The Howitzer Company of the 110th Infantry of the New Jersey National Guard will also take part. Harold B. Lever is captain of the company.

School children will decorate graves in the Morgan and the Methodist Episcopal Cemeteries. All Palmyra ministers have been invited to speak at the cemetery exercises.

Six Candidates for Freeholder

The race for Freeholder nomination in Burlington county has taken the aspect of a wild scramble. The number of Freeholder aspirants has been increasing at a bewildering rate and thus far six have announced that they are seeking berths.

The list of ambitious citizens includes present members who are seeking re-nomination, former members who are attempting a "come-back" and brand-new men who are making their first campaign into the political arena of Burlington county.

Howard Ross, of Delanco, present director of the Board of Freeholders seeks re-nomination and it is generally conceded he will win out, therefore leaving the other five candidates to fight it out for the second nomination.

Fred Lippincott, of Moorestown, is the other member of the Board who wishes to be returned. Lippincott, the mayor of Burlington, is a veteran of the war and served in the Board, both having served as Freeholder for years. In fact, Lippincott, with the exception of the popular Charles H. Stout, of Burlington, is the oldest member on the Board from the point of view.

Those who "know," however, have observed that Lippincott had not been helping his cause much by being unfriendly toward Senator Roberts.

James McCormick, who has been treasurer of Burlington township for years, was the third man to enter the ring. This is McCormick's debut into county politics, although he apparently is well-known and respected throughout the county.

His latest candidate is J. Lloyd Wright, of Medford, who retired from the Board last January making way for William H. Heister of Pennington. Mr. Wright was not a candidate for re-election at the June primary a year ago.

"Billy" Young, Burlington's famous blacksmith, has made his debut in small-town politics last fall and won a berth on the Burlington City Common Council. Now "Billy" feels he is qualified to seek higher honors and has decided his next step will be to the ruling body of Burlington county.

To cap the climax, Charles J. Meyers, of Maple Shade, chairman of the Chester Township Committee, announced on Monday that he would be a candidate for a Freeholder job.

Councilman Claims Fellow Members Obstructed Enforcement of Ordinances

COMMITTEE WILL ASK HIM TO RECONSIDER

Councilman William A. Welsh tendered his resignation as a member of the Riverton Borough Council at the May meeting of that body.

He gave as his reason lack of cooperation on the part of the residents of his district and by his fellow members of council. Mr. Welsh's letter to council follows:

May 19, 1927
Honorable Mayor and Council of the Borough of Riverton, New Jersey

Gentlemen:

Due to the lack of consideration and support from the citizens of my District in the Borough, and also to the lack of support on the part of some of Council, I am not enforcing ordinances passed by Council. I desire to be relieved of my duties as Councilman of the Borough of Riverton, New Jersey.

Washington Trip for H. S. Seniors

Palmyra Graduating Class Will Visit Capital Early Next Week

The senior class of Palmyra High School will take its annual educational trip to Washington, Monday, Tuesday and Wednesday, May 23, 24 and 25.

Sixty-eight will make the trip and will stay at the Lafayette Hotel. The seniors will leave on the 7.35 train (Eastern Standard Time), 8.35 daylight saving time and return between eight-thirty and nine o'clock Wednesday evening.

Miss Vida I. Fairchild, stenography and typewriting teacher in Palmyra High School, and Ralph N. Palmer, teacher in mechanical drawing and manual training, and Mr. and Mrs. Harold H. Lever, of Palmyra will act as chaperons.

Some of the places of interest that the 1927 graduating class will visit are: The Corcoran Art Gallery, the Pan-American Building, the Library of Congress, the Washington Monument, Building of Engraving, the Arlington Cemetery, Mount Vernon, returning via steamer up the Potomac, the Old and New Museums and a tour by automobile of the city.

There are 34 girls and 30 boys in the class. Those who will go to Washington on Monday are: Henry Albright, Margery Atkinson, Muriel Burkman, Grace Bauer, Palmyra Bonelli, Mildred Arnold, Gladys Booth, Gladys Blaser, Bruce Boehm, Alfred Meyer, Anna Yerkes, Helen Kniskat, Gertrude Trudel, Harriet Spencer, Ruth Miller, Marion Schrank, Adele Itiguska, Florence Shappell, Ruth Young, Mary Margaret Mat, Gertrude Grunich, Margaret LeGony, Anna Matlack, Esther Rehder, Ruth Hemingway, Betty Smith, Anna Murphy, Gertrude Pannos, Elizabeth Toy, Marie McElroy, Andrew VanKienbergh, Helen Green, Claire Dinges, Gertrude McFadden, Lillian Graham, Catherine Gorman, Franklin Miller, Roy Wentzel, Vincent Kallinowski, Ted Hudson, John Kerr, Harry Little, Louis Johnson, Horace H. Taylor, Edward Poulson, Edwin Kroecker, Charles Karp, George Hutchins, Joseph Klingler, Arthur Hartley, William McKnight, George Gillman, Edward Gordon, Winfield Lippincott, Lyndale Skill, Wayne Tusing, Fred Horne, Phillip Weigel, Charles Winkel-spect, Dorothy Hall, Henry Mathers, Allen Taylor and Harold Mueller.

HOMER IN TENTH

Zaun Makes Circuit Clout With Three on Bases

Wednesday afternoon of last week the Palmyra High School baseball nine played at Haddonfield and after battling for ten innings came out the victor, 12 to 7. Zaun, Palmyra's first baseman, clouted a home run in the tenth with three pals on the paths, thus breaking up the game.

Jack Elsie made his debut as a pitcher in the Palmyra team but was relieved in the second frame by "Al" Meyer, who finished the game in fine style.

West started in center field for Palmyra but Elsie replaced him when Jack was taken from the mound.

Palmyra had a change in its line-up with "Vic" Mueller in left field and Little and Backs in right field. The rest of the winner's lineup was: Zol, c; Meyer, p; Zaun, 1b; Bartley, 2b; Meyers, ss; P. Mueller, 3b.

Beaten by Vineland. Palmyra High dropped a tough diamond struggle to the Vineland High School last Friday afternoon by a 2 to 2 count at the Field Club grounds.

Although "Cliff" West scored both of Palmyra's runs and pitched a tight ball he was unable to win his game. West held the hard-hitting Vineland batters to six hits and kept them well scattered. West also had two of Palmyra's four hits to his credit. The other bingles were made by Little and Meyers.

Teska, Vineland second baseman, was the individual star for the winners. Vineland won out in the ninth inning. Teska batted a double as did the Vineland third baseman.

Vineland scored its first run in the first frame on a throw in from left field. "Vic" Mueller started in left field for Palmyra but was taken out in the first inning in favor of Backs.

Palmyra's line-up was: A. Zol, c; West, p; Zaun, 1b; Bartley, 2b; Meyers, ss; P. Mueller, 3b; Little, rf, and last but not least, Elsie, cf.

LINEMAN BURNED

Riverton Man Hurt in Camden Power House

Phillip Fortman, 37 years old, of Riverton, a Public Service Electric Company lineman, was severely burned about the face and body last Friday night when a dynamo short-circuited in the power house at Broadway and Atlantic avenues, Camden. Fellow workmen took him to the West Jersey Homeopathic Hospital, Camden.

According to other workers, Fortman was walking through the power house when a short-circuit shot sparks across the room. He dropped to the floor and escaped most of the sparks and flames.

RUMMAGE SALE NETS PROFIT OF NEARLY \$900

The rummage sale held at Brown's Mills recently by the Burlington County Tuberculosis League to raise funds for the promotion of its prevention work on the farm near Burlington was the most successful ever held by that organization.

The last report heard did not give the exact figures, but it is understood that the net returns will be close to \$900. The contributions for this sale were very elaborate and generous, and the good women handling the promotions have a very high appreciation of the manner in which the people of the county responded to their requests for things to sell. Some very high grade articles were given this time, and the returns on them helped materially to reach the final total. There will be a definite report as soon as the final results are known.

PLAY IN FOLLIES

Miss Rennie and Miss Belcher Take Part in Riverside Show

Miss Isabel Rennie, of Burlington Pike, and Miss Helen Belcher, of Highland avenue, had prominent parts in the Kiwanis Follies which had its initial performance Saturday evening last at St. Peter's Parochial School Hall, Riverside.

Miss Rennie played the part of "Mrs. Goodley" and Miss Belcher the part of Alvin, the "lovesick old maid." Miss Rennie sang "A Little White House" in her charming way with Paul Hornstead and as one of the specialty effects in this scene a model house was run out on the stage during the first verse of the song.

This is the first time Miss Rennie and Miss Belcher have played in the Follies and much praise was accorded them. Incidentally, this was Miss Belcher's first attempt to play a character part.

MOTORCYCLE COPS

Palmyra Force Has Machine For Use Against Speeders

The Borough of Palmyra has purchased a new Harley-Davidson motorcycle, which was delivered to the Palmyra police department Monday morning.

This new addition to the police department will help greatly in stopping speeders and also in the traffic situation. Over the week-end when the traffic is very heavy, an officer can ride back and forth from the Palmyra-Tarney Ferry and other points in fast time and by doing this keep traffic straightened out much easier. Speedsters can also be overtaken as the motorcycle has a speed of 80 miles per hour.

The new cycle is up-to-date in every way and has the latest equipment.

On Monday, Chief of Police Beck and the other officers of the Palmyra force all tried the new machine as the whole force will be required to use it.

Law Suits Heard in Judge Jess' Court

Several Civil Cases Before Jurist at Court House Last Week

Judge Jess returned to Mount Holly Wednesday of last week to take up some unfinished business and the first case heard was that of Elizabeth K. Busby, of Collingswood, against Samuel Cummings, also of Collingswood.

This was a suit on contract and involved the sale of a farm in Springfield township. The plaintiff claimed Cummings offered her \$2,500 for the farm but failed to take the place after she had waited for a long time and that later she was compelled to dispose of it for \$1,000, thereby losing \$2,500. On motion of plaintiff's counsel a voluntary nonsuit was entered.

Settlement was reported in the case of the First National Bank of Wrightstown, against A. Y. Cullen, an army officer. It was brought to recover the amount of a promissory note and the defendant agreed to pay the full amount of the claim.

The next case heard was that of Alfred R. Bradley, of Palmyra, against Fred or Edward Greenleaf, of Fairfield, brought as the result of an auto accident on the Black Horse pike.

The jury gave the plaintiff a verdict for \$200.

The case of the Peyton-Dupont Securities Company against H. E. Meyer which began on Wednesday night consumed the greater part of Thursday, the securities company bringing suit against Meyer for two notes totaling \$5,000 and a third note for \$500.

The jury gave a verdict of no cause for action on the \$500 note, but awarded the plaintiff a verdict of \$4,795 on the two notes totaling \$5,000, which included principal and interest.

The last case heard by Judge Jess on Thursday was that of Fred Meyer,

ers, of Medford, against William H. Reis Bus Company, and was brought as the result of an accident on the White Horse pike near Aten.

On Friday, before Judge Jess, the case of Nathan and Dora Nerenberg vs. Edward Black and Maxwell Black, trading as Black Brothers, formerly of Mount Holly, was heard.

Black Brothers were operating a general store in the Nerenberg property on Mill street, Mount Holly, when the place was badly damaged by fire, and the Nerenbergs brought suit to recover on some fixtures which they claim had been removed from the store, or at least which they never recovered, thereby losing about \$1,400 in insurance.

The plaintiff was given a verdict of \$1,440.

WIDER STREETS

New Paving in Palmyra Business Section Now in Use

The new portion of East Broad street, between Climenhenson and Garfield avenues, Palmyra, was opened for traffic last Saturday. American flags were displayed along the curbing. That was the only celebration to mark the opening of the paving.

This improvement provides a wide space for cars passing along this section of Broad street.

Parking is allowed and while lines have been painted to mark the zones for the cars. The automobiles stopping here park with front wheels toward the curb.

CANDIDATE COM. SELECTED. At a meeting of the County Democratic Committee held at the court house Tuesday evening of last week, a committee, composed of William B. Vandegriff, of Burlington, and Mrs. Florence Jacoby, of Edgewater Park, who are members from this county of the State Democratic Committee, and Frank Abelson, county chairman, was named to select candidates for county offices, to be voted for at the coming primary election.

Scouts to Present "A Night in Camp"

Riverton Troop Will Show Parents Just How Things Go

All parents of Boy Scouts, particularly those whose sons are going to camp for the first time, feel more or less apprehensive regarding the safety, comfort and happiness of their boy in an environment so entirely new to him.

The second year, having heard "first-hand" of his experiences of the first year in camp, these parents generally feel a desire to see for themselves what the camp look like, to know more about the program and itinerary of the boy's daily doings.

With this in mind, our Riverton troop decided to demonstrate by means of a "show" just about how they occupy their time between evening "meas" and "taps" during any evening in camp, so, gathered about their camp fire they will sing songs, tell stories, crack jokes and demonstrate in competition with each other various Scout stunts. In addition to this, as an added and special feature, they will have with them a full-blooded member of an Indian tribe, dressed in authentic and genuine Indian regalia, who will demonstrate an Indian dance, talk to the boys in the Indian sign language and tell them a story of some Indian lore.

Our Scouts have worked hard to put on a finished show. Show your interest and help them to carry on with enthusiasm in their Scout work.

Make a note of the date—May 27th.

Time—8.15 p. m.

Place—Parish House, Christ Church, Riverton.

Tickets on sale at Keatins's and Mrs. Alfred Smith's store or by any member of the troop.

\$25,000,000 For Jersey Roads

Several New Routes Are Included in This Year's Improvement Plans

To begin a of the speedy construction of a additional sections of the New Jersey Highway System during the year 1927, if the voters approve of the \$25,000,000 bond issue at the November election, the State Highway Commission at its meeting last week authorized the preparation of plans for work which will represent an expenditure in excess of \$25,000,000. The proposed routes will not be taken over as part of the State system at this time and the definite action upon the improvement will be contingent upon the ratification of the bond issue by the electorate.

The projects for which the plans will be made ready for the proposed 1928 building will include the following:

On the new routes One and Three the Paterson Plank Road from Rutherford to Jersey City and Tonnelle Avenue in Jersey City, a distance of eight and four-tenths miles at an approximate cost of \$3,500,000. On the new route Four the building of eight and one-half miles between South Amboy and Matawan through Cheesequake at an expenditure of \$1,000,000. This alignment would relieve traffic on the present Route Four near Keyport and will shorten the distance through South Jersey points. On routes Five and Five-A from Little Ferry in Bergen County to the Hackensack Plank Road three and one-tenths miles will be built at a cost of \$2,400,000. Three and one-half miles will also be constructed on route Six between Dover and Dover in Morris County, and the West-end of the Dover Cut-off constructed at an outlay of about \$1,100,000.

Build New Bridge

To provide a new thoroughfare from Trenton to Jersey City through New Brunswick on Route 26 a new bridge would be constructed across the Raritan at New Brunswick and fourteen and seven-tenths miles extending from Highway at a cost of \$2,300,000. The building of six and six-tenths miles of the new route One Extension near Elizabeth would be provided in an appropriation of \$4,000,000. The Route 25 section between Robbinsville in Mercer County and Burlington in Burlington County, a distance of seven and two-tenths miles would be provided for in an allotment of \$650,000. On Route 26 the Brunswick Pike would be paved for a distance of ten and seven-tenths miles at the New Brunswick end by an outlay of \$1,000,000. This pike is called the "Straight Pike" and provides the longest stretch of road without curves in the State.

On Route 29 the paving would be done on ten and two-tenths miles from Mountaintop in Union County, through Union, to Patz Birch near Newark, at a cost of \$3,750,000. Eleven and one-half miles of Route 30 from Flemington to Clinton in Hunterdon County would be constructed at an expenditure of \$1,500,000. On Route 31 eight and seven-tenths miles of paving work to be completed between Chester and Netcong in Morris County at an outlay of \$1,000,000 and on Route 3-21 seven miles of paving would be provided from Layton in Sussex County to opposite Milford through an appropriation of \$775,000. On Route 41 four miles of work would be done from Fairview in Gloucester County to Clements Bridge in that County at an outlay of \$300,000, and on Route 45 three and nine-tenths miles of the paving would be provided between Collingswood in Camden County and Brooklawn at an expenditure of \$600,000. On Route 49 fifteen miles of paving would be completed from Delmont in Cumberland County to Green View in Cape May County through an appropriation of \$1,000,000.

