## OPPOSES MOVIE BEAUTY SHOWS

### Riverton Porch Club Speaker Urges Women to Discourage Movement

On Tuesday, November 5, the Riverton Porch Club opened with the all-important business meeting. After this the members were fortunate indeed to have as their guest Mrs. Eugene H. Barnes, First District Vice-President. She needed no introduction as the club members all feel so well acquainted with her, she having honored them several times in the past. She urged everyone to make "her best better" and to strive for a very worthwhile club winter.

She was desirous that every effort be made to protest the Beauty Shows, which the Moving Picture companies are featuring. Concerned effort on the part of all club women may have a very good influence on this menace.

She hoped that the State Federation Year Book would be used as a text book and promised that it contained a store of wealth pertaining to all club activities.

Tea was served after Mrs. Barnes' talk, and then came the much-talked-about Tabloids of the Founding of the Club, given by the Juniors, under the direction Mrs. Robert Landreth.

#### TABLEAU I.

##### The Earliest Beginnings of the Porch Club.

This little group of eight women—Mrs. Grace, Miss Farnshaw, who is now Mrs. Murdoch; Miss Ainele Coale, Miss Elizabeth Coale, now Mrs. Phillips; Miss Helen Lippincott and Miss Cecilia Leavitt, and Mrs. Stevens and Miss Catharine Cowton, the last two deceased—this little group, which originally met as an informal reading and sewing circle, early became associated with the germ of the Feminist Movement, which was beginning to work like yeast in the lives and activities of women everywhere, whether individuals or organized groups.

Turning to the work which lay nearest their hands, they took under consideration the duties which they felt were not being properly administered by the men of the town. Outstanding among these was the purchase and operation of a sprinkling cart for laying the dust of the then dirt streets of Riverton. This innovation was variously received, but most, it must be confessed with derision. The men, on the whole, greeted its appearance with looks of scorn, and its non-appearance (caused by some mysterious disability) with the current expression for "I told you so!"

#### TABLEAU II.

##### Porch Club Members Invade School Board.

Convinced of the equal rights of parents in deciding questions relative to the Educational welfare of their offsprings, Porch Club members determined to put one or more of their number on the School Board, which was, until that time, inviolately masculine. Mrs. Grace and Mrs. Miller were chosen as the first women candidates, and the long run for office which the men gave them and the cool treatment they were accorded when they finally did get elected, might have daunted less hardy spirits. They finally succeeded in entrenching themselves honorably in the office serving brilliantly and well for many years, and Mrs. Miller's long and able term of service ending only last year, and then at her own request, the gratitude and admiration of all with whom she had worked going with her.

#### TABLEAU III.

##### Laying the Porch Club Corner-Stone.

From an informal circle of chairs ranged on a shady veranda, the Porch Club grew in size and dignity until some fitting meeting place was considered essential. Mrs. Ogden offered her billiard room and for some time the club held its meetings there. But greater growth necessitated larger quarters, and it was finally decided that a club house should be built. With this end in view the present site was purchased from the Cook estate, and in 1909 the house, substantially as it now stands, was erected. Funds for the building were gathered in from various sources. There was a substantial loan from Mrs. Ogden, and other generous contributions, the whole affair being transacted in a much more personal and less cold-bloodedly businesslike way than perhaps it would be today—and yet with what splendid success. Mrs. Charles Flanagan, whom many contemporary members recall with love and respect, was particularly active throughout this period of the club's history.

#### TABLEAU IV.

##### A Study in Contrasts.

Most of you will remember the vivid word-pictures drawn by Mrs. Grace in her delightful talk at the last Charter Luncheon. In that club, she said, when she looked back on those early days of the Porch Club's beginnings, her mind's eye registered an impression of sleeves, sleeves, sleeves—great voluminous sleeves being quite "the" feature of the fashionable dress of the day. But today's club audience makes an utterly different impression—now it's legs, legs, legs!

#### Current Events Section

Attention of all club members is again called to the opening meeting of the Current Events Class, next Tuesday, November 12th, at 10:30 a. m., at Riverton 308.

## REPUBLICANS WIN IN ALL CONTESTS

### No Opposition in Riverton; County Candidates Defeat Democratic Opponents

The general election Tuesday resulted in a sweeping victory for the Republican candidates as was predicted by those familiar with Burlington County politics.

Roscoe C. Shinn, popular Republican candidate for Sheriff, defeated the Democratic nominee, 1486 to 634. Shinn was winning 9269 to 2865 with 79 out of 87 districts in the County reporting. Lawrence G. Minglin, Republican, was defeating Miss Haas, Democrat, 9411 to 2171 in the contest for County Clerk.

All other Republicans on the County ticket who were unopposed, received nine votes of confidence, both locally and throughout the County. They included Assemblyman Marcus W. Newcomb, Freeholder William H. Heisler, Jr., and George B. Blitting and William P. Young, Coroner nominees.

#### No Contest in Riverton

There was no contest in Riverton and Francis B. Wall and William H. Albertson, Republicans, were elected members of Council. Howard M. Rogers was re-elected Mayor, and Robnett Cole was returned to the office of Assessor. J. M. Coddington was re-elected Justice of the Peace.

**Democratic Nominees**  
In Palmyra the Democratic party entered candidates for the three Councilmanic vacancies, for Assessor and for Borough Collector, but failed to make any noticeable inroads on the regular Republican majorities.

Messrs. Cramer, Davis and Bradley were re-elected to Council by votes of 387, 360 and 324, respectively. Their Democratic opponents, Messrs. Roy, Reinshaw and Strohlein, polled 208, 184 and 170 votes.

For Borough Assessor James H. Hartley Republican, won from his Democratic opponent, Walter H. Cummings, by a vote of 674 to 674. A. Griscorn defeated W. R. Harman, Democrat, for Collector, 697 to 239. Both winners were candidates for re-election.

#### Wimer Polls 674 Votes

The present Mayor, George N. Wimer, was one of the women and 674 votes, leading the ticket. To James H. Hartley went the honor for polling the highest vote against opposition, 673. Van Steenberg and Schaffer were elected justices of the peace. They were Republican candidates and were unopposed. Schaffer's name did not appear on the ballot and he was elected by his name being written in.

The regular Republican candidates were elected in Riverton and Cinnaminson Township without opposition. In Riverton Howard M. Rogers, Mayor; Francis B. Wall and W. H. Albertson, Councilmen; Robnett Cole, Assessor; and J. M. Coddington, Justice of the Peace, were unanimously elected.

In Cinnaminson Township Maurice Cronow was elected to the Township Committee, while Edward H. Jeschke was elected Assessor. No Democratic candidates were on the ballot.

## CINNAMINSON SCHOOL

The lunch rooms in both Schools No. 2 and No. 4 are working satisfactorily. If one may judge by the number of children visiting them, or from the faces as they finish the noon meal. A spraying outfit has been purchased recently, and is being used by the boys to recast tables and trays with gray coats.

Slimes, games have been bought to be enjoyed during the noon hour on rainy days. The auditorium is used as an amusement hall, the large windows furnishing plenty of fresh air, with no danger of wet feet, and the attendant colds.

Radio programs are enjoyed. Those bringing the pupils in touch with good musical programs are popular.

The teachers are planning a play to be given early in the year. Those who attended the one already rendered, will not want to miss this. The proceeds are for the benefit of the dental clinic.

## CARD OF THANKS

I desire to express my appreciation of the sympathy and assistance extended in my recent bereavement, and to thank those who sent flowers and cards to the funeral.

MRS. EVELYN HALL.

The Club House. Class is still open. Have you joined? Phone Mrs. L. Brewster Jackson, Riverton 308.

## EAST RIVERTON MAN VICTIM OF HIT-RUN

### Andrew McIlhenny Found By Edward O'Neill; Taken to Hospital By Officer Quigley

Andrew McIlhenny, 74 years old, of East Riverton, was struck by a hit-and-run driver Saturday evening about 6 o'clock. In front of the boiler plant of the Public Service, East Riverton, Edward O'Neill, who is employed by the Riverton Market House, found McIlhenny lying in the road when he was on his way home to supper and reported at once to Officer William G. Quigley, who took McIlhenny to the Ziehrig Memorial Hospital, Riverside, where it was found he was suffering from a fracture of the right arm and severe lacerations of the head.

## SKEYHILL TO GIVE FOUR LECTURES

### County P. T. A. Sponsors Series for Benefit of Fund to Help Pupils

A series of lectures of a very interesting character will be delivered during the winter by Tom Skeyhill under the auspices of the Burlington County Council of the Parent-Teachers' Association.

Mr. Skeyhill, himself an interesting and colorful figure, is a lecturer of unusual attainment, with a background of varied and thrilling experience with the Australian army during the late war.

He made a very deep impression on his hearers when he delivered his "Last of the Lone Hunters" before a large crowd at Mount Holly last week. Mr. Skeyhill is the official biographer of Sergeant Alvin York, the Kentucky mountaineer, who was the outstanding hero of the war, and the lecture has to do with his life and deeds.

#### Revolving Fund

The County Council is sponsoring these lectures for the purpose of raising a revolving fund to be loaned to pupils wishing to continue their studies after graduating from high school.

Prior to this year scholarships have been awarded to deserving pupils but it has been decided to discontinue this practice and instead, raise a fund of \$6,000 to be used for loans to those who wish to go to normal or college. The money is to be used strictly for loans and is to be repaid when the borrowers finish school and secure positions. In this way it is hoped to secure enough money to assist a large number of pupils.

Each local unit of the P. T. A. will also be allotted a certain sum to be raised for this purpose.

**First in Mount Holly**

The first of the Skeyhill lectures will be given in the Mount Holly Methodist Church Monday, November 18; "Napoleon" will be the subject at that time. The second of the series, "The Trojan War," will be given in the Burlington Baptist Church Monday, December 16.

"The Coming Leader of Youth" will be the subject of the lecture to be given in the Riverside High School auditorium Monday, January 21. The last of the series will be in the Palmyra High School auditorium Tuesday, February 18. The title will be "A Young Man Looks At His World."

Tickets are to be sold in strips of four for the entire series for \$2.00. Individual tickets will be sold. Professor Paul Y. Eckert, of the Palmyra High School, has a supply of tickets which have been allotted to Palmyra. They may be obtained by calling at the school or by telephone.

#### Highly Regarded

Mr. Skeyhill is very highly regarded by the State Department of Education, having been engaged on many occasions to deliver lectures before teachers' conventions and similar gatherings.

His experience as author, playwright, soldier and lecturer combine to make him one of the most interesting characters appearing on the lecture platform today.

He served throughout the World War, relinquishing his duties only when, a short time before the close of the conflict, he was blinded by an enemy bayonet. He was thought to have been hopelessly blind, but miraculously regained his sight after treatment in this country.

#### MRS. LYDIA L. WILLS

Funeral services were held Monday for Mrs. Lydia L. Wills, 98, a member of one of the oldest and best known families in Burlington County, who died Thursday night at the home of a daughter, Mrs. Laura Howlings, 713 East Main street, Riverton. Burial was in Mount Holly Cemetery.

Mrs. Wills is also survived by another daughter and son, 10 grandchildren and 18 great-grandchildren.

Her father, Robert T. Haines, was for many years a farmer at Newbold Corner near Mount Holly and was one of the organizers of the Burlington County Fair, now known as the Mount Holly Fair. The Haines family, of old Quaker stock, was prominent socially.

#### PROTECT YOURSELF

#### JOHN H. KNELL

John H. Knell, 84 years old, died at his home, 825 Garfield avenue, last Monday, after having been confined to his home for the past three weeks by the voters of Burlington County at the polls Tuesday and will give his best efforts to the proper administration of the office of Sheriff.

ROSCOE C. SHINN.

#### APPRECIATION

I wish to express my sincere appreciation of the hearty support given me by the voters of Burlington County at the polls Tuesday and will give my best efforts to the proper administration of the office of Sheriff.

ROSCOE C. SHINN.

## RED CROSS ROLL CALL MONDAY

### Annual Membership Drive Will be Conducted in Riverton by 26 Solicitors

The Red Cross Roll Call will start next Monday, November 11.

The value of Red Cross work is so well known that there is little need to urge a very general response.

## RIVERTON FIRE CO. PLANS IMPROVEMENTS

### Remodeled Building Will Contain Hall Seating Four Hundred; New Plumbing and Heating

The Riverton Fire Company has about completed its plans for enlarging its present quarters on Howard street. The work will be done by Eichner & Weber, who have been working with the building committee on plans for several months.

The apparatus room will be lowered about two feet, and the front of the building extended toward the street fourteen feet.

On the main floor will be the club room, police court and jail. The jail will be renovated and made to meet state requirements.

On the second floor will be a hall with stage and seating capacity of four hundred, and the council chamber which will be refurnished.

The whole interior will be renovated and repainted.

A cement walk four feet wide on the south side of the building will give access to all parts house without passing through the apparatus room.

The alterations will include new plumbing and a new heating system and it is expected to start work within two weeks.

The committee having the improvements in charge is composed of Thomas Downs, Edson Carhart, Charles Cole, Lawrence Joyce, James Goodwin.

The officers are Walter C. Wright, president; John Strohlein, vice president; and Lloyd Major, secretary.

The board of directors is made up of the building committee with the addition of John Carhart, Jr., and George D. Steele.

## "HER STEP HUSBAND" TO BE EXPLAINED

Where is, why is, or who is "Her Step-Husband?" these are the questions that do not seem to be answered by the Einstein theory of Relativity.

There are "husbands" and there are "divorced husbands" but "Her Step-Husband" is one in which all will be interested. It is probably another "step" in scientific progress, but all will be revealed in the Palmyra High School Thanksgiving evening.

The Junior Philathes and Samaritan Classes of the Central Baptist Church will abandon the puzzling scientific terms and phrases and will show in real action just what "Her Step-Husband" is.

It's a laugh of two hours and a half.

## DRUM AND BUGLE ELECTS OFFICERS

### Lippincott to Remain at Head of Corps; McCroskey Is Business Manager

Post Rodgers' Drum and Bugle Corps of Palmyra, held its annual election of officers at the Legion Home last Monday evening.

Comrade A. H. Lippincott was again chosen commander of the Corps. Other officers elected are as follows: George Truman, executive officer; J. F. Rhensman, adjutant; Charles C. Seemuller, treasurer; H. L. Wright, quartermaster; J. Ellis, assistant quartermaster.

Rex McCroskey was elected business manager to take the place of D. P. Patterson, who is planning to move from Palmyra in the near future.

## GOLD FISH FREE

With each tube of Ny-Denta Tooth Paste purchased this week at the Blankenbush Drug Store, they are offering free two (2) Gold Fish, bowl and pebbles.

## RIVERTON FIRE CO. PARADES AT TRENTON

### Twenty-five Members Participate in Big Celebration Last Saturday

The Riverton Fire Company sent a large delegation to Trenton Saturday to participate in the 250th anniversary celebration held all last week.

Those who went were: Walter Armstrong, chief; John Carhart, assistant chief; William Evans, Charles Cole, Edward Faunce, Edson Carhart, John Carhart Jr., Harry Messmer, Thomas Downs, Lawrence Joyce, John Sotham, Walter C. Wright, Joseph Lezenby, Frank Coddington, William McDermott, Gus Roedig, George Becker, Arthur Wright, William McIlhenny, James McConnell, Lawrence Joyce, Lloyd Major, Frank Strohlein and Walter McFadden.

## PALMYRA DENTIST BURIED SATURDAY

### Dr. Charles S. Voorhis, Long-Time Resident, Was Well Known in Community

Funeral services were held last Saturday afternoon for Dr. Charles S. Voorhis, 67-year-old dentist, who was among Palmyra's best known citizens. His death occurred Wednesday afternoon.

Dr. Voorhis was for forty-three years a resident of the town, having come here with his parents, the late Mr. and Mrs. Abram Voorhis. He later opened dental offices at his late residence, Fourth street and Morgan avenue, which he maintained until his death. He also had offices in Riverside for many years and divided his time between the two places.

The doctor was very active in civic affairs during his lifetime and took part in many activities in the community. He was a member of the board of education for thirty years and was deeply interested in the schools, having devoted much of his time and energies in the upbuilding of the present Palmyra school system.

He was a member of several civic and fraternal organizations being a past master of the Covenant Lodge, F. & A. M., a member Lulu Temple of the Mystic Shrine, the Lions Club of Palmyra and Riverton, and the P. O. S. of A.

Dr. Voorhis was deeply interested in music and was himself a musician of unusual ability. He was a member of the Lulu Temple band and the Crest Shrine band.

He was a member of the Central Baptist Church of Palmyra and took part in many services which were held from the late residence. Interment was made in Morgan Cemetery, under direction of Frank A. Snover.

The deceased is survived by his widow, Ellen M. Voorhis, a son, Dr. Charles Francis Voorhis, a sister, Mrs. Mary V. Sharp, all of Palmyra, and a brother, Howard Voorhis, of Philadelphia.

## THREE INJURED AS CAR UPSETS

### Peyton Grey Feared in Serious Condition as Result of Crash

Peyton Grey, of Moorestown, formerly of Palmyra, suffered injuries which may prove fatal Wednesday morning when the automobile which he was driving crashed into a telephone pole on Branch road, near the Riverton-Moorestown road, and overturned.

Austin Grey, of East Riverton, and Oscar Howell, passengers in the car were also severely injured. They were rushed to the Mount Holly Hospital in the Palmyra ambulance on order of Dr. Harry L. Rogers, of Riverton, who arrived on the scene shortly after the accident occurred. Riverton and Palmyra police and the State Troopers also responded to the emergency call.

The car was being driven north on the Riverton road, apparently at a high rate of speed, when the driver attempted to make the turn into Branch road. In so doing the machine swerved to the extreme right of the highway and across to the other side, where it struck a telegraph pole and overturned.

It has been possible to have the Yale Review historical films shown in the school. As these pictures are authentic in presentation, they are valuable as historical background. An audience of 100, willing to pay ten cents each, showed interest, and we are hoping in another month to have the next picture in the series.

Two Benjamins from Glassboro Normal School are training with us for their first quarter of the year—Sarah Hagerly with Mrs. Murgatroyd, Grade Five, and Marjorie Adams with Mrs. Bush, Grade Six.

## PALMYRA INVITES RIVERTON BOARD

### Better Understanding and Co-operation Between Two Boards Sought

The Palmyra Board of Education has invited the Riverton Board to attend its meetings, in the interest of promoting better understanding and co-operation between the two bodies. A communication to that effect, from the Palmyra district clerk, and addressed to the Riverton Board, was read at the meeting of that body Monday night of this week.

Mrs. Mayfield, president of the Riverton Board, said that since the two Boards had so much in common, she hoped some Riverton members would accept the invitation.

Mrs. Frederick Blair read the report of the school nurses, which stated, among other things, that a survey had revealed fifteen school children, 15 pounds overweight, and eighteen, who were between 10 and 15 pounds below. A detailed statement was made of the number of visits made and the tonsil operations performed.

The examinations made by Dr. Rogers, medical inspector for the school, had revealed several cases of tonsils, teeth and hearing which needed attention.

**Miss Chew's Report**  
The highest percentage of attendance was in Grade 6, 99.4 per cent; the next highest in Grade 4B, 98.9 per cent.

The boys in Mrs. Williams' room made 100 per cent in attendance. There was no tardiness in Grades 3, 5, 6, 7A, 7B, and 8.

**HEALTH:**  
In addition to the report of the nurses, I would state that the children have been sent to Dr. Rogers' office, some for suspected disease, and some for examination on return to school after absence due to illness.

Children will be weighed monthly, as nearly on same date as possible, and cards sent to parents, who are asked to watch weight as an indication of state of health of children.

In cases of underweight, where milk cannot be supplied, by parents, the Parent-Teacher Association will pay for it. I have been told that one of the local dentists is willing to do work at a nominal charge in cases recommended by the school.

Examination of the children has been completed in seven rooms. The Friday Assembly period has been given over to the Damosroff concert, which are used as the basis of lessons in Music Appreciation. The new radio is a big addition to our school equipment and has been used on several occasions besides the concert hour, notably, during the World's Series ball games.

The annual enrollment to the Junior Red Cross has been financed, money and service both accepted for membership. The amount collected was \$12.11, which pays for subscription to the "News" for each classroom, and leaves a working balance toward service work during the year.

The Needlework Guild has finished and reported twenty-six garments made by the Seventh and Eighth Grade girls.

Monday morning assemblies have been the occasion of the production of play, by the Seventh and Eighth Grades, one of which was original.

A Primary Assembly and an after-school moving picture opened the month of November.

It has been possible to have the Yale Review historical films shown in the school. As these pictures are authentic in presentation, they are valuable as historical background. ## KEYSTONE ASKS AID FROM PHILA.

Auto Club Wants Bridge Approaches on Penna. Side Improved

Camden's splendid approach to the Delaware River bridge are made the basis of a vigorous fight by the Keystone Automobile Club for adequate approaches on the Philadelphia side of the river. Commending Camden and New Jersey for the foresight shown in the plans for motorway facilities through this city and surrounding territory, the club is urging upon the Philadelphia authorities the absolute necessity of extensive street widening to care for the volume of traffic now pouring over the span.

In a statement yesterday, the club called attention to its activities and emphasized the importance of the project from the standpoint of New Jersey motorists.

"Camden and South Jersey motorists," says the statement, "have a great interest in the fight now being waged to provide adequate bridge approaches in Philadelphia. Every tourist who drives to Philadelphia and every passenger carried across the river by the bus lines is confronted with the problem of reaching his destination. Philadelphia has been slow to grasp the importance of bridge travel and is just now realizing the realization that it is three years behind the times in preparation."

"The Keystone Automobile Club is urging the widening to boulevard width of Vine and Race streets as far as Broad and ultimately to Logan Circle. It believes this to be the best way of handling bridge traffic. It opposes the plan to make a boulevard of Randolph street, between Fifth and Sixth streets, because it is convinced this plan has no engineering value and that Randolph street is by no means the best solution of the problem."

**Randolph Project**  
"The Randolph project has been put forward and discarded in the last two administrations, only to bob up again with the support of Councilman Charles H. Hall, who recently is 'shouting down' opposition. This is the same Mr. Hall who led the fight against bridge tolls and who opposed adequate provision for bridge traffic on the Philadelphia side because he didn't believe there would be much traffic, anyway."

"It is estimated that the total cost of the Randolph project, Vine to Third Garden street on the north and Race to Market street on the south, a total distance of approximately one mile, would amount to about \$12,000,000. We believe this is too high a price to pay for a project that at best can be considered only a traffic makeshift, with no permanent relief to the pressing problem of overcrowding Philadelphia bridge-approach connections."

Other interesting data respecting the growth and activities of the Keystone Club was given by club officials. Its membership now exceeds 52,000, a great stride from the initial membership of 51 when it was organized, twenty-three years ago. The club is the largest motorist organization in Eastern United States, and it owes its dominant position to the public spirited activities extending throughout its history. The organization has consistently fought for the rights of motorists in general, at the same time perfecting and stimulating its individual services to members.

Aside from its work in the good roads movement, the elimination of dangerous highway conditions and its constant surveillance to check "Rube" mills, the club has spent many thousands of dollars in the erection and maintenance of warning and direction signs in both Pennsylvania and New Jersey, and has given assistance to local communities in the handling of their traffic problems.

**Engineering Department**  
Its Engineering Department is constantly working with local authorities in perfecting traffic regulations, and its Safety Department is contributing to the safety and welfare of thousands of children through organization and supervision of Safety Patrols. Both of these public services are augmented by the service rendered by members of the club's uniformed road patrol.

The club's Legal Department last year handled more than 9,000 cases, recovering upward of \$100,000 in claims made by members involved in accidents. The Emergency Road Department served nearly 10,000 members through the 500 garages located at strategic points throughout New Jersey and Pennsylvania.

The club's insurance facilities—the Keystone Automobile Club Casualty Company and the Keystone Automobile Club Fire Company—continued in the year to maintain the pace that made them the fastest-growing insurance organization in this section of the country.

With greatly increased facilities the Touring Bureau served more members in the past year than ever before. The New Jersey offices in Camden, Atlantic City and Trenton, were particularly successful in all departments.

## Judge Wells Sees David Baird, Jr. as Edge's Successor in U. S. Senate

Republican State Committeeman, Promises Burlington County's Aid If the South Jersey Leader "Throws His Hat in the Ring"

Acclaimed by more than 3,000 Republican workers assembled at Camden Convention Hall as the logical successor to Walter E. Edge for United States Senator from New Jersey, David Baird, Jr., last Saturday received one of the greatest ovations ever accorded an individual in South Jersey political history.

It was the final rally conducted by the Camden County Republican Committee in the current campaign.

"I am convinced that David Baird is the most loyal, the most useful and the most unselfish Republican in the State of New Jersey today," said former Judge Harold B. Wells, of Bordentown, the principal speaker, with all the emotional force of his command.

"If David Baird wants to go to the Senate and he throws his hat into the ring, just watch Burlington County and what it will do for him."

**Applause for Baird**  
What followed from Judge Wells' lips was drowned by the prolonged applause greeting mention of Mr. Baird's name.

In bold contrast to the ovation was Mr. Baird's modesty. With speaker after speaker sounding his praises and with the applause ringing constantly in his ears, the Republican chieftain of South Jersey scarcely smiled, although it was apparent he was deeply moved.

Called upon for an address, he spoke only for the party, never for himself. Nor did he mention once the boom that is expected to carry him to a seat in Congress.

"Your enthusiastic support of David Baird gladdens my heart. He is most unselfish and at the same time most capable. If, after he looks over the situation regarding the United States Senate seat, and he thinks the best interests of the party will be served by backing someone other than himself, he'll do it. David Baird is more interested in the Republican party than in himself. He deserves every honor accorded him and I assure him of my energetic support in whatever course he may pursue," declared the former Burlington County jurist.

**Wishes of Moore**  
Including his tribute to Mr. Baird, Judge Wells warned of the attempt he said will be made by Mayor Frank Hague to return former Governor A. Harry Moore to the gubernatorial chair, as evidenced in a recent announcement at a Democratic rally in Moorestown. Although Moore since has denied that he will be a candidate, Judge Wells vehemently insisted that Hague was out to re-seat him and that the Hague serpent was winding its slimy way throughout the State.

The jurist, who is State Republican Committeeman from this county, denounced the former Governor bitterly.

"I have more respect for a roughneck with criminal tendencies than I have for a man who, under the cloak of respectability as Governor of the State, followed like a sheep the disgusting bidding of such a political boss as Hague."

Benjamin Cooper, a Marlton farmer, died Sunday. He was 39 years old. The funeral services are to be held Thursday afternoon at two o'clock. William Crozier is to be the funeral director and interment will be made at Graceland.

Mr. Cooper is survived by a widow and five children.

## LENOLA FEATURES HUGE CELEBRATION

Community Center Active Friday in Halloween Parade and Party

Last Friday evening the Lenola Community Center held a Halloween party and parade. Numerous prizes were awarded. The committee in charge deserves much praise for its fine work. Many of the costumes were very beautiful; some very funny and original.

First prize for funny dress was won by Mrs. Frank Combs; Mary Jane Fick took second prize, and Mrs. Horace Crider won the third prize. Honorable mention should be given Mrs. Dorsey, whose costume was that of the period 40 years ago.

First prize in the children's division for fancy dress was won by Claire Engles, a Moorestown child. Rose Bartello won second prize.

First special prize for children was won by three-year-old Lorraine Henney.

First spook and comic prize was won by a couple dressed as cops, William Henney and Mr. Clamford. Rose Holman won second prize, and Mrs. Bill and Mrs. Schlegel as musicians, won third prize.

Special prizes were awarded to Mrs. Peter Shram, Horace Crider and Harry Ferris. In the children's division, special prizes were won by Josephine Lennox, Jean Applegate, William Bolly, Charles Snyder and his pony, Eva LaCombe.

There were about two hundred in the parade.

**William S. Hagmaier**

William S. Hagmaier, of Mark and Cohes avenue, Maple Shade, died Sunday evening, November 3, at his home, after three days' illness. He was one of the oldest residents of the town.

The funeral services are to be held Thursday afternoon at 1 o'clock from his late home. Elwood Belton is the funeral director and interment will be made in Greenmount Cemetery, Philadelphia.

Mr. Hagmaier is survived by his wife, Elizabeth, one son, John, and two daughters.

## At the Sign of the Gas Pump

When it comes right down to the honest-to-goodness fundamentals of selling put into actual practice, we are inclined to hand the cut flowers to the modern gasoline station rather than to any other specific branch of today's business.

The majority of gas station employees are young men—only a comparatively few of them have had a wide business experience. But, in small towns or large, the salesman or the attendant, call him what you will, apparently knows what a customer is for. On the average he comes nearer to showing his appreciation of the patronage he receives, and to taking an intelligent interest in his customer, than does anyone else.

As a class those gas station fellows are "on their toes." You never find them in conference—talking to the stenographer—while you are waiting for gas. They almost never try to sell you more gas than you want. When they ask you about oil, it is done in manner that could well be copied by thousands of high-priced salesmen. And they do not stop there—whether they sell that quart of oil or not, off comes the radiator cap and in goes the water, if required. The dust is wiped off the windshield—all without fuss or feathers—even his "thank you" is generally well executed. And you drive away sort of liking that fellow and everything and everybody connected with the station at which he works. How can you help it?

True, every salesman does not sell gas, but, figuratively, there are windshields to polish and radiators to check and fill, in connection with about every selling job on earth—in the office, in the store, or on the road. An intelligent interest can be demonstrated in the customer's requirements whenever and wherever an employee of any kind contributes in any way to the making of the deal or to the carrying out of the details of the transaction.

If the gasoline companies keep on improving their standard of customer contact, it won't be long before the

gas pump will be recognized as the sign of the world's greatest salesmanship training school—Merchandising Department, The Southern Press.

## Early Crime Waves

By many the apparent tendency of daily newspapers to give undue prominence to stories of crime is greatly deplored, but looking backward we may find a similar tendency in all history and literature.

The Old Testament contains the records of many crimes of every kind, beginning with Cain's murder of his brother, Abel, though without the minute details which accompany modern newspaper narratives.

Before newspapers were of general circulation, certain important financial and business houses of Europe arranged with central agencies for "news letters," which were primarily for the purpose of keeping informed on commercial matters.

An interesting collection of these letters, from the correspondence of the House of Fugger, international bankers, is still preserved. They contain much news of crime, as well as that of business.

One of these letters, dated at Augsburg, December 2, 1585, contains accounts of three murders, one attempt to murder, one suicide, one attempted suicide and one accidental drowning. In another there is an account of a scandal, with a spicy recital of details.

Still another letter, from Moscow, depicts the horrible atrocities being perpetrated in Russia. It says: "The folk are pitilessly and cruelly killed in their thousands. They freeze to death and perish by violent means. Corn, cattle and all else which is needed for man's sustenance is burnt and altogether much wanton damage is wrought."

Crimes and disasters loom large in history and in the news of the day, forming an inevitable part of the record of humanity. Not to know about them would mean ignorance regarding the realities of life. But many of the offensive particular might well be omitted from our newspapers.

## Radio is Growing

Radio has outlived the period when its future may be regarded as questionable. The experimental stage has long since passed and the official figures furnished by Marshall Jones, one of the staff of the United States Department of Commerce, shows that radio equipment sales for 1929 are going to surpass the 1928 record, which many people thought would be the peak of production for the radio industry.

On the basis of the Department report the radio business last year amounted to more than \$500,000,000. It is estimated that there were 12,500,000 radio sets in operation and that 45,000,000 listeners constituted the audience for the radio broadcasting. Inasmuch as about 4,500,000 sets were obsolete and as improvements are constantly being made in the new home sets, the field for new business in the radio industry is shown to be gaining steadily.

## Here's How

By E. W. HOWE  
"The Sage of Potato Hill"

## Rockefeller's Ability

## Wise Fox

## Impudent Criticism

I have never believed in fortune teller, seer or prophet; the wise man is one able to profit by events after they happen.

John D. Rockefeller displayed ability not only in making money. When his stomach failed some years ago he investigated the subject as he did an oil field, and made it function again to his advantage. The Rockefeller Foundation, his tribute to philanthropy, is as well managed as the Standard Oil Co. . . . Although the disposition is not to think better of him, Mr. Rockefeller was once regarded as the world's greatest sinner. If he could be judged justly by some unknown power, I believe his rating, from the cradle to the grave, would be as high as that of any other man that ever lived, all because of his enormous common sense, his knowledge that honesty is the best policy.

Intelligence is merely that cunning exhibited by a fox; knowledge of traps, dogs, men, poison, inherited and acquired from long experience.

A fox, celebrated as smartest of dumb brutes, is never prejudiced or impatient; he is able to use every particle of sense he has.

If a fox encounters suspicious tracks, he doesn't stop to argue that he is entitled to life, liberty and the pursuit of happiness, but makes off to

safer territory. When a man encounters danger, he too frequently stops to argue about his rights, and the danger overtakes him. A fox knows no heaven except hen roosts where there are neither dogs nor men; every fox is his own doctor, preacher, and philosopher, and never yet has there been a fox urging foxes and men to make up, and love each other. Foxes have become famous because they use all the intelligence they have, a good habit most men lack.

Constructive criticism is often great impudence. Here are our best men in transportation, finance, manufacturing, farming, mechanics, navigation, engineering, merchandising and in all the other legitimate activities of life. They have at least done so well that our country ranks first in all essential respects. But there come a lot of palpable second raters who declare that everything has been done wrong. The bulk of these constructive critics are much like barbers talking about the money problems of the world or tennis players discussing the problems of transportation.

If a man harms himself in spite of repeated warnings easily understood, he is lacking in intelligence. I do not care how many powerful poems he may have written, or how many eloquent sermons he may have delivered; if he does not exercise ordinary practical sense and fairness in affairs most vital to him, he is not intelligent. Jean Jacques Rousseau is a famous man, but the man was not intelligent; his private life proves it. A man's private life is the real testing ground. Lazarus is also a famous name, but the man failed so utterly we hear of him only to teach us charity.

The secret of happiness? Never read any automobile ads except the ones that describe the superior car you have.—Buffalo Evening News.

THE TRUTH ABOUT  
FINANCIAL  
RESPONSIBILITYAN APPEAL TO MOTORISTS  
FROM THE  
KEYSTONE AUTOMOBILE CLUB

ON FRIDAY, November 15, New Jersey Motorists will be faced with a new obligation. For that is the date that the new Automobile Financial Responsibility Law becomes effective.

Because there is a widespread misunderstanding of the provisions of this drastic change in the laws of New Jersey, the Keystone Automobile Club deems it a public duty to advise motorists in this important matter. THE LAW DOES NOT COMPEL ALL MOTORISTS TO INSURE.

but, the motorist who does not carry insurance is faced with alternatives that are apt to prove a heavy liability.

PROOF of financial responsibility must be furnished by motorists who have an accident involving the death or injury of any person or damage to property of \$100 or more.

Such proof must also be furnished by any motorist CONVICTED of a VIOLATION of certain provisions of the Motor Vehicle Law, such as improper brakes, absence of rear vision mirror, driving while intoxicated, and almost every other violation mentioned in the act.

LOSS OF YOUR LICENSE IS THE PENALTY FOR THE FAILURE TO COMPLY WITH THE LAW.

THERE ARE 3 METHODS OF PROVING FINANCIAL RESPONSIBILITY, of which an INSURANCE POLICY in a RELIABLE COMPANY is by far the most convenient and satisfactory method of meeting your obligation to the state. The alternative methods, a surety bond or cash deposit, cost at least as much as insurance without providing any financial protection or adjustment service.

It is to the interest of all motorists who believe in SAFE DRIVING to co-operate with the State authorities in the enforcement of this legislation in order that the STANDARDS OF MOTORING may be raised. By so doing you will protect your own property and fortune. Therefore our advice to motorists is

## INSURE AND BE SURE

IT IS EASY TO COMPLY WITH THE NEW FINANCIAL RESPONSIBILITY LAW IF YOU BECOME A MEMBER OF THE KEYSTONE AUTOMOBILE CLUB

Under our INSURANCE-AT-COST PLAN, available only to members of the Keystone Automobile Club, motorists save 10% of the usual premium at the very beginning of the policy and are granted a DIVIDEND at the end of the policy year which has always been 25% of the amount paid—making the total SAVING 32.5%.

THEN, too, through the Keystone Automobile Club Acceptance Company, you have the privilege of paying for your insurance in MONTHLY INSTALLMENTS AT SMALL ADDITIONAL COST.

The Keystone Automobile Club Insurance Companies are STOCK companies issuing a NON ASSESSABLE Policy. They are licensed in NEW JERSEY. Investigate this Keystone Automobile Club plan. 38,000 motorists in this and adjoining states have already saved \$1,137,000.00 without the sacrifice of either protection or service. Isn't it worth a few minutes of your time to learn more about this method of securing INSURANCE AT COST? ## FASHION and HEALTH

To be healthy should be fashionable. To be buoyant and vitally vigorous should be the mode.

