## COUNTY Y. M. C. A. LAUNCHES DRIVE WITH BIG DINNER

150 Workers Attend Campaign Meeting at Moorestown Community House

PROMINENT MEN LAUD WORK OF MOVEMENT

Stockwell Presides; Roberts and Thacher Deliver Inspiring Addresses

The annual County YMCA dinner was held at the Moorestown Community House last night when 150 workers from all sections of the County attended a dinner and received instructions at Moorestown's Community House.

Henry P. Stockwell, Moorestown, vice-president of the County committee, presided. Three men presented different phases of YMCA activities. Alex L. Rogers, Woodbury, member of the Gloucester County YMCA committee, and chairman of its finance committee, spoke on campaigning essentials.

He was followed by Frank W. Thacher, Florence, County finance committee chairman, who told of his connection with this work over the past two dozen years, and how he had seen it develop, and of scores of young men whom he had personally known and of their appreciation for what the YMCA had meant to them in their manhood development.

Ex-Senator E. Morris Roberts, introduced as the eagle of Moorestown's air fleet, then gave wings to the campaign in his presentation of some of the highlights of YMCA accomplishments during the past year.

During the evening a group of ten County YMCA musicians played. They also accompanied the singing, which was led by Mr. Thacher.

Some fifty more workers, unable to be present, will assist in various sections of the County, all working on a schedule to have finances for the 25th year of YMCA work here in the County in hand by the time of the annual County Convention in Burlington, Tuesday evening, May 7.

Chairmen for the various districts of the County are the following: Beverly, Harry F. Knecht; Bridgeboro, L. S. Fortnum; Burlington, C. G. Gault; Holmes, Chesterfield; Jacobstown, Wrightstown, Ernest C. Shaw; Columbus, John V. Bishop; Crosswicks, Charles W. Beck; Delanco, G. Wesley Perkins; Lumberton, John J. Hunsell; Marlton, Paul B. Lippincott, Jr.

Masonville, C. William Haines; Medford, Maurice Haines; Moorestown, Henry F. Knecht; Mount Laurel, Charles LaTour; New Lisbon, Franklin S. Chambers; Palmyra, William T. J. Parnell.

Pemberton, William H. Heider, Jr.; Rancocas-Willingboro, Joseph E. Kolster; Riverside, George J. Hunsell; Riverton, Nathan Lane, Jr.; Vincentown, Horace C. Wills.

## PALMYRA CONCERN GETS BRIDGE JOB

Will Build Toll Houses and Service Buildings on Jersey Side

George W. Shaner and Sons have been awarded the contract to build the three toll houses and three service buildings for the Tacony-Palmyra bridge.

The toll houses and two of the service buildings are to be erected on this side of the river. The toll houses will be 8 by 20 feet, of brick, while the service buildings will measure 24 by 62 feet, and will be one story in height. Work is to start immediately and the buildings will be completed within a short time. The contract is for \$70,000.

At present the Shaners are estimating on several projects, besides doing various other work.

The concern specializes in the construction of schools and public buildings, and its work is to be found all over South Jersey. The new music pavilion at Ocean City was erected by them with the exception of foundations for the pier. The firm's contract amounted to approximately \$125,000, the total cost being \$175,000.

One of the most modern and artistic municipal buildings in South Jersey, the Haddonfield borough hall, was erected by the company, at a cost of approximately \$175,000.

Another job, recently completed, was the dining room and kitchen building at the Four Mile Colony near New Lisbon. One of the most modern school buildings in South Jersey is the Mary Lansing High School, recently finished, also built by the company. Various church structures have been erected by the Palmyra concern, including the Holy Name Church and school in Camden.

The company is headed by George W. Shaner, who founded it more than 25 years ago. His three sons, George B., Edgar F., and Arthur H., assist him in the business.

ITALY SHAKEN BY QUAKES

## Horse Show and Lawn Fete to Draw Hundreds to Aid of Fine Institution

Cinnaminson Home, Which Benefits by Brilliant Social Event. Doing Splendid Work in Caring for Ill Mothers and Children

When the society of South Jersey turns out in full force on Saturday, May 25, to enjoy the annual horse show and lawn fete at the Moorestown Field Club, it will be giving financial aid to one of the finest institutions in this section.

The hundreds who attend not only help to make it one of the brilliant events of the year, but by patronizing the various booths they contribute to the support of Cinnaminson Home, which has proven itself a real home to hundreds of ill mothers, young women and children.

Last year this home, which society so well supports, cared for 501 patients, of whom 308 were women, 161 children between the ages of one and sixteen years, and 32 infants.

The managers' report, recently made public, gives a brief insight to the fine work being carried on. "As this report is written," it states, "there are twenty-one women in the Home. Only one of these women knows just what she will do when she leaves this sheltering care."

"The increased unemployment condition has sent us a large number of undernourished and mentally depressed patients. Wholesome surroundings, good food, and the wise and sympathetic care of our superintendent, Miss Adele Reeder, have often resulted in complete rehabilitation. The good done in this way cannot be measured."

A outstanding case of this kind is that of a girl of fifteen who was found about a year ago, deserted by her parents, in most unwholesome surroundings, and was brought to the Home. After several weeks of study of the child and her needs, a suitable school home for girls was found by our matron, who has kept in touch with her ever since. Word has recently come to us of her good behavior and high scholastic record. It is gratifying to know that she is morally and mentally sound, and is being trained to be self-supporting and independent.

"We desire to express our appreciation to the community for its support."

## PRUNE FORSYTHIA NOW

Forsythia, the early yellow blooming shrub, should be pruned immediately after blooming. If you wait until fall you will cut away all next year's bloom.

Cut away all dead wood, also all weak, straggly branches. Prune strong new shoots rather hard.

Shape the bush by nibbling all branches according to size of the branch or bush.

## DETECTIVES GET INCREASED PAY

Burlington County Freeholders Must Get Ruling on Carbine and Gun Salaries

At the semi-monthly meeting of the Burlington County Board of Freeholders in Mount Holly last Friday, a communication was read from County Prosecutor George M. Hillman, asking that the Board of Freeholders appoint Clifford D. Cain and Arthur A. Riggs, appointing Clifford D. Cain and Arthur A. Riggs as special officers connected with the county detectives office.

The appointments were for one year, dating from April 1, 1929. Cain's salary was fixed at \$2,700, and Riggs' at \$2,600 per annum. This is an increase of \$900 for Cain and \$800 for Riggs. Cain was given the additional \$100 because he had been a year longer in the service. The law sets the salary at \$2,500 minimum and \$3,000 maximum.

The official status of the two officers was changed by Prosecutor Hillman under the laws of 1926, which gives him the power of making these appointments. The appointment was attempted last year, but the law was changed, and the appointment must be signed by the judge of the County Court, and this Judge William A. Bench, refused to do so.

At that time, in order that the detectives might not be handicapped in the performance of their work, the Board of Freeholders agreed to pay Officers Cain and Riggs the "per day" basis.

Never a McCormick Object  
This time the appointment was properly signed by both the prosecutor and the judge and everything seemed to be working out according to schedule until Freeholder William H. Heider offered a resolution declaring the appointment created an emergency and authorizing the issuance of an emergency note in the sum of \$4,000 to cover the salaries of the officers.

This was objected to by Freeholders McCormick and Wright who held that the note should be for only \$1,600, the difference between the amount that had been appropriated for their salaries in the account of the courts and the increased salaries under the new appointment.

Technical Not Necessary  
Mr. Heider explained that the appointment book the officers of the payroll of the court and placed them under the jurisdiction of the detectives office, out of the appropriation for which they would now have to be paid, and Solicitor Wells said that under the law money could not be transferred from one account to another until the first of November.

While the appointment had created a deficit in the detectives bureau's funds, it would probably result in a balance in the court's account, which could be transferred at the proper time. He also pointed out that while the resolution called for a note for \$4,000, only the amount actually short would be borrowed, and that not until needed. However, in order that there might be the necessary authorization to pay the salaries of the officers out of the funds of the detectives office, it was necessary to have a resolution covering the whole amount.

As Messrs. McCormick and Wright still demurred, Mr. Heider withdrew his motion, and Freeholder Stout offered a motion, which was passed, that the matter be referred to Walter R. Darby, State Commissioner of Municipal Accounts, for a ruling.

Meanwhile the two officers will have to do without their salaries.

The Pennsylvania Railroad Company sent a communication to the Board calling attention to repairs needed at the coal siding at New Lisbon, and the matter was referred to Howard Russ, Director of Public Buildings.

The County Firemen's Association thanked the Board by letter for the appointment of a County Fire Marshal.

The application of the Public Service Corporation for permission to erect eleven poles on the Jacksonville road at the junction of Oxnard road, was granted under a resolution presented by Mr. Stout.

The State Highway Commission sent a communication to the Board advising that Burlington County's share of the State appropriation for the maintenance of roads in 1929 is \$190,000.

Department bills were ordered paid as follows: Roads, \$14,329.63; bridges, \$672.17; finance, \$38,235.66; public buildings, \$10,434.22; public affairs, \$406.41. Total, \$67,779.29.

## TOWN'S FLAG POLE TAKEN DOWN MONDAY

Riverton Mast, Decayed at Base Was Menace to Life and Property

Monday afternoon the Riverton Borough flag pole was taken down by town employees, because of its unsafe condition.

At the butt the pole was rotted almost completely through.

Some of the residents of Riverton will remember about 25 years ago when the pole was first put up at the point in front of J. M. Roberts' building at Main and Howard streets. At that time the town purchased the pole and the Bell Telephone Company erected it.

The Borough Property Committee is working on plans whereby funds can be found for the erection of a steel pole this year.

Barrows also put a new steel flag pole on the Riverton Public School grounds on Monday.

## PLANS COMPLETE FOR PALMYRA'S PLAYGROUND AND ATHLETIC CENTER ON FORMER FIELD CLUB PROPERTY

Baseball Grounds and Equipment for Use of Children to be Provided

COMMUNITY MOVEMENT HOLDS ANNUAL MEETING

Will Again Sponsor Strictly Amateur Team in Burlington Co. League

Plans for Palmyra's playground and athletic center were revealed at an open meeting of the Palmyra Community Movement held in the Fire House last Friday evening.

A blue print showing the former Field Club grounds as they will be laid out when the present program is completed was shown at the meeting.

According to the plans the grounds will be divided by a center roadway from the present railroad crossing straight through to Spring Garden street.

This will make it impossible to use the existing baseball diamond and a new one is being laid out with the home plate several yards west of the present first base. The outfield will necessarily overlap the old ground which adjoins right field. Since this is the property of the Palmyra Board of Education, no difficulty is expected in making the necessary arrangement.

To Enclose Grounds  
Present plans call for the use of the athletic field by both community teams and the High School. The Board of Education is reported as being favorable to the arrangement provided the school will be able to play its home games on Saturday afternoons. The diamond is expected to be finished before Decoration Day.

A fence single to the one around the High School will inclose the entire property.

The line of Elbert street runs between the two plots, but comes in a dead end before reaching Broad street. No difficulty is expected in getting the Borough Council to pass an ordinance vacating the street and with such an ordinance there will be nothing to separate the fields.

East of the driveway will be located the playground equipment for the use of the younger children of the community. The space used for this purpose will comprise a strip reaching entirely across the property and will take in the old tennis courts which were located directly behind the grand stand, which has been torn down. Suitable buildings will be erected to provide facilities for a supervised playground.

Tennis Courts  
The tennis courts which were in use last year will continue as before, with the Palmyra Tennis Association leasing them from whoever holds the title.

The Field Club property has been a problem to the Board of Directors for several years, since athletic activities, measured by the club had failed to yield sufficient revenue to pay expenses.

The directors have had to carry the mortgage on the ground, and pay expenses from the money which could have been used for other purposes.

All interested in education are invited.

## NOT RESPONSIBLE FOR CUT IN ICE

Riverside Concern Says Competitors Started It; Acted Only in Self Defense

The Community Ice Company, of Riverside, which brought twenty-five cent ice to Riverton and Palmyra two weeks ago, disclaims the responsibility for starting the price war.

A representative of the company said on Monday that the measure was only taken in self-defense after their competitors had cut the price to twenty-five cents in the territory covered by the Riverside concern.

In a circular issued at the time the twenty-five cent rate was put in effect by the Community Ice Company in Riverton and Palmyra, the following statement was made:

"The Ray Sales Company, operating plants in Burlington and Riverton, are furnishing ice to be sold in Riverside and Delanco for the following prices: 100 pounds, 25c; 75 pounds, 20c; 50 pounds, 15c; 25 pounds, 10c."

"In order to meet this type of competition we will bring ice to you at the above prices."

The representation of the Community Ice Company further, "After this rate war is over our price will remain at 60 cents a hundred which is the city rate and ample to give both manufacturer and distributor a fair profit."

## TROOPER ARRESTS DRUNKEN DRIVER

Merchandise Man Admits Charge of Intoxication, Fined, License Revoked

The New Jersey State Police are doing all in their power to make the State highways safe for public travel. Their diligence in ferreting out the law breakers is remarkable.

On Monday, a motor vehicle operator, the trooper later arrested many intoxicated drivers.

While patrolling the Burlington pike near Riverton, Tuesday evening, Corporal William Horn of the Bridgeboro barracks, found Samuel T. Reynolds, of Merchantsville, N. J., zig-zagging down the pike. Reynolds was arrested and examined by Dr. Harry L. Rogers, who pronounced him "under the influence of liquor." Reynolds was held in Riverton for a hearing Wednesday afternoon before Recorder Howard B. Truitt, who imposed a fine of \$200.00 and revoked Reynolds' license for 180 days.

## CHILD MISSES DEATH

Narrowly Escapes Being Struck by "Nelly Bly"

Last late Wednesday afternoon two year old Leona Kerr, Warrington avenue, East Riverton, straggled away from home and wandered across the railroad tracks and narrowly escaped being killed by the late afternoon train.

Rev. Seymour Barker, Riverton, was passing by when he saw the tot. He picked the child up and brought her into Riverton and turned her over to Officers Quigley and Groder.

Officer Groder took the child in the police car and located her home, returning her to the parents unharmed.

The Kerr family recently moved to East Riverton from Maple Shade.

## RIVERTON P. T. A.

On May 10th the Riverton P. T. A. will be addressed by Prof. Paul Y. Expert, supervisor of the Palmyra High School, at 1:30 o'clock in the Riverton school auditorium. His subject will be "High School Problems and How to Prepare for Them." If your child is attending High School you cannot afford to miss him.

May 17th Dr. Harry L. Rogers will give prospective kindergarten an opportunity for a free physical examination in the school kindergarten at 1 P. M. Any subsequent examination must be given in the regular office hours.

On May 23rd the school will hold its Field Day exercises at Memorial Park. Snapper will be served from 3 o'clock on and any contribution of food will be gratefully received for this purpose. Notify Mrs. Blair or

## SOUSA BROADCAST MONDAY EVENING

"March King" and World Famous Band to be Heard Over Radio

John Philip Sousa and his world famous band will be heard over the radio for the first time Monday evening in his home broadcast sponsored by Chevrolet Motor Company to celebrate the achievement of placing on the road over a half million new six-cylinder cars in four months.

The radio debut of the famous "March King" will come through the National Broadcasting Company, coast to coast chain station, the Radio General Station, Family Hour, starting at 8:30 P. M.

According to Charles Don, local Chevrolet dealer, Chevrolet was particularly fortunate in securing the radio performance of this famous director composer who has been an American institution for the past two decades.

Naturally, as Chevrolet dealer, it is proud that our company has been instrumental in introducing Sousa and his band to the microphone. Mr. Don said: "We are equally proud, however, of the occasion marked by Sousa's first broadcast. By putting on the road over a half million new Chevrolet cars, January 1, we have established a record never before equaled by any dealer organization distributing six-cylinder automobiles. In fact, no other dealer organization in the history of six-cylinder manufacture has ever equaled the record in the sale of a full year."

## COUNTY BANKERS TO HOLD BANQUET

Governor Larson to Attend Big Event in Camden This Evening

The eighth annual banquet of the Burlington County Bankers' Association will be held in the Hotel Waldorf Astoria, Camden, Thursday evening of this week at seven o'clock.

Honorary guests at the dinner will include Governor Morgan, P. Larson, Senator Clifford P. Howell, of Delaware, Assemblyman Marcus W. Newcomb, of Browns Mills, State Treasurer Albert C. Middleton, of Moorestown, and Arthur C. Danneberg, of the Federal Reserve Bank, of Philadelphia.

Theodore H. Budd, of Pemberton, president of the association, will be the toastmaster. Lieutenant Colonel William D. Grant, of the United States War Department, will be the speaker. He will talk on the subject, "Looking Backward From 1929."

In connection with the speaking there will be an excellent musical program, including the Adelphi Quartette of Philadelphia, A. Christy, the piano accompanist, and Mrs. Volney "Cordelia" Leonard, soloist. Harry Taylor will be master of ceremonies.

Previous to the dinner there will be a meeting of the association when new officers for the year will be chosen. The installation of the officers will take place during the dinner.

The dinner committee includes Walter H. Budd, of Burlington, honor chairman; George J. Rogers, of Trenton, W. Edward Rogers, of Burlington, Earl F. Williams, of Riverton, Theodore H. Budd, of Pemberton, Edward H. Jones, of Holly, White, Armstrong, of Bordentown.

The officers of the association are: president, Theodore H. Budd, of Pemberton; vice-president, Earl F. Williams, of Riverton; treasurer, Arnold H. Gane, of Bordentown.

The executive committee includes Theodore H. Budd, of Pemberton; George Rogers, of Trenton; Edward H. Jones, of Holly; Walter H. Armstrong, of Bordentown; John H. Parker, of Maple Shade.

## NASH SALES SHOW GREAT SUCCESS

Company's Executives Expect April to Make Banner Record Production

With retail delivery figures in April exceeding by 51.42 per cent those of the corresponding period last year, executives of the Nash Motors Company anticipate the greatest April volume in the history of the Nash organization according to C. H. Bliss, General Sales Manager.

Three of the districts included in Nash's largest marketing effort for the week had increases in retail deliveries which were truly phenomenal. In the Rochester, N. Y., district, led by the prospect, with an increase of 165 per cent over the record of the previous year, while Nash 400 sales in Buffalo and Milwaukee had increased last year's figures by 100 per cent.

It is significant that this increase occurred in the month of April, which is the traditional month for the industry in the records which are being made from all points of the country.

## HERE'S HOW NASH "400"

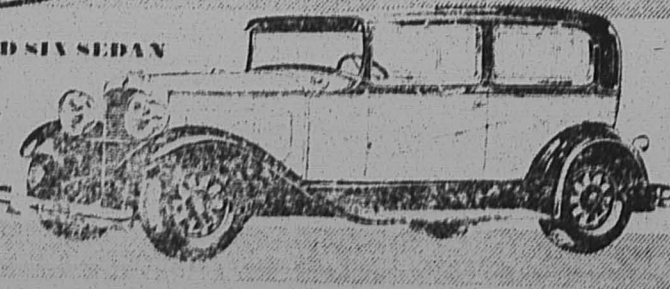

ASK THE SALESMAN  
WHAT IS THE PRICE DELIVERED, FULLY EQUIPPED?

DELIVERED PRICES  
SAVE YOU MONEY

"400" STANDARD SIX SEDAN

\$970

Delivered, Fully Equipped, Nothing More to Buy!

WHEN a Nash "400" leaves the factory it has been furnished with all items of equipment, including chrome-plated bumpers, front and rear, hydraulic shock absorbers, tire lock and tire cover. There is no extra charge made thereafter for these items.

So, when you see, in a motor car advertisement, a price quoted, and under it the words "All prices f. o. b. factory," you should make a mental note to ask the salesman for that car how much extra, over and

above the f. o. b. price, it will cost you to have a fully equipped car such as the Nash "400."

Some dealers (not Nash dealers) charge up to \$50 or \$60 extra for bumpers alone.

Investigation will show you conclusively that the Nash way of building and selling a motor car saves you money. You will find cars of competitive makes actually costing considerably more than a Nash "400" when delivered, fully equipped, nothing more to buy!

## A Challenge to Good Citizenship

The challenge of the National Literacy Crusade to put every illiterate mother in the United States under instruction by Mother's Day, Sunday, May 12, is one that should be taken seriously by every thinking citizen. According to the best statistics available there are in this country 1,000,000 mothers who can neither read nor write any language. In their ranks are native born women, white and negro, as well as the foreign born of all races. They are not isolated in mountain fastnesses. They are to be found in every State of the Union.

"These women can be reached in six weeks' time," says Mrs. Cora Wilson Stewart, Director of the Crusade, at her Washington headquarters, "and any literate adult can teach an illiterate one. We have developed a grooved writing system by which adults can learn to write a simple letter in from three to six weeks. We have issued a special reader, 'Mother's First Book' based on a mother's interests—house-keeping and cleanliness and baby tending which we will send free of charge to anyone who will promise to teach one illiterate woman. It is not a long tedious task to teach an adult to read and write, and the joy and the new power it gives to those who have been denied instruction in childhood in compensation for the slight demand it makes upon the volunteer teacher."

Here is an opportunity for every man and woman to

render a patriotic and humane service. There is a beautiful way to honor all mothers on Mother's Day by giving the gift of literacy to those who have been denied it thus far. "No illiteracy by 1930," the slogan of the Crusade, should find an echo in the heart of every good American. Bowing our heads in shame over these 1,000,000 mothers is not enough. The Crusade shows a simple, speedy way in which we can liberate these women. It is willing to supply the tools. Surely its appeal will find a response among those who either have or know an illiterate mother.

## Behind the Smoke Screen

A gallant soldier and two heroic sailors laid down a queer sort of a smoke screen the other day. They had no help in their maneuvers from the Chemical Warfare Service. The smoke which the military men recommended so lightly was supplied by a manufacturer of cigarettes. General Bullard, the able commander of an army in the American Expeditionary Force, was represented beside his portrait in uniform as stating that an army man needs a cigarette to keep fit. Captain Fried and Chief Officer Manning of the "America" were made to re-tell the story of the valiant rescue of the crew of the "Florida," with repeated mention of a brand of cigarettes, the smoking of which apparently was the climax to the adventure.

Such "testimonial" advertising leads where? In the training camps of future wars, will the troops be marched out, not for their morning calisthenics but their cigarette smoking drill "to keep them fit"? Who can imagine that the smoke curling over the field of battle or about the destroyers rushing through the sea will be more gunpowder? And the propaganda bureau, if a cigarette manufacturer can get his hands on it, will be rewriting the maxims of Napoleon. "If Napoleon were alive today, he would not say that an army marches on its stomach," the advertisement would scream. "The Emperor would give a testimonial that any army marches on its cigarette case."

Bullard was rebuked by the War Department for lending his name and uniform to the cigarette advertisement, and Fried and Manning were warned by the United States Line not to do it again. But a nation which reverences its heroes could have wished that they had never given occasion for such action.

Americans are happier in recalling that when General Grant was pressed for money, he wrote his memoirs. And they prefer to remember Admiral Farragut for damming the torpedoes and not for blessing a cigarette.

of delay for appeals, delivery of bonnets and sympathetic letters from ladies.

British criminals, knowing this, rarely carry deadly weapons on burglary expeditions, since using them to kill would mean hanging. Here it means hiring an able lawyer.

Edvard Kavliowski, head of the German Machine Works of Goettlich, Germany, and a serious scientist, has interesting news for farmers. He says they can run motors with dust made of pulverized road, charcoal, farm waste and other substances. Kavliowski's dust, he claims, has more power than oil, and is not subject to vegetable materials, costing 75 per cent less than gasoline costs in Germany.

Delet and ground cornstalks could, it is claimed, be used for fuel. Research is being made to find out if this is possible in exploding grain elevators. Corn-

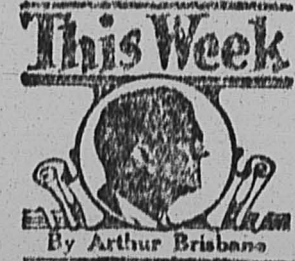

trolling that power in motors is new.

Twelve hundred advertising agencies and writers are asked to compete for a prize of \$1,000 answering the question, "Why Go to Church?"

What would your answer be? An answer to the question would be, "The only important thing about a man is his conversion of Divine intelligence and wisdom." In other respects, he is like mice, frogs and guinea pigs. So, go to church and prove that you are not a guinea pig or a mouse.

## GLAD SHE NEVER WED

Editor: Miss Wilhelmina Robinson, aged 109, says, "I dated men, and I put down my long and happy life to the fact that I was never foolish enough to marry one. The girls of today are a scandal. It is men, men, men, all the time. I never asked a man to marry me and no one ever asked me to marry him. I always hated men." Miss Robinson's only companions are two rats.

President Hoover's hand is sore after shaking hands with 1,757 fellows during his one day.

In France important men meeting embrace each other. We don't do that. Why shake hands? Why do invent something else? Rubbing noses, Indian-fashion, would not do too many germs. Why not simply look the row of 1,757 proud Americans straight in the eyes, and say "How do you do?"

Will Rogers understands public sentiment, expresses it tersely and affects inaccurate use of English, despite the training at Eton and Oxford. He says, "There is two things that can disrupt business in this country. One is war and the other is a meeting of the Federal Reserve Bank. War, fortunately, is suspended for the moment."

Fifty-two thousand Britons demand abolition of capital punishment. In England criminals are hanged. They don't use fancy electric chairs, reserving science for better things than killing men.

An end of capital punishment would be a step toward civilization. Meanwhile, British capital punishment shows common sense. When one Briton kills another, they hang him a few years later. No years.

## Attracting Love

Sometimes it is called "charm," sometimes "personality." A more recent term for it is "it." But the thing that suddenly makes a boy realize that the girl with whom he has grown up is no longer his playmate, but his sweetheart, is really physical magnetism—the most important phase of attraction between a man and woman. It is the divine force from which love evolved. But unfortunately all girls are not born with a sufficient amount of this magnetism. It's like curly hair—you either have it or you don't. How then can one acquire such a wonderful force, and make no mistake; it can be acquired! To acquire your full quota of magnetism you must retain the spirit of youth. You must be thrilling with the forces of life. You must make every part of your body thoroughly alive. You must become strong and pleasant to look upon. You must be clean inside as well as outside. ## Sermons Without Words

There are sermons all around us, just waiting to be seen, and they are so impressive, far more so to me than those framed artfully for itching ears. I have seen the young mother putting her first babe to the breast for the very first time. No word to mar the sacred silence. Maybe just the faintest whisper of angel-wings that I am sure fluttered near. Here was the cherub at the fountain—the dawn of creation—a picture worth the brush of a Michelangelo or the chisel of a Rodin. And the sermon—a volume of eloquence—the sacred—the sublime.

I watched the woodmen, hacking at the base of a mighty oak. Cheerily they sang, as chips leaped from their pygmy blows. Silently the forest giant stood, unconscious of the deepening wound, how perilously near his heart. At last the crack of immediate doom—a swaying body a thunderous crash to earth. The proud crest, from its heavenly altitude, now bent with anguish. A power of liberty and freedom how sublime! Helpless at the foot of its despoiled Never to rise again, as truth crushed to earth may.

Man, militant champion of liberty and freedom, chief exponent of bold! Left to his own devices, most

## BILL INTRODUCED TO GIVE BURLINGTON MAN \$5,000

Congressman Isaac Bacharach, of the Second New Jersey District, has introduced a bill in the House of Representatives, which, if passed, will give Fred W. Peter, of Burlington, five thousand dollars for injuries received in a wreck with a Camp Dix car in Pennsylvania some years ago. Mr. Peter sustained personal injuries and his car was a total loss. Robert Turner, of Burlington, cashier of the Mechanics National Bank, was with Mr. Peter at the time of the accident. He, too, was considerably injured. Mr. Turner has a separate claim against the government.

International Sunday School Lesson for May 3  
**WHAT HILKIAH FOUND IN THE TEMPLE**  
 2 Chronicles 34:14-16, 29-33  
 Rev. Samuel D. Price, D. D.

Kings in Judah continued to be both good and bad. The actions of the people reflected the attitude of their monarch. Manasseh and Amon, predecessors of Josiah in the kingship, were notoriously evil in what they did and encouraged the people to do. The pure worship of Jehovah was discarded for the basest forms of idolatry that were observed right in Jerusalem. Even worse images of heathenness were set up in the Temple itself. Josiah began his reign at the age of eight. Credit for his right pathway must be given to his advisers, such as Hilkiah, Shaphan, Huldah and Shillem. When conscience is not distracted as usually has been, it is a good guide. The statement of the wife about the collar that her husband was examining is also good for daily practice. "If it is doubtful, it is dirty." Very early in his reign Josiah began a general moral house-cleaning throughout and within the Temple itself. Aids to the idolatry and evilness were destroyed. Preparation was made to call the people back to God. His ways by setting ready to re-establish the worship of old.