Save Twelve Miles

Studies will also be made of the construction which will be necessary to carry Route 8-4A from Tuckerton in Ocean County to Little Beach, to shorten by twelve miles the distance between northern New Jersey and Atlantic City.

The Highway Commission, through Major W. G. Sloan, its Engineer, has had an intensive study made of the traffic problems in the different sections of the State and regards this project proposed for its 1928 program as those of outstanding importance for completion of an early date. The Commission composed of General Hugh L. Scott, Chairman, Percy H. Stewart, Abraham Jelin and Firman M. Roever,

taured the routes under consideration to observe the existing conditions. The Commission awarded to Edward H. Ellis of Camden, the work of paying five miles of the Route 7 section from Adelphi in Monmouth County, to Aldrich Road near Lakewood, at his bid of \$209,224. On the recommendation of the Engineer the Board voted to select the bids received for the paving of Route 8 from Verona to the Passaic River Bridge at Singee. The engineers declared that a re-examination showed that the condition of the paving on the thoroughfare would justify the State in continuing it in use for several years, the maintenance charges being much less than the carrying expenses for the new concrete.

\$16,500 SCHOOL MONEY COMES TO THIS CO.

Burlington Receives Assistance in Distributing in Emergency Rural Aid

The largest amount given to any county by the State Board of Education in the distribution of State money as emergency to rural schools comes to Burlington under an approval of allotments made by the State Board.

The amount to be received for distribution where assistance of this kind is needed is \$16,500. This liberal allowance is due to the fact that there is no county in the state making Burlington for needs of this kind and the attention is always made quite clear to the state officials by County Superintendent of Schools Louis J. Kaser. The large sums in some districts, where tax income is not very great would make it a hardship for taxpayers to maintain their schools on the plane to which the children are entitled in fair comparison with others and it is for this reason that the state gives this additional assistance, not with the idea of relieving the taxpayers but solely to provide an avenue of education for the children.

The allowances made to other counties are: Atlantic, \$3,500; Bergen, \$8,000; Camden, \$8,200; Cape May, \$4,500; Cumberland, \$5,500; Hunterdon, \$3,000; Monmouth, \$6,000; Ocean, \$8,000; Passaic, \$2,000; Salem, \$2,500; Union, \$1,000; Warren, \$3,000.

PARK PLAN APPROVED

Merchantville Controversy Over Property Has Peaceful Settlement

Merchantville's public square enlargement is assured and Pennsylvania Township may now proceed to erect its garbage incinerator.

At the meeting of the township committee last week, the plan proposed by Merchantville for the settlement of the controversy over the property the water commission is willing to turn over to the municipality, was formally approved. The water commission is expected to complete the proposition.

Merchantville will purchase the old Merchantville Hall for the land on which is stands, and Pennsylvania Township will purchase a tract at the water works. While the incinerating plant for the township will probably be started as soon as the land transfer is completed, no action is expected to take place in Merchantville at once, unless it is to raise the old inn now used as a municipal building, and use the old hall for borough headquarters.

Within two years, according to the agreement, Merchantville is to erect a building in which quarters for the water commission will be provided.

Scores of Indicted Ones Enter Pleas

Six Defendants Fail to Appear and Bench Warrants are Immediately Issued

The Court in Mount Holly was a busy place on Thursday of last week when nearly a hundred defendants were present to plead to indictments found by the April Grand Jury, and the upper Court Room was crowded to the doors and away out in the corridor with the offenders and their friends, counsel, and interested spectators.

In all cases where a plea of guilty was entered the defendants were immediately sentenced, as follows:

Robert Farr, of Mount Holly, larceny, ninety days in jail and to be given work on roads.
James Hendrickson, of Chesterfield, carrying weapons, \$100 fine.

George Kellogg, Mount Holly, statutory charges.

Roland Carrigan, Medford, statutory charges.
The following pleaded not guilty to liquor indictments:

Aubrey Gillette, Mount Holly; Michael Britton, Mount Holly; Henry Shian, Mount Holly; Henry Stevens, Mount Holly, the bail in each of these cases being fixed at \$500; Annie Benchi, Bordentown, three indictments; Clara Parker, Mount Holly, two indictments; Anna Beebe,

Mount Holly, two indictments; John Beebe, Mount Holly, two indictments; Mary Tets, Florence, two indictments; Charles Williams, Beverly, two indictments; Edwin Markiewicz, Burlington, four indictments; Bert Carpenter, Southampton, two indictments; Harry Russakow, Burlington, two indictments; Rubin Dubrow, Burlington; Jessie Bolnik or Jessie Okuley, Burlington; Julie Johnston, Mansfield; John Kleitler, Bordentown; Albert Marchese, Burlington; Philip Kessler, Bordentown; Mark Edwards, Burlington; Nicola Cance, alias Frank Caruso, Bordentown; Jessie Sabatino, Florence; George Taylor, Bordentown; George Murphy, Mount Laurel.

Six defendants failed to appear and bench warrants were issued immediately.

NO PAID DEPARTMENT

Haddonfield Commissioners, at a meeting last week, split their vote to maintain a paid fire department. Mayor Lippincott and Commissioner Clark voted temporary maintenance of the department, established for winter protection. It was first proposed that the paid department, which has been a winter protection for Haddonfield, be made permanent. It provided for a chief and five paid firemen.

Mayor Lippincott said there was not sufficient money left in the appropriations to provide for an all-year-round department and suggested that the resolution be changed to extend the paid service another month.

STOKES' STATEMENT

Will Not Run For Senator Unless People Want Him To Have It

Commenting upon alleged reports that there has been numerous attempts to "read him out" of the race for United States Senator, former Governor Edward C. Stokes, chairman of the Republican State Committee last week declared:

"I have said, and again I say, that I do not want to be United States Senator unless the people want me; nor do I think any candidate should. The United States Senatorship is a position for service and not a contest for a prize, like a ball-fight or baseball game. I therefore, think that the people should make their own selection. This however, does not mean at

all that I am not a candidate or that I am not willing to find out if the people do want me, as indicated by the primary vote."

Mr. Stokes issued the statement without further comment. Details of the alleged reports to "read him out of the race" were not available.

TO MARRY AT BEVERLY

Invitations have been sent out by Augustus H. Butlerworth for the marriage of his daughter Augusta Campbell, and Dr. Parry Mason Scott, on Tuesday, May 24, at 12 o'clock noon in the Beverly Presbyterian church. A reception will be held immediately after the ceremony at Ridgeway Farms at Coopers-town, Willingboro township.

WOULD RESIGN FROM RIVERTON BOROUGH COUNCIL.

(Continued from Page 1)

and who had not, and then to take
the necessary steps to proceed to
construct payments and curbs
where contracts had not actually
been placed. He asked the clerk
if he had done this, to which Mr.
Clifton replied that he had not.

Mayor Hemphill explained that
since the section on Howard street
was covered in the ordinance refer-
red to, the whole operation of con-
struction to be done by the borough
would have to be held up until this
matter was straightened out and
these curbs and sidewalks could be
included in the contract.

Mr. Welsh said it looked very
much to him as though someone
did not want a certain large prop-
erty owner to be obliged to put down
sidewalks and curbs.

Mayor Hemphill replied that any-
one who said that did not know
what he was talking about, as the
property owner referred to was
positively going to go ahead with
the work.

"Well," said Mr. Welsh, "there
is nothing that indicates it."

Mr. Welsh said that several coun-
cillmen were obstacles in the way of
enforcing this ordinance. He said
that he had been instructed by the
Mayor prior to the April meeting
to tell the clerk to proceed under
the law in cases where sidewalks
had not been laid, but that when he
attempted to have such action taken
by council they refused to do so
and, instead, passed a resolution
allowing those who had placed con-
tracts but not started the work to
go ahead under their individual
contracts. This was clearly under-
stood when this action was taken
at the April meet that where con-
tracts had not actually been signed,
the borough would proceed forth-
with to do the work.

Mr. Welsh is Skeptical
"Then," said Mr. Welsh, "after a
month slips by I find that nothing
has been done." Mr. Welsh asked
when the difficulty on Howard street
was "discovered," and Mr. Lynch
replied about a week after the April
meeting. "It looks very funny to
me," said Mr. Welsh. "This ordi-
nance has been on the books nearly
a year. There was ample time to
get the work finished last fall be-
fore frost time, but those who did
not comply with the ordinance were
excused until spring. There has
been plenty of time this spring to
complete the work and still it is
not done. Then, just as it looked
as though we were really going to
get some action, this Howard street
situation was 'discovered' and that
is another delay."

Turning to Mr. Lynch, Mr. Welsh
asked what had been done when it
was found that the new section and
the old section of curbing on How-
ard street did not line up. Mr.
Lynch replied that the matter had
been taken up with the borough
attorney for the purpose of having
an ordinance prepared to widen the
street. "It looks like we are to
have the draft of the ordinance ready
for this meeting," said Mr. Lynch. Un-
der the usual course of procedure
this ordinance would have been
sent to the clerk, to the mayor or
to the chairman of the highway
committee, Mr. Lynch. Mr. Welsh
asked each of these gentlemen in-
dividually whether or not they had
received the draft of the ordinance
and they each categorically denied
having received it.

Mr. Lynch said that the attorney
had advised him to have a resolu-
tion passed authorizing the draw-
ing of such an ordinance, and Mr.
Lynch presented the resolution
which was unanimously passed.

Will Boy Three Months Ago

Mr. Welsh then asked Mr. Lynch
how long this would hold up the
work.

Mr. Lynch said he did not know,
but the mayor figured it out that by
taking it up at an adjourned meet-
ing as soon as the ordinance was
received, and acting on it at other
adjourned meetings as rapidly as
could be done under the provisions
of law requiring a certain length
of time for publication, it might
be possible to get ready for the bor-
ough to proceed with the work by
late August or early September. The
mayor said that if the consent of
one property owner on Howard
street could be secured to widen the
street it would not be necessary to
go through the legal formality of
doing it by ordinance, and that the
borough could immediately proceed
with the construction work.

Sewer Broken Again
Councilman Showell, chairman of
the sewer committee, reported that
the sewer pipe at the foot of Main
street leading out to the river chan-
nel, was stopped up at the point
where a U-shaped section had been
inserted to go around some new
piling which had been driven when
the wharf was repaired sometime
ago. This obstruction had made it
necessary, he said, to break the pipe
in-shore from the point of stoppage
in order to permit the sewer to vent
during the winter when it was im-
possible to work on the pipe where
the stoppage had occurred, owing
to the ice in the river.

When the wharf was being re-
paired one of the piling was driven
right through the outlet sewer pipe,
and in order to avoid the expense
of changing the course of the sewer
the U-shaped section was tried out.

Mr. Carhart thought it might be
possible to force out the obstruction
by use of the pump on the
fire-engine. If this fails it will be
necessary to employ a diver at \$40
a day. It is estimated that it will
take about four days to complete
the repair. The sewer committee
was authorized to have the work
done.

Councilman Hubbs suggested that
this time the work should be done
right so as to avoid it possibly a
repetition of this costly repair. Mr.
Showell said that originally terra-
cotta pipe had been used for this
outlet and last fall a yacht anchored
at the pier had rested on the end
of the pipe, breaking it off. When
this damage was repaired iron pipe
was used.

Drain for Cinnaminson Street
A motion was offered by Council-
man Lynch authorizing the high-
way department to construct a drain
at the Railroad and Cinnaminson
streets, East side, to carry off the
water which accumulates there dur-
ing each rain. The cost may be
between five and six hundred dol-
lars. The motion was unanimously
passed. The borough engineers are
making a survey and drawing plans
for this work.

Mr. Lynch also offered a motion
which was unanimously passed, au-
thorizing the highway department
to re-surface Park street from curbs
to curb from Thompson avenue to the
borough line. The property owners
there have agreed to put in curbs.
The Riverton Country Club faces on
Park street and at the time Thomas
avenue was re-surfaced it was de-
cided to include Park street with
the contractor offered to do it at
cost owing to the fact that his ap-
paratus was already on the ground.
But at that time the Country Club
would not agree to put in curbs.
The mayor stated that the cost at
the present time will be between
\$4000 and \$4500.

Councilman Williams said he ap-
proved of this improvement because
he looked upon it as a forerunner
of permanent pavements on all the
streets in the borough.

New Police Officer

Director of Public Safety Wil-
liams wanted to know if it was the
decision of the mayor and council
to continue three officers on the
police force. The mayor replied
that it was. Mr. Williams then
said that he had a candidate for
the position whom he would have
come to Riverton on Sunday to meet
the borough officials. The mayor
said that if he produced a suitable
man who had the approval of the
members of the police committee
he would appoint him. Mr. Wil-
liams went on to say that the man
he had in mind came very highly
recommended and that as many
small towns secured all or a part of
the members of the police force
from outside he thought the experi-
ment might be worth trying here.

Director Williams further report-
ed that he had ordered the sum-
mer uniforms for the police which
would be similar to those worn in
Atlantic City, with white caps.

Vicious Dog Reported
Mr. Welsh reported that a dog
in his neighborhood which had been
a nuisance for years had recently
attacked an aged woman who, while
not badly injured, was considerably
shocked and frightened by the ani-
mal's onslaught. He said that he
presented the matter in the nature
of a formal complaint to be acted
on by the police department to
which it was referred.

Mr. Welsh, who is chairman of
the fire and water committee, re-
ported that specifications for the new
fire truck called for a 40-foot
ladder, but that on recommendation
of a committee which had waited
on him from the fire company, who
said that a 40-foot ladder was too
heavy to handle, he has substituted
a 30-foot ladder. He had also or-
dered 250 feet of hose. It is ex-
pected to have the new truck deliv-
ered by Decoration Day.

Declined to Accept Money
Mr. Welsh also said that he had
taken up with the fire company the
matter of turning over to the bor-
ough the contribution received every
year from Cinnaminson township in
order to permit the sewer to vent
during the winter when it was im-
possible to work on the pipe where
the stoppage had occurred, owing
to the ice in the river.

When the wharf was being re-
paired one of the piling was driven
right through the outlet sewer pipe,
and in order to avoid the expense
of changing the course of the sewer
the U-shaped section was tried out.

consideration of the fire protection
insured by the company. Mr.
Welsh recommended that council
accept this money.

Mayor Hemphill, however, ob-
jected that bookkeeping and ap-
propriation difficulties stood in the way
of adopting this plan, this year.
He said that if the money was ac-
cepted this year it could not be
used, but would remain in the
treasury owing to the fact that it
had not been included in the anti-
cipated revenues and appropriated to
fire protection. He recommended
that the company buy hose with it
this year. No action was taken on
Mr. Welsh's recommendation.

Park Ready for Field Day
Mr. Williams, chairman of the
property committee, reported that
Memorial Park had been placed in
good shape for the public school
field day on May 20.

The building inspector's report
was presented covering six permits
aggregating building operations
amounting to about \$3000. The
fees amounted to \$15.

Mr. Williams reported that bulk-
head cellar doors of a property on
Howard street encroached upon the
sidewalk and suggested that the
owner be requested to re-construct
these doors so they would be on a
level with the pavement. The mat-
ter was referred to the highway
committee for action.

Mr. and Mrs. Bernard Barney attended the wedding of his cousin in Philadelphia last week.

Mr. and Mrs. Ralph Gibson, of Olney, were visitors in Palmyra on Sunday.

The Junior Philathea Class gave a luncheon supper in the Baptist Church Monday evening at their monthly meeting.

Mrs. Joseph Steel returned home Sunday after a visit with her son, George, at Maplewood.

At the next meeting of the Ladies of the Golden Eagle on Thursday, May 19, there will be business of great importance. All members are requested to attend.

Don't forget the rummage sale on Saturday, May 23rd, at Weikman's store, W. Broad street, Palmyra, for benefit of O. K. S.

Mrs. Kate Lockett, mother of the Rev. George Lockett, spent the week

end visiting in New York.

Mrs. A. C. Hirsch attended the ladies organization of the "Roberts Club" at the community house in Moorestown on Tuesday afternoon.

