

**JULY**

# THE NEW ERA

Vol. 42, No. 26.

RIVERTON, NEW JERSEY, THURSDAY, JULY 3, 1930

PRICE, FIVE CENTS

## RIVERTON LAKE PLAN ABANDONED

Cost of Dredging Prohibitive;  
Park Grandstand Being  
Considered

Bids were opened at an adjourned meeting of the Riverton Borough Council Tuesday night for dredging the lily ponds at Memorial Park to form a swimming pool.

George A. Grammer, 2804 Cove road, Mercantile, wanted \$16,000 to do the work, while Eugene F. Yerga, of Camden, estimated it was worth \$21,500. Both bids were rejected.

Bids were received at the same time for construction of a grandstand and a shelter pavilion at Memorial Park.

These estimates were as follows: George W. Shiner and Sons, Palmyra, grandstand, \$7,734, time required 35 days; shelter pavilion, \$957, time required 25 days.

L. F. Lowden, Riverton, grandstand, \$1,937, time required 45 days; shelter pavilion, \$792, 14 days.

John E. McVaugh, Riverton, grandstand, \$5,894; shelter pavilion, \$993; 8 days each.

Richard and Weber, Riverton, grandstand, \$9,391, 90 days; shelter pavilion, \$1,074, 30 days.

The Lake Committee rendered its final report and was discharged with thanks.

Director of Public Safety DeLaney reported that the timing on the traffic light at the railroad station had been changed, eliminating one amber light and speeding up the red and green lights to 30 seconds. The amber light was cut down to 10 seconds. This change was made in order to avoid unnecessarily holding up traffic.

Mr. DeLaney also reported that the borough of Palmyra had contributed \$100 toward Riverton's fireworks display and Councilman Albertson, chairman of the Fourth of July Committee, will make proper acknowledgment.

Francis B. Elwell, chairman of the Borough Property Committee, reported that the playground at Memorial Park had been officially opened Tuesday morning, July 1, with 120 boys and girls enrolled. Of the new playground equipment, six swings and six saw-hops have already been installed.

### P. O. S. of A. NOTES

Officers for the ensuing term and delegates to the State Camp session to be held in August were elected by the Palmyra Camp, P. O. S. of A. at its meeting Monday night.

The new officers are as follows: George R. Evans, president; George Fischer, vice-president; Gideon Horter, master of forms.

Walter Horner, conductor; Archer Fischer, inspector, and Izzy Groff, guard, were all re-elected.

Delegates and alternates to the state camp are Edson Carhart, George R. Evans, William L. Fischer, Nate Coumbes, George Bailey, George W. Rogers, D. B. Coles, William Horner, Leslie B. Boyesen, A. N. Stewart, Jr., Alfred Koppenshofer, A. C. Strang, Russell C. Holmes, John White, Harry Bear, George Fischer, Furman A. Wood, John Banaff, C. R. Pike, John Mason, George Strabel and John A. Bauer.

Members of Camp 23 will assemble at the hall at 9:30 a. m. July Fourth to take part in the civic parade.

The next County Association meeting will be held at Columbus July 14.

Robert Livingston and C. H. Atcheson were initiated at an adjourned meeting Wednesday afternoon.

Saturday afternoon Edgar A. Lewis and Fred Pismaurice were admitted to membership. At the regular meeting Monday night four other candidates were initiated: William C. Stone, George H. MacMillan, Calvin E. Stow and Joseph W. Stow.

### Sydney G. Snelson, Jr.

Sydney G. Snelson, Jr., eleven years old, son of Mr. and Mrs. Sydney Snelson, of 623 Cinnaminson avenue, Palmyra, died in the Woman's Hospital, Philadelphia, Friday afternoon, following an operation for appendicitis.

Funeral services were held at the home of his parents Tuesday afternoon at 2:30 o'clock, with the Rev. George Lockett, of the Central Baptist Church, of Palmyra and Riverton, officiating. Interment was made in Arlington Cemetery under the direction of Frank A. Snover.

The lad is survived by his parents, Sydney G. and Mabel E. Snelson, and four sisters, Irene, Ruth, Eleanor and Mabel.

Malachi Quinn of Belfast was sent to jail for violating an injunction forbidding him to enter his home.

### ATTENTION!

The supervisors of the Playground at Memorial Park wish to announce that there will be one supervised swimming period, lasting one hour, every day. All children who desire to swim or receive instruction are urged to come at the regular times, which will be announced daily at the Park.

Children who swim at other than the regular hour will do so on their own initiative, as the work of the Playground prohibits more than one supervised period each day.

## Roast Pig is Changed to Turkey for College Boys' Feast on River

Metamorphosis Started With an Easter Bunny About Twenty  
Years Ago; Riverton Boys Enjoy Unusual Feast  
on Sandbars at Delanco

Once upon a time, about twenty years ago, a small boy, residing on Cinnaminson street, Riverton, asked his father if there really was such a thing as an "Easter Bunny." Ogden Steele tried to assure his son, "Bill," that there was, but "Bill" comes from "Missouri" and has to be shown.

Through the years intervening between then and now, "Bill" has not believed in the "Bunny," but Easter morning this year "Bill" was surprised to find a baby bunny at his service station in Palmyra Extension.

After pondering over what to do with his Easter present, "Bill" finally decided to keep it and raise it. The young porker was given every attention possible to insure its good health, and "Bill" personally supervised its feeding. Three times daily he fed his pig certified baby milk from a bottle until it became of fair size and a little too large for available quarters.

Fete the Freshmen  
A few days ago two chums of "Bill's" came home from college. After talking things over with a few of his friends the boys decided to throw a party for Jack Naisby and Charles Knight, who have just returned from their Freshman year at Duke University, in North Carolina.

As a means of disposing of the porker it was suggested that they have a barbecued pig and celebrate the return of the college boys. The boys, however, decided not to roast the pig, but to sell it and buy a turkey.

The party was set for Friday, the 27th of June.

A fifteen-pound gobbler was purchased. The boys themselves performed the execution of Sir Turkey and butcher Ogden Mattis cleaned the bird.

During the course of the "dinner" toasts were offered by several members of the party to the success of the college boys during the past year, and best wishes for an even more successful season in the coming school term were extended.

The boys were anxious to fete Jack and Charles in some way because of the showing they made in the Freshman athletic activities at Duke University.

Upon arriving at the islands Johnny Ayres carved the bird and all hands set to enjoy a real feed. After eating for almost two hours most of the boys had to retire awhile before participating in the water sports which followed after "dinner."

## RIVERTON ELECTS NEW SUPERVISOR

Russell S. Wagon Unanimous  
Choice of Board Among  
25 Applicants

Russell S. Wagon, of High Bridge, was unanimously elected supervisor to take the place of Miss Hannah H. Chew, at the meeting of the Riverton Board of Education Friday evening, June 27th.

This action was taken on motion of Mrs. Frederick Blair, chairman of the Teachers' Committee, who reported that sixteen men and nine women had been interviewed by the committee in an effort to find a suitable supervising principal for the school.

Mr. Wagon has been supervising principal of the schools, including high school, at High Bridge, New Jersey, and has had experience both as teacher, athletic coach and director, and principal in various schools in New Jersey.

Lafayette Graduate  
He was graduated from Lafayette with high honors in 1915, and has his M.A. from New York University, where he has also done work toward his doctorate. He is a member of several fraternities, the Masons, the Boy Scout Troop Committee, and the American Legion. He has the highest personal recommendations and qualifications.

Miss Helen Kunkat, clerk to the principal, was re-engaged at a salary of \$800, a raise of \$50 over last year.

The custodian of school funds was given an increase of \$33, making the salary of that office now \$126, and a \$50 raise for the Clerk brought his salary up to \$500.

Miss Gabriel, art teacher, was re-engaged for next year.

Mrs. Blair submitted the report of the school nurses, showing the number of visits and cases cared for during the year.

Clean-Up During Summer  
George D. Steele, chairman of the Property Committee, reported that the building would be thoroughly cleaned during the summer and recommended new shades for all the windows. His report was received and recommended.

J. B. Collins and Son, Inc., Riverton, was awarded the contract for coal at \$12.34 a ton, less 60 cents for each.

William H. Botzger appeared before the Board to see whether or not some action could be taken to secure the promotion of his son from the Third Grade. He said that the marks on the boy's report during the year did not indicate that he would fail to pass, but that he had been kept back owing to failure in a test which involved the boy's handwriting, which was really one of his best subjects.

Miss Chew produced her records on the strength of which she advised Mr. Botzger that the child might possibly be promoted from 3-C to 3-B after re-examination in the fall. It was during the summer, Mr. Botzger declared that the child's teacher thought he was entitled to promotion, but that Miss Chew had decreed otherwise.

Auditing Committee  
Mrs. George F. Mayfield, president of the Board, appointed Mrs. W. Wren and Steele on the Auditing Committee.

School will reopen in the fall on September 8 and the next school meeting will be on September 15th, the July and August meetings being dispensed with.

Two chimneys on the McAllister store building, 7 East Broad street, were broken off and fell on the roof. The roof was torn open, allowing torrents of water to flow into the building. Police assisted in getting a tarpaulin and spreading it over the hole in the roof.

A large tree fell across Columbia avenue, blocking traffic until removed. Another tree was blown over on Henry street. The corner of Broad street and Washington avenue was another point which felt the full force of the storm as several large limbs were blown to the ground.

The storm was one of the most severe in many years and was accompanied by a heavy downpour of rain. The rainfall was the heaviest recorded in several seasons. The storm sewers were taxed to capacity and in many places were inadequate to carry away the water.

Engineers explain that such a storm occurs about once in ten years and it is impracticable to provide sewers of sufficient size to handle the heavy flow.

CHILD RECEIVES FEW INJURIES IN ACCIDENT  
Moorestown Boy Struck When Running Across Road in Front of Home

Arthur Klein, small son of Mr. and Mrs. Dominick Klein, of East Second street, Moorestown, was slightly injured when he was struck by a car in front of his home, early Saturday afternoon.

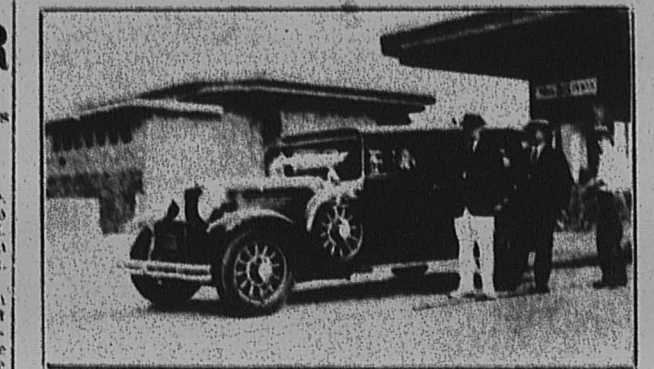

The boy ran from behind a parked truck in front of the car driven by Calvin Ellis, of French avenue. The driver was going slow, so that when the bumper of the car struck the child it picked him up and he escaped the wheels of the machine. Mr. Ellis rushed the child to the office of Dr. Howard Curtis, where he was given treatment.

Examination showed that the youngster had received slight cuts on the hands and a cut on his head. He is able to be out playing now.

THE PALMYRA-RIVERTON LIONS' CLUB will hold a card party next Tuesday evening at the Lions Den, Society Hall, Palmyra. Pinchols, "500" and bridge will be played and there will be a fine assortment of prizes. Tickets are 50 cents and may be obtained from any of the members. James Patton is chairman and David L. Schwartz, of the Philadelphia Market House, president of the club, is actively soliciting along with all the other members.

Yawning in a moving picture show, Mrs. Clara Burris, of Easton, Ill., broke her jaw.

## Millionth Car Crosses Tacony-Palmyra Bridge

The above photograph shows Mayor George N. Wimer, of Palmyra, returning the bridge toll of thirty-five cents to Grover Boges, 4748 North Carlisle street, Philadelphia. His car was the millionth machine to cross the span since its opening August 14 of last year. Mr. Boges was asked to stop just as he paid the toll and was very much surprised as he thought he was being detained for some infraction of the motor vehicle law. Upon being informed that his car was the last of the first million to cross the span his demeanor changed and a smile replaced a questioning frown. The man to the Mayor's left is Captain Sydney Albertson, who is in charge of toll collections. The traffic over the bridge has been heavier than engineer's estimates for the first year. 11,300 machines crossed the span Sunday. Mr. Boges' car crossed at five minutes before five o'clock.

## TWO CARS CRASH AT GROVES' LANE

William Yerkes, of Cinnaminson  
Seriously Hurt; No Ar-  
rests Made

William Yerkes, of Cinnaminson, was seriously injured Tuesday afternoon when his car collided with that of George Anderson, of Moorestown. Anderson was approaching Riverton on the Riverton-Moorestown road when Yerkes' car came out of the private lane to F. B. Groves, Jr.'s estate.

Yerkes sustained lacerations of the body and was treated by Dr. Rogers and taken to his home. His car was completely demolished.

Anderson's car was badly damaged about the front, but he escaped uninjured.

Chief of Police Guigley, of Riverton, investigated the accident, but made no arrests, as no complaints were made.

## MISS ALBERTSON IS JUNE BRIDE

Riverton Girl Weds William R.  
Stuckey in Ceremony at  
Presbyterian Church

An attractive wedding took place Saturday at noon at the Calvary Presbyterian Church when Miss Margaret Fulton Albertson, daughter of Mr. and Mrs. William H. Albertson, of 413 Linden avenue, Riverton, became the bride of William Raymond Stuckey, of Derby, Conn., formerly of Riverton. The church was decorated with spring flowers and palms. The Rev. C. T. Bates performed the ceremony.

The bride was attended by her sister, Mrs. Arthur Wolschmidt, as matron of honor, and Miss Mervella Landers, of Elm Terrace, as maid of honor.

Mr. Richard Doughty, cousin of the bride, of Delaware, N. J., was best man.

The bride wore a gown of tulle, silk lace, with horsehair hat and moire slippers to match, and carried a shower bouquet of bride's breath and lilies-of-the-valley.

The matron of honor was dressed in blue green chiffon, with horsehair hat and moire slippers, and carried yellow tea roses and baby's breath.

The maid of honor wore pink chiffon, with horsehair hat and moire slippers, and carried pink roses and baby's breath.

The wedding march was played by Mrs. Anne Block, of Ocean City, N. J.

The brides were Mr. John Stuckey, of Riverton, brother of the bridegroom, and Mr. Harvey G. Fisher, of Palmyra.

Immediately following the ceremony a reception was held at the Riverton Country Club, after which the happy couple left for a wedding trip. They will reside at Derby, Conn.

The bride is a graduate of the Palmyra High School and Classboro State Normal, and Mr. Stuckey graduated from the Philadelphia Textile School.

The Burlington County Board of Taxation held a hearing at the Palmyra fire house Tuesday morning to consider the forty appeals which had been made for reductions in assessments.

The Borough of Palmyra was represented by Assessor James H. Hartley, Mayor George N. Wimer and Solicitor Joseph B. Low. No action was taken by the Board as the purpose was to hear appeals only.

Mr. Hartley put up a good case for the borough and is confident his assessments will be maintained, except possibly on one or two minor points. The board will give its decision following a meeting to be held in Mount Holly later.

Charles A. Wright appeared for the Tacony-Palmyra Ferry Company which asks for lower assessments on its slips and farmland. William H. S. Puck was also on hand to support his contention that his twenty-three tracts were valued too lightly.

The Wallace Estate was not represented although an appeal had been filed. Last year the County Board lowered the Palmyra assessor's valuation on the Wallace property only to have it again raised and the assessor's judgment vindicated by the State Board.

Fred Lippincott, a former Freeholder, is chairman of the County Board of Taxation. The two other members are John Chant and James Cunningham. John Tilton is secretary.

THREE GIRLS SAUP FOR  
EUROPE JULY 4TH

Miss Adelaide I. Vandenberg, daughter of Mr. and Mrs. Henry P. Vandenberg, accompanied by Miss Mary Zurburg, of Riverton, and Miss Berrie Hickman, of Kennett Square, Pa., will sail midnight July 4th on the S. S. Volendam for Europe. The party will return in September.

## RIVERTON TO HAVE ALL-DAY PROGRAM FOR 4TH OF JULY

## PARADE TO OPEN FOURTH OF JULY ALL-DAY PROGRAM

Children's Section to be Colorful Feature: Many Prizes Offered

REV. JOHN PEMBERTON  
TO SPEAK IN GROVE

Fireworks at Riverton Yacht Club Pier: Concert and Dance at Palmyra

Plans for Palmyra's Fourth of July celebration were completed at a meeting of the committee Tuesday evening.

The parade will assemble at Broad and Elm avenue at ten o'clock and march along Broad street to Market, where it will proceed to Sixth, to Arch, and back to Broad and continue to the Palmyra Municipal Grove.

The children's section will form at West Boulevard and will join the general parade on its way from West Palmyra. This will make it necessary for the children to march only from the Boulevard to the Grove.

A patriotic program has been arranged and will be held in the Grove immediately following the parade. The speaker will be the Rev. John Pemberton, pastor of the Centenary Methodist Church, of Camden. The Rev. Mr. Pemberton is a speaker who is well worth hearing and will deliver one of his famous speeches on "Americanism" at this time.

Program in Grove  
Invocation by the Rev. Harold L. Cramer, pastor of the Palmyra Lutheran Church, will open the services in the Grove. The Lyric Concert Band will play "America." Following this there will be community singing by the gathering. Mayor George N. Wimer will make a short talk after this the Rev. Mr. Pemberton will deliver the address of the day. The playing of the "Star-Spangled Banner" will follow the address. Benediction by the Rev. George Lockett, pastor of the Baptist Church, will close the services.

The next feature on the day's program will be the sports events on South Broad street, between Cinnaminson and Morgan avenues, starting at two o'clock in the afternoon. Following this event, at 4:30 o'clock, will be a band and jazz show in the bandstand, especially for the smaller children. Everyone is welcome.

Community Singing  
There will be three attractions in the evening. A band concert, with community singing, under the direction of Frank Kates, will be held in the bandstand from seven until ten o'clock. There will be dancing in the P. O. S. of A. Hall from eight until midnight. A popular orchestra has been engaged to supply the music.

A splendid display of fireworks will be the feature of the community celebration. Both Palmyra and Riverton are co-operating this year and a larger and more spectacular display is promised. It will be held at 9:30 o'clock from the Riverton Yacht Club pier.

The morning parade will be made up of the Wolf Cubs, Troops Nos. 1 and 2, Boy Scouts, Columbus Cadets, P. O. S. of A. and Independence Fire Company. J. Horace Finney will be marshal. The children's section will be largely in costume and prizes will be offered as follows:

Children's Parade  
Best Costume of Colonial Times, Girl—First prize, \$3.00; second prize, \$2.00.  
Best Costume of Colonial Times, Boy—First prize, \$3.00; second prize, \$2.00.  
Best Decorated Baby Carriage With Child—First prize, \$3.00; second prize, \$2.00.  
Most Attractively Dressed Girl of 1939—Prize, \$3.00.  
Best Original Costume, Boy—Prize, \$3.00.  
Best Original Costume, Girl—Prize, \$3.00.  
Best Novelty Display (Individual or Group)—First prize, \$3.00; second prize, \$2.00.

Children will assemble at West Boulevard at 10:00 a. m.  
Classes will parade in the order listed.

To compete for prizes, children must be in line of parade from West Boulevard to the Grove.  
Prizes will be awarded in the children's parade only to girls and boys up to and including 15 years of age. Awards will be made immediately after the parade, so if you are a winner you can have the money to celebrate.

Originality has its play in the last two classes. To originality of costume is added this year a novelty display, which may call to mind some news of the day, some event of the year, or any novelty one may choose to present.

Parade Judges  
Mrs. James T. Weart, Mrs. Theodore D'Aurechy and E. S. Beckley will be the judges of the children's parade.

The athletic events in the afternoon will be as follows:  
50-Yard Dash—Boys, 6-8 Years.  
50-Yard Dash—Girls, 6-8 Years.  
75-Yard Dash—Boys, 8-12 Years.  
75-Yard Dash—Girls, 8-12 Years.  
100-Yard Dash—Boys, 12-16 Years.  
100-Yard Dash—Girls, 12-16 Years.  
100-Yard Dash—Men.  
75-Yard Dash—Ladies.  
Three-Legged Race—Men-Boys.  
75-Yard Dash—Pat Women.

Tug-of-War (Six Men on a Team).  
Tug-of-War (Six Ladies on a Team).  
Back Race (100 Yards)—Boys.  
Back Race (100 Yards)—Girls.  
Pie-Eating Contest—Boys.  
Pie-Eating Contest—Girls.

Prizes will be awarded to the winners in each event. No advance entry is necessary—all the contestants need to do is to be present at the time.

The arrangements for the celebration are in charge of a committee of citizens under the direction of Councilman C. Nevil Buchholz, who has been appointed General Committee chairman by the Borough Council. George J. Spencer, Borough Clerk, is Committee secretary.

The expenses of the program will be paid from an appropriation made annually by the Council, which was authorized by vote of the citizens two years ago.

Committees  
The various committees have been named as follows:  
Evening Entertainment—Ernest Woodcock, chairman; Joseph G. Seel, Edward F. Bennett, Chris Pedotto, James H. Hartley.  
Exercises in Grove—Frank A. Snover, chairman; George W. Rogers, E. S. Beckley, Daniel Bradley, Harold Zayott, De Witt Morris.  
Children's Parade—Horace Ross, chairman; Robert Cook, R. C. Crammer, S. F. Berger, N. S. Beckley.  
General Parade—Ralph Rivers, chairman; J. Horace Finney, John Morris, Arthur Strang, Melvin Cronwell, Carl Thomas, Thomas MacCrosen.  
Sports and Games—William Engle, chairman; Harry Hubbs, James Jenkins, Frank Bus, Fred H. Pitman, Walter D. Lamon, Richard Hunter, Arthur Palmer, Elwood Houtner.  
The Finance Committee is composed of the chairman of the other five committees.

Fireworks Show  
AT MOORESTOWN  
Aero Club Offers 'Cent a Pound' Rate Part of Celebration

In observance of the Fourth of July, the Burlington County Aero Club will give an aerial display of fireworks between 9:30 and 9:45 o'clock in the evening.

An added feature in the celebration of Independence Day will be the offer of greatly reduced passenger rates this Friday, Saturday and Sunday. Beginning Friday the club will fly passengers for a cent a pound, the minimum rate being one dollar, however.

All flights will be made from the club's airport, Hartford-Westfield road, near Moorestown, and scales will be available to establish the charge for each passenger.

The offer will be for the Fourth of July, Saturday and Sunday only, according to an announcement by Lieutenant H. H. Longaker, vice-president, and founder of the club. Beginning Monday, July 7, the usual passenger "hopping" rates of the club will again go into effect.

## SCHOOL BOARD APPOINTS NEW MUSIC TEACHER

Miss Vera L. Melone, a Supervisor of Wide Experience, Highly Recommended

RENT BALL GROUNDS  
TO COLORED TEAM

Prof. C. F. Deugler, Supervising Principal, at Meeting: Has Taken Up New Duties

Miss Vera L. Melone, of New Canaan, Ohio, was appointed music supervisor for the Palmyra schools at a regular meeting of the Board of Education last Thursday night. She will succeed Miss Violet Lippincott.

Miss Melone comes well recommended for her all-around ability as a musician as well as a teacher. She has directed school and church musical groups for several years and has demonstrated her mastery of the subject to the full approval of the authorities under whom she has studied, who have so cheerfully recommended her.

She received her degree as Bachelor of Public School Music from the Muskingum College Conservatory, Boston, Mass., in 1923. Her diploma in Theory of Music and Pipe Organ in 1924. Miss Melone has also finished complete courses in piano, voice and violin at the conservatory.

Bachelor of Music  
The new music supervisor has continued in professional improvement work all during her career, having just earned her degree as Bachelor of Music last year at the New England Conservatory of Music. She received a diploma in Pipe Organ from the same school in 1929. During the year, 1927-1928, she took a post-graduate course in the Louisville Conservatory of Music, Louisville, Ky.

Miss Melone's experience covers eleven years as a teacher of music in various capacities. Until 1925 she was a private teacher of piano and church organist. The following four years she acted as coach and accompanist at the Harry E. Treiber Vocal Studio, Boston.

Her last teaching position was as teacher of public music at the Muskingum College Conservatory, where she formerly studied.

A letter from the Hahnemann Medical College commending Richard B. Graham on his splendid accomplishment in leading the graduating class was read at the meeting.

Letter of Congratulations  
Since his accomplishment was one which reflects much credit upon the community and the school a resolution was offered that a letter of congratulations be sent Richard and his parents, Mr. and Mrs. William W. Graham, Elm avenue, Riverton. The clerk was instructed to prepare the letter.

Walter D. Lamon, chairman, in reporting for the Education Committee, asked for more time in which to make investigations before presenting other names to the Board for election. He said there were still a few positions to be filled, and as the committee had more than a hundred applications he felt they should all be investigated carefully before any names were submitted for approval.

The Board agreed on a special meeting to be held in about two weeks to consider the election of other teachers.

Mr. Lamon said a meeting of the parents of the boys of the School Band had been held and a request had been made that the Board grant the use of the auditorium one morning each week for practice during the summer. The request met with the full approval of the Board.

DeWitt Morris, reporting for the Building and Grounds Committee, said arrangements had been made to rent the school athletic grounds to the colored boys' baseball team one evening each week and Saturday and holiday afternoons during the summer months.

The Board approved the action of the committee in renting the grounds and agreed with Mr. Morris that the agreement be cancelled immediately should there be any disorder at the games.

Mr. Morris also called the attention of the Board to the time it took for the auditorium to be emptied after entertainments which drew a big crowd. He asked that the use of other exits be approved. Accordingly, the janitors are to be instructed to open the gate to the main hallway in the future, so that the crowd may leave with as little delay as possible.

Four Emergency Exits  
The danger of fire was discussed and it was pointed out that, while only one door had been used in the past, there are four others which open at pressure from the inside, especially designed for emergency exits.

William A. Donaghy called attention to the fine work done by one of the janitors, Archibald Fish, in caring for the grounds in front of the building and asked that he be commended for his interest in the work.

Miss Mary E. Patterson's resignation as teaching principal of the grammar school, was received with sincere regrets. Miss Patterson is retiring after twenty-six years service in the Palmyra schools on account of her health. She leaves with the best wishes of her associates as well as the children she has taught during her many years of splendid service to the school and the community. The Clerk was instructed to have a letter expressing the Board's appreciation of her services engrossed and presented to her.

Leave of Absence  
Miss Ethel C. Martin submitted a written request for leave of absence for one year without pay so she might visit her relatives in California. Mr. Lamon said that after her years of faithful service to the school that it was the least the Board could do to grant her request. The other

## Music Supervisor

MISS VERA L. MELONE who was appointed supervisor of music at a meeting of the Palmyra School Board last week. Miss Melone comes to Palmyra with the highest commendation of her former instructors and associates. She will succeed Miss Violet G. Lippincott.

members of the Board were of the same opinion.

The resignations of Miss Eleanor Coe and Miss Frances I. McGee were received and accepted.

The new supervisor, Professor C. F. Deugler, was present at the meeting, but took no part. At the conclusion of the committee reports Charles W. Davison asked if there was anything he wished to say and he replied that while he had been an interested listener to the proceedings he did not have anything to offer at the time.

He thanked the Board for its kind words of encouragement and said he was sure everything would go along harmoniously. In closing, he said, "I am here to do my best to serve the school and the community as a whole."

## NEW SECRETARY FOR YW CHOSEN

Beatrice Shipley to be Responsible for Girl Reserve Work

Miss Beatrice Shipley, of Germantown, Pa., has been chosen by the Burlington County YWCA as the secretary responsible for work with Girl Reserves, the grade school and high school girls in the YWCA.

Miss Shipley has for the past year been the Girl Reserve staff at the Germantown YWCA. She is a graduate of Bryn Mawr College and has studied at the National School of the YWCA, in New York City. During her student life she was a member of the Students Industry Group in Philadelphia, in which problems in industry were discussed.

Miss Shipley will begin her work in Burlington County, August 1. She will spend the three weeks, August 6-27, at the YWCA Camp Ockanickon. She is taking the place of Miss Dorothy Gelhart, who resigned in May.

## ODD FELLOWS HAVE SUCCESSFUL SEASON

Center Third Degree on Class of Nineteen; Millie Lodge, of Philadelphia, Assails

Last Friday evening brought to a close one of the most successful seasons for new candidates for Cinnaminson Lodge, No. 201, Independent Order of Odd Fellows, Palmyra.

The degree team from Millie Lodge, No. 1009, Philadelphia, conferred the Third-Degree on a class of nineteen, as follows: J. J. Robinson, George W. Ingram, W. Roland Dunn, Stanley P. Black, Charles Salter, Marvin E. Bradley, Charles B. Marple, W. F. Nash, Wilbur F. Jack Fry, Noble C. Holston, William J. Krouse, Harold B. Lever, Charles S. King, William Egan, P. B. Caldwell and Eric L. Bunderwald, of Palmyra and Riverton, and James Lough, of Greenwich Lodge, No. 1, of Philadelphia, and J. Bellapovsky, of Burlington Lodge, No. 22, of Burlington.

Grand Master James Wood, of Lindhurst; Deputy Grand Master B. Harrison Brace, of Pitman; and Past Grand Master George W. Shinn, of Burlington, were the honor guests of the evening.

Grand Master Wood presented each new member with an emblem pin of the Order and in the course of his remarks complimented the local lodge on the large number of members in attendance. About 160 members were present.

The picnic which Cinnaminson Lodge held at Cedar Lake Saturday was well attended by the members and their families to the number of forty-five. All who attended reported they had had a fine time.

## COUNTY FIREMEN TO VISIT BOONTON HOME

Representatives of forty-five fire companies from this County will make their third annual visit to the New Jersey Firemen's Home at Boonton, Sunday, September 7, accompanied by the Hope Hose Company Band from Bordentown.

The committee in charge of the arrangements includes Chief William McClain, of Bordentown; former Chief David A. Brotherton, of Burlington; former Chief A. M. Evans, of Bordentown; George E. Brown, of Florence; Chief Theodore Pennock, of Mount Holly; and County Fire Marshal William J. Smith, of Bridgeton.

Mrs. Ida Dunning has succeeded her father as sexton of a church in London and will dig all graves.

## END PROHIBITION IS G. O. P. PLANK

New Jersey Republican Convention Adopts Repeal and Bond Issue

The Republican State platform for 1939 was adopted at Trenton Tuesday. The delegates voted 95 to 13 for the platform as a whole.

State Senator S. Rueling Leap, of Salem, offered an amendment which would have stricken out the prohibition sections which embrace the views of Senatorial Candidate Dwight W. Morrow on prohibition. But the more he reached the status of a roll call, as Governor Lammie, who was presiding over the convention, refused to allow time for the motion to be seconded. A woman delegate, Mrs. Margaret M. Holmes, also of Salem, the State Committee woman from that County, had arisen to second the Senator's amendment. She, however, was not recognized by the chair.

Senator Emerson L. Richards, of Atlantic, tried to kill off the plank endorsing the proposed \$100,000,000 bond issue which the voters will pass upon this fall. He was beaten by a vote of 92 to 15.

Still for Enforcement  
The rest of the party's declaration of principles were adopted without change, and the section calling for repeal of the Eighteenth Amendment, with return to State control of liquor, stands as originally drafted last week. It adds that the Republican party in New Jersey is opposed to any State policy which would bring the saloon back and pledges enforcement so long as prohibition is the law of the land.

Of the 13 votes cast against the final adoption of the plank, four were contributed by State Senators Reed of Cape May; Prall, of Hatterden; Sterner, of Monmouth, and Leap, of Salem.

Four members of the House of Assembly also voted against the platform. They were assemblyman Newcomb, of Burlington; Thompson, of Monmouth; Hillingshead, of Sussex, and one of Union.

The remaining dissenters were Hamilton G. Pedrick, State Committee man from Salem; Mrs. Elizabeth C. Terry, of Burlington; and Mrs. Margaret M. Holmes, of Salem, members of the State Committee from their respective Counties, and Assemblyman Thompson, who had a second vote as the State Committeeman from Ocean, and Mrs. Evelyn C. Brown, the woman State Committee member from the latter County.

Bond Issue Fought  
Senator Richards made an elaborate argument against the plank favoring the \$100,000,000 bond issue and was supported by Senator Abell, of Morris. The gist of the Abell, of Morris' opposition to the bonds is that it will cost \$90,000,000 in interest during the next 35 of 40 years of the bond program, or \$190,000,000 to get the money.

The bond tax-plan will be on the real estate of New Jersey and although the gasoline tax is to go along, maybe, argued the Senator, there will be a new form of fuel found for the automobiles may be replaced by the airplane as the mode of travel in the next 30 or 35 years, argued Richards.

He also contended the money to be raised by bonds will not add to the County's income, but will go to building roads, acquiring rights of way and other expensive phases of highway construction.

## ODD FELLOWS HAVE SUCCESSFUL SEASON

Center Third Degree on Class of Nineteen; Millie Lodge, of Philadelphia, Assails

Last Friday evening brought to a close one of the most successful seasons for new candidates for Cinnaminson Lodge, No. 201, Independent Order of Odd Fellows, Palmyra.

The degree team from Millie Lodge, No. 1009, Philadelphia, conferred the Third-Degree on a class of nineteen, as follows: J. J. Robinson, George W. Ingram, W. Roland Dunn, Stanley P. Black, Charles Salter, Marvin E. Bradley, Charles B. Marple, W. F. Nash, Wilbur F. Jack Fry, Noble C. Holston, William J. Krouse, Harold B. Lever, Charles S. King, William Egan, P. B. Caldwell and Eric L. Bunderwald, of Palmyra and Riverton, and James Lough, of Greenwich Lodge, No. 1, of Philadelphia, and J. Bellapovsky, of Burlington Lodge, No. 22, of Burlington.

Grand Master James Wood, of Lindhurst; Deputy Grand Master B. Harrison Brace, of Pitman; and Past Grand Master George W. Shinn, of Burlington, were the honor guests of the evening.

Grand Master Wood presented each new member with an emblem pin of the Order and in the course of his remarks complimented the local lodge on the large number of members in attendance. About 160 members were present.

The picnic which Cinnaminson Lodge held at Cedar Lake Saturday was well attended by the members and their families to the number of forty-five. All who attended reported they had had a fine time.

## COUNTY FIREMEN TO VISIT BOONTON HOME

Representatives of forty-five fire companies from this County will make their third annual visit to the New Jersey Firemen's Home at Boonton, Sunday, September 7, accompanied by the Hope Hose Company Band from Bordentown.

The committee in charge of the arrangements includes Chief William McClain, of Bordentown; former Chief David A. Brotherton, of Burlington; former Chief A. M. Evans, of Bordentown; George E. Brown, of Florence; Chief Theodore Pennock, of Mount Holly; and County Fire Marshal William J. Smith, of Bridgeton.

Mrs. Ida Dunning has succeeded her father as sexton of a church in London and will dig all graves.

## RIVERTON ELECTIONS NEW SUPERVISOR

(Continued From Page 1)

Miss Chew's Report  
The final monthly report made by Miss Chew was as follows:

During the month the work of the dental clinic was closed. Dr. Dunn having treated 28 children, at request of parents, who paid amount of estimates given on each individual case. The results of the annual medical inspection showed that 63 children had defective teeth. Most of these were cared for by parents, a census taken by the teachers showing that 135 children visited the dentist this year.

There are a number of teeth and dental cases which parents have promised to have remedied during the summer vacation. All pupils enrolled, 367, received the annual examination. The number of defects reported to parents was 142. Cards returned signed by doctors and dentists, stating treatment had been given. Head, ear, and eye cases promptly followed up by the nurses with complete co-operation from parents. 31 Children sent to Dr. Rogers' office for suspected disease. 210 Children excluded because of contagious disease. 8 Children with diphtheria prevention treatment, 50.

Much care has been taken to create in Riverton School a healthy environment. The fact that while neighboring schools were having epidemics of disease, Riverton was not affected, shows that the effort was worth while. Disease did not enter our school.

Co-operation and eternal vigilance on the part of teachers, doctors, nurses, parents, and in many cases, the children themselves, have given us a healthy school this year. 7,000 bottles of milk were served, 316 of which were served without charge by the Parent-Teachers' Association.

A comparison with the results of last year prove without doubt the wisdom of adding the school nurses to our organization.

Promotions and Failures  
I am submitting a report of promotions and failures for the school year. Promotion may not in some cases mean the advance to another grade, but it does mean advance to another group, with an advance in school work. While with the upper grades the grade division is more marked, the Primary grouping must be determined by the child's achievement, in order to meet his needs, and secure a foundation in fundamental work. Attitude of mind and willingness to give the necessary time to practice are quite as essential as ability, and play a large part in getting a child started in a successful school career.

Manual Training  
I am happy to report that our application for State aid in the introduction of metal work has been signed by the Commissioner of Education, and the new course of study can be put into effect in the fall.

School Savings System  
Plans for bettering the school have school savings, and the total amount saved during the year was \$2,100.33.

Sixty-two children were presented books as rewards for perfect attendance and punctuality.

The following made 135 calls on cases of unreported absence:

Teachers  
Miss Viola Foulke and Miss Ruth Moore resigned to take up work in other fields.

Miss Lippincott and Miss Evans will spend the summer in Europe. Miss Staman will attend Teachers' College, Columbia, and Mrs. Bush, University of Pennsylvania.

Miss Evans, Miss Cunningham, Miss Paulding, Miss Staman and Mr. Griffith did extension work during the winter.

In closing my final report, I want to thank the Board of Education, the teachers, the Parent-Teachers' Association, and all who are connected with the school in any capacity. I also desire to thank all those who have been associated with the work of the school for the past ten years, without which my work for the boys and girls of Riverton could not have been successful.

Respectfully submitted,  
HANNAH H. CHEW,  
Supervising Principal

The following bills were ordered paid:  
Joseph S. Letherbury, Salary to June 30, \$60.71  
C. Kenneth Davis, Salary to June 30, 50.00

Voices Appreciation  
Mrs. Sarah Webber, chairman of the law committee of the P. O. of A. spoke at the church and after expressing the appreciation of the Order asked that a collection be taken up and given to the pastor as a gift to the church.

Mrs. Bowler and County President Jarrett also spoke. Mr. Evans introduced the speakers.

Members of the Commandery General, of Plainfield, the highest degree in the P. O. S. of A., were present in uniform. An address was delivered by William H. Berger, past commander in chief of the Commandery General.

The committee of the county association which planned the event, in addition to Evans and Jarrett, included Raymond Miller, of Rancocas; John M. Gorman, of Mount Holly; Theodore J. Southard, of Hainesport, and William Lloyd, of Pemberton.

## PLANNING FOR LEGION

Elaborate plans are being made here for the entertainment of the twelfth annual convention of the Department of New Jersey, American Legion, which will be held at Wildwood on September 4, 5 and 6. One of the things the Legionnaires will find when they arrive there will be one of the best parks in which they have ever held the collection band and bugle and drum corps contest which always are a highlight of Legion gatherings.

## MANY JOIN IN PILGRIMAGE TO OLD TENNENT

P. O. S. of A. and P. O. of A. Visit Spots of Interest in and Around Freehold

PLACE FLAGS ON  
HISTORIC SHRINES

Pastor of Church Relates Many Incidents Associated With Battle of Monmouth

The pilgrimage to the historic shrines in the vicinity of Freehold, the first of a series planned by the Burlington County P. O. S. of A. and the P. O. of A. last Sunday afternoon was enjoyed by probably two hundred members and friends.

The various camps in the county planned their starting time so they would arrive at the Freehold Presbyterian Church in time for services at three o'clock. An address of historic interest was delivered by the pastor, the Rev. G. G. Horn, District President Howard T. Jarrett, of Bordentown, also made a short speech, as did Mrs. Arthur Bowker, of Palmyra, national secretary of the P. O. of A.

The motored car, consisting of a long line of cars, was escorted by Freehold and State Police over the route of march of the Continental Army to the Monmouth battle monument at Freehold; to the Molly Pitcher well and to the famous old Tennent Presbyterian Church.

At the battle monument, an imposing shaft of marble, topped with a heroic figure of a Revolutionary soldier, brief services were held. An American flag was placed before the monument with the Camp salute.

Molly Pitcher Well  
The next stop, a few miles further on, was at the famous Molly Pitcher well. The old well just a few feet from a railroad, is encased in sturdy masonry and is in a well preserved condition.

