## RIVERTON DEFEATS STRONG OCEAN GATE ELEVEN, 12-0

"Russ" Miller and Walter Todd Injured in Last Week's Struggle

### FOURTH STRAIGHT WIN FOR RIVERTON TEAM

Riverton's gridiron machine under the direction of Sonny Wright continued its winning streak by defeating the strong Ocean Gate eleven, 12-0, on the local field last Saturday afternoon.

A touchdown resulted for Riverton in the first five minutes from straight football, carrying the pigskin the length of the field, after "Herb" Schneider ran the kick-off back 30 yards through a broken field. Ocean Gate did not have a ball in their possession once until after Riverton scored.

After gaining 16 yards on three line plays, Schneider called on Pettito for an end run. Joe made a gain of 35 yards behind perfect interference. This play was one of the best executed by Riverton this season. Straight line plays carried the ball within three yards of the goal from where "Twili" Cunningham took it across. Pettito missed the extra point try.

Not much mention has been made of the line of the Riverton team heretofore, but they have been playing a wonderful game so far this season. Outside of the ends the linemen can hardly stand out individually in a victory, but it must be remembered that without the linemen upon which the backfield can depend the quartette of ball runners are helpless. Although no mention is made of any particular linemen every one knows that each one of them and to his part to bring about a victory.

Pettito gains fifty yards. Pettito kicked off to Ocean Gate. The visitors were forced to kick after three futile attempts to crack Riverton's line and secondary defense. After Schneider and Oberfell had gained a first down on two plays, Joe Pettito was called upon again to make a dash around left end. This time Joe nearly got away for a touchdown. Once more the linemen "came out in the interference" and helped Joe scamper goalward for a 50-yard gain.

Applegate replaced Cunningham and dashed around left end for fifteen yards. A pass from Oberfell to Schneider went over the end zone giving Ocean Gate the ball on their 20-yard line.

On their second play the visitors attempted a forward pass which was intercepted by the ever-alert Pettito. Hollingshead relieved Schneider.

In the second period Miller took Pettito's place and after gaining 18 yards on two line plays had to be taken from the field because of an injury to his leg.

Straight football gained more ground for Riverton than the forward passes. The second quarter was almost all Riverton as far as ground gaining was concerned. The local ran nine line plays in succession for a gain of 67 yards averaging a gain of better than seven yards on each play.

The third quarter was more or less a see-saw proposition. Both teams seemed to take things easier in this period, evidently with the idea of some intensive campaign in the last period. Riverton worked the ball to within ten yards of the goal by the end of the third quarter. Conway and Oberfell pushed the ball over the line by five and three yard gains respectively. An attempted pass for the extra point was too high to be caught.

Stewart Hollingshead made a flying trip of 20 yards around an end from a kick formation. The linemen again showed the fans the results of practice as they took out man after man of the Ocean Gate team. Such good interference as was displayed last Saturday afternoon shows what cooperation can do for a football team.

A 12-0 score over Ocean Gate team was no mean task as every one of the visiting eleven was good and lucky and some of them were pretty big fellows.

The visitors put up a good clean game which means a whole lot in enjoyment of the fans who turned out in good numbers to see Riverton win its fourth straight game.

The lineup:  
Riverton Ocean Gate  
Hughes left end Deegan  
Todd left guard Hann  
Downs left guard Ayres  
Werner center Ledger  
Fowler right guard Kleinbaker  
Scheerer right tackle Coughlin  
Bowers right end Merk  
Schneider quarterback Sullivan  
Cunningham left halfback Stelcher  
Oberfell right halfback Tucker  
Pettito fullback Dernerling  
Referee—McIntyre; Umpire—Joseph Stack; Time Keepers—Doogan and Landis. Time of periods—15 and 15 minutes. The last period was cut to ten because of darkness.  
Dr. J. Rowland Dye is giving first aid to the boys who are injured on the Riverton football field this season. "Doc" also is called upon for taping jobs before the fellows enter the game.  
Russell Miller will not be seen in the Riverton lineup again as the injury to his ankle is such that he would be running a great risk of being crippled if it is hurt again. Walter Todd, of Palmyra, has a weak shoulder as result of the last week's game. Todd is also suffering a slight concussion of the head.

### 120 MEN WANTED

Sunday evening, November 20, special services will be held in the Epworth M. E. Church for the P. O. S. of A. Dr. Lee has extended an invitation to all camps of the Order in Burlington County to be present at the services.

The committee on arrangements would like to have 150 men to attend this service in a body.

144 years ago, the American Continental Army was disbanded.

## Beetle Lab Moved to Moorestown

Quarantine Department Will Remain Here in Charge of C. H. Stockwell

The research department of the U. S. Department of Agriculture formerly located at Riverton, was moved to Moorestown on Saturday. This separates the activities of the Japanese Beetle Laboratory into two distinct units.

All future control work on the Japanese beetle will henceforth be conducted from the new quarters of the research department, which is housed in a two and a half story concrete and steel office building on the outskirts of town, formerly Stokes' Seed Farm.

The change means that both the research department and the quarantine division still at Riverton, will pursue their own lines of work. The centering of all control work at Moorestown marks a new day in the scope of activities that will be carried out by the laboratory here. Besides its investigational work on the beetle, the laboratory is taking up an intensive study on sprays for trees and farm crops along the Delaware river.

The quarantine force is still stationed at Riverton in the former headquarters, and all permits and inspection work will be conducted from that office as in the past. It is expected that the segregation of the two departments will speed up the work of both divisions and it will overcome the cramped condition under which they have worked for a long time.

Loren B. Smith, former chief of the Riverton Office, will be in charge of the quarantine division, while the quarantine office will be in charge of C. H. Stockwell, of Riverton.

## JUSTICE BUSY

Palmyra Police Officers Make Several Arrests

Joseph Arlasky, of Parry, who was sent to Mount Holly jail several weeks ago by Justice of the Peace William L. Fichter, of Palmyra, when he was unable to furnish \$1,000 bond on a charge of beating his 12-year-old stepdaughter, Lillian Rogers, was before Judge Slaughter last week and fined \$75.00.

Arlasky was intoxicated when he hit his child. He was arrested by Officer Lawrence Betty. Mrs. Mary Schuck, a neighbor, also living in Parry, Cinnaminson township, and Lillian's school teacher at the Cinnaminson school, Miss Lois Bryan, were witnesses when Arlasky was arrested.

Justice Fichter had a very busy day last Sunday.

Ernest Taylor, of Atlantic City, was fined \$5.00 for passing the traffic light Saturday night. He was arrested by Officer Wallace.

Harold Pratt, colored, of Morrisville, near Delair, was arrested Saturday night by Officer Joe Rodgers for disorderly conduct upon complaint of his brother, John D. Pratt. He was fined the costs of his trial.

Raymond Hilton, of Third and Race streets, Palmyra, and Mary Turner, of Arch street, Palmyra, both colored, were fined \$5.25 costs on a disorderly charge and using boisterous and profane language on the highway Saturday night. Both were arrested by Officer Wallace.

Peter Nesik, of Brown street, Cambridge, was fined \$30.00 and cost for driving an automobile while intoxicated in Palmyra Sunday night. He was arrested by Officer Joe Rodgers and had his hearing Monday morning.

Anthony Danalis, who was a "crying drunk," was released last Wednesday night when his wife paid his fine of \$5.00.

## PORCH CLUB NOTES

The members of the Porch Club were delightfully entertained Tuesday Nov. 1 by Mrs. Lester Collins of Moorestown, who reviewed Willa Cather's new novel "Death Comes for the Archbishop." The name is unfortunate, but the book is delightful and of good literary value.

Tuesday, November 3 will be devoted to the American Home Division of the Applied Education Department. Miss Elizabeth C. Condit, supervisor of Pratt Institute, Brooklyn, N. Y., will speak. Her subject will be, "The development and maintenance of the right spirit in the home." Miss Condit comes highly recommended from Pratt Institute which is the foremost school of domestic art and science in the country. The committee in charge of the afternoon consists of Mrs. Richard D. Barclay, Mrs. William G. Porter and Mrs. John E. McVaugh, chairman.

## REPUBLICAN DINNER FRIDAY NIGHT

A rally of Burlington county Republicans under the auspices of the County Committee will take place at the Brainerd Memorial hall of the Mount Holly Presbyterian church on Friday night, of next week, November 4, beginning at 6:30 o'clock. The speakers will include J. Fletcher Stiles, former Senator from Pennsylvania; Congressman Isaac Bacharach, of Atlantic City, and the Republican candidates, Charles R. Stout, chairman of the county committee, will preside as toastmaster.

## Knights Hear Football Stars

St. Joseph's Council and Guests Enjoy Visit of Notre Dame Champs

A record breaking gathering of Knights of Columbus of Palmyra, Riverton and Burlington County was on hand last Tuesday night to hear Harry Stuhldreher of Notre Dame football stars and his teammates. Ed Hunsinger gave their version of modern football.

The regular business session of the council was timed so as to clean up all discussions by 8:15, and Grand Knight Harry C. Sim, with watch in hand, kept his promise to keep things on the move and clear the way for the distinguished visitors of the evening.

The visitors from Villanova, Roman Catholic High and Camden Catholic High were roundly applauded as they walked into the crowded hall.

Frank Dorley with Arthur Van Allen of Philadelphia appropriately opened the meeting by calling on the assembled Knights to sing America, and after this these two entertainers kept the gathering in high spirits with snappy songs and piano selections.

Father Deal, of Villanova, was the first speaker and his message to the New Jersey Knights from the Main Line College was taken to heart by the local Knights. His remarks were centered on the subject of football and athletic activities and their relation to the regular college studies. A college student has a good deal of free time on his hands and he spends it as he pleases. He may spend it wisely, but what are we doing for the 80% of the boys and girls who stop at the end of the 8th Grade and those who stop even earlier than this, who, if they had the vocational opportunity would have continued and become successful in their enterprise?

Pep Artist Popular  
The "Pep Artist" of Villanova was next introduced in the person of Ed Hunsinger, formerly of Notre Dame and now assistant football coach at the college. The real meaning of the word "Pep" was explained by the former all-American end, and his explanation was heartily received. Hunsinger's remarks his definition of "Pep" is divided into three parts. "P" is for purpose, "B" for endurance, and "P" for perseverance. This, applied to football and our everyday life, we certainly have seen the one who sticks to these simple guides taken from that small word "Pep."

After some vocal selections and dialogues by James Waffer, of Philadelphia Council, the chairman called on the greatest quarterback of all time who was chosen as all-American for 1923-24. Harry Stuhldreher, now head coach at Villanova, smilingly and modestly listened to Chairman M. J. McDermott's hearty and extensive remarks.

Former member of Knute Rockne's famous Four Horsemen and he took the platform amid round after round of applause.

In his twenty-minute talk Stuhldreher explained the Notre Dame system of football which was now being followed at the Main Line College. This system is not only of benefit to the member of the football squad but has a direct bearing on the student in his whole college life. His squad now in training at Villanova numbers over 100 players.

After the meeting the members of the Columbus Cadets, of which there was a full turnout, lined up and called upon Stuhldreher and Hunsinger to autograph cards and a football or two. These two stars smilingly amused the boys and cordially shook the hand of each one.

ELIJAH DEE BLATCHLEY  
Elijah Dee Blatchley, aged 84 years, died suddenly Thursday, October 27, at the home of his daughter, Mrs. H. Lloyd Unland, 414 Linden avenue, Riverton.

He had been about the house as usual that morning and had returned to his room to rest when he was stricken by apoplexy as he sat in his armchair.

Private services were held at Snover Funeral Parlors at four o'clock Friday afternoon. Burial as made in the family lot at Georgia Plains, Va. Service was conducted by Franklin Lodge No. 4 F. & A. M., of St. Albans, Vt. Mr. Blatchley was a life member and the oldest member of this lodge, his membership dating back 53 years.

He is survived by one brother, Dr. A. P. Blatchley, of Kansas City, Kansas, one daughter and three grandchildren.

Mr. Blatchley was a direct descendant of Thomas Blatchley, who came to this country in the "Hopedwell" landing in Boston, July 23, 1635.

LADIES AID CAKE SALE  
A Cake and Apron Sale given by the Ladies Aid Society will be held at the Calvary Presbyterian Church School, Friday, November 4th, from three until nine. Fish Pond for the Children. Tickets including Ice Cream and Cake, 15 cents.—Adv.

Why are the church bells the most noisy things in existence? They are never quiet when tolled (told).

## VOCATIONAL SCHOOL FACTS

Proposition as Presented by Those Who Favor School on County Basis

### PRESENT SYSTEM ONLY 20 PER CENT EFFICIENT

The advocates of vocational schools for Burlington County have given out the following statement for publication:

Before going into the details of the subject of Vocational Training, let us first examine the present school plan. In the last ten years there have been 8,166 pupils who have finished the 8th grade. Of this 166 there have entered High School 6,291. Of this number who have finished High School are only 2,097; or about 77% have entered and 26% finished, so that our High Schools are now maintained for only 16% of those who finish the 8th grade. There is a very large number who do not go to the end of the 8th Grade, so it is fair to figure only about 20% who enjoy the full advantages of the school system of today.

There are many who are interested in the health of children hope the public will vote favorably on the question.

The hygiene nurse has been at work in Palmyra for two years and school authorities have met with much opposition of late. The third is the appropriation of \$800 for a hygiene nurse for Palmyra.

The hygiene nurse has been at work in Palmyra for two years and school authorities have met with much opposition of late. The third is the appropriation of \$800 for a hygiene nurse for Palmyra.

The hygiene nurse has been at work in Palmyra for two years and school authorities have met with much opposition of late. The third is the appropriation of \$800 for a hygiene nurse for Palmyra.

PURPOSE:  
The Vocational Schools are designed to give technical training in the industrial arts and trades and various branches of agriculture and home economics to that class of boys and girls, who by reason of circumstances cannot or do not enter High School as a preparatory school for the provision of clerical positions, and for which class our present system has absolutely nothing to offer. This class constitutes 80% of all boys and girls who enter the 8th Grade. Vocational Schools are, therefore, intended to give to this large percentage of boys and girls service similar to that now given to the smaller percentage of 20%.

METHOD:  
When the County desires to have such technical training in the procedure is for the County Board of Freeholders to ask the State Board of Education to investigate the needs and practicability of such schools within that County. Upon a favorable report by the State Board the Board of Freeholders may ask the Judge of the County Court to appoint a Vocational Education Board which shall consist of five citizens of the County, the County Superintendent, and the County Clerk. They shall proceed to make a survey of the whole County's needs, as to the number of schools, location of schools, courses to be taught, securing suitable buildings and securing the same, and the amount of the budget for this purpose, and at all times be within the amount set aside for the purpose by a Board of Estimate, which Board consists of the following: two members of the Board of Freeholders, Education and three members of the Board of Freeholders. It will thus be seen the matter of cost and how paid is always controlled by the Board of Freeholders.

When the County spends \$10,000 or more on any one school, the State will also spend \$10,000, and the National Government will reimburse the County for one-half the salary account. This State allowance also applies to each additional unit, provided such added unit is approved by the State Board, and the National Government's help applies in the same ratio, no matter how large a school system may become. After this matter of cost has been thoroughly investigated, it is the belief that a satisfactory start can be made with an amount of \$100,000 for the first year of approximately \$20,000, or about 4% per \$100,000 assessed on present valuation of the County. This would make available \$40,000 with a one-half return for all salaries. This, it is understood, is for the first year of actual operation.

After the first year the cost can only be judged by the apparent demands or needs as it will be, and no doubt it will increase, but this increase in cost will also increase in like proportion to the benefit to the boys and girls of the 80% class who are now neglected, and it cannot help but add to the resources of the County, and it should be so considered in the light of investment rather than an expenditure. We feel some report of just what has been done thus far will help to set the matter squarely before the people. A Committee from the Burlington County Industrial Association, with the assistance of the endorsement of the plan by influential men of the County, some (Continued on Page 5)

## OUT FOR MAYOR

Roray Announces Plan to Run on Sticker Plan

The only new political development in Palmyra's election next Tuesday is the announcement by William S. C. Roray, a local lawyer, that he will run as a personal choice candidate for Mayor.

Mr. Roray is a democrat and he has as his opponent, George N. Wimer who was nominated on the Republican ticket by a big majority at the June primary.

Julius Fisher, Fred Fromuth and Arthur Cramer are the Republican nominees for the three vacancies on Palmyra Borough Council and Elvin Powell is the only democratic nominee for Council.

In the county as well as the borough all the Republican nominees are expected to be elected by the usual republican majorities.

Three public questions are to be voted on. The first is a thirty-million dollar state road bond issue, which is expected to be approved. The second is the county vocational school project which has met with much opposition of late. The third is the appropriation of \$800 for a hygiene nurse for Palmyra.

The hygiene nurse has been at work in Palmyra for two years and school authorities have met with much opposition of late. The third is the appropriation of \$800 for a hygiene nurse for Palmyra.

## OTHER COUNTIES TIRE OF VOCATIONAL SCHOOL COSTS

COUNCIL BORROWS \$4,000 TO PAY SCHOOL BOARD

A meeting of three members of the Riverton Borough Council and the mayor was held on Thursday evening of last week and a resolution passed to borrow \$4,000 in anticipation of the receipt of taxes in order to pay the school board a portion of the \$8,000 still due that body.

MRS. CLARA S. FOWLER

Mrs. Clara S. Fowler, 64 years old, (nee Beck) wife of Alfred E. Fowler, died at her home on Lincoln avenue, Palmyra, Tuesday morning at 2 o'clock. She has been a resident of Palmyra for several years and enjoyed a large circle of friends in this vicinity.

Funeral services will be held this (Thursday) evening at 8 o'clock from the Snover Funeral Home, E. Broad street, Palmyra. The Rev. William Lee, pastor of the Palmyra M. E. Church will be one of the ministers officiating.

Interment will be made at the Odd Fellows Cemetery, Smyrna, Delaware, on Friday.

Mrs. Fowler is also survived by a daughter, one brother and a sister.

"Y" Father and Son Banquet

Annual Get-Together of Dads and Lads Will Be Held November 10

National Father & Son week will be celebrated in Palmyra and Riverton on Thursday evening, November 10, by a Father and Son Banquet to be held at the Calvary Presbyterian Church in Riverton. This banquet is under the direction of the Palmyra-Riverton YMCA board, and tickets may be purchased from any group leader or at the YMCA building in Palmyra or from the following men who compose the board of directors of the YMCA:

President, George N. Wimer, Palmyra; Vice-President, Edward W. G. Borer, Riverton; Secretary, Leon C. Guest, Riverton.

Palmyra—Charles A. Delts, James H. Hartley, Harold J. Lever, William McConnell, William T. J. Purcell, Thomas C. Van Oten, Charles B. Hinckman, Robert Kirkpatrick.

Riverton—Rev. Charles T. Bates, Walter L. Bowen, Dr. Samuel W. Collin, Nathan Lane, Jr., C. Singleton Mears, Victor Ritschard, William J. Porter.

The real purpose of a Father and Son Banquet is to bring the fathers and sons together in an atmosphere of friendship, good fellowship, and love, so that the feeling for each other may be strengthened. This atmosphere is furthered by good singing, a talk by a Father and a Son and then a real big address by some man who knows and loves boys, and by "boys" we mean the men too, for what is a man but a boy grown up?

Mother, it is up to you, dress your husband up and get the son off to this banquet; you will enjoy the aftermath as much as they did the banquet. It will be good for the whole family.

Son, if your dad can't go or you haven't a dad, leave your address with one of the men listed above and we will see you at the banquet.

Daughter, you help your Mother get your dad and kid brother off for the night and then when the Mother and Daughter Banquet comes, you can hit up Dad for the price.

Now Dad, this is for you. Come on, loosen up a bit and show the boy a real time! You will have a real one too. What say? Will I see you Thursday, November 10, at this Banquet?

The speaker will be Professor James S. Heberger, Professor of Child Hygiene in the William Carter Foundation of the University of Pennsylvania. The address will be on "The Winning Team."

GIRL RESERVES  
The Girl Reserves met Tuesday evening, November 1st. The secretary and treasurer handed in their reports. A motion was moved and seconded that the Girl Reserves would wait for the present before electing officers.

The temporary officers are: Ruth Patterson, chairman; Nan Evans, vice-president; Irene Sippel, treasurer and Margaret Waller, secretary.

The remainder of the meeting, the girls rehearsed the play which will be given this month. The next rehearsal is on Thursday night, November 3rd. The usual meeting will be held on Tuesday, November 8th.

MARGARET W. WALLER, Secretary.

CARD PARTY  
The Ladies Auxiliary of the Riverton Fire Company will hold a card party in the Fire House Wednesday evening, November 23, at eight o'clock.

Tickets may be bought from any member of the Auxiliary or any active fireman for 35 cents.

WHEN WAS IT?  
A very smart paragrapher in Washington advises to remark that "President Coolidge discovers that the business depression is over before the Democrats go around to find out that we had one."

An Eastern man says falling in love is like it does intelligently. He is right. Falling out of an airplane should also be done the same way.

When jumping from an airplane with a parachute one is supposed to

## BUY AT HOME

PRICE FIVE CENTS

Essex Jumps to \$383,000 In 8 Years, Besides a Million and a Half in Bonds

### SHOULD BE INSTALLED IN HIGH SCHOOLS

Middlesex and Essex Counties have vocational schools.

The vocational schools were started in Middlesex in 1915 with \$5000. The next year the amount doubled, and the increase in cost has been steadily growing until the appropriation in 1927 is \$83,920. In addition to the rapidly mounting maintenance costs, bonds amounting to \$434,000 have been issued for the erection of vocational school buildings.

In Essex county the start was made in 1919 with \$10,000—about the amount that is being asked for as an initial appropriation in Burlington county—and this year the operating cost is set at \$83,000. Bond issues in Essex have totaled nearly a million and a half dollars.

The word that comes down from both of these counties, from the board of freeholders, who have to raise the money, is "don't."

And Burlington county, owing to its great size compared with its population, and its relatively low property values, is not as well calculated to put in vocational training as a county project as either Middlesex or Essex.

It should be borne in mind, too, that once Burlington county is committed to the vocational school plan by the mandate of the voters at the election next Tuesday, there is no escape except through special legislation.

Belongs in High Schools  
There is a growing conviction among many who favor vocational training that the place for it is in the high schools, where it could be added at a very small part of the expense that would be entailed by installing a separate system.

This year Camden county's Board of Freeholders was prevailed upon to commit the county to the vocational school project on the representation that the cost of operating the school would be "about" \$150,000 annually. When the proposition came to the voters, the way is now believed to have been a very inaccurate estimate, the county has appropriated \$80,000 for a site and \$550,000 for a school building. When the proposition came in, the lowest bid was in excess of \$1,100,000, whereupon the GREENHOUSE was cut out of the original plans and other alterations made to bring the new building within the appropriation.

To the people of Camden county are learning the cost of the white elephant which their Board of Freeholders wished on them.

On the contrary in Burlington county, the Board of Freeholders made careful study of the proposition when it was broached to them last year. Members of the Board went into the counties in which there were then in operation similar schools and it was upon the collective judgment of the members of the Board, based upon the information obtained at first hand from the counties already saddled with vocational schools, that the petition presented to the Board early in 1926 was denied.

Freeholders Protect Taxpayers  
In taking this action the Board of Freeholders had nothing to gain and much to lose. Refusing to commit themselves to the vocational school plan, they protected the taxpayers whom they represented and this attempted raid on public funds, which they had every reason to believe was unwarranted and unwelcome.

They had no axes to grind. They were living up to their sworn duty to the people of Burlington county as they understood it.

And those who have not had the opportunity to make up their minds the thorough investigation the members of the Board made, should give due weight to the findings of those men who were elected to represent the whole county—not merely a very small minority riding a hobby.

Revision Needed  
With the county educational system failing to meet the requirements of 80% of the pupils (as stated by the vocational school advocates), would it not be better to "clean house" than to add another branch, for which there is no guarantee that it would function any more efficiently under the same management?

It would be quite as logical to erect a new building for the installation of new machinery while the original building was cluttered up with obsolete and discarded equipment, as to add a new system for vocational training, when, by the elimination of some of the things that are non-essential, the vocational training could be installed in the high schools we already have.

In fact, Florence has made a very creditable start in this direction in its grammar school.

The taxpayers of Burlington county will be serving their own best interests and doing the school children no harm by taking their time about this new addition to the already burdensome school system.

Vote against the vocational school propositions next Tuesday, and let those who want to see it installed present a more reasonable and practical plan.

Count ten before pulling the string. It is said there are few "Dempsey-Tunney" counts on record.

## Demolished Dam Creates Problem

All Agree That It Must Be Repaired, But by Whom is the Question

Just where county responsibility begins when a dam is washed out was the problem which confronted the Burlington County Board of Freeholders when they met last Friday.

If it was just an ordinary cranberry bog dam the thing would have been very simple, and the answer would have been that the county had nothing to do with it. But this particular dam, while it started out as a bog dam, has since been elevated to the dignity of a dam creating a lake at a health resort around which has been built cottages aggregating a value of some \$300,000. And it is on this point that the owners of the cottages base their claim that the county should help to repair it—owing to the fact that the cottages afford the county a source of revenue in taxes which it would never get from a cranberry bog.

The freeholders were clearly in a quandary. They felt they might have some interest in the matter, after all, but were chary of establishing a precedent which might arise to plague them later on. It was finally decided to visit the dam and discuss the matter on the spot with the township authorities and the owners of the properties bordering the lake.

A dam that broke at Brown's Mills, causing a washout into which two women motorists drove, was submitted to the freeholders. It was claimed that the county is not legally responsible for the washout, while it was also shown that a lantern had been placed at the county bridge by direction of Daniel R. Lemmon and that the motorists saw it before their car took a plunge into the washout near the bridge.

**Property Owners Ask Help**  
C. H. Graves, a property owner along the lake at Brown's Mills, appeared before the board to ask who is responsible for the dam which held the water that formed the lake about which he and others built homes. He said that there is \$300,000 worth of property on the shores of the lake which would be reduced in value by at least 25 percent if the dam is not rebuilt.

William H. Stull, township clerk of Pemberton township, accompanied Graves, and he was at a loss to know who was expected to repair the dam—whether it was the county, the township or the property owners, but admitted that something must be done, as the lake is a big asset to Brown's Mills.

The members of the board failed to see where the county could be held responsible for the dam on private property, there being hundreds of such dams in the county which had been built by owners of cranberry bogs. They cited the fact that the dam at Brown's Mills had originally been used as a bog dam. At the suggestion of Freeholder Lippincott it was finally decided that the freeholders should meet the members of the township committee of Pemberton township and the property owners in an effort to bring about an amicable adjustment of the matter.

**Permit to Move Buildings**  
A communication was received from the U. S. Department of Agriculture requesting permission to use the county road between Riverton and Moorestown for the moving of the buildings comprising what is known as the Japanese Beetle laboratory, to a new location in Moorestown. Permission was granted.

The Public Service Gas Company was given permission to open the shoulder of the county road on Broad street, East Riverton, for the purpose of renewing 300 feet of gas mains.

Public Service also asked permission to erect 22 poles on the south side of the Vincentown-Medford road in order to furnish electric service to William J. Frick, of near Vincentown, and 12 poles on the west side of the Red Lion road south of Race street, Vincentown, in order that the W. S. Goldy might have the added convenience of electricity. Both requests were granted.

The clerk was authorized to advertise for bids for metal furniture for the auditor's office.

The following bills were ordered paid: Roads, \$4,975.45; bridges, \$1,939.16; buildings, \$9,176.33; public affairs, \$4,924.62; financial, \$6,670.60; total, \$27,686.16.

## GRANGERS OPPOSE VOCATIONAL SCHOOL

The adoption of a resolution opposing the establishment of a vocational school or schools in this county was the leading and most interesting feature at a meeting of Burlington County Pomona Grange, held at Medford, on Tuesday.

During the period of discussion on this resolution, submitted by the legislative committee, vocational training was not opposed, but sentiment was registered strong against saddling the taxpayers with the expense of providing a school or schools for this purpose.

Another interesting feature of the business program was the election of officers, which resulted in the following: Master, Clifford Emmons, Pemberton; Overseer, William Bagg, Burlington; Lecturer, Mrs. Isiah Prickitt, Medford; Secretary, Mrs. Mary Rockhill, Columbus; Treasurer, Leon Collins, Moorestown; Chaplain, Joseph Engle, Mt. Holly; Steward, Howard Willis, Marlton; Asst. Steward, Franklin Nixon, Vincentown; Lady Asst. Steward, Abbie Pew, Rancocas; Ceres, Caroline White, Marlton; Pomona, Mrs. Clifford Emmons, Pemberton; Flora, Mrs. William Bagg, Burlington; Gate Keeper, William Sharp, Columbus.

## FAIRVIEW BANK OPENING DREW LARGE ATTENDANCE

An enthusiastic welcome was accorded the opening on November 1 of the new Fairview Office of the West Jersey-Parkside Trust Company, located at 2981 Yorkship Square. Many people of note were present and applauded the progressive move which the bank has made. The building was fittingly decorated in honor of the occasion. Complete banking service is now operative in this, the third office which the West Jersey-Parkside Trust Company maintains.

## BASKETBALL MEETING

A reorganization meeting of the Burlington County Basketball League will be held at Mount Holly Armory on Thursday evening, November 3. Representatives from last year's Clubs are expected to be present, and any other Clubs desiring admission to the League are requested to have a representative at the meeting.

## County Red Cross in Annual Meeting

Judge Wells, C. L. Neal, Rev. Gummere and Rev. Ward Address Session

The annual meeting of Burlington County Chapter of the American Red Cross was held in St. Mary's Guild House, Burlington, Wednesday of last week.

Luncheon was served and the business meeting following was presided over by Mrs. James P. MacFarlane, Palmyra chairman. Reports were read from the officers of the Chapter and each Branch.

It is notable that many of the Branches went over the top in their collections for disaster relief.

Mrs. MacFarlane reported attending the national convention in Washington.

Officers for the ensuing year were elected as follows: Chairman, Mrs. James P. MacFarlane; First Vice-Chairman, Mrs. Winfield S. Gale; Second Vice-Chairman, Mrs. J. W. Parker, secretary and treasurer, Miss Mary W. Samson.

Mrs. Alice Brock, field representative, gave an account of the Washington Convention, calling our attention to the demand of the National Red Cross for 5,000,000 members in the enrollment this year.

There were 97 disasters assisted by the Red Cross during the past year, of which 77 were major disasters in our own country. In the Mississippi flood relief the Red Cross was assisted by every department of the Government.

The Rev. John W. Gummere, of Mount Holly, gave some experiences of his service in France, during the World War, with the American Red Cross; he said the thought of our relief was "America united in disaster."

The Rev. John Talbot Ward welcomed the Red Cross to his parish. C. Lloyd Neal gave an earnest plea for a campaign of instruction in life saving in the county, as outlined by the Red Cross Life Saving methods.

Judge Harold B. Wells, of Bordentown, gave a stirring address on the subject of our duty in the coming Roll Call, of which he is chairman, stating an increase of enrollments is sought; that last year the Burlington County memberships were 3914; this year the quota given us by the National Red Cross is 5700.

## MOTION PICTURE THEATRE FOR MEDFORD DISCUSSED

The Business Men's Bureau of the Medford Chamber of Commerce held a special meeting last week for the purpose of further considering an up-to-date motion picture theatre for the town. The proposition was thoroughly discussed and sentiment favored this class of entertainment, as an essential feature in connection with the present, as well as the future of the town.

Railroad spurs and special concrete roads which will carry the material for the new \$3,000,000 assembly plant of the Oakland Motor Car Company, are nearing completion.

It is now up to Morrow in Mexico.

## Christmas Seals Support the Work

Deaths From Tuberculosis Reduced One Half in 20 Years; Fight Still On

The Burlington County Tuberculosis League will continue to use the Christmas Seal Sale for the raising of funds for the maintenance of its work in Burlington County. "The Christmas Seal Sale has been a state and nation-wide event for the past twenty years" and long service has proved its value, not only as a means of fund-raising, but as a method of health education which has been said of persons who have no official connection with the Tuberculosis Associations, to have no equal. We are able at this time of the Seal Sale, through the generous amount of space given by the press, the use of posters, moving pictures, health talks, radio and the message of the little seal itself, to emphasize the health message as at no other time of the year. We feel that the reduction of the death rate from tuberculosis by one-half since the first Seal Sale, twenty years ago, may be very largely considered a result of these educational efforts. The erection of over 600 sanatoria for the care of the tuberculous sicken, the almost universal community clinic, and nursing service now available, the prevention, the summer camp, school health work and perhaps most significant of all, the almost universal interest among all intelligent and public spirited citizens in personal and community health, are surely among the most worth while attainments of our generation.

We, however, are not content to rest on our laurels. The annual death rate of 868 in New Jersey is still too high. Tuberculosis is both curable and preventable. The national tuberculosis association is now organizing a nationwide campaign for 1928 which has for its aim the finding of cases in the early stages of disease. If efforts are redoubled in the next few years we should make a death from this disease as rare as one from smallpox. Our organization here is preparing to do its part in this nation wide battle by having the annual seal sale on record. At our headquarters workers are busy in preparation, although the sale will not begin until after Thanksgiving, as we carefully avoid interfering with the annual Roll Call of the Red Cross.

Secretary.

## MOTOR CHOKES CAUSE OF MOTOR WEARING

Excessive Use of Choke Washes Protective Film and Dilutes Oil, According to Experts

The only apparent remedy to prevent the engine sputtering and spitting in cool weather is excessive use of the choke. If the engine gets an excess of gasoline, some of it will explode and the car will run evenly. Drivers who use this remedy give little thought to where the excess gasoline goes, excepting that they think it is natural for the car to use more gas in winter.

If they knew that the effect was more serious than extra gasoline consumption they would probably take other means to remedy the trouble. Makers of a number of the cars have felt this so serious a problem that they are equipping their cars with Pines Winterfronts when they leave the factory.

Their engineers have found by test and by experience that this device aids greatly in reducing the wear of the engine. In fact it completely does away with the dangers of cold, which automotive science now blames for 50 to 75% of all premature motor wear.

## About Your Health

Things You Should Know

ONE CRITICISM

A Jersey technician recently took me to task, concerning one of my articles on the colon bacillus; he stated, in print that, my sketch was "both harmful and misleading" and that it was out of place in a newspaper. His contention was, if I read him correctly, that, the "bug" is a harmless one, its presence being determined simply to find out if other more dangerous bacteria are present or, if fecal matter was polluting suspected specimens of drinking-water. My statement was to the effect that, the bacillus is harmless if in the human colon, but, a very ugly customer if it gains access to the bloodstream.

I have, myself, seen a gangrenous gall-bladder, wherein this germ appeared to be the infecting agent. I have, myself, seen certain forms of arthritis, cured by vaccines prepared from strains of the bacillus communis coli.

I have, myself, found the colon bacillus infecting the human bladder in chronic cases, and have seen them recover with vaccines and local treatment; one case of thirty years standing. In all the above cases there was a history of ulcerated rectum and hemorrhoids.

I cannot believe that my note of warning was "misleading" or "dangerous."

Let me mention a few eminent authorities who agree with me: Sanarelli, Willard Stone, Achard, Bensuade, Gwyn, Schottmuller, Buxton, Schorer, Hauser, Roving, Rolleston, Ohlmacher—O' what's the use? There are dozens of them; I cannot understand how a scientist of today, could look upon an inhabitant of an appendiceal abscess as harmless!

I therefore repeat: If you have a rectal ulcer, or a diseased rectum, have your physician take care of the condition; the colon bacillus is a dangerous entity, if in your blood. To deny this, is to betray lack of thoroughness.

## Grangers Oppose Vocational School

Believe It Should Be Worked Into Present School System; Taxes Too High

There was a large attendance at the fall meeting of Burlington County Pomona Grange No. 1, held at Medford on Tuesday of last week, and during a discussion of subjects pertinent to the organization the matter of the establishment of a county vocational school was given consideration. Inasmuch as this proposition will be placed before the voters at the general election on November 8, the grangers expressed themselves on the project by adopting the following resolution:

WHEREAS, The voters of Burlington County, at the coming election, will be called upon to vote on the question of vocational education, and

WHEREAS, The taxes are already almost impossible, and vocational education under the proposed plan would greatly increase our burden; therefore be it

RESOLVED, That Burlington County Pomona Grange No. 1, is opposed to the proposed plan of a special school system for the vocational education.

We believe vocational education is a good thing and should be provided through the present school system, and urge all members to vote NO

## Friendly Thoughts by Frank A. Snover

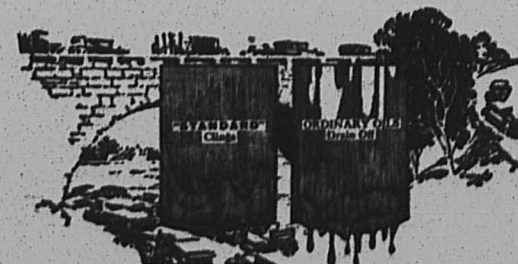

There will be more tolerance in the world when we all learn to say WE instead of THEY as we describe some habit of the multitude. Each of us must share in the responsibility for the crowd's behavior—because we are the crowd.

There is no better injunction for any professional or business man to follow than the Golden Rule. And each may find more men who observe it.

Palmyra, N. J.

**OKEN SAYS COOLIDGE.**  
AN EGG FOR BABE RUTH.  
AN OLD ENGINEER.  
CHILDREN AND SUNSHINE.

President Coolidge, surveying national conditions, finds them excellent. As regards business and prosperity, Secretary Mellon says there is abundance for all new ventures worth while, crops are good and automobiles are expected to set new sales records.

Secretary Hoover reports that our exports are increasing. This year is ahead of the same period last year and our imports have one pleasant feature. We are not paying England the high prices for rubber that we paid last year. You may reply in questions about the business outlook, as follows: Nothing the matter, if business does not become afraid of its own prosperity.

Perry Thomas, one of the oldest, most trustworthy engineers on the New York Central, was soon to retire—as soon as he had saved a little more money. Before the day came a head-on collision ended his life, and as he lay dying in the hospital the old engineer, desiring to free everybody else from blame, told witnesses the accident was his fault. He had run by a black signal in the fog.

This reminds the public how much depends on the railroad engineers. They should be better paid than they are now. And they might well be retired on full pay, without waiting until age dims their sight and dulls their nerves. The public would be willing to pay for it.

At Omaha, Babe Ruth received an token of his greatness, an egg laid by Lady Norfolk, champion hen of the world.

It was the 170th egg laid or batted out by that hen in 170 days. Ruth remarked: "A hen's egg by the river's brim, a simple hen's egg was to him, and nothing more," and went on with his batting. It would surprise the idol of America to know that such a hen as Lady Norfolk is more important to the country than all its baseball players.

Reports from Maine, received out here on the Mojave Desert, indicate that voters mean to keep the direct primary system for awhile, at least. Professional politicians will not be able to "deliver" nominations in pre-arranged conventions. And poor millionaires, determined to be somebody, will have to buy the direct primary first, and the election afterward. Hard on politicians, who have less to sell, and on office buyers that must pay high prices for an uncertainty.

The American Public Health Association, gathered at Cleveland, is told that today's greatest cause of death is heart disease. And repeated infections, such as "common cold," to which so little attention is paid, cause heart disease. The trouble starts often in childhood, with childhood's diseases, all of which might be avoided. This should interest parents of the dark ages type who think "the children might as well have measles and such little things first as last and get them over with."

Toronto University proves that sunshine will cure rickets, of which many children die. A German wrote more than 100 years ago, "God may forgive you for not giving to children bread that costs money. But He will not forgive you for depriving them of fresh air and sunlight that cost nothing." To prove that sunshine cures rickets does not mean much, when millions of city children can not have the sunshine.

Power companies worth twenty-three billion dollars don't want the government to harness the Colorado River. That might mean competition in the power business.

Twenty-three billions is less than \$230 per inhabitant of the United States, less than the price of a small automobile. "Twenty-three billions" sounds big, but 115,000,000 human beings, all interested in Colorado River development, possess power also. The Colorado will be developed and power gentlemen will be glad when it happens. Learned bankers fought the Federal Reserve law, dreading interference with pleasant profits. It has saved them from black panic half a dozen times.

## Palmyra Athletes In Princeton Game

Miller and Anderson, Former P. H. S. Stars, Shine in Big Contest

Three names that were once prominently connected with athletics at Palmyra High School appeared in the summary of the football game between the freshmen teams of Princeton University and Rutgers University at Princeton last Saturday. These names, known to every rooter for Palmyra teams several years ago, were: Charles A. "Dutch" Brumbaugh, Edgar L. Miller, and Milton "Sub" Anderson. Brumbaugh, who was coach and physical director at Palmyra in 1922, was the referee of the game. Dutch has been coaching at the Caldwell, N. J. High School since he left Palmyra.

Edgar Miller, former star end of the Palmyra High and Haverford School football teams is now playing regular left end on the Tiger Cubs eleven. Miller is still playing the sensational game which earned him a position on the All-Academic team of Philadelphia last season. Although much lighter than the average man on the Princeton Fresh team, Miller has already made quite a name for himself at the Tiger-town University.

"Sub" Anderson, the third of these Palmyra stars, played left guard for the Rutgers Freshman. He played guard position on the 1919 and 1920 football teams of Palmyra High School, before he left in his sophomore year. Two years ago "Sub" went to Wyoming Seminary, where he earned a regular guard position on the team that won the Prep School championship of Western Pennsylvania. Last year Anderson's team went through an undefeated season, beating such teams as Penn State Frosh and Syracuse Frosh. This year "And" has been playing his usual smashing game with the Scarlet Frosh team, that made him famous in Palmyra and vicinity.

There were several Palmyra and Riverton people at the game, which Princeton won in the last quarter, score 16-6. Mr. and Mrs. Edgar Miller, of Riverton, and their two daughters, were rooting for the Princeton Cubs, while "Bill" Colsey and "Wally" Sullivan were rooters for the freshmen of their Alma Mater, Rutgers.

## GERMANTOWN HAS CHINESE SALESMAN

Henry W. Ip is Employed by Oakland Company Sold in Orient

The distinction of being the only Chinese automobile salesman in the United States is claimed by Henry W. Ip, a member of the sales force of the Germantown Oakland Company, Philadelphia.

Because of disturbed conditions in the Far East, Mr. Ip has returned from the Orient to Philadelphia where he received his education some years ago. Until he came to Philadelphia, Mr. Ip had been Chinese sales manager for Mark L. Moody, Inc., one of the most enterprising automobile houses in China.

"As soon as China establishes a stable government, the good road movement, halted by the strife, will go forward and China will experience an automobile boom," he said. "This of course will benefit American manufacturers, whose volume enables them to give more value for less money than the car builders of other nations. The Chinese buyer is interested principally in long economical operation, economy being very important because his gasoline still costs 50 to 60 cents per gallon."

## QUIET HALLOWEEN No Disorder or Property Damage in Palmyra

Chief C. Morris Beck, of Palmyra police, wishes to thank parents and children for the way they took his warnings regarding Halloween mischief and the shooting of staples on the streets. Not a complaint had been received since last week.

Beck says there are still a few boys shooting staples and he wishes the parents of these children to remind the youngsters again. Parents will be responsible for any damage done.

Halloween was very quietly observed in Palmyra. A dance at the K. of C. Hall was the biggest affair.

Some of the younger generation had their usual "tick-tack," but no property was damaged. The only report of loss was made by Mrs. Joyce, who missed two chairs from her porch.

## Scouts Open Fall Program

County Meeting to be Held in Beverly Early in December; Test of Skill

Troop 1 Boy Scouts of America, Riverton, N. J., is starting off their regular fall program of scouting with their meeting this Friday night. The first meeting will be devoted to preparing for a fall scout meeting which is to take place early in December in Beverly. This meeting is to be a real test of the scouts' ability, because no special equipment will be used in the contest but the scouts will be obliged to perform first aid, etc. with just what things they can pick up on the spot.

For amusement friendly boxing matches will be held by the scouts in the troop. The boys have been practicing up for some time for these boxing bouts and they should be very well worth seeing.

It might be of interest to friends of the troop to have a list of the members at this time. They are as follows: Scout Master, John D. Pollett; Assistant Scout Masters, Malcolm Dickinson, "on leave," Jack Morris, "on leave," William DeH. Washington, Alexander Cole, Junior Assistant Scout Master, Henry Seabrook; Senior Patrol Leader, J. Allen Hemphill; Patrol Leaders, Wesley L. Hemphill, 1st Class Scout; William Evans, 2nd class Scout; Scouts Harry J. Ciang, Tenderfoot; Rene Gros, 2nd class; Robert Knight, Tenderfoot; Walter R. Hurst, 2nd class; John J. Gung, Tenderfoot; Joseph Malmone, Tenderfoot; Owen P. Merrill, associate; Rodman Merrill, 1st class; Archie Seabrook, 1st class; Wm. M. Shoemaker 3rd, 1st class; Royden Speer, Tenderfoot; Charles H. Sullivan, associate; John S. Sullivan, associate; Edward Waskonis, 2nd class scout.

## COMING

All who were fortunate enough to attend the performances of "Kathleen" last year will be pleased to know that Palmyra High School will again entertain you with a delightful musical comedy called the "Rose of Tokyo."

Don't forget to mark your calendars, December 8, 9 and 10. Miss Fromm is publicity chairman in charge of this play.

THANK YOU  
In appreciation of splendid donation from Riverton and Palmyra for Home of Aged Women at Burlington, N. J., I wish to express my sincere thanks to each and every one who contributed.  
MRS. THOMAS MURPHY,  
Member of Board Managers.

## "Y" Activities On the Increase

Organization Is Destined to be Real Factor in Social and Civic Life

The Board of Directors of the Palmyra-Riverton Young Men's Christian Association will hold its regular monthly meeting on Thursday, November 3, in the lobby of the YMCA building.

Tuesday evening the Edison Pioneers held a Halloween Social at the home of their Leader, John L. Metagar. Every Pioneer brought his girl and a fine program of games was enjoyed by all. To make the party a bigger success refreshments were served and everyone went home with a feeling of deep comfort and joy.

The Independent Pioneers under the leadership of James Crawford will hold its regular weekly meeting on Friday evening instead of Thursday for the next two weeks. Several important issues are pending and all members are urged to be present.

The Friendly Indians are increasing in number each week so two new tribes are being formed. These will be under the leadership of Henry Wilbraham and Thomas Price. All tribes meet on Wednesday afternoons and hold separate meetings and then come together for group games and other activities.

A real force of workingmen showed up at the YMCA on Saturday morning and through hard work they managed to clean up the whole lot in back of the building making a general appearance improvement of 100% or more. The directors take this means of thanking those fellows who so very kindly gave their time and their tools to this work. Chief among these workers were: Henry Wilbraham; Thomas and Walter Price; Jake and Joe Blitt; Robert Rockafellow; Bill Cooper and one or two others.

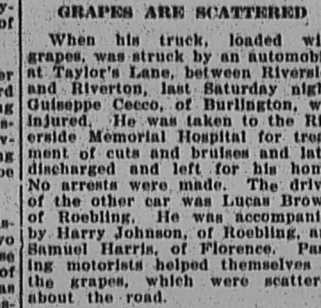

The local secretary, Mr. Carter, is now being assisted by Thomas Price of Palmyra. Price's chief job is to look after the property and to take charge of any group of fellows who wander into the building and do not have any particular thing to do. He is also chief Librarian and general clerk. He is on duty three or four evenings each week and nearly every afternoon you may see him handing out cards or ping-pong paddles or doing one of the many duties that fall to his lot.

The Lincoln Pioneers, under the leadership of Clifton Taylor are conducting regular weekly meetings and for a side activity are organizing a football team and in the near future will issue a challenge to any team of equal size.

The Calvary group, under the leadership of Paul Burr is to hold a cake sale in the near future and when the time comes would be glad to receive your support in this endeavor.

Each year in some city in New Jersey is held the New Jersey State Older Boys' Conference. This year it is to be near Burlington County, Trenton on December 2, 3 and 4 will be the host to this gathering which will number 700 or more. The fellows are guests of the people of the city who very readily co-operate in this enterprise. Burlington county is entitled to 26 delegates, 6 of whom are to come from Palmyra and Riverton. The usual method is for each group of older fellows to elect a representative and to pay part of his expense, this fellow then makes a report of the conference to the group and thusly the fellowship, friendship and inspiration that abound at one of these conferences is spread over the whole state of New Jersey and every group member has a share in it.

GRAPES ARE SCATTERED  
When his truck, loaded with grapes, was struck by an automobile at Taylor's Lane, between Riverside and Riverton, last Saturday night, Giuseppe Cecco, of Burlington, was injured. He was taken to the Riverside Memorial Hospital for treatment of cuts and bruises and later discharged and left for his home. No arrests were made. The driver of the other car was Lucas Brown, of Roeboling. He was accompanied by Harry Johnson, of Roeboling, and Samuel Harris, of Florence. Passing motorists helped themselves to the grapes, which were scattered about the road.

**Making Your Telephone More and More Useful**

EFFECTIVE research and development aid along both technical and administrative lines, is essential to the improvement of any service.

Such aid is assured to the New Jersey Bell Telephone Company through two great organizations—the American Telephone & Telegraph Company and the Bell Telephone Laboratories, Inc.

The technical and business development forces of these two companies are considered the finest of their kind in the world. They have produced most of the great advances in Telephony from the first instrument, switchboard and cable, through thousands of inventions leading to the means for talking across continents and oceans.

Today they have more than 2200 scientists and other experts working to improve all phases of telephone communication.

Each new device and practice they perfect is furnished to our Company and to every other Bell System organization. Each improvement thus becomes standard for all parts of the nation-wide Bell System, and your service is made better whether you wish to talk across the street or state or to the most remote section of our country.

## NOTICE

All readers or local notices of entertainment, suppers, fairs, dances, etc., given for the purpose of raising money, will be charged for at the rate of fifteen cents a line.

## VOTE

In this issue the Riverton Civic League publishes an advertisement urging their fellow citizens to turn out and vote next Tuesday.

