Vol. 11, No. 6

RIVERTON, NEW JERSEY, THURSDAY, FEBRUARY 7, 1929

PRICE FIVE CENTS

## ANNUAL SCHOOL MEETING FEB. 13

Will be Held Wednesday Evening to Tuesday Being Legal Holiday

The following facts concerning school elections, taken from the January issue of the Burlington County Educational News, published from the office of the County Superintendent of Schools, may be of interest to those who are not fully familiar with the proper procedure.

The annual election of members of Boards of Education must be held on Wednesday, February 14, at the school house of each district designated by the Board of Education.

The candidates to be voted for are nominated by petition directed to the clerk of the Board of Education and signed by at least ten qualified voters of the school district. The petition must state the residence and post office address of the candidate and must certify that he is legally qualified to be elected a member of the Board of Education.

Accompanying the petition the petitioner must submit a certificate stating he accepts the nomination. There must be a separate petition for each person nominated. Each petition shall be verified by an oath or affirmation of one of the signers that the petition is signed by qualified voters. The petition must be filed five days before the election. The names of the candidates are printed on the ballot according to the alphabetical order of their surnames.

In case the clerk finds any petition defective he must notify the candidate who may have the privilege of remedying the defect, provided the amended petition is filed prior to the date set for holding the election. The District Clerk must obtain from the County Clerk, who is bound to furnish them, at least seven days before the election, the last preceding general election registry lists for the election districts comprising within the school district. It is the duty of the District Clerk to return the municipal registry lists to the County Clerk within two days after the election at which they were used.

Only qualified voters may have their names placed on a registry list by making an application to the District Clerk or member of the Board of Education on the evening before the election, between 7:00 and 9:00 P. M., at the residence designated by the Board for the election district in which they reside. Only those persons whose names appear on the registry lists above referred to may vote at the election.

The polls for the election must be opened at such times as directed by the Board of Education between the hours of 7:00 and 9:00 P. M., Eastern Standard Time, and must be open at least between the hours of 7:00 and 9:00 P. M., Eastern Standard Time, and as much longer as may be necessary to enable those present to cast their ballots.

The meeting should be open at the time specified by announcement by a person designated by the Board of Education that the meeting is ready to organize. A chairman, secretary and two tellers should be elected by those present to act as election officers. The law requires the District Clerk to submit a book of record for inspection by the voters. He also must submit a financial report showing the financial condition of the district. This report should show the expenditures for the current year, the expenditures from July first to February first, the estimated cash from February first to June thirtieth, and the budget adopted by the Board.

In Riverton up to time of going to press are as follows: Mr. Fredrick Blair and H. K. Rutherford for re-election, and Karl A. Schrader to take the place of Mrs. H. L. Miller, who is retiring from the Board after a splendid service of more than twenty-five years.

In Palmyra, George Rogers and Mrs. A. C. Giberson have filed their petitions and the others running are Mrs. Beckley, Stanley Green, Alfred Van Orsdel and Francis Durkin.

In Chatham Township, Mrs. Emily H. Lindquist and George C. Frank are candidates for re-election.

## COMMUNITY HOUSE?

Mount Holly Hears It Is To Be Given Beautiful Home

Rumor has it that a former Mount Holly resident and owner of one of the handsomest properties in the town, is considering making the town a present of the beautiful home for Community House purposes.

That the gift would be appreciated there can be no doubt and while it would no doubt prove an expensive property to maintain, some means could certainly be devised by which this end of the transaction would be cared for should the gift be made, enthusiasts declare.

## SECOND CONCERT OF WOMEN'S SYMPHONY

Mischa Mischoff, Russian violinist, concertmaster of Philadelphia Symphony Orchestra, will be the soloist for The Women's Symphony Orchestra, J. N. P. Leman, conductor, at the second concert of the fourth annual series to be given Thursday evening, February 14, 1929, at 8:15, in the ballroom of the Bellevue-Stratford Hotel. Mr. Mischoff will play Berceuse Melancolique by Tchaikovsky and Scherzo Tarantelle, by Wieniawski, with the orchestra, and a group of solo members.

The Symphony on the program will be Unfinished Symphony by Franz Schubert.

## CANDIDATE

J. AQUILA JONES

Mount Holly man who announces his candidacy for County Clerk

## JONES CANDIDATE FOR CLERKSHIP

Mount Holly Man Enters Race for Nomination at Spring Primaries

J. Aquila Jones, of Mount Holly, has announced that he will be an independent candidate for the Republican nomination for County Clerk Mr. Jones is a life-long resident of Burlington County and has ever maintained an active interest in civic and political affairs.

A former for the greater portion of his life Mr. Jones retired from farming to actively identify himself with the management of Burlington County Supply and Produce Company, where he showed marked business and executive ability. He has been a Director of the Union National Bank of Mount Holly for fourteen years, and having recently retired from the Produce Company is now offering his valuable services to the public.

His candidacy for County Clerk is meeting with a spontaneous popular reception that is very gratifying to those who wish to see high type men in office. Mr. Jones has always been an active Republican, and never having been identified with factional strife within the party, would make an ideal harmony candidate.

Mr. Jones has a wide circle of friends throughout the county who have long used him to promote his candidacy feeling that he is one of the best equipped men available for County Clerk. His friends feel that all elements of the party could rally around Jones and trust that his candidacy will prove a big step toward producing the harmony so much discussed recently.

## WILLIAMS SPEAKS OF ZONING NEED

Tells Rotarians Restrictions Are Necessary to Protect Palmyra and Riverton

The following article was omitted from last week's edition owing to lack of space.

The Palmyra-Riverton Rotary Club was honored by and greatly appreciated the address of Director of Public Safety, Edward H. Williams at their dinner on Thursday evening last.

His topic was very timely and one in which every Rotarian is interested, Community Affairs. This was a very broad subject and one which could occupy many hours to properly bring out the needs of a community and how these needs can be economically furnished in doing the most people the most good.

Mr. Williams seemed to know just how to cover his subject in a plain, intelligent and logical manner, for he explained nearly every department in the Borough of Riverton, of which he is familiar.

He touched on the highways, lighting, police and water and laid great emphasis on the new need that confronts every municipality in this section, that of a zoning plan. Without a definite plan of zoning, when bearing in mind the influx of people that will be coming into the borough upon the completion of the new bridge, Palmyra and Riverton may be the subject of much detrimental development by avaricious speculators or objectionable enterprises.

"The alarming part of all of this," said Mr. Williams, "is that at the present time we have no laws or restrictions protecting the towns from these dangers." It was this fact that prompted Mr. Williams to speak in favor of the appropriation of \$2,500 for Riverton Borough, which amount will be necessary to properly zone Riverton and have a definite plan of development for years to come.

## MADE LONG FLIGHT

London-Lady Bailey, wife of Sir Abe Bailey, arrived at Croydon field recently, completing a 16,000 mile trip solo flight from London to Capetown.

She flew an 85 horsepower light plane and had been gone since early last March.

## RIVERTON ADOPTS BUDGET FOR 1929

Retiring Councilmen to Receive Useful Gifts, Not Resolutions

The Riverton Borough Council adopted the Borough Budget as it was published at a special meeting of the body last Thursday evening. Ten voters were present to hear the final readings of the budget and the objections were raised on any appropriation.

Upon a resolution by Mr. Bartley the retiring councilmen, Larch and Welch, will be presented with some token of appreciation of their service to the borough. The usual method has been to present an engraved resolution to the retiring men but a departure will be made this year and something practical and useful will take the place of the resolution.

An engrossed resolution will be sent to Mrs. Edward H. Plank by the Riverton Borough Council.

Mayor Howard M. Rogers and Councilmen, Clarence Hubbs, Charles De Laury, Robert Clelland, Edward H. Williams, Bartley and Borough Clerk Daniel M. Clifton were those present at the official table.

The visitors were: M. Baithelmer, Walter Rogers, Francis H. Elwell, Miss Amelia Cole, Charles C. Miller, John Cochran, Morris Steddie, George D. Steele, William Quigley and Francis Holvik.

## SCHRAEDER CANDIDATE FOR SCHOOL BOARD

Temple University Professor Enters Race for Place on Riverton Board of Directors

Mr. Earl A. Schraeder, of Elm Terrace, has announced his candidacy for the Riverton School Board. He is an associate in the Physiological Chemistry School of Medicine, Temple University, Philadelphia, and has been teaching for eight years in educational work at Jefferson Medical College and Temple School of Medicine.

Other candidates announced to date are Mrs. Frederick Blair and H. K. Rutherford.

## SPORTSMEN'S CLUB TO GIVE DANCE

The Sportsmen's Club is giving a dance on Saturday, February ninth, in the Knights of Columbus Hall.

The dance will be furnished by the Lazzere Five, a first class orchestra. Tickets may be obtained from any member of the club or at the hall.

The Sportsmen's Club, formerly known as the Palmyra Juniors, is composed of young men not exceeding the age of twenty years.

The club house is located at Fifth and Market streets, Palmyra.

The officers are as follows: Edward Blair, president; Daniel M. Clifton, vice-president; John Davis, secretary; Tony Prince, treasurer.

## GUY C. CALDWELL IN NATURE PROGRAM

The Program Committee of the Riverton Porch Club announces the coming of Guy C. Caldwell on Tuesday, February 19th, at three o'clock.

Mr. Caldwell, the Rocky Mountain guide, will tell about birds with their calls and whistles. His talk will be illustrated with motion pictures, beautiful color slides and autograph plates.

Mr. Caldwell's programs are unsurpassed for beauty and interest. The lecture will be free for club members but a charge will be made for guests.

50 cents for adults and 25 cents for school children. The Riverton Public School and the Palmyra High School will excuse pupils wishing to attend this lecture. The lecture will be open to the general public.

## CALVARY GROUP

The Calvary Y. M. C. A. Group, of Palmyra and Riverton, held its regular weekly meeting Monday, February 4, 1929. The committee having charge of the programs for our meetings thought it advantageous to the group members to have men of different professions or businesses speak to the group.

The speaker for the last meeting was Mr. Guest, of Palmyra, who spoke on finances.

On Wednesday, the 30th, our group was given a health talk by Mr. Samson, of Princeton, N. J.

After the business of the group was gone over the meeting was adjourned and we enjoyed several games of basketball.

Signed G. S. H. Reporter.

## WANTED

The American Legion Auxiliary wants old rugs, carpets, furniture, pictures, etc. Call Riv. 541-R and all articles will be called for.

## K. OF C. CHIEF IN N. J.

Patrick J. McCarthy, representative of the Supreme Council, Knights of Columbus, is the guest of New Jersey members of the Order this week.

## K. of C. DANCE

Cards and Dancing at K. of C. Hall Next Monday Night

The biggest pre-Lenten card party and dance ever staged in Riverton and Palmyra is to be the attraction at the Knights of Columbus Hall next Monday night, February 11th.

There will be many worth while prizes and novelties for the young and old alike.

A ton of coal is the prize for the highest score and the second prize is a radio set. Everyone who enters the Hall will be given a free opportunity to win the \$1000 gold piece to be given as the door prize.

Dancing will begin as the first cards will be dealt and a lively six-piece orchestra will keep the exponents of the "light fantastic" in a happy mood.

An assortment of drinks and lunch will be served by the auxiliary.

The affair is in charge of the following: Robert J. Woods, chairman, assisted by committees with H. H. Bradley in charge of tickets, John Ford in charge of dancing, Joseph Schuler, Sr., in charge of cards, A. J. Strubeln in charge of prizes.

Each of the committees are made up of eight members.

## LEGION PLANS FUTURE EVENTS

Sensory Activities Outlined at Enthusiastic Meeting by Commandeering

The largest turnout in years graced the regular monthly meeting of Frederick M. Rodgers, Post No. 154, American Legion, at the Legion Home last Wednesday evening, being the second big meeting of the year that the room was filled to capacity with happy and enthusiastic Legionnaires, proving beyond a doubt of the interest in the work of the Legion, particularly of Post Rodgers.

The meeting was opened by the Commander, Ted D'Antley, who had before the members a comprehensive outline of the numerous activities and social events planned for the spring and early summer season. Among them is a cake sale for April, no date set as yet; the annual Carnival for June, co-operation with the Ladies Auxiliary in its card parties, and several other events to take place later.

**Splendid Work**  
A report of the Rehabilitation Committee, Mrs. James Weart, chairman, was read, giving a detailed account of the work of the committee for January and many of the members, as well as the many visitors present, were astonished at the splendid work being done by this committee.

A communication from the Community Welfare Association was read and Comrades Carl Thomas and Clinton Gibbons were appointed the Post's representatives to attend the meeting of the Association Friday, at which time will be held the annual election of officers.

Among the visitors were County Commander "Jack" Whomsey, of Riverside Post, who forcibly addressed the meeting on the need of constantly upholding the membership of the Legion, and the duty of upholding all those eligible to join some Post, "Burlington County," he said, "now leads the entire state in membership."

He holds the "Apple" won last year, and received at the last convention in London, England, and the duty of upholding all those eligible to join some Post, "Burlington County," he said, "now leads the entire state in membership."

## WILLIAM MORGAN DIES AT AGE OF 81

Was Founder of Palmyra and Active in Local and County Affairs

William F. Morgan, founder of Palmyra and one of its leading citizens during his active career, died at his home last Thursday morning after a long illness. He was eighty-one years old and had been a resident of the town which he founded since 1850.

He was the son of Elias Morgan, a member of one of the oldest families in this section of the state. The child Morgan was born in the old Morgan homestead on the banks of the Delaware River, just west of Chumminson avenue. It was here that William was born.

William F. Morgan moved to the big brick house on the hill when he was twenty-one years old. He was married to Mary Morgan, daughter of John Morgan, a prominent citizen of the town, and lived there until his death. The old Morgan farm estate, bounded by the Delaware River to the north, by Chumminson avenue and Perry avenue to the south and by what is now the dividing line between the Boroughs of Palmyra and Riverton, was his home.

Mr. Morgan donated to the town of Palmyra the land for the small triangular park at the point of Perry and Chumminson avenues, now known as American Legion Park. He also gave the land for the site of the Christ Episcopal Church, which is just opposite the Park.

The plot of which the P. O. B. of A. Hall now stands, was sold by Morgan, at a nominal price, to Joseph Roberts, with the proviso that the building to be erected thereon be named Morgan Hall. Roberts built the building, which was later bought by the P. O. B. of A. and named it according to his agreement. The white stone may still be seen on the building bearing the name of Morgan Hall.

**Backed Philadelphia Bridge**  
Mr. Morgan was among the earliest group of South Jersey men who fought for the construction of a bridge between Camden and Philadelphia. He was a member of the first committee organized by Governor James F. Fielder, on March 15, 1916, and served until the election of Governor Edge.

He was a member of the first committee who went to Washington to urge President Wilson on obtaining a federal government permission to build the bridge. He was for many years Democratic leader in Burlington County and was also a member for many years of the County Board of Freeholders and the County Board of Taxation.

**Funeral Held Monday**  
Funeral services were held Monday afternoon from the late residence with the Rev. George McCormick, pastor of Christ Episcopal Church, Palmyra, officiating. Interment was made in Morgan Cemetery under direction of Frank A. Siver.

The pall bearers were Mayor George N. Wimer, George Rogers, Joseph Lox, George Frank, William McConnell, and Harry Buck. Mr. Morgan was the founder and organizer of Morgan Cemetery thirty-five years ago.

He is survived by Mrs. Hannah Morgan, a daughter, and her daughter, Mrs. Morgan, both of Philadelphia, a daughter, Mrs. William T. J. Purnell, of Palmyra, and two grandsons, children of his son, the late Elias Morgan, Elias Reeves Morgan, of Palmyra, and Harold Purnell, of Philadelphia. Mr. Morgan is now in the Philadelphia Islands.

**"BUY USA" SHOWS GREAT PROMISE**  
The Lions' Roar of 1929, the annual theatrical production of the Lions Club of Palmyra-Riverton, "Buy U. S. A." will be given in the Palmyra High School Auditorium on Thursday, Friday and Saturday nights, April 4, 5, and 6.

This year's production, a musical comedy of unusual merit promises to be the biggest hit ever presented by a community. Incidentally, the production is that it will far surpass "And How," which will be remembered as the Lions' Roar of 1928, written by the same author, Frank A. Mathews, Jr.

Reservations for seats, all reserved, can now be made at the office of Harold B. Leaver, 15 E. Broad Street, Palmyra, telephone, Riverton 550. The committee states that all reservations will be filled in the order received. Tickets will not be placed on sale until the last of February.

Last year many people of Palmyra and Riverton made up theatre parties with their friends from other communities. From all reports everyone had a most enjoyable evening. The committee suggests that interested persons call their friends to tell them the dates, and then place reservations early.

"Buy U. S. A." will take you to the Balkan States, show you colorful Spain and intriguing China, carry you through the sands of the Sahara Desert to the beauties of the harem in Turkey and safely return you to the good old U. S. A. via enjoyable music, wonderful dancing and excellent comedy.

## SENIORS REHEARSE FOR "ADAM AND EVA"

Annual Senior Play Promises to Excel Past Performances

The annual Senior Play given by the Seniors of the Palmyra High School, the title of which is "Adam and Eva," will be given in the auditorium of the High School on Friday and Saturday evenings, February 22 and 23.

The members of the cast are working faithfully at rehearsals and hope to make this year's play one of the best yet given.

Tickets may be obtained from any of the Seniors and they may also be reserved at Buch's Drug Store, Friday, February 15, in the afternoon from 2:00 to 5:00 P. M., and in the evening from seven until nine o'clock and the following week the same hours.

## CHAUTAUQUA WILL BEGIN SATURDAY

Splendid Program Has Been Arranged for Three Day Entertainment

A three-day Chautauqua session will open on Saturday afternoon at three o'clock, when the Fabled Entertainment, presenting a varied program of musical, dramatic and character sketches, feature the performance in the P. O. B. of A. Hall, Palmyra.

Following the afternoon's entertainment Junior Chautauqua will be organized at which time the Mayor, Town Clerk, Law and Order Committee, and all the other necessary municipal officials of Chautauqua will be elected. Junior Chautauqua is open to all boys and girls from 6 to 14 years of age.

The games, songs, stories and general educational program of the Junior Chautauqua are based on a survey made by a committee of nationally known experts on children's work, composed of Dr. B. J. Dechaine, Baker, O. H. Benson and Elbert K. Pretwell.

On Saturday evening, at eight o'clock, there will be another concert by the Fabled Entertainment, and a lecture by Robert Parker Miles, famous journalist, religious educator, and one of America's most popular lecturers.

Mr. Miles, who is special editor-in-chief and investigator for the New York Journal, who has been making a strenuous campaign against the sale of cigarettes to minors and who solved the famous Goldsavage murder case when all other clues had failed, will be the speaker at Chautauqua.

Chautauqua will also be presented at this time on Monday evening at 8:00 P. M. the comedy drama, "Take My Advice," followed by his famous lecture, "Tallow Dips."

This lecture taken from the rich human experiences of Mr. Miles, has been made more than 6,000 times during the past twenty years, in every state in the United States, in every province of Canada and in every English speaking country of the world. It is regarded as one of the classics of the American lecture platform.

The Novelty Entertainers will be the attraction at Monday afternoon's session. A great play, "Father's Way," will also be presented at this time on Monday evening at 8:00 P. M. the comedy drama, "Take My Advice," will be presented.

"Take My Advice" has recently completed a year's run at the Belmont Theatre in New York City. The play has been made more than 6,000 times during the past twenty years, in every state in the United States, in every province of Canada and in every English speaking country of the world. It is regarded as one of the classics of the American lecture platform.

The Novelty Entertainers will be the attraction at Monday afternoon's session. A great play, "Father's Way," will also be presented at this time on Monday evening at 8:00 P. M. the comedy drama, "Take My Advice," will be presented.

## RAILROAD SEEKS ELEVATED TRACKS IN W. PALMYRA

P. R. R. Changes Front on Plan for Overhead Crossing of Bridge Boulevard

Work of the State Highway Commission on plans for the new Route 100 connecting the Palmyra River with the White Horse Pike at Berlin has been interrupted and Palmyra officials have been assured by a change of front on the part of the Pennsylvania Railroad concerning whether the bridge highway will go over or under the tracks in West Palmyra.

At a recent meeting of interested parties in Camden, it was understood that everybody was satisfied that the road should cross the tracks on an overhead bridge. Now it is understood the railroad officials have been persuaded to insist on a tunnel to build which it would be necessary to elevate the tracks all the way from the Pennsylvania Creek to the center of the town.

This would mean the creation of a "Chinese Wall" along Broad Street in West Palmyra, which would have a disastrous effect on the residential possibilities of that section.

It is believed parties having real estate interests along the proposed route of the main boulevard in the vicinity of the railroad, whose financial interests would be better served by having the state highway at surface level at that point, are responsible for persuading the railroad to change its plans.

The railroad, of course, was easily persuaded, for the plan of elevating the tracks would mean the elimination of two or more grade crossings in West Palmyra which the Pennsylvania Company has been trying to accomplish for many years.

The raising of the tracks sufficiently to permit the bridge boulevard to go under the railroad would mean that the Market street-Hyde road crossing would also have to be elevated. In addition to that, it is probable the tracks would be raised so high that the Park avenue and the State Highway crossings would also come out of the picture, making the "Chinese Wall" effect even more complete.

A sample of what the elevation of railroad tracks through a town means is amply illustrated by the case of Delmar, which has long been a classic example of the "Chinese Wall" effect.

Mayor Wimer and nearly all members of Palmyra Borough Council are up in arms over the matter and the State Highway Commission has been through on its hands and refuses to go ahead with its work on the new route until the dispute is settled.

Citizens of West Palmyra and the rest of the town as well as expected to back Mayor Wimer's stand to the limit, opposing the elevation of the railroad tracks.

**ROTARY SPONSORS LECTURE, 'ALASKA'**  
Edgar C. Raine Engaged to Present Travelogue in School Auditorium

Tickets are being issued to the students of the Riverton and Palmy

## MANY CASES IN CRIMINAL COURT

Numerous Defendants Face Slaughter on Wide Assortment of Charges

At a special session of criminal court held last Thursday at Mount Holly in the upper court room, a number of defendants appeared before Judge Slaughter on waivers, and sentence was imposed on some, while for various reasons, others were laid over for one week.

Tanner H. Williams, formerly of Mount Holly, indicted for desertion of his wife and child, was located in Harrisburg, Illinois, by Detective Parker's office and Detective Cain went to the middle west state and after a hunt succeeded in locating his man. The authorities at Harrisburg failing to give the Jersey slough any assistance.

Williams was in court and pleaded not guilty on the charge in a very decisive manner. He may secure his release, if he can post \$1,000 bail.

Clarence E. Carman, of Burlington, pleaded guilty to stealing a pocket-book containing \$20 from the home of a friend.

He said he had paid back a portion of the money, but the Court had Carman returned to jail in default of \$200 bail, and at the same time stipulated that the defendant would be given an opportunity of paying the balance of the money back during the next two weeks.

**Boys Plead Guilty**  
John Lambert, Joseph E. Johnson and Osmund Taylor, all of Bordentown, and all boys who have previously been in Court, pleaded guilty in entering the office of the J. M. Reeder Co. and the 5-and-10-cent store, and they were sent back to the jail for one week.

Elizabeth Michaels, of Maple Shade, in jail in default of a fine of \$50 for possession of liquor, has served fifteen days and her fine was reduced to \$35.

This woman, who is past middle age, is in bad physical condition following a recent operation, and she has required the constant attendance of Dr. F. R. Homer or his assistant, Dr. W. S. Sutherland, since her incarceration.

George Scullin, of Chatsworth, retracted his plea of not guilty to a liquor law violation, and pleaded non-vult. Sentence was withheld one week.

Mrs. Eva Fredericks, of Burlington, was another who made a retraction to a liquor charge, and she was fined \$200.

**Gets \$500 Fine**  
Frank Bortnik, also of Burlington, was the third liquor law violator to make a retraction and pleaded non-vult and he will secure his release on the payment of \$500 fine.

Anthony Trollo, of Roebing, facing statutory charges, his victim being a seventeen-year-old girl, did not feel that he was guilty, although he admitted a part of all that the waiver said was true, so a temporary plea of not guilty was ordered by the Court.

Howard Bowker and George Stoops, Medford boys, entered pleas of guilty to stealing five gallons of oil from a garage at Marlton, and they were placed on probation and must each pay a fine of \$25.

Frank Reighoffer, Andrew Kotch, John J. Torak, and Andrew Torak, Florence boys, and all in their teens, pleaded guilty of throwing some old lumber off a railroad car at Florence which they said they expected to use to build a shack in the yard of one of the boys.

As the lumber was thrown on an-

## How Editors Get Rich

After a good deal of study and hard work we have at last figured out why so many country editors get rich.

Here is the secret of success: A child is born in the neighborhood, the attending physician gets \$25, the editor gives the loud-lunged youngster and happy parents a "send-off" and gets \$60. It is christened; the minister gets \$10 and the editor \$90.

It grows up and marries; the editor publishes another long, windy, flowery article and tells a dozen lies about the beautiful accomplished bride, the minister gets \$10 and a piece of cake, the editor gets \$900.

In the course of time it dies and the doctor gets from \$25 to \$100, the minister perhaps gets another \$15, the undertaker gets from \$50 to \$200; the editor publishes a notice of the death and an obituary two columns long, lodge and society resolutions, a lot of poetry, and gets \$1,000. No wonder so many editors get rich.—EX

other track creating an accident hazard, the theft assumed a more or less serious aspect.

The Court placed the boys on probation for two years and each will have to pay the county treasury \$12.50 to meet the expenses of their arrest and conviction.

## EDITOR IN RACE

Lawrence G. Mingin, proprietor of the Medford Central Record, and a former deputy county clerk, has announced himself a candidate for the Republican nomination for County Clerk. Also Margaret Hoff, special deputy county clerk, is also a Republican candidate mentioned are Edward H. Russell, of Burlington, and siding entering the battle and other J. Aquila Jones, of Mount Holly.

## JOHNSON GIVES \$1,000

With the first Civic Week contribution of \$1,000 from Eldridge Reeves Johnson, of Moorestown, former president of the Victor Talking Machine Company, Camden business leaders Tuesday organized for their intensive drive to raise \$50,000 for a seven-year industrial program.

## VALENTINE CANDY

Chocolates, mixtures and hard candies attractively packaged for Valentine's Day. Win her favor with a box of candy from Keating's.

Valentine Cards of every description—in a selection unsurpassed anywhere.

## CIVIL SUITS ARE HEARD IN COURT

Judges Jess, Slaughter, Hold Sessions on Upper and Lower Floors

The Court House at Mount Holly was a busy place last week, with Judge Jess hearing Supreme and Circuit Court cases on the lower floor, while Judge Slaughter was disposing of a number of cases on the Common Pleas list on the second floor. Incidentally, the petit jury earned their money, as they have been in demand in both courts.

It was expected that three cases in which Judge Ruff V. Lawrence of the Circuit Court, and a resident of Monmouth county, and his son James Yard Lawrence, were defendants, would be heard Tuesday, but counsel met together and a settlement was effected.

The suits were brought as a result of an automobile accident. Cases heard during the week were:

By Judge Jess: Case of Barlow & Co., of Maple Shade, vs. Henry H. Brown and Helen Bronson. This resulted in a directed verdict of \$950 for the plaintiff.

By Judge Slaughter: Herman D. VonLantig vs. William J. Scott and

Israel Greenburg. The verdict was a non-suit insofar as Greenburg was concerned, while a new pleading will be taken against Scott.

By Judge Jess: David D. Warren of Mount Holly, against the Metropolitan Insurance Company, resulted in a non-suit, the verdict being directed by the Court.

By Judge Slaughter: Harry Orkin and Charles Gillinsky, against Oliver C. Klotz. A counter claim was made by Klotz in this case and the verdict was a clear reversal, the defendant being awarded \$649.42 on his counter claim.

By Judge Jess: James McGarry and Thomas McGarry vs. Emily Simpson. A counter claim was made by McGarry in this case and the verdict for \$350 and his father, \$400.

By Judge Slaughter: Casper Knapp vs. George J. Cooney, for \$275 allowed to have been paid for the repair of a truck which did not prove satisfactory. The jury returned a verdict of no cause for action.

By Judge Jess: J. M. Brider & Co., Inc., of Burlington, vs. G. W. Shadle, and in the alternative, Pliska Bove and Julius Bove, resulted in a verdict against Shadle for \$1,175.72.

## ARTISANS TO HEAR MAJOR SCHOFIELD

Will be Principal Speaker at Annual Dinner Next Monday Night

Major Lemuel B. Schofield, Director of Public Safety, will be the speaker at the annual dinner of the Artisans Dining Club, which will be held next Monday night at the Arcadia Cafe, Philadelphia.

For the first time the dinner will be given in the main restaurant of the cafe. The demand for places has been so great in former years that the management of the cafe consented to allow the affair to be held in the main room. Fritz Pfaff, managing director of the Arcadia, is a member of St. John's Assembly of the Artisans.

Major Schofield is also a member of the Order. He belongs to William Paton Assembly, of which his classmate, Judge Francis Shunk Brown, Jr., is a past master. Russell U. Herkshamer, retiring president of the dining club, will act as toastmaster and also as chairman of the Entertainment Committee.

More than 500 members of the Order are expected to attend. The

speech of the evening will be made after dinner and after awarding close to 200 prizes the members of the club will be hosts at a vaudeville show.

Robert T. Annan, of Pennsylvania Assembly, is president of the Dining Club this year. Leroy Bode is vice-president and William A. Eastlack is second vice-president. C. W. Wilson, remaining as secretary-treasurer. Recently elected members of the club are Raymond K. Callen and Russell Stivers. The Dining Club conducts the charity work of the Artisans and is host each year at a Halloween Ball which is one of the largest social affairs of the fall season.

## MEDFORD LAKES ASSESSED VALUATION AT \$121,000

Medford Lakes in the Pine has increased assessment valuation placed on the property for 1929 by William D. Cowperthwaite, Medford assessor. The total valuation for assessment purposes is \$121,000, an increase of \$14,000 over that of the previous year. Before the development was started the total assessed valuation was \$107,000.

We have been blessed mightily by an economist's declaration that no good business man is ever entirely out of debt.

## MOORESTOWN MAN AWARDED DAMAGES

A verdict of \$500 was awarded Arthur G. Raymond of Moorestown in Burlington County Circuit Court at Mount Holly last Friday in a suit against Mrs. Lena A. Pearson, for the death of his eight-year-old daughter, Adella Elina.

