RIVERTON, NEW JERSEY, THURSDAY, OCTOBER 6, 1927

PRICE FIVE CENTS

ARCHITECTS CONFER WITH BOARD ON NEW SCHOOL PLANS

Will Visit Riverton This Afternoon to Inspect Possible Sites for Building

MAY USE BOY SCOUTS AT DANGEROUS CROSSING

The business session of the Riverton Board of Education Monday night of this week was short, owing to the fact that Mr. Simon of the firm of Simon and Simon, engaged by the board as architects for the proposed new school building, was present for the purpose of going over with the members in a general way the major requirements of the project.

President Murray C. Boyer extended the greetings of the board to Mrs. C. P. Mayfield who was elected at the last meeting to fill the vacancy caused by the resignation of Mrs. E. C. Sullivan.

Mr. Elwell suggested that the necessity for signs on Main street bearing the legend "School—Go Slow" had been called to his attention. District Clerk Hemphill replied that the matter had been referred to Director of Public Safety Williams who would take care of it. These signs have become necessary owing to the fact that the Flanagan property on Main street near Fourth is being used for school purposes.

Danger at Corner
Miss Chew, supervising principal, said that a recommendation had been made to her that Boy Scouts be used for the protection of school children at the crossing of Fourth and Main streets. While Miss Chew thought that it was a good idea, she pointed out that it would mean the loss of half an hour daily, or two and one half hours a week to the boys who were used for this purpose. Mr. Mattis said he approved of the plan, and if there were not other boys besides the Scouts who could be detailed for this duty, thus dividing up the time so that the loss would not be so great to any one.

This, with the payment of some bills, concluded the business session and the matter of the new school building was taken up.

Miss Chew briefly outlined to Mr. Simon the requirements as arrived at in a conference between Mrs. Miller and herself. Miss Chew said that the new building should contain fifteen classrooms and such other provisions and equipment as would constitute an up-to-date school.

Mr. Simon wanted to know whether or not the board anticipated Junior high school work, and Miss Chew replied that in her judgment it would be wise to have it in mind as a thing to be done some time in the future.

Mr. Simon discussed the whole proposition in a general way and made an appointment to meet with the board this Thursday afternoon at 4:30 to look over several proposed sites for the new building.

No Report on Park Site
At the meeting of the school board, September 21, District Clerk Hemphill told his fellow members that he would have Mayor Hemphill present to the Riverton Borough Council on the following Monday evening the project of providing ground for the new school building in Memorial park. Mayor Hemphill did not bring up the subject at the council meeting, and District Clerk Hemphill made no report to his fellow members at the school board meeting Monday night, nor did he explain why Mayor Hemphill had failed to give the proposition pledged by District Clerk Hemphill.

The following bills were ordered paid:
Public Service Elms & Gas \$ 7.63
MacMillan Co., electric 16.87
Ellis D. Clifton, electric 15.05
Lyons & Carnahan, books 3.00

W. Paul Van Sant, electrical work 51.65
Robert H. Clelland, hauling 3.75
Current Electric 15.00
Spencerian Pen Co. 1.28

Miss Chew's Report
"There was no tardiness in grades 3, 4, 5, 6, 7, and 8. The 5th grade had the highest percentage of attendance, 98.5%, and the combination 2nd and 3rd grade were next, with 99.3%. The girls in the kindergarten and the boys in grades 3, 4, 5, and 8 had 100% attendance.

"General health conditions are excellent. We shall watch and measure the children during October and send reports of results to the parents. Milk service was resumed September 14.

"Strenuous has been put upon teaching of safety and especially the exercise of caution in the street. Children have been instructed to use only the railroad crossing at Main street, where an officer is always on duty to see that the children are coming to and going from school. The first grade children have been directed to come to the corner of 5th and Howard streets with their older brothers and sisters, as they then have no other street to cross in going to the other building. We have made use of material sent out by the American Road Builders' Association, and as a part of our civic work are enrolling signatures to the following pledge: (Wishing) to do my part in removing from every home the suffering, sorrow and unhappiness caused by street and highway accidents, I promise that I will practice courtesy and caution whenever on the streets or highways; that I will not play in the streets; and that I will not cross the street without first looking in both directions. I will urge other boys and girls to

Dinner Served by Cooking Class

Eight Grade Class of Cinnamon Public School Show Their Culinary Skill

The girls of the eighth grade of Cinnamon Public School entertained at dinner local Board of Education members and others directly affiliated with the school on Tuesday evening, October 2.

Charlotte Bishop, Verna Briggs, Alma Dorward, Hoba Fox, Verna Harke, Bertha Kaeuffer, Roberta Leedom, Gretchen McDonald, Carrie Morris, Dorothy Schuck, Helen Southwick, Evelyn Speaker, Hattie Stokely, and Anna Urban prepared and served the following most palatable menu under the direction of Miss Charlotte Rogers, teacher of Domestic Science.

Fruit Cup
Swiss Steak
Mashed Potatoes
String Beans
Stuffed Tomato Salad
Pepper Jelly
Gelatin with Whipped Cream
Vanilla Cookies
Coffee

The tables were arranged in the form of a "U" decorated daintily with marigolds and orange candles. The place cards were printed in the school print shop by Raymond Coles, Edwin Hercker, and Ernest Mitchell. Each card required individual type setting for the name. An appropriate cut appeared on all cards.

Those entertained were: Mr. and Mrs. Howard G. Taylor, Jr., Mr. and Mrs. Edward S. Wood, Mr. and Mrs. George C. Frank, Mr. and Mrs. Benjamin Lippincott, Mrs. Nathan Conover, Mr. Maurice Conover, Dr. and Mrs. Harry L. Rogers, Rev. and Mrs. Albert J. Harke, Mr. and Mrs. Walter L. Bowen, Miss Helen Blair, Miss Carolyn Cook, Miss Emma Frank, Miss H. Eloise Ryan, Miss Julia Parker, Miss Margaret Park, Miss Sara K. Siles, Miss M. Alberta Jackson, Mrs. Alice A. Terry, Miss Alma Shippis, Miss Evelyn Thomas, Miss Hulda K. Hewitt, Miss Hester M. Phillips, Miss Dorothy Stewart, Miss Mildred Denner, Miss Katharine Dorward, and Mr. John Bagge. After the guests had assembled, Rev. Albert Harke asked grace. Following dinner Mr. Howard G. Taylor, President of the Board of Education, gave in words to the girls and Miss Rogers the appreciation of everyone for the most enjoyable dinner. The plates gave mute evidence of individual appreciation.

After dinner the guests went to the auditorium and sang many of the old songs. Mrs. Benjamin Lippincott and Miss Alma Shippis, teacher of grade three, entertained with humorous monologues.

If a woman isn't quite sure of her husband, she always advertises for a plain cook.

There are 23 days in the year on which the United States flag should be displayed in Illinois.

become a member of the Highway Safety Club. This pledge has been signed by all 7th and 8th grade pupils, and is now being considered in the other grades. The girls of the 7th A group gave an original play in Assembly last Friday which showed the matter is being taken seriously by the children. Bad accidents having occurred to a first grade boy and a former member of the School still remembered by the children, have caused much serious thoughts at this time.

"Work is well started in all grades, and progress of children individually will be closely watched. It is necessary for each child to complete the fundamental work of his grade. This cannot be done without some hard work on the part of the child. Dr. Angell, President of Yale University, told the class of 1921 yesterday that all learning "is at a price, and that price is hard sustained, consecutive effort. Good teaching is a great blessing, inspiration and delight, a means of kindling intellectual enthusiasm before unrequited, but you shall grow in real power only as you put forth your own unremitting effort."

"The habit of such effort must be formed from the beginning of a child's educational experience."

"Our work in music is developing, and we can now see some definite results of the work of the past few years. The singing at Assembly is good in tone and time. Our instrumental music, piano and violin, are in need of tuning and repairs, and I should like to have done at once."

"In connection with our weekly teachers' meetings it is desirable that we take up a book for study in each of our groups, primary, intermediate, and departmental.

Respectfully submitted,
HANNAH H. CHEW,
Supervising Principal.

STATE ASSOCIATION AT MOORESTOWN

The October meeting of the State Association of Freeholders will be held in the Community House, Moorestown, Monday October 10, at 2:30 o'clock. Charles H. Stout, president of the association, will preside and the dinner will be served by the ladies connected with the Community House.

Senator Emmor Roberts will greet the freeholders and their friends, and the address of the day will be made by Honorable Harold B. Wells, solicitor of the Burlington County Board of Freeholders. Julius Caesar Nardella, a pupil of the late Enrico Caruso, will render several vocal selections and there will be other entertainment by local talent. Preparations have been made for 200 guests.

CAR OVERTURNS
Palmyra Autos Collide at Broad and Elm

An automobile driven by Mrs. Nora McLaughlin, of 501 Maple avenue, Palmyra, turned over at Broad street and Elm avenue last Wednesday when it collided with a machine owned by Thomas C. Van Osten, of 813 Lincoln avenue.

Mrs. McLaughlin was going east on Broad street and Van Osten came across the railroad at Elm avenue. The McLaughlin car became hooked with the back fender of the other machine and turned over.

Mrs. McLaughlin was shaken up somewhat but was not injured. Peter Kohns, proprietor of the Palmyra Light Lunch, a boarder with Mrs. McLaughlin, received a sprained back.

No arrests were made. Both cars were insured.

LEVER'S COMPANY WINS HIGH PRAISE

Howitzer Unit Commended For Efficiency at Sea Girt Camp

A general order, issued from the office of Major General Quincy A. Gilmore, commanding the Forty-fourth Division, New Jersey National Guard, highly commended "Cannon" Howitzer Company for its efficient work in handling the American flag and gun detail at Camp Moore, Sea Girt, during the last field period of training.

Colonel Edward R. Stone, commanding officer of the regiment, also conferred on the Howitzer Company the regimental banner, which is awarded to the company scoring the highest efficiency in the following points: Conduct of men, camp sanitation, best kitchen and best mess.

This company received a mark of 94.5 per cent.

Captain Harold B. "Boots" Lever, of Palmyra, company commander, is helping his men outline a lively athletic program for fall and winter, consisting of basketball, handball, volleyball and indoor track.

The officers of the company, Lever and Lieutenants Harold R. West, of Palmyra, and W. V. Post have invited the public to view the weekly drills of the company. The captain thinks that if the men know that they are working under the critical eyes of their friends they will reach an even greater degree of efficiency.

RIVERTON WINS OPENING GAME

Miller and Cunningham Score Riverton's Touchdowns

Last Saturday Riverton opened its football season by defeating the Frankford Cardinals 14 to 0 in a well played game. The victory was a surprise, as the Cardinals were considered the favorite to win.

Russell Miller scored Riverton's first touchdown by straight football in the first quarter. Pettis kicked a drop kick for the extra point. Our next score came in the third quarter when Cunningham took it over the line and scored the extra point by a drop kick.

The visiting team played clean, plucky football and deserve credit for holding our heavier Riverton team to this low score.

The prospects are that Riverton will be represented by one of the strongest teams that they have had in years and expect to play every Saturday during the season at Riverton.

The following are the men and their numbers that are playing with Riverton this year:

- 1—Applegate, S.
- 2—Hylton, J.
- 3—Kappus, F.
- 4—Wills, A.
- 5—Cunningham, F.
- 6—Carroll, T.
- 7—Voigt, E.
- 8—Pettis, J.
- 9—Downs, L.
- 10—Bowers, E.
- 11—Todd, W.
- 12—Richman, H.
- 13—Fowler, R.
- 14—Hollingshead, S.
- 15—Orcutt, L.
- 16—Miller, R.
- 17—Schneider, H.
- 18—McIntyre, W.
- 19—Williams, J.
- 20—Oberst, W.
- 21—Schreier.

This Saturday Riverton will play the "Mighty A's" of Frankford. Kick-off 2:30 p. m. at Memorial Park.

RETAIL DANCE

The Retail Athletic Club of Riverton will give the first of a series of fall dances, Friday evening, October 21. The new Fire House Hall, West Scott street, Riverside, has been secured and this is the first social affair of this kind to take place there. The new Fire Hall is one of the best in the state and has the finest dance floor in this section. The music for this dance will be furnished by Carl Hartman's Jersey Ramblers. Rowan Bright and Charles Bradley are in charge of arrangements.

APPROVE WATER RATE INCREASE

Increase in Palmyra-Riverton Charges O.K'd. by Utilities Commission

COMPANY HAD BEEN MAKING ONLY 3%

The increase in rates recently petitioned for by the Riverton and Palmyra Water Company has been granted by the Public Utilities Commission and went into force as of October 1.

The basic rate for meters per quarter is increased from \$3 to \$4. The minimum allowance is decreased from 10,000 gallons to 8200 gallons. Tariffs for excess use are increased from 30 cents to 40 cents per thousand gallons.

An investigation last year showed, according to Robert W. Knight, of the Water Company, that more than 50 per cent of the consumers used less than the 10,000 gallon allowance per quarter and that more than 50 per cent used less than 6,000 gallons.

The increased rate, Mr. Knight said, was due to steady increase in operating expenses. The company, he said, has been making only 3 per cent on its investment, while the new rates will enable it to make 4.3 per cent and it hopes that further increases in the number of consumers will bring a greater rate of profit.

The new rates, Mr. Knight said, compare very favorably with those of other privately owned companies in this section of the state.

To the Mayor and Council of the Borough of Palmyra:

We, the undersigned, A. B. Cramer, a member of your Borough Council, and Joseph S. Low, your Borough Solicitor, report that we have heard the hearing in re increase in rates of the Riverton-Palmyra Water Company, before the Public Utilities Commission, State House, Trenton, New Jersey, on Tuesday, September 27, 1927, and at said hearing the company's application for an increase in rates from \$4.42 to \$4.79 per 1000 gallons was approved.

The Commission after examining the testimony put in a week previous to the hearing, and after hearing the arguments of the company and the appraisers, and after hearing Hon. William T. Read, representing the Borough of Riverton, and your own solicitor, decided to allow the increase in the rates, making a provision, however, that the Water Company is to furnish to the Commission a report each three months, so that the Commission might ascertain whether the increase in rates is being used for the purposes for which it was granted, and if not, to reduce the rate to the facts as set forth in the quarterly report as to be made by the Water Company warrant the same.

There was a distinct understanding between the two municipalities represented, the Water Company and the Commission, that the service charge as set forth in the petition was included in the annual rates and was not an additional charge to be made by the Water Company. It was agreed that it was not clear in the petition, but was an attempt by the Water Company to carry out the suggestions of the Commission that the rate should be divided as to cost of furnishing water and cost of service.

We might also say that the Commission advised us that the attitude of the Water Company and the attitude of the Commission, as represented, seemed to be that they each desired to be fair to the other, and under those circumstances the Commission advised us that it was their intention to see that the rates were to be made fair to both the municipalities and the Water Company.

Very truly yours,
JOSEPH S. LOW,
A. B. CRAMER.

PARRY WINS

Team Closes Season With Victory Over Bridgeboro

The Parry A. A. won its final game of the season with a brilliant victory over the Bridgeboro All Stars. Tuckolski making his debut as a pitcher held the Stars to two hits. This win closes a successful season for the Parry A. A.

PORCH CLUB OPENS

The Riverton Porch Club held its first meeting this fall on Tuesday October 4. In the absence of the president, Mr. Rowden F. Corry the first vice-president, Mr. Sherman L. Warren presided. The reports of the officers and the chairmen of the committees were heard and approved. Each chairman, as far as possible, outlined her plans for the coming year.

Mrs. Samuel W. Collins and her daughter sang two duets. A social hour after the meeting served to welcome the old and new members after the summer recess.

LARCENY CHARGE

Man Wrecked Car Before It Was Paid For: Acquitted

At a hearing before Squire Enoch Johnson, of Delanco, last Friday night, Howard West, of Mount Holly was charged with larceny of an automobile. The charges were preferred by the Rein Motor Company.

At the hearing the representative of the motor company said that West failed to make any payment on an automobile, which he purchased from the company, since August and claimed that the failure to make payment was larceny of the car.

West said the car was in a backyard at Beach Haven, where he left it when it broke down the first of August. Squire Johnson released West and said that he could not award the title to make the installment payments on an automobile could be charged as larceny. Attorney Daniel Lichtenthal represented West.

New K. of C. Chief Roundly Applauded

Big Crowd on Hand for Installation of Recently Elected Officers

The first meeting of the newly elected officers of the local K. of C. Council was held in the hall on last Tuesday evening. The largest gathering of Riverton and Palmyra Knights that ever attended the initial meeting for new officers was on hand to greet their new leaders.

In retiring from the grand lodge, Joseph T. Yearly, the new Grand Knight, Harry C. Sim, was a signal for the pent up feelings of the Council to break loose and after many minutes of applause the new leader finally ordered and directed what ensued.

Harry C. Sim, a charter member of the local council has been an active member in K. of C. circles in Burlington County for the past nine years and has held the office of Treasurer since the institution of St. Joseph's Council.

The council over the gavel to the new Grand Knight, Harry C. Sim, was a signal for the pent up feelings of the Council to break loose and after many minutes of applause the new leader finally ordered and directed what ensued.

P. O. S. of A.

New Style of Entertainment Provided for Camp 25

The members of Washington Camp, No. 25, P. O. S. of A., enjoyed a new type of entertainment last Monday evening. Two high class acts of vaudeville were presented by the new entertainment committee. Refreshments consisting of sandwiches, coffee, tea cream and pretzels.

The entertainment committee wants to take this opportunity to invite all the members of the Order to be just a little more regular in their attendance. The next meeting will be the 25th at which time there will be the burning of the mortgage in effigy and good speakers from the National Camp, also cast.

The plan is that the second Monday night in the month will be Entertainment Night and the fourth Monday night in the month games and addresses of interest. Many good things are in store for those who are willing to sacrifice a few hours each Monday night to show their interests in the principles for which this great organization stands.

HILL-DORRANCE

A brilliant society wedding took place Saturday, at noon, when Miss Elmore Dorrance, daughter of Mr. and Mrs. John Thompson Dorrance, became the bride of Nathaniel Hill, son of Mr. Crawford Hill, of New York.

The ceremony took place in the Church of the Redeemer at Bryn Mawr, and was performed by the pastor, the Rev. George Calvert Carter, assisted by the Rev. Richard H. Gurley, rector of St. Martin's Church, Radnor.

The bride was given in marriage by her father, and was attended by Princess Odessa, Miss Sara Mary Barnes, Miss Patricia Carstairs, Miss Fifi Dorrance, and Miss Charlotte Dorrance, as bridesmaids.

Mr. George H. Pendleton, of New York, was best man, and the witnesses were Count Henri de Compiègne, of Paris; Mr. James Newman Carter, Jr., of Philadelphia; Mr. Melvin Holmes Leonard, of Boston; and Myron K. Blackman, Mr. Albert E. Humphreys and Mr. Hugh Black, of Denver.

The Dorrance family formerly lived on the Riverton road between Riverton and Moorestown.

STATE, COUNTY AND LOCAL OFFICIALS DISCUSS BRIDGE.

BETTY HAS FALL

Dog Throws Palmyra Officer Off Motorcycle

Officer Lawrence Betty of the Palmyra Police force had a narrow escape from serious injury Tuesday afternoon when he was thrown from the motorcycle he was riding down Broad street by Schillinger's dog, opposite Leavitt avenue.

The dog has a habit of chasing motorcycles. Every time previous to this occasion Betty stepped on the gas and managed to pass the dog before he reached the middle of the road. Tuesday the dog jumped at Betty and threw him from the motorcycle, pinning him under it. A driver of a bus stopped and lifted the machine off the officer.

Betty was not hurt but his coat was torn and his leggings damaged somewhat.

Lions Plan Big Musical Comedy

Elaborate Revue to be Staged to Raise Funds for Charity

The Palmyra Lions Club at its meeting Tuesday evening launched a plan to present during the winter a musical comedy for the purpose of raising funds for Lions charity work during the coming year.

The show being considered will be along lines similar to the popular Riverdale Kiwanis Polites, an entertainment which has become famous throughout South Jersey, and which attracts big audiences for several nights each year.

Lion Frank A. Mathews, Jr., who has had much successful experience with amateur theatricals and who is an actor of no mean ability himself, has been selected as director-general of the forthcoming Lions show and every member of the club has promised his earnest cooperation.

It is hoped to enlist talent from both the Twin Towns and vicinity and to build up a cast that will eclipse any similar entertainment ever given in this vicinity.

Large dancing charges, both male and female, are contemplated. Splendid musical numbers are to be arranged and a clever mirth provoking comedy is to be used as the vehicle to carry the whole show through.

Several months of preparation and rehearsing are planned before the actual presentation of the show and no effort will be spared to make of it an annual entertainment of which Palmyra and Riverton will be proud.

LARGE CONTRACT

The Riverside Concrete Company has completed their \$115,000 contract for paving work at Glendora, N. J. within one hundred weather working days, according to their contract with the Gloucester Township.

They have now begun work in Merchantville where they have been awarded the contract over several successful bidders. The contract calls for 244,000 square feet of sidewalk, 54,000 lineal feet of curbing, 13,500 sq. feet of gutter and 15,000 yards of excavation.

If the weather is permissible the work will be completed this year. The Concrete Company has a large force of skilled workmen and eight trucks including two large ones, one of which is new White truck. Besides this there are several machines for cement mixing, curb laying and other necessary work.

AWARD CONTRACTS

At a meeting of Palmyra Borough Council Tuesday evening, the contract for various sewer extensions was awarded to the Palmyra Pipe and Construction Company for \$4,479.79.

The contract for the paving of West Boulevard was awarded the Eugene Verga Company, of Camden, for \$2,472.

When the latter bids were opened the Verga representative found that the necessary certified check had not been included, so he made a hurried trip to his Camden office and succeeded in returning to the Council chamber in time to win the award.

An ordinance was also passed on first reading preventing the erection of poles or advertising signs on West Boulevard.

STATE RED CROSS CONFERENCE

The annual State Conference of the New Jersey American Red Cross will be held this year in Jersey City on October 12. The sessions will be held at the Woman's Club beginning at 10 a. m. and will probably be over by 4 p. m. Any member of the Riverton Branch wishing to attend will please notify Mrs. Alexander Rayner, chairman.

BREAKS INTO SEWER

A large truck owned by the Van Selver Freight Line of Philadelphia, sank into Broad street, opposite the railroad station, Palmyra, Wednesday morning. The rear wheel of the heavy laden truck broke into the storm sewer which was repaired several months ago. The freight was taken from the truck and a huge jack was necessary to lift the car out of the hole.

WOOD-WILLIAMS

Miss Frances G. Williams, daughter of Mrs. Henry S. Williams, of Rosemont, Pa. and Mr. Edward R. Wood, Jr., son of Mr. and Mrs. Edward S. Wood, of Riverton, were married in Havertown Friends Meeting House on October 3rd. Mr. and Mrs. Wood will reside at Ardmore.

Advisory Committee Will be Formed to Solve Palmyra Problems

BRIDGE BACKERS LOOK TO FUTURE TRAFFIC

An advisory committee will be named to help determine a definite plan for street approaches to the new Palmyra-Tacony bridge across the Delaware River.

This decision was the only definite action taken at a meeting of various interested parties in P. O. S. of A. Hall, Palmyra, Wednesday. Representatives of the bridge company, the state highway commission, the County Freeholders, the Pennsylvania Railroad and Palmyra Borough Council were present.

Palmyra Council's suggestion for routing the bridge traffic met with scant attention, as it was considered entirely inadequate. This plan was to bring the traffic up the so-called boulevard, which runs diagonally from the vicinity of the bridge to the town would have to maintain.

A suggestion which attracted much more attention and which evidently was more nearly the idea in the minds of most of those present was advanced by Director Russ of the Board of Freeholders. He advocated an 80 or 100-foot street running from the bridgehead along the banks of Pennsauken creek, skirting clear around the built-up parts of the town and crossing over the Pennsylvania railroad, with an overhead bridge of the type which was built in Camden to carry Federal street traffic across the Crescent Boulevard routes to the Delaware bridge.

In addition to this scheme another favored suggestion was that a huge traffic circle be constructed at a point selected for the distribution of bridge traffic. This idea is also copied from the Crescent Boulevard circle in Camden.

P. H. S. Loses First Football Contest

Collingswood Wins by Three Touchdowns While Mercury Soars High

Palmyra High School opened its football season last Saturday at Collingswood and dropped a 20 to 0 decision to the Class "A" institution, foremost contenders for the championship of South Jersey in that division.

Saturday was no day for football with the mercury soaring at 89 degrees at three o'clock, starting time of the game. Collingswood proved to be the better heat standers in its second contest, having opened the season the week before with a three touchdown verdict over the Moorestown "Quakers."

Palmyra had several chances to score but lacked its usual punch to go over for a marker. The Red and Blue squad certainly missed the line plunking of the crashing "Pop" Mathews, last year's captain and fullback who scored most of Palmyra's points. The services of several good linemen are also missing.

"Heck" Voight, Collingswood's triple threat man, put up a great battle for the winners by playing right halfback and carrying the ball over for one of the three touchdowns. Voight played guard on the defense. The other scores were made by "Jim" Davis, who plunged across the final chip mark for the second score, and "Chubby" Seaman, the "Collie" backfield general, who raced 60 yards through a broken field in the third quarter after receiving a punt.

Couch Diamond used almost all his squad in an effort to bring about a touchdown but the Palmyra boys could not stand the grind. Several times Palmyra players had to be dashed with a bucket of water in order to give them enough pep to continue the game.

Sloan, Palmyra halfback, did most of the ground gaining for the outclassed losers. Time and time again the shifty back made his way through the Collingswood line for five or ten yards. Sloan was taken from the game in the last period because of an injury.

Meyers was the next best man for Palmyra. Meyers was roughly treated by the host team and cold linemen but they could not make him quit. Meyers kept the fight in the losing eleven by his unusual pep in the sweltering sun. Schmeider, the other Palmyra halfback, put up a good game despite his playing with a "charley horse" and sprained side. The left side of the Palmyra line seemed to be the strongest and held the Collie backs whenever they hit that portion of the defense. Backs, snappy left end, was a great help while he played. Backs is light and fast and knows how to break up plays.

Captain Harry Jenkins also played a stellar game for the losers as a roving center. Jenkins is a great strength in backing a line because of his experience at this position.

Lambertville will be played tomorrow (Friday) at the Palmyra Field Club grounds. The kickoff is scheduled at 3 o'clock.

The summary:
Collingswood Palmyra
Kopp left end Backs
Young left tackle Kersey
McLaughlin left guard Adams
Kane center Jenkins
Larson right guard Keenan
Volk right tackle Kerston
McClaffey right end Bartley
Seaman quarterback Hudson
Davis left back Sloan
Voight right halfback Schmeider

POLICE NEWS

Reckless Driving and Disorderly Conduct Brings Fines

Walter Washlich, of 2027 East Manmouth street, Philadelphia, was arrested Sunday night by Chief of Palmyra Police, C. Morris Beck, for reckless driving at the West Palmyra Station.

Washlich was fined \$30 at a hearing before Justice of the Peace William L. Fichter.
Five colored men were each fined \$2.50 Sunday morning on a disorderly charge. They were Clayton Douglas, Robert Chapman, Fred Omos, Earl Hama and Charles Rose, all of Marchantville.

The five men called upon Lem Hill, of Jefferson street, just below Market, and rapped upon his door at four o'clock Sunday morning. The men became disorderly and caused a great deal of disturbance by their loud talking. They thought they could get a night's lodging at the Hill home because they knew the housekeeper there.

Hill did not know any of his visitors so slipped away via his back door and phoned to police headquarters. Officer Lawrence Betty responded and arrested the five men who were found asleep in the car. Each paid his fine and was released.

NEED NEW TEACHER FOR PRIMARY GRADES

Palmyra Forced to Increase Force Because of Over-Crowded Conditions

At a meeting of the Palmyra Board of Education last Thursday evening the matter of relieving the over-crowded condition of the lower grades was thoroughly discussed.

After considering the matter in every way possible it was finally decided to employ a teacher to relieve those over-crowded rooms. The lower grades in the school are filling up rapidly with the growth of the town at the rate of about fifty pupils additional per year. It is impossible for the children to get the proper instruction when a teacher has an over-crowded room. At present it is found that the second and third grades in the schools must have relief.

It will be necessary, owing to the lack of room, to have the second grades on part time. That is, of the three rooms one will run the full day, one from 8:00 to 12:00 and the other from 12:00 to 4:00. Those grades will change their time from month to month so that the same pupils will not be affected in the same way at all times. This will mean no loss in attendance or in the amount of work covered by the pupils of these grades.

The same method has been resorted to in the first grades in past years and pupils in those grades have been prepared for the next grade without any difficulty.

The Board of Education realizes that it will be necessary within a short while to have more school room for the increasing number of pupils.

WEDDING ANNIVERSARY

Mr. and Mrs. Nicholas E. Beltz, of Second and Garfield avenue, Palmyra, celebrated their twentieth wedding anniversary with a party at their home Sunday afternoon.

Among the guests were Mr. and Mrs. N. Dreier, Mr. and Mrs. Albert Dreier, Mr. and Mrs. Frank Lauer, Mr. and Mrs. Nicholas Weber, Mr. and Mrs. Peter Lambing and others from Philadelphia.

The day was also Mrs. Beltz's birthday anniversary. The couple received many pretty gifts and the well wishes of all.

Riverside Bank in New Building

Opened to Public Last Week With Reception; Has Made Fine Showing

The First National Bank of Riverside is now doing business in its new building, which was formally opened with a reception Tuesday evening of last week. More than two thousand men and women inspected the building between the hours of four and nine. Each one was presented with a rosebud and served with refreshments.

The lobby of the new building was a mass of flowers, which had been sent in honor of the occasion by the other banking institutions in the county.

The building is the reconstructed former fire house of Riverside, but it has been so thoroughly remodeled and renovated that it must be considered practically new. The type of architecture is early American style. The first floor is given over to the main business room, the president's office, booths and the other necessary rooms, while the second floor is laid off for meetings of directors and such conferences as may be necessary in the course of business.

The bank started business last November in temporary quarters and it has moved forward rapidly, now having deposits considerably more than a quarter million dollars. The directors are John M. Chant, president; Paul Burke, vice president; Dr. John L. Edwards, Burdette H. Johnson, John G. Mueller, Joseph L. Comerford, Charles A. Wright, Edward W. G. Borer, Clifford R. Powell, Charles S. Goldy, William H. Metzger, Harry J. Ziegler, Theodore T. Stecher and Dr. Roscius L. Downs.

Charles S. Goldy, formerly of Mount Holly, is cashier, and his assistant is Frank Trautman, of Riverton.

CIVIL SUIT

A jury comprised of twelve of Palmyra's citizens gave a verdict of "no cause for action" against George H. Orfe, Jr., Riverside plumber, in a civil suit against William L. Fichter, of Palmyra.

Orfe was charged with the balance of a bill, amounting to \$105.64 which Clarkson owed him for driving a well alongside of his home. Clarkson had already paid \$131.00 of the bill. Orfe drove 25 feet and failed to bring water after he had struck solid stone.

Palmer and Powell, Mount Holly attorneys, represented Orfe while Frank Mathews, Palmyra attorney, represented Clarkson.
The jury included George N. Wimer, foreman; William H. Davis, Edwin A. Griscom, Frank Windish, Fred W. Seiber, William B. Powell, John Davies, Joseph A. Davies, Sr., Samuel Freeman, Louis A. Krause, Harry Kemmerle, Jr., and F. G. Fromuth.
Nelson Wallace was the officer in the case.

SUICIDE

Pennsauken Man Uses Gas After Wife Leaves

John Zoellner, 42 years old, of 101 Harding Terrace, Pennsauken, committed suicide last week by turning on the gas in the kitchen of his home. He was found dead beside his companion, a dog, a Boston bull dog.

Close to the bodies of the two was found a note scribbled in pencil. It read: "Please give this to the newspaper. I am going to meet my Mak-r with my only pal, Rex. I was not a drunkard as some people said I was. I die with a broken heart. J. Z."

The man's wife, formerly Sarah Fitzgerald, of Eklins Park, left her husband September 19. Mrs. Zoellner said her husband drank so heavily that it was impossible for her to live with him.

Neighbors saw Zoellner take a walk with his dog at 5:45 Wednesday morning, and saw him again in the yard at about nine o'clock. It is believed that he died about noon. He was dressed in his best suit and wore several fine rings on his fingers.

Mrs. George Hill, a neighbor living at 107 Harding Terrace, smelled the gas and told several laborers working in the street.

The Zoellners were married three years ago, after Zoellner was divorced from a former wife in Florida.

Why should science go to such trouble in searching about for an accurate lie detector. Any wife will do.

FINDING VALUE OF USING COVER CROPS

"New Jersey farmers are rapidly learning the value of cover crops in maintaining the fertility of the soil," says H. R. Cox, extension specialist in farm crops, Rutgers University. "Within a few years," predicts Mr. Cox, "it will be an unusual thing to see a farm in this State which is not completely covered during the winter with sod, or green crop, or a cover crop."

"On land used for growing cultivated crops, such as corn, potatoes, and vegetables, cover crops will be almost universally used—down by the last cultivation or after the crops are removed. This will come about because a cover crop is the cheapest source of organic matter, because it prevents the surface soil from blowing, because it takes up and holds plant-food for the use of future crops, and because it checks the washing and gullying of fields."

"It is now too late in the season to sow vetch and clovers, but wheat may be sown until the middle of October and rye until the second week in November. The seeds of these two crops are comparatively cheap, easy to get and usually give excellent results. They may either be drilled or broadcast by hand. On land which grows wheat well—the heavier and better soils—wheat may be the best crop to sow. It does not shoot up so fast as rye in the spring and the decays are more readily plowed under. In the poorer or lighter soils or for late sowing, rye is the crop to use."

charged for at the rate of fifteen cents a line.

TAKE THE TARIFF OUT OF POLITICS

Both political parties seem to be trying to stir up the tariff
question.

If politics could be eliminated from the tariff it would be-
come a simple business proposition.

The tariff serves two primary purposes:

First, it prevents cheap labor foreign products, both farm
and manufactured, from being dumped on the American market
at the expense of the home producer.

Second, it forces the foreigner who has the privilege of sell-
ing in the best market in the world, to pay a tax to our govern-
ment, thus reducing our other taxes by that amount (some
\$500,000,000 a year).

We do not want to shut out foreign competition, neither do
we want to give it an advantage over the home producer.

Equity and fair dealing should govern in establishing tariff
schedules, rather than partisan politics or favoritism for any
class or product.

YOU OWE MORE THAN TAXES TO YOUR COMMUNITY

In a recent address on "Civic Leadership, Development and
Responsibility," Samuel Insull, President of the Commonwealth
Edison Company, of Chicago, said:

"I hold that every man owes something besides his taxes
to the community in which he lives. The more he has been fa-
vored mentally and materially by fortune, the more he owes. In
discharge of that debt, he is under obligation to do for the com-
munity something that he does not get paid for, something that
he does not make money by. His obligation to do this is not
just a once-in-a-while obligation; it is a continuing obligation,
and what he does in discharge of it should be limited only by his
abilities and opportunities.

"A true sense of civic responsibility springs from recogni-
tion of this obligation. Individual response to it produces the
civic leadership that assures continuous, well balanced, sym-
metrical community development—the development that pro-
vides for social and spiritual needs, so to speak, as well as for
the physical and material needs of a community.

"It is to the men of constructive vision that we owe the
wedding of this continent into one homogeneous whole—the
greatest amongst the modern creations of empire. It is to this
constructive class that we owe the development of our great
communities and our great businesses, and from them you should
draw your inspiration for taking your share of civic responsi-
bility and community service."

FIRST LUTHERAN

Rev. William M. Erhard, Pastor

Holy Communion will be admin-
istered next Sunday morning at
11:15, at which time the full Com-
munion service will be used as it
was used at Easter.

Holy Communion should mean
much in the life of the Christian,
especially if we have a right con-
ception of what it really is. The
Lutheran view is so often misun-
derstood especially by people of other
denominations. With us it is more
than a memorial and less than a
material presence, which are the
two extreme views of the Lord's
Supper. It is in common words,
specifically this: A memorial and
more.

Easter is a memorial of our
Lord's resurrection, and we cele-
brate it with profit to our souls.
Christmas is a memorial of the
birth of the Messiah, and we gain
spiritual refreshment in celebrating
it. But Christ does not command
us to observe these days, as we are
entreated by the Lord to observe
the Lord's Supper. When the Lord
Jesus instituted, he will not expect
us to carry on without conveying
by His special presence, a special
blessing.

Though the presence of Christ is
not taught as being present in the
material bread and wine, yet in the
celebration, he is in a special sense
present. It is a private appoint-
ment with the royal Master. Now
suppose that any one of us should
have a private appointment by good
fortune with the King of England,
or some other equally noted celeb-
rity, and we should be negligent in
our preparation, would not the king
be likely to send us personally be-
hind bars?

Will you slight your
King Master in your appointment
with him? Where you would not
think of doing so with an earthly
celebrity?

Prayer Meeting Thursday evening
at eight o'clock, at which time the
pastor will resume the studies in
the parables. Let us "pray our
church through." Other enter-
prises have been "prayed through,"
and in reading of them, it makes
one feel that if we keep constantly
and earnestly bowing the knee to
God, we shall overcome our diffi-
culties, but if we neglect the divine
part, if we do not keep acknowl-
edging our dependence upon God,
we shall fail in spite of our hard-
est efforts and most brilliant plans.
Luther taught at 6:45 Sunday
evening. Stewart Richetta will be
the leader. There was a very pro-
fitable business session held last
Monday evening, the nature of the
devotional program being the main
theme of discussion. You will find
a varied and colorful program in
our Luther League meetings from
now on, and you cannot miss a
meeting without missing some new
interesting or instructive feature.
The pastor and congregation wish

Delivers Lecture on Christian Science

A. Hervey-Bathurst Addresses
Gathering at Broadway
Palace Theatre

At a lecture on Christian Science
delivered in the Broadway Palace
theatre, Palmyra, last Sunday af-
ternoon, the speaker was introduced
by K. Rutherford, of Riverton, as
follows:

"On behalf of the First Church
of Christ of Scientist, of Riverton,
I welcome you. Also on their be-
half I thank Messrs. Romm and
Zink who have again given us
without charge, the use of this
splendid hall.

"A good many years ago Paul
wrote a letter to the Hebrews. In
this letter he said, among other
things, 'things which are seen were
not made of things which do ap-
pear.' If this statement of Paul is
true many universally accepted ideas
are nothing more than illusions.
If sickness, for example, is not
what it seems, it is necessary, in
order to achieve its cure, to dis-
cover its true nature, to first discover
just what it is.

"Christian Science teaches that
sickness is the result of wrong
thinking. Christian Science treat-
ment, then, corrects our thinking
and in correcting our thinking heals
the sick. As our leader, Mary
Baker Eddy expresses it on page
390 of 'Science and Health with
Key to the Scriptures' it is our
ignorance of God, the divine Prin-
ciple, which produces apparent dis-
cord, and a right understanding of
Him restores harmony."

Mary Baker Eddy was the dis-
coverer and founder of Christian
Science and the author of the book,
'Science and Health with Key to
the Scriptures.' We Christian
Scientists love Mrs. Eddy and you
will love her too after you have
experienced some of the blessings
which Christian Science brings in
order to explain Christian Science
to those who are interested, Mrs.
Eddy established a board of lectur-
ers. The members of this board
are, because of their long study
and successful practice of Christian
Science, well qualified to talk to us
about it.

Introduces Speaker.
This afternoon we are to have
the pleasure of listening to a mem-
ber of this board of lecturers of
The Mother Church, The First
Church of Christ, Scientist, in Bos-
ton, Mass. I am happy to introduce
to you Mr. Algernon Hervey-Bath-
urst, C. S. D. of London, England,
who will now speak to you about
Christian Science."

Mr. Hervey-Bathurst's remarks
follow in part:
Nearly twenty centuries ago a
momentous question, "What is
truth?" was asked by a man whose
name had been handed down to
posterity because he sat in judg-
ment on "the most scientific man
that ever trod the globe," as Mrs.
Eddy refers to Jesus in 'Science
and Health with Key to the Scrip-
tures' (p. 313). Is not that some
question still being asked, directly
or indirectly, by many millions of
unsatisfied or dissatisfied people to-
day?

Let me say, however, that the
number of dissatisfied people is de-
creasing, and the decrease com-
menced sixty years ago when Chris-
tian Science, or the Science or
knowledge of the Christ, truth, was
revealed to a waiting and hungry
world by a refined, cultured, and
above all, spiritually-minded wom-
an, Mary Baker Eddy, the Discov-
er and Founder of Christian
Science. Mrs. Eddy was of English
and Scottish descent. Her parents
lived in Concord and Bow, New
Hampshire, and were respected cit-
izens of New England, that part of
the United States of America where
the discovery was made, and which
has already brought health and hap-
piness, the true concept of heaven
or home, to some millions of wan-
derers in the dreary desert of doubt
and despair.

Paradise With Lincoln
It is interesting to note that the
courageous stand which Lincoln took
against slavery—his determination
to free the slaves of the South, and
the passing of the legislation which
secured that freedom to so many
human beings—was closely follow-
ed by the discovery of Christian
Science by Mrs. Eddy. In the one
case, human beings were being lib-
erated from slavery to human task-
masters. In the other, the other-
wise, mankind is being freed from
the bondage of sick or discordant
beliefs, taskmasters far more relent-
less than were ever any slave-own-
ers.

I doubt if any of us can fully
appreciate what it means to stand
amidst the gibes and taunts of man-
kind. In Lincoln's case against
the hatred and opposition of what
might be defined as the vested in-
terests, or those who could only
interpret Lincoln's working simply
disaster and failure for them.
In the case of the Discoverer and
Founder of Christian Science, how-
ever, we have that noble woman,
Mary Baker Eddy, standing alone
in the face of the opposition of
mankind, in the face of opposi-
tion greater and fiercer than had
been faced by any one since Jesus' time,
determined to give to the world
that which was so reforming
religion, replete ceremony and ritual
by the fruits of spiritual regen-
eration and physical healing. Her
discovery was so vast and was to
be of such far-reaching effect that
her experiences has never been
equalled since the Father of Chris-
tianity, Jesus the Christ, taught
and practiced in Galilee. Yet Mrs.
Eddy was not alone, for she was
doing her duty, her Father's will,
and therefore working with His
support, sustained by the support-
ing arm of divine Love. Mrs. Eddy
had always been an earnest and de-
voted student of the Bible. From
childhood she had studied the sac-
red volume—always with a desire
to know God better and to do His
will.

Miraculous Discovery
The story of Mrs. Eddy's dis-
covery of Christian Science is in-
teresting and well known. At a time
when it was expected that the ef-
fects of the accident from which
she was suffering would prove fatal,
Mrs. Eddy begged to be left alone.
She turned to the Bible and read
that well-known passage in Matthew
9 where the Master healed the man
sick of the palsy and said to him:
Arise, take up thy bed, and go
unto thine house, and tell only
thy friends and neighbors that the
Son of Man is here. The words were
understood the deep spiritual meaning
of that statement; in other words,
recognized and demonstrated man's

RIVERTON ITEMS

Mr. and Mrs. J. M. Coddington
and sons spent Saturday and Sun-
day at Bernardsville visiting Mr.
and Mrs. William Seymour. Mrs.
Beymour is Mrs. Coddington's sister.
Mr. and Mrs. J. Y. Sylvester en-
tertained relatives from Morris
Plains over the weekend.

Mr. and Mrs. William Haley have
moved into their new home at 609
Linden avenue.

Mr. and Mrs. Thomas J. Seaman
visited Mr. and Mrs. A. H. Burns
from Friday until Monday. Mrs.
Seaman is a sister of Mrs. Burns
and they were en route to their
home in West Coral Beach, Fla.

Mr. and Mrs. S. R. Cole, who
have been spending the summer at
Wildwood, will spend the winter at
the home of Mr. and Mrs. Otto
Sauer.

Mrs. Edith Spear has returned to
her home in Pittsburgh after spend-
ing three weeks at the home of
Mrs. John Hillson, recuperating
from an operation for appendicitis.

Mrs. Horace Schoser, Miss Betty
and Ruth Schoser, Donald Schoser,
Mr. and Mrs. Victor Perkonis and
daughter, Barbara, of Wilkes Barre,
were guests of Mr. and Mrs. John
Nichols on Sunday.

Mrs. William L. White, of Cin-
cinnation street, is seriously ill at
the home of her daughter, Mrs. Rus-
sell Collins, in Camden.

Mrs. Helen Miller, of Norristown,
spent the weekend with Mr. and
Mrs. Morris Steedle.

Mrs. Ethel Harris, of Riverside,
is recuperating from her recent ill-
ness at the home of her parents,
Mr. and Mrs. John Hillson.

Mr. and Mrs. H. MacMullin,
Mr. and Mrs. Dennis Maloney, and
Mrs. Otto Sauer, motored to Nor-
ristown on Sunday.

Mr. and Mrs. Charles B. Jessup,
of Cincinnati, announced the mar-
riage of their daughter, Elliza-
beth, to Mr. Frederick A. Lippincott.

Mr. and Mrs. Ernest Chew enter-
tained 32 relatives over the past
weekend at their home. The family
gathering was a farrow party to
Mr. and Mrs. William Hoffman, of
Madison, Wisconsin. Mr. Hoffman
is Mrs. Chew's brother.

Mr. and Mrs. C. T. Woolston have
returned home after spending the
summer at Longport.

James H. Taylor, owner and man-
ager of Taylor's Garage at Broad
and Fulton street, has taken the
agency for the Auburn car. Phone
Riverton 604-W for further informa-
tion.

Mrs. Frank Coddington and
daughter have returned after spend-
ing two weeks with Mrs. Paul Good
at Margate.

COLLEGE OFFERS SPECIAL COURSE

For persons unable to take
longer courses the state college of
agriculture at Rutgers University
will be open on October 10 to a two-
week course in dairy products
control. This course is especially
intended to meet the needs of
milk inspectors, members of
health boards, laboratory men in
milk receiving plants, and ice-
cream factories, and others who
work requires that they know how
to determine the bacterial and
chemical content of milk. The
course was offered for the first
time in 1926 and has been favor-
ably received by heads of dairy
manufacturing plants. A number
of them have sent employees to the
college so as to improve their tech-
nical knowledge.

Work of the course includes lec-
tures and laboratory practice in
making media; sterilizing media
and equipment; taking samples;
methods of preparing plates; count-
ing and interpreting results.

Special methods employed in labora-
tories where milk and dairy prod-
ucts are analyzed for chemical and
bacterial contents. Attention is
given to the matter of organizing
a laboratory and choosing and buy-
ing equipment for bacterial and bi-
ological analyses.

Tuition is free to residents of
New Jersey but a registration fee
of \$10 is charged to cover cost of
materials and use of equipment.
No entrance examinations are given.
Men and women 17 years old or
over who have had at least two
years in high school or who have
been engaged in the dairy labora-
tories are admitted. Applicants are
requested to appear at the short
course building, which is located
at the college farm, New Bruns-
wick. Registration takes place from
9 to 10 a. m., Monday morning,
October 10.

CARS IN COLLISION
When a Worth Bus Corporation
wrecking car skidded into a Buick
sedan at Union Landing Monday
Mrs. Fred A. Roberts, of Trenton,
was scratched and cut by flying
glass. Her husband, who was driv-
ing the Buick was not injured.

The Buick is owned by the Crane
Ice Cream Company and was driven
from their Trenton office.
Officer Hickey took charge of
affairs but made no arrests as the
parties agreed to settlement, and
the accident being of an unavoidable
nature Quigley dismissed the par-
ties.

God-given dominion or freedom,
and rose from her bed healed. So
sudden and surprising was the oc-
currence that when she walked into
the adjoining room those assembled
there thought they beheld an appari-
tion.

What was it that Mrs. Eddy dis-
covered or that was revealed to her
in answer to prayer in that exper-
ience? It was the truth of being
What was not the fulfillment in the
measure of the statement of the
Master, "If ye continue in my word,
then are ye my disciples indeed; and
ye shall know the truth, and the
truth shall make you free." I trust
that you will not during the time
at our disposal brow Christian
Science has revealed the truth
which still makes free—free not
only from all the filth that flesh is
heir to, but which provides the
solution for all the problems with
which mankind is now, or ever may
be, faced. My friends, that truth
is available for all of us here and
now, if we will but accept it.

"Kings of Kings" Now at Aldine

DeMille's Biblical Drama Pre-
sented to the Public for
First Time

"The King of Kings," the picture
drama dealing with the last two
years of the life of Christ, was
presented publicly for the first time
in Philadelphia at the Aldine
Theatre October 3rd. This is the
work on which Cecil B. De Mille
has been engaged for a year and
which he has directed for Producers
Distributing Corporation from an
adaptation by Jennie Macpherson,
based on the New Testament narra-
tives. Dr. Hugo Rosenfeld wrote
the musical accompaniment for this
picture, which will be shown twice
daily with a large symphony orche-
stra.

In "The King of Kings" are re-
produced the great historical lo-
cates of Galilee, the Temple, the
Halls of Calaphas and Pilate, the
Hill of Calvary and the Easter Gar-
den so familiar to readers of the
narrative or those who have travel-
ed in the Holy Land. Eighteen
principals of stellar importance were
required; there were no less than
530 named roles and 4,228 super-
numeraries. Among the noteworthy
principals may be mentioned H. B.
Waters, Dorothy Cummings, Ernest
Torrence, Joseph Schildkraut, Jac-
queline Logan, Rudolph Schillkraut,
Montagu Love, Sam De Grasse, Vic-
tor Varnell, Theodora Knott,
George Siegmann, Majel Coleman,
William R. Barry, Julia Faye and
Robert Edison.

A schoolboy wants to know how
many square rods it takes to make
a wisecrack.

After a man gets married he has
less to say about what he can or can
not afford.

Mr. and Mrs. Ernest Chew enter-
tained 32 relatives over the past
weekend at their home. The family
gathering was a farrow party to
Mr. and Mrs. William Hoffman, of
Madison, Wisconsin. Mr. Hoffman
is Mrs. Chew's brother.

Mr. and Mrs. C. T. Woolston have
returned home after spending the
summer at Longport.

PERRY—STERLING
Miss Helen Cohen Sterling,
daughter of Mr. and Mrs. F. G.
Sterling, of Palmyra, was married
to Mr. Thomas C. Perry, of Cata-
kill, N. Y., Sunday morning, October
2nd, at 9 o'clock in the Presbyter-
ian church, Riverton, by the pastor,
the Rev. Charles T. Bates.

Only the immediate family was
present. The bride's brother, Mr.
Leslie S. Sterling and wife, of De-
lanco, were best man and matron

of honor. The bridal couple left
Sunday evening for a motor trip
through Pennsylvania and New
York. Mr. Perry is District Super-
intendent of Schools of Green Coun-
ty, N. Y. Mrs. Perry has been or-
ganist at the Presbyterian Church,
Riverton, for eight years.

They will be at home after Nov-
ember 1st at 151 Broad street,
Catskill, N. Y.

PALMYRA NOTES

The regular business meeting and social of the King's Daughter's Bible Class will be held at the home of Mrs. D. T. Mason, 226 Horace avenue, on Tuesday evening, October 11.

M. J. Flynn, of Atlantic City, spent Sunday, with Mr. and Mrs. William O'Donnell.

Misses Kitty and Patsy Grogan, of Lansdowne, spent Sunday with Mr. and Mrs. F. J. Barr, of Garfield avenue.

Mrs. Anna V. Blackburne is enjoying a trip to California.

Miss Emma Rudderow is enroute home after a delightful trip to California.

Miss Ida M. Jordan, of Bridgeboro, was hostess at a birthday party and dance given in Society Hall, Tuesday evening, September 27.

About 75 guests from Riverton, Palmyra, Philadelphia, Germantown, Atlantic City, Merchantville and Lansdowne enjoyed the affair.

J. Wilbur Matthews left Palmyra on Sunday on an extended business trip West.

Mr. and Mrs. Raymond L. Bailey, of Highland avenue, are receiving congratulations on the birth of a baby girl on Wednesday, September 28.

Mervil Haas, little daughter of Mr. and Mrs. Clement A. Haas, Jr., of Fourth street, celebrated her tenth birthday at a party Saturday evening, September 24. Many little guests were present from Palmyra, Riverton and vicinity.

Charles Walters, of Hartford, Connecticut, was a Palmyra visitor on Friday last.

Mr. and Mrs. W. L. Rich and Mr. and Mrs. William H. Yost, Jr., visited relatives in Brooklyn Sunday.

Mr. and Mrs. Edwin A. Grisoom and son, Lloyd, motored to Millville Sunday.

Mrs. James P. MacFarlane, Mrs. John C. Hoepfner and Mrs. A. C. Hirsch went to Washington Monday to attend the National Red Cross Convention held there on October 3 to 6.

Walter J. Schopp and family, of Roxborough, have occupied the Atkinson property, 921 Garfield avenue, which they rented through Raymond Warner, Realtor.

Mrs. E. S. Childs, of Brooklyn, is visiting Mrs. George M. Becker.

Mr. and Mrs. William Minks and Mr. and Mrs. Harry Storke returned Sunday from a week's motor trip to Niagara Falls.

Mr. and Mrs. Albert Smith, of Stonehurst, and Michael Haughey, of Philadelphia, spent Sunday at the home of Harry Kemmerle.

Mr. and Mrs. Earl VanderSmith, of Philadelphia, were guests of Mr. and Mrs. Joseph Seel on Sunday.

Mrs. A. B. Cramer returned home Saturday after spending three weeks with her daughter in Malva, L. I.

Mrs. Mary Ascher, of New York, visited her sister, Mrs. A. B. Powell last week.

Dr. and Mrs. James E. Brown entertained relatives from Philadelphia on Saturday.

Mr. and Mrs. John Coyle and Miss Mary Kemmerle, of Ventnor, motored to Palmyra on Friday, and Mrs. Harry Kemmerle returned with them for a visit.

Mr. and Mrs. Harold Hilbert, of East Orange, spent the weekend as guests of Mr. and Mrs. A. B. Cramer.

Howard Powell and sons, of Camden, visited at the home of W. B. Powell on Sunday.

The Baptist Y. P. B. gave a doggie roast at Giberson's woods last Friday evening, and forty-two members were present.

Miss Mildred Roach, of Palmyra, and the Misses Mary and Ruth Winklespecht and Sarah Shriver, of Riverside, enjoyed Sunday canoeing in Mount Holly.

Miss Margaret Lawlor, of Phoenixville, spent the weekend with friends in Palmyra.

Mrs. Frank Mathews, Mrs. Harold Baker, Mrs. Thomas Braddock and Mrs. Harry Munsfeld attended the meeting of the Luck Thirteen sewing circle at the home of Mrs. H. B. Gilpin at Merchantville, Friday night.

Mr. and Mrs. Alonso Bernal and family will spend the weekend with Mrs. Bernal's parents, Mayor and Mrs. James T. Weart.

Miss Betty D. Scanlon, 710 Washington avenue, Palmyra, attended the Fifth Annual Banquet of the Leader's Association Girl Scouts of Philadelphia on Monday, October 3, at the Bellevue-Stratford Hotel.

Miss Scanlon has been elected Captain of the Girl Scouts of Palmyra and Riverton and is taking a complete course in scout work at the Temple University, Philadelphia.

JUDGE WELLS MAKES RED CROSS APPEAL

Burlington County Quota For Roll Call Increased

Having again consented to act as Chairman of the National Red Cross of the American National Red Cross, I am naturally interested in seeing that the same is a success in Burlington County.

The National organization is making a great effort this year to increase the Roll Call, and to that end has given each Chapter a quota, that of Burlington County being 5000 memberships, about 1500 more than last year.

While it is true this is the only income of Burlington County Chapter of the American Red Cross, and the only means it has for carrying on its work for humanity, it not only wants your membership fee, but wants your sympathy and interest in its work.

Fifty cents of each membership is sent to the National Red Cross at Washington, with which they take care of such disasters as the Japanese earthquake, Florida Hurricane, Dover disaster, Mississippi flood, etc., always having about six or seven disasters under its care at one time. The balance of the money received from the Roll Call remains in Burlington County and is used in assisting the disabled ex-servicemen and their families and other needy people.

Surely no work could make a stronger appeal to the sympathies of our people than that among the disabled ex-servicemen, many of whom are physically unable to earn a living for their families and must have assistance. Our membership fee seems as nothing when compared with what these men did for us, what they have suffered and what they will suffer all their lives.

I am thus making this personal appeal to the citizens of Burlington County to support the Roll Call in every way and to be ready to join the Red Cross when approached by the workers after Armistice Day, November 11, in order that we may not only reach, but exceed our quota of five thousand members, which is a very small percentage of the eighty thousand inhabitants of Burlington County.

Yours sincerely,
HAROLD B. WELLS,
County Chairman Eleventh Annual Roll Call of the American Red Cross.

Just Like That

"Do you know that Bob kissed me twice this morning before I could stop him!"

"The second! What cheek!"

"Both."

Building a town, like building anything else, requires work, but it also demands that which some human beings unfortunately lack—vision. If it were not for the men and women with vision, towns would seldom get very far, for the tendency of those without this attribute is usually to go backward instead of forward.