Here Mrs. Bowker spoke on the plans being made to beautify the spot and make it the shrine of patriotism. It should be here a patriotic woman served the army faithfully by carrying water to the soldiers, and when her husband fell mortally wounded during the battle, took his place beside the cannon and continued with all the heroism of the bravest soldier.

At Freehold, chairman of the committee in charge, made a few historic remarks in which he heartily endorsed Mrs. Bowker's sentiments and pledged the aid of the P. O. S. of A. A flag was also placed on the well and the salute given.

At a point where the spot will be discussed at a county meeting on July 14 and definite steps are expected shortly thereafter. The P. O. of A. will cooperate.

A mile further on a stop was made at a house where a battle was fought where defeat was turned into victory by that great patriot, George Washington. Here General Washington met General Charles H. Lee in full retreat. Ordering Lee to the rear Washington rallied his forces and won a signal victory which forced the British to retreat to Long Island. The battle was fought Sunday, June 28, 1778. The pilgrimage Sunday marked the 152nd anniversary.

Used As Hospital  
The last place visited was the old Tennent Church, used as a hospital during the battle. It still bears the scars of conflict. Bullet holes may be observed by looking closely for the spots now carefully filled in with putty. Bloodstains are still visible on the unfinished seats of the new which are covered with long cushions made to fit.

The church has a point of more than usual interest to the people of Palmyra and Riverton in that the pastor of their Presbyterian Church was minister there until he came to the Calvary Church a few years ago. He was one

## INDICT J. M. DAVIS IN OCEAN COUNTY

Former Prominent Burlington  
Countyman Accused of Aid-  
ing Rum Runners

James Mercer Davis, prosecutor of Ocean County, and formerly a prominent Burlington County lawyer and political leader, was indicted by the Grand Jury at Toms River Saturday.

With three others, Davis was charged with "conspiracy to cheat the County" in the fixing of bonds for the release of two trucks seized while hauling liquor.

The others indicted are John A. O. Grant, County Detective and former Sheriff of Ocean County; A. J. Miller, a private detective employed by Davis, and Corporal Francis Ruciero, of the State Police.

Trial for the four has been set for July 9. Bail was fixed at \$1,000 each. The circumstances out of which the indictments grew surrounded the seizure of a liquor truck last July, another in August, and the third in March of this year.

Inquiry into the activities of Davis' office started a month ago when Attorney General Robert H. McCarter to take over the affairs of the County Prosecutor's office, following a complaint by the Grand Jury that the liquor and gambling laws were being violated in the County.

"This indictment is the result of a bitter political factional fight in the County," Davis said. "I have done no wrong, and there is no evidence of any wrong done by me. I ask my friends to sustain judgment until the truth is established in open court."

"The matter centers around the taking of a bond for the return of certain trucks seized by police in the act of transporting intoxicating liquor, and I am accused of aiding in the taking of such a bond."

"I had nothing to do, directly or indirectly, with the seizure of the trucks, the arrests of the drivers, nor, in one case, with the taking of the bond."

"In these two cases I asked for higher bonds than the judge found the testimony necessary to justify. In the other case I never suggested to any person, directly or indirectly, the amount of the bond, and did not participate in the transaction."

"I am informed that the Grand Jury took the view that I am responsible for the conduct of the other officers who figured in the arrests and seizures, although I have no control over them."

Prosecutor Davis declared he intends to continue in office "until removed by the proper authority."

This authority, it was said, is vested in a justice of the State Supreme Court.

## P. S. RATE HEARING IS SET FOR SEPT. 28

Utility Board Suspends New  
Schedule Filed by Coor-  
dinated Transport

The State Board of Public Utility Commissioners has suspended for three months from July 14 the new rate schedule filed by Public Service Coordinated Transport, and has set September 28 as the date of a hearing on the Company's application.

The schedule presented to the Board on June 23 calls for a rate of 10 cents cash, four tokens for twenty-five cents, on both cars and buses, and is necessitated, according to a statement made to the Board by Edmund W. Wakelee, the company's vice-president in charge of law, by the failure of the present rate of ten cents cash, ten tokens for fifty cents, to provide sufficient revenue.

At last week's hearing Edward A. Tison, the Company's General Auditor, testified that five months' operations under present rates have resulted in a decrease in revenues amounting to \$1,010,883.87, as compared to revenues for the corresponding months of 1929, trolley operation showing a decrease of \$881,766.38 and bus operation \$629,127.19. Revenues for May, 1930, were \$495,544.69 less than those for May, 1929.

The five months' operation under the present rate resulted in a deficit of \$766,237.64, as compared to a surplus of \$204,590.67 for the corresponding five months of 1929.

## CHEMICAL STERILIZATION URGED FOR MILK UTENSILS

On many farms that are not equipped with facilities for sterilizing dairy utensils with boiling water or steam, chemical sterilization is fast coming to the front as a means of reducing milk contamination from dairy utensils. This is the report of R. G. Connelly, New Jersey associate extension dairyman, who states that among the chemical compounds which have been found satisfactory for sterilizing are those known commercially as sodium hypochlorite, of which there are many sold as proprietary products and calcium hypochlorite in the form of chloride of lime or bleaching powder. Directions for their use are carried on the containers. He warns, however, that not all chemical compounds possessing sterilizing properties can be used for sterilizing dairy utensils. The use of poisonous chemicals, or those having bad odors, is advised against.

## SEE PLENTY OF BROILERS

That fresh Jersey broilers will be available in plentiful supply from now until September first is welcome information received last week from the Market News Service of the New Jersey Department of Agriculture. In addition there is the assurance that the quality will be exceptionally high and prices unusually low, due to the surplus supply.

## THE FAMILY DOCTOR

JOHN JOSEPH GAINES, M.D.

### SERIOUS WARNINGS

Big headlines in the late newspapers announce that several hundred citizens have become paralyzed from drinking "jake" or tincture of Jamaica ginger. This is a somewhat surprising conclusion, but, even science cannot know everything; we are learning day by day, often by very painful and afflictive experience.

Of course alcohol in the preserving agent in all vegetable tinctures "jake" is a medicine, pure and simple. It has no mortal use as a beverage; the gusher of this poison must expect to take the consequences.

The purpose of this letter to my readers is, to warn against the use of any unnecessary thing. Life and happiness are too precious to be fiddled away in foolish habits. The man or woman without sense enough to obey the law of self-preservation—a law which even dumb brutes recognize—must expect to reap the fruits of serious folly.

## 'CATTLE RUSTLERS' NABBED BY POLICE

Four Arrested in Theft of Cow  
Belonging to J. P. Ashbrook  
of Lambertown

A formerly popular far Western misadventure was exposed in Burlington County last Friday morning when the arrest of two men and two boys for larceny of cattle.

The first complaint received was from Mrs. Martha Lyon, of Marlton, on June 12th, and the State Police of the Delaware Barracks started a search for the "cattle rustlers."

Chief of Police Brannin, of Delaware Township, was patrolling roads near the Marlton pike and the Burlington-Camden County line early Friday morning when he became suspicious of a truck. The chief stopped the truck and expected to find a load of liquor, but instead found a cow. The two men, William McKittick, 37 years old, of Westmont, and Herbert Pratt, 24 years old, of Camden, were on the driver's seat, and Pratt's brother, Russell, 17, and Arthur Deane, 15, also of Camden, were in the truck holding the cow.

All four were taken to Millsburg police station where McKittick confessed stealing the cow, but did not know the name of the farmer from whom it was stolen. McKittick and Chief Brannin started out to find the owner. The Chief was led to the farm of J. Porter Ashbrook, of Lambertown, who identified the animal as his property. Chief Brannin then turned the four prisoners over to the State Police from Delaware, who lodged them in the Riverside jail for questioning.

Troopers Turnbull and Rohrer, assisted by Trooper Bonn, from Freehold headquarters, questioned the prisoners and expect to solve several more cases through these arrests. Deane, being under age, was released, pending further developments.

The three men had a hearing Friday night before Justice of the Peace Kingston in Mount Holly and were held for the Grand Jury.

## STATE TROOPER IS BEST SHOT

McGee High Scorer in Target  
Match; Erickson, Lindh,  
McDonald Next

Several weeks ago the officers of some of the police departments in nearby towns thought it would be a good thing to hold competitive target shooting. Chief Ward, of Maple Shade, arranged for a meet and the officers attending decided to hold them regularly.

Last week a group of fifteen policemen gathered in a sand pit near Maple Shade.

## SEES N. J. FLOODED WITH STOLEN CARS

Hoffman to Attack "Auto Rack-  
et" Until Traffic is  
Wiped Out

A statement of Commissioner of Motor Vehicles Harold G. Hoffman follows:

"Information of an amazing character was secured during our initial operations in the drive through which we hope to stamp out the stolen car traffic in the State. It proves conclusively that New Jersey is flooded with stolen cars. Clever crooks of both New York and New Jersey, taking advantage of certain weaknesses in our bill of sale legislation, have, either through the connivance or gross carelessness of local registration agents, manipulated with ease 'phony' bills of sale. They have found ready buyers for their stolen cars among the class of people who are always ready to get 'something for nothing,' and who certainly must have known by the ridiculously low prices at which they have been able to purchase these cars, if not by the mutilated and changed numbers, that the transactions were not legitimate."

"An outstanding feature of the check-up is the revelation that these stolen cars are even in the possession of people of supposedly high standing in their communities, even being found in the possession of officials charged with the enforcement of the law. This condition is assuming the proportions of a State-wide scandal, and it is my hope that it will be eliminated, through the fine co-operation of the State Police, the County Prosecutors and Judicial agencies, and the local police in the communities affected."

"We know, from irregularities in registration, etc., where there are over one hundred stolen cars, in the possession of people in the northern part of the State, and they are to be picked up and the holders prosecuted just as soon as the real ownership is perfected. We are not taking these cars until we have traced back the records and have absolutely assured ourselves that the cars were stolen, and have established the rightful ownership. Our investigation and pick-up will cover the entire State, and we intend to attack this 'stolen car racket' relentlessly until this traffic is wiped out and the chief operators have been placed behind bars."

"I am not only interested in recovering the cars in behalf of the rightful owners, but am anxious to stamp out the traffic because it leaves behind it a long trail of graft, perjury, and collusion that is undermining the social structure of the communities where it has assumed such dangerous and widespread proportions."

"The result of this work will send automobile crooks to jail; it will result in wholesale revocations of licenses to drive from those found guilty of being in possession of stolen cars or cars with mutilated and changed numbers. It will result in changes in motor vehicle registration bureaus, and will, I hope, be instrumental in bringing about needed changes in automobile registration legislation."

### BUILD MANY SHIPS

Camden Plant Now Has Orders  
Amounting to \$50,000,000

The New York Shipbuilding Corporation of Camden this week announced that it now has \$50,000,000 worth of orders for ship construction with an additional \$50,000,000 worth in sight.

Work on a huge scale is anticipated with the keel of a 30,000 ton first class liner to be laid soon for the United States Lines.

Camden is expected to lead American shipyards in the strongest revival of the industry since the ship construction during the World War.

## BEVERLY AUCTION MARKET OPENS

Thirty County Growers' Sales  
for First Day Are  
Over \$17,000

The Beverly Auction Market, Burlington County's first market of the auction type for the sale of fruits and vegetables, opened on Monday of last week with prices on most commodities bringing more than consigned to New York. This was very encouraging to the large group of growers attending the first auction sales and indicates that a large volume of produce from the county will be sold through the Beverly Auction as the market progresses.

Over 30 growers sold over the auction block on the first day, the sales totaling over \$1700.

Those interested in the market have felt right along that if buyers could be influenced to attend the market that it would insure its success. The presence of a large number of buyers on the opening day, many of whom came just to observe, certainly indicated that as far as the buyers were concerned they are interested in this method of buying. It so happened on the first day that

after all the produce offered had been sold that a number of buyers went away with partially loaded trucks which indicated that a larger volume of produce could easily have been handled had the farmers seen fit to dispose of it this way.

The bulk of produce sold consisted of beans, cherries and cabbage with some offerings of vegetables of minor importance. The price of green beans ranged from \$1.40-\$1.55. The average price on the New York market was \$1.75. Wax beans sold on the auction at \$1.65-\$1.70 with the New York price being quoted at \$2.25. Cherries in climax baskets sold at \$1.25-\$1.35 and some at \$1.50 while New York averaged \$1.35. 5% commission was charged on the auction sales whereas 18 cents for beans and 10 cents for cherries, representing transportation costs to New York and an additional 10% commission must be deducted from prices quoted on the New York market. A comparison of what the different commodities netted the growers shows that with the exception of wax beans the growers received more money on the local auction market than they would have had they consigned to New York.

Lawrence W. Jones of Marlton, the auctioneer in charge, conducted the sales in very credible manner and with a few days experience in selling and handling the produce over the auction block and the storage platform it would seem that this new undertaking is sure to prove a highly successful means of selling fruit and produce in Burlington County.

## The FINEST TIRES FISK Has Ever BUILT

Here are two Fisk Air Flight  
Principle Tires that are far  
superior to any tire your car  
has ever rolled on.

Just as different combinations of shapes of metals reduce the weight and increase the strength of your modern car, so an entirely new and different combination of cords and rubber in tire design and tire construction, patented and exclusive methods, have produced a tire of excess strength without excess weight. The Fisk De Luxe and the Fisk Rugged embodying all the improvement which the exclusive Air Flight Principle brings to Fisk Tires offer you a superior type of service than you have ever before received from any tire, regardless of make or cost.

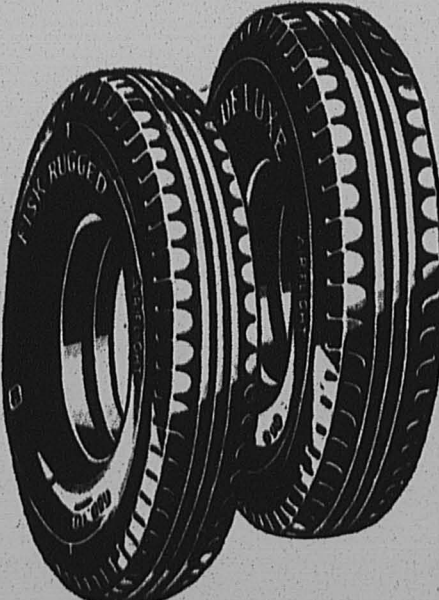

### The FISK 'All-Cord' Process

Note the even regularity of Fisk All-Cord and the distortion of Ordinary Cord.

The reason for this difference is that Fisk All-Cord has no cross threads, instead each cord completely surrounded and insulated with rubber, runs parallel to the next, preventing that continual cutting and friction which is always present in ordinary tire fabric. The flexibility of Fisk All-Cord is even at all points while the flexing ability of ordinary cord differs widely. Flexibility is absolutely necessary and the tire with the greatest flexibility is the one which offers the greatest resistance to road strain and bruising.

Trade in your present tires. We will allow you full value for every mile left in them.

No other make of tire can offer you these exclusive Fisk features.

### The Seven Points of SUPERIORITY of Fisk Air Flight Principle Tires

- 1. Larger Air Chamber
- 2. All-Cord Process
- 3. Multiple Cord Band
- 4. Increased Flex Area
- 5. Deep Grooved Tread
- 6. Stream Line Tread
- 7. Greater Road Contact
- 8. Air Flight Balance

## OLD-TIME FIGHTERS

Discussions of the prizefight fiasco, in which the German Schmeling won the technical world's championship over Sharkey on a foul, and the more recent Philadelphia affair, have renewed speculation as to how John L. Sullivan and other battlers of old would have stacked up against our modern pugs.

No one can tell, of course, but when it is remembered, for instance, that Sullivan and Kilrain fought 75 rounds with bare knuckles in the last championship bout under London prize ring rules, the stamina of those old timers can not be discounted. That was in 1880, since which time gloves have been used, and no championship bout has gone longer than 26 rounds under the new rules.

Under the old London bare-knuckle rules a round did not end until one of the fighters was on the ground. Then after only 30 seconds rest they went at it again.

As Jack Dempsey recently pointed out, while Sullivan was defeated by Corbett, using large gloves, Sullivan went to his grave as the undefeated bare-knuckle champion.

Considering the unsatisfactory termination of many recent championship bouts, it is strange that the boxing game has held its customers as well as it has. But if promoters and fighters do not begin to stage better exhibitions than have been witnessed during the past years, it will not be surprising if the fans get tired of being humbugged. There is no doubt that the old-timers put on much better shows for a fraction of the present-day prices.

## COLD GERM IS FOUND

The long-sought germ which causes the common cold has been found at last, according to the claim of Dr. Pfeiffer of the Maryland University School of Medicine, who has been on the trail of the elusive pest for seven years.

What is still more important, if it proves true, is that he has developed a vaccine which destroys the germ and thus cures the cold in short order. Dr. Pfeiffer's method will be further tested by physicians of Johns Hopkins, and the results are awaited with interest.

The importance of such a discovery can be understood by everyone, because few persons are exempt from the discomfort and often serious consequences which arise from merely "catching cold." It is estimated that the value of time lost from work in American industry on account of common colds is not less than two billion dollars a year.

So, if Dr. Pfeiffer has really found a scientific method of prevent this suffering and waste, he will be entitled to high rank among the benefactors of mankind.

## THE IMMORTAL FIFTY-SIX

Fifty-six members of the Continental Congress signed the Declaration of Independence after its adoption on July 4, 1776, and of these daring patriots it has been said that "not one of the signers ever fell from the high estate to which that great act had elevated him."

Among the 56 were many of the notable figures of the early history of the United States. Two of them, Adams and Jefferson reached the presidency. Benjamin Harrison became the father of one president and the great-grandfather of another. The bold signature of John Hancock, who signed first as President of the Continental Congress, is the most conspicuous feature of the original document. Other exceptionally prominent signers were Benjamin Franklin, Robert Morris, Dr. Benjamin Rush, Samuel Adams, Richard Henry Lee, and Charles Carroll. Carroll was the last survivor and lived 60 years after the adoption of the Declaration reaching the age of 95.

The signers included 34 lawyers, 13 farmers, nine merchants, five physicians, two mechanics, one clergyman, one mason and one surveyor. All except eight were born on American soil.

To the wisdom, courage and patriotism of these immortal 56, who declared our independence and made heroic sacrifices in its behalf, the existence of the nation is largely due. They will ever be held in grateful remembrance.

## HEIGHT

In flying to a height of 43,100 feet, more than eight miles up in the air, Lieut. Apollo Soucek of the U. S. Navy has set a record which will take some beating.

Only by the use of compressed oxygen in a tank, inhaled through a tube, and an oxygen super-charger to insure combustion in the engine, was Lieut. Soucek able to do the stunt at all. Capt. Hawthorne Gray of the U. S. Army, who rose to 42,470 feet in a balloon three years ago, died from lack of oxygen in the rarefied atmosphere of that great height.

All of the talk about voyaging to the moon, whether by airplane, rocket or other device, is so much moonshine, in view of the impossibility of carrying enough oxygen along to say nothing of the intense cold of interstellar space, somewhere around 460 degrees below zero!

## LAND

A young woman of my acquaintance was surprised recently on getting home from her daily work as a stenographer to find a young man waiting to ask her who her grandfather was. When she told him, he informed her that the title company which he represented was prepared to pay her and each of her five living sisters, aunts and uncles \$200 each to sign a quit claim deed to a strip of land one inch wide and eighteen feet long.

That price was a "nuisance value," but there are several pieces of Manhattan real estate which have sold for as much or more per square foot, for office buildings. It no longer pays to build under 30 stories high in old New York. And the reason for the high land value is the growth of population. Every newcomer to the city adds an appreciable amount to the value of every foot of land.

## COMMERCE

I went into a grocery store in a little Massachusetts town the other day to buy some matches. The salesman handed me a package which was marked "Made in Russia." In the same shop window I saw some canned corned beef, cooked and packed in Uruguay. In a store in New York recently my daughter bought a raincoat made of silk which had first been woven in Japan and then sent to Scotland to be waterproofed. Wearing that, she drove to a country house on Long Island where the refreshments served included tea from India and biscuits from England.

For every dollar's worth of goods the United States sells abroad, we must eventually buy dollar's worth from the country which we buy from. That is the long and short of all the talk about tariffs and imports and the export trade.

## "KONJOLA SURELY HELPED ME," SAYS 'GRATEFUL LADY'

New and Different Medicine  
Again Triumphs After All  
Else Tried Had Failed

MRS. BESSIE WILSON

"Konjola surely helped me and I surely recommend this remarkable medicine," said Mrs. Bessie Wilson, 68 Charles street, Jersey City. "My trouble began four years ago. I lost my appetite, and lived on a strict diet of light foods. Even then I suffered from indigestion. Constipation added to my misery and I became very nervous. I was weak and run-down and on numerous occasions was unable to do my housework. After trying many medicines and treatments without help, I became very disheartened and discouraged."

"A neighbor recommended Konjola and I knew it had done her a world of good. By the time I had finished the first bottle my appetite had increased and my food digested better. At the end of a month I was eating foods that I had not dared touch before. My bowels now act normally without the aid of laxatives and my nerves have quieted. It is remarkable what this great medicine did for me."

And so it goes—the same glad story whenever this great compound is given a real trial. Taken systematically over a period of from six to eight weeks, Konjola has made a remarkable record in the most stubborn cases. Konjola is sold in Riverton at L. L. Keating's store, and by all the best druggists in all towns throughout this entire section.

## SHIPS

The Germans now hold the record for speed of trans-Atlantic ships, but both the United States and England are preparing to take it away from them. The Cunard Line, which is the oldest of all ocean steamship lines, announces that it will build a craft 1,000 feet long, carrying 4,000 passengers, which will make a speed of 30 knots an hour and will cost between 20 and 25 million dollars. A knot, by the way, is a nautical mile, which is 600 feet longer than the land mile, so a speed of 30 knots means 34½ miles an hour.

The U. S. Shipping Board in conjunction with the Post Office Department is arranging with American Steamship companies to build two ships even bigger and faster than the new Cunarder. It will take three or four years to build them. They will be good advertising for the United States but probably will not earn their keep. The deficit will be made up in what the Government pays the company operating them for carrying the mails. The mail subsidy of the British government to the Cunard is what put the British flag ahead of ours on the Atlantic, 75 years ago.

## HOMES

Saving bank heads say that right now is a more favorable time to build a home than we have had since the war. Building materials are down, labor is plentiful, mortgage money is cheap. Those who are secure in their employment can probably build homes now on more favorable terms than they will be able to a year from now.

The same authorities say that the measure of how much a man can afford to invest in a home is his average income. He is justified in trying up the equivalent of two years' salary if that is under \$10,000 a year, or of three years' income, if he earns more than \$15,000 a year. Thus, a man who earns \$50 a week can afford a \$5,000 home. And from ten to twelve years is a proper length of time over which to spread the mortgage payments.

## LIONS

There was one year in my life when it seemed as if everything went exactly wrong.

The resulting accumulation of worries and problems loomed up like a range of mountains. It hardly seemed worth while to try to get on top of one of them because there were so many others beyond.

Wise old Talleyrand, when he could not see his way clearly through a difficult situation, used to take to his bed and give out word that he was ill. It was his experience that many difficulties solved themselves if one only let them alone for awhile.

Adopting his example, I went away for a couple of weeks and played golf. When I got back the troubles and problems had not disappeared, but I was a different man.

I went down to the office, made a list of all of them, and decided to tackle the toughest one first. I cleaned it up in one day and started after the others.

An amazing thing developed. Some of the worst situations proved to be the easiest, and not one of the whole lot turned out to be worth half the worry I had given it.

The lesson was valuable. I ought to have learned it much earlier in life, for I had been given plenty of opportunity to observe the ways of successful men in such matters.

One of my first bosses made it a rule every morning to ask for the bad news first. He said: "I want to get the tough things off the calendar while I am fresh. I never deal with the same thing twice. When I pick up a paper from my desk I don't lay it down until it's settled. procrastination is poison."

An acquaintance of mine is a prominent operator in Wall Street. I asked once if it were true that at different times he had taken tremendous losses.

"Losses," he exclaimed, "I've taken millions in losses. Any man who tries to get through life without taking losses will never make any money. The trick is to take 'em quick and forget 'em. Amateurs worry about them in advance and brood about them afterward. The worry and the brooding break their nerve."

The Book of Proverbs, which said pretty nearly everything that can be said—and much better—has this verse: "The slothful man saith, There is a lion without, I shall be slain in the streets."

Worrying about the lion, the slothful man is eaten by fear, which is a more terrible death.

The wise man steps out boldly. And more often than not the lion proves to be just a motion picture lion, with his claws cut short and his poor old teeth all gone.

International Sunday School Lesson for July 8

ABRAHAM — A PIONEER OF FAITH

Genesis 12:1-5; 13:1-13; 17:1-8; 18:22-23; Hebrews 11:8-10

Rev. Samuel D. Price, D. D.

Variety will be found in the Sunday school lessons for the coming six months. "Representative Men and Women of the Bible" is the general title, and three months will first be given to outstanding characters in the Old Testament. The aim is to discover through study of experience, attitudes and actions of representative men and women the factors which determine their characters, and to create in the pupil an earnest desire and purpose to avoid their mistakes, and to express in his personal life and in all his relationships their spirit and ideals in so far as these were in harmony with those of Christ. Since history is largely a matter of biography there will be at least a scanning of the progress of history as covered by both the Old and New Testaments.

Terah, the father of Abram, lived in Ur of the Chaldees, near the head of the Persian Gulf. It was a place of nature worship and Terah is named in Joshua 24:2 as one who "served other gods." Then came the urge to leave that area and proceed to the land of Canaan. At Haran Terah stopped the journey and no further progress was made until after his death. Then the noble son, Abram, had it certified to him that Jehovah was calling him to leave all ties of kindred and nation that he might be the founder of a great people. Answering promises were given of God's journeying blessings and that in time his progeny would be a mighty host. With such marching orders Abram started, with his wife, Sarai, and his nephew, Lot. The journey of over six hun-

## TO COOPERATE ON R. E. PROJECT

Officers of Public Service Electric and Gas Company announced last Friday that arrangements have been made with the Pennsylvania Railroad Company whereby the Philadelphia Electric Company and Public Service Electric and Gas Company will operate in supplying electric power for the operation of electrified section of the Pennsylvania Railroad between New York and the Delaware River. The Pennsylvania electrification of which this is a part, is to be one of the most extensive and important in the United States from the standpoint of frequency and amount of traffic, and the arrangement announced will assure dependability and continuity of power supply by making available for this purpose the resources of two of the country's largest electric systems. The two are already interconnected and further interconnections will soon be completed, so that they will participate in one of the world's largest power pools.

## RIVERTON ITEMS

Mrs. Joseph Morgan is spending the summer in Ventnor. She left Riverton Friday.

Nathaniel Rogers, of Girard College, is spending his summer vacation with his mother, Mrs. Emma J. Rogers, of Main street.

Mr. and Mrs. Arthur Johanson, of Brooklyn, New York, were the weekend guests of Mrs. Johanson's parents, Mr. and Mrs. Harvey E. Stewart.

Mrs. James Flynn is entertaining four of her grandchildren from Philadelphia.

Mrs. B. O. Cook entertained her father, A. Smith, of West Philadelphia, for a week.

Mr. and Mrs. Harry Allison and family, of West Philadelphia, will be the weekend guests of Mr. and Mrs. B. O. Cook.

Mrs. Harriett White, of Camden, was a guest at the home of Mrs. Louisa Bishop Sunday.

Mrs. B. O. Cook and family and A. Smith were entertained at dinner by Mrs. George E. Schuch, of Media, Pa., Friday.

Mrs. J. J. Siddall left this week for the Prince Edward Islands, where she will spend the rest of the summer.

August Roedig is driving a new Tudor sedan.

Mr. and Mrs. Joseph Friday were visitors at Seaside over the weekend.

Jack O'Neill, of Newark, has purchased the property at 410 Main street.

The many friends of Mrs. Letherbury will be sorry to learn that she is confined to her bed with neuritis.

Mr. and Mrs. G. Harold Baker visited Mr. and Mrs. Hunsicker, of Norristown, over the weekend.

Harry Burns and Curtis Flynn were the weekend guests of Mr. and Mrs. Harry Sim, in Atlantic City.

Mrs. Mary Krantz enjoyed the weekend in Raven Rock as the guest of her sister.

Miss Alice Ziegler, of New Brunswick, is the guest of her aunt, Mrs. Earle Perkins.

Mr. and Mrs. Bernard Heffman, of Oak Lane, were the guests of Mr. and Mrs. Charles DeLaney Wednesday evening.

Mr. and Mrs. Charles Geelan are spending the weekend in Troy, New York.

Mr. and Mrs. Otto Sauters, Mr. and Mrs. Dennis Maloney, Mr. and Mrs. Samuel MacMullin and Mrs. Schenckel motored to Cheltenham, Pa., Sunday, where they were guests of Mr. and Mrs. Thomas Mann.

Will K. Bowen and his brother, Earle Bowen, of Delanco, are spending a week at Green Acre, Eliot, Maine.

## PALMYRA NOTES

Mrs. McCarthy, of York, Pa., who has been spending the past two weeks with her daughter, Mrs. Ralph Whartnaby, of Delaware avenue, returned home Saturday.

Mr. and Mrs. H. R. West, of Morgan avenue, enjoyed the weekend at Ocean Grove with Mr. West's mother, Mrs. James Hutchinson.

Mr. and Mrs. M. J. McDermott and family, of Lecony avenue, are vacationing at High Point, this month.

Mrs. John Hoepfner, of Washington avenue, who has been in ill health for the past few months, is spending some time in Beach Haven.

The Community Welfare Association of Palmyra, Riverton and Cinnaminson acknowledges with thanks, the following contributions: Covenant Chapter, O. E. S., No. 108, \$10.00; American Legion Auxiliary, \$5.00; Camp 3, P. O. of A., \$5.00.

Mr. and Mrs. Milton Murphy and family, of Riverside Park, have moved into the property at Fifth and Horace avenue.

Mrs. Emanuel Keuser, of Delaware avenue, is visiting her daughter in Phoenix, N. Y., for a month.

Mayor George N. Wimer recently received a post card from Richard E. Wilson, who with his family, is touring Scotland. The card is post marked Glasgow. Mr. Wilson says he is enjoying his trip immensely, as Glasgow is a city of wonderful historic interest.

M. R. Blackwell, a former resident of Palmyra, has moved back to town and is now doing electrical work for C. R. Sweeney, Inc.

Mayor George N. Wimer attended a joint meeting of Camden County Mayors' Association and the South Jersey Transit Commission, which was held in the Income Insurance Building, Broadway and Stevens streets, Camden, last Thursday afternoon. The meeting was held for the purpose of planning a high speed line between Camden and Philadelphia.

## Calendar of Coming Events

TUESDAY, JULY 8th

Lions' Club, Lions' Den, Society Hall, 6:15 p. m.  
Sons of Italy, P. O. S. of A. Hall.

WEDNESDAY, JULY 9th

Palmyra Castle No. 22, K. G. E., Society Hall.

THURSDAY, JULY 10th

Palmyra-Riverton Rotary Club, Riverton Park Club, 6:15 p. m.  
Camp No. 3, P. O. of A., Society Hall.

Mr. and Mrs. Elvin I. Powell and son, Donald, and daughter, Marjorie, and Mrs. Philip Vollmer, Sr., will leave today for Ocean City, where they will spend a few weeks.

Mrs. Margaret Dickerson, of West Broad street, was the guest of Mrs. Joseph L. Stack at her summer home at Townsend's Inlet over the weekend. Friday Mrs. Dickerson took her first airplane ride, accompanied by Mrs. Clayton Weikman, daughter-in-law of Mrs. Stack. Mrs. Dickerson, who is eighty-seven years old, when asked if she enjoyed the ride, replied, "I could have stayed up all day."

C. F. Dengler, of Parry avenue, has purchased a new General Electric refrigerator from the local dealer, C. R. Sweeney, Inc.

Mr. and Mrs. Clayton Buckage, of Indian Mills, and Mrs. Marion Joyce, of Camden, were the guests of Mrs. A. B. Powell, of West Broad street, last week.

Miss Lois Haldeman, of Summit Hill, Pa., was the guest of Miss Marjorie Powell for several days last week.

Frank Snowden, of 903 Lincoln avenue, is driving a new Dodge Six sedan, purchased from the local dealer, C. R. Sweeney, Inc.

Miss Eva Whiteside, of Berkeley avenue, had her tonsils removed in the Mount Holly Hospital Monday. She is reported to be doing very well.

Mr. and Mrs. J. G. Moffitt, of Garfield avenue, are enjoying the month of July in Ocean City.

Work on the laying of curbs and sidewalks in West Palmyra is now well under way. All of Market street has been finished and the side streets, Jefferson, Washington, Front and Second, between Market and Arch, as well as parts of Arch street, are now completed.

The teachers and officers of the Primary Department of the Central Baptist Sunday School were the guests of Mrs. Arthur Wallace, of Burlington, Wednesday evening.

A. Linwood Dean, of Morgan avenue, recently left for Point Pleasant, where he will spend the summer.

Mr. and Mrs. Howard Humphreys, of Garfield avenue, are enjoying the month of July at Ocean City.

A. M. Beckenbach and family have purchased the Morton property, at 410 Garfield avenue, through Raymond Warner, Realtor. They will take up their residence at the new address in the near future.

The regular monthly business meeting of the St. Agnes' Guild of Christ Church will be held in the Parish House Monday evening. All members are urgently requested to be present at that time.

Mrs. Frank A. Snover returned home from a very pleasant motor trip Tuesday. Mrs. Snover enjoyed a week in Stroudsburg and a week touring the New England States with Mrs. Dorothy Lantz, of Stroudsburg.

Dr. Dean H. LeFavor, of Morgan avenue, has purchased a General Electric refrigerator from the local dealer, C. R. Sweeney, Inc.

Miss Edith F. Cocker, of Glenside, Pa., was a guest at the home of Mr. and Mrs. Howard Humphreys, of Garfield avenue, last week.

Robert Evans, of 512 Morgan avenue, recently purchased a Tudor Ford sedan from the Lester S. Fortnum Ford Agency.

Mr. and Mrs. W. J. Meyers and family, of Morgan avenue, left yesterday for a four weeks' motor trip through the Middle West. They expect to spend a few days with Mrs. Meyers' mother in St. Louis.

George A. VanOyen, the tailor, is offering a special sale of made-to-measure suits in the advertising columns this week. With each suit purchased an extra pair of trousers will be included free.

Miss Dorothy Harrison, of Trenton, was the weekend guest of Dr. and Mrs. Dean H. LeFavor, of Morgan avenue.

Mrs. Alice Russell entertained the Stitch and Chatter Sewing Circle last evening.

Mrs. Henry Wilbraham, Mrs. William Rudduck, Mrs. Russell Bowen and the Misses Betty and Louise Bowen were Atlantic City visitors last Thursday.

The In-As-Much Bible Class, of the Epworth M. E. Church, will hold its annual picnic at Riverview Beach next Thursday. All members are requested to meet at Palmyra Station at 8:15 a. m. promptly. The boat will leave the Philadelphia wharf at ten o'clock.

Mr. and Mrs. Arthur McCormick and son, John, of Lincoln, N. J., were the guest of Mrs. McCormick's sister, Mrs. Harry Stiller, of Highland avenue, Sunday.

Mr. and Mrs. Frank Haley and family, of Lincoln avenue, are spending the month of July in Ocean City.

Mr. and Mrs. Raymond Lamont, of Garfield avenue, have returned from a week's motor trip to Watkin's Glen, N. Y., and the Pocono Mountains.

Clarence Ward, of Palmyra, was arrested for reckless driving by Chief of Police William Lindh, in Delanco, Tuesday night. He will be given a hearing tonight before Justice of the Peace Wesley Perkins, Delanco.

The Honorable Sir Harry Bailey Tower, of Newark, holder of several honors and decorations of the Italian Government, accompanied by Captain Theodore Gottlieb, patriotic instructor of the New Jersey Department of Veterans of Foreign Wars, called on Mayor Wimer while on a visit to Palmyra last Friday.

## LENOLA

Lenola playground opened on Monday with an attendance of nearly 150 children. Mrs. Helen Smith is the director in charge.

Mrs. James Simpson, of Cottage avenue, entertained the members of her card club on Thursday evening.

Mrs. U. H. Prichard and daughter, Gweneth, have returned to their home in Shamokin, Pa., after spending a week with Mr. and Mrs. A. W. Prichard, of New Albany road.

Miss Elizabeth Hughes, daughter of the Chief Justice of the United States Supreme Court, will marry William T. Gossett, a New York lawyer.

## MOORESTOWN

Miss Anna Stiles, Miss Drew Hyatt and Miss Esther Sharpless, all of Moorestown, were among the recent graduates of the Philadelphia School of Industrial Art.

Mr. and Mrs. George Knell, Jr., of West Main street, left on Monday for Breakabeen, New York, where they will occupy Mrs. Knell's cottage in the Catskill Mountains until September 1.

Mr. and Mrs. John Lowden and daughter, Sarah, of South Washington avenue, recently spent several days visiting Edwin Lowden, at Vineland, N. J. Mr. Lowden, who is night desk sergeant at Town Hall, is enjoying a ten-day vacation.

Jack Flicker, of Philadelphia, on Monday took up his duties as registered pharmacist and assistant to Henry H. Stiles, proprietor, at Stiles' Pharmacy. Mr. Flicker succeeded J. Harry Haines, who left Moorestown Monday to take up his new duties with Colonial Pharmacy, Asbury Park.

Mrs. Joseph Ellis, of South Washington avenue, entertained the nurses from Cooper Hospital, Camden, at bridge on Thursday evening. Twelve guests were present. Mrs. Ellis is a graduate of the hospital.

Miss Katharine Sharpless left Tuesday for Camp Owassa, Pocono, where she will spend the next two months as chief counselor in horseback riding.

Miss Marie Ryan, of Camden, is spending the week with Mr. and Mrs. Joseph Wojcik, of East Third street.

Harvey Taylor, of Philadelphia, was in Moorestown recently visiting friends.

Mrs. Joseph T. Sullivan, of Chester avenue, has returned from a visit at Thompsons Cove, New York.

Ceal MacDonald, of Girardville, Pa., was the weekend guest of Alice Carey, of West Second street.

A meeting of the Program Committee of the Stanwick Home and School Association was held Monday afternoon at the home of the chairman, Mrs. Harry Allen, of East Second street, to plan the program for the coming year. Other members of the committee are Mrs. Charles Whitmer and Mrs. Howard Devlin.

Mrs. Clarence L. Henderson and daughter, Eleanor, of East Main street, left on Monday for Ocean City, where they will spend the month of July.

Mr. and Mrs. Edward L. Olliver, of East Snyder Place, spent Sunday in Hopewell, N. J., as the guest of Mr. and Mrs. Edward M. Haines.

## BOUNTY IS SOUGHT FOR WOODCHUCKS

Freeholders Reluctant to Start Paying Fees for Killing Groundhogs

"How much wood would a woodchuck chuck if a woodchuck could chuck wood?" is not the problem confronting the Burlington County Board of Freeholders, but whether or not they should pay 50 cents per head bounty and a fee of 25 cents for each scalp tendered in evidence that another Marmota Monax had gone to its happy hunting ground, or wherever groundhogs go when death overtakes them.

Warner Hargrove and Frank M. Lockman presented bills for the destruction of several woodchucks. It is said that these little animals are doing great damage to farmers' crops. And it is contended that the number in the County can be greatly reduced and still leave enough for the purpose of weather prognostication the second of February.

Still the Freeholders hold that once started this bounty business may reach proportions which will constitute a serious financial situation. As usual, in such dilemmas, the matter was referred to the County Solicitor. The law provides that the Board may, if it sees fit, pay a bounty on each woodchuck killed and an additional fee of 25 cents.

Richard Lippincott, of Southampton Township; Theodore Budd, of Pemberton Township; and Walter Sloan, of Woodland Township, appeared before the Board with a request for County aid in maintaining a road which runs through their respective Townships. Mr. Lippincott was spokesman for the group.

After some discussion the delegation was advised to try for State aid and the matter was referred to the County Director of Roads, Charles R. Stout, to co-operate with the Townships in their effort.

The following bills were ordered paid: Roads, \$8,712.27; Bridges, \$2,376.80; Finance, \$31,503.65; Public Buildings, \$7,852.78; and Public Affairs, \$1,684.21.

## LEWIS INSTALLED AS ROTARY HEAD

Retiring President, Frank A. Snover, Presented With Diamond Button

Clement B. Lewis, newly-elected president of Palmyra-Riverton Rotary Club, was inducted into office at the last meeting by Past President Dr. Charles S. Mills.

Dr. Mills spoke briefly of the community work being done by the club and outlined the plans for continued effort.