Mrs. Pearson was driving an automobile through Moorestown December, 1926, when the girl and her mother, Arthur, Jr., walked into the path of her machine at Main and Poplar streets.

Mrs. Pearson said the boy stepped back, but the girl became bewildered and ran to the left side of the road. She said she saved her car to the left to avoid hitting the boy, struck the car and the curb at the same time. When the car hit the curb she lost control of the machine and the car continued on and struck a telephone pole, where it was wrecked.

Through his counsel, former Judge Harold A. Wells, Mr. Raymond asked \$50,000 for the death of his child. V. Claude Farmer was counsel for Mrs. Pearson.

# SETTING THE RECORD STRAIGHT

An Answer to  
**"FRIENDS, ROMANS, COUNTRYMEN"**  
 (Riverton New Era, Jan. 31, 1929)

Finally, Brethren, whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue, and if there be any praise, think on these things.—Philippians 3-8.

## CAPABLE DIRECTORS SUGGESTED

At the suggestion of Mr. Samuel S. Daniels, (deceased), Borer names some good men to fill vacancies on ferry board of directors.

January 17, 1927.

Re: Tacony-Palmyra Ferry Company  
 Mr. Charles A. Wright, President,  
 Tacony-Palmyra Ferry Company,  
 Palmyra, New Jersey.

Dear Mr. Wright:

It gives me much pleasure to suggest the following names for the Tacony-Palmyra Ferry Board of Directors:

Leo Niessen, Abbott Building,  
 Broad and Race Streets, Philadelphia.  
 Arthur A. Niessen, Abbott Building,  
 Broad and Race Street, Philadelphia.

G. Harold Buzby,  
 626 Washington Avenue, Philadelphia

Messrs. Leo and Arthur A. Niessen are both retired from business, though active in the investment of monies. They were members of the Leo Niessen Company, wholesale florists, 12th & Race Streets, Philadelphia. They bear a very fine reputation in the florist field. They are both self-made men, are not aged, and have considerable means.

Mr. G. Harold Buzby is a member of the firm of C. M. Buzby & Son, lumber merchants, 626 Washington Avenue, Philadelphia. He bears a good reputation in the lumber field and is wealthy.

I have had considerable business dealings with all of the three above named persons for several years. I have found them fair and honest, and men of considerable foresight, besides being gentlemen of the highest type.

I believe they would be real helpful on the Ferry Board and would uphold your hands in any fair suggestions offered.

Very truly yours,

EWGB:S

(Signed) EDWARD W. G. BORER.

## FERRY PROVIDED WITH FUNDS

Early in January, 1927, Mr. Samuel S. Daniels, (now deceased) called at my home and asked me if I knew there was no money in the Ferry treasury. To give the Company needed funds I purchased from it three acres of land in West Palmyra at an unheard of price (\$5000 an acre).

January 31, 1927.

Mr. Charles A. Wright, President,  
 Tacony-Palmyra Ferry Company,  
 Palmyra, New Jersey.

Dear Mr. Wright:

On Saturday, January 20th, I deposited to the credit of the Tacony-Palmyra Ferry Company, at the First National Bank of Riverside (through the Franklin Fourth Street National Bank) \$15,000. This money is to be used to pay for three acres of land which I have purchased from the Tacony-Palmyra Ferry Company. The said land is located above the high-water mark on the Hubbs farm which is owned by the Ferry Company. As soon as a proper survey is made by the Ferry Company, to ascertain the nature of their land, I will write you telling what three acres of land I wish to take under our recent agreement. I am writing this letter so that I may have something in my safe deposit box to show why the \$15,000 was handed over.

Sincerely yours,

EWGB:S

(Signed) EDWARD W. G. BORER.

## FERRY REIMBURSED FOR LOSSES

The Ferry's loss in foggy weather was made up by the Bridge Company.

October 1, 1928.

Mr. Edward W. G. Borer, Treasurer,  
 Tacony-Palmyra Bridge Company,  
 Philadelphia, Pa.

Dear Mr. Borer:

I am sending you a list which pertains to the interrupted traffic during fog and severe storm.

On Sept. 19th, this pertains to the interrupted service here it would be dangerous to have gone around the bridge. In this case, we go back and find that we did \$430.95 at the equivalent time the previous year, but that was based on clear weather. Since, we think it only fair to reduce this \$430.95 and take the two-thirds of it and deduct the \$195.15, which we actually did from it, which gives us a figure of \$235.80. We feel that would be about fair.

The other lists are on account of fog, and you will find that the five lists aggregate \$177.55. If you do not think this fair, kindly give us your suggestion.

Yours very truly,

TACONY-PALMYRA FERRY COMPANY.

Charles A. Wright, President.

## APOLOGIES

Phila., Pa., February 6, 1929.  
 Edward W. G. Borer, Treas.,  
 Tacony-Palmyra Ferry Co.,  
 Palmyra, N. J.

Dear Mr. Borer:

I just wish to tell you that I regret having written letter sent to the stockholders of the Tacony-Palmyra Ferry Company under date of November 27th, 1928 insofar as it relates to you.

The statements in reference to you were made without questioning your honesty and no question of personal integrity was involved or intended.

Very truly yours,

CHARLES A. WRIGHT, President.

Phila., Pa., February 6, 1929.

Mr. Charles A. Wright, Pres.,  
 Tacony-Palmyra Ferry Co.,  
 Palmyra, N. J.

Dear Mr. Wright:

It was a very gracious act for you to send me your letter of February 6th, 1929 and it is received in the spirit in which it was sent.

I also wish to say to you that I regret and apologize for having made the statement at a public meeting of the stockholders of the Ferry Company (Protective Committee) that you were "a vain old fool."

I hope from now on the most cordial relations will exist between you and me and that you will be successful in winning the next election of the ferry stockholders.

Very truly yours,

(Signed) EDWARD W. G. BORER, Treas.

October 3, 1928.

Mr. Charles A. Wright, President,  
 Tacony-Palmyra Ferry Company,  
 Palmyra, New Jersey.

Dear Mr. Wright:

I beg to enclose herewith our check for \$177.55, covering amounts mentioned in your letter of October 1st, pertaining to loss at the Ferry Company due to the fog.

It will not be necessary to acknowledge receipt.

Very truly yours,

TACONY-PALMYRA BRIDGE CO.

EWGB:S

(Signed) Edward W. G. Borer, Treasurer.

The Ferry Company received extra maintenance expense on Tacony ferry slip due to bridge building conditions.

January 21, 1929.

Mrs. Roba V. Welsh, Assistant Treasurer,  
 Tacony-Palmyra Ferry Company,  
 Palmyra, New Jersey.

Dear Mrs. Welsh:

It gives me pleasure to enclose check of the Tacony-Palmyra Bridge Company for \$3,997.40, being the amount that the Bridge Company is paying toward the repair and upkeep of the Ferry slips on the Tacony end of the Ferry for the year 1928. This amount is the difference between the amount spent for upkeep and repair of the Tacony slip in 1928 and that which was paid by the Ferry Company in 1927.

This amount was authorized by the Tacony-Palmyra Bridge Company at their regular meeting held January 15, 1929.

Very truly yours,

TACONY-PALMYRA BRIDGE CO.

SAF:S

Edward W. G. Borer, Treasurer.

## STOCKHOLDERS' MONEY PROTECTED

William R. S. Fluck's plan to get something from Bridge Company for nothing (claiming ownership of bed of Market St.) was thwarted.

May 3, 1928.

Mr. Charles A. Wright, President,  
 Tacony-Palmyra Bridge Company,  
 Palmyra, New Jersey.

Dear Mr. Wright:

I had a telephone conversation with Joseph S. Low, Esq., of Camden, New Jersey, who is attorney for the Borough of Palmyra, and he informed me that Market Street, Palmyra, from Broad to Souder Street, the nearest street to the high-water line, has been dedicated to the Borough of Palmyra. Mr. Low further informed me that the bed of Market Street was probably dedicated to the Borough of Palmyra before Mr. William R. S. Fluck had any interest in land now owned by him near the high-water mark.

It would seem from Mr. Low's statement that we have nothing to fear from the letters recently sent us by Mr. Fluck.

Mr. Low further stated that he would be very glad to protect our interest should Mr. Fluck cause us any trouble.

Very truly yours,

TACONY-PALMYRA BRIDGE CO.

EWGB:S

Edward W. G. Borer, Treasurer.

## PROFITABLE DEAL FOR FERRY COMPANY

I wish to remind the "Friends, Romans, etc.," that the piece of land at West Palmyra purchased by the Bridge Company from the Ferry Company for \$50,000 is practically the same piece of land that the Ferry Company purchased shortly before from the Thomas and Lippincott families for \$15,000.00 plus expenses of almost \$5,000.

This was not an unusually large amount for clearing up the title, considering the complicated situation concerning the ownership of the property.

This land is probably 90 per cent. under water at high tide.

The salaries of the Ferry Company officers are moderate. My own is \$500 a year.

The promise of an annual report will be fulfilled.

EDWARD W. G. BORER.

## NO FORMER FERRY GRUDGES ALLOWED

March 27, 1928.

Mr. R. W. Remp,  
 c/o Dravo Contracting Co.,  
 Tacony, Philadelphia.

Dear Mr. Remp:

I was advised by Mr. Frye, of Senator Fletcher W. Stites' office, (Bridge counsel in Pennsylvania), that the Tacony-Palmyra Ferry Company dedicated the bed of Delaware Avenue to the railroad tracks to the City of Philadelphia, and when this was done, the City of Philadelphia spent \$4,000 for paying the ground dedicated.

It would seem from this that Mr. George T. Sale has absolutely no claim to the ground, and therefore, should not be able to give your company any trouble when you are unloading your cars on the property recently transferred from the Ferry Company to the Bridge Company.

Sincerely yours,

TACONY-PALMYRA BRIDGE COMPANY.

Edward W. G. Borer, Treasurer.

## FIRST RIGHT TO BUY STOCK

The Ferry stockholders received a wonderful opportunity for investment, having the first right to purchase Bridge stock. Many accepted, buying stock at \$12.50 per share, which is now worth nearly \$50.

BORER & CO.  
 Philadelphia

December 16, 1927.

To the Stockholders of the  
 TACONY-PALMYRA FERRY COMPANY.

Subject to the approval of the Banking Department of the State of Pennsylvania, we recommend:

The Class "A" Stock of the Tacony-Palmyra Bridge Company

and will be glad to receive your subscription for a reasonable number of shares at \$12.50 a share, together with a check in settlement, the same to be received by us up until noon, December 24, 1927.

We reserve the right to reject any subscription or allot a smaller amount than asked for.

BORER & CO.

## BRIDGE HIGHLY RECOMMENDED

Notes from the Preliminary Report Dated October 15, 1927, of  
 Modjeski, Masters & Chase, Engineers

To the  
 Tacony-Palmyra Bridge Company

Our study of this project has convinced us that this structure will take an important part in the communications of the Philadelphia regional area, that the chosen site is unusually well adapted to a bridge crossing, that its construction will be economical, speedy and safe, and that the traffic which will be attracted to this new inter-state highway upon completion will be sufficient to adequately support the necessary investment.

The maximum day's total for the Tacony-Palmyra Ferry up to date has been 3,402 on August 16, 1925. On many holidays and Sundays in 1925-26 the traffic exceeded 3,000 vehicles. On all these occasions there were long waiting lines at the ferries and there is every reason to believe that the traffic would have been much larger had the ferries been able to handle the business without delay. The first year of Delaware River bridge operation showed fourteen days with traffic above 40,000 for the day, and two days with traffic of 58,000. It is entirely possible that the Tacony-Palmyra bridge, with 25 per cent. of the population of Philadelphia and adjacent area tributary to it, will have peak days totalling 15,000 vehicles the first year it is open. It is believed that in ten years the traffic over the Delaware River will have doubled, in twenty years it will probably be not less than three times as large as at present. Under these conditions peak day traffic at Tacony may reach 50,000 to 40,000 vehicles in the first twenty years of the life of the bridge. With such maximum daily totals, hourly peaks of 4,000 cars and above can be expected.

Traffic as a whole over the Delaware River was increased 70 per cent by the opening of the Philadelphia-Camden Bridge. The traffic over the Carquinez Bridge in California has been 100 per cent. greater than that formerly carried over the same route by ferries. During the first four months of operation of the Peace Bridge over the Niagara River at Buffalo the traffic over bridge and ferries was 350 per cent. greater than that over the ferries alone during the same months last year.

The Subscription Privilege of the Tacony-Palmyra Ferry Stockholders Expires at Noon Saturday, December 24, 1927. Should You Care to Subscribe, Kindly Act Promptly.

BORER & CO.

## RIVERTON ITEMS

The annual luncheon of the Women's Auxiliary was held Wednesday at Christ Church parish house. Riverton Mrs. Arthur P. Cox, the local president, made the more than 40 guests welcome. There was a special table at which the older members of the club's Friendly Society gathered. The speakers were Mrs. Arthur Phelps, Diocesan president, and Mrs. Milby, a missionary who is home from China on a furlough. There was an interesting display of earnings made by the Auxiliary during the year, and which will be sent to a colored industrial school in Georgia.

The registrar of vital statistics reports for the month of January, one marriage, four deaths, two burials.

The many friends of Mrs. Frances C. Boyer, 105 Main street, will be sorry to learn of her continued illness. Mrs. John Parry has returned from Tinsboro, N. Y., where she attended the funeral of her brother, Lewis Morrell.

Mrs. Walter Boyer, of Germantown, is the guest of Miss Helen Westman. The 300 club at Camden will meet with the shepherds of Bethlehem next Wednesday evening in Collin Hall. It is hoped the local members will all attend to welcome their guests.

Tickets that were issued for the Chautauque dates in January will be accepted for February 9 to 12, even though the new dates may not have been written in.

Mr. and Mrs. Joseph V. Landers, of Elm Terrace, spent Sunday in Atlantic City.

Hilbert Smith, of Linden avenue, was a visitor in Freehold and Trenton Monday of this week.

Misses Julia and Laggie Cooke have returned to Riverton after spending two months in Atlantic City.

Mr. and Mrs. J. W. Sylvester and Mrs. Reece spent Sunday with Mr. and Mrs. Ralph Sylvester at Oaks, Pa.

Miss Sallie Hunter left Wednesday for Wilmington, N. C., where she will spend the month of February.

Miss Nancy Naulty, of Philadelphia, was a Sunday guest of Mrs. George S. Washington.

Dr. and Mrs. Harry L. Rogers motored to Beach Haven Sunday.

"A prize for everybody and everybody for a prize" is the slogan for the K of C card party next Monday night.

Mrs. William M. Thomas has gone to Holly, N. J., where she will spend two weeks with her daughter, Mrs. John Patterson.

Mrs. Pauline Bailey and daughter, Betty, spent Sunday with her sister, Miss Leona Ebbett, at Germantown.

Mr. and Mrs. Thomas Mann, of Cheltenham, Pa., were guests of Mr. and Mrs. Otto Spieser, Sunday. Sixteen years ago Mr. Mann was manager of the Acme Store in Palmyra.

Mr. Edward V. Bertram is spending two weeks in Florida.

## HIT BY AUTO

Passenger Allowed to Alight From Street Side of Car Injured. Taken to Hospital.

James Flynn, 403 Thomas avenue, Riverton, was struck by an automobile as he alighted from a 50-10 car at Broad and Thomas about midnight last Saturday night.

He was taken to Cooper Hospital in the Palmyra ambulance and kept there until Tuesday when he returned to his home. Mr. Flynn, 40 years old, suffered no very serious injuries, but was severely scratched and bruised. X-rays showed no broken bones. Doctor Lloyd, of Riverside, was driving the car which hit Mr. Flynn. He says he made no choice, were preferred.

The operator of the trolley car let Mr. Flynn off the car from the wrong side. It is also reported this operator is the same one who discharged Earl Cooper on the wrong side last before Christmas in Palmyra when Cooper was killed by a P. R. E. car.

## CARD PARTY

LIONS CLUB OF PALMYRA-RIVERTON SOCIETY HALL (Both Floors)

Tuesday Eve., February 12th (Lincoln's Birthday)

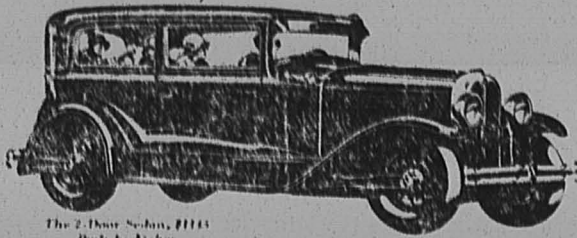

Silverware Cord Tire donated by Lester S. Fortnum

Ton of Coal (any size) donated by Leon A. Sever, Inc.

Many Other Valuable and Unique Prize

Tickets 50c 830 P. M.

## THE MOST SURPRISING THING ABOUT IT Is the Price

The 2-Door Sedan, 1929 Body by Fisher

All America is being captivated by the New Oakland All-American. By its vivid new style and youthful new beauty. By its surging power, its flashing pick-up and speed. . . . What an opportunity for motor car buyers. . . . a car of All-American quality for as little as \$1145! Considering its magnificent new bodies by Fisher. . . . the most surprising thing about it is the price.

Price \$1145 to \$1345, 4-cyl. 6-cyl. 8-cyl. 10-cyl. 12-cyl. 16-cyl. 18-cyl. 20-cyl. 24-cyl. 28-cyl. 32-cyl. 36-cyl. 40-cyl. 44-cyl. 48-cyl. 52-cyl. 56-cyl. 60-cyl. 64-cyl. 68-cyl. 72-cyl. 76-cyl. ## LEGAL ADVERTISEMENTS

The New Era is a Legal Newspaper. Commissioners, Sheriffs, and other Sales, Administrators and Executors' Advertisements are solicited. The New Era will appreciate being remembered in this connection.

## "America"

During Hoover's recent trip about South America, he had to refrain studiously from referring to the people of the United States as "Americans." The correspondents with him were enjoined to make no use of the term in their communications home.

It seems that the Brazilians, the Argentines and the Columbians, who feel they have as much right to the word "American" as we have, strongly resent our using it to designate this country alone.

The term "America" has no exact significance. So many nations are in North and South America! In referring to our countrymen, foreign papers must of necessity use the long term "Americans of the United States."

The word "United States" is awkward in many of its forms. No one can be a "United Statesian." We can talk of "United States territory" or "United States history" but think of talking of "United States literature" or the "United States language."

Noah Webster declared that a deeper national feeling would be engendered by the adoption of a felicitous name all our own. But after all usage is everything. Usage will keep the name "America" in our minds and on our tongues for centuries. The word is imbedded in our history and literature. It will be well to recognize, however, that the outside world is likely to grow intolerant of our claims upon a word that designates not merely one nation but two large continents.

## Campaign is On In England

Herbert Hoover's triumphant election as President of the United States is having a far-flung international influence. It may be the determining factor in settling the prohibition question in England.

At least it is the incentive behind the making of prohibition the issue in the 1929 general election campaign over there.

Candidates for parliament in the coming election are to be asked the following questions:

Are you in favor of local option for England?

Are you in favor of a strict maintenance of the license hours?

Are you in favor of the strengthening of existing laws in relation to drinking in clubs?

Upon the replies of candidates to these questions will be based the decision of the temperance forces either to support or to oppose such candidates. Out-and-out dry candidates will be put up for election in at least 40 constituencies. Present members of Parliament are being asked whether or not they will assist in the passage of local option measures.

Temperance forces of England are resolved to stand together, without regard to religious differences or general political views, to give support to those candidates who satisfactorily answer the questions to be propounded.

Newspapers of Great Britain, almost without exception, comment on the American election, and all commentators seem to agree that Mr. Hoover's election indicates that prohibition is to remain the law of the United States.

## Great Historic Document

The Kellogg treaty has been ratified by the Senate and signed by President Coolidge. Those who have studied this treaty and its possibilities and have worked for its passage consider it one of the GREAT historic documents of the ages. It has been compared to the Magna Charta, to the Declaration of the Rights of Man and called the third great step upward in the progress of mankind.

The ceremony of the President affixing his signature took place in the east room of the White House. The treaty was signed on the old table which served from the administration of John Adams to that of Roosevelt, when, during the renovation of the White House, it was retired. Seated at the table were President Coolidge, Secretary Kellogg on the left, Vice-President Dawes on the right, Cabinet members on either side.

The President used for his signature the heavy gold pen which had been presented to Secretary Kellogg by the city of Havre for the signing of the pact on August 27, 1928 in Paris by the fifteen original signatory nations.

The United States has been the first of these nations to ratify the treaty.

## Honesty

Governor Simpson of Kentucky is starting a very worthy movement indeed. He believes too many people are "in-different honest" and thinks there should be more "affirmative honesty," especially in business transactions.

He wants a nationwide survey to stimulate fair-dealing. "Integrity is not vanishing," he says, "and all of us ought to be emphatic in saying so. This undertaking is not for the purpose of gathering statistics about acts of honesty. It is a survey of thought concerning honesty."

"The purpose is to increase our realization of the truth that although we all approve the principle of right conduct none of us is so affirmative as we might well be in our aid of increasing the general belief that honesty and good purpose are the prevailing motives of most people."

A great phrase, "Affirmative honesty." It is a quality well worth cultivating, and Governor Simpson is to be congratulated on bringing it so forcibly before the public.

He announced that women in Afghanistan were also to be kept in seclusion.

Fishes rose against him, armed, drove him into a fortress.

King Amanullah changed his mind. Afghan girls sent to be educated in the modern way in Turkey are to come home. European dress is to be abolished. Soldiers of Afghanistan are to be allowed to follow and bow down to their religious leaders, the Holy men, or Pirs, and women will be kept in seclusion.

All the suggested reforms will be thrown overboard. Wise Amanullah he wanted peace.

The Chinese, poor creatures, but honest, started forced into resolutions of which they do not know the meaning, know at least one thing, and that is, that it is important to have good roads.

Mr. G. Walter Reed, of the Santa Fe Railroad, quotes an engineer just back from China. "Food from South China cannot reach those

starving in Northern China because of British bandits, impassable roads."

## P. S. BUS "WINKERS"

New illuminated signaling devices which indicate when the bus is about to turn either to the right or left, are to be tried out by Public Service Corporation. Transport on buses of the Atlantic line in Essex Division. Each bus will be equipped with two of these appliances, one on either side of the front of the bus. It is expected that the use of the "winkers" will be installed on all street cars and buses in the Public Service system. Developed in Germany, where it is generally known as a "Winkers" this device was first used in London. It was used by the President's motorcade in 1918. It is a device which is mounted on the front of the bus and is operated by the driver. It is a device which is mounted on the front of the bus and is operated by the driver. It is a device which is mounted on the front of the bus and is operated by the driver.

A new patent (three made of) is said to have been used successfully in England in the manufacture of bus operators.

Fewer "Busies" on  
Business Lines

It can be done with your help

TELEPHONE users, telephone workers and telephone equipment are all involved in any effort to reduce the number of "busy" reports on business lines.

The telephone organization is constantly working to improve telephone equipment in central offices and on the premises of business subscribers. This helps to reduce the number of "busies."

The most efficient service, and the best equipment, however, can reduce "busies" only when the facilities are adequate.

A growing business often needs additional central office lines or equipment. Growth without facilities to handle it means that outgoing calls delay incoming calls, or that the incoming delay the outgoing. Such delays are costly, causing loss of business and good will.

To help you make sure your equipment is adequate and operated at its best, our Commercial Service people will survey your telephone situation without charge and our P.B.X. Training Department will gladly give you its service of instruction, inspection and suggestion. Just telephone our Business Office.

**GAS**

MEANS A MORE  
LIVABLE HOME

THE home, in which Gas service is fully availed of, is a home of increased comfort, of larger convenience and of greater attraction. Gas, performing a wide variety of tasks, lightens the labor of the home-maker and makes easier the way of every member of the family.

Gas, gives you hot water whenever you may want it by merely turning the faucet;

Gas, keeps your house at the temperature you desire, with no more trouble than the setting of a thermostat;

Gas, gives you refrigeration that maintains at all times the degree of cold, essential to food preservation;

Gas, cooks your meals with the least expenditure of time and energy and with scientifically regulated heat control;

Gas, performs every household function for which heat is necessary, better than any other fuel.

If you would get the most out of your home, summon Gas to your assistance. Unless you are conversant with modern gas service developments, the results of an investigation of their possibilities will surprise you.

Humming Bird  
Full Fashioned Hosiery

The Smartness of Youth  
The Splendor of Royalty

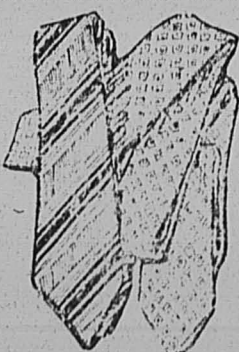

More convincing than columns  
of claims for Humming Bird  
Full Fashioned Hosiery, is the  
fact that the same patrons pur-  
chase these fine stockings re-  
peatedly.

Whether "style" or "wear" rules  
your choice, Humming Birds  
will win your favor. Amazingly  
sheer, with narrow hems, grace-  
fully proportioned heels, sandal  
soles, invisible reinforcements.  
Considerably longer than the  
average hose.

## FLOWER SHOW MARCH 11 - 16

Flowers Will be Exhibited in  
Gay Array at Commercial Museum

The sunshine that has been streaming through greenhouse glass has immensely abetted the efforts of gardeners to overcome the handicap of an early Easter. The prospects that there will be an abundance of flowers for Easter are as bright as the beneficent beams that have been forcing the plants forward.

The sunny, though cold, weather prevailing last week and the week before brightened the faces of the florists and gardeners who are preparing the plants they will exhibit for the Philadelphia Flower Show. Easter comes on March 31 almost as early as it can occur, and that date is somewhat ahead of Nature's schedule for plant life. The Flower Show will be held March 11 to 16 in the Commercial Museum.

Greenhouse protection and artificial temperature notwithstanding, the plants that are to be displayed in flower and at their best have not shown a disposition to adapt themselves to the early Easter. Consequently, there has been some uncertainty as to whether the show would be as luxuriant in blooms as the more extensive program and elaborate arrangements made last year. It called for January weather was comparatively mild in temperature, and therefore unseasonable. Man can imitate nature, but it is difficult to do so. The temperature conditions by artificial heat and give plants their most favorable state of warmth, but nothing can substitute God's sunshine. A few hours of sun, even though the sunlight gleams through an outer atmosphere of cold, can do more for flowering plants at this season than the tender forcing of the gardeners.

The exhibits for the flower show are being assembled and arranged in the greenhouses, whose owners will exhibit. The show will be more elaborate than ever before. The Commercial Museum, where the show will be held, will be a bower of beauty.

The garden exhibits will be more elaborate and varied this year. Six gardens, each two hundred square feet in area, will be laid out on the floor of the exhibition hall. Grassy lawns, flower beds, nursery borders, rose and bulb beds will be arranged in similitude to an outdoor garden of late spring and summer. Artistic displays of flowers will be made to provide prizes for these exhibits. Private growers and commercial growers will compete in the various classes. Cut flowers and those that are growing will be shown in a display array. The exhibits of the private growers will include selections from the greenhouses of some of the most prominent private estates in the city of Philadelphia and surrounding territory. The famous orchid collection of E. Eugene Dixon will contribute a large and costly display of these exotics. The greenhouses of Joseph E. Widener, of Elkins Park, will present the best plants that William Kleinheinz, superintendent of the Widener Conservatories, can assemble.

The Longwood Botanical Gardens of William Du Pont, at Menden Hall, Pa., will be represented by a large display. There will be classes for the garden clubs, the organization of women devoted to amateur horticulture. A unique exhibit will be the representations of backyard planting. These displays will be made by private individuals and will show what can be done by home gardeners. Wide latitude is given the exhibitors in this class so that they may include vegetables, flowers and lawn, in the backyard garden. Some of the gardens to be shown will feature bulbs and an extremely colorful display of tulips will be laid out in garden effect.

Rock gardens will be the theme of another class for which prizes will be given. This exhibit will include perennials, Alpine plants, cacti, arranged in rocky effect. Cut flowers will be included in many classes. Their varieties will include roses of many kinds, carnations, orchids, tulips, sweet peas, snapdragons, freesias, violets, lilies, lilacs, monardella, hyacinths, narcissus, begonias, azaleas, rhododendrons, etc.

Special prizes are offered for exhibits staged by the County Florists' Association. Philadelphia County is not included in this. Various county organizations of florists in Montgomery, Berks, Chester, Delaware, and other nearby counties will exhibit. Noted botanists and horticulturists will be guests of honor of the members of the Philadelphia Flower Show during the week. Among them will be E. H. Wilson, keeper of the Arnold Arboretum, in Boston, one of the noted botanical gardens of the world. U. S. Secretary of Agriculture, Wm. M. Jardine, who was a guest last year, has been invited to attend again. There will be special days for children and for hospital and home inmates, who will be brought to the Commercial Museum to be cheered by the display.

MRS. ELLA F. DAVIS

Funeral services for Miss Ella F. Davis, who died Tuesday at the home of her sister, Mrs. Albert Rycroft, 202 Garfield avenue, Palmyra, will be held at the Snover Funeral Home, 212 East Broad street, on Saturday at two o'clock p. m.

Interment will be made in Odd Fellows Cemetery, Burlington. Rev. George J. McCormack, officiating.

Luciano Rubio, a 15-year-old boy of Mexico City, won a gold medal in a national contest in mathematics in which more than 100,000 pupils participated.

## Seeks Reelection

WILLIAM H. HEISLER, JR.

Who has announced his candidacy for re-nomination for member of the Board of Chosen Freeholders on the Republican ticket in the June Primaries.

## HEISLER IN RACE FOR FREEHOLDER

Director of Finance Seeks Re-nomination at June Primary Election

Freeholder William H. Heisler, Jr. has announced his candidacy for re-election. His announcement follows: I desire at this time to announce my candidacy for re-nomination for member of the Board of Chosen Freeholders on the Republican ticket at the coming Primary Election.

It has been my constant endeavor to serve our growing County in an economical, businesslike way, along the lines of progress, and my record is an open book and speaks for itself. While serving as Director of Finance, the gross debt of our County has been reduced over \$500,000 and there was an estimated surplus in our County Treasury at the end of 1928 of \$125,000 and I take pardonable pride in these accomplishments, not assuming entire credit, however, for these results could only have been brought about by the co-operation of my colleagues on the Board, and my three years' experience as Director of Finance should make me qualified to bring about even better results for the County, if I should be re-elected.