Small "Twister" Strikes Lenola

Bungalow Almost Total Wreck From Damage by Storm Tuesday Morning

With all the might and fury of a cyclone, a small "twister" ripped loose the roof and almost completely damaged Edward Adams' six-room bungalow at 263 South Lenola Road, Lenola, during the height of the heavy storm early Tuesday morning.

Mrs. Adams and her eighteen-year-old daughter, Veronica, who were sleeping in the front part of the house, miraculously escaped death. Fortunately, they were in the southeast corner of the house and the gale of wind bent its fury on the northeast corner. The place was hit about 2 o'clock Tuesday morning.

Although trees were blown down, telephones were put out of commission and other places suffered slight damage, the Adams home was the only house in this section where the wind wrought any heavy destruction.

The Adams home is almost a complete loss. The roof was twisted around, the porch roof was caved in and the house was a mass of debris Tuesday morning. A huge tree, easily 100 feet in height, some twenty feet below the house on Lenola Road, was felled and laid across the ruins of the home.

Mr. Adams was sleeping in the rear of the bungalow and did not hear his home literally crumbling with the severe blasts of wind, but was later awakened by the screams of his wife and daughter, who were panic stricken with fear.

CASH PAID
for Dental Gold, Discarded Jewelry, old Bridges, Diamonds, etc. Returned if not satisfied. Mail to ROBERT UHLER 425 Sterling St., Brooklyn, N. Y.

The Churches

Calvary Presbyterian Church
The Sacrament of the Lord's Supper will be observed at Calvary Presbyterian Church next Sunday, October 2nd, at eleven o'clock; evening worship at eight o'clock. The young people of the congregation are urged to attend the meeting of the Christian Endeavor Society at 7:15 p. m.

At the midweek service, on Wednesday evening at eight o'clock; the pastor conducting a course of study on the New Testament.

Many Defendants Set New Record

Numerous Offenders Plead to Indictments at Burlington County Court Opening

Within the short space of two hours last Thursday, Prosecutor George M. Hillman presented more defendants charged with statutory offenses before Judge William A. Slaughter, at Mount Holly, to answer to indictments reported against them by the September Grand Jury, than had ever appeared in Burlington county's historic court house at one time since it was built, back in 1796.

There were very few absentees. It was necessary, however, for the prosecutor to issue bench warrants for a few, among whom were the notorious Jennie Rippenger, of Red Lion, and Wade Gaddis, who is serving time in the Eastern Penitentiary, wanted here for numerous robberies in Moorestown; Spencer Bennett, Harold Bennett and James Kittell, of Ocean County, wanted for assault and battery in Woodland township and for carrying concealed weapons, and the following liquor law violators: John Hentli, of Bordentown; Joseph Sudell, of Bordentown; Ambrose Zaluski, of Lumberton; Michael Kish, of Florence; Robert Seart, of Mount Holly; Joseph Castro and John Martin, Burlington; larceny, and others. Sentences imposed after pleadings in order to expedite business the Court immediately sentenced all the offenders who had pleaded guilty, and some of the penalties meted out should prove a fair warning

to bootleggers particularly, just what they may expect in the future, especially if they have previously been before the Court.

Jacob Lehman, of Centerton, an old offender, drew a sentence of two years in state prison, and at the same time the Court said he hoped other bootleggers in the vicinity of Centerton would take notice.

Lehman has been fined once and now has an appeal before the Supreme Court, in an effort to avoid a county jail sentence. A charge of liquor violations against his wife, Bertha Lehman, was ordered nolle prossed.

Bertha Johnson, an eighteen-year-old Burlington girl, who had pleaded guilty to the sale of liquor, went to the county jail for forty-five days, while her mother, Mrs. Veronica Johnson, who admitted having liquor in her possession, went to jail in default of a fine of \$350.

Liquor Violations

Other defendants sentenced for liquor law violations were as follows: Joseph Stypenski, Riverside, three months in jail and \$500 fine; George Seabrook, Florence, \$500 fine; John Kish, Florence, \$500 fine; George Ray, Mansfield, \$500 fine; James Mulcarick, Hainesport, \$150 fine; Leopold Tiffenbach, Florence, \$100 fine; George Finch, Florence, \$400 fine; Helen Barclay, Burlington, \$350 fine, and she has a disorderly house indictment against her yet to be heard; Maggie Sinclair, Riverside, \$150 fine; George Popp, Florence, \$100 fine; Edward Ostrum, Mount Holly, \$100 fine; Roscoe Kelly, Delanco, \$75 fine; Pietri Sampaoli, Florence, \$100 fine.

and Pous Constantina, Florence, thirty days in the county jail. **Others sentenced as follows:** Daniel Reinos, Mansfield township, gambling machine in store, \$100 fine; John Austin, Florence, desertion and neglect of his wife and four young children, \$20 a week for the support of the children and furnish a bond for \$500; Andrew Deffese, Florence, larceny, probation for two years and pay \$20 costs; Benjamin Shmicheck, Frank Maleni and Francis Borkowski, all Burlington boys charged with stealing apples, probation and pay costs; Joseph Gibson, atrocious assault and battery, \$100 fine; William Morris, Maple Shade boy, larceny, State House for boys; Clinton McElroy, of Maple Shade, who through his many forgeries of his father's name has about ruined the latter financially, went to state prison for two years.

Defendants Who Plead Not Guilty William Clifford Evans, Burlington, manslaughter. Lewis Warner, Mount Holly, manslaughter. Michael Grajcar, Riverside, manslaughter.

Wallace Muir, Mount Holly, manslaughter. William Hale, Wrightstown, assault and battery. William Albertson, Mount Holly, assault and battery.

Robert Michness, Burlington, carrying concealed weapons. Michael Madry, Burlington, who had left for parts unknown and the bail of \$500 was ordered forfeited.

William Bradbrook, Burlington, carrying weapons. Samuel Carling, Delanco, atrocious assault and battery, two indictments.

Ignatius Bojanowski, Chester, statutory charges. Joseph Polito, Florence, statutory charges.

Alex Rubel, Hainesport, assault and battery. Wilbur H. Gildersleeve, Burlington, Clarence W. Jones, Palmyra, desertion and neglect. Alfred Marchese, Burlington, malicious mischief. Russell Zoppina, Burlington, assault and battery.

Reba Ward, Riverside, breaking and entering. Margaret Kalunhala, Riverside, breaking and entering. **Desertion, Neglect**

George Mick, Medford, desertion and neglect. George Teggeas, Florence, assault and battery.

Charles McCord, Beverly, pleaded not guilty to a statutory charge and his case will come up next Thursday. William Dureas, Medford, gambling. His bail was increased to \$1,000, as the property in which he was residing was sold by the Sheriff on Thursday.

Joseph Alvero, Pemberton, assault and battery. Walter Moroski, Hainesport, assault and battery. Richard Dickerson, Burlington, desertion and neglect.

George Heilippen, Hainesport, assault and battery. Richard Carpenter, Eastampton, assault and battery.

Walter Johnson, North Hanover, assault and battery. Arthur Stout, Burlington, disorderly house. Stella Coleman, Burlington, disorderly house.

William Adams, Chester township, embezzlement. Harry Allison, Mount Holly, threatening to burn barn, has been sent to the Burlington County Hospital for the Insane.

Karl Myers, Palmyra, desertion and neglect. William R. West, Beverly, desertion and neglect, pleaded not guilty and his case went over until next Thursday.

Hattie Ridout, Moorestown, disorderly house. Susan Connors, Burlington, disorderly house. Helen Barclay, Burlington, disorderly house.

Liquor Law Violations The following pleaded not guilty to liquor law violations, there being as high as four indictments against some:

Anastasia Alexander, Beverly; Harry B. Russ, E. A. Armour, William Gifford, Atlantic City; Victor Oppie, Roseland; Core Luca, Mt. Laurel; David MacFarland, Beverly; Stella Coleman, Burlington; Arthur Stout, Burlington; David P. Meeks, Mt. Laurel; Joseph Mommola, Florence; John Wajlik, Burlington; Annie Achin, Florence; John Achin, Florence.

Albert Moore, Sr., Mount Holly; Albert Moore, Jr., Southampton; Karl Brodner, Delran; Mary Horvath, Florence; William Dureas, Medford; Herman Burnelster, Westampton; Samuel Reichlein, Bordentown; August Lora, Florence; Mary Lore, Florence; Sarah Goff, North Hanover; Walter Frederick, Burlington; Clifford Nowland, Lumberton; George Simpson, Southampton; Harold Nixon, Southampton; Hattie Ridout, Moorestown; John Spitz, Mt. Laurel; Roman Morris, Burlington.

More "Not Guilty" Edwin Markiewicz, Burlington; Mary Kacubas, Burlington; Susan Connors, Burlington; Antonio Wojcik, Burlington; Stella Kawelick, Delran; Tony Zymolowicz, Clanshaw; John Chelli, Clanshaw; Mary Howe, Burlington; John Rosemont, Fieldsboro; John L. Jacques, Riverside; Charles Kerns, Palmyra; Thomas Coffey, Palmyra; Mary Rubel, Hainesport; Michael Lumbard, Florence; Martin Hurth, Burlington; Melvina Ray, Mansfield; Michael Madry, Burlington; Alex Wargo, Florence; Paul Villari, Palmyra; Ethel Villari, Palmyra; John Smoluck, Burlington; Susan Melvin, Burlington.

Judge Blumhiser took occasion to call to the attention of justices of the peace and other committing magistrates that they had no jurisdiction over misdemeanors, this remark being occasioned by a report that had come to his ears that a case of forgery of a check had been

fixed up in a justice's court, when it rightly should have been brought to the attention of the Grand Jury. Before adjourning several Orphan's Court matters were disposed of.

Short Court Notes Naturalization Court was held in the upper court room on Thursday, when fifty-one aliens passed the necessary examination and were made new citizens.

\$4,750 in fines and forfeited bail was added to the county exchequer as a result of Thursday's session of Court.

Next Thursday gives promise of being another big day, when miscellaneous court matters will be considered.

The attorney general's office will be represented at the Court House on Friday when Fish and Game Appeals will be heard.

Coffee, Coffee, Everywhere Mrs. Ex was throwing a big feed that night and she was giving her new maid final instructions.

"And don't forget, Mary, that coffee is served after everything." "Yes, ma'am," replied the girl. "I understand."

And during the dinner she served coffee after the soup, after the fish, after the meat, as well as after the dessert.

A Panning Pair "This is rough on me," chortled the dumb co-ed as the stud who didn't have kissed her.

An Englishman, flying at about the rate of five miles a minute, wins the air speed championship for 1927. No wonder if the Irishman was chasing him?

Europe is wrong. America is not ruled by petticoats. If they'll come over here they can see for themselves.

Favors New Law To Punish Drivers

Convictions for Manslaughter Difficult to Obtain and Killers Escape Penalty

The Camden county grand jury has recommended that reckless driving of automobiles be made a misdemeanor in order that drivers who kill people may more easily be punished.

Prosecutor E. P. Westcott, of that county, approves the recommendation.

Under present laws, a person arrested in connection with a death in an automobile accident invariably is held for manslaughter pending action of the grand jury, but if that body fails to return an indictment on that charge, the offender escapes without any penalty whatever.

Of course, no driver deliberately kills another person, and in a majority of cases the grand jury is not able to return a true bill on the manslaughter charge. As the recorders charge such a person with manslaughter, and seldom add a charge of reckless driving, the death driver escapes punishment altogether.

"If, in a case where someone is killed, the driver has shown criminal negligence his recklessness may

be called a misdemeanor and the grand jury would not be obliged to prove criminal intent to kill. The driver could be indicted, and in the criminal court convictions would be easier to secure and trial judges of the state could fix the punishment to fit the crime."

SPEED INCREASE OPPOSED BY DILL

N. J. Commission Does Not Favor Plans of Michigan and California

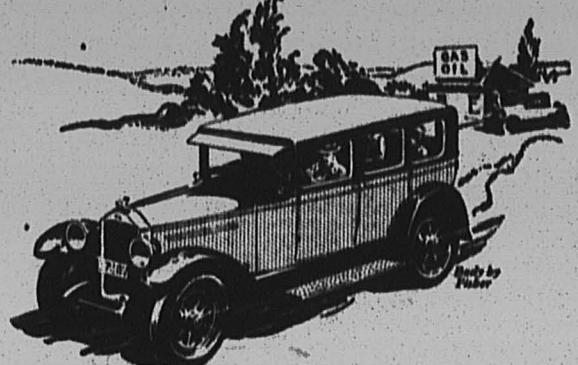

The New Jersey Police Chiefs' Association, meeting at Hackensack two weeks ago, decided to ask for an increase in automobile speed in rural districts from 30 to 35 miles per hour. The resolution, adopted to urge the next Legislature to make the change, was given wide publicity.

At the same time it is reported that Michigan had taken off the speed limit entirely, and that in California speed is a matter for the driver to decide. Maryland, Connecticut and other states have increased their speed limits on the open road. There has been much discussion about it in New Jersey.

Commissioner of Motor Vehicles William L. Dill is not a convert to the proposed change. When asked about it by a newspaper man, he replied:

"We know of no such move at this time. The Motor Vehicle Department has no hesitancy in saying that it is very much opposed to any increase in the present speed limit. It increased to thirty-five or forty miles an hour and everybody violates the same—you will have cars in countless numbers traveling at better than fifty miles an hour."

WHEN BETTER AUTOMOBILES ARE BUILT . . . BUICK WILL BUILD THEM

You Need Never Change Your Oil if You Own a Buick

Last year Buick said: "Change your oil only four times a year." Buick tests at that time had shown that oil changes would never be necessary, with the Oil Filter to remove impurities, and the Crankcase Ventilator to prevent oil dilution. Now, more than a year has passed, and Buick owners in every section of the world—under every climatic condition—have also proved that you never need change your oil if you own a Buick—replenishment and inspection of the Buick Oil Filter only are required.

MOORESTOWN MOTOR CO.

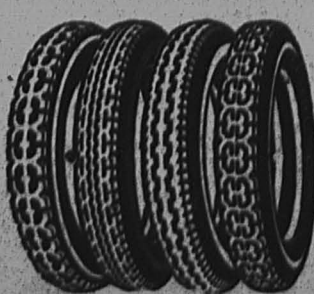

219 WEST MAIN ST. MOORESTOWN, N. J.
Phone Moorestown 77

Announcing The GENERAL TIRE CORPORATION

(A Subsidiary of The General Tire & Rubber Co., of Akron, Ohio)

A new, nation-wide organization, formed along the same lines as the most prominent motor acceptance corporations, now making it convenient for Ford, Chevrolet and other light car owners to purchase the Quality tire on credit in the same high class way that they have financed their cars.

GENERAL'S MODERN NEW TIRE PAYMENT SYSTEM. Credit to Suit Every Purse

Realizing the tremendous demand for a modern money-saving tire payment system—it is a matter of extreme pride with us that as distributors of the General Tire we are able to announce the first and only time payment plan financed by a tire manufacturer—offering these unequalled economies for the tire buyer—Advantages never before given in connection with time payments.

Now, After Vacation, When Your \$20 Bills Have Diverted to \$2. And Your Tires Are One Step Ahead of the Scrap Heap—

BEGINNING TODAY—YOU CAN OBTAIN GENERAL TIRE ON TIME—ONE TIRE OR A COMPLETE SET FOR ANY MAKE CAR OR TRUCK.

The General Tire Co. of Camden, Inc.
9th and Cooper Sts. Camden 1649 Camden, N. J.

WHY PAY INSTALLMENT STORE PRICES for tires of ordinary value when just one more payment, and in some cases less than that, will put the General Tire on your car? No more to pay in the beginning—less expense in the end—and in addition to that, having you have the satisfaction of dealing with a regular tire store that is well established and here to stay year in and year out—with a reputation for square dealing and equipped to give you the most complete service.

ELECTRICITY and GAS Wash, Dry and Iron Clothes

Let the Gas Holder Be Your Fuel Bin

Freedom from anxiety over fuel shortage or stoppage of fuel lines and confidence in a complete self-acting heating system that maintains an even temperature throughout the house, reward the man who changes to gas for house heating.

The gas fired boiler is noiseless and odorless and operates without adjustments or attention. Smoke, ashes, dust and greasy soot are absent when gas heats the home, and the beauty of draperies, rugs, paintings and other fine furnishings is safeguarded.

Ask Public Service for facts and figures on gas for house heating.

Children Love The Open Fire

Wholesome heat helps to keep active little folk well during changeable weather.

The gas radiant heater is ready at the touch of a match to drive the chill from the room and flood it with mellow warmth. Gas radiant heaters in many designs and at various prices at Public Service stores from \$15 upward for a ten radiant heater.

PrestoVac Cleans Small Articles

How many times have you said to yourself when faced with a cleaning problem—"I wish I had a little vacuum cleaner that I could run over this coat" or "If only I could vacuum clean the car and get all the dirt out."

The Presto Vac was designed to fill these needs, by suction to get dirt out of places too small to permit the use of the household electric cleaner.

The Presto Vac is light in weight, easy to handle. It sells for \$25 cash, on terms \$26.25.

Don't Dread Getting Up in the Morning!

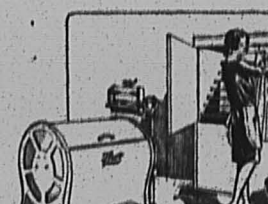

Plug in an electric heater and banish the chill from dressing. Good electric heaters from \$4.75 up at Public Service stores.

THE introduction of electricity and gas in the laundry has raised the standard and shortened the time required for laundry work.

The cleaning action of the Thor Washer is thorough and the finest materials may be washed in it without injury. It washes so rapidly that the work can be done in less than half the time required to do it by hand.

The use of the Thor electrically driven wringer effects a saving in time and labor and its soft rubber rollers will not damage buttons or fasteners.

Purchase Terms for the THOR Electric Washer at Public Service
\$5 down, 18 months to pay

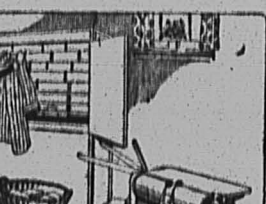

The gas heated clothes dryer provides a quick, easy and comfortable way of drying clothes—protecting them from smoke and dirt. Clothes dried in this way are thoroughly sterilized and are wholesomely sweet and clean.

With the gas clothes dryer in use, weather cannot interfere with washday plans. When the health menace of exposure to sudden change in temperature during trips from laundry to drying green is considered, the advantages of an

efficient indoor dryer are easily seen. Purchase of the dryer may be fitted into your household budget.

At Public Service stores the gas heated clothes dryer may be purchased on the easy payment plan, \$13.50 down and balance in 12 monthly payments.

The next step in laundry work is ironing. Because of its fine work and ease of operation, the Thor folding ironer is a favorite. Its use reduces ironing day to an hour or two of pleasant work, during which the operator is comfortably seated, to guide the pieces as they enter the "shoe" and fold them as they come out. The pressure of a finger opens or closes the "shoe" and turns the motor on or off.

The Thor Ironer is electrically driven and may be heated electrically or by gas.

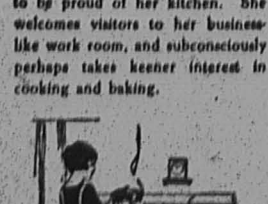

It puts a fine finish on all linen and presses even the most difficult pieces successfully.

At Public Service stores the purchase of the Thor Ironer may be fitted in the household budget conveniently.

\$5 down, 18 months to pay

Public Service Advocates Self-Regulating Oven for Better Cooking and Saving Time

THE woman who owns a well designed gas range with smart lines, easy-to-clean enamel finish, and self-regulating oven, has reason to be proud of her kitchen. She welcomes visitors to her business-like work room, and subconsciously perhaps takes keener interest in cooking and baking.

Automatic oven heat control makes it unnecessary to stand by the range and watch the progress of cooking or baking. Foods are

baked and meats roasted on a schedule of time and temperature. Successful results are thus assured.

At Public Service stores the home-maker will find gas ranges equipped with oven heat regulators in all styles and sizes and at prices planned to suit nearly everyone.

These gas ranges are built in accordance with American Gas Association specifications which assure you of good material, scientific construction and satisfactory cooking results. Prices at Public Service include delivery of the gas range, connection from the gas outlet in the kitchen. Every gas range sold by Public Service is fitted with an automatic top burner lighter without additional charge. Oven heat regulator gas ranges from \$39.50 up.

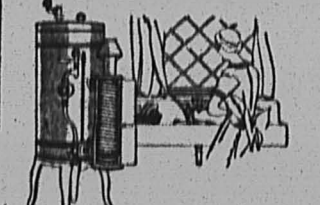

Public Service does not feel that a responsibility is ended when it sells a gas range, so to make certain that the home-maker gets the most out of her purchase, Public Service places the advice and help of its Home Economics Department at the service of every purchaser of an oven heat regulator gas range.

Hot Water Without Waiting

PUBLIC Service investigates the merits of all types of water heaters in search for that which is practical from the standpoint of service and cost of operation. These investigations have convinced us that the gas automatic storage heater stands foremost among all methods of meeting hot water demands in the home. It saves in the convenience it gives, in efficiency of operation.

The principle is simple. Through the use of a thermostat the water stored in a well insulated tank is kept at a fixed temperature. The gas shuts off automatically when that temperature is reached and turns on when cold water runs into the tank to replace the hot water withdrawn.

An installation of any gas automatic storage water heater purchased of Public Service can be depended upon to fulfill the purpose for which it is designed. Prices on this type of water heater begin at \$76.65 cash. All heaters may be purchased on the convenient payment plan.

Where Gas Can Help You Most

In the Davy Safety Garage heater (gas fired) will be found heating equipment that is self-regulating, efficient, clean and pleasing in appearance.

The batteries, radiator and cylinder, the fine finish and upholstery of your car, all these may be damaged by cold and frost. A well constructed gas heater will protect your car. For sale on the easy payment plan at Public Service stores.

Preparing breakfast in a chilly kitchen is unnecessary. The Revnor Wall Hang Heater will soon warm up the kitchen. It has been approved by the National Fire Underwriters' Laboratories.

The Corona Electric Wafta Iron is selling at Public Service stores for \$9—its regular price is \$12.

**AMERICAN LEGION LEADS WAY.
MAN'S ACHIEVEMENT.
LIGHTNING RODS WORK.
THE BABY'S EARS.**

The American Legion in Paris last week adopted the report of its National Defense Committee, demanding establishment of a national air force as a separate department, with an "Air Force Secretary" in the Cabinet. Common sense.

The man that had employed a chauffeur not a chauffeur when he automobile came in. Intelligent nations will add to their Secretary of War and Secretary of the Navy a SECRETARY OF THE AIR now that flying machines have come.

The National Machine Tool Builders' Exposition in Cleveland, recently was a concentrated demonstration of industrial genius and of the tools that have built prosperity and civilization.

Man differs from all other animals in that he is a tool-using creature.

Animals work with their bodies, the beaver with teeth and broad tail, the woodpecker with his beak, the mud wasp with her sting, putting stung caterpillars in cold storage for her unborn children.

Man with his brain, creates tools OUTSIDE of his body, then he harnesses the ox, horse, elephant, Niagara Falls, and the lightning to work those tools.

Cleveland's exhibition contained 300 carloads of machinery sent from eighty cities by 150 companies. There were machines that will turn thirteen-inch guns, others measure a light wave, a million waves or so to the inch.

Lightning struck a barn in Virginia, killed four persons, and two mules, paralyzed a dog and stunned two men. Modern lightning rods properly installed would have prevented that disaster.

Modern protection against lightning is included in the recent White House alteration. All around the balustrade above the White House roof, sharp, short, copper points stand at close intervals, connected by a copper cable, the whole system being connected with the earth, also by copper conductors, buried deep enough in the ground to reach perpetual moisture.

Such lightning rods give real protection. Insurance companies recognize that in lower rates for factories thus protected. Old fashioned, badly installed, cheap lightning rod construction is worthless or even dangerous.

Mrs. Smith had a baby in a Cleveland hospital. She and her husband said it was a boy, when they gave her a girl baby to nurse. The father says: "They can keep that girl, so far as I am concerned, unless they prove it is mine." Something of a prejudice against girl babies in that, perhaps.

One proof offered is that the girl baby's ears are exactly like those of the mother. That is most important. Human ears and the "Darwinian tubercle" that sometimes goes with them are often inherited from generation to generation, and prove heredity at a glance.

Anyhow, ANY girl baby will repay richly any one that takes care of her.

Young William B. Leeds, son of the "Tin Plate King," started his Fokker three-motor engine flying machine for Chicago last week with six passengers and a refuel pilot, he, Leeds, running the machine. They were to stop at Cleveland, then on to Chicago. Young men with money can promote flying in this day.

In Little Rollo's day a good boy would stoop to pick up a pin. The rich, observant banker would notice him, employ him, marry him to his daughter, leave him his fortune. Economy was the watchword.

More James McStowe, of Canton, Ohio, says it's an exploded watchword. In Chicago he picked up a dime from the floor and as he stooped some one stole his pocket-book with \$800. His motto reads: "Look after your \$400, and the dimes will look after themselves."

After listening to a few of those radio tenors we've decided that our American aviators are not the only ones lost on the high C's.

Dr. Frank Crane Says
STUDY THESE FOUR MODEST MEN

Modesty is one of the chief characteristics of true greatness. A great man can have no further commendation or no greater bid for popularity than to have it said that he is modest.

This has been a characteristic of President Coolidge. He has avoided the spotlight and attended to the serious duties of his office with becoming humility. His recent word that he did not choose to run for President again should be taken at its face value. It is the solemn dictum of a man who, having achieved the apex of his popularity, desires to step aside.

Another man who is winning all kinds of plaudits and reaping all sorts of popularity from his becoming modesty is the Prince of Wales. Of course he deserves no credit for being born the son of a king, but he does deserve credit for not slopping over. "He has managed to say the right thing at the right time and to conduct himself with becoming decorum in whatever limelight he may be placed. While he is not to be credited with the distinction of being born to royalty, he is entitled to the distinction of caring for the duties of this superior place as he should. He is well liked not only throughout the British Dominions, but in the United States and elsewhere throughout the world.

To those who have met Jack Dempsey personally he has been a surprise. They expected the Manassa mauler to look like a bruiser. They were surprised to find him gentle, well liked by everybody and courteous. His form is slim and his manner is that of a gentleman. He is affectionate to his family relations and altogether those who know him are not envious of his fame.

The fourth modest man that has recently loomed in the horizon has been Lindbergh. After achieving a feat that brought him the plaudits of kings and nations everywhere he apparently was not possessed of the idea that he was a superman, but modestly restrained his claims to those of a flying man. He had crossed the ocean alone in a flying plane, but did not suppose that because he had done a stunt with his machine in the air he could do every other kind of thing. It is with a feeling of pride that the people of the country read of the way he dominated himself in France and in Great Britain and in connection with the officials of this country. As far as we know, he has made no enemies, for the one thing that makes an enemy is over-weening egotism.

America is justly proud of these four men and principally because they are not proud of themselves especially.

the impressive work of their little captain, Miss Margaret Jenkins, brother of Harry, who is captain of the "Red and White" football team this season.

Palmyra High School Girls' Hockey team triumphed in its season last Wednesday afternoon at the Field Club park with an 8 to 0 victory over the Merchantville High School lasses. It was the first game in the South Jersey Hockey League, for which championship Palmyra is a leading contender. Palmyra tallied three goals in the first half and after this the game was no contest for Miss Purbeck's hockey stars. Miss Cornelia Harding, Palmyra left inside, was high scorer of the game with five of the winner's eight goals. Miss "Kitty" Burr was next with two goals to her credit. The other point was made by Miss Grace Kersey. Palmyra was led to victory by

**New Jersey's
New Bell Telephone
Company**

A New Jersey Institution Backed by National Resources

The people of New Jersey are now served by one statewide telephone company. The New Jersey Bell Telephone Company began its work October first. By purchase and consolidation of properties it provides statewide service with modern plant under single operating control.

The management of the company consists of New Jersey men who are devoting their time exclusively to the telephone needs of the State. Working with them is a trained organization of 12,000 New Jersey men and women interested in the welfare of New Jersey and glad to serve its people.

The Company's capacity for giving good service comes not only from a strong state organization and a modern telephone system but also from its association with the Bell Telephone System.

It receives the full aid of the great business and technical organizations of the American Telephone & Telegraph Company and the Bell Telephone Laboratories, Inc. These organizations have made most of the important contributions to the art of telephony since its beginning, and what they develop can always be secured from the Western Electric Company for our use, so long as needed.

By connections with the lines of the American Telephone & Telegraph Company and Associated Bell Companies, we can assure to New Jersey telephone users satisfactory communication at all times throughout the United States, Canada, Cuba and Great Britain.

These service assets combined with the good will and friendly cooperation of telephone users enable us to guarantee to the people of New Jersey a universal service that will be continuously improved and expanded.

Lesson for October 9

ELIJAH HEARS GOD'S VOICE

LESSON TEXT—1 Kings 19.
GOLDEN TEXT—Wait on the Lord
he of good courage, and he shall
strengthen thine heart.

PRIMARY TOPIC—Elijah Hears
God's Voice.
JUNIOR TOPIC—God Encourages
Elijah.
INTERMEDIATE AND SENIOR TOPIC—
Listening to God's Voice.
YOUTH PEOPLE AND ADULT TOPIC—
How God Speaks to Men.

I. Elijah's Flight (vv. 1-14).
Upon Ahab's return from the ex-
cursion on Mount Carmel, he told his
wife that Elijah had done, that
even all her prophets had been hee-
ping to pieces by the sword. This so
enraged her that she sent a message
of death to Elijah, who seems to have
been waiting at the gate (v. 1, 2).
Though Elijah had courageously stood
before the king and the priests of
Baal, he now covered before this
woman, and fled for his life. Let us
beware lest when we think we stand
we fall (1 Cor. 10:12).

1. Elijah under the juniper tree
(vv. 3-7). The juniper tree was a
shrub of the desert which afforded
shelter and protection to travelers
from the burning sun by day and the
cold wind by night.

(1) His request (v. 4). "This was
that he might die. This was no doubt
a foolish thing for him to say, but let
us be as considerate toward him as
was God. The discouragement, an
even despondency, of Elijah, was due
to the nervous strain of about four
years of unusual service for God
which culminated on Mount Carmel.
Such nervous reaction is to be expect-
ed, and surely the heart of this leader
will be missed unless we see it in this
flight, and see God's tenderness toward
his overworked servant.

(2) God's tender treatment (vv. 5-7).
a. He gave him sleep (v. 5). "He giv-
eth His beloved sleep" (Ps. 127:2).
b. He sent an angel to cook Elijah's
meal (v. 6, 7). The angel of the
Lord is usually understood to be the
second member of the Holy Trinity.
If this be correct, then we see Jesus
Christ preparing food for His serv-
ant Elijah, as He afterward did for
His discouraged disciples by Gethse-
mane.

2. Elijah at Horeb (vv. 8-14). God
had kindly ministered to His discou-
raged prophet so that he would be in a
fit condition to receive the needed in-
struction and correction.

(1) God's interview with Elijah in
the cave (vv. 9, 10). a. God's ques-
tion, "What dost thou here, Elijah?"
(v. 9). This was a stinging rebuke
though most kindly given. It implied
that his appointed messenger was now
far away from the field of duty. How
blessed to know that "A God-forsaken
saint is not a God-forsaken saint!"

b. Elijah's answer (v. 10). Elijah
tried to vindicate himself by asserting
his jealous loyalty to God—that in
spite of all this the people had not
only rejected his message and dishon-
ored God, but sought to destroy him.
(2) God's interview with Elijah on
the mount (vv. 11-13). While standing
before the Lord on the mount, God
caused a mighty demonstration of
wind, earthquake and fire to pass be-
fore him, to show unto him the nature
of the work he had been doing for
God, and to show him what was lack-
ing in his work for the fullest attain-
ment of success. Elijah had about him
much of the whirlwind, earthquake
and fire. His work had been terrify-
ing and alarming, but it lacked in gen-
tleness and love. This object lesson
in the days of God's working is a
needed message for this age, which is
so wonderfully characterized by noise
and clamor. The world is not "taken
for Christ" by the fleshly energy and
enthusiasms of conventions and com-
mittees, but by the quiet hearts who
go forth proclaiming God's Word in
the energy of the Holy Spirit.

3. Elijah's Return (vv. 15-18).
Though Elijah had erred, God
brought him again into His service.
How comforting to know that God
does not reject His servants because
of their failures in times of despond-
ency! He deals with them after the
motive of their hearts. Elijah was
encouraged and instructed by the Lord
and then sent on a high mission. God
took Elijah out of himself by giving
him a new commission. Before God
would come in His chariot to take Eli-
jah home, he sent him upon a three-
fold mission.

1. To anoint Hazael king over
Syria (v. 15).
2. To anoint Jehu king over Israel
(v. 16).
3. To anoint Elisha as his own suc-
cessor in the prophet's room (vv. 17-
18).

Look Up to God
Dare to look up to God and say:
Deal with me in the future as Thou
wilt; I am of the same mind as
Thou art; I am Thine; I refuse, not-
ing that pleases Thee; lead me where
Thou wilt; clothe me in any dress
Thou choosest.—Epictetus.

One Vast Union
We behold all around us one vast
union in which no man can labor for
himself without laboring at the same
time for all others.—Longfellow.

Sunshine Beyond
Though clouds of sorrow often fall
Within these lives of ours,
There still is sunshine for us all,
With passing of life's showers.
The flower beaten by life's storms
Will often raise its head,
And bloom again in loveliness
When new sunshine is shed.
Though storms of life oppress the
And all it with despair (soul),
Do not despair and cease to hope,
For life may grow more fair,
There never yet were days so dark
But sunshine followed soon,
And set the music in our hearts
To a delightful tune.

EPWORTH METHODIST EPISCOPAL CHURCH

J. William Lee, Minister

Last Sunday 451 persons were
registered at our Church School.
Help us to make it 500 this coming
Sunday at 10 a. m. "So say we all
of us."

Mr. and Mrs. D. Gray Schwartz
will sing in Church School.
The Communion Service was un-
usually large in attendance.
Preaching Service at 11:15 a. m.
The order of service will be as fol-
lows: Musical numbers, "Melodie,"
by Friml; "Legend," by Cadman;
"Antara," by Diggle; Processional;
"O for a Thousand Tongues to
Sing;" Anthem, "Great is the
Lord;" Sermon, "Asleep in the Har-
vest Field."

Evening Service 7:45 p. m. Good
Cheer Song Service. Organ num-
bers: "Alma Mater," by Hackett;
"Alpine Fantasy," by Fiesler;
"Postlude in G," by Hostner; Pro-
cessional, "My Redeemer;" Anthem,
"When We Stand Before the King,"
Sermon, "The Triumph of Well
Chosen Companions."

The Junior League at 4 o'clock
Friday afternoon.
The Ladies Aid Society will serve
a chicken dinner on Friday from
5:30 to 8 p. m. Tickets 75 cents
including ice cream and cake.

EPISCOPAL

Christ Church, Parry Avenue.
Rev. G. J. McCormack, M.A., L.Th.
Rector

That man can thank his loving
Lord whose thing to keep are few,
to which the moth and the rain and
rust and little harm to do. A faith
that makes the handshake warm,
a hope that is most wise; a child
to make each morning sweet with
morning-glory eyes; a love to make
him feel the roads, or come to motor
on a garden small and kind enough
to let him watch the dawn; a pity
for the hungry ones, the ragged
and ill-shod; a tree that's tall and
straight enough to make him think
of God.

Many appreciative comments have
reached us with respect to the mus-
ical service last Sunday evening.
Indeed how could it be otherwise?
"The man that hath no music in
himself,"

himself,
Nor is not moved with concord of
sweet sounds,
Is fit for treasons, stratagems and
spies.
The motions of his spirit are as
dull as night,
And his affections dark as Erebus:
Let no such man be trusted.

On Monday at 8 p. m. the Vestry
will meet.
At the invitation of the Riverton
Girls Friendly Society, the Palmyra
group spent a very pleasant even-
ing in the Parish house of Christ
Church, Riverton, last Wednesday.

Bishop Knight will hold a mission
in Christ Church commencing Sun-
day evening, December 4, and last-
ing until the eleventh. Further
particulars will be given. Mark
your calendars early so that this
week may be entirely free of other
evening engagements.

The First of the "Historic Ser-
mons" will be given on Sunday eve-
ning next. Though we say so our-
selves, we have a very lovely paint-
ing which we labored over some
years ago, and which will be on
exhibit illustrating the sermon.
Come and learn more about the
church: founded to last not for a
time but for ever.

The election of officers for St.
Agnes Guild resulted in Mrs. H.
Deemer for President; Mrs. S.
Headington, vice president; Mrs.
C. Shaw, secretary and Mrs. W. J.
Zeller as treasurer. A hearty vote
of thanks was tendered to the re-
tiring officers.

The services for 17th Sunday
after Trinity:
7:30 a. m. Holy Communion.
10:30 Morning Prayer and Ser-
mon, "One Lord, One Faith, One
Baptism."
8:00 p. m. Evensong and Sermon.
"The Place is Holy Ground."
"Thy will be done" has been a
wall, instead of a shout of joyful
expectation.

The Indians frequently buried the
weapons and clothing of a warrior
with him, and also food for his
journey to the spirit world.

Lower Prices on a Finer Pontiac Six

Recently announced at lower prices, today's
Pontiac Six combines six-cylinder perform-
ance and Fisher body luxury at the lowest cost
in history. And it offers, in addition, all those
improvements in design which have been add-
ed since the original Pontiac Six flashed into
the field. . . Come in today! Study and drive
this finer, lower priced Pontiac Six. Then you
will know why so many call it the world's best
buy among the low-priced sixes—and why it
continues to enjoy such spectacular success
here and all over the world!

New lower prices on all body types (Effective July 15)
Coupe \$745 Sport Roadster \$745 Sport Cabriolet \$795
London Sedan \$845 De Luxe London Sedan \$925
The New Oakland All-American Six, \$1095 to \$1255. All prices at factory;
delivered prices include freight, taxes, license, and delivery charges.
General Motors Time Payment Plan.

BAPTIST CHURCH

Rev. George Lockett, Pastor

"True Greatness" will be Pastor
Lockett's morning subject on Sun-
day at 11:15. At the evening ser-
vice at 7:45 the pastor will preach
on "The Danger of Doubt."

Mrs. Evelyn West will be the
leader of the BYPU meeting on
Friday evening. All young people
are invited to share in the enthu-
siasm and the helpfulness of these
meetings.

The church prayer meetings on
Wednesday evenings are being very
well attended and much personal
strength is received from them.
Come out and strengthen yourself
spiritually at these midweek gather-
ings.

The lectures in the Teacher Train-
ing Course, under the direction of
the Palmyra-Riverton Council of
Religious Education, are now be-
ing given in the Epworth M. E.
Church (Sept. 27 to Nov. 9). Very
helpful studies are being made of
the "Principles of Religious Educa-
tion" and of the "Old Testament."

THE CINNAMINSON Building and Loan Association

OF RIVERTON

will issue its Fiftieth Series of Stock on

Monday Evening, October 10, 1927

and offers a limited number of shares to all who
may desire to begin to save money for
the purpose of buying a home

Meetings are held on the second Monday of each month in
Cinnaminson Bank and Trust Company from
8 to 9 and 7 to 9 p. m.

RIVERTON, NEW JERSEY, THURSDAY, OCTOBER 13, 1927

PRICE FIVE CENTS

MORE EQUIPMENT PLANNED FOR PALMYRA AND RIVERTON YMCA

Additional Gym Paraphernalia and Books and Magazines for Reading Room

14 GROUPS ACTIVE AS WINTER SEASON OPENS

The work of the Palmyra-Riverton YMCA has opened for the season 1927-1928 under conditions which bespeak a successful winter.

At a meeting of the board of directors last Thursday night plans were discussed with the new resident secretary, Arnold Carter, who will devote his whole time to the work of this section of the work.

At a meeting of the board of directors last Thursday night plans were discussed with the new resident secretary, Arnold Carter, who will devote his whole time to the work of this section of the work.

Secretary Carter was authorized to secure some books from the county Y library and to subscribe for eleven magazines for the reading tables. Mr. Carter stated that he had installed an extra table and two additional electric lights in the office down stairs for the purpose of converting it into a reading room. A desk for the secretary was installed during the summer vacation.

Attention was called to the necessity for additional gym equipment and Leon C. Quast, secretary of the board, was instructed to see what could be obtained for the money in hand.

Harvey Reno, a State secretary, was present at the meeting and said he had been assigned to this section to make a survey in the interest of Y work.

It was decided to have a father and son banquet on November 10, in the new dining hall of the Calvary Presbyterian church in Riverton if it can be so arranged. The committee in charge is composed of Leon C. Quast, James H. Hartley, Harold B. Lever, Dr. Samuel Collins and C. Singleton Mears.

Robert Kirkpatrick and Charles B. Hinchman were elected directors to represent Palmyra, and William Porter was elected to represent Riverton. There is still one vacancy which will be filled shortly on the Riverton Board.

The committees for the ensuing year are as follows: House committee, Harold B. Lever, chairman; Charles A. Dells, James H. Hartley, Walter L. Bowen, and Charles B. Hinchman; Finance Committee, Leonard R. Baker, chairman, E. W. G. Borer, Nathan Lane, Jr., Thomas C. Vandeventer, William Porter, Rev. Charles T. Bates, chairman, William McGonnell, Thomas C. Van Osten, and James H. Hartley; Social Committee, William T. J. Purcell, chairman, Victor Ritschard, Harold B. Lever, William Porter, W. Collins; Group Committee, Nathan Lane, Jr., chairman, C. Singleton Mears, James H. Hartley, William Porter, Leon C. Quast; Membership Committee, C. Singleton Mears, chairman, William Porter, W. Collins, T. J. Purnell, and Robert Kirkpatrick.

Arnold Carter, the new secretary assigned to the Palmyra and Riverton "Y," has recently moved to Palmyra and is located at work on details of many attractive and interesting plans.

The YMCA building at Broad and Garfield avenue, Palmyra, is equipped with dart, base ball, volleyball, basketball, ping pong, checkers, chess, and circulating library from which books may be obtained by members of "Y" groups. In the attractive reading room will be found the latest reading matter including mechanical and scientific magazines. The building is open to members every afternoon and evening.

Starting with the fall season there will be approximately fourteen groups of boys, totaling more than a hundred and eighty boys in the YMCA work.

Roses in America Topic for Rotary

Dr. MacFarlane, Noted Horticulturist, Will Address Riverton-Palmyra Club

The Riverton-Palmyra Rotary Club will hear an illustrated talk by Dr. Horace MacFarlane, of Chicago, this (Thursday) evening when he will address the club on "Roses in America."

Dr. MacFarlane does honor to the Club by his presence which has been made possible through the efforts of J. D. Eisele, President of Henry A. Dyer, Inc., and a member of the Club.

It is the earnest desire of the committee in charge that they have a 100% attendance as this will be an unusual treat.

Ralph Kowalski, Engineer of the great Delaware River Bridge was unable to be present last Thursday when the club convened. The Rev. "Bob" Williams, secretary of the Woodbury Rotary Club, acted as "pinch hitter" and was exceedingly successful.

Secretary Williams gave a very unique and interesting address on "The Ultimate Object of Rotary," which he narrowed down to the fundamental principles of "making Rotarians out of the members." The best way to accomplish this and the one means of progress along this line was the "example before precept" method. A member should express his identity with the Rotarians by action.

"In this way," said Secretary Williams, "will the less active and discouraged members be brought to the realization of the magnitude of Rotary Principles."

"Three kinds of people live in a community," said the speaker, "those who live in the community, those who live off the community and those who live for the community."

Rotary stands for the latter and it should be the earnest desire and effort of every member to exemplify this mode of living.

Another 100% attendance night has been scheduled for November 15th when the District Governor will be present.

THE PAST WEEK IN HISTORY

October 7
250 years ago, the second Battle of Saratoga was fought.

October 8
94 years ago, the first serious Railway accident occurred in the United States.

October 10
82 years ago, the United States Naval Academy first opened.

October 11
116 years ago the first steam ferry in America began operating.

October 12
Columbus Day, a legal holiday in this State. Four Hundred and Thirty-five years ago, the pioneer soul of the great discoverer bowed himself in prayer and thanksgiving to Almighty God that He had brought the voyage to a happy conclusion.

No wonder he called the fate which befell him the first Christian foot to tread, San Salvador, the Holy Saviour. Our land was discovered by a Christian, and in each of its great crises Christian men have been foremost in our national life. God grant it may ever be so!

October 13
1981 years ago, Claudius, Emperor of Rome, was poisoned.

Children Hear of South Africa

Returned Missionary Tells Riverton Pupils Many Facts About Country

At the assembly at the Riverton public school last Friday morning, following the Bible reading by Miss Chew and the singing by the pupils of the higher grades, Miss Fanny Knobloch, of Washington, D. C., gave a thirty-minute talk on South Africa, where she spent five years.

The trip from New York to Cape town takes five weeks on a freighter ship. The passenger traffic between those two points is so light that the large passenger vessels do not travel.

The singing of America the Beautiful suggested the reason for Miss Knobloch's visit to South Africa, where she spent five years.

The hotels are excellent and there is a spirit of friendliness not found in American hotels. In the evening all guests gather in the drawing room. Doors are always left unlocked.

At eleven o'clock in the morning and at four in the afternoon there is a general entertainment at tea in the private homes. In the garden which is protected from view of the street with lovely English hedges from five to seven feet high.

Ten months of the year there is beautiful, clear weather, exceeding warm during the day and quite chilly at night. For two months it rains or is cloudy all the time, but immediately following this period there is a very prolific growth of flowers, until it is not possible to step without crushing the beautiful plants.

The population is composed of British, Afrikaanders and the native tribes. There are one and a half million white people in South Africa and ten and a half million natives. The Afrikaanders were formerly called Boers, which means farmer, but after the Boer War, they gave up farming and took the name of Boers, which is also the name of their language. The British and Afrikaanders are very well educated but the natives are still in the primitive state.

Those who do the work on the large farms live in kraals, which are built of a substance similar to cement, and branches of trees. The kraals build hills four or five feet high, which when finished are very hard. The kraals are built of a substance similar to cement, and branches of trees. The kraals build hills four or five feet high, which when finished are very hard.

The distances in South Africa are very great and in many cases one can travel a thousand miles between cities, occasionally passing a large farm.

At the close of her address Miss Knobloch showed some examples of the native hand work among which were several giraffes, two or three inches in width, which is the only dress many of the natives wear.

LIONS CLUB SEES REAL WAR FILMS

Signal Corps Pictures Shows Actual Fighting During World War

The Palmyra-Riverton Lions Club was privileged Tuesday evening to witness one of the first public showings of the official United States war films, taken under actual service and action conditions in France during the World War by the Signal Corps.

Real fighting, men falling as they charged "over the top" in the face of intense machine gun and shell fire, was shown on the screen.

The films were shown by Norman H. Schriver, of Palmyra, who is connected with William Brown & Earle, who sell the films and projectors. Mr. Schriver gave the exhibition as the guest of Leon Mearns, chairman of the entertainment committee.

Further plans were made for the production of the Lions Revue during the winter. Frank A. Mathews, Jr., is the chairman of the committee and will be assisted by Frank Bates, William A. McCamy and Frank Chambers.

AUTO HITS BOY

Nelson Randolph Suffers Bruises When Struck by Car

Nelson Randolph, of Henry street, Palmyra, was struck by an automobile driven by Horace C. Gilman, of 41 Cove Road, Merchantville, Sunday night at the railroad crossing at Broad and Cinnaminson, opposite the Palmyra station. Young Randolph is employed by Buell's Pharmacy and was delivering ice cream out Cinnaminson avenue when the accident occurred.

The boy had crossed the railroad tracks on his bicycle when he was knocked down by the automobile. Randolph suffered bruised legs and arms. He was taken to Dr. Hutchinson, X-ray specialist, in Camden Monday to determine the extent of his injuries.

The X-ray picture showed that no bones were broken.

\$30,000,000 Asked To Improve Roads

Voters Will Be Asked to Approve Bond Issue at General Election, Nov. 8

Five years ago the Good Roads Association of New Jersey conducted a successful campaign, in behalf of popular endorsement of a \$40,000,000 bond issue, to complete the New Jersey State Highway System as then contemplated.

The splendid things achieved by the proceeds of that bond issue have been so numerous and so important that today few people can be found, even among those who voted against the measure, who are not willing to admit that New Jersey Highway Development would have been crippled if the bond issue had not been endorsed.

The Association is now making similar efforts for favorable vote by the people on a new highway bond issue of \$30,000,000, which will be acted upon at the General Election, November 8, next.

Endorsement of this new \$30,000,000 bond issue is absolutely necessary to the financial scheme devised for expanding the New Jersey State Highway System and increasing the sphere of usefulness.

The overrun from the same mill tax which is now carrying and retiring the \$40,000,000 issue will be more than sufficient to carry and retire the new \$30,000,000 bond issue. The overrun from the same mill tax which is now carrying and retiring the \$40,000,000 issue will be more than sufficient to carry and retire the new \$30,000,000 bond issue.

Indeed, conservative and scientific computations made by experts show that the proceeds from the present mill tax highways will not only prove sufficient to carry and retire both the bond issues, but will also leave each year a substantial amount of additional revenue for other highway purposes.

The issue of this new \$30,000,000 bond issue will be used entirely for the requirements of rights-of-way and the building of viaducts and bridges. Clearly, all of these are capital investments in the fullest and truest sense of the expression and justifiably lend themselves to the long term or the deferred payment method of financing—namely, a bond issue. (The revenues derived from registration tax and gasoline tax are dedicated to the construction and maintenance of highways.)

Odd Fellows Have Splendid Program

New Attendance "Game" Develops Great Interest in Popular Lodge

Sparkling interest in being injected into the meetings at Cinnaminson Lodge, No. 201, I. O. O. F., when the instruction of the new attendance game, was given, started September 1 and will be played until the last meeting night in November.

The membership has been divided into two teams, one endeavoring to see that members attend regular meetings Wednesday evenings. A confidential score keeper is quietly recording the results and on the last evening of the contest will announce the final score.

The event is being looked forward to with much interest as on the evening of the entire lodge will be dining. But how? It will not be known until the last "bugle" when the instruction of the new attendance game, was given, started September 1 and will be played until the last meeting night in November.

TWO ARRESTS; ONE ACCIDENT

Reckless Driver Fined \$75.00; New Yorker Talks Back But Also Pays Fine

FORMER RIVERTONIANS HURT IN AUTO CRASH

Walter Hammond, of West Palmyra, was fined \$75.00 and costs Sunday night before Justice Coddington for reckless driving after he was arrested by Officer Carlson at the request of a driver who had followed Hammond from Palmyra and saw that he was driving all over the road.

Running past the amber light in the Borough of Riverton cost J. B. Salvador, of New York \$5.00 and costs before Justice Coddington, Wednesday morning. Salvador damaged a fender on J. L. Bishop's car Sunday night and broke one on his own car. The New Yorker tried to argue but neither Officer Quigley nor the squire would entertain his arguments.

Phillip Somerset, of Philadelphia, formerly of Riverton, ran head-on into a Worth bus last Saturday night in East Riverton. Somerset was driving on the left side of the road going toward Riverside and the bus driver went to the left of the road moving toward Riverton and Somerset went back to his own side of the road and hit the bus.

Mrs. Somerset who was riding with her husband was about the face. Somerset suffered a gash on his nose.

Both the bus and Somerset's Dodge touring car were damaged about the front.

No arrest was made as no one was intoxicated seriously injured. Officer Miller attended to the case.

PORCH CLUB PILGRIMAGE

The fall pilgrimage of the Porch Club will be held Tuesday, October 18, to New Hope, Pa., the artist colony. Arrangements are also being made by Mrs. J. Douglas Clark, chairman of the Fine Arts Department, to visit the home of the famous artist, J. M. W. Turner, in Lamberville. A visit is also planned to the Davenport, rug weavers.

Members who are planning to make this trip will please notify Mrs. Charles H. Yost, Phone Riverton 51-M. Those with cars who can accommodate guests, please advise Mrs. Yost. A box luncheon will be taken. Should the day be unpleasant, the first class party will be chosen for the pilgrimage. The start will be made from the Riverton station at 9 o'clock.

DAILEY-HUTCHINS

Miss Anna Mae, daughter of Mr. and Mrs. George B. Hutchins, of Riverton, and Mrs. Lawrence Richard Dailey, of Hopewell, Va., were married in St. Paul's chapel, Philadelphia, last Saturday afternoon at 4:30. The ceremony was performed by Rev. H. Cresson McHenry.

The bride wore a gown of Alice blue crepe, with hat to match, and carried a bouquet of white flowers. The groom wore a tuxedo and carried a sword.

Mr. George Hutchins, Jr., of Riverton, brother of the bride, and Brinton Dailey, of Germantown, a cousin of the groom, were ushers.

CHARLES L. EWER

Charles L. Ewer, husband of Esther M. Ewer, died at his late residence, Thomas avenue and Twelfth street, Riverton, Monday, October 10. The deceased was 41 years old.

Ewer received serious injuries some time ago when struck by an airplane propeller at the Riverton Country Club.

Relatives and friends from the Basking Ridge neighborhood are invited to the funeral services at Lakasa, Pa., today at 2 p. m. Interment will be made there.

LADIES' ATTENTION!

A number of women who are interested in the welfare of the Riverton fire company met at the firehouse Tuesday evening for the purpose of forming an auxiliary. Meetings will be held twice a month.

All women who are interested should attend the meeting next Tuesday evening at 8 o'clock at the firehouse.

PFA RECEPTION

Another year has begun for the Riverton Parent-Teacher Association as well as for the school year. The first meeting will be the annual reception to the teachers on Thursday, October 20.

All parents who have children in the Riverton public school will be asked to know the teacher with whom their child spends so much time each day, so do not fail to save this date in order to become acquainted with that teacher and enjoy the social evening together.

FRANK O. JOHNSON

Frank O. Johnson, 25 years old, of East Riverton, died at his home last week. Funeral services were held Sunday afternoon from the Shover Funeral Home, East Broad street, Palmyra, with the Rev. Mr. Connor pastor of the Camden Presbyterian Church officiating.

Interment was made at the Odd Fellows Cemetery, Burlington. The deceased is survived by his parents, who also live in East Riverton.

CARD OF THANKS

We wish to express our appreciation for the many acts of kindness shown Nelson at the time of his accident.

Mrs. Irene G. Randolph and Family.

NO MORE "WARNINGS"

Director Williams Says Those Who Burn Leaves in Street Will Be Fined

Director of Public Safety Williams calls to the attention of residents of Riverton the fact that a thorough ordinance prohibits sweeping of leaves into the street or burning them there. Mr. Williams says that this matter has been brought to the attention of the public ever since he has been a member of council, and no further warning will be given. All persons violating this ordinance will be fined, says Mr. Williams.

The Director has also noted with some impatience a revival of the custom of parking cars on the streets at night without lights. Referring to this matter Mr. Williams said, "I feel that the police department has done much more than should be required of it to induce people to observe this very necessary provision for the safety of the public. Offenders have been warned again and again. Some of them treat it as a joke and others get angry. The department will issue more warnings. All of the officers have been instructed to give a 'ticket' to every driver whose car is found on the streets without a light after dark. There will be no exceptions and no favorites."

Visiting Nurse Society Report

Annual Meeting Held October 10 and Officers Elected for Coming Year

The annual meeting of the Palmyra-Riverton-Cinnaminson Visiting Nurse Society was held on Monday, the 10th, at its headquarters, 600 Lincoln avenue, Palmyra.

Officers were elected for the coming year, also directing committee, including three new members from Palmyra.

Mrs. John D. Clark gave as a resume of an address by Miss Tucker, of Philadelphia, delivered at a recent conference on "The Relation between the Board and its Professional Staff" which was very suggestive and helpful.

During June and July the staff nurse, Miss Carolyn N. Cook, took a course in Public Health Nursing in Philadelphia under the Philadelphia Visiting Nurse Association, where she had lectures, practical work and conferences, under expert leadership. She has returned feeling that the experience was well worth the effort. She met with great kindness and learned the most up-to-date points about Public Health Nursing.

In her absence Miss Blair carried the work alone, and well earned her month's vacation.

Both nurses are now at their posts, busy with work at the Cinnaminson School, and with the many varieties of calls that come to them daily.

As perhaps is known, the Visiting Nurse Society is affiliated with the National Red Cross Town and Country Nursing Service. In August the new Red Cross Supervisor, Mrs. Belle Wagner, visited the local field and seemed well pleased with the work done.

Following her suggestion, the following schedule of charges for visits has been adopted:

General care	\$1.00
Colonic irrigations	1.50
Bladder irrigations	1.50
Past partum and new born care	1.25
Catheterization	2.00
Hypodermic	2.00

The Visiting Nurse Society does not do much advertising, but it is always at work, and wishing to co-operate with every movement in the community for the betterment of health conditions.

Miss Martha McEldie, Treasurer.

Mrs. Victor Ritschard, Secretary.

Mrs. Charles Evans, Chairman.

