## School May Get Better Water Rates

Committee of Riverton Board Works Out Plan With Water Company

At the regular meeting of the Riverton Board of Education last Monday night, Mr. Elwell, chairman of the committee appointed at the March meeting to confer with the water company in an effort to secure a better rate for the school, reported that he and Mr. Mattie, the other member of the committee, had held a conference with the water company officials, and a plan had been worked out and submitted to the Public Utilities Commission for approval.

Mr. Elwell said he was unable to give a more definite report owing to the fact that no word had been received from the commission.

On Mr. Elwell's suggestion a motion was passed authorizing the property committee to arrange with the water company for the installation of a smaller meter, of a size to be recommended by the company.

Teachers Re-Elected  
Miss Anna W. Dufkins, Miss Lillian M. Justice and Mrs. Emily D. Lippincott, teachers not under ten years, applied for positions next year and were unanimously elected.

The applications for high school entry by Russell and Emma Hottel, who recently moved to Riverton, were granted.

Field day exercises had been arranged for May 25, but on suggestion of George D. Steele, the new member, the date was changed to Thursday, May 24, so that in event of rain the program could be carried out the next evening.

Immediately after being called to order the board organized by electing Murray C. Boyer, president, and R. L. Weaver, secretary. Mr. Mayfield, re-elected, and Mr. Steele, the new member, took oath of office.

Miss Chow's Report  
Miss Chow, supervising principal submitted the following report for the highest percentage of attendance was in grade 7A, 98.2%; the next highest was in grade 2, 97.8%.

"There was no tardiness in Grades 3, 4, 5, 6, 7, 8, and 9."  
At the beginning of this school year, we changed our method of entrance to the school. Instead of having teachers responsible for children forming in lines at the entrance of the second bell, 9 o'clock, and 1.15 p. m., we tried ringing the second bell at 8.55 and at 1.10, giving the children an opportunity to come into their rooms anytime within the last five minutes of the ringing of the third bell, when all were expected to be in their rooms. At first we had an increase in tardiness, which we expected. Recently, however, tardiness has decreased. This has been saved in the classroom because we are able to begin work promptly; responsibility for punctuality is carried by the children, and individual work can be started as soon as children enter classrooms, because the teacher is there to give assistance when needed.

"The interest in banking still continues. The deposits for March amounted to \$276.24. Since the accounts were opened January 24, the children have banked \$918.08."

Outlook for Next Year  
It is impossible to tell at this time what the outlook is for next year, but from present indications it will be about the same as this year, which will require the same number of teachers.

"Our teachers are reading, taking college courses, attending lectures, and keeping themselves informed as to educational changes and practices."

"Your supervising principal is now studying the question of improvement of conditions in the school. With this purpose in mind a visit was made to Trenton schools last week, and more schools are on her visiting list."

"In Trenton, a primary school and Junior High School No. 4 were visited."

"If anyone wishes to know what modern school equipment means, a visit to the latter will show what is being done for some children in our own state, as well as in other parts of the country. Junior School No. 4 has an enrollment of over two thousand, a corps of more than 80 teachers, and is located in the foreign section of the city. It is well worth a visit."

"With more floor space for the first grade children we shall be able to do more modern work, giving the children more freedom."

More Equipment Needed  
"In all our primary grades we should have extra equipment in order to care for the individual needs of the children—shelves for materials, lockers for children's use, a reading table, at least fifteen extra chairs, and a variety of work material."

"In our intermediate and departmental grades we should have more book shelves, more books, more illustrative material. Our teachers and children are ready to use these things, and our work should be enriched through their use."

"Fathers' Night will be observed on Thursday evening, April 19, at which time work of the school will be exhibited."

Acknowledgment  
"The school is indebted to Mr. Charles DeGraw for repairing four victrolas, which were badly out of order. Mr. DeGraw stated he would make no charge for the work. Also to Mrs. H. K. Rutherford for the Christian Science Monitor, which contains much educational information as well as most excellent news reports."

"The Riverton school will enter the marble tournament, and send its two best players as far as Palmyra at least. Practice for field day will begin right after the Easter holidays."

The following bills were ordered paid:  
H. H. Cleveland, \$4.25  
R. W. Mattie, P. M., \$1.95  
Underwood Typewriter Co., \$4.40

## TROLLEY WRECKS FLORIST'S TRUCK

Driver Escapes Injury in Collision at East Riverton

Tuesday afternoon a truck driven by George Grenel of 427 Federal street, Philadelphia, was struck by a trolley car at the crossing in front of Dr. Newcomb's Nursery. The trolley car was stopped at the crossing and a portion of the front end was on fire. Frank Drew, a PRT driver, extinguished the flames with an extinguisher from his bus. George Grenel was the motorist.

The Chevrolet truck which Grenel was driving was upset and a load of plants which he was hauling back to Philadelphia was strewn over the road.

The broken glass from the truck was swept off the road by Officer Quigley and some helpers.

After it was set up on its four wheels the demolished truck was towed away to a garage.

## Easter Pageant Sunday at Dawn

"The Chalice and the Cup" to be Given by YWCA at Moorestown

"The Chalice and the Cup," an Easter pageant, will be presented at sunrise (8:00 a. m.) by the clubs of the Burlington County Young Women's Christian Association in the Moorestown district. The outdoor stage in the rear of the Friends' Meeting House will be a beautiful setting for the pageant. Preceding the presentation, the B. S. Square Club will sing negro spirituals.

A choir of girls from the Maple Shade, Lenola, Moorestown High School and Senior Club will sing appropriate Easter hymns which are an integral part of the pageant. Miss Margaret Thomas will impersonate the spirit of the Church while the Association Spirit will be represented by Miss Emily Lippincott.

Costs: China, Japan, Turkey, America, Russia, Italy, Holland and Czechoslovakia will be represented by members of the Junior High School Club of Moorestown. The Moorestown Club will direct the event.

A most cordial invitation is extended to everyone in the community to enjoy the early service on Easter morning. In the event of inclement weather, the pageant will be presented inside of the Friends' Meeting House.

## Aero Club to Have Its Own Ship Soon

Placing Order for Waco This Week; to Continue Passenger Hops

The Burlington County Aero Club held an enthusiastic meeting in the Moorestown Community House Monday evening. The chief event of the meeting, which was a business session, was the decision to order an airplane for the club immediately.

Mr. French, who is also chairman of the field committee, reported that the passenger flights Sunday were very successful. Fifty-five persons took "hops" over Moorestown.

Passenger flying will continue every Saturday afternoon and Sunday throughout the summer with the exception of the coming week-end when passenger flying will be reserved for Sunday alone.

The pilots of the planes using the club's new field Sunday found it in splendid condition. The field is about fifty acres on Hartford-Westfield Road just off Bridgeboro Road and is directly opposite the home of former Freeholder Fred Lippincott.

Applications for membership in the club now being accepted and members paid up their initiation fee and dues in full Monday evening.

The club is now ready to adopt its constitution and by-laws and become a permanent organization. Mr. French appointed Theodore Rapp, Delanco, chairman of the nomination committee to select permanent officers for the club.

Arrangements were made at Monday night's meeting to have two excellent speakers for the meeting on Monday evening, April 16, at Moorestown Community House. It was also decided that hereafter business meetings will only be open to full fledged members of the club.

The club has made remarkable success and promises to be one of the outstanding aero groups in this section of the country. To be in a position to have its own ship in such a short time after organizing, thoroughly demonstrates Burlington County's keen interest in aviation and its progressiveness.

Just think how many feet of blank film the movie companies could save if kinsing ever went out of fashion.

If a woman isn't quite sure of her husband she always advertises for a plain cook.

## Dr. Newcomb Tells About Laws

Gives Porch Club Peep Into Inner Workings of Assembly

Upon opening the meeting of the Porch Club, Tuesday, April 3, Mr. Ruben Cary spoke briefly about the responsibility of members toward their club. If a project in toward which it must be upheld. This can only be done by active interest and support of speakers.

The speaker of the afternoon was Dr. Marcus W. Newcomb, member of the New Jersey Assembly. Dr. Newcomb reviewed the New Jersey Legislature for 1928, speaking briefly on many of the bills, explaining how a bill is brought before the Assembly and is treated thereafter.

Nearly five hundred bills were presented in Assembly this year, but many never got any farther than the committee to which it was assigned.

Among the bills passed is one providing for uniform traffic signals all over the state.

Another requires a license and state inspection for private hospitals and nursing homes.

It is now considered a disorderly act to carry a lighted cigar, pipe etc., into a barn where there is live stock.

An increase of \$10,000 over the \$40,000 heretofore received is granted to each county for the maintenance of county roads.

To consider redistribution of school funds a committee will be appointed to make a survey of the schools of New Jersey in order to determine their needs.

Dr. Newcomb spoke of many other bills, giving his audience much valuable and interesting information concerning the legislature.

Several announcements of vital importance to club members were made.

Reciprocity Music Day which was planned for April 17 will be canceled because of the literature Conference of the First District of the Federated Clubs to be held at the Moorestown Community House on that day. This will be a most interesting meeting. The conference is in charge of Mrs. Chauncey Marsh who will be the speaker of the morning and who will later hold a contest for all those who had the pleasure of hearing Mrs. Marsh in Riverton two weeks ago will want to hear her again at Moorestown.

In the afternoon two of the clubs of the first district will present two short plays, and a third club will furnish music. Luncheon will be served for 50 cents. All club members wishing to attend this conference should notify Mrs. Charles Yost before April 9.

On Monday morning, April 9, Mrs. Churchill, assistant editor of "The Country Gentleman," will speak at the Moorestown Community House on "Intimate Gardens." All Porch Club members are invited.

## EASTER MUSIC AT CALVARY CHURCH

Special Program Will Include Easter Cantata "Immortality"

The following unusually fine musical program has been arranged for the morning service at the Calvary Presbyterian Church, Monday, April 8, at 10 o'clock.

Musical Program: "Why Seek Ye the Living?" Part I—Forevermore.

(H) Chorus: "Behold I Show You a Mystery."  
(I) Chorus: "O Death Where is Thy Sting?"

Organ Postlude: Grand March from "The Merry Widow."  
Organ: "Pining Wide the Gates" Contralto Solo, "Hosanna," Organist Solo, "Behold I Show You a Mystery."

Organ Offertory: Intermezzo from "Cavalleria Rusticana" Mascanti Quartette, "Hallelujah Christ is Risen" Stimpert Postlude, "Hosanna" Wach.

7.45 p. m.  
Organ Recital:  
Third Sonata in C Minor Gullman

8.00 p. m.  
Organ: The Rose's New's Easter Cantata  
"IMMORTALITY" Stulp

Part I—"The Prophecies" (A) Chorus: "All Ye People: Tenor solo, "God Will Redeem My Soul."  
(B) Chorus: "Therefore My Heart is Glad: Bass solo, "Thou Wilt Not Leave My Soul." Bass and Tenor duet: "Thou Wilt Show Me the Path of Life."

(C) Soprano solo, "The Right Hand of the Lord is Exalted."  
(D) Quartette, "I Know that My Redeemer Liveth: hereafter business meetings will only be open to full fledged members of the club."

(E) Contralto solo, "Now Upon the First Day of the Week;" Chorus: "And They Found the Stone Rolled Away."  
(F) Soprano and tenor recitatives: Soprano solo, obligato and chorus: "They Have Taken Away My Lord."

(G) Tenor and Bass duet, "And It Came to Pass;" Chorus and Solo.  
FIREMEN TO DANCE  
Next Monday evening, April 9, the Active Members of the Riverton Fire Company and their friends will have a dance in the Fire House. A good orchestra has been engaged for the occasion.

GAS LEAK ABLEAZE  
Shortly after eight o'clock Wednesday morning a gas leak in the attic of H. H. Murray's home was found. The Riverton Fire Company responded to the call and extinguished the flames with a small extinguisher.

## ODD FELLOWS

Chambliss Lodge No. 291 is evidently not partial to grass for the members are not allowing any to grow under their feet.

This Friday evening will again mark the beginning of the entry of another class of candidates into Odd Fellowship. The initiatory degree will be conferred and that means every available member should be on his toes and in the lodge room by eight o'clock.

Noble Grand Edwin Fish's usual smile is broadening and it is hoped the members will keep it so by having applications signed now before the warm weather arrives.

Degree Masters Jewett and Whelan are anxious to keep busy. It is rather unusual but the more work they have to do, the better they like it.

Don't forget Friday night at eight o'clock.

## Rotary Presents Basketball Cup

Palmyra High School Champions Players Honored by Service Club

As a tribute to the Palmyra High School basketball team for its success in capturing the South Jersey Class B championship and also that of the Camden-Suburban League the Palmyra Rotary Club entertained the team at dinner on Thursday evening last in the Porch Club, Riverton.

Following the usual dinner, Rotarian A. S. Griffith introduced the team and spoke in behalf of each individual member, as a student of the High School, and commended them most highly, both for their educational and athletic accomplishments.

Modestly presented Rotarian John A. Weaver from personally presenting his contribution toward the encouragement of clean sports and this honor was conferred upon Rotarian "Bishop" Lockett, who made a very creditable presentation.

Accepted by Diamond  
This beautiful trophy, which will be suitably engraved, was accepted in behalf of the team by their coach, Jack Lockett, Diamond Branch.

Mr. Diamond very modestly spoke of the work of the champions, of whom he felt justly proud and gave some amazing figures as to the points made by the team during the past season. "In 24 games the team made 1000 points, or an average of one point a minute," said Mr. Diamond, "a record hard to beat."

He also eulogized Captain Jack Easley for his having made 375 points in the year and on one occasion scoring 44 points in one game. The members of the team as introduced by Prof. Griffith were Captain Jack Lockett, Diamond Branch, John Hennessy, Clifford West, Louis Sloan, James Reeves, Harold Paulk and Manager Howard Bright.

Dr. Charles M. Leavitt, of the West Jersey Hospital, was the speaker of the evening and gave a most timely talk on "Service."

Dr. Leavitt in commending the team for its accomplishments likened the service rendered by each member of the team to the service they should render to humanity when they shall have completed their school life and entered the school of life.

"It is not ways the most pleasant nor the easiest thing to do," said Dr. Leavitt, "but such service with a sacrifice of your own feelings brings satisfaction and pays big dividends."

The essentials for the rendering of service are: first, power, obtained through education and the developing of a personality that is far reaching; second, illumination. He exhorted his listeners not to hide their light under the bushel as the manner of some are, but to let your fellow man share and be benefited.

Third, alertness. Everyone should be on the lookout and be ready to accept the opportunities of service which confront them daily. Here is where many men of today fail. Through their too close attachment to their business they become submerged in life and miss their chance of being helped.

Vivid Illustration  
A very vivid illustration was made by Dr. Leavitt in showing just how it pays to render service. His story was about a son of a lighthouse keeper, who having lost his father while rendering a service to a ship in distress and later a brother who failed to return after going out on a like mission, was faced with a similar opportunity for service.

Being inspired by the examples of his father and brother, and ignoring appeals from his mother to stay ashore, he faced a terrible storm that threatened his life in an answer to a call for help. Arriving at the stricken ship he made his way into its hull and carried to the deck a form of a man. Others came to his assistance and when he finally regained consciousness he found that he had saved his long lost brother.

SPECIAL NOTICE  
to the Property Owners of the Borough of Palmyra

The Rhade Tree Commission in making a survey of the Borough found several properties on which there are no shade trees and others on which one or two trees are either dead or missing.

The Commission is endeavoring to have this condition remedied and hopes for your enthusiastic cooperation.

If the property owners care to avail themselves of the opportunity, the Commission will attend to having trees planted for them at a nominal cost.

The month of April is the best time for planting new trees.

SHADE TREE COMMISSION,  
Wm. R. Gerken, Chairman  
John E. Morton  
H. J. Showers.

## Attempted Holdup Near Westfield

Riverton Police Arrest Two Men Who Tried to Stop Car at Midday

The section of the riverfront between Burlington and Camden, which has been happily free from deeds of violence, is beginning to feel the effect of the reign of lawlessness which is gripping the country from Maine to Florida and from coast to coast.

On Tuesday bank robbers were beaten and robbed at Riverside and Wednesday morning an attempt was made to hold up a man and his wife in an automobile on the Burlington Pike near Westfield, which would have been successful but for the presence of mind and courage of the woman at the wheel.

Stanley Skillman, of Delanco, and his wife were on their way to Five Points, when Mr. Skillman was charged of the road work being done. As they neared Westfield two men stepped into the road and signaled them to stop. Mrs. Skillman, who was driving, slowed up, but when she saw the tough appearance of the men she became alarmed. One of the men sprang for the running board of the car, but Mrs. Skillman "stepped on it," and by a dexterous twist of the steering wheel, threw him off.

The Skillmans hastened to Five Points and telephoned to the Riverton police department. Officer Quigley answered the call and arrested the men near the Japanese Beetle Laboratory.

He took them to Five Points where they were positively identified by the Skillmans.

Justice Coddington held them without bail for action of the county grand jury. They were taken to the Mount Holly jail by Officer Quigley.

## A NIGHT IN THE "BOOST-A-TAK" SHOP

Samartian Class of Baptist Church to Present Original Farce Comedy

As part of the program of spring and summer activities, the Samartian Class of the Central Baptist Church will present an original farce comedy, "A Night in the Boost-A-Tak Shop."

The cast will comprise the members of the class and will be featured by numbers by the Glee Club (together with a very interesting song) by Dr. Dean H. LeFavor. They will be assisted by several members of the Junior Philatelia Class: Evelyn West, Eleanor Verkes, Grace Glick, Edith Tees and Martha Hirsch. Miss Margaret Giberson, the Glee Club's pianist, will be the accompanist.

The date set for the sketch is Thursday evening, April 12th. It will be held in the Church and the public is invited. No tickets sold. A silver offering to defray expenses will be taken and the Class is willing to let the spectator's conscience be his guide.

The regular monthly meeting of the class will be held next Tuesday evening in the Church. President Harry Hough urges all members to turn out. The last meeting was so thoroughly enjoyed that a fair warning is given to those who have not quite decided to be present.

## PALMYRA ADMITTED TO COUNTY LEAGUE

Community Movement Enters Nine in Night-Team Combination

At a meeting of the Burlington County Baseball League held in Delanco Tuesday night the Palmyra baseball team was admitted to the League. Manager Rapp was present to represent the newly-formed Community Movement which authorized him to represent Palmyra in the league ranks.

The towns represented will be Palmyra, Riverside, Delanco, Florence, Bordentown, Vincentown, Medford and Moorestown. Details of the organization and the schedule will be announced later.

## SETTER CLUB TRIALS STARTED ON MONDAY

Large List of Entries Will Compete for Valuable Prizes at Medford

The twenty-third annual field trials and sixth annual bench show of the English Setter Club of America, opened at Medford Monday with a record list of entries.

The field trials will be held on the grounds of the Hunting Dog, considered the finest for this class of sport in the United States, and the bench show was held in Thomas Auditorium Monday evening.

The best English setters and pointers in the country are in trials and the bench show had an equally fine showing.

The grounds are said to be in unusually fine shape this year.

Thomas Baldwin, of Washington, D. C., and Frank I. Brown, of Louisville, Kentucky, are judging the open classes, while Dr. F. W. Shore of Bloomfield, N. C., and R. W. Norman, of Salisbury, N. C., are judges of the Members' classes.

WELFARE ASSOCIATION  
We acknowledge the following contributions: Palmyra Lodge of Artisans, \$10.00; Westfield Quarterly Meeting, \$25.00; Camp 23 P. O. S. of A., \$10.00.

If you know where an unemployed man can be placed in a position, we should like to hear of it.

George N. Wimer, President.

## TELLS LIONS CLUB OF COMMUNITY SPORT

Ralph S. Rivers Explains Plans for Recreation and Playgrounds

Ralph S. Rivers addressed the Palmyra-Riverton Lions Club Tuesday evening on the Community Movement, which has been organized to develop sports and recreation in Palmyra.

Mr. Rivers outlined the plans to put athletic teams on the field for this season and said that for the future the organization looked forward to a municipal recreation and playground centre.

The support of all citizens for the project was bespoken and the Lions Club was asked to do its part.

At the suggestion of Frank A. Mathews, Jr., it was decided to include the Community movement as one of the organizations to benefit from the proceeds of the Lions musical comedy, "And How."

As a special musical attraction, Prof. Raymond Geary, of Central High School, Philadelphia, who was present as a guest of Dr. H. W. Bauer, sang two splendid tenor solos.

## Artisans Campaign for More Members

30,000 Men Will Seek to Bring Others Into Field During Drive

A three-months campaign to increase membership began last Sunday in the Artisans Order of Mutual Protection, under the leadership of William A. McCasland, most excellent master artisan.

More than 30,000 members of the order, located in Southeast Pennsylvania and South Jersey, will canvass their friends and acquaintances with an invitation to join the fraternity which is one of the oldest fraternal beneficial societies in the country. About 27,000 of the membership is in Philadelphia, allied with more than forty assemblies.

During April, May and June, thousands of new members will be initiated into the order. A new initiation ceremony, adopted at the meeting of the order last January, has been developed by many of the assemblies which have organized their own degree teams. In addition the Artisans Dining Club, which has fostered initiatory work in the order, has organized two teams among its members. The new ritual was presented by St. John's assembly at its meeting last week in Moore Hall. This assembly, with more than 3200 members, is the largest in Philadelphia and in the order.

"Our order is a mutual organization," said Mr. McCasland. "No individual profits by the work he does. We have always used a co-operative system of obtaining members. The invitation to join being extended by enthusiastic Artisans to their friends and acquaintances. The Artisans Order stands high in the fraternal world because of that fact."

"Many prominent men are members of the order. Included among them are Chief Justice von Mosch, of the Supreme Court of Pennsylvania; former Mayor Kenrick and State Senator MacNell, Harwood and Alexander, of the Common Pleas Court; Charles H. Grakelow, former director of welfare, who was the head of the order in 1923; Joseph P. Gaffney, former city solicitor and State Senator Fragler, James J. Davis, secretary of labor in the cabinet of President Coolidge and one of the best known fraternalists in the country, is another of our members."

"We are seeking home-loving, thrifty young men, the type that represents so large a part of the citizenry of our country, and are confident that by the end of June, when the special effort closes, we will have added at least ten per cent to our membership."

## OYSTER SUPPER

The Ladies Auxiliary of the Independence Fire Company are hoping for a successful supper this year, Thursday evening, April 19.

The contributing membership drive of the Fire Company has been held up until early summer so the ladies hope this will help the Company to support the supper. The Lions Club is having their entertainment on that evening but this should not keep anyone away. Supper can be served as early as 8 o'clock. Tickets for children 50c.

The menu is as follows: Fried Oysters, Potato Salad, Baked Ham, Coleslaw, Beets, Biscuits, Coffee, Ice cream, Cake, Kellishes.

ROBBERY AT UNION LANDING  
The home of Clayton Hunter, on Union Landing road, was entered between 11 o'clock Monday night and five the next morning. The intruder got in through a side window, searched the downstairs, and took about \$20 in money and two dozen fresh eggs. The family was not awakened and they discovered their loss when they came downstairs Tuesday morning. Officer Quigley was called in to make an investigation.

GIFT OF APPRECIATION  
As a token of appreciation of his valuable services rendered as chairman of the building committee during the construction of the new church edifice, the congregation of Calvary Presbyterian Church last night presented George F. Dold with a Masonic charm and chain, at a congregational meeting held in the church.

The presentation address was made by William H. Taplin.

CHARLES E. BAUDER  
Charles E. Bauder, formerly of 517 Garfield avenue, Palmyra, died at his home in Drexel Park Sunday morning, after a short illness. The funeral was private and interment was made in Arlington Cemetery, Philadelphia, Wednesday.

PUBLISHED TWO PAPERS  
The Leader Publishing Company, Beverly, publisher of The Beverly Leader, has acquired another publication, according to the last issue of The Leader. The second paper is The Oaklyn News.

## Many Hear About Christian Science

Lecture in Broadway Palace Sunday Afternoon Well Attended

The lecture, "Christian Science, the fulfillment of Scriptural Promises," given by First Church of Christ Scientist, Riverton, N. J., in the Broadway Palace Theatre, Sunday afternoon, April first, and delivered by Salem Andrew Hart, C. S. B., of Cleveland, Ohio, was well attended. Mr. Hart, who was introduced by Mrs. R. J. Dickson, of Riverton, spoke as follows:

When the seventy disciples whom Jesus had sent forth on a mission of healing, returned with rejoicing, the Bible tells us that he said to them: "Behold, I give unto you power to tread on serpents and scorpions, and over all the power of the enemy; and nothing shall hurt you." (Luke 10:19).

This promise, or assurance, of spiritual power to heal is beautifully set forth in the following correlative passage on page 55 of the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, the Discoverer and Founder of Christian Science:

"The promises will be fulfilled. The time for the reappearance of the divine healing is throughout all time; and whosoever layeth his earthly all on the altar of divine Science, drieth up Christ's cup now, and is endowed with the spirit and power of Christian healing."

It is generally conceded that the appeal of Christian Science to the world is mostly responded to by those who are suffering from despair, sickness, and sin, without hope or expectation in the world, and the question is sometimes asked: Why is this so? It is because they have searched for and tried every remedy, and have not been known, and have embraced different systems of religious beliefs, but without any lasting results or success.

Turning to Christian Science, they have found that it is the fulfillment of Bible promises; that the truth preached and practiced by Jesus is as efficacious today as it was centuries ago. Christian Science stands today a practical, demonstrable Science, proven, and not a faith, as it is called, but a science, and is within its ranks who bear living testimony to what it has done and is doing for all mankind.

## London Paper Peeps Into Future

Publishes Special Edition Giving News as It May Be in Year 2000

A fine piece of imaginative reporting has been accomplished by the London Daily Mail with publication of a full-sized 24-page newspaper dated January 1, 2000.

The paper constitutes an interesting guess of what will be news at the turn of the next century. Television, death rays, super-speed buses, ten-miles-a-minute airplanes, crash-proof lingerie for the air traveler and scores of other extraordinary things make up the news, as in Jules Verne, in the Daily Mail for the first day of the Twenty-first century.

There was a fire in Regent street in the afternoon of December 31, 1999, and the reporter covering it writes:

"The air fire squad (No. 2 b section) flew from its headquarters in Hyde Park and poured down anti-fire from its chemical extinguishers. Little damage was done."

The paper announces, "Registered readers of the Daily Mail will shortly be offered a special service in connection with their televisions which will be modified to transmit seaside scenes, sounds and noises."

One of the reporters visited the high-speed college in Sutherlandshire and saw the students playing games during their lessons while they slept.

"What used to be a term's work 100 years ago," the reporter writes, "is now the matter of a single night. While the pupils sleep, a select battery of memory impressors is storing the brain cells with the knowledge which was so hardily won in the early days of the old century."

Scotland Yard detectives are investigating the case of a man murdered by "suggestion." It costs thirty-five cents for a two-minute telephone call from London to New York. The radio program column has given way to "today's television program." The year in China is still news.

So is crime. Twenty-two alleged air bandits are about to be tried for a series of bank robberies and one extraordinary murder (from the twentieth century viewpoint) gets only passing mention. Among the list of cases pending is "the notorious case of a German woman who is alleged to have shot her husband at 'Hills by a beam fired from some place unknown.'"

Some 6,000 persons gathered in Trafalgar square to watch the closing scenes of a cricket match at Sydney, Australia, some 12,000 miles away, which was shown on the newspaper's bulletin board (which is not so terribly imaginative, considering it merely combines the idea of a baseball score board and radio, put together by television, now in existence.)

The best news story of the day, and the one getting the biggest space, recounts Ralph Girdlestone's flight around the world in twenty-four hours, the time remaining noon throughout the flight.

The paper was issued in connection with an exhibit of "homes of the future" at Olympia Exhibition hall. Many persons who have obtained copies of the Twenty-first century Daily Mail have put their copies away so that their great-grandchildren or great-grand may see how imaginative the Daily Mail's 1928 reportorial staff was.

## MELLON INTERESTS MAY BUILD BRIDGE

Franchise Originally Given to Burlington and Bristol Individuals

The Pittsburgh syndicate, with which the Mellon interests are identified, and which now has the Federal sanction in proposed tolls, the Burlington-Bristol bridge, deposited \$2,500,000 in cash as a guarantee of good faith, with the State of New Jersey and proved the possession of \$100,000 additional in the treasury last week. This apparently means the elimination of Joseph R. Cheesman, of Burlington, and May or Clifford R. Anderson, of Bristol, Pa., to whom the original franchise was granted.

It was argued in pressing for the passage of the Reed bill, that Cheesman and Anderson had given no tangible evidence of being able to exercise the right given them. McClintock & Marshall, of Pittsburgh, are the engineers in charge of the building of the bridge, the junior member of the firm being a relative of the Mellons. Engineer Lloyd Cross, of Delanco, is associated with the Pittsburgh firm.

## JERSEY AUTO CLUB RAPIDS TOLL SPAN

Highways Are Being Commercialized by Ever-Increasing Number of Privately Owned Bridges

The highways of the nation are being commercialized by an ever-increasing number of privately owned toll bridges and the success of some of these private interests in running the exploitation type of toll bridge has stimulated the hopes of those who desire to extend this exploitation to toll highways.

"This statement was made today by the New Jersey Automobile & Motor Club of Newark, which is affiliated with the American Automobile Association coupled with the suggestion that Congress and the various units of state governments owe it to the public to do everything possible to prevent private interests from exploiting strategic points on the main highways thru the toll bridge institution.

"While it is unquestionably true," says the New Jersey Automobile & Motor Club, "that many toll bridges have given and are giving a needed public service at a fair cost, it is equally true that scores of them levy an exorbitant tribute on the motoring public—a tribute sometimes amounting to nearly 300 percent on the capital investment. At the present rate of granting charters, the number of toll bridges in the United States will double in a few years."

Atlantic City is to have no more bathing beauty parades. It is estimated that this omission will save the eyesight of 8,659 persons.

## High School Girl Swimmers Train

Palmyra Is Member of South Jersey Interscholastic League

With two new teams in the circuit, the South Jersey Interscholastic Girls' Swimming League will open its second season on April 12, when Pitman High opposes Palmyra High in the Camden YWCA pool.

Haddon Heights and Pitman are the two new teams who joined this year, making it a five-school league. Last year, Woodbury, Collingswood, Palmyra and Haddonfield High Schools comprised the loop but Haddonfield has dropped out.

The league was organized by Miss Stella W. Taylor, director of athletics at the YWCA. In 1927, getting under way in the Spring, some of the schools failed to finish their schedule, however, so no championship was awarded. Collingswood High was the only school to finish the schedule, the others failing to complete their state.

The Palmyra girls, under direction of Miss Purbeck, are practicing every Friday afternoon in the pool at the Moorestown Community House. Arrangements have been made with the management whereby they may have the pool to themselves at this time at a reduced rate. The Misses Maxine Moltaner and Grace Shippe are assisting Miss Purbeck in getting the team in shape for the opening meet.

One meet a week was held last year but in order that the season

## MOORE'S SUCCESSOR ?

JUDGE ROBERT CAREY

Prominent Jersey City attorney who is a candidate for the Republican nomination for Governor at the Spring Primary Election, May 15.

is not too long, two matches a week have been arranged this Spring. The seven events in each of the dual meets follow:

Twenty-yard side-stroke for form, 20-yard relay, 20-yard free-style, 20-yard breast-stroke, 20-yard back-stroke, 20-yard free-style for novices, and diving, in which two dives are required and two are optional.

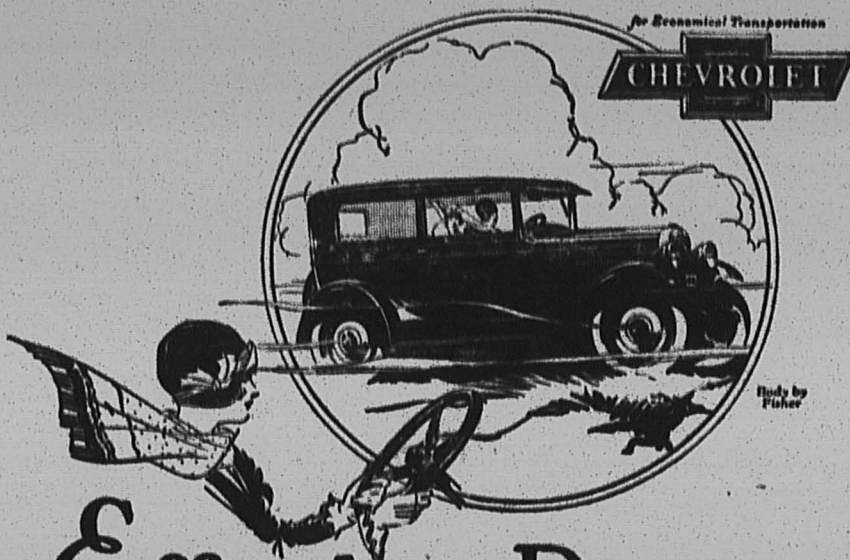

Three entrants in diving, four in the relay and two in the other events will be allowed each school. The schedule follows:

April 12—Palmyra vs. Pitman (3.30 p. m.)  
April 13—Haddon Heights vs. Woodbury (3.30 p. m.)  
April 14—Haddon Heights vs. Collingswood (3.30 p. m.)  
April 15—Palmyra vs. Woodbury (3.30 p. m.)  
April 16—Haddon Heights vs. Pitman (3.30 p. m.)  
April 17—Collingswood vs. Woodbury (3.30 p. m.)  
May 3—Pitman vs. Woodbury (3.30 p. m.)

(3.30 p. m.)  
May 4—Palmyra vs. Collingswood (3.30 p. m.)  
May 5—Haddon Heights vs. Palmyra (3.30 p. m.)  
May 6—Pitman vs. Collingswood (3.30 p. m.)

A hardened motorist ran down a pedestrian. "Hey," he shouted, "while you're under there, take a look at my brake rods."

**CORRECTION**  
Clifford Bell, of East Riverton, desires to state that the article in this paper last week, stating he had been sent to jail for failing to support his family is incorrect, and that he is not "out on bail." The facts as stated by Mr. Bell are that he is paying for the support of his family, the sum recommended by the judge and that he has provided a bondsmen for \$200 for his faithful performance of the agreement.

**NEW JERSEY UTILITIES INCREASE  
PRODUCTION OF ELECTRICITY**

The United States Geological Survey reports that the production of electricity per capita in New Jersey in 1927 was 499 kilowatt hours or an increase of 50.3 per cent. over 1922. Such an increase is indicative of New Jersey's continuing prosperity.

In 1927 Public Service supplied to the people in the territory it served, New Jersey, a total of 1,701,886,359 kilowatt hours of electricity, or 590 kilowatt hours per capita.

"The success of Public Service and development of New Jersey are bound together."  
—President Thomas N. McCarter.

## Big Crowd Enjoys YMCA Minstrel

Two Sketches and Circle Provide Entertainment for Thousand People

The first annual minstrel of the Palmyra-Riverton YMCA was given last Friday and Saturday nights in the P. O. S. of A. Hall, to audiences estimated at a thousand.

The entertainment consisted of the minstrel proper, and two short sketches. Members of the "Y" groups of the two communities took part in the program. James Crawford was intercomedian in the minstrel, and acted as one of the comedians in the plays. The others were Arnold Carter, "Y" Secretary of Palmyra and Riverton, John L. Metzger, William A. Robbins and Howard M. Shinn, Jr.

The endmen of the minstrel were James Davidson, Walter Price, Henry Wilbraham, Thomas Price, Arthur Polansett and Jack Siddall.

Soloists were James Davidson, Edward Hutchins, Arthur Polansett, Charles Luis, Jack Siddall, Thomas Price and James Reeves.

The first sketch was entitled, "The Hooster Club of Blackville." Members of the cast were Harold Foulke, George Hagston, Robert Bartley, Jack Siddall, James Reeves, H. Edson Hicks, Dewena Showell, William Baker, Robert Moore, and Edward Hutchins. Paul Burr, Jr., coached this part of the entertainment.

The second sketch, "The Royal Order of Ham and Eggs," was presented by G. Crammer Garwood, Robert Kirkpatrick, Murray Kirkpatrick, Henry Wilbraham, Fred Green, Jr., Thomas Price, Robert Coddington, Wilson Schuler, Walter Price and Norman Moffitt. James Crawford directed this sketch.

The authors were Walter McAllister, Frank Alloway, George Cooper, Howard Yarker, John Diste, Henry Fluck, Lloyd Umland and Sherman Goofer. The proceeds from the affair will be put into the general treasury of the local organization.

Members of the minstrel circle were G. Crammer Garwood, Robert Kirkpatrick, Murray Kirkpatrick, Fred Green, Jr., Paul Coddington, Wilson Schuler, Norman Moffitt, Paul Burr, George Hagston, Robert Bartley, H. Edson Hicks, Dewena Showell, William Baker, Robert Moore, Edward Hutchins, Arthur Reeves, James Reeves, Robert Teepie, Russell Trautman, Robert Hahn, Clarence Hubbs, Jr., E. H. Hutter, Joseph Belts and Jacob Holt.

Occasionally, says the Village Seer, a man loses control of his car by failing to keep up the installments.

## "THE MESSIAH" TO BE GIVEN IN MAY

Musical Director Martin Asks for Trained Voices for Riverton Recital

Robert M. Martin, organist and musical director at Calvary Presbyterian Church, Riverton, is preparing for the rendition of "The Messiah" sometime in May, and is asking for voices experienced in chorus work. Applicants will be received from Riverton, Palmyra, Riverside, Beverly and Moorestown. There will be but four rehearsals. Mrs. Frank Bell will be at the console.

A fifteen-piece orchestra is also being arranged, and Mr. Martin will meet candidates for the chorus and the orchestra at the Presbyterian Church, Riverton, Thursday evening, April 12, at 8 o'clock.

## HOOVER ENTERED

Committeewoman Presents Petition With 3,500 Signatures

A petition formally entering Herbert Hoover in the New Jersey primary, May 15, as a candidate for the Republican nomination for President was filed with the State Election Bureau at Trenton, last week. The filing of the petition will place Hoover's name on the primary ballot.

The petition was signed by approximately 3,500 electors from various parts of the State. It was presented by Mrs. Margaret D. Baker, Republican National Committeewoman from New Jersey.

## Sally Crowell Star of Lions "And How"

Cast of Service Club Musical Comedy Includes Many Amateur Celebrities

Sally Crowell, of Riverton, will be the leading woman of the musical comedy production "And How," which will be given by the Palmyra Lions Club in the auditorium of the Palmyra High School on the nights of April 19, 20 and 21.

The other principals of the show are Frank A. Mathews, Jr., who wrote the book and music for the show; Clara Hutchins, Mary Steedle, Marie Schaff, James Halloway, Grant Ludwig, Elsa Dorn and Prescott Hurd.

Specialties will be given by Edith Kilpatrick, Beryl Buchanan, Eleanor Barker, Elsie Woodoth, Helen Zink, Esther Schaff, Anna McConnell, Mildred Collin, Elsie Stull and Dominick Price. Virdie Carson and Anna McConnell are understudying the principals.

The show is being produced under the direction of Frank Mathews, who is assisted by Dave Smith, of Riverton, director of the dancing.

The setting for the production is being planned now and will be the most elaborate that has ever been used in Palmyra and Riverton.

The members of the choruses are: Edith Atkinson, Doris Atkinson, Eleanor Barker, Frances Billa, Emily Bohus, Beryl Buchanan, Virdie Carson, Mildred Collin, Dorothy Flynn,

Jane Fowler, Betty Galloway, Helen Galloway, Elsie Glud, Catherine Gorman, Marguerite Graham, Mrs. John Green, Hilda Hagston, Cornelia Harding, Marguerite Harding, Thelma Hilby, Hester Hoewener, Edith Kilpatrick, Ruth McCamy, Anna McConnell, Edith M. Platt, Elinor Porter, Betty Rush, Betty

## Set Electricity to Work When the Spring Cleaning Urge Is Upon You

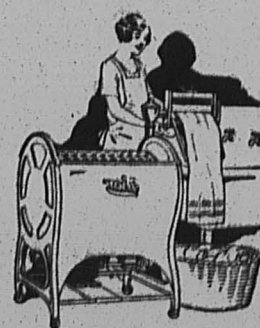

IN the spring every home-loving woman longs for a spic and span home, spotless from doorstep to attic rafter.

With the aid of electricity this ambition may be realized with saving of time and labor, and the results will be most satisfactory.

## Electric Washer Cleans the Curtains

The electrically-operated Thor washer will quickly loosen and wash out all the dust and grime from curtains, draperies and bed spreads and will wash heavy blankets clean and fluffy. Even the most delicate net and lace curtains may be washed safely in the Thor.

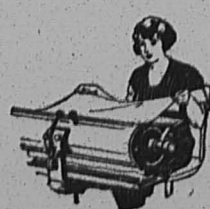

## Electric Ironer Gives Fine Finish

It will take only a short time to press the curtains in the Thor Folding Ironer, and it will press ruffled curtains successfully.

The payment terms on the THOR Washer or the THOR Ironer are \$5 down, eighteen months to pay.

## Electricity Cleans Rugs and Carpets

without removing them from the floors and cleans them more thoroughly than was possible by the old-time methods of beating and sweeping.

Electricity, working through the Hoover cleaner, gently loosens the dirt that has been trapped into the nap, vibrates the rug and draws all the dirt up into the dust-proof bag. The nap stands upright and colors are restored.

The payment terms on the Hoover are \$5 down, \$5 a month.

## Electricity Polishes The Floors

Beauty is reflected in gleaming floors and the electric polisher makes the care of them easy. The housekeeper guides the polisher and electricity does the work. The polisher is light in weight and has a pistol grip handle. Price \$33.75. On terms \$35.45.

The New Era is a Legal Newspaper. Commissioners, Sheriff's and other Sales, Administrators' and Executors' Advertisements are solicited. The New Era will appreciate being remembered in this connection.

## WHOLESALE DESTRUCTION OF LIFE AND PROPERTY DUE TO TRIVIAL ACCIDENTS

by S. W. Straus, President of the American Society of Thrift

A common form of thriftlessness consists in lack of care. The loss of property, the destruction of human life, the slowing down of personal progress traceable to trivial instances of carelessness reach a prodigious total in the course of a year.

An insurance company, making a study of accidents in homes, estimated that the total in this country during the last year was 3,000,000. Of these, 17,000 resulted in the deaths of persons. Other thousands were rendered helpless for the rest of their days. Strange as it may seem the chief causes of deaths from accidents in the homes were poisoning by plants, insects or infections.

Of nearly \$600,000,000 worth of property destroyed by fire last year more than \$400,000,000 was traceable to accidents which could have been prevented with a little care.

More than 2,500,000 workers are injured in industry in this country each year. Between 300,000 and 350,000 of these are minors. Deaths and injuries due to falls run high into the thousands each year.

Such a list might be prolonged indefinitely if we were to take into consideration accidents due to automobiles, railroads and electric trains. Thousands of accidents, many of them fatal, come from carelessness among hunters, campers, picnickers and persons engaged in athletic sports.

The elimination of this tremendous waste of life, limb and property must rest almost entirely with the individual. The installation of safety devices and the enactment of laws and regulations can only partly solve the problem. Individuals must learn more and more the advantage and value of being careful in everything, of not taking chances, of keeping their wits about them at all times, of cultivating constant habits of watchfulness. To do this is a splendid example of thrift.

## THRIFT DEFINED

Thrift should not be confused with miserliness. Thrift is merely the valuable quality of being able to spend money wisely and well, not foolishly. Wise investments make for sound business, and greater business. Wise spending makes for better product in all lines, and increased production. The miser is one who dislikes spending money no matter how worthily. He is one of the greatest enemies of progress.

The amount of money that is hidden in a sock under the floorboard, or buried in the backyard is growing less. Instead, it is deposited in banks, and circulating in order to produce many times its face value.

## UNDERLYING CAUSE OF CRIME

The so-called crime wave has been much discussed. Authorities on crime believe that the continual printing of crime stories with pictures and minute details probably incites certain types of minds to the thought of crime.

A leader in crime study says he does not believe the oft-expressed thought that the late war tended to produce criminals. He states that those who were children in the years from 1914 to 1921, are now young people; that during the war they heard many unwholesome thoughts expressed. They heard their elders talking about how to get all the sugar and other essentials they could, despite government appeals for conservation. They saw develop a spirit of defiance and individual disregard of law.

The average person's income was greatly increased, extravagant ideas were developed by children and grown-ups. Many preferred to indulge in great luxuries rather than pay taxes prescribed by law. These habits extended beyond the family through institutions. There developed an unwholesome atmosphere breathed by the children of the age, which children are now the young men and women from whom the majority of these committing crimes come.

The fact that this theory may not be in accord with that held by the majority, is one of the justifications for the existence of the National Crime Commission which is trying to assimilate all the theories it can bring together, and hopes to evolve from them reasonable explanations and practical remedies.

political field for the purpose of defeating Mr. Reeves who as a Christian gentleman is in Judge Wells' own class and whose outstanding position as a resident of the county is in every way equal to that of the former jurist. Everybody loves Judge Wells for what he always has been, and he was deserving of that love. But will he command the same love as a machine politician? It is feared not.

If The Enterprise will stop to think a moment, it may recall that Judge Wells has always been ready to make personal sacrifices in order to keep Burlington County from falling into just such hands as those which are outstretched to seize control this year.

It is to keep the County safe from "machine control" that Judge Wells has again entered the lists under the people's banner.

## SIMPSON URGES VETO OF POWELL BILL

Democratic Senator Alexander Simpson has issued a statement urging Governor Moore to veto the Republican bill, by Senator Powell, of Burlington County, to require independent candidates for United States Senator and Governor to obtain 150,000 signatures to enter the general election in November. The present maximum is 800. Simpson said:

"This bill would prevent an independent candidate from running at an election. The purpose of the bill and the sponsors are plain. I cannot believe Governor Moore would allow the Democratic Party to be the political 'catpaw' to pull the Republican chestnuts out of the fire. This is a bill inspired by Senator Edge.

Senator Edge sees Banquo's ghost arising and does not intend to have the Anti-Saloon League put in an independent candidate against him when he runs two years hence. He is in control of the Legislature. The bill was introduced by Senator Powell from Burlington County, an Edge representative, and was passed in the House under suspension of rules on motion of the Senator's representative, the majority leader.

"Governor Moore is too keen not to know what this bill means. It is too high in principle. I believe, being a leading churchman, and always devoted to the interest of the Democratic Party to allow the Democratic Party to be tarred with this stick. If Governor Moore signs this bill, he will hamstring the Democratic Party on the eve of a Presidential election, because the Democratic Party will have the responsibility of having made this law."

—Palmyra News.

The baseball season is soon to begin, and automatically the mortality rate among grandmothers will mount high.

## This Week

## DISASTER RELATIVELY MILD. POPULATION GROWING. GIGANTIC "HOOK-UP." INDIFFERENCE TO CRIME.

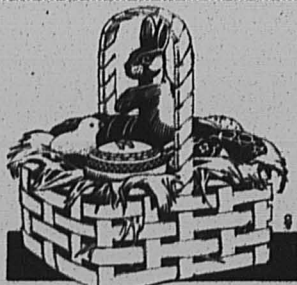

The bursting of a dam, part of Los Angeles water supply in San Francisco Canyon, costs hundreds of lives. Reasons are given for the dam giving away, but no adequate excuse. "Water, seeping into the earth at each end of the dam, weakened the hold of the great concrete wall." It should be someone's business to learn why the dam was built that way—and what danger there is at other dams. Why fragments of broken concrete crumbled in the fingers.