Sunday evening will be observed as "Girls' Night" at the Central Baptist Church service. Mrs. George Lockett, wife of the pastor, will have charge and will be assisted by local girl members.

Senator Emmor Roberts will address an open meeting of the Women Voters of Palmyra and Riverton on Tuesday, May 24th, at 2:30 o'clock p. m. at the home of Miss Helen Lippincott, 107 Lippincott avenue, Riverton. A better understanding of "Things Political" is the aim of this meeting. The women of both towns are urged to attend.

The amount received from the Tag Day and Cake Sale of the Palmyra Ambulance Association has increased to \$514.00.

Mrs. R. K. Coward entertained the Friendship Circle at her home

on Lippincott avenue last Monday evening. After the usual business meeting, the feature of the evening was presented which was a musical composed of Mrs. Leech, Mrs. Plankett, Mrs. Wolcott and Mrs. Hubbs. Thirty-five members were present.

Don't forget the Rummage Sale to be held this Friday and Saturday at the Bishop building on Broad street near Main, Riverton.

NASH

Leads the World in Motor Car Value

NASH has the power you need on the HILLS

Every Nash owner notices that he has very little gear shifting to do on hills, no matter how steep the grades may be.

Nash is a very powerful motor car. There is nothing half-hearted or sluggish about its response—the motor never "talks back" at you—even though you are climbing mountains.

One reason is the more than adequate power designed into every Nash motor car. Nash engineering has provided reserve energy for situations that tax the resources of other cars, and extend their engines to the point of strain.

Another reason for the powerful performance of Nash is 7 bearings. 7

bearings in every Nash model, instead of 3 or 4, means that power is not thrown away by crankshaft "whip." Proper bearing support conserves energy that older motor types waste.

Quick acceleration—powerful responsiveness—such as Nash provides, is a safety factor you cannot overlook. It is invaluable on the hills, very handy in traffic.

When you select your next car, be sure to see how unfavorably the power and pick-up of other cars compare to Nash, before you decide! There are 26 models priced from \$665 to \$2090 f. o. b. factory.

BATHING BEAUTIES 'BUST' UP MEETING

Bellevue Commission Adjourns Abruptly at Lions Session

The Palmyra Lions Club was treated to the spectacle of a mock session of the Commission of the Borough of Bellevue Tuesday evening.

George Zeisner, with a plug hat and swallow tailed coat was Mayor. Freeholder Fred Lippincott, also crowned with a high topper, was a commissioner. George Rogers and Frank Chambers were also commissioners, while Art Lieb was clerk. Fred Fromuth, solicitor and Gus Conlow, Borough Chief of Police.

Bills, ordinances, complaints, etc., were the order of the evening. A bill for a haircut submitted by Dave Schwartz produced quite a commotion and Dave attempted for the second week to explain why he had the crown of his head shaved clean. Solicitor Fromuth, when asked for a legal opinion, delivered a funeral oration.

Con. Conlow, after vainly trying to gain an audience all during the meeting, at length broke out the proceedings with a report that there was a bevy of bathing beauties on the Bellevue Beach with costumes much in need of censoring.

PROGRESS Y. M. C. A.

The Group met Tuesday evening at the home of Frank Alloway. The meeting was called to order by the leader, who then passed out the responsive rituals. After reading from the rituals we listened to an interesting talk by Mr. Fisher, who also asked us questions on the ritual. After a short business meeting we had a game of "Routing for Words." Howard Elliott was the best scouter with Howard Alloway, second.

After the game we greatly enjoyed the refreshments served by Mrs. Alloway.

The meeting was then closed with the Friendship Circle.

Next week we will meet at the home of Jack Reynolds, 711 Cinnaminson avenue.

LLOYD UNLAND, Reporter.

Calvary Presbyterian

Service of worship of Calvary Presbyterian Church are being held in the Riverton Public School building.

Morning Worship at 11 o'clock.
Sunday School: Main School at 10 a. m.; primary divisions at 2:30 p. m.

Next Sunday morning Rev. Robert A. Brotemarkle, Ph. D., Philadelphia School of Christian Workers will preach. There will be no evening service.

The Christian Endeavor Society will meet at the home of Miss Matthews, 4th street and Elm avenue, on Sunday evening, 7:15 o'clock.

The Mid-Week Service on May 25th will be in charge of Mr. Wm. J. Taplin and will be held at the home of Mrs. J. M. Coddington, 415 Elm avenue, at eight o'clock.

The pastor urges all those who wish to unite with the church at the next Communion Service on June 12th to consult the Clerk of the Session, Mr. Datis Reed, 716 Main street, or to arrange to meet the Session on June 8th at the close of the Preparatory Service.

CHARLES T. BATES, Minister.

COMRADE GROUP

The regular meeting of the Comrade YMCA Group of the Palmyra Moravian Church was held Tuesday evening, May 17, 1927 at 7:30 p. m. The meeting was opened with a prayer by the leader, Arthur Stebbins. Then the roll call and payment of dues followed by the Bible study. After the Bible study was discussed the business followed. A baseball team was chosen and a refreshment committee.

After the business meeting had adjourned games were played. The meeting was then closed with the friendship circle.

Filling your service measure

PROMPT AND RELIABLE telephone service is what you most want.

That's where you put the emphasis most of the time.

And that's where we put it!

But service means more than that to you; as it does to us. You want close, helpful attention to your personal needs when you call or visit the Business Office.

You want your bills to show clearly what your usage has been.

You want the installer or repair man who visits your premises to do his work quickly, and without making a mess of things.

These and other details you want well handled.

And on these, we, too, put emphasis.

What we are trying to do is to bring the best efforts of a capable workman to bear on every feature of your service

—to put ourselves at your personal disposal in your every contact with this company.

DON'T DIE OF CANCER.
GOVERNMENT SHOULD PAY.
NEED NON-EXPLOSIVE FUEL.

A. W. Pond, scientific gentleman, back from Africa, says a million of 150,000 years ago used cosmetics, "extraneous ornaments" and painted their cheeks red.

They went to extremes, wore necklaces made of ostrich eggs, and some of them painted their faces yellow and black, as well as red.

Still earlier, 500,000 years ago, when men used "flat hatchets," long sharp stones shaped like pickaxes, the ladies then covered from head to foot with reddish hair, were probably pulling the hair from their cheeks, noticing that the gentlemen preferred smooth skin. It has been a long, painful climb to the flapper of today, but worth it.

Don't die of cancer—it isn't necessary. At the age of forty, one out of every ten persons has cancer, 100,000 die in the United States every year. At least 750,000 die unnecessarily. Autopsies show that thousands, dead of old age, take cancers to the grave with them.

Pay attention to any strange growth in the body. A few seconds work will often prevent a cancer spreading. Above all, keep in good condition, with regular sleep, moderate exercise, much fresh air and your blood will take care of the cancer.

The Government has wondered what to do with the surplus taxes. It might use the first few hundred millions to indemnify victims of the Mississippi flood. If Government has used its brains and money and not done its duty, in years past, the flood would not have occurred.

Those that realize the importance of soil fertility will be interested in Colonel Edwin's casual remark that men digging for artesian wells in lower Louisiana went through fifteen hundred feet of the richest soil, deposited by the great river, a soil far richer and deeper than that of Egypt.

Standard Oil of New York will issue \$125,000,000 new stock bringing the total up to about \$450,000,000.

The company doesn't need that much, but will let employees of the company buy the stock to increase interest in their work. They had already bought ten millions of the stock.

HIGH SCHOOL TEACHER COURSE AT MONTCLAIR

The State Board has approved of a recommendation made by State Commissioner of Education John H. Logan that a four-year curriculum for training teachers for high schools be established at the Montclair Normal school. Dr. Logan plans to inaugurate one or two classes in September.

Courses for elementary teachers will be continued at Montclair until such times as facilities are available elsewhere. The commissioner will seek legislative authority to change the names of the Montclair and Trenton Normal schools to teachers' colleges. The Trenton Normal has a four-year curriculum for training of teachers who will engage in high school teaching.

It was emphasized at the state board meeting that New Jersey is not establishing a college course in connection with its public school system. The plan is a four-year curriculum for prospective high school teachers.

The sub-committee of the Borden-town Industrial School of Colored Youth recommended inauguration of a four-year academic course supplementing the industrial work. This is yet to be given final consideration.

NEW NASH COUPES READY FOR SHIPMENT

Dealers Report a Heavy Demand For the Latest Four Passenger Model

Initial shipments of the new Nash 4-passenger coupe are being made by The Nash Motors Company to dealers throughout the country. While announcement of the new model was made two months ago, this is the first opportunity the public has had to view the car. Those who have seen it say the 4-passenger coupe is the "most perfect specimen of Nash body craftsmanship" ever presented to the public, and dealers report an unusually heavy demand.

The Coupe had a low forward-sweeping body, French-type back and roof and a graceful nickel-mounted rear deck. The deep, broad driving seat has all the appearance and comfort of a luxurious daybed. The car is upholstered in dark green mohair, tufted. The wide doors, side walls and head-lining are trimmed to match.

At the rear of the car, opening on the curb side, is a large, luxurious compartment with ample space for carrying golf clubs, parcels and packages. The door is equipped with a strong lock and key. The rear window, looking out onto the rumble seat, may be lowered by the simple turn of an attractive silver-plated window lift. The windshield, too, opens forward by the turn of a regulator, placed within easy reach of the driver's hand. Silver finished hardware, in period design, is used throughout.

NEW PERFUMES
Perfumes now follow the season and modes. New perfumes vary for day and night use. Specially varieties are created for daytime use and for evening there are hundreds of new alluring and elusive fragrances.

TUDY MEN
There are so many of them—and the number seems to be increasing. They are graduates of the six-o'clock dinner university. They are also Knights of the Swift Chair; they may belong to the Don't Worry Club. They move about on foot when they find it impossible to ride on cushions. With every puff of shortened breath, they announce the badly-neglected sewer they carry around with them. No, Madame, I'm not talking to you; I know better than to tell a woman she's tubby.

Dr. Frank Crane Says CAPITAL PUNISHMENT IS WRONG

"The question of capital punishment is opposed to because nobody is willing himself to kill a man. Killing certainly does the man no good. It doesn't reform him, and he doubts whether it does society any good," says a well known public man.

When a man reaches the point where he wants to kill another man he doesn't care whether he himself gets killed.

The thing of inflicting the extreme penalty upon a man is a practical one. It is not based upon consideration for the man, but upon regard for society. It is supposed to deter others from serious crimes.

Opponents of capital punishment say that as a matter of deterrence it does no good. They bring statistics to support this argument and claim that the more severe punishments are the wider is the spread of crime. Those in favor of capital punishment deny this.

About the worst thing that could happen to most men is to lose life. People who are afraid of nothing else fear death.

In its effort to protect human life, society uses the old argument of fear and claims that people will

acquired deformity, and, know what I speak. It came upon me by stealth; people say to me, "How wonderfully healthy you look; you are getting fatter every day." People love fat things.

Suddenly I was attacked one day on the street—and I felt I was dying! My pulse registered 145, weak and irregular. I "sat up and took notice" from that hour. Careful investigation revealed that I was suffering from a stealthy, slow-acting poison—Idiocy. This stuff forms in a neglected colon, and gradually undermines the entire cardio-vascular system—the circulation. Had I expired, the newspapers would have said that I died from heart disease. It would not have been true; death would have been due primarily to that 48 waist-band of mine, and that load of poison inside it. Just as many a "tubby" man dies today from putrefying substances in a neglected colon. I have no patience with laying the blame on

the heart, when it is simply poisoned to death from the sewer!

I took me over two years to recover from this condition which would certainly have killed me. I used a mixture of sulphates of magnesium, soda, lime and potassium for a "house cleaner" and, I still clean house with it every day. I quit eating enormous lots of sweets, cake, preserves, etc.

Will Ask Bids on Chatsworth Cut-off

If Estimates Are Too High, County Forces May Do Work

At the meeting of the Burlington County Board of Freeholders, last Friday, it was reported that the supervisor of roads and the county engineer had consulted with Major Sloan of the State Highway Commission relative to the Budd-town proposition.

Last year Woodland township made application to the Commission for the reconstruction of the Chatsworth cut-off, which is about five miles long. This would straighten out a bend in the Buddtown road and furnish a more direct communication with seashore points.

In 1926 the Board of Freeholders appropriated \$7500 for this work, and another \$7500 this year. These sums, together with \$10,000 from the state totals \$25,000 now available for this purpose.

The work was not started last fall owing to a misunderstanding as to who should advertise for bids. The county thought the state and township would do it, and the township thought the state and county would do it, and the state thought the county and township would do it.

Now it is clearly understood that the county and township will co-operate in securing bids. If the figures submitted are too high the construction will be deferred until fall at which time it can be done by the county road forces which are now busy on county road work.

"Stop Streets"
The director of roads called attention to Chapter 244, public laws of 1927, providing for "stop streets" and making it mandatory for the county to erect signs at points provided for in the law. Mr. Stout said that such signs would cost about \$2 apiece, with an additional fifty cents for erection. While no provision had been made in the budget for this expenditure Mr. Stout recommended that fifty signs be purchased and put up, which action was unanimously agreed upon.

The bridge at Flourtown, on the Hainesport and Mount Laurel road, was reported by C. B. Fisher as being in such bad condition that a

new structure was necessary. The county engineer was instructed to prepare plans for the same.

Public Service Gas and Electric Company was given permission to erect twenty-nine poles between Flourtown and Moorestown for the purpose of furnishing light and power to the farm of Aaron Collins, and the request was granted.

The same company was given permission to lay 204 feet of gas pipe on the Columbus road just outside of Burlington.

Charles Laessle, township clerk of Moorestown township, sent a communication which stated that the township of Moorestown had concurred in the awarding of the contract for the paving of North Church street, Moorestown, to the Walter A. French Company, Moorestown, for \$28,174.53.

County Lumber Insured
C. B. Fisher, of the bridge department, was instructed to safeguard eight loads of crosscut lumber which was recently delivered to the county property at Clermont by having it insured. This amount of lumber it is feared will do the repair work for a period of three years.

Several claims against John Toth, Trenton contractor, from supply houses and subcontractors, were referred to Solicitor Wells. Toth had the contract for the new, nurses home at New Lisbon.

Mrs. Florence W. Jacoby, of the County Board of Taxation, appeared before the board in the interest of John B. Burris, the county sealer of weights and measures, and requested that he be given the permission of attending the nation convention of Sealers of Weights and measures to be held at Washington, D. C. Permission was granted with the stipulation that the expense be taken from Mr. Burris' expense account.

A resolution was presented by C. B. Fisher and unanimously passed that future meetings of the board be held at 10 a. m. standard time. (11 a. m. daylight saving time.)

The following bills were ordered paid: Roads, \$18,827.15; bridges, \$18,342.38; drainage, \$439.20; public buildings, \$24,552.90; public affairs, \$5,031.22; total, \$69,042.85.

Wandsworth, Eng.—Local cemeteries paid during 1922 an excess profits duty of \$23,500.

ANNOUNCEMENT

TO THE VOTERS OF BURLINGTON CO.—

I hereby announce my candidacy for re-election to the State Senate, Burlington County in a big, fine, progressive county with high standards of citizenship, representing the county I have always acted upon that belief. I shall conduct a clean, honest and vigorous campaign, and, if re-elected, will continue to make every effort to justify your confidence.

Put Washday on New Basis with Thor Electric Washer and Ironer

TO begin housekeeping with complete electric equipment for the laundry is to establish a high standard in one of the most important departments of home-making.

With the Thor Electric Washer, practically all washing can be done at home. This washer employs the same method, the revolving-revolving cylinder, that is used in so-called "dry" cleaning, where utmost care must be taken in the cleaning of delicate materials. Dirt is removed from fabrics by the force of hot soapy water, no friction. The Thor is so ruggedly built, so electrically driven wingers it is so firmly assembled, that blankets, furniture covers, curtains and rag mats can be thoroughly washed in it, as well as all household and pet

The Efficient Thor Ironer
Fine ironing is a mark of fastidious housekeeping. The Thor Ironer accomplishes fine ironing results quickly. It irons even the most difficult pieces. The home-maker may be seated comfortably and guide the work.