The business of the County is increasing rapidly and amounts to approximately \$2,000,000 a year, and keen, honest, business judgment is required in its management and it has always been my sincere wish that more citizens of our County would interest themselves in obtaining first hand information regarding the conduct of this business, rather than accept the statements, often misleading and untrue, of overzealous partisan workers. I have always welcomed constructive criticism, believing that any other kind is harmful to the best interest of the County, and leads nowhere.

I have many friends who feel that I have fairly and faithfully discharged the duties of my office, and it is because of their confidence in me that I am seeking re-nomination.

I will, as heretofore, conduct a fair, clean, disinterested campaign, dealing with facts, not misleading propaganda, and if nominated and elected, will strive to the utmost of my ability to perform the duties of the office in such a way as best to serve all the people of Burlington County.

## HOLY CITY

Sunday evening, February 17, at Christ Church, Riverton, the vested choir, consisting of double quartette and chorus, will sing Gault's "Holy City" with organ and harp accompaniment.

Mrs. Ruth Peterson Bell, the church organist, will play the organ and Mr. Henry Caspario, of Philadelphia, will play the harp.

Everybody is cordially invited to this service, which begins promptly at eight o'clock.

## KNIGHTS OF PYTHIAS

In conjunction with the regular meeting of Palmyra Lodge, No. 67, Knights of Pythias, Thursday evening, February 21st, a George Washington Social will be held. The committee have arranged a program of good music and speaking. Refreshments will be served.

All members are requested to be present on this occasion to honor the Father of our Country.

PUBLICITY COMMITTEE.  
M. S. SHAPPELL.

Zoesben, Germany, claims the most powerful radio broadcasting station in the world.

## K. C. TO CELEBRATE BIG ANNIVERSARY

Home-coming Reception to Mr. and Mrs. Stroblein at Same Time

Tuesday night, February 19, will mark another milestone in the history of St. Joseph's Council, K. of C.

The Knights are making this occasion a triple celebration.

First: A home-coming reception to Mr. and Mrs. George A. Stroblein and their son, Jacob, who are returning from an extended tour of Europe.

Second: The occasion marks the twentieth anniversary of the institution of the Council.

Third: Annual Ladies' Night, which is always looked forward to by the Auxiliary, the Knights and their ladies.

The Knights have been waiting for a long time for the opportunity to give some suitable recognition for the faithful service rendered by Mr. Stroblein. He has been a trustee since the Council was organized and has always given much of his time and advice in matters of importance to the members at large.

Word comes from Mr. Stroblein that he is enjoying good health, but the weather has been unusually cold in Holland, Belgium and Germany.

The party is returning on the S. S. Berlin, due to dock in New York on Saturday, February 16.

Speakers of prominence will grace the stage for the occasion and Jim Loughran, of Philadelphia, and a group of picked artists will provide the entertainment, which will consist of banjo and accordion solos, singers, and that well known piano player, who always accompanies Jim, Miss Messenger.

Frank Shannon, formerly of DuMont's Minstrels, will also be on hand with new jokes and songs.

The K. of C. commissary department, under the able direction of George Porter will have full charge of the refreshments.

## P. H. S. APPRECIATES GENEROUS SUPPORT

Merchants Largely Responsible for the Success of the P. H. S. Year Book

Palmyra High School can at last be said to have found itself. The future citizens, namely, the present high school students, seem to have opened the new year with a "bang." The photography work on the Year Book has been a suitable New Year's celebration for the students. Those on the staff are counting the book as the actual printing is concerned.

Financial worries are over, due largely to the splendid response of the merchants during the advertising campaign. Those who operate business establishments are to be congratulated and commended for the spirit which they have shown towards the High School and its activities. There are numerous cases where a merchant who has doubted the fruitfulness of an advertisement has nevertheless purchased advertising space, not wholly for the benefits that might be derived, but to assist a good cause.

Others have contributed money to the project, but have refused the space that rightfully belongs to them. Still others have no business interests to advertise, but have purchased the space as a complimentary section.

To all these open-minded people the staff are greatly indebted. They appreciate the public spirit, interest in the High School and its activities, the courtesy with which the solicitors were received, and above all, the financial support which the people have given and which was necessary for the success of the Year Book.

The staff of the Year Book commend these merchants to the townspeople and urge that they be given the support they deserve. Each merchant who has advertised in the Year Book has a sign in his window to this effect: The motto of the High School is "Patronize Our Advertisers," let's make this the motto of our friends.

## SCOUTS AND DADS TO HOLD BANQUET

Palmyra Troops Will Hold Annual Dinner in Lutheran Church Friday Evening

The fourth annual Father and Son Banquet, held each year by the Boy Scouts of Palmyra, will take place this year in the Lutheran Church, 630 P. M. on Friday, February 15th.

The boys of Troop No. 2 are acting as hosts, as the banquet will be held this year in their headquarters.

It is hoped by the leaders of both troops that the Dads and the boys will be present. The Rev. Mr. Lockett will be the principal speaker and there will be other speakers, who are all great favorites with the men and boys of the community. John R. Fallis, our Scout Executive, and Mr. Brian B. Kane, our Scout Commissioner, both of whom are well known to Scouts and their Dads, and Prof. Paul Eckert, principal of Palmyra Schools, will attend.

There will be many worth while exhibitions and prizes will be awarded. The Dads will be surprised at what the boys can do.

## THANK YOU!

The Knights of Columbus of Riverton-Palmyra wish to publicly thank everybody who patronized their recent card party and dance, and also those who helped, with extra chairs and tables, to handle the large crowd.

## PALMYRA BUYS TWO NEW AUTOS

Police Get New Ford Tudor Sedan; Roads and Streets Department Gets New Truck

The Borough of Palmyra has received delivery on two new automobiles during the past week.

One is a new police car, which is fitted up especially for the use of the department. It is a Ford Model A Tudor Sedan and is equipped with a special spotlight which will throw a beam of light in any direction and is operated from the driver's seat.

A chemical fire extinguisher is mounted on the running board which is very useful in fighting small blazes. A siren is to be installed in the next few days, which will be loud enough to give the police the right-of-way when speed is necessary.

A new Ford one-ton truck with dump body has been delivered to the Roads and Streets Department and is now in service. Both new machines were purchased to replace old equipment.

## K. C. CARD PARTY IS HUGE AFFAIR

More Than 500 People Entered at Home of Riverton-Palmyra Council

The Knights of Columbus Hall in Palmyra was the scene of a large gathering of card-players from the riverfront towns last Monday night.

Twenty minutes before playing time it was necessary to send out for extra cards, and every available deck in Palmyra and Riverton was purchased to supply the bidders. Chairs from Snover and the Palmyra Fire Company were also quickly rushed to the Hall.

It was a happy, smiling crowd that was finally arranged in their respective places to bid for the 112 prizes, valued at \$250.00. The four highest winners were as follows: Ton of coal, Mrs. Louise Kemmerle, of Riverton, radio set, Mrs. W. French, of Palmyra; radio table, Mrs. L. O'Connell, of Philadelphia, and \$100.00 door prize Mrs. Paul Arndt, of Palmyra.

In all 528 people entered the building, but the card players far outnumbered the spectators. The prizes necessary to use part of the dance floor for extra pinocle tables. A separate room in the basement, used as the boiler room, held four tables of pinocle, two of which were the gas stoves. A group of young girls were seated on the floor in the 500 section, while another set of "shufflers" utilized the ice box in the kitchen, using waste paper baskets for seats.

Everybody present voted the affair a huge success and demands were made upon the committee not to let too long a time elapse between this and the next card party.

## PORCH CLUB

Many Guests Enjoy Novel Menu and Musical Program at Riverton

Over a hundred club women gathered for luncheon at the Riverton Porch Club on Tuesday, February 5th. Twenty or more hostesses, presiding over groups of eight to fifteen, arranged and prepared the main dishes for luncheon, while the Porch Club provided the fruit cup, coffee, rolls and butter and the dessert. The luncheon, which created interest and rivalry, was arranged by Mrs. Edward K. Merrill and her committee, consisting of Mrs. Filton Graff, Mrs. Ralph L. Flower, Mrs. William F. Bliven, Mrs. John Douglas Clark and Mrs. Henry L. Randall.

Previous to the business meeting Mrs. Samuel W. Collis, controller, sang very beautifully three numbers, entitled "Wake Up" by Phillips; "Trees" by Rathbach, and "Spring Flower" by Campbell Pinton.

The business meeting opened with Mrs. Reubens F. Corry, president, and the chair. The reports of the officers, department heads and chairmen of committees were read and approved. Prior to the election of officers in May, Mrs. Corry appointed the following: Nominating Committee, Mrs. Howard Coe chairman; Mrs. E. Marshall Kinsey, Mrs. Harry Rogers, Miss Edith S. Coale and Mrs. Malcolm Dickinson.

Following the business meeting the Music Study Class of the Club, under the direction of Mrs. Nathan Lane, Jr., entertained for a half hour. The selections given were compositions of Edward A. MacDowell. The program consisted of the following: "Thy Beaming Eyes," sung by Mrs. Ralph Rivers; a piano selection, "Scotch Poem," by Mrs. Alfred Van Oosteriano selections, by Mrs. George M. Becker, "To a Water Lily" and "Dance of the Dryads," and "Puritan Days," played by Mrs. Kenneth B. Thomson.

## MRS. ALBERT B. FAUNCE

Annie M., wife of Albert B. Faunce, died at her home, 633 Lippincott avenue, Tuesday morning after a two years' illness.

The funeral will be held Saturday morning at 8 o'clock at the house, followed by High Mass at the Sacred Heart Church at 9 o'clock. The body can be viewed Friday evening.

Mrs. Faunce was a resident of Riverton for 51 years. Besides her husband she is survived by four children: Two sons, Ogden and William; two daughters, Mrs. Fanny O'Neal, of Riverton, and Mrs. Annie Bacon, of Camden; and ten grandchildren; also one brother, William Field, of Philadelphia.

## \$35,000 STATE AID FOR ROAD

Repair of Road Between Mount Holly and Moorestown to Cost \$70,000

At the meeting of the Burlington County Board of Freeholders last Friday a communication from the State Highway Commission was read, stating that the Highway Department would give \$35,000 toward reconstructing the road between Moorestown and Mount Holly, if Burlington County would appropriate a like sum.

A resolution by Freeholder Stout, director of the Department of Roads, that the offer be accepted, and that the Board appropriate \$35,000 for the work of reconstruction, was unanimously adopted.

The Bridge Department, of which Freeholder James McCormack, the new member, is director, reported that the bridge at Batsto to be in bad condition, and that both the bridge and the road at this point should be re-aligned. The director asked for and was granted permission to negotiate for a new right of way around the pond and a new location for the bridge.

The Bridge Department also asked for and was given authorization to reimburse its supply of cross-tied lumber for bridge work. The engineer will draw up specifications covering the department's requirements, and the clerk will advertise for bids.

Surrogate in New Office

It was announced that the Surrogate had moved into his new quarters, and that the offices formerly occupied by him in the County Clerk's office would now be available for the use of the County Clerk. Space in the County Clerk's office for the storage of records of the Board of Freeholders. The clerk of the board was authorized to advertise for bids for an electric refrigerating plant for Fairview Sanatorium.

A communication from Charles Laessle, Clerk of Moorestown Township, cited a dangerous condition at the bridge over the east branch of the Pensauken creek, between Lendia and Maple Shade, and asked the County to provide relief. The letter set forth the fact that while the trolley line was in operation the Public Service maintained lights at this bridge, but that since the trolley service was discontinued the bridge was not lighted. The matter was referred to the Bridge Department for investigation and report.

A communication was received from the State Highway Commission giving notice that the Highway Department had taken over Route No. 25, from Jersey City to Camden.

Contract for Garage

The contract for the construction of a garage and work shop for the County was awarded to Rovers C. Gale, of Mount Holly, on his bid of \$2,773.50. Other bidders follow: Thomas W. Watson & Sons, Mount Holly, \$4,510.82; R. M. Gould, Burlington, \$4,536.90; R. W. Conover, Pemberton, \$3,095; T. C. Giles, Mount Holly, \$3,335; T. C. Shinn, Mount Holly, \$3,691; Joseph E. Koister, Beverly, \$3,019; Hugh B. Miller, Edgewater Park, \$3,280; William F. Atkinson, Mount Holly, \$3,277.44; Charles S. Moses, Edgewater Park, \$3,387; Richard Claron, Mount Holly, \$3,498.95; William C. Cook, Mount Holly, \$3,382.

On account of the next meeting of the Board of Freeholders falling on Washington's Birthday, the session will be held Thursday, February 21.

To Erect Pole

The Public Service Gas and Electric Company was given permission to erect 92 poles on Church road east of the Medford-Lumberton road in Medford Township, for an extension of the service in that community. County Engineer H. B. Smith and Assistant Engineer F. Little Brannin were delegated to attend the convention of County Engineers' Association to be held at Atlantic City on February 14.

The complaint made two weeks ago by the master mechanic of the railroad at New Lisbon that there was only an eight-inch plank provided as a walk on the coal trestle of the Pennsylvania Railroad at that place was investigated by Director Howard Russ. He stated that he found three planks eight inches wide instead of only one, and he felt that it was perfectly safe for trainmen who use it.

Freeholder Stout stated that he thought it possible to straighten some of the bad curves on the Rancocas-Mount Holly road, as it had been brought to his attention that one or more property owners along that road signified their willingness to donate sufficient land to make such improvements. The road department was given authority to investigate the offers.

The following bills from various departments were ordered paid: Roads, \$3,676.53; bridges, \$341.28; finance, \$10,298.34; public buildings, \$8,563.97; public affairs, \$4,743.64, making a total of \$27,622.86.

## TALK ON BIRDS AT RIVERTON PORCH CLUB

Bird lovers will welcome the coming of Guy C. Caldwell to the Porch Club on Tuesday, February 19th, at three o'clock. Mr. Caldwell's talk will be illustrated with motion pictures. His program, which is unsurpassed for beauty and interest, will include imitations of the calls and whistles of the birds. Radio listeners-in of last winter will remember Mr. Caldwell's skill.

The Riverton Public School and the Palmyra High School will excuse pupils wishing to attend this lecture. The lecture will be free for club members, but a charge will be made for guests. 50 cents for adults and 25 cents for school children. The lecture will be open to the general public.

## Slover Resigns as Co. Hospital Head

William P. Slover, superintendent of the Burlington County Hospital in Mount Holly during the past year, presented his resignation, and it was accepted by the Board of Managers at the meeting last week.

On account of some conditions that were not pleasing to him, Mr. Slover recently stated that he would not remain in the hospital longer than June 30. The managers decided to let the resignation take effect at the end of his year of service, which was Tuesday of this week.

Mr. Slover has gone through perhaps the worst year in the new hospital work. Many difficulties have been encountered during the time with the hospital operating on a smooth and even basis.

The Managers have not publicly announced a successor for Mr. Slover, but it is presumed that they had something definite in mind when they decided to accept the resignation at this time.

## TICKETS FREE FOR LECTURE 'ALASKA'

Public and School Children Invited to Hear Interest in Travelogue

Both the faculties of the Riverton and Palmyra Schools have welcomed the opportunity that has been extended to be present at the schools by the Palmyra-Riverton Rotary Club to attend the travelogue in natural colors on "Alaska." This educational lecture will be delivered by Edgar C. Raine, the world's best authority on the Land of the Midnight Sun, at the High School Auditorium Thursday, February 28.

Mr. Raine takes his hearers through every town in Alaska and several villages in Siberia, presenting the Northland in all its wondrous beauty and scenic grandeur.

This lecture has been recommended by Deans of the most reputable colleges throughout the United States as being informing, interesting and witty.

While the Rotary Club had as its object the education of the school pupils of our local communities, it also wishes to make it perfectly clear that the public is also most cordially invited. All that is necessary is to procure tickets to many members of the Club at no charge or obligation whatever.

Ladies' Night will be observed at the club dinner on next Thursday evening, February 21. No one can tell just what El. Thum has under that big felt hat of his but we can all bet it's going to be good. The Rev. Samuel Steinmetz, of Trenton, who is well known here, will be the speaker.

## RESERVATIONS BEING MADE FOR "BUY U. S. A."

Musical Comedy Sponsored by Lion's Club of Palmyra-Riverton to Be Presented April 4, 5 and 6

Reservations are now being made for seats for the annual show sponsored by the Palmyra-Riverton Lion's Club, which is to take place April 4, 5 and 6 in the Palmyra High School auditorium.

"Buy U. S. A.," by which title this year's production is to be known, is said by critics to surpass "And How," which will be remembered as the "Lion's A. B. C. of 1928."

Reservations may be made now at the office of Harold B. Lever, 15 E. Broad street, Palmyra. Tickets will not be placed on sale until the last of this month.

## SKATER FALLS

Ten-Year-Old Palmyra Boy Taken to Burlington City Hall for Treatment

Edward Love, ten-year-old, Palmyra boy was taken to the emergency hospital at the Burlington City Hall last Saturday afternoon in a dazed condition as the result of a fall which he suffered while roller skating on South High street, Burlington.

A motorist who saw the boy fall placed him in his car and took him to the City Hall. The boy soon recovered from the shock and started his journey on his skates back to Palmyra.

## WELFARE ASSOCIATION

Receipt is hereby acknowledged of \$100.00 from the Sons of Italy, \$50.00 from the Riverton Porch Club and a sack of potatoes from Coombs and Bush. We thank these generous helpers.

The annual meeting of the Association will be held this evening, Thursday, at eight o'clock in the Y. M. C. A. Building, Palmyra. Each constituent body is supposed to be represented by two delegates.

## ELMER T. VEITENHIEMER

Elmer T. Veitenhiemer, three year old son of Mr. and Mrs. Erich Veitenhiemer, of Five Points, Palmyra, died last Friday, February 8.

Funeral services were held Monday at two o'clock at the Snover Funeral Home. Interment was made in Moravian Cemetery. Rev. A. J. Harke, pastor of the Moravian Church, Parry, officiating.

## SCHOOL BOARD MEMBERS ELECTED

Spirited Contest in Riverton and Palmyra Bring Out Large Vote

In the contest for members of the Board of Education in Riverton at the annual school election, held last night, the winners were: Earl A. Shrader, 169; H. K. Rutherford, 145; Mrs. Catharine Blair, 139.

Leslie W. Reeves and Blandon G. Cook were the opposition. Reeves received 106 votes and Cook, 87.

All the appropriations and the proposition to erect a portable school building carried by a large majority. Twenty-four votes were opposed to the portable building. The number of votes cast was 236, of which six were rejected.

Fred P. Hemphill, district clerk, was chairman of the meeting, and the tellers were Mrs. Hannah H. Chew and Alexander S. Shrader. The audit of election was Joseph H. Shuckner.

In Palmyra the successful candidates for the full term were Wm. S. Branson, 313; Frank L. Durgin, Jr., 225; Mrs. Evelyn M. Giberson, 288. George W. Rogers received 218 and Alfred Van der Vort, 215. For the unexpired term of one year, R. Stanley Green was elected with 345 votes. Mrs. A. Belle Borkley received 83 votes.

In Cinnaminson Township Emily H. Lippincott and George C. Frank were elected without opposition. All the appropriations carried, but the proposition to sell the Albany School building and land on which it stands was rejected by a vote of 9 to 22.

## RUNAWAY CAUGHT BY OFFICER QUIGLEY

16-Year-Old Boy Found Near Exhaustion in Freight Car at Riverton

Tuesday morning a boy whose name is not known reported to the station agent at Riverton that he heard noises inside a box car on the Riverton freight track.

The agent called Officer Quigley, who investigated, and upon opening the car, which had been locked and sealed since last Saturday, found Frank Higgins, 16-year-old inmate of the Skillman Institution for Epileptics, near Trenton.

Higgins and another boy, escaped from Skillman last Saturday and were making their way to Florida. The boys separated soon after leaving the institution.

Higgins had had neither water nor food since leaving the home at Saturday and when found by Officer Quigley was nearly exhausted from lack of food and exposure.

His bearded face took the boy in charge and saw that he was properly fed and cared for until the authorities from Skillman came for the boy on Wednesday.

## ARTISANS TO HOLD EVERY MEMBER NIGHT

New Officers to Officiate During Initiatory Work

The February meeting of the Artisans will be held next Tuesday and will be known as "Every Member" night. All members are urged to make a special effort to be present. The new officers will officiate during the initiatory work. Come out and give them encouragement. There will be an excellent show and furthermore, come and get a chance on the mysterious hour prize, a beautiful clock.

On February 4th last, the Pine Patrol, which is composed of members of the Palmyra Assembly, attended the annual ladies' night of the Pines. The Pines is the "fun field" of Artisans. The Patrol was in uniform and very ably assisted the Imperial Pine P. M. E. Master Artisan, Brother William O'Donnell, to make the evening one to be long remembered by the lady friends of the Pine members.

## SPORTSMEN DANCE

More Than 200 Attend Affair Given in Palmyra K. of C. Hall

The dance held by the Sportsmen Club of Palmyra and Riverton last Saturday evening in the Knights of Columbus Hall was a big success. More than two hundred people attended despite the inclement weather. The hall was beautifully decorated with the club colors, blue and gold, and the stage was decorated with palms and ferns furnished by Kenney's Flower Shoppe.

By mistake, someone picked up the wrong pair of gloves and they can have them exchanged by seeing John Kavanaugh at 205 West Broad street, after three o'clock.

The club wishes to thank all the merchants who supported them. Another dance will be given after the Lenten season.

## New Ideas in Home-making

By ADA BESSIE SWANN  
Director of the Home Economics Department  
Public Service Electric and Gas Company

### Oven Meal Cooking

"After a good dinner one can forget anything, even one's own traditions—Oven Meal."

A good dinner. We all appreciate one, the sure, and the cook more than anyone else, because she knows what has gone before in the way of buying good foods and preparing them for a good dinner. She knows the time and thought required to serve her family three nourishing meals a day. How carefully we buy the best materials for our cooking, then carefully prepare each food, measure each ingredient, stir, beat and fold in, and with critical eye behold our handiwork and often say, "There, that's what I call a good dinner," or, "Well, that ought to be a good dinner or pie, I've followed the directions exactly."

Now comes the big "but," the most important part of all food preparation—the cooking. The cooking or baking of the carefully prepared food will either ruin or make a successful dinner. How difficult it used to be to judge the temperature of the gas oven. Some judged the heat by looking at the size of the gas flame; others by putting the hand in the oven; others by brooding a piece of white paper. There were numbers of ways used, yet none could be very accurate, because the opinions of no two persons as to a "hot," "moderate" or "cold" oven were ever the same. For some years now we have been able to buy gas ranges equipped with oven heat regulators. This little device measures and controls the gas in the oven for us, so that we may use the same rate in the baking of the foods as we do in the preparation. Recipes in the latest cook books give time and temperature directions. It becomes necessary almost to have an oven equipped with an oven heat regulator or to use an oven thermometer.

The oven heat regulator on the oven of a gas range makes it possible for us to prepare a whole dinner early in the day, put it in the oven, set the regulator, then be away from the kitchen for three, four or five hours, to find when we return a deliciously cooked dinner ready to serve, with the exception of the sauces and gravies.

### A Menu and Recipes for an Oven Cooked Meal

Roast Lamb  
Green Beans  
Creamed Carrots  
Suet Pudding  
Hard Sauce

Place lamb in roasting pan, sprinkle with flour and pepper. Place in oven at 500 degrees, very hot to heat, about 20 or 30 minutes, according to size of roast. When meat is thoroughly seared reduce temperature to

275 degrees for a three hour meal or 350 degrees for a four or five hour meal. At the end of the searing period, at time temperature is reduced, place all vegetables in cold salt water in covered saucepans in oven and also pudding, which is tightly covered.

### Boiled Potatoes

Pare potatoes, place in cold salted water in saucepan tightly covered. Put in oven with meat when temperature is reduced. At serving time, serve with melted butter and chopped parsley. Potatoes may be mashed if preferred.

### Green Beans

Select one quart fresh, crisp string beans. Wash, string and cut into pieces—cover with cold water, add one teaspoonful salt, cover tightly and place in oven at time temperature is reduced. At serving time season with butter, pepper and salt. May be served with a cream sauce if desired.

### Creamed Carrots

Four or five good sized carrots, cut in cubes. Place in saucepan, cover with cold water, add 1 teaspoonful salt, cover tightly and place in oven with meat at time temperature is reduced. Serve with a white sauce.

### Note

It is always advisable to use a little care in cooking any woody vegetable by this method and to guard against undercooking at serving time. Such vegetables as turnips, carrots, beets and sometimes onions are very tough. These vegetables should be cooked in hot water instead of cold.

### White Sauce

2 tbsp. butter 1 cup milk  
2 tbsp. flour 1/2 tsp. salt  
1/2 cup paprika

Melt the butter. When the butter is melted, add the flour. Stir well together and add the milk. Stir until mixture boils and thickens. Add salt and paprika. Use for any creamed vegetable, fish or meat.

### Suet Pudding

1 cup finely chop. 1/2 cup salt  
1 cup suet 1/2 cup sugar  
1 cup molasses 1/2 cup clove  
1/2 cup milk 1/2 cup nutmeg  
2 cups flour 1 tsp. cinnamon  
1 tsp. soda 1/2 cup raisins

Mix and sift dry ingredients, add molasses and milk to wet, combine mixtures. Turn into a buttered mould or pudding pan; cover tightly. Place in oven with rest of foods at time temperature is reduced. Serve with hard sauce. This pudding can be steamed for three hours on top burners.

### Hard Sauce

4 tbsp. butter 1 cup confection-  
1 tsp. boiling wa- er sugar  
1/2 cup cream 1 tsp. lemon extract

Cream butter, add sugar and water, beat until light and creamy. Add flavoring.

conductor of New Lisbon; Mrs. C. B. Beckwith, of Pemberton; Mrs. W. N. Cowell, of Vincentown; Mrs. Richard Powell, of Burlington; Miss Edith Tomlinson, of Marlton; and Miss Dorothy Gohbart, County Girl Reserve secretary.

While most of the Girl Reserve groups of the county are planning swims at Moorestown, one group, the Bordentown High School club, swims on alternate Wednesday evenings at the Trenton Y. W. C. A.

### EIGHT MOTORISTS' LICENSES REVOKED

A woman was among eight South Jersey and Philadelphia motorists whose licenses were revoked last week for drunken driving. She is Martha Cooper, 20 South White Horse Pike, Audubon.

The men are: David H. Elmes, 406 High street, Burlington; David Roberts, Sharpshooters, Richard Gilbert, Jr., 127 Fillmore street, Riverside; Joseph W. Harmon, 1924 North Third street, Camden; Myron Michalowski, Philadelphia, 128 North Thirty-sixth street, Camden; and William Norton, 1325 South Thirty-first street, Philadelphia.

Other South Jersey revocations are: Leslie Holland, Moorestown, for allowing operator to get in back of driver; C. A. Adams, Greenwich, for taking the test; James Harmon, 1910 Main street, Moss Landing, giving false name and address; and Raymond Crassey, 117 Centre street, Atlantic City, failing to answer a summons.

Color schemes, arrangement of furniture and pictures, and budgets for home furnishings were a part of the program. Miss Fenton and some interesting pictures of interiors of homes which were also shown.

### "Pet Luck" Supper

The Moorestown High School Girl Reserves welcomed their new adviser, Mrs. J. P. Maxwell, by having a pot-luck supper at the Community House, Thursday evening, February 7. Miss Margaret Gindhart, president of the club last year, was a guest.

The girls are dividing their entire membership into four groups, which in turn have charge of the different meetings. The next activity of the club is a cake sale to be given at the Baptist Church, Saturday, February 16.

Friday afternoon, February 8, fifty-three grade school Girl Reserves from Burlington, Marlton, Vincentown, New Lisbon and Pemberton were swimming at the Moorestown Community House pool.

The group was chaperoned by Mrs. E. P. Darlington and Mrs. J. P. Ma-

## The Judge's Josh

Not Formally Introduced  
Uncle Nehemiah, the proprietor of a ramshackle little hotel in Mobile, was vexed at finding a newly arrived guest with his arm around his daughter's waist.

"Naturally, tell that rascal to take his arm away from round my waist," he indignantly commanded.

"Tell him so," said Amanda. "He's a perfect stranger to me."

"Her husband," said when she married him that his love would be unrequited.

"Did he keep his word?"

"Yes, he never given her a cent."

Mr. Kirk (in a professorial in Middle University, S. C., Professor)

"Well, Mr. Kirk?"

"Which is the best type of the verb to hoodoo—hoodoo or hoodid?"

She: "Why do you suppose the nurse mixed those babies up?"

He: "Wanted a chance of being I suppose."

My father says when college days are ended quite for me.

That I must toil in useful ways.

And earn a salary.

If my vocation will suit me.

I really can't decide.

I want the job of son-in-law.

To come old millionaire.

See, this car has two eyes?

He must have had a double life.

Phono Tuner: "I called to tune the piano."

Lady: "I did not send for you."

Phono Tuner: "No, but the man next door did."

The mother blushed for shame.

As at him above the door.

When the maiden told her name.

She had never been kissed before.

Rectifying a Mistake of Nature

Label: "What a lovely chiseled mouth you have!"

It ought to be in a girl's face.

Jack: "Well, I seldom miss an opportunity."

Mr. Mevster: "Could you give me a little money, my dear?"

Mr. Mevster: "Certainly, my dear. About how little?"

"Did that young man kiss you last night?"

Another: "do you suppose he came all the way up here just to hear me sing?"

CASH TRANSFERENCE

How are you getting along in the low business, old man?"

I have no client.

To be rich?"

He weeps.

How are you going to raise money for the crew this year?"

We thought of starting a chicken herd."

Laura: "I am distinctly disgruntled at your not bringing anything for my birthday."

Petrich: "But I thought nothing was good enough for you."

SIC TRANSIT

A green little freshman.

In a green little way.

Drank a green creme de menthe.

Five or six times a day.

And the green little grasses.

Now tenderly wave.

Over the green little freshman's.

Green little grave.

## WCTU HOLDS MID-WINTER INSTITUTE

Excellent Addresses and Reports Feature Meeting of County Organization

The Mid-Winter Institute of the Woman's Christian Temperance Union of Burlington County was held at Trinity M. E. Church, Bordentown, Wednesday of last week. Mr. Caroline Engle Blinn, of Mount Holly, was in the chair as presiding officer.

Two excellent addresses, given in the morning session were: "Nine Years of Prohibition," by Mrs. Kate F. Kunkin, and "One Year After Prohibition," by Mrs. Bertha Roberts.

Miss Juniusa Jones, of Kentucky, National Director of the Young People's Branch, stressed the importance of education and training for leaders among the young people, so that they may carry forward the work of the mother organization with entire self and ability.