Compared with familiar disasters, by flood, California's accident is fortunately mild. There was the big flood that drowned all but Noah's family. The rainbow guarantees against a repetition of that wholesale calamity, but small floods have wrought havoc.

Five hundred years ago in Holland 100,000 were drowned, and at Kailong, China, nearly three hundred years ago, 300,000 lost their lives; 200,000 were drowned at Bengal, in India. Fifty years ago many times in history eruptions of the sea, river floods and similar disasters have taken 100,000 lives and more at a time. This country can congratulate itself upon the fact that the Mississippi flood of last year, destroying hundreds of millions in property, cost only two hundred lives. That was due to admirable work done by the army and navy, and to prompt scientific direction by Herbert Hoover, chosen by President Coolidge in the emergency.

The Census Bureau says United States population on July 1 next will be 129,913,000. At the end of this century, if births, deaths, immigration and health run along as at present, the population will be 200,000,000. If the larger percent of that number know how to think it will be quite a nation.

In the last eight years population has increased 14,302,380. The annual arrival of babies exceed by one million the number of deaths. That is good news for the editor publishing an up-to-date paper.

512 Main Street

Phone 154

Bill Curley, formerly of Chicago, now of New York, used to say, "Every birth is a new reader for my paper, every death of an old man means a reader forever lost to the opposition." And it was true.

A gigantic "hook-up" of radio stations will enable 8,000,000 Americans to hear all that goes on in the Democratic and Republican conventions.

From the first announcement of Alabama's choice, to final howling when the winner is announced, everything will be heard. However, sad to relate, many of the 8,000,000 that might listen to the convention will not listen. They will tune in for jazz music, sad heart-rendering songs, or daily dramas to keep them. In this nation, where only half vote that might vote, there is little deep interest in politics.

Speaking of slush funds, bribes, etc., you should read the book written by Judge Kavanaugh, of Chicago, after thirty-three years on the bench. Three hundred and fifty thousand individuals make their living, partly or entirely, by crime in our happy country, he says. Last year they contributed 12,000 murders to the nation's new items.

Public indifference is to blame, says the Judge. Each country gets as much crime as its indifference deserves. Judge Kavanaugh favors use of the whip because:

"No crime leader retains the respect of his gang after he has whined under the lash. The museum and racketeer fear the cat o' nine tails more than prison. Our 350,000 criminals steal yearly enough to build the Panama Canal."

They steal more than that. And public gambling at racetracks, another form of crime, legalized by grafting politicians, takes from the public each year enough to build the Panama Canal three times.

We have some millions of farmers that would like to run this country, partly, but they don't know how to go about it. No real organization for one thing. Next Fall they will get wonderful promises and then think it over four more years.

## The Big Pink Bunny

In our show window will be given away—absolutely free. The drawing will take place at 10 o'clock Saturday evening, April 7, in our store.

A ticket will be given with each purchase of Easter Goods including Baskets, Cards, Toys or any Candy between now and Easter.

Easter Baskets 10c to \$1.75

Easter Cards, 1c to \$1.00

## THE CORN BORER

The campaign against the destructive corn borer depend for their success on the co-operation of corn growers.

The corn borer most destructive in the "dirty" corn field, just as disease originates and spreads most where there are unsanitary, unhygienic living conditions.

Farmers who cut their corn early

and plow and rake their fields clean of stubble are not troubled with the worm that causes great financial loss to the less careful corn-growers.

The greater the harvest of the corn-borer, the less the harvest of the farmer.

Therefore every farmer should follow all of the precautions necessary to keep the corn-borer from invading his ground.

## WHY JUDGE WELLS ENTERED RACE

The Burlington Daily Enterprise a Powell-Edge organ, which devotes several columns weekly to fostering the Edge conspiracy to gain a throttle-hold on Burlington County appears to be rather puzzled by Judge Wells' candidacy for State Committee. It said editorially in a recent issue:

It is rather hard mentally to picture Judge Harold B. Wells as a machine politician. Everybody who knows Judge Wells and has heard him speak and is familiar with the sincerity of his motives, has placed him high on a pedestal of love and esteem. They have looked on him as a leader in advanced thought and human welfare. They have regarded him in the light of something superior to the ordinary run of mankind. They have put him in the position of preceptor, and have been willing to abide by his words in the matter of law and order and other things conducive to the best interest of the county.

And now we have our feet pulled from under us with the announcement that he has joined the county machine for the purpose of defeating William H. Reeves as a member of the State Republican Committee from Burlington County and helping the machine in its ambition to secure absolute control of the county's affairs. There is no doubt that Judge Wells would make an excellent committeeman. At any other time his candidacy for that office might have been welcomed.

But one cannot sit by and applaud his entrance into the

## W. A. Donaghy School Board Head

George J. Spencer Also Re-elected Vice-President Unanimously

William A. Donaghy, president of the Palmyra School Board, and George J. Spencer, vice-president, were unanimously re-elected at the re-organization meeting last Thursday night. Mrs. Marion L. Mallory, the new member, was sworn in.

The survey of the school system by the State board, requested at the last meeting, has as yet not been made owing to a misunderstanding as to payment of the costs of same. The resolution passed at the last meeting made no reference to payment of the expense involved. Since the State board must employ experts to do this work it is necessary that they be paid. A resolution was passed that the Palmyra School Board pay the expenses incurred by this survey. The State authorities will be notified to this effect and it is expected that the survey will get under way without delay.

Riverton, N. J.  
Estimates Given and Work Guaranteed

Some bills for plumbing were presented for payment in which the labor charges were not detailed. One called for material 20c and labor \$2.50 without saying how much time had been spent or the rate per hour. A resolution was passed requiring all mechanics report to the secretary before starting work and when finished.

Professor Griffith recommended that an average of 80 per cent. instead of 75 as heretofore be required for recommendation college entrance. A resolution to that effect was passed by the board.

The board approved of a proposition to buy new scenery and equipment for the auditorium stage. This is to be paid for from money received from rentals and will be without cost to the taxpayers.

The following committees were appointed:—Clover, Mathews, Mallory. Property—Davison, Harvey, Glover. Supplies—Harvey, Spencer, Mallory. Janitor—Rogers, Mathews, Glover. Rental—Harvey, Rogers, Glover. Sanitation—Spencer, Mathews, Rogers. Complaints—Rogers, Spencer, Glover. Finance—Davison, Clover, Harvey. Athletics—Mathews, Mallory, Rogers. Welfare—Gibson, Mallory, Rogers. Hygiene Nurse to represent school, Mrs. Gibson.

Miss Roberts explained to them that student government had not been adopted overnight but that it had been allowed to work itself out step by step over a period of five years. When first started it was known as the "United Civics Club of Moorestown High School" and by means of this Civics Club the students were taught the advantages of self government and allowed to work it out by actual practice.

A marked difference in the student attitude towards discipline was noted as the self government grew. The teachers say that the discipline enforced by the student council is more severe than any ever imposed by the faculty.

Miss Robert told of an incident where a girl from a very prominent family and daughter of the president of the school board insisted on breaking into the school before the others. She was tried before the student judge, who was the junk dealer's son, and sentenced to the end of the line for thirty days. She used this incident to show that children of prominent families would be dealt with just the same as any others. This is sometimes not the case when left to the faculty.

## MOVIE HITS

One of the world's simplest, and most appealing love stories has required one of the most elaborate settings ever built to transfer it to the screen.

This is the paradox of "The Student Prince," Metro-Goldwyn-Mayer's huge filmization of the famous old play, in which Ramon Novarro and Norma Shearer were directed by Ernest Lubitch, and which comes to the Walt Whitman theatre next Monday and Tuesday.

With their love as the central theme, a cast of thirty-five famous players and several thousand extras were necessary to reproduce the famous old story, immortalized on the stage by Richard Mansfield and recently revived in musical form as "The Student Prince."

A mysterious telephone call over the private wire of the Governor saves a boy's life at dawn!

This is one of the big scenes in First National's "The Noone," at the Walt next Wednesday and Thursday with Richard Barthelmess in the starring role.

The highly dramatic scenes that ensue bring together two of the screen's cleverest players—Richard Barthelmess, the star, and Alice Joyce, favorite of the films, who is cast as his mother, the Governor's wife.

"The Haunted Ship," a Tiffany-Stahl production suggested by the Jack London story "White and Yellow" will be the feature picture in attraction on Friday and Saturday. In the most of this thrilling drama of the sea are such well known screen players as Dorothy Sebastian, Montague Love, Tom Satchi, Ray Hallor, Pat Horman, Alice Lake, Blue Washington and Sojin and directed by Forrest Sheldon.

The regular monthly meeting and annual of the Palmyra Board of Education will be held Tuesday evening April 10th, at the home of Mrs. John H. Etris, W. Broad street.

Mrs. E. A. Richmond of Second and Elm streets, entered the Wednesday afternoon bridge club at her home.

Richard Lewis, of 1116 Pine street, Camden, was arrested by Officer Joseph Rogers, police, last night for being drunk and disorderly. He was on a trolley car and the motorman stopped when he reached Palmyra and notified the police.

He was taken before Police Justice William L. Fichter, where he was given his choice of paying a ten dollar fine or spending ten days in the lockup. He stayed in the lockup until Monday when he paid his fine and was released.

The home of Charles Meyers, at Parry, was damaged by fire last Wednesday morning. Fire company from Parry, Palmyra and Riverton answered the alarm. The Parry company had the fire under control before the others arrived. Lucy Meyers, the young daughter of the family was taken to the Cooper Hospital the following day. Francis J. Palmyra Ambulance, suffering from a severe case of scarlet fever. Her condition is reported as unchanged but some change is expected in a day or so.

Chief of Police C. Morris Beck will resume his duties on Saturday morning, April 7th.

Two automobiles were endangered by flames from an oil lamp in the rear of Fortnum's Ford Agency at Palmyra last week. Mr. Selbold, the plumber, happened to be nearby and saw the danger to the cars and called to the men to help him push them out of danger. The fire was extinguished with little damage being done. The fire company was not called.

Dr. and Mrs. Clement Vollmer, of Durham, N. C., are spending the Easter holidays visiting relatives in Palmyra.

Mr. and Mrs. Robert Long and daughter, Mrs. Marie Caron Setzer, Miss Elsie Daughy, of Broadwater Va., motored to Palmyra and spent several days last week as guests of Mr. and Mrs. Wesley Huyett.

Have Your  
Winter Clothes  
Dry Cleaned!

Protect your winter garments against moths. Moths thrive on soiled, dusty clothes. Let us dry clean them before you put them away for next winter.

One of the attractive features of our dry cleaning service is that the garments are returned to you free of odor.

## PALMYRA NOTES

Mrs. Mary Hamelman spent Sunday with Mr. and Mrs. Fred Gentner of Olenia.

Mr. and Mrs. W. B. Powell and Mrs. Warrington Darnell visited Mr. and Mrs. H. E. Powell in Camden on Sunday.

Miss Margaret Gibson entertained the Delta Sigma Epsilon Sorority of Temple University, last Thursday evening.

Mr. and Mrs. Thomas Carroll motored to Seaside Heights on Sunday.

Mrs. Martha McMahon, of Frankford, visited relatives in Palmyra on Monday.

Mr. and Mrs. Edward King spent Sunday at Indian Mills visiting friends and on Monday went to Ocean Grove.

Miss Ora Green and Miss Katherine Whalen, of Philadelphia, spent the weekend with Mrs. A. K. Green. Mr. and Mrs. Edwin Seel and son, Herman Seel, of West Philadelphia, visited Mr. and Mrs. Sydney Hatch, of Germantown, who were guests of Mr. and Mrs. George J. Seel on Sunday.

Mrs. Ida Bertrou, who has been visiting relatives in Jacksonville, returned to her home in Palmyra last Friday.

Miss Dorothy Esther Hoephner, of 807 Washington avenue, has returned to her home in Camden with her parents, Mr. and Mrs. J. A. Ryckman, of Pitman, N. J.

Four of Palmyra's business men, George W. Rogers, Edwin A. Griseom, Charles E. Schaefer, and George W. Lockwood, motored to Atlantic City last Sunday.

Mr. and Mrs. J. B. Temple, of Seventh street, are receiving congratulations on the birth of a baby girl, Joan Ann, on March 29th.

Mr. and Mrs. H. P. Orlennan, of Philadelphia, visited their son, Mr. and Mrs. H. J. Orlennan, Jr., of Elm Terrace, Sunday.

Mr. and Mrs. John J. Steedle, of Riverside, are receiving congratulations on the birth of a son, John J. Jr.

Miss Helene Johnson, who is attending Juniata College, spent the weekend with her parents, Mr. and Mrs. F. N. Johnson.

Rev. William J. Jolliffe is at Baltimore, conducting Holy Week services.

George W. Rogers was appointed chairman of the complaint committee at the meeting of the school board last week. Mr. Rogers held the same position last year but says that business was not so brisk, but everyone who had a complaint to make made it to the world in general instead of to his committee as should be done. Adjusting complaints is genial George's business, so take your troubles to headquarters.

Mayor George N. Wimer, Borough Collector Edwin A. Griseom, Borough Solicitor Joseph S. Low and Councilman Fred G. Promuth attended a dinner meeting at the Hotel Walt Whitman last Friday night to hear Walter R. Darby, of the Department of Municipal Accounts, State of New Jersey, deliver an address on "State Requirements Governing Administration of Borough Financial Affairs." The Mayors and Councilmen from many South Jersey towns were present and participated in a very interesting discussion on the subject following the address by Mr. Darby.

Mrs. Norman Stackhouse will hold children's evening, \$1.00 per evening. Extra charge after 12. Call 664-J.

Mr. and Mrs. Gilbert have moved from Lejeune Road to Woodbury.

Mrs. Joseph A. Schwartz entertained at luncheon Thursday. Among the guests were Mrs. William Barr, of "Locust Farm," Mrs. Sarah Sexton, Riverside, Mrs. James Barr, Camden, and Mrs. Fred J. Barr and Mrs. William O'Donnell, Palmyra and Mrs. George Orle, of Riverside.

During the past week, "Tag Day" has been observed by the various Parent-Teacher Associations throughout Burlington County. Nearly all the schools report one hundred percent subscription, with many of the towns contributing. Proceeds go to the normal school scholarship, awarded annually to a Burlington County girl by the Burlington County Council of New Jersey Congress of Parents and Teachers.

Frank Hillard, of Parry avenue, has just finished his contract with "The Squall," which is now playing in Philadelphia and will devote a part of his time to conducting a school of dramatic art and theatrical enterprises in this vicinity. Mr. Hillard has been employed during the past two seasons as a coach for the American Academy of Dramatic Arts in New York.

The senior class of the Palmyra High School will be pleased to know that they will receive the very latest in diplomas this year. The old form has been discarded as obsolete and instead new ones will be presented which are to be engraved in the very latest mode. The new diplomas will be enclosed in a handsome case suitably engraved. There will be an additional certificate giving the subjects in which the graduates have earned credits. The new case will enable the graduates to keep the prized certificate in good condition.

## BUSINESS PHILOSOPHY

Here is an infallible recipe for keeping your job and keeping your customers: Do just a little better than your employer or your client expects.

Giving just a little more than the man who pays expects is such a simple, direct and effective means of insuring not only livelihood but also advancement. I am eternally surprised it is not universally adopted. Doing the job extra well oils every movement of the business machine.

It is easy to collect the money for a job well done. It is easy to get another job from a well pleased customer. It is easy to ask a favor of a customer whose disposition has been sweetened by extra effort.

William Feather.

## County Marble Contests Begun

Local Winners Will Enter Tournament at Mount Holly on April 28

With the county-wide distribution of The Marble Shooter, the publication which carries the rules for Ringer, the official game of marbles to be used in determining the county championship, the contest bids fair to be off to a good start. Schools for the most part will be the centers in which contests will begin. The championship of the various rooms will compete to determine the school champion and runner-up. These two players will compete in their district contest, of which there are nine in the county. Then the champions and runners-up of these districts will be determined in a county contest which will be held at Mount Holly, Saturday, April 28, at the R. & P. athletic field.

Among these districts are Riverside, Delanco, Bridgeboro, Cambridge, Chairman Sol F. Pollack, Riverside, Phone, Riverside 138.

Riverton: Riverton, Palmyra, Chinnaminson, Chairman, Harold B. Lever, Palmyra, Phone, Palmyra 950.

Moorestown: Moorestown, Lenola, Maple Shade, Mount Laurel, Masonville, Chairman, Irving H. Hingebach, Moorestown, Phone, Moorestown 300.

Medford: Medford, Marlton, Indians Mills, Vincentown, Tabernacle, Chairman, H. L. Cochley, Medford, Phone, Medford 27-R-3.

Local and school championship tournaments are to be completed by April 25 and winners and runners-up to be reported to the District Chairman. District championship tournaments are to be completed by April 25 and winners and runners-up to be reported to the County Chairman. The County Championship tournament will be held at the R. & P. athletic field, Saturday, April 28, commencing at 10 o'clock.

Winners of school champions will be awarded bronze medals and

also a free historical pilgrimage to Independence Hall, the Philadelphia Navy Yard and Valley Forge, details of which are found in The Marble Shooter. District winners will receive a gold medal and the county champion will receive a cup, besides being eligible to compete in the area contest which will be played at the Civic Center in Camden, May 6.

Any details of the contest not clearly understood will be explained by district chairman or by communicating with the county chairman, Guy C. Hendry, who can be addressed at the County YMCA Office, Box 1, Phone 525-W, Mount Holly.

### PALMYRA C. of C.

Oscar Magnuson Will Speak on South Jersey

The Palmyra Chapter of Commerce will meet next Tuesday night in Legion Hall at eight o'clock. President Lamson has arranged a very interesting speaker for the occasion.

Oscar W. Magnuson, former Assistant Secretary of the Camden Chamber of Commerce, will talk on "Industrial Progress and Possibilities of South Jersey."

These meetings are becoming more interesting every month and many topics of importance to Palmyra business men are discussed. Every member is urged to be present at this meeting.

### ENGAGED

The engagement of Miss Elizabeth Engle Hensell, of Rancocas, daughter of Elizabeth E. H. Jones and the late Albert Hensell, Jr., to Herman T. McBrayer, of New York City, has been announced.

It is estimated that during May and June about 60,000,000 girls will be told they are the "only girl in the world."

## Days Numbered for Burlington Ferry

Old Doran Line Is Menaced by Plans for Bridge to Bristol

A correspondent of the Newark Sunday Call writes the following about the ancient ferry service between Burlington and Bristol:

If this proposed bridge between Burlington and Bristol, Pa., should materialize, it might spell disaster for the only ferry in operation on the stretch of the Delaware that lies between Trenton and Philadelphia. This ferry owned by William E. Doran and consisting of an old fashioned boat that bears his name, now enjoys—as it has for many years past—the sole franchise for service across the stream at this point.

The franchise has almost 100 years yet to run and nothing can interfere with it except a bridge—and electrically driven craft. The franchise, it seems, provides a monopoly to "craft propelled by steam," but would not prevent an electrical ferry from running.

However, Mr. Doran and his skipper, Charles Koch, feel sure that their ferry is so well established here that no new-fangled one would succeed in competition against it.

They even believe that the service their boat renders—leaving Burlington every hour on the hour and Bristol every hour on the half-hour—could survive competition that a bridge would furnish.

The skipper admits his charge is inclined to become balky on certain days, but stands firm in his opinion that the craft is staunch, dependable and capable of giving several more years of service.

No new-fangled apparatus clutters up the ship-shape decks of the Doran. The helm is directly hooked

up to the rudder and steered by muscular exertion of Captain Koch. He has steered the vessel so many times that he can guide it blindfolded.

The engine-room, directed by Chief Engineer Harry Clayton (he has one assistant) is one gleaming mass of shining steel and brass. The crew takes great pride in the engines of the boat.

The Doran has become famed for its adventures. No boat can cross the river day after day without running into something original.

**Joke Goes Wrong**  
And because the boat is famed, so is the owner. One day a Burlington baseball team with it followers, was scheduled to play in Bristol. One bright chap hit upon the idea of handling the fare in pennies to Mr. Doran and at the same time urged his teammates and followers to do the same.

But they had not counted upon Mr. Doran's ingenuity. He slowly and carefully counted each pile of pennies handed him before he permitted the passenger to go through the door. Boat-time approached and passed, and still Mr. Doran continued counting the pennies.

Pleas to hurry up failed to swerve him. A quarter hour elapsed and the long queue of passengers showed little evidence of ever getting to Bristol that day.

## Y. W. C. A. News

### Welcome and Cheer

To girls everywhere the YWCA means welcome and help and cheer. If any girl should have need to travel alone and knowing no one, to a strange city or town, she would be almost certain of finding a branch of the YW there. And whether a member or not, she would be assured of kind advice and a place to stay, for the YWCA stretches out the hand of friendship to us all. And this is true in not only our own country but in all the foreign countries where branches have been established.

In the Balkan States, in India, in Mexico and Japan, in countries all over the world it brings joy and interest to the girls who belong. They are all members of the same big organization, and sisters in spirit, though races apart in body. What a wonderful help this is in the struggle for the peace of the world for when the people of one country are friends with the people of another, the countries will also be friends.

In what better way could we follow the teaching of Christ which is the motto of the Association, "I come that they might have life and that they might have it more

abundantly"? It is because the YWCA has followed its ideal of bringing fullness and purpose into the lives of its girls that it has a grown so amazingly and is now the largest women's organization in the world. It is worthy of our support. Let's all be ready to give it in the coming membership drive, beginning April 15th. Let's all join, and have pride in the knowledge that we belong.

**"Be Square" Banquet**  
The Moorestown "Be Square" club served a very successful Mother's and Daughter Banquet Tuesday evening, March 27, at the A. M. E. Church.

The tables were attractively decorated with bouquets of crepe paper daffodils and daffodil favors made by the girls of the club. Yellow and white streamers were attached to the lights.

The ladies of the A. M. E. church prepared the delicious baked-ham dinner and Boy Scouts waited on tables.

The theme of the banquet was "Gardens." Ruth Smyth, toastmistress, introduced the theme by giving some very lovely remarks. Dr. H. H. Dixon gave a toast to the

mothers, "To Our Gardeners," and Mrs. Bertha Hill responded "To Our Blossoms." Mrs. William Matlack, chairman of the Moorestown district, made a very interesting and informative talk on the YWCA and Girl Reserves in Burlington County. Beulah Peaker gave a toast to the Girl Reserve Club, and Camilla Moore told what she believed to be a girl's duty to her mother. Rev. William Dorsey brought out very clearly in a brief talk the ideal relationships between mothers and daughters. Mrs. Margaret Baylor, leader of the club, talked of "The Garden Beautiful." The main speech of the evening, "The Master Gardener," was impressively given by Mrs. Helen B. Hopkins of Philadelphia.

Mrs. Gertrude Williams, who led the singing, was assisted by Miss Emily Brown, a Girl Reserve Secretary of Philadelphia. Helen Stevenson played the piano.

"Why don't you ask Tom to lend you that five? I'm broke."  
"Well, I did, and he told me to go to the devil."  
"What did you do?"  
"Naturally, I came here."

## A Better Home with Greater Leisure follows the use of GAS SERVANTS

Gas Keeps Temperature of Your Home Comfortable Through Varying Spring Moods

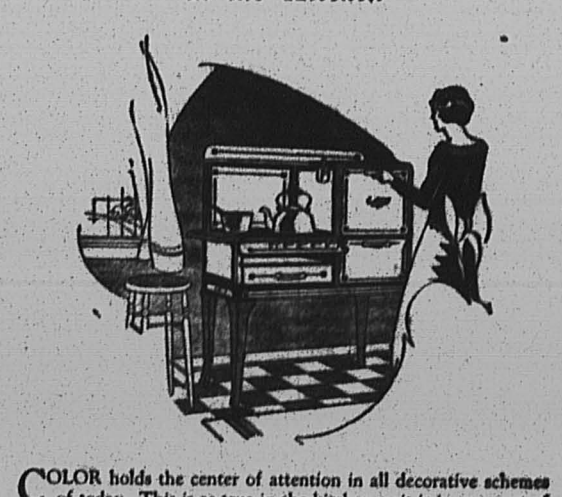

Gas Ranges Designed to Harmonize With Trend Toward Color in the Kitchen

SPRING'S sudden changes of weather—now cold, now mild—will not affect your house temperature, if a gas heating system is used. Automatic temperature regulation assures you the degree of heat that you want, when you want it. It may turn cold in the night, but with a gas house heater, your house is warm when you get up in the morning.

There is no form of house heating so convenient. Your thermostat is set for the desired temperature; the gas is lighted and the pilot light adjusted. The system is then in operation and the heat will increase or decrease automatically, to provide an even temperature.

No shoveling of coal nor re-

COLOR holds the center of attention in all decorative schemes of today. This is as true in the kitchen as it is in any part of the house.

The Estate color gas ranges at Public Service stores are especially attractive. The shades used are Mandarin Red, Jade Green and King's Blue. The Estate range has a "double boiler" oven that insures uniform baking in the same way that the double boiler insures uniform cooking.

Its oven heat regulator, called the ThermEstate, enables the housekeeper to bake by the time and temperature method.

These Estate Gas Ranges, enamelled in the new colors, with oven heat regulator, utensil drawer, and many other improvements, may be purchased on the easy payment plan at Public Service stores. Public Service gas range prices include the automatic top burner lighter and connection from gas outlet in the kitchen by experienced fitters.

### Learn About the Economy and Efficiency of Gas Refrigeration

COMMERCIAL refrigeration plants have been producing dry cold air in one place by applying heat in another for years, and it has been found to be an efficient and economical way of making ice or chilling foods. The same principle has been applied and perfected for domestic refrigeration. Gas is the fuel used and the result is a refrigerator that operates itself, and provides dry cold, the best atmosphere for the preservation of foods.

Public Service stores have on sale the Electrobox. Served gas refrigerators—self-cooling refrigerators that have no moving mechanism. Since they are not subject to vibration they will last for a lifetime. The Electrobox is noiseless and automatic in operation.

Electrobox refrigerators may be purchased on the easy payment plan for a small sum down and seventeen months to pay balance.

### Gas Automatic Water Heaters Give Reliable Hot Water Service

IT is annoying to have cold water pour out of a faucet plainly marked hot, especially in the hurried getting-away hour of the morning.

A gas automatic storage water heater of adequate capacity will keep a constant hot water supply in your home. Such a heater consumes gas only as it is needed. The gas is lighted and shut off by the pilot light controlled by a thermostat. The water heater is entirely automatic in operation.

Gas automatic storage water heaters are on sale at Public Service stores from \$90.25 upward, and any heater may be purchased on the easy payment plan at a slight increase over these prices.

### Burn Rubbish in Gas Incinerator

The accumulation of rubbish and refuse is dangerous to health and adds to fire hazard. Rubbish and garbage are quickly destroyed in the gas incinerator. No smoke or odor follows its use and it is easy and economical to operate. Incinerators 2½ bushel capacity \$175 cash. On terms \$185.00 or \$5 down and 10 months to pay balance.

### Spring Winds Play Havoc With the Clothes Lines

The gas heated clothes dryer makes the laundress independent of the weather on washdays and

### Lenten Dishes Help to Balance the Diet

Lenten dishes are varied and delicious, and their simplicity especially commends them for serving at this time of year. During the Public Service Radio Cooking School hour, Tuesday and Friday mornings at 11, Section W.A.M., many fine suggestions for Lenten dishes and other spring menus are given.

Any man with one nickel can now buy himself a ripe tobacco cigar that has never been equaled for the money

NO PERHAPS about it—no maybe—Havana Ribbon will revise every estimate you ever had of the cigar-purchasing power of a nickel. Havana Ribbon stands ready to prove that a five-cent cigar, made as Bayuk makes it, can be a really good cigar; that it can give you true, mild tobacco flavor without pungent bitterness or insipid flatness.

Here's the secret: Havana Ribbon contains no under-ripe top leaves of the tobacco plant. No over-ripe bottom leaves. But only fragrant fully-ripe middle leaves, age-mellowed and blended into a roll of completely satisfying smoke enjoyment.

Try Havana Ribbon. Shove a small five-cent piece across the nearest cigar counter and see how big it is coming back—in genuine cigar value.

## "Politics" is Seen in Oil Controversy

Underhand Blow at Board of Freeholders Described by Mt. Holly Herald

The Mount Holly Herald, Burlington County's sole democratic newspaper, which therefore should be depended upon to take an impartial view of factional differences in republican ranks, prints the following:

"That politics is behind the announcement made in the Trenton and Philadelphia papers on Wednesday that 'Burlington County was penalized today (Tuesday) by the State Highway Commission to the amount of \$1,350 for readvertising for hot and cold coal tar for road purposes for the year 1928 by the Burlington County Board of Freeholders and then making an award at a higher price than the original bid,' there is very little doubt, but the Herald has no desire to take this question up from a political angle although for the news value it contains, the true state of affairs should be printed.

"On February 10 bids were received by the Board of Freeholders for various materials to be used in road maintenance during the year 1928, as is the custom, and all bids with the exception of those for 250,000 gallons of cold coal tar and 100,000 gallons of hot coal tar (applied) were awarded, subject to the approval of the State Highway Commission, the latter being the prevailing vote in the Board of Freeholders.

"On the advice of County Solicitor Harold B. Wells, the bid for the tar products was not awarded at the low bid submitted by Thomas J. Barrett, of Bordentown, was open to question concerning its legality so it was laid over until the following Thursday.

"In the meantime, the county solicitor brought the bid of Thomas Barrett to the attention of the Attorney General and requested an opinion from him as to its acceptance by the county. The Attorney General stated that he 'could not render an opinion except to a state department.'

"Prior to the next meeting of the Board, Mr. Barrett addressed the following letter to the Board, withdrawing his bid, which should explain the situation clearly:

Bordentown, New Jersey, February 14, 1928

To the Board of Chosen Freeholders of the County of Burlington,

Alfonso Adams, Clerk,

Mount Holly, N. J.

Dear Sirs:

With reference to a certain bid submitted by me to your Board on Friday, February 10th, 1928, pursuant to your public advertisement calling for bids on asphaltum oils and tars:

Inasmuch as I have reason to believe that my bid as submitted, was irregular or defective from the standpoint of law, and being so advised by my attorney.

I beg to inform you that it is not my intention to contest in any manner the question of the award of this contract to the next lowest, responsible bidder. I discovered after submitting my bid that I did not allow for the heating up of material.

Accordingly, I respectfully request, and do hereby withdraw, my said bid as submitted.

I further wish to state that the reason for my action in withdrawing my said bid is that I do not in any manner seek to contest this award, or embarrass or hold up the completion of this public improvement, by litigation or otherwise.

Respectfully yours,

(Signed) Thomas J. Barrett.

Headvertise for Bids

The letter was read by Clerk Adams, and acting on a precedent established two years before in a similar case, the request of Mr. Barrett was granted, and in order that no partiality could be claimed by any of the interested bidders, all bids were rejected in conformity with the right granted to the Board in the specifications of the State Highway Commission, and Clerk Adams was instructed to re-advertise for bids for the slow-curing oil.

"Last Friday new bids were received by the Board at the stated time and place, and five concerns submitted bids according to the specifications.

"Thomas Barrett, in the meantime, had corrected his obvious mistake and submitted a new bid, but the low bidder this time was Theodore Tobish, of Trenton, and the contract was awarded to the Tobish Company, subject to the approval of the State Highway Commission.

"As far as can be learned, the State Highway Commission approved this award, and then in the next breath says it is wrong and has penalized the county in the amount stated above, the penalty which the Commission will not exact being the sum total difference between the first bid made by Mr. Barrett and the bid of Tobish.

"The original bid of Thomas Barrett was 14 9-10 cents for cold coal tar and 15 9-10 cents for hot coal tar, while the bid of Mr. Tobish at the second opening of the bids was 15 cents for cold coal tar and 16 cents for hot coal tar.

"The Freeholders claim that the penalty has been placed on the county by the State Highway Commission on the 'any or' of some one or two individuals, whose names we do not care to use because of the political aspect, but in the next breath it has been announced that the penalty and unjust criticism accompanying it will be fought to the finish."

MAKE MOVIE OF STATE FOREST FIRE SERVICE

How the New Jersey Forest Fire Service battles blazes that threaten 1,000,000 acres of forest annually in this State is graphically shown in the motion picture, "New Jersey's Forest Fire Service in Action," which is distributed by the Department of Conservation and Development and may be obtained for use by schools and reputable clubs and organizations in New Jersey from the New Jersey State Museum with no charge other than the cost of handling and transportation.

## Agriculture and Home Economics

BURLINGTON COUNTY EXTENSION SERVICE

Charles A. Thompson, County Agricultural Agent, Leonard B. Smith, Associate County Agricultural Agent, Office, Corner Main and Union Streets, Mount Holly, Phone 350

Orchards upon which the fruit buds are entirely killed will make a fairly good growth if cut back liberally and if given the usual tilage. In other words, they should make a fairly good growth, even without additional nitrogen. If the orchard is on poor soil and has made only a moderate growth, and is not rather severely pruned, some nitrogen should be used early in the season to make sure of sufficient growth.

Tillage should always be provided early in the season, whether the orchard crops or not. In the absence of a crop upon bearing trees, however, a cover crop may be sown early in July and tillage stopped. A question is sometimes raised as to when the winter-killed buds will drop from the trees. Some authorities in the past have sometimes stated that the injured buds will open but will not set fruit. The facts are that these buds will not open well further and will drop from the trees as soon as the uninjured buds reach the advanced pink stage.

**Lime Sulfur on Apples**

By the time this notice is read, growers will, in all probability, have received notice to apply a delayed dormant application of spray on apples. Whether or not the grower shall use oil or concentrated lime sulfur will depend entirely upon conditions existing in his own orchard.

Where over-wintering eggs of the European red mite are present in any numbers, a spray consisting of stabilized lubricating oil emulsion, containing 65% actual lubricating oil, at the rate of 4 1/2 gallons to 100 gallons of water, is recommended, or any of the miscible oils may be used, diluted at the strength recommended by the manufacturer. To either of these different types of oils, add 1 1/2 pints of Black Leaf 50, a free nicotine product. In addition to red mite, of course, the oil sprays will control scale, and with nicotine added, will control aphids. The importance of under spraying for European red mite cannot be over-emphasized. Caution is also made to carefully examine oil emulsion that has been kept over from last year, to make sure that the material is still emulsified. In case the oil has separated from the emulsifier, the mixture should not be used under any conditions. In case the emulsion is broken, lower free oil will rise to the top of the mixture.

In case European red mite is not serious, commercial concentrated lime sulfur solution may be used at the rate of 1-1 1/2 which will control scale and apple scab. If scab is present at that time. With the addition of 1 1/2 pints of nicotine sulfate—Black Leaf 40—to 100 gallons of spray, control of apple aphids will be secured. Oil has no fungicidal value, and will not control scab.

**Sweet Potatoes**

Sweet potato growers, reporting in March, indicate an intention to increase the planted acreage 12% above that harvested in 1927. This increase, if carried out, would, with average yields, produce another large crop with a probable repetition of the unfavorable conditions accompanying the marketing of the 1927 crop. If plantings are reduced below March intentions by about the same amount as in the past five years, the harvested acreage would, with average yields, result in a crop which would likely bring improved marketing conditions and

more satisfactory returns to growers. In the important commercial producing region from Virginia to New Jersey, where the dry-fleshed type of sweet potato is grown for northern shipment, growers report an intention to plant an acreage 4% less than that harvested last season. In that section the acreage harvested has usually been only a little below that intended, so some further reduction in acreage would be necessary to effect the 10% reduction suggested in the Outlook report.

**Self-Feeding Sows Better**

Once in a great while the easy way of doing a thing proves to be the best way also. An instance of such a happy combination of "easy" and "best" was the method which should appeal to all hog raisers is the method adopted by the U. S. Department of Agriculture in feeding and handling sows and litters during the suckling period.

Sows and litters now self-fed in preference to being hand-fed at the Government farm as a result of conclusions formed from a three-year study of the two methods.

The general conclusion of the test was to place the same kinds of feeds in separate compartments of a self-feeder for sows and litters being self-fed as were given to the hand-fed group. The hand-fed sows and litters were fed all they would readily clean up twice daily while the self-fed sows and litters had free access to the self-feeder at all times.

The results of the three-year test indicate that self-feeding sows and litters during the suckling period save both labor and feed; the self-fed lot was more thrifty than the hand-fed lot; a total of 441 pounds of feed was required for 100 pounds of gain in the self-fed lots, while the hand-fed lots required 603 pounds; the pigs from the self-fed litters made greater daily gains from farrowing to weaning and also during the various tests in which they were subsequently used.

It was noted also that no over-crowding of sows and pigs occurred at the self-feeders even where there was a large number of sows with litters in one lot. There is also less danger of overeating when feed is available at all times as is the case with self-feeding.

Sows and litters may be put on the self-feeder at any age and are on full feed after farrowing. The trials also indicated that 81 percent of sows from self-fed lots when bred settled at the first service, as against 47 per cent for the hand-fed sows.

**Tested Cattle**

Large profits from proper testing of cattle are available to dairy farmers.

Studies made of Guernsey animals with advanced registry records, sold at public auctions during 1927, indicate that females over 2 years old brought an average of \$267.23 each more than the female without such test records.

The college points out that this difference in favor of the advanced registry animals was figured by comparing the average price on 249 animals with such test records, against the average brought by 254 without them. Moreover, the studies are based on sales made at 34 auctions held in numerous states of the Union, thus giving a fair average for the entire country.

It is pointed out by the college that advanced registry testing, not only enhances the value of the approved animals and thus brings greater profits from sales, but also aids in detecting and eliminating the poor producers which eat much feed and return only small profits in the milk pail or at the sale.

The college is prepared to give information about the testing to interested cattle owners who request it.

**Fresh Fish Available**

Difficulties of selecting fresh fish are not so great as some housewives think. Three things indicate freshness. The eyes should be bright and not sunken in the head; the gills should be bright red; and the flesh should be firm, not flabby. The freshness of fish is its most essential quality. This accounts for the rest with which the camper eats the fish cooked within an hour after it is caught. It is not only for flavor that we want fresh fish but also for healthfulness, as there have been many cases of ptomaine poisoning caused by eating stale fish.

Frozen fish is generally of good quality, since it is chilled at once and remains frozen until it reaches the local market. The housewife who buys this fish must see it as soon as it thaws for it spoils rapidly.

Fish is equal in nutritive value to meat although it does not seem to satisfy the appetite so well. A housewife filled with a favorite dressing is enjoyed by most everyone. Split the fish through the tail and to separate the flesh from the bone and work carefully. The ribs are attached to the backbone and the whole piece can then be lifted out. Fill the fish with dressing. It is up at once would a few. Friday is recognized as "Fish Day" among most people because the markets offer the greatest variety and the freshest product then. During Lent, when fish is used more generally, the housewife has even a greater choice, for the markets keep a fairly good supply several days in the week.

## Public Service

Earnings Climb

Twelve Months Ending Feb. 29 Show \$9,009,249 Gain Over Previous Year

A comparative statement of combined results of operations for the twelve months ending February 29, 1928 issued by Public Service Corporation of New Jersey shows gross earnings of \$116,915,510.47, as against \$107,906,260.94 for the twelve months ending February 28, 1927, an increase of \$9,009,249.53.

Operating expenses, maintenance, taxes and depreciation for the period were \$83,812,855.31, an increase of \$5,007,256.92 leaving a net income from operations of \$33,102,655.16, as against \$20,899,916.67 for the twelve months ending February 28, 1927, an increase of \$12,202,738.49.

Other net income amounted to \$1,134,510.70 and income deductions to \$18,652,705.02, the balance for dividends and surplus being \$15,584,460.84 as compared to \$12,461,714.84 for the twelve months ending February 28, 1927, an increase of \$3,122,746.00.

Gross earnings for the month of February 1928 were \$10,334,224.73 as against \$9,225,936.43 for February 1927, an increase of \$1,108,288.30. Operating expenses, maintenance, taxes and depreciation were \$7,176,405.35, an increase of \$524,107.57. Net income from operations was \$3,257,819.38, an increase over February 1927 of \$693,345.89. Income deductions were \$1,621,621.54 or \$15,626.04 less than for February 1927 leaving the balance available for dividends and surplus \$1,646,300.18, as against \$822,886.05 for February 1927, an increase of \$713,971.93.

**ON VACANCY COMMITTEE**

Mrs. A. Haines Lippincott, State Committee woman from Camden county, and chairman of the New Jersey Women's Committee in Law Enforcement, has been appointed a member of the Vacancy Committee of Mrs. Lillian F. Folckert, Republican candidate for United States Senator. Mrs. Folckert appointed her committee on vacancies at Newark Monday.

**OAKLAND OPENS ITS TEST TRACK**

Pontiac and Oakland Sixes Driven Around Half-Mile Loop After Leaving Assembly Lines

A loop of cinder road nearly one-half mile long and banked at the turns has been constructed by the Oakland Motor Car Company as a private factory test track over which Oakland and Pontiac cars are run immediately after leaving the assembly lines.

The loop extends past the Pontiac six assembly and the new Oakland All-American six assembly building which started operation Monday.

A squad of 20 test drivers has been organized to pilot both Oakland and Pontiac cars around the loop. After being given a thorough road test, the cars are returned to their respective inspection departments where they are rechecked. If pronounced perfect, they are driven on to the shipping department. Should any adjustment be found necessary after a car has been tested, it is placed back on the line, and adjustment is made. The road test and inspection are repeated.

The test track is far from being a boulevard. It crosses and recrosses the rails of the Oakland Motor Car Company's big railroad yard and subjects the cars to a rigorous test of performance and riding comfort.

**BEVERLY MAN SECOND IN COUNTY TO AID AVIATORS**

Morris Puro, proprietor of Beverly Motor Company is second in Burlington County to give aid to aviators. Mr. Puro has had the name of the town where his business is located and directions to Philadelphia and New York painted on his garage to guide fliers. **CENTRAL BAPTIST  
EASTER SERVICES**

Rev. George Lockett, Pastor

"He is not here; He is risen, as He said."

Easter Sunday services at the Central Baptist Church begin with a quiet, meditative service at day-break—6:30 a. m. Teachers of the Primary Department will dramatize vividly and reverently the scenes of the Easter story. Be there on early Easter morn, and let this service make its impression.

At 10 o'clock the ringing and banner sessions of the Bible School will be held with capacity attendance and the utmost of praise and joy. Well over 300 is the attendance quota for the Easter sessions. Subject, "The Resurrection"—Mark 16:1-20. Come early!

The joyous service of Easter morning worship begins at 11:15. Special music by the choir will include the anthems, "As It Began To Dawn," by Harker and "Christ the Lord is Risen Today," by H. Dine. Miss McConnell will sing a special Easter solo, "The Day of Victory" will be the pastor's sermon subject. Let us join in the spirit of the risen Lord, who said, "Let not your heart be troubled, I have overcome the world."

Nursery care will be provided in the Primary room.

At the evening service at 7:45 the choir will again present Easter music, "King of Kings," by Stimper and "Hosanna," by Grainger will be the anthems. Pastor Lockett will preach on "The Risen Christ," and the sermon will be followed by baptism.

This week's services are being held on Wednesday and Friday nights in the church. Special non-school-week services are being delivered by the pastor. It is good to take part in these meditations. "As it is necessary for the Christian to participate in his Lord's suffering, so also must he share in that Lord's resurrection, of which baptism is a sign."

"All who had stood at his side had gone and left him to face his fate alone."

"On a barren hill beyond the city walls they nailed his perfect body to the cross. Two robbers were crucified with him. It was over. The rabble had shrieked quickly of his revenge and scattered. His friends were hiding; the soldiers were busy casting lots for his garments. There was nothing left of the external influences which fire men's imaginations or grip their loyalties. Surely the victory of his enemies was complete; he could do no miracle there, hanging on a cross."

"And yet—"

"Jesus." It was the voice of one of the robbers. "Jesus," he says painfully, "remember me, when thou comest into thy kingdom!"

"Hear that, oh men, and bow your heads. . . . There have been leaders who could call forth enthusiasm when their fortunes ran high. But he, when his enemies had done their worst, so bore himself that a crucified fellow looked into his dying eyes and said of him as king. . . . Bruce Barton, from 'The Man Nobody Knows.'"

Some people waste a lot of energy climbing mountains before they are even in sight.

The automobile increases by leaps and bounds; the pedestrian decreases in spite of leaps and bounds.

**Calvary Presbyterian**

C. T. Bates, Minister

Calvary Presbyterian Church will hold an Easter service of worship this Sunday at 11 o'clock. There will be Easter music and an Easter sermon. In the evening at 8 o'clock there will be held an Easter musical service.

All departments of the Church School will meet at 10 o'clock. The Christian Endeavor Society is enjoying an interesting series of meetings in the Church School each Sunday at 7 o'clock, and invites all the young people of the congregation to meet with them.

In loving commemoration of the Crucifixion, when Jesus gave His life for the sin of mankind, a service of worship will be held on Friday evening, April 6th, at eight o'clock in the church auditorium. The pastor sincerely urges every member of the congregation to set aside this hour for worship and meditation with our Lord.

A mid-week service of worship will be held next Wednesday, April 11th, at eight o'clock, in the Church School auditorium.

## Electrical Alarm Protects New Bank

### Any Attempt to Force Vault by Drill or Torch Sets Bell Ringing

The Cinnaminson Bank and Trust Company, of Riverton, has just completed the installation of the latest type of complete electrical alarm protection for its vault, in the new building on Main street, a Grade "A" Sound Wave Burglar Alarm system designed and manufactured by the C. B. McIntosh Company, of Minneapolis, which is the largest bank burglar alarm concern in the world.

The outstanding feature of the system is the remarkable manner in which it makes the system sensitive to the noise as well as to the contact attendant upon any possible form of burglarious attack. It practically equips the vault with ears, nerves and a loud voice.

These sensitive ears of the vault are really super-sensitive sound instruments installed with the vault, which, by automatic time control, are electrically active during the nighttime, the active control also provides for the continuous activity of the protection during the daytime on Sundays or holidays, as well as at night.

Distinguished Between "Noises"

The sound wave protection is controlled by very finely tuned instruments, which, by automatic time control, cause an instant alarm at the slightest noise made upon the vault structure or within the vault. The tap of a tool or the snarl of a cutting torch upon the vault wall or door will instantly start the alarm. On the other hand, no amount of noise made in the surrounding room, nor the rumbling of a train, nor the vibration of the building, such as caused by heavy trucks or street cars will sound the alarm.

The sound waves protect the vault at every minute point of space and the vault door is also equipped with special electrically sensitive contacts which start the alarm when anyone of them is reached by around 150 degrees of heat. The rapidity with which metal transmits heat insures an instant alarm should a cutting torch be directed against the vault door.

Sounds Large Gong

The alarm is given by the sounding of a large gong at the outside of the building. This gong, together with control instruments, ringing mechanism and ringing battery, is installed in a heavy steel housing, as completely electrically protected as to the vault itself, so that it is not possible to get at the gong to prevent the ringing of alarm.