While clearing rubbish from the Temple and its adjoining rooms, Hilkiah came upon a roll of writing on parchment that proved to be an old Pentateuch, in whole or in part. Herein were the very laws regarding ceremony and worship, as well as rules for right living, that had been the guide of the Hebrew nation from the time of the Exodus from Egypt. What Josiah had delivered by way of commandments at Mount Sinai were recorded thereon.

Hilkiah was the high priest. He hastened to Shaphan, the scribe, and

announced, "I have found the book of the law in the house of Jehovah." Then the king was advised and also resolved that now they had the exact teaching of God concerning the work of reform that they had already begun. At once they set in motion more careful and personal study that they made act accordingly.

These Scriptures were also the blessed heritage of all the people. There was a summary word (law) that all should ascribe in the courts of the Temple and give attention to the formal reading of these rolls, or at least the major commands therein.

Together with the commandments were the statutes of the covenant that Jehovah would enter into with them, when they would do their part in full obedience. Promise of future blessing is always made to those who will forsake their sins and live according to the divine will. Josiah fully identified himself with his people and personally, and on their behalf, renewed into the Lord. This was the covenant of promise revealed by the ever-living Father. The law included "to walk after Jehovah, and to keep his commandments, and his testimonies, and his statutes, with all his heart, and with all his soul, to perform the words of the covenant that were written in this book." Josiah really meant to mess, for the record is "He caused all to stand to it."

One practical application is for each one of us to make fullest use of this little book which contains not only the Father's laws, but also the teachings of Jesus. Benjamin Franklin said, "any advice to you is that you cultivate an acquaintance with and a firm belief in the Holy Scriptures."

**My Lady's Beauty Secrets**  
 by Helena Rubinstein

Beauty, how frail and how fleeting.  
 The bloom of a fine summer's day.

JOHNS

Spring is a most difficult season for the skin. At this time the general system is undergoing subtle changes which are quite naturally reflected in the complexion.

Usually the blood is thinner and more acid in content, which causes a rash to break out. Tiny raw surfaces and itching white bumps appear almost too small to be visible to the naked eye, but large enough to admit microbes which infect the skin, form on the back and shoulders, face, neck and chest.

Even women whose complexions are never affected in this way at any other time of the year may show these disturbances in the spring. And those who suffer all year round from acne, that distressing, humiliating affliction commonly known as pimples, find it aggravated.

This changed spring condition of the system has always been acknowledged, as we know from the old-fashioned habit of taking "spring medicine," either in the form of pills and sugar, or in the form of certain women in sections of the country.

But better than any tonic, however fine the tonic may be, both for the system and complexion is a proper diet. Modern scientific knowledge of proper dieting is a safe and certain way to the cure of many ills.

In the spring and summer season eat plenty of fresh green vegetables and fruits. The fatty vegetables and the citrus fruits, oranges, lemons and grapefruit, are among the best.

Avoid greasy fried foods, pastries, sweets and starches. Eat less meat, although fresh meat and fish may be eaten moderately once a day, unless one is suffering from severe acne when it is wise to refrain from meat entirely.

Protein foods, such as nuts, eggs and cheese, may be substituted for meat or fish in the diet. Remember that these are rich and highly concentrated and do not over-indulge in them.

Drink plenty of water. Bathe frequently with soap and water and a mild pure soap. Cleanse the face, neck and morning with a special washing preparation, not a soap, unless it is a reputable one, or use a medicated antiseptic cleansing cream.

Never irritate the skin by harsh rubbing. Instead put it dry softly. Protect it with a film of good non-greasy astrigent lotion and finish with a dust of fine face powder.

## HINTS FOR THE HOME

By Nancy Hart

Someone has said of pictures—

My house has magic windows in its walls.  
 Windows that open on a land of dreams.  
 A land of quiet meadows and cool streams.

Or forest paths and radiant waterfalls, here are forgotten cities, and old halls with high-arched ceilings built of blackened beams.

Where Rembrandt's ivy the inner sunlight gleams.

On armored men, and women in quaint gowns.

And here are quays where boats with colored sails.

Discharge exotic cargoes from far shores.

Levity and gems, baskets of precious ores.

Old wares in earthen jars, and silken tales.

Through time and space, in fancy, he may roam.

Who has these magic windows in his home.

VEGETABLE WRITERS

To use left-over vegetables such as carrots, peas, cauliflower, beans, or any several vegetables that blend well, put them through a sieve, adding 1 beaten egg and 1 tablespoon flour to each cup of seasoned pulp. Drop by spoonfuls into hot fat. A nice substitute for meat.

A VERY NICE SUPPER DISH

Flake meat from a can of salmon and put layer of fish in buttered baking dish, add pepper, salt and dots of butter, then a layer of chopped hard-boiled egg, another of fish, and pour cream sauce over all. Cover with crumbs and grated cheese and bake until light brown.

FLAVOUROUS FRENCH DRESSING

Plain French dressing seasoned with anchovy paste is very appetizing served with cold shredded lettuce and eggs, stuffed with anchovies. Use 1 tablespoon of paste for each 1/2 cup of dressing.

BREAD PUDDING PLUS

Use your usual recipe for plain bread pudding, but add to the scalded milk 3 squares of melted bitter chocolate and to the bread mixture 1 cup chopped pecans. Serve with whipped cream.

REFURBISHING SHABBY WOODS

Scratches can be removed from furniture by mixing equal parts of olive oil and vinegar and applying with a soft rag. Shake mixture well before using and rub briskly.

Mother Rabbit listened into the room where Billie and Bobbie Bunty were sleeping. She thought she was very quiet, but Billie woke up and her head eyes were peering over the white spread when her mother came to give her bed an extra tick.

"Cuck!" should Billie.

"What's the matter?" asked Mother Rabbit.

"I dreamed I was sleeping on Daddy's pipe," whimpered Bobbie.

"I didn't put his pipe in your bed, you pussie," answered Mrs. Rabbit.

"I know you put it behind the clock," said Billie.

"No, I didn't put it under the table."

"I feel sorry for you," sighed Billie. "I feel sorry for you if you ever eat any candy without asking me first."

"What beautiful eyes you have, Mother, dear, and such soft fur. Do you ever suppose my eyes will be beautiful like yours and my fur as soft as down?" Lanie was leading up to something very important.

"I hope so, my darling."

"May I give father his pipe?" asked Billie.

"I think it will be punishment enough for him if we give it to him to throw," answered Mrs. Rabbit.

## OVER TWO HUNDRED CROWD COURT ROOM

Thirty-nine boys, ranging in age from nine to eighteen years, were arraigned Tuesday night, before Recorder S. Howard Tooth on a charge of disorderly conduct. The hearing was held in Collins' Hall.

The charge was in connection with some damage done to a boat tied up at the Yacht Club.

The SC-430, a boat built for submarine chasing, was tied up at the Riverton Yacht Club pier last Thursday night because of the wind storm. Albert H. Compton, 6329 North Broad street, Philadelphia, president of the Marine Fuel Supply Company, of Philadelphia, owner of the boat, told of the damage done to the ship and of the articles missing. Alan Goodman, secretary and treasurer of the company, also testified.

Mr. Goodman's story: "The SC-430 was purchased about one year ago from the Federal Government and was being put into condition for use as a fuel supply boat for Delaware River traffic."

Told It Was Safe

"Thursday, Mr. Compton, president of our company, was towing the boat upstream to his mooring, but due to a delay at the Delmar bridge, was unable to get to the mooring during the slack tide, and the keel marking the mooring was dragged under by the tide. Not being able to find the mooring, Mr. Compton and his assistant maneuvered the two boats in the storm until it became pretty rough. They then decided to tie up at the Yacht Club. The watchman at the club said everything would be all right for the boat to remain there for a few days."

"Friday morning Mr. Compton and his helper went home to get rested up, after staying with the boats during the storm."

"Friday night, Mr. DeLong, who was with Mr. Compton when the boat was made fast at Riverton, visited the ship and saw nothing damaged nor noticed anything missing."

Damage Done Saturday  
"Saturday morning a few inquisitive visitors stepped aboard the ship. Then things began to happen."

According to the testimony of Compton and Goodman, two new electric gasoline pumps and two one-gallon

## Crossing Tragedy and Its Victims

Wrecked automobile at the Lippincott avenue crossing, Riverside, where a westbound express killed six people. Two others were severely injured. In the inserts are, left to right, Mrs. Clara Bunge, her two children, Ada, six, and Jack, five, Morgan Chamberlain, the driver; Jack Bunge, father of the children, all of whom were killed instantly, and Clara, the fifth member of the Bunge family, who is in a serious condition at the Cooper Hospital. Jack Weller, three, died Monday morning and his father, Carl Weller, is not expected to live.

## FOOD FOR THOUGHT

To the Citizens of Riverton:

The question of much importance among our citizens at the present time is: Will the streets of our Borough receive the treatment of oil that the governing body promised, and for which a sum of money, claimed to be sufficient, was appropriated when the budget for 1929 was made up?

I personally heard our Mayor recite the members of Council to be careful of how they spent the money that was appropriated to make up the budget for the year. He further recited that the improvements planned by the Highway Department be held back till late in the summer, so there would be no possibility of going over the amount appropriated.

Now, what the people can't understand is, how was it possible to make up the budget, or even think of using a budget system, without having some fixed plan of how the money would be spent? In other words, what necessary improvements after the regular maintenance cost was estimated did the Chairman of the Highway Department plan to take care of? Was the cost of the work now being done on East Broad street included in the appropriation? If not, just why was it done at this time?

The question has been asked of others, and the answer was a smile and wink of the eye. Who is doing the work, the Highway Department or a local contractor?

The fault, as I see it, is that the members of Council as a body should have something to say about the manner in which the people's money should be spent. It seems that the Chairman have entirely too much power. For example, the question of curbs and pavements has come up in Council at different times.

The Chairman of the Highway Department claimed that it was impossible to do a good job on our streets where they had no curb. So, right off he had the Borough Ordinance regarding curbs brought into play, and some of the people of the First and Third Districts were ordered to go to the expense of curbing their property or the Borough would do it, and they would have to pay for it on tax assessment.

Now those same people would like to know why this same ordinance was not applied to East Broad street, where they have no pavements, much less curbs.

I don't feel they should go to such an extent and spend so much money when it is impossible to do a good job without curbing. I understand the law claims you cannot discriminate in the enforcement of a general Borough Ordinance. I may be wrong, because it has become a common habit in Riverton in late years.

The facts pertaining to the removal of the Flag Pole in front of Roberts Building is real food for thought. It is time the good people of Riverton wake up and took an interest in our Borough affairs. I can assure them that a revelation is in store for those who do.

## SCHOOL NURSE FOR RIVERTON

Board Members Divided and  
Deciding Vote is Cast  
by President

The Riverton Board of Education, at its meeting Monday night, passed a resolution establishing the office of school nurse, and appointing the Visiting Nurse Committee of Riverton and Palmyra, to fill the position.

The action of the Board to have a school nurse was taken on a tie vote, which was decided in the affirmative by the president, Mrs. Clinton P. Mayfield. The vote was as follows: For, Mrs. Blair, Mr. Elwell, Mr. Shrader, against, Mr. Homphill, Mr. Mattis and Mr. Rutherford.

The proposition of appointing a school nurse was first suggested by a Board member several years ago, but met with very little encouragement until recently, when a change in opinion took place and the idea was looked upon more favorably.

The nurses will assist the Parent-Teacher Association in the Summer Round-Up work this Spring, and will take up the regular school work in the Fall in co-operation with the supervising principal and medical inspector.

Bids were received on the portable school building to be erected on the present grounds as follows: Asbestos Building Company, Philadelphia, four sizes, \$2,645, \$3,195, \$4,375, \$5,300.

This was submitted by the American Portable House Company, Seattle, Washington, as follows on four different sizes: \$3,002, \$4,045.80, \$4,245.00 and \$4,500.30.

The price of the American Portable House Company included heating, plumbing and necessary plumbing, as follows: Clarence N. Hubbs, \$1,392.00; William B. Lynch, \$1,370.00; Harry (Continued on Page 6)

## COUNTY BANKERS ELECT OFFICERS

Earle A. Williams, of Riverton,  
Named as President of  
Association

Earle L. Williams, president of the Cinnaminson Bank and Trust Company, was elected president of the Burlington County Bankers' Association at a meeting held at the Wake Whitman Hotel, Camden, last week.

Other officers are Vice-president, William Cunniff, president of the First National Bank, Red Bank, Treasurer, Walter Armstrong, Bordentown Banking Company, Bordentown; secretary, Nelson D. W. Purney, Union National Bank and Trust Company, Mount Holly; chair executive committee, a new position, Arthur L. Carter, trust officer of the Burlington County Trust Company, Moorestown.

Executive Committee  
Other members of the executive committee elected at the business meeting were: William H. Hodine, cashier of the First National Bank of Florence; three years; David B. Robb, assistant treasurer of the Burlington City Loan and Trust Company.

In giving up the secretaryship of the County Association Mr. Conle has retired from a position that he had filled with great efficiency for five years. The success of the several annual banquets and the novelities they embraced, was largely due to his indefatigable efforts.

Nearly eight hundred people attended the banquet which was a great success. One of the features of the evening was an address by Lieutenant Colonel William D. Grant, of the War Department, who was introduced by Senator Clifford R. Powell.

Theodore H. Budd Presides

The dinner was presided over by Theodore H. Budd, of Bordentown, former president of the Bankers' Association. Senator Clifford R. Powell, of Delaware, was one of the guests of honor and gave a fine talk during the course of the evening. Other guests of honor were Assemblyman Marcus W. Newcomb, State Treasurer Albert C. Middleton and Arthur Dornance.

It had been expected that Governor Morgan F. Larson would be present, but he was unavoidably detained. However, he sent a letter of regret which was read by Arnold H. Coate, of Moorestown, former secretary of the Association, at the dinner.

Vocal and instrumental music was enjoyed and several dancing contests were held.

Prize Contests Held  
The prize contest was called "Intelligence in a Bankers'." Guests were required to give the names of banks should make a service charge, why bankers should be affable, why a battle ship floats, why a girl can't whistle well and other subjects off a similar nature, some heavy and some light.

The winner of the first woman's prize was Mrs. Marie DeCoursey, of the Cinnaminson Bank and Trust Company, Riverton. The second woman's prize went to Miss Laura Lehigh, of the First National Bank, of Riverside.

C. B. Marple, of the Palmyra National Bank, Palmyra, won the men's first prize, and Lewis T. Carter, of the Burlington County Trust Company, Moorestown, won the men's second prize. The lobby prize, was won by William T. Kirk, of Beverly.

The judges of the contest were Joseph R. Chessman, W. Emory Chessman, of Burlington; Mrs. Miller, of Moorestown; and John H. Naylor, of Burlington.

Those present representing the Cinnaminson Bank and Trust Company, of Riverton, were President and Mrs. E. L. Williams, Mr. and Mrs. Howard B. Detective Parker Revives Inter-  
est in Search for Lost  
Plane

Emmor Roberts, former State Senator from Burlington County, and one of the most widely known men in South Jersey, was elected president of the Burlington County Aero Club at its annual election in the Moorestown Community House, Monday evening.

Mr. Roberts succeeds H. H. Longaker, founder and first president of the club. Mr. Roberts, who was one of the first members of the club and who recently obtained his private airplane pilot's license, is one of Burlington County's most ardent aviation enthusiasts.

Emmor Roberts

Mr. Longaker will continue to serve the club in an official capacity, being chosen first vice-president. The new president and first vice-president, as well as H. Roger Chale, who was elected second vice-president, are Moorestown men.

H. E. Smith, of Mount Holly, and William Dell French, of Moorestown, were returned to their posts of secretary and treasurer, while Wallace Quickall, of Mount Holly, succeeds Theodor Mayer, of Riverside, as financial secretary, while Mr. W. J. Willis, of Palmyra, was chosen third vice-president.

The new president called attention to the progress that the club has made during its short career and he predicts that even greater success awaits the organization as may be judged by its continual and rapid growth.

Ellis Parker, chief County detective, told members and visitors about the lost Sikorsky plane that is thought to be somewhere among the Jersey pines. His talk was preceded by one given by County Farm Demonstrator Smith. It is the opinion of these men that the lost plane could be found among the swamps or underbrush of the dense New Jersey pine belt in the general vicinity of Tabernacle.

As grounds for this belief they have the word of a county surveyor who, while his men were working near Atsion, saw a plane in distress. It was described as the description of the huge flying boat that was on its way from Miami, Fla., to Curtis Field, New York. It appeared to be in distress as it fell several hundred feet, regained altitude and then suddenly disappeared from sight. Other persons in the vicinity at the same time gave similar accounts. Oil was found on the surface to one of the swampy streams, which appears to be further evidence of the plane's distress. Mr. Parker stated he believed it is his duty to do all that is in his power to locate the ship and its human cargo of four men. Several searching parties have been unable to locate any wreckage.

After hearing these gentlemen present their case, the club showed its realization of the unfortunate situation. A motion was promptly passed, putting the club officially on record as an aid to the County detectives office. The ships and pilots will at all times be available for such an emergency as has been described by Mr. Parker.

## CAKE SALE AND TAG DAY FOR AMBULANCE

Hope to Raise Sufficient Funds to  
Pay for a New Machine

The Palmyra Ambulance Association will hold its annual cake sale and tag day next Saturday. Headquarters will be on Mayor Wimer's porch at 15 East Broad street.

The association is preparing to purchase a new ambulance for the use of the people of Palmyra, Riverton and vicinity and solicit the support of everyone for this worthy cause.

Approximately \$2,000 is on hand now for the purchase of the new machine which will cost in the neighborhood of \$3,000. It is the hope of those in charge of this event that sufficient funds will be raised to pay the balance on the new ambulance.

## Moorestown and Riverton Fanciers Grooming Their Horses for Big Event

Freeman, Groves and Middleton Families Expected to Develop  
Keen Competition in Cinnamon Home Show at  
at Field Club May 25

Undoubtedly the stellar event in the great number of charity functions held each spring, and which are anticipated from year to year with anxious enthusiasm, is the annual Horse Show and Gymkhana given at Moorestown Field Club for the benefit of the Cinnamon Home.

The horse show will be held this year on Saturday, May 25, and is expected to attract hundreds of prominent South Jersey folks. Always a number of the most attractive members of the younger set in Burlington County enter their horses and compete in the event. The F. Stanley Groves' two daughters, Elaine and May, of Riverton, ride, as does Mr. Groves himself. Elaine usually carries home a trophy or two, but then her father always has some of the finest entries in the show. And when speaking of the horse show thoughts just naturally turn to the Ralph L. Freeman's. Not only does Mrs. Freeman enter a fine animal, but also Mr. Freeman and their boys from the youngest up, he being less than ten.

No doubt Dorothy and Jessamine Middleton, the Melbourne F. Middleton's daughters, of Mount Laurel road, Moorestown, will also exhibit fine horses. This year every housekeeper will make her way to the Field Club grounds Saturday morning to do her week-end marketing. For there she will find vegetables and fruits, direct from the surrounding farmers, and delicious home made cake, rolls, and cottage cheese.

Mrs. Alexander C. Wood, Jr., of Riverton road, Moorestown, is president of the Board of Managers of the home and direct general arrangements for the event. Mrs. J. Clyde Rogers, of East Main street, Moorestown, heads the fete committee, and Mrs. J. Blenheim Stokes, of East Oak avenue, Moorestown, is chairman of the flower committee.

There will be the usual cafeteria, which is being arranged under the supervision of Miss Helen Woolman, of Riverton, and a candy booth which is in the hands of Mrs. T. H. Dudley Perkins, of Evergreen Lawn, Moorestown.

William E. Reeve, of Moorestown, is making out a program for the horse show. Mrs. S. Emilen Stokes, of Moorestown, is arranging for the amusements, which includes a lot of golf, an artist to paint portraits, and games for both the youngsters and older folks. Cakes of all descriptions will be on sale. Miss Elsie Biddle, of Riverton, and Mrs. Samuel A. Haines, of Moorestown, are soliciting contributions and orders, and will preside at the booth where they are to be displayed. Last, but not least, are the public chairmen, Mrs. Francis W. D'Olier, of Moorestown, and Mrs. Mary J. Rogers, of Riverton, on whose shoulders rest far more responsibility than other committee members realize, for they must needs spread far and wide the news of the event. Everyone feels that they simply must arrange to attend the affair this year.

## MOTHERS' DAY AT EPWORTH CHURCH

Hilyard Quartette at Morning  
Services; Splendid Program  
for the Evening

Epworth M. E. Church, Palmyra, is arranging to celebrate Mother's Day in a manner appropriate to the great occasion. A very fine and inspiring program has been prepared for both morning and evening services.

In the morning the noted Hilyard Quartette will render delightful selections in the Sunday School and tette consists of piano, violin, harp and afterwards in the church. This quartet and fine and will give a very delightful program.

In the evening at 7:45 o'clock the Senior, Intermediate and Junior Epworth Leagues will join hands in presenting "Living Pictures of Great Mothers" in the Sunday School temple. Descriptive readings and songs will accompany the presentation.

The pictures will be arranged in two series.

Series 1—Mothers of the Bible.  
Picture 1—The mother of Moses as she lowers that pathetic little ark of woven grass into the river; Miriam is helping and bends over the babe with looks of loving devotion.  
Picture 2—The mother of Samuel and her son, who became the great prophet.  
Picture 3—Hagar and Ishmael in the desert.  
Picture 4—Mary, the Mother of Jesus, manger scene.

Series II—Historical Mothers:  
Picture 5—Cornelia, the mother of the Gracchi, and her jewels.  
Picture 6—The Pilgrim mother.  
Picture 7—The soldier mother and her soldier boy.  
Picture 8—"Now I Lay Me"  
Picture 9—"Mother"

## GREAT INTEREST AT WOMAN'S CLUB

Palmyra Organization Makes  
Plans for Junior Section;  
To Hold Luncheon

A short but interesting meeting of the Woman's Club of Palmyra was held in the Lion's Club quarters Monday afternoon. Mrs. W. R. Dunn presided and welcomed several new members to the club.

Mrs. Paul Y. Eckert reported for the educational department, which will prepare a program on India for a future meeting. Mrs. Anna Blackburne spoke for the legislative department of the Seventy-first Congress called by President Hoover, to consider an act upon emergency legislation, tariff revisions, farm relief and immigration law amendments. She also mentioned the fact of our town having been honored by the selection of Frank A. Matthews, Jr., as the first appointee to the office of Judge of the new District Court of Burlington County.

Mrs. George Wimer gave the report of the welfare committee, whose efforts are being used at the present time to impress "town cleanliness" upon the people of Palmyra. Plans are forming for a junior section of Mrs. H. W. Miller. It was proposed that the club hold a luncheon on the last meeting day of the season, which will be on June 3. Mrs. W. R. Dunn and Mrs. Edwin Davis are the official delegates to the State Federation Convention, which will be held in Atlantic City May 8, 9, 10, 11. A number of other members are also planning to attend. The next regular meeting of the Woman's Club will be held on Monday, May 20.

## NEEDS TWO COTS

New Orleans, La.—Harry Baudot, weighing 340 pounds, claimed he was too fat and unsteady on his legs to be a bootlegger, but a verdict of guilty was returned anyway. The attorney for Baudot arranged for two cots at the jail for his client.

## 7 YEAR OLD BOY. KILLED BY AUTO

Little Samuel DeVice Dies on  
Way to Hospital After  
Being Struck

Funeral services were held Monday morning with Mass at the Church of the Sacred Heart, Riverton, for Samuel DeVice, 7-year-old boy, who was killed when struck by an automobile Thursday afternoon.

Edward E. Bird, 29 years old, 615 Manor Road, Beverly, driver of the car, was held under \$1,000 bail for court by Police Justice William L. Pichter, of Palmyra, after the child died on the way to the hospital following the accident.

According to witnesses Bird was not to blame in the tragedy, which occurred in front of Bua's store on West Broad street, near Arch street station. The boy was standing near the trolley tracks on the south side of the roadway when he attempted to cross to the sidewalk. A car was approaching from the west which the child saw and raced across in plenty of time.

The machine driven by Bird was coming from the east and turned out to go around a parked car just as the lad ran into the path. The driver did not see the child until it was too late to avoid striking him.

Officer Lawrence Betty was called and rushed the injured boy to the Cooper Hospital in the Palmyra ambulance, where it was found he was dead. Death resulted from a broken neck and fractured skull in addition to internal injuries.

Bird was held pending the outcome of the child's injuries and was overheard when he learned of his death. Edward Bird, Sr., father of the driver was called and furnished bond for his son.

Samuel DeVice was the son of Mr. and Mrs. Michael DeVice, 510 Halsey street, Palmyra. Following Mass at the Church of the Sacred Heart interment was made in St. Peter's Cemetery, Riverside, under direction of Frank A. Snover.

## NASH SALES JUMP

April shipments of the Nash "400" series cars exceeded those of the corresponding month last year by 92.68 per cent, thereby establishing the highest April record in the history of the company. It was announced by C. H. Elias, General Sales Manager.

Shipments were almost double those of the same month in 1928. At the same time, it was also announced that total shipments from the Nash factories for the first four months of this year were 58.28 per cent greater than the shipments for the first four months of 1928.

The fact that sales records have been mounting, month after month, is attributed as a direct reflection of the widespread public appreciation of the "400" series.

## SEEK TO REGAIN GRAZING PRIVILEGES AT CAMP DIX

An effort is being made to have the War Department revoke its order prohibiting free grazing and hay privileges at Camp Dix. Senator Clifford B. Powell while in Washington recently requested Congressman Isaac Bacharach to exert efforts to have the order nullified and the Congressman has taken the matter up with the department. Senator Powell explained that the free grazing and hay privileges formerly enjoyed by residents in the vicinity of Camp Dix not only resulted in benefit to the camp by lessening the hazard of fire to government property, but prevented the grass land from going to waste.

## REGINALD SLAMON HURT

When the ladder on which he was working slipped, F. Reginald Slamon, a Democratic leader of Mount Holly, fell ten feet onto a tin roof last week. Slamon was erecting an aerial on the roof of George M. Sleeper's home, on Grant street. He landed on the tin surface on his hands and knees and suffered shock, bruised arms and a sprained wrist.

## DOUBLE FEATURE AT WALT WHITMAN

For the last half of the week, starting Thursday, the Walt Whitman Theatre has arranged another justly famous double feature vaudeville program, augmented by a screen feature of unusual attractiveness and importance.

Heading the vaudeville bill is an offering that is unique in its entirety and thoroughly entertaining. The Doland and Bonger Entertainers, a company of seven talented artists, in an attitude called "An Evening At Home," which brings an array of ability seldom equaled in any one act.

One of vaudeville's comedy classics is provided by Carson and Willard, two of the funniest men on the stage today, in a hilarious farce called "Meet the Doctor," which is a gem of humor, and justly celebrated throughout the show world as being the foremost act of its kind extant.

The screen attraction for this gala bill is the screen's latest star, Miss Alice White, in "Naughty Baby," with Jack Mulhall, Thelma Todd, Rose Stone, Fred Kelsey, Doris Dawson and George Stone.

"Naughty Baby" is a red-hot comedy feature with all the pep zip and speed characteristic of this youthful star, who scored such a sensational success in "Show Girl," which was one of this season's biggest hits, and this one is even more powerful than her previous starring vehicle.

## BROADWAY PALACE TO FEATURE TALKIE

"Should a Girl Marry" Coming to  
Palmyra Playhouse Next Week

"Should a Girl Marry?" a talking picture of true love and false; the love of man for woman; the love of sister for sister; hatred, revenge, the thoughtlessness and impulsiveness of youth, all play a part in this picture of young men and girls of today, which will be presented at the Broadway Palace Theatre.

This will be the first "talkies" to be seen at the Palmyra playhouse and will be shown two nights, Wednesday and Thursday, May 14-15. Two shows each evening, 7:15 and 9:00.

Complete "Filmtone" equipment will be installed for this feature which has played to record crowds everywhere and is now showing at the Towers Theatre in Camden.

## HOSPITAL REPORT

The Burlington County Hospital is planning to observe "National Hospital Day" on Sunday, May 12. We will have open house from 2 to 4 p. m. for those who wish to visit the institution.

