

OCTOBER

THE NEW ERA

Vol. 42. No. 39.

RIVERTON, NEW JERSEY, THURSDAY, OCTOBER 2, 1930

PRICE, FIVE CENTS

RIVERTON GETS FINGER PRINT SET

Police Department Has Installed Full Equipment Including Rogues' Gallery

The Riverton Police Department is assuming a regular "big city" atmosphere with the installation of a death chamber, rogues' gallery and fingerprint equipment.

The officers have constructed a box, double thick, and lined with insulation paper to make it air tight, for the speedy execution of unregistered dogs.

The device is really very clever. The unfortunate dog placed in the box and lid closed. The executioner then backs the police car up to the death chamber and attaches a hose (which is connected to the box) to the exhaust pipe of the police car. The executioner then "gives it the gas" and the carbon monoxide fumes from the exhaust finishes the victim completely in four seconds, according to actual tests by the officers. This provides a quick and economical means of disposing of undesirable dogs.

The rogues' gallery consists of about 100 photographs of criminals, and the latest acquisition of the department is a fingerprint outfit under the direction of Officer Miller.

Friday, the 31st, John L. Dimon was arrested by Officer Miller at Broad and Main streets for speeding. He was taken before Police Recorder Cecil Bowers, charged with reckless driving, and was fined \$20.00 and costs.

Chief Quigley and Officer Miller arrested John F. Hysman, of 150 Highland street, Frankford, Pa., on Sunday. He was stopped on Broad street, between Cinnaminson and Fulton streets, for reckless driving. Taken before Police Recorder Cecil Bowers he was fined \$5.00 on a charge of reckless driving and when it was found that he had no operator's cards was fined an additional \$5.00.

Thomas Taggart, of 309 Cooper street, Beverly, was arrested by Officer Miller for operating a car without a license and arraigned before Police Recorder Bowers, who imposed a fine of \$15.00 and costs.

David Stanley was arrested by Officer Gootee on a charge of reckless driving, and fined \$20.00 and costs in default of which he was committed to the Mount Holly jail.

Edward Lockwell, of 213 Federal street, Camden, was arrested by Officer Gootee for being drunk and disorderly at Second and Lippincott avenue, and was fined \$5.00 and costs by Police Recorder Cecil Bowers.

SUPPER-DANCE GREAT SUCCESS

More Than 300 Attend Event Given by Riverton Fire Company

The supper and dance given by the Riverton Fire Company last Saturday night was an unqualified success.

More than 300 persons were served at the tables and many stayed for the dance.

The committee in charge of the fair consisted of Edson Carhart, chairman, Walter Armstrong, John Carhart, Jr., Walter McFadden and John Goodwin. The supper was cooked and served by the members of the Ladies' Auxiliary of the fire company, and a fine job they made of it, too. The coffee was contributed by the Maxwell House Coffee Co.

The artistic touch of John Goodwin was shown in the decorations of the dance hall. A large American flag was draped back of the piano on the stage, and the ceiling lights were covered with lavender crepe paper attractively arranged.

A number of large palms sent by James Kenney & Son, Florists, of Riverside, added to the "homey" appearance of the hall and a lot of small ferns from Dreer's Nurseries, used in the decoration scheme, were afterwards sold.

Music was furnished by an Electrola 45, loaned for the occasion by W. T. McAllister, of Palmyra.

The members of the fire company desire to extend their sincere appreciation to those who attended the supper and dance, to those who contributed materials or assisted in any way to make the affair the gratifying success it turned out to be. Especially do they appreciate the untiring efforts of the members of the Auxiliary.

"AUNT LUCIA"

The famous collegiate comedy, "Aunt Lucia," will be staged under the auspices of the Woman's Club of Palmyra in the High School auditorium, Friday and Saturday evening of next week, October 10 and 11. Tickets may be purchased from any member of the Woman's Club. Reserve seats will be on sale at Bowker's Take-A-Shop.

RIVERTON RED CROSS MEETING

The Annual Meeting of the election of officers for the next year of the Riverton Branch of the American Red Cross will be held at the Porch Club following the regular meeting of the Porch Club on Tuesday afternoon, October 7th.

Contributions for County Hospital Are Needed for "Honorable Deficit"

"The hospital is a social institution whose true origins are deeply imbedded in the human character," says a statement issued in behalf of Burlington County Hospital, Mount Holly. "It is the response of prudence and of sympathy to man's hatred of suffering and his fear of death. In a less philosophic and more practical sense, the hospital rests upon a foundation of dollars for, although the service that the hospital gives to its patrons can never be truly measured in terms of money, the volume and the quality of its work are dependent upon its resources.

"Hospitals often, but not always, have reason to be grateful for donations destined for building purposes. Dollars that enable a hospital to replace a dangerous or inadequate building by a modern fireproof structure, suitable for its needs, and equipped with labor-saving devices, and to shift from the old building to the new without financial embarrassment are dollars whose possessors are fortunate indeed. Less happily situated is the hospital that has thrust upon it a gift of money for a specified building which is out of all proportion to the hospital's available resources.

"We are grateful to those who, in

1927, through their great generosity, provided the County with adequate hospital facilities and, although our hospital does not entirely pay for itself, we must remember that it is very questionable whether a hospital is performing its full duties if it can show, at the end of a given period, earnings which balance its expenses. In fact, to place the earned dollar upon the footing finance assigns to it in a purely business enterprise is to cut the heart out of hospital work and to transform it from an expression of the kinder impulses of civilization man into a cold-blooded affair of business. No hospital should strive to create a deficit but what hospital can avoid doing so without refusing to aid the needy?

"It is these honorable deficits that we, the people of Burlington County, are asked each year to make up. This deficit is never great, and anything like a whole-hearted response through the County to an appeal wipes out the amount needed. In the light of this, therefore, contributions to the funds of our hospital cannot but be a source of extreme satisfaction to us all, the satisfaction that comes from the realization of one's obligations to one's fellow-men."

KAPUS OVERCOME BY SEWER GAS

Riverton Lad Narrowly Escapes Death in Telephone Manhole

Francis Kapus, aged 24, of 508 Cinnaminson street, Riverton, employed as a "trouble shooter" by the Bell Telephone Company, narrowly escaped death when he entered a manhole in Camden to survey a cable line last Friday.

Kapus entered the manhole at Mount Ephraim avenue and Decatur street and was overcome by sewer gas.

D. Joseph Quinn, aged 30, of 317 N. Eighth street, was the first to enter the manhole to save Kapus and had just enough time to shout for aid before he fell prostrate across the body of Kapus. Policeman Charles Smith descended into the manhole in an attempt to save the two men and he also was overcome by the powerful fumes.

Other employees, policemen and pedestrians attempted to rescue the imbedded men, but were driven off by the deadly gas.

Policemen from the Fourth District in Camden, equipped with gas masks, lowered one of their number into the manhole, but he, too, was overcome and was withdrawn with difficulty.

Fire Chief Thomas Nicholas in response to call for aid, sent Fire Company No. 7 to the scene of the accident, and with the use of gas masks the firemen were successful in getting the asphyxiated men out of the manhole.

All were rushed to the West Jersey Hospital, where they were resuscitated by the use of oxygen and pulmotors. When Kapus was brought to the surface his face was black and his tongue greatly swollen. He was unconscious for nearly an hour. In addition to the effects of the gas, Kapus suffered a number of cuts and bruises from the difficult rescue work. Kapus is well known in Riverton and vicinity and his many friends are glad of his complete recovery from his harrowing experience.

TWO SPEEDERS FINED

Philadelphia Men Penalized \$5.00 Apiece in Moorestown Police Court

Two Philadelphians have been arrested in Moorestown during the past few days. Both were arrested by Officer Walter A. Erickson, who directed traffic at Main and Church streets, and fines of \$5.00 and costs were imposed by Recorder Joseph W. Johnston at hearings in Town Hall.

The speeders were Earl C. Cooper, Trenton avenue and Ambler street, and Anthony Tomassco, Wharton street.

P. O. S. of A. NOTES

(By FURMAN A. WOOD)

The first chapter of the Evans-Matlack mystery serial closed on Monday to the satisfaction of Brother Tyler, who received a handsome night lamp as a reward for his part in solving the problem. All members present before camp opened on any meeting night are eligible for the next lap of the contest.

Joseph Low was high man in the pinocle tournament last Monday night.

Baseball with the team of Mount Holly Camp will be the feature for next Monday.

Captain Wilbert Rich wants all bowlers who wish to join his team to meet him at the earliest convenience to discuss the details.

The Producers' Club will dine at the Green Tree Inn, Moorestown, October 16th.

The Burlington County Association will meet at Marlton Thursday of next week. Twenty-five members are wanted to fill a bus. Those intending to go please get in touch with Walter Horner Monday, October 6th.

PAVEMENTS ALONG BURLINGTON ROAD

Township Asks County for Line in Anticipation of Early Action

The Public Service asked for and received permission to erect 155 poles at the meeting of the Burlington County Board of Freeholders last Friday.

Of this number 142 are to be on the Vincentown-Red Lion Road, from the intersection of the Evesboro Road and 12 on the Marlton Pike near the intersection of the Evesboro Road.

The construction of sidewalks along the road between Delanco and Beverly, which has been discussed for many months, is again up for consideration. The township committee of Burlington township asked the county to give a sidewalk line, as it is expected to start the work at an early date. The matter was referred to the Road Department with the power to act.

Washington Township asked to have the bridge on the Green Bank-Jenkins Road built before the one on the New Gretna-Harrisville-Jenkins Road, owing to the fact that the former road is used for transporting children to school, and the bridge is unsafe. The communication stated that Freeholder McCormick had promised that the bridge would be built first. The matter was referred to the Bridge Department with power to act.

Department bills were paid as follows: Roads, \$11,495.94; Bridges, \$3,544.41; Finance, \$54,576.26; Public Buildings, \$8,490.45; Public Affairs, \$1,356.11.

MANY PUPILS ENJOY SCHOOL HOT LUNCH

Lunch Room Filled to Capacity; Children Eat in Relays to Prevent Congestion

With 261 pupils enrolled in School No. 2 at Cinnaminson and a splendid attendance, this building is a busy center, while No. 4, with 159 pupils is not far behind.

Today the P. T. A. caller took lunch with the children in No. 2. So many patronize the nourishing dishes offered, that to prevent the room being unduly crowded, they come in relays. Those who bring their lunches from home eat with the others, mostly supplementing it with a hot soup or cocoa.

All, even the tiniest beginners, are required to observe careful habits of cleanliness and neatness. All paper, crumbs and other leftovers are deposited in the proper receptacles on leaving.

The P. T. A. County Council will meet in the Methodist Church in Vincentown, on October 8th, at 10 A. M. Transportation will be provided for all who wish to attend if their names are sent to the P. T. A. president.

CORRESPONDENT.

COM. AND MRS. CLIFTON WILL FLY TO CONVENTION

Daniel M. Clifton, of Riverton, Eminent Commander of Cyrene Commandery, No. 7, Knights Templar, of Camden, will head the delegation from the Camden organization which will attend the annual field day at Atlantic City Friday and Saturday of this week. The delegates will be accompanied by the famous Commandery Band of forty pieces, and the drill team of the Auxiliary will stage an exhibition drill during the session. Commander Clifton and Mrs. Clifton will fly to Atlantic City on Friday from the Central Airport, Camden.

CHICKEN SUPPER

A chicken supper will be given by the Ladies' Aid of the Epworth M. E. Church in the church basement, Thursday, October 9, from 3:30 to 8:00 p. m. Adults, seventy-five cents; Children under eight years, fifty cents.—Adv.

Off to Boston

The Drum and Bugle Corps of Post Rodgers, American Legion, will leave next Sunday morning for Boston, where it will participate in the competition for the National title.

The Atlantic City-New York express will start at 8:30 a. m. for the boys and they will be able to make a fast trip.

The Corps has high hopes of finishing well up among the best in the country, as they have been practicing faithfully and have a splendid drill to use for the competition.

The Corps has won the New Jersey title twice in the past four years, taking third place at the recent State Convention.

WATER CO. PLANS LARGER MAINS

New Pipes Will Be Laid in Cinnaminson Township, Giving Better Service

In keeping with its policy of having its equipment up-to-date and adequate for the requirements of its patrons, the Riverton and Palmyra Water Company is installing eight-inch mains in a large section of its territory in place of the four-inch pipes which have served for thirty years or more, and which have become inadequate to meet the growing demands for water service.

The new installation will start at Highland avenue and Burlington Pike. From that point it will continue to the intersection of the Pike and the Riverton-Moorestown road, which will follow to a point near the junction of this road with Branch Pike.

The installation of the larger mains will give better service to private consumers, and the substitution of six-inch fire hydrants for the four-inch ones installed many years ago will greatly increase the fire protection in the territory affected. This will be particularly valuable to the schools, three of which will receive this added protection.

A. E. Hargett is district manager of the National Water Works, which owns the local water plant, along with a number of others in the State, and is in charge of the office here, located at Morgan and Bank avenues. William H. Buck is superintendent of the plant.

REPUBLICANS TO OPEN CAMPAIGN

Burlington County Committee Activities to Start With Dinner, October 10

The executive committee of the Burlington County Republican Committee will open the Burlington County Republican campaign on Friday evening, October 10, with a dinner at the Brainerd Memorial Hall, Garden street, Mount Holly, at 6:30 o'clock. Tickets may be secured from Alfonso Adams, assistant secretary, at Mount Holly. County chairman, Charles R. Stout, has secured some of the most interesting speakers available.

President of the New Jersey State Senate, Arthur M. Pierson will deliver the main address of the evening. Other speakers on the program are Congressman Isaac Bacharach, Senator Clifford R. Powell, Assemblyman Marcus W. Newcomb, and Judge Harold B. Wells.

"The Burlington County Republicans are planning to have an active campaign until election day, November 4," Chairman Stout reports.

LEGION AUXILIARY

Will Solicit Each Merchant in Town for Card Parties to Be Held This Winter

During the next week some members of the American Legion Auxiliary of Post Frederick M. Rodgers, of Palmyra and Riverton, will ask each merchant in the two towns to contribute a prize to be used during a series of card parties, which are being planned by the Auxiliary during the coming fall and winter season. This request for donations of prizes will be the only appeal made by the Unit during the entire season, and it is the hope of the Auxiliary that the response will be 100 per cent. favorable.

Each prize will be marked with a ticket designating the donor, unless otherwise requested by the contributor. All prizes donated during this period will not be used at the card party which will be held by the Auxiliary on Tuesday, October 21, as they intend to carry out the very popular practice of allowing two prizes for each table.

The Auxiliary will be very grateful to any and all merchants who donate prizes during the next week or so and in this way help to make this series of card parties more successful than any ever held in this community.

MALE HELP WANTED

MEN—EARN \$50-675 WEEKLY Learn automobile painting and repairing. Earn \$50 weekly besides learning trade. Call mornings, Bell, 463 Bulletin Bldg., Philadelphia.

HOLD 'HEART DAY' HERE SATURDAY

Volunteers of America Will Conduct Campaign in Palmyra-Riverton

A representative of the Volunteers of America, General and Mrs. Maud Ballington Booth, National president, has been given permission to hold their annual "Heart Tag Day" in Riverton and Palmyra on Saturday, October 4th.

The following, well known patrons and benefactors will sponsor Mrs. Booth's work, who are as follows: Mrs. Walter L. Bowen, Charles Delanco, Director of Public Safety; Mrs. Nathan Lane, Jr., Mrs. Herbert Morris, Rev. H. L. Cressler, Mayor George N. Wimer, Rev. J. W. Lee, Mrs. James T. Weart, Miss Marcella Bowen will have charge of finances and headquarters at The New Era Office.

Mrs. Booth and her associates are well known in every person in the United States and there has been organized in every city in the United States, during the past thirty years, one or more homes for aged children, day nurseries, boys' clubs, missions, etc. Headquarters for the State are maintained at Trenton. Regimental officers of the organizations assist destitute families of prisoners and others anywhere in the State.

Local merchants have signified their willingness to co-operate and have offered some prizes and movie passes to the youthful "taggers" as "incentive" or rewards, who will help in putting over this drive for children.

The one who secures the largest amount for his or her tags will receive a No. 2 Hawkeye Kodak, given by L. L. Keating, Drugs; second, a flashlight, given by J. S. Collins and Son; third prize, a pound box of chocolates, given by B. E. Blankenbush. Those who do not win prizes, but who secure at least \$3.00 for their tags, will receive a pass to the Broadway Theatre.

Invitations to sell the tags have been mailed to a number of boys and girls and the committee hopes each one will give at least a portion of their time on Saturday to help this good cause. The tags are to be sold mostly in the resident districts for a quarter, dime or whatever anyone cares to give. Purchasers are asked to display their tags to avoid second appeals.

An "extra heart" on Saturday will in no way cause anyone discomfort and will help many an unfortunate—so give what you can.

COUNTY PARKS GROUP PLANNED

Representatives of Thirty-six Civic Organizations Approve Program

At a meeting in the County Court House at Mount Holly last week, representatives of thirty-six Burlington county civic organizations voted to organize a Burlington County Parks Council to continue studies regarding the necessities for county park development that have been carried on during the past year by several individual associations.

The meeting was called to order by J. William Pennell, Medford, chairman of one of the park committees, who called attention to the increasing population in Burlington county, the unsightly exploitation of some of the county's beautiful stream valleys. He was followed by C. W. Tillingshast, field secretary of the Regional Planning Federation, who declared that studies made by the Federation show that the county possesses only one half an acre of park space for every one thousand people.

Several instances of local park development were cited to show the inadequacy of local work and the need for a county-wide park system.

The meeting adopted a resolution calling for the appointment of a steering committee, to quote, "To weld this group in to a Burlington County Parks Council and devise ways and means to continue the studies already begun and make the results thereof effective, and to carefully consider the field of leadership in the county and choose the president of the Council."

The following members of the steering committee were appointed: W. R. Conrad, chairman, Burlington; Mrs. Henry J. Sherman, Moorestown; Norman Harker, Mount Holly; F. P. Jones, Jr., Beverly; Samuel Collin, Delanco. The chairman announced that representatives of the other communities would be appointed to this committee at an early date.

ANOTHER BARGAIN AT SMITH'S

A limited number of regular \$1.00 Men's Shirts, selling at 3 for \$1.00, while they last. Smith's, 414 Main street, Riverton.—Adv.

FOOTBALL SATURDAY, OCT. 4

Memorial Field, Riverton
RIVERTON
VS.
CALMAR BLUEJACKETS
Game called 3:30

WILL TRY NOVEL CARD PARTY STUNT

Interesting Experiment at Palmyra K. of C. Hall; Prizes Galore and "Bingo" Too

A new idea in card parties will be tried out in the K. of C. Hall at Palmyra Thursday evening, October 9th. Under the new plan you make up your own social table by inviting three or four friends and your party remains set for the evening and pivots after a certain number of deals. You keep your own scores, play any card game that suits your particular fancy, and vie for the attractive prizes offered for each table.

The wardrobe is free, as usual. Door prizes of value will be given and before and after actual playing (time being in charge of the event) will be played for prizes.

A large attendance is expected and the committee promises an evening full of enjoyment for those who attend.

Don't forget the date, October 9th.

CO. PARK SYSTEMS TO BE EXPLAINED

Women's Organization Arranging Meeting; Connell is Main Speaker

In view of the growing local interest in the subject of a County park system, the Regional Planning Committee of the Woman's Club, and the League of Women Voters, of Moorestown, have arranged for a meeting to be held on October 14 at the Moorestown Community House at 6:15 o'clock.

Speakers best qualified to explain the achievements which have won pronounced approval will be present, and William H. Connell, executive director of the Philadelphia Tri-State Regional Planning Federation, will discuss the plan, the Federation and its local significance.

Several other civic organizations in Burlington County have appointed committees to study the needs of the County and to consider the advisability of entering into the general scheme in a definite, practical way, and it is along this line that the Moorestown organizations have arranged the meeting.

Since its organization in 1927, the Regional Planning Board of the Philadelphia Tri-State District has created a plan for preserving the 200,000 acres of comparatively wasted land within the area, exclusive of the pine lands of New Jersey. This land is largely marshy or of rough topography with soils unfavorable to productive cropping. Some of the land is near enough to large cities to be reclaimed in part for residential and industrial uses. Much is wooded and picturesque and valuable from a recreational point of view, and some regions offer potential sources of pure water, and power. About 4,000 acres of the territory are under consideration for park projects.

In developing its objective, the Federation invited the co-operation of engineers throughout the district, urging them to visit headquarters and to examine the large map, which is a unique composite of 5,000 air photographs. Following such visits, revision of the plans resulted, and the Federation is now prepared to submit its program to the engineering authorities of all the governmental units for their criticism and advice.

The importance of intelligent planning has been clearly illustrated in the Westchester County Park System where unsightly stream-beds have been reclaimed, beautiful bridges erected, arterial highway provided and carefully supervised recreational centers established.

About \$60,000,000.00 were spent in carrying out the Westchester County program and in six years the project has not only paid for itself, but in 1929 yielded a surplus of \$39,423.00 applicable toward bonded debt charges.

MISS FARRISH AT BRADFORD

Representing Riverton at Bradford Academy and Junior College, the oldest institution in the United States for the higher education of women, is Miss Alice Parrish, Bradford Academy, which opened for its 128th consecutive year last week, has a total enrollment of 187 young women representing 22 states, Cuba and the District of Columbia. Miss Parrish, daughter of Mr. and Mrs. Henry C. Parrish, of 901 Thomas avenue, is entering the senior class in the Junior College at Bradford.

PORCH CLUB NOTES

The Garden Section of The Porch Club will hold its first meet on the 8th of October at 10:30 a. m. at 901 Thomas avenue.

Mrs. William Weikel, the chairman of the New Jersey Federation of Garden Clubs will be present and will tell of the Atlantic City Flower Show.

The Riverton Porch Club will start its winter season with a luncheon on October 7th at one o'clock, followed by a talk by Mrs. I. V. Hubbard, ex-president of the State Federation. Reservations for luncheons must be made to Miss Buelah Parry by Saturday evening.

On the 14th, at 10:30 a. m., the Garden Forum at the Merchantville Woman's Club.

Also on the 14th, at 10:00 a. m., Mrs. Clayton D. Lee will talk to the club in her charming way on Current Events.

YMCA TO HOLD OPEN HOUSE AT HOME TONIGHT

Emmor Roberts to Speak on Aviation as Season's Activities Begin

GROUPS REORGANIZED FOR MUTUAL BENEFIT

Leaders to Attend Conference at Camp Ockanickon This Weekend

Tonight will mark the opening of the Palmyra-Riverton Young Men's Christian Association for its forty-third season, which is expected to be one which will surpass any in the history of the organization. The meeting will be held in the Y. M. C. A. building at Broad street and Garfield avenue, Palmyra.

Former State Senator Emmor Roberts, of Moorestown, one of the most outstanding authorities on aviation in this part of the country, will be the speaker of the evening, and will discuss aviation.

Every boy and every citizen of the two towns is invited to attend this celebration. An evening of real enjoyment is being planned by the committee in charge of the event.

During the summer the "Y" building has been improved, and an extra room is now available, where group meetings may be held. The walls of the gym have been refinished and everything is in readiness for the winter's activities.

Every group has been reorganized, in order to give every boy the advantage of being with the group from which he will derive the most benefit. A competent corps of leaders has been lined up and they all expect to spend the weekend at Camp Ockanickon, where a State Group Leaders' Conference will be held.

At the present time two more leaders are needed. The leaders who will go to Ockanickon for the weekend are: Marshall Wilbraham, Thomas Price, Fred Green, Henry Wilbraham, Edson Hicks, Walter Price, Herbert Price, Lloyd Griscom and William H. Plank.

The "Y" building and the Epworth M. E. and Calvary Presbyterian Churches will be the meeting places for the various groups this year.

COP FRUSTRATES SUICIDE ATTEMPT

State Trooper Turnbull Snatches Victim From Deserter Wife's Lips

Hugh G. Taggart, 21, Burlington Pike, near Five Points, was committed to the Mount Holly jail Tuesday after his arrest on a charge of desertion.

His wife Nica Taggart, was frustrated in a suicide attempt by State Trooper Turnbull, who snatched a bottle of cyanide from her as she was about to drink it.

Taggart, who was employed at the R. C. A. Victor Company, Camden, left his wife and year-old baby September 23, staying in Philadelphia until Tuesday afternoon.

The State Police, to whom the case was reported, attempted to lure Taggart back to New Jersey, where they could arrest him, but without success.

When Taggart returned to Camden for his pay check the Camden police, by request of the State Police, held Taggart. Trooper Turnbull was dispatched to Camden to bring Taggart back to Palmyra, where he was arraigned before Justice of the Peace Fichter. As Turnbull was returning with the wife from Taggart's home, on Burlington Pike, she drew a bottle of choliform from her pocket-book and had placed it to her lips when Turnbull snatched it from her.

When asked for a reason for deserting his family, Taggart stated that too much interference from his mother-in-law had caused him to leave. He declared his intention of staying away unless there was less annoyance from Mrs. Taggart's mother.

His wife declared he had left her with very little money or food. Taggart said that if her mother could defend her, she might as well support her also. He did, however, endorse his pay check in favor of his wife.

When Taggart was unable to supply \$200 bail he was committed to the Mount Holly jail to await the action of the Grand Jury.

No action was taken against Mrs. Taggart for her attempted suicide.

ASSOCIATE MEMBERSHIPS

The Drum and Bugle Corps of Post Rodgers, American Legion, Palmyra, acknowledges with thanks the following associate memberships: W. A. Donaghy, Palmyra; F. A. Mathews, Palmyra; Jack Whomsey, Riverside, and S. P. Scholey, Burlington.

RUMMAGE SALE

The Burlington County Tuberculosis League will hold its semi-annual Rummage Sale in the Browns Mills auditorium on October 16th and 16th. Luncheon and supper will be served on Wednesday.

CONCRETE PAVING DECIDED ON FOR MORGAN AVENUE

Palmyra Concrete Company
Awarded Contract as Citizens Indicate Choice

ASPHALT BEING USED NORTH OF SPRING GARDEN

Work Will Start at Once and
Be Finished Before
Winter

Concrete was decided upon for the paving of Morgan avenue, south of Spring Garden street, at an adjourned meeting of the Palmyra Borough Council Tuesday evening.

Alternate bids for both concrete and asphalt were received at a meeting just a week before. Before signing a contract with either bidder, the Street Department sent out cards to all property owners affected, asking that they indicate their choice.

The result was that the owners of approximately 1,600 feet of frontage asked for concrete and about 1,200 for asphalt.

The contract was accordingly let to the Palmyra Concrete Company, which had submitted the lowest bid for seven-inch reinforced concrete. Work will start immediately.

The Union Paving Company, which is doing the work on Lincoln avenue, was the lowest bidder for asphalt and would have received the contract had that material been decided upon.

This concern will pave Morgan avenue, between Broad street and Spring Garden street, with asphalt, in accordance with the contract originally signed for Lincoln, Highland and Morgan avenues.

The concrete paving will be from Spring Garden street southward to the Borough line.

Five firms bid on the work, three for both types of paving, one for concrete only, and one for asphalt only. The low bidder for concrete was the Palmyra Concrete Company at \$14,244. The low asphalt bid was made by the Union Paving Company. Their estimate was \$11,355.

Other bidders on the concrete alternative were the Pennsylvania Paving Company, \$16,362; Union Paving Company, \$14,466; Ramsdell Construction Company, \$15,833. The other asphalt estimates were as follows: Pennsylvania Paving Company, \$14,841; Fish, Rutherford, Inc., \$14,697; Ramsdell Construction Company, \$14,380.

The bids were regarded as exceptionally low for the work and supports the contention of Council that the paving can be done this year at a lower figure than any time in the past several years, and probably lower than in future years.

RESOLUTIONS

The following set of resolutions were drawn up at the last meeting of the Burlington County Chapter, American Red Cross.

Whereas, on August 19, 1930, God, in His wise providence, called home our beloved member, Sallie G. Hoepfner; Now, Be It Resolved, That the members of Burlington County Chapter, American Red Cross, deeply regret their loss; Mrs. Hoepfner, with her ready sympathy, good judgment and warm heart, will indeed be sadly missed at the Chapter meeting and in our work.

All during the World War and since she has been a constant attendant at Chapter meetings and has been loyal to the cause of the Red Cross; in addition, for many years she has been treasurer of the Palmyra Red Cross Branch, and also treasurer of the Emergency Relief Fund of the Chapter, both of which positions she filled conscientiously and in a satisfactory manner.

We shall ever feel the loss of our friend and co-worker and desire that a copy of this resolution be forwarded to Mr. Hoepfner and that the same may be made a part of the minutes of our meeting of September 8th, 1930.

GEORGE A. PARKER,
MINNIE C. SCHUYLER,
ELIZABETH R. TILLINGHAST,
Committee.

NEW GOLF CLUB FOR BURLINGTON COUNTY

New Organization Building 18-Hole
Course to Be Opened Next
April

The Burlington County Country Club will come into being next spring when a complete golf layout of 18 holes will be opened on Burr's road, between Mount Holly and Burlington. The course is now under construction and is scheduled for completion by April of next year. Alexander Findley, famous architect, is laying the new links. Findley constructed the Pine Valley and Pitman Country Club courses.

Membership in the club is already nearly filled. Officers, a board of governors and various committees have been selected and a membership committee is now completing the roster, which includes the names of many prominent Burlington County residents.

The officers are: Col. Thomas D. Landon, president; David Styer, first vice-president; Charles Coles, second vice-president; Ira J. Davis, treasurer, and Walter W. Hess, treasurer. The board of governors is made up of the officers along with Stanley Coyle, Morris K. Perinich, Arthur D. Cross, George O. Neidich and William H. Conard.

Although his funeral would not compare in grandeur with that of a prosperous racketeer, Louis A. Thiel, a Chicago artist, had 76 official mourners at his obsequies. Few, if any, tears were shed, but each mourner received \$20 for his services, from a fund left by Thiel for the purpose.

Maple Shade Seeking More Camden Buses

An application has been filed with the State Utilities Commission by Joseph Schlitz, owner of the Joseph Schlitz Bus Company, for an "open door" bus permit to operate an all-day schedule between Camden and Maple Shade. Many other suburban independent bus lines have been permitted to operate on the "open door" policy, Schlitz points out.

Camden and other municipalities have granted the necessary consent to Schlitz. Resident of Maple Shade supports Schlitz' application in prospect of increased bus service between there and Camden.

Schlitz now operates two buses between Maple Shade and Camden only between 6 and 7 a. m. and 5 and 6 p. m.

INVENTOR'S SHOP IS DESTROYED BY FIRE

Cyrus Bridegum, Hainesport Steam
Shovel Expert, Fixes His
Loss at \$3000

The workshop and garage of Cyrus Bridegum, an inventor, of Hainesport, were destroyed by fire last Friday night.

The fire started in the rear of the garage shortly after 7 p. m. and the flames gained such headway that the Hainesport fire company summoned and from Mount Holly and Columbus. The fire quickly spread to the workshop, a two-story frame structure.

Firemen had difficulty in preventing the flames from spreading to the home of Mrs. Pearl Bridegum, daughter-in-law, next door to the inventor's dwelling. Mrs. Bridegum is vice chairman of the Burlington County Republican Committee.

Bridegum is a steam shovel inventor. He fixes his loss at \$3000.

ALLEY GOLF

By "BILLY" KNOX MGR.

PALMYRA BOWLING RECREATION

A treat is in store for the bowlers of Palmyra, Riverton and vicinity tonight when Charlie Trucks, one time the world's greatest bowler, and Clyde Mattinson, a coming champion, will meet Shreve Nelson and Billy Knox in an exhibition at the Palmyra alleys. The contest will start at 7:15 p. m. The admission is free and every one is welcome. This should result in a very close contest as the local boys expect to defeat their Philadelphia rivals and will have to be at their very best to do so. Nelson has been turning in some excellent scores in practice and Billy is rounding into form. Word has been received that the Philadelphia bowlers have been going great, so this is your opportunity to see championship bowlers in action.

Have you seen the uniforms of the Pirate team of the Artisan's League? They are dressed in white with their name on the front and the dreaded "A" on the back, and on their backs. No wonder they won the championship last season.

Miss Grace Bauer, one of our charming school teachers, has taken up bowling as a means of recreation and has improved very rapidly in the last week. Yesterday she bowled a score of 140, which is good for a lady. In another game she bowled 124 and stays consistently over the 100 mark.

Every afternoon a number of Ladies may be seen at the alleys knocking down the pins.

Ladies' day seems to be Wednesday afternoon and quite a number of the fair sex could be seen knocking down the pins last week.

If possible a league will be formed for the ladies and the alleys reserved exclusively for them between the hours of 3:30 and 5:30 p. m. each Wednesday.

Here's one for Ripley. Three men, Ed, Jack and Hicks, in competitive bowling; each scored 153.

Walter Hansen's score of 230 in the Artisan's League was a corker. He made a strike or a spare in every box.

His score came within 2 pins of equalling the record for these alleys.

Ge, It's Great to Be a Bowler. "Watch me," he cried, "I'll get a strike. Because the ball I roll is dynamite. The pins, when hit, are bound to fall. From the curve I put on the ball. He hit the six, and staggers them all. And laughing, says, 'It's the work on the ball. Ge, It's great to be a bowler.'"

"Where is my hook?" said Eddie Beitz on Monday, after we had shelacked the alleys. One was said, "On the wall with your coat on it."

Howard Vile, the demon statistician, certainly knows his figures. Besides being a good bowler and a regular fellow, he has a system of keeping the averages, high, single game, etc., for each and every man who bowls in the Artisan's League, which are posted each week on the bulletin board.

Jake, Steve and Phil, the bowling barbers, have received a challenge from Fortnum's Service Men and have accepted it. The match will be bowled next Monday evening at 9 o'clock.

YWCA TO OBSERVE WEEK OF PRAYER

Mount Holly Branch to Co-
operate With Noon-
Day Services

The Board of Directors of the Mount Holly Branch of the Y. W. C. A. will observe the World's Week of Prayer, November 9-15, in co-operation with the other religious agencies in the community, with a series of noon-day prayer services.

The National Y. W. C. A. of the United States is one of forty-nine national branches affiliated with the World's Council of the Y. W. C. A. with headquarters at 2 rue Daniel Colladon, Geneva, Switzerland.

As one of the forty-nine associations in this world organization, the Y. W. C. A. in the United States has responsibilities toward the association in other countries and has been greatly enriched in its international thinking and practice by these connections. The Week of Prayer will be observed in all countries where the association is organized.

Mrs. Harold Horner and Mrs. R. H. Mason are the committee in charge of the service.

Camp, October 18 and 19

Any industrial girl in Burlington County will be most welcome at the week-end camping trip of the YWCA Camp Parkersburg, near Medford, on October 18 and 19. The camp will open on the afternoon of Saturday, the eighteenth, and close after tea on Sunday.

A splendid program, including outdoor sports, canoeing and boating, poetry, music and discussions, is being arranged by a committee, which includes Mrs. Henry Albertson and Miss Sophia Kilpack, Burlington; Mrs. Frank Smith, Hancocks; Mrs. Earl Williams and Mrs. Margaret Baylor, Moorestown; Elizabeth Willis, of Beverly, and Sidonie Schaefer, of the County Y. W. C. A. Enrollments should be made at the County Y. W. C. A. office in Mount Holly.

English Classes

A class in English for foreign women will again be given by the Y. W. C. A. in Burlington. All women who are interested in learning to speak English are invited to meet at the Y. W. C. A. on Monday, October 13, at eight o'clock. Classes will be organized to meet the needs.

A number of Greek and Italian women have already expressed their desire for the class, but it will not be limited to these nationalities.

Miss Lydia Rogers and Miss Margaret Haines, who are working out the plans, hope to make the course very practical, helping the women to learn how to do the everyday tasks, shopping, traveling, learning how to meet problems arising in connection with her children in school.

Reserve Conference, October 11

The "Setting Up Conference" for Senior High School Girl Reserves will be held at the Y. W. C. A. in Burlington on Saturday, October 11. Officers and committee chairman from thirteen clubs throughout the County will attend.

Mrs. Charles B. Beckwith, of Pemberton, who met with a council of girls to plan the conference, will open the morning session. This will include songs, discussions, games and handicraft. Luncheon will be served by a group of Burlington women headed by Mrs. George Rigg.

The afternoon session will center around the theme, "The World We Work In." There will be talks on what girls find when they go into a factory or office, and what an employer expects of a girl.

The new Girl Reserve Club in Cookstown has already had two meetings, and has organized under the leadership of Miss Viola South.

The Lenola Club has reorganized with a new adviser, Mrs. John Cecil, of Moorestown.

HENRY C. BUCHANAN, NEWSPAPERMAN, DIES

Founder of Trenton Press Club and
Editorial Writer, Victim
of Heart Attack

Henry Clay Buchanan, 79, dean of New Jersey newspapermen and editorial writer for the Trenton Times, died suddenly at his home Sunday of a heart attack.

Born in Bucks county, Pa., he went to Trenton at the age of 19 and had been with newspapers since that time. He was the founder of the Trenton Press Club and was state librarian from 1899 to 1914.

Mr. Buchanan had been in ill health since the death of his wife last May but his condition was not considered critical.

He is survived by three children, Vice Chancellor Malcolm C. Buchanan, of Trenton; James M. Buchanan, of Maplewood, and Miss Mary F. Buchanan, Trenton teacher.

Mrs. Lizzie V. Hollinshead

Mrs. Lizzie V. Hollinshead, widow of Nathan Hollinshead, died at the residence of her son, George M. Hillman, on West Main street, Moorestown, Sunday afternoon. She had been in ill health for some time and was confined to her bed for several weeks before her death.

Funeral services will be held this (Wednesday) afternoon at 2 o'clock from her late residence, William Grobner, who will be the funeral director in charge. Interment will be made in Mount Vernon Cemetery, Philadelphia.

Mrs. Hollinshead is an old resident of Moorestown, having passed the fifty-fifth anniversary of her moving here last summer. She was very well known in the community and loved by a wide circle of friends.

She is survived by a son, George M. Hillman, former Prosecutor of Burlington County, and three grandchildren.

RUNAWAY TEAM STOPPED BY TRUCK

Supplee-Wills-Jones Horses Cause
Much Excitement But Do Little
Damage

A runaway team created considerable excitement in the Palmyra business section Tuesday morning, but caused little damage.

Russell Hillon, of Riverton, was serving a milk route on Morgan avenue for Supplee-Wills-Jones when the team drawing his wagon broke loose.

The horses ran down Morgan avenue at top speed and crossed Broad street, continuing towards the river. William Birkenback, of 423 Leconer avenue, Palmyra, jumped on the wagon and made a strenuous effort to stop the team but was unable to do so.

They were stopped only when they ran into the Riverton Borough street truck near the foot of Morgan avenue. Both the truck and wagon was damaged slightly.

The Riverton truck was driven by John Carhart, but he was not on it at the time. The machine was parked while the men were working on the street.

REV. G. H. HUMASON FUNERAL MONDAY

"Bishop of Stanwick" Succumbs
Here After 6 Months'
Illness

The Rev. Dr. George H. Humason, affectionately known as the "Bishop of Stanwick," died at his late residence, "Sunnymede," on East Second street, Moorestown, on Friday morning, following an illness which had kept him confined to his bed for nearly six months. He had been in poor health for nearly a year previous to his confinement.

Funeral services were held from his late residence on Monday afternoon at 2:30 o'clock. The Rev. Frederick B. Morley, pastor of the Methodist Episcopal Church, officiated, assisted by the Rev. John R. Mason, former pastor of the local church, and long-time friend of the deceased, and John T. Evans, who has been connected with the church for more than fifty years.

Miss Annie Yarrington sang two of the late Doctor's favorite hymns. The funeral service was very quiet and simple. Numerous tributes of flowers filled the room as friends sought to pay their last respects.

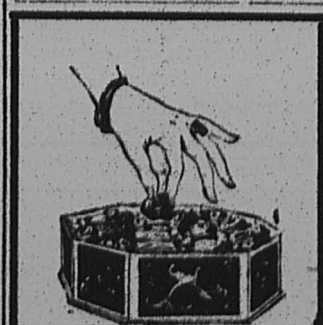

Interment was made in West Laurel Hill Cemetery, Philadelphia.

The Rev. Dr. Humason entered the Methodist Episcopal ministry in 1869, holding a number of important places before coming to this section. He held both a Ph.D. and a D.D. degree.

In 1894 he became pastor of the Centenary Tabernacle in Camden, but was forced to give up this heavy parish because of ill health. He then came to Moorestown, where he served for two years. A complete breakdown forced him to retire, and he then made Moorestown his home.

Dr. Humason was known throughout the town for his kindly disposition and straightforward manner. One of his friends remarked, "When Moorestown lost Dr. Humason it lost a friend." Everyone loved him, and the many people who sought his assistance received it.

He is survived by his widow, Sarah; a daughter, Clara Steinmetz, wife of the Rev. Dr. Steinmetz, Episcopal clergyman, of Philadelphia, and two grandchildren, Humason and Beatrice. The pall-bearers were the Rev. J. Shookford Dabney, the Rev. Edgar L. Sanford, Roy D. Cole, William D. Oldershaw, Dr. Albert B. Pancecoat and William Boudwin.

'Happiness Candies'

BOXED and in BULK

Don't forget the High School Voting Contest. Votes with every purchase of 5c or over. Vote for your favorite class. A prize to the winning two classes of \$25.00 and \$5.00. Results to date:

Class	This Week	Last Week	Tot.
Senior	48	7	55
Junior	77	76	153
Sophomore	45	25	70
Freshman	157	85	242

LARSON STARTS NEW TELETYPE

Governor's Message Transmitted
to 32 Stations as
Alarm System Opens

Brief ceremonies at Newark Wednesday marked the placing in service of the State-wide teletype alarm system.

The alarm system was authorized by the last Legislature for the State Police, and is expected to form the nucleus for a complete network of police intercommunication throughout New Jersey. Essex county has announced it would join the system, and other counties and municipalities are expected to follow shortly.

Governor Morgan F. Larson officially opened the system with a message delivered at Newark. This message, Colonel H. Norman Schwarzkopf, superintendent of the State Police, placed on the teletype system, which transmitted the Governor's words as he talked to the thirty-two other State Police stations in the State. The ceremonies were held at Newark to enable Governor Larson to participate. Other speakers at the ceremonies included Senator Arthur N. Pierson, sponsor of the inter-county and interstate regional plan committee; Colonel Schwarzkopf; the Rev. Gill Robb Wilson, chaplain of the State Police; Senator Joseph G. Wolber, sponsor of the legislation creating the alarm system; Philip T. Bell, president of the New Jersey Association of Chiefs of Police; G. W. McEae, vice president and general manager.

An up-to-date Kansas City woman tells the newspapers that the name of Petticoat Lane in that city is obsolete and should be changed. She said the name meant nothing to the present generation, and suggested "Step-in Strasse" as a substitute.