In the afternoon, Mrs. Blair presided.

period the National Convention held in Boston and attended by 2,000 delegates, and the State Convention, which was held in Elizabeth, N. J.

"An eight-year-old boy is like an eight-year-old boy," in that further education is necessary. The fact about alcohol must be thoroughly taught if we want our citizens to be so well informed that they can successfully resist for a moment.

Mrs. Trantz gave a report of the Peace Conference held in Washington, January 14. Ten organizations met together to consider the cause and cure of war and were in attendance when the Senate voted in favor of the Kellogg Peace Pact, 84 to 1. The passage of this treaty is considered to be a long step toward world peace.

Near the close of the afternoon session, a resolution was adopted asking the Legislature at Trenton to enact a law that will be binding for the drivers of public buses, in regard to intoxicants, as are the regulations imposed upon all railroad employees.

Miss Emily Moreau, missionary and nurse, of Wichita, Kan., who ministered to the epidemic of 1918 in Alaska during the epidemic of 1918, has been recalled to Nome for further duty.

The institute closed with a prayer by Mrs. Blair.

A great future is being created in the automotive world these days. People are all agog about a new low-priced six that offers every desirable big car quality. It is the New Pontiac Big Six. Since the Pontiac Big Six went on display, men and women of every type have been coming to see and drive it. But most of the buyers belong to one particular group. They have taste. They love fine things. They want to step up the quality of their automobiles—and the New Pontiac appeals to them—for it's big in every way except in price!

Prices \$1,500 up. Low factory, wholesale charges. Bumpers and car body guards regular equipment at extra extra cost. Check Pontiac dealers' prices. They will show how big a bargain this is. General Motors Time Payment Plan available at minimum cost.

1416 Chestnut Street, Philadelphia, Pa., February 13, 1929.

Mr. William R. S. Fluck,

625 Garfield Avenue,

Palmyra, N. J.

Dear Mr. Fluck:

In reply to your letter of February 11, 1929, I would like to

have you attend the next meeting of the Board of Directors of the

Tacony-Palmyra Ferry Company, when a number of directors

who were present at recent meetings of the company will be glad

to tell you all about the Green Grass Letter, and the discussion

thereon.

I regret your memory has failed you in this instance.

Very truly yours,

EDWARD W. G. BORER.

What Is A Bargain?

In this community are hundreds of individuals and families on the watch for an advertisement which will offer them what they want at an advantageous price.

Can't they bargain-hunters if you like, but thrifty shoppers would be the better designation. Thrift is a commendable trait and merchants should cater to it.

One family wants a new carpet—the need is not urgent. Another family is looking forward to having a dining-room furniture—it may not be for a twelve months.

One man is thinking of buying himself a watch. One woman a shopping bag, another an umbrella.

All can be made to buy earlier by advertising. Advertising can make the desire so keen that the bargain is forgotten in the desire for immediate possession.

A Note to Merchants

Stimulate business by the offer of some slow-moving lines at special prices. Brighten up business by advertising some desirable goods at reduced prices. Make advertising bankish dull business. Often you can tempt the buyer who is hiding his or her time, to buy from you—at a time of your naming.

## Help Make a Whole Life Happier

Do not forget, when collectors call at your home some time this week in behalf of the Church Federation, that CHARITY BEGINS AT HOME.

The slogan of the campaign is "Your Help Can Make a Whole Life Happier." The beautiful part about this work is that you can see for yourself right here at home the good advantage to which your contribution is put.

If there is any drive during the year that deserves generous support in Moorestown, it is this one. Moorestown gives generously to all county, national and international campaigns, and this appeal the most worthy of all is deserving of first consideration.

For the benefit of those not thoroughly familiar with the great work being done by Moorestown's unusually efficient welfare agency, a letter from M. Albert Einton, president of the Church Federation, follows:

Have you ever been really hungry? Have you ever seen your children suffering with cold and want of proper food? Have you ever been out of a job, with a family depending on you?

These are bitter experiences which most of us have been spared. But at this moment there are people in Moorestown who are going through them. Fathers and mothers and little boys and girls like your own.

Charity begins at home, and in our community there is an organization—the Church Federation—which is doing a work of true charity among those who are in need. It helps men and women to find employment, builds better home surroundings for growing youngsters and provides relief in the form of food, clothing and fuel in cases where the hardship is most acute. In these and many other ways the Federation is relieving suffering day in and day out.

During 1928 a total of 140 families have been aided in various ways. These families were helped out of many kinds of difficulty, for each case presents its own individual problems and must be met in a different way. At Christmas time 64 families shared in the distribution of dinners, toys and gifts provided by the Federation. More than 700 garments were supplied to those most in need of them. The entire town had a part in providing the funds for carrying on this work last year, for over 800 contributions were received. For 1929 the need is still great. The winter months have brought a serious unemployment situation. A fund of \$8000 is required for the Federation to carry on its work.

Sometime during that week a worker will call at your home. You know that your gift will be wisely applied, where it will do the most good. Think of your own family. Put yourself in the place of some of these less fortunate neighbors of yours, and give from your heart. Your help can make a whole life happier.

## Now For a Slow Car!

Pretty nearly everything has been invented, some people will tell you, but we know one thing that is just hollering to see the light.

That is a slow car.

Almost every car now can do sixty miles an hour. And manufacturers are proud of the high speeds to which their cars can be brought in case of necessity, desire to "show off," or emergency.

As yet there is not a car invented that cannot go faster than twenty-five miles an hour. But think, if there were such a car, how much safer and happier millions of daddies in this country would feel.

They would know their sons and daughters, when taking out the car, would not do reckless stunts just to appear bold. Just suppose some simple lock could be devised limiting the speed of a car at the owner's option, its full speed to be restored only by the owner's personal application of the key.

The speed of automobiles thus limited, wouldn't daddy feel better when some boy took the car with him on a trip to a "wild" party?

Inventors, get busy!

## Will You Hold the Sack?

A great percentage of yearly losses to small investors are due to essentially honest ventures that have been promoted on enthusiasm and friendship, but without expert analysis by the men of financial or operating experience who might have determined in advance if the project had a fair chance of ultimate success.

The wise investor consults those experienced in the ways of finance before placing money in his friend John Smith's newly discovered gold mine or Richard Jones' company to promote his newly invented gadget.

There are plenty of good securities and it is one of the basic facts of the financial world that investors who disregard them to experiment with dubious projects are customarily left holding the sack.

That will interest General Electric and Westinghouse.

A bill in Indiana's Senate suggests "flogging for male criminals who carry weapons while committing crime."

Strokes would be administered to the bare back, well laid on, and punishment graduated up to SIXTY LASHES.

Why not have criminals, operating with or without weapons, put to work for ten or twenty years. Pay them for work, let them accumulate money, and, except in cases of murder, release them after time convinced that that work and saving are worth while.

China, with almost as many problems as she has inhabitants, decides to cut her army in two, leaving ONLY 715,000 fighting men to be led by others. ONLY 40 per cent of the nation's total revenue is to be spent for military expenses.

If those 715,000 men could be put to work raising food for the

surviving, and 40 per cent of national revenue devoted to the same starving, that would probably please the ghost of old Confucius.

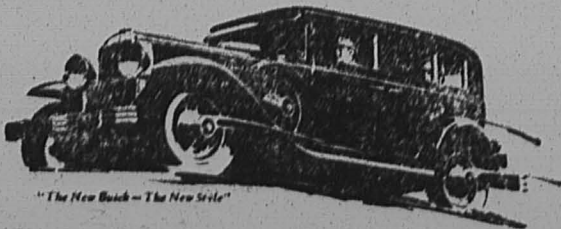

Mrs. Spigel, head of the General Federation of Women's Clubs says women do nine-tenths of the buying, spending about fifty-two thousand million dollars each year. That's important to advertisers.

The fact that women spend fifty-two billions a year should make every advertiser keep in the back of his head the question, "What do women want?" whether he sells automobiles or neckties.

## APPLIED TIES

Spring introduces the idea of applying a contrasting sailor knot or bow tie right onto the blouse or even letting it into the blouse with fastenings of some other type of hand-

880,000,000 HOT DOGS  
ONE MORE MIRACLE  
WILLIAM H., AGED 70  
ELECTRICITY IN THE HOME

Chicago packers say 880,000,000 sausages, commonly called "hot dogs," were eaten last year.

Properly made, well cooked, eaten at regular hours, and chewed slowly to avoid swallowing small pieces whole, the "hot dogs" are good for men. But, eaten between meals, hazardous and, happily, they contribute to the 50,000,000 cases of American dyspepsia.

A child in Chicago five years old, born without feet will be enabled to walk, run and play by surgeons operating on the muscles of the upper leg.

That is an interesting miracle, and there are many others in modern science. Those born deaf and dumb, that never hear a sound, learn to speak and understand the speech of others. With imagination's power, never having seen the earth or the sun or the sound of a friend's voice, they are able to understand beauty and friendship.

That answers those who ask: "Is there really such a thing as a soul?"

William Hohenzollern, once Emperor, is seventy. He looks well, but disillusioned, wears a full beard, mustache no longer waxed or turned up at the point.

He will celebrate by publishing a book called "My Ancestors." It could be interesting, going back to the early money-lending family of Esau Pruska that got its name from high interest rates. But it's hard to write impartially about your own people.

William decided that some things were wrong in the Hohenzollern family, and blames its troubles, passion, sudden rages, bad temper, etc., on a woman, Maria Pawlowa, Russian by blood, Hohenzollern by accident of marriage. That reminds you of Adam blaming Eve.

William says Maria was "the villain of my family." His predecessor, Frederick the Great, would know better. Maria Pawlowa, because she was wild, violent, ungovernable, may have given Prussia's ruling family its genius.

Use of electric machinery in the home, sweepers, washing machines, fans, irons, mangles, exercising apparatus, has increased enormously in the past year.

L. J. Horowitz, head of Thompson Street, biggest building concern, announces privately, a new electric cooking stove that will be operated as cheaply as a gas stove.

## About Your Health

Things You Should Know

John Joseph Collins, M.D.

## HARMFUL DESSERTS

I am indebted to the Health Commissioner of a North Carolina city, Dr. R. C. Jett, for this valuable bit of information, which I am passing on to my readers. No less an authority than George F. Buchanan, M.D., of the Rola College of Physicians, of Britain, and Member of the American Public Health Association, warns our people against the common habit of ending meals with sweets, which cling to crevices, get between the teeth, and set up fermentation with its many evils, and leading to dental decay. In a radio message to Dr. Jett, he adds:

"The correct way to finish a meal is with fruit, coffee, and a cigarette." (I don't endorse the coffin nail.) The fruit hardens the gums and cleans the teeth; the coffee stimulates the flow of saliva in the mouth, and acts as a mouth wash, while the cigarette disinfects (7) the mouth and soothes the nerves." Interrogation-point mine.

Dr. Buchanan is right about the harm of sugars—the virtue in fruits—the invigorating coffee. Sweets, such as preserves, which have no place on any table, are 90 per cent cane sugar, with the native virtues of the fruit entirely eliminated. Why preserves? I bade such a willing adieu, when a service of yellow tomatoes mightily nearly "fixed" me! Inert tomato seeds, tough skins and sugar. Preserved cherries equally as bad. The humble melon-rind makes the safest perhaps, and even that is largely sugar. Fruits in the natural state afford the least objectionable desserts.

RECOMMENDED AGAIN  
Word comes from Trenton that Joseph C. Kingdon, of Mount Holly, has been recommended for reappointment

to the Burlington County Board of Elections. This recommendation comes from the State Committee representatives, Mrs. Elizabeth O. Terry, and Hon. Harold B. Wells and County Chairman Charles R. Stout.

"Your honor, please give me a little time to square myself," pleaded C. V. Robertson, of Chicago, arrested for beating his wife "All right," said the court, "30 days in jail."

## In Appreciation

WE take this means of expressing our very real appreciation for the helpful understanding and cooperation of telephone users during the recent difficult days of wide-spread illness, and— for the exceptional service rendered by our present operators and by hundreds of former operators who volunteered their services, many of whom are still helping out.

At one time 800 operators were incapacitated by illness. Those remaining were faced with the task of handling many more thousands of calls a day than normally, calls to physicians, calls to friends. They carried on to the best of their ability. More than 400 former operators returned to help them. The telephone using public was considerate.

Such cooperation is essential to the rendering of the best possible telephone service. It gives the telephone organization renewed determination to make the service satisfactory to the full extent of its ability, under whatever condition may confront it.

# ELECTRICITY

and

## YOUR EYES

PROGRESS has been made, during the last few years, in the science of illumination. The importance of conserving eyesight has led to a better understanding of the way in which correct home lighting guards against eye strain and its ensuing evils.

There is no reason why you should not have in your home lighting which meets all the requirements of modern optical science.

There is no reason why you should subject yourself, or your children, to the risk of injuries to eyes which result from incorrect illumination.

There is no reason why you should not enjoy, when you read, when you perform your household duties and on every other occasion, good lighting.

Correct wiring of your home is one essential; another is the use of the right size and quality of electric lamp. In regard to both of these matters, the advice of our trained experts is always at your service.

## RIVERTON ITEMS

Mr. and Mrs. William Albertson returned last week from a trip through the South, stopping off at West Palm Beach.

Miss Paula Waddell entertained at dinner and bridge on Sunday evening. Ten couples were present from Philadelphia, Camden and Riverton.

Miss Christine H. Smith has graduated from the Cooper Hospital, Camden, and returned home to her parents, Mr. and Mrs. Smith, Seventh and Lippincott avenues.

Mr. and Mrs. Raymond Fietler are receiving congratulations on the birth of a daughter, Elaine Marie, February 8, at Mrs. Fietler's Maternity Home.

Dr. and Mrs. James E. Brown were guests of friends in West Philadelphia Saturday evening.

Miss Flora Davis spent the week-end with her parents, Mr. and Mrs. Harry E. Davis, Mrs. Davis is attending the New Jersey State College for Women at New Brunswick.

Paul E. Good spent several days last week in Chicago on a business trip. Mr. and Mrs. S. H. MacMillan will entertain the Harmon Club this Saturday evening.

Mrs. Bessie Werner entertained the Friendship Bible Class of the Methodist Sunday School at her home Monday evening.

Mr. and Mrs. Herbert Kieckhefer were among the guests at a dinner given in honor of Mr. and Mrs. Ralph Melville of Merchantville by Gladys Koehrsenberger of 413 West Maple avenue, Merchantville, on Saturday evening last.

Three new Bell telephone booths are being installed in E. I. Keating's store. They will soon be ready for service.

Clifton B. Woodson has taken the agency for the Hupmobile car in Riverton. New models will be seen at Woodson's Garage in the near future. Mrs. Harry K. Road, of Thomas avenue, entertained at bridge Monday evening.

## PALMYRA NOTES

Miss Esther Dean entertained the teachers of the primary department of the Baptist Sunday School at her home Tuesday evening.

Miss Herbert Trout entertained at a Valentine luncheon Tuesday.

Mr. and Mrs. George J. Seel and son Joseph Seel, spent the week-end in Maplewood with relatives. Mrs. Seel remained for the week.

The Degree of Deaconess held a Daily Maid initiation Monday evening in Society Hall. About fifty guests were present from Camden and surrounding towns.

The Chautauque, which was eagerly looked forward to by many, gave a splendid program in P. O. S. of A. Hall, February 9 to 12. Those who attended believe it to be the best ever given in Palmyra.

Mr. and Mrs. A. D. Cramer, of Broad and Walnut streets, attended a birthday reception given in honor of the seventy-third birthday of Mrs. Cramer's father, William Leonard, at Feldsboro, Sunday, February 9. Twenty-eight children, grandchildren and great grandchildren were present.

Mr. and Mrs. Thomas Carroll attended an annual dinner given by Mr. and Mrs. T. A. Tatum in Philadelphia on Sunday. Fourteen guests were present.

Mr. and Mrs. F. M. Carhart, Jr., are receiving congratulations on the birth of a son, John Stephen King, Wednesday, February 6th. Mrs. Carhart will be remembered as Miss Ruth King.

Mr. and Mrs. Alfred Johnson, of Brooklyn, visited relatives in Palmyra over the week-end.

The regular meeting of the Palmyra Ambulance Association will be held at the Fire House on Friday evening at 8 o'clock. All members are urged to attend as election of officers will be held.

Girls without husbands and girls who have husbands, men who have wives and men who want wives, please read! If you will keep March 7 open and come to the Epworth Temple you will learn how to get a husband also a wife, also how to hold a wife and husband, if you have one. The problem is solved by Professor Makenzie. If you will only let him take your life in his hands, as he says, "One life to a lady is nothing. Mademoiselle, in a great interest of science."

Don't forget the Valentine card party to be given by Camp No. 2, P. O. of A. this evening. An enjoyable time is anticipated.

Mrs. Harry Pluck and Mrs. Alfred Koppmeier were visitors at the Roca Theatre, New York City, last Friday.

Mayor George N. Wimer was a Trenton visitor on Tuesday.

The Palmyra Branch of the Needlework Guild will hold its regular meeting on Tuesday next, February 19, at 10:30 A. M., at the home of Mrs. Harry Bunting, 714 Morgan avenue. Box 1000. All welcome.

The Arada Stockton Chapter of the Daughters of the Revolution held its February meeting on Monday of this week at the home of Mrs. George DuBell. After the business meeting a social session was held in honor of Lincoln's Birthday.

The regular monthly business meeting and social of the King's Daughters Bible Class will be held next Tuesday evening, February 19, at the home of Miss Nora Carpenter, Chumminson avenue.

Mr. and Mrs. Carl H. Thomas entertained friends at a Valentine bridge last Saturday evening at their Spring Garden street home.

Dr. Harry B. Mark is giving a handsome new Buick Coupe.

During an interview with Professor Makenzie, he said he had found some very rare specimens at the "Old Maids Association" to work on and is eagerly looking forward to March 7th at the Epworth Temple to see if his efforts and dreams really will be realized. From his gathered the first act offers some very unusual costumes which may give the fairer sex some ideas for their Easter outfits. This is Professor Makenzie's first appearance in Palmyra, thus the reduced rates—adults, thirty-five cents; children, twenty cents. All children desiring to sell tickets may obtain them from Miss Kathryn Davies, 616 Perry avenue. For every ten tickets sold, one ticket will be given free.

Monday, February 25, will be Past President's night at Washington Camp, P. O. S. of A. All Past Presidents are urgently requested to be present and a large gathering of members are expected. A special program will be arranged.

Mr. and Mrs. Gordon Parker, of London, England; Mrs. M. S. de Fourniere, of Philadelphia and Harry Laund, of Chicago, spent Sunday with Mrs. Ida Bousell, of Cincinnati.

Guests from twenty-three different States and Canada, representing 162 cities are attending the Junior Week festivities now in progress at Cornell University. The annual holiday party began with the Musical Club's Concert on Thursday night. The climax was the traditional Junior Prom which was attended by over 3,000 Cornell students and guests. Miss Helen McConnell, of Palmyra, is a guest of the Theta Delta Chi Fraternity.

Mr. and Mrs. James H. Halliburton returned on Friday from a ten-day trip to the Bermuda Islands. They report a delightful trip, although the seas were running very high.

## LONE EAGLE GROUP

By Reporter Paul Guest

The regular weekly meeting of the Lone Eagle Group of the Palmyra-Riverton Y. M. C. A. was held Saturday night in the Y. Building. The meeting was opened by the president, Leon Guest, after which a few members spoke. Talks were given by the following: John Gibson, An Absent-Minded Professor; Jack Reynolds, Group Cooperation; Donald Gilber, Why I Like a Job; Charles Woodson, Why I Am a Member of This Good Group. The first answer to this was, "That's What We Would Like to Know," given by Peter Rodman.

Peter Rodman spoke on "Tomorrow, Robert Knight, Why I Like My Job." He said he didn't have a girl so he could not talk on that subject.

Discussion then followed on a Valentine party. It was decided that the group would have a party on February 23 and all members would bring their girls.

The meeting was then adjourned and the boys played some games in the gym until Mr. Carter said it was time to go home.

David Swanberg, an Oakland, Calif. boy is very proud of a personal letter received from President-elect Hoover, to whom he had sent a note of congratulation.

Eleven children of Knicker and Mrs. W. J. Lawrence, four boys and seven girls, play in a Salvation Army band in New York.

## EDISON PIONEER GROUP

The Edison Pioneer Group of the Palmyra-Riverton Y. M. C. A. held their weekly meeting Tuesday evening in the Y. The meeting was called to order by the president, Clarence Hibbs, Jr.

The subject of the meeting was "Truth," which was discussed by the leader, Lloyd Smith. The new business brought before the meeting was to consider a new member, Thomas Moffitt.

The plans for the following meeting was to have a party in honor of Lincoln's Birthday, February 12th. After the formal meeting, the group enjoyed the playing of "Stinky Joe" in the gym. All the fellows voted this the best meeting yet held.

## Greater Mileage Less Skidding

### Another Firestone Masterpiece

The Firestone Tire and Rubber Company has produced a new tire for the use, service and protection of the motoring public.

This Firestone "Supreme Tire" differs greatly from the bulky construction of other "super tires", and yet, is a "Supreme Tire".

Firestone created this tire to give greater mileage, maximum resistance to skidding and a deeper balloon tread.

## DESCRIPTION OF THE "SUPREME TIRE"

Underneath the attractive appearance of the Firestone Supreme Tire are embodied the proven principles of Firestone design and construction. The Firestone Supreme Tire is a scientifically balanced tire. It does not follow the tendency to truck-like construction with thick, bulky, piled-on tread and sidewall, evident in other so-called "super tires". We will give you below some of the advantages that Firestone engineers have built into the Supreme Tire.

Larger in cross section. Greater in air volume. 50% more tread rubber. 35% deeper tread design providing greater non-skid mileage. 6 plies of speed No. 5 cord fabric. 1.3 greater carcass

strength. Somewhat flatter tread contour providing greater tread contact more uniform wear longer mileage. Firestone balloon tread pattern, providing maximum resistance to skidding.

Continuum of tough rubber on inside of first ply to protect and against injury in case of accident, the tire etc.

Extra heavy "floor" cushion of intermediate blocks, double open spongy-shaped and breaker open cord, in outside two plies, main blocks between the two outside plies, all designed to unity and obtain maximum adhesion of tread to vehicle. Tire built with extreme care to provide maximum uniformity and balance of balance. English decorative solid striping and gold medallion.

To go with this new tire Firestone also has produced a new tube of extra quality and strength

## DESCRIPTION OF THE SUPREME TUBE

To completely equip this tire we have built the Supreme Tube, particularly designed for it. No other type of tube will serve as efficiently. Some of the outstanding advantages of the Supreme Tube may be summed up as follows. Specially built for use in the

Firestone Supreme Casing, only the finest selected rubber used circular molded, a distinctive color, midnight blue, with a gold band greater volume, 50% to 60% heavier in gauge than our High Test. This percentage varies according to the size.

## JOHN D. ROCKEFELLER, Jr.

John D. Rockefeller, Jr., and Walter H. Cummings, agree on one thing, "Time to change management."

Both Rockefeller and Cummings will fight for their principles and both men must have promises to win.

The only difference between Rockefeller and Cummings is the size of their pocketbooks. Rockefeller still has more than Cummings.

"While there is life, there is hope."  
We are both against too high water rates.

Walter H. Cummings.

## PROPOSE CHANGE IN PRIMARY LAW

### Mrs. Steelman Explains Suggested Method to League of Women Voters

Mrs. A. J. Steelman, state chairman of the Efficient Government Committee, addressed the Moorestown League of Women Voters at their meeting at the Community House Monday afternoon on the subject of "The Direct Primary."

Mrs. Steelman traced the early history of election methods and the change from the old convention system to that of the primary for electing delegates to the convention, and finally to the adoption of the direct primary in 1907. There are only four states now which do not have any form of the primary. Colorado, Wisconsin and Idaho have the open primary in which the voter does not have to declare his party. When he goes to the polls the voter is given three ballots, a Democratic, a Republican and an Independent. He votes on one of the three and returns the others.

In the closed primary, such as we have in New Jersey, the voter declares his party at the polls and is given the ballot of that party. This is supposed to prevent the members of one party going into the ballot box of the opposite party and securing the nomination of the candidate. In the open primary, the voter is given three ballots, a Democratic, a Republican and an Independent. He votes on one of the three and returns the others.

One proposed method of preventing this is to have the law so that if a voter goes to the polls and votes for a party he has to allow a week to change his mind. This is a sworn statement of an honest intention to change his party back to the way he voted at the last election.

Mrs. Steelman also told of the proposed court bill which was to be introduced in the legislature Monday evening. According to this bill it will be possible for a juvenile court to be organized in a town or city.

These bills which have not enough need for such a large individuality. At present only two counties have juvenile court judges. According to this bill every judge shall have power to appoint referees to hear certain cases.

The League is working to have some of these reforms the women where needed and that a high standard for their election be established.

### NEW MACHINES ON TRI-STATE BUS LINE

Three New Vehicles Replace Worst of Mount Holly Company's Old Equipment

The Tri-State passenger line has ordered three new buses on ten months to replace the worst of the old vehicles concerning which there has been much complaint this winter.

These new buses are of the 1929 Reading type, with a carrying capacity of 25. They are much to be replaced with new yellow buses, of which there are to be about fifteen. It is said at the company's Mount Holly headquarters. The new buses which will be of the latest type will carry 25 passengers.

In answer to a query as to whether it was planned to run designated buses through from Philadelphia to Mount Holly without stop to Moorestown, and then on to Mount Holly making the usual intervening stop, let off passengers, it was said at the company's office that there is no such plan in contemplation at present.

This has been one of the causes of complaint, the crowding of the Tri-State cars with short side passengers in Philadelphia, to the exclusion of persons wishing to ride to Moorestown and points east.

### NEW MODEL IN OAKLAND LINE

Special Four-Door Sedan Will Take Place of Landau in All-American Line

A new model supplementing the other seven-passenger types in the latest line of Oakland All-American Sedans has been announced by the Oakland Motor Car Co. Known as the Special Four-door Sedan, the new car is built to take the place of the Landau Sedan in the previous All-American series.

While following in exterior design the regular 4-door Sedan, the new model carries luxurious interior equipment and refinements as well as striking new exterior Duo-combinations.

Distinction of a superior quality of built, genuine pecan wood garnish with vanity case and smoking set and rubber floor mat with felt back are new features of the Special Sedan, which also has the adjustable driver's seat, ebony finish instrument panel, non-slip rear view mirror and other advanced body refinements common to all Factor-Oakland bodies.

Wheels are in natural wood finish, and at extra cost may be replaced with six wire wheels and trunk rack. The car is carried in front fender with beautifully contrasting shades of brown and oak green. Duo finish the body, fenders and hood, while moldings and moldings are of Pioneer orange and Moonstone gray.

### LEGION AUXILIARY

Regular monthly business meeting next Wednesday evening, February 20, at Legion Home, 800 P. M.

Ladies! Don't forget our Washington's Birthday card party next Friday afternoon, February 22, at the Legion Home 2 P. M. Bring your friends. Ladies only. Tickets, 50 cents.

The ladies of the Auxiliary who visited the Naval Hospital at League Island with Mrs. Wm. Leford on Tuesday afternoon were surely more than repaid for their endeavor to give a little cheer to some of the convalescents there. It was a pretty cold day for such a long trip, but we were warmly received by the staff and the patients.

The prizes we took with us were awarded to the men only and were very much appreciated by them. They were all so suitable to their conditions—books, games, writing paper, fountain pen, a very neat leather case containing a whisk, a case containing cigarettes and matches, ties, cigarettes, etc. We also took candy and cookies with us, and how they did disappear!

This was our first visit to these boys as a Auxiliary unit, but it surely will not be the last. It is hard to realize what a little party like that means to these folks until you see their pleasure.

We would like to extend a hearty thank you to Mrs. Leford, for her interest in us and to assure her that we all had a very, very pleasant afternoon.

### WALT WHITMAN THEATRE NEWS

The Walt Whitman Theatre is announcing another bang-up show for Thursday, Friday, and Saturday of this week.

The line-up of stage and screen entertainment programmed for that time offers an irresistible list of attractions, embracing all the ingredients necessary for a successful evening's entertainment.

Heading the Vaudeville sector is a pretentious music, song and dance revue, known as "The High Hat Revue," an elaborately staged and gorgeously costumed production featuring Henry & Beryl in a medley of dances and offering one of the terpsichorean treats of the season.

Another attraction of rare interest is Charles Cross & Co., in a distinct novelty, entitled "Mildred's Gown."

This act is especially interesting to the ladies, inasmuch as the latest fashions are created right before your eyes in an entertaining manner by a well known designer.

Other attractions include E. J. Moore & Co., presenting "The Tears of Buddha," Vaudeville's most mystifying illusion, Russell & Hayes, who call themselves "Acrobadians," and Dura & Hess present "The Window Cleaner."

The feature photoplay brings Conrad Nagel and Renee Adoree in the screen version of Rex Beach's popular novel, "The Michigan Kid." The story is of the Alaskan Gold Rush and brings forth some most remarkable effects, among which is a sensational forest fire, done in natural colors, and lands out as being one of the great achievements of screen history.

The two popular stars, Conrad Nagel and Renee Adoree have never appeared to better advantage than in this picture and the combining of these two "th America's foremost novelists" gives promise of real entertainment.

Moviephone News events and musical oddities complete this remarkable program.

An announcement of rare interest to music lovers is the fact that Henri Bott world famous bass-baritone and far of the Metropolitan Opera Co., of New York City, is to appear in person and offer a popular program of favorite selections at the Walt Whitman Theatre for the first three days of next week.

On the screen at this time will be offered William Haines in his latest sound picture, "Alias Jimmy Valen."

time," taken from the stage play of the same name.

Supporting features are Lionel Barrymore, Karl Dane and Lella Hyams.

### Humphreys — Dean

The Epworth Methodist Church was the scene of a very pretty wedding at half after four o'clock on Saturday last when Miss Mary Elizabeth Dean, daughter of Mr. and Mrs. Ernest Linwood Dean, of Morgan avenue, became the bride of Mr. Howard Humphreys, son of Mrs. Mary and the late Samuel Humphreys, of Philadelphia.

The ceremony was performed by the Rev. Charles W. Williams, of Pawling, New York, a former pastor of the Central Baptist Church, assisted by the Rev. George Lockett, the present pastor. Miss Beatrice George, of New York City, sang "I Love Thee" and "O Promise Me."

A small reception for the immediate families and a few close friends followed at the home of the bride's parents.