Short skirts have greatly added to the freedom that femininity is enjoying more and more every year.

Let us hope that the long skirts that are now coming in style will be used mostly during the evening.

Clothes should add to feminine attractions; but just to what extent fashionable attire accomplishes this object can be clearly seen by studying the styles of former years: the baggy sleeve, high collars, and many of the unseemly and inartistic products of those oldtime fashions carry a meaning all their own.

Then there were the bustle, the hoop skirts of more than a generation ago, not to mention the corsets, which devalued womanhood for several centuries.

The great desire of every woman

should be to appear alluringly feminine. Apling the apparel of masculinity is always censurable and when fashion experts recognize these truths their activities should be more distinctly constructive. To make womanhood more beautiful to look upon should be their one outstanding object.

Modern fashions should not restrict bodily movements. They should accentuate and not destroy beautiful outlines.

And in no case should they interfere with the fundamental requirements in the building of buoyant health and all-round vitality and vigor.

BERNARR MACFADDEN.

J. H. Cole, of Chester, Eng., was elected mayor and town clerk, though a candidate only for the former office. He will have to resign one office.

Use Electricity  
In the Laundry

The best way to have clean clothes and fresh linens is to wash them in the Thor Agitator. Electricity supplies the power and the Thor does the work. When you want to iron, the wringer can be removed from the wringer shaft and the ironing attachment put in its place.

Cash price of Thor washer and ironing attachment complete is \$149.25 and terms price \$159.25—\$5 down and eighteen months to pay the balance.

How to Play  
BRIDGE

Series 1929-30 by  
Wynne Ferguson

Author of "PRACTICAL AUCTION BRIDGE"

Copyright, 1929, by Hoyle, Jr.

## ARTICLE No. 5

In one of our preceding articles, a very interesting hand was given that was played at an Auction Bridge Tournament at Chicago and the statement was made that none of the experts made game on this hand. In the analysis given, a number of ways of playing the hand were considered, some of which scored game and some of which did not.

Hearts—J, 10, 9, 2  
Clubs—J, 9  
Diamonds—10, 7, 6, 4  
Spades—A, Q, 10

Hearts—8  
Clubs—A, 10, 8, 5  
Diamonds—A, K, Q, J  
Spades—J, 6, 4, 2

Hearts—K, 7, 5, 4  
Clubs—K, 7, 6, 4  
Diamonds—8, 5, 3, 2  
Spades—none

Hearts—A, Q, 6, 3  
Clubs—Q, 5, 2  
Diamonds—none  
Spades—K, 9, 8, 7, 5, 3

No score, first game. Z dealt and bid one spade. A bid one no trump, Y bid two spades and B bid three diamonds. Z bid three spades, A bid four diamonds, Y bid four spades, B and Z passed. A doubled, all passed and A opened the king of diamonds. How should Z plan the play of the hands? Solution: "I believe the hand can make four and game by the declarer trumping the first diamond lead and then leading a small club. If second hand passes, play the nine of clubs in the dummy, the trick being taken by the king in the fourth hand. (It makes no difference if second hand takes with the ace). Presume the fourth hand then leads a diamond which is trumped by declarer, who makes another small club lead which is taken by the ace in the second hand. Then a third diamond lead which is trumped again. Declarer then leads a trump which trick is won in the dummy by the ten spot. Dummy then leads the jack of hearts and then the ten of hearts which is trumped by the second hand. Presume this hand to then lead the fourth diamond which is trumped by declarer who then leads the king of spades, overtakes in the dummy, exhausts trumps, and plays hearts and finally the good queen of clubs. Defense has three tricks, two clubs and one trumped heart. How about it?"

One of the interesting phases of Auction that appeals to most players is a comparison of one's own game with that of players of other sections or countries. A tournament has just been conducted in England in which the following hands were submitted for competition. Figure out the correct bid in each instance and compare your results with the analyses and the awards of the Judges in the English competition that will be given in the next article. Such comparison should be most interesting.

Z is always the dealer and the other players sit around the table as follows:

Y  
A  
Z  
B

1. Z Y 18; A B nil in rubber game, where Z bids "Two Spades," and A and Y say "No Bid," what should B say, holding Spades, 8, 6; Hearts, A, 10, 9; Diamonds, A, K, 4; Clubs, A, K, Q, J, 4?

2. At love all in the first game, where Z says "No Bid"; A, "One Heart"; Y, "Two Clubs"; what should B say, holding Spades, J, 10, 9, 6, 5; Hearts, 9; Diamonds, A, K, 9, 5; Clubs, A, 10, 7, 7?

3. At love all in rubber game, where Z bids "Three Spades," what should A say, holding Spades, K, Q, 7, 6, 5; Hearts, K, Q, J, 10, 8, 3, 2; Diamonds, 4; Clubs, none?

4. Z Y one game, no score in second game, where Z bids "One No-Trump" and A, "Two Hearts"; what should Y say, holding Spades, K, 5, 4, 3, 2; Hearts, K, J, 10, 9, 7; Diamonds, none; Clubs, A, 8, 6?

5. At love all in rubber game, where Z bids "Two Spades," what should A say, holding Spades, Q, 6; Hearts, A, K, Q, J; Diamonds, K, Q, J, 5; Clubs, A, J, 4?

Miss Stretch, a popular member of the High School faculty, spent the weekend with her parents.

Mr. and Mrs. Yarrington, of Freehold, spent the weekend with their daughter, Miss Annie Yarrington, a teacher in the Moorestown Public School. Miss Yarrington lives on South Washington avenue.

Mrs. Ellis H. McAllister, of Chestnut street, has returned from Alabama, where she has been visiting relatives for a fortnight.

Miss Clare Betz, a member of the Moorestown High School faculty, recently sprained her arm. She will have to keep it in a sling for a month.

Mr. and Mrs. Paul Githens, of West Main street, gave a masquerade party at their home Saturday evening. Among the guests were Mr. and Mrs. James M. Conroy, Mr. and Mrs. J. Alfred LeConey, Mr. and Mrs. Edward Brittnier, Mr. and Mrs. J. M. Greene and Mr. and Mrs. Mangeng, all of Moorestown.

The Woman's Home Missionary Society of the First Baptist Church will meet Monday afternoon, November 11, at 3 o'clock, with Mrs. C. W. MacGeorge. The speaker of the afternoon will be the Rev. George deSala, a worker among the Roumanians in Philadelphia. (The Rev. Mr. deSala) is returning to Roumania as a missionary in 1930 after an absence of 20 years. The topic on Monday afternoon will be "Stewardship of Prayer." The speaker will appear in native costume. His many friends of all denominations are cordially invited to meet with the Society.

The Home and School Association will meet on Wednesday afternoon, November 13, at 2 o'clock, in the association room at the High School. The topic will be "How the Public Library Co-operates With the School Library." Miss Hannah Severs is to be the speaker. This should be a very instructive afternoon. As the Home and School meetings are always open meetings, everyone interested is invited.

Mrs. Charles H. Aitken motored to Moorestown on Monday from Seaside for the day, having as her guest, Mrs. Arthur E. Stokes, of Island Heights.

Township Committeeman Clarence E. Worrell is reported improving. He has been confined to his bed with an attack of sciatica.

Mrs. Henry H. Stiles, Mrs. H. H. Longaker, Mrs. C. W. Bailey and Mrs. Steelman will attend the Parent-Teacher Convention at Hotel Chelsea, Atlantic City. The convention will be held November 6, 7 and 8.

The regular monthly executive meeting of the Parent-Teacher Association of the Parochial School was held last Friday night in the school hall.

## CHRIST CHURCH

Parry Avenue  
Rev. Geo. J. McCormack, Rector

If you knew this would be your last Sunday on earth you would probably attend church if possible and say your prayers with sincerity.

Are you sure it won't be your last? Maybe this little story will help you to remember to worship with regularity.

Sonny—"Must I sleep in the dark?" Mother—"Yes."

Sonny—"Oh, then, let me say my prayers over again—more carefully."

Some very dainty as well as useful things have been prepared by the Girls' Friendly Society and they will be offered for sale on Saturday, November 16th, at popular prices, in the Parish House.

The Church Periodical Club of the New Jersey Diocese gathers from a large group of people reading matter which is distributed in the religious institutions of the State. Over two thousand books, many of them new, 441 subscriptions to current periodicals, seventeen thousand magazines and other literature are sent to some seventy institutions. In addition to this, over three thousand Christmas and Easter cards are posted to names supplied by Canon Welles, and a large number of books to children who are wards of the State.

Mrs. C. P. Davison can tell you about this work if you are further interested in helping those who are less fortunate than yourself. There is quite a lot of other work done by this society, but this is perhaps enough to elicit your sympathy.

Let us remind you again of the play recital "You and I," which will be given by Mildred Bass Anderson on Thursday evening, November 21st, at 8 p. m., in the Christ Church Parish House, under the direction of the Woman's Auxiliary. I give a quotation from the Woodbury Daily, Woodbury, N. J., which speaks for itself.

"Miss Anderson, to an unusual degree, has a charming, magnetic personality and a remarkable ability to impart character of man; but this is not from one to the other with the greatest ease. Her choice of readings is always of the finest, creating an atmosphere of refinement that is delightful. May her visit here become an annual event." And one other from Dr. Parker Cadman, who says in part: "She presented the different characters in such a vivid manner that the evening was all too short. I am confident that anyone wishing to hear an artist of real interpretive ability cannot fail to enjoy Miss Anderson."

Services Sunday, November 10th: 10:30 a. m.—Morning Prayer and Sermon. "How Far Can You See?" 2:30 p. m.—Church School and Bible Classes. Address, "Tell Me a Story." 8:00 p. m.—Evensong and Sermon "God and Caesar."

## BAPTIST CHURCH

Rev. George Lockett, Pastor

The forty-third annual meeting of the Central Baptist Sunday School Association was held in the social hall on Tuesday evening of this week. Supper was served at 6:30 by the Junior Philathea Class. After the supper the business meeting was opened by the superintendent, Thos. C. Van Osten, and reports of the various departments were read, which showed the school in a very prosperous condition. The average attendance for the year was 258, a total of 13,407 having been in attendance, over an average of 219, or a total of 11,397, for 1928.

Particularly gratifying were the reports of the Junior and Primary Departments. The Junior Department was organized in May of this year and is fast becoming a strong department of the school. The Primary Department now numbers 33 members, showing an increase of twenty-five over 1928, and they have donated a total of \$63.12 to the work of the Church. After the business was disposed of the following officers were elected for the ensuing year:

Superintendent, Thos. C. Van Osten; assistant superintendents, Clarence T. Yerkes and David Wood; secretary, C. Y. Bardo; assistant secretaries, Leslie Reeves, Vernon Adams and Welland R. Murray; treasurer, Frank N. Johnson; chorister, Rex, Geo. Lockett; pianist, Miss Florence Harvey; assistant pianist, Miss Helen Johnson; birthday secretary, Miss Myrtle Pickett; superintendent, Junior Department, Mrs. Howard J. Showers; assistant superintendent, Junior Department, Miss Dorothy Randolph; secretary, Junior Department, Miss Elizabeth Toy; pianist, Junior Department, Miss Ruth Abdill; assistant pianists, Junior Department, Misses M. Barto and Esther Yerkes; superintendent Primary and Beginners' Department, Miss Esther Dean; assistant superintendent, Miss Ruth Branson; secretary and treasurer, Mrs. Eleanor Jamison; assistant secretary, Miss Myrtle Pickett; pianist, Miss Evelyn Waller; superintendent, Cradle Roll, Miss Adaline Seel; assistant superintendents, Miss Lillian Furman and Mrs. Arthur Hoyt.

The Primary Department has arranged to take care of little ones on Sunday mornings during church service in order that the parents may attend church.

Hallow'een parties were given in the Social Hall on Thursday, Friday and Saturday evenings of last week by the choir, Junior and Primary Departments, which were very enjoyable events.

The Junior Philathea and Samaritan Classes are busy with the rehearsals for their entertainment to be given in the High School Auditorium on Thanksgiving evening, their "1929 Laugh" is entitled "Her Step-Husband." Keep this date open. Bring the family and enjoy it.

The time for the Montco Supper is drawing close. Have you sent in your order for Montco products to Mrs. Abdill—phone Riverton 60? All orders, large or small, will be given prompt attention.

Sunday services as usual: Sunday School at 10 a. m.; preaching service, at 11:15 a. m.; sermon subject, "The Heart's Desire."

B. Y. P. U. at 6:45 p. m. under leadership of Miss Virginia Seel, and "Echoes From Atlantic City" will be the topic, and reports from the New Jersey Baptist Convention will be given. The evening service at 7:45 will also be in charge of the B. Y. P. U. A cordial invitation is extended to all to attend these services.

The Montco Supper, given by the Philathea Class, will be held in the Social Hall Thursday, November 14, from 5:00 p. m. until 8:00 p. m. As the tickets to this supper are limited we urge very strongly that those desiring to attend procure their tickets early from Mrs. Joseph H. Abdill, 809 Garfield avenue; phone Riverton 80.

Moving pictures of the outstanding incidents in the life of our Saviour are being shown in the church on Wednesday evenings. This coming Wednesday the title of the moving picture will be "Christ and His Critics." These are intensely interesting and profitable.

Weekday School of Religious Instruction will be conducted on Tuesday evenings at 7:30 o'clock, starting on November 12 and continuing until Palm Sunday next. All children, ten years of age and upward are urged to attend. Those who are to be confirmed will, of course, be present regularly. Courses in catechetics and Biblical instruction, with object lessons, puzzles, and other unusual and modern means of religious instruction will be given.

The Ladies' Aid Society will hold its annual bazaar on Saturday, November 16, at which time a chicken supper will also be served. This promises to be the biggest affair of its kind in recent years. All kinds of fancy articles, many unique and beautiful in design, will be sold. Come and see, you will go home with a bargain.

On the morning of November 24 the Thanksgiving Jubilee will be held, with reception of members and the commissioning service for the every-member canvass. The visitation will be made by the men on the afternoon of that day. It will save them the inconvenience of extra trips, if all can arrange to be at home at that time. A big religious pageant of a missionary theme will be put on in the

## SPORTSMEN TIE DELANCO A. C., 6-6

### Fumble on Four-yard Line Robs Palmyra of Victory in Closing Minutes

Last Saturday afternoon the Sportsmen's Club, of Palmyra, and the Delanco A. C. battled to a 6-6 tie, the Field Club grounds, on a field of mud.

The game was very interesting and was packed with thrilling plays. Delanco lost little time in scoring. The Sportsmen kicked off to Moore, of Delanco, who returned the ball to Delanco's forty-five-yard line. The victors then carried the ball straight down the field on successive thrusts through the line. With the ball on the Sportsmen's four-yard line, Lewin went around right end for a touchdown. The try for point was low.

Delanco kicked off to Bates, who returned the ball to the thirty-yard line. On the next three plays the home team gained forty-one yards and three first downs. Buchholz went through right tackle for ten yards.

Pass Nets 20 Yards  
Zink ran around left end for eleven yards and as the quarter ended a pass, Zink to King, was good for twenty yards. The Sportsmen then lost the ball on downs and Delanco kicked to mid-field.

A pass, Zink to King, was good for twenty-five yards. Buchholz made nine yards through center. A five-yard penalty for off-sides gave the Sportsmen another first down. Zink made two yards off left guard. Buchholz made a first down through the same hole, and with three yards to go pierced right tackle for a touchdown. The try for point was blocked.

The Sportsmen outplayed Delanco the rest of the game, but the condition of the field caused several fumbles, one of which cost the Sportsmen a victory.

Score First Down  
In the last quarter the Sportsmen took possession of the ball in mid-field. Bates then tossed a pass to Fry for a thirty-yard gain. Buchholz, on two line thrusts, made another first down. A five-yard penalty inflicted on Delanco for off-sides put the ball on Delanco's four-yard line, where Bates fumbled the ball, and it was recovered by Delanco. The game ended with Delanco in possession of the ball on its own forty-yard line.

This Saturday the Sportsmen played the Riverside boys. Everyone is urged to come out and root for the home team.  
Line-up:  
Sportsmen Delanco A. C.

Delanco A. C. 6 0 0 0-6  
Substitutions: Fritz for Vallari; J. Fry for H. Davis; Prisco for Peterson; A. Fry for Buchholz; Peterson for Prisco; Morris for King.

## SAFETY DEFEATS RIVERTON BOYS

### Losers Outplay Visitors; Show- er Fails to Dampen Spirit of Players

A safety in the second quarter gave the Harmony eleven, of Camden, a victory over Riverton last Saturday. Riverton outplayed the visitors, gaining 7 first downs to their two, but failed to push the ball across for the necessary points.

The first half Riverton continually marched the ball down the field, but each time they would lose it on downs. The visitors would then rush it for two plays and then kick. In the exchange of punts Riverton gained little ground.

The safety came early in the second quarter. Headman was downed on his own four-yard line after receiving a kick. On the next play the ball went wild and Elvert picked it up and carried it from behind the goal posts to the 20-yard mark, but the referee ruled that the ball was dead back of the goal line.

A beautiful end run for 20 yards by Elvert and a 35-yard dash by Wagner were the high lights of the game. Late in the game C. Taylor received a pass on the 3-yard line and ran it to the 13-yard line.

Gullinan proved himself a real mule horse, in that he seemed right at home in the mud and rain in which the second half was played. The heavy downpour came at the end of the first half and converted the field into a veritable lake. During this half Downs was injured and retired from the game. This was the only substitution.

The line-up:  
Riverton Harmony  
H. Hedberg, left end, Griffen  
Harley, left tackle, Rickenbach  
Prisco, right guard, Lawler  
Gullinan, center, Pursh  
Hicks, right guard, Kinsey  
Dinn, right tackle, Little  
Elvert, right end, Aokley  
Headman, quarterback, Taylor  
Downs, left halfback, McLaughlin  
Wagner, right halfback, Shawfelt  
Roessel, fullback, Eckels

When it was shown that Mrs. Bernice Scott, of Seattle, had been in all 60 days awaiting trial for petty larceny, the judge turned her loose.

## TELLS OF GROWTH OF PLYMOUTH CAR

Sales Manager Speaks of Fine  
Production Record Made  
This Year

Commenting upon the part Plymouth has played in making 1929 the greatest year the automobile industry has ever known, A. van der Zee, general sales manager of the Plymouth Motor Corporation, gave out a number of interesting figures to officials of that corporation this week.

Convincing evidence of the Plymouth's quality and the generally satisfactory performance of the car, is brought out by the fact that in twelve months we have shipped 127,768 units, he stated.

"Prior to July 1, 1928, the motor-buying public had never heard of the Plymouth motor car," he continued. "Yet Plymouth ranked tenth among all motor car manufacturers in new car registrations for the first eight months of 1929. In a number of States, Plymouth registrations are now ranking third, fourth and fifth, leading all but a handful of the forty odd makes of cars with names which have been familiar to the public for many years. We are confident that this relative sales position will be improved throughout the country for the dealer organization is still increasing at a rapid rate."

**Many New Dealers**  
"Two thousand two hundred and fifty-six new dealers have signed the Plymouth sales agreement within six months. Sales and service facilities now number over 3,100 establishments throughout the country, assuring Plymouth's sales and service facilities nominal service wherever they go, although experience has proven that the service attention required for the Plymouth car is practically negligible."

"Plymouth retail deliveries in the United States for the first eight months of 1929 were 67,457 cars. This represents an increase of more than 30 per cent. over the combined retail deliveries of Plymouths and Chrysler Motors' previous low-priced car, the '52' for the first eight months of last year. Plymouth domestic deliveries in July, 1929, totaled 9,711 cars, an increase of 81 per cent. over July, 1928. August deliveries of 6,823 cars represented an increase of 46 per cent. over the August deliveries of 1928. Incomplete figures of September indicate that the increase over September of a year ago was more than 49 per cent."

"In addition to the hundreds of dealer establishments throughout the country, the Plymouth factory maintains a field organization of twenty-five district offices and more than two hundred field men. These district offices and field men assure the growing dealer organization of frequent contact with the factory, which in turn means more efficient service to owners and prospective buyers."

**Well-Balanced Car**  
"Plymouth has rested its appeal to the automobile-buying public on simple fundamentals," he continued. "It is a well-balanced means of transportation and well-built in every respect. Not only does it possess an unusually sturdy frame, an amply-powered engine, large axles, over-size tires, and many mechanical features which are found in cars costing hundreds of dollars more, but the Plymouth body is full-size, which is a guarantee of comfort and it is equipped with hydraulic four-wheel brakes—a safety feature found in no other car in the world at Plymouth's low price."

"With such a product, and continuing the sound manufacturing methods of the past—which include many processes, safeguards and tests which are unique in low-priced car manufacture—we look forward confidently to a continued increasing sales volume in the future," Mr. van der Zee concluded. "Plymouth cars are sold and serviced in this community by C. R. Sweeney, Inc., of Palmyra."

**A Light Sentence**  
"How long you in jail fo', Mose?"  
"Two weeks."  
"What am de charge?"  
"No charge, everything am free."  
"Ah men, what has you did?"  
"Done shot my wife."  
"You killed yo' wife and only in jail for two weeks?"  
"Dat's all—then I gits hung."

## The TOWN DOCTOR (THE DOCTOR OF TOWNS)

YOU ARE JUST AS "BIG" AS YOU  
THINK AND DO

There is only one obstacle to the progress of any community that is definitely fatal, and that is lack of civic spirit and teamwork on the part of its citizens.

A few years ago a small town was in the sticks; today the only towns or communities in the sticks are those made up of sticks and a "stick" is one who refuses to do anything himself or get together with those who will.

A town is just as big as the people in it. The trouble is that it is easier to be little than big, and nature, left alone, does not improve without aid. A big job requires big people, and in this day of keen competition, "putting your town over" is no little undertaking, and it there is an overabundance of "little" people in any community, it WON'T be done. "Little" people are those who say it can't be done. "Big" people are those who interrupt those who say it can't be done, by doing it.

Thinking your town is the best place on earth isn't enough. It helps, but thinking so doesn't make it so, unless you follow up THINKING with DOING.

## 'The Idle Rich' at Walt Whitman

Exceptional Vaudeville Program, Direct  
from Palace Theatre, New  
York is Attraction

The Walt Whitman Theatre has lined up another exceptional program for Thursday, Friday and Saturday of this week, with both the stage and screen vying for first honors in public favor.

Heading the vaudeville section of this bill is one of the best shows ever presented at the Westfield avenue institution, the entire bill coming direct from the Palace Theatre, New York City. "The Jimmy Burchill Revue," in "Bits of Musical Comedy Entitled 'Flirtations'" is the feature act in this bill. It is a speedy and snappy revue with plenty of beautiful and charming girls. Leonard and Esabel in their comedy skit entitled "Her First Kiss" are sure to make you feel happy.

Lionel Kaye, better known as "The Prince of Jesters" and the "Three Beltoys," are the other acts on this great vaudeville bill.

"The Idle Rich," William de Mille's All-Talking picture, the feature photograph, was taken from "White Collars," the highly successful stage comedy play. Conrad Nagel, Bessie Love and Leila Hyams head the elaborate cast, which includes Edythe Chapman and James Neil, those two famous character actors of the stage and screen, also Robert Ober, Kenneth Gibson and Paul Kruger. The story is that of a typical American family which live in a typical city flat. Romance enters when the daughter marries her millionaire employer, a serious-minded young fellow with an infinite capacity for simple pleasures despite his wealth. De Mille gets exquisite humor out of the resultant situations. He has also filled the plot with romance and heart interest.

The lovable screen sweethearts of "Close Harmony," none other than Charles (Buddy) Rogers and Nancy Carroll, will be seen and heard in their second all-talking smash hit, "Illusion," on Monday, Tuesday and Wednesday. A Special "Armistice Day" Programme has been arranged for the continuous showing on Monday, starting at 2:15 p. m., with four complete shows. The matinee prices of 15 and 25 cents will prevail until 6:00 p. m.

The story of "Illusion" is known to

You say, "I think we should do this," or "We should have that." You read these editorials and say, "That's a good idea," or "I think that's right," etc., etc., but what do you DO about it?

As you read this, you say, "I hope so-and-so sees this. It hits him right on the head, he is always talking a lot, but never does anything," and you may be right, but how about yourself? Maybe you don't even talk, and when you do talk, do you talk your town "up" or "down"? If you are big, you will talk it UP; otherwise, you will say to yourself, "Oh, let the Chamber of Commerce, the Lion's Club, or somebody else do it."

To be "big" you do not have to be a merchant, a doctor, a lawyer, or a banker. If you THINK you are little potatoes, you will BE little potatoes. No matter who you are or what you do, you are just as BIG as you THINK and DO.

thousands, probably millions, in America. Those who read the story will want to see and hear the picturized version. It is a natural inclination of all readers. It is a story of contrasts, the world of society, contrasted with the world of troupers, the stage. Rogers is the circus reared magician who tries to make good as a favorite of society, but who learns that his loyalty belongs with the people of his youth—show people. Nancy Carroll is the delectable vaudeville entertainer who sees her chances of romance with the world of show people. When he plunges into the gay life of the wealthy, Nancy and Buddy sing and dance in the production. There are three songs—"Levee Love," a negro spiritual type of song; "Illusion," the main number of the film, and "Revolutionary Rhythm," a hot strut number, which get a special treatment in a night club sequence with Lillian Roth and a chorus of handpicked beauties doing it the hot-pep way. Eddie Cantor will be seen and heard in "The Ziegfeld Midnight Frolic," a Paramount All-Talking Production, along with Charlie Chase in the All-Talking Metro Comedy, "Leaping Love."

Joseph T. Powers, the popular organist, will render a solo entitled "Memories of 1918."

## FLORENCE TOWNSHIP PAYS ITS TAXES

Edward A. Kashner, of Florence, has again established a fine record in office as tax collector of Florence township. Last year the township stood first in the State in percentage of uncollected taxes.

This year Florence township slipped from the highest position. In a letter to the township committee this week, Walter R. Darby, State Commissioner of Municipal Accounts, informed the body that the township was in second position in the State.

## WETHERILL AGAIN HEADS PLANNERS

Colonel is Re-Elected President  
of the Tri-State Federation

Colonel Samuel P. Wetherill, Jr., was re-elected president of the Regional Planning Federation at the organization meeting of the new Board of Directors in the offices of the Federation last Friday.

The Regional Plan for the 4,000 square miles of the Tri-State District, covering parts of Pennsylvania, New Jersey and Delaware, is 64 per cent. complete. William H. Connell, executive director of the Federation, reported at the annual meeting, which preceded the organization meeting of the Board.

Other officers elected were Herbert L. Badger, first vice-president, in charge of public relations; George S. Webster, second vice-president, in charge of technical plans; Eli Kirk Price, legal vice-president; J. Borton Weeks, vice-president-at-large; P. M. Sharples, West Chester, district vice-president; S. D. Townsend, of Wilmington, Del., district vice-president; Conrad N. Lauer, of Philadelphia, district vice-president; and Bernard J. Newhall, vice-president. C. S. Newhall was elected treasurer and Joseph R. Carpenter, assistant treasurer.

**Executive Committee**  
The executive committee was elected, to consist of Messrs. Wetherill, Badger, Webster, Price, Weeks, Sharples, Townsend, Lauer, Newhall and Charles Day and Samuel T. Bodine from the Board of Directors at large.

In reporting on the progress of the work, Mr. Connell said that the date scheduled for the presentation of the Regional Plan will be January 1, 1931. "Between this date and July 1, 1931," he added, "the Plan will be on view in the offices of the Federation, 1700 Fox Building, and will be the subject of general public discussions and hearings. Later the Plan will be presented in the form of a composite report, including maps and illustrations showing the comprehensive Regional Plan and the various projects which constitute its component parts."

**Seven Phases**  
Mr. Connell listed the seven phases of the Plan and the percentage of work completed as of November 1, and the percentage of completion of the Plan as a whole, as follows:

## DRUNKEN DRIVER CRASHES INTO BUS

Richard Gilbert, of Riverton, Wrecks Own Car, But Escapes Injury in Collision

Richard Gilbert, Riverton, was arrested by Officer William Quigley Thursday afternoon, about half-past five, after he had crashed into a truck and skidded a Pennjersey bus at Broad and Thomas avenues.

The truck belonged to the Felleppa Brothers, of Burlington, and was driven by Philip Felleppa. At the time of the accident it was parked in front of Charles Hawke's restaurant, on Broad street, where Felleppa was delivering oysters. Gilbert was driving an Essex sedan. The impact punctured one of the front tires on the truck and wrecked the right side of the sedan. After hitting the truck Gilbert's car skidded into an east-bound bus, tearing a hole in the side and shattering most of the glass in the windows.

The driver of the bus, A. C. Thorne, 2623 Crammer street, Camden, was slightly cut on the knee and several passengers were cut with flying glass. After striking the bus, Gilbert's car turned over, and spectators were just hauling the driver out of the debris when Officer Quigley arrived and placed him under arrest. Gilbert was taken to the lockup, where he was examined by a physician and pronounced to be under the influence of liquor and unfit to drive a car.

Gilbert was given a hearing before Justice of the Peace J. M. Coddington at 7:30 that evening and fined \$200 and costs amounting to \$21. His license was revoked for two years.

## CHICKEN SUPPER

The annual chicken supper by the Cinnaminson P. T. A. will be held in School No. 2 tonight (Thursday, November 14). Good food, attractively served.

Arrangements have been made for the comfort of guests while waiting, either before or after supper.

## MARGARET G. BAILEY

Margaret G. Bailey, five-year-old daughter of Mr. and Mrs. Bernard Bailey, died in Riverside last Monday. She was buried Tuesday at three p. m. from the home of Mrs. Martha K. Kuser, of 10 Washington avenue, Riverside. Interment was made in Morgan Cemetery, Palmyra, under the direction of Frank A. Snover.

## CO. FREEHOLDERS IN SHORT SESSION

Miss Gladys M. Burr Appointed Clerk in Surrogate's Office

In a meeting last Friday that set a new record for brevity, the Burlington County Board of Freeholders granted permission to the Public Service Gas and Electric Company to erect poles on the Yardville-Bordentown road at its intersection with the new State Highway, and to lay a gas main a distance of 132 feet on Farrisworth avenue, Bordentown.

Freeholder McCormick's resolution to accept a bond of \$500 from the Public Service, instead of a cash deposit of \$500, for work done at the King street bridge, Mount Holly, was passed.

The appointment of Miss Gladys M. Burr by Surrogate M. E. Matlack, to serve as clerk in his office, at a salary of \$1,200 a year, was approved by the Board.

Department bills were ordered paid as follows: Roads, \$13,205.99; bridges, \$5,160.87; Finance, \$705.83; Public Buildings, \$9,408.71; Public Affairs, \$8,686.42. Total, \$39,187.82.

## JR. REPUBLICAN LUNCH TUESDAY

Annual County Event Will be Held at Mount Holly

The annual luncheon of the Burlington County Junior Republican Club will be held Tuesday, November 19, at one o'clock at St. Andrew's Parish House, Mount Holly, on Main street, opposite the Court House.

The speakers will be Mrs. J. Herman Terry, of Edgewater Park, State Committeewoman from Burlington County, and Mrs. George E. Owens, who for the past ten years has been president of the Government Club of New York City. Mrs. Owens is widely known for her talks over the radio, where she is known as "Betty Owens."

In place of a December meeting, the club, under the leadership of Mrs. T. B. Haywood, of Delanco, chairman of the charity committee, will carry on its Christmas work.

Candy and tobacco will be given to the inmates of the Burlington County Almshouse as usual, and, in addition, packages will be made up for the Children's Ward of the Burlington County Hospital, thus giving a diversity of interest that should vitally appeal to every member.

## HUNTERS FIND BODY OF INFANT

Newly-Born Baby Boy Wrapped in Newspaper and Left in Palmyra Orchard

While gunning for rabbits in a pear orchard on Highland avenue, Palmyra, near the stand pipes of the water company, George B. Coles, of Westfield, and Edward Perkins, of East Riverton, discovered the body of a newly-born male child, white, wrapped in a newspaper.

They notified Officer William Quigley, of Riverton, who took the body to the morgue and notified County Detective Parker and Coroner Farmer. The condition of the body indicated that it had been placed where it was found but a short time before it was discovered.

## PHILADELPHIAN FINED AS RECKLESS DRIVER

Was Confused by Tapering of Broad Street and Was on Left Side

Russell Farmer, of Philadelphia, was fined \$100 for reckless driving by Recorder William L. Fichter, of Palmyra, in Police Court last Sunday morning.

He was arrested by Officer Joseph Rodgers after his car had collided with a machine driven by James Giberson, 108 Delaware avenue, Riverside, at Broad street and Lecony avenue, early Sunday morning.

Farmer testified he was confused by the tapering of Broad street at this point and thought he was on the right side of the street when his car struck the other one. Giberson furnished proof that Farmer's machine was on the left side of the roadway.

In addition to paying the fine Farmer paid for the damage to Giberson's car.

## CARD OF THANKS

We desire to express our appreciation of the assistance and sympathy extended during the last illness of our daughter, and thank those who sent cars and flowers to the funeral. MR. and MRS. EDWARD MOOREHOUSE and FAMILY.

## LEGION AUXILIARY SEEKS MEMBERS

Palmyra-Riverton Unit Determined to "Go Over the Top" This Week

Enroll in the A. L. A. now for 1930! The week of November 11 to 18 has been set aside by the American Legion Auxiliary as the week for a membership drive. The enrollment of Auxiliary membership for 1930 has begun! Let's go over the top—and how! Each member of the Auxiliary is urged to assume her phase of responsibility in making this drive a success. It is the hope of the Auxiliary to have all eligible women enrolled during this drive.

In extending an invitation to all eligible women to join the American Legion Auxiliary, the following excerpt from a very splendid article written by Mrs. G. W. MacDowell, National Secretary of the Auxiliary and appearing in the American Legion Auxiliary Bulletin for October sets forth very plainly the reasons why every eligible woman should be in the Auxiliary: why she should be glad to exercise her privilege of membership in such an organization, an organization which is ever moving forward and commanding more and more of the attention of the nation, state and town.

Mrs. MacDowell, writes, in part: "As the World War recedes further and further into the past, the significance of personal connection with that great chapter in the world's history is seen in true perspective. More and more, the women who had personal connection with the war through the service of their men folk in the armed forces, are realizing the importance of preserving the significant things of that connection."

"The American Legion Auxiliary offers them that opportunity as well as the opportunity to continue serving with their men in peace time as they served in the war."

"The Auxiliary has now been organized for more than nine years. It has won for itself a standing and place of importance in American life which is equalled by no other organization. It has a proud record of accomplishments, which commands the respect of the country. Years of hard and devoted service have been necessary to bring the Auxiliary to its present position, yet the long line, Commander Lippincott did his stuff when passing the reviewing stand and the boys were loudly applauded. There were many representatives of Frederick M. Rodgers Post 156, including ladies of the Auxiliary. Everyone present at the later events, including the ball, reported a good time."

The place of the county meeting of the American Legion Auxiliary, has been changed to Maple Shade. The date being Friday evening, November 15. Meet at the Palmyra station at 7:30, please.

There will be a regular monthly business meeting of the Legion Auxiliary, Frederick M. Rodgers Post 156, Wednesday evening, November 29 at the Legion Home. Members please attend.

## RIVERTON P. T. A.

The National Convention of the Parent-Teacher Association was held in Atlantic City November 6, 7 and 8. Those attending from Riverton were Mrs. Arthur Hagstoz, Mrs. Frederick Blair, Mrs. Harold Baker, Mrs. Walter Bowen, Mrs. Mayfield, Mrs. Armstrong and Mrs. Harvey E. Stewart.

The November meeting of the Riverton P. T. A. will be a musical afternoon, and will be held Thursday, November 21st, at 3:15 p. m. Mrs. Blair will conduct a group discussion at 2:30 p. m. Topic, "New Ideas About Obedience."

## J. H. HUNKAPILLER

J. H. Hunkapiller, 35 years old, died at the home of his mother, Mrs. Lulu Hunkapiller, 7415 Zimmerman avenue, Delair, last Thursday. Funeral services were held Monday afternoon at two o'clock from the Snover Funeral Home, Palmyra, with the Rev. J. William Lee officiating. Interment was made in Morgan Cemetery.

## EDWARD LOVE, SR.

Edward Love, Sr., 67 years old, father of Edward Love, Jr., of Delaware avenue, Palmyra, died at his home in Reading, Pa., Monday, November 4. He was buried Saturday at three p. m. from the Snover Funeral Home, Palmyra. Interment was made in Morgan Cemetery.

## Restaurant Changes Hands

Mrs. Florence Tallman, proprietor of Tallman's Restaurant, Riverton, has purchased the store and restaurant of Stockton Bryan, on Atlantic avenue, Columbus, and will move there soon. Irving Tallman will remain here.

Mrs. Catherine Baker has purchased the Riverton restaurant and will continue the business.