The connection between the vault and the outside gong is by means of an electrically multiple-wire cable carrying a number of open and closed circuits. Any attempt to cut this cable inevitably trips the alarm. There are many remarkable points about the completely automatic operation of the system which the officers and employees of the bank would enjoy showing and explaining to any who may be interested.

## FIRE ON MAIN STREET

Wednesday Night Blaze Quickly Put Out by Riverton Firemen

Last night (Wednesday) the electric products building of Mrs. Laura H. Weller, at 113 Main street, Riverton, was damaged by fire.

The flames were confined to the second story of the building, but the roof was destroyed.

When the alarm was turned in by a neighbor the fire had gained a headway which required a lot of hard fighting on the part of the firemen. Within a few minutes after the arrival of the first company the flames were under control.

Two trucks and a car were saved. They were pushed out and away from the building.

The amount of the damages has not been approximated.

The cause of the fire is unknown.

## TERRY MAY SPEAK

Former Palmyra Coach Invited to Alumni Banquet

An attempt will be made to bring Frank H. Terry, Palmyra High School's first athletic coach, back to the school as speaker at the annual banquet of the alumni association in the lunch room of the school early in June.

Terry, who was a very popular coach, is now connected with a Philadelphia secondary school as coach of basketball and swimming.

The preliminary arrangements for the banquet were made at a meeting of the executive committee of the association last Wednesday night. Members of the graduating class who wish to join the association may do so at the banquet.

The proposed inter-association night with Burlington High School alumni was deferred until next fall. The purpose of this joint meeting and entertainment of the alumni members of the first schools was to foster a deeper feeling of friendliness and to renew acquaintances made in sports contests.

## WOMAN'S GUILD TEA

Wednesday afternoon April 11, at 2:30, several ladies of the church will entertain at the homes of the following:

Mrs. George Long, 804 Cinnaminson avenue.

Mrs. Clinton Woolson, 630 Linden avenue.

Mrs. George Hardaker, 126 W. Fifth street.

Mrs. Everett Wolcott, 415 Linden avenue.

Who is invited? Every woman who is a member or friend of Riverton Church.

Where? To any one of the four homes.

The contribution of 25 cents will be asked.

## P. T. A. PLANS

Health Talks and Plans for Summer Round Up at Cinnaminson

"Well, well, well!" is the slogan of the Westfield Public School Parent-Teacher Association.

Dr. Harry L. Rogers will speak at the next Parent-Teacher Association meeting, April 18, at 8:15 o'clock, on the vital physical needs of the school children and those of pre-school age.

Within recent months many children have been treated at the Dental Clinic installed in the school. The proceeds of the play, "The Step-Child," given for the benefit of the Dental Clinic amounted to \$210.00.

Dr. Rebecca Conroy Lippincott recently talked on foods and their contribution to health.

The way has been paved for the road to health and it is on this that the Summer Round Up, which will be organized at the next meeting is depending for support.

## Easter Celebrated by Local Churches

Large Congregations and Beautiful Programs Mark Day of Worship

Sunday was surely a day of rejoicing in the churches of Palmyra and Riverton. All had prepared appropriate programs for the Easter season and large congregations gathered to rejoice in the Lord who has risen.

At the Epworth Church it was Glad Easter Day in all departments of the church and Sunday School. The Sunday school opened at 9:45 a. m. with an elaborate Easter program under the direction of Arthur Palmer. The program began with selections by the new orchestra. A varied program of beautiful Easter songs was given by members of the school. The attendance was 156.

The church was beautifully decorated with palms and Easter flowers.

At the Central Baptist Church services began with a quiet meditation service at break of day, 8:30 a. m. Teachers of the Primary department dramatized vividly and reverently the scenes of the Easter story. This was an interesting service and gave all who attended a better appreciation of the Easter day.

The joyous service of Easter morning worship began at 11:15. Special music rendered by the choir included the anthems "As He Began To Dawn," by Barker and "Christ, The Lord, Is Borne Today," by Rosine. Miss McConnell sang a special Easter hymn, "O God, Be Merciful," which was the pastor's sermon subject.

At the evening service the choir sang the Easter anthems, "King of Kings," by Storck and "Gloria," by Granger. Pastor Lockett's sermon was "The Risen Christ."

The Lutheran Church was the scene of a beautiful children's Easter program in the morning at 10 o'clock.

A special musical service was given by the choir in the evening. Miss Amy Milton was the soprano soloist, and Samuel Ellis the tenor. Lee Milton was the accompanist and director.

Holy Communion was held both in the morning and evening services.

Evangelical Lutheran Church held an Easter service of worship in the morning. Special Easter music and an Easter sermon featured the service. In the evening a special Easter service was rendered by the choir.

## TWO MEN INJURED

Hurt When Auto Crashes Into Tree at Westfield

Samuel Herman and Robert Hancock, both of Cinnaminson, were injured when their car struck a tree at the intersection of the Westfield-Riverton road and the Riverton Pike about one o'clock last Thursday morning.

A passing motorist sped into Riverton and told Officers Miller and Ginter about the accident. They immediately went out and took the men to Dr. Harry L. Rogers. Herman was sent to the Cooper Hospital with concussion of the brain. Hancock sustained minor cuts and bruises.

The cause of the accident is not known but it is supposed the men were not familiar with the road and did not know of the turn.

## BREAKS LEG

Palmyra Boy Suffers Injury While Playing Baseball

Holy Carpenter, 13 years old, was taken to the West Jersey Hospital, in the Palmyra ambulance last Friday. He was suffering from a broken leg suffered when one of his playmates fell on him while playing baseball on the lot opposite his home.

The injured boy is an orphan, the son of the late Pearl Forster, who died last January. He makes his home with his grandmother, Mrs. Carpenter, at 19 Henry street, Palmyra.

George Rogers, who drove the ambulance, praised the youngster's fortitude in bearing the severe pain caused by two broken legs. The bones were set Tuesday after waiting for the swelling to go down. He is expected home Friday.

## CARE OF THANKS

We wish to express our sincere appreciation for the many expressions of kindness during our recent bereavement, especially those who sent flowers and cards to the funeral. Mr. and Mrs. Frederick Davis.

## WELFARE ASSOCIATION

We wish to acknowledge a further contribution of \$10.00 from the Palmyra-Riverton Rotary Club. George M. Wilson, President.

## Riverton Boys to Form Ball Team

### Junior Athletic Committee to Develop Home Talent; Practice Saturday

Last Friday night at the fire house about fifty boys turned out for the meeting, held under the auspices of the Riverton Athletic Association, for the purpose of forming baseball teams among the boys. The meeting was a great success and judging by enthusiasm displayed by the boys, some good baseball will be shown the coming summer at Memorial Park by the boys of the town.

The boys at the meeting ranged in age from eleven to eighteen years of age and showed great interest when H. B. Stockhouse, president of the Riverton A. A., told them that the Association would back them up, and would do everything possible to promote good clean sport in the town of Riverton.

Jim Rogers, chairman of the Junior Athletic Committee, then took the floor and explained the purpose for calling the meeting. It is the intention of the Association to form a team of the larger boys to be known as the Riverton Juniors. This team will be fully equipped with the same kind of uniforms that the big team will use, and a schedule of games with outside teams will be arranged.

The rest of the boys will be divided up into different teams according to their size and playing ability, and will play a series of games among themselves.

The first tryout will be held at Memorial Park next Saturday afternoon, and all the candidates are earnestly urged to be on hand at 9 o'clock.

The following boys have already turned in their names as candidates for the team:

Tom Meunier, Alan Hemphill, Tony Price, John Smith, Ed Hutchins, Carl Winger, Joseph Harwood, Charles Perkins, Harry Gossard, Robert Horton, O. Reynolds, Henry Horton, Randolph Gray, John Broderson, Bill Steele, Robert Hartley, William Evans, Edward Dunlap, Lee Cole, James Reeves.

James Crawford, Alec Brown, Russell Troutman, Sherman Goetz, Jack Reynolds, Olin Hayes, Chas. Dedrick, Carl Winger, Joseph Harwood, M. Carmade, Maynard Brown, Harold Reynolds, Robert Wallace, Joseph Vearly, Lester Vearly, John Hager, Ted Huhn, E. W. Olinger, Leon Alban, Edwin O'Leary, Robert Cole.

## PALMYRA POLICE

### KEEP ON THE JOB

Man Throwing Stones at Auto Arrested by Officer Rodgers

Charles Lango, an employee of Campbell's Soap form, was arrested on the Burlington Pike Monday morning by Officer Joseph Rodgers.

Lango, a Palmyra man, was in an intoxicated condition and was throwing stones at passing automobiles. He was left in the lock up over night to sober up and had a hearing before Police Justice Fischer, Tuesday.

He testified that he spent Sunday evening at the home of a friend where he had taken a few drinks of wine. Since that time he has been sober and has no more to say.

William Dinn who was fined \$25 a few weeks ago for disorderly conduct was arrested with Joseph Pettit at Broad and Cinnaminson avenue Palmyra, on a similar charge Monday night. They were released so that they might go to their jobs the next day and were told to appear before the Justice Tuesday night. Dinn failed to appear and a warrant was sworn out for his arrest upon his return to Palmyra.

Pettit was released after paying fines as this was his first offense and Dinn was blamed for starting the trouble.

## TWO FIRES IN WOODS

The Riverton Fire Company answered a fire call to Houlings Lipincott's woods in Cinnaminson Township last Friday afternoon.

The blaze was started by sparks blown from a trash fire nearby. Little damage to the woods was done as the fire was under control in a short time.

Monday evening a fire in the golf woods along Thomas avenue required the services of the Riverton fire company. When the company arrived the flames had gained considerable headway through the dry leaves and brush, but the firemen soon had it under control and in a half hour the fire was extinguished.

The prompt response to these calls saved large property losses.

## NOW COUNTY CORPS

Post Rodgers Begins Form Winter Organization

With a change in the by-laws of the organization to admit membership from Posts other than Palmyra, the Riverton Corps of Post Frederick Rogers, American Legion, of this place, has changed its name to the Burlington County Legion Corps.

The organization, which was crowned champions of the state at a contest conducted in Trenton last year, is preparing to defend its title at the coming state championship meet in Atlantic City next summer. Fifty-one members have been enrolled in the organization. It is expected that this number will be increased by twenty-five by the time of the contest.

Only one-tenth of the total membership in the corps may be composed of men belonging to other Legion posts.

## PASSENGER FLYING

Due to the strong wind last Sunday afternoon, the passenger flying of the Burlington County Aero Club from its field just outside of Moorestown was postponed. Thirty-six took "hops" and some thirty more were refused when the flying was halted before four o'clock.

Weather permitting, there will be passenger flying again this weekend. Hops, over Moorestown for a six-minute ride, may be taken at a charge of \$3.00 per person. There will be flying Saturday afternoon from 10:00 a. m. to 1:00 p. m. in the afternoon.

Last Saturday afternoon William de R. French, treasurer of the club, distributed the circulars for the flying. The circulars were dropped in every community in Burlington County.

A new Waco biplane, owned and piloted by the French, is used for the passenger flying. The advertising flight was made in Throp's plane.

## Lads O'Melodie at Lions Show

### Famous Quartette Will Add Charm to Musical Comedy, "And How"

The famous "Four Lads O' Melodie," who are well known throughout South Jersey and Philadelphia for their wonderful harmony and clever specialties, will be on the bill at the Palmyra-Riverton Lions Club Musical Comedy, "And How," which will be presented in the High School Auditorium next Thursday, Friday and Saturday evenings.

The "Lads O' Melodie" will fill in the spaces between curtain, lead in community singing and add to the enjoyment of the evening.

"And How" itself, the most elaborate enterprise of its kind ever attempted in the town, has been brought to a high pitch of perfection and the boys are sure to achieve the biggest success ever known in local theatrical efforts.

It will be a singing, dancing and musical comedy production, a riot of laughter and outlandish humor. The comedians are brilliantly fetching, the song like catchy, the action swift and enterprising. All of the cleverest theatrical talent in this part of Burlington County have well adapted their talents to the production and the girl and boy dancing numbers utilize sixty "nifty" performers.

Good seats can still be obtained if you act quickly. The show will be on sale this Thursday, Friday and Saturday evenings at Hugh's Drug Store, Palmyra, and at Keating's at Riverton next Monday, Tuesday and Wednesday.

## FIREMEN'S KITCHEN

### NOW READY FOR USE

Independence Company Now Has a Splendidly Equipped Culinary Department

The new kitchen at the Palmyra Fire House is now ready for use. All of the fixtures and equipment have been installed and the Palmyra Firemen have a culinary department of which they can be justly proud. They have built it all themselves except for the plumbing and cement work which was given out to a contractor.

"Morris" Beck's brother, George C. W. Beck, of Riverside, donated the electric fixtures and wiring. "Ray" Headington was the bricklayer and the carpenter work was done by Fremont Trainor. H. Strickland did the plumbing.

The new kitchen is 28 feet long and 20 feet wide. It has a concrete floor and white plaster walls. It will have a sink, a range, a refrigerator and a refrigerator. The new kitchen was used for the first time when the Legion Auxiliary gave its annual dinner to the Legionnaires last Friday night.

It will be used by the Ladies' Auxiliary for their Oyster Supper next Thursday night, April 19.

## FREDERICK DAVIS

Frederick, 13 year old son of Frederick and Ardella Davis, of 455 Delaware avenue, Palmyra, died at the Burlington Memorial Hospital, Saturday morning.

The funeral was held from the residence on Monday afternoon with the Rev. J. William Lee officiating. Interment was in Ashbury M. E. Cemetery with Frank A. Snyder in charge.

The boy was kicked by a pony about a week before and suffered a slight bruise on his leg, which was not considered serious. He came home from school Tuesday and told his parents his leg was bothering him. The pain was so severe that it made him ill. He was rushed to the hospital and was operated on immediately. The physician was unable to stop the spread of septic poisoning which had set in. It is thought the bone in his leg had been bruised when the pony kicked him.

Frederick was a member of the Palmyra Boy Scouts and thirty Scouts attended the funeral to honor their playmate. The boys acted as pallbearers and took part in the services at the cemetery.

## DELLA HARRISON

Della Harrison, 21 years old, of East Riverton, died at the New Lebanon Sanatorium last Saturday. The funeral was held Tuesday at the Shore Funeral Home with the Rev. Mr. Foster officiating. Interment was made in Monument Cemetery, Haverly.

## Rev. J. F. Hendrick Dies in Moorestown

### Was Rector of Sacred Heart Church, Riverton, Fourteen Years

The Rev. Dr. James Forrest Hendrick, rector of the Church of Our Lady of Good Counsel, Moorestown, died at the Church rectory, West Main street, Moorestown, Tuesday morning at 1:40 following an illness of two weeks.

The Rev. Father Hendrick was 59 years old. He had been in poor health for a number of years. He first suffered from asthma which later brought on heart trouble and the complicated nature of his illness had been given for his recovery since last Friday.

The loss of Father Hendrick is not only felt in Moorestown, but in all of the communities in this section as he was known by hundreds of people in all of the nearby towns. He was beloved by all who knew him and he made many friends and admirers in all creeds and denominations.

His warmth in manner, genial personality and happy disposition at once won the hearts of all who met him and made him one of the best known and popular priests in South Jersey.

He was highly educated and a great English student and was an authority on history.

Father Hendrick was born in Ireland where he received his early education. He was a graduate of Carleton University, Ireland, and took a post graduate course at Dublin University before coming to America where he was finally ordained as a priest in 1904 at St. Mary's University, Minnesota. He received many honorary degrees, the latest Doctor of Laws, having been conferred upon him three years ago by Gettysburg College, Maryland.

Father Hendrick had been a priest for 24 years. He had been rector of Our Lady of Good Counsel Church for fourteen years, going to Moorestown from Sacred Heart Church, Riverton, where he served for ten years. He also served at the Cathedral and at Camden, Allentown and Vineland Churches before going to Riverton.

During the fourteen years he was rector of the Sacred Heart Church, which he established as an auxiliary record, Father Hendrick won the hearts of all who knew him in Riverton and Palmyra. He quickly gained the same position when transferred to Moorestown and did long work in his parish. He lived long enough to have his chief ambition, a Parochial School, realized. The "Young Men's Club" avenue, built under his direction last September, opened as Moorestown Parochial School.

Father Dineen, the popular assistant and rector of the Maple Shade Church, was the only priest with Father Hendrick at the time of his death. In addition to his pastoral duties in connection with the Church as substitute for Father Hendrick, Father Dineen also spent all of Saturday, Sunday and Monday nights at the rector's residence, which was a comfortable home for the Parochial School and also at the bedside of Father Hendrick when he died.

Father Hendrick had no near relatives in this country. A brother in a prominent English physician and a sister in the head of a Catholic Sisterhood in England.

Funeral services will be held Friday morning and interment will be made at Calvary Cemetery, Camden, in a special plot for priests. The body will be carried into the Church with a procession of priests at three o'clock Thursday afternoon and will be in state there until the funeral services. The Church will remain open for visitors until Friday morning. A guard of honor will be put on duty when the body is taken into the Church and will remain there until Friday morning.

There will be a special service for the children of the parish at 8 o'clock Friday morning and the funeral services with high requiem mass, will be held at 10:30 Friday morning. The Rev. Father Peter J. Hart, of Trenton, formerly of Mount Holly, will say the mass, and the Rev. Father John McNegney, O. S. A., rector of St. Augustine's Church, Philadelphia, will deliver the eulogy. The Rev. Thomas J. Wadell, of Trenton, and Father Dineen and other high dignitaries of the Church, will attend the funeral.

Father Hendrick was a member of the Cinnaminson, Burlington and Camden and Haverly P. C. C. Father Dineen has been appointed administrator of the Lady of Good Counsel parish.

## LAWN FETE

The annual Lawn Fete for the benefit of the Cinnaminson Home will be held Saturday, May 26.

## PLANNED ESCAPE

Discovery was made in the Burlington County Jail at Mount Holly early last week that Lewis Two, a convict, leader of a "Cinderella" "Back Side" gang, who is awaiting trial on charges of robbery of Delanco and Moorestown clear shops, was preparing to make his escape.

A number of keys were found in his cell along with a table spoon, the bowl of which had been wrapped with sufficient lint to make it a dangerous weapon if used as a bludgeon.

"Two Gun Scotty," as he is best known to the authorities, has been placed in a cell in the main wing. There escape from the former place of confinement.

## WATER BILLS GIVE

### Rebate of \$2.50

#### Company Discovers It Is Not Permitted to Charge in Advance

The fact that water bills received by the township of Palmyra, Riverton and vicinity during the past week gave a credit for \$2.50 caused many folks to think there had been a revision downward in water rates.

Such, however, is not the case. The company has discovered it is not allowed to charge for water in advance of its consumption. This was specified in the recent decision by the Public Utility Commission allowing the increased rates.

In the bills rendered about January 1, the company charged the \$4.00 minimum which contains a \$1.00 fixed service charge, and \$3.00 for the minimum allowance, 6,250 gallons, payable in advance.

This \$2.50 has now been refunded. Otherwise these bills would have been a heavy burden on the local water rates.

The company has further been informed by the Public Utility Commission that its experts are checking the returned water rates, but that no changes will be authorized until the investigation is completed. This means the suggested return to the 10,000 gallon minimum during the summer months will not be permitted for the present, at least.

## BILL COLLECTOR

### SOON DISAPPEARS

Stick Stranger Came Near Getting Some of Schwelger's Cash

A suave stranger appeared in Palmyra last week and called on Harry Schwelger, the hardware man. He exhibited a handsome engraved certificate which he said was a bond for five thousand dollars, and offered to collect all bills in arrears to him. He gave the name of a doctor who dealt in the "thing looked alright" so Schwelger gave the "collector" some accounts.

After he had gone, the merchant got in touch with the reference given him and found that nothing was known of Mr. Schwelger. He also investigated the address where the man was supposed to live and found there was no such number. Things began to look shady about this time, so he went out to look for the man, but he had disappeared.

It was later learned that he made some calls, but had collected no money. Mr. Schwelger advised fellow merchants to be on the lookout for the man.

## ASKS OFFICER

### WAY TO VICTIM

Stranger Wants to Know Where Riverton Home of Lives and Tries to Run

About three o'clock last Saturday morning a dapper young man in a Ford coupe stopped Officer Walter G. Miller and inquired where to find the residence of Mrs. Latch. Within a few minutes a phone call came from Mrs. Latch who said someone was trying to break into her home.

Officers Miller and Ginter went to the house immediately but the would-be burglar was apparently scared off when Mrs. Latch got to the telephone.

Officer Ginter remained at the house while Officer Miller looked around the vicinity for "Dapper Don," but he had made good his escape.

It was found that an attempt had been made to "bunny" open one of the windows on the porch. Officer Miller said the young man looked so "respectable" that he had no suspicion of his evil intentions.

## MARY A. DUNCAN

Mary A. Duncan, 61 years old, died at her home, 226 West Sixth street, Palmyra, on Tuesday, April 10. The funeral was held from the Schuler Funeral Parlor at Broad and Diamond streets, Philadelphia, April 11. Interment was made in the Greenwood-Knights of Pythias Cemetery, Philadelphia.

## CHICKEN AND WAFFLE SUPPER

Given by The Ladies Aid of First Lutheran Church.

Menu: Creamed Chicken and Walrus Mashed Potatoes, Peas, Cabbage, Rolls and Butter, Coffee.

Tickets, adults, 15 cents, children, 10 cents. April 28, 5 to 8 p. m. Basement of First Lutheran Church.

## Prof. Heberling Will Speak Here

### Noted Authority on Children to Address Riverton to Address Riverton P. T. A.

Do you ever meet with a problem in the training of your children? Would you like the advice of a man who has raised over four hundred boys and had, alone, handled the discipline problems which that responsibility involved?

The man who can give this advice is James S. Heberling, professor of Child Helping of the Wm. T. Carter Foundation, University of Pennsylvania.

Professor Heberling will be the principal speaker for Father's Night which will be held at the Riverton Public School, Thursday, April 19, at 8 p. m.

Those who have heard Professor Heberling will want to hear him again, and those who have not heard him cannot afford to miss this opportunity.

There is also on the program a supper of interest to every one interested in the public school. Every Father will want to see what his child has been doing during this school year. The work of the children will be on display in the school rooms, and each teacher will be glad to talk with the fathers concerning the progress of the child.

Mothers are welcome, but if both parents cannot come this is Father's Night.

Remember the date, April 19. A reward will be given to the grade having the largest percentage of fathers present.

## A NIGHT IN THE BOOST-A-TAK SHOP

The Samaritan Class of the Central Baptist Church will present their original three comedy, "A Night in the Boost-a-Tak Shop," in the church this evening.

At their meeting held Tuesday evening final arrangements were made for the production which will be one hour and a half of laughs and good fun. Tickets are \$2.00 for adults and 50 cents for children. All that will be required from those attending is a silver offering and the success of the affair will be governed by the receipts at the door, which will be on the "pay-as-you-leave" plan.

The second Tuesday evening in May is the date set for the Annual Banquet of the Class which will present plans are carried out will be a big success. Members are requested to keep this date in mind.

On the last evening in April, the 30th, the Glee Club will participate in the program at the meeting of the Boost-a-Tak Club. All those who will also take note and be present at the regular rehearsal night, Thursday of each week.

## THE AMAZONS

High School Junior Play to be Presented This Week

At last! The big nights are at hand. The Junior Play, "The Amazons," is to be given in the High School Auditorium this Friday and Saturday evening, April 13th and 14th, at 8:15 o'clock. Of course, you already have your tickets, but if you haven't, see one of the judges, for although the tickets are going fast, they still have a few left at 75c or 5

Maritime School, similar to those now in operation in New York and Pennsylvania. As no appropriation was made for the purpose, the measure cannot become effective until next year.

**POLITICAL MEETING**

Albert C. Middleton, state treasurer; William H. Reeves, member of the State Republican Committee; Clifford R. Powell, senator from Burlington County; Dr. Marcus W. Newcomb, candidate for re-election to the Assembly; James C. McCormick, candidate for Freeholder, and Clarence E. Worrell, candidate for Freeholder were all present at a political meeting held in the Worrell Engineering Company's building in Moorestown on Wednesday evening of last week.

## Election Boards for County Named

Several Changes Found in Lists This Year; Women Show Gain

The Burlington County Board of Elections last week announced the list of district boards of registry and election that will handle the official work at the polls in Burlington county this year. The list shows that there are several changes and also that more than the usual number of women have been selected to participate in the form of mild patronage.

Some of the men who have been considered almost permanent fixtures on election boards have been left off and that women have replaced them.

The boards for municipalities in this section follow:

Chester Township—First district: William J. Cunningham, Walter Bruster, Republican; George Pratt, James J. Daly, Democrat. Second district: Louis A. Cramer, John E. Taggart, Republican; Joseph A. Levy, Willard Knery, Democrat. Third district: Frederick G. Morse, Sr., David H. Knaub, Republican; Raymond W. Walters, Albert Bergel, Democrat.

Chambersburg Township—First district: George Dorworth, George Shuck, Republican; James Barr, Howard Schuler, Democrat. Second district: Herbert Dingus, Cecil Bowers, Republican; Clarence Perkins, Frank Lewis, Democrat.

Delanco Township—First district: George I. Ellis, Andrew J. Austin, Republican; Samuel Morrison, Anton Winklespecht, Democrat. Second district: Harry V. Ellis, Elyse Heller, Republican; Clarence Hunt, Joseph W. Hilly, Democrat.

Delran Township—William J. Smith, Bernard J. McCormick, Republican; Thomas M. Hare, Harry Moreland, Democrat.

Hainesport Township—Julia Walters, Harry Ritter, Republican; Ella J. Hingham, Lillian M. Bridge, Democrat.

Moorfords Township—East district: Floyd R. Drablin, Anna E. Prickett, Republican; Elmer E. Hefner, Helen Donohue, Democrat. West district: Phillip Minton, Lou Dyer, Republican; Mary Jennings, Frank Stewart, Democrat.

Moorestown Township—First district: Thomas E. Cunningham, Lill Dan Dorsey, Republican; John Holmhaugh, Laura D. Love, Democrat. Second district: Justus H. Dudley, William C. Roberts, Republican; E. Gallaher Snyder, Frank L. McLean, Democrat. Third district: William C. Boudin, Herbert B. Evans, Republican; Philip McChesney, Anna M. Carr, Democrat. Fourth district: Howard W. Fish, Harvey W. Fish, Republican; Walter Jackson, Mary Olson, Democrat. Fifth district: Elias Walton, C. Harry Dudley, Republican; Grace T. Call, Walter C. Murphy, Democrat. Sixth district: Frank M. Thomas, Sr., Joseph R. Ianni, Republican; E. Joseph O'Brien, Cathryn Murphy, Democrat.

Mountain Township—East district: Charles W. Sills, William A. Lippincott, Republican; J. S. Wilkins, George LeDent, Democrat. West district: Katherine K. Havers, Thomas M. Earline, Republican; John Riddell, Joseph Kinsler, Democrat.

Palmyra Township—First district: Harry Kemmerle, Sr., Harry J. Saar, Republican; George Cooper, William D. Powell, Democrat. Second district: Percy P. Weeks, Harry C. King, Republican; William McConnell, Morris J. Blockdale, Democrat. Third district: Alfred L. Kohnhoffer, Stephen M. Knapick, Republican; Charles T. Hawke, Sr., Clemens A. Haas, Democrat. Fourth district: Edgar F. Shaner, Edward A. King, Republican; Wilbur M. Harwood, Beale A. Leary, Democrat. Riverside Township—First district: George T. Rascely, Herman Sack, Republican; Theodore J. Haas, Edward Coyle, Democrat. Second district: Harry R. Atkinson, Walter Kuersten, Republican; Augustus H. Kluge, George Orle, Democrat. Third district: John R. Hinkle, William J. Richardson, Republican; Howard G. Schuyler, Emerson Hunter, Democrat. Fourth district: Franklin E. Smith, John Leitchner, Republican; Frank L. Koehler, Martin Fyann, Democrat.

Riverton Township—First district: Daniel M. Clifton, O. Rex Showell, Republican; Lawrence Joyce, Harry Rice, Democrat. Second district: Ogden Mattie, Grade Goodenow, Republican; Robert Mullings, Joseph Laverty, Democrat. Third district: Lloyd O. Major, Howard R. El Hunt, Republican; James Flynn, Margaret Platt, Democrat.

The youngsters need to look into grandma's pocketbook for gum drops and stick candy but all they find there nowadays is a powder puff and a key to the night lock.

It is said that ten billions will be spent in the United States this year for building construction, which indicates that somebody, at least, is optimistic about the future.

The anxiety with which the republican "powers" view Hoover's candidacy is a good indication of his strength. — *Texarkana (Tex.) Gazette.*

## About Your Health

Things You Should Know

By John Joseph Quinn, M.D.

### OLD REMEDIES

Old friends are, by virtue of their lasting qualities, usually the best; and so it is with medicines—there are few better or safer than the time-tried. Some of our most valuable agents for healing the sick may be said to be hoary with age—yet we know their action much more thoroughly than many of the new remedies, thus we find them trustworthy.

I have before me a patriarch in medical literature—a book 115 years old. It is interesting to note the medicines in use today that were utilized then, and the list is not short. Camphor, is one; opium, the good servant and the bad master; alcohol (spelled "alkohol") of the name may be truly said; mercury, then called "quick-silver," and two of its derivatives, calomel and "mass of quick-silver." These and many others remain in use today, and doubtless will live when most of the modern, highly-commercialized synthetics are forgotten with the expiration of the patent or copyrighted label.

The poultice and the liniment so popular then, and the much-used "salve" are fast becoming unheard of, and, perhaps, wisely so. The old-fashioned sugar, grime and stink, as well as the nauseating bolus have been relegated to the alcohol of science has about replaced the crude drug. Medicine has held pace with world-advance-ment very creditably.

May I suggest here that when you clean house this spring, you neglect not your household remedies: brighten and fill the castor-oil bottle, the camphor flask, the iodine container, the stearate-of-amine shaker, the carbulated vasoline jar. Be ready for most emergencies with good, old, time-tried remedies that you know the most about; if you are compelled to summon him, the roll of adhesive tape comes handy when needed. Don't keep active poisons on hand, such as strychnia tablets, aconite, calomel, belladonna, and such like, unless with full knowledge and advice of your physician.

Next week: Heart Disease

## Recess is Taken by Legislators

Session Adjourned Last Thursday to Resume Work Again July 10th

After repassing only two of the eight bills voted by the Governor, both the Senate and House of Assembly last Thursday adjourned until July 10.

Adjournment until summer was decided upon in order that the Legislature may be in a position to take action upon any situation arising from the present probe of the State Banking Department and the inquiry scheduled to start soon involving the State Civil Service Department. The legislators also elected to remain in session so that they can take advantage of any situation which may result from political happenings in the important campaigns of the next few months.

After a conference, announcement was made of a hearing on April 26 by the legislative commission for the study of a uniform State traffic system. The hearing will be upon the bill passed at this session which Governor Moore vetoed.

In his veto message the Governor said he objected particularly to that provision in the bill which would have increased the legal limit from six to 15 miles per hour for motor-ists within school zones.

One of the bills enacted over the Executive veto was by Assemblyman Chandelis, of Bergen, permitting second class counties of over 300,000 population to create county water supply commissions.

The other vetoed measure repassed was by Senator McAllister, of Cumberland, allowing the Bridgeton City Council, instead of the Mayor, to appoint a recorder.

Among the things left in the air by the Legislature was the naming of the personnel of the legislative committee to probe the State Civil Service Department. The appointments, it was promised, will be announced soon so that the probe can get under way.

Under a joint resolution to conduct a survey of the needs of the public school system, Senate President Stevens named the following Senators to function on the committee of 15, which is to do the probing: Pilegon, of Union; McAllister, of Cumberland, and Cole, of Sussex.

Among the appointments confirmed by the Senate were: Sarah H. Budd, of Mount Holly, to the Public

## Contest Looms in Democratic Ranks

Two Moorestown Men Out for State Committee; Women in Fight

The Republican party in Burlington is not the only one that will have opposition within its ranks for the Democrats are also going to have a little contest of their own. George M. Hillman, Jr., of Moorestown, son of Prosecutor Hillman, announced several weeks ago that he was a candidate for the position of State Committeeman to succeed William Vandegrift, of Burlington who has held the position for six years, and Mrs. Florence Jacoby, of Edgewater Park, has filed papers to succeed herself as Committeewoman.

Now George M. Gibson, also of Moorestown, has announced himself as opponent to Mr. Hillman, and Mrs. Mary Barker Hargrave, of Pemberton, desires to succeed Mrs. Jacoby.

It will be remembered that Mr. Gibson was an opponent of Mr. Vandegrift three years ago, and only

lost the contest in the county by seventy votes, and now it is understood that Mr. Vandegrift has volunteered to step aside and give his aid to Mrs. Gibson.

Mrs. Hargrave has had no political record; other than being several times elected to the County Committee and serving as a member of the Election board in Pemberton Township.

Edison says he believes the automobile is training people to think. But a lot of drivers still roll right past the yellow and red signal lights. — *Des Moines Register.*

**MAYORS TO PLAN BRIDGE TROLLEYS**  
Merchandise Executive Declares Suburbs Are Entitled to Consideration

In an effort to solve the problem of adequate trolley transportation over the Delaware River Bridge, a general conference of all South Jersey mayors and chairmen of township committees has been proposed by Mayor Frederick L. Holman, of Merchantville.

Invitations to attend the conference were forwarded by Mayor Holman last week to the officials of the numerous South Jersey cities and communities. Mayor Holman in his letter cited that no definite step toward the perfection of a bridge transportation service should be taken without first consulting the officials of the South Jersey towns.

He contended that the situation was of a serious nature and affected virtually every community throughout the southern end of the state. The suburban towns should be consulted to ascertain their transportation needs, so better service may be planned, he said.

The present plan for trolley service over the bridge, as outlined by P. R. T. Benefield only Camden, Mayor Holman declared, and the needs of the suburban towns were ignored.

Arthur B. Rule, head of the Federated Fruit and Growers' Association, said that agricultural interests were in favor of Herbert Hoover as presidential nominee. — *Rochester Times-Union.*

**A NEW HUPMOBILE RECORD**  
Illustration of a Hupmobile car.  
**8034 CARS SOLD IN MARCH**

**54% increase in Sales**  
Registers Greatest Month, Greatest Quarter in Hupmobile History

For the third time since the announcement of the new Hupmobile Century Six and Eight, all monthly shipment records in Hupmobile history have been broken.

And by what a margin! Over 50% more cars delivered in March than in February—the previous record month.

Not alone the largest month, but the largest quarter since Hupmobile began the manufacture of motor cars and exceeded by 5000 cars shipments during the first three months of 1927.

This spectacular climb began last November with the Six of the Century. Two months later the Century Eight came to accelerate sales to a still faster pace. And they have been going faster month by month.

Front positive of the growing popularity of the new Century.

iffs' and other Sales, Administrators' and Executors' Advertis-  
ements are solicited. The New Era will appreciate being  
remembered in this connection.

### BEVERLY NEWSPAPER PHADEN STOUT

At the recent banquet of Burling-  
ton County, Inc., in Burlington,  
the statement was made by no less  
an authority than L. D. Odner,  
secretary of the Camden Chamber  
of Commerce, that Burlington County  
road system and its methods of  
road construction and maintenance  
had won such respect by the  
what is known as the "Burlington  
County Road Plan" is now being  
followed by ten different states.

This is especially creditable in  
view of the difficult nature of Burl-  
ington county's road problem.  
Having the largest area of any  
county in New Jersey, extending as  
it does entirely across the state,  
and with over 1200 miles of state,  
county and township roads within  
its borders, it is handicapped by  
being one of the state's most sparsely  
populated counties with conse-  
quent low property valuations. Two  
hundred and eighty-three miles of  
roads are now being maintained by  
the county and to further increase  
the difficulties there are a large  
number of important highways, in-  
cluding several very expensive draw-  
bridges to care for.

That these physical and economic  
handicaps should have been over-  
come in such a manner as to win  
national recognition certainly speaks  
well for the ability, ingenuity and  
good judgment of the county  
Board of Freeholders and especially  
for its Director of Roads, Charles  
R. Stout, to whom more than any  
other individual belongs the credit  
for these gratifying achievements.

Realizing the importance of at-  
tempting to discredit the results of  
the Freeholder's work, the political  
faction which is preparing to launch  
a vicious assault in the hope of  
ousting Freeholders Charles R.  
Stout and Charles B. Fisher at the  
coming Primary election has aimed  
its attack at "extravagance."

The claim is being made that too  
much money has been spent and  
the candidates who are after the  
Freeholder positions have asked up-  
on that old, time-worn political  
bait "extravagance."

Certainly money has been spent.  
The members of the Board of Free-  
holders are not magicians. Neither  
nor anyone else can give the  
people of the county something for  
nothing. Of late years the demand  
for the county has been for good  
roads. The people of Burlington  
county have gotten what they want;  
they have a road system second to  
none in the state and while the  
improvements have been costly there  
is every reason to believe that the  
work of construction and mainte-  
nance has been carried out in a  
thoroughly economical, business-like  
manner.

There is no question that had  
Road Director Stout and the other  
members of the Board pursued a  
less progressive policy, had they  
ignored the demand for improve-  
ments and had they permitted Bur-  
lington county to fall far behind  
other sections of the country a great  
deal of money could have been  
saved. However, had it been the  
case we can picture these same  
political groups which are now  
howling for "economy" rising up in  
indignation; calling upon the voters  
to oust the reactionaries and loudly  
proclaiming "progress" as their  
platform. It is to laugh—Beverly  
Banner.

### MRS. FELICKER THE ONLY "DRY" CANDIDATE

The Anti-Saloon League of New  
Jersey has issued this statement  
supporting Mrs. Lillian F. Felicker  
for the United States Senatorship:  
Of the five candidates seeking  
the United States Senatorial  
nomination, only one, Lillian F. Felick-  
er, has taken a stand that is un-  
equivocally "dry."

She says: "I believe in the Eight-  
eenth Amendment, and if elected  
I promise to personally as well as  
politically try to see to it that  
the present enforcement act,  
or to strengthen it, and for all nec-  
essary appropriations to make it  
effective, and will vote against any  
measure designed to weaken law  
enforcement in any way."

At the other extreme stands Ed-  
ward W. Gray, whose sole platform  
is the repeal of the Eighteenth  
Amendment. He describes Prohibi-  
tion as "America's blight," saying:  
"Its evils pervade every walk of  
life. It perverts morals, promotes  
hypocrisy, encourages crime and de-  
bases government. It is a travesty  
on temperance, an insult to intel-  
ligence and an outrage on a free  
people."

Hamilton F. Keen and Edward C.  
Stokes have publicly stated that  
they favor modification of the Vol-  
stead Law, claiming it is "impos-  
sible" to enforce it.

Joseph S. Freytaghuyes has  
sought a referendum, saying that  
he would be governed by its out-  
come, voting "wet" or "dry" as  
the case might be; and then, he  
says, he would not vote for any  
change. If a member of the Sen-  
ate, he would, therefore, be in a  
position to vote in favor of the bill  
for a national referendum now  
before that body.

Evidently, therefore, Mrs. Felick-  
er, whose public statement accords  
with her well-known and unvar-  
ied attitude, should receive the united  
support of those who would see  
the Eighteenth Amendment and the  
Volstead Law maintained and en-  
forced.

### STATEMENT BY FORMER SENATOR FREYTAGHUYES

No one who has read the apolo-  
getic statement of Senator Edge for  
interfering in the Senatorial pri-  
mary fight in his speech at Tren-  
ton on Friday last, will fail to un-  
derstand Senator Edge's attitude in  
attempting to dictate the Senatorial  
nomination and the embarrassing  
reason which he made himself.  
A glance at the list of those attend-  
ing the conference, among whom  
were holders of public office and  
those who have received political  
plum from him in the past, makes  
the reason for his embarrassment  
evident to all.

This interference of Senator Edge  
in the New Jersey primary is not  
only contrary to the spirit of the  
primaries but it has been the at-  
titude which is directly responsible  
for the lack of harmony in the  
Republican Party, and its repeated  
defeats in all State elections,  
except Senator Edge's own election.  
His leadership has been an ab-  
solute failure in this State, except  
insofar as his own personal ambi-  
tions are concerned.

During the entire time that the  
so-called leaders have been at the  
head of the Republican Party nothing  
has been accomplished in the  
way of strengthening the party in  
the State, except in keeping their  
own henchmen in office and out-  
lawing others. These leaders are again  
seeking to dictate who should be  
the party candidate and, as might  
have been expected, are making one  
of themselves again the nominee.

Needs of Discard  
This primary was being conducted  
by the various candidates in the  
spirit of the open primary and in  
such a way that after the primary  
the successful candidate could have  
the united support of the party.  
Senator Edge has now interfered  
and is attempting to now discard,  
just as he did in the Whitney cam-  
paign when he sought to put his  
entire organization behind his hand-  
picked candidate and the people re-  
belled, with the unfortunate result  
that the Republic candidate, Sena-  
tor Whitney, was defeated, making  
another in the long succession of  
defeats which Senator Edge has  
been responsible for since he be-  
came the so-called leader.

When I said recently that the leg-  
islature of New Jersey does not  
need a want a nursemaid from  
Washington to tell it what to do,  
I believe that represented the at-  
titude of the people, who not only  
want an opportunity to select their  
representatives in an untrammelled  
primary, but want their legislature  
unsubordinated.

Praise for Hague  
Governor Stokes' praise, at the  
Trenton gathering, of Mr. Hague,  
the Democratic boss of Hudson  
county, for his wisdom in dress-  
ing which the voters cannot help but  
assume, in with the approval of Sena-  
tor Edge, his sponsor, holds Mr.  
Hague to the Republican Party as a  
desirable example to follow, when  
as matter of fact the Republican  
Party has been unable to follow  
the example of anyone, because of  
the desire of a few politicians and  
petty office holders to run the State  
and keep themselves in power.

All self-proclaiming Republicans  
throughout the State cannot fail to  
be startled at Governor Stokes' com-  
mendation of Boss Hague's meth-  
ods, for the methods of the Hague  
machine have been one of the great-  
est barriers to representative gov-  
ernment in New Jersey. It is par-  
ticularly significant at this time  
when the Republican Party has the  
opportunity to win a victory and  
that a Republican Senator, that  
Mayor Hague and his methods are  
so highly commended by the Edge  
Stokes faction. Giving aid and  
comfort to the enemy seems to have  
been one of the characteristics of  
the policy of the Edge Stokes fac-  
tion, in which Mr. Edge has partici-  
pated.

Against Personal Machines  
I want the voters to understand  
that I am against Boss Hague's  
methods and all the things he  
stands for. I am against all bosses,  
I am against personal machines,  
as well as secret machine methods,  
because they are against the public  
interest and because they are the  
product of boss-controlled and  
money-controlled groups.

The continued interference of  
Senator Edge and his group in the  
primary fights and their efforts  
to break down the progressive laws  
and institutions which have been  
established for the benefit of the  
people, such as the direct primary  
law, bi-partisan civil service, and  
other laws, should alarm and awak-  
en the people, and I propose in  
this primary to have a clear un-  
derstanding of the facts and to give  
the people an opportunity to re-  
pudiate this selfish and destructive  
type of leadership.

The brass tubing which used to  
go into metal beds and bar room  
rallies is now made up into sax-  
ophones.

The only thing these Latin-Ameri-  
can nations seem able to agree on  
is Lindbergh.

A family far is never used in pre-  
serving bacon.

### ANNOUNCEMENT

William B. Lynch announces that  
he will be a candidate for re-nom-  
inating as member of the Riverton  
Borough Council at the primary  
election, May 23.

## Dr. Frank Crane Says

### PIN PRICKS

The gentleman who gives you a  
sock in the jaw does not arouse so  
much resentment as the lady who  
continually nags at you. We can  
stand the roar of a cannon once  
better than we can stand the con-  
tinual stripping that wears away the  
stone.

It is not the big things in life  
that we have to fear so much as it  
is the little things.

We ought to order our lives  
that our daily intercourse with  
people shall be pleasant and not  
irritating.

I knew an old woman who had  
two daughters.

One stayed at home and gave up  
a career to take care of her mother  
in her old age; the other moved to  
a far city, rarely wrote her and  
never came to see her.

The old woman complained con-  
tinually of the little irritations her  
stay-at-home daughter caused her  
and enlarged upon the virtues of  
the daughter who never saw her.  
When she died and her will was  
read it was found she had left  
every cent to the daughter who  
had moved away and nothing to  
the one who had given up every-  
thing to care for her.

A father and four sons went into

debt to buy a farm. Three of the  
boys went off, leaving the one son  
with his father to pay off the debt.  
The father took sick and for the  
best years of his life the son slaved  
until the debt was cleared away.  
While the other three boys were  
along in their careers he had missed  
an education, had put off his mar-  
riage, had given up the career he  
had planned.

At his father's death it was  
found that he had left the farm to  
be divided up equally among the  
four boys.

Whether we can make head or  
tail out of the justice of the story  
of the Prodigal Son, there is noth-  
ing truer to human nature.

As the screech of a locomotive  
is velvet into a woodland sound  
by distance, the irritating little  
rough places in personality seem  
to fade in those afar off.

The small imperfections in the  
one who stays at home are evident  
and continuously seen.

Rich gifts are counted poor not  
only when given, but when  
but when they prove irritating.

As time goes on too often the  
small irritations loom larger than  
the essential immolation.

The pin-pricks outweigh the sacri-  
fice.

## This Week

By Arthur Brisbane

A REVIVAL OF HOPE

PROSPERITY FOR FARMERS

IMPORTANT "CROP NEWS"

NATURE'S WISDOM

There is revival of the hope that

President Coolidge will consent to  
run for a second election this year.  
Everybody knows he meant it when  
he said "I do not choose." Every-  
body knows he means it when he  
says now he does not want any of  
his friends to lift a finger to nomi-  
nate him.

But the oil scandal makes a dif-  
ference in the situation, and every-  
one of intelligence reserves the  
right to change his mind.

Cotton "pickers and strippers,"  
replacing human fingers with ma-  
chinery, are now working in north-  
western Texas.

This is good news. Prosperity  
for farmers depends on machinery,  
on doing with the earth's products  
what Ford, first, did with automo-  
biles.

In the Gary rolling mill half a  
dozen men roll out steel rails that  
ten thousand could not have pro-  
duced with old sledge hammer meth-  
ods. No human hand touches the  
iron, until a tall young Scan-  
davian runs his keen blue eyes along  
the finished rail and signals another  
man, who straightens it. Ma-  
chines die the ore, put it in ships,  
unload it, haul it, cold and hot.

Six men, some day, will run a  
1,000-acre farm, and multiply its  
crops by ten. Don't worry about  
over-population.

The infant death rate is down in  
Pennsylvania and New York. And  
that's the most important "crop  
news" this year.

If only civilization took as much  
interest in babies as it does in  
young calves, pigs, boll weevil and  
corn borer.

Consider Nature's limitless fecun-  
dity.

Mr. Ringling shows you this year  
a sea-elephant weighing four tons  
that eats 5 per cent of his weight,  
or 400 pounds of herring, at one  
meal.