The American citizen has no more important duty than to exercise his right of franchise, and of all the privileges he enjoys under the constitution so wisely drawn by our forefathers none is of more value to his safety and happiness—and few are regarded more lightly.

It is a sad commentary on the peace-time patriotism of the average American citizen that it takes the combined efforts of all the political influences, all the civic organizations, all the clubs, and all the candidates themselves to get out fifty per cent. of the possible vote—and it often falls below that.

People should get the HABIT of voting. There are no "off years." If they vote at ALL elections, they will not run the chance of missing any of the "important ones."

The most hopeful thing that has happened in Riverton in a decade is the fact that a band of citizens who have paid little attention to municipal affairs for a long time, have joined hands in an effort to improve conditions in our borough, and are asking for a big vote as an endorsement and encouragement to the men who have been selected to conduct the municipal government for the coming year.

There is no contest. The battle was fought and decided at the primary election. That does not mean, however, that "it is no use to vote now." A large vote will greatly hearten those upon whom will fall the burden of conducting YOUR business in the administration of the government of YOUR town, for YOUR benefit.

Give it to them.

## VOCATIONAL SCHOOLS ON THE BALLOT

The sample ballots were mailed to voters this week. The second "Public Question" to be voted on will make it mandatory upon the Board of Freeholders, if it receives a majority of votes, to establish vocational schools in the county, to be paid for by taxation on property all over the county. The money will be added to the budget of the Board of Freeholders, and not to the school budget. It will be a new and additional school system.

A great deal of work has been done by the proponents of this scheme among school people and women's organizations connected with the schools. Of course only one side of the question has been presented—the value vocational training would be to boys who do not get on well with their books.

Unintentionally, however, some of the speakers imported into the county to boost the vocational school idea, said things that set their hearers to thinking. One of them, for instance, said that boys who did not get on well with their books did not get on any better with vocational training. He also said that the establishment of vocational schools would not noticeably decrease the cost of operating the high schools, and, further, that in twenty years the high school as it is now known would be supplanted by a different institution in which a great deal more attention would be devoted to vocational training.

These are significant statements when it is considered they were made by the superintendent of the vocational school in the city of Passaic, who had been invited to Burlington county to tell the members of a women's school organization why they should vote for vocational schools here.

Vocational training has its place. There is also a proper way in which to handle it. To foist the cost of it on the county as a whole, when only a very small area can be served by it, is not the way. To defeat the proposition next Tuesday at the polls will not defeat vocational training. It will only scotch a pernicious plan of financing it, and force the backers of the plan to submit a more practical and equitable scheme.

For their own protection, voters are cautioned to look out for this "Public Question," which is the second one on the ballot and vote against it. NOT TO VOTE WILL NOT DO. The forces backing this plan will poll every vote they can muster. This must be offset by votes against the measure.

NOT TO VOTE COUNTS ONE FOR IT.

## THE HYGIENE NURSE

The question "Whether the Hygiene Nurse shall be continued" will come before the citizens of Palmyra for decision at next week's election.

The Board of Education is firmly convinced of the value of Hygiene Nursing among the school children, and the work has been a decided success, according to our school teachers and Parent Teacher Association. The school work takes up about one-half of the nurse's time.

The other half of this Hygiene work consists of Baby Welfare Clinics and visits to the homes for the study of pre-natal cases and children of pre-school age. This program is especially important, as these mothers and children, while apparently well, should be occasionally visited in order to keep them at the highest possible degree of good health.

The nurse investigates general hygiene conditions, errors of diet, clothing, bathing, exercise and she also examines for physical defects among the children. The Baby Clinics have been well attended and the many mothers who have been taking their babies for observation are enthusiastic over this work.

A vote for the continuation of this work is urged upon all the voters of the Borough of Palmyra.

Do You Remember?  
"Yonder comes a woman in a hobble skirt." How colorful that sounds today.

## CONCERT

The Trio Melodique which comes to the Christ Church Parish House, Riverton, under the auspices of the Riverton Parish Club, Tuesday, November 15, consists of Helen Berlin, violin, Edna Stephens, violoncello, and Elizabeth Traffante, harpist. This organization is a most effective combination, and has attained popularity in the concert field.

Critics who have heard and admired the work of the Trio have been delighted with the perfection of ensemble and artistic interpretation. Each member is also a soloist on her chosen instrument. This Trio has appeared at the Metropolitan Opera House, at the Philadelphia Manufacturers' Club, the Matinee Musical Club of Philadelphia, at churches of all denominations, etc., etc. The Trio also appeared last year at the Sequi Centennial.

Don't fail to attend this concert which is being given as a treat to music lovers of Riverton and Palmyra and not as a money-making scheme. Fullerton Waldo, the musical critic of the Public Ledger, Philadelphia, says "I was very much pleased with the playing of the Melodique Trio. Individually and collectively they are well qualified to present a program of diversified appeal."

Tickets may be obtained from Mrs. Nathan Lane, Jr., telephone Riverton 105. Price \$1.50.

# RIVERTON ITEMS

Mr. and Mrs. J. L. Metzger entertained at a Halloween party Saturday evening at their home, 421 Lippincott avenue.

Thomas B. Keen and son, Donald, of Long Island, were weekend guests of Mr. Keen's sister and her husband, Mr. and Mrs. Robert F. White.

Mr. and Mrs. Stewart B. Clark sailed on Friday for Europe, where they will spend six weeks.

Mr. and Mrs. C. W. McCardell and children spent the weekend at Baltimore.

Miss Elizabeth Coddington, of Arlington, spent Saturday with her parents, Mr. and Mrs. J. M. Coddington. On Sunday Mr. Coddington and family spent the day with Mrs. Coddington's sister at Arlington.

Mr. and Mrs. William Craig spent Saturday and Sunday in Delaware visiting.

Miss Elizabeth Woolman entertained sixteen friends from Riverton and Moorestown Monday evening at a masquerade supper.

Mr. and Mrs. J. M. Coddington, Mrs. Marie Coddington and Mrs. Paul Good visited in Camden Monday evening.

Mr. and Mrs. E. M. Perkins and Mr. and Mrs. S. R. Cole spent Sunday at Wildwood.

Mrs. H. E. Brown entertained her sisters, Misses Mabel and Edna Adams, of Philadelphia, on Saturday.

Mrs. Clara Hean, of New York, visited her brother and wife, Mr. and Mrs. Otto Sauer, on Sunday.

Mrs. O. J. Scott, who has been ill for the past three weeks is improving.

Mrs. Grace Knudsen and Miss Mabel Appleton, who have been visiting Mrs. F. C. Calderwood, have gone to their winter home in Camden, N. C.

Miss Betty Bartlett Smith, two-year-old daughter of Mr. and Mrs. Loren B. Smith, of Moorestown, was awarded a \$2.50 gold piece as winner of second prize in the "Baby Contest" held in the Moorestown Community House on October 27. The contestants numbered close to a hundred.

Mrs. C. A. Goodwin, of Havre, France, is visiting her brother, Mr. A. Richmond for a few weeks. Mrs. Goodwin is the wife of the British Consul to Havre, and it is the first time in twenty years that she has visited this country. Since their marriage in 1908, Mr. Goodwin has been stationed at Odessa, Tunis, Cluj, and has just been recently assigned to the post at Havre.

Harry Hebrew, U. S. Coast Guard service, is home on leave from U. S. S. Ericson. Harry came home to see his father, who has been ill.

Mrs. Mabel E. Shaw, daughter of Mr. and Mrs. J. Lewis Jackson, of Linden avenue, was married to Ralph White, of Westmont, on October 26, at Paulsboro. Mr. and Mrs. White will reside at 508 Maple avenue, Haddonfield.

Mr. and Mrs. W. A. Welsh, returned Sunday from a trip to California. They had some good fishing at Catalina Island. On their return from the coast they stopped over at the Grand Canyon, leaving there for Santa Fe, N. M., to take the Indian-detour, where they had a most interesting time visiting the prehistoric cliff dwellings. They returned by way of Colorado Springs and Denver.

C. Ridley Sweeney's Dodge Sales and Service institution was represented in the Moorestown Halloween parade last Saturday night by two of the latest model Dodge cars.

Mrs. Augustus Schoenweiss, arrived in New York aboard the S. S. Ballon last Monday at noon, after having spent six months in Germany and Switzerland. John C. Geiss and his wife, who is the daughter of Mrs. Schoenweiss, motored to New York to meet her.

## BAZAAR AND SUPPER

An all day bazaar and supper are being planned by the Riverton Parish Club for November 22 at the Christ Church Parish House, Riverton. The committee in charge are Mrs. Arthur F. Coe, Mrs. Edward K. Merrill and Mrs. Frederic N. Steiner. The bazaar, which is being given for the purpose of raising funds to refurbish the club house, will open at 10.30 in the morning. At six o'clock, a supper will be served, \$1.00 for adults and 50c for children.

The following ladies will be in charge of the various booths: Miss Beulah H. Parry, aprons and general; Mrs. Gilbert A. Coe, handkerchiefs; Miss Antonette B. Campbell, pure food; Miss Elsie Biddle, cakes; Mrs. Walter T. Blyler, candy; Mrs. J. D. Clark and Mrs. Joseph Morgan, toys and whoop-ies. An added attraction for the men will be an indoor putting green. Tickets for the supper may be obtained from Mrs. Reuben F. Corry, telephone, Riverton 267-1, or Mrs. Sherman L. Warren, telephone Riverton 266.

# "Criss Cross" at New Erlanger

Charles Dillingham Production  
is Pleasing Thousands at New Phila. Theatre

Philadelphia may well be proud of the Erlanger Theatre. It is unquestionably one of the finest houses in the country devoted to musical comedy and other forms of stage presentation. The Stanley Company of America have thought of the creation of the house and spared no expense in order that the theatre should be a worthy monument to the man whose name it bears—A. L. Erlanger. Beauty of the place and in comfort there is no theatre to excel this new home of the drama. The magnificent salon that is reached by broad stairways from the first floor is the rendezvous for patrons before the performance and during intermissions and there may be seen the leaders of society, men and women of prominence and the best people of Philadelphia generally. The entire house is at the disposal of patron to present and to admire and just to enjoy at a performance is an experience of the utmost enjoyment. No visitor to this city should neglect to spend an afternoon or evening at this playhouse—the most artistic, the most beautifully furnished and equipped and the most comfortable in America.

It is a matter of more than mere chance that the initial offering of the Erlanger is the successful musical comedy, "Criss Cross," with Fred Stone and his talented daughter, Dorothy Stone, as the leading players. There is no more popular star on the stage than Stone and as he stands for the best in entertainment, his appearance with his company at once gives assurance of the policy to be pursued at the new house. "Criss Cross" is a handsomely staged production, in which Fred Stone gives one of his best performances and in which Dorothy Stone presents herself as the peer of any young woman now in musical comedy. Miss Stone is a dancer of rare skill and she has such charm that she at once endears herself to all who behold her. The music of "Criss Cross" is an album of melodies—all original and all very fascinating. The

Tiller Sunshine Girls of the company represent the highest development yet attained in precision and unison dancing.

Mr. Charles Dillingham, producer of "Criss Cross," and the management of the Erlanger Theatre, announce that a special mail order system is in operation that will enable theatre-goers of nearby cities who plan to attend performances to have their mail orders filled and as good a choice insured as if personal application had been made. In this respect it is well to bear in mind that the earlier the application is made, the better the choice obtainable. Applicants should enclose a self-addressed and stamped envelope with the check or money order to make delivery of seats certain.

## Calvary Presbyterian

Calvary Presbyterian Church is again enjoying a full program of worship. Sunday morning at 11 o'clock, and evening worship at 8 preceded by a service of worship in music on the organ at 7.45. Church School for all departments at 10 o'clock in the morning and Young People's Devotional Service in the Church School at 7 o'clock in the evening.

The pastor will preach next Sunday morning, and in the evening the congregation will have the pleasure of hearing Rev. Robert R. Marquis, a returned Sunday School missionary from Alaska. Mr. Marquis has been in Alaska for the past three years and comes to us with a stirring message. It is hoped that the entire congregation will hear him. The leader for the Young People's meeting at 7 o'clock is Mr. John K. Crawford. A full attendance is urged.

On Friday, November 4th, from three to 8 the Ladies' Aid Society will hold a cake and apron sale in the Social Hall. The Golden Hour Circle will meet on the same day at 8 o'clock in the evening in the church parlor, and the Christian Endeavor Society will give a Halloween party in the Social Hall at 8 o'clock to which all the young people of the congregation are invited.

On Monday, November 7 from 10 a. m. to 4 p. m. the men of the Presbytery of Monmouth will meet in the First Presbyterian Church of Hightstown for a Day

of Prayer to invoke God "for new life, for new power in ourselves and in our churches." All men of the Presbytery who can possibly do so are urged to go to Hightstown at that time and are requested to take their own lunches with them. The women of the church will furnish coffee.

The members of this church are urged to support the Teachers Training School which is held in the Methodist Church, Palmyra, on Tuesday evening, from 7.45 to 9.45. The School deserves the combined support of all teachers and workers in our congregation.

On Wednesday evening at 8 o'clock the midweek services continuing "Studies in the New Testament."

On Thursday evening at 6.30 the Palmyra-Riverton YMCA will give a Father and Son banquet in the Social Hall. The supper will be served by the Golden Hour Circle; tickets \$1.00 each.

On Friday, November 11, the Church School will give a musical entertainment in the Church School auditorium. A silver offering will

be taken. Show your loyalty to the Church School by your attendance.

C. T. Bates, Minister.

## LOSE TO COLLINGSWOOD

Palmyra lost its first game in league competition to the Collingswood girls Tuesday afternoon at Palmyra by a 4 to 1 count. The "Gulls" also led at half time, 2 to 1. "Kitty" Burr, Palmyra's ace and high scorer of the league, was held to one goal. When Miss Burr was unable to score more than once, the Palmyra team weakened and was outplayed by the Collingswood lasses.

## Get Out the Almanac

Beautiful residences for rent on Main Street. Five blocks from the Everglades. Apply at Real Estate office any time during low tide.

The Panning M. D.

"This is where you get stuck," warned the M. D. as he injected the serum.

## HOT CAKES and SAUSAGE

These chilly mornings the robust boy and girl need a breakfast that "will stick to the ribs" until lunch time.

"J. B. W." Pancake or Buckwheat Flour makes the best hot cakes for the youngsters, and with Allen's Sausage a better morning meal cannot be found.

You bet they want syrup on these cakes. We have just what the children want—the famous Log Cabin Syrup, Karo and Penn Mar Syrup.

We also have Allen's Scrapple.

# **PALMYRA HIGH GRIDDERS DOWN HADDONFIELD**

**D. nond's Eleven Distinguishes Itself With Unexpected Football Triumph**

**MARGIN OF VICTORY IS BUT ONE POINT**

**Opponents Outweigh Local Squad by Twenty Pounds to the Man**

Quarterback Knight's almost perfect drop-kick, adding the extra point after Haddonfield intercepted a Haddonfield pass from Sheridan and dodged his way 20 yards, enabled Kenneth Dimond's Palmyra High football eleven to down the highly regarded Haddonfield warriors, 7 to 6, at the Palmyra Field Club ball park last Friday afternoon.

This victory raised Palmyra's stock against its county rivals, Burlington High School, who will be played at Burlington this Friday afternoon, in one of the most crucial battles of the season because of scholastic difficulties.

The fact that Palmyra was without the services of several stars, including Meyers, Schimler, Tallman and Grubb, did not daunt the spirits of the "Red and Blue" squad, which won a hard-earned victory over its opponents who outweighed them 20 pounds to a man. Schimler was out of the contest with a fractured rib while the other three were ineligible for the rest of the season because of scholastic difficulties.

Palmyra's victory was one of the biggest surprises in scholastic football as Haddonfield was touted as an easy winner by at least 20 points.

31		

**Good Interference**

All credit is not due Knight and Hutchins in this victory as it was the brilliant interference of Captain Harry Jenkins that enabled Hutchins to reach the goal line. Jenkins played one of his best defensive games and was a big aid to Palmyra during the entire four quarters. "Hank" was battered hard but he seemed to be all over the field, smearing Haddonfield's plays and intercepting their forward passes. Cooper, who made his debut with Palmyra, also displayed a great all-around game at fullback.

Palmyra completely outplayed its heavier opponents at all stages of the game. It was an inspired talk by Charles Rogers at the end of the half that led Palmyra to score shortly after the third period started. Rogers, former University of Pennsylvania star, now with the Franklin Yellow Jackets, was the chief speaker at a "pop meeting" held in the P. H. S. auditorium, before the game.

**Sheridan's Touchdown**

Frank "Burr" Sheridan, burly Haddonfield tackle, who played on the offense as well as the defense, played a fine game. He scored a touchdown in the second period. It was Sheridan's idea that he try to score the extra point by hitting Palmyra's line. The winner's line threw Sheridan for the loss of the

extra point that would have tied the score. Nevertheless Sheridan was Haddonfield's star.

Knight, who was Palmyra's bright light, barely missed a field goal by inches late in the third period from the 35-yard line.

A real battle in on this Friday when Palmyra goes to Burlington.

**The lineup:**

Palmyra	Haddonfield
Sacks left end	Quinn
Kersey left tackle	Shuman
Adams left guard	Braddock
Jenkins center	Wood
Keenan right guard	Martor
	(Capt.)
Probsting right tackle	Beldeman
Reeves right end	Richman
Knight quarterback	Hunter
Bloom left halfback	Regensburg
Hutchins right halfback	Haines
Cooper fullback	Lovett

**Score by periods:**

Haddonfield	0	0	0	0	0
Palmyra	0	0	7	0	7

**Touchdowns:**—Hutchins, Sheridan.

**Point after touchdown:**—Knight.

**Substitutions:**—Palmyra, Hicks for Cooper, Bartley for Sacks, Reeves for Probsting, Howell for Probsting, Bloom for Hutchins, Regensburg for Hutchins, Haines for Cooper.

**Referee:**—Smullen, Springfield.

**Umpire:**—Nelson, Penna. Head linesman—Stack, Palmyra. Time of periods—15 minutes.

## **"2 Girls Wanted" Now at Garrick**

**New John Golden Comedy Pleases at Garrick Theatre; Run to Continue**

A play with the John Golden trademark is sure of an enthusiastic reception in Philadelphia. This was borne out last week when his latest comedy, "2 Girls Wanted," opened for a limited run at the Garrick Theatre. Delighted audiences have packed the theatre since the opening night and endorsed the long 44-week run of this comedy last season on Broadway.

"2 Girls Wanted" is a sparkling comedy, witty in dialogue, with clever situations, clean and wholesome and acted to the full by the very excellent cast which presented the play during the long New York run. It has served to introduce to Philadelphia the comers a new star in the person of Nydia Westman who, on the opening night, scored a big hit. It is safe to say she will become as great a favorite locally as she is in New York—where she created and played the leading roles, both in "2 Girls Wanted" and "Pigs," a Golden comedy of two seasons ago.

Philadelphia critics have stamped "2 Girls Wanted" as one of the very best comedies in the city, as the following excerpts, which appeared the day after the play opened, will show:

Said the Bulletin:—"2 Girls Wanted" received an enthusiastic welcome at the Garrick—justified by many nice things said of it. Miss Westman gets the limit in laughs.

The Record critic wrote:—"2 Girls Wanted" is one of the most entertaining of comedies—delightful and refreshing entertainment, given with fine spirit and acting. It is one of those plays that everybody in the family will enjoy."

The Morning Ledger said:—"Hearty laughs and general enjoyment at the Garrick—Miss Westman was delightful as the heroine."

The Inquirer remarked:—"2 Girls Wanted" will enhance Golden reputation—Miss Westman scored decisively."

In the Evening Ledger:—"Supplied a wholesome evening of entertainment—lively play presented by excellent cast."

The Sun said:—"2 Girls Wanted" a real Golden play—delightfully optimistic love story, deftly done. Pleasant evening for the beholders—plenty of laughs."

The News printed:—"Funny show—good old-fashioned laughs—you will come away entertained."

With all of the Philadelphia newspapers unanimous in their praise, it is no wonder that the latest John Golden hit is enjoying crowded houses at every performance.

Popular prices prevail at the Garrick during the run of "2 Girls Wanted." The Wednesday matinee prices are from 75c to \$1.55. Saturday matinee, the prices run from 75c to \$2.20. All evenings, with the exception of Saturday, the prices are from 75c to \$2.75, with tax included. On Saturday nights a few of the best seats sell for \$3.50. Special attention at the Garrick Theatre is given to out-of-town mail orders. Self-addressed stamped envelope should be included with all orders.

## **BUGLE CORPS MAKES HIT AT MOORESTOWN**

**Palmyra Legion Boys Take Part in Halloween Parade**

The Palmyra American Legion Bugle and Drum Corps participated in Moorestown's big Halloween parade last Saturday night and was awarded second prize. The 11th Field Artillery Band was considered as the best band in line, according to Assemblyman Clifford H. Powell and ten prominent men, who were the judges. The Beverly Accordion Band came third.

Miss Ida Ohler, of Hainesport, was chosen Queen of the celebration. She was dressed in white and led the Palmyra Bugle Corps.

George W. Rogers, of Palmyra, mounted on his horse and wearing a large silk hat, was the second best dressed man in the parade. Senator Emmor Roberts won first prize as best dressed man.

Although it was not awarded any prize, the Ridgely C. Sweeney Dodge agency, of Palmyra, had two beautiful Dodges in the best auto dealer float or combination division. Sweeney's Dodge Cabriolet was very well decorated and received very favorable comments by many. All three prizes were awarded to Moorestown auto dealers.

The parade was more than a mile long, requiring three hours to complete its line of march. It was led by Senator Roberts, as marshal, and was witnessed by nearly 30,000 people. A thousand costumed masqueraders and a hundred decorated floats were the features of the celebration.

**N. BEITZ ELECTRIC SHOE REBUILDER**

115 E. Broad, Palmyra, N. J.

# **RUINED TOWNS FOUND IN HEART OF NEW JERSEY**

**Palmyra Party Visits Sites of Long Abandoned Industrial Centers**

**NOW IN CENTER OF BARREN WILDERNESS**

**File of Stones, Overgrown by Trees, Was Once Big Iron Foundry**

Eight men and two Ford cars set out last Monday morning from Palmyra to visit the more or less trackless wilds of Burlington County's deer woods and inspect the sites of long forgotten towns which once prospered in that section.

George Wimer, Walt Lamon, Tom Bromley, "Boots" Lever, Fred Promath, Horace Finney, Frank Chambers and Clarence Yerkes made up the party.

The "jumping off" place was Atison, but the tribulations started somewhere prior to the arrival at that place. The Ford car, which was piloted by Fromath almost climbed on the rear of a farm truck which was parked in front of it. Just beyond this town Walt Lamon's Ford blew a radiator cap skyward and took the eagle eye of "Boots" to locate it.

At Atison the guide, George Wimer, explained that the miles of wild territory lying before the party was the property of a William Wharton, of Philadelphia, who years ago bought several thousand acres of land comprising the watershed of the Mullica River, expecting to sell the water to Philadelphia, but the state had spoiled the scheme by passing a law forbidding the exportation of potable waters.

**Quaker Bridge**

Quaker bridge, the starting point of many deer hunting expeditions, was the first point of interest. The old bridge is pinned together with oak pegs and bears many ancient inscriptions.

Five miles further on the party came to a large open space in the thicket. It might have been a town at one time, but no one knew of the details.

Another five miles through the winding trail of sand and the party came upon "Washington," once the site of a large hotel where coaches from New York to the shore paused for the night. Nothing but crumbling stone foundations of once large buildings are left. Not a habitation had been sighted for miles around.

One striking feature of the sites of these old towns was the fact that the several acres of their sites was covered with luxuriant grass, with a few fruit trees and larger timber, but all about was only scrub oak, stunted pines and underbrush. Apparently the cultivation of the soil there years ago had made it more fertile.

**Ancient Paper Mill**

A few miles farther on, at Harriaville, was the site of a large paper mill, with the ruins of a stone chimney and a large building. Not a soul lives there now, and all the ruins showed marks of fires which had destroyed all timbers, but the crumbling stone walls and arches of the big mill stand high in the air.

Here was found an artesian well, with a fine stream of water welling up through a large iron pipe. This water has been running continuously for more than a hundred years, it was said. It had a somewhat chemical taste and most of the party didn't care to drink it.

Two miles north of Harriaville, on the banks of the Owego River, was Martha, the site of an iron mill where iron was mined, smelted and cast into cannon and cannon balls in the days of the Revolution.

**Just a Thicket Now**

Martha is only a thicket now. Not a wall is standing, but the party stumbled through the underbrush until they found a heap of stone and brick which once formed the walls of the iron foundry. Slag from the furnaces and charcoal refuse could also be found scattered around the brush covered hillside.

At the Garrick Theatre, the party discovered that coal could be used as a fuel, and the discovery of iron mines in Pennsylvania, all the Jersey foundries were abandoned.

At Martha the party discerned it was late in the afternoon and as no one relished the idea of getting lost in the woods at night, a concert was held to discover the shortest way out. No one agreed, beyond that it would be best to return to Harriaville, which was done. At that place two hostmen were found who recognized the route by way of Wading River and Green Bank which was taken and the party returned home via Hammonton and Atison, visiting the scene of the Lillendahl murder near the latter place.

**Three Haves to Wade**

Space and time forbids detailing all the experiences of the trip. Twice one of the cars got stuck while fording small creeks and the last time it was necessary for three of the party to wade the chilly water, knee deep, to extricate the machine.

Snapshots were duly taken of all the interesting scenes and no doubt will be on display soon.

The outstanding wonder of the trip was that a state like New Jersey could have the ruins of forgotten towns, tucked away in almost impenetrable wilderness, where not a human habitation is to be seen.

Yet these towns were once the center of industry in the state when the nation was young.

**IN CRASH AT MOORESTOWN**

Mrs. Malvin Street, 666 Chester avenue, Moorestown, ran into and smashed the Ford car belonging to Walter G. Miller, of Riverton, last Saturday night at Chester and Oak streets, Moorestown. Mrs. Street was attempting to turn left off Chester avenue onto Oak, and Edward Miller, who was driving his father's car, could not get out of the way of Mrs. Street's car. The amount of damage is over \$500.

# **PALMYRA NOTES**

Miss H. I. Green called Tuesday on the S. S. Berkshire of the Merchants and Miners Line enroute for Miami, Florida.

Emil Beheman, Elwood Bradshaw, Francis Braun, of Palmyra, and Harry Schuler, of Riverton motored to Baltimore on Sunday.

Rea Lester spent the weekend visiting relatives and friends in Philadelphia.

Miss Harry Lester spent last Wednesday in Atlantic City.

Harvey J. Trauger and Mrs. Harry Lester, of Lecony avenue, attended the funeral of their aunt, Mrs. Ottinger, of Sundaile, Pennsylvania, last Monday. They also visited their sister at Point Pleasant, Pa.

We welcome Mr. and Mrs. E. H. Mason and family, of Haddonfield who are now occupying property No. 44 Rowland street, rented through Walter D. Lamon & Company, realtors.

Mrs. Helen D'Autrey, Mr. and Mrs. Theodore D'Autrey, and Charles Hahn, of Palmyra, returned home last Wednesday from Paris where they attended the Legion convention. The party spent considerable time in Paris, Brussels, Holland and Germany. Many delightful and long to be remembered incidents were experienced.

Mr. and Mrs. Russell Blackburne and Mr. and Mrs. William P. Blackburne of "Luburne," Cinnaminson avenue, returned home after a short motor trip to Long Island last week.

Russell Blackburne attended a banquet of the Burlington County Baseball League held in the Walt Whitman Hotel, Camden, Thursday evening.

Large and small pennants of "Palmyra High School, school ties, scarfs, shirts and boys' hats, arm bands, etc. for the Burlington game may be secured at 50 cent below cost by seeing Leon Foley.

The regular monthly meeting of the Palmyra Board of Education and in the Palmyra High School last Thursday night was one of the shortest meetings for several months. Only the regular business routine was discussed. The reports of the committees and the payment of bills, too numerous to mention, was really the only thing of importance that took place.

Taylor Rue, of Chelsea called on John Saar, Sr., one day last week. Mrs. David Sutton is back from California and is staying with Harry J. Saar at present.

Mrs. Anna V. Blackburne, of Garfield avenue returned last week after an enjoyable stay in California.

Fred Bauer spent Sunday with his son, Mr. and Mrs. John Bauer, of West Broad street.

John Saar, Jr., of Newark spent the weekend with his father, John Saar, Sr.

Mr. and Mrs. Fred Plasmance of Highland avenue are now occupying property No. 301 Lecony avenue, rented through Walter D. Lamon & Company, realtors.

Adolph Schwartz, of Sag Harbor, Long Island, stopped in Palmyra Tuesday morning enroute from Baltimore, Ohio.

R. Stricklen of Berkeley avenue carried off two ribbons at the Kennel Kennel Club Dog Show in Philadelphia last week with his Boston Terrier.

Mrs. Cornelia W. Grice, mother of Edwin A. Grice, of Palmyra, is seriously ill with acute bronchitis at the home of her son, Benjamin C. Grice, of Medford.

Mr. and Mrs. William S. Johnson, of Camden, have occupied the property at 713 Lincoln avenue, which they rented from Mrs. Miller, thru Raymond Warner, realtor.

A new group was formed in the YMCA last Wednesday night, called the Lincoln Pioneers, for all boys between the ages of 11 and 16. The officers are: Clifton Taylor, leader; George Cooper, president; Howard Yerkes, vice-president; William Cooper, secretary; Frank Fluck, treasurer; and Henry Fluck, publicity chairman. The group meets every Wednesday night at 7 o'clock at the YMCA Hall. All boys are welcome.

Mr. and Mrs. George Seal, sons, Joseph and Arthur, Miss Virginia Leonard and Miss Ruth Allen spent Sunday at Ocean City.

Mrs. C. H. Payne, of Malva, L. I., spent a few days last week with her parents, Mr. and Mrs. A. B. Cramer.

Mrs. Martha Musser and daughter, Anne, spent Tuesday in Pittman.

Mr. and Mrs. Lewis Jones are receiving congratulations on the birth of a son, Lewis Thompson on October 24th.

Daniel Schultz, of Overbrook, visited Mr. and Mrs. Thomas Griffenberg on Monday.

Walter Kemmerle, of Riverside, will spend several months with his parents, Mr. and Mrs. Harry Kommarie, while his wife and son are visiting relatives in Chicago.

Every parent who is interested in retaining Miss Otwell as school nurse is urged to vote next Tuesday, the Tuesday before Thanksgiving, at the school house. The work she does for the children is very necessary.

The IOOF and Ladies' Auxiliary will attend services at the Moravian Church next Sunday evening. Members are requested to be at the lodge room at seven o'clock.

Mr. and Mrs. H. A. Kennedy returned Sunday from a two-weeks' trip through the northern part of the state and New York.

Leonstone and Mrs. James H. Ryan, of Rhode Island, visited her parents, Mr. and Mrs. Lewis Wallace from Thursday until Sunday.

Miss Virginia Seal attended a meeting of the Baptist Young People's Union at Gloucester last Wednesday evening.

The infant department of the Baptist Sunday School cleared \$29 for the building fund at a cake sale given last Saturday afternoon.

Mr. and Mrs. W. P. Blackburne, of Cinnaminson, were joyfully Sunday last in Ocean City.

Dr. and Mrs. Charles P. Voorhis entertained at a Halloween party last Friday evening at their home on Morgan avenue.

All tennis fans and their friends are expected to attend the dance given by the Palmyra Tennis Association at the Porch Club Saturday evening.

Girl seniors at Vassar college are asked to contribute \$1.50 to furnish the smoking room. Lady Nicotine is surely some gate crusher.

# **CHAUTAUQUA PLANS**

The members of the Palmyra-Riverton Chautauqua Association are busy making plans for the winter season. A social meeting was recently held at the home of Mrs. J. P. MacFarlane and another will be at the home of George W. Rogers on Friday evening, November 18. The attention of organizations planning entertainments is called to the fact that the Chautauqua course will be held January 13 to 16, 1928.

## **NOTICE OF REGISTRY AND ELECTION**

## Join Red Cross in Riverton

**Quota This Year 850 Members,  
Highest Ever Asked, House-  
to-House Canvass**

Riverton has been asked to increase its Red Cross membership to 850.

And Riverton has never yet failed to produce its quota—and more—in any of the many demands that have been made upon it.

Peace-time demands on the Red Cross for service and supplies are no less urgent than in times of conflict.

Last year the American Red Cross rendered aid in thirty-six disasters, at home and abroad.

In order to meet the obligations placed upon Riverton this year a house-to-house canvass will be made starting on Friday, November 11, Armistice Day.

The membership drive in Riverton is in charge of Mrs. J. D. Clark, who will be assisted by the following committee: Mrs. Charles Yost, Mrs. Nathan Lane, Jr., Mrs. Ralph L. Flower and Mrs. Joseph Morgan.

The districts, captains and teams will be as follows:

**Districts and Teams**  
Elm Avenue—Mrs. Joshua Bartley

London Avenue—Mrs. E. Zetler, Mrs. Ralph Flower, Miss Marcella Bowen.

Lippincott Avenue—Miss Anna Coale, Miss Antoinette Campbell.

Main Street (above railroad)—Mrs. C. W. Rodman, Mrs. Howard Coe.

Main Street (below railroad)—Mrs. Robert Ayres, Mrs. Arthur Coe, Thomas Avenue (above railroad)—Mrs. Charles Yost, Mrs. A. H. Burns.

Thomas Avenue (below railroad)—Mrs. Richard Hollingshead, Jr., Mrs. Sherman L. Warren.

Howard Street—Mrs. Reuben Corry.

Fulton Street—Mrs. Herbert Morris.

Bank Avenue—Mrs. Alexander Marcy, Jr.

Elighth Street—Mrs. L. E. Carpenter.

Highway—Mrs. Nathan Lane, Jr.

Park Avenue and Golf Road—Mrs. C. Nolan, Jr.

Midway—Mrs. Gilbert Coe.

2nd, 3rd, 4th and 5th Streets—Mrs. Joseph Morgan.

## VOCATIONAL SCHOOL FACTS

(Continued from Page 1)

who are farmers, real estate men, bankers, industrial men, asked the Board of Freeholders to request the State Board of Education to make an investigation as to the needs of such schools in this County. The Board of Freeholders declined to do so in 1926. An investigation was made and reported favorably by the State Board of Education. The Committee then, by appointment, met with the Board of Freeholders and asked them to petition the Judge to appoint such a Board of Education for the County. At one of the meetings with the Board of Freeholders, it was suggested by one of the Freeholders, and concurred in by some of the others, that the proposition was a big one which they did not care to handle, and should be passed on by the people in the form of a referendum, and in this individual attitude the Board of Freeholders as a whole refused to assume responsibility for this possible expenditure of money.

We then proceeded to lay plans for submitting it to the people in accordance with their individual suggestions. The law was amended with the assistance of Assemblyman Powell and Senator Roberts. The law was amended so that the people could take the initiative and inform the Board of Freeholders of their desires in the matter. Petitions were prepared and distributed together with an explanatory letter, throughout the County, being placed in public places, manufacturing plants and in every home in the County as near as possible to do so, with the result that while there were needed 15% of the registered voters signatures, or 7200, there was secured over 9000 signatures of registered voters, which insured it being placed on the ballot at the coming election; this being done in a most public manner and the petitions being open for all to see.

**APPEAL:**

We, therefore, appeal to the voters of the County to consider it if it is not fair that the 80% of the boys and girls (of which your boy or girl may, and in 80% of the cases are a part of this large neglected class) should not have some attention as well as the other 20%. This appeal does not ask any less attention to the smaller group, but does ask that the larger group, or 80%, shall have as much attention and be given an education that they are fit to be successful in, and if you feel this claim is just and fair, we ask that you vote "Yes" on Election Day when voting on this subject.

Yours very truly,

VOCATIONAL EDUCATION COMMITTEE

BURLINGTON COUNTY INDUSTRIAL ASSOC.

CALVARY Y. M. C. A.

The meeting of the Calvary Y. M. C. A. was called to order by Vice-President Sloan. Jack Biddall led us in the opening prayer. After the secretary read the minutes and the treasurer gave his report, Paul J. Burr, our leader, gave us the Bible lesson for the evening.

After Mr. Burr was through talking we all entered in the discussion and in turn he would answer our questions. After the Bible study old business was brought up.

We talked about our sale sale which will be held next Saturday at Broad and Cinnaminson Avenue, Palmyra. We all expect the help of the readers of this newspaper.

After the old business was attended to, new business was brought up, the main topic being the State Y. M. C. A. conference to be held at Trenton, December 3, 4 and 5. After some ideas of how and when and why the matter was closed for the night. As the boys were getting restless, the meeting was adjourned.

Journal and William Yeorg, "Bad Bill" Baker and Leon "up" Sloan picked teams for basketball.

Now I'll give you a play by play description of the game.

The lineup:  
Bakers Bull Dogs Sloan's Wild Cats

Burr rf. Sloan  
Fosick lf. Moore  
Baker c. Biddall  
Hagston g. Knight  
Speed Boy s.g. Showell

Referee—Nashby of Penn; Umpire—Dickinson, of Palmyra. Time of quarter, 6 minutes.

The Game

Baker and Sloan pose for the film men and newspaper cameramen. Baker elects to kick off.

Baker kicks off to Sloan who runs through the entire defense of the Bull Dogs. Pardon me, I got things mixed up. Anyway the Bull Dogs took an awful beating from the Wildcats. Thanking you for your time, and hoping to see you Saturday.

REPORTER.

## P. H. S. GIRLS HOCKEY

Woodbury Beaten 8-3, But Lassies Lose to Collingswood

The Palmyra High School Girls' Hockey team continued its winning streak in the South Jersey Scholastic League by beating the Woodbury High School Girls' combination, 8 to 3, at Woodbury last Wednesday afternoon.

It was the third straight triumph for Palmyra. Miss "Kitty" Burr, who has entered Palmyra's Hall of Fame, was once again the "big noise" in this conquest. The center forward scored three goals, all in the first half which gave Palmyra a 4 to 2 lead that was never headed.

Had Woodbury's defense been able to halt the scoring of Miss Burr, the result would have been different.

Miss Cornelia Harding, Miss Grace Kersey and Miss Vivian Wallace scored the three other Palmyra goals. The entire team played great hockey and is a credit to Miss Marion Purbeck, who is coaching the Palmyra girls for her first year.

Miss Isabelle Jones, Woodbury's center forward, kept the losers in the running by scoring a pair of goals in the opening canto but was blanked in the last 25 minutes of play.

Miss Mary Hughes, Woodbury left wing, was credited with the only marker that the home team made in the last half.

**Palmyra**

## SCHOOL PLANS CONSIDERED

Riverton School Board Takes Up Subject After Regular Meeting is Adjourned

### WILL ESTABLISH BANK SAVINGS FOR PUPILS

The business session of the Riverton Board of Education Monday night was very brief, and consisted chiefly of hearing the report of Miss Chew, the supervising principal.

A request was read from County Superintendent Louis J. Kaser, asking the Riverton Board to donate \$50 toward the support of the Burlington County Education News, Commission of District Clerk Hemphill the amount was cut to \$35.

Following the business session the board adjourned to reconvene as a building committee of the whole, to further discuss plans for the new school building.

Miss Chew's Report

Number enrolled at end of month: boys, 198; girls, 185; total, 383.

Percentage of attendance: boys, 98.8; girls, 98.8; total, 98.8.

Cases of tardiness: boys, 18; girls, 12; total, 30.

There was no tardiness in grades 6a and 7.

The 8th grade had the highest percentage of attendance, 99.2%, and the 6th B and 2nd and 3rd tied for second place, with 98.8% each.

The girls of the 8th grade and the boys of the 7th B were had 100% attendance. The total attendance was 98.8%.

Health conditions have been good. Weight reports were sent to the homes, and children under weight are being treated.

There has been an increase of milk drinking in some cases. The Medical Inspector has not yet made his annual examination of the children.

The school work seems to be going well. I am not pleased with conditions in the 8th grade, where we have a spread of ages from 10 years to 16. This causes discipline cases. I have interviewed the parents of three boys, and suspended one boy for two days last week. As we have no other place for the over-age pupils in this grade, the younger children are at a disadvantage, for I can make no further adjustments. Further suspensions may be necessary, though I hope not.

Thrift Savings

In my reports of December, 1923 and January, 1924, I recommended that a system of banking savings be established in the school when the local bank was willing to cooperate. I understand they are ready to install a system at this time if the move is sanctioned by the Board of Education. I have made inquiries as to the working of a systematic system of banking savings. The Educational Thrift System, of the Superintendent of Woodbury, Mt. Holly, Millville, and the Principal of the Junior High School at Collingswood. All recommended it very highly after using it for at least two or three years.

The Parent-Teachers Association has never let the matter of school savings drop from their list of interests and has from time to time urged its introduction. Knowing that some of our children are saving, I made special inquiry, and received the following figures from the children:

Saving in Cinnaminson Bank, 100. Having in other banks, 25. Having in the Building Assn. 35. While these figures may not be exact, they show that there is some interest on the part of parents.

Number in High School

There are 80 Riverton pupils enrolled in Palmyra High School, 71 of whom graduated from Riverton Grammar School. Twenty-nine are attending other schools, and 14 have left to go to work, out of a total of 144 graduating in the last four years from the 8th grade.

Teachers' Institute was held at Burlington High School Monday, October 31. All Riverton teachers were in attendance.

The State Teachers' Association will convene at Atlantic City Nov. 10, 11 and 12. Several of our teachers will attend but will not request any time from school, unless it might be time to make a train near the close of the afternoon session on Thursday.

Several mother and teachers are attending Dr. Heberling's lectures on child training, a short course being given at Moorestown High School on Wednesday afternoons at 8 o'clock, and nearly all went to Burlington last month to hear Dr. Kilpatrick of Columbia.

The school is enrolled 100% in the Junior Red Cross, and we had an excellent program on Red Cross day at assembly.

The following bills were ordered paid:

Riverton & Palmyra Water Co. \$ 8.52  
New Jersey Bell Tel. Co. 11.45  
Palmyra Jewelry Co., repair clock 2.00  
J. S. Collins & Son, Inc., radio supplies 5.75  
Robert H. Clelland, hauling ashes 2.00  
The MacMillan Co., books 5.70  
Public Service Electric & Gas Co. 15.65  
William C. A. Corner, washing windows 30.00  
Board of Education of Moorestown Twp., edition 100.00  
Stoll Stationery Co., stationery 25.10  
Milton, Barclay Co., black boards 40.75  
Houghton, Mifflin Co., books 10.75  
Riverton Market House, supplies 5.15  
Chas. L. Pines, rental November 75.00  
Curtis E. Staveland, repairs 33.15  
H. C. Worrell, repairs 275.00  
Educational News 25.00

Red Cross memberships supply the backbone of funds which enable the organization to carry on. Are YOU helping with YOUR membership? Join in Riverton.

## Post Rodgers Holds Interesting Session

Two New Members Initiated; Dr. Brotemarkle Delivers Address

More than 80 members attended the regular monthly meeting of the American Legion, Post Rodgers, Tuesday, November 8th, at which two new members were formally initiated. J. E. Werner and G. F. Shuler.

During the short business meeting particular attention was called to the fine work of the House Committee. Among other things Post Rodgers is now maintaining a very complete collection of magazines for the use of members and a library of selected war books is being gathered together. In addition a complete and comprehensive war map is shortly to be placed on the walls of the Post. A number of letters were presented to the Post by Mr. Jones of the Victor Talking Machine Company.

Comrade Ted D'Autechy who was the Post's official representative at the American Legion Convention at Atlantic City, Pa., reported on the work of the Post. He presented a report on the work of the Post. He presented a report on the work of the Post. He presented a report on the work of the Post.

At the conclusion of the short business meeting the members listened to an interesting talk on "Psychology" by Dr. Brotemarkle, Personnel Officer and Professor of Psychology at the U. of P. Following Dr. Brotemarkle's talk, which was both entertaining and educational, the 6 reels of Official Signal Corps moving picture of the war were shown through the courtesy of Mr. Schirrer.

The current issue of the Post Rodgers Picayune, official organ of the Legion Post, is a work of art. It is full of peppy news and inspiration.

## PRESIDENT'S APPEAL

Coolidge Urges Every American to Join Red Cross

From the White House, President Coolidge has issued an urgent appeal to every citizen of the United States. He says:

"The American Red Cross has a foremost place in the ranks of distinctive American institutions which we honor and loyally support. It has become an intimate part of our every day life. To it we turn instinctively and confidently when sudden calamities occur.

"We have had frequent occasions to witness its readiness for instant and effective response to the call to duty.

"We have tested the Red Cross in war and in peace. It has never failed us. It never will so long as it holds your support.

"As President of the United States and as President of the American Red Cross, I earnestly ask all our citizens to renew their membership in this legion of mercy."

Calvin Coolidge.

## A MUSICAL TRAIT

In bringing the Trio Melodique to Riverton, the Porch Club aims to give a treat to the public who are music lovers. The Trio is well known over the radio, having broadcasted to the Philadelphis Radio Show and through various stations. Take advantage of this opportunity to see the Trio in person, when it comes to the Christ Church Parish House, Tuesday, November 15 at 8:15 p. m. Tickets can be obtained from Mrs. Nathan Lane, Jr., Telephone, Riverton 195, or at the door.

## ENGAGED

Mr. and Mrs. Charles H. Jenson, of Cinnaminson, announce the engagement of their daughter, Helen Margaret, to Francis Everett Baker, son of Mr. and Mrs. Nathan S. Baker, of Hopkinton, Mass.

## LIGHT VOTING AT ELECTION

Wimer Elected Mayor in Palmyra; Vocational Schools Lost; No Fight Here

### ROAD BOND DEFEATED IN COUNTY, WINS IN STATE

The light vote polled Tuesday indicated that a lot of folks thought it was an "off year," notwithstanding the efforts of many organizations and individuals to get out the vote.

The vocational school project was defeated by a vote of about 7 to 3. With returns in from 68 out of the 78 districts in the county, the vote was 2241 for and 1274 against.

The fact that there were 3000 signatures on the petitions to have the question placed on the ballots, and less than 3000 voted for it, looks as though many changed their minds after they learned more about the details of the plan.

In Riverton there was no contest—no having been fought out in the primaries. No nominations were made for justices of the peace, of which Riverton is entitled to two, but the voters wrote in the names of three men who received the following vote: Louis C. Clelland, 3; S. H. Truth, 4; and J. M. Coddington, 1.

The state road bond issue lost by a few votes in Palmyra, won in Riverton, lost in the county at large, but is understood to have been carried by the state as a whole.

In Palmyra Borough the Democratic ticket candidate for Mayor, W. S. C. Roray, was defeated by the Republican nominee, George N. Wimer, by a vote of 715 to 108.

Julius N. Fisher, Fred G. Fromm and Arthur Cramer, all Republican nominees, were elected to Palmyra Borough Council.

The School Hygiene Nurse won in Palmyra by a vote of 451 to 274.

In Cinnaminson township Fred Green ran on the Republican ticket for member of the township committee against Charles L. Holdenbaker on the Democratic ticket. In the first district Green received the larger number of votes (59) in the regular party columns, but Holdenbaker got two in the personal choice column, giving him a majority of two. In the township as a whole Holdenbaker received 208 votes and Green 121.

## CELEBRATION

Brick Thrown at Car of Palmyra Routers in Burlington

When Palmyra High School beat Burlington High School in football last Friday, little did the boys of Palmyra think that the Burlington fellows would take the result ill-naturedly.

A car load of Palmyra routers travelled to Burlington on Friday evening in a Ford sedan to celebrate the victory. They were met by a mob of Burlington boys who threw bricks at the machine. As a result a Palmyra boy was cut by flying bricks.

The celebration in Palmyra Friday night consisted of a general good time by the P. H. S. routers. Cheers and yells seemed to be the biggest part of the triumph. Crowds stood around on the corners until 10:30 making the night very lively. The Palmyra routers were the victors in the game which could be seen everywhere.

## NEW RADIO FOR K. of C.

\$400.00 Set with Two Loud Speakers Added to Equipment of St. Joseph's Council

Continuing its program of activity and providing further attractions for its members, the Riverton-Palmyra Knights of the Ku Klux Klan has purchased a beautiful radio receiving set which will be installed in the local headquarters of the Council within the next few days.

Robert J. Woods the council's radio expert has had this work in charge and with all wires in the hall connected has been able to pick the best radio obtainable for the needs of the local Knights.

A loud speaker of special design will be placed on the dance floor and the speaker will make it available for dancing and to entertain large crowds when special radio programs are on the air. Another speaker of modified intensity will be set up in the men's reading room. This may be operated with either speaker or both which ever the occasion demands.

A radio banner in conjunction with the Knights Thanksgiving party to be held by Thursday, November 23, will give the public a chance to hear this wonderful new set. Details of this event will be settled at the regular meeting of the council next Monday.

At the Thanksgiving party the Knights are giving away five turkeys and tickets for these birds are available from any member of St. Joseph's Council.

## CARD PARTY AND DANCE

Those who dance but do not play cards will be pleased to know that there will be dancing at the Ladies' Auxiliary card party to be held at the Riverton Fire House Wednesday evening, November 23.

This new organization is worthy of the support of the people of this community and the committee in charge of the evening's program would like to have a capacity crowd present. The sale of tickets is limited to 200—only 100 tickets left at 25 cents. This is an error. The admission will be 50 cents.

## RED CROSS NEWS

JOIN IN RIVERTON

The eleventh annual Roll Call of the American Red Cross will start Armistice Day, Friday, November 11.

The roll call here is headed by Mrs. J. D. Clark, who is assisted by a committee of willing workers and a force of collectors who will call on you at your homes.

In order to enroll the required \$50 has been deemed necessary to make a house-to-house canvass. This entails a lot of work. Be prepared to do your part when the collectors call.

It is not necessary to "help" the Red Cross in Riverton, but just in the way of a reminder it might be mentioned that the Red Cross is the only organization in the country that is always "mustered in," ready with trained workers and supplies to instantly meet the call of disaster in time of disaster and suffering.