AUTO ACCIDENT

Palmyra Man's Car Hit by Lenola Machine

George E. Bissess, of 302 Melrose avenue, Palmyra, was driving his automobile up Cinnaminson avenue, Palmyra, and made a left turn into Pear street, Sunday night when another car driven by Harold Hubbs, of Lenola Road, came up Cinnaminson avenue at a high rate of speed. The Bissess car was knocked into the curb and both front and rear wheels on the right side of the machine were broken. The car was driven upon the lawn of the Howard Vile property. No one was hurt.

CADETS AT BURLINGTON

The Riverton and Palmyra units of the Columbus Cadets, paraded in Burlington last Tuesday and were highly commended on their showing. A full turnout of the Cadets was on hand to represent the twin towns at the big celebration, and along with the Cadets from the other five Burlington County units the entire group made a very impressive showing. This boys' organization is making wonderful progress not only in our own county but throughout the entire state and high praise from the Supreme Officers of the Cadets was voiced at a recent meeting.

TOWN FLAGS DISPLAYED IN RIVERTON COLUMBUS DAY

The wisdom of the provision made last year by the Riverton Chamber of Commerce to have the American flag displayed on Main and Broad streets on all holidays was again demonstrated this week on Columbus day. In many towns the residents failed to put out their flags in sufficient numbers to make any showing, but Riverton was "in full dress."

WILL DEDICATE PRESBYTERIAN CHURCH, RIVERTON, OCTOBER 23

POLICE CHIEFS DISCUSS TRAFFIC

Chief Baxter of Haddonfield Heads New State Association

Director of Public Safety Williams, of Riverton, was among the police and traffic officials from all parts of the state gathered at Haddonfield on Wednesday to start New Jersey's first Traffic Council, a system of uniform traffic regulation.

The immediate result of the meeting was organization of the New Jersey State Traffic Association, headed by George H. Baker, chief of Haddonfield police and prime mover in the attempt to solve the ever-increasing problem of how to reduce the cost of motoring to life and limb.

Another result was a demonstration of the "three-way" and "stagger" light systems as the most efficient and safest now in use.

A state-wide referendum through the newspapers to obtain the opinions of motorists and pedestrians on the problem was advocated as one of the steps before adoption of a stringent code to be placed before the Legislature for adoption.

Camp Degree Team Works in Mt. Holly

Palmyra P. O. S. of A. Helps Initiate Twelve Members at County Seat

Last Thursday evening the Camp 33 Degree Team traveled to Mt. Holly at the invitation of Camp 71 of that town to initiate a class of 12 candidates. The Mt. Holly Camp lost most of its paraphernalia for degree work in the fire which destroyed the Post Office building on Main street last year.

Camp 71 has not been very active for some time but under District President Patterson's term the County Seat boys have taken a new lease on life and carried out after a candidate. Twelve young men were rounded up and all twelve showed up for initiation.

It was indeed an encouraging sight to see these young men stop to the ranks to put their shoulders to the wheel and help make the Order move forward.

The 15 members of the Degree Team were at their best in putting on the initiatory work. The President, Camp 71, expressed his appreciation and also Camp 71's for the assistance of the local Camp in taking in these twelve new men.

Short speeches were made by Brother J. L. Jackson and the District President on the ideas and ideals of the Order, giving the new members leaves from their books of experience to help them get off to a flying start.

Monday evening, October 24, will be known as State Officers' Night in Camp 33. All the State Officers have been asked to be present and Walter D. Lamson as chairman of the Committee of Arrangements has an interesting and inspirational evening mapped out that will be a benefit to all who attend.

Don't forget, October 24.

Plan 50th Sunday School Convention

Burlington County Workers Will Hold Conference at Mt. Holly, October 20

The Fiftieth Annual Burlington County Sunday School Convention will be held Thursday, October 20, at Mount Holly Methodist Church. There will be morning, afternoon and evening sessions.

The convention program has been planned by workers in the Sunday Schools and will be filled with specific aids to the leaders in our Sunday Schools. Teachers will be given an opportunity to have their problems discussed and solutions will be offered by leaders who have faced the same problems and found a way out.

The morning session will open at 10 o'clock with a devotional period and there will be two addresses. Dr. E. Morris Ferguson will speak on "The Way We Have Come and the Path Just Ahead," this of course being applied to religious education. Mrs. A. F. Mechter will discuss "Parents' Relation to the Sunday School" at the morning session.

Lunch will be served by the ladies of the Methodist Church.

The afternoon session will be opened with a devotional period after which the convention will be given over to discussion groups for the workers in the different departments of the Sunday School. The leaders for the afternoon period are, Dr. E. M. Ferguson, Dr. Purd Dells, Mrs. A. F. Mechter, Miss Frances Madden, Henry Reed Bowen, Mrs. Helen Johnson, the Rev. J. L. Lawrence, W. H. Zeller.

There will be a short business session at close of the afternoon session, each Sunday School should have representatives present at this session. Supper can be procured in the Methodist Church.

The evening session will be inspirational and challenging. Reports of the closing year's work will be presented. There will also be a brief history of the past fifty years of organized Sunday School work.

The address with which the convention will close will be delivered by Dr. Hugh Hartshorne, of New York City. Dr. Hartshorne has written some valuable books in the field of religious training.

One of the amusing things in the life of every editor is the anonymous letter urging him to take a definite and vigorous stand on some issue.

Adequate Facilities Provided for All Church and Organization Activities

BUILDING CONTAINS LATEST CONVENIENCES

On Sunday, October 23, the remodelled church building of the Calvary Presbyterian church, Riverton, will be dedicated, and those who have been looking forward to a better physical equipment for the conduct of the manifold activities of the parish will see their dreams come true.

The construction work has cost about \$80,000 exclusive of the memorials, and has resulted in one of the most complete and up-to-date buildings for church activities in this vicinity. It represents the best in fifty churches visited by George F. Dold, chairman of the building committee, who traveled more than two thousand miles in quest of the latest and most approved in building and equipment.

The exterior of the building presents a charming appearance. It is constructed of six-color Foxcroft stone, laid after the method used in a building at Swarthmore College, erected more than a half century ago. A peculiarity of this stone is that its color will become more pronounced and more beautiful as the years roll by.

The tower has its own foundation independent of the rest of the building, which eliminates the danger of collapse in case of fire. The church section and the church school section have four exits each, making it possible to empty the building conveniently at all times, and very quickly in an emergency.

The arrangement of the interior is such that by utilizing the three sections—church, auditorium, church school auditorium, and the junior department the seating capacity is nearly 700. The floor of the church level is two feet above the level of that in the church; the junior department is two feet above the floor of the church school, and so arranged that it may be used as a stage. This construction lends itself to the most approved educational methods.

The electric lighting fixtures, which were designed by Mr. Dold, combine in one the direct and indirect lighting principles, and are highly decorative as well. Illumination in the pulpit has been so arranged as to display the beautiful memorial window at the back.

In addition to ample facilities for church services and classrooms for the church school, the building contains a combined church office, secretary's office and board room, and a parlor, fitted up with wicker furniture, for social functions of the various societies connected with the church.

In the basement there is a magnificent room for indoor sports and a kitchen with full hotel equipment—the gift of Mr. Dold. The building has been so designed that every room can be adapted to many purposes.

The close cooperation between George W. Shaner & Sons, the builders, and the chairman of the building committee, has resulted in many niceties and conveniences which otherwise it would have been difficult if not impossible to obtain.

The present minister of Calvary Church, the Rev. Charles T. Bates, began his pastorate in April, 1925. Soon after his arrival the need for more adequate facilities for the of the parish was felt by the congregation, and plans were soon under way which have resulted in this well designed and well equipped building, which will do so much to help beautify Riverton and which has been made possible only by the loyalty, sacrifice and generosity on the part of the members of the entire congregation.

During the pastorate of Mr. Bates 115 new members have been added to the church.

K. of C. DANCE SATURDAY NIGHT

Committee Making Big

Bridgeboro Man Given Jail Term

Charles McCord, Charged With Attempted Attack on 12-Year Girl, Gets 2 Years

The Burlington County Court House at Mount Holly was a busy place again last week, with Judge Frank B. Jess hearing Supreme Court cases in the main court room and Judge Slaughter presiding on the second floor, and from present appearances this program will continue for another week, at least.

On Wednesday Judge Slaughter disposed of several institutional cases, and on Thursday, Orphans' Court matters having precedence, a number of estates were settled and two adoptions taken care of before he turned to criminal business.

The prosecutor in presenting the case said that this was not the first time McCord had been accused of similar actions, and the Court feeling that the man was a menace to society and particularly to the young girls of Riverside and vicinity, sent him to state prison for two years.

McCord is said to be the father of the young girl of the same name who was sent to state prison about a year ago on a charge of manslaughter.

Michael Lumbard, of Roebling, who pleaded non vult to a charge of having a quart of liquor in his shoemaker shop, escaped with a \$75 fine, there being no evidence that he was a bootlegger.

Maple Shade Case
Ernest L. Walker, of Maple Shade, retracted his plea of not guilty to desertion of his wife and four children and pleaded non vult.

This was the second time that Walker has been before the Court for the same offense and he was sent back to the county jail for four months, with the understanding that if he can furnish a bond in twenty days guaranteeing that he will support the children, he will be released. In the meantime he will be employed by the county.

His wife, Alma Walker, similarly indicted, also made a retraction and she was discharged after the Court had made it plain to her that she was responsible with the husband for the care and maintenance of the children. After Walker had left her with the four children she turned them over to her parents and then stepped out herself.

William West, the Beverly sheik who skipped out after his wife had borne twins, said he had rented three rooms in Camden for his wife and children and that he would be employed in that city by his brother.

The Court did not like the ring of West's statements, so sentence was deferred until December 1, when he will come before the Court and report just how he and his wife are getting along.

Daniel Figello, of Burlington, arraigned on statutory charges by a colored woman by the name of Stella Walker, refused to admit any other relationship other than that of a boarder and pleaded not guilty.

Pleads "Not Guilty"
Odie Lies, colored, of Burlington, charged with assault and battery, pleaded not guilty.

John Benchi, of Bordentown, brought in on a bench warrant on a charge of liquor law violations, pleaded not guilty, as did his wife, Annie Benchi, charged with keeping a disorderly house. Both are old offenders.

Joseph Sudol, of Bordentown, another liquor law violator who had to be sent for, pleaded not guilty.

Anthony Kopack, alias Klipack, of Burlington, was another who failed to appear last week and he also pleaded not guilty to liquor violations.

Robert Searl, of Trenton, charged with transporting liquor, pleaded not guilty.

Michael Kish, of Florence, brought in on a bench warrant, pleaded not guilty to liquor violations.

Tony Barkowski, of Philadelphia, arrested while in charge of a still on the Eversetown-Lumberton road when the place was raided by detectives Carabine and Cain, also pleaded not guilty to two indictments for possession of liquor and having utensils for the manufacture of the same.

There is no doubt but that Barkowski was made the goat for some higher ups, as he said he had been working about the wharves as a stevedore.

Jennie Still Missing
Jennie Rippenger, of Red Lion, for whom a bench warrant was issued last week, is still at large and it is rumored that she has left the state.

Judge Frank B. Jess, presiding judge of the Circuit Court for Burlington county, sat at the Court House last week and the first case he heard on Tuesday was No. 1 on the Supreme Court list, that of Harry M. C. Fry, proprietor of the Imperial Hotel and well-known horseman, against the American Railway Express Company, for damages as the result of injuries to several colts which were sent by

express from Nebraska to Mr. Fry. It was testified that one had a hip dislocated and that others of the shipment were received in bad shape, and Mr. Fry asked damages to the amount of \$1,000.

The defense put in a counter claim and the verdict of the jury was \$121.74 for the plaintiff, and \$71.74 for the express company.

Long Testimony
The case took all day on Tuesday the jury not being charged until Wednesday morning.

Herbert S. Killie represented Mr. Fry and the company was represented by Thomas Logan Gaskill and George M. Hillman.

On Wednesday the case of Clifford Huston against his brother and sister, William H. Huston and Lena H. Pearson, executors of the estate of Samuel Huston, deceased, of Medford township, was heard, and on motion of George M. Hillman, counsel for the defendants, a non-suit was granted.

Powell represented Clifford Huston, who sued for wages which he claimed was due him from the estate.

Late the same day the case of Jacob Hardy, of Philadelphia, against Maude Barry, of Riverton, was started, this being a suit for damages resulting from an automobile collision on Chestnut street, Philadelphia.

The jury returned a verdict of no cause for action.

**MARLTON BANK WILL
OPEN NEXT SATURDAY**

Office Nearly Completed; Everything Will Be Ready For Business October 15

Arrangements are all completed and everything will be in order for the opening of the First National Bank of Marlton on Saturday, October 15.

The banking room in the building occupied by H. R. Snyder is receiving the finishing touches and the doors will be thrown open at 9 a. m. on opening day for inspection and business. It will remain open until 9 p. m.

The bank has been organized with a capital of \$25,000 and a surplus of \$10,000. The officers are as follows: President, John G. Hurff; vice-president, George H. Abrams, cashier, Horace C. Willis; bookkeeper, Anna L. Evans. Directors: John G. Hurff, Robert H. Jaggard, William S. Fowler, A. William Haines, George R. Abrams, Mack Lippincott, Alfred B. Middleton, Herbert H. Snyder, Warner S. Smith, Isaac R. Farrow, Edward H. Wells, Louis C. Peters.

On the opening day, J. Scott Root, of the First National Bank of Philadelphia, and other prominent men in banking will attend and assist in the opening.

Everybody is invited to make an inspection on Saturday, October 15.

**PUBLIC SERVICE SETS
NEW SALES RECORD**

High Mark Established as 81,038 Shares Are Sold First Day

All records for a single day's sale of Public Service Corporation of New Jersey preferred stock under the popular ownership plan were broken on the opening day of the current campaign, which started October 1, to sell the fifth offer of six per cent. cumulative preferred stock. That day 81,038 shares were sold to 7,981 subscribers.

The amount sold on the opening day was over \$6,000 more than the goal set for the entire campaign and was only a few hundred less than the number of shares sold in the first seven working days of the campaign last April.

The best previous day's record was made April 11 of this year when 19,829 shares were sold to 4,085 subscribers.

PHS Eleven Wins From Lambertville

Up-River High School Outclassed by Diamond's Pro-teges, 25-0

After being beaten in its opening game of the season at the hands of a Class A combination at Collingswood, Palmyra High School's "Red and White" squad, contender for the Class B title of Burlington County and South Jersey, defeated the Lambertville High School 25 to 0 at the Palmyra Field Club grounds last Friday.

Palmyra showed a big improvement and had very little trouble in running up the 25 points made, once it got going. Palmyra started off with a bang, making a first down in the first two plunges. After getting warmed up, the winners scored the first touchdown of the season when "Jimmy" Reeves snatched a 25-yard pass from Earl Schmierer and raced across the final chalk line. Quarter-back Knight added the extra point with a perfect dropkick.

Johnny Meyers bore the brunt of Palmyra's burden, gained the most ground for the winners, played a great defensive game and was rewarded by making two six-pointers the result of two center plunges.

Schmierer scored Palmyra's fourth touchdown just before the end of the game when he was tossed a short pass by Leon Sloan, star of the Collingswood contest, and sprinted the remaining ten yards for a score.

Lambertville brought a light but fast and snappy outfit with them but were outplayed in all departments of the game by Kenneth Diamond's proteges. This victory shows what Palmyra can do when it plays teams in its class.

Others who played a great part in winning the first game were Knight, who handled his backfield men like a veteran general, and Reeves, clever end, who did the punting and played snappy football in catching forward passes and bringing down Lambertville's ground gainers. Backs, Palmyra's other end, was in the game with his usual fighting spirit.

All the glory is not due the backfield men in a football game because it is the linemen who open the holes and smother the opponent's plays. The center of Palmyra's line seems to be the strongest because it has the weight, all around playing ability and all are veterans. Captain Harry Jenkins at center, Keenan and Adams guards, and

Proboling, right tackle, are all letter men from last year who generally stop all line plays through their section.

Every man out for the squad saw action in the Lambertville game and now Coach Diamond knows what each of his candidates is capable of doing.

PALMYRA LAMBERTVILLE

Reeves left end Cella Showell left tackle L. Yannelia Keenan left guard D. Yannelia Jenkins center Johnson Adams right guard Sheppard Proboling right tackle Pascoe Backs right end Everett Knight quarterback Pfafferty Widdall left halfback Matthews Schmierer right halfback Denne Meyers fullback Byrd

Score by periods:
Palmyra 7 0 12 6—25
Lambertville 0 0 0 0—0

Touchdowns—Reeves, Meyers 2, Schmierer. Points after touchdown—Knight, Reeves—Armitage, Umpire—Steuber. Head Linesman, Joe Stack, Palmyra. Time of periods—10 and 12 minutes.

"LITTLE WHITE HOUSE" CLOSES

Governor Moore closed the "Little White House," at Camp Moore, Sea Girt last week, and is going to the State House, Trenton, daily, commuting from Jersey City. During the summer executive business was transacted at Sea Girt. The Governor has taken daily outdoor exercises, principally horse-back riding. He will continue his practice of utilizing the time for train riding by dictating to his stenographer, who accompanies him to and from Jersey City.

Fifteen County "Y" Groups Start Work

Boys of Various Branches Open Fall and Winter Programs in Earnest

At least fifteen groups of the Burlington County YMCA are now under way with their fall and winter program. Groups that have started during the last two weeks are:

The Burlington Hi-Y Group, led by the Athletic Coach John C. Tice. The Hartford Pioneers, with Floyd "Bud" Gindhart as leader. This group is already making plans for their Father & Son Banquet to be held in the Union Sunday School on the evening of November 4, at 8.30.

The Jacksonville YMCA Group, under the leadership of the student pastor, John Talbot. The Work and Win Group of Maple Shade, led by Henry Harper. The Moorestown Progressives, (colored) under the leadership of Mr. Smith, former leader of the Lawrence YMCA Group of Camden County. He will be assisted by the Colored Community Recreation leader, Henry Graves.

The Independence Pioneer Group, led by George Graham, of Palmyra. The Calvary Group, led by Paul Burr, of Riverton. The Edison Pioneer Group, with J. L. Metzgar, of Riverton, as leader.

The Willingboro YMCA under the leadership of Earnest L. Janney, electrical contractor of Hancocks, had a meeting to discuss the reorganization of the work for the

best and largest service to the community.

Much progress has been made by the Palmyra-Riverton YMCA Board since its reorganization last year. Several groups are already under way this year and the building has been put into shape for the use of the boys everyday. This will be possible because of the local secretary, Arnold Carter, being around the building most of the time. There is a reading room, containing a branch of the Burlington County Free Public Library and many current educational magazines.

Men are something like mules. Their great accomplishments take place when they stop kicking and pull together.

Geese are flying South early, indicating a severe winter. Who knows. It may be propaganda framed up with the geese by coal barons.

Have we yours?

The confidence of those mentioned above surely proves our ability to safely and satisfactorily care for any business entrusted to us.

We ask for your confidence and patronage.

The Palmyra National Bank

Palmyra, N. J.

FOR RENT

After October 1, 1927 one of the most desirable apartments in Riverton will be available. Reasonable rental.

Friendly Thoughts
by Frank A. Snover

Life's greatest partnership is marriage—and it is life's greatest opportunity. Living in loving harmony is an art that can be studied and mastered. It calls for sympathy, tolerance, devotion, faithfulness and forgiveness, too.

Nothing can take the place of a friendly service. Friendliness is the outgrowth of fairness and sympathetic attention.

State Freeholders Moorestown Guests

Entertained at Community House; Addresses by Darby and Wells

The October meeting of the State Association of Freeholders was held in the Community House, Moorestown, on Monday of this week. Freeholder Charles B. Stout, president of the association, occupied the chair. The community singing was led by Mrs. William Groebler, and several selections were rendered by Julius Caesar Nardella, noted soloist and pupil of the late Enrico Caruso.

An excellent dinner was served by the Ladies Auxiliary of the Community House Association.

Greetings were extended to the visiting freeholders on behalf of the Burlington County Board of Freeholders and the city of Moorestown by Senator Emmor Roberts, and John Pettit, treasurer of the Moorestown Trust Company, gave a brief history of how the Community House came to be built. The house was the gift of Eldridge Johnson who stipulated that money should be raised by the people of the community to maintain it. Subscriptions taken for this purpose amounted to \$110,000, \$107,000 of which has been actually paid in. The income from this sum will finance the operating expenses of the institution.

Immediately following the dinner Mrs. Groebler singing a little surprise on the assembled guests, when she had the Ladies Auxiliary sing a verse of "Reuben, Reuben" which was responded to by a group of men in the front of the room, followed by a second verse by the ladies and a response by the men.

Addresses were delivered by Walter I. Darby, Commissioner of the Department of Municipal Accounts, Trenton, and Harold B. Wells, ex-assemblyman, ex-senator, ex-judge and present solicitor of the freeholders.

Judge Wells said in part:

Where Jury System Fails
"The trouble with our jury system," the former judge said, "is that the average American who can serve usefully on such juries finds it too easy to make acceptable excuses. The collective opinion of these juries sitting on murder cases, as attested to by national statistics, cries out to high Heaven for intelligence and reason."

"In what other county is the rate of convictions so low in murder cases? In England last year ninety-five percent of the murderers arraigned were convicted. In America only one convicted murderer in 110 pays the full penalty. In nine cases out of ten the acquittal of murderers was because the juries indulged in sickening, maudlin sympathy. The tempering of justice with mercy should be left to the judge and not dealt out with sympathy. The remedy lies with our legislative bodies in making it more difficult for intelligent men to excuse themselves from jury service. Identical with the laxity of our citizens in failing to correct the evils of our juries is their apathy to the ballot. The greatest menace to

HALLOWE'EN CELEBRATION

All the News of Moorestown's Big Community Celebration Told in Brief Form

The latest developments in the plans for Moorestown's "bigger and better" Community Halloween Celebration, to be held Saturday evening, October 25, are given briefly in the following paragraphs:

The directors, at a big meeting Monday evening, voted to give half the funds remaining after the Celebration expenses are paid toward a fund for the purchase of a community ambulance.

Contributions are coming into the Community House steadily and at least \$500 has been contributed by the citizens.

Farmers in this section are supporting the Celebration liberally. Some sent in their contributions the day they received a letter from Director General Clarence E. Worrell asking for financial support.

John G. Pettit, treasurer of the Celebration, Benjamin P. Rumpeltes, the assistant director general, and James M. Conroy, a director, constitute a committee to supervise the financial and arrange a budget for the Celebration.

Miss Katherine Sharpless and Miss Middleton are enlisting the support of friends for a mounted women's section in the big parade. A host of gay equitarians will add much to the affair. The men folk will be out strong for the horses

American communities today is the ballot-box stuffer, whose existence is solely traceable to the citizen who blissfully ignores his franchise. His vote is cast, but not by him but, as a rule, by some loafer. If you would rid your community of these pests get out and vote your ballot. If someone stole anything else belonging to you, you would cry out to the world for redress, but Mr. Average Citizen blissfully allows his greatest birthright to be sneaked from under his own eyes. Get out and vote and the problem of graft may be solved, too."

Judge Wells also loosed some scathing remarks concerning the training of American boys of today. "The American boy of today," he said, "is no different from the boy of the past generation, but unfortunately he is getting soft. Softness has crept into our system of training with boys. Discipline and hard work is what they need and less sentiment in their rearing."

PALATIAL HOME IS OFFERED TO STATE

Residence of Late Col. Washington A. Roebeling May Be Acquired As Executive Mansion

The palatial home of the late Col. Washington A. Roebeling may be acquired for use as the executive mansion, it was rumored at Trenton last week. It is understood that the premises, a half block from the State House, have been offered as a gift, free of all encumbrances, by Col. Roebeling's son, Siegfried Roebeling, to whom it was bequeathed.

and all of the stables in neighboring towns will be called upon to supply mounts to meet the big demand.

As a "starter," 12 gross of ten-minute red torches have been ordered and will soon be on sale. Director General Worrell reports that a General Electric Company man has completed a survey and will have a plan for adequate street lighting ready in the near future.

George B. Ferrier, the chairman, is lining up a corps of celebrities as judges. There are to be ten judges. Moorestown's favorite son, Senator Emmor Roberts, has been elected grand marshal of the parade. The Senator filled this position with honors last year.

Five hundred Boy Scouts from all over the county will be brought here to act as messengers and do patrol duty. Five state troopers will be here on motorcycles and the local police department will be reinforced by 20 members of the fire police squad. The railroad company will have special police here to guard the crossings.

Plans are being made to rope off special sections along Main street, at least.

The list of prizes is mounting and a large number of floats is anticipated.

State officials declined to discuss the matter, saying that any statement would be premature at this time.

Automobilist: "How can I get to the Cemetery?"
Constable: "Don't stop at railroad crossings."

Nearly half the weight of an adult's body is muscle.

Girls Hockey Team Defeats Paulsboro

Palmyra Lassies Lead South Jersey League With Two Victories

Miss "Kitty" Burr, versatile centre forward of the Palmyra High School Girls' Hockey team, scored an even half dozen goals last Wednesday afternoon at the Palmyra Field Club Grounds as Palmyra High took undisputed possession of first place in the South Jersey Girls' Scholastic Hockey League by virtue of its easy 11 to 1 victory over Paulsboro High School.

This makes the second straight victory for Palmyra, the locals having defeated Merchantville the week before by an 8 to 0 count. Miss Marion E. Purbeck, former Collingswood High School and Saragat College of Physical Training all around athlete, is coaching Palmyra girl sports for her initial year and it looks as if she will bring the first championship to the "Red and White" squad, or at least make a strong bid for it. With an array of veterans, Palmyra will make any eleven battle to the utmost in order to win.

Kitty Burr proved to be the undoing of Paulsboro by scoring six goals, three in each half, by her offensive playing, and being here, there and everywhere over the field, breaking up Paulsboro's attempted teamwork left and right. Miss Burr could have beaten the outclassed losers single handed. She has every ability in making a great hockey star.

Next honors must go to Miss Grace Kersey, who made three goals for the winners. Miss Cornelia Harding, high scorer in the Merchantville game, when she made five goals, tallied on two occasions in this victory. Miss Margaret Jenkins, captain of the team, played her usual good defensive game as did Miss Virginia Good, Palmyra

Your Neighbors Provide Your Telephone Service

PEOPLE you know plan for and develop the telephone system that serves New Jersey.

Neighbors of yours operate and maintain the apparatus kept ready to serve you.

Friends and acquaintances, with home and community interests similar to yours, keep the records and do the many other different tasks that go into the sum that makes your service.

Twelve thousand New Jersey men and women who have a real personal interest in serving you well are back of your telephone. They are well trained and like other people, they know the satisfaction that comes from effective effort. Through the years they have made a fine record of accomplishment, fulfilling the best traditions of telephone service in time of emergency and in everyday activity.

These workers, formerly in two Bell Companies, are now in a single New Jersey Organization whose telephone interests and activities are devoted entirely to New Jersey.

Their purpose and that of the management of the new company is to continue to provide an effective service for your use and to make it still better, wherever and whenever possible. By doing this, we shall meet our responsibility to the telephone users of our State.

Public Service Stock Offer Over-Subscribed 80,000 Shares

AN OFFER of 35,000 shares of 6% Cumulative Preferred Stock of Public Service Corporation of New Jersey was made to customers of subsidiary companies and to the public on October 1. When the books were closed five days later, on October 6th, 15,492 subscriptions for 115,226 shares aggregating \$11,522,600 had been received—nearly three and two-third times the amount offered.

The officers and directors of the Corporation, appreciating fully this outstanding expression of confidence in its securities, take this means of extending thanks to the thousands of New Jersey men and women who have purchased stock, and pledge their best endeavors to assure a continuance of the Corporation's success and progress.

Arrangements have been made, which will permit the delivery to subscribers of the full number of shares subscribed for.

FIRE PREVENTION

There are "Weeks" and "Weeks," but Fire Prevention Week is without doubt the most important of them all. For six consecutive years our annual fire loss has exceeded the half-billion dollar mark, increasing each year, until last year it reached \$560,548,624. About 15,000 persons lose their lives every year by fire.

Every household should examine the fire hazards in and around his home, and take steps necessary to eliminate them, keeping his premises in such a manner that he would feel at ease to have the fire marshal make an inspection.

Experts believe that 90 per cent of all fires could be prevented, and that the remaining ten per cent are controllable.

COLDS AND CLEANLINESS

How many colds are you going to "catch" this winter? And after you have caught one, how generous are you going to be in passing it on to others? These are current questions at this season of the year.

The answers may be found, to a large extent, declares Dr. W. W. Peter, internationally known health educator, in the careful observance or neglect of proper sanitary and cleanliness standards. Dr. Peter, who is noted for his graphic presentation of health problems, issues a warning against the "walking transmitters" who broadcast this common infection, in a recent bulletin published by the Cleanliness Institute.

"What is a cold?" he asks. "The very word is a misnomer. We use it because it was handed down to us, and not because it is caused by cold temperature, just as coughing and sneezing may have led the Chinese to say they have 'caught the wind'."

"Colds are communicable from person to person, just as are typhoid fever, diphtheria, and a host of other diseases. Most persons indulge in from one to three colds a year. The number of victims total ten to fifteen percent of the general population at one time."

One of the first rules of cold prevention, Dr. Peter points out, is to avoid infection through the most scrupulous cleanliness. If you must shake hands with those suffering from colds, be sure to wash your own hands afterwards. Keep away from common drinking cups, dirty dishes, roller towels, pipes, pencils, and other objects contaminated with fresh secretions. Maintain as high an internal resistance against infectious agents as you can by daily attention to bodily cleanliness, exercise, rest and diet.

But if you do get a cold, despite all precautions, don't become a walking transmitter of disease germs by mingling in crowds or appearing in public places, particularly in the sneezing and coughing stages of the infection, Dr. Peter warns.

Be your own policeman.

WHAT MORE COULD THEY ASK?

Loading up several ships with malcontents and radical extremists, the President of Chile sent them to an island in the Pacific with his good wishes and his hopes that they might work out a civilization to their own liking.

Out there they can throw bombs, they can engage in any violence or do any of the things which they were carrying on in Chile.

If they object to established institutions in their own island ball-wick, it will be their right to bomb them. Whatever is wrong in the conduct of affairs, they can demolish with torch and blasting powder.

Being of like minds they can apply their philosophy of violence without challenge from those who believe in government, law and established authority. It is their island, and there will be capitalistic hand to wrong them or oppose them or humiliate them.

If they believe in the torch and the infernal machine and violence, why should they not on their own island domain pursue liberty as they see it, and shoot up the town or blow up the banks or burn up all the temples of authority? If with them the bomb is preferable as an instrument of freedom to the ballot box, it will be theirs, if they so will, to bomb the ballot boxes. If a written constitution is the conception of capitalism, they can spurn it or blow it into fragments and perdition with injury to no emissary of the capitalistic class.

Out there in the Pacific, where the ocean surf sings the song of liberty on their own island, they can carry out their idealistic rights as a devery man be vouchsafed life, liberty and pursuit of happiness, as he sees them.—Portland, Oregon, Daily Journal.

IMMIGRATION KEYS

The tide of labor migration, that of common or unskilled industrial labor from Europe to the United States since the enactment of the quota restriction law has not only ceased, but actually has been reversed, according to an analysis of immigration trends made by the National Industrial Conference Board of New York. Whereas, before the war, our annual net gain of common labor, including farm laborers from Europe averaged about 249,000 for the period of 1913-14, the United States since 1924 has been losing annually an

average of about 20,000 more of this group to European countries than we have received from them.

Balancing all immigration against emigration, our annual net gain of common and farm labor from all sources, including Europe, has averaged about 25,000 a year for the past three years, and has depended wholly on immigration from Mexico and Canada, and, to a negligible degree, to other countries not subject to quota restriction.

Labor immigration from Europe consists roughly of half unskilled industrial and half farm labor, but in all about three times as many common laborers have returned to Europe than have come from Europe since 1924, while farm laborers generally have remained.

Only a small proportion of the combined immigration from Mexico and Canada consists of farm labor, averaging less than 4,000 a year for the 1925-27 period, of which Mexico contributes only about 300 annually.

The influx of common and farm labor during the past fiscal year, including immigration from Europe, has been heavier, and emigration from the United States less than the average in the two preceding years.

SHE STOOFS TO CONQUER

"Better to bend than break," remarked the Chicago traffic authorities, borrowing a line from Chaucer. And they devised a new kind of rubber posts, to support auto signs—posts which, hit by a car, bend flat down, on a level with the pavement, but invariably fly back again, to the perpendicular, the minute the vehicle's weight is removed from them.

This recalls the circumstance that, some time ago, an inventive genius sought to put on the market a railroad crossing gate consisting of a tremendously strong loop of piano wire, which, descending as a train approached, anchored itself across the highway around two opposite steel posts set in reinforced concrete—as easy to uproot as one of the pyramids, and mighty little easier.

The theory was that an auto, dashing full speed into the wire, probably would bend it into the form of a semi-circle, but inevitably would be hurled back with terrific velocity, as a lad throws a stone from a rubber sling, only to land perhaps half a mile to the rearward, presumably with its engine still running, try it again, meet with another rebuff, and keep at it until gradually it ran down, like a clock, and came to a standstill.

The inventor was of the opinion that one of these experiences would be enough for any average motorist. So far as appears, this type of crossing gate never was adopted, but Chicago's new pattern of sign posts are not dissimilar in principle.—Norristown, Pa., Times-Herald.

ALL AMERICANS

Learned editorials in the big metropolitan newspapers, discussing the inferiority complex of farmers of a class, lead to no good result.

Perhaps this complex is more marked as a characteristic of the part of the farm critics, for city folks show woeful lack of general knowledge of "country" affairs.

A great many "farmers" have become experts and prospered in dairying, stock raising, fruit and truck gardening, in spite of metropolitan fables of Hicks and rubes.

The people of Our Country, including journalists and syndicate writers, better concede that we are all Americans, with constantly changing habits and classes of occupations.

The farmers and country-bred people may mean as the majority of medium and smaller-sized cities, one day, while the progressive and enterprising tillers of the soil are coming more and more from the cities.

EVERY HOUR RAILROADS OF THE UNITED STATES

Pay \$236,422 in wages.
Spent \$196,644 in other operating expenses.

Load 6,984 cars with 152,872 tons of revenue freight.
Perform freight service equal to hauling 50,689,228 tons of freight for one mile.
Perform passenger service equal to hauling 4,651,815 passengers for one mile.

Will Preserve Facts for Future Classes

Pupils of Westfield School Will Make Book of Things Learned from Speaker

The pupils of the Westfield Public School had a rare treat last Wednesday when Miss Knobloch, from South Africa, told of her experiences in that interesting country. There was so much to tell and so many questions to be asked that the boys and girls coaxed her to come out to the school a second time which she generously did.

Now we are going to make a book and put into it all the facts which were learned from Miss Knobloch. This book will belong to the school and other classes will be able to use it other years when they are studying the Continent of Africa. It will take some time to get all the material together but the children are so much interested that it will be a pleasure to record the data. Africa surely seems nearer to us all after Miss Knobloch's inspiring and very educational lecture. Following are a few of the "impressions" of the boys and girls:

Extracts Taken From Papers Written by Pupils
"On October fifth and sixth we had a visitor who came to our school. She told us many interesting facts about South Africa. She told us how the natives dress and about the different tribes. Each tribe has a chief and every tribe has different customs."

WOODROW GIBBERSON.
"There are only one and a half million white people in South Africa and ten and a half million natives. The natives wear very few clothes. They wear beads around their bodies and bones or ivory through their noses and ears. A man only makes about 3 shillings a week or a little less than 75 cents for hard labor."

ERNEST MITCHELL.
"South Africa lies in the South Temperate Belt. It is mostly surrounded by the Indian Ocean. South Africa as a whole is mountainous. The mountains contain many valuable minerals but the most valuable are found in the diamond mines of Kimberly."

JOHN GALE.
"The British get negroes and make them work in the diamond mines. These slaves get a week's wages of 3 shillings or 75c of American money. Out of this amount each man must give one third to his father, one third to the government and may keep one third for himself."

JOSEPH HIGGINS.
"The diamond mines of Kimberly are somewhat like the coal mines. The earth is chopped and put into small cars which bring it to the surface. Then it is put into a sluice which takes it to the third floor to tables shaped like an 'L'."

The last table is covered with grease, an inch thick. This grease catches the diamonds and lets the dirt go by as water washes over the table. The diamonds are then boiled to get the grease off, then sorted and then sent to Holland to be cut.

WILLIAM FAHNER.
"In Cape Town the homes are all surrounded by gardens and high hedges. People have tea in these gardens many times a day. The homes of the poorer classes are called 'kraals.' All the people must own cattle whether they are rich or poor."

DOROTHY SCHUCK.
"Kraals are made of a substance like cement which is gotten from ant hills. This cement is mixed with grass carried from the prairies near by."

CHARLOTTE BISHOP.
"The natives smoke a pipe which contains a tobacco which they get from a poisonous plant. When they smoke this it makes them crazy and there is no humanity in them."

ANDREW BRENNAN.
"In Capetown there are many beds of beautiful flowers of various colors. The negroes wait in long lines to sell them. On the outskirts of Capetown there are wild flowers everywhere. You cannot help stepping on flowers."

VERNA BLAKE.
"We docked at Capetown and after having been there about two days my kind guest offered to show me the market place of flowers. This pleased me exceedingly as I was anxious to see the flowers of this dry, hot land. Imagine my surprise when I saw some of the most beautiful flowers I had ever seen. Large flowers, small flowers, flowers of pink hue, flowers of blue hue and all kinds of delightful colors."

RITA MACDONALD.
"Some of the people have soil from the mines put on the paths of their gardens. When the sun shines on the soil you can see garnet sparkle. Then the family goes out with a bag or something and pick up the uncut garnets."

ALMA DORWORTH.
PARENTS WILL MEET AT MAPLE SHADE, OCTOBER 19
Mrs. Louis T. deValliere, State President of New Jersey Congress of Parents and Teachers, will conduct a School of Instruction at the fall meeting of the Burlington County Council, Wednesday, October 19, at Maple Shade School No. 3.

Mrs. J. C. Bridgman will give a talk on Hot Lunches in the Schools of Burlington County.

The morning session will begin at ten o'clock and all business will be transacted at this time. Roll call will be answered by one minute talks on "What Are Your Plans For Increasing Membership?"

Lunches will be served by the Maple Shade PTA.

SUPPER AND BAZAAR
Don't forget the Supper and Bazaar at the Friends' Meeting House in Mount Holly, October 20th, 3 to 8 p. m. for the benefit of the Burlington County YWCA. Turn out and help the women of the association make this affair a success.

RIVERTON ITEMS

Miss Eleanor Torbert, of West Philadelphia, was the guest of Mrs. S. B. Lisk over the weekend.

The partnership in the plumbing business of Selhold and Faunce, at 109 W. Broad street, Palmyra, has been dissolved and Mr. Selhold is now the sole owner of the business.

Nick Belts has installed new machinery in his shoe-making establishment, at 115 E. Broad street, Palmyra, which will enable him to render quicker and better service to his patrons. These machines are the latest in the industry.

Miss Amy Milton celebrated her twentieth birthday with a party at her home on Cinnaminson street last Wednesday evening. Guests were present from Palmyra, Philadelphia, Riverton, Burlington and Riverdale. Miss Milton received many pretty and useful gifts.

Dr. S. W. Collin is driving a handsome Dodge sport cabriolet, purchased from C. Ridgely Sweeney. Mr. and Mrs. Edwin W. Collin, 610 Broad street, are receiving congratulations on the birth of a daughter, Virginia Marie, Friday, October 7.

Mr. and Mrs. Charles H. Yost and children spent the weekend at Kingston, Pa., with Mr. and Mrs. H. K. Marcy.

Charles B. and Ed. Jessup left last Saturday morning on a motor trip to California.

Mrs. Albert Gorman entertained the Ladies' Auxiliary of the IOOF at her home Tuesday evening.

Mrs. E. C. Grice, of Philadelphia, was the guest of Miss Helen Lippincott the latter part of last week.

Mrs. Grice is a former resident of Riverton and lived in the house at Broad and Lippincott avenue now occupied by William A. Major and family.

Mrs. Emma Marlin, of Trenton, was visiting her niece, Mrs. M. H. DeCoursey, over the weekend.

Mr. and Mrs. John Maloney and son, of Philadelphia, spent Sunday with his parents, Mr. and Mrs. Dennis Maloney.

Mrs. Barksdale, of Atlantic City, visited Mr. and Mrs. L. A. Flanagan on Tuesday.

Mr. and Mrs. W. A. Major and Mr. and Mrs. J. F. Jamison spent the weekend with Mr. and Mrs. Robert Golden, at South Orange.

Mrs. Benjamin S. Bechler returned home Friday from a two months' trip through France and Italy.

Mrs. L. M. T. Calderwood is entertaining her sister, Mrs. Knudsen, of Camden, Maine.

Mrs. Paul Good and children, and mother, Mrs. Maria Coddington, returned home Monday from Margate, where they spent the summer.

Harvey L. Hirst returned home Tuesday from a business trip to Cuba.

Mrs. J. W. Sylvester and Mrs. Anna Reeves have returned home from Morris Plains, where they spent a week visiting.

Mr. Samuel Jones and children, of Plainfield, are visiting her parents, Mr. and Mrs. C. W. Kipp.

Miss Elizabeth Coddington, of Arlington, spent the weekend with her parents, Mr. and Mrs. J. M. Coddington.

Miss Elizabeth Bowen entertained last Thursday evening in honor of Miss Fanny Knobloch, of Washington, D. C., who recently returned from South Africa, where she spent more than four years.

Mr. Russell Gausler has returned home from Bayhead, where she spent the summer.

Samaritan Class Has Fine Meeting

Banquet and Full Program of Interesting Events Marks Session

With the advent of the fall season, the Samaritan Class of the Palmyra Central Baptist Church entered into a big fall and winter program of activities last Tuesday evening when they held their regular business meeting in the church.

It was a full evening to say the least. Starting at 6:30 thirty-three members of the class and guests were present for the business session. The evening was well planned and prepared by Ernest Woodcock, who has established such a precedent as to acquire for himself the distinction of the honored and enviable name of "Chief."

The supper, although not having the aspect of a banquet, was accompanied by brief remarks from Charles A. Deltz, the well chosen, genial and most respected teacher of the Samaritan Class.

Thomas C. Van Osten and David Wood, superintendents of the Sunday School, and the Rev. George Lockett, pastor, the guests of the evening, offered words of encouragement and commendation to the members for the great program they have.

Roland Bauder, one of the recent additions to the class roll, and one who has devoted much thought and time toward increasing the interest in the class is sponsor and author of the Five-Fold Class Activity program consisting of an Athletic Club, Dramatic Club, Church and Grounds Club, Glee Club and Public Speaking and Debating Club.

It was following the class supper, that the Athletic Club had an opportunity of demonstrating the work that has thus far been accomplished. The members were escorted to the newly arranged and lighted Quilt Courts which lie on the church property, Elm avenue and Fifth street. Through the work of Albert Taylor, George Weaymans, Roland Bauder and George Ingram, the completion of this part of the athletic program was made possible.

Charles A. Deltz was made "Judge" of the "Courts" and a pleasant hour was passed, many being found well accomplished in the art.

The business of the evening was then disposed of in the church and was then followed by indoor dart baseball. Here James M. West proved his adaptability in the building of baseball diamonds. So pleasing and attractive was the dart board that considerable time was consumed by those playing in stopping to admire its construction and the artistic touch of the painter's brush.

The Glee Club, under the direction of Russell Jermon, of Riverton, has been convening for the past

few weeks and will meet this Thursday evening in the church. This club, in connection with the Dramatic Club, will make its debut by giving a musical and literary evening, November 17, in the church.

The class will meet at the home of their teacher, Charles A. Deltz, 528 Morgan avenue, at 7:30 Sunday evening and will attend church in a body to witness the baptism ceremony of two of their members, George Weaymans and Roland Bauder.

This Friday evening at 7:30 the class will meet as usual at the Palmyra Station and will proceed to Riverside where they will spend their regular weekly evening in bowling.

The Samaritan Class which is

probably one of the largest Young Men's Class in this vicinity, now has a membership of 60 and with the success of its plans in the future will be an outstanding factor in the development of the Central Baptist Sunday School. Not only has its activities been confined to the class alone but they have entered into a Boys' Play Program with Leslie Reeves, George Ingram and Robert Moore as the committee, which will foster a night of festivities for the young boys of Riverton and Palmyra which will cultivate spiritual, physical and mental fitness.

Some of the American Legion members just didn't feel at home in Europe until they started that (last) fight at Brussels.

PALMYRA NOTES

Mr. and Mrs. Horace Rue and daughter, Betty, and Mr. and Mrs. Robert Colista and daughter, all of Trenton, spent the weekend as guests of Mr. and Mrs. A. B. Cramer.

Mrs. W. Paul VanSant and daughter are visiting the Rev. and Mrs. S. Monroe VanSant, at Pleasantville.

Mrs. Michael Hughes and children, of Philadelphia, returned home on Sunday after spending several weeks with her parents, Mr. and Mrs. Harry Kemmerle.

Mr. and Mrs. Isaac N. Wright, of Indian Mills, spent the weekend visiting relatives in Palmyra.

Ellsworth Hall, Jr., has moved from Riverton to Sixth street, Palmyra.

Next Wednesday evening, the 19th, the Chautauqua Association of Riverton and Palmyra will hold a meeting and social at the home of Mr. and Mrs. James P. Macfarlane, 708 Washington avenue, Palmyra.

The expected dates for the Chautauqua lectures are January 13, 14, 15, 16, 1928.

The Samaritan class held its monthly meeting and supper in the Baptist Church Tuesday evening.

Miss Adeline Seal is spending two weeks as guest of Mr. and Mrs. Fred Wehage, of Roanoke, Va.

Mrs. Fred Rohland returned last Thursday from Ocean Grove, where she spent the summer.

Miss Viola Green has returned from a motor trip through Pennsylvania.

Mrs. Stanley Thomas, of Narbeth, Pa., and Mrs. Robert Campbell and children, of Ocean City, were guests of Mrs. George Seal last Thursday.

Wilbert L. Rich of Parry avenue, left Sunday evening to attend the annual convention of the Managers and Salesmen of The Consolidated Expanded Metal Company of Philadelphia, which will be held at the various branches of the concern in Pittsburgh, Wheeling, and Portsmouth, Ohio, and Wheeling, W. Va.

Russell "Lena" Blackburne, coach of the Chicago White Sox, has returned to his home on Cinnaminson avenue for the winter season.

Mr. and Mrs. Isaac Wright, of Indian Mills, enjoyed Saturday and Sunday with Mr. and Mrs. Edward King.

Mrs. Edward King has returned home from Ocean Grove after a very successful season.

The annual business meeting of the Needlework Guild will be held in the Baptist Church, Tuesday, October 18 at ten-thirty. Luncheon will be served at twelve-thirty. We hope for a large attendance.

The annual endowment and display of garments will be the first Thursday in November. Further notice will be given later.

Dr. Charles E. Beury, President of Temple University, Philadelphia, will be the distinguished speaker at the Central Baptist Church on Sunday morning. In the evening there will be Baptism.

Miss Esther Dean, of Morgan avenue, will entertain the teachers of the Baptist Primary Department this evening.

Herbert Clark, the builder, has started another fine house on High-

land avenue in the Morgan Heights section.

Members of the Samaritan Class enjoyed a splendid banquet and social evening on Tuesday.

Many Palmyrians enjoyed Wednesday in Burlington and witnessed the parade held there in honor of the 250th anniversary of the town.

The Philathea Class is planning another food-sale in the Baptist Church on Friday and Saturday of this week.

Mrs. William H. Yost, Jr., of Parry avenue, was tendered a surprise miscellaneous shower at the home of friends in West Philadelphia Thursday evening last. Guests from Palmyra, Merchantville, Frankford, Stonehurst, Gloucester, Camden and Trenton were present. Mrs. Yost will be remembered as Miss Ethel G. Rich, daughter of Mr. and Mrs. W. L. Rich.

Harry Buck and grandson Forrest W. Buck, Jr., have returned from Atlantic City.

Mr. and Mrs. H. Duck, of Bank avenue, accompanied their son to his home in Scotland, Pa.

The Palmyra Fire Company was called for a drill at the River Bank Monday evening.

Miss Williams is substituting for Miss Mary Dean and Miss Bender for Miss Harriet Egan in the Palmyra Schools owing to the death of their mother, Mrs. Harriet Egan.

Teachers' Institute will be held in the Palmyra Schools, Monday, October 16. Both schools were closed yesterday, Columbus Day.

VALUE RECOGNIZED

A. A. Anderson, Secretary of the Pacific Coast Building-Loan Association, in an address at the Pacific State saving and loan conference, recommends newspaper advertising as the most effective and economical means of reaching the public. Further, he urged that the building-loan associations throughout the United States should have a fund of at least \$1,000,000 for such a campaign.

As Mr. Anderson knows, it has been fully demonstrated that the newspaper stands by itself as a carrier of messages to the greatest possible number of people. It is the only medium that is sure to reach the citizens of a community and to be read. This fact is being more fully appreciated every day.

The smaller country dailies and weeklies are the great medium for reaching the masses of the people who represent the majority of the reading and buying power of this nation.

MRS. HARRIET EGAN

Mrs. Harriet Egan passed away suddenly at 6 a. m. Monday at her home, 719 Morgan avenue, Palmyra. She was born on September 6, 1854, and was the daughter of Lady Elizabeth and Sir John Blunden, Baronet, of Castle Blunden, Kilkenny, Ireland. In her youth she trained in St. Thomas' Hospital, London, and up to the time of her marriage devoted herself to nursing the poor in her community. A few years after her marriage to James Egan, she and her husband came to America and resided in Lancaster, Penna. In 1917 her husband died and a few years later she came to Palmyra to live with her daughters. She was in her 74th year and was a life-long member of the Episcopal church. Since she came to reside here she was a regular communicant of Christ Church, Riverton.

She is survived by Eleanor M., of Lancaster, Mary B. and Harriet E., of Palmyra and James Herbert, of Bryn Mawr, Penna.

Brief funeral services were held at her home on Wednesday evening and she will be buried from St. James Church, Lancaster, Thursday afternoon.

DISTRICT ATTORNEY PRAISES SCOUTING

Fox Says Boys Trained in Great Movement Are Not Found in Courts

An item found in "The Hub," a publication of the Camden Rotary Club, telling of the admiration District Attorney Fox, of Philadelphia, held for Scouts, follows:—

"No boy who had ever received training as a Boy Scout ever appeared as a youthful delinquent among the thousands of cases I handled as Assistant District Attorney assigned for seven years to the juvenile branch of the Municipal Court."

That declaration was made by District Attorney Fox in addressing a Rotary Club luncheon in the Bellevue-Stratford. In the presence of fifteen "eagle" scouts who sat at the head table as honored guests, Mr. Fox, himself a Scout Commissioner, said:

"Out of every 1000 boys who get into trouble these days, seven-eighths can be classified as victims of their own misplaced energy. It is the aim of the Boy Scout movement and the duty of every business man to encourage the direction of a boy's energies into proper channels."

REPUBLICANS TO MEET IN TRENTON

State Committee Will Elect Delegates to National Convention

While peace and harmony are to be the keynote of the meeting of the Republican State Committee to be held at Trenton on Friday, a number of political disputes are expected to develop in a number of important questions.

One of the foremost subjects to be considered is the prospective delegates to the Republican National Convention next year. Former Governor Edward C. Stokes has urged that the delegates be pledged for Coolidge, but number of other influential Republicans are in favor of an open delegation.

Among the mentioned as possible delegates are Stokes, Senator Walter E. Edge, Republican National Committeeman Hamilton F. Kean, State Comptroller Newton Busbee and former United States Senator Joseph S. Frelinghuysen. A number of state committee members are in favor of sending a woman delegate.

The gubernatorial race is also expected to provide controversy with Senators William B. Mackay, Jr., and William Harrison, Judge Walter Van Riper and former Judge Cornelius Doremus mentioned as possible Republican candidates.

LEVER RUNS

"Boots" Wins 75 Sprint, But Loses the 100

Monday was known as "Sports' Day" at Burlington this week celebrating the 50th anniversary of the settlement of the city. In the morning the children participated in various events for honor in sports. The afternoon program included club, scholastic and intercollegiate races.

Fred "Boots" Lever, of Palmyra, and Charlie Rogers, of Camden, two former University of Pennsylvania athletes, had charge of the great athletic meet held Monday in conjunction with the celebration.

"Boots" Lever, formerly held the intercollegiate sprint championship while captain of the University of Pennsylvania track team, met Charlie Rogers, a veteran half mile runner, in two invitation races. Lever won the 75-yard sprint while Rogers beat him to the tape in the 100-yard race.

MARRIED

Mr. and Mrs. William Rawlings announce the marriage of their daughter, Pearl Rawlings Carpenter, to Mr. Charles Newbold Forsyth on Wednesday, October 12. After touring the New England States Mr. and Mrs. Forsyth will be at home in Wisconsin November 1.

MARRIED

Miss Reba Manely announces the marriage of her sister, Miss Elizabeth Helen Manely to Mr. Joshua Woolston Atlee, on Saturday, the eighth of October, 1927, at the "Friends' Meeting House, Philadelphia.

Love's Dawn of Peace

I foresee a brighter dawning
When the reign of greed must cease,
And God's people will be living
In a paradise of peace.
Sin and warfare disappearing,
Will go back into the past.
That, too horrible, was seeming,
In this world, to longer last.

Then awake! O Christian people,
Bring the dawning day around,
When no longer greed's base evils,
In this world, will then be found.
Let the light of love be shining
To illumine all the way,
So we all may soon be finding
Glories of the brighter day.

When the blessed Saviour's teaching
We are learning how to love,
So we'll know life's greatest pleasure
Is in joys that we can give—
When love's dawning is appearing,
O, how joyful life will be,
And, our little earthly heaven,
We shall all begin to see.

Martha Shepard Lippincott.

This Way Out

Trump—"Have you a good square meal for a hungry man, miss?"
Lady—"Yes, I have. And he'll be home any minute, so you'd better beat it."

Fed Up

"And are you satisfied with married life?"
"Yes, I've had enough!"

Many men who smile at the credulity of women who believe in Santa Claus still think that they can beat the stock market.

FIND LEDGE OF ROCK

A solid ledge of rock, considered a freak of nature for this section, has been found within the limits of Moorestown Township.

Workmen at the Palmyra Pipe Construction Company, laying new pipe lines along Main street, struck a solid ledge of rock about eight feet deep and six feet long, two feet under the surface. The "strike" was made on the south side of West Main street just above the new Dolly home.

Due to the proximity of homes, workmen were unable to dynamite the ledge and have to remove the obstacle by chipping away the rock with sledge hammers.

Life's Canvas

Sunshine and shadow and laughter and tears
These are forever the paints of life
Splashed on the canvas of life day by day.
We are the artists, the colors are they.

We are the painters, the pigments we use
Never we're wholly permitted to choose.
Grief with its gray tint and joy with its red
Come from life's tubes to be blended and spread.

Here are the easel, the brushes in hand.
Each for a time is permitted to stand.
White was the canvas when first we began,
Ready to picture the life of a man.
Now we are splashing the pigments about.

Knowing the reds and the blues and the greens
Soon we must turn to the dull hues and gray.
Painting the sorrows that darken the way.

Now with the sunshine and now with the shade
But surely the picture is made.
Even the gray tints with beauty may glow
Recalling the joy of the long lost ago.

Let me not doubt it with doubt and denial
Deeds that were hasty, unkind and unfair,
But when the last bit of pigment is dried
Let me look back at my canvas with pride.

Let me, when trouble is mine to portray,
Dip, with good courage, my brush in the gray;
After the tears and the grief let there be
Something of faith for my children to see.

Lord, let me paint not in anger or hate,
Grant me the patience to work and to wait.
Make me an artist, though humble my style,
And let my life's canvas show something worth while.

Ballots Instead of War

Use your ballots, not gunpowder,
To be gaining righteousness.
Then the Father will be giving
You the things you live to bless.
He would never have you murder
Fellow-men and rob them, too,
Of the things you are desiring.
As, in cruel warfare, you do.

He would have you love each other,
So, in peaceful joy, to live;
Then the Father will be blessing
He, to human souls, would give;
But if you will follow Satan
Into cruel deeds of war,
You need not expect the blessings
Of your Father any more.

For, if sowing seeds of hatred,
Evils, you will surely reap,
And instead of finding blessings,
You will soon begin to weep.

For the crop of greed and hatred
You have sown in hearts of men,
Punishment for all your folly
You will soon be seeing them.

You will find wise ballots will be
Better far than bullets are;
They will bring us peace and comfort
Not cruel deeds, our lives to mar.
God will then be our Commander,
And not Satan, as in war;
Then we all shall be rejoicing
That cruel warfare is no more.

Martha Shepard Lippincott.

PRETTY BIRDIE

A Song for the Children
Pretty Birdie, sing to me
From the boughs of the old pine tree
Tell me what you saw while flying
If on children you were spying.
Pretty Birdie, tell me true
Do you love me as I love you?

Pretty Birdie, sing to me
From your nest in the old pine tree
Sing that song that is so lovely
As you sit right there above me.
Pretty Birdie tell me true
Were those three blue eggs laid by you?

Pretty Birdie, sing to me
From your nest in the old pine tree
Tell me they're three little birdies
Peeping from your nest so cozy.
Pretty Birdie sing to me,
For you're as happy as can be.