Any one of a dozen fishes in one  
generation would fill all the oceans  
and seas of the world solid with  
fish if they and their descendants  
all survive. The elephant, on the  
other hand, lives a hundred years  
and only two or three children  
at most. Wise nature.

Canada has hanged George Mc-  
Donald, forger, confidence man and  
murderer. His young wife, saved  
from the rope by public appeals,  
sent him word, "I shall never cease  
praying for you." She, poor woman,  
will have time to keep that  
promise in her life imprisonment.  
In Canada it MEANS life imprisonment.

Springing that woman is a step to-  
ward civilization. One thousand a  
year were hanged for petty crimes.

## MAY 13 Mother's Day

Our display of cards appro-  
priate for that day are ready  
for you. Come early while  
the assortment is complete.

## County History of 25 Years Ago

Items of Interest Published in  
Mount Holly Mirror  
April 1, 1903

A son arrived in the family at  
Cashier and Mrs. Frederick H. Lee,  
of Mount Holly, on Saturday.

It cost Florence township \$1,500  
to care for its smallpox patients  
during the past winter.

The boating season has opened  
on the upper creek, Mount Holly,  
and Edward Buck has his entire  
fleet of boats in the water.

Frank J. Sine, of Mount Holly,  
and Oscar Adams, of Burlington,  
leave this week for Cuba, where  
they will take charge of a shoe  
factory.

Title to the John R. Slack prop-  
erty on High street, next to the county  
buildings, has been taken by Mount  
Holly Lodge of Elks. The building  
is now being renovated and altered  
to meet the requirements of a club-  
house.

An enjoyable reception was  
tendered Rev. N. J. Wright at the  
Mount Holly M. E. Church on Thurs-  
day night, the occasion marking his  
return from conference and the be-  
ginning of his third year of past-  
orate of that church. The "Ushers"  
Union had charge of the affair.

Delanco residents, at a public  
meeting held on Thursday night,  
decided not to install fire hydrants in  
that town at present, as the increase  
in taxes would be too great.

Go To Tuckerton

Henry and Louis Kumpf, of Vin-  
centown, have taken charge of the  
Carlton House, Tuckerton.

A YMCA has been formed in Col-  
umbus, a movement in which many  
of the leading citizens there are in-  
terested. William Moore is presi-  
dent and Joseph Ridgway, secretary,  
of the new organization.

The 200th anniversary of the lay-  
ing of the cornerstone of old St.  
Mary's Church, Burlington, was  
celebrated with special services on  
Wednesday.

The fact that out of 1,300 chil-  
dren of school age in Burlington,  
irrespective of those attending par-  
ochial and private schools, there was  
an average of only 638 last month,  
is causing the Board of Education  
to start an investigation. Compul-  
sory attendance probably will be  
resorted to.

Burglars entered the house of  
Captain Martin L. Holmes, at Vin-  
centown, Saturday night, and stole  
an overcoat, coat of broad, gold  
watch and \$4 Canadian money.

Joseph Ford and ex-hostmaster  
Vansolver, both of Beverly, who are  
in the fishing business, caught a ro-  
ach weighing nine pounds and two  
out in a few days ago. They sold

A big candy factory is closed in  
New York City, called "a menace to  
health" by Commissioner Harris.  
Buy your pure candies from shops  
and manufacturers with established  
reputation. All sorts of trash is  
fed to children. A certain clay mixer  
and flavored with a little inferior  
chocolate is sold for pure chocolate.  
That crime should mean twenty  
years in jail.

April 8, 1908  
William A. Slaughter and W.  
Frank Sooy have been sworn in as  
Lieutenants of Company E, National  
Guard, Mount Holly.

Rachel S. Davis, wife of Dr. Wal-  
ton Davis, has bought the Jarrett  
Stokes farm, near Rancocas, for  
\$8,000.

Rev. R. H. Baker will occupy  
the pulpit of the Mount Holly Bap-

tist Church on Sunday, starting his  
pastorate of that church.

A fine lot of harness for use in  
the cab service of the Pennsylvania  
Railroad Company, was shipped to  
Philadelphia last week by Altes D.  
Prickett, the maker of Mount Hol-  
ly.

Fourteen new bathrooms are be-  
ing installed in the Euclidean Hotel,  
Beach Haven. George D. Worrell,  
of Mount Holly, is doing the plumb-  
ing work.

## It Makes 'Em Grow

up to be big and strong—just like Daddy. Fruit with  
the morning meal adds to the joy of a hearty breakfast.

TARTAN GRAPE FRUIT is all ready to serve—  
and is just as juicy and tasty as the fresh fruit.

The special method of "canning" grape fruit keeps  
all its food value intact and is just as wholesome as  
the fresh fruit.

## RIVERTON ITEMS

Miss Margaret Field returned on Monday to her studies at Bucknell University, Lewisburg, Pa., after spending the Easter holidays with her parents, Mr. and Mrs. S. L. W. Field of Fourth street.

Mr. and Mrs. Harold E. Davis and little daughter, Margaret, of Almond, N. Y., are visiting Mrs. Davis' parents, Mr. and Mrs. S. L. W. Field.

S. L. W. Field was in Freehold, N. J., last week on Pennsylvania Railroad business.

Mr. and Mrs. Stuart Benson Clark were guests of honor at a gay party at the Mack and Wile Monday evening given by Mr. and Mrs. Clayton McMichael, 2nd, of Pine street, Philadelphia.

Mr. and Mrs. John Frohner spent Saturday, Sunday and Monday in Torrington, Connecticut.

The friends of Charles W. McCord will be glad to learn that he is rapidly recovering from the recent attack of pneumonia.

Jack Morris was home from Yale for the Easter vacation.

Mr. and Mrs. John Stroblin, of 423 Linden avenue, are receiving congratulations on the birth of twins, a boy and a girl, Monday, April 9th.

## PALMYRA NOTES

Dr. Lamb's Japanese Pagoda on Delaware avenue is being decorated with a new coat of paint.

A resident of Delaware avenue wants to know what has become of the plans to widen the street and provide a better entrance. He also wants to know why the Borough spends so much money on West Boulevard when Delaware avenue, the natural approach to the high school, was so much in need of improvement.

Tony D'Amato, the tenorist artist, is the proud father of a new baby girl, Gloria, born on Saturday March 31. Tony now has four daughters, all named after celebrities of the silver screen. They are Mary (Pickford), Pearl (White), Shirley (Mason) and the latest arrival Gloria (Swanson). Tony has visions of being a big moving picture producer some day and is starting early to develop his stars. Just where he expects to get the male characters to play opposite his charming daughters has not been given much thought to date.

Dan Bradley suffered a painful injury to his eye when the Palmyra firemen answered a call to extinguish an automobile fire at Broad and Maple avenue at 12:30 Monday morning. The fireman answered the call with the Packard truck and while playing the chemical on the fire it was accidentally sprayed in Bradley's eye. He was taken immediately to Dr. Le Favre's office for treatment. At last reports the injured eye was getting along nicely but still very painful. The car, a Studebaker touring, was the property of Daniel Oliver, of East Riverton.

A fire broke out in the garage of Mrs. Emily Lutz, near Society Hill, Saturday morning. The fire was caused by a defective fuse in the Packard truck and put out by the fire before much damage was done. No alarm was sounded.

Kurkian Brothers, the tailors, are making their deliveries from a new Chevrolet delivery car. The car is painted an attractive shade of blue and is lettered with the firm name and business in gold leaf. This is the latest type of car made by the Chevrolet Company.

Mr. and Mrs. Joseph Stack and Mr. and Mrs. Clayton Weikman spent the weekend with Oliver Wright, of Wildwood.

William Reigle visited his mother at Cape May Court House during the Easter holidays.

The fire alarm Monday night was not caused by a fire but was instead the first call for the firemen's annual Oyster Supper to be held in the fire house Thursday, April 13. When the alarm sounded the firemen hopped on the trucks and drove them to Broad and Washington avenues where they put on an extensive canvass to sell tickets for their supper. They called at all the houses in that part of the town from Lincoln to Cinnaminson avenues south of Broad street. Other sections of the town will be canvassed later. Be ready when the boys call—they are always ready when you call.

Mr. and Mrs. George J. Seel, Jr., and children, of Maplewood, and Clifford Seel, of East Orange, visited their parents, Mr. and Mrs. George J. Seel from Friday until Sunday.

Mrs. Lewis Wallace is spending several weeks with her daughter, Mrs. James B. Ryan, at Newport, R. I.

Mrs. John C. Hoepfner, Mrs. F. L. Ryan and Mrs. M. Monahan expect to attend the National convention of the Needlework Guild of America to be held at Kansas City, Mo., May 2, 3 and 4.

The many friends of Mrs. James B. Ryan, of Westfield, N. J., will be glad to learn that she is improving nicely after her recent severe illness. Mrs. Ryan is a former resident of Palmyra.

Miss Elsie Daugherty, of Broadwater, Va., is visiting her sister, Mrs. Wesley Huxet.

Mrs. C. C. Green, of Mt. Pleasant, is spending the week with her son and wife, Mr. and Mrs. Stanley Green.

Mrs. Florence Brooks returned Friday from a motor trip through Virginia.

Mr. and Mrs. Edwin F. Seel and Herman Seel, of West Philadelphia, spent the weekend with Mr. and Mrs. George J. Seel.

The Palmyra Needle Work Guild will hold its regular meeting at the Central Baptist Church on Tuesday April 17, at 10:30 a. m. Luncheon will be served at 12:30 and this will be the last meeting before the delegates to the annual convention at Kansas City, Missouri. They hope to have a large attendance.

Keep Friday evening, April 27, open and attend another one of those grand old card parties which the American Legion Auxiliary is giving. Refreshments will be served. Tickets only 50 cents. Mrs. Joseph W. Graham, chairman, 402 Horace avenue.

Mrs. John E. Etric entertained the Kline Daughters Bible Class at her home Tuesday evening.

## EPWORTH METHODIST EPISCOPAL CHURCH

J. William Lee, Minister

The Church School had 455 in attendance on Easter Sunday. The beautiful program revealed the rich talent of the scholars. The key note of the faculty is, "Development of the Scholars." We bid you welcome to our school. The session begins 10 a. m.

Morning Worship at 11:15. Ministry of Music. "Melodize," Matthews. "Intermezzo," Mascagni. Anthem, "Untold Ye Portals."

"Angels Serenade," Braga. Bass Solo, Elwood Johnson. Anthem, "Send Out Thy Light." Inspirational Song Service. Sermon, "The First Man, The Worst Man, The Best Man."

Thursday night the Choir will direct a Wear-Well Aluminum demonstration. Bright talks, good eats, good time, no charge.

Friday at 4 p. m. the Junior League will continue the Journey "Through the Bible in Pictures." A pleasing program.

Monday, April 16, 7 p. m. Sunday School Board will have dinner together. The Rev. R. J. Beasley, County Superintendent, will bring a helpful message.

## Calvary Presbyterian

C. T. Bates, Minister

Calvary Presbyterian Church will hold its morning service of worship next Sunday at 11 o'clock; evening service at 8 o'clock. The pastor will preach at both services.

All departments of the Church School will meet at 10 o'clock. The Men's Bible Class meets in the Social Hall of the Church.

The officers of the Christian Endeavor Society invite all the young people of the congregation to meet with them at seven o'clock in the Church School auditorium.

All the men of the Church and community are invited to attend the meeting of the Men's Brotherhood on Monday evening, April 16th, in the Social Hall at 8 o'clock. The Rev. Arlen J. Myskowski, of East Orange, will be the speaker.

The midweek service of worship will be held Wednesday, April 18th, at 8 o'clock.

On Thursday, April 19th, an all day Presbyterial Missionary meeting will be held in this Church.

## BAPTIST CHURCH

Rev. George Lockett, Pastor

Refresh yourself tonight (Thursday) by spending the evening in the "Boost-a-ink shop" with the Samaritan Class at the church. Many surprises are in store for the audience, not the least of which are "boost-a-ink," "hot dogs," "kisses" who sang, "wishes" and many musical delicacies. Never anything like it before. You'll be surprised.

Easter was indeed a day of victory in the church and Bible School. As we near Spring rainy days, let's make it permanent. The 3:30 a. m. sacred pageant made an especially favorable and deep impression on those who arrived at that beautiful morning hour. It struck the keynote of hope and victory over death that expressed itself in all the following services of the day.

The coming Sunday morning Pastor Lockett will preach on "The One Who Was Absent." This is a new Easter service, which should be interesting and helpful.

In the evening the pastor's topic will be one of universal appeal—"How to Live the Successful Life." Last Sunday's Bible School attendance reached the almost capacity figure of 333. This is another goal to be maintained. There will always be a place for you at 10 a. m.

Meetings of the Junior BYJU, Happy Hour group and Senior BYJU will be held on Friday as usual.

Last Friday Pastor Lockett spoke at the noonday meeting in the Keystone Watch Case plant at River-side.

The Samaritan class held a usual enthusiastic monthly meeting on Tuesday evening in the church. William McConnell gave the boys an interesting talk on "Fellowship."

The next important social event on the church calendar will be the Furman Supper on Saturday, April 21, under the auspices of the Primary Department. A glance at the menu would assure your being there. The proceeds will start a fund for a beautiful children's memorial window to be placed in the new church. Tickets to any teacher in the Primary Department.

**RICHARD TAYLOR ORLEMAN**  
Richard Taylor Orleman, infant son of Mr. and Mrs. Henry P. Orleman, Jr., of Elm Terrace, died suddenly after a short illness, at the Children's Hospital, Philadelphia, last Saturday morning. Services were held from the Oliver H. Bair Funeral Home with interment in Mount Peace Cemetery, Monday afternoon.

Anti-Hoover forces speak disparagingly of the secretary of commerce because he is supposed to lack political skill. Is that a liability or an asset?—South Bend (Ind.) Tribune.

Mrs. George A. Wontor entertained at cards at her home on Cleveland avenue Wednesday afternoon.

Mrs. Frank A. Kates and Mrs. Walter Carter will be hostesses at a card party to be given at the home of Mrs. Kates, 415 Garfield avenue, this afternoon at 3 o'clock. Members of the Eastern Star are cordially invited and their friends.

Miss Lillian Graham, who is a nurse at the Mercordia Hospital, Philadelphia, visited her parents, Mr. and Mrs. John M. Graham of Locust avenue on Easter.

Mrs. Joseph W. Graham and son of Horace avenue, Mrs. William L. Plier and Mrs. Charles Rodman of Camden motored to Wildwood Sunday.

Mr. and Mrs. A. J. Brooks announce the marriage of their daughter, Miss Beatrice, to B. Herbert Turkington, of Paterson, at the Methodist Church, Stanley Forge, Saturday, April 7, 1928.

Mrs. Wesley Huxet and children have returned home after spending several days with her sister at Chincoteague, Va.

## EPISCOPAL

Christ Church, Parry Avenue

The Rev. George Boate, of Philadelphia, will have charge of the Parish while the Rev. George J. McCormack is recovering from his illness.

Services next Sunday: 7:30 a. m. Holy Communion. 10:30 a. m. Holy Communion and Sermon. 8:00 p. m. Evening Prayer and Sermon.

At 8 p. m. Church School. The annual parish election held Monday evening resulted as follows: Wardens—Edward W. G. Borer, John S. King, Jr.

Vestrymen—Benjamin B. Torbett, Charles E. Mervin, Harold B. Lever, Harold West, William B. Colsey.

Delegates to the Diocesan Convention, Edward W. G. Borer, Charles W. Davison, John S. King, Jr.

Alternates—Harold B. Lever, Harold West, Benjamin B. Torbett.

## SENIORS RETURN

Palmyra High Class Made Early Trip to Washington

Palmyra High School's Senior Class the first in the riverfront towns to make its annual trip to Washington, returned Thursday evening after a three-day sojourn in the capital city.

The Class, 65 strong was accompanied by three teachers, Miss Florence Fromm, Miss Elizabeth McDevitt and Carl Huxlock. This class holds the record in the high school as the first in the history of the institution to make the annual Washington trip in April.

**PROPOSALS**  
Notice is hereby given that sealed bids will be received by the Board of Chosen Freeholders of the County of Burlington in the Freeholder's Room, Administration Building, Mount Holly, N. J., on Friday, April 13th, until 11 a. m. for the reconstruction of Bridge No. 24.52 over the North Branch of the Rancocas Creek at Birmingham.

Plans and specifications may be obtained from H. B. Smith, County Engineer, Mount Holly, N. J., without deposit or cost, during business hours.

The right is reserved to reject any or all bids.  
By order of the Board of Chosen Freeholders.  
ALFONZA ADAMS, Clerk.

## "On the 18th of April in '75"

Others Besides Paul Revere Did Some Riding That Famous Night

Each year on the night of April 18 Boston celebrates. Lanterns are hung in the steeples of the Old North Church, just as on that memorable April night in 1775 when Paul Revere rode away into the darkness to warn the militia and the minutemen that the British were about to march upon them. That was the eve of the day on which a shot was fired that was "heard round the world."

Though that memorable ride was undertaken 148 years ago, thanks to Longfellow's immortal poem, "Paul Revere's Ride," virtually every schoolchild in the land knows the story well, of how Revere, before he left Boston on his mission, hunted out his old and trusted friend the sexton of North Church, and told him that the British were to move upon Lexington and Concord to secure the supplies stored in these places. What Revere did not know was whether the sexton planned to leave Boston by land or sea, and that information he must have before he started on his mission.

What the poet did not weave in to his story was the fact that Revere was the second messenger sent out that night by the vigilant Joseph Warren to spread the warning "through every Middlesex village and farm"; nor did he tell that Revere never reached his destination of Concord and that a third man delivered the message there. Both messengers sent from Boston, however, reached Lexington in time to warn John Hancock and Samuel Adams, who were sleeping that night at the home of the Rev. Jonas Clarke.

The first messenger sent out that night was William Dawes, Jr. On the back of his horse he swam the Charles River, and was well on his way before Revere reached the farther shore of the Charles, where he had been rowed by boat, and to be mounted when a flash of the signals gave him knowledge of the plans of the enemy.

It was Dr. Samuel Prescott who carried the news into Concord. Prescott was returning shortly after midnight from a call upon his sweetheart, a Miss Millicent, of Lexington, when he overtook the two messengers just leaving the village. They told him their errand, and he volunteered to help. The three set out for Concord, where the largest part of the supplies of the Colonial Army was stored. When nearly halfway there they were surrounded by mounted British officers, spurring their horses, they tried to dash past, but were forced into a side pasture by the road. Prescott jumping his horse over a low stone wall, escaped, and got safely to Concord, where he gave the alarm. Dawes was chased for some distance, but made his escape, and reached Concord shortly after Prescott. Revere was captured, but allowed to return to Boston the following day, and that was the day the first battle of the Revolution was fought.

It is the anniversary of this night that Boston has celebrated each year for nearly a hundred years. It is always considerably more of a celebration of Longfellow's poem than it is an historical event. It is known as "Paul Revere Night." In this celebration William Dawes and Samuel Prescott are forgotten.

In Beard and Bagley's "History of the American People," used at this time perhaps more extensively than any other grade-school his-

tory of that period, the authors tell the interesting story of the night of April 18 in much the same language that Longfellow has told it and have even quoted him. But not a word about the fact that history about the other two men who helped to spread the alarm that night, nor a word about Sexton Robert Newman, nor of Captain Pulling and Barnard, who secured the information which should guide Doctor Newman in the choice of his signal lights.

Captain Tom Barnard and Captain John Pulling crept stealthily through the streets of Boston, listening wherever a group of redcoats gathered and conversed in low tones, eluding the eyes of the Vigilance Committee cleverly, yet learning its secrets, and when they turned toward the church, again they knew the sexton would have two lanterns in the belfry arch.

Sexton Newman was virtually a prisoner in his own house, and he was intrusted to hang the signal lights. He was a modest domestic but British officers were his unwelcome guests, and he was under suspicion, watched as a cat would watch a mouse, never free for a waking moment from their surveillance. That night he felted illness and went early to bed. And so while Paul Revere stamped impatiently beside his restive horse on the Charleston shore, Newman turned and tossed in his bed. The house grew still and his great sleep. Then he rose, dressed and climbed out of a rear chamber window, down a sloping roof to the ground, where Captain Pulling awaited him with instructions to hang two lanterns and Captain Barnard kept watch to give the alarm if danger approached.

Newman entered the church and Captain Pulling locked him in, and then the two captains crept away into the shadow of the night.

It was cold and dark, and a drizzling rain had started to fall. Newman, groping in the dark, found his lanterns. One who had climbed the steep, squeaky, winding stairs of that old church to where the signal lights were hung, possibly can realize that Newman that night was fully as heroic a figure as was that other figure, waiting impatiently on the opposite shore to mount his horse and be away.

Newman hung his lanterns and got back into his home. Some one was moving about; his guests were restless. Quickly he undressed, hung his wet clothing in a heap on the floor and got into bed. A quick-witted wife grabbed the wet clothes and hid them in a closet, substituting dry ones just as the British officers, growing suspicious of sounds in the house and discovering lights in the church tower, broke into his room and took him prisoner. Thanks to the wife's thoughtfulness, he was quickly given his release. They had no way to prove that he had left the house that evening, as his clothes were dry and the night was rainy. When Longfellow wrote of Paul Revere,

"It was two by the village clock  
When he came to the bridge in  
Concord town,"

he was incorrect, for Revere did not reach Concord. It was Prescott who, knowing most thoroughly the country thereabout, took to the low lands and reached Concord and gave the alarm. He was joined there shortly afterward by Dawes, who had evaded the redcoats.

One time, shortly after Longfellow had written "Paul Revere's Ride," he was taken to task. It is said, by one of Dawes' direct descendants for giving all the praise to Revere and mentioning neither Dawes nor Newman nor Prescott. Longfellow replied, it is said, that the name Revere was a poetic one and that it would do no one any harm because the poem would soon be forgotten. But histories have been founded on that poem.

## County YW Begins Its Annual Drive

Campaign for Funds Inaugurated with Luncheon in Mount Holly

Work for the annual YWCA drive began April 11th with the luncheon at the YWCA Dining Room in Mt. Holly. Mrs. Walter Reeder of Columbus, presided at the luncheon. Talks on the work of the YWCA were given by the county president, Mrs. John W. Davis; Mrs. Henry Albertson, Susan Brick, and Sallie Sumner. The main speaker for the luncheon was Franklin Chambers of New Lisbon. Mr. Chambers gave an interesting and most enthusiastic talk on ways and means of raising money.

The following women are serving as chairmen for the drive: Mrs. Marion Woolston, Beverly; Mrs. William Smith, Bridgeboro; Mrs. M. W. Newcomb, Brown's Mills; Mrs. George Rigg, Burlington; Mrs. Helen Storace, Chesterfield; Mrs. Walter Reeder, Columbus; Mrs. James Stuart, Cooperstown; Mrs. Charles Brick, Crosswicks; Mrs. J. L. Edwards, Delanco; Miss Edna Penn, Florence; Mrs. Florence Ritter, Hainesport; Miss Emily Conley, Hartford; Mrs. R. J. Beezley, Jobstown; Mrs. Caroline Wager, Lenola; Mrs. John Russell, Lumberton; Mrs. Thomas J. S. Barlow, Maple Shade; Mrs. Benjamin Roberts, Marlton; Mrs. Alfred Evans, Mrs. Harold Wheeler, Masonville; Mrs. C. Harry Evans, Medford; Mrs. Edwin Russell, Moorestown; Mrs. John Lova Mount Holly; Mrs. E. P. Darlington New Lisbon; Mrs. Charles Beckwith Pemberton; Mrs. Joseph Barkley Rancocas; Mrs. Harry Atkinson Riverside; Mrs. Edward Merrill, Riverton; Mrs. Marion Harris, Stevens; Mrs. William Ross, Vincentown.

The radiant dawn of early Easter morning and the beautiful setting

## "I" DRIVE AND WHY?

A few reasons why the Young Women's Christian Association in Burlington County needs your interest, cooperation, and support:

Because—its purpose is the development of well-rounded Christian womanhood.

Because—its program is made to fit the needs and interests of girls and women today.

Because—its scope knows no barrier of race, creed, or class.

Because—its keynote is progress—it helps women and girls face the problems of today.

Because—The girls of today in Burlington County will be the business women, wives, and mothers of tomorrow. Their future is in your keeping. Yours is the responsibility and the privilege.

April 16-21, the date of the annual drive of the Burlington County YWCA, you will have the opportunity to share in this work.

of the out-of-door stage at the Friends' Meeting House grounds at Moorestown created an atmosphere of reverent worship for the Easter pageant presented by the YWCA at sunrise on Easter Sunday. Mrs. Margaret Thomas who impersonated the church in the pageant, "The Chalice and the Cup," interpreted her part not only with great poise and dignity, but also with happiness of spirit. The Church with her message of Christ's death and resurrection gives inspiration and responsibility to Association Spirit who in turn passes it on to the girls of many lands. Emilie Lippincott took the part of the Association Spirit.

The Rev. J. S. Davenport spoke before the pageant, explaining the significance of the resurrection.

## How Electricity Helps the Hostess

EVEN those of us with the most humble social aspirations like to have a "few people in" occasionally, and at such times Electricity can do much toward simplifying the matter for the hostess.

## How Electricity Brews the Coffee

YOUR thoughts need not be in the kitchen when an electric percolator stands on the coffee table, ready to make delicious wholesome coffee, as soon as you "plug in." Public Service stores are showing a Hotpoint Percolator, pot type, with round tray, sugar bowl and cream pitcher, for the modest sum of \$13.75, and the set may be bought on the divided payment plan for the same price on terms of \$1 down and \$1 a month.

## How Electricity Makes Waffles

A FITTING complement to coffee is waffles and delicious ones may be made easily, and quickly, without smoke or odor, right where you wish to serve them. Electric waffle irons, on sale at Public Service Stores, range in price from \$10.95 to \$15.50.

## How Electricity Adds to Attractiveness of Your Home

ELECTRICITY used in floor and table lamps that are pleasing in line and color, offer the hostess great possibilities in decoration. A softly shaded lamp sheds beauty wherever it is placed.

The new Spring designs for lamps include potteries in unusual shapes and shadings, with parchment shades that bear designs sketched by a modernistic brush.

## How Electricity Working Through Hoover Cleaner Puts Your Home in Order

THE Hoover electric cleaner will quickly remove all dirt from your rugs. Working on the Positive Agitation principle, it will lift the rug from the floor, beat it with a rapid tattoo of gentle taps and loosen all the ground-in dirt. The strong suction draws all dirt, lint and surface dust into the dustproof bag. Dusting can be quickly accomplished with Hoover dusting tools.

Public Service stores offer an allowance for your old electric cleaner on the price of a New Hoover. The New Hoover (two models to choose from) may be purchased on the divided payment plan on terms of \$5 down and \$5 a month.

**P. S. OPERATORS MUST COOPERATE**

Drivers Are Instructed to Work With One Another in Effort to Avoid Accidents

Operators must co-operate with one another to the fullest extent in all efforts to avoid accidents. Vice-President Matthew R. Boylan emphasizes in an executive bulletin to all bus and trolley car operators of Public Service Coordinated Transport.

An operator who discovers a defect in his bus or trolley car equipment must notify his carhouse or garage at once. "He may be able to finish his run with the car or bus without anything happening, and he may think it is all right to turn it over to his relief and let him take a chance. But it isn't," Mr. Boylan says. "That defect might cause an accident. Don't take any chances for yourself, for your fellow operators, or for the company. Be sure to report defects on your daily report sheet so that the shop can have full information on the condition of the equipment."

"Let's make cooperation something more than a word with the Coordinated Transport organization; let's make it a fact," Mr. Boylan concludes.

**Riverton**—Lot on the northeast side of Thomas avenue, Carolyn K. Booth to Jerome L. Zink et al., \$1.00.

## DAMP FLOORS BAD FOR THE POULTRY

Damp floors in poultry houses are inadvisable, in the opinion of E. R. Gross, agricultural engineer at the New Jersey Agricultural Experiment Station. Poultrymen who tolerate them are inviting heavy losses in their flocks and a general reduction in the efficiency of the birds that survive.

A dry wooden floor may be made of two layers of boards with building paper between, the top layer to be a good grade of matched flooring, so that it may be kept clean. Many poultrymen and it desirable to keep the floor 12 to 18 inches above the ground and to leave the south foundation wall open for air circulation. The other side should be closed tight to keep out cold winds.

For a dry concrete floor, either of two methods may be used. The first is as follows: Build the foundation walls; level the ground inside, do not remove any soil; fill in with 3 to 4 inches of coarse sand, gravel or cinders; and place 3 1/2 to 4 inches of concrete floor on top. In this construction, be sure the foundations are high enough for the fill of cinders and the floor. This raised floor with insulating fill will be dry.

The other method is to lay a two-course concrete floor with a layer of roofing paper between.

Sometimes the floor itself is not the cause of dampness. The remedy must be sought in a study of the care of the house, ventilation, litter, or sunlight admitted.

## SPECIALIST GIVES CHICK PRECAUTIONS

What success New Jerseymen have with raising chicks will depend largely upon the attention they give to maintaining cleanliness, plenty of room, and proper feeding equipment. In other words, these are the cardinal factors in successful brooding of chicks, says J. C. Taylor, assistant poultry extension specialist, New Jersey State College of Agriculture, Rutgers University.

Keep the house clean at all times. After the fourth week, the brooder house should be cleaned every five days. Remove the litter, sweep the floor, and put in clean litter. Chick boxes, feed bags, pans, coal, and other equipment should not be in the brooder house.

Crowding is common to many poultry farms. It is safe to say that 90 per cent of the poultrymen crowd their chicks. Allow two chicks to one square foot of floor space until they are four to six weeks old. After this allow one chick for each square foot of floor space. Where chicks are raised in confinement allow one chick to each two square feet of floor space after the brood is six weeks old. Following these rules eliminates crowding and thus gives all chicks a chance to grow.

Adequate feeding equipment is essential. More chicks die of starvation than from a number of other causes. One inch of hopper space is recommended for each small chick. A hopper 3 feet long feed-

ing from both sides will accommodate 75 chicks. Keep feed in the hoppers. Water fountains for the chicks, followed by the gallon size when the chicks are older. The important point to keep in mind is to have enough fountains so there will always be water for the chicks to drink.

## "MUCH COMPLAISANCE UNWISE" BEE EXPERT

Most New Jersey beekeepers harvested a crop of honey last year. This fortunate circumstance has, says Ray Hutton, bee specialist of the New Jersey Agricultural Experiment Station, in some quarters re-

sulted in a feeling of well being which is not the proper frame of mind in beekeeping.

Many colonies, because of the late honey flow, explains Mr. Hutton, went into the winter with a large number of old bees, and this, together with the comparatively open winter, resulted in a large consumption of stores. Some colonies at present are rearing brood rapidly, a condition which results in a speedy depletion of any stores present. A majority of beekeepers have, perhaps, looked over their colonies before this time to assure an adequate food supply for their changes. At least ten pounds of honey should be present in hives at all times during this time of year. Where less than this amount is

present, some feeding should be done.

The best food for bees is honey, but unless this is produced in one's own apiary it is, for several reasons, a doubtful practice to feed it.

The best way of feeding bees at this time of year, from every standpoint, is to use sugar syrup made from equal parts of sugar and water and given to the bees with a feeder. A friction top pail with some holes punched into the top makes an excellent feeder and can be given to the bees directly over the frames with an empty hive body set around it. Some beekeepers have made provision for spring feeding and do not use the empty hive body.

## N. J. STATION WILL HAVE GRAIN TESTS

Three years of experimentation with improved varieties of oats and barley by the New Jersey State Agricultural Experiment Station have revealed that farmers of the state may increase their returns on these crops very greatly. In the tests, says the station, midseason oat varieties of the type now commonly grown by farmers yielded but 36.7 bushels of grain per acre while an improved variety named Kanola averaged 55.9 bushels, an increase of 55 per cent.

The new variety is about one week earlier than midseason varieties, has a much shorter straw. It was developed at the Kansas Agricultural Experiment Station and is very popular in Kansas and surrounding states.

The experiment station found barley more profitable than oats in the tests. A variety named Albia produced more grain than any other variety tested. The average yield was 2,158 pounds of grain per acre, which is 336 pounds more than the variety of oats. Since barley is more responsive than oats to improved soil conditions, it is believed that farmers will do well to try this grain in place of part of the oats regularly planted. Numerous feeding tests have shown that barley is a waste factor feed for all classes of livestock.

## CRISP NEWS TO CIGAR SMOKERS, 5c

One nickel. It won't break you, and it won't make you. But it will bring you some real news about cigars—and Havana Ribbons in particular. Not that this thirty-year-old cigar hasn't always been clearly at the head of five-cent cigars. But Havana Ribbons today carries a story of quality and money value never before attained in the history of five-cent cigars. It's a new tobacco. Ripe tobacco (the full-flavored middle leaves of the plant) gives a cigar a true, mellow-mild flavor you can't mistake. Long filler keeps the tobacco in the cigar and out of your mouth (no short, loose ends). Not another cigar made that combines these two great features with such completeness for the money! Popularly known as the Ribbons being smoked. Immense production has brought manufacturing costs down and quality up. Try Havana Ribbons and get the startling significance of these facts direct. A nickel in all that stands between you and a pleasant surprise.

Also sold in Practical Pocket Packages of five cigars.

## LARGE SCALE JERSEY CITY MAP IS ON SALE

The recently completed Hudson River Vehicular Tunnel is one of the many important features shown on the Jersey City Sheet, of what is known as "the large scale series" of the New Jersey Topographical Maps, which has just been received from the engraver and copies of which are now on sale by the New Jersey Department of Conservation and Development. This map has been drawn on a scale of 2,000 feet to the inch and covers an area of about 90 square miles showing Jersey City and vicinity with conditions revised to 1927. Copies may be obtained for 50 cents each, which covers the cost of printing and mailing. Remittances should be made to the New Jersey Department of Conservation and Development, State Office Building, Trenton.

## Gas Fireplace Heater for Changeable Weather

The instant heat provided by the gas radiant heater makes it a suitable and economical means of heating during changeable spring weather.

The gas can be lighted or turned off in an instant, and it burns without odor. There is no work involved in its use.

Gas fireplace heaters are on sale at Public Service stores from \$14.40 upward.

## Hot Breads and Cold

By Ada Bessie Swann

Tune in Public Service Radio Cooking School, Station WJAM, Tuesday and Friday mornings at 11, and hear the cookery news.

Here is a favorite recipe for Parker House rolls.

1 cup Fleischmann's Yeast  
1 pt. milk, scalded and cooled  
1 tbsp. melted shortening  
1/2 cup sifted flour  
1 egg, well

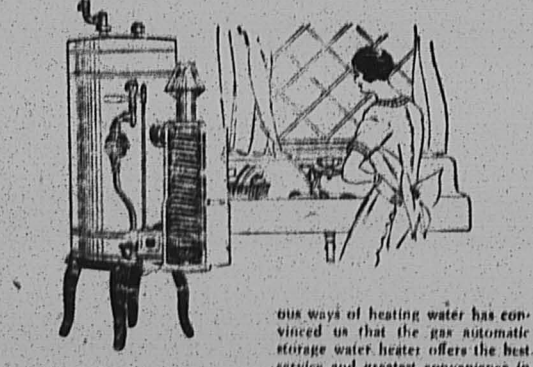

Dissolve yeast and sugar in luke-warm milk, add shortening and one and one-half pints of flour. Beat until smooth. Cover and let rise in a warm place until light.

Then add remainder of flour and salt. Knead well. Place in a greased bowl. Cover and let rise in a warm place until double in bulk.

Roll out one-fourth inch thick. Brush over lightly with melted butter, cut with two inch biscuit cutter, arrange through center heavily with dull edge of knife, and fold over in pocket book shape.

Place in well-greased shallow pans one inch apart. Cover and let rise until light. Bake ten minutes in hot oven, 400°.

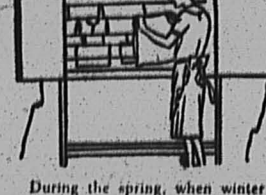

## Hot Water Is Important Factor In Preparing Your Home for Summer

WITH windows to be washed, floors to be scrubbed, and blankets, draperies and other winter accessories ready for the washing machine, hot water is the home maker's most helpful ally during the early spring.

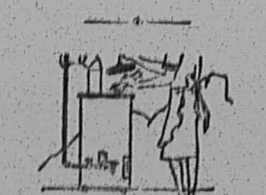

An adequate hot water supply makes housecleaning so quick! Thorough investigation in the vari-

## Gas Dryer Reduces Washday Hours

During the spring, when winter curtains and draperies are coming down and the lighter hangings of summer are taking their places, bumper washings are the order of the day in the laundry. The gas clothes dryer will dry materials quickly and reduce the work and time required for all washings.

The dryer is well ventilated and materials dry rapidly in freshly heated air. The dryer sells for \$139 cash, on terms \$142.50 or \$7 down, 18 months to pay.

Automatic devices light the gas and turn it off as the temperature of the water falls and rises.

Public Service offers attractive payment terms on automatic storage water heaters—\$7 down with 12 to 18 months to pay.

This type of water heater may be had from \$70.75 cash upward.

## Gas Ranges Veer Toward the Modernistic and Make the Kitchen Colorful

COLOR is the keynote in the kitchen furnishings of 1928. The walls are tinted, the floors proclaim themselves in color as do the kitchen cabinets, while pots and pans are enamelled in hues as brilliant as the flaming.

Only the Estate gas range has the Fresh-Air Oven. No matter where the baking is placed in the oven, it will come out evenly browned and uniformly baked. The ThermEstate Oven Heat Control is a reliable device that appears on many Estate gas range ovens, and permits the home-maker to bake on the time and temperature basis.

These ranges are enamelled inside and out, and all bolts and hinges are concealed.

Prices on these ranges include the automatic top burner lighter and connection to gas fuel outlet in the kitchen by experienced gas fitters.

Estate color gas ranges from \$114 up cash. Also sold on the easy payment plan at a slight increase over cash prices.

## Gas Incinerator Burns Trash Quickly

It is during special "clean up" periods that the home-maker finds the gas incinerator of particular value. It disposes of all rubbish that may have accumulated through the winter, quickly and in a sanitary manner.

The gas incinerator burns garbage and rubbish without smoke or odor. In the 2 1/2 bushel size \$179 cash, on terms \$183.75 or \$7 down, 18 months to pay.

Public Service Electric and Gas Company I am interested in the gas appliances I have checked here. Please give me more information.

## Magnuson Speaks at Palmyra C. of C.

Camden Realtor Tells How Town May Promote Its Own Prosperity

At the regular meeting of the Palmyra Chamber of Commerce in the Legion Home Tuesday night, Ralph S. Magnuson, a Camden Realtor, made a short and snappy talk in behalf of the Community Movement which has recently been organized to foster athletic endeavor in the town. Mr. Magnuson pointed out the great advantages to be gained through proper representation in the field of competitive sport in Burlington County and sketched briefly the problems to be met in order for Palmyra to put a representative baseball team on the field.

Of course the first thing to be considered is the financial support of the movement and Mr. Magnuson asked the Chamber to contribute, which they most gladly did. The motion passed called for a contribution of \$25.00 to be made at once.

Oscar W. Magnuson, a Camden Realtor, was the speaker of the evening. He told the Chamber that which the Chamber received Mr. Magnuson's request for support of this project. Mr. Magnuson, who spoke on "The Industrial Possibilities of South Jersey," said one of the greatest considerations of firms looking for location was the living conditions and the provision for recreation made by the different towns.

The speaker also stressed the possibilities for community advertising offered by sports when properly conducted and said that the benefit to be derived from this source would more than offset the cost.

**The Case of Grand Rapids**  
The speaker mentioned the modern tendency of business to try to benefit the people with whom they do business.

He advised the Chamber to consider carefully the type of business which would be suited to the town and pointed out that any industry which would start and then be unable to continue would do more harm than good. He told of the case of Grand Rapids which, in 1912 secured several industries. None of these lasted more than a few years. The Chamber of Commerce of that city appointed a committee to look into this situation and report on the cause. The committee found that the insurance rate was so high that the type of industry which was located there was paying out its profits for protection. This matter was given attention and several other drawbacks were overcome and the Grand Rapids Industries began to flourish.

Diversification of industries was another point covered by the speaker. He pointed out how a community with one or two factories would be severely crippled if one or both of them should close up. The nearby town of Riverton is an illustration of this.

**Avoiding Congestion**  
Mr. Magnuson read statistics to show how industries were beginning to move out of congested districts and mentioned the fact that this locality was well situated to give them the things they desired, namely, good living conditions for the employees, lower priced locations and good transportation facilities.

He urged the Chamber to follow the lead of similar organizations elsewhere and be ready to supply any information desired in answer to inquiries which it may receive. His thought was that the members should go over the situation carefully and find out just what they have to sell, then offer to prospective industries and then go out and "sell" the idea.

An invitation was read from the Camden Chamber of Commerce, inviting the members to attend its luncheon at the Wat. Whitman next Tuesday noon. Mayor Mackey of Philadelphia, will be the speaker. Several signified their intention of attending.

The following were elected to membership: Harold B. Lever, Combs and Bush, Hol Romm and Joseph L. Stack.

### Home

Home should be a place with love radiating round the hearth. Where we'll find the loving smile. More than luxury, it's worth. Where fond hearts, responsive beat. To each other's joys of life: Losing, in sweet peacefulness, Weariness and petty strife.

Here the heart in tenderness, Finds a happiness, divine. While the Heavenly Father seems, All life's blessings, to combine. In the little home where love Rules and blesses every one: And by all, life's sweet content, Will most certainly be won.

Hearts retain their joyfulness, For sweet love rejuvenates, While the soul rejoices in All the blessings of the fates, Which lead hearts to find their own: Bringing all the love desired, That has, in the soul of men, Their best actions, ever inspired.

## HINTS FOR THE HOME

By Nancy Hart

Two serving secrets that are time-savers for the home-maker may be summed up in these few words:

Prepare foods beforehand whenever possible, so all the fussy work is done during the "cleaning-up" part of the day. Then when ready to serve, one need only lift the dishes out of the oven or refrigerator and place them on the table.

Escallop and casserole recipes, meat loaf, custards and tapioca desserts tend themselves well to this scheme.

Another short-cut is offered by the compartment plate. Meat, potatoes, a green vegetable and a salad can be artistically arranged on the plate. Then when dessert is in order there is but one dish to remove from each place. This adds tremendously to the efficiency of a meal, and makes easy, pleasant service for all concerned.

**Ham and Chicken en Casserole**  
In a well-buttered casserole put sliced chicken and ham. Mix with cream sauce, cover with grated cheese and crumbs and brown.

**For cream sauce use:** 2 level tablespoons of butter or margarine same of flour, 1 cup of milk, salt and pepper. Blend as usual.

**Does Your Oven Scorch Cakes?**  
If bread, cakes and biscuits have a habit of scorching in your oven set a small pan of salt under the tins and note the improved baking.

**Milk Brightens Silver**  
The silver will be much brighter if you add a little milk to the water in which it is washed.

**When the Pan "Sticks"**  
Never scrape a scorched pan. Just sprinkle baking soda over the spots and set aside for a while. The food will soon loosen up and the pan may be easily cleaned.

**For Sparkling Windows**  
A few drops of vinegar added to the water when washing windows gives a fine brilliancy to the glass.

**Pictures Invade the Kitchen!**  
Since kitchen and cooking equipment have become so colorful, pictures have come into the kitchen too. Cheery scenes they are—sunny road winding over country hills; a glimpse of an old-fashioned garden; a holiday at the beach perhaps. They help—wonderfully—during working hours.

## MIDDLETON NOW STATE TREASURER

Moorestown Man Sworn in Office Last Week; H. G. Githens Deputy Treasurer

Albert C. Middleton, of Moorestown, formally took office as state treasurer at Trenton last week, succeeding William T. Read, of Camden.

Middleton reappointed Horace G. Githens, of Merchantville, as deputy state treasurer, at \$6,000 yearly. Githens' salary was increased from \$5,000 to \$6,000 this year in the legislative appropriation bill. He is a member of the Camden County Board of Freeholders, and in that capacity receives \$750 yearly.

It was announced that there will be no changes in the personnel of the state treasurer's department.

Middleton received flowers from two associates at the Victor Talking Machine Company, H. R. Hathaway and A. W. Atkinson. Flowers also came from William T. Read, former Senator Albert B. Woodruff, the South Jersey Port Commission and several Trenton banks.

### PALMYRA P. T. A.

The Palmyra Parent Teacher Association will meet next Tuesday evening in the High School Auditorium. Richard E. Wilson will be the speaker, with an address on "Americanization," featuring his experience with such work in Palmyra and elsewhere. A splendid musical program also will be presented.

When it comes to running for President, Secretary Hoover doubtless wishes it known that he is not a stationary engineer.—Terre Haute (Ind.) Star.

## Community House Pool Team Loses

Swimmers Defeated by Philadelphia Elk Tank Combination, 50 to 12

Thanks to the work of "Sonny" Wright, of Riverton, the Moorestown Community House swimming team had a full force of swimmers last Tuesday evening when it met the Philadelphia Elks combination in the Community House pool. Ed Roberts, Eddie Platt and Alec Conrad, all regular members of the team, were unable to participate so "Sonny" enlisted the services of George Reid, Hollingshead and Harris Ellis, a member of last year's team.

The senior team was defeated to the tune of 50 to 12, the Juniors not swimming. The relay team of Hollingshead, Cooper, Ellis and Miller was beaten by the first Elk quartet.

Harris Ellis took first place in the fancy diving event. Ellis showed very good style and saved the diving for Moorestown. Price was unable to dive, due to an accident to his knee, and Buddy Paulson took his place and performed very creditably, though not placing.

The Elks won the "100" in fast time. Redeker and Trainor were

the two men who won this event. The "200" was also won by the Elks, Hanky Roberts was the sole swimmer having the grit to swim this event. Though he did not place, he deserves much praise for entering and completing the distance.

In the "40" Rose Miller got a close second place, the time was very fast, the fastest that has been made in a meet this year. In the "40" breast, Bill Ritchie took third for Moorestown and in the "40" back Cooper also took third. Both are Juniors and therefore the company was too fast for them.

### LEES CANDIDATE

Palmyra Councilman Will Stand for Renomination at Spring Primary

J. Edwin Lees, of Washington avenue, Palmyra, will be a candidate for renomination for Borough Council on the Republican ticket at the Spring Primary, May 15.

Councilman Lees has had several years of service in Borough Council and has always worked hard for the benefit of the town.

During his term as head of the street department he was responsible for many improvements and spent much time investigating conditions in all parts of town with a view to keeping the streets in good condition with such small funds as have been available for that purpose.

**CHEVROLET**  
**USED CARS**  
"with an OK that counts"

Because we are delivering more new Chevrolets than at any other time in our history, we are offering a number of exceptional values in reconditioned used cars.

Our used cars carry an official O. K. tag which is reproduced on this page. Attached to a used car by a Chevrolet dealer it signifies that every vital part of the car has been inspected, properly reconditioned

Reasons why you should buy your used car from a Chevrolet dealer

- 1—Chevrolet dealers have been selected by the Chevrolet Motor Company on the basis of their financial responsibility and dependability.
- 2—Chevrolet dealers offer used cars on a plan originated and endorsed by the Chevrolet Motor Company.
- 3—Chevrolet dealers have the necessary tools and equipment to properly recondition used cars.
- 4—Chevrolet dealers desire the good will of used car buyers the same as they now enjoy from new car buyers.