Now here is a bit of interesting news for you. Due to popular request, we have decided to put on one more "Penny A Pound" flights at the Moorestown Airport on Saturday and Sunday, October 25th and 26th. This will be the last of the special price flights until next spring and comes at a time when the country is especially beautiful to see from the air.

And now another ship joins the flying family at the Moorestown Airport. The newest member is a Curtiss Robin cabin monoplane powered by an OX-5 engine, and is owned by Bill Geisenheimer, of Merchantville. "Bill" and Chief Pilot "Jim" Erdman flew the Robin down from Rockland, Maine, arriving at the local airport at 7:35 Saturday evening. The 600-mile flight was made in seven hours and forty minutes.

Lieutenant C. Victor Williams, president of the Burlington County Aero Club, returned to the Moorestown Airport on Monday afternoon from a cross-country hop to Langley Field, Virginia. "Vic" will leave again in a day or so for the Waco factory, Troy, Ohio, to have some adjustments made on his new Waco F. "Vic" sure likes to take his cross-country flights. After all why own a ship unless you get out and go places?

PRIZES OFFERED FOR BIOGRAPHIES

Shover Funeral Home to Give \$10.00 in Gold to Winner

Three prizes are being offered by Funeral Director Frank A. Shover for the best and most complete biography and scrap book taken from the advertisement, "American Biographies in Miniature," which appears in the advertisement of the Shover Funeral Home, Inc., in each issue of this paper.

The first prize will be \$10.00 in gold; second, \$5.00 in gold, and the third will be \$2.50 in gold.

A complete written history of any one of the men whose miniature biography has appeared in this paper from October 2, 1930, to May 7, 1931, and also a scrap book containing each week's advertisement, all that are necessary to enter the contest.

The contestants are asked to keep three things in mind, first, completeness; second, neatness, and third, general appearance.

Following are the rules governing the contest. Contest starts October 2, 1930, and closes May 7, 1931. Any grammar school or high school student may enter the contest. The scrap book must contain each Shover Funeral Home advertisement which appears in this paper from October 2, 1930, to May 7, 1931, one full and complete biography is necessary, but it must be one of the men whose miniature biography has appeared in this paper during the time of the contest. The entries will be judged according to completeness, neatness and general appearance. The scrap book and biography must be in the hands of Mr. Shover by May 12, 1931. The names of pupils entering the contest must be given to the principal of the school which they attend not later than October 10, 1930.

All grammar and high school students of the two towns are urged to enter the contest. All those entering not only have a chance to earn a cash reward, but they also have a chance to gain a vast store of knowledge concerning men who have played an important part in the history of our country.

Many students from the schools in the two towns have already entered the contest and Mr. Shover advises all those who have not entered to give their names to the principal of the school they attend on or before October 10, as this is the last day on which the names of pupils entering the contest will be received.

Riverton School News

PUBLISHED BY THE PUPILS OF THE RIVERTON PUBLIC SCHOOL

Vol. 1. October 2, 1930 No. 1

Safety Patrol

The student council has completed a plan whereby older pupils will be stationed on the corners of streets near the schoolhouse, to prevent jaywalking or careless crossing by the rest of the school. The duty of the traffic squad is to hold the crowd on the corner until it is safe to cross, then to let it go; stopping automobiles or other vehicles is not attempted.

Quite a few pupils have signified their desire to play soccer or hockey. It is planned to have one contest a week in each sport and to pick the teams so that they will be even as possible. Later on some basketball will be played as long as the ground permits the use of the out-door court.

Station K—Kindergarten

When the kindergarten children came back from their summer vacation, they talked about things they had seen. As most of the children had been to the shore, they made a beach scene on the sand table. There were many pictures about the room which illustrated summer vacation experiences. A great many of the boys are interested in boats and they have built a big one of blocks, which has a canvas sail.

They have made smaller ones of cardboard which they place around the room. Some children contributed magazines or newspaper pictures of sailboats, steamboats, and battleships. There is already an air of industry in the kindergarten room.

Classroom Attractions

As I entered the Sixth Grade room I noticed that the children were creating the evolution of the home in crayon. Dorothy Wolcott planned the first step in the evolution, the cave. The second step was chosen from William McGonagall's "The Cave of the Past." Herman Weber portrayed the hut, which was the third step. The simple home which was made by William Wignmore is the fourth and last step. They are doing this in connection with their history work.

PARENT-TEACHERS THANK EDUCATORS

Appreciate Efforts of School Board in Putting Children on Full Time

A letter expressing the appreciation of the Parent-Teachers' Association for providing room for all children to attend school on full time was read at the regular September meeting of the Palmyra Board of Education last Thursday.

Another letter was received from Harold B. Lindh, stating that he had accepted a position at Bridgeport, Conn., he would be unable to continue as coach of the track team. A motion was passed that he be advised of the appreciation of the Board for his past services and its best wishes for the future.

Still another communication was read in which Miss Mary B. Egan expressed her appreciation to the Board for appointing her principal of the grammar school and thanked the members for the increase in salary granted at the time.

In making his report Prof. C. F. Denger stated that the Seventh Grade was overcrowded and a series of tests were being given to determine if any of the pupils would be able to take up advanced work and enter the Eighth Grade, which was not crowded.

He also reported that the School Band was making fine progress and asked the Board to consider placing the instructor on its payroll as a part time member of the teaching staff. The instructor is now being paid by the parents of the boys in the band. A suggestion was also made that the Board give thought to a proposition to purchase uniforms for the boys as soon as possible. The suggestions were referred to the committee.

A suggestion that a refrigerator not being used in the cafeteria be sent to the Spring Garden Street School so milk received in the morning could be kept fresh until afternoon was approved.

Howard G. Taylor, of the Cinnaminson Board of Education, was present and spoke briefly. He said that since a large number of Cinnaminson children were coming to Palmyra schools the Board wished to keep in close touch.

There was some discussion of a report which had come to one of the Board members that \$4,000 had been spent for the fence around the athletic grounds. A resolution was passed that a detailed statement of expenses in connection with athletics be published for the year 1929, when this work was done.

The statement, which follows, accounts for an expenditure of \$4,421.65, which amount was used for many purposes other than for the fence.

Cyclone Co. for Fence	\$2,079.00
Medart Co. for Lockers	1,219.58
L. Corner for Work on Grounds	10.00
J. Renshaw for Furnishing and Setting Goal Post	61.56

EDITORIAL

At Riverton School we have organized a Press Club, the editor-in-chief of which is Edith Ridley. She is assisted by Howard Barto, Eleanor Williams and Edward Paulus, who collect and organize the school news given to them by the school reporters.

It will be the aim of this little publication to give the news of the school, its pupils and faculty. The editors hope that parents, pupils and the public at large will find it interesting.

The name for the paper has not been definitely decided upon, so for this week we will call it "School News." By next week we hope to have a permanent name.

One thing very much in evidence is the post office, in which every child has a box. The child puts his work for the week in this box as he gets it finished. The teacher takes it out for correction. If she finds errors she marks them and puts the paper back in the box.

This decidedly represents individual work.

Encourage Home Reading

Reading is not only an essential way of acquiring knowledge, but also having a good time. We can gather much through home reading that we could get in no other way. Take Lincoln for example; how did he rise from a country boy to president? Why, partially through the aid of books, of course. We can, likewise, travel wherever we wish through the world of imagination in books. Last week one of the boys in our class came in and said he had been to the South Pole with Byrd. When we asked him what he meant, he said, "I went by book, of course. Haven't you read his book, 'Skyward,' yet?"

In every room throughout our school there is a list of suggestive books for us to read. There are types of books to suit all tastes, such as books of adventure, humor, mystery, biography or romance. Our class motto, and I think it should be every one's motto, is "Read An Abundance of Good Books at Home."

AUTO THIEF KNOCKS DOWN DELANCO

Chief of Police Lindh Gets Up and Subdues Three Assaults, Placing Them Under Arrest

Following their arrest Sunday on a charge of automobile theft, three Philadelphia youths, being held without bail in the Burlington County Jail.

One of the trio is accused of knocking down Chief of Police William Lindh, of Delanco, in an attempt to escape as he was taking them to the Delanco State Police Barracks.

The youths gave their names as James Moore, 21, driver of a stolen car; James Daley, 22, and Eugene McMennan, 20.

Lindh declares the three youths attacked him while he had them in custody on the way to the State Police quarters. He succeeded in subduing two of them after the first had been overcome by a poorly directed blow of one of his associates.

Moore was pronounced drunk and, together with McMennan and Daley, was committed to jail by Justice of the Peace George Perkins.

The three admitted entering a Merchantville garage and taking an automobile, owned by Mrs. Ruth Leitz, of North Merchantville, while the night attendant was cleaning another car.

They stated that they had gone to Riverside for a few drinks, and after satisfying their thirst were passing through Delanco on their way back to Merchantville, where they intended to return her car.

The Riverton Scouts (Troop No. 50, Burlington County Council) held their first regular meeting of the new season on Friday night. This meeting was in the nature of an organization meeting.

The Troop was divided into two platoons have been recruited up to be composed of three patrols. For the time being no patrols will be organized and the organization of the patrols will not be made until the platoons have been recruited up to eighteen boys each. Eagle Scout William Shoemaker, 3rd, was appointed platoon commander of the first platoon with the rank of Junior Assistant Scout Master. Scout Jack McNulta (who is new to the Riverton Troop, but has had wide Scouting experience in other Troops) was appointed platoon commander of the second platoon with the rank of Junior Assistant Scout Master. Eagle Scout Patton Kinney was appointed Senior Patrol Leader of Shoemaker's platoon. Eagle Scout Henry Nelsby was appointed Senior Patrol Leader of McNulta's platoon.

Shoemaker's platoon is to be known as the Blue Platoon; McNulta's platoon as the Grey Platoon; blue and grey being the Troop's colors. The commanders of the two platoons are to be presented with lanyards in the colors of their respective platoons.

The Reds or the Blues

On Wednesday a Curtis Publishing Company representative visited Riverton School and created enthusiasm to add to our Civics Club treasury. He divided us into two teams, the red and the blue, the red being called the Red Rockets, and the blue the Blue Streak. The captain of the red team is Harold Baker and Mary Patterson is captain of the blue. Both teams are to sell The Saturday Evening Post, The Country Gentleman, and The Ladies' Home Journal, or to renew last year's subscription. The team which receives the most subscriptions wins. On Friday the Red Rockets had 20 sales and the Blue Streaks had 6.

The chairman of the entire proposition is Howard Barto. We all hope for close competition, but so far the Red team is far in advance. We have had two pep meetings in which we cheered for our team. Who will be the victor in this contest—the red or the blue team?

Our Assembly

Our Assembly is a meeting place in which we share our experiences with each other. We'll have a part to contribute to the assembly. The first week of school we held a special assembly on Friday and Mr. Cooper caught our interest by comparing Caste and Bellonte's trip across the ocean with our school year. The reason these daring aviators accomplished what they set out to do was because they were carefully prepared. If we are prepared, we will succeed in our trip through each year of the elementary school.

In another assembly Robert Hahn and Howard Barto gave a talk on their trip to Valley Forge during the summer and the Seventh Grade contributed a play entitled "Making the Flag." The Fourth Grade and the Sixth Grade sang for us. In our last assembly Robert Cole reminded us that it was Constitution Day, and the Eighth Grade recited the Preamble to the Constitution. Mary Wilson followed this by reading an original story, called "Jacques, The War Dog."

CHILD DIES AS RESULT OF BURNS

Two-Year-Old Palmyra Girl Fatally Burned While Playing With Matches

Florence Connor, two-year-old daughter of Mr. and Mrs. Robert Connor, Park avenue and Broad street, Palmyra, was fatally burned while playing with matches Monday afternoon. She died Wednesday morning.

Mrs. Jennie Deviney, a neighbor, was attracted by the child's screams and ran to her assistance. She found her wrapped in flames from her burning clothing and made a heroic effort to extinguish the fire. Before she could do so the child was badly burned about the face and body.

Officer Joseph Rodgers was called to the scene and rushed the child to the West Jersey Homeopathic Hospital in the Palmyra ambulance.

The child's mother was away at work at the time and Florence and some other children had taken advantage of her absence to play with matches.

THREE MEMBERS OF ONE FAMILY PRAISE KONJOLA

Mother, Son and Daughter Find New Medicine Just the Remedy They Needed

MRS. SOPHIE KILLIAN

"For years I had constipation and indigestion and both my son and daughter were troubled with the same ailments," said Mrs. Sophie Killian, 256 New York avenue, Jersey City, N. J. "I could eat but very little because of the painful gas accumulation and the bloating after each meal. Even a cup of coffee upset my stomach, and the solid foods, such as meat and potatoes, I could not eat at all. I became nervous and did not sleep well."

"I had no relief whatever until I began taking Konjola. I took only six bottles of this medicine and I am happy to say I feel as well as I ever did in my life. My bowels have been regulated; I enjoy my meals and I sleep soundly at night. After Konjola did so much for me, my son and daughter began using it and they both derived the same splendid results."

Konjola has become America's most talked of medicine because of records such as this. Try Konjola today. Konjola is sold in Riverton at L. L. Keating's store, and by all the best druggists in all towns throughout this entire section.

POLICE TARGET PRACTICE SCORES

FOOTBALL CUTS TARGET PRACTICE

Several Officers are Detailed to Football Games, But Interest Continues

The weekly police target practice held at Riverton last Saturday was marked by a smaller attendance. This, however, was partly due to the necessity of some policemen attending football games in their respective communities. Despite the reduced number in attendance, the competition continued with unabated enthusiasm.

Each man's score and his position for the day is given below:

Policemen	75 Ft.	50 Ft.	50 Ft.	Total
Jackson	40	40	38	118
W. Erickson	37	47	37	121
Brannin	37	44	38	119
Bolton	33	47	33	113
Patterson	30	42	35	107
Dorworth	33	47	34	114
Robinson	33	46	35	114
Hasher	33	40	39	112
MacDonald	28	38	31	97
Lenta	17	41	27	85
Dadde	14	34	23	71
Quigley	3	23	11	37
Miller	6	17	13	36

Seeing her home doomed to burn, Mrs. Anthonia Lamont, of Boston, took a hoard of \$2,000 from a wall in the basement.

Gas Provides a Glowing Hearthfire

Without Dust or Smoke or Odor

A GAS HEATER will beautify your empty fireplace and save you all the work and dirt a real fire brings. Lighted, it burns without making dust or dirt. There is no odor and the clean wholesome heat is sent into the farthest corners of the room.

We will connect either of these fireplace heaters to a gas outlet in first floor fireplaces without charge or in fireplaces on other floors where there is a suitable outlet provided not more than twenty-five feet of gas piping is required.

Made of antique cast iron with wrought iron finish the Gas Coal Basket is well suited to a small fireplace. Cash price is \$50 and terms price \$53—\$5 down and \$4 monthly for twelve months.

PUBLIC SERVICE

No. 5 Radiantlog comes in different sizes so that you can easily find one to sit into your empty fireplace. Cash prices begin at \$40. Sold on terms also.

HUNTING TIGERS

Fascinating Sound Picture of Actual Experiences at Broadway Palace Friday

"Hunting Tigers in India," a picture of special interest to school children, will be the Broadway Palace feature Friday night of this week.

The picture is a voice and camera record of an invaluable expedition into a most fascinating land of mystery, under the auspices of the American Museum of Natural History, of New York.

Beginning Saturday a special matinee will be shown with the same picture as the regular evening performance. Show will start at 2:30 p. m. Matinee prices will prevail.

A new clinical thermometer has been devised which readily registers the temperature of any vein, organ or cavity of the body. It is expected to be of great value in diagnosis of local affections of body tissues.

OUT OF TASTE

Regardless of party affiliation every American should have and show a proper respect for the President of the United States. A recent happening at Baltimore illustrates exactly the thoughtless attitude which occasionally characterizes some Americans.

President Hoover had been invited to review the annual parade of the Veterans of Foreign Wars. Beside him on the reviewing stand was the Governor of Maryland, Ritchie. So far, so good. Each of these men represented the sovereignty and dignity of their positions.

As almost everyone knows, Governor Ritchie is a wet, while President Hoover has been considered dry—at least, he has given the wet side no open encouragement. This difference of attitude was well-known to those who were in the parade and it caused a happening which should be deplored by all Americans.

After the strict military units had passed the reviewing stand a New York unit of veterans came down the street singing the "Sidewalks of New York," accompanied by a little cart bearing jugs and empty gin bottles, and calling this to the attention of the President while demonstrating vociferously for Ritchie. The event was pointed out to be out of taste.

RADIO GROWS

A few years ago there was no such a thing as a radio industry, but the development of this invention has been so rapid that it is estimated that in 1930 the volume of business done will exceed a billion dollars.

In making up this figure, it is estimated that three and one half million receiving sets will be sold at an estimate value of \$400,000,000. The sale of radio tubes will increase the total \$200,000,000, of which practically eighty-five per cent. represents purchases by those who own receiving sets. In addition, sound pictures will require the twenty-two thousand theatres and ninety recording studios to purchase another \$150,000,000 worth of equipment and supplies. These and a few other items, are expected to aggregate more than a billion dollars in 1930.

This represents a remarkable growth because it has hardly been a decade since this industry began. From now on it is expected that the annual turn-over for the radio industry will exceed the billion dollar mark. It should be borne in mind that all this represents a new item in the cost of living for the average citizen—one that he did not have to consider ten years ago.

33,225 ROAD SIGNS COME DOWN

The disreputable road sign has had a hard summer in Pennsylvania, where employees of the Department of Highways have completed the destruction of 33,225 road signs embodying every type of blur, daub, scrawl and tattered legend.

The campaign was state wide. Illegal signs came down, whether on right-of-ways or on private property without specific permission or lease. Those that imitated official markings were ruthlessly destroyed, as were all "Stop" or "Warning" signs.

Erie county, according to reports, led in the movement, getting rid of 6,427 signs. This good work could be followed with profit by every state and county in the union.

SAFETY

One reason why flyers like Lindbergh, Coate and Byrd are acclaimed as heroes is because everybody appreciates the risk they run in their historical flight. When we think of their feats we think of the pilots, not of the plane.

The Graf Zeppelin has flown around the world, crossed the Atlantic four times without mishap. The R-100, British dirigible was the first aircraft of any kind to cross the ocean, eleven years ago. The R-101 recently voyaged from England to Canada and back. Our own Los Angeles cruises all over the American hemisphere. Nobody remembers the names of the pilots of these ships; we think of the ship, not the man.

The reason is that we sense the immensely greater safety of the dirigible. The latter's passengers and crew can hardly be said to be risking their lives at all. The important air travel of the future will be done by dirigible rather than by plane.

BOOKS

Two hundred million books were bought by readers in the United States last year. Another 200,000,000, probably, were read by persons who borrowed them from public and private lending libraries. That means that the average American reads about three books a year. That is not very many books.

One reason is that books are not easy to buy. The American Library Association reports that 83 per cent. of the rural population has no public library service. Only a very few cities have bookstores—places where books are the principal commodity sold. Extrapolating publishers are now pushing the sale of books in drug stores, cigar stores and railroad stations.

We read more newspapers and magazines than any other nation, and that is all to the good. But nobody claims to be an educated man or the most out of life, unless he or she also reads books.

LEMONADE

Making lemonade out of nothing but cane sugar is a scientific achievement which has actually been put into commercial practice. Chemists of the U. S. Bureau of Chemistry told a scientific meeting recently of a fungus which, when placed on cane sugar in a shallow pan and fed with the proper amount of nitrogen, will convert the sugar into citric acid, which is the acid of lemons.

This process is so cheap, they said, that one manufacturing concern which uses citric acid in large quantities has adopted the new method with satisfactory results.

There is no product of nature which will not some day be made in factories.

METHANE

Methane is natural gas. Pipe lines carrying it from the oil fields to the big cities for fuel are multiplying so rapidly that it may not be long before even the Atlantic seaboard will be using natural gas.

When the supply gives out, as it will in time, Professor A. M. Buwell, of the University of Illinois, suggests that farmers along the routes of the pipe lines can manufacture methane from farm wastes and pump it into the pipes. He has experimented with certain bacteria which turn everything into methane. He has fed them cornstalks, soy beans, bean vines, straw and excelsior and they turn it all into natural gas.

The difficulty with utilizing farm waste in industry is the expense of transporting the waste to a central factory. If every farm could have its own natural gas plant, that difficulty would be eliminated.

PRESSURE

One of the greatest discoveries of science is that if you squeeze anything hard enough it will change into something else. If you put two or three things into one pressure-chamber and apply sufficient pressure they will combine into something new.

Applying this, Dr. Friedrich Bergius of Germany discovered that you can get 100 gallons of gasoline out of 100 gallons of crude oil. You simply put the oil into a pressure chamber in company with a quantity of heated hydrogen gas and apply a pressure of

3,000 pounds to the square inch. The hydrogen combines with the oil and you get more gasoline out than you put oil in.

Too much hydrogen in gasoline causes knocking in the combustion chamber of your automobile engine. Another new application of pressure is the "gasoline wringer," which squeezes excess hydrogen out of gasoline. One reason for the lower price of gasoline most everywhere is the adoption of these and other new scientific discoveries by the big oil companies.

MAIN STREET LOOKS AT BROADWAY BY ERNEST CAMP JR

Early, and with a rude shock, the newcomer to these parts learns that tipping is a real item in the cost of living—as much so as the laundry and the milkman.

Waiters, bell-hops, hat-check girls, and other menials reap a rich harvest of nickels and dimes. Many, in fact, make their living from such gratuities. The wages they receive are ridiculously small.

Bell-hops at leading hotels earn wages of \$5 a week. You wonder how they live—until you learn that they collect in tips as much as \$100 a week.

Waiters in restaurants are paid from \$7 to \$10 a week, while waitresses receive from \$5 to \$7.50. In New York, this would not pay one's rent. Yet, waiters live right hand-somely. Some take in as much as \$150 a week in tips.

Waiters in some speakeries work for nothing at all—that is, no salary. But it's a dull week when one of them gathers less than \$50 or \$60.

Hat-checking has attained the proportions of Big Business. A concern will buy up the hat-check concessions in a number of public places, employing girls to nurse your bonnet—and gather in your coin.

The blonde baby who takes your dime doesn't spend it all on lipstick and hushy—not a bit of it. She turns it in to "the company."

In former years—before the old Waldorf-Astoria Hotel sold its hat-check concession for something like \$50,000 a year—the hat-check girl at the Waldorf earned a salary of \$9 a week. Yet she owned three tenement houses bringing her an annual net income of \$18,000 a year. She did it with nickels and dimes.

Same way with beggars. During recent weeks, a pair of blind men playing a saxophone and a banjo have become familiar figures about the streets of New York.

Every day you will see a sentimental clerk, who earns \$25 a week, or less, pause on his hurried way to work to give the poor fellow a dime. How those blind boys must laugh! They pull down from \$80 to \$100 a week.

Sign in dress store at Union Square: "Dishevelled means prison—don't bring disgrace to your family."

The flatterers!

Miniature golf has now invaded the hotels. One has a sign in the lobby: "In the Rainbow Room will be found a miniature putting green which we have installed for the use of our guests."

Advertisement: "Operate a miniature golf course—one business where the customers are always happy." Which proves it isn't golf!

DIRECTNESS

Years ago it became necessary to discharge a man from a certain company with which I happened to be associated. His shortcomings did not reflect upon his character or ability; he was just temperamentally out of place.

Everybody liked him. Nobody wanted to hurt his feelings. Hence many conferences were held.

It was suggested that we might get some other company to offer him a position. Or he might be given a year's leave of absence, in the hope that he would not come back. Or we might persuade some one to speak to some one else who could suggest to him in a round-about way that he ought to resign.

Meanwhile, time drifted on. Finally it occurred to us that in scheming around to find a way to be kind to this man we were actually being very cruel. We were allowing him to waste precious days in a position where he could have no future. Whereupon we sent for him, drew a long breath, and spoke as follows:

"Joe, it is necessary to tell you that you are through. Now that's over, and we don't need to talk about it any more. Let us therefore sit down to a serious discussion about your future plans, because every man in the company wants to see you happy and successful."

We helped him find the proper environment; he is today prosperous and contented, and I believe that he counts us all as among his very good friends.

The incident was recalled the other day by a conference in aid of an important charity. The question was how to obtain a large donation from a certain rich man. All the usual expedients were suggested. We might "approach" him through his bankers. Perhaps some one could induce some one to speak to his wife. It might be possible to have a good friend of his in Los Angeles put us in touch with a friend of his in Chicago.

Finally a large and restless member of the committee rose. "This makes me tired," he exclaimed. "I know this fellow. He gets in his office every

morning at eight o'clock. I'll go in tomorrow morning and tell him I have come to ask for a million dollars. And I think he'll like it."

Said Walt Whitman, speaking of Sheridan, "Genius is ninety per cent. directness, and Phil Sheridan was a genius."

If one could gather up all the time that is wasted annually in scheming how to do the clever or polite thing, he would have hours enough to relieve all the farmers, kill each fruit fly individually, and dig the canal from the ocean to the lakes.

Millions of dollars would be saved if every business conference opened with the blunt inquiry, "What is the simplest and most direct way by which this thing can be done?"

HAIR and BEAUTY CULTURE

Leona H. Hunt

602 Lincoln Ave., Palmyra, N. J.
Phone Riverton 1006

With the biennial autumn political side-show—the Congressional elections—one month away, most of the leaders in Washington in both major parties have come to pretty definite conclusions as to what is going to happen.

Few of them are willing to say anything very definite for public consumption, but "off the record" most of them admit that the claims their party spokesmen are broadcasting are at least a trifle swollen.

The sum total of the conclusion is that the majority party is going to return with a slightly diminished following in the next Congress. The extent to which Republican control will be maintained forms the principal interest in the situation, on the surface.

From some official sources hints have come lately which pretty well indicate the general opinion here. Joseph Starnes, executive head of the Democrats, not long ago cautiously expressed the view that the national committee of his party would stage a real fight in every district now represented by a Republican, where either there has been a Democrat elected or within 2,000 votes of being elected. In the last four Congressional elections.

Since a number of Republican leaders agree to the extent of admitting they will have a fight on their hands in such districts, it is probable that is afforded for speculation. Investigation shows that there are about 40 or 45 such districts. The House membership of 435 consists of 215 Republicans and 165 Democrats. Included, however, in the Republican count is one Farmer-Labor member and perhaps 15 who have consistently voted with the minority although listed as Republicans in committee assignments, caucuses and similar activities.

In order to organize the House, control the committees and elect the Speaker, the Democrats must have 54 votes; with many less, however, they can either control or have a major part in most important legislation. Some Democratic leaders say, in fact, that they would prefer such an alignment rather than assume the duty of organizing and the responsibility for legislation, in order to be in a better position for the campaign of 1932.

Every leader here is agreed, privately, that there is no real issue, as such, in this off-year election, as there has been in others. The three main issues are prosperity, prohibition and the new tariff law.

Prosperity is very unevenly distributed over the country, especially as a result of the drought. Prohibition cuts across the lines of each party. The tariff appears, at least for this campaign, "a local issue" in truth; since votes of individual members on items affecting their districts usually weigh more with their constituents than the bill as a whole.

If you are wondering what will happen in your own State, therefore, you can come pretty close by looking at the employment figures in districts where there is a real Democratic-Republican fight; and then estimating the strength of the opposing and favoring votes on prohibition and the tariff. Even then, however, such purely local matters as the personal popularity of a Congressman, pet waterways projects and geographical factors will enter.

A final factor upon which all the political leaders agree is that the

present Republican majority is abnormal. A return to the normal representation will thus inevitably reduce the number of seats held by the majority.

In sum, the situation appears to be that there are 40 or 45 seats over the country where sitting Republicans may be overthrown, and about a dozen where sitting Democrats may lose out; that at least ten predominantly Republican districts, in addition to these, must go Democratic if that party is to gain control; and that the sum total of almost strictly local contests in those districts will decide the matter.

The Democrats here have just countered the Republicans in a novel way. Headed by Senator Tydings, of Maryland, they have formed a Jefferson Road and Gun Club and bought three Chesapeake Bay islands as rivals to President Hoover's Rapidan camp in Virginia. The three islands henceforth will be known as Jefferson, Jackson and Wilson islands.

THE FAMILY DOCTOR JOHN JOSEPH GAINES, M.D.

LANDMARKS OF THE BODY

Four points about the pelvis should be kept in mind by women; the sacrum, the summit of the hip-bones, the pubis, or arch in front, and the low inguinal regions between the abdomen and thigh. If persistent pain is in the sacrum its origin may be in the uterus, rectum or bladder, and disorders of either organ should be corrected.

A sudden attack in the inguinal region may mean an ovary, especially if the time of its occurrence adds testimony. Or, it may mean appendicitis, or impacted colon above the appendix if on right side. (Don't take purgative unless ordered by your physician after careful examination.) Pain in left low inguinal region may be due to inflamed ovary, or, if slightly higher up, an impacted colon at the narrow place known as the "sigmoid flexure."

Patients familiar with themselves as

far as possible, are better able to describe their symptoms to the doctor intelligently—thus enabling him to prescribe more effectively, that relief may be obtained earlier. Remember, the ignorant one will tell you he has a pain in the side, which may mean in the lung, the liver, the colon or the appendix—and, which makes all the difference in the world when it comes to treatment.

The spleen occupies a space to the left of the greater portion of the stomach, and is not usual as the site of severe pain. Sometimes a dull, troubling means enlargement or congestion of the spleen. Between the ribs all over the chest are the "intercostal spaces." These are occupied by small blood-vessels and nerve-trunks. "Intercostal neuralgia" is met with quite often. The relation of the heart to the left nipple is pretty well known. Pain in that locality, keen, persistent or intermittent, should be investigated promptly to determine its origin—it may be serious.

COLLEGE GETS \$55,000 FOR NEW SOIL RESEARCH

Gifts of nearly \$55,000 to the Cook-Voorhees Soil Science Foundation of the New Jersey Agricultural Experiment Station, established to widen the scope of the institution's investigations in soils, were announced at New Brunswick Wednesday. Contributions of \$1,250 each were reported from Ambassador Dwight W. Morrow, Englewood; Leonor F. Lorne, New York; Henry W. Jeffers, Plainboro; Mortimer Schiff, New York; Wallace M. Souder, Newark; Louis Marshall, New York; Charles S. Van Natta, Franklin Park; and the following New Brunswick residents: J. W. Johnson, Henry G. Parker, Irving Hoesland, John H. Raven, and William Waldron. Another \$1,250 gift was made jointly by J. B. and R. W. Johnson, of New Brunswick. These donations match the initial contribution received from Dr. J. G. Lipman, dean of the agricultural college, who started the foundation with the \$1,500 Children's Welfare of Soda Award he received in 1929 in recognition of his investigations on the relative efficiency of different nitrogenous fertilizers. The soil science foundation is named in honor of Dr. George H. Cook and Dr. E. S. Voorhees, first and second directors, respectively, of the State Agricultural Experiment Station.

Two children were arguing:
John: "It is."
Elizabeth: "It isn't."
John: "I tell you it is, because Mummy says it is, and, if Mummy says it, it is, even if it isn't."

Abe was at a dance and lost a wallet containing \$500. He got up on a chair and announced: "Gentlemen, I lost my pocketbook with \$500 in it. To the man what finds it, I will give \$75."

Voice from the Rear: "I'll give \$75."

Mother: "Bobby, aren't you going to eat your lunch?"

Bobby: "You said we were going over to Grandmother's this afternoon."

RIVERTON ITEMS

Mr. and Mrs. Charles DeLaney and son Buddy and Mr. and Mrs. Earle Perkins were visitors in Atlantic City where they stopped at the Chilton-Haddon Hall over the week-end.

Mr. and Mrs. Clifford Nesbitt, of Riverton, Mr. and Mrs. William Kelly, of Merchantville, enjoyed a motor trip along the coast Thursday. They stopped in Trenton and enjoyed their dinner at Hildebrecht's.

Master Buddy DeLaney celebrated his ninth birthday Monday evening with a few friends present.

Mr. and Mrs. George C. Baker celebrated their 50th Wedding Anniversary Monday.

Mr. and Mrs. G. Harold Baker, Mr. and Mrs. George Lorenz and Mr. and Mrs. Montgomery Simons were visitors in Ocean City over the week-end.

Mr. and Mrs. Lester E. Gennett are receiving congratulations on the birth of a son, Richard Kirby, September 30th at the Riverside General Hospital.

Mrs. Russell Evald entertained at bridge Tuesday afternoon.

Mr. and Mrs. William B. Yard and family, of Pennington, were Sunday visitors of Mr. and Mrs. Melvin Burr.

Anyone wishing to attend the Burlington County Council Meeting of the Parent-Teacher Association in Vincentown, next Wednesday, October 8th, please write or call Mrs. G. Harold Baker, Riverton 197-W for automobile reservations.

Mrs. Joseph Morgan entertained the teachers of the Primary department Tuesday evening.

Mr. and Mrs. Joseph Friday and daughter, Eleanor, were Sunday guests in Pleasantville.

Miss Hannah H. Chew was a visitor in Riverton last Wednesday.

The Candidates of the Girls' Friendly Society will hold their first meeting of the season Friday evening, October 10th, at 8:30 p. m.

Mrs. Laura B. Davis is spending some time in South Jersey visiting friends and relatives.

Mrs. William Hoffman and Miss Edith Smith were visitors in Longport Monday.

Charles Kahler, of Philadelphia, was the week-end guest of his grandmother, Mrs. Oscar A. Kahler.

Mr. and Mrs. Charles Yost attended the annual gathering of the 314th Infantry of the 79th Division at Scranton over the weekend.

Mr. and Mrs. Thomas Craig, of Washington Courthouse, Ohio, who also attended the meeting of the 314th Infantry of the 79th Division at Scranton, were the guests of Mr. and Mrs. Charles Yost, Monday.

L. W. Hampton and John F. Hackett, of Riverton, attended the Radio Show in New York last week. They want us especially to see the display put on by the Riverside Metal Works.

Mr. and Mrs. William Rush, of East Riverton, have moved to the Coddington Apartment over the store.

Mr. J. Russell Jermon entertained the members of a sewing circle Monday evening.

William R. Evans and family are moving today to Frankford.

Mrs. Ada Brown visited cousins at Chester last Friday.

Mr. and Mrs. George R. Cole, of West Philadelphia, visited Mr. and Mrs. Otto Sauters Sunday.

Mr. and Mrs. William Mahle motor to the Poconos Sunday.

Mr. and Mrs. Elmer Vaughn have moved from Elm avenue to 603 Linden avenue.

The Misses Lizzie and Julia Cooke will move from The Maples to the O'Neil Apartments, 410 Main street, October 6.

Mr. and Mrs. Arthur Glenville, of 202 Hancock avenue, Riverside, moved into 629 Thomas avenue, Riverton, last week.

Mrs. Virginia Hutchins and daughters, Miss Clara and Miss Amanda, enjoyed last week in Atlantic City.

Mrs. L. E. Hirman, of Medford, Oregon, has returned to her home after spending some time with her daughter, Mrs. Earl Van Leeuwen.

John White and Miss Rebecca White returned to Riverton Sunday after an auto trip through the New England States.

Connie Mack told radio listeners recently that Ty Cobb is the greatest baseball player of all times. Ty is reproached by saying that Connie is the world's peerless manager. Usually such expressions of mutual admiration should be taken with a grain of salt, but in this case a majority of fans will probably agree with these distinguished knights of the diamond.

LOCAL CHURCH NEWS

BAPTIST

Rev. Geo. Lockett, B.D., Pastor

The graduation and promotion exercises of the Primary Department, which were postponed last Sunday on account of Rally Day services, will be held next Sunday, October 5. The graduating classes will plant evergreens on lawn at the Primary Department's entrance.

The Intermediate B. Y. P. U. will hold its first meeting of the season Friday evening of this week at 7:30 o'clock. All members are urged to be present.

The Junior Philathea Class will hold a Cake Sale at 15 East Broad street, Saturday, October 11. Those caring to give or buy cakes are requested to phone any member of the class.

This class will also hold a rummage sale next door to Fire House on Saturday, October 11th. Articles will be called for.

Thursday evening, October 23, is the date of the Organ Recital of familiar tunes to be given in the church by William Davies, of Philadelphia, assisted by a quartette of solo voices. This recital is sponsored by the Primary Department for benefit of the building fund.

The Rally Day service last Sunday was a great event. The Sunday School and church services were combined. The Sunday School convened at 10:00 a. m. as usual and at 10:30 marched into the church to the strains of "Onward, Christian Soldiers." The Primary Department headed the procession and was seated in the front of the church.

The pastor preached a very unique sermon in the form of an object lesson. A frame had been prepared and at the top were inscribed the fixed expenses which have to be met: "Benevolence, Missions, Current Expenses and Mortgages." In order to meet these expenses all the organizations must work and help.

The work starts in the Primary Department and as he spoke a slide was placed in the frame for this department and so on until all organizations had a slide in the frame, after which the frame was illuminated, presenting a very pretty appearance. The service was very interesting. A very large offering was taken, which will go to the building fund.

These B. Y. P. U. will hold a business meeting in the Sunday School room on Friday evening of this week, October 3rd. There will be an election of officers and all members are urged to be present.

Sunday services as usual. Sunday School at 10:00 a. m. Children's Church Service in Primary room at 11:15 a. m. Preaching service at 11:15 a. m. Sermon subject, "The New Covenant." B. Y. P. U. service at 8:45 p. m. Subject, "How May We Help Folks in Our Community." Gospel Hymn song service and preaching at 7:45 p. m. Sermon subject, "Nearing the Shore."

EPISCOPAL

Rev. G. J. McCormack

We have just passed the Festival of St. Michael and All Angels. Perhaps the modern man puts a query in the margin when angels are mentioned. It does not entirely disbelieve in them.

Angel means "messenger." If the whole universe is under the control of the divine will, then many things on it are messengers, the winds, the seasons, etc.

The popular belief in angels stands for that truth, "Thousands at His bidding speed." There is no impassable barrier between earth and heaven.

Heavenly powers and forces can and do break in on human life. At An I His messenger in a world which so sorely needs help and comfort? If nature does His bidding, am I doing it?

The Junior Girls' Friendly Society will meet on Thursday of this week, October 2nd, at 4:00 p. m.

There will be a corporate communion for the Women's Auxiliary Sunday morning at 10:30. At this time the United Thank Offering of the society will be presented.

The Sunday School will meet on Sunday next, October 5th, at 10:00 a. m. Instead of the afternoon session at 2:30. Cards have been mailed to all the scholars and teachers. We give you all a very cordial welcome.

Monday evening, October 6th, at 7:00 p. m., the St. Anne's Guild will have a covered dish luncheon in the Parish House. After the lunch regular business meeting will be held. All members are urged to be present.

The president, Mr. Ada M. Branson, hopes a record attendance.

Services the Sixteenth Sunday after Trinity:

10:00 a. m. Sunday School.

10:30 a. m. Holy Communion and Sermon, "The Power of Patience."

8:00 p. m. Evensong and Sermon, "Lost in the Crowd."

At middle age the soul should be opening up like a rose, not closing up like a cabbage.

CHRISTIAN SCIENCE

"UNREALITY" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, October 5, 1930.

The Golden Text is: "Turn us again O God of hosts, and cause thy face to shine; and we shall be saved" (Psalm 67:1).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "No man can serve two masters; for either he will hate the one, and love the other; or else he will hold to the one, and despise the other. Ye cannot serve God and mammon" (Matthew 6:24).

FIRST LUTHERAN

Rev. Harold L. Cragger

Last Wednesday evening a Congregational Supper and Rally was held in the basement of the church. About ninety people were present and enjoyed the occasion very much. The feature of the evening's entertainment was a demonstration of Indian Dancing by the Pathfinder Patrol of the Boy Scouts Troop of the church. An interesting dialogue on missionary work was presented by seven girls of the Sunday School.

After the singing of several favorite songs, a discussion was entered into concerning the things that can be done to make the church better. Then the meeting was divided into groups, the ladies, the men, the young people, and the children, each having special activities.

The organization of a Men's Brotherhood was projected at the men's meeting last Wednesday, and accomplished at a meeting held Monday evening. Fourteen men were present to get the work started. Temporary officers were elected, and much enthusiasm displayed for getting many more men to join at the first regular meeting, which will be held Monday, October 20.

Prayer Meeting services have been resumed for the fall season. The work of winning others for Christ and the Church, the great task of the Christian disciple, will form the center of discussion for several weeks.

The children of the Sunday School will meet tomorrow (Friday) afternoon at 4:00 o'clock for the first meeting of the Light Brigade, which is the Missionary organization for the boys and girls.

Holy Communion next Sunday, with Preparatory Service Friday evening at 8 o'clock. The theme at that service will be "Clean Hand."

MORAVIAN CHURCH

Rev. Albert J. Harko, Pastor

"We do it for Christ, Who died for us on Calvary." Thus Mrs. F. E. Schramm last Sunday morning gave reason why she was willing and happy to make the tremendous sacrifices as a missionary in Nicaragua. In thrilling vivid pictures she outlined their life and work as missionaries to the Indians in the island of Nicaragua. She and her husband were stationed at Sanguayta, one of the loneliest stations in the forest of Nicaragua, some 300 miles inland, and several days' journey from any other station. Often she was alone for weeks, ministering to several hundred Indians as missionary, nurse and doctor. Such heroic faith and service should spur us on to greater enthusiasm for Christ and His church.

Sunday is Rally Day for the whole church. 9:30 a. m.—Sunday School Rally Day session. Every class with a perfect attendance, and joyful enthusiasm pervading the whole School is the aim.

10:40 a. m.—Church Rally Service. Sermon: "Uncompromised Religion." With this service the church choir will again resume its valuable service of music.

7:30 p. m.—Young People's Rally Service. A varied program by children of the Sunday School and the C. E. Society will be given, featuring exercises, a pageant and a pantomime.

Wednesday, October 22, is the date set for the famous annual chicken supper served by the Willing Workers. Get your ticket from any member of the society, and come early that evening to be one of the lucky five hundred to eat "the supper with a reputation."

CALVARY PRESBYTERIAN CHURCH

Calvary Presbyterian Church of Riverton will observe the Lord's Supper on Sunday morning at 11 o'clock. At this time any one who may wish to unite with the Church will be taken into membership. Evening service of worship will be resumed at 8 o'clock. All departments of the Church School will meet at 10 A. M. Christian Endeavor Society at 7 P. M.

The Golden Hour Circle will hold its regular meeting at 8 o'clock in the Church Parlor.

Mid-week Service Wednesday, October 23rd, at 8 p. m. Starting October 15th and continuing for six weeks, this service will be devoted to the study of National Missions. Text: "Trailing the Conquistadores" by Samuel Guy Inman. Books may be secured through Mrs. Davis; price 60 cents.

Charles T. Bates, Minister.

PALMYRA NOTES

Mr. and Mrs. J. E. Mongeau and daughter, Miss Ethel Mongeau, of Lakeside, Canada, formerly of Palmyra, are visiting Mrs. M. J. Drelford, of Delaware avenue, this week.