The retiring president, Frank A. Snover, was highly congratulated for his fine work in the interest of Rotary by several of the members and was presented with a handsome diamond Rotary button.

Various committees were appointed for the various branches of Rotary work. The complete list follows:

Clement B. Lewis, President.  
Joseph T. Evans, Vice-President.  
Ross E. Mattis, Treasurer.

Frank A. Snover, Past President.  
Charles S. Mills, Director.  
Club Service—Charles S. Mills, chairman; J. C. Clark, Clarence Hubbs, Richard D. Barclay, Howard Conover.

Vocational Service—J. C. Clark, chairman; John J. McNulta, James T. Weart.

Community Service—Clarence Hubbs, chairman; James T. Weart, John S. Warner.

International—Howard B. Conover, chairman; Jos. S. Low, Frank A. Snover.

Boys' Work—Edward Jessup, chairman; Joseph T. Evans, L. G. Rogers, Fellowship—J. Rowland Dey, chairman; Edgar P. Shaner, William P. Becker.

Educational—Elwood F. Thum, chairman; Clinton B. Woolston, Wm. P. Becker.

Attendance—Chas. J. Geelan, chairman; Clinton B. Woolston, Wm. P. Becker.

Budget—Earl L. Williams, chairman; Ross E. Mattis, George S. Seel.

Program—Richard D. Barclay, chairman; J. D. Elise, Ross Mattis, George B. Lockett.

Classification—L. M. Eberly, chairman; Frank Cole, L. G. Rogers, Publicity—John J. McNulta, chairman; Joseph G. Seel, J. Horace Finney.

Musical—Geo. B. Lockett, chairman; Dean H. LeFavor, Clarence Hubbs, Catering—Frank A. Snover, Chaplain—George B. Lockett, Sergeant-at-Arms—Edgar P. Shaner.

## LOCAL CHURCH NEWS

### EPWORTH METHODIST EPISCOPAL CHURCH

J. William Lee, Minister

Church School will meet at 10.00 a. m. Visitors are delighted with the School and we are glad to have them.

Morning Worship, 11.00 o'clock.  
Ministry of Music: Mrs. Rachel Lord at the console; "Meditation," Kinder; "Cheour Celeste," Strang; "Recessional March," Kinder.

Anthem by the Choir.  
Holy Communion, "Do this in remembrance of Me."

Evening Worship, 7.45 o'clock.  
Ministry of Music: "March in A," Barnes; "True Hearted," Whole Hearted; "Intermezzo," Macbeth.

Helpful Song Service.  
Anthem by the Choir.  
Sermon—"The Message of a Blind Man to the Blind Men in Palmyra."

### CHRISTIAN SCIENCE

"God" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, July 6, 1930.

The Golden Text is: "Thus saith the Lord the King of Israel, and his redeemer the Lord of hosts; I am the first, and I am the last; and beside me there is no God" (Isaiah 44:6).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "I am the Lord; that is my name and my glory will I not give to another, neither my praise to graven images" (Isaiah 42:8).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The Lord is personal, there is but one person, because there is but one God" (p. 517).

### BAPTIST CHURCH

Rev. George Lockett, B.D., Pastor

Services next Sunday as usual. Sunday School at 10.00 a. m. Communion service at 11.15 a. m. BYPU service at 6.45 p. m. Topic, "Taking Part in Worship." Preaching service at 7.45 p. m. Sermon subject, "A Chosen Generation."

Last Sunday Mr. Scott, a missionary from Nicaragua, gave a very interesting address to the Sunday School on the work in that country. It was greatly enjoyed.

### EPISCOPAL

Rev. G. J. McCormack

"My country 'tis of thee"—My country, these skies, these mountains, these fields, this vast sea that washes our coasts. All these things are not only without us, they are also within us.

We bear about with us, in our physical nature, a sort of reflex of our native land, and in our hearts, our radiant and ineffable image, our country is the heartstone, the child in his mother's arms, in whom all the past and all the future sleeps. With sincerest prayer we sing "My Country." God defend her.

"O beautiful for Pilgrim feet,  
Whose stern, impassioned stress  
A thoroughfare for freedom beat  
Across the wilderness!  
America! America!  
God mend thine every flaw,  
Confirm thy soul in self-control,  
Thy liberty in law."

The Girls' Friendly Society at the summer home at Island Heights is looking forward to the first two weeks in August when the following members will be their guests: Associates, Mrs. B. Rieley and Mr. E. Piel; members, Frances Billa, Elsie Rieley, Eleanor Taylor, Miriam Ingram, Elma Jones, Margaret Rhoads, Frances Bond, Janice Bond and Helen Gerkins. There won't be any "and" sea away when this cheerful group gets together.

We ask for a good attendance at the regular monthly meeting of the St. Agnes' Guild on Monday next, July 7th. The secretary, Mrs. E. E. Fox, will remind the members by card.

The seventh Lambeth Conference meets this month, July 5 to August 9, in London, under the chairmanship of the Archbishop of Canterbury, the Most Rev. Cosmo Gordon Lang, D.D.

Some three hundred and seventy Anglican bishops, throughout the world, have been invited. Of our own bishops fifty-four have signified their intention of attending.

Third Sunday After Trinity: 10.30 a. m. Holy Communion and Sermon, "Love of Country." 12.00 Noon, Holy Baptism.

### FIRST LUTHERAN

Rev. Harold L. Crager, Pastor

Last Saturday the Dramatic League of the church held their picnic at Browns Mills. This proved to be a very enjoyable occasion for all who were present.

The Luther League held their last regular meeting for the summer on Sunday evening. The discussion of Christian vacations was full of helpful suggestions. This subject could well be pondered upon by many of the older members of the church as well as by the younger ones. Vacation time should find spiritual values as well as physical values.

The Wednesday evening prayer meeting has been discontinued for the summer months. Sunday services, both morning and evening, will be maintained throughout the season.

### CHURCH NOTICES

#### FIRST LUTHERAN

Rev. Harold L. Crager, Pastor  
10.00 a. m. Sunday School.  
11.15 a. m. "Living For Big Things."

ROTARY INSTALLS AT MOORESTOWN  
Henry H. Stiles Becomes President, Succeeding Dr. Clarence L. Henderson

## FERTILIZER AID TO COUNTY PASTURES

Two-Year Tests by County Agent Thompson Shows Fine Results

For the past two years observations have been made by County Agent Charles A. Thompson as to the effect of fertilizer on pastures in Burlington County. In order to determine the effectiveness of fertilization, demonstrations were started in 1929 which will be continued over a period of years, in order to get more definite results.

"Up to the present time it can be said that in all cases pastures have responded to the fertilizer treatment," says Mr. Thompson, "which proves that pastures, like other crops, need feeding."

"On many dairy farms pastures have been considered somewhat like the poor, in that we always have them with us, and for that reason are not given very much consideration. What the individual dairyman should do with his pasture is a question that has to be solved individually, rather than giving a hard and fast rule that can be followed by all."

"The demonstration on the Frank Atkinson farm at Columbus has shown as far as indicated, a marked change in type of growth, in that white clover is more noticeable on the fertilized and limed plots, as compared with the rest of the pasture."

"A much more striking result in the changing of the type of growth can be seen on the South Emberton road, at the farm operated by George Dubell, and owned by Meany Brothers. On this plot, clover and bluegrass have been increased very materially as a result of fertilizing and liming."

"In addition to the changing of the type of growth there is also an increase in the growth itself, and if you were to ask the cows about it, you would find that they like these fertilized plots better, at least, this is the conclusion that can be drawn by the fact that the cows soon hunt out these fertilized plots and eat them off first."

"The other day at Ed Lippincott's, Columbus, I was told that the cows went first to the plots that were fertilized this spring, and seemed to prefer grazing on this section of the pasture."

"The amount of pasture that a farmer has, as well as the type of growth, should be considered before the dairyman starts out on a fertilizing program. However, it is evident that pastures cannot be continually grazed year after year, without a return back to some food, any more than it is possible to produce a crop of potatoes or any other crop without feeding it."

Henry H. Stiles, East Main street druggist, was installed as president of the Moorestown Rotary Club by George C. Baker, a former president, at last week's regular luncheon meeting of the club in the Community House Thursday at noon. Mr. Stiles succeeds Dr. Clarence L. Henderson.

Prior to the installation of Mr. Stiles and his corps of officers, Dr. Henderson delivered his final address as president, pointing out some of the work the club had carried on during the past year, and expressed his deep appreciation for the support given his administration by the various officers, committee chairmen and individual members of the club.

He congratulated the club for picking Mr. Stiles as his successor and told how the incoming leader, as vice-president and program chairman for the past year, had given the Rotarians one of the finest year's programs they have enjoyed during the club's existence.

Mr. Baker was then introduced and, following his address, Dr. Henderson handed over the gavel to Mr. Stiles. Mr. Baker congratulated Dr. Henderson for his fine work as president and said, "While we hate to see Doctor Henderson leave the chair, it is a pleasure to see a man of the type of Mr. Stiles succeed him and I know the new leader will make a most capable, efficient and enthusiastic leader. He has the well wishes of all of us."

Mr. Stiles, in accepting the responsibilities of the office, said, "I consider a Rotary Club the same as a chain, with the members representing the links. The chain can be no stronger than its weakest link and the club can be no stronger than its weakest member."

He urged the members to take part in the activities of the club and give the officers their support. "Any organization," said Mr. Stiles, "must have a definite object if it is to succeed. And a Rotary Club is no exception. On the other hand, a Rotary activity is not permitted to sponsor any activity if the club agency has no interest in the community that should take up the work. We are, however, encouraged as individuals to take part in community projects sponsored by existing agencies and I feel that it is the duty of every Rotarian to do so."

Furthermore, the Rotarians should consider themselves 'minute men' and bring to the club any plans whereby a needed project for the town can be taken up if there is not an agency to handle it."

Chester L. Reagan, treasurer; James J. Tomes, secretary, and B. Thornton Hollingshead and Dr. Howard G. Curtis, directors, were installed by Mr. Baker. E. Russell Perkins, the new vice-president, was unable to attend the installation meeting.

Charles H. Wagner, retiring president of the Camden Rotary Club, delivered a most interesting address on Rotary, terming it "an ethical movement in which the progress is difficult to determine." He said it takes time and effort if the movement is to endure and called attention of the fact that Rotary is not spectacular, but that one of its big principles can be likened to Calvin Coolidge's principle of "minding one's own business." He declared, "It is the individual contacts of men with men that puts Rotary over" and in closing urged the club to reserve much of its program of activities for boys' work, one of the big enterprises of Rotary.

Answering a burglar alarm in St. Paul at 3:00 a. m., the police found the intruder to be a strange cat.

## Laughing Around the World

With IRVIN S. COBB

### The Glad Gay Moment Arrives

By IRVIN S. COBB

THE scene is a London restaurant and the time is New Year's Eve. All about are happy groups celebrating the arrival of the new-born year. Confetti is flying, blarney is being said, and the air is filled with the music of the orchestra, and foals' caps decorate many heads.

Seated at a side-table is a family of four belonging to what car British friends call the Upper Middle Classes. The party includes mama and papa and two daughters. They have left their comfortable fireside where they are accustomed to spend the long winter evenings

at conversations and books, for an evening of revelry in the haunts of fashion. But they do not match in with their present surroundings. Until now they have sat in a reserved and secretly horrified silence.

All at once the clamor rises to a higher pitch than ever. Midnight has come. The mother feels that it is time to enter into the spirit of the occasion. She addresses Patricia, her elder daughter:

"My dear," she says, "it is twelve o'clock. You may throw a roll at your father."

(American News Features, Inc.)

## Shelmires Prove Kings of Miniature Golf, Both Father and Son Starring

Jack Holds Honors on Moorestown Course for Entire Day. Then "Dad" Comes Along and Beats Him to Win the Prize Putter

The Shelmires are Moorestown's miniature golf champions. At the opening day of the contest when the opening day contests were being run off on the new S. L. Malnes and Sons' "Robinslaw" course last Friday by the Community House Association, a member of the Shelmire family held the honors throughout the entire day.

Jack, son of Mr. and Mrs. J. M. Shelmire, of Borton's Landing road, shot a brilliant 58 over the difficult 18-hole course in the morning matches and held the honors throughout the day with low score and it looked as though Jack would take home the new Spaulding putter which was offered as the prize for the opening day's low score.

It seems, however, that Jack was highly elated over the prospects of taking home the prize, and gave his father an enthusiastic report of the big event of the day at supper time. The Shelmire became interested and decided to try the course. And try it, he did! Although not a golfer, the senior Shelmire showed the junior champion of the family some new tricks on the course and turned in a 55, five strokes under his son's record.

Jack attempted to regain the laurels lost to his father, but his last round, late in the evening, was a 54, still too high to win the prize putter from the senior Shelmire.

The entire day's receipts went to the Community House Association for playground equipment and a large crowd patronized the course during the afternoon and evening. The final accounting has not been made, so therefore Benjamin P. Rumpel, Director of Recreation, has been unable to make public just what the profits were.

Marty Lyons, of Spring Hill Country Club, won the professionals' exhibition match in the evening with a 51, while Charles Lacy, of Pine Valley Country Club, was second, scoring 59. George Smith, Moorestown Field Club "pro" and Philadelphia P. G. A. champion, ran into some trouble on several of the "tricky" little holes, and scored a 62 for third place. According to the score cards "par" has been fixed at 40, but it is not expected that anyone will make a score that low in a long time.

Mrs. J. W. Price, Moorestown Field Club woman champion, defeated Miss Virginia Mitchell, Woodbury girl star, 128 to 144, in the thirty-six hole afternoon match, the cards reading, Mrs. Price, 66-60-144; Miss Mitchell, 69-75-144.

Jack Shelmire scored his 58 when he defeated Dudley Perkins, who carded a 69, in the junior exhibition match Friday morning.

Steward R. Malnes, of S. L. Malnes and sons, owners and operators of the course, has announced that the Robinslaw Club will offer weekly prizes, a special prize for the low score on the Fourth of July, and special season trophies for men and women.

## Young Swiss Figures in Auto Crash as He Plays Part of Good Samaritan

Moorestown Police and "Prisoner" Have Much Difficulty in Understanding Each Other When Foreigner is Asked to Show License After Accident

The language of a giant young Swiss, who had been in this country only three days, proved too much for Moorestown police last Thursday evening and for a while things were humming at Town Hall, with the police unable to understand their "prisoner" and the "prisoner" being more or less "blank" so far as they were concerned.

It seemed that the Swiss, whose name is Eugene Frey, and about twenty years old, became worried when one of the younger members of the household where he is a guest was "stranded" at the Criterion Theatre during the heavy storm last Thursday evening.

After pondering over the matter for awhile Frey decided that he could navigate his host's automobile fairly well, although he was accustomed to right-hand drive vehicles, and set out to rescue the missing friend.

When he arrived at the intersection of Main and Mill streets, Frey became confused, or something, and crashed into another machine. This, of course, led him to the police station, and then the fun started. Officers demanded to see his license, but apparently Frey didn't get the idea when the policemen failed to get the idea when the Swiss talked, and it was really funny for a while, despite the unfortunate plight of the young foreigner.

Finally the police were able to distinguish something about "moving pictures" in Frey's talk, and he was taken to the Criterion. Then he dashed madly up and down aisles in search of the missing member of his new household, and once more the officers began to scratch their heads, wondering what would come next.

After awhile neighbors of Frey's host appeared on the scene and matters were straightened out until Monday evening, when the young Swiss was called upon to formally answer for his actions in police court at Town Hall with Recorder Joseph W. Johnston presiding. Daniel Desjardins, of Stanwick avenue, who is entertaining Frey, and whose car the Swiss "borrowed" to act as a good Samaritan to a member of the Desjardins family, attended the hearing and explained that damages to the other machine would be paid for without legal action. Then Frey was tried for operating a motor vehicle without a driver's license, and was released after payment of a fine of \$10 and costs, only a small penalty being imposed in view of the circumstances.

Last Thursday Henry Lieberman, East Main street, Moorestown, arrested by Officer Walter A. Erickson on reckless driving charges, was fined \$5.00 and costs when tried before Recorder Johnston.

Samuel Vincent, colored, of East Riverton, arrested Sunday by Chief of Police John H. Bradshaw, was fined \$15 and costs on drunk and disorderly charges, while on Tuesday Louis Rossi, Bronx, N. Y., arrested by Officer Walter A. Erickson for speeding, was penalized \$10 and costs by the police judge.

## JUDGE RIGG HEARS ONLY THREE CASES

Kressen Man to Pay \$10 Weekly for Wife and Two Children

Three minor cases were presented to Charles A. Rigg by Prosecutor Howard Eastwood in the regular session of County Court at Mount Holly Thursday afternoon.

George P. Foster, of Kressen, was charged with desertion and neglect, since June 10, of his wife and two small children. He was ordered to pay his wife ten dollars a week and to sign a \$500 bond for guarantee of payment, and was put on probation for a period of one year.

Anthony Taylor, of Mount Holly, was ordered to pay a fine of \$30 for possessing liquor. He was arrested by Lieutenant Harry Goldy and Patrolman Frank Bowne, of the Mount Holly police, who found him lying in a gutter on Washington street.

He was given treatment at the Burlington County Hospital and later committed to the County Jail to await Court action.

Ferrand Bruce, of Lenoia, who was arrested on a charge of assault and battery on his wife, Edith, was ordered to pay a fine of \$50, of which \$25 was paid forthwith and the balance within three months, during which period he will be on probation.

The enthusiastic young man entered the offices of the first big firm he found.

"What sort of a chance is there for a young fellow beginning at the bottom to work his way up?" he inquired.

"Not much chance," said the manager. "We're contractors for digging."

## YOUNGER BOYS TO ENJOY CAMP

Only Those Under Scout Age to be Accepted August 2 to 9

The season's schedule for the Burlington County Scout camp has been so arranged as to permit the younger boys, below Scout age, to enjoy a week in camp. In spite of the publicity this announcement has been given, registrations from older boys are being received daily by camp officials, for that period.

According to a statement by M. A. Shaw, county scout executive, these registrations will not be accepted, and some boys will probably be disappointed when they find they cannot enter camp because they have not made proper reservations.

The boys who will be given these new privileges are to be over nine years of age and under twelve, the Scout age. The week of August 2 to 9 has been reserved for them at the county Scout camp near Cookestown.

The season for the Scouts will be from July 12 to August 2, while the week following the younger boys August 9 to 16, is being reserved for the colored boys.

The beach at the camp is nearly completed and there are now ten cabins, twice the number of last year's, with the possibility of more being added before the season opens. And since all boys are interested in eating, Executive Shaw says he knows the announcement that "Jim", last year's chef, is to return, will be greeted with enthusiasm by all of the boys who were at camp last year.

Avery L. Bennett, last year's camp director, has been reappointed, with Clarence Davenport, of Mount Holly, as quartermaster. John Fountain, of Moorestown, will be in charge of waterfront and athletics, and he will be assisted by Charles Wright, Jr., and Harry Salmon, both of Moorestown.

N. J. ECONOMIST HIRED BY FEDERAL FARM BOARD

The New Jersey College of Agriculture and Experiment Station Tuesday announced that Prof. Charles B. Howe, its associate economist, had been granted a year's leave of absence to accept a position with the Federal Farm Board. In his new work, which begins October 1, Professor Howe will become a member of the Board's division of information, which prepares economic data required by the Board in shaping its program and policies.

# RIVERTON BEATEN BY POWELL PROS

Costly Errors Ruin Home Team's Lead; Final Score is 5 to 4

Last Saturday afternoon's game on the Riverton Memorial Park field between Riverton and the Powell Pros, of Philadelphia, resulted in a 5-4 victory for the visitors.

In the first inning Riverton gathered two singles and a long sacrifice fly, but failed to score, due to some bad base running with two down and two on.

In the second the Riverton boys loaded the bases by the old bunting game, but could not score.

The Powell Pros pushed across their first two runs in the third when Dolan and Cusack completed a tour of the bases on errors, four in number, and very glaring in their appearance from the sidelines.

In the fourth session both sides retired in one, two, three order.

Riverton's Big Fifth

The fifth inning brought the Riverton players out in front by one run. Sloan ripped a single through the infield. Buchholz bunted him around and beat the throw to first. Kerkman also laid one down and was safe, filling the sacks. Terrell then rolled one down first base line and Cusack drove the ball home in perfect style to get Sloan, but he beat the throw. The ball hit Sloan on the head, but he was not injured.

Reeves drew an "Annie Oakley" and forced Buchholz in with the tying run. Bottger lifted one to short. Bartley slapped one on the carpet to short and Logan's throw beat Weikman to the plate. With two down Easley slashed another to short which Logan muffed, allowing Terrell to score. Foulke hoisted one to left field for the last out.

The next frame added another run to Riverton's score by virtue of Sloan's single, Buchholz's sacrifice bunt and Weikman's double.

Seventh Inning Fatal

Three hits, an error and a fielder's choice netted the visitors three runs and victory in their part of the seventh frame.

Although the boys have been defeated a few times this season they are always in the game until the last put-out, and fight hard to have the winning runs on their side of the score book.

It is your challenge—are you going to accept it or let this opportunity go by?

The box score:

## DR. STOKES AGAIN WINS GOLF TITLE

Becomes Permanent Owner of Cup With Third Championship Victory

Dr. S. Emlen Stokes, of "Broadacres," won for the third time the Moorestown Field Club golf championship and the cup offered by the club now has become his permanent trophy. Dr. Stokes defeated Clement Webster, Jr., in thirty-five holes last Saturday.

Dr. Stokes came in with 77 strokes at the end of the first eighteen holes, while Mr. Webster had 81. Mr. Webster was thus five down at the turn.

The battle was resumed in the afternoon, with a large gallery following the playing. Dr. Stokes played his same easy and consistently excellent game, and Mr. Webster settled down to much better golf. The scores turned in for the first nine holes were: Webster, 38; Stokes, 39.

The match ended on the thirty-fifth hole with 3 down and one to go. No score was turned in for the last nine holes. At one time the game was dormie 4, but Dr. Stokes drove into a trap. This was the champion's only faulty hole in the entire game.

Throughout the match no strong competitive spirit was in evidence. Dr. Stokes and Clement Webster, Jr., are close friends, and to the gallery the game seemed just an ordinary friendly match.

However, the match was close. Both golfers turned in really fine scores, exhibiting the fine calibre of golf played by Moorestown devotees of the ancient Scotch game.

On a hunting trip in Glasgow, Alfred Weston killed 97 birds in 97 shots.

George Brook, of Chicago, was found to be deaf and dumb when arrested for speeding.

## PARRY CLUB WINS FOUR IN A WEEK

Defeats Burlington, Reading R. R., Oaklyn and North Wales Teams

Bill Reagle's Parry club won four victories during the past week, starting with a twilight win over Burlington Tuesday night by a score of 4 to 2.

Schultz pitched a great game, allowing Burlington four scattered hits. Parry broke a 2-2 tie in the fifth when they scored a run. Phelan doubled to start the inning and stole third, scoring on Schultz's sacrifice.

Thursday the Reading R. R. team opposed Parry on the latter's field. Reading received a severe trouncing by the score of 13 to 1. Reagle got a triple and three singles. Menkevitch knocked out a home run and a single. E. Schuck was on the mound for Parry and held the visitors to eight hits.

Saturday the boys played the Oaklyn club at Oaklyn. Malley and Menkevitch formed the Parry battery. Parry scored five runs in the second and six in the third to sew up the game. Oaklyn scored its lone marker in the fourth inning.

Smith was high man for Parry, getting four hits out of five trips to the rubber. Tom Shorter and Menkevitch each collected three hits.

North Wales furnished the opposition at Parry Sunday and was beaten by a score of 24 to 3. The home boys scored fourteen runs in the first inning on four walks, five singles, one double, two triples and two errors. Menkevitch and Schultz both got four hits during the game. Delaunia and Fdpaugh hit home runs for the visitors, while Menkevitch hit for the circuit for Parry.

Schultz held the North Wales squad to nine hits and three runs.

Parry will meet the Quaker City Professional at three o'clock in the afternoon of the Fourth of July. Sunday the Robbin's A. A., of Tacony, will furnish the opposition.

The box scores of the Oaklyn and North Wales games follow:

To Play in 'Open'

Moorestown Field Club "pro" and Philadelphia District P. G. A. champion, who leaves Saturday for Minnesota, where he will compete against cream of the country's golfers in the big national tourney.

## GEORGE SMITH TO PLAY IN U. S. OPEN

Moorestown Star Leaves Saturday for Minnesota to Enter Big Tourney

George Smith, "mighty mite" of golf, leaves this Saturday for Minnesota where he will play in the national open golf tournament to be staged there at the Interlachen Country Club Tuesday, Wednesday and Thursday, July 10, 11 and 12.

George, "pro" at Moorestown Field Club and Philadelphia P. G. A. champion for the second consecutive year, is playing the best golf in his career and friends predict that with any fair amount of "breaks" the local star will make an ever better showing than he made last year.

Last year, it will be remembered, the Philadelphia district star established a record for consistency when he turned in four 77's to place in a four-cornered tie for tenth honors. This is an exceptional record for a golfer's initial appearance in national competition.

While friends are confident George will finish "well up in the money" this year, the young Field Club "pro" admits he is playing the best golf in his career, but cannot, in a traditional manner, help from being pessimistic, as one links enthusiast put it. George broke his pet driver last week and has been frantically chasing about it, sporting goods stores in search of another driver "with the same feel." Thus far, he has not been successful, and greatly feels the loss of a highly cherished club.

Due to his excellent showing last year, George was automatically qualified for the open this year and did not have to play in the qualifying round. Charles Lacey, of Pine Valley Country Club, the only golfer in this section to qualify, will accompany Smith.

A record number of entries is reported for the tourney. Tuesday's play will be eighteen holes and the same program will be followed on Wednesday. Thursday, when the field will be reduced to sixty-four, there will be thirty-six holes, with the low score being the national open winner.

Smith and Lacey expect to arrive at the Interlachen course in time to play two practice rounds prior to the opening of the tournament.

There'll be two George Smiths in the United States open at Interlachen, the Philadelphia Ledger reported Tuesday evening. Continuing, it said, "The one from the Philadelphia district, the same little chap who played great golf in the 1929 open, will start his qualifying round at 12.40, and then reverse the field at 9.30 the next day. The other George Smith hails from Onwentsla Club, of Lake Forest, Illinois. He will start early on the first day and late the second."

PALMYRA GIRL NEARLY DROWNED

Wednesday evening of last week Sylvia Schildhaus, 115 Leconey Circle, Palmyra, was saved from drowning by Dr. Harry L. Rogers and Charles Bright, attendant at the Riverton Yacht Club.

Miss Schildhaus was swimming off the Yacht Club Wharf when Dr. Rogers and Bright saw the girl's danger. Dr. Rogers put out in a canoe and Bright in a rowboat and brought her safely ashore.

## DELANCO DEFEATS MT. HOLLY, 7 TO 1

Cy Young's Club Finishes First Half Schedule in Third Place

Charley "Cy" Young's Delanco Club turned in a 7 to 1 victory on its home grounds Saturday afternoon over Mount Holly to finish the first half of the Burlington County League in third place.

Delanco nosed out Mount Holly for third place by a half game.

Delanco got only four safeties off the pitching of Carl Bowker, although aided considerably by three errors on the part of the Mount Holly players. The "Hollies" on the other hand clipped the offerings of Harry Young for five hits.

"Rick" Reeves led the attack for the "Hollies" with a pair of singles, while Pete Heister garnered a brace of hits for Delanco, registering a double, the only extra-base clout of the tussle.

Mount Holly was without the services of its star fielder, Hen Worrell, which is suffering from a pink eye. He is compelled to wear glasses and physicians say he may never be able to play baseball again.

RIVERTON, NEW JERSEY, THURSDAY, JULY 10, 1930

PRICE, FIVE CENTS

## BIG ATTENDANCE AT PLAYGROUND

Riverton Boys and Girls Enjoy Varied Program at Memorial Park

With an attendance that is daily increasing, and a program that is rounding out with many different groups of activities, the Riverton Playground at Memorial Park has begun its second week.

One hundred seventy-five different boys and girls have already enrolled at the Park, and it is felt certain that more than two hundred names will be recorded by the end of this week.

The attendance for last week, in spite of the frequent storms, and the cessation of activities on July 4th, reached a total of 720. The boys and girls present at the Park in the morning, afternoon and evening, are counted and the attendance total reached in this manner.

An attendance of five hundred was recorded for the first two days of this week, and those in charge expect a total of over one thousand for the week, if the weather remains fair. Persons who have observed the number of boys and girls on the playgrounds in much larger communities, state that these attendance figures are surprisingly large.

The program of activities at the Park has been quite varied. Besides the daily recreational games, some fifty different ones of which were played last week, the children have begun work on definite activities. For example, the Red Cross Swimming and Life Saving Tests are being administered daily during the swimming hour.

The boys and girls are also taking the Athletic Badge Tests, which consist of a number of different standard tests of ability in a variety of athletic activities, and which are published by the American Playground and Recreation Association, and used nationally. A complete list of those who have passed the various tests will be published next week.

Two quiz tournaments are being conducted for the boys, one for Juniors, 12 years and under, and the other one for Seniors. The Junior tournament has advanced to the second round, while the Seniors have reached the semi-finals in one bracket, and the finals in the other. The finals of these tournaments will be played on Friday night at 6:30 as a feature of the "Switzerland of America" event.

Concerning which will be seen elsewhere in this issue. The results of the matches which have been played thus far are as follows: Juniors, P. McDermott defeated R. Reynolds, 21-15; H. Gibson defeated R. Wallace, 21-15; L. Yearly defeated J. Perkins, 21-18; E. Sutters defeated R. Wallace, 21-11; 21-21; Troutman defeated J. Wallace, 21-10; C. Wallace defeated E. Smith, 21-10; DeGraw defeated Vile, 21-18; 21-11; W. Myers defeated G. Sutters, 17-21; 21-18; 21-18; Blyler defeated Mayfield, 21-14; 21-12; F. Williams defeated Miller, 21-4; 21-16.

Second Round—McDermott defeated Gibson, 21-9; 21-12; Troutman defeated C. Wallace, 21-18; 21-17; DeGraw defeated Myers, 17-21; 21-19; 21-17. Third Round—DeGraw defeated Troutman, 21-10; 21-4.

Seniors, First Round—J. Reynolds defeated J. Gibson, 21-9; 21-10; Gladney, bye; E. Wallace defeated H. Turner, 21-11; 21-1; C. Wigmore defeated T. Bussell, 13-21; 21-18; 21-18; 21-19; J. Yearly defeated P. Matthews, 21-15; 21-10; C. Dougherty defeated Hebrew, 21-14; 21-20; Whartnaby, bye.

Second Round—Gladney defeated Reynolds, 21-16; 16-21; 21-6; C. Wigmore defeated E. Wallace, 21-19; 20-21; 21-20; J. Yearly defeated J. Wallace, 21-20; 21-18; Whartnaby defeated Dougherty, 21-5; 21-13.

Semi-Finals—Gladney defeated C. Wigmore, 21-15; 21-13. "Stunt Night"—A game held at the Memorial Park Playground, Riverton, on Friday night, at 6:30, will give the residents of the community an opportunity to view the type of activity that is being carried on daily at the Park. The program will open with two quiz matches, to determine the Junior and the Senior quiz champions of the Park. These matches will be the finals of the tournament, being held this week.

Following this, the girls will present a series of tumbling acts, and pyramid building stunts, while the boys will demonstrate some of the games that they have found most popular at the Park. As a special feature, Fred Whartnaby, boy soprano radio artist, will render several solos. The program will also include mass calisthenics by the entire group.

It is hoped that a large crowd will be on hand to see the boys and girls perform their stunts. The time is 6:30 sharp.

LIPPINCOTT COW COMPLETES OFFICIAL PRODUCTION TEST

Majesty's Reliable Amalia 564724, a purebred Jersey cow, owned and tested by H. H. Lippincott, of Riverton, has completed her second official production test. Amalia was started on this test when she was 6 years and 6 months of age and in the following 365 days she produced 512.15 pounds of butterfat and 5,892 pounds of milk. Her milk averaged 5.23 per cent butterfat for the test and with the above record she again qualified for the Register of Merit of the American Jersey Cattle Club. The sire of this mature cow is Cambridge's Majesty's Reliable and her dam is Cambridge's Noble Amalia.

## P. S. BUSES CARRY 32,000 TO SHORE

New Record Established Without Single Accident During Holiday Traffic

A new record was established by Public Service over the Fourth of July weekend when over 32,000 passengers were transported by buses between Philadelphia and Atlantic City.

The record-breaking number of passengers was carried without an accident and without any curtailment of service on other bus lines.

On Sunday last over 12,000 passengers were transported between Atlantic City and Philadelphia. To transport this vast army of passengers close to 200 buses were used.

The largest day's business was done on Friday, the Fourth of July. New records were also established on the Philadelphia-Ocean City and Philadelphia-Wildwood lines.

Herbert E. Harper, Division Manager, Public Service Co-ordinated Transport, complimented his aides, supervisors and the bus operators for their excellent work in transporting so many passengers without an accident.

In the Union Terminal on Sunday night buses were operated to Camden and Philadelphia on a headway of two minutes.

## BRODTONS ENJOY SCENIC AUTO TRIP

Return From 950 Mile Tour of Beautiful "Switzerland of America"

Mr. and Mrs. E. R. Brodton and sons, Raymond and Lynn, of 408 Cleveland avenue, have returned from a 950-mile motor trip through the "Switzerland of America." This is the section of our neighboring State, Pennsylvania, beginning in the Lehigh Valley, around Mauch Chunk and continuing through Wilkes-Barre and northwest up the Susquehanna River toward Lake Erie.

The Brodtons have agreed that the most beautiful part of the tour was between Pittston and Towanda, particularly around Wyandale. At Wyandale they visited friends, Dr. and Mrs. Gains M. Brumbaugh, who are relatives of the late Governor of Pennsylvania, Martin Brumbaugh.

From Towanda they traveled the shortest route to Bedford Springs via Altoona and Williamsport. The Bedford Springs Hotel is rightfully called the "Carlsbad of America"; it is located in the Alleghenies and has many attractions, including the famous spring.

The Brodtons unanimously agree that the return trip via McConnellsburg, over the Tuscarora and similar summits and through Chambersburg, completed a trip unparalleled for scenery by any trip in about thirty States which they have toured heretofore. Some of the members of the Brodton family will vacation in this same territory later in the summer.

Second Round—Gladney defeated Reynolds, 21-9; 21-12; Troutman defeated C. Wallace, 21-18; 21-17; DeGraw defeated Myers, 17-21; 21-19; 21-17. Third Round—DeGraw defeated Troutman, 21-10; 21-4.

Seniors, First Round—J. Reynolds defeated J. Gibson, 21-9; 21-10; Gladney, bye; E. Wallace defeated H. Turner, 21-11; 21-1; C. Wigmore defeated T. Bussell, 13-21; 21-18; 21-18; 21-19; J. Yearly defeated P. Matthews, 21-15; 21-10; C. Dougherty defeated Hebrew, 21-14; 21-20; Whartnaby, bye.

Second Round—Gladney defeated Reynolds, 21-16; 16-21; 21-6; C. Wigmore defeated E. Wallace, 21-19; 20-21; 21-20; J. Yearly defeated J. Wallace, 21-20; 21-18; Whartnaby defeated Dougherty, 21-5; 21-13.

Semi-Finals—Gladney defeated C. Wigmore, 21-15; 21-13. ## FINE 11 DRIVERS AT MOORESTOWN

Ten of the Motor Laws Violators Are Penalized for Speeding

Eleven motor laws violators have been arrested in Moorestown in the past five days. Ten of the offenders were charged with speeding and the eleventh penalized for reckless driving.

All of the motorists were fined \$5.00 and costs at hearings before Recorder Joseph W. Johnston in Town Hall. Making a total of \$55.00 collected in fines. Ten of the eleven arrests were made by Officer Walter A. Erickson, who directs traffic at the intersection of Main and Church streets, and the eleventh was made by Chief of Police John H. Bradshaw.

The only reckless driver was Richard Thomas, Coles avenue, Maple Shade, a bus driver who was arrested by Officer Erickson Tuesday afternoon.

Five of the speeders were taken into custody during the heavy traffic on the Fourth of July. They included George VonDoehren, Ridgefield, N. J.; Thomas McLoughlin, 313 North Fifty-fourth street, Philadelphia; Alfred H. Johnson, 131 East Holly avenue, Oaklyn; Edwin H. Johnson, 317 Madison avenue, Audubon; and John K. Eisenberry, Villanova, Pa.

Arrested over the weekend were Edwin M. Alby, 349 Hermitage street, Philadelphia; Joseph Rah, Chicago, Ill.; Dr. Alfred R. Caruso, Brooklyn, N. Y.; Michael B. Kurelitz, Wilkinsburg, and Lowell C. Newkirk, Grand View avenue, Pitman.

## AUXILIARY TO ELECT COUNTY OFFICERS

Burlington County, American Legion Auxiliary, will be entertained by the local Unit in the Legion Home on Friday evening, July 18th.

All members are invited to attend this meeting, which promises to be of unusual interest. There will be election of County officers and installation of new members by the County officers.

This is always an impressive ceremony and all members of the local Unit who have not as yet been initiated are requested to make a special effort to be present on Friday evening, July 18th.

## REGISTER 246 DOGS; FORTY ASPHYXIATED

Most of the dogs in Palmyra have been registered since the drive started by the Police department some two months ago. The total number to date is 246.

Since the first of the year forty dogs have been put to death by the police, mostly at the request of the owners. According to the State law unlicensed dogs may be picked up and asphyxiated.

The police have a very simple and efficient arrangement for the asphyxiation of animals. It consists of a tightly made wooden box, about five feet long and three feet square at the ends.

A pipe inserted in one end is connected with a rubber tube which can be attached to the exhaust of the police car. The carbon-monoxide gas, while entirely painless, will cause death in a few minutes.

## BRIDGE ENJOYS BUSY WEEKEND

A total of 24,600 automobiles crossed the Tacony-Palmyra Bridge during the three-day period ending Sunday night.

Beginning early on the morning of Thursday a steady stream of cars poured across the bridge until late Sunday night. The three-day period marks the heaviest traffic of any similar period since the bridge opening, August 14 of last year.

The largest number used the span on Independence Day, when 9,700 crossed. Saturday was the low day, with 5,750; 9,070 crossed Sunday.

## AUTOIST FINED IN DRIVE ON SIGNAL VIOLATIONS

Opening a drive against motorists who fail to observe stop street signs, State Police of Delanco Barracks arrested Charles Jones, Moorestown, near Riverton, Tuesday night. Jones was fined \$5 and costs by Justice of the Peace Cecil Bowers, of Riverton. Troopers Drosdick and Turnbull arrested him. The same Troopers arrested Joseph Johnston, East Riverton, for driving without a license. He was fined \$2 and costs by the same Justice.

## N. J. POULTRYMEN TO TOUR PENNSYLVANIA IN AUGUST

The New Jersey State Poultry Association plans to run a 3-day tour to Pennsylvania, beginning on August 1, 1930. "Master Farmer" of York, Pa., L. M. Black, secretary of the association, announced here today. Plans for the tour are still in the formative stage, but it has been decided to visit the farm of Guy Leader, a 1929 "Master Farmer" of York; Paul Guldin, at Reading, where a number of old farm buildings have been remodeled for poultry; and the Taylor Brothers' White Leghorn plant at Newtown. And, in addition to inspecting the farms of several other leading Pennsylvania poultrymen, the Jerseymen will visit Gettysburg bat-

## Highly Honored

GEORGE C. BAKER  
Supervising principal of Moorestown Public Schools, who was elected last Thursday, vice-president of the National Education Association at its convention in Columbus, Ohio

## BAKER ELECTED VICE-PRESIDENT

Moorestown Supervising Principal Highly Honored at Convention in Ohio

The third important educational honor in a year was bestowed upon George C. Baker, supervising principal of the Moorestown Public Schools, last Thursday when he was chosen vice-president of the National Education Association at its convention in Columbus, Ohio.

Last November when he was elected president of the New Jersey State Teachers' Association by the unanimous vote of delegates representing more than 26,000 members, Moorestown was delighted over the honors which the supervising principal had brought to Moorestown, the excellent school system which he heads, and Burlington County.

Now, Mr. Baker has not only brought greater honors to this community, but has won his State place of high esteem in the realm of education.

His many friends in this community are very happy over his election and have been the recipients of numerous congratulatory messages at Ocean City, where he is spending some time. Among these messages was a letter from Henry H. Stiles, president of the Rotary Club, which Mr. Baker headed three years ago.