A few of our exceptional Used Car values "with an OK that counts"

**HUDSON COACH, 1926**  
Its appearance and mechanical condition will satisfy the most critical buyer. New paint and rubber. An unusual buy at \$425.00. Must be seen to be appreciated. \$150.00 down and balance in twelve months. With An OK That Counts!

**CHEVROLET ROADSTER, '26**  
An exceptional value at \$265 cash. New paint, new top and upholstery. Rubber in good condition. Mechanically perfect. \$100 cash and terms. With An OK That Counts!

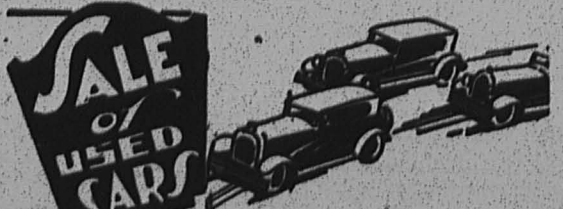

**OLDSMOBILE SEDAN**  
1926—\$475.00—\$175.00 Down Fully equipped, new rubber and mechanically perfect. Has appearance of new car. Must be seen to be appreciated. Balance in 12 monthly payments. With An OK That Counts!

**FORD TUDOR, 1926**  
\$250.00 cash. As clean as a new car, many extras. Balloon tires, new Duco finish. Thoroughly inspected and reconditioned. \$90.00 down and balance in one year. With An OK That Counts!

**STUTZ ROADSTER, 1924**  
A very clean car, new paint. Upholstery shows no wear. Good rubber and mechanically perfect. An exceptional offer at \$250.00 cash, or \$100 down and balance in 12 mos. With An OK That Counts!

**DODGE COUPE**  
1926—\$350.00—\$150.00 Down Original finish as good as new. Balloon tires and many extras. A dandy. Balance payable in twelve months. With An OK That Counts!

## County Baseball League Organizes

Palmyra and Riverside New Teams Admitted to Circuit; Season Opens May 5

The Burlington County Baseball League has completely organized. Six clubs that were presented in the league last season have retained their franchises. Burlington and Mount Holly are not to be represented and their franchises have been awarded to Palmyra and Riverside.

The league now consists of the following teams: R. D. Wood, of Florence; Bordentown, Delanco, Riverside, Palmyra, Moorestown, Medford and Vincentown. Each team will play 28 games during the season 14 in each half. The season will open on Saturday, May 5, and close on Labor Day.

The officers for the ensuing year are as follows: President, Lawrence Mingen, of Medford; vice-president, T. Percy Baker, of Florence; secretary, Albert W. Staley, of Mount Holly; assistant secretary, Harry Hammon, of Burlington; treasurer, Charles W. Stokes, of Moorestown.

Each team has deposited with the treasurer of the league half of its franchise fee, the balance to be

paid before April 27. Each team will be composed of home talent, with the exception of two outside players, who must be residents of the county, but not of any town represented in the league. One of the new features adopted in the rules will be a board of arbitration to settle all protests and disputes, this board to consist of the president of the league as chairman

and two non-county residents. Roy Thomas, of Philadelphia, former Phillie outfielder, and Frank H. Ryan, sports editor of the Camden Courier, have consented to act on this committee.

The next meeting of the league will be held at Florence on Friday, April 13, at which time the schedule committee will present the schedule for adoption.

# CHIEF WILL DECIDE WHAT FIRE CALLS TO ANSWER

Riverton Council Passes Resolution Placing Decision in Hands of Fire Chief

**DIRECT ASSESSMENTS FOR ROAD BUILDING**

The deadlock between the Riverton Borough Council and the Cinnaminson Township Committee over the amount to be paid by the township to the borough for fire protection was broken at the meeting of Council last Thursday night, when a resolution offered by Councilman Randall, chairman of the fire and water committee, was unanimously passed. The resolution provided that the Riverton Fire Department should not be required to answer fire calls from Cinnaminson Township except under direct orders from chief of the fire company.

This resolution was adopted after the following letter from the Township had been read:

To The Council of the Borough of Riverton

Mr. Daniel M. Clifton, Clerk, Riverton, N. J.

Gentlemen:

The Township Committee of the Township of Cinnaminson hereby acknowledges the receipt of your communication of March 16th returning the check of \$300.00 donated to the Riverton Fire Department for year 1928, which you did not accept because you did not consider it an adequate amount.

The Committee wishes it could have been larger, but desires to state that almost the limit of appropriation was made for outside of the municipality fire protection according to law, and inasmuch as we are also enjoying the good will and protection of two other fire companies, the Committee thought it just to divide the appropriation equally among the three companies.

We also note that the Riverton Fire Company will not be in a position to answer fire calls in the Township of Cinnaminson after April 30th unless "other arrangements are made."

We hope and trust that in cases of emergency we will be friendly and helpless, and we take this opportunity to sincerely thank the Borough of Riverton and the members of the Riverton Fire Department for their kindness, their sacrifice and their help in times past.

Very truly yours,

GEORGE C. FRANK, Township Clerk.

The borough clerk called the attention of Council to the fact that a law had been recently passed giving township committees the right to appropriate \$2,000 a year for fire protection from outside fire companies instead of \$1,000 as heretofore.

Walter Armstrong, chief of the Riverton Fire Department, reported that he had appealed to Cinnaminson Township authorities for adequate fire protection, and had been told to call the Bridgeboro fire department (nearly five miles away) in case of need, and that the Riverton Fire Company would take care of the other parts of the township. The Civic League, Mr. Armstrong said, proposed to form a fire company of its own, and that a meeting would be held in East Riverton Wednesday night to formulate plans.

**Work on Streets Started**

Councilman Lynch, chairman of the highway committee, reported work had been started on preparing the streets for the oil treatment which will be given as soon as the weather is warm enough. He said the road forces had been working on Thomas avenue between Fourth street and the railroad during the week. The surface of the roadway has been carefully rolled. He figured the appropriation would permit him to repair and oil the principal streets in the Borough this year. According to Mr. Lynch this treatment will produce a road surface which will last three or four years with very little expense for upkeep.

Mr. Lynch called attention to the fact that a survey of Park street had been made last year, and the approximate cost of rebuilding it ascertained. He asked if it might not be better to charge the improvement against the abutting property owners instead of giving it out of the general tax levies. His suggestion brought the reply that Council was practically pledged to the property owners on Park street to rebuild this road and pay for it out of Borough funds, and that an improvement bond would have to be issued to cover the cost, which would be between nine and ten thousand dollars. Mr. Geiss said he believed the water coming from the grounds of the Country Club was properly taken care of the roadway would not be washing out continually, and it could be put in condition and kept so at a very much less cost than the figure given by Mr. Lynch.

Frank Holvick said he did not think it was fair to spend a lot of money on the roadway on Park street, for the benefit of a few residents unless the property owners were required to put sidewalks on both sides of the street for the benefit of the pedestrian public.

Mayor Rogers suggested the whole subject in its various phases, should be carefully considered by the Council.

(Continued on Page 5)

**CANDIDATE FOR COUNCIL**

Charles D. Delaney announces that he will be a candidate for member of the Riverton Borough Council at the primary election on May 15.

## SUNDAY CONCERTS TO BE RESUMED

Many Requests Received for Revival of Musical Programs at K. of C. Hall

Arrangements were completed at the regular meeting of St. Joseph's Council, held last Tuesday night, to stage another series of Sunday night concerts.

As evidenced by the packed hall on several occasions these high class musical offerings were very much appreciated by the community of Riverton and Palmyra.

Numerous requests have been received by the Sunday night concert committee to provide more of the vocal artists such as were heard at the first concert. Complying with these requests the Knights are presenting Sunday night, April 22, the Metropolitan quartette in a program which contains favorite selections from all of the popular operas of the day.

John Ambrosio, tenor; Frank Hartman, baritone; Miss Mary Dwyer, soprano, and Miss Mary Steedle, soprano, are the members of this quartette accompanied by Miss Eleanor Connell. The program also contains violin selections by Victor D'Amico and piano selections by Philadelphia artists.

The K. of C. invites everyone to enjoy this musical entertainment next Sunday night, April 22 at 8.30. There will be no charge for admission.

## ANNOUNCEMENT

To the Voters of Riverton:

Upon the request of a number of my friends, and actuated by a desire to serve my fellow townsmen, I have decided to become a candidate for member of the Riverton Borough Council at the Primary Election, May 15.

I believe I have some qualifications for the office I seek, and my business affiliations which bring me in contact, in an advisory capacity, with more than fifty municipalities in relation to their civic improvements and financing the same.

My platform is "A Progressive Riverton with Economy and Lower Taxes," and it will be my earnest endeavor to see that the borough funds are spent in such a manner that a full dollar's worth of value is received for every dollar spent.

CHAS. D. DELANEY, 607 Thomas Avenue, Riverton.

# "AND HOW"

Plumber, Insurance Executive, Engineer, Road Builder Seek the Toga

**CIVIC LEAGUE AGAIN ACTIVE IN CAMPAIGN**

Four candidates will compete in the May primary election for the honor of representing their town as members of the Riverton Borough Council.

William B. Lynch seeks to succeed himself and Edgar W. Miller would take the place of William A. Welsh, who declined re-election. Both of knowledge of road building and the care of streets that should be invaluable. For many years he did the roadwork in the borough, and under his direction were laid the first gravel streets which were the pride of the town.

Mr. Delaney is a member of an engineering firm and could bring to council a technical knowledge which should help to solve the problems of road building and the disposal of the sewer disposal plant which must inevitably be installed some day.

Those who have watched the course of events in Riverton for the last decade feel much encouraged over the prospect of future satisfactory affairs by the group of men who formerly took a prominent part in the administration of borough affairs, but who, of late years, have left the municipality responsibility fall on other shoulders.

At the same time, it is pointed out, that while Riverton suffered a distinct loss when these men ceased to take an interest in the municipal government, it is all the more wise to permit them to take full control of the administration, but that the several interests of all of the people in the borough would be best served by having representatives from the various walks of life serving as members of council.

With this idea in mind, the candidacy of men versed in the practical side of some of the matters that will come before the borough council is greatly to be commended by those who are looking forward to an all-round development of Riverton.

The fact that four men are available for election is a fact which should not be looked upon as "right," but rather as an opportunity for the voters to make a choice between good men—an opportunity to select the candidates whom they believe will serve the borough best, taking all things into consideration—instead of just going through the motions of voting, with no chance for choosing, as has so often been the case in the past.

## MISS SALLIE CROWELL

Leading Lady of the Palmyra-Riverton Ladies' Auxiliary of 1928, which will be presented Thursday, Friday and Saturday evenings of this week.

## Legion Officials at Banquet Here

Ladies' Auxiliary Gives Splendid Affair at Fire House for Rodgers Post.

County and State Officials of the American Legion attended the banquet which was given to members of Post Frederick M. Rodgers, No. 156, by the Ladies Auxiliary of the Legion in the Palmyra Firehouse last Wednesday evening.

A delicious turkey dinner was served, the menu being ample proof of the hearty hospitality of the ladies. The menu included: turkey, ham, pickles, roast beef, bread filling, cranberry sauce, mashed potatoes, green peas, milk biscuits, ice cream, assorted cakes, salted nuts, mints and coffee.

Frank A. Matthews, Jr., a past state commander of the Legion, was toastmaster. Mayor George N. Wimer gave the community's welcome to the local and visiting Legionnaires and their guests and George W. Truman, commander of Post Rodgers, gave the Legion's welcome. Mrs. T. M. D'Autrechy, president of the Post Rodgers Auxiliary, extended the felicitations of that organization towards its guests.

Other speakers of the evening were former Mayor James T. Weart, Mr. Alonso Wentz, chairman of the county rehabilitation committee of the Legion; John Whomley, commander of Riverside Post and vice-commander of the county; Miss Minnie Ivins, county auxiliary president; Mrs. McCracken, county commander; Dr. Samuel P. Loveman, Rowland Cowan, State Adjutant; George F. Fleming, state commander, and State Senator Clifford B. Powell.

Music was furnished by the Riverton Legion Orchestra, Oliver Evans, director.

Mrs. William T. Miller and Mrs. Stanley S. Lippincott were the soloists, their accompanist being Mrs. George W. Becker.

The Auxiliary desires to thank very heartily all those who helped to make this banquet the huge success which it proved to be; to those who gave advertisements for the evening, and to all others who extend their sincere appreciation.

**CIVIC LEAGUE AGAIN ACTIVE IN CAMPAIGN**

Four candidates will compete in the May primary election for the honor of representing their town as members of the Riverton Borough Council.

William B. Lynch seeks to succeed himself and Edgar W. Miller would take the place of William A. Welsh, who declined re-election. Both of knowledge of road building and the care of streets that should be invaluable. For many years he did the roadwork in the borough, and under his direction were laid the first gravel streets which were the pride of the town.

Mr. Delaney is a member of an engineering firm and could bring to council a technical knowledge which should help to solve the problems of road building and the disposal of the sewer disposal plant which must inevitably be installed some day.

Those who have watched the course of events in Riverton for the last decade feel much encouraged over the prospect of future satisfactory affairs by the group of men who formerly took a prominent part in the administration of borough affairs, but who, of late years, have left the municipality responsibility fall on other shoulders.

At the same time, it is pointed out, that while Riverton suffered a distinct loss when these men ceased to take an interest in the municipal government, it is all the more wise to permit them to take full control of the administration, but that the several interests of all of the people in the borough would be best served by having representatives from the various walks of life serving as members of council.

With this idea in mind, the candidacy of men versed in the practical side of some of the matters that will come before the borough council is greatly to be commended by those who are looking forward to an all-round development of Riverton.

The fact that four men are available for election is a fact which should not be looked upon as "right," but rather as an opportunity for the voters to make a choice between good men—an opportunity to select the candidates whom they believe will serve the borough best, taking all things into consideration—instead of just going through the motions of voting, with no chance for choosing, as has so often been the case in the past.

## MISS SALLIE CROWELL

Leading Lady of the Palmyra-Riverton Ladies' Auxiliary of 1928, which will be presented Thursday, Friday and Saturday evenings of this week.

## Legion Officials at Banquet Here

Ladies' Auxiliary Gives Splendid Affair at Fire House for Rodgers Post.

County and State Officials of the American Legion attended the banquet which was given to members of Post Frederick M. Rodgers, No. 156, by the Ladies Auxiliary of the Legion in the Palmyra Firehouse last Wednesday evening.

A delicious turkey dinner was served, the menu being ample proof of the hearty hospitality of the ladies. The menu included: turkey, ham, pickles, roast beef, bread filling, cranberry sauce, mashed potatoes, green peas, milk biscuits, ice cream, assorted cakes, salted nuts, mints and coffee.

Frank A. Matthews, Jr., a past state commander of the Legion, was toastmaster. Mayor George N. Wimer gave the community's welcome to the local and visiting Legionnaires and their guests and George W. Truman, commander of Post Rodgers, gave the Legion's welcome. Mrs. T. M. D'Autrechy, president of the Post Rodgers Auxiliary, extended the felicitations of that organization towards its guests.

Other speakers of the evening were former Mayor James T. Weart, Mr. Alonso Wentz, chairman of the county rehabilitation committee of the Legion; John Whomley, commander of Riverside Post and vice-commander of the county; Miss Minnie Ivins, county auxiliary president; Mrs. McCracken, county commander; Dr. Samuel P. Loveman, Rowland Cowan, State Adjutant; George F. Fleming, state commander, and State Senator Clifford B. Powell.

Music was furnished by the Riverton Legion Orchestra, Oliver Evans, director.

Mrs. William T. Miller and Mrs. Stanley S. Lippincott were the soloists, their accompanist being Mrs. George W. Becker.

The Auxiliary desires to thank very heartily all those who helped to make this banquet the huge success which it proved to be; to those who gave advertisements for the evening, and to all others who extend their sincere appreciation.

## BOARD OF PUBLIC UTILITY COMMISSIONERS

Trenton

April 13, 1928.

Palmyra Water Co. in re-service charges vs. Riverton and Palmyra Water Co. in re-service charges.

Mr. Robert W. Knight, Treas., Riverton and Palmyra Water Co., Riverton, New Jersey.

Dear Sir:

I enclose you herewith copy of inspector's report referring to the above.

Very truly yours,

A. N. BARBER, Secretary.

## ANNOUNCEMENT

To the Voters of Riverton:

Upon the request of a number of my friends, and actuated by a desire to serve my fellow townsmen, I have decided to become a candidate for member of the Riverton Borough Council at the Primary Election, May 15.

I believe I have some qualifications for the office I seek, and my business affiliations which bring me in contact, in an advisory capacity, with more than fifty municipalities in relation to their civic improvements and financing the same.

My platform is "A Progressive Riverton with Economy and Lower Taxes," and it will be my earnest endeavor to see that the borough funds are spent in such a manner that a full dollar's worth of value is received for every dollar spent.

CHAS. D. DELANEY, 607 Thomas Avenue, Riverton.

# KILLED BY TRAIN

Wishnong Woman Meets Death at East Riverton

Mrs. Margaret Booth, of 4427 Higbee street, Wishnong, was struck by the "Nellie Fly" Atlantic City express at the Pompey Avenue railroad crossing in East Riverton Wednesday at noon and instantly killed.

Mrs. Booth was on her way to visit a Mrs. Hart who lives on Pompey Avenue and had alighted from a bus alongside of the crossing, just as the train was approaching.

Apparently neither seeing nor hearing the express, she walked directly in front of it and her body was hurled forty feet, landing on the far side of a ditch alongside of the tracks.

Identification was made from a card in her purse. The victim was about forty years old. Her body was taken in the Palmyra ambulance to the Snover Funeral Home.

The evening was spent in singing popular songs and playing games for which many prizes were given to the winners. Among those present were Mr. and Mrs. Wesley Hayslett, George Snyder, Bowen Garwood, W. H. Harmon, H. T. Sullivan, H. H. Parsons, W. D. Lamon, Aaron White, and Mr. and Mrs. Andrew Weatherby, of Camden.

The following extract from the Constitution and By-Laws will be the foundation for the future guidance of the Riverton Athletic Association.

"The object of this Association shall be to foster and promote Athletics and all games of recreation, thereby offering the opportunity for physical, mental and moral development of the boys and girls, as well as the adult population, and pleasure for the adults, also to all in the worthwhile civic project for the betterment of the Community."

The reports received about the activities of the Riverton Athletic Association point to a sure and steady advancement toward that goal which they have set as the one and only reward for their efforts.

Mention was made in last week's issue of this paper about the Junior rally held in the fire house Friday evening of the week previous. The Association feels that the conduct of the boys at that meeting and the eager look on their faces, as they listened respectfully to the addresses made to them by those in charge, was sufficient reward for efforts expended, even though it were remotely possible nothing further could be accomplished, but what followed proved this was only a pleasant beginning to the ultimate fulfillment of the plans of the Association.

**Big Turnout for Practice**

Last Saturday afternoon, in spite of inclement weather, about sixty boys showed up at our Memorial Park, and under the guidance of the Junior Baseball Committee, Jim Knapp, Sonny Wright, Bob Ayres and G. G. Cook, competitive games were soon under way. The boys did play! Their heart and soul seemed to be in it. Their appointed captains knew what they were about, and by the time daylight was dawning in the effort, the boys could visit Memorial Park most any evening and be sure of seeing a well conducted competitive game of baseball.

All the preliminary organization work of the Riverton A. A. is now completed; a comprehensive program for the year has been arranged, committee activities are under way. It therefore follows that the good will expressions heard from our township are well founded, for the conclusion that the efforts of the Association will meet with what they have hoped all along, would be merited success.

The Junior Baseball Committee completed their organization plans last Friday night. Most of the players for this season's team have been selected, and the baseball manager, S. Robinson (Habe) MacMullin, under the direction of the committee, will no doubt put a senior team on the field this season of which Riverton may well be proud. Come out you fans and root!

The standing committee of the Riverton A. A. are as follows:

Executive Board—President, R. H. Blackstone; vice president, Walter G. Miller; secretary, Herbert Evans; treasurer, W. G. Wright; directors, W. B. Lynch, Ezra Carhart, Edward R. Williams, H. H. Huggins, Irving S. Williams, Edw. Wallace, Dr. J. L. Lowland, Dr. J. Keating, A. C. Farrow, M. Rothmeier, James Knapp.

**Standing Committees**

Finance—Irving S. Williams, Chas. Delaney, Robt. Cole, Edw. Wallace.

Senior Baseball—Wm. B. Lynch, A. C. Farrow, Edw. R. Williams, S. Robinson, MacMullin.

Junior Baseball—Jas. Knapp, W. G. Wright, Robert C. Ayres, B. G. Cook.

Senior Football—W. G. Wright, James Goodwin, Harry Messner, Robt. Cole.

Junior Football—Jas. Keating, W. G. Wright, John Carhart, Leslie Reeves, Jr.

Miscellaneous Athletics—Ezra Carhart, J. Elmer Hahn, Frank Goodwin, Hudson Huggins.

Property and Grounds—Walter G. Miller, John Carhart, Hudson Huggins.

Baseball Manager—S. Robinson, MacMullin.

Assistant Baseball Manager and Coach—Edw. R. Williams.

Physical Director—Dr. J. Rowland Dey.

Assistant to the Secretary—Frank Goodwin.

## New Fire Company at East Riverton

Move to Provide Protection Formerly Given by Riverton Department

The East Riverton Volunteer Fire Company No. 1 was organized Wednesday evening, April 18, in the Pyramid Building, East Riverton as the result of a meeting called for that purpose by the Civic League, and a resolution was passed to become a member of the County Firemen's Relief Association.

The officers elected were, President, Lee Hill; first vice president, Joseph Davis; second vice president, William H. Johnson; secretary, Roy Williams; treasurer, John Jones; chief, Robert H. Washington; assistant chief, John Robinson; delegates to the county association, Ellis Williams, Roy Williams, Lewis Polind.

The organization of this company was the outcome of the difference of opinion between the Riverton Borough Council and the Cinnaminson Township Committee as to the township to be paid by the township to the borough for fire protection, which resulted in the borough serving notice that after April 30 it would not be in a position to render fire protection in the township. The instruction to the Civic League by the township committee to look first to the Bridgeboro fire company, and second to the Palmyra fire department in case of need.

Mr. Williams, president of the Civic League, pointed out to those present at the meeting the fact that Bridgeboro was nearly five miles away, and that by the time its company could get to East Riverton a fire would have burned itself out.

The president stated that after the meeting of the Civic League, he had an increase in fire insurance rate, owing to the inadequate fire protection, and his statement was verified by Karl W. Litch, an insurance man of Riverton.

Walter Armstrong, chief of the Riverton Fire Company, explained the necessary steps in forming a fire company, and assured his hearers that since the decision as to what fire calls should be answered in Cinnaminson township had been turned up to him, he would answer all of them until such time as the township had provided its own protection. He advised, however, that the new company be organized and gotten into working order as soon as possible, and offered his assistance in any way he could be of service. He said that the Riverton trucks carried 2400 feet of hose more than any other company in the county, in order to reach the long stretches between fire hydrant in the township.

Frank Holvick, of Riverton, said that the apparent unwillingness of Riverton to continue to give the township fire protection was in no way the fault of Chief Armstrong.

**Must Take Care of Themselves**

President Williams said that as much as all the folks in East Riverton appreciated the generous attitude of the Riverton fire chief, he did not feel it was right to expect Riverton in a neighboring municipality to give their time and risk their lives in giving fire protection without proper recompense. Since in very few years, said Mr. Williams, the bridge would be almost exclusively a colored settlement, it behooved them to prepare to take care of themselves.

The Civic League, which has a membership of over 100, is already planning to purchase ground for a community center, which will include a building suitable for public and social gatherings, playground, tennis courts, etc., and the structure, Mr. Williams said, could easily be made to accommodate the fire apparatus.

The Rev. James Hyman, Edward Faunce, Joseph Davis and others spoke in favor of organizing a fire company, and when the motion was put it was carried without a dissenting vote.

**Another Crossing Victim**

At the close of the meeting President Williams called attention to the accident at the Pompey Avenue railroad crossing at noon that day in which a woman was struck by a train and instantly killed. This is the railroad company, but that he had urged the Civic League members to do all they could toward that end.

In accord with this idea a mass meeting was called for Wednesday evening, April 18, at the Pyramid Building, in East Riverton, from which the opinions of all the white and colored citizens could be analyzed and proper steps taken immediately to start such volunteer fire company to be located in the central part of the colored district in East Riverton. The details of this and other consultations will be given next Thursday.

## STEEDLE—EACHEMAN

The Sacred Heart Catholic Church was the scene of a Catholic marriage Monday morning when Miss Margaret P. Eacheman, daughter of Mr. and Mrs. Emil F. Eacheman, of Columbia Avenue, became the bride of Edward G. Steedle, Jr., son of Mr. and Mrs. E. Ogden Steedle, of Riverton.

The bride, who was given in marriage by her father, was gown in the traditional white satin fashioned on straight lines with a court train falling from the shoulders. Her veil of tulle was arranged in a coronet of duchess lace and she carried a bouquet of white roses and lilies of the valley.

Miss Helen G. Eacheman attended her sister as maid of honor in a becoming frock of Nile green taffeta. Her picture hat of leg-bird was trimmed with green velvet and the wore slippers to match.

The bridesmaid, Miss Steedle, sister of the bridegroom, a cousin of the bride, appeared in models of sunset affairs with slippers to match and hats of leather. Bouquets of pale pink roses completed their costumes.

Miss Doris Steedle, daughter of Mr. and Mrs. George D. Steedle, and a niece of the bridegroom, played the role of flower girl.

Mr. Morris Steedle acted as best man for his brother and Emil F. Eacheman, Jr., a brother of the bridegroom, acted as usher.

A reception immediately followed the ceremony at the Parlor Club.

The bride is a graduate of the St. Mary's High School in Wilkes-Barre, Pa., and the Wyoming Seminary at Kingston, Pa.

The hon's name and ruff serve to protect its neck when attacked by enemies.

## MEMORIAL REHEARSAL

A rehearsal of the orchestra and chorus for "The Messiah" will be held in Calvary Presbyterian Church, Riverton, next Tuesday evening.

# IDEALS OF RIVERTON A. A. ARE FAST BEING REALIZED

Surprise Party

Tenth Wedding Anniversary of Mr. and Mrs. Roy Atkinson

A delightful surprise party was tendered Mr. and Mrs. Roy Atkinson, of Highland Avenue, last Saturday evening in honor of their tenth wedding anniversary. The guests presented Mrs. Atkinson with a handsome electric waffle iron, a silver tray and a beautiful cut glass set.

The evening was spent in singing popular songs and playing games for which many prizes were given to the winners. Among those present were Mr. and Mrs. Wesley Hayslett, George Snyder, Bowen Garwood, W. H. Harmon, H. T. Sullivan, H. H. Parsons, W. D. Lamon, Aaron White, and Mr. and Mrs. Andrew Weatherby, of Camden.

## Dill is Guest of County Democrats

Large Crowd Attends Dinner For Hague Candidate at Mount Holly

Democrats of Burlington county greeted Motor Vehicle Commissioner William L. Dill, their party candidate for Governor, at a banquet meeting which took place at the Mt. Andrew's Parish House auditorium in Mount Holly, Wednesday evening of last week.

The event was sponsored by the Burlington County Democratic Women's Club and more than two hundred and fifty attended.

Mrs. Amor J. Gault, president of the club, introduced the toastmaster, Prosecutor George M. Hillman, of Moorestown, who presented the various speakers which included candidates for local Democratic offices.

Mr. Dill pleaded for the working organization in Burlington county to assure success of the party candidates, saying he believed the district was having a "Democratic awakening."

Mr. Dill stated that the Democratic governors since Woodrow Wilson had been responsible for the constructive policies of the State and that his party pledged further advancement.

The speaker expressed hope that the warm contest in Burlington county among two men and two women aspirants for two places on the Democratic State Committee might not jeopardize the success of others on the ticket.

He referred to a fight for reelection to the committee by Mrs. Florence W. Jacoby, of Edgewater Park, and George M. Hillman, Jr., of Moorestown, who are being opposed by Mrs. Mary W. Hararova, of Pemberton and George M. Gibson, of Moorestown.

Others who spoke were Mrs. Marion Urbanek, Assemblywoman from Hudson county; Mrs. Ballington, Democratic National Committee woman; Judge Edward Dillon, of Montclair, campaign manager for Mr. Dill; Mrs. Rebecca Winston, mayor of Estell Manor, Atlantic City; and Joseph M. Boborleth, of Moorestown, freeholder candidate.

According to Mr. Shaffner, the

## RECORD IS SET FOR ELECTRIC CURRENT

Public Service Reports All Previous Marks Were Passed During '27; Many New Meters

Sales of electric current by Public Service Electric and Gas Company broke all previous annual records in 1927. Total sales of current aggregated 1,333,984,062 K.W.H. last year, against 1,091,749,672 K.W.H. in 1926, the increase of 142,234,480 K.W.H. being equal to thirteen percent.

During the closing quarter of 1927 sales aggregated 337,582,727 K.W.H. against 312,775,437 K.W.H. in the corresponding quarter in 1926.

The company reported an unusually large increase in the number of new electric meters connected to its lines last year. A total of 781,959 meters were in service as of December 31, 1927, of which 747,434 were for lighting service and 34,525 for power service. The total compares with 704,243 meters in service on December 31, 1926.

During the year a total of 70,149 new lighting meters and 7,567 power meters were connected to the lines. These figures indicate a rapid growth in the territory served.

All branches of electric consumption, including sales of power, commercial lighting and street lighting recorded substantial gains last year. Sales of current for wholesale fee manufacturing and refrigeration are steadily increasing and contracts recently closed indicate further gains along these lines. Sales of current for refrigeration and fee making last year totaled 49,749,544 K.W.H.

**ZONING MEETING THURSDAY**

Representatives from all over Burlington County will attend a dinner and joint meeting on zoning at Grange Hall, Stacy street, Burlington, this Thursday evening, April 19, starting at 6:30.

The meeting is being conducted by the Edgewater Park Township Voters League, which is striving to bring zoning to all communities in Burlington County in the "most economical and efficient manner."

Ordered and Paid for by: Alvin Adams, Campaign Manager, Florence, N. J.

## Few Cases Heard in County Court

Pleasantville Men Charged with Stealing Tires: One Confesses Guilt

There were very few cases before Judge William A. Slaughter at Mount Holly for consideration last Thursday, and consequently the session was soon over.

Charles Lewis, John Lewis and Jacob Yerkes, all of Pleasantville, came in on waivers, and Charles Lewis pleaded guilty to stealing a spare tire from the car of James Crawford, of Medford, on the night of April 5, while his brother, John, and Yerkes pleaded not guilty.

In admitting his guilt, Charles Lewis said that he and his companions had been to New Egypt to visit his sister and on their way home had numerous tire troubles, and this resulted in their decision to take the tire from Crawford's machine, which they found parked in the yard.

Crawford was awakened by the men and he caught them in the act, and they were later arrested by the state troopers and after a hearing before Recorder Joseph Kingdon, at Mount Holly, were committed for trial.

Charles Lewis assumed the entire responsibility for the theft and was sentenced to pay a fine of \$50, after it had been stated that all three of the men were hard working young fellows, and that they had never been in trouble before.

The cases against John Lewis and Yerkes were ordered nolle prossed.

Charles Schroeder, a young Palmyra man, was also before the court on a charge of stealing an automobile tire, but his case was continued for two weeks.

**NEW CORPORATION FORMED**

A new corporation that has just been formed is designated in the articles of incorporation as "Speedwell Tract, Incorporated," which holds title to 2,007 acres of land in Woodland, Tabernacle and Washington townships, Burlington county.

For over one hundred years this property has been owned by the Lee family, one of the heirs being Stephen V. Lee, who resides on the tract at Speedwell. The corporation has been formed to improve and perpetuate the property, and it is proposed to plant cranberry bogs, propagate game, deal in lumber and all earth products, maintain a general store, sell and contain farms, and maintain hotels and hunting lodges. The incorporators are: Stephen V. Lee, Speedwell; James E. Lee and Loyola McDermott, Pleasantville, N. J.; Mary E. Fleming, Richmond, Va.; and Eugene A. Lee, Philadelphia.

An aviator in a single-seater British Air Force plane flew upside down for four minutes and forty-five seconds, thus setting a new record.

## ANNIVERSARY DANCE

Bill Ford's Country Club 8-piece orchestra will furnish the music for the Second Anniversary dance this Saturday evening, which will conclude the week's program in celebration of the second anniversary of Moorestown Community House.

The gymnasium will be attractively and appropriately decorated and the dance promises to be one of the best of the season.

Announcements are being sent out this week and it is expected that an unusually large crowd will enjoy the dance.

## STATE TREASURER SUBMITS REPORT

Financial statistics showing the growth of New Jersey as a state have been compiled by State Treasurer Albert C. Middleton, of Moorestown, and they show that the total financial resources now amount to \$22,262,000 as compared with \$17,174,000 a dozen years ago. The smaller figure represented the State's wealth when William T. Read, of Camden, took office as state treasurer, and the larger figure the total when Middleton succeeded Read week before last.

In the twelve years the state's indebtedness has increased by millions. In 1916 there was \$116,000 outstanding, representing certificates to the agricultural college fund.

Now the indebtedness is around \$4,000,000, treasury figures show, represented by bond issues approved by the people and with full provision made for payment of the bonds.

Within that period three bond issues were approved: \$12,000,000 for payment of a soldiers' bonus in 1921; \$26,000,000 for the New York-New Jersey vehicular tunnel under the Hudson River, represented by thirty-year bonds, callable however, in fifteen years, and \$36,000,000 for the construction of highways. The funds expended for the vehicular tunnel and the Camden Philadelphia bridge eventually will be returned through tolls collected.

## "Y" Drive Dinner Next Tuesday Eve

Campaign for Funds to be inaugurated at Moorestown Community House

The Community House at Moorestown will be the scene of the inaugural dinner of the County YMCA campaign for its operating budget for its new fiscal year, when community chairmen, captains and team workers from twenty-eight different communities meet next Tuesday evening, April 24.

Frank W. Thacher, of Edgewater Park, treasurer of the County YMCA, since its organization back in 1908, and general campaign chairman for the County, will preside.

The campaign opening speech will be made by Albert E. Roberts, of New York City, a man who knows the County work of the YMCA over the entire nation, because of his position as head of the Town and Country Department of the National YMCA Council. He has been in Burlington County on other occasions, especially from time to time at the annual County YMCA Conventions.

William F. Overman, of Moorestown, chairman of the County YMCA Committee, will cover some of the high spots of the character and scope of the program and service of the Association during the past year.

Instructions for all the campaign workers will be given by Secretary Guy C. Hendry.

The chairmen who will direct the campaign in the various communities throughout the County are: J. P. Hopkins, Beverly; J. H. Hutchinson, Bordentown; L. S. Fortnum, Bridgeboro; R. H. Hulick, Browns Mills; Van H. Smith, Burlington; Ernest Crosshaw, Chesterfield; Jacobus, Jr., John V. Bishop, Columbus and Jacobstown; C. W. Brick, Crosswicks; F. Darby

## NURSE TO TAKE UP TUBERCULOSIS WORK

Mrs. Daisy S. Hollingshead, superintendent of the Burlington County Hospital, has taken the position of executive secretary of the Burlington County Tuberculosis League as the successor of Miss Margaret S. Haines, of Burlington, who desires to retire from the strenuous activity.

Mrs. Hollingshead says that she will leave the hospital on April 30 and immediately take up the new work. Miss Haines will remain with her to get acquainted with the field until June 1.

Miss Hannah Harris, of Salem, now connected with the hospital as superintendent of nurses is to be the successor of Mrs. Hollingshead.

The Bible is the only book which is never off the press.

## NEW JERSEY! One of the Greatest of the United States

NEW JERSEY AUTO OWNERS ENJOY LIGHT TAX BURDEN

According to figures compiled by the American Automobile Association, the average tax burden on a New Jersey motor car, including license fees, gasoline tax and other charges except personal property taxes, averaged \$23.66 for each of the 720,406 cars registered in 1927—a low average as compared to taxes in most other states.

New Jersey's great system of improved highways makes automobile driving popular and permits the great system of motor bus transportation operated by Public Service.

"The success of Public Service and development of New Jersey are bound together."  
—President Thomas M. McCarter.

**PUBLIC SERVICE**

## Contract Given for Bridge Work

Daniel Lemmon Gets Award for New Structure at Birmingham

Daniel R. Lemmon, of Browns Mills was the successful bidder for the reconstruction of the Tumbling Dam bridge at Birmingham, and was awarded the contract by the Burlington County Board of Freeholders in session last Friday. His price was \$3,262.89.

The other bidders were, J. H. Terry & Co., Philadelphia, \$4,538.36; C. A. Macdonald, Philadelphia, \$3,500.00; Rancocas Construction Co., Delanco, \$4,962.45; Conard & Busby, Burlington, \$5,807.00; William C. Cook, Mt. Holly, \$4,475.30; Charles S. Jones, Edgewater Park, \$4,474.00.

The director of bridges and the county engineer said the bridge over Assinunk creek at Mitchell avenue, in Burlington, was reported by the Public Service to be insufficient to carry its heavy trucks, some of which weigh twelve tons, whereas the capacity of the bridge is but six tons. The engineer was instructed to prepare plans for strengthening this structure by placing piling in the stream, and request permission from the War Department to do this.

**Must Rebuild Bridge**  
It was reported that the bridge at Jones' Mill, between Wrightstown and Cookstown had been so badly damaged by a heavy truck breaking through, that it would be necessary to rebuild it, and that at the same time a box culvert would be constructed to take the place of the pipe formerly in use, which was found to be inadequate.

The resolution of Director of Finance William H. Heister, Jr., that the books of the county for the year 1927 be audited by Walter R. Darby, of the department of municipal accounts of the state, at a cost not to exceed \$900, was unanimously adopted.

James H. Galt, representing Public Service Gas and Electric Co., requested permission to make opening in the county road in Chester township in order that the gas service of the company might be extended to the residents of Lenola. The request was granted.

**Regional Planning**  
Clark Adams read a letter from Mrs. Clifton E. Lord, of Mount Holly, calling attention to the Regional Planning meeting to be held in Mount Holly on April 26, which is to be addressed by Samuel Price Wetherill, of Philadelphia, and requested the Board of Freeholders to be present. The invitation was accepted and all of the members will attend.

The following bills of the various departments were ordered paid: roads, \$12,558.66; bridges, \$5,207.29; finance, \$2,509.62; buildings, \$19,727.97; public affairs, \$7,862.34, making a total of \$45,865.85.

### Farewell, Little Stars

The moon has sailed behind a cloud,  
Farewell, my little stars;  
The cloud has spread all over the sky  
And, your fair beauty, mars.  
Your pretty, twinkling, little eyes  
Have all been put to sleep,  
And nature knows you so much,  
She soon may start to weep.

If nature's tears come falling down  
Upon the dusty earth,  
I fear that some may think they are  
More than your beauty, worth.  
The plants and flowers will rejoice  
To get a little drink  
And, of the poor, cloud-hidden stars,  
They will forget to think.

But children of the night, be sure  
All will be glad to see  
Your merry, twinkling, little eyes,  
When, shining, they will be;  
And proudly will the mother moon  
Be watching over you.  
Her happy, little baby stars,  
Of brightest, golden hue.

Martha Shepherd Lippincott.

## CANDIDATE

Mrs. ELIZABETH G. TERRY  
Well known Edgewater Park woman who is candidate for Republican State Committee.

## MID-SUMMER FOUND AUTO DANGER PERIOD

More Mishaps on Straightaway Than at Intersections; Contrary to General Opinion

The danger season for motoring embraces the months of July, August and September. It is revealed in an interesting table of accident statistics compiled by the Department of State Police.

Nearly twice as many accidents occur in those three months as any other equal period of the year, the tables show, with a corresponding number of deaths and accidents.

Contrary to general surmise, most accidents occur on straight courses rather than at intersections. The table shows that during 1927 the ratio between intersection accidents and those on the straightaway was as high as four to one.

Of the 2422 accidents handled by the state police in 1927, 139 were attributed to drunken drivers; 1590 to neglect of motor vehicle laws and 600 to faulty or slippery high ways. Of the entire number, only 192 were listed as unavoidable.

Accidents in daylight were slightly more numerous than those at night. Total deaths in the accidents handled by the department were 130 with 1856 injured.

## DIX NOT SUITABLE FOR 'VET' HOSPITAL

Insufficient Railroad Facilities Bar Wrightstown Camp As Location

The Veterans' Bureau has under consideration several prospective sites for the erection of New Jersey's 400-bed veterans' hospital, but will not make a selection until the hospitalization bill, authorizing the necessary funds, is appropriated.

When the matter was before Congress last year the bureau made a survey of the government-owned property in New Jersey as well as other sites but no decision was reached. The survey was entirely preliminary in nature. It is understood however that General Frank T. Hines, director of the bureau, favors a location on the banks of the Delaware river, somewhere south of Trenton, probably in the vicinity of Palmyra. This general location is favored, it is said, because of the excellent train service in that part of the state and because of its proximity to Philadelphia and other large centers of veterans' population.

During hearings on the hospitalization bill this year the Camp Dix was mentioned prominently but the bureau does not seem to favor this site because of the poor train service and inaccessibility by other means of travel.

## Mount Holly Man Is Under Arrest

Robert J. Gibbons Charged With Using Mails to Defraud Flower Growers

A nation wide swindle in dahila bulbs which netted thousands of dollars was charged to Robert J. Gibbons, of Mount Holly, by Federal investigators last week.

Gibbons was taken into custody on a Federal bench warrant charged with using the mails to defraud. Arraigned before the United States Commissioner at Trenton, he was held in default of \$5,000 bail. His arrest followed an indictment returned by a federal grand jury.

Representing himself as an extensive grower and importer of fancy bulbs, Gibbons advertised in a score of newspapers and magazines, it was charged, offering his products at greatly reduced prices. Months of investigation showed, Federal men said, that Gibbons sent bulbs of the ordinary backyard variety under fancy names, receiving many times their value through mail orders.

Gibbons' arrest came only a short time after he sold his mail order business and dahila farm to another man, who, according to investigators, is now operating the business on a legitimate basis. Gibbons was arrested a year ago on charges by the State Department of Agriculture, and previous to that had been under surveillance by Federal agents. It was reported, He pleaded guilty in Burlington county court to operating a bulb business without a State license. He was fined \$100, the records show.

Gibbons came to Mount Holly several years ago as a factory worker. He started out in a small way, but extended his dahila business to cover all parts of the country through advertising. He was considered wealthy by his neighbors.

Palms are regarded by the people of Egypt as symbols of peace and rest and are held sacred.

Michigan State College, founded in 1857, is the oldest agricultural college in the country.

## WARNING!

Within the past month many farmers have been approached by certain electrical wiring corporations to sign contracts and notes for the purpose of securing electric service.

This matter has been brought to the attention of the County Board of Agriculture and through the cooperation of Arthur H. Carabine, of the County Detective's Office, an investigation has been made of the whole procedure. It is found that certain portions of this procedure are questionable.

Therefore, before signing any papers the suggestion is made to read every word to which you are attaching your signature, and better still, communicate with the Burlington County Board of Agriculture Office, phone Mount Holly 259, to obtain a list of the companies operating as described.

## MISS HELEN PAUL IS BURLINGTON SPEAKER

Moorestown Woman Delivers Splendid Address at League of Women Voters Meeting

Miss Helen Paul, of Moorestown, sister of Miss Alice Paul, the well known suffragette, was the speaker at the meeting of the Edgewater Park League of Women Voters in the club room of the Young Women's Christian Association, Burlington, Wednesday afternoon of last week.

Her talk was featured by important points brought out by Mrs. Charles Conover, state president at a meeting in Trenton which Miss Paul attended. The Trenton meeting was the state regional session. She also spoke of various laws and their application and told of the importance of keeping in close touch with affairs of the nation.

Various reports were made at the meeting. One of them had to do with the card party that will be given at the home of Mrs. J. Herman Terry, Edgewater Park, on Tuesday of next week for the benefit of the league.

## Edge is Backing Stokes' Campaign

Declares That Former Governor is Best Fitted to Don Senatorial Toga

Declaring his presence was not a matter of political leadership which was in no way sought or desired by him, United States Senator Walter E. Edge, of Atlantic City, last Friday addressing a conference of Republican leaders, at Trenton, declared former Governor Edward C. Stokes offered the strongest candidacy for the Republican nomination as United States Senator. Senator Edge said in part:—

"My presence here today is not a matter of political leadership which is in no way sought or desired by me, but alone an inspiration born of high regard and friendship."

"Such a meeting as this cannot in any possible manner be inferred as trespassing upon the spirit or the letter of the direct primary law. So far as I am concerned, I am not here to eliminate candidates, but to boost our own candidate."

"My support of Governor Stokes carries with it a combination of sentiment and, I hope, sane political judgment. I have been associated with the Governor ever since I entered public life in 1897, as a junior officer of the New Jersey State Senate. That has covered a period of over thirty years."

"Now for the practical, if I may use such a term without being misunderstood, we are in a Presidential

## Electricity Adapts Itself to Summer Home-making Plans

THE home-maker's schedule changes with the season, but electricity makes the change from winter program to summer routine easy. Through its use the home-maker may enjoy the outdoor pleasures of the season, knowing that many of her housekeeping processes continue automatically, without her attention.

### Electricity Provides

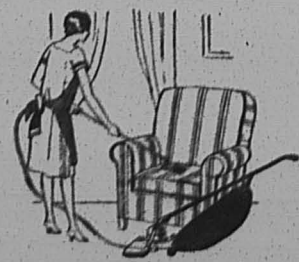

#### Ideal Refrigeration

DRY cold circulates in the electrically operated refrigerator and within its walls even the most perishable foods will stay fresh for several days. This permits the home-maker to market more economically by buying foods in bulk. Ice is ready in dainty cubes for beverages, and desserts and salads are more delicious when chilled in this dry cold air.

At Public Service stores electrically operated refrigerators may be purchased on the divided payment plan for a small sum down and eighteen months to pay balance.

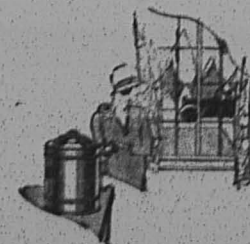

### Electricity Cleans House

OPEN windows make necessary daily cleaning and dusting in summer. The new Hoover with its dusting tools does both thoroughly and quickly, prolonging the life of rugs and fabrics by removing all the dirt \$5 down and \$5 a month soon completes payment on the Hoover.

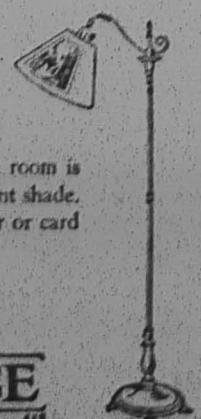

### Hot Foods (for The Picnic Meal)

MOTOR to your favorite spot in the country, spread the cloth under your favorite tree, and there serve a hot dinner, prepared and carried compactly in the Excel Electric Cooker. This cooker sells for \$6.50.