ESCAPING SNEAK THIEF IS RECAPTURED AFTER CHASE

Robbed Linden Avenue Residence; Boasted "Hick" Jail Would Not Hold Him

SENT TO MT. HOLLY FOR SAFE KEEPING

Four o'clock Thursday afternoon the telephone in the traffic booth rang and when Officer Quigley answered, a woman's voice told him that a strange man had just tried to get into her house and was being thrown out. The woman was Mrs. O'Brien, who lives at Linden Avenue and Linden. She said she heard a knock at the door but did not answer it. A few seconds after the knock, she heard a man's voice and saw the man slip the keys into his pocket and walk off. Although upset by the incident, she had the presence of mind to call the police immediately, and her action resulted in the arrest of a man who has every indication of being a dangerous criminal.

"Looking for Candidate?" Quigley left the booth and hurried to the home of Mrs. O'Brien. The man was not where to be seen. He eluded the block and still no clue. On his second trip around he saw a well-dressed stranger walk leisurely out of the side yard at the home of John Perkins, four doors below Mrs. O'Brien's home on Linden Avenue. The officer hailed the fellow and asked him what he was doing there. Evidently he had been reading the local papers, for with a twinkle in his eye, he replied, "Looking for a candidate for mayor."

By this time the alarm had spread and several citizens joined the search, among them Councilman Hubbs, who is also member of the police committee. He had with him in his truck two or three men he had picked up. Quigley put the man in the police car, and accompanied by Clarence Matthei, took him to the lockup, followed by Hubbs and his assistants. When he was searched at the jail the stranger was found to have a revolver and a pin he had taken from the Perkins home and a 25-caliber automatic revolver of his own, which he had strapped under his arm in the most approved gunman fashion. The officer relieved him of his shooting iron and also a bunch of skeleton keys. The prisoner slipped the keys from his pocket and threw them up in the air, but one of them caught on the cuff of his coat and attracted the attention of the officer.

Heads from Chinatown. The prisoner, who is said to have a number of aliases, was taken to John Morris, 810 Race Street, Philadelphia. After looking the jail over Morris remarked to the officer that it would not hold him long. Quigley replied, "Oh, we've had worse men than you here. I guess it will hold you until I get some supper." Making sure that the cell was securely locked and that the door to the cell room was secured, the officer went home to supper.

For several years past the representatives of the State Department of Institutions and Agencies has been admonishing Council that the jail did not meet State requirements, and that the appointment of the place evidently did not suit the fastidious tastes of the stranger, for hardly had Quigley set down to supper when the telephone rang and a voice told him that his prisoner had just climbed out of his window. Thinking someone was trying to play a joke on him he asked who was speaking, but the one on the other end of the line hung up the receiver. Then he was sure of it, but "never" he decided not to take a chance. He left his supper (which was a real hardship) and went to the lockup. Sure enough, the man was gone.

Fifty John. Someone had telephoned also to Officer Miller, who was not due to go on duty until later, and he responded to the call at once, so that when Quigley headed for the river, thinking the man would probably try to cross the river, he found that his fellow officer had already taken the trail after notifying the Palmyra police, who joined in the hunt, which at this time had called out about fifty men and boys.

On their way back from the ferry (Continued on Page 8)

BURGLAR VISITED PALMYRA HOMES

The burglar who was arrested in Riverton last week also visited two Palmyra homes on Friday. One of the homes was that of Mrs. Joseph Teas, of 1108 Parry Avenue. A neighbor saw the man enter the Teas house, so she knocked on the door. When no one answered the door the woman called the Palmyra police headquarters and Chief Beck went to the house but found nothing missing. The man had escaped through a window.

Another house that was visited was that of Mrs. Florence Orlmann, of 903 Lincoln Avenue, Palmyra. Mrs. Orlmann was upstairs at the time when she heard a noise downstairs. At the same time the telephone rang and Mrs. Orlmann answered it from upstairs.

When Mrs. Orlmann went downstairs the burglar was gone. She found a strong hand under the stove that she could not account for. When she heard that the burglar was in the locality she telephoned to Chief Beck, who quickly responded. A bat was missing from the house with the initials N.F.D. belonging to Nathan F. Duff, a relative of Mrs. Orlmann. This was the same bat that Morris wore when arrested in Riverton. Chief Beck got the bat from Mount Holly and returned it on Monday. The man had changed hats in order to disguise his appearance.

BICYCLE STOLEN

Delair Had Helped Himself to Palmyra "Wheel"

"Mike" Naples, of Delair, was arrested Friday by Officer Joseph Rodgers, of the Palmyra police force, for the larceny of a bicycle from the Graham store, at Fourth and Horner Avenue, Palmyra. The bicycle was recovered from a house in Delair but was taken apart. It was brought back to Palmyra and Naples agreed to pay \$25.00 for the damage done to the bicycle.

Naples was accompanied by a boy who gave an address at Philadelphia. The two took another bicycle belonging to Joseph Davis, also of Palmyra, from the grammar school, Cincinnati Avenue. When the first bicycle was taken, Naples let the keys into his pocket and walk off.

The Philadelphia boy took one of the bicycles and fled. Chief Beck gave Officer Rodgers a description of the man and he arrested Naples Friday evening.

Fete on Saturday

Annual Horse Show and Gymkhana at Moorestown Field Club Grounds

The stage is set for the annual Cinnaminson Home Fete, which will be held this Saturday afternoon, on the Moorestown Field Club grounds. The classes for the children will commence at 1:30 o'clock and interesting events will continue through the afternoon. Mrs. Ward Dix Kerlin is the chairman of the Fete and Mrs. Ralph L. Freeman is managing the horse show. For weeks committees have been busy planning for the different tables and some unusual and inexpensive things will be on sale. This year a table of various bottles will be a new feature.

Mrs. Paul McGraw will have charge of the hostesses. The duty of the hostesses is to make everyone comfortable and to see that all are served with supper. Among the hostesses which come from all parts of the county will be Mrs. Henry J. Sherman, Mrs. Charles J. Allen, Mrs. Wallace McIlwain, Mrs. Charles M. Leeds and Mrs. George M. Hillman, Mrs. George C. Baker, Mrs. Edward H. Harner, Mrs. Edward B. Shapman, Mrs. William Nicholson, of Moorestown; Mrs. W. Howard, of Mount Holly; Mrs. Thomas Lee and Mrs. Joseph Roberts, of Haddonfield; and Mrs. Frank Smith, of Hancocks.

The Cinnaminson caterers have been selected for over thirty years and the proceeds in a large measure carry the overhead expenses of the Cinnaminson Home which is located half way between Moorestown and Riverton.

The ten first-class Boy Scouts of Riverton Troop No. 1 will assist at the fete.

DANCERS CHARM

Miss Warner's Exhibition Is Greatly Enjoyed

More than forty pupils of Miss Dorothy Warner took part in an exhibition of dancing in the Palmyra high school auditorium last Saturday evening, before an audience of parents and friends that filled every seat.

Beautiful costumes which most of the fond mothers hand produced with their own hands combined with the beauty of the steps in which the dancers had been so splendidly trained by their young teacher to make the program most charming.

Miss Warner did an acrobatic solo dance that "brought down" the house and later performed an "Oriental" with Dominick Price, which was full of beauty and thrills. Mr. Price also did a splendid solo.

Mrs. Esther C. Miller, soprano, entertained charmingly with the "Waltz Song" from David's Room and Juliet, with Miss Mary B. Sims at the piano.

The pupils who took part in the program were Betty Schaff, Lillian Marshall, Mary Jane DeCoursey, Anne Weber, Kathryn Gottlieb, Jean Holick, Carolyn Anthony, Edna Fox, Charlotte Moore, Jane Fluck, Jane Blackwell, Martha Downing, Eleanor Williams, Elisabeth Knight, Jan Trout, Frances West, Gracdon Layton, Nan Evans, Lenore Shaw, Ruth Baker, Margaret Miller, Buddy Robertson, Harry Brunt, John Warren, Frederick Boyer, Harold Baker, Ellen Kerr, Colleen Shamer, Dorothy Starnett, Emily Robertson, Florey Bauer, Betty Gilbert, Kathryn King, Jane Rutherford, Elouise Boyer, Esther Schaff, Elsie Bell, Lucille Bailey, Marie Haines, Edna Meunier, Norma Rosner, Betty Chambers, and Dorothy Meunier.

Mayor Walker of New York City says he would rather live in a crowded tenement district than in the great out of doors. It is to be noted, however, that Mr. Walker isn't living there.

The other night we listened over the radio to a drum corps made up of men from all trades and professions, including one musician.

80th BIRTHDAY

Former Freeholder Haines Passes Four-Score Mark

Former Freeholder Edward T. Haines, of Garden street, Mount Holly, was eighty years young on Tuesday of last week.

In anticipation of his birthday anniversary, a dinner was given at the home of his son-in-law, George A. Davis, of near Columbus, on Saturday.

Field Day

Riverton Exercises This Year at Memorial Park Well Attended

The Field Day exercises, which have become a prominent and interesting feature of the Riverton Public School work, were held at Memorial Park, Friday evening of last week, starting at six o'clock. The work had been placed in good condition for the event by Director of Public Safety Williams, who is also chairman of the borough property committee, and many folks who had never before visited the borough's playground had an opportunity to inspect it.

The park afforded much better facilities for running of the events than the streets on which they have been held heretofore.

The children thoroughly enjoyed the contests and the spectators were very favorably impressed with the exhibition.

The two large tents used as dressing rooms for the girls were furnished by the U. S. Department of Agriculture through the courtesy of Loren H. Smith, who is in charge of the entomological station at Westfield.

The usual refreshment stands were conducted by the members of the Riverton Parent-Teacher Association, and on this occasion they were housed in a large tent supplied by the Riverton Troop of Boy Scouts. The ladies took in about 150 for the fine things they offered to eat.

The winners were as follows:

1. Moderated Drill
2. First Grade Dance
3. Mass Drill
4. Second Grade Dance
5. Dumb Bell Drill, Grades 5-6
6. Club Drill, Grade 7-8
7. Third Grade Dance
8. Girl's Dance, Grades 7-8
9. Mimetic Exercises, Grade 4
10. Maypole Dance

YACHTING SEASON WILL OPEN SATURDAY

The summer racing schedule of the Riverton Yacht Club will open Saturday of this week, and another regatta will be held Memorial Day.

There will be twelve races in all, the last one falling on September 12.

In addition to these championship races, there will be special races July 4 and Labor Day, September 5.

The regatta committee this year is composed of Maurice Volknop, chairman, and J. G. Seckel and E. G. Sullivan.

GIRL MEMORIES

The regular meeting of the Girl Reserves was opened by the Vice-President, Nan Evans at the home of Margaret Weller.

The secretary's report was given also. The Bible was read. We decided on the marshmallow roast. Miss Russell gave a talk on "Eager for Knowledge."

The meeting was then adjourned.

MILDRED KENNEDY, Secretary.

P. S. There will be no meeting next week as there will be a marshmallow roast. Meet at the station at 7:45.

FIRST INNING

IS THE BEST

Riverton Holds Clearview Scoreless in First and Scores One

TACONY TO BE THE NEXT ATTRACTION

Riverton dropped its second game to Clearview Saturday. Errors of omission and commission at critical moments gave the Clearview Club most of their runs. The final score was 1-0.

After retiring the visitors without a run in the first inning, Riverton scored a run on Brogan's single and Himes' double, giving them a one-run lead. This was short-lived, as the Riverton club had a batting succession in the first half of its second inning, and three errors with a couple of hits gave the visitors the lead which they held for the remainder of the game.

Joe Brogan and Johnny Linton scored from Blackwood to strengthen the outfield, both played spectacular games. Brogan with three hits and Linton with two hits, one a double which escaped the Clearview's outfielders, put a couple of the bases were headliners. They both held their positions very acceptably.

The management was much pleased with the increased attendance and hopes to see many more next Saturday when Tacony from across the river will be the attraction.

On Decoration Day afternoon Camden East End will play here. This Club will be remembered from last year, when they played a hard game with Riverton ending a ninth-inning rally to win the game.

AN OPEN LETTER

TO THE EDITOR:

The active interest shown by our citizens in the approaching primary election for the election of officers for the borough of may and councilmen is of very great importance, because it indicates an awakening on the part of our people to the seriousness of the problems of Borough business which are confronting us. We are a small community, limited in area and population, and therefore in taxable property, so that the amount of money available for the operation of Borough business is small unless we make our taxes very high. It is easy to see that we are facing increasing operating expenses in both Borough and school matters. Our fire protection is being increased by the purchase of an additional pump, which will make a small increase in our taxes. Our fire Department, our Police Department, has been increased to three men, and we will soon need four because of greater automobile traffic. Our streets are requiring more attention. Our school system requires bond issues with interest and sinking fund charges.

These things vitally concern us as residents of Riverton. We must have them because we must keep Riverton attractive and comfortable. town while it has a chance. We must face our problems, and use the best business judgment in their solution that we can possibly bring to bear on them. Our rather limited funds must be carefully used. We must pay the lowest possible taxes, but the least expensive. We must spend our money, not with the thought of how little we can spend, but of how effectively we can place our expenditures, for both the present and the future.

Those of us who have had experience in Borough affairs realize the situation, and feel the greatest satisfaction that all our people are aroused and taking an interest. We are particularly gratified that our larger, stronger business men are becoming interested in town matters. Our problems require the careful thought and study of such men as these, who are accustomed to handling large, successful businesses.

I am glad to see candidates from this group of men, and I am also glad to see that their candidates are backed by men of like caliber. It means very much to all of us that the men to whom a ballot is cast as long as he will do so, personally I am going to support these three men because I believe

POPPY DAY

This Saturday, May 28, has been designated as American Legion and Legion Auxiliary Poppy Day for Palmyra and Riverton.

Seventy-five per cent of the money received from the sale of Poppies is used for local and county rehabilitation work. The remainder is given toward the support of the Veterans' Convalescent Home at Toms River.

Buy a Poppy to aid these worthy causes.

ALUMNI BANQUET

Annual Reception Will be Held on June 14

The second annual banquet of the Palmyra High School Alumni Association, held as a reception to the members of the 1927 graduating class, will take place in the high school lunch room at 7:30, Tuesday, June 14.

All graduates and their friends are urged to attend this affair where they will mingle with old friends and enjoy some very good speaking. The speakers are not known as yet but a very pleasant entertainment will take place.

But this is not all. There will be a peppy dance in the school gymnasium after the banquet. The music furnished have not been announced but will be a well-known orchestra.

This information was given out Wednesday morning by Calvin Boal, president of the alumni association. The Alumni Association will also give a dance in the Riverton Porch Club, this Saturday evening, May 28. A popular orchestra will furnish the "jazz strains."

Palmyra Program

for Memorial Day

Colonel Carleton Will Speak at Exercises Held in Community Grove

Plans are under way to give Palmyra one of the biggest celebrations on Memorial Day it has ever had.

Colonel William S. Carleton, U. S. A., will be the main speaker at the Palmyra Memorial Day exercises which will be held under the auspices of Post Rodgers, American Legion, this year.

The parade will begin at 1:30 sharp and all the fraternal organizations of Palmyra will take part. The bugler and drum corps of Rodgers Post will have their new uniforms and will make their first public appearance.

Harold B. Lever, captain of the Howitzer Company of the 14th Infantry of the New Jersey National Guard will have 75 of his men in line with a battery.

The Palmyra school children will decorate the graves in the Morgan and the Methodist Episcopal cemeteries with cut flowers as in the usual custom.

Parade at 1:30

The formation of the parade will be at 1:30 on the south side of the railroad with the headquarters of the parade at the American Legion Home.

The following is the general lineup of the parade:

Marshall George N. Wimer will lead the procession, followed by the Legion bugler and drum corps, the colors of all organizations of the community, the Legion Corps with their new uniforms, the American Legion, 75 men of the Howitzer Company, 14th Infantry, N. J. N. G., with 37 military drums, the Boy Scouts, the Girl Scouts, the Artisans and other organizations, the school children and the Fire Department.

The parade will cross the railroad at Morgan Avenue, march down Broad street to Elm Avenue, then counter-march down Broad to Cinnaminson Avenue, across the railroad to Morgan cemetery where the graves will be decorated and the Rev. George Lockett, pastor of the Central Baptist Church, Palmyra, will lead in prayer.