In the past 44 years the Red Cross has expended nearly sixty million dollars in relief work following disasters. During the current year it has served in 75 catastrophes. Flood, tornado, fire and hurricane followed each other in rapid succession.

The great Mississippi flood was the worst of all. More than 3,000,000 cultivated acres were laid waste—an area nearly half the size of England.

The Red Cross established 136 refugee camps and cared for 350,000 homeless and destitute men, women and children. The Red Cross rescued lost and nearly 300,000 lives, and for the first time in history the Red Cross radio and aviation corps played tremendous roles.

Since the water subsided the Red Cross has been operating in full force. In Mississippi, Arkansas and Louisiana nearly 700 houses must be rebuilt and thousands more repaired.

At the present moment the Red Cross is actively engaged in its mission of mercy in the flooded districts in New England.

And its work depends on the contributions of the American people.

The best way you can show your gratitude that you and your family are not in the ravaged sections of the country, is to contribute to the agency that is doing such efficient relief work in the stricken areas. To enroll only 50 cents.

JOIN IN RIVERTON.

## LEADS SCORING

Kitty Burr Took League in High School League

Miss "Kitty" Burr, of Palmyra High School, still continued to lead the South Jersey Interscholastic High School League in scoring up to Wednesday. Miss Burr has tallied 14 goals in league competition which includes four games, for an average of 3.5 goals per contest. Miss Peggy Sower, of Palmyra High School's captain, is second, with six goals.

Miss Grace Kersey and Miss Corolla Harding, both of Palmyra, have each made four goals apiece. Miss Marion Purbeck's ladies are playing great hockey this season and are looking for a banner season. Johnny Meyers, Palmyra's colored star, is among the high scorers in South Jersey's Class "B" football ranks. Although Meyers is out for the rest of the season with a shoulder injury, he has amassed a total of four touchdowns or 24 points. Knight is the next Palmyra man in line. He has made but 11 points, one touchdown and 30 yards after touchdowns, which is close behind the leaders.

## ARMISTICE DAY THOUGHTS

Ten commandments for the nation:

1. "Thou shalt love the Lord thy God with all thy heart and soul and mind, and other nations as thine own."
2. "Honor the fathers and mothers or other nations, remembering that human nature and human love are universal."
3. "Thou shalt not kill. Thou shalt not war, which is wholesale murder."
4. "Thou shalt not steal. Thou shalt not shield those who are guilty of international misdeeds."
5. "Thou shalt not take advantage of weaker nations or races of people."
6. "Thou shalt not covet the wealth of other nations."
7. "Thou shalt not bear false witness against other nations by lying propaganda or allow newspapers and periodicals to willfully misrepresent their citizens or governments."
8. "Thou shalt welcome students and visitors from other nations with Christian fellowship."
9. "Thou shalt not promote strife or encourage prejudice."
10. "Thou shalt not learn war by word."

Follow this and our boys will not have died in vain. Follow this and we have not lived in vain.

—G. B. S.

## CONNECTION

The admission fee to the Ladies' Auxiliary Card Party to be held Wednesday evening November 23 was published in this paper as \$50. This is an error. The admission will be 50 cents.

## Things Humming at YM Building

Popular Magazines Added to Reading Room; Many Groups Active

Again things are back to normal at the YMCA and the usual round of activities are being carried on. Groups are meeting, having a program of Bible study and games, the reading room is being used to capacity, the athletic and academic groups are active.

The new magazines have arrived and they are being made good use of. Included in this selection of magazines are: The American Boy, Boy's Life, Popular Mechanics, Baseball Magazine, Popular Science, The American Magazine, Collier's and some others, all of which contain good wholesome reading that is desirable for boys.

The character building process is going on all the time in the various activities. No one doubts the citizenship of tomorrow, men who will dare to face the issues as they should be faced, and with the clear sighted vision of those who know right from wrong, because in their youth they have been in contact with things that are wholesome, and those things are to be found in the YMCA.

Report on Survey

Thursday evening of last week the local board of the YMCA held its regular monthly meeting in the lobby of the building. State secretary Harvey L. Reno was present and submitted a report of the recent survey that he has made of this area. Some of his recommendations will be put into practice in the near future.

Following are some extracts from the report of the local secretary, Mr. Carter.

Numerous groups are now under way with efficient leaders, and are carrying on a four-fold program of character development. These groups are making full use of all the facilities of the local building and the resources of the County YMCA.

The Six Pioneers, under the leadership of Charles Coddington and Robert Matthews. At present, they are meeting in Coddington's home, but hope, within a week, to meet in the Presbyterian Church in Riverton. The group has approximately eighteen members.

The Edison Pioneers, under the leadership of John Metzger, meet Tuesday evenings in the YMCA building, with ten or twelve members.

The Calvary YMCA group, meets Monday evenings in the Methodist Church under the leadership of Paul Burr.

The Independents Pioneers meet Thursday evenings in the YMCA building, with ten or twelve members, under the leadership of James Crawford.

The Lincoln Pioneers meet Wednesday evenings in the building under the leadership of Clifton Taylor.

Two colored groups are meeting Wednesday evenings at their meeting place in Riverton under the leadership of Henry Conwell and Oliver Johnson.

Two groups are going strong at Five Points under the leadership of the Moravian minister, Rev. Albert Marks and Arthur Klebe. In these two groups are about thirty boys and young men.

The Friendly Pioneers are meeting on Wednesday afternoons under the leadership of Secretary Carter, Henry Williamson and Thomas Price. The attendance varies from thirty to fifty members. In this way, and with an adaptation of this program to the needs of the local boys, the younger boys of the two communities.

## DADS AND LADS DINE TONIGHT

More Than 500 Will Enjoy Annual Father and Son Banquet

Tonight there will be gathered together in the Hotel Hall of the Calvary Presbyterian Church 500 Dads and Lads who will enjoy the sixth annual Father and Son Banquet for Palmyra and Riverton.

This affair is usually run under the direction of the YMCA to bring the dads and the lads nearer together, so that they can become better acquainted with one another and become a team at home that is working for mutual good.

Tonight the persons attending are particularly fortunate for a very fine speaker has been secured—Prof. James S. Heberling, of the University of Pennsylvania, and he will speak on "The Winning Team," which is the Father and the Son.

A fine silent supper will be served by the ladies of the church.

Herb Displays Great Ability in the Defeat of Paulabors by 10-0 Score

### VILLANOVA GIVES HERB FOUR YEAR SCHOLARSHIP

"It is a hard job to pick out the stars in football when every man on the team played a superb game. "Lose" Down, one of Riverton's stellar guards, played an exceptionally good game last Saturday when the home team, the Riverton boys, by a 10-0 score. The heavyset boy was in every play both on the offense and defense.

In the early minutes of the game Applegate took a punt and recovering his field ran about fifty yards for a touchdown. This young giant is a clever runner and he always has a trick up his sleeve to elude the would-be tackler when he is travelling in the open field.

Conway, who plays a fullback position, made several long runs for substantial gains. This lad plays a great game. He hits the line with overhanging arms, he has, and skirts the ends like a flash.

"Herb" Schneider once more popped into the limelight by his spectacular playing. With the ball 20 yards from the goal line, he called a line play, but the Bill Oberfell did not carry the ball, the new quarterback carried it, acquiring, twisting and running through the whole of Paulabors' team for a touchdown—the first in Herb's football career.

Both the football coaches from Villanova were in town Saturday and Herb had the pleasure of meeting them. The youthful backfielder has been given a scholarship to Villanova for both athletic and academic ability. This is Schneider's last year in Camden Catholic High and he will enter Villanova next fall.

The "phantom of the gridiron" played the last period and scored a touchdown on straight football. For some reason or other Stewart's end runs fouled but he made good gains through the line.

On a reversed end run Napue made a 25-yard run behind good interference.

The entire team played excellent football last week and every man did his duty, whether linemen or ball taker. Better cooperation in the team is being shown each week and an improving team is worthy of the support of the public to the limit.

Scherer, a burly tackle for the local team, intercepted a forward pass and ran about 25 yards.

The Paulabors eleven had Riverton running on forward passes for a while but when the Riverton boys got on to them the visitors were done for—their offense was gone.

The management wishes to thank the fans for the way in which they respond to the two young ladies who sell tickets on the field each week.

Theo. Schneider took charge of affairs in the absence of Ronny Wright. Joe Black was the referee, Calvin Root officiated as umpire and Russ Paterson was the scorer.

This week Riverton played the strong Riverdale Cardinals from that town. Come out and support the town team.

## GAS HEATER SETS SMALL GIRL AFIRE

Dorothy, the six-year-old daughter of George Daddio, Palmyra, was severely burned when her clothes caught fire from a gas heater in her home Monday morning of this week.

Mr. Daddio came down stairs with his three-year-old son and put him in his highchair. At the gas heater and then went down the cellar to fix the heater fire. When Dorothy's clothes started to blaze the little boy climbed from his chair and ran to the door to get help. "Daddy, Daddy," Mr. Daddio ran up stairs and beat the fire out with his hands which were badly burned. The father did not roll his daughter in rug because he was afraid the flames would shoot up to her face and leave her scarred for life.

Dr. Bauer and Dr. Voorhis have the burned father and daughter treatment at home.

Little Dorothy is not worrying about her own burns as much as she does about her daddy's burns. "Daddy, Daddy," she keeps asking about "Daddy's hands."

## BASKETBALL

Winkelopich's Scholastics Open Home Season Saturday

The Palmyra Scholastics, coached by Harry Winkelopich, opened its basketball season Monday night in Philadelphia by dropping a 43 to 18 decision to the fast and powerful Elk Antlers.

Palmyra will open its home season Saturday evening at the Palmyra M. E. Church, playing the strong Haddonfield "Merry-makers" who made a great reputation on the court last season. Palmyra will place a snappy five on the floor in the first game and a good game is anticipated.

Although Palmyra had a crack combination on the court Monday night its teamwork was not up to the standard of the home boys because this was its first game and was played without any practice.

Among Palmyra's lineup were several Palmyra High School stars, including "Jack" Miele, high scorer of the evening with 11 points, "Vince" Kallawack, "Dolphie" Bright, Paul Burk, "Iron-Han" of last year's team, Weikman and Schell. All played good basketball for their first game.

## The American Red Cross needs your support. Join during the November Roll Call—and join in Riverton.

## Crippled Children Subject of Survey

Many Individuals and Agencies Will Cooperate With State Commission

Arrangements have been completed for a State-wide census-taking of New Jersey's crippled children to be started next Monday, November 14 to 15. Before the following Saturday it is hoped to have every crippled person in New Jersey enrolled and classified, to the end that all necessary educational, vocational and medical relief may eventually be provided.

This work is being done under the auspices of the New Jersey State Crippled Children's Commission, appointed some time ago by Governor Moore. The enrollment will be made by the public, parochial and private schools with the assistance of churches, lodges, nurses and many others working either individually or in organized units. The public schools have been marshalled for the census under the direction of Dr. Charles H. Elliott, State Commissioner of Education. In the parochial schools the work will proceed under the direction of Dr. P. J. Chase, Ph. D., Superintendent of Schools of the Trenton Diocese and Dr. William P. Lewis, J. L. D., Superintendent of Schools of the Newark Diocese. The churches will begin their work on Sunday, November 13, when announcements will be made from pulpits everywhere.

It is hoped through this multiplied effort to cover the entire State within the six days and to enroll every crippled child between birth and eighteen years of age including as well all others of any age who have any form of physical or mental disability, such as blindness (total or partial) as well as lameness. The Commission is especially anxious to find the young cripples under school age and also working children who may be handicapped. When the individual cases have been enrolled and classified, the Crippled Children's Commission will prepare a report for the incoming Legislature with recommendations as to what may be done by the State in securing adequate treatment and care for all the affected persons.

The Crippled Children's Commission consists of Joseph G. Buch, of Trenton, Chairman, who represents the State of New Jersey; David L. Brown, of Asbury Park, Director of the State Department of Health; William C. Cope, of Newark, representing the Rotary Club; John E. Gill, of Trenton, representing Kiwanis; Albert Schurr, of Newark, representing the Shriners and Senator Morgan E. Layton, of Perth Amboy, and Assemblyman Thomas W. Muir, of Plainfield, representing the Legislature.

Members of this Commission have been at work all summer planning for this important census and for the even more important work which is to follow.

**BURLINGTON COUNTY HOSPITAL**  
Report for month of October:  
Total patients admitted during month, 45.

Private patients, 5.  
Ward pay patients, 17.  
Ward free patients, 23.  
Operations performed, 20.

## BOY NEARLY CHOKES

Grain of Corn Chokes Windpipe of Edgewater Park Lad

A kernel of corn, playfully thrown by a companion while riding in the school bus from Moorestown, last week nearly cost the life of Jimmie Vogdes, 10-year-old son of Mr. and Mrs. James M. Vogdes, of Edgewater Park.

The grain of corn entered the boy's mouth and lodged in the windpipe. Choking violently, the boy was rushed back to Moorestown by the bus driver where an unsuccessful effort was made by a physician to remove the obstruction. At the point of death the lad was rushed to Jefferson Hospital, Philadelphia, where the famous Dr. Chevalier Jackson succeeded in removing the kernel which had descended into the lung.

The irritation of the grain of corn caused the windpipe to close and it became necessary to make an incision in the neck and insert a silver tube to permit the lad to breathe.

Dr. Jackson, world renowned for his skill in removing foreign objects from the lungs and air passages, stated that this case was probably the narrowest escape he had ever observed.

## POWELL RECEIVER FOR FAIR GROUNDS

Appointed To Untangle Trouble of the Holding Company of Ku Klux Klan Members

Clifford R. Powell, of Mount Holly, has been made the receiver of the Burlington County Progressive League, Inc., the holding company of the members of the Burlington County Ku Klux Klan. Owners of the fair grounds in Mount Holly, Mr. Powell was appointed by Vice Chancellor Buchanan in Trenton last week.

The appointment was made at the request of William Evans, of Marlton, who claims the league organized in April, 1925, as a corporation to buy, sell and develop real estate. He claims the holding company owns him \$3,321. There are other small note holders, it is said.

Evans contends the organization has liabilities of more than \$50,000, and assets of less than \$50,000. The money due him is for notes and other transactions, Evans said.

It is said that the fair grounds property has been appraised at \$150,000, which would more than cover the outstanding indebtedness of the company. According to report the real cause of the appointment of a receiver is internal trouble in the organization.

## BIG SALE AT SKILLMAN VILLAGE THIS SATURDAY

Articles made by the patients in the educational division of The New Jersey State Village of Epileptics, Skillman, will be sold at the Annual Sale to be held at "The Village," in Smalley Hall between one and two o'clock, on Saturday afternoon, November 12, 1927. You are cordially invited to attend. The band will play during the afternoon. Trains leave Trenton Junction for Skillman at 11:45 P. M. and Bound Brook at 1:37 P. M. Returning trains leave Skillman for Trenton Junction at 4:13 P. M. and for Bound Brook at 5:15 P. M. Conveyances will meet these trains.

## P. S. Has Efficient Telephone Service

75,000 Calls of All Classes Handled Daily Over Corporation's Exchanges

That approximately 75,000 telephone calls of all classes are handled in a single day over the private exchanges of the operating companies of Public Service is one of a number of interesting facts brought out in a feature article in the November 1 issue of Public Service News by Frank J. Davis, superintendent of telephones for Public Service.

Public Service has thirty-three individual telephone exchanges, located at various points throughout the State. Connected to these exchanges are 275 central office trunks, 135 line lines aggregating 1,800 miles, and 2,500 telephone extension stations. In addition there are 800 telephones connected to the outside exchanges of the New Jersey Telephone Company. There is a staff of 140 operators, not including the men who operate the long distance exchanges of the electric generation department.

In addition to the general exchanges Public Service has a number of exchanges of special types, i. e. dial exchanges at Kearny and Newark stations, long distance exchanges of electric telegraph terminals in the Newark Terminal building and in Burlington, and telephone order receiving systems in the commercial offices in Newark, Jersey City, West New York, Paterson, Passaic, Trenton and Camden.

"Public Service maintains one of the largest and most efficient private telephone systems in the country," Mr. Davis writes. "Extending from Northern Bergen County to Gloucester County in South Jersey it affords means of quick communication throughout Public Service territory in New Jersey, with Philadelphia as well. It contains almost every modern type of equipment and apparatus for private branch exchange service that is known in the telephone industry."

"To keep pace with the rapid expansion of our companies practically eighty per cent of our entire telephone system, within three years, was either completely replaced with new equipment and circuits, or extensions and improvements were made in keeping with the latest developments in the art of telephony. All of our equipment and circuits are leased from the telephone company, and the system is integral with the Bell system."

## SALESMEN OF TRAVEL

"You are salesmen of transportation, important positions because local transportation is today a highly competitive business, requiring for its success the finest kind of selling ability," Vice President Matthew R. Boylan reminds operators of Public Service trolley cars and buses in an executive bulletin. "There are more than 500,000 automobiles registered in this State and most of them are your customers," Mr. Boylan continues. "To sell street car and bus service in the face of such rivalry requires that every man connected with the local transportation organization, and especially car and bus operators, be on their toes every minute of their working time."

## RED CROSS DRIVE

During the past year, owing to the 37 disasters in which it has assisted, the National Red Cross has had demands on its treasury far exceeding its income.

In order to avoid this in the future, it has taken 2,000,000 as its Roll Call goal, 2,000,000 in excess of last year.

This state of affairs has also excited in the Burlington County organization, which has been given a quota of 370 members by the National Red Cross, being 1700 more than last year.

The only way this quota can be reached is by the united efforts of every individual in the county, who has all to their part in this wonderful work for humanity.

Starting on Armistice Day applicants will visit all residents of the county, giving them an opportunity to join the Red Cross.

Your membership in the Red Cross for the coming year means that every service of that organization will be more effective.

The American Red Cross invites the people of the county to become members.

Help Burlington County to reach its goal of 3700 members.

Join at Roll Call, Nov. 11-24, 1927.

## MAPLE SHADE WILL BANQUET DADS, SONS

Hundred Expected to Attend Annual Dinner in Congregational Church This Friday Evening

The Annual Father and Son's Banquet in honor of "Father and Son's Week" as is celebrated throughout the world, will be held in the Congregational Church, Maple Shade, on Friday evening, November 11, at 7:00 o'clock under the auspices of the Sunday School.

One hundred covers will be laid by the Ladies Aid and the whole menu will be provided and served by its members. Mrs. Walter S. Koch is the chairman.

The Decoration Committee will trim the banqueting room with corn and cornstalks enlivened with crepe paper colors.

The pastors of the town with a boy each, have been invited as guests of the occasion.

## County Y Business Girls Plan Dinner

Big Affair Will be Held at Mount Holly on Tuesday, November 22

Members of the Business Girls' Council of the Burlington County YWCA are now engaged in plans for a county-wide dinner to be held in Mount Holly on Tuesday evening, November 22.

The affair has been arranged in conjunction with a nation-wide celebration, to be held in over 200 cities and towns by members of the Young Women's Christian Association in business and professional occupations.

Miss Beatrice Shadell, of Mount Holly, has been appointed chairman on arrangements for the Burlington county dinner. She will be assisted by Miss Helen Jones, music chairman and Miss Marguerite Lipincott, Moorestown, chairman of the program committee.

The week of November 13-19 has been set aside by World's Young Women's Christian Association as the World's Week of Prayer and will be observed by all the local organizations.

James H. Birch

James H. Birch, Sr., one of Burlington's noted citizens, died Wednesday of last week at his home after an illness of one year.

He was the founder of the Birch Carriage Factory, which made vehicles for all nations until the introduction of the automobile.

He was the father of Col. Thomas H. Birch, president of the Trust Company of North America, New York City, and former United States Minister to Portugal under the administration of President Woodrow Wilson.

Mr. Birch came to Burlington in 1883 and established the carriage works. Within a few years it gained a world-wide reputation. Specializing in quality carriages, he soon made the Birch buggy the best known vehicle in the east. Later sleighs were added to the factory's output, and then with markets opened through the efforts of James

H. Birch, Jr., he began to supply jitneys to Japan; one-wheeled carts to Korea; mountain sledges to the Madeira Islands; volantes to Cuba; trekking wagons to South America; and various curious vehicles to India. An enormous business was thus built up to be destroyed in recent years by the automobile.

Fifty years ago he built and equipped the Birch Opera House, where many famous actors have appeared. It became unique in theatrical history as one of the oldest theatres in America.

He was an ardent Democrat and took active part in many state and national campaigns.

He leaves two sons and a daughter, Colonel Thomas H. Birch, of New York; James H. Birch, Jr., of Burlington; and Mrs. S. A. Meyer, of New York.

The Red Cross membership constitutes the nation's Legion of Mercy—JOIN NOW.

## Friendly Thoughts by Frank A. Snover

Do unsung heroes hunger for recognition? Does father pinch because there are none to lay a path of roses between him and his day's toil? Does mother wince and suffer because her devotion to duty seems unnoticed? We all should show more appreciation of those who serve us so sincerely and patiently.

We believe in the firm or man whose performance matches his published intentions, whose personal contacts prove his sincerity. So do you.

## SERVICE THAT COUNTS

Have you ever stopped to think of the uncomfortable feeling that you would have should your car suddenly stop, desert you so to speak, on your way home from a nice evening at a dinner or show, leaving you stranded on the road in the middle of the night. Cold, rain or snow, you must not expect too much from the weather man at this time of the year. Do not take chances, have your car thoroughly checked over, oiled and greased at our service station today. It will give you a feeling of safety and confidence that will be worth many times the cost. Phone Riverton 110.

## County History of 50 Years Ago

Items of Interest Published in  
Mount Holly Mirror, No-  
vember 1, 1877

Young black bass have been placed in the south branch of the Rancocas at Lumberton and in the pond at Indian Mills for stocking purposes, and fishing therein will be prohibited for three years.

The estate of the late Commodore Charles Stewart of Bordentown, the accounts for which have been filed for settlement, amounts to over a million dollars, including the real estate, nearly all of which goes to his daughter, Mrs. Farnell.

The Mount Holly baseball club disbanded on October 23, after having been together for three months. The receipts, \$245.50 were just sufficient to meet the expenses.

Pierre Lorillard's "Parole" won the two and a half mile race at Philadelphia Park last week, and with it \$50,000 for the owner, Time 4.37 1/2.

Job Braddock, executor of William Lippincott, deceased, sold a lot of chestnut timber at public sale on October 19, at the road from Hartford to Fairview, at an average price of \$250 per acre.

Grange on Taxes  
At a meeting of Pomona Grange, held in Mount Holly on October 23, there was a discussion about reducing taxes. Reports from committee show that the grange is supplying many members with sheep, cattle, grass seed, etc.

According to reports issued at the 50th annual meeting of the West Jersey Baptist Association, the Mount Holly church has 128 members; Pemberton, 185; Jacobstown, 223; Burlington, 424; Medford, 98; Marlton, 210; Moorestown, 230; Beverly, 58. Salaries of pastors range from \$240 to \$1,500.

Of the 24 cases noted for trial in the appeal court held on Monday, 20 went over to the next term "by consent," and one was reported settled. "Off by consent" is common practice among lawyers.

"Settled" is a streak of sense among clients.

November 8, 1877  
Bridget Garron, said to be 103 years old, died in Burlington on Thursday.

Little's canning factory, Riverside, has this season put up about 750,000 cans of fruit and vegetables.

By advertisement of Lippincott & Darnell, of Mount Holly, it will be seen that they have still further reduced the price of coal to \$4.25 for stove and \$3.75 for chestnut, long tons.

The sailing vessel Lee, of Mount Holly, Capt. Morris, loaded with lumber for T. K. Keeler & Sons, of Mount Holly, was run into on Saturday at Philadelphia by the ferryboat Shackamson and had a hole stove in her side.

Among the confessions in the Senate at Washington last week, were Postmaster William M. Risdon at Mount Holly and Henry W. Wetteroth at Bordentown.

John Wannamaker, 1318 street, Philadelphia, offers nearly one million dollars' worth of dry goods at popular prices.

Uncle Sammy Fenton  
Uncle Sammy Fenton, as he is familiarly known, the oldest conductor in the employ of the Pennsylvania railroad and now engaged in that capacity on the Amboy Division, has obtained a 30 days leave of absence to visit his daughter in Salt Lake City, who he has not seen for 19 years. He will accompany Brigham Young Jr., who is visiting in the East and who married Mr. Fenton's daughter about 20 years ago.

The new steam engine of the Good Intent Fire Company arrived in Mount Holly on Thursday. It is fourth class, built by Clapp & Jones, of Hudson, N. Y. The engine was tested on Monday and found satisfactory. After the testing there was a short parade and then the engine was housed by Rellet and America companies.

Joseph C. Cowgill, representing Relief and Washington W. Watts, America. The fruit drying and jelly manufacturing establishment operated by John B. Collins & Sons, at Moorestown, was totally destroyed by fire about noon on the 1st inst. Some of the stock was saved.

Good butter is selling at 25 cents a pound and round potatoes at 50 cents per bushel.

Never plead equity to poverty. As far as this world is concerned, you might better admit you are a villain.

## STILL IN RACE

PHS Girls Tie Haddonfield High in Exciting Game

Miss Marion E. Purbeck's Palmyra High School Girls' Hockey team is still in the race for the South Jersey Scholastic hockey crown, by tying the strong Haddonfield High School lasses 1 to 1 last Wednesday at the Field Club grounds, Palmyra.

Frequent showers handicapped both teams last week and made the field wet and slippery, but a large crowd witnessed the game, testifying to the popularity of the girls' sport in league competition. Haddonfield brought a large following with them to the Palmyra game.

Haddonfield held a 1 to 0 lead at half time against Palmyra. Miss Virginia Wood, captain of the invaders, having scored the only goal of the half.

Miss Cornelia Harding, Palmyra's left inside, saved the day for the home team by tallying the goal that tied the count 10 minutes before the final whistle blew. It was a hard fought game with neither eleven having a decisive advantage.

## About Your Health

Things You Should Know

IT MAY BE YOU

Mr. W. W. from far-away Carolina writes, asking what I would suggest for attacks of gas which distress him at times, enough to affect his heart-beat; causes it to "miss" occasionally, and then to beat fast and slow, and makes him dizzy—doubtless interferes with breathing, and with his strength as well. He did not give his age, or bodily weight, but he mentioned symptoms that I have met many times, in the course of my thirty-five years practice.

I do not practice medicine by mail; it is not the dependable way. I have all I ought to do at my office. Therefore I advised this good man, with one thought in mind—safety first.

I told him to take a good-sized dose of "Milk of Magnesia" at bedtime, from a tablespoonful to half a teaspoonful; I advised him to get the old-fashioned pills of aniseed, three to five grains each, and take one after meals. Now smile, you! They should be coated well.

I told him to have his physician tell him what to eat, an what to avoid.

I have known sweet milk to aggravate these cases. He may be eating too much starch—too much sugar. He may have a lurking kidney disease, with high blood-pressure, or the latter may be too low. He may have a chronic throat. He may chew too much tobacco—or none at all—I don't know.

But I do know that, spitting out most of the saliva is the surest way of getting hyperacidity. He may have a peptic ulcer; it is not likely to be an organic heat disease, but the heart will stand just so much of punishment from the digestive tract, and no more.

The best possible friend this man can have at this time is his family physician, who can get in immediate touch with the enemy. He should let neither politics nor religion deter him from getting help—for these symptoms are good and sufficient warnings of more trouble if neglected.

These symptoms are no means uncommon; they are often met with. Maybe you, dear reader, can profit by these suggestions.

Next Week: Sobber Reflection

BEVERLY FLAMBERG HURT  
Joseph B. Orfe, of Walton avenue, Beverly, is confined to his home with a broken rib and internal injuries received when a scaffold upon which he was working in Jobstown gave way throwing him to the ground. Mr. Orfe's injuries were treated at Columbus and he was later brought to his home, where he is said to be progressing satisfactorily.

## New Jersey Ten Years From Today

PLANNING ahead to meet future needs is a first consideration of the management of the New Jersey Bell Telephone Company, for otherwise service ready for every demand could not be provided.

Facts of the past and present coordinated with tendencies noted by trained telephone observers, give us a reasonably accurate forecast of the service needs of coming years. Upon such a survey we are now making plans to care for New Jersey's telephone requirements in the next decade.

Today the New Jersey Bell Telephone Company serves the users of 570,000 telephones.

In 1937 our organization and system will be prepared to give satisfactory service to the users of more than 1,000,000 telephones.

Now and in the future our purpose and obligation is to provide real service at reasonable cost both within the State and to all available points beyond its borders.

## ARMISTICE DAY

Nine years ago tomorrow, the world's great war came to an  
end. Mothers began to hope; wives could once more expect  
the return of their husbands. The war to end war had been  
such a strain as none could appreciate; now one could look for-  
ward to reconstruction.First the peoples took stock. The war had cost the lives  
of between nine and ten million soldiers, the finest young men  
of the fighting nations. It had also cost the lives of twice as  
many civilians, old men, mothers, babies.Two things became clear. Modern war involved the whole  
nation, not merely the soldiers. One could retaliate by  
dropping bombs on enemy babies, but one could not prevent the  
enemy from bombing in his turn. Warfare was directed chiefly  
against civilian population. The death lists proved it.Therefore modern war must be destroyed. Security against  
a possible enemy was insufficient; what was needed was security  
against war itself. The abominable thing must be rooted out.  
Until it was, there could be no safety for homes, or school, or  
church or any other of the institutions that make life worth-  
while. Men said, with the American major general, John F.  
O'Ryan, "I would be a traitor to my country if I did not do  
everything in my power to abolish war."Armistice Day is a special day of remembrance for the  
young men who laid down their lives in the "War to end war."  
Their hope remains unfulfilled. They have handed on to us the  
torch of their young idealism. It is for everyone of us who  
remains to carry on and complete the work.In spite of the complexities of the technical questions of dis-  
armament and arbitration, every one of us has his opportunity.  
We cannot conduct the negotiations, we cannot make the treat-  
ies, but we can make up our minds that our country's foreign  
policy shall always be based on friendliness and fair dealing.  
Bad governments cannot override public opinion that demands  
peace and fairness in their dealings with other nations. Good  
governments cannot do the things necessary to secure peace  
and fairness unless supported by their people.Therefore, every single individual citizen has his share of  
responsibility for completing the work of building lasting peace  
which was the dream of those who sacrificed their lives in the  
war that ended on the first Armistice Day.

## COMMUNITY BUILDING

No street in this town was ever paved with money sent  
away by our citizens for purchases from other cities, no school-  
teacher was ever paid with money spent on mail-order goods,  
no payroll was ever met here with these absentee dollars. The  
home-town merchant is able to meet your every need, his func-  
tion is to be your purchasing agent, to stock the goods you re-  
quire against the day you call for them. He is the man whose  
enterprises gives value as a tax and rent producer to the business  
district of your city, he is behind every movement for the good  
of the community. He is entitled to your patronage and it is  
unfair to yourself and your city to withhold it. The best and  
surest means of upbuilding the home town, of increasing the  
value of its citizens' property, of enlarging its opportunities,  
is to keep your money at home and make it work for everybody  
here.

## NEW INTIMACY

The information that the Ameri-  
can Telephone and Telegraph Com-  
pany has opened communication  
between the United States and sev-  
eral Mexican cities, following upon  
the recent completion of telephone  
communication between the United  
States, Great Britain and other  
European points is of the utmost  
importance. It heralds a day  
probably closer than most of us  
realize, when world distances will  
be conquered and the limitations  
of space done away with.Bell talked to a man in the  
next room, and the world rose in  
homage to the achievement. Soon  
people in large cities could talk  
with their neighbors, and lines  
were strung from one locality to  
another, culminating in the trans-  
continental service we are all used  
to. And now it is transoceanic.  
There is a great romance and a  
great achievement in the story of  
the American telephone, and recent  
developments show that the sys-  
tem keeps one jump ahead of the  
times and always has. A new age  
of international understanding, a  
new intimacy of nations, is in the  
making.

## GOVERNMENT BY LAW

The Constitution of the United  
States was drawn and perfected by  
the ablest body of men ever as-  
sembled to launch and establish  
a government to be ruled by law.  
Three departments were created—  
one makes the laws, another en-  
forces the laws, and the third in-  
terprets the laws. Officials are  
chosen to enforce the laws.  
The first article of the Constitu-  
tion created the Legislative De-  
partment—such the longest ar-  
ticle, occupying more than one-  
third of the entire document.Every department acts upon laws  
administers laws and is governed  
and controlled by laws. Very few  
individual rights or property values  
have any existence outside of laws  
creating them.Our government is essentially  
created to create and nullify the  
practice and effects of Commun-  
ism, Bolshevism and anarchy in its  
operation.The American Red Cross wants  
5,000,000 members for 1928. JOIN  
NOW—AND JOIN IN RIVERTON.  
We need you to make her quota.

# RIVERTON ITEMS

Mr. and Mrs. Richard M. Hol-  
linghead called on the S. S. Majes-  
tic from New York for a two month  
stay in Europe. They expect to  
tour France, Switzerland, Italy and  
Spain but will spend the greater  
part of their time in England, and  
will return home for the Christmas  
season.A daughter, Eleanor Corry, was  
born to Mr. and Mrs. Benjamin S.  
Sanderson, of North Tonawanda,  
N. Y., on October 27th. Mrs. San-  
derson will be remembered as Miss  
Virginia Corry, of Riverton.Mrs. T. Lloyd Major spent the  
weekend with relatives in Cam-  
den.Mrs. Erbe, of Merion, Pa., was a  
guest of Mrs. Otto Stavers on Tues-  
day.Mr. and Mrs. John Maloney, of  
Plainfield, spent Sunday with his  
parents, Mr. and Mrs. Dennis Ma-  
loney.J. M. Coddington and family  
spent Sunday at Bernardsville visit-  
ing Mrs. Coddington's sister.Miss Anne Murphy spent the  
weekend at Reading, Pa.Mrs. Hannah Ford and son, Lew-  
is Ford, expect to spend the week-  
end at Elizabeth, visiting relatives.The Woman's Auxiliary of Christ  
Church gave a luncheon in the par-  
ish house last Thursday.Mr. and Mrs. Otto Bauers, of  
Riverton; and the Misses Katie and  
Millie Fuernstein, of Philadelphia,  
motored to Surf City on Sunday.Mr. and Mrs. Edward Evans were  
visitors at Mt. Ephraim on Sunday.  
Mr. and Mrs. Ross Evans and  
children and Mr. and Mrs. Lawrence  
Caskey visited relatives at Moyers-  
ford, Pa., on Sunday.Ruth Hooker came home on Sun-  
day from the West Jersey Hospital  
after a three weeks stay for an  
operation. She is making her home  
with Mrs. Fogarty, 411 Seventh  
street and would be glad to have  
her friends call and see her.Mrs. David Willingmyre has re-  
turned from a few days visit with  
her son at Washington, D. C.Mr. and Mrs. S. A. Plumly, Mr.  
and Mrs. Horace Dobbins and Miss  
Louise Dobbins, of Collingswood,  
Mr. and Mrs. Oscar Dobbins, Mr.  
and Mrs. Howard Dobbins, of At-  
lantic City, attended a family re-  
union at Ye Olde Inn Hotel at  
Doylestown, Pa., on Sunday last.Mrs. Elizabeth Allen is spending  
some time with relatives at Toma-  
river.Mr. John Hinkle of Broad street,  
is able to be around after an illness  
of a few weeks.Mrs. Ella Neigar returned to her  
home in Wilkes-Barre after visiting  
Mrs. Samuel A. Plumly of Broad  
street for a week.The Riverton Fire Company was  
called upon to extinguish a field  
fire on Warrington avenue in East  
Riverton Monday afternoon. No  
damage was done to surrounding  
properties.Harry C. Scherwing has an attrac-  
tively decorated window of gunnery  
supplies in his hardware store on  
Broad street.The play, "Looks Like Rain" will  
be presented by the Christian En-  
deavor Society Friday and Saturday  
evenings, November 18th and 19th,  
in the new auditorium of the Cal-  
vary Presbyterian Church building.The young people have been work-  
ing on this sparkling comedy for  
many weeks and are confident that  
the production will be well worth  
seeing. They have been unusually  
fortunate in securing the services of  
a splendid coach who has been  
coming down from Beverly to help  
them. The young people are cast  
in parts which they are well suited  
to portray. Tickets may be secured  
from any Christian Endeavor mem-  
ber. Don't miss it!

## RIVERTON vs. PALMYRA

Since Palmyra does not have a  
football squad this year to meet its  
ancient rivals, Riverton, the young-  
er element of the twin towns were  
wondering how these two towns  
could stage some event that would  
keep up this old-time competition.There are no bowling alleys  
available and it is too cool for  
aquatic events so a pool match has  
been arranged to take place in the  
Knights of Columbus Hall, on Fri-  
day night, November 11.Of course each town must have  
its best cue artists to "bring home  
the bacon" so after much discus-  
sion the Palmyrans decided to pin  
their hopes on "Curly" Flynn and  
Frank Harper.It was found out that there were  
more expert "ivory pushers" in Riv-  
erton than in its neighboring town  
so the job of selecting the two best  
was a little more difficult. After a  
consultation with Theodore Schen-  
der a past master of the ivories, it  
was agreed that no better pair than  
Walter "Sonny" Wright and Herb  
Schnieder could be picked to defend  
the name of Riverton in the first  
pool match ever played against  
Palmyra.The table in the K. of C. Hall  
has just been newly covered and  
the cues with new tips are ready  
for this initial venture in indoor  
sports.During the winter months shuffle  
boards, quoits and pinocle games  
between these Riverton towns will  
also be arranged.Everybody is invited and the ad-  
mission is free. Game starts at  
8.15.

## Have Cases Heard

Criminal Court Convicts Boy of  
Making Assault on  
School TeacherRetractions and waivers occupied  
the greater part of Judge Slaughter-  
ton's attention and enforced changes  
in Prosecutor George M. Hillman's  
courses of action in the Burlington  
County Criminal Court, Mt. Holly,  
last Thursday, when the following  
cases were disposed of:Anastasia Alexander, of Third  
and Broad streets, Beverly, who has  
been before the Court on several  
occasions before on a charge of dis-  
regard of the prohibition laws, was  
convicted by a jury of sale and  
possession of liquor and was before  
the Court for sentence.She went to jail for sixty days  
on the sale charge and must pay a  
fine of \$350 on the charge of  
having liquor in her possession.Paul Villari, the Palmyra baker,  
who handled liquor as a side line  
or vice versa, released from Court  
ed before and he made a retraction  
of not guilty, pleaded non vult and  
must pay a fine of \$400.Over one hundred gallons of  
alcohol were confiscated at his place  
when the officers made the raid.Stanley Sandio, of Hainesport,  
came in on waiver and pleaded  
guilty to having liquor in a posses-  
sion and was fined \$50, after it had  
been shown that he had but recently  
moved to Hainesport from Philadel-  
phia and had only a small quantity  
of liquor in his house.After Sandio had been taken to  
jail in default of a fine of \$200,  
created a scene in the Court Room  
by announcing that she and her nine  
children were without money or  
food and intimated that she would  
be taken to Court House until her  
husband was released.Officers led the woman and her  
family out, and the last seen of  
them they were starting for the jail.Sue Some Finkler  
"Tullytown Sue" Connors, of  
Plaza Park, Burlington, made a  
retraction of her original plea of not  
guilty to possession of liquor. She  
is either extremely ill or a most  
beautiful fakir, as she demanded  
the attention of Constable Bur-  
roughs continually and had to be  
fairly carried in and out of the  
Court room.Sue escaped with a fine of \$200  
and the disorderly house charge  
against her will be nolle prossed.George Nixon, of Vincentown,  
also saw fit to make a retraction,  
he having originally pleaded not  
guilty to possession of liquor, and  
he was fined \$50.Mary Matka, of Burlington, an-  
other liquor law violator, came in  
on a waiver and pleaded non vult.  
She will pay a fine of \$150 on the  
possession charge and another  
\$150 for having a still in the  
house.Benj. Viesauskas, another Bur-  
lingtonian, was before the Court  
by the waiver route and he, too,  
pleaded non vult.He was given a wonderful repu-  
tation by his counsel, but the Court  
assessed him \$150 for possession  
of liquor and \$150 for having a  
still, even if it was not in opera-  
tion when the officers called.Carl Brodges, who was introduced  
as a contractor residing in Delran  
township, put up a novel defense,  
through his counsel, in that it was  
claimed the liquor and still found  
in his house were put there by an  
acquaintance who expected to be  
raided, but instead the officers raided  
Brodges' place.He was fined \$250 for having the  
still and sentence was suspended on  
the possession of liquor charge.

## Sentence in December

Herman permieter, of Westamp-  
ton township, also made a retrac-  
tion on a liquor charge, but sen-  
tence was deferred in his case until  
the third Thursday in December.Stella Zakaseki, of Burlington,  
came in on a waiver and pleaded  
non vult to having a still and sev-  
eral quarts of liquor in her house,  
and she was fined \$150 on each  
of the two charges.Adies Lisa, colored, of Burling-  
ton, who had already pleaded non  
vult to a charge of assault and bat-  
tery, was fined \$75, and after his  
counsel had shown it was a free  
fight, in which he had been called  
upon to defend himself.The case of George Mick, of  
Medford, charged with desertion  
and neglect of his wife and child,  
was again before the Court. It  
appears that Mick lives in an old  
tumble-down house, away back in  
the woods, and his wife wants some-  
thing more up-to-date in the way of  
a home. George is not able to  
provide it and this caused a parting  
of the mismatched pair.George said he had made every  
effort to have his wife live with  
him but that she had stated she  
"would rather have the money than  
a home such as he provided," so  
the Court saw no other way out  
of the dilemma than to put George on  
probation for three years, and he  
will have to pay his wife \$3 a week  
for the support of the child.Disposition of Other Cases  
Criminal Court kept both Judge  
Slaughter and Prosecutor Hillman  
busy on Tuesday and Wednesday  
and the following cases were dis-  
posed of:On Tuesday, William Buck, of  
Mount Holly, who had arranged to  
make good some money secured on  
a bad check and who was also  
charged with desertion by his wife,  
had the charges nolle prossed, after  
it had been shown that he had made  
restitution and patched up the dif-  
ficulties with his family.Victor Ojre, of Roseling, made a  
retraction of his original plea of  
not guilty to possession of liquor  
and pleaded guilty, thus shortening  
up the work of the day, as his case  
had been set down for trial.August Lore and Mary, his wife,  
of Florence township, both old of-  
fenders, stood trial on another li-  
quor charge and the jury said guilty

In his own defense, young Albert

son said he did not strike Miss Car-  
roll until she had grabbed him by  
the neck and shook him, and torn  
a button from his shirt and pulled  
his hair.Detective Parker swore that when  
he examined the boy in his office  
shortly after he had been arrested  
by Detective Clifford D. Cain, he  
found that the boy's shirt was torn  
at the buttonhole and there were  
slight scratches on his neck and his  
hair was disheveled and appeared  
as though it might have been pulled.The verdict of the jury was guilty,  
and Attorney Pasceok gave notice  
that he would carry the case to the  
Supreme Court. His motion will be  
heard on November 17.Wilbur R. Gildersleeve, of Bur-  
lington, charged with desertion and  
neglect, agreed to pay his wife \$5  
a week and settle a bill of \$135 for  
medical attention, and the charge  
was withdrawn.On Wednesday the case of the  
state vs. John Connist, of Florence  
township, charged with maintaining  
a house and possession of liquor,  
was heard and the verdict was not  
guilty.

# CRANBERRY JELLY

(Tartan Brand)

The Tartan Brand Cranberry Jelly, prepared by the  
Alfred Lowry Company, tastes just like that Mother  
used to make.A heavy meat dinner is not complete without Cran-  
berry Jelly—Tartan is the best.This delicious side dish is as fine as silk and was  
strained and sweetened during its preparation.

Try a can NOW then order more for Thanksgiving.

## PALMYRA FOLK ENJOY LEGION PARIS SOJOURN

Delegates Visit Many Points of  
Interest in Battle  
Regions

### MOVIES TAKEN OF CONVENTION SCENES

Everybody Enjoys Voyage to  
Europe, Despite "Char-  
lie's" Joke

Palmyra's delegation to the American Legion Convention in Paris, Mrs. John D'Aurechy, Mr. and Mrs. Theodore D'Aurechy, Charles Hahn and Harry Weikman, returned last week and report that a great time was had by all. Ten days were enjoyed in Germany, five days in Holland and 15 days in Belgium.

When the Palmyra American Legion Post Bugle and Drum Corps paraded in Bordentown last Friday a week ago, it carried a flag that was decorated at the Paris Convention in France. This was the only flag during the immense parade people, deep on both sides of the streets, perched in treestops and on all surrounding buildings, witnessed the celebration.

While "over there" the Palmyra delegation placed a huge wreath of flowers, four feet high by three feet thick, on the Unknown Soldier's Grave in Paris during the immense parade, people, deep on both sides of the streets, perched in treestops and on all surrounding buildings, witnessed the celebration.

The returning party said the French people thought there was nothing too good for them. The Americans received the best of everything, including service.

Taken Movies of Trip  
Ted D'Aurechy has motion picture camera that require two and one-quarter hours to show on the screen. The Legion is making arrangements to show these pictures in Palmyra and give the people an opportunity to see them. The date and place has not yet been set. The Legion intends to have the entertainment include some speeches by those who went over.

While in Europe, Napoleon's Palace, King Louis XIV's Palace and Gardens were visited. The party said there is nothing more beautiful than the King's Garden, which includes a large pond, filled with thousands of fish.

At Le Bourget, where Colonel Charles A. Lindbergh landed, the Palmyra delegation waited patiently for six hours in the cold for Ruth Elder to land.

At Ypres the party visited a spot on the battlefield where 20,000 British soldiers were killed like mosquitoes in a battle on April 23 and 24, 1918.

The party talked to a French farmer who told them he was still digging for bodies for which he received 60 cents each. Shrapnel was also dug out by the wagon load.

It required nine days to make the trip over on the SS "La Savoie" and six days to return on the SS "France".

The ocean was as smooth as the Delaware River both going over and returning. All of the passengers had full view of the ship and the privileges asked from the time they left to the time they got home were all granted freely.

All of the party speaks highly of the treatment and service they received everywhere on the trip.

Going over the passengers sighted whales and flying fish.

Three days out "Charlie" Hahn pulled a good joke on the whole crew. He announced that a mail ship would anchor alongside their boat at 11 o'clock that night. All who were anxious to write home rushed to the staterooms and long before 9 o'clock the entire supply of stationery was exhausted.

The morning when the passengers found this announcement was a "false alarm" they wanted to choke poor "Charlie".

The following is taken from "Le Legionnaire De L'Antique," a leaflet published on the seventh day out at sea.

Many Injured as Autos Crash  
Near Montmartre Cafe  
Several unknown persons were seriously injured last night when a taxi driven by Mr. Palmyra, of New Jersey, crashed into a heavy touring car driven by Mr. Wildwood, near Montmartre Cafe.

Both drivers were arrested by officer Paulson of Maryland charged with not being sufficiently intoxicated to handle a machine. Judge Bradshaw held them in fifteen million francs bail.

The second A. E. F.  
Gloom hunters have been conspicuous by their absence from La Savoie.

The second A. E. F. is approaching France in a spirit of good-hearted merriment and jollity to which Wildwood and Palmyra have contributed much.

It is well that this is so. The first sailing of the A. E. F. is ten years behind us. The scars of war have been removed and both France and the United States have settled down to their accustomed peacetime basis.

But we should and we will remember as we near La Bella France that we are going to the scene of the common sacrifice of French and of American blood, freely offered in the common service of humanity and civilization.

The second A. E. F. goes to view the scene of that sacrifice and to pay homage to its buddies, both French and American, who there went West. It goes as an ambassador of eternal peace and friendship between two nations. It goes as the guardian of a sacred trust.

WHEN THE RED CROSS ROLL IS CALLED, BE THERE.

Interesting Reductions  
Made on all Stock Hats  
for the next two weeks.

## CHIEF DETECTIVE LOCATES DESERTER

Ellis Parker Finds Maple Shade Man  
in Hawaii After Persistent  
Search

The long arm of the law reached out from Mount Holly last Saturday and bridged a distance of four thousand miles to bring a Maple Shade man to justice. The man is Harry J. Schwelbins, who is charged with having deserted his wife and two children in Maple Shade three months ago.

Schwelbins slammed the door of his home in August and said to his wife, "I am going so far away that you'll never see me again," according to Ellis H. Parker, chief of county detectives. He enlisted in the United States Army and specified service in Hawaii. After a persistent search Chief Parker located him there through Government officials.

## C. S. M. CODDINGTON STUDENT AT DREXEL

Taking Engineering Course, With  
Practice Work Outside

Charles S. M. Coddington, of Riverton, a sophomore at Drexel Institute, Philadelphia, has started on a three month period "in industry," as part of the co-operative course in engineering which he is taking at that college.

He will spend three months in the employ of the Electric Power and Equipment Company, Philadelphia, putting into practice the theories taught in the college classroom and laboratory, and for which he will receive payment at the current rate of pay of the company. At the end of three months he will return to the college classroom.

About 200 of the leading manufacturing establishments, public utilities and mercantile firms of the greater Philadelphia industrial area are now co-operating with Drexel Institute in its five-year co-operative engineering and business administration course.

In addition the State Highway Departments of New Jersey and Pennsylvania have recently been added to those outside agencies which co-operate with Drexel to make possible the co-operative system of education.

## BENJAMIN F. FARNER SHERIFF CANDIDATE

Coroner Will Oppose Roncoe Shinn  
for County Job at Primaries  
Next June

Coroner Benjamin F. Farner, of Burlington, believes that the early bird catches the worm. The worm in this instance is the Burlington County sheriavty nomination. Mr. Farner has announced that he will be a candidate at the primary election in June.