## "JERSEY DEVIL" VISITS PALMYRA

Animal of Undetermined Species Crawls Out of Sewer Inlet on Broad Street

A brand new version of the famous "Jersey Devil" made its appearance in Palmyra last Friday night at the busiest corner in the town. Its appearance in flesh and blood is attested by the Mayor, a police officer and several citizens.

While Mayor George N. Wimer, Joseph Waller and Gus Feidman were standing at the corner of Broad street and Chinnaminson avenue with traffic at its highest peak a small bushy animal ran out of the sewer inlet at the corner near the flag pole.

Officer William Stack, who was directing traffic nearby, was attracted by the commotion and ran over and kicked at the animal and it fell back into the sewer.

There was considerable speculation as to just what it was. Some were of the opinion that it was muskrat, while others had come up from the creek during the recent heavy rains. Others thought it was an opossum while still others were sure it was a very large sewer rat.

## CARD OF THANKS

We wish to express our appreciation of the kindnesses and sympathies extended to us during our recent bereavement and to those who sent cards and flowers to the funeral.

JOHN DENHEER and FAMILY.

## Bullet Hits Car, Man is Slightly Wounded

A bullet, believed to have been fired by a Fourth of July celebrator, crashed through the roof of an automobile on Camden avenue near Moorestown Manor last Friday evening, and slightly wounded H. M. Harnick, 535 South Forty-sixth street, Philadelphia.

Harnick was sitting in the rear seat of a car driven by Harry Stone, 203 East Copley road, Stonehurst, Pa. The bullet tore a hole in the top of the machine but barely broke the skin on Harnick's arm.

Chief of Police, John H. Bradshaw, who investigated the shooting, said he was of the opinion the bullet came from the gun of someone who was celebrating the Fourth with bullets instead of blanks.

A search of the road near where Harnick said the shot was fired revealed nothing.

## CORPS TO ATTEND POST DEDICATION

Will Participate in Competition for Prizes at Freeland, Pa. on July 19

(By CHARLES C. SEEMULLER)  
The Bugle and Drum Corps of Frederick M. Rodgers Post, American Legion, the present State champions has accepted the invitation of Freeland Post, of Freeland, Pa., to participate in their Legion rally and dedication exercises Saturday, July 19.

A large number of Posts, Bugle and Drum Corps, Drill Teams, etc., representing all of the neighboring States have identified their intention of attending the festivities and competition, assuring Freeland one of the largest gatherings of this kind ever assembled in the East. Many valuable prizes are to be awarded the competitors in the various events and Palmyra is hoping to place well up among the winners.

As Freeland is approximately 100 miles from Palmyra there was at first some doubt as to the local Corps attending, but, as usual, the boys finally decided to dig down in their own pockets to finance the bus necessary to transport the members of the Corps and their equipment so that Palmyra and community, the home of the New Jersey State Champion Drum and Bugle Corps, might be represented in the neighboring State of Pennsylvania.

This coming Saturday the Corps will be host at the opening of the newest and one of the best miniature golf courses in the State. The very latest in sports and one of the most healthful that has been sweeping the country, has also reached Riverton and on Saturday the most modern and instructive recreation will be formally opened at Broad street and Thomas avenue, Riverton.

The Drum and Bugle Corps will have full charge on the opening day, the proceeds to be placed in the fund now being raised to equip the boys with new uniforms and instruments for the forthcoming national convention of the American Legion to be held in Boston in October, to which the Palmyra Corps has high hopes of going and bringing back still greater honors for the State and local community.

All Legionnaires and Corps members are selling tickets for admittance to the miniature golf course at 25 cents and are good for 15 days after the opening date. Buy your tickets from the boys and help them bring home the honors.

## Now at Camp

WILLIAM H. PLANK  
Palmyra-Riverton YMCA Secretary, who extends an invitation to all interested persons to visit Camp Ockanickon any Saturday or Wednesday afternoon.

## PUBLIC INVITED TO OCKANICKON

William H. Plank, Palmyra-Riverton Secretary, at Camp During Summer

A special invitation is extended to all who are interested in the Y. M. C. A. and boys work in general to visit the beautiful "Y" Camp Ockanickon. William H. Plank, secretary of the Palmyra-Riverton organization and a member of the faculty of the Palmyra High School, who is now assisting in the camp work has sent out a special invitation to all who are interested in this community. The letter from the camp is as follows:

All members of the Burlington County Young Men's Christian Association, all contributors, all parents and friends of boys in YMCA Groups—all citizens interested in boys work are cordially invited to visit the Camp at Medford.

Visiting days are Wednesdays and Saturdays. See some 400 boys in swimming. See them eat and at work in the craft shop, in the woods and about the campus. See them at their games. See them on the lake in boats and canoes. See their cabins and tents.

Yes, come and see this great exhibition of American Youth in character building activities in the greatest of camps in all South Jersey.

Camp Director Ross Musselman and his corps of assistants will be there to greet you and give you a cordial welcome. You will realize afresh the contribution of the Young Men's Christian Association in the realm of character development thru its great summer camp program as carried on at Ockanickon.

## BAKER PURCHASES STECKER STORE

Palmyra Men Involved in Big Camden Department Store Deal

The Stecker Department Store at Broad and Federal streets, Camden, has been purchased by the Baker-Plick Company, also owner of a long established Camden department store of that name on Market street.

The former Stecker Store will henceforth be known as "Baker's." It is in the heart of Camden's best business district.

The two most influential figures in the big store deal are both Palmyra men. Leonard R. Baker, of Fifth and Garfield avenues, is president of Baker-Plick Company, of which his father, George C. Baker, of Elm Terrace, Riverton, was long a senior partner.

Edward M. Beeton, of Washington avenue, Palmyra, who for many years has been one of the vice-presidents of the Baker-Plick Company and manager of its furniture department, will be the manager of the new Baker store.

Leonard Baker has long been prominent in the affairs of Palmyra and in his youth was a noted baseball player, having "made" the major leagues.

Mr. Beeton has been associated with Baker-Plick for the past 30 years, having held the position of assistant to George C. Baker in one of St. Louis' largest wholesale houses and later was associated with the elder Mr. Baker as director of a Philadelphia wholesale dry goods organization before coming to Camden many years ago.

As second vice-president of the Baker-Plick Company, Beeton developed the furniture department of this store to the point where it ranks with the leading furniture houses in this section of the state.

Glass walls for skyscrapers instead of brick and stone are advocated by a prominent Chicago architect, who has constructed a model illustrating his idea.

Many Prizes Award

## CLOSING DATE FOR CAMP REGISTERING

July 15, Final Day for Receiving YW Reservations at Ockanickon

Tuesday, July 15, is the final date for registering girls who wish to attend the Y. W. C. A. camp at Ockanickon, August 6-27. There still are a number of vacancies for the week August 30-27 and girls who wish to attend should send their registrations to the county Y. W. C. A. office in Mount Holly at once.

No more delightful vacation is available for the girls in Burlington County than one, two, or three weeks under the care of the expert leaders and counselors who make up the staff at Ockanickon. Not only is each leader carefully chosen for her special fitness in her particular activity, music, handicraft, nature, land or water sports, and dramatics, but she also possesses a stable christian character and has a knowledge of girlhood and its problems.

An intensive training course for the entire camp staff will be held at Ockanickon the weekend preceding the opening of camp. Miss Fern Kinsinger, National Y. W. C. A. secretary for South Jersey, who will be the camp director, will also conduct the training course.

### To Redecorate Clubroom

The Board of Directors of the Mount Holly Branch of the Y. W. C. A. made plans at its last meeting for the redecorating and redecoration of the club room, on Paxson street. The club room, which has been used by many communities as well as association groups, is an attractively built rustic room finished in pine logs. A huge fire place is an attractive feature and a kitchenette provides opportunity for the serving of lunches. The upper part of the building is given over to the county Y. W. C. A. for its office. Some repairs are being made in the office also, and the garden between the club house and the residence on Main street is being improved.

While a number of groups meet in the Main street building of the association, it is used primarily for a residence and dining room with the rest room for women. Although a number of girls and women choose the Y. W. C. A. for a permanent living place, at least one room in the Mount Holly building is kept for students, especially those who are destitute and alone.

### Conference Delegate Home

Miss Charlotte Roberts, of Moorestown, returned Friday, July 4, from Central Valley, New York, where she attended the Northern Regional Industrial Conference of the Y. W. C. A. at Summit Lake Camp, June 21-July 2. She was one of 228 industrial girls who spent the two weeks in a concentrated study of their own problems of work using as their theme, "Our Responsibility as Women Workers."

John C. Kennedy, of the Brookwood Labor College, was the conference lecturer. Under the leadership of Mrs. M. Holmes, an employment agent of New York City, about forty girls, who work in domestic service, faced the difficulties of that phase of work. Miss Roberts, who is a household employee, was one of the group. An editorial, "Why I Came to Conference," written by Miss Roberts, appeared in the camp paper "Summit."

The spirit of unity in the conference was notable for the number of girls made up of many nationalities and races and representing various trades.

## LEGION AUXILIARY

The regular monthly business meeting of Unit No. 156 will be held in the Legion Home next Wednesday evening, July 10 at 8:30 p. m. Plans for the annual picnic and for the entertainment of the county meeting will be arranged for at this time and all members are urged to be present. Don't forget, we are still collecting carphons for the boys at League Island. If you have any, bring them to the meeting or send them by some member who will be there.

Our picnic will be held on Saturday, July 26 at Ayleon Park. Bring your friends and enjoy a pleasant afternoon and evening. Plans are being made to make this event a big success.

Remember - County Meeting in Palmyra, Friday evening, July 18. All members who have not been initiated as yet, are requested to plan to be with us on this evening, as there will be installation by the county officers. Election of new county officers will also take place at this meeting. Be There!

## STRUCK BY CAR

Palmyra Boy Injured When Knocked Down in Front of Home

William Leutwyler, young son of Mr. and Mrs. William F. Leutwyler, of Highland avenue, Palmyra, escaped serious injury when he was struck by an automobile in front of his home last Thursday morning.

The lad had been standing on the step of an ice truck driven by Clayton Weikman and had just jumped off when a machine, driven by Frank Carmelli, Moorestown, struck him. Dr. Dean H. LeFavor was called and was on hand to render first aid treatment in a few minutes. It was found the boy was not badly injured, although the shock was severe.

## Mrs. Mary A. Kegel

Mrs. Mary A. Kegel, 73 years of age, died on Monday last week at the home of her daughter, on East Third street, Moorestown.

Funeral services were held on Wednesday last week in Chester, Pa., with the Rev. A. H. Steinhauser, pastor of St. Paul's Lutheran Church, of Hainesport, officiating. Elwood Bolton was the funeral director in charge. Interment was made in Chester Cemetery.

Mrs. Kegel is survived by two daughters and one son.

## Calendar of Coming Events

THURSDAY, JULY 10th

Palmyra-Riverton Rotary Club, Riverton Foreh Club, 8:15 p. m.  
Camp No. 3, P. O. S. of A. Society Hall.  
Junior Philatelia Class of Central Baptist Church Entertainment, "The Kitchen Cabinet Band."  
In-As-Much Bible Class, Epworth M. E. Church, Annual Picnic, Riverview Beach.

FRIDAY, JULY 11th

Cinnaminson Lodge, No. 201, I. O. O. F. Society Hall.

MONDAY, JULY 14th

P. O. S. of A. Camp No. 33, P. O. S. of A. Hall, 8 p. m.  
Tacoma Council No. 102, D. of P. Society Hall.  
Cinnaminson Building and Loan Assn. at Cinnaminson Bank.

TUESDAY, JULY 15th

Lion's Club, Lions' Den, Society Hall, 8:15 p. m.  
Covenant Chapter No. 108, Order of Eastern Star, POS of A Hall, 8 p. m.

WEDNESDAY, JULY 16th

Palmyra Castle No. 22, K. O. E. Society Hall.

THURSDAY, JULY 17th

Palmyra-Riverton Rotary Club, Riverton Foreh Club, 8:15 p. m.  
Palmyra Temple No. 11, L. O. E. Society Hall.  
Palmyra Lodge No. 67, K. of P. P. O. S. of A. Hall.

## Roberts Describes Airplane Trip to Chicago to Attend Rotary Convention

Moorestown Club Hears Prominent Delegate's Enthusiastic Report of Successful Long-Distance Hop; Tells of Flying Over Mountains and Beautiful Country

Former State Senator Emmor Roberts described his flight to Chicago, where he attended the twenty-fifth anniversary convention of Rotary International, as the delegate from Moorestown Rotary Club, at last week's luncheon meeting of the club in the Community House.

Emmor Roberts

In describing the trip to Chicago by airplane, Mr. Roberts, who piloted his own ship, the Rotary convention, said the most important things to consider before a flight of that kind are the condition of the plane and weather. He said that his plane was in excellent shape and when he received word that

weather conditions were favorable in the sections he was to travel over, only a most successful "hop" could be anticipated.

He told of the beautiful country over which he flew, his experience in piloting a plane over the range of mountains in Pennsylvania and many other interesting sidelights of the flight. Two stops were made to refuel on the trip out to Chicago, one being made forty miles this side of Pittsburgh and the other at Lima, Ohio. Pittsburgh, due to the heavy smoke, is rather unpleasant to fly over, said the amateur pilot. Otherwise, he reported, most excellent flying conditions were found throughout the trip.

### Flying Over Mountains

He explained that flying over the mountains on a clear day is not so hazardous as one would imagine. He said if a pilot has plenty of altitude, it is always possible to fly over the mountains in safety, for the altitude, even in case of motor trouble, will permit the pilot to guide his plane over the mountains and then land the plane in a valley. All of the valleys are well cleared and favorable for forced landings, he reported.

On the return trip, Mr. Roberts reported he left Chicago at five o'clock in the afternoon and arrived in Moorestown, where he spent the night, about nine o'clock. The trip from Cleveland to Moorestown was made the next day in a very leisurely manner, a two-hour stop being made at Bettis Field, Pittsburgh. The Cleveland Airport, where Mr. Roberts kept his ship over Tuesday night, is said to be the busiest in the world, fifty-six planes being "cleared" every day on scheduled passenger lines.

The trip to Chicago was made in about eleven hours' flying time, and about a half were spent in making the two stops. The plane left Moorestown at five a. m. and arrived at Chicago Municipal Airport about five-thirty that evening. The flying time on the homeward jaunt, with favorable "tail" winds part of the trip, was considerably reduced, being less than nine hours. He described the trip as a most successful and enjoyable.

The 17,000 at Convention  
The ex-Senator also told of several of the convention sessions, and gave the Rotarians much interesting information he had gathered at the international conference, which was attended by 17,000 Rotarians and wives from sixty-five countries. James J. Tomes, who accompanied Mr. Roberts, was also called upon to speak.

Henry H. Stiles, the new president, conducted his first meeting as the presiding officer in a most commendable manner, and enthusiasm prevailed throughout the meeting. The Rotarians roundly applauded their new leader when Mr. Stiles graciously complied with the request of Jonathan W. Powell, who is the song leader while Dr. Howard C. Curtis is away on his vacation, to sing one of the verses of a song the club was singing.

Mr. Stiles announced the appointment of the year's secretary, Guy C. Hendry, executive secretary of the Burlington County YMCA and a member of the Mount Holly Rotary Club, was present and extended an invitation to the Moorestown Rotarians to take part in a tri-county Rotary outing at Camp Ockanickon on Tuesday, July 23.

## PISTOL PRACTICE AT MAPLE SHADE

Many Towns Interested and Co-operative in Effort to Train Officers

Keen interest is being shown by members of Burlington County Police Departments in the weekly pistol practice held in the various towns.

This week the shoot was held in Maple Shade and the Borough of Riverton was represented by Charles DeLaney and Chief Quigley.

These matches are being encouraged by the officials of the municipalities participating, as they all realize the importance of the proper handling of a revolver. A pistol in the hands of an inexperienced officer is a very dangerous weapon to those in the vicinity of that officer in case he is called upon to use it. Here is a list of the police departments which took part on Wednesday evening and the scores made by them.

	1st rd.	2nd rd.	3rd rd.	Total
Perfect Score	50 ft. 50 ft. 75 ft. 75 ft.	25	25	75

## PALMYRA DRIVER IN AUTOMOBILE CRASH

Fender and Running Board Damaged as Camden Car Hits Machine in Moorestown

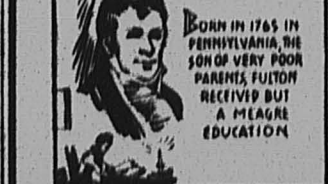

An Essex coach driven by Urie W. Megahan, Pennsylvania avenue, Palmyra, was struck by a coupe operated by W. Howard Todd, 921 South Fifth street, Camden, on South Church street, Moorestown, Monday.

The accident occurred when Megahan was attempting to make a left turn off Church street into the Greenwood garage driveway. A fender and running board of the Palmyra machine was damaged.

Officer Walter A. Erickson was called on the scene of the accident, but no arrests were made as the owners agreed to settle for the damages without legal action.

## AMERICAN BIOGRAPHIES IN MINIATURE

ROBERT FULTON (1765-1815)

BORN IN 1765 IN PENNSYLVANIA, HE WAS ONE OF THE VERY POOR PARENTS, FULTON RECEIVED BUT A MEAGER EDUCATION.

HE THEN WENT TO PARIS WHERE HE INVENTED A SUBMARINE IN 1801 TWO YEARS LATER HE FIRST SUCCEEDED IN APPLYING STEAM PROPULSION TO A BOAT.

A man's good works live on forever. Individuality has an immortality and a man's integrity becomes his fitting memorial through the ages.

Immediate respectful attention to your orders.

## Don't Chase Your Hat on Crowded Highway

In addition to shooting Niagara Falls in a barrel, another popular form of suicide is chasing your hat on a road crowded with speeding automobiles.

A few get away with it, but some don't. In addition to exposing their own lives to greatest danger, these hat chasers throw traffic into confusion and cause crashes between automobiles. Better by far say goodbye to the hat, else back up your car to where the hat lies and block off other cars with your own machine while recovering the headgear.

## EBERHARD BEITZ SAILS FOR EUROPE

Will Visit Parents in Roumania and Other Points of Interest Before Return

Eberhard Beitz, proprietor of the Beitz Delicatessen, left yesterday afternoon for New York, where he sailed at midnight for Europe aboard the S. S. Deutschland, of the Hamburg-American Line.

He will go direct from New York to Cherbourg, France, thence to Paris, and by a series of short trips to Roumania, Roumania, where he will visit his parents, Mr. and Mrs. Franz Beitz.

Mr. Beitz will be gone for two months and will travel through Germany and other European countries before his return. In the meantime the delicatessen store will be managed by Mrs. Beitz and the boys.

Mr. Beitz has been in America for twenty-four years, having left Roumania when he was a lad of eighteen. He is a brother of Nick Beitz, the shoemaker, who came to this country some years before he did. Both are well known in the business life of the town, being active in many community activities.

## P. O. S. of A. NOTES

Palmyra Camp, P. O. S. of A., will open its season next Monday at 7:30 p. m. Business will be expedited in order that the members may attend the meeting of the Burlington County Association at Columbus.

Newly elected officers will be installed at Monday night's session. The "Producer's Club," for the period between April 15 and June 30, consists of N. A. Combs, Walter Horner, George Evans, George Fichter, William L. Fichter, George W. Rogers, Charles Pike, George Back, Leslie W. Reeves, E. A. Parker, Leslie B. Reeves, John Hanaff, Gideon Horter and Furman A. Wood.

They will banquet at the expense of the Camp at a date in the near future. Twenty-one members have been secured by the club and they say they have only started.

## MRS. VERA LUFF

Funeral services were held Saturday afternoon from the Snover Funeral Home for Mrs. Vera Luff, colored, of West Palmyra. Mrs. Luff, who is the wife of Carl Luff, died at her home, Tuesday morning, July 1. Interment was made in the Wrightville Cemetery, Wrightville. The Rev. Seymour Barker had charge of the services.

## SIX INJURED IN JULY 4 CRASH

Brooklyn Holiday Travelers Sent to Hospital With Serious Cuts and Bruises

Six persons were seriously injured when two cars collided at the corner of Burlington Pike and Wood Lane road, near Edgewater Park, on Fourth of July morning.

A car owned and driven by Fred Alberts, of Brooklyn, was proceeding south on the pike when a car owned by Herbert Adams, of Edgewater Park, and driven by Miss Carrie Selp, also of Edgewater Park, collided with Alberts' car.

Miss Selp was driving Adams' car without a license.

The injured were: Miss Selp, 38; Henry Alberts, 53; Ida Stettner, 26; Le Roy Alberts, 3; Hazel Williams, 40; and Fred Alberts, 26; all suffering from lacerations. The injured were treated at the Burlington City Emergency Hospital and then taken to the Hahnemann Hospital.

Court action is awaiting the outcome of the injuries to the persons involved in the accident. Trooper Drosdick investigated the accident.

Dr. J. L. Edwards, of Delanco, loaned his car to a colored man from Burlington to take some people to a funeral on July 4th, but the man, Raymond Phillips, has not yet returned with the car.

Trooper Rohrer is investigating the case.

Early Sunday morning Troopers Turnbull and McCre picked up six colored men in a stolen car belonging to Samuel Fox, of Burlington, near Lenola.

Robert Dorn, of Burlington, confessed to stealing the car and was held in the County jail for the Grand Jury in default of bail. He was also sentenced to sixty days for operating a car without a license.

His five companions were held on the larceny charge also. They are William Scott, Philadelphia; Wallace Cann, Mount Holly; William Kline, Bristol; Charles Brown and Joseph Jones, of Burlington.

The car was returned to its owner, Lemuel Hayward, 14, of Riverton, an escaped inmate at the State Colony at Four Mile, was arrested by Trooper Rohrer and returned to the Colony last Saturday.

## PLANE TALKS

By L. H. H. LONGAKER  
Founder, Burlington County Aero Club

Over four hundred passengers took advantage of the bargain rates at the Moorestown Airport during the past week end. They were all given good long rides.

George Haldeman and Stewart Chadwick took the Bellanca "13" aloft on Monday afternoon at Jacksonville, Florida, in an effort to establish a new world's non-refueling endurance record. The present record of 67 hours and 15 minutes is held by two Italians.

Charles A. Baena, of Barbados, British West Indies, has started flight instruction at the Moorestown Airport. Baena, who is 19 years old, intends to complete a fifty hour Limited Commercial Course here, then buy a ship and fly back to his home.

Amelia Earhart recently made a new international woman's speed record when she averaged 181.18 miles per hour over a speed course.

Victor R. Fritz, field director of the Philadelphia Model Airplane Association, recently made his first solo flight at the Moorestown Airport.

Former Senator Emmor Roberts, accompanied by Mrs. Roberts, flew to Cape May to attend a Friends' Conference on Tuesday.

This appears to be open season for "records." All kinds of new flying records are being established but we feel that the endurance record of 67 hours made by the Hunter brothers at Chicago will stand for quite a while. It is going to be a tough job to stay in the air for 24 days before you start making a new endurance record.

Captain Frank Hawks will shortly attempt to make a new transcontinental speed record in his new ship. On the first test flight Hawks made 240 miles an hour and hopes to do even better.

## Confidential Personal Records!

## CAMP OCKANICKON HAS NEW SONG

At last Camp Ockanickon has a song it can call its own. For a number of years the need has been felt for such a song, but until last week there had been none produced. The honor and glory for this fine work goes to Messrs. Donald Kimmel, Harry Daniels and Wilmer Robbins.

## CAMP OCKANICKON FILLED TO CAPACITY

The Camp family numbers 325 this week and is one of the largest groups ever in Camp. No one realizes this fact better than those in the kitchen, but it is interesting to note that all indications point to the next three weeks being still greater.

## DO YOU BELIEVE IN SIGNS?

It is to the advantage of EVERY camper to heed the sign at the Upper end of the lake, warning them where to stop with the canoes. A number of canoes have been ruined by passing the sign and any one with the real Ockanickon spirit certainly does not want to destroy a canoe.

## CAMP SONG

There's a camp among the pine trees,  
A Camp we all love well,  
And the braves of Ockanickon  
Its virtues love to tell.  
Here we work and play—and study,  
Here we build for manhood strong,  
And our lives, like Ockanickon's,  
Are not stained with deeds of wrong.  
When these days have gone forever,  
And we think of scenes passed by,  
Let our memories refresh us,  
With the thoughts that never die,  
Let us sing its praises ever,  
And forever more be true;  
For dear old Ockanickon,  
We will ever remember you.

## JUNIOR NOTES

Tent 8, in the Junior area, won in the majority of athletic events held on July Fourth. Bauer, Stifred, Burkowitz and McKay carried the colors of that tent in all races.  
Bert Wright received TWO letters from his girl friend in ONE day. Quite successful!  
George Goli, of Tent 1, received 67 daily in inspection.  
Tent 12 beat Tent 8 in baseball last Sunday.  
Edmund Bridges caught a field mouse lately whose eyes just opened recently.  
The lightning split a tree in the rear of Tent 12 in the Junior area in Sunday's storm.  
Bobby Musselman said to his second, "Use some elbow grease on that table."  
The second said, "Where can I get it?"

## Popular Palmyra Restaurant to Leave Monday for Year in Europe

Will Spend Several Months in Paris Under Tutorage of Famous French Chef; Will Visit Parents in Macedonia First

George N. K. Carans, popular Palmyra restaurateur, will leave Monday for a year's trip to Europe where he will visit friends and relatives and later spend several months in Paris under the tutorage of a famous chef where he will study the latest methods of French cookery.

During his absence his Palmyra restaurant and tea room will be under the management of Harry Koukoulas, of Philadelphia, who will maintain the same high grade service day and night. Upon his return to America, Mr. Carans will again take charge of the business and give his patrons the benefit of his experience in Paris.

He will make the crossing aboard the S. S. Berengaria which sails from New York to Cherbourg, France, Wednesday. While in France Mr. Carans will make a short stay in Paris and will then continue to Salonica, Macedonia, via the Continental Express. From Salonica he will go to Pratyra, a small town in Macedonia, where he will visit his parents, Mr. and Mrs. Nicholas K. Carans. The father is a retired leather manufacturer.

George left Greece at the age of twelve and travelled about Europe for three years before coming to America to study medicine at the University of Pennsylvania, where his brother was a third year student. The brother contracted a case of tuberculosis and was forced to leave school. He and George travelled all over the country in search of a climate which would prove beneficial to him. During this time they visited forty-five states before the brother became too ill to travel farther. In 1918 he died.

Shortly after this Mr. Carans located in Burlington through a rather unusual coincidence. He was at the time operating a restaurant in Frankford and came to Burlington Island on a picnic. Some of the rougher elements in the crowd started a fight with a crowd from Bristol and police interfered. Several of the men were taken to Burlington and put in jail. George came over to see what was going on and decided to try to get a job there. He was fortunate in securing work at a restaurant owned by Thomas Harris. Soon afterwards he secured another position in a eating house owned by Major Stone. Stone later sold out and a short while afterwards Carans opened the Manhattan Restaurant opposite the railroad station.

## FIRST AID CLASSES

This year the boys at Camp Ockanickon have had a wonderful opportunity for learning First Aid, the advantage over other years being that the First Aid classes have been conducted according to the ages of the boys in the several camps. There have been 3 different classes each day.

In these classes are taught the fundamentals of First Aid and Bandaging. The Seniors have received special instruction in roller bandages. The course also embraces talks on personal health, public health and sanitation, and elementary physiology and anatomy. The fellows have seemed to show a great deal of interest. This is probably because of the able leadership of the boys in the several camps who have been leading the classes. Mr. George Cummings, of the Senior Camp; Doc McKewen and Miller, of the Intermediate Camp; and Laidlow, of the Juniors.

## INTERMEDIATE NEWS

Mr. Kimmel's new high shoes have been the talk of the Intermediate Camp. When you hear a clump! clump! you will know it's Mr. Kimmel and his new size 7 1/2 boots.

The perfume you smell at Intermediate headquarters really comes from the tent-house next door where an array of letters from Viola decorate Sam Moore's box.

Claire Nixon was seen flirting with a girl near the mess hall Sunday morning until he found she was married and was the mother of a child.

Carl Abbot and Sam Moore are still arguing about who won the fight Friday evening during the stunts.

Several intermediates have been heard singing "The Wild Man From Borneo" in their sleep.  
Tent 3 captured the pie Mr. Kimmel promised the first tent to sing the song.

It seems like the good old days of Ockanickon to hear Pfeister bellowing around camp again.

## IMPROVED SANITATION

Another step has been taken to improve the sanitation of the Camp. The garbage pails have been enclosed in a screen case so that no flies will collect.

## CHAPEL SPEAKER

Mr. Guy C. Hendry, executive secretary of Burlington County, was the chapel speaker on Sunday morning. Mr. Hendry is one of the friends of the Camp that practically every boy knows and looks forward to hearing.

## SENIOR CAMP PLACES FIRST IN STUNT NIGHT

Last Friday evening the Camps combined their efforts into a real Stunt Night. Some very clever stunts were presented by all three Camps. The winning stunt, which was a "Mock Wedding," was presented by the Senior Camp. The other Senior stunt was a radio program. The Juniors presented an "Inspection" and a "shadow operation," and a shadow wild west show.

## SENIOR HAPPENINGS

Tent 8 was playing "London Bridge is Falling Down" with their tent Sunday night during the storm and as a result part of the group slept in Headquarters and the rest with friends in other tents.

Senior Camp has been very quiet and peaceful with Ludwig, Penny-packer and Neeley away over the weekend.

Mr. Graham took a group of Senior campers to Indian Mills for an overnight hike on Monday.

Penny-packer, the Camp storekeeper, has been promoted from a Junior to a Senior Tent leader. Phil Matthews has been promoted from the Intermediate Camp.

## THE NEW MOTOR BOAT

The "Hum" you have heard on the lake for the past few days comes from a motor boat owned by Hob Walters.

It is a 12-foot Aerie folding boat with a Seahorse twin motor, and is capable of doing 18 miles an hour.

## AN EDITORIAL

After all is said and done, the thing the world needs most is leaders. Camp Ockanickon gives boys an opportunity to develop their leadership and it also gives those boys who think they possess the qualities of leadership an opportunity to prove the fact.

The boy who comes to Camp willing to work and has some initiative will be head and shoulders above the "gang" before he knows it. Camp should be a place to develop.

Next fall at school every boy who has been to Camp will be looked upon just a bit differently by his fellow students. They want to see what you have gotten out of camp. Are you going to be able to prove, by your development, that Camp Ockanickon is the place you want people to think it is?

## CRAFT SHOP NOTES

Mr. McKay reports that there were eighty-seven fellows working in the Woodcraft group during the past week. Bird houses, boats, lamps, stools, umbrellas and flower boxes have been the most popular forms of craftwork.

## FOURTH OF JULY OBSERVED WITH FITTING PROGRAM

Children's Parade, Followed by Exercises in Grove, Opens Day's Activities

REV. W. J. McLAUGHLIN IS PATRIOTIC SPEAKER

Games in Afternoon; Concert, Community Sing and Dance in the Evening

"If we as Americans become drunk with the wine of our success we must surely fall as other nations have done," was the solemn warning sounded by the Rev. W. J. McLaughlin, pastor of the Pensacola Methodist Church, in a stirring Independence Day address delivered Friday morning during the exercises held in the Palmyra Municipal Grove.

"I have not come here to praise, but to challenge," declared the Rev. McLaughlin. "I do not propose to deliver an oration, but rather to enter into a frank discussion of the dangers of sentimental patriotism, which is a building a nation if we are put away our patriotism and bring it out only for public display on holidays—what we need is a deeper appreciation of the sacred heritage of our fathers and a fuller understanding of our obligations to the future."

## Speaker Applauded

The Rev. Mr. McLaughlin came to Palmyra at the request of his friend, the Rev. John Pemberton, who had been engaged to speak, but was unable to fill the engagement on account of illness in his family. His remarks were received by the large number of citizens present with a roundly applauded at the conclusion of his stirring address.

Mayor George N. Wimer presided the speaker and made a brief address. "It is of no especial honor to be a Mayor," declared the Borough executive, "but it is a great honor to be Mayor of a town like Palmyra." Mr. Wimer extended the thanks of the Borough to the men who had served on the committee and those who had in any way given of their time in arranging for any carrying through the observance of the day.

The exercises in the grove were opened with an invocation and closed with a benediction by the Rev. Harold L. Cramer. Patriotic airs by the Lyric Concert Band and community singing were among the features of the program. The community singing was ably led by the regular Frank A. Kates, whose abilities along this line are well known by the townsfolk from many previous occasions. Floyd W. Spahn, a member of the committee, acted as master of ceremonies.

## Troop No. 2 Wins Cup

Troop No. 2, Boy Scouts, were the winners of the cup offered by the Scout Councilors' Association for boys organizations. The cup was presented Scoutmaster Albert Fry by Charles Hinchman, one of the judges. The other judges of this event were William A. McCamy and Thomas MacCroskey.

The Troops were judged on marching appearance, personal appearance and general appearance. A cash prize of ten dollars was also won by Troop No. 2. The Columbus Cadets, under command of Andrew Pfaff, won second prize of seven dollars and fifty cents. They were represented in line by a drum and bugle corps and several other of their members. The corps received much applause for its excellent musical numbers.

Troop No. 1, Boy Scouts, while only reorganized a short time ago, and being composed of younger boys, was awarded third prize of five dollars. This Troop, under the able direction of Scoutmaster A. B. Branson, has made splendid progress and is entitled to much praise. The boys are working hard and are sure that in future competitions they will be able to give any Troop a real run for the honors.

## Wolf Cubs Parade

The Wolf Cubs, an auxiliary Boy Scout organization, all in uniform, was in line, but had not had sufficient experience to compete for the prizes. The P. O. S. of A. had a large delegation in the parade, being the only fraternal group to take part. The Girl Scouts entered a color guard and marched in the parade to look after the smaller children.

The general committee was represented and marched at the head of the line with Louis W. Janders, who acted as marshal.

The feature of the parade to receive greatest attention was the children's section. A great variety of colorful costumes taxed the judicial abilities of the three judges, Mrs. James T. Weart, Mrs. Theodore D'Autremy and Nathan S. Beekley.

Mary Wiggins, 604 Washington avenue, won first prize for colonial costumes with a beautiful ensemble faithfully depicting the style of the time. Second prize went to Polly Linroth, 216 East Fourth street.

The prize for the best colonial costume for boys went to Bobby Brown, 32 Leconey avenue. As there were no other entries second prize was awarded Elizabeth Faines, 17 Pear street, for her Mother Hubbard costume.

First prize for the decorated baby carriage went to Frances Rambo, and second to Betty Yerkes.

## Modern Girl

Polly Haines was the most attractively dressed girl of 1930, taking the only prize awarded for this event. The most original costume for boys was worn by Rusting Radfield, of Pennsylvania avenue, his was a Huckleberry Finn outfit with a real flat hat and a cane.

The most original costume prize for girls was won by Jane Wae, of 600 Washington avenue. She was dressed in a very pretty Japanese pajama suit.

Elmer M. Faunce, 17 Pear street, took first prize in the novelty group with a beautiful butterfly outfit. Rust

Yerkes, with her smiling face as the center of a large pink rose, was awarded second prize.

The games held on South Broad street in the afternoon were the source of much real wholesome fun and drew a large crowd of spectators. The regular series of events, similar to those held last year, were again contested. The pie-eating contest was the one which provoked the most mirth and attracted the largest number of entrants.

## Sports and Games

The winners and prizes were as follows:  
50-Yard Dash for Boys, 6 to 8 Years Old—First prize, Skooter wagon, won by Jack Walker. Second prize, Skooter, William Mufall. Third prize, two movie tickets, John Wallis.

50-Yard Dash for Girls, 6 to 8 Years Old—First prize, Skooter, won by Anna Watson. Second prize, Keds, Evelyn Carson. Third prize, two movie tickets, Betty Haines.

75-Yard Dash for Boys, 8 to 12 Years Old—First prize, silver medal, won by Charles Mayer. Second prize, bronze medal, George Edell. Third prize, two movie tickets, Thomas Mable.

75-Yard Dash for Girls, 8 to 12 Years Old—First prize, silver medal, Francis Bradley. Second prize, bronze medal, Helen Habaft. Third prize, two movie tickets, Esther Brown.

Ladies' Two-of-War—Won by Mrs. Warren Miller. Mrs. Francis Bradley. Miss Louise Miller. Mrs. H. Fries. Miss Anna Burke and Mrs. M. Saindos. Prizes of a one-pound box of candy were awarded each.

Three-Legged Race for Men and Boys—First prize, one dollar and ten pounds of sugar each, won by Arthur Bohus and Ralph Dages. Second prize, two adult movie tickets each, Caton Marconi and William Mufall. Third prize, one pound box of candy each, Leo Saeen and Alvin Balda.

Wits Ball and Glove—Boys' 75-Yard Sack Race—First prize, ball and glove, won by Ernest Prisco. Second prize, Keds, Joseph DeMarco. Third prize, two movie tickets, Richard Lepping.

100-Yard Dash for Men and Boys—First prize, two dollars and one pound of coffee, won by Hayes Brady. Second prize, one dollar, Martin Sacks. Third prize, ten cigars, James Davidson.

75-Yard Dash for Ladies and Girls—First prize, cake, won by Miss Anna Burke. Second prize, fruit basket, Miss Margaret Jenkins. Third prize, fruit bowl, Mrs. Harriet Fries.  
Two-of-War for Men—Won by Nelson Wallace, Lawrence Betty, Pete Jenkins, Dan Bradley, Thomas Schwinck and Harry Hahn. Prizes, ten cigars each.  
100-Yard Dash for Boys, 12 to 16 Years Old—First prize, silver medal, Charles Wynkoop. Second prize, bronze medal, Russell Rivers. Third prize, two movie tickets and one pound of coffee, William Krause.

75-Yard Dash for Girls, 12 to 16 Years Old—First prize, silver medal, Margaret Galloway. Second prize, bronze medal, Catherine Burke. Third prize, two movie tickets, Etta Fries.

## Camera Is Prize

Girls' Sack Race—First prize, camera and one pound of coffee, won by Florence Keiser. Second prize, Keds, Catherine McNulty. Third prize, candy, Pearl Dobson.

75-Yard Dash for Fat Men—First prize, flashlight and \$1.50 store order, Daniel Bradley. Second prize, store order and one pound of coffee, M. F. Sanders. Third prize, two pounds of coffee, Nelson Wallace.

50-Yard Dash for Fat Ladies—First prize, ice cream watermelon, won by Ruth DeMarco. Second prize, store order and one pound of coffee, Mrs. Warren Miller. Third prize, two pounds of coffee, Mrs. Gladys Snyder.

Pie-Eating Contest for Boys—First prize, Almar wagon, won by Sydney Fisher. Jr. Second prize, ball and glove, Caton Marconi. Third prize, two movie tickets, Lawrence Belford.

Pie-Eating Contest for Girls—First prize, camera and one pound of candy, won by Anna Clark. Second prize, Whitman Samplers, Marie Piergrass. Third prize, two movie tickets, Marjorie Kell.

## Prizes Donated

A Scouter wagon was donated by the American Stores and several pounds of coffee by the managers. A donation of ten dollars was received from the A. and P. The Almar Stores contributed one of their Almar Flyer wagons and several pounds of sugar were donated by the manager. A large ice cream watermelon was given by the Supply Ice Cream Company. Two Scooters were sent over by The Philadelphia Inquirer.

A Punch and Judy Show in the bandstand followed the sports events. It was a feature very much enjoyed by the kiddies as well as grown-ups. Many were on hand for the band concert and community sing held in the grove in the evening. Frank Kates was the leader. The P. O. S. of A. Hall was the scene of a very enjoyable dance, which lasted until after midnight. This event was also well attended.

A very pleasing part of the day's program was the lowering of the flag at the end of the day. Both Boy Scout Troops stood at attention and executed the military tribute with bugle and cannon salute while the Lyric Band stood at salute and joined in with the "Star Spangled Banner."

## FOUR SUFFER MINOR INJURIES ON FOURTH

Riverton-Palmyra Children Receive Burns From Holiday Explosives

Palmyra and Riverton were fortunate in that no serious injuries resulted over the Fourth of July.

Four minor cases were reported which received attention from physicians. James Burger, son of Mr. and Mrs. S. S. Burger, of 818 Washington avenue, suffered a burned thumb and forefinger when a fire cracker exploded in his hand. He was treated by Dr. Dean H. LeFavor.

Doris Jermom, daughter of Mr. and Mrs. Russell Jermom, 103 Seventh street, Riverton, was slightly injured when fragments of a torpedo struck her on the leg. Edward Plagg, IV, also of Riverton, suffered a similar injury. Both were treated by Dr. LeFavor.