## New Sheriff

Who was sworn into office as Sheriff of Burlington County Tuesday, following his election at the general election a week before.

## LEGION INSTALLS NEW OFFICIALS

Carl Thomas is New Commander of Palmyra-Riverton Post; Laud D'Autrechy

At the regular monthly meeting of Post Frederick M. Rodgers, American Legion, held last Thursday at the Legion Home, the new officers of the Post, elected at last month's meeting, were installed.

The Burlington County installation team, headed by Comrade Colkitt, the present County Commander, conferred the honors on the new officers with a very impressive ceremony.

Carl Thomas assumed his duties as Commander of the Post for the first time and in his acceptance speech outlined his program of activities and plans for the growth and betterment of the Post. He highly lauded the retiring Commander, Ted D'Autrechy, for the successful ending of one of the most fruitful years the Post ever experienced.

The following were also installed in their respective offices: Charles C. Seemuller, Senior Vice-Commander; Robert I. Wright, Junior Vice-Commander; Ted D'Autrechy, Adjutant; Clinton Gibson, Finance Officer.

The meeting that followed went on record as being a successful one, and the Bugle and Drum Corps of the Post in its plans for making the coming Championship Ball a grand success.

## ANNUAL REPORT OF NEEDLEWORK GUILD

Over 2,000 Garments Distributed to Needy in Many Communities Last Year

The annual meeting of the Riverton Branch of the Needlework Guild of America, was held in the Porch Club Building, on Wednesday, November 6th. Due to the extra sewing days held this year, as well as the usual loyal work of the directors, over 2,000 garments were collected, displayed and distributed.

The speaker of the afternoon meeting was Mrs. Maytrott, from the Court House at Trenton. She gave a most interesting talk about New Jersey's charitable institutions, and the work of the Public Welfare Commission. As she said, "It is always a satisfaction to know how the money we give is spent." Those who were present to hear Mrs. Maytrott have a better idea than ever before of the value of this commission, and the personal interest and time given to each case. It is often possible to use the funds available to keep families together instead of placing children in institutions.

The distribution of clothing and household linens was as follows: Cooper Hospital, Camden ..... 111 West Jersey Hospital, Camden ..... 32 Home for Incurables, Philadelphia, 72 Home for Aged Women, Abund Brook, Pa. .... 65

Irakota Farms, Clifton, Va. .... 73 Burlington County Children's Home, Mount Holly ..... 109 Burlington County Hospital, Mount Holly ..... 117 Burlington County Sanitarium for Tuberculosis, New Lisbon ..... 14 Children's Home Society, Trenton, 75 School at Johnson's Corners, Trenton ..... 111

## FATHER AND SON BANQUET SOON

Y. M. C. A., Rotary Club and Churches Join in Annual Dinner Next Week

The annual "Father and Son" Banquet promoted each year by the Young Men's Christian Association, Rotary Club and the churches of Palmyra and Riverton will be held this year in the Central Baptist Church, Thursday evening, November 21, at 6:30 p. m.

The speaker engaged for this event is the Rev. H. Ford Carr, of the University of Pennsylvania. Mr. Carr is one of the student pastors of the University and is exceedingly popular with the students. His "Father and Son" messages, which have been delivered in a number of communities of Burlington county, have been greatly enjoyed and appreciated by all who have been privileged to hear him and a real treat is in store for the men and boys of Palmyra and Riverton who attend this banquet.

Many other features will go to make up a real evening of pleasure and profit. The ladies of the Baptist Church have planned to serve a fine dinner. This is an event that cannot be missed by any Dad who has the interest of his boy foremost in his thoughts.

Tickets may be secured from the following men: George N. Wimer, Harold B. Lever, Leonard R. Baker, Charles A. Deitz, Charles B. Hinchman, Robert Kirkpatrick, William T. J. Purnell, James H. Hartley, William McConnell, William H. Plank, Edward W. G. Borer, Nathan Lane, Jr., Leon C. Guest, Parker T. Barnes, Victor Ritschard, Fred Henrich, Clarence Hobbs and Elmer Hahn.

By calling Riverton 904-W on the phone tickets will be sent.

It has been said that if any man knew as little about his business as he does about his son, his business would be a failure. Start today, being a real pal to your lad, phone for tickets, take him to this "Father and Son" banquet, learn to know him better and know the fellows that he associates with.

## HOWARD EVANS HURT IN CRASH

Riverton Man Strikes Wrecked Cars on Crescent Boulevard and Suffers Severe Cuts

Howard G. Evans, of Riverton, was badly injured Saturday night while driving his car home from Philadelphia, when he crashed into two other cars which had collided. Evans was driving east on the Crescent Boulevard when a car shot out of Grove street and crashed into one just ahead of him.

Evans attempted to avoid the wreckage, but was unable to do so, and the car, which was badly damaged, was thrown against the wall and severely cut about the head.

Pennsauken police, whose headquarters are nearby, heard the crash. They sent Evans to Cooper Hospital.

Edward Troy and Robert Smith, colored, of Reed street, near Twentieth, Philadelphia, were arrested by Pennsauken police and admitted they were in the third machine. They implicated a companion, for whom a warrant was issued.

## MUSICAL TEA

Musical Event of Season Will Be Held at Home of the Misses Biddle

On November 19, at two-thirty p. m. a Musical Tea will be given by the Music Section of the Riverton Porch Club, at the home of the Misses Biddle, Lippincott and Bank avenues.

Nelson Eddy, a baritone of high standing, who has appeared with the Philadelphia Civic Opera, and who is very well known on the concert stage, has been engaged for the event.

His beautiful voice and his charming personality have won for him a large number of admirers.

Theodore Paxon, the pianist, and his talent alone is well worth going to hear.

The tickets are on sale now—just a few are left, and may be purchased at Mrs. Nathan Lane, Jr., or Mrs. Maurice Belknap.

## PERPETUAL CARE FOR CEMETERY

Corporation Organized to Take Over Interests of William F. Morgan Estate

The beautification and improvement of Morgan Cemetery, Palmyra, is assured by the organization of Morgan Cemetery, Incorporated, which has recently taken over the cemetery holdings of the William F. Morgan Estate.

The new company will operate the cemetery along the most approved plans and will spare no expense in making it one of the beauty spots of this section. The part which has been improved will be re-plotted and laid out as a modern lawn cemetery, with winding driveways. The plan of the part where graves already exist will remain as it is, but will be cared for under a perpetual care plan, the same as the entire cemetery.

Perpetual Care. Present lot holders are requested by the management to endow their lots under the perpetual care plan. This may be done by the payment of \$75.00 per lot; \$15.00 of this amount will be used for the improving of the lots, while the balance of \$60.00 will be placed in a trust fund to provide for the care of the cemetery.

New lots are being sold on the perpetual care plan at a price of \$100.00. This covers the cost of the lots and the care of them forever. New lots may be purchased and old lots endowed on the club plan of payment by making a small down payment and the balance monthly.

All trust funds will be held by the Cinnaminson Bank and Trust Company, of Riverton.

Should Endow Lots. The management of the cemetery earnestly requests that all present lot holders make arrangements to endow their lots, as it is their wish to make the cemetery one of which the community may well be proud.

Persons interested in the cemetery may obtain full details from Frank A. Snover, 313 East Broad street, Palmyra, who is president and agent for the corporation. Joseph S. Low, also of Palmyra, is the secretary and treasurer. Thoburn Sicker, of Clarkboro, is vice-president and superintendent.

Mr. Sicker is at present owner of two cemeteries near Clarkboro, which are beautifully laid out and well maintained. One of them, the Edgemoor Cemetery, is noted as one of the finest in South Jersey.

## CINNAMINSON P. T. A.

The Cinnaminson P. T. A. of School No. 2 held the regular monthly meeting on Wednesday the 6th. A fair percentage of the fifty-four paid-up members were present.

The committee who managed the cake sale on October 19 reported a most pleasing addition to the treasury. Arrangements for the annual chicken supper to be served Thursday, the 14th, were then worked out in detail, everyone helping.

Mrs. Arthur Söw and Mrs. Eagers were sent as delegates to the convention of the New Jersey Congress of Parents and Teachers at Atlantic City last week.

## ODD FELLOWS

The Good of the Order Committee of Cinnaminson Lodge, No. 201, of Odd Fellows, held its regular meeting last Thursday evening. A program for the year 1930 was presented in skeleton form for the consideration of the committee, and after a thorough discussion, it was approved and adopted.

A special committee, consisting of Messrs. Roach, Swain, Crouch and Seel, was appointed to complete the program for the year 1930.

According to the committee, enthusiasm has been running high at the recent meeting of the lodge. A wonderful program of activities is expected for the year 1930.

During the evening Secretary Woolston gave some interesting news about the Order.

## RED CROSS ROLL CALL UNDER WAY

Every Citizen Urged to Join Great National Organization

With a particular urgency in its appeal this year the American Red Cross opened its thirteenth annual roll call on Armistice Day, November 11, and a corps of women workers are now making a house to house canvass for membership.

All who join have equal rights and for those who can afford it there are the five ten and twenty-five dollar memberships; to bring the Red Cross within the reach of all the annual membership has been placed at one dollar.

From membership dues of every class fifty cents is deducted and sent to Washington to support the national organization; the remaining fifty cents makes possible the year round labor of the Red Cross in individual communities, the most important of which is that of the Red Cross workers who eleven years after the Armistice, carry on still for the World War victims.

Under the Red Cross banner is also fostered the Junior Red Cross with its membership of 7,000,000 school children.

You are not asked to contribute—you are asked to join. The Red Cross is not a charity. It is an organization chartered by Congress and founded on the fundamental law of humanity that helpless victims of disaster, whether from flood, storm, fire, pestilence or war, are entitled to relief. And as the only thing that can save every civilized nation against upon "The Red Cross is the greatest agent for universal peace that exists in the world today."

JOIN THE RED CROSS!

Nov. 11th to Nov. 28th.

## CARD PARTY BY COLUMBUS CADETS

Proceeds Will Be Use for Instruments for Bugle and Drum Corps

Preparations are now about complete for the card party that will be conducted for the benefit of the Columbus Cadet Corps in the K. of C. Hall on Friday evening, December 6th.

Under the leadership of Captain Andrew J. Pfaff and Jos. D'Autrechy, of St. Joseph's Council, the cadets are making wonderful progress. A bugle and drum corps has been organized among the boys, and it is for this purpose that the card party will be given in order to try and raise enough funds to outfit the boys with the necessary instruments and drums.

## FOUND GUILTY OF DRUNKEN DRIVING

Former Palmyra Man Must Pay Penalty as Result of Accident Injuring Three

Peyton Grey, driver of the car which overturned on Riverton road Wednesday of last week, injuring himself and two passengers, was found guilty of operating a car while under the influence of liquor and sent to jail in default of a fine of \$200. His license was also revoked for two years.

Grey, who now makes his home in Moorestown, was a former resident of Palmyra. The two passengers in the car were Austin Grey, of East Riverton, and Owen Howell, of Palmyra. All were injured in the accident, but not seriously, as was feared at the time.

The accident happened while the car was being driven north on Riverton road at a high rate of speed. The driver attempted to make a turn into Branch pike and in so doing swerved to the right side of the road and back to the left, where the machine struck a telephone pole and overturned.

The Palmyra ambulance was called and was rushed to the scene. The injured men were taken to the Mount Holy Hospital, where the driver was placed under arrest after his injuries had been treated. He was examined by hospital physicians and pronounced drunk. His companions also testified that he had been drinking prior to the time of the accident.

## GEORGE C. BAKER ELECTED HEAD OF STATE TEACHERS

Moorestown Educator Highly Honored at Convention in Atlantic City

POPULARITY WITH HIS COLLEAGUES IS SHOWN

Chosen for Presidency by Unanimous Vote of Delegates Representing 26,000

George C. Baker, supervising principal of the Moorestown Public School, is the new president of the New Jersey State Teachers' Association, an organization having more than 26,000 members, with approximately 99 per cent of the school teachers in the State enrolled.

Mr. Baker was elected Tuesday morning when the annual election was held at the close of the convention, which was held in Convention Hall, Atlantic City, Saturday, Sunday, Monday and Tuesday. He succeeds Raymond B. Gurley, of Newark.

The popularity that the genial Moorestown principal enjoys in the State Teachers' Association is shown by the fact that this makes the second successive year that he has been elected to a high office in the organization without opposition. Last year, when a bitter battle was waged for the vice-presidency and Mr. Gurley defeated the retiring vice-president, the logical man for the office of president, Mr. Baker was chosen first vice-president by a unanimous vote.

Wins on First Ballot

While the slate generally picked by the nominating committee is elected, it is unusual when numerous ballots do not have to be taken before a candidate is nominated. The nominating is done by two delegates elected by the teachers in each Congressional district. This year, while Mr. Baker was nominated by an unanimous vote on the first ballot, the fight was centered around the nomination for the vice-presidency.

When interviewed, Mr. Baker modestly denied reports of his unusual popularity, attributing his election to the fact that he has been an instructor in the State summer training school for teachers at Ocean City for the past fourteen years and therefore has a wide acquaintance among the teachers of the State.

Reports from the convention, however, indicate that it was more than mere acquaintance among the teachers which has won Mr. Baker so many high honors in the State Association. Last year, while first vice-president, Mr. Baker held the chairmanship of four of the most important committees, heading more phases of the work than any other teacher in the State. He has been remarkably successful in the work in the organization and some of his important projects have won him statewide fame. He also enjoys the distinction of never having sought an office in the organization.

Strong in State

The association is one of the strongest and important in the State, being the educational leader. It has a number of committees which play an important part in the welfare and progress of New Jersey. Among these committees are those on legislation, enrollment, educational progress, guidance and redress, which deal with the interpretation of the tenure act, and editorial, which publishes the New Jersey Educational Review.

Mr. Baker is well qualified to head the teachers of the State. He is a highly efficient teacher himself and during the past seventeen years has developed in Moorestown one of the finest public school systems in New Jersey.

## ACCIDENT FATAL TO TWO YOUTHS

Another Boy in Critical Condition Although Driver Escapes Injury

One boy was killed instantly, a second was injured fatally, and a third was hurt critically early Sunday morning when the car in which they were riding overturned on the Medford-Indian Mills road.

Harry Claron, 16, of Indian Mills, was dead when he was picked up by other motorists. Harvey Duncan, 17, of Marlton, died in Burlington County Hospital, Mount Holly, of internal injuries a few hours after the accident. Robert Gardner, Jr., 15, of Indian Mills, is in a critical condition in the same hospital, suffering from internal injuries.

Hamilton Patterson, 22, of Indian Mills, driver of the car, owned by Gardner's father, was not hurt. He was arrested before Justice of the Peace John Thormorton, Mount Holly, on a charge of manslaughter, Monday. The injured boy is a grandson of former Congressman John J. Gardner, Indian Mills.

The boys had attended a motion picture show in Hammonton and were on their way to Medford when the accident occurred. As the car followed a sharp turn in the road, Patterson is believed to have lost control of the machine. The car, a sedan, overturned three times. Claron suffered a fractured skull and broken jaw, while Duncan suffered a broken leg and internal injuries. He died at 3:30 a. m. about three hours after the accident occurred.

Alvan J. Wilson

Dr. Alvan J. Wilson, of California, died last Friday at the Hahnemann Hospital, Philadelphia, of which he was the oldest living graduate at the time of his death. Dr. Wilson had been East only two weeks.

The funeral services were held Monday afternoon at 2 o'clock, from the home of his son, John O. Wilson, of Chester avenue, with the Rev. J. B. Daugherty, pastor of the First Presbyterian Church, officiating. Interment was made in the Colketown Cemetery, with the funeral director, Albert Evey, of Haddon Heights, in charge. Dr. Wilson is survived by a son, John O. Wilson, of Moorestown, and Mrs. Ellen Reis, of California.

## HUGE AIR MAP OF TRI-STATE AREA

Assembled Photograph Shows Country-side with 40-Mile Radius of Phila.

For the first time recently the largest aerial photograph ever assembled in this country for regional planning purposes was on display in the offices of the Regional Planning Federation in Fox Building, Philadelphia. It was viewed by the officers, directors and scores of members of the organization from all parts of the Tri-State District, assembled for the annual meeting.

The photograph is a complete picture of all physical aspects of 4,000 square miles in Pennsylvania, New Jersey and Delaware—roughly the area within a 40-mile radius of City Hall, Philadelphia. While the air map itself is 14 by 10 feet in size and towers beside a person of ordinary height, it had to be re-photographed and reduced from a much larger scale to get it into the exhibit room of the Federation. An displayed, the map is at a scale of 2,500 feet to the inch.

It represents an expenditure of more than \$60,000 and has been a year in the making. A fleet of airplanes was chartered to make the photograph. Spending three months taking pictures alone. These were taken from an altitude of two and one-half miles perpendicular from the air. It is estimated that approximately 5,500 separate "shots" were made of the region. They were then carefully fitted and measured in large quadrangles, which after months of labor, were reduced and assembled to form the present comprehensive regional picture.

Clearly shown are highways, railroad lines, streets, rivers, creeks, parks, farm land. Slightly magnified, the composite picture enables one to pick out the very house in which he lives. Engineers of the Federation asserted that the air map is of incalculable assistance in planning the major facilities which will form the basis for the regional plan.

Charles H. Craig

Funeral services were held Saturday afternoon for Charles H. Craig, of West Second street, Lenox, who died Monday of last week. The Rev. Frederick B. Marley, pastor of the Methodist Episcopal Church, officiated. Interment was made in the Colketown Cemetery.

Mr. Craig is survived by his widow, Anna.

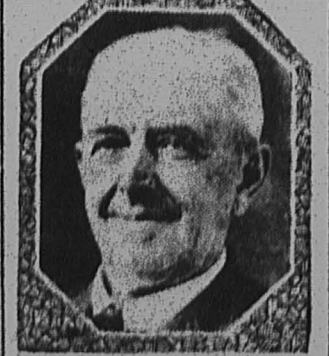

WARDENS ARRESTED 33

HUNTING WANN-LICENSE

Fishing or hunting in New Jersey without a license proved a costly dodge in 33 violators last month, according to Protector James M. Stratton, in the State Board of Fish and Game Commissioners. The thirty-three found it would have been much more economical to have purchased the legal card and button, when courts imposed fines of \$20 and costs in each case. Instead of \$54.45 in the aggregate, they paid the late a total of \$600. Aliens and non-residents who also sought to economize by purchasing resident licenses, found it did not pay after interviews with game wardens. Their fines ranged up to \$100 and costs. Wardens made a total of 128 arrests during the month for various violations.

## KONJOLA MERIT IS RECOGNIZED THRUOUT STATE

Grateful Men and Women Tell of Fine Experiences With New Medicine—Another Success Cited

MR. C. E. DIMMICK

"Frequently I was subject to dizzy spells and had to hold to something to keep from falling," said Mr. C. E. Dimmick, R. F. D. No. 1, Beaver Dams, New York. "Hundreds of spots appeared before my eyes whenever these spells came over me. My lower limbs pained constantly and were swollen. Headaches were extremely severe and I was never able to enjoy round sleep at night."

"Konjola proved to be the medicine I had always hoped for, but could never find. I was amazed at the manner in which it went to work—at the source of my troubles. I have not had a dizzy spell since I completed the third bottle. My sleep is sound and refreshing. The pains in my limbs have become less severe and the swelling is gone. I am free of headaches and my stomach is in wonderful condition."

Konjola is sold in Riverton at L. E. Keating's Drug Store, and by all the best druggists in all towns throughout this entire section.

You may feel as the gentleman who recently said to me, "Your saying, 'Try the Home Folks First' may be all right, and I don't say it isn't the proper thing; but it does get my goat to have certain people in my town always preaching 'Buy At Home' to me, and then turn around and do the opposite themselves."

So but true, that is often the case. Not long ago a prominent merchant sat at his desk lambasting the people

## FAMOUS AVIATRIX AT MOORESTOWN

Mrs. Miller to Tell of Experiences on London—Australia Hop

Mrs. Keith Miller, internationally famous woman flier, will be the speaker at a public meeting to be held by the Burlington County Aero Club at the Moorestown Community House next Monday evening at 8 o'clock.

Officials of the club have announced that the public is not only invited to attend, but that they are anxious to have an exceptionally large crowd on hand to greet the prominent aviatrix.

Mrs. Miller, who placed eighth in the Ford reliability air tour this year, and was the only woman entrant to finish "in the money," will describe the record-breaking flight from London to Australia which first won her fame.

A large crowd was in the field Sunday afternoon to witness the arrival of the racing Monocou, as which were flown by amateur fliers. The small planes, nine of them in all, raced from Patuxent, Md., Norristown, to Moorestown. After a journey of twenty minutes they returned to Norristown, completing the race.

Charles Hirst was awarded a beautiful loving cup by the Burlington County Aero Club for the best time made between Norristown and Moorestown. He covered the first lap of the race in 21 minutes and 26 seconds and was the third to arrive here.

## BIG ANNIVERSARY, PLAN OF DOCTORS

County Medical Men to Observe 150th Birthday Pageant

The one hundred and fiftieth anniversary of the Burlington County Medical Society will be celebrated at the meeting to be held at the Moorestown Community House on November 20 and quite an elaborate program is to be put on by some of the members who have been selected for the characters to be portrayed.

This special program will consist of a pageant presenting a review of medical history, and it will cover from beginning so far as recorded to the present day.

The characters will represent the men who stand out prominently in this illustrious history of medical science and the various steps of advance

and the great discoveries will be brought out in an impressive way. It will be done in such a way that some of the facts will be revelations in detail to some of the medical men. The characters will be represented in costumes according to the photographs or drawings of the great scientists as they are found in the pages of history or in other records that have been preserved.

On this occasion the members of the society will have their wives as their guests and it is expected to be quite a party with arrangements wholly in keeping with the occasion.

MAIN STREET CROSSING

IS BEING REBUILT

The Main street crossing, Riverton, is being repaired in a manner which gives promise of greater permanency than anything that has yet been attempted.

The old paving material between the tracks is being torn up and will be replaced by six inches of stone ballast below the ties and four inches of concrete above. On this foundation will be laid Belgian blocks, covered with asphalt.

The work is being done under the supervision of Albert VanBever.

## BURLINGTON YWCA HOME ATTRACTIVE

### Remodeled Club House Presents Tasteful and Inviting Appearance

The Board of Directors of the Burlington Branch of the YWCA, at its regular monthly meeting, spent some time inspecting the club house where extensive repairs have taken place during the past month. The meeting was held in the reception room on the first floor, which presents a dignified appearance in its old rose draperies and silver gray furniture. The open fire-place adds much to the beauty of the room.

The Senior Girls' club room, on the second floor, is dainty and cheerful in apple-green furniture and orchid gauze curtains. This room also has the attraction of an open fire-place. The office is not the usual dull brown, but is gay in moorish red.

The Girl Reserve club room, on the third floor, is especially attractive and is appropriately done in delft blue and black with dainty blue and white curtains. With this as a background, the Girl Reserve code is already finding expression in that the girls are providing their own bookshelves and bringing books for their library.

#### Arts and Crafts

The arts and crafts room expresses the artist's love of color and design. The draperies in this room are of imported cretonne, rich in Czech-Slovak colors. A feature of this room is a peasant shell, elaborately painted in Czech-Slovak red, coniferous blue, bright yellow and deep purple.

Miss Elizabeth Longacker, who was in charge of the program of arts and crafts at Camp Ockanickon last summer, is responsible for the design. Any girl interested in handicraft can hardly fail to be inspired by this environment, and a desire to create beautiful things will be stimulated.

The committee responsible for this transformation has been encouraged to go on with its work because of the vision and faith of the president, Mrs. Edward Simons, who has seen the possibilities of the Burlington YWCA. Miss Jeanie Richardson, chairman of the committee, has spent much time enlisting and supervising the workmen. The club girls, under the direction of the County secretaries, Miss Debra M. Chayer, Miss Sidonie Schaefer and Miss Dorothy Gebhart, have assisted in the work. Mrs. Lawrence Parsons and Mrs. Arthur Lowden have made the draperies. Others who have assisted by advice and consultation are Mrs. W. E. Behmerhorn, Miss Ina Davis and Miss Lydia Rogers.

#### Much Needed Service

The finance committee, Mrs. R. G. Dunn, chairman; Miss Cora French, Mrs. Ralph Shinn and Miss Flora Cassidy, has stood loyally by to approve the bills, believing that in establishing an attractive community center for their city they were giving a much needed service which will be appreciated by the people of Burlington. Already other organizations are requesting the use of the club house for meetings. It is hoped that eventually it will become a natural rendezvous for all kinds of social gatherings.

Miss Carolyn McIntire was elected president of the Burlington YWCA Board at the regular meeting on Monday, November 4. The others officers, vice-president, Mrs. George Rigg; secretary, Flora Cassidy; treasurer, Cora French, and assistant secretary, Helen Jones, was re-elected for another term. Mrs. Edward Simons, who has successfully completed three years as president of the Burlington Board, retires with the warm appreciation of her colleagues.

Miss McIntire has had interesting experience in the fund-raising work in Burlington County. She is a member of the County senior club committee and last year was responsible for English classes for Italian women.

Miss Sidonie Schaefer, of the County YWCA, spent Tuesday, November 12, in New York, where she attended a meeting of a group of secretaries doing work with business and professional girls. Miss Margaret Williamson, executive of the business and professional women's department of the National Board, who presided at the meeting, worked with the group on plans for the national assembly of business and professional girls, which will be held in Detroit next April in connection with the National Convention of the association.

Miss Beatrice Shadell, of Mount Holly, is one of a committee of ten New Jersey girls who are arranging a mid-winter conference for New Jersey business and professional women. The committee will meet at the New Brunswick YWCA on Saturday, November 16.

Four Girl Reserve clubs of Columbus and Jobstown held a joint program and recognition service at the Jobstown Community Hall, Thursday evening, November 7, with mothers of the girls as guests. Miss Reba Truxell, of Burlington, led the group singing which opened the meeting. Mrs. Hall was pianist. The speaker of the evening was Miss Debra Chayer, General Secretary of the County YWCA, who told something of the ideals and world wide scope of the YWCA. Edith Stevenson, a Jobstown Girl Reserve, played a piano solo, which was followed by a story told by Miss Elizabeth Borden, Junior Girl Reserve adviser, of Jobstown.

After Miss Dorothy Gebhart, County Girl Reserve Secretary, explained the symbolism of the recognition service, the girls held their candle-lighting ceremony. Myrtle Oliver and Marion Osmer, presidents of the older groups of the Columbus and Jobstown girls, presided.

### LONE EAGLE GROUP

Saturday night, November 9, the Palmyra-Riverton YMCA Lone Eagle Group met in the Methodist Church for a few minutes of basketball under the direction of the leader, Arnold Carter. The group then went to the Y building for the business meeting. Howard Rarig, who was president of the group, resigned his position to join a H-Y group. A new president was then elected, and Paul Guest, who had been treasurer of the group, was given the new duty of president. Peter Rodman was elected treasurer. There will be a yearbook contest between the different groups of the Y. Mr. Carter appointed a year book committee for the Lone Eagle Group as follows:

Jack Michener, chairman; Peter Rodman, William Thackeray, Charles Woolston.

The Y has just bought a new radio and the Lone Eagle Group has voted to put \$55 toward paying for it.

#### CRACKED SHADES

Heat often makes parchment lamp shades so brittle that they crack easily. If they are already cracked, hold the crack together and abate over it several times, both inside and out. The clear white shellac fills in the crack. When this is thoroughly dried, shellac the whole shade inside and out and you will be delighted to see it come out shining and looking like new.

## BANKERS ARE TO MEET FARMERS

### Will Discuss Improved Practices in Farms of State on Nov. 15

Bankers, farmers and staff members of the State Agricultural Experiment Station will meet at Asbury Park on November 15 to make plans for furthering extension service projects designed to improve practices on New Jersey farms.

The sessions will open with a joint meeting of the agricultural committee, New Jersey Bankers' Association; County key-bankers of the same organization; and County agricultural agents and administrative officers of the State agricultural extension service.

The annual Banker-Farmer dinner, a co-operative project of the agricultural committee, Monmouth County Bankers' Association and the Monmouth County Extension Service, will follow in the evening. Both the afternoon meeting and the banquet will be held in the New Montecito Hotel.

#### Point to Pennsylvania

How Pennsylvania bankers are promoting agriculture in co-operation with their State agricultural extension service will be explained in the first address of the afternoon meeting. This will be given by E. K. Hibbsman, assistant to the president of Pennsylvania State College.

Co-operation between the New Jersey State Department of Agriculture and the State Bankers' Association will be the subject of an address by William B. Duryee, State Secretary of Agriculture.

Progress reports on the combined activities of County key-bankers and County agricultural agents in carrying out County programs will also be made during the afternoon session. Each of New Jersey's Counties has its key-banker, who works with the County agent in directing the bankers' agricultural program for his County.

Co-operative Programs  
The building of co-operative programs by key-bankers and County agents will be the subject of a round-table discussion led by A. M. Hubert, assistant director of the State extension service.

Those attending the afternoon meeting are invited to join with the Monmouth County bankers and farmers when they hold their annual banquet in the evening. The principal speakers will be W. K. Payne, president of the New York State Bankers' Association, and Dr. Alexander Cairns, of Philadelphia, an author, poet, and lecturer. Entertainment will follow. G. A. Denise, president of the Cen-

tral National Bank, Freehold, and chairman of the bankers' association agricultural committee, will preside during the afternoon meeting.

#### Members of Committee

Other members of his committee are F. I. Collins, vice-president of the Bound Brook Trust Company, Bound Brook; Thos. B. Davis, president, First National Bank, Blairstown; Thos. M. Hobart, cashier, Farmers' National Bank, Sussex; W. E. Thomas, president, First National Bank, Millford; Carl S. Crispin, cashier, Swedesboro National Bank, Swedesboro; John O. Spencer, assistant treasurer, Cumberland Trust Company, Bridgeton; Franklin P. Jones, president, First National Bank, Beverly; and C. H. Laird, Jr., executive vice-president, West Jersey Parkside Trust Company, Camden.

The committee in charge of both afternoon and evening programs includes Mr. Denise, Ellwood Douglas, Monmouth County Agricultural Agent; W. J. Cause, of Asbury Park, president of the New Jersey State Bankers' Association; C. A. Spaulding, president of the Farmers' National Bank, Allentown; Prof. H. J. Baker, director of the extension service, New Jersey Agricultural Experiment Station, and A. M. Hubert.

## RABBIT HUNTERS' OUTLOOK BRIGHT

### Ringneck Pheasants and Quail Are Also Reported as Unusually Abundant

Full game bags for sportsmen this fall are predicted by Assistant Protector Arthur Davison, of Belmar. Rabbits are especially plentiful, he says, in the central tier of Counties over which he has supervision, and ringneck pheasants and quail are unusually abundant. Similar game conditions are reported by other wardens to exist throughout the State.

The upland season opens November 10, but as this date falls on Sunday, during which day hunting is prohibited, the actual sport begins Monday, November 11, and thereafter, Sunday excepted, it will be legal to December 15. To hunt rabbits, hare, squirrels, pheasants (male only), quail and grouse, except that there is a closed season on quail in the Counties north of Mercer and Ocean, and on grouse in Essex, Union, Somerset, Hunterdon, Mercer, Middlesex and Monmouth Counties. Woodcock remain in season until November 30.

The State Fish and Game Commission has restocked the hunting grounds heavily with pheasants and rabbits since the last season. Wardens say the weather conditions have been favorable for the natural rearing of game and birds, and that hunters will

find all upland game satisfactorily plentiful.

The daily bag limits on game are 10 quail, 2 male ring-neck pheasants (30 in season), 4 woodcock, 3 ruffed grouse, 6 gray squirrels, 6 rabbits. Wardens and deputies have been instructed by Chief Protector James M. Stratton to see that the bag limit law is strictly enforced.

## Quality vs. Quantity

In anticipation of census-taking next year, and towns are annexing territory and planning to make as good a showing as possible. Uncle Sam's agents are counting noses. Loud and loud will be the shouts of joy which the census shows has passed a population. Walls of discontent, charges of return and what not will be heard from to have been left behind.

All of which, in most cases, is much ado about nothing. While growth in population frequently does indicate a prosperous community, other factors are far more important. What kind of citizens a town has is of greater significance than how many. If numbers alone made a good community, we should all want to live in New York or one of the other large cities. But taken as a whole, it is probable that the people of the smallest towns and even of the rural districts are happier than the masses crowded for elbow room in the congested metropolitan centers.

The town to be envied is the one where the people have a community spirit, are neighborly, intellectually alert, devoted to the better things of life and as far as may be, mind their own business. As to material prosperity, it should not be judged by the number of millionaires a town has, but by whether everyone who wants to work has a job.

## Making the Nation Smaller

Seven transcontinental highways, as part of a road system penetrating every section of the country, would be provided for in a bill which, according to announcement, is to be introduced at the next session of Congress.

Whether or not this project ever becomes a reality, it is indicative of the steadily increasing importance of highways in our development as a nation. State and state and city and city are bound together by smooth, shining pavements. They are necessities of modern life, an integral part of business and social relations.

The time is near when practically every community, no matter how small or isolated, will have contact with the outside world through the medium of a paved road. To the farmer, as well as the city-dweller, highways are basic commodities which pay for themselves many times over. Good roads have made the United States smaller.

## Some Costly Dinners

The delays, nibbles, expense and

Six boys were playing in a straw stack near that town one day recently when one of them found a purse containing \$2.20. This caused them to search for more treasure with the result that a total of \$94.20 in cash and a check for \$41.40 were found in the straw.

Did they divide the spoil and proceed to use it for themselves? They did not. They promptly turned it over to the Humboldt chief of police, who recalled that three men had reported that they had been robbed at this straw stack some time before, and took steps to locate them.

Incidentally, the six boys have established a reputation for honesty which is of much greater value to them than the money they might have easily appropriated to their own use.

## "Death Avenue" To Go

An idea of the immensity of the problems presented by modern traffic in large cities is suggested by the announcement that \$175,000,000 will be spent in re-locating tracts and eliminating dangerous crossings in New York City by the New York Central, in cooperation with city and state authorities.

This means the end of a section known as "Death Avenue," on account of its many fatalities and injuries, due to grade crossings.

The enormous sum involved in this improvement is to be spent over a period of about six years, according to present estimates, and represents a sum nearly one-half as great as the construction cost of the Panama Canal. Actual work was begun this month in a preliminary way, and some large contracts are to be let soon.

By this project the railroad facilities of the metropolis will be greatly improved and at the same time one of the worst danger spots in America will be eliminated. It will cost a lot of money, but it will be worth it.

LIVING WITH PEOPLE OF OTHER RACES

Acts 10:9-16, 30-35; Galatians 3:28-29

Rev. Samuel D. Price, D. D.

Religion must work to be practical and one reason that interferes with its working is the superiority complex that too many have; it merely makes them over self-conscious and miserable. By doing just a little study and traveling about a modest amount one soon learns that there are others who are worthy of our highest esteem. Very often we find that these others are really doing bigger things under vastly harder conditions than we are accomplishing. Very illuminating passages of Scripture are chosen for our study this week. In addition to those given above look up, with care, Ruth 1:1-18; John 4:6-10; Acts 10:1-11 and Romans 1:14.

Mutual needs help greatly in being vitally interested in other nations. One of the finest love stories is that of Naomi, the Jewess, and Ruth, the Moabitess; her daughter-in-law. Ruth would rather be an alien in Jewry than live at home without Naomi. Here was a precious friendship that thrived irrespective of all national boundaries. Boaz and Ruth did not find any problem about inter-racial marriage as their lives were bound together in abiding love. It is right to be proud of one's nationality, but it is presumptuous to conclude that others cannot serve humanity as well. This matter of service is one of the basic tests of national worth.

Jesus taught a lesson that many found it hard to learn when he addressed the Samaritan women as they sat at Jacob's Well. The real question was not that of a superior place of race, but rather of an acknowledgment of the true God. Again it was demonstrated that relationship to Jehovah and service to mankind are of greater moment than early lineage. The same lesson is continuously taught with the growth of the Christian Church. An early problem was to have the teachers think right toward those of various nations. The work of the Holy Spirit on the Day of Pentecost, following the sermon of Peter, was a disclaimer of provincialism. There was a common blessing for all who would believe. But even Peter needed a special teaching vision to make him ready to go with the divine message to the home of Cornelius, the Roman centurion. The world is still trying to learn "What God hath cleansed, make not thou common." Peter's conviction, as expressed in the household of Cornelius, was "I perceive that God is no respecter of persons."

By Nancy Hart

What better in the cold weather than corn-meal? It has such very valuable heat-applying properties.

Corn-meal may be served in many delightful ways, and is very popular in so-called "Johnny Cake." To make this delicious repast, add one cupful (more if wished) of Indian meal with about one cupful of absolutely boiling water until not quite this enough to spread, add one teaspoonful of sugar and one-half teaspoonful of salt and one-quarter cupful of milk, stirred with a knife in a well-greased dripping pan, mark in squares, and brown in a hot oven of 450 degrees F. Serve hot and spiced with butter, as eaten. Or cover with a thin white sauce and serve with a little crisp bacon.