Mr. Farner was born in Burlington, the son of the late Mr. and Mrs. Charles P. Farner. He was educated in the Burlington schools. He owned and became a member of the real estate firm of Charles P. Farner & Sons, a business he now owns. As a member of the well-known firm he helped to build the Farnerville section of the town and took part in other developments.

While Mr. Farner has been interested in politics practically all his life he has not been much of an office holder. He served six years in the Burlington Common Council from the Fourth Ward and a year ago he was elected coroner.

Mr. Farner is married and has four children, two boys and two girls. One of the boys is a cadet at the Bordentown Military Institute.

It is expected that Mr. Farner will oppose Roncoe Shinn, of Mount Holly, now under sheriff, for the sheriavty nomination.

## FOUR MEN HURT

Auto Hits Tree at Taylor's Lane,  
Injuring Three Employees

Four Riverton men were injured Tuesday morning when the Ford car in which they were riding, smashed into a tree at Taylor's Lane, a fifth, the driver of the car, was unhurt.

The most seriously injured of the four was Charles Eschenbach, 19 years old, of Bridgeboro street. He received a deep gash over his eye and remained unconscious for an hour after the accident. Eschenbach was taken to the Zuerburg hospital at Riverton. William Young, 23, of 403 Cleveland avenue, driver of the car, suffered a bruised chest and a gashed finger. Cornelius Westlake, also of Cleveland avenue and the owner of the machine escaped without injury.

The other two men who received cuts and bruises were Alfred Kent, 28, of Delaware avenue, a bruised right leg, and Arthur Schaeffer, of 501 Cleveland avenue, bruised to both legs and right arm. All were treated at the hospital and released when the condition of Eschenbach, who is employed at the Drexel Nurseries and was on his way to work.

Young lost control of the machine when the car left the road and hit a deep rut. Young saved himself from possible serious injury by getting half way out of the car as it crashed into the tree. Otherwise the steering gear would have smashed his chest.

The car was badly damaged and was towed to the garage by the Raphael & Johnson wrecker.

CARD OF THANKS  
We wish to express our sincere appreciation for the kindness and expressions of sympathy on the occasion of our recent bereavement.  
MRS. WILLIAM RUDDUCK  
and FAMILY.

## Post Rodgers in Riverside Parade

Drum Corps and Auxiliary Also  
to Participate in Arm-  
istice Celebration

Post Rodgers, Palmyra American Legion, the Legion Auxiliary and the famous Bugle Corps of the local Post will all take part in the County Legion parade which will be staged in Riverside tomorrow evening, Armistice Day.

John A. Whomley, commander of the Riverside Post, is the head of the committee in charge. The parade will start at 8:15 o'clock in the evening, forming at Fairview and Washington streets. Following there will be speaking at the Legion headquarters. The formation of the parade will be as follows:

First Division  
Chief of Police of Riverside.  
Marchal — Commander John A. Whomley.

Legion Bugle Corps of Palmyra, Massed Colors.  
State and County Legion Officers.  
Florence Post.

Mount Holly Post.  
Beverly Post.  
Maple Shade Post.

Second Division  
Iron's Band of Burlington.  
Burlington Post.  
Riverside Post.  
Bordentown Post.  
Roebing Post.  
Moorestown Post.  
Palmyra Post.

Third Division  
Smith's Band of Burlington.  
State and County Auxiliary Om-  
cers.  
Burlington Auxiliary.  
Florence Auxiliary.  
Maple Shade Auxiliary.  
Mount Holly Auxiliary.  
Beverly Auxiliary.  
Moorestown Auxiliary.  
Band.  
Riverside Auxiliary.  
Palmyra Auxiliary.

## URGES RATIFICATION OF BRIAND TREATY

South Jersey Peace League is Told  
to Support Proposal to  
Outlaw War

A meeting of the Southern New Jersey branch of The Women's International League for Peace and Freedom was held last Friday afternoon at the home of Mr. Edward E. Roberts, of Haddonfield, chairman of the Southern New Jersey section, presided.

The speaker of the afternoon, Mrs. Lucia Ames Mead, author and lecturer, stressed the need for the development of world organization as a preventive of war. She said that international warfare can be done away with just as duelling between individuals and conflicts between the States of the United States, via, by declaring such acts a crime and providing courts of law for the settlement of all disputes. The U. S. should join the League of Nations with reservations, and also become a member of the World Court.

Mrs. Mead urged the women to write to Senators Edge and Edwards asking them to vote for the ratification of a treaty to outlaw war between the United States and France, as proposed by Mr. Briand, Foreign Minister of France on April 6th.

## MOORESTOWN GIRL IN FLOODED AREA

Moorestown Girl Safe, Isolated at  
School on Knoll; Sees Houses  
Float Down River

Some of the great damage wrought by the New England flood is told by Helen Street, daughter of Mr. and Mrs. George Street, of East Main street, in a letter to her mother. Helen, who is 16 years old, is a student at Northfield Seminary, East Northfield, Mass.

Fortunately, the Seminary is located on a knoll and the students have not been endangered by the flood, although they are isolated, being unable to leave the campus. Just below the campus there is four feet of water over the streets.

The school is located along the banks of the Connecticut river and Helen has seen several houses float past. Water is up around the roof of homes across the river, said Helen, and the roar of the Connecticut "sounds like the ocean," she wrote.

In a postscript to her letter, Helen told about an old "fiver" which was "submerged" just below the school.

## WINTER ENROLLMENT GAINS AT COLLEGE

Advance registration for the free winter courses which begin at the New Jersey State College of Agriculture, New Brunswick, November 14, are ahead of last year's reports.

F. G. Holm, director of short courses in agriculture, to November 14, 47 persons had applied for admission. Last year at that date, applications had reached 35.

The nearly 55 per cent increase in enrollment is believed by the director to reflect greater prosperity in farming during the past year, thus enabling more persons to pay the cost of room and board for the 3 months of study. When registrations are completed it is believed that the total enrollment will be far ahead of last year's figure of 71.

The poultry and vegetable courses, enrolling both men and women, hold the lead in popularity so far this year. The courses in general agriculture, dairy farming, dairy manufactures, and fruit growing, though open to women, show only men on the rolls.

Age of applicants range from 17 to 45, but most of the persons signed for the courses are between 18 and 24 years old. One-third of the prospective students are from the city, according to the college records, and all sections of the state are represented.

Application for admission will be accepted until the end of registration day, November 14, the director's office announces.

As democratic as the nation it serves, the Red Cross is truly an organization of the people, by the people, for the people. Have YOU joined for 1928?

## Japan's Christmas Present to Us

Children of Flowery Kingdom  
Send Dolls and Outfits to  
American Girls

Five million Japanese school-children have joined their pennies to send an unusual Christmas present to the United States.

The present, the finest that the Japanese doll manufacturers know how to make. Each doll is bringing a complete outfit of clothing, bedding and furniture. She is coming prepared to stay, and the Japanese girls are very eager to be living in Japan.

Japan has been giving the dolls a hearty send-off. In every province and most of the principal cities, farewell parties have been arranged. The Japanese, grown-ups and children alike, are very eager for lasting friendship between their country and the United States. They intend these doll-messengers to let the people in this country know that they desire friendship.

It is clear, the school-children in each city have made little presents with their own hands, for the dolls to take to the school-children of the United States.

On Thursday, November 3, the Japanese Embassy in Washington, D. C., was given the dolls by the Japanese Government. Then they start their long journey, expecting to arrive in Washington by Christmas.

Sekiya San, of the Japanese Department of Education has been delegated to accompany them, and to see that they reach the United States safely.

The children of Japan are sending this Christmas present to the children of the United States to show that the undeveloped purpose of the American children in sending nearly 13,000 dolls to the children of Japan last winter. The American children sent dolls to nearly every school in Japan, to show that the people of this country want the friendship of the people of Japan.

Japan grasped the meaning of the present at once. Interest was so intense that people were actually in danger of being crushed by the crowds that gathered to see the dolls from America which were exhibited. So great was the enthusiasm that plans were immediately made to return the present and show to the United States that the Japanese people want to be friends with us.

Plans for the welcome for these messengers from Japan are being made by the Committee on World Friendship among Children. After the official reception in Washington, it is expected that groups of these will visit the States and most of the important cities of this country, so that everyone will have a chance to see, in miniature, how a Japanese lives and dresses, and to realize that in spite of the differences between them, Japanese and Americans can be friends.

## AFRICA TO PALMYRA

Baptist Missionary to Give Interest-  
ing Lecture at Baptist  
Church

On Saturday evening natives of Palmyra will have an unusual opportunity to hear at first hand of the lives of the natives of darkest Africa. The Rev. Mr. Davis, a Baptist missionary, recently returned from "the dark continent," will enlighten and instruct his audience in the Central Baptist Church, beginning at eight o'clock. Since the first perilous adventures of Livingston and Stanley in their life efforts to carry the light of Christianity to the depth of the jungle, since the realization of the dreams of Cecil Rhodes for the colonization of the continent, great has been the popular interest in this, the least civilized of the world's domains.

Mr. Davis knows thoroughly African history and Africa's present conditions and those who hear him will be many times repaid for their attendance.

The missionary has been secured through the efforts of the BYPU of the church and the only admission will be a silver offering at the door.

## REMEMBER THE K. K. K.

The long awaited Kitchen Kabaret known to be staged by the Adult Women's Bible Classes of the Epworth Methodist Church, will take place next Thursday evening, November 17.

The entertainment will comprise a great variety of amusing and surprising sketches, as well as several cleverly devised numbers by talented local artists.

Harsh effects have been achieved by the ladies who have turned bits of stale bread into head instruments.

Several fancy costumes will add a unique touch to the program.

## ROSE OF TOKIO

Japanese Opera Will be Staged  
December 8, 9 and 10

Unusual interest is being displayed in the preparation of a new musical comedy, "The Rose of Tokio," to be given by the Palmyra High School students. As its name implies, "The Rose of Tokio," has an Oriental setting with Oriental characters and costumes. The latter, by the way, are said to be very beautiful.

A very enjoyable evening is being planned for you, so don't forget December 8, 9 and 10.

## RED CROSS

The Palmyra Branch of the American Red Cross held its annual meeting at the home of the secretary, Mrs. J. P. MacFarlane, Monday afternoon. The election of officers was held and the same officers were re-elected. Mrs. A. C. Hirsch, chairman; Mrs. James T. MacFarlane, secretary and Mrs. John C. Hoepfner, treasurer.

The workers secured their material and the Branch hopes they will be met with welcome words when they start with their work on Armistice Day. The drive is from November 11 to 25.

The American Red Cross, YES, TONIGHT, TO-DAY, ALWAYS, the "Greatest Mother".

The Red Cross is the only organization in the United States equipped to administer relief following a disaster. YOUR DUES KEEP IT ON THE JOB—Join in Riverton.

## Drug Thief Now in County Jail

Suspected of Being Connected  
With Dope Ring, Another  
Woman is Sought

Following the preliminary examination and investigation of drug thefts to the amount of \$25,000, alleged to have been perpetrated by a lone woman in four South Jersey counties, Ellis H. Parker, county detective chief, and State Police has announced that they are searching for another woman and a man in connection with the thefts.

The woman, Mrs. Eleanor Rader, who also gave the names of Nora Williams and Nora Miller, was captured by Ocean County police Tuesday of last week and taken to Mount Holly by State Police from Hammonton. Following a brief hearing before John Throckmorton, Jr., justice of the peace, she was committed to the Burlington county jail, where she will be held incommunicado for five days. In the meantime, Parker and detectives throughout South Jersey will investigate her alleged thefts from druggists and physicians in Camden, Burlington, Atlantic and Salem counties.

Parker admits the possibility that the woman may be the member of an organized ring of narcotic thieves who turn their thefts over to peddlers.

According to two druggists, one of Mount Holly and the other of Gloucester, the woman now under arrest is not the same one who came into their stores and stole morphine. Mrs. Rader is fifty-two years old and the woman who peddled drugs from them through the same route used by the accused woman, they say, could not have been more than thirty years old. As a consequence, detectives are searching for a second woman.

Mrs. Rader denied to Ellis H. Parker that she secured any narcotics or hypodermic needles in Burlington County, except in the office of Dr. Haines in Medford. Although Dr. Haines claims that he issued two jars of morphine after the woman left his office, Mrs. Rader claims she took only a hypodermic needle from him.

According to Parker, the woman told him that she was suffering from an incurable ailment and was so near death that she had no time to lose and that the ailment drove her to drugs to allay the pains.

"It was by a gradual and unconscious process that I became addicted to drugs. I did not attempt to take drugs for mercenary profit," she said.

## MAYOR OF BEVERLY SEVERELY CRITICISED

Told That He Exceeded His Authority  
in Promising Vacation  
of Street

Mayor William C. Cramer, of Beverly, was severely criticized by City Council last Thursday night and charged with exceeding his authority when he promised residents in the vicinity of Warren street that he would close that thoroughfare.

The criticism followed the receipt of a petition signed by four residents asking that the street be vacated by the city from Fourth street to the property of Charles Barras.

The petition was presented a week ago to Council and it was referred to Mayor Cramer to ascertain the feasibility of the property owners. The mayor reported last night he had conferred with the land owners and had promised them he would see that the street was vacated.

Councilman Frederick Lauinger said the mayor had no right to give the land away without first consulting council. Lauinger's face flushed with anger and he pounded the table with his fist as he attacked the mayor's action. "Well, they let me do it," replied Mayor Cramer, "and I thought it was all right."

## PALMYRA NOTES

Miss Helene Johnson, daughter of Mr. and Mrs. Frank N. Johnson of Palmyra, has recently been chosen a member of the Girls' Glee Club of Juniata College, Huntingdon, Pa. Miss Johnson is a member of the Fresh Club, Y. W. C. A. and Sophomore Soccer team and has shown her dramatic ability by playing a role in a production of the Dramatic Club of the college. Miss Johnson was graduated in 1924 from Palmyra High School where she played on the Varsity Basketball and Hockey teams.

Mrs. Harry Buck, of Bank avenue and sister, Mrs. G. A. Bieler, of Overbrook, are stopping at Haddon Hall, Atlantic City, for a month.

The Palmyra High School was closed Monday and Tuesday on account of a broken grate in the furnace. School will be closed tomorrow (Friday), Armistice Day.

Miss Katherine Hirsch, of New York, spent the weekend with her parents, Mr. and Mrs. A. C. Hirsch, of Highland avenue.

Miss Katherine Hirsch gave a tea last Saturday afternoon in honor of Miss Anna Van Buren, who is to be married on November 23 to Mr. Donald Satterthwaite, of Wilmington, Delaware, at the Holy Trinity Church, Philadelphia. Mrs. Walter Gibson, of Philadelphia, will entertain at luncheon in honor of Miss Van Buren next Saturday afternoon. Miss Van Buren is a former resident of Palmyra.

Dr. and Mrs. James E. Brown and children moved to 1000 Keppeler, N. Y., last week and spent several days there visiting friends.

Mrs. William Powers was tendered a surprise birthday luncheon on Monday. Guests

## EPWORTH METHODIST EPISCOPAL CHURCH

J. William Lee, Minister

The church school at 10 a. m. will have a gladness program, helpful to all.

The Wesleyan Men's Bible Class extends a cordial invitation to men. The Class is growing in numbers and interest.

Morning Worship at 11:15 a. m. The Pastor will begin a series of sermons on "The Foundations of Our Faith." Theme for the morning, "Where and What is God?" The musical program will consist of "Angel's Serenade," by Braga; "Intermezzo," by Mascagni; "March in G," by Wagner; Processional, "When Morning Gilds the Sky"; Anthem, "Love Divine."

The Epworth League will conduct an inspirational service at 6:45 p. m. D. Gray Schwartz will present the topic, "Win My Church."

Evening Worship 7:45. Musical numbers, "Chanson Frie," by Tschakowsky; "Benedictus," by Debussy; "March Modern," by Temperley; Processional, "Holy, Holy, Holy."

Sermon "The Tragedy of a Christless Grave." Miss Lydia Horton and D. Gray Schwartz will sing, "Take Up Thy Cross." This duty will be emphasized by electrical illumination.

The Junior League will meet at 4 p. m. Thursday. "Covered Dish Luncheon" will be served, by the Women's Guild on Thursday at 1 p. m.

## FIRST LUTHERAN

Rev. William M. Erhard, Pastor

Do you know what the most practical and profitable aim for our Sunday School to set might be? Well, this. Each Sunday better the record of the corresponding Sunday last year, in numbers present, in finances, and in the spirit of reverence and cooperation. We seem to have unconsciously set that aim, for that is the way the school is working out. It is indeed quite encouraging to all officers and teachers. The number last Sunday was very many more than the Sunday of the previous year, perhaps because of the change in weather, but it was yet encouraging.

Divine worship at 11:15 with special music by the choir under the leadership of Mr. Leo Milton and sermon by the pastor. There will be a sermon for the children on the morning of November 27, with some object for illustration. The Luther League meets at 8:45 on Sunday evenings with Mr. Milton, Ingram, leader. Subject "The Good and the Bad in Newspapers and Magazines." Vesper services following at 7:45 with anthem by choir and sermon by pastor.

Prayer meeting Thursday evening at eight o'clock. The pastor has asked that all those who have questions or ideas which they consider to be for the betterment of church conditions or community conditions to bring them to this meeting for general discussion. What have you? After the open forum, the pastor will take up the study of the parable of "The Blade, the Ear, and the Full Corn" as recorded in Mark 4: 26-29.

On the morning of November 20, we shall have our "Thanksgiving Jubilee." No pains have been spared to make the program one of greatest promise. Our choir will have a special part, our pianist will render an instrumental solo, and for an extra instrumentalist we have procured Miss Florence Haefke, whom all know as a radio artist. This is not the first time we have tried to get this outstanding violinist, but on all previous occasions she had other arrangements already booked. This time she is going to get a substitute for another important engagement which she had made for the morning of November 20. Now when a great violinist will make such arrangements to help us, will it not be most important that we should come out to hear the program? There will be a short sermonette by the pastor on the text "What shall I render unto the Lord for all his benefits to me?" Ps. 116: 12, as a though suitable to Thanksgiving.

The pastor and council specially request all to make arrangements to be at home on the afternoon of November 20, in order to receive the "Every-member" canvassers, who will go two by two to visit all homes of the congregation on that afternoon. This is a spiritual as well as a practical phase of church work. We dare not fail now, of all times. Let every Christian of our Church pray most earnestly, that this great sacred occasion may be blessed by God! We must move forward!

Very important meeting of the council next Monday, November 14, at 8:30. Arrangements for the "Every-member" canvassers should be completed at this meeting. Unfortunately conference is at this time, but the pastor is with the canvassers to put this across.

## BAPTIST CHURCH

Rev. George Lockett, Pastor

The Rev. George Lockett will have an evening service on Sunday, "The Smoking Flax."

In the evening there will be a special service in memory of Armistice Day and the pastor's topic will be "The Unnamed Heroes."

On Saturday evening of this week the BYPU have been fortunate in securing the Rev. Mr. Davis, a Baptist missionary recently returned from Africa, to lecture on conditions and his very interesting experiences among the natives of the "dark continent." The only admission will be a silver offering at the door.

The regular monthly meeting of the Samaritan Class was held in the church on Tuesday and a very fully evening was spent with a quiet pitching, business, indoor baseball and refreshments as the sports on the program.

The coming entertainment announced by the class has been postponed until Thursday evening, December 1st.

Pastor and Mrs. Lockett were hosts to a large number of parishioners at the parsonage reception on Monday evening. Music was provided by the Sunday School orchestra. Miss Anna McConnell favored with a solo. Miss Helen McConnell gave a reading and Miss Margaret Otherson rendered a piano solo.

"Anyone can be a power for evil, but it takes a character to be a power for good."

## MORAVIAN CHURCH

Albert J. Harko, B. D., Pastor

Next Sunday the congregation celebrates the "Festival of Nov. 13." Holy Communion at the morning service at 10:40.

Evening service at 7:30. Sunday Nov. 20, we begin a two weeks series of evangelistic services. The Rev. John Greenfield, the well-known Moravian evangelist, will be the speaker at these services. Two services on Sundays, at 10:40 a. m. and 7:30 p. m., and every evening at 7:30 except Monday and Saturday evenings. Every one interested is cordially invited to attend these services and receive a blessing.

This Friday evening at 7:30 the young people of the church and community are invited to the parsonage for the purpose of reorganization of this department of our church work.

## Calvary Presbyterian

C. T. Bates, Minister

Calvary Presbyterian Church is again enjoying a full program of worship. Sunday morning worship at 11 o'clock and evening worship at 8 o'clock preceded by a service of worship in music on the organ at 7:45. The pastor will preach.

Church School for all departments at 10 o'clock in the morning. A Men's Bible Class will be formed next Sunday morning to meet regularly in the Social Hall at 10 o'clock. Mr. Datis Reed will be the teacher. The men will go directly to the Social Hall and have their own opening program as well as their lesson. Every man of the congregation is urged to attend this Bible Class each Sunday morning.

Young Peoples' Devotional Services will be held in the Church School at 7 o'clock. The second meeting of the Women's Mission Study Class will be held in the Church Parlor on Friday afternoon at 3 o'clock, November 11th. All ladies of the congregation should take this opportunity to become better acquainted with missions.

On Wednesday evening next at 8 o'clock the mid-week services will be held continuing "Studies in the New Testament."

The Golden Hour Circle will hold their regular meeting in the Church Parlor at 8 o'clock, Friday evening, November 18th. On November 17 and 18 the Golden Hour Circle will have a Rummage Sale in the Easton store, 512 Main street. Donations for this sale are solicited. Address Mrs. I. S. Williams, 700 Thomas avenue or Mrs. D. M. Clifton, 504 Main street, and the articles will be called for.

The Church School will give a musical entertainment on Friday evening, November 11 at 8 o'clock. Silver offering.

The young people of the Church will give a play in the Church School auditorium on November 18 and 19. The proceeds of the sale of tickets will be applied to the Building Fund. Members of the congregation are urged to encourage the young people in this effort.

PAPER FOR IMPORTANT  
DETAILS

## EPISCOPAL

Christ Church, Parry Ave.  
Rev. G. J. McCormack M. A., L. Th.  
Rector

If we only met people all the year round in the same spirit as we meet them on Christmas morning, how much jollier life would be, how few misunderstandings would then darken our days.

Many people seem so uncertain of their own dignity that they positively dare not be friendly to anybody who does not blur with him a letter of introduction. Many a mistress appears to imagine that if she once treated her servants as if they were human beings, these same servants might embrace her one morning and call her "Annie." Consideration and respect for all people is the sure sign that you are not one of the most despicable of the crowd called mobs.

November 16 at 8 p. m. The Women's Auxiliary are giving a card party in the Parish House. We are expecting a goodly number that evening and of course a very pleasant time.

Monday afternoon, Nov. 14, at 2:30, the monthly meeting of the Women's Auxiliary. The Presiding Bishop has made a special appeal to the women of the Episcopal Church to inform themselves of the work that is being done by this society. Certainly the need is great, and we hope the response will be adequate.

The Vestry will meet on Monday evening, Nov. 14, for very important business. The hour is at 8 p. m. sharp. Be very mindful of the date of the Bishop's visit, Dec. 4th to 11th. We are making an intensive effort for this period and are very hopeful of results. Of course we will have them if every member will but do a part.

So many interesting comments were made on the first of the "Hilary Sermons" that we anticipate a full church on Sunday evening next when the second sermon will be given. The Episcopal Church has a very wonderful history record which all men may read. An opportunity for questions is given the following Sunday. One of the sacred texts read thus, "this thing was not done in a corner."

There is a record, as clear and definite on this earth which ought to be known and studied by all our people. Our expectations were surpassed by the wonderful musical service on Sunday last. The comments were most appreciative.

Service next Sunday, 22nd after Trinity:  
7:30 a. m. Holy Communion  
10:30 a. m. Morning Prayer and Sermon. "The Garden Knot."  
2:30 p. m. Sunday School.

8:00 p. m. Evensong and Sermon. "The Second Centuries of the Church."

"Christianity has always stressed a man's kinship with God, not his affinity with the beasts of the field."

Ships are to be built which will cross the ocean in four days. Seems like the richest of men should be able to get along with their wives for that length of time.

## Eldridge Johnson Honorary Rotarian

Moorestown Club Honors Mil-  
lonaire Resident; Former  
President of Victor Co.

Eldridge Reeves Johnson, Moorestown philanthropist and former president of the Victor Talking Machine Company, has been elected to honorary membership in the Rotary Club of Moorestown. Mr. Johnson's honorary membership became effective with last week's meeting of the club held in the Community House Thursday at noon.

According to an announcement by George C. Baker, president of the Club, the honor is bestowed upon Mr. Johnson in recognition of his generosity to his home town. Mr. Johnson is the only honorary member in the Moorestown Club. Loren B. Smith, chief of the United States Department of Agriculture Entomology Bureau, which just recently moved from Riverton to Moorestown, was elected to active membership and was installed by President Baker.

The Vocational School system for Burlington County, the public question voted on yesterday, was discussed pro and con for the benefit of Rotary Thursday with Louis J. Kaer, superintendent of the Burlington County Public Schools, appealing for its support. Henry W. Brillon, of South Church street, Mount Laurel Township, opposed the question.

The philanthropy of the new honorary member of Moorestown Rotary has been widespread. He has given freely of his great wealth to many great projects. A rebuilding project for Moorestown Trinity Episcopal Church has just been started and will cost several hundred thousand dollars and Mr. Johnson is reported to have been the "unknown"

contributor. He is the donor of the splendid "Community House," where the Rotarians meet for the luncheon meeting every Thursday and late this September he donated \$500,000 as an Eldridge R. Johnson Foundation to be attached to the Medical Clinic of the University of Pennsylvania Hospital. Mr. Johnson's donation was one of the largest ever made to the University.

The famous Merion Tribute House, one of the outstanding Philadelphia Main Line community centers, is another testimonial to Mr. Johnson's generosity. The Tribute House is Mr. Johnson's former home which he donated for civic purposes upon his removal to Moorestown.

Honorary membership in Rotary is only conferred upon distinguished persons, according to the Constitution, which states: "Any male person who has distinguished himself by some meritorious service may be elected to honorary membership in a Rotary Club provided he resides within the territorial limits of such club."

## JR. REPUBLICANS TO MEET NOV. 15

Opening Session to be Held at Home of Miss Elizabeth Davis, Edgewater Park

The first meeting of the season of the Burlington County Junior Republican Club will be held at the home of Miss Elizabeth Davis, Edgewater Park, Tuesday afternoon, November 15, at three o'clock.

Two prominent speakers will address the members at the opening meeting, which will be in the form of a tea. Miss Marion Kirk, a Philadelphia lawyer, sister of Mrs. Maud Clark, president of the Club, will talk on "Criminal Procedure." Mrs. Hayden A. Streamer, of Riverside, will give a talk on "The Third Degree." All the members of the Club are requested to attend, while anyone interested is cordially invited.

BEAUTY—AND SERVICE  
WHAT WILL AMERICA  
INFANTILE PARALYSIS  
THE SOIL OF FLORIDA

The United States Labor Bureau says American women spend \$5,000,000 a day, \$1,825,000,000 a year, on beauty shops and aids to beauty. Women spending five million a day would be more beautiful if they kept the money. But spending it makes them happy, and happiness is worth the price.

Conrad Zeller, sixty-five years old, father of twenty children retired from postoffice work on a pension of \$40 a month. His average pay from Uncle Sam during the twenty-eight years was \$85 a month.

Not very generous from a country rich enough to let its women spend eighteen hundred millions a year on wrinkle eradication, face lifting, artificial curls and complexion.

Another step in travel by air. German and British dirigibles, each of 5,000,000 cubic feet capacity, will race around the world next year.

The expect to make the trip in twelve days, with two stops for fuel. That makes the world smaller than it was, and would interest Jules Verne. The Germans, with new light Diesel engines in their dirigibles, will surprise the world.

What is America, as regards its people, what is it destined to be? Indians were here first, Columbus came, then the Pilgrim fathers determined to worship God as they pleased and make everybody else worship Him as they pleased. They would not recognize today's population. The City of Chicago contains 450,000 Germans, 400,000 Poles, 300,000 Jews, 300,000 Irish, 200,000 Italians, 200,000 Bohemians and Czechoslovaks, 125,000 Swedes, 50,000 Norwegians, and 50,000 Greeks. Not exactly what you would call "pure Nordic."

What type, what civilization will come out of that mixture? Infantile paralysis should interest government, national, state and municipal, more than it seems to do. There are 4,000 cases in the United States now. Nobody knows how the disease starts and spreads. The disease breaks out, nobody knows how and why, in dark city streets and in distant sunlit beautiful valleys, more than a thousand miles from either ocean, and five thousand feet above them.

Such a mysterious disease among avine or cattle would be investigated and fought by the Government energetically.

The Rockefeller Institute is doing admirable work, but a nation of 115,000,000 should not leave such a fight to the generosity of one man.

Forty Florida newspapers combined to publish, every two weeks, a special supplement, called, "The Farm and Grove Section." It will supply people in and out of the State with full information about Florida's agricultural resources and the way to develop them.

Mr. Frank R. Hammett, of Jacksonville, will have charge of this useful work.

Wealth and fertility unlimited are in Florida's soil.

The "tourist" will always be one of the great Florida crops, but Florida in a few years will look back with wonder to the day when the tourist was the "principal" crop of the State, and its chief financial reliance.

Industries will be established and factories built throughout Florida as they are building now in California.

No one can estimate the future of that great State, only TEMPO-RARILY set back by real estate booming and foolishness.

Albert Edward Davies, twenty-eight, was told by doctors that his three-year-old daughter must die of septic poisoning; it was only a matter of days. The child was in dreadful agony. The father drowned her in the bathtub to end her suffering.

The judge said he was bound to tell the jury: "Had this poor child been an animal instead of a human being the man would have been actually liable to punishment if he had not put it out of its misery. That is the law." The jury acquitted the man.

Birth control ladies will be interested in his case. His wife was tubercular, had four children in four years, died in the fourth childbirth. The law would have punished anybody for showing her how to avoid that.

## Announcing The Buick Autumn Display

WE cordially invite you to attend a special showing of motor car fashions for 1928—

—introducing lustrous colors of lasting Duco... rich upholsteries of the finest quality... smart new appointments.

The Buick Autumn display opens Saturday and will continue all through the week. Don't miss this interesting exhibit.

## Dr. Frank Crane Says

Don't Worry About Our Sport Urge

Many say the country has gone "football crazy." They point out the fact that Rome's downfall was preceded by suffering. "I couldn't bear to see her suffer any longer," he said when he gave himself up.

The judge said he was bound to tell the jury: "Had this poor child been an animal instead of a human being the man would have been actually liable to punishment if he had not put it out of its misery. That is the law." The jury acquitted the man.

Birth control ladies will be interested in his case. His wife was tubercular, had four children in four years, died in the fourth childbirth. The law would have punished anybody for showing her how to avoid that.

the gift to the people of games and bread.

The parallel between the bloody amusements of ancient times, however, and the football of today is not very close.

Football is a clean sport, and

the more energy people put out in sport of this strenuous kind the less energy they will be disposed to expend in war.

Football calls for the last ounce of physical strength, together with intellectual alertness.

Last year there was an attendance of 78,400 at the game between Stanford and Southern California. Fifty-five thousand saw the Harvard play, 70,000 watched Ohio State and about 75,000 seats were sold for the U. S. Notre Dame game in Los Angeles. Many applicants were rejected for lack of space.

The attendance of large groups at Football is a good omen and those that gather from this that

the country is going to the dogs are mistaken.

One noted difference between other countries on the one hand and England and the United States on the other is that England's people play. Sport is an institution and to be a good sport is a symptom of having a good disposition.

The children of France and Italy and Germany need to be taught more how to play, for play is the natural outlet of youthful exuberance and the more a nation plays intelligently the better off it is.

One of the excellent efforts of the Y. M. C. A. and similar organizations abroad has been to organize the boys and girls into play

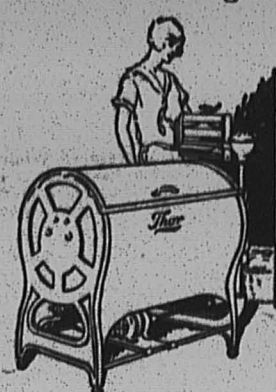

groups. Play of children abroad seems to take a more destructive tendency. A movement has made considerable headway in the United States to have teachers upon the play grounds and to instruct the children in healthy sports as well as the three R's.

Altogether play is a good thing, and should be encouraged. The more the principles of fair play are introduced into business the better off the business, and the more business becomes a sport the more it will attract followers.

The various sections of America agree on almost everything except the proper thing to be ashamed of.

## Electricity and Gas ARE IDEAL HOUSEHOLD SERVANTS

Electric Washer and Ironer  
Prepare Fine Table Linens for  
Thanksgiving Dinner Duties

THANKSGIVING dinners call for the home-maker's finest table linens and Thanksgiving will soon be here. Linens will look better and they will wear longer, even the thickest of them, if they are laundered in the Thor electric washer, where dirt is loosened and washed out by the force of hot soapy water. No friction is employed and the wearing qualities of the fabrics are preserved.

For domestic washing the Thor is unsurpassed in thoroughness and saving of labor and time.

The home-maker who uses the Thor Ironer will be rewarded by a satin-like sheen on her linens, by freshness of children's frocks, men's shirts, and other difficult pieces, and by hours of leisure that were formerly given to hand ironing.

The home-maker may be comfortably seated while she guides the pieces through the ironer.

The Thor folds easily and can be rolled into a small space when not in use.

Payment terms on the Thor Electric Washer or Thor Electric Ironer — \$5 down — 18 months to pay.

Oven Heat Regulator Obtains  
Better Cooking Results With  
Less Attention From Home-maker

THE high point of efficiency in the modern gas range is its oven heat regulator which automatically keeps the oven heat at the exact degree necessary for the dish that is being prepared. Guarded by the regulator, foods can not burn or under-cook, and the home-maker is released from the hot and tiring responsibility of watching the progress of her cooking or baking.

The regulator is simple to use and the results obtained in cooking with measured heat are most satisfactory.

Public Service stores show oven heat regulator gas ranges of many types. Enamel finishes, utensil drawers under top burners, convenient broilers and roasts are featured.

Prices include the automatic top burner lighter, delivery to the customer's home and connection from the fuel outlet in her kitchen. Oven heat regulator gas ranges may be had from \$19.50 up at Public Service stores, and may be purchased on the easy payment plan at a slight increase over cash prices.

Beautiful Lamps Enhance  
Attractiveness of the Home

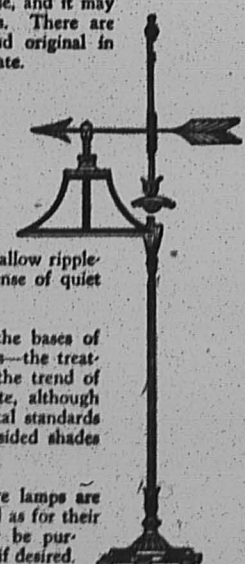

IT would be difficult to single out any one thing that works such a change in a room as a lamp. There is, of course, exactly the right lamp for every purpose, and it may be found at Public Service stores. There are lamps that are both beautiful and original in treatment, at prices that are moderate.

Glass or pottery lamps, of imported and domestic makes, with trim tailored shades of georgette and taffeta are shown in many pleasing color combinations. They will add a note of color to the living room.

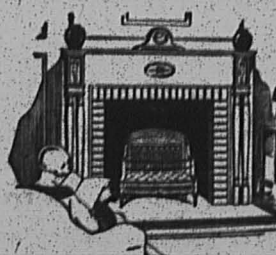

Sombre lamps of bronze with shallow rippled shades of ambril bring a sense of quiet and ease to the library.

Onyx and marble are seen in the bases of some of the bridge and floor lamps—the treatment of the standard also shows the trend of popular fancy toward the elaborate, although there are some severely simple metal standards polished to dull gleam, with four-sided shades of translucent vellum.

Visit Public Service stores where lamps are chosen for their adaptability as well as for their beauty and where any lamp may be purchased on the divided payment plan if desired.

Gas Heater Brings Warmth  
And Cheer to Living Room

WHETHER in the form of glowing coals, blazing logs or conventional design, the strong wholesome heat of the gas fire will warm and cheer you.

Your choice in style is not limited when you buy your gas heater from Public Service.

With a gas heater, heat may be had at the touch of a match, clean and odorless.

The heater illustrated, Reznor 605, is an attractive heater of the conventional type. It sells for \$29 cash, on terms \$31, and connection on first, second or third floors is included in its price.

Public Service has on display gas radiant heaters from \$16 upward.

Gas Incinerator  
Protects Your Home

Preparation for the holidays brings an unusual amount of inflammable waste into the home, all of which may be quickly and safely disposed of in the gas incinerator. The incinerator will burn garbage without smoke or odor, lessen the fire hazard and remove unsanitary waste from the home. Cash price \$175. On terms \$14.50 with order, \$14.25, a month to settle.

Looking Toward Thanksgiving  
By ADA BESSIE SWANN

Cheese Straws

1/2 lb. sharp soft cheese  
(Trade Name—Nippy, Snappy and Old English)  
1/2 lb. butter  
1/2 lb. flour or as much as mixture will take up.

Cream butter and cheese together. Add flour a little at a time. Put mixture into a pastry tube, form into strips. Bake 400 degrees for 20 minutes or until light brown.

Cranberry Frappe

1 qt. cranberries  
1 pt. water  
2 cups sugar  
Juice of 2 lemons

Cook the cranberries and water together for ten minutes, then force through a sieve. Add the sugar and the juice of the lemon, cool and freeze to a mush.

Electric Heating Pad  
Is Useful First Aid

All emergencies occasioned by illness call for prompt action and in this the electric heating pad excels.

Its entire soft comfortable surface heats rapidly and stays hot for any length of time. Pads with three heat control sell from \$7.50 up.

Preparedness

THE home-maker's busiest season has just ahead. Social activities will take much of her time and energy—the feast of Thanksgiving, dear to all American hearts, is near, and Christmas, bringing home all the wanderers, is only a few weeks off. To help her in meeting these demands, the home-maker relies on electricity and gas. The range of their usefulness runs from cooking and heating, refrigeration and house-cleaning to hair waving and facial massage, and for these and many other duties, the home-maker turns gratefully to the two great servants, Electricity and Gas.

## A nickel will do it!

JUST 5c will put you and your taste on top of the whole smoke-world! Will bring you a fresh Havana Ribbon—mellow and fragrant from the box!

Hard to believe? Sure it is! You're always hearing about 5c cigars that are "really worth more." But listen. Here's a cigar that actually sold for more for years. That sold big! And the only reason the price is a nickel today is those self-same volume sales!

Man, it's an honest-to-goodness real cigar—Havana Ribbon. The kind you'd pick on pure smoke merit alone! Just try it. A nickel will prove it at the nearest cigar store. Will prove it with sheer mellowness and fragrant satisfaction the very first draw you take!

## PHS DEFEATS BURLINGTON BY SCORE OF 7-0

Palmyra Downs Traditional Rivals in Bitter Contest on Muddy Field

**COOPER'S GAINS PAVE WAY FOR TOUCHDOWN**

Quarterback Knight Carries Ball Across and Kicks Extra Point

Kenneth Dimond's Palmyra High School eleven downed its traditional rival, Burlington High School, last Friday afternoon at Burlington in a hard-fought skirmish, 7 to 0. The two teams battled in "a sea of water and mud" in the game that may give Palmyra the Class "B" interscholastic championship of Burlington county.

Palmyra has beaten all of the Class "B" rivals with the exception of Moorestown, who bowed to Burlington, 6 to 2 last week while Palmyra was handling Haddonfield a 7 to 6 licking at Palmyra. Palmyra has been beaten by Collingswood and Haddon Heights, two Class "A" combinations.

The crucial battle was won by Palmyra in the second quarter when the Red and White squad held Burlington for downs. "Spence" Cooper, who played such a good game in his debut against Haddonfield the week before, plunged through right tackle for seven or eight yards, placing the pluck on Burlington's 10 yard line. Sloan, who played a wonderful game, then gained three yards for the most important of all of his first downs.

Cooper then crashed through for another huge gain and placed the oval on the one-foot mark. Quarterback Knight then completely fooled the opposition by taking the ball himself and falling over the final chalk mark for the only touchdown in the so-called battle of "Burlington County" which was witnessed by over 3,500 people. He immediately made a perfect drop-kick for the extra point, putting the count 7 to 0, the same margin by which Palmyra beat Burlington last year at Palmyra.

Cooper, who put Palmyra within scoring distance, was taken from the fray with a battered face after the touchdown was made. Leo Morris, Burlington's captain, was rushed to the hospital in the fourth quarter with a leg injury.

Others injured in the game were Captain Harry Jenkins, of Palmyra, and "Bud" Hunt, Burlington's stellar halfback and punter who did most of Burlington's kicking on line plunges. Jenkins blocked one of Hunt's punts and both fell to the ground, groaning with pain. However, both were treated by doctors, and remained in the game.

Palmyra completely outplayed the Burlington team in every department of the game with the exception of forward passes. Palmyra's backs had trouble in breaking Burlington's running passing attack, which netted them much yardage and most of their first downs. Palmyra made 12 first downs, while Burlington got but 4 from scrimmage. Burlington came within 3 yards of Palmyra's goal on two different periods. They were both the result of well-executed passes. Both times Captain Leo Morris took the ball himself on the following play and lost several yards. These losses saved the day for Palmyra. On four plays near the Burlington goal, Morris carried the ball and lost 35 yards.

On one occasion Morris tossed a Burlington pass behind Palmyra's goal line which gave Dimond's proteges the ball on the 20-yard line.

**Knight Stars at Quarter**

Knight, Palmyra's brilliant quarterback, ran his eleven in veteran style which had much to do with the victory. Leon Sloan ripped off several long gains which gave Palmyra several opportunities to score. Cooper played a bang-up game and was the winner's hero along with Knight and the rest. Schmeider also played his usual good game. Young "Jim" Reeves battled the veteran "Bud" Hunt to a standstill in a great punting duel. Not a single kick was blocked on Reeves. Palmyra's line held like a stone wall most of the time and deserves great credit in the triumph.

The mainstay of Palmyra's line is Captain Harry Jenkins, a roving center and punter as good as any professional in this vicinity. At his right and left are Keenan and Adams, two hard-fighting guards. The tackles are Probsting and Kersey, brothers of Frank and Roy respectively, two former Palmyra High stars. Both played a great game with Probsting having an edge by virtue of his throwing Morris for several long losses.

Palmyra sports two fast and snappy ends in Backs and Reeves. Backs picked up a fumbled ball in the first quarter of the game and stepped for a touchdown but the ball was called back. Reeves did his part by his punting and was in the game every minute of the four quarters. Hutchinson, the hero in the Haddonfield battle along with Knight, was in the battle the last quarter for Palmyra and also played well.

Besides Hunt, who was Burlington's individual star, Wojcik and Budd, the loser's ends, played great football. Wojcik smothered several of Palmyra's attempted end runs.

The summary:

Burlington H. S. Palmyra H. S.  
Budd left end Backs  
Bennett left tackle Kersey  
Bennett left guard Adams  
Levin center Jenkins  
Delopski right guard Keenan  
Mayer right tackle Probsting  
Wojcik right end Reeves  
Morris quarterback Knight

## Eleven o'Clock

AN ARMISTICE TOAST

Many a heart rejoices today,  
The price supreme was not in vain  
Many a soul has grief to stay,  
For price thus paid left endless pain.  
Every trail with a rainbow glow  
Or Golden Sun of day so bright,  
Passes a field where the poppies blow  
And drags thru blackness of the night.

Here's to the Heroes who did their bit,  
Here's to the Loved Ones who longed  
For all,  
Men's faulty justice cannot measure,  
God break our scales with endless treasure.

Who can gauge the weal or woe  
Of battle fought or duty done,  
Who can tell our pebbles throw  
May change life's tide as ages run?  
So do thy best with faith in store  
And trust in God, to shed a light  
Like Heroes of the Great World's War  
Who died to make this Old World Right.

By George Barnes Hutchins.

Helmer left halfback Sloan  
Hunt right halfback Schmeider  
Pink fullback Cooper

Score by periods:  
Palmyra H. S. 0 7 0 0-7  
Burlington H. S. 0 0 0 0-0  
Touchdowns—Knight, Point after touchdown—Knight (drop-kick).  
Substitutions—Bartley for Backs, Suddall for Schmeider, Hutchins for Suddall, Hicks for Cooper, Mulhern for Levin, Spence for Helmer, Helmer for Morris.

Referee—Greenhart, Swardthorne, Umpire—McKisack, Swardthorne, Head Linesman—Oberfell, Riverside. Time of periods—10 and 12 minutes.

**How Touchdown Was Made**

Ninety percent of the fans who witnessed the game did not know how the winning score was made. The touchdown was scored by Quarterback Knight who crawled through the center's legs for the final foot necessary for the goal.

Jenkins, Palmyra's center, spread his legs as far apart as he possibly could and Knight, quarterback, got down in his usual manner for a cross-back play. While Burlington's entire line and backfield was looking for a line plunge by Palmyra's fullback, Knight used his head by taking the ball himself and leaping across the goal line. This was as brainy a piece of football generalship as one would want to see on any gridiron.

It is very doubtful whether or not Palmyra would have scored if Knight had not pulled this trick over on Burlington as the "Blue and White" backfield had bunched up behind the line of scrimmage, looking for a line buck. Both Morris and Hunt, of Burlington, dived over Palmyra's line but Knight had already slipped through Jenkins' legs and a pile of 22 players.

**WEBSTER-McQUAY**

Charles T. Webster, of Palmyra and Edith McQuay, of Camden were quietly married Saturday evening, November 5, in Camden by the Rev. A. Corson.

Mrs. Esther Rothman, sister of the bride and Sylvester W. Webster, brother of the groom, attended the couple. After a short trip they will reside at 3301 Mitchell street, Camden.

JOIN THE RED CROSS FOR 1928.

## RANOCAS PARK TO BECOME BIG DEVELOPMENT

Chicago Interests Acquire 320 Acres for Country Club and Golf Course

**WILL HAVE HUNDRED ROOM HOTEL, TENNIS**

Several Hundred Thousand to be Spent on Improvements, Says LeConey

Plans for improvements to Ranocas Park, consisting of several hundred thousand dollars have been revealed by William G. LeConey, prominent Moorestown realtor. According to the Mr. LeConey, the popular and picturesque park, covering 320 acres, has been purchased by wealthy Chicago interests operating in Philadelphia and funds will not be spared in making this the predominant rendezvous for this section.

According to plans, there will be the "All American Country Club on the Ranocas" which will have an 18-hole golf course, a 10 tennis courts, riding academy, aviation field, 100-room hotel, three large dining rooms and cafeteria, six shops, 25 furnished cottages, motor boating and trap shooting.

Mr. LeConey says this is not a "fly-by-night" scheme but a perfectly legitimate proposition backed by great wealth. Work on the project will probably start immediately after the first of the year.

Mr. LeConey has plans on display at his office. The hotel and shops will form a great cross-shaped building with four long, low rambling wings extending from the huge hotel lobby, which is to be the center of the odd shaped building. The lobby will be 140 feet square. The hotel rooms will run the entire length of the lobby. The wings and the other sections will be devoted to auditorium, dining rooms and shop spaces.

The architecture, as shown in the detail sketches of the building, will be Western style. It will be of rough stone and be very attractive. The same style as Ranocas Park will furnish.

Recent photographs of the Park, which are also on display, reveal some of the great works of nature and the rare beauties to be found in this ideal location. They are probably known to but a very few of the people who annually visit the Park and merely center their activities around the places of amusement. All of the present buildings will be removed.

When disaster strikes, the Red Cross goes immediately into action and stays on the job until the last victim is back in his home. The Red Cross belongs to YOU. Your membership dues enable it to answer the calls of distress and suffering. Join in Riverton.

## Needlework Guild Work Growing

Nearly 2500 Garments and \$70 in Cash Collected This Year; Cradle Roll Started

The Palmyra Branch of the Needlework Guild held a meeting in YMCA Hall on Thursday, November 3. After singing a stanza of America, and repeating the Lord's Prayer, the meeting was opened by the president, Mrs. William T. J. Parnell.

She greeted the members and friends, especially the new directors who had qualified this year by bringing in at least twenty-two new garments and a donation of money. After explaining the work of the Guild, Mrs. Parnell introduced the speaker, Miss Ancker, the Social Service Worker of Burlington County Hospital.

Miss Ancker gave us a splendid account of her work showing what a help the Needlework Guild garments were to her. Just one illustration—Mr. X lost his position. Mrs. X was worried and sick. Three dear little children needed proper food and clothing. She blamed him for bringing in no money. He scolded her for being worried and sick. Quarrels started. They were almost at the breaking point when the case was discovered. A little help, some new clothing, brought just the needed encouragement. The father found work and the little home was saved. Other cases were mentioned telling how the help of the Guild was needed and appreciated.

Our new department, of which the Guild feels justly proud for its growth in one week, is the Cradle Roll with thirty-five members. Any one is eligible for membership from the tiniest baby, boy or girl, till junior work age is reached. You may enroll a member by giving the name to Mrs. Ehill, 367 Moran avenue, Palmyra, and giving two articles of clothing, or two nickels, two dimes, two quarters, or in fact, any amount only once a year, thus starting your little one in the work.

Mrs. George M. Becker rendered two selections. A group of junior members sang the song, "We Are Happy Workers of the Needlework Guild."

Mrs. Bowker read the minutes of the year's work. This year's collection amounted to 2427 articles of clothing and household linens, an increase over last year of 449, and \$59.10 in money.

Would you like to join the Guild? The Thrift Circle of the Guild meets in the Baptist Church the third Tuesday of each month at 10:30 a. m. Luncheon is served at a slight cost at 12:30. The members make articles of clothing for our next gathering.

Give your name to any officer or director or just come to our meeting and you will receive a warm welcome, and know that you are doing a good work.

"Inasmuch as ye have done it unto the least of these my brethren, ye have done it unto Me." Corresponding Secretary.

As democratic as the nation it serves, the Red Cross is truly an organization of the people, by the people, for the people. HAVE YOU JOINED FOR 1928?