Robert Mallory, son of Mr. and Mrs. J. C. Mallory, was severely burned about the face when a cartridge exploded while he was trying to take it apart. He was taken to the office of Dr. H. W. Bauer for treatment. His injuries were not serious.

The Soviet Government of Russia has taken over all vessels above 50 tons which were formerly privately owned.

# ANNOUNCING

the Opening of

## ROBINLAWN

### Miniature Golf Club

## SATURDAY MORNING

Broad Street and Thomas Avenue  
Riverton

A Real Game  
in Miniature  
For Health  
Pleasure Practice

WHEN you're short on time and long on the desire for some real outdoor sport . . . shoot against par with your friends at the new, small-scale golf links.

Clubs and Balls  
Furnished

## 18 Holes 25c

Anyone can play. No previous experience necessary. Come out and enjoy this fascinating game, which is literally taking the country by storm. Play the course with seasoned turf putting greens.

Under Management of Harold B. Lever

## Leaving for Europe

GEORGE N. K. CARANS

Proprietor of the Carnation Tea Room, who will leave Monday for a visit with his parents in Macedonia. He will later spend ten months in a Paris hotel under the instruction of a famous French chef.

In October, 1928, he sold out and bought the business he now owns from William Spilon. One year later he opened The Carnation Tea Room, which adjoins. The venture has filled a long felt need in the community and has met with wonderful success.

Mr. Carans is a naturalized American citizen having received his final papers in 1928. He is now twenty-nine years of age and will return to visit his parents after an absence of seventeen years.

George has made many friends since coming to Palmyra, with his genial disposition and a genuine desire to please. He says he is more than pleased with the people he has come in contact with since coming to this community and asks that this newspaper extend to all his sincere good wishes.

## JERSEY FARMERS SEEK ECONOMIC INFORMATION

New Jersey farmers in increasing numbers are seeking economic information to guide them in planning production programs, the Extension Service of the State Agricultural Experiment Station announced last Saturday. In support of this statement, the Extension Service says that 5,177 New Jersey farmers this year modified their production plans to conform to recommendations of the State agricultural outlook report for 1930, which was prepared by W. F. Knowles, extension service economist, and the Bureau of Agricultural Economics, U. S. Dept. of Agriculture. This report dealt with the economic trends of New Jersey's most important agricultural industries, principally dairying, fruit, poultry, and vegetables.

Marriages by Mohammedan priests are no longer recognized as legal in Turkey.

## CAUSES OF AUTO ACCIDENTS

Every motorist in New Jersey will find food for thought in the statistics recently made public by Motor Vehicle Commissioner Harold G. Hoffman.

Ordinarily, statistics represent an involved mass of figures that the layman will not peruse unless forced to. Commissioner Hoffman's statistics are not complicated, however, for the figures have been reduced to a minimum number of divisions, and yet they show conclusively how the majority of the automobile accidents in this state are caused.

It is too much to say, perhaps, that street and highway accidents could be reduced by two-thirds by strict adherence to the right-of-way regulations in their broader meaning. Yet, his recent analysis of nearly 100,000 accidents shows that motorists' failure to be in their proper place on the street or highway accounted for slightly more than two-thirds of the mishaps.

Certainly the tabulation throws some sharp light on the right-of-way as a factor in mishaps of various kinds. Here are the figures set forth in the tabulation:

Cause	Total Number of Accidents
Right-of-way violation	34,197
Driving on wrong side of road	16,842
Cutting in	7,349
Passing on curve or hill	1,048
Passing on the wrong side	1,066
Improper turning	1,314
Ignoring stop signs	3,802
Passing through safety zones	446
Total	66,084

The average motorist thinks of the right-of-way rule as applying only at street intersections. As a matter of fact, speaking broadly, it applies to every inch of the street or highway.

When any driver gets out of his rightful place, he has invaded the right-of-way that belongs to another street user.

## ADMIRAL BYRD'S MECHANICAL PET

Coming back from two years in Antarctica, where sometimes the days are all nights and the nights are nights too, Admiral Byrd could have appeared romantic had he chosen. Many an explorer has returned with a polar bear in a cage, a seal in a tank, or a pet penguin under his arm. These things are trophies of the hunt. But when Admiral Byrd came back to New York he had no bear, he had no seal, and he had no penguin. He had, instead, a typewriter under his arm, literally a mechanical pet.

For two years a world of millions of persons had followed Admiral Byrd and his companions, their dogs sleds and their airplane, over the frozen wastes of Little Antarctica, flying over the South Pole with them, living with them, through the daily stories of Russell Owen of the New York Times, in their huts and houses. And, fittingly enough, the one thing carried by Russell Owen when, he, too, landed in New York, was a typewriter.

Members of the Byrd Expedition said that one of the first things attended to in New Zealand, when the ships came into port there from Antarctica, were their typewriters. Experts tightened a few things here and there, and handed them back, none the worse for their two Polar Winters of wear. And then out of New Zealand went the ships.

How many millions of words came from these typewriters? Certainly enough to satisfy an ever curious world and to keep going for two years a small body of men in a frozen region where sometimes the days are all nights and the nights are nights, too.

## WEIGH FACT vs. FANCY

"For to these many years it has been the fashion in some quarters to call tariff bills 'iniquitous' and predict dire consequences from their enactment. We see no iniquity in protecting American workers and American pay-rolls, and so American prosperity, from low-grade foreign competition."—San Francisco Chronicle.

## NAMES

The newly-discovered planet will be named Pluto. Following the custom of giving classical names such as Mars, Venus, Neptune, Saturn, etc., to the heavenly bodies. That is a more sensible system than prevails in most parts of this country in giving names to towns and places.

A classical-minded official of New York's early days gave names out of ancient Greece and Rome to the unsettled townships, whence we have such cities as Syracuse, Rome, Utica, Troy, Niobe, Ilion, Ithaca, Carthage, Pompey and many others whose names mean nothing whatever in America.

The early settlers lacked imagination. Otherwise they would not have named a county in New York the town of Chatham, North Chatham, East Chatham, Chatham Centre and Old Chatham. Portland, Oregon, got its name because the two men who founded that settlement were called Portland and the other Portland.

## GAMBLING

Two brothers named Dougherty bought for \$1 a ticket in a Canadian sweepstakes on the Derby horse race. They won the grand prize of \$170,000, went to Canada and collected the money. If they were ordinary human beings their "luck" will probably ruin them. If they have more than the average of horse sense, it may be the foundation of a stable fortune.

"To say come, easy go," is a rule to which there are few exceptions. I have known many successful gamblers, but only one or two who were able to keep their money after they had won it. One family prominent in New York society owes its foundation to the old Louisiana Lottery. After "cleaning up" in New Orleans the founder of the family had sense enough to invest his winnings in property which has steadily increased in value, and his grandchildren hobnob with the Astors and the Vanderbilts. But for every such instance as that, I could point out a dozen where winning something for nothing has literally ruined men who might have amounted to something if they had to work for every dollar they got.

## Prizes for the Moreau Papers

The Moreau newspapers—The Freehold Transcript, Hunterdon County Democrat and the Bloomfield Independent Press, Inc.—have accomplished some notable things in the way of competition with other newspapers of their class, both with the State Press Association and the National Editorial Association.

The Independent Press of Bloomfield, Charles E. Moreau, son of the publisher of The Transcript, editor and manager, was the last of the three papers mentioned above to win a national contest, this year winning the Inland Printer silver cup for the best editorial page submitted. The following is from the Independent Press of last week:

The Independent Press was accorded a high honor at the annual convention of the National Editorial Association in Milwaukee, last week. The silver trophy offered each year by the Inland Printer of Chicago for the best weekly editorial page was awarded by the judges to the Bloomfield paper. The editorial page classification was one of six 'Better Newspaper Contests' sponsored by the Association in which a large field of newspapers from 33 States and the Territory of Alaska was entered.

"The keenest competition witnessed in any of the contests was evidenced in the Best Editorial Page division," Editor and Publisher Maguire reports. When the scores of the judges were tabulated, there was only a difference of 14 points between the highest and the lowest in the 10 entries that scored near the top.

"The Greenwich (Conn.) Press and the Blueback (N. Y.) Gazette, which won the trophy the last two years, were ineligible this year, and the Bloomfield (N. J.) Independent Press won out over the Ada (Okla.) Weekly News by only one. The Freehold (N. J.) Transcript, published by the father of the editor of the Bloomfield paper, and to whom credit for the inspiration for the Press editorial page should go, won the cup several years ago, but was not entered this year.

"Papers were judged for 10 consecutive weeks rather than for excellent copies at random and points were awarded on the basis of subject matter, consistency, local application, variety, typographical make-up, etc. The judges were Prof. C. R. Bush, of the University of Wisconsin; W. W. Loomis, of La Grange, Ill., and L. M. Nicols, of Bristol, Okla."

In 1928 The Freehold Transcript was awarded first prize, the Inland Printer silver cup, in the National Editorial Association competition for the best editorial page. Later, The Transcript was awarded the blue ribbon—first prize at the newspaper institute held under the auspices of the State Press Association at New Brunswick, and the following year was awarded the second prize in the same competition.

The Hunterdon County Democrat, published at Flemington, has also been awarded several honors for excellence in different classes. The Democrat is edited and managed by D. Howard Moreau, a nephew of the publisher of The Transcript. On the same occasion that The Transcript was awarded first prize in the National contest, The Democrat was awarded third in the same class. In 1924 at the State Newspaper Institute at New Brunswick, The Democrat was awarded second prize.

## WATERWAYS

There is a revival of interest in the project to connect the Great Lakes with the sea by a ship canal. Some interests want to make it an international route, using the St. Lawrence River. Others advocate the Erie Canal and the Vanderbilt. But for every such instance as that, I could point out a dozen where winning something for nothing has literally ruined men who might have amounted to something if they had to work for every dollar they got.

The opposition comes mostly from the railroads. The Erie Canal was built before there were any railroads; otherwise it never would have been built. It made New York the dominant seaport through which commerce to and from the newly-opened West flowed.

## PIONEERING

More than four-fifths of Alaska is as yet unexplored and unmapped. A group of young American engineers will start soon surveying a highway through the Alaskan wilderness. I talked the other night with a young German nobleman who was about to start for Peru in an airplane, with American engineers, to investigate the practicability of a railroad over the Andes to open up new land for German colonization. The same day I met an American engineer about to start for Abyssinia, to build a dam there.

The world is still full of adventure for those who have the same sort of pioneering spirit which actuated the forefathers of us who live in the United States today. It will be centuries before the whole world has been fully explored or even partly settled.

Breeding of white rats for experimental purposes is developing into an important industry.

## IN THE RADIO STUDIOS

With Albert Zugsmith, Jr.

## FULFILLMENT

There is a curious old chap that hangs around the various broadcasting stations. Grey-haired, with watery blue eyes, and a broken nose, he resembles an ex-pug, long past his prime. He is obsessed with only one idea—that through the tremendous power of the radio he will be able to get his message to the world. A message of peace—of abstinence from strife. He intended to give his own life, his experiences as an example. Of course, they cannot let him have even a second on the air.

And there he sits in the waiting rooms day after day. When an official appears he begs for a chance to broadcast his message that will redempt the world from sin and impurity. Sometimes it is only an office boy or a page he has for an audience.

The other day a more kind-hearted studio manager took pity on the old fellow. He took him to an empty studio, carefully disconnected the "mike" and then got an announcer to announce the old boy.

For two and three-quarter hours he gave his "message" to the world and then went home—at last happy and contented.

The Anna 'n' Andy influence is now affecting the textile industry. Recently, several mills in Gastonia, N. C., granted an unusual request in changing the working hours so that the operatives could get home in time to hear the pair.

**DID YOU KNOW—**  
That George Hicks, newest NBC Announcer, keeps a dummy mike beside his bed to practice with?  
That Rudy Vallee's newest contract calls for a salary of \$22,000 a week?  
That Will Rogers never met the announcer, David Ross, or the orchestra leader, Freddie Rich, of his radio hour until he broadcasted from the New York studios of CBS recently?

**SHIP NEW JERSEY FOWLS TO POULTRY CONGRESS**  
Purebred fowls from the farms of 19 of New Jersey's leading poultrymen are now enroute to London, England, where they will comprise a part of the United States Live Bird Exhibit at the Fourth World's Poultry Congress, to be held from July 22 to 30. Along with fowls from other sections of the country, more than 300 in all, they were shipped from New York last Saturday in the S. S. Minnewaska.

The functioning of the interior of the human eye can be observed by means of a newly invented camera.

French army recruits are trained in the manual of arms with the aid of slow-motion pictures.

## SEX

The headmaster of a preparatory school came to see me, and we talked about boys.

"What do you do about this sex business?" I asked him. "Do you have a course of lectures for the boys, or do you and the other masters talk with them individually? Or what?"

He shook his head. "No lectures," he answered. "I am on the black-list of all the Welfare Organizations and Social Hygiene Bands and Uplift Groups. They are always wanting to send speakers up to us, and I refuse to let the speaker come because, for some reason or other, they all seemed to be cracked on this subject of sex."

"The last speaker who slipped by me talked about the Great Mysteries of Life, and the Terrible Mistakes which boys make, and the Awful Penalties they incur. It was essentially a smutty talk, sweetened with moral prune juice. You could almost hear his lips smack as he delivered it."

"When he had gone, the boys appointed a committee to visit me."

"They said: 'Sir, we know all these things. We are gentlemen, and we are uncomfortable when they are talked about. Please do not embarrass us, with any more such speakers.'"

If you were to get all your information from looking at motion pictures or attending Broadway shows, or listening to Social Uplifters, you would conclude that the United States has gone sex-crazy.

As a matter of fact, I am convinced that the two following statements are absolutely true:

First: Contrasting the United States with England under Henry the Eighth, which was only four hun-

dreth years ago, Greece or Rome, which represent the highest civilization of ancient times, there is no question that life today is a hundred times cleaner, more wholesome, and freer from dirt.

Second: The two great interests of this country are business and sports. Compared to these two, sex is a very weak third.

The longer I live the more confidence I have in the natural ingrained decency of men and women, of boys and girls. And the more I dislike the folks who are so professionally eager to guard, correct and improve them.

1931

International Sunday School Lesson for July 13

JACOB: A SELFISH MAN TRANSFORMED  
Genesis 25:19-34; Chapters 27-33; 46:28-47:12  
Rev. Samuel D. Price, D. D.

Human nature is just the base with which to start in building a worthy character. Even very poor material can be worked over and if there is real quality still more may be accomplished. Often the attitude must be changed from that of self to service. Twins come into the picture as we observe the sons of Jacob and Rebekah. Esau and Jacob mix things up right royally in that home circle for many years. The trouble starts with a marked expression of favoritism by the parents. Each loves especially the offspring who is most their very opposite. Jacob favors Esau and Rebekah seeks the best things for Jacob.

Esau is the plain, matter-of-fact plodder who is circumvented by the more aggressive younger twin. Jacob, in his ambition has been envious because the birthright went, by the incident of birth, to the older brother. Esau did not give much concern to the fact that he was to be the patriarch in his father's place and the double portion of the inheritance did not seem to affect his thinking. Jacob wanted position, and was alert to make the most of his opportunity when his hungry brother, returning from the chase, completely fatigued by his fruitless efforts, begged for a bowl of the lentil-beef stew that was in process of making. Here was a case of being ready to give up every future prospect and advantage for the sake of immediate gratification. The bargain was made and Esau swore away his birthright distinctions for the sake of a full stomach right now.

The climax in trickery was reached when, by the help of his mother, the father, Isaac, was fooled into giving a special blessing to Jacob when he thought that hairy-armed Esau was kneeling before him. After that safety depended on quick flight from home and the mother helped to plot a wedding as she hurried Jacob to the land of Haran, whence she came as the bride for Isaac.

Romance began even before the home of Laban was reached. There was love at first sight when the young man saw Rachel, the daughter. By a great feat of strength the stone was rolled from the spring and courtship began. Since the prospective son-in-law had nothing to offer but work he bargained with the father for Rachel, and the terms were seven years of service with the flocks. Then trickery began for Jacob and he was amazed to find that the older daughter, Leah, had been given as the wife. A further agreement was made for Rachel at the cost of seven more years of work without wages, and Jacob did not falter because of the love he had for Rachel. Read all the content for an account of the

twenty years in Haran. Plans are made for the return to his homeland and fear is intensified when the caravan is about ready to meet Esau, who had been so grossly wronged. A character-changing crisis was faced that night when none other than the Angel of Jehovah wrestled with Jacob, who clung to Him for a blessing that was granted with the breaking of the day. The new life in prospect is marked by change in name and Jacob, the Supplanter, was henceforth known as Israel, the Prince who had prevailed with God. Esau was pleased with the costly presents which reached him in four sections of the caravan and gave full pardon to his twin brother. Jacob had indeed won favor with God and men and has place among the noble patriarchs of Israel. Thus, from uncertain material God made a truly great man.

## "Jacob's Job."

Ephraim: "Whu yo 'all doin' wit dat papah, Moses?"  
Moses: "Ise writin' mah gal a letter."  
"Go 'way, yo' kain't write."  
"Ain't all right, mah gal kain't read."

She: "You have a hole in your stocking."  
Second She: "I'm not wearing stockings. That's my vegetation."

A man and a woman came round the corner in a car. He put out his hand to turn to the left; she to turn to the right.

Traffic Policeman: "What do you want—a divorce?"

Her Father: "Can you give my daughter the luxuries to which she has been accustomed?"  
Youth: "Not much longer. Tha's why I want to get married."

"Here's a fellow who thinks a limpet has five legs."  
"He, ha! How absurd! How many has the bally thing?"

**OLD WEST JERSEY RR.**  
**NOW ATLANTIC DIVISION**  
Upon orders from headquarters of the Pennsylvania Railroad, the West Jersey and Seashore Railroad becomes a historical name. That division together with the Camden Terminal Division becomes the Atlantic Division of the Pennsylvania system. The contract calls for operation by the parent organization for a period of 999 years.

## RIVERTON ITEMS

The many friends of Jack Weyman will be glad to learn that he has recently been made chief pilot and manager of the William Penn Airport.

Mrs. Harry L. Rogers and children are enjoying the summer at Beach Haven.

Miss Pauline Woldell was a guest at Egg Harbor over the weekend.

Mr. and Mrs. Frank W. Schadt, of Allentown, Pa., were holiday guests of Mr. and Mrs. Daniel M. Clifton.

Mr. and Mrs. Joseph Friday and daughter, Eleanor, were visitors in Seaside Sunday.

Miss Alys Biegler has returned to her home in New Brunswick after spending several weeks with her aunt, Mrs. Earle Perkins.

The many friends of Chief of Police William Quigley will be sorry to learn that he is very ill with pneumonia.

Harry Burns and Curtis Flynn were holiday visitors in Atlantic City.

Mr. and Mrs. Paul Good and family, of Linden avenue, are enjoying the rest of the summer at their cottage in Margate.

Mrs. John D. Clark and son, "Buddy," are making an extensive tour of the West.

Mr. and Mrs. J. Stanley Patterson and daughter, Dorothea, were weekend guests in Gettysburg.

Miss Cecelia McCormick, of Camden, is the guest of her aunt, Mrs. Goodwin, of Thomas avenue.

Miss Mary Patterson has returned after spending two weeks at Oak Lodge Camp, Yardville Heights.

Miss Ruth Patterson is enjoying two weeks at Brookhaven, in the Pocono Mountains.

Frank Cummings and family, of Lambertville, spent the Fourth with Mr. and Mrs. Datis Reed.

The many friends of Mrs. John Holvick will be pleased to learn that she is improving from her recent illness.

Mr. and Mrs. William R. Hoffman are enjoying two weeks with relatives at Flemington.

Mr. and Mrs. Harry Riley, of Camden, were Fourth of July guests at the home of Mrs. Louisa Bishop, of Thomas avenue.

Mrs. Eugene Cayle is entertaining her cousin from Toronto, Canada.

Mr. and Mrs. Charles Durbin, former residents of Riverton, returned to town for the day's celebration.

Master Charles Kahler, of Philadelphia, was the weekend guest of his grandmother, Mrs. Oscar Kahler.

Mr. and Mrs. Arthur Johanson, of Brooklyn, spent the holidays with her parents, Mr. and Mrs. Harvey E. Stewart.

Mrs. Dorothy Wheeler and daughter Virginia, of New Brunswick, were weekend guests of her mother, Mrs. Susie Mattia.

Miss Janet Yardley, of Fort Washington, Pa., spent several days last week with Miss Marcella Bowen.

Mrs. Harvey E. Stewart and daughter left for Atlantic City Monday, where they will spend the summer.

Dr. Henry Fox spent the weekend at Ocean View with his family, who are enjoying the summer there.

Mrs. C. W. Kipp, who has been in the Jefferson Hospital for treatment, has gone to Collingswood to spend some time with Mrs. Samuel B. Jones.

Miss Dorothy Stewart left on Wednesday for Connecticut, where she will spend the summer.

Mr. and Mrs. George W. Melhenny, of Logan, Pa., and George W. Tucker, of Woodbury Heights, were Fourth of July visitors in Riverton.

Mr. and Mrs. Ralph Sylvester and son, of Red Oaks, Pa., were visitors in Riverton over the holidays.

Miss Grace Sipple returned last week from Savage College.

Mrs. John Ackerman entertained a few friends at bridge Monday evening.

Miss Martha Johnson, of Riverside, entertained the Phi Lambda Sorority, Monday evening.

Paul Burr reported Monday to Newport, Rhode Island, for a year of active duty in the Naval Reserve Corps.

The Misses Betty and Ruth Baker underwent an operation at the West Jersey Hospital Monday for tonsils.

Mrs. Virginia Criddle and son, Hawthorne, of the Hazlehurst Apartments, are visiting at Richmond, Va. Little Miss Ann Jordan, who had been their guest for several weeks, returned with them to her home in Richmond.

Mrs. Melvin Burr entertained at cards Saturday evening.

Mrs. John Ackerman entertained friends at cards Tuesday afternoon.

Mr. and Mrs. J. P. Lewis, of Philadelphia, were guests of Mr. and Mrs. Bayard Brunt over the weekend.

Miss Dorothy Allison, of West Philadelphia, was guests of Mr. and Mrs. Miss Anna Cook.

Miss Gertrude Burr has taken a position with the Hotel Elberon, Atlantic City, for the summer.

Everett Wolcott, of Linden avenue, is driving a new Dodge "8" sedan, purchased from C. R. Sweeney, Inc., the local dealer.

Jack Keating has added a new Plymouth sedan to his fleet service, which he recently purchased from C. R. Sweeney, Inc.

Jack Kear, who has for the past four years resided at 513 Howard street, left for Los Angeles on Monday to take a position with Howard and Smith Company, Rose Growers.

C. E. Ghidester and family have returned to their home in Massillon, Ohio, after spending a month with Mr. and Mrs. Perot Nevins.

Mr. and Mrs. Lawrence Dallett, of Hopewell, Va., visited her mother, Mrs. George B. Hutchins and family from Thursday until Sunday.

Mr. and Mrs. T. Morrell Parry entertained at a family reunion on the Fourth.

Mrs. F. E. Jones, of Fifth street, spent Tuesday with Mr. and Mrs. Ralph Maenes, at Haddonfield.

Mr. and Mrs. Frank North, of Riverton, visited Mr. and Mrs. Morris Steele, on Howard street, over the weekend.

Mrs. Walter Page and daughter, of Wynnewood, Pa., were among the visitors in Riverton on the Fourth.

Mr. and Mrs. David Cole and Mr. and Mrs. Roland Cole, of Camden, visited Mr. and Mrs. Otto Sauers Sunday. Miss Millie Puernstein, of Philadelphia, was the guest of Mrs. Sauers on the Fourth, and Mr. and Mrs. George Cole, of Philadelphia, were weekend guests.

Mr. and Mrs. F. A. Tompkins, of the Hazlehurst Apartments, entertained Mrs. Tompkins sister and husband, Mr. and Mrs. Charles Steger and son, of Audubon, on the Fourth.

Emerson Wolfachmidt and family spent Sunday at Brant Beach.

Miss Minnie Yardley, of Germantown, who has been the guest of Miss Nellie McCarty for several weeks, returned home Sunday.

Mrs. F. S. Teeple is spending a few weeks at Buffalo, N. Y., visiting her son, Rodman, formerly of Riverton.

George Becker was home from Virginia on the Fourth of July, visiting his family on Midway.

Miss Dell Teeple was the guest of her aunt at High Point for several days last week.

Mr. and Mrs. George Weigle spent the weekend on a delightful camping trip at Perkiomen Creek.

Mr. and Mrs. William Hoffman and Mr. and Mrs. Davis Huber, of Cape May, visited Mr. and Mrs. Ernest Chew on Saturday and Sunday.

Mr. and Mrs. J. W. Reed, of East Orange, and Mrs. Breunig were guests of Mr. and Mrs. Datis Reed, of Main street, for dinner Monday evening.

Mrs. W. W. King, of Tampa, Florida, who has been visiting her daughter in Woonsocket, Rhode Island, is now the guest of another daughter, Mrs. Lewis P. Hodson, of Seventh street, Riverton.

Charles Becker is spending a week at Royal Oak, Md.

Miss Dorothy Stewart left on Wednesday for Connecticut, where she will spend the summer.

Mr. and Mrs. George W. Melhenny, of Logan, Pa., and George W. Tucker, of Woodbury Heights, were Fourth of July visitors in Riverton.

Mr. and Mrs. Ralph Sylvester and son, of Red Oaks, Pa., were visitors in Riverton over the holidays.

Miss Grace Sipple returned last week from Savage College.

Mrs. John Ackerman entertained a few friends at bridge Monday evening.

Miss Martha Johnson, of Riverside, entertained the Phi Lambda Sorority, Monday evening.

Paul Burr reported Monday to Newport, Rhode Island, for a year of active duty in the Naval Reserve Corps.

The Misses Betty and Ruth Baker underwent an operation at the West Jersey Hospital Monday for tonsils.

Mrs. Virginia Criddle and son, Hawthorne, of the Hazlehurst Apartments, are visiting at Richmond, Va. Little Miss Ann Jordan, who had been their guest for several weeks, returned with them to her home in Richmond.

## MOORESTOWN

Mr. and Mrs. Albert T. Andrews, and sons, of East Oak avenue, will leave on Tuesday for Seaside Park, where they will occupy their cottage for the next six weeks.

The pupils of Mrs. Carlotta Bault-Mattox, who recently took part in a musical given at the Moorestown Conservatory of Music, were Adele Ayres, John Atkinson, Edward Atkinson, Mildred Boyer, Marie Cline, Florence Fourvour, Anne Freeman, Peggy Ford, Ruth Greenwood, Norma Green, Claire King, Mildred Klauder, Dorothy Klauder, Buddy Love, Susan Margerum, Anna McChesney, Mary Martin, Helen Roberts, William Roberts, Henry Roberts, Dorothy Smith, Mary Seymour, Jean Bloem, Ruth Stratton and Ruth Walton.

Mr. and Mrs. H. R. Hathaway and family, of Chester avenue, spent the weekend at Seaside.

Theresa Wolf, daughter of Mr. and Mrs. Miller Wolf, of East Main street, underwent an operation for removal of tonsils and adenoids Tuesday at Cooper Hospital, Camden.

Mr. and Mrs. W. F. Grube, of West Central avenue, returned Sunday evening after spending several days at their cottage in Ocean City.

Mr. and Mrs. J. Whitall Nicholson, of East Main street, have left for Pocono Manor, Pa., where they will remain until fall.

Mr. and Mrs. Albert T. Andrews, and sons, of East Oak avenue, spent last weekend camping in the Pocono Mountains.

Mr. and Mrs. Francis W. Hall, of West Oak avenue, are leaving on Tuesday for Seaside Park, where they will spend the next six weeks in their cottage.

Thomas Collins, son of Mr. and Mrs. Robert Zane Collins, of East Main street, returned to his home Tuesday from the Cooper Hospital, Camden, where he underwent a serious operation.

Mr. and Mrs. William F. Wurst, Jr., of Revere avenue, Lenox, spent the holidays in Surf City.

Mr. and Mrs. Harry A. Waldis and family, of East Snyder Place, spent the Fourth of July at Beach Haven.

Clarence Hartshorne, of So. Church street, returned to his home Wednesday of last week from the West Jersey Homeopathic Hospital, Camden, where he was recently taken following a serious injury to his neck. He is able to be about, although he has not been able to return to work as yet.

Ralph Webster, son of Mr. and Mrs. Charles Webster, of East Second street, is spending two weeks at Doylestown, Pa., with Mr. and Mrs. Lewis T. Webster.

Miss Amy Vennell was given a very delightful surprise party on Tuesday evening of last week at her home on Page's Lane. About fifty guests were present.

Mrs. Carrie Ehemella, of Mount Holly, has been the recent guest of her daughter-in-law, Mrs. Russell Ehemella, of East Main street.

Robert Ingram, of Chester avenue, returned to his home from the Burlington County Hospital, Mount Holly, on Wednesday of last week. He is still confined to his bed, but is slowly recovering from an illness of nearly a month.

Mr. and Mrs. Clifford Winne, of Ramsey, N. J., have been spending the last few days as the guests of Mr. and Mrs. Jonathan W. Powell, of Valley View Terrace.

Hugh Wallace, of East Second street, spent the holidays with his brother, the Rev. Frank Wallace, of Richmond Hill, New York.

Mrs. Louis Heckenhorn and daughter, Violeta, of South Church street, are occupying their cottage in Seaside Park, where they will remain during July. Mr. Heckenhorn will join them over the weekend.

Miss Agnes and Miss Edith Robbins, of East Main street, are spending a month at the Chalfonte-Haddon Hall, Atlantic City.

Mr. and Mrs. William S. Sharp, of South Church street, are touring Pennsylvania by auto. They will return to Petersburg, Pa., and from there they will go to Harrisburg to visit friends.

Miss Gertrude Parker, secretary at the office of Col. and Edgar, spent the Fourth of July in Ocean City with friends.

Mr. and Mrs. Steward R. Matues and family, of King's Highway, spent the holiday weekend at their cottage in the Pocono Mountains.

## Reduction in Prices

In order to protect our customers in a price war that is intended to drive us out of business, we announce the following schedule of prices, effective at once.

**12 lbs. 50c**

Additional 4c Pound

Last year it was demanded of us that we increase our prices, under penalty of being "railroaded." This we refused to do, believing it to be unnecessary and unfair to our customers.

If we are forced out of business by this unfair competition, directed against us because we refused to boost prices, you can readily understand that you will have to pay more for your laundry work.

We appeal to your sense of fairness to protect us and thereby protect yourself.

## TRY THE THRIFTY 50-50 PLAN

Why dry and iron your flat pieces during this hot weather, when you can get it done for so little?

Our 50-50 plan works like this: The flat pieces are ironed, and wearing apparel is returned to you damp — just right to be ironed.

**The Price is 12 lbs. for \$1.00**

Additional 7c Pound

**FAMILY WASH . . . 10c lb.**

Minimum Charge \$1.00

FLAT PIECES IRONED, WEARING APPAREL HOT-AIR DRIED  
Fully insured against fire and theft for 1c per bundle

**Riverton Laundry**

## INTERSECTIONS DANGER POINTS

Most Auto Accidents Occur  
Where Two Streams of  
Traffic Bisset

State Commissioner of Motor  
Vehicles

Figuratively, there are red flags of warning at virtually every point where traffic accidents are most likely to occur.

Actually, of course, these red flags are nothing more nor less than carefully tabulated accident experience which indicates the causes, places, times, and other conditions surrounding a majority of street and highway mishaps. While New Jersey is only now planning to embark upon the collection of precise and accurate accident data, the experience of official and unofficial agencies elsewhere provides the average driver with information as to where he may look for the figurative red flags.

For instance, any street or highway intersection is a danger point. Most accidents occur at the intersection of two streams of traffic. This is true of accidents that involve motorists and pedestrians as well as motorists and other motorists. The experience of some States and municipalities is that from 60 to 75 per cent of traffic mishaps occur at intersections. Clearly these figures should stand as a red flag to any driver who puts genuine thinking into his motor vehicle operation. They should put him on his guard every time he encounters the condition that makes one stream of traffic bisect another.

Time is another accident factor that again, in effect, always flies a red flag in the face of the motor vehicle operator. It has been well established that the hours of greatest danger in traffic are those between 4 and 8 p. m. This period produces the greatest number of mishaps for the fairly obvious reasons that, during it, traffic is greater in volume and both drivers and pedestrians are less alert and active after the close of day's work. The degree of attention paid to traffic conditions is lessened and the reaction to normal stimuli is slower—a bad combination from a safety standpoint.

These are facts that every pedestrian and motorist should take into his consciousness and dwell upon until they become consciously or subconsciously effective in his traffic conduct at all times.

Real safety education begins with the determination of when and where danger is to be encountered. One respect in which we have seen this work out in traffic has to do with the education of children. Nation-wide figures show that the effort to point out to children those conditions under which they need to show the greatest of precaution has been successful. Accidents involving children are growing proportionately less while those in which adults are participants are increasing.

Primarily, the safety education of children has centered about teaching them intelligent walking. They have been taught to look for the figurative red flags of danger when crossing streets, when leaving street cars, and under other conditions.

The same process of education must be extended to the adult. The conclusions based upon mishap surveys, such as New Jersey envisions, must be presented to him in a manner that will tell him accurately and precisely where traffic danger signals are flying. The rest is up to the individual save for the restriction imposed by the State's reservation of the right to punish him for his failure to conform to safety requirements.

## RIVERTON ENJOYS BIG CELEBRATION

(Continued From Page 1)

Cela, Harry Rieger and Dudley King. Two-war girls, Anna May Wilborn, Jane Wolfshmidt, Reba Juhl, Elizabeth Juhl.

**Outboard Motor Race**  
A new interesting feature was added to the day's program by the yacht club when the outboard motor boat races were run off in the evening. The contestants were Edson Carhart, 24 horsepower; Douglas Stewart, 32 horsepower; Phil Gaunt, 10 horsepower; Fred Wolff, 7 horsepower; and Howard Alloway, 7-1/2 horsepower. These fast little boats covered a one-mile course straight up and down the river three times around making six miles. Carhart covered the course in 12-1/2 minutes, Stewart 15-1/4, Gaunt 18, Wolff 27 and Alloway 28 minutes.

Carhart took the lead from the start and steadily increased it throughout the race.

**Fine Fireworks**  
The fireworks in the evening were conceded to be the best ever shown in Riverton and were enjoyed by thousands of people who assembled on the sloping river bank lawn.

One of the most enjoyable features of the day for the younger generation was the Kiddie Carnival at Memorial Park provided by the Riverton Fire Company. Ice cream and cracker jack was distributed to all the boys and girls. The entertainment consisted of magician, juggler and managins.

The Boy Scouts rendered efficient service throughout the day and were particularly valuable in handling the traffic situation when hundreds of cars were directed on their way following the fireworks.

No accidents of any kind marred the day.

## PEDESTRIAN HIT BY AUTO

Joseph Sheep, 62, of 191 Marlon pike, Camden, suffered severe cuts on the arm and shock when struck by an automobile driven by Edward J. Barber, Palmyra, last Monday, on Market street, near Front, Camden. According to Barber, the man walked into the side of the car while crossing the street. Sheep was detained at Cooper Hospital.

## THE FAMILY DOCTOR

JOHN JOSEPH GAINES, M.D.

### LITTLE THINGS

Recently I read the admonition, "Go to your doctor, to forestall his being compelled to see you." It struck me so forcibly that I sat right down at my typewriter to tell you about it.

You know yourself that your family doctor is not a miracle-worker; he cannot do the impossible, but he is your best aid in time of trouble; and, you know that a little devil is easier to put down than a big one.

What I want to emphasize is this: Just as soon as you find something wrong with you that you don't understand perfectly, see your physician about it. An enlarged gland somewhere may seem innocent enough at the time you first notice it—it may turn into a serious abscess, or indeed a malignant growth.

Remember: The very best time to treat a cancer is as soon as it starts. The very earliest stage is when the cure of cancer is possible. Just a bit of neglect of the small

beginning, may usher in the hour when it is forever too late to save life.

All delay in sickness is dangerous. The slight, hacking cough that persists in spite of careful conduct, may be the beginning of rheumatism, chronic bronchitis, heart disease—even tuberculosis! Attend to it early. The simple little wound in the hand or foot, made by a rusty nail or splinter of wood, should be promptly attended to. These accidental injuries are common in the warm season, when thinner footwear and more outdoor life is the rule. The expense of the doctor's examination and prescription may be considered, but think of what is possible if the thing should prove a serious—possibly a hospital matter!

Let me repeat: When you encounter something on or inside your system that you do not understand, go to the one who will set you right the quickest way—your physician.

Mayor and Mrs. George N. Wimer are enjoying the day in Atlantic City, where Mr. Wimer will take part in the Elks' parade.

Duff Dodd and family are moving to Newark this week.

Mr. and Mrs. Thomas Carroll, of Lecony avenue, are receiving congratulations on the birth of a son, Thomas, Jr., in the Riverside General Hospital Monday morning. Both mother and child are doing well.

Mr. and Mrs. Robert Patterson, of East Orange, were the guests of Mr. and Mrs. George Durgin, of Lincoln avenue, Fourth of July.

William R. Gerkens, of Parry avenue, is on a business trip to Boston this week.

Mr. and Mrs. Richard Nickey, of Mount Airy; Mrs. Joseph Hemphill and Mr. and Mrs. Harry Hemphill, of Washington avenue, motored to Asbury Park Sunday.

Mr. and Mrs. William Ott entertained the following guests at their home on Cinnaminson avenue, Fourth of July: Mr. and Mrs. Howard Ott and family, of Langhorne; Mr. and Mrs. Orville Killie and Raymond Calhoun, of Philadelphia; and Mr. and Mrs. Walter Roche and family, of Springfield, Pa.

Mrs. Sara Daniell, of Washington avenue, has returned home after enjoying a two months' stay at Ocean Grove.

Mr. and Mrs. Wallace Kleckner, Jr., and their two daughters, of Philadelphia, were the guests of Mr. Kleckner's parents, Mr. and Mrs. Wallace Kleckner, Sr., of West Broad street, Fourth of July.

Mr. and Mrs. John Eval, of Vine street, entertained their daughter and son-in-law, Mr. and Mrs. Wilson Neil, of Reading, Pa., over the holidays.

Mrs. A. D. Countant, of Long Island, and her son, Harry Asher, of Chicago, were the guests of Mrs. A. B. Powell, of West Broad street, last Thursday. Mr. Asher returned home Thursday evening, but Mrs. Countant remained until Monday.

Miss Anna Barr, who is employed at the Lester B. Fortnum Ford agency, is driving one of the newest types of the Ford four-door sedan.

Mrs. John Ott, of Cinnaminson avenue, has been spending the past week with her mother, who is seriously ill in Philadelphia.

Mr. and Mrs. H. R. West, of Morgan avenue, enjoyed the holidays in Ocean Grove, visiting Mr. West's mother, Mrs. James Hutchinson.

Mr. and Mrs. E. H. Siefert, of Columbus avenue, entertained Mr. and Mrs. Rudolph Schaper and family, of Rockville Center, L. I., July Fourth.

Mrs. Thomas Miles, of Oakfield avenue, has been entertaining her father and sister, Charles Loesch and Miss Claire Loesch, of Philadelphia, during the past two weeks.

The Rev. Harold L. Creager, pastor of the First Lutheran Church, of Palmyra and Riverton, is spending ten days at the Leadership Training Camp of the United Lutheran Church, near Gettysburg, Pa.

Miss Veva M. Brower, principal of the Palmyra High School, is spending the summer at her home in Federalburg, Md.

The Junior Philathea Class of the Central Baptist Sunday School will present an entertainment in the Sunday School room this evening. A fine program has been planned, the main feature of the evening will be "The Kitchen Cabinet Band." A silver offering will be taken.

The In-As-Much Bible Class of the Epworth M. E. Church is holding its annual picnic at Riverview Beach today.

The Ladies Auxiliary of the Independent Order of Odd Fellows has discontinued its meetings until the second week in September.

Mr. and Mrs. Rudolph Schaper, of Rockville Center, L. I., were guests of Mr. and Mrs. Thomas Miles, of Oakfield avenue, Sunday.

## MAPLE SHADE TO HAVE NEW CHURCH

Estimated Cost of Holy Trinity  
Evangelical Lutheran  
Church \$15,000

A new Holy Trinity Evangelical Lutheran Church is to be erected in Maple Shade at the estimated cost of \$15,000. The Mission Board will carry half of the cost and the other \$7,500.00 will be raised by the Maple Shade congregation.