Mrs. Laura A. Winklespecht.

ONLY A STRAY DOG

The poem entitled "Stray Dog" appeared in Munsey's Magazine for August, and is by an Oregon writer, Miss Charlotte Mink, of Portland. It is an unusually beautiful poem and carries a vital message back of it.

Your wistful eyes searched each one
As he passed.
Stray dog—so lost, so starved and starkly thin—
And yet your gallant hope held to that there would come a heart to take you in.

Some came who leered at your bewilderment,
Some kicked, some, thought, threw things till you'd gone.
But oh, more cruel was the one who bent
And patted you, and murmured—
And went on.

The Churches

Calvary Presbyterian Church
The sacrament of the Lord's Supper will be observed at Calvary Presbyterian Church next Sunday, October 22nd, at eleven o'clock; evening worship at eight o'clock. The young people of the congregation are urged to attend the meeting of the Christian Endeavor Society at 7:15 p. m.

Lesson for October 16

ELIJAH IN NABOTH'S VINEYARD

LESSON TEXT—1 Kings 21.
GOLDEN TEXT—Be sure your sin
will find you out.
PRIMARY TOPIC—Elijah's Message
to a Wicked King.
JUNIOR TOPIC—The Wages of Sin.
INTERMEDIATE AND SENIOR TOPIC—
The Rebuke of Wickedness.
YOUNG PEOPLE AND ADULT TOPIC—
Opposing Official Corruption.

1. Ahab Covets Naboth's Vineyard (v. 1-10).

1. Location of the vineyard (v. 1). It joined Ahab's summer home in Jezreel. He wanted to transform it into an herb garden and thus round out his property.

2. Ahab's proposal (v. 2). He offered to buy it outright for money, or give in exchange a better one.

3. Naboth's refusal (v. 3). He had a twofold reason: (1) regard for the paternal estate; (2) obedience to God's law (Lev. 25:23-28, cf. Num. 36:7-9). It doubtless would have been profitable to Naboth to have sold his vineyard, but loyalty to God was more important to him than money.

4. Ahab's behavior (v. 4). He came into his house, lay down upon his bed and refused to eat. The king was sulking like a spoiled child.

5. Jezebel's inquiry (v. 5, 6). Apparently she came with the sympathy of a wife, inquiring as to the cause of his behavior. But when she knew of Naboth's refusal she was angry.

6. Ahab taking possession of Naboth's Vineyard (v. 7-10).

1. Jezebel's treachery (v. 7-10).

(1) Her contemptuous question (v. 7). She taunted him for his cowardice. The fear of being thought weak moves a weak man quickly. Jezebel is a powerful weapon in the hands of unscrupulous persons.

(2) Her exhortation to Ahab (v. 7). "Arise and eat bread, and let thine heart be merry." A wife has great influence over her husband. Many a man has been saved from discouragement and therefore defeat through his wife's influence. Unfortunately in this case the influence of the wife was bad.

(3) Her promise to Ahab (v. 7). "I will give thee the vineyard of Naboth."

(4) Her wicked scheme (v. 8-10). She wrote letters in Ahab's name, sealed them with his seal, and sent them to the elders and nobles who were dwelling in the city with Naboth, asking them to proclaim a fast, as though some great calamity had befallen the nation, and place Naboth before the public as the one who was the cause of it all. They were instructed to find two false witnesses who would testify against Naboth. The charge they brought was blasphemy against God and the king. Naboth's only offense was his refusal to sell his estate. When they had thus stoned Naboth and his sons to death (2 Kings 9:20), they came and told Jezebel, who in turn came to Ahab with the information and directed him to take possession of the vineyard. It was the custom for the property of those who were condemned to death for blasphemy to revert to the king.

2. Ahab goes to Jezreel to take possession of Naboth's vineyard (v. 10). Ahab had not killed Naboth, but he eagerly accepted the prize without inquiring as to how it was secured. Many today are like Ahab, too cowardly to commit wrong themselves, but are willing to reap the benefits of the wrongdoing of others.

3. Elijah in Naboth's Vineyard, Announcing Doom Upon Ahab (v. 17-20).

Elijah told him the dogs should lick his blood in the place where they licked the blood of Naboth. It would seem that Naboth's body was thrown out to be devoured by the dogs. Evil was to fall upon Ahab and his posterity, even to wipe out his seed and name. Ahab stood in that vineyard guilty of all the sins which Jezebel had committed, though he had been silent and inactive. God held him responsible for Jezebel's acts, for he was king and head of the nation. The day of reckoning did come to Ahab (1 Kings 22:38). Ahab's question to Elijah when confronted by him in the vineyard showed that his conscience was not wholly dead.

2. Doom upon Jezebel (v. 23-26). She likewise should be eaten by the dogs by the wall of Jezreel. This was literally fulfilled (2 Kings 9:30-37): "Be sure your sin will find you out." "Whatever a man sows, that shall he also reap."

4. Ahab's repentance (v. 27-29). Because of this God promised to withhold judgment during his lifetime.

We Live in Deeds
We live in deeds, not years, in thoughts, not breaths, in feelings, not in figures on a dial. We should count time by heart throbs; he most lives who thinks most, feels the noblest, acts the best.—F. C. Bailey.

Safety
A safe auto driver keeps his hands on the wheel and his eyes on the road. A safe Christian keeps his hand on the Bible and his eyes on God.—E. C. H.

LAST REGISTRY DAY
Tuesday, October 18, will be the third Registry Day in all municipalities of this State for the General Election, on Tuesday, November 7th.

The Boards of Registry and Election will sit at the respective polling places in their districts, between the hours of 1 p. m. and 3 p. m. for the purpose of adding to the register of voters, those qualified electors, who have not been registered heretofore.

County History of 50 Years Ago

Items of Interest Published in
Mount Holly Mirror
October 4, 1877

Mount Laurel township has a tax rate of \$1, of which only 64 cents is for township purposes. The best sweet potatoes in the market are bringing 40 to 50 cents per basket.

Lippincott and Darrell, Mount Holly coal dealers, are selling coal at the following prices: Stove, \$4.50; chestnut, \$4; pea, \$3.50. This is good Lehigh coal, 2,240 pounds to the ton.

Herbert & Son, of Mount Holly, bought four beef cattle in Philadelphia last week, the heaviest of which weighs 1,600 pounds. The others average 1,300 pounds. The animals will be slaughtered and the meat sold next week, during the Mount Holly Fair.

William Harper, of Philadelphia, has bought a large part of the old Lebanon Glass Works in Woodland township, and has mapped out the town at Lebanon station, on the New Jersey Southern railway, proposing to establish a new machine plant and a shoe factory there.

Anderson's canning factory Mount Holly, stopped work yesterday for the season. The pack this fall is as follows: Tomatoes, 100,000 cans; beans, 10,000; cherries, 1,500; corn, 15,000; peas, 13,000; pickles, 50 hogsheads.

Bank Stock Brings \$37
Farmer's Bank stock, sold at public sale on Monday, brought \$37 per share; par value \$50. Pemberton & Hightstown railroad stock, par at \$50, sold at \$37.50.

John F. Lowden's canning factory on Mill street, Mount Holly, suspends operations this week. The season's pack is 160,000 cans of tomatoes. Charles Pew, William N. Pew and James Lippincott, of Westampton, have delivered all their tomatoes to Lowden. Their crops ran from 500 to 600 baskets per acre.

Mount Holly base ball club defeated Vincentown at the Fair Ground on Tuesday, 7 to 5. On Monday, Vincentown cleaned up Burlington on the same field, 14 to 8. Moorestown was easy for Mount Holly on Wednesday, the latter winning by 26 to 1.

At a meeting of the Mount Laurel Farmer's Club on Monday, Joseph B. Dummer described a hay loader which he uses, and with the help of four men and a boy will put twenty loads on wagons in half a day. The loader costs \$85. In reply to a question from David Darrell, Knott Dudley said new corn is better for hogs than old corn, as they eat more of it and get fat faster.

October 11, 1877
The bog of D. R. Gowdy, at Stafford Forge will yield 8,000 to 10,000 bushels of cranberries this year. Since 1855 the Gowdys have planted 50 bogs by contract and have made and sold 150 others.

Graham O. Hall, for some years a foreman in the H. B. Smith plant, Smithville has, in partnership with Charles S. Brown, of Pointville, established a new factory for manufacturing wood-making machinery in St. Louis. They have settled there permanently.

The 31st annual fair of the Burlington Agricultural Society is in progress at Mount Holly three days this week. There are good displays of farm products, cattle, etc., and the horse racing classes are filled to overflowing. The racing yesterday was quite exciting, with considerable confusion. There were several smashups and runaways on the track.

At the annual meeting of the Mount Holly Water Company, held Saturday, it was reported that the company had expended \$650 the past year for improvements. R. C. Shreve was elected president, Henry C. Hildon, secretary; Franklin B. Levin, treasurer.

Mount Holly Retail market prices: Ham, 14c; lard, 12 1/2c; sugar, 13c; cheese, 15c; coffee, 25c; tea, 40c; prunes, 5c; eggs, 30c; butter, 35c; spring chickens, 18 and 20c; best sirloin steak, 20c; sausage, 18c; scrapie, 16c.

FEED DEALERS TO MEET AT COLLEGE

The fifth annual convention of New Jersey feed dealers will be held at the college of agriculture, Rutgers University, New Brunswick, on October 20. The program contains list of talks by a number of prominent feed manufacturers, sales representatives, and economists.

H. J. Baker, director of the New Jersey agricultural extension service, will welcome the feed men at 10:15 a. m. He will be followed by E. A. Perreault, extension economist, Connecticut Agricultural College, who will talk on "The Retail Dealer's Costs." Victor G. Aubrey of the Universal Sales Company, will speak on "Salesmanship in Relation to the Feed Dealer's Problem."

The afternoon program includes the following: Feed Identification Contest, conducted by C. S. Cathcart, state chemist; "The Agricultural Situation and Outlook," Henry Keller, Jr., associate professor in agricultural economics, Rutgers University; "Functions of the Produce Exchange," Franklin L. Levi, New York Produce Exchange; "What Science has Recently Done in the Field of Poultry Nutrition and Poultry Feeding," William G. Thompson, poultry husbandman, Rutgers University; "Credit and Credit Cooperation," H. J. Samuelson, United Food Company, Toms River; "Collections," B. L. Atwater, Fred D. Wilcott Company, Red Bank.

The evening session, which is to be held at the Elks Club, will be presided over by H. E. Frank of the N. J. Dairy Company, Newark. Dr. J. G. Lipman, director of the New Jersey agricultural experiment station and dean of the state college of agriculture and Ralph W. Voorhees, president, Ralph W. Voorhees and Company, Inc., New York City, will address the feed men. Invitations are being extended to all feed dealers and manufacturers in and near New Jersey.

He wouldn't be much trouble for us to marry. My father is a minister, you know.

She—Well, let's have a try at it, any way; my dad's a lawyer.

A pirate with his treasure chest is going to be at the Supper-Bazaar which the YWCA is giving on Thursday, the 20th of this month. One of his chests is the old strong box of heavy wrought-iron bars and padlocks in which the Farmers Trust Co. kept all its funds when it was first established in 1814. I wonder how the pirate got away with this huge chest that weighs about four hundred pounds? Anyway he is going to be on the grounds at the Friends' Meeting House in Mount Holly by three o'clock in the afternoon, early enough that the children can stop on their way home from school, and search for treasure in his chest. He will exchange a grab for a nickel or a dime.

Japanese girls will appear in their native costume and display attractive Japanese articles. There will also be fancy articles, Christmas cards, calendars, cakes, candy, flowers, and a delicatessen table.

Miss Hazel Clark, Burlington County Librarian, was the speaker for the Rancocas Woman's club at their meeting on Monday evening. The subject of Miss Clark's talk was the history of Princeton and the club members were delighted with the presentation of this interesting subject.

The members of the Moorestown High School Girl Reserve Club enjoyed a "Hit and Miss Supper" at the Community House on Thursday evening, October 12. The members enjoyed the varieties of food, the fellowship, the fun, and the singing. The program was concluded with shadow-graphs, the last of which was an interpretation of "Follow the Gleaner."

The officers of this club for this year are, President, Margaret Gindhart; Vice-President, Ellen Alpligh; Secretary, Doris Henlon; and Treasurer, Mary Elizabeth Reiter. The chairman of the committees are, Lenore Kirk, Janet Chew and Irma Mason.

The Junior High Girl Reserves of Moorestown hiked to the Water Works on Friday afternoon. Wood was soon gathered, a fire built, and frankfurters roasted. The food gone, the girls sang around the camp fire until the growing darkness warned everyone that it was time to leave the woods and follow the open road back home.

At the monthly business meeting of the Beverly Girl Reserves, plans for a Halloween party were discussed. "Gym nights" in connection with health were planned, and meetings for handcraft were decided upon. A new secretary, Lillian Van Solver, was elected. Edna Zollinsky will act as assistant secretary. Money making ideas that would enable the girls to earn money to be used for Girl Reserve uniforms and a Girl Reserve flag, were also discussed.

The Tabernacle Girl Reserves have chosen the following officers for their club this year: President, Beattie Kuliga; Secretary, Pearl Sever; Treasurer, Meribeth Bowker. The girls are planning a Halloween Social and preparing a short play to be presented at that time.

The meeting of the Board of Directors of the Burlington County YWCA is called for two o'clock on Monday afternoon, Oct. 17.

FREE FEED BOOKLET FOR N. J. DAIRYMEN

"At this time of the year, when the pastures are poor, the protein of the grain mixture should be raised to about sixteen per cent," says "Feeding Dairy Cattle," a 24-page bulletin now being issued free to residents of the State by the Agricultural experiment station at Rutgers University.

The publication is divided into three parts: Part I, Feeding for Milk Production; Part II, Breeding and Feeding Young Stock; and Part III, Feeding for Records. The first part gives a number of suggestions on feeding dairy cattle for high milk production. A few of the factors discussed are: the selection of feeds; the use of feeds in the ration; the cost of protein and total digestible nutrients; and summer feeding.

In Part II, complete directions are given for the feeding of calves, a schedule for feeding up to the age of eight weeks being included. The importance of a good bull is also discussed in this section.

Part III, sets the rations satisfactory for short and long time tests and shows wherein certain practices used in feeding for fat are harmful.

The experiment station believes that dairymen who wish to know the most up-to-date methods of feeding dairy cattle will find this publication valuable. A copy may be obtained by sending a request on a postal card to the mail clerk, New Jersey Agricultural Experiment Station, New Brunswick, N. J.

BURLINGTON FIRE ENGINES COLLIDE

Through a false alarm that was turned in from East Burlington shortly before five o'clock last Wednesday morning, two of the finest pieces of apparatus in the Burlington Fire Department, the Hope pumper and the Mitchell pumper, were considerably damaged.

The Mitchell pumper crashed into the rear of the Hope pumper when the latter machine suddenly stopped. The Hope pumper suffered bent rear axle and the rear step was damaged. It is still in service.

The Mitchell pumper did not fare so well. A mud guard was broken and there was damage to a radius rod and the connecting rod. A spring was broken and also a section of the motor.

The Mitchell pumper was taken to the LaFrance plant in Philadelphia.

CONTRACT AWARDED FOR TRINITY CHURCH

Work to Start on Handsome New Edifice in Near Future, According to Reports

A contract for the erection of the new Trinity Episcopal Church, Moorestown, has been awarded to the McNell Construction Company of Philadelphia. Work will start at once on the edifice, which will be one of the handsomest in South Jersey. The amount of the contract was not revealed by the architects, Karscher and Smith, 1239 Locust street, Philadelphia.

Although no official announcement has ever been made, it is generally understood that Eldridge Reeves Johnson has given the money for the new church. Rumor has it that since that his original gift, Mr. Johnson has doubled the amount, which was reported \$150,000.

The new structure will be erected at Church and Main streets, on the site of the present church, which is to be razed. A new rectory and parish house will also be built adjoining the church. The new edifice is expected to be finished within fifteen months. The Rev. Edgar L. Sanford, rector of the church, has made arrangements for the congregation to worship elsewhere during the building work.

The new church will be bigger than the present one. It will have a seating capacity of 250 and will be built of gray stone with limestone trimmings. The structure will be English Gothic in design.

Billy—May I call you by your first name?

Glady—If I may be permitted to use your last name!

MODERN "SLAUGHTER OF THE INNOCENTS"

Seven Thousand Children Killed Yearly on the Highways

One of the most vital bits of information uncovered by highway safety-statistical research is the fact that the annual fatality record of the street and highway includes over 7,000 children of school age, the majority of whom were killed while playing in or crossing the thoroughfare. Pedestrians compose approximately two-thirds of the total number of deaths, nearly all of which have been pronounced avoidable.

Every forty-one seconds someone is either killed or injured in highway accidents in the United States. During the five years ending with 1927 the staggering total of approximately 3,446,370 persons were reported injured and 114,879 killed in traffic calamities, most of which were avoidable. The annual casualty toll of highway accidents is more than double the entire number suffered by the nation's forces in the World War.

COTOXEN INN RAIDED
Cotoxen Inn, located near Medford, was raided by detectives Cain and Carabine last week. A quantity of beer, said to be of high voltage, was seized, and the proprietor, Harry Hall, was arrested. At a hearing before Supreme Court Commissioner V. Claude Palmer, Hall gave \$500 bail for appearance at court. Cotoxen, now a resort, is the former Kirby mill property.

It has been discovered that the Kansas man who declared he never told his wife a lie—was never married.

ALL AMERICA is talking about the OAKLAND ALL-AMERICAN SIX PRODUCT OF GENERAL MOTORS

Everywhere you go you hear them talking... about this finer, faster Six, the Oakland All-American.

For here is a longer, stronger chassis—smaller wheels and larger tires—a 212 cubic inch engine equipped with the new GMR cylinder head, which eliminates harshness and roughness, minimizes spark knocks and increases power—without the use of special fuels.

Why shouldn't this new and thrilling car be thrilling all America? Why shouldn't its success be already surpassing all previous Oakland achievements? A look and a ride will tell you the story—why everyone is saying, "That's the car!"

GOOD NEWS FOR MOTHERS A FRIENDLY FIGHT BE READY FOR WAR COLLEGES AND MEN

Dr. Aycock, chief of Harvard's Infantile Paralysis Commission, reports that the paralysis germ has been classified, and a suitable animal is sought to produce an anti-toxin. Dr. Aycock agrees with Doctors Flexner and Nouguel, of the Rockefeller Institute, that the germ is so small that it would pass through any filter that can be made.

Some horse or other animal will supply the right serum for antitoxin, and then anti-vivisectionists will roar and another heavy load of fear will be lifted from the hearts of mothers.

The big automobile fight, expected when Ford starts rolling out his new cars, will be a friendly enemies' fight according to Alfred P. Sloan, Jr., president of General Motors.

Ford will make a good car, of good value per dollar of price, and will sell a great many of his new cars. General Motors will continue to sell great numbers of its cars in the various price fields.

The real fight will be, as it should, to increase quality, while cutting cost of production and giving the public the benefit of the lower cost.

Another permanent fight is to make the public understand that a motor is as much a necessity as feet and hands.

A busy man should have his car always at hand, to save his time. A family needs two cars, at least. And that means no extravagance, for time is worth saving, and, unlike horses, cars do not eat when idle.

This country needs 80,000 cars now, and, allowing five years life for each car, that means 6,000,000 new cars a year indefinitely. There will be plenty of business for the man able to make the right car for that car's right price.

Mr. and Mrs. Joseph Mack, arrested for kidnapping a car, recovered \$3,075 damages when they proved they were married. Demonstrations of affection in public are forbidden because they are vulgar, or supposed to be, and set a bad example. Would Mr. and Mrs. Mack have gone to jail had they kissed ten days before their marriage?

General Sumner tells the country to be ready for war and warns "three months' delay may be fatal." In Europe, it is said, Germany will probably not go to war with Poland before 1932.

If the world goes to war again, it will prove its insanity. But it has done that often. This country does not want war, but sometimes it can't be avoided.

The United States should be ready, in the air and below water especially. And there should be a separate cabinet officer, with complete control under the President, of the national air forces, interested in nothing but that air force.

DELAWARE SEEKS SUBS FOR TEACHERS

Township School Board Increases Pay To Attract Better Corps
—Dental Clinic Reports

At the meeting of the Delaware Township Board of Education last week, at Ellensburg, substitute teachers in the township schools got a raise from \$3.50 a day to \$6. However, there are no substitutes to get the raise and the board sanctioned the increase in order to attract the eligibles. The board also allowed permanent teachers ten days of sickness during the school year with pay, while for any absence beyond that time the teachers must pay two-thirds of the salary of substitutes.

A dental clinic just installed for Delaware township revealed that among 168 children examined 700 fillings are needed.

Robert Neuhauer, bus contractor explained to the board that he had no many grade pupils to convey he could not accommodate high school pupils from Ashland to Haverfield with any assured service. He agreed to pay the board the difference between the bus and train fare for the children affected.

PINES MISSIONARY IS NOT FORGOTTEN

Bishop Matthews Dedicates Remembrance To Rev. C. W. Twing, at Mount Holly

Bishop Paul Matthews, of the Protestant Episcopal Diocese of New Jersey, and officers and dignitaries of the church, visited Mount Holly last week to hold a service to dedicate the cross erected in St. Andrew's burying ground at the grave of the late Cornelius W. Twing, of Montford, for several years before his death a missionary to the people in the pines. The service was impressive, the people of the place were according to the custom of the Episcopal Church.

Mr. Twing carried on a special work that was close to the heart of Bishop Matthews. In his message at the last Diocesan Convention at Trenton he gave a beautiful expression of his love for the man as the pioneer in this work and devoted much time to recording his appreciation of the accomplishments, among the people of the place, which there were so many obstacles to overcome and the way had to be paved to remove a skepticism that seemed to be most pronounced among these people.

International Harvester Company has a machine for picking, stripping and cleaning cotton that will do away with the old-fashioned hand picking.

That will cut the production cost of cotton down, for the "stripper" will strip five bales of cotton a day with only two men on the machine.

It accurate, that news is more important even than any other news this week. It might temporarily demoralize the Southern labor market, but it will enable American cotton growers to compete with cheap labor in Egypt, the Sudan, India and elsewhere.

President Lowell, of Harvard, gives this good advice: "Don't take advice too seriously." He advises that a college must educate the student. Teachers can hand you knowledge, but can't make your brain digest it.

The worst of college is this: A half-baked boy lives surrounded by other half-baked boys, when he ought to be living among men, learning to be a man. He takes himself, the other boys and their opinions seriously. An able educator says: "A boy needs ten years to get over the harmful influences of college life."

About Your Health

Things You Should Know

By John Joseph Quinn, M. D.

HEART DISEASE

The prevalence of so-called "heart disease" strikes terror to most of us who read of the numerous deaths from such ascribed cause. Perhaps, if we knew more about the vital organ, we might treat it with more consideration in our daily walks and habits.

Pericarditis is inflammation of the investing membrane—the "sac"—which encloses the heart. This condition produces sometimes, "dropsy of the heart," or fluid within the pericardium. It is rather a rare condition; I have seen only two or three cases in thirty-five years of active experience. People will consult a physician before the disease progresses very far.

Endocarditis is inflammation of the lining of the heart, and includes the valves of the organ. It is a very common affection, and causes often "leakage" as patients term it. It results from rheumatism and very frequently from infected tonsils, as is well known by young men of experience in medicine; the young are especially subject to attacks. Cases of pneumonia, influenza, bronchitis and laryngitis, especially if severe, should always excite our apprehensions—the heart must be watched; endocarditis is a distinctly curable condition in most cases.

Then—myocarditis, inflammation of the heart-muscle itself; a far less frequent, rare disease, often degenerative, always dangerous. It is sometimes difficult of diagnosis even by the skilled; sudden, deep-seated, aching pain about the heart should take one to the doctor at once, as should frequent fainting spells, or decided shortness of breath, occurring with regularity, for which no cause can be traced.

Rest is the thought first and foremost to be obeyed in serious heart troubles. Rest is a big thing for you to know—rest is but in always good procedure, and the family can provide that. Leave the medicinal measures to the physician—and obey him.

Next Week: Wants Information

Dr. Frank Crane Says

The Echo of Applause Short Lived

Riches may be tickle, people say they are, but most of us would like to have them awhile and watch them fly.

But whatever may be true of riches, fame is surely tickle.

We all struggle for the spotlight and front page publicity but when we get there it doesn't last very long.

Those who are along in years will recall the many instances. We remember that "Doc" Cook was honored by the Danes and welcomed by the Americans and afterwards that Perry took his place for a few brief minutes.

Then there was Dewey. Nothing was too good for him for awhile, but when he gave his wife his Washington home that the people had presented to him sentiment turned right away and Dewey was cast into the discard.

Then there was Jack Blinn, the famous wireless operator on the steamer Republic, which was rammed off Nantucket Island, who stuck to his post until the Battle responded and the passengers were rescued.

How many people of today know who Jack Blinn was?

A man by the name of Kinsinger probably did more for his country than most any other man. In 1900 he was a private in the army but allowed himself to be inoculated with yellow fever to prove that the disease came from mosquito bites. He is now living in poverty and gets a pension of a meager \$100 a year from the government.

Once we sat up and took notice of Louis Blériot who flew across the English channel, the first man to perform that exploit. Where is Blériot now? Where are the snows of yesterday?

Then there was Captain Richmond P. Hobson, the hero of Santiago Harbor. Once we were all applauding him and the girls anxious to kiss him. He now lives in Pasadena and few know he is alive.

Gen. William Mitchell probably did as much toward winning the war in France as any American. He concentrated his efforts towards making the United States foremost in aviation. For his reward he was ousted from the army because he disagreed with his superiors.

One time there was an ace by the name of Capt. Eddie Rickenbacker who shot down more German flyers than any American pilot. For awhile he was a hero, then he too flickered out.

And so we say of Amundsen, the first man to reach the South Pole and to fly a dirigible over the pole.

5c IS PLENTY!

No Need to Pay More for a Good Cigar. Thirty-year Favorite Now 5c Everywhere. Read the Details!

It cost more than a nickel for years. It was such a corking good smoke, so mild, fragrant, satisfying, that sales boomed. The manufacturer reduced the price. The sales curve kept going up. Then the cigar was bettered in quality and production soared on to new levels. Tremendous volume kept the price at five cents.

That's why you don't have to pay more than 5c today to buy a real cigar, expertly made from ripe tobacco. It sounds too good to be true, we'll admit. There's only one way to settle all doubt about it. Buy one Havana Ribbon.

A nickel is little enough to pay if it introduces you to a cigar as sweet and full-bodied as Havana Ribbon. Drop in at any cigar counter and light up. The first draw will convince you for all time.

The Echo of Applause Short Lived

Riches may be tickle, people say they are, but most of us would like to have them awhile and watch them fly.

No Need to Pay More for a Good Cigar. Thirty-year Favorite Now 5c Everywhere. Read the Details!

It cost more than a nickel for years. It was such a corking good smoke, so mild, fragrant, satisfying, that sales boomed. The manufacturer reduced the price. The sales curve kept going up. Then the cigar was bettered in quality and production soared on to new levels. Tremendous volume kept the price at five cents.

That's why you don't have to pay more than 5c today to buy a real cigar, expertly made from ripe tobacco. It sounds too good to be true, we'll admit. There's only one way to settle all doubt about it. Buy one Havana Ribbon.

A nickel is little enough to pay if it introduces you to a cigar as sweet and full-bodied as Havana Ribbon. Drop in at any cigar counter and light up. The first draw will convince you for all time.

STATE GIVES SHORT TERM FRUIT COURSE

Fruit Growing is one of the special courses offered during the 12-week winter course beginning November 14 at the New Jersey State College of Agriculture, Rutgers University, New Brunswick. No tuition charge is made to residents of New Jersey and all are eligible who have reached their sixteenth year and have a grammar school education or its equivalent.

Among the subjects covered during the course are: soils and fertilizers, plant propagation, pruning, fruit judging, farm management, marketing, fruit production, plant disease, insect pests, horticultural machinery, floriculture, vegetable gardening, and poultry husbandry. Instruction in vegetable

gardening and poultry husbandry is given largely because many fruit growers find vegetables and poultry useful sidelines in the fruit business. Most of the subjects given during the work are equally divided between lecture periods and practical in the laboratory and orchard. Students taking the 12-week course in fruit growing will make use of the some greenhouses and other equipment as are used by the 4-year college students.

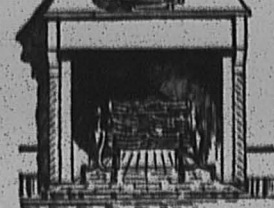

The director of the winter course announces that the primary purpose of the course is to prepare people for more effective work on the farm and give them a broader understanding of the problems of agriculture as an industry and a deeper appreciation of rural life.

Registration will take place at the short course building on the agricultural college campus. The Christ-

mas vacation extends from December 22 to January 2. A majority of the graduates of past years have become leaders in the rural life of New Jersey. The records of the director indicate that many others have found employment in positions where their earning capacity has been greatly increased because of their training. During the past year it has been impossible for the college to supply all the requests that have been made for trained men. Persons who have had previous farm experience profit most by the course, the director states. Requests for pamphlets describing the winter course should be addressed to the Director of Short Courses, College of Agriculture, New Brunswick, N. J.

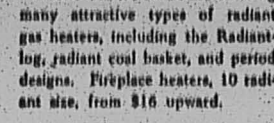

SAPOHIL is Broadway's newest word. Taken from the word Daffy, dull and meaning "rolled in dough."

YOUR HOME OWES MUCH TO ITS HEATING SYSTEM

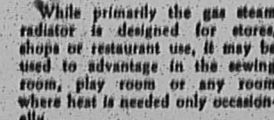

A gas radiant fireplace heater saves draperies, upholsteries, rugs and walls from the ill effect of smoke and soot. At the same time it casts cheerful rays of warmth over the room, with the charm of an old-time open fire, but with the work and dirt of the latter left out.

Public Service stores are showing many attractive types of radiant gas heaters, including the Radiant-log, radiant coal basket, and period designs. Fireplace heaters, 10 radiant size, from \$16 upward.

While primarily the gas steam radiator is designed for stores, shops or restaurant use, it may be used to advantage in the sewing room, play room or any room where heat is needed only occasionally.

The gas steam radiator furnishes clean quick warmth.

The heating of the garage need not be a problem. The Davy garage heater requires little space, is self regulating and safe. The price of the heater and maintenance costs are moderate. \$125 cash—\$12.50 on terms, or \$15.50 with order, \$19.50 monthly.

Destroy Rubbish In a Safe Way

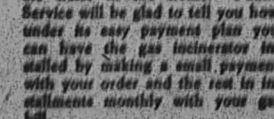

The gas incinerator burns all refuse, removes the danger of fire through accumulation of inflammable waste in the home. Public Service will be glad to tell you how under its easy payment plan you can have the gas incinerator installed by making a small payment with your order and the rest in installments monthly with your gas bill.

Coffee Made Electrically Starts the Day Right

The dining pedestal on the table, the purple and splash of the water as it boils up and cascades over the ground coffee—could you ask a more favorable beginning for the day?

The electric pedestal not only gives atmosphere to your breakfast table, it brings better coffee. Ten types sell from \$6.49 up, and new type prices begin at \$16.

Lamps Are Important Factor In Decorative Scheme of Home

THE original use of decanters, jugs and pinch bottles having been outlawed, they have been taken up by the decorator and are now serving a useful and ornamental purpose as lamps. Mostly they are topped by gay English print shades.

Some lovely lamps are to be found in Venetian and Lake glass. Bath has found its way into the lamp shade world and is adding a new note of beauty to silk shades. These shades match exactly the lamps they are designed for.

The variety of bridge and junior floor lamps delights one, and the shades for these types become more pleasing each season. The octagon shade is used to advantage and variations on the bell shape

HOUSE HEATING IS NO LONGER TO BE CONSIDERED SIMPLY AS A MEANS OF COMBATING COLD.

The kind of house heating you use affects the beauty of your home, and correct house heating creates that quiet restful atmosphere needed for home background.

Much of the livability of a house depends upon the form its heating takes, and gas is far in advance of all other fuels in creating and maintaining that much desired sense of perfect well being that we have described as home background.

In heating your home with gas, all the smoke, soot, dust, odors and ashes remain at the gas plant. Into your home runs a clean fuel containing no waste, that burns noiselessly and without odor.

The beauty of treasured embroideries, fine laces and other furnishings are not threatened by greasy vapors or soot. The gas boiler or furnace can be used with any house heating system—warm air, hot water, steam, or vapor. No change need be made in pipes or radiators if these are adequate and in good condition.

With gas no space need be given over to fuel storage, and gas heating removes anxiety over fuel shortages.

We would like to tell you more about gas for house heating, about its low cost of installation and the absence of repair charges in its simple mechanism. We believe we have facts and figures on the question of gas for house heating, that will prove pleasantly surprising. Use the coupon for convenience in applying for this information which is given without obligation to you.

Public Service Electric and Gas Company.

Oven Heat Regulator Gives Best Results

Successful results in cooking and baking depend on the accurate proportioning of ingredients, measured heat, and a timed cooking period. These can be accomplished best through the use of the gas range with oven heat regulator.

Every gas range sold by Public Service is equipped with the automatic top burner lighter which eliminates the dangerous clutter of matches sometimes found near the gas range.

Electricity sent out by the Violet Ray machine helps to relieve neuralgia, neuritis and many other aches and pains. Lameness of muscles disappears under its application.

The effect of the Violet Ray on the scalp is highly beneficial and its use brings a ruddy glow to sallow complexions.

Violet Ray machines may be had from \$12.50 upward. These machines may also be purchased if desired in divided payments.

One dollar allowed for your old iron on the price of the Westinghouse Automatic, the electric iron that minds its own temperature.

With an old iron \$0.75 \$1 down—\$1 a month

The new Hoover is swift, easy to operate and by many tests the most efficient cleaner to be had.

There are two models, the deluxe model No. 700 that is ball bearing throughout, requires no oiling and has a dust-proof washable bag. Sells for \$75 cash; the popular priced model No. 743 sells for \$59.50.

Either cleaner may be purchased at a slight increase over these prices on these convenient terms—

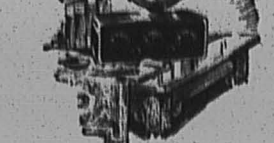

\$5 down—\$5 a month. Public Service will appraise your old cleaner and make allowance for it on the price of the new Hoover, either model.

Fire Prevention Week

Fire, the destroyer, is a universal enemy and the toll of life and property he takes, makes precaution on the part of everyone, essential.

This is Fire Prevention Week and all over America special stress is being laid on the thought that it is not enough to provide apparatus for putting fires out, but that we must make every effort to prevent their origin.

Carelessness is the cause of two-thirds of our fire losses, experts on the subject of fire prevention tell us; so that in addition to being a municipal, state and a federal problem, fire prevention is the distinct concern of the individual. Individual vigilance can do much to soon reduce the national fire loss.

"Sugar and spice and everything nice"

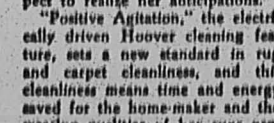

are being chopped up together, dashes of vinegar added, and the unmistakable aroma that floats out of kitchen windows proclaims the fact that the pickling season is in full swing.

Ada Beale Swann, director of the Public Service Radio Clinking School, is broadcasting interesting information on pickling and relishes at 11 o'clock on Tuesday and Friday mornings from Station WAAM. Miss Swann has a recipe for all the old favorites and for tasty new ones, too. Tune in!

Old Cleaner Helps To Pay for New

Everyone looks forward to the activities of the winter season with pleasure. The home-maker who calls for her aid electricity secures time for rest and recreation, and a clean home to live in, and may expect to realize her anticipations.

"Positive Agitation," the electrically driven Hoover cleaning feature, sets a new standard in rug and carpet cleanliness, and this cleanliness means time and energy saved for the home-maker and the wearing qualities of her rugs protected.

The new Hoover is swift, easy to operate and by many tests the most efficient cleaner to be had.

There are two models, the deluxe model No. 700 that is ball bearing throughout, requires no oiling and has a dust-proof washable bag. Sells for \$75 cash; the popular priced model No. 743 sells for \$59.50.

EPWORTH METHODIST EPISCOPAL CHURCH

J. William Lee, Minister.

The Church School with a spirited program will begin its session at 10 a. m. sharp. A visit to our school will convince you of its real worth.

An important meeting of the Sunday School Board will be held Monday, October 17, at 8 p. m. The regular church service at 11:15 a. m. (closing at 12:30) will be full of inspiration. The sermon theme, "I, My, Mine, Me," will be bright, brilliant, brief. The bringing of the "Ithaca" service will be full of inspiration. Come, let your heart give its expression of love, and loyalty. Roosevelt, of blessed memory, said "It is better to be faithful than famous."

The musical program will consist of the following numbers: "Praise," by Ven Weber; "Hymnology," by Gray; "Legere," by Kern; Processional, "How Firm a Foundation"; Anthem, "Corde de Love."

How beautiful it is that there are two church services on the blessed Sabbath Day. Some can come in the morning and some can come in the evening, but nearly every one can come either morning or evening and many find great joy and spiritual profit by coming morning and evening.

Join the happy throng at 7:45 p. m. Musical numbers: "Praise," by Kern; "Hymnology," by Gray; "Legere," by Kern; Processional, "How Firm a Foundation"; Anthem, "Corde de Love."

How beautiful it is that there are two church services on the blessed Sabbath Day. Some can come in the morning and some can come in the evening, but nearly every one can come either morning or evening and many find great joy and spiritual profit by coming morning and evening.

There were enough men at the service last Sunday evening to form a chain around the entire auditorium. What an inspiration it was to see them joining hands and singing "When the Roll is Called Up Yonder."

Harry Strang, the efficient President of the Brotherhood, called a special meeting of the society at the close of the service. Much enthusiasm was manifested as plans for an aggressive men's campaign were presented.

The Methodist Brotherhood is arranging for a Bazaar to be held Thursday evening, October 27. This organization is looking for a large turnout that night. The bazaar will be served at 7 o'clock and a good time is assured to all.

EPISCOPAL

Christ Church, Parry Avenue
Rev. G. J. McCormack, M.A., L.Th.
Rector

The saint and the wise man may possibly be great painters, but the devil and his satellites do know how to design posters.

Moreover, if the righteous will paint the pictures of the Road which leads to Heaven as a kind of barren cinder-track, and the Road which leads to Hell full of gaiety and good-fellowship, this latter highway will be so crowded, and there will be a queue of young things waiting at the turnstiles to get on it straight away.

Why should goodness so often seem to have dulness as her sister? The maiden, and wisdom invariably wear spectacles?

In doubt, vice is nearly always stupid, and ignorance is blind altogether. But both possess a magnificent subtlety, and while virtue and wisdom seem to rely on the advertising methods of a group of unimaginative old ladies in poke bonnets.

For ourselves, we have only happy memories of the entrance to the Church's life, and confess we are at an utter loss when we hear folk say "They don't worship now, because of compulsion to attend the house of God when young."

Someday, made a fierce and tragic mess of the beauty and joy of holiness if these non-worshippers speak the truth.

Three centuries in thirty minutes is travelling swiftly to put it mildly. That was the rate last Sunday evening in the first of the sermons on Church History. May I say it didn't seem a bit like thirty minutes which we consider a very delicate compliment as well as a tribute to the fascinating subject.

Next Sunday evening promises to be quite interesting. "A Question Box" is the topic, and some live questions have already found their way into the box.

Wednesday, October 19, The Sunday School Institute of Burlington District for the Episcopal Church will meet in the Parish House of Christ Church. A business meeting will start promptly at 8. Supper will be served at six o'clock. The evening session will commence at 7:00 p. m. Miss Avis Harvey will be the speaker.

The Annual meeting and election of officers for the Woman's Auxiliary will be held on Monday, the 11th, at 8:30 in the Parish House.

Sunday morning services in the special one for the members of the Sunday School. Officers, teachers and scholars are urged to be present. The sermon will be "The Letter of Life."

A rummage sale will be held under the auspices of St. Anne's Guild on Saturday, October 22, adjoining the Fire House on Broad street.

The Fellowship Luncheon of St. Anne's Guild on Tuesday afternoon proved a very enjoyable affair. Services for the 18th Sunday after Trinity:

Holy Communion 7:30 a. m.
Morning Prayer and Sermon 10:30
Subject: "The Letter of Life."
Sunday School 3:30
Evening 7:00. "The Question Box."

"One fine net to worth a whole volume of high-falootin' philosophy."

Missing the Mark
Angry Customer—I see you have a sign in your window: "We Aim to Please."

Storekeeper—Why you. That is our motto.
"Well, you ought to take a little time off for some target practice!"

Whom Watch?
Agent: "Don't you want your office furnishings insured against theft?"
Manager: "Yes, all except the clock. Everybody watches that."
—De LaVal Monthly.

COMPLETING BIG TELEPHONE MERGER

The merger of two Bell Telephone Company properties in New Jersey to form the New Jersey Bell Telephone Company required one of the largest property transfers in New Jersey history.

The picture shows Chester I. Barnard, President of the New Jersey Bell Telephone Company, completing purchase of New York Telephone Company's New Jersey property with a single certificate for share of the New Jersey Bell Telephone Company's common stock of a par value of \$75,410,000.

Seated left to right: Frankland Briggs, Vice President and General Counsel; Chester I. Barnard, President, the New Jersey Bell Telephone Company; George S. Weedon, Secretary and C. M. Abramson, Attorney, the New York Telephone Company.

Standing left to right: S. G. Ormsbee, Secretary and Treasurer; W. G. H. Whitaker, Chief Engineer, New Jersey Bell Telephone Company; W. H. Lamb, Attorney, Bell Telephone Company of Pennsylvania; L. R. Scovill, General Traffic Manager; F. E. Congdon, General Plant Manager; E. H. Dyer, General Manager, Commercial, and G. W. McEae, Vice President and General Manager, the New Jersey Bell Telephone Company.

FIRST LUTHERAN

Rev. William M. Erhard, Pastor

Sunday School at ten Sunday morning. The attendance last Sunday was fairly good considering the great handicap of the rain and we were able to have our First Lutheran Orchestra with us again. Come out and hear them this coming Sunday. The lesson is one on covetousness and the Golden Text is a verse well worth remembering for its striking truth: "Be sure your sin will find you out."

Many people block the sin of covetousness in the heart before it gets a start, other let capricious desire have its way, and find it leads them to gross sins, if left uncontrolled. And sometimes the very goal we desire, becomes the means of our spiritual fall. There is a Russian story of one who entered a diamond mine in search of great riches. He filled his pockets with gems. Finally he grew thirsty, but there was no water. His suffering became so intense that his reason began to fail. He heard flow of rivers but they were rivers of gems. He hastened forward at the sound of water, but it was a cascade of jewels. He had attained his end but at the cost of his life.

Morning worship at 11:15, with special music by our First Lutheran Choir under the direction of Lee Milton. Children's sermon with objects and stories centering around the objects. Subject: "What can it be?" See how soon you can find out. We doubt if even the older people can discover what it is, up to the very last minute themselves. A children's choir will sing a selection after the children's sermon. Seats in front will be reserved for children's choir and other children. There will be a brief sermon to older people following the numbers by the children's choir, on the theme: "Zachariah's Promise."

Luther League Sunday evening at 6:45. Subject: "In What Community Enterprise can our League Share?" Think this question over and express your views in the meeting. Everyone should have something to say on this practical theme.

Vesper services at 7:45 in the evening with anthem by choir. We may make all kinds of classifications of persons in regards to matters of the spirit, but there is a classification at which our Lord hints in his teaching; that perhaps is the most important of all. 1. Those who possess their souls (spoken of disciples if they endure tribulations, in your patience possess your souls.) 2. Those who have lost their souls. Heavy temptations sweep away a number who perhaps may at heart have the disposition to be better. Such the Lord readily restored where they were repentant and willing. 3. Those who have sold their souls. "What shall a man give in exchange for his soul?" This latter class will receive our consideration in the message of next Sunday evening under theme: "Souls for Sale."

It is said "Every man has his price." Some it would seem by the meager returns they get, value their souls very lightly; others hold theirs as beyond the value of anything this world has to give. Is your price or priceless?

Prayer Meeting Thursday evening at 8. Theme of discussion, "The Treasure and the Pearl." We have started the custom in connection with the regular study of bringing before the group, the most interesting personal experience of the week, or incident which we have noticed. Bring your contribution to this discussion.

BAPTIST CHURCH

Rev. George Lockett, Pastor

Sunday will be a red letter day at the Central Baptist Church. In the morning Dr. Charles E. Henry, President of Temple University, will be the distinguished guest and will preach the morning sermon. Dr. Henry will be present in honor of the fifteenth anniversary of the ordination of Pastor Lockett. The Rev. Mr. Lockett is a graduate of Temple University Theological School.

In the evening at 7:45 Pastor Lockett will preach on "The Ordination of Baptism" and there will be Baptism at this service.

Both morning and evening services should bring out a capacity attendance, as both will be very much worth-while.

On Friday evening Miss Emily Harvey will be the leader of the BYJU meeting at 8 o'clock.

On Friday afternoon at four the Happy Hour kiddies meet again. The children have been divided into

PARALYSIS ON THE WANE

BUT CARE IS ADVISED

New cases of infantile paralysis decreased last week in the United States, thereby giving rise to the hope that the dread disease is now definitely waning.

Reports to the U. S. Public Health Service showed 641 new cases in 37 states during the week ending September 24 compared to 656 the previous week.

Government physicians, however, warned that the disease can still spread and advised parents to do all in their power to guard their children against infection.

Two groups, both groups meeting at the same time. The younger kiddies will continue under the name of Happy-Hour group while the older children will be known as the Junior BYJU. After the kiddies have once attended their interest will bring them back.

Tonight (Thursday) the teachers of the Primary Department met at the home of the superintendent, Miss Esther Dean, for a conference.

On Tuesday night members of the Samaritan Club took a non-stop flight from work to pleasure, stopping finally to refuel at a splendid banquet, followed by quail, business meeting and indoor baseball. All young men are invited to "sign up" with the squadron any Sunday morning at ten.

Friday and Saturday of next week, October 21 and 22, another one of those famous food sales will be held in the church ladies of the Philanthropic Club. Soup and fish cakes will be available on Friday and many other good things, such as cakes, pies, potato salad, home-made bread, baked ham, etc., etc., will be on the Saturday menu. Advance orders may be placed by calling Mrs. Yorken, Riv. 205-W, or Mrs. Greenwall, Riv. 394.

"He who is too busy to think of religion is too indolent to know his loss."

CHILD SERIOUSLY INJURED IN CRASH

Eight-Year-Old Maple Shade Girl May Have Fractured Skull; Moorestown Man Held

Three occupants of a Maple Shade sedan were badly cut up and bruised in an accident at Church street and New Albany Road Sunday evening. A small girl was seriously injured and is confined to the Cooper Hospital, Camden, suffering from a possible fracture of the skull.

The accident occurred when an auto driven by Sylvester H. Laux, of York Landing Road and Main street, Maple Shade, was hit by a machine driven by Frank C. Eldridge, of 429 Locust street, Moorestown. Eldridge has been placed under \$1000 bail by Recorder Joseph W. Johnston, pending the outcome of the injuries.

Laux was accompanied by Mrs. Sophie Kem and her two children, Esther, 8 years old, and Charles, 4 years old. Mrs. Kem and Laux were thrown through a window and were badly lacerated about the face. Little Charles was considerably cut and bruised. All were rushed to Dr. Nathan Thorne and then to the Cooper Hospital. All but Esther were released after treatment.

Eldridge's machine was coming in Church street toward Moorestown and Laux was traveling south on New Albany Road. They crashed at the intersection. Both cars were turned around on the road and were almost completely wrecked.

Eldridge and John Elsie, also colored, who accompanied him, were treated for minor injuries and taken to their home.

LAKEWOOD MAN GETS BIG VERDICT IN HEART DISEASE

After hearing testimony for two days and deliberating for an hour and ten minutes, a jury in Ocean County Common Pleas Court last week awarded a verdict of \$10,000 to Bruce M. Larrabee, of Lakewood, in his suit for "heart pain" against Frank H. Lynch, wealthy president of the Gas Tube Company.

Larrabee charged that his wife's affections had been alienated by Lynch, whose wife was Roberta Arnold, actress, and who married Mrs. Larrabee shortly after she had been divorced by the Lakewood man and after Mrs. Arnold had won a divorce from him.

Zeal is admirable, but not zealot.

HOLLY HUCKSTER HELD UP, ROBBED

County Seat Man Brutally Assaulted as He Leaves \$2000 Near Rancocas Park

William Gravatt, a Mount Holly huckster, was held up, robbed and badly beaten in the rear of Rancocas Park Wednesday evening of last week.

Gravatt was brutally assaulted by one or more roughnecks who, it is said by the police, frequent a bootlegging joint alleged to exist in that neighborhood.

It is claimed that about \$200 was taken from Gravatt, and the victim is at the Burlington County Hospital suffering from a near fracture of the skull.

Detectives Carabine and Cain were quickly on the job after being furnished with a description of one of the thugs and they are exhausting every effort to bring the huckster's assailants to justice.

Earlier in the week an employee of the William Worth Motor Company was held up at the company's service station in Beverly.

The loot was a small box, containing valuable papers, which was taken from a safe in the Worth Billing station.

EYESIGHT PRECIOUS; NOT TO BE ABUSED

Poor Home Lighting is Responsible For Increase in Defective Vision, Says Expert

"Eyesight is precious and not to be abused. Poor home lighting is responsible for much of the increase in defective vision among our children and even among adults," William T. Blackwell, general lighting representative, Public Service Electric and Gas Company writes in a special article on the lighting department of that company. The article appears in the current issue of Public Service News.

The lighting department always appeals to customers through the ideal of service. Mr. Blackwell continues, "Nothing is sold but an idea and that idea is always approached from the customer's viewpoint, showing him what improved and increased lighting will mean to him from an economical and from a humanitarian viewpoint; in a factory, increased production, less fatigue and eye-strain, better sanitary conditions, better workmanship and easier inspection, improved morale, fewer accidents; in a store, increased sales, easier sales, more attractive atmosphere, killing off daylight reflections; in a home, cheerfulness, coziness, health, protection of vision."

All classes of lighting are covered, street, industrial, commercial, residential, floodlighting, electrical advertising, schools and churches, out-of-door sports and other special jobs. As each problem arises it is carefully studied by the lighting department and a solution is worked out."

The following officers were elected for the ensuing year: President, Mrs. Caroline E. Blair, of Mount Holly; Vice-President at Large, Mrs. William Heiser, of Pemberton; Corresponding Secretary, Mrs. Ella P. Haines, of Ayrerton; Recording Secretary, Mrs. Caroline S. E. Willis, of Marlton; Treasurer, Mrs. Florence Whitting, of Marlton.

A beautiful pin and gold pencil was presented to Mrs. Caroline E. Lippincott, the retiring corresponding secretary, in appreciation of her services for the past sixteen years.

The convention was continued in the evening by a forceful address by Mrs. Nina G. Frantz.

ALL-AMERICAN MOTIF SALON AT NEW YORK

Colonial Murals and Furnishings Appropriate Background For Display

A beautiful blending of Colonial furnishings and colorful wall murals, depicting early scenes when Michigan was the hunting ground of the Indian, instead of the home of the automobile, make the recently completed New York salon of the Oakland Motor Car Company, a show place even among Broadway's multiple attractions.

The salon, a permanent exhibit of Oakland and Pontiac Sixes, is located in the new General Motors building on Broadway between 57th and 58th streets.

A. R. Olney, president of the Oakland Motor Car company and Mrs. Olney, who have as their hobby the collection of early American furniture, assisted the Boston Spectator-Journal company in planning the murals, decorative scheme and furniture.

The arrangement of the salon is such as to afford a highly appropriate American background for the display of the new Oakland All-American Six, designed and manufactured to meet the requirements of American motorists, and for the Pontiac Six, named after famous Indian chief who once ruled the district where the two cars are built. Both furniture and murals reflect the transition period from aboriginal to Colonial supremacy in Chief Pontiac's former domain.

The salon furnishings are Colonial even to specially-woven "hook-rugs," arrowhead curtain poles and bull's-eye mirrors (converted into indirect lights) which follow faithfully the design of furnishings in the home of George Washington at Mt. Vernon. All of the furniture is copied from museum pieces, the desk being an exact duplicate of that used by Washington.

COMMUNITY HOUSE POOL IS OPEN AGAIN

Natatorium Now in Fine Shape for Big Fall and Winter Season

Here's some good news for the boys and girls, to say nothing of a lot of older folks.

"Ben" Rumpeltes has announced that the Moorestown popular "swimming hole," the Community House pool, is open again after being closed for the summer. The pool is operating on its regular fall and winter schedule.

The natatorium was closed while repairs and a general cleaning in preparation for the big winter season was made. Everything is now in "ship-shape" order for a big winter, reports "Ben," the genial director.

While the pool was closed a sample of the water was sent to the State Department of Health and the report from Trenton reports that the water stood the most rigid tests and is approved by the New Jersey Health authorities.

Gladys—No one understands me. Her—No wonder, you mother was a telephone operator and your father a train announcer.

Jack-Jack

IT'S ONE THING TO KNOW WHEN YOU ARE LIKED—AND ANOTHER TO GET SO USED TO IT YOU DON'T MIND—

Autocast

Poor John
Tom—"I can read your thoughts, Mary dear."

Then what makes you sit so far away?

Misleading
Rosa—"Before I can engage you, you'll have to pass an intelligence test."

Intelligence test? Why the advertisement said you wanted a stenographer.

It Can Be Done
Mary—"Yes, he strongly disapproved of my truck. Said I ought to be locked up for wearing so little."

Jerry—"And what did you do?"
Oh, I just laughed it off.

Marathon Guy
She—"Your kisses are wonderful. But don't you ever get tired?"

He—"Don't they say that wonders never cease?"

They're Like That
Arthur—Give me a kiss, will you?

Martha—More me! So you too, are like all the rest of the men?

Yes.
Thank goodness.

Real Anxiety
Mollie—"I'm to be married tomorrow and I'm terribly nervous."

Thelma—"Do you think there's a chance of the man getting away before then?"

Not So Clever

Fond Mother—"Do you detect any signs of genius in my son?"
Art Instructor—"Madam, I am not a detective."

Attitude Counts
Teacher—"What is the best way to preserve peaches?"
Kid—"Keep them on a high shelf."

PRICE FIVE CENTS

LARGE FIELD OF CONTESTANTS FOR ISSUE OF COUNTY BONDS

Freeholders Secure Favorable Terms on Bonds for Roads and Buildings

HEAVY TRUCKS CAUSE MUCH BRIDGE REPAIR

Spirited bidding among an even dozen competing firms marked the opening of bids for bonds to be issued by the Burlington County Board of Freeholders at its meeting last Friday and resulted in offers which enabled the county to keep its bond issues down to \$390,000 to meet its indebtedness of \$411,000, with a balance of \$220,000 out of which to meet the expenses incident to the issue.

The successful bidder was Dewey, Bacon & Co., New York. The total is made up of \$185,000 road improvement bonds and \$205,000 building improvement bonds, 5 percent, payable semi-annually, maturing in ten years in near equal blocks. On the \$185,000 issue the bid was \$136,068 for 130 bonds, and on the \$205,000 issue the bid was \$276,451 for 164 bonds.

Other Bidders—\$185,000 issue—M. M. Freeman & Co., Philadelphia, \$135,343.40; C. W. White & Co., New York, \$135,000; Phelps, Penn & Co., New York, \$136,742; Graham, Parsons & Co., New York, \$135,427.00; The Central National City Co., New York, \$135,376.67; Rufus Waples & Co., Philadelphia, and Barr Bros. & Co., New York, jointly, \$135,440.90; National City Co., New York, \$135,203.79; Morris Mather & Co., New York, \$137,411.11; H. L. Allen & Co., New York, \$135,087.40; Harris, Forbes & Co., New York, \$135,290, all for 131 bonds. \$205,000 issue—M. M. Freeman, \$276,458.40 for 167 bonds; C. W. White, \$276,175 for 165; Phelps, Penn & Co., \$276,961 for 167; Graham, Parsons & Co., \$276,081.40 for 167; Blair & Co., \$276,929.67 for 168; Rufus Waples & Co. and Barr Bros., \$276,051.30 for 167; National City Co., \$276,613.12 for 168; Morris Mather & Co., \$276,005 for 167; H. L. Allen & Co., \$276,461.87 for 167; Harris, Forbes & Co., \$276,790 for 168.

These bonds are to displace temporary notes which have been in force since the opening of the county roads in various parts of the county and the buildings in Mount Holly and New Lisbon.

Confere on Grade Crossing—Frederick Charles, chief engineer of the department of roads, was not present when the meeting was called to order by Director Howard Ruse, but came in later, having just returned from a conference with the State Highway Commission officials and representatives of the Central Railroad Company on the subject how the Chatsworth local off-set across the tracks of the railroad at Chatsworth, N. J., should be handled.

Mr. Stout reported to the board that another conference would be necessary, as the railroad men could not agree with the State and County officials as to what part of the expense of the operation should be paid by the company.