In more than 500 communities there is no other agency. The Red Cross is succoring the ill and impoverished. JOIN—IN RIVERTON.

## Considering Its High Resale Value The PONTIAC SIX Actually Costs You Less To Own and Drive

Even if the Pontiac Six did not command the high resale price that it does, it would still enjoy the reputation of being a "wonderful buy" . . . for it is the only car combining the advantages of superior six-cylinder performance and the luxuries of a Fisher body at a price of \$745 . . . But with a high resale price which reduces the net cost of ownership, a Pontiac Six is actually more economical to own and drive . . . This is a direct result of definite planning to design a low-price car that would win approval on the sound principles of genuine, long lived, inexpensive owner satisfaction . . . That is why used car buyers are willing to pay more for the Pontiac Six when the original owner is ready to replace it . . . Come in—get a ride—and let us give you the facts.

New lower prices on all body types (Effective July 15th): Coupe, \$745; Sport Roadster \$745; Sport Cabriolet, \$795; Landau Sedan, \$845; De Luxe Landau Sedan, \$925. The New Oakland All-American Six, \$645 to \$1045. All prices include delivery, taxes and price include minimum handling charges. Easy to pay on the General Motors Time Payment Plan.

## RIVERTON COUNCIL NOT READY TO GIVE LAND FOR SCHOOL

Mayor Fails in Attempt to Make Good His Promise to Deliver Part of Park

### DECIDE ABOUT SCHOOL FIRST, COUNCILMEN SAY

Is a municipality responsible for the damage done if a truck runs into a pile of leaves and dirt left in the street by the highway department?

This question came before the Riverton Borough Council at its meeting last Thursday night when a bill of nearly \$200 was presented by Edward Steele for damages to his truck when he ran into such a pile left in front of his house on Cinnaminson street without a red light.

The mayor was of the opinion that the bill should not be considered. He said it would establish a bad precedent. When Director of Public Safety Williams offered a motion that the matter be referred to the chairman of the highway committee for investigation, the mayor, without leaving the chair, debated the question with Mr. Williams. He wanted to know if it was the intention of Mr. Williams to have the bill paid, to which the councilman replied that if the borough was responsible for the damage, he thought it ought to pay for it.

The mayor then argued that it was very unfair to Mr. Lynch to put on him the responsibility of deciding the matter. Mr. Lynch, however, seemed to be willing to make the investigation, and the motion of Mr. Williams that the matter be referred to the chairman of the highway committee for investigation and a report to the next meeting of council for the whole body to make the final decision, carried without dissent.

Curbs and Sidewalks Finished. The highway committee reported that the curbs and sidewalks laid by the borough under the ordinance passed in 1926, had been completed. It appeared that the engineers had inspected the work, but had not forwarded their official O. K. to council, consequently the bill of the contractor could not be paid. The mayor instructed the chairman of the highway committee to secure the approval of the engineers so that the contractor could get his money.

Councilman Williams, member of the lighting committee, reported that in the absence of the chairman, Councilman Welch, he had investigated the request for a street light at Fourth and Fulton streets, and believed that a light was necessary at that point. The mayor said that now the chairman has returned he had better look into the matter and include the cost of the additional light in his budget for next year if he saw fit.

Councilman Williams reported that the "Caution, school ahead" signs had been placed on Main street, in accordance with instructions given at the last meeting.

And this reminded Councilman Shovel of the road signs that have been talked about for months, directing the traveling public to various points, and he wanted to know what was being done toward getting them up. Mr. Williams replied that drawings of the signs, which are of a special and very attractive pattern, would be ready in a few days.

Plan to Widen Main Street. Mr. Williams further reported that owing to the congestion of traffic in the area from Stiles' drug store to the railroad on Main street, it had been decided to widen the street by widening ten or twelve feet in that section. The mayor replied that it might be a good move, provided the property owners would give the necessary ground, and if the borough was willing to bear the expense. He said that a similar improvement was being made in front of the State House in Trenton. The mayor further suggested that Mr. Williams get in writing the consent of the property owners to have their sidewalks cut back to the desired distance, and that in the meantime an ordinance might be passed to restrict parking in that section.

And speaking of streets reminded Councilman Shovel of something else. He wanted to know what had become of the proposition to improve Park avenue. He said he understood the first of the year when the road was widened, it was out, that it was the idea to improve a street or two every year, and that Park avenue was the first in line to be fixed up. In fact, he thought a resolution had been passed to that effect. (A resolution was passed at the meeting of council on May 12, 1927, that Park avenue be improved. The cost was estimated by the mayor at \$4000 to \$4500.)

May Be Done "Next Year." Mr. Shovel asked the mayor why the resolution had not been carried out. The mayor replied that it was because no ordinance had been passed to do it. Then Mr. Shovel wanted to know why the ordinance had not been passed. The mayor replied that owing to the delay in establishing a grade, it got too late to do anything this year. "Then," said Mr. Shovel, "is the idea to do it next year?" "Yes," said the mayor, "that is the idea."

The mayor asked Mr. Williams if he had received any complaints about the manner in which garbage is being collected. Mr. Williams and Mr. Shovel answered in the affirmative, and Mr. Lynch said, "who hasn't?" Mr. Shovel went on to explain that the collector of garbage had a plug in the bottom of his wagon which he removed when too much liquid accumulated and let it run out on the highway. He also pointed out that the wagon was piled so high with garbage that the tide could not be closed, the contents of the wagon

### CHRISTMAS BAZAAR

Don't fail to attend the Porch Club bazaar and supper to be held Tuesday, Nov. 22, at the Christ Church Parish House, Riverton. Reports from the committee in charge promise a big affair. Before doing your Christmas shopping stop in at the bazaar where attractive as well as inexpensive articles may be obtained. The supper, beginning at six o'clock, will be delicious as well as being \$1.00 for adults and 50c for children. Come early to avoid the rush. The bazaar will open at 10.30 a. m.

### Tables Turned on Teachers by Pupils

#### Cinnaminson School Children Give Surprise Party for Practice Teachers

It is not only the children of the Cinnaminson School who have surprised teachers for them. Sometimes the tables are turned. This happened on Thursday afternoon, November 10.

The three practice teachers from Glassboro Normal School had just completed their ten weeks in the school and some of the seventh grade girls decided to show their appreciation to Miss Margaret Parker, who had helped them so much during her stay in the school. So Miss Parker and all the faculty were asked to go to the auditorium at 2.30.

Games had been planned for the teachers to play. Prizes were offered and much to the delight of everyone the guest of honor received first prize in the potato race, which, by the way, was played with apples.

The children then danced some folk dances which they had learned and practiced entirely without supervision.

As the guests took their places at the table the children sang songs, bidding good-bye to Miss Parker and expressing to all the teachers the sweetest sentiments of loyalty and cooperation.

The refreshments were delicious. The table looked most attractive with its pink and blue decorations. The stage was also decorated with colored crepe paper. Nothing was omitted that could add to the festive spirit.

The children had made all arrangements week in advance and yet the plans were kept secret from the grown-ups. Each girl had been bringing weekly dues and with the fund the refreshments were provided. Cakes, candy, fruit, nuts and delicious things to drink were all so lavishly provided that the good health of the faculty was in danger of being upset. It seemed that no one knew when the safety mark had been reached.

All agreed that no party could have been more thoroughly enjoyed and the hearty applause proved how much all the teachers appreciated what the girls had done. The children certainly showed originality, initiative and the ability to be excellent little hostesses.

### REEVE-DOLLER

The marriage of Miss Anne Conrad D'Oller, daughter of Mr. and Mrs. Franklin D'Oller, of Moorestown, to Mr. Richard Henry Reeve, 2d, son of Mr. and Mrs. Augustus H. Reeve, of "Kalamazoo Farm," Ambler, took place at half past twelve o'clock Friday, November 11, Bishop Joseph M. Francis of Indianapolis officiated, assisted by the Rev. John Corbit Ward, the rector of the church.

The bride, who was given in marriage by her father, wore a model of white velvet made upon plain lines with the train fastened at the waist line. Her veil of tulle was trimmed with old fashioned lace, and she carried an old-fashioned bouquet of white gardenias.

Miss Helen E. D'Oller, sister of the bride, and Miss Anne B. Townsend were maids of honor and the bridesmaids were Miss Elizabeth Lippincott, Miss Alice D'Oller Lippincott, Miss Mary Saller, Miss Lippincott, Miss Anne D'Oller, Miss Lippincott, Miss Lydia Furush and Miss Dorothy Lawrence and Miss Kathryn Dalton, of Milton, Mass.

They all wore frocks of hydrangea blue velvet and close fitting when the road was widened, it was out, that it was the idea to improve a street or two every year, and that Park avenue was the first in line to be fixed up. In fact, he thought a resolution had been passed to that effect. (A resolution was passed at the meeting of council on May 12, 1927, that Park avenue be improved. The cost was estimated by the mayor at \$4000 to \$4500.)

Mr. Shovel asked the mayor why the resolution had not been carried out. The mayor replied that it was because no ordinance had been passed to do it. Then Mr. Shovel wanted to know why the ordinance had not been passed. The mayor replied that owing to the delay in establishing a grade, it got too late to do anything this year. "Then," said Mr. Shovel, "is the idea to do it next year?" "Yes," said the mayor, "that is the idea."

The mayor asked Mr. Williams if he had received any complaints about the manner in which garbage is being collected. Mr. Williams and Mr. Shovel answered in the affirmative, and Mr. Lynch said, "who hasn't?" Mr. Shovel went on to explain that the collector of garbage had a plug in the bottom of his wagon which he removed when too much liquid accumulated and let it run out on the highway. He also pointed out that the wagon was piled so high with garbage that the tide could not be closed, the contents of the wagon

### PIONEER GROUP YMCA

Our regular meeting was held Tuesday, November 15. The meeting was then called to order by the president and the leader led us in prayer. The secretary called the roll and collected dues. Mr. Williams read responsive ritual and had a treasure hunt in which Carl Weinberger won. We then played group games and had friendly circle and dismissed.

H. R. Haley, Reporter.

## MUSICAL EVENING AT THE PORCH CLUB

Melodique Trio Presents Fine Program in Parish House

An appreciative audience greeted the Melodique Trio, of Philadelphia, and their vocal soloist, at a concert given on Tuesday evening in the Parish House, under the management of Mrs. Nathan Lane, Jr., chairman of the music committee of The Porch Club.

The musicians are all well known artists and each number was beautifully played, meeting the applause which received generous response. The affair was artistic in every detail, and the sponsors are to be congratulated upon giving to the community an opportunity for such a delightful evening of music.

The names of the artists and the program are as follows:

Florence I. Haenic, Violin; Edna Stephens, Violoncello; Elizabeth Truettman, Harp; Assisted by Ernestine Bacon, Soprano.

1. Trio, a. Largo from Sonata in A Minor, Liszt; b. Concerto in E-flat Major, Beethoven; c. Song of the Volga Boatmen, Folk-melody.

2. Soprano, "Waltz" from "La Boheme," Puccini.

3. Trio, Two Negro Spirituals. a. Deep River, Fisher; b. Chant (Nobody Knows de Trouble I've Seen), White.

4. Soprano, "Maye Eve," Matthews.

5. Trio, a. Serenade, Piorne; b. Romance, Debussy; c. Waltz in A, Brahms.

### Fine Musical Show Planned by Lions

Remarkable Production, Written by Frank Mathews, Will be Staged by Club

A musical comedy, with the parts, songs and music written by Frank A. Mathews, Jr., and acclaimed by theatrical experts as one of the most tuneful, humorous and colorful plays they have ever read, is to be produced by the Palmyra Lions Club early next Spring.

The show is to be perhaps the most elaborate production ever staged by amateurs in the Twin Towns. Among the leading features will be a half a dozen singing and dancing choruses. Fifty to sixty girls will take part in the play as well as several of the leading men singers and dancers of the riverfront town.

Elaborate costumes and snappy song hits, entirely original, will distinguish the show from any other production ever attempted hereabouts.

An expert theatrical dancing instructor is to be employed to train the dancing choruses and a competent musical director will train the voices, while Mr. Mathews himself will manage the show as a whole, besides taking one of the leading male parts.

Mr. Mathews has made an enviable reputation for himself as a clever and versatile amateur actor in local productions for years past and he has shown no signs of losing his touch in the musical comedy which the Lions will produce.

It is planned to run the show three nights in succession. Work on staging the production is to start at once.

### LARGE-EDWARDS

At St. Mark's Protestant Episcopal Church, Locust street above 16th street, Philadelphia, Miss Lee Reed Edwards, daughter of Mr. and Mrs. George W. Edwards, of 1908 S. Rittenhouse square, was married to Mr. William Milford Large, son of Mrs. Robert H. Large, of 1324 Spruce street at noon on November 12. The Rev. Frank T. Vernon, D. D., the rector of the church officiated.

The bridemaids were Miss Emily Cookman, Miss Betty Jones, Miss Alice A. McGinnis, Mrs. George D. Fowler, a sister of the bridegroom, Miss Elizabeth Tyson Elliot, of Baltimore, and Miss Anne Hartell, a cousin of the bride.

Mr. Edward C. Pence, served as best man, and the ushers were Mr. George W. Edwards, Jr., a brother of the bride, Mr. George D. Fowler, a brother-in-law of the bridegroom, Mr. Louis B. West, of Baltimore, Mr. Henry W. Large and Mr. James M. Large, cousins of the bridegroom, Mr. Jonathan Wainwright, Jr., of Danville, Mass., and Mr. Daniel C. Donoghue, Jr.

A breakfast followed the ceremony at the home of the bride's parents. Upon their return from their wedding trip Mr. and Mrs. Large will live in the English Village, 25d and 31st streets.

The Edwards were residents of Riverton several years ago, occupying a house on the riverbank.

### ATTENTION

Es-service men you have only two weeks more to make application for your bonus or adjusted compensation.

If you do not belong to a Legion Post and do not have the necessary information as to how to go about making the application write to, Adjutant General, Washington, D. C., and this office will send you the data.

Write Today—Don't Wait.

### BIRTHS

A son, Robert, born to Mr. and Mrs. Karl W. Lach on November 4.

A son, Elmer Richard, born to Mr. and Mrs. Milton L. Norland, 424 Lippincott avenue, November 5.

A daughter, Mary Elizabeth, born to Mr. and Mrs. Howard Hamman on November 6.

## DR. HEBERLING ON OBEDIENCE

"Teach Children by What You Are, Not by What You Say," is His Advice

### ANSWERS QUESTION ON VOCATIONAL SCHOOLS

Those who attended the lecture of Prof. James Struthers Heberling, before the Parent-Teacher Association at Moorestown, last week, were much impressed by the timely and practical advice he gave.

In discussing the understanding and reconstructing of children with dishonest tendencies Professor Heberling emphasized the following points:

1. Dishonest home environment is a frequent cause of dishonesty in children.

2. Dishonesty in children frequently results from lack of respect for the rights of others.

3. That is sometimes developed through the home's failure to meet the child's natural instinct for possession.

4. A lack of parental companionship and guidance leaves the child a prey to dishonesty.

5. Dishonesty in children frequently results from lack of respect for the rights of others.

6. That is sometimes developed through the home's failure to meet the child's natural instinct for possession.

7. Dishonesty in children frequently results from lack of respect for the rights of others.

8. That is sometimes developed through the home's failure to meet the child's natural instinct for possession.

9. Dishonesty in children frequently results from lack of respect for the rights of others.

10. That is sometimes developed through the home's failure to meet the child's natural instinct for possession.

11. Dishonesty in children frequently results from lack of respect for the rights of others.

12. That is sometimes developed through the home's failure to meet the child's natural instinct for possession.

13. Dishonesty in children frequently results from lack of respect for the rights of others.

14. That is sometimes developed through the home's failure to meet the child's natural instinct for possession.

15. Dishonesty in children frequently results from lack of respect for the rights of others.

16. That is sometimes developed through the home's failure to meet the child's natural instinct for possession.

17. Dishonesty in children frequently results from lack of respect for the rights of others.

18. That is sometimes developed through the home's failure to meet the child's natural instinct for possession.

19. Dishonesty in children frequently results from lack of respect for the rights of others.

20. That is sometimes developed through the home's failure to meet the child's natural instinct for possession.

21. Dishonesty in children frequently results from lack of respect for the rights of others.

22. That is sometimes developed through the home's failure to meet the child's natural instinct for possession.

23. Dishonesty in children frequently results from lack of respect for the rights of others.

24. That is sometimes developed through the home's failure to meet the child's natural instinct for possession.

25. Dishonesty in children frequently results from lack of respect for the rights of others.

26. That is sometimes developed through the home's failure to meet the child's natural instinct for possession.

### K. K. K. TONIGHT

Kitchen Cabinet Concert Will Be a Real Treat

The long awaited Kitchen Cabinet Concert will be given this Thursday evening by the Adult Women's Bible Classes of the Epworth M. E. Church in the Epworth Temple and a rare treat is in store for all.

As the concert has progressed through many weeks of rehearsals, many unusual and clever specialties have been developed. So comical are many features of the production that the rehearsals themselves have been enjoyed by those who have been privileged to be present.

A real "wedding," with two clever character actresses taking the leading roles, has been arranged. A woolen dog is to be turned into "hot puppies" right before your eyes. Several special musical numbers are on the program.

In addition to all this the Kitchen Cabinet Orchestra, employing a bizarre assortment of instruments ranging from tin cans to rolling pins, will render snappy tunes throughout the evening.

### Dads and Lads Dine Together

Annual Get Together Meeting Last Week Addressed by Prof. Heberling

"The Dads and Lads" numbering one hundred and forty-seven attending the annual YMCA banquet last Thursday were especially favored when Professor James S. Heberling, of the University of Pennsylvania, spoke on "The Winning Team."

The professor said that a home called for as much cooperation between Dad and the boys as is necessary between the captain and any team. Home must have a captain, a Dad whom the boys respect and go to when advice is needed; training is as necessary for a successful home team as it is for a college team, and all the "rules of the game" must be applied to the "Home Team."

Preceding the address, Nathan Lane, Jr., offered a toast to the Dads, which was responded to by Robert Finney, who had some very clear-cut ideas on "The Kind of a Dad a fellow needs."

Leon C. Quest acted as toastmaster. The Rev. C. T. Bates, minister at Calvary Presbyterian Church, welcomed the Dads and Lads to the church social hall.

The County YMCA orchestra, under the leadership of Guy C. Hendry, added much to the community singing, as well as accompanying two budding young soloists. The singing was led by A. H. Wilson.

The banquet was under the auspices of the Palmyra-Riverton Y. M. C. A.

Here are a few things done by the boys and the secretary every day: group meetings, back-log football, and many other games. The library and reading room are greatly appreciated by the numbers who use them.

It is strongly evident that Fellowship and friendship are growing firmer every day.

The banquet was prepared and served by the Ladies Auxiliary of the Presbyterian Church.

### Y. W. C. A. WILL STAGE BANQUET IN MT. HOLLY

Arrangements Under Way for Annual Affair to be Held Tuesday, Nov. 22

Arrangements are now under way for the senior club banquet to be staged by the Burlington County YWCA in the social rooms of the St. Andrew's Church in Mt. Holly, Tuesday evening, November 22.

All young women employed in business, industry or professions are invited to attend the affair. Members of the church guild will act as hostesses.

The Moorestown Junior High Girls' Reserve heard Miss Ruth Wolfe talk on Yugoslavia at the last regular meeting. Miss Wolfe recently returned from a three years' stay in that country.

At a recent meeting of the Burlington County Girl Reserve Committee the new year's program and the training of the advisor and leaders were discussed. Mrs. C. S. Beckwith, of Emberton, heads the committee and other members are Mrs. Henry Alberson, Mrs. Lawrence Parsons, of Burlington; Miss Helen Horner, of Chesterfield; and Mrs. E. J. Young, of Riverton.

Activities for the winter months were discussed at a recent meeting of the Lenox High School Girl Reserve.

### THE ROSE OF TOKIO

Japanese Musical Comedy Will Be Given at P. M. 8, Dec. 8th, 9th and 10th

At the mere mention of a Japanese musical comedy, most people look forward with pleasure to an evening spent amid Oriental stage settings and costumes. You will, therefore, be pleased to know that a delightful musical comedy, "The Rose of Tokio," will be presented to you by the Palmyra High School students, Thursday, Friday and Saturday evenings, December 8, 9 and 10 in the Palmyra High School auditorium.

As its name implies, it is a Japanese musical play and the stage settings and costumes are said to be unusual and exquisitely beautiful.

A very good cast of high school students has been selected to interpret the leading roles, while dancing and singing choruses will also be a feature of the production.

Not only is the music good, but there are funny comedy moments of melodrama and mystery. Through all, there is the usual charm of the Orient. Don't miss this attractive musical comedy!

## McCOY'S CARDINALS HOLD RIVERTON TO SCORELESS TIE

### PALMYRA HIGH SEERS REVENGE ON ALUMNI

Palmyra High will seek revenge for the setback handed it last season by the Alumni when the two teams meet Thanksgiving Day morning at the Palmyra Field Club grounds.

The Alumni has the services of former High School stars who are on college football squads and a good game is looked for. Carl "Tiny" Hurlock will have charge of the P. H. S. eleven in the absence of Coach Hinson.

The Alumni will be represented by the following stars: Atkinson, Boal, Beeton, P. Burr, J. Burr, Ehrlich, Graham, Godley, Hartley Johnson, Lytle, Prang, Richmond, Mathers, Wagner and any other Alumni players who wish to play.

Kickoff at 10.30 sharp.

### Haddonfield Loses to Palmyra Five

Local Basketball Quintet Rallies To Win in Last Few Minutes of Play

Trailing 9 to 7 at half time, the Palmyra basketball team rallied in the final period and nosed out the Haddonfield "Merrymakers," 10 to 23, Saturday night. In the opening game at the Palmyra M. E. Church gym.

A field goal and foul shot by Paul Burke in the last minute of play enabled Palmyra to defeat the Haddonfield combination which has boasted of one of the best five in South Jersey for the past several years. This was Palmyra's second game and it was a rough, although clean and fast basketball game.

Each team collected a total of 10 baskets. Burke was the bright star of the game, connecting with the cords five times from the field and three out of four times from the foul mark for a lucky 13.

Jack Riley shared the feature role with Burke in making four and one for nine points. All of the Palmyra players played well and showed great improvement in both shooting and passing ability. Bright, Kalkowski and Winkman, former Palmyra High stars, were seen in action and put up a splendid game for the winners.

Fred Wright and Ramsden, the "Merrymakers" forwards, both caged eight points.

Score Haddonfield, 23; Palmyra, 7. Referee—Oliver Bowen. Palmyra dropped a 53 to 40 decision to Delanco in the opening game of the Burlington County League at Delanco Tuesday night.

Palmyra played great basketball and jumped off to a 26 to 23 lead at half time but a shift in the home team's lineup gave Delanco a sensational upset which was the undoing of Palmyra in the second half.

Bright, Burke and Ramsden were the high scorers for Palmyra while Gremmlinger and Shippy played best for the Delanco Seniors.

The Delanco Reserves also came through with a win over the Palmyra Juniors, score 29 to 21. Lytle and Burr were the whole works for the Palmyra seconds while Kalbach, Hutchinson and O. Shaw featured for Delanco. The count at half time was Delanco 13, Palmyra 11.

### CLOTHING WANTED

Red Cross Asks Donations for Mississippi Flood Victims

National Headquarters of the American Red Cross has sent out a call for 75 carloads of used winter clothing for sufferers from the floods in the Mississippi Valley.

The clothing should be warm, wearable, and above all, clean. There must be no furs, no hats and no shoes. No furs does not apply to fur collars and cuffs on coats and dresses.

The American Legion of Palmyra has most kindly given Palmyra Branch A. R. C. a space on the first floor of its home to store the clothing.

On Friday, November 25, and Friday, December 2, from 1 to 5 p. m., officers and members of the Branch will be on hand in the Legion Home to receive, inspect, pack and ship the donations. As these will be the only days for receiving clothing, may we ask that the response be prompt and generous.

Mrs. J. P. Macfarlane, Secretary.

Through the Press of the County I should like to express my appreciation of the fine vote which I received on November 8th for Member of the General Assembly. I shall earnestly endeavor to prove myself worthy of the responsibility thus placed upon me.

Marcus W. Newcomb.

### Riverside Boys Outweighed But Hold Riverton by Dead-ly Tackling

#### PETTITO GAINS MUCH GROUND THROUGH LINE

"The bigger they come the harder they fall," is the motto of the light but scrappy McCoy Cardinals of Riverside, who held the Riverton field last Saturday afternoon.

The game was nip-and-tuck all the way through. Although both teams were within scoring distance neither could muster enough strength to push the piskin across the last white line for a six-point play.

In the opening minutes of play Yankowski, the Cardinals' right end, sustained a laceration of the forehead and was removed from the game upon the umpire's request.

Neither of the contestants seemed to realize the extent of his injury and disagreed with the officials that he should leave the game. Yankowski did, however, return to the game in the second half with his injuries plastered with adhesive tape.

Thrills and action came in large crowds in the air all the time. In the early minutes of the first quarter Cunningham, a Riverton back, picked up a McCoy fumble and raced 55 yards down the field. The fumble occurred on a trick play.

Neither of the contestants seemed to be able to get near the goal line in the first period.

Runs 40 Yards. The second quarter was more or less a see-saw affair as neither team made a

## County Boosters Start Association

Burlington Countians Elect Duborow President at Meeting in Moorestown

Representative men from several sections of the county met in the Community House, Moorestown, and launched an organization that will be known as Burlington Countians, Incorporated, Wednesday night of last week.

The purpose of the organization is to boost Burlington county; to spread the gospel of its advantages and to make it attractive to investors, to manufacturers and to others who are seeking either changes of location or places of settlement.

Charles B. Duborow, of Riverton, was chosen president of the Burlington Countians, and B. F. Haughton, of Burlington, was elected vice-president; F. G. Fromuth, of Palmyra, was elected secretary and William A. Jones, of Mount Holly, was chosen as treasurer.

The board of directors includes Charles B. Duborow, of Riverton; B. F. Haughton, of Burlington; Carleton E. Sholl, of Burlington; George M. Wimer, of Palmyra; F. G. Fromuth, of Palmyra; William A. Jones, of Mount Holly; Alexander P. Ferguson, Jr., of Edgewater Park; Frank Jones, of Beverly; George Engle, of Beverly; Roy Church, of Bordentown; Walter Ziegler, of Riverside; Charles R. Stout, of Florence.

These classes of members: The meeting was the outcome of a session held in the Walt Whitman, Camden, on October 26, at the behest of the Bevel-Edge Club, of Beverly, to amalgamate river front boosters. It was decided, however, to extend the activities of the organization over the entire county.

There will be three classes of memberships in the organization, one for service clubs, civic clubs and societies; one for business men and industries; and one for individuals. It is expected that all the Kiwanis Clubs in the county, all the Rotary Clubs, all the Lion Clubs and all other service clubs, will join. There is a belief, too, that many industries and societies will tie to the boosting organization.

It was decided to have a county slogan. To stimulate action along this line, Frank Jones, of the Beverly National Bank, has offered a prize of fifty dollars for the best contribution. The slogan contest in charge of a committee composed of Carleton E. Sholl, Hugh B. Miller and Frank Jones. Forms will be printed in the newspapers of the county, which will be filled in by the contestants and forwarded to the committee.

The organization will be incorporated. Charles R. Stout is the head of a committee that is looking after that work.

## CLERGYMEN'S SONS MEET IN ACCIDENT

Trenton Boys Figure in Accident While Fathers Conduct Revival Services at Hancocks

In a strange twist of circumstances, the sons of two clergymen figured in an auto accident in Trenton last Thursday, while their fathers were conducting revival services at Hancocks.

The boys, strangers to each other, met for the first time when a machine driven by Alvin Bogart, twenty-five years old, of Titusville, struck and seriously injured Charles Andrews, seven years old, of Trenton.

Andrews is a son of the Rev. G. W. Andrews, pastor of the Nazarene Church, Trenton. Bogart is a son of the Rev. Abram Bogart, of the Methodist Episcopal Church, of Hancocks.

The former, by invitation of Mr. Bogart, was assisting in a revival meeting at Hancocks at approximately the same time the accident involving the two sons happened.

Andrews was taken to Mercer Hospital, suffering severely with deep cuts on the face and head.

## HARGROVE "ONE AHEAD"

M. Warner Hargrove, Democratic nominee for State Senator, is something of a joker as well as a philosopher. To prove the latter he is quoted as saying that if Clifford R. Powell, his Republican opponent did not beat him by more than ten thousand in the county he would consider it a "moral victory." And to show his sense of humor, Warner who was present when the count-off started in the West District Tuesday evening of last week, was manifestly gratified when the first vote came out and proved to be for Hargrove; whereupon Warner chirped up with "Well I'm one ahead," and then he joined in with the laugh that went around the room.

cently by Dodge Brothers, Inc. in conjunction with the broadcasting of "Dodge Brothers' Dependable Hour of Music" each Friday evening over the Columbia chain of radio stations.

A cash prize of \$500 will be awarded each month to the writer of the best letter on "Why I own a Dodge" or "Why I want a Dodge." The contest is open to everyone except Dodge Brothers' employees and members of their families. Letters are not to exceed 150 words and are to be based on the writers own experience with Dodge Brothers cars, the experience of friends or any other logical line of reasoning he may choose. Letters rather than literary style will be the basis upon which the best letter is chosen and the winner will be picked by a committee of prominent citizens.

## Accidents Laid To One-arm Driving

One Hand Off the Wheel Doubles Chance of Accident Says Keystone Motorist

"Around his tier the mourners kneel; He was holding his cutie, instead of the wheel."

An anonymous contributor to the Keystone Motorist, official publication of the Keystone Automobile Club, thus pictures in the form of a ditty the cause of many motor fatalities and accidents.

"It," says a statement by the club, "you get a laugh out of the ditty, don't forget to look at the serious side of it. There is no more dangerous practice than 'one-arm driving,' and the mounting toll of death and injury among youthful motorists attests to the prevalence of the practice."

"Two hands, two feet and a clear brain are essential to good driving. Take one hand off the wheel and your chances for safety are lessened 50 per cent. Before your brain with liquor and you are a menace to yourself and every other user of the highway. A combination of one-arm driving and liquor is positively deadly."

"It is noteworthy that in many recent accidents in Pennsylvania and New Jersey the drivers all were in the early twenties. Speed figured largely as the cause of crashes, a fact that suggests that parental authority should be exercised to bring youthful drivers to realization of their responsibilities to themselves and others."

"There is always the possibility of accident beyond the control of drivers. The hazard should not be increased through contributory negligence."

## Freeholders Hear of Water Plans

Representatives of State Chamber of Commerce Explain Tri-State Compact

Details of the Tri-State Water Pact were explained at the meeting of the Burlington County Board of Freeholders, last Friday. Robert S. Dalens, of Newark, a representative of the New Jersey State Chamber of Commerce, and Charles F. Brietke, engineer of the Water Policy Commission, of Trenton, who are conducting a campaign of education concerning this important matter addressed the meeting.

The state representatives explained the plan for the conservation of the waters of the Delaware river in time of freshet so that they may be available in periods of drought, and how, for this purpose the Pact recites that reservoirs may be built by any one of the three states concerned, New York, Pennsylvania or New Jersey. As New York has already taken action to conserve the waters of the Delaware, which has its source at Hancock, N. Y., it was shown it is necessary for New Jersey to take some legal action for its own protection.

The two visitors acquainted the members of the board with many interesting facts concerning the issue, and at the close of the session held a long conference with County Engineer H. B. Smith, and made him personally acquainted with all the details of the pact.

A communication was received from the State Highway Commission in which it was stated that the new roads in the vicinity of Bordentown were to be built in 1928 according to the state road program announced last year, and as there is some question concerning the route through that city it was decided on motion that the road department arrange with the city officials of Bordentown for a conference. It was stated that the dangerous curve and overhead bridge on the Yardville road just outside of Bordentown will be done away with, and that the road will pass under the railroad tracks at Mile Hollow.

Permission was given Public Service Gas Company to lay 108 feet of gas mains along the Columbus road in the city of Burlington. James Harshbarger, of Moorestown, was given permission to move several buildings over the county roads, four of which are to be moved on North Church street, Moorestown, while the other belongs to William F. Atkinson, of Mount Holly, and will be moved from West Washington street to Hubbard street, Clermont.

The following bills were passed and ordered paid: Roads, \$5,796.

Save the Wrappers of YOUNG'S Pearl Borax Soap for GIFTS

55; bridges, \$5,885.57; Finance, \$796.37; public buildings, \$7,231.31; public affairs, \$11,429.13. Total, \$26,127.46.

## AUTO TAGS WILL SOON BE READY

Registration for 1928 To Open Next Tuesday, Plates Can Be Used December 15

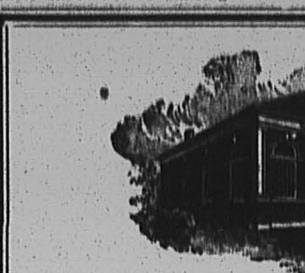

More than three hundred agents of the Motor Vehicle Department and their clerks attended the annual school of instruction conducted by Commissioner William L. Dill in the Assembly Chamber at Trenton last week.

They were given detailed instructions in connection with the issuance of registrations and drivers' licenses for next year.

The keynote of Mr. Dill's remarks was a strict compliance with the law at the same time pointing out that service to the public must be paramount. He stated that all registration plates for next year had been distributed to the various agencies and that the department was adequately equipped to begin the issuance of these plates to the public on November 15.

It was explained by Mr. Dill that under the law 1928 registration plates could be used on cars beginning December 15, but that in the case of the driver's licenses these privileges run with the calendar year. In addition he urged that the agents adhere strictly to the regulations requiring that all persons aged seventy-five or over be re-examined before issuing driver's licenses, and that agents should be very careful and not issue licenses to persons whose licenses had been revoked.

Ab, well; those who now fear the young once live in the barn to smoke and to read Deadwood Dick. If knighthood were yet in flower, certain young men would check their shoes before dancing.

## CHRISTMAS CLUB

This year's club will close November 26. No payments can be accepted after that date.

Distribution of the funds will be made at the bank Wednesday evening, November 30, from 7 to 8.30.

Checks not called for at that time will be mailed the next day.

We would suggest that all funds not needed for immediate payments be deposited. These would be available for use later, or better still, serve as a nucleus for a regular savings account.

Our new club will start in December.

## The Palmyra National Bank

## Want Better Road, Camden to Seaside

Paper Says Improved Highway Needed to Develop Big Area of Coast

There is one project that Ocean county cannot afford to let slumber—the cross-state road, from the Delaware river bridge, to the Ocean county shore, striking the beaches at Seaside Heights and Ship Bottom. This road is vital to the development of Ocean county.

For some time to come our greatest influx of people will continue to be from the west, rather than from the north. Ocean county must have good roads across the pines in order to open up our beaches to West Jersey, to Philadelphia, and to Eastern Pennsylvania, as well as the great middle west that lies across the Pennsylvania mountains.

This road is in the state highway program—but that is a six year program. All the money next year it is said will go to build connecting links to the Hudson tunnel. Then what about 1929?

Will Ocean county people sit by and watch roads built all over the state, or will they do their best to show that their roads are also of state importance? It should be borne in mind at the present time that there is not a hard surfaced road to the coast from West Jersey, between the White Horse pike on the south and the Trenton-Freehold route on the north, or more than forty miles of ocean front is without a direct hard road to Philadelphia, upon which that ocean front must largely depend for its development.

It is doubtful if any other highway the state could build would open up so much new and valuable territory, and offer such opportunities to home and pleasure-seekers. Forty miles of sea-coast is about one-third of the entire beach front

of this state, and the New Jersey beach front is one of the State's most valued assets, as well as one of its greatest charms.

Burlington and Camden county people are eager to have these roads to the shore. They are very largely owners of summer homes on our beaches. They want a way to get here quickly and pleasantly. Ocean county should combine with these other counties, and put its case before the State Highway Commission.

mation.—Times River Courier.

## County History of 25 Years Ago

Items of Interest Published in  
Mount Holly Mirror, No-  
vember 12, 1902

Riverton gets dollar gas. There is no reason why Mount Holly should not do the same.

A party of nine gunners went from Mount Holly to the farm of David Ewan, on the Burlington road, on the opening day of the season and came back with 57 rabbits, 1 hare, 3 woodcock and 2 quail.

The gas main between Burlington and Mount Holly has been completed and gas turned on a few days ago, filling the holder in Mount Holly from which consumers are supplied here. The gas comes from Trenton.

Joseph G. Bower was sworn in last evening, by Judge Gaskill, as sheriff of Burlington county. Joseph S. Fleetwood will continue to act as deputy sheriff.

The Philadelphia Milk Shippers' Union has given notice that 4 1/2 cents has been agreed upon as the wholesale price of milk for November. This is an advance of 1 cent per quart over the price paid during the summer.

Trenton-Camden line  
The 42 miles of gas pipe line from Trenton to Camden was put into operation last week, and over 200,000 cubic feet of gas was sent through the first day.

Robert F. Engle, of Mount Holly, and Miss Sarah H. Atkinson were married at the home of the bride at Haddonfield, Pa., on Wednesday, by Friends' ceremony. Mr. and Mrs. Engle will reside on Ridgeway street, Mount Holly.

At the meeting of the Board of Freeholders on Tuesday, a resolution was passed that a telephone be installed in Detective Parker's office in Mount Holly.

There was a tie vote between the candidates for mayor of Beverly, each receiving 225 votes. A recount settled the dispute in favor of Fish, 225 to 222. The candidates were Dr. E. Adams, R., and James D. Fish, D.

Thomas H. Birch, of Burlington, and Miss Helen Louise Barr, of Philadelphia, were married in the latter city on Wednesday night. Mr. and Mrs. Birch are spending their honeymoon abroad.

November 10, 1902  
Great Sachem Blanchard H. White was the guest of the Red Men at Paterson last night. Tomorrow night he will go to Newton, Sussex county.

The fine vault at the Union National Bank and Mount Holly Trust Company has been completed. It is a credit to the institution.

Tomlinson Brothers, of Mount Holly, have received the contract to paint the grand stand and other buildings at the Fair Ground for the Burlington County Fair Association, for 1927, the association furnishing the materials.

Aged Quaker Marries  
The marriage of Barclay White, of Mount Holly, and Adele V. Willis, of Philadelphia, took place at the home of the groom, Cherry street, Mount Holly, on Wednesday afternoon, in the presence of Overseers, Priscilla Clothier, Rebecca Engle, Restore B. Lamb and Charles Engle, appointed by the Mount Holly Friends' meeting. Mr. White is 81 years old, and well known member of the Society of Friends. He was married twice before, once in 1849.

## Slogan Contest Entry

(Mail to address below)

COUNTY SLOGAN CONTEST,  
CARLETON E. SHOLL, Chairman,  
BURLINGTON, N. J.

I submit the following slogan for Burlington county, in the contest conducted by Burlington County, Incorporated, for the prize of FIFTY DOLLARS IN GOLD offered by the First National Bank of Beverly.

Name .....

Address .....

This space contributed by The Riverton New Era

## \$50 Prize for Best Slogan for County

Burlington County, Inc., Of-  
fer Sum for Boosting  
Phrase

What do you know about your home county? What of its natural advantages, its position in agriculture, its industrial opportunities and its charm as a suburban residential section?

If you can put your knowledge in the attractive wording of a slogan suitable for Burlington county, you have an opportunity to win an extra \$50.00 for your Christmas budget.

Burlington County, Incorporated, recently organized by representative residents of practically every community in the county, to promote its general interests, announce the opening of a slogan contest in which any resident of Burlington county, man or woman, boy or girl, may compete.

The \$50 prize has been offered by the First National Bank of Beverly.

Send in Slogan

In this paper will be found an entry form on which your slogan can be sent to the Slogan Contest Committee, whose members are Carleton E. Sholl, chairman, of Burlington; Hugh B. Miller, Edgewater Park and Franklin P. Jones, Jr., Beverly. The contest opens at once and will close December 1st. No slogan bearing a postmark later than that date will be considered. The slogan must contain at least three but not more than ten words. No entries will be opened or considered until the contest is closed. The officers and directors of Burlington County, Incorporated, will judge the contest at their first meeting in December.

The winning slogan will be widely used by Burlington County, Incorporated, in the county promotion work of the new organization.

Rules of the Contest  
Any bona fide resident of Burlington county may enter the contest.

## COUNTY BASKETBALL LEAGUE REORGANIZED

Five teams will compete for the championship of the Burlington County Basketball League this season.

This is the outcome of the re-organization meeting held in Mount Holly this week.

The clubs which will begin competition next week are Burlington, Moorestown, Marlton, Palmyra and Delanco, all members of the circuit last year. Medford, which was ousted from the league during the 1926-27 campaign for rough and dirty playing, did not seek a franchise and was not represented at the meeting.

Burlington-Mount Holly won the laurels last year after an interesting race, and close competition is expected this year also.

A resolution offered last week to allow members of Burlington County League teams to play only in this circuit, was passed. A special resolution was passed allowing Marlton to retain the services of Bill Barrett, Charles O'Neill and Joe Murray, all of whom reside in Camden.

The first week's schedule announced at the meeting, follows:  
Tuesday, November 15—Palmyra at Delanco.  
Wednesday, November 16—Delanco at Burlington.  
Thursday, November 17—Burlington at Moorestown.  
Friday, November 18—Moorestown at Marlton.  
Saturday, November 19—Marlton at Palmyra.

Jack Dempsey thinks the boxing game should have a dictator—like Landis in baseball and Hayes in the movies. That's fair enough—and on the record President Calles has made in handling opposing factors in Mexico—we nominate him for the boxing job up here.

## FREEHOLDERS AND OFFICIALS SAW GAME

Members of the Burlington County Board of Freeholders took a sporting turn on Saturday and went to New Haven to see the Yale-Princeton football game at that place. Those who made the trip were Charles R. Stout, of Florence, director of roads; Judge Harold B. Wells, of Bordentown, county solicitor; William Heider, of Pemberton; and Alfonso Adams, of Florio.

The freeholders party made the trip to New York by auto and went on to New Haven by train.

# THE NEW ERA

Published every Thursday at 607 Main Street  
RIVERTON, N. J.

Entered as second class matter at the Riverton, N. J., post office  
WALTER L. BOWEN, Editor

The New Era is devoted to the business and home interests of  
Riverton and Palmyra, independent of political or  
religious belief—the people's paper

Subscription \$1.50 a year in advance

Advertising rates on application

The New Era Office is equipped to do all kinds of Fine Printing  
at reasonable prices

## LEGAL ADVERTISEMENTS

The New Era is a Legal Newspaper. Commissioners', Sheriff's and other Sales, Administrators' and Executors' Advertisements are solicited. The New Era will appreciate being remembered in this connection.

## NOTICE

All readers or local notices of entertainment, suppers, fairs, dances, etc., given for the purpose of raising money, will be charged for at the rate of fifteen cents a line.

## THE NON-VOTING CITIZEN

Ralph M. Eastley of New York, who is the guiding spirit of a national civic organization which for years has been carrying on a campaign to arouse people to their voting rights, is about to launch a new crusade. He has been visiting Washington seeking information as to the best way to arouse good citizens who do not vote, as to their political and moral responsibilities. Eastley is a man of vitality, courage and persistence, but he will need the best that is in him if he is going to accomplish the results which he seeks.

The non-voting citizen is a real problem. As a result of his existence, our congressional representatives in all parties are selected by minorities. The same situation prevails in many municipal and state governments. The extraordinarily increasing total of municipal and state expenditures, and the ascending scale of tax rates can be laid at the door of this minority representation. Our governments today are largely manned by men who represent the tax eaters rather than the taxpayers.

The six o'clock voter is in the saddle, and the "nice" citizen who belonged in the ten o'clock voting category at that hour is now hastening to his golf links. As a result, the six o'clock voter names the man who spends the money. The ten o'clock group only appear as cultural objectors to public waste and extravagance which has been accomplished and is beyond correction. How to arouse these people is hard to determine.

We have given them voting booths almost at their door; we have provided mail voting systems, and even transportation, but their actual participation in the government still remains at a low ebb.

A glance at the election tables published in The New Era last week will show that a fraction more than 86 per cent of the voters in Riverton cast their ballots.

## HAVE YOU THOUGHT OF IT THIS WAY?

The common mistake made by most people in dealing with automobile accidents at railroad grade crossings, is that they consider the crossing instead of the driver.

A railroad crossing is a danger only when and to the extent that it is made so by careless driving. The automobile is what we must think about, not the crossing. We must change practices instead of grades. Ninety per cent of all auto accidents occur on the highways. Not over 10 per cent occur at grade crossings.

Grade changes will not prevent accidents at intersections and elsewhere on the highways, but improved or safe practices in driving will prevent them everywhere.

Grade changes would heavily burden the taxpayers and tie up a large amount of money for unproductive purposes, while yet leaving 90 per cent of the hazard of automobile accidents uncarried for.

Let us require safe driving, which costs nothing, yet will remove the hazard not only at grade crossings but on the highways also.

## DR. HEBERLING ON OBEDIENCE

(Continued from Page 1)

Character is caught, not taught, and by the authority of one's own self-controlled personality it is possible to develop that same spirit in the child in the home and in the school. His View on Vocational Schools

At the conclusion of the lecture a great many questions were asked from the floor. All of Professor Heberling's lectures have been followed by interesting discussions based on questions relating to the topic of the afternoon. He has frequently been detained at the High School until nearly 6 p. m., answering questions and meeting parents in personal consultation, regarding problems of children in their home and school.

Among the questions asked at last Wednesday's meeting was this: "Do you believe that separate vocational schools should be established in Communities?" Professor Heberling did not understand that the question related to a consolidated vocational school for a rural community and his reply was: "I would have to know the Community, the need for a school of this type and the opportunities for industrial education through co-operation with the local industries, in order to answer this question intelligently."

On the occasion of a visit to my school by Mr. William Wirt, head of the Gary Schools and one of the most noted educators in the country, Mr. Wirt after a very generous and appreciative expression regarding what we were doing in our school where the boys were all compelled to earn everything they possessed said, "Keep your school just as it is, continue your fine course in agriculture and outdoor training for there is no place as favorable for character growth in children as on the farm. Do not permit anyone to persuade you to establish industrial training shops. If you have boys who are not fitted for the academic work and need this special kind of training place them in local industries or under contractors, where they will learn first hand the respective trades, and supplement this practical training with the theory that is needed by night classes in your school."

Acting on this suggestion we gave the different boys opportunities of this kind with the cooperation of industries in Bethlehem, and found the plan most satisfactory. For several years in Bethlehem, Pennsylvania, this cooperative form of education was carried on very successfully in cooperation with the Bethlehem Steel Company, and it is advisable to use this plan in school districts where it would be impossible for financial reasons to establish vocational schools that would give the pupils adequate training and preparation. This idea of cooperative education owes its origin to the pioneer work of Professor Herman Schneider, a graduate of Lehigh University and for many years the head of the Department of Cooperative Engineering in the University of Cincinnati. It became nationally known as the "Cincinnati plan," and from its successful results with college students it has been adapted with equal success in many high schools in communities where a separate vocational school has been out of the question.

The subject of Professor Heberling's next lecture on November 30 is "Through the Adolescent Years." This lecture should prove of especial interest to those who are concerned with problems of children of junior and senior high school age.

## GIRL RESERVE NEWS

The meeting of the Girl Reserves Tuesday night was opened by the president. The minutes of the meeting were read and approved.

Some members of the Girl Reserves are buying books called "An Adventure Book for Girls," to help them in their work. An account of the Girl Reserve play, called "Scheming Sis," was reported, and was said to have been successful. It was given to help out the Sunday School entertainment.

It was suggested that a Mother and Daughter banquet be given. A committee was appointed to find out what could be done to develop this idea.

It was also suggested that some of the girls get together and go to the YWCA pool in Philadelphia. There will be no meeting of the Girl Reserves on the 21st of this month.

Margaret Weller, Secretary.

## BASKETBALL AND DANCE

The Christ Church Boys' Club has arranged a basketball game and dance in the Christ Church gym, Monday evening, November 21, The M. E. Tabernacle will be played. All are invited to have a good time. Admission, 50 cents per couple. Adv.

## RIVERTON COUNCIL NOT READY TO GIVE LAND FOR SCHOOL

(Continued from Page 1)

often giving off very objectionable odors, besides being dribbled along the streets.

Mr. Shawell said he had spoken to the operator of the wagon many times but that no permanent improvement took place. The real responsibility for correcting this condition, he said, rested with the Board of Health, that after Council made the contract, the matter of the proper collection of the garbage was then up to the board.

The report of the building inspector was read, showing grants made for building operations amounting to \$17,675, and fees for permits in the sum of \$40.

The medical inspector made a return of fees amounting to \$4.

The following bills were ordered paid:

**BOROUGH ORGANIZATION**  
Curtin & Brockie, burglary insurance, \$2.15

C. Kenneth Davis, Treasurer's Bond, two months, \$1.25

**FINES AND WATER**  
Public Service Elec. & Gas Co., electricity, 1.50

Public Service Elec. & Gas Co., electricity, 3.00

Clinton B. Woolston, gas oil, 44.16

**HIGHWAY**  
J. S. Collins & Son, Inc., supplies, 2.75

John W. Carhart, work on streets, 134.00

Clinton B. Woolston, gas, oil, 44.38

**LIGHTING**  
Public Service Elec. & Gas Co., lighting, 150.00

Public Service Elec. & Gas Co., lighting, 213.28

Public Service Elec. & Gas Co., lighting, 17.23

**ELECTION**  
Walter L. Bowen, registry and election notices, 46.32

**SEWER**  
John W. Carhart, cleaning sewer, 6.00

**GARRAGE**  
J. L. Fisher, collection, 160.06

**POULTRY**  
William Quigley, salary to 11-30-27, 140.00

Walter G. Miller, salary to 11-30-27, 140.00

John Carlson, salary to 11-30-27, 120.00

N. J. Bell Telephone Co., services, .75

N. J. Bell Telephone Co., services, 4.50

N. J. Bell Telephone Co., services, .75

Public Service Elec. & Gas Co., traffic lights, 7.84

Clinton B. Woolston, oil, gas, etc., 16.77

Albert McCombs, school zone signs, 25.42

Wanamaker & Brown, cap., 3.00

C. Williams, repairs to parking sign, 1.00

**BOARD OF HEALTH**  
Dr. H. B. Marks, reportable diseases, 3.10

Cash on hand, 200.00

D. M. Clifton, 200.00

The meeting adjourned at the call of the chair.