The building, which is to be located at the corner of South Forkland road and Helen avenue, and the Church, is English Parish Gothic in design. It will face Forkland road, situated so as to permit the future building of a Sunday School and parsonage. The church is thirty-three feet wide by seventy long. The exterior will be of brick and cement stucco.

The plans have been drawn up by the architect, John B. Thomson, of Philadelphia, and the interior of the first floor will be rough troweled cement plaster with a wood ceiling and trussed roof. The wood to be used in the chancel will be the altar and rail with kneeling step. The choir loft is to seat twenty-five. The auditorium is to seat comfortably two hundred and twenty-four, which, including the balcony, makes a total of two hundred and forty-nine.

The ground floor provides for a Sunday School of 245 with Beginners' and Primary room at one end that may be thrown open forming a part of the main Sunday School room, which will be used for entertainments and other social affairs. At the opposite end is a platform with an up-to-date kitchen on one side, and a women's room on the other, to be used as dressing rooms when required. A boiler room and toilets for men and women have been provided on this ground floor plan.

## STAFF PREPARING CAMP FOR SCOUTS

Finishing Touches Being Made  
on Grounds, Equipment  
and Program

The complete staff of the Burlington County Scout Camp arrived at the Wrightstown Camp Sunday afternoon. The present week will be a strenuous one for all concerned and although considerable work has already been done toward putting the whole grounds and equipment in place, the staff will not only finish sleeking up everything but will spend considerable time in rounding out the camp program and preparing themselves for their part in it.

This year's improvements to date include work on the dam and beach, which have materially improved the swimming; a new refrigeration plant; and a new hospital room as well as a host of minor changes.

Avery L. Bennett, of Moorestown, will again be Camp Director. Mr. Bennett, popular with the boys of the whole county, is exceptionally well qualified as a boy worker since he has made tracking through his profession and amateur with them his hobby. Clarence Davenport, of Mount Holly, who will be Camp Quartermaster will be in charge of purchasing supplies and handling all Camp records. He will be assisted in the Camp store, known as the Canteen, by Scout William H. Homan, of Moorestown.

Scout Executive, M. Shaw, will be at Camp most of the time this summer, serving in the capacity of Activities Director, in charge of the educational and fun program at the Camp.

John Fountain, well known Moorestown athlete will be in charge of the water-front duties. No less than seven senior and five junior life savers at all times will be on duty at the water-front.

Harry Salmon and Charles Wright, of Moorestown, will assist Fountain in handling the water-front duties and will be in charge of boats and canoes.

One of the most interesting Camp activities will be headed by James Bennett, son of the Camp Director, who will be in charge of Nature Lore and Forestry. This work will include the building of nature trails with various interesting nature facts so pointed out that the follower of the trail can hardly miss them. Pioneering will include the construction of bridges and shelters.

Edward Dages, of Palmyra, will be camp bugler in addition to several other duties.

The handicraft program will be very complete. Three of the Camp Leaders have been Archery instructors and there should be great interest in this part of the program. Thomas Fountain and Fritz Hyatt of Moorestown will be in charge of Leathercraft. While these two will be the biggest features there will be many other handicraft activities.

Edward Matlack, assisted by Fritz Hyatt, will be in charge of mess hall sanitation.

Other junior leaders are W. Faston Kline, of Riverton; Earnest Pugh, and Edward Thomas, of Mount Holly; and John Bentley and Samuel Hawkey, of Burlington.

"Jim," the chef, arrived in Camp on the Fourth of July, and his pots and pans already have been polished until they are bright and shiny. "Jim" was quite pleased when he looked over the first shipment of food, and said that if all worked like the one part of the Camp program, it was going to be just as good as ever. "Jim" should know, because he can cook.

The dreaded bacillus of leprosy has been isolated by Dr. Herman Dostal, of Vienna, who has also produced a serum which gives much promise of success in treating the disease.

Mrs. Paul Curran of St. Paul had her pet dog, a collie, cremated when it died.

## HINTS FOR THE HOME

By Nancy Hart

### VEGETABLE SALADS

Lemon jelly is also a good foundation for many vegetable salads. A good tomato jelly is made by stewing two or three ripe, red tomatoes until a thick liquid results and straining that through a fine wire sieve—but not through cheesecloth, as that keeps out the color—into lemon jelly that is still liquid. When it is cool it may be poured into a ring mold, into individual moulds or into a square pan—if in the square pan it is cut in even sized blocks when it is ready to serve.

Diced cucumbers are delicious in this tomato jelly. Mixed fresh-cooked vegetables are also good in this lemon-tomato jelly. A mixture of either fresh green beans and sliced carrots, or string beans and pickled beets is specially good. These jellied vegetable salads should be served on lettuce, and are usually preferred with mayonnaise dressing, though some persons prefer French dressing.

### HOT WEATHER BREAKFAST

Everyone appreciates an attractive-looking breakfast table, and nearly everyone occasionally feels utterly tired of the usual breakfast.

The ordinary household breakfast dishes must not take many minutes' preparation in the morning or even for much effort the day before. But often we can have delicious things for breakfast with very little trouble beforehand.

For one thing there is fruit. Be sure that the fruit you serve is fresh and clean as to skin and cool. Most of the summer fruits are very little trouble to serve. Whole peaches, plums or pears, halved musk melons, and summer berries are all both easy and tempting.

### LEMONS

In making French dressing for salad, many persons prefer lemon juice to vinegar, and to some persons it is more wholesome. By way of variety it is worth trying, especially when the dressing is to be used with a fish salad. A few drops of lemon juice add much even when vinegar is used and prepared mayonnaise is often improved by the addition of a little fresh juice just before using.

There are many excellent lemon desserts. Just run through your favorite cook book looking for them. Lemon jelly, lemon pie, lemon filling for cakes, lemon corn starch pudding, lemon egg pudding, lemon rice pudding, lemon tapioca, lemon pudding sauce, lemon ice, lemon ice cream, lemon tarts and lemon cookies will appear to you as more or less familiar desserts.

You will find, too, that a large number of fruit desserts are improved by the addition of a little lemon. Prune and fig desserts are among them and toward the end of the season apples are very much improved if cooked with a little lemon. When you bake bananas, lemon juice prevents them from tasting insipid. Almost all made fish dishes call for lemons and broiled fish needs a garnish of lemon quarters. Sweetbreads and very often veal dishes are improved with lemon juice.

## CONGRESSMAN IS STILL ON JOB

Bacharach Opens Office in Atlantic City for Summer Months

Congress having adjourned, Congressman Bacharach wishes to inform his constituents that his office in Washington will be closed during the heated term, or until about September 15th.

The Congressman will be in Atlantic City for the present and hopes to be able to give some time in touring the District. All correspondence should be addressed to Atlantic City instead of to Washington, where it will receive prompt attention.

While the Congressman expects to be in Atlantic City most of the time, with the exception of the weekends, it is suggested that anyone wishing to see him personally should make an appointment before hand in order to avoid the making of a useless trip.

His office is at 1704 Pacific avenue, and his Washington secretary, Mr. Bourke, will be there to look after the affairs of the District and will be available in the absence of the Congressman.

## ERDMAN TELLS OF AERO CLUB'S WORK

Pilot Also Relates Experiences as War Flier in Address Before Burlington Group

"Jim" Erdman, chief pilot of the Burlington County Aero Club, was the speaker at the regular meeting of the Young Men's Club of Burlington, at Burlington, Tuesday evening of last week.

Mr. Erdman's subject was "Aviation." During the course of his talk he gave some of his experiences as an army pilot and some interesting facts regarding the advancement of aviation since the World War.

"Jim" also discussed the important part the Burlington County Aero Club is playing in the advancement of aviation and told of its work in helping to make the people of this section "air minded." To this end, said the club's chief pilot, "Barnard" days have been instituted at the Moorestown Airport and passengers have been taken up for a cent a pound.

In China there is only one qualified doctor to every 740,000 inhabitants.

## RED CROSS LIFE SAVING SCHEDULE

Ergood and Hartshorne Again  
Have Charge of Work  
in County

The Burlington County Chapter of the American Red Cross has started its third year of Life Saving, with Clifford W. Ergood again County Director and Victor H. Hartshorn, instructor.

The great importance of this work was demonstrated a short time ago when Ernest Mellon, Mount Holly, saved from drowning Miss Rose Elkins and Paul Blackman, both of Philadelphia, after Miss Elkins had gone down and dragged her escort with her, who was thus unable to assist her. Mellon, a student of Red Cross Life Saving methods under Hartshorn in 1928, worked over the two victims until they were partially revived, after which they were taken to the hospital.

The following schedule for classes has been issued by the instructor, which is subject to change:

Monday—New Lisbon, 2:00 p. m.; Pemberton, 4:00 p. m.; Brown's Mills, 6:00 p. m.

Tuesday—(Afternoon open); Bridgeboro, 6:00 p. m.

Wednesday—Lakewood Boat Club, Burlington, 2:00-4:00 p. m.; Sylvan Lakes, 6:00 p. m.

Thursday—Boy Scout Camp, Wrightstown, Afternoon; Bordentown Canal, Evening.

Friday—Maple Shade, 1:00-3:00 p. m.; Cedar Lake, 4:00 p. m.; Mill Dam, Mount Holly, 7:00 p. m.

Saturday—Medford, 3:00 p. m.; (Evening open).

Mr. Hartshorn will also make visits to the Yapeew Club, Bordentown; Moorestown Community House and the Water Works Pool, Moorestown. Mr. Ergood carries on the work at Camp Ockanickon with wonderful results.

If classes are desired in towns not mentioned above, arrangements for same may be made by writing the Red Cross Secretary, 24 W. Union street, Burlington.

## FOUR GIRLS SAFE IN TRAIN WRECK

Moorestown Young Ladies Escape Serious Injury When Sleeper Overturns

Four young women from Moorestown narrowly escaped serious injury early Thursday morning, when the sleeping car in which they were riding overturned and went down an embankment following an accident in which the car ahead of them was struck by a switching engine, just as the train which was on a curve at the time, was travelling through the railroad yards at Worcester, Mass.

The girls, who were en route to Camp Wyongonic, Denmark, Maine, are Grace and Maryanne Woodward, daughters of Mr. and Mrs. Edward S. Woodward, of Chester avenue; and Kathryn and Margaret Stokes, daughters of Mr. and Mrs. James M. Stokes, Jr., of Golf View Road.

Grace is a counselor at the camp and with another counselor in charge of the party from Philadelphia which was composed of sixteen girls between 16 and 17 years of age, who were all bound for camp.

She was on the bottom after the car overturned. Kathryn, Maryanne, and Margaret, baggage and mattresses all fell on top of her and she just barely escaped serious injury. Although she and the other girls escaped with only cuts and bruises, the experience was a most disagreeable one. Grace, in a letter to her parents said that they arrived in camp, "nervous, shattered and tired."

The Moorestown girls remained calm throughout the ordeal and fine work in quieting the children and helping them to extricate themselves from the wreck. Fortunately, the lights in the car were not extinguished and aided considerably in helping the girls to find their way from the car. They were able to leave the wreck by climbing over the vestibule of the drawing room car.

Courteous attention was given them by the railroad employees and the Worcester police, they report. They were taken to a day coach where they dressed. They left Worcester about 5 o'clock Thursday morning.

### Mrs. Florence Saunders

Mrs. Florence F. Saunders, former resident of Moorestown, died at the home of her daughter, Mrs. Ralph Stokes, at Potomac, Pa., on Tuesday evening of last week at 5:30 o'clock, suffering from a complication of diseases.

Mrs. Saunders was born in Moorestown, where she lived until about four years ago, when she went to live with her daughter. She was ill more than three months previous to her death. Funeral services were held on Saturday afternoon, from the funeral parlor of Elwood Belton and son, Moorestown. The Rev. Arthur D. Hill, former pastor of the First Baptist Church, Moorestown, officiated. Interment was made in the family plot at Colestown cemetery.

Mrs. Saunders is survived by only one daughter, Mrs. Gertrude Sooy.

### NUDE BATHERS JAILED

Two Philadelphians who attempted to bathe, minus bathing suits or other apparel, in the Rancocas creek near Bridgeboro last week, were arrested by State Troopers Rohner and Turnbull and were sent to the county jail for 10 days in default of \$5 fine, by Justice of the Peace John McNulty, of Bridgeboro. The men gave their names as Michael Spezzelli and Anthony Nieuro.

## FARMER INJURED

Jennings Meredith's Toe Smashed  
When Plow Falls

Jennings Meredith, young Marlton farmer, is suffering with a badly smashed toe on his left foot.

The accident occurred Wednesday of last week when a tractor plow dropped on Meredith's foot. He was at work on his farm on the Marlton-Gibbsboro road.

## NEURITIS PAINS BANISHED FOR BAYONNE MAN

City Employee, After Three  
Years, Suffering, Finds Relief  
Through Power of  
New Medicine

MR. JOHN CARLIN

"For over three years I suffered with terrible neuritis pains in my shoulder and right hip," said Mr. John Carlin, 128 West Sixteenth street, Bayonne. "So severe were these pains that I was unable to get a sound night's sleep. I could not lie upon my left side. These pains were like knife wounds and the agony was frightful. My liver became sluggish and my general health was in a badly impaired condition."

"A fellow employee, Mr. Frank Heferman, who had received wonderful benefit from the use of Konjola, urged me to try it. I could feel improvement within a short time after beginning the treatment. After I had finished the third bottle I felt thirty years younger. Neuritis pains have vanished entirely and my liver is back in normal condition again. Konjola will always have my highest recommendations."

Recommended for ailments of the stomach, liver, kidneys and bowels, and rheumatism, neuritis and nervousness, Konjola, will when given a real trial, work wonders for any sufferer.

Konjola is sold in Riverton at L. L. Keating's store, and by all the best druggists in all towns throughout this entire section.

RIVERTON, NEW JERSEY, THURSDAY, JULY 17, 1930

PRICE, FIVE CENTS

## ZONE ORDINANCE GOES TO COUNCIL

Public Hearing Will Be Held in Council Chamber on August 14

Riverton's Zoning Ordinance as completed by the Zoning Commission was officially presented to the Borough Council last Thursday night, and was unanimously passed on first reading.

This ordinance will come up for a public hearing at the regular meeting of Council on August 14.

It was reported that delinquent sewer rentals of residents on the Palmyra side of Elm avenue has not yet been paid, and the clerk was instructed to see that the Riverton Borough Collector had a correct list of the delinquents.

### Police Report

Director of Public Safety Charles DeLaney submitted his monthly report as follows:

The following report covers the activities of the Police Department, as reported by Chief Quigley, from June 10th to July 7th, 1930:

June 13th, 1930—Automobile accident. Time 3:00 a. m. Raining. Automobile accident at Broad and Elm avenues. William Segarves, No. 26 South Lenox, Penn street, Riverton, automobile license No. N17064. Driver's license No. 341527, N. J. Make of car, Chevrolet coach. Owner of the car, Rachel B. Branlin, Lenox, N. J., ran into Frank Holvick, No. 421 Elm avenue, Riverton, N. J. Driver's license No. 67927. Registration N5509, Ford sedan car.

Holvick and Segarves were taken to the office of Dr. Harry B. Marks. Both men were slightly hurt. No arrests were made.

June 16th, 1930—Automobile accident at the bridge, East Riverton. Automobile accident at Broad and Elm avenues. William Segarves, No. 26 South Lenox, Penn street, Riverton, automobile license No. N17064. Driver's license No. 341527, N. J. Make of car, Chevrolet coach. Owner of the car, Rachel B. Branlin, Lenox, N. J., ran into Frank Holvick, No. 421 Elm avenue, Riverton, N. J. Driver's license No. 67927. Registration N5509, Ford sedan car.

Accident was caused by car parked near bridge. No one was hurt. No arrests were made.

Automobile accident at Maple lane and Fourth street. George Madison, No. 308 Penn street, Riverton, N. J. Registration X81914, driver's license N316516, make of car Ford truck, was coming out of Maple lane, ran into a laundry truck of Morgan Brothers. Driver of truck, Elsworth B. Supplee, No. 415 Berkeley street, Camden, N. J., registration No. 127123. Owner of the truck, Morgan Brothers, Westmont, N. J. Elsworth Supplee was going west on Fourth street, at the time of the accident. No one was hurt. No arrests were made.

July 1st, 1930—Automobile accident. William Yerkes, Riverton road, Cinnaminson, was coming out of the lane of F. S. Groves when George Anderson was coming from Moorestown, when he struck Yerkes' Ford sedan. Yerkes' registration No. N10159, driver's license No. 319668, N. J. Yerkes was taken to Dr. Harry Rogers' office for treatment and then taken home.

George Anderson, No. 121 Miller street, Moorestown, N. J. Registration No. N1556, driver's license 652503. No arrests were made.

Petty thieves paid Riverton a visit on June 16th. Fourteen rose bushes were stolen from Dreer's. A Ford battery was taken from a truck owned by Councilman Clelland, and a tire was removed from the car parked in the rear of the old Bank Building. The police are investigating.

Complaint from James Jones, East Riverton, in regards to Fenmore Bedford stealing money. Case dismissed. Sylvie Scholten, No. 118 Leconey Circle, Palmyra, was saved from drowning on June 25th, at the Yacht Club by the quick action of Charles Bright and Dr. Harry Rogers.

Paul Amann, of Philadelphia, Pa., was arrested for reckless driving on June 22nd. He was tried before S. J. Coddington and fined.

Sixteen property owners of our Borough have reported to the Police Department that their homes will be closed for the summer. These houses will be watched during the absence of the owners. It is very encouraging to know that our citizens are availing themselves of this service.

Several thousand cars were handled by the Police Department on the Fourth of July. The officers are to be commended for the way in which the traffic situation was controlled on that day.

Chief of Police Quigley is confined at home with pneumonia poisoning from the latest reports. He is still very sick and may be absent from duty for several days. We hope the Chief will have a speedy recovery.

### Fatal Practice for Police

Mr. DeLaney further reported that pilot practice was being held every Thursday night by the Police Department of five municipalities, and that the officers are showing great improvement in their marksmanship. The target was prepared by the Riverton Police Department and H. Chester Watson, of the Amek Ford, donated a suitable frame for holding it.

The Building Inspector reported permits issued for building operations amounting to \$1,339, with fees of \$3.50.

Councilman Francis B. Elwell, chairman of the Borough Property Committee, reported that the playground was in full operation under the direction of Miss Maxine Melzer and Richard Snyder. All the equipment had been installed, he said, with the exception of a sand box which may be provided for the smaller children.

Mr. Elwell suggested the necessity for a life guard to be on duty all day (Continued on Page 7)

## FOUR JUMP BEFORE TRAIN STRIKES CAR

Party of Young Folks on Way to Shore as Auto Is Demolished at Crossing

A party of four, on their way to Ocean City early last Saturday evening, escaped death or serious injury when their car, a small coupe, stalled on the railroad tracks at DaCosta, near Hammonton.

The car was owned by Louis Meunier, 200 Park avenue, Riverton, who was a passenger at the time. It was driven by Edwood Thum, Jr., of Merchantville. Miss Dorothea Thum, Elwood's sister, and Miss Peggy Burger, of Camden, were also passengers in the machine.

As they drove on the near track they saw a train approaching on the other track and the driver stalled the motor in applying the brakes. They immediately became aware of a train approaching at a high rate of speed on the same track their car was stalled on.

All four of the young folks jumped and were out of the way when the oncoming train struck the machine and practically demolished it.

## WRIGHTS ARE OUT OF BRIDGE BOARD

President of Tacony-Palmyra Company Not Re-elected by Stockholders

Leo Niessen was elected president of the Tacony-Palmyra Bridge Company at a meeting of the newly-appointed Board of Directors, Tuesday afternoon at the offices of the Pennsylvania counsel, Fletcher W. Stites.

Mr. Niessen succeeds Charles A. Wright, of Riverton, who has been one of the leading figures in both the bridge and ferry companies. The annual stockholders' meeting was held last Friday at the offices of the Pennsylvania counsel, Fletcher W. Stites, in Camden, at which time the Board of Directors was chosen. The former president's son, Walter C. Wright, and Fred P. Hemphill, both of Riverton, were not named to the new board.

Their places as directors were filled by Arthur A. Niessen, Stanley Cousley and Horace Sibson. All are prominent Philadelphia business men, who reside in the suburbs of the city.

Grover C. Richmond, New Jersey attorney for the company, was re-elected secretary. Edward W. G. Borer, well-known Riverton man, was again named treasurer. Fletcher W. Stites, the Pennsylvania attorney, is the new vice-president.

The directors re-elected are, in addition to the officers, W. Parry Edmunds, Henry J. Sherman, Kenneth S. Mayor and B. Hubert Cooper.

Mrs. Reba V. Welsh was retained as assistant secretary and treasurer, while Russell C. Cone was appointed general manager.

Mr. Wright was for some time president of the Bridge Company. He was the original proponent of the idea of spanning the Delaware between Palmyra and Tacony, having conceived the thought forty years ago. He also founded the Tacony-Palmyra Ferry Company, which opened eight years ago, as a forerunner of the bridge, and continued the development of the bridge movement until it was consummated by the opening of the new structure last year.

Many Conflicts

There have been many conflicts on the bridge directorate in which Mr. Wright has figured. He continues as president of the Ferry Company, which no longer operates boats, but still owns real estate and certain stock rights in the Bridge Company. Treasurer Borer announced that earnings were sufficient to cover interest charges and preferred dividends and it was expected that a dividend would be declared on Class A and common stocks before the end of the summer.

The traffic over the span is well in excess of the engineer's estimates, which placed the first year's business at 1,100,000 vehicles. The millionth car crossed two weeks ago and a total of 1,250,000 are expected to use the bridge before the first year closes, August 14.

## GOOD NEWS COMING

Officials of the Burlington County Aero Club are advising readers of this paper to watch next week's issue for an advertisement which they say will be of interest to every person.

The copy has not been released, so no one knows just what the matter will be, but it is probable that it will be one of the club's generous offers to further the cause of aviation.

The Burlington County Aero Club was founded on a non-profit basis and it has carried out this principle in all of its activities. Its passenger flying rates and instruction costs are less than elsewhere and recently it has gone still further and has offered special cent-a-pound flying rates for holiday passenger flying.

RUSSELL S. WOGLON NOT COMING TO RIVERTON

Word has been received by the Riverton Board of Education that Russell S. Woglom who was elected supervising principal of the Riverton public school on June 27, will not accept the position owing to having located elsewhere. This leaves the principalship at Riverton open and the teachers' committee is looking for a suitable person to fill the position.

## EIGHT YOUTHS STEAL 2 CARS

Make Off With Sedan While Owner Reads Story of Bandit Methods

Early Tuesday morning Troopers Rohner and Drosdick, of the Delanco State Police Barracks, found two stolen cars at Taylor's Lane on River road and, with the co-operation of the Riverton, Riverside and Palmyra police, captured six of a gang of eight boys who stole the cars.

When the Troopers saw two cars parked at Taylor's Lane they suspected something was wrong. As the officers stopped to investigate the eight young car bandits crowded into a Studebaker sedan and tried to get away. With Trooper Rohner at the wheel and Trooper Drosdick on the side chasing the youths a good race looked very likely, but the bandit car driver stopped and in the rush to get out the boys tore the rear door off the big sedan. Trooper Drosdick pursued one of the boys for nearly half a mile through an orchard, a corn field and finally caught him in a swamp.

Alarm Broadcast

With his prisoner, Trooper Drosdick returned to the State Police car and then notified police of surrounding towns to be on the lookout for the escaped thieves.

A man whose name is not known picked up three of the boys and held them until the police arrived. Another was caught in Riverside and a third straggler was picked up by Officer Wallace, of Palmyra.

Vincent Zaleski, 17; Anthony Swak, 17; Edward Rudkowski, 17; Jess Lukiewicz, 18; Edward Lukiewicz, 18; and Wladyslaw Jajo, 18, all of Camden, were arraigned before Justice Kingston, of Mount Holly, Tuesday afternoon and held in the County jail for Grand Jury in default of \$1,000 bail.

The Chrysler sedan which the boys stole from Walter A. Take, of Woodlynne, went bad at Taylor's lane and they stopped to see if they could fix it.

Officer William Gootee also assisted in the search for the escaped criminals.

The Studebaker sedan was stolen from in front of Frank Hartman's home in Riverside while he sat in the house reading a detective story on automobile identification and methods of auto crooks. Hartman had left his keys in the car and the boys had an easy job of making away with the sedan.

Warrants have been sworn out for the two boys who have away and they will be arrested and given a hearing. The Woodlynne police also want these same fellows on a charge of larceny of an auto.

Hattie Williams, colored, of Parry, and Edith Cornish, colored, of Parry, were both committed to the Burlington County jail on the disorderly charge for ninety days. Troopers McGee and Turnbull made the arrests and arraigned the women before Justice Bowers.

Troopers Rohner and Drosdick arrested Howard Lamb, of Blackwood, for reckless driving. He was fined \$2.00 and costs. Edgar Murray, of Riverton, was also arrested for speeding. His fine was \$5.00 and costs.

Leonard Williams was arrested by Trooper Drosdick for reckless driving and fined \$10.00 and costs by Justice Kingston.

Martin Peterson, of Moorestown, was fined \$2.00 and costs by Justice Bowers for driving with improper registration. Trooper Drosdick made the arrest.

Fictitious Plates

Trooper Rohner arrested Raymond Shaw, of Merchantville, for driving with fictitious plates. He was fined \$5.00 and costs by Justice Bowers.

Willard S. Sims, of Philadelphia, was arrested by Trooper Drosdick Tuesday night on a reckless driving charge preferred by Wilfred Broadnax, of Delanco. Sims was fined \$5.00 and costs.

Sims was proceeding towards Riverton, with Broadnax going in the opposite direction, when Sims attempted to pass a bus at the Pompage Creek bridge and crashed into Broadnax's car. Both cars were able to run on their own power and no one was injured.

## COLUMBUS CADETS

Last Friday Captains Andrew J. Pfaff and Joseph D'Aurely took their troop of Columbus Cadets to camp down in the Jersey pines. Ann did the boys enjoy themselves well, just ask any of the boys who were there!

In the evening, sitting around the camp fire, stories were told before turning in for the night, while during the day bathing, boating, fishing, boxing and quilt games were indulged in. The boys were transported to and from the camp by the boy leaders, composed of Messrs. Wm. J. Eck, A. J. Pfaff, Jos. D'Aurely and Jos. P. Yearly.

Some time during August the boys will be assigned one week camping at Camp Columbus at Bamber Lake. Trained men are in charge of this camp, which is being maintained by the State Council, N. O. C., for the boys of South Jersey.

On Monday evening last the Cadet baseball team defeated the Silver team, of Palmyra, in a closely contested game by the score of 5 to 4.

Phone Riverton 5 or 9

## BUS DRIVER ARRESTED ON COURT WARRANT

Bernard Arndt Forcibly Taken From Machine As It Passes Through Palmyra

Bernard Arndt, formerly of East Riverton and Palmyra, was arrested Sunday afternoon by Officers Stack and Lutz, of the Palmyra police force, on a warrant issued by the County court, charging non-support and desertion.

The police, after investigating the case, found that Arndt was employed as a driver by the People's Rapid Transit on the New York-Frankford line. Accordingly they stopped his bus as it went through Palmyra and placed him under arrest. Arndt offered resistance and was forcibly taken from the bus.

He was committed to the Burlington County jail at Mount Holly to await a hearing. He has been under probation on agreement to pay \$15 a week towards the support of his wife and two children. The warrant charged he has made no payments since April.

Mrs. Arndt makes her home with her sister and her husband, Mr. and Mrs. Paul Arndt, 708 Highland avenue, Palmyra. Paul and Bernard are brothers.

## CHILDREN PASS TESTS AT PARK

Yearly Brothers Capture Championships in Quoits; Arrange Games for Men

Eleven hundred and seventy was the official attendance at the playground at Riverton's Memorial Park last week, the second of the season. Many new names were added to the permanent register, and now a total of very nearly two hundred boys and girls have enrolled at the Park.

The St. Night, scheduled for Friday evening, was postponed on account of wet grounds. The quoits and chess championships were held on Monday night, with Joseph Yearly winning the Senior title and his brother, Lester, gaining the Junior crown. J. Yearly defeated Gladney in the final Senior match by scores of 21-17, 14-21, 21-16, while L. Yearly won his final match of the Junior tournament by topping Charles Degraw, 11-21, 21-16, 21-20. Both of these matches were close, as the scores indicate. The Junior match hinging on the final pitch.

A number of boys who have passed the Red Cross swimming tests. Those who have successfully completed all of the Beginners' tests are: Francis Brennan, Mildred Cook, Warren Hubbs, Frances Downes, Mary Hadfast, Odeen Mattia, Harry Bigner, Paul Park, Lester Yearly, Charles Wignore, Mildred Spear, Helen Hadfast, Joseph Yearly, Herman Weber, George Deavitt, Tyler, Wile, William Wignore, Paul McDermott, William McDermott, Louis McFadden, Helen McFadden, William Thacker, Jack Reynolds, Lloyd Gladney, John Gibson, Charles Degraw, Fred Whartraby, Robert Lane, Arthur Burns and Harold Reynolds. Ella Bussell and Harry Turner have passed the more advanced swimmer's test, while there are quite a number of those who have passed the Beginners' test, who have but one or two items to complete for the swimmer's badge.

The Athletic Badge Tests, published by the Recreation and Playground Association of America, have been successfully passed by a number of boys and girls. For the girls, these tests consist in running, throwing, basketball goal shooting, and balancing. For the boys there are tests of running, broad jumping, chinning the bar and ball throwing.

Ella Bussell, Esther Shocker, Virginia Nickle and Lenora Cartman have passed the first test for girls.

The following boys have passed the first test: Charles Degraw, Charles Dougherty, Philip Matthews, Lester Yearly, Jack Reynolds, Edgar Wallace, John Wallace, and Fred Whartraby. John Gibson and William Gladney have passed the second test, which is more difficult than the first.

Quite a bit of permanent equipment has been added to the Park during the past week. Volleyball posts have been erected, and a court laid out. A bulletin board, which will contain all notices pertaining to the Playground work, has been erected.

A volleyball league for men has been organized. These teams will play at 6:30 the first four days of each week. All men who desire to take part in any sports activities are urged to come to the Park any evening. There will be ample opportunity for playing quoits, volleyball, basketball or baseball.

TENNIS PLAYERS TO DANCE AT REUNION OF CLUBS

The West Jersey League of Field Clubs has planned a dance at the Woodbury Country Club, July 19. The dance is designed as a social "get-together" for members of the clubs participating in the West Jersey League tennis matches. There will be no charge for members, and they and all members have received invitations to attend and take as many of their friends as they desire.

WHOSE MONEY IS IT?

Money is frequently left in Mayor George N. Wimer's office for the Ambulance Association, the Welfare Association and other charitable purposes. On July second some one left a five dollar note which he has been unable to identify and asks that the donor kindly let him know who left it.

## MT. HOLLY BIDDER GETS BRIDGE JOB

Hill Construction Co. Will Re-build Structure Destroyed by Forest Fire

The Hill Construction Company, of Mount Holly, was the successful bidder for the reconstruction of the bridge over Wading River at Speedwell, known as G-6-27. Their bid was \$13,324.34. Other bidders were William C. Cook, Mount Holly, 2346; Kolyn Construction Company, Trenton, \$2,389; Charles S. Moes, Edgewater Park, \$2,440; and Rancocas Construction Company, Delanco, \$3,200.

A communication was received from the State Highway Commission advising the Board that the approach to the Burlington-Bristol Bridge from Reed street to the Bridge in Burlington had been made a part of Route S-25 and would be maintained by the State.

The Burlington County Tuberculosis League invited the members of the Board to inspect the preventorium work being done on the Parrish farm near Burlington at 1 p. m. on August 8.

## Fair in September

William Jones, of the Mount Holly Chamber of Commerce, and Charles Thompson, farm director, asked for and received permission to hold the annual fair put on by the County Agricultural Department, in the rear of the County buildings.

The tentative dates are September 18 and 19.

Mr. Jones stated that more than 6,000 attended the fair last year and a larger crowd is expected this year.

Head Schedule Approved

Charles R. Stout, head of the Road Department, in a report gave out the information that the Township road schedule as prepared by his department of the County have been given an A B C classification, had been approved by the State Highway Commission with minor alterations. It was also learned that under the provisions of a bill passed by the Legislature last winter, \$100,000 would be available for Township road purposes in January, 1931, \$75,000 of which may be used for construction, while \$25,000 will be apportioned for maintenance purposes. Applications for this State aid must be filed by Townships not later than October.

Mr. Stout stated that \$10,000 is available at the present time, on the basis of the Township paying half and the State half.

Fisher's Annual Report

For the first time in a number of weeks Curwen B. Fisher, Superintendent of Weights and Measures, for Burlington County, was able to attend a meeting of the Board of Freeholders last Friday. He made his annual report at that time.

Fisher has been ill for several weeks, recovering from an operation, followed by pneumonia and other complications, but has recovered sufficiently to be able to take over the work in connection with his office. During his illness the work in this County has been looked after by Harry S. Provost, Assistant State Superintendent.

The report is as follows:

July 10, 1930.

I regret to say that so considerable a part of this report must coincide with the period of the writer's inability by reason of a long battle with serious illness, I, therefore, take this opportunity to express to the Board my sincere appreciation for the many kindnesses shown me. I am happy to declare a similar sentiment (Continued on Page 6)

## George Cooks Own Farewell Dinner on Eve of Year's Trip to Europe

Popular Palmyra Restaurant Man Entertains His Friends With Huge Roast Turkey and Receives Present of Handsome Travelling Bag

George N. K. Carans, proprietor of the Carnation Tea Room, Palmyra, cooked his own farewell dinner previous to his departure for a year's trip to Europe.

Mr. Carans, who sailed Wednesday from New York on the Brengrania, invited a number of his Palmyra and Riverton friends to come to his tea room at midnight last Thursday for a final sample of his culinary handiwork. For the occasion he purchased an especially large turkey and prepared a huge dinner in his best style, to which all the guests did full justice.

Two State Policemen and the police forces of both Palmyra and Riverton constituted the shock troops of the eating brigade, while the heavy artillery was composed of Dr. Charles S. Mills, of Riverton; Ex-Mayor James T. Weart, of Palmyra; Police Justice William L. Fichter, of Palmyra; Justice of the Peace Cecil Bowers, of Riverton, and a friend of George's who came all the way from Plainfield, N. J., to pay his respects, Nick Moushou.

The diners presented George with a handsome traveling bag and showered him with best wishes for a happy visit abroad.

The menu consisted of fruit cocktail, salted nuts, koshier soup, broiled halibut, roast turkey, candied sweet potatoes, mashed potatoes, fresh peas, cold slaw, lettuce and tomatoes, rolls and butter, cheese crackers, ice cream and coffee on tap.

As an example of George's friend-making ability, he volunteered, a few days before his departure, to assist an elderly couple in Philadelphia in finding the best route to a certain

## ROTARY INVITES BOYS TO BIG LEAGUE GAME

Palmyra, Riverton and Cinnaminson Boys to Be Guests of Club and Connie Mack

All the boys in Palmyra, Riverton and Cinnaminson, between the ages of twelve and sixteen years, are invited to be the guests of the Palmyra-Riverton Rotary Club, Monday, August 4, at which time they will witness the game between the Athletics and Boston.

The names of all boys wishing to go must be given or sent to any of the following committee by Thursday morning, July 31: Edward Jessup, Riverton, Phone, Riverton 1013-J; L. G. Rogers, Palmyra, Phone Riverton 829; Joseph T. Evans, Riverton, Phone Riverton 302 or 358.

Transportation will be provided and all boys coming to go are assured a most enjoyable day by the members of the club. The boys are urged to get their names to the committee as promptly as possible to avoid any possible misunderstanding.

## TEACHER'S CAR INJURES CHILD

Lad Dashes in Front of Machine on Linden Street, Camden

Clinton B. Gardner, 725 Morgan avenue, a teacher in the Palmyra High School, had the misfortune to strike a four-year-old Camden boy while driving in that city last Saturday.

The lad, Joseph M. Leary, 313 Penn street, while playing in front of his home, ran directly in front of the machine according to a witness, Harold Oswald, of the same address. He said he had just called to the boy to stay on that side of the street, but he failed to obey.

Mr. Gardner took the boy to the Cooper Hospital and surrendered to police. He was held under \$1,000 bail to await the outcome of the boy's injuries.

A man owning Camden real estate was required to sign the bail bond. Mr. Gardner, not being acquainted with anyone so qualified, was in a quandary as to how to obtain his release. He called Walter D. Lamon, who is chairman of the Teachers' Committee of the Palmyra Board of Education, but Mr. Lamon was unable to locate any of his Camden acquaintances, most of them being away over the weekend. The aid of Mayor George N. Wimer was sought and after calling several Camden men he was able to locate one qualified to act as bondsman.

The injured lad, while at first thought to be in a serious condition, is still in the hospital, but is said to be out of danger.

## LEGION AUXILIARY

Members are reminded that County meeting will be held in Palmyra tomorrow (Friday) evening. Let's have a good representation to welcome our guests. There will be election of new members.

Don't forget the picnic Saturday afternoon, July 26th, at Aleyon Park. Meet at Legion Home at 2 p. m. Will members having room in their cars for any "extras" kindly notify the president so we can arrange transportation for everyone?

## George Cooks Own Farewell Dinner on Eve of Year's Trip to Europe

Popular Palmyra Restaurant Man Entertains His Friends With Huge Roast Turkey and Receives Present of Handsome Travelling Bag

George N. K. Carans, proprietor of the Carnation Tea Room, Palmyra, cooked his own farewell dinner previous to his departure for a year's trip to Europe.

Mr. Carans, who sailed Wednesday from New York on the Brengrania, invited a number of his Palmyra and Riverton friends to come to his tea room at midnight last Thursday for a final sample of his culinary handiwork. For the occasion he purchased an especially large turkey and prepared a huge dinner in his best style, to which all the guests did full justice.

Two State Policemen and the police forces of both Palmyra and Riverton constituted the shock troops of the eating brigade, while the heavy artillery was composed of Dr. Charles S. Mills, of Riverton; Ex-Mayor James T. Weart, of Palmyra; Police Justice William L. Fichter, of Palmyra; Justice of the Peace Cecil Bowers, of Riverton, and a friend of George's who came all the way from Plainfield, N. J., to pay his respects, Nick Moushou.

The diners presented George with a handsome traveling bag and showered him with best wishes for a happy visit abroad.

The menu consisted of fruit cocktail, salted nuts, koshier soup, broiled halibut, roast turkey, candied sweet potatoes, mashed potatoes, fresh peas, cold slaw, lettuce and tomatoes, rolls and butter, cheese crackers, ice cream and coffee on tap.

As an example of George's friend-making ability, he volunteered, a few days before his departure, to assist an elderly couple in Philadelphia in finding the best route to a certain

## BICYCLE NIGHT

"Bicycle Night" will be the next special feature to be held at the Memorial Park Playground. It is scheduled for Monday night and will begin at 6:45. The following events will be on the program: Blow race and Obstacle race, for all boys and girls; twice around the park for boys over 13; once around the park for girls over 13; One hundred yard dash for boys under 13; Coasting contest for girls under 12. Badges will be awarded the winners.

## BRIDGE HIGHWAY SOON READY FOR BERLIN TRAFFIC

Route S-41 Will Open in August for Travel From Hill-ton Road

A large part of the new state highway, S-41, from the Tacony-Palmyra Bridge to Berlin is expected to be ready for use within the next four to six weeks.

The section from Hill-ton road, West Palmyra, to Berlin is virtually complete as far as the roadway is concerned but cannot be used for a few weeks owing to several bridges now under construction.

The bridges along this part of the route are nearing completion, and, barring unexpected delays, will all be complete before the end of August. The overhead span which crosses the Burlington pike at Sorrel Horse will be ready in about three weeks. The ramps connecting these two roads are being surfaced and will be ready for use shortly.

The bridge over which the Moorestown-Maple Shade road will pass is practically complete and should be opened for traffic within two weeks' time. The railroad bridge at Maple Shade is also nearing completion.

Surfaces will be ready

## ANNOUNCE PLANS TO PUT CHILDREN ON FULL TIME

Charles K. Mervine, Chairman  
of Building Committee, Pre-  
sents Definite Program

### HAS FULL APPROVAL OF STATE OFFICIALS

All Palmyra Scholars to Attend  
Regular Hours When  
Term Opens

Ample facilities will be provided for all Palmyra children to attend school on full time when the fall term opens according to an announcement made by Charles K. Mervine, chairman of the building and grounds committee of the Board of Education.