The Lion's Share—A short time ago it was proposed by Burlington county that the railroad officials consent to an expenditure of \$40,000 for the purpose of elevating the tracks slightly and permit a cut under the railroad for the highway.

There is one plan of spending \$10,000 on temporary work and another calling for \$40,000 for permanent work, the latter providing for the erection of stone retaining walls that would require no further attention.

It appeared at the conference that the railroad officials expected Burlington county and the state department to put up the lion's share of the money, and when this situation developed it was agreed that the railroad directors be called upon for a more reasonable proposition.

The conference was participated in by railroad officials, Public Utility Commission, Chairman Mead, State Highway Engineer Sloan and Construction Engineer Bedwell, of the State Highway Commission; Director of Roads Charles R. Stout and Supervisor of Roads Stuart M. MacFarland, of Burlington county.

More Money Needed—Freeholder Curwen B. Fisher, director of the department of bridges, reported to the board that his appropriation had been exhausted owing to the heavy tolls made upon it by the washing out of many small bridges during the heavy spring rains, and owing to necessity for strengthening bridges on previously little frequented roads, since the advent of the gasoline trucks, ice cream trucks and other heavy vehicles. KONKATENATION OF KLAMOR KOMING IN KLEVER KITCHEN KABINET KONCERT

The K. K. K. is coming, but it is nothing to be alarmed about, for these mystic letters stand for Kitchen Kabinet Konzert, which will be given by the ladies' auxiliary of the Epworth M. E. Church, Palmyra, on Thursday evening, November 17.

It is to be an instrumental concert and the instruments are all kitchen utensils. Just how the ladies expect to get music out of such implements is a mystery, but they claim they have been working with pans, pots and whatnot all their lives and have gained a rare control over them.

Everybody has heard a tea kettle sing and a coffee pot hum, while an egg beater has been known to grind out quite a bit of jazz, and

Will Entertain State Officers

Camp 23, P. O. S. of A. All Set For Big Event on October 24; Big Program

Next Monday evening, October 24, to be the State Officers' night in Camp 23's meeting room. All State Officers have been invited and nearly every one has accepted the invitation and is planning to be present next Monday night. Every Camp in Burlington County has been asked to send a delegation to this meeting.

A huge program has been arranged by Chairman Walter D. Lamson and his committee. A big surprise is in store for the members of Camp 23, (to whom it is of particular interest) which will lighten the heart of every loyal member of the Palmyra Camp. Be there and share in the joy of the unexpected.

George N. Wimer, who is very well known throughout the state in P. O. S. of A. work, will be chairman of the meeting after the regular business has been dispensed with.

A buffet banquet will be served after the program of the evening. The committee on arrangements, with Walter D. Lamson as chairman, is subdivided as follows: George N. Wimer, chairman of the meeting; invitation committee, Leslie W. Jones, Edwin Patterson, Arthur Strain; reception committee, William H. (Dad) Davison and the local Camp as a whole; steward's (cash) committee, D. Gray Schwara, Herbert H. Parsons, Joseph Pike, John Bauer, Oliver Bowen, Harry Saar, Charles Matlack, Edwin Carhart, William Doerfl, William Seagraves; music committee, Dr. Dean H. Le Faver and D. Gray Schwara.

Every member of Camp 23 is urged to be present to give the state and county visitors a hearty welcome and to enjoy the evening. The meeting will be called at eight o'clock sharp. Come early and get acquainted with our new State Officers and meet some of your old friends from other parts of the county.

Publicity Chairman.

RIVERTON RED CROSS QUOTA INCREASED

National Goal Set at Five Million Burlington County Quota \$700

Mrs. J. D. Clark, chairman of membership for the Red Cross in Riverton, has received the following letter from the Burlington County Chapter.

"A telegram has been received from National Red Cross, stating that organization is this year aiming for a membership of 5,000,000. This has become necessary by reason of the constant demands on its treasury by reason of its disaster relief program. It having rendered aid in ninety-six disasters during the past year, at home and abroad.

"The telegram fixed our county quota at \$700, instead of 5000 memberships, as stated last week.

"To reach this we will have to have the united efforts of all Red Cross workers in Burlington County.

"In order to secure 5700 memberships it has become necessary to make a quota to each locality having a Roll Call; that assigned to your town is \$50.

"Now is the time to secure Roll Call workers and to urge people in your community to help in this work for humanity.

It has taken more than five years to prove it, but the nation now knows that Harry Sinclair has no Tenpots Dome.

K. of C. DANCE

First of Fall Events Held by St. Joseph's in Big Success

Nearly two hundred people from Riverton, Palmyra and vicinity attended the first of a series of fall dances given by the St. Joseph's Council in the K. of C. Hall, East Broad street, Palmyra, last Saturday night.

The committee in charge of the dance made special efforts to have the dance floor and decoration in first class condition for the initial host. The dance was a success with hot, robb and his "Sparkling Five" Orchestra from North Philadelphia at their best.

Columbus Knights In Busy Program

Committee Hard at Work on Annual Masquerade to be Held Oct. 31

Renewed interest in the ranks of the Palmyra-Riverton K. of C. Council was manifest by the large turnout for last Tuesday's semi-monthly session of the Knights.

The session for masks, wigs, spoons, carved pumpkins and all sorts of "what nots" in fast approaching and the Palmyra-Riverton Knights are preparing for their annual masquerade frolic. Grand Knight Slim told the council that this was an important annual event for St. Joseph's and therefore it was necessary to select a good live-working committee. August E. Conlew was appointed chairman and from advanced news gathered he has some new and novel ideas that will be incorporated in making this annual event more colorful, attractive and entertaining than ever. The affair will be held in the council's home on Monday night, Oct. 31.

Next Sunday the new Catholic Church in Burlington will be dedicated by the Rt. Rev. Bishop Walsh of the Trenton diocese and a special invitation to the members of St. Joseph's Council has been received from Father Ruel of Burlington.

The formal installation of the new St. Joseph's officers took place at this meeting and District Deputy Kraus, of Camden, who is the appointed District officer for the local council was on hand to take charge of the ceremonies.

The Palmyra and Riverton council is especially honored by being placed under the jurisdiction of Mr. Kraus, one of the most popular District Deputies in South Jersey, and his words of encouragement and advice to the council were happily received.

State Treasurer Brady of Camden accompanied the visiting officers and after his usual wit and humor congratulated the officers of the council for the splendid condition of the council's books and also the promptness in handling State and Supreme Council's reports and communications.

Two important officers were filled by appointments. Grand Knight Slim, reappointed Andrew J. Pfaff as Financial Secretary, a position held by Mr. Pfaff for the last two years and his efficient and accurate handling of the accounts of his office was the reason given by the Grand Knight for again appointing him.

The members were greatly surprised when Grand Knight Slim announced that he had secured a man to assume the important duties of lecturer. The work of this office is the providing of entertainment for the members. The importance of this office cannot be overestimated. The appointment of Past Grand Knight Eadon was heartily approved by the council and every member in the ranks well felt that the coming year will be a year of high interest and fun from dull with such a competent lecturer as T. A. Eadon.

Director Pfaff of the Cadets reports that the new flags and insignia for the local unit has arrived and the 80 boys now under the colors are taking a real live interest in the affairs of the Columbus Cadets by being present at all drills and meetings.

At a recent meeting of the John Tatem Assembly, Fourth Degree of the K. of C., Joseph T. Yearly, of Riverton, was unanimously elected as the new head of the Assembly and was heartily congratulated by his own people in his elevation to this distinguished office.

Legion Behavior in Paris Praised

Not One Man Received Jail Sentence During Stay in French Capital

Statistics compiled by John J. Wicker, Jr., national travel director of the American Legion, show that 2,146 Legionnaires actually booked passage for France for the Paris convention.

Of this number, 5,662 afterward canceled their reservations, making 15,244 who actually went to France on twenty-seven official Legion ships. But Legion certificates were issued to 1,751 persons already in Europe who applied at the Paris office, so the actual official representation was 16,991.

The total number of Legionnaires picked up by the Paris police on charges of disorderly conduct was 221. The majority of these cases of difficulty arose over failure to understand the French language, and they were settled amicably. Less than fifty arrests actually were booked and not one Legionnaire received a jail sentence.

While there was considerable complaint regarding overcharging by the Legion for accommodations in Paris, Mr. Wicker said this was due principally to the fact that the Legion charges included 10 percent for tipping and 10 percent for taxes over the prices quoted by the land-lords to the Legionnaires, which in many cases were less than what the Legion was charging and did not include tipping or taxes.

MORE MONEY APPROPRIATED

Riverton Council Passes Additional \$3000 for Department Overdrawn

ARRESTS, NOT WARNINGS TO BE LOT OF LAWLESS

At the meeting of the Riverton Borough Council last Thursday night, Councilman Joshua S. Bartley, chairman of the finance committee, presented a resolution covering additional appropriations in departments which had run out of funds, as follows: sewer \$100, election expenses \$300, shade tree commission \$750, police department \$1400.

The treasurer was authorized to borrow \$3000 on temporary note to raise the money provided for in the resolution and the council passed. This action by council will replenish the depleted funds in these departments and permit the treasurer to legally issue checks against these accounts.

Director of Public Safety Williams reported for the police department that two arrests had been made for violations of traffic regulations and that one indigent person had been committed to the county almshouse.

No More Warnings

Mr. Williams also reported that the police department had reached the end of its rope in the matter of issuing warnings to residents against violations of the various laws and ordinances that regulate the streets and burned there in violation of a borough ordinance. The mayor instructed Mr. Williams to have all such hearings held before the borough recorder.

Mr. Williams submitted pictures of proposed road signs directing motorists to various points. The mayor said that it was well to consider all such things but not this year, owing to the condition of the borough's finances. Mr. Williams replied that the Keystone Automobile Club stood ready to supply and erect these signs without charge.

Mr. Williams also reported on the first meeting of the Jersey State Traffic Association which was organized at Haddonfield last week and at which time the many traffic problems in different parts of the state were discussed.

Borough Water Rates on Trial

Borough Engineer William T. Read submitted a report on the hearing on increased water rates for the Riverton-Palmyra Water Company, held before the Public Utility Commission on September 27. The engineer reported that the increased rates had been granted for a period of one year, at which time the matter will be reviewed to see how the new rates were working out.

At the end of the year the water company will be required to furnish a comparison of the revenue and expenditures of a three months period as compared with three months in the previous year under the old rates.

The building committee submitted a report of permits for \$4140 worth of building operations and fees amounting to \$12.50.

Councilman Lyness presented a request from the directors of the new organized auxiliary to the fire company for the use of the council chamber for a meeting place, which (Continued on Page 5)

PIONEER GROUP

The meeting was opened by a prayer from the leader. We collected dues which amounted to seven cents and Button money five cents and the secretary five cents.

The Responsive Ritual was read. We also repeated the Lord's Prayer and gave a salute to the Christian Flag and the United States Flag.

The business meeting opened to discuss the various matters assigned to the members were reported and discussed. Several new cases of need were brought to the attention of the meeting and investigation ordered.

H. E. Kinsey was appointed Treasurer pro tem during the absence of Mrs. Biddle who is about to take a European trip.

The donations received towards the work to date are as follows: Colman, L. P. & A. M., \$10.00; Lester, S. Fortnum, 5.00; Camp No. 8, P. O. of A., 5.00; Albert, B. King, 5.00; Friendship Bible Class, 55.00; Christ Church Sunday School, 25.00; Cash, 25.00; Palmyra Temple, Ladies of Golden Eagle, 5.00; First Church of Christ, 10.00; Palmyra Branch, 10.00; Guild, 10.00; Westfield Monthly Meeting, 25.00.

Any further contributions toward the work will be thankfully received. Make checks to the order of The Community Welfare Association and send to the President at 15 E. Broad Street, Palmyra.

Donations of clothing, shoes, groceries, canned goods, etc., will be welcome. We shall be glad to send for anything of this kind on notification.

The following organizations have given us their support since the last list was published: First Church of Christ, Scientist, Moravian Church, Parry, Cinnamon Lodge Odd Fellows, Westfield Monthly Meeting. Applications for relief will be investigated promptly. Send word to the President, 15 E. Broad Street, Palmyra, Phone 950 or 217.

MRS. MACDONALD SWORN IN AS DEPUTY CLERK

Mrs. Grace Fryer MacDonald, of Mount Holly, for some time connected with the Burlington County Clerk's office, was sworn in as a Deputy County Clerk by Judge William A. Slaughter on recommendation of County Clerk Reeves. This places her in a position to look after some court work and office responsibilities that she could not handle without such designated authority.

HEALTH SKETCH SHOWS PROPER DIET

School Nurses Present Play Before Westfield P. T. A.

At a recent meeting of the Westfield Public School Parent-Teacher Association the school nurses, Miss Helen Blair and Miss Carolyn Cook, presented a most interesting health sketch.

Miss Blair explained the need for and means of obtaining a balanced diet for children. Theresa Brennan as the school girl and Miss Blair as her mother, enacted a normal day for a school child from the rising call to the "good night."

Proper diet and physical care were stressed. Overweight and underweight were discussed. Following this there was an open forum wherein the parents questioned Miss Blair, who, in turn very satisfactorily answered.

The president of the association, Mrs. Nathan Conrow, was chosen as the official delegate from the Westfield P. T. A. to the meeting of the State Congress of Parents and Teachers to be held at Atlantic City, November 1 and 2.

Arrangements are being made for the annual chicken supper to be held November 17.

Since the beginning of the present school year eleven new members have joined the P. T. A. group. Come and bring your neighbor. Press Chairman.

Lions Entertained In Philadelphia

Palmyra-Riverton Club Attends Dinner and Dance at Bellevue-Stratford

Eleven members of the Palmyra-Riverton Lions Club and their ladies attended a dinner and reception at the Bellevue-Stratford Hotel, Philadelphia, Tuesday evening.

The dinner was in honor of Irving L. Camp, of Johnstown, Pa., president of Lions International, and the international officers and directors, and was one of the features of the Eastern States District Convention held in Philadelphia.

Lions from New York, Maryland, Delaware, New Jersey, Virginia and Pennsylvania were present.

Several splendid speeches were delivered by the president, Walter D. Lamson, Dr. and Mrs. W. R. Dunn, Mr. and Mrs. Fred Frothing, Mr. and Mrs. Frank Chambers, Mr. and Mrs. Merle Schaff, and Mr. and Mrs. Curtis Staveland.

Welfare Society Holds Its Meeting

Relief Cases of Palmyra-Riverton and Vicinity Receive Proper Attention

The regular monthly meeting of the Palmyra-Riverton Welfare Society was held in the office of the President, George N. Wimer, last Thursday evening.

Routine business was transacted and the various relief cases assigned to the members were reported and discussed. Several new cases of need were brought to the attention of the meeting and investigation ordered.

H. E. Kinsey was appointed Treasurer pro tem during the absence of Mrs. Biddle who is about to take a European trip.

The donations received towards the work to date are as follows: Colman, L. P. & A. M., \$10.00; Lester, S. Fortnum, 5.00; Camp No. 8, P. O. of A., 5.00; Albert, B. King, 5.00; Friendship Bible Class, 55.00; Christ Church Sunday School, 25.00; Cash, 25.00; Palmyra Temple, Ladies of Golden Eagle, 5.00; First Church of Christ, 10.00; Palmyra Branch, 10.00; Guild, 10.00; Westfield Monthly Meeting, 25.00.

Any further contributions toward the work will be thankfully received. Make checks to the order of The Community Welfare Association and send to the President at 15 E. Broad Street, Palmyra.

Donations of clothing, shoes, groceries, canned goods, etc., will be welcome. We shall be glad to send for anything of this kind on notification.

The following organizations have given us their support since the last list was published: First Church of Christ, Scientist, Moravian Church, Parry, Cinnamon Lodge Odd Fellows, Westfield Monthly Meeting. VOTERS BECOMING AROUSED OVER VOCATIONAL SCHOOLS

GLEE CLUB

Palmyra Baptist Class Starts Musical Organization

As one of the five activities planned by the Samaritan Class of the Central Baptist Church, Palmyra, a Glee Club was formally organized. Tuesday evening last, at the home of George Weaymans, East Fourth street, Palmyra.

The following temporary officers were elected to serve until February: Roland Bader, president; George Weaymans, secretary; Edward Bridges, treasurer; Russell Jermon, director; Edward Hoyt, assistant director; Mrs. Russell Jermon, accompanist, and Miss Margaret Giberson, assistant accompanist.

Rehearsals are being held weekly, the next to be at the home of Joseph G. Seal, 213 Cinnamon avenue, Palmyra.

The Club will make its initial appearance, on the evening of November 17 in the church, when a program of music together with a sketch by the Dramatic Club will be offered.

All members are urged to attend the regular rehearsals and invite new members.

Two Die When Truck Hits Tree

George Webster and William Doering Killed in Crash on Riverton Road

George Webster, of 415 Horace avenue, Palmyra, and William Doering, of Parry, were killed Saturday night on the Riverton-Moorestown Road, when their truck crashed into a tree. The accident occurred at the turn in the pike near the F. Stanley Groves estate.

Webster drove the truck in which both men lived their lives for the Whitmer Quality Meat Market, Broad street, Palmyra. He had been delivering orders and had picked up Doering in Parry to give him a ride to Palmyra. Webster was on his way to Riverton when both were killed. He was going at a speed estimated at about 45 miles an hour when the accident occurred.

A passing motorist told Chief of Police C. Morris Beck, the first official at the scene, that the truck, driven by Webster, had passed him while he was going at about 45 miles an hour himself.

Palmyra police headquarters were called and Chief Beck responded immediately with the Palmyra ambulance. When he arrived on the scene both men were lying about fifteen feet from the tree. The truck was completely wrecked, the body being torn from the chassis.

It is the opinion of Chief Beck that Doering was killed instantly while a spark of life remained in Webster's body as he carried him into the Zuerbrugg Memorial Hospital at Riverville. Webster's head was split open while both legs were broken and his face and chest crushed. Both were pronounced dead at the hospital by Dr. R. J. Downs, Riverville physician.

Coroner Benjamin F. Farmer, of Burlington was called and the body removed to the Snover Funeral Home, East Broad street, Palmyra.

The remains of the truck were taken to the Lester S. Fortnum garage at Palmyra in two separate parts. The steering wheel, front end and wheels were completely demolished.

Funeral services for Doering, who was 43 years old, were held Tuesday afternoon at two o'clock from the Snover Funeral Home, in person at the Central Baptist Church and "broadcast" privately to those within its walls. "Rags and Old Iron," his most famous and probably most humorous lecture, will be the subject, together with many new and amusing stories from Dr. Dager's constantly enlarged circle of contacts.

Dr. Forrest E. Dager is one of the country's natural-born comedians and to this gift he adds a delightful moralizing and satirical instruction that makes his lectures far more than mere humorous entertainments. His lectures are valuable lessons in culture and refinement of living, given like sugar-coated pills and washed down with ginger ale.

The BYPU of the Baptist Church has been fortunate in securing Dr. Dager for this personable appearance, and it is expected that a large audience will fill the church auditorium to hear his famous "Rags and Old Iron" tonight.

What has become of the business writer who used to start every article with, "Sitting in the smoking compartment of the Pullman?"

Opposition Springing Up In All Parts of County; Fear Big Jump in Taxes

CAMDEN COUNTY CITED AS OBJECT LESSON

As the general election approaches, a feeling of uncertainty and uneasiness is becoming manifest in all parts of the county concerning the vocational school proposition, which will be voted on at that time, and there is a rapidly growing conviction that this matter will bear very careful scrutiny from its various angles before the people by the mandate of their votes direct the board of freeholders to install this institution in addition to our present school system.

In view of the experiences of Camden county, careful voters are looking two before they assume an obligation which may cost many times the very moderate estimate which is being put out by the advocates of the vocational school plan as a county project.

"The Times," published in Haverly, said editorially last week:

Vocational Training

"It is quite likely that many people have signed the petition looking up to the establishment of a vocational training school in Burlington County without having a clear understanding of what they are advocating. If a sufficient number of signers are secured the question of a vocational training school will be placed on the ballot, and should enough people vote for it the school will be established. This, of course, would mean an extra burden on the taxpayers, a question that would be imposed through the county budget. There is a question as to the real need of the school, a question that should be carefully considered by all before voting on a petition signed or a vote in a school election."

Weigh It Well

"The Mount Holly Herald" published the following news item:

"The question of whether or not the voters of Burlington County want vocational training, with its attending expense, will be decided at the election on November 8, a petition requesting that the question be placed on the ticket, which is said to be signed by 15 percent of the voters of the county; all that are necessary to bring the question to a vote, having been received by County Clerk Reeves."

"The issue will be decided by a 'yes' or 'no' vote, and it would be well for our voters to weigh the proposition well before voting."

All Out and Deed

Harry W. Britton, of Moorestown, addressed a long letter to the "New Jersey Mirror," published in Mount Holly, in which he said in part:

"The methods employed by those in favor of vocational training, upon having been exclusive, obscure and misleading. To begin with when the meeting was called in Burlington two years ago this fall the whole thing was cut at a diagonal to the extent that the Assistant Commissioner of Education, Mr. O'Leary, had prior to that meeting gained the point of having the State Board of Education approve such a plan and then submit it to the State Board of Education for their approval, but these shy chaps were catching the bull by the horns and getting ready to stampede him through the hole for the public was aware of what was going on."

BUT WE HAD A BOARD OF FREEHOLDERS WHO HAD THE COURAGE OF THEIR CONVICTIONS

"I am of the opinion that there should be a mass meeting called in Mount Holly quickly and have some of the facts of this propaganda spread abroad in thorough and timely and the writer will lead every possible aid to make such a meeting a success and to aid in the defeat of this scheme of a new or additional school system coming to our county."

Once Started, No Escape

A correspondent to the Moorestown Chronicle writes:

"An effort is being made to foment a vocational school. One that is done there will be no way of getting rid of them."

"It will be necessary to greatly increase not only the tax rate, but also the assessments. Persons who rent property will have their rents increased to take care of all this. When taxes are increased owners of homes naturally raise the

Riverside Woman's Case Puzzles Court

Solomon's Wisdom Needed to Handle Liquor Offender, Mother of 4 Children

With the County Court at Mount Holly in session now nearly every day in the year, naturally the business is heavier some days than others. Thursday of last week, however, proved to be one of the light days, but the business transacted was heavy, as the Court had at least two very disagreeable matters to thrash out.

First, Mrs. Pauline Dmukowski, of Riverside, appeared to plead to three indictments charging her with manufacturing liquor, possession of liquor and maintaining a house where liquor was kept, and through a very intelligent interpreter she pleaded guilty to all three charges.

The interpreter explained to the Court that Mrs. Dmukowski's husband was a fugitive from justice and that she was driven to do something to support her four children who were lined up before the bar with her, and she felt that if the woman were placed on probation she would never be caught in a violation of the prohibition laws again.

These are the hardest kind of cases the Court has to handle, for to send the woman to jail meant that the children would have to be cared for by the state or county, and it was very evident she had no funds with which to pay such a fine as the offenses warranted, so the Court deferred sentence for one week and turned Mrs. Dmukowski and her children over to the probation officer, Frank A. Henderson, for further investigation and report.

Wants Husband Discharged

Mrs. Alma Walker, of Maple Shade, who was fortunate in being sent home last week after she had pleaded guilty to deserting her husband, was before the Court in an effort to have her husband discharged from the county jail where he is serving four months on a similar charge.

This is a difficult case but as Walker had already been given his freedom once and had failed to appreciate it, the Court was reluctant about again sending him out, probably to again desert his wife and children.

Attorney Pencil appeared voluntarily for the woman and later she and her counsel went to see the husband at the jail, in an effort to have him furnish a bond as a guarantee that he will support the wife and children.

Judge Blaugher Hears Appeals

In the upper Court Room on Friday, Judge Blaugher sat to hear a number of Fish and Game Appeals and also took up cases brought by the State Board of Medical Examiners. Assistant District Attorney Grover C. Richmond, of Camden and Trenton, represented the state.

Samuel Dewey, the itinerant medicine man, who, with his company has been showing in Pemberton, pleaded guilty to practicing medicine without a license and was fined \$300, the statutory amount, which he quickly paid.

In the case of the State Board of Pharmacy against H. H. Stockton, of Riverside, on appeal, a non-suit was entered, and in the Fish and Game Appeal of the State of New Jersey against Charles and Allen Shropshire and William H. Bordenstein, of Hampton, Allen Shropshire pleaded guilty and his fine of \$100 stands, while the cases against Charles Shropshire and William H. Bordenstein were dismissed and their fines will be returned.

Joseph Rieppel, of Riverside, brought suit against Warren and Mary F. Burnett, of Toms River, for commissions which he claimed were due for the sale of two Nash trucks, the property of the Burnett, and the verdict was no cause for action.

Comes to Sudden End

Judge Jess' Court came to a sudden close on Tuesday when after going carefully over the list, it was found that nothing was ready, and he adjourned Court until Tuesday.

The case of Robert H. Smith, of Palmyra, against Shurhorn A. Person, also of Palmyra, had been set down for Monday but Person, who is wanted in Vice Chancellor Leaming's Court in Camden for failure to pay his wife alimony after he had been ordered so to do by the vice chancellor, was among the missing.

Person not appearing in the morning the case went over until 1:30 in the afternoon, with the same result, and then it was adjourned until Tuesday, when Person still being absent the hearing proceeded ex-parte.

Smith, who is a brother-in-law of Person's, claimed back rent amounting to \$400, and with the consent of counsel and by direction of the Court the jury rendered a verdict for the plaintiff for \$400.

The next case heard was that of Anna Krok, administratrix for the benefit of the next of kin of Michael Lewkut, against Edward F. Wilkins.

Young Lewkut, aged twelve years, died as the result of an accident in November, 1924, when he was knocked down by a car driven by Wilkins, in Roebing.

It was shown that the lad was playing along the street with other boys of his age and ran out into the street right in front of Wilkins' car.

The verdict was no cause for action.

The suits of William Everham and Charles Eisenbach against Victor Opera were brought as the result of an automobile accident, both plaintiffs claiming damages, and the Court directed a verdict in favor of Everham for \$300, while the same course was taken in the case of Eisenbach, he receiving a verdict of \$500.

YER ED EXPLAINS

A handsome bunch of flowers ornamented the editorial desk for several days the past week, the gift of Mrs. Kellie Frost and Mrs. Logan, with the cheerful explanation that they were intended for his funeral. And we don't blame them a bit. A two-line heading: "Don't Have Auto Accidents. If Your Party Carries Books." Instead of appearing over the story of the ducky damed from Fort Smith who was arrested west of Bentonville following an auto accident when the officers found whiskey in the car, was placed over a story of a Fayetteville accident in which the ladies figured. The trouble was caused by both stories having a line concerning a colored lady in the opening sentence. We don't ever expect to get done apologizing to the ladies but we don't want our readers to think the heading in question was placed there as a joke. It was just one of the little incidents that go to make the newspaper life interesting—and sometimes exciting.—Erwin Funk in the Rogers. (Ark.) Democrat.

UNCLE WIP SPEAKS AT KIWANIS MEETING

Gives Burlington Club Excellent Talk On His Broadcasting Work

Chris Graham, better known as "Uncle Wip," and the beloved of the children all over the United States was a speaker at Burlington last week.

"Uncle Wip" was accompanied to the meeting by J. Arthur Lowden, chairman of the civic day committee, who, together with councilman William P. Young, was instrumental in bringing the famous broadcaster to Burlington.

Mr. Graham gave an excellent talk in which he told of how he had been selected as the man to give evening talks to the kiddies and how he had come to be near and dear to the hearts of so many little ones. He also cited a number of cases that he had discovered in the work he was doing.

The speaker said that was a great field for those who love children's work, and urged the Kiwanis to bend their efforts in uplifting boys and girls.

BURLINGTON COUNTY MAN PATENTED FIRST IRON PLOW

In 1797 Chas. Newbold, of Burlington County, N. J., was granted the first patent of an iron plow. Although its advantages over the wooden plows then in vogue were manifest, the farmers would have none of it. They said iron poisoned the soil and that crops would not grow on a ground that had been silted by an iron plow. Newbold spent \$30,000 trying to get his plows adopted, and then abandoned the attempt. Not until 30 years later was the prejudice overcome.

The patent papers granted to Mr. Newbold for inventing the iron plow are now in the archives of the Burlington County Lyceum, Mount Holly.

SALES CLIMB 37%

The sales total of the Oakland Motor Company during September was \$2,079,000 and Pontiac sales, a gain of 37 per cent over the corresponding month of 1926. It is announced by W. H. Tracy, vice-president in charge of sales, that the percentage of gain represents an increase of 5,948 units over September, 1926, when the company sold 14,184 cars.

No Insurance For Drivers Who Drink

Keystone Club Insurance Exchange Will Cancel Policies For One Drink

Supplementing the recent vigorous attack by the Keystone Automobile Club on drunken drivers as "a menace to highway safety," announcement is made by the Club's Insurance Exchange that it had adopted the policy of cancelling the insurance of any member who is found to have driven a motor car while in any degree under the influence of liquor.

William A. McGee, General Manager of the Exchange, denouncing the growing tendency of some motorists to mix prohibition with gasoline, points out that it is not necessary for a driver to be actually drunk to lose his sense of timing and distance.

"We have found," said Mr. McGee, "that just one drink of the vile concoction masquerading under the whiskey label is sufficient to change normally considerate and competent drivers into irresponsible operators, a menace to themselves and to other users of the highways. It is neither our wish nor our intention to attempt to regulate the private lives of our policyholders, but it is certainly our right and our duty to so regulate our business that the great majority of our members will not be penalized for the sins of the drinking minority."

"To this end we have adopted the policy of cancelling the insurance of members who become involved in accidents through drink. In taking this position we are not allowing technicalities to stand in the way of our duty to the other policyholders and the public. If our own investigation shows that the driver had a drink before the accident, or had been in the habit of mixing booze and gasoline, no matter how moderately, we are not concerned whether there is sufficient legal evidence to convict him of driving while drunk. We don't want him in our organization and his policy is cancelled forthwith."

FLOOD PREVENTED LOS ANGELES TRIP

Although the Los Angeles sails through the beautiful blue water a flood kept the ship from going to Burlington last Thursday to take part in the agricultural day features of the quarter millennium celebration of the town.

Wednesday night a storm took the nature of a cloudburst over around Lakehurst and flooded the government hangar so that the ship should not be gotten out and put in the air. A message to that effect was sent to Burlington.

The ship was to have sailed over Burlington and accompanied Secretary Wilbur to the home of T. Sherman Borden, where dinner was served.

BEAGLE AND HOUND TRIALS OCTOBER 31

The Burlington County Game League trials for beagles and hounds will start on October 31st at Birmingham at 8 a. m. Entries will close on Saturday, October 29, at 8 p. m., at Mount Holly Court House. Drawings will be made at this time.

Entry blanks may be obtained from Jones' Drug Store, Mount Holly, N. J.; Lewis J. Mantel, Secretary, Pemberton, N. J.; and W. W. Worrell, Mount Holly, N. J. Mail all entries to Lewis J. Mantel, Pemberton, N. J.

The latest Einstein discovery is that he smokes a pipe and plays the fiddle. It won't be long now.

DEER UPSETS AUTOMOBILE

When A. B. Walker, of Sharon, Pa., was driving near Four Mile Colony one morning last week, a deer ran across the road directly in front of the car. The automobile struck the animal, causing the machine to take two somersaults. Breaking windshield glass inflicted a bad rash in one of Walker's eyelids and cut the eyeball.

He was taken to the Burlington County Hospital. It is not yet known if the sight of the eye can be saved. The deer was killed, and its carcass was turned over to Game Warden Mathis, who presented the meat to the Four Mile Colony and the head to the injured man, Walker.

Three companions of Walker escaped with minor injuries. The car was badly damaged.

HARVEST OFFERS CHANCE TO SAVE

Root vegetables, cabbage, squash, and a few other vegetables are being harvested in large quantities now before the heavy frost arrives. This is the time," points out Marie Poermann, state extension specialist in foods at Rutgers University, "when the thrifty housewife takes advantage of the reduced prices and buys enough of these vegetables to last for the winter."

Even though there is a furnace in the basement, one corner usually may be found which is cooler than the others and therefore satisfactory for storing vegetables. Clean sand may be put in boxes ready for carrots, beets, parsnips, or celery. These vegetables may not keep until March in a storage place of this kind, but they will keep until January or February.

Cabbage, too, will keep until January or February if stored correctly, says Miss Poermann. But the entire plant out of the ground with the roots, shake off the dirt, then tie a heavy string to the roots and hang from the rafters in the basement. The free circulation of air will keep the cabbage from decaying. Another method is to put heads of cabbage on slatted shelves. Again the air surrounding the cabbage will keep this vegetable crisp and fresh.

Storing vegetables in her own home will save the housewife many steps, as it is nearer to her cellar than to the corner store; in addition, more vegetables will be served the family if there is an abundant supply in the storage cellar. It is easier to maintain the standard of two vegetables each day besides potatoes throughout the entire winter if a variety of vegetables are stored.

For Economical Transportation

Why Chevrolet Performance is Thrilling Millions!

The COACH \$595

The Tourist \$525
The Standard \$625
The Sedan \$695
The Coupe \$715
The Imperial \$745
The Town Car \$395
The Sedan (Deluxe) \$495
All prices f.o.b. plant.

Never before was a low-priced car so delightful to drive as today's Chevrolet. Fast get-away... easy, smooth operation... high speed roadability... unflinching power... and flashy acceleration—exactly the type of performance that every one wants in an automobile today!

And the source of this matchless performance is the famous Chevrolet valve-in-head motor—a motor that has established a world-wide reputation for its remarkable power, dependability and economy.

In addition, there is all the finger-tip steering, all the positive braking and effortless gear shifting that have made Chevrolet so decidedly popular for congested traffic.

Come in! One ride at the wheel of your favorite model—and you'll know why millions have acclaimed today's Chevrolet as the finest performer in the low-price field!

State Aid Given To All Counties

Highway Commission Allotment Has Been Made; Each Will Get \$40,000

Distribution of \$400,000 was made last week by the State Highway Commission to the townships and boroughs in constructing roads now unimproved. They awarded \$40,000 for the work to each county.

State Highway Engineer W. G. Sloan and assistant, Edward E. Reed, listed requests totaling \$2,510,140, but only \$400,000 was available.

Each township or borough must add twenty-five per cent, or more to this amount from the state and spend \$100 per mile yearly to maintain the improvement. Awards for this county, with sums for roads involved are:

Medford township, \$3,000 for Taunton road, section 4 Pemberton, \$8,000; Buddtown and Onga Hat road; South Hampton township, \$17,000; Buddtown and Onga Hat road and \$7,100, Pemberton road, section 2; Washington township, Green Bank-Jenkins road, \$4,000; Woodland township, \$9,000; Buddtown-Four Mile Colony.

On report of Engineer Sloan that thin concrete has been found in the section of route 14, between Mays Landing and Esterville, a deduction of \$5,918 was made in the amount to be paid to C. H. Earle, of Atlantic City, the contractor.

On motion of Commissioner Reeves the board directed that plans be drawn for paving three miles of Route 18-south, the Harding Highway, from Elmer to Pole Tavern, Salem county. This improvement will make a connecting link at Pole Tavern with the widening Route 8 as an artery from South Jersey to the Delaware river Bridge in Camden.

Request of Seaside Heights for state aid in placing concrete on Hamilton avenue, was referred to Engineer Sloan.

Bids for planting 3,000 trees along various state routes resulted in award of these contracts: William H. Moon Company, Morrisville, Pa., \$10,121; J. Edwards, Jersey City, \$1,860; Charles Moun and Son, of Union, \$104,000.

RUMMAGE SALE NETS \$282.45

The returns from rummage sale held recently at Brown's Mills for the Prevention Fund were \$282.45. Many thanks are extended to all who contributed or purchased and thus helped to make the returns for the County Prevention for children.

Carrying a bank account has many advantages beside the privilege of drawing checks.

No doubt some of them would be very useful to you.

Youth Leadership Training Course

Special Instruction for Boy Work Supervisors to be Given at Moorestown

A leadership training course has been planned under the auspices of the Burlington County Council, Boy Scouts of America, at Moorestown Community House and will be held during the fall and winter months. The course will be held in the Community House on the following dates:

Monday Evening—October 24th.
Monday Evening—November 7th.
Monday Evening—November 21st.
Monday Evening—December 6th.
Monday Evening—January 9th.
Monday Evening—February 13th.
Program for Monday Evening, October 24th will be as follows:
7:00—7:30 Exhibit—varied—Scout in charge.
7:30—7:55 Opening Ceremony—standard.
7:55—8:05 Big Idea—Service, by Edward A. Carlson, Philadelphia.
8:05—8:20 Song Fest—A new song each meeting.
8:20—8:30 Business Meeting—Brief check up by Patrol.
8:30—8:45 Discussion by Patrols—Practical problems discussed.
8:45—9:00 Reports on Inter-patrol discussions. By minute men.
9:00—9:15 Practice: Handicraft and art stone.
9:15—9:25 Instruction and practice in Scout technique.
9:25—9:35 Closing.
9:35—9:45 Conference of Patrol Leaders.

All men in the county who are interested in Boy Work are urged to attend. This course will be especially helpful to Sunday School teachers, YMCA workers, and leaders of boy groups.

This Training School has been planned under the direct supervision of Professor Edgar F. Bunce, who is chairman of the leadership training committee and also supervising principal of the Mount Holly schools.

The first meeting, which will be held on Monday evening next, October 24, will offer many features for interest in attendance. A quantity of art stone work will be exhibited under the supervision of H. W. Abbott, of Beverly, who has spent fifteen years in this particular field of handicraft.

Edward A. Carlson, Scout Executive of Delaware and Montgomery, Philadelphia, will give an inspirational talk on "Service." In addition to these features, instruction will also be given concerning the many important problems in Boy Leadership.

The swimming pool in the Community House will be available from 9:30 p. m. to 10:30 p. m. to all members attending. Red Cross life saving methods will be given.

It is the sincere hope of the Executive Committee of the Burlington County Council that this course be the most extensive and helpful in Boy Leadership ever held in Burlington County.

FREE VEGETABLE COURSE OFFERED

The college of agriculture at Rutgers University, announces that a course in vegetable gardening will be included in the 12-week winter course to be opened free to the residents of New Jersey on November 14. All persons having a grammar school education or its equivalent who have reached their sixteenth year are eligible for admission.

The course is designed to help persons in the operation of their own farms as well as to train persons to fill the large number of requests received by the college for persons qualified to take charge of enterprises connected with the growing and marketing of vegetables.

The work at the college will be about equally divided between lecture periods and field and laboratory practice. Subjects to be studied during the course are: soils and fertilizers, vegetable growing, plant disease, horticultural machinery, farm management and marketing, fruit growing, plant propagation, insect pests, floriculture, marketing vegetables, and poultry husbandry. The subjects in fruit growing and poultry husbandry have been included because it has so frequently been found by the college that vegetable farms use either or both of these enterprises as sidelines to vegetable production.

The course in vegetable gardening will give the students practice in planting gardens; selecting varieties and seed; constructing greenhouses; constructing and managing hotbeds and coldframes; sowing, cultivating and forcing vegetables; combating vegetable diseases and insect pests; tilling, liming, and fertilizing soils; operation of horticultural machinery; and managing a farm to eliminate losses in waste.

A certificate is issued by Rutgers University to all students satisfactorily completing this or any of the other winter courses given in its agricultural college.

Persons interested in the course should write to F. G. Holyar, College of Agriculture, Rutgers University, New Brunswick, N. J.

Moorestown Youth Injured by Train

Lad Recovering at Cooper Hospital; Suffers Fractured Ribs, Severe Cuts

George Wescott, the Moorestown newboy who was hit by a train early last Thursday evening, is reported to be improving at the Cooper Hospital, Camden, where he was rushed after the accident. The lad suffered three broken ribs, cuts and badly bruised and was badly lacerated about the head.

It is understood that the boy was running along the edge of the railroad tracks when he was struck by an eastbound train shortly after seven o'clock. He was running up to Moorestown station to get the late evening papers and it is thought that he was too close to the tracks and was struck by the side of the train.

The accident occurred within fifty feet of the boy's home, which is at 43 East Third street. He is fourteen years old.

The lad was found by William Green, of 70 East Third street. He was rushed to the office of Dr. George H. Wilkinson and later was taken to the Cooper Hospital by Officer Charles J. Erickson and Joseph Englehart. He was unconscious and was horribly cut up. It was first feared that he was either dead or would never recover if still alive.

Severe lacerations on the back of his head necessitated three stitches.

Hendry Speaks at Y Club Meeting

Secretary of County Y Gives Interesting Account of History of Organization

Guy O. Hendry, Executive Secretary of the Burlington County Y, M. C. A. spoke on "The Y (WBY) of the Y M C A Group" before the Moorestown Y's Men's Club in the Community House last week.

Mr. Hendry gave in some detail the background of the organization with which the Y's men are affiliated. The YMCA was organized in 1844 by George Williams with a group of young men in London, England, and carried on some activities like the boys' groups of today. A young journalist on his return from a visit to London wrote an article on its work which inspired an old Boston sea captain in 1851 to call together some men for a similar organization in America. It grew to a large extent as a movement for young men in the cities where in 1855 physical work was added to its activities of Bible study, reading rooms, refreshment rooms, and a place in which to take a bath.

It was not until 1870, according to Mr. Hendry, that Robert Diederichson, a Young Men's Christian Association in the county field based on the idea of Jesus "that where two or three are gathered together" there the YMCA could function as a group. In 1903 the idea of county, or town and country work, as it is now known was accepted by the Association as a whole. Two years later Burlington county was organized. Mr. Hendry showed the Club at this time the YMCA members' Handbook put out by the county office containing a brief summary of the Burlington county YMCA's accomplishments since that time. It also pointed out that now the Boys' Work Department of the Young Men's Christian Association is looking to the county field to see how it functions without its work being confined in a building.

He said there was not much definite program material except what the secretary himself in the early days of groupwork. Since then, however, program material has been worked out along sound educational principles. The Association is ever alert for new materials and methods of carrying out its program. It gives the boy a chance to express his interests and the leader than expands these into worthwhile programs that are character producing. It is endeavoring to help the idea expressed in the quotation which Mr. Hendry made from "The Community" by R. Lindeman, "choices which human beings of all ages make when they are free from compulsion determine their essential characters." He also made brief mention of the program for the various age group of boys.

County Red Cross Seeks 5700 Members

Judge Wells Says 700 Increase in Total Is Needed This Year

A letter from Harold B. Wells, of Bordentown, County Roll Call chairman of the American Red Cross, addressed to the citizens of Burlington County, follows:—

Since issuing my letter of last week, a telegram has been received from the Hon. John Barton Payne, head of the National Red Cross, stating that owing to increased demands on its treasury, particularly disaster relief, the National Red Cross is aiming for a 5,000,000 membership this year; the telegram also stated our county quota would be changed from 5,900 to 5,700 members.

The realization of this goal is dependent upon the whole-hearted efforts of all branches and auxiliaries in Burlington County.

The people now recognize that the Red Cross is not merely a War emergency organization, for they know of the disaster relief service of its program and of its work in behalf of the disabled ex-service men and their families.

It is from the membership dues that the American Red Cross keeps itself prepared for service, such as the recent floods and tornadoes, and during the past year has given aid in 36 disasters, at home and abroad.

Your own local Red Cross is carrying on a program, which should have your full support, as it still continues the friend and helper of the men who served in the World War, training young girls and women in the principles of home hygiene and care of the sick, and men, women, boys and girls in first aid and water safety. You should realize that without membership there would be no Red Cross organization locally or nationally.

Will Rogers, cowboy philosopher, who is close to the mind and heart of the American people, said in speaking of the Red Cross: "The Red Cross is the only thing I can think of in America that we couldn't possibly get along without."

I trust you will also come to this conclusion and by your membership fee aid in the work of this wonderful organization.

BANKER AT CONVENTION

Charles H. Laird, Jr., Executive Vice President of the West Jersey Parkside Trust Company, Camden, left this week for the annual Convention of the American Bankers' Association, to be held in Houston, Texas.

Mr. Laird is a member of the Agricultural Commission of the A. B. A., representing the Third Federal Reserve District. He is expected to return to the city in about ten days, in order to be present at the opening of the Fairview Office of the West Jersey Parkside Trust Company, which will take place on November 1.

For the party table we have decorated napkins, tablecloths and favors.

Come in and let us help you select your needs.

CORNELIA SKINNER CHARM'S AUDIENCE

Daughter of Famous Actor Presents Original Sketches in Fascinating Manner

Cornelia Otis Skinner, famous entertainer and daughter of the noted actor, Otis Skinner, delighted a large responsive audience, when she presented a series of her own character sketches at the Moorestown Community House, Wednesday evening of last week.

Miss Skinner's marvelous voice, remarkable facial expression, keen sense of humor, and uncommon naturalness, enabled her to present her sketches in a most fascinating manner. There is no question that Miss Skinner proved herself the finished actress as well as the brilliant author of living characters drawn from many types.

The charming entertainer's sketches included "A Southern Girl in the States Chapel," "On the Beach at Barbados," "Paris, After the Armistice," and "Homework."

DISMISS FARM SUIT

The Court of Errors and Appeals has upheld the decision of Vice Chancellor Leaming dismissing the suit of the Bryn Mawr Land Company, William Clayton Jones, of Beverly, president, against the owners of the Walter French farm on the Moorestown-Riverton Road.

In which Mr. Jones sought to force the fulfillment of the terms of a sales contract which the owners had not accepted.

CALL AND DELIVERY ANYWHERE

New Jersey's Telephone System Has Doubled in Ten Years

TELEPHONE growth reflects community progress. New Jersey's Bell Telephone system has doubled in size within ten years and probably will repeat this development during the next decade.

Back of the 570,000 Bell Telephones now in use in New Jersey is an immense physical plant.

It contains 2,500,000 miles of wire over which nearly 2,000,000 conversations are held each day.

Its buildings number 203 and they house 12,000 workers, 164 central office switchboards, power plants, testing apparatus and a great array of other equipment needed to give you service whenever you want it.

Always this system is growing. Six new buildings have been completed this year and three others are under construction. Among the latter is the company's new twenty-story headquarters building in Newark.

The 1927 record will show several hundred thousand miles of wire placed in service and 40,000 more New Jersey telephones brought within your reach.

When you lift a receiver or turn a dial to start a telephone call you command a system of communication that is growing each day in its power to serve you and the community in which you live.

OUR FLAG

During the war the owner of a Pennsylvania worsted mill decided to find out how many different nationalities had had a share in the making of the large American flags he was shipping from the mill day after day. Here is the result of his investigation. The flags were made from the wool of American sheep. The wool (or later the flag) was:

Sorted by an American.
Carded by an Italian.
Spun by a Swede.
Warped by a German.
Dressed by an Englishman.
Drawn in by a Scotchman.
Woven by a Belgian.
Inspected by a Frenchman.
Scoured by an Albanian.
Dyed by a Turk.
Pressed by a Polisher.
Examined by an Irishman.

There is the American flag of today, and there is the American community of today. All these races are trying to live together, and build together the America of tomorrow in which their children will inevitably find a common destiny. Somehow or other we must teach the members of these different races, these different colors, these different creeds to live together as friends and Americans all.

WELLS RAPID FIRE DELIVERY

I heard and enjoyed former Judge Harold B. Wells' speech at the conclusion of the monthly meeting of the State Association of Freeholders, held in Moorestown's beautiful Community House on last Monday.

If there is another speaker in all New Jersey who can say so much in a given space of time, I am curious to know his identity. Sentences came from Judge Wells' lips so rapidly that one marvels that he can talk so fast, at times, and yet make every syllable understandable.

He is so full of humorous anecdotes and the subject in hand that words just roll from his tongue like shot off a shovel. The faster he talks the more rapid his thoughts and the wonder is that the one can keep up with the other.

Judge Wells spoke for a half hour or more on Monday—usually a period in which a public speaker can tell you all he knows and a lot more, while people yawn, doze, or perhaps, but frankly, look at their watches and quite probably remember some important engagement which demands their immediate presence, but none of these things occurred while Judge Wells was speaking.

He always holds his audience; there is no sleepy, nodding heads around the dinner tables or in the seats in front of him and his hearers never think of him as a stenographer and were assigned the job of taking Judge Wells' speech down in shorthand I would throw up the job right then and there. Sometimes I question whether there is a stenographer rapid enough to catch the County Solicitor's words accurately when he is breezing along at full speed.—Editor, New Jersey Mirror.

OPPORTUNITY

Write this on your tablets, and never rub it out. "Buy something sound in the United States, take care of it for better, for worse, and it will take care of you." Before the big war General Motors stock sold at \$20 a share. There were 400,000 shares outstanding. In 1916 the stock sold at \$450 a share. The company gave five shares for one, the new stock sold at \$410. Later each shareholder got ten shares for one and had fifty shares. His original one share then had cost him \$10 was worth \$2,100.

There was a slump. Pierre du Pont of the Du Pont Company became chairman of the board. Mr. Sloan, president of the company. Common stock was reduced from 20,000,000 to 5,000,000 shares. The original holder of one share that cost \$20, without having toiled or spun, simply by holding on, now has 21% share, at present prices worth \$5,267, not a bad return on an investment of \$20.

But don't gamble; make up your mind what is good, buy what you can hold it. Some see these things in advance. During the war when the Stock Exchange was closed, Otto H. Kahn said to a newspaper man: "Buy yourself a couple of thousand shares of General Motors (it was selling then at \$50 a share), keep it and you will have all the money you will ever need. The profit on that transaction, which required no great investment, would have been a little more than ten million dollars."

MEN BELIEVE

Dr. Campbell, able astronomer, tells our earth, with its many fine real estate corners, "just an insignificant point in the universe of countless spheres" and adds it would be unthinkable that our world is the only planet that supports life. Few do assume it, who know that life can exist wherever oxygen and water exist, and that the spectroscopic shows oxygen and hydro-

gen throughout the universe. We cannot see life on other planets, even on the moon, object nearest to us; nothing smaller than a big skyscraper would be visible through a modern telescope. But men no longer believe only what they see. They cannot see the radio, working through the ether, but they believe that it works.

Science will some day build a telescope enabling us to see life on other planets, which will probably amaze us, as when we first saw microscopic life in a drop of stagnant water. Alfred Russell Wallace, a great scientist, co-discoverer of evolution with Darwin, persuaded himself that human life and intelligence were a monopoly of this earth. But he was old and did not give the laws of nature credit for sufficient versatility.

A NECESSITY ON THE FARM
The telephone as a medium of contact is firmly established on the modern American farm.

The telephone enables the calling of help immediately in case of fire, sickness or sudden accident. In case of breakdown of farm machinery, the telephone saves hours, sometimes days, in getting repairs. Never to be overlooked, is the opportunity the telephone gives for social contact—a few minutes' chat with the nearest neighbor, who may be miles away, or a call to an adjoining State may be accomplished in the same short space of time.

The telephone is not only a convenience, but is a social and economic necessity on the farm as well as in the city.

The county office has been the center for many committee meetings in preparation for the Supper and Bazaar on Thursday, October 20th. The beautiful Christmas cards, Modern Readers Calendars, linen articles, fancy work articles, favors, etc., make one eager for the chance to buy Christmas gifts from this interesting and beautiful collection. From the reports of the sale of tickets Mount Holly will be crowded with men and women from all parts of the county for this Supper and Bazaar.

The County Council of Business Girls will meet at the Community House in Moorestown on Monday, October 24 at 7:45 p. m. Miss Marguerite Lippincott, president of the council, will preside. Besides the regular business of the meeting there will be a discussion on program planning. Following the program the council will have a swim.

The YWCA groups of Burlington were the proud winners of second prize in the Burlington parade on last Tuesday. The senior girls club had an attractive float decorated in blue and white, the Association colors. On the float was a large blue Triangle, the symbol of the YW. Girls dressed in white rode on the float and Girl Reserves in uniform, and girls dressed to represent girls of foreign countries marched behind the float. The float expressed the idea of the Blue Triangle leading girls the world over in the Christian way of life.

Do unto others' salesmen as you would have others do unto yours.

Camp Ockanickon Gets Tent House

Woodbury Kiwanis Club Follows Lead Set by Riverside Organization

One of the first Service Clubs to do any organized service work at Camp Ockanickon was the Riverside Kiwanis Club. Following the good example set by this organization, the Woodbury Kiwanis Club, accompanied by their wives and sweethearts, journeyed to the camp on Saturday where they erected a tent house. Among the group were several experienced carpenters and before the club left the camp they had a house erected and painted. This makes four out of the thirty houses the directors are planning.

On Wednesday evening at Bordentown the Trustees of Camp Ockanickon held their annual meeting. Henry P. Stockwell, Moorestown, was elected president and John W. Thacher, of Edgewater Park, treasurer. Plans were made by the committee to continue the construction work at the camp.

The fiftieth annual County Sunday School Convention will be held in Mount Holly, Thursday, October 20.

On Monday evening the regular monthly dinner meeting of the Industrial Association of Burlington county, of which Harry Reitter, of Beverly, is president, was held at Burlington. The guest of honor, meeting of which Marjorie M. Lewis, in his new capacity as YMCA Industrial Secretary of Burlington county had charge. Professor Brewer, of Rutgers' Institute, was the main speaker of the evening. Professor Brewer is running a series of articles on business training in the Camden Courier.

Twenty-six credentials for the State-wide Older Boys Conference have been received at the County office. The conference will be held this year at Trenton, December 2, 3 and 4.

The Palmyra and Riverton Y Group is planning a Father and Son Banquet to be held on the 10th of November. Leon C. Guest is the head of the committee in charge.

Bridgeboro will be the first YMCA Group to hold a Father and Son Banquet this year. They were also the first last year. The affair is planned for the 1st of November in the Fire House Hall. L. S. Fortnum will be toastmaster. Plans were made at the regular meeting of the directors held in the Y Hall last Thursday evening. They also made plans for three Y Groups this coming year.

The County Y Directors and Workers are invited to attend a conference to be held at Camp Ockanickon over the weekend. There will be much amusement and interesting games. The Executive Secretary, Mr. Hendry, says if it is cold enough we will enjoy skating. On Saturday evening following the dinner around a huge log fire the conference will begin and will last until Sunday afternoon. There will be programs and other work planned and discussed.

OUR \$5,000,000 GOAL

may seem high at first glance, but not when you think of what the country expects of its Red Cross.

When the Red Cross cared for 607,238 individual sufferers in the Mississippi flood, it may nothing of 600,000 head of livestock, a membership of 5,000,000 looks pretty modest—like a minimum.

Then there was that flood relief fund of \$17,000,000 raised through the Red Cross. People who gave to the flood fund were not all members of the Red Cross; surely anybody with heart enough to give for the poor refugees, flooded out of their homes, would certainly join the organization that ever stands ready to rush to the relief of the sufferers in distress. If it be explained that his gift to the relief fund had nothing to do with the aid and support of the Red Cross, anymore than giving to a burned out family in distress helps support a municipal fire department.

The Red Cross lives only by memberships.

RIVERTON ITEMS

The Riverton Fire Company have purchased a seven-tube radio set from Paul Ridley of Riverton. The set is a compact cabinet with a loud speaker on top. The set is installed upstairs for the benefit of the boys who use the room as a recreation center.

Miss Emma B. Huddow has returned to her Real Estate and Insurance office after a month's vacation in California with relatives.

J. M. Coddington and family, and mother, Mrs. Maria Coddington, visited Peacock's dahlia farm near Berlin on Sunday.

Miss Mahel Appleton, of Castine, Me., is the guest in Mrs. L. M. Calderwood this week.

George Vall Williams has returned to Riverton after spending nearly three months in New York state. For the past seven weeks Mr. Williams has been "on the road" at the home of his sister in Buffalo.

George Partelow's symphonizing Troubadours, a brand new orchestra, will furnish music for dancing at Firemen's Masquerade Party to be held October 29 at the firehouse. The Ladies' Auxiliary is giving the party for the active group.

Mr. and Mrs. William Haley were tendered a surprise party last Saturday evening by about thirty of their friends.

Mr. and Mrs. Irving Good left this week to motor to Florida. Frank Coddington has purchased from Oden Steele the former Hatzell property on Cinnaminson street, and is now occupying it with his family.

Miss Fanny Knobloch, of Washington, D. C., is the guest of Miss Elizabeth Bowen. Miss Knobloch is one of the speakers at the State convention of the WCTU this (Thursday) afternoon. Miss Knobloch has recently returned from South Africa, where she spent four and a half years.

Richard M. Hollingshead has returned to his home after a two weeks trip through the Middle West and Canada.

In the advertisement on page 3, announcing dedication of the new Presbyterian Church, Sunday, October 23 a special speaker is mentioned for the Young People's service at 7 o'clock that evening. The speaker will be Rev. George G. Horn, of Freehold, N. J.

G. A. Sommer and family have moved to 906 North 51st street, Philadelphia.

The 7-B grade of the Riverton public schools had a doggie roast at Parry's and hole Thursday night of last week.

PORCH CLUB NEWS

Owing to the unpleasant weather, the Riverton Porch Club pilgrimage to New Hope, Pa., has been postponed to Monday, October 24th. These planning to make this trip, please notify Mrs. Charles H. Yost, Riverton 31-M. The same arrangements as made for this week will hold for October 24.