One hundred and five babies have been born in our maternity department since May 15 of last year. We shall be glad to see these babies, with their mothers, on that day, and each baby who visits us will be presented with a small gift.

## KEIM TO ASSIST HISTORIC SURVEY

Edgewater Park Man Appointed  
to Commission Created by  
Powell Bill

George deBonneville Keim, of Edgewater Park, governor of the Society of Colonial Wars, has been appointed as one of a committee that will survey the State of New Jersey with a view to permanently marking historic places.

Mr. Keim was named at a dinner given by the Society of Colonial Wars in the Princeton Inn last week. Another named for the committee by Governor Larson is Charles Lathrop Pack, of Lakewood, former United States forester. The third place is yet to be filled. The Governor was

## ONE OUT OF FIVE GETS SENTENCE

Remaining Quartet Put on Pro-  
bation After Hearings  
in Court

At the regular session of the Burlington County Court held at Mount Holly Thursday of last week with Judge Rice presiding, all of the defendants to come before the bar had signed waivers, and sentences were met out as follows:

Isaac Green, of Five Palms, charged with breaking and entering the home of Lewis Hill at Cinnaminson and abstracting \$6 from Hill's trunk, was placed on probation for two years and must pay the costs of \$30 in six months.

Lizzie Champion, of Burlington, insisted that the woman who informed the authorities that she was keeping a disorderly house, was more guilty of misbehavior than she, yet the Champion woman pleaded guilty.

This woman has been in court on several occasions, having served six months in the county jail. The last she was over she faced statutory charges with one, Fred Ghani, and this time she was sentenced to three months in the county jail.

Fred Ghani, arrested as a material witness, was ordered discharged from the custody of Sheriff Haines.

Roosevelt Peartree, colored, of Burlington, charged with a statutory offense, Gertrude Todd, a fifteen-year-old girl on parole from the State Home for Girls, being the complainant, was placed on probation for two years and must pay a fine of \$75.

William Holt, of Maple Shade, charged with defrauding Milton Redfield out of a board bill of \$79 for himself and two children, was placed on probation for one year, must pay costs amounting to \$30 and must also pay Mr. Redfield the back board bill.

Foy Tread, of Deacon's Station, charged with larceny, was also placed on probation, must pay the costs of \$30 in six months and make restitution, he having stolen about \$6 from a road stand near Deacon's Station.

No indictments having been found against William Crosby and Lewis Jones, both of whom were in jail, they were ordered released, on motion of Prosecutor Hillman; while Charles Devine, of Mount Holly, indicted for assault and battery in October and his case note propped, he to the fact that the complainant was seriously ill with tuberculosis at the Fairview Sanatorium at New Lisbon.

ric organization.

A ball remarkable for its beauty and picturesque followed the dinner. The color effect was enhanced by Mr. Keim and Mrs. Keim and by many other members of the society. Military uniforms also added to brilliancy of the scene.

## "Unloaded" Guns That Have Killed

Two boys went to a movie. They returned home to have a play, all their own. One was to play the "bad man" part. They found an old shotgun didn't know it was loaded; the "bad man" boy is now dead.

What a fool thing it is to leave an old gun loaded, in a house, especially where children are living. What a fool thing it is to take a chance on a gun being loaded. "Unloaded" guns have probably killed more people, in peace times—except in Chicago—than loaded guns.

Another thing don't miss the point about boys going home from a movie and imitating the grown-up actors. Children are everlastingly imitating grown-ups. During the war, boys were wearing war suits and "playing soldier." If a wild west show came to town for two or three days, half the boys would be using lasso ropes and would be lassoing everybody in sight.

Grown-ups have a great opportunity with boys and girls, especially boys. If they set bad examples, the children copy them. If they set good examples they copy them. Boys do not choose to imitate the "bad man." Many a boy wants to be when he grows up, like Mr. So and So. Boys have their ideals in life. Maybe YOU are the ideal by which some boy is now fashioning himself for grown-up life. See to it that HE is not disappointed in his ideal—Haddon Ivins in the Hudson Dispatch.

## The Rural Police Station

Newton D. Baker, former Secretary of War and the President of the National Crime Commission, has made this interesting statement:

"There is an undoubted feeling throughout the country that our whole system of detecting and apprehending criminals falls far short of that efficiency which is required to meet modern crime conditions.

"While the problem as it relates to our larger cities has received the greatest public attention, it is the feeling of the Commission that the rural constabulary in general is in even greater need of a thorough overhauling.

"It is the thought of the Commission that the full power and resources of each state can be placed at the command of those entrusted with police duties in our rural districts to a far greater extent than is now done."

The National Crime Commission has wisely appointed a special committee to deal with the police problem throughout the country. It is planned to reorganize the American police system on a modern scientific basis.

## POLITICAL JOTTINGS

Governor Larson has signed the bill of Senator Powell creating the South Jersey Transit Commission, but the Stewart bill providing \$350,000 for tracks on the Camden-Philadelphia bridge has been temporarily sidetracked until the new commission of eight members, not yet chosen, makes a survey of the eight South Jersey counties and reports to the Legislature.

Another bill recently signed by the Governor was the Syracuse bill providing for the electrification of the Pennsylvania railroad system in New Jersey and permitting the railroad to extend its right-of-way from 100 to 200 feet, and to condemn property for this extension.

Senator Hamilton F. Kean, a "rookie" in the United States Senate, appointment of committees, for he was appointed of committees, for he was made a member of the very important Inter-State Commerce Committee, and he will also serve on Civil Service, District and Naval Groups.

"Why were you impolite to the doctor, my dear?" asked her husband. "When I told him I had that terrible tired feeling, he asked me to show him my tongue."

## BUFFALO NICKEL

## NOW WORTH MORE

It Buys a Finer Five-cent Cigar Than You Ever Smoked Before

Yes, sir, there's a premium value on buffalo (or any other) nickels if you measure them with Bayuk's Havana Ribbon cigars. You'll say Bayuk's Havana Ribbon really belongs in a higher-priced class. How so? Because Bayuk's Havana Ribbon is made from tobaccos usually used only in better grades of cigars. No bitter under-ripe top leaves. No flat-tasting over-ripe bottom leaves. No "scraps" or short ends to crumble in your mouth. But only long, flavor-laden, mellow-mild, fully-ripe middle leaves from choice tobacco plants. Huge production has made it possible.

If you need any further urge to try this remarkable cigar, we'll make you this guarantee: If Bayuk's Havana Ribbon isn't the finest-tasting five-cent cigar you ever smoked, you can have your trial nickel back. Also Practical Pocket Packages of five cigars.

## Hague's Return Engagement

This is the squirming-time for the Democrats who have come to the realization that their idol is on the last lap of his political journey. Mayor Hague is to have another chance to display his effrontery and that bravado appears to have so greatly delighted his cohorts when he consented to appear before the McAllister Investigating Committee. The Legislature is coming back on June 24 to afford him one more opportunity to answer the direct questions put to him at his hearing, but which he parried upon the excuse that they were directed to his private affairs. The mere matter of an account in a New York represented by six figures, significantly soon after one of the big deals in Jersey City, is information for the public not to go into, according to the Mighty Leader, but it remains to be shown to what extent he can bluff and bluster his way out of responsibility for deplorable conditions disclosed by the Committee. The return trip to Trenton is likely to place an entirely different light upon some of his "personal affairs."

Of course the Democrats squirmed when the resolution calling upon Hague to return was put through. Senator Simpson, in the Senate and Assemblyman Barison in the House, almost wept with indignation as they solemnly protested this alleged "persecution" of their political saint. They claimed that it was carrying the inquisition too far and that the people of the state would resent it. They failed to recognize the fact that the people of the state spoke in no uncertain terms upon that subject at the last election when they elected the whole Republican ticket by a sweeping majority.

It is not necessary to apply any exact science to the interpretation of that vote. The campaign stressed the revelations of the investigation into the affairs of Jersey City and Hudson county, showing to what extent the people's money was diverted to the personal gain of those who "stood in" with the Hague machine.

The Democrats warned that the mighty Hague would give no further details of his affairs, that if the Committee attempted to cite him for contempt in his refusal to answer queries he would appeal again and that would, no doubt, carry the case along till after the present Legislature ceases to function, but that did not deter the Republicans. They were aware of the nature of the bluff and merely smiled. It has been so unusual for the Democrats to have an opposing majority in all branches of the state government that they seemed slightly dazed at times. They are so accustomed to receiving and promptly obeying the commands of Hague that they cannot get into their heads that there is anything on earth else to do.

The Legislature, however, was considerate in some measure. Jersey City is in the throes of a Commission election and the recall of the Mayor before the Committee was deferred to late in June and after the state primaries to avert any suspicion that it was for political effect. That was the cry of the Democrats last Fall when Hague was summoned prior to election and failed to respond. His action at that time was looked upon as a sign of decaying power. Now, his supine followers predict that he will be re-elected by the largest majority even given him in all the years he has been a candidate and that, they say, will show the confidence of the people. Perhaps, more likely, it will show that the Hague machine is just as powerful as ever and that "phantom" voting is just as prevalent in that neck of the woods.

So the Legislature is coming back, deferring final adjournment until the time seems right and to leave open any matters which may require attention. One of these may be action to show Mayor Hague that he is not bigger than the state of New Jersey.

## Health and Happiness Through Self-Control

In a certain prison there is a young man serving a life sentence. He had been in love with a beautiful girl who was dearer to him than life itself. And because he loved her, he trusted her. His joy knew no bounds. He pictured to himself the glorious married life they would have together. He showered on her every luxury that his salary would permit.

Did he cut her out of his heart as he would have cut out a festering thorn from his hand? Did he say: "good riddance" and thank his lucky stars that he found out what manner of woman she was before marriage instead of after?

He did not. He completely lost control of himself, and his actions were those of an animal who acts by blind instinct instead of reason. He stayed away from his job and lost it. He consorted with loose women. He filled his fine body with poisonous liquor. And finally, in a fit of rage, he went to the girl's house. Carried away by his hate and jealousy, he gripped her by the throat and choked the life out of her body.

Of course, he was caught, tried and sentenced to life imprisonment. And there he sits—at an age when most

a little strong on the wing. "Wing" is baseball language for "arm." Intelligent baseball men will say to President Hoover, as the artist of old said to the ruler, annoyed at being excelled by him, "God forbid that you should know as much about this as I know."

There is such a thing as knowing too much about baseball.

President Coolidge becomes a director in the New York Life Company in place of the late Ambassador Herrick. Such a man as Mr. Coolidge could not remain idle. And he could with difficulty find work more useful than life insurance. It inculcates thrift, provides for widows and children.

The United States producing 4,600 airplanes in 1928, leads in aircraft output. France in 1928 built only 1,440 airplanes. Great Britain sells more airplanes abroad than we do.

France, however, has five times as many fighting planes as we have. Her fighting fleet is so big that it makes Great Britain very polite.

France is the real airplane country, no matter what others may manufacture. Britain is catching up. We lag behind, but that will change.

## Egotism

For a man to have exalted ideas about himself is not very uncommon. To be boastful is indeed quite the usual thing for men who have achieved over others. But when men get to thinking themselves infallible, and inwardly feel that they are superior to all other men physically or intellectually or both, then it becomes "exaggerated ego," a distinct mental aberration.

It is perfectly honorable to believe in one's self; it is even commendable for a man to take pride in his own good character, standing, or prowess in legitimate undertakings. It is perfectly natural to feel the dignity of good fortune; but a feel of superiority over all other men is dangerous to the mental equilibrium of its possessor.

It is not what we think of ourselves, that brings real honor or fame. We can never enjoy such fine assets, until they are bestowed on us by people who think of us in mighty fine terms.

Therefore, see the point: If you would be praised by your fellow-men, you must do something to make them feel like praising you; and that takes the most sincere effort of which you are capable—and you must do it first!

Unless you do this generously and in full measure, and in the self-sacrificing spirit, you will be held in the suspicion that you are playing a game for pay. It is a glorious thing to live so that everybody loves you.

## ELECTRICITY

## and the HOUSEWIFE

ECONOMISTS say that one reason why America is so prosperous is that within the space of the past five years the amount of electric energy behind the average workman has increased from 3¼ to 4½ horse power.

A similar increase in electrical energy behind the American housewife has enabled her to create an attractive, comfortable and convenient home.

- The proper use of electricity assures correct home lighting.
- it permits the use of many labor saving devices
- it allows the installation of sanitary and convenient refrigeration
- it lends refinement and charm to household arrangements
- it puts at command many convenient toilet accessories
- it makes life easier in an increasing number of ways.

Give yourself the release from household care and labor that the use of electricity for household purposes assures. We will gladly advise you as to how it can best be done.

## COUNTY MEN BACK OF NEW AIRPLANE

Local Interests to Build Vimac Monoplane Now Undergoing Tests

The Vimac monoplane, which is to be manufactured by Burlington County interests, has been attracting much attention at the Burlington County Aero Club's field since Saturday, when it made its first real hop from Bristol to the Moorestown airport.

The plane, which is a small air "sportster," will seat the pilot and one passenger, and its manufacturers, who are very enthusiastic over the prospects of the small ship, claim it is to become the "Ford" of the air.

Although only one plane has been built, it is planned to start production within the next sixty days, and it is understood that the plant will be located in Burlington County.

It is the product of the Victor Metal Aircraft Corporation which has offices in the Wilson Building, Camden, and is backed by Burlington County interests. Theodore H. Budd, of Pemberton, ex-president of the American Cranberry Growers' Association and president of the Burlington County Bankers' Association, is a vice-president of the company; another vice-president is H. H. Longaker, of Moorestown, founder and first president of the Burlington County Aero Club, while ex-Senator Emmor Roberts, Moorestown; County Engineer H. B. Smith, Mount Holly; George W. Jones, president, Jones Motor Car Company, Riverside; Dr. F. D. Fahrenbrück, medical examiner for Department of Aeronautics, Mount Holly; Commissioner of Institutions and Agencies William J. Ellis, Trenton, and R. W. Willis, assistant director of State Use Division, Manufacturing, Mount Holly, are directors.

Charles D. Koch, aeronautical engineer and British war flyer, flew the new Vimac Sportster to Moorestown. He was enthusiastic about the possibilities of the new Vimac Metal Monoplane.

In commenting on the ship, Koch said, "It's a great little ship. It is very quick on the take-off, exceptionally fast in climbing and landed as well as any ship I have ever flown of its type. It apparently is very rigid and sturdy with an absence of vibration at any speed and visibility is good in the air."

The small plane is constructed entirely of metal tubing with fabric coverings and is the result of several years' research and experiment, and it is the first all metal plane of its type in America. It is constructed entirely of high test metal tubing and rods, welded together; and there is not a stick of wood in the whole plane.

In speaking of the plane, Adolph W. Golasky, of National Park, N. J., the designer said: "For years aeronautical engineers have known the airplane will eventually be of all metal construction. That is a natural advancement in aviation, as a metal frame all welded together is naturally stronger, more durable and, by its simple process of construction is more standard and can be built more rapidly than the wooden type, that has to be wired, nailed and glued together."

The motor is the newest in airplane engines, manufactured by the Lee Motors, Inc., of Collegeville, Pa. It is a 5-cylinder, air-cooled radial motor of 75 horsepower. It is probably the only small motor with ball-bearing connecting rods, and made of steel-aluminum composition used in all the large high-priced motors of latest design. The Lee motor has a number of patented features and is the lightest weight motor for its horsepower on the market. The Lee Motor will probably be the standard engine for the Vimac sportster.

### XMAS FORETHOUGHT

Now is an excellent time to pick up many desirable Christmas presents, inexpensively. Such things as dressing table accessories, fancy closet equipment, linens, decorative vases, lamp shades, book ends, small bits of furniture, simple lingerie, hosiery and so on can be had, for negligible prices. Now is the time, really, to start Santa Claus' hope chest!

### ANNOUNCEMENT

GEORGE B. BITTING

In announcing my candidacy for the Republican nomination for Coroner of Burlington County, I ask and would appreciate the support of the Republican voters at the Primary Election, June 18.

While there is no salary attached to the office, it is, nevertheless, an important one, and much anxiety and inconvenience to the public ensues when candidates who are not qualified by experience or thoroughly familiar with the duties and requirements of the office, are elected and charged with its administration.

Ever animated by a desire to be of public service, should I merit your support, I would endeavor to give to this important public office necessary attention and benefit of many years' intimate knowledge.

Ordered and paid for by Geo. B. Bitting.

## SCHOOL NURSE FOR RIVERTON

(Continued from Page 1)

C. Worrell, \$1,525; and John Holwick, \$1,500.

A special committee, composed of Mr. Hubbs, Mr. Mattis, Mr. Steedle, Mr. Elwell and Mr. Rutherford, was appointed by the chair to consider the bids and report with recommendations to the Board.

The Teachers' Committee, Mrs. Blair, chairman, reported that applications had been made by Miss Justice, Miss Clark, Miss Lippincott and Mr. Griffith for next year, and on recommendation of the committee they were elected.

Miss Ellen F. Bozarth tendered her resignation as Domestic Science teacher to take effect at the end of the school year. Miss Bozarth is resigning to attend Columbia College. Her resignation was accepted with regret. Miss A. Ruth Moore accepted her appointment as teacher. On motion of Mr. Hemphill the supplies committee was authorized to make all purchases of supplies.

**Miss Chew's Report**  
The highest percentage of attendance was in the Sixth Grade, 97.9%; the next highest in the Fourth Grade, 97.4%.

**Health**  
Conditions are back to normal again, with an increase of 13.64% in attendance over last month.

Dr. Rogers began Toxin-Antitoxin inoculations April 25th and will continue the work on Fridays until all requests have been honored. At the beginning there were 27 signed requests from parents. Since that date 64 more requests have been sent in, making a total of 91. The number of children in the school who had previously had the treatment was 57 and one child is having treatment by her family physician. This makes the total to date 149, or 43.44 per cent. of the number enrolled.

Three seniors of Gloucester Normal School are doing their responsible training, preliminary to regular teaching, with us. At the request of the Normal School they were placed with our teachers as follows:

Miss Helen Robinson, of Passaic, with Mrs. Bush.

Miss Gladys Booth, of Palmyra, with Mrs. Murgatroyd.

Miss Helen Bittner, of Camden, with Miss Paulding.

The County Tests in Arithmetic and Spelling will be given May 14th. We are planning for Field Day Exercises on May 23rd and should be glad to have the co-operation of the Board of Education in making it a real Play Day for everybody.

As we come to the close of the year and a consideration of the subject of promotions, I should like to recommend that, due to the change in our system of reports, and to the nature of the year in connection with the practice of exemptions be done away with. I therefore ask that the following rule adopted by the Board in 1921 be set aside:

**Exemptions**  
All pupils of the grammar grades who have not been tardy nor absent except in the case of personal illness, death in the family, or for other reason acceptable to the Board of Education, and who are 85 per cent. may be exempted from final examination in that subject.

Provided that:  
Any pupil whose yearly marks consists of at least two-thirds 1's and one-third 2's may be exempt without other restrictions.

Also provided:  
That "Exemptions from Examination" is not to be interpreted to mean excuse for legal attendance at school.

Exemption from examination does not mean exemption from one hour of school per session. No prize books will be given for attendance unless pupil is present every day.

By order of the Board of Education.

Respectfully submitted,  
HANNAH H. CHEW.

No Exemptions After This Year

The members of the Board were divided on the advisability of accepting Miss Chew's recommendation to discontinue exemptions for children who had been neither absent nor tardy during the year and whose yearly standing in any subject is 85 per cent. as had been the custom for several years under a resolution passed by the Board in 1921. Some of the members felt that this would be hardly fair to the children who had been working toward this goal all the year, and after considerable discussion of the merits of "final examinations," the newer method of determining the children's standing, and kindred subjects, on which there was the members, Mr. Rutherford offered a resolution that Miss Chew's recommendation to discontinue exemptions be accepted, to become effective June 15, 1929. As school closes on the 14th the change will not affect pupils this year.

The Visiting Nurse Committee sent an invitation to the Board to send two delegates to an informal talk on "Mental Hygiene" to be given by Dr. Ethel C. Russell, at the Nurses' Home, 600 Lincoln avenue, Palmyra, Monday evening, May 13. Mrs. Mayfield and Mrs. Blair were delegated to attend.

The president announced appointment of committees as follows:

Teachers—Mrs. Blair, Messrs. Elwell and Schrader.

Property—Messrs. Steedle, Rutherford, Elwell.

Supplies—Messrs. Hemphill, Steedle, Warren.

High School—Messrs. Mattis, Rutherford and Mrs. Blair.

Health—Messrs. Elwell, Mattis, Warren.

### ARTHUR B. POWELL

Arthur B. Powell, employed as a section foreman by the Pennsylvania Railroad, was attacked with acute indigestion at his home on Forked Landing road, Maple Shade, early on Wednesday morning of last week and died in a very short time.

The deceased was forty-eight years of age and a former resident of Mount Holly, where he has numerous relatives.

The funeral was held from the late home Saturday, with interment at the Brotherhood Cemetery, Mount Holly.

## YWCA PLANS 12TH ANNUAL MEETING

All Day Session to be Held at Moorestown Community House June 1

The twelfth annual membership meeting of the Burlington County Y. W. C. A. will be held at the Community House in Moorestown on Saturday, June 1. An all-day meeting will be held with the morning session, which begins at ten o'clock, devoted to business and elections. Following the box luncheon an afternoon of parables will be presented by ten of the clubs. Y. W. C. A. members are invited to attend.

The committee in charge of the meeting are Mrs. J. Harvey Borton, of Moorestown; Mrs. A. R. Ganser, of Riverton; and Mrs. Benjamin Roberts, of Marlton.

### Hold Picnic at Green Hill Farm

Fifty senior girls enjoyed a picnic supper on Monday evening, May 6, at Green Hill Farm, the home of Mrs. Henry Albertson, near Burlington.

Following the supper, which was cooked by the girls over an outdoor fire-place, the County Council conducted a beautiful candle lighting service, in which the ideals of the business girls group of the association were stressed. Miss Sidonie Schaler, of the County Y. W. C. A. staff, spoke of the challenge which Y. W. C. A. membership presents.

### Church Service at Burlington

Miss Annette Eldridge, Girl Reserve Secretary of the Germantown Y. W. C. A., will be the speaker at the church service to be given by the Y. W. C. A. and the churches of Burlington on Sunday evening, May 12, at the Presbyterian Church. Special music will be furnished by the Girl Reserve Club from the William R. Allen School and by the Kohanna Girls, a club of younger employed girls. Mrs. Edward Simons will preside.

Miss Eldridge will use as her theme "Builders."

County Sing May 10, at Moorestown

Mrs. Clarence Davenport, of Mount Holly, and Mrs. William Grobler, of Moorestown, will lead the group singing at the County-wide sing of the Y. W. C. A. on Friday evening, May 10, at the Moorestown Community House, at eight o'clock. Club girls and Y. W. C. A. members from all parts of the County are invited to participate in this celebration of national

Music Week.

An "Our Gang" film will be shown and the committee is announcing a "surprise special" for the evening.

### Plan Mother-Daughter Banquets

Many Y. W. C. A. groups are honoring the mothers of their communities with mother and daughter banquets.

On Thursday evening, May 2, the Chesterfield girls held their first banquet. The theme, "A Garden of Roses," was used. On the program the idea of mothers as gardeners and the daughters as roses was carried out. Mrs. Henry Albertson, of Burlington, spoke on "The Master Gardener." Mrs. Eva Croshaw and Miss Margaret Coulter presided.

On May 9 Mrs. Harry Evans, of Medford, will speak at the Indian Mills banquet. Here the theme will be "Growing Trees."

The William R. Allen Girl Reserves of Burlington will entertain their mothers, May 13.

Three groups will have their banquets for all mothers and daughters in the community. These are to be at the Indian Mills on May 16, with Mrs. Harold Hornor, of Mount Holly, as the speaker; at Vincetown, May 23, and at Medford May 29.

### RIVERTON P. T. A.

On May 16 the Riverton P. T. A. will be addressed by Prof. Paul Y. Eckert, supervisor of the Palmyra High School, at 3:30 o'clock in the Riverton school auditorium. His subject will be "High School Problems, and How to Prepare for Them." If your child is nearing high school age you cannot afford to miss him. Miss Chew will also speak on "Promotion."

On May 17 Dr. Harry L. Rogers will give prospective kindergartners an opportunity for a free physical examination in the school kindergarten at 1 p. m. Any subsequent examination must be given in the regular office hours.

On May 23 the school will hold its Field Day exercises at Memorial Park. Supper will be served from 5

## COUNTY MEN BACK OF NEW AIRPLANE

### Local Interests to Build Vimac Monoplane Now Undergoing Tests

The Vimac monoplane, which is to be manufactured by Burlington County interests, has been attracting much attention at the Burlington County Aero Club's field since Saturday, when it made its first real hop from Bristol to the Moorestown airport.

The plane, which is a small air "sportster," will seat the pilot and one passenger, and its manufacturers, who are very enthusiastic over the prospects of the small ship, claim it is to become the "Ford" of the air.

Although only one plane has been built, it is planned to start production within the next sixty days, and it is understood that the plant will be located in Burlington County.

It is the product of the Victor Metal Aircraft Corporation which has offices in the Wilson Building, Camden, and is backed by Burlington County interests. Theodore H. Budd, of Pemberton, ex-president of the American Cranberry Growers' Association and president of the Burlington County Bankers' Association, is a vice-president of the company; another vice-president is H. H. Longaker, of Moorestown, founder and first president of the Burlington County Aero Club, while ex-Senator Emmor Roberts, Moorestown; County Engineer H. B. Smith, Mount Holly; George W. Jones, president of Jones Motor Car Company, Riverside; Dr. F. D. Fahrner, medical examiner for Department of Aeronautics, Mount Holly; Commissioner of Institutions and Agencies William J. Ellis, Trenton, and R. W. Wille, assistant director of State Use Division, Manufacturing, Mount Holly, are directors.

Charles D. Koch, aeronautical engineer and British war flyer, flew the new Vimac Sportster to Moorestown. He was enthusiastic about the possibilities of the new Vimac Metal Monoplane.

In commenting on the ship, Koch said, "It's a great little ship. It is very quick on the take-off, exceptional fast in climbing and landed as well as any ship I have ever flown of its type. It apparently is very rigid and sturdy with an absence of vibration at any speed and visibility is good in the air."

The small plane is constructed entirely of metal tubing with fabric coverings and is the result of seven years' research and experiment, and it is the first all metal plane of its type in America. It is constructed entirely of high tensile metal tubing and rods, welded together, and there is not a stick of wood in the whole plane.

In speaking of the plane, Adolph W. Golasky, of National Park, N. J., the designer said: "For years aeronautical engineers have known the airplane will eventually be of all metal construction. That is a natural advancement in aviation, as a metal frame all welded together is naturally stronger, more durable and, by its simple process of construction is more standard and can be built more rapidly than the wooden type that has to be wired, nailed and glued together."

The motor is the newest in airplane engines, manufactured by the Lee Motors, Inc. of Collegeville, Pa. It is a 5-cylinder, air-cooled radial motor of 75 horsepower. It is probably the only small motor with ball-bearing connecting rods, and made of steel-aluminum composition used in all the latest high-priced motors of latest design. The Lee motor has a number of patented features and is the lightest weight motor for its horsepower on the market. The Lee Motor will probably be the standard engine for the Vimac sportster.

## SCHOOL NURSE FOR RIVERTON

(Continued from Page 1)

C. Worrell, \$1,525; and John Holvick, \$1,500.00.

A special committee, composed of Mr. Hubbs, Mr. Mattis, Mr. Steedle, Mr. Elwell and Mr. Ruthford, was appointed by the board to consider the bids and report with recommendations at an adjourned meeting to be held May 13.

The Teachers' Committee, Mrs. Blair, chairman, reported that applications had been made by Miss Justice, Miss Clark, Miss Lippincott and Mr. Griffith, for next year, and on recommendation of the committee they were elected.

Miss Ellen F. Bozarth tendered her resignation as Domestic Science teacher to take effect at the end of the school year. Miss Bozarth is resigning to attend Columbia College. Her resignation was accepted with regret. Miss A. Ruth Moore accepted her appointment as teacher. On motion of Mr. Hoppland the supplies committee was authorized to make all purchases of supplies.

**Miss Chew's Report**  
The highest percentage of attendance was in the Sixth Grade, 97.9; the next highest in the Fourth Grade, 97.4.