The first fall meeting of the Woman's Home Missionary Society will be held in the Epworth M. E. Church temple next Monday evening at eight o'clock. All members are requested to be present.

Mrs. William Wilson, of Chapel Hill, N. C., is the guest of Mrs. M. A. Joyce, of Garfield avenue, this week.

The Woman's Club of Palmyra will present the famous college comedy, "Aunt Lucia", in the high school auditorium, next Friday and Saturday evenings, October 10 and 11. The play promises to be one of the outstanding events of the season and requires 150 local people to complete the cast.

The Ladies Auxiliary of the Knights of Columbus is now making plans for one of its famous suppers to be held in the K. of C. Hall, Thursday, November 20. Full details will be given in this column in the near future.

The Friendship Circle of the Epworth M. E. Church will make crullers Friday, October 3. Thirty-five cents, per dozen. Anyone wishing to order may do so by calling Riverton 205-R.

The Literature Department of the Woman's Club of Palmyra, will hold a meeting at the home of Mrs. J. C. Mallory, of 902 Highland avenue, tomorrow evening. Miss Theresa Woi-cott will give a life sketch of Sir James Barrie. Mrs. Selby Williams will preside over the meeting. A cordial invitation is extended to all club members to be present.

A chicken supper will be given by the Ladies' Aid of the Epworth M. E. Church in the church basement, next Thursday, October 9, from 5:30 to 8:00 p. m. Adults, seventy-five cents. Children, under 8 years, fifty-cents.

Mr. and Mrs. Raymond Schmidt are receiving congratulations on the arrival of a baby boy Friday night at the Riverside General Hospital.

A rummage sale will be given by the Eden Bible Class of the First Lutheran Church, of Palmyra and Riverton, Saturday, October 18. Anyone having rummage is urged to phone Riverton 259-W or Riverton 279-J.

A dance will be given by the Ladies of the Golden Eagle in Society Hall this evening. Music will be furnished by the Original Commanders.

A rummage sale will be held by the Junior Philathea Class of the Central Baptist Church, Saturday, October 18, next door to the Palmyra Fire House on West Broad street. Anyone having rummage is urged to call Riverton 543-M and it will be called for Thursday or Friday, October 16 and 17.

Miss Sadie Carron, of Morgan avenue, who has been spending a week with her brother and sister-in-law, Mr. and Mrs. William Carron, of Medford, returned home Monday.

George Knappes, of Folcroft, Pa., is spending a week with his sister, Mrs. Samuel Handle, of Highland avenue.

Mr. and Mrs. William E. Murgatroyd, of Lincoln avenue, entertained a number of guests to dinner in honor of the birthday of Mr. Murgatroyd's father Sunday evening. Guests were present from Elizabeth, Tacony, Parry and Palmyra.

Mr. and Mrs. Charles Dunbar and daughter, Margaret, and Mrs. Brewster have returned from an enjoyable visit in Longport for two weeks.

The choir of the Central Baptist Church will have chicken soup on sale in the dining hall of the church tomorrow afternoon from two until five o'clock at twenty-five cents per quart.

The Music Department of the Woman's Club of Palmyra, will hold the first meeting of the fall and winter season at the home of Mrs. E. B. Day, of 200 Cinnaminson avenue, at 7:45 p. m. The program will be given by members of the Music Department. The committee in charge hopes to make this one of the most worth while meetings of its kind ever held. All members of the club are cordially invited to attend.

Miss Sadie Carron, of Morgan avenue, has accepted a position in the real estate and insurance office of George N. Wimer, who recently purchased the business owned by Harold E. Lever.

Mr. and Mrs. Roy Connor and family, of York, Pa., were the weekend guests of Mrs. Connor's sister, Mrs. Ralph Whartnaby, of Delaware avenue.

Mrs. Lucille Barker is convalescing at the home of her sister, Mrs. L. Mercer, of 602 Highland avenue.

Mrs. Nettie Ravacette and Mrs. Lunn, of Malta, Ill., were the guests of Mr. and Mrs. A. G. Swope, of Cinnaminson avenue.

Mr. and Mrs. T. W. Carroll, of West Broad street, who have been enjoying the past two weeks in Atlantic City, returned home last Friday.

Christ Church Sunday School will convene at 10:00 a. m. instead of 2:30 p. m. during the winter months and until further notice.

The Rev. J. William Lee, pastor of the Epworth M. E. Church, was admitted to the Methodist Episcopal Hospital, Philadelphia, Wednesday morning, for observation.

Thomas Prisco, of Third and Arch streets, was taken seriously ill while at work in the Kieckhefer factory, in Delair, yesterday morning. He was taken to the Women's College Hospital, where he immediately underwent an operation.

Walter "Bus" McAllister, son of Mr. and Mrs. William T. McAllister, is taking a course in Agriculture at Rutgers University, New Brunswick.

Mr. and Mrs. Lester Gennett are receiving congratulations on the birth of a son at the Riverside General Hospital Sunday night.

The choir of the Central Baptist Church will give a supper in the Social Hall of the church, Saturday evening. Tickets seventy-five cents for adults, children, forty cents.

Mr. and Mrs. Walter D. Lamon, of Cleveland avenue, and Mr. and Mrs. Herbert H. Parsons, of Garfield avenue, returned home Sunday evening, after a four-day tour through New York and the New England States. The folks reported a most enjoyable trip. They visited many places of interest, including Plymouth, N. H.; Lost River, Echo Lake, the Old Man of the Mountain and Plume.

Miss Violet Storicks visited relatives in Palmyra over the weekend.

The Alumni of Palmyra High School will hold the first dance of the fall and winter season at the Riverton Country Club, Saturday night, October 11. All members are cordially invited to attend.

Covenant Chapter, Order of Eastern Star, will hold a card party at the home of Mrs. Helen Carter, of 507 Maple avenue, next Wednesday evening, October 8. All members are urged to attend. Any one desiring further information, kindly call Mrs. Lillian Hamelman or Mrs. Mary Alloway.

Mrs. John Miller, of West Sixth street, returned home last week from the Orthopedic Hospital, Philadelphia, where she has been confined for several weeks with an attack of nervous exhaustion.

Mrs. T. E. Winters, of Walnut street, who recently underwent an operation in the West Jersey osteopathic Hospital, wishes to thank her many friends for the lovely flowers sent her during her illness. Mrs. Winters is expected to return home the latter part of the week.

The St. Agnes Guild of Christ Church will hold its regular monthly meeting in the Parish House Monday evening. A covered dish luncheon will precede the business meeting.

Mrs. Helen D'Aurechy, of Pennsylvania avenue, is attending the National Convention of the American Legion Auxiliary, being held in Boston, Mass., this week.

The Woman's Club of Palmyra will hold its regular business meeting in the Lions' Den Monday afternoon at 2:30 o'clock. The program will be in charge of the Literature Department.

The regular monthly meeting of the In-As-Much Bible Class will be held in the Church Parlor of the Epworth M. E. Church next Tuesday evening. All members are urged to attend.

The Community Welfare Association of Palmyra, Riverton and Cinnaminson gratefully acknowledges the receipt of \$1.00 from a poor widow lady, who was once helped by the Association.

The Music Department of the Woman's Club of Palmyra, is planning a Halloween party to be held in the Lions' Den Monday evening, October 27th. More definite details will be furnished later.

Mrs. Bennett Longfield, of Bridgeboro, was the guest of Mrs. A. B. Powell, of West Broad street, Tuesday evening.

Chief of Police and Mrs. C. Morris Beck, of Highland avenue, returned home Sunday evening, after a two weeks' trip through Virginia and Tennessee. Mr. and Mrs. Beck visited relatives in Norfolk, Va.

MOORESTOWN

A Public Service bus driven by George J. Waskurcz, of Hainesport, struck a telephone pole near Masonville Saturday night. The driver was bruised and injured about the stomach when he was forced against the steering wheel, and the 20 passengers were badly shaken up. Some of the women on the bus became hysterical, but were soon calmed when told that all was under control. The bus was put out of commission and the pole snapped off even with the ground. Waskurcz was taken to the Burlington County Hospital, Mount Holly, for treatment.

Mr. and Mrs. Bennett Cooper and two children, of Leonia, were guests of Mr. Cooper's parents, Mr. and Mrs. Benjamin W. Cooper, of West Main street, over the weekend.

Mrs. Myers Marmer and Miss Nan Marmer, of Moorestown, and Miss Helen Freeman, of Palmyra, attended the wedding of Miss Sarah P. Leese and Samuel Levine at the Adelphi Hotel, Philadelphia, Sunday.

Officer and Mrs. Walter A. Erickson, of Linden street, are receiving congratulations on the birth of a daughter, Doris Jean, at Burlington County Hospital, Mount Holly, Monday evening of last week.

Mrs. Mary E. Smith, of Springfield, Pa., has returned home after spending several days with her son and daughter-in-law, Mr. and Mrs. Fred P. Smith, of North Church street.

Edward A. Ganley, of Colonial Ridge, entertained at cards on Saturday evening. Guests included James E. Kelley, of Moorestown; William Baird, of Camden, and Parker Oravatt, of Collingswood.

Mr. and Mrs. Fred P. Smith, of North Church street, motored to New Brunswick on Sunday to visit Miss Rose Schmidt, who is attending the New Jersey College for Women.

William H. Richie, of West Maple avenue, was given a party by a number of his friends on Monday evening, in honor of his birthday. There were eight guests present. Mr. and Mrs. Edward Whitacre, of East Second street, spent Sunday as the guest of Mrs. Ethel Smith, of Gloucester, N. J.

Miss Marion LeVana, of West Third street, entertained the members of her club at her home on Tuesday evening.

Mrs. Irving Hollingshead will entertain at luncheon and bridge on Saturday at her home on Chestnut street. Covers will be laid for twenty-four guests.

Mr. and Mrs. A. Matlack Stackhouse, of Stratford Drive, are receiving congratulations on the birth of a son on Monday morning at the Methodist Episcopal Hospital, Philadelphia.

Mr. and Mrs. Charles Webster and sons, Ralph and Roy, of East Second street, attended the Doylestown Agricultural Fair on Saturday and spent the weekend with Mr. Webster's brother, Lewis S. Webster, of Doylestown, Pa.

Mr. and Mrs. John Fisher have moved from Chester avenue, and are now residing at Stanwick avenue and Third street.

The Burlington County Tuberculosis League will hold its semi-annual Rummage Sale in the Browns Mills auditorium on October 15 and 16. Luncheon and supper will be served on Wednesday.

Mrs. Herbert Berner entertained at bridge at her home on East Second street on Thursday evening. Guests included Mrs. Samuel Workman, Miss Sue Workman, Miss Helen Workman, Miss Anna Albright, Mrs. Louis Odenth, Mrs. Helen Smith and Miss Josephine Berner.

Alfred Ewan, of East Third street, has resumed his studies at the Philadelphia College of Pharmacy and Science.

Mr. and Mrs. Roland Johnson, of Schooley street, are receiving congratulations on the birth of a daughter at Burlington County Hospital, Mount Holly, on Wednesday morning of last week.

The girls of Moorestown High School have organized a drum and bugle corps under the direction of E. E. Townsend of Merchantville. The first public appearance of the corps will be at the Thanksgiving Day Football game between Moorestown and Mount Holly on the South Church street grounds.

Mr. and Mrs. Charles L. Boyer returned to their home on East Central avenue, last week, after spending their summer vacation in Seaside Park.

Moorestown High School will very shortly be a Class A school, according to the authorities in charge of enrollment. It will require the enrollment of but 25 more boys to meet the state requirement for Class A high schools. The total enrollment in the high school this year is 555, which is 60 more than any previous year in its history. The senior class has 106 boys and girls. The largest number of seniors for any previous year was 73.

The annual tennis tournament at Moorestown Community House has reached the semi-final stage with Preston Roberts matched with Arthur Sipp and Harold Budd matched with Franklin Stroud, Jr. These matches will be played off during the week and the final match will be settled on Saturday. J. Alfred LeConey was the winner of the tournament in 1929 and E. Russell Perkins received the cup in 1928.

Mrs. Howard N. Heullings, of East Central avenue, has been confined to her bed since Friday with a serious attack of illness.

A number of residents of Mount Laurel enjoyed a fishing trip at Cape May, on Sunday. The party included Mr. and Mrs. John Riddell, Mr. and Mrs. Hyden Riddell, and daughter, Irving Riddell, Beatrice Riddell, Walter Riddell and Lester Bakely.

Virginia and Edgar Sanford, children of the Rev. and Mrs. Edgar L. Sanford, of the Trinity Episcopal Church, were taken to the Burlington County Hospital, Mount Holly, Tuesday afternoon to undergo operations for the removal of their tonsils.

Mrs. Charles Whitmer, of Bridgeboro Road, and Mrs. Eugene Pharo, of East Oak avenue, attended the wedding of Marion Conroy, of Philadelphia, and Fulton Farrell, of Merchantville, at Valley Forge Memorial Chapel, Tuesday of last week. The young couple left the day after the ceremony for South America where they will make their home.

Miss Henrietta Willits, of East Central avenue, has returned to her home after spending the summer at Avalon.

The Knights of Columbus held a card party at the hall on Friday evening. This was the first social event of the season and was well attended. The party was arranged by a committee headed by Joseph J. Carlini. As a feature of the evening a ton of coal was donated by the organization. The winner was Joseph Weiss, of Maple Shade.

Mr. and Mrs. John Carter and son, Craig, and Mr. and Mrs. Elwood Moore, of Valley View Terrace have just returned after a ten-day trip to Canada through the New England States.

Mr. and Mrs. Percy B. Lovell have returned to their home on East Second street, after spending two weeks with Mrs. Lovell's mother in Washington, D. C.

H. A. Frantz, of East Second street, was given a dinner in honor of his birthday, yesterday. Ten guests included friends and relatives from Philadelphia, Lancaster and the vicinity.

Day House Sergeant Frank Reamer returned to duty last Friday after vacationing at Trenton and the seashore. The "old sleuth" intimated that the press was not "to tell his public" that he "enjoyed" the vacation, for he was suffering with a heavy cold the entire time.

Mrs. S. Emilen Stokes, president of the Executive Board of the Moorestown Visiting Nurse Association, will address a meeting of the League of Women Voters of the local Woman's Club, in the Community House, on October 13. Her subject will be "The Visiting Nurse Association and Its Work."

A card party for the benefit of the Women's Democratic Club of Moorestown will be given at the Community House on Friday evening, October 3, at 8 o'clock. Mrs. James E. Kelley is the chairman of the affair. She will be assisted by Mrs. Hans Froelicher, Mrs. Samuel Johnson and Mrs. Mary Olsen.

Miss Elsie Ogden, of Riverton, entertained at a card party on Tuesday evening. Guests included Mrs. Philip McChesney, Mrs. Thomas McChesney, Miss Caroline Haas, Miss Anna Shea, and the Misses Sue and Alice O'Brien, of Moorestown; Miss Elizabeth D'Aurehea and Mrs. Horace Richmond, of Palmyra.

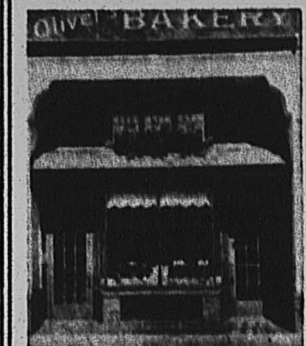

Mr. and Mrs. J. Irving Staub, of Valley View Terrace, spent the weekend with friends at Sea Isle City.

Mr. and Mrs. Arthur B. Voorhees, of East Second street, are receiving congratulations on the birth of a daughter Margaret Knight Voorhees.

Dr. J. Milton Griscom, of East Central avenue, was recently appointed Ophthalmic Surgeon to the Methodist Episcopal Hospital, in Philadelphia.

The Rev. William A. Sunday, evangelist, will preach in the First Methodist Episcopal Church, of Mount Holly, on Monday evening, October 6. Dr. B. Harrison Decker, pastor of the church, secured the Rev. Mr. Sunday's promise to do so last spring at the close of the big tabernacle meeting held in the County Seat. At present "Billy" Sunday is engaged in a Tabernacle Campaign in Vineland and comes to Mount Holly on his rest day to greet his hosts of friends of Burlington County. Mr. Decker announces that the service will commence not later than 7:30, and as soon before that time as the church is comfortably filled. There will be no reserved seats, the order being, "first come, first served." The large chorus choir that furnished the music for the campaign will furnish the music on Monday night, and the ushers of the campaign will serve the congregation that night, using the same tin pans which they used during the campaign in Mount Holly.

VINELAND, STRONG CLASS 'A' ELEVEN, BEATS PALMYRA

Cumberland County Lads Score 13-0 Victory in Second Half Attack

CAPTAIN "OTZ" TERRELL SPARKLES FOR 'PALS'

Danny Testa Provides Thrill of Game in Brilliant 32-Yard Run

Unleashing a powerful attack at the start of the second half, Vineland High School's grid machine scored two touchdowns to break a scoreless deadlock with Palmyra in the game played last Saturday afternoon at Palmyra. The final tabulation favored Vineland, 13-0.

The griders from the Cumberland County High School showed a line-crushing attack in the last half. Time after time the heavy backs of the gray-clad Vineland machine plunged through the Palmyra line for eight and ten-yard gains. While Danny Testa, Vineland captain, and Mike Callia bore the brunt of the attack, it was the perfect co-ordination of the entire team that made victory possible.

The game was decided in the third quarter when Vineland made its first touchdown. After Bellamy had intercepted a Palmyra pass on the Red and White's 30-yard line, Testa broke away around right end and behind perfect interference ran for the long-gain of the day, being stopped after he had reached the Palmyra 47-yard line. Three plays supplied the necessary yards, Callia effecting the goal line for the first touchdown of the game. Bellamy took the ball over for the extra point.

Pass intercepted. An intercepted pass again paved the way for Vineland's second score in the last period. Crudele intercepted a pass from Lenker on Palmyra's 30-yard stripe, shortly after the fourth quarter began. Testa gained 13 yards and a first down in two plays. A series of line bucks netted another first down on the six-yard line. Testa finally plunging over the final chalk mark for the second pass for the extra point was grounded.

The game started as if it would be all in favor of Palmyra. Two fumbles were committed by Vineland in the first five minutes of play, the first coming on the opening kick-off. Vineland failed to gain after recovering the fumbled kick-off, and several attempts to gain ground through the line proving futile. Bellamy kicked. The kick netted a scant twenty yards. Palmyra likewise failing to gain ground through the line, Terrell punted the ball setting down a Poinsett on the 25-yard line. A short gain was made on the first scrimmage. On the next play a fumble cost Vineland the possession of the ball. Palmyra recovering on the 30-yard stripe, Palmyra advanced to the 17-yard mark, where Vineland took the ball on downs. This was the closest approach that Palmyra made to the rival goal line. The remainder of the first half was chiefly an exchange of punts, with Bellamy holding a slight edge over Terrell and Lenker.

Launch Attack. A rejuvenated team took the field for Vineland in the second half. An eleven-yard run by Testa, who kicked off was the first warning of impending danger to the Palmyra grid-men. The Red line held off the threat for a time, forcing Vineland to kick. Palmyra took the punt on her own 25-yard line, but was unable to register a first down. Lenker punted to the Vineland 45-yard line.

At this point the gray-jerseyed team launched the attack that meant defeat for Palmyra. A series of plays carried the ball to the Palmyra 28-yard line. The line-crushing attack at this point on a fumble, only to regain it a moment later when a Palmyra pass was intercepted on the 30-yard stripe.

Then came the feature run of the game. Bellamy, perfect interference, Testa, Vineland captain, who had played a bang-up game all afternoon, carried the ball around right end, streaking along the sidelines, he appeared on the way to a touchdown. The Palmyra safety man finally brought him down on the seven-yard line. On two plays the ball was on the two-yard line, from which point Callia took the ball over the final chalk mark for the first score of the game.

Pass Thrown. In the last quarter "Otz" Terrell intercepted a Vineland pass, after a fumbled punt had given the Cumberland County lads the ball on Palmyra's 30-yard marker. The Pals advanced the ball to the 30-yard line when a short pass from Lenker was intercepted by Crudele on the 30-yard line. Testa advanced the ball thirteen yards through the line on two plunges, Terrell being hurt as he topped him the second time. After a two-minute rest, "Otz" gamely continued in the game.

Four more plays gained another first down on the six-yard line. The Palmyra line braced and held them until the last down on its own one-yard line. The line-crushing attack took the ball over for Vineland's second score of the day. A pass for the extra point was grounded.

The remainder of the game was played between the two 30-yard lines. Palmyra lost charge to score when a long forward pass was intercepted by Ferrara on Vineland's 25-yard line. When the game ended Palmyra had possession of the ball on its own 24-yard line. Six second-strong Vineland lads entered the fray in the last minute of play, too late for the Palmyra team to take advantage of their lighter weight.

Rival Captains Star. Tests and Terrell, rival captains and quarterbacks, were the outstanding performers for their respective teams. Ferrara, Conway, Green and Poinsett were the outstanding linemen for

"Big Leagues" Open Bowling Season on Beitz' Palmyra Recreation Alleys

White Sox and Pirates Make Clean Sweep White Cardinals, Who Roll Highest Single Game Score, Win on Forfeit

The American League of the Palmyra-Riverton Bowling League opened the 1930 season last Friday night on the Palmyra bowling alleys and some very close contests results.

The White Sox made a clean sweep of their series with the Indians, while the Yankees, Senators and Browns won two out of three from the Athletics, Red Sox and Tigers, respectively.

Off to a slow start of 600 in the first game, the White Sox got going strong and tallied 836 and 815 for their last two games. While the Indians improved their game they could not overcome the leaders.

The Senators, with 804 in their first game, were the only others to roll over the 800 mark.

Roy Hardy, captain of the Browns, rolled the highest single game of the evening when he tallied 204 in the first game.

Howard Vile, of the Senators, topped the league when he tallied 523 for the evening.

Following are the scores:

The National League teams also opened their season last week with the following results:

The Pirates and the Cardinals made a clean sweep from the Cubs and the Reds, the latter forfeiting their three games owing to a meeting which could not be postponed and appeared too late to give the Cardinals a battle.

The Browns and the Quakers won two of their three games from the Giants and Robins, respectively.

The Cardinals, with 710 in their second game, rolled the highest single game of the night, while the Pirates, with 1,977 had the highest three-game score.

The best individual performance was staged by Hall, of the Pirates, who bowled 176 in his last game. He also rolled the highest individual three-game score with 460. Reeves, of the Quakers, with 460, was next.

Reeves 143 155 162

Totals 348 369 352

Palmyra, while Crudele, Gordon and Harwood, sparked for Vineland.

The defeat at the hands of the Vineland griders no way affects the standing of Palmyra in Class B ranks, as Vineland is a Class A institution.

The line-up:

Vineland

Winkler, left end

Barclay, left tackle

Conway, left guard

Kievan, center

Scarani, right guard

T. Price, right tackle

Wine, right end

Gordon, right end

Poinsett, quarterback

Terrell, (Capt.)

Laudadia, left halfback

W. Price, right halfback

Lenker, fullback

Moffitt, fullback

Vineland, 0 0 7 6-13

Palmyra, 0 0 7 6-13

Touchdowns—Testa, Callia. Point after touchdown—Bellamy. Substitutions—Palmyra: Wilkins for Kievan; Lybrand for T. Price; Pay for Gorman; Carr for Green; Garwood for Carr; Merrill for Poinsett. Vineland: Trenta for Laudadia. Referee—Armstrong. Umpire—Smullen. Linesman—Horne. Time of periods—10 minutes.

Friday Palmyra will play Haddon Heights at the Haddon Heights field. Palmyra has defeated the Heights clan for the past two seasons, last year by a 13-0 score, and in 1928 by the time of 6-0. Needless to say, the Pals are anxious to keep their winning streak over Haddon Heights intact, and they wish to break into the win column for this season.

Princess Sophia, of Greece, aged 15, has been engaged to marry Prince Ernest, of Rome, aged 35.

CRIMINALS WIN THREE STRAIGHT

Artisan Bowlers Show Much Improvement; Hansen Rolls 230 Game

The second week of the Palmyra Artisan's Bowling League resulted in a marked improvement in scores and closely contested series.

The Criminals were the first team to make a clean sweep, the Buccaneers being their victims. The Burglars defeated the Demons, the Bandits held up the Footpads, the Gangsters took over the Bootleggers, the Robbers sunk the Pirates, the Outlaws trounced the Racketeers, the Thieves waylaid the Highwaymen, the Highjackers beat the Villains, all two out of three.

The Criminals also rolled the high single game. With their 165 handicap they tallied 376 in the second game. The Burglars, with 2,460, set a new high mark for the series.

Hansen rolled the high game with a score of 230 in his last game. His 341 was high for the series.

YOU, YOUR CAR AND THE MOTOR LAWS

By Mark G. Miller
Commissioner of Motor Vehicles

(Editor's Note: The fifteenth of a series of articles by the Commissioner of Motor Vehicles is presented by this paper as its part in the campaign of education of familiar motorists with the laws which regulate their conduct on the road.)

XXV—ILLITERATE DRIVERS.

A survey made by the American Automobile Association shows that the great majority of the States have made no provision to protect the public against the danger arising from the presence of thousands of complete illiterates on the road. There are now thirty-five States with a registration of more than 10,000,000 where drivers are not subject to any examination as to their understanding of danger and direction signs. States that do not require the applicant or a permit to distinguish between "Stop" and "Go" have the highest percentage of illiteracy.

While it cannot be claimed that illiteracy is a major cause of fatalities and accidents, the A. A. A. survey says, "there can be little question that it is a factor. Convincing proof of this is found in the fact that States that have a real driver's license law, with ability to understand signs compulsory, have over the last few years kept their accident toll twenty to twenty-five per cent. below States in the other category."

Thirteen States require the applicant for a driver's license to understand warning and direction signs. These States had as of January 1, 1930, a registration of 9,962,770 motor vehicles. The average illiteracy on the basis of the entire population was 3.78 per cent. The thirty-five States in the other class had a registration of 16,558,673, while the average percentage of illiteracy was 5.38 per cent.

No Card for Illiterate
Of what concern is all this to New Jersey? Just this: New Jersey, as the A. A. A. statement points out, is one of the thirteen States which deal rigidly with illiterates, and under the wise laws and regulations promulgated by the Legislature and by Commissioner Dill and his predecessors, it is impossible for a complete illiterate to obtain a license to drive an automobile in New Jersey.

Every applicant must be able to sign his name, for the law requires that "each license to drive an automobile shall have endorsed thereon in the proper handwriting of the said licensee, the name of said licensee." In other words, if an applicant can't write his name he cannot obtain a license.

In the second place, the law prescribes that applicants for drivers' licenses must demonstrate not only their knowledge of the operation of an automobile, but in addition must be tested to determine their familiarity with the "laws and ordinary usages of the road."

Oral Test Stringent
If an applicant can do nothing more than write his name he is given an oral test of his knowledge of the motor vehicle and traffic laws. To protect the public this oral test is far more stringent than the written test given literate applicants.

The applicant must be able to read, pronounce and demonstrate satisfactorily his understanding of "Stop," "Curve," "Turn," "Slow," "Road Closed," "Pavement Ends," "Detour," "One Way," "School Zone," "No Dumping," "Speed Limit 20 Miles," and other directional signs provided for in the traffic law.

So severe is the test, as a matter of fact, that only occasionally is an illiterate capable of passing it successfully, although scores of illiterates apply for licenses at every examination center.

Stiltz — Hildebrandt

Announcement was made last week of the marriage of Miss Martha Elizabeth Hildebrandt, of Easton, near Masonville, a member of the 1930 graduating class of the Mount Holly High School, to Howard Leonard Stiltz, of Masonville.

The couple put on over on their friends and were married at Chestertown, Maryland, on September 11 by the Rev. J. Harry Wright, and since their marriage have been on a wedding trip through the Southern States, it was revealed.

Mrs. Stiltz was a member of the 1929-30 varsity basketball squad of the Mount Holly High School. Stiltz is an electrician.

HINTS FOR THE HOME

By Nancy Hart

SCHOOL LUNCHES

A housewife who has to put up three lunches every morning for three children insists that this is the very hardest thing about keeping house. It seems to her as if housework would be a pleasure were it not for those lunches.

Doubtless the thing that makes them hardest is that they must be prepared in the early morning when there usually is enough to do simply in preparing the breakfast. To be sure, some housewives simplify the task by putting them up the night before, insisting that if the sandwiches are wrapped in waxed paper and placed in the refrigerator they will be quite fresh the next day.

Even though you do not actually make the sandwiches the night before you may very easily get some of the hints ready. It is well to get into the habit when you first go down to prepare breakfast to take as much butter as you think you will need for the sandwiches and set it out so that it will be warm enough to spread easily when you want it. Bread should be freshly cut, buttered and filled at once and then wrapped securely in waxed paper.

USE CONTAINERS

The young business girl, who carries a mid-day snack to save the cost of buying luncheon at a restaurant or cafeteria, usually wants to have her lunch package well disguised and as small as possible.

Unfortunately most school children have no such prejudices and there is no reason why you should not provide a lunch box that is large enough to hold a variety of good things in convenient containers. To protect the luncheon and to keep the things from crushing it is a good plan to line the box or basket with a substantial cotton or linen lunch napkin, providing a paper napkin or two every day for actual use. Then as part of your packing equipment you should buy some waxed paper cups with closely fitting pachtard tops in which to put soft foods, such as salad mixtures, custard, cut-up fruit, rice-pudding or something of the sort.

In cold weather even gelatin preparations—such as jellied tomato or bouillon or jellied fruit desserts—may be included in the lunch when these tightly closed containers are used. Without much trouble one may contrive always to have some addition to the school luncheon in the way of a surprise. This may consist of a few candies wrapped in a piece of waxed paper, a few salted or shell-nuts, a lollypop, some milk chocolate or even an unexpected five-cent piece with a little note to explain that it is to be spent for some specially liked candy or baker's cake on the way home from school.

Always, if possible, the school luncheon should contain some sort of fruit—an apple, a banana, an orange, a pear, a bunch of grapes.

CHOCOLATE CREAM

Grate three squares of bitter chocolate and mix with two cups of cream, half a cup of sugar, and the well-beaten yolks of six eggs. Cook in a double boiler until smooth and thick, stirring constantly, then add a package of gelatin which has been soaked and dissolved. Take from the fire and when cool, but not set, fold in a cup of cream which has been whipped solid. Add a few drops of vanilla. Mould, chill, and serve with whipped cream.

VERY LATESTS

By MARY MARSHALL

Boudoir caps are no longer so generally worn as they were once because the woman with short hair usually

edge of the circular piece, pulling the band slightly as you go so it is evenly distributed.

Cut a length of narrow elastic tape about seventeen inches in length. Sew the ends together and sew this on the wrong side of the cap about one inch from the edge. You can run the elastic tape into a slot made from narrow ribbon sewed the length of the cap or you may simply machine stitch it to the cap, stretching out the rubber as you do so that it will be evenly distributed. The same pattern may be used for making a practical housecap from any light weight washable cotton material.

The pictures shown a boudoir cap or rose satin and cream lace, as well as a dust cap of checked blue and white lawn combined with white lawn, both made from the same simple pattern.

LOST LOVE

By ANDREW LANG

Who wins his love shall lose her.
Who loses her shall gain.
For still the spirit woos her.
A soul without a stain;
And Memory still pursues her
With longings not in vain!

He loses her who gains her.
Who watches day by day
The dust of time that stains her.
The griefs that leave her gray.
The flesh that yet enchains her
Whose grace hath passed away!

Oh, happier he who gains not
The Love some seem to gain:
The joy that custom stains not
Shall still with him remain.
The loveliness that wanes not
The Love that ne'er can wane.

dreams she grows not older
The lands of Dream among
ough all the world was colder.
Though all the songs be sung,
dreams doth he behold her
Still fair and kind and young.

MARY, THE MOTHER OF JESUS—
AN EXAMPLE OF MOTHERHOOD

Luke 2: 15-19; John 2: 1-5; 19: 25-27
REV. SAMUEL D. PRICE, D.D.

In addition to the three passages indicated above give special attention to the record of the Annunciation as recorded in Luke 1: 26-38. Gabriel was again made the messenger, even as he went to Zacharias and told about the birth of John the Baptist. Mary understood the import of the promise of a child, for the Hebrews had been looking expectantly for the coming of their long-promised Messiah. It was with triumphant faith that Mary then went to visit her relative Elisabeth and was given special confirmation that what Gabriel said was being accomplished in her. The Holy Spirit had indeed come upon her with His creative power.

The events of the Nativity at Bethlehem more familiar and we again take our places with shepherds and wise men in adoration.

Mary did her part in training her Son and in exerting a blessed home influence during the next thirty years in Nazareth. The day came when, as in the case of all other parents, Mary was forced to realize that her Son had grown into adult life and she could no longer direct His activities. There was a wedding in Cana, about five miles from Nazareth and Mary was one of the invited guests. Jesus and the disciples who were then with Him may have dropped in while passing and thus unexpectedly added to the company to be provided for. When the wine failed, and this was a calamity on such an occasion, Mary brought the matter to the attention of Jesus. This suggests that during all the years in the Nazareth home this Son had been the one to meet each emergency with his thoughtfulness and ability. When the mother returned to Nazareth she had still more occasion to follow her habit of years as recorded in the Golden Text: "Mary kept all these things, pondering them in her heart."

A Distinctive Gift

EVERY once in a while you are confronted with the problem of selecting a gift that must be worth while, distinctive and personal.

This problem is very well met by giving a Ham-merrill Bond Cabinet of stationery, containing 100 letterheads and 100 envelopes of white Ham-merrill Bond, each sheet and each envelope bearing the name and address of the person to whom you are giving it.

There are sizes for men and women and styles for personal, professional, and business use. The paper and envelopes are kept smooth and clean till the last one is used. The cabinet is dignified in appearance, and makes a worthy remembrance for any occasion.

ROBERTS SPEAKER AT TWIN-TWIN "Y"

Palmyra-Riverton Association Holds Open House To Begin Year's Work

The Palmyra-Riverton YMCA opened its 1931 season last Thursday when an open house was held at the YMCA Building, Broad and Garfield avenues, Palmyra. Two hundred boys and their parents attended the meeting.

William A. Plank, secretary, presided and led the music. The new president, Nathan Lane, Jr., was introduced to the group and made a few well chosen remarks. He was followed by Mayor George N. Wimer, retiring president of the local YMCA. The speaker of the evening was former State Senator Emmor Roberts, of Moorestown, a prominent member of the Burlington County Aero Club. Mr. Roberts' address on aviation was one of the most inspirational and interesting talks which the boys have been privileged to hear.

H. Edson Hicks, associate secretary, discussed the organization of the Air Cadets, whose purpose is the construction of model airplanes. The evening was one of the most enjoyable ever spent at the YMCA hall. All previous "open house" nights were surpassed by the program and those who attended are lauding the work done by the local groups in obtaining such speakers.

Practically every group has started its activities this week and everyone of the eleven groups is filled to capacity. Dewess Showell has been appointed leader of the Sophomore Hi-Y Club, and now only one group is without a leader. The leadership job is a volunteer office and Mr. Plank will gladly advise who would like to offer his services leading a group of boys in YMCA work.

NOONDAY BLAZE DESTROYS ROOFS

Mystery Fire Quickly Quenched By Prompt Action of Riverton Fire Company

Monday at 12:15 p. m. the home of Robert C. Ayers, at 212 Cinnaminson street, Riverton, was discovered ablaze. The fire which was confined to the attic and roof, had gained considerable headway before being discovered.

When the Riverton Fire Company arrived the entire roof at 212 was ablaze with the flames and smoke rising fifty to a hundred feet in the air. It was but a matter of a few minutes before the Riverton firemen had three high pressure lines to the roof and the fire was extinguished in a very short time. The house was a double one and occupied on the adjoining side by Mrs. Charles C. Knight. Both sides were damaged but the greater damage was one to the Ayers home.

It is believed that a short circuit in the wiring was the cause of the fire and the fact that both roofs were of wooden shingle construction lent fuel to the flames.

Since this week Fire Prevention Week, Fire Chief Walter Armstrong suggests that everyone have their homes checked over for possible defective wiring, defective flues, storage of papers and trash and any other items that go for increasing the fire hazard in our community.

OPENS DANCE STUDIO

Dorothy Warner To Resume Classes at Porch Club Saturday

On Saturday, October 11, Dorothy Warner will hold the opening of this season's classes in dancing at the Riverton Porch Club.

Many friends in Palmyra and Riverton will welcome Miss Warner's return. For several years Miss Warner was forced to abandon her dancing activities in Riverton due to the pressure of business in her studio in Philadelphia. This year, however, she has arranged to resume her work here.

Well rounded courses are being planned for children of all ages. Miss Warner invites all who are interested in dancing to attend the opening between the hours of three and five o'clock so that she may arrange her classes.

RUMMAGE—RUMMAGE

If you have clothing, shoes, furniture, dishes, picture or any other useful articles stored away, would you like to contribute them to a good cause?

The Burlington County Tuberculosis League will hold their Fall Rummage Sale October 15-16, at Browns Mills. If you have a contribution to make telephone Riverton 344 or drop a card to Mrs. Walter L. Bowen, 408 Thomas avenue before October 14, and the articles will be called for.

CHICKEN SUPPER

A chicken supper will be given by the Ladies' Aid of the Epworth M. E. Church in the church basement, Thursday, October 9, from 5:30 to 8:00 p. m. Adults, seventy-five cents. Children, under eight years, fifty cents.—Adv.

This is fire prevention week. See advertisement of Clarence N. Hubbs in this paper.—Adv.

BROTHER OF NOTED DIVER MEETS DEATH

Palmyra Man Witnesses Tragic Death of John Crilley, Victim of Bus Near Victor Plant

John Crilley, 48 year old, a brother of the noted deep sea diver, Frank Crilley, was killed by a bus in Camden Tuesday morning at 1:30 o'clock. Crilley, who lived at 161 North 34th street, Camden, was a night worker at the Victor plant and was crossing the street from the plant to a restaurant when the accident occurred. The accident was witnessed by Walter Peterson, of Palmyra.

Crilley was a cousin of Mrs. Frank E. Ritchie, of Palmyra, who leaves a widow and several children.

PENSION TO FAITHFUL PUBLIC SERVICE MAN

Henry C. Ritchie, Formerly of Moorestown, Camden, Retires After Forty Years

After forty years of faithful service Henry C. Ritchie, of Camden, has been retired by Public Service Electric and Gas Company on a pension. Presented with an easy chair by fellow-workers of the Camden Electric Distribution Department, Mr. Ritchie declared that a man is as old as he feels.

"I am sixty-five years old and I am far from being an old man," he said. Enjoying robust health Mr. Ritchie plans to enjoy a real vacation fishing and gunning.

Mr. Ritchie entered the employ of the Moorestown Light, Heat and Power Company, April 1, 1890. In 1900 Public Service bought this company and Mr. Ritchie was appointed as a watch engineer. During the last few years he was stationed at the Camden Electric Distribution Department, where he was held in high esteem by his fellow workers.

Mr. Ritchie recalls when Camden and surrounding towns operated street lighting service on what was known as a "moonlight schedule." When the moon was shining the street lights were not turned on. During his many years of service Mr. Ritchie witnessed many great changes in the electrical industry.

A resident of Camden for thirty years Mr. Ritchie makes his home with his wife, Mrs. Emma Ritchie, at 31 North Twenty-first street, Camden. They have two children, Joseph B. Ritchie and Mrs. Volner Olsen.

'THE PALMYRIAN' IS AGAIN PUBLISHED

Palmyra School Paper Has First Issue to Begin Second Year of Career

On October 5 this year's first edition of Palmyra's school paper, "The Palmyrian" made its appearance. It has begun the second year of its career under the leadership of Thomas and Walter Price, twin brothers, who were at the close of last year elected to the office of editor and business manager, respectively.

"The Palmyrian" is written in its entirety by the students and is published monthly during the school year. The idea of a paper was introduced into the school by Miss Ermyrn Jewel, who first spoke to the student body concerning a paper, and found the pupils anxious to be among those schools that proudly possess a student publication.

Later, James Hughes was asked to assist in the business management. The two teachers are faculty advisors again this year, and were instrumental in putting forth the first issue.

The students have received from the townspeople splendid cooperation in the form of advertisements, and they are, consequently, using every effort to make their paper a success. Although "The Palmyrian" had a large group of readers last year, it is hoped that the number will be doubled this year.

CINNAMINSON P. T. A.

Over fifty of the paid-up members, who now number ninety-one (this year's aim is a hundred), attended the first meeting, October 1st.

An inspiring "sing," led by the head of the Music Committee, opened the minds and mouths of all, and an interesting meeting was the result.

The friendly spirit is felt to be a promising factor. A small mimeograph was ordered purchased for the use of the various committees, and arrangements made for the evening meeting on October seventeenth, when Dr. Brockmarter, of the University of Pennsylvania, will talk about "Our Children and Habits." Do not miss this rare chance for helpful suggestions, and be sure to read the circular you will receive before the meeting.

PRESS CHAIRMAN.

IN TRIPLE CRASH

Palmyra Motorists Escape Unhurt in Cove Road Accident

A car driven by Harry L. Bates, 17 years old, of 608 Highland avenue, Palmyra, was struck by a machine driven by Charles E. Canning, of Camden, Monday.

Before striking Bates' car, the Canning automobile struck a school bus. Two school teachers in the bus and three persons in the Canning car were injured, but the occupants of the Bates' auto escaped unhurt.

The accident occurred on Cove road, near Arlington Cemetery.

CO. PARKS PLANS TO BE DISCUSSED

Women's Committee to Hold Meeting at Moorestown Next Tuesday

Hoping to arouse the electorate of Moorestown and the neighboring communities in Burlington county to the importance of the program being undertaken by the Regional Planning Federation of the Philadelphia Tri-State District, and to the particular need to investigate the park possibilities of Burlington county, the Women's Regional Planning Committee of Moorestown has arranged for a meeting to be held in the Community House on Tuesday evening, October 14 at 8:15 o'clock, according to a statement made by Mrs. Henry J. Sherman, chairman.

Pictures of the remarkable park developments of Westchester County, New York, which have received nationwide commendation, will be described by L. G. Holleran, Acting Chief Engineer of the Westchester County Park Commission. Other speakers will be Norman R. Lindrat, of the Camden County Park Commission, and William H. Connell, Executive Director of the Tri-State Regional Planning Federation.

This will be an unusual opportunity to learn some of the economic facts as well as the practical and aesthetic values of a well-planned park system, and the committee urges everyone to attend.

BIG ANNIVERSARY SALE OF FURNITURE

Pinsky Co. of Riverside, Lists Big Bargains in Fortieth Anniversary Celebration

H. Pinsky and Son Company, of Riverside, New Jersey, are celebrating their fortieth anniversary in the furniture business in Riverside. That their business has survived the test of time and weathered the depressions that are as inevitable as the tide, is sufficient proof that integrity is its foundation. More than this, they have grown to be Burlington County's largest furniture store.