Mrs. Myers Fitter of the New Century Club of Philadelphia will take charge of the program for the entertainment on Tuesday, October 25th, at three o'clock. Mrs. Fitter, as most of the members will recall, formerly resided in Riverton and was a member of the Porch Club. The Entertainment Committee, with Mrs. Ralph L. Flower in charge, is hoping for a large attendance in order to give Mrs. Fitter a warm welcome.

It's pretty hard to prove that the fellow who's intelligent enough to be happy isn't intelligent enough. We don't know for sure about a future life; but if it meets the description some folks give we look forward to a dull time.

PALMYRA NOTES

Dr. Forest E. Dager will give his famous humorous lecture, "Rags and Old Iron," in the Baptist Church tonight.

The Philathea Class is to hold a large Food Sale in the Central Baptist Church this Friday and Saturday.

Mr. and Mrs. E. Belts and family, of 115 East Broad street, enjoyed Sunday at Valley Forge.

Mr. and Mrs. John Saar, Jr., of Newark, spent the weekend as guests of Mr. and Mrs. David Land, of Delaware avenue.

Mrs. David Sutton, of California, is visiting her sister, Mrs. Harry Saar, of Walnut street.

Douglas Sheldon, of Wilmington, Delaware was the weekend guest of Mr. and Mrs. Leonard R. Baker, of Garfield avenue.

Mr. and Mrs. Adams, of West Philadelphia visited Rev. and Mrs. George Lockett on Sunday.

Mrs. Leonard R. Baker entertained at bridge Monday evening.

On account of the inclement weather the annual business meeting of the Needlework Guild was postponed.

This meeting will be held Tuesday, October 25 at 10:30 a. m. in the Central Baptist Church.

Luncheon will be served at 12:30. The display of garments will be in the YMCA Hall, Thursday, November 2.

Remember the date. You will be repaid if you come.

Mr. and Mrs. Leonard R. Baker and family, of Garfield avenue moved to Ocean City Sunday last.

and witnessed the ruins of the big fire which occurred there last week.

Leonard R. Baker will entertain the members of the Good Fellowship Class of the Epworth M. E. Church at a social this evening.

The Junior Philathea Class gave a tureen supper, followed by the annual election of officers Monday evening in the Central Baptist Church.

The following officers were elected: Miss Martha Hirsch, president; Miss Edith Tate, vice-president; Mrs. Beatrice Nace, treasurer; Mrs. May Hough, secretary and Mrs. Eleanor Yerkes, corresponding secretary.

A Rummage Sale under the auspices of St. Agnes' Guild will be held next to the Fire House, Saturday, October 22.

The Palmyra-Riverton Y. M. C. A. Group will hold a Father and Son Banquet, November 10. Leon C. Quest is the head of the committee in charge.

Miss Kitty Grogan, of Landowne, Pa., spent the weekend with her sister, Mrs. Francis Barr, of Garfield avenue.

Miss Margaret Tomes, of East Fifth street, was among those who enjoyed the dance at the Moorestown Community House, Saturday evening.

George N. Wimer has been appointed National Legislative Committee Chairman of the P. O. S.

of A. by National President Albert W. Johnson, Judge of the Federal Court, Middle District of Pennsylvania.

Wilbur F. Crane has purchased a lake front lot at Lake Mohawk, Sparta, N. J., and expects to build a cottage this fall and will occupy weekends as soon as it is completed.

The Broadway Palace now has its heat for the winter months and two new Simplex Motion Picture machines have been installed.

The cellar of the Police headquarters has been cemented by the Palmyra Concrete Company.

Mr. and Mrs. John Taft and children of Philadelphia, spent Sunday with Mr. and Mrs. Edman W. Thomas, of Palmyra Extension.

Francis J. Barr has accepted a position with the Supple-Will-Jones Milk Company, Merchantville.

Thomas O'Donnell, of Red Bank, visited Mr. and Mrs. William O'Donnell during the past week.

Mr. and Mrs. Albert Sedagram, of Audubon, Mr. and Mrs. Wilfred Craft and children, Junior and Jeanette of Runnemede, Mrs. Betty Longfield and children, Ruth and Bennett, of Riverside, and Mr. and Mrs. Howard Powell and children, of Camden, were visitors at the home of Mr. and Mrs. W. B. Powell on Sunday.

Mr. and Mrs. Joseph Bretell and Mr. and Mrs. Lee Campbell, of Trenton, were weekend visitors at the home of Mr. and Mrs. A. R. Cramer, Mr. and Mrs. Clarence Boden, of Bordentown, spent Sunday with Mr. and Mrs. Cramer.

Mr. and Mrs. A. W. King and sons, Robert and Billy, of Elizabeth, visited Mr. and Mrs. Frank N. Johnson on Saturday.

Mrs. Mary Stratton Minko and Mr. and Mrs. Everett King, Miss Young, Miss Lucas and Mrs. Warington Darnell spent the weekend at Avalon.

Mr. and Mrs. W. C. Meade, of Yealand, Pa., are visiting Mr. and Mrs. Thomas L. Lewis.

Mrs. George M. Becker returned Monday after spending a week in New York as the guest of Mrs. E. S. Child.

Miss Adeline Seel returned home Saturday after spending ten days in Roanoke, Va., as the guest of Mrs. Fred Welage.

Mr. and Mrs. S. Wiemer and daughter, Miss Mabel, and Miss Peggy Gibson spent Sunday at Ocean City.

Mrs. Melvin LeBaron, of Denver, and sister, Mrs. Edith Tate, of Philadelphia, visited Mr. and Mrs. William Rawlings on Thursday.

Mrs. Russell Guldin entertained the S. S. S. Club at her home Tuesday evening.

Harry Spillinger, of New York, spent the weekend as the guest of Mr. and Mrs. William Rawlings.

Miss Ruth Allen, of Philadelphia, and Clifton Seel, of East Orange, spent Sunday with his parents, Mr. and Mrs. George Seel.

Decayed
"Goodness, have you been in an accident?"

"Do you remember that play of mine that was produced the other night?"

"Yes."

"Well, they called for the author at the end, and unfortunately I didn't realize how much they wanted him."

Miss Margaretta Harding visited Miss Elizabeth Coddington in Arlington over the weekend.

OUT OF THE WOODS

There is plenty of business for those who go after it properly. The fundamental requisites for success in business must be observed here as everywhere else and the merchant who finds that things are not going as well as they should might profit by checking up these requisites to see if he is giving proper attention to all of them.

He must, of course, give value for value received and he must provide courteous service at all times. Taking for granted that he does those things (he could not stay in business long without doing so), the next important problem is the matter of attracting the public to his store. Here is where faulty judgment often curtails the store's progress and its owner's success.

Newspaper advertising is the medium that is universally recognized as the best for solving this problem. Nothing equals it in ability to get a business message to prospective buyers on short notice. It brings the message right to the merchant's door.

PHS Eleven Scores Colored Husband Brilliant Victory Goes on Rampage

Dimond's Squad Plays Rings Around Heavy Temple Gridders

The "Red and White" squad representing Palmyra High School on the gridiron bucked up against the "beef trust" of Temple High School last Friday afternoon at Palmyra and came out the winning eleven, score 19 to 0. Kenneth Dimond's shift combination outplayed their much heavier opponents in every department of the contest. The Philadelphia were credited with but one first down from scrimmage while Palmyra seemed to make every down a first down.

Meyers scored two of Palmyra's three touchdowns, running his total of six-pointers for the season to four, but Leon Sloan was easily the largest ground gainer for the winners. Sloan scored his touchdown in the second period when he dashed 10 yards off tackle for the second tally of the game. Meyers, Palmyra's individual luminary, went for the first score early in the first chapter when he crashed through center of Temple's line for five yards. This touchdown came as the result of a series of line bucks.

Sloan put the "Red and White" boys within scoring distance for the last score, late in the final frame when he cut his way across field for 60 yards, without any interference whatsoever after he had passed the scrimmage line. A forward pass, Schmler to Meyers, scored a touchdown. Sloan's brilliant deed was easily the best piece of broken-field running at the Palmyra park this season. Sloan is fast, slippery, and hardly stops until two tacklers hit him at once. Then he does not slacken speed but exerts his extra energy in order to gain another yard.

On the other hand, Meyers is a line plunger of more than ordinary ability. Knight was seen at quarterback for the biggest part of the game last week and handled his plays in the top form. Quarterback Knight booted a pretty drop-kick after the first score for the only extra point of the game.

Palmyra's line played rings around Temple's heavy and slow lineemen and deserves much credit for the victory. Captain Harry Jenkins was the stalwart, playing a roving center position.

Keeley, Temple signalcaller, and Benton, fullback, featured for the losers.

Palmyra left end Benny Probsting left tackle Darry Adams left guard Laundren Jenkins center Marvell (Capt.) Keenan right guard Neely Showell right tackle Uron Reeves right end Kenenbaugh Knight quarterback Keeley (Capt.) Sloan left halfback Carson Siddall right halfback Foran Meyers fullback Benton Palmyra 7 4 0 0-19 Temple 0 0 0 0-0

Touchdowns—Meyers, 2; Sloan, 1. Point after Touchdown—Knight. Referee—Stratton, Bucknell. Umpire—Buchanan, Penn State. Head Linesman—Joe Stack, Palmyra.

MEN'S CLUB

Raymond Furlong Will Address Meeting Monday Evening

Raymond Furlong, Vocational Counselor of the Curtis Publishing Company, will address the Men's Club on Monday evening, October 24, on the subject, "Making Men for Tomorrow."

In this talk, Mr. Furlong will give some interesting side-lights on boy psychology. He will discuss, among other things, the boyish tendency to steal and to lie. As Vocational Counselor, Mr. Furlong devotes his time to developing the business knowledge and character of the 50,000 boys who sell the Curtis publications. The Saturday Evening Post Ladies' Home Journal and The Country Gentleman.

Musical program: Violinist, William Weaver; Soprano Soloist, Miss Amy Mitton.

Colored Husband Goes on Rampage

Parry Man in Jail After Striking Woman on Head With Axe

Walter Cornish, colored, of Parry was committed to Mount Holly Jail without bail, for assault and battery with intent to kill, by Justice of the Peace William L. Fichter Monday afternoon after a hearing at Palmyra police headquarters.

Cornish chased his wife, Mrs. Edith Cornish, with an axe following a heated argument Monday morning in which Mrs. Cornish refused to let her husband strike her with the axe. Cornish, who was in the house at the time, interfered, he threatened to kill her.

Cornish also broke through another door upstairs before he struck Mrs. Trust on the top of the head, fracturing her skull. She was treated by Dr. Dean LeFavor, of Palmyra, after Chief of Police C. Morris Beck had arrested the raving negro. Cornish had argued with his wife early in the morning and when Mrs. Trust, who was in the house at the time, interfered, he threatened to kill her.

Mrs. Cornish said that her husband would have more than likely struck her with the axe if she had not fled. As she ran from the house, she warned Mrs. Trust to flee but the injured woman did not heed her warning until she saw Cornish enter the house. It was then too late to make her escape. Mrs. Trust is in a critical condition at her home.

Cornish is a man with a police record, having been arrested last year for cutting a Philadelphia colored woman.

BOYS BEFORE SQUIRE

Broke Into "Y" Building; Others Stole Milk

Four Palmyra youths were caught trespassing in the Palmyra-Riverton Y. M. C. A. building at Broad and Garfield avenues, Palmyra, last Thursday by Officer Lawrence Betty. When given a severe reprimand by Squire Fichter.

The boys had crawled through a cellar window and wanted to play basketball on the court in the building. They were all former Y members and they will again join the association this year.

Several boys were also released from a charge of stealing milk in Palmyra. All came from the best of Palmyra families. Their names were withheld by police at request of their parents. They will be arrested and fined on the next charge.

GETS TWO BIG PRIZES

Palmyra Legionnaires Receive Both First and Second Awards at Burlington

The Palmyra Post American Legion Bugle and Drum Corps, which was crowned as the Champion Bugle and Drum Corps in the State of New Jersey several months ago at Trenton, ran away with two prizes in the parade last Wednesday afternoon at Burlington, celebrating the 350th anniversary of the settlement of the city.

The prizes won by the various Legion Posts in the parade in an interval in the dancing held in the new Armory, High street, Burlington, on the evening of the parade, were donated by the Common Council of the City of Burlington.

Palmyra took first prize as the best appearing bugle and drum corps and second prize as the largest and most efficient corps in the parade.

W. Rex McCrawson, of Palmyra, Burlington county Legion Commander, gave a short address before the presentation of the prizes. He stated all as-service men who were not Legionnaires to join the American Legion.

FALL DANCE THIS SATURDAY EVENING

Bill Ford's Orchestra to Furnish Music for Girls' Club Hop

Members of the Moorestown Catholic Girls' Club will open their season's activities with a Fall Dance to be held in the Lyceum Hall, Prospect avenue, this Saturday evening.

Bill Ford's Orchestra, of Mount Holly, will furnish the music. A large crowd of the young folks from Moorestown and the surrounding towns is expected to enjoy the Club's initial dance.

The committee in charge, headed by Miss Anna Barr, is sending out announcements this week. The usual admission of fifty cents will be charged.

RECKLESS DRIVER

Lenola Man Fined for Collision in Palmyra

Howard Hubbs, of Lenola Road, was fined \$10.00 and costs for reckless driving before Justice of the Peace William L. Fichter, last week. Hubbs struck another car driven by George E. Blasek, of 302 Melrose avenue, Palmyra, Sunday night a week ago as he was driving his automobile up Cinnaminson avenue and had made a left turn into Park street.

Hubbs was travelling at a high rate of speed and knocked both wheels from the Blasek machine, driving it over the curbing and onto a lawn. No one was injured in the crash.

Blasek showed a bill of over \$100 for repairs to his car. Hubbs was willing to pay half the bill but Blasek will enter a civil suit for the full damage.

ROTARY AND ROSES

Dr. MacFarlane Gives Interesting Address to Palmyra-Riverton Club

To a 94 per cent attendance at the Rotary Club of Riverton and Palmyra last Thursday evening, Dr. J. Horace MacFarlane delivered his most interesting lecture on "Roses in America."

The Riverton Porch Club was very prettily and appropriately decorated with handsome floral baskets containing the products from the Henry A. Dreer, Inc. through the courtesy of J. D. Eisele, the company's president, and every member was presented with a rose boutonniere.

Dr. MacFarlane, of Chicago, is Vice-President and Editor of the "Rose Annual" and chairman of the Pennsylvania, the appointment of which being made by Governor Fisher.

The Rotarians were taken on an extensive and interesting journey from the Atlantic to the Pacific and from the Gulf of Mexico to the Arctic Circles and were enlightened on the growth of roses and the varieties in every section of this vast country.

The amazing facts, emphasized by Dr. MacFarlane, were that in spite of the varied figures regarding the number of distinct species of roses, it is true that there are but 25. The world "Roses" said the doctor, "is also recognized and understood by every language and needs no translation."

Dr. MacFarlane told of the origin of "Roses" which dated back to King Midas' time, 450 B. C., and explained the origin of the varietal roses since then.

"There are roses for every purpose," declared Dr. MacFarlane, and that is why they are termed the "Universal Flower of America."

The Churches

CHRIST CHURCH, RIVERTON

Rev. Arthur B. Lewis, Rector
Holy Communion, 7:30 a. m.

Lesson for October 23

THE CALL OF THE PROPHET

LESSON TEXT—1 Kings 19:15, 20; Amos 7:15-17; Isa. 41:5.

GOLDEN TEXT—I heard the voice of the Lord saying, Whom shall I send, and who will go for us? Then I said, Here am I, send me.

PRIMARY TOPIC—God Chooses His Helpers.

JUNIOR TOPIC—God's Call to Service.

INTERMEDIATE AND SENIOR TOPIC—Spirit of the Volunteer.

YOUNG PEOPLE AND ADULT TOPIC—The Need for Modern Prophets.

A prophet is one who speaks forth the message of another. A prophet may foretell events, but his primary business is to speak forth God's message.

1. The Call of Elijah (1 Kings 19:10, 20).

1. His occupation. He seems to have been a well-to-do farmer, as there were twelve yoke of oxen in service when God called him. It was while engaged in his common duty that he received the divine call.

2. How he was called. Elijah cast his mantle upon him as he passed by.

3. The Call of Amos (Amos 7:10-15).

1. His occupation (v. 14). He was a herdsman and gatherer of sycamore fruit.

2. He was a prophet, not by succession nor trained in the prophetic schools.

3. God called him from his humble life to stand before the king. God is not straitened for helpers. He raises up workers from unexpected quarters, fills them with His Spirit and sends them forth.

4. The Call of Isaiah (Isa. 6:1-8).

1. Isaiah's vision of the Lord (vv. 1-4). No one's ministry will ever be fruitful until he has had a vision of the Lord.

2. He saw the Lord on His throne (v. 1). The supreme need of a servant of God is to have a vision of Him, even to see Him on His throne. Just now, perhaps as never before, we need a vision of the enthroned Lord, as the awful darkness is settling down upon the world.

3. He saw the Seraphim above (vv. 2, 3). Their standing indicated that they were in readiness to do His bidding. Their equipment with six wings showed their ability to execute the divine will. In the divine presence, one pair was needed to veil the head from the divine glory, one pair veiled the feet which had been soiled in contact with the world, while the third pair was suspended in midair waiting to depart on the divine errand. As they waited in His presence their continued cry was "Holy, holy, holy."

4. He saw manifestations of majesty (v. 4). As the holy ones cried the very doorposts moved and the temple was filled with smoke. Smoke indicates the divine presence in anger (Ex. 19:18; 20:18).

5. When he got a vision of the holy God he was smitten with a sense of sin. The reason that men think well of themselves is that they have never seen God. Face to face with the Lord, Isaiah saw himself as wholly vile. He realized that he had sinned in speech, and in fact, then in heart, therefore the cry of despair.

6. Isaiah cleansed from sin (v. 6, 7). Having been convicted of and confessed his sin, a burning coal was sent from the altar which purged away his sin. His penitential guilt was forgiven and removed.

7. Isaiah's call (v. 8). His call from God did not come until after his cleansing. The purged soul is the soul ready for the Lord's service.

8. Isaiah's dedication (v. 8). As soon as he was cleansed he quickly responded for service. The one who has been sanctified and made meet for the Master's service readily responds to the call of God. He did not wait to see the end from the beginning, but freely gave himself up to that service.

9. Isaiah's commission (vv. 9-15). Because of the unpromising outlook, Isaiah shrank from his responsibility. He saw the people steeped in selfishness, but in spite of that the Lord assured him that their blindness and sin would not continue forever. The people would go on in sin, be taken into captivity, and the land left desolate; but as the oak, after shedding its leaves is for a time apparently lifeless, yet it retains its substance and so can manifest its life, the prophet is given to see under this figure that despite the darkness of the nation a remnant shall be saved. The holy seed of the kingdom will come to fruition in the last day.

The Highest Energy

"Prayer is the very highest energy of which the human heart is capable."—Coleridge.

Life

Life is the soul's nursery—its training place for the destinies of eternity.—W. M. Thackeray.

Praying and Living

He who prays as he ought will endeavor to live as he ought.—Owen.

FOR RENT—Unfurnished Apartment, 5 rooms and bath, porch, heat, continuous hot water. Janitor service. Immediate possession. M. B. Rudderow, agent, 522 Main Street, Riverton.

Dr. Frank Crane Says

Learn From Elbert Gary's Life

The death of Judge Elbert Gary attracted attention to one of America's most picturesque figures. He drew attention to another one of those remarkable careers so characteristic of America. From a poor boy working for a few dollars a week to a multi-millionaire and to the head of probably the largest corporation in the world.

Judge Gary never discovered anything new. In his resume of the elements of character, we are struck by his emphasis upon the old-fashioned virtues. About all the virtues there are are old-fashioned. There has never been discovered any substitute that is workable for being honest and upright.

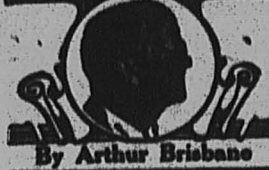

Gary's Ten Commandments of Success which he formulated for a man with a reasonably healthy constitution and average mentality, are as follows:

1. Be honest, truthful, sincere and serious. Being sincere and tricky may gain you temporary advantage, but in the long run it will be your undoing.
2. Be considerate of others. Don't try to get ahead by pulling somebody else down. The more progress you make the less you will want to take advantage of others.
3. Guard your health, both morally and physically. The main thing

to rely upon in a crisis or an emergency is being in fit condition.

4. Get an education. Know the fundamentals, such as arithmetic, spelling, grammar, geography and history. Also get all the technical knowledge you can.
5. No matter how much mental ability you have, it must be stimulated by persistent efforts to improve the mind and store it with useful information. A good memory is of incalculable benefit.
6. Have clean habits of life and select the right companions. You should know men of experience and higher rank than yourself. Nothing says character like undesirable companions who are only bent on self-indulgence rather than self-improvement.
7. Be ambitious honorably and back this ambition up with energy, persistence and thoughtfulness. "I have had to fight steadily against laziness all my life," he says.
8. Be loyal to employers, friends and country. A reputation for loyalty induces people to give you positions of trust and responsibility.
9. Cultivate stability. Don't be a rolling stone.
10. Most important of all, observe the Golden Rule. This gets you further in the long run than any other maxim of life.

This Week

By Arthur Brisbane

KANSAS AND FRANCE

— The Difference —

On either side of the Santa Fe express, in which this is written, the corn fields and farmhouses of Kansas fly past. It is a country unlike that which the writer drove a few weeks ago in France on the way from Paris to see Clemenceau in his little cottage on the Atlantic at LeJard, not so far from Bordeaux.

The trip through France, made in an automobile, was as rapid as this trip by train. In France you drive your automobile as fast as you like but TAKE CARE YOU HURT NOBODY.

French roads are wide and straight, the car used by this writer came from Nice to Paris, 900 kilometers, 540 miles in one day and did easily the 400 miles from Paris to LeJard between breakfast and dinner.

French drivers go rapidly, but carefully; if they hit anybody, the law hits them. A member of the Chamber of Deputies went to jail for a year, all the influence of his friends could not save him. He struck a child. B. Forman, of Rochester, can tell you. French chauffeurs, accused of intoxication, sent to jail for ten years. He killed a child. Mr. Forman saw the thing happen.

Here in Kansas you see great tractors providing power, machinery cutting and binding corn, great engines blading, threshing wheat, and tying the grain in sacks, all in one operation.

In France occasionally you would see a pheasant and his wife cutting their grain with sickles in small fields of irregular shape. Fields were harvested with scythes. Here and there teams of horses drew mowing machines. Power driven agricultural machinery was not seen between Paris and LeJard.

Where mowers had passed you might see old grandmother and her little grandchild bending over, picking up handfuls of grain with the right hand, putting them in aprons held by the left hand.

A hundred such gleaners were seen in a day's drive. They were less fortunate than Ruth, their gleanings meagre. There is no Boss to command his young men, saying, "Let her glean even among the sheaves and reproach her not; and let fall also some of the handfuls on purpose for her and leave them that she may glean them, but rebuke her not."

With hand takes the old grandmother and her little girl could have gathered all the gleanings in a short time, but that evidently was not allowed. Gleanings must be done by hand, the old body must stoop, and stoop all day long to pick up stray straws. When the grain had gone from the fields an old shepherd would bring his little band of sheep. These would walk through the stubble eating the over-ripe grain that had fallen from the ears. Other bands of sheep led by an old man or woman with dogs to help, ate the grass along the highway edge. No sheep ever strayed onto the road before the automobiles. Dogs prevented that, and the sheep seemed trained. Beautiful animals, admirably kept, they waste nothing in France.

Here in rich America you ride miles through unending fields of corn or grain, pass great herds of heavy steers, deep in grass and tens of thousands of acres not used.

In France they use every foot of ground, waste nothing, not food or human labor, men and women work long hours, work hard with patience.

The peasant's houses are beautiful, old, their animals well cared for. Along the coast of Brittany and the Vendee, men and women and children work side by side. Men repair, at low tide, their fish nets colored light blue. The fishermen say "fish like color." On the flat lands you see little mounds of salt taken from the ocean by impregnating waters in shallow pools for evaporation.

Once "La Gabelle," a heavy tax on salt, drained the mistresses of

French kings and made life easy for three lucky classes, royalty, the clergy and nobility. It was down to the peasant to escape "La Gabelle" by taking his salt from the ocean.

Conditions are better now. The kings are sleeping in St. Denis, the few whose bones were not scattered during the Revolution. There are more schools than chateaux, more public libraries than galleys. The peasant is no longer forbidden to kill animals that ate his crops because lords and ladies wanted the steaming ridges over their crops to kill the animals themselves.

But in every French family there is mourning. Each earnest, hard-faced French woman tells you how many sons or brothers she has "left."

CAN'T COLLECT TAX ON STORED GASOLINE

State Taxes Levy On Large Quantity Stored Before Law Became Effective

Attorney General Katzenbach has informed Motor Vehicle Commissioner Dill that the State cannot collect \$50,000 which filling stations were alleged to have taken in on gasoline which was purchased and stored before July 1, when the two-cent tax became effective.

In making this announcement today Commissioner Dill pointed out that these filling station proprietors who took advantage of a lesson learned in 1919, when the prohibition law was passed, lost at least \$50,000 through evaporation and leakage. He believed the loss was 500 gallons of gasoline for each 8,000 stored away several weeks before July 1.

Mr. Dill said he made a personal tour of inspection of stations on highways between Phillipsburg and Paterson, during the first week of the tax. One proprietor had 40,000 gallons of gasoline stored away, he said.

The earnings of the proprietors were shown in a difference between the sums turned over to the State for the months of July and August, the Commissioner said.

The fellow who said the automobile was ruining the younger generation, really meant—the younger generation is ruining the automobile. Yeh, all of them.

Only Buick has an engine Vibrationless beyond belief

BUICK'S remarkable freedom from vibration is due primarily to three vitally important factors.

First—the inherent smoothness of the Buick Valve-in-Head six-cylinder engine. Second—rubber engine mountings, front and rear. And third—the scientific and almost perfect balance of the entire Buick crankshaft assembly.

Only Buick enjoys these advantages. And only Buick provides the silken performance—the unvarying smoothness at all speeds—the longer life and greater serviceability of an engine vibrationless beyond belief.

See Buick's 1928 1929 1930 1931 1932 1933 1934 1935 1936 1937 1938 1939 1940 1941 1942 1943 1944 1945 1946 1947 1948 1949 1950 1951 1952 1953 1954 1955 1956 1957 1958 1959 1960 1961 1962 1963 1964 MORAVIAN CHURCH

Albert J. Harke, B. D., Pastor

Sunday School at 9:30 Sunday morning. The attendance has been steadily growing the last month. This is especially true of the Primary Department. New faces appear every Sunday. Full classes are the order of the day. Come and join the happy throng and get a rich blessing from the Word of God. The regular Sunday morning service at 10:45.

Samuel Johnson once was asked what was the strongest argument for prayer, and he replied, "Sir, there is no argument for prayer." By that he meant to stress the fact that praying is first of all a native tendency. Carlyle said: "Prayer is and remains the native and deepest impulse of the soul of man." Prayer is universal. All men feel the urge to pray. But how shall we pray? After the disciples of Jesus had observed their Master in prayer, they voiced the need of mankind: "Lord teach us to pray." In answer Jesus gave them the prayer known as "The Lord's Prayer," the one universal prayer of Christendom.

The pastor is preaching a series of sermons on this prayer, designed to help Christians in their prayer problems. Next Sunday's theme will be the fourth: "Prayer is this day our daily bread."

Evening service at 7:30. Sermon theme, "Triumphant Christianity."

The two YMCA groups resume their weekly meetings in the basement of the church this week. The younger group meets on Monday evening, and the older group on Tuesday evening. The boys are coming back with great enthusiasm which is a compliment on last year's work. The initiations are that both groups will be considerably larger than last year.

The Willing Workers meet on Thursday all day for sewing. The business meeting will be held at 2:00 p. m. Their annual chicken supper and bazaar is not many days off. Remember the date, Oct. 27, from 4:30 to 8:00 p. m. Last year over 600 suppers were served. Get your tickets early from members of the society. If in doubt call Riverton 176-R-2.

BAPTIST CHURCH

Rev. George Lockett, Pastor

"Any old rags, any old iron, any old bottles?" sings the rag man in Dr. Forrest E. Dager's humorous lecture, "Rags and Old Iron," to be presented by Dr. Dager, himself, tonight at 8 o'clock. Those who have heard Dr. Dager in person before, or over the radio on Monday evenings, will welcome the opportunity to hear him again. Those who have never heard him have in store an initiation into his delightful philosophy and inimitable anecdotes. The lecture is under the auspices of the BYPU.

Also today (Thursday) and to-night the 50th Burlington County Sunday School Convention is being held in Mount Holly in the Methodist Church. Interesting reports of the closing year's work and a brief history of the organized effort of the past 50 years will be given. Capable speakers will address the morning, afternoon and evening sessions.

Friday and Saturday are to be Food Sale Days in the church under the auspices of the Philathea Class. Good things to eat, and more to mention are on the bill of fare and an effort will be made to supply all shoppers.

Happy Hour and Junior BYPU kiddies meet as usual on Friday afternoons at 4 o'clock.

Miss Dorothy Randolph will lead the meeting of the Senior BYPU on Friday evening.

At the Sunday morning service Pastor Lockett will preach on the vital subject, "What Is Eternal Life?"

In the evening at 7:45 after the song service the pastor will give us "Some Things to Remember" as his sermon.

Next Thursday, October 27, the Philathea ladies again gather for their monthly thimble party and business meeting at the home of Mrs. Lewis Wallace, 4th and Cinnaminson avenues.

Coming on Saturday, November 5, a Mother Goose Party for the children of the Primary Department. This is something for the children to look forward to.

"Be big enough to admit and admire the abilities of people who are better than you are."

FIRST LUTHERAN

Rev. William M. Erhard, Pastor

Our Sunday School attendance reached a high mark last Sunday morning for a day other than Rally Day. A word should be also put in about the splendid song service on the part of the members of the school and the exquisite organ music rendered by our First Lutheran Orchestra. We feel that these two exceptional features, which are to continue, will conduce strongly to still larger attendance. If you do not come and get into the spirit of that music and worship.

Divine services in the morning at 11:15, with special music by the First Lutheran Choir, and sermon by Rev. A. R. Naus of Delaware Gardens, Camden. His theme will be "Evidences of Christianity." Although Rev. Naus has but a small and new mission church, he has attendance of one hundred very frequently. On that ratio we should have two hundred out to hear him.

Luther League devotional service at 6:45 p. m. The special topic will be "War." The pastor does not remember ever seeing a larger number attend a Luther League meeting in our church than was present last Sunday evening. This augurs well for the future, as the crowds seem to be gradually growing.

The Luther League cordially invites the whole congregation and Sunday School to its Halloween Party, Monday evening, October 31, at eight o'clock in the church basement. There is to be an elaborate program of games and other amusements, sitting decorations, and refreshments served. All will be free of charge, as the intention of this social gathering is to be purely one of good fellowship.

Vesper Services at 6:45 Sunday evening with music by the choir, and sermon by the pastor on the theme, "Wedding Apparel." Everyone is interested in what should be worn to weddings. How unfortunate was to make a mistake in visiting

some well established custom of country or locality in this respect! The safe way is to know. The customs at weddings of some other countries, and other ages are even more elaborate than our own, and are because of their peculiarity to us, interesting also. Why should Christ use illustrations of weddings so often? Because He could bring through the medium of these illustrations a strong spiritual lesson, which we should not only know, but bear prominently in mind.

Prayer Meeting Thursday evening at eight o'clock. Let us make this also a good gathering for prayer. It is a dangerous thing to slight God by staying away from a service which is so primarily blessed with His presence, as all places of true prayer are. First a preliminary open forum discussion of some recent experience, or incident, and then the shot biblical study from the parables of our Lord. "Lost Sheep—Lost Coin—Lost Son," will be the theme.

On the coming Saturday evening, the Eden Bible Class will conduct an Apron and Hat Party. "The Jolly group of men-folks" who have stirred their ardors so thrillingly to laughter at the "Womanless Wedding" and the minstrel, will be on hand to show the ladies how to trim hats, and will do many other things for the exercise of your laughing organism. There will be some other features of entertainment and refreshments served.

EPWORTH METHODIST EPISCOPAL CHURCH

J. William Lee, Minister

What does Palmyra need to add to its attractiveness? There are many needs, but the greatest need is a deepening of the spiritual life. It is the purpose of this Church to make a real contribution to this end. Our Church School trains its members for real worthwhile life. Investigate for yourself this coming Lord's Day. The session begins at 10 a. m.

Wanted: 50 men in the Wesleyan class next Sunday to hear our teacher, James Thompson, who will have a worth-while message.

Preaching Service at 11:15 a. m. Sermon subject "Heaven's Passover."

You will enjoy the following musical numbers: Solo, Moderator, by Gounod; Con Moto, by Sullivan; Andante Maestoso, by Sullivan; Processional, O Worship the King; Anthem, God is a Spirit.

Evening Service at 7:45 o'clock. The order of service will be as follows: Organ Prelude, Dominie Deus, by Rossini; Processional, Blessed Assurance. Good Cheer Song Service, Offertoire, Melody, by Gluck; Anthem, The Lord Brings Back His Own.

Sermon, The Triumph of Real Religion in the Home.

The Junior Epworth League, Thursday, 4 p. m.

Class meeting Friday night at 8 o'clock. Dr. E. Townsend Kite will address the meeting. Subject, "Worshipping God in Spirit and in Truth."

Thursday evening, October 27, 7 p. m., the Epworth Brotherhood will hold a banquet in the gym. All male members of the Church, 16 years of age and over, are invited.

EPISCOPAL

Christ Church, Parry Ave.

Rev. G. J. McCormack M. A., L. Th. Rector

Tomorrow! So much to do in life—So little time to do it—So few who really accomplish. Intentions Good! Resolve High! What's the trouble? Do you remember the poem about the Ohio town Morrow? "I Want to Go to Morrow" The resulting argument between the would-be passenger and the slow ticket agent "I want to go to Morrow, but I want to go to-day!"

"You cannot go to Morrow If you want to go to-day, For the train that goes to Morrow Is a mile upon its way."

It may be a foolish poem, but it's very true in real life, and we have seen some very wonderful baggage side-tracked on the line that goes to-morrow.

Did YOU ever go to Put-Out Town, Where the houses are old and tumble-down, And everything carries and everything drags, With dirty streets and people in rags?

On the street of Slow lives Old Man Walt, And his two little boys, named Linger and Late, With uncleaned hands and towed hair, And a naughty sister named Don't Care.

Grandmother Growl lives in this town, With her two little daughters called Fret and Frown; And Old Man Lazy lives all alone Around the corner, on Street Postpone.

.....To play all day in Tarry street.

Leaving YOUR errands for other feet. To stop or shrink, or linger, or frown, Is the nearest way to this old town.

The "Question Box" proved very interesting and helpful. We predicted a permanency for this feature. Christ Church South Amboy is the name of the home for children under the guidance of the Episcopal Church in the New Jersey Diocese. The annual reception and visitation day is to be held on October 20, commencing at 10:30 a. m. The appeal for support made last Sunday has brought a generous response already.

Beverly Episcopal Church will be the scene of a very happy and inspiring gathering this Thursday evening when the Choristers Guild of Burlington County will hold their festival. "He who hesitates" will find no room—even standing room unless we are hopelessly mistaken.

The Sunday School Institute was a very happy affair, with a gratifying attendance.

The Evening Service next Sunday will be the fourth of the monthly series with its emphasis on "Mystical Worship."

"Drop Thy still dew of quietness Till all our strivings cease." The Annual meeting of The Woman's Auxiliary featured a very splendid report by the retiring secretary, Mrs. Kenney, showing splendid progress for the past year. A vote of thanks was tendered to the retiring officers. The election resulted as follows: President, Mrs. Wm. S. Branson; Vice-President, Mrs. J. S. King, Jr.; Secretary, Mrs. E. E. Fox; Treasurer, Mrs. P. B. Stanton; V. T. O. Secretary, Mrs. G. N. Bond; Supplies Secretary, Mrs. C. E. Whitmer.

Services for the Nineteenth Sunday after Trinity: Holy Communion 7:30 a. m. Morning Prayer and Sermon 10:30 a. m. "A Funny Spectacle" Sunday School 2:30 p. m.

Save! MONEY AND TIME WITH OUR BIG FALL CATALOG

The season of cooler weather is at hand, and with it comes the need for many new things. Not only clothes for every member of the family, but many things in the home for your winter's comfort.

Our Big Fall and Winter catalog will make the amount of money you have to spend go farther—allow you to buy many things that perhaps you thought you could not afford this year—and save you a great deal of time and worry.

Make this experiment—Jot down the things you need—Clothes for the children for school—winter underwear—sweaters—shoes—warm coats—gloves—stockings. The things the grown-ups of your family need to wear now and the things you need in your household—an added easy chair or piece of furniture. A new carpet or rug here or there. Something to make the work in the home easier—a washing machine—a vacuum cleaner—new kitchen utensils. Is your home properly heated? See our warm air circulator stoves (pages 444 to 446) that will heat every room in the average small home evenly and economically and whose handsome mahogany finish makes it an attractive addition to any room you place it in. Or if you want a heating plant, you will be astonished at the amount of money you can save at our prices.

And then when you have written down everything, take our Big Fall and Winter catalog. If you haven't it, borrow your neighbor's, but write for it at once. Now turn to each item and write down the price. You will be surprised how little money it costs to have all the things you need now—which you may have regarded as luxuries, but at our prices are really within your means. Why not order today everything you need?

If You Haven't This Big Fall Catalog Write for it Today.

Riverton Downs Maple Shade 7-0

Locals Score in First Period,
But Are Held Scoreless for
Rest of Game

The Riverton football team defeated Maple Shade by a 7-0 score on the local field last Saturday afternoon. Although out-weighted the Maple Shade boys put up a good fight and made Riverton work for everything they got.

The game looked like a walk-away in the first quarter when Riverton worked the ball down the field from the kickoff for a touchdown without the visitors having the ball in their possession once. Straight football worked the ball into scoring position for Bill Oberfell, and Conway booted the extra point with a dry kick.

After the locals put across their touchdown the Maple Shade lads battled the Riverton team for every inch of ground and gained considerable themselves after holding Riverton for downs.

The game lacked thrills in that the Riverton team seemed to think that beating Maple Shade was something "soft" and did not play the brand of football that the fans are used to seeing on the local field.

Riverton was penalized for holding and pushing several times. The penalties always came when Riverton was about to push the ball over the last line.

In the closing minutes of the game Herbert Schneider made a beautiful pass to Bowers who was over the goal line and uncovered, but Bowers dropped the ball. It would have been one of the best pass plays pulled on the Memorial Park field had the play been completed.

The lineup:

Riverton	Maple Shade	
Hughes	left end	Parks
Wille	left tackle	Gillon
Fowler	left guard	Reed
Orcutt	center	Howard
Downs	right guard	Myers
Toot	right tackle	Ward
Williams	right end	B. Earl
McIlhenney	quarterback	Spielman
Conway	left halfback	Scherry
Applegate	right halfback	Lutz
Oberfell	fullback	Humes

Referee—Romeo, Umpire—Ege. Time of periods, 12 minutes. Touchdown—Oberfell. Point after touchdown—Conway (drop kick). Substitutions, Riverton—Bowers for Williams, Carroll for Hughes, Cunningham for Conway, Pettit for Applegate, Kasper for Howard, Hebb for Carroll, Graft for Hebb, Schneider for McIlhenney, Miller for Oberfell, Conway for Cunningham, Oberfell for Miller, Bowers for Williams, Hebb for Hughes, Fowler for Wille, Jones for Ward, Earl for Lutz, Jones for Ward, Perkins for Myers, Stout for Reed.

**VOTERS BECOMING AROUSED
OVER VOCATIONAL SCHOOLS**
(Continued from Page 1)

to add a vocational training department to some of the high schools along the river front, rather than attempt to saddle the whole county with the cost of an institution which could benefit children in only a comparatively restricted area.

For instance, if the school districts of Burlington, Florence and Hoebing should get together on this matter they would cover the territory from which a very large majority of pupils for the vocational school would have to be drawn. These school districts, located as they are in the center of the industrial section of the county, could properly share between them with such assistance as they would get from State and Federal governments, the cost of this experiment, for the reason that the industries located therein would derive the greatest benefit from the scheme—aside from boys themselves.

The cost of transporting pupils from the far ends of the county or of boarding them within reach of a vocational school located anywhere near the industrial section, would lay a very heavy burden upon the taxpayers, and if the project is to be county-wide, financed from the taxes paid all over the county, then every eligible pupil has an equal right to its benefit, regardless of where he may live.

Turned Down By Freeholders

This proposition was laid before the Burlington County Board of Freeholders two years ago with the backing of the county superintendent of schools and some of the industries along the river front—though some of the industries did not join in the movement. With a proper caution and regard for the expenditures of public funds, the freeholders declined to take immediate action and asked for time in which to investigate the matter. The result of their investigation, which covered many counties which are conducting vocational schools as a county project, was not altogether favorable, and the freeholders refused to meet the demands of the vocational school propagandists, notwithstanding the very great pressure which was brought to bear.

Now the proposition is to be submitted to the voters on November 7, and if a sufficient number of them vote for the plan the freeholders will have no option in the matter, but must carry out their mandate, cost what it may.

Make Haste Slowly

Careful men and women who study public affairs are becoming convinced that it would be the part of wisdom to make haste slowly in this matter, and take a chapter from the experience of other counties before committing themselves to this project, which, while it has much to commend it, should have the details of operation and cost carefully and fully worked out before it is put into execution. The tendency on the part of advocates of vocational schools as a county project to grandly wave aside such details as transportation of pupils, or their maintenance near the school, as "minor details to be taken care of later," is deemed to be highly dangerous by people who believe in having public affairs conducted on business principles.

CARD OF THANKS

We wish to express our appreciation to our many friends for their kindness and sympathy in our recent sorrow.

Mary B. and Harriet E. Rags.

LARGE FIELD OF CONTESTANTS FOR ISSUE OF COUNTY BONDS

(Continued from Page 1)

hicles which are finding their way into all parts of the county. He said that he would need an additional \$10,000 to complete the year, and a resolution appropriating the required sum, and authorizing the issuance of an emergency note to raise the money, was passed by the board, with Freeholder Lippincott voting in the negative.

Charles Evans, foreman of the grand jury, addressed to the board expressing the approval of that body of the proposal for a new building. The board, to whom the matter of selecting a site for the new building was referred at the last meeting asked for an extension of time.

The Rev. J. W. Gummere appeared before the board as spokesman for the Burlington County Lyceum of History and Natural Science, which desired to purchase a sixty-foot strip of the county's lot on Union street to the rear of the former Polwell property, which was converted some time ago into a county office building. The ground is desired as a site for a suitable building for the Lyceum. The matter was referred to Director Russ.

Departments of the county, following Roads, \$17,656.25; bridges, \$7,954.70; finance, \$1,405.50; buildings, \$12,347.53; public affairs, \$6,786.49; total \$45,260.27.

BY RIVERTON COUNCIL MORE MONEY APPROPRIATED

(Continued from Page 1)

was unanimously granted.

Councilman Shovel wanted to know whether or not the borough was receiving regular reports from the various bus lines passing thru Riverton, and if the borough was getting any revenue from them—and if not why not?

Cuts Revenue Short

Mr. Shovel said that when the budget was made up the first of the year the sum of \$400 was placed in the anticipated revenues column with the expectation of receiving that much from the bus lines. The mayor replied that under the law the borough collector was the one to whom these reports and remittances should be made. Collector Evans was present and said that he understood the buses were not carrying enough passengers to have anything left over after they paid the state taxes which came first. Mr. Evans further explained that revenue was on a mileage basis as well as the number of passengers carried, and that the distance through Riverton was so short the amount would be very small. The mayor said he was of the opinion that the borough could enforce an ordinance tax on the bus companies. Mayor Wallace Zoning Amendment.

Mr. Williams inquired what action was going to be taken under the recently passed zoning amendment. The mayor replied that the next step was for the legislature to pass an enabling act under which municipalities could enact ordinances to meet the local conditions. The mayor said that the zoning amendment was the most vicious amendment of the lot and branded it as class legislation. The water amendment was the best, he said.

Frank Stroblein appeared before council representing his father, George A. Stroblein, and requested the installation of an arc light at Fourth and Fulton streets. His request was referred to the street lighting committee.

Council adjourned at the call of the chair.

The following bills were ordered paid:

Stranger in town last week "did not choose to run" while crossing the street. One less Republican vote in 1928.

Advertising takes time. It isn't the fault of the advertiser's advertising that the prospects keep kicking around.

Boys "At Home" On Motor Boat

3 Frankford Youths Start Fire and Are Ready to Cook Meal When Caught

"Ting-a-ling-ling-ling. Hello. Is this Mr. Hollerith?"

"Yes."

"There is a light on your boat and I think someone is aboard. Perhaps you had better look into it."

"Thank you for calling."

"Operator, please give me 57."

"Traffic booth, Officer Miller speaking. Is that so? I'll be right over."

A quick run to the river, where Walter Wright's motor boat "Spook" was waiting, and in less than ten minutes Skipper Hollerith, Officer Miller and Arthur Wright, who captained the "Spook" were aboard Mr. Hollerith's boat, where they found three youths, aged 13, 14 and 15.

They gave their names as Norman Irwin, 1743 Bridge street; Lloyd Reink, 1735 Scattergood street, and Thomas McNeill, all of Frankford. The boys had lighted the charcoal stove on the boat and were about to cook a can of tomatoes which they had opened. They said they had been away from home since Monday morning. It was Tuesday night when they were caught at Riverton.

Officer Miller communicated with their parents by telephone and they came and took them home.

The boys were seen snooping around the boat on the night of September 30, but did not go aboard. Someone had been on the boat before, however, as there were evidences of previous cooking parties.

D. A. R. ACTIVITIES

The Anna Stocton Chapter, Daughters of the American Revolution, kept open house during the four days of the 25th anniversary celebration of the founding of Burlington.

The old house used as a chapter house was built in 1865 and was the office of Thomas Reel, Registrar of the West Jersey Proprietors. Benjamin Franklin lived there a few days while his printing office was being finished. The house is furnished throughout with antique furniture and curios.

Many visitors were shown through the house and served with tea and cakes. The D. A. R. also had a boat in the parade on civic day with six officers wearing costumes of Colonial times.

The next meeting will be held on the second Monday in November at the Chapter House, Burlington.

PHS GIRLS WIN Kitty Burr is Bright Light in Hockey Victory

Palmyra High School Girls Hockey team continued to win last Wednesday in the South Jersey Interscholastic Hockey League when it completely outplayed the Moorestown "Quakers." The final score was Palmyra 4, Moorestown 0.

Miss "Kitty" Burr, stellar center forward for Palmyra, was again the bright light for the winners. Miss Burr gave one of the finest exhibitions of all-round playing in scoring all of Palmyra's four goals, that has been displayed in the league. Twice she pierced the Moorestown defense in the first half, and twice again in the final half. Miss Burr time and time again gave her other teammates opportunities to score but they could not succeed in putting the puck past the Moorestown goal. She stands a good chance of being picked on the All-Scholastic team of South Jersey that is usually picked each year at the end of the season.

Miss Grace Sippel and Miss Virginia Good played well on the defense for Palmyra. Miss Maxine Meltnzer, well known marathon swimmer who was forced to give up her swim against the waves of the Delaware Bay last summer when she was within a mile of shore on her 22-mile swim, made her debut with the winners and also played a good game.

Summary:

Palmyra	Moorestown
Wallace right wing	Gunningham
Kersey right inside	Grube
K. Burr center forward	McGinley
Usala left inside	Howard
G. Burr left wing	Steinmetz
H. Bates right halfback	R. Jenkins
M. Jenkins cen halfback	M. Matchett
Meltnzer left halfback	Lippincott
A. Rohland right fullback	E. Rathor
G. Sippel left fullback	I. Karr
K. Good	O'Brien

Score by periods:
Moorestown H. S. . . . 0 0 — 0
Palmyra H. S. . . . 2 2 — 4
Goals—K. Burr, 4. Substitutions—A. Waite for Howard. Referee—Mrs. Rebecca Browning. Time of halves—20 minutes.

Palmyra dropped its first game of the season to Bridgeton High School Monday afternoon at Bridgeton, 3 to 0, in an exhibition contest.

The game was very closely fought during the entire first half, which ended in a scoreless tie. During the second twenty-five minutes of play Palmyra did not seem to get started in its regular league form and was unable to tally a single goal. However, Bridgeton got the breaks of the game and with its teamwork netted three goals. It was not day for a hockey game, the ground being wet and slippery.

Miss Margaret Pearce, a substitute, scored two of the winners' goals while Miss Dorothy Webster accounted for the third score.

Summary:

Bridgeton	Palmyra
H. Reed right wing	Wallace
Garrison right inside	Kersey
Rosen center forward	K. Burr
Rogers left wing	G. Burr
Bonham right halfback	Bates
Cutler center halfback	Jenkins
F. Sheppard left halfback	Meltnzer
Edwell right fullback	Rohland
Webster left fullback	Sippel
S. Sheppard goal	Good

Score by halves:
Bridgeton 0 3—3
Palmyra 0 0—0
Goals—M. Pearce, 2; D. Webster, 1. Time of halves—25 minutes each.

NEW VULCANIZER

William H. Albertson, the Firestone Tire dealer in Riverton has installed an up-to-the-minute vulcanizing outfit and will leave Sunday to spend two weeks at the factory of the Firestone Tire and Rubber Company at Akron, Ohio, learning how to operate it.

Mr. Albertson aims to give the people of Riverton, Palmyra and vicinity the most complete tire shop between Camden and Trenton, and when "Bill" sets out to do a thing he comes pretty near to doing it. While he is away his tire shop at Broad and Main Streets, Riverton, will be open from 9 to 4 and evenings—Adv.

Hold Luncheon at Moorestown

Women's Junior Republican Club Hold Splendid Meeting at Community House

The Burlington County Junior Women's Republican Club held a luncheon at the Moorestown Community House Tuesday afternoon. Over three hundred women from all over the county journeyed to Moorestown to attend one of the biggest meetings of the season.

The Community House was tastefully decorated with autumn leaves and dahlias and the tables were splendidly arranged for the affair. Mrs. Lloyd Cross, of Delanco, opened the meeting with a prayer and introduced Mrs. Bessie Dobson Altemus, president of the Pennsylvania Committee of Republican Women and also chairman of the Republican Women of Philadelphia County. She gave a very interesting account of the County Councils and Pennsylvania and New Jersey Politics.

Miss Mary Margaret McBride, of New York City, who writes for the Saturday Evening Post, proved to be one of the most entertaining speakers heard at the luncheon. She spoke of her tour through Europe last summer at which time she interviewed several members of the deposed royalty of that continent. She gave interesting accounts of her interview with the Kaiser, Princess Helene, the ex-Queen of Austria and her eight children and several other European notables.

Mrs. Summers, of Passaic, chairman of the State Legislature at Trenton, named some of the possible Republican candidates for President in 1928. She said Hoover seemed to be the most popular with Lowden running a close second. "Of course," said Mrs. Summers, "President Coolidge is the first choice, but he does not choose to run we are picking other possible candidates. Mellon, Hughes, and Longworth were also named."

A talk on Law Enforcement was given by Mrs. Lippincott, of Camden, Chairman of the State Law Enforcement League. This address was well received.

Mrs. Terry, vice chairman of the County Committee, and Mrs. Nellie Russell, Representative of the Burlington County State Committee, also gave a few minutes talk which was thoroughly enjoyed.

Much credit is due Mrs. Newell Stokes, of Edgewater Park, and Mrs. John Horton, of Moorestown, heads of the committee in charge, for their splendid work in preparing the luncheon and obtaining the speakers.

RIVERFRONT FIRE

Smith Estate Dwelling in Pennsauken Township Damaged

Handicapped by the lack of water, firemen from four communities fought a spectacular fire along the Delaware riverfront last Thursday night, while hundreds of spectators looked on.

The fire started of mysterious origin in a large two-story frame dwelling which stood atop the steep bank of the Delaware river just over the Camden city line in Pennsauken. The flames shooting through the roof of the establishment, which had been vacant for some time, were noticed by residents on Thirty-sixth street, who sent in an alarm to Camden fire headquarters.

Other alarms were sent in to the Delaware Gardens, North Merchantville and Pennsauken fire departments by motorists who saw the blaze from River road.

The East Camden apparatus reached the site first, and the men were obliged to drive through almost inaccessible fields to reach the burning building. Chemicals were used to fight the flames, which had by that time almost destroyed the front of the house, while other firemen were laying long lines of hose across the fields to the water hydrants on River road. Other fire companies arrived and assisted in extinguishing the flames.

The fields were crowded with hundreds of people, who further hindered the firemen in their work. The latter were obliged to chop their way into the building, which had been locked and shuttered. The place is owned by the Smith estate, and was occupied during the summer by Ernest Standemeyer and his family. The loss was estimated by firemen to be about \$1,500.

Facing the partly destroyed building on what is known as Red Mill lane are the charred remains of the historic "red mill," which was razed by fire almost a score of years ago. The shore was formerly used by residents of Camden and Philadelphia as a picnic grounds and bathing place, but is now almost deserted, except for a few cottages.

RIVERTON, NEW JERSEY, THURSDAY, OCTOBER 27, 1927

PRICE FIVE CENTS

RIVERTON'S GRIDDERS TAME WEST PHILLY TEAM BY 25-0

Hollingshead, Applegate, Pettit and Conway Star with Long Runs

OBBERFELL, MILLER, CUNNINGHAM PLOW LINE

Riverton's gridiron warriors looked 100% better last Saturday in defeating the West Philly eleven than they did the previous week against the Maple Shade team. The visitors were plowed under by a 25-0 score.

The visitors kicked off to Riverton, the ball going over the goal line. It was brought out to the 20-yard line. Stewart Hollingshead, Riverton's "phantom of the gridiron," made two yards around right end. A cross buck failed to gain any ground. "Twill" Cunningham fumbled after gaining five yards. Columbus, West Philly right guard, recovered the ball.

After gaining four yards on line play the Phillies tried two passes both of which were batted by Riverton's secondary defense.

"Big Bertha" Obberfell tore through the line for six yards. McGuire, center for the Phillies, was off sides and the penalty gave Riverton a first down. "Big Bertha" slid through the line for seven more yards. Cunningham gained a first down through right tackle. Miller hit right tackle for a three-yard gain. Hollingshead started left end for five. Once again "Big Bertha" gained enough for a first down on a line play. Hollingshead made no gain around right end. The visitors recovered Miller's fumble.

McGuldrick gained two yards through right tackle. Murphy made one around right end. Miller recovered his fumble by breaking up a pass. Murphy punted but Miller could not run with the ball as the visitors' ends were down on him before he could get started.

From a kick formation the "phantom" made a beautiful run around right end in fifty yards gain. Stewart did not have a snap at making that run because there were too many of the Phillies coming after him, but by some pretty dodging and straight-arming the galloping "phantom" covered some ground. Obberfell took the oval three yards nearer the goal on a line play. The local's line weakened and Hollingshead was thrown for a three-yard loss before he could get rid of the ball on a called cross buck. Just for spite Stewart then gained 20 yards around left end behind good interference. "Big Bertha" is up to his tricks again this year, that is, making a first down on one play. Bill took the line and carried four men five yards of that distance. "Joel" Pettit replaced Miller and gained three through right tackle. Cunningham broke through left end for 12 yards and a touch down. Pettit missed the try for the extra point. Applegate replaced Cunningham and ran the kickoff back 15 yards.

Second Quarter

Hollingshead started off the second period by a three-yard gain around right end. Obberfell added three through right guard. Applegate punted out of bounds on West Philly's 42-yard line.

Dooner made one off right tackle and Murphy promptly lost one around right end. McGuldrick made six through right guard. Applegate punted. Hollingshead did not run it back. Bob Applegate showed some of his ability in skirting the left end for a 25-yard gain. Pettit then took the oval seven yards down the sideline. Applegate's interference Hollingshead was not able to gain on an end run. "Big Bertha" gained a first down through right guard. Pettit made three through the line and Bill again tore through for first down. Pettit made another three-yard gain through the line. A fake play around right end netted no gain. Obberfell moved the ball up three with a line buck. Hollingshead then slipped around right end for a touchdown running about eight yards. He had to take a dive over the line in order to avoid being tackled and in doing so landed on the ball.

Hollingshead was so winded that Benny Wright replaced him with Herb Schneider. Johnny Hughes missed the extra point.

Schneider Plays Good Game

"For a youngster Herb plays a wonderful game of football," said Benny Wright. "and he is going to improve as he goes on because the other fellows on the team are interested in the kid and are trying to help him. He takes their suggestions as they are meant and tries to do better the next time."

Schneider ran the kick off back 25 yards. Herb then called for a pass from Obberfell to Pettit. The pass worked like a charm and Pettit ran 60 yards for a touchdown. Johnny Hughes made the extra point by a drop kick.