## How to Play BRIDGE

Series 1929-30 by Wynne Ferguson

Author of "PRACTICAL AUCTION BRIDGE"

Copyright, 1929, by Hoyle, Jr.

## ARTICLE No. 6

An interesting competition has been conducted by a company manufacturing Bridge tables, and the hand in question and its proper bidding has been forwarded by many correspondents for the writer's opinion. The competition is now closed, and my opinion can now be freely given. The hand is as follows:

Hearts—6, 5, 3  
Clubs—Q, 8, 4  
Diamonds—9, 4  
Spades—A, K, 4, 3, 2

No score, first game. (a) What is the correct bid by dealer? Answer—One spade. (b) What is the correct bid by second hand, dealer having bid one no trump? Answer—Pass. (c) What is the correct bid by third hand, the dealer and second hand both having passed? Answer—Pass. (d) What is the correct bid by third hand, the dealer having bid one no trump and second hand having passed? Answer—Two spades.

The fourth question (d) is the most difficult as it involves the question as to the proper type of take-out of partner's no trump, second hand having passed. This hand represents a sound major suit take-out for it is a hand that contains a justifiable original bid. See the first question (a).

In the preceding article the following hands from an English competition were given for the consideration of our readers:

1. Z Y 18: A B nil in rubber game, where Z bids "Two Spades," and A and Y say "No Bid," what should Z say, holding Spades, 8, 6; Hearts, A, 10, 9; Diamonds, A, K, 4; Clubs, A, K, Q, J, 4?

2. At love all in the first game, where Z says "No Bid," A, "One Heart," Y, "Two Clubs," what should B say, holding Spades, J, 10, 9, 6, 5; Hearts, 9; Diamonds, A, K, 9, 5; Clubs, A, 10, 7?

3. At love all in rubber game, where Z bids "Three Spades," what should A say, holding Spades, K, 9, 7, 6, 5; Hearts, K, Q, J, 10, 8, 3, 2; Diamonds, 4; Clubs, none?

8. At love all in rubber game, where the bidding was: Z, "One Spade"; A, "Double"; Y, "Two Diamonds"; B, "Two Spades"; Z, "Two No-Trumps"; A, "Double"; Y, "Three Diamonds"; B and Z, "No Bid"; A, "Double"; Y and B, "No Bid," what should Z say, holding Spades, A, Q, 9, 5, 4; Hearts, K, 10, 5; Diamonds, none; Clubs, K, Q, J, 6, 4, 3?

9. At love all in first game, what should Z say, holding Spades, J, 9, 8; Hearts, A, 9; Diamonds, A, K, Q, J, 6, 5; Clubs, 3?

10. Z Y 20: A B 18 in rubber game, where Z bids "One Heart" and A "One Spade"; what should Y say, holding Spades, 4, 2; Hearts, 9, 8, 5, 2; Diamonds, 3, 2; Clubs, Q, J, 6, 4, 3?

11. At love all in rubber game, what should Z say, holding Spades, K, Q, 8, 6; Hearts, K, J, 7; Diamonds, K, Q; Clubs, 10, 6, 5, 3?

12. Z Y 18: A B 12 in rubber game, where Z bids "One No-Trump," A, "Double"; Y, "No Bid"; B, "Two Spades"; and Z, "Three Hearts"; what should A say, holding Spades, K, 10; Hearts, A, K, 4; Diamonds, Q, J, 9, 4, 3; Clubs, K, 10, 5?

The decision of the English Judges was as follows:

1. Double 7. No Bid

2. Two Spades 8. No Bid

3. No Bid 9. One No-Trump

4. Double 10. No Bid

5. Double 11. One No-Trump

6. Two Spades 12. No Bid

The writer would concur with these decisions, except in hand No. 7 and No. 9. With hand No. 7, the proper bid is undoubtedly two hearts. Y has better assistance in hearts and that suit is also the first one bid by his partner and therefore the one that he prefers. With hand No. 9 the proper bid is one diamond. To bid one no trump with this type of hand, with two suits unprotected, is very unsound. The diamond bid will give the other players a chance to bid and thus give the dealer a better line on his chances for game, at diamonds or no trump. The original bid, however, should be one diamond.

"We are now," announced the guide, "passing through a rural hamlet."

"Oh," exclaimed the sweet young thing, "I thought a hamlet was a little pig."

Polly: "The photographers never do me justice."

Molly: "You want mercy, not justice, dear."

Check: "What I say to my wife goes."

Mate: "You don't say."

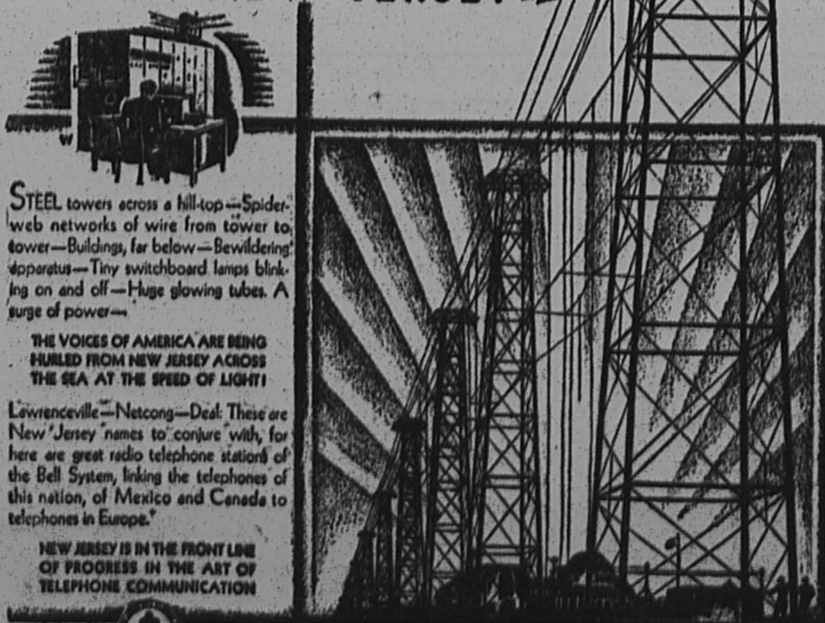

"Yes—it goes all over the neighborhood."

Grace: "Do you know, Kenneth, I heard me twice last night before I could stop him."

Greta: "Glorious! What check!"

"Neither! My lips!"

## LOCAL CHURCH NEWS

## FIRST LUTHERAN

Rev. W. M. Erhard, Pastor

The Ladies' Aid Society is holding its annual bazaar this coming Saturday evening. General fancy articles—aprons, glassware, jewelry, etc.—will be on sale. At this time a chicken supper will be served. Bring your family for this meal together.

Week-day religious school is in session. All children and young folks, not yet confirmed, are urged to attend. Those who do not wish to be confirmed this coming spring should come, while all who do wish to be confirmed are required to be present regularly. Tuesdays at seven o'clock in the evening is the time of meeting. Object lessons in Bible subjects, and catechetical instruction will be given.

## CHRIST CHURCH

Parry Avenue  
Rev. Geo. J. McCormack, Rector

The Lord's Prayer is a letter from earth to heaven; the inscription, "Our Father," the address, "Which art in heaven," the contents, five requests for spiritual blessings and only one for temporal; the close, "Thine is the Kingdom," the seal, "Amen"; and the date, "This day."

This is a very busy world, as everybody agrees, though when I look over my list of meetings to be attended, I wonder whether they are all necessary, and whether anybody would lose much if some of them were omitted.

In any case, "He who is too busy to pray is busier than God wants him to be, and that business will prove most unprofitable."

Some very nice things were said about the work done by the Church Periodical Club in the different institutions of the State, so I will say a word about the kind of work needed. Friendly visitors are always needed, and greatly appreciated. There is a real opportunity for sympathetic service. People in the institutions are "just folks"—many of them powerless to do anything for themselves—solely needing friends. And just a word about our Diocesan Flower Guild, which has branches in Elizabeth, Trenton and Camden. As an example of what is being done in the Camden district—five parishes sent in flowers and helped in the distribution of nearly 5,000 bunches of flowers in 12 different institutions and a number of "shut-ins" in addition. The Flower Guild gives parties in all the institutions, especially for the blind in Trenton.

The Girls' Friendly Society are ready for you on Saturday afternoon and evening in the Parish House and to assure you will enjoy the display of their work and have some business will result. This Saturday, November 16th.

The Sunday School is giving a "movie" on Thursday, the 14th, and will show, among other things, pictures of "shut-ins" in addition. The Flower Guild gives parties in all the institutions, especially for the blind in Trenton.

## BAPTIST CHURCH

Rev. George Lockett, Pastor

Last Sunday evening the B. Y. P. U. had charge of the church service and gave reports of the recent New Jersey Baptist Convention held in Atlantic City. Our Union was awarded a silver cup on points of merit in the State of New Jersey. Misses from Swanton, president of the B. Y. P. U.; Ruth Branson and Dorothy Randolph were the speakers and the service was greatly enjoyed by a large congregation. Miss Ruth Adell presided at the organ.

On Tuesday evening, the Samaritan Class held its regular monthly meeting, the members of the Titlow Baraca Class being invited guests. A most enjoyable evening was spent—bowling and dirt baseball were included. "Ernie" Woodcock served luncheon, after which an hour of song with Dr. Le Favor at piano. This class, with the Junior Philathea, are working hard on rehearsals for their play on Thanksgiving evening in the high school auditorium.

Next Tuesday evening the annual church supper and business meeting will be held in the social hall. The election of officers for the ensuing year will take place.

On November 26 the annual Father and Son banquet will be held in the social hall. It is expected about 350 will be present and the banquet will be served by the Philathea Class.

The Women's Society held its regular monthly meeting in the social hall on Wednesday. Luncheon was served, after which the business meeting was held.

Much favorable comment is being made about the fine services of our Chorus Choir, which has about 25 members at this time. Their fine singing adds much to our services, both Sunday morning and evening.

Last Sunday morning Miss Anna McConnell favored us with a beautiful solo, entitled "Let Us Have Peace." The anthem, "My Faith Looks Up to Thee," was beautifully rendered, with violin accompaniment by Mr. Barto.

The church is working on Christmas music at present and a fine musical program is anticipated.

## COOPER FRENCH PENN STATE HERO IN U. OF P. GAME

Moorestown Star Thrills 62,000  
Spectators With Brilliant  
Feats

88-YARD DASH SOUNDS  
QUAKERS' DEATH KNEEL

Equals Greatness of Paul Scull  
as He Dominates Spirit-  
ed Contest

In concluding more than a heavy paper column of praise for Cooper French, member of Moorestown's famous athletic house of French, Perry Lewis, the brilliant Philadelphia sports writer, penned, "It may seem that the writer has devoted too much space to the exploits of one man. But it was French who was the man of the hour. It was French who was responsible for every one of State's touchdowns. It was French who beat Penn. Blue pencil French from any story of that game and you have the yard describing the successes and failures of two very mediocre football teams."

And so, in a few short sentences, the part that "Coop" French, former Moorestown High School football star, played in the Penn State victory over Penn at Franklin Field, Philadelphia, last Saturday, is told. Lewis's story, in part, follows:

With the assistance of several other Penn State athletes, including Cooper French, Moorestown's famous athletic house of French, Perry Lewis, the brilliant Philadelphia sports writer, penned, "It may seem that the writer has devoted too much space to the exploits of one man. But it was French who was the man of the hour. It was French who was responsible for every one of State's touchdowns. It was French who beat Penn. Blue pencil French from any story of that game and you have the yard describing the successes and failures of two very mediocre football teams."

Upwards of 62,000 football enthusiasts saw French, whose home is in Moorestown, and who is a brother of Walter French, member of the Connie Mack's band of champions, dominate a gridiron game as no single player has dominated a game on Franklin Field since Paul Scull made his farewell appearance against Cornell last Thanksgiving Day.

State scored three touchdowns, Penn one, and all three of the visitors' touchdowns were made possible by the individual prowess of the stocky young man from Moorestown.

About the middle of the first period, French cooked his good right arm, and shot three forward passes to teammates within two minutes, and the three were good for a total of 41 yards. The last one advanced the ball to Penn's two-yard line, from which point it was taken over for a touchdown by Dietrich and Latsch in two line plays.

French breaks loose. Later in the same period, French mysteriously appeared a forward pass by himself, landing in the leather on Penn's 45-yard line and speeding to within five yards of a touchdown before being brought down by the Quakers, who had made the toss. Cooper had just time enough to make two more yards through the line before the period ended.

The whistle merely delayed State's ultimate triumph. For on the opening play of the second quarter, Latsch scored the touchdown that French's victory had made possible. Immediately, Latsch tumbled on the scoring play, but the officials ruled that the whistle had blown before the ball got away from the State back.

Great were the feats of French in that first half, but it was not until the coming of a critical moment for State in the last period that the hero of the afternoon showed his most brilliant performance—and in a breath it ruined the Quakers as it saved up the game for the Lion of Nittany.

Penn Comes to Life. Here was the situation. Penn, away to a miserable start and trailing, 13 to 7, had quickened into life with the coming of the second half, and throughout the third quarter had possession of the ball 90 per cent. of the time in the visitors' territory.

The Quaker offense was functioning nicely in all of its departments, and although the Red and Blue had been stopped twice by penalties, it seemed certain that Penn could not be kept from State's goal line much longer.

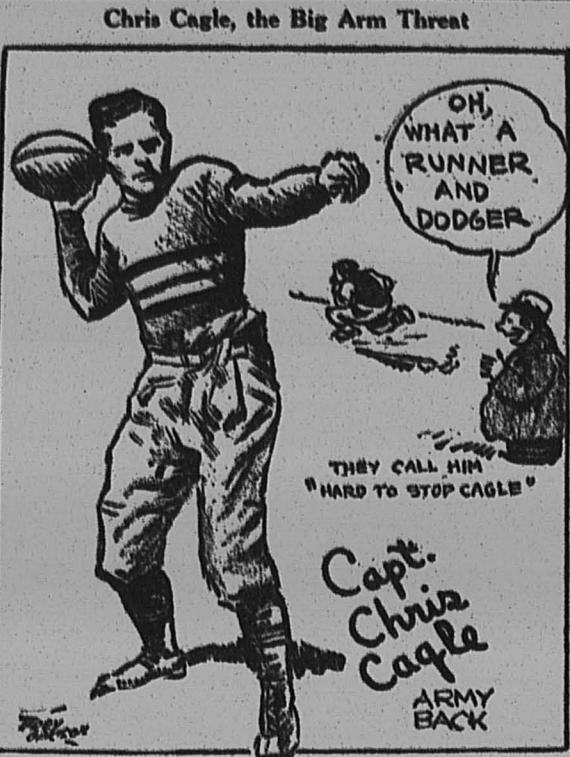

This was the situation when the teams entered the fourth period. At most immediately Grumper intercepted one of French's forward passes at midfield. Unnecessary roughness cost the visitors a 15-yard penalty—one of several inflicted on State for overly vigorous play—and the ball rested on the Lions' 37-yard line.

A lateral, Masters to Gentle, was good for 11 yards and a first down. Gentle and Gentle then pounded out another first down, but on the last play the ball was called back and the Quakers penalized five yards for off-side.

But Penn was still dangerous. Masters tossed a short one to Gentle, good for five yards, and the oval was only 21 yards distant from State's goal line. The Penn stand now were in an uproar, while the State adherents banked on the north side of the barred field begged their favorites to stand firm against the Quaker avalanche that appeared certain to engulf the Red machine.

The Moorestown youth gathered to the ball to his broad chest 12 yards from State's goal line. Then, with all of his tremendous speed, he flashed diagonally toward Penn's goal, always edging to the north as he outfooted four tacklers.

Well inside the deadline, the racing youth swung straight down the field and, like a terrific lawn reeling from savage bounds, ran away from his

Red and Blue pursuers as though they were standing still. One after another, the desperate Penn warriors were cut down by State interlopers, but the latter might just as well have saved themselves, for no Quaker without wings feet could have overtaken the scurrying French.

Eighty-eight yards French sped to place that ball behind Penn's goal posts for State's third and last touchdown—and thereafter the thing ceased to be a contest. State had the game sewed up. Penn was beaten, and great was the rejoicing in the north stand.

## RIVERTON WINS OVER MT. EPHRAIM

Home Towners Score Easily  
Defeating Visitors  
26 to 6

Last Saturday the Riverton boys regained their stride and defeated the Mount Ephraim eleven. They completely outplayed their opponents in all phases of the game, the final score being 26 to 6 in favor of the home team.

The team had not been going so good in the last few games, but they seemed possessed with a new life on Saturday. Every man played a bang-up game, with the result that Riverton won by a large score. There were no individual stars for either team because every man was playing his hardest.

CINNAMINSON TO  
PLAY MT. HOLLY

Sunday, November 17th, the strong Cinnaminson Club will go to Mount Holly to meet the County Seniors, who have one of the best Class "B" clubs in South Jersey. The Cinnaminson Club has held Medford scores and outplayed McCoy Cards, of Riverside, in every department of the game.

Dave Oliver, star center for Cinnaminson was injured, but will be in shape for the Holly game. Bill Phelan's and John Smith's line plugging were big factors, while Chris Cagle standing behind his own goal line pointed to safety. The ball landed on the Cards' 35-yard line, a 65-yard punt, Anderson being out with an injury was a loss to Cinnaminson.

The line-up:  
Left end, Phelan; left tackle, Oliver; left guard, Weber; center, Phelan; right guard, Flagg; right tackle, Schuler; right end, Seaman; quarterback, Broderick; left halfback, Cagle; right halfback, Phelan; fullback, Swain.  
Substitutions—Smith, Lynch and Williams.

Many meticulous folks clean their coats, frocks, shoes and gloves and do not think of their hats. If they cannot go to the cleaners' weekly, at least they can have their linings turned over and cleaned and dried fully. With a little brush dipped in reliable cleaning fluid, one can thoroughly clean both the inside and the out. Brush with dry brush when dry.

## PALMYRA WINS ANNUAL BATTLE

12-0 Score Crushes Moorestown  
High in Armistice Day  
Fracas

In the Armistice Day annual gridiron battle between Moorestown and Palmyra High Schools, the "Pals" crushed the Quakers 12-0, on the Moorestown gridiron.

The game was thrilling throughout, with the "Pals" holding the edge from all angles.

Somehow the Moorestown backs could not get started, while the line was very weak on the defense.

Palmyra's first touchdown came in the second quarter by successive line plunges by Bruno and Boone, Bruno carrying the ball over for the touchdown.

The second touchdown came in the third quarter by sensational 30 and 30-yard off-tackle runs by Palmyra's fast quarterback, Terrell.

Johnny Fountain and Ed Jenkins were the outstanding stars for Moorestown. Johnny played his usual fine game, while Ed played the greatest game of his career.

Frankie Bolter played a good game for the Quakers at left end. Frankie is pretty small for the rough game of football, but what Frankie lacks in size he makes up in speed and roughness.

The nearest that the Quakers came to scoring was in the third minute of the first half. Fountain threw a beautiful pass to "Hoot" Graham from the middle of the field. "Hoot" caught the ball on the twenty-yard line and sped down the right side of the field but was tackled on the three-yard line. The Quakers' chance to score was lost.

## WILDCAT PROMOTORS GET AWAY WITH OVER TWO MILLION IN SOUTH JERSEY EVERY YEAR

Ohlner, Camden C. of C. Secretary, Warns Moorestown Rotarians  
of "High Hat Highwaymen" Who Fleeced Residents of  
This Section with Numerous "Rackets"

"Wildcat stock promoters are taking two-and-one-half million dollars out of this section, between Camden, Berlin and Riverside, every year." This startling statement was made by Loyal D. Ohlner, secretary of the Camden Chamber of Commerce, during an interesting and comprehensive address before the Moorestown Rotary Club at its regular weekly luncheon meeting in the Community House last Thursday at noon.

And there is no chance of immediate relief, said Mr. Ohlner, for "high hat highwaymen" as the worthless stock promoters are known, are coming into South Jersey in large numbers, due to the vicious war being waged against them in New York.

The Camden Chamber of Commerce has record of seven hundred "get-rich-quick, golden-opportunity" stock promotions which have operated in this section, and of that number, six hundred are defunct, the "promoters" either having skipped or been put in jail, and the remaining hundred "enemies" are of doubtful value, with little or no chance of ever yielding a profit.

There are probably 150 "promoters" at work in this section right now, and unless caution is exercised they will have records of victims all over South Jersey town to their "sucker" lists.

Don't Admit Errors. But the most unfortunate part of the whole thing, said Mr. Ohlner, is that the "suckers" won't report the cases, for they don't want their friends and neighbors to know that they have been "hooked."

The speaker cited several cases of "clean-ups" by the fraudulent "promoters." A Camden girl, earning \$15 a week, paid \$5.00 a week for nearly four months before the "promoter" shipped with her savings. An old couple, having their entire fortune, \$900 with a Virginia scheme. When they finally became suspicious and consulted their banker, it was discovered that the smooth-tongued outwreiter had not only sold them worthless stocks, but had made the stock certificate out of his own name, not even giving them a claim upon the valueless paper.

The sharks watch the death notices investigate the beneficiary of the life insurance policies and then rush to the homes of the deceased with a "red hot tip from an old friend." When it is "discovered" that the "fortunate" person is dead, they then show a most

humanitarian interest by passing the "good news" along to the beneficiary. Mr. Ohlner cited numerous other common "rackets." They include "new industries," where the community saddles itself with a worthless enterprise from some other section, donating ground, subscribing to stock for the construction of the buildings, and generally putting a run-down business on its feet again; clubs, sometimes connected with a "national" movement, in which membership carries with it some valuable stock, which is to yield "enormous" dividends when the movement actually becomes "national" in scope; the muskrat fairs, successor to the old silver fox fairs, and last, but not least, the "puff journals," which give a business man a most glowing write-up absolutely free of charge.

The "catch" in this game comes when the reporter suggests that the subject of the story would like a few copies of the magazine to distribute among his friends, and then sends about 200 copies at a cost of thirty-five cents apiece. In that case the victim is "taken over," as they say, for \$70. The only circulation the journal has is among its victims.

"Tipster Sheet" Methods. These, of course, are the "sheet" sheet," which is sent free of charge. The sheets generally contain some first class "tips" on high grade stocks, but included in them is one issue which is of most doubtful value, but is highly recommended. After the proposed victim has received a telephone call advising him to sell out some of his present legitimate holdings and "grab" some of this red-hot stuff.

If he succumbs to the splendid sales talk, he immediately becomes a member of the "sucker" club, which has some of the section's outstanding people in its membership.

"Don't take a chance," said Mr. Ohlner. "The promoter must come from somewhere. Call the Better Business Bureau of Philadelphia, which is one of the first in the country, or the Camden Chamber of Commerce, before buying. Let us investigate the calibre of the men first. ## JOIN IN ANNUAL RED CROSS DRIVE

Palmyra Improvement Association Urges Members to Answer Roll Call

(By Publicity Committee)

The Palmyra Extension Improvement Association earnestly asks every member and every resident to give America's answer to "Humanity's Challenge" by enrolling in the American Red Cross during the annual roll call.

At the request of the Association, flags were displayed on the homes of the community last Monday, commemorating the eleventh anniversary of that great day when the rage of war was still and the dawn of peace began.

### Silent Tribute

Likewise every building operation and every household ceased work for five minutes at eleven o'clock to pay silent tribute to those who passed to the "great beyond," a living sacrifice to an ideal, as well as those who in mind and body still bear scars of that great conflict.

Not could we neglect to give thanks that because of their sacrifice we have peace and that peace today is humanity's foremost thought.

Our bulletin board was appropriately decorated for both of these events.

### No Hearty Depression

While much is heard of really depression it is gratifying to note the continued progress of this community. At the present time fifteen new houses are under construction and practically every completed home is occupied or about to be occupied.

With the completion of the new boulevard skirting the community and the new bridge over the Penikese Creek, which is expected to be completed early next summer, our progress will no doubt eclipse the remarkable record of the past three years of transition from an abandoned farm to a thriving progressive community of individual homes.

By Frances Smith

"We think it would be a good idea," began Freddie Frog as he and his brother were walking towards the Frogville school. "I think it would be a good idea if we played a trick on Willie Treelod this morning."

"What do you mean?" asked Fritz Frog.

"We'll get him under the apple tree and put him to sleep, then—"

"Just leave it to me, but will you help me?"

"I'll do anything you say," replied Fritz.

Very soon the Frog brothers came to the apple tree where they waited for Willie Treelod, who always got to school just as the bell stopped ringing.

"All down under the tree while I tell you a story," said Freddie Frog to Willie.

"What's the big idea?" asked Willie. "Do as I tell you," commanded Freddie. Then Willie lay down.

"Close your eyes," said Freddie. Willie did as he was told and Freddie repeated: "Snoo, hoer, hoopa, hooper, sleep, baby, sleep."

In a few minutes Willie was fast asleep and the Frog brothers went to school, leaving him under the apple tree.

Miss Frog called the names of her scholars and when she came to that of Willie Treelod, she stopped and asked: "Does anyone know where Willie is, or what is the matter with him?"

At that moment Willie Treelod walked into the school and everybody laughed, for his face was painted red and black.

"What's the matter with you?" asked Miss Frog, in amazement.

"I don't know," answered Willie. "You might ask the Frog brothers."

"Freddie and Fritz, do you know what painted Willie's face?"

"No, teacher, we do not know who painted Willie's face," answered Freddie.

"The three of you stay after school and we will find out who did," said Miss Frog, sternly.

After school when the teacher went out of the room for a moment, Freddie asked Willie who painted his face, and he replied:

"I did myself, you goose!"

**BUGLE CORPS TO GIVE CHAMPIONSHIP BALL**

Plan Elaborate Dance and Entertainment in P. O. S. of A. Hall

Plans for the championship ball and entertainment to be given Thursday, December 5, in the P. O. S. of A. Hall, Palmyra, by the Bugle and Drum Corps of Frederick M. Rodgers Post, No. 150, American Legion, the present State champion, are practically complete. No expense is being spared in procuring the best of talent in the way of music and entertainment and the finest decorations obtainable.

This event, while a semi-military ball, will be entirely informal, with dancing from eight until one o'clock, with variety entertainment numbers between the dances. The Grand March will be led by Mayor George N. Wimer, who will be the honor guest of the evening.

An elaborate program is being prepared and is fast filling, denoting a kindly regard for the Corps and its endeavor. Some advertising space in the program is still available and can be had from any of the following committees: Albert Stinebaugh, chairman; Walter Hunt, assistant chairman; J. P. Rehnstrom, secretary; Charles C. Seemuller, treasurer; George Truham, floor manager; Ted D'Aurechy, advertising; F. Klein, entertainment; M. I. Wright, decorations.

Sixty-five members of the various YMCA Groups enjoyed the hospitality of Washington Camp, P. O. S. of A. Monday night of this week when they were the invited guests at an Armistice Day service.

The Rev. J. William Lee spoke on the flag, its history and the sacrifices that have been made for it.

The meeting was thoroughly enjoyed by every one of the boys and after the Rev. Mr. Lee had finished his speech, the boys assembled on the second floor for the "cats." There was plenty for all hands and the boys fell to with a will and many returned home with a little uncomfortable feeling under the belt.

The second meeting of the Sophomore Hi-Y Club was held in the Calvary Presbyterian Church of Riverton, on Thursday evening, November 7. Mr. Wolfe, of the high school faculty, and advisor of the group had a very interesting talk prepared which he gave to the members.

The theme of the talk was "Teamwork" and during the course of the talk Mr. Wolfe proved to the members how necessary it was to have "teamwork" in all our many activities during all of life if we were to succeed.

William Evans, the president of the group, was in the chair during the meeting. Various committees reported progress during the week.

Sophomores and Juniors of the high school are eligible for membership in this group and should make themselves known if they desire membership.

Twelve fellows of the YMCA along with Secretary Carter hiked on bicycles to the Camden YMCA on Monday.

day of this week and enjoyed a swim in the pool and later visited the Central Airport. These hikes on bicycles are growing more popular all the while in the YMCA and it is planned to take them frequently.

On Saturday morning of this week the younger members of the Palmyra-Riverton YMCA are going to participate in a treasure hunt. Several prizes are main reasons for the interest shown in this event. People of these twin towns that see any number of fellows running wild on this morning will know that they are hunting for buried treasures.

The second meeting of the Freshman Hi-Y Club was held in the YMCA building, Tuesday evening.

Mr. Schaefer, group counselor was unable to be present so the group met under the supervision of Mr. Carter, the secretary of the YMCA, who visited the club on the various matters that came up for settlement.

The meeting was called to order by the president, Lloyd Griscom, and opened with prayer by Stanley Lippincott.

It was decided that the group henceforth should be known as "Frosh 33."

Charles Wyncoop was voted in as a member of the group and he will receive his initiation at a later date.

The matters of the group motto, constitution, and group colors were deferred to the next meeting when Mr. Schaefer would be present.

The group has decided to enter a team in the swimming meet held the third Tuesday of each month in Moorestown. It is the desire of the members to participate in all the activities of the YMCA and so develop to the best possible manhood.

**GREAT VAUDEVILLE AT WALT WHITMAN**

Jim and Marion Harkins to Present Their Latest Hit

The greatest array of vaudeville acts to appear locally will be on the all-star vaudeville bill to be presented on Thursday, Friday and Saturday at the Walt Whitman Theatre.

Jim and Marion Harkins are troupers known very well in this community, having been headliners for years at Keith's Chestnut Street House.

When they present their newest comedy skit, entitled "Marketing," written especially for them by that great author and funster, W. C. Fields, the patrons of the big Westfield Avenue Playhouse will roar with laughter.

Kiyama Japs will open the show with "Risley and Corbion Novelty," Vera Poste, the "Beau Brummell" of Broadway, the little girl with the big voice, will bring Broadway to you for twelve minutes. Helen Stanley & Company will present "Fascinations," a beautiful singing and dancing revue, with gorgeous scenery and beautiful girls, to close the show.

"Dark Streets," an All-Talking First National-Vitaphone Picture, starring Jack Mulhall and Lila Lee, will be the feature photoplay, along with this all-star vaudeville bill. "Dark Streets" is a dual role talking picture, and Mulhall does excellent work as the twin brothers, so good in fact that one would think that Mr. Mulhall is surely two different persons.

**PRETZEL GUESSERS**

Earl Lenker was the winner of the pretzel guessing contest last concluded by the Belts Delicatessen.

His guess was 2,500. Joe Weber was second with a guess of 2,700; John Haines, third, 2,000; George Lamman, fourth, 2,800. The exact number was 2,450.

First prize was 3 pounds of Quinlan's Reading butter pretzels. Second prize was 2 pounds; third and fourth, one pound.

The window at the delicatessen was filled with pretzels a week ago with a sign announcing the prize.

**CRAP GAME RAIDED BY STATE TROOPERS**

Eleven Men Arrested at Abandoned House in Centerton Fined by McCloskey

Last Sunday afternoon State Police from the Delanco Barracks raided an abandoned house in Centerton, where a crap game was found in progress. The raiders were headed by Corporal Campbell, in charge of the Barracks, and he was assisted by Troopers Goucher and McCloskey.

The raid was made after an investigation by one of the Troopers. Eleven men were arrested and were taken before Justice of Peace Harry McCloskey, of Beverly. All of the men pleaded guilty and were fined \$5 and costs.

## PLANE TALKS

By H. H. LONGAKER

Founder, Burlington County Aero Club

The attractions at the Airport last Sunday, aided by a beautiful balmy autumn day, brought out one of the largest crowds we have had all year. We hope you liked our program and that you will come often.

Actual construction work on Randolph Field, the "West Point of the Air," sixteen miles from San Antonio, Texas, will soon be started. This field to be built at an initial cost of \$11,000,000, will be the most complete and modern air training center in the world. Randolph Field consists of 2,400 acres and ultimately will cost almost \$50,000,000 when totally completed in about two years.

Mrs. Keith Miller, internationally known aviatrix, visited the Moorestown Airport Sunday afternoon. Mrs. Miller took Knorr Roberts' Moth aloft for a flight over Moorestown.

Indians in British Columbia, who a few years back were using dog sleds, are now flying airplanes to get from their villages to the trapping grounds. Several of the red men use their own ships and air taxis are used by others.

"Chuck" Sillway, sixteen-year-old flyer, from the Central Airport, flew into the Moorestown Airport Sunday afternoon in his new 225-horsepower motored Waco. "Chuck" is certainly developing into mighty nice pilot.

In our campaign of air education we must prove time after time that airplanes are being used consistently, successfully and safely, for all kinds of service; that airports all over the country are being operated at a profit; that those cities which have provided themselves with proper airports, designed for the future as well as the present, are getting more than their share of air travel, and in such cities where air travel prevails there is a large beneficial return to every citizen.

Be sure and attend the meeting of the Burlington County Aero Club at the Moorestown Community House next Monday evening, November 18. We have a real treat in store for you. The meeting is open to the public.

Lieutenant C. Victor Williams, U. S. Army Corps Reserve, who is a balloon and dirigible pilot, made his first solo flight as an airplane pilot at the Moorestown Airport on Monday afternoon, November 11. And so, the Burlington County Aero Club is credited with equipping another human with wings of the air.

**LIONS' CLUB**

The Lions' Club of Palmyra-Riverton had as their guest at their weekly dinner meeting Joseph J. Hettel, Past District Governor, and member of the Camden Lions. He addressed the members on features pertaining to Lionism, which was heartily received.

The club was also given a physical demonstration of aerodynamics with several types of model airplanes of the R. O. G. type by John Henry and Joseph Hettel, Jr.

A regional meeting of the combined clubs of the Camden district will be held on Wednesday, November 20, at the Merchantville Country Club, and the local club decided to attend this meeting in a body and hold their regular weekly meeting at Merchantville on Wednesday instead of Tuesday.

The club members will meet at the den at 6 o'clock Wednesday and then proceed to Merchantville.

## Don't Wait for Disaster, But Give Now and Be Prepared, Advices Red Cross

"You may be one of those who say that he prefers to give his Red Cross contribution when some definite disaster strikes humanity," says a statement issued by local workers.

"There is always that urge to help the homeless and suffering when disaster strikes," it continues. "Such contributions are indeed welcome. But unless we have put some relief organization into good running order before the emergency arises, precious time is wasted in getting assistance to the sufferers and a greater importation of each dollar we give must be spent on the mere machinery of organization."

"We have already established an organization to do much of our relief work for us. Last year the American Red Cross received about sixteen and a half million dollars from local and national contributions. Nearly six millions went directly to disaster relief in our own country and three and a half millions for disaster relief in foreign countries. Three millions helped disabled veterans and their families. Approximately three and a quarter millions supported health activities such as classes in first aid and life-saving, home hygiene and the care of the sick, nutrition, etc."

"Of all the millions dispensed by this great organization only three and a half cents was taken out of each dollar to keep the machinery running."

"Dollars may represent," said U. S. Consul Homer Breth, "the soul and spirit of a man and may do it well and worthily. I know that when you have read of a hurricane, a conflagration, a tornado, a flood, you have felt a burning desire to be on the spot to assist in the great work of aid and rescue. You have wanted to feed the hungry, to help the homeless to the shelter of a roof, to bind up the wounds of the injured, and to do what you could to comfort the widow and orphan; but this generous longing was but vain and idle unless you had previously sent your money to the American Red Cross."

"If you had done that you could sit back with a gratified conscience and say, 'Thank God, that I was there and I got here quickly.' You could feel that you had aided in the desperate task of love and mercy with trained hands far more skillful than your own. Red Cross dollars stand for the very best in the hearts and souls of men and are deserving of the utmost respect."

## RIVERTON COUNCIL DISCUSSES JOINT RAILROAD STATION

Diversity of Views as to Advise-ability of Proposed Change

### MAYOR MAY APPOINT COMMITTEE ON PLAN

Several Members Favor Sug-  
gestion for New Depot at  
Elm Avenue

The subject of doing away with the railroad stations at Riverton and Palmyra and having a combined station at Elm avenue for the two towns, was again brought to the attention of the Riverton Borough Council last Thursday night, when Councilman Williams asked if the Railroad Company had made a proposition to Riverton similar to the one which is now being considered by the Palmyra Borough Council.

It is understood that the plan the Railroad Company is said to have in mind for Riverton includes the closing of Thomas avenue and Cedar street crossings and moving the freight station to a point in front of Memorial Park near the creek.

Councilman Randall said Engineer Kincaid, of the Railroad Company, had shown him blue prints for the new station and its location, which looked like a good plan.

Mayor Rogers expressed the thought that business men and commuters should be heard in the matter of changing the location of the station. Mr. Kincaid was reported as having said that Palmyra business men favored the removal of the Palmyra Station from a business standpoint, and Mr. Williams expressed the opinion that the removal of the Riverton Station will improve business in Riverton by allowing more parking space near the business houses.