**Health**  
Conditions are back to normal again, with an increase of 13.64% in attendance over last month.

Dr. Rogers began Typhoid-Autism inoculations April 26th and will continue the work on Fridays until all requests have been honored. At the beginning there were 27 signed requests from parents. Since that date 64 more requests have been seen, making a total of 91. The number of children in the school who had previously had the treatment was 57 and one child is having treatment by her family physician. This makes the total to date 149, or 43.44 per cent. of the number enrolled.

Three seniors of Glassboro Normal School are doing their responsible training, preliminary to regular teaching, with us. At the request of the Normal School they were paired with our teachers as follows:

Miss Helen Robinson, of Passaic, with Mrs. Bush.  
Miss Gladys Booth, of Palmyra, with Mrs. Murgatroyd.  
Miss Helen Blitner, of Camden, with Miss Paulding.

The County Tests in Arithmetic and Spelling will be given May 14th. We are planning for Field Day Exercises on May 23rd and should be glad to have the co-operation of the Board of Education in making it a real Play Day for everybody.

As we come to the close of the year and a consideration of the subject of promotions, I should like to recommend that, due to the change in our system of reports, and to the nature of tests now in common use, the practice of exemptions be done away with. I therefore ask that the following rule adopted by the Board in 1921 be set aside:

**Exemptions**  
All pupils of the grammar grades who have not been tardy nor absent except in the case of personal illness, death in the family, or for other reason acceptable to the Board of Education, and who are 85 per cent. may be exempt from final examination in any subject.

Any pupil whose yearly marks consists of at least two-thirds 1's and one-third 2's may be exempt without other restrictions.

Also provided:  
That "Exemptions from Examination" is not to be interpreted to mean excuse for legal attendance at school.

Exemption from examination does not mean exemption from one hour of school per session. No prize books will be given for attendance unless pupil is present every day.  
By order of the Board of Education.  
Respectfully submitted,  
HANNAH H. CHEW.

#### No Exemptions After This Year

The members of the Board were divided on the advisability of accepting Miss Chew's recommendation to discontinue exemptions for children who had been neither absent nor tardy during the year and whose yearly standing in any subject is 85 per cent., as had been the custom for several years under a resolution passed by the Board in 1921. Some of the members felt that this would be hardly fair to the children who had been working toward this goal all the year, and after considerable discussion of the merits of "final examinations," the newer method of determining the children's standing, and kindred subjects, Mr. Ruthford offered a resolution that Miss Chew's recommendation to discontinue exemptions be accepted, to become effective June 15, 1929. As school closes on the 14th the change will not affect pupils this year.

The Visiting Nurse Committee sent an invitation to the Board to send two delegates to an informal talk on "Mental Hygiene" to be given by Dr. Ethel C. Russell, at the Nurses' Home, 600 Lincoln Avenue, Palmyra, Monday evening, May 13. Mrs. Mayfield and Mrs. Blair were delegated to attend.

The president announced appointment of committees as follows:  
Teachers—Mrs. Blair, Messrs. Elwell and Schrader.  
Property—Messrs. Steedle, Ruthford, Elwell.  
Supplies—Messrs. Hoppland, Steedle, Warren.

## ANNOUNCE PLANS FOR POPPY WEEK

American Legion Auxiliary to  
Sell Memorial Flower  
May 18-25

May 18 to 25 will be Poppy Week in this town. It has been announced by Mrs. Theodore M. D'Autrechy, Jr., president of the local unit of the American Legion Auxiliary which will conduct a sale at that time of the official American Legion Auxiliary poppies. It is planned to ask every citizen to purchase the poppy in order to help the disabled veterans of the World War, and to wear it in memory of those who sacrificed their lives in it.

Every cent that is paid for the American Legion Auxiliary poppies is used for the benefit of disabled ex-service men and their families.

During the past year the local unit of the Auxiliary has rendered material assistance to the ex-service men and their families in many, many cases, has supported a numerous number of cheer and comfort at Christmas and other times during the year to war veterans in hospitals, has contributed liberally to welfare work and has assisted families of deceased veterans.

We believe the citizens of this community will find a real satisfaction in buying poppies which enable us to carry on this great work and that they will take a pride in wearing this little flower which recalls so vividly the sacrifices made by the Americans in Flanders Field.

Because of its close association to the supreme sacrifice made by the boys who fell in Flanders Field, the poppy has become the memorial flower of the American Legion and its Auxiliary—the emblem of a faith that is being kept.

With this thought in mind, those who love the poppy are making every effort to protect this beautiful flower from the broads of commercialism and to teach the public all over the country the history of the flower. The world in general has forgotten the war, and if the poppy will, in the season of Memorial Day, make the indifferent public remember the sacrifices which have been made for them by the boys who gave their lives that our country might be saved, so that they wear the poppy in reverence and sincerity, and not as a red tag they could not avoid buying—then indeed the first and greatest mission of the poppy sale has been fulfilled.

## BOYS CONVICTED AS DISORDERLY

(Continued From Page 1)

kerosene pumps were totally dismantled and one of the electric and one of the small pumps thrown overboard; an axe had been used to hack the ship in several places; the masts were badly hacked; the ventilators and hatches were also chopped; an effort was made to chop a hole in the bottom of the big ship, but this failed, and some one tried to bore holes in the hull with some 3-16-inch drills, but the drills broke and felled the plans; an outboard displacement boat lying on the deck of the SC-430 had a huff, chopped in the bottom and was pushed overboard; tools, auto ignition parts and many smaller repair parts were also missing; a Delco lighting unit on board was badly damaged.

Some personal property of Mr. Compton was also taken. The approximate value of things missing and damage done to the ship is \$1,000.

Some Articles Returned  
A list of the articles either up by the local police is as follows: 1 pump, 1 electric drill, 1 extension light, 1 box of reamers, 1 plane, 4 magnets, 1 generator, 1 box of drills, 1 can of paint, 1 pair belt cutters, 1 box of wrenches, 1 box of stocks and dies, 1 gear wheel, 1 basket of parts, 2 boxes of parts, 1 clamp, and two chairs.

Sunday morning, when the damage was reported to the local police, Officer Coote got a "tip" on who some of the boys were, and in a short time had thirty boys at the Riverton Fire House with the goods they had taken. State Troopers Horn and Small of Bridgeport, assisted Officer Miller and Director of Public Safety Edward R. Williams worked on the case.

Sixteen Convicted, Fined  
The following boys were convicted and fined one dollar each and \$4.25 costs: Ted Hulin, 13; Redman Merrill, 16; Robert Knight, 15; Jack Reid, 13; James Wilson, 10; Eric Kline, 10; Dewees Howell, 18; William Steele, 18; Edward Paulus, 12; Newell Hulin, 11; Henry Natsky, 12; John Ferrell, 12; William Evans, 15; El Brown, 14, all of Riverton, and Milton Kern, 15, and Jack Windsor, of Palmyra.

Recorder Froth told the boys that each one must report to the Director of Public Safety once a month for a period of six months as a check on their behavior.

Following the trial the Recorder called upon Judge Frank F. Neutze, of Camden, to say a few words to the boys and their parents. The Judge said he was representing the owners of the boat and that the fine inflicted at the Tuesday evening trial did not relieve the boys from obligation to the owners of the ship. The boys must recompense the Marine Fuel Supply Company for damages done to its craft and for the articles still missing. In the event the boys do not settle up, a civil suit will be brought about and, as Judge Neutze stated, a judgment will be given against the boys who do not pay, and that judgment will stand for twenty years.

Mayor Rogers Speaks  
Mayor Howard M. Rogers spoke briefly and stated that such an affair was a disgrace to Riverton. He also said some of the boys seemed to take the matter lightly, but such a thing was no laughing matter. The Mayor concluded by saying he hoped Riverton would have no more trouble of this kind in the future.

Edward R. Williams spoke to the boys and their parents as head of the Police Department. Mr. Williams said: "It is a shame to have such a thing as this happen in Riverton. For several past the police have received complaints about things being stolen from boats on the river and the thing has always led to suspicion of persons in other towns. But if you boys are brought into a police court and have a record you will be suspected whenever there is trouble."

**The Peak Load of Expense comes in the Fall.**  
**so buy your coal in the Spring**

Some of your household expenses are immovable and you have no choice of the time they fall due.

But your fuel bill is not one of these. On the contrary, you can just as readily buy your coal in the Spring, when your other expenses are lightest, as in the Fall, when your other expenses are much heavier.

Furthermore, at this time of the year we are able to offer you low prices on all sizes of Old Company's Lehigh Anthracite—the pure, hard coal used by generations of American families — "The Best Since 1820."

### PUBLIC SERVICE

will be suspected whenever there is trouble."

The Director asked the boys to consider the police as their friends and not run every time a "cop" comes near. If the boys get in trouble Mr. Williams advises them to go to the officer and tell him his troubles and the officer will gladly help you out.

Officers Are Friends  
"We, the officers of this town, want to see every boy grow up to be a credit to his family and his community, so that when manhood is reached the people may say, 'there's one boy who never caused anyone to worry or shed a tear by misbehaving,' were

the closing remarks of Mr. Williams. State Trooper George Small asked the older boys to set a good example for the smaller boys and in that way help eliminate one of the causes of crime.

At the preliminary hearing Sunday morning Mr. Compton said this boat and also his cruiser had been tied up at Pier 53, Philadelphia, all winter, and the only thing he missed was a small hand extinguisher. "Certainly," he said, "when I stopped at a place like Riverton I did not anticipate anything of this sort. Eight more boys and three girls will be arraigned before Recorder Froth next Tuesday evening."

# The Truth of the Matter

As one of the originators and incorporators of the Community Ice Company, of Riverton, now of Riverside, N. J., I feel that I am in a position to speak with certainty concerning its aims and purposes.

The Community Ice Company was organized in 1926 for the purpose of getting the distributors of ice working together in a way that would eliminate duplication of routes, thereby reducing costs and permitting the distributors to reduce prices to customers, and at the same time make a profit which would enable them to use their equipment for the delivery of ice only — ensuring sanitary conditions in handling.

It has never been, and is not now the purpose of the Community Ice Company to create a monopoly, nor to crowd anyone out of business.

It resorted to the cut rate for selling ice only as a measure of self-defense, after the cut prices had been put in effect by its competitor in territory covered by the Community Ice Company.

When this price war is over, the Community Ice Company will sell ice at 60c a hundred—the metropolitan price.

## ANOTHER COUNTY SALARY BOOST

Ellis H. Parker Changed to "Special Officer" and Raised to \$1000

Another salary boost in Burlington County went into effect last Friday when Prosecutor George M. Hillman appointed Ellis H. Parker as special officer at a salary of \$1,000 a year. The appointment was signed by Charles R. Blig, Judge of the Court of Common Pleas. Parker has been serving as chief of county detectives at a salary of \$3,350 a year.

Freeholder Stout said that when the budget was made up the first of the year it was understood that no salary increases were to be provided for. The three salary increases already forced on the Board of Freeholders, he said, together with the expenses of the newly-created district court, had added nearly or quite \$20,000 to the anticipated expenses of the County for this year, for which no provision had been made.

Salary Boosts Inconsistent  
Mr. Stout pointed out that the very group which had run its candidates on an "economy platform" in the last campaign, had been responsible for three boosts in salaries. He said he did not see how taxes were to be kept down if salaries and expenditures were to be forced up.

Mr. McCormick, director of bridges, said his department had been seriously handicapped by a cut of \$10,000 in his budget in the interests of economy. He did not seem to think that, under the circumstances, the salary increases were very consistent.

Frank A. Mathews, Jr., of Palmyra, the new Judge of the new District Court in Burlington, sent his official taking oath of office, and gave notice of his appointment of Albert J. Wilkinson, of Bordentown, as clerk of the Court.

Darby Confirms Heiser  
Freeholder William J. Heiser reported that the clerk of the Board of Freeholders had asked the advice of Walter R. Darby, commissioner of public accounts, as to the proper procedure in providing for the salaries of the newly-appointed special officers in the County.

Mr. Darby had advised that the transfer of the payment of salaries from one department to another created an emergency in that department, and that authorization for the issuance of an emergency note for the full amount must be made. This decision confirmed the action taken by the Board at the last meeting. Mr. Heiser at the previous meeting.

It was understood, of course, that the note would not be issued until the money is actually needed, and then in only such amount as is required to cover the difference between the amount provided in the original appropriation and the sum required by the increase in salaries.

Following Mr. Heiser's report the Board passed a resolution declaring an emergency exist in the detective department, and authorizing the issuance of an emergency note in the sum of \$4,462.50, to be charged against the detective department.

The salaries involved are those of Special Officers Cane and Carbine, now attached to the detective's office, and that of the Chief of Detectives Parker, who is now a special officer, which classification, in the case of all three, carries the higher salaries they had been getting.

The change in status of these men, together with determination of their salaries, is vested in the prosecutor and judge. The Board of Freeholders, which must pay the salaries named, has no voice in the matter. This also applies to the creation of the new District Court, the appointment of its judge and officials and their salaries.

Director Heiser reported his approval of the repairs to the coal trestle at New Lisbon recommended by the railroad company. He called attention to the fact that this siding was also used by Four Mile Run, which must be repaired. He recommended that the State be asked to bear half the expense of the repairs, which will cost between \$400 and \$500.

Wants to Know His Job  
William J. Stout, County First Marshal, appeared before the Board and, after thanking the members for his appointment, asked to have his duties defined. He was advised to confer with the County Solicitor.

Walter P. Sloan, chairman of the Township Committee, and Wesley Renshaw, assessor of Woodland Township, appeared before the Board to ask for financial assistance in obtaining a section of road near Chatsworth. This piece of road was formerly a part of the shore route, but was cut out when the new road was built last year, eliminating the bend. The cost of obtaining the legal claim, would be about \$2,500.

Freeholder McCormick pointed out that money for this work had not been included in the budget the first of the year, and Freeholder Stout, Director of Roads suggested that the Township Committee appeal to the State Highway Commission for aid. The reply was that the State had already promised to aid in the extension of the road to Jenkins. Mr. Stout, however, thought that the State might assist with the oiling, too.

Freeholder J. Lloyd Wright said he thought the County had some responsibility in the matter, since the road had carried County traffic for many years, and promised the delegation to do all he could to help them.

Department bills were ordered paid as follows: Roads, \$7,772.82; bridges, \$5,160.57; finance, \$334.15; public buildings, \$9,305.60; public affairs, \$6,122.96. Total, \$28,766.82.

## SUCCESSFUL YEAR ENDS MONDAY EVE

Theatre Party Caps Climax of Year for Calvary "Y" Group

Last Monday evening was the climax of a successful season for the Calvary Y. M. C. A. group, which is a group of the older fellows of Palmyra and Riverton, under the leadership of William H. Plank.

It was decided at the last meeting that the group would go to Philadelphia for dinner and to a show. So to town we went. And how those boys punished their dinner, which was served at the Golden Gate Cafe. The orchestra was especially obliging when they played "Woody River" at the request of the group.

After dinner we went to the Manteau Theatre for the show. Here the splendor of the place and also of the magnificent staged production completed an evening to be long remembered.

The only excitement of the trip was the losing of several members for awhile and the chase for the bus.

Next Monday evening the group will meet for the last time this season and possibly for ever, since neither the group nor its graduate are anticipating going on to college.

## PARENT-TEACHERS TO MEET TUESDAY

Palmyra Group Will Discuss Summer Round-Up of Pre-School Children

The Palmyra Parent-Teachers' Association will hold its last meeting of the season next Tuesday afternoon at 3:30 o'clock in the auditorium of the Delaware avenue building.

There will be a most important round-table discussion concerning the benefits of the summer round-up of children who expect to enter school in the fall.

Last year was the first summer round-up and all children were given a thorough physical examination by the school physician and nurse. Those who had not been vaccinated were given the treatment.

Children who are not in perfect health will be reported to parents so they may have the necessary attention given them during the summer months.

Mr. Elias Toy, president of the organization, wishes to express his thanks and appreciation to all members who so kindly helped in making the luncheon such a success last Wednesday, especially to the ladies in the hostess committee who welcomed the delegates and to the decorating committee who made the room so attractive.

All parents are urged to attend the meeting next Tuesday afternoon, Delaware avenue building, 3:30 o'clock.

## HOLD MAY FROLIC FRIDAY EVENING

Palmyra Seniors Will Give Finest Dance of the Year

The "May Frolic" to be held in the Palmyra High School gymnasium, Friday evening, under the direction of the Senior Class, promises to be one of the finest and most colorful dances staged in the High School this year.

May colors and flowers will be in evidence everywhere in the decorations, which are being worked out under the guidance of William H. Plank, a member of the faculty.

Lazzaroli's "condollors" are to furnish the music for this brilliant affair. Every member of the High School is looking forward to one of the most delightful evenings they have ever enjoyed.

## WOMEN'S GUILD SERVES SUPPER

Chicken Supper Enjoyed By Many People in Adjoining Towns

A delicious chicken supper was served by the Women's Guild of the Episcopal M. E. Church, of Palmyra, Thursday evening, in the gymnasium of the Sunday School building.

Mrs. George Rival and her forty aides had everything very well in hand, which made for the prompt service so much appreciated by everyone.

The majestic radio which furnished the music during the supper was loaned by Lester S. Fortnum.

The fine coffee served was donated by the Maxwell House Coffee Company, of New York. The company sent a demonstrator to show the ladies how to make it in the new urn which they are thinking of buying.

About 400 guests enjoyed the supper.

## LADIES' NIGHT

On Wednesday next will be held the annual Ladies' Night of the Palmyra Assembly, Artisan's Order of Mutual Protection, in the auditorium of the Palmyra High School.

Brothers of the order are requested to reserve this night for the wife, mother, sweetheart and the kiddies. There will be a pleasing entertainment for all, young or old.

The regular meeting of the Assembly will be next Tuesday night. A class of twenty candidates will be initiated. Last month there was a class of thirty. A fine program has been prepared by the entertainment committee.

## WANT LIGHTS AND FIRE HYDRANTS

Councilman Hubbs Makes Plea for Residents of Shrewsbury Road

The matter of giving street lighting and fire protection to Shrewsbury road, which was before the Riverton Borough Council several months ago, was again brought to the attention of that body by Councilman Hubbs at the meeting last Thursday night.

Mr. Hubbs said that the residents there were taxpayers and should receive some consideration. Mr. Randall pointed out that when the subject was up before, the property owners were advised that if they would put the street in good condition and lay curbs, the Borough could then add the street to its highway system and install street lights and fire hydrants. Until that was done, Mr. Randall said, he did not see that the Borough could do anything in the matter. He thought the next step was up to the property owners.

Cites Bank Avenue  
Mr. Hubbs, however, maintained that, as taxpayers, the residents of this section had a valid claim to the things for which they asked, and cited Bank Avenue as a case in point. Bank Avenue, he said, while held to be privately owned, had both street lights and fire hydrants maintained at Borough expense. It was finally decided that Mr. Hubbs would confer with the petitioners and try to arrange for having the necessary improvements made so that the Borough could take over the street.

Mr. Hubbs, as chairman of the highway committee, reported that the graveling of Broad street, south of the railroad, was well under way and would be completed in a short time. In connection with this work, Councilman Clelland presented a letter from the Pennsylvania Railroad Company, offering to supply sufficient concrete screenings to surface the roadway now being improved if the Borough would do the work. The letter also said that an additional supply of this material would be available for use on other streets in the Borough.

The letter was referred to the highway committee, and the clerk was instructed to send a letter of thanks to the company.

New Street Lights Installed  
Councilman Randall, chairman of the street lighting committee, reported that he had installed a gas light at Second and Elm avenue, one at Fifth and Elm, and had moved the lamp on Elm avenue to Broad street. A double gas lamp had also been installed at Seventh and Elm, and an arc light placed on Broad street between Fulton street and the creek. These installations are changes in location on Elm avenue cleared up a matter which has been a subject of contention for some time.

The police committee reported 14 lockers in the lock-up during the month, and that a large number of boys had been implicated in the removal of property from a boat tied up at the Riverton wharf. Sixteen of the boys had been fined for disorderly conduct and faced a civil suit for damages by the owners of the boat.

Mr. Williams said that this was the most serious offense against law and order that had been committed since he had been in the police department. This action of outburst he said, was the direct and natural outgrowth of an attitude of mind on the part of the boys which had for some years been finding expression in destruction of property on Halloween nights and at other times. He said that it

## MISS FLORA DAVIS ELECTED PRESIDENT

Popular Riverton Girl Heads College Dramatic Society

Miss Flora Davis, of 104 Main street, Riverton, a member of the junior class at the New Jersey College for Women in New Brunswick, was recently elected president of the Mimes, the college honorary dramatic society, to hold office during the coming year.

Miss Davis has been an active worker for the Mimes during her entire college career. She has worked on the stagecraft club and has produced as well as in dramatic interpretation, and served on committees for the production of the Little Theatre Workshop Group of which she is a member. Miss Davis has also appeared in important roles of the Theatre Workshop.

Monday next, being the Annual Meeting of the Riverton Free Library Association, no books may be taken out that evening after 8 o'clock.

## LEGION AUXILIARY TO SELL POPPIES

Memorial Flowers to be Sold May 18-25 By Palmyra Unit

Honor the Dead and Serve the Living!

This, according to the current issue of the American Legion Auxiliary bulletin, is the battle cry with which we are going into our annual Poppy Sale this coming week—May 18-25.

There is a great double purpose to achieve in this sale—to bring about the honoring of the memory of our World War dead through the general wearing of the memorial flower, and to provide the American Legion and its Auxiliary with the means of carrying forward their work for the living victims of the war throughout the coming year.

Upon the success of the Poppy Sale depends the success of the widespread rehabilitation and relief programs of the American Legion and Auxiliary. Without the funds which they derive from the sale of the poppies, they would be forced to abandon many of the splendid activities through which they have rendered such real service, and which have been such a big factor in building these organizations to their present strength and standing.

Every unit, realizing this, will put its fullest energies into the sale to make it the greatest possible success this year.

For this worthy cause, the local unit of the American Legion Auxiliary, Unit No. 156, asks your hearty support and co-operation. Don't forget that every penny which is dropped into the boxes of the poppy sellers goes to aid the maimed, their families, and the families of the dead.

Read carefully the report of the rehabilitation work done by your local Post and Auxiliary and see how worth while it is to make a generous contribution to this sale.

The American Legion and Auxiliary give the following report of their work since their last Poppy Sale in May, 1928:

## NEW BOULEVARD LIGHTS PLANNED ON BROAD STREET

Councilman Tells of Progress of Work at Chamber of Commerce Meeting

LOYAL D. OHIDNER IS SPEAKER OF EVENING

Stresses Need of Cooperative Sales by Merchants to Draw Business

A meeting of unusual interest was held by the Palmyra Chamber of Commerce in its new headquarters in Society Hall Tuesday night.

Loyal D. Ohidner, executive secretary of the Camden Chamber of Commerce, was present and made a fine address on the possibilities of South Jersey.

At the regular business session several items of interest were discussed. Frank A. Soverer explained the plans for the widening and improving of North Broad street.

According to the plans, beautiful boulevard lights will be installed on the main thoroughfare every hundred feet from Morgan avenue to Lecony, with one on Cinnaminson avenue north of Broad.

The new lights will be of 600 candlepower each and mounted on steel posts, known as boulevard standards. An underground system of wiring will eliminate unsightly overhead wires.

The present lighting system will necessarily be removed when the street is widened.

**Peddler Ordinance**  
Mr. Soverer mentioned the necessity of property owners looking over their gas and water pipes leading from the curbs to the buildings and replacing them, if they are not in good shape, since the street cannot be opened for a period of five years after the improvement is completed.

Notices to this effect will be mailed by the Borough solicitor to all interested.

The question of an ordinance to license peddlers was again discussed and a committee named to bring the matter to the attention of the Borough Council again next Tuesday evening.

Upon the advice of Mr. Ohidner a committee consisting of Charles K. Mervine, Samuel Freeman and William H. McAllister was appointed to work with the municipal authorities on the question of permitting buses to open their doors to intra-state passengers.

It is understood that the only thing holding up this action on the lines serving Palmyra is the Pennsylvania Railroad. Other lines not paralleling the railroad have already been given permission by the Utilities Commission.

**Timely Suggestions**  
Mr. Ohidner in a short, but interesting, address offered some timely sug-

gestions for carrying out the aims of the Chamber in getting industries to locate in the Borough. He suggested erection of large highway signs, along the railroad and along the White Horse pike, below Berlin, inviting manufacturers to come to Palmyra and look over its industrial possibilities.

Another method suggested was to appoint a committee to get in touch with Mr. Petterman, who is industrial agent for the P. R. R., and work with him in getting manufacturers located in the Borough.

Mr. Ohidner called the attention of the merchants to the necessity of co-operative advertising, similar to that done by Camden merchants in their Dollar Day and Thrift Sales.

He said that by running sales of this kind a large amount of business could be attracted to Palmyra.

Mr. Ohidner closed with a very enthusiastic description of the greatness of South Jersey and awakened in the minds of his hearers a new appreciation of this section.

**ROTARY ANNS IN "TALENT NIGHT"**

The regular meeting of the Rotary Ann Club was held Monday evening at the home of Mrs. J. Horace Finney. After the business session and a study period in parliamentary law, the evening was given over to the entertainment committee, Mrs. C. N. Tibbles, chairman.

The evening was known as "Talent Night" among the members, and a very enjoyable entertainment was carried out. Mrs. Everett Wolcott, Mrs. Harry Williams and Mrs. John S. Warner, presented a sketch, entitled, "Answering the Telephone," which was very cleverly done.

Mrs. Charles Graham played a piano solo very charmingly, while the hostess, Mrs. Finney, delightfully recited, "Will There be Any Whistling in Heaven?" and Edgar Guest's poem, "The Sorry Hostess."

## Crack 112th Field Artillery, Camden, Entering Horses in Gymkhana Events

Military Riders Also to Take Part in Saddle Classes and Present Spectacular Maneuvers; Mrs. S. M. Goucher, Noted Exhibitor, Picked as Judge

One of the new and spectacular entries in the annual Horse Show and Gymkhana to be held at the Moorestown Field Club on Saturday, May 25th, will be the 112th Field Artillery, of Camden. Besides the several entries in both the saddle classes and Gymkhana events, they will present some special maneuvers.

Two new classes have been added this year which will be of special interest to farmers and children. A Heavy Team Class and a Driving Pony Class. The other classes include:

Class 1. Shetland Ponies, small.  
Class 2. Ponies other than Shetland.

Class 3. Five-Gaited Saddle Horses.  
Class 4. Gymkhana Event, Potatoes.

Class 5. Qualified Saddle Horses over 15.2.  
Class 6. Novice Saddle Horses over 15.2.

Class 7. Largest Saddle Horses.  
Class 8. Gymkhana Event, Night Shirt Race.

Class 9. Green Hunters.  
Class 10. Gymkhana Event, Saddle Race.

Class 11. Novice Saddle Horses, 15.2 and under.  
Class 12. Qualified Hunters.

Class 13. Gymkhana Event, Bending Race.  
Class 14. Pairs of Hunters.

Class 15. Qualified Saddle Horse, 15.2 and under.  
Class 16. Championship Saddle Horse Classification.

Mrs. S. M. Goucher, who has shown both saddle and driving horses at the West Jersey, Devon, Bryn Mawr and Philadelphia Indoor Horse Shows, will be one of the judges. Assisting her will be Mrs. Canon of Ardmore, also widely known in Horse Show circles.

William F. Reeve, of Moorestown, is chairman of the Horse Show. Among the exhibitors will be F. Wallis Armstrong, Ralph L. Freeman, Henry T. Hall, Brown, Irving A. Callow, of Moorestown; Jacob Ridgway and John Bishop, of Columbus; Stanley Groves, Jr., of Riverton; the Womans Military Academy; and many others.

The Horse Show and Gymkhana is given for the benefit of the Cinnaminson Home, which cares for convalescent women and children. There will be a fete and cafeteria supper served in connection with the Horse Show events, and the day ends with a dance at the Country Club in the evening.

**TOO MUCH IF ANY**  
The Spatts had been at it again.

And furthermore, said Mrs. Spatt, concluding her long tirade, "you certainly aren't much of a husband." "Well, my dear," her husband, retorted weakly, "I can truthfully say you are a lot of wife."—Tit Bits.

## Farmers' Market New Fete Feature

The Farmers' Market will be a new feature of the Cinnaminson Home Fete at the Moorestown Field Club Saturday, May 25th.

It will open at ten o'clock in the morning in order that housekeepers may do their week-end buying. Orders for chicken, salad, rolls, cottage cheese will be taken in advance by phoning Miss Mary L. Thomas, Riverton 645-R.