At the present time an anniversary sale is being conducted at the store where unheard of values are offered. Living room suits, dining room suits, handsome bedroom suits and a score of single furniture pieces—all at special anniversary sale prices. No interest charges are made for credit, no delivery cost within a radius of 100 miles, and prompt shipping.

This is your opportunity to visit the store at 215-17 Pavilion avenue and inspect the goods on display. The store is open every evening until 6 o'clock and till 10 o'clock every Friday and Saturday.

While in Europe, Carans is staying for a short time in Paris, studying the latest French methods and styles of cooking, in order to better serve his patrons after his return. He is expected to be in Palmyra about Thanksgiving.

Mr. Carans formerly conducted a restaurant in Burlington.

RIVERTON SCOUTS

The reorganization of the Riverton Scouts, Troop 40, Burlington County Council, is almost completed under the leadership of Scoutmaster Alexander B. Garwood. The Troop is now ready to start actively into its Fall campaign of Scoutcraft.

The present organization of the Troop is as follows: The Commissioned Officers consist of Scoutmaster Alexander B. Garwood; Officer in Charge of Records and Advancement, Assistant Scoutmaster William DeH. Washington; Finance Officer, Assistant Scoutmaster Henry H. Seabrook, Jr.; Officer in Charge of Games and Activities, Assistant Scoutmaster Hawthorne Cridle; Warrant Officers: Platoon Commander, Blue Platoon, Junior Assistant Scoutmaster William Shoemaker, 3rd Platoon Commander, Grey Platoon, Junior Assistant Scoutmaster Jack McNulta; Troop Quartermaster, Junior Assistant Scoutmaster Archie Seabrook; Non-commissioned Officers: Senior Patrol Leader Patton Kinsey (Blue Platoon); Senior Patrol Leader Henry Naisky (Grey Platoon).

Troop Committee: Rev. Arthur S. Lewis, Chairman. Mr. William Shoemaker, Jr. (the first Scoutmaster of the Troop). Mr. Gilbert A. Coe.

Mr. John D. Pollett (the second Scoutmaster of the Troop).

Mr. Edward F. Cooper, who was so active as a Troop Committeeman last year, has unfortunately moved away from Riverton and so was obliged to resign from the Troop. Mr. Cooper's loss will be felt very keenly.

There are a number of vacancies in both the Blue and the Grey Platoons of the Troop. Three new applications for membership in the Troop were filed at the meeting last Friday night and the three candidates were accepted on probation and put in training for the passing of their Tenderfoot tests. It is anticipated that the vacancies in the Troop will be filled rapidly, so any boys desiring to become Scouts in Riverton should get in the Troop as quickly as possible to avoid being disappointed.

The meeting Friday was the first one attended by the newly appointed Officer in Charge of Games and Activities, Assistant Scoutmaster Cridle. Mr. Cridle plunged into his new job in a fashion which makes it evident that he is going to be a very valuable officer. He proposed one innovation to the Scoutmaster, which is going to add a touch of great originality to the Troop ceremonies. Just what this innovation is, the Scoutmaster refused to state. As a matter of fact, there is an air of great secrecy about certain of the plans of the Troop. Scoutmaster Garwood, when interviewed after last Friday's meeting, stated that later on in the winter a very interesting ceremony would take place but he declined to state where this ceremony would be held or exactly what it would consist of. The members of the Troop who were present last Spring at the first meeting attended by Mr. Garwood can very well understand his capabilities in connection with unusual and interesting ceremonial meetings. The new Scouts, and the recruits now being enlisted, have something to look forward to.

Charles P. Pleasants

Charles Pemberton Pleasants, sixty-seven years old, died suddenly Sunday night at his home, 917 Lincoln avenue, Palmyra. Coroner William F. Young, of Burlington, was called and issued a death certificate, giving the cause of death as acute dilatation of the heart.

Funeral services will be held this morning, with the Rev. George J. McCormack, of Church of the Parables, officiating. Interment will be made in North Laurel Hill Cemetery, Philadelphia, under the direction of H. B. Earnest, of Riverside.

Mr. Pleasants, who was an official in the post office at Philadelphia, was the son of the late Charles P. and Julia Pleasants. He is survived by his widow, Julia S. Pleasants.

CARD PARTY

A card party will be held at the K. of C. Hall, Palmyra, Friday evening, October 17, under the auspices of the Democratic Club. Admission fifty cents.—Adv.

STAG CARD PARTY

The Riverton Fire Company will hold a Stag Card Party in the Fire House, Friday evening, October 10. Prizes and refreshments. Playing will begin at 8:30.

Weds in Greece

GEORGE CARANS Popular Palmyra and Burlington Restaurateur, who found a bride in his native Greece while on a trip home. He was married on September 21.

GEORGE CARANS TAKES BRIDE IN GREECE

Palmyra Restaurateur Weds While on Trip Home to Visit Parents in Macedonia

As a distinct surprise to his many friends and patrons comes the announcement that George N. K. Carans, proprietor of the Carnation Tea Room, Palmyra, was married at Eratrya, a small town in Macedonia, Greece, September 21.

A letter from Mr. Carans, telling of his marriage in the town of his birth, was received by Harry Koukoulis, who is managing the Carnation Tea Room while Mr. Carans is away.

Mr. Carans, who is twenty-nine years old, is visiting his parents, Mr. and Mrs. Nicholas K. Carans. His father is a retired leather tanner.

While in Europe, Carans is staying for a short time in Paris, studying the latest French methods and styles of cooking, in order to better serve his patrons after his return. He is expected to be in Palmyra about Thanksgiving.

Mr. Carans formerly conducted a restaurant in Burlington.

RUTSCHMAN GARAGE TO BE TORN DOWN

Standard Oil Company to Erect Modern Service Station at Broad and Morgan, Palmyra

A modern Standard Oil Company service station is to be built on the site of the present Palmyra Garage, formerly owned by Oscar F. Rutschman, at Broad street and Morgan avenue.

The garage building will be torn down and the new station, with all the latest features which the Standard Company includes in its service stations, will be built.

The garage building was erected about 1916 by Robert P. Thomas, of Lincoln avenue.

ELOCUTION CLASSES

Miss Franklin Resumes Teaching Each Monday in Palmyra

Miss Jessie Ada Franklin, B. E., of Collingswood, has resumed her teaching of elocution in Palmyra. She will meet on Monday of each week until further notice.

Miss Franklin, who is a graduate of the National School of Elocution, has conducted a studio in Collingswood for the past four years and is well known in this section, as a public reader. She is a member of the National Alumni Players of Philadelphia and represents Elocution and Dramatic Art in the Scroptmist Club, of Camden.

Miss Catherine King, of 807 Washington avenue, will be glad to furnish information regarding terms, etc. Phone, Riverton 375.

Thomas Prisco

Thomas Prisco, sixty-two years old, 378 Arch street, Palmyra, died suddenly last Friday afternoon in the Woman's College Hospital, Philadelphia.

Mr. Prisco, who was employed by the Kleckhefer Container Company, of Delair, was taken ill while at work last Wednesday morning. He was taken to the hospital, where he immediately underwent an operation and died Friday afternoon, very suddenly.

His death came as a shock to his many friends, as he had rarely been sick in his life, and never seriously. Mr. Prisco had been a resident of Palmyra for nearly forty years.

He is survived by his widow, Mrs. Millie Prisco, three daughters, Mrs. Jennie Sandos, Miss Mary Prisco and Miss Mamie Prisco; seven sons, Henry, William, Louis, Dominick, Tony, Ernest and Joseph Prisco, all of Palmyra.

RUMMAGE SALE

The Burlington County Tuberculosis League will hold its semi-annual Rummage Sale in the Browns Mills auditorium on October 15 and 16. Luncheon and supper will be served on Wednesday.

MANY FIRES START ON ROOFS

Twenty-three per cent. of residence fires start on the roof, J. S. Collins and Son's ad. in this issue tells you have to protect yours.

LACK OF THOUGHT AT R. R. CROSSINGS

Motorist Does Not Assume His Thinking Role, De-claims Hoffman

As long as railroad tracks and highways cross at the same grade, and it doubtless will be so for many years, the motor car operator will have a thinking role to play in preventing grade crossing accidents. Making this point, State Motor Vehicle Commissioner Harold G. Hoffman declares that there are many instances in which the role individual drivers play is far from a thinking one.

"Some fairly startling figures on this subject recently were developed in a neighboring State," says Mr. Hoffman. "Grade crossing accidents to which specific causes could be assigned, 25, or more than half, occurred at crossings which were protected by mechanical signals or by watchmen."

"The figures sound almost as if they were prepared by the railroad companies with the definite idea of shunting the blame for a majority of accidents upon the motorist's carelessness. That is not the case, however. The statistics were developed by the motor vehicle department of the State in question. Such a department has no bias in favor of the railroads."

"The situation should give every motorist pause for thought," it denotes an attitude that is altogether too common in connection with such mishaps, in which the ratio of fatalities to non-fatal accidents is 1 to 2.2, a remarkably high figure."

Pointing out that the United States Supreme Court has held that if a driver cannot be sure of a train's approach, he should leave his car and make sure before crossing, Mr. Hoffman says the figures which reveal more accidents at unprotected crossings than at unguarded ones becomes doubly significant.

"What they show," he says, "is a lack of thought, a tragic failure to recognize the obvious. Clearly, then, the motorist does not assume his thinking role in grade crossing accidents. The only reasonable one if such mishaps are to be reduced."

P. O. S. of A. NOTES

(By FURMAN A. WOOD)

In the indoor baseball match last Monday between Palmyra and Mount Holly, Palmyra was the winner, 3 games to 2. The match was not decided until the last game when Palmyra made a strong finish. The Holymen put up a great match and the return series should be interesting.

Next Monday night, the quota teachers from the Riverside Moravian Church will battle with the local ring throwers.

The new series of monthly conferences held by the Burlington County Association will begin at Marlton tonight. At these meetings the policies affecting the organization are discussed and plans made for the betterment of any existing condition which need to be remedied. In these meetings the active members find opportunities to advance their suggestions and a large delegation from the local camp is expected. The trip will be made from the P. O. S. of A. Hall about 7:30.

Charles Matlack, chairman of the Membership Committee made the announcement that the new campaign is under way. The prize is the same as last year's, a dinner party early next year. Any member bringing in a new member before December 31 receives an invitation to the party.

Fourteen members of last year's Producers' Club will dine at the Green Tree Inn, Moorestown, October 16.

Another pilgrimage has been planned for the P. O. S. of A. camps of this section. The next trip, planned for October 19, will be to historic Princeton.

The camp has accepted an invitation from the Veterans of Foreign Wars of the United States to participate in the unveiling of a marble marker, placed to indicate the position of the right wing of Washington's army during the battle of Monmouth. The ceremony will be held October 25 at Englishtown and will be worth attending.

Improvements Please At CINNAMINSON SCHOOL, No. 4

We came back to school on the fourth of September. When we came into the building, guess what we saw? A set of closets for two of the rooms, and a jolly classroom where our basement was, and a new cloak room, too.

There are new benches, table and floor in the lunch room.

We have a new work bench also for the girls and boys in the fifth and sixth grades. We have two new maps and many new books, so everybody should be happy and try to keep so.

LOUIBA JACKSON.

Form the habit, "CALL CARNIE"

Riverton 101, for better groceries a little cheaper. G. W. Carnie, 430 Elm avenue, Riverton.—Adv.

WILL TRY NOVEL CARD PARTY STUNT

Interesting Experiment at Palmyra K. of C. Hall; Prizes Galore and "Bingo" Too

A new idea in card parties will be tried out in the K. of C. Hall at Palmyra this evening, October 9.

Under the new plan you make up your own social table by inviting three of your friends and your party remains set for the evening and pivots around a certain number of deals.

You keep your own scores, play any card game that suits your particular fancy, and vie for the attractive prizes offered for each table.

The wardrobe is free, as usual. Door prizes of value will be given and before and after actual playing time the new game of "Bingo" will be played for prizes.

A large attendance is expected and the committee promises an evening full of enjoyment for those who attend.

A door prize of \$5.00 in gold and two beautiful Ferns will be an added feature.

Don't forget the date, October 9.

GREATER VALUES IN NEW NASH CARS

Four New Models Announced Ranging in Price From \$795 to \$2,050

Four remarkable new groups of automobiles, reflecting the greatest values ever established by the famous Nash organization, were announced today by The Nash Motors Company.

Ranging in price from \$795—the lowest cost ever achieved in a typical Nash quality car—to \$2,025, and representing a striking advancement in motor car engineering and performance, balanced to today's increased dollar value, the new cars were received with unprecedented enthusiasm by a motoring public awaiting them with a re-sharpened sense of motor car value.

This impressive presentation of three distinctive new straight eight series and the popular new six-cylinder group, comprising in all twenty attractive new models, is the answer of C. W. Nash and his experienced associates to the universal demand for improved motoring efficiency and economy and for sound national prosperity building.

In making this, the most important public announcement of the automobile world to date, Nash stressed the vital necessity of supplying the public with manufactured products measuring to the highest standards at prices wholly consistent with the advanced purchasing power of the present day dollar.

Junior High School

At Mrs. Mayfield's suggestion, the supervising principal arranged for an interview with Dr. White, of the State Department, to talk over the possibility of Riverton adding the rooms necessary to the proposed new building, to make it a junior high school. The Assistant Commissioner felt that Riverton already had many of the things which are found in good junior high schools and agreed that if a new building were erected, only two more rooms, one equipped as a general science laboratory, would have to be added. However, he felt that the number of children in our seventh, eighth and ninth grades was too small to permit the State Department to recommend a junior high school for Riverton.

Dr. White enthusiastically favored the taking in of Cinnaminson's seventh, eighth and ninth grades, to form with ours, a junior high school of about two hundred and fifty pupils. In order to bring this about, provided Cinnaminson was agreed, it would be necessary to obtain permission from Commissioner Elliott to withdraw the ninth grade pupils of both districts from the Palmyra High School.

High School Freshmen

In Dr. White's judgment there would be no objection whatever to this plan for it would relieve crowded conditions in Palmyra and Cinnaminson and set up a junior high school in this vicinity; he stated that he did not believe Commissioner Elliott would for any reason withhold his approval of the plan.

As a result of the interview with Dr. White, Mrs. Mayfield arranged for Mr. Taylor and Miss Bryan to come to the Riverton building, where she and the supervising principal outlined the conversation at Trenton. Both seemed to be interested in the plan and thought that there was a possibility that it might appeal to the

(Continued on Page 4)

PORCH CLUB NEWS

The Riverton Porch Club opened October 7 with luncheon and more than one hundred members were present. A business meeting was followed by two piano numbers by Mrs. Cordelia S. Pardee and a delightful address by Mrs. L. V. Hubbard, ex-president of the State Federation. She is a speaker of quiet charm and magnetism, telling the women of their oneness with all the other women in the world.

The Current Events Class of the Riverton Porch Club opens this season's meetings on next Tuesday morning, October 14, at 10 o'clock at the club house. The feature of the morning will be an address on Current Events by Mrs. Clayton D. Lee.

All club members are cordially invited to attend, and to permanently join the class.

APPRECIATION

We desire to extend through your paper our thanks to the neighbors who assisted in removing our furniture during the fire on Monday and to the Riverton Fire Company, which rendered such excellent service.

MR. and MRS. ROBERT C. AYERS.

MORE DISCUSSION OF NEW SCHOOL

Riverton School Board Hears Report of President and Principal

The proposition of a new school building for Riverton was again discussed at the meeting of the Board last Monday night, when Mr. Cooper, supervising principal, submitted the following report:

Riverton needs a new school for two main reasons:

1. The overcrowding of the present building.

2. The location of the present building, which makes additions impracticable.

The site selected by the Board of Education is at the Memorial Park, a delightful spot, affording ample room for playground facilities and future expansion.

At present there are two rooms in our school that house two grades, a situation which all know to be undesirable, but which is brought about by lack of room. In addition the first grade is too full, with no chance for relieving the congestion, because of lack of space. There are two sections of each grade beside the kindergarten and the first grade, and two are needed for the latter.

What Is Needed

A new school unit should therefore contain as a minimum the following rooms:

1. A kindergarten room.

2. Two rooms each for grades 1-8, inclusive.

3. A shop.

4. A home economics room.

5. A combination auditorium and gymnasium.

6. A health room.

<

SERGEANT YORK TO LECTURE AT RIVERSIDE HIGH

Greatest Hero of World War
to Speak Tuesday Eve-
ning, Oct. 28

CAPTURED 28 GERMANS IN LONE-HANDED RAID

Vilhjalmur Stefansson Also
Listed Among Speakers
of Lecture Course

To raise money for the Burlington County Student Loan Fund, a course of four lectures has been arranged for this winter which will bring to this County four of the best known persons in the lecture field, and if they receive the patronage they are entitled to, the treasury of the Fund should be perceptibly increased.

Last winter Tom Skehill delivered several lectures in the County which were considered high class and instructive, as well as being of interest to those who heard them, but this year County Superintendent of Schools L. J. Kaser and his committee have arranged to give the Burlington County public even bigger attractions than Skehill, if such be possible.

All of the lectures will be held in the Riverside High School, and the first will be Tuesday evening, October 28, when Sergeant Alvin York, the outstanding American soldier in the World War, and the subject of Skehill's lecture on "The Last of the Long Hunters" will be at Riverside in person and tell his audience some of his experiences.

Captured 28 Single-Handed
The exploit which won Sergeant York his fame was the capture of twenty-eight German soldiers, single-handed. Without any aid whatsoever he rushed into a German dug-out with two pistols drawn and ordered the Germans to surrender. They obeyed meekly, evidently thinking that York had a big detail of American soldiers behind him. After the Germans had thrown down their arms, Sergeant York marched them all back to the American lines.

General Foch said that Alvin York was not only the outstanding American hero of the World War, but the outstanding world hero of the World War.

Since the World War, Sergeant York has decided to make his life's work one of securing better educational facilities for the boys and girls of the mountain regions of the State of Tennessee.

He has founded the Alvin C. York Agricultural Institute, which is located thirty-eight miles from a railway station, on a Cumberland plateau.

Sergeant York seeks no publicity, and has spurned offers to commercialize his fame and patriotism. Burlington County is mighty fortunate in securing him for one evening.

Other Lecturers Booked
The next event will be November 14, when Vilhjalmur Stefansson, the dean of living Arctic explorers, will be the lecturer. The explorer has no set subject but varies each address according to his audience. His available subjects are "The Friendly Arctic," "The Northwest Course of Empire," "Australia From the Explorer's Viewpoint," "The Blond Eskimos" and "Iceland."

Dr. Michail Dorizas, extensive traveler, Greek athlete, and affectionately termed "Mike" by his host of friends

State of New Jersey to Get Huge Tax From Estate of Dr. Dorrance

Twenty-two Million Dollars Will Go Into Treasury of Commonwealth; Federal Government Gets Six Million

The State of New Jersey and the Federal Government will collect \$29,353,500 from the \$150,000,000 estate of Dr. John T. Dorrance, founder of Campbell Soup Company.

The State will receive the lion's share of the inheritance tax receiving \$22,895,700 and the Federal Government \$6,457,800. The entire inheritance tax will be collected by New Jersey and distributed to any other States entitled to a share and the national treasury.

The figures were given out by the inheritance tax division of the U. S. Internal Revenue Department. The State will receive 77.8 per cent of the total tax which must be paid one year from the death of Dr. Dorrance or the estate will be subject to interest of one per cent.

Wife Owns Radnor Home
The question of Pennsylvania receiving a portion of tax because Dr. Dorrance maintained a palatial home at Radnor was dispelled when an announcement was made that the soup manufacturer had decided that property over to his wife before his death. He is reported to have paid \$1,000,000 for it.

Because he was a director of the Pennsylvania Railroad also gave rise to a claim for that State but former Judge William D. Lippincott, proctor

in every land, will be the attraction on December 4, and on January 31, Congresswoman Ruth Bryan Owen, daughter of the Great Commoner, the late William Jennings Bryan, will speak on "The Youth of Today."

The lectures will all take place at the Riverside High School, because the auditorium connected with the school is the largest in the County, seating about 1,300 people.

Tickets may be had from your Home and School Association, the County Superintendent of Schools, or Mrs. Nina G. Frantz, of Moorestown, chair-lady of the Student Loan Fund Committee, or any school teacher.

FIND RIVERSIDE MAN DROWNED IN RIVER

Body of Charles W. Brosius, Who
Disappeared Sept. 22, Recovered From Delaware

The body of Charles W. Brosius, 227 Middleton street, Riverside, was found last Saturday afternoon on Schwartz's bank, at the junction of Pennsauken Creek and the Delaware River.

Brosius had been missing from his home since September 22. Upon recovery of the body by Chief of Police C. Morris Beck, of Palmyra, and Norwood Kurtz and Lee Taylor, also of Palmyra, the police of the nearby towns were notified in attempt to identify the man.

Chief of Police William Voshell, of Riverside, said he thought the man was that of Brosius although he had no positive means of identification. The widow, Mrs. Charlotte Brosius, and a son made the identity sure.

Coroner William P. Young, of Burlington, issued a certificate giving drowning as the cause of death. Officials were not able to ascertain whether the death was accidental or suicidal.

When Brosius left his home on September 22 he was melancholy due to a long illness and is said to have threatened to end his life. He was 56 years old and had been a carpenter for many years.

CLEVER PROGRAM AT WOMAN'S CLUB

Barrie Sketch Presented by
Members; Literature Department Has Charge

The Woman's Club of Palmyra held its regular meeting in the Lions' Den, Monday afternoon. The program was in charge of the Literature Department, with Mrs. J. Charles Mallory, presiding.

After a short business session, two very delightful solos were rendered by Mrs. Ralph Rivers and Miss Theresa Wolcott read a very interesting account of the life of Sir James Barrie.

The sketch, "Has An Hour", by Barrie, was presented by the following members of the club: Mrs. R. Selby Williams, Mrs. Horace Ross, Mrs. R. G. Andrews, Mrs. Frederick Blackburne, Mrs. Conrad Friday, Mrs. C. F. Shaw, Mrs. William C. Sherman and Mrs. Everett Wolcott.

The club members unanimously agreed this was one of the best programs ever given and they hope to have some more of them in the future.

The next meeting of the club will be held Monday afternoon, October 20. Mrs. J. A. Swenson, State Chairman of the Legislation Department will be the speaker. All members are earnestly requested to attend.

TRANSFER MT. HOLLY RECTOR

The Rev. John J. Foley, rector of the Sacred Heart Church in Mount Holly during the past three years, has been transferred by Bishop McMahon to the Catholic Church at Metuchen and will leave Mount Holly at the end of this week.

PALMYRA SCHOOL BAND IN DEBUT

Stirring Music Provided by
Youngsters at Contest
With Haddon Hgts.

The new school band organized in Palmyra since the close of last season made an impressive debut last Friday afternoon at Haddon Heights. During the intermission between the halves of the football game played between Palmyra and Haddon Heights the band paraded the length of the gridiron, playing school songs and stirring marches.

The band, under the direction and coaching of Professor R. E. Gehringer, of Haverford, Pa., has been holding practice every Monday since July 1. Prof. Gehringer has had wide experience in band conducting, having three other high school bands under his coaching at the present time. One of the high schools in South Jersey, Pitman, is being led by Prof. Gehringer.

Held Celebration
After the victory of the football team at Haddon Heights, the band gathered Friday evening on the YMCA grounds, Broad and Garfield avenue and then paraded to Riverton station, attracting considerable attention by playing school airs in celebration of the win.

Again Saturday afternoon, the players were taken on a large truck throughout the town, as a means of attracting attention to the play "Aunt Lucia." Once more much favorable comment was heard concerning their performance.

Twenty-five boys are in the band. For a band of its size, there is quite a wide variety of instruments. Trumpets, saxophones, clarinets and drums there are in plenty. A trombone, melophone, baritone horn and cymbals are also included in the group.

The personnel of the band is Ernest Barkel, Wilson Chambers, Lawrence Bradshaw, Howard Washington and Leonard Goldberg, trumpets; Merritt Dengler, Carl Weber, Walter Boddow, saxophones; Wilson Gales, Grandon Layton, George Chandler, Leroy Sanford, Carl McAllister, Dominick Cardes, clarinets; Ralph Rivers, Robert Rouse, snare drums; George Ott, bass drum; Grover Fox, Louis Jander, cymbals; Harold Zayotti, trombone; Philip Van Osten, baritone horn; Nathan Beckley, tuba; Ralph Dages, melophone; William Krauss and Walter Lamon, drum majors.

Natty Appearance
The boys looked very natty Friday when they were dressed in white trousers and shirts with red neckties, bearing out the school colors. A movement is on foot to get new uniforms. They are desirous of adding to their appearance by getting red capes to go with the white trousers. If possible red caps, such as those worn by the University of Pennsylvania band, will also be included in the equipment.

When Your Electric Washer does the Ironing, too

all dread of washday vanishes. The Thor Electric Washer dissolves and washes out the dirt from materials quickly, thoroughly and without the friction that is so harmful to fine fabrics. Ornaments and fastenings pass through the soft rubber rollers of its wringer in safety.

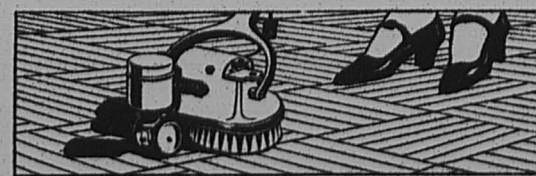

Ironing becomes a simple matter when, by removing the wringer and setting the ironing attachment in its place, you can be seated and guide the pieces as they are smoothly and quickly pressed.

The Thor is compactly and sturdily built and attractively finished.

Washer with ironing attachment \$149.25 or \$158.25 if purchased on terms of \$5 down and eighteen months to pay. Washer alone \$99.75 cash or \$105.75 if purchased on the divided payment plan.

PUBLIC SERVICE

1707

Let Electricity Polish a Floor for You

WE WILL lend you a Regina Floor Machine. Attach it to an electric outlet, and learn how easy it is to have a beautifully polished floor. The Regina spreads the wax evenly and polishes the wood to a fine finish, and electricity relieves you of all the hard work.

Price \$69.50 or \$73.35 if
purchased on terms of

\$5 down and \$5 a month

The Regina has sanding and scouring attachments at additional cost, that, with the polishing brushes will entirely recondition floors.

PRESSING INDIAN QUESTION

By LUCY MEACHAM THRUSTON
Contributing Editor

Every newspaper and every magazine is trying to present some resume or some angle of the pressing Indian question, that Indian question which means the affairs of what is sometimes called Hindustan.

So far conclusions and quotations from the Simon report have been mostly used, but there

now comes to hand a private letter which is hereby being made public, which is written by a thoughtful and intelligent Indian or Hindu leader and of which the gist is given. This letter calls attention to the fact that the Civil Disobedience agitation is being carried on practically without leaders, since so many of these are in jail.

In Bengal old mills have to be converted into jails, in Bombay old discarded jails are being overhauled in order to provide accommodation, a number of tenement houses have been converted into jails and still the Bombay officials have to ship arrested leaders to jails in Madras. Government is trying to skim only the leaders, but there are about 300,000 active volunteers who are carrying civil disobedience propaganda throughout the country and added to these are students from the colleges which have been closed because they are being picketted.

Not only is the salt tax being evaded, but forest laws are being broken and wood, fodder and fuel are being taken from the forests without license; also in certain territories a No-Tax campaign is being developed.

Yet this writer states that he sees no chance for violence since the people have had a concrete lesson of what non-violence can do and since the authorities earnestly desire peace.

TRAIN TAKES LIFE

OF TRENTON WOMAN

Mrs. Edward Schultz, 35, of 741 Bert avenue, Trenton, died in St. Francis Hospital, Trenton, Sunday of injuries suffered when she was struck by a train while walking along the tracks near the Bordentown stations a few hours earlier.

Hospital Costs
vs. Hotel Fees

During the last few years when the cost of hospitalization has, in line with practically all other costs, shown an upward trend, one has read many articles and heard many arguments referring to hospital expense, and especially drawing comparisons between the cost of hospital service with that of hotel service, and many popular magazines have flung ugly accusations of incompetency and of graft at hospital superintendents.

The most common argument advanced by the layman is this: "You can get a beautiful room in a first class hotel at \$4 or \$5 a day. Why does the hospital charge \$6 or \$7?" Such an argument seems plausible at first, but on close inspection it proves to be exactly the contrary.

Compare the service of the hotel with that of the hospital. In a hotel, for \$4 or \$5 a day, a guest's room is cleaned and the bed is made. That is all. In a hospital, in addition to these services, the patient's meals are served in his room. Because he is sick and helpless, his hands and face are washed, he is given a daily sponge bath, and a hundred and one additional services are performed for his comfort.

The hotel guest is healthy and the management has no responsibility

whatsoever for his physical welfare. The hospital patient is sick, often seriously so. The hospital watches over him as a sacred charge. His temperature, his pulse, and his respiration are carefully recorded and his case is scientifically diagnosed.

In a hotel, much of the service is done by colored maids and bell boys who receive little pay. Hospital service is rendered by highly educated and finely trained technicians, nurses and doctors, whose education has cost them a great deal of money. Then, too, in the hotel the number of employees in proportion to that of the guests is small, while a well conducted hospital has an average of two employees to every patient.

It is, therefore, entirely fair to say that if a hotel had to give the service to its guests that the hospital gives to its patients, and by the same type of employees, it would have to charge \$15 to \$20 a day instead of from \$4 to \$5. Furthermore, the hotel renders no free service at all. The average hospital renders from twenty-five to thirty-five per cent. of all its services free.

Burlington County Hospital is one, which, through careful management, is run on a low per day cost, and we are to be congratulated having in our midst a modern, adequately equipped medical center which, whilst giving the very finest treatment, can be run at a most economical cost.

ANOTHER CUT IN
RATES FOR GAS
HOUSE HEATING

Third Reduction Made in Last Eighteen Months Brings the Ideal Heating System Within Reach of Additional Thousands of New Jersey Home Owners

THE NEW RATE!

The rate now effective is 7½ cents per 100 cubic feet, providing the customer guarantees a minimum revenue of \$150.00 for the heating season of eight months—October to May, inclusive—representing a consumption of 200,000 cubic feet.

The rate formerly charged was 8 cents per 100 cubic feet, with a minimum revenue of \$160 for the heating season.

Until such time as the total of gas consumed reaches 200,000 cubic feet, the customer pays a minimum monthly bill of \$18.75, but any amount added to make the minimum is credited to the customers account, after the 200,000 cubic-foot minimum is passed.

INVESTIGATE COST!

The advantages of gas house heating are known to everyone. It keeps your house at any desired temperature with no more trouble than the adjustment of a thermostat. No dust, no ashes, no storage of fuel, no furnace tending!

The comparative economy of using gas as a house heating fuel is not so well known. Yet it is not luxury for the rich, but rather a convenience available to many. A new conversion burner may permit use of present equipment.

Let us give you the facts—tell you almost exactly what it will cost to heat your home with gas, and of the many benefits and savings that come to you by reason of its use. There will be no charge for our services.

Public Service Engineers Have Solved the House Heating Problems of Many New Jersey People. Let them Help You in the Solution of Your Problem

KONJOLA BRINGS
QUICK RELIEF
TO NEWARK MAN

New Medicine Soon Banished
Painful Kidney and Bladder
Ailment — Other Treat-
ments Failed

MR. HOWARD ADAMS

"Had I not taken Konjola, I would still be suffering from a kidney and bladder ailment that bothered me for a year," said Mr. Howard Adams, 157 North Ninth street, Newark. I was in such pain at times that I could barely get my breath. Sleep was often out of the question and night risings were frequent. Constipation was another source of misery and all medicines and treatments I tried gave me but temporary relief."

"A friend induced me to try Konjola. After the second bottle I could note a vast improvement in my health. After four weeks the torturing pains had entirely disappeared. My nights sleep is now unbroken and constipation has been relieved. I am feeling better than I ever did."

There are thousands of such endorsements in the files of Konjola. The thorough treatment of from six to eight bottles has brought health to these sincere men and women.

Konjola is sold in Riverton, New Jersey at L. L. Keating's drug store, and by all the best druggists in all towns throughout this entire section.

RIVERTON ITEMS

Miss Kathryn Burr entertained the members of the Alpha Phi Lambda at her home Tuesday evening.

Mrs. Thomas R. Moore and Mrs. A. C. Hirsch, of Palmyra, were lunch guests of Mrs. Ralph Gibbon, of Fox Chase, Tuesday.

Paul E. Good and family have returned from Margate, where they spent the summer. Mrs. Good's brother, J. M. Coddington, spent Sunday with them.

Grube Goodenow, of Main street, is driving a new Tudor Ford Sedan purchased from the Lester S. Fortnum Ford Agency.

Mr. and Mrs. John Werner, of Linden avenue, are receiving congratulations on the birth of a son, John Roland, at the Women's Homeopathic Hospital, Philadelphia, Sunday, September 28.

Mr. and Mrs. P. B. Teeple are receiving congratulations on the birth of a daughter, Kay Ann, Monday, October 6th, at the West Jersey Hospital, Camden.

Mr. and Mrs. William H. Baker have returned to their home on Main street Riverton, after enjoying the summer in Ocean City.

The Auxiliary of the I. O. O. F. will meet at the home of Mrs. Alvin Swain, 1104 Garfield avenue, Tuesday evening, October 14th.

Mr. and Mrs. Heberton Field Williams, of 27 Valley View Terrace, Moorestown, are receiving congratulations on the birth of a son in Cooper Hospital Saturday, October 4th. Mrs. Williams will be remembered as Miss Elaine Groves.

Last Thursday the firemen were called to put out a fire in the rear of Coddington's store. A pile of rubbish had caught fire and made considerable headway before it was discovered. The blaze had burned the weather boards in the rear before it was put out by the chemical apparatus.

Mrs. Mary B. St. Laurent and daughter, Miss Harriet, of Westfield, Mass., have moved to the Vaughn Apartment, 6 Broad street. Miss St. Laurent will be employed by Will K. Bowen, decorator.

Mr. and Mrs. Clifford Nesbitt enjoyed Saturday in Atlantic City at the Knights Templar Convention.

Mr. and Mrs. John Werner are receiving congratulations on the birth of a son, John Rowland, September 28th, at the Women's Hospital, Philadelphia.

Mrs. Ella A. McCormick and daughter, Miss Alice McCormick, of Philadelphia, were weekend guests of Mrs. Clarence T. Yerkes, of Linden avenue. Miss McCormick, who is a sister of Mrs. Yerkes, is recovering from the effects of being struck by an automobile nearly two weeks ago.

Dr. Marvin R. Burr, of East Orange, was the weekend guest of his father, Paul C. Burr.

The Golden Hour Circle, of Calvary Presbyterian Church, Riverton, will hold a rummage sale Thursday and Friday, October 23rd and 24th, at the Bishop Store, on Broad street.

Among the representatives at the Knights Templar Convention, in Atlantic City last week, were: Commander and Mrs. Daniel M. Clifton, Hylton Smith, Mr. and Mrs. George T. Dold and niece, Miss Elsie Read; Mr. and Mrs. Clyde Horner and children, George Gilliland, Mrs. Edward Rogers, of Riverton, and Mr. and Mrs. William Murtagh, of Palmyra.

The Golden Hour Circle will hold their annual bazaar and supper November 14th in the Social Hall of Calvary Presbyterian Church, Riverton.

The Woman's Auxiliary of Christ Church, Riverton, will meet at the Parish House, October 15th, at 2 o'clock.

Miss Elizabeth Schonfeldt, of Lynden, Holland, is the guest of Mrs. Otto Sauers.

Mr. and Mrs. Thomas Mann, of Cheltenham, Pa., and the Misses Katie and Millie Fuernstein, of Philadelphia, were guests of Mr. and Mrs. Otto Sauers, Sunday.

Mr. and Mrs. Howard Taylor, Jr., entertained the members of the Board of Education and teachers of the Cinnaminson School at their home Tuesday evening to a beach party.

PALMYRA NOTES

The dance which was given by the Ladies of the Golden Eagle in Society Hall last Thursday night proved a huge success. Louis Jander won the door prize of \$250 in gold and Mr. and Mrs. Joseph A. Davis won a beautiful pair of vases, which was the prize offered the best old-fashioned waltzers. This dance was one of the most successful the ladies have ever held and in view of that fact they expect to give another in the near future.

Mrs. Elvira S. Craig, of Horace avenue, entertained the following members of her dramatic club at her home Saturday evening: The Misses Emma and Ada Price, of Riverton; Miss Minerva M. Murphy, of Ambler, Pa.; Mrs. Mary Moran, of Gloucester; Miss Race Preston; Miss Mildred Leech, Miss Katherine Dawson, Mrs. Sarah Johnson and Mrs. Mary K. Fiedler, of Philadelphia.

Camp No. 3, P. O. of A. will hold a social and radio party in Society Hall this evening. All members are cordially invited to be present.

The Ladies' Aid of the First Lutheran Church of Palmyra and Riverton is now making plans for the annual bazaar and supper to be given Friday and Saturday, November 14 and 15.

Mrs. Harold Hamilton, of Garfield avenue, entertained the members of the Thursday Night Bridge Club at her home last week. Mrs. Walter Hunt won first prize; Mrs. Thomas Cashion, second, and Mrs. Howard Conover, third.

Mr. and Mrs. Earl Barrows and Mr. and Mrs. John Borchert, of Scranton, spent the weekend with Mr. and Mrs. R. H. Hayes, of Leconey avenue.

Palmer Adams, of Cleveland avenue, is driving a new Deluxe Ford Coupe, purchased from the Lester S. Fortnum Ford Agency.

The Women's Guild of the Epworth M. E. Church will hold their regular monthly meeting in the Guild room on Thursday evening, October 16, Mrs. Griscom, Mrs. Billard, and Mrs. Oliver being the hostesses of the evening.

The Ladies' Aid of the Lutheran Church will sell vegetable soup Tuesday, October 14 at 11:30.

The monthly committee meeting of Troop No. 1, Girl Scouts of Riverton will be held at the home of Mrs. Horace Ross, 913 Washington avenue, Tuesday, October 14 at two o'clock.

The Ladies' Aid Society of the First Lutheran Church will not hold the scheduled social and entertainment Friday, October 10. The date of the postponed meeting will be announced later.

Mr. and Mrs. Arthur N. Palmer, of Highland avenue, and William M. Stang, of Garfield avenue, were the guests of Mr. Stang's and Mrs. Palmer's parents, Mr. and Mrs. L. P. Stang, of Tunkhannock, Pa., over the weekend.

Albert S. Dilks, of Highland avenue, is driving a new Ford Standard Coupe, which he recently purchased from the Lester S. Fortnum Ford Agency.

Mrs. M. M. Klotz, Mrs. A. C. Hirsch, Mrs. Clarence Yerkes and Mrs. George Bailey visited Mrs. C. H. Pascoe in Philadelphia Tuesday evening.

Mrs. A. C. Hirsch is entertaining her sister from White Plains.

Councilman and Mrs. A. B. Cramer returned Monday from a ten days' trip to Miami, Florida. Mr. Cramer left for New York on Wednesday to spend a few days with his daughter, Mrs. George Hodson, who has been visiting her parents.

Mrs. Gordon Andrews, of Garfield avenue, will entertain the Junior Philathea Class of the Central Baptist Church at a covered dish luncheon this afternoon.

The members of the Palmyra Branch of the Needlework Guild of America are all very busy collecting garments. This clothing will be displayed at the annual ingathering of garments which will be held in the Y. M. C. A. Building at Broad street and Garfield avenue, Thursday afternoon, November 6. If all those who expect to contribute garments will have them ready when the collector calls for them, it will greatly help the members with their work.

The Legion Auxiliary of Post F. M. Rodgers will hold the first card party of the fall and winter season in the Legion Home on Tuesday evening, October 21.

The Friendship Circle of the Epworth M. E. Church will hold its regular meeting in the Guild room of the church Monday evening. Mrs. Walter D. Lamont will be the hostess. All members are cordially invited to attend.

A chicken supper will be given by the Ladies' Aid of the Epworth M. E. Church in the church basement this evening, from 5:30 to 8:00 o'clock. Adults, seventy-five cents. Children, under 8 years, fifty cents.

A rummage sale will be given by the Eden Bible Class of the First Lutheran Church, of Palmyra and Riverton, Saturday, November 1. Anyone having rummage is urged to call Riverton 359-W or Riverton 279-J.

Mr. and Mrs. Joseph L. Stack, of West Broad street, are entertaining the Ladies' Auxiliary of the Palmyra Fire Company at their cottage at Townsend's Inlet over the weekend. Those who enjoyed the stay there were: Mrs. Edwin Grubb, Mrs. Gettis, Mrs. Dilks, Mrs. Harry Kemmerle, Sr., Mrs. Frank Windish, Mrs. George J. Spencer, Mrs. David Middleton and Mrs. Speers Kerr. Edwin Grubb was also a member of the party.

LOCAL CHURCH NEWS

BAPTIST

Rev. Geo. Lockett, B.D., Pastor

Sunday services as usual. Sunday School at 10 a. m. Preaching service at 11:15 a. m. Sermon subject, "Victory or Failure." Church service for children at 11:15 a. m. in Primary Department. B. Y. P. U. Service at 6:45 p. m. Gospel Hymn Song Service and preaching at 7:45 p. m., followed by baptism. Come out and enjoy these services with us.

The regular monthly business meeting of the Sunday School Association was held in the Sunday School room on Tuesday evening.

The annual meeting and election of officers will be held in the Social Hall on Tuesday evening, November 4th. Committees for our Christmas services were also appointed.

A class of twelve boys and one of eight girls were promoted from the Junior Department last Sunday. Mr. Joseph G. Seel is teacher of the boys' class and Miss Florence Harvey is teacher of the girls' class. Several were promoted from the Primary to the Junior Department also.

The Greenville B. Y. P. U. will meet next Friday evening at 7:30 and the meeting will be in charge of the executive committee. All children of the Intermediate age are requested to be present.

The B. Y. P. U. meeting next Sunday at 6:45 p. m. will be a "Service of Light." There will be installation of officers and the speaker will be Mr. Joseph J. Hanson, State President of the B. Y. P. U. A cordial invitation is extended to all to attend this meeting.

On Friday evening, October 17th, the B. Y. P. U. A cordial invitation of entertainment, the main feature being a sketch, "Friday Afternoon in a Village School." It promises to be a very enjoyable evening; come out and enjoy it.

MORAVIAN CHURCH

Albert J. Harke, Pastor

Rally Day services last Sunday were well attended throughout. That means the church is well started for the fall and winter activities, even though not all the organizations have definitely resumed their particular line of work.

The Christian Endeavor Society is planning a membership drive and as a first step is inviting all young people of the community to a social and doggie roast next Friday evening on the church lawn.

The Willing Workers meet today at 2:00 p. m. for the regular meeting. They are very busy perfecting plans for the annual Chicken Supper and Bazaar, which will be held Wednesday, October 22nd.

The services next Sunday:

Sunday School at 9:30 a. m.