Mr. and Mrs. Humphreys will reside in their new bungalow at 1110 Garfield avenue, where they will be at home after March the fifteenth. They are now enjoying a short honeymoon.

Miss Esther M. Dean attended her sister as maid of honor, and was charming in a smart frock of powder blue chiffon with slippers to match. Her hat was of natural seal and her arm bouquet of Butterfly roses.

Lorraine Meyers, of Morgan avenue, attended as flower girl and carried a basket of variegated sweet peas.

Mr. Lawrence Kaller, of Philadelphia, served as best man. The ushers were Mr. A. Linwood Dean, a brother of the bride, and Mr. Walter Ralsch, of Philadelphia.

A small reception for the immediate families and a few close friends followed at the home of the bride's parents.

Mr. and Mrs. Humphreys will reside in their new bungalow at 1110 Garfield avenue, where they will be at home after March the fifteenth. They are now enjoying a short honeymoon.

Miss Esther M. Dean attended her sister as maid of honor, and was charming in a smart frock of powder blue chiffon with slippers to match. Her hat was of natural seal and her arm bouquet of Butterfly roses.

Lorraine Meyers, of Morgan avenue, attended as flower girl and carried a basket of variegated sweet peas.

Mr. Lawrence Kaller, of Philadelphia, served as best man. The ushers were Mr. A. Linwood Dean, a brother of the bride, and Mr. Walter Ralsch, of Philadelphia.

Supporting features are Lionel Barrymore, Karl Dane and Lella Hyams.

### Humphreys — Dean

The Epworth Methodist Church was the scene of a very pretty wedding at half after four o'clock on Saturday last when Miss Mary Elizabeth Dean, daughter of Mr. and Mrs. Ernest Linwood Dean, of Morgan avenue, became the bride of Mr. Howard Humphreys, son of Mrs. Mary and the late Samuel Humphreys, of Philadelphia.

The ceremony was performed by the Rev. Charles W. Williams, of Pawling, New York, a former pastor of the Central Baptist Church, assisted by the Rev. George Lockett, the present pastor. Miss Beatrice George, of New York City, sang "I Love Thee" and "O Promise Me."

A small reception for the immediate families and a few close friends followed at the home of the bride's parents.

Andover High	2	6	.250
Andover Heights High	1	8	.111
Andover Heights High	1	8	.111

**Schedule for Friday**  
Haddonfield High at Woodbury High; Andover High at Moorestown High; Palmyra High at Haddon Heights High.

Palmyra High School, 1928 Camden Suburban League basketball champions, routed Collingswood's title holders by handing the "Colls" a 21-17 setback on the Palmyra floor Tuesday night.

The game was furiously contested from start to finish, with Collingswood holding the lead during the first half. Though the count was 5-0 soon after the game began the "Pals" pulled a field goal in an exchange with the visiting quintet. During the last 30 seconds of the half Ken Dimond's athletes put on a lightning rally and registered five points to shave the lead of the "Colls" to 9-7 when the round ended.

This rally was maintained in the second half when the "Pals" cut loose and wiped out the advantages of the visitors. "Spikes" Hennessey started the spirit with a field chuck and made a foul before the "Colls" realized what it was all about. This put the home team ahead 10-9 and "Ed" Branson boosted the edge with a pair of two-pointers before the Collingswood contingent could part the cords.

Carl Haub and Jimmy Williams accounted for two double-deckers, Branson put Palmyra further ahead with another action goal and "Red" Sloan, followed with a foul as the third quarter ended, leaving the "Pals" with a four-point lead.

Jimmy Webb stepped into the picture with a pair of field shots soon after the fourth quarter began and practically clinched the contest. Williams accounted for a foul and two field goals to close the scoring as the final whistle halted further drives at the nets.

The box scores:

## PALMYRA HIGH

## RIVERTON COUNTRY CLUB BOWLING

At the end of last week the Rev. A. S. Lewis' bowling team was in first place in the bowling tournament at the Riverton Country Club, but by seven now and the middle of April, at which time the tournament ends, each team will put up a stiff battle to put themselves in the place of honor, and it would be hard to pick the eventual winner.

The standing of the teams on February 11th was:

Team	W	L	P.C.
Lewis, A. S.	13	5	.722
Coe, J.	10	8	.556
Avres, J.	11	7	.611
Bush, J.	14	10	.581
Guest, J.	10	8	.556
Lippincott, J.	10	8	.556
Thompson, J.	11	10	.523
Miller, J.	9	9	.500
Bartley, J.	12	12	.500
Clark, J.	12	12	.500
Graff, J.	8	10	.444
Evans, J.	9	12	.429
Bonell, J.	9	12	.429
Yost, J.	8	13	.385
Jackson, J.	6	13	.385
O'Brien, J.	5	13	.277

Last week Ross Elliott bowled five of the highest games that have been bowled in any one match for a long time. He turned in games of 230, 237, 204, but as Coyle could not make the three games, it will take some time to bowler to beat this total.

Walter Meyer still holds the high single game record of 245 but it is not expected that this game will stand much longer. Last week Carl De la Cour had a game of 235 and it had not had a split in his last frame he would probably have bettered 245.

On Monday night, February 18th, the Country Club's women's and men's teams will bowl the Gwynedd Country Club teams a three-game match. These teams from the two clubs have bowled each other for several years past and the games have always been hotly contested. The match was originally scheduled for Wednesday the 14th, but as Coyle could not make that date it has been advanced to the 18th. This match will be well worth seeing and a large turnout of rosters may be expected.

## P. H. S. DEFEATS BURLINGTON HI

Score 36-27 Win Over Ticemen After Thrilling Struggle on Enemy Floor

Cecil Dimond's Palmyra High School quintet defeated its Burlington rivals last Friday in a game played at Burlington by a score of 36 to 27.

The game was a thriller all the way, with Palmyra getting the jump and holding a slim lead of 13 to 10 after the first half of play. In the second half, the Burlington team tried hard to take the lead, but the Palmyra lads always had something in reserve and rallied to take a lead big enough to coast through to triumph. "Spikes" Hennessey and Capt. Jimmy West were the stars of Palmyra's victory. The former scored five field goals and four out of four fouls, while West tallied one times from the field and three times from the penalty mark.

The Burlington Reserves downed Palmyra Reserves, 26 to 20, in a hot tussle.

The box scores:

## BURLINGTON HIGH

Player	Field	Free	Points	Rebounds
Lippincott, f.	1	3	5	5

## MOORESTOWN HI LOSES CLOSE TILT

Basketball Quintet Defeated 20-19 by Merchantville in Final Period

Moorestown High School boys' basketball team lost a close, exciting game to Merchantville High at Merchantville last Thursday afternoon. The final score was 20-19.

With the score deadlocked at 16-16, George Louzrey and "Reds" Springs broke loose with field goals that gave the Merchantville charges the triumph. Paul Isenbarger's minions started fast and held a 10 to 7 lead at the end of the first half, but Merchantville came back strong in the final session and eked out a victory.

Springs and Laocock were the high scorers of the game for the winners, the former accounting for three field goals and four fouls, while Laocock registered three times from the field. Bolton and Zanoest featured for Moorestown with eight points each.

The box scores:

## MERCHANTVILLE

## Sunday School Lesson

INTERNATIONAL SUNDAY SCHOOL LESSON FOR FEBRUARY 17

Matthew 6:5-13; Luke 11:9-14; 1 John 5:14-14

REV. SAMUEL D. PRICE, D.D.

A suggestion of the universality of prayer is found in the "Pater Noster" Church, on the summit of the Mount of Olives. In the vestibule are 32 large tablets bearing the Lord's Prayer in many different languages. Then for daily prayer, and permit nothing to interfere.

The disciples asked Jesus to lead them how to pray and the model called the Lord's Prayer is the answer. While we are to follow the general content the Christian has made blessed use of the actual words. We must use this as a prayer, however, rather than as any form of recitation.

The approach is by a formal recognition of duty and an aspiration concerning Him. It is in order to confess our sins before we seek favors from one who has been wronged by our acts. Note most carefully that Jesus indicated that the way in which we forgive our debtors is the standard by which we seek pardon from our heavenly

## LOCAL CHURCH NEWS

EPISCOPAL  
CHRIST CHURCH

Parry Avenue  
Rev. George J. McCormack, Rector

The existence of the devil is denied by many, though Our Saviour Christ gives His own veracity to the story of the temptation in the wilderness. Moreover, what sense is there in getting rid of the "devil" so long as the "devilish" remains? Or why waste time explaining away an "Evil One," so long as the "Evil Ones," who are so many, remain?

Men don't believe in a devil now. As their fathers used to do. They've forced the dear of the broadest creed.

To let his majesty through; There isn't a print of his cloven hoof. Or a fiery dart from his bow. To be found in earth or air today. For the world has voted it so.

But won't somebody step to the front forthwith. And make his bow and show. How the bands and crimes of the day spring up.

For we surely want to know. The devil was fairly voted out. And, of course, the devil is gone. But simple people would like to know Who carries his business on?

Lent is a call, or rather a shout, to the soldiers of Christ to buckle on their armor and with heroic effort strive to overcome some of the power of evil, commencing, of course, in their own hearts.

We are all looking forward to the visit of Bishop Matthews, who will administer the Apostolic Rite of Confirmation to this year's class. One of the passages in connection with this service, worthy of your attention, is to be found in the eighth chapter of the Acts of the Apostles. The service will be held at 4 P. M. on Sunday afternoon, February seventeenth.

There will be no evening service at 8 P. M., the afternoon service taking its place.

The second Lenten address and service will be held on Wednesday, February twentieth, at 8 P. M. Topic: "The Habit of Talking With God."

The Women's Auxiliary will have a Corporate Communion at 10:30 A. M. on Sunday morning. The service will be a nationwide one and every member is expected to be present. The Rector would like all who have been confirmed since he came to Palmyra to join in this celebration.

The regular monthly meeting of the Women's Auxiliary will be held on Monday afternoon at 2:30.

Services the First Sunday in Lent, 10:30 A. M.—Holy Communion and Sermon, "The Temptation of Our Lord."

2:30 P. M.—Sunday School. 4:00 P. M.—Evening and Confirmation by Bishop Matthews.

"Experience is the best teacher, and also the dearest."

## FIRST LUTHERAN

Rev. W. M. Erhard, Pastor

Go-To-Church Sunday will be observed this coming Lord's Day.

Over the great city of Philadelphia an earnest effort will be made to have everybody in church on that day. Palmyra, with more churches per thousand inhabitants than Philadelphia, should find it an easier task.

The only way to have a successful Go-To-Church Sunday is for each and every member of the churches to resolve to be present and have their immediate neighbors present. Talk it up. Go after them. They will be glad to join in this great mass movement to have every one in town in church on a Sunday. What attendances will we have on this first Go-To-Church Sunday?

The morning worship will be at 11:15 o'clock. Our First Lutheran Choir, under the leadership of Mr. Lee Mitton, will render excellent music. If you have not heard our choir, hear them this coming Sunday, and you will want to come back regularly. The pastor will have a message on the theme: "Alpha and Omega."

The evening service is at 7:45 o'clock, and again our choir will have an anthem, while the pastor preaches on "Proving and Holding Fast."

Sunday School at ten in the morning.

Luther League at 6:45. Miss Hall is leader and will discuss the topic: "What Is Materialism? How Overcome It?" Luke 12:13-21.

Week-Day Religious School, Tuesday evenings at 7:30.

Junior Luther League, Friday evenings at 7:30. Miss Rebekah O. Buchholz, leader.

## Calvary Presbyterian

Calvary Presbyterian Church will hold its morning service of worship at 11 o'clock Sunday and its evening service at 8 o'clock. All departments of the Church School will meet at 10 o'clock; the Christian Endeavor Society at 7 o'clock.

The Mission Study Class will have its first meeting tomorrow, Friday, at 3 o'clock, in the Church Parlor. The leader will be Mrs. Bates.

The Golden Hour Circle meets at 8 o'clock tomorrow evening in the Church Parlor.

The Women's Missionary Society will have an all-day sewing meeting Tuesday, February 19th; luncheon (25 cents) will be served by the Ladies' Aid Society. Reservations should be made through Mrs. Sordon or Mrs. Sylvester.

Mid-Week Service—Wednesday, at 8 o'clock, February 20th.

The Golden Hour Circle will give a supper in the Social Hall Thursday, February 21st. Tickets, 75 cents.

CHARLES T. BATES, Minister.

## CENTRAL BAPTIST

Fifth Street and Maple Avenue  
Rev. George Lockett, Pastor

Sunday School convenes at 10 o'clock Sunday morning with classes for all ages, from the cradle to the grown-ups. It is now augmented by the Junior Department, which pro-

vided a class for the young folks who have just outgrown the primary age. Every department is supplied with exceptional teachers, under the supervision of whom the Church School is rapidly growing.

"Go-To-Church Sunday" is being observed at the Central Baptist Church in connection with their neighboring churches, on this Sunday, February 17th. Every member can accept this opportunity of making this a red letter day for the church by bringing with them some friend who is not yet affiliated with any church.

Pastor Lockett's subject for the morning sermon will be "The Church in the Community." Obviously, it will be enlightening and will stress the importance of the church and the part it plays in the success in any community.

"The Hope of the World" will be the Pastor's evening subject, at 7:45. To all of these services the public is most cordially invited and assured that a warm welcome always awaits you at "The Home-Like Church."

The prayer meetings on Wednesday evenings at 8 o'clock always prove very beneficial for it is here that we obtain the necessary stimulus and guidance to meet the issues and problems of the day.

The Women's Society, the bulwark of the church, has completed the program for its entertainment on Tuesday evening, February 19.

EPWORTH METHODIST  
EPISCOPAL CHURCH

J. William Lee, Minister  
Robert D. Coward, Associate

Sunday, February 17, a special "Go-To-Church Sunday." Give the church a chance—so to church next Sunday. Are you for the church or against it? Which way does your example vote?

For your Children's sake—Come to Church.

For your Country's sake—Come to Church.

For your Neighbors' sake—Come to Church.

For your own Soul's sake—Come to Church.

A full program in every department of Epworth Church.

The Church School, with a fine orchestra, will begin at 10 A. M., every department full of life.

The Wesley Men's Bible Class, Mr. J. Thompson, teacher. Fourteen men from Bryn Mawr, Pa., will tell the Gospel story. Every member is urged to be present.

Morning Worship, 11:15 A. M.—Ministry of music: "Serenade," Gounod; "Large," Giordani; anthem, "Venite," Barnes; Processional, "Glorious Things of Thee Are Spoken," Zion City of Our God.

Sermon—"Grow in Grace and in the Knowledge of Our Lord and Saviour, Jesus Christ."

## MORAVIAN CHURCH

Albert J. Harko, Pastor

"Go-To-Church Sunday," February 17, 1929.

"I was glad when they said unto me,

Let us go into the house of the Lord"—Psalm 122:1.

9:30 A. M.—Sunday School. A warm welcome awaits you here.

10:40 A. M.—Morning Service and Holy Communion.

Our aim is every member present at this Lenten Communion Service. Come

and renew your fellowship with God at this time.

7:30 P. M.—Evening Service, with special musical features.

Come and bring your neighbors and friends. A cordial welcome and a rich blessing await you.

"Agree With Thine  
Adversary Quickly"

Palmyra, N. J., Feb. 13, 1929.

Dear Brother Borer:

There had a lovely verse of scripture in thy advertisement last week issues of The New Era and The Palmyra News, thee stated it was from Philippians Third Chapter Eighth Verse. On referring to the Holy Bible, I find thee art mistaken in thy quotation, (thee should read thy Bible more closely, when thou quatest scripture in your advertisement headed "SETTING THE RECORD STRAIGHT" in answer to my small advertisement, issue of Jan. 31, 1929). Thee again to check up on said Philippians Third Chapter Eighth Verse, the first portion, of which I quote only here: "Yea, doubtless, and I count all things but loss"; thee certainly could not have picked a better reference to express the whole truth, about Tacony-Palmyra Ferry Company's shareholders losses, through misfeasance of said Company's Board of Directors.

Thee givest me thy brother stockholder a new thought; i. e. that every shareholder and particularly every Director of both Bridge and Ferry Companies, shouldn't read our Bible more closely, and study its truths, in our relations with mankind, especially the unfortunate shareholders, not on Company's official Board.

Thee (and thy Brother Directors of both Bridge and Ferry Companies), shouldn't take heed unto thyself, before advertising. Thee didn't tell the truth when in thy editorial thee saidst Ferry Company got 6000 shares of Tacony-Palmyra Bridge Stock, in exchange for ground in New Jersey, thee sold to thyself, and other Bridge Company Directors. Thee shouldn't be more careful in thy statements in Public Press, as to what thee hast done to poor Ferry Shareholders. Thee hast stung thine brothers and sisters in Ferry Company good, and not properly.

Brother Borer, and all the rest of the Brethren on Ferry Company's Board of Directors, lest thoust forget, I shall quote thee, a few verses of Scripture, that we verily believe'st to be timely for thee Brethren on the SAID BOARD to heed, and ponder prayerfully (not preyerfully), I quote for thine consideration only:

Deuteronomy, Chapter 5, Verses 17, 19, 20 and a portion of the 21st Verse, as follows:

"Thou shalt not kill"

"Neither shalt thou steal"

"Neither shalt thou bear false witness against thy neighbour"

"Neither shalt thou covet thy neighbour's house, his field, or his manservant, or his maidservant, his ox, or his ass, or anything that is thy neighbour's."

So far I believe'st neither thee, nor thy Brother Directors have stooped to kill, even me thy best friend, who dares't to tell thee to take heed unto thyself, as this Brother knows't certain of thee Ten Commandments, above quoted, that saidst Brethren on Company's official board, hast broken. Thee dost well in quoting Scripture to thine Brethren on Company's Board of Directors, but take heed how thou quatest Scripture, it may confound thee and thy Brethren on thine Board. (Brother Borer, I admit that I am a sinner during the week and on Sunday too, but more Scripture, studied and pondered will help all of us—particularly the Board on which thou now servest), but is there not in the Book of Numbers, Chapter 32, last portion of Verse 23, where it says, "and be sure your sin will find you out?"

I thank thee my brother Stockholder for bringing the Fourth Chapter of Philippians, Eighth Verse, used in your advertisement last week. Let us all practice what we preach and the world will be safer and pleasanter place for all to live in. I will admit it is not in good taste to quote Bible in advertisements, but what canst I do, when thou slamest Shakespeare and me both with "The Holy Bible?"

Thee givest me thy Brother, a new thought, always to look up Shakespeare, Robert Burns, George Washington, Abraham Lincoln, or any other author I may quote in my advertisements, I shall stick to Shakespeare, and slam you Brethren, for all I am worth until the Poles open, so be Thee and thy Brethren on the Board on thy guard. Be on thy guard hereafter, and do rightly and deal justly with thy Brethren and Sisters in the unfortunate Tacony-Palmyra Ferry Company, and perhaps, I too will be "KISSED and untate Tacony-Palmyra Ferry Company, and perhaps, I too will be "KISSED and MAKE UP", like my good brothers, BORER and WRIGHT.

When we are good, we will all be happy, and cease all fighting with our Brethren. I thank thee, for thy zeal in living up to SCRIPTURAL INJUNCTIONS. Adieu, thine own Brother Ferry Stockholder, ADIEU and ALAS, it was not ALWAYS SO, what thou quatest in thy advertisements and the editorial published in THE PALMYRA NEWS in their Feb. 7, 1929 issue. Why bear false witness against me—THY BROTHER IN ADVERSENESS? It says in the BIBLE love your Enemies (some place), does it not? Well love me and the rest of the poor stockholders in Ferry Company—don't you rich Bridge MEN, covet our Farm so badly, that you take over three acres without any adequate payment. Pay us for balance taken above acreage agreed upon, in Tacony-Palmyra Bridge Company's stock at par price, the only right price for all our ground, your RICH TACONY-PALMYRA BRIDGE COMPANY'S BRETHREN TOOK—from thy poor neighbour.

Your Brother Stockholder,

WALTER H. CUMMINGS.

All that our  
trucks will leave  
you is coal in your  
cellar. None on your  
lawn or sidewalk. No  
damage to your property.

## An Open Letter to Mr. Borer

Mr. Edward W. G. Borer, Treas.

Tacony-Palmyra Bridge Co.

Palmyra, N. J.

My dear Mr. Borer:

February 11th, 1929.

I feel sure that as a Christian gentleman you would be the last one to wilfully or maliciously assail the integrity or good faith of a neighbor.

Acting upon this belief, I am obliged to advise you that the statements and implications referring to me in your letter of May 3rd, 1928 to Charles A. Wright, published in The Palmyra News and The Riverton New Era, February 7th, 1929 are erroneous and were evidently based upon incomplete or misleading information.

It is not clear in the published text whether you are the author of the headlines or whether they are the work of the professional paragrapher; whoever is responsible has published an incorrect and offensive statement.

I do not recall writing any letters to either the Ferry Co. or the Bridge Co. in reference to Market Street and I have no copies of such letters. The Ferry Co. assures me they never received such letters and if you have them I will appreciate your courtesy in sending me copies.

The land you refer to as the bed of Market Street is evidently that owned in part by me and in part by the Palmyra Realty Co. It is high dry land and while the extended line of Market St. passes over it, no part of this particular plot was ever dedicated as a street to Cinnaminson Township, Palmyra Township, or Palmyra Borough.

This may be confirmed by referring to original survey made by Lloyd Vanderveer in 1853, to the later searches of the Title Guarantee Companies and through an examination of the various township and borough records. The land was frequently under cultivation and as there was never any occasion to use it as a thoroughfare, it was never used as such hence was never dedicated by or to public use.

You are evidently not familiar with the agreement between the Bridge Co. and me; if you will consult this document you will find that I made no attempt to hold up or sand bag the stockholders of the Bridge Co. and I was assured by the council for the Bridge Co. (Mr. Richman) that the agreement was generous and fair.

For more than twenty years I have bought land and houses in West Palmyra and have been obliged to investigate in most thorough manner the old deeds, title records, maps, etc. As a result my data is perhaps the most complete and accurate now in existence and I am willing to meet you, Mr. Wright or any other interested party for the purpose of clearing up any points in issue.

I feel sure that a study of the facts herein recited will convince you that the strictures contained in your letter to Mr. Wright were unjust and uncalled for.

Very truly yours,

WILLIAM R. S. FLUCK,

P. S.—If it had not been for my vision in securing Hubbs' Farm from the City of Camden in 1924, after laboring four years from 1920, the present Bridge Company would not have had the chance to occupy the land that they do, but through my efforts exclusively, certain directors of the Ferry Company were taken in. (See my letter to Palmyra Weekly News of January or February, 1924, written from Miami, Florida, naming Bridge site.)

**We'll Make a Discount  
for an  
Old Electric Cleaner**

The Hoover with its special feature "Positive Agitation" outranks ordinary cleaning methods. By removing surface lint and threads, loosening and extracting embedded dirt, it lengthens the wearing qualities of the rug, straightens the nap and restores the color.

We'll accept an old electric cleaner as part payment on a new Hoover. Just telephone and we'll call to appraise your machine.

Two models—No. 700 sells for \$75 cash and No. 543 for \$59.50. Either model may be purchased on terms at prices only a little higher.

## EXPLAINS WHY PALMYRA HIGH IS NOT ACCREDITED

Supervising Principal Eckert Enumerates Conditions Yet to be Complied With

EXPECT FAVORABLE ACTION SOON

Not Enough Money Appropriated in Past to Secure Sufficient Teachers

In the following letter from Professor Paul J. Eckert, dated February 19, 1929, to the Editor, which accompanies a full explanation of why Palmyra High School is not on the accredited list of the Association of Colleges and Secondary Schools of the Middle States and Maryland.

Appropriations have been made in the budget last week for the necessary additional teachers and it is understood that Palmyra will be placed on the accredited list in the near future. An article was published in this paper last week giving the names of the South Jersey Schools which were one of the list. Through error Burlington High School was not mentioned although it is a fully accredited institution.

Professor Eckert's letter follows.

Palmyra, N. J., February 19, 1929.

To the Editor:

In your last issue you published an article which stated that the Palmyra High School was not on the accredited list of the Association of Colleges and Secondary Schools of the Middle States and Maryland. The information of the general public I would like to make a few statements concerning this and ask that you publish my statements in the next issue of your paper.

First, there are many conditions to be met satisfactorily to be placed on the accredited list of this commission. I am enclosing a copy of the letter received from Dr. Arthur J. Jones, of the University of Pennsylvania, who is chairman of this commission, which letter states the exact reasons why we are not on the accredited list.

You will notice from this letter of Dr. Jones that there are two reasons why Palmyra High School is not on this list. First, that our high school requires of seven teachers of academic subjects more than six periods of teaching a day (six is the maximum number of periods recommended) and that six teachers of academic subjects have a daily teaching load of more than 150 equal periods of teaching a day (150 is the maximum number recommended). Second, that our high school library is not open for the use of the students the whole of the school day. (At present we have one teacher devoting half of her time to library work.)

The Board of Education, anticipating these two shortcomings (they are stressed in the recent survey of our schools), has made provision in next year's budget to remedy them by placing in the budget an amount sufficient to employ two additional high school teachers and a full-time librarian. This is one of the causes for the increase of the amount of money to be raised for school purposes for next year.

I also want to state that not being on this accredited list does not mean that our high school graduates cannot enter the various colleges on an equal footing with graduates of other high schools but assure you that they are and will be able to do so.

You can see from my explanation that the real reason we are not on the accredited list at present is due to the fact that sufficient money has not been appropriated in the past to secure the necessary number of high school teachers and a full-time librarian.

Thanking you for giving me this opportunity to explain matters, I am,

Very sincerely,  
PAUL J. ECKERT,  
Supervising Principal.

Commission on Secondary Schools, Association of Colleges and Secondary Schools of the Middle States and Maryland.

Mr. Paul J. Eckert,  
Supervising Principal, Palmyra High School,  
Palmyra, N. J.

My dear Mr. Eckert:

The Commission on Secondary Schools, on the recommendation of the New Jersey State Commission, with-held approval of the Palmyra High School for inclusion on the List of Accredited Secondary Schools. It based its action on the following violations of the Standards for Secondary Schools:

Standard 5. The School requires of seven teachers of academic subjects more than six periods of teaching a day, and six teachers of academic subjects have a daily teaching load of more than one hundred fifty pupil periods.

Standard 9. The library should be open for use by the students during all hours of the school day.

The Commission is always ready to give your school the benefit of its advice and to consider your application for inclusion on the List when you have new data to submit. We shall be glad to retain on file the report and other data submitted—and trust that you will soon be able to meet the standards in full.

Do not hesitate to write or call at this office if there are any matters

## DO YOU CLASS AS A PERFECT PARENT

If Not, the Riverton P. T. A. Invites You to Hear Dr. Purdy Tonight

Unless you are a "perfect parent," Dr. Purdy, of the Riverton P. T. A., will be at the Riverton School at 8:00 o'clock, at the Riverton School, on Thursday, February 21st, to give you some thought-provoking remarks.

The P. T. A. has secured for the annual Parents' Night meeting, Dr. Alexander Purdy, of Hartford Theological Seminary. Before his present position, Dr. Purdy was a member of the faculty of Earlham College, Richmond, Indiana, and his long association with young people has given him a wide experience as a student of human nature. Those who have already heard him lecture will be eager to hear him speak on "Modern Parenthood," and of those who have not yet had that opportunity, the Parent-Teachers' Association highly recommends him.

Then, too, you will want to see Junior's or sister's work at the school, and ask their teachers about their progress.

Remember, Riverton School tonight at 8:00 o'clock. Purdy speaks for the P. T. A. meeting.

## WELFARE HOLDS ANNUAL MEETING

Secretary and Treasurer Make Report Showing Outlay of \$1118.07

Representatives of many organizations of Palmyra, Riverton and Cinnaminson met last Thursday evening to hold the annual meeting of the Community Welfare Association.

The reports of the Secretary and Treasurer were given. The Secretary, Mrs. J. D. Clark, reported that the association had received during the year:

Balance on Hand	\$276.54
Received During the Year	\$1314.01
Total	\$1590.58
Expenses	\$1448.07
Balance on Hand	\$442.51

The election of officers resulted as follows: George N. Wimer, president; Joseph L. Thomas, vice-president; Mrs. F. L. Shull, treasurer; Mrs. James P. Macfarlane, secretary. Directors, Palmyra, Mrs. Arthur N. Palmer, Mrs. Elwood Sawyer, Mrs. Joseph L. Thomas, Mrs. John C. Hooper and Walter D. Lamon, Riverton, Mrs. I. D. Clark, Mrs. Clarence Hubbs, Mrs. Marjorie Marcy, Mrs. William Shoemaker and Ross K. Mattis; Cinnaminson, Mrs. E. M. Kinsey, Mrs. William T. J. Pichel, Mrs. Elmer Bryant, Mrs. Raymond Eastwood and Joseph T. Evans.

## YM COMMUNITY NIGHT

Seventy Y Boys Enjoy Talks on "Leather," "Service" and "Adventure"

The community night of the Palmyra and Riverton Young Men's Christian Association was attended by about seventy Y boys. The program of the evening consisted of two talks and three reels of movies. The movies were on the subject of "Leather," and took the boys through the entire process of preparing leather for use in the world today.

The first talk was by Miss Maria Striker of Philadelphia, who spoke to the boys on "Service." This, she said, was an opportunity for every boy present to do something for others and the agency for doing this was the Needlework Guild of America.

Horace Roberts, Sr., of Moorestown, was the next speaker and held the boys in awe as he described the beauty and wonder of Africa and the many adventures that he experienced while visiting the "Dark Continent."

Needless to say, the fellows invited Mr. Roberts to come again when he might have more time to tell of his recent trip around the world.

Minnick - Cameron

Announcement has been made of the marriage of Miss Mildred Cameron to George Minnick, of Maple Shade, on Saturday, February 16, with the Rev. C. W. MacGeorge, pastor of the First Baptist Church, Moorestown, officiating. Miss Cameron is the daughter of Mr. and Mrs. Albert Cameron, of Moorestown.

## PORCH CLUB NEWS

The Riverton Porch Club will make its annual visit to the Pennsylvania C. Boyer as guide. The group will leave for the Fine Arts on Tuesday, February 26th, with Mrs. Murray Chestnut for lunch at the Parison, 1623 Chestnut street, at one o'clock. After luncheon as many as possible will go with Mrs. Boyer to the Art Museum. Mrs. Boyer will meet the party at the Academy at 11 o'clock.