The West Philly fullback kicked off and the ball sailed straight to Schneider who made a good run back of 20 yards. Bob Applegate came across with another and run for 12 yards. Applegate placed Todd at tackle. Biddle is one of the boys who was trained in high school and he says "When I tackle 'em I like to hear 'em thud'." Pettit gained two through the line. The line weakened and Schneider was thrown for a 10-yard loss trying to make a forward pass. Obberfell made eight through the line again. Applegate punted over the goal line. From their twenty-yard line the visitors gained thirty yards on a pass. Another attempt at passing was broken up by the local backs. A high pass from center went over Biddle's head and rolled 20 yards down field where Johnny Williams recovered the ball for Riverton. A pass from Applegate to Pettit netted nine yards, but seven were lost when Applegate was tackled because of bad interference.

MORE TIN HATS

Ladies of K. K. K. Are Developing Unique Costumes

The shiny tin hats of the American Legion Bugle Corps will have "nothing on" the headgear to be worn by the ladies of the K. K. K. (Kitchen Cabinet Kneaders), to be given in the Epworth Temple, Palmyra, Thursday evening, November 17.

A local hardware store was raided early this week for a supply of tin hats and intermediate costumes worn by the budding rivals of Sousa, Pryor and other noted bandoleers. Some rare pantomimes are also being developed and the rendition of "They Gotta Quit Kicking My Dawg Around" as presented at Federal this week is bound to bring down the house.

Many novelties will be on the program, so be sure and get a ticket for the 17th.

Community Chest Drive Next Week

Annual Appeal For Local Institutions Will Open on November 1st

Another year has rolled around and the first of November brings the Community Chest drive for funds for the Visiting Nurse committee and the Cinnaminson Home. It has been customary to include the Burlington County Hospital in this drive but as that institution recently made a county wide canvass for funds to erect a new building, and has enough money for maintenance during the coming year, it will not be included in the 1927 drive.

The Cinnaminson Home has just completed the thirty-sixth year of its history. It has been a busy year. In the past few months there have been many needy and pathetic cases. The number of deserted children with children has been on the increase.

In all 282 adults, 177 children and 34 babies under one year of age have been cared for. The Home is used by all the hospitals and social agencies of Burlington County, as well as of the nearby cities, and is non-sectarian in character, with as few restrictions as possible. It receives no county or state support, but depends entirely for its maintenance upon voluntary contributions.

The districts, captains and teams are as follows:

DISTRICT NO. 1—River to Railroad—East Side of Main St. to Borough Line:

Captain—Herbert M. Morris; Assisted by—Mrs. Harry L. Rogers, Walter K. Woolman, Walter K. Woolman, Jr., Eugene J. Bush, Mrs. Eugene J. Bush, Clifton P. Mayfield, Robert P. White, Mrs. Arthur F. Cox, J. D. Corry.

DISTRICT NO. 2—River to Railroad—West Side of Main St. to East Side of Lippincott Ave.:

Captain—Harry E. Davis; Assisted by—Miss Helen E. Biddle, Edgar W. Miller, Walter Wright, Richard D. Barclay, David Sager.

DISTRICT NO. 3—River to Railroad—West Side of Lippincott Ave. to East side to Thomas Ave.:

Captain—W. A. Hendrickson; Assisted by—Miss Helen E. Biddle, Edgar W. Miller, Walter Wright, Richard D. Barclay, David Sager.

DISTRICT NO. 4—River to Railroad—West Side of Thomas Ave. to Palmyra Line:

Captain—G. L. Warren; Assisted by—Oliver G. Willis, Hilton M. Smith, William B. Lynch, Frank Ehle, P. A. Ransome, Davis P. Smith, Kenneth Davis.

DISTRICT NO. 5—Railroad to Cinnaminson Township Line, East Side of Main St. to Borough Line:

Captain—William H. Baker; Assisted by—Louis C. Clelland, Mrs. Walter Byler.

DISTRICT NO. 6—Railroad to Cinnaminson Township Line, West Side of Main St. to East Side of Thomas Ave.:

Captain—Victor Richard; Assisted by—Miss Beulah Parry, Edwin Parry, Stanley Stewart, Arthur H. Burns, John Graft, Wilson Graft, R. V. Heister, Walter Rogers.

DISTRICT NO. 7—Railroad to Cinnaminson Line, West Side of Thomas Ave. to Palmyra Line:

Captain—James S. Coale; Assisted by—D. Gordon, Mrs. L. B. Jackson, P. A. Ransome, Howard Rogers, Harry Jones, Mrs. Ralph Flower.

CINNAMINSON TOWNSHIP — Captain—Lindley Robbins; Assisted by—Miss Mary Thomas, Mrs. A. C. Wood, Jr., Miss Sue M. Reider, Albert McCombs, Mrs. George Dorworth, Frank J. Mashek, Jr., Harvey Pissanton, William G. Fort, Mrs. Howard G. Taylor, Jr., Mrs. Charles Evans.

A meeting of the captains and workers will be held at the Country Club, Friday evening, October 28 from 7.30 to 8.00 o'clock.

MRS. CORA LEE ELLIOTT

Mrs. Cora Lee Elliott, 57 years old, died at her home, 802 Washington avenue, Palmyra, last Friday morning. She was the wife of James B. Elliott.

Funeral services were held Monday at 2.30 at her late residence with the Rev. G. J. McCormack, Pastor of Christ Church, Palmyra, officiating. Interment was made at the Morgan Cemetery with Frank A. Snover in charge of funeral direction.

GIRL RESERVES

The Riverton Girl Reserve group held its first fall meeting at the Calvary Presbyterian Church building last Tuesday evening. Twelve girls were present. Ruth Patterson was elected temporary chairman and she will have charge of the program for next Tuesday evening.

A nominating committee was selected which will submit a proposed list of officers for the coming year at the meeting next week. The committee is composed of Irene Sippel, chairman, Nan Evans and Jane Blackwell.

The group made plans for presenting a play in connection with the Sunday School entertainment to be given next month at Calvary Presbyterian Church. The first practice will be held at the church on Saturday afternoon at 5 o'clock. Girls twelve years old and older, who think they would be interested in the Girl Reserve Club, are invited to attend our Tuesday evening meetings. Remember the time 7.00 to 8.00 o'clock.

Press Chairman.

Local "Y" Building Scene of Activities

Something Doing All the Time For Boys of Twin Towns

The building of the local YMCA of Palmyra and Riverton has been the central point for a week of many and a great variety of activities. Many a city association is not doing more than is being done here at Palmyra and Riverton.

The following paragraphs will give you some idea as to the scope of these activities.

Each afternoon the building is a gathering place for boys of all ages who come there to enjoy the games and to read some of the magazines. It is becoming increasingly apparent that the problem has not been fully and properly worked out to the detriment of the local and county. According to state statistics made by school officials the present high school system is not meeting the requirements of a large number of pupils. It is true, would it not be the logical and nonconflicting thing to do to start at the root of the matter and remodel the school system?

True, this could not be accomplished in a year, but if it is the correct step to take, and many educationalists believe it is.

It is becoming increasingly apparent that the problem has not been fully and properly worked out to the detriment of the local and county. According to state statistics made by school officials the present high school system is not meeting the requirements of a large number of pupils. It is true, would it not be the logical and nonconflicting thing to do to start at the root of the matter and remodel the school system?

True, this could not be accomplished in a year, but if it is the correct step to take, and many educationalists believe it is.

Many Groups Organized

The various groups for the older fellows are going strong, many are already meeting and others are in the process of being organized.

Monday evening the Methodist Church in the meeting of a group of high school fellows, the Calvary Group, under the leadership of Paul Burr.

Tuesday evenings, in the "Y" building, Jack Metzger and a group of Pioneers. These fellows run ages from 11 to 14. Jack enjoys the group and each fellow in it loves Jack with that love usually displayed for a real leader.

Wednesday evenings, fifteen Taylor has another group of Pioneers. This is a new group and has a real future before it.

Thursday evenings, James Crawford meets with a group of older fellows and is doing a real piece of work for the church while they are in the building.

Friday the building is free to everyone and this is a time when every available corner is in use. If you should drop in some Friday evening you most likely would find this.

Downstairs, the lobby, boys sit all around reading good magazines and books from the supply that is available.

Games Galore

Upstairs and on your way up be sure to read the notice posted on the bulletin board, you will find 8 or 10 boys playing volleyball, another bunch on the parallel bars. These fellows do stunts that even real monkeys would be hard to duplicate. Here too you would see a quail championship match being played and the two ping-pong tables would be the scene of intensive play for another group of fellows. Dart baseball is also a favorite for the "younger set" and more home runs are made here each night than Babe Ruth makes in a whole season.

As you turn to go downstairs glance to your left in the "Group Meeting Room," which was equipped and furnished by Edward W. G. Borer. Here you will find a chess game in progress and checker players will be deep in study. This concludes the tour of the building, but do not think that all the work is done in the building, because a number of groups are meeting in the various churches.

One or two not mentioned before are the group of fellows under the leadership of Charles Coddington and Robert Matthews which hopes to meet in the gym of the Presbyterian Church in the near future and the two groups at Cinnaminson under the leadership of Rev. A. Harkins and Arthur Sieber.

This is a brief way given you some idea of the scope of the work carried on by the Board of Directors of these two communities and sections to state the real value of this work cannot be computed in figures of dollars and cents, but the business of character development shows itself in the better citizens that these boys will be when they take over the reins of the local government and of the business world.

SPECIAL MUSIC AT CHRIST CHURCH, RIVERTON

A special musical program has been arranged for the 8 o'clock service Sunday evening, October 29, at Christ Church, Riverton, at which time the choir will render a special program with organ and violin accompaniment.

The public is cordially invited.

VOCATIONAL SCHOOL QUERY

Questions Arise in Minds of Voters After Hearing School Man Talk

DOUBT PRACTICABILITY IN BURLINGTON CO.

Two outstanding statements featured the address of William Mason, superintendent of the Paterson Vocational School, before the County Parent-Teacher Association meeting at Maple Shade last week. One was that the school population and taxable property in the city of Paterson were greater than in all of Burlington County, and the other was that dull boys, or boys who do not get on right with their book studies, do not succeed any better in the vocational schools. Another statement which has caused considerable comment is the proposition to establish vocational schools in Burlington County as a county project which that some of his pupils live fifteen miles distant from the school which he said created a transportation problem of considerable difficulty.

Many of his hearers were impressed with the situation in Burlington County as compared with the city of Paterson. If commuting over a distance of fifteen miles constitutes a serious transportation problem, what can be said of Burlington County which stretches across the state from the Delaware River to the Atlantic Ocean?

Other statement made by Mr. Mason which gave considerable food for thought was that in twenty years the high school as it is now known will have disappeared, vocational training taking the place of many subjects now taught.

Revise Rather Than Add

If this is so, why not start vocational training in the high school now instead of asking the taxpayers to finance an additional educational unit?

It is becoming increasingly apparent that the problem has not been fully and properly worked out to the detriment of the local and county. According to state statistics made by school officials the present high school system is not meeting the requirements of a large number of pupils. It is true, would it not be the logical and nonconflicting thing to do to start at the root of the matter and remodel the school system?

True, this could not be accomplished in a year, but if it is the correct step to take, and many educationalists believe it is.

Calvary Church Dedicated Sunday

Large Attendance at Services Morning and Evening; Former Residents Return

The dedication service of Calvary Presbyterian Church, Riverton, Sunday morning was attended by the congregation and friends in numbers that taxed the seating capacity of the new edifice. It is estimated that more than six hundred persons attended the service including many former members of the church who had moved away, but returned for the day.

The call to dedicate was read by the pastor, with choir response. An interesting feature of the service was the ball response to the threefold dedication to the Trinity, to God the Father, to Jesus Christ the Son of God and to God the Holy Spirit, a end of which the bell struck off the years 1878-1927.

The property was formally transferred to the trustees when George T. Dold, chairman of the building committee, delivered the keys to Dr. Alex. Marcy, Jr., who accepted them on behalf of the board of trustees, of which he is president.

The Rev. Charles L. Gander, D. D. of Wilmington, Delaware, and the Rev. Nicholas F. Stahl, D. D. also of Wilmington, former pastors of Calvary Presbyterian Church, spoke for a few minutes of the earlier days of the church while they were stationed here, and the pastor read greetings from the Rev. Richard M. Hedge, D. D. of New York City, and Rev. Corliss B. Butler, D. D. of Hackensack, New Jersey, also former pastors of the church.

Dr. Barnes Speaks

The sermon at the evening service was delivered by the Rev. George Emerson Barnes, D. D., of Overbrook. The evening prayer was read by Rev. George G. Horn, Th. M., who also conducted a symbolic representation of "Service" at the Christian Endeavor meeting at 7 o'clock.

During the afternoon and following the evening service many inspected the church and church school and were very favorably impressed by the completeness of the appointments.

A mid-week dedication service was held Wednesday night at eight o'clock led by the pastor.

Friday evening of this week a congregational dinner will be held in the social hall of the church.

The acknowledgements of memorials and gifts were made in the printed program of the day's services as follows:

Memorials

Baptismal Font in memory of Alexander Marcy, Sr. by Mrs. Hannah Marcy Rogers and Miss Marjorie Marcy.

Key Upright Piano, for Beginners' Department, in memory of Rebecca Fell by Mrs. Francis E. Elwell.

Chairs for Beginners' and Priests' Departments, in memory of a son and daughter by Mrs. George Dold.

Windows as follows:

RECEPTION TO STATE OFFICERS REVIVES INTEREST IN CAMP 23

RIVERTON P. T. A.

First Meeting of School Year is in Form of Reception

The Riverton P. T. A. held its first meeting for the year 1927-28 Thursday evening in the school auditorium.

A special effort was made by the reception committee to have every parent present meet and become better acquainted with the teachers of their children.

After a social and profitable hour spent in this way, Mrs. Frederick Blair, the new president, spoke on the aims and purposes of the organization. Miss Chew followed with an explanation of some of the methods of the school laying special emphasis on the method of marking, and also told of some of the things the school is trying to accomplish.

Murray Boyer, president of the Board of Education, told of the great need of more room in the school and also of the need of more modern equipment. He also appealed to the parents to come to the school and see conditions for themselves and be prepared to intelligently meet the question of expansion when it is put before the public.

Ice cream and cake were served while the orchestra resumed their part of the entertainment. A special campaign is being put forth to increase the number of Life Members in the P. T. A. It was decided last year to set aside the money obtained in this way as a Student Loan Fund and the Executive Board is very eager to secure a sum sufficiently large to invest and thus insure a definite fund.

Four new Life Members have been added since the campaign started. E. K. Merrill, Mrs. Fred Hemphill, Mrs. H. H. Hance, and H. H. Seabrook.

It is hoped that all parents whose children have finished the Riverton school will be sufficiently interested in the Student Loan Fund to want to become Life Members of the Riverton P. T. A.

Tells Lions Club of P. S. Policies

George E. Reid Shows How Utility Company Seeks to Serve the Public

George E. Reid, of Trenton, a representative of the Public Service Company, addressed the Palmyra-Riverton Lions Club Tuesday evening.

Mr. Reid sketched briefly the history of the Public Service Corporation from the time of its formation in 1903 by the amalgamation of a number of separate New Jersey public utility companies. The corporation now comprises roughly all the towns on the main lines of the Pennsylvania and Reading railways, but there are many communities still served by independent concerns.

As the result of the Public Service Customer Ownership campaign, there are 100,000 customers of the Public Service who own stock in the company.

The biggest aim of the corporation, said Mr. Reid, is to render service to the public and anticipate the needs of the future as to lighting, power and transportation. To meet these needs continual extensions of lines and increase of power plants is necessary and it is for this purpose that additional capital is used.

The speaker stressed the importance of the recent inter-connection of the great power companies in Pennsylvania and New Jersey, enabling these companies to exchange current, which makes it possible to meet the peak loads with less equipment than would be necessary were one company forced to be prepared for all emergencies.

The result is that the greatest demands of the public are being met more economically and at a great saving to the customer.

Electricity, said Mr. Reid, is the one important commodity which is now actually cheaper than before the war.

The Lions Club was greatly interested in Mr. Reid's talk and showed its appreciation in a rising vote of thanks.

MANUAL TRAINING

Palmyra Instructor Introduces New Line in Course

A. N. Palmer, Manual Training and Mechanical Drawing instructor at the Palmyra Schools has made great headway with his pupils in these two lines during the past few years.

Just recently sheet metal work has been introduced, not with the idea of teaching the trade, but merely with the thought of giving the pupils a general idea about tin soldering, etc.

The pupils have learned the fine points about woodwork and can make many useful articles.

Mr. Palmer is very busy putting the new machinery and tables in for the new sheet metal work.

NARROW ESCAPE

Robert Wessel, a Philadelphia, narrowly escaped a serious accident when he drove his automobile off the side of the pier at the river last Sunday night. The front wheels of his car were hanging over the side of the pier when he succeeded in bringing it to a stop. Wessel had been to Mount Holly where he was arranging to open a dentists office and was on his way home when the accident happened. Not being familiar with Riverton, he did not know that Main street ended at the riverbank.

Over Two Hundred Men Gather to Hear Optimistic View of Future Work

"DAD" DAVISON GIVEN PRIZE BY STATE OFFICER

Over 200 men and young men, including Dad Davison, attended the reception to the State Officers of the P. O. S. of A. held by Camp 23, of Palmyra, Monday night. The seating capacity was taxed for the first time in many months but the State and local officers were glad extra seats had to be brought in because it showed clearly that the order is not on the decline.

Albert E. Card, of Woodbury, the State president, opened the meeting and then turned the gavel over to our own president, William S. Branson, who presided over the first business meeting.

Walter D. Lamson, chairman of committee on arrangements was introduced and briefly expressed his happiness upon seeing so many members of the Order gathered together to hear the inspiring words of the State officers. George N. Wimer was introduced by Brother Lamson and took up the gavel for the balance of the evening.

Optimism Only

Brother Wimer asked the speakers to put all pessimism behind them and speak only upon the Optimism of the future.

An intermission in the program was announced in order that Clarence V. Harshbarger, of Moorestown, might be obligated and admitted to membership.

Leslie W. Reeves, secretary of the meeting, called the roll of Camps in Burlington County. They answered the call as follows: giving the number in their delegation: Camp 35, Delanco, 5; Camp 49, Pemberton, 17; Camp 71, Mt. Holly, 13; Camp 135, Bordentown, 3; Camp 155, Hancocks, 7.

Dad Davison's remarks in his address of welcome were enough to inspire every true Son of America onward in the work of increasing the membership of the Order. Dad's theory is to keep smiling and get "dead set" on doing a thing and then do it. "Do not let the other fellow do something that you can do as well or perhaps better than he, but get your teeth and buckle down to the task and see how easy it is when you try." This, Dad said, was his way of accomplishing things.

Up to Individuals

State President Albert E. Card was the first of the State's sons to hurl a challenge at the men present. Brother Card said that

Many Cases Heard And Are Disposed

Action Against Law Violators Kept County Court Officials Busy Last Week

Reflections of the raid made at the home of "Tullytown Sue" Connors, Burlington, several weeks ago were very apparent at the Burlington County Court House, Mount Holly, Thursday of last week, when Justice Emmons, of Burlington, arrested as an inmate of the house, was before the Court charged with stealing lingerie, etc., from Sue to the value of \$75.

Mrs. Emmons pleaded not guilty to the charge and her case was immediately disposed of.

It was brought out that the Connors woman, who incidentally has become very feeble of late, or at least, appeared that way on Thursday, paid the Emmons woman's fine and the latter gained her release from the county jail before Mrs. Connors did. As the Emmons woman was leaving the jail Mrs. Connors requested her to get her some articles of clothing from her home in Burlington and also Mr. Connors' shaving outfit and send them back to the jail.

After Mrs. Connors had been released on bail she returned to her home and found that Jessie had not only taken the things which she had sent for, but also numerous other articles of clothing mentioned in the complaint.

Constable Elizabeth Burroughs, later arrested Mrs. Emmons at the home of Brose Johnson, on the South Pemberton road, but found none of the missing articles either at the Johnson home or at the residence of Mrs. Emmons, Burlington, which she also searched, except one pair of silk stockings. These, Mrs. Emmons said fell out of the Connors package in the car when some of the children trampled on the package—there being three of her children, two of Mrs. Johnson's besides Mrs. Emmons and Mrs. Johnson in a Chevrolet car when they went after the clothing at the Connors home.

Gets Sixty Days

The case was heard before Judge Slaughter without a jury and he decided that the defendant was guilty, and she went to jail for sixty days, the time to date from her commitment, on September 3.

Charles Smith, colored, charged with breaking and entering the home of James E. Garrett in Evansham Township, retracted his plea of not guilty and pleaded guilty.

He was sentenced to ninety days in the county jail.

Joseph Palanski, a thirteen-year-old Florence boy, was before the Court charged with incorrigibility. It was shown that he paid no attention to the instructions of his parents or of his brothers and sisters, of which there were nine; that he "bagged" school at his pleasure and had on one or two occasions run away from home.

His father, a foreigner of the higher class, appeared in Court and made a statement, but the Court thought it would be well for the father to talk to the rector of his church about having the boy placed in a Catholic reformatory, and final disposition of the case went over for one week.

William Hale, employed as a fireman at Peddie Institute, Hightstown, made a retraction of his plea of not guilty to an assault upon Justice Charles Remine, of Wrightstown, and pleaded non vult.

A car in which Hale was riding had been in an accident and Hale questioned the justice's authority in the matter, with the result that the assault took place.

He was fined \$100.

Pleads Non Vult

Robert Scarf, of Philadelphia, arrested in Mount Holly with a bottle of liquor in his car, also made a retraction and pleaded non vult.

He will be sentenced next Thursday.

Richard Dickerson, colored, of Burlington, was another prisoner who made a retraction, the charge against him being desertion and neglect of his wife and five children.

His wife appeared in his behalf, with the result that he was placed on probation for two years and must pay his wife \$10 a week. He has already been in jail seventy-seven days.

Mrs. Pauline Demoskowsky, of Riverside, whose case was laid over for one week after a female friend had pleaded her case very favorably, was before the Court for sentence.

Probation Officer Frank A. Hendrickson had made an investigation at the direction of the Court since last week's session, and he found that the woman was in much better circumstances than had been stated by her friend.

Pauline went to jail in default of a fine of \$250.

Reva Ward, the thirteen-year-old Riverside girl, who has taken part in a number of escapades recently, escaped being sent to the Home for Girls and was placed on probation.

YEARS FOR BIG BOOTLEGGER

The hope that one day before his career on the bench ends he may have arraigned before him "one of the really big dealers" in the liquor trade was expressed last week by Judge John Hellstah, senior Judge of the United States District Court of New Jersey at Trenton.

It was inspired by the appearance in Court of Theodore Kersling, of Absecon, a one-armed veteran of the Spanish-American War, who gave up his place as a caddy at the Seaview Golf Club, Absecon, for the more lucrative job of operating a still, which, according to his testimony, was owned by Charles Fraul, Spring Garden street, Philadelphia.

for three years, after friends had promised to keep in touch with her.

41st ANNIVERSARY OF PALMYRA CASTLE

Big Celebration Last Week With Many Prominent Knights Present

Palmyra Castle No. 22, Knights of the Golden Eagle, celebrated its 41st anniversary last Wednesday evening, October 19th. The inclement weather held the attendance to a much smaller crowd than was expected, but those present made up in good-fellowship and fraternalism what they lacked in numbers.

Nine Castles from New Jersey and one from Pennsylvania were represented in the gathering, and Supreme First Grandmaster Church and the following New Jersey Grand Castle officers delivered addresses that were well received by those privileged to hear them: Grand Chief Norman E. Kline; Grand Vice Chief George T. Raesly; Grand High Priest Lewis M. Wolf; Grand Master of Records F. Edgerton Reynolds; Grand Worthy Hard Wesley S. Lane; District Grand Chief Kramer of the Eighth district, and District Grand Chief Barber of the Thirteenth district. Grand Vice Chief Raesly, who is a member of Riverside Castle, filled the post of toastmaster to perfection.

Brother George N. Wimer, who is the only one of the charter members remaining, was present and recounted some of the experiences of the Castle during its early years.

Grand Chief Stahl announced a contest between the Castles of Riverside, Florence and Palmyra, for the purpose of obtaining new members, the contest to run from the first of October to the end of November. At the end of the contest a fee is to be presented to the members of the three Castles, to be paid for by the two Castles taking in the least number of new members during the contest. Palmyra Castle has four applications so far, and Brother Stahl urged the Brothers to get busy and produce candidates, so that Palmyra Castle would not have to dig down into the exchequer to help pay for the "big eat."

A fine repast, prepared by the ladies of the local Temple, was served and all in all as the old saying goes, "a good time was had by all."

H. R. Storicks,
Master of Records.

AMBULANCE ASSOCIATION

The nurses for the month of October until the third Friday in November are as follows: Mrs. Joseph L. Stack, Mrs. John Lord, Mrs. James T. Weart and Mrs. John C. Hoepfner. The Ambulance Committee is composed of Mrs. Edward S. Fox and Mrs. Frank Probsting.

To Discuss Home, School, Church

"Triple Alliance" Topic of New Jersey P. T. Convention in Atlantic City

"The Greatest Triple Alliance: The Home, the School, the Church," is the general topic of the twenty-seventh annual convention of the New Jersey Congress of Parents and Teachers, to be held November 1, 2 and 3, 1927 at Haddon Hall, Atlantic City.

Two women of national prominence will attend. They are Frances Hays, extension secretary of the National Congress, and Mrs. Laura Underhill Kohn, manager of the publicity bureau of the National Congress. Mrs. Hays will conduct the Parent-Teacher Institute, Tuesday afternoon. Mrs. Kohn first became interested in Parent-Teacher work in Portland, Oregon, while teaching school, and has given several years to the Field Service of the National Congress. She is now in the National Office giving active service through Institutes and aid by correspondence.

Two publicly classes will be conducted to Mrs. Kohn, who has proven that publicity is a real business.

Mrs. Kohn, before engaging in Congress work was a teacher in the Horace Mann School, model school of Columbia University.

In 1922, Mrs. Kohn became chairman of Publicity and in two years built up the work to a point where it became necessary to establish a Publicity Bureau.

The convention will open formally with a banquet Tuesday evening, at which time Mrs. Frank Watson, of Philadelphia, will speak on "The Home."

Dr. Charles H. Elliott of Trenton, New Jersey's Commissioner of Education, will speak on "The School," and the Rev. Hinson Vernon Howlett, of Atlantic City, will talk on the "The Church."

Mrs. Louis T. de Valliere, state president of New Jersey Congress of Parents and Teachers, will speak on "Our State."

Another speaker at the convention will be the Rev. William Thompson Hancher, of Trenton, whose topic will be "Week Day Schools of Religion." Mr. Newell W. Edson, Chairman Social Hygiene Committee National Congress, will speak on "Trained Youth for Parenthood." Miss Charl Williams, Field Secretary of National Education Association will speak on "The Parent's Responsibility in Modern Educational Movements."

Harriet Ayer, of Seymour, author of "How to Think Music" will have as her topic "Music of Life." Dr. A. B. Meredith, State Commissioner of Education, Connecticut, will address the convention on "Safety; A Subject or a Philosophy of Life." Arrangements are being made for six hundred delegates representing every county in the State.

STOLE GOLD WATCH

Colored Lad and Man Arrested for Theft

Charles King, colored, of Fourth and Race streets, West Palmyra, was held in \$200 bail for receiving stolen goods, and Thomas Allen, a 12-year-old colored boy, son of Mr. and Mrs. Phoebe Allen, of Washington and Market streets, was placed on probation for stealing a gold watch belonging to H. Herbert Baugh, who lives with his mother, Mrs. C. B. White, at Fifth and Cinnaminson avenues, Palmyra.

Baugh had some old furniture, in his attic which he told King he could have if he came for it. King and the Allen boy went to the White house last Wednesday night to get the furniture. Baugh told the two

they could go to the attic themselves. As young Allen passed Baugh's bedroom, he noticed the watch on the bureau and went into the room and got it.

The gold watch was valued most to Baugh as a relic because it was handed down by his great-grandfather. Baugh missed the watch when he retired that night. He later notified Chief of Palmyra Police C. Morris Beck, who arrested Allen the next morning. Young Allen admitted he had taken the watch and had given it to King, who promised to give him two dollars Saturday.

King denied the boy gave him the watch but said it was in a pair of pants among the articles in the attic which Baugh gave him.

COLLISIONS

One Driver Sent to Jail For Being Intoxicated

William Sottogelsa, of Lenola, was committed to Mount Holly jail for 30 days and his driving license was revoked for two years by Justice of the Peace William L. Fletcher for driving his machine while intoxicated. Sottogelsa struck another car on the Lenola Road Sunday morning, damaging both machines considerably.

Nathaniel Wieg, a companion with Sottogelsa, was fined \$5.00 and costs for being disorderly. Chief Beck, of Palmyra, made the arrests and took Sottogelsa before Dr. LeFavor, of Palmyra, who pronounced him too intoxicated to drive his car. No one was hurt in the collision.

Lewis Lang, of 617 St. John's street, Camden, struck another automobile owned by Gene Kuhnle, of 200 Federal street, Camden, at Market street, West Palmyra, last Thursday night. Lang drove the Kuhnle machine into the trolley tracks.

Kuhnle did not want to press the charges against Lang, who was driving a Dodge car without registration cards. He agreed to settle with Lang if he would buy his Ford machine for \$50.00. This was agreed to.

Lang had a bill of sale but no registration cards. His car was held until he brought the necessary cards to police headquarters.

Another car owned by a man from Five Points was also held at Palmyra Police Headquarters. The driver was unable to get the automobile started in Palmyra Sunday night. He was accompanied by several friends, who went home in a bus.

"Undoubtedly personal liberty is a good thing," believes the Dallas News, "but we don't like to ride with a driver who is full of it."

Astec poetry was sung, not recited.

Stockwell Again Heads Ockanickon

Prominent Moorestownian Re-elected President of 4-County YMCA Camp

The annual meeting of the trustees of YMCA Camp Ockanickon was held at the Industrial School at Bordentown Wednesday night of last week, with members present from the four counties which unite in the operation of the camp near Medford — Burlington, Camden, Gloucester and Monmouth counties.

Henry F. Stockwell, of Moorestown, as president, and John W. Thacher, of Edgewater Park, as treasurer, were re-elected for the ensuing year. Everett Haines, of Medford, also one of the camp trustees from Burlington county, was placed on the property committee.

The report of Secretary Guy C. Hendry, who for the past season was the director of the camp, was a part of the business. Therein were contained a number of recommendations having to do with property improvements and ways for enriching the program at Ockanickon, to the end that the boys' camping experiences may be more productive in the genuine character values.

Mr. Hendry said: "Much remains to be done to bring the equipment at Camp Ockanickon up to the ideal trustees and secretaries feel, which often finds expression in such terms as 'Here is where we want our Lodge.' The Boat House should be located at that point along the shore, and over it would be a fine place for the Camp Library. 'Some day we want rustic-finish tables here in the dining hall, and crockery dishes, too.' 'Yes, the top of this Mount would be a wonderful place for a look-out tower.' 'There's the upper lake, too, on which a second camp can be established some time.' 'What a fine location for tennis courts.' 'How fine it will be when we get enough tent houses to take care of an enrollment up to two hundred a week.'"

CAPT. CLIFFORD R. POWELL

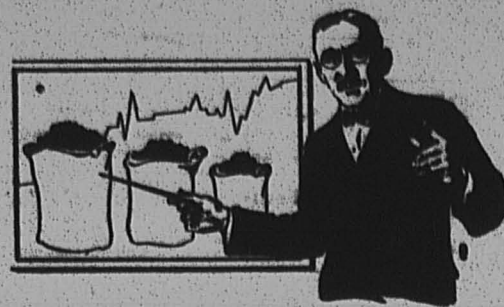

SAILED FOR HOME SATURDAY

Captain Clifford R. Powell, Assemblyman from this county and Republican nominee for State Senator, who has been attending the American Legion convention in Paris, France, in a representative capacity for the Legion of this county, sailed for home Saturday. Since he has been abroad taking part in this great work, word has come from him that he was thoroughly enjoying meeting the boys who stood shoulder to shoulder in their gallant fight to victory in the World War, and that the trip as a whole

was so wonderful that it would always remain fresh in his mind.

The tongue of the giant sphinx moth is sometimes six inches long.

The entire city of Toledo, Spain, is to be officially made a national monument, to prevent destruction of beautiful and historic old buildings.

COAL

The right sort of COAL will keep your home warmer with less work and at less cost than the wrong kind. It is a part of our service to you to see that you get the proper COAL for the heating system you are using.

Friendly Thoughts
by Frank A. Snover

The man who is leading a good, useful life believes that the world is growing better. The unfortunate who is living with reckless disregard of his behavior is apt to believe that it's a bad old world — getting worse every day. Life becomes a caricature to the man with blurred, distorted outlook; it is beautiful to the man whose vision is normal.

3 Building Plans Being Considered

President of Board of Education Tells Parents Nothing Yet Decided

At the Riverton Parent-Teacher reception held in the public last Thursday evening, Murray C. Boyer, president of the board of education, spoke briefly on the subject of the new school building which holds the center of attention in Riverton at the present time.

Mr. Boyer said he was not in a position to state exactly what the board of education would recommend should be done for providing the additional school room which is so imperatively needed, but that the subject was being given very careful consideration as to the best solution of the problem. Sufficient information has not been secured, Mr. Boyer said, to enable the board to decide whether the necessary room would be secured by an addition to the present building, a new building to take care of the overflow, or a larger new building to replace the present building for school purposes. Mr. Boyer pointed out that one of the disadvantages of adding to the present building would be the fact that the school would be deprived of the use of a part of the building for several months, making it necessary to secure additional room outside.

At the Parent-Teacher reception a year ago it was thought that plans for a new building would be ready to submit to the voters at the annual district school meeting in February. Last year at that time District Clerk Fred P. Hemphill said he personally favored abandoning the present building for school purposes and erecting a new one at one end of Memorial Park.

SAND AND SPRAY

There is a worthy little publication down at Atlantic City that is called Sand and Spray and is edited by Adrian W. Phillips, in behalf of the great hotel combination Chalfonte-Haddon Hall. In a recent issue there appeared an article under the head of "What's in a Name," and it proceeded to explain that the people of Atlantic City are familiar with both sand and spray.

"Sand is the material upon which our place of business is built, material which composes our broad beaches—and is a quality possessed by our employees—otherwise spoken of as 'grit.'"

Editor Phillips proceeded to explain spray as "flung from the crest of the broken waves, helping to impart to the breeze that catches it some of the salty ocean taint that we find so invigorating."

So as nature has made one substance solid and the other light, and as sand and spray typify solid matter and the lighter vein the seekers of health and pleasure who go to Chalfonte-Haddon Hall are unanimous in agreeing that sand and spray, plus taint and comforts, are "Great."

GAS CONSUMPTION

The American people are making greater use of their automobiles today than ever before in the history of the country.

Late statistics published by the oil companies show that the consumption of gasoline increased from one billion gallons as of July 1, 1926, to one billion, three hundred million gallons as of July 1, this year. During July, August and September there was an additional increase over last year.

An increase of 300,000,000 gallons means an increase of at least 3,000,000 miles of travel in one month.

Further proof of the public use of automobiles is the increased production of automobile tires and the Seiberling Rubber Company states that the increased mileage which the users have received from their tires prove this. The public, realizing more and more the importance of having the required amount of air in the tire, is obtaining better service.

While the United States has always been ahead of the rest of the world in the use of motor cars, it is interesting to note that while there have not been as many new cars produced this year compared to last year the owners have used their cars more than ever before.

THE MOTOR BURN

In conference with officials of Burlington county recently, when the question of road improvements between Moorestown and the Camden county line, were under discussion, a representative of Public Service Railway Company is quoted as saying that motor bus transportation still is in its experimental stage.

While it is agreed that under present conditions motor buses seem to be acceptably filling the field formerly occupied by the rural trolleys, the consensus of opinion among transportation experts is that it is too soon to accept as conclusive the view that the day of trolley roads in the rural and suburban

CALENDAR REVISION

Should the United States Chamber of Commerce vote favorably on the George Eastman movement to revise the calendar, the probability is that the proposition will be put to the final test, and it will not be at all strange if the experiences of a little more than two centuries ago are repeated, and by changing the calendar of the world.

All histories related two calendar birthdays of George Washington, Old Style, February 11; new calendar, February 22, 1732. The Washington Post editorially comments the proposal to change the calendar and says that it is receiving strong support.

T. V. O'Connor, Chairman of the United States Shipping Board, says that "a simplified calendar would be of clearer benefit in figuring wages, leases and interest, and checking up the amount of traveling expenses." Its most positive advantage from the standpoint of shipping would lie in the clearer interpretation which could be put upon general statistical data.

"The gain in having a month that always contains the same number of days and an even number of weeks would more than counterbalance any disadvantages that might arise," says Chairman O'Connor.

It is remarkable to read the opinions of hundreds of business men of the country who have agreed with the suggestion of Mr. Eastman for a change in the calendar. The new method would give equal months of 28 days and 13 months to the year.

FIVE DAYS OR SEVEN

The American Federation of Labor favors a five-day week, giving workers two days out of seven. Russia's Government, exercising all powers, establishes a seven-hour work-day, a long step from the serf slavery of old Russia. Those who start the five-day week, want men to have one day in which to spend what they earn in five days. Spending is as important to the country as earning, they say.

The value to workers of a seven-hour day, or five-day week, depends on what they do with the extra day or hour of freedom. If they read and think more, they will go ahead. If not, they will stay in the same place, but in any case, the greater leisure will improve their health. That will make a better next generation, inclined to thought.

Robert A. Millikan, brilliant scientist of California Institute of Technology, tells students that science "will free human slaves," meaning, presumably, that science will free men from hard labor. Pray that it may not happen too soon. Freedom today from the necessity that drives them, and 99 in 100 would become worthless. If you doubt it, contemplate those that inherit wealth in so-called society.

It will be a surprise to most people who have an idea that the horse is practically extinct that there are 70,000 blacksmiths in this country today. This information was supplied at the meeting of the master horsehoofers and blacksmiths in their thirty-sixth convention in Jersey City. There are 5,000 horses in use in New York City alone.—Brooklyn Citizen.

Trying to exhibit one's democracy doesn't necessarily require hypocrisy.

RIVERTON ITEMS

Mr. and Mrs. Clarence W. Rodman, of Eighth street, entertained at dinner Tuesday evening in celebration of the birthday anniversary of their father, Walter C. Rodman, of Philadelphia. Additional covers were laid for Mr. and Mrs. Rodman's house guests: Miss Mabel Colcord, of Washington, D. C.; Christopher Rodman, Dr. Jessie A. Rodman, of Germantown; Mr. and Mrs. E. H. Campbell, and Mrs. Abigail Lockwood H. Campbell, Miss Abigail Rodman and Mr. and Mrs. Walter Lawrence Rodman, of Philadelphia; Mr. and Mrs. Henry Ercord, Jr., of Wayne, Mr. and Mrs. William Weller Strider, of Glen Ridge, N. J., and Miss A. M. Arthetha Rodman, of Camden.

Mr. and Mrs. J. W. Sylvester spent last week with Mr. and Mrs. John Allison in Virginia. Mr. and Mrs. Allison were former residents of Riverton.

Mrs. Rachel Rieger is visiting relatives in Philadelphia.

A masque Halloween party will be held in the fire house Saturday evening for members of the fire company and the Ladies' Auxiliary.

A meeting of the Woman's Auxiliary of the central division of the Episcopal Diocese of New Jersey was held at Princeton on Wednesday. Miss Beahrook, Miss A. B. Campbell, Mrs. George L. Ridley, Miss Vetter, Mrs. W. R. Hoffman and others attended from Christ Church, Riverton.

Miss Ruth Schooner, of West Chester Normal School and Miss Kathryn Kleckner, of Philadelphia, were weekend guests of Miss Helen Shain.

Many members of St. Joseph's Council K. of C. attended the dedication ceremonies of the Catholic Church in Burlington last Sunday. The fourth degree Knights in full regalia acted as guard of honor for Bishop Walsh of Trenton.

Miss Margaret Field was home from Bucknell University to attend the dedication services of the Catholic Church last Sunday.

Mrs. J. G. Noordewier and daughter, Margaret, of Lancaster, Pa., were weekend guests of Mr. and Mrs. E. L. W. Field, of Fourth street. Mrs. Noordewier, who is the widow of Rev. J. G. Noordewier, a former pastor of the Riverton Presbyterian Church, is now superintendent of the Lancaster Children's Home.

The county supper and bazaar of the YWCA was held at Mount Holly last Thursday evening. Among those present from this vicinity were Mrs. Alexander Wood, Jr., of Cinnaminson; Miss Helen Woolman, and Mrs. Alexander H. Wood, Jr., of Riverton, directors, and the Misses Margaret Harman, Josephine Hainold and Ruth Hollinshead, of Palmyra.

Mrs. Lester Collins, of Moorestown, will review Wills Father's new novel at the Furth Club, Tuesday, November 1, at 4 p. m. Previous to the book review there will be an Executive Board meeting at 1:30 and the regular monthly business meeting at 2 o'clock.

Mr. and Mrs. John Prehater, of Thomas avenue, and Mr. and Mrs. George Perkins and son, Jack, of Palmyra, motored to Asbury Park on Sunday.

Charles and Ed Jessup, who are enjoying a motor trip to the West Coast, are now in Seattle, Washington. They have traveled over 3000 miles and have not had a flat.

T. Gibson Siddall, of Trenton, spent the weekend with his son, Mr. and Mrs. J. J. Siddall, of Lipplacet avenue.

Mrs. Joseph Siddall and Mrs. Harry Jones took the sixth grade class of the Westfield School of the University Museum in Philadelphia on Tuesday.

Mrs. Charles W. Nevin laid the cornerstone at the new building of the Philadelphia Home for Incurables, Belmont avenue and Conshohocken road, last Thursday. Mrs. Nevin is president of the Home and was a former resident of Riverton. Many Rivertonians have been actively interested in this home for a long time.

Mr. and Mrs. John Nickles visited friends at Wilkes Barre, Pa., from Wednesday to Saturday of last week.

Mr. and Mrs. Thomas A. Cashin are receiving congratulations on the birth of a daughter, Mary Elizabeth, on October 18.

Mrs. George Myers, Mrs. Rush-ton and Miss Miller, Fairleigh of Philadelphia, were guests of Mrs. Otto Sauers on Sunday.

Mrs. Walter N. Woolman and Mrs. H. Melvaine Biddle sailed on the S. S. Belgeland on Saturday for a tour through France and Italy.

Mr. and Mrs. F. S. Cummings and children, of Lambertville, visited her parents, Mr. and Mrs. Datto Reed, over the weekend.

Mrs. Harvey J. Mitchell, of Philadelphia, was a visitor in Riverton on Tuesday. Mrs. Mitchell was a former resident and will be remembered by many.

Mrs. Laura B. Davis spent Wednesday and Thursday of last week in Philadelphia visiting.

Miss Elizabeth Coddington, of Arlington, spent the weekend with her parents, Mr. and Mrs. J. M. Coddington.

Miss Elizabeth Coddington, of Montclair, spent the weekend with her sister, Mrs. C. C. Reinhard.

Mr. and Mrs. William W. Keen, of Fourth street, have moved to the home of their daughter, Mrs. Robert P. White at 253 Fulton street.

Mr. and Mrs. Murray C. Boyer left this (Thursday) afternoon for a tour of Europe. They will visit England, Germany, France and Switzerland. Mr. and Mrs. Boyer expect to return some time in December.

Mrs. Reuben P. Corry returned last Sunday, after a six weeks visit to his daughter, Mrs. Sanderson, at North Yonawanda. N. Y. Mrs. Corry brought her two grandsons, Benjamin F. Sanderson and David Sanderson, home for a visit with her.

William Gootes sprained his right wrist while cranking a car Monday.

A sense of humor will bring a laugh amid the tears.

Athletes to Visit K. of C. Council

Stuhlreher, One of Four Horsemen, Will be Guest of St. Joseph's

Another big night for the members of St. Joseph's Council, K. of C., will be on their first meeting of November, next Tuesday evening, when a number of well-known football stars will visit the local council. Harry Stuhlreher, one of the Knights' famous "Four Horsemen" of Notre Dame and now coach of the Villanova College team will bring his squad of main line huskies to the Palmyra-Riverton council and give the local "Caseys" a real football talk.

With coach Stuhlreher will also be his able assistant, Charlie Hunsinger, who played end on the same team that gained world-wide fame when the "Four Horsemen" were rushing aside all opposition.

Since Stuhlreher has been coach at Villanova he has turned out the best teams ever seen at the main line college and has also developed this year some shining lights in the ranks of college football teams. All these young warriors will be with him on his first visit to Palmyra-Riverton.

Father Deal, the Provincial of the Augustinians and now stationed at Villanova, will also visit St. Joseph's council and has a real treat for the Knights in his talks on college life.

Captain Magee, of the Roman Catholic High School of Philadelphia, has also promised to be present and bring with him some of the future college football stars who are winning their spurs at R. C. H. S.

Camden Athletics Coming

Father Fairbrother of Riverside and now Superintendent of Catholic Schools in Camden is anxious to bring some of his athletes to the home of the Palmyra-Riverton Knights and has picked next Tuesday for the occasion.

A real live song leader is needed for such a gathering as promises to be inside the K. of C. hall next Tuesday and the best in the city in the person of Bill Dorley has been secured. A piano player well-known in musical circles of Philadelphia, will supply the music. Arthur van Allen is the artist.

The Knights of the twin towns have invited all the male members of the Sacred Heart Parish of Palmyra-Riverton and also all the members of the six Burlington County K. of C. Councils. An invitation has also been sent to Merchantville council to journey to Palmyra-Riverton and take part in this "Football Nite."

The lecturer's committee of St. Joseph's council headed by T. A. Eaden have prepared this treat for the local Knights and their guests. The other members of this committee are John F. Hackett, R. J. Woods, M. J. McDermott and Jos. T. Landers.

Annual Bal Masque

The Annual Bal Masque and Autumn Frolic to be staged by the local council of the Knights of Columbus next Monday, October 31st, promises to surpass any Halloween gathering ever held in the twin towns. The committee has held several meetings during the past week and chairman A. E. Conlon announces that every detail has been carefully gone over and arranged so that this brilliant affair

will be a source of pleasure to young and old.

An unusually fine lot of prizes are being collected by the committee and by the time the grand march begins the prize table promises to be an attraction for the many wearers of the odd varieties of costumes that are usually seen at this annual autumn frolic.

A special door prize each for a lucky lady and gent is being offered and each winner will be given a gold piece of \$5.00.

The decorations in the dance hall will be especially arranged to give the affair a real autumn touch and to make the "spooks," the "Whosits" and "waitsits" feel perfectly at home.

Good music of course is the most important part of any dance and better music surely means a better dance. So working along these lines the best orchestra in this vicinity has been secured for the occasion. Joe Ritchie, of Camden, and six "biggy artists" will be on the platform from 7:30 until—well as long as the crowd stays so will the music.

The Knights are being assisted in the handling of this affair by their Ladies Auxiliary now headed by Mrs. Sanford, and they are adding many touches to the arrangements that will be surprises for the masqueraders. Those who are assisting Mr. Conlon are A. J. Pfaff, G. Smyth, O. Meyers, H. R. Bradshaw, H. Williams, L. Brennan, J. Doonan, J. Goodwin and Jos. Schuler, Sr.

Mrs. Fredericka Draber

Mrs. Fredericka Draber, aged 65, died on Monday at the home of her daughter, Mrs. John Whartnaby, 615 Cinnaminson street, Riverton, after a long illness. Services will be held Saturday at 2 o'clock, conducted by the Rev. William Richard Interment at Mount Green Cemetery, Philadelphia.

The fool and his money are the stock in trade of the shrewd promoter.

Be good to one another and your religion will almost take care of itself.

Some people find it easier to please others than to please themselves.

PIONEER GROUP YMCA

Our regular meeting was held Tuesday, October 25th and was opened by our leader with a prayer. Mr. Carier then talked to us about the Father and Son banquet. The minutes of the last meeting were read and approved and then the Responsive Ritual was read. We then voted Howard Stanwood into our group as a member.

A football team and Halloween party were discussed.

PALMYRA NOTES

Mr. and Mrs. L. B. Lincoln, of La Jolla, Cal., are receiving congratulations upon the birth of a son, Leonard Byron Lincoln, Jr., in the West Jersey Hospital, Camden, on October 17th.

Mrs. Joseph Casey and Mrs. Louis A. Brennan have returned home from a delightful week's trip to Mahanoy City, Pa.

Miss Ruth Allen, of Philadelphia, Clifton, N. J., and George Seel and family, of Maplewood, were weekend guests of Mr. and Mrs. George J. Seel. On Sunday they also entertained John H. Seel, of Atlantic City, and Mr. and Mrs. Maurice Calby and son, of West Philadelphia.

Mrs. Wesley Huett and children have all been seriously ill for more than a week.

Schilling's Candy Shop at Broad and Leocay avenue has installed a Frigidaire ice cream cabinet and will sell Abbott's ice cream.

Miss Adeline Seel entertained the S. S. Club at her home on Monday evening.

Miss Vera Lutz of West Broad street is expected to return home Saturday after a delightful trip to Paris.

The Palmyra Schools will be closed Monday, October 31, because of the Burlington County Teacher's Institute, which will be held in Burlington.

The Friendship Circle Class of the Epworth M. E. Sunday School held a masquerade party in the Temple Monday evening. Many striking and unusual costumes were worn by the members and their friends and everybody had a great time.

Mrs. Mary A. Cramer, of Florence, is spending several weeks with her son, A. B. Cramer.

Mrs. E. C. Kline and son, of Mt. Airy, are visiting her parents, Mr. and Mrs. C. G. Gibson.

Mr. and Mrs. Raymond Weber and children, of Roseland, N. J., and Mrs. Walter Kemmerle and son, of Riverside, spent Sunday with their parents, Mr. and Mrs. Harry Kemmerle, Sr.

Mrs. Sydney Headington visited her sister in Carlisle, Pa., last week. Mrs. John Coleman was tendered a surprise luncheon on Tuesday in honor of her birthday.

Mrs. Marian Joyce, of Camden, and Mrs. Bennett Longfield and children, of Riverside, visited Mrs. A. B. Powell on Monday.

Mr. and Mrs. J. F. Osborne, of Llanerch, Pa., visited Mr. and Mrs. Thomas Carroll on Sunday.

Mrs. Philip Vollmer is spending several weeks in Baltimore with her daughter.

Mr. and Mrs. William I. Leonard and Mrs. William F. Lehman, of Fieldsboro, and Mrs. Earle Leonard and son, Junior, and Mrs. A. B. Cramer on Thursday.

Mr. and Mrs. Amelia Wood, of West Philadelphia, visited her parents, Mr. and Mrs. Harry Kemmerle, Sr., on Monday.

The Glee Club of the Samaritan class of the Baptist Sunday School will meet at the home of Chester McConnell this Thursday evening.

A party made up of Lloyd Wright, Charles R. Stout, Joshua E. Borton, William G. LeConey, Newton Morton, William H. Reeves, M. E. Matlack and George N. Wimer spent Tuesday in the deer woods of Burlington County and had some wonderful experiences.

Mrs. Edwin C. Markel and family of Philadelphia have moved into the property at 1008 Morgan avenue which they rented from Raymond Warner, realtor.

Rev. and Mrs. George Lockett attended the sessions of the New Jersey Baptist Convention at Ocean City on Monday, Tuesday and Wednesday of this week.

William Carpenter, of Broadwater, Va., spent the weekend with his sister, Mrs. Wesley Huett.

The regular monthly business meeting and dinner party of the Philadelphia class of the Baptist Sunday School will be held at the home of Mrs. Lewis Wallace, on Cinnaminson avenue, this Thursday afternoon at 2:30.

Miss Kate Dutton, of Newark, Del., returned home Sunday after spending a week as the guest of Mr. and Mrs. J. E. Greenwalt.

Mr. and Mrs. A. H. Green are entertaining relatives from Carlisle, Pa.

M. and Mrs. William Rawlings will leave for Europe on Friday on the S. S. Corona. They expect to be gone two months.

Mr. and Mrs. Russell Guidin, of Melrose avenue, entertained his mother, Mrs. Diana Guidin, of Philadelphia, from Friday until Tuesday.

The State convention of the P. O. of A. convened at Atlantic City and Camp 3 of Palmyra was well represented. Mrs. Minnie M. Bowker, national secretary, Mrs. Hemingway, assistant national secretary and Mrs. Fannie Reeves were present. Mrs. Stevenson, of Beverly, president of Camp 3, and Mrs. Sarah Stowe, of Riverside, past president, were delegates. On Wednesday fourteen members spent the day at the sessions.

Anthony Danalis, of Parry, Cinnaminson township, was arrested by Officer Nelson Wallace, of Palmyra police force, for being drunk and disorderly at his home and fighting with his wife, Mrs. Annie Danalis. Wallace was called Tuesday evening and went out to Parry and arrested the man. Danalis was held at Palmyra police headquarters over night. At the hearing before Justice of the Peace William L. Fichter Wednesday morning, Danalis was fined \$5.00 and costs.

The regular monthly business meeting and social of the Kings Daughter's Bible Class will be held at the home of Miss Edith Mills

Tuesday evening, November 1st.

Tonight is the last showing of "What Price Glory" at the Broadway Palace. Matinees are discontinued Saturday afternoons.

Frank Harper visited his uncle at West Chester, Pa., last week. Benjamin R. Rieley is now conducting an Electrical and Radio store in the Joyce Building.

Mr. and Mrs. Walter Michel and family were the weekend guests of her parents, Mr. and Mrs. Lewis Wallace, of Cinnaminson avenue.

Mrs. Mary Rahm, of Philadelphia, visited Mrs. Paul Wolfesmidt, on Monday.

The Palmyra Branch of the Needlework Guild will hold its annual collection and display of garments in the Y. M. C. A. Hall, Thursday, November 3, at 2:30 p. m.

Have your garments ready for your director who will call soon, or better still, send them to her. Come to the Hall next Thursday and see what a splendid work you are helping us to carry on. If you are not a member, come anyway and join and receive a cordial welcome.

Mayor James T. Weart has built a replica of his home which is on display in the window of the Lamon Realty office. The miniature house is complete in every detail and is constructed of thousands of hand carved shingles, etc. The Mayor has been working on the model during leisure hours since January.

A contest will be conducted for school children who are to guess the number of shingles used to form the roof and siding.

DEWIGHT-CLELLAND

At half past nine o'clock on Wednesday, October 19, Miss Anna R. Clelland, of Main street, Riverton, was married to Mr. H. DeWight, of Delanco. The ceremony was performed at the Sacred Heart Church with a nuptial mass by the Rev. Joseph A. Rigney.

The bride was attended by her sister, Miss Marie Clelland, as bridesmaid.

The bride wore a gown of white silk crepe and her veil was of white silk net fastened with orange blossoms.

Mr. and Mrs. William I. Leonard and Mrs. William F. Lehman, of Fieldsboro, and Mrs. Earle Leonard and son, Junior, and Mrs. A. B. Cramer on Thursday.

Mr. and Mrs. Amelia Wood, of West Philadelphia, visited her parents, Mr. and Mrs. Harry Kemmerle, Sr., on Monday.

The Glee Club of the Samaritan class of the Baptist Sunday School will meet at the home of Chester McConnell this Thursday evening.

A party made up of Lloyd Wright, Charles R. Stout, Joshua E. Borton, William G. LeConey, Newton Morton, William H. Reeves, M. E. Matlack and George N. Wimer spent Tuesday in the deer woods of Burlington County and had some wonderful experiences.

Rev. and Mrs. George Lockett attended the sessions of the New Jersey Baptist Convention at Ocean City on Monday, Tuesday and Wednesday of this week.

William Carpenter, of Broadwater, Va., spent the weekend with his sister, Mrs. Wesley Huett.

The regular monthly business meeting and dinner party of the Philadelphia class of the Baptist Sunday School will be held at the home of Mrs. Lewis Wallace, on Cinnaminson avenue, this Thursday afternoon at 2:30.

Miss Kate Dutton, of Newark, Del., returned home Sunday after spending a week as the guest of Mr. and Mrs. J. E. Greenwalt.

Mr. and Mrs. A. H. Green are entertaining relatives from Carlisle, Pa.

M. and Mrs. William Rawlings will leave for Europe on Friday on the S. S. Corona. They expect to be gone two months.

Mr. and Mrs. Russell Guidin, of Melrose avenue, entertained his mother, Mrs. Diana Guidin, of Philadelphia, from Friday until Tuesday.

The State convention of the P. O. of A. convened at Atlantic City and Camp 3 of Palmyra was well represented. Mrs. Minnie M. Bowker, national secretary, Mrs. Hemingway, assistant national secretary and Mrs. Fannie Reeves were present. Mrs. Stevenson, of Beverly, president of Camp 3, and Mrs. Sarah Stowe, of Riverside, past president, were delegates. On Wednesday fourteen members spent the day at the sessions.

Anthony Danalis, of Parry, Cinnaminson township, was arrested by Officer Nelson Wallace, of Palmyra police force, for being drunk and disorderly at his home and fighting with his wife, Mrs. Annie Danalis. Wallace was called Tuesday evening and went out to Parry and arrested the man. Danalis was held at Palmyra police headquarters over night. At the hearing before Justice of the Peace William L. Fichter Wednesday morning, Danalis was fined \$5.00 and costs.