### Parchment Shaded Lamps For the Sun Room

A PARTICULARLY good choice for lighting the sun room is the metal bridge lamp of simple design with a parchment shade. The lamp can be adjusted to the right height for arm chair or card table, and lamp and shade can be dusted easily.

The New Era is a Legal Newspaper. Commissioners, Sher-  
iffs and other Sales, Administrators and Executors' Adver-  
tisements are solicited. The New Era will appreciate being  
remembered in this connection.

### JUDGE WELLS FOR STATE COMMITTEEMAN

The announcement that the Honorable Harold B. Wells,  
former State Senator and judge in the county court, would be  
a candidate for member of the Republican State Committee,  
was met with universal satisfaction.

Judge Wells is well known throughout the length and  
breadth of the State for his ability and courage, and his addi-  
tion to the State Committee will be of great value to the Re-  
publican party.

He will bring to the service of his party the same sagacity  
and keen senses of justice that made him so successful in both  
of the offices he previously filled.

Burlington county and the Republican party are to be con-  
gratulated on having a man of the high type of Judge Wells  
willing to take part in the management of party affairs.

### MRS. TERRY

Mrs. Elizabeth G. Terry, of Edgewater Park, prominent  
in Republican women's organizations of Burlington county, is  
candidate for the woman member of the Republican State Com-  
mittee from Burlington county.

Mrs. Terry is vice-chairman of the Republican County Com-  
mittee and has had much experience in Burlington county af-  
fairs. She is president of the Civic Club League of Burlington,  
a member of the League of Women Voters, the Beverly Para-  
graph Club, the Annis Stockton Chapter, D. A. R., is correspond-  
ing secretary of the County Council of Republican Women and  
a member of the Mosquito Control Committee whose work she  
initiated.

Mrs. Terry is in sympathy with the political principles of  
her running mate, Judge Wells, and the independent County  
Republican organization headed by Charles R. Stout, chairman  
of the Republican County Committee.

### CANDIDATES FOR FREEHOLDER

At the primary election on May 15 the voters of Burling-  
ton county will choose between two men who have been serv-  
ing on the Board of Freeholders and two other men who seek  
to oust them from their positions.

There is more back of the opposition to the present mem-  
bers of the board who are seeking re-election than the desire  
to fill an office with a \$4,000 salary attached.

For years certain elements in the county have been en-  
deavoring to "get" Freeholder Charles R. Stout, but his ser-  
vice to the county has been so valuable and his conduct in  
office so satisfactory that he has been re-elected four successive  
times. It was largely due to his efforts and to his wise adminis-  
tration of the road department that Burlington county has  
developed a road system which is the envy of its neighbors, and  
is being copied in ten States.

The other candidate for re-election, Curwen B. Fisher, has  
served for a shorter time, but no less faithfully and well. As  
director of the department of bridges he accomplished a tremen-  
dous amount of repair work and new construction last year,  
at cost levels much below previous records. He devotes his  
whole time to the requirements of his office, and personally  
superintends the work done by the bridge force. When it is  
considered that there are upwards of 2000 bridges, large and  
small, in Burlington county, it will readily be seen that it is a  
man's job.

The opposition has advanced no good reason why Freehold-  
ers Stout and Fisher should not be returned to the offices they  
have filled so well.

### UNFAILING SIGN OF SPRING

As regular as the round of the seasons is the question,  
"What shall we do about Bank avenue?"

The roadway on that public thoroughfare is again in such  
a deplorable condition that it was a subject for discussion at  
the meeting of the Borough Council last week.

Last year a plan to take the road over and make it part  
of the borough street system was seriously considered by Coun-  
cil, and had the backing of a number of the members of that  
body. After a conference with the property owners on the  
Bank, however, the matter was compromised, and it was agreed  
that if the street was kept in good condition no further action  
would be taken by the borough at that time.

There are those who have felt for a long time that the  
river bank, roadway, lawn and retaining wall, will never be  
returned to its attractiveness of former years until it is all taken  
over by the borough and cared for the same as other borough  
property. The present condition of neglect seems to lend force  
to that view of the matter.

### HOW SHALL WE PAY FOR ROAD IMPROVEMENTS?

The taxpayers of Riverton are confronted with two plans  
of paying for further improvements of the roadways in the  
borough.

One plan contemplated is to assess the cost against the  
abutting properties, which, friends of this method point out,  
will make it possible to progress more rapidly with the work  
without increasing the tax rate. The work would be paid for  
by improvement bonds, and the property owners would be given  
ten years in which to complete their payments. A modification  
of this plan is to have the borough pay one-third of the cost,  
and divide the other two-thirds between the properties affected.

The other plan is to proceed along the lines followed in  
the past and pay for the improvements out of general taxation,  
doing a street or two each year.

The first plan has the advantage of getting all the streets  
in first-class condition at once, and at a lower cost than the  
work can be done piecemeal, but is open to the objection that

those who have helped to pay for the improvement of Broad  
street, Main street and the upper section of Thomas avenue,  
will now be called upon to pay the whole, or a very large por-  
tion of the cost of improving the streets in front of their own  
properties, while those living on the streets already paved will  
escape further payment.

The repaving of Park street also enters into the considera-  
tion of the two plans. It is pointed out that if the direct as-  
sessment plan is to be adopted as the future policy of road im-  
provement, it should apply to this street as well as to others  
which will follow; that it would savor of partiality to spend  
\$10,000 on a small piece of paving, possibly a quarter of a mile  
long, out of the general funds, and then immediately ask property  
owners in other parts of the town to pay the cost of improve-  
ments in front of their own properties.

By the direct assessment plan the consent of fifty-one per  
cent of the value of the properties affected must be secured  
before the improvements can be made by the borough.

Both plans are being considered by the Borough Council,  
and the mayor and members of that body have requested an  
expression of public opinion in the matter.

Those interested may communicate directly with the officials,  
or the columns of The New Era are open to a discussion of  
both plans.

## This Week

By Arthur Brisbane

### CONTROL OF POWER SOURCES.

FRANK B. WELLS.  
WAR AGAINST RATS.  
AMERICAN FLYING.

Canada's Government encourages  
use of electric power, particularly on  
farms and in small communities.  
Water power is developed fully to  
generate the current, and all are as-  
sisted in its installation.  
Farmers are taught to grind feed  
with it, pump water and do their other  
work.

And, by the way, United States  
farmers are urged to settle in  
Canada.

Our attention here is concentrated  
on a different problem. We want  
to make sure that the right people  
get possession of our power sources  
the right people being those that  
control power and peddle it to the  
people. As to farmers and others  
that buy and use power, our Gov-  
ernment has not found time to think  
about them.

Prophecy is usually dangerous,  
particularly dangerous for farmers  
when government prophecies go  
wrong. The Government forecast  
on potatoes last Fall predicted a  
crop greater than the real one.  
Many farmers sold in a hurry at  
low prices, some were not market-  
ed, many led to stock.  
Then the shortage was seen, price  
went up, a few wise people made  
the money, NOT the farmers.

The sudden death of Senator  
Wells, in his battle for Ohio's Presi-  
dential delegates, ended tragically  
one phase of the 1928 campaign.  
Senator Wells would have pre-  
ferred to die fighting. Those that  
knew Secretary Hoover know that  
Senator Wells' death will cause him  
sincere grief.

A powerful man, never sparing  
himself, Senator Wells forgot that  
there are limits to the heart's endur-  
ance. A tired heart often succumbs  
in the most powerful man, wearied  
by constant strain.

The dead man's widow attributed  
the Senator's attack to the fumes  
of smoky flares that he had been  
inhaling constantly in the course  
of a political parade.

A weak heart, fighting against  
poisoned air, is in danger.

The League of Nations proposes  
international war against rats, their  
complete extermination.  
Such a war, made to include mos-  
quitoes and flies, would be the best  
war in history. It would save every  
year in lives and money as much as  
the big war cost in any year.

No more rats, no more typhoid  
plague.

No more mosquitoes, no more yel-  
low fever or malaria.

No more ice-ice flies, no more sleep-  
ing sickness.

No more house flies, no more flies  
dragged over food of young chil-  
dren.

It would be interfering with  
Nature's plans, perhaps. Darwin  
says a pair of tropical flies and their  
maggot offspring can dispose of a  
lion's carcass in a few hours. Kill  
all the lions and the flies would not  
be needed to dispose of the carrion.

George Haldeman and Eddie Stin-  
son, Americans, broke the world's  
endurance record in the air, flying  
without stopping fifty-three and one-  
half hours.

The French Government offers a  
million francs to any French flier  
that will win back some flying rec-  
ords formerly held by French fliers.

A little encouragement from our  
Government would make it impos-  
sible for any nation to compete with  
American flying.

The first flying machine was made  
here. Lindbergh was born here.  
We have the money and engineers.  
This ought to be the flying nation.

This comes from Italy: "Major  
de Bernadelli has established a new  
world's record, 315% miles an  
hour."

Will solemn naval gentlemen that  
call flying machines "only an auxil-  
iary" be good enough to tell what  
chance slow-moving ships on the  
surface would have against a flock  
of airplanes with that speed?

On the great mountains called  
Nackas, in Manchuria, the first  
air is pure and clear, Japan, as a  
monument to the new Emperor, will  
build the greatest astronomical ob-  
servatory in Asia.

That observatory, with a sixty-  
inch reflector and thirty-inch re-  
fracting telescope, will be a much  
nobler monument than any roaring  
horse of bronze.

### LADIES' AUXILIARY.

The card party given by the La-  
dies' Auxiliary of the Riverton Fire  
Company last Thursday evening was  
a decided success.  
Mrs. Alex M. Smith won first  
prize and everyone of the other  
players, about 85 in all, received a  
prize.

About \$55 was cleared.  
On Tuesday evening of this week  
the ladies of the Riverton Fire Com-  
pany, the films, which were shown  
by Charles B. DeLaney, were thor-  
oughly enjoyed by the large gath-  
ering.

The ladies brought box lunches  
and the men brought them, then ate  
their lunch with the lady whose  
name they found inside the box.

### WITTE—SOUTHERNER

Miss Catherine, daughter of Mr.  
and Mrs. M. Southerner, and Mr.  
Frederic Chace, Witte were married  
at the home of the bride's parents,  
202 Midway, Saturday afternoon at  
4.30. The ceremony was perform-  
ed by the Rev. J. B. Lewis. Mrs.  
Paul Barnhart, sister of the bride,  
was matron of honor, and Mr. Henry  
C. Hibeau, Jr., of New York, was  
best man. The house was beauti-  
fully decorated with Spring flowers  
and palms and ferns.

After June 1 Dr. and Mrs. Witte  
will be at home at the Maple, Third  
and Main.

### CIVIC LEAGUE ACTS ON PUBLIC MATTERS

(Continued from Page 1)

The Civic Club having sponsored  
this matter, it tends to protect and  
carry it out to its ultimate goal re-  
gardless of opposition of those who  
do not yet see the grave danger to  
their homes and lives due to this  
condition of remote fire apparatus  
and a few minutes' delay all the  
difference in control of fire condi-  
tions. The club, if backed by the  
best citizens of the township, will  
see to it that only the most respon-  
sible type and trustworthy men will  
be chosen to form the company,  
which in time will be an asset to the  
community and a pride to the town-  
ship.

Will Protect Crossing.  
At this meeting with the  
township committee the Civic Club  
committee took up the matter of  
protection of grade crossings. Back  
in January the club directed a peti-  
tion, signed by about 200 citizens  
of the Pennsylvania Railroad re-  
garding signal lights for the cross-  
ings from the creek in East River-  
ton to Taylor's Lane, and some time  
before that a petition was also sent  
by the township committee about  
the same matter. Both petitions  
were given consideration and an-  
swered.

The engineer of the P. R. R., Mr.  
Wistman, called the President of the  
Civic Club on April 7th, asking for  
a meeting to consult about details  
of the crossings. The petition com-  
mittee of Messrs. Roy Williams and  
John Poindexter met Mr. Wistman  
at Union Landing crossing on April  
9th, and with him went over the  
proposals both of the rail-  
road and of the Civic Club. The  
result is that at the meeting with  
the township committee the follow-  
ing was agreed upon. That the  
township committee would grade a  
street on the south side of the rail-  
road from the creek to Union Land-  
ing road; that the railroad's propos-  
al to move P. R. R. crossing  
one block up to Randolph street to  
make a better crossing, be accepted;  
that J. J. L. Pincoff be asked to  
close both crossings at the ten plant  
as he would have access by the new  
road.

### MAY 13

### Mother's Day

Our display of cards appro-  
priate for that day are ready  
for you. Come early while  
the assortment is complete.  
Candy packages ordered now  
will be delivered for Mother's  
Day.

Our assortment of Grossett  
and Dunlap books include the  
latest editions of all popular  
stories.

Ingersoll Dollar Pens.

### L. L. Keating's

Broad and Main  
Riverton

street either way; that the railroad  
would not proceed to put the flash-  
ing type of signal light at Union  
Landing road, which is the only  
crossing the P. R. R. says has  
enough traffic to warrant such sig-  
nal at the present time.

As these proposals represent  
identically what the Civic Club, the  
township committee and the Penn-  
sylvania Railroad and Mr. Lippin-  
cott had asked for, therefore all  
obstacles from this end have been  
removed for crossing protection, and  
it is now up to the railroad com-  
pany to act next. The signal light,  
said Mr. Wistman, costs about \$1800  
and about \$250 per year for main-  
tenance. While the Club feels that  
the crossing at the Baptis Church  
at least might have been protected  
we have hope that in the near  
future another appeal might bring  
this about after one such protec-  
tion has been secured.

### More Police Protection

At the same meeting the Civic  
Club asked the township commit-  
tee to give police authority, without  
pay, to some man whom the club  
would vouch for to give us direct  
protection from the petty thievery  
which abounds almost continually in  
the East Riverton district. This  
the township committee gladly agreed  
to do, providing the Civic Club name  
the man and vouch for the non-  
abuse of the authority given.

The Club will carefully consider  
this matter as also that of the  
fire company, and select some in-  
dividual whom all the people can  
respect and trust and who will ac-  
tively protect property, etc. This  
will be done at an early date so  
that very soon a properly authorized  
person will be available for call  
when petty housebreakers, chicken  
thieves and automobile accessories  
rascals annoy the people.

### Better School Conditions

On Tuesday night, April 10, the  
Civic Club school committee of  
Messrs. Roy Williams, Paul Poln-  
dexter and Joseph Davis held a  
special meeting with members of  
the Cinnaminson school board re-  
garding the possibility of changing  
the conditions at the colored school  
of overcrowding and poor housing.  
At this meeting Attorney Isaac Nat-  
tor, of Atlantic City, an honorary  
member of the Civic Club and very  
active and well informed on school  
conditions in regard to the school  
code of the state, met with the club  
and the board to help and advise.

A very happy outcome to this  
meeting which was very instructive  
and harmonious, resulted. The  
school board members, Howard Tay-  
lor, Jr., and George C. Frank, told  
the Civic Club committee that when  
the renovating and repairs to the  
older part of the white school build-  
ing were finished for the next school  
year, the rooms, now used for white  
school lunchroom, would be avail-  
able for classroom, and they pro-  
posed to put the overflow of the  
colored school in those rooms until  
such time as they could afford to  
add one or two rooms to the pres-  
ent sanitary colored school. This  
would do away with the use of the  
old dilapidated frame structure now  
used for the colored overflow until  
that time. This is a plan for which  
the citizens through the Civic Club  
have been working to get the chil-  
ren out of the frame structure into  
a properly heated and ventilated  
building until all the children could  
be put into one building.

### Mr. Netter Addresses League

After the meeting Mr. Netten  
joined the assembled Civic Club  
members and friends in the Pyra-  
mid building in East Riverton and  
gave them a very illuminating talk  
on the necessity of being alert on  
educational matters, on cooperating  
with the school boards, on necessity  
of the school teachers advising and  
joining actively in the parent-teacher  
work of their district, of the  
provisions of the school code for  
proper school facilities, etc., thus  
acting as a tonic on the people to

503 Howard Street

**SECOND DISTRICT**  
All that portion of the Township of Riverton, bounded by the following streets: Broad Street, Penn Street, to Third Street, Third Street, to Fourth Street, continuing through Penn Street, to the south line of the Township of Burlington, containing therein the following streets: Fulton, Cinnaminson, New York, Main, Second, Third, Fourth and Fifth.

**THIRD DISTRICT**  
All that portion of the Township of Riverton, bounded by the following streets: Broad Street, Penn Street, to Third Street, Third Street, to Fourth Street, continuing through Penn Street, to the south line of the Township of Burlington, containing therein the following streets: Fulton, Cinnaminson, New York, Main, Second, Third, Fourth and Fifth.

# Palmyra P.T.A. Has Interesting Meeting

Richard E. Wilson Addresses Association on Value of Education

A very interesting meeting of the Palmyra Teachers' Association was held in the High School Auditorium Tuesday evening. Richard E. Wilson, well known local speaker, delivered the address of the evening. Mr. Wilson spoke for his subject, "The Value of Education," and outlined, briefly, the history of education since the time of Christ.

He pointed out how the world has always been ruled by men who specialized in one thing, and told how these men were able to achieve the things desired while the common people without education were without any influence.

Mr. Wilson discussed the tendency of this condition to affect us in our present day life and told his audience that the only way to do was to prepare their children for a special field in life.

The association is especially anxious to have all the teachers and parents as members and urges them to come out at the next meeting to be held Tuesday evening, May 22. A pleasant surprise is promised all who attend.

Mrs. Alfred Lippincott, chairman of the investigation committee, reported she had attended the meetings of the school board and brought the association's recommendations to the attention of the board. She and the members of the board were pleased to have the Parent-Teachers take an interest in school affairs and that the board had acted favorably on suggestions made to it.

Mr. Davidson, of the property committee of the school board, said many improvements were being made notably as to the sanitary condition.

Arrangements are being made for a movie benefit to be held in the Broadway Palace, Palmyra, Wednesday and Thursday, May 16 and 17. Special prizes are being offered to the boys and girls for selling tickets. A beautiful prize will be given to the one selling the most. Every boy or girl will receive one ticket free for every ten they sell.

# Palmyra P.T.A. Has Interesting Meeting

Richard E. Wilson Addresses Association on Value of Education

A very interesting meeting of the Palmyra Teachers' Association was held in the High School Auditorium Tuesday evening. Richard E. Wilson, well known local speaker, delivered the address of the evening. Mr. Wilson spoke for his subject, "The Value of Education," and outlined, briefly, the history of education since the time of Christ.

He pointed out how the world has always been ruled by men who specialized in one thing, and told how these men were able to achieve the things desired while the common people without education were without any influence.

Mr. Wilson discussed the tendency of this condition to affect us in our present day life and told his audience that the only way to do was to prepare their children for a special field in life.

The association is especially anxious to have all the teachers and parents as members and urges them to come out at the next meeting to be held Tuesday evening, May 22. A pleasant surprise is promised all who attend.

Mrs. Alfred Lippincott, chairman of the investigation committee, reported she had attended the meetings of the school board and brought the association's recommendations to the attention of the board. She and the members of the board were pleased to have the Parent-Teachers take an interest in school affairs and that the board had acted favorably on suggestions made to it.

Mr. Davidson, of the property committee of the school board, said many improvements were being made notably as to the sanitary condition.

Arrangements are being made for a movie benefit to be held in the Broadway Palace, Palmyra, Wednesday and Thursday, May 16 and 17. Special prizes are being offered to the boys and girls for selling tickets. A beautiful prize will be given to the one selling the most. Every boy or girl will receive one ticket free for every ten they sell.

# THE RIVERTON CIVIC LEAGUE

endorses and asks your support for the two candidates mentioned below for Borough Council

## WILLIAM B. LYNCH

for re-election — known to you all — served the Borough faithfully and well two terms — chairman of highway committee, one of the most difficult and thankless tasks, always the target for grievances and complaints.

During past three years this committee in addition to paying for all the upkeep of the streets has purchased a considerable amount of permanent equipment for use on Borough streets and saved a considerable amount of their appropriation for 1927.

PAID FOR BY J. CARL DELACOUR, TREASURER.

## EDGAR W. MILLER

405 Lippincott Avenue

a resident of Riverton for the past eight years, having moved here from North Jersey — has no political background — never has sought political office but believes everyone should be willing to do what he can to fulfill his civic obligations.

Mr. Miller is vice-president of Indemnity Insurance Co., of North America, Philadelphia, and would bring a wealth of good business experience and clear reasoning ability to the office.

PAID FOR BY J. CARL DELACOUR, TREASURER.

# PALMYRA NOTES

Mr. and Mrs. Frank A. Snover attended the traditional banquet given in honor of Mrs. Elizabeth Verga, by the Republican Executive Committee of Camden county, at the Convention Hall, Tuesday evening, April 17, 1928.

Mrs. Helen H. D'Autechre, widow of the late Thos. D'Autechre, has won a verdict of \$4920 against her husband's business partner, whom she sued for an accounting in Judge Martin's court, Philadelphia.

Captain and Mrs. S. D. Atherton and daughter, Ruth, and Captain and Mrs. Nelson Bond and daughter, Janis and Frances, of Berkeley Avenue, motored to Gettysburg last Friday where Miss Ruth attended the formal spring dance of the Tau Kappa Epsilon fraternity, of which Bruce Beahn, of Palmyra, is a member.

After a trip through the Gettysburg college buildings and to the battlefield, the party returned to Palmyra.

Miss Anna J. MacCord gave a party to a few friends of David Middleton the evening before he started for California. All had a wonderful time and extended their warm wishes to "Dave" for a successful sojourn in the Golden State.

Mr. and Mrs. A. C. Zillinger have gone to Europe for six months.

Mrs. J. H. Abbot and Mrs. A. C. Gibson spent Tuesday and Wednesday in New York.

Mrs. Mary Hammelman, of Palmyra, who has been ill at the home of her sister in Philadelphia, is improving.

Mrs. Rula Roach visited relatives in Swedesboro last Friday.

The Palmyra fire company burned the weeds and tangled briars from the lot at the corner of Morgan and Broad street Friday afternoon.

Motoring along Broad street stopped their machines to watch the progress of the firemen. Chief of Police C. Morris Beck directed the firemen.

Mrs. Hamilton Smith, of Morgan Avenue, is spending some time at the Colton Manor, Atlantic City.

Mrs. Francis J. Barr, of Garfield Avenue, is entertaining her father, Robert Grogan, of Lansdowne, this week.

## P. H. S. Nine Wins at Haddon Heights

CHIEF West Holds Opposition to Seven Hits and Two Runs

CAMDEN-SUBURBAN LEAGUE	
Standing of Teams	W. L. P. C.
Woodbury	2 0 1,000
Moorestown	1 0 1,000
Collingswood	1 0 1,000
Palmyra	2 1 667
Haddon Heights	0 2 666
Haddonfield	0 2 666

The Palmyra High School baseball team defeated Haddon Heights in a league game at Haddon Heights Tuesday afternoon by a score of 11 to 2. Chief West, who pitched for the locals, allowed two runs in the third inning, giving the Heights boys the lead. Palmyra scored one run in the fourth, two in the fifth and two in the sixth. The only scoring during the remainder of the game was done by Palmyra in the eighth. Six runs were scored in this inning, making a total of eleven.

West turned in a well pitched game, allowing only seven safe hits. Bill Straus, the opposing moundman, was touched for nine safe walks and six errors, accounted for Palmyra's eleven runs. Bertley, Zaun and West started at bat for the winners with two hits each. The score:

PALMYRA H. S.	
Terrill, 3b	1 0 2 0
Bartley, 2b	2 1 1 1
Sloan, c	2 1 0 1
Mueller, lf	1 1 2 0

Totals	2 7 27 19

Palmyra, 0 0 0 1 2 2 0 4-11  
Haddon Heights, 0 0 2 0 0 0 0 0-2  
Errors: Wright 2; Smith, 2; Waters, 2; Myers, 2.  
Two-base hits: Wright, Bartley, Zaun.  
Three-base hit: Fathergill.  
Struck out: By Straus, 11; by West, 8.  
First base on called balls: Off Straus, 4; off West, 7; umpires: Aron and Smith.

Coach Diamond's boys defeated Haddonfield in the opening game of the Camden Suburban League schedule last Wednesday afternoon at Haddonfield. The game, which was a free hitting affair, was stopped by rain at the end of the seventh inning with Palmyra on the home end of a 10 to 9 score.

Chief West, veteran right hander, went to the mound for Palmyra and held the opposition to a lone run in five innings. Straus and Zaun were sent to the hitless and covey but were hammered so hard that West was called in from the outfield to check the shagging and retire the side after eight runs had been scored.

Palmyra collected a dozen hits off Pierce and W. Brown while the three Palmyra curvers allowed nine base blows.

The Palmyra boys lost a hard fought game to Moorestown on the Field Club grounds, Friday afternoon. The final score being 6 to 4. With the score tied in the first half of the ninth, Moorestown, shined across two runs to decide the contest. Holtz doubled and Bauer singled. Fowler fanned. Matchett was safe at first as Bauer was tossed out at second. Jenkins hit to West, who tossed to Holtz. Holtz missed the throw and Holtz scored. McGinnis' single scored Matchett.

## EPWORTH METHODIST EPISCOPAL CHURCH

J. William Lee, Minister

The Church School with an inviting program will begin at 10 a. m. Church Service at 11:15 a. m. Ministry to music: "Meditation," Kinder, "Melodie," Kuesner.

Sermon by the Rev. Sherman G. Pitt, District Superintendent.

Senior and Intermediate Leagues at 6:45 p. m.

Evening Church Service at 7:45. Heart Cheering Song Service. Baritone Solo, "The Lamb of My Father's Door," Mr. Andrew H. Brown.

Sermon, "The Victory of the Minority." Friday at 4 p. m. the Junior League. The Story of Joseph in pictures.

## FIRST LUTHERAN

Rev. W. M. Edwards, Pastor

This coming Sunday morning, our pulpit will be filled by the Rev. Dr. W. M. Edwards. He will deliver a message dealing with gospel work in industrial sections in our part of the state. Mr. Lewis has had a very interesting experience in work with men and boys of the county. He comes here under the auspices of the N. J. State Y. M. C. A.

In the evening the Rev. Dr. Volmer will fill the pulpit. Dr. Volmer has supplied our pulpit many times and it will not be necessary to urge the congregation to come out to hear his message. They will be there. Our choir under the leadership of Lee Milton will render special numbers at both services.

The Sunday School attendance was commendable, especially for a Sunday immediately following the great occasion of Easter. The adult department is driving for one hundred members. That means that each old member will have to keep a steady attendance personally and also aid in getting in the new members.

Luther League will convene Sunday evening at 6:45 p. m., with Warren T. Smith, as leader. Topic:

"Why and How Should Christians Support the Eighteenth Amendment?" All Luther Leaguers are reminded of the monthly Luther League Rally at Parkside Lutheran Church, Camden. We must have one hundred per cent. present and will be satisfied with nothing less. Cars will be furnished for all who do not have means of conveyance. This rally will be held Thursday evening, April 26th. The time of meeting at church will be announced in next week's issue of the paper.

## BAPTIST CHURCH

Rev. George Lockett, Pastor

Saturday evening the Primary Department offers a very fine supper—really a banquet—for the nominal sum of fifty cents. This is the Fatherman supper for which the Primary teachers are selling tickets in the interest of the Children's Memorial Window fund.

Two separate services will be made the first at 6:30 and the second at 8:30—choose your own meal hour. The menu will be found in another column of this paper. Read it, it will assure you being there.

Sunday morning Pastor Lockett will preach a sermon of inspiration entitled, "The Test of Progress."

At the evening service the pastor will preach on the topic, "A Burial Foundation."

A very important business meeting of the church will held Wednesday evening. Remember the church slogan for 1934—Go Forward.

## Calvary Presbyterian

C. T. Bates, Minister

Calvary Presbyterian Church will hold its morning service of worship at 11 o'clock and its evening service at 8 o'clock next Sunday. The pastor will preach at both services.

All departments of the Church School will meet at 10 o'clock in the morning.

The Christian Endeavor Society will meet at seven o'clock in the Church School auditorium. All the young people of the congregation are invited to attend this meeting.

The Golden Hour Circle will hold its regular meeting on Friday April 20, at eight o'clock in the Church parlor.

Mid-week service: Wednesday evening at eight o'clock.

## Juniors Score Hit With 'The Amazons'

Daughters Trying to be Sons Meet Common Fate of Womankind

Last Friday and Saturday evening the Junior class of the Palmyra High School presented "The Amazons," a three-act satire on mannish women. The freshman humor, unconventional and quaint pretentiousness of the play pleased everyone.

Anna Randall gave a clever interpretation of the part of Lady Castlejordan, whose bitter disappointment in life was that she was the mother of three daughters. Instead of the son she desired, she had three daughters. Her husband, Mr. Rev. Roger Minchin, was particularly convincing and did some excellent work in that part.

Kathryn Johnson scored a success as the triumphant Lady Noeline, the oldest daughter and main character of the family. George Long played athletic Lord Litterly, barred from friendship with Lady Noeline because of the petty jealousies of Lady Castlejordan.

When Lady Noeline, played so well by Kathryn Johnson, appeared on the scene, Lady Noeline was indignant. She insulted and snubbed Litterly until Litterly, by this time weakened, capitulated to his good looking, athletic, nonchalant young Englishman. She could hardly help this, especially when the part was so well acted.

If you didn't see Andre de Grival and Lord Tweenways you certainly missed half your life. Andre de Grival was the viracious young Frenchman is romantically in love with Lady Castlejordan. One cannot blame him, for Betty Eason, de Grival's companion, Lord Tweenways, was true to life as an Englishman of pedigree and did some excellent bits of acting in that capacity.

Lady Tweenways, played so well by Kitty Burr, was the baby and also the tomboy of the family and not at all interested in all the "love rot." She gave "Tweeney," always accustomed to being listened to, the shock of his life by telling him calmly to "shut up," when he proposed to her for the third time.

The "boys" were taught to hunt by their old game warden. This part was excellently portrayed by Craig Mead, who did perhaps the best piece of steady and consistent characterization in the whole play. Although a minor part, he his pipe and his dog (long hair by Mr. Bauer) will be remembered by all who saw him.

Helen Bates was quite severe and convincing as Sergeant Shuter, the gymnasium instructor of the Belton boys.

Yonatt, played by Howard Jordan, was a perfect type of the old family butler, who has the weight of the family on his shoulders.

The play was well produced, with a smoothness and finish often for given to an amateur production. There were no "prompts" on either nights. The players were so well coached, they knew their lines so perfectly that they were all at ease and seemed really to live the parts.

The scenery, made by members of the class, was particularly attractive. Indeed, the class and the audience had every reason to be pleased with the production.

## COMPASS CLUB SOCIAL

Orchestra Makes Its First Appearance at Joint Party

The Palmyra Compass Club and the Ladies' Auxiliary held a joint meeting and social last Friday evening. This affair was marked by the first appearance of the Compass Club orchestra which is made up entirely of members.

Several numbers were rendered which were appreciated by all, especially those who took advantage of the opportunity to dance.

Refreshments were served by the ladies after which the members enjoyed themselves at cards and the rehearsal are now going on for the minstrel show which will be presented soon.

## SCHOOL SURVEY

The survey of the Palmyra school system by the State Board is now under way. Professors King and Parley, of the University of Pennsylvania, have been given the assignment and started work last Monday.

These experts will have to make tests in all rooms and go over a mass of data before any definite report can be made. The survey is not expected to be finished until the end of the school year.

## BOWLING

The Women's bowling team of the Riverton County Club won two games from Cynwyd Saturday April 17th.

Miss I. Loueragan	131	156	145
Mrs. Schuble	182	167	187
Mrs. Zook	89	118	123
Miss M. Loueragan	102	127	120
Miss R. Loueragan	143	134	157

Mrs. How. Taylor	126	155	137
Mrs. Hahn	111	108	135
Mrs. Wayne Ayres	120	121	181
Mrs. Ritchard	152	143	127
Mrs. O. Mattie	161	157	147

Both teams were entertained at dinner at the County Club preceding the matches.

The men's bowling team also won two games from Cynwyd.

Ed. Lippincott	132	176	120
Ed. Shaner	150	200	182
J. Bartley	161	187	191
H. Coe	189	154	181
Wayne Ayres	186	178	160

The men's team lost two games to Overbrook, Monday, April 16th.

J. D. Clark	223	210	180
Ed. Shaner	110	203	187
Ed. Lippincott	201	144	174

## GIRL SCOUTS

The interest in our Girl Scouts is far below the level. Every mother is not responding to the call but every mother should.

In our various programs, can't each and every mother find at least one or all of its parts interesting enough to participate in them, patronize them and profit by them? A call from your girls and for them they aim to make theirs the outstanding troop in Burlington County.

Here's how:—First, we have a measuring party which will take place on Tuesday, April 24th. Ask any Scout for details. A special invitation is extended to those who are pleasantly plump.

One will also find room in the gymnasium of the Methodist Church. Do not miss the entertainment given for you by your girls. Refreshments will be served. Enough for the thin, not too much for the plump.

On April 28th, you will have the opportunity of sampling the fruits of the kitchens of Palmyra and Riverton. Come forth and judge the ability of the culinary artists of your old home town. On this date we will hold a cake sale sponsored by the Girl Scouts Mothers Auxiliary and aided by the Girl Scouts.

You may also be pleased to obtain for this these things made from ragbag scraps by our handy little Troop No. 1.

Last but not least, on May 5th we are holding a rummage sale.

Kindly save your discarded clothing and the girls will be very glad to call for them. Your cooperation and interest is much appreciated. Get together, Mothers, and don't disappoint your girls.

Kindly save your discarded clothing and the girls will be very glad to call for them. Your cooperation and interest is much appreciated. Get together, Mothers, and don't disappoint your girls.

Kindly save your discarded clothing and the girls will be very glad to call for them. Your cooperation and interest is much appreciated. Get together, Mothers, and don't disappoint your girls.

# Better Home with Greater Leisure follows the use of GAS SERVANTS

## Every Home Needs Plenty of Hot Water

When a shampoo is needed before an important engagement can be kept—when there is a pile of dishes to be washed—there is no need to wait for water to heat, if the home is equipped with an automatic storage water heater.

The heater automatically maintains a plentiful supply of hot water in the big insulated tank. When the water reaches the required degree of heat, the gas shuts off except for a tiny pilot light. When it is necessary to heat more water the gas automatically turns on.

At Public Service stores a small down payment will install an automatic storage water heater any size or style desired.

## Bright Coloring Is A New Note in Modern Gas Ranges

To give that final touch to your kitchen, which makes it as modern in equipment and decorative treatment as the other rooms in the house, install an Estate gas range with gayly colored finish.

For today's kitchens are colorful—color in the walls and floors, colored furniture, cooking utensils finished in gay shades, and now to complete the room, an Estate Gas Range trimmed in red or lady green or King's blue.

Each of these Estate ranges has the favorably known fresh air bake oven, built like a double boiler, and is equipped with the ThermEstate (oven heat regulator) and has all the other exclusive features of the Estate.

These colorful Estate gas ranges are on sale at Public Service Stores, and any one of them may be bought on the easy payment plan.

## The Burning of Rubbish Lessens Fire Hazards

Rubbish should not be allowed to collect. A gas incinerator disposes of all garbage and rubbish quickly and without smoke or odor.

A gas incinerator may be purchased on the easy payment plan. The cash price for a 23½ bushel size is \$175. On terms \$185.50 \$9 down—18 months to pay.

## Gas Radiant Heater Banishes Chill

The atmosphere of a room is brighter when a cheery fire burns on the hearth. If gas is piped into the fireplace the beauty and warmth of an open fire may be enjoyed without preparation and without cleaning up afterward.

Public Service has many attractive styles of fireplace heaters. Some adopt the form of logs or are patterned after old-fashioned coal burners, while others are designed in period styles.

Gas heaters costing \$25 or over are installed without charge.

## Gas Simplifies House Heating and Eliminates Work of Attending the Furnace

STEAM, hot water, vapor or warm air, whichever heating system you prefer may be used when gas heats your home. Gas is merely the fuel that provides the heat to be distributed by any of the systems ordinarily used.

Gas is burned in a specially designed furnace, which occupies comparatively little space in the cellar or basement. There is no coal bin, no fuel tank and consequently no dust, no dirt, or grime. The cellar is clean, the yard is clean, flower beds take the place of ash cans.

Thermotastically controlled, the gas furnace gives you the degree of heat which you want when you want it. It is safe and quiet, dependable and sanitary.

The gas boiler or furnace once placed in operation continues to function until it is turned off. There is no worry as to fuel supply, no fear that the fire will go out or that it will get too hot.

## Gas Clothes Dryer Keeps Washing Clean

Taken directly from the wringer and placed in the gas clothes dryer there is no chance for dust or dirt to soil the newly washed clothes.

The dryer has capacity for a large washing. It is so well ventilated that materials come out as fresh as if they had been dried out of doors.

Cash price \$135. On terms \$142.50 or \$5 down, 18 months to pay.

## HOME-MAKING

Public Service invites its customers to ask any question concerning gas appliances of its Home Economics Department through the Public Service Store nearest you. This department is comprised of women trained in the domestic arts, one of whom will call at your home, at your request, and help you to get the most from your gas appliances.

# PUBLIC SERVICE

Gas heaters costing \$25 or over are installed without charge.

## Palmyra Council Fixes Sewer Rent

Properties Not in Original District Must Pay \$8 Per Year

At the meeting of Palmyra Borough Council Tuesday evening an ordinance was introduced fixing the sewer rental at \$8.00 per year, payable semi-annually, for all such properties as were not included in the original sewer district, and which consequently were not assessed for the construction of the entire system.

Properties in the original sewer district pay a rental of \$4.00 per year and also were assessed pro rata for the total cost of the improvement.

The sidewalk assessment commission, appointed to assess charges in connection with the extension of the sewer system, made last year, reported there had been considerable protest against the charges for removing trees and stumps.

A charge of \$135 had been made for two stumps on the John C. D. Grifflinger property, Charles street, the necessity for the removal of which was doubted by the commission inasmuch as the members did not think the stumps were in the line of the sidewalk. Mr. E. H. Carr also protested a bill of \$315 for tree removal.

Will Share Cost  
After some discussion the commission, consisting of Albert N. Stewart, Albert Hycroft and George J. Spencer, recommended that the Borough pay half the cost of tree removal from the improved property, but that the owners of unimproved sections who are developing their land for real estate purposes pay the full cost themselves.

Mayor Wilmer reported on a recent conference with officials of Cinnaminson Township regarding the township's contribution to Palmyra for fire and police protection. No demands were made on the township, but the officials were merely asked to bear in mind, when making up appropriations, the fact that the township is doing work for the Palmyra fire and police departments for Cinnaminson Township.

Police Report  
Following is the Police report for the period from March 20, 1923 to April 17, 1923:

One arrest for speeding.  
One arrest for passing worthless checks.  
Two arrests for disorderly conduct.  
One arrest for driving an automobile without driver's license.  
Six arrests for drunkenness.  
One arrest for driving car with improper tags.  
One arrest for burglary.  
Two arrests for driving while under the influence of liquor.  
There were five boys picked up on runaways from Philadelphia the ages ranging from 9 to 12 years. The parents were notified and called for them during the evening so that they did not have to spend the night in jail.

C. C. McKee, Chief of Police.

Building Report  
The following building permits were issued by the Building Inspector during the month of March:

H. H. Wells, 238 Delaware avenue, 7-room house, \$6,000.  
G. W. Cherry, Market and Jefferson, 3-car garage, \$1,000.  
M. Bradley, 506 Orchard avenue, alteration, \$1,000.  
W. Hartman, 800 Highland avenue, 1-car garage, \$250.  
E. Parker, 602 Parry avenue, new roof, \$400.  
George Evans, 304 Columbia avenue, new roof, \$300.  
Mrs. G. Barber, 321 Parry avenue, new roof, \$370.  
Mrs. Harry, 730 Cinnaminson avenue, new roof, \$330.  
R. Bush, 512 Cinnaminson, 1-car garage, \$175.  
N. Wallace, 26 W. Broad street, enclosed porch, \$75.  
Louis Lugal, 614 and Legion avenue, dwelling, \$2,500.  
M. L. Kitchin, 100 N. 45, Schaefer, dwelling, \$3,500.  
JOHN A. KITCHIN, Jr., Inspector.

## SCOUT NEWS

Scout Executive Gives Illustrated Lecture to Riverton Troop

Mr. Tallis, the Scout Executive of this county, was a guest at the last meeting of Troop No. 1, Riverton. He brought a lantern and slides of birds, flowers, insects and trees, and gave an illustrated talk on those subjects, to the members of the troop. His talk lasted a half hour and this was the gist of it.

In New Jersey there are ten thousand known insects, and a great portion of this number is microscopic, or slightly larger.  
The habits of the Japanese beetle are peculiar. They burrow in the ground about two feet in the and lay their eggs on a grub worm's back. When the eggs hatch the little beetles eat the grub and crawl out to live for the summer (if a "bugger" doesn't get him).

We learned that a "lady bug" is useful to kill tiny insects who lodge in cracks in the bark of trees, that there are bats with a wing-spread of over six feet, and many other unusual and interesting things. Most of the boys expressed a vain desire to have Mr. Tallis every Friday.

SCRIBER

## AMBULANCE ASSOCIATION

The regular monthly meeting of the Palmyra Ambulance Association will be held in the fire house next Friday evening, April 20, at 8 p. m. Every member, nurse and driver is requested to be present.

At this meeting, arrangements will be made for the annual tag day and cake sale on Saturday, May 12. All other organizations are requested to keep this date open as this is one of the ways in which our organization secures enough funds to keep running. We feel that we have proved our worth and we will ask for generous donations from the people of Palmyra, Riverton and Cinnaminson Township next month.

George N. Wimer, President

Plan, practice and frankness have been banned from New York school teachers in an effort to encourage more balanced results.

A Mouse considers it a sin to eat bread with a knife, declaring that hands were given for that purpose.

## S. S. BOARD

Methodist Officers and Teachers Enjoy Splendid Banquet

A special meeting of the Sunday School board of the Methodist Church was held last Monday evening. There was a large attendance of officers and teachers.

The Rev. R. J. Beasley, County Secretary of Religious Education was present and made the address of the evening.

The business meeting of the board was held after the banquet. Reports of the Sunday School were made which showed everything to be in excellent condition.

Last Sunday 74 officers and teachers out of a possible 80 were present at the Sunday School, showing that a great interest is being taken by all.

## Rotary to Manage Boys Week Here

Big Athletic Program Will Be Held at Riverton Memorial Park

Boys' Week will begin on May 6 this year. During the week's activities and as a part of the athletic program, one day is set aside for a general gathering where contests are held in the various field sports.

This year, however, this great day which is eagerly looked forward to by all the younger athletes will be sponsored by the Palmyra-Riverton Rotary Club. Plans are now being formulated by the Boys' Week committee, which comprises Joseph T. Evans, the Rev. George Lockett and Harold B. Lever.

While plans for the entire week are in a formative state, it will be opened by attending church services at the Central Baptist Church, Sunday evening, May 6. As far as it can be ascertained the field activities will be held at Memorial Park, Riverton.

Col. William A. Carlton, Executive Officer of the 78th Division, gave a very interesting talk at the Club Thursday evening last entitled "World Peace." Many startling facts were revealed by the Colonel, all of which must be given thorough consideration in the establishing of peace throughout the world. The Club will hold a combined meeting with the Lions Club of Palmyra and Riverton on next Tuesday evening, April 24. Every member is urged to be present and help to make a 100% attendance as this will take the place of the regular Thursday evening meeting and attendance recorded accordingly.

The Lions are "roaring" for the Club to come, so it's up to the Rotarians to "roar" and get there by six o'clock sharp.

## NEW POLITICAL ORGANIZATION

Will Fight Corruption and Gang Methods Among Colored Voters

On Monday evening, April 16, the men interested in clean politics among the colored citizens of Burlington county, met and organized the Active Workers Republican Committee of the colored voters of the county. Representatives from all the towns in the county were present and permanent organization was made. The officers are as follows: Peel Poindexter, president; W. H. Holland, vice-president; Earl Williams, secretary; Roy Williams, corresponding secretary; Lee Hill, treasurer; Rev. Hicks, of Beverly, chaplain. A board of trustees of the men also was chosen: E. C. Coleman, chairman; Sam Taylor, Fred Todd, Walter Klug, S. I. Thompson, A. L. Tatem, John Poindexter, R. Cromwell, B. Patterson, W. H. Ridout, thus completing the necessary working force.

This organization will represent all the citizens over the county who have been long disgusted with the methods and evasive tactics of old dictatorial bodies among the negroes, and who have not been voting because of this nauseating condition. The Active Workers Committee has made up its slate of candidates and it will support and place before the voters throughout the county, and from now on will be very actively engaged in holding meetings and arousing the dormant voters and instructing all who desire to know the worthwhile things to work for in the field of politics. This organization is to be permanent and active not only at campaign time but in the intervals to hold schools for voters and classes of instruction for men and women in such intervals, so that a more intelligent vote will be forthcoming at subsequent elections, thus doing what we feel to be the best way to elect and keep out the gang control through the enlightenment of the people themselves.

Roy Williams, Correspond. Sec.

## CIVICS CLUB PLAY

Palmyra School Children to Present "Rescued by Radio"

On Friday, April 27, the Franklin Civics Club will present a play entitled, "Rescued by Radio." The proceeds of this play will be used for the annual trip down the river. You can see this play for the price of a moving picture. Reserved seat 25c and general admission 15c.

Reserve this night, April 27, on your calendar and come to the High School auditorium. Your presence will be an encouragement to the boys and girls and we know you will enjoy the performance.

## "AND HOW" TONIGHT

Local Club Show Ready for Big Three Nights Run

The curtain is ready to rise tonight on "And How," the Lions' show of 1923.

The big cast has been trained to perfection, the scenery is all in place and everything is "all set" for the three nights run of the biggest amateur theatrical effort in the history of the Twin Cities.

There are a few good seats left for each performance.

## Theatre Movement for Palmyra, Plan

Frank J. Hillard, Member of Actors' Equity Would Develop Drama Here

In writing this article I still endeavor to give a version of the theatre and the great part it plays in communities of our country. Few people give the theatre credit for the great part it has played in shaping civilization. It is generally thought of merely as a relaxation and amusement.

This is not the case, I knew the importance of the stage, both from my own experience as an actor, director and playwright. The theatre has proven to be a great organ for spreading education and ideals. Whatever the delight in reading a great tale, the seeing and hearing of it is more memorable," wrote E. E. Hale, in an article on Stephen Phillips' "Paolo and Francesca" some thirty years ago. "The stage adds to the play the pictures for the eye, but also the poignant beauty of voice."

From its rude beginnings in tribal dances down to the present day the theatre has striven to interpret the people and their life, to give personal liberty, great playfulness and great actors have generously had more than little of the preacher in them. Shakespeare was a superior educator. Therefore, I cannot help but mention the theatre from the pleasure and recreation of the theatre-going, there is always this deeper note.