Salute by Battery

Here a salute will be fired by the Howitzer Company and taps will be sounded by the Bugle Corps. The parade will then go to the Palmyra cemetery where the Rev. William M. Erhard, pastor of the First Lutheran Church, will lead in prayer, followed by a salute by the Howitzer Company and taps by the Bugle Corps.

The crowd will then assemble in the Community grove where there will be singing of America and the invocation by the Rev. George M. Cormack, pastor of Christ Church.

After the invocation there will be singing. Colonel William S. Carleton will be the chief speaker. His talk will be followed by more singing and decorations by the bugle and drum corps.

The benediction will be given by the Rev. Mr. Harke.

In the morning at 8:30, sixteen men of the Howitzer Company will parade at Riverside.

B. W. MECKER

B. W. Mecker, of Wildwood, who has been ill for several months, was taken to the Millville hospital Sunday evening, and died there Tuesday morning. His wife was Miss Lillian Farness, who was born in Riverton and lived here many years. For the past eighteen years they have conducted a hotel in Wildwood and for the past few years spent the winters with Mrs. Joseph Black in Palmyra.

The funeral will be Saturday at 1:30 with interment in Cold Springs. Mrs. Mecker expects to make her home with her sister, Mrs. Oliver Wright, in Wildwood.

They have the ability and willingness to help us.

WOMEN VOTERS HEAR

REPORTS ON CANDIDATES

GEORGE ROGERS OUT FOR ASSEMBLY BERTH

Twice Defeated for Freeholder, Now Seeks Elevation to State Office

Former Freeholder George W. Rogers, of Palmyra, last week sprang a political surprise by announcing that he would be a candidate for the Republican nomination for the State Assembly.

The only other candidate for this position is Dr. Marcus W. Newcomb, of Brown's Mills, a new man in politics. The berth is that which is being vacated by Clifford R. Powell, who has aspirations to replace State Senator Emmor Roberts.

Rogers is a member of the County Clerk Rogers faction of the County Republican party, said to have the backing of Senator Edge, and which is supporting the candidacy of Powell for the Senate.

Presumably the Palmyra man will team with Powell in the legislative race.

Women Endorse

Senator Roberts

Enthusiastic Meeting at Home of Miss Lippincott Tuesday Afternoon

The importance of returning Emmor Roberts to the Senate of the State was stressed at a meeting of the Republican Women's Club held at the home of Mrs. Lippincott, Riverton, Tuesday afternoon.

Mrs. Ellen C. Terry, of Edgewater Park, vice chairman of the Republican county committee, was chairman of the afternoon, and introduced as the first speaker, Mrs. William J. Adams, of Mountville, chairman of the Council of Republican Women of Camden county.

Mrs. Adams said that this year the women of Burlington county had one thing to do and that was to nominate and elect Senator Emmor Roberts for the Senate.

She said that in her work in Camden county, at Trenton and at various State conventions, it became increasingly evident that Senator Roberts was one of the outstanding men who are absolutely dependable, and that the better type of Senators from other counties were very anxious that Roberts be returned, as his influence was needed.

The statement was sometimes made that Senator Roberts doesn't "get enough" for Burlington county, but sincere workers know that Roberts can get things done, in a quiet way, without a lot of bombastic talk about himself.

Mrs. Adams read an extract from Mrs. Adams' magazine which stated that Assemblyman Powell had introduced the bill for limiting night work for women, and was thought to be favorable to it, but later withdrew it to a less favorable committee.

The greatest danger to the government was thought to be apathy. What will arouse the church people, the "better" people to the necessity of working and voting for the right? This is a national question, but right in Burlington county there are enough of the "better" people who have not bothered with politics before, to give Senator Roberts an overwhelming majority.

The feeling was expressed that a stronger actively working women's group in the county and the agricultural districts would give a decisive victory for Senator Roberts. Politicians always get their voters out, and now is the time for right-thinking people to show their strength.

There are at present 33 lawyers in the Legislature and 3 representatives from the agricultural districts. Surely it would not be wise to increase the number of lawyers.

At the conclusion of Mrs. Adams' talk Senator Roberts received a most hearty welcome from the hundred assembled women. He spoke but little of himself personally, but more of good government and of the needs of the county. In answering questions it was brought out that the Senator had introduced 20 agricultural bills, the county library bill, and been instrumental in the legislation for open specifications for competitive bidding for county work.

A rather important question discussed was, "Why was Assemblyman Powell on more important committees than Senator Roberts, and what would be their relative importance?" It was shown how this was really true, in that, as Senator Roberts' staunchness for the right was so well known, that where questionable bills were to be considered, all that was desirable was done to keep him out of the way.

Mr. Wimer, who was appealed to for a final answer to the question as to why Senator Roberts was kept off of the important committees, said that there did not seem to be a doubt that if the Senator was returned for the next term, his seniority rights and force of character would so dominate that he will receive important assignments.

Miss Lippincott served tea to her guests at the close of the afternoon, and women who have not taken an active part in politics left with an enthusiasm to take up the work in behalf of Senator Roberts, and those who have been working, realized the desirability and importance of returning Emmor Roberts to the Senate, and plan to work to that end.

Pemberton Blanked by Palmyra High

Cliff West Whips Twelve Batters in 6-0 Victory; Play Errorless Ball

Cliff West sent back an even dozen Pemberton batters via the strike-out route and allowed them but five widely scattered hits as Palmyra High School downed the Pemberton High team at the Field Club grounds, Palmyra, last Friday afternoon. The final count was 6-0. It was Palmyra's first shut-out victory this season.

Palmyra virtually clinched the Burlington County interscholastic baseball championship by this victory.

This contest broke Pemberton's winning streak and was its first reverse for this season after eight straight victories.

Palmyra was beaten by Pemberton, at Pemberton, earlier in the season by a 2 to 1 count.

Cliff West, with three hits out of five trips to the plate, and Zaun, with two hits out of four, were the hitting stars for Palmyra. Zaun and Sacks accounted for two runs each. Palmyra had a total of ten hits.

West was given alright support by his backstop, but an error being charged against them. The Pemberton team also played errorless ball. It was one of the best games of the season.

Bartley, Palmyra's second baseman, and Meyer, shortstop, gave West good support, handling five and four chances, respectively, without a slip. Zaun had seven put-outs at first base.

Phillips, Pemberton catcher, was the only visitor to collect two hits off West. Haines, of Pemberton, struck out six Palmyra hitters, but missed four passes.

FIRST LUTHERAN

Rev. William M. Richard, Pastor

The pastor of the First Lutheran Church wants to urge a specially large attendance for the next three Sundays. All of which are to be special occasions.

Next Sunday, May 29th, the services will be characterized by music and speaking suited to the occasion of Memorial Day. It is planned to have this a Memorial Service in the broadest sense, a service in honor of our heroic soldiers who fell in all the ways in which our country has engaged, a service in honor of our public benefactors who have sacrificed all for the public good, a service of respect to our own loved ones, who have departed from our midst, and to whom it is most fitting that we should pay our respects by the solemn act of public devotion.

It is not too much to ask of any one to lay aside the less important things to discharge this great duty of love and reverence for those who at the cost of their own lives and interests, have made our world a better and happier place. A review of the unselfish service of others will certainly be the strongest agent possible to kindle in our own lives that same spirit of self-sacrifice.

The Sunday following, June 5th, we are privileged to have with us as the special guests of the day, the graduating class of our Palmyra High School, teachers, officers, and directors. Plans are under way at the present time to make this one of the very greatest occasions of our church year. Further details of the service will be given later.

On June 12th, we shall have our annual Children's Day celebration. You may be assured of the highest type of entertainment and inspiration. The children, since their day school and other activities are over, will be at their very best for this occasion.

This same day marks the completion of one year of the present pastoralate. The evening service will be a resume of the year's work, with a discussion of our difficulties and our progress as a church, and the setting of some goals which we believe it will be possible for us to reach in the months following. It is impossible for us as a church to stand still or be content with holding our own. Time is precious and time which is not used to forge ahead is time wasted, very sadly. But we must rejoice in the fact and thank God that we have been going forward and it is the pastor's earnest belief that the seed sown by the many earnest workers of our church will bear great fruit in the year which is to come. Do you know that our people have forged ahead in at least eight of the different phases of church activities.

With respect to the mid-week services we make the following announcement of topics:

May 27. A discussion of "The Modern Church. Report of Synod proceedings."

June 2. Jude, the Man and His Writings.

June 9. James, Epistle.

June 16. Peter, His Later Life.

June 23. John, the Elder and His Writings.

June 30. Luke, His Gospel and His Writings.

presenting an attractive program for that date.

On June 11th, the Ladies' Aid Society is holding a Strawberry Festival and Cake Sale in the basement of the church.

HANSEN BARRED

Palmyra Pitcher Quits Vincetown Team Suddenly

Last Friday at a meeting of league officials of the Burlington County circuit held at Bordentown, Eddie Hansen, of Palmyra, who was signed to a contract by Vincetown to pitch for that club in the Burlington county baseball loop, was barred from participating in league competition this year.

The Vincetown management claimed that Hansen quit his team last Saturday to join the Melvont Club of Atlantic City, giving only 12 hours' notice, which was not enough time as Vincetown was unable to secure another pitcher to replace him. Hansen's action was branded as unsportsmanlike by the league officials.

However, Vincetown has signed two new pitchers, Royer and H. Woodington, and a new catcher, W. H. Hansen, former Camden High and Woonah Military Academy catcher, has joined Moorestown, a special ruling being made to permit the Quakers to bring him in from out of Burlington county.

ARRESTED FOR RECKLESS DRIVING

Camden Man Cut Out of Line and Crashed into Palmyra Car

Sunday afternoon Walter Bieko, 1450 Line street, Camden, was arrested by Officer Quigley charged with reckless driving, and was fined \$7.50 by Justice of the Peace Coddington Monday morning.

Bieko had cut out of line in front of McCoy's Service Station at Broad and Linden avenue, Riverton, and crashed into a car driven by Bernard Dinn, Horace avenue, Palmyra.

Both cars were badly damaged but neither of the drivers were hurt.

A quart of liquor was found in Dinn's car and for this he was fined \$25.00 and had his license revoked.

Dinn denied knowledge of how the bottle got in his car but said that he had loaned it to some friends a few nights before. Dinn was examined by Dr. Mark, who found no evidence that he had been drinking.

The Riverton Police Department is starting another drive against speeding and reckless driving. Sunday night the new officer, John E. Carlson, was stationed at Broad and Thomas avenue and his whistle was kept pretty busy warning those who showed an inclination to "step on it."

Everybody seemed to be in a hurry and Officer Miller, who was stationed at the traffic booth, also had frequent occasion to "blow them."

"It beats hell," says grandma. "Soon as I catch up on my instalments to that face-lifting surgeon, I find myself three payments behind on the roadster."

PHS Tied for Fifth in S. J. Competition

Vinceland High is Big Winner in Meet Held at Collingswood

"Boots" Lever's Palmyra High trackmen finished in a tie for fifth place with Haddonfield High School in the South Jersey Scholastic track meet held at Collingswood last Saturday afternoon. Each team made five points. Vinceland HI won the meet with 29 points.

Palmyra ran against the best Class A and Class B athletes in South Jersey and, although fifth place is not a very high honor it may be considered a good showing.

Two semi-final heats were necessary to get the time for those to compete in the 100-yard dash. In the first 100-yard semi-final, Harold Mueller, of Palmyra, got second, as unsportsmanlike by the league officials.

In the second event, Bruce Beahn, also of Palmyra, was second. Lerner, of Vinceland, finished first. His time was 10 1-5 seconds.

Harold Morris, wearing the colors of Vinceland High School, captured the 100-yard dash in 10 1-10 seconds in the finals. Palmyra got both second and third in this event. Bruce Beahn finished second and Harold Mueller, his teammate, third.

Willard King, of the Haddonfield High School team, out-printed the cream of South Jersey's quarter milers to win the 440-yard event. Pushed by Welmer, of Vinceland, and Frank Hengert, of Palmyra, who finished third in the finals, King broke the tape first in 52 2-5 seconds. This time shattered the mark set last year by Coah, of Vinceland.

The following is how the teams finished and the points scored. Vinceland, 29; Middle Township, of Cape May Court House, 9 2-3; Wildwood, 8; Atlantic City, 6 2-3; Palmyra and Haddonfield tied for fifth place with 5 points each; Trenton, 3; Collingswood, 2 2-3; Bridgeton, 1; and Woodbury, Burlington and Glassboro each 2-3 of a point.

The summaries of the various events are as follows:

100-Yards (Semi-Finals)—Won by Morris, Vinceland; Second—H. Mueller, Palmyra; Third—Carter, Camden. Time, 10 3-10 seconds.

100-Yards (Finals)—Won by Lerner, Vinceland; Second—Beahn, Palmyra; Third—Schuene, Camden. Collingswood. Time, 10 1-5 seconds.

100-Yards (Finals)—Won by Morris, Vinceland; Second—Beahn, Palmyra; Third—H. Mueller, Palmyra. Lerner, of Vinceland, finished second but was disqualified for cutting lanes. Time, 10 1-10 seconds.

220-Yards (Finals)—Won by Morris, Vinceland; Second—Welmer, Vinceland; Third, Dougherty, Middle Township. Time, 23 seconds.

440-Yards Run (Finals according to best time in heats) Won by King, Haddonfield; Second—Welmer, Vinceland; Third—F. Hengert, Trenton.

Palmyra. Time, 52 2-5 seconds.

Half Mile Run—(Finals)—Won by Sears, Middle Township; Second—Bartlett, Trenton; Third—DuBois, Bridgeton. Time, 2 minutes 7 seconds.

Pole Vault—Won by Morris, Vinceland; Second—Greisner, Wildwood; Third—Clements, Atlantic City. Height 11 feet 3 inch.

Running Broad Jump—Won by Lerner, Vinceland; Second—Morris, Vinceland; Third—Hughes, Collingswood. Distance, 21 feet 5 1-4 inches.

Running High Jump—Won by Hughes, Atlantic City; Second—Lerner and Young; Third—Camden High; Third—Woodbury High. Height 5 feet 9 inches.

Shot Put—Won by S. Barish, Wildwood; Second—Clark, Middle Township; Third—Peterson, Collingswood. Distance, 42 feet 8 inches.

One Mile Class A Relay—Won by Collingswood High (Thorpe, Pitake, Morris, and Young); Second—Camden High; Third—Woodbury High. Time, 3 minutes 40 seconds.

One Mile Class B Relay—Won by Middle Township High (Mixer, Erickson, Dougherty and Sears); Second—Haddonfield High; Third—Glassboro High. Time, 3 minutes 43 2-5 seconds.

CONTRACT FOR MAUSOLEUM

Albert W. Atkinson, of Merchantville, who recently bought four lots in a new section of the Mount Holly cemetery, has recently placed an order with William S. Fryer, of Mount Holly, for the erection of a mausoleum, to be of Harle granite and to contain six caskets. The interior is to be of white marble with granite floor. The doors will be of bronze and there will be an art window in the rear.

"NIGHT IN CAMP" BY BOY SCOUTS

Stage Setting True to Nature and Scouts Will Show Regular Camp Life

Transformed into the likeness of a woody-dell with trees and tents and a campfire, the stage is all set. The scene is so true to life that one instinctively listens for the chirp of a bird or the rustle of a chipmunk or squirrel. The boys have worked hard and faithfully to arrange such a setting in order that you may see for yourself what a wonderful and good thing it is for any boy to get away from the artificial hub-bub tempting him on all sides to uselessly fritter away present time and future chances, and learn under competent supervision how to get back to nature.

Wholesomeness and a striving to accomplish things that are worth while, and yet with it all having a good happy time, is the dominant spirit that pervades the atmosphere.

For a restful, helpful, hope-full good time come to see them in their "Night in Camp." Get an eye-full, ear-full and heart-full of what a group of boys trying to live up to the standard requirements of a Boy Scout of America means—and remember that these boys are our own boys—Riverton's boys, and that in coming to see them, in thus showing your interest—you are encouraging and helping them to better serve you and your community as time goes on.