The regular monthly business meeting and social of the Kings Daughter's Bible Class will be held at the home of Miss Edith Mills

So reserve Friday, November 11, and see Casey's Dream. It is one long to be remembered.

No Bad Boys, Says Men's Club Speaker

Furlong Declares Mischievousness is Only Misdirected Energy

The Palmyra Men's Club heard an interesting address Monday evening by Raymond Furlong, Vocational Counselor of the Curtis Publishing Company, who has charge of the training and development of 50,000 boys in the Curtis organization.

"There is no such thing as a bad boy," said the speaker. "Most of the so-called badness is misdirected energy."

Mr. Furlong praised the efficient work of the Y. M. C. A. and the Boy Scouts in satisfying the need which exists in the normal boy for a physical outlet for his overflowing energy.

"We all know the type of boy called a 'bully,'" he said. "Many persons feel that a bully is headed straight for a criminal career. We know this is not generally so. Bullying, so-called, is really a form of leadership. The bully of a gang is its leader. Bullying is a natural tendency easily developed by the majority of boys and they usually exercise it if they can get away with it. But if a bully is properly directed he may be developed into a leader. All boys should be trained in leadership. In our own organization we constantly prove that bullies have all the qualifications of real leaders."

"Another tendency possessed by boys before the age of 12 is that of lying. Boys of early age will usually lie to escape punishment. A boy will not generally lie to those whom he loves, likes, respects and admires, his friend. Therefore, if a boy made to realize that he is surrounded by friends, that he is in a friendly world, the apparent necessity for lying will disappear. The so-called gang influence helps if the gang are of the right sort, and are well directed. The Boy Scouts, the Y. M. C. A. and other similar organizations help normal boys to become better fitted to take their places in the world as successful men."

"Practically every boy coming out of boyhood is possessed with an inclination to steal. This must not be considered as an evil trait in a young boy. When we realize that boys in their own homes are allowed to have what they want, and that they need, we know they have to learn that another rule exists in relation to property outside their homes. The best way to train boys in this connection, we believe, is to teach them the value of property by helping them to realize that effort is required in securing any possession of value. The acquisitive habit is one of the strongest of all in boys. When a boy works for what he wants he learns the value of property and his early stealing stops."

Mr. Furlong urged better understanding of boys and their needs. It would seem that the little fellows would always be sure of that, since all grown-ups were once young and yet it is the simple fact that the attitude of the adult towards the child, the boy especially, is singularly lacking in understanding. Too often father and son speak in different languages. Mr. Furlong believes that properly directed spare-time work gives the boy and father common interests which bring them closer together.

The speaker also told of the offer of \$25,000 which the Curtis Publishing Company has made so that boys who progress through its honor organization, The League of Curtis Salesmen, and acquire the graduate degree, may obtain loans up to \$15.00 each toward their college expenses, with their character as security.

Miss Amy Milton favored the club with several beautiful solos and William Weaver rendered a sumptuous vocal solo.

Refreshments were served by the Ladies' of St. Agnes Guild.

WARNING

Chief Beck Orders Shooting of Staples to Halt

Chief C. Morris Beck, of Palmyra police, has issued a warning against the shooting of staples with rubber bands on the streets and especially in the Broadway Palace. Several complaints have been received by Beck and he requests parents to warn their children against this habit. If this shooting of the staples continues, Chief Beck says charges will be pressed against the guilty ones.

Last week a boy was struck in the back of the neck and suffered a painful injury. The shooting of these sharp staples is very dangerous because if one were struck in the eye it would be fatal.

Chief Beck reported that he had gone to see one parent upon complaint and the parent replied, "Sure my boy has a rubber band shooter, all the boys have them."

"Another thing I want to warn the parents about is to warn the children about getting into the coming of Halloween," Beck said. "It is the custom of boys to do property damage on what is called Mischievous Night, the Sunday evening before Halloween."

"If any property is damaged this year or anything done to cause danger to the people, as tampering with the gas lights about town, the guilty person or persons must pay the cost and will be prosecuted to the full extent of the law. Several special officers have been engaged to see that this warning is carried out."

FRANCIS B. ELWELL, STRUCK BY TAXI

Francis B. Elwell, of Riverton, had a narrow escape from serious injury when he was run down by a taxi cab in Camden last Friday, October 21. The deceased was 77 years old. He was a member of the Covenant Lodge, F. & A. M., and a member of Palmyra Camp 23, P. O. S. of A.

Funeral services were held yesterday (Wednesday) afternoon at 2 o'clock at the Snover Funeral Home, East Broad street, Palmyra, with Rev. George Lockett, Pastor of the Palmyra Baptist Church officiating. Interment was made at the Morgan Cemetery.

Luck figures largely in every man's life; but it is not all of success.

CASEY'S DREAM

Men's Brotherhood of Presbyterian Church of Delanco, will present Irish Playette Friday, November 11, 1927, in Town Hall.

The playette entitled Casey's Dream, written and directed by Herbert Warren, a member of the Brotherhood, was recently given in Palmyra, before a large audience.

Warren is training the men of the class to play the different parts and he will take the part of Casey with all of his Irish wit and humor.

So reserve Friday, November 11, and see Casey's Dream. It is one long to be remembered.

A man isn't necessarily a fool because he looks the part.

Money Talks

MONEY TALKS—HUSH LOUDEST OF ALL

Later, Maybe, Eh?

They were standing in the hallway waiting for the orchestra to play again.

Tenderly he placed his arm around her waist. She blushed and stepped back. "You can't pull that stuff in this house," was her reproach. "But say, kid, we've got a side porch that's the best place in town."

A Poor Job

A little boy slipped into the parlor and then eyed the visitor up and down.

"Well, little man," said his father's friend, "What are you looking at me for?"

"Daddy said you were a self-made man and I wanted to see what you looked like."

"Quite right," said the gratified guest.

"But why did you make yourself like that for?" said the boy with considerable surprise.

Winning a Gal

I first saw her at a circus. And knew that I was lost; I swore that I would have her then. Regardless of the cost, I quickly mustered all my strength. Twice, thrice, I threw the ball. And the third time, knocked the cat.

Now she's mine—that Kewpie doll.

Fair Enough

"Sir," said the maid quite haughtily, "either take your arm from around my waist or keep it still. I am no banjo."

He's No Gambler

Kind Lady: You should brace up, my poor man. Remember what you owe to society.

Hobo: I don't owe society nothing, lady. What do you think I've been doing—playing bridge?

A Novel in the Making

We haven't written a novel yet, but here are a few lines we shall include in that work:

The alarm clock went off. Horace arose and brought it back. So I see to the general, I see. "Congratulations, sir, upon making my acquaintance."

It was one of these little towns where they still tell about the year the "Limited" stopped to let off a passenger.

RECORD ENROLLMENT AT DREXEL INSTITUTE

With the largest entering class in its history, Drexel Institute, Philadelphia, this year has also the largest enrollment, according to a report presented by the college registrar to Dr. Kenneth Gordon Matheson, president.

The incoming class this year numbered 453, 301 of them men, and virtually all in the various five-year co-operation engineering courses. These new students come from twenty states, including as far west as California, as far south as Florida, and as far north as Maine, and from two foreign countries, China and Denmark.

Of the 453 students, Pennsylvania provides a total of 324, and of this number, 128 are from Philadelphia. New Jersey comes second with 89 representatives, and Maryland third with 19 students.

The total day college enrollment, according to the final report, is 1355, as against 1086 last year. In addition, the evening school enrollment is 357, also a record enrollment, bringing the total Drexel enrollment to 3223.

BURLINGTON MAN TIRES OF POLITICS

Eleven Months as Councilman Satisfied Simons' Desire to Serve His City

It did not take Charles J. Simons, of Burlington, long to discover that there is more happiness in civic freedom than in bearing a yoke of governmental responsibility.

Mr. Simons was elected to Burlington City Common Council last November and went into office on January 1. Last week he jacked up the councilman's job.

Mr. Simons gave his resignation to Mayor V. Holman, president of Common Council. It was stipulated that the resignation was to take effect immediately.

Mr. Simons did not give any reason for taking off his councilman's top nor was any opinion vouchsafed at the meeting.

City Solicitor Ernest Watts and City Clerk Walter W. Marrs were directed to ascertain whether a successor to Mr. Simons could be chosen at the general election next month. There is considerable doubt along that line, but it may be possible to write the name of some candidate in the personal choice column of the ballot.

"If you would avoid temptation busy yourself with your own affairs."

FRESHMEN RECEPTION

The "Freshmen Reception," given each year by the three upper classes of Palmyra High School to the first year students, will be held this Friday evening, October 21, in the high school.

The pupils in charge of the various committees have worked hard and everything is in readiness for a pleasant evening.

Indian Chief Clings to Wilderness Home

Near the spot where the Stars and Stripes was first unfurled in Washington, Long Jim, last of a great Indian war chief family, is making his stand against civilization.

The wilderness home of the war chief of the Cheilan, Methow and Okanogan Indians, has changed little since the first visit of Astor fur traders in 1811. Virtually the only concession Long Jim has made to advancing civilization has been the education, in the white man's schools, of his daughter, Princess Jennie Jim. She was proclaimed Princess America II at the national Indian congress at Seattle last July and later an honor guest at Atlantic City.

Long Jim took his present home along the Okanogan river on the Colville reservation after years of bitter struggle against early settlers and United States Indian agents. The old chief desired to live and die on the land of his fathers at the mouth of Lake Cheilan, in north central Washington.

One of his great fights ended when Indian agents put him in jail for nine weeks for refusal to give up tribal lands on Lake Cheilan to white men. Long Jim was released when courts ruled he was entitled to a square mile of his tribal holdings. But having controlled a vast territory from the Cascade mountains to the Columbia river, he refused to accept the allotment.

Bitter against the white man, he left the ancient Indian home and moved to an old camp ground on the reservation, 50 miles east. He paid his cousin, Columbia Jim, to move and leave him in solitary possession of the wild tract. He still refuses to accept the settlement involving his relinquishing the Cheilan holdings or to accept any money accrued from it.

High Cost of Dying

A colored man came into a ticket office and asked for two round-trip tickets to Charleston. The agent knew him and asked who was going with him.

"My brother," said the colored man. "Your brother?" asked the agent. "Where is he?"

"Out there in a box. He's dead," answered the colored man. "Well, if he is dead you don't want a return ticket for him."

"Yes, suh," said the colored man. "You see, we ain't goin' to bury him in Shalston; we have about forty kinfolks down there, and we figured it would be cheaper to carry him down to Shalston 'fo' de funer' service and bring him back, than to bring the whole family up here."

Fight Indian Usurers

To protect the poor of India from a form of usury which not only binds the borrower for life, but also ties up his sons and grandsons, the Young Men's Christian association is establishing banks in that country. More than 400 have been established in towns and villages by D. Swamidos, the native secretary, and more are being established. Representatives of the association visit the places and, as they have no offices, conduct their business under mango trees. In order to combine their campaign of hygiene and finance, Young Men's Christian association officials often compel an applicant to open the windows of his home or to wash his dirty baby before the loan is made.

Sounds That Soar

In common with an investigation of city traffic noises in London, interesting tests were made to determine how high some of the sounds are carried, says Popular Mechanics Magazine.

The measurements were made from a balloon, as an airplane would have drowned out all other noises than that of its engine. Rumble of vehicles was heard as high as 2,500 feet, while the whistle of a locomotive was audible at an altitude of a

This Week

By Arthur Brisbane

MONKEY SUPERMAN.
115 RATTLESNAKES.
HER QUIVERING FLESH.
INDUSTRY AND SCIENCE.

Professor Voronoff has made old men seem younger with the help of monkey glands, has made science take him seriously.

Now he proposes to create supermen, such as Nietzsche dreamed of, by using animal glands on young children of exceptional talent. He believes that he will create genius such as earth never saw, in the children of children thus treated. The old-fashioned will believe that if monkeys could help create finer men, Nature and wise Providence would have called on the monkeys long ago.

Also a race of supermen is just what the world does NOT want. Tall men like short women, thin women admire fat men, genius marries mediocrity, all proof that Nature wants us to march along side by side about even, not a few far ahead of the others, or riding on the backs of others.

Those that run risks today will have contributed to absolute safety in the future. Lindbergh says flying overland with a good pilot and machine is safer now than automobilizing.

Moving pictures show Lionel Barrymore holding the red-hot branding iron, Allen Brimble riding the snow-white shoulder and quivering flesh to which the "red-hot" iron will be applied.

Thousands, shuddering at this branding, will hardly realize that such torture would have been considered natural a few years ago. Men were skinned alive, impaled on sharp shafts, and left dying for hours. At the time of Henry the Second, a workman was branded on the cheek with a hot iron, if without permission, he left his parish to find work in another.

Those Henry the Second workmen may comfort united coal mine workers of America, forbidden by court injunction to interfere with the Pittsburgh Terminal Coal Corporation's open shop.

That injunction and others like it will do a good deal to make unions powerless. But it isn't as bad as being branded for going out of your parish, he left his parish. We do improve, although slowly.

Near Riverton, Wyoming, Ted Lee killed 115 rattlesnakes with a shovel.

Rattlesnakes rely entirely on poison and conceal, which makes it easy to destroy them. So with those that pervert truth in history, religion, or otherwise. They rely on a poison which is not reliable and are disposed of easily.

A British lady doctor, Dorothy Cochran Logan, swims the English Channel in 13 hours and 10 minutes, cutting Gertrude Ederle's record by 1 hour, 24 minutes. This does not mean helping the Ederle achievement. It all depends on wind, tide and waves, as you know if you have sailed across that rough, mean and choppy stretch of water.

Similarly the man who dies with a "big name" and millions has not necessarily beaten the record of some poor devil ending in the Potter's field. ALL depends on the kind of sailing each had on life's water.

In Los Angeles last week, Max S. Hayes, farmer-labor candidate for Vice-President in 1920, told the American Federation of Labor it ought to start a labor party in 1928.

President Green, of the Federation, knows that failure is no good advertisement, and will not advise a step that would mean a miserable poor showing and hurt the prestige of organized labor. Union men know that one of two candidates will win the 1928 election, and they will reserve the right to vote for the one they consider the better man.

Every year there are born in Germany 15,000 pairs of twins, 200 sets of triplets. And a sprinkling of quadruplets. No nation has so many.

This human fertility is more important to Germany than any of her factories. The real wealth is human intelligence and industry, and the world's mothers create its real wealth.

Building Inspector Addresses Firemen

State Officer Delivers Fine Talk at Co. Association Meeting in Bordentown

Delegates from twenty-eight companies in the county and eight chiefs attended the monthly meeting of the Burlington County Firemen's Association at Bordentown Wednesday evening of last week.

Following an address of welcome by William S. Gingles, of Bordentown, one of the leaders in fire matters and Secretary of the County Association, an interesting and timely message was brought to the firemen by the Building Inspector of this State.

He covered in every detail what was necessary to guard against fire in the construction of factory buildings. The Keystone Watch Case Company plant at Riverside, was cited by him as a model structure in this county and one that was constructed against that deadly enemy, "fire." He also spoke of other buildings in various parts of the county which he considered well constructed against the ravages of fire and as a contrast cited some others in which fire prevention had

been given little, if any thought, in their construction.

Edward H. Flagg, Jr., Vice-President of the State Association, explained the resolution passed at the convention of the State Association held at Atlantic City, last month, providing for pensioning aged firemen. The Executive Committee of the State Association, he said, was now working on plans in this connection.

The next meeting of the Association will be held at Moorestown, on November 16, which will be the annual get-together session.

About Your Health

Things You Should Know

By John Joseph Quinn, M. D.

WHY "HEART DISEASE"?

John Doe, aged fifty-three, found dead in bed. He weighed 227, and appeared in perfect health up to his sudden demise. He smoked a pipe, doubled to excess; drank coffee two or three times a day—a most deadly drug! He had been seen to "drink" at club dinners, one never can tell. A county coroner viewed the remains: heart disease; the newspapers concurred; autopsy not deemed necessary; incident closed. Who next?

Well—the fellow with a chronic throat; germs of influenza, that linger for years, and produce—endocarditis. The fellow whose blood is surcharged with undigested proteins from the six o'clock dinner; a habit indulged for fifteen years, and, sanctioned by some very good medical men. Yes. Five physicians died in my state during the last month, each under sixty-five. All fat men, good livers, high blood pressure, diners at evening clubs; loved by everybody. Heart disease or cerebral hemorrhage—Bright's disease. It is so easy to name the grim destroyer, yet, why did he call so inopportune?

Why, here's old farmer Bill Smith—ninety-three years old; used tobacco all his life; drank all the coffee that he could get; ate meats, supping they were good for him; then, he took his "nip" when Volstead wasn't looking! Stolen sweets, you know. Why is he alive, anyhow? Taking two or three of the deadliest drugs known, whenever he felt like it—which was probably frequent enough. In old farmer Bill Smith, a freak! Well, yes, in that he lived temperately, at the promptings of a well-balanced appetite. There are few such "freaks" unfortunately; there are more of the sort that engorge themselves at unseasonable hours, and are intemperate in everything, not actually labeled dynamite. Why not "heart disease"? Where germs are, there is infection; where intemperance clings, the penalty is sure.

Next Week: Is May Be You

JUDGE WELLS TO SPEAK AT MERCHANTVILLE

A special meeting for men will be held under the auspices of the Men's Association of the First Baptist Church, Merchantville on Friday evening at 8 o'clock. Mayor Hollman of Merchantville, will be honorary chairman and will introduce Judge Harold B. Wells of Bordentown, who will give an address to the Men's Association.

Dr. Frank Crane Says

Some Scientific Talk is Bunk

And now comes along an astronomer of the Yerkes Observatory, near Chicago, and says that there is probably going to be an explosion of the sun which will doom the earth and its inhabitants to extinction and may happen any minute, although again it may not happen for a million years or so.

Ordinary statements like this leave me dumb and sweet-ripped. We accept them as true because we have no way of contradicting them. They are like the statements that used to be made about theology, when they argued whether one million or ten angels could stand on the point of a pin. Nobody knew anything about it anyhow and so the declarers were safe.

We read somewhere in our youth of a story of a man who professed to know everything. Ask him how many fishes there were in the river and he could tell you the number exactly in a minute. There were exactly seventeen million and ninety-six. He also knew the number of nails that went into the bridge and the number of stars in the heavens and the number of hairs on your head and could tell you the number exactly in a minute's notice. This was all right because nobody could dispute it, but it was simply a bold bluff.

If you say there are nine trillion blades of grass on the lawn nobody is going to take the trouble to count them. Your statement goes unchallenged.

A lot of this scientific data is pure bluff intended to awe the common man and it succeeds pretty well. We have passed the age when people are stricken dumb by theological dictum, but we are in the same new position where people are bludgeoned by scientific data.

Science has done some wonderful things. It predicts an eclipse of the moon to the minute and tells us how electricity will act and all sorts of things, but that is no reason why scientists should lay back their ears and talk lightly about things that are manifestly pure guesses.

The sun may explode tomorrow and again it may not. One man's guess is as good as another's. We have made some progress in finding out about earthquakes and we have elaborate theories as to how they occur, but just when an earthquake

is going to hit us we know as well as the scientists.

The best things we can do is to run along and sell our papers and let the works blow up we are as well off as anybody and no worse.

SERVICE SCHOOL REORGANIZATION

Dodge Course for Service Men Broadened to Include Instruction for Servicing New Cars

To maintain and improve the high quality of service to officers for which Dodge Brothers Motor organization has become well known throughout the country, the factory has completely reorganized its training school for service managers and service men. The school has been in existence for several years, giving a comprehensive

course in servicing Dodge Brothers four cylinder cars which has been taken by thousands of service men from all parts of the country.

The reorganized course of study includes, in addition to the former instruction on four cylinder cars, detailed study of the company's Senior line. The school is modern in every respect and the instructors in charge are specially trained service engineers who know the proper method of performing every mechanical detail of service on both lines of cars.

Already approximately 100 service men have gone into the factory to go through the new course of study and during the next few

weeks it is expected that many dealers from all over the country will send their men to Detroit to take the course of instruction.

BURLINGTON CELEBRATION
COST CITY ONLY \$7,000

Burlington's 250th Anniversary celebration cost the city only \$7,000, about \$800 less than had been appropriated by council for the five-day affair. The executive committee of the celebration tallied the bills and passed them all. The bills were put before council for approval and payment.

Electricity and Gas

REDUCE the WORKING HOURS of the Home-maker

Gas Performs Unique Heating Service Through Heaters Designed for Many Purposes

Gas is unexcelled for use where heat is wanted quickly. It responds with a flood of warmth as you apply the match.

Gas heaters of suitable design may be had for every heating purpose in the home.

The Rexnor Wall Hang Heater is a gas heater built into the wall, so that it is out of the way, and requires little space. It will drive the chill out of the kitchen in a few minutes. The Rexnor wall heater sells for \$17, and may be had on the easy payment plan for \$16, \$4 down, \$2 monthly.

It is the only heater of its kind approved by the National Board of Fire Underwriters.

The car owner will find in the Davy gas heater an excellent means of heating his garage. It is well designed for the purpose to which it is put, automatically controlled, clean and safe. It soon pays for itself by preventing damage to your car in cold weather. Its cash price is \$125, and it may be purchased on the easy payment plan, \$132.50—\$15.50 down, \$19.50 a month.

In the olden days of the what-not and half-cloth covered furniture, the cozy coal basket won popularity. It has come into its own again, as attractive as ever and much improved. While the coals still glow they are now gas heated, send out more heat, and require no building nor cleaning up after being used. The gas coal basket sells for \$40 cash or \$42.50 on terms—\$7 down and \$3.15 a month.

In Gas for House Heating You'll Find the Advantages That Other Fuels Lack

The early motor car, a high set clumsy vehicle, weighted down with extra parts and repair kits, seems ludicrous in the light of present day motor car perfection.

Just as the mistakes and inconveniences of the early automobile have been smoothed out, eliminated in today's car, so in gas for house heating the inconvenience and inefficiencies of other fuels have been removed.

Gas is piped into the modern home straight from the plant gas holders of Public Service. All the smoke, dirt and smudgy elements, and the work they entail are removed at the gas plant.

Through the specially designed boiler or furnace gas quietly heats your home. Automatically and thermostatically controlled, it is used in the exact quantity demanded by the temperature that you desire.

Simply light the gas heating plant in the fall and turn it off in the spring. Gas is safe and clean and requires no storage space. You pay for it after you use it.

Telephone or write Public Service. We will gladly tell you what it will cost to heat your house with gas. Considering its remarkable advantages, its cost is probably lower than you may suppose.

Waffles

Everyone likes waffles for breakfast, luncheon, dinner, or for the after-theatre party. Delicious waffles are easily made in an electric waffle iron. Most people find it entertaining to make them. Attractive electric waffle irons are shown at Public Service stores from \$9 up. Also in sets consisting of waffle iron, butter pitcher, syrup jug and tray from \$10.95 up.

Pop Corn Electrically

For those who will frolic on Halloween, the electric corn popper will be needed. It will amuse your guests to see the hard kernels burst into snowy flakes of curious design. The electric corn popper is speedy and costs only \$2.75 at Public Service stores.

Halloween Menu

by

Ada Bessie Swann

That your guests may at once grasp the keynote of the occasion, place in the dimly lighted hall a floor lamp dressed as a witch in black crepe paper, the light shining weirdly through the eye sockets of a false face. When the guests take their leave, place basket of fine red apples at the witch's feet as parting gifts.

Tomato Rarebit **Brown Bread Sandwiches**
Spice Cakes **Apples** **Nuts** **Coffee** **Cider**

Tomato Rarebit
1 cup butter
1 cup milk
1 cup onion and strained tomatoes
1 cup soda
1 cup mustard
1 cup finely cut cheese
1 egg slightly beaten
1 cup salt

Melt butter, add flour, when well blended, add milk, bring to boiling point, add tomatoes, cheese, eggs and seasonings. As soon as it thickens, serve.

Get recipes for remainder of the menu, with Home Service Department in care of the Public Service store nearest you.

Lighting

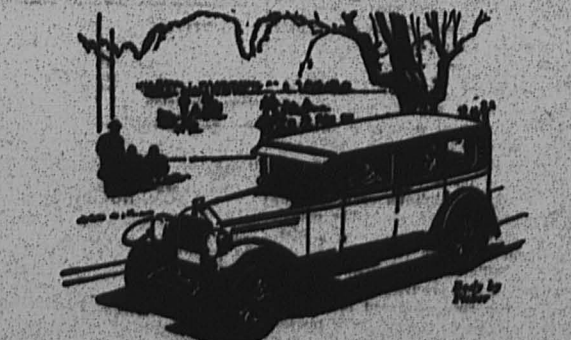

Every home-maker realizes the importance of proper lighting, especially when there are children in the family who without it must study under light that is often harmful to the eyes.

The Lighting Department, Public Service, will guide you in questions of correct lighting. It will tell you what is new in fixtures and lamps, help you to choose those that will help to promote taste and color harmony in your home.

The Lighting Department will draw up a plan that will indicate the best wiring practices and will suggest lamp sockets and convenient outlets at points where their need seems most logical.

There is no charge for advice or plans furnished you by the Lighting Department.

WHEN BETTER AUTOMOBILES ARE BUILT, BUICK WILL BUILD THEM

There's no "time out" for Buick

The referee's whistle shrills . . . "time out!" . . . The game halts, pending a player's return to the "line-up."

When you attend the big football games this year, notice the predominance of Buicks—for men and women who like action, like Buick. And hundreds of thousands of Buick owners can testify that there is no "time out" for Buick.

Sedans '1195 to '1995 Coupes '1195 to '1850 Sport Models '1195 to '1525

All Buick cars are built to last. They are built to last.

PUBLIC SERVICE

EPWORTH METHODIST EPISCOPAL CHURCH

J. William Lee, Minister

The Church School will open its session at 10 a. m. with an interesting program. The Wesleyan Bible Class is growing in interest. The teacher, James Thompson, always brings a lesson of inspiration.

Church worship at 11:15 a. m. Organ numbers, "Invocation," by Mallory; Offertory, "Babylon Day," by Kintner; Processional, "Jerusalem the Golden;" Sermon Topic, "Words of Life," or "Modernism on the Witness Stand."

First Fall Session of the Epworth League at 7 p. m. Address by the pastor, "The Equipment of a Church Winner." Miss Mary Green in charge.

Evening Worship at 7:45. The musical program follows: "Will O' Wisp," by Nevin; "Home-where," by Tate; Processional, "The Day is Dying in the West." Inspiring Song Service. Sermon Topic, "The Tragedy of Ungodly Society."

There will be a Halloween Party for the Little Light Bearers Monday, October 31st, at 5 o'clock in the Beginners Department room. New members cordially invited.

The Women's Foreign Missionary Society will hold its meeting Monday evening, October 31st, at 8 p. m. Junior League, Thursday, 4 p. m. On Thursday the Epworth Brotherhood will give a Rooster Supper in the Gym at 7 o'clock. All the male members 16 years of age and over are cordially invited.

The Women's Guild will give a Season's Covered Dish Luncheon in the Gym Thursday, Nov. 10, at 1 p. m. Each woman attending is asked to bring a covered dish at 25 cents. Plan to attend and help by giving. The program will be given by Mrs. E. A. Grice, once and you will be assigned a hostess who will inform you what to bring in your covered dish. All women of the Church are members of the Women's Guild.

FIRST LUTHERAN

Rev. William M. Erhard, Pastor

The second monthly musical service will be given by the choir Sunday evening, October 30th, at 7:45 p. m. The musical service held September 25th was deserving of very high commendation and was thoroughly enjoyed by all, but this one gives even better promise.

Mrs. Whitner Turner, of Oaklyn, will be with us as special soprano soloist; Freda Davis, a teacher of voice from Philadelphia, will render some bass solo numbers; Robert Hudack, of Philadelphia, will add to the program with his numbers on the violin; Miss Amy Milton, soprano; Mrs. Chas. Wyckoff, contralto; Charles Wyckoff, tenor; and Merle Schaff, bass, compose the quartette.

The program will be given under the direction of Lee Milton, musical director of our church. There will be a short talk on the place of music in worship, history of hymnology and use of liturgies.

"Let the word of Christ dwell in you richly in all wisdom; teaching and admonishing one another in psalms and hymns and spiritual songs, singing with grace in your hearts to the Lord." "Sing unto the Lord with the harp, and with the voice of a psalm."

Sunday school at 10 a. m. with the study of a temperance lesson under the theme: "Amos Denounces Sin." Amos is a man worth knowing. He had one of those masculine indignant natures which caused him to burst like an impetuous storm through the white ashes of social hypocrisy. Like Samuel before Saul, like Elijah before Ahab, like John the Baptist before Herod, like Paul before Felix, like John Huss before Sigismund, like Luther before Mary, so Amos testified undauntedly concerning the sins of Israel's priests and people.

Divine worship at 11:15 with special music by the choir. The pastor will have a children's sermon on "A Famous Game of Arrows." We shall have the parts of the coat on hand and put it together. Almost all children know what a coat for arms is, but what is a coat of arms? We are anxious to see which child will know whose coat of arms we are going to make. If the children can't guess it, we'll give the older folks a chance. Reformation Day sermon on the theme: "Our Church It's Growth and Status."

Prayer Meeting Thursday at eight o'clock. After the short discussion of some recent current event of religious significance, we shall study that colorful and striking parable of Dives and Lazarus.

On the last Sunday evening, October 31st, at eight o'clock, the Luther League will entertain the whole congregation with a delightful program of fun suited to the occasion. Music of various kinds, games of a more or less mysterious nature (Nervous people please bring their own Nervine), and refreshments of a kind which will tide you over the evening. This is our first affair of its kind. The aim is purely one of good fellowship and mutual understanding. We will be looking for each and every Lutheran or friend of the Lutherans there.

Calvary Presbyterian

The loyalty which the members of the Church displayed last Sunday at the Dedication Service, indicates that the congregation is ready to make every use of the new building. The pastor rejoices with the congregation that we are now ready to undertake our enlarged tasks and to assume our greater privileges.

Calvary Presbyterian Church invites any in the community who have no church home to enter into the worship and fellowship of this church. It is Our Father's House, and you will be a stranger but for a moment. You are welcome. Next Sunday morning and evening the pastor will preach.

Morning worship at 11 o'clock. Evening worship at 8 o'clock, preceded by a service of worship in music on the organ at 7:45.

The Church School at 10 o'clock in the morning.

Young People's devotional services at 7 in the evening.

On Wednesday, November 2nd, the pastor will resume his talks on "Studies of the New Testament," and he urges every member of the church to attend these mid-week services.

Thursday evening, October 27, the Session will meet in the Church

School auditorium at 7:30 o'clock and the Trustees at the same hour in the Church office.

Friday evening, October 28, at 8:45 the congregation will meet in a Dedication Fellowship dinner. Every member of the congregation is urged to attend. The price of the tickets is \$1.00. The dinner is given by the ladies of the Church and all profit will be applied to the building fund.

The Ladies Aid Society will hold its regular monthly meeting on Wednesday, November 2nd, at 2:30 o'clock. The Women's Missionary Society will meet on the same day at 3 o'clock. Both meetings will be held in the Church Parlor.

The Golden Hour Circle will meet in the Church Parlor at 8 o'clock Friday evening, November 4th.

The Christian Endeavor Society will give a Halloween party on Friday, November 4th at 8 p. m. in the Social Hall, Mt. Holly.

C. T. Bates, Minister.

BAPTIST CHURCH

Rev. George Lockett, Pastor

This afternoon (Thursday) the Ladies of the Philathea Class meet at the home of Mrs. Lewis Wallace, 4th and Gilmerton avenues, for the monthly thimble party and business meeting.

This evening members of the BYPU will attend a supper conference and rally at Gloucester beginning at 6:15. Instead of the regular BYPU meeting on Friday evening the church and go in a body to the young people will meet at Baptist Institute for Christian Workers, Broad and Snyder avenues, Philadelphia.

Also on Thursday evening the Baraca Class meets in the church for supper followed by the annual election of officers.

On Friday afternoon the Happy Hour and Junior BYPU meetings will be held at four o'clock.

On Saturday afternoon all those who enjoy good cakes will have the opportunity to buy them at the Primary Department Cake Sale on Mr. Wimer's porch on Broad street.

Invitations have been sent out through the children to the jolly Mother Goose Party to be held by the Primary Department in the Primary room on Saturday afternoon, November 4th. This is to be a real, novel party for all who come.

Regular Sunday services will be held this Sunday with sermons by the pastor. The morning topic is "The Adventure of Faith." In the evening Pastor Lockett will be present at this service in a body.

The pastor and Mrs. Lockett attended the sessions of the New Jersey Baptist Convention at Ocean City on Monday, Tuesday and Wednesday of this week.

"The best method of climbing higher is to remain on the level. Help to keep on the level by constant fellowship with God in the Highest."

EPISCOPAL

**Christ Church, Parry Ave.,
Rev. G. J. McCormack M. A., L. Th.
Rector**

Hallow's'en parties are the order of the day, Saturday next, Oct. 29, the kindergarten of the Sunday School will have a weathering at 2:30 and at 8 p. m. the Main Sunday School will enjoy the fun of the evening.

November 10th is the date of a Social Card Party under the auspices of the Agnes Guild in the Parish House. A very happy affair is anticipated.

St. Mary's Parish, Burlington, in observing the 250th anniversary of its foundation on Sunday, Monday, Tuesday, Oct. 30, 31 and Nov. 1st. A very cordial invitation is extended to all to participate. Further information will be gladly given by the Rector.

The second of the musical services given by our choir.

The first Sunday of November Services for the 20th Sunday after Trinity:

7:30 Holy Communion with special intention for All Saints Day.

10:30 Morning Prayer and Sermon, "Footprints in the Sand."

2:30 Sunday School.

8:00 Evening song and sermon, "A Great Multitude Which No Man Could Number."

"Rest in peace, O souls immortal Who have passed on through Death's portal, Out of this world's care and strife, Into heaven's all glorious life. Sleep with God, O faithful departed, Rest in peace, O souls who have died."

A very wonderful service at Beverly Episcopal Church last Thursday. The Rector has been honored by election to the office of Secretary for the Burlington County Choral Association.

The Associates of the Girls Friendly Society will meet at the residence of Mrs. G. Hines, 505 Washington avenue, on Thursday, October 27, at 2:30.

EXPERTS SAY DON'T GUESS MOTOR HEAT

Your Automobile Engine May Be Ruined by Operating at Wrong Temperature

One of the greatest evils of motor car operation, according to leading experts, is the operation of the engine at improper temperatures. Tests show that damage starts when the temperature falls below 40 degrees Fahrenheit and it is necessary to over-choke the engine. Some motorists drive in cool weather with their choke out for several minutes. Motor experts recommend accurate control of the engine heat as obtained with the Pines Automatic Waterfront. This consists of shutters placed against the front of radiator to keep out the cold and prevent over-choke. The best part of this device is the fact that it is entirely automatic.

Its operation is controlled by a thermostat which fits snugly to the radiator. The device itself completely covers the radiator and remains closed until the motor is warm enough to operate without damage to vital parts. The shutters then begin to open automatically, thus allowing just the right amount of cold air into the motor to keep it operating efficiently.

Motorists who have experienced a winter's use of this device strongly urge its installation at 50° Fahrenheit and seldom remove it before late spring.

County History of 50 Years Ago

**Items of Interest Published in
Mount Holly Mirror Oc-
tober 18, 1877**

The Common Grand Jury returned 103 indictments from 279 complaints considered.

Switches, puffs, frizzes and curls of human hair are for sale by D. Wells & Co., 11th street, Mount Holly.

The stage line between New Egypt and Bordentown has been discontinued. There is no reason for stages when the railroad company offers reasonable accommodations.

At the Jerome Park races which closed on Saturday, Pierre Lorillard, of the Rancocas Stock Farm, Jobstown, won \$14,928. His horses were first five times, second four and third three.

A note of hand with sixty-five signatures may be seen at E. B. Jones' store on Mill street, Mount Holly. This is the \$5,000 note given by the Agricultural Society last fall and which has been taken up.

The band convention held at Bordentown on the 4th inst. organized a county association with the following officers: President, J. E. Smith, Bordentown; vice president, J. H. Homer, Vincentown; J. Kelly, Georgetown; Gilbert Atkins, Moorestown; Dr. George W. Vanderweir, Medford; E. Gordon, Grovesville; T. C. Gillis, Beverly; M. B. Raymond, Smithville, and D. B. Evans, Bordentown; secretary, Edward F. Burns, Smithville.

Steam Fire Engine

Members of the Good Intent Hose Company of Mount Holly are making efforts to raise money to buy a steam fire engine. A course of five concerts will be given in the Concert Hall, Mount Holly, to assist the fund.

The fair of the Burlington County Agricultural Society was held last week. The general display, apart from the division for horses, was less than in former years, due to a reduction of premiums in a number of departments. There was a large exhibit of agricultural implements, but vegetables, fruits, cattle and poultry were below former years. T. C. Keeler, of Mount Holly, had a scroll saw in operation; H. H. Jones, also of Mount Holly, had the only display of cutlery and hardware; Charles B. Horner, of Mount Holly made a fine display of flowers and evergreens. Many other exhibits by merchants were attractive. The horse racing attracted the largest number of people than any other feature and good time was made.

A number of people had their pockets picked at the Fair last week, but no arrests were made.

October 18, 1877

The Little Egg Harbor tax rate is \$1.30.

The old school house at Hainesport has been sold for \$17.50. Pemberton reports having seen a snake 14 feet long and as thick as a lamp post. Their whistles up there needs reducing.

Emanuel Perry, of Bordentown, has been an engineer on the Camden and Amboy railroad for 23 years, running an average of 33,000 miles per year.

The compulsory school law is being disregarded by some parents. There is a penalty for not sending children to school.

Burglars entering the residence of Philip Snyder, near Bordentown, at an early hour on Friday morning, and after chloroforming Mr. Snyder, stole about \$25 in money and a lot of wearing apparel.

There is a splendid crop of sweet potatoes. The quality is excellent and prices low. White potatoes are scarce, due to a considerably less acreage, but although scarce, the price is low, 50 cents per bushel.

The committee on celebration of Burlington's bi-centennial anniversary has organized by electing Hon. J. Howard Pugh, president; Hon. Caleb G. Ridgway, vice president; N. Sleeper, secretary; James O. Glasgow, corresponding secretary, and James O'Mall, treasurer.

Good Intent Hose Company, of Mount Holly, has contracted with Messrs. Clapp & Jones, of Hudson, N. Y., for a fourth-class steam fire engine to cost \$2,150. The company has about \$1,200 on hand and expects to raise the balance from entertainments and contributions.

The Burlington Gazette says there is a tombstone in St. Mary's church yard, Burlington, which has the following inscription: "Here lieth the body of William Sheeles, who departed this life on 22 day of January, Anno Domini 1768. Age 67 years. Farewell vain world! I

have had enough of thee and care-less am of what thou sayest of me. Your Sinner I count not, nor your friends fear. My cares are past, my head lies quite here. What ere thou say amies take care to shun, and look at home, enough there's to be done."

Receipts are required to be deposited with hams, dried beef, etc., sent to the county fair. Among others in this celebrated Newbold recipe: For 100 pounds of beef or ham, make a pickle of 7 lb. of coarse salt, 1 lb. brown sugar, half ounce pearlash, 2 ounce salt-petre, 4 gallons of water. Boil together, skim, and when cold pour over the meat or hams. Take out the beef in three weeks or a little longer. Take out the hams in eight weeks. Some of the recipe call for molasses instead of brown sugar, and there is a slight difference in the other ingredients.

INTERESTING DATA ON AUTO ECONOMY

Two Hundred Machines Run Nearly 5,000,000 Miles in Year at \$6,000 Per Mile

A remarkable cross-section of automotive operating costs throughout America is revealed in motor travel expense of 200 field representatives of the Oakland Motor Company who drove 3,466,333 miles during the company's recently completed fiscal year at an average cost of \$6,000 per mile.

Since the Oakland and Pontiac divisions of the field representatives use in their travels are factory-owned cars covered by blanket insurance, the factors of depreciation and insurance do not appear in the costs compiled by the company's statistical department. The average figure of \$6,000 per mile represents only the actual cost of maintaining and operating the cars, of the 200 cars used, 130 were Pontiac Sixes and 70 were Oakland.

Here is the cost per mile "broken down" into the various components:

Gasoline\$.0150
Maintenance Labor0072
Storage and Parking0068
Washings0034
Oil0033
Parts0028
Tires and Tire Repairs0010
Total	\$.0398

PALMYRA PIPE GUTH JOB

The Palmyra Pipe Construction Company was awarded a contract for extending the Gloucester water mains to the Gloucester Heights section of the city at a meeting of Gloucester council last Friday night. The Palmyra concern was the lowest of five bidders. Its price for the work was \$20,000. A bond to cover the cost of the improvement was awarded to the Gloucester Sinking Fund Commission at par, bearing four and one-half percent interest.

Jr. Republican Enjoy Luncheon

**Three Hundred Attend Affair
Held at Moorestown Com-
munity House**

With perhaps three hundred women present to enjoy the pleasures of the Moorestown Community House and the ideal arrangements for the affair, the luncheon held Tuesday of last week by the Burlington County Junior Republican Club was a success in every way. Much publicity and personal work of the members developed an enthusiasm that brought a ready response and the crowd was fully up to early expectations. Everything about the luncheon was delightful and the banquet room was attractive with magnificent dahlias tastefully arranged.

Mrs. Lloyd Cross, of Delanco, president of the organization, presided in her usual gracious manner. Several interesting addresses were made by Mrs. Joseph Johnson Altman, president of the Pennsylvania County Council of the Republican Committee and chairman of the Republican women of Philadelphia, told some brilliant things about Pennsylvania politics. She gave evidence of having a fund of information about her state affairs that are so much in the limelight because of the important position that Commonwealth occupies in the Republican politics of the nation.

Mrs. Mary Margaret McBride, of New York, writer for the Saturday Evening Post, had a wealth of information to give in story form about her tour through Europe during the summer.

Mrs. Isabel Summers, a Passaic representative in the legislature talked in an enlightening way about Presidential possibilities for next year.

Mrs. Miriam Lee Earley Lippincott, of Camden, head of the Law Enforcement League and much identified with Republican affairs, gave some fine points about law enforcement as applied to the affair at which she was speaking.

Mrs. Herman Terry, of Edgewater Park, spoke informally about county political affairs. Mrs. Nellie W. Russell, of Burlington, brought greetings from the Republican County Committee.

Credit for considerable of the success of the luncheon goes to Mrs. John Horton, of Moorestown, who supervised the house arrangements, and Mrs. Newell Stone, of Beverly, who was chairman of the program committee.

Ask Dad, He Knows

"Papa, where do they make these shoes?"

"Know your geography, my boy. In Yukon, of course."

No bird can fly as fast as the swiftest airplanes.

JENKINS RUNS 105 YARDS FOR LONE MARKER

Brilliant Feat of Captain Gives
P. H. S. Its Only
Touchdown

HADDON HEIGHTS WINS
HARD FOUGHT GAME

Visiting Team's Leader Also
Distinguishes Self With
90-Yard Dash

Palmyra High School failed to hold the heavy football warriors of Haddon Heights High School last Friday afternoon at the Palmyra Field Club Park, and suffered its second defeat of the season by a 19 to 7 count.

Although the game was slow at times, it was marked with two brilliant runs that stood out as features which made the contest a thrilling battle. The better of these two efforts was made by Captain Harry Jenkins, of Palmyra. The other stellar performance was made by Captain "Bud" Smith, of Haddon Heights.

Smith figured in both long runs which ended in scores for both eleven. Besides covering a distance of 90 yards for the first interception of a Palmyra pass from Haddon Heights, which was meant for Knight, of Palmyra, Smith was the guilty one who dropped the pigskin which was recovered by Jenkins, after he was over the goal line.

Jenkins used his track ability by outstripping several opponents in his 105 yard dash for a touchdown. As he picked up the tumbled ball, Jenkins headed for his goal, giving a Haddon Heights would-be tackler a pretty straightarm. Bartley, a substitute end for Palmyra, made Jenkins' run complete as he took out the last Haddon Heights tackler who was gaining on the Palmyra captain.

Both Captain Jenkins and Smith are likely candidates for the All-South Jersey team this year.

Victor's Line Holds
All of Palmyra's backfield men had trouble in penetrating Haddon Heights' heavy line. Captain Smith of the "Haddon Heights" started his stellar work early in the game. It was shortly after the first punt in the second quarter that he intercepted the pass which was followed by his 90 yard run.

Following this first score by Smith, the winners worked the ball to Palmyra's 10-yard line. Here they lost the ball on downs and Palmyra kicked after failing to gain through the line. The punt was blocked on "Jimmie" Reeves and a Haddon Heights man recovered the ball. Smith then plunged to Palmyra's one-yard line where Hughes went over for the second Haddon Heights score of the day. The half ended with Haddon Heights in the lead, 13 to 0.

Early in the fourth quarter Captain Jenkins of Palmyra made his 105-yard dash for Palmyra's only score. Knight booted a perfect drop-kick for the extra point.

Long Pass Wins
Haddon Heights' final score came as the result of a long pass, Smith to Myers, who stepped 10 yards over the goal line. Haddon Heights had a wonderful aerial attack which the Palmyra backfield men failed to halt. The winners also displayed a great lateral pass which fooled Palmyra on several occasions.

Besides Jenkins, Myers played the next best game for Palmyra. Smith, for Haddon Heights, was aided in his great performance by Schwartz, Bennett, Ryder, Nash and Becker.

The lineup:
Palmyra Haddon Hts.
Backs left end Myers
Howell left tackle Schwartz
Adams left guard Bennett
Jenkins right guard Nash
Tailman right tackle Becker
Probsting right end Ireland
Reeves right end Ireland
Knight quarterback Smith
Haddall left halfback Hughes
Hutchins right halfback Frye
Myers fullback Halbert

Scores by periods:
Palmyra 0 0 0 7
Haddon Hts. 13 0 0 19

Touchdowns—Jenkins, Smith, Myers and Hughes. Points after touchdowns—Knight (dropkick) forward pass, Smith to Ireland. Substitutions, Palmyra—Sloan for Haddall, Schneider for Hutchins, Kersey for Howell, Bartley for Backs, Keenan for Probsting, Haddon Heights—Strauss for Halbert. Referee—Arncliffe, Gutzburg. Umpire—Smullin, Springfield. Head Linesman—Joe Stack, Palmyra. Time of periods—15 minutes.

Prominent Speaker Will Discuss Proposed Tacony Bridge

A prominent speaker will address a special meeting of the Palmyra Chamber of Commerce next Wednesday evening on the proposed Palmyra-Tacony bridge.

All questions concerning routes of traffic and expected effect on the growth of the town will be explained. Afterwards an open discussion will be held and questions answered.

Refreshments will be served. The meeting will be held in the Post Rodgers Home.

NEEDLEWORK GUILD

The Needlework Guild of America was founded by Lady Waverton in Dorsetshire, England in 1883. Its organization is so simple that no one person bears a heavy burden, although many give more than the two new articles which almost all of us in Riverton can donate toward the less fortunate. The Guild is not denominational and any one who contributes has the privilege of stating where his donation shall go. You who work in the Guild belong to a great international organization, no matter how small your gift, you are a link in the chain of a great institution which does good in a very practical way to thousands every year.

Press Chairman.

CARD OF THANKS

RECEPTION TO STATE OFFICERS REVIVES INTEREST IN CAMP 33

(Continued from Page 1)

educated and cultured—his actions speak for themselves. "Give the youth of today the highest education possible, and then teach the boys and girls how to live and this Nation will be a better place in which to live," is Brother Magness' solution to the problems of today concerning the youth.

Big Bill Fisher
Brother Bill Fisher, a Past State President and the biggest man who ever held that office down, told a very interesting story of how he went about getting new members for his Camp in Phillipsburg. Brother Bill threw out a challenge from Phillipsburg to Camp 33 for the coming year and said that Camp 33 had better be ready to take next place again next year for taking in the greatest number of candidates.

A man who had served 24 years as secretary of Camp 71 in Mount Holly said he was not ready to give up to some of the younger men as yet. Recently the Mount Holly boys went out and rounded up 12 young men and the Camp 33 degree team put on the initiation for the Mt. Holly Camp. Brother Golder did the initiation, he gathered from the ceremony that night made him want to carry on with the young men and not "lie down in the traces."

After the Camp closed in regular order very fine refreshments were served in the hall. Big Bill Fisher led the singing and although several times the fellows were too busy eating to sing Bill kept going just the same. Dr. LeFavor assisted at the piano and rendered a beautiful piano solo upon special request. This inspirational meeting and reception to State officers was one of the biggest events held in Camp 33's room for some time.

Do not let the good work stop now. Keep coming out to the meetings. There's everything to gain and nothing to lose.

Press Chairman.

VOCATIONAL SCHOOL QUERY

(Continued from Page 1)

educational authorities are claiming that it is, why not get started now and save the expense of a new system made to bolster up the weakness of the present one?

In the fall of 1925 the promoters of the vocational school system as a county project appeared before the freeholders and attempted to secure the sanction of that body for their plan. The board declined to take immediate action, stating that it would be necessary to make their own investigation. This investigation did not convince the members of the board that vocational schools as a county project was the right angle from which to approach the subject, and so stated to the committee which had called upon them, offering suggestions as to other methods by which the desired result could be accomplished. Notwithstanding this the promoters of vocational schools have insisted on considering the matter as a county project and have attempted to force it through on that basis, claiming that no other plan was workable.

After an investigation of the vocational school system in December, 1925, the Board of Freeholders issued the following statement: "Fellow Citizens and Taxpayers of Burlington County:—

"Rarely in the discharge of their duties have the Board of Freeholders felt more keenly their responsibility than at present. Modern thought and modern life sweep in upon us with ever increasing demands, far beyond the rate of increase of our resources. Most of these are legitimate, and laudable. The vocational training of our youth is to be regarded. Training for the highest and best in citizenship should claim pre-eminence. Therefore, uniting with you in an earnest purpose to work out the highest interest of the whole, we submit the following:—

"On December 11th there was presented to the Board of Chosen Freeholders a resolution asking for the approval of the establishment of a county vocational school system in Burlington County. After considerable discussion, it was agreed that final decision should be reserved until December 30th, in order that further information might be obtained. Since then we have given careful consideration to the subject, and have reached the following conclusions:—

"First. We desire to express our appreciation of the interest and work of those persons who have been studying the question of vocational education in Burlington County and through whose efforts the question is now before the public.

"Second. We agree with them most thoroughly on the great need and value of vocational education as a help to solve some of our present day school problems and to better fit our boys and girls for usefulness in life.

"Third. We have not been able to convince ourselves that it would be wise to ask the taxpayers of the county to provide for the establishment of a separate school system, believing there is ample provision in the law for the present school system to provide vocational education where the need is greatest.

"Fourth. We therefore, respectfully ask that the resolution be withdrawn and that you and we pledge our best efforts to the working out of some plan in connection with our present school system that will provide vocational school facilities.

"HOWARD RUSS,
"FRED LIPPINCOTT,
"CHARLES R. STOUT,
"J. LLOYD WRIGHT,
"C. B. FISHER
"Freeholder-elect."

STARS OUT.

Scholastic Difficulties Cripple P. H. S. Eleven

When Palmyra High School tackled Haddon Heights High School on the gridiron this Friday at the Palmyra Field Club ball park it will be without the services of Johnny Meyers, stellar colored flash and high scorer of the team. Meyers is out for the season because of scholastic difficulties and Coach Kenneth Dimond will miss his line plunger when the team backs up against its traditional rivals at Burlington, Friday, November 4, in one of the most important games of Burlington county this season.

Two other scorers who will also be out of the Haddon Heights contest Friday because of scholastic difficulties are Tallman and Grubb. Nevertheless Coach Dimond is confident of victory after losing a hard fought battle to Haddon Heights last week.

Palmyra's record to date stands with two wins and two reverses. The "Red and White" squad made 55 points against its opponents 13. The scores follow:

Palmyra 9, Collingswood 19
Palmyra 26, Lambertville 6
Palmyra 20, Temple 0
Palmyra 6, Haddon Heights 19

CARD OF THANKS

We desire to express our appreciation of the many kindnesses shown to us during our recent bereavement, and to thank those who sent flowers and cars to the funeral.

James B. Elliott and Family

RIVERTON'S CHIDDERERS TAME WEST PHILLY TEAM

(Continued from Page 1)

Third Quarter
Pittler kicked off and tackled the runner before he had gone ten yards. Metcalf kicked the ball through the line. Murphy could not make a gain around right end. McIlhenney broke up a Philly pass. McIlhenney made up a pass back on Baisis' punt.

Conway made eight yards through right guard. Cunningham made five more and a first down. Miller smashed right guard for five. McIlhenney gained three and a half through right tackle. "Twili" Cunningham moved the ball up 14 yard and Conway made a first down. "Twili" gained three yards ahead of five more yards on two line plunges. The line weakened and "Twili" lost two. Miller punted. There was no run back.

Baisis returned the punt and McIlhenney ran 10 yards. Conway got going for 15 yards around left end. A pass from McIlhenney to "Bronco" Bowers netted Riverton 20 yards. A first down resulted from three line plunges by Cunningham and Conway. Miller tore through right tackle for five yards. "Twili" gained three yards ahead of five more yards on two line plunges. The line weakened and "Twili" lost two. Miller punted. There was no run back.

Last Period Kneeling
"Jid" Hyton, replacing Miller, gained six and a first down. Cunningham made five yards around left end. "Jid" fumbled and recovered but Riverton lost the ball on downs.

After gaining two yards through the line Baisis punted and McIlhenney ran back 10 yards. Cunningham gained five yards. The Philly boy from Palmyra intercepted a pass over the line and was tackled in his tracks.

Conway gained a yard through the line. Because of lack of interference Pettito lost five yards. Schneider lost two for the same reason and Philly won the ball on downs after an incomplete pass. Stevens made nothing on a line buck. A beautifully worked pass from Dooner to Hodgins gained 35 yards for the visitors. Conway messed up a Philly pass. After losing three yards at a tempo to crack Riverton's line the visitors tried another pass which Pettito intercepted.

Pettito Clears Way
Applegate ran around left end for 35 yards. Conway tore around right end with Pettito ahead of him. Conway had gotten away from all but two men who were in front of him. Pettito took the pair of the visitors out of the play so hard that he knocked them both dizzy and felt a bit queer himself. A better play is seldom seen on "pro" gridirons. Conway then had a clear run to the goal. He ran 45 yards for that six pointer. Applegate missed the extra point.

Hollingshead replaced Schneider and Oberfell relieved "Hero" Pettito.

Applegate kicked off, sending it over the goal line. After two short gains through the line the final whistle blew.

Much better team work was displayed in last Saturday's game than in the previous ones. The line men are getting hold of their jobs better and are a big asset to the fast moving and hard hitting back field.

The team representing Riverton on the gridiron this year is worthy of your support. Football in Riverton has always been the major sport—Don't let it fall behind now.

The lineup:
Riverton West Philly
Hughes left end Hodgins
Werner left tackle Kolcher
Shearer left guard Daugherty
Orcutt center McGuire
Downs right guard Kolcher
Todd right tackle McIntyre
Williams right end Luke
Hollingshead quarterback Murphy
Miller left halfback Dooner
Cunningham right halfback McDouglrick

Oberfell fullback Baisis
Referee—Winklespecht; Umpire—Landau; Time Keeper—Doran.
Substitutions, Riverton—Wille for Shearer, Hebrew for Williams, Fowler for Werner, Todd for Downs, Miller for Applegate, Conway for Pettito, McIlhenney for Schneider, Cunningham for Oberfell, Shearer for Pittler, Carson for Carson, J. Hyton for Miller, West Philly—Cohen for Murphy, Davis for Luke, Stevens for Baisis, Wallace for Dooner, Kellet for McDouglrick. Time of periods—12 minutes.

Astee and Maya carvings show that a wide variety of fashions were used by these Indians in ancient times.

RARE DISEASE

Herbert Carles, 34 years old, of 222 Garfield avenue, Palmyra, is fighting for his life at the West Jersey Homeopathic Hospital, where he is a victim of a rare hereditary malady. Carles had two teeth extracted last Friday and the bleeding failed to stop.

He is suffering from hemophilia, an ailment which results from lack in his blood of prothrombin, that element which causes blood to clot and halt bleeding from wounds. Those who suffer from hemophilia are in danger of bleeding to death from slight wounds.

The malady is the same that afflicts the sons of King Alfonso of Spain, and has caused fears that the Spanish throne will never descend to a direct heir.

Hemophilia is hereditary, but, strangely enough, it affects only the males. Carles inherited the curious ailment from his maternal grandfather, but neither his mother, his sister nor other women relatives are affected by it.

Saturday afternoon he was taken to the hospital, where he failed to respond to ordinary treatment for halting the flow of blood.

Monday night the patient's condition became further aggravated by congestion of blood beneath the skin of a knee joint. Two serums known to science, which sometimes are of aid in treatment of the malady, have been used. Tuesday, Carles' condition was reported to be slightly improved.

Blood transfusion is sometimes used as a last resort. Such an operation may be tried later, it was said.

Scurvy, caused by inadequate diet, killed more people in the middle ages than the serious infectious diseases.