The plan has the full approval of the state school officials and will not cause crowding or inconvenience to any class. Supervisor C. F. Dengler, Walter D. Lamon, DeWitt Morris and Mr. Mervine were in conference with state officials last Thursday when they outlined the plans and obtained the full approval of the state board.

The plans represent many hours of study by the committee and other members of the board who have rendered a signal service to the community through their efforts. The part time problem has been one which has been vexing to both parents and teachers. Citizens have several times called the attention of the board to the condition and asked for relief. In each case they have been told nothing could be done without additional buildings which would cost from seventy-five to one hundred thousand dollars and result in a considerable increase in the tax burden.

A Pledge Fulfilled  
Messrs. Mervine, Morris and Lamon pledged a solution of the problem when they were candidates for election last spring and are now presenting a definite solution to the part time question.

There are approximately 24 children attending only a half day. It was obvious that if room could be found for 120 of these the others would automatically be provided for.

Detailed blue prints, providing for two new rooms have been completed by B. Rush Stevens, Palmyra architect. One of these rooms will be built so as to utilize the waste space now occupied by the unused stairway at the old Delaware avenue entrance to the building.

When the new high school was built two additional entrances were built to the auditorium which are used as school entrances. In fact, last year the board designed the West boulevard entry as the "front" of the school and it has since been used as the main entrance.

In the old school there are three separate entrances adjacent to each other. One facing Delaware avenue and the others facing north and south, respectively. The Delaware avenue entrance is used very little as the others are more convenient.

Room of Ample Size  
The new room will be built over the stairway and front hall facing Delaware avenue. It will embrace the present district clerk's office and clinic room. This room will be of ample size and properly lighted.

In building this room it will enable the part of the floor which projects into the ceiling of the cafeteria to be removed and provide about hundred feet of floor space which is sorely needed. In addition to this it will allow space for a separate entrance to be built to the room and thus avoid the fire hazard which is ever present when the cafeteria is crowded.

The clinic room will be removed to a new room to be located directly across the hall from the supervisor's office. Ample storage space will be provided in the space adjoining his office on the east.

Will Use Room B  
A second classroom will be made available by using room B, which now serves as Miss Brower's office. This is not quite large enough for a classroom and has been used very little. It will be made larger by moving over the partition to the board room about four feet. This will be as much as is required. Miss Brower's office will be transferred to the present board room, an arrangement which she is in full accord with.

For the third room needed there are two or three alternate plans now under consideration, either of which will meet with the approval of the state. Just which will be used will not be decided until the principals of the various units confer with each other and decide just what their further requirements will be.

Bids for the work of remodeling are being advertised for and the work will be finished before school opens in the fall. The total cost of the work will be so small as to offer no room for objection to the work.

### SANITARY POULTRY RANGE A NEED OF YOUNG STOCK

New Jersey poultrymen who are successful in their efforts to grow healthy pullets report that it is not enough to start with a clean range in the spring; they find it is necessary to keep the range clean throughout the growing season. This reduces the parasites and disease organisms likely to be infesting the soil. The frequent cultivation of range areas that become bare, in order to open them to the disinfecting action of the sun's rays, is one suggestion for keeping the range in a sanitary condition. Areas near the brooder houses or range shelters, where cultivation would be difficult, can be swept and covered with a coating of lime. These practices are reported as effective, by L. M. Black, New Jersey Extension poultry specialist.

Carl Atkinson, of Caldwell, Kan., was born a great-uncle, his father being a great-grandfather.

## BROTHER OF PALMYRA MAN IS PROMOTED

Captain John C. Cost Made Battalion  
Chief in Philadelphia Fire  
Department

Captain John C. Cost, forty-five years old, of Philadelphia, brother of George H. Cost, of 620 Pennsylvania avenue, Palmyra, was made Battalion Chief last Monday by Director Lemuel B. Schofield, in his office at City Hall, Philadelphia.

Mr. Cost is a veteran of twenty years of service in the Philadelphia fire department. He entered the fire bureau as a hoseman in 1910, was made lieutenant in 1918 and captain in 1921. His father was also a fire captain and served thirty-eight years in the department.

Captain Cost, who is the youngest battalion chief in Philadelphia, is well liked by all who know him. He is receiving congratulations and flowers from all over the city and was presented with an order for a battalion chief outfit by the member of his old company, Engine Company No. 13.

About two months ago Captain Cost observed his twentieth year in the service. At this time he was presented with a silver engraved case, which contained \$100 in gold.

The late Theodore M. D'Austrechy, Sr., of Palmyra, was a cousin of Captain Cost.

## LIFE SAVING DRIVE NOW IN FULL SWING

Beginners' Contest Under Red  
Cross Supervision Attracts  
Much Attention

Great interest is being shown in the Life Saving campaign of the Burlington County Chapter, American Red Cross, which is being carried on at sixteen places, including Camp Ockanickon, where ten Senior Life Savers and seven Juniors were passed during the week by Clifford W. Ersgood.

The Beginners' Contest is in full swing and already Doris Roth, of Brown's Mills, has 9 beginners to her credit; James Fox, of Burlington, 7, and Harold Fox, of the same place, 3. The first prize will be a week at Camp Ockanickon next year; the second prize, a bathing suit.

It has been necessary to change the schedule published last week by Mr. Hartshorn. The swimming place mentioned as being in Maple Shade was found to be in Camden County, so it will be impossible for the Burlington County Water Safety Man to conduct classes there.

Class Hours Changed  
The class at Bordentown Canal will be held on Thursdays, at 2:00 p. m., instead of evening. Cedar Lake's instructions will be on Fridays, at 2:30 p. m., instead of 4:00 p. m.

In all other particulars the schedule already published will be adhered to.

The following are the rules of the Beginners' Contest:  
Purpose: To stimulate boys and girls under 17 years of age to see that a large number of boys and girls qualify for the Beginners' Test of the American Red Cross Life Saving Program.

Beginners' Test: Jump into water over depth and swim 25 feet, turn, and return 25 feet.

First prize, a week at Camp Ockanickon.

The second prize is a bathing suit.

Rules of Contest  
1. See that those who do not know how to swim, or who only know how to swim poorly, learn to swim so as to pass the Beginners' Test.

2. Official passing of Beginners' Test must be under supervision of a person qualified as a Senior Red Cross Life Saver or Examiner.

3. Person who supervises passing of Beginners' Test must fill out and send to the County Red Cross Headquarters, official Test Sheet and see that person receives Beginners' Button.

4. Person interested in receiving award for having person pass test, be sure to have his name and address put on Test Sheet after name of person who qualifies for Beginners' Test.

5. Contest to run during month of July and to August 23rd. The boy and girl whose name appears on Test Sheet greatest number of times for getting persons to pass Beginners' Test will be the winner, providing such Test Sheets reach County Red Cross Headquarters by September 1st.

Information relative to the contest may be obtained from Miss Mary W. Samson, County Red Cross Secretary, 24 W. Union street, Burlington, or from Victor E. Hartshorn, Burlington County Water Safety Man, when he visits your favorite swimming place.

### SLAIN MAN'S WIDOW WILL RECEIVE \$11,091

Mrs. Irene G. King, widow of William King, late paying contractor foreman, who was shot fatally last August in a quarrel at Palmyra, will receive \$20 a week compensation until her three children reach the age of 16. The total payment will total \$11,091.43.

Decision giving Mrs. King the amount was made last week by Deputy Commissioner W. E. Stubb, of the New Jersey Department of Labor. Mrs. King, through her attorney, Jack Reiners, had petitioned the Camden Paying Company, employers of her husband, for compensation.

King was shot, and died a day later, after an argument over back pay with John Pratt, colored, a subcontractor. Pratt asked King for \$35 due him and after approving that amount told his company to pay him \$30. Pratt returned to Palmyra and shot King. He was later freed in court at Mount Holly.

Mrs. King contended that her husband died in line of duty within the scope of his employment.

Arthur Cantor, 9-year-old sixth grade pupil of Boston, has had a volume of 500 poems published.

## CITIZENS PETITION PALMYRA COUNCIL FOR MORE PAVING

Want Morgan and Highland  
Avenues Surfaced South of  
Broad Street

### COUNCILMAN OBJECTS TO TREE BEING CUT

Business Men's Association Asks  
That Peddlers and Ven-  
dors be Licensed

Petitions asking for paving of Morgan and Highland avenues from Broad street to the Borough line were presented to Palmyra Council at its regular session Tuesday night.

An ordinance for the paving of these streets to Spring Garden street was passed on first reading at a special meeting three weeks ago. The petitions presented Tuesday asked for a continuance of the work to the Cinnaminson Township line.

The Morgan avenue residents are undecided as to whether they would prefer concrete or asphalt and ask that alternative bids be advertised for.

Ordinances providing for this work were offered by Frank A. Snover, chairman of the Morgan and Streets Committee, and were passed on first reading. They will come up for a further hearing and final passage at a regular meeting to be held August 19.

### Tree to Be Removed

A lively discussion took place when Mr. Snover reported that a tree was in line with the curb under construction in front of a property on Sixth street, between Arch and Race streets, owned by Mrs. Joseph A. Davis, wife of the Councilman. Mr. Davis insisted that the curb be built around the tree and Mr. Snover said this would not be satisfactory and that the only thing to be done would be to leave out the curb and gutter where the tree stands. He said he did not wish to make the decision, over the protest of a Councilman, and wished the advice of the other members of the Council.

Mayor George N. Wimer told Mr. Davis that being a Councilman he should not ask anything that could not be granted to any other citizen. He pointed out that Mr. Davis was making it difficult for his colleagues on the Council.

Mr. Snover said that several other trees in similar cases had been cut down and in no case were gutters being built out in the street and around trees. Mr. Snover asked if Mr. Davis would be satisfied to have the tree cut eight inches to allow for the curb. He replied that he would not.

To Continue Fight  
A motion was offered that the contractor be instructed to continue with his work along the lines laid down by the engineers and was passed by all Councilmen present except Mr. Davis.

It was explained that trees were being spared where ever possible, but that those which interfered with the proper drainage of the new gutters were being taken out.

C. Nevin Buchholz, chairman of the Finance Committee, called attention to the fact that fines collected by the Recorder were not being turned over to the Borough. It appears that some culprits have been released on a promise to pay their fines and have not done so, consequently this money has not been turned over to the Recorder. The Recorder will be instructed to collect the fines before discharging the prisoners.

A letter from Harold B. Lever, insurance counselor, was read in which he stated he was pleased to advise the Council that since their drivers had been careful and none of the Borough's motor equipment had met with accidents the premium on insurance was being reduced twenty per cent.

Dog Kills Chickens  
A complaint from Mrs. Alys Howell, of Leconey avenue, that several valuable chickens had been killed by dogs was heard by Chairman Buchholz. The Council is required, under the law, to pay damages to live stock done by dogs. The license fees collected from dog owners is set aside to pay such bills as this.

No action was taken as to payment of the bill and it was referred back to the committee for further investigation.

Julius Fisher, chairman of the Sewer Committee, reported that lighting had struck the master clock at the disposal plant and rendered same useless. It is now being repaired.

A letter from W. Rex MacCroskey, chairman of the American Legion Memorial Day Committee, detailing the program and expenses of the day

was read. The letter is reprinted herewith.

Mr. Snover announced that the Bell Telephone Company had posted a bond for \$1,000 in connection with the street work being done in the vicinity of the new exchange.

Peddlers and Vendors  
A petition was presented by the Palmyra Business Men's Association, pointing out that peddlers and vendors doing business in the town were doing so without paying any tax towards the upkeep of the Borough and asked that they be licensed. The matter was referred to the solicitor for his consideration and he was instructed to draw up a suitable ordinance if the legal requirements could be complied with.

The report of the Fourth of July Committee, of which Mr. Buchholz was chairman, was read. A total of \$714.13 was expended. The total amount received was \$750.00 from the Borough and \$10.00 from the Atlantic and Pacific Tea Company.

Mr. Buchholz asked that a committee be named to work with a similar committee from Riverton in connection with the arranging of the Independence Day celebration next year. He said this had come before the committee, and while not in the form of a motion, he felt almost all of the members were in favor of the idea. He said he had talked with Councilman DeLaney, of Riverton, and that he was in favor of the idea and would take it up with Riverton Council.

Hon. George N. Wimer, Mayor Borough of Palmyra, Palmyra, New Jersey.

Dear Sir:  
I have the honor to submit herewith a program of the Memorial Day services conducted by Post Frederick M. Rodgers, American Legion, for the Borough.

As you are aware, not only was your Honor and members of the Borough Council invited to participate, but the following organizations were invited:  
Spanish-American War Veterans  
Palmyra Fire Company, Riverton Fire Company, Sons of Italy, Patriotic Order Sons of America, Chamber of Commerce, Men's Club of Palmyra, Knights of Columbus, Lions Club of Palmyra and Riverton and the Rotary Club of Palmyra and Riverton.

The following clergymen were contacted and their presence invited:  
Rev. Charles T. Bates, Rev. J. William Lee, Rev. George Lockett, Rev. MacCormack, delivered by Wesley Graves of the soldiers in both flags and wreaths and bouquets were personally presented to Gold Star Mothers or next of kin.

The following were provided with flags and Lincoln's Gettysburg Address: Wesley Graves, National Guard, which fired the salute to the dead at both cemeteries, were served refreshments and given transportation.

The school children were provided with flags and Lincoln's Gettysburg Address, delivered by Wesley Graves, National Guard, which fired the salute to the dead at both cemeteries, were served refreshments and given transportation.

Europe's oldest windmill, said to have been erected in the year 1119, stands in the village of Malderen, Belgium, about 30 miles from Brussels.

I am transmitting herewith for your disbursement the following bills:  
Michell's, Wreaths ..... \$11.75  
Almar Stores ..... 9.97  
Bowker's ..... 6.00  
McAllister ..... 10.40  
Parker's ..... 5.25  
Seel Brothers ..... 14.75  
Transportation 14th Infantry ..... 10.00  
Music, 40 men at \$5.00 ..... 200.00  
double for leader ..... 210.00

(I do not have a bill from Michell for the \$11.75 expended for wreaths as it was a cash payment of my own. However, I am herewith exhibiting cancelled check which I will ask you to return when same has served your purpose.)

I understand an appropriation of \$150 has been made and the Post will assume the expense incurred for this celebration, over the amount appropriated.

Respectfully submitted,  
W. REX McCROSSON,  
Chairman.

Memorial Day Committee  
Building Permits  
The following permits were issued during the month of June by the Building Inspector:

Nickolas Beitz, 527 Morgan avenue, One story concrete bowling alley, \$10,500.

Nickolas Beitz, 523 Morgan avenue, Alterations, \$6,500.

Standard Oil Company of New Jersey, northeast corner Broad and Morgan avenues, Gas filling station, \$6,000.

Paul A. Johnson, 26 West Broad street, Miniature golf course, \$2,000.

Twin City Building and Loan Association, southeast corner Fifth and Delaware avenue, Repairs on account of fire, \$800.

Tray E. Welsner, 429 Leconey avenue, General repairs, \$300.

Harry Schwering, 305 East Broad street, Addition one room, \$100.

Mrs. M. M. Elliott, 9 Morgan avenue, Asphalt shingle roof, \$325.

Palmyra Building and Loan Association, 451 Horace avenue, Wood shingle roof, \$115.

Harry J. Saar, 605 Walnut street, Asphalt shingle roof, \$265.

Raymond L. Bailey, 907 Highland avenue, Two car garage, \$325.

Miss V. Guest, 517 Garfield avenue, Two car garage, \$700.

Robert Kepper, 737 Highland avenue, One car garage, \$125.

A. Aladonna, 476 Market street, Enclosed porch, \$100.

As requested by yours of June 25th, reference to inspection of the business places in Palmyra in conjunction with the police, fire and health inspectors, we have performed this duty and find all stores and buildings in a satisfactory condition so far as safety in construction is concerned.

Respectfully submitted,  
JOHN A. EICHNER, Jr.,  
Building Inspector.

Following is the report of the police department from June 17 to July 15:

June 22—Peter Speer, Palmyra, N. J. Disorderly. Reprimanded, discharged.

June 23—Howard F. Adams, Camden, N. J. Drunk and disorderly. Fined \$10.00.

June 25—Ogden Pratt, Palmyra, N. J. Assault. Charge withdrawn.

July 6—Robert A. Redmond, Camden, N. J. Reckless driving. Fined \$10.00.

July 9—William Thomas, Philadelphia. Picked up on suspicion. Discharged.

July 11—Frank Weikman, Palmyra. Disorderly. Fined \$5.00.

July 13—Leon Trout, Millville, N. J. Charge, rape. Held for court.

July 13—Bernhardt Arndt, Palmyra, N. J. Desertion. Held for court.

The police answered 23 calls and complaints. We had 18 ambulance calls. Gassed 12 stray dogs and cats. We had 12 night lodgers. Had nine accidents, none of them serious, a few minor cuts and bruises.

Chief of Police,  
C. M. BECK.

Palmyra Women  
Outline Program  
The 1936-37 program of the Palmyra Women's Club is being outlined by a committee headed by Mrs. William A. McCamy.

Mrs. McCamy is assisted in the work by a committee composed of the heads of other standing committees in the club. The committee are Mrs. Robert J. Sim, Mrs. William Branson, Mrs. J. Charles Mallory, Mrs. Raymond Eastwood, Mrs. Frederica Blackburn, Mrs. David M. Wass, and Mrs. James Macfarlane.

Small groups of club women are holding informal card parties at various homes during this summer.

Europe's oldest windmill, said to have been erected in the year 1119, stands in the village of Malderen, Belgium, about 30 miles from Brussels.

## GOLF BENEFIT FOR AMBULANCE

Palmyra-Junior Course Offers  
Its Grounds for Bene-  
fit Today

Messrs. Cutting and Johnson have lent the facilities of their Palmyra Junior Golf Club to the Palmyra Ambulance Association all day today.

All money taken in will go to the ambulance fund. Tickets are being sold by members of the association and members of the Palmyra fire company. These tickets will be good only for today or in event of all-day rain, the following Thursday.

The fire chief, Joseph L. Stack, was first offered the use of the grounds for a fire company benefit, but he was of the opinion that since the firemen had just completed their annual drive and had given a supper a short time ago that they should not ask the public for additional favors at this time.

Accordingly he pledged the support of the firemen to the ambulance benefit and they are assisting in selling tickets. All who wish to enjoy this popular game, and, at the same time, contribute to a worthy cause are asked to come out this afternoon or tonight. The course is situated just west of Society Hall and opposite the Broadway Palace Theatre.

The prize of \$25.00 for the low score on the course offered last Saturday was won by Stanley Killian, 37 Bowland street, Palmyra, and William Goodwin, 614 Thomas avenue, Riverton, who decided to split the prize rather than stage a playoff. Both scored a 42.

Mrs. Mildred Dunham, 406 Garfield avenue, Palmyra, won the \$25.00 offered the lady with the lowest score. Her card was 52.

"Pinky" Letford has qualified as a real expert at the game, scoring 43 on two occasions and 44 and 45 at other times.

The management of the course wishes to extend its thanks to John H. Ertis for the use of the Philco radio which he installed on the grounds.

Mrs. Adele M. Henderson  
Mrs. Adele M. Henderson, fifty-one years old, of 114 Morgan avenue, Palmyra, died Saturday morning, after an illness of eighteen weeks.

Mrs. Henderson made her home with her daughter, Mrs. Harold B. Lever, coming here from Philadelphia in 1923.

Funeral services were held from the Snover Funeral Home, Tuesday afternoon, with the Rev. George J. McCormack, of Christ Church, Palmyra, officiating. Interment was made in Westminster Cemetery, Philadelphia.

Mrs. Henderson is survived by her daughter, Mrs. Dorothy H. Lever, and a brother and

## TWO BIRTHDAYS CELEBRATED DURING WEEKEND!

Two of the directors of Camp Ockanickon celebrated their natal days in the Camp over the weekend. Guy C. Hendry, Executive Secretary of Burlington County, counted his candles on Sunday.

Don Kimmel, Director of the Intermediate Camp, had his birthday on Saturday. At the noon meal he received a good-sized cake, cut with the correct number of candles. Just before taps the Intermediate leaders presented Mr. Kimmel with a very beautiful blue sweater, which you have been seeing him wearing.

## FRIENDSHIP

An Editorial

As the end of the fourth camping week approaches and fellows say "good-bye," in many cases never to meet again, one is impressed more and more with the strong friendships that will grow up and be lifetime in duration.

Most boys acquire a great many friends while they are in Camp, but others do not realize the opportunity afforded them and go home with no more friends than when they came. The fellowship of Camp is one of the finest contributions it can make in the life of a boy.

## SENIOR HAPPENINGS

Last Thursday evening the entire Senior Camp took a moonlight canoe ride to the upper lake where they had a camp fire. Mr. Musselman came up and with the aid of his "Dutch Oven" baked the gang the best cinnamon cakes they ever tasted. To date there has been no successful "Dutch Oven" cooking without Mr. Musselman having to use his big hat to create the needed air current. This affair was no exception.

Friday evening the Camp divided into two parts and began following the directions which were ultimately to lead to a treasure. One group found that Mr. Plank could certainly lay hard trails.

The radio, which is a new addition to Camp Camp headquarters, is proving very popular.

Tent 4, George Cummings leader, receives the pie for having the most stripes on their Totem pole.

The Senior Campers are building a rustic entrance to their camp. All indications point to it being one of the most beautiful entrances to the Camp.

George Cummings has taken up Jiu Jitsu.

## KIWANIS AND Y'S MEN VISIT OCKANICKON

Last Thursday the Woodbury and Paulsboro Kiwanis Club held their annual picnic at the Camp. The Camden "Y's Men" were also guests of the Camp for the day. A hundred and twenty-five men and their wives enjoyed a real camp supper.

## INSPIRATIONAL CHAPEL SPEAKER

The chapel speaker on Sunday was Mr. Springer, of Pitman, who delivered a very interesting talk on the subject of "Record-Breaking."

The Camp Orchestra gave several selections which the campers enjoyed.

## JUNIOR NEWS

The Juniors visited the Medford Lakes Colony Club last Friday with their baseball team and suffered defeat by the score of 12-7. The bat-teries for the Camp team were the Straub brothers.

Buck Robbins has the record for throwing rings in quoits. He tops his own rings.

Thursday night a Snake Hunt was held for the Juniors. Although few snakes were caught and Mr. Sweeney got lost, everybody had a thoroughly good time.

## HARMONICA BAND CONCERT

The Mount Holly Harmonica Band, under the direction of Mrs. Halt, and sponsored by the Rotary Club, gave a very pleasing concert in the bowl Saturday evening, to the campers and a large number of friends. The second half of the program was an illustrated lecture by "Chief" Musselman, based on his experiences in Utah during his visit to see his brother, Roy, who is a professional hunter and trapper. The slides were very beautiful, having been colored personally by Mr. Musselman.

## NATIONAL HEALTH MAN IN CAMP

Mr. Sanders, the representative of the National Health and Safety Council, was in Camp during the past week making a study of the Camp. This organization is studying all the outstanding Camps of the United States with the idea of improving the health and safety of the campers.

## produce much better driving beam."

Commissioner Hoffman stated that practical tests had been conducted under the supervision of Chief Inspector James J. Shanley, who is a member of the Advisory Committee on lighting to the Eastern Conference of Motor Vehicle Administrators. He further states that the use in New Jersey by visiting motorists of headlight bulbs of greater power than that authorized for this State, would place New Jersey motorists at a distinct disadvantage.

## LIGHTNING HITS HOME

Lippincott Property Damaged by Bolt in Early Morning Storm

The home of C. Norman Lippincott, East Oak avenue, Moorestown, was struck by lightning during the heavy storm about 4:30 Thursday morning of last week.

The lightning struck on the peak of the house and traveled along the top for a distance of about six feet, tearing up several rows of asbestos shingles, and then went down the wallings of the building, splintering weather boarding and a sill over a third story window.

No other damage resulted and there was no fire, Mr. Lippincott reports. Mr. and Mrs. Lippincott had been aroused by the storm and were closing windows at the time their home was struck.

## WOMEN'S REPUBLICAN CLUB

Members of the Burlington County Women's Republican Club will hold their annual meeting at the Burlington County Almshouse this (Wednesday) afternoon at 2 o'clock. Mrs. Henry I. Worrell will entertain the members and their friends. Follow-

ing the business meeting, which will include election of officers, Counselor Emma Dillon, of Trenton, will make an address, her subject being "Important Questions Which Confront Our Representatives at Washington."

## Relief for Jobless Up to Government

The greatest stabilizer of American business is the government and the only cure for unemployment lies with the government.

This was the declaration made at the National Friends' Conference at Cape May Saturday by Dr. Paul Douglas and William Leidesdorff. The former is head of the Industrial Foundation of Swarthmore College and Leidesdorff is former chairman of the Board of Arbitration of the New York clothing industry.

Dr. Douglas asserted that business and the leadership of the American labor movement were delinquent in maintaining prosperity and order in industry and that machinery was created a glut of labor. The government, he said, is the only power able to cure unemployment situations which could be corrected by a system of unemployment exchanges as provided in Senator Wagner's Bill. He scored Congress for smothering the measure.

## GOVERNOR'S DAY AT SEA GIRL, JULY 31

Burlington County Visitors Will Be Welcomed by Larson on That Date

Governor Morgan F. Larson's reception to the people of Burlington County will take place at Sea Girl Thursday, July 31, according to the announcement made by Charles R. Stout, of Florence, chairman of the Republican County Committee.

Arrangements for the day are in the hands of Mrs. Pearl Bridgeport, of Hainesport, vice-chairman of the Burlington County Republican Committee. Those who are thinking of going to Sea Girl on the day in question should communicate with her as soon as possible in order to secure luncheon reservations.

Luncheon this year will cost one dollar. It will be served at 1:15 o'clock.

The Burlington and Mount Holly units of the New Jersey National Guard will be in the Sea Girl encampment at that time. They will leave for the shore on Saturday next.

Colonel Edward B. Stone, head of the 114th Regiment, also will be in the encampment.

A big program is being arranged for the entertainment of the Burlington County visitors. The program will include a review of the regiment by the Governor, band concerts and other delightful features.

Harriet Seymour, 18, of Los Angeles, declared to be "dance mad," was sentenced to bed at 10 o'clock every night for two years.

Mrs. Selina Fumivall, 100, of Dubuque, has had her tombstone erected, complete but for the date of her death.

## RECENT FACTS ON JAPANESE BEETLE

Female Succumbs to Trap or Yields to Maternal Instinct

When, on one of its cruising flights, a Japanese beetle female passes by one of the thousands of traps set out for it in various Counties of the State, she is subject to strong impulses, the desire to succumb to the attraction of the bait and the impulse to deposit eggs, according to information published recently by the New Jersey Department of Agriculture.

Frequently the maternal impulse takes precedence and the beetle burrows into the ground and deposits three or four eggs. After an average incubation period of from 14 to 21 days, a tiny grub emerges, where it remains over winter. In the spring it goes into a pupal or cocoon-like stage and emerges after from seven to twenty days as an adult Japanese beetle.

Because of the two impulses which stir the female when she flies near a trap baited with geraniol, it is believed that almost as many beetles deposit their eggs as fall into the trap. As a result, unless precautions are taken the Department of Agriculture has found the grubs which are born beneath the sod of many front lawns may work havoc with the grass roots. Accordingly, it has been learned that traps preferably should be placed on lawns which have been treated with lead arsenate for controlling the grubs.

In addition to discussing the effectiveness of traps, Circular No. 180, "Facts Pertaining to the Japanese Beetle" which has just been published by the State Department of Agriculture, also deals with other interesting facts about the beetle, telling of control methods and explaining the insect's life cycle in interesting terms.

## LENOLA BOY TOURING CANADA WITH SINGERS

Edwin Terres, Member Crusade Union Boys Four Years as Tenor Soloist

Edwin S. Terres, of Lenola, left recently for an eight-week tour of Canada with the Crusade Union Boy Singers, with whom he has been for four years as tenor soloist.

Mr. Terres has traveled all over the United States with the group and at one time met President Hoover and sang for him.

There are thirty-six boys who belong to the Union, ranging from nine to twenty-three years of age. They go about the country singing, traveling in a special bus.

Mr. Terres has been acting as Scoutmaster of the Lenola Boy Scout Troop for several months, since Dr. Harold Coxson gave up the group, and is well known in the community.

## HEADLIGHTS NOW 32 CANDLEPOWER

Commission Hoffman Promulgates Ruling Authorizing Use of New Bulbs

Commissioner of Motor Vehicles, Harold G. Hoffman, this week promulgated a ruling authorizing the use of 32-candlepower headlight bulbs in the State of New Jersey.

This ruling places New Jersey in line with neighboring States of Pennsylvania, New York and Maryland, where the use of such bulbs has already been authorized.

The ruling of Commissioner Hoffman followed the receipt of an opinion from the Attorney General, which clearly sets out the authority of the Commissioner to take such action, providing that headlight bulbs of more than twenty-one candle power are used in approval headlight devices rendering the lamp incapable of projecting direct rays at greater height than a parallel of 3 1/2 feet from the ground.

In taking this action the New Jersey Commissioner said:

"I believe that laws to be fundamentally sound must specify results rather than methods, as only in this way can any art develop. Obviously, the legal limitation which was placed many years ago on the candlepower output of the light source was an attempt to eliminate dangerous glare from our highways. As a matter of fact, however, the candlepower output of the light source has very little to do with the problem of dangerous glare.

A 3-candlepower lamp, if properly focused in a parabolic reflector, would cause dangerous glare, if the beam were pointed up into the eyes of approaching motorists; whereas, a 50-candlepower lamp in this same reflector would not cause dangerous glare if the beam were directed below the eyes of approaching motorists. Therefore, the problem on our highways today is largely one of proper focusing of headlamps to give the best light for safe driving and for properly aiming the beam below the eyes of approaching motorists, to eliminate dangerous glare when passing.

"Headlamp manufacturers, state officials, and lighting engineers through co-operative efforts have during the past several years brought about tremendous improvements in design of safer headlamp beams, and New Jersey has been one of the more active ones in this movement. Headlamp beams of today when properly directed, cover from two to five times the area of those used in years past. Therefore, to adequately provide for convenience and safety with this increased coverage, a greater quantity of light is needed. Accordingly, I authorize at this time, as a step in the right direction, the use of 32-candlepower instead of 21-candlepower lamps. The 32-candlepower filaments are of the same design and are made to the same over-all dimensions as the 21-candlepower filaments. Therefore, they will perform in identically the same way in any lighting device with the exception that they will produce approximately 50 per cent more light, which excess in present day devices, is so distributed as to

## produce much better driving beam."

Commissioner Hoffman stated that practical tests had been conducted under the supervision of Chief Inspector James J. Shanley, who is a member of the Advisory Committee on lighting to the Eastern Conference of Motor Vehicle Administrators. He further states that the use in New Jersey by visiting motorists of headlight bulbs of greater power than that authorized for this State, would place New Jersey motorists at a distinct disadvantage.

## RUSTIC LIGHTHOUSE BEING BUILT

Flag Pole Point has been the scene of quite a bit of activity lately due to the building of a rustic lighthouse to guide the lot seamen to port.

Mr. Merwin is in charge of the construction and work is progressing rapidly.

## INTERMEDIATE ITEMS

The Gloucester County cabin, which is to be the headquarters for the Intermediate Camp is just about finished. The Camp looks forward to having a great housewarming party.

The various tents are having real sport in the Ping Pong and Quoit tournaments.

The leaders of the first seven tents have challenged the leaders of the last seven to a volleyball game. Watch for announcement of the game!

On Friday an Intermediate baseball team will play the nine from the Medford Lakes Colony Club. The game will be held on the home grounds.

The boys of Tent 11 on waking up on Sunday found that the southern end of their tent had ripped entirely. During the day the whole tent collapsed so that they had to spend the night in headquarters.

The Intermediate volleyball team defeated the Junior team Friday evening, and were in turn beaten by the Seniors.

Bob Musselman took his tent on an overnight hike to the mountain last week. He used the "Dutch Ovens" to prepare the meals and the fellows enjoyed a real Western meal!

Tent 10 won the Honor Cabin pennant twice in succession.

Rex Collings took his tent on an overnight hike also during the past week.

## CAMP OCKANICKON FILLED TO CAPACITY

The fourth week of Camp marks an epoch in the history of YMCA Camp Ockanickon in that it was the greatest Camp family that has ever been to Camp at one time.

The fifth and sixth weeks will also be filled to absolute capacity, showing the ever-growing popularity of Camp Ockanickon, the greatest Camp for South Jersey boys.

## TO STOP WAR PROFITS

Ever since the World War the idea has been advanced that one of the most effective means of preventing war should be to make it impossible for anyone to make personal profits out of the exigencies of war.

It is notorious that in every war of the past many persons have been profiteers, enriching themselves while brave soldiers and sailors served for a pittance, yielding up their lives or suffering from privations and sustaining personal losses in defense of their country.

Upon the initiative of the American Legion a joint resolution has been passed by Congress and signed by the President which provides for a commission to study the problem of taking the profits of war.

The idea is that if able-bodied citizens must suffer loss and risk their lives in the national defense, capital and industry must also be pressed into service without hope of any profit whatsoever. A man rejected for military service for physical defects could not go into a munitions plant at \$15 to \$30 a day, working only eight hours, while his able-bodied brother served in trenches day and night for \$30 a month, as happened in the late war.

It is to be hoped that the new commission authorized by the recent act will be able to evolve a plan whereby these glaring injustices of the past may be abolished for all time.

## DR. HARVEY W. WILEY

In the death of Dr. Harvey W. Wiley in Washington recently at the age of 85, the world lost one of its most distinguished chemists and health advocates. Among the manifold activities of a useful life, he served as chief chemist of the Department of Agriculture for nearly 30 years, retiring from that office in 1912.

To give the merest outline of Dr. Wiley's accomplishments as teacher, scientist, organizer, author, executive and humanitarian would fill a page. He held important offices in a score of scientific societies, both at home and abroad; he was the author of numerous books, newspaper and magazine articles, and no less than 60 government bulletins and 225 scientific papers.

Perhaps his most important and lasting contribution to the health and welfare of his countrymen was his determined fight for the pure food and drug law, enacted in 1906.

An interesting fact in connection with his life is that he married in 1911, at the age of 66, and became the father of two sons. Only a few days before his death he testified before the Senate Agricultural committee in an investigation of the administration of the pure food laws, and this effort so weakened him that he took to his bed, from which he never arose.

Dr. Wiley was frequently the center of controversy and was at times severely criticized, but he was indefatigable and undoubtedly sincere in his labors for the betterment of humanity. Those labors should be held in grateful remembrance by the nation.

## POLITICS IN BUSINESS

If anyone in the United States is able to speak with authority concerning the effects of government or political operation of business enterprises, Edward N. Hurley should be able to do so.

Mr. Hurley was chairman of the United States Shipping Board and president of the Emergency Fleet Corporation during and for some time after the World War. In a recent address on "Government and Business," he said: "The efficiency of the shipbuilding industry was, at most conservative estimate, 25 per cent less after the government became responsible for wages. At least one-half billion dollars could have been saved in the building of ships under private administration with the same managers and men on the payroll."

In the course of his address he referred to the well established fact that when business enterprises are conducted by the government any losses are made good by the public in the form of taxation. The manager play politics to hold their jobs, while in private enterprises they must show results in order to be kept in their positions. Yet a certain school of politicians advocate government operation of this and that, for the purpose of creating more political jobs for an army of parasites who could not survive in the rough and tumble of free competition, in which merit and real efficiency determines.

Wets may see an omen in the fact that Volstead, the last male bacstrain camel of the New York Zoo in Central Park, died a few days ago at the age of 14 years.

## FLYER

A man from Australia flew from Ireland to Newfoundland and thence to New York. Kingsford-Smith had previously flown the same route, the Southern Cross, from California to Australia, and thence to England.

Nothing could illustrate better the way in which aviation is beginning to eliminate national boundaries and pull the whole world together.

Kingsford-Smith's flight is the first really successful East-to-West crossing of the North Atlantic in an airplane. Only one other plane which has attempted it has succeeded in getting across. That was the German "Bremen," which was wrecked in the great obstacle. No plane yet has been able to carry enough fuel to take the longer southern route. Only the radio direction finder enabled Kingsford-Smith to make a safe landing.

Thus far, the dirigible holds the best promise for safe and speed trans-oceanic air navigation.

## SHIPS

The three-power naval treaty puts an end to competition in the building of warships, but competition in passenger-carrying craft is giving the great shipyards of the world more work than they can handle easily.

France is the latest nation to enter this race, with an order for a ship 991 feet long, to be built at St. Nazaire. It will have over 60,000 tons displacement and 120,000 horsepower, and will be finished in 1932. The White Star line is building the new Oceanic in Belfast, Ireland, to be 1,000 feet long, costing 25 million dollars, ready for service in 1932. Each of the three Italian lines is building a great diesel-engine ship, to make the run between Naples and New York in 6½ days.

All of those are in addition to the new German, Cunard and American sea monsters of which I wrote recently. In five years the cost of ocean travel will be reduced by this competition and the speed increased, so that anybody having a 30-day holiday can make a considerable tour of Europe for three or four hundred dollars.

## TRADE

International business depends upon nations buying from each other in substantially equal amounts. This is the way it works out between the United States and the rest of the world.

Foreigners pay us annually, for excess of our exports over our imports, 734 millions; for interest on our foreign investments, 52 millions; for government war debts, 207 millions; foreign money invested in the U. S., 396 millions; in all, including minor items, nearly 2 billion dollars. We pay foreigners annually, in long-term investments of capital abroad, 608 millions; spent by American tourists, 565 millions; ocean freight in foreign ships, 115 millions; sent by recent immigrants to the folks in "the old country," 223 millions; gold shipped abroad, 120 millions; in all, including miscellaneous minor items, nearly 2 billion dollars.

These are Department of Commerce figures. They show in very plain fashion that Uncle Sam is not robbing the rest of the world.

## DEPTH

Inside of a steel ball, lowered at the end of a cable, Dr. William Beebe, famous ocean naturalist, descended 1,426 feet below the surface of the ocean. There were thick quartz windows in the diving apparatus through which he projected an electric light.

## Judge's Josh.

Mr. Pewee: "Why did you get me such big shirts? These are four sizes too large for me."

His Wife: "They cost just the same as your size, and I wasn't going to let a strange clerk know I married such a small man!"

Squire Perkins: "Well, after I die, I wish you would marry Deacon Brown."

Nell: "Why so, Hiram?"

Squire: "Well, the deacon trimmed me on a horse trade once."

Teacher: "Now, Ruth, suppose your mother, and you, and the baby should go out to the park some afternoon, how many would that be?"

Ruth: "It would be two, and one to carry!"

A lady was entertaining the small son of a married friend.

"Are you quite sure you can cut your meat, Willy?" she asked, watching him a moment.

"Oh, yesum," he replied without looking up. "We often have it as tough as this at home."

"I wish you would help me with this sum, Dad," said a small boy struggling with his home work.

"Can't, son," said Dad from behind his paper. "it wouldn't be right."

"I don't suppose it would," said the boy, "but you might have tried."

## BURLINGTON COUNTY HOSPITAL

The training school for nurses of the Burlington County Hospital, Mount Holly, will admit its second group of student nurses September 1st, 1936.

For information about the school prospective candidates should apply to the Director of Nurses in person or by letter.

**Admission Requirements.**  
A candidate wishing to enter the school should be between the ages of 18 and 30 years, in good physical condition.

Graduation from a four-year high school is required.

## THE BIG PARADE

All this happened in one day! A twenty-seven-year-old boy came into our office to apply for a job. When we asked him about his present occupation he said he was a parachute jumper.

"I like the world all right," he added, "but parachute jumping isn't steady."

I met a mother whose son is about to graduate from college. What do you think he wants to be? A bond salesman? A movie star?

He wants to be an archeologist. A man named Volk died in New York City. He claimed the distinction of having torn down more big buildings than any other man who ever lived. But he died without realizing his ambition. He wanted to live to tear down the Woolworth Building.

Think of it. Six million people walking daily through the streets, each with his separate home and desire. Who would ever imagine that one of them was constantly saying to himself: "Oh, if I could only tear down the Woolworth Building. That would crown my career."

A man with a noisy wife and seven grown children disappeared from his home in Brooklyn, and was discovered some months later in Hartford. Questioned as to why he left his family, he replied that he had done his duty as a father and believed himself entitled to a little peace in his old

age. He had taken a job as a night watchman in a deaf and dumb asylum.

Why do I take up valuable white space to set down these apparently unimportant and unrelated incidents? Because, my friends, one of the biggest and least expensive of all pleasures is reading the newspaper and marveling at the eternal freshness and variety of the human race.