Morning Service at 10:40 a. m.

Christian Endeavor at 6:45 p. m.

Evening Service at 7:30 p. m.

CHRISTIAN SCIENCE

"ARE SIN, DISEASE, AND DEATH REAL?" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, October 12, 1930.

The Golden Text is: "Depart from evil, and do good; and dwell for evermore" (Psalms 37:27). Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Then he called his twelve disciples together, and gave them power and authority over all devils, and to cure diseases. And he sent them to preach the kingdom of God, and to heal the sick" (Luke 9:1, 2).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Entirely separate from the belief and dream of material living, is the Life divine, revealing spiritual understanding and the consciousness of man's dominion over the whole earth. This understanding casts out error and heals the sick, and with it you can speak as one having authority" (p. 14).

Calvary Presbyterian

Rev. C. T. Bates, Minister

Calvary Presbyterian Church of Riverton will hold its morning service of worship Sunday at 11 o'clock; evening service at 8 o'clock.

The Christian Endeavor Society will meet at 7 p. m. in the Church School auditorium.

All departments of the Church School will meet at 10 o'clock.

The Church School Workers will hold their conference Monday evening, October 13th, at 8 o'clock.

The Mission Study Class will start its meetings on Wednesday, October 15th, at 8 p. m. The book for this course will be "Training the Conquistadores," and may be purchased from the Secretary of Literature, Mrs. Harry E. Davis. Price, 60 cents.

EPISCOPAL

Rev. G. J. McCormack

The Girls' Friendly Society will have a rally on Tuesday next, October 14th, at 7:30 p. m., when Mrs. Bracey, the acting vice-president, will take charge of the meeting. Cards

NASH

Announces

3 new EIGHTS and a new SIX

NEVER was such motor car quality offered at prices so sensationally low. The literally startling difference becomes at once apparent when you contrast the prices of the new and finer Nash series, with prices of corresponding models a year ago.

Its low non-productive overhead, its elimination of borrowed capital, and remarkably foresighted manufacturing alone enable Nash to offer so much for so little.

The unique example in value-giving thus provided

the industry was planned last November. At that time, C. W. Nash and the strong group of executives surrounding him, clearly foresaw present conditions. They at once began to design cars affording value so great, so unmistakable, as to overcome all buying reluctance.

The result is instantly apparent. Even casual inspection of the four new Nash cars establishes the fact that nothing even remotely approaching them in downright dollar value has ever been available in their respective price fields.

SENSATIONALLY PRICED!

STUDY THESE SENSATIONAL PRICES!

Compare what is probably the most remarkable achievement of Nash in greater value-giving—the New Six—with the Single Six it succeeds. The new Six offers a multitude of superiorities—at prices which range from \$160 to \$140 below the prices of the Single Six.

Body Style	The New Six W. B. 1145*	Last Year's Six W. B. 1145*	Price Difference
Sedan (4-door)	\$845	\$1005	—\$160
Coupe	\$795	\$940	—\$145
Coupe (rumble seat)	\$825	\$980	—\$155
Sedan (2-door)	\$795	\$935	—\$140

Compare the New Eight-70 with its two additional cylinders, its longer wheelbase, its larger, more luxurious body, with the six-cylinder car it replaces. Then consider the remarkable fact that there is actually a basic price differential in favor of the New Eight!

Body Style	The New Eight-70 W. B. 1165*	Last Year's Six W. B. 1145*	Price Difference
Sedan (4-door)	\$995	\$1005	—\$10
Coupe	\$945	\$940	—\$5
Coupe (rumble seat)	\$975	\$980	—\$5
Special Sedan (4-door)	\$955		

Compare the New Twin-Ignition Eight-80 Series with the 6-cylinder car it replaces. The Eight-80 is larger, longer. Design, appointments, upholstery are finer—prices are radically lower.

Body Style	The New Twin-Ignition Eight-80 W. B. 1215*	Last Year's Twin-Ignition Six W. B. 1187*	Price Difference
Sedan (4-door)	\$1295	\$1415	—\$120
Coupe	\$1245	\$1345	—\$100
Coupe (rumble seat)	\$1285	\$1395	—\$110
Town Sedan (4-door)	\$1375		

Compare the New Twin-Ignition Eight-90 Series, now with a 115 H. P. Engine, with the last year's 100 H. P. Eight. Body appointments are finer, upholstery more luxurious, and prices are far lower!

Body Style	The New Twin-Ignition Eight-90 W. B. 1245-115*	Last Year's Twin-Ignition Eight W. B. 1215-100*	Price Difference
Sedan (4-door)	\$1565	\$1795	—\$230
Cabriolet	\$1695	\$1875	—\$180
Coupe	\$1695	\$1915	—\$220
Coupe (rumble seat)	\$1745	\$1975	—\$230
Sedan (7-pass.)	\$1925	\$2195	—\$270
Limousine (7-pass.)	\$2025	\$2385	—\$360
Ambassador	\$1825	\$2095	—\$270
Victoria	\$1765	\$2045	—\$280

THE FIRST FOOTBALL GAME OF THE SEASON

Goodness! A football game between Seventh and Eighth Grades! Wonder who is going to win?

The Eighth Grade girls gave the boys a cheer before they started. In fact, they were cheering them during the entire game. Was the game thrilling? Well, I just leave it to you to imagine.

The Eighth Grade has a very good football team, as the score soon proved. The game ended with a score of 40-0 in favor of the Eighth Grade. What do you think of that?

There were several stars in that game that are well worth mentioning. They were Joe Yearly, Ted Hume and Harry Turner. Harry Turner made several splendid tackles. The Seventh Grade can well be proud of him. Joe and Ted made several touchdowns. We are proud of them, too. Well, we hope the Seventh Grade team will have better luck next time. The Eighth Grade all think their opponents played very well and prevented the Eighth from getting many touchdowns.

ATTENDANCE

We are all sorry that Carolyn Evans, an Eighth Grade pupil, has moved to Frankford. Last week the Seventh Grade lost Marion Hansplant, who went to Germantown to live. However, two new children, Herbert and Alice Williams, have joined their grade.

The kindergarten children have proved to be very punctual so far for no one was late in September. Seven B class had perfect attendance last month.

The Fourth B girls are doing their share in trying to boost our school's attendance. The girls were neither tardy nor absent last month. The entire class was prompt. In fact, the entire school had the splendid average of 97.77 per cent. for September.

SCHOOL ORCHESTRA

A school orchestra, under the direction of Miss Lucas, is being formed by volunteers from all grades.

The violinists are Edward Smith, Herman Weber, Robert Hullings, Charles Rader and Paul McDermott. "Buddy" Delaney is playing the drums.

When it is finally organized the orchestra will play in the assembly on Monday mornings. In fact, we are expecting to hear it in two weeks.

EDITORIAL STAFF

Editor-in-Chief—Edith Ridley.

Faculty Advisor—Emily D. Lippincott.

EDITORIAL

At a meeting of the Press Club the name, "Riverton School Observer," was chosen by popular vote, from a large list of names. The purpose of our paper will be to observe what goes on around our school and report these events for our schoolmates and people in the town who are interested.

POSTERS

As I entered the Fifth Grade room I noticed two types of posters, health and arithmetic. Each child has chosen a topic in health to write about and illustrate with pictures from magazines. Sleep is foremost among the posters. There are many posters about the type of food our bodies need, for that is likewise very important to do our best work. Perhaps later they will write about the care of the body.

Their arithmetic posters are rather attractive, too. The problems are written underneath the illustrations. A problem in addition is illustrated by summing up the values of hats and dresses which are pictured in the poster.

SIX-A ACTIVITY

William Good and Rieger, the Six-A reporters, have several new pieces of work to report. A collection of stones from Egypt has been made, including pieces of the Sphinx, of the Pyramids, sand from the Dead Sea, and also a stone from Solomon's Temple. These are part of our study of the Egyptians and Hebrews.

We have won the Savings Banner and have 100 per cent. members for the room. This is the second week we have done this.

Much interest is shown in trying to get our names on the beautiful hand-painted poster made by Helen Schmidt. "Books Are Friends; Come, Let Us Read," is the name of this poster. Each pupil is given credit upon it for book reviews. These books must be selected from our book list.

Our spelling group is divided into St. Louis and Athletics. A real score-board is in use and, of course, all of us are enthusiastic about having our side win.

NEW PAPER TAKES PLACE

OF CURRENT EVENTS

Before this year the Eighth, Seventh and Sixth Grades have received the "Current Events" each week to read and discuss. Now, however, the Seventh and Eighth Grades have been reading a new paper which comes weekly. It is called "The News Review." This paper has more news in it because it is an eight-page paper, containing more pictures as well as more material on one subject. The pictures are of rotogravure type and are larger. It also has something that not many papers have, a list of the pronunciations of words that are not easy to pronounce. It has a special page for important things that are happening in different countries. Every week some one writes an editorial for the paper. William Allen White wrote this week's editorial about South America.

The Sixth Grade will continue with the Current Events, but we like this newspaper much better than the other, so we are looking forward to the arrival of the next copy. Here in school, this paper is valuable to keep up in touch with the affairs of the world each week, as well as furnishing interesting reading material for us.

THE REDS WIN

October second, the Red team won the magazine selling contest by a score of fifty-eight subscriptions to thirty-three for the Blue team. The Red team was ahead during the entire time. The victory was due to the hard work of the team.

The Blue Streaks, when they started, were quite slow at getting their subscriptions. The second day the score was twenty-six for the Red Rockets and six for the Blue Streaks. The third to last day the Blues brought in fourteen more subscrip-

tions. It seemed as though they brought in one or two subscriptions to their opponents' five or ten. The Blue Streaks, though they lost, deserve credit for trying to do their share.

The Red team was represented by a fast red race horse because it was in the lead, while the Blue team was represented by a slow blue nag. Last year the losing team gave the winning team a party after school; so the Blues are proving themselves good losers by doing the same this year. Two children are receiving certificates for selling more than ten subscriptions. They are Harold Baker and Clifton Mayfield. The total amount of money the children made for the Civics Club is \$47.50.

NEWS FROM THE LITTLE BUILDING

An Eighth Grade Girl was in the library last week and heard a child's gleeful laughter. The child finally stopped and related her reason. She and the other First Graders are to receive their first book this week. This is quite an adventure for them, you see.

The Second Grade has caught the miniature golf craze and constructed a golf course in their sand table. These little children are very much interested in animals, for they have a visitor which they hope to keep all year. What do you think it is? Why a turtle!

LOCAL COPS CLIMBING

The weekly target practice held at Riverton was smaller in attendance last Saturday than on any previous week. This, however, can be explained by the opening of the football season and the World's Series game on Saturday. Nine policemen and five citizens participated in the contest.

The scores of those who attend regularly are constantly improving. Chief Quigley of the local force is coming up. He clipped off a 59 this week over a 37 for last week. Officer Miller, who is out to beat Quigley's score, ran his up this week to a 48, over

last week's 38. The competition is all in good spirit and the results are beneficial. Robinson, special duty officer of the Riverton force, placed himself second from the top of the police list this week when he tallied 127. Officer Betty, of the Palmyra force, topped the list for the week with a score of 131.

The citizens' scores last Saturday were very good and well they should be when a member of the New Jersey State Pistol Team is numbered among them. Bernert, a former State policeman, and now a member of the New Jersey State Pistol Team, made the little six-inch bull's-eye look like a piece of imported Swiss cheese when he totaled 144 out of a possible 150.

Eugene J. Bush, of 201 Main street, caught the spirit of competition and considering his inexperience did very well with a score of 60.

The scores are as follows:

	50 Ft.	50 Ft.	75 Ft.	Tot.
Betty	50	37	44	131
Robinson	48	39	40	127
Brannin	48	35	37	120
Dorworth	50	23	39	112
Jester	39	23	33	95
Dadde	37	12	20	78
Siebek	28	15	28	71
Quigley	31	16	12	59
Miller	26	8	14	48
Bernert	50	49	45	144
Lowery	50	45	39	134

BEAGLE AND HOUND TRIALS

The Beagle and Hound trials will be held in Birmingham Monday October 27th, at 3 A. M. and will run until finished. Entrance blanks may be obtained from Lewis J. Mantell, Pemberton; Dubell's drug store, Mount Holly, and Dr. M. W. Newcomb, Browns Mills. In addition to the regular classes there will be a four dog pack class.

COLUMBUS DAY

IN 1492 Columbus, Wizard of the Seas, discovered a new land of freedom. In a scant 400 years that land has grown to be one of the world's greatest nations. Its strength lies in its banks, which like Columbus, have met and overcome all obstacles with that same determination to

PRICE, FIVE CENTS

RIVERTON SCOUTS ENJOY MEETINGS

Platoon With Best Attendance Receives Salute From Others

The Riverton Scouts (Troop 50, Burlington County Council) held their regularly weekly meeting Friday night. The grey platoon had only one scout absent and in addition brought in another recruit to add to the three recruits of last week.

The blue platoon was not quite so well represented, there being several scouts absent. In honor of the attendance record of the grey platoon, Junior Assistant Scout Master McNulta, the platoon commander, was given the privilege of passing in review before the blue platoon and of receiving a salute from its platoon commander. Junior Assistant Scout Master William Shoemaker, 3rd, and the platoon.

This little ceremony will be followed out each meeting night, the platoon having the better attendance record receiving the salute in each case from the platoon whose attendance was not so good.

A short drill was held followed by a very interesting game period. After a short talk by William Shoemaker, Jr., of the Troop Committee about plans for troop activities, the meeting was adjourned promptly at nine o'clock.

The history of the officers and troop committee of the Riverton scouts points out a very interesting fact about Scouting; and this is the truth of the slogan "Once a scout, always a scout." Mr. Garwood, the Scout Master, has had fifteen years experience in Scouting. For three years he was Assistant Scout Master of Troop 162 in Philadelphia. He then became Scout Master of this troop, which position he held for twelve years. During this time he built up his troop to be one of the most successful ones in the city. When he moved to Riverton, he continued to command his old scout troop in West Philadelphia and it was not until last Spring that he resigned from Troop 162 to take over Troop 50 of Riverton.

From Riverside Troop Assistant Scout Master Washington as a boy was a member of Troop 1 of Riverside, New Jersey. He has been a commissioned officer in the Riverton troop ever since its organization.

Assistant Scout Master Seabrook is a charter member of the Riverton troop. He rose through the grades of Patrol Leader, Senior Patrol Leader and Junior Assistant Scout Master to his present grade. He is an Eagle Scout. Assistant Scout Master Criddle has had previous scouting experience in Virginia.

Junior Assistant Scout Master William Shoemaker, 3rd, is also a charter member of the Riverton Troop and has risen through the various grades. He is an Eagle Scout. Junior Scout Master McNulta started his scout career in Troop 4 of Summit, New Jersey, in which he was a Star Scout.

Of the troop committee, two out of four members have had long scouting over eighteen years. He was formerly Scout Master of Troop 67, Germantown, one of the "crack" troops in the city. He subsequently became Deputy Scout Commissioner and Acting Scout Commissioner of Philadelphia.

Continues Activities

He was the first Scout Master of Troop 50, Riverton, and since resigning as Scout Master has been continually active on the troop committee. He likewise served a term as chairman of Camping on the County Council and in this capacity had a great deal to do with the procurement of the present beautiful scout camp near Cookstown. Mr. Shoemaker also served a term of the County Court of Honor.

Mr. Follett, the other member of the troop committee with scouting experience, has had over seventeen years experience. He was a charter member of the now famous Troop 1 of Paoli, Pennsylvania, and in this troop went through the noncommission grades up to Senior Patrol Leader. He was a charter member of the Riverton Troop as Assistant Scout Master and became its second Scout Master.

All of the above men got the scouting "bug" years ago and have never gotten over it.

There are still a few vacancies in the Riverton Troop. The sooner applications are made, the sooner will scouting careers begin for the boys of Riverton who have never been scouts. Scouting is a fascinating game when played right and it appeals to both boys and parents.

TO MEET MRS. MORROW

Mrs. Dwight W. Morrow will be the guest of honor at the reception to be given Friday afternoon, October 24, in Burlington, under the auspices of the Burlington County Women's Republican Club. Mrs. Morrow is the wife of former Ambassador Dwight W. Morrow, who is a candidate for United States Senator.

KILOCYCLE KELLY

Yeah! This is the new Sports Writer and he is some writer. Take a look on the sports page this week and see what he has to say about the home team.

COMMANDERY BAND PLAYS AT CEREMONIES

Masons Have Cornerstone Laying: Cyrene Commandery and Eminent Commander Clifton Attend

Eminent Commander Daniel M. Clifton and the Cyrene Commandery, of Camden, were the escort to the Grand Lodge at the cornerstone laying at Mount Holly last Saturday.

About 75 members of the Cyrene Commandery turned out and 20 of these were players in the Commandery Band, which added greatly to the pleasure of the occasion.

Many important personages were at this event, among whom were Grand Master Donald J. Sargent; W. Holt Appard, Past Grand Master of Masons of New Jersey; Grand Secretary Isaac Cherry, and many others.

William J. Haines, a Past Master of the Mount Holly Lodge, was marshal of the parade.

MUCH MERRIMENT IN "AUNT LUCIA"

Woman's Club Comedy With Business Men as Flappers Proves Success

One of the most outstanding musical comedies ever presented in this section was staged last Friday and Saturday evening in the Palmyra High School auditorium, "Aunt Lucia," a three act performance given under the auspices of the Palmyra Women's Club, kept the audience in gales of laughter from start to finish.

Of the huge cast of more than a hundred local people, two deserve special notice. James M. Weart, as "Aunt Lucia," and Joseph Seel, as Professor Oadine, were the outstanding performers of the show. These two, in the difficult portrayal of their roles, were able to produce a burst of laughter from the audience time and again.

James M. Weart, playing the title role, displayed a remarkable ability to change his voice. His characterization of a Dr. Jekyll and Mr. Hyde role, won him a high place among the dramatists of the community.

Joseph Seel, portraying a feeble old comedian, displayed as fine a sense of dramatization as has ever been seen hereabouts.

Porte A. Wolfe and Ivan Wanless, as two chummy fraternity brothers, Dick and George of Bulla Bulla College, who were very much in love with Betty and Molly, two charming co-eds, played by Muriel Burghman and Mrs. Richard Stauffer, repeatedly received well-deserved applause from the audience.

Two greatly overworked and long-suffering freshers were capably portrayed by Ted Hudson and Roy Wentzel. The antics of these two as they were cleaning up the room of the "frat" house repeatedly caused roars of laughter.

A chorus of flappers, rivalled only by such a bevy of chorines as those in George White's "Scandals" were presented for public approval by Ted Hudson. Such stars as Gloria Swanson, Peaches Brown, 1930 Beauty winner, Clara Bow and others were represented by their understudies, local business and professional men, costumed in appropriate (or lack of appropriate) apparel.

The girls' chorus, comprising twenty-four high school girls, offered several attractive novelty numbers. The farmerette, flashlight and sailor choruses were extremely colorful and earned much recognition from the audience.

The largest chorus of the show was staged at the beginning of the performance when 150 children were grouped on the stage. A special reading was rendered by Mrs. Albert Parker during this pageant.

CINNAMINSON P. T. A.

Six members of the P. T. A. attended the meeting of the County Council meeting at Vincentown, on the eighth 100 per cent of the committee reported, and much interesting business transacted.

The talk by Rev. Harold Ford Carr was most enjoyable, and furnished abundant food for thought.

Tomorrow, Friday, the seventeenth, the Cinnaminson P. T. A. invites all who are interested to hear Dr. Brotemarkle of the University of Pennsylvania, talk about "Our Children" at 8 p. m. in the school auditorium, and to enjoy a social hour afterwards.

Busses offer transportation, leaving the usual daily stopping places about 7:30 p. m.

Publicity Com.

Pinsky's Furniture Store in Riverside is entering the second week of its 40th Anniversary Sale. Real Furniture Bargains are offered. See advertisement in this paper.

Mr. and Mrs. R. B. Hance, of Main street, accompanied by Mr. and Mrs. Midgway, left Wednesday for Palm Beach, Florida, to be gone two weeks.

Miss Ruth Johnson, of Moorestown, was the guest of Miss Dell Teelie at High Point last Saturday.

COMMUNITY CHEST DRIVE, OCT. 20 - 25

Money Needed for Cinnaminson Home, Visiting Nurse Committee, Co. Hospital

The annual drive for the Community Chest Fund covering Riverton and Cinnaminson Township will be held during the week of October 20th to 25th.

The Visiting Nurse Society, the Burlington County Hospital and the Cinnaminson Home will be the beneficiaries as usual.

James S. Coale, who has conducted these drives so successfully for the last several years, will again be chairman.

The team captains will be as follows: First district, Herbert M. Morris; second, Miss Edith S. Coak; third, Miss Martha McI. Biddle; fourth, Hyman M. Smith; fifth, Wm. H. Baker, Jr.; sixth, Victor Ritschard; seventh, Howard D. Sordun, and Cinnaminson, Lindley C. Robbins.

Of the sum collected the Visiting Nurse Society will be allotted 42 per cent, the Burlington County Hospital 40 per cent, and the Cinnaminson Home 18 per cent.

Visiting Nurse Society

Public Health is receiving more attention every year, in cities, in towns and in the rural country.

Schools stress the importance of each child having the best start for life. The modern knowledge can give him, and that he has been taught how to prevent trouble if possible. The Visiting Nurse Society is rendering invaluable service in this connection.

Burlington County Hospital

Now officially recognized as a hospital of the first class.

Its service to the people of Burlington County has been increasingly important during the last year. Its 100-bed capacity has frequently been entirely filled. The average family for the month of September, 1930, has been 91.

This Institution is doing an immense amount of free service to safeguard and to better the health of our County community. The costs of this service are only partially met by the funds in hand, and the friends of the Hospital throughout the County are asked to help in meeting this difference, which amounts to approximately \$25,000.

The Cinnaminson Home

The Cinnaminson Home was started in 1889 and was then known as the Children's Summer Home devoting its care and attention largely to vacation periods of two weeks for Philadelphia boys and girls during the summer.

Since that time it has gradually changed into a home for convalescents, and during the last year 433 patients were entertained for various periods according to their requirements.

Owing to increasing demands on its services last year the expenditures exceeded its receipts by \$1275, and the management requests that people of this neighborhood be generous in their contributions this year.

Donrance Sisters

In Auto Accident

Injured When Roadster Overturns Near Devon, Pa.; Condition Not Serious

The Misses Ethel and Charlotte Donrance, of Radnor, daughters of the late Dr. John T. Donrance, president of the Campbell Soup Company, are recovering at their home from injuries suffered in an automobile accident.

The roadster which they were driving skidded and overturned near Devon, Pa., last Thursday night. First aid was administered by a passing motorist and they were taken to their home. The accident was not serious and their complete recovery is expected soon.

Cinnaminson School

Lately the Eighth Grade has been trying for banners, so far they have the attendance banner, and are going to have another, which is sent to them for having 100% banking last week. They also will receive buttons for 100% banking.

If they keep the attendance banner for next month, they will go on a hike and after the hike they will have a "doggy roast."

Henrietta Roray, 8th Grade.

The four upper grades in Cinnaminson School No. 2 had the pleasure of listening to the exciting game of the World's Series on October 8. This was an unusual, and very nice treat.

Rosalie Goldman, 8th Grade.

Mrs. Mary Toloski

Mrs. Mary Toloski, 67 years old, of Parris, died at her home early Sunday. Funeral services were held yesterday at 10:00 a. m. Interment was made in Morgan cemetery under the direction of Frank A. Snover.

Mrs. Toloski is survived by her husband, Anthony Toloski, and six children.

CARD OF THANKS

We wish to thank our many friends for their kind expressions of sympathy during our recent bereavement, especially those who sent cars and flowers to the funeral.

Mrs. Margaret Mohrmann and Family

FLOWERS TO GREET THE FIRST ROBIN

Plant Bulbs This Fall and Enjoy the Bright Blooms in Early Spring

Having blooms in winter and earliest spring is easy with bulbs. Each year more and more people go in for the Fall planting of bulbs, for in this way they can best satisfy their desire for flowers all year round, even though they often have little or no garden space.

It is their season or bloom that is so extending the popularity of bulbs. Planted in the Fall, they bring to the garden a regular succession of flowers from earliest spring up to the time the first of the Summer flowers arrive.

It is well to keep in mind in this connection, the earliness of Easter in 1931. It falls on Sunday, April 5, far too early for the garden to be confined himself to Spring planting.

But those who are far-sighted enough to set out plenty of bulbs this Fall will find themselves surrounded with the choicest of blooms on that day, which, from earliest history, has marked Spring's beginning.

Each year Mitchell's Seed House, 518-516 Market street, Philadelphia, issues a handsome 72-page Fall Planting Catalogue, which is sent free on request.

CORPS TO RECEIVE HANDSOME ENSIGN

Auxiliary Gives Banner at Exercises in High School Next Thursday

The American Legion Drum and Bugle Corps of Post No. 12, M. Rodgers, Palmyra, will be presented with a handsome corps banner at appropriate exercises next Thursday evening, October 23.

The ceremonies will be held in the High School auditorium and the public is invited to attend. The flag will be given by the American Legion Auxiliary in recognition of the splendid work done by the Corps in competitive meets with Corps from other Posts.

The members of the Auxiliary are proud of the Corps and have chosen this method of showing their admiration.

Although the Corps was unsuccessful in their competition at Boston last week, they feel greatly encouraged by the showing they made and have high hopes for the future. They have been extremely colorful in the competitive drills in Philadelphia and New Jersey and they realize better than the spectators just what precision and stiff competition mean.

The Corps flag will add a great deal to the appearance of the local outfit and every member of the Legion knows how much appearance counts in affairs like those in which the boys have been participating. The Corps flag will be a grand addition to the Corps and the ladies hope the townspeople will join with them in paying tribute to the persons who have made Palmyra a much-talked-of town throughout New Jersey.

The exercises, which begin at 8:15, will have some well known men as speakers. Russell Murphy, drill master of the noted Frankford Drum and Bugle Corps, will be present with some interesting addresses on competitive drill.

Burlington County will be on hand to offer comments on the showing of the Palmyra group. Mayor George N. Wimer, honored guest of the Auxiliary, will make some remarks during the course of the evening's program.

Because of the representation that Palmyra and Riverton has in the Corps, a large number of people from those two towns are expected to attend. It is thought that a representative of the official families of both towns will be on hand to extend greetings from their respective communities. In addition special music has been arranged for the evening.

Because of the general interest which the Corps has aroused in the Riverton town, an unusually large audience is expected. Everyone is invited to show his appreciation of the fine work already done by the Legion and in this manner spur them to further conquests in the future.

DWIGHT W. MORROW HOST TO JERSEYITES

Citizens From Seven Counties Will Be Guests of Senatorial Candidate

Residents of seven South Jersey Counties, Atlantic Cape May, Cumberland, Gloucester, Salem, Burlington and Camden Counties will be a pilgrimage to Englewood, N. J., Wednesday, October 23, where they will be the guests of Dwight W. Morrow for dinner and to hear him make a campaign speech to his friends and to the United States Senate.

Atlantic and Cape May County representatives will join the main group at Woodbridge. Cumberland, Gloucester and Salem County representatives will meet the Camden County group at Camden. They will travel through the Riverton town and will meet the Burlington County group at the junction of River road and Burlington Pike, Burlington.

Fifty cars from Burlington County are expected to enjoy the pilgrimage. The cars will leave the junction at Burlington not later than 8:30 a. m. A troop of State Police will escort the delegates to Englewood and return. Decorations for the automobiles will be provided.

MT. HOLLY MAN'S AUTO IS DESTROYED BY FIRE

An automobile belonging to William Alloway, of 27 Church street, Mount Holly, was destroyed by fire recently on the Keyestown road, about a mile from Mount Holly. Alloway noticed a burst of flames under his feet. He stopped the machine and jumped out as the flames shot up under the floor boards. Within a few seconds the whole car was ablaze.

THE TRUE STORY OF BETSY ROSS

Maker of "Stars and Stripes" Had Life Full of Romance and Adventure

The John C. Winston Company, Philadelphia publishers, have announced a new book written by Edwin S. Parry, of Riverton. It is entitled "Betsy Ross, Quaker Rebel," and concerns the life and times of the maker of the first American flag.

Mr. Parry is a direct descendant of Betsy Ross, and as such, had access to family records and other data not familiar to the world at large. The unusually romantic and tragic events of her career, aside from the making of the flag, and the fact that these events had never been published in a connected narrative, decided Mr. Parry to assemble them in book form. Old documents bearing on the creation of the Stars and Stripes—and affidavits in support of the flag tradition are included.

Betsy Ross is pictured in this book, not as an obscure, middle-aged seamstress at the time Washington, Robert Morris and George Ross called at her little Arch street home in 1776—but as a charming young woman in her early twenties. As Betsy Griscom, she had been strictly brought up by her Quaker parents. She had fallen in love with John Ross, a member of Old Christ Church. She had married him in defiance of her parents' commands and had been disowned by the Meeting. She had lost her husband at the outbreak of the Revolution and continued to carry on the upholstery business in which he had been engaged. It was his uncle, Colonel Ross, who had brought about the historic interview on the flag.

Betsy's life during the seven years of the Revolution—the capture of Philadelphia by the British, her subsequent love affairs, and the tragic death of her second husband in an English prison are described in the book. An old diary still in the family's possession, which was written in the prison, adds to the dramatic interest.

The author of this new volume is descended from Elizabeth Claypoole Betsy Ross on her mother's side. His grandfather was a grandson of the flagmaker—and in his youth was a frequent visitor at her home in the latter years of her life. Mr. Parry has in his possession fragments of bunting saved from the Betsy Ross flag-making shop. It was part of this same bunting, obtained from one of Betsy's great-granddaughters living in Maryland, that Commander Richard E. Byrd carried as a gift to the French Republic in his good-will flight in the airplane "America," in 1927.

"Betsy Ross, Quaker Rebel," is illustrated with scenes from the life of the central character and pictures of historical landmarks. The illustrations are by two well-known Philadelphia artists, J. L. G. Ferriss and E. J. Prittle. The publishers have announced two editions of the book—one to be specially bound and printed, consisting of 285 copies autographed by the author, and selling at \$10 per copy. The paper in this first and limited edition is a reproduction of the handmade paper made by the Rittenhouse Mill on the Wissahickon Creek, the first paper mill in America. Announcements of it have been sent to book collectors and persons of note, including the Governors of the thirteen original States. The regular edition will be distributed by book stores beginning about November 1, at \$2 per copy.

Important Address

Mrs. Nettie R. VanHagen will be at the Club on October 21st at 2:30 p. m. to give a talk, "The Social Workers Toolkit." It is a subject of great interest and importance to all of us. Let us show our appreciation of her kindness in giving us her time!

NEW SERVICE FOR RIVERTON

Riverton will soon be able to compete with the larger cities in the matter of diversified services. The latest addition is the installation of an electric hat cleaning service at the shoe repair shop of Frank Barone, Broad and Main streets.

Barone has purchased and will have installed by next Monday an outfit that will enable him to clean and block both ladies' and men's hats. He has also engaged the services of a man who has had considerable experience in this particular branch of the business.

Barone says that old felt hats can be cleaned and made like new and announces this service at a flat charge of 50 cents per hat.

MYSTERY FIND BY CHIEF QUIGLEY

Clothing on Bank of Creek Points to Suicide: Body Not Found

Chief Quigley, of the Riverton police force, while making his rounds last Thursday morning, found a complete outfit of a man's clothing on the bank of Pomps Creek at Memorial Park. The outfit consisted of shoes, suit, shirt, underwear and overcoat. The pockets were empty and the labels had been removed from the clothing, leaving nothing for a possible clue as to the identity of the owner.

Quigley, suspecting suicide, headed a searching party which dragged the creek at high tide, and at low tide the members of the searching party walked up and down the creek, but their efforts were unrewarded.

Up to the present time no trace of the owner has been found, and the case still remains a mystery.

URGENT APPEAL FOR NEEDY ONES

Riverton Branch, Needlework Guild, Will Need Larger Gifts This Year

At 2:30 in the afternoon of Wednesday, October 23rd, the annual meeting of the Riverton Branch of the Needlework Guild will be held in the Porch Club. Garments collected by the Guild will be displayed, and an address will be made by Miss R. K. Bender, National Secretary.

This meeting is a yearly event which, it sometimes seems, is allowed to pass unnoticed by many of us, simply because it has grown so familiar. Everyone knows, in a broad way, the work the Guild does—the collecting of serviceable new garments and money to be distributed among certain accredited and deserving charitable organizations. Everyone concedes the value of the work—recognizes that it reaches and fills needs not touched by other agencies. But from sheer familiarity we have perhaps grown indifferent to the significance of Needlework Guild contributions in the thousands of lives it touches.

Earlier in the year a letter was sent from our local Branch officers to the heads of the various agencies among which our garments are apportioned. It asked for specific instances of unusual need. And in every case the reply came back that poverty and unemployment and suffering were so widespread that the only way to meet even the most urgent demands would be by doubling our usual contribution.

This winter we are confronted, right in our own prosperous little community, with a greater number of deserving cases than ever before. In some instances, wage earners have been out of work for months past; no provision against winter has been possible and no relief is in sight. In other cases there has been long-continued illness, chronic invalidism or death, incapacitating or removing the natural support of the family and leaving small children at the mercy of charity. The need will be not for the comforts of life, but for its stark necessities.

Between now and the annual meeting on the 29th, directors of the Needlework Guild will call on their members for the customary contribution of two garments each. This year may we, in every possible instance, make our contributions four articles? They are so urgently needed—in so many places that even with the usual number doubled, there will not be enough to go round.

On Monday, the 20th, another all-day sewing will be held in the Porch Club, with luncheon served at the nominal charge of 25 cents. Notify Mrs. Richard Barclay. This will be the last sewing day before the annual meeting, and everyone who can is urged to come out and help.

PUBLICITY CHAIRMAN.

PORCH CLUB

The Current Events Class opened its Fall and Winter Season on October 14th with a very instructive and entertaining talk by Mrs. Clayton D. Lee, who is a deep student in National and International matters. A large number of women were present. Any woman in Riverton who would like to join the class, through she is not a Porch Club member will be welcome. The fee is one dollar.

Important Address

Mrs. Nettie R. VanHagen will be at the Club on October 21st at 2:30 p. m. to give a talk, "The Social Workers Toolkit." It is a subject of great interest and importance to all of us. Let us show our appreciation of her kindness in giving us her time!

NEW SERVICE FOR RIVERTON

Riverton will soon be able to compete with the larger cities in the matter of diversified services. The latest addition is the installation of an electric hat cleaning service at the shoe repair shop of Frank Barone, Broad and Main streets.

Barone has purchased and will have installed by next Monday an outfit that will enable him to clean and block both ladies' and men's hats. He has also engaged the services of a man who has had considerable experience in this particular branch of the business.

Barone says that old felt hats can be cleaned and made like new and announces this service at a flat charge of 50 cents per hat.

RIVERTON POLICE FORCE IS ACTIVE

Four Accidents, Seven Arrests, Bicycles Stolen, Recorded in Monthly Report

The police report made to the Riverton Borough Council last week revealed activity in the prosecution of violators of traffic regulations. Seven offenders were arrested and tried before Recorder Cecil Bowers. Four accidents were also reported. Four bicycles were stolen during the month, one of which had been recovered. One drunk and disorderly case was reported.

Mayor Rogers reported the defacement of the grandstand, which he had reported to the police department. Boards fastened over the openings under the stand had been torn off and persons wearing hobnailed shoes had tracked over one of the cement floors, damaging it to an extent that made relaying necessary. It was evidently not the work of small boys as they would not have had the strength to rip off the plank, which was securely fastened.

The police department also reported that a boat had been found adrift and the owner notified.

Director Delaney compliments the police force on the manner in which traffic was handled under the direction of Chief Quigley during the funeral of Dr. Dorrance, and the clerk read a letter from the Campbell Soup Company to the same effect.

Mr. Delaney reported progress in the matter of securing a dog catcher for Riverton.

Councilman Henry L. Randall reported that he had looked into the matter of the placing of iron pipes in front of fire hydrants by the water company, and believed that with one exception the practice had worked no inconvenience.

Mr. Randall also reported that he had inspected the fire apparatus which it was in action at the fire at the home of Robert C. Ayres and that everything seemed to be in good condition, and the firemen on duty functioned with a high degree of efficiency.

Councilman Francis B. Elwell, chairman of the property committee, reported that he had heard one complaint about the new grandstand, and that was that the wire protecting the occupants from foul balls was so heavy that it was difficult to see through. Mr. Stewart, the architect who prepared the plans and specified the wire to be used, said he thought the difficulty was principally due to the fact that the wire was new and shiny. As soon as it becomes tarnished by the weather, he thought, it would be all right.

Benches For Park

Mr. Elwell proposed that benches be placed in the pavilion at the swimming hole and throughout the park. This will be considered for next season. He also proposed a curtain for the pavilion to keep out the glare of the afternoon sun, and as a protection in case of rain.

Mr. Delaney asked Mr. Elwell to see if he could get an order releasing the two machine guns and a field piece which Senator Powell promised to Riverton last year to be placed in the park, and to ascertain the cost of transporting them to Riverton.

The building inspector's report showed building operations amounting to \$940, and fees of \$7.00.

Councilman Joshua S. Bartley, \$8000 to pay for public improvements made at Memorial Park. It was unanimously passed.

Approves of Playground

The following letter was read from the Parent-Teacher Association.

Riverton, Oct. 1, 1930.

Howard M. Rogers, Mayor, Riverton, N. J.

Dear Mr. Rogers:

The Parent-Teacher Association has watched with interest and enthusiasm the project undertaken this summer by the Borough Council to establish a playground at Memorial Park. The plan is one which this organization, interested as it is in the welfare of

(Continued on Page 4.)

CHRISTIAN SCIENCE LECTURE

Ralph B. Schofield, C.S., of London, England, will be in Palmyra Sunday evening, October 19th, at the Broadway Palace Theatre, and lecture on Christian Science, under the auspices of First Church of Christ, Scientist, of Riverton. Mr. Schofield is a member of The Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, Boston, Mass.

Palmyra High School vs. FREEHOLD

High School Grounds Saturday, 2:30 P. M.

PTA WILL TENDER RECEPTION OCT. 21

Parents Invited to Teachers Welcoming in High School Auditorium

The Palmyra P. T. A. will hold a reception to the teachers and parents of the Palmyra school pupils next Tuesday evening, October 21, at 8:15. The reception will follow immediately the business meeting at which Mrs. Elias M. Toy will preside.

A splendid program has been arranged for the event which will be held in the High School auditorium. The speaker of the evening will be Professor C. F. Dengler.

Special musical features will include selections by Mr. John Pasquale, baritone soloist; Mrs. Everett Wolcott, accompanist; and the High School Orchestra, under the direction of Miss Vera Malone, music supervisor of the Palmyra public schools. Also featured on the program is a reading by Mrs. Albert B. Parker.

Printed programs of the planned activities of the P. T. A. will be distributed throughout the schools Monday October 20. These pamphlets give a detailed account of everything that will occur at each meeting of the P. T. A. during the coming year. Notices for the Child Study Group will be sent out at a later date.

A special drive for membership is now in progress, with two prizes offered to the rooms having the greatest number of parent members of the organization and to the room which has the greatest number of the pupils' fathers enrolled as members.

The summer round-up of pre-school children has been very beneficial. Parents of these children were notified that the Round-up Committee chairman, Mrs. William McCamy; the school physician, Dr. H. W. Bauer, and the school nurse, Miss Marie V. Olwell would be in attendance at the school clinic every Thursday after May 1.

During the summer months fifty-three pre-school children were examined. A duplicate record was made of the child's physical defects, one copy being sent to the child's parents and the other filed at the school. The school physician and nurse are doing follow-up work so that each child has had an opportunity to enter school in a good physical condition.

This committee was instrumental in the successful work done by the Board of Health in conducting the Schick tests and the Toxin-Anti-Toxin inoculations.

Records kept by this committee show that 186 Schick tests were given; 621 injections of Toxin-Anti-Toxin was given to 297 children of school and pre-school age; 53 pre-school children were examined.

THE CHILD THE SUMMER ROUND-UP (With Apologies)

This is the summer round-up. This is the clinic so white and clean. Where we held the Summer Round-Up.

This is the nurse all calm and serene. Who worked in the clinic so white and clean. To help the Summer Round-Up.

This is the Doctor good natured and strong. Who told the mothers what was wrong. So that the nurses all calm and serene. With the help of the clinic so white and clean. Could do their best for the Summer Round-Up.

This is the worker from P. T. A. Who gladly gave of her time all day. To work with the Doctor good natured and strong. Who hoped to right what was physically wrong. With the aid of the nurses all calm and serene. Who kept the clinic so white and clean. All for the Summer Round-Up.

This is the mother who helped to do. The follow-up work on every clue. Sent out by the Doctor good natured and strong. So that each might right what was

physically wrong. And make the nurses all calm and serene. Proud of their clinic so white and clean. And a successful Summer Round-Up.

This is the child on its way to school. One hundred per cent. by every rule. Thanks to the Doctor goodnatured and strong. And thanks to the nurse all calm and serene. And thanks to the clinic so white and clean. And thanks to the National P. T. A. Who helped and guided all the way. In the work of the Summer Round-Up.

MAY REDMOND SMITH, Chairman Summer Round-Up, Hudson County.

S. S. CONVENTION THIS SATURDAY

Fifty-third Annual Session to be Held at Medford Church

The fifty-third annual Burlington County Sunday School Convention will be held in the Medford M. E. Church this Saturday, October 18. The following is an outline of the program for the day:

10:30 Worship.
10:45 Address "What is the Church Trying To Do In Its Educational Program," Dr. S. G. Cole.
Discussion covering the address.

11:45 Address "What Needs Are Met by the Present Program of the Church School," Dr. S. G. Cole.
12:30 Lunch and Visitation of Book Display.
2:00 Worship.

2:15 Address "The Teaching Materials of the Present Educational Program of the Church School," Dr. S. G. Cole.
3:30 Divisional Conferences.
6:00 Supper.

7:00 Worship.
Introduction of Officers.
Presentation of Plans of Work for the Coming Year.
Closing Address, "Go Teach," Dr. Milton G. Evans.

Dr. S. G. Cole is one of the leaders in the field of Christian Education in this section of the country. He has just returned from abroad having studied Christian Education as carried out in Germany.

Dr. Milton G. Evans is a real spirit in the present day Christian Church. His message will be a real inspiration for all.

The Divisional Conferences will be for workers with children, young people and adults.

The Children's Division leaders are Miss Frances Hedden, Associate General Secretary of the New Jersey Council of Religious Education, for Cradle Roll and Beginners; Mrs. Sophia Tomlinson, of the American Baptist Publication Society, for Primary; Miss Edith G. Rogers, of the Presbyterian Board of Christian Education, for the Juniors.

The Rev. F. B. Morley, pastor of the Moorestown M. E. Church, will conduct the Adult Division Conference.

With such leaders each Church School should have some representatives in attendance.