Vegetables from nearby farms are being donated for the benefit of this worthy charity.

## McCarthy to Visit HERE MAY 21-22

Preparations are under way in local K. of C. circles to receive the special agent from the supreme body of the K. of C., and members of St. Joseph's Council recently received word that they will have an opportunity to meet the representative on May 21 or 22.

A program of entertainment, followed by refreshments, is on the card and a large turnout of local Knights is expected by the officers of St. Joseph's Council.

P. J. McCarthy is the representative of the Supreme Council, Knights of Columbus, and will address members of three New Jersey Councils during the week of May 20.

Mr. McCarthy is one of several special representatives who provides a contact between the headquarters of the Order here, and the more than 2,000 subordinate Councils in the United States, Canada, Mexico, Cuba, Porto Rico, and the Philippines.

Special Council meetings will be called in the cities Mr. McCarthy will visit in order to give the local members of the Order an opportunity to hear him.

He will arrive in Wildwood on Monday, May 20, and will be the guest of Wildwood Council on that date. On May 21 and 22, he will visit St. Joseph's Council in Riverton-Palmyra, and on May 23 and 24 he will meet the officers and members of New Brunswick Council in New Brunswick.

Mr. McCarthy's visit will mark the first time in a year that these Councils have played host to a representative of the Supreme Council and it is reported that each Council will turn out its full membership to hear him.

During the course of a year the representatives of the Supreme Council travel thousands of miles in order to meet the officers and members of each Council. They offer suggestions and advice in the conduct of Council matters and in turn receive suggestions and information beneficial to the Order at large.

### "KONJOLA PROVED TO BE MORE THAN JUST A MEDICINE"

Lady Tells How Famous Compound Quickly Banished Rheumatism

MRS. KATY GIDUSKO

"Konjola proved itself to be even more than the master medicine," said Mrs. Katy Gidusko, Wynn, Pa. "Rheumatism had almost made a physical wreck of me. Dull pains in my limbs kept me awake at night. An upset stomach added to my misery. After every meal my stomach seemed to be on fire and I belched up sour, hot liquids."

"The first bottle of Konjola had such splendid results that I was astonished. Just two weeks and every sign of the dreadful rheumatism had vanished. I am eating anything that I like. Every symptom I had has vanished. Konjola did it, and I am a living and happy proof of the amazing powers of this master medicine."

Konjola is sold in Riverton at L. L. Keating's store, and by all the best druggists in all towns throughout this entire section.

# ELECTRICITY

## and YOUR POCKET BOOK

THERE are few investments that bring you a more satisfactory return than investment in electric service—a return paid in currency

which represents increased comfort and increased convenience. It is not only desirable, it is economical to have a home that is

—properly lighted with electricity so as to conserve eyesight and make every room livable,

—provided with electric refrigeration, so that food lasts longer and tastes better,

—equipped with electric laundering appliances, so that labor is reduced and washing results satisfactory,

—adequately supplied with outlets that permit the use of vacuum cleaners and other helps to efficient housekeeping,

—properly wired, so that you can call electricity to assist you whenever you want light or power.

Consider the cost of electricity in terms of service it performs and you will no longer deny yourself the many conveniences that come with full utilization of electricity in the home.

## DELANCO TO HEAR FAMOUS ORATOR

Mary Harris Armistead to Speak at M. E. Church Sun day, May 26

Burlington County is again to be specially favored by the presence of Mrs. Mary Harris Armistead, L.L.D., the "Georgia Cyclone," who will speak in the Delanco M. E. Church Sunday evening, May 26.

Mrs. Armistead, as Burlington Countyans will remember, was in the County last October, at which time she spoke in Moorestown, Burlington and Delanco. This time her only address in this part of the State will be in Delanco. She is at present addressing audiences in New York State and will come down here especially for her Burlington County friends.

Mrs. Armistead, who is an enthusiastic worker in the Women's Christian Temperance Union, is an ardent prohibitionist, and it was largely through her efforts that Georgia went so over-whelmingly "dry." Her audience is assured of hearing an inspiring and helpful prohibition talk.

Newspapers all over this country and abroad wherever she has spoken have been very profuse in their tributes to her eloquence and ability, and as "The Outlook," New Zealand, says, "She is undoubtedly among the foremost of the world's orators at the present time."

The Delanco Y. M. C. Choir will render special music. Everybody is invited. There is no admission charged, but a silver offering will be taken. Come out and hear the "Georgia Cyclone."

### PLAN CONVENTION

A forward step in the work and program of the Young Men's Christian Association is indicated by the plans outlined by the State Association for the coming State Convention to be held at Atlantic City, May 21-26.

The general theme of the Convention will be "Christian Character Education," and Bishop Francis J. McConnell will be the speaker at the convention, which will convene at Hotel Morton, taking as his subject, "Building Worthiness of the Foundation."

Governor Morgan F. Larson will be the honored guest at the Saturday evening session and Dr. T. Z. Koo, of China, will also address the delegates at the Saturday afternoon and evening session.

### LEGION AUXILIARY

County meeting will be held in Bordentown Friday evening. Let's go!

Members—don't forget our Penny Sale begins Saturday. Every member is urged to help in this sale, for all know how much depends on the success of this annual sale.

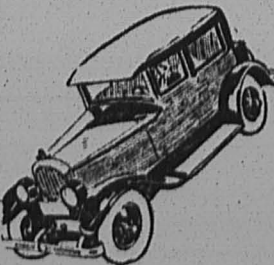

We have laid in stock our afternoon card party. Watch for announcement of new date.

Memorial Day will soon be here. We would like to see a number of those new uniforms in line of parade this year.

### GOOD PRESSING

Pressing is all-important in home-sewing. When making a worsted garment, especially, the iron should be brought into play for every seam as it is sewn. For cloth pressing, place a dry cloth over the material and sprinkle lightly with water; do not dip it into water.

## FREEMAN STORE FOR MOORESTOWN

Palmyra Merchant to Open Branch on Main Street in Near Future

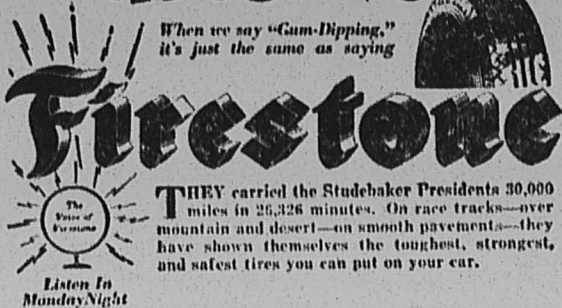

Samuel Freeman, of Freeman's Economy Store, Palmyra, who is announcing one of his famous Dollar Sales in the advertising section of this newspaper, has also made announcement of the opening of another Economy Store in Moorestown. It will be located on Main street in the building formerly occupied by the Atlantic and Pacific Tea Company and will be ready for business about June 1.

The Moorestown store is now being remodelled. It will have a fine, up-to-date front and show windows and will be thoroughly modern throughout. A large number of windows make it exceptionally light and cheerful.

Freeman's Economy Store, as the shop will be known, will carry a full line of men's, women's and children's wearing apparel and shoes. Mr. Freeman, who moved to Palmyra seven years ago, after having been a resident of Moorestown for more than ten years, enjoys a wide experience in his business and has achieved unusual success in Palmyra, attracting a clientele from all over this section of the county. His dollar sales, which were the first in this section, are always big merchandising events, long anticipated by hundreds of thrifty shoppers, many of whom are Moorestownians, who have been driving to Palmyra to take advantage of the fine offerings.

"There is no secret to the success of our big sales," says Mr. Freeman. "We have gained the confidence of the public by always giving a square deal. My long experience in the business has enabled me to learn where to buy at right prices and establish unusual purchasing connections. Naturally I am willing to pass the benefits along to my customers who have always shown their appreciation by the confidence accorded my store."

## Hoover Oils the Old Machine

President Hoover has done so many important things in such a short time that even the cynical press gallery in the White House is wondering if they did not have the wrong man in the White House. Presidents come and Presidents go, but the old machine was on, they say. I never occurred to me that an engineer might tighten up a bolt here, and a nut there, and take a can of new high speed oil, and lubricate the old thing. That's what Hoover has done. He has oiled the machine that made the wheels go round, and the tick-tack tick needed replacing. He saw that the machine was in need of oil, and he quickly he put in the replacement.

Notice that he has said or done has caused as much enthusiasm as the election of the public as much as the election of the public. He approached his subject in no sentimental or platitudinous manner. He neither flattered nor referred by name to any particular law or law-breaking. Accustomed to dealing with statistics and with analyzing conditions as pictured in figures, he struck at the breakdown of all law, and he so placed his words that they hit no special class of offenders, neither did they call on any particular class of defenders to put down the offense.

The President's new sort of social leadership, and it is creating tremendous interest in Washington. In the minds of many it presages continuing emphasis of the Hoover administration on this phase of American civilization.

## Look Out for Blasting Caps

A nationwide campaign is being carried on to help prevent accidents due to blasting caps, because of the large number of children crippled annually through handling these misshapen-looking objects.

Radio E. D. Duff, agricultural engineer at the South Dakota State College, has sent out this warning to farmers contemplating work with explosives.

More than 200 children in the United States were crippled last year in playing with blasting caps.

The common No. 4 cap is a little over an inch long and a couple of inches in diameter. It is the size of a 2 1/2 rifle cartridge. The cap looks harmless because they appear to be empty. They are not. They are loaded about half full of an extremely quick-acting and powerful explosive, fulminate of mercury.

"This explosive is very sensitive. It will explode from a quick jar or shock. It will also explode in coming in contact with a hot substance or surface. And still more dangerous, it may explode from friction or scratching." This warning should be taken to heart by all who use these blasting caps. A little care, and tragedy can be averted.

## The Roosevelt Memorial

Shortly after his death in 1919 a group of his friends formed the Roosevelt Memorial Association and raised a fund of about \$1,750,000. The aim of the Association is to erect a monumental memorial to Roosevelt in Washington, as well as to promote the ideals of Roosevelt in other ways.

Now the efforts of the Association are coming to fruition. Steps have been taken to erect the monumental memorial. A site has been selected, an architect chosen, a design submitted to Congress and one million dollars appropriated from the Association's fund.

In addition, the Association sponsors the Roosevelt Distinguished Service Medals, and has made an extensive study of all documents relating to Roosevelt's career. It has published a popular edition of Roosevelt's literary works and in other ways has disseminated knowledge of the great American president.

The record of the Association is solid rather than showy. There has been no beating of the tom-tom. There has been a quiet, dignified effort to keep the Spirit of Roosevelt alive in the hearts of all Americans. We are only too glad to express our appreciation of this noble and public-spirited work.

## Those Little Red Poppies

The public, tired of "days" and weary of "weeks," impatient of "drives" and suspicious of all highly organized appeals for "causes" good, bad and indifferent, opens its heart and its pocketbook when the little red poppies bloom along the city streets.

Who can read without lively satisfaction the accounts of the Legion's preparation for Memorial Day? Plans are being made with a thoroughness that promises well for the day's richness as a national and local manifestation of honor to the men who died or were injured in their country's defense, and there is fine fitness in having the tribute to the heroes of all wars managed by the veterans of the latest war.

One blenheim whose dreaded appearance can be and is being forestalled is the inevitable attempt by some to exploit the veterans to capitalize the almost universal openhandedness, and to collect money without authorization and to the prejudice of the public and consequent injury to the proper beneficiaries. That there will be fakers on the streets is a foregone conclusion. Legion officials have issued a warning against them.

What the Legion can't say but we can is this: In the last analysis, it is better to risk giving a nickel, dime or quarter to a faker than to use the presence of fakers as an excuse for withholding the coin.

But the collection is sufficiently well safeguarded so that there should be no difficulty in making sure the money goes to authorized collectors and we who don't mind posing as prophets are willing to venture the prediction that this Memorial Day will see the poppy crop sold at top prices—Philadelphia Record

Experience will cure greenness, the blues can be eliminated by fresh air and exercise, and a fortune will soothe the most inflamed red, but nothing can be done for a yellow.

## ARMY RECRUITING RESUMED

Captain A. J. McMullin, recruiting officer for the army at Fourth and Market Streets, Camden, announces that recruiting for the army has been resumed. There are vacancies now in the infantry, field artillery, coast artillery, engineers, signal corps and medical department in the Hawaiian Islands and in the infantry and field artillery in the ninth corps area which includes the states of California, Washington, Oregon, Montana, Idaho, Utah and part of Arizona. Men enlisted for any of these vacancies are sent by transport through the Panama Canal to San Francisco, California.

of Five-cent Cigars

To the gentlemen of the smoke jury—to you men who have reached the decision that you just can't get a good smoke for five cents—we want to offer some new evidence. All we ask you to do is to try one more five-cent brand: Bayuk's Havana Ribbon. You're going to be surprised! At last, for the small sum of five cents, you can get a cigar made entirely of ripe, long-riper tobacco. Never heard of such a thing? Maybe not. But it's a joy's reality now. Not a strand of bitter, raspy under-ripe nor a trace of insipid over-ripe tobacco usually found in low-priced cigars. Nor any short, loose ends to crumble in your mouth. No, sir, Bayuk's Havana Ribbon has the fragrance, mellow-mildness, rich flavor of fine tobacco at its best. Because every leaf is fully RIPE. Risk one nickel, men—at any nearby cigar counter. Or, better still, try a Practical Pocket Package of five cigars.

## HE SPRAYS HENS

THE NEW FARM PLAN  
HEADS AND FISTS  
FIRST AID FOR HOOVER

Thousands that would not read an Einstein pamphlet will read this. Walter Dorney, colored, of Atlanta, Ga., confessing to chicken stealing on a wholesale basis tells the judge, "I just sprays them with chloroform. Then stand back and wait. In about five minutes they flop off the roost and are ready for my sack."

That is more interesting to most of us that the distance of the farthest star.

The "William and Mary" plan to subsidize exports of farm products is rejected by Mr. Hoover. The Senate plans, nevertheless, to try it.

The plan is to give farmers export-bonus wheat, etc., a bonus of one-half the American tariff on all the wheat or other farm products exported.

After consulting the Departments of Agriculture, Commerce and the Treasury, Mr. Hoover says the plan would enrich the speculators and reduce world prices, since foreign markets would have to meet the competition of subsidized products.

Also, says the President, the plan would cost the country \$200,000,000 a year, cause much bankruptcy and it would not solve the farm problem.

Farmers will cease moaning when they realize that the bonus money would be paid not direct to them but to MERCHANTS EXPORTING PRODUCTS.

It needs "no ghost come from the grave" to tell farmers how little they will get of that bonus. Wheat gamblers and middle-men would get it. The farmer in his taxes would have to pay part of it.

Mr. Tunney, world heavyweight champion, retired, has been visiting George Bernard Shaw, on a small, sunny island in the Adriatic Sea.

Tunney is barely thirty. Shaw is seventy-three. And Shaw, who has NOT retired, has no idea of retiring. The head lasts longer than the fists.

Eight hundred delegates to the Red Cross Convention called upon President and Mrs. Hoover, and contributed first "First Aid" by refraining from the usual hand-shaking nonsense.

Why eight hundred intelligent human beings should want to squeeze the joints of the hand and tug at the muscles in the arm of a busy man is not easily understood. Handshaking should be abolished, since it means nothing and spreads germs.

Germany permits all survivors of the Emden to add "Emden" to the rest of their name. Thus, Friedrich Garbe is Friedrich Garbe-Emden. The Emden destroyed eighteen destroyers and one cruiser before an Australian cruiser ended its career. On the same basis Colonel Lindbergh would call himself Colonel Lindbergh-Atlantic Ocean.

## PEACHES NEED GOOD SITE FOR PROFITABLE GROWING

"Plant the peach trees on a favorable site or be prepared to maintain an unprofitable orchard." In delivering this ultimatum to prospective planters, A. J. Parley, New Jersey extension pomologist, says that in this day of keen competition between growers in many parts of the country, only the well-located orchard has any chance to make a profit.

## BOTTLE CLEANER

Fresh milk bottles and fruit jars call for one of the inexpensive bottle brushes. Their long handles make the task an easy one. In summer, also, one should be careful to clean out the can after any fruit or vegetable is emptied out, before throwing the can in the rubbish.

## Why Blame the Colleges?

Not so very long ago, a man prominent in the business world created a sensation by his caustic criticism of college girls.

"When they graduate from college," he said, "they are thoroughly ignorant of a lot of things they ought to know. Their brains are twisted by psychology, logic and philosophy and a lot of other stuff that only the man or woman who intends to make it his or her life's work should meddle with. And, along with this useless learning, they have acquired another sort of education that they might well do without. I refer to cigarette smoking, the use of slang, paint powder, lipstick and high-heeled shoes."

To my mind, this man is unfair in his generalization. There are all sorts of college girls, just as there are all sorts of school girls and business girls. Why blame the college for the perversities of human nature? College girls, just like any other girls, know that cigarette smoking is harmful, but most of them smoke because it makes them feel smart and sophisticated. For the same reason they use rouge and lipstick and slang and "speak" best shoes. This is their idea of fun, but it is worthwhile when it takes away from their sweetness as well as their strength of wholesome girlhood.

In the matter of high-heeled shoes I heartily agree with this critic. They are actually physically injurious for a number of reasons, chief among them being that they throw your whole body structure out of line and displace organs that bring pain and suffering in later life. They jar your backbone with every step. They make you staid and sedate, stiff and rigid. And why not since the high heel is nothing more or less than a short stiff stick. It is the parallel of the stumps and cruel practices of foot-binding in China, that the rich and the Chinese are not abolishing.

But with the low-heeled—or better still, the heel-less shoe, your whole mental outlook changes. Try it and see. The delicious freedom of feeling it gives invited you to run and skip as you did when a child. You will be glad to be alive.

To get back to the college girl—The colleges themselves are not above criticism. In the past they have been notoriously lacking in their attention of the requirements of health. The girls and boys have added themselves into semi-invalidism in order to pass examinations. Some of them even commit suicide. Education is useless unless it builds up the body, broadens the intellectual facilities, increases one's reasoning power and gives one the desire and ability to solve life's greatest problems. Such an education is a good mine of indefinite depth.

## ONLY NINE SURVIVORS

Nine survivors of the 23rd Regiment, which was taken command of General F. Buel Graham during the civil war, met in annual session in American fire house, Mount Holly, on Friday, May 3, the anniversary of the battle of Salem Church, Va., in which the regiment participated. Last year there were 19 at the meeting, which also was held in Mount Holly.

## WEIGHS 340 AT 20

Watach, Ind., Gerald M. Dean, 20, who weighs 340 pounds, asserts he would turn down any offer to go with a circus saying, "I will stay on the farm for there I am satisfied." For thirteen years he has lived on a farm near Urbana with his parents. Dean is six foot three inches tall, and is an enthusiastic baseball and football player.

**Schedule for Next Saturday:**  
Moorestown at Florence.  
Burlington at Delanco.  
Palmyra at Medford.  
Vincentown at Brown's Mills.

The Palmyra Community baseball nine was the victor in the classic contest of the Burlington County League scheduled last Saturday afternoon at the home of the Palmyra team, which was a double play over the keystone. Frappoli sent him to second with a sacrifice bunt. Peacock's single to second sent the runner home and Florence was out in front with only three outs needed to win the game.

Maurice Lippincott paved the way for his own defeat when developed a streak of wildness and assaulted two Palmyra batters, McCarty and King. Wenger got a hit and single to fill the bases when Peacock failed to cover first. Harper grounded to Scully, who nipped McCarty at the plate. Rogers whiffed for the second out.

As the hitting climax to this struggle between opposing boxmen, Flynn came up with two out and the baserunners crowded. It was clearly up to "Babe" as to whether his sterling pitching performance should be wasted or whether it should count for a win in the chase for the Burlington county flag. A single to right decided the issue as King and Wenger raced home.

It was the ending of a baseball classic, a struggle that will long be remembered when baseball is discussed hereabouts and goes far towards making Palmyra one of the most feared clubs in the league.

**Medford Next**  
The Community moved aggregation will journey to Medford next Saturday to meet the first half champs of last season. Many local fans are expected to make the trip to root for Manager's Rapp's crew of apple crackers.

Last Saturday's battle started out anything but the hurling classic it turned out to be. Florence was first to bat and "Babe" Flynn, pitching his first game of the year, started by walking two batters on single pitches. Things looked bad with three of the league's heavy hitters coming up.

Flynn braced and set them down on three easy chances without a runner advancing. Frankfield was out. Arenz to Wickman. A fast play, Krause to Wickman, retired Gotsch while Rhoda ended the inning with a roller to Arenz.

In the Palmyra half Krause, reached first on an error and took second while Arenz was being tossed out at first, but was unable to advance further.

**Three in a Row**  
In the second only three men faced Flynn. Frappoli, the first batter, singled but was later a victim of a double killing. Krause, Arenz to Wickman, Harper reached second in the last half on an error, after two were down. Rogers walked but Flynn was a strikeout victim.

The Woodmen were easy in their half of the third. Only three men faced the Palmyra hurler and all were easy outs at first. Arenz got a single during the home half after two were out but McCarty fouled out.

Gotsch garnered a single in the fourth but was forced out at second by Rhoda. Rhoda made a clean steal of second but died there. Only three men faced Lippincott in the last half.

A single and a walk put men on first and second in the fifth. In the fifth but no damage was done. The Palmyra batters went out in order in their half.

**Score in Sixth**  
The Woodmen scored the first marker of the game in the sixth when Frankfield singled and took second on Gotsch's sacrifice bunt. A short single to left score Frankfield when Harper was knocked out as the ball took a nasty bounce on the throw-in and struck the peppy backstop on the temple.

Harper showed his grit by getting up after a few minutes and resuming his position, giving a good account of himself during the entire game. The Palmyra half was uneventful.

Florence added another marker in the seventh when Lippincott doubled driving home Doyle who had singled. Gilbert was out when his lung fly was caught by King in left center. Lippincott held second. Woolston walked. Frankfield tapped to third, forcing Lippincott. Gotsch was out at first.

The seventh was one of Palmyra's two big frames. King was out. Frappoli to Peacock. Wenger singled to right. Woolston snagged Harper's fly in left center. Rogers beat out a hit to short. Flynn stroked with three on and two out Krause's grounder to short when through both Frankfield and Rhoda and Wenger scored. Wickman drove a fast one past short and Rogers raced home with the tying counter. Arenz ended the rally when he tapped to the pitcher.

**Fancy Fielding**  
Florence threatened to score in the eighth when Rhoda singled and took second on Frappoli's sacrifice bunt. Peacock hit a bouncer to third which Krause fielded cleanly and tagged Rhoda before he could get back to second. Doyle's hard smash to left looked good for a hit but McCarty took the ball on the bounce and rifled it to Krause in time for him to tag the runner for the third out.

Only three Palmyra bat bearers faced Lippincott in the home half. Both sides were retired in the ninth in regular order.

## PALMYRA GIRLS WIN TANK TITLE

Triangular Meet Boosts Points Total to 140½; Woodbury Scores 127½

For the second year in succession, Palmyra reigns supreme as the leading girls' swimming team in this section of the State.

The Palmyra mermaids won this distinction Tuesday when, competing in the final meet of the Inter-High School League, they showed their heels to entrants from three other schools and collected a winning total of 27 points. The meet was held in the pool of the Camden Y. W. C. A.

This total combined with those hung up in the three dual meets in which they contested previously, assures Maxine Metzner and her cohorts of the title once again.

The other schools scored Tuesday as follows: Pitman, 23½ points; Woodbury, 20½ points; and Haddon Heights, 15½ points.

The totals for the entire season are: Palmyra 140½ points; Woodbury, 127½ points; Pitman, 98½ points; and Haddon Heights, 72½ points.

**Meet Closer Than Expected**  
Although Palmyra won the meet Tuesday, the title-winning lassies encountered much stronger opposition than was expected and for the first time were forced to take second place in scoring first place in events.

Pitman team counted as finishing third behind Woodbury, flashed surprising form and captured three first places, the 20-yard novice race, the 20-yard breast stroke, and the 80-yard relay race.

The Pitman victory in the last-named event was the biggest upset, holds the league record of 48 seconds and Woodbury is credited with 50 seconds. Yet Pitman, with a team composed of Helen Klotz, Christine Emery, Louise Schull and Betty Nickell, breezed in ahead in 34 seconds flat.

Palmyra and Woodbury competitors won two firsts each in the remaining events on the list and Haddon Heights failed to finish in front in any of them.

**Favorites Win Events**  
There were no double winners, but Grace Sippel and Maxine Metzner won the events in which they were favored to emerge on top. Miss Sippel negotiated the 20-yard free style race in 13 3/5 seconds, extremely fast time, and sprinted in front of Margaret Ewell, Woodbury captain; Betty Nickell, Pitman's leading hope, and Elmira Browning, the Haddon Heights leader.

Miss Metzner, entered against a talented field in the fancy diving event, showed superior form to Jesse Barnes, Haddon Heights; Helen Rogers, Haddon Heights; and Mary Hughes, Woodbury, in the opinion of the judges.

In the 20-yard side stroke for form, Pay Lampton, of Woodbury, staged a fine performance, in front of Hazel Hines, Palmyra, and Betty Weigner, Haddon Heights.

The back strokes contest was a spirited affair, Mae Buckley, of Woodbury, finally winning, after being pushed by Leona Shortell, Palmyra, and Betty Nickell, Pitman, all the way to the wire.

The summaries follow:  
20-Yard Novice Race—Won by McCarty, Pitman; second, Tomlinson, Woodbury; third, Rhoda, Palmyra; fourth, Ireland, Haddon Heights. Time—14 2/5 seconds.

20-Yard Free Style—Won by Woodbury; second, Ewell, Woodbury; third, Nickell, Pitman; fourth, Browning, Haddon Heights.

20-Yard Breast Stroke—Won by Stuckhouse, Pitman; second, G. Sippel, Palmyra; third, Graver, Haddon Heights; fourth, Magill, Woodbury. Time—22 3/5 seconds.

20-Yard Back Stroke—Won by Buckley, Woodbury; second, Howell, Palmyra; third, Nickell, Pitman; fourth, Gotsch, Haddon Heights. Time—22 3/5 seconds.

Fancy Diving—Won by Metzner, Palmyra; second, Barnes, Haddon Heights; third, the between Hughes, Woodbury, and Morrison, Haddon Heights.

20-Yard Side Stroke for Form—Won by Lampton, Woodbury; second, Hines, Palmyra; third, Weigner, Haddon Heights; fourth, Richardson, Pitman.

80-Yard Relay Race—Won by Pitman; 10-Knots Emery, Schull, Nickell; second, Palmyra; third, Haddon Heights; fourth, Woodbury.

**TENNIS ACTIVITIES NOW IN FULL SWING**  
Association Looks Forward to Very Successful Season

The activities of the Palmyra Tennis Association are now in full swing with one of the most successful seasons in many years seeming likely.

Most of the members of last year have already joined and several new ones have signified their intentions of playing this summer.

Inter-club tournaments are already being arranged and it is expected that matches will be played with Riverton and Riverside during the next few weeks.

The Palmyra Association will join the Tri-County League again this season. Arrangements for inter-league competition will be made soon.

All tennis players and those who wish to learn the game are invited to join the association.

The cost per season is \$10.00 for men, \$6.00 for women and \$3.00 for junior members. Juniors may not use the courts evenings nor Saturdays afternoons as this time is reserved for senior members, both men and women.

The tennis association is an organization, entirely separate from any other, leasing the grounds on which the courts are located from the management of the Palmyra Field Club.

Officers of the organization are: Harry Strand, president; Miss Hilte Hagstad, secretary and Frank E. Chambers, treasurer.

Persons wishing to join may communicate with either of the officers or inquire of any member. All are welcome.

## PHS LOSSES MEET TO COLLINGSWOOD

Levermen Have Bad Day and Finish Third in Triangular Event

Palmyra and Camden High School track teams were no match for Collingswood's cinder path stars last Wednesday afternoon in a triangular meet held on the Collingswood athletic field.

Collingswood took the lead at the start of the meet and finished the day with a score of 50½ points, with Camden a poor second with 21 points and Palmyra far in the rear with 9½.

Of the 10 events listed on the program, the Blue and Gold athletes copped eight first places and tied in another with Camden. The best the "Pals" could do was place second in three events and tying in another for third place.

Coach Lever's proteges placed in four events, Al Hengert coming in second in the century dash, Stanford second in the quarter-mile and the relay team finishing second in the mile relay. Palmyra was also tied for third in the pole vault.