**Not Ready to Give Land**

After the motion to adjourn had been passed the mayor said he would like the members of council to remain, as he had some matters he wanted to talk over with them.

When the members of the council who had attended the meeting to observe their governing body in action had disappeared, and the door had been closed, the mayor said that the School Board wanted a piece of memorial park on which to erect a new school building.

In the event of such building being authorized by the citizens, and asked if the members of council would authorize him to take back to the board the desired consent.

After an animated discussion the members of council refused to grant the mayor's request, the consensus of opinion being that it would be time enough to decide about granting the land after the citizens of the borough had decided whether they would authorize the erection of a new building or an addition to the present one.

This action came as somewhat of a jolt to the mayor who had previously assured the School Board that there would be no trouble about getting a piece of the park on which to put up a new school.

The councilmen made it clear that they were not refusing to grant the ground for a new building, but first wanted to find out whether or not a new building was going to be erected.

**"Get Before the Horse"**

In speaking of the matter later Councilman Williams recalled that he was a member of the committee several years ago, which discussed what form Riverton's memorial to its soldiers should take, and that when it was decided it was to be a park, the thought was expressed that at some future time a portion of it might be used for school purposes.

"But before I vote on the land question," said Mr. Williams, "I want to know whether a new building is necessary, or the present one can be added to and remodeled to meet the educational requirements of our children. I want the boys and girls of the borough to have all necessary school facilities and advantages, but a new school will cost a lot of money, and with the \$25,000 still due on the present school building, in addition to the other outstanding financial obligations of the borough, I feel that the School Board should present to the people an alternate plan of fixing up the building we have, instead of talking only of a new one. When this has been decided by the people, it will be time enough to give the land to the School Board if they need it. To talk about it now is putting the cart before the horse."

## BIRTHDAY PARTY

The home of Mr. and Mrs. William Barr, "Lo-out Farm" was the scene of a gathering on Thursday evening. The occasion was Mrs. Barr's birthday, and a large number of her relatives and friends assembled there to wish her "many happy returns of the day."

Mrs. Barr received many lovely gifts. Refreshments were served and all had a delightful evening.

The guests were: Mrs. James Barr, Miss Betty Barr, Miss Agnes McDonough, Mr. and Mrs. Joseph McDonough and Mr. and Mrs. Joseph Barr of Camden; Miss Rose Allsimer, Mr. and Mrs. Joseph Schwartz, Mrs. Sarah Sexton and Mr. and Mrs. William Barr, Jr., of Riverside; Mr. and Mrs. William O'Donnell, Mr. and Mrs. Edman Thomas, Mr. and Mrs. F. J. Barr, Mr. and Mrs. Edward Barr of Palmyra; Mr. James Call, Miss Mary Call, Mrs. James O'Donnell, James O'Donnell, Jr., Mrs. Susan Gorman of Moorestown, and Misses Anna and Mary Barr, James Barr and Michael Gorman.

## ALBERTSON RETURNS

William H. Albertson returned last Friday night from a three weeks' trip to Akron, Ohio, where he took a course in vulcanizing at the Firestone School of Instruction.

"The School is wonderfully equipped and the Firestone Company spares no expense at all to teach their dealers how to properly vulcanize a tire, and believe me there is a lot of work to it out there," Mr. Albertson said when asked about the school.

In the short week Mr. Albertson has been home he has had several tires to vulcanize.

## RIVERTON ITEMS

A Mission is being conducted this week at the Sacred Heart Church with masses every morning at 6:15 and 7 o'clock, and evening services at 7:45 p. m.

Mr. and Mrs. Walter Reeve and Mrs. Alice Illman were weekend visitors in Trenton.

Doris Jermon entertained a number of friends on Armistice Day in celebration of her third birthday.

Robinet Cole has broken ground for a new home on Midway.

Miss Marjorie Combs of Grand Rapids, Mich., visited Mrs. John Carhart last Thursday.

Mr. and Mrs. John Nickles, of Riverton, and Mr. and Mrs. Benjamin Guest, of Camden, spent Sunday with Mr. and Mrs. Charles Hallings, of Moorestown.

Miss Amy Milton spent the weekend with Mr. and Mrs. R. W. Turner of Oaklyn.

Remember the card party to be given by the Auxiliary of the Riverton Fire Company next Wednesday evening, November 23. Cards will be followed by dancing and a good time is assured. Tickets 50c.

While working on a house in East Riverton last Monday, Ed Kapus fell from a ladder and broke his nose. Ed's face was badly bruised and his mouth cut. Kapus fell about 14 feet when a ladder he was working on slipped.

Leslie B. Reeves injured his neck last Saturday while playing football for the Delanco eleven. The ligaments and muscles in the left side of his neck were torn. Leslie was taken to the Riverside Hospital but was brought home Saturday night where he has been confined to his bed for several days. No one was near Leslie at the time of the injury. He had jumped to catch a forward pass and turned over in the air, landing on the back of his neck.

Mr. and Mrs. Ogden Faunen, of East Riverton, tendered his father a surprise snapper dinner Saturday evening in honor of his seventieth birthday anniversary. Guests were present from Camden, East Riverton, Riverside and Delanco.

Loren B. Smith, Entomologist in charge of the Japanese Beetle Project, located at Moorestown, is spending several days in Ottowa, Canada, where he is attending a convention. Mr. Smith has recently become a member of the Rotary Club of Moorestown.

Charles Stewart has a new Marmon sport roadster.

**A RARE SPECIMEN**  
Many trophies of gunning trips are displayed in barber shops, drug stores, insurance offices and many other business houses, but the rarest

animal to be shown in Riverton is to be seen in the west window of the Riverton Market House.

This almost extinct animal is about the size of a rat and has a very peculiarly shaped head and body. Its legs are very slim for the size of the body but the little mammal can travel at lightning speed.

Don't miss an opportunity to see this rare animal. If you do not know what it is ask anyone in the store.

Give the  
Children  
**BREYER'S**  
ICE CREAM  
on  
THANKSGIVING

Children expect some sort of sweets on Thanksgiving. Ice Cream is a health food as well as a delicious confection, when prepared the way BREYER'S is.

## PALMYRA HIGH LOSES B TITLE AT MOORESTOWN

Quakers Hand Red and White  
Surprise Defeat by  
6-0 Score

### LOCALS FAIL TO STOP FOE'S AERIAL ATTACK

Victors Also Gain Many Yards  
Through Line; Holiday  
Crowd Sees Fray

Palmyra High School, over-  
sighted from 11 to 5 defeat of  
Burlington High School the week  
before, lost to Moorestown High  
School last Friday afternoon before  
a large Armistice Day crowd and  
therefore lost the Burlington Coun-  
ty title. The final count was Moore-  
stown 6, Palmyra 0.

This defeat, together with Vine-  
land's tie at Millville's hands last  
Thursday, leaves Palmyra the only  
unbeaten or untied class "B" eleven  
in South Jersey scholastic ranks.  
Moorestown's victory came as  
one of the greatest upsets in class  
"B" standings. It was also a sur-  
prise to both Palmyra and Moore-  
stown as Moorestown had lost to  
Burlington, 6 to 1, while the Red  
and White tumbled Coach Tice's  
proteges 7 to 0.

However, Innesburg's combination  
showed real power on their home  
field which was combined with a  
staunch defense. Palmyra lacked  
the usual defense and its ability to  
break up the "Quakers" wonderful  
passing game. The only score of  
the day came about in the third  
period via the air route when Cap-  
tain "Alex" Matchett, veteran of  
many games, tossed a 35-yard for-  
ward pass to "Bill" Cusworth, sub-  
stitute halfback, that placed the  
pikman on Palmyra's five-yard line.  
Palmyra's clever line held Matchett  
to a standstill for two downs, then  
Charlie Juliana, a "Quaker" all-  
around athlete for several years,  
pushed his powerful frame across  
the final two feet to Palmyra's goal  
for the only six-pointer of the hol-  
iday bill which was witnessed by  
nearly 2,000 fans.

Moorestown Shines  
Although the game was termed a  
battle because of its low score,  
Moorestown did most of the football  
playing. Palmyra displayed a fine  
game the first quarter but after that  
its defense faltered and was lucky to  
hold Moorestown to one lone touch-  
down because the "Quakers" re-  
turned for into the Quakers' territory  
several times by virtue of yardage  
gained by its splendid aerial attack.  
Palmyra also had trouble in break-  
ing up Burlington's air attack the  
week before and showed no im-  
provement in this part of the game.

### Palmyra Lassies Lead at Hockey

High School Team Tops League  
by Defeating Pitman,  
3 to 1

The last of the unbeaten teams in  
the South Jersey interscholastic  
Girls Hockey League fell last week  
when Palmyra beat the Pitman  
squad, 3 to 1, in a hard-fought fray  
at Pitman, thus taking the league  
lead Wednesday afternoon. This  
was the only game played on Wed-  
nesday and saw the leadership  
change hands again, Palmyra tak-  
ing the honor, having played one  
more contest than the rest.

Miss "Kitty" Burr, Palmyra's  
centre forward, and outstanding in-  
dividual scorer of the league, con-  
tinued her fast pace at the expense  
of the Pitman team, making two of  
the winner's three goals and run-  
ning her total to 16.

Palmyra displayed stellar offen-  
sive tactics and great teamwork in  
the first half and gained a 2 to 1  
advantage which it kept for the  
remainder of the game. Miss Wal-  
lace and Miss "Kitty" Burr, respec-  
tively scored Palmyra's two goals  
in the first 35 minutes of play.

Miss Burr again registered in the  
second half for Palmyra's third  
marker.

Pitman's lone score came in the  
first half as the result of a wild  
shot by Miss Adelaide Dugan, cen-  
tre forward, who came through  
with a vicious swing that sent the  
ball past the Palmyra goal-tender,  
Richard at right halfback, estab-  
lished fine form on the defensive, while  
Miss Margaret Jenkins, Palmyra's  
captain, Miss Grace Stippel and Miss  
Maxine Melisner, star swimmers, al-  
so played well for the winners.

Palmyra's right wing, Mar-  
r Kersey, right inside, Chew  
K. Burr, center forward, Dugan  
Harding, left inside, Ewe  
Burr, right halfback, Schuch  
Burr, left halfback, A. Tigue  
Mettner, right halfback, Shoulders  
Hassel, right fullback, Clark  
Stippel, left fullback, S. Tigue  
Good, goal, Hostwick.

Score by periods:  
Palmyra 3, Pitman 1.  
Goals—V. Wallace, K. Burr, S.  
Dugan. Substitutions—Macintosh  
for Chew; Mayhew for Shoulders.  
Referee—Mrs. Rebecca Browning.  
Time of halves—35 minutes.

### PALMYRA WINS

Pool "Sharks" Defeat Ancient Rivals  
at K. of C. Home

Palmyra defeated its ancient riv-  
als, Riverton, last week. This con-  
test this time was a pool match,  
100 points to a bullet. The place  
was the K. of C. Home.

Palmyra's sharks were Frank  
Harper and "Curly" Flynn. The final  
count was 100 to 90.

Riverton's ace artists were Wal-  
ter "Bones" Wright and Harry  
Burns, who subbed for Herb  
Schneider.

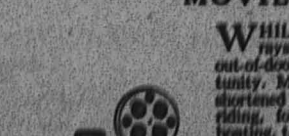

The contest was close throughout.  
Harper won the game for Palmyra  
when he made a wonderful shot  
for the 100th point. Had he failed  
in this "snitch" after being held  
tight by "Bones" Burns would  
have more than likely ran out as  
Riverton needed but four balls.

Another match is being arranged  
with Riverton's two best men.

### CHICKEN SUPPER

by the Ladies' Auxiliary of the  
Knights of Columbus, Broad and  
Elm, Palmyra, Thursday evening,  
December 1. Supper from 5.30 till  
8.00. Donation 75c.—Adv.

### Take AUTUMN MOVIES

with a  
BELL & HOWELL  
MOVIE CAMERA

WHILE summer still lingers in the mellow  
rays of the autumn sun—take movies. Every  
out-of-door lot of recreation is a movie oppor-  
tunity. Many a long winter evening will be  
shortened with your own film movies of golf,  
riding, football games, mother and children,  
boating, travel—the fun that autumn affords.

Think of it—only two simple operations  
necessary to take movies with Film. Look through the  
view-finder, press the button, and "what  
you see, you get." Up to twenty action scenes are  
taken on one loading of film. No extra charges for  
developing. Then touch a button and Film  
Projector shows your movies exactly as you saw  
them in life.

Let us demonstrate Film to you, here or  
at your home. Own a Film on our easy payment  
plan. Ask for particulars. Come in or phone.

## PALMYRA NOTES

Mr. and Mrs. George Seel, Joseph  
Seel and the Misses Adeline and  
Virginia, were guests of Mr. and  
Mrs. Stanley Hatch in Germantown  
on Sunday.

Mrs. A. H. Green has returned  
home from State College, where  
she was visiting her son, Prof.  
George Green.

Mrs. E. D. Dorsey, of Atlantic  
City, a former resident of Palmyra,  
was visiting friends here on Mon-  
day.

Mrs. Wesley Huett entertained  
her father and brother, Ella, from  
Broadway, Va., this week. On  
Wednesday the brother left for  
Florida.

Mrs. Frank H. MacCormack has  
returned home from the Presbyter-  
ian hospital, where she underwent  
an operation. At last reports she  
was improving.

Mrs. William Blundin, of Ocean  
City, visited her aunt, Mrs. George  
Seel, Monday and Tuesday.

Mr. and Mrs. William Cooper  
moved from Garfield avenue to 523  
Cinnaminson avenue Tuesday.

A number of classmates tendered  
Miss Kathryn Johnson a surprise  
party Tuesday night.

Mr. and Mrs. C. W. Randolph  
spent Sunday with Mr. and Mrs.  
Stanley Thomas in Narberth, Pa.

M. W. Willis of Columbia avenue,  
in driving a new car around town, a  
yellow 1927 Buick.

Mr. and Mrs. W. L. Rich, of  
Perry avenue, visited Mr. and Mrs.  
Joseph R. Vigne, of Keyport, Sun-  
day.

The Rev. George Lockett has  
been suffering with a severe cold.

Mr. and Mrs. Albert Parker, of  
Cranford, N. J., are receiving con-  
gratulations on the birth of a son,  
Albert Edwin, on November 9th.

Mrs. Parker will be remembered  
as Miss Ellen Griffiths, of Palmyra.

Mr. and Mrs. J. Wilbur Mathews  
of Washington avenue, entertained  
at bridge Friday evening.

Mayor-elect George N. Wimer and  
Harold H. "Boots" Laver witnessed  
the Lawrenceville-Moorestown foot-  
ball game at Lawrenceville Saturday  
afternoon.

J. Wilbur Mathews, Harry W.  
Hubbs and Horace Rowland attend-  
ed the football game between the  
Frankford Yellowjackets and Cleve-  
land Panthers at Frankford Stadium  
on Saturday afternoon.

The Palmyra Schools will be  
closed Thanksgiving Day and the  
day following for the Thanksgiving  
holidays.

An evening at Buch's Drug Store  
caught fire Monday evening from a  
cigarette which was tossed into a  
cigar. The entire awning was de-  
stroyed.

Mr. and Mrs. T. F. Miller, of  
Burlington, and Mr. and Mrs. A. H.  
Cramer, of Palmyra, motored to  
Shamokin, Pa., on Saturday and  
returned home Monday.

Walter and Thomas Price were  
tendered a birthday surprise party  
Tuesday evening.

Miss Hope Kershner, of Phelps  
Manor, who visited friends in  
Palmyra on Sunday.

Mrs. Raymond Weber and son  
Jack, of Rockland, spent Sunday  
with her parents, Mr. and Mrs.  
Harry Kemmerle, Jr.

Miss Helen Halnes entertained  
fourteen of her young friends at  
her home Saturday evening in hon-  
or of her birthday. After a very  
pleasant evening spent in playing  
games and singing, refreshments  
were served, and the young folk re-  
turned to their homes at a late  
hour wishing each other many happy  
birthdays.

We were asked recently from  
what source we received items about  
the doings of Palmyra students at  
the various colleges. Most of these  
items are sent to the home town  
newspapers by the college press  
bureaus.

Violet McCrudden, of Moore-  
stown, was taken to the Jefferson  
Hospital Wednesday morning by  
"Boots" Laver in the Palmyra am-  
bulance.

Palmyra will play the strong  
Marion team in a Burlington coun-  
ty League Basketball contest this  
Saturday night in the Palmyra M.  
E. Church gym.

Mrs. E. Taylor entertained at  
luncheon Wednesday at her home  
on Garfield avenue.

Miss Elizabeth Hires, of Cinnam-  
inson avenue, will entertain at  
bridge this Saturday evening.

Mr. and Mrs. Leonard R. Baker  
and family motored to Port Eliz-  
abeth Sunday and visited Mr. and  
Mrs. Pyle.

Dr. and Mrs. James B. Brown en-  
tertained at cards Saturday evening.

### TITANIA'S PALACE

The great world-famed palace of  
Titania, the Fairy Queen, has come  
to Philadelphia from Ireland. It  
has taken sixteen years to build  
this miniature palace and thirty  
years to collect the works of art  
which are found in this tiny abode  
of the Fairy Queen.

The building of the palace was  
the idea of the little three-year-old  
daughter of Sir Neville Wilkinson,  
British artist, who designed and  
built most of it.

The palace will be shown at Gim-  
bel's store, November 22 to Decem-  
ber 5 inclusive for the benefit of  
the children in the Philadelphia  
Home for Incurables.

Admission for adults 50 cents  
and children 25 cents.

## Palmyrians Use Holland Tunnel

Description of Great Engineer-  
ing Feat and Its Effect on  
Inter-State Travel

By the opening of this tunnel  
to public travel at 12.01 a. m.  
Sunday last one of the world's  
greatest engineering feats was  
brought to a successful finish.

C. O. Melcher and Mrs. A. C.  
Bender, of Palmyra, passed through  
the tunnel at 11 a. m. Sunday  
November 14th, the first from  
a motor trip to New York and Long  
Island, and are the proud posses-  
sors of cash register check No. 222  
dated 11-13-27. On the reverse  
side of the check are instructions  
for motorists in the form of  
"Do's" as follows:

No smoking in the tunnel. No  
lights to be burning.  
Maximum speed 25 miles per  
hour. No changing of tires.  
Do not turn from lane in which  
you enter.

Keep 75 feet from the car ahead.  
The tunnel resembles a tiled bath  
room and is brilliantly lighted and  
the air therein is changed 42 times  
per hour. This system of ventila-  
tion is almost as great an engineer-  
ing feat as the building of the  
tunnel. The top of the driveway is  
75 feet below the surface of the  
Hudson River and the bottom is  
35 feet below the surface. The  
down grade is 3 1/4% and the rise  
is but a 3/4% grade. The distance  
under water is 5,480 feet or 200  
feet more than one mile and the  
entire length is 5,200 feet.

The cost of construction was  
\$44,000,000, of which \$10,000,000  
York paid one half from its State's  
treasury and the balance was paid  
by New Jersey from a bond issue.

To refund this vast sum will take  
approximately fifteen years as the  
annual capacity of the tunnel is  
5,000,000 vehicles, which will pay  
from 25c for a motorcycle to \$2  
for a large truck.

When it is remembered that it  
took seven years to complete the  
tubes and in addition to the mon-  
etary cost it also collected the lives  
of 15 workmen and two engineers,  
one for whom it is now named,  
Clifford M. Holland, and the second  
engineer, Milton H. Freeman, for  
whom the New York approach is  
named, the public can in a measure  
realize what a monstrous under-  
taking an artery of travel of this  
nature means.

Besides the convenience for mo-  
torists and the quickness between  
two States separated by a mile-wide  
stream of deep water, many lines  
valled in heavy ton, the real vital  
feature will be apparent when the  
Hudson again becomes unnavi-  
gable for a couple of days or more  
on account of ice, as was during  
the winter of 1918. It is impossible  
for New York City to store a large  
enough supply of the necessities of life  
within its own confines for a popu-  
lation of 7,000,000 if the supply  
was stopped for more than one  
day, and at the waters of the  
Hudson separate the consumer  
from the producer, an unobstructed  
way of travel is vitally necessary  
and is now available.

In order to obviate as much as  
possible any delay in the tubes from  
stalled cars there is a fixed charge  
for moving cars whose motors have  
gone wrong, and a greater charge  
for cars that are stopped on ac-  
count of "no gas." The former may  
be an accident, the latter is due to  
carelessness, therefore it behooves  
a motorist to be certain that his  
gas tank will not run dry while in  
either of the Holland tubes. As it  
is expected that the maximum ca-  
pacity of 5,000 cars per hour will  
many times be exceeded, one can  
realize how quickly a stalled car  
will create a traffic jam and incon-  
venience a vast number of people.

### COMMUNITY WELFARE

Report for investigation all cases  
of need or distress to the Presi-  
dent, George N. Wimer, 15 E.  
Broad street, or phone Riverton  
217 or 990. Contributions of mon-  
ey will be appreciated.

Garments, food and other sup-  
plies can be used to advantage. The  
Association will be glad to know of  
positions that are vacant as a num-  
ber of wage earners are out of  
work and we would like to help  
them help themselves.

Armistice was signed.

November 12  
Edwin Booth, famous Amer-  
ican actor, born 94 years ago.

November 14  
Robert Fulton, inventor of  
the steamboat, was born 162  
years ago.

The University of Pennsylv-  
ania was founded 187 years  
ago by William Penn.

180 years ago Continental  
Congress adopted Articles of  
Confederation.

November 16  
Twenty years ago Oklahoma  
was admitted to the United  
States.

November 17  
Sixty-four years ago the  
state of Knoxville, Tenn., be-  
gan.

### FINED \$200

Colored Man Found Guilty of Driv-  
ing While Intoxicated

William Banner, colored, of Riv-  
erton, who was held under \$400  
bond for driving his car while in-  
toxicated and striking another ma-  
chine driven by Edward Alkinson,  
of Palmyra, last Friday night, No-  
vember 11, opposite the Broadway  
Palace, Palmyra, was fined \$200  
and his license was taken away at  
a trial before Justice of the Peace  
William L. Fichter, Tuesday night.

Alkinson was knocked unconscious  
and his car badly damaged in the  
accident.

Banner was arrested by Officer  
Joe Rodgers and taken before Dr.  
A. P. Lore, who said he was not  
sure the man was drunk. Banner  
was released by Rodgers and when  
he drove his car up Broad street,  
nearly hitting a bus and two other  
cars he was again arrested and taken  
before Dr. H. W. Bauer, who  
pronounced the man intoxicated.

At the trial, Justice Fichter was  
convinced that the man was drunk  
and thus the \$200 fine was imposed  
and the driver's license taken away.  
Isadora S. Worth, of Riverside, re-  
presented the defendant while Joseph  
S. Law, of Palmyra, was the prose-  
cutor for the Borough of Palmyra.

### DRIVER FREED

Witnesses Unable to Identify Man  
in Auto Crash

Gene Martin, of 517 Laurel  
street, Beverly, who was held under  
\$200 bond for driving his car  
while intoxicated and striking an-  
other machine owned by Sol F.  
Silberman, of Jenkintown, on the  
night of November 6 on the Riv-  
erton Road near the Burlington Pike,  
Cinnaminson Township, was dis-  
charged by Justice of the Peace  
William L. Fichter, at a hearing in  
Palmyra Police Headquarters Mon-  
day night. There was not sufficient  
evidence to prove that Martin was  
driving the car at the time of the  
accident.

Silberman was cut by glass and  
suffered bruises in the collision.  
He was treated at a Philadelphia  
hospital. Martin was arrested by  
Officer Lawrence Betty the night  
of the accident and pronounced in-  
toxicated by Dr. H. W. Bauer, of  
Palmyra.

At the trial Dr. Bauer would not  
swear that Martin was the man he  
pronounced drunk. On the night  
of the accident the man was band-  
aged about the head and face.  
Nevertheless Officer Betty asserted  
Martin was the same man.

Martin was represented by Sil-  
berman's attorney, Mr. Holly Lawler. Sil-  
berman also would not swear that  
Martin was driving the car which  
struck him as he dropped his head  
when the crash came.

## Calvary Presbyterian

C. T. Bates, Minister

Calvary Presbyterian Church is again enjoying a full program of worship. Sunday morning at 11 o'clock and evening worship at 8 o'clock, preceded by a service of worship in music on the organ at 7:45. Sunday School for all departments at 10 o'clock.

Last Sunday a Men's Bible Class was formed with Mr. Datis Reed as teacher. This class will meet at 10 o'clock in the Social Hall and will not have any part in the service of the regular Church School. Enter at the Church School door and go directly to the basement.

Next Sunday, November 20, there will be organized a new Bible Class for Women and the teacher will be Mrs. George J. Newton.

Young People's Devotional Services will be held in the Church School at 7 o'clock.

Friday and Saturday, November 17 and 18 the young people of the church will give a comedy entitled "If It Rains." Tickets are seventy-five cents, and the proceeds will be applied to the building fund. All members of the congregation are urged to encourage the young people with their presence.

The Women's Mission Study Class (third lesson) will be held in the Church parlour at 8 o'clock Friday, November 18th.

Today and tomorrow the Golden Hour Circle will hold a Rummage Sale in the Bastian store, 512 Main street.

The Golden Hour Circle will hold their regular meeting at 8 o'clock in the church parlour tomorrow evening.

There will be no mid-week service on Wednesday, November 23rd, but on Thanksgiving morning there will be a union service of the churches of Palmyra and Calvary Presbyterian at 10:30. Rev. George J. McCormack will be the preacher.

## Taubel's Mill

The time has come for parting. It fills our hearts with pain. To think we never more will work in Taubel's Mill again.

Many days we spent together. One great large family we. The Boss was always with us. Just as jolly as could be.

Should we live to be a hundred. We will always get a thrill. When we look back on the happy days we spent in Taubel's Mill. (days)

An Employee.

It's come to that place in the fur business where the word "squirrel" covers a multitude of skins.

## EPISCOPAL

Christ Church, Parry Ave.  
Rev. G. J. McCormack, M. A., L. Th.  
Rector

The picture entitled "The Torch-bearer" showing a weary runner just at the point of collapse, holding out his flaming brand for an eager young hand stretched out to grasp it and carry it on, has always inspired us.

Thus we run the great adventure called life. Striving to pass on the light undimmed, though sadly conscious at times that we have allowed the pure lambent flame within us to flicker very low. They who come after us do start at least with a very wonderful opinion of our capacities, and how small we feel when at times they seem to become conscious that the light in us is not the flaming beacon it once to their wondering eyes seemed to be.

Last night my little boy confessed to me some childish wrong. And kneeling at my knee he prayed with tears:

"Dear God, make me a man, like Daddy, wise and strong: I know you can!"

Then while he slept I knelt beside his bed, Confessed my sins, and prayed with low-bowed head:

"O God, make me a child, like my little boy, Pure, guileless, trusting Thee with faith sincere!"

You remember those stirring lines concluding with—

"Thus they all with a joyful mind, Bear through life, like a torch in flame, And falling—fling to the host behind, Play up!—and play the game!"

Immediately after evensong on Sunday there will be a short meeting of the congregation in the Parish House to perfect plans for the visit of Bishop Knight. We are hoping for a record attendance.

Monday, Nov. 21st at 2:30 p. m. there will be a meeting of the Women's Auxiliary.

Mrs. Whitmer will be at the Parish house on Nov. 19 in the afternoon to receive donations for the Pantry Shelf.

Sunday evening will feature the second of the "Question Box" series. It promises to be just as interesting as the first was.

Services for the 23rd Sunday after Trinity: Holy Communion 7:30 a. m. Morning Prayer and Sermon 10:30. Subject: "What Language do you Speak?"

Sunday School 2:30 p. m. Evensong 8:00. "The Question Box."

"Gabriel is said to have come swiftly to Daniel while he was

speaking and praying. He would need to come very swiftly indeed to most of us if he is to catch us on our knees!"

## COAL is MONEY

The money you pay out for coal when you buy it here is not just so much money burned up—rather it is a definite amount of your income invested in heat delivered. It is our business to see that you get satisfactory returns for the money you have invested, and we believe our customers will stand back of our claims that we do.

## FIRST LUTHERAN

Rev. William M. Erhard, Pastor

Miss Florence Haasle, a noted violinist of Philadelphia, will be with us to aid in the service of worship next Sunday morning at eleven o'clock sharp. The usual Thanksgiving service is 11:45. In the it is highly desirable to be through with the service by the usual time, if not indeed before, it was thought best to move it up to the hour of eleven.

The usual form of service will not be used, but instead a special program of music, including anthems by the choir, piano and violin solos, Miss Haasle having four numbers, and a short exhortation on the text, "What Shall I render unto the Lord, for all his benefits to me?" after which there will be a commissioning service from the altar for the men who shall make the "Every-member" canvass in the afternoon of the same day.

Our "Thanksgiving Jubilee" aims in no way to take the place of the union service on the morning of Thanksgiving, but is a great success, if you are free to ask questions on any matters pertaining to our church, to give your suggestions, or to lodge complaints, as you see things.

The men will be glad to explain any feature about which you may be in doubt. The campaign should be a great spiritual success, for the men in a visitation such as this, are sent out by the church, as Christ sent out the seventy, for service both in behalf of individuals and of the church as a whole, and as early church appointed stewards.

Prayer meeting Thursday evening at eight o'clock, at which time we shall continue the open forum discussion and study of parables. Let us meet together to pray over the matter of our coming canvass.

On Friday and Saturday evenings, November 25 and 26, the Dramatic Club of the First Lutheran Church will stage the play: "Come Out of the Kitchen." In the High School building. Tickets are being sold by all organizations of the church. Wives and husbands are urged to "leave their kitchens for a short time" to see how others handle their kitchens.

The amount of entertainment that will come to yourself and your family from a CROSLY BANDOBOX is so great that we would not try to measure it. We would like to install one on trial—no obligation to you.

I have opened at Radio Shop at 107 E. Broad, Palmyra where I have a display of Crosley Radios and Electrical Fixtures.

I will also have a supply of Christmas Novelties.

## BAPTIST CHURCH

Rev. George Lockett, Pastor

November brings to every true American heart a picture of those early Pilgrim days in New England—the landing on that bleak winter shore, the dreary, and slow dragging of those cold months, the coming of Spring and crops and then the glad first harvest in this new land, and the declaration by the Governor of Massachusetts that a day be set apart for public thanks to God for the harvest. And the Pilgrims gathered in the Meeting House and thanked God.

How our hearts leap as we picture that far off day. How good it is to feel that they stood firm, and having stood, reaped the reward, and gave thanks to God. They were real men in those days!

Each year now, and for many years our President, and the Governors of our states have issued proclamations calling people to meet in their churches and to give public thanks to God for all his gifts, mercies and blessings. If those in that bygone day had cause for thanks, how much greater is our cause today.

Sunday's services in the Central Baptist Church will both be in special observance of Thanksgiving. The pastor will preach inspiring sermons both in the morning and evening, and there will be special appropriate music.

The union service on Thanksgiving morning will be held in the beautiful new Presbyterian Church and the Rev. George J. McCormack, Rector of Christ Episcopal Church will deliver the Thanksgiving sermon. All our members are strongly urged to be present for this inspiring community service.

Miss Esther Yerkes is to be the leader at the BYPU meeting on Friday evening.

Remind the kiddies of their appointments at the "Happy Hour" on Friday afternoon.

The monthly thimble party by the Philathea ladies will be moved ahead one week due to Thanksgiving Day and will be held on Thursday, December 1, at the home of Mrs. Waller.

On the evening of December 1 the Samaritan Class is preparing something fine in the way of entertainment for all of us.

Count your blessings! Name them one by one, and it will surprise you what the Lord hath done.

A REAL

THANKSGIVING

EPWORTH METHODIST  
EPISCOPAL CHURCH

J. William Lee, Minister

The welcoming doors of our Church School will swing open at 10 a. m. Teaching, training and inspiration will all be the happy hour. Church worship at 11:15 a. m. The organ numbers will consist of "Melody in F," by Rockwell.

"Recessional," by Ashford. Processional, "Come Ye Thankful People, Come."

Anthem, "And God Said, Let the Earth." Sermon, "The Person and Work of the Holy Spirit." Second sermon in series on "The Foundations of our Faith."

The devotional meeting of the Epworth League at 6:45 p. m. will be led by Miss Kay Green. Topic, "Kingsman of Christ."

Evening worship at 7:45, Washington Camp No. 23, Patriotic Order Sons of America, will attend in a body.

Sermon topic "Thanksgiving Harp Strings." The following musical program will be rendered:

"Song of Thanksgiving," by Ashford. Processional, "How Firm a Foundation."

Anthem, "Praise the Lord, O Jerusalem." Postlude, "Jubilant March," by Solly.

It will be a rare treat to hear the "boys" sing "The Battle Hymn of the Republic," "Nearer My God to Thee" and "My Country 'tis of Thee." Enjoy the evening with us. Thursday at 4 p. m. the Junior League.

The K. K. K.'s will be in Epworth Temple on Thursday night at 8 o'clock.

You will enjoy the K. K. K.'s, which means The "Kitchen Cabinet Concert," given by the ladies of the Adult Bible Classes. Some of us have long known of the power of the rolling pin, so soothing and sleep producing, but there are other utensils of the kitchen full of music. The costumes will be presented. Admission 35 cents. Come and be convinced.

Class meeting on Friday 8 p. m.

## This Week

By Arthur Brisbane

WHEN THEY STEAL ENOUGH.  
WOMEN NOT EXTRAVAGANT.  
A PROBLEM FOR JUSTICE.  
TWO ARE SEVEN OR EIGHT.

The theory that you are safe in America if you steal ENOUGH may be shaken by the trial at Washington of gentlemen accused of stealing the Government's oil supply, by bribing the Secretary of the Interior.

The trial was halted and the jury dismissed by the judge on evidence as to the "fixing" of jurors.

If it can be shown that money was used to fix jurors in this case, the fixers might go to jail.

However, if big thieves can bribe a Secretary of the Interior and escape punishment, even with the Supreme Court officially denouncing their dishonesty, bribing a juror or two may not make much difference.

After all the talk about "extravagant women" you will be interested in this fact, provided by the United States Department of Labor:

Men, on the average, spend more for their clothes than women. The average for husbands is \$71.38; for wives, \$63.55.

Women are the economical half of the household, making ends meet, denying themselves for their children and the future. No man knows it is not to know women or men.

A killing that will puzzle the jury comes from McHenry County in Illinois. The police announce that William Schmacher, twenty-eight, was innocent of the charge that he had killed his father.

Schmacher told them "You are wrong. I waited for him to come into the barn, pulled the trigger and the shot almost blew his head off."

His father made him work before and after school when he was nine years old, took him out of school for good when he was twelve, and made him do a man's work. He beat the boy's mother repeatedly and knocked her onto a hot stove and left her there, drove a pitchfork into the leg of a younger brother so far that the boy could not pull it out without help.

Just before the murder he knocked his wife to the floor with a blow on the chin, accusing her of infidelity, saying a farmhand was the real father of the twenty-eight-year-old son.

That son killed him. The neighbors corroborate the story of cruelty.

It will not be easy to get a conviction in that case.

The city of Syracuse spends on motoring seventeen cents out of every dollar of income—and old-fashioned finance, wagging its head, says "extravagance." Buying new automobiles takes ten and a quarter cents, gasoline three and a half cents, and the best investment of seventeen cents on the dollar that Syracuse could make.

If a hoptoad could buy wings for seventeen cents on his dollar and

fly, instead of painfully hopping in the dust, he'd be a fool not to spend the seventeen cents. Automobiling is flying. Get a car if you have not got one, or a better car if you can afford it.

The Vancouver Sun tells you that one hundred ships are chartered to carry 20,000,000 bushels of Canadian wheat from Vancouver to Britain and the Continent in the next three months. All these ships make many cruises necessary for Britain. We, too, should build fast cruisers, for we may some day wake up and have a commercial navy.

Meanwhile, our Panama Canal—through which all the 100 ships of grain will pass—is offered to our Canadian and British brother with no extra charge for the fact that our money built it. They pay just what our own few ships pay. Not every nation would do that.

A fishing boat had drifted four thousand miles when it was picked up off our northwest coast. White bones on the deck showed the part that cannibalism had played in the tragedy of the sea.

Two that died, last of all, were intact. The others, seven or eight, had been eaten to prolong the lives of the two. No man can say what he would do under certain circumstances, unless he has been tested under those circumstances.

## Governor Moore Asks Observance

Executive Issues Thanksgiving Proclamation; Material Prosperity Cited

Freedom of New Jersey from epidemics and disasters, prevalence of prosperity and happiness and many material advancements during the past year give the state much to be thankful for, declared Governor A. Harry Moore in his Thanksgiving proclamation issued last week, as follows:

"Again we have come to that season of the year when it is the duty of the Governor to call upon the people of New Jersey to return thanks to Almighty God and to forget not all His benefits," asserted the Executive.

"We have been free from epidemics and widespread disaster. Our people are generally prosperous and happy. The closing year has marked the beginning of the great bridge across the Hudson River, the opening of the new vehicular tunnels, the inauguration and completion of other engineering and industrial achievements, and augurs well for the continued and greater material prosperity of this state.

"While there is much to be thankful for in the contemplation of our material progress and well-being, we should be even more thankful for the fine spirit of helpfulness ever increasingly apparent throughout our state and which after all, is to be expected from a people whose God is the Lord.

"It is eminently fitting and proper that we, as a state, and as individuals, should give expression of our gratitude to the great God from whom all blessings flow.

"Therefore, I, A. Harry Moore, Governor of the State of New Jersey, do hereby set apart Thursday, the 24th of the present month, as a day of thanksgiving, and I call upon all our people and urge that on this day they take time from their customary tasks and gather in their several places of worship to offer up thanksgiving to Him through whom we live and move and have our being."

Social position is relative. It depends on living in a town where people are less important than your self.

Education must seem less wonderful to a boy whose educated dad can't help him in the eighth grade.

It is true love if it endures after hearing her describe \$2,942 different things as "perfectly precious."

## Republicans Feel Objective Gained

Party's Goal Reached With Assurance It Will Control Finances

Political leaders of both parties last week pointed proudly to the results of Tuesday's balloting, in which the road bond issue of \$80,000,000 was ratified and seven state senators and the full membership of sixty in the House of Assembly elected.

Republicans retained control of the Legislature. With the loss of two Assemblymen and gain of one senator, the party will have eighteen votes of the twenty-one in the Senate and forty-six of the sixty in the House. The Democratic organization made a concerted effort to gain a majority in the Assembly by defeating the tickets in Essex and Bergen counties, scene of Republican splits, and the thwarting of this onslaught was hailed as a victory worthy of note.

On the other hand, Mayor Frank Hague, State Democratic leader, considered that the sweeping majority rolled up by his party in its Hudson county stronghold was answered "by the people to the criticism of Jersey City and the cry of Hagueism."

The Republican victory assures that party control of the state finances, the real bone of contention in the election. The term of State Treasurer William T. Reed, Republican, of Camden, expires in April, and it was for the privilege of naming his successor and obtaining a majority on the State House Commission of three, that the Democrats fought.

There will be seven women in the Assembly—three from Essex, three from Hudson and one from Passaic. There were nine last year.

## NICKELS ARE TRUMPS

A Good Cigar at 5c per Winning Smokers Everywhere!

It's hard to believe that a cigar at five cents can be really mild, fragrant, satisfying. Plenty of them are advertised that way. And plenty of them have disappointed smokers who tried them out. Not strange that many men shy at five-cent sellers.

But there is a cigar at that price which really satisfies. There is a cigar at that price which is made of rich, ripe tobacco. A fragrant, mild and mellow cigar which has appealed to particular smokers for thirty years. The name is Havana Ribbon.

Havana Ribbon couldn't please you more if it cost twice as much. And it would cost much more if it wasn't made in tremendous volume, say "Havana Ribbon" to the man behind the counter at any cigar store. All you need is a single nickel and a little faith. Your reward will come when you light up!

## Dr. Frank Crane Says

There's Too Much Concentration at Times

Dr. Oliver Lodge the other day said: "Science pursues a narrow road in search of truth, looking neither to the right nor the left. Well, it will soon have to take its hat off. The roads are not the whole universe. There is a good deal of ground in between. It looks at present like a jungle and thicket—uncivilized. Well, we will have to civilize it."

The fault to which Dr. Oliver refers is not confined to scientists, although it is common among them. A man may look so intently at the thing upon which his attention is fixed that he fails to see important

things about him to which he gives no heed.

Some of the most important things of like come unexpectedly. Some of our most vital events are not those toward which we labor.

A man should keep his eyes and be able to see things "out of the tail of his eye."

The best things that ever happened to us have not been those things that we so ardently searched for but things which have bumped into us unexpectedly.

It is all right to pursue one subject with concentration, but we

should not concentrate so much that we do not see other things.

Many a man has been so busy with his trade or calling that he has failed to recognize opportunities that thrust themselves upon him.

Many a religionist has been so occupied with his faith that he has taken in none of the indubitable facts that surround him.

So, also, some scientists pursue their duty so fixedly that they fail to see the spiritual realities that occur about them.

A concentrated mind is a good thing, but it should also be an alert mind. We should press forward toward the goal in view, but we should be ready to jump at prizes that lie by the roadside.

There is such a thing as too much concentration.

Men centering all their attention upon the pursuit of wealth do not see the little opportunities for happiness that lie along their path day by day. Women are so intent upon gaining some goal which they think important that they miss other

blessings which they might have by the way for the taking.

Let us devote all our attention to our business in hand, but let us remember that there are other things in this world than the thing upon which we have set our heart and that sometimes these other things are quite as important as our chosen object.

EDGEWATER PARK MAN IS COUNTY SCOUT CHIEF

Brian Kane, of Edgewater Park, has been appointed Burlington County Boy Scout Commissioner to fill the vacancy left by the resignation of Henry M. Neely.

Kane's appointment came through H. M. Wall, president of the County Council of the Boy Scouts. Kane is also scoutmaster of Heverly Troop No. 6. The scout commissioner is the ranking officer in the county boys' organization.

And now nothing remains of the football season except trying to get the other fellow's coach.

## Electricity and Gas as Thanksgiving Day Aides

Thanksgiving

The modern Thanksgiving dinner bears little resemblance to that first feast of thanks, prepared by our Puritan mothers over roasting logs.

It will be cooked with gas automatically. It will be served in fine china fired in gas kilns; the snowy table linens, washed and ironed by electricity. Even the tiny cup of amber-clear coffee that ends the feast will be electrically percolated.

Surely we have reason to be thankful for what the labor-saving electric and gas appliances of our day do for us.

Oven Heat Regulator Gas Ranges Have New Low Prices

MANY gas ranges with oven heat regulators have undergone price reductions. These reductions, together with the easy payment plan which is offered to all customers, make it particularly convenient to purchase one of these ranges in time to cook Thanksgiving dinner.

The regulator is simple to use. First, the home-maker lights the gas; second, she sets the dial at the degree of heat necessary for the particular dish she is baking or oven cooking. Then, until the time required for the cooking is up, she is free for other things.

Gas range prices at Public Service stores include the automatic top burner lighter, delivery and connection from the gas outlet in the kitchen by experienced gas fitters.

YOU will find that at family gatherings such as Thanksgiving, that a fire on the hearth forms a glowing center of warmth and cheer to attract your guests. Listed here is a group of gas heaters for the fireplace that are remarkable for their fine construction, attractiveness and low price—both conform to the specifications of the American Gas Association.

Remor 605, a 10 radiant fireplace type in oxidized brass finish. Its cash price is \$29. On terms—\$4 down, \$3 monthly, for nine months. For a limited time Public Service will connect the heater on any floor without extra charge; 27 feet of piping allowed.

No. 5 Radiant gas log, a new style of radiant type gas heater in a woodfire effect design. \$70.00 cash, on terms \$7 down and \$4 monthly for twelve months. Price includes connection in fireplaces on first floors and in other fireplaces where there is a suitable gas outlet in fireplace.

Chicken Pie For Thanksgiving

ADA BESSIE SWANN

CHICKEN PIE properly made is a delicious substitute for turkey. Try this recipe and see!

8 fowls 8 small onions  
2 cups celery 2 tbsp. flour  
8 sprigs parsley 1 lb. mushrooms  
Plain pastry 4 tbsp. shortening

Dress, clean and singe fowls. Put in a saucepan with boiling water to cover. Add sliced carrot, celery, parsley, onion. Bring to the boiling point, cover and simmer until fowl is tender, allowing about 30 minutes per pound. When half done, season with salt and pepper. Remove skin of the fowl and cut meat from the bones, keeping it in large pieces. Boil chicken stock down to 6 cups, strain and skim off most of the fat. Mix 8 tbsp. flour to a smooth paste with cold water and add to stock. Bring to the boiling point, stirring constantly, add to chicken and sauté mushrooms.

Line large casserole with pastry. Add chicken. Cover top of pie with pastry. Bake in a quick oven 450 degrees for 30 minutes.

## START WORK ON PALMYRA SPAN IN EARLY SPRING

Wright Tells Rotary Club Bridge Will be in Operation by 1930

CENTER SPAN TO BE 540 FEET IN LENGTH

Modjeski, Also, Approaches Involve Big Unsolved Problems

After highly complimenting the members on their singing, Charles A. Wright, of Riverton, president of the Tacoma-Palmyra Bridge Company then told of the recent developments on the plans for the bridge at the regular weekly luncheon meeting of the Moorestown Rotary Club in the Community House last Thursday at noon.

"We had hoped to start work on the bridge this fall," said Mr. Wright, "but winter is setting in so rapidly that I am afraid actual work must be held off until next spring. You will find us starting very early in the spring, hope, and the bridge will be completed within two years after the work starts."

Charles Modjeski, son of the famous engineer on the Delaware River Bridge, accompanied Mr. Wright and assured the members of the club that the bridge will be completed in the time designated by Mr. Wright. The elder Modjeski has had complete charge of the plans for the bridge and his son will be associated with him in the work.

The center span of the bridge will be 540 feet in length. The piers will be of concrete and will be finished with masonry work, both for beautification and protection, said Mr. Modjeski. The superstructure is to be steel.

Four Lanes of Cars  
The bridge will be wide enough to accommodate four lanes of automobiles. Over the weekend and holidays three lanes will be devoted to the direction in which the traffic is running heaviest.

Mr. Wright said the bridge will be sufficiently wide enough to take care of the traffic, but the approaches involve a big problem yet to be solved. Several weeks ago a meeting of various state, county and Palmyra borough officials was held to discuss the problem. The meeting resulted in a resolution for the State Highway Commission to appoint a special commission to study the problem on the New Jersey side.

That was the method used in planning for the Camden bridge approaches. Pennsylvania officials will meet on Monday, November 21, to take up the work for the Pennsylvania approaches.

The Queensboro bridge at New York is an example of poor bridges, said Mr. Wright. Frequently it will take an hour and a half to get on the bridge which is sufficiently large enough to take care of all the traffic. The trouble is all due to inadequate approaches.

Mr. Wright discussed the merits of the bridge, so far as this section is concerned. He said the span will connect this section of New Jersey with the fastest growing part of Philadelphia and brings certain sections of the city six miles closer than at the present time. It is estimated that 1,100,000 vehicles will cross the bridge in the first year of its operation. Passage over the bridge will save ten minutes of the time now consumed by transportation over the Delaware on the ferry boats.

As a means of judging what the bridge will do for this section, Mr. Wright said that South Brooklyn wouldn't be "South Brooklyn" today if it wasn't for the bridges and tubes to facilitate travel.

Foot and bus travel over the bridge is expected to be heavy. There will be a concrete walk on each side of the bridge roadway for foot traffic. The bridge will only have to be opened for boats loading more than sixty feet above the water.

Speaking of finances, Mr. Wright said the ferry's gross receipts have reached \$27,000 a year and the estimated income of the bridge will double or triple that figure.

The speaker is also president of the ferry company. He said the ferry will be abandoned when the bridge is put into use and it is his hope to pay every ferry stockholder one hundred cents on every dollar invested. The bridge company has already purchased \$100,000 worth of land from the ferry, the boats will be salvaged at \$15,000 and if the ferry stockholder will "not rush" in liquidating their stock, other real estate owned by the ferry may be sold after the bridge enhances the realty value in that section, and no one will lose by the change.

In opening his address, Mr. Wright said that he had heard many organizations sing, but none of them could compare with Moorestown Rotary for harmony. His remarks voiced the opinion of the many other visitors the club has in a year.

### TENNIS CAKE SALE

Fine Pastries to be Offered on Saturday, Nov. 26

The Palmyra Tennis Association will hold a cake sale on Wimer's Forest Saturday, Nov. 26.

Although it will be but two days after Thanksgiving, the tennis club figures that Mr. Turkey and all his attending delicacies will be sufficiently exhausted to leave a demand for cake on Sunday, so all the best cooks in town have been asked to turn out some of their finest culinary art to help the club get ready for next year's season.

Tennis has grown much in popularity in Palmyra the last few years and the club hopes to make the 1928 season a record breaker.

Club membership is open to all. It provides a splendid form of exercise and amusement for both sexes and all ages, so a \$25.00 growing club is a real town asset.

### ENGAGED

Postmaster and Mrs. George I. Harvey, of Garfield avenue, announce the engagement of their daughter, Emily E., to Mr. Arthur W. Wallace of Palmyra.