## THIRD ANNIVERSARY

The Palmyra Gift Shop is celebrating its third anniversary from February 22 to March 1.

Mrs. F. J. Blaser, proprietor, appreciates patronage and good will during her three years of business in Palmyra and has prepared a special sale for the anniversary week.

concerning which you desire more detailed information.

Yours very sincerely,  
ARTHUR J. JONES,  
Acting Chairman.

## PALMYRA SENIORS GIVE ANNUAL PLAY "ADAM AND EVA"

George Long and Kitty Burr Take Leads in Carefully Selected Cast

ALL CHARACTERS CLEVERLY PORTRAYED

To be Presented in High School Auditorium Friday and Saturday Nights

All is in readiness for "Adam and Eva," the annual dramatic production of the Senior class of the Palmyra High School, which is to be given in the High School auditorium on Friday and Saturday evenings of this week.

The entire cast has been carefully chosen from among those who have already made names for themselves in High School dramas. Those who have seen rehearsals say, "You'll admire Adam—you'll adore Eva—they're both so typical."

Adam Smith, the forceful young business manager to Mr. James King, is a romantic, half practical, is played by George Long, a hero of last year's junior play. His opposite, the charming little, petted heiress, Eva King, is in real life, none other than Kitty Burr, an outstanding P. H. S. athlete, and also a star of last year's play.

Cleverly Portrayed

Then there is Julie De Witt, elder daughter of King, and dotting wife of Clinton De Witt, a languid, foppish youth, who finds sufficient occupation with tailors, polo games and parties to be too busy for anything else definite and boring as more business. These two characters are cleverly portrayed by Catherine Milavsky and Jay Lewin.

Anna Randall, who is already well known in P. H. S. dramas, takes the part of Aunt Abby Rucker. She thinks herself chief executive of the household, but is too busy with outside organizations for anything else.

Uncle Horace, who enjoys very poor health, is another clever character. This part is played by Hayes Brady, also noted for his excellent portrayal of difficult parts in previous school plays.

Mr. King, himself, is an impressive character, alternating between moods of irritation and kindness. Allen Hemphill fits perfectly into this part, being naturally a businesslike, capable figure.

Betty Eason is "Corinthia."

The last of the family to be mentioned is Corinthia, the maid, the kind one finds only once in a lifetime, and retains for a lifetime. Betty Eason plays the role of this faithful, rather romantic, individual.

To complete the cast there are the two sons of Eva King, Lord Andrew Gordon, son of a Scotch Peer, and Dr. Jack Delamater, the family physician, handsome as a fashion plate, and possessing the gift of being exceedingly pleasant to certain wealthy patients. Jimmie Davidson and Charles Knight, respectively, take the parts of the distinguished Lord and the attractive young doctor.

Tickets for this brilliant production may be obtained from any of the Senators or at Buoh's Drug Store, Palmyra, Friday afternoon, from three until five-thirty o'clock.

"Adam and Eva" will be presented on the stage of the Palmyra High School auditorium Friday and Saturday nights of this week at 8:15. Admission, 50 and 75 cents.

## WOMEN'S SYMPHONY

The Women's Symphony Orchestra of Philadelphia, under the direction of J. W. F. Leman, was heard last Thursday evening, February 14, in the ballroom of the Bellevue-Stratford. Mischa Mischakoff, concertmaster of the Philadelphia Orchestra, was the assisting soloist.

The orchestra showed the results of careful schooling and serious effort, and gave an enjoyable evening to its large and extremely attentive audience.

Beginning with the difficult overture to "Russian and Ludmilla," by Olinka, a glittering Slavic composition, the orchestra followed with the allegro moderato movement of the Schubert B-Minor Symphony (The Unfinished). The first part of the program closed with two Norwegian dances by Grieg.

The second part consisted of "Tosca" by Grunfeld; "In a Persian Market," by Ketybey, and the waltz from Tchaikovsky's ballet, "Sleeping Beauty."

Accompanied by the orchestra, Mr. Mischakoff played "Serenade Melancolique" by Tchaikovsky, and "Scherzo Tarantelle," by Wieniawski, the latter selection showing his great technical skill at its best. He later gave a group of four compositions, "Chanson Palestinienne" by Paul Kirman; "Short Story" by George Gershwin; "Pale Moon," by Logan, and "Danse Espagnole," by de Falla. Mr. Mischakoff was enthusiastically applauded by both audience and orchestra.

Rivertonians connected with the orchestra are: Miss Emma Price, president; Miss Margaret I. Vaughan, guarantor; Mrs. D. F. Vaughan, associate member; and patroness, Dr. Charles S. Mills, associate member.

After serving on the force for 20 years, Policeman Henry Carter, of Cardiff, was sent to prison for stealing chickens.

## PORCH CLUB HEARS MOUNTAIN GUIDE

Guy C. Caldwell Addresses Big Gathering of Members and School Children

Guy C. Caldwell, often known as the Mountain Guide, filled the Riverton Porch Club at 8:00 o'clock, Tuesday, February 19th. One hundred and seventy-five, including many school children, were gathered together to listen to Mr. Caldwell's lecture on "Bird Songs and Wild Flowers." The talk was illustrated with beautiful color slides, most of which were from his own camera, and with the calls and whistles of the birds.

Mr. Caldwell told of his camp for boys in the Rocky Mountains, about seven miles from Silver Park, Colorado, 9,000 feet above sea level. The camp is situated on a lake surrounded by mountain peaks, with Long's Peak, which is higher than Pike's Peak, rising high into the air on one side. Amid this setting many of Mr. Caldwell's slides were taken. The pictures of birds in their nests, almost hidden away in niches in the high cliffs, were taken at great risk, while being suspended by a rope from above, or while perched on a ledge of a craggy cliff with thousands of feet of space below.

After taking up at length the birds, and flowers of the Rockies, the speaker showed on the screen some of the birds and flowers of New England and the birds and flowers of his own side.

Mr. Caldwell has spent his life in the study of nature, both in this country and in the British Isles.

The afternoon's program was arranged by the Garden Section of the club, Mrs. Henry C. Parrish, chairman.

## K. OF C. WELCOMES STROHLEIN PARTY

Enjoyable Reception Held by St. Joseph's Council of Palmyra and Riverton

More than 200 guests, comprising members of St. Joseph's Council of Palmyra and Riverton, the Ladies' Auxiliary and their friends were on hand at the K. of C. Headquarters last Tuesday night to greet the Strohlein party, just returned from a trip abroad.

T. A. Eason, the council's lecturer, acted as master of ceremonies and presented Mr. J. McDermott, who made the address of welcome. Speaking for the members of St. Joseph's and the Auxiliary, Mr. Eason expressed his sentiments in telling the honored guests how glad everyone was to have them back again, safe and well. He employed Mr. Strohlein for his enthusiastic effort. St. Joseph's Council, being a trustee since its inception and one of the men responsible for procuring the lot on which the K. of C. Hall now stands.

## Tokens Presented

As a remembrance of the occasion R. J. Woods, of the Lecturer's Committee, presented on behalf of the Council a little token of their appreciation and high regard, a desk set and pen.

Mr. Strohlein thanked the assembly for the wonderful reception and stated it made him happy to see such a gathering everywhere in a jovial mood and working for a common cause.

A beautiful basket of flowers expressed the thoughts of the ladies and was presented to Mrs. Strohlein by Mrs. Sanford, president of the Auxiliary.

A special program presented by Jas. V. Loughran and his "Versatile Four" was the entertainment feature of the reception, consisting of piano selections, songs, and a final number popular airs by the quartette. Refreshments were served after the entertainment.

A short business session of the Council was held and the following announcements made by Grand Knight H. C. Sim:

Monday night, February 25th, a rally, under the auspices of the Burlington County K. of C. at Riverside, March 4th, a meet of all the Cadets to be held in St. Peter's School Hall, Riverside.

A special St. Patrick's Dance under the auspices of the Ladies' Auxiliary, on March 16th, featuring some new and novel items for a dance of this nature. Miss Mae Burns is the chair-lady and will announce details at a later date.

An affair of large proportions will be sponsored by St. Joseph's Council after Easter, as the event is only in the formation stage; the only advance news of it is that it will require at least two nights to put it over. Watch for the announcements.

The card party given by the K. of C. proved itself a success in many ways, and one was in the financial way it helped St. Joseph's Council.

## CARD OF THANKS

The family of Harry S. Lloyd desire to thank those who sent cards and flowers to the funeral and extended sympathy in their recent bereavement.—Adv.

## Candidate

ROScoe SHINN

Popular Under Sheriff of Burlington County, who has announced his candidacy for the Republican nomination for Sheriff at the Spring primaries.

## SHINN ANNOUNCES HIS CANDIDACY

Deputy Sheriff Enters Race to Succeed A. Engle Haines

Feeling that I have locally fulfilled every obligation exacted by the great party of which I am a part, I at the same time worked in the interest of the people, I have announced myself as a candidate for the office of Sheriff of Burlington County, and I am asking all the Republicans of the County to give me their consideration at the primary election in June.

I have served as the Under-Sheriff of Burlington County nearly two and a half years, and during that time I have endeavored to give the people the best service within my power and am ready to face the people of this County, feeling that I have served every taxpayer faithfully and with a clear conscience. I have unflinchingly used my position and abused strength for the benefit of the taxpayers, and I feel sure that those who have watched my work will appreciate my loyalty to the people's cause.

I fully realize the burden of taxation that now is resting on the shoulders of the people. All my life I have known the value of an earned dollar and it is not likely that I would forget the lesson taught by years of experience were I placed in a position where economy in the use of the taxpayers' money should be the first consideration.

Never in my official position have I put any burden on the taxpayers where it could be avoided. For instance, not one cent has been spent for transportation nor for officers in taking prisoners to any of the institutions of the State. And in many other ways I have worked for the economic benefit of the people.

There are many honest people not familiar with legal matters who are being preyed upon in various ways. A good official can help these people immeasurably. I would deem such helpfulness my duty were I nominated and elected to the office of Sheriff.

If the people of Burlington County feel that I have merited their vote, I would ask that they support me at the primary election in June, as well as the general election in November. Should I be the choice of my party and the choice of the people, I will seek to show my appreciation by giving the best there is in me in the conduct of the Sherif's office.

WILLIAM V. ABDELL

William V. Abdell, of Titusville, a brother of Joseph H. Abdell, of Palmyra, died in the Eastern Sanitarium last Saturday afternoon at Easton, Pa., following an illness of three months.

The funeral was held from the late residence Wednesday afternoon, with interment in the Odd Fellows' Cemetery, Burlington.

Besides the brother in Palmyra the deceased was survived by his widow, Mrs. Alene Weiler Abdell; his mother, Mrs. Rebecca Abdell; a daughter, Miss Isabelle Abdell, and a sister, Mrs. Rickway Rogers, both of Springdale near Burlington.

## LOUIS H. BLAESS

Louis H., husband of the late Clara Blaess, died February 9th at the home of his daughter, Mrs. Margaret Pickett, where he had made his home for the past five years. Funeral services were conducted by the Rev. George Lockett, Thursday, the 14th, at the residence of his son-in-law, William J. Pickett, 609 Lincoln avenue, Palmyra. Interment in Odd Fellows' Cemetery, Philadelphia.

He is survived by four daughters and two sons, Mrs. Bella Anderson and Mrs. Ethel Ernwood, of Philadelphia; Mrs. Lula Bennett, of Buffalo, N. Y.; Mrs. Margaret Pickett and Lewis H. Blaess, and Herbert Blaess, of Philadelphia.

Rev. Mathew Gould, aged 93, of Winsford, Eng., has entered his 71st year as Wesleyan pastor, and takes a bicycle ride daily.

## "DIRECT TO HEART OF CITY" IS PLEA OF RIVERTON BOROUGH COUNCIL

Mayor Rodgers Authorized to Enter Protest Against "Shuttle" Plan

COUNCIL CONSIDERS BAD CONDITION OF BANK AVE.

Toward the close of the meeting of the Riverton Borough Council last Thursday night, Mayor Howard M. Rodgers started something by asking, "What effect will the completion of the Tacoma Palmyra bridge have on Riverton?"

He pointed out that Riverton was vitally interested in how the traffic coming over the bridge would be handled, particularly that part which would be routed through Riverton. It was considerable portion of it comes through the Borough, additional police protection will be needed.

This also brought on a discussion of the proposed "shuttle" over the Camden bridge. It was agreed that a "shuttle" would not meet the requirements of the small towns east of Camden, and the mayor was authorized to communicate to the members of the Legislature from this section the desire of Council for quick and direct transportation to the heart of Philadelphia via the Camden bridge.

On suggestion of Councilman Bartley, the mayor was authorized to appoint a committee to keep in touch with the situation and to advise Council immediately if any further action was deemed necessary. The mayor appointed Messrs. Bartley, Williams and DeLaney.

A petition of the New Jersey Bell Telephone Company to construct an underground conduit on Broad street south of the railroad from Thompson avenue to the Palmyra Borough line was granted.

On motion of Director of Public Safety Williams, seconded by Councilman Randall, William Goode was appointed a regular member of the police force, at a salary of \$130 a month. Mr. Goode has been serving as a special officer at \$400 a day.

Councilman Hubbs reported on the application of Mrs. Howard Parry that the Borough take over Ninth street. He said that before that is done it will be necessary for the property owner to lay pavements and curbs. Councilman DeLaney suggested that a plan showing the street should also be submitted to Council. The clerk was instructed to advise Mrs. Parry what steps it would be necessary for her to take in order to bring the matter of accepting the street properly before Council.

Police Report

Director of Public Safety Williams reported that twelve "loose" had been loitered in the town jail over night, one arrested merely for reckless driving and one man injured by being struck by an automobile. A boy had been found in a freight car by Officer Quigley, and returned to the school at Skillman from which he had escaped.

The director made another plea for cooperation on the part of the residents of the town. He said that reports had come to the department about people being annoyed on the streets and even in their homes by strangers who forced their attentions upon them. He said that the reports were from several hours to several days late. He said that the officers could not give the full measure of protection that may rightfully be expected of them unless such incidents are reported at once.

Broken Sidewalks Reported

(Continued on Page 6)

## THREE YOUNG MEN JUST MISS DEATH

Gerald Hatch, Wilbur Bels, of Riverton, and Chester Moore, of Rimmec, narrowly escaped death when Hatch's car crashed through a fence and landed in a marsh near Haddonfield late Saturday night.

The accident occurred after the headlights on Hatch's car had burned out. He pulled over to the right to let a car pass him and his hub caps rubbed a fence on the right side of the road and when he attempted to pull back to the center of the road the car skidded on the frosty surface and crashed through a fence.

The car was completely wrecked. The three occupants received cuts and bruises, which were treated at the West Jersey Hospital.

Sunday morning, State Trooper Horn was called to the scene of an accident at Bole's Corner, Cinnaminson, in which a Buick Coupe and a Pontiac Coupe were badly damaged.

Walter Middleton, 35, of Toms River, driver of the Buick, escaped unhurt. Charles N. Gaskill, 66, and his wife, 68, sustained cuts from flying glass. After receiving first aid at Dr. LeFavor's office they were taken to the Burlington County Hospital. Gaskill was kept there two days for observation, but his wife was taken to her home Monday afternoon. No arrests were made as no charges were preferred.

## COAT SUITS

You are perhaps speculating upon the color of the blouse for your new spring suit. Well, you need not be all-of-a-tone this time. The forecast runs somewhat as follows: A yellow blouse with a wood brown suit, red beige or white with navy blue gay prints with black, light green with a suit of darker green, and so on. We should be able to work out some very charming effects in this way.

## LEGION DINNER

An important event will take place next Thursday evening, February 28, when a big rally and dinner of the American Legion, Post 224, Buick Corps will be held in the Legion Home. All past and present members of the Corps are cordially invited to attend. The time for the rally is 7:30 sharp, after which it is planned to have an evening of vocal entertainment.

Among the prominent speakers to be present is Present State Commander "Herb" Blizard and everyone knows that means a bang-up speech, as well as a jolly one.

## TAX APPEAL BY VAUGHAN ESTATE

Estimate of 1926 Income Tax by Revenue Collector Said to be Too High

The First National Bank & Trust Company, Camden, administrator of the estate of David P. Vaughan, deceased, Riverton, inventor of a rail anchor, extensively used by railways throughout the United States and Canada, and four relatives of Vaughan on Monday filed an appeal to the Board of Tax Appeals in which they claimed the Commissioner of Internal Revenue's estimate of their 1926 income taxes was too high. A reversal of the commissioner's decision was requested.

It was claimed in the statement sent to the board that the commissioner erred in determining the valuation of depreciable capital assets that were obtained as stockholders in the M. W. Supply Company of Philadelphia. The company purchased all of the Vaughan patents from the inventor, paying for them in stock of the company. It was explained that this stock was held by Vaughan at his death and by his relatives. These stocks were the depreciable capital assets to which reference was made.

Total taxes of \$16,114.15 are involved in this dispute.

The inventor's estate was too high to the extent of \$3,846.69, it was stated by the administrator.

One of the relatives, Charles Z. Vaughan, of 117 Kings Highway, Haddonfield, claims the commissioner erred to the extent of \$3,000.00.

Another relative, Margaret I. Vaughan, of 203 Bank avenue, Riverton, declared \$3,000.00 to be the amount that was too high.

The third relative, Laura Z. Vaughan, also of the Riverton address, stated the commissioner's error figure was \$3,000.47 in her case. David I. Vaughan, of 291 Lippincott avenue, Riverton, said he had been taxed \$3,000.00 in excess by the commissioner.

It was explained in the statement that content of the invention had been owned originally by Vaughan and the Philadelphia concern, but that the inventor eventually sold his patents to the company in the belief that exploitation of his inventions would proceed with greater results.

In refutation of the claim of depreciation in the stock values, it was shown that in 1926 royalties paid to stockholders of the M. W. Supply Company amounted to \$3,000.000, whereas in 1926 they received only \$400.000.

## THIEF TAKES \$25.00 FROM SHANER HOME

Enters Through Window While Family Is Away and Hauls Bureau Drawers

A thief entered the home of Arthur Shaner, Golf Road, Cinnaminson Township, last Saturday evening while the family was out and after rummaging several bureau drawers, made his exit with a haul of about \$25 in cash.

Entry was made by forcing a window some time between seven and ten o'clock. Chief of Police C. Morty Beck, of Palmyra, was called and made a thorough examination of the premises.

Chief Beck is confident the thief is the same person who has entered several other Palmyra and Riverton homes lately and caution is given to be on guard against possible repetition of his visits.

Among the pieces of money taken from the Shaner home were an Iron Mountain and a Sequi-Centennial half dollar. The Chief believes the thief will attempt to pass these coins and would appreciate a report from any one who runs across them.

## MRS. HOWARD H. SHARP

Mrs. Howard H. Sharp, a former resident of Riverton, died at North Conway, New Hampshire, February 17, after an illness of several years.

Mrs. Sharp came to Riverton in 1893 and was one of the charter members of the Porch Club. She conducted a private school here for many years and was treasurer of the Camden Day Nursery; she also served on the Board of Camden Orphanage.

She is survived by a daughter, Mrs. Joseph White, of Swanton, and a brother, W. H. Baker, of Riverton.

Funeral services will be held Friday afternoon. Interment will be made at Evergreen Cemetery, Camden.

## COURT METES OUT FINES, SENTENCES

### Penalties Are Imposed Following Hearing of Many Criminal Cases

Judge Slaughter handed out a few valentines in the Burlington County Court at Mount Holly in the way of sentences Thursday of last week, and it was very apparent that none of the defendants who were remembered by the Court were overly pleased.

Stanley Spiewack, of Burlington, an old offender against the Prohibition laws, signed two valentines and then admitted his guilt to a charge of having liquor in his house and also to having a still and ingredients for its manufacture.

Spiewack had a third charge resting against him, and it is said that he has been in Court on several occasions before.

He was sentenced to sixty days in the county jail, and the case against his wife, Josephine, was ordered nolle prossed.

When Detectives Carabine and Cam raided the Spiewack domicile, the woman threw a quantity of liquor on Detective Cam, and the Court called attention to the law on this point and instructed the officers that in the future whenever they were hindered in the conduct of raids, etc., he wanted such actions brought to the attention of grand juries.

John Baumeister, of Westampton Township, who had also previously been before the Court, pleaded guilty on February 4 to having a quantity of liquor at his home on the Mount Holly-Rancocas road, and also with having mash and ingredients for its manufacture.

He went to jail for forty-five days. William Cox, colored, of Florence, charged with stealing a bicycle, came in on a waiver and pleaded guilty. He went to the New Jersey Reformatory at Rahway.

Clarence E. Carman, of Burlington, who admitted last week that he stole a pocketbook containing about \$14, told the Court he had paid back \$7 of the money and had been in jail ever since, with no way of earning the balance.

Sentence was suspended and he was placed on probation for two years, but must pay back the balance of the money.

Raymond Johnson, of Pemberton, who admitted he stole a battery from a garage at Brown's Mills, was fined \$50.

Thomas Lindsey, of Cinnaminson, who had pleaded guilty to desertion of his wife and eight children, told a very plausible story and was placed on probation for two years, after he had promised to leave liquor alone and look after his family in the future.

Oswald Taylor, a sixteen-year-old colored boy, who has given the police of Bordentown no end of trouble, was sent to the Rahway Reformatory. Taylor has a penchant for stealing, his latest escapade being breaking into and entering the Woolworth store, in Bordentown.

John Lambert and Joseph J. Johnson, arrested with Taylor and who are out on bail, will be back for sentence this week.

Frank McSweeney, white, and Fred Smith, colored, of Chesterfield Township, both charged with stealing twenty chickens from the farm of Anthony Woodward had their case heard by a jury and the verdict was guilty.

McSweeney had been in Court before on a similar charge and he went to state prison for three years, while his partner in crime will be at Trenton for the next two years.

Harry Nijon, indicted for the same offense, was too sick to appear and his case will be heard later.

Arnon Lieberman, of Maple Shade,

charged with larceny as bailer, in that while engaged as the manager of a store belonging to Fred Ludwig, of Philadelphia, he removed goods valued at \$65, was brought in.

During the progress of this case, Mrs. Lieberman created somewhat of a stir in the court room, when she screamed from her seat that certain testimony being given "was a lie," and otherwise disturbed the proceedings.

She was ejected from the room. The jury later found Lieberman guilty and he was immediately sentenced to pay a fine of \$100.

The case of the State vs. Mrs. Agnes Washkewicz, of Hainesport, charged with receiving stolen goods, to wit, turkeys, two pigs, window sash, and numerous other articles stolen by her son was acquitted by the jury at the direction of the Court, no guilty knowledge that the goods had been stolen having been shown.

Conan Wasick, of Roeboling, indicted for malicious mischief, was also acquitted by a jury.

Wasick was charged with intentionally throwing a lighted match into some gasoline which was escaping from a car belonging to Adam Dondas, as a result of which the automobile was burned.

### Just Like New

We are no magicians, but we can take any old kind of a suit and make it look just like new—so, that you'll be proud to wear it!

Just give us a trial and see how true that is—and how small our charges are.

## CHARITY CARD PARTY IN RIVERSIDE HALL

The United Welfare Association of Riverside will entertain at cards at the Riverside Fire House Hall, Scott street, Riverside.

The committee, under the direction of Haviland "Chink" Himes, is planning to make this one of the largest card parties ever held in this community.

Prizes have been collected and Mr. Himes has arranged to have a door prize of a ton of coal. There will be an attendance prize and several extra awards.

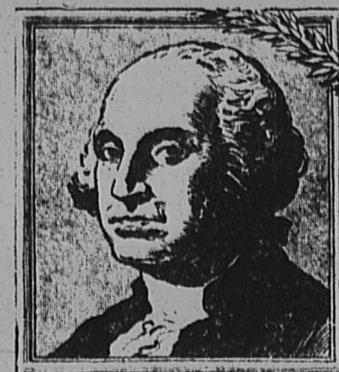

Tables will be arranged for games

of five hundred, pinocle and bridge.

The Welfare Association has been doing good work in the community for the past few years. Clothes and food has been distributed to the unfortunate people of the Triple Towns and in a recent report made by Mrs. Wentz, president of the Association, it stated that funds were needed to continue the good work.

The card party will be given as a means of raising funds for the Association and tickets will be sold for 50 cents.

Miss Elouise Chailier, daughter of a banker in Marseilles, cloped with the family chauffeur, formerly an army officer.

## A Worthy Example For All to Follow

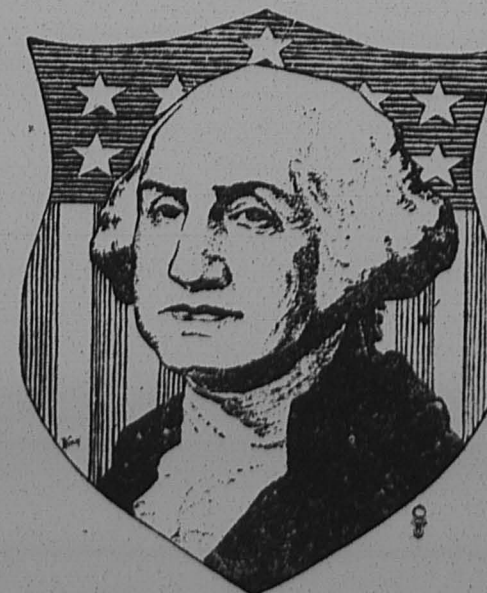

Washington set an example in thrift that we all should follow. Thrift was not always a matter of necessity with him, but he was farsighted enough to realize its benefits to himself and to his followers, hence he practiced it regularly. Start a thrift account with this bank, today, in his honor.

## The Political Campaign

The Burlington County political campaign for the capture of the Republican nominations at the spring primary is well under way and an unusually large number of candidates for the important offices of Sheriff, County Clerk, Freeholder and Coroner are in the field.

Some of these candidates are said to be backed by either of the two leading factions of the party county organization, while others are running independently.

For many years it has been considered essential for a candidate to have the support of a well-organized faction, else he has little chance of success at the polls. In few instances has it proved otherwise.

It would seem more in line with public interest, however, if the voters exercised their own judgment and voted for the candidate they consider best fitted for the office, rather than supporting the "state" of this or that faction.

When political campaigns are fought and won on purely factional lines, the result is that the successful candidates are obligated to the leaders of the factions which supported them, rather than to the people of the county whose servants they are sworn to be.

Burlington County does not want a political boss who has the power to dictate the conduct of all its officials.

## Fair Play

The most dreadful thing I saw in Europe," said a thoughtful traveler who had returned after two years spent in different European countries, "was the schoolbooks. Lies, lies, lies. Untruths about the Germans in the French schoolbooks, about the French in the German schoolbooks, untruths about different nations in all schoolbooks. It is bringing up children on misinformation. It is breeding hatred. It is criminal."

Dr. Russell, of Columbia University, hit straight at such a condition in speaking at a luncheon in New York. First he said that hatred did not exist in the minds and hearts of children. Education put it there. And instead of false education he advocated, not only truth and care upon the part of teachers, but International Relationship Courses for children as part of the school curriculum.

"A program of international relationship and international understanding through the schools must rest largely on your American elementary school and its European equivalent. From that school and from the ideas which emerge from people who graduate from it, other countries, as well as our own, are dominated."

Three principles in such an educational program must be adhered to: true patriotism, abolition of slanderous remarks about other nations, study of foreign literature

and customs.

Add to this absolute fairness in textbooks and we approach that cure for suspicion and hatred among nations which was the ideal Dr. Russell presented—and which is the ideal of the world.

## Blessings of Advertising

An organization of housewives in Washington has proposed a national monument to Advertising in recognition of its contribution to the progress of woman's liberation from drudgery and to the emancipation of the housewife.

"The changes in woman's domain have been more revolutionary during the past generation than at any period in history," declares Ernest E. Calkins, "and the rapidity with which these changes have come about, is largely due to the quick dissemination of improved methods and machinery by means of advertising."

If it were possible for the women of this country to abolish advertising, there would soon be a clamor for its restoration for they would then realize it was advertising which had given them their new environment and their multiplicity of house equipment, so marvelous and ingenious that a prophetic description of it 50 years ago would have been classed with the novels of Jules Verne.

Advertising is not an end in itself. It is a means to an end, just as a railroad is a means to an end. This country does not have railroads for the sake of the railroads, it has them to get somewhere and to move goods and mails.

That the modern kitchen and home are filled with convenient and labor-saving devices is not due alone to invention. There had to be a way of telling people about them. Modern conveniences, might eventually get into the home without advertising, but advertising has been the quick and direct way of telling about inventions and discoveries, and because this quick and direct way existed, many things were invented which would not otherwise have been made. Advertising is a constant urge upon everybody to improve the home.

There is another important service which advertising has done for womanhood. It has taught the housewife and house-mother that her strength and energy are precious things to be saved and conserved if possible. A tired mother is seldom a patient and understanding mother. Advertising has taught women to buy things that save wear and tear on her muscles, and nerves, and to count such purchases as a good bargain.

## Education and Prohibition

President Elect Hoover is going to make the country dryer. His proposed plan is said in part to be based on the education of the public. A splendid idea. It seems to be one of the best ways to enforce Prohibition.

It was this method that of educating the public as to the evils and bad effects of alcoholic stimulants, that was making America the most sober country in the world before the adoption of the prohibitory laws.

It is this method intelligently applied that will save the existing laws. That will diminish the disrespect for law that has, according to many, grown out of the prohibitory measures.

Prohibition based on individual choice is true prohibition. Personal liberty is a precious possession. It is worth while to teach the true facts of the case against alcoholic excess in order to make persons accept the idea of prohibition of their own free will, eliminating the atmosphere of compulsory regulation of personal habits.

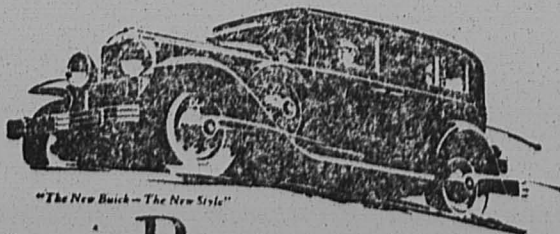

## Powell Backs Farner

State Senator Powell is understood to have thrown the weight of his political organization behind the Sheriff candidacy of Benjamin F. Farner, of Burlington.

When Better Automobiles Are Built : : Buick Will Build Them

## This Week

By Arthur Brisbane

BORAH, GOOD AMERICAN  
GROW YOUR OWN FUR COATS  
EINSTEIN'S DISCOVERY  
PUBLISHERS, CHEER UP

Senator Borah, good American, fears that if we build cruisers without making arrangements satisfactory to Britain we shall have a "ship-building race with England." If necessary, why not have it?