**The Summary:**  
100-yard dash—Won by A. Schuenman, Collingswood; second, A. Hengert, Palmyra; third, Fred Peterson, Camden. Time, 10.3 seconds.

## FIRE HYDRANTS

(Continued from Page 1)

the fair name of Riverton was not to suffer further and irreparable injury it would be necessary to check these depredations at once.

## Boys Not Impressed

It seemed to Mr. Williams that the most sinister and disconcerting aspect of the matter was the levity with which the whole matter was treated by the boys implicated, who seemed to think it was a good joke. In closing, Director Williams said that if the owners of the boat had been disposed to deal harshly with the boys they could have had them held for action by the grand jury. He cited the case of a boy in Camden who was sentenced three years for stealing \$50 worth of property.

Reporting further for the police department, Mr. Williams stated that Officer Quigley was seriously ill in the Mount Holly Hospital and would be off duty for some weeks. The clerk was instructed to write a letter to Mr. Quigley, expressing the sympathy of the Mayor and Council.

The town flag pole, which the Borough property committee had been instructed to inspect to see whether or not reports of its unsound condition were true, was found to be decayed at the base and was taken down by the employees of a Camden concern, which came to Riverton to erect a new flag pole on the school property. The top of the pole was given to the Fire Company.

## New Flag Pole Deferred

The matter of a new flag pole was discussed and Mr. Williams, chairman of the Borough property committee, recommended the purchase of a ninety-foot steel pole, costing between \$400 and \$500. It was the consensus of opinion that a new pole should be erected, but as this expense was not anticipated in the budget no definite action was taken.

Mr. Williams reported that Memorial Park was in good condition and that the grass would be cut before the date on which the public school would hold its Field Day exercises. Mr. Williams again brought up the matter of further improving the park.

He said that the swimming pool should be enlarged, and recommended the construction of a dam at the railroad bridge which would raise the water in the lake to a point which would provide good swimming and canoeing in summer and skating in winter.

In the opinion of Mr. Williams, Riverton has greater natural park facilities than any town in the State, and he looked forward to the time when it would be more fully developed and a full-time caretaker and attendant provided.

## Suggests Committee of Citizens

Mayor Rogers agreed with Mr. Williams concerning improvements to the park, but said he thought it was a matter that should be taken up by a committee of citizens. He pointed out that some effort had been made towards constructing a dam several months ago, but that nothing had come of it because some of the property owners fronting on the creek had objected.

Mr. Williams asked for and was granted use of Memorial Park for a ball game by the Philadelphia Dental Society, which will hold its annual meeting here on June 12.

The building inspector submitted a report covering \$32,000 worth of building operations, with fees amounting to \$48.00.

The holes in the roadway of Thomas avenue, south of the railroad, which were made about a year ago to install gas lights, came up for the monthly discussion. Mr. Randall stated the Public Service had informed him that a local contractor had been given order to properly repair these holes. The contractor, who was present at the Council meeting, explained the difficulty in getting a material that would match the surface of the road, which must be applied hot. He said it was possible to secure this material only when such work was being done in the neighborhood and stated that any sort of patch which could be applied cold would be more

noticeable than the hot application. He said, however, that he would try to get the repair made as soon as the weather remained dry long enough to permit him to work.

Three bids were received for garbage collection, as follows: James L. Fisher, who is at present doing the work, \$2,000 a year; John Custis, Palmyra, \$2,400; J. Austin Haines, of Burlington, \$2,400. The contract was awarded to Fisher.

## PUBLIC SERVICE

LUNCHEON HELD  
BY PORCH CLUB

Newly Elected President Presides; Interesting Program Greatly Enjoyed

The official closing of the old year for the Porch Club and the beginning of the new was marked Tuesday by the Porch Club Luncheon. About one hundred members, including two guests, were seated at long tables. Members of the decorating committee arranged bowls and baskets of flowers, using chiefly iris, on the tables, as well as on the mantelpiece and window sills. Although the rain descended out-of-doors, the spring flowers brought sunshine to the inside.

Mrs. Samuel W. Collin opened the program by singing two selections accompanied by Mrs. Frank A. Bell. The luncheon, which was splendidly arranged and carried out by Mrs. Ralph L. Flower and her committee, then followed. Mrs. Joseph L. Thomas, the newly-elected president, presided.

**Introduces Speaker**  
As the first speaker, Mrs. Thomas introduced Mrs. F. H. Barnes, of Haddonfield, the first district vice-president, who gave a few words of greeting from the State Federation, as well as from the district. Mrs. Edwin C. Grace, the first president of the Porch Club, was the next speaker. The audience in mass rose to pay her tribute. She told of a group of women in Riverton who met on the porch of the homes thirty-nine years ago, and later on were organized into the now well-established Porch Club.

These women met to discuss books, magazines and public affairs. When asked the ideals of the group which met in the home of Mrs. John H. Haddonfield, she said that "fellowship" was uppermost in their minds. During the first few years of the club, Mrs. Grace felt that village improvement—the planting of trees, etc., the Public Library, the planning of a new school—were the important achievements of her presidency. She felt the women's clubs of today should not stand for propaganda, but should open up channels of thought and study of the vital subjects of the day.

**Power of Thought**  
Mrs. Grace said, "Let the dynamic power of thought be beating down through the ages." She said that another mission for the women of today was the dealing with the unseen, and the doing away with terrible materialism.

Mrs. Edward B. Shovel, the president of twenty-five years ago, took as the subject of her address, "Achievement." She looked to the future. Miss Amelia R. Coale, who acted as president for much of the time under the regime of Mrs. Thomas Roberts, was unable to be present. Miss Antoinette B. Campbell and also Mrs. McIlvaine Biddle, past presidents, were likewise unable to attend.

Mrs. Joseph Beck Tyler, the president during the war, when so many clubs gave up their work, told what the Riverton Porch Club accomplished during that time. She spoke of the work done by Mrs. A. Russell Gaudier, who, by entertainment, raised money for haversacks for Camp Dix, and of Mrs. Walter Woolman, who took charge of the fund to raise money to support four French war babies.

**Overseas Work**  
Mrs. Tyler also mentioned the fact that three Porch Club members went overseas to do war work. In closing, Mrs. Tyler gave special tribute to Mrs. Edward K. Merrill and Mrs. Alexander Marcy for their interest in child welfare.

Mrs. Murray Boyer, the president from 1919-1923, spoke of the recent just following the war. Mrs. Reuben P. Corry, the recently retired president, spoke of the twentieth anniversary of the building of the present Porch Club.

Reports of the Convention of Women's Clubs of New Jersey, recently held in Atlantic City, were given by Mrs. Sherman Warren, the State Treasurer. Mrs. E. Marshall Kinney, Mrs. Edward K. Merrill and Mrs. Harold Dunn, the president of the recently formed Palmyra Women's Club.

## LIST OF LAWS

The Legislative Reference Department of the New Jersey State Library has just issued a Descriptive List of the Laws and Joint Resolutions enacted by the 1929 Legislature. This List, prepared by John P. Dullard, State Librarian, gives the bill and chapter number of each measure enacted, together with the name of the introducer, and a brief synopsis of the purpose of each bill. Copies may be had gratis upon application to the State Library at Trenton.

## FLOWERS FOR HOSPITALS

The Riverton Flower Guild will start distributing flowers in the hospital wards Tuesday afternoon, May 28th.

Anyone willing to assist in this work is asked to contribute cut flowers each Tuesday morning. These may be left at Mrs. Alfred Smith's Store, or at the residences of Mrs. William Walton or Miss K. H. Seabrook.

## MRS. HAROLD S. QUINN

Irma M. wife of Harold S. Quinn, died on Sunday, May 19. Services will be held this Thursday afternoon at 1 o'clock at her late residence, 1152 Marlboro road, Overbrook. Interment at Palmyra. Mrs. Quinn will be remembered by many as Miss Irma Heardon, who lived in Palmyra for many years.

## THANKS

I wish to thank my many friends in Riverton and vicinity for the many kindnesses extended to me during my recent illness.

Sincerely,

"BILL" QUIGLEY.

Dr. Toku Gawa, Masao of Chosen, a member of one of Japan's oldest families, is a guest of The Training School at Vineland, New Jersey.

Dr. Gawa is from the Imperial Family in Tokyo, where he has been a member of the family as professor in the Psychology Department for several years. He is also a lecturer there in the Meiji Institute.

Dr. Gawa made his first visit to the United States in 1921, when he came as an interpreter to the International Disarmament Conference in Washington, D. C. He remained in the United States three months at that time.

Since then he has visited as Secretary to the Japanese delegation to the League of Nations Conference in Geneva during the summers of 1924, 1927, 1928.

At the present time he is making a trip around the world studying the Social, Economical, Educational, and Industrial conditions in various countries.

While in England he was a guest at Oxford University for two months and since coming to America has been the guest of many of the large educational and industrial plants, staying at Harvard University for nearly a month. He has also been entertained by many of note throughout his travels, who are engaged in the lines of work in which he is interested.

Dr. Gawa will remain at The Training School at Vineland for two months, making an intensive study of the care and training of the feeble-minded as handled in this school.

Dr. Gawa says: "Japan has done some little experimental work in special classes for feeble-minded children since the Russian-Japanese War, but is far behind America and other countries in this respect, though the field for operation is a vast one."

Dr. Gawa will continue his investigations in other sections of the country before returning to Japan.

WAR DEPARTMENT  
TO HOLD HEARING

Bridges Over Pensauken Creek for New Highway to be Considered

The following communication has been received from the War Department relative to the construction of bridges over the Pensauken Creek at West Palmyra. The public meeting to be held in connection with this is for consideration of the bridges only and does not have anything to do with the proposed railroad crossing by the bridge and road.

United States Engineer Office,  
May 15, 1929.  
To Whom It May Concern:

The War Department, having under consideration the applications of Morris Goodkind, Bridge Engineer, upon behalf of the New Jersey State Highway Commission for approval by the War Department of plans to construct along the new highway, designated as the Delaware River Bridge-Berlin Road, Route 8-41, two bridges, one across the South Branch and one across the Main Branch of Pensauken Creek at locations both of which lie within the limits of Cinnaminson Township, and the latter also within the corporate limits of the Borough of Palmyra, a public hearing will be held by the undersigned at 10:30 A. M. (Eastern Standard Time) on Tuesday, May 28, 1929, in the Auditorium of the Second Floor of the Fire House, on Broad Street, Palmyra, New Jersey.

All interested parties are invited to be present or to be represented at the hearing, to be held at the time and place, particularly navigation interests and the officials of any county, city, town or local association, whose interests may be affected by the construction of the proposed bridges. They will be given an opportunity to express their views upon the suitability of the location and the adequacy of the plans in reference to navigation and to suggest changes considered desirable in the interests of navigation.

Oral statements will be heard, but, for accuracy, all important facts and arguments should be submitted in writing, as the record of the hearing will be forwarded for consideration by the War Department. Written statements may be handed to the undersigned at the hearing or mailed to him beforehand.

The plans submitted by the applicant provide for STEEL, ENCASED IN CONCRETE, FIXED BRIDGES FOR BOTH LOCATIONS. For the bridge across the SOUTH BRANCH the plans propose a HORIZONTAL CLEARANCE OF SIXTY FEET FOR THE BRIDGE SEAT WALLS and a VERTICAL CLEARANCE OF FOUR AND ONE-TENTH FEET ABOVE MEAN HIGH WATER to the LOWEST POINT OF THE CONCRETE ENCASED STEEL PLATE GIRDER. For the BRIDGE across the MAIN BRANCH the plans propose a HORIZONTAL CLEARANCE OF EIGHTY-EIGHT FEET BETWEEN BRIDGE SEAT WALLS and a VERTICAL CLEARANCE OF SIX AND ONE-HALF FEET ABOVE MEAN HIGH WATER to the LOWEST POINT IN THE CONCRETE ENCASED STEEL PLATE GIRDER.

R. P. HOWELL,  
Lt. Col., Corps of Engineers,  
District Engineer.

"NORA, WAKE UP!"  
TO BE PRESENTED

Two Classes of Central Baptist Sunday School Will Supply the Talent

A pleasing, humorous and especially modern comedy, "Nora, Wake Up!" will be presented by the Junior Philathea and Samaritan classes of the Central Baptist Church, Palmyra, on Saturday evening, June 1, in the auditorium of the Palmyra High School.

Unlike so many comedies, this three-act play proves unusually interesting to father, mother or child, as it deals with the one great problem that confronts every family. The duty of the parent to the child and likewise the child to the parent, is humorously depicted, affording a continuous laugh from the start to the finish.

The classes are combining their efforts in this undertaking, the proceeds of which will be placed toward the building fund of the church. As post-season prices, they are only charging an admission price of 50 cents to adults and 25 cents to children. These reasonable prices have been arranged to give every family an opportunity of spending an enjoyable evening without a large financial outlay.

## AMBULANCE

The receipts from Tag Day and Cake Sale held by the Palmyra Ambulance Association on May 11 to date are: Cake Sale, \$186.48; Tag Sale, \$41.72; total, \$228.20.

All persons who wish to contribute towards the new ambulance are requested to do so at this time.

The nurses for the ensuing month are Mrs. C. A. Hines, Mrs. Mary King and Mrs. A. B. Branson. The Ambulance Committee is comprised of Mrs. Edward Fox and Mrs. Frank Probsting.

They Say the Law  
is Unenforceable

President Coolidge to the Governors, October 20, 1923.

"A government which does not enforce its laws is unworthy of the name of a government, and cannot expect to hold either the support of its own citizens or the respect of the informed opinion of the world."

Edwin A. Olson, United States District Attorney, Chicago, said: "The liquor laws certainly can be enforced. We have no more trouble enforcing them than with the enforcement of any other law."

FATE OF P. R. R.  
BUSES AT STAKE

Hearings Before Utility Board Will Determine Railroad's Future Plans

The outcome of hearings which have been initiated before the New Jersey Public Utilities Commissioners will largely determine the ability of the railroad to increase and expand their service to the people of the State, by supplementing their train operations with bus lines or, if it is possible, by the use of their right-of-ways adjacent to their lines.

The cases now actually before the Board involves only the question of bus operations over the White Horse Pike between Camden and Atlantic City. It is the intention of the Pennsylvania Railroad Management, however, if its position in the case is sustained, to extend its bus lines to other portions of the State now served by its trains, as the public needs require.

The hearings were opened before the Commissioners sitting in Atlantic City on May 2, and the case was then adjourned to a future date to be set by the Board. Meanwhile, it is to the interest of the public that the broad principles involved be thoroughly understood.

## Seek Bus Permit

The Pennsylvania Railroad and the West Jersey & Beahm Railroad, in which the majority stockholders are seeking a permit to operate buses between Camden and Atlantic City, with intermediate stops. The request has been made in the name of the Pennsylvania General Transit Company, a subsidiary of the Pennsylvania Railroad.

It was the contention of the Pennsylvania Management at the Atlantic City hearings, that the right to operate through bus lines of this character should be reserved to the railroad, which have for many years furnished through train service between the two terminals, Camden and Atlantic City. For this reason, the Pennsylvania is opposing the application of several non-railroad bus enterprises which also wish to operate through service between Camden and Atlantic City on the White Horse Pike.

## General Reasons

Among the general reasons upon which the Railroad's position is based are the following:

1. The necessity for sustaining the earnings and credit of the railroads, which remain a fundamental essential to the State and its communities. Hence, where the public demands bus service over a route already served by railroads, the latter should be given the first opportunity to provide the service, in order that the revenues of the railroads may be protected in the public interest.

2. The undesirability of needlessly increasing the number of vehicles moving over dense traffic routes, by an unnecessary multiplicity of bus lines.

3. The advantage to bus passengers of having the use of railroad stations, and the convenience of purchasing bus tickets from railroad ticket agents.

4. The further advantage of complete co-ordination between bus and train service, which would only be possible under joint management.

## Agrees With Law

The position taken by the Pennsylvania Railroad Management is in full accord with the law on this subject, as laid down by the Supreme Court of New Jersey, which, in the case of Hunter vs. the Board of Public Utilities Commissioners, said: "The State assumes to regulate the rates for transportation and the character of the service rendered. Morally and legally it should protect the business of the established utility from impairment and encroachment. To do otherwise, would soon create a situation where the public would be without transportation service."

This decision has been followed in other cases, including the case of the Motor Transport Company vs. the Board of Public Utilities Commissioners, decided February 5, 1928, in which the Supreme Court made a similar ruling and added:

"Now it is to be borne in mind that it is the duty of the Board to protect from unreasonable and destructive competition existing facilities which are actually serving the public, so that the public may continue to have the benefit of such service."

The Utilities Board itself followed the same principle in a decision rendered July 17, 1928, involving the application of the Public Service Transportation Company to extend its Camden-Berlin-Atco-Tansboro bus route to Atlantic City.

SCHOOL GIRLS WIN  
LEGION CONTEST

Edith King and Mary Rutherford Submit Prize Essays

Edith King, of Palmyra, and Mary Rutherford, of Riverton, were the winners in the essay contest sponsored by the American Legion Auxiliary. They were each awarded fountain pens as prizes. The essays follow:

## THE POPPY

By Edith King, Palmyra Grammar School

In some places the poppy is recognized as just a red tag sold to make money, but this is an emblem of sacrifice to be worn in a reverent manner. The little red poppy sprang up during the World War and is the Memorial Flower of the American Legion and Auxiliary.

In the Spring of 1919, after the war on Flanders Field, where there had been terrible fighting and thousands of soldiers lost their lives, poppies sprang up in abundance. The French people will tell you that the poppy came from the sacrificed blood of the boys who fell on Flanders Field. The poppies that grew on the field between trenches and in No Man's Land cheered some of the marching soldiers as they gaily watched and passed over their fallen comrades.

The war is not over for everyone. Men are in the hospitals. Some will never leave there. These men had to leave their college courses and some had to leave their business positions for the call of their country. All of these men are our heroes! The country cheered them when they marched away and greeted them with cheers when they came back. Now that the war is over they do not get any cheering, but the American Legion and Auxiliary cheer them along through their service programs. The Government is helping the disabled or defective by providing good hospitals and excellent care. Comrades and pals helped each other on the battlefield and now in battles of life the American Legion men extend the hand of comradeship.

Each year the American Legion and Auxiliary hold a poppy sale. This is done to remind the public that the war is not yet over for some, and to raise money for relief work for service men and women and their families. The little red poppy stands for service. The money paid for it goes for the boys for whom the war is not yet over.

## A POPPY APPEAL

By Mary Rutherford, Grade Eight, Riverton Public School

In 1912, Flanders, Belgium. Broad fertile plains, covered with flax and wheat. Tiny villages, each family owning a diminutive "maison," chickens, a pig, maybe a cow or two. But glowing among all these, poppies, glorious red poppies. All are content and joy and felicity reign.

1919, Flanders, Belgium. The tiny villages are no more! Only smoldering ashes show where they stood. Over the fields that once yielded such an abundant harvest, there are now stretched hundreds of feet of barbed wire. Merciless, ruthless, pitiless, barbarous, remorseless barbed wire. Sold now rich with human blood blood of freedom, blood spilled that men might learn to live peaceably. But over all still the sturdy, everlasting poppy.

All the grandeur of ancient Greece could not compare with the poppy.

The little red poppy emblem that you may have seen, and put in the class of "Oh, bother," has helped to feed, clothe, and perhaps brought life itself to some of the soldiers that fought that you might escape France and live in peace and security. So let us say, "Via La Porta," and buy an American Legion Poppy.

## HOME AGAIN

Officer "Bill" Quigley returned to his home on Thomas Avenue last week after being in the Burlington County Hospital for an operation. "Bill" is recuperating after his illness and hopes to be back on the job soon. He will be glad to see any of his friends who wish to stop in and say "Hello."

## DON'T FORGET

The play Friday and Saturday. The Christian Endeavor expects you to be at the Presbyterian Church at eight o'clock to see "Only 38." It will be an evening well spent.

## ANNOUNCEMENT

Mrs. Rachel F. Ringer's Maternity Home, 403, Main street, Riverton, is not open to any physician, but is open to the patients of all physicians in Riverton, Palmyra and adjacent territory.

## ANNOUNCEMENT

Mrs. Alma M. Evans announces that she is candidate for re-election as member of the Republican County Committee from the third district, Riverton.

The field day exercises of the Riverton School will be held in Memorial Park Thursday, May 23, at six o'clock. All classes will take part in drills and may dance. Supper will be served from five o'clock on.

## Baccalaureate Services

The baccalaureate services of the graduating class of the Palmyra High School will be a distinct departure from former practice this year.

Services will be held in the school auditorium at 2:30 o'clock Sunday afternoon, June 9. Professor Paul Y. Eckert has arranged to have the Rev. J. William Lee, Protestant minister, the Rev. Father Rigney, Catholic priest, and Rabbi Amos, of the Jewish faith, take part in the program.

On previous years, the baccalaureate sermon was delivered by a Protestant minister in a Protestant church. This year Professor Eckert, with the approval of the Board of Education, has arranged for the three faiths to be represented, so that graduates of all creeds will attend.

Concomitant will be held Thursday, June 13, in the auditorium.

PALMYRA BUGLE  
CORPS TO PARADE

Will Compete Under Auspices of Frankford Business Men's Association

A large delegation of Legionnaires from Post Rodgers, Palmyra, Auxiliary members and friends will journey to Frankford Saturday for the occasion of the Bugle and Drum Corps Competition held under the auspices of the Champion Frankford Bugle and Drum Corps and the Frankford Business Men's Association.

The competition will be held in the stadium of the Frankford Yellow Jackets at 2 P. M. with 42 Corps so far entered from three States. The Palmyra Bugle and Drum Corps is entered and will again meet Bridgeton and Trenton as well as several new Corps of New Jersey.

The boys have been working hard to present their best appearance for this competition and hope to vindicate their questionable defeat at the last State Convention. All friends of the Post are urged to make an effort to attend and root for the "home team." The state standard will be for Palmyra routers.

On Sunday evening the memorial church services of the Post will be held in the Central Baptist Church.

Rev. George Lockert, officiating. Seced since the crossing question has been brought up, the failure of the competition to grant the permit would have prevented the operation of the buses through the town, but would have prevented their taking in or discharging passengers within the Borough limits. The pending Councilman was at the holding off until the bus was in operation.

The application of the Pennsylvania General Transit Company for the operation of bus lines from Berlin to Philadelphia and the bridge was moved by the bus as the application of the Pennsylvania General Transit Company.

The request of the Palmyra Bugle and Drum Corps for a permit to operate two buses from Berlin to Philadelphia and the bridge was moved by the bus as the application of the Pennsylvania General Transit Company.

PALMYRA COUNCIL  
APPROVE BUS LINE

Coach Line to Run From Berlin to Philadelphia Over New Bridge

At the regular meeting of the Palmyra Borough Council Tuesday night a request was made for a calendar application on Lincoln Avenue to relieve the very disagreeable situation caused by travel dust blowing into the home.

Ralph Rivers addressed the Council on the subject, saying he understood some action was to have been taken last year but since it had not, requested it be done as a calendar application. He said he thought he expressed the thoughts of a majority of residents of Lincoln Avenue as well as Washington.

The chairman of the Roads and Street Committee told Mr. Rivers that nothing had been done since the unusual amount of rainfall this spring but that a spreader had been purchased for spreading this material and work would be started as soon as the weather was suitable.

## DISGUISED GIRLS FOOL DETECTIVE

Ellis Parker Fails to Notice Deception of Pair Arrested in Moorestown

The two girls picked up Monday morning as runaway boys, not only fooled Moorestown police, but their disguise was so complete that they were successful in making Ellis Parker,

Burlington county's world famous detective, believe they were lads. After being questioned in Moorestown police headquarters, where they admitted they were girls, the "boys" were taken to Mount Holly to be interviewed by Detective Parker and were introduced as "runaway boys." After some grilling, the "old sleuth" became suspicious of one of the "lads," due to a "crack" in "his" voice, but Parker did not learn the other's sex until he was informed by Chief John Bradshaw.

The girls were arrested by Officer Walter A. Erickson early Monday morning when they were seen using the window of a West Main street store as a mirror to comb their hair.

Thinking they were runaway boys who had probably slept in the old West End Hotel overnight, the policeman took them to town hall. After some questioning, the "boys" admitted their sex. They say their home is at Manchester, N. H., but they have been living at 320 West 19th street, New York, since 1925. They gave their names as Josephine Wodzia, 20 years old, and Anna Gedyzyk, 18 years old.

They said they were on their way to Philadelphia in search of employment and had left New York last Friday morning, traveling by bus and "hitch-hiking." Sometimes they begged meals at farmhouses and again purchased food with small stock of

cash. They washed in the brooks, basked in the sunshine—if any—and just "bummed" their way along the road.

The girls are spending ten days in the county jail at Mount Holly while County detective investigate their story.

## FREEHOLDERS LET BRIDGE CONTRACT

**Burlington City Span Will be  
Repaired and Sidewalk  
Added**

There was a marked variation in the bids submitted at the meeting of the Burlington County Board of Freeholders at Mount Holly last Friday for repairs and widening of Broad Street Bridge, Burlington.

Conrad A. Bushy, Burlington contractor, was the successful bidder with a figure of \$6,775, while William C. Cook, of Mount Holly, bid more than twice that sum—\$14,362, and Charles Moss, of Edgewater Park, offered to do the work for \$9,644.

In addition to general repairs on the bridge, a sidewalk for pedestrians is to be added.

### One Bid for Coal

Only one bid for 80 tons of best grade Lehigh stove coal and an equal amount of buckwheat coal was submitted. This was by S. B. Lippincott and Son, of Mount Holly, whose price was \$320.00 for the stove coal and \$426.40 for the buckwheat.

Surrogate Matlack announced that he had appointed Mildred E. Gettinger to take the place in his office of Rebecca O. Kennedy, who died recently, at a salary of \$75 a month.

A resolution by Charles R. Stout, of Florence, gave the Public Service Gas and Electric Company the privilege of placing a number of poles along the Church and Mount Laurel roads in Mount Laurel Township. It was stipulated that the work must be done under the supervision of the county engineer.

The Public Service Gas and Electric Company also asked to extend a gas main two hundred and twelve feet along the south side of Main street, Columbus, east of the new State Highway. The request was received and filed.

Southampton asked the Board to take over a portion of the road from Vincentown to Pemberton, covering about three miles. The road is a State Highway feeder. The request was received.

Judge Frank A. Matthews, made a report relative to supplies needed for the new District Court to an amount in the neighborhood of \$2000. The report was referred to the county buildings department with power to act.

It was suggested by Judge Matthews that quite a bit of material could be supplied from stocks already in the hands of County Clerk Reeves.

Judge Matthews has appointed Oliver E. Evans, of Riverside, to be the clerk of the court.

Department bills to the amount of \$27,924.87 were read and paid as follows:

Roads, \$5,987.51; bridge, \$2,082.23;

finance, \$325.08; county buildings, \$12,

264.78; public affairs, \$7,265.27.

When the bills were offered for pay-

ment, Freeholder Holder, who is Di-

rector of Finance, registered an ob-

jection to the purchase of a new

Nash automobile for the use of Free-

holder J. Lloyd Wright. By trading

in Wright's old car, the new machine

would involve the expenditure of \$495

## DOG BITES DOCTOR

**Husband of Former Riverton Woman  
In Serious Condition**

Dr. S. C. Tremaine, a well-known veterinary surgeon, of Bridgeton, was bitten by a mad dog more than a week ago, and is now in a serious condition. After he was bitten the doctor gave himself the Pasteur treatment and cauterized the wound and expressed the opinion the wound would not be serious. Paralysis set in, and last Friday Dr. Tremaine went to a hospital for treatment. The anti-rabies serum supply at the hospital was soon exhausted and a phone call was sent to Hahnemann Hospital for more. A Philadelphia policeman carried the serum on his motorcycle from the hospital to the Delaware River Bridge, where he was met by Michael Baylon, a Trooper of the New Jersey State Police, attached to the Berlio Barracks. Baylon made the forty-mile trip to Bridgeton in thirty-five minutes and treatments were started at once. Mrs. Tremaine was Miss Ida Davis, of Riverton, daughter of Mrs. P. A. Houghlating.

### RECITAL

A recital was given Tuesday evening in the Poreh Club by the pupils of the Bell-Mueller Conservatory. Those taking part were: Betty Woolston, Betty Keating, Betty Renner, Billy Myers, George Durgin, Mildred Durgin, Marie L. Zimmerman, Eleanor D. Sorden, George Comings, Richard Payne, Milton Rothbaum, Betty Bailey, Jack Hallinan, Mildred O. Collins, Lillian Jones, Carrie Holmes, Marion Atkinson, Ruth Bach, George Saylor, Eleanor Taylor, Grace Davis, Harold L. Mueller and Ruth Peterson Bell.