You will be well repaid by coming.

The World's Lowest Priced Cars with Supremely Beautiful FISHER BODIES!

Chevrolet is the only car in its price class offering bodies by Fisher—built as only Fisher can build, and styled as low-priced cars were never styled before!

Despite the lowness of Chevrolet prices, there is not the slightest compromise in design, construction or finish. All embody exactly the principles employed on the highest priced cars—a composite construction of selected hardwood and steel. All are finished in beautiful colors of lustrous, lasting Duco.

Enhancing the inherent beauty of the bodies themselves are numerous features of distinction previously considered exclusive to the costliest cars—features typified by heavy full-crown, one-piece fenders and bullet-type headlamps.

Only the economies of Chevrolet's great volume production make possible such quality at Chevrolet prices!

Coolidge and Smith Straw Vote Winners

President and N. Y. Governor
Lead Poll; Reed and Lowden
Close Behind

The blowing of political straw indicates that President Coolidge for the Republican party and Gov. Alfred Smith for the Democratic party will make the 1928 race. Those two party leaders are the majority choices of the small town and rural districts as indicated in a nationwide straw vote which has just been concluded and in which a total of 292,310 votes were cast.

This nationwide straw vote was conducted by the Publishers' Automobile Service through the 2,000 weekly newspapers it serves. There was no limitation of any kind placed upon the voting, the voter being free to either check any of the names on the ballot, or write in the name of the man or woman he wished to receive the nomination by his party.

The fact that President Coolidge has not yet made an announcement that he will be a candidate for reelection, seems in no way to have affected the Republican voters. And, those voters were in the majority, but not by any wide margin. This vote indicates that former Governor Lowden of Illinois will go to the 1928 G. O. P. convention with many instructed delegates.

Lowden Close Second

Governor Lowden was close upon the heels of the President all through the ten weeks of balloting. At no time was he more than 10,000 votes behind the President and finished with 80,000 votes to 87,126 for the President.

Voters were also asked to mark a second choice, in event their favorite could not be nominated. In this respect Lowden ran ahead of the President, receiving 12,540 votes to 8,396 for Coolidge.

Senator Borah of Idaho was third on first choice returns with 14,525 votes. However, Vice President Dawes ran far ahead of the field as second choice with 21,547 votes.

Might Be Deadlocked

Seemingly a situation could develop within the Republican convention very much like the McAdoo-Smith deadlock in the 1924 Democratic session. If the primary and state convention were now being held or had been held for a national convention within the next 30 to 60 days, Lowden might come in with enough delegates to block the nomination of Coolidge. In this event, present returns show, Dawes might walk off with the nomination.

Of especial interest, of course, is the situation within the Democratic party. These returns bear out, in a way, the predictions made by many party leaders, that the McAdoo supporters are not functioning as in 1923-24 and that the Californian will have to get busy if he expects to be the big factor in 1928 that he was in 1924.

Reed Big Factor

Senator James Reed of Missouri seemingly will be a factor for Governor Smith to watch. Reed is crowding Smith as closely for Democratic favor as Lowden is Coolidge for Republican leadership.

Smith leads first choice with 52,731; Reed in second with 41,185; McAdoo third, 37,245; Ritchie of Maryland (with a vote that needs explaining) fourth with 26,113; and Donahay of Ohio fifth, 3,766.

But, the big surprise is in the second choice balloting. Here Senator Reed shows real strength. He pulled a greater second choice vote, than in first choice. With a total second choice vote of 42,160, he had approximately 1,000 more than for first choice.

Democratic Second Choice

On the other hand, both Smith and McAdoo showed very little second choice strength. The answer seems to be that Smith-McAdoo rivalry still exists and that both Smith and McAdoo voters turn naturally to Reed as second choice if their man can not have the nomination.

The Ritchie support was virtually four-fifths from his home state, Maryland. If these returns are indicative of real state-wide sentiment, then he will no doubt go into the national convention with his state organization solidly behind him prepared to hold on in the hope that the convention will turn to a "dark horse" to carry the party banner.

Judge Wells Raps Clarence Darrow

Would Ship Famous Attorney
to Russia, Popular Borden-
town Man Tells Bankers

An audience of fourteen hundred New Jersey bankers cheered former Judge Harold H. Wells, of Borden-town, Friday night at their annual banquet, when he said he favored tying a tin can to Clarence Darrow's coat tail and shipping him to Russia.

The dinner was given in connection with the annual convention of the New Jersey Bankers' Association at the Hotel Chelsea, Atlantic City. Walter E. Robb, of Burlington, and president of the association, was toastmaster.

The famous counsel for Loeb and Leopold came after the noted New Jersey lawyer scored attorneys who defend criminals before courts whom they know are notoriously guilty.

Another speaker was Governor A. Harry Moore, who spoke on the brotherhood of man and proper parental care of children. George W. Norris, Federal Reserve governor of this district, spoke on the change in banking laws under the new McFadden act.

Judge Wells' topic was "The Speed and Mile." He said men found the task of the first mile easy. He characterized it to properly raising children and taking care of their homes. But he said they shunned jury duty serving on school boards and were lax on voting.

He said they were not doing their duty in peace times as in war times. He said there was no booming of guns and cheering crowds to urge them on to peace time duty.

J. Fisher Anderson, of Jersey City, one of the speakers at Friday's session, pointed out that by the most recent legislation in Trenton women in the state not only have as much responsibility in financial transactions as men, but also have equal rights in the distribution of estates.

Under the old laws women were entitled to only one-third of an estate when they were widowed, while men who became widowers were entitled to all their wife's estate. Now

women and men alike are entitled to one-half share in the estates left by their mates.

Anderson advised the delegates not to try to put all the state banking laws into effect until they have acquired a thorough knowledge of them.

Another new feature of the banking laws in New Jersey permits banks named as executors to mingle the estate funds with their own for investment, but requires the banks so named to post a bond where there is such use of the estate. Anderson said it were better for bankers not to take advantage of this law "because it is not good banking business."

Carl W. Pennington, of Philadelphia, also addressed the delegates. He urged the establishment of "personal and sympathetic relations" between trust companies and their clients as a necessity to "agreeable and lawful negotiations" in cases where death is involved.

Burlington County was well represented at the convention and dinner. The Burlington City Loan and Trust Company, is the president of the association, and Armit H. Conte, trust officer of the Burlington Continental Trust Company, Moorestown, was the chairman of the committee in charge of the convention arrangements.

COMRADE GROUP

The Comrade Group held its regular meeting May 18th. The meeting was called to order and opened by prayer from the leader. We next had roll call and payment of dues. Then there was a discussion on baseball and track. We are about ready to take on any team in our class now in baseball. But our track work is rather slow.

The lineup for our first game will probably be as follows:

Pitcher, J. Meyers; catcher, P. Sanford; first base, C. Syers; second base, M. Hill; third base, P. Stanford; right field, J. Conwell; center field, C. Carnish; left field, T. Johnson; short stop, G. Wilkenson.

After the discussion the boys were served with eats and had a game of ping pong. Then the meeting was adjourned and the boys dismissed.

Chester Twp. Tax Collector Missing

Maple Shade Man Believed De-
mented From Worry Over
Patent; Gone 4 Weeks

Disappearance four weeks ago of Ernest Stacker, Chester township tax collector, who lived at Maple Shade, was revealed last Friday and not trace has been found of the man, who dropped from sight on April 23, leaving his wife and four sons behind.

Worry over an invention of a patented air gun for spraying paint on automobiles is believed to have caused her husband to become demented, according to Mrs. Louise Stacker, wife of the vanished man.

Stacker's disappearance was kept a closely guarded secret by Chester Township officials because of the fear that residents of the township would become alarmed over the safety of their tax money.

Charles J. Meyers, chairman of the Chester Township Committee, stated Friday that a careful audit had been made of Stacker's books and that all tax collections had been found intact.

"About \$1,200 is deposited in the Maple Shade Bank in Stacker's name," Meyers continued, "and we are unable to use this money until a court action authorizes it. The money is there, however, and it represents all the township funds that Stacker collected."

As tax collector Stacker is bonded to the township for \$10,000. Stacker is 40 years old. His sons are Richard, 20 years old; Ernest,

Jr., 12; John, 10, and Frank, not yet three years old. For ten years, Stacker has been working on his invention of an air gun to be used in spraying paint onto automobiles. By profession he is a commercial artist and photo lithographer.

On Saturday, April 23, his wife said today, Stacker left his home at Fairview avenue and Mill road, Maple Shade, for his office. Later, she stated, he telephoned home that he was going to Point Pleasant, Pa., to work on his paint gun invention.

Six weeks before, Mrs. Stacker added, her husband had submitted a model of his invention to a Detroit automobile manufacturer. The model was broken in Detroit, she asserts, and the concern wired Stacker to send an additional part for it. The day before Stacker disappeared, she says, the model was returned to her husband "piled to pieces." That day, also, according to Mrs. Stacker, her husband asked her to relinquish their home and advance him sufficient money to enable him to complete his invention. She refused, because, she explains, she had to think of the children.

On April 25, two days after Stacker left home, his eldest son saw him in Philadelphia and brought his automobile back to Maple Shade. Since that time, Stacker has been missing.

THE AUTO TAX

The people of New Jersey are evidently awaking to the fact that the personal property tax on automobiles was abolished by the last legislature. Cities, boroughs and townships are beginning to make audible complaints about the action and from present indications it appears likely that the legislature's action will be reversed at the next session.

If this happens, as we believe it should, the license fee should be reduced instead. Then, if the revenues for financing the highways are found to be insufficient, the gasoline tax can be jerked up another cent, which will make it easier for the man who uses the roads but little and more costly for the man who uses them constantly. It will also compel the stranger who is within our gates to contribute somewhat more than he would under the tax which goes into effect July 1.—Freehold Transcript.

After we had enjoyed refreshments served by Mrs. Reynolds, the meeting was closed by the Friendship Circle.

Last Saturday afternoon Mr. Robertson took the group over to the Zoo in Fairmount Park. We spent the whole afternoon there and had a fine time.

MR. WELSH RECONSIDERS RESIGNATION

Councilman William A. Welsh has, upon the urgent request of the committee of council as a whole which was appointed by Mayor Hemphill to wait on him to ask him to reconsider his resignation, decided to retain his seat as a member of that body.

Mr. Welsh is to be complimented on the public spiritedness which prompts him to take this action, and Riverton is to be congratulated on being able to retain the services of Mr. Welsh.

As a councilman Mr. Welsh is progressive without being too radical. He figures out thorough problems for himself and when he has reached a decision, stands by it.

With the experience he has already gained as councilman, Mr. Welsh is in a position to render even a great degree of service.

TO THE FRIENDS OF SENATOR ROBERTS

Each and every friend of Senator Roberts has an individual responsibility to see that he receives the nomination in the primary election to be held June 21.

There are at the present time enough voters in Burlington county who desire him returned to the Senate, and whose opinion cannot be changed by any amount of spellbinding, to ensure his re-election by a handsome majority if these votes can be gotten into the ballot box.

It is not necessary to "sell" Senator Roberts to Burlington county. His sterling character and unquestionable integrity are too well known to require further elaboration, but it behooves every Roberts supporter to see that his or her ballot is cast at the primary election and that their neighbors do likewise.

Opposition cannot defeat Senator Roberts, but lethargy and indifference may. Let the motto of his adherents be "Another Vote for Roberts"—and go get it.

The importance of a single vote is well illustrated by the following story told by Richard T. Greener in his "Political Observations":

"In 1811 a Rhode Island farmer dallied to release his pig from a fence and arrived at the polls too late to cast his vote. The Federalists lost that precinct by one vote; as a result, a representative who favored war with Great Britain was elected to the legislature, which in turn by a majority of one elected a United States senator who favored war. Then the Congress, by a majority of one, declared the war, generally known as the War of 1812."

One vote elected Charles Sumner senator from Massachusetts in 1854. What would have happened had Sumner not been a Senator from Massachusetts in those days that led to the Civil War? No one can tell what might have happened had that singular commingling of restlessness, resistlessness and conscience not spoken for New England in those days.

If you will read Von Holst's Constitutional History of the United States you will see that in 1784, Jefferson's ordinance, which prohibited slavery in Tennessee, Alabama and Mississippi, was defeated by only one vote. Had that been passed and slavery wiped out of these three great southern empires, there would have been no Civil War.

Mrs. Jennie Flood Kregar, who spoke in the Maine campaign, told the story of the man who voted at the last moment under great difficulty. His vote carried his town by a majority of one and elected a representative. That representative elected by a majority of one a United States senator. That senator cast a vote that changed all history—for the better.

COMMUNICATIONS

Dear Editor:

Being rather new at this "political game" as some folks call it, I would like to know why does a man's very excellent war record as a soldier make him a better candidate for State Senator than the Senator who has served in a most excellent manner and given satisfaction, and whose personal integrity is unquestioned by all?

And why is a man who is unknown in Riverton in local government or even in the community gatherings in which we occasionally indulge, a better candidate for mayor than one who has served more or less acceptably as councilman and has given us the best police protection Riverton has ever had? Why, oh why? Much is being said about their educational and athletic training, but what has that got to do with it?

A WOMAN.

Dear Editor:

I wish the two candidates for mayor would publicly state their platforms. Can this be arranged? One candidate is an unknown quantity and the other is known by all. Some of his enemies say he is so well known and his faults are so evident that folks certainly do not want him as mayor, but it seems to me that "just folks" are rather fond of their neighbors and more inclined to overlook some kind of faults in them than they are to trust their all to someone who is an unknown quantity. True, the man we do not know may be a superman in all affairs, but then again he may not. How can the citizens in Riverton find out?

DEDICATION PROGRAM

Firemen's Parade To Feature Barnegat Bay Bridge Ceremonies

Seaside Park and Seaside Heights will have a firemen's parade on Saturday, May 28, as part of the program in connection with the dedication of the new bridge across Barnegat Bay. A number of fire companies from adjacent sections are expected to be in line, with five or six bands, including the Community, from Mount Holly; Corson Commandery, from Ashbury Park; Elks, from Lakewood, and Boy Scouts, from Trenton.

Prizes of cups will be awarded to the fire company with the largest number of men in line; company coming the longest distance; company with largest band; and company making the best appearance. Other prizes will be given for the oldest, tallest and smallest firemen in the parade; for hose laying contest; pumping contest; ladder raising contest; oldest apparatus; most comical company.

Governor Moore and other state officials are expected to be present, who will be the guests of Toms River in the morning.

In the evening there will be a banquet at the Manahasset Hotel, Seaside Park, at which Governor Moore, State Treasurer Read, the various commissioners and state officials will be guests of honor.

It is planned to make this the biggest day ever held in that part of the state, and it is confidently expected that 10,000 visitors will be on hand.

MEMORIAL DAY AND THE FLAG

By David L. Pierson

Memorial Day, with its hallowed associations, will be observed again this year by the ever decreasing ranks of the Grand Army of the Republic. It is this organization that placed the day of remembrance of the soldier dead upon the calendar. General John A. Logan, commander issued the famous order in 1868, which called every man to duty on this day, to do sacred memories. Each year the custom has been followed. Soon the G. A. R. will be no more, they will be gathered unto the fathers. They have bequeathed a precious heritage to the American People not only in their preservation of the Union, but in the unexcelled contribution made to the general patriotic interests of our Country in the long era of peace following the close of the Civil War.

Fifty-nine years have passed since the day it was first observed, and while it has in these later days been used more as a day of recreation by the people, there remains the faithful few going along in harmony with the G. A. R. in paying tribute to the soldiers of all the wars for the perpetuity of the republic.

Individuals cannot be held in leash. The day will be used by the holiday crowd as one for pleasure seeking, but we can all, at least, give some thought to the mighty host which sacrificed that our Flag and Constitution shall continue in their civilizing mission. The Flag of Stars and Stripes which they saved for us, and which we are to hand to the following generation, should be displayed throughout the day from every home and every place where people assemble. Let the colors be displayed from sunrise to sunset in this era of peace in our country. We can all perform this service. Particularly it is most timely that the emblem shall be prominently unfurled, that it might attract the attention of the careless individual, at the same time remembering the sainted dead.