Gustav O. Mohrmann, seventy-one years old, died at his home on Delaware avenue, Palmyra, last Saturday night. Mr. Mohrmann had been a resident of Palmyra for more than forty-five years.

Mr. Mohrmann is survived by his wife, Mrs. Margaret Mohrmann, and five children, the Misses Mary and Margaret Mohrmann, Morton Mohrmann, and Mrs. William Stone, of Palmyra, and Mrs. Thomas Edge, of Riverside.

Funeral services were held from the Snover Funeral Home Tuesday afternoon with the Rev. George J. McCormack, officiating. Interment was made in Morgan Cemetery.

PALMYRA SCOUT BACKERS ACTIVE

Counsellors Association Reports Many Accomplishments at Meeting

The monthly meeting of the Palmyra Boy Scout Counsellors Association was held in the troop room of Troop No. 1, at the Methodist Church, Palmyra, Tuesday evening.

At this meeting reports of the various committees showed the progress that has been, and is being made in the various activities scheduled for the ensuing year.

What has been accomplished to date follows:

Provided a Merit Badge Library. Loaned money to Scouts to help buy uniforms.

Provided flag for town flag pole. Prizes for Scout contests. Sent needy Scouts to camp.

Provided transportation of Scouts to historic points. Provided transportation for camping trip.

Conducted one big camp rally. What is planned for coming year follows:

Enlarge the Scout Library. Troop visits to industrial plants. Training school for more leaders. Establishment of at least one more Troop.

Arrangements for having more boys to next year's camp. Cup prizes for Scout and Troop effort.

Enlarging exhibit for Scout Week. Providing speakers for Troop meetings once a month.

On Tuesday evening, October 22, Sergeant Conover, of the New Jersey State Police will talk to the Scouts in the troop room of Troop No. 1, at the Methodist Church.

The public is invited to attend, as interesting facts relative to the methods of operation of the State Police will be given.

The State Police have recently instituted a program to aid and instruct the Boy Scout organizations, and Sergeant Conover has charge of this feature.

MRS. TOMES' DANCING CLASSES NOW OPEN

Instruction in All Forms of Dancing at Society Hall Saturday Afternoons

Dancing classes, conducted by Mrs. Alexine Lowden Tomes, who received extensive training at the Cowanova Studio, Philadelphia, are held in the Lion's Club Rooms, Society Hall, Palmyra, every Saturday afternoon.

Modern work in Technique, Toe, Acrobatic, Tap, Soft Shoe and Ballroom dancing is offered by Mrs. Tomes. Either class or private instruction may be arranged for.

Mrs. Tomes also conducts popular studios at the Community House, Moorestown, and in Delanco. All of her classes have shown an increase over last year's enrollment.

CARNATION TEA ROOM HAS NEW PROPRIETOR

Harry Koukoulos Purchases Popular Restaurant From George K. Carans

Announcement has been made by Harry Koukoulos, manager of the Carnation Tea Room and Restaurant, Palmyra, that he has purchased the business from George Carans.

Carans left Palmyra in July for his home in Greece, where he intended to visit his parents. He sold his business before leaving the United States, but the fact was not made public until this week.

Carans formerly operated a restaurant in Burlington, but purchased the business here in 1928. At the time of the purchase, the establishment consisted only of the lunch room which faces on Cinnaminson avenue. A year after Carans had bought the business he opened the Carnation Tea Room, which adjoins the restaurant but faces on Broad street. The tea room filled a long felt need in the community and met with signal success.

A week ago the marriage of Carans was disclosed. He had been married while at his home in Greece, September 21.

Carans is a naturalized American citizen, having received his final papers in 1928. He is expected to return to the United States about Thanksgiving.

Koukoulos has been a resident of the United States for more than twenty years, spending most of his time in Philadelphia. He has made many friends in Palmyra since taking over the Carnation Tea Room in July. He has maintained since that time the same high quality of food and excellent service which existed when Carans managed the Restaurant.

Y. M. C. A. NOTES

SOPHOMORE HI-Y

The Sophomore Hi-Y held its first meeting Thursday evening, October 9, in the YMCA Building. Our new leader, Dewees Showell, was present and since it was the first meeting of the year the new officers were elected. They are as follows: President, Stanley Lippincott; vice-president, Howard Raric; secretary, Howard Elliot; treasurer, Maurice Wiggins; reporter, Lloyd Grisoom.

The new president held a short business session and appointed a program committee to provide a program for each weekly meeting of the club. We voted in two new members at this meeting, Carl McAllister and Robert Roach, and after the meeting had a good basketball game in the gym.

We are expecting some good meetings and game this year, and any fellow desiring to join the club should see Mr. Plank or any member of the club.

LLOYD GRISOOM, Reporter.

Mrs. Jerome Clark, of Thomas avenue, returned home this week on the Steamship "Lionia" after a three months' tour in Ireland, England and Scotland.

CAST PICKED FOR STAGE OFFERING

Musical Comedy "That's That" to Supplant Minstrels of 1929

"That's That", a musical comedy, will be presented in the high school auditorium Thursday evening, October 30 and Saturday evening, November 1. The play depicts the activities of the social set during the winter season in Palm Beach. The atmosphere is one of waving palm trees, shimmering sands and tropical sunlight. The characters provide an environment of romance, laughter, song and comedy.

"That's That" is given by the students of the high school, under the auspices of the "Tillicum" staff. The "Tillicum" is the yearbook published by the senior class. Last year the staff sponsored the "Tillicum Minstrels" which made one of the biggest stage hits of the season.

The cast for this production has been picked from all classes in the high school. Several attractive choruses will perform in specialty dancing and singing numbers. The cast, not including the choruses, includes: Willie Hopp, a bell boy at a Palm Beach Hotel; Cecil Ouse; Letitia Brownell, in Palm Beach Society; Florence Harding; Jane Bronson, one of the guests; Sylvia Shields; Kenneth Jones, of the Beach Patrol; Robert Young; Martin Morris, chum of Kenneth's; Rodman Merrill; Mickey Sullivan, of New York and Elsewhere; Francis Klevan; Mamie Rimer, his "Sweetie"; Esther Shockor; Mrs. Archibald Suthweld, a society matron; Ruth Patterson; Eloise Bewick, Mrs. Suthweld's niece; Alice Bartley; Eddie Dewey, a Real Estate Man from the "Stick"; John Renshaw; John Nelson, America's "Bottle King"; Robert Finney; Nanette Nelson, his daughter; Margaret Smith.

MOUNT LAUREL MAN HELD FOR DESERTION

James Stranahan Sought for Two Years, Arrested Upon Appearance at Hainsport

James Stranahan, of Mount Laurel township, who has been wanted since November 25, 1928, on a desertion and neglect charge, was arrested in Hainsport Sunday by Constable John Gliver and is now in the county jail at Mount Holly to await the action of the court. He was committed by Justice of the Peace John Throckmorton, of Mount Holly.

Stranahan is charged with the desertion and neglect of his wife and 5 children, their ages running from 2 years to 15 years.

He has been missing the two years and probably thought the matter had been forgotten and ventured to make a trip to his old home town. As soon as he landed Gliver nabbed him.

The Modern Hospital

Few persons realize that hospital building has developed into one of the major operations of the building industry. Since 1918 there have been a remarkable number of new hospitals built in the country and it is estimated by a leading architectural authority that between three and three and one-half million dollars are spent each year for new hospital buildings.

In most instances these hospitals have been built through the generosity of the citizens of a community. The completed institution stands as a memorial to the unselfishness of large groups of people motivated by a desire to be of service.

The operation of the modern hospital is a complex problem. Its ramifications touch every aspect of our social and economic structure. It calls upon, and uses, practically every type of activity that modern civilization deems necessary. A large ratio of the operating expense of the hospital is expensive personnel. Conservation of that personnel is prerequisite to efficiency in the rendering of service to the man, woman, or child entrusted to its care. There is a change in the conception of hospital practice from that of only a few years ago. Today the hospital is recognized as the health center of its community, obligating itself to furnish all known means for the scientific diagnosis and treatment of diseases; responsible to its community to supplement and complement the services of the clinician in modern diagnosis and therapy.

The four basic functions of the Burlington County Hospital, our own community institution, are: First, and of course paramount, the care of the patient; second, but by no means a secondary function, that of teaching.

CHILDREN ARE BLAMED FOR FIRE AT MT. HOLLY

Fire destroyed a barn and chicken house on the properties occupied by George Kellogg and Herbert Storey, on Water street, Mount Holly, last week. It is thought the fire started from children playing with matches. The property belongs to William L. Fridin and the damage amounted to about \$200. There were about 50 bottles in the barn, and the firemen thought there was a bombardment when the glass started bursting.

It Is Time To Modernize

Has your heating plant outlived economy and efficiency? Then why go on spending money for excessive amounts of fuel, trying to warm your home with an inadequate heater?

By modernizing your heating system, you will save the cost of the installation within a surprisingly short time. In addition, you can heat your home more comfortably and with less trouble.

At a reasonable extra cost, automatic temperature regulating equipment can be included. Then you can forget your heating plant and the greatest trial of winter will be eliminated.

DEVELOPING COMMERCIAL AIR LINES

In the race among world powers for supremacy in the air, the United States is exerting every effort to gain and keep the lead without resorting to the subsidy or "dole" which is contributing so largely to the progress of aviation abroad.

The race up to the present time has been a see-saw, with the United States, England, Germany and Italy in the lead at various times. England just suffered a severe loss in R-101 tragedy.

The United States got off first at the start when the Wright brothers invented the airplane. Hawker and his co-pilot won a lap for the British by hopping from Newfoundland to Ireland in 1919. America again took the lead as a result of Commander Reade's round-the-world flight that same year, but Britain was runner-up with her dirigible R-34, which made the round-trip between England and America.

Lindbergh renewed America's claim to leadership with his New York-Paris flight, and Chamberlain, Byrd et al clinched it. Since then, an

American has flown to the North and South Poles by airplane; an Italian and a Norwegian have flown over the North Pole in a dirigible; Americans have flown to Hawaii and an Englishman, Kingsford-Smith, commanded a flight across the Pacific to Australia, which he followed this year with an East-West crossing of the Atlantic.

In the meantime, a German airplane, the Bremen, was first to negotiate the East-West crossing of the Atlantic—a feat which a German seaplane and a French airplane re-accomplished this summer. De Pinedo gained for Italy the honor of the first East-West crossing of the South Atlantic.

The Graf Zeppelin admittedly overshadowed all previous accomplishments when she crossed the Atlantic, and later sailed around the world, with passengers and cargo of merchandise, and Germany, from the commercial standpoint, thus capped the records of all her competitors.

The Government at Washington does not evince much interest in stunt flights. But every department of the Government is interested in the development of commercial air lines, and is doing everything in its power to encourage the establishment of trans-ocean trade routes.

ANOTHER STRAW

When Germany arranged for her autumn military maneuvers she invited representatives of Britain, Italy and the United States to act as official observers. France, Belgium and Poland were not invited.

The French press naturally criticized this omission. One paper declared that by neglecting to invite these nations, "Germany already designates her adversaries of tomorrow."

The French quite overlooked the fact that France had several years ago, by negotiating and signing military treaties of alliance with Belgium and Poland, already designated her allies of tomorrow, so, they have no reason to complain if Germany and other nations act accordingly.

MISS COLSEY BRIDE OF LOUIS HEAVNER

Ventnor Girl and Palmyra Man Are Married at Christ Church Saturday Afternoon

A very charming wedding took place Saturday afternoon, when Miss Edna Gertrude Colsey, daughter of Mr. and Mrs. William B. Colsey, of Newport avenue, Ventnor, formerly of Palmyra, became the bride of Louis Heaver, son of Mrs. H. B. Morris, of 408 Morgan avenue, Palmyra.

The ceremony, which took place in Christ Church, Palmyra, was performed by the Rev. George J. McCormack, rector of the church.

The bride, who was given in marriage by her father, wore a very becoming model of blue crepe de chine, with hat and slippers to match. She carried a bouquet of Aaron Ward roses.

Her only attendant was Miss Heister Heaver, sister of the bridegroom. She wore an attractive creation of red georgette with hat and slippers to match and carried a bouquet of tulle roses.

William Colsey, brother of the bride, was best man.

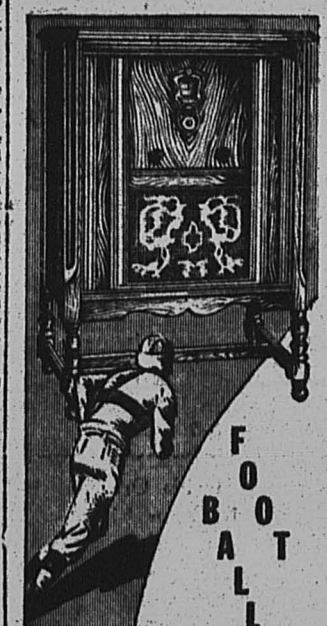

Both the bride and bridegroom are popular members of the younger set of Palmyra and Riverton. The bride is a graduate of Palmyra High School and the bridegroom is a graduate of Girard College.

Upon their return from a honeymoon trip, the happy young couple will make their temporary home with the bridegroom's stepfather, H. B. Morris, of 3150 North Broad street, Philadelphia.

DESERTION BILL QUASHED

AS WIFE SEEKS DIVORCE

An indictment against Lewis M. Rush, of 201 Horace avenue, Palmyra, charging desertion of his wife, Mildred, was nolle-prossed last week in Camden when Prosecutor Baldwin explained that Mrs. Rush is seeking a divorce in Chancery Court. She resided with her two children at 300 Princeton avenue, Audubon.

Sweetest
Day

October 18th
Make Somebody Happy

October 18th is Sweetest Day—the great American festival of joy-bringing to others. It's different from every other gift-giving holiday—because it's all in the spirit of surprise! You'll observe it by giving an unexpected treat to somebody—somebody you love, somebody who has done you a kindness, or one of those ill or unfortunate somebodies whose joys are few. What could be more appropriate than candy? It's the gift universal, that everybody likes. And remember, there's more than sweetness in candy. There is health and wholesome energy, too. Because candy is good for you.

children, heartily endorses. As the plan has developed this summer in Riverton we feel that it has been most successful and worthy of encouragement in every way. For this reason we take occasion to express to you and to the Councilmen our appreciation of the success of the undertaking and our hope that such good work for the children of Riverton may continue.

Sincerely yours,
CAROLINE BAKER,
President.

Dreadful Pains of Rheumatism
Again Yields to Power of
New and Different Medicine

MRS. ELIZABETH LEVAY

"I had rheumatism throughout my body so badly that I could not move," said Mrs. Elizabeth Levay, Kearsney, N. J., near Perth Amboy. "My joints were swollen and pained me terribly. I lost weight, strength, and energy. I lost hope of ever being any better. I was in bed for five months."

"I had little faith in Konjola although I read of many instances where it had helped others. Konjola, however, brought me the relief that I sought. All my pains have left me. I can get out of the house and about just as though I had never been afflicted. I do my housework regularly. My family and friends scarcely believe that I am the same person. I will be a life-long friend of Konjola because of what it has done for me."

There are thousands of such cases in the files of Konjola. Try this great medicine today for ailments of the stomach, liver, kidneys and bowels, and rheumatism, neuritis and nervousness. Konjola is sold in Riverton, N. J. at L. L. Keating's drug store, and by all the best druggists in all towns throughout this entire section.

Ambassador Dawes, recently returned from London on a vacation, told reporters he had discovered that for 20 years he had been wearing "damned uncomfortable collars."

WESLEYAN CLASS HAS NEW TEACHER

Reading Z. Poinsett Assumes Leadership of Popular Men's Organization

Te Wesleyan Men's Class, of the Epworth M. E. Church, has selected Reading Z. Poinsett as its new teacher.

The class had been taught previously by Mr. Hayward, who was forced to give up his teaching here in order to accept a charge in Cedarville. Prior to Mr. Hayward's stay the class was taught by George Thompson of Bryn Mawr. Mr. Thompson was killed last year when struck by lightning while at work near his home.

Since the departure of Mr. Hayward, the committee has searched for a competent person to take his place. Due to the excellent teaching of the former leaders, the class has an excellent reputation and is very popular among the men of the community.

The members of the class consider themselves fortunate to obtain a leader like Mr. Poinsett. He has a thorough knowledge of the Bible and is able to explain it in a pleasing, intelligent and forceful manner.

Mr. Poinsett is a resident of Palmyra and an employee of the Pennsylvania Railroad. His pleasing personality has won him a host of friends and he is proving to be an excellent Bible instructor.

New musical talent has recently been added for the regular Sunday morning meetings. Andrew H. Brown, pianist, is now assisted by Harold G. Stevens, violinist, and F. W. Blackby with the flute.

The class invites all men of Palmyra and Riverton to join them each Sunday at 10:00 A. M. for an interesting one hour service.

COUNTY YMCA

The first of the monthly YMCA group swims will be held in the Moorestown Community House pool, Tuesday evening, October 21, commencing at 7:30 o'clock. The cost will be ten cents per member. The entire evening will be devoted to swimming. Groups should plan now to arrange their transportation for this event.

Plans for this year's swimming activities are as follows: Third Tuesday night in each month group swim at Moorestown; a night each month beginning in November will be devoted to a swimming contest, under three classes, namely: seniors, 18 years and over; intermediates, 14 years and over; under 14 years so that the competition will be quite fair, and a night every other month will be a group swim held in the Trenton YMCA. This latter especially for the upper county groups.

Events and prizes for the various swimming contests will be announced later, but we do know that the two cups presented by George Ringle, of Browns Mills will be awarded the teams making the best showing in the series. Groups that will be interested in entering teams in one or more classes should communicate with the County YMCA Headquarters at Mount Holly.

Secretary Guy C. Hendry left Wednesday for Chicago where he attended both the Spiritual Emphasis Conference and the National Council YMCA Sessions.

FLOWERS TO GREET

THE FIRST ROBIN

Having blooms in winter and earliest spring is easy with bulbs. Each year finds more and more people going in for the Fall planting of bulbs, for in this way they can best satisfy their desire for flowers all year round, even though they often have little or no garden.

It is their season of bloom that is so extending the popularity of bulbs. Planted in the Fall, they bring to the garden a regular succession of blooms from earliest spring up to the time the first of the Summer flowers arrive. One can have, by planting bulbs through October, in sunny, sheltered spots, a profusion of Snowdrops, Scillas and Crocuses even before the snow has disappeared. Then, when these are gone, come the Hyacinths, the Narcissus or Daffodils, and the brightly-colored Tulips to give

the garden a mid-summer appearance. Early May brings in the Darwin and May tulips with their delicate pastel shades to assure a gay garden until the Spring plantings take over their part.

It is well to keep in mind, in this connection, the earliness of Easter in 1931. It falls on Sunday, April 5, far too early for the gardener who confines himself to Spring planting. But those who are far-sighted enough to set out plenty of bulbs this Fall will find themselves surrounded with the choicest of blooms on that day, which, from earliest history, has marked Spring's opening.

The Seedman who sells them to you provides, as a rule, full growing instructions and the few simple principles involved can be learned in a few minutes by any beginner. To enjoy the fullest success, however, it is necessary to get bulbs from a first-grade, reliable seed house—one that has a reputation for providing the best stock to maintain. Many of the finest showings in this vicinity last Spring owed their beauty, in

RIVERTON ITEMS

Mrs. Frederick Bagley and Mrs. E. G. Sedgwick, of Roselle Park, were guests of Mrs. Charles Geelan last Tuesday.

Mr. and Mrs. Gilbert Barish and Miss Gladys Anstotts and Lee Geddes, of Germantown, were visitors at the home of Mr. and Mrs. Albert Gorman, Sunday.

Mr. and Mrs. Alexander B. Garwood and small son were weekend visitors in Point Pleasant, Pa.

Mr. and Mrs. Orville Abbott, of East Riverton, are receiving congratulations on the birth of a daughter, Myrtle Delores, October 12th, at Mrs. Rieger's Maternity Home, Main street, Riverton.

Mr. and Mrs. William Gorman, of New Britain, Connecticut, and Mr. and Mrs. Howard Davis, of Tacony, were Sunday visitors of Mr. and Mrs. Albert Gorman.

Mrs. William R. Stuckey, of Derby, Connecticut, is spending the week with her parents, Mr. and Mrs. William H. Albertson. Mrs. Stuckey will be remembered as Miss Margaret Albertson.

Mrs. Francis B. Elwell is getting along nicely after a tonsil operation in the Burlington County Hospital Monday.

The Ladies' Auxiliary of the Riverton Fire Company were well pleased with the co-operation of the public at their card party Tuesday evening.

The Misses Cook recently moved into the apartments at 410 Main street.

Saturday afternoon Mrs. Benjamin Lippincott gave an informal at-home in honor of her sister, Mrs. Frank S. Herr, of Moorestown, who is going to Sacramento, California, to visit her daughter, Mrs. Ralph Graham.

Mr. and Mrs. Earl Perkins and Mr. and Mrs. Charles DeLaney and son, "Buddy," were visitors in Atlantic City, Sunday.

Mrs. Charles W. Kipp has returned to her home on Lippincott avenue, after spending several weeks with her daughter, Mrs. Samuel Jones, of Boston, Massachusetts.

Mr. and Mrs. Joseph Roberts enjoyed Sunday in Atlantic City.

Don't forget the Rummage Sale given by the Ladies of the Golden Hour Circle next Thursday and Friday, October 23rd and 24th, at Bishop's Store.

The Women's Missionary Society of Calvary Presbyterian Church enjoyed an all-day meeting in Delanco, Thursday.

Miss Minnie Yardley, of Germantown, visited Miss Cornelia McCarty several days this week.

Mrs. Dennis Maloney is spending a week at Plainfield.

Mrs. Mary Thomas entertained Tuesday afternoon in honor of the birthday of her mother, Mrs. Elizabeth H. Thomas.

David F. Gould, of Bound Brook, was the guest of Mr. and Mrs. A. H. Burns several days last week.

Mrs. Anne Jermon, of Germantown, was the guest of her son and wife, Mr. and Mrs. J. Russell Jermon, over the weekend. On Sunday Mr. Jermon, with his family and mother and Mrs. Ada Brown, motored to Mauch Chunk and through the Poconos.

Mr. and Mrs. Ogden Steele are spending a week at Wildwood.

Mr. and Mrs. Otto Sauters and their guests, Mr. and Mrs. Thomas Mann, of Cheltenham, motored to Wildwood Sunday.

Mrs. William Hahle entertained the members of a sewing circle Monday evening.

Mr. and Mrs. Arthur Johanson, of Brooklyn, were week-end guests of her parents, Mr. and Mrs. Harvey E. Stewart.

Mr. and Mrs. William A. Major, Jr., were visitors in Atlantic City last week.

Miss Gladys Record, of Woodbury, was the guest of Miss Kitty Burr over the week-end.

Mrs. Thomas Key entertained at Bridge Tuesday afternoon.

Mrs. John Ackerman will entertain at cards Saturday evening.

Mrs. Charles F. Stewart entertained a few friends at cards Tuesday afternoon.

Miss Shirley Ann Major is spending a week with her aunt, Mrs. Melvin P. Burr.

Miss Gertrude Burr, who is attending Glassboro Normal School, was home over the weekend.

Mr. and Mrs. Francis Pasie and son Walter, of Reading, spent the week-end at the home of her brother Charles Yost.

The girls of the Alpha Phi Lambda will hold a cake sale Saturday afternoon in front of McAllister's store.

LOCAL CHURCH NEWS

EPISCOPAL

Rev. G. J. McCormack

Organized Christianity has made many mistakes and often presented Jesus and His religion in exceedingly defective ways. But if there had been no organized Christianity during the last two thousand years there would today be no Christianity of any sort, organized or unorganized.

Jesus trusted to a holy organism of God-possessed men to keep His religion alive and spread it to the ends of the earth. He organized it and instituted it.

I cannot conceive of any man or woman keeping their religion alive and spreading it unless they live in the institution; in other words, in a church, and actively working.

Let us remind you of the concert by the Kitchen Cabinet Band of the Junior Philathea Class of the Central Baptist Church, under the direction of St. Agnes Guild, in the Parish House, Christ Church, Wednesday, October 22, at 8.15 p. m. Tickets may be obtained from any member of the Guild.

An event of interest and enjoyment is that of the Burlington County Choir Festival, which will be held on Thursday, October 30, at 8.00 p. m., in St. Mary's Church. The choirs from the different churches combine to offer a very inspiring service of praise and thanksgiving and if you enjoy music you should not miss it.

November 23, 1930, is the week of the National Campaign of the Brotherhood of St. Andrew. The Rector would be glad to hear of any Brotherhood men who would like to help in any way.

Services Eighteenth Sunday After Trinity: 8.00 a. m. Holy Communion. 10.00 a. m. Sunday School. 10.30 a. m. Morning Prayer and Sermon, "The Mind of Christ." 8.00 p. m. Evensong and Sermon, "Silenced But Not Convinced."

"Quench not the Holy fires within you; though temptations Shower down upon you, clasp your armor on; Fight well, and thou shalt see after these wars, Thy head wear sunbeams, and thy feet tread stars!"

CHRISTIAN SCIENCE

"DOCTRINE OF ATONEMENT" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, October 19, 1930.

The Golden Text is: "If any man sin, we have an advocate with the Father, Jesus Christ the righteous; and he is the propitiation for our sins; and not for ours only, but also for the sins of the whole world." (1 John 2: 1, 2)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "I delight to do thy will, O my God: yea, thy law is within my heart" (Psalms 40:8).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The scientific unity which exists between God and man must be wrought out in life-practice, and Christ's will must be universally done" (p. 202).

FIRST LUTHERAN

Rev. Harold L. Creager

The Women's Missionary Society will meet this afternoon in the church. The topic for discussion will be Jewish Missions.

The Light Brigade, the missionary organization for children, will have their second meeting tomorrow afternoon at four o'clock. The fine attendance and interest at the first meeting is sure to increase this time.

Monday evening the newly organized Men's Brotherhood will hold its first regular meeting. A constitution will be adopted and work planned for the future. There will also be a discussion of the subject, "The Bible As Good Reading."

Next Wednesday the church will celebrate the ninth anniversary of its founding. Dr. Dougherty, Mission Superintendent of the East Pennsylvania Synod, who started the church, will be present and make the address of the occasion. Both the message he will bring and the fellowship to be enjoyed will be very helpful. An offering will be taken and refreshments will be served. All members and friends of the church are cordially invited to be present.

The Men's Bible Class recently started by the Pastor is still growing, and more of the men are invited to attend it.

Miss Marilyn Jane Kates, of Collingswood, is the guest of her grandmother, Mrs. Etta Stonaker, this week.

Mr. and Mrs. James Woldill and family, of Pitman and Mr. and Mrs. Walter E. Woldill, and family, of Talmage, Pa., were week-end guests of Julius Woldill.

Miss Jeannette Bozarth, of Atlantic City, was a week-end guest at the home of Julius Woldill.

Mr. and John Blandford, of Wilkes-Barre, were guests of Mr. and Mrs. John Althouse, over the week-end. Mr. and Mrs. John Nickles, returned to spend a week with the young couple.

Mr. and Mrs. W. Edinger, and daughter, Betty, and Madeline Rice, were week-end guests of Mr. and Mrs. Clinton Bush, of the Delaware Water Gap.

The many friends of Mrs. Harriet Morgan, will be sorry to learn that she fell down the cellar steps Friday and was taken to West Jersey Homeopathic Hospital.

BAPTIST

Rev. Geo. Lochelt, B.D., Pastor

The Grenfell B. Y. P. U. meets next Friday evening at 7.30. The meeting will be in charge of Miss Mabel E. Snellson. All children of the Intermediate age are requested to attend, as the meetings are always interesting.

Sunday services as usual. Sunday School at 10.00 a. m. Preaching service at 11.15 a. m. Sermon subject, "Those Who Are Sent." Children's Church Service at 11.15 a. m. in the Primary Department. B. Y. P. U. at 6.45 p. m. Topic, "Christians and Sunday." Preaching at 7.45 p. m. Sermon subject, "The Accepted Time."

A Gospel Hymn service will be held at the evening service.

Calvary Presbyterian

Rev. C. T. Bates, Minister

Calvary Presbyterian Church, Riverton will hold its morning service of worship Sunday at 11 o'clock; evening service at 8 o'clock. The Christian Endeavor Society invites all the young people of the congregation to meet with them at 7 p. m. in the Church School auditorium. All departments of the Church School will meet at 10 A. M.

The Golden Hour Circle will meet in the Church Parlor at 8 o'clock tomorrow evening, October 17th. Mid-week service, Wednesday, October 22nd at 8 P. M. At this meeting the Mission Study Class will continue their study of the book "Trailing the Conquistadores." Leader, the pastor.

Charles T. Bates, Minister.

The annual business meeting of the Palmyra Branch of the Needlework Guild of America will be held at the home of Mrs. William T. J. Furell, of Morgan and Cleveland avenues, next Tuesday afternoon at 2 o'clock. All officers and directors are urgently requested to attend.

Mrs. M. W. Schantz, of Garfield avenue, returned home Saturday, after spending a week with her daughter and son-in-law, Mr. and Mrs. P. J. Johnson, of Shelton, Conn.

Mr. and Mrs. T. Russell Luce, of Morgan avenue, are receiving congratulations on the arrival of a son Tuesday evening.

Mr. and Mrs. Howard Powell and family, of Camden, were the guests of Mr. Powell's mother, Mrs. A. B. Powell, of West Broad street, Tuesday evening.

The regular monthly business meeting and social of the King's Daughters' Bible Class will be held Tuesday evening at the home of Miss Edith Mills.

Dr. Arthur J. White and family, formerly of Scranton, Pa., are now occupying the old Beckenbach property, at Fifth street and Morgan avenue.

Miss Jane Packer, of Philadelphia, was the weekend guest of her cousin, Miss Catherine Curry, of Horace avenue.

PALMYRA LASSIES REGAIN MASTERY OF HOCKEY RIVALS

Subdue Haddon Heights 8-0 in Second South Jersey League Fuss

MYRTLE HARMON SCORES FIVES TIMES IN CONTEST

Woodbury, League Leaders. Play Here Next Week in Important Tilt

The Palmyra High hockey girls scored their first victory of the budding season in the South Jersey Interscholastic Hockey League last Wednesday when they handed the Haddon Heights lassies a thick coat of whitewash. The final tabulation was Palmyra, 8; Haddon Heights, 0.

The win was the first in two starts, the Pals having received their first defeat in three seasons the previous week when the Paulsboro team handed them a surprise setback, 2 to 1.

The Red and White players seemed invincible from the start of the game, outplaying their opponents throughout. The defense was tighter than it had been the previous week, while the offensive tacticians had speeded up and smoothed out many of the little details that were apparent the week before.

Myrtle Harmon Stars
Anyone of the girls who scored would have beaten the zero-crowned Heights, but it remained for one player to stand far above the rest.

Myrtle Harmon, who was a dazzling player all afternoon, stood head and shoulders above all the rest—on the hockey field. This petite maid roamed all over the field, and before the game was over had tallied no less than five times. By her performance she is among the leaders for League scoring honors. In addition to her five markers on Wednesday, she scored the only point garnered by Palmyra the week before against Paulsboro.

"Sis" Baker, veteran left inside, added two points for the Pals, while the remaining marker was garnered by Mary McNulty.

Five Teams Tie
The victory sent the Pals into a tie with five other teams for third place in the league. Paulsboro, Haddon Heights, Audubon, Haddonfield and Pitman forming the deadlock with Palmyra.

The league leaders, Woodbury, will be played at home next Wednesday, October 22. This game will probably be the crucial game of the season, since Woodbury has an experienced team and expects to continue its winning ways at Palmyra's expense. On the other hand Palmyra is very desirous of beating Woodbury as it will considerably jar the Gloucester county lassies' at their perch

on top of the league ladder. Woodbury and Palmyra are tied for the possession of the league trophy with two annual league championships each. The winner of three championships wins the huge league cup as a permanent emblem of the school's prowess on the hockey field.

Battle Next Wednesday
Thus the battle of the season will probably be staged next Wednesday afternoon when the Woodbury lassies will be actively entertained by the Pals.

The summaries for last week's game:
Palmyra Haddon Heights
Young right wing Evans
McAnulty right inside Hoare
Harmon center forward Brown
Baker left inside Roach
Green left wing Burns
Fowler right halfback Ashton
Hassell center halfback Skerret
Bauer left halfback Britherton
Meltzer right fullback Henry
Hinke left fullback Hammond
Reeves goal Molloy
Score by periods:
Haddon Heights High 0 0-0
Palmyra High 8 3-8
Goals—Harmon, 5; Baker, 2; McNulty, 1. Referee—Miss Myer. Time of halves—25 minutes.

FRENCH, HAINES GRIDIRON STARS

Former Moorestown High Players Sparkle for Penn State and Albright

Former Moorestown High School football stars, now performing with college teams, were outstanding in victories scored by their respective elevens Saturday.

Cooper French thrilled the crowd at State College, Pa., when he made a 68-yard dash to score one of Penn State's touchdowns over Marshall College, which was blanked, 65-0, by the brilliant Lion squad, and only thirty seconds remained to be played when Charles Haines took over All-Bright's second touchdown, giving the Reading College a 12-7 victory in the game with Mount St. Mary.

Thirty-eight Penn State players saw action against the weak Marshall aggregation, so consequently French, a regular, did not play the entire game. Shortly after the game opened Cooper scored the Lion's second touchdown with two line plunges that covered 25 yards, and he performed the big feat of the afternoon when he scored again in the third period, picking his way through the entire Marshall team and covering 68 yards.

Haines was one of the big guns in the Albright offensive and made steady gains with line plunges. Charley played the entire game.

FOOTBALL PLAYER HAS DISLOCATED SHOULDER

At the sixty-first annual session of the State Council, Junior Order United American Mechanics, held at Asbury Park last week, two Burlington county Juniors were honored, E. LeRoy Grant, of Progressive Council No. 79, of Beverly, being chosen state councilor while Irving R. Shemley, of Veritas Council No. 104 of Riverside, was made a member of the auditing committee.

PALMYRA LOSES TO MILLVILLE 14-6

Class A Aggregation Too Strong for Locals; Freehold Here Saturday

The Palmyra High School gridirers received their second setback of the season last Saturday afternoon when they were defeated by Millville on the "Millers" field by a 14-6 score.

The defeat was the second suffered by the local gridmen, who were on the short end of a 13-0 score in a game with Vineland two weeks ago. Both losses were at the hands of Class A high schools and does not seriously affect the standing of the "Pals" in Class B ranks.

"Pud" Henderson, sturdy fullback for the Millers, was the outstanding performer of the fracas, scoring both Millville touchdowns and repeatedly making long gains through the Palmyra line and around the ends.

Score in First Quarter

Millville scored in the first quarter when they took the short Palmyra kickoff and let it go for a 14-0 lead. Henderson crashed through right guard from the three yard line for the first score of the game. A pass from "Gart" Treen to Max Wallen was completed for the extra point.

Again in the second quarter Henderson plunged through the line for his second six-pointed of the day. A second back by Henderson added the extra point.

Earl Lenker scored the Pals' lone touchdown when he made a brilliant 17 yard run around right end and galloped over the goal line. His placement kick for the extra point failed.

The touchdown marked the second of the year for Lenker. Earl made the first touchdown of the year for Palmyra when he scored against Haddon Heights last week. He had made twelve of the thirteen points credited to the Red and White team this year, the other point being gained on an offside play during the try for point after touchdown.

Play Freehold Saturday
Freehold High School, a new opponent for the Pals, will be the attraction this Saturday. The month-old county gridirers have never played Palmyra before on the Palmyra field. With excellent records for the past several seasons, Freehold comes here highly touted and Palmyra will have to show real class to defeat them.

This is the second appearance of the Palmyra gridirers on their home field this season.

The summaries:

Palmyra Millville
Zam left end Orner
Conway left tackle Myers
Fay left guard Wettstein
T. Price center M. Kane
Gerkins right guard Fisher
Wise right tackle Haas
Polinsett right end J. Kane
Moffett quarterback Treen
Lenker left halfback Marts
R. Furman right halfback Wallen
H. Furman fullback Henderson
Score by periods:
Palmyra High 0 0-0-6
Millville High 7 7-0-14

Touchdowns—Henderson, 2; Lenker, 1. Points after touchdowns—Henderson (line back); Wallen (pass). Substitutions—J. Smith for J. Garner; Dean for Treen; B. Smith for Marts; Genovese for Wallen; Green for Zam; Carr for Conway; Klevan for Gerkins; Merrill for Polinsett; W. Price for R. Furman. Referee—Huber, Penn. Umpire—Nelson, Penn. Head linesman—Moore, Springfield. Time of periods—11 minutes.

M. H. S. WINS ITS 1ST LEAGUE GAME

Moorestown Football Team Defeats Bordentown by Score of 20-0

Moorestown High School won its first Bordentown County League football game on Friday afternoon by defeating the Bordentown team by a overwhelming score of 20 to 0 in the South Church street grounds. The win sends them into second place tied with Burlington.

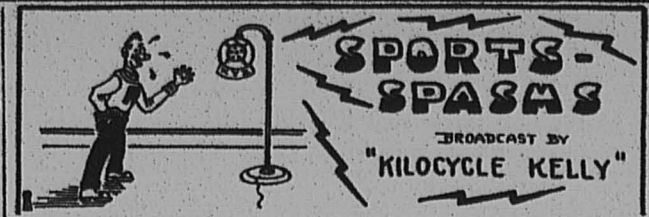

Although this victory was the first in three starts, it was Moorestown's first game with a team of its own class. The local lads were beaten by Woodbury and Collingswood, both Class A foes.

The next battle scheduled is on Friday, October 24, with Burlington High School, and will be played on the home field.

Wilson tallied his first six-pointed two minutes after the opening kickoff when he crashed through center from the 5-yard line. In the final quarter after a march from midfield, Wilson sliced off tackle from the 2-yard line for a score, and a few minutes later tallied from the 3-yard line after Moorestown had recovered a punt on Bordentown's 20-yard stripe.

The summaries:
Moorestown Bordentown
Stark left end Hartman
Clymer left tackle Gaskill
Hollinger left guard J. Bear
Vorth center McCoy
Schumaker right guard Caraso
Smith right tackle F. Bear
Kesser right end Simpkins
Wilson quarterback Dane
Chisso left halfback Parker
Parson right halfback Bodine
Lockwood fullback Lynch
Score by periods:
Bordentown 0 0-0-0
Moorestown 7 0-13-20

Touchdowns—Wilson 3. Points after touchdowns—Erickson (line plunges). Referee—Pitt. Umpire—Clancy. Head linesman—Greenhart. Time of periods—12 minutes.

"Howdy" folks—here's a new face in this column—Kilocycle Kelly speaking.

Let's jump right into the argument between "Big Ben" Wille and Referee Reagle.

Wille had been reported to Reagle for being "off sides" and when the referee proceeded to penalize the Riverton team Wille "sassed him back."

"Big Ben" made accusations as to Reagle's inability to referee which, even if true, should have been made at another time and place.

This sort of thing is not relished by good sports and is not the kind of protest we want to see on our local football field.

We all trust that in the future Jan Wille will complain to his Captain and let him argue it out with the referee according to Hoyle.

"Pete" Jenkins was signed up to referee all games this season but did not show up Saturday.

The last he was seen was Friday night at the stage door awaiting the exit of "Aunt Lucia" to keep her date with him.

You fans who read this "razzberry" column last week will recall that our friend "Andy Colum," who has retired from this writing game, made a strong plea for more attendance at the games.

Now folks, since "Andy" is gone it's up to me to boost the team whenever I can—but no one person means much in the way of support. We must have a large crowd of loyal supporters to back the boys.

Let's go—and show the boys what we CAN do!

Many people think it's easy to run a team, but let's consider the "propulsion."

There's "Marty" Welsh, the manager. He is working hard to book good teams to play here—and he's doing it gratis.

Then "Kidder" Caskey is giving his time and knowledge to the project, trying to give YOU a good Saturday afternoon's pleasure.

RIVERSIDE LAD IN RACE FOR SCORING

"Bud" Wilkinson, With 36 Grid Points, Tied With Gloucester Leader

One of the most hectic races ever staged for individual scoring honors is being enacted this season in South Jersey scholastic football and the battle for leadership is being contested among participants of Class B elevens.

A number of changes were recorded during the past week, which featured the steady climb of "Bud" Wilkinson, brilliant fullback of Riverside High's undefeated team, who by consistent plugging is now tied for first place with "Sledge" Yerkes, Gloucester fullback.

"Pud" Henderson, whose brilliant work at fullback has kept Millville High in the running, tops the Class A lads in scoring with 27 points, but is laid with the "phenom" of schoolboy backs in this section, "Pete" Heister, Burlington High flash, who led the scoring last year. Both are tied for fourth place with 27 points, each scoring four touchdowns and three extra-points.

Four lads are deadlocked for seventh place. They are Captain Eddie Wojcik, fullback at Burlington High; George Wilson, quarterback at Moorestown High; Captain Danny Mulchinnock, speedy Holy Spirit High quarterback, and Jack Earle, one of the classiest fullbacks ever turned out at Collingswood High. All have a total of 18 points by way of three touchdowns.

Izzy Kaplan, halfback of Riverside High, is holding down eighth place with 16 markers, while "Lonny" Heister, brother of "Pete," of Burlington High, is in possession of ninth place with 13 points.

The first leading ten scorers windup with six lads tied for tenth place, all of whom have scored a pair of touchdowns for 12 points. They are Bill Baylor, dusky flash of Woodbury; Lee Coble, burly fullback also of Woodbury; Captain Eddie Duffy, of Merchantville; Harold Diemiller, of Haddonfield; Harold Lenker, of Palmyra, and Cummings, of Cape May High.

LARGEST SPEEDWAY PLANNED AT TRENTON

Plans for an automobile speedway, advertised as the largest in America, were revealed by Trenton Chamber of Commerce today. The venture, a \$3,000,000 one, would include seating capacity for 100,000 persons, parking space for 100,000 cars, and a concrete bowl 3 miles around. A tract 705 acres on Brunswick Pike 6 miles from Trenton has been bought for the speedway, it was announced.

PARRY TOPPED BY HOLLY ELEVEN, 6-0

Fumble in Last Period Paves Way to Lone Touch-down

The Parry grid team lost another hard fought game last Sunday when they to Mount Holly by the score of 6 to 0 at the latter's field.

Both teams were evenly matched, a fumble in the last period deciding the game in Mount Holly's favor. The play was in center field for three quarters of the game, with neither side having a decided advantage.

The break came in the last quarter when Murphy, substitute quarterback for Parry fumbled on his own eleven yard line where Powell recovered for Mount Holly. On three successive plays, Fryer, Day and Donnelly carried the ball for a first down on Parry's one foot line.

At this point the locals made a gallant stand. For three downs the Hollies were unable to make the required distance for a score, but on the last try Donnelly took the ball the necessary distance for the touchdown that won the game. The try for the extra point failed.