Let those who are bilious rail at the "standardization of modern life." It is true that many of the things we eat and use are standardized, and living is much simplified in consequence.

But have no fear that color and interest will disappear out to quarrel with his wife unless his "mother-in-law poked her nose into his business."

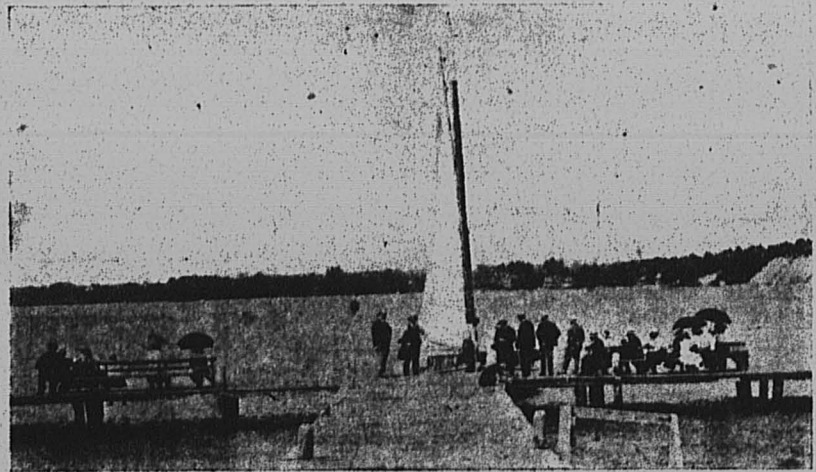

Thirty Japanese officers have been engaged as instructors for the Chinese nationalist army.

Life will be always amusing to those who have sense enough to enjoy it. Practice the good and inexpensive habit of being eternally entertained by your fellow human beings. Forget about yourself for a little while every day, and enjoy the big parade.

# A Shore Lot For \$250

## AT

Miss Emma Murphy, of Mill street, returned home Tuesday after spending a week with her aunt, Mrs. Henry Pfeiffer, of Elmer, N. J.

Mrs. Raymond Wiltshire and sons, Billy and Donald, of West Second street, returned home last Wednesday after spending a week in Ocean City.

Dr. and Mrs. Howard A. Lippincott, of West Main street, left on Tuesday for a two weeks' vacation in Central Pennsylvania.

Mrs. William Furter, Harold Furter and Bertha Schulbach, of East Second street, spent the weekend at Wildwood.

Mr. and Mrs. Irvin Loore moved into their new home at Newport, N. J., on Friday. Mrs. Loore will be remembered as the former Miss Lily Ewan, of East Second street.

Mrs. Wilbur F. Goff and children, of South Washington street, has been spending this past week in Ocean City.

Miss Stella Ellis, of French avenue, whose engagement to Walter Oldershaw, of East Main street, has recently been announced, was guest of honor at a surprise miscellaneous shower given Thursday evening by Miss Julia Brown, Miss Ida Strang, Miss Mary Meyer, Miss Ruby Hayes, Miss Ruth Thompson, Miss Frances Seelhorst, Mrs. T. Paucello, of Camden; Miss Elsie Vernon, Mrs. Joseph Batchelor, of Haddonfield; Miss Beatrice Davidson, of Audubon; Miss Emma Burgess, of Merchantville; Miss Anita Shinn, of Moorestown, and Mrs. Louis Clark, of Westmont.

Mrs. Arthur England, of Moorestown, entertained at a swimming party, followed by luncheon and bridge Friday at her cabin at Medford Lakes. Guests included Mrs. John H. Dukes, Mrs. W. O. Greenwood, Mrs. Lawrence Chambers, Mrs. F. Nelson Maine, Mrs. J. Stokes Wurst, Mrs. William F. Wurst, Jr., Mrs. Emma Angelo, Mrs. Alfred LaCombe, Mrs. Bruce MacDonald, of Moorestown; Mrs. Paul Isenbarger, Mrs. Paul Mowry, of Colwick; Mrs. Luther M. Hartman and Mrs. Adam Stoler, of Maple Shade; Mrs. Thomas Oosans, of Mount Laurel, and Miss Anna Curry, of Marlton.

A campaign fund totaling \$332,630 was raised by the Association Against the Prohibition Amendment during the half year ended June 1. Eldridge Reeves Johnson, of Moorestown, gave \$12,500 toward the fund. This was revealed in a report filed last week with the clerk of the House of Representatives, Washington, pursuant to the Federal Corrupt Practices Act.

Mr. and Mrs. H. P. Sheldon, of East Central avenue, are visiting Mr. Sheldon's sister, Mrs. S. H. Swift, at Marlton, N. Y.

Ida Mae Tull and Henry Webster, who are delegates from the Moorestown Baptist Young People's Union, have returned from young people's conference at Peddie Institute, Hightstown, N. J.

## MARLTON NOTES

The Ladies' Aid Society of the Methodist Church held the monthly meeting at the home of Mr. and Mrs. Armory Piper recently. The meeting was largely attended, forty members and friends being present.

Mrs. Clifford Pew, of near Evesboro, has returned home from the Burlington County Hospital, after recovering from an operation for appendicitis.

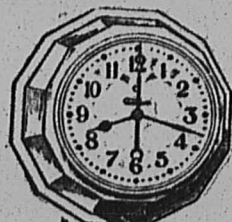

The Marlton and Kresson Baptist Sunday School held their annual picnic at Clementon Park Thursday of last week.

The Marlton Community Players enjoyed a boat ride down the Delaware recently. Fifteen members of the organization were on the trip. The night was perfect for a boat ride, with a bright full moon, and the trip was a most delightful one.

Mr. and Mrs. Joseph Walton recently returned from a five days' motor trip through New York and Pennsylvania mountain districts.

Mrs. William Smith, Sr., who has been on the sick list, has been taken to the Bellevue Hospital, Camden.

Miss Florence Roberts is reported to be improving from her recent operation performed in the Bellevue Hospital, Camden. She is still confined in the hospital.

ACCURATE ELECTRIC TIME IN THE KITCHEN

HERE'S the clock for the modern woman. It has no springs and never needs winding, oiling or regulating. Simply plugs into an electric outlet—the electricity keeps it correct. Beautifully colored—ivory, pastel green, French gray and white.

## LENOLA

Mrs. Ernest Schlegel, of Revere avenue, entertained her card club on Wednesday evening of last week.

George Shultz, of Erickson avenue, severely cut his forehead Friday at the playground center in Lenola, when he ran into a window in front of the school building. The boy was taken to Burlington County Hospital, Mount Holly, in the Lenola ambulance, where four stitches were needed to close the wound. He was able to return to his home the same day.

Mr. and Mrs. William Beck and family, of Philadelphia, are visiting at the home of Mr. and Mrs. Charles Bendel, of Cottage avenue.

Mrs. Edward England, of Columbus, is visiting at the home of Mrs. Clara Wilkins, of Camden avenue.

Mr. and Mrs. George Rosemont, Mr. and Mrs. William Hawkins and family, of Boston, Mass., are visiting at the home of Mr. and Mrs. William Henney, of Makin avenue.

Miss Evelyn LaCombe, of Garfield town, is spending three weeks at the home of her grandmother in Boston, Mass.

The members of the Night Hawk Club enjoyed a straw ride to Sylvan Lakes Wednesday evening of last week.

Miss Betty Cunningham, daughter of Mr. and Mrs. Thomas Cunningham, of Lenola road, was taken to the Cooper Hospital, Camden, last Wednesday, for observation.

James Henney, of Boston, Mass., is visiting at the home of his sister, Mrs. Alfred LaCombe.

A 110-ton storage battery electric locomotive is employed in a Chicago freight yard.

## STATES GAME AND FISH DISTRIBUTION

Commissioner Benjamin W. Cooper Recently Issues Report for Fiscal Year

Benjamin W. Cooper, Fish and Game Commissioner in charge of Burlington and Camden Counties, recently issued the statement that during the fiscal year ending June 30, 1930, the New Jersey Fish and Game Commission has distributed the following number of fish in the waters of New Jersey: Yellow Perch Fry, 21,000,000; White Perch Fry, 1,700,000; Shad Fry, 3,000,000.

It has also distributed a total of 93,189,613 Brook Trout, Brown Trout, Rock Bass, Spotted Trout, Large Mouth Bass, Small Mouth Bass, Blue Gill Sun Fish, Cat Fish and Yellow Perch Fry from the State Hatchery at Hackettstown, N. J., making a grand total of 119,918,613.

Marlton Realtor Charged With Land Deal Fraud

Leon E. Landon, Marlton real estate man, was held in \$500 bail by Recorder Ashton D. Berry, in Delaware Township, Camden County, last week, on charges of obtaining money under false pretense. Harry Streeter, Batesville, testified he paid Landon \$200 for a strip of woodland near Kresson and \$34 in fees to obtain the deeds. Landon failed to deliver them, but several weeks ago gave Streeter a check for \$150, which Streeter alleges was worthless.

## Palmyra Lad Finds Much Enjoyment in Corresponding With Little Japanese Boy

Shojiro Matsumoto, 12-Year-Old Son of Nippon, Tells Billy Parsons of Many Interesting Things in His Native Land

A very interesting correspondence was begun between Billy Parsons, twelve-year-old son of Mr. and Mrs. Herbert H. Parsons, of 333 Garfield avenue, Palmyra, and Shojiro Matsumoto, of Tokyo, Japan, about a year ago, when Professor K. Shobun, of the Philadelphia College of Pharmacy and Science visited the Epworth M. E. Sunday School.

At the time he made the visit, Mr. Shobun asked if any of the boys present would like to correspond with a Japanese boy of his own age. When Billy told the professor he was interested, he was given the name of Shojiro Matsumoto, also twelve years old.

Billy wrote to the lad as soon as possible, telling him what had taken place and Shojiro answered the letter immediately, saying how pleased he would be to continue the correspondence.

Shojiro, while a native Japanese, has studied English in the missionary schools of Tokyo, and writes a very interesting letter, as may be judged by those printed below.

The following is a copy of the first letter received by Billy. The Japanese boy writes a very legible hand.

July 21st, 1936

My dear Billy,

I am very glad to write me a letter over the Pacific in the distance from America to Japan. I was so very busy and had not a stamp, and could not write you a letter. But now I can arrange some stamps, and I am very happy to write you this letter. I know not what excuse to offer, to late my letter. Who has told you my address? Mr. K. Shobun? If so, will you please give him a message for him. Now I sent you some stamps which I have, but if you want other something, and write me, I will do everything with my best. I enclose to you some picture post cards. I can hardly write decent letter in English and you will find my many mistakes in this letter, and I will leave you to judge for yourself.

Lastly I hope to give you are more close friends than ever each other. Please remember me to all your family.

**SHOJIRO MATSUMOTO.**

This is the last letter which Billy received from his little Japanese friend. This letter shows how much his knowledge of English has improved in such a short time.

June 2, 1936  
Tokyo

Dear Billy:

It has been a long time since I wrote to you. I hope you are well. I am very glad to sent me your letter and many postal cards and other things. I thank you for your kindness.

I am putting a postal of them beside my desk and pleased with it from the bottom of my heart. I beg a thousand pardons to late such my letter. There are two copies of newspaper and some postal cards of Japan. Our whole city of Tokyo, capital of

### MT. HOLLY BIDDER GETS BRIDGE JOB

(Continued from Page 1.)

cerning the sympathetic treatment accorded me by my superiors of the State Department.

Learning of my condition State Superintendent, J. Harry Foley, immediately sent to the Philadelphia Hospital Assistant Superintendent Harry S. Provost, who informed himself of conditions in our County and at once took over the supervision of the work, and continued this oversight until the writer was sufficiently recovered to resume his duties. As a result the work has suffered but little. I emphasize the fact that this Board and the general public may know of the efficiency with which this important branch of service is conducted.

The volume of work in this department has grown by leaps and bounds. To be assured of it one needs but brief survey of the rapid multiplication of auto service stations, the ceaseless changes in types of equipment in keeping with the advances made by manufacturers to meet the demand for speed and accuracy in automatic delivery. Even the grease that goes into your car is now measured automatically with clocklike precision. When one considers that the demands made by the auto are but one phase of the work of the department—that every commodity that goes into trade has its value determined by standards of measurement that are, nation, yes, world wide in their recognition, it becomes difficult of realization that the public has been slow to understand and appreciate the importance of their Bureau of Standards at Washington, with which this department is related.

However, it is a matter of no little personal satisfaction to note the steadily increasing recognition and appreciation which is being accorded by both the dispensing and consuming public. There is still need of progressive enlightenment that there may be the fullest co-operation between the department and the public that all may receive the protection and aid that the department seeks to convey. The distributor with his intricate modern device for measurement, is now quick to avail himself of this aid. He has learned by bitter experience that any inaccuracy of his instrument of measurement is just as liable to turn out to his own disadvantage. The merchant has now come to recognize the department as his friend. The dishonest man in trade has now a rougher road.

**Personal Tests**

The State Department has recognized the need of educating the public to a line of co-operation by making personal tests of weights and measurements, not so much to round up the dishonest, but the more to assist in the detection of any inaccuracies that may have escaped the observation of the department. The co-operation of the public press in this work of education is earnestly sought. To illustrate and emphasize

Japan was burnt down to the ground by the great earthquake disaster in 1923.

After words, by the sympathy of your country and others, now Tokyo has nearly revived as it was, and the other day the commemoration festival of its revival was observed vigorously here. These newspapers is that day's Tokyo through these and some photo.

Yasukuni Shrine is dedicated to many soldiers and sailors who left their lives for Japan and lies twenty-seven meters lead away from my house, and its TORII is very high and we can look it from all parts of the city. In spring much cherry blossoms are in full glory as if many pink veils spread all over the air.

MT FUJI is a mountain which is symbolic of the inflexible spirit of Nippon (Japan) and is more than twelve thousand feet high and the top is covered with snow all the year round. It has fine lakes on its wide plain about the foot of it, and many people camp there in summer.

I wish to write the expatiations to all postal, but I cannot write it freely, for I am a poor scholar of English. I fear you may find some incomprehensible places in this letter, and I will leave you to judge it for yourself.

If you see Mr. Shobun you had better hear about all postals from him, so he will talk you about them closely with pleasure.

Just there are few copies of newspaper in English, so I hope you learn to Japan through these. And other some postals is which I gathered from my school excursion.

Now, in Tokyo, Ninth Far Eastern Game is observing and many hundreds of champion of Philippines, China, India and our country were contending for mastery of the Far East in athletic sports: swimming, baseball, football and basketball, valley ball, tennis, etc.

If you would like to have something from Japan, I will do my best for you. Some day I will send you some novel things.

Please remember me to Mr. Shobun, if you see him, and all your family.

May I contract friendship with you more and more.

Your friend Shojiro Matsumoto, No. Sambancho Kojimachiku, Tokyo, Japan.

Since the correspondence began a year ago, Billy has received several letters and some very interesting pictures and picture post cards from his little friend.

Among them may be found fine views of Matsumoto, one of the best scenic trips of Japan; lovely colored views of the city of Kyoto; colored pictures of the "Sixteen Bridges of Tokyo"; pictures of the foot landscape at Mount Fuji, one of the most famous places in Japan; panorama views of Shoji Rindo Hikeke at Mount Eboshitake; pictures of Nara, the oldest city in Japan, and many kinds of Japanese stamps.

my meaning allow me to refer to a single incident. I recently learned that potatoes were being brought over from Philadelphia by vendors in what seemed to be the usual 16-quart basket that should average 30 pounds, but which proved to contain 23 to 24 pounds. These baskets had corsetted waists—a wire probably had restricted the middle of the basket.

The pressure that is brought upon managers of chain store by their superiors demanding that the received measurement of any commodity must be weighed out of the same at retail, or the manager must bear the loss by shrinkage, puts upon the latter an unreasonable burden in many cases, as for instance in the weighing out of potatoes in the smaller denominations. Potatoes would often have to be split or the correct potato sought with a consequent impossible loss of time.

Too often dividends are more important than service. It is my judgment that the complaints that frequently come in are due to the caution of the manager to see that he himself plays safe. Complaints also reach us that the customers are made to pay for the container, as in the weighing of lard, loose butter, etc. Net weight is the customer's rightful demand.

In addition to the daily service in the ceaseless rounds of County wide inspection the Superintendent wishes it to be understood that he keeps office hours on Saturdays from 9 to 12 at the Court House, where new scales or others may be brought for testing, or he may be found at his home on Brainerd street, Mount Holly, after office hours or the day's work.

**Appreciation Expressed**

We wish to record our appreciation of the full co-operation of the wholesale dispensing companies of gas, oil, etc., in the effort to assure perfection and accuracy in the use of measuring devices. We find frequent serious inaccuracies to the disadvantage of distributor or patron, but invariably the fault is with the merchant or agent who has carelessly neglected to

report the condition of his device. The recall of dry measure in this State is of slow recognition. Merchants persistently offer commodities in terms of volume rather than by the net weight as now required. It is hard for many to see that sale by net weight or numerical count is in the interest of fairness to all.

More attention is being given to heavy duty scales, and merchants and the public have profited by the effort. Some such scales have been renovated by the manufacturers and some antiquated ones replaced by new ones. Some attention has been given to checking up deliveries of coal, etc., and more care is to be given in this line. Ice is now almost invariably scored and tests show full weight, and often more, unless held too long in the delivery. Yet the department has not yet discarded the requirement that all deliveries be weighed.

Attention is being called to the marking law, enabling the tracing of its source to all produce. If a man sends a dishonestly packed parcel to market he must stand back of his dishonesty.

Respectfully submitted,  
C. B. FISHER,  
Superintendent of Weights and Measures for Burlington County.

The following bills were ordered paid: Roads, \$23,914.33; Bridges, \$2,060.54; Finance, \$345.19; Public Buildings, \$11,910.01; Public Affairs, \$11,931.01.

## LEGION MUSICAL HONORS AT STAKE

Bugle and Drum Corps and Bands to Compete for State Championship

More than fifty American Legion Bugle and Drum corps are expected to compete for the Legion championship of the State at the twelfth annual convention of the New Jersey Department of the American Legion to be held at Wildwood on September fourth, fifth and sixth.

Corps from all sections of the State will come to the resort to try to wrest the honor from the corps of the Palmyra Post which won the championship at the 1935 convention at Elizabeth. Several of the corps will be making their initial appearance in State competition.

Set on retaining their honors, the Palmyra outfit, including its drum corps and rehearsals in preparation for an even tougher competition than they were forced to go through last year before becoming titleholders. The Bridgeton Corps which made a bid last year and placed among the prize winners is one of the organizations hoping to attain championship heights this year.

In addition to the bugle and drum corps, the Legion also will stage a championship contest for Legion Post bands. The title in this division now is held by the Hudson County Band and the north state contingent is confident of retaining their title, although the Cape May County American Legion Band is a foe to be reckoned with.

The bugle and drum corps competition will be one of the most spectacular features of the competition. In addition to the musical contests, the corps are judged by their uniforms and the facility with which they execute the intricate figures in their drills.

This colorful competition will be held at the Municipal Athletic Field at Young avenue and Park Boulevard. The contest will be staged on the morning of Saturday, September sixth. Arrangements are being made to seat twelve thousand persons to witness the spectacle.

A new alarm clock first sounds a soft-toned bell, and later a louder one if the sleeper does not awake and turn it off.

## REFRESHING

Sodas and Sundaes are served at our Soda Fountain.

We use only the purest and freshest ingredients in making our refreshments for our customers—that is why Keating's Soda Fountain is the most popular place in town for delicious Sodas and Sundaes.

We invite you to visit our Fountain and see for yourself.

## LOCAL CHURCH NEWS

### BAPTIST CHURCH

Rev. George Locketh, B.D., Pastor

The entertainment given by the Junior Philathea Class last Thursday evening, featuring the "Kitchen Cabinet Band," was well attended and greatly enjoyed. It was a great success financially.

A very enjoyable afternoon was spent by the Junior and Intermediate Departments in Knight's Park, last Saturday afternoon, on a picnic.

Next Saturday afternoon the Junior Philathea Class will hold a picnic at Neshaminy Falls. They will leave the church at 2 o'clock.

Sunday services as usual next Sunday. Sunday School, at 10:00 a. m. Preaching service at 11:15 a. m. Sermon subject, "The Christian Examined." BYPU service at 6:45 p. m. Topic, "Some Good Summer Reading." Preaching service at 7:45 p. m. Sermon subject, "The Golden Link in the Chain of Days."

### CHRISTIAN SCIENCE

"LIFE" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, July 20, 1936.

The Golden Text is: "Understanding is a wellspring of life unto him that hath it" (Proverbs 16:22). Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Then spake Jesus again unto them, saying, I am the light of the world; he that followeth me shall not walk in darkness, but shall have the light of life. Verily, verily, I say unto you, If a man keep my saying, he shall never see death" (John 8:12, 51).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Jesus said (John vii, 51), 'If a man keep my saying, he

shall never see death.' That statement is not confined to spiritual life, but includes all the phenomena of existence. Jesus demonstrated this, healing the dying and raising the dead" (p. 429, 430).

### EPISCOPAL

Rev. G. J. McCormack

Probably you know what is called the "Simon Report" and have read with interest, perhaps with fellow sympathy, the record of the Indian Commission in the delicate and often thankless job of governing peoples; and, of course, we have a tiny little job to do ourselves.

One section of this report is of special interest to Christians as it is a purely governmental report and not a sermon.

"The many admirably conducted schools and hospitals founded and maintained by Christian missionaries of various nationalities and denominations, some of which we visited during our tour through India, compel a tribute to the splendid services they render. It was the missionaries who were the pioneers of education for the illiterate; they maintain some of the best medical institutions in the country, and their work among women and children and for the depressed classes is of special significance."

"Not the least admirable feature of their activities is that they have carried on their labors without offending the susceptibilities either of Moslem or Hindu, and have lived at peace and amity with their neighbors. The Indian Christians stand high in the table of literary."

You have heard many things about India lately; to a Christian none of them is of such value as the revealing record of the saving power of the teaching of Jesus.

The Literary Digest article on "The vast Enterprise of Religion" is worth your careful attention this week.

10:30 a. m. Morning Prayer and Sermon, "Science is Not the Death, But the Birth, of Mystery, Awe and Reverence."

## EPWORTH METHODIST EPISCOPAL CHURCH

J. William Lee, Minister

Church School, 10:00 a. m., with full program.  
Morning Worship, 11:00 o'clock.  
Ministry of Music: "Shepherd's Boy," Foster; "Prayer," Guilford; and then by choir.  
Sermon—"The Highway to Glory."  
Evening Worship, 7:45 o'clock.  
Ministry of Music: "Largo," Dvorak; "Intermezzo," Macbeth; "Songs in the Night," Sheppard.  
Cheerful Song Service.  
Sermon—"A Gospel Message to Working People of the Glory of Toll."

### Calvary Presbyterian

Rev. C. T. Bates, Minister

Calvary Presbyterian Church will hold its morning service of worship at 11 o'clock next Sunday. All departments of the Church School will meet at 1 o'clock. As this month commemorates the 150th Anniversary of the founding of the Sunday School by Robert Raikes, special mention will be made of this fact at the School service.

### EDGEWATER PARK MAN HEADING INVESTIGATION

J. Hermon Terry, of Edgewater Park, has been picked to head a board of marine construction experts, who will conduct an investigation into the collapse of the Wilson Line steamboat wharf at Pennsboro, last week, which resulted in the serious injury of two persons. The object of the investigation will be to discover why the 380 foot pier collapsed with almost no warning and disappeared in the Delaware, and to discover whether there was any criminal negligence. The mysterious accident occurred a few minutes after scores of passengers from a steamer had been thronging the pier.

### SCALLOPED TOMATOES

This calls for a can of tomatoes, a half loaf of stale bread, salt, pepper and butter with a little onion. Rub the baking dish with the onion, then arrange crumbled bread and tomatoes in layers, sprinkling each layer with salt, pepper and dots of butter.

THERE'S MORE  
TO THIS TIRE  
THAN  
Mileage,  
MISTER!

Low price, for one thing . . . and that significant name "Goodrich" on the sidewall!

**MILEAGE?** Sure there's mileage in the Cavalier! Plenty of it . . . and every bit the kind that lets you forget you've got tires on your car!

But mileage is only part of the story of Cavalier. There are low prices to think about, too. Real savings, in cold hard cash.

And right there on the sidewall that significant name Goodrich! Assurance of quality . . . value . . . ability to take punishment!

For Goodrich puts its name on only one kind of tire . . . the kind that stands up in spite of punishment, high speeds, bad roads. The kind that takes its own good time about wearing out . . . and keeps you from worrying about it.

That's the kind of a tire the Cavalier is. Big, Husky. Oversize in air cushion and tread thickness. Stout in the sidewalls. Water-cured for through-and-through toughness. And mighty good looking on your car.

You can forget about mileage. That goes for granted with any Goodrich Tire. Just remember the low prices and the fact that they're backed by Goodrich. Come in . . . see them. We have them in all sizes . . . including a couple for trucks.

## Boulder Dam, Now Under Construction, To Signalize Conquest Over U. S. Desert

"With Dollars, Men and Engineering Brains We Will Build a Great National Resource," Says Secretary Wilbur as Great Project is Started

The Secretary of the Interior has announced that construction of the Boulder Canyon Project, commenced immediately on the President's signature of the Appropriation Bill.

The engineer in charge, Walker R. Young, and his assistants, were already on the ground on July 1, waiting for the start of the first day's work began the staking out of the railroad and the construction road, surveys of which have already been completed, laying out streets for the town site, and continuation of surveys for the water supply system.

The order which started construction was signed by the Secretary immediately following the President's signature of the Appropriation Bill, and read as follows:

"Order No. 456  
Hon. Elwood Mead,  
Commissioner of Reclamation,  
Sir:

You are directed to commence construction on Boulder Dam today.

Respectfully,  
RAY LYMAN WILBUR,  
Secretary."

**Plans Being Completed**  
The Secretary stated that the plans and specifications are being carried to completion with a possible exception looking to the advertising of bids and the awarding of construction contracts at the earliest possible date.

Following the completion of the work begun on the railroad, construction road, town site and water works, the power development will be used to commence construction of the dam and diversion tunnels.

In announcing the commencement of construction, the Secretary made the following statement:  
"The Boulder Dam will signalize our national conquest over the Great American Desert. With dollars, men and engineering brains we will build a great national resource. We will make new geography, and start a new era in the southwestern United States. With imperial Valley no longer menaced by floods, new hope and new financial credit will be given to one of the largest irrigation districts in the West. By increasing the water supply of Los Angeles and the surrounding cities, homes and industries are made possible for many millions of people. A great new source of power forecasts the opening of new mines and the creation of new industries in Arizona, Nevada and California.

**To Be Highest Dam**  
"To bring about this transformation requires a dam higher than any which the engineer has hitherto conceived or attempted to build. It is to be placed in the bottom of a canyon, whose walls rise over 2,000 feet, and through which flows a turbulent river, at times carrying a flow equal to the average of the Mississippi at St. Louis.

"The dam is to be built in a region of intense summer heat, amid desert surroundings and where the public lands, in large part, are being surveyed for the first time.

"To build a dam economically and efficiently requires that special attention be given to those factors which influence the health and energy of the workers. A thousand men will be employed over a period of five to eight years. Many of these will have families, and this means that the town to be created near the dam site will have a population of 4,000 to 5,000 people. This town will not be a temporary construction camp. During the time that the dam is under construction, thousands of tourists will each year visit this section. When it has been completed, the lake 100 miles in length above it will draw other thousands because of its scenic beauty. Plans accordingly have been made to lay out a town which will represent the most modern ideas in town planning.

**To Be Similar to Yuma**  
"The water works will be similar in character to those built at Yuma, Arizona, where the conditions of climate and water are similar to those at Boulder Dam.

"From the town site to the dam is about three miles. The town will be connected with the outside world by an automobile road and a railroad about thirty miles in length. It is not necessary that construction of the tunnels to divert the river shall await the completion of these facilities of living and transportation. There is a good road from Las Vegas to the canyon. Much of the equipment needed in tunnel construction can be hauled in over this road. A temporary construction camp can be located on the river, and the construction of the tunnels thereby expedited.

"These diversion tunnels will be four in number, each 60 feet in diameter. Because of their size, their excavation will be very much like the operation of a quarry. The greatest problem will be the disposal of the excavated material. Part of it will be needed to build the dam, and the rest will be placed in the river, above and below the site of the dam, to keep the water out of the excavation where the foundation of the dam is to be placed.

**First Big Task**  
"The building of the road, the railroad, the tunnels and the dam will all precede the beginning of that great wedge over 100 feet high, that is to close this river. While these earlier works are being built, the final detailed plans for the dam will be completed. Only engineers who have had considerable familiarity with dams and power development can fully appreciate all that is involved in these plans. The dam is not merely a mass of concrete to hold the water back. It is a complex industrial structure traversed by pipe and corridors, in which will be placed the regulating gates and the valves for the dynamo which will generate a million horsepower of electrical energy, and the waterways for controlling floods.

"Of the initial appropriation of \$10,000,000, \$2,500,000 will be used to build the railroad, \$2,500,000 will be expended in the construction of water works, laying out the town, building streets, sewers and other conveniences of the

town, and in the construction of a main office building for the Government engineers and clerical staff, and 25 homes for its permanent employees at the dam.

"The greater part of the 150,000 acres which will be flooded is public land, but scattered through it are small areas of privately owned land, the largest one being in the valley of the Virgin River. Title to these lands, and to whatever mining claims have merit, will have to be acquired.

**Estimated Cost \$18,000,000**  
"Five million dollars of the initial estimate, is to be used in construction of the tunnels, which will eventually cost \$18,000,000. While the tunnels and the dam are being built, all the details of the dam and its power equipment will be worked out.

The Reclamation Bureau will have the co-operation of the engineers of the Los Angeles Water and Power Department and the Southern California Edison Company and its related companies. Confidence is felt that this new equipment will represent the highest efficiency yet achieved in any industrial development of this character.

"The designing of this dam is in competent hands. No organization in any country has greater experience in such work than the Bureau of Reclamation. Not a single dam of the 120 built by the Reclamation Bureau has failed. Its Chief Designing Engineer, J. L. Savage, is recognized as an expert in the design of dams. He has successfully designed three dams which at the time of their construction were the highest in the world. In addition to the design of the dam, the permanent staff of the Bureau, it has as consulting engineers, A. J. Wiley, who has an international reputation and is consulting engineer for the irrigation department of India; L. C. Hill, the designer and resident engineer on the Hoover Dam and many monumental works in this and other countries, and D. C. Henry, one of the foremost consulting engineers of the country.

**Preliminary Plans Approved**  
"Because of the exceptional size of the dam and the difficult engineering problems involved, Congress thought it prudent to create a board of five, three engineers and two geologists, who would review the plans and estimates prepared by the Bureau of Reclamation, and report direct to the President. The engineers on this board, Gen. Wm. L. Stebbins, builder of Gatun locks at Panama; Daniel W. Mead, and Robert Ridgway, have approved all of the work thus far submitted to them, and will pass judgment on the detailed plans of the dam when these have been completed.

"Boulder Dam will not only be a monumental engineering work, but the laws authorizing it inaugurated the greatest scheme of rural planning yet undertaken in the West. That this scheme shall prove of the greatest possible value to the nation, it necessitates now a study of all irrigation and power possibilities of the whole Basin, and of the different States. Five hundred thousand dollars has been provided this year for studies of secondary projects, in the Colorado Basin. This includes \$100,000 for a study of the irrigation possibilities of Utah, Colorado, Wyoming and New Mexico, the four States above Boulder Dam; \$250,000 for surveys and preparation of plans and estimates for the Palo Verde, Imperial and Coachella Valleys. Altogether, these investigations will deal with the possible future reclamation of 6,000,000 acres of land, an area equal to that won irrigated in the lower Nile. Consideration must be given to a possible 6,000,000 horsepower electrical development on the river as a whole.

**Harmony in Views**  
"To bring into harmony the varying views and conflicting interests and to work out of this a properly correlated scheme of development, require ability and experience not alone of the engineer but of the economist and the statesman. The half century of extensive administrative experience of Commissioner Mead, his record as framer of successful policies, are convincing evidence that this great opportunity for statesmanship is in capable hands.

"H. F. Walker, the Chief Engineer, right-hand man in this investigation and development, is also prepared, through long years of experience in the West and the exercise of large responsibilities, to deal effectively with the varied and difficult questions which must come up for decision.

"Of one thing the public should be warned and that is the unwisdom of going to the vicinity of the dam site in the expectation of getting work without ample provision to meet the emergency should this expectation fail. The dam site is located in the midst of a great desert with few inhabitants and slight opportunity for other employment than that which it may afford. Employment will develop only as contracts are let and ample notice will be given when opportunities for work present themselves."

Mrs. Herbert Hoover has been awarded the honorary degree of Doctor of Literature by Elmira College, Elmira, N. Y.

## PHONE INFORMATION BUREAU FOR P. S.

Facis Concerning Trolley Buses, and Other Company Business Quickly Available

For the convenience of the patrons of the various Public Service Companies a telephone information bureau has been installed in the private branch telephone exchange at 418 Federal street, Camden.

Trained and competent operators under the supervision of Mrs. Josephine F. Adams, chief operator, handle all calls for information.

Persons desiring information on street car and bus service and those seeking other company information need only to call Camden 4500 and ask for "information."

This new information bureau co-operates with the Public Service Coordinated Transport lost and found department.

For the present the telephone information bureau will be operated during the hours of 8 a. m. and 5:30 p. m. The Public Service private branch exchange, however, is operated on a twenty-four-hour daily schedule.

Public Service now operates the second largest private branch telephone exchange in South Jersey and its network of wires and stations is the largest in this section.

## STANDARD GRADES FOR JERSEY APPLES

The need for more uniformity in the grading of New Jersey apples has been recognized by growers and marketing agencies for several years, but the chief difficulty encountered has been the lack of standard grades adapted to conditions in this State. This has been particularly true of the color requirements of the official United States grades on many of the standard varieties of apples produced on a commercial scale in New Jersey.

Changes regarding color made this year in the United States grade specifications, have brought these grades within the reach of every commercial apple grower in the State, reports Prof. A. J. Farley, New Jersey extension horticulturist in pomology.

A grade known as "United States No. 1" has been established to provide for summer varieties that are harvested and marketed before they develop sufficient color to meet the requirements of the regular "United States No. 1" grade. This grade is of such varieties as Gravenstein, and Duchess when harvested before they develop maximum color.

A grade known as "Combination United States No. 1 and United States Commercial," in which only 50 per cent. of the apples in a package are required to meet the color requirements of the "United States No. 1" grade, should meet the requirements of several important commercial varieties in New Jersey, including Williams, Stayman, McIntosh, Rome and Ben Davis.

A total of 9 United States grades or combinations of grades are now available, among which be one or more adapted to any commercial crop of apples produced in the State. Professor Farley urges growers to familiarize themselves with these new grades and give them a thorough trial this year. He states that great uniformity in the grading of New Jersey apples is essential in order to maintain and enhance our present markets. This has been found particularly true during seasons of heavy production and relatively low prices in nearby markets.

Miss Virginia Hulen, 20, is publisher of a daily newspaper in Brighton, Colo.

## Agriculture and Home Economics BURLINGTON COUNTY EXTENSION SERVICE

Charles A. Thompson, County Agricultural Agent; Leonard R. Smith, Associate County Agricultural Agent. Office, Corner Main and Union Streets, Mount Holly. Phone 259

### GIVES HELP WITH DRAINAGE PROBLEMS

During the past two weeks we have had some unusually heavy rainfall, which has shown up the wet spots in the fields, thus indicating where farmers have drainage problems.

The Burlington County Extension Service is prepared to give assistance in helping farmers to solve these problems and indicate drainage lines for them.

During the past week the County Agent assisted Samuel Jannerelli, on the Church road, in laying out a drainage line to take care of some wet spots showing up in one of these fields.

Early in the spring some assistance was given Mr. Aaron Butts—a drain 800 feet in length was laid out for him.

Any farmer in the County having such drainage problem may secure help by consulting with the County Agent in Mount Holly.

### SWEET CLOVER PASTURE

During the past week the County Agent had occasion to view one of the best sweet clover pastures that he has seen in the County, at the farm of Henry Winner, of Woodlawn road, Mount Holly. Mr. Winner is quite well pleased with the results that he has secured this year from his sweet clover pasture. He states that the 10 acres of sweet clover that he has had practically carried some 35 cows during this pasture season. This field was seeded last year, and was pastured heavily last fall, and then came on and made a renewal growth this spring. He has offered to Mr. Winner the best pasture that he has ever had.

Now is the time to begin to consider the sowing of sweet clover, and anyone interested in information on this crop is invited to come to the County Agent in Mount Holly for communicating with County Agent Thompson.

### CONSIDERING POULTRY MEAT AUCTION MARKET

Recently William K. Hookstra, president of the Burlington County Board of Agriculture, appointed a committee to co-operate with County Agent Thompson in the consideration of developing an auction market for poultry meat. This committee has held one meeting, and laid out plans for procedure in handling out the interest of the County, and working toward the perfection of an organization that will give serious consideration to the poultry meat industry of the County, which amounts annually to approximately three-quarters of a million dollars a year.

## RHEUMATISM AND NEURITIS YIELD TO NEW KONJOLA

Five Years of Misery Ended in Less Than Two Months Through Use of New Medicine

MRS. JOSEPH MALLOY

"I was afflicted with dread neuritis for five years," said Mrs. Joseph Malloy, 69½, 169th St., Jamaica, N. Y. "The back of my head and neck pained me so that I could do little work and get little sleep. Wet or cold weather brought on a siege of rheumatism. Ever since I can remember I have been troubled with indigestion and constipation. Bilious attacks were frequent and severe and the care of my two children was drudgery.

"It took six bottles of Konjola to do what all other medicines and treatments had failed to do. Every pain and ache has vanished. Constipation which had clung to me since childhood, has gone. My digestion has been so completely restored that eating is again a pleasure. I am a new person in every way and Konjola is the medicine that has done it."

This is not an exceptional case. Given a real trial, usually for from six to eight weeks, Konjola can do as much for you, for anyone.

Konjola is sold in Riverton at L. L. Keating's store, and by all the best druggists in all towns throughout this entire section.

### THE AMERICAN FLAG

By Joseph Rodman Drake

When Freedom, from her mountain height,  
Unfurled her standard to the air,  
She tore the azure robe of night,  
And set the stars of glory there;

She mingled with its gorgeous dyes  
The milk baldie of the skies,  
And striped its pure, celestial white  
With streakings of the morning light.  
Then, from his mansion in the sun,  
She called her eagle bearer down,  
And gave into his mighty hand,  
The symbol of her chosen land.

Flag of the brave! thy folds shall fly,  
The sign of hope and triumph high,  
When speaks the signal-trumpet tone,  
And the long line comes gleaming on;

Ere yet the life-blood, warm and wet,  
As dimmed the gleaming bayonet,  
Each soldier eye shall brightly turn  
To where thy sky-born glories burn,  
And, as his springing steps advance,  
Catch war and vengeance from the glance.

cows in this herd had an average yearly production of over 10,000 pounds of milk, and 13 had an average butterfat production of over 300 pounds.

Last year, in the summary made up at the State College, of all herds in Herd Improvement work, there were only 10 in the whole State that made over 400 pounds of butterfat. This puts the Maxine Home in a very select list, and one of which the institution can be very proud.

## AMERICAN BIOGRAPHIES IN MINIATURE

NATHAN HALE (1766-1776)

1. BORN AT CONVENTRY, CONN. AND EDUCATED AT YALE. HE WON DISTINCTION AT THE SIEGE OF BOSTON AND WAS MADE CAPTAIN IN THE REVOLUTIONARY ARMY.

2. AFTER ASSISTING IN THE CAPTURE OF A BRITISH SHIP UNDER THE GUNS OF A MAN-OF-WAR, HE VOLUNTEERED TO ENTER THE BRITISH LINES AS A SPY.

3. HE WAS SUCCESSFUL IN HIS MISSION BUT WAS CAPTURED BY THE BRITISH AT HUNTINGTON, MASS. AND RETURNED UNDER GUARD TO NEW YORK.

4. MY ONLY REGRET IS THAT I HAVE ONLY ONE LIFE TO GIVE FOR MY COUNTRY. HE WILL ALWAYS BE REMEMBERED FOR HIS FAMOUS UTTERANCE.

Each man has but one life that he can give to his family, his friends and his country. Each life in its circle of activity equals the value of each other life, regardless of circumstances or accomplishment. We serve with complete respectful attention to every detail.