Mr. Mueller especially mentioned Betty Bailey, who had memorized a difficult accompaniment, only known to have been memorized by professionals heretofore.

### JUDGE TO SPEAK

Frank A. Matthews, Jr., newly appointed Judge of the Burlington County District Court, will be the speaker at the Memorial Day services today at the William Stokes Bazaar Post, American Legion, Woodbury. Members of Howard H. Highland Post, Colonial Marine, and William H. Carson Post, Paulsboro, will participate in the ceremonies.

## CHANGES URGED BY GRAND JURY

**Improvements of County Insti-  
tutions Recommended Fol-  
lowing Investigation**

The building of a workhouse to relieve overcrowded conditions at the county jail and several changes at the county institutions at New Lisbon are recommended by the April court grand jury in a report of an investigation filed at the County Clerk's office last week. The committee making the recommendations was composed of Henry R. Walton, Charles H. Davis and Charles Coles.

These men say that they found at all the institutions evidences of humane treatment and efficiency. They say that at times the jail is not sufficient to take care of the population and that the erection of a workhouse will be advisable. They find that idleness provokes an anti-social attitude and a workhouse as an outlet would produce a wonderful therapeutic effect. It is not hard to recall that the workhouse idea has been one of Sheriff Haines' pet schemes in bringing about just what the committee recommends.

The almshouse kitchen facilities are inadequate and it is recommended that there be a new service building with equipment for 25 percent more efficiency than is present ordinarily. There is also need for an implement shed and some drainage correction at the barn.

It is found that the asylum basement is frequently occupied to take care of inmates and the committee feels that this might cause criticism, especially when the sleeping and dining quarters of the employees are taking up so much valuable room in the main building.

At the tuberculosis sanatorium it was found that some speed should be applied to taking care of some sewer changes and that the almshouse pigsty should be removed from its present close proximity to the sanatorium.

## FINES AND REPRIMAND FOR FIGHT IN STREET

**Mayor Promises Jail Sentences for  
Repetition of Offense**

A severe reprimand by Mayor George N. Wimer and fines of five dollars each were meted out to John Gorman, George Pardon and Thomas Emerson at Palmyra Police Headquarters Tuesday night when the three were given a hearing before the Borough Recorder on a charge of disorderly conduct.

According to the testimony offered at the hearing the defendants were involved in a fist fight at the "Pan Am" gas station on Cinnaminson avenue Monday night. Officer Lawrence Betty heard the scuffling and placed them under arrest.

At the hearing Mayor Wimer called to their attention that Gorman and Pardon had been in trouble with the police before and gave warning that if any more disturbances occurred on the streets of Palmyra that jail sentences would be imposed on the culprits.

### SEWING DAY, JUNE 3

Monday, June 3rd, will be the second all-day sewing day for the Needlework Guild, held in the Poreh Club building. All are welcome, so come and bring your hunches and stay all day, or come just for the morning or just for the afternoon.

The club room will be open at 10 o'clock and tea and coffee will be served at noon.

### MRS. JOHN BARRIE

Amanda F. widow of John Barrie, died suddenly last Friday at her home in Rutledge. Services were held Tuesday afternoon and interment was made in Palmyra. Mrs. Barrie will be remembered by many, as she lived here for a number of years.

## BUDDY DeLANEY IS CARNIVAL STAR

**Takes Leading Part in Exhibition By  
Dancing Class**

Photo by Jaffe  
BUDDY DeLANEY

Buddy DeLaney, seven years old, son of Mr. and Mrs. Charles DeLaney, of Riverton, took part in the annual carnival presented by Professor Dalsey's dancing classes in the Hatch Junior High School, Camden, Tuesday evening of this week.

The diminutive dancing master appeared on the stage first with a supporting chorus of hula-hula dancers, who evoked much laughter with their impressions of the South Sea Islanders dance.

Buddy's next number was a song and tap dance, which won him the plaudits of the large audience. In this act Buddy wore a white tuxedo with a high hat and cane.

A musical duo by Buddy and his little partner, Miss Stone, held the attention of the spectators throughout. The young actors sang and danced.

The boy or girl who turned in the most money for tickets sold was to be crowned king or queen of the carnival, as the case may be. Buddy came in second and may miss first place by 27 tickets, turning in a report of 150 sold.

About 150 of Buddy's friends from Riverton and Palmyra attended the carnival.

### SCHOOL CLERK ACQUITTED

William A. Donaghy, clerk of the Palmyra Board of Education, was acquitted on a charge of assault and battery, preferred by George J. Spencer, in Criminal Court, Mount Holly, Tuesday. According to testimony Spencer barred the door to his home and refused to allow Donaghy to leave until he agreed to sign some notices. Donaghy testified that he brushed Spencer aside in forcing his way out of the room.

### ANNOUNCEMENT

## RAPID GROWTH OF CLUB ESTATES

**Eleven Homes Completed and  
Two More Are Now Un-  
der Construction**

Moorestown, one of the most beautiful residential towns in New Jersey, has had a continual growth of the fine homes for which it has always been noted.

A tract of 62 acres adjoining the Moorestown Field Club, known as the Moorestown Club Estates, is now two years old.

Through this tract there is a mile of asphaltic concrete road in sweeping curves with parks at intersections. An extensive planting campaign has been carried out creating an atmosphere of an unusually advanced development.

Eleven homes have been completed with two more under construction at the present time. Every endeavor has been and will continue to be, to build the type of homes that will blend and add to the already beautiful residential atmosphere of this community.

The control of architecture is maintained and this, together with sound building, lends charm to the natural beauty of this golf course development. The home pictured is of the type which has been built on this tract and another example is given in the advertising section of this paper.

Moorestown Club Estates, situated as it is with respect to the zone planning, made so accessible to Philadelphia by the Delaware River Bridge and the Tacony-Palmyra Bridge, undoubtedly has a future of enhancing value, and with its extraordinarily beautiful location promises to create for Moorestown a highly desirable community.

Clement B. Webster, Jr., and Company, as developers and builders of the Moorestown Club Estates, extend a cordial invitation to those interested in beautiful modern homes, to take advantage of daylight saving time by visiting and inspecting some of the homes as appeal to their interest.

## FLOWER SHOW JUNE 4

**Annual Event By Garden Section of  
Riverton Poreh Club**

The Riverton Flower Show, held annually by the Garden Section of the Poreh Club, will take place Tuesday, June 4th. This event each year has proved a wonderful success, as well as an inspiration to all those who love flowers, and an inspiration to grow more varieties and better blooms. This exhibition is of civic importance, for by growing flowers to exhibit the town is made beautiful.

The classification of exhibits is as follows:

Class 1—Ponies—One of a kind only. (a) Pink, (b) White, (c) Red.

Class 2—Roses—Three of a kind only. (a) Pink, (b) Deep, (c) Pale, (d) White, (e) Red, (f) Yellow, (g) Climbing.

Class 3—Iris. (a) Bearded, (b) Beardless.

Class 4—Miscellaneous. Any outdoor flowers not specified in above classes.

Class 5—Artistic Arrangement. (a) Basket, (b) Bowl, (c) Vase.

Class 6—Home-Grown Vegetables and Berries.

Class 7—Children. (a) Under 12 years, (b) Over 12 years. (1) Arrangement of cultivated flowers, (2) Collection of wild flowers.

Rules and Information

1. All exhibits must have been grown by the exhibitor.

2. First, second and third prize ribbons will be awarded in each class.

3. Put varietal name on each exhibit if possible.

4. Exhibits to contain exact number of blooms specified to be eligible.

5. Exhibit will be received between 9 a. m. and 12 M.

The committee in charge of the flower show are Mrs. J. D. Clark and Mrs. J. B. Tyler. The committee invites the residents of Riverton to exhibit.

## REPUBLICAN CLUB SEEKS HARMONY

**Officers Give Reason for For-  
mation of Permanent  
Organization**

Considerable speculation as to the motives prompting the incorporation of the Riverton Republican Club, Inc., has been set at rest by statements made by the heads of the movement.

It is a matter of common knowledge that to promote the civic and social life in local Republican ranks has made it exceedingly difficult for local administrators to carry on any comprehensive plan for local improvement. Cooperation in County and State Republican politics has likewise been beset with many difficulties.

It is the purpose of the incorporators of the club to iron out factional differences before they go to the polls and to develop a permanent Republican organization for active participation in local, County and State affairs.

It has long been recognized that a permanent organization was highly desirable to insure co-operation with other Republican organizations in the State. The new club meets this need.

Killian E. Bennett, chairman, states the "certificate of incorporation as filed" to be the civic and political betterment of the community, to encourage voting at the primary and general elections; to recommend and endorse candidates for public office; to promote the cause of good government and to perform such other functions as may best conserve the interests of the National, State and local governments.

"Women are invariably interested in our local politics insofar as they relate to community betterment," says Mrs. Mabel M. Fowler in commenting on the activity of women in the club. "It is our purpose," she states, "to make a drive for the membership of women on the platform of 'Riverton, A Residential Town.' I feel that it is very important for the women of this community to prevent any selfish minority from stunting a movement to industrialize the town."

Albertson and Elwell for Council

The Riverton Republican Club has endorsed the candidacy of William H. Albertson and Francis B. Elwell for Council.

Edgar Lippincott, vice-chairman, states that these candidates were unanimously endorsed by the club and were regarded as a team which gave a peculiarly desirable balance to the slate headed by Howard M. Rogers for Mayor.

Mr. Elwell, said Mr. Lippincott, "is typical of the successful business man who has deliberately selected Riverton as a place of residence and who is genuinely concerned by the betterment of so many of our citizens in regard to civic matters. His active interest and work as a member of the School Board is evidence of his fitness and capacity for the responsibilities of Borough Council."

Mr. Albertson, on the other hand, is typical of the group of long-time residents of the community who are conducting a successful business locally. His work in the Chamber of Commerce, Rotary Club and various fraternal organizations is not only evidence of his popularity, but shows how freely he gives of his time to further the best interests of the community in which he lives.

Howard Rogers, candidate for re-election as Mayor, and Robert Cole for re-election as Borough Assessor, complete the local ticket endorsed by the Republican Club.

The first and third districts do not at present have representation in Council. Herbert Evans, secretary of the club, pointed out, "with all the fair intent in the world," any section of a community without representation in its governing body is bound to be slighted for want of an active, energetic sponsor. Mr. Elwell will supply that deficiency in the first district, and Mr. Albertson in the third district.

Frank J. Holvick and J. Carl DeLaCour have been active in urging that the membership of the club be completely representative of all of Riverton's Republican citizens.

The Riverton Republican Club, Inc., said Mr. Holvick, will not only be a typical cross section of Riverton's voting people; it will include a very substantial majority of those people. All that is required is an honest desire to see Riverton progress as a better place in which to live and to further a harmonious Republican organization."

H. H. Murray, one of the incorporators of the club, has been very much interested in the Memorial Park project from its inception.

"The club is in favor," states Mr. Murray, "of a development of the playground in order that the children may be provided clean, wholesome and supervised play. We think we have a very valuable asset that admits of greater development, and in common with its interest in all other civic matters the club wishes to exert its influence in expanding the usefulness of the playground."

Membership in the Republican Club is open to all of Riverton's Republican citizens. You are urged to join at an early date so that the unified organization may become immediately effective.

Your support of the ticket endorsed by the Club is urged on behalf of the public-spirited men who have consented to become candidates for the local offices for which the primary elections are to be held June 18th.

## Shinn is Victim of Political Trick

Under-Sheriff Roscoe C. Shinn, who is regarded as having a big lead for the Republican nomination for Sheriff at the June Primaries, has been made the victim of what is apparently one of the vilest political tricks ever employed in Burlington County.

With the date of the Primary less than three weeks off, a warrant has been issued against the Under-Sheriff, charging him with breaking and entering a bungalow on Rancocas Creek, in company with Detective Bates, on May 8, and the affidavits add two other persons, meaning women, of course.

One of the oddest features of the affidavits is that Shinn is alleged to have carried a supply of putty with him to replace panes of glass removed from a window for the purpose of entering the bungalow.

Shinn admits that he stopped at the bungalow in company with Detective Bates, in the course of a trip on business connected with his office, but denies all the rest of the story, blaming his political enemies for an obviously malicious effort to discredit his candidacy, which has been regarded as certain of success.

Shinn is opposed by Benjamin F. Farmer, of Burlington, who is backed by the little band of County Detective Ellis Parker.

## PHS YEAR BOOK VERY SUCCESSFUL

**Seniors Gratified on Presenta-  
tion of First Palmyra High  
School Annual**

Seniors of the Palmyra High School have scored a very gratifying success in presenting their "Tillicum," the Year Book of 1929.

This innovation in the annals of P. H. S. was undertaken for the first time at the suggestion and under the direction of Mr. Plank, a member of the faculty.

Through the kindness of the printer the books were finished ahead of schedule and were distributed Friday instead of Monday. The seniors and members of the other classes were much excited about their annual and were all on edge when told they were ready for distribution.

The editorial staff has functioned very smoothly and, unquestionably, very ably. Pictures and captions were instant favor with the students and even now the Juniors are looking forward to the next edition of the Year Book, which they will sponsor next spring.

The book itself is attractively bound with a handsome imitation leather cover in a neat leather-grain effect. The name and Senior seal is embossed in gold on the cover. The book is the first of its kind ever attempted in the Palmyra School and is entirely unique in its method of revenue being derived from advertisements and the sale of copies to defray all expense, which was a considerable item, owing to the fine work which is an evidence throughout its pages.

Elwood Russell, who is its successor all good fortune when it comes time for "Tillicum" 1930.

## SPLENDID REPUTATION FOR MILLSIDE FARMS

**Guernsey Association Gives High Rat-  
ing to Lasko's Milk After  
Tests**

"Millside Farms," located on the Burlington pike near Riverside, owned and operated by Mr. and Mrs. S. R. Lasko, has established an enviable reputation. The herd of Guernsey cattle, under the supervision of the Federal and State authorities, so that danger of infection is practically eliminated.

Tests for butterfat in milk, the count of the bacteria contained therein and the lack of sediment in the milk, places the milk in a class which is seldom equaled. The last examination, made under the auspices of the New Jersey Guernsey Breeders' Association, Inc., gave a butterfat percentage of 7 per cent. "The State Law requires 3 per cent, a bacterial count of 3,300 per cubic centimeter (the Law allows 10,000 bacteria per cubic centimeter for Certified Milk, which is the highest standard for milk).

Sediment test of Millside Farm's milk was very good, showing that the milk is handled in a cleanly manner, and that extreme care in supervision and labor rather than the most costly equipment, are necessary to obtain such results.

### MOVIE BENEFIT

Don't forget the moving picture benefit to be given by the Riverton Fire Company on June 5th and 6th. Proceeds to go toward the Kiddie Party which will be held this year. You all remember the one last year? Buy your ticket and come out to see the show. It is a good one. Victor McLaglen in "Strong Boy." Tickets are good either night. Don't forget, this is for the kiddies. There will be a house to house canvass with tickets by the firemen. We want everyone to be a part of this affair.

## INES ARE DRAWN FOR BATTLE AT SPRING PRIMARY

**Contests Being Waged for  
Three Important Republi-  
can Nominations**

## HARMONY CONFERENCE ENDS IN FAILURE

**Withdrawal of Russell From  
Clerk Race Only Change  
in Situation**

The withdrawal of Elwood Russell, of Burlington, from the race for the Republican nomination for County Clerk has narrowed that contest in this spring's primary campaign to two men, Lawrence G. Minkin, of Medford, and J. Aquila Jones, of Mount Holly.

For the Republican nomination for Sheriff there are likewise two leading candidates, Under Sheriff Roscoe C. Shinn, of Burlington and Mount Holly, and Coroner Benjamin F. Farmer, of Burlington. Charles Carslake, of Columbus, a detective, who gained some prominence in connection with the Rancocas rum barge scandal, has likewise filed a petition for this office.

For Freeholder the leading candidates are Freeholder William H. Heiler, now Director of Finance of the County Board, who is out for renomination, and Charles B. Jessup, of Riverton, who represented Cinnaminson Township on the large Board of Freeholders some years ago. John G. Nack, of Mount Holly, a newcomer in County politics, also filed a petition for Freeholder.

Dr. Marcus W. Newcomb is up for renomination to the State Assembly without opposition and Auditor Harry J. Ziegler, of Riverside, is unopposed for return to his office.

There is a free-for-all for two nominations for Coroner, the following having filed petitions: Irving Shemmel, of Moorestown; Edward Moorehouse, of Riverside; William P. Young, of Burlington; George B. Hitting, of Mount Holly; William W. Barclay, Borden-town, and Charles C. Rossell.

A final conference of leaders of the two factions of the Republican party was held at the Mansion House, Borden-town, on the last day for filing petitions, Thursday of last week, for a last hour discussion of harmony plans.

### No Agreement

There seemed to be little prospect of inducing any of the leading candidates to withdraw from the field, with the exception of Russell, whose readiness to sacrifice himself in the interest of harmony may be rewarded later on.

Consequently the crux of the discussion revolved itself chiefly around the question of line-up, when State Senator Poreh will be up for renomination. Most of those present at the conference seemed to be of the opinion that it was far too early to commit themselves on the 1930 campaign, and besides, certain selfish interests and ambitions manifested themselves, possibly on both sides, with the result that no definite harmony agreement could be reached.

Russell's Statement

Elwood Russell has issued the following statement:

"In withdrawing from the field of candidacy for the office of County Clerk I feel that there is a word due those through whose loyalty and support I believe my election to the office to have been almost assured. I thank them for their expression of confidence. I will be gratified if a quest of the qualifications which I offered, including a large experience in public office, public affairs, will lead to the choice of a candidate who possesses them. I therefore wish to endorse Mr. Lawrence G. Minkin, of Medford, of whose qualifications have had many years' knowledge."

My withdrawal is entirely voluntary and solely in the interest of the welfare of the County Clerk's office and the people of the County whom it serves."

## Winkelspecht — Hires

The wedding of Miss Elizabeth V. Hires, daughter of Mr. and Mrs. James K. Hires, of 419 Cinnaminson avenue, Palmyra, and Dr. Harold J. Winkelspecht, son of Mr. and Mrs. Anton Winkelspecht of Delanco, was solemnized at the Trinity Episcopal Church, Moorestown, at noon Saturday, May 25, by the Rev. Edgar L. Sanford.

Mr. and Mrs. Arthur Seike attended the young couple and the bride was given in marriage by her father. Only the immediate relatives were present at the ceremony.

The bride was attired in a beige traveling costume of georgette and chiffon, with a fur neckpiece to match. The matron of honor wore tan georgette and lace. Both carried old-fashioned bridel bouquets.

Immediately following the ceremony Mr. and Mrs. Winkelspecht left on a motor tour of the New England States and Canada.

The bride is a graduate of Palmyra High School and is one of the most attractive and popular members of Palmyra's younger set. Mr. Winkelspecht is a successful young dentist, who likewise has a host of friends throughout the County.

After June 15 they will be home to their friends at 334 Hazel avenue, Delanco, where they have built an attractive home.

## HORSE SHOW AND GYMKHANA SEEN BY LARGE CROWD

Cinnaminson Home Benefit at Moorestown Field Club Great Success

KEEN COMPETITION IN ALL EIGHTEEN EVENTS

South Jersey and Philadelphia Society is Well Represented

The annual horse show and gymkhana held at the Moorestown Field Club Saturday afternoon for the benefit of the Cinnaminson Home attracted a record crowd of more than a thousand persons, and was a huge success from every standpoint.

Saddle horse showing and gymkhana events featured the horse show, in which eighteen events were run off in keen competition.

Beautiful silver loving cups were awarded the winners, which included entrants from Moorestown, Riverton, Merchantville, Camden and Philadelphia. Hampton Riding Academy and Wrentham Military Academy.

Mrs. Lester A. Collins, fine chestnut mare, Irish Girl, won the show championship. Irish Girl was also a winner in two other events. The mare won first place in the ladies' saddle mounts, and second in the qualified saddle horses under 15.2. Billy, ridden by Mrs. Ralph L. Freeman, Moorestown, won third place in the qualified saddle horses under 15.2.

Mrs. Collins' young daughter, Ruth, 11, riding her father's bay gelding, Cocoa, a Devon and Bryn Mawr ribbon winner, won third place in class of saddle ponies other than Shetland.

Markman, ridden by Ralph L. Freeman, won first place in the class of pairs of hunters, while Sportsman, ridden by Bob Brown, won second. Bob Brown also rode Valdez, owned by Lester Collins, and who was the Mr. Freeman also rode Markman in the qualified hunters' event, in which he came in third.

Thomas McDonald, of Moorestown, won two events with his horse coming in first in both the Potato spearing contest and the Nightshirt race.

Buckshot, ridden by Henry Tattall Brown, of Moorestown, won second place in the Green Hunters' event. Mr. Brown also rode High Boy, who came in third in the Qualified Hunters' race.

Elrich Freeman won the Saddle race and came in second in the Potato spearing contest, riding John Levengood. Elridge Freeman won the bending race.

The horse show and fete attracted society from all sections of South Jersey and Camden. The fete club grounds were swamped with ladies in riding habit and bright summer attire, eagerly watching the races, consuming lemonade or ice cream, or purchasing every conceivable kind of novelty.

The fete always is the occasion for the appearance of the latest in summer styles. The quilted coat, which is so new, was in evidence on many a smartly frocked member of the younger set. It would be difficult to determine which of the colors enjoyed the greatest popularity, for there was such a sprinkling of pinks, yellows, blues, greens and purples. Printed socks were smart, too, and the large lady straw hat added a picturesque note to many a costume.

Every booth sold out. The doll booth, conducted by Mrs. E. Russell Perkins, chairman, was unusually attractive and won much interest. The candy and ice cream booths were among the most profitable stands.

The flower table, which offered some novel pottery, was popular, and the delicious table attracted more than its share of the crowds. The golf putting game proved another unusually popular spot.

The Farmers' Market, which was a new feature this year, opened the affair at ten o'clock and housekeepers found their way there to do their week-end marketing. Several members of the committee were kept busy all morning delivering orders of chicken salad rolls and cottage cheese.

An unusually large number of folk stayed for the buffet supper, which was very tastily prepared. There was a steady line at the cafeteria table from five to seven o'clock. A delightful dance with music furnished by the Wayman Five, concluded the interesting day.

## Professor's Memory Honored

PROF. A. S. GRIFFITH

"With deep affection and gratitude 'THE TILICUM' is respectfully dedicated to one who has passed on to his higher reward, but will be held dear in the memories of all those who knew him." These words appear on the dedicatory page of the recently published Palmyra High School Year Book. It is dedicated to Mr. Arthur Spencer Griffith who was Supervising Principal of Palmyra Schools for 23 years. Prof. Griffith who passed away last year was respected by all the townspeople and most assuredly by all the students of Palmyra High School.

CLASS 10—Nightshirt race. Winner—Thomas McDonald; second, Levengood; third, Freeman.

CLASS 11—Green Hunters. Winner—Dixie Bell, ridden by J. A. Stiles; second, Buckshot, ridden by Henry Tattall; third, Gold Heart, ridden by Shirley Snyder.

## COLORFUL PROGRAM OF SPLENDID MUSIC

Ivan Velikanoff, Master of Ceremonies, to Be One of Haddonfield Chautauqua Features

A colorful program of real music, headed by Ivan Velikanoff, a jovial master of ceremonies, four years with the Moore Art Company and two years with the Pomeroy Opera Company, will be one of the features of the Haddonfield Chautauqua, to be held June 20, 21, 22 and 24. Velikanoff was a member of the Philadelphia Grand Opera Company. With this great artist there are other operatic stars of note, including Vera Belavitch, soprano of the Moscow Art Theatre; Alexandra Vasilieva, soprano of the Philadelphia Grand Opera Company; Nicholas Samson, baritone of the Russian Art Company; and Michael Lachovsky, bass of the same company.

These artists are accomplished balalaika players. Their program will cover a wide range of musical selections. Folk songs, excerpts from famous operas, together with popular ballads, will be presented. There will be solos, duets, quartets and the customary will be in keeping with the musical numbers.

## TRAFFIC COUNT NEXT THURSDAY

Planning Federation to Make Great Tri-State Travel Check June 6

The Regional Planning Federation has arranged for a comprehensive origin and destination passenger traffic count on Thursday, June 6, involving 1,000,000 persons, over all principal highways, and railway, transit and bus lines serving the 4,000 square miles of the Tri-State District in New Jersey, Pennsylvania and Delaware.

The State of New Jersey, through the highway department and State police, will co-operate officially in the count. Every passenger carrier from Princeton to Pennsboro will participate, including traction and bus lines of Public Service Co-ordinated Transport; Trenton and Mercer County Railway Company; Trenton and Princeton Traction Company; and Trenton, Bristol and Philadelphia Street Railway in addition to the Pennsylvania and Reading railroads. Jersey traffic over the Delaware River Bridge and ferries also will be checked.

Announcement of the survey was made recently by William H. Connell, Executive Director of the Regional Planning Federation. Mr. Connell is the former head of the Pennsylvania Highway Department. During his administration at Harrisburg, he directed, in collaboration with the United States Government, the most comprehensive traffic survey ever made.

"Official co-operation of the highway authorities of the three States, sectors of which dovetail into the Tri-State region, has been enlisted for the count on Thursday, June 6," Mr. Connell said. "That day will be advertised as Regional Plan Day."

The United States Bureau of Public Roads is co-operating actively. The Keystone Automobile Club and the Automobile Club of Philadelphia have placed the facilities of their organization at the disposal of the Federation.

"In fact, every passenger carrier by rail, bus, trolley and ferry in the region will participate in the count. Simultaneously with the 'clocking' of motor cars on regional cross-roads and on the great radial routes that lead to Philadelphia and Camden, a

## WOMEN TO DISCUSS LAW ENFORCEMENT

On Tuesday, June 4, there will be a conference of New Jersey women on the enforcement of all laws at 2 P. M. in Sayre Hall, Y. W. C. A. Buildings, Newark. All women are welcome, and each club, church and women's organization is urged to send at least one delegate to take back to the members the suggested program for creating public sentiment in New Jersey for law observance.

Prominent speakers on pertinent subjects will address the delegation. Mrs. Jesse W. Nicholson, president of the National Woman's Democratic Law Enforcement League, will speak on "The Kind of Leadership the Democratic Women Will Follow in Relation to Law Enforcement." Well known women from both parties will take part in the program, for this committee is bi-partisan and puts principle above party politics.

Dean George S. Harris, of the New Jersey Law School, will speak on "Know Your Courts." James M. DeRan, United States Commissioner of Probation, at Washington, will speak on "Education for Law Enforcement."

## OCTOPUS AT MOUNT HOLLY

A small, live octopus with tentacles from one to two feet long was found along the Rancocas creek at Hainesport last week and now everybody interested is wondering how the devil fish, which normally is a denizen of southern salt waters, happened to find its way up this fresh water stream. It was alive when discovered and even after the finder had mashed its head with a rock, it squirmed and wriggled its tentacles about his wrist.

## CARD PARTY

The Palmyra Tennis Association will hold a card party in the Porch Club, Riverton, Friday evening. Special prizes are being offered and the committee is working hard to make this event a huge success. The public is cordially invited to attend and enjoy an evening of cards with the tennis "fans."

## State Republicans

Republican leaders will direct some attention in the next few weeks to the program for the State Convention which follows the primary election.

The usual course has been to arrange for draft of the party platform in advance of the gathering.

There is not likely to be any marked change in the platform this year, nor will there be any strong effort to remedy supposed defects in the existing dry laws, a battle that has caused more or less disturbance in the convention for several years.

check of passengers will be in progress throughout the day on all trains, buses and ferries operated by the Pennsylvania, Reading and Baltimore and Ohio railroads.

"At the same time in New Jersey, the widely flung traction and bus services of the Public Service Co-ordinated Transport and the public Service Interstate Transportation Company will be co-operating. Meanwhile, in Philadelphia and its environs, the Philadelphia Rapid Transit Company and other traction and bus lines under Mitten Management will help make the count."

## BOY SCOUTS

The Scouts of Troop No. 2 held their regular weekly meeting last Thursday evening. Deputy Commissioner Brady was present and made a few announcements. The meeting was also favored by the presence of Charles B. S. Wynkoop, a member of the Troop committee. Needless to say, the meeting was very successful.