THRILLING RUNAWAY CREATES EXCITEMENT

Team Attached to Coal Wagon Steers Mad Course Through Parked Autos

Residents, business men and pedestrians along Main street, Mount Holly, witnessed a thrilling novelty last Thursday afternoon when a team of draft horses attached to a coal wagon ran away.

The team started from upper High street near the residence of Horace K. Melvin and continued on uninterupted until opposite the Friends' Meeting House, where they failed to make the slight turn in the street properly and the wagon struck the parked automobile of Edward Gaiser, of the Smithville road, in which sat his little child. The auto was turned nearly over but it fell back upon its wheels and the child miraculously escaped injury, but the running board of the car and the fenders were more or less damaged.

One of the horses fell in the mix-up but was quickly on its feet before any one could grab its reins and the team continued on its mad flight down Main street never striking another car, although there were plenty of them parked on both sides of the street. When the runaway reached Mill street Ralph Schneck managed to jump into the rear of the swaying wagon, but about this time one of the horses again fell as the team was turned into Mill street and Officer "Buck" Smithies grabbed the reins and the mad run was over.

The team was in charge of Isaac Shemley, of Pine street, and he was soon on the spot and took charge of it and drove back up town to pick up the baggage that had been dropped along the way. The horses and wagon escaped injury.

Bystanders who saw Schneck dragged along the pavement as he struggled for footing after he had grabbed the tailboard of the wagon in his efforts to climb aboard were fearful that he might be injured. However, he escaped being hurt and the affair ended luckily for all concerned.

PHS ORCHESTRA

Sixth Annual Concert Is Great Success

The Palmyra High School Orchestra gave its sixth annual concert in the auditorium of the high school before a large audience last Friday evening. The concert was under the direction of Louis R. Richards, leader of the high school orchestra for the past six years. Mr. Richards has been interested in the high school orchestra ever since graduating from this school and is due much credit in making this annual affair a huge success.

The program opened with "Adante" from the Surprise Symphony, by Haydn. Mrs. Elizabeth T. Lippincott gave two contralto solos, followed by the High School Glee Chorus, under the direction of Miss Helen D. Slaw, after which Miss Thelma Jones, a pupil of Mrs. Margaret Williams, elocutionist, gave a reading. The second part of the program consisted of "Air on the G String," by the orchestra, two solos by Mrs. Lippincott, accompanied on the piano by Ruth Hemingway, selections by the Glee Chorus, and "War March from Athalia," by the orchestra.

The orchestra is composed of violin, Mrs. M. Virginia Good, Arthur Har-

ley, Henry Albright, Joseph Sack, Franklin Deacon, Timothy Johnson, Lloyd Smith, Margaret B. Hall, Joseph Carr, Franklin Miller, Tony Prieco, Alice Johnson, Frank Conwell, cymet, William R. Reese; saxophone, Louis J. Meunier, Charles Bond, George Hagstoz, John King, William C. Brannon; piano, Harold Foulke, Gladys Booth, Margaret Stockdale, Ruth V. Hemingway; drums, Leonard Lisk and Roy Wentzel.

Many Criminal Cases in Court

Plans Changed in Number of Cases, Greatly Expediting the Work of Officials

The petit jurors were summoned back early last week in the Burlington County Courts but they had very little to do, due to the fact that a number of the cases set down by the prosecutor to be heard came to a sudden close when the prisoners appeared in Court and retracted their pleas of not guilty and pleaded guilty or non vult.

On Thursday morning the only criminal business transacted was the sentencing of two Burlington offenders.

Fred Ghaut and Lizzie Champion who had been indicted on statutory charges pleaded guilty and were each sentenced to six months in the county jail, to date from their original commitment. They have been in jail about two months.

Monday Bennis Walters, of Riverside, made a retraction and pleaded non vult to operating an automobile without the consent of the owner. He was placed on probation for two years and given six months in which to pay the costs.

Munce Campenelli, of Shamong township, charged with carrying a weapon, also made a retraction and he will be sentenced May 26.

Mark Edwards, colored, of Burlington, charged with possession of liquor and maintaining a house where liquor was kept, was another who thought it wise to plead non vult and he also will be sentenced May 26.

Edgar Kern, of Maple Shade, who about a year ago was sentenced to state prison for a year for assault and battery on his wife and later had his sentence reconsidered by the Court, also changed his plea of not guilty to non vult, and this time he will serve his full term of one year in state prison.

Seaford Reed, of Riverside, charged with embezzlement, made a retraction to non vult and will be sentenced May 26.

The only case heard by a jury was that of the state against Edgar A. Gillette, Michael Britton, Henry Shinn and Henry Stevens, all of Mount Holly, who had been indicted in connection with alleged liquor violations in a house at Hainesport.

They were represented by Jonathan H. Kelsey, ex-prosecutor, who stressed the point that the raid had been made illegally by the state police, they merely having a warrant for the arrest of a man who was being harbored in the house.

The jury acquitted all of the defendants.

Five cases had been marked for trial on Tuesday, but when the cases were called four of the defendants changed their former pleas of not guilty to guilty and this very much shortened the day's program.

Albert Smith, of Riverside, charged with desertion of his wife, pleaded guilty.

Mary Tele, of Florence township, illegal possession of liquor which was revealed by a raid of county officers, was another who elected to plead guilty.

Anna Plunketta, of Riverside, charged with assault and battery also pleaded guilty.

They will be sentenced on May 26.

The next case moved was that of the state against Miss Helen Hinchman, of Haddonfield, charged with issuing nineteen fraudulent checks in Burlington county, in as many

indictments, but her counsel, Robert Peacock, being engaged in the Court of Chancery, the case went over to May 26.

Harold Stratton, of Moorestown, who was brought back from Reno, Nevada, at considerable expense to the county, he being charged with desertion and neglect of his family, was released under bail temporarily, it being understood that there will be a reconciliation and in the meantime he will pay \$15 a week for the support of his wife and children.

Mrs. Clara Parker, of Mount Holly, whose name has become a familiar one when booze raids are mentioned, changed her plea of not guilty and pleaded non vult, through her counsel, Robert Peacock on Wednesday.

The Court instructed the defendant to settle up her business matters in preparation for sentence on May 26.

Thomas Hackett, of Burlington, made a retraction, the charge against him being larceny. He has been in jail 120 days, and his sentence of five months will date from the time of commitment.

Seaford Harmon, colored, of Mount Holly, indicted for receiving stolen goods, to wit, antique hinges taken from a house on the Burlington road, failed to answer to his name and his bail of \$500 was ordered forfeited. Budd Harmon, of Mount Holly, is his bondsman.

George Murphy, of Centerton, charged with possession of liquor, also made a retraction. Several gallons of liquor, some put up in fancy labeled bottles, and coloring matter was found by the raiding squad. He was a first offender and was fined \$400.

Phillip Kessler, of Chesterfield township, pleaded non vult to possession of liquor and sentence was deferred.

The case of the state against Edwin Markiewicz, of Burlington, an old offender, who was charged with liquor violations, was postponed owing to the serious illness of a child of the defendant.

The case of the state against George Taylor, of Bordentown, an old offender, who was charged with liquor violations, was postponed owing to the serious illness of a child of the defendant.

YWCA Membership Meeting on June 3

Mrs. Frederick Paist to Speak at Annual Conference at Moorestown

The annual membership meeting of the Burlington County YWCA will be at the Community House in Moorestown on June 3rd. The speaker will be Mrs. Frederick Paist, of Wayne, Pa. Mrs. Paist is the past president of the YWCA of the United States of America.

As a speaker she is noted for her charming personality, interest in girls and women, and her keen understanding of problems confronting the world today.

Both men and women are invited to the banquet. Tickets are on sale at the county office, and each member of the Board has a limited number.

Banquet at Bridgeboro The town hall of Bridgeboro was filled to capacity on Thursday, May 19th, when mothers and daughters assembled for the Mother-Daughter banquet.

The theme of the banquet was "And still doth Life with starry towers lure to the bright ascent." Mrs. Paist gave a cordial welcome to all mothers and daughters who had come together seeking better understanding.

Mrs. Edna Anderson, as song leader, kept the group singing songs and mother-daughter songs throughout the evening.

Toasts were given by Mrs. William Smith, Mrs. J. P. Ashbrook, Misses Gertrude Ackerman, and Norma Landis.

Mrs. Harner Speaks Mrs. Edward Harner of Moorestown made the address of the evening, making a strong appeal to mothers and daughters for more unity in home life and togetherness in all family relations and family problems.

Elvira Chamberlain sang a solo called "Our Mother," which expressed the appreciation every daughter has for her mother. Mr. Towley and Mr. Harner gave several selections on the guitar.

Mrs. George Caldwell and Mrs. Maurice Mitchell, who served as the banquet committee, showed their ability as kitchen artists in the delicious menu which was planned and assisted in preparing. The YWCA committee served the banquet.

The Lenola grade school Girl Reserves were entertained at home of Mrs. Wm. Matlack on last Tuesday afternoon. The first activity was a baseball game in which everyone participated whether expert or unskilled. Following the game the girls piled into cars already loaded with baskets of food and fire grates, and rode through woods and fields to a near-by creek.

On the banks of the creek a large fire was built over which one could fry bacon, eggs and chicken. Each girl contributed to the fun of the group, and although no one went in wading, one girl decided to tumble into the water. But a fire pile willing hands dry one's clothes, and wet clothes soon became a thing of the past.

Women from the seven districts of Burlington County came together Tuesday morning, May 17th, to hear the reports of the past year's work of the Association. Reports of the Business Girls Chairman, Mrs. Henry Stockwell; Girl Reserve Chairman, Miss Mildred Purnell; and Colored Chairman, Mrs. Edward Smith, were of particular interest to the members of the Association.

School Play is Cleverly Presented

Three Grades at Westfield Public School Stage "Patty Saves the Day"

On Friday evening, May 20, the eighth grade, sixth grade and the orchestra of Westfield Public School, Cinnaminson, joined in providing an interesting entertainment.

The program opened with a selection by the orchestra Mildred Ziegler at the piano held the theme together while William Farner, Carrie Haines, Helen Ziegler played violins and Joseph Stowe saxophone.

There followed an illustrated talk on India by members of the sixth grade. Joseph Bulvidas operated the slides while Mildred Adams, Agnes Atkinson, Charlotte Bishop, Andrew Brennan, Jack Deneler, Reba Fox, Ida McCann, Margaret Reed, Edna Rush, Helen Southwick and Adella Urban interpreted the pictures.

During the intermission between the slides and the play given by the eighth grade the orchestra again made a noteworthy presentation.

The play, "Patty Saves the Day" was quite successful. "Patty" the "Mouse," quite unobtrusively (as mice have habit of doing things) replaced a slide for the one the Freshmen hid. The Freshmen found a snake and thinking they had recovered their own, began to celebrate. Frivolities were begun too soon for the "Mouse" brought forth the real snake and all was well for the eighth grade, theatrically and really.

Everyone enjoyed it, even those who were in it. We do wonder if the punch was really as good as it seemed to some members of the cast.

Emma Morris, Mary Barr, Dorothy Howard Schuck, Robert Mench, Mildred Ziegler, Mary Harlow, Helen Frenzel Edith Kaefer, Robert Oliver and Stephen Bulvidas contributed much toward a most enjoyable evening.

YOUNG ROBBERS

Three young men from Ocean county, who attempted a holdup of Willis J. Busby at his store in Clarksburg recently, being frightened away by his lusty cries for help, were arranged before Judge Gallagher at Toms River last week to enter pleas of crimes committed in Ocean county. They were charged with breaking into and robbing the store of Eugene Danley, at Waretown, and stealing an automobile from Louis Demeter, also of Waretown. Each of the trio admitted his guilt.

They are Harold Bennett, 19; Walter Bennett, 17, and James Kittell, 23, all of Waretown. Harold Bennett, because of his previous criminal record of four or five convictions, was sent to the state prison for eighteen years. His brother, Walter, was sent up for five years and Kittell for eight years.

Putting the horse before the cart, he now has been charged with "quart before the horse" by obliging bootleggers.

No matter how smart you are, better have a friend with a blue pencil to go over your stuff.

MICHIGAN, CIVILIZED STATE.
MR. MELLON HOUSEKEEPING.
THE IDEAL CHILD
HERE—REAL NEWS

The State of Michigan is still trying to reach a decision on capital punishment. Certain legislators appear to think that to discourage murder the State must inflict the murder and inflict death.

It is proposed to restore capital punishment in Michigan, where it has long been unknown.

Michigan is a civilized State, an example to others in many ways. It is to be hoped the Legislature will not decide that civilization in Michigan needs the help of a hangman, or a man to throw the switch on an electric chair.

What is the ideal child, in your opinion? Secretary Hoover, president of the American Child Health Association, says the normal child, "is not superlatively happy or deeply discouraged, is robust, vigorous, not ruled by emotions." That is a good definition of a child destined to develop into a go-getter.

On the other hand, Napoleon, who told all the adult children of Europe what they should do, was not vigorous or robust. He was sickly, sallow, sulking in a corner because his schoolmates laughed at his Corsican accent, and was entirely ruled by his own emotion. The industry commission of the AMBITION.

League of Nations reports 20,000,000 out of work in Europe and blames the United States, of course. Europe should also blame itself for allowing 20,000,000 pairs of hands to remain idle.

A good farmer keeps his horses and oxen working, a good industrialist keeps his machines busy. Europe needs canals, roads, houses, and it should be possible to find work for all. That would be easy if men could get away from the idea that the only sound reason for putting a man to work is to let somebody else make a profit out of his labor.

What is the real wealth of this country? Nobody could guess within a thousand billions. For instance, Mr. Bonilla, through his Denver Post, announces discovery in Colorado of a bed of manganese, by far the richest in the world, six million tons of ore in sight.

How many more billions are hidden away in the mountains that stretch across and up and down this country? Finally tapped here and there by prospectors, but never really prospected.

Great Britain receives the right reply to her note concerning Mr. Mellon's letter to college professors about international debt. Secretary Kellogg tells Britain that what Secretary Mellon writes to American professors is our business. That covers the ground.

Incidentally, the British admit that beginning in 1932 they will be getting from their European debtors, recently called "allied allies," more than enough to cover all payments to the United States. Mr. Mellon's statement was strictly accurate, barring one clerical error, and it enlightened his fellow citizens.

HOUSEKEEPER GETS \$12,000 TRUST FUND

Pennsauken Township Resident's Will Leaves Balance of Estate To Five Children

By will of Charles Hill, who was a well known resident of Pennsauken township, probated last week, Sarah J. Phillips, his housekeeper, is remembered by a sizable legacy. Mr. Hill, who was the father of Charles Hill, Jr., former highway supervisor of the township, died at Lakeland, April 23.

The housekeeper is to have the income from the fund if she marries. The balance of the estate, amounting to nearly \$50,000, is divided among his children, a church and relatives.

Hill in drawing the will declared that the \$12,000 trust fund was to be invested for his housekeeper and as long as she remains single she is to receive \$50 on the first day of each month. In the event of her marriage or demise the fund is to revert back to the estate.

The German Lutheran Church, of Cramer Hill, was bequeathed \$250 by Hill. Mary Kifferly, a step daughter residing in Camden, and Bertha Neuman, a grandchild, were each willed \$500.

The other heirs, all children of the deceased, are Jacob Hill, Merchantsville; Charles Hill, Delair; Louis Hill, Pittman; William Hill, Merchantsville, and Frank Hill, Delair.

Hill lived on Browning road near Mariton pike, in Pennsauken township. Sarah Phillips became his housekeeper upon the death of Mrs. Hill, a number of years ago.

NOTARY CLUB ANNUAL AN ELABORATE AFFAIR

The annual celebration of the Mount Holly Rotary Club was held at St. Andrew's parish building Wednesday night of last week and it was an elaborate and fine affair all the way through.

The meal served by St. Elizabeth's Guild was superbly delicious, the banquet room was most tastefully decorated and the whole atmosphere was one of joyful celebration. There were about 145 present. All the ladies received presents and the distribution was made in an interesting manner. Good music was furnished by the College Crew, during the dinner and for dancing afterward.

Addresses were made by former District Governor Gilbert J. Valen, James White, of Perth, and "Senator" Mervin, of Philadelphia. They were decidedly appropriate to the occasion.