Looking Ahead  
The Mayor suggested that Council should look ahead, and asked if, in the event of fast electric transportation becoming effective in the railroad through this section, one station for the two towns would be sufficient.

Mr. Randall pointed out that a great many drivers of cars did not use Thomas avenue crossing owing to the danger, and Mr. Bartley thought the whole subject should not be talked about too much until the proposition is actually received from the Railroad Company. Mr. Bartley recalled that when closing this crossing was talked of before, considerable objection was raised.

Councilman Hubbs suggested that if the two towns showed the proper spirit of co-operation with the Railroad Company it might be possible to arrange to have the Atlantic City express stop at the Arch Street Station.

Mr. Randall expressed the opinion that if the two stations were done away with and an attractive one erected at Elm avenue, with fine wide street between the two towns, within five years everyone would be satisfied and that it was a splendid improvement.

Councilman Bartley suggested that a committee be appointed to learn the sentiments of the people about the whole proposition, and Mr. Randall recommended that an educational campaign should be put on, explaining the advantages of the proposed plan. No definite action was taken.

Eighth Street Opened  
Councilman Hubbs, chairman of the highway committee, reported that eighth street had been opened from Main street to Memorial Park, and that a carload of stone presented to the Borough by the Railroad Company had been spread on the surface.

Mr. Hubbs said another carload of stone was coming and he recommended it be placed on Elm avenue between Park street and Seventh street.

### INTERNATIONALISM

This word is frequently on the lips of people today. It is parlor talk, street talk, political talk, as well as diplomatic debating ground, the significance of which is sure a sign post directing our thoughts into new highways.

It is a nice sounding word, particularly when spoken to some one; there is a ring to it of depth and quality as well as sociability to which you respond at once—intuitively.

But just how far do you go on this highway of adventure? Have you mental reservations? Are you only willing to clasp the hand of one nation and ignore others—thus leaving the ranks and falling by the wayside? Or are you willing to make a Pilgrim's Progress, remembering the obstacles in Pilgrim's advance fell away as he had the courage to face them.

## TWO CARS WRECKED

Come Together at Broad and Thomas, Riverton: No One Injured

The corner of Broad street and Thomas avenue is rapidly gaining an unenviable reputation for accidents. Last Saturday evening, between five and six o'clock, another smashup occurred, in which two cars were badly damaged, though the occupants escaped serious injury.

Howard Armstrong, of Atlantic City, was driving west. Fred Rider, of Riverside, was coming from Palmyra. At the Thomas avenue crossing he attempted to turn right to cross the railroad tracks. The two cars came together, wrecking the fronts of both.

A chief in the Armstrong car was slightly cut by flying glass.

Officer Quigley officiated in the adjustment. Both drivers agreed to have their own cars repaired. No arrests were made.

The wrecked cars were towed to Woolston's garage.

## WELFARE PLANS FOR THANKSGIVING

Palmyra-Riverton Association to  
Ask for Annual Gifts  
of Foodstuff

The monthly meeting of the Palmyra-Riverton Community Welfare Association, was held in the YMCA building last Thursday morning, with Mayor George N. Wimer, presiding.

Reports were received and routine business transacted. The treasurer reported that several of the constituent organizations had sent in their contributions, but quite a number had not as yet been heard from.

Mr. F. L. Shill resigned as treasurer on account of other business, and Walter D. Lamson was appointed to take the office for the balance of the term.

It was decided to ask the Palmyra schools for the usual Thanksgiving donations of canned goods, potatoes, clothing and cash. The articles will be collected from the schools and transported to the store room.

The association also decided to accept offer of the Porch Club, of Riverton, and make up the Christmas baskets in its rooms and distribute from that point.

The committee would welcome suggestions as to where Christmas baskets and toys should be sent and accepted since the meeting, Anne S. W. Evans, \$25; Estelle DuBell, \$5; The Compass Club, \$10; Luther League of the Lutheran Church, \$5.

The following donations have been received since the meeting: Anne S. W. Evans, \$25; Estelle DuBell, \$5; The Compass Club, \$10; Luther League of the Lutheran Church, \$5.

## STATE APPROVES NEW BUS LINE

Berlin-Frankford Line Through  
Palmyra and Riverton to  
Use New Bridge

The Pennsylvania General Transit Company, subsidiary of P. R. R., was granted permission by the New Jersey Public Utilities Board Tuesday to operate four buses, both interstate and intrastate, between Berlin, Palmyra and Philadelphia, over the new Tacony-Palmyra Bridge.

The State Board's approval of the Berlin, Palmyra, Philadelphia bus line is of utmost importance to this section in that it opens up a new transportation artery between the White Horse, Pike section, the Moorestown-Palmyra district, and the Frankford section of Philadelphia.

The approval was accompanied by certain restrictions to prevent unreasonable competition with the transportation facilities of the Public Service Co-ordinated Transport. Those restrictions are, first, that the buses shall not accept passengers who begin and end their trips within the Borough of Berlin; second, that they shall not accept riders who begin and end their trips between the Palmyra entrance of the bridge and a point located at Main street, Riverton, 1,300 feet from Broad street, and, third, that passengers cannot be accepted who begin and end their trips between a point 1,300 feet north of Main street, Moorestown, and a point 1,300 feet from Broad street, and, third, that the route will begin at the West Jersey & Seashore Railroad station in Berlin, along Washington avenue to White Horse pike, to Milford road, along Milford road through the Townships of Berlin, Voorhees, Evesham, Mount Laurel and Moorestown to Church street, thence along Church to East Main street, and to along Chester avenue through Cinnaminson Township to Burlington pike, to Cinnaminson street, through Palmyra to Broad street, to Market street, to the bridge, returning from North Philadelphia by the same route.

## REHEARSALS FOR MINSTREL SHOW

Miss Frances McGee is Develop-  
ing Some Real Talent for  
Tillicum Benefit

The Tillicum Minstrel, which is to be presented in the high school auditorium, Friday and Saturday evenings December 13 and 14, is taking definite form this week under the guidance of Miss Frances McGee, a member of the high school faculty.

Individual and small group rehearsals have been held up to the present time. Now all the acts are being combined into one of the finest planned productions of its kind ever presented in Palmyra or Riverton.

The blackface comedians are working diligently to find the best "wise-cracks" obtainable. One of the novelties will be the playing of colored women's parts by some of the boys. This entire group of the show promises to keep you roaring with laughter throughout the evening.

### Show Real Talent

The girls' and boys' singing choruses are showing real talent under the direction of Miss Violet Lippincott, who is the music supervisor of the Palmyra school system. Miss Lippincott has combined into these choruses over fifty voices that will furnish a real treat to the audience.

The dancing chorus of thirty girls has been practicing every day for the past several weeks. Dominique Prisco has charge of the dancing. His work is producing choruses that will compare favorably with many professional ones.

Eugene Bruno, a member of the senior class, is designing the stage setting, which will be carried out in the colors of the Tillicum, maroon and gold.

The tickets for this production will be sold with as little inconvenience to the public as possible. All it will be necessary to do is to leave a few days at least. Prediction as to a mild or severe winter are based upon signs caused by past weather conditions, which cannot possibly be any indication of the future.

Another mistaken idea about the weather is that our climate is changing. The fact is that our climate has been the same for over a hundred years. It is not the case and it is because the unusual thing is remembered, rather than the ordinary and also since we have more comfort now than in the past, weather of years back seems more severe.

The speaker touched on many other points of interest regarding the weather. Mr. Bliss stated that there are 4500 stations of observers who keep accurate weather records and they are used in many lines of business, thus justifying their maintenance.

Monday, December 2, Miss Frances McGee will speak to the club, her topic will be "India."

Friday, December 4 there will be a meeting of the literature department, at the home of Mrs. R. E. Wilson, of 708 Morgan avenue. All members are urged to attend.

### CINNAMINSON SCHOOL

The P. T. A. Supper was a success in spite of the disagreeing weather. Outside it was dismal, but inside, all light, good humor, delicious food and efficient workers.

Tuesday of this week found the manual training and domestic science classes busy, the former finishing futuristic footstools, the color combinations are most pleasing. One of the most attractive, which would suit almost any room, is black and gold.

The domestic science girls under the quiet leadership of Miss Rogers, were working on Christmas dinner, that was served at a cost of from forty to seventy-five cents per plate. After ascertaining the cost of various foods at current prices the completed menus will be presented on paper at the next meeting of the P. T. A.

The teachers who attended the State conference at Atlantic City are enthusiastic about the program offered, while those who visited the Tower Hill School at Wilmington, Del., were equally pleased.

This next week two Gloucester Normal pupils will begin their practice teaching at Cinnaminson one in School No. 2, the other in No. 4.

### HENRY CLIFTON

Henry Clifton, 61 years of age, credit executive of the Campbell Soup Company, died at his home, 1830 Rittenhouse Square, Philadelphia, Tuesday evening, after a long illness.

The Campbell Soup Company will cease activities between 10 o'clock and 10:05 today in memory of his faithful service.

Mr. Clifton was born in Buffalo and was a descendant of Thomas Atkinson, founder of Lancaster and cousin of General Gorgas, of Panama Canal fame.

He was educated in Phillips-Andover Academy and was associated with the Campbell Soup Company in 1901. He was a member of the Penn Athletic Club and Riverton Country Club.

Mr. Clifton is survived by his widow, Mrs. Adele R. Clifton; a son, Henry Clifton, Jr., who is a student at Princeton; two sisters, Mrs. Frederick M. Gilbert, of Walpole, New Hampshire, and Mrs. Sarah D. Clifton, of Buffalo, and a brother, Philip D. Clifton, of Pittsburgh.

Mr. Clifton, a former resident of Riverton, lived on Golf Road.

## CONTINUE DRIVE FOR MEMBERSHIP

While American Legion Week set aside for a concentrated membership campaign has passed, the units are continuing their membership drive through the balance of this month. The local unit No. 156 of Palmyra and Riverton, has had splendid results in re-enrollment so far. The response to the request for prompt re-enrollment of members has been very gratifying. Visits have been made to many eligible women during the past week and those who were not at home when calls were made upon them will be visited again in the very near future.

This unit hopes to go "over the top" with 100 per cent enrollment of members and with every eligible woman enrolled as a new member.

The winter months ahead are months of great activities, so exercise your privilege of being able to join in these activities and service to your community and your country—JOIN NOW!

### BLISS IS SPEAKER AT WOMAN'S CLUB

Explains Some Mistaken Ideas  
About the Weather to  
Palmyra Group

The meeting of the Woman's Club of Palmyra, was held Monday in Society Hall and was well attended. Those present enjoyed a talk on "Some Mistaken Ideas About the Weather" by George S. Bliss, of the Government Weather Bureau, of Philadelphia.

Mr. Bliss said the Almanac writers cannot make accurate weather predictions, but as there is a similarity in weather conditions each year they can usually strike it right, within a few days at least. Prediction as to a mild or severe winter are based upon signs caused by past weather conditions, which cannot possibly be any indication of the future.

Another mistaken idea about the weather is that our climate is changing. The fact is that our climate has been the same for over a hundred years. It is not the case and it is because the unusual thing is remembered, rather than the ordinary and also since we have more comfort now than in the past, weather of years back seems more severe.

The speaker touched on many other points of interest regarding the weather. Mr. Bliss stated that there are 4500 stations of observers who keep accurate weather records and they are used in many lines of business, thus justifying their maintenance.

Monday, December 2, Miss Frances McGee will speak to the club, her topic will be "India."

Friday, December 4 there will be a meeting of the literature department, at the home of Mrs. R. E. Wilson, of 708 Morgan avenue. All members are urged to attend.

### CINNAMINSON SCHOOL

The P. T. A. Supper was a success in spite of the disagreeing weather. Outside it was dismal, but inside, all light, good humor, delicious food and efficient workers.

Tuesday of this week found the manual training and domestic science classes busy, the former finishing futuristic footstools, the color combinations are most pleasing. One of the most attractive, which would suit almost any room, is black and gold.

The domestic science girls under the quiet leadership of Miss Rogers, were working on Christmas dinner, that was served at a cost of from forty to seventy-five cents per plate. After ascertaining the cost of various foods at current prices the completed menus will be presented on paper at the next meeting of the P. T. A.

The teachers who attended the State conference at Atlantic City are enthusiastic about the program offered, while those who visited the Tower Hill School at Wilmington, Del., were equally pleased.

This next week two Gloucester Normal pupils will begin their practice teaching at Cinnaminson one in School No. 2, the other in No. 4.

## ANNUAL MEETING OF STATE P. T. A.

New State President Welcomed  
by Large Delegation: Riv-  
erton Well Represented

The twenty-ninth annual convention of the New Jersey Congress of Parents and Teachers was held at the Hotel Chelsea, Atlantic City, on the sixth, seventh and eighth of November. The convention theme was, "Our Responsibility As Parents."

Riverton was well represented, as there were seven delegates from the town. They were: Mrs. Hagstoz, former County Council chairman; Mrs. Bowen, State publicity chairman; Mrs. Harvey Stewart, Mrs. Armstrong, Mrs. Mayfield, Mrs. Blair and Mrs. Baker.

There were 583 delegates altogether at the convention.

Wednesday afternoon there were several different meetings for committees, etc. on phases of Parent-Teacher Work. Your president attended the one for local presidents, led by Mrs. Wm. Little, State president. She urged the co-operation of parents and school in the Parent-Teacher Association with the one thought always in mind—the child and his welfare.

Wednesday evening there was a banquet at half-past six. There were over seven hundred women there who seemed to thoroughly enjoy the program.

The address was given by Major Harry Webb Farrington on "The Americanism of Parenthood." This talk was something of an explanation of talks given to school children by the speaker. He emphasized the importance of digging in for knowledge of facts, as exemplified by Franklin the faithfulness to institutions as strived for by Washington, the love of people and liberty for all peoples as demonstrated by Lincoln, and the importance of moral and ethical conduct as taught by Roosevelt and the brotherhood of all nations as championed by Wilson.

Thursday morning was the formal opening of the convention. There were many reports from different committees.

Mrs. Wm. Little, our State president, spoke on "Our Responsibility As Parents." She said that parents should regard the child as an individual and must be given an opportunity to expand his own powers and his judgment and self-control must be so developed that as this modern child steps forth into the world he may be fully equipped to master our complex civilization.

It is our responsibility as parents to perfect ourselves for the duties of parenthood through study to exemplify the life we would have the child live.

An address was given by Dr. Allen G. Ireland on "The School Health Program for New Jersey." Dr. Ireland said this department was urging better lunch room, washing and toilet facilities in the State schools. He also recommended the presence of both parents and teachers during physical examinations of the pupils.

He suggested that the school nurse be called in for health advice.

Mr. Henry P. Miller, past president of the New Jersey Teachers' Association, said one of the main responsibilities of the parent-citizen to the child was to see that the community provided suitable living and working conditions.

Dr. George K. Pratt, who is a member of the National Committee for Mental Hygiene, gave a most interesting talk on "Patterns of Behavior in Children." He brought out the point that children's lives are a confluence of adjustments, such as getting used to the wind and sun, adjusting themselves to teachers instead of parents, etc. These adjustments cause much discomfort and often pain and many times the child attempts to escape the situation by creating assumed conditions, such as illness, day-dreaming, etc. The parent must be patient with such situations and try to understand them. If not overcome the child will form habits carried through his whole life.

At the session Thursday evening there was an address by Dr. Mather A. Abbott, Headmaster of Lawrenceville School. Dr. Abbott told of his experience with boys who came to school without proper home and church training. He said to the modern generation God is unknown and if God is given up by the future manhood of this nation, what is to become of America?

Miss Marion La Verne Telford, of the National Safety Council, New York, urged that greater care and precaution against accidents be taken in the home. She declared that with nearly 5,000,000 non-fatal and 24,000 fatal injuries occurring in American homes in one year, home-making may be a hazardous occupation.

Following this meeting was an informal reception.

Friday morning was the second general session. The final reports were given by different committees.

Mrs. Henry Maxson, of Plainfield, head of the extension and organization committee, reported the addition of 74 new clubs to the organization within the past year, making a total of 1,751 clubs in the State, with a membership of 56,695.

New Jersey ranks fifteenth in the National Congress of Parents and Teachers.

The speaker Friday morning was Dr. C. E. Parich, Dean of the School of Education, Rutgers University. He said one of the most difficult things

## TWO EARLY FIRES AROUSE SUSPICION

Incendiarism Suspected as Two Fires Destroy Home and Contents

The Riverton and Palmyra fire companies were called out Monday morning and again Tuesday morning to extinguish fires at the home of George Stanley, Hunter street, East Riverton. The family was away at the time.

The fire broke out Monday morning inside the building and was discovered about half-past five. Tuesday morning the flames started in the roof and were seen about half-past two.

The building and contents were badly damaged by fire and water.

There are circumstances connected with the fire that might indicate incendiarism, and both the State Police and the Riverton Police Department are making investigations.

## FRIENDS' SCHOOL TO BE DEDICATED

Dr. J. Duncan Speth, of Prince-  
ton, to be the Main  
Speaker

Thursday evening, November 21, the new building of the Moorestown Friends' School will be dedicated with appropriate ceremonies. The principal speaker of the evening is Dr. John Duncan Speth, Professor of English and coach of football at Princeton University.

The new building is located on Page's Lane, south of Main street. It is a splendid modern adaptation of Colonial architecture, ideally suited to its purpose. All of the classrooms face toward the south, securing a maximum of sunlight, and an uninterrupted view of the playing fields and farms in the valley.

Started in the spring, the building was completed in remarkably fast time by the J. S. Rogers Company. It has been occupied by the Junior and Senior High School groups since September 30.

The dedication exercises will be held at 8 o'clock and all patrons and friends of the school are cordially invited to attend. Afterward opportunity will be given to inspect the new \$275,000 building.

"HER STEP HUSBAND"  
TO PROVOKE MIRTH

Many Laughs Promised By Press Agent for Baptist Play

(By JOSEPH G. NEEL)

Ha! Ha! Ha! Ha!—and so far into the night.

When you retire in that frame of mind you know that the morrow and many days to come will be devoid of cares.

It's just this relaxation that our country needs today to break that strain under which we are living.

But one will say "I cannot seem to throw, dull care to the wind and laugh." Perhaps they have not so far, but they are going to have an opportunity now on Thanksgiving night.

"Her Step Husband" will bring to every one seeing it more Ha! Ha's than can be listed above, and you will be able to say, "It was good for me to have been there."

The Junior Philathea and Samaritan Classes, of the Central Baptist Church, who produced a very amusing comedy last year, are staging this performance and are hoping to excel past endeavors and hence keep their enviable reputation.

And, above all, the price of the tickets is so small that your conscience won't trouble you during the show. Adult's ticket 50 cents. Children, under 12 years, 35 cents. Money's derived from the show will be for the New Church Fund.

Wednesday evening, November 13, the newly-formed Bible Class of Calvary Presbyterian Church, Riverton, met at the home of Mrs. Porter Caldwell and all had a most enjoyable time.

The following officers were elected for the coming year: President, Mrs. Porter Caldwell; vice president, Mrs. Harvey Fisher; secretary and treasurer, Mrs. Charles Kinney; chairman of membership committee, Mrs. Rae Rieger; chairman publicity committee, Mrs. Joseph Williams.

Many interesting plans were formulated. A membership campaign is being launched and it is hoped many young women who are not enrolled in Sunday School work will be among the group soon. A cordial invitation is herewith extended to all newcomers.

## NEW BIBLE CLASS ELECTS OFFICERS

ESTHER JANE KNORR

Esther Jane, young daughter of Mr. and Mrs. Leroy Knorr, of Cinnaminson street, Riverton, died Sunday.

The funeral services were held Wednesday with interment at Cedar Hill Cemetery, Frankford.

THIS WEEK'S SPECIAL

One roll of A. F. W. colored toilet paper and one 15c waan cloth, both for 25c, is offered for this week at Blankenbush's Drug Store, on Main street.

## FATHER AND SON BANQUET TONIGHT IN LOCAL CHURCH

Annual Event Sponsored by  
Civic and Religious Organi-  
zations of Two Towns

EXPECT TWO HUNDRED  
TO ATTEND DINNER

"Pat" Steedle Will Lead Sing-  
ing; J. Horace Finney Will  
be Toastmaster

Tonight two hundred dads and lads of Palmyra and Riverton will come together in the Baptist Church of Palmyra for the annual "Father and Son" banquet sponsored by the Young Men's Christian Association, Rotary Club and the churches of the two towns.

The Rev. H. Ford Carr, of the University of Pennsylvania, is to be the speaker of the evening. Mr. Carr has an enviable reputation as a most interesting speaker and the things he has to say to the dads and lads will surely be interesting.

The County YMCA orchestra conducted by Gus C. Hendry, general secretary of the county association, will be present and render several selections.

Excellent Orchestra  
This orchestra, composed entirely of talented musicians who give of their time to make affairs of this kind more enjoyable, compare favorably with professional orchestras.

"Pat" Steedle, of the Rotary Club, is to lead the singing and when one knows "Pat" they are sure that the singing is to be the best ever.

J. Horace Finney, Sr., is to act as toastmaster. This is new role for Mr. Finney to play at a Father and Son banquet, but he is sure to lend pep to the proceedings.

The Senior Hi-Y Club led by William J. Plank, is going to give one of the feature attractions of this dinner by rendering choruses of popular music.

Many Attractions  
Many other attractions will go to make up a really enjoyable evening for those in attendance. One of the things that cannot be overlooked in the dinner itself, which is to be served by the ladies of the Central Baptist Church. They have promised that there will be an abundance of fine things to eat.

Every dad in the community is most cordially invited to attend this banquet with his son. It will be held in the Central Baptist Church tonight at 6:30 o'clock. Every dad who does not have a lad to bring may borrow one for the evening by getting in touch with Harold B. Levey, 15 East Broad street, Palmyra. Telephone Riverton 950 during the day or 525-M in the evening.

COMMUNICATED

On Monday and Tuesday morning, of this week the Riverton Fire Company was called out to two fires in East Riverton. These fires occurred in the early morning hours, and naturally the fire was blown to arouse the firemen, as Riverton has no paid men, but is strictly volunteer.

## YW SENIOR CLUB DISCUSSES LABOR

Industrial Unrest is Topic of Meeting Held in Moorestown, Monday

The Senior Club Committee at its regular monthly meeting on Monday at the home of Mrs. William Matlack, of Moorestown, discussed industrial unrest rising from struggle.

Mrs. Karl Williams of Moorestown, the leader, presented the facts about labor unions from both the employers' and the employees' points of view. While collective bargaining is generally considered to be a valuable thing, there are certain handicaps and antagonisms which arise from the struggle. These Mrs. Williams considered with the group.

Miss Sidonie Schaefer, of the County Y. W. C. A., spoke of the plans for summer conferences and for the national assembly of business girls, as they were discussed by a group of secretaries at a meeting in New York which she attended last week.

Several members of the committee are to attend the New Jersey State Workers Conference at the Stacy Trent Hotel, Trenton, December 5, 6 and 7.

**Open House at Burlington**  
The Board of Directors of the Burlington Y. W. C. A. will keep open house at the club rooms on Friday, November 22, from three to ten p. m. Members of the association and their friends will be present to meet strangers who are interested in the association and to tell them about the winter program. It is hoped that a large number of the citizens of Burlington will avail themselves of this opportunity to visit the club house.

A very important meeting of the Rural Communities Department was held at the national headquarters of the Y. W. C. A. in New York, Thursday, November 14. Mrs. John French, vice president of the association spoke on the coming convention in London and urged everyone to attend. Miss Anna M. Clark, of the Rural Communities Department, gave a most interesting report of the American Country Life Conference. Miss Lucy Carner, executive of the Industrial Department, spoke on the industrial situation in the South.

**Luncheon Served**  
Lunch was served in the exhibit room and guests were conducted on a tour of the building.

The afternoon was given to discussion of the relationship of county and district associations to the national work.

Mrs. E. P. Darlington, president of the Burlington County Association, and the General Secretary, Miss Dena M. Chayer, attended this meeting.

Mrs. Margaret Bayler, of Moorestown, who was one of Burlington county's delegates to the annual Summer Conference for industrial girls, most interestingly told of her experience to the Kahanah Girls in Burlington at their regular meeting Thursday evening, November 14. Beginning with their next meeting, the Kahanah girls will take up the study of cooking and the planning of meals. Miss Florence Stewart of Burlington, will be their teacher.

## "SMILING IRISH EYES" IS WHITMAN FEATURE

Weekend Bill Presents Splendid Vaudeville Program in Addition to Photoplay

One of the greatest bills of vaudeville ever presented in this section of the state will be seen Thursday, Friday and Saturday of this week at the beautiful Walt Whitman Theatre. The bill will be headed by none other than Frank X. Silk, the famous Vitaphone and stage comedian whose last appearance in this locality was at the Fox Theatre, Philadelphia. Mr. Silk will present his old favorite act entitled "Home, Sweet Home." A beautiful and artistic dance novelty will be presented by Almond and the Grey Sisters, who will open the show. Powers and Mack in their comedy, singing and dancing act, entitled "As You Like It" are sure to please.

B. Murray Lee presents vaudeville's "Super Highland Reel." "The Gay Gordons" in "On Parade at Edinburgh Castle," which will be the closing act on this greater vaudeville bill. The act is a combination of music, singing, dancing and acrobatic work, representing the "Black Watch," most famous of Highland Regiments, on parade at their headquarters.

"Smilin' Irish Eyes," Colleen Moore's first talking picture, will be the feature photoplay for this end of the week bill. Enacting an appropriate role as a roguish little Irish girl of Kilkenny, Colleen Moore demonstrates her ability in talking pictures to the entire satisfaction of everyone.

"She Goes to War" the United Artists' talking picture will be the feature photoplay on Monday, Tuesday and Wednesday. "She Goes to War" reveals for the first time the most authentic picture of woman's side of the war. Heretofore pictures have shown conflict to be a man's business, but his dramatic romance reveals the workings of the war never that upholds man's courage, shoulders guns with him, inspires him when he is wounded and weary, and fights in his stead when he sags under the burden.

## PLANE TALKS

By H. H. LONGAKER  
Founder, Burlington County  
Aero Club

Mrs. Keith Miller gave an extremely interesting talk to members and friends of the Burlington County Aero Club on Monday evening at the Moorestown Community House. Mrs. Miller described in detail her flight from London to Australia, the Women's Air Derby from San Monica to Cleveland, and the Ford Reliability Air Tour.

On Sunday, November 24th, the planes of the Burlington County Aero Club will operate from the Mount Holly Airport instead of the Moorestown Airport. The new Mount Holly field is situated just off the Moorestown-Mount Holly road at Clement.

Ships have proved a tremendous asset in carrying payrolls in Mexico where labor must often be paid in gold and credits have always caused heavy losses. Where planes have been used, there has been 100 per cent. delivery of payrolls.

We certainly have had terrible flying weather during the past two weeks and student instruction received a setback. Let's have some nice flying weather, please.

Mrs. Gilbert Aitken celebrated her seventy-sixth birthday by taking her first airplane ride on Saturday afternoon at the Moorestown Airport. Mrs. Aitken was taken aloft for a twenty-minute hop by Emmor Roberts and vastly enjoyed her trip.

During the first international congress of auxiliary aviation in Paris facts and figures were given to show the splendid achievements of airplanes in the role of aerial ambulances. This work has been particularly effective in wild, isolated and mountainous countries, where skilled doctors, nurses and equipment are not available. Undoubtedly, thousands of lives have thus been saved.

## YOUTH CAUGHT AT WASHINGTON

Colored Boy Brought Back  
After Robbery at Hill-  
ton Farm

Henry Becker, 13-year-old colored boy, ran away from the home of relatives on the Hill farm, Hartford road, Moorestown, early Monday morning, after stealing approximately \$25 from relatives.

Becker has only lived in this vicinity for the past two months, his home being in Goldsboro, N. C., which was his destination when he was arrested at Washington, D. C.

Henry made a hurried departure about 6:30 a. m. Monday. The Moorestown police were notified and as the boy's cousin, Estella Vaughn, was going to Goldsboro the latter part of this week, and was to take him with her, it was thought that the boy would likely be found somewhere along the route. Baltimore and Washington detective bureaus were notified to be on the lookout for the boy on the trains going South.

The boy "bummed" a ride to Moorestown, where he took a bus for Camden Court House. Then he hired a taxi to take him to Broad Street Station, Philadelphia. On the way to the station he stopped and bought a suit of clothes.

To hide his identity from the police he changed his clothes three different times during the course of the trip. In this way he got past the Baltimore police, but in Washington he was stopped and searched by the detectives. He finally confessed that he was the boy for whom they were looking.

Chief John H. Bradshaw, of the Moorestown Police Department, was notified immediately, and he hurried to Washington Monday night to bring Becker back on runaway charges. On the return trip the boy laughed and joked as he told Chief Bradshaw how he had changed his clothes and "foiled" the police. At the Town Hall he declared that if he "ever got out of dis jam he'd nevah do nothing wrong the rest of his life."

## MOORESTOWN AS CONFERENCE HOST

250 Young People to Participate  
in Religious Sessions  
This Week

Moorestown is to be host to 250 picked young people from all over the State. The Young People's Council of the State Council of Religious Education has its seventh annual conference here November 29, 30, and December 1.

These young people are selected from the various District and County Councils throughout the State. Trinity Church will be headquarters for the convention and the various meetings will be held at Trinity Church, First Baptist Church, and the Community House. The people of Moorestown are very generously opening their homes for the entertainment of these young people. The meals, except on Sunday, will be served in the Community House. The Sunday meals will be provided by the entertaining hosts.

Moorestown is given the privilege of receiving 30 young people. This quota has been divided between the various churches and meetings.

The Rev. Usher Warrington, Professor of English Bible at Boston University, will be the main speaker and will give a series of four addresses around the theme, "We Would See Jesus." Much of the time of the conference will be taken up with small conference groups under trained leadership. Such activities as song leading, fun night technique, worship, dramatics, how we got our Bible, Church history, and the art of friendship will be discussed.

The Religious Committee of the Church Federation, with the Rev. Frederick B. Morley as chairman, is the local committee on arrangements. Mrs. Alfred L. Deyo is secretary and treasurer. Mrs. William Grobler, chairman of entertainment committee; Mrs. Sue Sharpless, chairman of the meals committee; the Rev. C. W. MacGeorge, chairman of badges, notices, signs committee; and the Rev. E. L. Sanford, chairman of decorations and equipment committee. Mrs. Albert B. Paine is looking after transportation.

## P. S. MAN WILL AID TRAFFIC REGULATION

Warner Appointed Member of National  
Committee to Standardize Sig-  
nals and Markings

Secretary of Commerce Robert P. Lamont has appointed Arthur T. Warner, general manager in charge of traffic, Public Service Coordinated Transport, a member of the committee on uniform traffic regulation.

The committee will consider the experience with the Uniform Vehicle Code, Model Municipal Traffic Ordinance and Standardization of Traffic Signs, Signals and Markings and recommend what further action should be taken. William E. Metzger, of Detroit, is the chairman of the committee.

The committee was appointed at the request of the organizations participating in the recent National Conference on Street and Highway Safety. The general aim of the movement is to so standardize traffic signals that motorists from one part of the country traveling to any other section will be subject to no confusion nor misunderstanding.

## "KONJOLA GETS THE CREDIT FOR MY NEW HEALTH"

Grateful Young Lady Praises  
Modern Compound for  
the Happy Results It  
Brought Her

MISS EVA BECKER

"Konjola gets, and deserves, all the credit for my glorious new health," said Miss Eva Becker, Box 94, Parlin, N. J. "For the past four years my system was in a very rundown condition. It was filled with poisons making blotches and pimples appear on my skin. I had no appetite, and always felt tired and draggy. 'Two bottles of Konjola proved to me that the happy reports about it were not in the least bit exaggerated. My system has been swept clean of all the old poisons and impurities, and my skin is clear. I have a wonderful appetite, and I really enjoy eating. I have new vigor and ambition, and this is all due to that wonderful Konjola.'"

Konjola is sold in Riverton at L. L. Keating's Drug Store, and by all the best druggists in all towns throughout this entire section.

## The TOWN DOCTOR (THE DOCTOR OF TOWNS)

says

### HAS PALMYRA A HOLE IN ITS HEEL?

How do you feel toward the man who wears good clothes, keeps his shoes shined and his hat cleaned, but always on whose abdominal covering, there is conspicuous evidence of many a slip between the cup and the lip; who always needs a shave, and for the years that you have known him never has had a mustache?

What is your reaction when you behold a lady walking down the street all dressed up in the finest raiment, with a hole in her heel? And what would you think if you saw this same lady every day for a week, and every time that you saw her there was the same hole in the same heel of the same hose?

Whatever your reaction to such people, it is sure that you are not attracted to them. It is certain that contact with them does not fill you with joy and pleasure, nor create a desire to be intimately associated with them.

In people such as called slovenliness—or perhaps you have a better word for it; in communities it is "oppressive ugliness." Vacant store rooms with dirty placarded and messed-up windows; broken, cob-webbed and paper-stuffed second story windows in the business district; vacant lots overgrown with weeds, cluttered with all sorts of rubbish and refuse; vacant houses with tumble-down buildings; dirty streets, highway entrances littered with nondescript road stumps; open city dumps and other such things of repulsion are to a community what a soap-stained vest or a heelless stocking is to otherwise well-dressed people.

I know a town where, seven years ago, a store building in the heart of an attractive business district was gutted by fire. Weeds grew rampant through the brickbats within the concrete of still-standing, smuted, charred half-walls.

Several years ago a school building surrounded by fine homes was con-

demned and abandoned. It still stands, dark and gruesome, its broken windows and rotted doorways yawning ghost-like, from under sagging roof and mulded walls. The city hall of a town I know was destroyed by storm some time ago. What was the basement of this building is now a catch-all—a dumping ground for street sweepings, tin cans, junk and corruption—a rodents' paradise of filth and hogwash in plain view of every passerby.

As you are affected by slovenliness in people, just so are the potential residential commercial and industrial customers of your community affected by "oppressive ugliness." They can be eliminated and it's your business and the business of every other citizen to see to it that they are eliminated, because it's costing you money by driving business out of town and keeping new business and new people from coming in.

## MAYORS, EDITORS IN SAFETY GROUP

151 Officials and Journalists  
Already Behind South  
Jersey Association

Eighty-three South Jersey mayors and sixty-nine South Jersey editors have been enrolled in the South Jersey Safety Association since its organization last month, according to a statement made today by Loyal D. Odhner, secretary of the association. Heading the list of mayors is Mayor Winfield S. Price, of Camden.

The purpose of the new organization, according to Odhner, is the "education in safety consciousness" of South Jersey motorists and residents and especially school children in this end of the State.

"With more than 270 dead so far this year in the nine South Jersey counties," Odhner declared, "the enormity of our traffic problem is apparent. The increasing danger of South Jersey highways is a danger that concerns all of us and our families."

**Education First**  
"This association has been formed in the belief that the education of motorists, pedestrian and resident is one of the best ways to keep down the death toll. We plan to keep these facts before the public's mind by ad-

vertising, by speakers and by literature and lectures in the public schools."

Mayor Price, in sending in his application for membership, sent his "best wishes" to the association, "one of the best ways I know of keeping constantly in the public mind the fact that more care is needed on the part of all those concerned in keeping down the terrific toll that auto accidents take in our end of the State."

The new association plans conferences with Directors of Public Safety all over this end of the State, so that it may co-operate with them in traffic safety work. A speakers' bureau for luncheon clubs and civic organizations is also planned.

In order to keep before the mind of the "traveling public" the danger of the road the association plans to place markers at spots where accidents have occurred, to use poster, billboard and newspaper advertising, and to carry on an intensive safety educational campaign among school children.

Statistics are being kept, safety contests being promoted among commercial truck drivers and special public projects are being arranged.

## REEVE AFFAIR IS AGAIN IN COURT

### Accounting of Estate Indicates Bond Handed by Banker Missing

Judge Rigg presided at the regular session of the Burlington County Court Thursday of last week, when he disposed of several matters in the Orphans' Court, the most important of which was the taking of testimony in the final accounting of the administrators of the estate of Theodore Miller, deceased, of Shiloh Township.

The Burlington County National Bank of Medford was the administrator of the estate and the widow and children took exception to the account, claiming there was a \$1,000 Liberty bond which was not in the account as presented.

There was no reflection on the administrator, but there was a strong intimation that Edward B. Reeves, the defaulting cashier of the bank who is now serving time in the State Prison, probably knew something about the missing bond.

Both Mrs. Miller and her daughter testified that Mr. Reeves, accompanied by his son, Paul, who was also employed in the bank as a clerk, came to their home about two weeks after the death of the husband and father and made a request for the father's account book and any other papers that might be needed in the settlement of the estate, and that they were given Mr. Miller's private account book, a receipt for two \$1,000 Liberty bonds and some other papers.