But Britain couldn't afford it and knows well that we shall never attack Britain unless we are first attacked.

The British, while they could, dominated the seas, and were proud of it. Whoever didn't like it could jump. That condition existed from the day when Nelson at Trafalgar wiped out Napoleon's chances of British conquest up to 1924.

It is Uncle Sam's turn now. Airplanes, submarines, fast cruisers, will answer any question from any other nation, and this country should have the answer ready.

Grow your own fur coats at home. Mr. Vernon Bailey of the Agricultural Department tells you that muskrats, supposed to need big swamps, can be raised like rabbits or guinea pigs, in small pens. They need only enough water to keep comfortably wet and cool in summer. This will interest California rabbit raisers, among others.

The world of science, including Bertrand Russell, called the greatest living mathematician, is interested in Professor Einstein's announcement that "electro-magnetism and gravity are practically the same." This discovery, says the learned Dr. Pupin of Columbia University, places Einstein beside Galileo and Newton.

All interested in physics await a demonstration that there is only one kind of force in the universe. But heat, motion, electro-magnetism, gravity are all the same. Einstein seems to confirm part of Herbert Spencer's definition of evolution which describes the "retained motion" as undergoing a transformation from "an indefinite, incoherent homogeneity to a definite, coherent heterogeneity."

More interesting to practical publishers of newspapers is the fact that the big Woolworth concern plans an enormous advertising campaign amounting to \$3,000,000 the first year. Abandoning the theory that selling the right location makes advertising unnecessary, proves the wisdom of Woolworth's president, Mr. H. T. Parsons.

TELEPHONE  
SERVICE AIMS  
for 1929

## "For Better All Around Service— More Telephones in More Homes"

It can be done with your help

THE MODERN way to secure the most satisfactory telephone service is to place instruments at various vantage points in the home to make the service always handy day and night.

In this way, at little cost compared with the savings in steps and minutes (miles and hours in total), you gain the full advantage of telephone service and help those who call you to secure better service too.

Answering the telephone or making a call is always quick and easy, for it merely means reaching for the instrument beside you or at most taking a few steps.

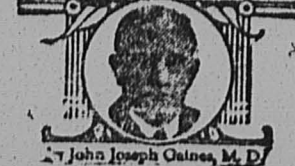

More telephones in more homes mean quicker answers, fewer service delays, improved service to those you call and who call you.

## About Your Health

Things You Should Know

VACCINES.

There can be no doubt of the value of certain vaccines in the prevention and treatment of epidemic diseases. By the intelligent use of this method, much suffering can be avoided, and many conditions alleviated. Medical science has now practically abolished typhoid fever, malaria, small-pox, yellow fever, and other infectious diseases, and, has shown diphtheria and scarlet fever, tetanus, hydrophobia and other fatal maladies of much of their terrors.

In an epidemic of influenza, I once gave prophylactic vaccines to twenty-five patients. Twenty-three of them passed through the scourge without contracting disease, although several of them lived in infected families. The other two fared not so well; one of them had the "flu" when he took the first injection, the other, a tubercular, also well along with the disease, died of broncho-pneumonia, in spite of the efforts of myself and an able consultant.

Since then, I have given immunizing treatment to many people, and have found the precaution most satisfactory for the patients and myself.

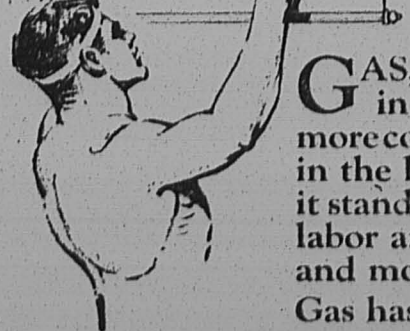

If your occupation exposes you to any epidemic disease, I would advise you strongly to permit your physician to immunize you by giving you appropriate vaccination, using the product of a reliable maker of such things. Like every other good thing, vaccine has been capitalized by the most brazen quacks; be on your guard. It is safe to conclude that all medical advertisers, those who "guarantee results," are rank impostors, who get your money for nothing, exercise good judgment, and trust your reliable family doctor.

## LITTLE DOG HERO

Cleveland, O.—Clarence Brubaker, of Berea, his wife and five children all owe their lives to a little white poodle dog. Frightened by the roar of flames, the dog jumped on his master's bed and gave the alarm that enabled the family of seven to escape before their burning home collapsed.

Gas

# GAS

## SIMPLIFIES HOUSEWORK

GAS, no less than electricity, plays its part in making life easier, more comfortable, more convenient, for all of us. In the kitchen, in the laundry, in every room of the house, it stands ready to perform services that lessen labor and make our homes more attractive and more livable.

Gas has simplified, has improved, has made more efficient, the way in which we cook our meals, reducing by hours the time that the housewife spends in her kitchen.

A late development in the Gas appliance field indicates one of the many ways in which inventive genius is still further lightening the task of the homemaker.

By using a time control range, food may be placed in the oven, at any convenient time, and the control adjusted. At the time set by the housewife, the Gas will be turned on and lighted. When the food is cooked the Gas will be turned off. The entire operation is automatic and time, once spent in watching the oven, may be spent in other tasks, or away from the home.

Gas, one of the most efficient and dependable of household servants, is always at your command. Study its possibilities for home usefulness and you will enlist its aid in many ways.

**Public Service Electric and Gas Company**

## ELECTRIFICATION OF N. J. RAILROADS

Public Utilities Head Sees Change Will Take Place Soon

Electrification of the New Jersey Railroad system has been a subject of discussion for many years. The New Jersey Public Utilities Commission, Mr. Anthony J. F. Anderson, chairman, has been studying the matter. The commission has been holding public hearings on the subject. The commission has been holding public hearings on the subject. The commission has been holding public hearings on the subject.

Mr. Anderson, however, has the most important announcement to make. He has announced that the New Jersey Railroad system will be electrified. The electrification will be completed by the year 1930.

While there may be some opposition to the electrification of the New Jersey Railroad system, the commission believes that the benefits will outweigh the costs. The electrification will save money and will provide a more efficient mode of transportation.

This year the Central Railroad of New Jersey will be electrified. The electrification will be completed by the year 1930.

On the other hand, the Board of the Central Railroad of New Jersey has been studying the matter. The board has been studying the matter. The board has been studying the matter.

The board has been studying the matter. The board has been studying the matter. The board has been studying the matter.

There is a strong feeling that the electrification of the New Jersey Railroad system will be completed by the year 1930.

In making his announcement, Mr. Anderson said that the electrification of the New Jersey Railroad system will be completed by the year 1930.

What Is A Bargain?

In this community are hundreds of individuals and families on the watch for an advertisement which will offer them what they want at an advantageous price.

Call them bargain-hunters if you like, but thrifty shoppers would be the better designation. Their is a commendable trait and merchants should cater to it.

One family wants a new carpet - the need is not urgent. Another family is looking forward to buying dining-room furniture - it may not be for a twelve month.

One man is thinking of buying himself a watch. One woman is shopping for another an umbrella.

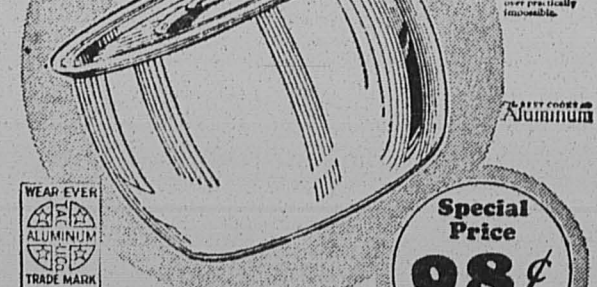

All can be made to buy earlier by advertising. Advertising can make the desire so keen that the bargain is forgotten in the desire for immediate possession.

A Note to Merchants  
Stimulate business by the offer of some slow-moving lines at special prices. Brighten up business by advertising some desirable goods at reduced prices. Make advertising banish dull business. Often you can tempt the buyer who is hiding his or her time, to buy from you - at a time of your naming.

## GREAT AIRPORT THOUGHT LIKELY NEAR PALMYRA

Proposed Favors Filling in Fish  
House Cove for Giant  
Terminal

IDEAL LOCATION  
EXPERTS SAY

Nearer to Center of Philadelphia  
Than Any Site Yet  
Investigated

Probability that a great air terminal will be located near Palmyra, according to an official report of the Federal Aviation Commission, is being investigated and found promising. The terminal proposed will be under control of the Federal Aviation Commission, but is not to be confused with the Philadelphia Airport, according to George M. Harris, New Jersey real estate representative of the commission.

The New Jersey site under consideration is what is known as the Fish House section and lies along the Delaware River bordering on the city of Philadelphia. According to the plan, drawn up by Kern Dodge, an engineer and member of the Federal Aviation Commission, the Fish House site will offer the greatest advantages of any section under consideration.

**Adequate Acreage Available.**  
The plot comprises a total of 100 acres, most of which is now under water, but according to the plans, will be filled in from dredging from the channel. When completed, the site will be bounded on the south by the Pennsylvania Railroad and on the north by the Delaware River, at the point where the jetty is now located. The land after being filled in, will be level and well suited for use as an airport.

This site is more accessible from Philadelphia than any other yet suggested, as automobiles can make the distance to Philadelphia City Hall in less than 12 minutes. Most of the distance can be traversed at the rate of 35 miles per hour. An elaborate survey has already been prepared by engineers and is now in the hands of the Federal Aviation Commission.

**Cost to be Moderate.**  
The cost of filling the land would be moderate, as all of the fill could be secured from the bottom of the Delaware River at that point where Army engineers, shortly will dredge to widen the channel, under the River and Harbor Act of 1910. The fill can be accomplished by hydraulic dredging from the dredging barges and could be completed in two years time. About 130 acres of the field would be available almost immediately, the report declares.

Of the Springfield site, Mr. Dodge says in his report, it is insufficient in flying area to support aircraft industry, as no railroad is near the site and automobile transportation must pass through what is probably our most serious traffic congestion. It provides no accommodations for airplanes.

**Soggy and Unsafe.**  
Of the Philadelphia site, he says that the proposed seaplane landing basin on the Delaware is one mile distant by air line from the field proper. The fill of the field will be of soft mud and silt from the Delaware at that point, which will become soggy and unsafe in wet weather. The fog hazard is greater than that at the Petty Island site.

There the "black burn" between Petty Island and the Jersey shore provides an excellent anchorage for seaplanes, while ocean-going ships can anchor at the upper bulkhead in thirty three feet of water.

Seaplanes would have a "take-off" of one mile while land planes could take off in any direction, at the preference of the pilot as the field would have a Department of Commerce A-1-A rating as a "four way" field.

The land, now owned by nine persons, could be acquired at a reasonable figure, and the entire cost of the project would be measurably below that of either the Springfield or the South Philadelphia site.

There are railroad lines or sidings on the east and the south of the tract, while principal highways connect it with Trenton, Newark and New York, and by the Delaware River bridge and the Tacony-Palmyra bridge now under construction, with vehicular traffic from Pennsylvania and western points.

**WASHINGTON TEA PARTY.**  
Mrs. John B. Warner gave a George Washington tea party for the Rotary Club of Palmyra and Riverton. Twenty-seven guests were present.

The entertainment committee gave a play, written by the chairman, Mrs. Clarence Hubbs.

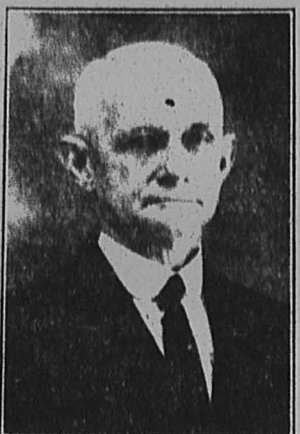

Mrs. H. B. Williams impersonated George Washington, Mrs. Warner Abraham Lincoln, Mrs. L. K. Eberly Betty Ross, Mrs. F. Snover the American doughboy and Mrs. Hubbs, the 20th century flapper. They discussed the development of our country and the efforts toward peace.

Mrs. Charles S. Geeland sang a song written to the tune of the "Star Spangled Banner."

Mrs. Bailey, of Moorestown, entertained with two recitations.

Little Miss Carrie Haines, of Parry, played two violin solos.

Hat's in Ring

CHARLES B. JESSUP  
Cinnaminson Township Assessor who has announced his candidacy for the Republican nomination for Freeholder at the Primary election in June.

## C. B. JESSUP OUT FOR FREEHOLDER

Cinnaminson Township Assessor  
Announces Candidacy on  
Republican Ticket

Charles B. Jessup, of Cinnaminson township, has announced his candidacy for the Republican nomination for Freeholder at the Primary election in June.

I have been approached by several friends, political and otherwise, on the question of being a candidate for Freeholder and after having considered the situation as it appears to be, I have decided to enter the field. I am not going to see as many voters as I am qualified to do.

As to my qualifications, I wish to mention that I have served as a member of the Board of Freeholders several years ago, have been Assessor of Cinnaminson township for two years, have been a business traveler from beyond to the present day, am president of the Burlington County Farmers' Association, president of the Farmers' Telephone Company, operating in the Riverton and Moorestown section of the county, and am a member of Moorestown Grange.

I feel that these contacts have placed me in touch with people and conditions that have given me rather wide experience in business and other affairs. I am conscious of the responsibility of the office to which I aspire and stand ready to give to the people of the county the best of the command of my ability.

## LADIES ENTERTAIN PALMYRA I. O. O. F.

Cinnaminson Lodge No. 201 and  
Auxiliary Also Visits  
Merchantville

Yes, it was Washington Birthday on Friday evening last, when the Ladies Auxiliary entertained the Palmyra Odd Fellows.

The evening was well planned by the ladies and the members of the lodge, and merely due to the example set for them by the ladies of Washington, and the truth when they in one accord stated that they had one of the most enjoyable evenings for some time past.

Stunts, games and music comprised the program, it being concluded by a most southern feast.

Chris. Hubbs, Noble Grand, of Cinnaminson, Lodge, presented the ladies, Auxiliary, in behalf of the lodge, solid gold pins of the I. O. O. F. Three Links. This was in appreciation of the many thoughtful acts on the part of the Auxiliary toward the lodge and the assistance they have rendered Cinnaminson ever since their organization.

On Monday evening the lodge members and their wives motored to Merchantville where they were entertained at a Roast Beef Dinner by the Ladies' Auxiliary of Amity Lodge.

This was another pleasant event to go down in the diary of those who attended.

For some time past Degree Master Milton Jexett has been endeavoring to get a group of friends to meet on Friday evening, March 15th, for the purpose of having a social gathering. This Friday evening he will put on the Initiatory Degree on a class of candidates.

A Package Lunch Party and Entertainment will be held in the lodge room on Friday evening, March 15th, for which plans of entertainment are being arranged by Al Swain, the chairman of that committee.

**CARD OF THANKS**  
We wish to thank our friends for their many kindnesses and for sending cars and flowers to the funeral of our mother.

Thomas Prieco and Family.  
Michael Prieco and Family.

## COLORED CITIZENS WANT UP-TO-DATE SCHOOL OR NONE

Delegation Headed by the Rev.  
A. Casper Calls on  
Board

NOTHING HAS BEEN  
DONE OFFICIALLY

Schick Test is Discussed and  
Referred to Hygiene  
Committee

A delegation of colored citizens, headed by the Rev. A. J. Casper, was present at last Thursday's meeting of the Palmyra Board of Education to seek information relative to the proposal to open a school in West Palmyra.

Several weeks ago Supervising Principal Eckert, District Clerk Donaghy and George W. Rogers, a member of the board, appeared before a gathering at the Colored Methodist Church in reference to leasing the building for temporary classrooms. According to reports the gathering was hostile to the idea being of the opinion that if permission was granted for temporary use of the building no other provision would be made for the colored children.

At the meeting the Rev. Casper asked for the opinion of the board and was told that no action had been taken officially but was assured by the members individually that they would not oppose of anything other than a thoroughly modern building in case any should be built. Mr. Casper at the conclusion of the interview stated his belief in the approval of the colored citizens. A letter was addressed to the board, stating that they were not going to insist on a separate school.

The newly-elected members of the Board of Education were present in response to an invitation from the District Clerk, but will not be sworn in until the next meeting, when the board will be reorganized. The new members are William S. Hanson, Stanley Green and F. L. Durkin, Jr. Professor Eckert, after making his report, asked for the removal of the school to have members of the Senior class take a census of the Palmyra children who are now four years old, so the record would be available before the opening of school next year. Approval was readily granted.

The question of making the Schick Test available for Palmyra children was discussed and referred to the Hygiene Committee for investigation. The Schick Test will not be compulsory if adopted.

## P. T. A. ATTENDANCE DRIVE UNDER WAY

Class of Pupils Whose Parents Attend  
Best Will Receive Gift

The Parent-Teachers' Association of Palmyra, under the leadership of the president Mrs. Hansen, is conducting an attendance drive.

A committee has been appointed to secure the co-operation of teachers and parents by offering a reward to the classroom which has the largest attendance of pupils at the regular meeting each month.

The gift will be selected from a list compiled from the suggestions offered by the teachers. In addition to the gift, which is to be permanent, the teacher will be awarded a certain time in the room which received the gift for that month.

**Mrs. Francis C. Boyer**  
Mrs. Francis C. Boyer, widow of the late John K. Boyer, passed away Saturday evening, after a lingering illness.

Mr. and Mrs. Boyer came to Riverton in 1882, the year they were married, and occupied the house at 105 Main street, which was built by them. Mrs. Boyer was the daughter of Edward and Mary McCarty, of Philadelphia. Mr. McCarty was silver smith and manufacturing jeweler on second street. Three sisters survive: Mrs. Louis des Cogne, of Lexington, Ky.; Mrs. Harry H. Ellison, of Rosemont; and Miss Cecelia McCarty of Riverton.

Mrs. Boyer was a charter member of the Riverton P. O. S. of A. and an attendant at Christ Church, Riverton. She was always interested in the development of Riverton and the needs of the unfortunate.

Services were held Wednesday morning at 11 o'clock, conducted by the Rev. A. S. Lewis. Interment private.

**PORCH CLUB NOTES**  
An enthusiastic group of art lovers from the Riverton Porch Club, with Mrs. Murray C. Boyer as guide, met at the Pennsylvania Academy of the Fine Arts, on Tuesday, February 26th, to see the annual exhibit of paintings and sculpture.

The exhibition consists of 414 paintings and 192 pieces of sculpture. Of special interest to the club were the portraits, many of which will be reproduced by living artists at the Porch Club on March 15th.

After luncheon about half of the original group visited the Philadelphia Art Museum.

**COAL IN THE MAKING**  
On Friday, March 1, in Christ Church, Riverton, at 8 P. M. will be shown a very remarkable moving picture, depicting the formation of coal from Nature's beginning up to the present-day methods of mining.

The Riverton Boy Scout troop extends an invitation to any and all Scout troops in Burlington County and to all the parents and friends of the Scouts to see this picture.

## GUESTS ENTERTAINED BY PALMYRA LIONS

State Field Director Helps Conduct  
Interesting Dinner Meeting

An interesting and enthusiastic meeting of the Palmyra Lions Club was held Tuesday evening in the Lions Den, Society Hall, with a large attendance and twelve guests.

Among the guests were Harry C. Wood, New Jersey State Field Director of Lions International, who gave a very interesting talk. M. J. McDermott, of Palmyra, also gave a short talk on matters very interesting to the club. Such items as better street comfort stations, Mexican avenue railroad crossing, paving the south side of Broad street, were discussed.

The following guests were present: Hilton M. Smith, Thomas C. Van Orton, William M. Thackeray, C. O. Melcher, C. F. Erickson, Robert B. Smith, Charles Don John F. Kenney, Emerson L. Wollschlaeger and T. P. Key.

Frank Matthews, favored with several violin selections and received much applause.

## LUTHERANS OPEN LOYALTY CRUSADE

To be Greatest Campaign in  
History of Palmyra-Riverton  
Congregation

The First Lutheran Church begins the greatest loyalty crusade in its history this coming Sunday.

The officers and leading members of the church have been working strenuously preparing for it for many weeks. The church secured as manager, the Rev. Alexander Mitchell, Ph.D. Dr. Mitchell has had a wide experience in putting on campaigns of loyalty in churches all over America, and in very large churches as well as mission churches.

The object of the campaign is manifold. Dr. Mitchell stresses the spiritual phase of the work most emphatically. He urges every member and friend to pray fervently for the work. The church will have a special time each day to remember the cause of the Great Crusade before the throne of grace.

The campaign is to bring new sunlight to those who have drifted from the faithful a new heart of cheer and strength to the indifferent, a new sense of their obligation to their church and God, and to the outside, a new realization of their need of Christ and the church.

It is believed that under the hand of God those who have attended in the past will have interest re-kindled to attend regularly. Those who have forgotten the daily devotion will again take it up, and those who have neglected any duty will perform it with renewed vigor.

In this end the manager has arranged a series of very strong speakers; the first being Rev. Paul S. Wagner, a Lutheran pastor of Philadelphia. The second is Miss Anna A. Milligan, General Secretary of Educational Work in the United Presbyterian denomination. She appears before the women's rally on the evening of March 10th.

On March 13 the Rev. Theodore Resler, of St. James' Lutheran Church, Philadelphia, will deliver the message and on the night of the men's rally, March 17 the Rev. Dr. J. Marshall Linton, of Dighton Memorial M. E. Church, will speak. Dr. Mitchell will deliver four messages himself during the campaign.

This coming Sunday the pastor, the Rev. William M. Erhard, will speak on the subject, "Loyalty—What It Means." The First Lutheran Choir, under direction of Lee Milton, will render several numbers. In the evening a rally of all members will be held, with young people as honor guests. Three young people of the church will deliver telling addresses on the theme of the day.

"Loyalty" those young people will take other parts of the service. Every program will be varied and full of vigor. All friends of the church, as well as members, are urged to enjoy and benefit by these four great weeks of uplift service.

**King—Webster**  
The marriage of Miss Eleanor Francis Webster, daughter of Mr. and Mrs. William Everett Webster, of 6339 Greene street, Germantown, to Joseph Lyonel King, of Riverton, took place Saturday evening at the home of the bride's parents, the Rev. John Harvey Lee officiating.

Mrs. James Bryant Mason was matron of honor and Victor J. Saffo, of New York City, was best man.

After a wedding trip Mr. and Mrs. King will reside in one of the Red Gables apartments on Bank avenue. Mr. King is connected with the U. S. Entomological Laboratory at Moorestown and has been boarding in Riverton.

**COAL IN THE MAKING**  
On Friday, March 1, in Christ Church, Riverton, at 8 P. M. will be shown a very remarkable moving picture, depicting the formation of coal from Nature's beginning up to the present-day methods of mining.

The Riverton Boy Scout troop extends an invitation to any and all Scout troops in Burlington County and to all the parents and friends of the Scouts to see this picture.

## NEW BUILDING TO HOUSE TEN BOWLING ALLEYS

Palmyra Hotel to be Razed to  
Make Way for New  
Structure

THREE MODERN STORES  
TO FRONT ON STREET

Management to be Carefully  
Selected to Assure High-  
est Type Business

Construction of a fine new building to house bowling alleys and stores is expected to be started within the next few weeks on the property now occupied by the Palmyra Hotel on West Broad street. The hotel will be razed.

The new structure, which will be designed and built by Fickner and Weber, will be of thoroughly modern design and modernly equipped in every respect. One of the features of the part in which the bowling alleys will be built is a ventilating system which will keep the temperature at the proper point for bowling both summer and winter.

Ten alleys will be installed by experienced men in this line of work. The management will be carefully selected as to secure a place of the highest type, where both men and women may take part in this popular sport. The alleys will be properly kept in order all the time, and according to those who are behind the project, Palmyra and vicinity will enjoy the finest equipment of this kind in this part of the county.

**Next to Fortnum's.**  
The building itself will be 136 feet deep with a frontage of 60 feet on Broad street. It will adjoin the present Fortnum property on the west and will cover the entire lot on which the old hotel building now stands. The Fortnum building will also be changed in the near future according to an announcement made by the management a few weeks ago.

The Palmyra Hotel building is one of the oldest structures in Palmyra, being originally built in 1846 by Leonard Larkins, who was at that time a carpenter and builder. The original building was a smaller structure, which now adjoins the hotel on the rear. Here Larkins ran a bakery and general store. Later he applied for a hotel license.

**Wallace Buys Property.**  
During this time John Wallace, later of East Wallingford, who now lives at Fourth street and Cinnaminson avenue, Palmyra, served his apprenticeship as a carpenter with Larkins. Ten years later Wallace bought the property from its original owner and lived there for six years, until he sold the place.

In 1867 Wallace bought the property back and in 1870 built what is now the main part of the building. The room on the east in which the bar is located, was not built until several years later. While Wallace was running the hotel here he was also station agent for the Camden and Amboy Railroad, now the Pennsylvania Railroad. The station at that time was located directly in front of the hotel.

The hotel property went to Cass Wallace upon the death of his father and was held by him until about 1912, when he sold out to John Blinn, who occupied it as a hotel property until the Prohibition Amendment was adopted. Blinn is the present owner but has not lived in Palmyra for several years, and now makes his home in Philadelphia.

## P. O. S. OF A.

Past Presidents' Night was observed by Washington Camp No. 23, P. O. S. of A., of Palmyra, Monday evening. Twenty-three past presidents of the Order were present.

Joseph S. Low, Borough Solicitor, and a member of Camp No. 23, was the speaker of the evening. He made a very fine address on George Washington. Each one of the past presidents also made a few remarks.

A delicious luncheon, prepared by the committee in charge, was served at the conclusion of the meeting. The committee consisted of George W. Rogers, Edwin A. Criscom, Edwin P. Patterson, Harry J. Saar and Walter M. Harper. Of course, "Colon George" whom we all know has a weakness for anything eatable, lived up to his reputation and cleaned up everything.

The membership drive, which is being conducted by the Camp, is progressing nicely, several new members having been secured. Members get busy. The drive closes the first meeting night in April.

## ARNOLD J. BECKENBACH

Arnold J. Beckenbach, for many years a well-known attorney of Palmyra, with offices in Camden, died suddenly in the West Jersey Hospital Monday night.

Mr. Beckenbach was formerly solicitor of Palmyra Township. He was the son of Mr. and Mrs. Anne M. Beckenbach, of Fifth and Morgan avenues. Both his parents and his widow, Florence B., survive him, as well as one daughter, Miss Beatrice Beckenbach.

Funeral services will be held this Thursday afternoon at two o'clock with the Rev. George J. McCormack officiating. Interment will be in Colesburg cemetery, under the direction of Frank A. Snover.

## CHINESE MAGIC HAS PART IN LIONS' SHOW

Annual Theatrical Production of Palmyra-Riverton Club to Furnish  
Evening of Sparkling  
Comedy

The Lions' Road of 1929, to be given by the Lions Club of Palmyra-Riverton on Thursday, Friday and Saturday night, April 4, 5 and 6, will be a fast-moving musical comedy entitled "The Lion's Road," which will carry its audience through two and one-half hours of enjoyable music, wonderful dancing and excellent comedy.

In China, one of the five foreign countries in which the plot is laid, will be seen the music result of contact with Aladdin's Lamp, which plays a piece of one of the Queens of Europe and Princesses, a clean-cut American boy, sing Aladdin's Wonderful Lamp, one of the same lot of the show. The married folks will think of "Loves Old Sweet Dream" and the youngsters will experience some real heart throbs.

All of the excitement of attending China is cleverly portrayed in this scene, its beauty and its weirdness. One moment of shudders to think of a beautiful girl in the hands of her evil Celestial, and the next she is rescued, that all eyes laughter until they come but that is China.

Tickets are now on sale and may be obtained at the office of Harold R. Lever, 45 E. Broad street, Palmyra. All seats are reserved and the prices are 25c, 50c and \$1.00. The committee suggests that you call a friend or friends living in other communities, tell them the dates, and then get your tickets early, a theatre party idea.

## DR. PURDY ON CHILD TRAINING

Noted Educator Tells Parents  
of Need for Modern  
Training

The most tragic spectacle of our generation is the complex machinery of modern civilization in the hands of unstable youth, said Dr. Alexander Purdy in addressing the parents of the Palmyra school last Thursday night. Dr. Purdy spoke on "Character in Education," not the accepted idea of religion, but the inner discipline of each individual. Dr. Purdy's main plea was for the development of character in children.

The development of strength of character is essential as never before," he said. The greatest men of the age and preceding were scientists, and we are benefiting by a great wealth of scientific discoveries and inventions, but he thinks, the greatest men of the coming generation will be those who find a way to stimulate the spiritual, moral and ethical values.

He told an old Persian story of three angels who watched the Al mightiest man, a new world into existence. The first asked how he did it, the second why he did it, and the third said, "Give it to me!" There became, respectively, the first scientist, the first philosopher and the first business man.

We need all three of these today, said Dr. Purdy, and all three will always exist, but it is the task of the philosopher, the business man to realize new values. There are things of vast value, not money, which are being offered as one which is an invaluable asset, respect for mankind, later another. We need to recover ourselves. Perhaps we should turn to the East and learn meditation, there is the little in this jazz age to stop and think.

Past generations studied the Bible and the classics, to a much greater extent, and there is no better way to demonstrate character than to study the lives of men of strong personality. In future three past presidents of the Order are being deprived of inspiring examples. Personality is always a great force, all teaching depends somewhat on personality. Our young people are surrounded by the industrial sensuality of jazz, music, jazz dancing, jazz, jazz. Never before have they so needed to be taught some values. How these are to be taught, we don't know, but there is a grave responsibility upon the schools of today and modern parents, because of new and complex living conditions.

Francis B. Elwell, who presided for the evening, gave a brief and interesting account of the founding of the National Congress of Parents and Teachers 31 years ago, on February 17th, in Washington, D. C. The musical numbers were in charge of Mr. George Steddie. Altogether the large number of mothers and mothers thoroughly enjoyed the program.

The next meeting of the P. T. A. will be "talent day" on February 21st, so begin to sharpen your wits, parents and decide with which of your talents you will go to the Riverton Fire House.

## NOTICE

All Firemen having equipment, such as boots and rubber coats, belonging to the Borough of Riverton, will promptly return same at once to the Riverton Fire House.