Burke, Schwartz and Smith played a fine defensive game for Parry on the line. When yardage was most needed, it was these three players who opened up gaps in the Holly line. Wally Diehl and Bill Phelan were the most consistent ground gainers for the Parry outfit, while Day and Donnelly were the highlights of the Mount Holly offense.

This week Parry travels to Berlin to play the strong Berlin Panthers.

The summaries of last week's game:

Parry Mount Holly
H. Hebrew left end Wilson
Burke left tackle Carlson
Cantz left guard Olson
Oliver center Snow
Smith right guard Kelsey
Schwartz right tackle Murphy
W. Hebrew right end Howe
Broderick quarterback E. Atkinson
D. Phelan left halfback R. Atkinson
W. Phelan right halfback D. Day
Cagle fullback D. Day
Touchdown—Donnelly. Substitutions—McFarland for Carlson; Fryer for Murphy; Gillette for Wilson; Bradley for E. Atkinson; Diehl for D. Phelan; Murphy for Broderick; Higgins for Burke; Powell for Olson; Schuck for Oliver; Bobs for Schwartz; D. Phelan for W. Hebrew; Referee—Hawkins. Umpire—Elbersson. Head linesman—Gettlinger.

KENSINGTON WINS SATURDAY'S GAME

Riverton Team, In Better Form Than on Previous Saturday, Loses 7 to 6

Under a beautiful October sky the Kensington football team eked out a victory over Riverton by one point with a 7-6 score, last Saturday afternoon.

Riverton scored in the first period when Haines snatched a pass and dodged along for twenty-five yards to score. Blenke missed the try for the extra point.

The Kensington boys worked their way down the striped field in the last period until Sultzbaugh crashed through tackle to score. Fleet-footed Jimmy Connors snared a pass over the line for the extra point.

There were no really outstanding stars, as both teams played good, clean football. Riverton's offensive has improved greatly over the attack shown last week. "Kidder" Caskey is working hard to make the Riverton team one of the best amateur teams in this vicinity and deserves credit for his efforts and patience.

On the defense the local boys seemed to be able to break up plays with more efficiency than last week. A marked improvement was seen in the tackling also. The boys hit 'em hard but clean.

The Kensington boys played here last year to a scoreless tie, under the name of P. R. R.

The entire backfield of the Kensington team showed considerable skill in crashing the line and broken field running.

The summaries:
Riverton Kensington
J. Malloy left end Cope
A. Wille left tackle Porter
Price left guard Fox
Murphy center Sanson
Boham right guard Krauter
Hebrew right tackle Arbogast
Haines right end Harbison
Blenke quarterback Sultzbaugh
Phelan left halfback Smith
Anderson right halfback Freeman
Wagner fullback Enyard
Score by periods:
Riverton 6 0-0-6
Kensington 0 0-0-7

Touchdowns—Haines, Sultzbaugh. Points after touchdown—Connors, (forward pass). Substitutions—Neenan for Malloy, Burke for Wille, Schuler for Hebrew, Scheider for Anderson, Holton for Porter, Bayer for Krauter, Emerson for Arbogast, Hubley for Smith, Connors for Enyard. Referee—Reagle, Big Green. Time of periods—12 minutes.

BYPV GIVES PLAYLET

Those who want an opportunity to review their school days will have their wishes fulfilled when the Senior BYPV of the Central Baptist Church present the playlet, "The Village School," tomorrow evening.

The sketch is a comedy, and with its humor and truly enjoyable portrayal of the old school days will carry the audience back to the days of the slate, the hickory stick and the three R's.

In addition to the main attraction there will be several short skits, including an extremely modern bedtime story.

By "BILLY" KNOX MGR. PALMYRA BOWLING RECREATION

CARDINALS STILL LEAD

The Cardinal team of the National League continued their run of victories to nine straight when they were awarded three games from the Quakers by forfeit last evening.

The Pirates moved into second place when they downed the Braves three straight while the latter went into a tie for third place with the Giants, who won one game from the Reds.

The Cubs broke their losing streak when they downed the Robins two out of three games. Hall, of the Pirates, who rolled 238 in his first game, not only leads the league for high single game (individual), but broke the alley record also. His total of 548 for three games was also the highest for the evening.

Cardinals win six straight. They look better than their namesakes from St. Louis at present.

W. Wallace, of the Cardinals, rolled 222 and was the highest individual score of the evening.

E. Schuck, skipper of the Reds, says his team will be very much in the running before many weeks.

An entire new team will take the place of the Quakers beginning Tuesday. The former Quakers have been merged with the Cubs and both teams have been strengthened accordingly.

Cannon Ball Hanson, captain of the Burglars, of the Artisans' League, was slightly off form and his team dropped two games to the Robbers. The saying is in the League, "As Hanson goes, so goes the Bandits." Com on, Cannon Ball!

J. E. Brown, anchor man of the Thieves' team, of the Artisans' League, showed the best bowling of any individual this season. His scores of 210, 232, 178, for a grand total of 620, is leading the Artisans' League for the high three-game prize.

The Pirates of the rock too far this half. Skipper Ot. Theurer says, "Never mind. Watch us in the second half."

Louden, of the Villains, is practicing at every opportunity improving his game. We predict he will go far this season.

The first tie in any of the Leagues thus far was between the Bandits and the Thieves, when both rolled 765 in the second game. Bandits, with a wild finish, won the roll-off.

Bandits assumed the lead in the Artisans' League when they downed the Thieves three straight games.

Robbers and Outlaws are close on their heels, however; one game behind.

Shreve Nelson, anchor man of the Indians, turned in three nice games last Friday evening. His scores of 191, 191, 210, for a total of 592, is the highest three games in this League up-to-date.

White Sox continued their winning ways when they downed the Tigers three straight games. This team has yet to meet defeat, having won six straight.

Watch the Indians from now on, with Harper, Moffitt and Nelson improving each week. This team is bound to be heard from before long.

Ray Schmidt, president of the Palmyra-Riverton League, has his team showing improved form. The Yarks are holding down second place at present.

Mrs. Leslie Reeves and Miss Irma Rich can be seen two or three afternoons each week rolling the mineral-tes down the wooden ways. Miss Rich recently bowled 145 for her high single game.

Miss Helen Shea was a visitor at our alleys two afternoons last week. This young lady is some bowler, having rolled over 150 three times. Her score of 158 is the high single game for these alleys for ladies.

One hour of bowling
The easy plan
To make the world
A healthy man.

SUPERCARGERS ON CARS IN BIG LANGHORNE EVENT

The supercharger on racing automobile motors will play an important part in the 100 Mile grid at Langhorne Speedway on Saturday, October 18. The specifications at Indianapolis this year barred this feature and Altona, too would have none of the supercharged motors. Drivers maintain that Arnolds points, which gave him the AAA crown, were won at three speedway races, which were truly enjoyable and does not necessarily mean that he can beat some of the fast supercharged cars which are permitted at Langhorne. Litz, Cummings, Frame and Farmer all claim that they can take the new champ at Langhorne and are anxiously waiting Arnold's acceptance of the promoters offer to take part.

WELFARE BUDGET \$1700 FOR WINTER

Community Association to Start Drive for Relief Funds Required

The Community Welfare Association of Palmyra, Riverton and Cinnaminson held the second meeting of the season in the P. O. S. of A. Hall, last Thursday morning.

The association is looking forward to the coming months with a great deal of apprehension. In view of this fact, the president, George M. Wimer, at the first meeting of the season, appointed a committee of three, Ross E. Mattis, Evan Stover and Joseph T. Evans, to prepare a budget for 1930-31.

The budget follows:

Milk	\$250.00
Coal	200.00
Medicines	50.00
Shoes and Clothing	200.00
Bread	150.00
Groceries	750.00
Incidentals	100.00
Total	\$1700.00

This is a twenty per cent. increase over last year's expenditures, but with the anticipated increase in the number of cases and demands, the association feels this amount will be necessary to carry on.

The organization will start its drive for funds this month. Each constituent member will receive a letter and every organization and church in the three towns will be called on by a representative of the Welfare Association.

The Welfare urges each organization as well as individual contributors, who would care to do so, to donate or contribute to some particular item of the budget.

Clothing, bed clothes, canned goods, vegetables, and any other necessities will be accepted at any time. These may be left at the Palmyra police station.

The association gratefully acknowledges the receipt of \$25.00 from Mr. and Mrs. Joseph L. Thomas, of Cinnaminson.

WILL WIDEN BRIDGE TO MEET HIGHWAY

Span Over Wading River Is Too Narrow for New State Highway

Last Friday the Director of Bridges, Freeholder McCormick, and County Engineer Smith reported to the Burlington County Board of Freeholders that the bridge of the west branch of Wading River would have to be rebuilt to line up with the new State road, and the clerk was authorized to advertise for bids.

On request of Judge Wells, county solicitor, the Batsto road matter was continued.

The Public Service was granted permission to erect a pole on Laurel avenue, Mount Laurel.

Sheriff Shinn's car was wrecked two weeks ago in a road accident, and the board authorized the purchase of a new car, the cost not to exceed the amount received on the old car from the insurance company.

A bid of \$272 was received for alterations to the almshouse, and the Director of Public Buildings was authorized to have the work done.

Department bills were ordered paid as follows: Roads, \$24,073.38; Bridges, \$5,118.08; Finance, \$455.37; Public Buildings, \$11,068.39; Public Affairs, \$7,789.41.

COMPLETION OF STATE HIGHWAY POSTPONED

An extension of time until December 1 was granted to the contractors paving Route 8-41 from the Palmyra bridge plaza to Hilton road, Palmyra, by members of the Public Utility Commission at Trenton on Tuesday.

The extension was made due to the delay of work upon the new state highway bridge over Pensacola creek and the elimination of the P. R. R. grade crossing at Palmyra.

C. P. Jones, 999 Newark avenue, Elizabeth, sent a letter to the board commending the State for the good roads in New Jersey and gave praise in particular for the excellent manner in which repairs had been made to the concrete on Route 25 between Camden and Burlington.

Law — Potter

Mrs. Edward Potter, of East Oak avenue, Moorestown, announces the marriage of her daughter, Frances Ruth, to William Latta Law, of South Carolina, at Media, Pa., on Saturday, October 11.

POLICE TARGET PRACTICE SCORES

The attendance at the police target practice held at Riverton last Saturday increased fifty per cent. over the previous week. This is a better showing considering football games necessarily draw some from the shoot. With but one exception every man reduced his score over the last shoot.

Officer Betty, of the Palmyra force, provided some excitement when he and Sergeant Craig, of the Haddonfield force, each tied for 143 points. The boys insisted that they shoot off the tie with five shots each from the 75-foot mark. This they did and Betty lost to Craig with scores of 37 to 46. This will give Craig something to "shoot off" in his home town.

Among the peculiarities of the day were three sets of the scores.

Officer Miller, who as previously stated, was out to get Quigley, missed the chance of his life when "Bill" dropped his score to 38 for the fifteen rounds.

Miller must have been chucking to himself over his easy prey when he went to work on his target and the vibrations must have shaken his arm, for when the smoke had cleared away Miller had only been able to total a 34, which still leaves Quigley champion of the Riverton regulars.

Officer Gooch, however, might be a dark horse when he tries his skill with the "rod."

Lowery led the citizens with 128, and Bill Stevens, who has not shot for several years, did very well with a total of 77.

The scores are as follows:

Officers	75 Ft.	50 Ft.	50 Ft. Tot.
Betty	44	50	48 143
Craig	45	50	48 143
Whitehead	43	50	44 137
Locke	44	48	42 134
Jackson	39	47	36 122
Linah	38	48	38 122
Dicworth	41	41	23 105
McDonald	32	43	30 105
Robinson	29	41	20 100
Ward	27	41	28 96
Lynd	19	42	25 86
Siebek	9	35	19 63
Quigley	5	24	9 38
Miller	9	8	17 34

PALMYRA C. OF C. CEASES TO EXIST

Lack of Interest Given as Reason for Disbandment; Founded in 1920

The Palmyra Chamber of Commerce, at the first regular meeting of the season Tuesday, has discontinued activities. The members present at the meeting voted to disband.

David L. Schwarz, president of the Chamber of Commerce, gave as the reasons for disbanding, the lack of support and interest of the members and townspeople. Other organizations of civic interest and improvements have replaced the Chamber of Commerce in its activities.

Many members of the organization are also members of the Lions', Kiwanis and Rotary Clubs, and in the opinion of Mr. Schwarz, these clubs have been doing the things in the town which the Chamber of Commerce formerly did. The people now look to these clubs for civic advancement for awards and for celebrations rather than to the Chamber of Commerce. The members seem to realize the state of affairs and have ceased to show the interest and enthusiasm that once was displayed.

Mr. Schwarz and others who attended the meeting were unanimous in their approval of disbandment.

The Chamber of Commerce was first founded by the local business men in 1920. At that time the organization was called the Palmyra Business Men's Association, and the first president was George W. Wimer.

For several years the group flourished. While George W. Shaner was president, during the second year of his organization, the club dropped the name it originally assumed, and was called the Palmyra Chamber of Commerce. The list of eligible members was increased from the local business men to other citizens of the community. The presiding officers since that time have been Wilbur F. Crane, Richard E. Wilson, J. Edwin Lees, William E. Jenkins, William S. C. Roray, Walter D. Lamon and David L. Schwarz, who is the retiring president.

Junior Republicans

Will Meet Oct. 21

Senator Pierson Will Make Address at Session to be Held in Bordentown

The first meeting of the Burlington County Junior Republican Club for this season will be held at the home of Mrs. Jay B. Tomlinson, Chestnut street, Bordentown, on Tuesday, October 21, at two-thirty. Freeholder Charles R. Stout will introduce the speaker of the afternoon, Senator Arthur Pierson, of Union county, who will speak on the "Hundred Million Dollar Bond Bill."

As we must soon vote on this bill it will surely be of great general interest to hear it explained by Senator Pierson, who is its originator. Members are privileged to bring their friends as guests at this meeting.

COLUMBUS ARRIVES BY SAND TABLE

Columbus Day is here. In the second and third grade room the sand table tells us the story of Columbus's landing. In paper figures, there are the three boats, Columbus, his men, and the Indians. Glass is used for the water, and the men and trees are made of paper. It portrays Columbus, landing in America and the Indians who are greeting him.

The children have each made a reading book. Each child told Miss Gardiner the story which she printed for them. They illustrated the story with pictures which they drew themselves.

TRAVELOGUES

The first week of school we started to travel in geography. Can you guess how we did it? We are making travelogues. Each person is taking a trip to some part of the United States. There are a variety of trips such as: Yellowstone Park, Washington, Florida, California, New Orleans, Buffalo, Chicago and Texas.

Through these travelogues we get both geography and history facts. We learn the products, cities, and transportation. Naturally to take a trip one has to know where you are going and how you are going. As we went along, we told how the people lived and why they lived that way. For instance around the mining district the men were miners while in the wheat section the men raised wheat. We told how we went by boat, rail or air, and the cities we passed through. What these cities were noted for, whether they were historic, and where they were located was, also, discussed. The scenery as we went by added a colorful touch to our travelogue. Each person is reading his contribution and illustrations to the class. These trips will also be traced on our board map, and the section we do not cover, we will all study together.

A PROGRAM OF MUSIC

The Assembly on Monday was opened by singing The Vesper Hymn. Mr. Cooper, our principal, read the Bible and the school repeated the Lord's prayer.

Edward Hunn, President of the Student Council, takes charge of our assembly now and makes all announcements. We had several contributions to our program. A two-part song was given by Mary Patterson, Anna Cook, Elizabeth Woolston and Jack Geiss. Dorothy Hook and Geraldine Michener gave a poem. Margaret Shockey, Beatrice Muse, Mary Turner, Jane Rutherford and William Good of the sixth grade sang for us. Edward Smith of the seventh grade gave a violin solo. The assembly was closed by saluting the flag and singing America.

THE NIT WIT

Teacher: When did Columbus die?
Child: Between his last two voyages.

A child brought an advertisement to school which she claimed was a Current Event. The "ad" was about D. W. Griffith's moving picture, "Lincoln." She claimed that Lincoln was to be in it. The teacher finally convinced her that it was not a current topic and that Lincoln had been dead sixty-five years.

Teacher: How can you find how many cubic feet are in a cubic yard?
Boy: Look in the back of the book.

A beautiful red truck from Caldwell's store drove up to the school Thursday afternoon. A boy stepped out, attired in a handsome red uniform. He hustled into the building and asked for one of the teachers. The teacher did not know what to think because when you receive something from Caldwell's no one knows what to think. She opened the package with trembling hands and found there a history book sent by a girl's father because they had moved away and he works in Caldwell's.

EDITORIAL

Suppose that President Hoover had visited our school with the purpose of taking it as an ideal American school. Would he be quite satisfied with every thing? Let us consider.

Suppose the President (unseen) had watched us study. Would we have been very proud of our industry and attitude? If he had walked up the steps at recess, do you suppose he would think that we were children who considered the rights of others in our action?

Suppose Mr. Hoover would have inspected one of our desks in a class room. Do you suppose he would have a good opinion of our neatness?

Let us work together, cooperate with the traffic squad, student council, and let's work harder than ever to bring about a spirit of good fellowship, politeness, and neatness in our school.

BOOKLAND GATES ARE OPEN

Work is progressing on the book covers of the seventh and eighth grades, in which we are planning to keep our reports of outside reading. These covers are to encourage us to fill them with good reports. Some of the children already have two or three book reports in the attractive covers. The children have designed and colored their own covers and created titles which are an incentive to read. For instance one boy made an airplane and printed, "Driving Through Booklands."

We try to choose the best books. We do not like to think of ourselves associating with people ignorant and coarse. Still less, do we desire to be with the really bad. Constantly reading silly or poorly written books, or books that make evil things seem right, will have precisely the same effect on one's character and manners as always being with the wrong kind of people. Choosing the best books will lead us into the society of the world's greatest minds and make us capable of enjoying that society.

EVENTS IN GRADE FOUR

Edmund Turnock, a member of the fourth grade, visited the Proving Grounds for testing guns at Aberdeen, Maryland. He gave an account of his trip to the Class. He told it in such a delightful way that all were attentive.

This week was the first week the fourth grade used water color. They painted autumn leaves. Preparation for Halloween is very much in evidence for they are making witches for the bulletin board.

SILK SALE

10,000 dress-length remnants of finest silk to be cleared by mail, regardless. Every desired yardage and color. All 39 inches wide. Let us send you a piece of genuine \$6 Crepe Paris (very heavy flat crepe) on approval for your inspection. If you then wish to keep it mail us your check at only \$1.90 a yard. (Original price \$6 a yd.) Or choose printed Crepe Paris. Every wanted combination of colors. We will gladly send you a piece to look at. What colors and yardage, please? If you keep it you can mail us check at \$1.25 a yd. (Final reduction. Originally \$6 a yd.)

All \$2 silks, \$2 satins and \$2 printed crepes are 90c a yd. in this sale. Every color. Do not ask for or buy from samples. See the whole piece you are getting before deciding. POETS APPEAR IN SCHOOL

We often think that poets are always grown up people but right in our fifth grade we discovered some little poets who wrote about the world of nature. Even children can express their thoughts and feelings in rhythmic form. Some of the titles are "Trees" by Robert Dunlap, "Leaves" by Eleanor Friday, "When Jack Frost Comes" by John Willis, "Autumn" by Maire Haines, and "October" by Betty Baker.

LITTLE BUILDERS

The children of the first grade are quite clever little builders. Just at present they are making houses for their pets. They talk about pets and learn how to care for them. They have already completed a house for a cat which belongs to one of the pupils. They were inspired to make the houses as a result of reading about animals in their first reader.

Boats! How thrilled the second graders are. Sail boats, battle ships, yachts and other types are all in array about the room. Each child draws his own ship, and colors it in some gay fashion.

SCHOOL GIVEN NEW FLAG

Up to this year the Riverton School has been using a flag given to them ten years ago, but last term at Commencement, the eighth grade gave us a new one which was purchased with the money from the magazine selling contest last year. Our flag is

very colorful with a golden fringed edge. On the top of the staff is a golden eagle. At the middle of the staff is an engraved inscription: Presented by the Eighth Grade Civics Class—1930

It was decided to use it only on special occasions; so we still use the old flag which has given the school good service.

OUR FIRST MOVING PICTURE

The first school moving picture was held in the school auditorium, Wednesday, October 8th. Most of the school children were present.

First of all we had a comedy. It was about "Felix, The Cat," and was very funny as all these cartoons are. Then came a picture called, "Spring," showing the plant and animal life beginning anew in the spring. Following this was a picture called, "Summer." This showed how plants and animals progress in the summer. A picture called, "Autumn" which showed plants, animals, and birds progressing or dying out in autumn, came next. Then last of all a picture called "Winter" was shown. The animals going into their burrows for a long winter's sleep, the plants dying or going to sleep, and the birds going south, all helped to create the idea of winter. These pictures were both instructive and ideal for the children who like and are studying nature.

We are going to have these moving pictures every month, and we hope just as many children will come to each of these as they did for this one.

SPORTS

Sports are taking their place in the Riverton School. This year we have started a hockey team, basketball team, football, and soccer team. We expect to have very good teams later

Kerosene or Water?

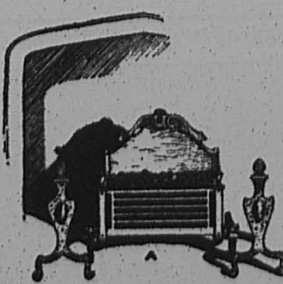

KEROSENE or water—it looked the same to the baby, who took a big drink and went into convulsions. The mother telephoned her doctor's office, but it was Rose Roberts, in charge at the Paulsboro Central Office, who, when they found not only that doctor, but every other in town unavailable, got in touch with the first doctor's wife and learned the proper antidote for kerosene—reasoning that a doctor's wife may have no diploma, but has a practical knowledge of medicine just the same!

WHETHER you give a number vocally to an operator, or dial it directly to the equipment in the central office, the New Jersey telephone people behind the mechanism have a part in your call—an increasingly important part in time of unusual need such as this mother knew.

PUBLIC SERVICE

THE NEW ERA

Vol. 42. No. 42.

RIVERTON, NEW JERSEY, THURSDAY, OCTOBER 23, 1930

PRICE, FIVE CENTS

WILL OPEN NEW STREETS WITH DUE CEREMONY

Celebration and Parade Will be Held on Monday, Nov. 3

PRIZES OFFERED FOR HALLOWEEN COSTUMES

Lincoln Avenue Already Finished; Morgan is Well Under Way

Lincoln and Morgan avenues, the first purely residential streets in Palmyra to have modern paving, will be officially opened with fitting ceremonies Monday evening, November 3.

Owing to the date being near Halloween the celebration will combine some of the features of that holiday with the street opening exercises.

The program will begin with an automobile parade, starting at the foot of Lincoln avenue, where a silken ribbon across the street will be cut as the parade starts. A similar ribbon will be parted as the procession enters the upper end of Morgan avenue.

Mayor to Accept
The parade will wind up at the foot of Morgan avenue, where a simple ceremony will be held, in which the contracting companies will turn the streets over to the Borough, with the acceptance speech by Mayor Wimer.

Highland avenue also has been improved for one block, where it forms a "Y" with Morgan avenue, and this paved space has been decided upon as especially suitable for the main section of the program.

First, second and third prizes will be awarded for the following Halloween entries:

Fancy male costume, fancy female costume, comic male, comic female, novelty male, novelty female, best female impersonator, best male impersonator, fancy children's costume, comic children's costume, novelty children's costume.

Three prizes also will be provided for the best decorated automobiles. Another special prize will be awarded the best decorated house on the line of march.

Music Abundant
It is expected that the Post Rodgers' Drum and Bugle Corps will march in the parade and also probably put on a drill of such nature as the limited space available will permit.

Another musical attraction being contemplated is the Palmyra School Band, which will be asked to join the parade.

The committee in charge of the celebration is composed of five men from each of the streets. Representing Morgan avenue are Harold Zayott, chairman; Bert Hornor, George Rogers, Floyd Spahr and A. H. Lippincott. Representing Lincoln avenue are George Winn, George Dargin, George B. Shaner, Ralph Rivers and Frank Chambers.

The asphalt was laid on Lincoln avenue early this week and the whole street is already being used. The new surface is quite smooth and hard and the whole street presents a splendid appearance.

The major part of the Morgan avenue improvement is of concrete and that is still in progress of construction.

A.O.M.P. CHARITY BALL

Richard K. Hunter, of Leconey Avenue, is Member of Committee Preparing for Big Event

Thousands of members of the Artisans Order of Mutual Protection, many of them from this section, will attend the Charity Ball which will be held Thursday night, October 30, at the Elks, Broad and Wood streets, Philadelphia, under the auspices of the Artisans Dining Club.

The club has been doing the charity work of the fraternity for ten years and in that time has never been compelled to refuse a request for aid because of the support given the club by the members of the organization.

For several years recently a ball masque was held, but this year the affair will be only a big vaudeville entertainment followed by a dance for three hours with Charlie Kerr's orchestra.

The price of tickets has been reduced, also, this year the charge being \$1.00 per person as against \$2.50 a pair last year. The affair will start about eight o'clock and close at 1 a. m. Richard K. Hunter, 309 Leconey avenue, Palmyra, is a member of the augmented committee assisting in the preparation and arranging of the evening's entertainment.

BLACK-ATKINSON

A very pretty fall wedding was solemnized Wednesday afternoon when Miss Edith Atkinson, daughter of J. Atkinson, Seventh street, Riverton, became the bride of S. Wilson Black, Jr., son of Mr. and Mrs. Samuel W. Black, of Bristol, Pa.

The wedding was held in the Bristol Presbyterian Church.

Mr. and Mrs. Black, Jr., will be at home to their many friends after November 1st, at 236 Madison street, Bristol, Pa.

CARD OF THANKS

We wish to thank our many friends for kindnesses extended during our recent bereavement, especially those who sent care and flowers to the funeral.

MR. and MRS. ROBERT CONNOR.

NEEDLEWORK GUILD APPEALS FOR HELP

Asks for Generous Contributions to Meet Increased Demands This Year

Twelve institutions have asked the Riverton Branch of the Needlework Guild to contribute a large variety of supplies, including children's and infants' clothing, household linen, undergarments, towels and wash cloths, girls' dresses, shirts, stockings, sweaters, blouses, warm caps, baby layettes, clothing for school children, etc.

Last year 2,018 new garments were distributed to the institutions which are asking for help this year, and this year the requirements are much greater.

The annual meeting of the Riverton Branch will be held at 2.30 p. m. on Wednesday, October 23rd, at the Riverton P. T. A. Club. The garments collected will be on display, and Miss Bender, the National Secretary, will be there to speak. Everyone is cordially invited to be present.

SPECIAL PROGRAM AT M. E. CHURCH

Dr. Green, Dr. Yard and the Gloria Trumpeters Next Sunday

Three stellar attractions will appear at the Epworth M. E. Church, Palmyra, Sunday, October 26. Dr. Francis Green, president of the Pennington Seminary, will preach in the morning. Dr. George W. Yard, district superintendent, will speak in the evening, and the Gloria Trumpeters will take part in the musical program in this service.

Dr. Green needs no introduction to audiences in this vicinity, and Dr. Yard is well known as a forceful and entertaining speaker.

All who have heard the famous Gloria Trumpeters will be glad to hear them again, and those who have not will want to avail themselves of this opportunity.

The complete program for the day will be as follows:

10.00 a. m. Sunday School.
11.00 a. m. Divine Worship, sermon by Dr. Francis H. Green.
Music, "Prelude Agnus Dei" by Bi- yet; anthem, "Festival Te Deum" by Dudley Buck; offertory, Prayer, Wagner; benediction, "De Fete".

6.45 p. m. Epworth League.

7.45 p. m. Sermon by Dr. George W. Yard.

Music, Gloria Trumpeters, organ and choir anthem.

MOUNTAIN ARTIST COMING TO PALMYRA

Woman's Club Engages Talented Tennessee Woman for Recital on November 10

The Palmyra Woman's Club has again obtained high quality entertainment by engaging Irene Bowley, well-known interpreter of mountain characters, for the performance to be given in Palmyra November 10.

Learning that Miss Bowley had an open date while enroute from Tennessee to engagements in large Eastern centers, the Woman's Club promptly engaged the artist for a performance.

Miss Bowley is not only an artist of character portrayal, but is a native of the foothills of the Tennessee mountains, which district she will represent in her recital, "Tales of Tennessee Hills." She is, therefore, qualified to represent her people as no other person can. The sketches she presents are like a refreshing breeze from the Tennessee mountains.

Miss Bowley has appeared in all the larger cities of the United States, as well as in other countries. Members of the Woman's Club are enthusiastic about the coming performance in which the humor and quaint philosophy of the people of the Southern mountains will be reflected by a native of the Tennessee foothills.

MRS. MORROW NOT TO SPEAK IN BURLINGTON

Wife of Republican Candidate Cancels Trip Due to Prior Engagement

Mrs. Dwight W. Morrow will not speak in Burlington Friday, according to announcement by Mrs. Pearl W. Bridgegum, president of the Woman's Republican Club of Burlington County. She said she received a letter this week embodying the apologies of the Republican candidate's wife, who pleaded a previous engagement.

Mrs. Bridgegum said Mrs. Morrow expressed her sorrow at not being able to meet Burlington County women at the Burlington meeting, but sent a special invitation for them to attend the "front porch tour" to Englewood October 29.

Quinn - Ingling

Mrs. Bertha Ingling and Harold F. Quinn were married in a quiet ceremony, performed in the First Baptist Church, of Norristown, Pa., last Saturday afternoon.

Mrs. Ingling is the daughter of Mrs. Stella Rapp, of 901 Garfield avenue, Palmyra, and Mr. Quinn is the son of Merrill Quinn, of Crum Lynne, Pa.

The happy couple will make their temporary home at 901 Garfield avenue.

RIVERTON P. T. A. HOLDS RECEPTION

Speaking to Parents, Mrs. Jessie Dotterer Says "Put First Things First"

The opening reception given to the parents and teachers of Riverton School was held Thursday evening, October 16th. Mrs. Baker presided; Mrs. Gilpin sang; and Mrs. Mayfield, president of the School Board, and Mr. Cooper, the new principal, each gave a few words of welcome.

Mrs. Cooper then introduced Mrs. Jessie L. Dotterer, Director of Elementary Education in Cheltenham Township. She gave as her title, "Trends in Modern Education," and any one who heard her address could doubt her knowledge of and enthusiasm for her subject.

Mrs. Dotterer began by saying that group training is necessary. In these days mothers have neither the time nor training to educate their children. Granted, then, that they go out of their homes, what sort of building should we plan for this group of little children if we had never seen a school and had no preconceived idea of one?

Maintain Health
First, it must be constructed to maintain health. The first hope a mother should have, as she hands her child over to his teacher, is that his health routine be continued, else what use will his schooling be to him? So our school house must meet the best known sanitary and safety requirements.

Then the school must be beautiful so that we may feel our child is sent to spend half his waking hours in a lovely environment. Much of the atmosphere of a school room depends on the teacher; her ingenuity transforms the barest school room so that it bears the imprint of her personality. So when planning a school we should so build as to give her a chance.

Children respond to beauty and their pride in, and care for, the details of their environment are important elements in civic training. Second only to a child's health regime is his education in citizenship. The most scholarly person is useless unless he has formed proper social contacts and learned how to co-operate in a group. Personality, the thing that is you, can live longer than your learning, so let us train for citizenship.

A first grade group is a community group and fellowship begins with a rightly adjusted relationship. "Learn that this is true," said Mrs. Dotterer, "and we will learn something about international relations."

Scholastic Work
Third in importance is scholastic work. We want our children taught the tool subjects, reading, writing and arithmetic, and our school must be efficiently equipped therefor. At six years of age, according to law, we drag our youngsters into school, where he is placed in the first grade, no matter what his ability—there he is dumped and advanced with his class.

"Supposing," said Mrs. Dotterer, "that at the age of thirty-five we were all lined up and supposed to have made \$30,000. Some have easily done so, why not all? And then the all, no one will say he had ill health; another that he tried and tried, but was just slow; and another will say all the breaks were against him! Well, is any more reasonable to expect uniform achievement of a large group of children at any certain age? One child comes with an inheritance of brains and culture—his ability represents 10 talents; another has a health handicap—his ability represents 5 talents; and a third is just slow—he has but 1 talent.

But all are equally worthy of consideration teaching and developing so that the talents of each may be increased. It is not fair, however, to treat them as a class and to expect one standard for all. Each should be helped to do his individual best, to proceed at his individual pace, not at a class gait."

Audience Charmed
It was a pleasure and privilege to hear this able and eloquent address, delivered with such vitality by so attractive a woman.

Mrs. Arthur Hagstoz, County Chairman of the P. T. A., announced the following course of lectures to be given for the benefit of the Scholarship Fund: Sergeant Alvin York, "My Life's Work and Experiences," and the Metropolitan Quartette, Tuesday, October 28, 1930, 8 p. m. sharp; Vilhjálmur Stefansson, "The Arctic As I Know It," and musical program by the students of Trenton State Teachers' College, Friday, November 4; Dr. Michael Dorizas, "The World's Powder Magazine," and the famous Gloria Trumpeters, Thursday, December 4th; Congressman Ruth Bryan Owen, "The Youth of Today," musical and dance program in costume, by the students of Trenton State Teachers' College, Friday, January 30.

Miss Ruth Snyder, daughter of Mr. and Mrs. C. Snyder, of Lakeland, Florida, formerly of Palmyra, became the bride of Charles Kenneth King, also of Lakeland, at a quiet ceremony, which took place in the Manhattan Towers Church, New York, on Friday, October 2.

Mr. and Mrs. Snyder and daughter, Eleanor, who are enjoying the winter in New York, were present at the ceremony.

Mrs. King was chosen as the most beautiful girl in Florida last February, and presided at the Winter Haven Orange Festival.

RIVERTON FIRE CO. PLANS MASQUE DANCE

Sammy Johnson and Southern Serenaders Will Furnish Music; Fine Prizes

The Riverton Fire Company is making big preparations for a Halloween Mask Ball and Dance to be held in the new ballroom of their fire house, Saturday evening, November 1.

There will be 12 prizes and a door prize of \$250 in gold.

The music will be by Sammy Johnson and his Southern Serenaders, including their famous song and sketch, "The Man From the South."

A number of dances will be given this winter as a part of an extensive program to raise funds to pay for the recent remodeling of the fire house.

The committee in charge is composed of James Goodwin, chairman; John Goodwin, Edson Carhart, John Carhart, Jr., Harry Messer and Walter Armstrong.

WOMAN, OFFICER CRASH VICTIMS

Mrs. G. H. Wilkinson and Marks Injured When Automobile is Struck

Mrs. G. H. Wilkinson, wife of Dr. Wilkinson, of Moorestown, and Officer Ralph Marks, of the Moorestown police force, suffered injuries in an auto accident at Oak and Washington avenues Saturday morning.

An accident occurred when Mrs. Wilkinson was driving the policeman to the field fire in the Moorestown Maples section. Mrs. Wilkinson's machine was struck by a car driven by Robert Leary, also of West Second street.

Mrs. Wilkinson's auto, going north on Washington avenue, was struck by Leary's machine, which was travelling west on Oak avenue. The car driven by the doctor's wife was overturned, badly damaging it, and Mrs. Wilkinson was cut about the arm and suffered bruises. Persons going to the fire, attracted to the scene of the crash, lifted the victim from her auto.

Officer Marks, seeing the accident was inevitable, jumped from the running board of Mrs. Wilkinson's car, on which he was riding, and sprained his ankle in so doing. He has been unable to report for duty since then.

The accident was also considerably damaged about the fire.

No arrests were made.

PAROCHIAL SCHOOL TO BE BUILT IN RIVERTON

Institution Expected to Open Next August; Will Be Owned by Sacred Heart Church

A disclosure was made this week that a new parochial school would be built in this vicinity. The site for the new school is the lot back of the Sacred Heart Church, Fourth and Linden avenues, Riverton.

The new structure will be of brick with limestone trimming. The architect, Henry De Dagit and Sons, 1229 Race street, Philadelphia, have the building designs following a Gothic style. Bids for the construction will be accepted October 27 and the school is expected to be completed next August.

The building will have two stories, containing six classrooms and an assembly room. The outside dimensions of the building will be approximately 50 x 115 feet. The brick edifice will be reinforced with steel. Floors will be of hollow tile in the corridors, and maple in the classrooms and assembly hall.

There will be no basement in the building, the proximity of the church making it feasible to use the heating plant there and have underground heat conduits branching to the school.

The institution is expected to accommodate about 250 students. While bids have not been received, the approximate cost of the building will be about \$50,000.

K. OF C. MASKED FROLIC

Chairman Andrew J. Pfaff Promises a good time for all who enter the Palmyra-Riverton K. of C. Hall Thursday night, October 30th.

A Masque Dance and Frolic will be given and many features for the kiddies will be an added attraction. The grown-ups, too, will have their prize-winning event.

There will be excellent music and plenty of refreshments.

A CARD PARTY

There will be a card party held at the Riverton P. T. A. Club on Monday, November 10, 1930, at 2.30 p. m. The charge is fifty cents per person and the entire proceeds are for the benefit of the Community Welfare League.

Light refreshments will be served. Everyone is welcome and it is hoped that there will be a large attendance.

COMMISSIONER HOFFMAN COMING TO RIVERTON

A meeting of the Riverton Republican Club, Inc., will be held in the auditorium of the Riverton Fire House Wednesday evening of next week, October 23rd, at 8 o'clock.

It is expected that Commissioner of Motor Vehicles Harold G. Hoffman will be the speaker of the evening.

ROBBERS MAKE ELEVEN CALLS

Six Attempted Robberies, Five Houses Entered and \$8.00 Taken

Early Wednesday morning a number of Riverton residence robberies were attempted, with five homes actually entered.

Just as Officers Miller and Gootie were returning from their usual beat around town, a phone message was received from Mrs. Dennis Maloney, of 223 Cinnaminson street, stating that she had been awakened during the night, came downstairs and found the window open on the first floor and her pocketbook stolen.

Other calls were received and Chief Quigley, together with Officers Miller and Gootie, investigated and made a thorough search of the town, but no trace of the burglars was found. Daylight revealed that other homes had been jimmied in an attempt to enter.

Chief Quigley immediately called County Detective Barker's office and within half an hour both Detectives Carabine and Cain were in Riverton searching for fingerprints and other possible clues.

The burglars were apparently first-story men, since no reports have been received of upstairs looting. The detectives and police are working on a theory which may lead to the apprehension of the thieves. The following homes were visited by the burglars:

John Ruppert, 214 Fulton street.

Margaret Armstrong, 217 Cinnaminson street.

E. N. Cooper, 216 Fulton street.

James Williams, 215 Cinnaminson street.

George Strohehn, Fourth and Fulton streets.

Lawton J. Steedle, 213 Cinnaminson street.

R. M. Fuller, 209 Cinnaminson street.

Dennis Maloney, 223 Cinnaminson street.

Ray Hirst, 221 Cinnaminson street.

Robert White, 212 Fulton street.

The homes entered were: Fuller's, Maloney's, Armstrong's, Steedle's and Hirst's. Only money was taken and that amounted to a total of \$8.00.

The police advise everyone to lock their doors and windows securely and to report any suspicious looking characters about town immediately by telephone. This advice was seconded by County Detectives Carabine and Cain.

On October 18th Officer Miller arrested Thomas Ennis, of 504 Lawrence street, Burlington, New Jersey, on a charge of reckless driving. He was taken before Recorder Bowers and released by paying the costs.

On October 20th Stewart Booker, colored, of Union Landing road, East River, was arrested on a complaint by his wife, who charged him with hitting her in the eye and attempting to choke her. The evidence was clear and Booker signed a waiver of his rights and was fined \$100.00 and costs. In default of which he was sentenced to 120 days in the County Jail by Recorder Bowers. He has been before Bowers several times before this on the same charge, which prompted the heavy penalty.

PALMYRA RESIDENT IN DEATH-DEALING AUTO

Raymond Brodton Riding in Car That Kills Philadelphia Jay-Walker

Albert Barnes, 32 years old, of Edgewater Park, a former Palmyra man, and Raymond Brodton, 408 Cleveland avenue, Palmyra were occupants of an automobile which struck and killed a Philadelphia resident last Thursday night.

The victim was John McCormick, 58 years old, 5209 Glenloch street. The accident occurred on Levis street, Tacony, about 9.30. According to Brodton, the two had just crossed the Tacony-Palmyra Bridge and were travelling about twenty-five miles an hour when McCormick walked diagonally across the street in front of them. He had stepped from behind a bus going in the opposite direction and was partly turned toward the oncoming traffic.

McCormick was hurled about ten feet in the air and landed to one side of the road, some distance away. The impact shattered practically every bone in the man's body, physicians at the Frankford Hospital, where he was taken by a passing motorist, said.

The blow dented the radiator of the car to such an extent that the machine unable to go further under its own power. It was necessary to commandeer another automobile to take McCormick to the hospital. He was dead when he reached the institution and doctors said that death was instantaneous.

Barnes and Brodton surrendered to police at State Road and Longshore street station.

Police detained Barnes, driver of the car, under bail for manslaughter, and held Brodton as a material witness.

You Are Invited

to attend a tea given by the Hoover Republican Club of Cinnaminson Township, held in the home of Mrs. Joseph T. Evans, Thursday afternoon, October 30th, at 3.30 o'clock.

Mrs. Elizabeth G. Terry, of Edgewater Park, member of the State Committee, will be at the tea and the topic for discussion will be the Million Dollar Bond Issue.

Aero Club Will Hop Passengers 1c Pound

The Burlington County Aero Club is offering its cent-a-pound rate for the last time this season on Saturday and Sunday.

Throughout the summer on holiday weekends, the Moorestown Airport has offered the cheapest flying rates ever available in this section, flying passengers according to weight, with a minimum charge of one dollar.

According to an announcement by "Jim" Erdman, chief pilot of the club, this opportunity has proven so popular that it is being made again so that "air-minded" people may enjoy a "hop" while the tree foliage is so beautifully colored and the really cold weather has not arrived.

All flights will be made from the club's airport, Hartford-Westford road, near Moorestown, and seats will be available to establish the charge for each passenger.

The special rate will be available over the weekend only, after which the regular "hopping" rates will go into effect.

BUGLE CORPS FLAG TO BE PRESENTED

Legion Musical Unit Will Receive Gift of Ladies' Auxiliary Tonight

A Corps banner, the gift of the Ladies' Auxiliary to the Palmyra American Legion Drum and Bugle Corps, Frederick M. Rodgers Post, will be presented tonight in the High School auditorium.

The presentation will be made by Mrs. W. Rex McCrosson, chairman of the flag fund, and will be accepted by Commander A. H. Lippincott.

Included among the guests of the evening will be County Commander B. P. Halliwell, of Maple Shade, and County Auxiliary Commander Mrs. Mabel Shinn, of Burlington.

The musical features of the evening will be several selections by the Drum and Bugle Corps and solos by Mrs. Stanley Lippincott, Mrs. William Miller and Miss Mary Steedle.