Last Sunday evening, some of the boys of Troop No. 2 held an investment service for a new troop in Wrightstown; twelve boys being initiated into scouting at this ceremony. The Scoutmaster of this new troop is the Rev. Mr. Johns, of the Methodist Church, Wrightstown. The troop is sponsored by official board of the same institution. C. O. Melcher and R. E. Wilson helped to furnish transportation and the boys wish to thank them again.

## EX-MAYOR WINS IN DAMAGE SUIT

Earl Cooper, Who Was Killed by Bus, Named as Joint Defendant

A Palmyra man who has since met death in an automobile accident and ex-Mayor James T. Weart were defendants in a suit brought by a Pleasantville woman in the Supreme Court last week.

Earl Cooper, who was killed last fall when struck by a Pennsylvania bus, was driving Weart's car when a truck crashed into it, injuring Mrs. Mary E. McDonald, of Pleasantville, a passenger in the machine. Mr. Weart, who was Mayor at the time, was not in the car. The accident occurred at the intersection of Broad street and Cinnaminson avenue, on "Old Home Day" in September, 1926.

Judge W. Frank Jay directed the jury to return a verdict of "no cause for action" against Weart and Cooper. Mrs. McDonald was awarded \$42.50 against James D. Courtney, owner of the truck which figured in the accident, and Oliver Conover, the driver, both of Yardsville, N. J., who were joint defendants with the Palmyra men.

The complainant asked for \$25,000, alleging she was permanently injured in the crash.

## ROTARY AT DALLAS

Almost in the center of the Western Hemisphere, the Rotarians of the world will gather at Dallas, Texas, for their twentieth annual convention May 27-31, to renew their international friendships and to decide upon their leaders and their program for the coming year. Delegates representing more than 3,000 Rotary clubs in 48 different countries will be in attendance, an increase of four countries in the Rotary family in the past year. Rotary clubs have been established recently in Greece, Egypt, Palestine and Lugo, among the 268 clubs which have been formed in the past year in thirty-two countries.

## Gale Ground Loops, Damages His Plane

A Waco plane, owned and piloted by S. Roger Gale, widely known Moorestown man, was damaged when it crashed into a tree of Arthur Chant's farm, Delanco, last Saturday evening.

Mr. Gale, who is vice-president of the Burlington County Aero Club, was flying by compass, and, as they say in aeronautical circles, "skidded" off his course. Dark and a heavy mist made it impossible for him to get his bearings from the air, and he made a perfect landing on the farm to ascertain his location.

Finding he was so near the airport where his plane is kept, he attempted to take off, despite the darkness. The field had been cultivated, making it difficult for the plane to pull, and it groundlooped, crashing into a tree.

The pilot was uninjured. The wing and propeller on his plane was damaged and one of the tires on the landing gear blew out. The Waco was shipped to Landmont Field, Philadelphia, by truck, and is now being repaired.

## WILLIAM ROBERT TURNER

Robert Turner, aged 43, who suffered a paralytic stroke last Tuesday, died on Sunday at his home in East Riverton.

Mr. Turner was born in Pittsylvania county, Virginia, and was a member of the Bethel Baptist Church there. About twenty-four years ago he came to Riverton, where he married Miss Bertha Claybourne. He was a member of St. Paul Baptist Church, where the funeral services were held Wednesday afternoon at one o'clock, conducted by the Rev. M. A. Foster, Interment at Wrightsville.

Mr. Turner leaves his widow, eight children, a brother, Charles Turner, of Union Landing, and another brother and four sisters in Pittsylvania county Virginia.

## JAMES JERMON

James Jermon, aged 63, died at his late residence in Germantown Monday morning after a long illness. Funeral services were held this Wednesday afternoon at 3:30 o'clock at the First Baptist Church, Germantown. Mr. Jermon was the father of J. Russell Jermon of Riverton.

# To the Citizens of Riverton

The Citizens' Committee of Riverton is an organization of time-tested Republicans who believe in true Republican ideals—in the past as well as the present and future. They have the real interests of Riverton at heart, and it is for reasons of civic pride that the Committee endorses the candidacy of

**MR. EDWARD R. WILLIAMS**  
and  
**MR. CLARENCE N. HUBBS**

for members of the Borough Council at the Primary Election, June 8.

These gentlemen were endorsed by this committee and nominated and elected by the people six and three years ago respectively. We have nothing to regret, and are justly proud of the record of progress they have made in helping to administer the affairs of the borough for the past few years. It is with a great deal of pleasure that we again endorse these councilmen for re-election.

## WHY?

These men have been chairmen of the most important committees in Council and their recommendations concerning the work of their committees have been backed up by Council without an exception.

They are again willing to serve as Councilmen of Riverton and give without restraint or reservation of their time, energy, knowledge and experience.

They have tried to carry out all the recommendations of the Mayor, and are pledged to endeavor to bring to a successful conclusion the following Civic Betterments for Riverton:

## HERE THEY ARE

1. Take over the roadway along the River Bank on a line as near to the river as practicable, with due consideration to the adjoining property owners, to improve the road with permanent paving, and include the land between the road and river in our Public Park System.
2. Improve the playground facilities at Memorial Park.
3. Dam the creek along the park near railroad bridge and make a beautiful lake which will be credit to our town, at little or no expense to the taxpayers.
4. Formally dedicate Memorial Park to the boys who served in the World War. (This has never been done.)
5. A Municipal Building, bought, paid for and operated by the Riverton Fire Company. (This the firemen want to do themselves.)

This Committee and the above-named Councilmen are opposed to any permanent street paving at the expense of individual property owners.

## CITIZENS' COMMITTEE

## MILTON SILLS AT WALT WHITMAN

Special Holiday Program This  
Weekend: Second Anni-  
versary Next Week

The holiday program arranged for Thursday, Friday and Saturday at the Walt Whitman Theatre is replete with surprises in abundant quantity and of exceptionally high quality. The stage offers a wide variety of entertainment.

Heading the list of acts is a real breath of Bonnie Scotland in the singing of Jean McLeod and Company, which brings songs, dances and music of the highland in all their native charm with beautiful scenery and elaborate stage and lighting effects.

The comedy end of the program is headed by Mullin and Grant in a humorous military satire, entitled "Ready for Action," which features J. M. Mullin, a tankmaster of national reputation, and for years a favorite of the biggest vaudeville and musical comedy houses.

Other acts are Marian Gibney, prominent and successful character comedian, in a series of humorous types, Peters and LeBuff, in "Thumps, Bumps and Thrills," and the added feature is the former stars of the Hippodrome in New York and London in a series of dances on skates.

The feature photoplay is Milton Sills and Dorothy Mackaill, in "His Captive Woman," a drama of Broadway and the South Seas.

The orchestra, under the direction of Robert W. Taylor, will feature a special Memorial Day celebration. There will be a special matinee Decade Day at two-thirty in the afternoon, with all the features included, with no advance in prices over the usual matinee scale.

Second Anniversary  
The second anniversary of the inception of this popular playhouse will be annually celebrated by an array of attractions that promise six days of unparalleled entertainment.

Monday, Tuesday and Wednesday, the list of attractions is in keeping with the spirit of the occasion. Heading the bill is the sensational revelation in motion picture entertainment, "Hearts in Dixie," the charmingly beautiful all singing, dancing, adoring and musical feature in which the soul of the Southland finds voice in this epic of the silver screen.

Another feature of this program will be the well known comedy team, "Clark and McCullough," in a hilarious movie presentation of their famous comic characterization, "The Diplomats."

Miller and Lyles, the musical comedy stars, will be seen and heard in "The Jimtown Cabaret," another movie hit. Silent news events and organ solo work by Joseph T. Powers will bring these noteworthy program to a close.

### ALUMNI DANCE

The Palmyra High School Alumni Association will give a supper dance in the High School Gymnasium on June 8, 7:30 p. m., in honor of the new members from this year's graduating class. All members are urged to come, to bring their friends and to make the evening a success.

Those who wish to attend are requested to let Mrs. Winn, Lincoln avenue, Palmyra, know by June 3 if they are coming, and the number of guests they are bringing, so that arrangements may be made with the caterer. \$2.00 per person.

There will be cards for those who do not care to dance, or both if one desires.

## The TOWN DOCTOR (THE DOCTOR OF TOWNS)

SOME TOWNS, LIKE TRUCKS, GET  
STUCK IN THE MUD

There is something about the building of a highway that is, to me, as a magnet to steel. When driving through the country, a "Road Under Construction" sign is a near command to drive around the barrier, and learn if the notice is telling the truth.

There is something majestic and awe-inspiring about the laying of a ribbon of concrete across a plain, through the valleys, or over the hills. Perhaps it is not the actual construction as much as the value of what the completed work will be to the communities it will serve, wondering if those it will benefit will take full advantage of the opportunity.

The paving of a country road is an epoch in the life of the area through which it passes, for it marks the passing of the old into the new, and to me, a changing from the old order of things is always of interest.

Last fall, while making what has been spoken of as a "clinic journey," I obtained permission to drive a twelve-mile strip of newly-laid concrete through the Palmyra Hills country in Illinois. It was a beautiful road, in a beautiful country, and I could but marvel at the thoroughness of the perfect contour of this "sidewalk for motor cars" to hills, dale and woodland—it was perfect.

Some miles from the convergence of this roadway with the main arterial highway, a large force of workmen with a score of dump trucks were making a fill. Trucks loaded with loose earth came from both directions; systematically they swung to the edge, half circled to the center of the pavement, then backed; a whistle blew, the truck stopped, the dump body tipped as the end gate opened; another whistle, and the truck moved out and on up the road. For an hour I watched them as like giant ants they came and went, filling the hole that was bad for the highway.

Then something happened. A monstrous truck, very heavily loaded, backed up too far, went off the pavement and down the embankment, settling deep in the wet, loose, spongy loam. It was stuck—no doubt about it. A loud whistle blew—trucks out-bound, stopped, swung around and returned to the fill, inbound trucks drew up in a line. Chains rattled as each hitched to the other; a workman slid down to the truck in the mire, attached a chain there, and a whistle blew thrice. At the first whistle, all trucks moved forward, taking up the slack; at the second, gears meshed into low; at the third, every clutch of every truck

## VIMAC COMPANY AT MOUNT HOLLY

Airplane Factory, Backed by  
Prominent County Men,  
Soon to be Built

That the Victor Metal Aircraft Corporation is now located in Mount Holly is now an assured fact, all details between Frank B. Ellis, the owner of the property desired for the company's plant, west of the Lumberton-Mount Holly road, and the officers of the corporation having been agreed upon.

It is expected that within the next thirty days the flying field of the Mount Holly Municipal Airport will be put in good take off and landing condition, while it is also the intention of the Aircraft Company to begin the erection of temporary wooden buildings within the next thirty days, to be later supplanted by concrete block structures.

These buildings will be used for the assembling of the company's all-metal airplanes—the Vimac—which has been recommended by the Public Service Company, requesting the chief test pilot and designer for the Keystone Aircraft Company, of Bristol, Pa.

The company is backed by many prominent citizens of Burlington County. The plant and field will be located on a plot of ground consisting of about fifty acres, the property of Frank Ellis, one of Lumberton Township's most enterprising farmers, the field being located just south of the county buildings at Clermont and west of the former Medford-Mount Holly branch railroad.

The only upward trend that brings no protest is a woman's skirt.

## CO. CANDIDATES FILE PETITIONS

Mrs. Mervil E. Haas Only Democrat on Primary Ticket

Thursday of last week was the last day fixed by statute for filing petitions by residents of the County who care to enter the political arena on primary day, June 18, and about all the candidates who have been making the fact known that they expected to run for office filed petitions, with the exception of Elwood H. Russell, of Burlington, who dropped out at the last minute in favor of Lawrence Minnig in the County Clerk race.

Mrs. Mervil E. Haas, of Palmyra, is the only Democrat on the County ticket for the County Clerkship. Candidates who filed for the County primary are as follows: Assembly, Dr. M. W. Newcomb, Republican; Sheriff, Rescoe C. Shinn, Charles L. Carlsake and Benjamin F. Farmer, all Republicans.

County Clerk, Lawrence G. Minnig and J. Arnold Jones, Republicans; Mrs. Mervil E. Haas, Democrat; Frederick William H. Heister, Jr., Charles B. Jessup and John G. Nuck, all Republicans.

Auditor, Harry J. Zeigler, Republican; Coroner, (two to be chosen), George B. Bittine, William P. Young, William W. Barclay, Charles C. Russell, Irving R. Shumley, Edward Moorehouse, all Republicans.

Mr. and Mrs. Haas and Russell are from Mount Holly; Young and Barclay from Burlington; Shumley from Moorestown; and Moorehouse from Riverside.

Keeps Fresh the Beauty of  
Fine Rugs

THERE are only two ways to remove all the dirt from rugs. One is to beat it out by hand, the other to deluge it by Positive Agitation through the Hoover cleaner.

The latter is the efficient way and the safer for your rug. To this beating action is added that of sweeping to gather up threads and lint, and suction to remove completely all the dirt that has been brought to the surface.

Hoover cleaned rugs retain their color, the nap stands upright and your rug remains as pleasing as when first laid.

The Hoover is guided by the lightest touch of your hand on its pistol grip handle.

## Dawes as Ambassador

Former Vice President Charles G. Dawes is the new Ambassador to England. It is doubtful if a better selection could have been made. The Vice Presidency is a good school for diplomacy, as its brings the incumbent into close personal relations with the Diplomatic Corps socially.

Throughout our history our most noted men have been sent on the mission to England, because of the importance of the relationships between England and America. Many, if not most, Ambassadors to England have been of Presidential calibre.

Charles G. Dawes, an international as well as a great national figure because of his work on the Dawes commission, possesses personal qualities that will surely make him a popular figure in London. His knowledge of international finance will be a great aid. We wish him all good fortune in his new post.

## Farm Life Still Lures

Marion Talley, world famous, the cynosure of all eyes, the youngest prima donna ever to grace the stage of the great Metropolitan Opera House.

Marion Talley, possessed of wealth and fame. Marion Talley, envied by farm girls, has made a firm decision to take up life on the farm and leave her career behind.

No more for her the glamour of bright lights, first nights, and the applause of the multitude.

Of her own accord, she is going with her family to operate a farm for the sake of happiness.

What a wonderful example for all the boys and girls who are on farms and feel that their opportunities are limited thereby. Marion Talley has tasted everything that the city has to offer, and has made her decision in the face of all.

This strikes us as very significant in view of the decreasing farm population. It shows that the farm still has a definite lure—that always and ever people will be turning to the farm for the sake of health and happiness.

This action of Marion Talley is sure to have a tremendous influence in turning people's attention to the many advantages of life on the farmlands of America.

## Cotton King Again

This is going to be the biggest cotton season since before the war. Every indication confirms this statement. Cotton will be King again, and rule over the entire world of fashion this summer; even Paris is showing cottons in preference to other fabrics now.

For everything from hats to shoes, cotton is now being advocated and used, and most summer wardrobes now bearing the sanction of Dame Fortune utilize cotton to some extent. It is even said that cottons are being used more than silks in the latest styles.

The story of the cotton come-back proves that you can't down a good thing. Experience has proven the wonderful qualities of cotton as material for wearing apparel. It will always be popular, even though it may now and then suffer a temporary eclipse.

Hail King Cotton!

## Another Edison?

Governors of many states are cooperating with Thomas A. Edison to help him find his successor. The great inventor, after a half century of work in which he revolutionized modern life, is seeking a youth of unusual capabilities who may perhaps be able to continue the work he has so well started.

To the high school boy who gives the best answers to one of his questionnaires, Edison offers a free college scholarship. One boy from each state, the one considered the possessor of the highest ability in scientific subjects, will be given a free trip in August to Mr. Edison's Orange, N. J. laboratories, where the questionnaire will be presented to him. Each of these boys will be entertained and made a gift of an Edison radio-phonograph.

We doubt that another Edison will be found. This miracle worker is unique. Yet we have no doubt much rare talent will be discovered in the search, and several promising youths will be given an impetus that may result in new benefits to humanity.

Therefore this enterprise is more than commendable. It is a particularly lovely gesture of a man much beloved, revered and admired—"another" of whom, however, we fear cannot be found so easily.

## Papa Must Have His Beauty Aids

Here at last is the truth about the well-groomed man and how he gets that way!

He does it by spending some \$30 per year—or, speaking collectively, about \$1,050,000,000—for the enhancement of his manly beauty, as against the not so much larger sum of \$1,825,000,000 ascribed to the so-called valuer sex. Even this does not nearly tell the tale, according to a survey made by beauty specialists, covering trade statistics, Department of Commerce figures and sales reports from the toilet goods field, as it does not include the various cold creams, emollients and other toilet preparations whose purchase is charged against the feminine beauty bill, but of which the man of the house makes an increasingly generous use.

Facial massages give father an estimated annual beauty bill of \$100,000,000, with a steady increase in the number of men who use this method of retaining the schoolboy complexion. Hair tonics and other hair preparations double this amount and add \$200,000,000 to the budgets.

Then take barber shops! There are estimated to be no less than 80,000, employing in round numbers 240,000 men. Not to mention the safety-razor investment for home use, the men of America are listed as spending \$750,000,000 a year to keep shaven and shorn—and trimmed.

## This Week

COTTON COMES BACK.  
CAPPER BACKS FARM BILL.  
COOLIDGE IS EARLY.  
WHY FARMERS LAUGH.

Cotton growers will be glad to hear that big department stores are specializing in cotton goods. "Cotton arrives" is the announcement of one store, biggest in New York, doing about \$80,000,000 a year.

"Dotted swiss," "pongee" and "ginghams" are featured energetically.

"Often woman changes," the French say. Real or imitation silks have been the rage; now King Cotton comes back.

If Americans will advertise, and emphasize, "Cotton goods grown and made in America," instead of advertising "British cotton cloth," that will help.

Senator Capper, of Kansas, trusted by farmers, backs President Hoover's farm bill. He opposes the debenture subsidy plan, which would pay a bonus to exporting middlemen, cut the taxpayers heavily, and do the farmer little, if any good.

Calvin Coolidge, as director of the New York Life Insurance Company, arrived twenty minutes ahead of time for his first director's meeting. "Beest thou a man diligent in his business, he shall stand before kings."

The former President is interested

in life insurance, not for profit, but for possibilities of public service. His day's work yesterday paid \$50; not much according to present ideas. But it is fifty times as much as Mr. Coolidge's father paid the black-bearded giant who earned in the Coolidge blacksmith shop \$1.00 a day, fifty years ago.

Tears and laughter afford relief. Loud laughter, violent weeping, cause the mind to rest and bring temporary peace.

There will be farm-relief laughter in news that railroads have consented to lower freight rates on wheat flour from the Middle West to the Atlantic.

The notion that farmers will get more for their wheat when flour mills pay lower freight bills will make the saddest farmer laugh.

Relief for flour manufacturers is welcome. They are having a hard time, with chain stores regulating their profits.

But charging them ten cents less a barrel for shipping flour will not cause them to give farmers two cents a bushel more for wheat.

Relief for farmers and for many others will come from generally increased prosperity, and especially from sharing national wealth more widely.

American farmers once sold corn for less than the amount of the tariff now proposed.

Prisons have changed. One ancient hero, solitary in prison, had to encourage him only the example of a humble spider spinning and resplending a web as fast as it was torn down.

A well known oil magnate, jailed because he wouldn't answer Senators' questions, has the deeper, pleasanter inspiration of a blonde trained nurse.

So much for the cause of colds. Having "caught a cold," what is the first thing a person does?

GUIDEPOSTS TO  
Health and Happiness  
By Bernarr Macfadden

Try This the Next Time You Have a Cold

Much has been said and written on the subject of colds and yet most people are pitifully ignorant about their cause and cure. There are several moss-grown theories as to how we catch cold: wet feet, draughts, insufficient clothing, and so on.

The orthodox physician will tell you that: "Whenever the surface of the body is suddenly chilled, the skin-vessels are contracted and those of internal parts are reflexly dilated; hence internal organs tend to become congested and, if excessive, inflammation sets in, constitute what is called a cold." That is all very true—so far as it goes.

A cold is also caused by improper breathing, plus certain other conditions. It must be remembered that we are constantly putting into our body fuel in the form of food, and we are usually putting in more than we can burn up. Even the exact quantity needed by the system calls for oxygen to create combustion. When food particles remain unburned, certain materials that should have been eliminated remain in the blood. And the person whose system is loaded with these materials is extremely susceptible to colds. The poison-laden blood fills the capillaries of the respiratory membranes, and, not meeting the required oxygen to burn it up, it is retained, causing congestion. That is why a cold usually appears in the lungs.

So much for the cause of colds. Having "caught a cold," what is the first thing a person does?

He usually flees to a warm place, whereas he should do just the opposite. Should he flee to a cold place he would at once begin to breathe deeply. Deep breathing could increase

the supply of oxygen and help to eliminate the above mentioned poisonous material in the blood.

Since a cold implies impurities in the system, the cure must be in the direction of elimination. Plenty of fluids is an excellent means. Both hot and cold baths are good in some cases. The shock of the cold bath causes profound deep breathing, which continues as long as the body is purging with an unusual amount of heat.

The hot bath, on the other hand, has an entirely different effect on the system. It causes perspiration and the filling of the surface capillaries with blood, thus relieving the central portion of the body from congestion.

It has been said by many physicians that a cold is caused by some invading germ taking advantage of a run-down condition. According to this theory then, a strong person should be immune to colds, while the weak person would have one continual cold. And yet, every day we see husky, robust men and women suffering from colds.

So far the much discussed "cold germ" has eluded science; even if it were isolated, it would not destroy the above theory.

But the truly wise person will take a greater interest in cold prevention, which is best achieved by remembering that when we take into the body more food than the body can burn up, we are adding poisons to the blood which must be eliminated.

## CHRIST CHURCH

Rev. Geo. J. McCormack, Rector  
Parry Avenue

The minister is to be simply colonel of the regiment. The real fighting is to be done by the men in the ranks, who carry the guns.

No ideal could be more non-Christian or more impractical than that the religious colored is charged to do the fighting for his men, while they sit at ease.

And yet, perhaps, there is one idea current which is more absurd still. That there is to be no fighting at all, but that the colonel is paid to spend his time selecting his regiment, or giving it gentle, educative instruction, not destined ever to result in any downright manly effort on the part of the whole regiment to do anything against the enemy.

Laymen are bound to propagate their religion by speaking about it, by preaching it, in fact.

When our men meet another in a railway train and speak of Christ to him, it is as legitimate a type of preaching as the delivery of a set discourse by another man from a pulpit in a church.

Telling men the Gospel, explaining what Christ can be to a man, is preaching in its Scriptural sense. It makes no difference if it is done haltingly.

A broken testimony from a laborer to his family is likely to be more effective than a smooth and conclusive Sunday morning sermon.

There will be a corporate communion for the members of St. Anne's Guild on Sunday morning next, at 10:30 o'clock.

The Arlington District Sunday School Association will be the guests of Mr. and Mrs. Franklin Chamberlain on Saturday afternoon, June 12, at 3 o'clock. The meeting will be at New Lebanon and Miss Evelyn Harrison, Religious Education Secretary of the Diocese of Long Island, will be the speaker.

Sixty members and associates met at the home of Mr. and Mrs. C. A. Wondor on Tuesday night and were entertained by an "Iceberg" talk by Mr. Tullis, executive of the Burlington County Society Association.

Services First Sunday After Trinity, 10:30 a. m. Holy Communion and Sermon, The Lamentation of Christ, 2:30 p. m. Church School, "The Crucifixion."

8:00 p. m. Evening Aid Sermon to Children, "Pete and Paul."

## Calvary Presbyterian

Charles T. Bates, Minister

The Calvary Presbyterian Church will celebrate the Lord's Supper Sunday morning at 11 o'clock. The quartette has a special program of music including "The Lord is My Shepherd," J. Trauman, Walter, Robert, Leonard, and Bessie, "The Lord is My Shepherd."

The singing service of worship will be held at 8 o'clock. The pastor will speak at this service and the quartette will sing "The Lord Brings Back the Oars," J. Trauman, Walter, Robert, Leonard, and Bessie, "The Lord is My Shepherd."

All departments of the Church School will meet at 10 a. m. Church Endowment Society at 7 p. m. Mid Week Service, Wednesday, June 3, at 8 p. m.

The last meeting of the season for the Women's Missionary Society will be held at the home of the president, Mrs. Borer, 712 Main street, on Wednesday afternoon, June 3, at 3 o'clock. The daughters of the members will furnish the program. The Thanks Offering boxes are to be brought in at that time. It is hoped all members will be present to enjoy the program and the social hour which will follow.

The Golden Bear Circle will meet on Friday evening, June 4, at 8 p. m. in the church parlor.

Children's Day will be observed the morning of June 9. At this time there will also be baptism of children.

The pastor invites all parents having children to be baptized to consult him as soon as convenient.

## FORUM MEETING AT MEN'S CLUB

Members Give Splendid Talks  
on Wide Variety of In-  
teresting Subjects

A most interesting forum meeting of the Men's Club in Church Church, Palmyra, was held at the Men's Club on Monday evening. It was the last meeting of the season.

Richard Wilson, director of the forum, introduced the speakers and each gave a very fine talk on chosen subjects.

Stanley Green took as his subject, "Disorderly Conduct." He graphically illustrated the consequences of natural law and pointed out how much better it would be if human beings were as constant in their conduct.

F. W. Spahr, told of "A Beautiful Dream," in which commended the ideals of a nation. He was true in admitting the "dream" impossible under the present state of human development.

Arthur Palmer, manual training in-

structor at Palmyra High School, discussed "Manual Training and Its Relationship to Everyday Life." He told how great an advantage it was for a boy to learn to use tools and how the training helped to develop him mentally, morally and physically.

Palmyra Community Movement. He told how the movement originated, the things it had done, what it is doing today, and what it hoped to accomplish in the future.

William A. Wood's subject was "The Plan of the Pine Belt." He gave a very interesting discourse on the plan, the which exists in the Pine Belt of New Jersey and awakened great interest in the hidden beauties of our own back yard.

Dr. J. M. V. Trench, superintendent of Palmyra School, told about his hobby, collecting coins. He exhibited a part of his collection and gave some very interesting facts concerning rare coins of many kinds.

All the forum talks were full of interest and much real enjoyment as well as useful information was imparted to members of the club. A splendid musical program under direction of Captain Rand and the helpful arrangements given by the ladies of St. Agnes' Guild completed the evening.

## PALMYRA CORPS WINS LOVING CUP

Post Rodgers Unit Takes Sixth  
Place in Frankford  
Meet

The Post Rodgers Unit, which participated in the American Legion and Auxiliary and ably assisted by the school children, was a splendid financial success. Much credit is due the splendid co-operation and assistance of the citizens.

The Ladies' Auxiliary and the children were out early and the residents at these marching the little emblem, the flower was instantaneous and liberal. For the children who assisted the Legion Post and Auxiliary are planning a little social evening at the home with entertainment and refreshments.

Those of the command who journeyed to Frankford last Saturday with the Legion and Post and Auxiliary for the tri-state competition, held in the Yellow Jacket stadium, saw one of the most colorful spectacles ever

seen in the East. Thirty-six Bugle and Drum Corps, uniformed in all the colors of the rainbow, and representing many of the largest and oldest Post of the States of Pennsylvania, Delaware and New Jersey, drilled, marched and played for four solid hours before the close scrutiny of the most competent judges that could be prepared.

Post Rodgers' Corps, notwithstanding the keenest kind of competition, came home with a prize, a large beautiful loving cup, emblematic of sixth place—another trophy to be added to the growing collection of honors this corps is bringing home to the town. The cup is now on display in the window of Buell's Drug Store.

Benjamin Turner and His Wife Sent  
to Jail on Disorderly Charge

Charged with keeping a disorderly house Benjamin Turner and his wife, Mary, were arraigned before Borough Recorder William L. Fichter, of Palmyra, Sunday morning and sent to the county jail at Mount Holly for sixty days in default of fines of \$26.50 each.

The Turners were arrested on a warrant by Constable Joseph Rodgers at one o'clock Sunday morning. Several people were around the house at

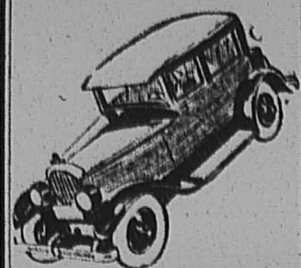

the time but none inside and therefore were not arrested. The place has been under surveillance of the Palmyra police for some time and the warrant was issued on complaint of the department.

The Turner home is located in West Palmyra, near Second and Arch streets.