Signed  
WALTER A. ARMSTRONG, Chief

## METHODISTS TO HOLD CONFERENCE AT ASBURY PARK

New Jersey Church Officials  
Open Annual Session  
Next Tuesday

MUCH INTEREST IN  
NEW APPOINTMENTS

Changes for Beverly, Bridgeboro, Rancocas, Holly, Marlton and Merchantville

The New Jersey Conference of the Methodist will meet for its ninety-third session at the First Church, Asbury Park, on Tuesday evening, March 5. It has Ernest G. Richardson, the head of the Philadelphia Area, will preside. At the first session the conference will be organized and the report of the district superintendents will be read. On Wednesday morning the statement of the Board of Christian Education will be adopted and a memorial service held for the members deceased during the year.

The address will be made by the Rev. Norman V. Sargent, formerly of Moorestown and for the past four years and a half at New York City. Each morning there is a business session beginning at 8:30 and a lecture at 11:45. The lecturer on Wednesday will be Dr. Henry Howard of Fourth Avenue Presbyterian Church, New York City. Thursday, Dr. Raymond I. Feltman, of St. Paul's Methodist Episcopal Church, New York City; Friday, Dr. John W. Leland, book editor of the church. There is a stamped service held each afternoon at 2 o'clock. Each evening is given over to the anniversary of one of the boards of the church.

On Thursday the women of the conference gather for the anniversary of the missionary societies. The laymen of the church will hold sessions on Friday and Saturday. Wesley H. Stearns, D. D., delegate from Moorestown church, the junior laymen conference will hold sessions on Saturday and Sunday. About twenty of our local young people are going to attend the Epworth League banquet to be held on Saturday evening at Bradley Beach.

Sunday morning Bishop Richardson will preach in the afternoon the ordination services will be held and in the evening at the anniversary of the temperance society. Dr. Clarence The Wilson, general secretary of the board of prohibition will make the address.

The year's musical interest centers around the reading of the appointment for the coming year, which will mark the close of the conference on Monday afternoon. Due to the death of the Rev. S. P. Pitt, superintendent of the Philadelphia District, the fact that the Rev. H. J. Boring of New Brunswick is to take a church this year, as well as many reported requests for changes in appointments, there are many rumors of possible changes.

The past year has been a harder one for Moorestown M. E. Church and the members, certainly fairly unkind, into the return of the Rev. Frederick B. Markey.

It is reported that the Rev. F. A. DeMark of Asbury Park will succeed the Rev. H. J. Boring in the New Brunswick District. The Rev. F. L. Rubin, of Brooklyn Church, Calumet, is likely to be assigned to the Asbury Park charge. The Rev. Alexander Gordon has announced to the Centenary-Tabernacle church that he expects to be transferred to another church. It is reported that the Rev. H. A. Bremer of First Church, Asbury Park, will go to the Centenary-Tabernacle Church.

The Rev. E. M. Conner, who is present director of the Bureau of Architecture of the church is mentioned in the Philadelphia Record as being in the line of that in the immediate vicinity there will be changes at Beverly, Rancocas, Mount Holly, Marlton and Merchantville.

## SUPPOSE REUBEN "UP AND WENT?"

Old Maids' Association Will Solve  
Some of the Mysteries of Life  
Next Thursday Evening

Reuben Reuben, the being thinking, "What a great world this would be if the men were all transported far beyond the northern sea."

Some of these old nursery rhymes are said to be based to a certain extent on truth and to reflect faithfully the average human mind. The foregoing has been sung, probably at one time or another by every wife in the world.

One would wonder, however, if such is the true attitude of the average feminine mind, why the billion dollar national expenditures for cosmetics, hair dressing, hats and gowns and millions of dollars for making silk hosiery and various unmentionables.

Just why do women devote so much time, effort, thought and their husbands' money to personal adornment? And just why does this same deadly-toxic make-up which is a desperate effort to remain youthful, even kill?

All these questions are expected to be answered next Thursday night when the ladies of the Friendship Circle Bible Class present a sketch, "Old Maids' Association," in the Epworth Temple.

Tickets are only such and so much and the line forms at the right.

## MUCH PEP IN NEW "STANDARD" GAS

Company Puts Improved Fuel  
on Market for Needs of  
1929 Motorists

Just as "Standard" gas is coming to be known as the "standard" of automotive fuel, it is now being known as the "standard" of automotive fuel.

The Standard Oil Company of New Jersey, according to company officials, through the development of its research department, has now produced a new and improved "Standard" gasoline, which will be available in the near future.

Experimental tests have shown that this new "Standard" gasoline is superior to any other gasoline on the market.

The new "Standard" gasoline is being produced in large quantities and is being distributed to all parts of the country.

The new "Standard" gasoline is being produced in large quantities and is being distributed to all parts of the country.

The new "Standard" gasoline is being produced in large quantities and is being distributed to all parts of the country.

### SPRING EVENING WRAPS MEET HEARING

To accommodate the Spring Evening Wraps Meeting, the new wraps are being produced in large quantities and are being distributed to all parts of the country.

### ACTING SUPERINTENDENT

Miss Nellie Howard, acting superintendent of the Riverton Hospital, is in charge of the hospital.

## COUNTY SCHOOL OFFICIALS ELECT

S. A. Hart, of Mount Holly,  
President; Clifford Meeks  
Vice President

S. A. Hart of Mount Holly was elected president of the annual meeting of the Association of Burlington County School Boards last week.

Other officers chosen were Clifford Meeks, vice president; J. Mabel Woodland, Mount Holly, secretary and treasurer.

James J. Kaiser, county superintendent of schools, urged the adoption of a plan for the improvement of the county school system.

A prize of \$10 for the school having the best attendance record in the county last year was awarded to the school at Delmar.

Miss Hannah Chew of Riverton, gave an interesting report on the anti-tuberculosis campaign.

Dr. Daniel F. Reimer, county chairman in the state-wide campaign for the prevention of and protection against diphtheria, outlined plans for the county.

M. Ernest Townsend, Assistant State Commissioner of Education, gave a talk on "Observable Trends in Educational Policies."

## Game Wardens Ordered To Stop Killing of Deer

Killing of deer by poachers and tax hunters has increased in South Jersey to the extent that drastic measures have been adopted by the state fish and game commission.

Game wardens have been instructed to stop the killing of deer by poachers and tax hunters.

Game wardens have been instructed to stop the killing of deer by poachers and tax hunters.

## GOOD WILL IS IN THE AIR MARKET

The South American tour of Mr. Hoover has been commended on its many a bearing on the soundness of modern business attitude toward new markets.

The time was when the advertiser cultivated his established field, when he was sure from past experience of an adequate return.

Nowhere is this more strikingly exemplified than in aviation and foreign business, men are realizing the advantages of making friends with the foreign industrial giant.

An ambitious program plan, the Standard Oil Company of New Jersey, has been launched by the company.

## WOMAN FLEEING HOSPITAL HURT

Mt. Holly Druggist's Wife Injured in Collision After Leaving Institution

Mystery surrounded the escape of Mrs. Benjamin G. Harrison, wife of a Mount Holly druggist, from the Philadelphia General Hospital.

According to reports from Philadelphia, Mrs. Harrison had been in the Philadelphia General Hospital as a patient for a nervous disorder.

She escaped from the hospital in a motor car, and was later found in a collision with a truck.

She was taken to the Philadelphia General Hospital, where she was treated for cuts and bruises.

Mr. Harrison and Gilbert Emerson of Moravian street Philadelphia, who later told police that he was merely a passenger in the motor car.

Mr. Harrison was taken to the Philadelphia General Hospital, where she was treated for cuts and bruises.

### Extent of Arbitration in Business

The need of arbitration in business and the help it can give is being more and more demonstrated. The word arbitration usually carries with it the idea that it is used mainly to settle political difficulties between nations, yet it has been used as a means of adjustment of business affairs even before the Anno Domini era. The ancient Greeks resorted to it, the Romans, the towns of the Hanseatic League, the Englishmen in early days, the American before the Revolution.

The American Arbitration Association in its second annual report states that seven states of the union have passed laws making valid and enforceable the agreement between two parties to arbitrate any existing or future disputes. It also states that the national panel of arbitrators has been increased to 5,000 and that there are 1,528 arbitration tribunals in cities and towns.

Arbitration was used in 1928 to settle industrial disputes in many fields: exports, imports, foods, metals, automobiles, amusements, clothing, leather, paper, rubber and textiles being some of them.

This method of settling industrial or business disputes saves time, money, and also brings sympathy and understanding. It opens the way to an investigation and consequent knowledge of each party's point of view. It has the modern get-together spirit.

### Again the Farmer is the Victim

Among influences at work against a high protective tariff, said the President of the American Tariff League last year, was the American farmer.

Now we see how well the tariff forces are opposing those whose beliefs are contrary to their own. Until a few months ago it seemed that any revision of tariff, save in the case of farm products would be downward.

But by using the Hoover argument that a higher tariff is the foundation of farm relief, the protectionists spread the word that sweeping upward revisions are necessary all along the line to save American industry from foreign competition.

And so manufacturing chemists asked for increases in the chemical schedule ranging from 30 to 100 per cent. Other industries are sure to be heard from.

The pretext of helping the farmer, it seems, is being employed to get a general boost on manufactured products and the farmer will have to pay his share of the cost, as always.

### Stock Market Nonsense

Thousands of ordinary human beings, who have been bitten by the Wall Street get-rich-quick bug during the recent period of speculative fever, will sympathize with H. L. Phillips, the popular author, who gives an account of his stock market experience in the March American Magazine.

"I'm human and glibble," writes Mr. Phillips. "I like to believe there is a Santa Claus. Stories of quick riches made in Wall Street by outsiders, fascinates me. Until very recently I yearned to get a thousand shares of some stock that would leap 300 points and not keep me waiting."

"All my neighbors have done it. If they're not boasting, I know an office boy who insists he made a killing in airplane stocks and a bootblack who has confined to me that he was lucky in copper. Both still have frayed cuffs and rumpled heels, but they talk prosperously."

"It was my boast for years that I would never fall for the lure of the stock market. I regarded it as out-and-out gambling, with the emphasis on the 'out.' But at last I weakened."

"I played the stock market entirely by ear. I have been the answer to the tipster's prayer. The only consolation I have left is the thought that there must be fifty million others like me."

"But I'm through. I've gone back to working for a living. I'm not saying there isn't money to be made in the stock market. There's a lot of it there."

So Mr. Phillips has resumed his relations with the savings banks. Banks, he admits, aren't very exciting institutions—the atmosphere isn't dazzling and there is no hour or animated conversation going around. There are no bedtime stories, fairy tales or prophecies in the banks, and a man's little hundred dollars won't turn into a thousand in six weeks.

But neither will it shrink to 67 cents overnight. A little bit of something is better than lots of nothing at all.

### Fashionable Trend Toward Tuberculosis

That dieting by the cigarette route will increase tuberculosis among young women, is the assertion made by a well known New York fashion authority, who protests against over-emphasis on mere slenderness. She is supported by a statement from the American Medical Association, which urges: "The human appetite is a delicate mechanism, and the attempt to thwart or destroy it by the regular use of tobacco is essentially vicious."

Fashion's present ideal for women, according to its New York spokesmen, is for an "athletic, well-knit figure," and this can be attained in its perfection only by a normal healthy diet and a program of outdoor exercise which will insure against superfluous fat. Good carriage in woman, according to this authority, is the supreme demand of fashion, and this is secured by a physical development in which perfect coordination has been built up through food and exercise.

The American Medical Association, in analyzing the present demands of fashion for a better physique, says: "American womanhood has passed, during the last five years, through one of those periodic crazes that have afflicted womankind since the world began. Women cultivated sylph-like figures, dieted themselves to the point of destruction, and tuberculosis rates, particularly for young girls, rose in many communities." This time has passed. Thanks to various educational channels which have been successfully used to counteract what promised to be from the health angle a dangerous situation. The claims of certain tobacco interests attempting to revive the fashionable craze for ill-advised dieting are stamped by the

International Sunday School Lesson for March 3

### THE CHRISTIAN CHURCH

Mark 4:26-32; Ephesians 1:22-23; 4:4-6; 11:16  
Rev. Samuel D. Price, D.D.

Jesus laid down very few rules. He did announce principles which would determine right action under varying circumstances. No elaborate organization was established to carry forward His program. During the three years and three months of public ministry many called disciples, but rather than the comprehensive organization which these learners were inducted into the apostolic office.

The Kingdom of God was frequently mentioned and was explained both by direct and parabolic teachings. This Kingdom is where the will of God is done in earth, even as it is in heaven. The Church is a term which grew up in apostolic days and means in particular those who are called out. That word has various meanings today. We are not discussing any reference to a mere building, but rather to the comprehensive organization that is called by that word. Strictly speaking, the Church is invisible and is composed of all those who are in the company of believers and obeyers. The common use of the name includes all who are members of the organized, or visible Church. The various denominations are not under consideration either; there are more than 200 Protestant sects in the United States alone.

Read, with close attention, the passages which are indicated for study today. In addition to those named above, we have Matthew 16:30-20; Romans 12:4-8; Ephesians 1:15-23; 5:22-27; 1 Timothy 3:15. Then turn to the word "Church" in any encyclopedia.

### About Your Health

Things You Should Know

John Joseph Gaines, M.D.

### PNEUMONIA

With all the vast progress in the science of medicine, we are forced to admit that the mortality rate in this terrible disease still continues high. A specific had not yet been discovered. A few common-sense observations at this time should not be out of place.

The beginning of acute lobar pneumonia is almost invariably with a

pronounced chill. It is at this time that an heroic attempt should be made to abort the disease. The effectual battle must be waged early for it does not take long to be too late. Call your physician early. Better be safe than sorry; a few visits by a capable doctor, are many times cheaper than a funeral.

Meet the fever following the chill with medicines which produce profuse sweating. Literally "soak" the victim in perspiration. This reduces congestion of the lungs by thinning the blood to the surface. Administer a good laxative as well. I tell my patient to drink all the water he can hold; the juice of four lemons in the first eighteen hours, is a good accompaniment. A big mustard plaster over the chest, at this stage, has earned the distinction for usefulness. Later, it is too late. I am sure I have aborted many cases of pneumonia by the vigorous steps mentioned. Once the disease is established, your management and outlook are conjectural.

I care not what the malarialists say of great value in the profound weakness. I have found the alcoholic stimulants, when combined with nourishment, es-

pecially in aged cases. But the victory is more certain, if we attack before the disease is established.

### DID YOU EVER STOP TO THINK?

By Edson R. Walte,  
Shawnee, Oklahoma

Rev. L. Spright, editor of the Harburg (Ill.) Register, says:

THAT every person has the idea that some day they will not have to work for a living, that they may attain a competence in early life to insure them that the future will not present hardships. They must work to keep from work in their old days.

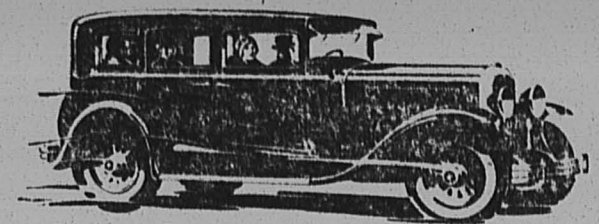

The competition is terrible and only to a few will this dream come true. The desire alone will not suffice.

When the American home adopts the budget system and learns that systematic saving is the only safe and sure way, then will the dreams begin to come true. Never in the history of the world was there more worth while never were opportunities so great. It is a great age.

### COIFFURE AN IMPORTANT DETAIL

Of three new bobbed coiffures you may have your choice for evening— and know you've the approval of three famous French coiffurers. One wears the hair combed back off the brow with ends curled in small ringlets that lie very flat; the second decreases flat sides with the crown rather long and worn in a high wavy section. The third is a medium bob waved very broad and soft to follow the natural lines of the head.

NOSE PINK, RECORD BROKEN  
PEACEFUL FISHING  
ANOTHER CANAL NEEDED  
RADIO AND THE SCHOOL

For 13 hours and 16 minutes, Ellnor Smith, seventeen-year-old girl flier, stayed up in the freezing winds above Long Island in an open airplane. When she came down her nose was bright pink, her legs were stiff, her hands were almost frozen, but she had broken the women's endurance record by one hour.

Fishing interests women, it is one of the things that they can do better than men.

The MOST important thing men can't do at all, namely producing and taking care of children. And that is what should interest women especially.

It is better to create an Abraham Lincoln than to be an Abraham Lincoln.

Mr. Hoover is fishing, calm and peaceful, having written his inaugural address and selected his Cabinet. The country won't know who is in the Cabinet until March.

A thousand or more candidates may be sure that if they haven't heard from Mr. Hoover yet, they will not hear from him. The fact that Secretary Mellon REMAINS in the Cabinet will please everybody, something that happens rarely.

The Panama Canal set a new high record for business in January, 593 ships passing in thirty days.

The country needs another canal, and a Nicaragua canal should be built at sea level to take care of growing ocean-to-ocean traffic.

The Nicaragua canal would provide this country with a canal from the Atlantic to the Pacific without the locks, so easily destroyed.

What radio means to the world, particularly to this country with its millions of radio sets, is not appreciated.

Public thanks are due to the Radio Corporation of America that, at great expense, engages an excellent symphony orchestra with Walter Damrosch leading and explaining, to play every Friday morning at eleven o'clock for school children and all others that care to "tune in."

Every public school should have a good radio, and the teacher's duty should be to suspend classes and tune in for broadcasting worth while.

If you have a little money to spare, buy a good radio set for the public school nearest you, especially if it happens to be a country public school.

Lady Heath, wife of Sir James Heath, a brilliant female flier, has taken the oath of loyalty to Uncle Sam, and says she doesn't care what her husband thinks.

She wishes you to know that she has eaten her first "hot dog" likes America, and doesn't care whether you call her "Lady" or "Mrs." as long as you are friendly. This lady, under any name, will make her way.

Thomas Hastings, who built the public library in New York, and got a gold medal from King George for being the best architect, has made

plans to remodel the capitol. They will "disrupt gloom, let in outside light and air."

Old gentlemen for whom the building was built did not appreciate as moderns do the importance of oxygen, never heard of "bedtime rays."

Did they get along about as well as we do, with our new fangled notions? They did NOT. Their lives, on the average, were at least twenty years shorter than ours.

### BOWLEGGED FAMILY

Moorestown, N. J. All seven of the children of Jerry Miller, railroad brakeman, were born with bowlegs or acquired them soon after. May now 14, has outgrown the peculiarity, in view of which County Judge Holland agreed with Miller that he should not be obliged to have an operation to straighten the legs of Helen, 7, and Thomas, 4, as asked by the Hospital Social Bureau.

### Mr. and Mrs. Modern Do a Bit of Figuring

—about the mileage their telephones saved them in one day—and all in the space of a few minutes.

Mr. Modern at his office telephone. Mrs. Modern at home. One of her extension telephones in boudoir, kitchen or living room. How else could they cover so much ground so quickly, easily and inexpensively?

## ELECTRICITY

and  
CLEANLINESS

NOT so long ago, the sound made by the hickory stick as it thumped the rug or carpet suspended from the clothes line, was, along with the robin, a well known harbinger of spring. It proclaimed that the yearly house cleaning, with all its hard work, inconvenience and general disturbance of household routine, was under way.

Electricity, the most faithful of household servants, has abolished all that worry for the homemaker who employs it.

In homes where electricity is put to work, every day finds rugs, carpets and drapery in the same spotless condition that, under old conditions, marked them only on the day after house cleaning.

Electricity sponsors cleanliness. It performs quickly and well those household tasks which are necessary to keep the home spick and span.

It is the friend, the ally, and the reliance of the modern housewife.

If you are not making full use of electricity in your home, you are missing a chance to save yourself unnecessary drudgery. Let us show you how it can serve you in house cleaning and in many other ways.

Public Service Electric and Gas Company

## RIVERTON ITEMS

Earl S. Price spent the week-end at Greentown, Pa.

Miss Elizabeth VanSiver was operated on last Wednesday at the West Jersey Hospital for appendicitis. Miss VanSiver is making a rapid recovery.

G. Edward McConey will be the soloist at the evening service. This Sunday morning, March 3, Mr. Thibault will sing "By the Waters of Babylon" and "Where You Walk" by Handel.

The Rev. Shadrach Daurty, pastor of the church, will speak on "God's Purpose for Man" at the morning service at 11 o'clock, and "Rachel, the Soulless Beauty" at the evening service at 7:30.

## PALMYRA NOTES

The annual Mother and Daughter League given under the auspices of the Moorestown Women's Christian Temperance Union, will be held at the Community House this Friday evening, March 1.

Friends living at the Moorestown Friends' Boarding House, East Main street, entertained about one hundred and sixty guests Monday afternoon from two to five o'clock at their annual friendly gathering. A social visit and refreshments were enjoyed by all. Guests were present from Moorestown and the surrounding towns and Philadelphia.

About sixty guests enjoyed the card party given under the auspices of the Moorestown Catholic Club at the home of Maurice J. Linn, Bridgeboro road, last Thursday evening. Tables of bridge, five hundred, pinocle, and euchre were in play. Refreshments were served previous to the playing of cards.

Miss Adelaide Hart, of West Main street, attended the Haddonfield Trade Show at the Benjamin Franklin Hotel, Philadelphia, Tuesday of last week. The show was held in Philadelphia Monday, Tuesday and Wednesday.

Miss Anna Shea, of West Central avenue, was the weekend guest of her cousin, Miss Beatrice Croxon, of Haddonfield.

Mrs. R. Herbert Crowell, of East Main street, and Mrs. Louis F. Paret, of East Central avenue, returned last week from a cruise through the West Indies and Panama Canal.

Miss Eleanor Downey, of East Main street, was among the guests entertained by Miss Helen Marie Boland at a luncheon and bridge at her home on State street, Camden, Saturday afternoon. Other guests were present: Miss Collins, of Oaklyn; Haddon Heights; Gloucester; Merchantville and Camden.

Several Moorestownians were among the guests entertained by Mrs. William T. Read and Mrs. Charles K. Barry, both of Cooper street, Camden, at a luncheon and bridge in the junior hall of the Hotel Wald Whitman, Camden, Monday afternoon. They included Mrs. Emily W. Collins, Mrs. Herbert Reeve, Dr. Elizabeth Ford, Mrs. Charles Y. Linn, Mrs. Alfred Crider, Jr., Mrs. Charles S. Boyer, Mrs. Henry D. Culin, Mrs. George B. Perrier, Mrs. A. Hilton, Mrs. Paul Maceray, Mrs. Albert C. Middleton, Mrs. E. R. Perkins, Mrs. Edmund W. Palmer, Mrs. V. Claude Palmer, Mrs. Joseph Roberts, and Miss Florence Sharp. A hundred guests were present in all.

Mrs. Fannie Jordan and Mrs. Mary Warren will be among the senior YWCA members who will attend the first of two Industrial Girls' Conferences to be held at Jersey City, March 2 and 3. The theme of the conference will be "How Work Can Improve Industry." The second conference will be held at Newark March 16 and 17th.

The next meeting of the Moorestown Home and School Association will be held in the Home and School rooms of the High School, Wednesday afternoon, March 6, at three o'clock. The meeting will be in the nature of a child study class. The subject will be "The Value of Discipline for Work in Child Training."

Mrs. M. M. Schmitz will discuss the matter from the mother's standpoint, while Miss Martha Sayer, supervising principal of the grammar school, will give the teacher's viewpoint.

Mrs. Gertrude Williams and Miss Dorothy French, of Moorestown, gave a very interesting program on negro poetry and music to the Willingboro senior YWCA club at their meeting last Saturday at the home of Miss Denelda Bertrand. Mrs. Williams not only read selections from the negro poets but she also gave bits from the lives of the poets.

Mr. and Mrs. W. Chester Stokes, of East Oak avenue, entertained at a dinner at their home Wednesday evening of last week.

Mrs. William T. Walker entertained at a bridge party at her home Wednesday afternoon of last week. There were twenty-eight guests.

Mr. and Mrs. Henry D. Culin, of East Oak avenue, entertained at a dinner at their home Wednesday evening of last week.

## PALMYRA NOTES

Do you remember last year what a laugh you had when the "old gray mare" fell dead on the stage in the Kiechen Kabinet Koncert given by the Friendship Circle Bible Class of the Epworth Methodist Sunday School?

Coming out again this year and enjoy another good laugh on Thursday, March 28. You will see how the old hands are rejuvenated by the French Professor Mignereux.

The monthly class meeting of the Trues-Much Bible Class will be held at the home of Mrs. Fred Schaeffer, 418 Lecony avenue, Tuesday evening next, March 26th at eight o'clock.

Professor Paul V. Eckert left Friday to attend a meeting of the National School Supervisors' Association in Cleveland. He will return home on Saturday.

Mr. and Mrs. Newton Morton, of New Haven, Conn., were weekend visitors at the home of Mr. Morton's parents, Mr. and Mrs. Thomas Morton, of Garfield avenue.

Have you forgotten your ticket? Goodness, don't do that! It is only one week off. March 27th, Epworth Temple, is the date and place.

Saturday morning after serving six years in the Navy, he will remain in Palmyra.

Washington E. Cape, Jr., and family, of Lansdale, Pennsylvania, are now occupying 107 Lecony Circle, through John S. Warner, Realtor.

Miss Ruth Branson will go to Washington Saturday to attend the inauguration. She will be the guest of Mr. and Mrs. Carl Decker.

Miss Rebecca Pedrick, a cousin of Mrs. Evelyn Beach, died from pneumonia in Camden on Monday. The funeral will be held today and Mrs. Beach and Mrs. Evelyn Weart will attend.

Mr. and Mrs. J. W. Meyers and Mr. and Mrs. Charles Jobe, of Morgan avenue, moved to Atlantic City on Washington's Birthday.

Mrs. Harriet Lorenz returned Sunday after spending several weeks in Virginia with relatives.

Mrs. C. W. Rudolph and Mrs. H. R. Gildin gave a shower at their home last Thursday evening for Miss Mildred Rogers, who was married Saturday.

Mrs. Arthur Bowker entertained the Ladies Auxiliary of the Odd Fellows at her home on Elm avenue, Tuesday.

Prof. Philip Volmer was a speaker recently at the 64th Anniversary of St. Paul's Reformed Church, Philadelphia, of which he has been pastor for sixteen years.

The Standard Bearers held their meeting Tuesday evening of this week at the home of Miss Helen Young, 614 Columbia avenue.

Mrs. Robert K. Snow entertained the Trues-Much Bible Class at a covered dish luncheon Wednesday at her home on Lincoln avenue. A delightful time was enjoyed.

Mr. and Mrs. Harold Meister, of Philadelphia, are occupying 412 Walnut street, rented through Grisco and Rogers, Inc., Realtors.

Mayor George N. Wimer attended the meeting of the League of Municipalities in Trenton on Tuesday.

Mr. and Mrs. George W. Rogers and daughter, Miss Vera, visited Mr. and Mrs. E. Wilbert Bullock, of Columbus, Sunday.

Mrs. Martha Hirsch, of Highland avenue, visited friends in Plainfield over the weekend.

Don't forget the meeting of Camp 3, P. O. of A., this evening. A good time is in store.

Mr. and Mrs. J. H. Abdul and daughter, Miss Ruth, visited the Rev. Chas. at Dickinson over the week-end.

Mrs. Anne and Helen McConnell and Mrs. Mabel Wimer visited Mrs. Andrew H. Lawson at Mr. Ary, Saturday.

Mrs. Lawson was Miss Margaret Gibson.

A series of monthly card parties will be held for the employees of Lester S. Patnam, Ford dealer. The first will take place on the sales floor of the Palmyra branch on the evening of March 7. Only employees and their families will be present.

Music will be furnished by a Majestic radio-phonograph instrument.

Mr. and Mrs. Eldridge Hoops and son of Atlantic City were weekend guests of Mr. and Mrs. Everett Wiegman.

The monthly meeting and thimble party of the Philaetha Class will be held at the home of Mrs. Lottie Johnson, 320 Lecony avenue, this Thursday afternoon.

Mr. and Mrs. Lewis Thompson, of Washington, D. C., were guests of Mr. and Mrs. A. C. Gibson Sunday.

Mr. and Mrs. Thomas Carroll were guests of Mr. and Mrs. Joseph Carroll at Limerick, Pa., Sunday.

Mr. and Mrs. C. H. Pascoe, of Philadelphia, were Sunday guests of Mr. and Mrs. Frank N. Johnson.

Miss Mary Kemmerle, of Ventnor, Mrs. Albert Smith, of Stonehurst, and Miss Dorothy Huxley, of Philadelphia, are spending the week at the home of Mr. and Mrs. Harry Kemmerle, Sr.

The Juvenile Glee Club will sing on February 18th to help the Philaetha Class raise money for the new organ in the Baptist Church.

by Bruce Davidson, Group Reporter

The regular weekly meeting of the Lincoln Pioneers was held at the Y. M. C. A. building last Wednesday evening at 7:30 o'clock.

The meeting was called to order by Clifton Taylor at 7:45 o'clock. The attendance was then marked and the dues collected. Edward Smith is the new treasurer.

A prayer was offered after which Mr. Taylor gave us our weekly lecture on "Lent." He told us how the Jews of long ago in Biblical times put blood over their doors while the Angel of Death passed by. The boys enjoyed this interesting sermon very much.

The matter was taken up in regard to selling candy to make money to buy pins. If any of the boys forgot to get their Hersey share, they can obtain them at Mr. Taylor's house. It is hoped a large quantity of candy will be sold.

As there was no further business, the meeting was adjourned and a good hot game of basketball was played. After enjoying this and several other games, we started for home at 9:30 p. m.

## Enjoy the Dance

Another dance, given under the auspices of the Dance Committee of the Moorestown Community House Association, will be held in the Community House this Saturday evening, March 2.

Music for the dance will be furnished by "The Melodians", a five-piece Philadelphia orchestra. The usual admission charge of fifty cents will be made.

Each dance has more local couples in attendance and an unusually large number is expected to enjoy this week's dance.

## LEGION AUXILIARY

Members-one and all-fall in line Friday evening, March 8th, at Camden. Bands will start at 7:30 P. M. units to for in line on Cooper street between Second and Sixth streets.

What's it all about, did you say? A huge rally to greet our new National Commander of the American Legion, Mr. Paul McNutt.

All members are urged to arrange to attend this rally, if possible, as we want to show our Commander that we are behind him - 100 per cent strong. Don't forget the date - Friday, March 8th, 7:30 P. M. Be there. It is your duty!

Our Washington's Birthday Tea and Card Party, held last Friday afternoon, was deemed a very enjoyable affair by all those who were there.

There have been several inquiries as to when we would have another such party. Members, ask your friends about an afternoon party? See how they feel about it and let us know, so we can plan another afternoon party. It was surely an afternoon to recall pleasantly.