This is news. A tractor and plow with no driver, all by themselves, guided by electricity, ploughed a twenty-acre field on the farm of the Nebraska Agricultural College yesterday, farmers, professors and business men looking on. The first furrow was ploughed under human guidance. That furrow acted as guide and the machine did the rest.

There you have the ultimate solution of the farm question, and proof that "back to the farm" is not necessary.

The farmer will sit, apyglass in hand, on a tower in the middle of his acres, watching one machine spraying potatoes, another cultivating corn, a third cutting green oats for hay, and not a farm hand on the place.

In Kansas alone this year additional "combination" machines for harvesting wheat will do away with 25,000 itinerant extra farm hands.

Brains, money and machinery will solve the farm problem as they have solved other industrial problems.

About Your Health

Things You Should Know

By John Joseph Quinn, M.D.

BACKACHE

The universal spring symptom, in these days of house-cleaning, when the rugs must be beaten and the piano lifted. Men and women are both victims—women most often, and the treatment of any ailment is to remove the cause, and second, to rest off the present damage.

Backache is either muscular—from over-work or injury, or from indurated muscles—neuritis. In women, especially those that are mothers, it may come from prolapse of certain internal organs, which exert a dragging down on important nerve-trunks. If the patient is subject to much exercise on the feet, the physician should be consulted, before serious or chronic condition results. From "lumbago" to "sciatica" is the shortest of steps; therefore the aching back should receive attention at its appearance.

Sometimes a diseased rectum causes a lame back—the pain being "referred" from an ulcer or hemorrhoids; the cure comes with the removal of the cause. Rarely do the kidneys produce backache; if so, some form of calculus may be suspected.

Of the local measures of relief of a lame back, we have rest for the first few days, rest will cure sciatic neuritis. If not caused from a remote lesion, I have cured a number of refractory cases, by putting the hip and areas near in a plaster cast for two weeks. A good porous plaster—an old procedure, is worth a trial. If the physician is not nearby. Good liniments, those that produce a brisk irritation of

the skin are rational; fortunately, but few liniments absorb very deeply. The bowels should be kept freely open, and the amount of water usually drunk should be doubled. Medicines to be taken for relief of pain should never be taken without the advice of the family physician.

CAMP ROTARY

Camp Rotary's fame has spread from year to year each year improving and each year growing. Many additions are being made at Camp and new stunts are planned for the Season of 1927.

Executive Talia is taking a special course at Cornell University in handicraft and nature study in order that the Scouts of Burlington County shall receive the latest and best that can be given in these lines.

The cost will be the same as last year, \$3.00 per week for the first two weeks and \$5.50 per week for each additional week. This low cost is only made possible by the Burlington Co. Council providing for overhead charges and expert leadership.

The leaders of this year's camp will be the best that can be obtained. They will be men of the highest character and proven Leaders of Boys. Special care is being made to see that the BATS this year will be even better than last and that is going some. A camp circular will be forwarded to all Scoutmasters within the next few days.

CAMP starts July 2nd and runs for eight weeks.

The U. S. Supreme Court has ruled that bootleggers must pay income tax. This reminds us of the method to exterminate potato bugs, which is "Now first catch the bug, then—"

ANNOUNCEMENT

TO THE VOTERS OF BURLINGTON CO.—

I hereby announce my candidacy for re-election to the State Senate.

Burlington County is a big, fine, progressive county with high standards of citizenship. In representing the county I have always acted upon that belief. I shall conduct a clean, honest and vigorous campaign, and if re-elected, will continue to make every effort to justify your confidence.

Dr. Frank Crane Says

Home Making Truly an Art

Probably more human happiness depends upon how a home is kept than upon any other thing.

Previously our schools have devoted little time to this important subject. Pupils are taught geometry, geography and arithmetic, they are taught logic and Latin and music and all sorts of plain and ornamental information, but not home-keeping.

It is necessary to elevate the business of home-making into an art, to get people enthusiastic about it and to impress upon the mind of youth its dignity and importance.

At the State Teachers' College in Pittsburgh, Kansas, they have established a house for the purpose of developing right standards of courtesy, hospitality and social graces, etc., all necessary in the successful management of a home.

They have secured a house, such a one as would be used by a family of moderate means, and instruct pupils how to take care of it.

They have a house manager, who plans menus, does marketing, presides at the table and so on. They teach the girls how to cook, prepare food and keep the kitchen in order.

Another girl assists the cook in preparing salads, cares for the dining room and acts as waitress.

Still another is called housekeeper. She dusts and keeps the house in clean order.

A handmaiden tends to the house linen and stocks the furnace.

The duties are rotated so that a student gets practice in every kind of home work.

They have guests and often entertain the president of the college and the faculty.

The house is managed on a budget plan and all expenditures are limited.

The records are kept in permanent form.

The house is self-supporting and the students pay for room and board.

As there is no child in the house they are going to adopt a child and study child training.

Since so much depends upon the way a home is kept this sort of training seems to be sensible.

MARLTON BOY IS MADE PENN STATE HONOR MAN

George F. Lippincott, a senior student in the Agricultural Department of Penn State College, has been made first honor man in the school and he also has the title of spoon man for State College.

Mr. Lippincott is captain of the college soccer team and one of the highest ranking students in the school of agriculture. He is also a member of the "Friends" Union, Skull and Bones Upper Class Society, and Student Council.

Those men will receive miniature symbols of their honors during the Class by exercises on June 13.

American's army of summer tourists is already on the move, say a prayer for the poor "Hot Dog."

Doctors are urging we have laws to curb the sale of commodities which are dangerous to public health. Evidently some of the M.D.'s have gone home with powder on their shoulder and rouge on the lip.

A knowledge of costs is a worthy objective but a foolish obsession.

Why Not More Comfort?

All year round the small boy looks forward to the swimmin' that comes with summer, the business man to golf or fishing, and the home-maker to long sunny hours in her garden or on her porch. When the sun shines brightly upon us, we catch the contagion of his jovial mood, and turn to play.

Electricity and gas help to make our summer playtime possible, for nearly every activity of home life there is an electric or a gas appliance that makes people's domestic tasks shorter and easier, and Public Service is on guard to see that its customers receive from them uninterrupted service.

Waffles Popular on Summer Menus

As a hot dish for luncheon or supper in warm weather, or as a comforting between-meal dish when it's cold, waffles are in demand. And they can be prepared quickly when the electric waffle iron is used. A set sold at Public Service stores is especially designed for the home-maker's convenience. It consists of an electric waffle iron, batter pitcher and syrup jug and tray—set complete \$10.95.

Triple Use From Electric Outlet

An electric baseboard or other outlet can, by the use of two-way and three-way plugs, be made to do double or even triple duty, which permits the use of lamps and appliances at the same time.

A key socket flat in design and bearing three plugs is well adapted for use on the table, and will allow the use of candle-sticks and coffee percolator or other combination of electric helps at one time.

Public Service stores show a large assortment of handy plugs and sockets—two-way plugs 75 cents, three-way \$1 and the key socket \$1.05.

Potato Thieves Quickly Caught

Boys Who Took "Spuds" From Store Nabbed by Beck and Rodgers

Saturday morning three Palmyra boys were arrested by Chief of Police Beck and Officer Rodgers for stealing 25 baskets of potatoes from the Penn Fruit Company, 11 East Broad street, Palmyra. The three youths were Bernard Dinn, John Gorman and George Padgen. The larceny of the potatoes occurred between eleven and 12 o'clock Friday night. The potatoes were left in front of the Penn Fruit Company on Broad street and the boys entered the rear of the yard and carried the potatoes, basket by basket, through the alley to the back of the yard and set them by the fence. They then got their automobile, loaded it up with the potatoes and took them to the Hyllon Road, Pennsauken, and hid the "spuds" in a hollow under some bushes.

When the loss was reported to Chief Beck Saturday morning he had his suspicions as to whom the thieves were as the proprietors of the fruit market gave him a clue. Dinn had always teased and "picked on" Frankie Brennen, the youngest employed by the company. Some time ago when Dinn was teasing young Brennen, "Jack," the youngest of the proprietors, stepped in and came to blows with Dinn. After the argument, Dinn remarked that he would get even.

Although the proprietors of the fruit market claimed that they had lost 25 baskets of potatoes, only 14 baskets were recovered. The larceny of the potatoes hurt the business of the store considerably Saturday morning as they didn't have enough potatoes to serve their customers, but owing to the fact that the merchants were new businessmen in Palmyra and because the guilty persons were all local boys, the owners of the potatoes did not want to press the charge.

The owners asked \$25.00 for the loss of their potatoes and damage to business on Saturday. All of the three boys were fined \$25.00 and costs.

PHS NINE WINS

Locals Victorious in Slugging Bee 11 to 8

Although west was tapped for 14 hits at Gloucester Tuesday afternoon, among which were home runs by Brandt and Selesman, he bore down in the pinch and Palmyra came out the victor, 11 to 8. West was the victor over Selesman, Gloucester's ace, who fanned a dozen Palmyra batters. The Palmyra High right-hander collected four of the winners' twelve bingles, including a double and three singles.

Hallies by both Palmyra and Gloucester featured the slugging bee. The visitors accounted for a quartet of tallies in the ninth, while Gloucester succeeded in shoving across five runs. West set down 11 Gloucester batters on strikes, while A. Zoll, his battery mate, had three hits, one a triple. West pitched extra good baseball, not giving a pass. Selesman, of Gloucester, issued four bases on balls.

Palmyra will play at Burlington tomorrow afternoon.

TAG DAY SUCCESS

Riverton Fire Company Raises \$247 for Uniforms

The Riverton Fire Company held a tag day on Sunday May 22, the proceeds to go toward their new uniforms. The boys wish to thank the citizens of Riverton and Palmyra for their liberal support.

The total receipts for the day amounted to \$247 which just takes the boys half way to their goal. The uniforms will be ready for June 10th, when the company will join with the Palmyra company in a short parade to advertise the "Fire Brigade" which will be shown in the Broadway Palace on the 14th and 15th.

Don't forget the boys who are at your service day or night. COMMITTEE.

JAIL BREAKER CAUGHT AFTER EXCITING HUNT

(Continued from Page 1) slip Officer Miller and the posse ran into their quarry on the river bank. Miller called to him to halt and throw up his hands, but when the fugitive saw that the officer did not have a gun he started to run. And those who saw him said he could run, too. He streaked it across Miller's lawn and disappeared. Miller went home for his gun and Quigley took up the search, being joined in a few minutes by Director of Public Safety Williams, who had just arrived in Riverton from the city.

Quigley was working out the river bank when the man jumped over the stone wall and raced across the lawn of the old Frishmuth property and disappeared.

A later examination of the river beach showed where the fellow had hidden in one of the big holes that had been washed in the bank by the river. He had crawled under the broken section of the stone wall, where he could not be seen by anyone passing along the top of it. He evidently thought his pursuers were searching elsewhere when he scrambled over the wall. As the fugitive ran, Officer Quigley fired his gun into the air and blew his whistle. This brought the crowd closing in from all sides so that it seemed impossible for even a mouse to get through the line.

But the man seemed to have evaporated into thin air. Quigley thought he was hiding in the high grass in the fields and was working the ground carefully. When he neared the home of Mrs. William H. Buck, Mrs. Buck told him she had seen a man run toward her house and then double back. The officer and the crowd then worked back toward the Frishmuth property which had already been searched. They decided to try it again. Director Williams, accompanied by Frank Goodman entered the laundry basement, and there they found Morris crouching in a dark corner.

They were taking no chances this time and Officer Quigley slipped the "bracelets" on him. Back to the lockup he was taken, where Officer Miller stood guard while Quigley secured a warrant charging him with robbery, carrying concealed deadly weapons and breaking jail. He was then taken to the county jail by the two officers and placed in care of Sheriff Haines.

So sure was he that he could get out of the handcuffs that he offered to bet he could do it if the officers would let him go if he was successful. John C. Gels, former chief of police in Riverton, looked the man over and said he thought he had seen his picture in the rogues' gallery in the Philadelphia police department. This afterwards turned out to be true. Morris said that he had known Frank Doris, who was one of the four electrocuted recently for the Olney bank robbery in which a policeman was killed. Morris said he came of a good family in Reading.

How He Broke Out After the excitement was all over it was found that the man's escape had been seen by the Conwell boys, from whose backyard the rear of the jail is in full view. They were playing about when they saw the prisoner crawl through one of the small windows near the ceiling of the cell room. They gave the alarm.

How the man managed to get out of the cell so quickly was a mystery at first, but it was later learned that he had reached through the bars and pulled down a heavy tow rope which was kept on top of the cells. Attached to this rope was a heavy hook, with this it was no trick at all to smash the lock.

Boy Work by K. of C. Council

Two Baseball Teams in Training; Exhibition of Camp Life in Near Future

St. Joseph's Council K. of C. is turning its attention to the boys of the Sacred Heart Parish. To the call for support of this movement the boys have responded almost 100 per cent and there are 69 boys at present enrolled. First and second teams in baseball are practicing every night, and are expected to be up amongst the leaders in the Burlington County K. of C. League.

The young ball tossers won their first game of the season defeating McCoy's "horseshoe" pushers 4 to 1. Andrew J. Pratt is director and has full charge of the boys. His assistants are Laurence Schuler, Jacob Strahle, George Porter and William J. Kiek. Within the next few weeks Mr. Pratt has promised that the boys will be given a chance to display their wares. It has been arranged to give a demonstration in camp activities, first aid and drilling before the parents of the boys. A number of the youthful musicians will also help to entertain their elders.

Two Major Degrees The influx of new members has been so rapid during the past months that it was necessary to hold two major degrees in South Jersey, during the past week.

On Saturday night a class of 57 received the honors in Moorestown's new lycium and many of the state officers were on hand to assist in the ceremonies. The officers of St. Joseph's Council were also represented. Gloucester was also the scene of a major degree on Sunday last where a class of 93 were taken into the ranks of Knighthood.

To Ocean City May 29 A delegation from Ocean City Council K. of C. visited St. Joseph's headquarters a short time ago and invited all the members of the local council to attend the cornerstone laying of the seashore council's new home on Sunday May 29. It will be remembered that Ocean City council was well represented on that memorable day when the Knights of these twin towns held a like celebration, and Grand Knight Yearly is urging every member to return the visit.

Ocean City council has been organized but a few years and the fact that they are constructing a building to cost about \$40,000 speaks well for the seashore Knights.

The next game is with the P. & H. YMCA at the Riverton ball park on Thursday, May 26th, at 6.45.

Palmyra, 50 Years Ago, is Subject

Wimer Tells Lions Club of Town's Early History

The Palmyra Lions Club Tuesday evening heard an interesting talk on "Palmyra, 50 years ago" delivered by George N. Wimer, whose parents moved to this town when he was nine years old.

Mr. Wimer used an old map of Palmyra and Riverton to illustrate how the town has grown since that date. A few houses along Broad street and several others out Cinnaminson avenue and down Delaware avenue composed all of the "town" that existed at that time. The bulk of the territory now known as Palmyra was then the farms of the Morgans, the Wallaces and the Thomases.

Highland avenue was "Morgan Lane" running in a diagonal line between the various Morgan farms and extending from the Morgan Homestead on the hilltop to that on the riverbank. Interesting political reminiscences of the days when this district was 98 per cent democratic were related by the speaker. He also told how the woods along the railroad from Cinnaminson avenue to the creek were infested by tramps, whom the

HOUR SUPPLER-WILLS-JONES

HOST TO LEADERS

Nathan Lane, Jr., Entertained Y. M. C. A. Heads on Monday Nathan Lane, Jr., Highway avenue, Riverton, was host to YMCA group leaders of Palmyra and Riverton and vicinity Monday evening, at which time the special invited guests had the pleasure of hearing Hermann Lumm, of Had-donfield, secretary of the American University at Cairo.

Mr. Lumm discussed with the leaders the advantages of getting

groups of boys and young men to discuss problems rather than have speakers to talk to them. His approach to this matter and demonstration of the method was carried out very effectively by the assumption on his part that he was of the Mohammedan faith and he brought out various points to support this relation. Much discussion naturally followed Mr. Lumm's address dealing with the converting of men to Christianity. It was a very profitable and helpful meeting.