The account credits the estate with but one bond for \$7,000, and it is a second bond for a similar amount and a small mortgage, which it is claimed are missing, that is causing the contention.

Prosecutor Hillman, who is counsel for the bank, brought out that the bond was due and payable before the death of Mr. Miller and that he might have turned it in and received the cash for it.

The matter went over until Mr. Reeves' deposition can be taken.

V. Claude Palmer is representing the estate.

Dominick Price, of Palmyra, entered a plea of guilty to having home-made wine and a quantity of home brew in his house when a raid was made on his place, but he claimed that he had the wine for home consumption, backing his contention with a physician's certificate to the effect that the wine had been prescribed for him.

Prosecutor Hillman suggested to Judge Rigg that it might be well for the physician in question to be admonished against advising a patient to break the law, but the court did not pass on this phase of the question and centered Price to pay a fine of \$30.

**Moorestown Man Fined**  
Edward Wharton, of Moorestown, in on a waiver and pleaded guilty to assault in that he smacked his wife in the mouth. He was fined \$100 and placed on probation for six months, within which time he must pay the fine.

Thomas H. White, colored, who has been operating under the aliases of Fred Douglas, William Cooper, William Smith, William Johnson and others, was brought over from the jail and pleaded guilty to obtaining money under false pretenses from the Farmers' Trust Company, back in 1927, the amount being \$76.

To a charge that he embezzled \$520 from Elmer Batterson, he pleaded not guilty.

White, or Cooper, under which name he worked when in Mount Holly, was brought from the State Prison at Trenton, where he has been serving time after being convicted of passing worthless checks in Salem County.

**Laid Over for Week**  
His case went over for one week. Jesse Gache, of Burlington, pleaded guilty to having a large quantity of liquor in his possession when the officers called, the amount running into several gallons. He was sentenced to pay a fine of \$400 and given one year in which to pay.

Gache is an old offender, having previously been fined \$250 and also having served one month in jail.

**Cases Disposed of During Week**  
Miss Ethel Powell, of Cedar Lake, the young High School girl who was knocked down and badly injured by a car driven by Dominick Garafalo, on Washington street, Mount Holly, last May, received a verdict of \$1,500, the amount having been agreed upon by parties to the suit. The young woman had several ribs broken, one of which punctured a lung, and she was in the Burlington County Hospital for several weeks, missing the graduation exercises of her class.

Another case heard was that of William and Anna Kinley vs. Harry

and Carrie Russo, and was brought to recover damages for non-compliance in selling real estate at Riverside Park.

**\$499.41 Verdict Given**  
The case was heard by a jury, which gave the plaintiffs a verdict for \$499.41.

A breach of promise suit, in which \$10,000 was asked as heart balm by Miss Violet Ashton, of Beverly, from John J. Rafferty, of Burlington, was settled before it was called by Judge Rigg.

Daniel Lichtenthal represented the defendant and Francis J. Smith, the complainant, and it was stated about the Court House that the parties settled for \$500.

The suit of the Traders' Securities Company, of St. Louis, Mo., against Stanley Pietrusko, butcher, of Hainesport and Riverside, brought to recover on three trade acceptances, which according to the defendants, turned out to be notes, was heard on Monday and the verdict was no cause for action.

George H. Orfe Jr., of Riverside, brought suit to recover for plumbing work done on a house owned by Florence E. Greenwalt, of Bridgeboro, and jury gave a verdict in favor of Orfe for \$158.98.

## TALK ECONOMICS OVER THE AIR

### Newark Bankers Plan Series of Business Discussions for H. S. Students

Of special interest to high school students and to those who take an interest in economics, especially as applying to banking and investing, will be the series of talks by prominent bankers as arranged by the Institute of Banking in behalf of the American Bankers Association.

These talks will be broadcast over station WOR beginning Tuesday, November 26th, at 3:15 p. m., and continuing on each Tuesday thereafter at the same hour until December 17th.

The talks are occasioning considerable comment among bankers, particularly those interested in educational work, throughout the country, and bespeak the progressive spirit of this chapter of the A. B. C.

They have been arranged principally for high school students, and each school in New Jersey has been informed of this series of talks and in all probability will cooperate in every way to make them a success.

The object of these talks is to tell the public something about the practical application of economics in business. It is felt that there are an increasing number of men and women who are interested in banking and economics and that by broadcasting an interesting series of talks over the radio the American Institute of Banking will be doing a valuable service.

The talks are being given by bankers who stand as authorities in their particular fields and there is every reason to believe that they will be very enthusiastically received.

**Protecting Savings**  
The speakers with the subjects they will discuss follow:  
November 26th—"Protecting Your Savings." Howard Eldolph, Vice-President, Howard Savings Institution.  
December 3rd—"How Banks Help Business." Ray Mayham, President, West Side Trust Company.  
December 10th—"The Federal Reserve System." E. Allen Smith, Vice-President, Merchants and Newark Trust Company.  
December 17th—"How Banks Help Foreign Trade." Percy Menagh, Treasurer, United States Trust Company.

White, or Cooper, under which name he worked when in Mount Holly, was brought from the State Prison at Trenton, where he has been serving time after being convicted of passing worthless checks in Salem County.

## RED CROSS FUNDS BADLY DEPLETED

### Must Have More Memberships to Maintain Necessary Reserves

Many Americans will be surprised to hear that the financial affairs of the Red Cross are in a very precarious condition and that the support given to it of late years has not been adequate to meet the calls upon its resources.

The Red Cross must have a larger membership or else, within about three years, the reserves set aside for the purposes of disaster relief and for services for World War veterans and their families will be exhausted.

For the past seven years the treasury has been depleted at the average rate of \$1,447,000 annually, the total since the war ended being about \$53,000,000. The vanishing point is now in sight unless the chapters all over the country wake their citizens to that fact.

In Burlington County only 13 persons out of every hundred are members. The proportion cannot be a source of pride. It shows that there are thousands of citizens who, while not ungenerous or devoid of duty and the desire to help in time of distress, are unable to vision the day-to-day needs of the Red Cross—and their own responsibilities.

When a disaster occurs they give. But they fail to understand that the organization is at all times aiding thousands of cases that receive little publicity, but which are just as pitiable, just as urgent, as any that receive headlines in the newspapers.

The annual appeal for enrollment is now being made. The workers of the local Chapter are pledged to make a big increase in membership. They do it if the public goes only half way in meeting an imperative claim upon its sense of duty and humanity.

Father Farrell Succeeds as Curate in Moorestown and Maple Shade

The Rev. John C. Farrell, former rector of St. Joseph's Church, Keyport, has succeeded Rev. Leo E. Dineen as rector of the Church of Our Lady of Perpetual Help, Maple Shade. The transfer of Father Dineen to be rector of St. Elizabeth's Church, Par Hills, comes as a promotion by the Rt. Rev. John J. McMahon, bishop of Trenton.

Father Farrell was born in Wilkes-Barre, Pa., and was graduated from St. Joseph's Theological Seminary, Dunwoodie, Yonkers, N. Y. He was ordained to the priesthood at St. Patrick's Cathedral, New York, September 1, 1918. For three years he was curate at St. Mary's Cathedral, Trenton, and for seven years curate at Red Bank. His last post was as administrator of St. Joseph's Church at Keyport.

Father Dineen served 11 years in Moorestown and Maple Shade. He was born in Hampton, N. J., graduated from the Yonkers, N. Y. seminary and ordained at St. Patrick's Cathedral, September 1, 1918. He was immediately sent to Moorestown where he was curate of the Church of Our Lady of Good Counsel under the late Rev. Father James F. Henrick.

Father Dineen was especially popular and the people of this section, while glad to see him win the promotion, deeply regret the departure of the beloved priest.

### Aged Man Killed

William K. Morton, 68 years old, of Third and Front streets, Florence, was fatally injured when struck by an automobile driven by Corliff Goff, of Bordentown, at Broad and Front streets, Florence, last Friday morning at 6.20 o'clock.

Morton was waiting for a trolley car at the corner of Broad and Front streets. As the car approached he stepped from the sidewalk in front of Goff's machine. The injured man was rushed to the office of Dr. David Baird, Dr. Baird ordered the man to the Burlington County Hospital, but he died on the way to the institution.

The body was taken to Slack's Morgue. Morton is survived by the widow.

Coroner William P. Young was called and viewed the body at the Morgue. This was the first case handled by either one of the new Burlington County Coroners.

### LEGION AUXILIARY

A good representation from our unit attended the county meeting at Maple Shade last Friday evening. This was a very inspiring meeting. Members attending these meetings surely get a keen insight into the work of the Auxiliary.

From the many communications read regarding the work and activities ahead of us, it is very apparent that the coming winter months will be busy ones. Next week our boys who are in various hospitals throughout the United States, will be remembered on Thanksgiving Day and plans have also been made for their remembrance at Christmas time. This means so much to the boys so far from their homes—unable to enjoy the good times and good cheer that the holidays bring.

The rehabilitation reports from the various units show an ever increasing amount of work along this line.

The Child Welfare reports also show an amazing growth in this work. The demands in this direction are growing heavier each day and the problem confronted by the child welfare chairman is becoming a very large one.

Don't forget the invitation to join Moorestown on Saturday afternoon, November 23, in dedicating the ambulance to community welfare. A short parade at 3.30 p. m. Dedication at 4.30 p. m.

## HARRY REITINGER HEADS KIWANIS

### Maybury Ballinger Elected as Vice President of Burlington Service Club

At the regular meeting of the Burlington Kiwanis Club held Tuesday of last week, Harry Reiting, resident manager of the United States Cast Iron Pipe and Foundry Company was elected to the office of president for the coming year. Mr. Reiting will succeed George B. Clayton, who has served the club during the past year. Mr. Clayton will become the immediate past president.

The other officers elected were Maybury Ballinger of the Ballinger Motor Company, vice president; George T. Williams, treasurer; district trustee, George B. Clayton; directors, Edward Ridgway and Joseph Hammell.

H. B. Wanner, of the Victor Aircraft Corporation of Mount Holly, was the speaker at the meeting. Mr. Wanner told of the progress of the work at the new plant and also told the members of the club of the growth of the airship industry. Mr. Wanner said that the first ship of the new company would be completed and given its test flight on November 24. The members of the club were invited to witness the flight.

The attendance prize was donated by Walter Anderson and was won by Joseph Cheesman. The prize was an order for five quarts of ice cream.

at 4.30 p. m. A "Wildcat Hour" ad dancing in the evening in the Community House.

This means so much to the boys so far from their homes—unable to enjoy the good times and good cheer that the holidays bring.

The rehabilitation reports from the various units show an increasing amount of work along this line.

The Child Welfare reports also show an amazing growth in this work. The demands in this direction are growing heavier each day and the problem confronted by the child welfare chairman is becoming a very large one.

Don't forget the invitation to join Moorestown on Saturday afternoon, November 23, in dedicating the ambulance to community welfare. A short parade at 3:30 p. m. Dedication at 4:30 p. m. A "Wildcat Hour" ad dancing in the evening in the Community House.

How about Dues? Dues are due! Do you pay your dues and help win a National Citation for your unit.

How about a new member? Can you bring one? Try! The membership chairman is working very hard in this drive, so let's all help by doing our "bit."

Tickets are here for the fourth annual Burlington county banquet to be held in Bordentown next Monday evening, November 25 at 7:30 p. m. in St. Mary's Hall. Call the president, who can supply you with as many tickets as you care use.

It is nearing time for our Christmas work. Get in touch with the unit and see what you can do to help.

## HARRY REITINGER HEADS KIWANIS

Maybury Ballinger Elected as Vice President of Burlington Service Club

At the regular meeting of the Burlington Kiwanis Club held Tuesday of last week, Harry Retinger, resident manager of the United States Cast Iron Pipe and Foundry Company, was elected to the office of president for the coming year. Mr. Retinger will succeed George B. Clayton, who has served the club during the past year. Mr. Clayton will become the immediate past president.

The other officers elected were Maybury Ballinger of the Ballinger Motor Company, vice president; George T. Williams, treasurer; district trustee, George B. Clayton; directors, Edward Ridgway and Joseph Hammell.

H. B. Wanner, of the Victor Aircraft Corporation of Mount Holly, was the speaker at the meeting. Mr. Wanner told of the progress of the work at the new plant and also told the members of the club of the growth of the industry. Mr. Wanner said that the first ship of the new company would be completed and given its test flight on November 24. The members of the club were invited to witness the flight.

The attendance prize was donated by Walter Anderson and was won by Joseph Cheesman. The prize was an order for five quarts of ice cream.

## HEAT

WHEN YOU REALLY NEED IT

The great difficulty with old-fashioned heating plants is that they so often are not delivering heat when most needed. That's why we suggest remodeling old heating plants. If the plant itself is in good shape, the addition of automatic regulation, of a properly installed oil burner or gas burner, or automatic coal stoker, will give you heat when most needed. May we send a competent man to check over your heating plant and recommend what may be necessary to give you complete comfort—at an economy in fuel. Just Phone 50.

## LOCAL CHURCH NEWS

## BAPTIST CHURCH

Rev. George Luckett, Pastor

The Charles F. Goodrich, Secretary of the New Jersey Baptist Convention, presided at the annual last Sunday morning and delivered a very fine sermon to a large congregation.

The Intermediate Department will hold a social in the social hall tomorrow (Friday) evening, to which all of the boys and girls are invited.

The Baraca Class will hold its annual business meeting and election for the ensuing year on Friday evening at 8 o'clock in the church. All members are urged to be present.

The annual business meeting and election of officers was held in the social hall on Tuesday evening. Supper was served at 6:30. The meal was prepared by Mr. and Mrs. P. H. Brooks. Reports from the various departments of the church show everything in a prosperous condition. As members answered at roll-call, our membership is 389, thirty new members by baptism during the year. The Treasurer's report was very satisfactory and showed the following amounts had been paid: new building fund, \$10,303.99; current expenses, \$5,356.03; and benevolences, \$2,047.23; a total of \$17,707.25. The following officers were elected: President, Jos. R. Law; one year, Church Clerk, Ernest L. Moore; one year, Treasurer, Thomas R. Taylor; one year, deacon, William Cooper; 3 years, deaconesses, Mrs. Lillian Moore, Mrs. Sarah Wiggins, Mrs. Walton Taylor, Mrs. Emma Kane, Mrs. B. Green, Mrs. Margaret Bacha, all for one year; music committee, A. J. Brooks, Mrs. A. B. Selmer, Mrs. Jesse Love, Mrs. Margaret Ryan, William Cooper, permanent council, Wm. McConnell, one year; J. Harry Williams, one year; trustees, Thomas B. Branson, George A. Murray, George F. Bailey, publicity committee, George A. Murray, Jos. C. Reed.

Services on Sunday as usual. Sunday school at 10 A. M. Preaching service at 11:15 A. M. sermon subject, "Thanksgiving." R. Y. P. U. service at 6:45 P. M. At 7:45 P. M. the sermon subject will be "Thanksgiving and there will be baptism following the sermon.

Union Thanksgiving Services will be held in this church on Thanksgiving morning. The sermon will be preached by Rev. George J. McCormack, pastor of Christ Church Palmyra.

About thirty members of the Baraca and Baraca Classes visited the Men's Bible Class of the Holy Trinity Presbyterian Church, Philadelphia, Sunday last. They were a part of an attendance of 450 men and enjoyed a very interesting service. This class has an orchestra of 40 pieces and rendered some beautiful selections, and also added very materially to the singing.

## FIRST LUTHERAN

Rev. W. M. Erhard, Pastor

Thanksgiving Jubilee and Communion Service for the Every-Member Campaign teams will be held this coming Sunday morning at 11:15 o'clock. The pastor will preach on the theme, "What Shall I Render?" The First Lutheran Church, under the leadership of Lee Milton, will bring a message in song appropriate for the season of Thanksgiving.

Our choir and Mr. Milton are to be highly commended for the excellent, soul-inspiring anthems, which they have been rendering recently. Come out to hear the choir, to meditate with us on the glories of the divine blessings, and to greet your fellow-Christians with a kindly word and smile. You cannot worship in the house of God without helping someone else as well as yourself. The presence of every worshiper brings a blessing. We gain in fidelity by witnessing other's fidelity.

Every member of our church is asked to cooperate fully with the men who shall make the annual visitation next Sunday afternoon. Greet them warmly in your homes as Christian brothers. We are all working together in the tasks of the Kingdom. Make their work as easy as possible by your presence in the home and your words of encouragement. God will thus richly bless you.

Weekday Church School, Tuesday evenings at seven o'clock. Mrs. Erhard teaches Bible, while the pastor instructs in the catechism and brings object lessons of spiritual truth.

Midweek prayer services with moving pictures of the life of Christ every Wednesday evening at 7:45 o'clock. We cordially invite all members and friends to this most entertaining and most edifying service.

The big Missionary Pageant, "The Child and the Church," will be presented in the church auditorium Sunday evening, December 1st, at 7:45 o'clock. Eleven adults and many children take parts in full costume amidst an elaborate setting. Our choir has a prominent part. Here is something quite different in the way of a service from anything we have had for several years. Thank offering boxes will be received at that time. This pageant is given under the auspices of the Women's Missionary Society.

The Women's Missionary Society meets at the home of Mrs. Daniel M. Wise, 808 Washington avenue, this afternoon (Thursday) at 2:30 o'clock. All ladies of the church are invited. Support the Red Cross.

## "A SONG OF THANKSGIVING"

Christ Church, Riverton  
For the service next Sunday evening the full vested choir of Christ Church, Riverton, will render Maunders' Cantata, "A Song of Thanksgiving."

A cordial invitation is given to residents of Riverton, Palmyra and vicinity to attend this service.

Sunday evening, November 24th, at eight o'clock.

"Most of the principles we cherish as fundamental have seemed immovable or monstrous at some time or place."

## CHRIST CHURCH

Rev. Geo. J. McCormack, Rector

Freedom from the office, turkey dinners, and football games been large in the thoughts of and plans for the coming "holiday." But it is in an entirely different setting that the American Thanksgiving had its origin. After their first harvest the band of Pilgrims, grateful that the long journey and the first hard winter were over, grateful that the Indians had become their friends and taught them how to plant the maize in spite of the forests, wished to make public acknowledgment to God.

Centuries before the Pilgrims celebrated their Thanksgiving, a group of Jews back again in their beloved Holy City, with its wall rebuilt, held again their Thanksgiving or "Feast of the Tabernacles." Mindful of the Mosaic law, for seven days they dwell in "booths" as a memorial of the time in which they lived in tents after their God had delivered them from the bondage of the Egyptians.

A man who returns not a "Thank you" for a kindness given is thought a booby. How much more so those who fail to thank the Giver of all gifts. This year when the outlook for a warless world is brighter than any time since 1914, our praise should be correspondingly abundant.

In Christ Church our gratitude will be expressed by observing the memorial instituted by Christ Himself. Holy Communion will be celebrated on Thanksgiving Day at 8 o'clock. The collection will be for the Widows and Orphans Fund. There will be a community service in the Baptist Church at 10:30 A. M.

Tonight, Thursday, is the date of the play recital which the Women's Auxiliary is sponsoring. The sale of tickets has been good, but there is still room for you. Miss Anderson will impersonate all the characters of the play, "You and Me." After the evening is over and enthusiastic comments are being heard, you won't want to be one who must say, "I'm sorry I missed it."

Robert Borey is to be congratulated on his selection of pictures for the "movie" last Thursday evening and that they were immensely enjoyed was attested by the shouts and laughter of the children.

The Baraca Saturday offered a fine opportunity to see the work in art craft being done by the Church's Friendly Society and brought splendid results. The C. F. S. meets every Tuesday evening whether it rains or snows.

The attention of the Diocese is called to a very splendid piece of welfare work done through the Church's Pantry Committee of the Women's Auxiliary. Its mission has one part of its Church Pantry. The Camden district, through nineteen different congregations in that district sent 1,000 glasses and jars of jelly, 302 boxes and jars of candy, 89 cans of fruit and 100 packages of other articles to various institutions in the State. When all the gifts of the other districts are added a very splendid total is made and one that we feel very happy to have had a part in. "Thanksgiving, we did it into Me."

The regular monthly meeting of the Women's Auxiliary will be held on Monday, December 2nd. An address on "Evangelism" will be given. An advance notice is given of the Corporate Communion for men and boys to be celebrated at 10:30 A. M., December 1.

Services November 24th. The Sunday before Advent. 10:30 A. M. Morning Prayer and Sermon. "Blessed Sunday." 2:30 P. M. Church School and Address. "Whose Day?" 8:00 P. M. Evening Song and Sermon for Children. "Nine Men Who Forgot." Thanksgiving is more than a day; it's an attitude.

## Calvary Presbyterian

Rev. C. T. Bates, Minister

Calvary Presbyterian Church, of Riverton, will hold its morning service of worship at 11 o'clock Sunday and the evening service at 8 o'clock. Christian Endeavor meets at 7 p. m. in the Church School auditorium and all departments of the Church School at 10 A. M.

## ARGUMENT CAUSES LOSS OF CONTRACT

Representatives of Burlington and Florence Companies Have Controversy at Wildwood

An objection on the part of a representative of one of the companies presenting bids for cast iron pipe at the meeting of the Wildwood City Commissioners on Monday resulted in the rejection of all bids and the issuance of instructions to City Clerk C. A. Hill, Jr. to re-advertise for bids.

When the time came to open bids for six inch Class B pipe, the R. D. Woods Company submitted the figures of \$34.75 per ton. The United States Pipe and Foundry figures were \$39.90. This company also submitted figures of \$64.4 cents per foot for six inch DeLavanna and Centrifugal pipe. After tabulation of the figures a resolution was presented to award the contract to the United States Pipe Foundry Company as the lowest bidder on the alternate proposition.

At this point the representative of R. D. Woods and Company objected, maintaining that his company had presented the lowest bid in accordance with the advertising.

## PALMYRA WINNER IN SOUTH JERSEY HOCKEY LEAGUE

Miss Kenyon's Charges Clinch Title in Close Tussle With Woodbury

### SECOND CHAMPIONSHIP IN TWO YEARS FOR PHS

High School Athletic Association Entertains Team at Theatre and Dinner Party

Palmyra High School is this week celebrating another splendid accomplishment in the field of scholastic athletics, having again won the championship of the South Jersey Girls' Hockey League.

The girls clinched the title Wednesday afternoon of last week when they won from Woodbury by a 1-0 score in the final contest of the league season, while their nearest rivals the Collingswood eleven, were engaged in a 2-2 deadlock with Gloucester.

Prior to the final match Collingswood and Palmyra were on an equal footing, having each won five and tied one for a total of eleven points in the league standing. The "Colts" finished with twelve points, while the "Pals" crossed the finish line with thirteen.

#### Two-Time Winner

This is the second successive championship won by the ladies of P. H. S. and another season's laurels will give them permanent possession of the championship shield, which they have held for two years. Woodbury, the 1927 champion, also has two legs on the trophy and will battle Palmyra for the third championship next year in an effort to obtain possession of the coveted emblem which goes to the first three-time winner.

This year's play marked the third year in which the Palmyra School has been represented in the league and a record of two championships in the first three years of competition is a accomplishment which should bring no end of praise to the fair ladies who have brought these honors to the school and White.

The athletic association of the school gave an expression of its appreciation Monday when a theatre and dinner party was arranged in their honor. All of the letter girls were excused from their studies for the day and met at the school at two o'clock, where a bus called for them and took the entire group to Philadelphia at six o'clock. They were met at the Cathay Tea Garden for dinner and dancing. A table was reserved especially for them and was tastefully decorated in the school colors. Following the dinner the group enjoyed the show at the Fox-Loeue "Sunshine Side Up."

The game in which the championship was won was one of the closest and most bitterly fought of the entire season. The only score of the contest was registered by Captain "V" Wallace three minutes after the opening whistle. Through the remainder of the game the teams were in a tussle, but through to the scoring station.

Threaten to Score Several times the Woodbury girls threatened to break through and tie the score, but each time Miss Kenyon's proteges were equal to the occasion and always prevented the point from scoring while the home team was in the score and left a deadlock with Collingswood instead of the undisputed championship of South Jersey.

Final standings:

South Jersey Hockey League				
	W.	L.	T.	Pts.
Palmyra	6	0	1	13
Collingswood	5	0	2	12

## WIN HONORS FOR PALMYRA SCHOOL

### George Smith Leaving This Week to Play in "Pro" Tourney at California

George Smith, Moorestown Field Club professional and the golfing king of the Philadelphia district, leaves the latter part of this week for Los Angeles, Cal., where he is expected to make an excellent showing in the national Professional Golfers' Association tournament.

The P. G. A. championship, which will be held at Blueview Country Club, near Los Angeles, December 2 to 9, is to be one of the biggest golfing tournaments of the year. The officials anticipate a record-breaking list of entries and some of the world's greatest "pros" including Walter Hagen, Gene Sarazen, Leo Diegel, Johnnie Farrell, Horton Smith, Ed Dudley and a host of other stars are already slated.

While golf seems to be the most uncertain of all sports, there is reason to believe that George will at least be in the running. Most followers of the links game reach the heights one day and the following day are apt to turn in a mediocre performance. The Moorestown "pro" represents a steadier type of athlete. In finishing in a four-cornered tie for tenth place at the U. S. Open at New York, George shot four 77s for one of the most consistent performances ever chalked up in the annals of the event.

Year's Average 74 And while he did not win every tournament he entered this year, George boasts a 30-hole average of 74 for his entire year's tourney play. No player, "pro" or amateur, has equaled George's feat in the Philadelphia district this year.

George has been no "flash in the pan." He has come through the ranks at a slow and sure pace, and the last few weeks has shown a still greater improvement in his play. His putting, which caused him considerable trouble earlier in the season, shows a fine improvement. All other departments have been satisfactory in the past. So there you are. If George placed tenth in the Open at the beginning of the year, why shouldn't he, with much more tournament seasoning and his ability to hit a steady and consistent pace, do just as well if not better, in the P. G. A. championship.

In the first tourney of the year, George won the Philadelphia district "pro" title, beating out Leo Shea, Haddonfield, by one stroke, with a card of 68-72, finishing in 70-75. George tied with Glenn Spencer, Baltimore, in the qualifying round of the U. S. Open.

In the Pennsylvania open, played at White Marsh, George finished fourth with 73-76-77-77. Another fourth place was scored in the Reading open at Glen Hall when the "mighty mite" of golf shot a 74 and a 68. His old 77s returned in the Lu Lu Temple tourney, and with a pair of them George annexed sixth place. Second in Philadelphia Open.

Rounds of 72, 73, 75 and 78 netted George another second place in the Philadelphia open at Merion and he again was close on the heels of the winner in a tourney at Philadelphia Cricket Club when 75-78 netted him second, one stroke behind Al Barron, at Riverton. George came in fifth with a 75-76 and then in the Baltimore open he chalked up still another second place with a 75-73, again being defeated by a stroke.

This was the luck of George. Every tournament found one entry who soared to great heights for the one event and then dropped out of the picture in succeeding events. Never with the Moorestown star, however. He has played the steadiest game of the district and was the only man who finished "up among them" in all of the tourneys.

Leo Diegel won last year's P. G. A. championship at Baltimore. George enjoys victories over such stars as Gene Sarazen. Among his other great golf feats was the setting of a new Field Club record this year. He scored a 65, seven under par, which is 72.

### MT. HOLLY JOLTS CINNAMINSON

Cinaminson, Crippled by Loss of Five Injured Men, Is Easy Prey

Cinaminson traveled to Mount Holly and was handed their first set-back of the season. The Mount Holly team which averaged 100 pounds to a man used their weight advantage in defeating the local lads.

The first half was tip and tuck with neither team scoring until the last minute when Mount Holly scored on a fake play. Five first string men were hurt during the first half for Cinaminson, and Mount Holly had little trouble during the second half.

Dave Oliver, Cinaminson's star center, played his best game of the year against Frazier, former Bucknell star center. Parker, Gennett, Frazier and Johnson played well for Holly, while Westcott, Bowers and Hebert starred for Cinaminson.

Broderick and Phelan were the best bet in the backfield.

Cinaminson: Schele, left end; Gleason, Hebert, left tackle; Eastlick, Higgins, left guard; Gennett, Oliver, center; Frazier, Price, right guard; Prince, Westcott, right tackle; Cerlin, Bowers, right end; Gilbert, Broderick, quarterback; McQuigan, Williams, left halfback; Traynham, Phelan, right halfback; Widmeyer, Cagle, fullback; Donnelly, Substitutions—Cinaminson: Norwies for Hebert, Smith for Williams, Bragg for Price, Lynch for Frazier, Higgins for Schele, Anderson for Higgins.

### Albie Booth of Yale Sensation in Football

Scoring a victory over the Army hero Cagle put Albie Booth of Yale in the limelight as a football star. He is shorter and not so heavy as the usual college football man, but his brilliant playing as a quarterback has given him the title of "Yale's immortal Midget."

## RIVERTON TIES STRONG HOPE HOSE

The Riverton rooters witnessed one of the best games of the year last Saturday when the local boys held the strong Hope Hose Company of Burlington, to a 6 to 6 tie. The game was a fight from the beginning to the final whistle.

The first quarter saw Riverton running away with the fire ladders, but they only lasted a quarter, for the visitors struck their stride and made things look bad for the locals several times afterwards. The teams were evenly matched and the gains were well earned.

The Burlington team was strengthened by two well known players, the former Burlington High star, Spencer, and Pico of the Big Green. Hartley and O'Hanlon, former Palmyra High stars, featured on the Riverton line.

The lineup was as follows:

Riverton		Hope Hose	
Harris	left end	Gibson	left end
Seamon	left tackle	Gennett	left tackle
Prisco	left guard	Gibbert	left guard
O'Hanlon	center	Hope	center

## 600 MILLIONS IN CHRISTMAS CLUBS

Banks Throughout United States Make Big Distribution of Checks

Six hundred million dollars will be distributed to 2,000,000 members of the Christmas Club by more than 3,000 banks and financial institutions within the next two weeks, according to an announcement made yesterday by Herbert F. Rawl, President of Christmas Club, a division of National Commercial Corporation.

This record distribution, ten per cent in excess of last year and more than five times the amount accumulated in 1920 indicates that the Christmas Club is an important factor in stabilizing the prosperity of the country through maintenance of buying power during the Holiday Season. It eliminates the loss of several funds of individuals and corporations, ranging at some cases as high as \$25,000, the average amount received by each member is \$50.50, a slight increase over 1928. Checks to members run from \$15.00 to \$1,000.

This total sum represents the accumulated savings for the past fifty weeks in Christmas Club accounts in banks, trust companies, having and loan associations and other institutions, by members paying weekly amounts varying from \$2.50 to \$20.00. New York State leads the other States with \$141,000,000; Massachusetts shows the large per capita State total with over \$70,000,000, while Pennsylvania reports about \$60,000,000. Chicago and Cook County contribute \$29,000,000 of the Illinois total of \$240,000,000. New York City's contribution of \$141,000,000, including an approximate radius of 40 miles, will receive approximately \$100,000,000.

The Bank of America, National Association of New York, and its affiliated institutions, the Bank of America of California and the Bank of Italy, will distribute about \$8,000,000 to over 130,000 members. The largest club in New York City is operated by the Bank of the Manhattan Company, which through its 63 branches in Manhattan, the Bronx, Brooklyn and Queens, have accumulated \$3,000,000 for its 71,000 members.

## PALMYRA POLICE FORCE REDUCED

**Council Makes Move as Part  
of Policy to Keep Taxes  
Down**

As a part of the Borough's retrenchment policy a cut in the Police Force was approved at the meeting of the Palmyra Council Tuesday evening. The present force of eight men will be reduced to six the first of December. The last two to be employed, Stephen Cook and Abe Wallace, are the ones to be discontinued.

The move is being made primarily to save money, as the Mayor and Council does not wish to put any greater burden on the taxpayers than is absolutely necessary and since the return of Officer William Stock to duty, following his accident, it is thought that six men will be enough at least during the winter months.

**Discussed at Meeting**  
This item was discussed at the last meeting of Council in October when it was brought up by Councilmen Shover and Buchholz. In the meantime the two officers were given notice so they might have ample time to secure new jobs.

A resolution was offered by Councilman Buchholz at Tuesday's meeting that the action of the Mayor, as head of the Police Department, be approved by the entire Council. The resolution was passed unanimously.

The most of the meeting was devoted to discussion of finance, owing to the nearness of the end of the year, and no new business of any consequence was brought up.

The reports of the Chief of Police and Building Inspector followed:

**Police Report**  
To the Honorable Mayor and Council:

The following is the Police Report from October 15, 1929, to November 19, 1929:

October 31—Tony Villac, Delator. Disorderly; fined \$5.00.

October 30—Leon Epstein; fined \$5.00 for allowing Trent to drive his truck without a license.  
October 31—John Tuholski, Parry. Larceny of coal. Paid for coal and charge was withdrawn. Complainant, Leon Sever.  
November 1—John Kline, 3117 N. 16th street, Philadelphia. Drunk; fined \$5.00.  
November 10—Fred Hansell, Palmyra. Drunk; 10 days in jail.  
November 10—Russell Farmer, 26 N. Parson street, Philadelphia, Pa. Reckless driving; fined \$10.00.  
November 18—Clifford McMahon, Palmyra. Reckless driving; fined \$5.00.  
William Stock has returned to duty. November 18, after recovering from an accident which occurred on August 22nd, while patrolling on the motorcycle.

As per instructions, I have notified Stephen Cook and Abe Wallace that their services with the Borough as policemen would end December 1, 1929.

**C. MORRIS BECK,**

## RIVERTON COUNCIL DISCUSSES JOINT RAILROAD STATION

(Continued from Page 1)

Mr. Hubbs also recommended the construction next year of four-foot concrete gutters on Linden avenue from Park street to Seventh street to take care of the heavy flow of surface water in rainy weather. Without such gutters it is impossible, Mr. Hubbs said, to hold the roadway, which is being continually washed out. Attention was called to an opening in the asphalt roadway on Main street, above Seventh, which had not been properly replaced and another on Main street, near Ninth, which has been a menace to motorists for many months. The highway committee was asked to take the matter up with Freeholder Stout in an effort to get proper repairs made.

**Police Report**  
Director of Public Safety Williams reported for the police committee that five arrests had been made for motor vehicle violations during the month.

He said that nearly all automobiles in Riverton had been properly inspected, as required by law, and that both State and local police have been instructed to give no more warnings but to make arrests for violations of traffic regulations.

Mr. Randall, of the fire and water committee, reported that the old pumper, which had been away for repairs and repainting, was returned last Saturday and he believed it to be in first-class condition. This was confirmed by Walter Armstrong, chief of the Riverton Fire Company.

Mr. Randall said that the concern which did the painting had guaranteed to keep it in good shape for two years.

The building inspector reported permits issued for operations amounting to \$4,300 with fees of \$17.50.

The medical inspector submitted his report with fees amounting to \$9.00.

## ANNUAL MEETING OF STATE P. T. A.

(Continued from Page 1)

for parents and teachers to realize in that children must live their own lives and to do this they must make their own choices and that after a choice is made they must be given freedom to execute a plan by which they may succeed. This choice must be based upon reliable knowledge about the occupation. The function of the parent or teacher should be one of co-operation, ready to advise and guide the child in making his choice and in planning and executing his work.

There followed singing and the benediction and then adjournment of the Twenty-sixth Annual Convention.

The November meeting of the board of directors of the Palmyra-Riverton Young Men's Christian Association was held in the "Y" building of the association Thursday evening last. Leo C. Guest, the secretary of the board acted as chairman due to the absence of the president, George N. Wilmer and the vice president, Edward W. G. Borer.

The following men were present: William McConnell, Robert Kirkpatrick, William T. J. Purnell, Charles A. Deitz and William H. Plank, of the Palmyra division of the board; Nathan Lane, Jr., Parker T. Barnes, Victor Ritschard, C. Y. Barro and Leon C. Guest, of the Riverton division of the board.

It was decided by the board that the religious committee, headed by Mr. McConnell should be responsible for a series of men's meetings to be held during the winter. The date for the first meeting will be announced very soon.

The work of the committee or board of directors is carried on by the employed secretary, Arnold Carter, who is giving his full time to the promotion of Christian activities among the boys of Palmyra and Riverton. He is assisted by ten volunteer leaders who meet once each week with different groups of boys in various places for a fully supervised period of Bible study, helpful talks, team games and other activities. At the present time there are 170 boys engaged in this work and many more are joining each week. It is a Christian work and deserves the whole hearted spiritual and financial support of the community.

Thirty-five members of the Palmyra-Riverton YMCA took part in a "treasure hunt" last Saturday morning. Two courses were laid out, one for the younger boys and another for the older ones.

After leaving the "Y" building markers were hidden in various parts of Palmyra and Riverton. The boy finding the most markers was judged the winner and one finding the second largest number was judged winner of second place and so on.

Robert Lippincott, a member of the Edison Pioneers, was winner of first place. He selected a three-colored flashlight as his reward.