## RED MEN'S RALLY

Burlington County Tribes Will Hold Big Meeting

A combined rally of all Burlington County tribes in the interest of the present State-wide campaign to increase the membership of the Improved Order of Red Men in New Jersey from 25,000 to 30,000, will be held in the wigwag of Lenni Lennappi Tribe No. 12, in Masonic Hall, Burlington, Wednesday evening, November 23.

Herbert F. Stetser, Great Chief of Records of the Great Council of the United States, will be the principal speaker. Mr. Stetser, who is directing the State-wide campaign, is a former Great Sachem of New Jersey. The Adoption Degree will be conferred by the Degree Team of Lenni Lennappi tribe.

Delegations from 15 tribes will attend the rally. These will include, in addition to the host tribe, Pocahontas of Mt. Holly; Minnehaha of Florence; Minneola of Moorestown; Powhatan of Bridgeboro; High Sun of Columbus; Mamee of Pemberton; Edgemont of Indian Mills; Tacoma of Delanco; Cotoxan of Medford; Keepawa of Beverly; White Eagle of Riverside, and Tonquwa of Maple Shade.

## CAMP 23 WILL GIVE PALMYRA NEW FLAG

Presentation Will Be Made January 2, With Big Program and Parade

The flag which the Washington Camp 23 of Palmyra gave to the club that the bridge will be completed in the time designated by Mr. Wright. The elder Modjeski has had complete charge of the plans for the bridge and his son will be associated with him in the work.

A committee headed by Walter D. Lamon will arrange for the ceremony and a big street parade to be held on Monday, January 2, as the first falls on Sunday.

Every member of the order is urged not to forget the date and to be present that day at the ceremony. More details of the plans will be published later.

Yes sir! We all had a great time last Monday evening listening to Christy, the world's premier accordionist and ex-senator Joe Morse, the humorist.

Christy had a hard time getting out, as the boys wanted him to stay and play, but the artist had to leave as the applause did no good, but the cry was "bring him back, some other night—when he can stay longer."

The ex-senator told many amusing stories and jokes which the fellows thoroughly enjoyed.

The evening's fun wound up with a hot dog and sauer kraut feed—and oh, how they did eat!

The entertainment committee is doing its part towards making things interesting for the men to attend the meetings, and now all that is needed is the loyal support of the members. We want 250 men in the Camp room every meeting night. We'll get them if you, and you, and you, and YOU will come out.

Don't forget there are 150 men wanted this Sunday evening to attend the Epworth M. E. Church where Dr. Lee will preach a special sermon. Meet at the Hall at 7:30. Press Committee.

## "LOOKS LIKE RAIN"

The comedy, "Looks Like Rain," which the young people of the Presbyterian Church will present in the church school auditorium on November 18 and 19, has been in preparation for many weeks and is the most ambitious dramatic performance which has yet been attempted by them.

At the present time scenery is being assembled and final rehearsals are being held. It is hoped that the auditorium will be filled with friends of the young people at both performances and great success in the undertaking is anticipated.

## B. S. A. Add Sea Scout Activities

County Executive Committee Extends Scope of Work for Boy Scouts Here

At a meeting of the Executive Committee at Burlington on Nov. 9, C. O. Melcher, of Palmyra, was appointed County Chairman of the Sea Scouts Committee for this County.

Up to this time there have been no activities in the Boy Scout program that really appealed to boys from 15 to 18 years of age, and at the suggestion of the National Committee this Sea Scout work is now to be carried forward by the local council.

This part of the program will mean a lot to the boys in the riverfront towns in this vicinity, and already there is an active and progressive crew at Beverly. This crew is under the leadership of a graduate of Annapolis and is sure-

ly doing excellent work and getting into a position where it will need an exceptionally good crew to excel them.

Merit badges will be awarded for various things to be learned by the Sea Scouts, and a very active and interesting season is in store for those who join or sign up between now and the spring of 1928. Boats and other equipment will be supplied, and instead of land camping trips and hikes the Sea Scouts, under proper supervision, will take cruises and trips by water under their own power or sail.

The committee will in due time communicate with all Scoutmasters and as definite plans are made, further information will be given publicly by the chairman of the committee.

It is a certainty that Palmyra and Riverton will not be among those absent when it comes to being in the merit badges for knowledge of a very interesting and attractive subject, and for proficiency in handling craft other than automobiles.

## Needlework Guild Visits Almshouse

Sympathy Aroused by Children Forced to Stay at Home Among Strangers

Four of the Palmyra Needlework Guild members drove to the Burlington County Almshouse Saturday to take the annual donation of clothing. They were heartily welcomed by the children playing on the porch where the old men were sitting. There is no provision in the almshouse for children, but they are often sent there. They have to sleep in the same room as the old folks.

There is one Hungarian family whose father and mother are in jail for bootlegging. The girls are four, nine, fourteen and the boys six, eleven and thirteen years old.

There are three Italian children. The girls are four and eight and the boy is six years old. Their

father is in jail for murder and the mother is in the insane asylum. What future have they? There they stay till homes can be provided for them.

The Palmyra visitors were so interested in one little old lady, ninety-eight years old, who was so bright and cheerful. She could recite, dance a jig, and did all she could to keep the others happy. When asked what she wanted she thought for a moment and then said, "Bring me something I can pass around. You know these are all my friends and I like to cheer them up."

The nurse said a box of hard candies would give them lots of enjoyment.

Burlington County may be proud of the beautiful location, the splen-

did buildings of the Almshouse, the clean comfortable home, the Oh, the little comforting, personal things that could be done for the inmates if people only knew—and cared.

I. R. S.

P. O. S. of A.  
Every member of Camp 23, P. O. S. of A., of Palmyra, is waited by the Church Committee to attend the church services this Sunday evening in the Palmyra Epworth M. E. Church to listen to the special services by Pastor J. William Lee.  
The committee is making arrangements to have 150 members of Camp 23 attend this service. This is your invitation to be one of that number.

## SHOPPING HINTS FOR CHRISTMAS GIFTS

## PHS Basketball Prospects Bright

### Four of Quintet Are Veterans From Teams of Previous Seasons

When Palmyra High School opens its basketball season Friday night, December 2, in the P. H. S. gym, it will have one of the best five in South Jersey playing on the best court in this territory.

Coach Dimond is very confident that his team will capture the South Jersey title this year as he has four lettermen back from last season. Captain "Vince" Kallnowski is the only man lost by graduation.

Palmyra has the material for a team but not the proper equipment. Most teams in South Jersey have sweat shirts and pants but Palmyra is lacking this part of basketball paraphernalia. This is an opportunity for some Palmyra business men to help their home town high school team. When other towns have prospects of championship teams the business men are eager to take interest by lending a helping hand. Why can't Palmyra?

Palmyra will play several games during the Christmas holidays in a tour throughout the state of Massachusetts. The boys on the team plan to visit Coach Dimond's home in Massachusetts and play several games there to pay the expenses of the trip. This will advertise Palmyra greatly.

The entire schedule is as follows:

Dec. 2, Alumni, home.  
Dec. 6, Haddonfield, home.  
Dec. 13, Temple, away.  
Dec. 16, Temple, home.  
Dec. 20, Open.  
Dec. 23, Moorestown, away.  
Dec. 27, Open.  
Dec. 30, Northampton, Mass. away.  
Dec. 31, open.  
Jan. 2, home.  
Jan. 6, Woodbury, home.  
Jan. 10, Collingswood, home.  
Jan. 13, Moorestown, home.  
Jan. 17, Haddonfield, away.  
Jan. 20, Burlington, away.  
Jan. 24, Osteophy Freshmen, home.  
Jan. 28, Trenton Institute for Deaf, home.  
Jan. 31, open.  
Feb. 3, Haddonfield, home.  
Feb. 7, Burlington, home.  
Feb. 10, Haddon Heights, away.  
Feb. 14, Collingswood, away.  
Feb. 17, Haddon Heights, away.  
Feb. 20, Mar. 2, 6 and 9 open.

## ON JOB AGAIN

Officer Betty Back at Work After Spraining Leg

Officer Lawrence Betty, of the Palmyra Police force, who suffered a painful injury to his left foot last week when he assisted in pushing an automobile off the railroad tracks at the Broad and Cinnamonson avenue crossing, Palmyra, is able to be back at his old post once more.

Betty sprained the ligaments in his foot when the front wheel of the stranger's machine ran upon his leg while he was in a stooping position.

The injury last week was to the same foot that Betty hurt while fighting the fire at the old Hylton farmhouse, on the hilltop, last spring.

Betty seems to be the "jinx" officer of the Palmyra force in getting hurt. Several months ago a dog attacked Betty as he was driving the borough motorcycle down Broad street.

Dr. Charles F. Voorhees attended the officer during his recent accident. Monday was the first day that he could wear a shoe.

## Could Not Resist Beautiful Ties

### Telling How George T. Dold Laid in Crop at Church Rummage Sale

The following story about George T. Dold, of Riverton, was printed by The Daily Enterprise, of Burlington, last week:

George T. Dold, the Public Service Corporation head in this city, loves beautiful neckties more than a whangdoodle loves its first born. And that is some loving. Mr. Dold feels that man has so few ways of embellishment that he should go the limit on neckties. Consequently some of the gentlemen's ties look like a cross between a traffic signal and a juvenile artist's idea of a glorious sunset.

The other day Mr. Dold passed the church in Riverton that he sometimes is induced to attend. The ladies of the church were having a rummage sale. Wanting to be helpful to the foreign heathen, or whoever was being benefited by the sale the Public Service gent walked in.

Rainbow Colors

The first thing he saw on reaching the interior was a bunch of beautiful neckties. They were there in all colors and all combinations of colors. From the moment that Mr. Dold saw them he could not pull his eyes from the glad sight. Even the charm of the ladies counted naught against the lure of the neckwear.

In a few minutes he had them rolled into a nice little bundle and had given the attendant more than enough money to buy breeches for some little heathen in far-off China. Eventually the next day arrived.

"George," said the lady of the house, "where did you get those neckties?"

"Bought them at the church rummage sale," answered George. "And let me tell you that the man who selected them has taste. They are—"

Couldn't Remember

"Is that so?" interjected the lady of the house. "He may have had some measure of tastes, but the part of his head that his memory is in can't be working. Do you know where those neckties came from?"

"Sure," was the ready response of George, "from John Wanamaker's, Lowden Brothers, Gimbel's, Strawbridge's, George Clayton's, Lit Brothers, and that little store on Chestnut street last Christmas, the Christmas before that, and on several birthdays and other anniversaries."

"Yes," said the head of the house, "and the other day I gathered them up and gave them to the church for the rummage sale."

"What's that?" interjected George, just a little wildly. "Do you mean to say I—"

"That's just what I said," was the calm rejoinder of the lady of the house.

## MERCHANTVILLE BOYS IN U. of P. GLEE CLUB

Announcement has been made of the selection of Walter G. Hensel and John H. Heckman of Merchantville, as members of the Glee Club of the University of Pennsylvania for the 1927-28 season. Heckman is a member of the second tenor group and Hensel of the second bass section of the Pennsylvania organization.

## DID YOU EVER STOP TO THINK?

By Edson H. Walte Shawnee, Oklahoma

That the farm is the backbone of America.

In the Mississippi-Missouri valley, the richest, finest civilization the world has ever known should be developed.

Unless farming is made a stable, profitable part of the American scheme of things, this country with all its industrial greatness will eventually go the way all other civilizations have gone which exalted commercial pursuits at the expense of agriculture.

City people, if they only stopped to realize it, are directly concerned by the agricultural problem, and until it is solved on a permanently satisfactory basis there will be no permanent prosperity.

APPRECIATION

Through the Press of the County I should like to express my appreciation of the fine vote which I received on November 8th for Member of the General Assembly. I shall earnestly endeavor to prove myself worthy of the responsibility thus placed upon me.

Marcus W. Newcomb.

## Will Have School For Fruit Growers

### Pruning Will be Taught at Classes in Moorestown Community House

Through the efforts of the fruit growers of Camden and Burlington counties a pruning school will be conducted on December 1 and 2.

It has been decided to hold this school at Moorestown, the center of the fruit growing area in Camden and Burlington counties. The place of the meeting has not been definitely decided upon, but in all probability it will be the Moorestown Community House.

The course will consist of the entire forenoon of each day being devoted to the study of the principles of pruning, getting firmly in mind the principles essential in developing a good pruner. The afternoons will be devoted to the applying of these principles in practice. Each person taking the course will be asked to take their pruning tools, and the group will go out into the orchards and put into practice the principles that were learned during the forenoon session.

This school is to be devoted entirely to the pruning of apples. The first day will be confined to the

## CROSSED WIRES CAUSE MAPLE SHADE BLAZE

Fire totally destroyed the garage and automobile of Joseph M. Evans, Maple Shade postmaster, in the rear of his home on Chestnut avenue, early Friday morning.

The fire is supposed to have been caused by crossed wires. Independent Fire Company No. 1, responded and the members devoted their energy to protecting adjoining property, which is in a thickly populated bungalow section of the town.

Had the conflagration occurred several hours earlier, when the high wind was raging, Chief William French stated that nothing would have saved that section of the town.

It requires constant vigilance to keep from condemning a man simply because he is different from us.

Any person worrying about money can always find a doctor to relieve them of that.

Study of the principles to be used in the forming of frame work, the selection of the scaffold limbs and the elimination of croches on the young trees.

The work on the second day will be confined to the pruning of bearing trees of various varieties. This course will be under the direction of the Burlington and Camden County Extension Offices, and the instruction will be given by A. J. Farley, Professor of Pomology from the Agricultural Experimental Station at New Brunswick.

## Riverton Loses First of Season

### Bridenburg Wins on Riverton's Offside on Try for Extra Point

The Riverton football team suffered its first defeat this season at the hands of the Brandenburg A. C. by a 13-12 score last Saturday.

Riverton scored early in the first period when Pettito intercepted a forward pass, and then with the other "three horsemen" in the backfield worked it down to within six yards of the goal. Here on a line play Joe fumbled but Willie Herrew recovered the ball for Riverton and Bill Oberfell crashed through the line for a touchdown. Pettito missed the extra point try.

Shortly after the last period started Pettito punted and the visitors' safety man fumbled the punt. Hughes fell on the ball for Riverton. The ball was resting only a few inches over ten yards from the goal but the Riverton backfield behind good line work moved it up to within two inches of the goal and then Joe Pettito crashed the center of the line for the second six-point-er. Conway also missed the extra point.

#### Open Formation

The Brandenburg boys had an open formation from which they worked several different plays, and it was this formation which allowed the Pennys lads to tie up with Riverton. The visitors scored both their touchdowns in the last quarter.

The first one was the result of a pass from Gilbert to W. Martyn who ran 40 yards for Brandenburg's first score. From the same kind of formation Demerick also ran 40 yards after receiving a pass from Gilbert just before the final whistle blew. The try for the extra point on the first touchdown went awry but because Riverton was declared off-sides the winning point was given to the visitors.

Jack (triff) made Riverton's longest run, gaining 20 yards around the end. Schneider played a good game at quarter and shared the duties of that post with Conway who called them for the first time while playing with Riverton. Conway handled himself and the team in a good easy manner, and they gained ground under his direction as they also did for Herb.

#### At the Line

Pettito and Oberfell hit the line for substantial gains all through the contest. Applegate played a good game at halfback.

Twill Cunningham hit the line hard for several yards and stood out as a star because all the rest played as well as the other fellow, but the "old war horse" Ellis Clifton, playing his second game in two years, was just as good as he was three years ago.

#### The Lineup:

Riverton	Brandenburg
Hughes left end	Cann left tackle
Todd left guard	Martyn left guard
Orcutt center	Gordon center
Downs right guard	Lewis right guard
Clifton right tackle	Smolton right tackle
Bowers right end	W. Martyn right end
Schneider quarterback	Gilbert quarterback
Cunningham left halfback	Clausen left halfback
Pettito right halfback	Demerick right halfback
Oberfell fullback	Sager fullback
Riverton 6 0 0 6-12	Brandenburg 0 0 0 13-13
Touchdowns—Oberfell, Pettito, W. Martyn, Demerick. Points after touchdowns—Brandenburg 1. Riverton off-sides. Referee—Sonny Wright. Umpire—Francis Holvick. Head linesman—Theo. Schneider. Timekeepers—Dorgan and Powell. Time of periods—12 minutes.	

### CHAUTAUQUA

Meeting of the Riverton-Palmyra Chautauqua Association at the home of Mrs. George Rogers on November 18, 1927.

It is to be regretted that there were present very few of the members. It has been definitely arranged that the festival will take place between the days of January 14 and January 17, 1928, and will be held in the P. O. B. of A. Hall. A meeting of the Executive Committee will take place between December 24, 1927, and January 1, 1928. It is seriously desired that all members be present. Notification is to be mailed later. We are assured an excellent program on the part of the Swarthmore Chautauqua and we should leave no efforts undone to make the festival a success in every way.

The best thing to live inside of is your income.

### TUBERCULOSIS DEATH RATE PER 100,000 POPULATION

LET'S KEEP THIS BLACK LINE GOING DOWN

### TRI-STATE GETS FIVE NEW BUSES

Line Said To Be Anxious To Go Into Moorestown-Philadelphia Business More Actively

Five new buses arrived in Mount Holly last week for the Tri-State Bus Company, operating between Mount Holly and Philadelphia. It is understood that these buses are to be used for increasing the service, with the object of engaging more actively in transportation between Moorestown and Philadelphia.

The ownership of the Tri-State line Company has recently changed hands. At the time it was started in Mount Holly it was backed by the Studebaker Company in Philadelphia and Harper Brothers have been the people in charge. The representatives of the new owners are now directing the operation and they plan a service that will be second to none in this territory. There is also an understanding that the Studebaker people are interested in having the line maintained on a high basis of efficiency, so they can use it for demonstration purposes.

### FARM BANQUET

The Burlington County Board of Agriculture will hold its annual banquet in the Moorestown Community House Friday evening, December 9, starting at 6:30. A crowd of at least 300 is expected to attend the affair which attracts farmers and other agricultural interests from all over the county in large numbers.

Freeholder Fred Lippincott is chairman of the banquet committee and has announced that an effort is being made to obtain a speaker of note for the occasion. Tickets are now on sale and there already has been a big demand for the pastebards, says the Freeholder.

### REVOLT AGAINST KASER

There is reason to believe that the popular revolt against the tactics of County School Superintendent Kaser in his effort to force the vocational school project upon the taxpayers, will find further expression in the near future—New Jersey Mirror.

## Pathetic Cases in Children's Survey

### State-Wide Canvass for Crippled Kiddies Uncovers Many Distressing Afflictions

Reports are being received at the State House to the effect that many cases of pathetic and distressing affliction are being uncovered by the canvass and survey being conducted under the auspices of the New Jersey Crippled Children's Commission. Much that is being recorded and tabulated will be condensed and presented in a report to the incoming Legislature, to the end that steps may be taken to provide medical, educational and vocational relief for the little sufferers.

Information is also being gathered relative to the condition and needs of older cripples, together with the blind, deaf and epileptic persons of the State. In these cases vocational guidance is especially desirable and the Commission will refer such individuals to State Departments interested in bringing them about.

With Governor Moore's hearty endorsement of the work and the earnest cooperation of school authorities and teachers throughout the State the week's survey is progressing.

ing nicely. Much helpful work is also being done by civic and social organizations, including the various luncheon clubs, such as Rotary, Kiwanis, Civilians, etc. A number of the fraternal organizations are also at work, notably the Elks and the Shriners. The State Medical Society and hundreds of individual doctors are likewise helping, as are also State and City police, municipal officials and others.

It is the purpose of the Commission to secure the most complete data relative to every cripple or partially crippled person in the State, regardless of age or condition. It is not alone the dependent ones about which information is desired, but also children and others of well to do families. In the case of those not dependent upon charity it is often found that they are as much in need as are others in the matter of vocational training and guidance. It is the ambition of the commissioners, headed by Joseph G. Buch of Trenton, the Chairman, to put New Jersey in the front rank in the matter of caring for cripples. Governor Moore appointed the Commission for this work and he happily selected a number of men who are mightily interested in the subject.

Said Mr. Buch: "We are getting fine results from the State survey and we hope by the end of the week to have the work in such shape that complete and adequate records will soon be available. Then

we can get at the even greater task of tabulating the information and working out a series of recommendations in an effort to acquaint the Governor and Legislature with the exact situation throughout the State. We are very grateful for the fine assistance which is being given by the schools, churches, clubs, doctors, public officials, lodges, insurance agents and numerous others. They are rendering real service for humanity, for a type of humanity that is desperately in

need of sympathy and aid. It is a big job but it is worth while. The general public can help by turning in reports of cripples to the nearest school or other agency aiding in the survey."

They are dosing the giraffes in the Washington Zoo with cod liver oil. Wouldn't you hate to be a giraffe and have to taste the stuff all the way down?

## THE QUESTION OF WATER METERS vs. WATER AT FIXTURE RATES

The State of New Jersey claims that all underground water is the property of the State, and is not part of the ground, and therefore not the property of the ground owner.

While there may be an abundance of water in certain sections of the State, it is not to be considered as subject to waste, as water wasted in one section may contribute to drought in another section where the supply is not so abundant.

The Riverton and Palmyra Water Company, while owner of water-bearing ground and a number of wells, does not own the water pumped therefrom, but is only permitted to distribute under the consent of the Board of Conservation and Development of the State of New Jersey.

It is the declared policy of the State that all water shall be distributed for domestic use through meters, even though meters may increase the cost of distribution, and the Riverton and Palmyra Water Company is required to conform to this policy as rapidly as the meters can be installed. Any person refusing to allow the Water Company to install meters may be denied the water service.

The alternative to this is for the individual to drill his own well, and then to secure the consent of the State to draw water therefrom.

Palmyra

## CHRISTMAS CLUB

This year's club will close November 26. No payments can be accepted after that date.

Distribution of the funds will be made at the bank Wednesday evening, November 30, from 7 to 8:30.

Checks not called for at that time will be mailed the next day.

We would suggest that all funds not needed for immediate payments be deposited. These would be available for use later, or better still, serve as a nucleus for a regular savings account.

Our new Christmas Club will start December 12.

dances, etc., given for the purpose of raising money, will be  
charged for at the rate of fifteen cents a line.

## MUZZLES

Mitchell—Magruder—Summerrall.  
Remember those three names. They  
represent a great truth concerning  
our National Defense. In the air  
—on the sea—and on land.

We have just witnessed the final  
chapter in the public disciplining  
and humiliation of one of the  
above trio for telling the people  
what he thought was the matter  
with his department.

Breadwinner-General Mitchell—As-  
sistant Chief of the Army Air Ser-  
vice, was two years ago dropped  
from his command and demoted for  
telling how the Army and Navy  
bureaucrats were throttling the in-  
fant air service.

Next-General Charles P. Summerrall,  
highest ranking officer of the  
U. S. Army—was summoned back  
to Washington in the midst of an  
inspection tour of army barracks  
because he said at San Diego,  
Calif., on October 11—"I have  
seen German prisoners housed in  
better quarters than our American  
soldiers are now occupying. His  
criticism was against a bigwigs  
Congress which keeps our soldiers  
quartered in hovels that would not  
be tolerated in a logging camp.

Admiral T. P. Magruder wrote an  
article for a magazine in which he  
said we were spending \$300,000,000  
per year for a \$200,000,000  
navy—which did not include the  
appropriations for new ships. He  
was relieved of his post, ordered  
to Washington—and now is "await-  
ing orders" which likely means he  
will have nothing to do but warm  
his heels until the retirement age  
creeps up on him.

Isn't it about time such high-  
handed dictatorship methods were  
ended? There is no place for Mus-  
solini tactics in running the Ameri-  
can army, navy and air services.  
Sacrifices of men like Mitchell,  
Magruder and Summerrall are  
unnecessary, wrong and dangerous.  
They serve notice to all army and  
navy and air officers that they must  
remain muzzled—or risk their careers.

Much procedure have the only  
reliable source of criticism and im-  
provement in our national defense  
—criticism from the inside—would  
arouse healthy public sentiment.

## SURVEYING BUSINESS

How can "they" tell?  
That's what people are always  
asking when they read that official  
statements from Washington tell  
conditions of business in the Nation,  
and even predict the future. Here  
is part of the answer as to how  
"they"—meaning the Government,  
calculate business:

The Department of Commerce is  
the principal branch of the Govern-  
ment that gathers statistics.  
The Federal Reserve System is in  
touch with the banks of the coun-  
try and their reports are tabulated  
every week just as the bank you  
do business with files up its balance  
sheet each night. All financial  
transactions are kept track of.

The rise and fall of the 25 lead-  
ing industrial stocks are regularly  
charted on diagrams which show  
their significance at a glance. The  
same process is followed with refer-  
ence to interest rates on com-  
mercial paper everywhere.

Wholesale prices, retail prices  
and employment conditions are  
tabulated by the Department of  
Labor. Farm prices and tenden-  
cies are made known through the  
Department of Agriculture.

There are daily statistics that  
show the consumption of cotton,  
the production of pig iron, the un-  
filled steel orders, the net freight  
carried on American railroads by  
ton-miles. Business failures and  
defaulted liabilities, wholesale trade,  
department store trade, mail order  
sales, manufacture and production  
of about 64 basic commodities, with  
special tabulations of lumber pro-  
duction and automobile production  
added; factory employment, build-  
ing contracts awarded in every  
State; bituminous coal, beet-  
sugar, wheat prices, iron and steel prices,  
cattle and hog receipts, and the  
daily call money rates—all absolute-  
ly and definitely known.

So the Government really does  
"know!"

## LITTLE THINGS FOR OLD FOLKS

Dear Editor:  
I read in your paper last week  
of four women from the Palmyra  
Needlework Guild who visited the  
almshouse and were touched by the  
old people there.

Can we not do something definite  
to make their days happier? If  
there was a place in Riverton and  
another in Palmyra where those  
who knew and cared could leave  
little gifts for these people, it would  
help a lot. While many have their  
own cars, others do not, and those  
have no way of sending over mag-  
azines and other things that they  
would like to share with the less  
fortunate.

Would it not also be a good idea  
if your paper published little items  
telling of the people and the work  
at the almshouse? It would help  
to keep the people there and here  
better acquainted. They need more  
than a special effort at holiday time.  
INTERESTED.

Keeping postage stamps in certain  
kinds of paraffin paper affects their  
adhesive quality, government tests  
indicate.

## RIVERTON ITEMS

The American Legion Auxiliary  
will hold another card party on  
Wednesday evening, Nov. 30, tickets  
50 cents. A good attendance is  
desired.

The Past Temples of the L. G.  
E. met at the home of Mrs. Mary  
Speakman in Palmyra last week.  
The next meeting will be at the  
home of Mrs. John Hillson, 614  
Linden avenue, Tuesday, Dec. 20.  
Mr. and Mrs. George Cole, of  
Camden, Mr. and Mrs. Gus Hoffman  
and daughters, of Asbury Park,  
were guests of Mr. and Mrs. Otto  
Sauer on Sunday.

Mr. and Mrs. Charles H. Yost are  
entertaining her parents and sisters,  
Mr. and Mrs. John H. Moore and  
the Misses Pearl and Lillian Moore,  
of Clearfield, Pa., for the week.  
Miss Anne Murphy spent Saturday  
and Sunday with her mother at  
Mount Holly.

Miss Elizabeth Coddington, of Ar-  
lington, spent the weekend at home  
with her parents, Mr. and Mrs. J.  
M. Coddington.

Mr. and Mrs. John Hillson spent  
Thanksgiving Day with their son  
and wife, Mr. and Mrs. Percy Hill-  
son, at Chester.

Mr. and Mrs. H. E. Brown visited  
relatives in Chester from Thursday  
until Sunday.

Mr. and Mrs. W. A. Major enter-  
tained on Thanksgiving Day Mr.  
and Mrs. R. F. Golden and family,  
of South Orange; Mr. and Mrs. H.  
J. Wheeler and family, of Manas-  
ville; Mr. and Mrs. W. A. Major  
and child; Mr. and Mrs. A. J.  
Reeves and child; Mr. and Mrs. T.  
Lloyd Major and child; and Mr.  
and Mrs. John Jamison, of Palmyra  
and Riverton.

Mr. and Mrs. A. H. Burns and  
son, Arthur, spent Thanksgiving  
Day in Germantown.

Mr. and Mrs. Charles W. Wanger  
entertained at a family reunion  
Thanksgiving Day.

A daughter was born to Mr. and  
Mrs. Charles Fisher, Saturday, No-  
vember 12, at the home of her  
parents, Mr. and Mrs. John Bell, in  
East Riverton.

Mr. and Mrs. J. H. Gledhill moved  
to Sedgewick, Pa., last week.

Dr. John T. Dorrance, president  
of the Campbell Soup Co., Camden,  
a former resident of Riverton, has  
joined the directorate of the Pru-  
dential Insurance Co.

## Calvary Presbyterian

C. T. Bates, Minister

Calvary Presbyterian Church will  
hold its services of worship next  
Sunday at 10 o'clock in the morn-  
ing and at 8 p. m. in the evening.  
The evening service will be preceded  
by a service of worship in music  
on the organ at 7:45. The pastor will  
preach. Church School for all de-  
partments at 10 o'clock. A Men's  
Bible Class has been formed and  
meets in the Social Hall.

Young People's Devotional Ser-  
vices will be held in the Church  
School auditorium at 7 o'clock.

Wednesday evening, November 30,  
preparatory services will be held  
in anticipation of the Lord's Sup-  
per to be observed on Sunday morn-  
ing, December 4. The Session will  
convene immediately after the pre-  
paratory service and will be glad  
to meet any who may wish to unite  
with the church either on profession  
of faith or by letter from other  
churches.

On Thursday, December 1, a  
Bazaar and Supper will be given by  
the Golden Hour Circle. The Ba-  
zaar will open at three o'clock in  
the Church School auditorium. The  
supper will continue from 5 o'clock  
until 8 o'clock. Tickets for the  
supper: \$1.00.

On Friday, December 2, the  
Women's Mission Study Class will  
meet (fourth lesson) in the Ladies  
Parlor at 3 o'clock. Will the Lad-  
ies of the class please prepare on  
two chapters of their book for that  
time?

## CHICKEN SUPPER

By the Ladies Auxiliary of the  
Knights of Columbus, Broad and  
Elm, Palmyra, Thursday evening,  
Dec. 1—Supper from 5.30 till 8.00  
Donation 75 cents.—Adv.

## EPISCOPAL

Christ Church, Parry Avenue  
Rev. G. J. McCormack, M.A., L.Th.  
Rector

The Church begins the year on  
Advent Sunday, for which custom  
there is a good deal of historical  
data that can be read by anybody  
so desiring.

One of the questions arising  
might easily be "What is the value  
anyhow of Church Membership?"

Here is one answer worth discus-  
sion: "Do you think a man could get  
to heaven without joining the  
church?" asked the good man of  
a preacher. He said "I think he  
could." They laughed, patted him  
on the back, and called him broad-  
minded.

"Let me ask you a question, and  
I want you to answer me just as  
quickly as I answered you," said  
the preacher. "Why do you want  
to go to heaven that way?"

They were speechless.  
"Why don't you ask me another  
question?" suggested the preacher.  
"Why don't you ask me if a man  
could get to England without going  
on a boat?"

"Well," they said, "we will ask  
you that. Now what is the an-  
swer?"

"I see no reason why a man could  
not get to England without going  
on a ship provided he was a good  
swimmer, tied some food between  
his shoulders to eat on the way, had  
strength to buffet all the waves—If  
J. Wheeler asked him, 'And  
suppose you did get to England  
without a ship, do you think he  
would get there much ahead of the  
man who goes by the ship?'"

The services for Advent are in-  
tended to prepare us for a devout  
and profitable celebration of Christ-  
mas and for Christ's second coming.

There will be a celebration of the  
Holy Communion on Thursday,  
Thanksgiving morning, at 9:00 a. m.  
The Girls Friendly Society were  
very happy to be able to send a  
cheque for over fifty dollars to the  
Christ Church Home at South Am-  
boy.

The tenth Annual nation-wide cor-  
porate communion of the men and  
boys of the Episcopal Church will  
take place on Sunday next, Nov.  
27, Advent Sunday, at 7:30 a. m.  
Over one hundred thousand partici-  
pated last year and we are sure  
the number will be greatly exceeded  
this year.

The Mission under the direction  
of Bishop Knight is only two weeks  
distant. Good work is being done  
by the group leaders and we are  
very hopeful of splendid results.

December 3rd is the date of the  
Christmas Bazaar and Annual Fair  
under the auspices of the St. Agnes  
Guild. This event is always looked  
forward to eagerly.

The service of evening  
will give place this Sunday evening  
to a Choral Service when J. H.  
Mauders' Song of Thanksgiving  
will be rendered by the Choir and  
congregation. We give a very  
hearty welcome to all and are as-  
sured of a large gathering.

Services next Sunday, Advent  
Sunday:  
7:30 Corporate Communion of the  
Brotherhood of St. Andrew.  
10:30 Morning Prayer and Ser-  
mon "The Second Coming of Christ"  
12:00 Holy Baptism  
2:30 Sunday School  
8:00 p. m. "Mauders' Song of  
Thanksgiving"

God is not a spiritual trouble-  
maker, working the hearts of men and  
women to no purpose; God goes  
through the world like drums and  
fires and flags, calling for recruits  
along the street."

## BAPTIST CHURCH

Rev. George Lockett, Pastor

The Rev. George Lockett, Pastor  
of this church, will be the speaker  
at the community service on Thank-  
sgiving morning at 10:30, in the  
Calvary Presbyterian Church. Let  
us all enter into the gates with  
Thanksgiving.

The "Happy Hour" and BYPU  
will meet on Friday in the after-  
noon and evening, respectively. The  
missionary committee will be in  
charge of the BYPU meeting.

On Sunday Pastor Lockett will  
preach in the morning from the  
text "Order M. Steps in Thy Word".  
Let this text be our prayer. The  
evening service will be a special oc-  
casion giving us a rare opportunity  
to hear a message from the Super-  
intendent of Religious Education for  
New Jersey, the Rev. Otto F. Laeg-  
eler.

Mr. Laegeler is a widely-  
known young people leader, and  
our young people will be especially  
inspired by this service. Be there  
and catch some of his spirit.

The annual supper and business  
meeting of the church, for which  
cards have been mailed, will be  
changed to Tuesday evening, No-  
vember 29 at the same hour—supper  
promptly at 6:30. Reports will be  
heard from all departments and  
committees and officers will be elec-  
ted. An interesting meeting is as-  
sured.

Coming next Thursday, December  
1st, the thirteenth party of the Phi-  
ladelphia Class in the afternoon at  
the home of Mrs. Waller, 706 Parry  
avenue; to be followed by the pre-  
miere musical and dramatic enter-  
tainment of the Samaritan Class in  
the evening in the church.

When does a man show real  
thanks to God? Paul says, "They  
first gave their own selves to the  
Lord." After all a gift is not valu-  
able to a fine person unless the per-  
son comes with the gift. We can-  
not tip God! We do not satisfy  
him by an occasional gift of money,  
nor an occasional visit to church,  
nor a pious word now and then.  
He will have us or nothing. "My  
son give me thy heart!" is the thing  
God asks.

The time of Thank-  
sgiving should really be a time for  
our rededicating ourselves to God—  
a time for giving ourselves to Him  
as we think of the many blessings  
that He has given us.

## PALMYRA NOTES

Mrs. William F. Lottford of Parry avenue, was one of the hostesses at a concert given last Thursday evening by the Music Masters Association of the U. G. L. of Philadelphia at the Philadelphia Navy Yard.

The Rev. Otto F. Lottford, Superintendent of Religious Education of the New Jersey Baptist Convention, will be the speaker at the Central Baptist Church next Sunday evening. The service will be especially attractive to young people.

The Rev. Fred P. Meeks, William S. Branson and George N. Wimer attended the 38th anniversary of Progressive Council No. 15, Jr. U. A. M. at Beverly on Monday evening last. Mr. Wimer was one of the charter members of the council.

W. Kenneth Lottford is spending the Thanksgiving holidays with his parents, Mr. and Mrs. William F. Lottford of Parry avenue. Mr. Lottford is the Northern Representative of the F. A. Conklin Lumber Company, of Memphis, Tenn., with offices in Jamestown, N. Y.

Mr. and Mrs. Frank J. Brickner, of Henry street, entertained Mr. and Mrs. John B. Wood of West Philadelphia at dinner Sunday.

Lewis Sharp has returned from Glen Gardner and his many friends in Palmyra and Riverton are glad to know that he is in wonderful health, having gained fifty pounds in weight.

Santa Claus will visit the St. Agnes Guild bazaar in the afternoon and evening of December 3 in the P.O. Hall. Come and bring the little folks.

Mr. and Mrs. Parker B. Chandler, of Duxbury, Mass., motored to Palmyra last week and spent the week-end with Mrs. W. H. Smith, of 403 Cinnaminson avenue.

Miss Florence Saar and Addie Du Moulin spent Sunday with Mr. and Mrs. Joseph Holbruner at Cape May.

The Cinnaminson Firemen's Relief Association will hold its annual meeting next Monday evening at the home of the President, John P. Saar, Sr., 205 West Broad street.

Mrs. Green, of Horace avenue, is visiting her sister in Philadelphia.

Mr. and Mrs. John P. Saar, Jr., are spending Thanksgiving with Mr. and Mrs. John P. Saar, Sr., and family, of West Broad street.

John A. Bauer will open up his office of Justice of the Peace within a few days.

The Misses Ruth Albertson and Elizabeth Birkenbach went to Gettysburg on Sunday last to see Bruce Heahn, a student at the Gettysburg College. They were the guests of

the Tau Kappa Epsilon Fraternity at dinner and for the evening.

L. O. Rogers attended the funeral of his brother, William, in Trenton Tuesday. Mr. Rogers died last Saturday at the age of 37. He held a position on the State Truck Farm. His widow and a 6-year old daughter survive him.

The American Legion Auxiliary will hold another card party on Wednesday evening, November 30, tickets 50 cents.

The Ladies Auxiliary of the American Legion entertained the Burlington County American Legion Auxiliary at the Legion home last Friday evening. There were 57 members present, representing Burlington, Beverly, Riverside, Moorestown, Maple Shade and Mt. Holly.

Chairman Cosen, of the U. of P. Alumni Athletic Committee, invited the Palmyra High School football team to be his guests at the Penn-Cornell game this Thursday. This treat is considered quite an honor to the Palmyra boys who have made a splendid record on the gridiron this season.

Thanksgiving exercises were held in all the classes of the Palmyra Grammar School Wednesday.

The Community Welfare Association was busy this week distributing Thanksgiving cheer. The Police station was made the headquarters for the work and scores of baskets of food and clothing were donated by the school children and other charitable folks for the work.

Mr. and Mrs. Theodore L. Morris, of Garfield avenue, had as their guest for Thanksgiving Day and the weekend, Mr. and Mrs. George S. Morris and daughter, of Flushing, Long Island; Mr. and Mrs. Albert L. Morris, of Ocean City, N. J., and Mr. and Mrs. H. Knight, of Germantown.

Mr. and Mrs. James Jermon, of Germantown, former residents of Palmyra, celebrated their fiftieth wedding anniversary Wednesday, the 23rd.

Mr. and Mrs. W. B. Powell entertained on Sunday Mr. and Mrs. William Craft and children, of Runnemede; Mrs. Philip Vollmer and Mr. and Mrs. Elvin Powell and children, of Palmyra.

Mr. and Mrs. A. C. O'Brien entertained on Thanksgiving Day Mr. and Mrs. E. C. Kline and son, of Mt. Airy, and Mr. and Mrs. George Sanderling and children, of Tacoma.

Mr. and Mrs. Albert Smith, of Stonehurst, spent the weekend with her parents, Mr. and Mrs. Harry Kemmerle, Sr.

Mr. and Mrs. James B. Ryan and daughter, of Rhode Island, are visiting her parents, Mr. and Mrs. Lewis Wallace.

Mrs. Ida Herron of Ocean City, is visiting her nephew, Conrad Ott Anthony.

Mr. and Mrs. Fred Rohland returned Saturday from New York, where they attended the Hotelkeepers convention.

Betty, daughter of Mr. and Mrs. Wesley Huett, had her tonsils removed on Tuesday at the West Jersey hospital, Camden.

Mr. and Mrs. Lewis Wallace and Lieutenant and Mrs. James Ryan and daughter will spend Thanksgiving Day and the weekend with Mr. and Mrs. Walter Michell, at Monticello, Palmyra.

The Junior Philathea class of the Central Baptist Church held its regular monthly business meeting and social at the home of Miss Mildred Rogers on Monday evening.

The hostesses were: Mrs. Helen Andrews, Mrs. Beatrice Nace and Miss Rogers.

Mr. and Mrs. George Seal and family attended the funeral of Mrs. John Seal at Oliver H. Hall's on Saturday. Mrs. Seal, who had been in Atlantic City died Wednesday morning at the Jefferson hospital. Interment was made at Fernwood cemetery. John Seal is a brother of George Seal, and he and his wife lived in Palmyra a number of years ago.

Mr. and Mrs. William Miller, formerly of Huntington, West Virginia, are occupying an apartment at Berkley Hall, Fourth and Elm avenues, Palmyra.

Mr. and Mrs. William Miller of Garfield avenue, entertained at cards Thursday evening last.

Mr. and Mrs. Clement A. Haas, Jr., of Fourth street, entertained members of their family on Thanksgiving Day and Monday. Mr. Haas, who has just returned from Labrador.

Mayor Weert entertained his official family at dinner Tuesday evening, an annual event which he inaugurated when he became Mayor. All members of Borough Council were present except Arthur Cramer, who was confined to his home with a severe cold. Solicitor Joseph S. Low, Auditor Weleker, Collector Freeman and John Spencer also partook of Mrs. Weert's tasty cookery. Some of the Borough business laid over from the previous week's meeting was also transacted, consisting chiefly of the transfer of funds between the various accounts, which is usually necessary at the end of the fiscal year.

## Miss Swan's Bureau Aids Housekeepers

### Public Service Home Economics Department is Rendering Valuable Service

In the belief that a department in charge of a woman trained in home economics could render a valuable service to the company's women customers, Public Service Electric and Gas Company organized its Home Economics Department seven years ago. Miss Ada Bessie Swan is the director of it and she has an assistant in each division.

In a special article in the current issue of the Public Service News, Miss Swan tells of the work her department is doing in aiding women in cooking and house problems.

"When the work was started, a program for the department was decided upon, which included three major activities," Miss Swan writes. "First, lectures and demonstrations on home-making, which could cover all problems of the household, and indicate how gas and electricity could be used to the best advantage. Second, demonstrations or class work in home management and cooking, conducted on our sales floors and at various clubs. Third, home demonstration work. This is carried out by means of Home Service instructors to the homes of customers who have complained that they were not getting satisfaction from their gas or electric appliances."

Radio broadcasting is another feature of the department's activities and Miss Swan describes the development of this phase of the work.

"Each Tuesday and Friday, the director of the department talks to the unseen audience on some problem of home-making, and includes in her talk recipes that will help the home-maker in her job of meal planning and feeding the family," she writes. "Each month from four to five sheets of recipes are sent to the homes of customers during the month, and sent out, by request, totaling about 7,500."

"With no idea of the number of listeners, we decided to give a lecture demonstration on the subject of party planning. One hundred and fifteen women attended the first party, which was held in the small studio of Station W. A. A. M. through the courtesy of the I. H. Nelson Company. Public Service had not having an auditorium at that time."

"Later, in the same year, when the auditorium of Public Service was completed, a second radio party was held and about 1,200 attended."

"Since the service radio party, the department has held regular monthly parties for the members of the Radio School in the auditorium and they have been well attended by women from all parts of New Jersey, from Connecticut and Pennsylvania. The interest in this work was so great it became advisable to hold more than one radio party in the State and now one is held each week. The service radio party, which began in 1925, is held in the Central and Southern Divisions."

## Judge's Job

### ED PLUNKETT SAYS HE WOULD HIRE ONLY WOMEN AND NO PLUNKERS IF THERE WAS A WAY TO DISTINGUISH THEM

Lotta Plunkette  
"Are you on the water wagon for good?"  
"Why, sure."  
"Well, you ought to know the feeling. You've been on a thousand times before."  
"Am I True?"  
English Prof: What is a poet?  
Pa. (Dutchman): A poet is a fellow who writes words and words and words.  
One Test Obed  
"What makes you so sure you're not a fool?"  
"Because I wasn't born every minute."  
That Kind of a Girl  
He: "Why did you jump out of the car last night and start running home?"  
She: "I was born chaste."  
How It's Done  
How doth the pretty little June  
Keep dated all the time?  
By sitting where the sitting's good.  
And showing perfect lines.  
Sounds Logical  
A woman never loves but once—that is, the same man.  
Thumbs Up  
Wet: I don't feel any rain.  
Wetter: No wonder! You've got your hand turned wrong.  
The Prize Winner  
The latest prize winner is the man who is so knowledgeable that he has to have his shoes soled on the side.  
Only a Companion  
"Why did your pop say I reminded him of old-fashioned soap?"  
"Because you're so easy to see through and you magnify everything so."  
Observing Youngster  
"I'll give you fifty cents if you'll wash your face," said the college professor to his small son.  
"Keep it and get a haircut," was the young hopeful's reply.  
Such Service  
"Are you through with the finger bowl, sir?"  
"Through? I haven't even started. I'm waiting for some soap."  
Such a Girl—Such a Girl  
One: How is her line?  
Two: Judging from the crowd following her it must be a tow line.  
Some Statistics  
If all the males who consider themselves hot were placed end to end they would smoke, having nothing else to do.  
BEVERLY BANK HAS YOUNG PRESIDENT

Franklin P. Jones, Jr., was elected president of the First National Bank of Beverly at a meeting of the board of directors last week, to take effect December 1st.

## Moorestown Host to County Firemen

### Large Crowd Attends Annual Meeting in Relief House; All Officers Re-elected

Moorestown Fire Department was host to most of the firemen from Wednesday evening of last week. This was the annual meeting of the Burlington County Firemen's Association and the guests included an exceptionally large representation of the county firemen and a number of distinguished visitors from Camden, Mercer and Middlesex counties.

The meeting was held in Relief House, Chester avenue, under the direction of the town department. Entertainment was furnished by the host department and included a program by the crack Moorestown colored male quartette.

Chief Harry Francis, of the New Brunswick department, delivered the main address of the evening and gave a very interesting and valuable talk on "Fire Protection Education in the Schools." Ralph Holman, second assistant secretary of the New Jersey State Association, a New Brunswick fire commissioner, spoke on lines similar to Chief Francis' subject.

Other prominent visitors included the president of the Middlesex County Association, William G. Brown, and delegates present from Mercer and Camden counties.

David Brotherton, was re-elected president of the Burlington County Association, winning 54 to 38 over Russell Holmes, of Florence. Holmes, however, was returned to his position as vice-president and all other 1926-27 officers were re-elected to their posts. They included: Edward Rudrow, second vice-president; William G. Brown, first vice-president; William B. Cramer, assistant secretary; Albert G. Mayer, Mount Holly, treasurer.

The twelve trustees were all re-elected.

It was reported that Ocean County organized an association last month. Ocean was the last county in the state to organize. The members of the Burlington County Association were invited to attend a meeting of the Atlantic County Association at Hammonton on November 23.

The next meeting of the Burlington County Firemen will be held at Burlington on Wednesday evening, December 21.

## SEEKING LOCATION IN MOUNT HOLLY

### Husman Refrigerator Mfg. Co., of St. Louis, Want 60,000 Feet of Floor Space for Plant

The Executive Committee of the Mount Holly Chamber of Commerce has been called into conference on two occasions last week to consider plans for inducing the Husman Refrigerator Manufacturing Company, of St. Louis, Mo., to locate a factory in Mount Holly.

The Husman Company manufactures a line of meat store refrigerators, show cases, counter equipment, etc. It is stated that the company desires to open a branch plant in this section in order to be able to compete with the manufacturers of their line in the east.

They have been considering locations at Bristol and Chester, Pa., and Mount Holly. The company will require 25,000 feet of floor space by January 1 and 60,000 feet within a year. It is stated, and the location must be near a railroad or have siding facilities.

The company's representatives state that they would probably employ 100 hands at the start, with a weekly pay roll of \$3,000, which should increase to \$5,000 within a year.

## POTATO GROWING IS BIG INDUSTRY

Potato growing continues to occupy a very important place in the agriculture of New Jersey, according to a bulletin entitled "The Potato Industry in New Jersey" just published by the state agricultural experiment station at New Brunswick. In 1925, it is pointed out, the potato crop sold for approximately \$14,000,000. The nearest competitor was corn with an estimated value of \$8,000,000.

New Jersey is second only to Maine in the acreage and yield of potatoes. Her average for the 5 years, 1921-25, was 135 bushels to the acre, which is nearly 35 bushels more than the average for the United States. More than 50,000 acres of land are used for growing potatoes in the state. Eighty-five per cent of this acreage is in the counties of Monmouth, Salem, Mercer, Burlington, Cumberland and Gloucester.

The bulletin states that the potato growers went through extremely hard times from 1919 to 1923 and that property was retained only through the complete reorganization of the industry by the growers themselves. They chose better varieties of potatoes, eliminated all inferior land, made use of seed which was certified to be free from diseases or inferiorities which make for low production, carefully selected the fertilizers used, and waged war on diseases and insects by means of chemical sprays. These revolutionary changes pulled the potato industry out of the depths and brought confidence to the growers.

In spite of the importance of potato growing in New Jersey, the state does not produce enough for her own needs. Several million bushels are imported from other sections of the country.

## PRIZE NEXT MAYOR

Camden Real Estate Board Congratulate George N. Wimer

The Camden County Realtor, in its account of a recent weekly luncheon of the Camden Real Estate Board, printed the following:

"A communication was read from Commissioner Vincent P. Bradley congratulating our Board on the elevation of Mayor George N. Wimer to the position of Mayor of Palmyra."

"Commissioner Bradley stated that 'Not only is this a fine honor for George, but it is a nice tribute Palmyra folks have paid your Board and the State Association.'"

"Through the elevation of Realtors to positions of this type, you can readily understand our calling will be highly respected by citizens of the State."