Egypt has become part of Europe, dominating the modern States in beauty and art. It was the idea of the late Khedive Ismail, father of the King Fuad, the first, present ruler of Egypt, to endow his capital with an opera house, with a view of paying the debt of the exploitation of the theatrical field, thus promoting the national education.

It was only during this past winter that an English company, under the direction of Robert Atkins, visited Cairo to perform Shakespeare's plays at the invitation of the Minister of Cairo, one of the most prominent pioneers of national progress. Never before had the English and turbaned, nor had he conceived likely that his plays would be performed in the land where the most ancient empires reigned, leaving after their death the ruins of which have held the admiration of the whole world.

Spoken drama will never perish, though we have some phenomenal wonders shown on the screen, the silent drama but with all its wonders, the spoken drama will hold its own. Poor is the community that cannot boast of some form of theatre, even though they be only amateur theatricals.

Having completed my contract with the "Hollman Productions, Inc." of New York City, I have come to the conclusion that I am in need of being with my family, here at home. Some months ago I planned to organize a semi-professional permanent Little Theatre movement in this community and vicinity.

I have received permission from the "Actors Equity Association" of New York, with which organization I am affiliated, I feel that the time has come to materialize my plans. All those interested in the welfare of the theatre, including public, churches, schools, clubs and other organizations, that have taken part in any form of dramatic activities undoubtedly will root hard for the success of the Semi-Professional Theatre Movement Co-operation will be deeply appreciated by the writer. The success of such a semi-professional theatrical movement, if further information on public support, I further information desired call Riverton 327.

## HONOR ROLL OF RIVERTON SCHOOL

Grade 3  
First honor—German Weber, John Wallace, Harry Reiger, William Good, George Cumpston, Adele Conwell, Betty Lutz, Margaret Schocker, Mary Turner, Doris Michener.  
Second honor—Ed Coy, Lisk Beresford, Elmer Butters, Loraine Hellings, Dorothy Hook, Eleanor Mattis, Betty Richman, Jane Ruthertford.

Grade 4  
First honor—Elise Howell, Kathryn Schneider, Olive Jones, Florence Gorman, Gladys Bishop, Dorothy Byers, Betty Bailey, Harold Baker, Robertson Cox, Jack Haley, Mayfield, Charles Hader, Robert Wallace, Jack Young.  
Second honor—Elizabeth Weber, Eleanor Gordon, Virginia Nicol, Mary Greer, Helen Cooper, Marian Atkinson, Bernice Williams, Edna DeGraw, Edward Hebrew, Edward Smith.

Grade 5  
First honor—Howard Barto, Eleanor Williams.  
Second honor—Dolores Biddle, Robert Cole, Robert Corneal, Marjorie Lick, Mary Patterson, Dorothy Richman, Susanne Teplin, Lawrence Witte, Elizabeth Woolton.

Grade 6  
First honor—Dorothy Speer, Ma Lavery, Pauline Jones, Josephine Buckley, Henry Nalbey, Edwin Moore, Ruth Bartley, Irene DeGraw, Ellen Howell.  
Second honor—Alexander Brown, Carolyn Evans, Maude Freeman, Mildred Kerrigan, Jean Reiger, Grace Young, Ruth Van Selver, Jack Michener, William Thackeray, Joseph Yearly, Carl Weber.

Grade 7  
First honor—Ruth Bach, Dorothy Corneal, Elma Jones, Elizabeth Mayfield, Adelaide Roedig, Betty Sinn, Carl Glad, Grace Goodwin, Rose Lavery.

Second honor—Walter Barclay, Robert Mattis, Marie Scattergood, Eleanor Taylor, Catherine Barr, Grace Kneibler.

Grade 8  
First honor—Charles Woolton, Margaret Waller, Agnes McDermott, Mary Kenney, Irma Barto, Alice Bartley.  
Second honor—Sara Adams, Gerald Reynolds, Robert Korman, Daniel Gual, Harry Gootes, Daniel Clifton, Louise Ayres.

She: What do you suppose I did when father told me you were here?

He: "Oh, I suppose you colored up a bit."

She: "Sir!"

## FIRE CHIEF WILL DECIDE FIRE CALLS

(Continued from Page 1)

highway committee, as it was a matter of grave importance to all residents of the Borough.

Councilman Randell was of the opinion the construction of a permanent roadway on Main street, Avenue out of public funds committed the Borough to take the same course of procedure in future road work, which he thought, taking everything into consideration, was the better plan.

Mayor Rogers pointed out progress would be much faster under the direct assessment plan, where by all of the remaining streets could be done at one time without raising the tax rate to a prohibitive figure. The Mayor said, however, both plans had merits and disadvantages, and he would be very glad to get the sentiment of the taxpayers in the matter.

Councilman Hubbs said he thought council should proceed very slowly in the matter of permanent street improvement, as the construction of a sewer disposal plant would have to be faced soon, that should require relaying the present sewer pipes on several of the streets.

Sewer Plans  
Councilman Lynch said wherever the sewer lines had to be changed the road improvement would not be undertaken until after the change had been made. According to plan, drawn several years ago and approved by the Board of Freeholders, selecting Jack's Run as the location for the sewer disposal plant, only four streets would have to be dug up—Fourth, Second, Linden avenue and Fulton street. This location, Mr. Lynch said, would enable Cinnaminson Township to utilize the disposal plant if it desired to do so at some future time.

Avenue in Bad Shape  
Councilman Lynch called attention to the deplorable condition of the roadway on Bank avenue, the Bank itself and the retaining wall and wanted to know if it was necessary for Council to keep after the property owners who were responsible for the condition of the road. Mr. Hubbs said he understood the Bank avenue folks had agreed last year to keep the roadway in a satisfactory state of repair. If the borough authorities could not get the property owners to take over Bank avenue and make it a part of the borough road system, Mr. Lynch, who was a member of the committee which had studied with the residents of Bank avenue, would like to see the statement made by Mr. Hubbs.

Attention was called to the rapid inroads the river is making on the bank lawn where the wall has given way. It was suggested that the private property owners be powerless to correct this condition, but Mr. Lynch broadly hinted that he believed means could be found to persuade the property owners to keep the bank in repair.

Linden Avenue Blocked  
While Bank avenue was under discussion, Mr. Hubbs asked if Linden avenue did not originally run to the water's edge. Mr. Lynch replied that the garbage and debris of all sorts had been dumped on the beach, closing the river end of the roadway.

John H. Fisher and his brother, who have charge of the collection of garbage in the borough, had been called before council to answer charges of poor service. Mr. Fisher asked for some specific instances of neglectful duty which were given. Mr. Fisher replied he was a hundred complaints he could make but refrained from doing so, citing only a few of the difficulties with which he had to contend. He said that depends on the weather. Trucks were thrown into garbage piles where they froze into solid masses which he could not possibly remove, and during the summer large quantities of decayed pears and apples were thrown into the garbage cans in places, besides lawn scrapings, papers, dead flowers, etc., while at the year-round he was troubled with tin cans, broken glass and all other refuse which he had no proper place in garbage pails.

The Dripping Wagon  
The charge that water dripped on the streets from his wagon was explained by the fact that the garbage pails were not being emptied which if he did not drain it off occasionally would fill the wagon and overflow. Mr. Fisher said he tried to drain the wagon on the less important streets, but that sometimes the pressure of the water was so great it floated the plug right out of the drain vent.

The mayor told Mr. Fisher that he was under contract and under bond to remove the refuse satisfactorily, but that council was willing to cooperate with him and if he had any more trouble such as he had outlined, he should report the matter to Council.

Councilman Randell called attention to the terms of the contract under which Mr. Fisher is operating, which imposes a penalty of \$100 on householders who put broken bottles or cans, glass, tin cans, trash in the garbage, and the collector is not required to remove garbage containing such things.

Rental to Fire Co., \$1500  
Mr. Randell presented a resolution which was unanimously passed designating \$1500 a year as the rental to be paid the Riverton Fire Company for the use of the council chamber, the jail and housing the fire apparatus.

The building inspector submitted his report showing \$3,000 of building operations during the month and fees amounting to \$150.00. The Medical Inspector's report was accompanied by fees amounting to \$50.00.

Councilman Lynch reporting for the borough property committee in the absence of the chairman, Edward R. Williams, said the Memorial Park had been rated, the holes filled and rolled.

Mr. Lynch presented a request from the Rotary Club for use of Memorial Park on May 6, at which time the club will entertain the Burlington County Athletic Association for its annual field meet. The event will be in charge of Harold "Boots" Lever. The matter was referred to the borough property committee.

Councilman Bartley presented a resolution which was unanimously adopted, empowering the mayor and clerk to borrow money by the issuance of notes in anticipation of the collection of taxes.

Conference With R. K. Company  
Mr. Randell reported he had

been in touch with railroad officials and tentatively arranged for a meeting between a committee from the borough and representatives of the company to discuss grades, the removal of the freight station, etc., and suggested that such a committee be appointed, whereupon the Mayor appointed Councilmen Lynch, Randall, Welch and Williams.

The mayor reported he had received an invitation from the Edge-water Park Township Voters' League to attend a zoning meeting to be held on the 19th of April. On request of council the mayor agreed to represent Riverton on this occasion.

Another invitation had been received from the Camden Chamber of Commerce to be addressed by Mayor Harry E. Mackey. The subject was not stated but it was presumed to be connected with the Tri-State Regional Planning project.

Better Transportation  
Mayor Rogers reported that Mayor Holman, of Merchantville, had sent out a questionnaire asking whether the governing bodies of South Jersey would be interested in a meeting to be called to discuss improving transportation between suburban points and Camden and Philadelphia.

Mr. Randell suggested the mayor reply to the Mayor of Merchantville, and would be interested in such a meeting, and that Council would be represented if it is called.

The mayor appointed the following Fourth of July Committee: Councilmen Hubbs, Lynch and Williams.

The following bills were ordered paid:

BOURNE ORGANIZATION  
N. J. State League of Municipalities, subscription, \$3.33  
C. Kenneth Davis, postage, 25.00

## OYSTER SUPPER

Palmyra Firemen Give Annual Treat This Thursday Evening

The fifth annual Oyster Supper, given by the Ladies' Auxiliary of the Independence Fire Company, will be held at the Palmyra Fire House tonight. Proceeds are for benefit of the equipment fund.

Mrs. Joseph Stack, who is chair-lady of the supper committee, wishes everyone to know that the supper need not interfere with their attendance at the Lions' show as those who wish may get away early.

This affair promises to be even more enjoyable this year than ever before, since everyone connected with it has put forth a great effort to make it a success. The firemen have been out selling tickets and plenty of food will be on hand. Those who have attended these suppers before know there is a rare treat in store for them.

The menu will consist of oysters, ham, potatoes, cold slaw, pickles, relishes, hot biscuits, coffee, ice cream and cake. There will be generous portions for everyone. Don't forget the firemen.

## Enterprise Praises Charles R. Stout

Burlington Paper, Member of Political Opposition, Corrects False Report

The Burlington Daily Enterprise, owned by Joseph R. Cheesman, which has been violently opposed to the Burlington County Board of Freeholders, has published the following:

"Rumor has been current for some time that Charles R. Stout, of Freeholder member of the Burlington County Board of Freeholders, an opponent of the Burlington County Republican Committee, is working against the building of the Burlington-Bristol bridge. The report is emphatically denied by Joseph R. Cheesman, of this city, the bridge promoter.

"Mr. Cheesman declared that nothing could be further from the truth than the alleged action of the county chairman. He says, on the other hand, that Mr. Stout has done more than anybody else in the county not directly connected with the bridge, in trying to make a success of the attempt to span the Delaware river between this city and Bristol.

"Mr. Stout went to Washington with Mr. Cheesman to help secure the passage of the bridge bill through Congress. Mr. Stout's work in Washington was admitted by valuable reason of his knowledge of men and affairs and parties, the credit for which was done in the national capital indubitably belongs to him.

"Not only in Washington, but in Burlington county, Mr. Stout has spoken in favor of the bridge and given help where he thought help was needed. Mr. Stout is the head of the road system in Burlington county and he knows that system eventually will be tied to the coming Burlington-Bristol bridge. It realizes the value of the bridge to the road system and what the two combined will do for welfare of Burlington county and the welfare of the State.

"Naturally, then, he could not be opposed to the bridge, for he would be opposed to his own road system, his own county, and his own official interests. Moreover, it was through Mr. Stout that the Board of Freeholders adopted a resolution expressing the belief of the board in the value of the river span and pledging co-operation in securing it.

"Mr. Cheesman says he believes in giving every man what is due him and will not stand by passively and see Mr. Stout criticized for a fault of which he is not guilty."

## Community Sport Plans Advanced

Executive Committee Arranges to Open Grounds to Children During Day

A meeting of the executive committee of the Palmyra Community Movement was held in the home of President R. E. Wilson Wednesday evening, April 18. The chairman of all committees were present as well as the officers of the movement.

The lease of the Field Club grounds for 1923 was signed by the Committee and plans for the coming season were discussed. Arrangements to open the grounds during the day to the children of Palmyra under the supervision of the Boy Scouts, Y. M. C. A. or some similar responsible organization were discussed.

The renting of the grounds to other organizations on dates when the home baseball team will be away was brought up. The playing of evening games was proposed as well as Saturday afternoon and holiday games.

A second team was advocated to help build up material for the first team. Plans were formed to obtain baseball uniforms and equipment. Many other problems which confront this growing movement were talked over and decisions as to the best method of meeting them were made.

Rapid progress and cheerful cooperation of citizens and organizations was reported by Ralph Riviere, chairman of the Finance Committee. Palmyra will have real baseball this summer. Outdoor sports and recreation for all of our young people is fast becoming a reality, as the result of the community movement.

## ANNUAL EXHIBITION

Given by The DOROTHY WARNER SCHOOL OF DANCING

Miss Lillian Houck, Instructress

HIGH SCHOOL AUDITORIUM, PALMYRA, N. J.

TUESDAY EVENING, MAY 22, 1923

## Marble Tourney Drawing to Close

Local Champs Will Meet at YMCA Palmyra on Saturday Morning

The marble tournament being carried on under the direction of the Burlington County YMCA, through the courtesy of the teachers of the various schools of the county is fast drawing to the final round.

The local division of the county, including the schools of Riverton, Palmyra and Cinnaminson, have practically completed their play for the school champion. These champions, together with the runner-up from each school, will meet at the YMCA in Palmyra on Saturday of this week to compete for the district championship. The winner and runner-up will then compete at Mount Holly on the next Saturday to determine the championship of Burlington County.

The winner and runner-up from Mount Holly will compete at Camden for the sectional and inter-county championships and the winner from there will go to Atlantic City to compete in the final Marble tournament late in June.

The Philadelphia Evening Bulletin is the agency sponsoring this tournament and all prizes are being posted by them.

Saturday the play for the sectional championship of Palmyra, Riverton and Cinnaminson will start promptly at 10:30 a. m.

## COUNTY ZONING ENDORSED BY HEADS OF MUNICIPALITIES

Representatives of 23 Municipalities Endorse County Wide Plan

### ZONING EXPLAINED BY NOTED EXPERTS

More than a hundred delegates, representing twenty-three of the thirty-nine municipalities in Burlington County, unanimously passed a resolution Thursday night of last week favoring the cooperative zoning of the cities, boroughs and townships in the county, and the appointment of a committee to confer with zoning engineers and report. The resolution was introduced by Mayor George N. Wimer, of Palmyra.

This action which is considered one of the most important events in the recent history of the county, was taken at a meeting in Grange Hall, Burlington, called by the Edgewater Park Voters' League to explain the advantages of the various municipalities working together in this matter.

The meeting was preceded by a dinner. The business session was opened by George D. B. Keim, president of the League, who briefly explained the object in view and introduced Acting Mayor Harold V. Holmes, of Burlington, who welcomed the guests in the name of the city.

**Zoning Defined.**  
George B. Ford, international authority on zoning, was the first speaker. Mr. Ford was called upon by the French government to direct the reconstruction of the areas devastated by the World War, and is the only man in the world who has received the decoration of the French Legion of Honor for engineering services.

Mr. Ford defined zoning as "protection against the harmful use of neighboring property," and that Burlington county was the pioneer in the whole country in the matter of attempting zoning on a county-wide cooperative plan.

Mr. Ford pointed out the inevitable growth in the population of Burlington county owing to the construction of the Camden bridge and the other two bridges in immediate prospect — the Tacony-Palmyra bridge already started, and the Bristol-Burlington bridge, which will soon follow, and emphasized the necessity for the towns in the county working together, both because of the financial saving, and the better results in mutual benefit and protection of the whole county.

New York, said Mr. Ford, was the first city in the United States to zone—thirteen years ago. Mr. Ford declared that no municipality that had tried zoning ever repeated its zoning laws.

The amendment to the State Constitution, permitting municipalities in New Jersey to pass zoning legislation, was adopted by a 3 to 1 vote.

**Buon Coming to County.**  
Howard Strong, secretary-director of the Tri-State Regional Planning Federation, of Philadelphia, said that the wave of population from the centers of Pennsylvania was bound to overflow Burlington County just as soon as the Tacony-Palmyra bridge is completed, and pointed out the dangers of an uncontrolled rapid growth in population. He said that the county was undoubtedly in for a boom, but that unless proper provision was made to wisely direct it, it might become a liability instead of an asset.

Howard Strong, secretary of the League, asked Mr. Ford what effect zoning would have on the prices of real estate, to which Mr. Ford replied that it always had a stabilizing influence. He cited several instances where zoning had brought back communities or sections which had started to slip, and actually restored others which had suffered a sharp decline in value.

William H. Conrad, postmaster of Burlington, spoke at length on the zoning as a means of keeping the various community activities and interests in their proper places, thereby maintaining a high standard of life and preventing the injury of sections still to be built up. Mr. Conrad said that very valuable parts of the county were given over to agriculture, which should be retained for that purpose. Zoning will also help public utilities and highway departments to plan their extensions intelligently, he said.

**How Moorestown Did It.**  
Edmund J. Moore, of Moorestown, told of the plans for zoning which have been carried to the point of holding an ordinance to the township committee for consideration, outlined the steps taken by the Moorestown Improvement Association and the Moorestown Recreation Association in the development of plans for zoning. Mr. Ford had been retained by the committee in charge of the work, and has prepared plans and maps covering every phase of the situation that existed or could be anticipated at the present time.

Mr. Hechling said that as soon as it became known that Moorestown contemplated establishing a system of zoning the town was deluged with persons who wanted to get a foothold in what were to be the restricted areas. "Real estate bootleggers" he termed them.

**Every Town Represented.**  
Just before the meeting closed a resolution was passed that the committee on zoning, provided for in Mr. Wimer's resolution, should consist of H. B. Smith, county engineer; Clifford Emmons, master of Pomona Grange; Howard Ross, director of the Board of Freeholders; Roy D. Cole, president of the Burlington County Real Estate Board; T. Sherman Borden, president of the Burlington County Board of Agriculture, and one representative from each municipality in the county, plus the municipal engineers. Dr. B. Keim, of Moorestown, was named as chairman.

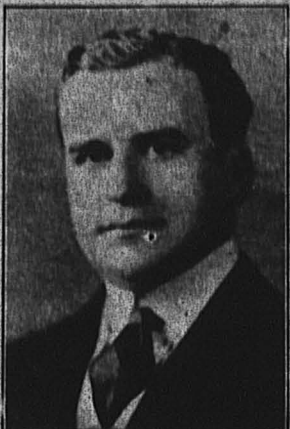

### ZONING EXPERT

GEORGE B. FORD

International authority on zoning who spoke at the meeting in Burlington Thursday night of last week.

### FAVORS ZONING

GEORGE D. B. KEIM

Edgewater Park Voters' League president, who presided at the zoning meeting held in Burlington Thursday night.

### RAIN FAILS TO HALT BOYS ARDOR

Youngsters Turn Out In Force for Practice Game Saturday

Last Saturday was another rainy day but it could not dampen the interest shown by the boys at Memorial Park.

The small boys had their usual exciting baseball game. They are all on edge waiting for their uniforms and anxious for their regular League games to start. The committee almost had to take the bat and balls away from them to make them stop playing in the rain.

The Riverton Juniors mixed with the seniors on the big diamond and in spite of the weather it was an enjoyable day. About fifteen applicants were on hand to try out for the big team and Manager MacMullin had his hands full switching the players around from place to place trying to get a line on their ability.

We have no doubts about our Riverton team who are coming to the first game. Let us hope it comes soon.

Next Saturday the Athletic Association given way to the boys of Burlington County who are coming here to Riverton to participate in the Boys' week athletic events.

### CAR HITS PREACHER

Calvin Boal, of Palmyra, in Accident in Camden

The Rev. Dr. Walter C. Boal, a Camden clergyman, was injured in an automobile accident Monday. His car collided with a car driven by Calvin Boal, of Palmyra, at Hayes and Lott Avenues, Camden.

Boal was not injured but Boal was pinned beneath his car, which overturned. A witness helped the Palmyra man to extricate Dr. Boal and he was taken to the Cooper Hospital, where his condition was at first considered serious. It was feared that his skull had been fractured but he is now reported to be well on the road to recovery.

Boal reported the accident to the police and was released. The Rev. Boal is the pastor of St. Andrew's Episcopal Church, Camden.

### Dr. F. W. MARCY

Dr. Frederick Williamson Marcy, one of Camden's best known physicians, and a brother of Dr. Alex. Marcy, Jr., of Riverton, died suddenly Friday morning, at his home 311 Penn street, Camden.

Apparently in good health, Dr. Marcy visited his patients Thursday morning, but complained of being ill soon after he returned to his home in the early afternoon. He grew steadily worse until 4 o'clock Friday morning when he passed away.

The doctor was a son of Dr. V. M. Marcy and was born in Cold Spring. He was a graduate of the University of Pennsylvania Medical College, enlisted in the World War and rose to the rank of captain in the medical corps of the United States Army.

## QUIGLEY FINDS STOLEN AUTO

Camden Man's Car Found Deserted by Officer Quigley

Last Saturday morning Officer Quigley found a Chevrolet touring car between Fulton street and the creek on Broad street. The car bore a Camden County license.

The Camden police, with whom Quigley communicated, gave the local officer the name and address of the owner who came after the car a short while later.

This car had been missing since Thursday evening when it was stolen from the lot of the Bigley Theatre in Camden.

## Obsolete Plumbing, Menace to Health

Charles W. Wanger, Rivertonian Discusses Health Value of Modern Plumbing

The people of the United States have a world-wide reputation for progress, initiative and prompt utilization of new things of value. The general public has passed from the kerosene lamp to the gas light and on to electric illumination with hardly a backward glance. The horse and buggy, for personal use, has gone into the discard, and man has stepped into the automobile.

Similarly, man has kept abreast of the progress of medicine in many respects. Modern surgery, modern treatment for certain diseases such as diabetes, diphtheria and malaria, and new preventive treatments of such diseases as lockjaw and smallpox are not only generally understood, but are demanded by the public.

But people do not accept new things blindly. They want the facts; only when they know and understand the facts and realize their worth, do the old ideas, the old ways, the old apparatus, lose their popularity and the new takes their place.

In recent years many things have been learned about the common contagious diseases such as diphtheria, scarlet fever, typhoid fever and tuberculosis. It is now known that many of these diseases are caused by certain germs, which pass from the sick to the healthy with the discharges of the nose, throat, or intestinal tract.

Modern practice to prevent the spread of the diseases referred to consists in the immediate safeguarding of the body discharges of the patient. All of these germs laden discharges from the mouth and nose should be caught in a handkerchief or cloth and immediately disinfected or burned. The discharges from the bladder and intestines should be treated with a disinfectant and disposed of in a safe manner. Prompt, scrupulous cleanliness of the patient, of the attendant and the sick room is the thing that prevents the spread of the disease. There is no need for terminal disinfection of any kind.

A very real safeguard against disease is to know that the plumbing in your home is not antiquated and cannot be breeding disease. Old, cracked toilet seats under the microscope would reveal to you a condition that would astound you, and what a joy and satisfaction it is to know that the seat is spotlessly clean.

Modern sanitation has taken great strides in guarding the health of the public with its beautiful vitreous china lavatories, snow white, and so constructed that they are always spotlessly clean. The toilet bowl with a deep seal of water that prevents the smallest particle of sewer gas from escaping into the room; and the tub, which makes the old bathtub almost seem like a nightmare and the daily bath or shower a thing of joy.

All first-class hotels have long since discovered the need for a bath with each room and the hotels that do not offer that convenience are not fitted.

When you consider what your dollar will buy in comfort and convenience in sanitary equipment, you will realize that you get a lot more for your money than you can get in the purchase of almost any other commodity.

The life insurance companies tell us that premature death due to disease has been cut down 10 per cent in the last 16 years, and it is a significant fact that the same percentage of time has been spent in the old fashioned out-house and the coming of the modern bathroom, the disappearance of the inadequate living-room coal stove and the appearance of the modern radiator to circulate heat evenly throughout the house.

Without question, your doctor's first lieutenant in disease prevention is your master plumber and heating contractor, who installs the modern sanitary and heating equipment which protects your home and your health.

Don't think of your master plumber and heating contractor merely as a man who knows how to cut pipe or "wipe a joint." His apprenticeship and education and the things he is required to know would astound you.

He is qualified to plan the sanitary and heating equipment of your home, as well as to install it, and it is always his ideal to furnish you with reliable fixtures and fittings properly chosen for your needs and pocketbook.

You can trust your master plumber and heating contractor and heed his advice. You can confide in him your needs for modern heating and sanitary equipment.

**APPRECIATION**  
We wish to express our appreciation of the work done by the Riverton Fire Company at our property on Wednesday evening, April 11.

## PLANNER AT PORCH CLUB

Secretary of Regional Planning Federation Speaks at Charter Luncheon

### CLUB CELEBRATES 20th ANNIVERSARY

A vitally important subject to citizens of Riverton was brought to members of the Porch Club when Howard Strong, talked on Regional Planning, before that organization at its charter luncheon on April 24—the occasion of the twentieth anniversary of its incorporation.

Mr. Strong made it very clear that when a community had many things of which it may well be proud it is so very apt to settle back, assuming a rather smug and complacent air, and by so doing become quite blind to the fact that its near neighbors are keeping wide awake to the signs of the times and are marching past it.

Mr. Strong explained very concisely, using stereoscopic views by way of illustration, the master-plan for Regional Planning of the Tri-State District.

**Vision of William Penn**  
William Penn was America's first city planner, but his plan included more than a city. It embraced the needs of a region. He had a great vision and, although his contemporaries thought his ideas beyond any realm of possibility, he had his maps drawn on which he specified five distinct parks which should be kept for all time as parks in which the people of a great city which was to come could enjoy the beauty of Nature. Philadelphia has exceeded to a great extent even the most sanguine expectations of her founder.

The Wissahickon Valley is internationally known for its natural beauty. Mr. Strong showed that there are other valleys around Philadelphia, if returned to and maintained in their natural beauty, would rival the Wissahickon.

**Preserve Natural Beauty**  
Every district has its own section of natural beauty which could be secured and maintained as a park to the joy of the people in that district. If they, as a community, would be farseeing enough to secure it before it is too late.

Woodbury has already made a marvelous park along its water edge. Camden has set aside two million dollars with another million to be added to reclaim Cooper Creek.

**Why not Riverton?**  
If Riverton is not awake to the possibilities of her future development and getting these parks under control, she will lose up some day after the Tacony-Palmyra bridge is completed and herself an industrial section. Every good citizen wants Riverton to grow but that growth should be healthy. What are the people of Riverton going to do about it?

**Must Have Vision**  
After Mr. Strong finished his talk, Mrs. J. Edgar spoke a few words to the members of the club. Mrs. Hiers emphasized the fact that people must have vision and these ideals must be implanted in the heads of the children of today so the work of this generation shall not have been in vain. "Where there is no vision the people perish."

Nearly one hundred members were present to enjoy these few hours together, to which Mrs. Samuel Collin added so much pleasure by singing two solos, and from which every one could go home with a new vision of what Riverton can become.

## BOY'S WEEK PROGRAM BEING ARRANGED HERE

Boy's Week activities as arranged by the Palmyra-Riverton Rotary Club will be opened this Sunday evening, April 29, when the boys in this vicinity will attend services in the Central Baptist Church.

The Rev. George (Bishop) Lockard has in store for the boys a fine evening of entertainment, one of the features of the service, the boys' chorus, which will render several numbers.

To this service, have been invited the Boy Scouts of this vicinity and the Junior League, as well as inspiration to all fathers and mothers.

On Wednesday and Thursday evenings, May 2 and 3, the Boy's Work Committee of the Club has negotiated for free admission of all boys to the Broadway Palace Theatre when they will see Will Rogers in "Texas Steer."

Friday will be known as Industrial Day. The members of the graduating class of the Palmyra High School have been invited by the Club to take a tour through the industrial plants in this vicinity. They will visit the Henry A. Drexler Nurseries, the Palmyra Foundry, the Johnson Manufacturing Company plants where every consideration will be extended to make their visit most instructive.

Saturday will be the day of all days for the sporting of all boys. A track meet will be held at Memorial Park, Riverton, and a varied program has been arranged.

The program for the week is being sponsored entirely by the Rotary Club of Palmyra and Riverton and is in direct supervision of the Boys' Work Commission, consisting of the Rev. Henry Lockard, of Palmyra; James C. Clark, Richard Barclay and Joseph T. Evans (chairman), of Riverton; and Harold (Bootsy) Lever of Palmyra.

While this is being conducted by the Club, it is earnestly hoped that every citizen of the Twin Cities will encourage the boys by attending and rooting for them during these events.

Let's give at least this one day to the boys and declare a holiday in their honor.

## TAYLOR WILL KEEP EYE ON EUROPE

Local Auburn Dealer Predicts Big Things in Speed Contests

James Taylor, proprietor of Taylor's Garage, Broad street, Riverton, and local agent for the Auburn car, will take more interest in Europe for the next few weeks than he has felt since the big war ended.

Two of the cars were shipped to Rome, Italy where they will be stripped of fenders and headlights and entered in the Milan, Italy 1000-Mile Road Race. Both cars will be driven by Italian drivers in this event.

Morton drove the Auburn Speedster 104.347 miles an hour for a two way average. His fastest time was 108.466 miles an hour. Four speedster models of the type used by Wade Morton at Daytona Beach, Fla. February 20, have been shipped to Europe by the Auburn Company for entrance in continental races. And Mr. Taylor is expecting them to make history in auto racing.

A third car was shipped to Gothenburg, Sweden for entrance in the road races in that country, and the fourth was sent to Zurich, Switzerland to be entered in the races there.

All four cars are stock models, duplicates of the car used by Morton at Daytona when he made his record. These speedster models use the regular 14-h.p. Lycoming motor and the regular 115 Auburn chassis and are not special.

## New Riverton Bank Building Advances

Home of Cinnaminson Bank and Trust Company to Open May 24

The work on Riverton's new bank building is progressing very rapidly and it is expected that the Cinnaminson Bank and Trust Company will be in its new home by the 24th of May.

The interior is being finished in the most up-to-date manner. All furnishings are to be of the most modern for bank use. The comfort and convenience of its patrons seem to be uppermost in the plans for the interior.

In front of the building there will be a cement plaza. On either side of this and along the west side of the bank shrubbery will be planted.

The vault in the new bank is equipped with a ventilator, and a suction fan, set in front of the entrance, keeps the vault supplied with fresh air until the door can be opened. The fan is run by electricity. The opening of the ventilator is large enough to allow fresh air to be pumped into the imprisoned person.

Another feature of the new vault is that it has a telephone with outside connections so that any one locked in there may communicate with those outside the structure. As soon as the ventilator is opened the burglar alarm is sounded just the same as if an attempt were made to "blow" a window or "blow" the safe.

The common use of this protective measure in bank vaults will result in saving persons who become locked in them who otherwise would be suffocated.

## K. of C. SPONSOR PLAY ON MAY 9

Local Talent in Addition to Film at Walt Whitman Theatre

Plans are being formulated to entertain the residents of Riverton and Palmyra at the Walt Whitman Theatre, 46th street and Westfield avenues, Camden, on Wednesday night, May 9.

The feature picture to be shown is "Rustler Kestrel," a picture which contains 1000 laughs, heart throbs, thrills and everything that can be produced to make a real good picture.

It is also planned to have some of the stars of recently given local shows to help entertain their town-folks. Of course everybody would like to see some of the talented young folks of these twin towns on a big stage and no doubt will help to boost our communities a little.

**Mrs. SAMUEL C. WOOLMAN**  
Mrs. Samuel C. Woolman, formerly of Philadelphia, but for the past several years a resident of Riverton, died at her home, 601 Riverbank, Wednesday, April twenty-four. She is survived by two daughters, Miss Helen E. Woolman and Mrs. C. Stuart Somerville; and two sons, Walter K. Woolman, of Riverton and Clarence S. Woolman, of Chicago.

Services will be held at her late residence, 2 p. m., Friday.

**Mrs. MARGARET BOOTH**  
Funeral services for Mrs. Margaret Booth, 43 years old, 4427 Higbee street, Philadelphia, who was killed by a train at East Riverton, Wednesday of last week, were held at the Snyder Funeral Home, Palmyra, Saturday afternoon at two o'clock. Interment was made in North Cedar Hill Cemetery at Philadelphia.

Her son, Frank Booth, lives at 1115 Garfield avenue, Palmyra. Another son, Joseph, lives in Philadelphia.

Mrs. Booth was a member of the Presbyterian M. E. Church and an active church worker. More than a hundred and fifty members attended the funeral services.

## PROFESSOR HEBERLING PRAISES MODERN YOUTH

14-Year-Old Youngsters Arrested on Girls' Charges

Thomas Allen and Clyde Daniels, two colored boys, 14 years old, were arraigned before Police Justice Flechter Monday afternoon charged with attempted attack upon the two daughters of Joshua Clark who lives in the farm house at the foot of Delaware avenue, Palmyra.

The girls, Elizabeth, 14 years old, and Anna, 9 years old, were returning to their home about 9 o'clock Friday night when the boys, who were hiding along the path which leads to the house, approached them. The older girl struggled with the two until one of them asked the other for a razor. This frightened her so that she screamed at the top of her voice and the boys became frightened and fled.

The girls ran to their home and told their parents of their experience and they immediately got in touch with the police. They were able to locate the boys and took them into custody.

Thomas Allen has been in trouble before in connection with the theft of a watch. They were held under \$100 bail each for appearance before the Court at Mount Holly on May 3.

## Towns Will Join in Fireworks

Chairman Hubbs Arranged for Big Joint Display on July Fourth

Councilman Clarence N. Hubbs, chairman of the Riverton Fourth of July Committee, is making arrangements whereby Palmyra and Riverton will join in the fireworks display on the night of July 4.

Mr. Hubbs has taken up the matter with the Lions Club of Palmyra and the Rotary Club of Riverton. Both organizations are favorable to the proposition made by Mr. Hubbs that Palmyra contribute \$500. This amount, added to the sum Riverton will spend, will insure a fireworks display costing about \$1,000. This \$1,000, which will be set off from barges anchored in the river at the foot of Elm avenue, the dividing line between the two towns.

Mr. Hubbs proposes to advertise the event in all of the surrounding towns by means of circulars dropped from airplanes.

Other plans for the celebration this year are under way which will surpass anything before attempted in Riverton.

## "PHYSICAL NEEDS OF OUR CHILDREN"

Dr. Rogers Tells Cinnaminson Parents How to Keep Children Fit

Dr. Harry L. Rogers, of Riverton, addressed the Westfield Public School Parent-Teacher Association at their April meeting.

"Vital Physical Needs of Our Children" covered not only the needs of the pupil but also the needs of the parent. Physically better school children necessarily follow better care of babies and pre-school children. Defects found and remedied before school age will add to the efficiency of the child as a pupil. Regular feeding of babies and children is just as important as regular meals for adults. And as far as vaccination is concerned, the mother's letter. A child of six months can be vaccinated and can be more easily cared for; is not so sick and there is less danger of knocking or otherwise injuring the vaccination than in the case of his older brother or sister of school age.

With the coming "Summer Round-Up" and Pre-School Clinic, Dr. Rogers is particularly interested in checking the children involved. The check is easily given and shows accurately whether or not the child is susceptible to diphtheria. It has been scientifically shown to render the child immune from diphtheria for life, is given. When it is considered that in less fortunate areas children have been rendered crippled for life or have had to face life with heavy handicap from poison from diphtheria it seems the only just and practical thing to render the children of today immune from diphtheria.

The Parent-Teachers Association of Westfield Public School, Cinnaminson, has wholeheartedly accepted the check test idea. With the parent's consent each pre-school child will be tested at the pre-school clinic sometime in May.

The school nurses, Miss Helen Blair and Miss Carolyn Cook, will follow up the work of the clinic. It is hoped that the beginning of the following school year will find the entrance class and the other school children unhandicapped by physical disabilities that can be corrected.

## YMCA MEETING

Plans for Annual Drive Completed at Dinner

Twelve men from Palmyra and an equal number from Riverton were present at the County YMCA meeting in the Community House, Moorestown, Tuesday evening. Plans were completed for the annual drive for funds to carry on the work of the organization.

A very tasty dinner was served to the men after which they were entertained by the YMCA orchestra. Frank Thatcher was toastmaster and Judge Wells was one of the speakers.

Members of the organization will convene the town in a few days.

## PARENT-TEACHER ASSOCIATION HOLDS POPULAR ANNUAL EVENT

MOTION PICTURES OF FIELD DAY

"Your child's path through life is lighted only by the torch which you place in his hand." This was one of the significant statements made by James Heberling, Professor of Child Holding of the University of Pennsylvania, when he spoke to a large audience of fathers and mothers at the Riverton Public School on Thursday, April 19, 1928. This was the "Fathers' Night" meeting of the Parent-Teacher Association and was in every way a most profitable meeting for all concerned.

Professor Heberling continued by saying "The present generation of young people is the finest group of young people the world has ever seen. They startle us by their frankness, but their frankness is one of their best features. They do and say the same kind of things that have been done and said for generations past, but they do it openly. It is much better to know what your children are doing even though you do not approve of it."

**Children's Standards**  
"Children's standards of life are those that they continually see around them. If parents' standards and ideals are not high they cannot expect the children to be high. Our children rate us by the way we live, not by the way we talk."

Professor Heberling continued with many interesting experiences and much valuable advice. All who heard his speak were most enthusiastic, and appreciated his message.

Another very interesting feature of the evening was a number of short compositions on "My Dad, What He Means to Me," written by the children in the school without their knowledge that they were to be read on this occasion. Some twelve or fifteen of the best were read by Mona Elliott much to the amusement and edification of those present. One in particular was marked "I certainly did enjoy those compositions. It sure did make you stop to think how careful you must act and talk in front of your children."

**Motion Pictures**  
Miss Chew had a word of welcome to all, and explanations of some of the exhibits displayed in the building.

Every one was most interested in the motion pictures which were taken and shown by Robert Knight and Charles DeLaney. The first reel was pictures of the Riverton School Field Day, 1927, followed by a number of other interesting town affairs; and lastly a splendid reel of Lindbergh's epic flight.

Ice cream and cakes were served, the cookies having been made by the domestic science classes under the direction of Miss Bosnarh.

The meeting was in charge of Clifton Mayfield. Exhibits of the children's work were found in every room, and each teacher present to talk to the parents concerning the progress of their children. The displays in the Domestic Science and Manual Training rooms were worthy of special comment.

**Awards for Attendance**  
Parents were requested to register in each room where they have a child as rewards were given to the classes having the highest percentage of parents present. A very fine Bird Book was given to the class having the highest percentage of fathers present and was won by the first grade taught by Mrs. Justice. A literary map, which must be seen to be appreciated, was won by the seventh grade taught by Mrs. Bowser for having the highest percentage of mothers present.

**Fathers' Night at the Riverton School** has for several years past been a most valuable meeting from every standpoint. It gives the fathers an excellent opportunity during the year to see just what their children are doing in school and talk to the teachers concerning the work. It gives the children an incentive to put forth their best effort to do for the children. And the fathers and mothers get a chance of entertainment and good advice to help them in their job of being good fathers.

## LOCAL CANDIDATES

Many Candidates to Fill Offices Both Local and State

Candidates for local offices in Riverton and Cinnaminson townships filed their petitions with the municipal clerk last Thursday as follows:

**Riverton—Members of Borough Council:** Robert Clelland, William Lyndon, Charles DeLaney, and Edgar W. Miller.

**Justice of Peace:** Josiah Conwell, S. Howard Troth.

**County Committee—West District:** Morris J. Steele, Francis G. Goodwin, Jr. Mrs. Edwin H. Bowser.

**Second District:** John C. Geiss. Third District: Edward H. Flagg, Mrs. Emma A. Elliott.

**Cinnaminson Township—Member Township Committee:** Charles Evans, Fred Green.

**County Committee—First District:** Hannah G. Evans. Second District: Lilian Hansen, Beanie Fox, Wilbur Plau, Anna Mae Brown.

## DAYLIGHT SAVING

Daylight saving will go into effect at two o'clock Sunday morning, April 29.

It is sometimes easier to step into another man's shoes than it is to walk in them.

(Paid for by Fred Garretson, Campaign Mgr., Perth Amboy, N. J.)

### BURLINGTON COUNTY EXTENSION SERVICE

Charles A. Thompson, County Agricultural Agent; Leonard R. Smith, Associate County Agricultural Agent. Office, Corner Main and Union Streets, Mount Holly. Phone 259

#### APPLE SCAB

The apple scab spray card was sent out on Saturday, April 14. In view of the slow tree development, practically all sprays applied this week for scab control will beat the so-called pre-pink stage. This means that unless much higher temperatures prevail during the present week that occurred last week, a second scab spray will be necessary in those orchards where scab has been serious in the past. This will be particularly important in the case of late blossoming varieties like Rome. In orchards where scab has never been a serious problem, one application of lime-sulfur 1 to 40, just as the buds begin to show pink, should be sufficient.

#### CHERRIES POPULAR

Japanese flowering cherries, introduced into the United States in 1862, and now established throughout the eastern part of the country, have become of great interest in the last ten years. More than one dozen nurseries are offering from 1 to 10 of the best varieties. Probably the best known and most popular collection of flowering cherries is that in Potomac Park, Washington, D. C. In 1912, through the generosity of the city of Tokyo, nearly 2000 trees, including the best varieties known to Japanese horticulturists, were presented to the city of Washington, and planted in Potomac Park. The earliest flowering variety of this collection, the Yoshino, which encircles the Tidal Basin, usually bursts into bloom late in March or early in April.

To those persons interested in growing the flowering cherries, it is suggested that they write the County Agricultural Extension Office, Mt. Holly, requesting a copy of Circular 31-A, entitled "Japanese Flowering Cherries." This publication discusses the history of the cultivation of Japanese flowering cherries in Japan, Europe and the United States. The chief horticultural varieties are described, and cultural directions are given, together with data on hardiness, fruiting habits, propagation, diseases and insect pests.

#### AMERICAN FOREST WEEK

President Coolidge has designated the week of April 22-28, as American Forest Week for nationwide observance. The text of the President's proclamation is as follows:

"For several years a special week has been set apart for public discussion of our forests and of what must be done to conserve and restore them. Among the agencies making for progress in this direction, American Forest Week has proved its usefulness, and I am glad to proclaim it again and to announce that Canada is again concurrently observing a similar week.

"The rehabilitation of our forests demands, first of all, that the forest fire evil be suppressed. Many of the forested states, with the cooperation of timberland owners, have undertaken organized protection against forest fires; and in recent years, under the Clarke-McNary law, the Federal Government has given its support to the movement. This

year of 1928, I recommend to the Governors of the various states that they also designate this week for special observance by all our people; and that where practicable and not in conflict with law or custom, Arbor Day be observed during the course of the same week. I urge that during that week all citizens and appropriate organizations, educators, editors, clergymen, landowners, and others, give thought to the preservation and wise use of our forests, to the end that energetic forest policies will be adopted in all communities.

#### Special Program

A two-weeks' period, April 20th to May 6th, inclusive—is being set apart by the Burlington County Extension Service, for the promotion of a concentrated educational program in forestry. During this period an effort will be made to secure the cooperation of the service clubs, schools, granges, Parent-Teacher Association, the organization of Boy Scouts, and newspaper editors in public the amount of waste land in bringing to the attention of the Burlington County, and the tremendous value that might be derived from the proper development of this land into forests. Fifty-eight percent of the total area of the county is in forest or wild land, which represents 303,777 acres. A large percentage of this land, due to repeated damage by fire and destructive lumbering, is brush land or has been recently burned over, and is now idle and unproductive. All of this vast area can produce timber crops, profitably to the owner, and greatly needed by the people of Burlington County.

A large part of this forest land pays no taxes, and has not for years. The last state survey showed that nearly 700,000 acres were not assessed for taxation. On what real value could an assessment be placed? Unproductive, it will continue to pay no taxes. It demands and creates expenditures for roads, policing, education and protection. Until it is able to pay its share of the taxes, property owners in the more developed sections must continue to carry the burden. Given adequate protection from fire, and reclaimed with thrifty timber crops which it can produce, it can bear its fair share of taxation. At the same time, it will prove profitable to the owners and produce timber crops needed by the public. Stop forest fires and even up the tax bill!

Forestry Tour May 1 and 2  
A tour of two days' duration will be so routed as to make it possible for interested parties in each South Jersey county to conveniently attend at least one day.

"Now, THEREFORE, I, CALVIN COOLIDGE, President of the United States of America, do hereby designate and set aside as American Forest Week the week beginning April 22 and ending April 28th, in this

year of 1928. I recommend to the Governors of the various states that they also designate this week for special observance by all our people; and that where practicable and not in conflict with law or custom, Arbor Day be observed during the course of the same week. I urge that during that week all citizens and appropriate organizations, educators, editors, clergymen, landowners, and others, give thought to the preservation and wise use of our forests, to the end that energetic forest policies will be adopted in all communities.

The tour will include stops at woodlands under proper management, unmanaged and neglected woodlands, serious fire hazards, properly constructed fire lines, experimental plots in state forests, forest fire lookout towers, forest planting demonstrations, the value of transplanting seedlings in forest plantings, together with typical forest conditions and problems in each region to be visited.

The itinerary that will be followed will be made public prior to the date of the tour, to enable those interested to join with the tour at any stop and to see those things in which they are particularly interested.

EMERGENCY APPROPRIATION  
Information has just been received from Doctor J. H. McNeil, Chief of Animal Industry, that the Legislature had appropriated and the Governor approved the Emergency Appropriation Bill, containing an item of \$50,000 to carry on tuberculosis eradication work for the remainder of the year. This will be welcome news to the farmers of the County who anticipated having their herds tested, because it will mean that indemnities can be paid on condemned cattle.

Anyone interested in securing further information on tuberculosis test work, or the securing of applications for test, should communicate with County Agent, Charles A. Thompson, Mount Holly.

Greenland Ranch, California, has observed the maximum recorded temperature, 134 degrees Fahrenheit.

By the eternals, Hoosiers are for Hoover.—Fort Wayne Journal Gazette.

## STATE PRESIDENT AT COUNTRY CLUB

Mrs. Louis de Valliere is Entertained at Riverton by Burlington County P.T.A. Council

Mrs. Louis de Valliere, president of the New Jersey Parent-Teacher Association, was entertained at the Riverton Country Club Friday afternoon by the Burlington County Council of the Parent-Teacher Association. A luncheon was served in the club house at one o'clock. Mrs. Arthur Hagston, of Riverton, president of the county organization, was the toastmaster.