Robert Guest came in second and chose a hunting knife. Walter Matlis, third and took for his prize a half dollar; Paul Guest chose a big league baseball.

Howard Elliott took a YMCA sweat-suit for his prize. Frank Flanagan chose a YMCA arm band; George Grohlman was awarded a leather note book cover. The first twenty fellows to complete the course all received a "tally".

The hunt was enjoyed by all who participated and many are inquiring, "When do we have the next treasure hunt?"

**CALVARY GROUP**  
Monday the Calvary YMCA Group in its most interesting meeting of the year, was well started on its way to an enjoyable season of activity.

The meeting was called to order by President Showell and after all old and new business was discussed the meeting was turned over to Mr. Hahn. A very interesting speaker Mr. Hahn

was the guest of honor.

The December meeting of the Annis Stocton Chapter will be held in the Chapter House in Burlington, Monday, December 9.

The Rev. John Talbot Ward, rector of St. Mary's Church, was then introduced. He spoke on the history of the Episcopal Church in Burlington.

Rev. Ward showed the members of the chapter some of the first books kept by the church, dated 1703 to 1740. His talk was very interesting and much enjoyed by all present.

Those representing the nearby chapters were Mrs. William D. Lippincott, Moorestown; Mrs. A. Beitel, Haddonfield; Mrs. Barker, Pemberton; and Mrs. Conky Hammon.

## ZONING PLANS ARE WELL UNDER WAY

**Field Work for Survey Being  
Made This Week by  
Mr. Hartzog**

John Nolen, city planner, of Cambridge, Massachusetts, has recently been engaged to prepare a comprehensive zone plan for Riverton.

Mr. Nolen's career has been unusual. He was born in Philadelphia, where he graduated from the University of Pennsylvania, and spent a number of years in study along professional lines at Oxford, Munich, and Harvard University, which gave him its A.M. in 1906.

Before college he had a fruitful business career and afterward combined lecturing and administrative work for the University Extension Society in Philadelphia.

He also developed the habit, wheth-

er in a crowd or in the quiet of an office conversation, of stating unwholesome truth without dilution, and yet without hurt to the most sensitive.

As city planner or replanner, he makes his diagnosis as carefully as any doctor called to a sick bed, and then reports exactly what he finds. Mr. Nolen's early life in Philadelphia, and familiarity with the region round about, make his selection as expert to prepare a zone plan and ordinance for Riverton especially fortunate.

He is at present actively engaged in various forms of city planning work at Reading, Wyomissing and Sharon, Pennsylvania, is one of a group of four planners in the preparation of regional plans for the Regional Planning Federation of the Philadelphia-Tri-State District, and has recently completed a comprehensive city plan and zone plan for Lancaster, Pennsylvania. Some years ago he prepared a city plan for Erie, Pa., and Erie. During the last two decades he has completed comprehensive replanning studies for more than fifty cities and towns in all parts of the United States, many of which included zoning and city plan annexes, and also prepared plans for like number of new towns, suburban developments and satellite cities.

**Planner of Cities**

"There are few men who have more delightful work than that which brings so much joy and so many adventures into the life of my good friend, John Nolen, the planner of cities," said Thomas Dreier, editor of *The Vagabond*. "All over the land are towns made more beautiful because he has something to do with their planning. He is engineer, architect, philosopher."

educator, reformer, idealist, hard-headed result-getter, and one of the most charming companions in the world with whom to loaf when one wants to play with ideas, eat a heart-meat, or confess one's indiscretions. "One might write of him, as some one wrote of Leonardo. 'As other artists made pictures or music or books or palaces for God or man, so he loved to compose a city."

Mr. Nolen is the author of several books on city planning and related subjects, including "Replanning Small Cities," "New Ideals in the Planning of Cities, Towns and Villages," "New Towns for Old," and editor of "City Planning" of the National Municipal League Series, a new and revised edition of which has recently come out of the press.

Mr. Nolen's two associates, Hale J. Walker, a graduate of the Harvard University School of Landscape Architecture, and Justin R. Hartzog, a graduate of Cornell University, will assist in the preparation of the Riverfront zone plan and ordinance. Both are highly qualified men of wide experience in the city planning field, who have been for a long period connected with Mr. Nolen's office. Mr. Hartzog, who will be especially in charge of the Riverfront work, is here this week making a preliminary survey.

## ELABORATE PLANS FOR LEGION BALL

**Ballroom and Stage to be Beautifully  
Decorated for the Occasion**

Arrangements have been practically completed for making the forthcoming Championship Ball and Entertainment of the Bugle and Drum Corps.

of Frederick M. Rodgers Post, American Legion, of Palmyra, Thursday evening, December 5, the most colorful and finest ever. The committee of decorations have prepared a most elaborate plan for decorating the ballroom and stage of the P. O. S. of H. Hall—a sight in itself well worth visiting.

Ed Morton and his Kentuckian a full orchestra of radio broadcasting fame, in addition to the regular dance music, will render several military numbers in conjunction with the

The members of the Corps are highly gratified and deeply appreciate the splendid response and co-operation of the merchants and business houses of

the local communities and nearby towns in making the program for the ball a wonderful success. It will be the largest and most interesting program ever gotten together for a event of this kind.

The tickets for the ball and entertainment are going fast and as the number is of necessity limited to the size of the hall it is advised to get your tickets as soon as possible. Each ticket includes admission of gentleman and lady.

and day, arrangements will be served.

## COLORED MEN GO TO STATE PRISON

Several Other Penalties Imposed by Judge Rigg in County Court

Judge Rigg disposed of two "easy money" colored men in the Burlington County Courts at Mount Holly Thursday of last week, both of whom have been preying on the unsuspecting public for a long while, the police record of the older dating back for twenty years, while the younger man's record, as produced by Detective Ellis H. Parker, showed that he had been arrested in various parts of the country, and had served from thirty days to a year and a half on various charges.

William Cooper, colored, and originally from the Southland, who has a number of aliases, came into the court room on a waiver. He had been in the County Jail since being arrested on a detainer, served as he was about to be admitted to parole at the New Jersey State Prison. He pleaded guilty to obtaining money under false pretenses from the Farmers' Trust Company, of Mount Holly.

Cooper has been living by his wits for the past twenty years and has served time in a number of prisons. He was sentenced to two years in the State prison.

Julio Strain, of Philadelphia, was the second colored man to feel the hand of the law in Burlington County, he having been brought back here from Boston by Detective Parker. He also came in on a waiver and entered a plea of guilty to larceny and obtaining money under false pretenses, Strain, with a woman accomplice, who is still at liberty, worked the old pocketbook game on Mrs. Mary Robinson, colored, of Beverly, and mulcted her out of \$275.

**Gets Three-Year Term**

He was sentenced to State prison for three years. Windystown Waryas of Burlington, and incidentally the unpronounceable name belongs to a woman, came in on a waiver and through an interpreter entered a plea of guilty to possession of liquor on two different dates. She was sentenced to pay a fine of \$75 on each charge, or \$150 in all. She will have six months in which to pay it.

Dempsey Leonard, colored, of Florence, entered a plea of guilty to a charge of assaulting Stephen Laszowski, by striking him in the back of the head with a wrench, both men being employed in the pipe foundry.

The assault was the result of a fight, since which time the young men have made up, and they stated this fact in Court, but Prosecutor Hillman and Judge Rigg were loathe to have such matters settled out of Court, and Leonard, who was at liberty on \$250 cash bail, was sentenced to go to jail to remain until the fine is paid.

Alfred Lamb, of 118 Delaware avenue, Burlington, pleaded guilty to having liquor in his possession, and was fined \$100. He was given three months in which to pay.

Horace Leno, of Maple Shade, pleaded guilty to assaulting Walter Kennedy. Both men are employed in the Church brickyards, at Fieldsboro. He was fined \$75 and given six months in which to pay the bill.

George Clendaniel, of Burlington, charged with unlawful conversion, was released under a suspended sentence and placed on probation for six months. Clendaniel purchased a typewriter on the installment plan and then sold it before it was paid for, pocketing the cash.

**Murder Trials Stated**

With nothing untoward interfering, murder trials will get started the first week of December.

Judge Rigg disposed of the following cases on the Common Pleas list: An action brought by John B. Hanley and William Sherrer, both of Chester, Pa., against Eugene H. Scattergood, of near Columbus, resulted in a verdict for Hanley of \$250, with \$50 for Sherrer.

The suit was brought as the result of a collision of the plaintiff's Buick car with a truck belonging to Scattergood, the accident taking place on February 3, this year, at the intersection of the old Burlington pike with the State Highway.

Scattergood's defense was that Hanley, the driver of the car, was speeding.

In the suit of Francis Shannon, of Burlington, against Jacob B. Fox, owner of the Fox auditorium in Burlington, and Hugh B. Miller, contractor, the plaintiff claimed compensation for personal injuries received when he was struck by the lower part of a swinging fire escape on the building.

The verdict was a non-suit. On motion of the plaintiff, a voluntary non-suit was granted in the case of Harry P. McCloskey, of Beverly, against the McCloskey Bus Company, now known as the Worth Bus Line, also of Beverly.

**To Come Up Again**

It was given out that this case will be listed for a hearing at a future term of Court.

The case of Sarah Stack against Arthur Knight, Jr., both of Riverside, in which seduction was given as the cause of the action, resulted in a verdict of no cause for action. Mrs. Stack asked damages for loss of income from her daughter, Edna, because of the birth of the child, of which she said Knight was the father. Knight denied the accusation and claimed another man was the father of the child, and the jury evidently believed his statement of the case.

The case of Walter Green, of Mount Holly, against Charles Andrews, of near Columbus, for damages resulting from the former being struck by the defendant's automobile, was heard and a verdict rendered by the jury in favor of Green for \$550.

Green, who is seventy-three years of age, was knocked down while crossing West Washington street, Mount Holly, and was badly hurt, one leg being broken in two places. He was in the Burlington County Hospital for two weeks and later was confined to his bed at home for six months.

## IN MEDICAL PAGEANT

Courtesy Evening Bulletin, Phila.  
Dr. E. R. Mulford, of Burlington, is shown as Aesculapius conferring medical knowledge on the ancient Greek physician, impersonated by Dr. Ernst Imhoff, of Moorestown and Riverton, in the pageant presented as part of the Burlington County Medical Society's centennial anniversary program at a dinner in the Moorestown Community House, Wednesday evening of last week.

## PAGEANT DEPICTS SCIENCE GROWTH

Fine Program Marks County Medical Society's Centennial Anniversary

Celebrating the centennial anniversary of its organization, the Burlington County Medical Society entertained the wives of its members at a fine banquet served in the Community House at Moorestown Wednesday night of last week. About one hundred persons attended.

Following the banquet, a pageant depicting the crude methods practiced in medicine and surgery in the early ages was presented, and this proved to be unique as well as novel, being much enjoyed by all who were privileged to witness it.

Dr. Richard E. Anderson, of Burlington, spoke on the younger doctors and what they will do for the Burlington County of tomorrow, while Hon. Harold B. Wells, of Bordentown, delivered one of his rapid fire addresses, which, as usual, was well received.

There was something going every minute during the evening, and the physicians and their invited guests voted it one of the best gatherings they have ever had.

## PLANE TALKS

By H. H. LONGAKER  
Founder, Burlington County Aero Club

Last Thursday G. R. Coats sales manager of Berliner-Joyce Aircraft Corporation, of Baltimore, flew into the Moorestown airport in a new B-2 cabin monoplane to visit the writer. The big feature of this new monoplane is visibility.

Did you know that for the period ending August 31, 1929, there were 6000 licensed pilots in the United States as compared with 2700 for the previous year.

Lieutenant C. Victor Williams, Air Corps Reserve, has been appointed chairman of the field committee of the Burlington County Aero Club.

The Keystone Aircraft Corporation at Bristol, Pa., one of the units of the Curtiss-Wright Corporation will be one of the busiest aircraft plants in the country during the coming year.

Captain Bill Lancaster of the American Cirrus Engine Company, of Marysville, Mich., is keeping his Great Lakes ship at the Moorestown airport for a few days. Capt. Lancaster is to be one of the pilots of the new Victor training plane on its initial flights at Mount Holly in the near future.

Charlie Walker, of Patco Field Norristown, flying a monoplane, was a visitor at the Moorestown airport on Sunday afternoon. Charlie can certainly make a monoplane do tricks. At the request of the Moorestown Post, American Legion, the ships of the Burlington County Aero Club played around in the sky over the parade on Saturday afternoon.

## NEW SHEARS FOR GRASS

A new grass shear is operated with the easy, natural up and down movement of fingers against palm, which is said to prevent wrist-tire and finger-ache. Hand is kept above the dirt and knuckles are not skinned when trimming closely around walls, trees and walks. The tool sharpens its self and resists rust; it is sold under a money-back guarantee, for a dollar and a half.

## FATHER AND SON BANQUETS VOGUE

Communities All Over County Holding Dinners Under YMCA Auspices

Father and Son Banquets are "on" and will be big events in various communities all over the County until along into next April.

Mount Holly started off the list, November 14, and in such a new and finer way that it has been quite the talk of the County Seat and, of course, here and there all over the County.

Five Mount Holly Churches had their own father and son dinners. A band headed a procession which rounded up all these various dads and lads for the final part of their program at the High School auditorium. This affair was sponsored by a newly functioning Community Boys' Work Council, with all boys' work organizations co-operating. "Ed" Reddington, of the U. of P. Christian Association Staff, was the speaker. He delivered a fine talk.

Moorestown, December 6  
Palmyra-Riverton followed a week later, the 21st. Here the YMCA Board and the Rotary Club combined forces, having a united dinner in the Baptist Church, Palmyra. Two hundred and thirty-five attended. H. Ford Carr, also of the U. of P. Christian Association Staff, delivered another of his "rattling good" addresses that will long be remembered.

Moorestown is on deck, with December 6th as the big date. Here also co-operation will make it a great occasion, with the YMCA Board, Y's Men's Club, Rotary Club and local Scout Council represented on the general committee, maybe others.

The County YMCA has a new Father and Son song sheet. The chances that hundreds of these will be used are excellent, for in many places all over the County banquet committees are thinking about dates, speakers, the County YMCA Orchestra, and whom to get to lead the singing.

**General Board Meets**  
The second full regular dinner meeting of the County YMCA General Board was held at the Burlington YMCA, Tuesday evening, November 26, with William F. Overman presiding.

Committees reported. They were previously appointed in connection with making plans for the special observance of the 25th anniversary of the founding of this work in Burlington County. One was a committee on endowment; and the second, headed by Alex. C. Ferguson Jr., was charged with actual celebration plans.

Former County Secretary Robert C. Shoemaker came on from Newark and spoke on the legislative work of the recent National Council Sessions held in Chicago, October 21-24. Mr. Shoemaker is now Associate State Secretary for New Jersey, and is slated for the State Secretaryship upon the retirement of State Secretary Coburn.

He was in Burlington County from 1914 until he entered flying school during the war. After the Armistice he went with State Committee. Many of the men continue on the County General Board under whom Secretary Shoemaker served.

## P. R. R. INSTALLS NEW BUSES ON BROWN'S MILLS-PHILA. LINE

New buses have been installed on the Brown's Mills-Mount Holly-Philadelphia line, now being operated by the Pennsylvania General Transit Company, a subsidiary of the Pennsylvania Railroad Company. This line was purchased by the P. R. R. from J. P. Mahan some time ago. Deluxe buses of the Philadelphia Rapid Transit type are now in operation, making three trips in each direction every day and convenient hours and affording an additional convenience to Mount Holly residents.

**SHARK CAUGHT IN TRAP**  
Newport, R. I.—A nurse shark, 25 feet long and weighing nearly a ton, was caught recently in a fish trap which had been set for much smaller fry off Block Island.

## FRELINGHUYSEN OUT FOR SENATE

Raritan Man Will Seek to Succeed Dave Baird Jr. at Washington

Raritan, N. J., November 22.—The following statement was issued today by former United States Senator Joseph S. Frelinghuysen:

"Conditions have so resolved themselves in the affairs of the Republican Party in New Jersey that I feel that I should now announce my candidacy for the Republican nomination for United States Senator. I take this action in deference to the many friends and well-wishers who have urged me to do so, and with the feeling that my many years of service in public life will recommend me to the further confidence of the voters of our State.

"In his appointment of Senator Edge as Ambassador to France, President Hoover has paid a signal honor to the State of New Jersey and to one of her distinguished sons. Mr. Edge takes with him the best wishes of the State for a successful career in this important post. In the appointment by Governor Larson of Mr. Baird to fill a part of Senator Edge's unexpired term, I take this opportunity to congratulate Mr. Baird and to express my best wishes for his success.

"In this announcement I do not undertake to present a platform or discuss political problems in detail, but merely to make a brief statement of my candidacy, intending later to present more fully my views on public questions.

"The selection of our party nominee should be a matter of concern to every Republican voter of the State. Our party contests should be conducted on a high plane and without bitterness. I urge that every effort be made to promote party harmony to the end that success may be assured. I ask the friendship and support of all members of the party. I respectfully submit my candidacy for the Republican nomination for United States Senator to the people of New Jersey."

## LONE EAGLE GROUP

Saturday, November 23, the Lone Eagle Group, of Palmyra and Riverton, met in the "Y" Building for a short business meeting. Soon after the business meeting the old group members initiated the new ones. First they made them drink blood or hard cider, next eat a horse's egg, which was an oyster; they then made them drink an egg, which they said was water; the next thing they made them eat was some salt mixed with some sugar. Then came the worst part of the initiation.

## The TOWN DOCTOR (THE DOCTOR OF TOWNS)

Most people are like ducks

You read about "self-made" men. There is no such thing. No man ever made himself. Other people did it. The so-called "self-made" man was just smart enough to know that every time he did something for others, others would do more for him — and he did it.

You want to make money. You wouldn't be doing what you are doing if you didn't. Believe it or not, the fact remains you can not make money unless your neighbor does. Therefore, what you do to help him, helps you; and what he does to help you, helps him.

Your neighbor isn't just the man next door, but the man next door to him and the man next door to everybody else in town. In other words, your neighbors are the people who make up your community.

If your neighbors didn't do for you, where would you be? You can't do a thing by yourself. You can't eat, sleep, work or play without others entering into it in some way. Sounds ridiculous, doesn't it—but try getting along by yourself and see how far you get. Socially, the fellow who does not hold up his end is a poor sport, a short horse, a tightwad and a moocher. You say, "He has fish hooks in his pockets," which is anything but complimentary, and something that you would not want said about you. In fact, you detest such people.

There really isn't a great difference between things social and things civic, except that there are more short horses entered in the latter event. Many of you who are good sports socially are moochers civically — not always intentionally so, but so, nevertheless.

Most of you are like ducks. Ducks are used to water — in fact, can't live without it. While they have it, they don't worry because of the lack of it; but if their pond dries up they quack their heads off.

Others are working to keep the water in your pond — to insure continued existence, growth and prosperity of your town that you and your neighbor may live, work, play and make money. Recognize it; appreciate it. If in the past you have unwittingly been a civic tightwad, there is no time like the present to come out of it.

## HOLIDAY PROGRAM AT WALT WHITMAN

Jean Crawford Stars in Metro-Goldwyn-Mayer Feature

The holiday program arranged for the last half of this week at the Walt Whitman Theatre is replete with many unusual features and surprises in abundant quantity and of exceptionally high calibre.

The stage offers a wide variety of entertainment which runs the gamut of variety offerings at its best. Heading the list of acts is "The Revels of 1929," with "Mittie," Gaudier's Phonograph Dogs, in their unique act, "Canine Intelligence Around a Phonograph," will open this special Thanksgiving week vaudeville bill; Nee Wong, Jr., in "A Breath of the Orient," is known as "The Orient's Ukulele King." The comedy end of this bill is furnished by Raymond and Allen, in their comedy act entitled "A New Act for Vaudeville."

Immutability of laws of life and the fashion-made ethics of the so-called "Jazz Age" combat in what turns out to be one of the most powerful social dramas of the year, "Our Modern Maidens," Metro-Goldwyn-Mayer's first starring vehicle for Jean Crawford, a synchronized sound production, which will be the feature photoplay on Thursday, Friday and Saturday.

## MURDERER BACK IN JAIL FOR TRIAL

Plant, Who Killed Mrs. Shedaker, Said to Have Recovered Sanity

Fred Plant, indicted for the murder of Mrs. Isabel James Shedaker on December 27, 1927, was returned to the County jail at Mount Holly last week, from the State Asylum, Trenton, for trial. Dr. Henry H. Cotton, head of the asylum, having reported that the prisoner has recovered from an attack of insanity that followed the murder.

A short time after the crime was committed, Plant showed pronounced symptoms of insanity. He attempted suicide by shooting himself in the ear and was confined to the Burlington County Hospital for several weeks.

On motion of his counsel, Robert Peacock, Justice Frank T. Lloyd, who then presided in this County, conducted a hearing to determine Plant's sanity. Testimony of a number of physicians, including Dr. Cotton, was to the effect that Plant at that time was mentally unbalanced. Justice Lloyd then committed the defendant to the State Asylum, with a proviso that if he recovered normal mentality he should be brought back for trial. Dr. Cotton reports that Plant has recovered. The defendant has been in the asylum about 18 months.

Plant, it will be recalled, fatally shot Mrs. Shedaker while she was driving a car near Steven's Station. Rumors were that he had been paying attention to the widow, but that she finally jilted him, which, the prosecution charges, aroused his ire to such an extent that he deliberately planned to kill her. He followed her in his car and when he caught up with her, jumped out and fired two bullets into her brain. Then he turned the revolver on himself and attempted suicide.

Women first appeared on the stage during the latter part of the 17th century.

## Engaged

The engagement of Miss Mabel B. Evans, daughter of Mrs. Abigail I. Evans, of Cooper street, Marlton, to Samuel Garwood, son of Mr. and Mrs. C. Garwood, of Bank street, Medford, was announced at a dinner party at Hotel Sylvania, Philadelphia, Saturday evening, November 16. No date has been set for the wedding. Miss Evans is widely known in Moorestown, being a bookkeeper at the Moorestown Trust Company.

## Silent Signs of Good Homemaking

Guests put the home to its severest test. And their judgment will be used not only on the more obvious features of the home furnishings, but on such details as will be noticed in the plumbing and its accessories for the kitchen and bathroom. In the modern American home these furnishings are given quite as much attention as many others. Rightly so, for they contribute much to the convenience and health of the family.

## ELMER C. GRIMLEY IS APPOINTED AS RCA-VICTOR HEAD

Fine Record Warrants Position of Trust in New Company

### MOORESTOWN ACTIVE AS VICTOR CO. OFFICIAL

The appointment of Elmer C. Grimley, resident of Moorestown, as treasurer and controller of the RCA-Victor Company, Inc., has just been made public by E. E. Shumaker, president of the new company, which begins operations January 1, 1930.

Announcement of the formation of the RCA-Victor Company, Inc., was made last month by General J. G. Harbord, president of the Radio Corporation, General Sweeney, president of the General Electric Company, and Frank A. Merriam, president of Westinghouse Electric and Manufacturing Company. Beginning with January 1, of next year, the Radio Corporation of America, General Electric Company and Westinghouse will form a new company to carry on research activities as well as all the engineering, manufacturing and selling activities in connection with radio sets, talking machines, records and other devices in the home entertainment field now sold by the radio-Victor Corporation and manufactured by the General Electric and Westinghouse companies.

The unification of the radio research and engineering facilities of General Electric, Westinghouse, RCA and Victor is of major importance, according to the announcement, in that the same staffs which have produced so many of the important contributions to science and engineering in radio and the entire home entertainment field, will not only co-operate in the future, but will actually be consolidated under single and unified direction. The new company will continue, however, to get the full benefit in its field of the broad research facilities of the General Electric and Westinghouse companies.

Mr. Grimley is a native of Newburgh, N. Y. He was graduated with honors from the School of Commerce of New York University and following graduation was a public accountant in New York City for four years. When the United States entered the war, Mr. Grimley enlisted in the Navy. Two years later he was discharged with the rank of lieutenant. At the close of the war he joined the Victor Talking Machine Company.

With the Victor Company Mr. Grimley held the offices of assistant treasurer and assistant controller, and then treasurer and controller. In addition to the duties associated with these offices, he was active in the organization and management of Victor's foreign and domestic subsidiaries. When the Radio-Victor Corporation of America was formed to handle the sales activities of the Radio Corporation of America and the Victor Talking Machine Company, Mr. Grimley was appointed treasurer and controller.

### Porter — Gillespie

Alberta Elizabeth Mary Gillespie, daughter of Mr. and Mrs. George Gillespie, of "Woodview," Prospect avenue, Moorestown, became the bride of Lewis Morgan Porter, of Williamsport, Pa., on the late Mr. and Mrs. John Porter, of Moorestown, in the Trinity Episcopal Church at four o'clock, Saturday afternoon. The Rev. Edgar L. Sanford, rector, officiated.

Norman Stryker, organist, played the wedding march. The bride entered the church on the arm of her father. She wore a striking gown of white satin, fashioned on extreme princess lines. Her veil was of tulle, trimmed only with old family lace. Her shower bouquet was of white roses and lilies of the valley.

Mrs. Henry Stoddard Ritter, of Germantown, was the former Eleanor Gillespie, was the bride's only attendant. Her gown was of poudre blue satin, fashioned on princess lines, also. Her hat was of panne velvet and she carried bronze chrysanthemums.

John Porter, Jr., of Cambridge, Mass., acted as his brother's best man. The ushers were C. Talbot Porter, David B. Porter, John Ashhurst Leiper and Henry Stoddard Ritter.

Following the reception at Woodview, Mr. and Mrs. Porter took their residence at 951 West Fourth street, Williamsport, where they will receive after January 1.

### Delay Completion of Palmyra-Berlin Road

Announcement has been made by the State Highway Commission that the new State Highway from Palmyra to Berlin would not be completed for a year. This is probably according to schedule.

Work on this road has been carried on since last April and one stretch is not fully completed. This is the section from King's Highway through Fellowship to the Kresson road, just south of Marlton. Work was started on this stretch last April. This road is now open to travel, but is not used for through traffic to the bridge, as the section north of King's Highway to Palmyra is not in good condition.

## KASER IS SPEAKER AT PALMYRA CLUB

Tells of Many Improvements in County and Discusses School Merger

Members of the Men's Club of Christ Church, Palmyra, held an enjoyable session Monday night when County Superintendent of Schools, Louis J. Kaser, was the principal speaker.

Mr. Kaser gave some very interesting information about the schools of the county and their growth since 1913 when he became head of the school system.

His talk was filled with figures and comparisons which gave a clear idea of the vast improvements made in this section during the past few years.

The speaker touched on the proposed merger of the Palmyra, Riverton and Cinnaminson schools citing some of the many benefits to be derived, chief of which will be the economy of such a move.

This movement was started some time over a year ago when a committee from the Riverton Board of Education called on the Palmyra Board and suggested that the proposition of a merger be considered. The boards of the three districts concerned are said to be in favor of the consolidation.

The matter was shortly afterwards referred to the state department for investigation and a survey was undertaken so that definite information might be available. This survey will be completed in a few days and will be laid before the people of the community for their consideration.

Another interesting feature of the meeting was a reading by Herbert Warren. He told an interesting story which he had written himself and which held the undivided attention of the entire audience. Mr. Warren, a former resident of Palmyra, has just returned after making his residence in Delaware for several years.

A musical program of unusual merit, of both vocal and instrumental music, was rendered by talented friends of the club. J. J. Siddall and his instrumental quartette gave several pleasing numbers. The quartette is composed of Mr. Siddall, violin; Joseph Williams, cornet; A. N. Palmer, clarinet; R. M. Martin, piano.

Miss Amy Milton, soprano, and George Cardwell, baritone, were the vocalists of the evening. They were accompanied on the piano by Lee Milton.

Announcement was made that the December meeting of the club would be held Monday, December 30, instead of the fourth Monday, which falls just two days before Christmas.

A forum has been arranged for this occasion when the following will be speakers: Ralph Stager, "Air Brakes"; Charles A. Dietz, who will discuss a particular phase of printing; William Carson, whose subject will be "Some of the Finer Things of Life"; F. W. Spahr, "The Wild Generation"; W. C. Warren, "The Automobile"; Herbert Warren, "Physiology of Salesmanship."

Richard E. Wilson, director of the forum, announced that he would speak on "Oddities of the English Language."

Eight new members were admitted to membership at the meeting as follows: John Patterson, 17 New Jersey avenue; George Glover, 514 Garfield avenue; Robert O. Adams, 106 Memorial avenue; Frank Rose, 822 Morgan avenue; J. Wilbur Evald, 735 Morgan avenue, all of Palmyra; and Robert Gowell, 217 Cinnaminson street; George Hunt, 205 Elm avenue; W. Edward Ridgway, 607 Elm avenue; all of Riverton.

### A HOT EGG DESSERT

Beat the yolk of four eggs, mix with one teaspoon sugar, three tablespoons powdered sugar, a very little salt; flavor with extract lemon or any other flavors that may be preferred. Whisk the whites of the six eggs to firm froth; mix them lightly with yolks, pour the mixture into a greased pan or dish; bake in quick oven. When well risen and lightly browned on the top it is done; roll out in dish, sift pulverized sugar over and send to table.

Glowworms belong to the beetle family.

## CHRISTIAN SCIENCE LECTURE IS GIVEN

Accord with Lord's Prayer Emphasized by Speaker Sunday Evening

A lecture on Christian Science was given in the Broadway Palace Theatre, Palmyra, Sunday evening by Arthur P. DeCamp, C. S. B. of St. Louis, Missouri, member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The lecturer was introduced by Mrs. R. J. Dickson who said in part: "This lecture is being given by First Church of Christ, Scientist, in Riverton, and we are glad to have you with us this evening."

The days are past in which Christian Science was viewed as weird and mysterious. Today men and women are more ready to give audience to this promise for better health and greater happiness.

The Bible used in the Christian Science Church is the same as that used in all Protestant churches, viz., the King James' version. Our textbook, Science and Health, with key to the Scriptures, is not the Christian Science Bible as some critics aver, but what it's author, Mary Baker Eddy, declared it to be, "a Key to the Scriptures."

Promises All True Mrs. Eddy does not claim to have created a new form of religion but only to have discovered that the promises in the Bible, from the first chapter of Genesis to the last chapter in Revelation are true, and are applicable to every human need for all time. Her discovery meant so much to her that she wished mankind to share it.

The Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., established for this purpose, and the lecturer we have here with us is a member of that Board. He has selected for his subject: Christian Science; It's Accord with the Lord's Prayer, and I take pleasure in introducing to you Arthur P. DeCamp, C. S. B., of St. Louis, Missouri.

Following is a brief extract from Mr. DeCamp's lecture:

When Jesus of Nazareth whom we know as Christ Jesus, put into words the wonderful statement of living truth which begins, "Our Father which art in heaven," he was revealing to the reality of being, and in the same statement gave the instruction which we need to put this real sense of life into daily and hourly use. In other words, the Lord's Prayer teaches us individually how to be Christians, and the reality of being, and in the same statement gave the instruction which we need to put this real sense of life into daily and hourly use.

Stupendous Achievement But the process is not so simple as that. And who that has felt the joy of battle, the joy of overcoming, the joy of understanding, would care to be born a Christian? A Christian is born not of the flesh but of the Spirit. Christian Science makes it very clear that to be a Christian, and keep on being a Christian, is in the nature of a stupendous achievement.

To be a Christian, does it not mean continually to seek to know more of the great truth of spiritual being—the Christ, Truth—and continually to strive to live the Christ, Truth? Genuine Christianity is no more at peace with worldly-mindedness today than it was nineteen centuries ago. On page 16 of the Christian Science textbook "Science and Health with Key to the Scriptures," written by Mary Baker Eddy, the Discoverer and Founder of Christian Science, we read, "Only as we rise above all material sensuousness and sin, can we reach the heaven-born aspiration and spiritual consciousness, which is indicated in the Lord's Prayer, and which instantaneously heals the sick."

"Our Father which art in heaven." What is heaven? The word "heaven" can only refer to the things of the Spirit. It is the "secret place of the Most High," secret in a spiritual sense, but it is not a secret to spiritual consciousness, which is heaven. Unselfed love, which knows no fear and no hatred, dwells in heaven.

Heaven Not Far Off Heaven is the divine presence—omnipresence—all-presence. It is not a far-off locality in which a comparatively few are destined to spend eternity. It is the infinity of good, of Life of Love. The Hebrew and Greek words for heaven, and heaven, in our English Bible, never did mean a locality. According to the scholars the literal translation of the Hebrew is "heaven up things," and of the Greek, "sky." These metaphors plainly were intended to convey the sense of exalted thought or spiritual consciousness.

The Founder of Christianity could not have been thinking of a far-off material place when he declared, "The kingdom of God is within you." Heaven is the one Mind—the Mind which belongs to each and to all. The things of the Spirit, the things of Truth—the one Mind—are necessarily harmonious. Only the false beliefs, material sense are discordant—discordant because erroneous.

Mrs. Eddy's Definition Mrs. Eddy gives her spiritual sense of the first line of the Lord's Prayer in the wonderful words (p. 16), "Our Father—Mother God, all harmonious." Since Father is a good word to convey a sense of the power and the wisdom of the one Mind called God, and of His abundant provision for the needs of all His children, the word Mother adds to the concept the thought of Love's tender care and certain understanding of our needs. Mrs. Eddy writes on page 292 of the textbook, "Father—Mother is the name for Deity which indicates His tender relationship to His spiritual creation."

The one Mind, or heavenly consciousness, is eternal Life, and eternal life is eternal now. One need not wait until after what is called death ensue before enjoying eternal life. This Mind, this Life, is synonymous with divine Love. One's knowledge of Truth is in proportion to his demonstration of Love, and we only learn to live as we learn to love.

## Moore Admits He is to Run for Governor

Former Governor A. Harry Moore, whose candidacy for Governor in 1931 was announced at a Democratic meeting in Moorestown by Judge William H. Hauley, of Hoboken, on October 28, and denied by Moore later, when he said he "could not be responsible for the zeal-ousness of his friends," has stated that he will be a candidate.

Covered by reporters on a recent visit to the State House at Trenton, Moore admitted that he would seek the Democratic nomination in 1931, thus spiking reports circulated that he might be a candidate for the United States Senate in 1930.

The declaration was taken by political leaders as leaving the Senate nomination open to State Senator Alexander Simpson, of Hudson County.

## XMAS GIFTS FOR INDIAN SCHOOL

Burlington County Girl Reserves Responsible for Providing Bismarck Children

Girl Reserves of Burlington County are working hard to get Christmas presents ready to send to the girls of the United States Indian School at Bismarck, North Dakota. Every year Girl Reserves of many different sections of the United States send gifts to the children of the various Indian reservations, many of whom receive no other gifts. The Burlington county girls have this year taken upon themselves the responsibility of providing for all the children of the Bismarck School, and in so doing are also discovering many interesting facts concerning the Indian life of our country and its contribution to our civilization.

Any county which has not yet secured names of the girls to whom their gifts should go, may do so at once from the County YWCA office. Adult Guidance Council.

Girl Reserve advisors and secretaries of Pennsylvania, Delaware, Washington, Maryland and New Jersey, held their annual Adult Guidance Council at the Chester, Pa. YWCA, November 22 to 24. The purpose of the conference was to give the leaders definite material which they could use in their clubs, such as new songs, new ideas for handicraft, ways of conducting programs on health, suggestions for worship services and games to be used with no equipment.

Miss Brubaker Trull, of the National Girl Reserve Staff, gave two talks, one on "World Wide Scope of Girl Reserve," and the other on "How Interest Groups are Girl Reserve Method." Burlington county delegates were Mrs. Margaret Bayler, advisor in Moorestown, and Miss Dorothy Cleburn, county Girl Reserve secretary.

Mrs. Nance, New Advisor Mrs. Grover Nance is the new advisor who will work with Miss Mary Brown in leading the grade school and junior high school Girl Reserve Clubs of Vincentown. These two groups meet Monday afternoon at the school. The third group of Girl Reserves at Vincentown, the Senior High School Club, of which Miss Anna Haines is advisor, meets at the YWCA Hall. The girls have been working hard to make this an attractive clubroom.

Moorestown New Advisor Mrs. W. B. Waefeler is the new advisor of the Moorestown High School Girl Reserves. Girls who belonged to the club last year held a preliminary meeting at the Community House, Thursday afternoon, November 21. They elected Emma Mason as temporary president, and Edna Morris as temporary secretary, and planned a meeting for December 5 at which time the Girl Reserve organization and purpose will be explained to the new girls. This will be followed by a social time.

Delanco Holds Recognition Service The Delanco Girl Reserves of Group No. 1, of which Mrs. C. S. Denning is advisor, held its second annual recognition service for new members, Thursday evening, November 14. President Cora Dennis, welcomed the new girls to the friendship of the group. A welcome by the entire club was given by music and an attractive drill which the girls had prepared. This was followed by the recognition ceremony, which is the candle-lighting service by which girls are recognized as Girl Reserves, and a short talk by Mrs. Henry Thaidigman.