A MUSICAL TREAT

Those who heard the Women's Symphony Orchestra of Philadelphia at Palmyra High School last year under the auspices of the American Legion will be glad to know the orchestra is giving a series of three concerts at the Bellevue-Stratford Ballroom, Philadelphia, December 15, March 1 and April 15. Ruth Rogers, noted soprano, is soloist on December 15—see advertisement.

In spite of the importance of potato growing in New Jersey, the state does not produce enough for her own needs. Several million bushels are imported from other sections of the country.

## PREPARING COWS FOR WINTER WORK

Fronted pasture is of little value as a milk producer. The present time of year is rather precarious one for the dairyman. If the cows drop much in flow right now it will be difficult to get them back to high efficiency. The feeders therefore should begin feeding ample amounts of hay and grain also begin the early use of silage. Cows should not be permitted out of doors on chilly nights if production is to be kept up. Feeding twice a day is sufficient for the average cow, giving half of the roughage and grain in the morning and half in the evening. If a cow is milked more than twice daily, she should be fed a proportionate amount of her daily ration at each milking period. Hay may be fed at noon where the herd is getting silage, hay and grain in the morning and evening.

## SCARLET FEVER IN LENOLA

Dora Fitzgerald, 13-year-old daughter of Mr. and Mrs. Walter Fitzgerald, of Garfield avenue, Lenola, is seriously ill with scarlet fever. She was stricken last week.

Dora is the niece of Mr. and Mrs. B. Lawyer, with whom her family resides, the Fitzgeralds having moved to Lenola from Camden about a month ago. Miss Helen Lawyer, a daughter, just recently returned home from the Burlington County Hospital, Mt. Holly, where she underwent an operation for appendicitis.

The home has been quarantined under orders of Dr. George H. Wilkinson, Moorestown Township Board of Health physician.

## CUT THE LITTLE ONE—SAVE THE BIG ONE

Before a woodland owner decides to cut young, thrifty timber of good species for firewood it might pay him to consider the following facts: Seventy-five trees 4" through the butt are required to make one cord of wood. Considering the average value of cordwood stacked in the woods to be \$5.00, the value of each 4" tree in terms of cordwood would be 65.3 cents. Trees 8" through the butt would be worth 44 cents each for cordwood.

The market value of these same trees when 12-16 inches through the butt would, at present market prices, be from \$2.00-\$4.00 per tree. To all the money gained from the butt are there usually about 750 trees to the acre. Converted to cordwood this young timber would be worth about \$50.00 per acre. It would yield another crop of cordwood of equal size in another 25 years.

This same young timber properly thinned, weeded and otherwise encouraged would in 25 years contain about 416 trees. To the acre, averaging 10 inches through the butt and at present market prices worth about \$1,000 to the acre. In addition to this the thinnings and weeding would ordinarily net about \$7 cords of wood to the acre.

Owners who cut them all for cordwood can expect an income of about \$100 per acre in 50 years. Those who cut the small ones, the dead and dying ones, and save the big ones may expect more than ten times this income.

Dr. Nicholas Murray Butler says that thinking is a lost art. It might also be said that the people are voting as they think.

## CHAMBERS—GRIFENBERG

Mr. and Mrs. Joseph N. Griffenberg, of 416 Morgan Avenue, announce the marriage of their daughter, Mae, to Glen W. Chambers, of Delanco, formerly of Palmyra, at Media, Pa., on May 9, 1927.

As lovers all men are inclined to be general practitioners rather than specialists.

## IN CHANCERY OF NEW JERSEY

To Mary S. Jones:  
By virtue of an order of the Court of Chancery of New Jersey, made on the day of the date hereof, in a certain cause wherein James O. Jones is petitioner, and you are defendant, you are required to appear, and plead, answer or demur to petitioner's petition on or before the sixteenth day of January, next, or, in default thereof, such decree will be taken against you as the Chancellor shall think equitable and just.

The object of said suit is to obtain a decree of divorce, dissolving the marriage between you and the said petitioner.

Joseph S. Low,  
Solicitor of Petitioner,  
P. O. Address,  
N. W. Cor. 5th & Market Sts.,  
Camden, New Jersey.  
Dated November 14th, 1927.

## ADMINISTRATOR'S NOTICE

Estate of Dora Schimmell  
RULE TO SCHEDULE

Notice is hereby given that an order has been made by the Surrogate of the County of Burlington bearing date on the 22nd day of September, 1927, upon the application of the subscriber, administrator of the estate of Dora Schimmell, deceased, late of the County of Burlington, to bring in their claims against the estate of said decedent under oath of examination on or before March 2nd, 1928, or they will be barred by any action therefor against the said administrator.

FRANK A. SNOWER,  
Administrator.  
Proctor: Joseph L. Thomas  
Dated September 22nd, 1927. 1129-1211

## Improved Uniform International Sunday School 'Lesson'

(By REV. C. H. FITZWATER, D. D., Dean  
of the New York Theological Seminary,  
© 1927, by Western Newspaper Union.)

Lesson for November 27

ISAIAH TEACHES TRUE WORSHIP

LESSON TEXT—Isa. 1:1-20  
GOLDEN TEXT—O magnify the  
Lord with me and let us exalt his  
name together. I saw the Lord and  
he heard me and delivered me from all  
my fears.

PRIMARY TOPIC—Worshiping God  
JUNIOR TOPIC—Worship That  
Pleases God  
INTERMEDIATE AND SENIOR TOPIC—Worship That Pleases God  
YOUNG PEOPLE AND ADULT TOPIC—The Nature of True Worship.

Isaiah had a long ministry, beginning in the days of Uzziah and extending through the reign of Jotham, Ahaz and Hezekiah. For a history of the nation in this time see II Kings, chapters 15 to 20. Isaiah's visions present the redemptive purpose of God through the consummation of Messiah's kingdom. Chapter 1 is the title to the whole book. It contains the great arraignment of the people for their sin.

1. The Moral State of the People (vv. 2-4).

The universe is summoned to hear the Lord's complaint against Judah and Israel for their base ingratitude.

2. Brazen stupidity (v. 3).

The ox and the ass are proverbially stupid, but Israel's stupidity exceeded theirs. Israel would not recognize His right as sovereign, nor author of mercy.

3. Habitual evil deeds (v. 4).

They were not sinners in act merely, but in nature and heart were laden with iniquity. By heredity they passed their vices from generation to generation.

4. Their Consequent Miseries (vv. 5-10).

1. Their perplexity (v. 5). Chastisement only hardened them. Their afflictions were followed by deeper and more heinous sins.

2. Their awful confusion (v. 6). The calamity which befell them extended to all classes. No one was able to minister to their comfort.

3. Desolations in the country (vv. 7, 8).

Revolts from within and invasions from without left their country desolate. Physical ruin always follows moral and spiritual decadence.

4. A saved remnant assured (v. 9). God's purposes cannot fail. A remnant was saved in Israel—a remnant shall be saved in the church.

5. Formal Worship Rebuked (vv. 10-15).

Their awful enmities were not due to the neglect of religious rites and ceremonies. They punctiliously observed the forms of religion while indulging in iniquitous practices.

6. God does not need sacrifices (v. 11).

Worship and service are not for God's benefit, but for that of the worshippers themselves.

7. God's attitude toward formal worship (vv. 12-14).

The very rites and ceremonies which God ordained for the purpose of helping men to approach Him become disgusting and irksome to Him.

8. God's refusal (v. 15).

Every act of worship while the heart and life are steeped with iniquity only incites the anger of the Holy One.

9. An Amended Life God's Requirement (vv. 16-20).

Though their nation had so grievously sinned, their case was not hopeless. In order to enjoy that mercy there must be:

1. A cleansing.

"Wash you, make you clean." The washing by water symbolized the cleansing by the blood of the Son of God.

2. "Put away the evil of your doings."

There could be no cleansing while continuing in sin.

3. "Cease to do evil."

4. "Learn to do well" (v. 17).

One can only cease to do evil by learning to do well.

5. "Seek judgment."

One must not only be upright himself but should protest against the wrongdoing of others. Burdens should be removed from the oppressed. Justice should be done to the fatherless and the widows should be befriended.

6. Encouragement to come to God (v. 18).

Though their guilt was great and the judgment which befell them was awful, God's pardoning and cleansing grace were sufficient.

7. Conditional promise (v. 19).

This means that they could only enjoy good on God's terms.

8. Solemn warning (v. 20).

Rebellion against God brings ruin.

Religion

Trusting God with a sincere and open heart, ready to obey what He suggests, asking His guidance, and ready to take His leading in life and simply trusting life to Him—that is religion.—James Field.

Cost of Discipleship

Christ tells us to count the cost of discipleship, but He never asks us to count the gain. He knew we could not; there is no arithmetic to compute that.—W. L. Watkinson.

PIONEER GROUP YMCA

The meeting was called to order by our president, Carl Winegar, who led us in prayer. Secretary Haley collected dues and button money. We then read the Responsive Hymn. Old and new business came next.

The captain of the football team told us to be over at the ball field for a game Wednesday afternoon. We elected three new members into the group. We then played group games and adjourned the meeting until next Tuesday.

H. H. Haley, Reporter.

Yards such as where you now wait for the green light.

## Liquor Cases Get Court Attention

Thirty Violators Tried in Three Days; \$2,825 in Fines Assessed One Day

The Burlington County Court House at Mount Holly was a busy place again last week. Prosecutor Hillman moving a number of criminal matters on Monday, Tuesday and Wednesday and again on Thursday, when quite a few of the defendants whose cases had been handed earlier in the week, were before the Court for sentence.

In all, 122 of the 122 indictments found by the September Grand Jury have been disposed of. The Court handed out some pretty stiff sentences on Thursday, particularly in those cases where the defendants were men who had been imported to this county to operate stills.

William Guilford, who claimed to be an Atlantic City plumber, who had been found guilty by a jury of operating a still at Wading River, one of the largest ever located by the county officers, was fined \$500 on each of two charges making \$1,000 in all.

Harry B. Rust, one of his partners, failed to show up and it leaked out about the Court House that the reason for his absence was the fact that he had been arrested in Atlantic City on Tuesday, along with two other men on a complaint charging him with impersonating an officer, the specific charge against him being that he was attempting to represent a well-known enforcement officer.

Third Man Missing

E. A. Armour, the third party arrested at Wading River, was also among the missing.

John Chille, of Philadelphia, caught in the act of operating a still at Chinnasson, was taken to jail in default of a fine of \$500.

There were three men arrested in this raid also, but one has died and the third man is serving a six month sentence in the Camden jail as a Federal prisoner, but he will be brought to Burlington County later.

Bruce Zaleski, of Philadelphia, the man who it was claimed was the owner of the still and outfit, found on the Kilbuck Bros. farm, on the Lumberton-Berwyn road, who was found guilty by a jury on Tuesday, was sentenced to the county jail for five months.

The evidence showed that Zaleski rented the farm for \$18 a month and that it contained thirty-seven acres.

Tony Barchowski, also of Philadelphia, who was arrested by Detectives Cain and Carabine when they found him operating the plant, still remains a guest of Sheriff Haines for four months.

William Albertson, the Mount Holly boy who lost his head and struck his teacher, Miss Carolyn Carroll, breaking her nose, and who was found guilty by a jury, was placed on probation for two years, and ordered to pay the costs of \$75 immediately.

John the Colony

Albert Moore, Sr., of Mount Holly, joined the bootlegging colony at the jail, but was sentenced in three months, while another indictment against him for liquor law violations was still pending. He made a retraction on Monday of his former plea of not guilty.

Daniel Gage, a Burlington Italian, made a retraction and pleaded guilty to statutory charge with one Stella Coleman, colored, and was sentenced to sixty days in jail, the sentence to date from the time of his original commitment.

August Lore, of Roebing, who has been fined before and also served a jail sentence on a charge of operating a still and other liquor law violations, will pay a fine of \$500 and went to jail for three months in addition.

Mary Lore, wife of the former defendant, who has also been in Court on several occasions on charges of disregard of the liquor laws, and who has been fined and also served three months in jail, was fined \$500.

John Wuljick, of Roebing, made a retraction and pleaded guilty to liquor violations, and was fined \$500.

Victor Opre, of Roebing, who had pleaded guilty to evading the liquor laws, went to the county jail for forty-five days. He is an old offender.

John Sixty Days

George Davis, colored, of Mount Holly, who shipped to Maryland after he had purloined a watch and a suitcase from his boarding mistress, and who had been brought back from the southern state by Detective Carabine, pleaded guilty and was sentenced to sixty days in jail.

He had just been released from jail on a charge of stealing chickens when he took the other articles.

William Robert Went, of Haverly, charged with desertion, was turned in by his bondsmen, and he was placed on probation for three years and must pay costs of \$30.

Cases tried Monday:

MEMBERS PHILADELPHIA AND NEW YORK STOCK EXCHANGES

Mrs. Sarah Goff, of Chesterfield township, stood trial on a charge of possession of liquor and the jury found her guilty. She was immediately sentenced to pay a fine of \$125. She has been arrested since this indictment was found, on charges of possession of liquor, maintaining a house where liquor was kept, and also for keeping a disorderly house.

Harry B. Rust, E. A. Armour and William Guilford, all of Atlantic City, and all arrested in connection with the monster distilling plant raided at Wading River by Detectives Cain and Carabine, were tried and found guilty.

Albert Moore, Sr., of Mount Holly, John Achim, of Roebing, and John Chille, of Philadelphia, all charged with liquor violations, made retractions and pleaded guilty.

Cases Handled on Tuesday

Court was in session from 8:30 until after 5 o'clock on Tuesday, and the following cases were disposed of:

John Smoluck, of Burlington, charged with maintaining a house and possession of liquor, made a retraction and pleaded non vult.

John Spitz, of Centerton, also retracted his plea of not guilty to a charge of possession of liquor and pleaded non vult.

Roman Morris or Caranski, proprietor of the Blue Tree Inn near Burlington, was another who made a retraction on a liquor charge and pleaded non vult.

Mary Kacuba, of Burlington, has been married since she was indicted under the name of Kacuba, her name now being Bower, and she faced one indictment under the name of Kacuba and two more under the name of Bower. She also retracted her previous plea and pleaded non vult.

Mary Howak, of Florence, charged with having liquor and utensils in her possession, made a retraction and she will be back for sentence on November 23.

Mary Ruben of Hainesport, charged with sale, furnishing and possession of liquor, had her case heard by a jury, who decided that she was not guilty of sale but that she did possess and furnish. She will be sentenced on November 23.

Wednesday's Court Business

Mrs. Cora Lucas, colored, of 500 S. 17th street, Philadelphia, wife of "Smitty" Lucas, owner of a cafe at 17th and Ordway streets, and also the owner of a well-known colored baseball team, stood trial on a charge of possession of liquor.

Mrs. Lucas attended a colored camp meeting at Mount Laurel one night last August and when a fight started between some of the enthusiastic brethren, Sheriff Haines' office was notified and officers were sent to quell the disturbance.

Anticipating that liquor was flowing freely about the camp, the officers searched several cars and came across two quarts of liquor in the Lucas car.

At first the owner could not be found, but later Mrs. Lucas claimed ownership of the car but said that her chauffeur, who owned the liquor, had shipped some of it to her.

The jury returned a verdict of guilty.

Walter Fredericks, of Burlington, with two charges of liquor law infractions, retracted and pleaded guilty to possession. He will be sentenced November 23.

Stella Kacubski, of Delran, made a retraction and pleaded non vult to possession of liquor.

Alfred Marchese, of Burlington, charged with inebriated driving and assault and battery, stood trial, and before the case went to the jury the Court directed a verdict of not guilty so far as the "battery" was concerned and the jury found a verdict of guilty of simple assault and malicious mischief.

Michael Mudrick, of Burlington, was another who made a retraction and pleaded guilty to possession of liquor.

William S. Cox, chief of police of Pennsauken Township, died Wednesday night of last week at the Hahnemann Hospital, Philadelphia, after an illness of two years. He was 64 years old.

Chief Cox had been operated on about a year ago for an infection of one lung. Last week when his condition became worse a second operation was necessary. Oxygen had been administered for two days in an attempt to save the chief's life.

Cox was made Chief of Pennsauken Police when the department was organized six years ago. He won considerable reputation by capturing three of four bandits that shot and killed William Bishop, Jr., taxicab driver on Burlington Pike a few hours later. Four years ago one of the bandits was caught by Chief Cox and Captain Wheeler of the township force, near Cove road and River road, on the night of the crime. Two more of the slayers were arrested the next day in a freight car at Delair.

Chief Cox is survived by a widow and several married sons and daughters.

OF POLICE DIES

## County History of 50 Years Ago

Items of Interest Published in Mount Holly Mirror, November 15, 1877

The Mount Holly Insurance Company has declared a dividend of four per cent. on earnings of the past six months.

Colonel E. B. Grubb has received his commission as Colonel of the Sixth Regiment, New Jersey, from the War Department, New York.

Pierre Lorrillard, owner of the Raneece Stables, Jobstown, is reported to have won \$10,247 prize money in horse races the past season. His horse Brazil won \$22,150 alone.

At a special master's sale of real estate in Aaron Darnell, deceased, on Saturday, a farm in Mt. Laurel and Lumberton townships, containing 177 acres, was bought by Warrenton Darnell, for \$11,500.

The 49-acre farm of Charles L. Brown, about half way between Mount Holly and Medford, was sold on Monday to Amos R. Bartlett for \$6,000.

Prisoners Cost \$1092

At the meeting of the Board of Freeholders on Tuesday, the Sheriff's bill for board of prisoners, was ordered paid—\$1,840 days at 80c per day. The County Collector's report for the past six months shows disbursements of \$40,395.29, leaving a balance in the treasury of \$23,798.97.

The historical sketch of the Mount Holly Baptist Church, prepared by the pastor, Rev. Edward Bratlain, and read before the West Jersey Baptist Association, refers to the pastorate of Rev. A. G. Thomas, who came to Mount Holly in August, 1868, and in the winter of 1869 conducted the greatest revival in the history of the town, when 160 persons were added to the church, and the entire community was profoundly moved. During this year the church was enlarged to its present capacity at a cost of \$2,000. The membership of the church at this time (1877) is 528; value of church property \$25,000, 840 in almshouse.

The report of the Burlington

County Almshouse for the past three months shows total expenditures of \$3,581.71. Inmates in the institution number 340, of which 63 are in the insane department. Mount Holly retail market prices: turkeys, 25c each; quails, 40c pair; chickens, 15c lb.; turkey, 30c lb.; best sirloin steaks, 20c lb.; best beef rib roast, 22c lb.; roast pork, 15c; sausage, 12c; best butter, 35c lb.; eggs, 35c doz.; cranberries, 35c qt.; smoked hams, 14c lb.; white potatoes, 15c half pk.; sweet potatoes, 12c half pk.

To raise good crops and greatly increase their yield, use Pemberton manure, applied from 5 to 20 tons per acre, depending upon the crop planted.

November 22, 1877

Bring your freight to Mount Holly from Philadelphia on the Simple boats on the Rancocas.

The sailing name of Conover was spelled Krowenowen on deeds of a century ago.

The Pennsylvania railroad has put heaters in the cellar of the Mount Holly passenger depot.

J. J. Barrett, of White Hill, has several tons of horse radish growing on the flats near Biddle's Island.

Fifteen tramps were committed to the county jail last week.

A suit was begun against a Princeton farmer to recover the penalty imposed by statute for permitting the Canada thistle to go to seed on his farm.

Speed of Trains

A train on the Pennsylvania railroad recently made the trip from Philadelphia to Jersey City in an hour and forty-eight minutes, the fastest time ever made on the road, between Philadelphia and Trenton the time was less than one mile per minute.

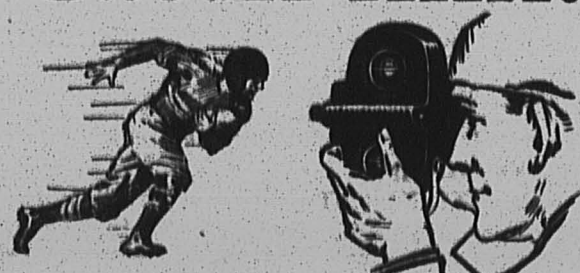

Going to the crowded condition of the primary department of the Mount Holly public school, the trustees have rented the Friends' school house on Brainerd street, where 50 children are being taught.

Birch's new opera house in Burlington has been completed and opened Thanksgiving night, with the presentation of the famous tragic play of Lucetta Borgia and the laughable comedy, The Toolies.

The temperance pledge belonging to a resident of Marlton was lost last week while he was in a beer saloon.

St. Barnabas Church, Burlington, has a new organ.

# Catch him!

with a  
**BELL & HOWELL**  
MOVIE CAMERA

HE'S loose! He's loose! The crowd is wild. The game is won! Boy, wasn't that a play to talk about? The talkers will never agree. Everyone has seen the play differently. Only those who caught it with a Filmo movie camera can smile and say "Let me show you."

With a Filmo to your eye you can shoot over the heads of the crowd and catch every move of the game. Only two simple operations necessary. Look through the spy-glass viewfinder and press the button. "What you see, you get." It's easier than taking snapshots.

Come in and let us show you the ease and accuracy of taking personal movies with a Filmo. Or we will come to your home and demonstrate. Easy terms if you want them. See us or phone for detailed information.

## BURLINGTON CLUB ELECTS EASTWOOD

City's Prominent Attorney Is Chosen As President of Kiwanis Club

Howard Eastwood, attorney, was elected president of the Burlington Kiwanis Club at the meeting of the organization last week to succeed William Hope.

Other new officers include George B. Clayton, vice president; George T. Williams, treasurer, and Murray H. Ballinger, district trustee. New directors are the Rev. Millard O. Pierce, Ray Borden and Ira J. Davis, of Haverly. The secretary of the organization will be chosen by the directors. William E. Taylor has been serving in this capacity since the resignation of YMCA Secretary D. S. Evans upon his removal to Binghamton, N. Y.

In military organization, it's hell for the fellow on the bottom. In business organization, it's hell for the fellow on top.

Before the war, Russia had practically no chemical industry, but the wartime need for powder, explosives, and poison gas led to the development of this industry, which is still growing.

Rainfall in the Hawaiian Islands varies from 800 inches a year in some regions to less than fifteen inches in others.

## Dr. Frank Crane Says

### The Way To Lose Is To Give Up

If you hang on and persevere you may not succeed anyhow, but if you give up you are sure to lose. Albert Payson Terhune listed recently a number of things about failures who hung on a finally succeeded.

He tells of Garibaldi, who had lost everything and was in prison and was condemned to death, yet he never lost his grip and lived to be the savior of Italy.

A middle-aged man peddled cordwood in St. Louis in a shabby, old army overcoat, yet this figure was elected President of the United States.

An obscure country farmer wanted to come to America and his King would not let him. That farmer afterwards became ruler of England, Oliver Cromwell.

Patrick Henry could not make good in the grocery business or on his farm, but because one of our most famous orators.

At middle age, Bronawell Jackson was an excellent college instructor. He lived to be the idol of the South.

Bulwer Lyton thought he was a failure when young and though he

was a hopeless invalid he hung on and afterwards was one of the most famous English writers and a member of the nobility.

Thomas A. Edison, as a hard-up newsboy-candy butcher was thrown from a train and his fall injured his hearing. He got up and tackled his tasks anew and you know what he became afterwards.

Alexander Graham Bell was not much of a success in his youth, but those who bought his stock when he was peddling it at a cheap rate are now rich.

Robert Louis Stevenson, a consumptive, sat on a bench in a San Francisco park, middle-aged and penniless. He became one of the most famous writers in the world.

Napoleon the Third fled to England, was dead broke and made a bare living in America. Afterwards he became Emperor of the French.

Napoleon Bonaparte was considered a failure when a young man, but by a change of fortune became the foremost man of the earth.

So, if you can't do anything else you can hold on. Nobody knows when the lightning is going to strike or where.

### RICH COLORS FOR YOUR BOOK CASE

Book stands are always an important part of the furniture of the modern home and perhaps there are no pieces of furniture to which more attention is given by those interested in interior decoration. Even the simplest of bookcases can now be made attractive and be given a coloring which helps to make the room attractive.

There are three types of book cases, any one, or all, of which are usually found in the average home. One is the large book case with glass doors; another is the small book case of general utility, usually of three shelves, which can be placed here and there in positions which help to decorate the room; the other is a book stand, also usually of three shelves, which is a fine auxiliary to a reading chair. If you wish to be in the latest mode, you will have these book cases finished in Ducco because the latest of all finishing materials gives color schemes which are unobtainable otherwise. There are two color plans suggested for the large book case with glass doors. One of these is done in blue with rich green on the shelves. The other is finished in warm tones of orange yellow with deep red interior and shelves. This decorative scheme in these two colors is at once harmonious, soothing and rich. The small book case which is of such general utility is done in vermilion with black medallion decorative at top, trimmed with old gold. The interior and the shelves are done in silver. Such a vermilion decoration at once removes this piece from the commonplace and makes it a worthwhile addition to the room in which it is placed. The book stand with three shelves is done in rich tones of dark and light green, trimmed with black.

## About Your Health

By John Joseph Quinn, M. D.

If there is a dragon—a hydra-headed monster within the domain of serious disease, influenza is doubtless its deputy destroyer.

About all the intelligent physician can do when confronted by this enemy, is to treat the most outstanding symptoms vigorously, in such a manner as to conserve every atom of the patient's strength—and, trust to a merciful God for the rest. That we must have a summer variety of this scourge, is quite beyond my understanding; I have met the most widely-differing symptoms in no many patients, each diagnosed "summer flu" but I am more than ever bewildered sometimes.

Summer flu, in my experience, creates its havoc in the stomach and bowels; a short season of depression, with keen pain in the region attacked; a very much disturbed heart-action; very little of nausea, vomiting or diarrhoea; severe headache; brief darts of keen headache; a cool, damp skin; a sudden burst into a fever of 105

with delirium at times—at others, the patient's perceptions are greatly heightened; the picture is too terrible to paint here—and we call it "summer flu" which, perhaps is an appropriate name as we could give.

Put the complaining one to bed, since the offender must be within the digestive tract, it must be removed by that channel. A dose of Citrate of Magnesia is good preliminary treatment—a full dose. Most families know of Salicylate of Soda; five grains every two hours will do good—until the doctor arrives with something better. Allow plenty of good, pure drinking-water, and remember: the bed is a very present friend in trouble—stick to it, no matter how early temporary relief comes.

"Summer flu" is not acute indigestion, as generally understood; it is not acute gastritis. Now,

don't ask me just what it is! Next week! Intemperate Eating

**YOUR SEED CORN**

A month ago the corn crop seemed to be headed for trouble. Today the prospects are much brighter. The coolest August in fifty years, a normal September, and the hottest October, so far, on record in the peculiar history of the past three months.

There is still a fairly high degree of moisture in some of our corn and we may expect a cold snap almost any day. The wise man will set aside the best ears as soon as husking starts. He will put them away in a safe place where they will dry out quickly and at the same time will not be subjected to freezing weather.

If you can't be breezy, be brief.

## This Week

By Arthur Brisbane

TO PREVENT FLOODS  
A CLOWN'S DEATH  
A NIGHT CLUB LADY

Senator Watson says that everything that can be done will be done, by Congress to stop the Mississippi floods. If the program is carried out Mississippi floods will be stopped.

"Congress can, if it will," Herbert Hoover will show how it can be done, with assistance of other able engineers.

If this country doesn't think it worth while and for all to stop floods that cost a billion at a time, it is a foolish country.

Marceline, famous clown, rose to the top of his profession. Millions laughed at him, children especially, as he went about, with bright pink nose, and baggy clothes, always serious.

He is dead today. He shot himself to death, alone, poor, in a miserable furnished room. Photographs showing him in the day of his glory were spread before him on the bed, as he knelt to blow his brains out.

"Laugh, and the world laughs with you. Weep, and you weep alone." Ella Wheeler Wilcox wrote her well-known poem the morning after her first party when she was seventeen.

In the train, going to the party, she saw a woman weeping. Her dead husband was in the baggage car. Mrs. Wilcox said: "I thought I could never smile again, after trying with that poor woman. But I went to the party and danced all night. I wrote the poem when I woke up in the morning, ashamed to think how easily I had forgotten."

Poor Marceline, now in his last sleep, learned that the world forgets easily.

Platinum has been found in Alaska, where one man makes \$200 a day by primitive mining. That will start travel to Alaska and what used to be called "Seward's Folly" because Seward paid \$8,000,000 for it. Eight thousand million dollars would not buy it now, and a hundred thousand million dollars wouldn't pay what it is really worth.

John Seybold, seventy-one, a farmer, wants back \$7,500 paid a medium. Seybold talked to a spirit named "Sarah," liked Sarah's voice, paid for Sarah's wedding dress, at her request donated \$500 for wayward girls. Then after he had spent \$7,500 to please Sarah, on her promise to come to earth and marry him, "Sarah," says the farmer, "never showed up."

Do not laugh. This old farmer simply paid in advance for happiness to come later. Believers in many religions on earth, the false ones, are now doing the same and will be disappointed as Farmer Seybold was disappointed. Their disappointment will come hereafter.

A lady who manages a night club marries her daughter to a British peer, and the world wonders for a minute. It need not wonder. Read the memoirs of the Duke de Saint Simon, and learn how eager were men, with the greatest names to marry any sort of illegitimate daughter of a queer king. The history of England will also tell you on what many of the great "titles" are based, namely, on easy virtue, royal caprice. A night club keeper is a REAL lady, compared with some well-known duchesses in history.

The first political speech of Abraham Lincoln, made in Sangamon County, Illinois, in 1832, when he was a candidate for the state legislature, contained only seventy-five words.

Alva S. Kellogg, at the Illinois Soldiers and Sailors Home, Quincy, Illinois, is the only living Civil War soldier who heard Lincoln deliver his Gettysburg address.

The custom of holding an annual homecoming, now so popular, among American colleges and universities was originated by the University of Illinois in 1910.

The American Red Cross wants 5,000,000 members for 1928 during the Eleventh Red Cross.

### BIG TRACT IS SOLD TO PHILA. REALTORS

The property at Retreat known to old residents as the "Old Retreat Tract" has been sold by the John Wells Cranberry Company to Mullen & Berry, Philadelphia realtors, and it is understood that they will start a real estate development as a summer colony, on the order of Medford Lakes promotion. Included in the deal is the chartered right to the watershed.

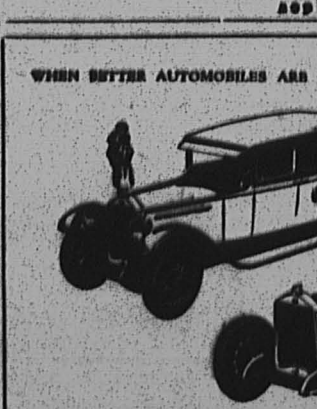

Workmen are now engaged clearing the pond tract preparatory to making a lake that will be a beautiful body of water in a picturesque setting of wooded territory. The development plans will be fully announced later.

This tract contains about a thousand acres and it has attracted the attention of promoters because of its natural beauty and its being along the line of the proposed state highway from Medford to Red Lion and on across country to Buddtown and Barnegat road. One section of the tract would be touched by this route.

There is a report that the promotion will be along more or less exclusive and restricted lines. Much interesting history is connected with this tract that would make fine reading. It is not known to many people that Charlotte Cushman, known in history as America's greatest actress of her day, was born in the big house on this property. Retreat, however, has never really enjoyed this fame.

## NICKEL LIMIT!

That's All Smokers Need to Pay for an Ace-high Good Cigar. Read the Glad News

Some men laugh when you say "a good five-cent" cigar and spring the old one about what this country needs. Some men think of the good old days. Others say "Show me." Maybe you're one of the skeptics. If you are, we want you to put yourself in the "show me" class. We say there is a good cigar selling at 5¢ right in this town today. And here's the way to prove it.

Just step into the nearest cigar store, plunk down one nickel and take a Havana Ribbon from the box. No more hunting for a good cigar at five cents. No more disappointments. You'll sign up for life with Havana Ribbon then and there, and forget about the price.

Havana Ribbon is a good cigar because it's made of carefully chosen ripe tobacco. And it's made in one of the most modern cigar factories in the world. Don't let a nickel stand between you and a real smoke treat.

### Lamps Offer a Satisfactory Solution of the Gift Problem

Once again we are faced with the perennial question—"What shall I give for Christmas?" Almost everyone wants a lamp. A man needs one by which to read his evening paper, or another lamp of a different sort to light up the dials of his radio.

A woman has dozens of uses for lamps—among others, for the bridge table—the dressing table—the arm chair and her desk.

Then there are many lamps that make wonderful presents just because they are beautiful.

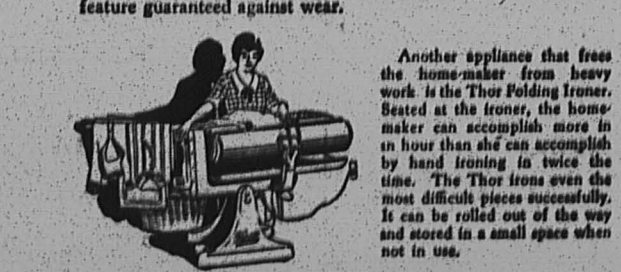

Public Service stores have a charming collection of floor and table lamps including all the popular potteries and wrought metals. Some of the shades are of skin vellum with characteristic sketches, some trimmed with georgette or of quaint crevasses reminiscent of the old-time sampler.

Public Service extends its divided payment plan to its customers for convenience in buying lamps.

### Electric Laundry Equipment Makes Home-making Easier

Electricity in the laundry is particularly valuable to the home-maker. It performs all the hard, distasteful work connected with washing that was formerly done by the laundress. The Thor washer (illustrated) is so well designed that fabrics last longer when washed by this frictionless method, the dirt being loosened and removed in less than half the time required to do the work by hand.

The Thor is well constructed—its gears are a special patented feature guaranteed against wear.

Another appliance that frees the home-maker from heavy work is the Thor Folding Ironer. Seated at the ironer, the home-maker can accomplish more in an hour than she can accomplish by hand ironing in twice the time. The Thor Ironer even the most difficult pieces successfully. It can be rolled out of the way and stored in a small space when not in use.

Payment terms on the THOR Electric Washer and the THOR Electric Ironer are the same \$5 Down 18 Months to Pay

### An Electric Iron for Upstairs and Down

The electric iron is needed so often in the nursery or sewing room that it will be found most convenient to have one on the second floor as well as in the kitchen or laundry.

Westinghouse Automatic, \$7.75  
American Beauty, 7.50  
Westinghouse Steamline, 6.00  
Simplex, 4.50

### Put an Attractive Modern Gas Heater in Your Fireplace Now

The spirit of home seems to be intensified each year with the coming of Christmas. Wanderers gather with the home-keepers around the family hearth. A glowing gas fire in the fireplace gives warmth and cheer to the family party and furnishes a delightful place for little people to hang gift-expectant stockings.

Public Service stores have a large assortment of gas heaters of attractive design. Selections now will assure installation before Christmas.

An attractive gas fire in log form—the Ohio Radiant gas log No. 2. Connected without charge in fireplaces having suitable gas outlet. Cash price \$25. On terms \$4 down and \$3.75 monthly for 6 months.

Unusual value will be found in Lawson Radiant gas heater No. 110. Cash price \$16. On terms \$4 down, \$2.60 monthly for 5 months. Connection extra.

### Gas House Heating Is the Last Word in Home Comfort and Convenience

A clean house from cellar to attic, healthful, comfortable warmth and when you want it, and freedom from fuel worries—that briefly is the story of gas for house heating. With a gas heating installation you light your furnace in the autumn and set your thermostat for the temperature you wish to have maintained. Automatic regulation plus an unfailing supply of fuel does the rest.

Gas heating is the ultimate in ease and convenience of operation. Its cleanliness is unapproached by any other fuel. It is silent, odorless, efficient.

Gas may be applied to your present heating system—steam, vapor, hot water or warm air—no change in pipes or radiators is necessary if these are adequate and in good condition.

The gas boiler or furnace, not being subject to vibration, outlasts other house heating equipment.

Public Service will service gas house heating equipment without charge so long as it is in use.

Change to gas for house heating before the real winter begins. Let our heating engineer tell you of its many advantages. His services are given without charge and he will call at your convenience. Please fill out coupon and mail.

Public Service Electric and Gas Company

I am interested in gas for house heating. Please send me more information.

Ada Bessie Swann Says "Make Cake Now—"

### DARK FRUIT CAKE

- 1 cup seeded raisins
- 1/2 cup currants
- 1 cup dates, dried
- 1/2 cup citron
- 1/2 cup grapefruit peel
- 2 cups flour
- 1/2 cup salt
- 1 cup soda
- 1 cup. cinnamon
- 1/2 cup. mace or nutmeg
- 1/2 cup. cloves
- 1/2 cup. shortening
- 2/3 cup brown sugar
- 3 eggs
- 1/4 cup molasses
- 1/2 cup. orange or lemon extract
- 1/2 cup milk

Wash raisins and currants, drain. Put the raisins through a food chopper, using a coarse knife (or chop in a wooden bowl). Mix the dates and cut in crosswise slices. Place the dried fruit in a bowl; add sliced citron and grapefruit peel. Sift flour, salt, soda and spices together. Add to fruit mixture, mixing with finger tips. Cream shortening, add sugar gradually, then beaten eggs, molasses and flavoring. Stir in flour and fruit mixture alternately with milk. Pour into one large or two small loaf tins which have been greased and lined with greased paper. Bake in a slow oven, 100 degrees for 2 hours. Makes 2 1/2 pounds.

Ready!

There is no waiting when you summon Electricity or Gas. At the pressure of a button, lights flash on—refrigeration starts, the motors in the household labor-savers begin to revolve.

At the touch of a match gas responds as quickly. For all heating purposes and for cooking, gas has no equal in fuel.

In the crowded days that are just ahead, enlist the aid of Electricity and Gas. They are the Minute Men of Home Service.

## PUBLIC SERVICE

## Palmyra Quintets Lose to Marlton

Winkelspecht's Senior Team Handed 52-44 Defeat in Free-scoring Game

Palmyra's representatives in the Burlington County Basketball League failed to get started Saturday night in their contest with the Marlton combination, played at the Palmyra M. E. Church gym, and suffered a 52 to 44 defeat. At the same time, Burlington, last year's champions, were taking a 30 to 26 beating from the hands of Moorestown.

Poinsett, Burke and Elsie, Palmyra's speedy dribblers, scored enough points to win an ordinary basketball game, but this was a free-scoring affair with Marlton having the advantage. Palmyra scored 15 field goals while the winners counted for a total of 20 from the floor.

Winkelspecht also made 7 points for Palmyra, while Kallnowski tallied the other one. Both played great basketball along with the rest of the immaculate Conception team in the Camden County League, gave a dazzling exhibition of goal shooting by hitting the cords of the baskets eight times from the field and twice out of four times from the foul mark for a total of 18 points, which was high score for the evening. Briggs, the tall center, scored 17 and 12 markers respectively, also featured for Marlton. The winners led 20 to 21 at half time.

Score first half — Marlton, 26; Palmyra, 21. Referee—Michael. Reserves Lost, 27 to 20. The Marlton Reserves had the better of the argument in foul goal shooting and ran off with a 27 to 20 victory over the Palmyra Seconds. Palmyra could make but 6 of its 27 fouls while the winners put in 13 out of their 27 tries from the foul line.

Palmyra was behind at intermission, 16 to 6, and a belated rally fell short of tying the count. Both teams made seven two-pointers. "Spike" Hennessey, Lyle were best men for Palmyra while Stow, Morrison and Evans featured for Marlton.

PALMYRA RESERVES		Pld	Ft	FT	TP
Lyle, f	.....	2	7	11	6
Freeman, f	.....	0	0	1	0
Hennessey, c	.....	4	2	8	10
McCorkle, g	.....	0	2	5	2

MARLTON JUNIORS		Pld	Ft	FT	TP
Wills, f	.....	0	1	4	1
Stow, f	.....	2	6	12	10
Evans, c	.....	2	2	5	6
Winters, g	.....	2	2	4	12
Morrison, g	.....	2	2	3	5
Snyder, g	.....	0	0	0	0
Totals	.....	7	13	27	27

Score first half — Marlton, 16; Palmyra, 6. Referee—Michael. Palmyra will engage in two big battles this weekend when it tackles Moorestown at Moorestown Friday night while the fast Burlington combination will come to Palmyra Saturday night. Manager Winkelspecht will shake up his teams in an effort to win both contests.

### PHS GIRLS WIN

Merchantville is Completely Outplayed by Local Team

The Palmyra High School Girls' Hockey team completely outplayed the Merchantville High School Girls' eleven under a 4 to 0 defeat at the Palmyra Field Club grounds last Friday afternoon in an exhibition game. It was not a South Jersey interscholastic league contest and had nothing to do with the league standing.

Miss Marion E. Purbeck's charges scored all four goals in the first 25 minutes of play. There was no doubt as to the outcome as Palmyra completely outplayed its opponents in every department of the game. Miss Cornelia Harding was the individual star and high scorer of the game. She tallied two of Palmyra's four markers and played a splendid game otherwise.

The Misses Kitty and Gertrude Burr tallied the winner's other two pointers. "Kitty" Burr still leads the South Jersey interscholastic league in scoring and will, no doubt, be picked on the All-South Jersey team this season.

The summary: Merchantville Palmyra  
Flosser right wing Wallace  
Markward right inside Kersey  
Miller center K. Burr  
Flynn left inside Harding  
Warner left wing G. Burr  
Farbridge right halfback Boate  
Tusnell center halfback Jenkins  
Wamsley left halfback Meltnner  
Wallace right fullback Hansell  
Armstrong left fullback Sipple  
Hoyl goal Good  
Score by periods:  
Merchantville 0 0 0  
Palmyra 4 0 0  
Goals—C. Harding, 2; K. Burr, G. Burr. Time of halves, 25 minutes.

### SIMPSON—STAPLES

The wedding of Wobley J. Simpson, Secretary of the G. Ridge Sweeney Dodge Agency, and Miss Ruth M. Staples, daughter of Mr. and Mrs. R. G. Staples, 2506 Stevens street, Camden, will take place next Wednesday at Wellsboro, Pa., where the ceremony will be performed by the Rev. C. W. Short, formerly pastor of the Grace Baptist Church, Camden. Mr. Simpson is the son of Warden J. Simpson, of 47 So. 25th street, Camden. After the ceremony the young couple will leave for an auto tour of New York State and upon their return from the honeymoon will make their home in the Warner Apartments, 537 Glassminton avenue.

## FORMER RIVERTON RESIDENT TELLS OF TOUR OF EUROPE

(Continued from Page 1)

unemployed, which I learned was entirely due to the labor supply being greater than the demand and not to idle industries. Holland does not have any "city slums" as they take good care of their indigent poor.

"From Amsterdam, we traveled to Brussels, Belgium, by train, which is referred to as 'Little Paris' and it is justly entitled to the honor, as one can see as much of the 'gay and artful life' there as in Paris. Belgium is one of the smallest countries of Europe and on account of its location geographically, it generally gets mixed up with all the wars and is therefore, rich in historical association.

Scientifically it consists principally of cultivated fields and stock raising, but it is in a bad condition financially. The 'franc' having depreciated from 20 cents American money before the war to 3 cents at present. We visited a number of important places historically, the Battle of Waterloo, which is the tragic memory of the great Napoleon, Ostend, the famous fashionable watering place, which has a winter population of 45,000 and a summer population of more than 100,000 and from there by motor coach via Zeebrugge to Bruges, returning to Brussels by train and visited the barracks in which Miss Edith Cavell, the English nurse, was executed by the Germans, October 11, 1915, and stood on the same spot from which the firing squad committed the dastardly crime.

She was unconscious when placed in the chair for execution and is buried where she fell which is appropriately marked. A young German soldier that she had nursed, a member of the firing squad refused to fire and was promptly executed on the spot by orders of the German General VonBismarck. The country is teeming with historical associations and the people are trying to preserve most of the memorials and monuments which have been associated with their turbulent history. The country has an enormous army of unemployed and they have no satisfactory way of taking care of them.

There were in Brussels, alone in January this year 272 bankruptcies. Belgium, which of course is less in the tourist season, as like other European countries, it is overrun with money spending American tourists, the revenue from which is greater than the total value of their exports.

France Unsettled  
We traveled by train from Brussels to Paris and France is passing through a political conflict which is causing considerable discontentment and while M. Poincare is doing all that is possible to restore the finances of France, which has been in a deplorable condition, the franc having depreciated from 20 cents in

American money before the World War to 4 cents at present, but he seems to be set up as a target for the newspapers to shoot at.

The country is full of grand old ruins, with thousands of priceless paintings and works of art to look at, but one gets the impression that seriously, that is, they live in an atmosphere that seriously interferes with their home life and I was told, and authentically, that the American tourists in the year 1926 spent \$230,000,000 in France which is \$100,000,000 more than the value of their exports for the same period, which indicates that they are giving more attention to developing 'old things' and 'artificial life' for the delectation of the American tourists than to the development of their industrial situation. Paris has an army of unemployed which is giving considerable trouble and anarchy demonstrations on the streets and sometimes directed against Americans.

We visited Fontainebleau Castle, built in 1332 A. D., the home of the early Kings of France and the famous Napoleon, before his abdication; also Malmaison where Josephine spent five unhappy years after her divorce from Napoleon, the Pantheon, famous museums and art galleries, the Palace of the Tuilleries, Versailles, where we stood in the Hall of Mirrors, which is a temple of beauty, where the peace compact was signed at the end of the World War.

France has magnificent automobile roads which is largely due to the efforts of Napoleon to make a new France and one can readily understand why the French people worship his memory after seeing what he has done for his country by erecting classical arches, monuments and buildings. We traveled by train from Paris to Dunkirk and then by channel steamer to Tilbury, England, and by train to London.

8 Million in London  
London is a wonderful city with its 8,000,000 population and still growing. We traveled about the country by train and motor coaches to Stratford-on-Avon, Shakespeare's home, Windsor Castle at Windsor, Old St. Albans, Stoke Poges, home of Milton, grave and friend, Meeting House of William Penn, the ruins of Kenilworth Castle, built in the 15th century, which is one of the most picturesque ruins in England and made famous by the visit of Queen Elizabeth of England and was practically destroyed by Oliver Cromwell.

The outstanding feature was the visit to the Tower of London with its enormous collection of implements of war and the gruesome 'beheading axe and block' and Westminster Abbey, that grand old pile of semi-ruins; a picture of glory in the process of decay and workmen are now engaged in giving it a general cleaning up. As we entered this temple of the dead it seemed as if we were passing into a world that has long been forgotten and were rambling among

the occupants of the mansion of death, that is, intended to teach the living the futility of pomp and glory and that it is only a step from the high placed in life to the grave. England (Great Britain) has 2,000,000 unemployed which is giving them considerable uneasiness due to great street demonstrations and unfriendly to Americans, but aside from this the country is prosperous and the wages are the highest since 1920, and their exports are increasing and imports decreasing which is surely a healthy indication.

Airways Developed  
Europe is far in advance of America in airway transportation and they are operating successfully between practically all of the principal cities and are safe guarded by strict government regulations.

The fares allow for 235 pounds weight before going on board) and if the weight is less, the difference can be used for luggage. The machines used, generally are the De-Havilland type, having three engines developing 425 horse power. The railroads however are far behind America in operation, in equipment, locomotive cars and conveniences that stand for travel comfort.

The whole trip was wonderfully enjoyed and we saw interesting things and places and sailed for home from Southampton, August 17, arriving in New York August 28, 29 hours late due to passing through a raging storm at sea on August 24 and 25 before reaching Halifax harbor where we lay at anchor for 12 hours.

It is fine to see all these interesting things and old ruins but we all highly glad to see the Statue of Liberty again.

S. J. DILLON.

## Moorestown Man State Treasurer

Albert C. Middleton Slated for Position by Republican Caucus

Republican caucuses of the House and Senate of the 1928 Legislature, which will convene in January, assembled in Trenton Tuesday and chose their slates for organization. Albert C. Middleton, of Moorestown, is to be the next State Treasurer, and Assemblyman Guy Gabrielson, of Newark, the next floor leader in the House.

All that remains to carry into actual effect the decisions of the caucuses is the formal voting, and this will come as a matter of course in the case of Mr. Middleton at the joint session to elect him possibly some time early in March, and in the case of Assemblyman Gabrielson on the opening day of the Legislature.

There were unanimous votes on each motion put, including the agreement to pledge the Legislature in joint session to Mr. Middleton. Mr. Middleton went to Trenton Tuesday with a number of political leaders from Camden and other parts of South Jersey and he spent his time getting in touch with the public men with whom he will be associated at State Treasurer when he takes office April 1 next, at the expiration of the term of William T. Read, State Treasurer, of Camden.

He met the Governor and a number of other State officials, who were complimentary in their felicitations. In his place in the State Govern-

ment Mr. Middleton will take over one of the most important offices of the administrative branches. He will have the handling of millions of dollars of State funds and the placing of these funds on deposit in the banks of the State. He will also be a member of the State House Commission and as such, with the Governor and the State Comptroller, will be one of the board of directors of the State Government, entrusted with great administrative powers.

Mr. Middleton is now chairman of the South Jersey Port Commission, and formerly was treasurer of the Victor Talking Machine Company. His private fortune is said to be more than a million dollars. He maintains offices for the conduct of his private affairs in the Wilson Building, Camden. The post of State Treasurer pays \$8,000 a year.

A dinosaur skeleton found in East Africa was so large and heavy that eighty natives were needed to carry the bones to the ship.

## COOLIDGE ON THE RED CROSS DRIVE

A message to you from President Coolidge, relative to the Red Cross. "I earnestly ask all our citizens to renew their membership in this legion of mercy."

"We have tested the Red Cross in war and peace. It has never failed us. It never will so long as it holds your support."

But the Red Cross must have constant support to carry out its work of Disaster Relief; help to the disabled ex-service men, and its various activities.

Can you think of a better way to spend a dollar than by joining the Red Cross, thus helping in its great work for humanity?