Mrs. de Valliere who is about to retire from office, was presented with a handsome platinum brooch, set with aquamarines and diamonds. The gift was made in appreciation of the great work that she has done.

The Palmyra High School Orchestra gave an excellent program. The Burlington County Saxette, headed by Mrs. William Grobler, of Moorestown, sang several selections. The principal speaker was Mrs. Shoate, of Easton, who spoke on what the Parent-Teacher Association meant to the mothers and what it stood for. The speaker was president of the organization for eighteen years when it was known as the Congress of Mothers.

## BENEFIT CARD PARTY

A crowd of at least 125 is expected to attend the card party for the benefit of the Burlington County

Section of the National Council of Jewish Women at the home of Mrs. Miller Wolf, East Main street, Moorestown, this Thursday evening, April 26.

iff's and other Sales, Administrators' and Executors' Adver-  
tisements are solicited. The New Era will appreciate being  
remembered in this connection.

## COMMON SENSE VERSUS HYSTERIA

A great deal of very temperate,  
undignified and altogether discredit-  
able matter is being published by  
leading Burlington county news-  
papers in connection with the cam-  
paign for nomination of candidates  
for the Board of Freeholders, a  
campaign which is becoming intense-  
ly bitter and which bids fair to  
lead to a bitter and unseemly  
struggle in the near future. The  
struggle in Burlington county making  
the monumental mistake of eliminat-  
ing Emmor Roberts from public  
life.

It is extremely regrettable that  
in a county which has won a wide-  
spread reputation for the kindness  
of its people, primary election cam-  
paigns should be conducted in con-  
tests of mud-slinging, sarcasm and  
bitter personal attacks creating en-  
mities among prominent citizens  
that years will not efface.

The press of the county has taken  
a leading part in furthering this  
spirit of animosity and certain  
editors appear to have completely lost  
their heads, even so far as stepping  
the bounds of journalistic propriety  
as to apply insulting epithets to  
those on the opposite side of the  
question. These editors are not  
likely to look back over the files  
of their publications with any degree  
of satisfaction in time to come.  
An election campaign is soon over  
but memories of bitter words and  
accusations endure for years and  
ancient grudges and hatreds, given  
birth in this and last year's primary  
contests will be resurrected period-  
ically for decades to come.

It is high time that a halt be  
called to this interchange of per-  
sonalities. The electorate must be  
trained to judge a candidate's suit-  
ability more by the principles in-  
volved and to give less consideration  
to the personal element. In this  
Freeholder contest the question to  
be considered is simply whether the  
interests of the taxpayers will be  
better served by retaining Messrs.  
Charles R. Stout and Curwen B.  
Fisher on the Board or by removing  
one or both of them in favor of  
Clarence E. Woodell, James O.  
McCormick. The candidate's ability  
to perform the duties of the office  
in a satisfactory manner and give  
the taxpayers a service commensu-  
rate to the salary paid is the real  
issue, not the fact that so-and-so  
is a "good fellow," a member of this  
or that lodge, religious sect or social  
organization or that he may at  
some time in his life have forgotten  
a promise, told an untruth or failed  
to contribute to some more or less  
worthy cause.

The Banner advocates the re-elec-  
tion of Freeholders Stout and Fish-  
er simply and solely on the grounds  
of economy and sound business  
policy. The position of Freeholder  
is quite different from most other  
elective offices. The members of  
the Board are the trustees of the  
county's property, they are the em-  
ployees of the taxpayers and they  
receive a good, fair salary for their  
services. Their duties require the  
most minute knowledge of existing  
conditions throughout the county.  
This knowledge is not acquired in  
a few weeks or months; it is not  
theoretical learning gained by mere  
study; it must be gathered mainly  
by actual experience in office.

One of the most ruinously expen-  
sive factors in any kind of business  
organization is what is known as  
"labor turnover." It is the dread  
of the manager of such an organiza-  
tion to have competent, experi-  
enced employes quit and be faced  
with the necessity of replacing him  
with a green man who must be  
patiently trained to fill the job.  
The new man is a dead financial loss  
for some time and for this reason  
successful managers do everything  
in their power to keep labor turn-  
over at a minimum and retain their  
organizations intact.

What, therefore would we think  
of the manager of a large business  
house or manufacturing plant if he  
even seriously considered removing  
one or more experienced members  
of his organization whose depart-  
ments were running smoothly and  
replacing them with green men  
merely because someone else wanted  
the jobs? Yet that is just exactly  
what some persons are advocating  
in regard to the Freeholder posi-  
tions.

Burlington county has won na-  
tionwide recognition for the excel-  
lent manner in which her difficult  
road problem has been handled.  
Despite the handicaps of vast area,  
scanty population and low property  
values we have built up a road  
system second to none in the state,  
and while the cost has been high  
early high there is not the slightest  
reason to believe that the tax-  
payers have not received sound  
value for their money. They wanted  
good roads and they got them and  
like everything else that is worth  
while they cost real money. Taken  
by and large, the Board of Free-  
holders has done excellent work  
and none on the board have con-  
tributed more toward these success-  
ful results than Charles R. Stout,  
director of roads and Curwen B.  
Fisher, director of bridges. To re-  
move these two experienced officials  
in the prime of their usefulness to  
the county and replace them with  
untested men would be a piece of  
extravagant stupidity unbelievable  
of an intelligent people.—Beverly  
Banner.

## SHOULD RETAIN FISHER AS FREEHOLDER

Burlington County has no more  
valuable public servant than Free-  
holder Curwen B. Fisher.

Freeholder Fisher devotes all his  
time to the administration of the  
Bridge Department. He has no  
private business to detract from the  
service he gives the county, having  
retired from the ministry before he  
entered political office.

The county has hundreds of  
bridges, ranging from small culverts  
to structures costing half a million  
dollars. They are scattered over the  
whole county and it is a matter  
of life and death to the travelling  
public that all be kept in good  
condition.

The Freeholder spends long hours  
each week inspecting all these  
bridges, with the expert advice of  
the county engineers, and in check-  
ing over carefully all the work  
being done upon them. Complete  
records of every hour of labor spent  
in this work are carefully kept by  
Mr. Fisher, so that none of the  
county's money is wasted.

Mr. Fisher was first elected to  
office because the people of the  
county were convinced of his sterling  
honesty and sincerity. He ran  
against the so-called organization  
candidate for county auditor. The  
"politicians" ignored his candidacy  
and even his friends had little hope  
of his success. But the voters  
wanted the kind of a man they  
knew Fisher to be to represent them  
and he surprised the whole county  
by winning a comparatively easy  
victory at the polls.

The next year he ran for Free-  
holder, believing he could be of  
more service to his county in that  
capacity than as auditor. Again he  
was successful.

This year some of the "politi-  
cians" have marked him for de-  
feat. Mr. Fisher's only weakness  
is that he is not a good "politician."  
He has not the facility of posing as  
one thing before one group of  
voters and as quite another thing to  
another group. He does not make  
glib promises wherever he goes.  
He is courageous and outspoken in  
all matters and takes the same up-  
right stand in all disputes.

These characteristics do not suit  
certain types of political leaders,  
so there is a concerted movement  
this year to "get" Freeholder Fish-  
er.

We hope the voters will remem-  
ber why they elected Mr. Fisher in  
the first place. He has never done  
anything to destroy the good im-  
pression of him they had at that  
time. Rather he has enhanced it.  
Burlington County needs such  
men as Fisher in office.

## P. S. DIRECTORS Elected

Six directors of Public Service  
Corporation of New Jersey, whose  
terms had expired, were re-elected  
for a term of three years at the  
annual meeting of stockholders held  
April 16 in the board room of the  
Terminal Building, Newark. The  
directors re-elected are: Frank Ber-  
gin, Samuel T. Bodine, Usat H.  
McCart, William H. Speer,  
Arthur W. Thompson and Percy S.  
Young.

A real optimist is a bald head-  
ed man who thinks his best girl  
pats him on top of the head be-  
cause she likes it that way.

Remember the good old days  
when you used to sneak into the  
meat market and ask for calves  
liver in a apologetic tone?

# RIVERTON ITEMS

Mr. and Mrs. Richard Milton  
Hollingshead, of Linden avenue, are  
spending a few days at Chalfonts-  
Haddon Hall in Atlantic City.

Mr. and Mrs. M. A. Funk, of  
Pulmon street, are entertaining her  
brother and sister-in-law, Mr. and  
Mrs. Wilbur Albright, of Seattle,  
Washington. For the past six  
months, Mr. and Mrs. Albright have  
been touring through South America  
and Australia.

Mr. and Mrs. Arthur Coe have  
gone to France and Belgium for five  
weeks.

Mr. and Mrs. James McGrager  
Means, of Hartford, Conn., are re-  
ceiving congratulations on the birth  
of a daughter, Sarah Yarnall, on  
April 8th. Mrs. Means will be re-  
membered as Miss Helen Crowell,  
of Riverton.

Mrs. Laura B. Davis, of Thomas  
avenue, and Mr. and Mrs. Melvin  
Davis, of Palmyra, visited relatives  
in Bridgeton on Sunday.

Mrs. Hannah L. Ford, Mrs. Fannie  
E. Reeves and Lewis O. Ford went  
to Elizabeth on Friday to attend  
the wedding Saturday evening of  
Mrs. Ford's granddaughter, Miss  
Selma Oakley, to Richard Wheel-  
wright.

Mr. and Mrs. Walter Reese and  
Mrs. Alice Hlman visited in Trenton  
on Sunday.

Mrs. Francis B. Elwell entertain-  
ed at tea on Monday in honor of  
Mrs. Winfield Wilson, of Golf Road.

Mr. and Mrs. Daniel Willingsmyre  
visited relatives in Camden on Sun-  
day.

Miss Lucille Hollerith, of Wash-  
ington, is visiting her brother, Her-  
man Hollerith, of Midway and  
Thomas.

Mrs. Henry Ashburner has gone  
to Saranac Lake to spend the sum-  
mer with her daughter, Mrs. Har-  
rington. Her home will be occu-  
pied by Floyd Mehroff and family.

Miss Heather Phillips spent Sat-  
urday in New York.

Mr. and Mrs. E. Carpenter and  
son, Jack, were visitors in New  
York on Saturday.

Mrs. Arthur T. Hagatos and Mrs.  
Walter L. Bowen are leaving today  
on Saturday to visit Mrs. Clara Hahn.  
Sunday they spent at Plainfield  
with Mr. and Mrs. John Maloney.

Mrs. L. M. Calderwood, who has  
been spending several months at  
Camden, South Carolina, is staying  
in Riverton for a time.

George Hagatos spent Saturday at  
Lehigh College with Edward Bor-  
don. Saturday was the field day  
of the sub-freshmen.

Mrs. Tizah Smedley, of Norberth,  
spent last Thursday as the guest of  
Mrs. H. E. Brown.

Morris Steedle slipped off the  
back step of his home last Sat-  
urday and sprained his right ankle.

Mrs. Taylor Smith, of Chester,  
and Mrs. Annie Irving, of Nor-  
wood, visited Mrs. H. E. Brown last  
week.

Mrs. Otto Sauers entertained Mrs.  
Sarah McCormick and six married  
daughters, and Mrs. George Cole, of  
Philadelphia, and five guests from  
Riverton at a family reunion last  
Thursday.

Mrs. PeFrot Nevis returned Tues-  
day from visiting her mother, Mrs.  
Daniels, at Massillon, Ohio.

W. G. Mingle and family moved  
from 410 Main street to the Harry  
Brunt property on Eighth street.

## SHOWER

Mrs. William O'Donnell and Mrs.  
Edman W. Thomas gave a surprise  
miscellaneous shower to Miss Eliza-  
beth Casey, at the latter's home  
Friday evening. Miss Casey's mar-  
riage to Marvin Miek, of Merchant-  
ville, will take place in June.

The dining room was artistically  
decorated for the occasion in yellow  
and white.

The evening was spent in dancing,  
and playing games and cards. At a  
late hour refreshments were served  
to some fifty guests.

Many useful and beautiful gifts  
were received by the prospective  
bride.

Among the guests were: Miss  
Mary Mack, of Philadelphia, Mr.  
and Mrs. E. J. Maguire, Delanco;  
Miss Katherine Haehnie, Riverton;  
Mr. and Mrs. William Barr, Sr.,  
Riverton; Mrs. Michael Gorman,  
Brennan, East Riverton; Mr. and  
Mrs. Albert Schuler, Misses Marie  
and Katherine Brennan, Mr. and  
Mrs. Russell Holvick, Riverton; Mrs.  
Charles McCordell, Mrs. John Hal-  
deman, Mr. and Mrs. Joseph A.  
Schwartz, Palmyra; Mr. and Mrs.  
D. Dougherty, Mr. and Mrs. Joseph  
Gorman, Mr. and Mrs. Heater, Mr.  
and Mrs. George Perkins, Mrs. Ray-  
mond Haines, Mrs. Francis J. Barr,  
Mr. and Mrs. William O'Donnell,  
Mr. and Mrs. Edman Thomas, Mr.  
and Mrs. Eugene Casey, Camden  
and William Apinall, Palmyra.

DR. NEWCOMB ON  
PUBLIC HEALTH

On Tuesday, May 8, at 8 p. m.,  
there will be a public health meet-  
ing at the Nurses' Home, 600 Lin-  
coln avenue, Palmyra.

Dr. Marcus W. Newcomb will  
speak on Public Health work in Bur-  
lington County. All members of  
the school boards of Riverton, Pal-  
myra and Cinnaminson are urged  
to attend this meeting; also mem-  
bers of the Borough councils, in fact  
any resident of the three commu-  
nities who is interested in the Pub-  
lic Health program of this locality.

## It is Important

That your winter garments be cleaned before being  
put away for the summer. The right kind of cleaning  
keeps them looking "chick" and helps to prolong the  
life of the material.

After being stored all winter your summer cloth-  
ing is wrinkled and somewhat dirty — They need clean-  
ing also.

Just Phone Riverton 708 and we'll call for your  
clothes and return them to you properly cleaned, re-  
paired and pressed.

## AN APPEAL to the Voters of Riverton

We earnestly solicit your support at the  
Primary Election

MAY 15, 1928

for the Republican Nominations for Borough  
Council.

If elected we will give the best that is in us  
for the benefit of the taxpayers of the Borough.

"A Progressive Riverton Based on Economy  
and Lower Taxes"

Charles DeLaney  
Robert H. Clelland

## STATE PRESIDENT AT COUNTRY CLUB

Mrs. Louis de Valliere is Entertained  
at Riverton by Burlington  
County P.T.A. Council

Mrs. Louis de Valliere, president  
of the New Jersey Parent-Teacher  
Association, was entertained at the  
Riverton Country Club Friday af-  
ternoon by the Burlington County  
Council of the Parent-Teacher As-  
sociation. A luncheon was served in  
the club house at one o'clock. Mrs.  
Arthur Hagatos, of Riverton, pres-  
ident of the county organization, was  
the toastmaster.

Mrs. de Valliere who is about to  
retire from office, was presented  
with a handsome platinum brooch,  
set with aquamarines and diamonds.  
The gift was made in appreciation  
of the great work that she has  
done.

The Palmyra High School Orches-  
tra gave an excellent program. The  
Burlington County Sextette, headed  
by Mrs. William Grobler, of Moore-  
stown, sang several selections.

The principal speaker was Mrs.  
Shoate, of Easton, who spoke on  
what the Parent-Teacher Association  
meant to the mothers and what it  
stood for. The speaker was pres-  
ident of the organization for  
eighteen years when it was known  
as the Congress of Mothers.

## BIG HOP!

Will be given by the Ladies Aux-  
iliary of the Knights of Columbus,  
Saturday evening, April 28. Music  
by St. Francis Xavier Orchestra.  
The committee in charge of the  
dance is comprised of Margaret  
Casey, chairlady, assisted by Marie  
Clelland, Jane Dougherty and Mae  
Burns.

## TO THE REPUBLICAN VOTERS OF BURLINGTON COUNTY

In response to what seems to me  
to be a call to service, I hereby  
announce my candidacy for mem-  
bership on the State Republican  
Committee, at the Primary Election,  
to be held May 15, 1928.

My experience in the Senate and  
on the Bench, and as a campaign-  
er for the Republican Party for  
many years, ought to qualify me  
to be of assistance in matters af-  
fecting the welfare of the Republi-  
can Party.

If you select me at the coming  
Primary as your representative on  
this Committee, I will do my best  
to bring about a united and suc-  
cessful Republican Party.

HAROLD B. WELLS,  
Candidate for Membership on the  
Republican State Committee.

Ordered and paid for by  
Harold B. Wells,  
Campaign Manager.

# BUYS HAHN'S BAKERY

Merchantville Man to Run Long  
Established Business

C. Hammer, of Merchantville, who  
has purchased Hahn's Bakery,  
promises to give the people of Pal-  
myra a bakery service which is un-  
excelled anywhere. Mr. Hammer  
has had thirty years experience as  
a retail baker and is in a position  
to make good his promises.  
The new baker has spent many  
years in the Klondike gold fields  
at Dawson City, Alaska. He prom-  
ises to tell more of his experiences  
when the opportunity arises.

Mrs. Hammer is the brother of  
Mrs. Gus Zimmerman, of Linden  
avenue, Riverton. William Zimmer-  
man will assist him in the new  
bakery.

The store will open for business  
this Saturday after extensive altera-  
tions, which will include complete  
renovation of the store and bake  
shop.

## PHS Track Team Beats Haddonfield

Lever's Squad Scores 33 1-3  
Points to 29 2-3 by Op-  
posing Athletes

"Boots" Lever's Palmyra High School track team defeated Haddonfield in the first meet of the season, held on the Field Club grounds last Wednesday afternoon. The Palmyra boys placed first in four of the seven events and ran up a total of 33 1-3 points to 29 2-3 scored by their opponents. At least two members of the red and white squad were among the first three in every contest except the last, the mile run.

The 100-yard dash was won by Campbell of Haddonfield in 11 seconds flat. Hengert and Sacks of Palmyra took second and third places.

"Spike" Hennessey Shines  
The outstanding feature of Palmyra's triumph was the dazzling work of "Spike" Hennessey, all-around center on the South Jersey Class B championship basketball team last season. He topped two events and finished third in another to carry off the individual scoring laurels of the meet.

Hennessey's feats were registered in the field. He nabbed first place in the running high jump with a leap of five feet, eight inches. Jack Easley, South Jersey Court star, tied for second place with Marcus Lovett of Haddonfield, in the same deal. Hennessey tossed the shot a distance of 37 feet, 9 inches to win that event over Lovett and Frank Hengert, and was third in the running broad jump.

Elwood Stanford, Palmyra, showed marked superiority in the latter event. He hopped 20 feet on his third and last jump, an improvement of two feet over his first attempt. Billy McMea, of Haddonfield, did 19 feet, 9 1/4 inches to share second honors.

Frank Hengert showed his heels to Dave Stern of Haddonfield, and Elwood Stanford, of Palmyra, in the 440-yard tussle. The local lad was clocked at 58 seconds which was considered remarkable considering the conditions he had to face.

The summary:  
100-yard dash—Won by Campbell, Haddonfield; second, A. Hengert, Palmyra; third, Sacks, Palmyra. Time, 11 seconds.

440-yard run—Won by F. Hengert, Palmyra; second, the between Stern, Haddonfield, and Stanford, Palmyra. Time 58 seconds.

One-mile run—Won by Cuthbert, Haddonfield; second, Stern, Haddonfield; third, Dalley, Haddonfield.

Running high jump—Won by Hennessey, Palmyra; second, the between Easley, Palmyra, and Lovett, Haddonfield. Height, 5 feet, 8 inches.

Running broad jump—Won by Stanford, Palmyra; second, McMea, Haddonfield; third, Hennessey, Palmyra. Distance, 20 feet.

Shot-put—Won by Hennessey, Palmyra; second, Lovett, Haddonfield; third, F. Hengert, Palmyra. Distance, 37 feet, 9 inches.

Pole vault—Won by Cuthbert, Haddonfield; second, Bruno, Palmyra; third, the between Lovett, Stanwick, Haddonfield, and Knight, Palmyra. Height, 9 feet.

Couch Lever's boys will compete in the Penn Relays at the University of Pennsylvania, Saturday, and will engage the Haddon Heights team next Wednesday.

## NEW SERVICE STATION

Most Modern Equipment to be Used  
in Washing and Greasing Cars

Morris Steadle will open for business, on May first, his service station at Broad and Lippincott, Riverton.

This new enterprise will give the people of Riverton and vicinity the advantage of high pressure washing and greasing on their automobiles.

Besides gas and oil a large assortment of accessories will be carried for the convenience of the patrons. Ample storage accommodations for cars will be another feature of the new service station.

## MIKADO

Louise Rice, world famous graphologist, can positively read your talents, virtues and faults in the drawings, words and what note that you scribble when "lost in thought."

Send your "scribbles" or signature for analysis. Enclose the picture of the Mikado head, cut from a box of Mikado pencils, and ten cents. Address Louise Rice, care of EAGLE PENCIL CO., NEW YORK CITY

## ADVERTISING SUNSHINE

Plenty of cuts in your advertising is the sunshine that makes results grow. We have the pictures as supplied by CUNU Cut and Copy Service and we will be glad to help you use them. They are free to all our advertisers.

## BAPTIST CHURCH

Rev. George Lockett, Pastor

This afternoon the ladies of the Philathea Class meet at the home of Mrs. Elizabeth Adams, Lincoln avenue and Spring Garden street, for the monthly business meeting and thimble party.

Friday afternoon the Junior BY PU and Happy Hour groups meet as usual, with the Senior BYPU meeting in the evening at 8 o'clock. The pastor will preach both morning and evening on Sunday. The evening service has been set apart as "Boys' Night" and will be especially interesting because of the boys' chorus that will sing, under the direction of the pastor. These voices will range all the way from boy-sopranos to indeterminate bases. The service will be the first of a series of activities during Boys' Week. Be there!

A large number enjoyed the Primary Department's Fahrman Supper last Saturday, and much interest was expressed in the idea of a children's memorial window. More donations for the purpose will be very acceptable and much appreciated.

The Samaritan class again will collect old newspapers this Saturday afternoon. Those who have not already notified any member of the class may call Joe Seel, Riverton 607.

"There is nothing so powerful to destroy any religion, as the public ill example of those who profess it." "Do a good turn daily."

The Junior League Friday 4 p. m. Monthly meeting of The Woman's Foreign Missionary Society will be held in the Church Monday, April 30, 8 p. m. Mrs. Arthur Palmer will conduct the study period. Topic "World's Friendship."

The Ladies Aid Society will meet at the home of Mrs. Mary Rudduck, 725 Washington avenue, Wednesday, May 2, at 3 p. m.

**FIRST LUTHERAN**  
Rev. W. M. Erhard, Pastor

This coming Saturday evening our Ladies' Aid Society will give a chicken and waffle supper in the basement of our church from five to eight o'clock.

Every member of the Luther League is earnestly requested to meet at the church at 7:30 p. m. this evening (Thursday) to go to Camden to the Luther League rally, which is to be held in the Trinity Lutheran Church, Princeton and Kaighn avenue. Our organization has set out to get the banner for high percentage of attendance. What our Luther League has set out to do in part, it has always most admirably accomplished and we are sure that no Luther Leaguer will choose to remain away from this rally and so defeat our purpose.

It has been planned to have a series of rallies in our church services for the various ages. The services will be arranged for the various groups in descending order; first, for grandparents, this coming Sunday; then in two weeks, for mothers' Day, which has become a universally designated American institution, then for young people on May 27th, and by the young people in the evening of that day. Two weeks later, June 10th, is to be observed as Children's Day. In addition to these four "descending age rallies," a special men's meeting is arranged for the morning of June 24th. The effort will be made to get every male member of the church there for that service.

## Better SERVICE from your tires

We sell the best tires made—at low prices—and give service besides.

Too few people realize that much mileage is lost by poor tire application. If your tire is improperly applied it means a pinched tube and a flat tire. You have to pay the cost of tube repair, and suffer annoyance, delay, and loss mileage. Let us put on

your tires and inspect rims and wheels, to assure you maximum mileage. We have the experience and equipment to do the work right.

Drive in today and see for yourself. We'll satisfy you on both quality and price.

## May 5 Inspection Date for Hospital

New County Institution Nearly  
Complete; Formal Open-  
ing in Near Future

The new Burlington County Hospital at Mount Holly, last week was inspected from top to bottom by members of the Board of Council attendants at the annual meeting held in the new institution.

Those who had not before been on such a tour went away more enthusiastic than ever before about the fine constructive work with which they are connected to bring into the county a suitable place to care for the sick and injured. The details of the building were fully explained, as far as time would permit, by Superintendent Slover and the men were thoroughly convinced that all of the important details had been given their share of attention and that the people of the county can show a large degree of pride when they refer to their hospital as being modern in construction and equipment and having a feeling of security that it will be efficiently managed under Mr. Slover's business superintendency.

The time for the formal opening cannot yet be definitely fixed, as there are many things yet to be done and it will not be advisable to rush them to much, but it is believed that the hospital will be ready for a formal inspection to the public on May 5. There will certainly be enough ready at that time to let the people know just what the hospital is going to be.

During the progress of the Council's business meeting the following officers were re-elected for the coming year: President, Franklin S. Chambers, New Lisbon; vice presidents, Alfred E. Darnell, Mount Holly; secretary, Morris K. Perin, Mount Holly; treasurer, A. Engle, Conrow; Moorestown; solicitor, Y. Claude Palmer; treasurer building fund, Charles A. Rigg, Burlington; chairman finance committee, Alexander C. Wood, Jr., Riverton; chairman publicity, Charles La. The University of Pennsylvania, who will head the surgical staff through selection made by the Medical Executive Board appointed by the Board of Managers. Dr. Sumner, Mr. Wood said, will be guaranteed a salary of \$10,000 a year and he made it emphatically clear that not one cent of this will come from any hospital funds that have been contributed by the people of the county.

Surgical work to be done by Dr. Sumner will be charged for according to understanding with those interested and these receipts will be applied to his salary. If the income is not sufficient to pay for his services the deficit will be made up by residents of the county who have underwritten his salary as a guarantee of protection to the funds of the people.

The Council wants the public to clearly understand Dr. Sumner's connection with the hospital. He has given up his private hospital at Brevard, N. C., to come to this section as Dr. Lee's assistant.

John Milton, Lieutenant in the Hudson county Democratic machine last week resigned as acting prosecutor under fire of charges of graft in connection with the investigation of the State Department of Banking and Insurance.

## HUDSON COUNTY MAN RESIGNS UNDER FIRE

Held Office As Prosecutor; Charged  
With Graft; Result of  
Banking Post

He requested to be relieved in a letter to Attorney General Katzenbach, who accepted the resignation and immediately appointed Aloysius McMahon, who the State refused to confirm recently as a lay member of the Court of Errors.

Though the legislative committee conducting the inquiry has given no hint of possible criminal action, in connection with recent revelations Milton's resignation was taken as a forerunner of some drastic action.

Milton's resignation comes closely on the heels of his admission that he split the \$10,000 fee with a young attorney for his services in obtaining a charter for an East Orange bank.

## 5c SETTLES A BIG SMOKE QUESTION

Can there really be a good  
cigar for five cents?

Some men will say it never was, can nor will be done. But this ad says it is being done—that there's a really fine 5c cigar to be had. Havana Ribbon. And it's been on the market thirty years. A cigar has to be good to make such a record.

And Havana Ribbon is better today than ever before. Immense production is doing it—so many millions made; tobacco bought in such huge quantities, we are able to use long-stemmed, ripe tobacco from heart to wrapper. And still keep the price at 5c! Imagine! No bitter under-ripe nor fast-burning over-ripe leaves. No loose bits to come out in your mouth. But all fine, full-flavored, age-mellowed tobacco making a delightfully cool, mild, fragrant smoke. If you've one nickel in your pocket, man, set it to work and let Havana Ribbon settle the five-cent cigar question completely and effectively. Also Practical Pocket Packages of five cigars.

## MILLSIDE FARMS BUYS FINE BULL

S. R. Laslochy, owner of Millside Farms, Riverside, has recently purchased from Paul Moore, Hollow Hill Farm, Convent, N. J., a pure bred Guernsey bull, Convent's Monarch, 13046. This bull was purchased through the New Jersey Guernsey Breeders Association.

The three nearest dams of this bull have official Advanced Registry records of 812, 803 and 717 lbs. of butter fat. When these butter fat records are compared with the average production of cows in New Jersey, which production is about 5000 lbs. of milk and 200 lbs. of butter fat, one can see the real value of a bull bred like Monarch.

Mr. Laslochy has purchased with the last two years two very high bred Guernsey bulls and is running a very high class breeding establishment. His herd is on official Advanced Registry test which is conducted monthly by the New Jersey Agricultural Experiment Station and a number of very fine records are being made. Every effort is put forth by Mr. Laslochy to give the consuming public a very high grade of Golden Guernsey Milk.

## PUBLIC SERVICE GIVES BONUSES

\$5,555 Distributed Among 306 "No  
Accident" Drivers at Camden  
Last Friday

Operators of trolley cars and buses in Southern Division of Public Service Coordinated Transport assembled in Camden Friday to receive \$5,555 in bonuses for the last four-month period under the no-accident bonus plan of the company. There were 306 operators in this division who received bonuses.

The night operators met in the morning and the day operators at night. On each occasion the bonus checks were given out by Louis P. Baughman, director of personnel, Public Service Coordinated Transport, who congratulated Southern Division for the excellent showing made. Newton Avenue Carhouse had the best record among the carhouses and garages in the division. As a result every man at Newton Avenue Carhouse, Camden, got a bonus.

At both the morning and evening sessions the new Public Service motion picture "Unreported" was shown and a talk was given by a representative of the Public Service Safety Education Department.

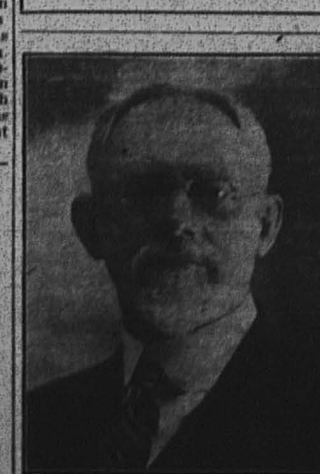

Under the Public Service plan the year is divided into three bonus periods, the most recent one having started December 1, 1927 and ended March 31 of this year. Bonuses are paid as follows for each period: \$20 to operators having a perfect record; \$15 to operators having no more than one accident; \$12.50 to operators having no more than two accidents; \$10 to operators having no more than three accidents.

A special bonus is awarded to the men of the carhouse at Newton Avenue which has the best record in each division. This bonus amounts to \$5 for each man. The record is based on a comparison of the number of accidents per 100,000 car miles during each bonus period with the record for the corresponding four months of the previous year. Operators having perfect records for all three bonus periods of the year will be given a special bonus of \$20, in addition to the period bonuses.

I believe that politics is the science of government and my motto is "Deeds, Not Words."

If re-elected, I shall continue to give to all the people in every section, the same faithful, fair and impartial service.  
Paid for by C. B. Fisher.

## Burlington County Scout Activities

With the coming of Spring the Boy Scouts of course turn to CAMR. The Camping Committee are planning to make this year another Banner Year for Camping, and Headquarters hopes to be able to have full data in the hands of the Scoutmasters within the next few days.

Headquarters would like to have all Scouts attending camp dressed in the Outdoor Service Outfit, which is the most economical and serviceable uniform that can be secured. The cost of the whole outfit is only \$4.10, which includes shirt, shorts, stockings, and belt. The dress of the scouts adds greatly to the spirit and morale of Camp Life and Burlington county cannot afford to let its scouts have anything but the best.

## Antarctic Trip

A Boy Scout is to go with Commander Byrd to the Antarctic. Because of the interest that is being shown by the field in the possibility of Commander Byrd taking a Scout with him on his Antarctic Expedition, we wish to announce at this time, in an official way, that Commander Byrd will take a Scout with him. We are planning to have a conference with Commander Byrd late in April, at which time definite requirements will be decided upon and immediately broadcast to the field. As in the case of the Harmon Foundation Scouts and the two Scouts to go with the Martin Johnson Expedition the local Council will have a very definite share in developing a candidate for this honor. Because

of the rigors of this expedition the boy selected will have to be exceptional and one who can "pull his weight" in real service to the undertaking. Commander Byrd has written an article on "How I Choose My Men," which appeared in the Saturday Evening Post of April 21, which Scout Leaders and Scouts may be interested in reading.

Delancey Troop 2 is holding their meetings (weather permitting) at the Scout Hut on the banks of the Rancocas Creek. This site has been loaned to the Delancey Boys by Mr. Burdette Johnson, who is one of the most ardent supporters. Moorestown and Lenola Troops are busy collecting old newspapers and magazines to assist the Ambulance fund. They are also planning a moving picture benefit for the same cause and hope to be able to raise over \$100.

The boys of Delancey Troop 2 put out a fire in the woods near their cabin recently. The fire had advanced rapidly and gave the boys a taste to get it under control. They saved considerable woodland by their effort and are to be congratulated for their good work.

Scoutmaster E. R. Brown, of Troop 4, Beverly is doing a splendid piece of work with the underprivileged boys of Beverly. The Burlington County Council desires to reach all type of boyhood and Scoutmaster Brown is certainly doing a whole lot of good with a class that is hard to handle.

John H. Warner, Scoutmaster of Troop 1, Palmyra, has sent in the largest amount of additional enrollments for the past month. Troop 1 is again finding its pace and there is no doubt whatever that this unit will be head front at our next meet.

Roebbling Troop 3, has, through the efforts of Carleton B. Sholl, received permission from the Game Commission to raise gray squirrels, which are to be released in the Public Square at Roebbling. It is the intention of the Roebbling Scouts to assist in every way in beautifying their home town.

There are at present eighty-six men employed in the Roebbling Mills who were former scouts in the Roebbling Troop.

The "Jolly Roger" Ship of Beverly is giving a real entertainment on the 13 and 14 of April to raise funds in order to run the ship. This group under Skipper Bengtson is making rapid progress. The ship is full uniformed and make a neat and natty showing.

The "Blue Center" of Roebbling under Skipper Kerr is getting under full sail. They are planning to build a good size boat house at the side of the Scout Hut and are already planning their summer cruise. This group has a splendid home for its ship and should make great headway.

The Mt. Holly Ship under Skipper Arthur Cross are busy studying the fine points of navigation, etc. and are planning to be in the lead when it comes to Sea Scout Contest. A number of troops are considering the forming of Sea Scout Patrols for the Older Scouts. Headquarters will be glad to help in any way possible if only given the opportunity. A postcard to Headquarters is all that is necessary.

You Are Invited  
Troop 2, Moorestown, William C. Colles, Jr., Scoutmaster, invites all Burlington County Scouts and Scout Officials to an illustrated lecture

Put Ideal  
Light in  
Your Kitchen

### Special Offers on Electric Equipment

Attract Thrifty Home-Makers

The price of our Kitchen Lighting Unit has been reduced to \$7 from \$9.50. The new low price includes hanging, inspection, and a Mazda lamp, and you may purchase the light on the divided payment plan at the same price. One dollar down and a dollar a month with your bill.

This kitchen Lighting Unit is of porcelain enamel steel and will not rust or discolor. Its use dispels gloom and glare. A switch plug on the cord permits the use of an electric appliance.

### A Special Offer on An American Beauty Iron

Dispose of your old iron profitably by turning it in when you purchase an American Beauty Electric Iron. The American Beauty sells for \$7.50—one dollar down and a dollar a month, with a dollar allowance for your old iron.

Electric Heaters Have  
New Low Price

To dispel the unexpected chill that comes upon us occasionally, even in summer, keep an electric heater on hand. Prices have been greatly reduced and an excellent heater may be had for as little as \$3.00.

### Electric Percolator Set

Attractively Priced

An attractive coffee percolator, pot, type, with a round tray, cream jug and sugar bowl is selling for \$13.75. The set is a Hotpoint product.

Other electric percolators range in price from \$4.50 to \$17.75.

### THIS IS FOREST WEEK

New Jersey is joining this week with other states in the nation-wide observance of American Forest Week, which has been officially designated by proclamation of President Coolidge for public discussion of our forests and what must be done to safeguard and restore them.

The observance in this state has received the endorsement of the State Board of Agriculture, the State Board of Education, business organizations, clergymen and others.

The program is in charge of former Governor E. C. Stokes, New Jersey State Chairman, assisted by State Forester C. P. Wilber, of the New Jersey Department of Conservation and Development.

### DOREMUS IS GETTING CAMDEN CO. SUPPORT

Former Judge Cornelius Doremus, candidate for the Republican gubernatorial nomination, has been unanimously endorsed by the Camden county Republican League, an insurrectionary movement against the Bird forces. The League met at Collingswood last Friday, and put a complete ticket in the field, endorsing the candidacy of Joseph Frelinghuysen for U. S. Senator, Freshholder Joseph Van Meter, a leader of the movement which is sweeping Camden county, is opposing Hated for the office of Republican County Committeeman.

The movement represents the consolidation of various elements which are dissatisfied with the rule of the Bird machine in Camden county. Individual gatherings culminated in a meeting and a mass meeting was arranged for May 11 at the Collingswood High School at which Judge Doremus has been invited to speak. The League members endorsed the platform and principles for which Judge Doremus stands.

Joseph Chamberlain, of Collingswood, is president of the League, and the other officers are as follows: J. Harry Codd, of Camden, secretary; George Morgan, of Westmont, vice-president; and Frank Anderson, of Merchantville, treasurer.

## BUICK is far ahead in value

### Between \$1000 and \$2000 There's No Car that Compares with BUICK

Comb the field and you'll come right back to Buick for the style, colors, upholstery and appointments of its bodies by Fisher.

Make the same test in performance and again you'll select Buick for the power, getaway and dependability of its Valve-in-Head six-cylinder engine—vibrationless beyond belief.

Compare specifications and you'll find further proof of Buick superiority in Buick's

Lovejoy Hydraulic Shock Absorbers, Double-Drop Frame, Sealed Chassis, Mechanical Four-Wheel Brakes and a host of features not combined in any other car.

Buy your car carefully. Make thorough comparisons. Prove to yourself that Buick outpoints all other cars selling between \$1000 and \$2000.

SEDANS \$1195 to \$1995 / COUPES \$1195 to \$1850 / SPORT MODELS \$1195 to \$1525  
All prices f.o.b. Flint, Mich., government tax to be added. The G. M. A. C. finance plan, the most desirable, is available.

## Bowling Season Ends at R. C. C.

### "Thirteen" Lucky for Thompson's Winning Team; No. 14 Second

The spring tournament at the Country Club closed on April 20th with Charles Thompson's team No. 13 again sitting on top of the heap. By winning the tournament they will be the first to have their names inscribed on the new Fred T. Boyer plaque. This team is composed of the following bowlers: Thompson, captain, H. Wayne Ayres, Shredder, Hahn, Richmond and Seither.

Edward Miller's team No. 14 was runner up, only three games behind. These two teams were first and second in the last tournament. However, Coe made the highest average during the tournament with 23 games at an average of 174.33, with Bonnell right on his heels with 174.1.

Arthur Shaner bowled the three best games with 201, 224 and 176, totaling 601. Wayne Ayres had the highest single game of 239.

The standing of the teams at the close of the tournament was:

Thompson	29	7	805
Miller	28	10	722
J. Ayres	23	13	688
Carpenter	23	13	638
Bartley	22	14	611
Moyer	20	16	555
Sager	19	17	527
Yost	18	18	500

## COUNTY-WIDE ZONING PLAN IS ENDORSED

(Continued from Page 1)

was made chairman of the committee.

Heads of municipalities thus added to the committee were as follows:

Harold V. Holmes, Burlington; Benjamin Broome, Bass River Township; William B. Cramer, Beverly; John C. Freilich, Bordentown; Herman L. Leckman, Bordentown Township; John D. Martier, Burlington Township; C. Arthur Miller, Chesterfield Township; Charles P. Corkery, Chester Township; Benjamin L. Lippincott, Cinnaminson Township; Charles H. Ellis, Delanco Township; Lester S. Fortnum, Delran Township; R. Ed. Willits, Eastampton Township; Harry J. Adams, Edgewater Park Township; C. Ellis Head, Evesham Township.

George B. Michals, Florence Township; Anton Schloss, Fieldsboro Borough; Lawrence J. Cowperthwaite, Lambert Township; J. G. Haines, Mansfield Township; Frank A. Braddock, Medford Township; W. Grube, Moorestown Township; James J. Lavery, Mount Laurel Township; Eckford M. Watson, Northampton Township; John H. Atkinson, New Hanover Township; C. Frank Warner, North Hanover Township; George N. Wimer, Palmyra; Joseph O. Jones, Pemberton; Victor Bush, Pemberton Township; William Mathias, Riverside Township.

Howard M. Rogers, Riverton; Joseph Jennings, Shamong Township; Charles Simons, Springfield Township; C. Edgar Haines, Southampton Township; J. Ralph Haines, Tabernacle Township; Harry Ford, Washington Township; M. R. Haines, Westampton Township; William G. Bowker, Willingboro Township; Walter Sloan, Woodland Township; J. Hillman-Croshaw, Wrightstown.

Riverton was represented at the meeting by Mayor Howard M. Rogers and Councilman Joshua S. Bartley. Palmyra by Mayor George N. Wimer and Councilman Edwin S. Lees.

A meeting of the small committee will be held at the Moorestown Community House this Thursday evening.

## Y. W. C. A. News

The tenth convention of the Y. W. C. A. of the United States which met in Sacramento, California, April 14-20th, received a most cordial welcome from citizens of the capital. More than 2500 delegates registered for the convention representing every state in the United States and many foreign countries.

An exquisite pageant, breath taking in its beauty and symbolism, was presented at the Memorial Auditorium on Sunday, April 15. The pageant was written by Mrs. George H. Ford, of New York City, and directed by Miss Eris Betner, of New York.

The program of the convention included persons of international interest. Among them were Miss Maude Raydon, of England; Dr. Albert Perry Brigham, noted geographer and geologist of America; Chester H. Rowell, of Berkeley, California; the Rev. Harold Hold Coates Phillips, of New York; Miss Rhoda E. McCulloch and Miss Anna B. Rice, of New York.

The annual YWCA drive for members and funds has met with a ready response on the part of the citizens of Burlington County. The drive is not yet complete and work will continue through this week.

If the workers failed to see any one during the drive, contributions may be mailed to the county office upon receipt of which membership cards will be sent.

Elizabeth Chambers, of New Lisbon, has been writing a series of articles for the county YWCA news. Miss Chambers has studied at Antioch College in Ohio and is a young woman of many talents.

The date of the Mother-Daughter Banquet for Mount Holly is May 13. The banquet will be held at the Presbyterian Church and will be served by the Guild of the Church. Tickets will be on sale the first week of May.

At the meeting of the County Council of Business Girls in Hancocks, Monday evening, April 22, a large group of girls and women assembled to hear reports of the Business and Professional Women's Conference in Wilmington, Delaware. The speakers were, Helen Jones, Burlington; Elizabeth Dare, Moorestown; Clara Hulse, Bordentown; and John Holvick, Wm. B. Lynch, H. C. Worrell.

Camp Okanickon again invites the girls of Burlington County to its alluring woods, its cool lake and wholesome fellowship. The Young Women's Christian Association of this state of New Jersey has rented Camp Okanickon for three weeks this summer, beginning August 7 and ending August 28. Girls from Camden, Gloucester, and Monmouth counties will attend the camp.

Again Camp Okanickon for girls will have as its director, Miss Elizabeth Bluck of the National YWCA, executive secretary of Burlington County, will be the business manager of the camp.

Attractive folders telling more about the camp and including a registration blank can be readily secured from the county office.

The Moorestown Junior High Girl Reserves are quite interested in gardening. Each girl in the club has been given a small plot on the Community House grounds where she may raise flowers. This is a service project as well as being of educational value for the girls are intending to give the flowers they raise to sick friends and to hospitals.

Another interesting feature of the program of this Moorestown club is its correspondence with the girls of a religious school at Folger, France. The girls are all writing letters describing the different phases of a Girl Reserve's life, each girl choosing a different subject.

A cake sale scheduled for April 28 is expected to help earn money for camp.

The Moorestown High School Girl Reserves presented a very lovely fashion show, called "The evolution of Dress," at the Community House, Thursday afternoon to an audience composed of junior and senior high school girls.

During the first part of the program costumes of the different periods from the time of Cleopatra to the World War were shown. Miss

Store Open 8 a. m. to 8 p. m.

1928 with all her different costumes of riding, sports, swimming, school, business, afternoon, and evening, formed an attractive ending to the show. Dorothy Gebhart, Girl Reserve Secretary, attended the program.

The Maple Shade Girl Reserves met Thursday evening to prepare for the recognition service which they are holding April 28. At the beginning of this service, to which the girls are inviting their mothers, a short play will be given. The beautiful candle ceremonial by which new girls are recognized as Girl Reserves will conclude the evening's program.

The Riverton Girl Reserves met on Tuesday evening at the Presbyterian Church. There was a brief business meeting when the girls discussed the part they would take in the High School Gypsy Carnival. This club will have charge of the motion picture. The girls also voted to send five dollars to China. The last half hour of the evening was used to play basketball. Leaders for this club are, Grace Davis, Anna Hutchins, and Marcella Bowen.

The Inter-Club Council of High School Girl Reserves met at the Willingboro YMCA Hall, Friday evening, April 13. The Willingboro

## Stop "DUBO" WASHERS

these  
drips

quickly stop those costly leaks—those needless wastes of hot water. Made of rubber and asbestos to withstand high temperatures and years of service.

"DUBO" Washers will help you cut down the water bills.

Girl Reserves acted as hostesses and had made two large camp fires in preparation for the camp fire supper which everyone enjoyed. Following the supper everyone assembled in the hall for the meeting which opened with songs and a game. Albee Stuart of Willingboro led devotions. The main business of the meeting was the planning of a Gypsy Carnival to be in Mount Holly in May. The proceeds of such a carnival will be used to send girls to summer conference.

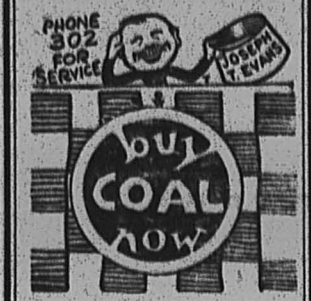

## WELFARE ASSOCIATION

We acknowledge receipt of donations of \$10.00 from the Philanthropic Class of the Central Baptist Sunday School and \$10.00 from St. Joseph's Council, Knights of Columbus.

Where can we secure an easily accessible room to store our garments, etc? We get donations of wearing apparel, canned goods, etc. and must have a store room to which our workers can have easy access.

GEORGE N. WIMER,  
President.

YOUR good judgment should tell you to buy coal now!

Don't wait until the last minute before winter is here and then find there is a scarcity.

## An Investment for the Future

-a Six of Long Life and Advanced Design

Judged by even the most critical standards, the New Series Pontiac Six is months—even years—ahead of its field. Its style is the height of fashion—achieved with low, graceful, modish lines—emphasized by magnificent Fisher bodies.