## WOMAN PASTOR BRIDE OF MOORESTOWN MAN

Rev. Mrs. Nellie B. W. Coons and George Knell, Jr., Married at Inwood, L. I.

Monday evening, November 25, George Knell, Jr., a life-long resident of Moorestown, and the Rev. Mrs. Nellie B. W. Coons, of Breakabeen, N. Y., pastor of the Moorestown Methodist Protestant Church, were united in marriage at Inwood, Long Island, N. Y., by the Rev. R. F. Day, president of the Eastern Conference of the Methodist Protestant Church.

The couple will visit Albany and other places of interest in New York State, and will motor home via the Catskill Mountains.

Mrs. and Mr. George Knell, Jr., will be at home to their many friends after December 3, at 254 West Main street. When Mrs. Knell will resume her duties as pastor of the Church.

## FRIENDS DEDICATE FINE NEW SCHOOL

Moorestown Institution, Largest of Its Kind in the State, Formally Opened

A crowd of enthusiastic parents, teachers, and alumni that filled the spacious auditorium of the new Moorestown Friends' High School to capacity, witnessed the dedication exercises of the building, last Thursday evening.

M. Albert Linton, chairman of the school committee, presided. In his introductory remarks he sketched briefly the history of the institution from Revolutionary times up to the remarkable growth of the past few years. He also paid tribute to the efforts of Samuel H. Matlack, heading the subscription largely responsible for the new building. J. Clyde Rogers, of J. S. Rogers Company, who supervised its construction in record time, and others.

He then introduced Richard Frakine, the architect of the building, who turned over the keys. They were then duly presented to Chester L. Reagan, headmaster of the school. In accepting them, Mr. Reagan outlined the broad aims and liberal policies which are being worked out in the school's program.

The chief speaker of the evening was Dr. J. Duncan Spaeth, Professor of English at Princeton University. Dr. Spaeth has been heard many times in Moorestown, but possibly no address he has ever made more profoundly touched an audience than this one. He gave eloquent testimony to Quaker ideals in education, and progressed to the main theme of his discourse, which dealt with a fully-rounded school life for boys and girls. True education, he said, is more than the mere acquisition of facts and theories contained in books. It is made up also of action, of contact with reality in nature, of self-expression. Education is not merely preparing for life, but living.

At the conclusion of Dr. Spaeth's address the audience was invited to inspect the building, under the guidance of the students. It is a handsome brick structure of the true Colonial type, thoroughly modern in its appointments. It is built to accommodate 300 students in the senior and junior high schools giving the school a total capacity of 600 students. Completely fireproof construction, up-to-date heating and ventilating, and all southern exposure for the classrooms are among its features.

A large gymnasium of the most modern type opens directly from the back of the stage, in the auditorium, affording a full view of the basketball floor. An attractive library, fully equipped laboratories, manual training and domestic science rooms, teachers' rooms, parents' room and offices are other interesting features.

Moorestown Friends' School is the largest school under Friends' management in New Jersey. Its present enrollment of 402 pupils is made up of children from almost every community within a radius of twenty miles of Moorestown.

"That man cheats," said a golfer as he entered the club house. "He lost his ball in the rough and played another ball without losing a stroke." "How do you know he didn't find his ball?" asked a friend. "Because I've got it in my pocket."

## Fire Chiefs to Try New Traffic Rules

Burlington County fire chiefs, a unit of the State Chiefs' Association, at a recent meeting at Mansville, went on record as favoring a plan whereby each company responding to an alarm of fire in the rural districts will drop a man off its trucks at the fire for the purpose of directing traffic.

Practically all companies in the county have fire police with full police powers when responding to an alarm or operating at a fire. This makes it possible to put the plan into effect immediately.

Traffic jams at fires have been a serious problem of the fire chiefs and they are determined to prevent them. With the co-operation of the motoring public, this plan will do a lot toward relieving the usual congestion about fires.

"SUNSHINE" ROOFS ON FOREIGN CARS W. R. Milner, Oakland-Pontiac Body Engineer, Reports on Trends at European Auto Shows

A trend toward American body designs, cars tinted in a rainbow range of colors, and increasing use of the sliding or "sunshine" type of roof on closed models are among the European automotive developments reported by W. R. Milner, body engineer for the Oakland Motor Car Company, who has just returned from the Paris and London automobile shows.

"Both the British and Continental manufacturers appear to be adopting American ideas—and in many cases American methods—in the building of automobile bodies," said Mr. Milner. "From our viewpoint, this trend naturally results in greatly improved appearance and style of the new cars."

"Colors have run riot. Contrasted with the more or less subdued tones of American cars, the European builders seem to be using the entire arc of the rainbow. The British cars reveal the widest range of color including certain pale shades of blue that are particularly striking."

"A large number of the closed British models carry the 'sunshine' roof, which rolls or slides toward the rear, leaving open a large section of the top of the car. In general, it is claimed that these roofs are watertight, rustproof and in general present the same appearance and bad weather advantages of the fixed limousine top. It is doubtful whether this type of top ever will find wide favor in America."

## REAL SERVICE ON TILICUM TICKETS

Sets May be Obtained by Phone for Palmyra High School Minstrel

Tickets for the Tillicum Minstrels will go on sale Monday, December 2. The Minstrel will be given by the students of the Palmyra High School, Friday and Saturday evenings, December 13 and 14. A new service is being offered for securing tickets for this production. If you will phone Riverton 796 and give your order for tickets they will be delivered right to your home. "Do not put off till tomorrow what you can do today," holds true with regards to ordering tickets. Only as many tickets as there are seats will be put on sale.

The Tillicum Minstrels will be headed by Henry Wilbraham as "Till" and Walter Price as "Cum." Eugene Bruno, Thomas Price, Roy Flynn, and Maurice Wiggitt complete the list of endmen.

A blackface farce, "It Was 'Dis Way, Judge," is being prepared as an after-piece. All the colored ladies parts will be played by boys. The cast for this selection will include Rodman Terrell, Murry Kirkpatrick, Archie Beabrook, Harry Furman, Richard Furman, Jack Kelly, Jack Wilkins, Roy Porce, Cramer Charwood and John Renshaw.

Some very spectacular dances will be presented by three different groups of girls. An added novelty will be the solo dances presented by Dominique Price and Roy Flynn. The girls in the first chorus are Irene Sippel, Margaret Crouch, Elma Jones, Eleanor Taylor, Ruth Lutz, Louise Ayers and Lenore Shovel. The second chorus that will entertain you will include Nan Evans, Jane Blackwell, Martha Downing, Janet Koenig, Marie Carden, and May Price. The third group has Martha Downing, Janet Koenig, Esther Shocker, Grace Kneibler, Marie Carden, Virginia Zayotti, Edith Will, Lucy Fabricatore, May Price, Reba Willard, Mary Sanford, Eleanor Nixon, Alice Hoare, Dorothy Saltmer, Nancy Pinn and Edna Barker.

The singing chorus, both boys and girls, promises to add color and pep to the entire production. Those who will comprise this division are Elizabeth Hudson, Marion Pennington, Josephine Malloy, Marie Zimmerman, Anna Seattergood, Gertrude Klein, Maria Alway, Alice Wright, Jane Mathis, Gertrude Burr, Marie Jander, Margaret Smith, Dorothy Shea, Dorothy Goodwin, Irene Murray, Alice Bartley, Cecilia Baker, Florence Harding, Edna Schenberger, Marjorie Powell, Mildred Mickle, Myrtle Harman, Ruth Stager, Olga Probsting, Helen Eide, Carrie Bates, Verna Harke, Mildred Goodwin, Doris Hampton, Eleanor Richmond, and Jean McKeen. The boys of the group are Russell Horst, Arthur Terrell, Irving Tallman, Walter McAllister, Leon Coles, Francis Braun, Vincent Hackett, Frederick Wilbert, Wesley Hemphill, Francis Klevan, Jack Wilkins, William Sheddaker, William Greene, Howard Myers, Robert Horton, Leon J. Jurd, Herbert Parsons, Jay Reed, Lionel Klevan, Stanley Lippincott, Charles Wyncoop, William Evans and Roy Hirst.

## Some Long Words

What is the longest word in the English language? That is a hard question to answer, as writers have from time to time coined words of extraordinary length which have never gotten into general use.

The longest in Webster's International dictionary is honorableness, defined as "honorable," a pedantic nonsense word, used by Shakespeare in "Love's Labor Lost," and containing 27 letters.

But in chemical treatises may be found even longer words more wonderfully compounded than the chemical products which they describe. For example, tetrahydroparamethyl-oxyquinoline, with 31 letters; also paraoxymethoxy-allylbenzene of 30 letters, and others.

English must yield the palm to some foreign languages, however, when long words are considered. In German, schützengrabengruftungautomobile, with 35 letters, is as formidable as the war engine it describes. In English this machine is commonly designated by the four-letter word "tank," a saving of 31 letters going to the credit of our mother tongue.

Longest of all so far discovered is a Greek word of 181 letters, which appropriately enough is the name of a dish containing many ingredients. We call it simply "hash."

Out of consideration for the linotype we do not spell out the Greek word here. We have already given him and the proofreader worry enough for one day.

## Thanksgiving Day

The first Thanksgiving Day observed in America was that proclaimed by Governor Bradford of Plymouth colony in 1621, the year following the landing of the Pilgrims. During colonial days similar observances were held on various occasions.

President Washington by proclamation set November 26, 1789 as a day of general thanksgiving, but during the early history of the Republic such observances were irregular, and the several states generally set their own

dates for holding them. It was not until 1864, under President Lincoln, that the last Thursday was settled upon as Thanksgiving Day throughout the United States.

The fixing of this date is said to have been largely due to the efforts of Mrs. Sarah J. Blake, an American author, who began agitating for a uniform annual date about 1840. Each year she wrote to all state governors asking that they name the last Thursday in November and gradually they fell in with her idea.

On the Pilgrims' first Thanksgiving Day wild turkey formed the chief constituent of the feast, and ever since turkey has been inseparably associated with the day's observance.

## Tariff Tangles

General Winfield Scott Hancock ran for President in 1880 against General James A. Garfield. General Hancock didn't know anything about politics, but he had a lot of common sense. His most famous campaign utterance was:

"The tariff is a local issue."

That ineptitude ruined General Hancock politically. Yet it was true, and is still true, but the politicians do not want the public to believe it. Their jobs too often depend upon making their constituents believe that the country will go to ruin if tariff rates are not increased, or reduced, or something.

The current squabble in the Senate over the proposed new tariff law furnishes new proof of General Hancock's dictum. "Southern" groups, "Western" interests, "Eastern" manufacturers and communities are struggling to gain advantage over other sections. The Frank M. Grundy, representing the Pennsylvania manufacturers, tells a Senate committee that he regards other states as "backwards" and regrets that they have equal representation in the Senate. Senator Moses of New Hampshire lowers his dignity enough to term the Western Senators who disagree with him "sons of the wild jackass."

The present tariff law provides a Tariff Commission and gives it and the President ample power to revise tariff rates whenever and however national interests require such revision. Some simple-minded folk thought that was going to end the spectacle of the suspension of other public business in Congress while localities and local groups fought each other for the extra dollars.

No intelligent politician ever had any such idea. That is not the way politics operates. National interests are one thing, getting re-elected by local votes is something else again. In a controversy of this kind, it is always the national—that is to say the general public's—interest that suffers in precise proportion to the degree in which a given locality or industry profits.

Lem Pixley went over to the flying field the other day to watch the parachute jumpers. He says that fellow that got killed falling out of a ten story window in his pajamas would have landed all right if he'd worn an old fashioned nightshirt.

## DETECTIVES

The greatest detective system in the world is the famous Scotland Yard, which is the crime-hunting section of the British Government. And the best detectives of Scotland Yard, its high officials says, were born and reared on the farm.

There are several reasons why farm boys make good detectives, after proper training. Robust health and physical vigor count heavily. Farm boys grow up with the habit of observing little things, and most criminals are caught because of little clues which they did not notice. The habit of patient, hard work, without expectation of instant results, is ingrained in the boy on the farm. Catching crooks is mostly a job of patient, hard work. Most of all, farm boys grow up with respect for law and hatred of crime, where the city boy, observing petty infractions of the laws all around him, tends to become tolerant of crime and criminals.

## CATS

Cats of the Isle of Man are famous because they have no tails. Somebody imported long-tailed cats and the tailless breed is disappearing. Manxmen have begun a campaign to revive the old Manx strain by selective breeding. Every farmer knows how that is done.

Eugenists say the same process of breeding up to higher standards should be applied to the human race. Slave owners used to do that. But even if free men consented to external control of their natures, who would set the standards to be bred to? The authorities in charge would quarrel over that. Each group would insist that its own standards were best.

Nature is gradually mixing the human race. A million years from now, perhaps, sooner, as international barriers break down more rapidly, all mankind will be as homogeneous as the Chinese are today. Then it will be time to consider breeding up to standards on which all can agree.

## ROBOTS

"Robot" is the name coined by a Bohemian playwright for a mechanical man who could do everything but think. Engineers and others now use the term for automatic devices which relieve the operator from the necessity of thinking. Inventive science has found ways to build the engineer's brains into the machine. The latest Robot is the gyroscope, full brother of "Metal Mike."

"Metal Mike" is the gyroscope steering device used on every big ship, more accurate than any human helmsman. Elmer Sperry, its inventor, has built his brains into a similar device for airplanes, which relieves the pilot of all strain except in taking off and landing.

Before long starting and landing will be under automatic control and flying will be safer than motoring is today.

## NEW YORK

Without New York City where would the farmer sell his products? New York consumes one-fifth of all the fresh fruits and vegetables shipped in the United States, according to the Federal Bureau of Railroad Economics. Every State except the Dakotas, Kansas, Nebraska and Wyoming ships green stuff to feed the metropolis. Some folk believe that the inhabitants of New York are a species apart, content only with the necessities of life, and that they are mostly farmers from the farms and small towns and they still have to eat. The more they are concentrated in the city, the greater their dependence upon the farmer.

It is foolish to imagine that New York is not vitally concerned with every measure looking toward the improvement of agricultural conditions.

## AUTOMOBILES

An English maker of "baby" cars, with a six-foot-three-inch wheelbase, is starting a factory to make them in America. American roads are not good enough to permit little cars like that to go almost anywhere except across the continent. There are still no through routes from the Atlantic to the Pacific which have not long stretches of dirt, almost impassable in bad weather. If these "baby" cars prove popular, American makers will imitate and improve on them. That is automobile history.

Automobiles were invented in Europe. Gasoline cars were in use there years before any were made in America. Europe had good roads to begin with; roads built to haul cannon over. But European people have had to spend so much for cannon that they still have no money with which to buy motor cars, by comparison with America.

Cheap cars gave this country good roads. Perhaps the new "baby" cars will compel us to make all our roads perfect.

## LIVE PIKE IN GUTTER

William H. Stillwell, Mount Holly letter carrier, found a pike, 12 inches long, in the gutter on upper Main street, near the mount, that apparently came from the reservoir, which was being cleaned, the water from which on such occasions flows through a drain pipe to the gutter. The fish was alive when Mr. Stillwell picked it up. As the town's water supply is obtained from artesian sources nowadays there was much conjecture as to how the fish could have found its way into the reservoir. Especially as the two big basins are cleaned twice a year.

BY JOHN J. ...

Tennyson, I mean. Take your copy of Tennyson's Poems, and turn to "Locksley Hall." Wander down the first words in lines, until you come to this:

"For I dip into the future, far as human eye could see."

Then read attentively the eighteen or twenty lines following; a prophecy is there that is being fulfilled today—and it is wonderfully beautiful.

He saw the age of flying. He visualized the era of commercial aviation, now being transformed into reality. He saw the world clash of arms; heard the heavens filled with shouting; sensed the rain of "ghastly dew" from the poison gas bombs; the conflicts of "the nations' airy navies grappling in the central blue."

He foretold the termination of the fearful thing in "the Parliament of the world, the federation of the world." After that—"The common sense of most shall hold a fretful realm in awe—And the kindly earth shall slumber, lapt in universal law."

Almost—almost—but not quite. It is coming—the time when "the common sense" of most shall prevail, even unto the reign of "universal law."

One of our own great statesmen, believed with all his might in a league of nations; other great statesmen declared an association of nations to be the need; still others, equally not, wanted nothing of the sort. Confusion, uproar, hard words came to our national family councils; the people arose, and swept the whole mess aside.

If I discern the signs of the times; bright, world-effort is straining toward the point wherein the common sense of most shall hold the fretful few in awe. . . . It will take untold years to bring peace and tranquility to the peoples of earth—and the universal law is none other than God's law.

The laws of man can never transcend the laws of God. May heaven forbid that I should ever descend to the level of partisan politics!

International Sunday School Lesson for December 1

THE CHRISTIAN HOME IN A MODERN WORLD

Luke 2:40-52

Rev. Samuel D. Price, D. D.

The HOME is the basic institution in the life of the world. It naturally came before the state or church. Booming houses and eating out, which is part of the trend of the times, is not upbuilding the home. Problems that arise from discord and divorce make the home, "Home, Sweet Home," a parody. No matter how modern may be the world the necessity for the old fashioned home continues. Therein was the truly-father, mother and child or children. The home was God-established, both in the very nature of our being and also in His enactments. As the truths apply vitally to our daily living and future ambitions special attention should be given to the carefully selected passages of Scripture. They are Deuteronomy 6:3-9; Matthew 19:3-9; Luke 2:40-52; 24:25-32; Ephesians 6:1-9; II Timothy 1:3-9; 3:14-15.

No people has honored the home more than the Hebrews. The first Bible selection calls attention to the instruction that God gave about writing the Scripture on the door posts of the home and teaching it to the children within it.

Jesus, the boy, was a product of such a Hebrew home. The Bible tells us his reading book and he had been faithfully instructed in their content. At the age of twelve this well trained lad was taken with Joseph and Mary from Nazareth to Jerusalem that he might join in the Feast of Passover. Read the story in Luke for all the interesting incidents. He had learned well during the growing years in Nazareth and understood the fulfillment

## Here's How

By E. W. HOWE  
"The Sage of Potato Hill"

## BE GENTLE.

## SUPERIOR PEOPLE.

## LETTERS.

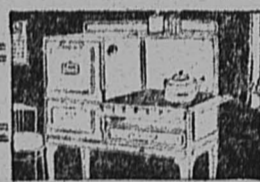

People are heedlessly mean to each other. We would all be better off if gentler in our manners. Occasionally a man must be rough, but as a very general rule gentleness is easier than a fight.

"The real fool is who who does not know himself," said Oscar Wilde. . . . I have always believed everyone knows himself, and lies when he says he does not.

Those odd persons who believe they are superior to the plain people, and struggle unsuccessfully for years to prove it, have a very poor opinion of us. Their formula of abuse is always about the same. One of them lately wrote: "Another eager human soul on the threshold longing to find some suitable high work in the world, all unwitting of the fact that ideal strivings are everywhere despised and discouraged." Clarence Whistler, a real Art man who could at least paint pictures which sold readily, and afforded him a living, said there never was an artistic period; never an artistic nation.

In reading I often encounter letters from famous people. They usually are dull, though exploited by the magazines or newspapers in which I see them. Letters have not been marked in my life as a means of imparting wisdom. I find conversation more valuable. A large per cent of it is foolish, but in the steady stream a jewel is frequently encountered. My objection to print is that it is monotonous big talk from persons on parade trying to attract favor by flattering the prejudices of prejudiced persons. It is in conversation one finds real opinions.

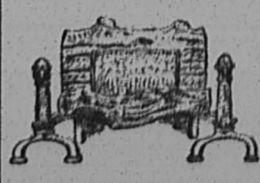

Oscar Wilde, most tremendous of critics of plain people, once made an admission I thought surprising. He wrote: "One who is entirely ignorant of the modes of Art in its revelation, or the modes of thought in its progress; of the pomp of the Latin line, or the ringer music of the vowel Greek; of Tuscan sculpture or Elizabethan song, may yet be full of the very wisest wisdom. Most of the really important things in the world have been accomplished by men who knew nothing of Tuscan sculpture, vowel Greek or Latin line."

## ARTICLE No. 8

If you are a fisherman, you have heard and told many a fish story and the biggest fish is usually the one that got away. If you are an auction player, you have heard and told many a story about the play and bidding of unusual hands. Here is a new one, where the "biggest fish" was actually caught.

Spades—A, 10, 8, 5, 3

No score, rubber game. Z dealt and passed. A and Y passed and B bid one diamond. Z bid one spade. A bid one no trump and Y bid two spades. B now bid three hearts. Z and A passed and Y bid three spades. B and Z passed and A bid four hearts. All passed and A B easily made four hearts. Z opened the ace of clubs and followed with the eight of clubs which B won with the king. He now led the seven of hearts and forced Y in the lead with the ace of hearts. Y now led the queen of clubs and followed with the four of spades. B trumped with the queen of hearts and followed with the eight of hearts, winning the trick in A's hand with the jack. He now led the queen of diamonds from A's hand and whether or not Y covers, A B must win the balance of the trick.

This is a normal hand, well bid and well played with one exception and that is Z's failure to bid as dealer. This failure to bid caused him and his

partner to lose the rubber. With a hand of this type, containing two quick tricks, one of which is at the head of a five-card suit, A as dealer has a justifiable bid.

Just suppose, for example, Z bids one spade. A's hand is pretty weak in everything but spades so the chances are that A would pass. He is well satisfied with the spade bid and his heart suit is hardly strong enough to justify a bid. If A passes, Y's proper bid is three spades. B will then bid four diamonds and all will pass. With the club opening as before, A B can make four diamonds and so will fall to score game. Don't pass a justifiable original bid if your hand contains the necessary values. The foregoing hand is a good example of what happens to the timid bidder. It is a well known rule of the overbidder or an under-bidder, the former is the lesser of the two evils.

Oh! Mrs. Fieckert  
Can This be True?

An interesting story, that is, interesting to those who are still interested in Mrs. Lillian F. Fieckert, the lady politician from North Plainfield, was published in the Newark News on Wednesday, to the effect that she has plans for the disbanding of the New Jersey Women's Republican Club.

It seems, according to the usually veracious News, that the Women's Club has been getting out of hand recently, rather than allow the revolutionists to obtain control, Mrs. Fieckert, with the aid of her friends in the organization, deliberately planned to junk it.

According to this version of her apparently vacillating course in first announcing her withdrawal as president and her later suggestion that she would remain in office until the February meeting, it is intimated rather broadly that Mrs. Fieckert only decided to hold the reins for a few months longer in order more effectively to wreck the club which she brought into being some years ago by much hard work and untiring campaigning among the women.

Mrs. Fieckert is not on good terms, politically speaking, with the majority of the leaders of the Republican organization. She doesn't like Governor Stokes; she has a very poor opinion of Senator Edge; she has said that things about David Baird, Jr., of Camden, and some of his political intimates, and it is rumored that her admiration for former Senator Frelinghuysen has cooled greatly of late.

I do not remember her having expressed an opinion concerning United States Senator Keen or Governor Larson, lately, but it is just as well. I doubt if the military lady would have had anything complimentary to say of either of them.

For years her Women's Republican Club was a formidable weapon in her hands and she knew how to use it. More recently it has not been the bugbear that once it was, and Mrs. Fieckert has plainly been slipping in influence both within and without the club. The story goes that the militant lady from Somerset County used her contemplated trip to Europe as a convenient peg on which to hang her withdrawal.

When she returns some time early next year, it is said to have been her program to organize a "bigger and better" club, a State-wide affair, without troublesome malcontents. Only her friends and sympathizers were to be taken into the new club, which was to rise out of the ashes of the old.

But the plans seem to have gone wrong. Maybe it will be difficult for Mrs. Fieckert and her intimates to wreck the Women's Republican Club, especially as there is said to be a large element within the organization which is quite frankly opposed to being abolished, dissolved, junked or whatever it is that is done to ladies' clubs when their presidents or chief boosters want to put them out of business.

A lot of wire-pulling is in prospect 'twixt now and the February meeting, when Mrs. Fieckert is expected to preside as of yore and be on the alert against any surprise movement on the part of those who are averse to allowing her to drive the club into disbandment. This faction declares its intention to carry on in the present club, whether Mrs. Fieckert organizes one of her own or not.

Mrs. E. Selby Williams entertained the Wednesday afternoon card club this week.

To profess thanks and feel them are, too often, two distinct experiences. To give thanks and not feel the surge of gratitude and appreciation is the hollowest of mockery and the meanest sham. To proclaim thankfulness with the lips and fail to let the gratefulness echo in one's living and work is the clashing of symbols and the sounding of brass. Less talking and more living dominated by a thankful appreciative spirit in our relationship with God and with our fellowmen is what the old world sorely needs.

This spirit may be cultivated in the first place by the exercise of intelligent awareness of the ministrations of friends, home, the land, in which we live; by the functions of our bodies in the health and strength we enjoy and the ability with which they serve us; by the manifold activities of our minds; the exercise of reason, memory, imagination, and the will to control our destinies; by the spiritual experiences of our souls as manifested in the love, the hope, the fears, the joys, the strings of life, the facts of God and Christ, and the urge of great imperatives.

This calls for the intelligent use of our minds. Few people really think and so the world is full of selfish people with only a few who are aware of the fullness and glory of living. Too many of us pass our days missing the glories of the sunrise and the beauties of the setting sun, as well as much that goes between because we are engrossed in the unthinking round of the commonplace.

The second step in the development of a thankful spirit is found in the exercise of an appreciative recognition of the value of all that goes into the making of our lives. What is it worth to me? What is it worth to the sum total of us, society? Many of the differences, most of the misery and a great deal of the joy of life may be explained or accounted for by the scales of values which we hold. Such appreciative recognition is impossible except as we deliberately give approval or withhold it in our appraisal of standards of worth. When our life and conduct controlled by these standards, blesses our day and generation, we are giving thanks unto God although no word may have been uttered.

## COURT OF HONOR BY TROOP "50"

Merit Badges, Tenderfoot, Second and First Class Badges to be Awarded

Troop 50, of Riverton, is holding a Court of Honor in the Parish House of Christ Church, Riverton, on Friday, November 29. Over thirty merit badges are to be awarded, as well as a number of tenderfoot, second class and first class badges.

It is to be hoped that the parents and friends of the boys will turn out in large numbers. The Court of Honor ceremony is a most interesting one and gives a very fine idea of the aims and principles of Scouting.

Troop 50 is very actively engaged in an Inter-Patrol contest. The Troop at present has three Patrols. In addition to the Patrols there are four non-commissioned officers in the Troop who do not belong to the Patrols, but have outside duties in the Troop. For the purposes of the contest, these four non-commissioned officers are grouped in a Patrol together. The rules for scoring in the contest are as follows:

Full attendance of Patrol at meeting, 10 points. No excuses for absence are accepted, therefore the score is 10 points or nothing.

Day hikes, at which 75 per cent, or more of the Patrol are present, 10 points.

Over-night hikes, under the command of a commissioned officer, at which 75 per cent, or more of the Patrol are present, 20 points.

Patrol meeting, at which there is 100 per cent, attendance, 20 points.

Appearance at meeting (from which points are lost for each irregularity in uniform, etc.), 10 points.

Patrol projects, announced in advance, 5-50 points.

Bonus for good work, 5-25 points.

Advancement in rank—Tenderfoot, 5 points; Second Class, 10 points; First Class, 15 points; Star Scout, 10 points; Life Scout, 15 points; Eagle Scout, 50 points.

Games and challenges, each event, 5-25 points.

The contest has been running for two weeks and at the present time the scores are as follows:

Cobra Patrol, first, 64 points.

Non-commissioned officers' Patrol (they call themselves the Waing-Wangs), second, 50 points.

Eagle and Star Patrols tied for third place, 30 points.

At the Court of Honor on Friday the Troop Committee will be asked to judge the success of the First Patrol project, namely, the weaving of baskets. The project has been going on for the past month, each boy weaving his own basket. The winner of this contest, in addition to being his Patrol 25 points in the Inter-Patrol contest, will also win for his Patrol a shelter tent, donated by William M. Shemmer, Jr., of the Troop Committee, and for himself a flashlight, donated by Gilbert Cox, also of the Troop Committee. The winner of the second place will gain his Patrol 10 points in the contest and for himself a flashlight, donated by Mr. Cox.

The officers and non-commissioned officers of Troop 50 are as follows:

Scoutmaster—John D. Follett.

Assistant Scoutmasters—William deff, Washington, Henry H. Seabrook, Jr., Jack Morris, J. Rowland Dey.

Senior Patrol Leader—Wesley L. Hemphill.

Patrol Leader—William M. Shemmer, 3rd Bugle Corp. Leader.

Star Patrol Leader—Henry Nobby.

Cobra Patrol Leader—Patton Kinney.

Eagle Patrol Leader—Archie Seabrook.

Troop Quartermaster—Robert Knight.

Scout Scribe—Jefferson Edwards.

Mrs. J. Fershing, of Lenola, has donated a victrola to the school. It will now be possible to keep one ready for use on each floor of the building. The gift is greatly appreciated, as it removes the difficulty of carrying a victrola up and down stairs. The P. T. A. has given the school money with which to purchase records. With the help of Miss Baird, the music instructor, these will be selected in the near future.

The regular meeting of the Lenola P. T. A. was held at the school last Wednesday afternoon. Programs are being arranged for the future meetings. The Community Christmas Tree will be under the direction of the P. T. A. A committee will meet next week to make better plans and arrangements for a program to be given at the Community House the afternoon of December 23.

## LEGION AUXILIARY

[Post Rodgers—Palmyra-Riverton]

There will be a special meeting of the Auxiliary next Wednesday evening, December 4, in the Legion Home, at 8 p. m. sharp. All members are urged to attend as plans for our Christmas work must be completed that evening. This is a most important work—helping to make a cheerful Christmas for those who are less fortunate than ourselves—our boys in hospitals—the kiddies of men who are still paying for their service for us—come out, everybody, and help us to help them! Any donations of canned goods, jellies, etc., will be very acceptable at this time.

A few members braved the cold last Saturday afternoon to attend Moorestown's dedication of a new ambulance to the community. A very fitting and interesting program had been arranged by the William H. Snyder Post and it was surely an enjoyable one. The ladies of the Auxiliary prepared and served a very, very fine roast pork supper. Needless to say, this was a very welcome addition to the program, especially to those who had paraded in the "snowstorm."

Don't forget the Card Party to be held in the Home Wednesday evening, December 11.

The month of December seems to hold promise for a good many events.

Keep in touch with your Unit so you'll know what is going on!

Our Membership chairman is certainly working hard and to date reports splendid results. Our membership drive has been most successful so far and we are surely pleased. As has been said before, our work grows heavier all the time and we need all the workers we can get. A burden becomes so much lighter when there are many shoulders to carry it—so, it will be much easier for us to put our winter program over.

## CHRIST CHURCH

Parry Avenue  
Rev. Geo. J. McCormack, Rector

Preparation seems to be an essential thing for any lasting work. Now and again, it would seem that certain things are the result of a flash of inspiration, but a careful analysis reveals a great deal of very careful and painstaking work during which the concentrated effort emerged at white-hot heat.

God does not see into give any great things without this previous effort. Even of things which seem to be the plain result of what is called genius, it is well to remember that genius is "an infinite capacity of taking pains."

Would you experience the full meaning of Christmas? The wonder of this approaching festival is not for any casual seeker to stumble upon, but is a result, a result of careful, sincere and prayerful effort. Jesus Himself teaches us that "pious do not desire or appreciate pearls and that men of priceless value the Christmas gift of 'God incarnate' can hardly be enjoyed unless you have prepared your heart."

It seems insulting to my way of thinking to imagine a crowd of unprepared worshippers just gazing at the beauty of the Christmas celebration, unless they have made its inner meaning a part of their life. So we finish with that necessary note with which we began. At this beginning of the Church's Year—this Advent or Coming of Christ—let no one presume to worship his Christ without preparation of mind and heart.

We told you so is what we feel like saying after hearing all the nice things said about Miss Anderson. A very splendid gathering and an audience that just enjoyed the very clever and sympathetic rendering of the play. Already a score or more have asked for her return next year, which fact the members of the Auxiliary will doubtless take good note of.

And now for the big event of the season—The Christmas Fair. Of course, it is going to be as good as ever, with St. Anne's Guild putting their best foot forward. Saturday, December 7, in the P. O. B. of A. Hall. The list of attractions will be given you in the next issue.

"The sun is a shining to welcome the day.

Heigh-ho! Come to the fair!  
The folk are all singing so merry and gay.

Heigh-ho! Come to the fair!

Do you know anything of the Guild of St. Barnabas? It has four branches in the Diocese—Elizabeth, Trenton, Plainfield and Camden. The Church provides in this Guild for the spiritual needs of the nurses and in various ways helps them in their social lives. The Priest Associates give regular services and instructions especially for the nurses and the Lay women associated with the Guild provide social and recreational facilities for them. The luncheon established between the nurses and the fine type of women attracted to the Guild as Associates is an outstanding feature in the good the Guild accomplishes. An interesting custom established by the Guild is the holding of Church services near the anniversary of Florence Nightingale's birth, to which all nurses are invited to come, wearing their uniforms.

The Twelfth National Corporate Communion for the men and boys of the Church will be held on Sunday, next December 31, at 10:30 a. m.

SerVICES THE FIRST SUNDAY IN ADVENT: 10:30 a. m. Holy Communion and Sermon. "The Living Church."

2:30 p. m. Church School and Address. "Home."

8:00 p. m. Evening and Sermon. "St. Andrew."

## FIRST LUTHERAN

Rev. W. M. Erhard, Pastor

Next Sunday morning a short congregational meeting will be held after the morning service. A short meeting of the Council will be held in the Pastor's study at eleven o'clock sharp, on a matter of important business.

Next Sunday evening our Women's Missionary Society will stage a pageant entitled "The Child and the Church." The thank offering boxes which were given out about a month ago will be collected at this meeting. Music will be furnished for the pageant by our First Lutheran Choir.

Elaborate costumes and settings, artistic playing of the parts, and an unusual theme, characterize the pageant. In addition to the splendid music.

On December 10th, the Lutheran League will hold a party similar to the "Candle Light Party" of December 12th of last year. Tickets for the party will be on sale shortly and may be had from any members of the Lutheran League. Set aside the evening of December 10th as a time to enjoy yourself with the young folks of our Church.

## Calvary Presbyterian

Rev. C. T. Bates, Minister

Calvary Presbyterian Church, of Riverton, will observe the celebration of the Lord's Supper this Sunday morning at 11 o'clock. At this time the Church will take into membership anyone who may wish to unite with the Church.

Tomorrow evening, Friday, Preparatory Services will be held at 8 o'clock. After the services the Session will be glad to meet anyone who may wish to unite with the Church, either by letter from another church or by profession of faith.

On Wednesday evening, December 4th, the Mission Study Class will resume its study of "Roads to the City of God." Chapters 5 and 9 are to be taken up at that time.

The Ladies' Aid Society will meet Wednesday afternoon at 2:30 o'clock in the Church School Auditorium; the Women's Missionary Society will follow with their meeting at 3 o'clock.

The Golden Hour Circle will hold its annual Bazaar on Friday, December 6th, in the Social Hall of the Church.

## BAPTIST CHURCH

Rev. George Lockett, Pastor

Notwithstanding the inclemency of the weather Sunday all the services were very well attended: 276 attended Sunday School with every lesson; twenty-nine in all present. The officers are very much pleased with the condition of the Sunday School.

Last Friday evening the B. Y. P. U. held a social for the Intermediate Department, at which time a Junior B. Y. P. U. was formed. Their first meeting will be held next Friday evening at seven o'clock to which all members of the Intermediate Department are invited.

Next Saturday at three p. m. the Primary Department will begin rehearsals for their Christmas entertainment. They will be held every Saturday thereafter until December 21, the entertainment being on December 22.

This year they will give a dramatization of the Christmas story as portrayed in the Book of Luke. The Primary Department always gives an enjoyable entertainment and is anticipated again this year.

At the evening service last Sunday three persons were baptized.

Through the generosity of a good friend of the Church 200 Gospel Hymn Books have been donated to the Church and will be used at our Sunday evening services in the future. The gift is deeply appreciated and thanks is extended to the donor.

The Chorus Class held its regular monthly business meeting and thirteenth party in the Church on Tuesday last.

Services next Sunday as usual. Sunday School at 10 a. m.; preaching service at 11:15 a. m.; topic, "The Glory of the Cross," 6:45 p. m. B. Y. P. U. service, preaching at 7:45 p. m. Topic, "The Voice of One." Gospel hymns will be used at evening service. You are urged to come out and enjoy this song service, led by the fine Chorus Choir.

Union Thanksgiving Services will be held in the Church at 10:30 a. m. Thursday. The Rev. George J. McCormack, rector of Christ Church, Palmyra, will deliver the sermon. A cordial invitation is extended to all to attend this service.