Russell Cotter, drill master of the crack Frankford Legion Corps; Robert Cotter, of the same organization, are both expected to speak during the exercises.

Mayors George N. Wimer, of Palmyra, and Howard M. Rogers, of Riverton, will represent the official fanfare of each of the Twin Cities, while William Mathias, chairman of the Riverside Township Committee, will be the official representative of the neighboring community.

The flag itself will be of white grogram silk. A few inches from the top a blue band, inscribed in white letter, "Post Frederick M. Rodgers, No. 156," runs the length of the ensign. Below this stripe, in the middle of the banner, is the American Legion emblem. Another blue stripe, a short distance from the bottom of the flag, has the inscription, "Palmyra Drum and Bugle Corps."

The Auxiliary feels this to be a very appropriate way of showing their admiration for the boys who have made Palmyra one of the best known towns in this section of the East.

The Corps has a large number of members from Riverside, Riverton and Cinnaminson and a large crowd is expected to attend the presentation ceremonies tonight.

The ladies of the Auxiliary are also expected to have a large attendance at the County Banquet of Legion Auxiliaries, which will be held in the Beverly Legion Home, Wednesday, November 5. The new department president, Mrs. Lillian Heaton, will be the guest of honor.

The Legion Corps have been engaged for nine different occasions between now and November 11. This is the busiest period that the Palmyra Corps has ever had, and is convincing proof of their popularity.

PORCH CLUB

Mrs. Netta R. VanHaagen, who is a trained social service worker, came from Moorestown to the Riverton P. T. A. Club to tell of her experiences and duties in the field of her endeavor. Her slogan as a trained worker is "Knowing What to Do Next."

This is often the very thing that has made trained social service workers successful when volunteers might fail through lack of time or experience. Her talk was entertaining and enlightening.

HELP WORTHY CAUSE

Under the direction of the Public Welfare Committee of the Riverton P. T. A. Club, a second-hand clothing sale will be held on Saturday afternoon, November 8, from 1 to 5, at the P. T. A. Club.

The money raised by this sale will be devoted to the needs of the community.

Articles of warm clothing are especially needed to make this sale a success.

Donations of clothing will be received at the P. T. A. Club, Friday, November 7.

Things called for upon request. Notify Mrs. E. M. Kinsey, or telephone Riverton 877.

LEGION ENJOYED HOSPITALITY IN MASSACHUSETTS

Drum and Bugle Corps and Other Members Royally Entertained

NEEDHAM POST WAS HOST TO PALMYRIANS

Every Convenience and Comfort Was Provided by Bay State Buddies

A most interesting account of the trip of the Drum and Bugle Corps and other members of Frederick M. Rodgers Post to Boston has been furnished by T. M. D'Autechy, one of the Legionnaires who made the trip.

The voyagers are loud in their praise of the hospitality which they received while attending the National Convention. The Palmyra corps made its headquarters in Needham Mass., a town about thirteen miles from Boston.

While there they were the guests of Needham Post. The Massachusetts outfit supplied the local boys breakfasts and transportation service between the town and Boston. Cots and bedclothes were at the disposal of the Palmyra boys at night, meal tickets enabled them to eat plentifully each morning and automobiles of the hosts were ever at the \$25.00 Post Home in Needham or the armory in Boston ready to convey the visitors to their destination.

Met With Cars
On their arrival in Boston, the Palmyra "buddies" were met by a delegation of more than thirty automobiles which took them to Needham. The equipment was carried separately in a truck furnished for the purpose.

In appreciation for the many courtesies rendered by their hosts, the Palmyra aggregation presented the Needham post with a beautiful electric clock.

The Palmyra boys were kept on the move from the time they left the train in Boston until they boarded another "rattler" for home.

The night of their arrival they made their first parade through the streets of Needham. The following day they participated in an early morning drill, being forced to stop in order not to interfere with the Senior High School activities. The same night many went on a sight-seeing tour to Boston.

The first Boston parade was made Tuesday and the local outfit received much attention along the line of march. To quote the Need

APOLOGY MADE BY ROBERTS TO BORO COUNCIL

Street Building Graft Accusations Withdrawn When Suit Is Threatened

PAIR OF DETECTIVES HAD "LISTENED IN"

Palmyra Resident Says Remarks Were Thoughtless and In Fit of Anger

At the meeting of Palmyra Borough Council Tuesday evening, Jacob M. Roberts, of Highland avenue, appeared to make apology to the Mayor and Council of the Borough for various statements he had made.

It had been reported for some time that Mr. Roberts had been making sweeping accusations against members of the town's governing body, especially in regard to street improvements, which have been undertaken during the past few months.

Councilman Snover, of the Street Department, hired two detectives, who made it their business to listen to Mr. Roberts' conversations and also to talk with him, making notes as to remarks against the Mayor and Council.

After having obtained sufficient evidence, supported by affidavits sworn to by the detectives, the case was presented to Attorney V. Claude Palmer, of Mount Holly, with instructions to bring suit. Mr. Palmer advised Mr. Roberts to appear before Borough Council and make a full retraction of his remarks, suggesting that Council might be willing not to press the matter further if this was done.

Graft Insinuations
Roberts was alleged to have accused the Mayor and Councilmen of receiving graft from contracting companies now working on public improvements, and making untrue false accusations against the character and motives of certain Councilmen.

Mr. Palmer, attorney for the Council, told of the seriousness of such charges against public officials. He cited the fact that they were working without compensation and that those who were doing nothing in the interest of the town should not criticize those who were. Such charges would be bad for the Councilmen if there was proof of such a condition, but since the alleged charges were absolutely without foundation the aspect of the entire matter was serious. Roberts would do well, he said, to make all amends possible to the accused.

Roberts, realizing how unjust his accusations had been, made full apology to the Mayor and Council, declaring that his remarks had been made without proof and without any foundation other than his idle suppositions. The matter made in a fit of anger, he declared.

Council agreed to drop the matter if Roberts would pay the attorney's fee and the cost of hiring the two detectives. Roberts agreed to these conditions. He also agreed to have a public letter of retraction published.

Two Want to Quit
The resignations of two Councilmen were considered at the meeting. A. B. Cramer sent his resignation, to become effective midnight, October 21, on the grounds that his health necessitated his departure from Palmyra for at least six months, and during that time he would, of course, be unable to take any action in the Borough's affairs.

As a distinct surprise to Mayor and Council came the resignation of Frank A. Snover. Snover gave ill health and pressure of business as his reason for resigning.

He said that he had spent more time than he should on the affairs of the Borough and as a result his health was beginning to suffer. He did not wish to have his resignation take effect before the first of next year, for he was unwilling to leave the paving program, on which he had been a diligent worker, in the state of incompleteness in which it now is. He declared his intention of seeing the matter to as near a conclusion as possible, knowing that unless he did so, the full responsibility of the paving project would have to be shouldered by some other member of Council.

Leave of Absence
The Mayor and Council would not accept the resignation of their fellow-members and a motion was carried to grant Councilman Cramer an indefinite leave of absence, while the resignation of Councilman Snover was held over for reconsideration.

A controversy arose over the action of the State Highway Commission in draining the new State Highway, from the Bridge to the intersection of Broad street and River road, into the Market street sewer. The local drain will be overtaxed during the winter months it is feared, and will necessitate the construction of another sewer much sooner than had been anticipated. The matter was referred to the Borough Solicitor, Joseph S. Low, to ascertain if such procedure on the part of the Highway Commission was legal.

Riverton Borough Council, on report of the Sewer Commission, sent a letter to Palmyra Council stating that unless these Palmyra residents whose sewer connections were made to the Riverton system, paid for the rental of those connections, the sewers would be shut off.

Charles B. Delaney, member of the Riverton Council, attended the Palmyra meeting and explained the reason for such drastic action. He said that repeated letters to people on Elm, Fourth and Fifth streets, whose sewers were connected to the Riverton system, had failed in their purpose. A reasonable charge of \$5.00 per year was the sum asked for the rental from the Palmyra users. Some have not paid this rent for six years.

May Build New Sewer
Delaney further stated that unless the rentals were paid within thirty days from the time of the last notice, such connections with the sewer would

be severed. Notices in the past were ignored by the property holders affected and now the owners of those properties feel that they can continue ignoring the notices and still keep their connections with the sewer. While such laxity has been excused in the past, time has come for more strenuous procedure and the disconnection of the sewers will be the ultimate result.

The Palmyra Borough Council showed its willingness to co-operate when it passed a resolution declaring that should a sewer of any Palmyra resident be closed, the Board of Health would consider building a separate sewer. In such an event, the cost of sewer installation would be many times the cost of a few years' rent. It hardly seems necessary to delay upon the people affected that delay would be foolhardy and expensive, besides being of the utmost inconvenience to the Borough residents and Council itself.

May Abandon Trolleys
The question of allowing the Public Service Company to discontinue the trolley service on the Trenton branch and supply bus service instead was presented in a letter from the company.

Such a service would be instituted upon the same schedule which is now being followed by the trolleys. The resolution adopting such a procedure must be passed by all the towns affected before the change could be made.

William A. Worth, representative of the Public Service, made a statement that better service could be given by buses than by the cars. On a previous suggestion of like nature made to the affected Boroughs, the matter was referred to the Public Utilities Commission. This State body refused to grant the change because it maintained that these municipalities were not ready for it. On the previous reading, the Palmyra Council passed the resolution permitting the transportation alteration and Tuesday the resolution was passed again.

It is not known whether the trolleys will be replaced, as the legal procedure will require some time.

Police Report
To the Honorable Mayor and Council:

The following is the monthly police report from September 19, 1930, to October 21, 1930:

September 19, 1930—Peter Quinn, 6109 Colgate street, Philadelphia. Fined \$5.00. Paid to County.

September 20, 1930—William Jackson, Philadelphia. Reckless driving. Fined \$5.00. Paid to Borough.

October 8, 1930—John Zarwaka. Overweight on truck. Fined \$10.00. Paid to County.

October 10, 1930—Edna Ricks, Palmyra, N. J. Disorderly. Fined \$10.00. Paid to Borough.

October 19, 1930—Louis Planatica, Philadelphia. Disorderly. Fined \$10.00. Paid to Borough.

October 19, 1930—Thomas McCoombs, Philadelphia. Disorderly. Fined \$5.00. Paid to Borough.

October 19, 1930—Alexander Churche, Philadelphia. Disorderly. Fined \$4.00. Paid to Borough.

The police answered twenty-six calls and complaints.

Answered ten ambulance calls. Answered eleven accident calls. None serious.

Answered six fire calls. Four grass fires. Two fires with a loss of \$150 and \$100.

Police had forty night lodgers. Police cased sixteen dogs and cats. Respectfully submitted,

C. MORRIS BECK,
Chief of Police.

LEGION ENJOYED HOSPITALITY IN MASSACHUSETTS

(Continued From Page 1)

in music and inspection, the losing factor being the field maneuvers. While these drills were perfectly carried out and rhythmically without a flaw, the judges declared that other corps had better and more intricate drills as perfectly executed as that of Palmyra.

Of the eight-four corps that competed only four were judged perfect in music. Palmyra had the distinction of being one of these. Racine, Wisconsin, winner of second prize in the entire competition, was another.

Fractions Count
While the local unit had counted on placing in the first ten, they were in no way discouraged when they were given a rating of fourteenth. The merest fractions of points separated all of the first twenty.

The winners of the tournament were Miami, Florida, first prize; Racine, Wisconsin, second prize; Frankford, Pennsylvania, third prize. Five of the local members were fortunate in securing an autographed photo of Jack Sharkey, pugilist and heavyweight champion.

These boys were on a return trip to Needham about midnight when, as they were passing Sharkey's residence, someone suggested making him a late call. The idea was carried out, and they found Jack paying a game of checkers with his father. When they finally left after a chat with Sharkey, the visitors, Harry Hubbs, Harry Hodson, Frank Klemm, Albert Hinaldi and Robert Fowler were the possessors of large autographed pictures of the famous pugilist.

Appreciation Expressed
Commander A. H. Lippincott and Business Manager W. Rex McCrosson, of the Palmyra Post made a trip to the office of the Needham News to publicly express appreciation in behalf of the entire corps for the wonderful treatment which was accorded them.

Commander Lippincott issued this statement, "Members of the Needham Post received us with open arms. They earnestly thank them for providing us sleeping quarters and for serving us delicious meals. They went out of their way to make our stay pleasant and we appreciate their efforts greatly. Many of the townspeople, including the policemen, were also very nice to us. Everywhere we went we received nothing but friendly attention. We were favorably impressed with your town and would like to be able to remain longer."

PTA RECEPTION MUCH ENJOYED

Entertainment for Teachers Featured by Address of Prof. C. F. Dengler

The Palmyra P. T. A. held its reception to the teachers and parents Tuesday evening in the High School auditorium. The meeting was opened by an invocation by Rev. Geo. Lockett.

In the report by the Child Study Group chairman, Mrs. Horace Ross, announcement was made of the first Child Study Group meeting, to be held in the High School Wednesday, November 12. Further announcement of this meeting will be made later.

Parents and friends are urged to help the Burlington County P. T. A. to raise the necessary funds for the Student Loan Association, and also to benefit themselves, by buying tickets for the series of lectures given under the auspices of the Burlington County Council of the P. T. A. There are to be four lectures, held in Riverside School auditorium, the first by Sargeant Alvin T. York, known as the greatest hero of the World War.

The others are Vilhjalmur Stefansson, Arctic explorer; Dr. Michail Dorissan, and Congresswoman Ruth Bryan Owen. You can secure your tickets from any teacher or P. T. A. officer.

The parents were also reminded of the State Conference to be held in Atlantic City, November 5, 6, 7, and were urged to attend any meetings possible. Following the business meeting, the High School Orchestra played several selections.

The supervising principal, Mr. C. F. Dengler, spoke briefly on the subject of "Parents and Teachers." He emphasized the fact that children learn more by example than in any other way.

Mr. Dengler expressed the hope that he might become better acquainted with the parents of the community.

We were fortunate in having with us two soloists of note: Mrs. Herbert Snyder, soprano, of Philadelphia, who sang several beautiful selections, and who was accompanied by Mrs. Alfred Van Osten; and Mr. Paul Grant, baritone, of Collingswood, who was accompanied by Mrs. Everett Wolcott.

Mrs. Albert B. Parker gave three readings, one of which was a dramatic presentation of the last hours of Joan of Arc. Miss Carrie Haines played a muted violin accompaniment.

It was with deep regret that Mrs. Parker made the announcement that Mr. John Pasquale would be unable to be with us, because of serious illness in his family.

The banner for attendance was awarded to Mrs. Bonnell's room, which had fourteen parents at the meeting.

POVERTY PARTY.

MEMBERS AND FRIENDS OF CHRIST CHURCH, PALMYRA, AND SAINT AGNES' GUILD ARE INVITED TO A POVERTY PARTY at the Parish House on Parry Avenue WEDNESDAY NIGHT - OCTOBER TWENTY-NINE.

Roast and Regalabuns
1. Every woman what kums must wear a kaliko dress an apren or kum-pen equally appropriate.

Tu git anny thing to ete yu will haf to pay five cents.

Yu better bring lots uv pennies to pay phuns with.

Kum lry and git a guide sete.

TE COMMITTEE.

NEW PHYSICIAN

Dr. A. J. White Opens Office in Palmyra

Arthur J. White, M.D., formerly of Scranton, Pa., has opened offices in the old Beckenbach property, at the corner of Fifth street and Morgan avenue, Palmyra.

Dr. White has had eight years' experience with general practice and X-ray work.

He has also done a great deal of special work attending children.

To advertise our silk thread we send you a spool to match free.

Crawford's Silks, 245 Fifth Ave., N. Y. City

MERRILL JOHNS FINED FOR GAMBLING RACKET

Palmyra Man and Ten Others Pay \$250 Penalty for Operating "Number Game" in Palmyra

Merrill Johns, colored, Market street, Palmyra, was fined \$250 in Burlington County Criminal Court last Friday by Judge Charles A. Rigg.

Johns' house was raided by county detectives, State and local police on August 30, after reports had been received that he was operating a "number game." At the time of the raid the collectors of the "ring" were making their returns of the previous day to Johns, who seemed to be the leader of the racket.

Ten others, all colored, were arrested at the time. The eleven were arraigned before Judge William L. Fichter, Palmyra, who held Johns in \$500 bail and the others in \$250 bail each.

The outsiders arrested gave their names as Mabel Price, Woodstown, a secretary to Johns; George Jones, Camden; Robert Gaffin, Woodbury; George Corsey, Woodbury; Erwin Price, Bridgeton; James Anderson, Camden; Marion Hunter, Burlington; Joseph Walley, Camden; Harry Wilson, Burlington; Orin Crowell, Philadelphia.

A like fine was imposed on all those arrested except Crowell, who was cleared of being an accomplice of the gamblers. In addition, Johns was placed on probation for a three-month period.

Detectives say the game had been in operation about three weeks before the raid.

STATE ASSESSMENTS DECLARED TOO LOW

Abell Probers Told Taxes Are Levied on Only 60 Per Cent of True Values

The taxing procedure of the State Board of Taxes and Assessments came under the searchlight of the Abell Commission this week in an effort to learn what part that procedure plays in the reported under-assessment of property throughout the State, and in the dwindling of railroad taxes meant for the upkeep of the public schools.

Charles E. Cook, secretary of the State Board, and Frank A. O'Connor, the Board's field secretary, told the Abell Commission that average assessments in this State were only 60 per cent of true value, although the law and the State Constitution demand that assessments equal actual value.

At the same time the Commission was told by its counsel, Dr. Frederick Burnett, that the public school tax of two and three-quarter mills suffers most from the low assessments and that the main stem railroad tax, levied for the schools, dwindles to one-seventh of its actual value before reaching the district school funds.

\$15,000 FIRE DESTROYS TWO MT. HOLLY BARN

Fire destroyed two large barns on the farm of Wilmer Robbins, Sr., on the Mount Holly-Vincentown road, late Saturday night. The loss is estimated at \$15,000. There were 30 tons of hay and 15 tons of straw in the barns.

DR. BROTEMARKLE AT CINNAMINSON

Large Attendance at PTA Meeting Friday Night to Hear Noted Educator

Despite a cloudy evening and frequent showers, one hundred less one members of the Cinnaminson P. T. A. and many of their friends were present to hear the message brought to them by Dr. Brotemarkle last Friday night.

In a most interesting talk he stressed two ages as the most important in a child's life. First, the period from birth to the age of five or seven, depending upon the particular child. He would have attention given especially to the physical welfare, that the little one may have a healthy body with which to start life, and along with this be given a well grounded habit of obedience.

Second, from five to twelve, when he takes his place socially, and must realize that certain precepts are positive, and must be observed, and again, obedience, often unquestioning. If he is to avoid the pitfalls from which all conventions have been derived.

This helpful talk was preceded by two delightful solos by Mrs. Curtis, accompanied by the chairman of the music committee. As an encore Mrs. Curtis sang most feelingly, a beautiful arrangement of Joyce Kilmer's lovely poem "Trees."

Miss Rush, who conducts the Nature Study, presented the prize to the pupils having the best gardens. Three of these, the judges decided, stood out so prominently that the prizes were made the same in each case, a five dollar gold piece.

One went to Marie Chambers, for a colorful display; one to Evelyn Phelan for the daintiest collection of flowers, and one to Merton Howe whose planting included a number of successfully transplanted native evergreens.

A pleasant social hour followed, during which the hospitality chairman and her assistants served a refreshing drink and delicious homemade cake.

A fine display of school work done during this term was on exhibition. Nature books and Egyptian gardens, hieroglyphic writing and poetic translation. The last two were original work of the seventh grade, and particularly good.

MEN'S CLUB TO MEET

Interesting Speaker to Address Palmyra Group Monday

The Men's Club of Christ Church, Palmyra, will hold its regular monthly meeting in the parish house next Monday evening.

An exceptionally interesting speaker has been engaged to address the club, and a musical program has been arranged which will be unusually entertaining. The music will be furnished by the high school orchestra.

Interesting announcements relative to forthcoming activities of the organization will be given at this meeting. All members are urged to be present and help make this a most successful and enjoyable evening.

D. A. R. MARK GRAVE OF HERO OF 1776

Dedicatory Exercises Held in St. Mary's Churchyard, Burlington, by Annis Stockton Chapter

The Annis Stockton Chapter, Daughters of the American Revolution, held dedicatory exercises at the grave of Sergeant Frederick Lowden, a soldier in the Continental Army, in St. Mary's Churchyard, Burlington, Tuesday.

The Rev. John Talbot Ward, D. D., delivered the invocation. Mrs. Budd Shedaker, of Burlington, Regent of the Chapter, presided over the exercises and Mrs. R. Selby Williams, of Riverton, made the dedicatory address. Mrs. Williams, who is the vice-regent of the chapter, presented the marker to the Rev. Mr. Ward for the patriot's grave. Mrs. Horace Burkett, of Burlington, sang "The Star Spangled Banner."

The Annis Stockton Chapter has a membership of fifty women living in Burlington county and elsewhere. The chapter owns its own house, which was built in 1897, and is located at 9 East Pearl street, Burlington. The house is furnished with old Colonial furniture. Benjamin Fichter is said to have spent the night in this house while en route from New York to Philadelphia.

The dedicatory exercises were held in St. Mary's Churchyard, Burlington, Tuesday. The Rev. John Talbot Ward, D. D., delivered the invocation. Mrs. Budd Shedaker, of Burlington, Regent of the Chapter, presided over the exercises and Mrs. R. Selby Williams, of Riverton, made the dedicatory address. Mrs. Williams, who is the vice-regent of the chapter, presented the marker to the Rev. Mr. Ward for the patriot's grave. Mrs. Horace Burkett, of Burlington, sang "The Star Spangled Banner."

LOCAL CHURCH NEWS

EPWORTH METHODIST
EPISCOPAL CHURCH

J. William Lee, Minister

Calendar: Week of October 26th

Sunday: Barrel Day

10.00 a. m. Sunday School. Offering classes for all ages. Bring the children. Adults may attend older classes.

11.00 a. m. Divine Worship. Dr. Francis H. Green, president of Pennington Seminary, will preach.

6.45 p. m. Epworth League.

7.45 p. m. Evening Helpful Service. Dr. George W. Yard, District Superintendent, will preach.

Tuesday, 7.00 p. m.—Troop No. 2, Boy Scouts of America. Alfred Branson, Scoutmaster.

Wednesday, 8.00 p. m.—Midweek Prayer Service. George Reber in charge.

Thursday, 7.00 p. m.—Sunday School Gymnasium Night.

Friday, 8.00 p. m.—Choir Annual Halloween Party. Spirits and black cats in charge.

Sunday has been set aside by the church as Barrel Sunday and the membership is urged to return the little barrels which were placed in its hands some time ago, in which offerings were to be put, so that the expense incident to the chimney accident might be defrayed. A great day is looked forward to.

Every member is urged to come out and help welcome Dr. Francis H. Green in the morning and Dr. George W. Yard in the evening. Members are requested to bring their friends.

Church members are urged to remember the pastor in their prayers, that God may restore him to his church in the near future, with renewed vigor and health. Drop him a card, in care of the Methodist Hospital, Broad and Wolf streets, Philadelphia.

EPISCOPAL

Rev. G. J. McCormack

Two thousand years ago Jesus founded a church, but his greatest contribution to human thought is His saying, "The Kingdom of God is within you." The external kingdom—the Church—is weak only because the internal kingdom has not been born in the hearts of all its members.

For many learn the doctrine, And lose it in the rules; And many drown thy Gospel In clamor of the schools; But thy true saints have found thee In all things as thou art, These followed thine example, The orthodox in heart.

More than a thousand members of the Girls' Friendly Society gathered on Tuesday of this week in Chicago for a great convention of this society. Among the speakers were Dr. Case, of Columbia University; Jane Addams, of Hull House; Bishop Scott, of Missouri; Bishop Gray, of Northern Indiana; Bishop Oriswald and Bishop Stewart, of Chicago, and Dean Shailer Matthews, of the University of Chicago.

You will gather from this the importance and the magnitude of the work. Our local branch, with Mrs. Bracey and Mrs. Pfeil as leaders, are off to a good start for the fall session. Dorothy Watson is the girls' president, with Eva Whitelide and Margaret Hall, treasurer and secretary. Meetings on Tuesday at 7.30.

A Rummage Sale will be held on Saturday of this week under the leadership of the St. Agnes Guild. Any articles you can give will be taken care of by Mrs. B. Torbett, 548-H. The sale will be adjoining the Fire House.

The regular business meeting of the Woman's Auxiliary of Christ Church will be held Monday, October 27, at 2.30, in the Parish House.

Wednesday, October 29, the Central Division of the New Jersey Branch of the Woman's Auxiliary will meet in St. Andrew's Church, Mount Holly, at 10.30 a. m. The speaker will be Bishop Taft, of Pennsylvania, and the subject, "The Lambeth Conference."

The Rev. William N. Stone, of West Collingswood, a former choir boy of this County, will be the preacher at the Burlington County Choir Festival on Thursday, October 3, at 8 p. m., in St. Mary's Church, Burlington. Light refreshments will be served in the Guild House after the service.

We were glad to welcome three new teachers in our Church School on Sunday last. The attendance is excellent and very many stay for the service immediately following. Come to the School and bring your children.

Services Nineteenth Sunday After Trinity:

10.00 a. m. Church School.

10.30 a. m. Morning Prayer and Sermon, "Christian War on Unreality."

6.00 p. m. "Light Shining Out of Darkness."

A red rose is His Sacred Heart, a white rose is His face!

And His breath has turned the barren world to a rich and flowery place.

He is the Rose of Sharon; His garden am I;

In Heaven when I die!

And I shall drink His fragrance

BAPTIST

Rev. Geo. Lockett, B.D., Pastor

The Grenfell B. Y. F. U. will meet on Friday at 7.30 p. m. The leader will be Miss Mary Wells.

Sunday services as usual. Sunday School at 10.00 a. m. Preaching service at 11.15 a. m. Sermon subject: "Jesus and the Tribute Money." Children's Church Service in the Primary Department at 11.15 a. m.

B. Y. F. U. service at 6.45 p. m. Topic, "Making America Christian." In the evening, at 7.45, there will be a visitation of Covenant Lodge, No. 101, P. and A. M. The subject of the sermon will be "Five Great Temples."

CHRISTIAN SCIENCE

"PROBATION AFTER DEATH" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, October 26, 1930.

The Golden Text is: "It shall be said in that day, Lo, this is our God; we have waited for him, and he will save us: this is the Lord; we have waited for him, we will be glad and rejoice in his salvation" (Isaiah 25: 9). Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The sting of death is sin; and the strength of sin is the law. But thanks be to God, which giveth us the victory through our Lord Jesus Christ" (1 Corinthians 15: 56, 57).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "When it is learned that disease cannot destroy life, and that mortals are not saved from sin or sickness by death, this understanding will quicken into newness of life" (p. 426).

Calvary Presbyterian

Rev. C. T. Bates, Minister

Calvary Presbyterian Church, of Riverton, will hold its morning service of worship at 11 o'clock. There will be a forty-five-minute evening service at 8 o'clock. Fifteen minutes of the period being given to the singing of favorite hymns. All departments of the Church School will meet at 1 a. m. Christian Endeavor Society meets at 7 o'clock in the church auditorium.

Wednesday, October 29 — Mission Study Class; leader, the pastor.

The Golden Hour Circle will hold a Rummage Sale October 23rd and 24th in Bishop's Store. Those who have articles to contribute should get in touch with Mrs. D. M. Clifton, 504 Main street.

REHEARSALS STARTED
FOR MUSICAL SHOW

High School Comedy Features Twelve Choruses, Containing 116 School Students

The musical comedy, "That's That," to be given next Thursday and Saturday in the Palmyra High School auditorium, has been given added interest by the arrival of the coach, Frank A. Widemiller, over the weekend.

The rehearsals began Monday and will continue daily until the day of the performance.

Featured in the production are the choruses, numbering twelve, composed entirely of high school students. Numbered in the choruses are 96 girls and 19 boys. One of them is a stag group, while another contains seven girls and seven fellows.

The plot of the play is laid in fashionable Palm Beach, Florida. Gay scenes, gorgeous costumes, pretty girls and handsome fellows ably portray the manners and life of the "400" of Florida's popular winter resort.

A bevy of bathing beauties add considerable to the interest of the play. The entire atmosphere is that of vacation and luxury, of expensive entertainment of the "idle rich" and the merry romances of Florida sands.

Tickets have been placed on sale for the performance. These general admission tickets will be redeemed at the YMCA Building after 3.30 o'clock Monday afternoon.

A Scotchman found it necessary to notify his wife that he might be home late that evening in which case he would phone her. This is what he told her:

"I'll ring ye at 6 o'clock. When ye hear the bell ye'll know it's me. Dinna answer it, and I'll get ma nickel back."

HITCH HIKERS BANNED

After more than 14 months of operation the Maine law against hitch hiking is declared effective and beneficial by General J. W. Hanson, chief of the state's highway police, although not a single prosecution has been necessary.

The law forbids any person on a public highway to "endeavor by words, gestures or otherwise to beg or secure transportation in any motor vehicle not engaged in carrying passengers for hire, unless said person knows the driver thereof or any passenger therein." An exception is made in case of sickness of an emergency nature. Maximum punishment for a violation of the law is \$50 fine or 30 days in jail.

Hitch hikers are a nuisance to motorists, and many cases are on record in which persons soliciting a lift have robbed and even murdered those who thus befriended them. On the other hand, most kindly disposed persons would willingly give

an honest pedestrian a ride if there were any way to distinguish him from the other kind. In this matter, as in so many others, a vicious minority seems to make necessary a law which imposes a hardship on those who have no wrong intentions. Law or no law, it is safer not to pick up the unknown hitch hiker.

NONE TOO OLD TO LEARN

Often one hears an uneducated man bewail his lot, complaining that he never had a chance to acquire an education. Usually such a man is one who actually labors not more than eight hours a day. He overlooks the fact that he could easily devote three or four hours daily to profitable reading and study, whereby he might overcome the handicap of which he complains.

Too many get the idea that unless they acquire an education in early life they must remain in ignorance. No greater mistake can be made. It is not when one begins to learn, but when one stops, that counts.

The trouble with the man or woman who goes through life in ignorance is usually nothing but sheer laziness. Think of Lincoln, getting an education at night from borrowed books, studied by the light from a fireplace. Or of Andrew Johnson, who only learned to write after he was married, and received an elementary education through his wife's instruction. Yet both rose to the office of President of the United States.

How great the opportunities of even the humblest today, in comparison with those of Lincoln and Johnson. Books, magazines and newspapers are within the reach of all. Machinery has given everyone greater leisure for self-improvement, if such is really desired.

No one need remain uneducated unless he deliberately chooses to remain so.

30 YEARS AGO

The citizens of Westfield and vicinity organized a fire company Wednesday night to be known as the Cinnaminson Fire Company. Fire hose and a carriage have been purchased.

Lippincott avenue has been improved by a coating of gravel and has been rolled. It is an ordinance to be passed prohibiting the riding of bicycles on the sidewalks of this street, now is the time for wheelmen to make a good bicycle path by using it at once before the wagons get it cut up.

The Republican parade of the marching clubs of Burlington County last evening made a brave showing. One section of the line got a little mixed and cheered loudly when they passed under the Bryan and Stevenson flag at the station.

Complaint has been made of the frequent horse racing indulged in on Broad street. One night this week a wheelman was crowded out of the road by a man in a wagon and one on horseback. This rapid driving is especially dangerous to children who go out on their wheels after supper. The authorities should see that an immediate stop is put to this violation of the law.

The new golf links are being extensively used by young lady enthusiasts who are training for the tournament which will open when the club house is finished.

The assessor is at work piling up misery for ye poor taxpayer.

At the next meeting of the Board of Freeholders it is quite likely that a resolution will be offered for the purchase of a steam roller, to be used on the county stone roads. The members of the board are said to regard the matter with favor. This would certainly be a move in the right direction.

The large shade trees are being removed from around the school house on the ground that they produce too much dampness.

Don't forget the Council meeting next Thursday evening. The trolley matter will be discussed.

J. C. W. Frishmuth has adopted the latest fad—a Japanese cook and waiter.

The new metal works being erected at Riverside will be ready for operation in July and will employ about 200 hands.

Two pretty little tin cups have been placed on the fountain in front of Roberts' store.

LAST WINTER

—WAS YOUR HOUSE
COLD OR COZY?

If it was cold, there was a reason. Our service to you is to discover that reason — and to eliminate it.

Did you suffer by reason of the fact that the house was first too warm and then too cold?

Was there one room which was never comfortably warm?

Did your fuel bill seem too large?

Every ailment of the heating plant costs you money — it wastes fuel and it deprives you of comfort.

Now — before the weather turns bitter — we offer an inspection service which will discover and eliminate your troubles and assure you comfortable, steady heat during the coming winter.

Just telephone — we'll send a competent man to check over your heating system.

Install a Garage Heater and Reduce Your Car Repair Bills

FROST ruins the batteries of a car and gasoline condenses in cold cylinders, drains into the crankcase and makes repairs necessary, increasing your upkeep cost.

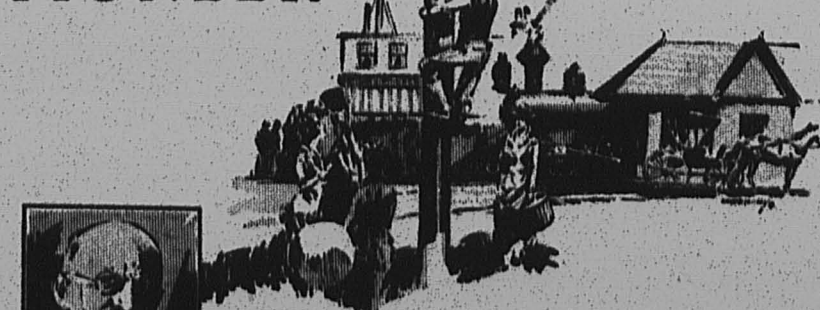

By putting a gas heater in your garage you can remove the possibility of these injuries to your car, furthermore you can start the car easily on cold days and clean it in comfort. A thermostat controls the heater automatically. These garage heaters have been tested and approved by the fire underwriters. For sale at Public Service stores.

Cash prices begin at \$109. Terms prices from \$115.50—\$10 down and the balance in seventeen months.

The PIONEER

John F. Murphy got his fifty-year Service Pin recently. He leads a procession of New Jersey Telephone Pioneers a number of whom will complete a half-century in the industry within the next few years.

WITHIN the telephone industry, just being a Telephone Pioneer is a credential of character—perhaps because it takes men and women of character to carry on through the stirring, difficult years of the development of a new art, such as that of the telephone.

The New Jersey telephone organization today has 1,000 Pioneers within its ranks. The youngest has had 21 years of service. They are key individuals in the organization, contributing from their knowledge of the years to the combination of experience and youth that has kept the Telephone abreast of New Jersey's needs for more than fifty years.

What is Student Government?
I will try to explain to you.
This year the school formed a Student Council with the purpose in mind of letting the children govern themselves. So far this idea has been successful. In the morning, at noon, and in the afternoon, the passing of the children in and out of the building has been done in more orderly fashion than last year due to the fact that the Council appoints "traffic officers" at different parts of the stairs.

This idea of letting us children govern ourselves not only helps us to be more orderly, but trains us for later life when we will have no teachers to watch us. Self-government also helps us to keep our minds occupied with better things. The boys and girls have enjoyed it because it is different than anything we've had before. In sure this project will develop more and more in many schools and that soon student-government will be an outstanding organization in our school if each one does his share.

Banners

The sixth grade has won the "No One Late Banner" and hope to retain it. They have also kept the "Savings Banner" ever since they started to save.

POLICE
TARGET PRACTICE SCORES

Riverton's police shoot held last Saturday was in sharp contrast to the week before. Combining policemen and citizens by way of comparison—this week only two scores were under 100, as against seven below 100 the previous week. Considering the weather, which was not favorable for revolver shooting, due to cold and wind, the results were very good.

Anyone who thinks it is easy to pile up a high score with a revolver is invited to try his skill. Many factors enter into good shooting. One should possess fairly steady nerves, should stand correctly, have a gun to fit the hand, and the most important requisite is the knack of squeezing the hand and not pulling the trigger. This latter operation can only be acquired by consistent practice, so the experts say.

It has been especially noticed that quite a number of the policemen at the shoot have either guns that are too small for their hands, or guns that are not up-to-date or practical. Imagine a State Trooper carrying a nickel-plated, pearl-handled dinky revolver with a barrel three or four inches long.

Officer Miller, of the local force, is proudly displaying a regulation State police .38 calibre Colt revolver built on a 45 frame and having a barrel 8 inches long, which was purchased for him by his son, Trooper Russell Miller.

State Trooper Miller was at the shoot and went into a tie with Sergeant Craig, of the Haddon Township police, each pulling down a score of 139. They shot off the tie and Craig defeated Miller, 47 to 46, from a distance of 75 feet.

The Haddon Township boys are good and will bear watching. Herby, of the Palmyra force, is still hanging close to the top of the list, and will give them all a run before many moons.

Chief Quigley borrowed Officer Miller's new gun and surprised himself and the others by getting a score of 90, which is about 100 per cent. increase for "Bill." Miller was low this week with a 45, but even that is better than his average, and perhaps when he gets adjusted to his new gun he will shoot a few surprises.

Williams, for the citizens, did a beautiful piece of shooting when he clipped off 12 bull's-eyes and 3 in the next circle for a total score of 147. Bill Stevens almost doubled his score over last week, with a total of 159. Lowery, a consistently good shot, picked off 143 points, which is good in any league. Latch reached a new high for himself with a total of 124.

It is reported that some of the local banks want their employees to attend the shoot and improve their marksmanship for possible emergencies. Mr. Conover, of the Cinnaminson Bank and Trust Company, appreciates the value of experience in handling firearms and plans to attend the shoot this Saturday.

The scores for the week are as follows:

Officers	50 Ft.	50 Ft.	75 Ft.	Tot.
Russ Miller	48	43	48	139
Craig	50	44	45	139
Betty	50	42	41	133
Whitehead	50	41	40	131
Locke	47	40	42	129
Dorworth	48	36	38	122
Snyder	48	35	32	114
DeLaney	43	38	32	113
Robinson	48	35	30	113
Quigley	45	27	24	96
Miller	24	12	8	45

Citizens	50 Ft.	50 Ft.	75 Ft.	Tot.
Williams	50	40	48	147
Lowery	50	48	47	145
Stevens	50	41	32	123
Baylor	50	40	41	121
Latch	45	34	45	124

A rabbit is that little creature you see before shooting your hunting gun in the foot.

Booklets Made For Dress Makers

The children of the sixth grade are aiming to make their English work valuable to others as well as themselves. Each pupil selected his own subject, wrote a paragraph and illustrated it in some way. These are to be placed in booklet form and sent to the Mary Ressel Home in Philadelphia so that the children may enjoy them. They wrote these after studying the things which make a good paragraph.

They are, also, making a book of poems which will be typewritten by John Weber. These poems will be published later.

This week their nature class is having a thrilling experience in learning how to plant indoor and outdoor bulbs. One bulb has been brought in by a pupil and they hope it will grow. Each pupil is to bring a bulb, flower pot, or earth, as his share in the work.

On the wall map of the British Isles, the children are attaching strings to the different cities. These strings are also tied to the products or pictures which represent that city.

Our Parents and Teachers Attend Reception

Last Thursday night there was a reception at the school. Mrs. Baker, the president of the P. T. A., took charge of the meeting. Mrs. Mayfield, president of the Board of Education, spoke briefly and introduced Mr. Cooper. After expressing his appreciation of being in Riverton, Mr. Cooper introduced Mrs. Dotterer, the speaker of the evening. She spoke of the modern trends in education and gave many helpful suggestions to both teachers and parents.

After the meeting our parents had a chance to talk to our teachers while they enjoyed their refreshments.

Girls Enjoy Studying Foods and Clothing

In our domestic science class we learn to cook and sew. The classes consist of the sixth, seventh and eighth grade girls. We have two periods a week, one in which we sew and the other to cook. Miss Orscom, our teacher, gives us notes and tests on the value of sewing and cooking, and why we should learn to do so.

In sewing class we have made our aprons and caps which we wear to cook. There are many articles for the Needle Work Guild, on which we work when our own work is finished.

In our cooking class there are two kitchens and the girls are divided into these as nearly equal as possible. They are to do the part of the work that is assigned to them. We find it is quite interesting to cook and sew, and find that it is one of the necessities that all girls, growing up today, should know. Surely, there is no better time to learn than when one is in elementary school.

Builders in Kindergarten

Buildings always have a lure for little children. One day the kindergarten children walked around our school building and looked at the size and height of the building. They then went to their room and built a school, a house and store, and other structures made of the wooden block building material in their room.

Telephone Exchange Is in Operation at New Quarters on E. Fifth Street

Modern Switchboard to Give Improved Service to Palmyra-Riverton Residents; Building Houses Recreation Room and Kitchen as Special Features to Employees

The recently completed telephone exchange building for Palmyra and Riverton has been opened for service.

The new building, at Fifth street near Morgan avenue, Palmyra, has increased facilities for the better service of the company's subscribers. The old type switchboard in operation at the former exchange, 304 Broad street, Riverton, has been replaced by the latest model board. This new modern equipment has facilities for serving 2,400 telephones. At present there are approximately 1,800 telephones in the two cities, so there are ample accommodations for taking care of an increase over the next few years. In addition to the original 2,400-line board there will be installed added equipment for 2,600 more phones, making a 5,000-line capacity in the exchange.

The installation of the equipment required nearly four months after the completion of the building. In the event that these communities should at some time outgrow the facilities now offered, there can be additional room provided by extending the building to the side or rear. The large size lot makes such a program of very little inconvenience to either the phone company or the people of the neighborhood in which the present quarters are located.

Personnel increased

The opening of the new service follows the schedule laid down by E. A. Curtiss, manager for the New Jersey Bell Telephone Company. The changing of the wiring systems has caused very little or no inconvenience to the users of the telephones. To better operate the new improved switchboard, the personnel of the exchange has been increased. Now eight "Hello Girls" are in service at the

Palmyra-Riverton branch.

The building is a two-story brick and steel structure, with a full basement, which contains the large cable vault where cables from the exchange area enter the building through underground conduits. Also in the basement is located the battery room, where power is supplied to operate the telephones, and the heating plant.

The terminal room is on the first floor. In this room the maze of wires brought to the building through the conduits are fanned out and spread on huge steel frames. In this manner they are easily tested and reached for making connections.

Modern Switchboard

The second floor contains the switchboard. This board contains the efficient arrangement whereby a person wishing to obtain a number automatically flashes a white signal light on the board merely by lifting the receiver of the phone. All white lights must be answered within ten seconds after they are flashed.

In addition to the board room, the second floor contains a recreation and rest room, where the operators may spend their rest periods, and a small but complete kitchenette, where the girls may cook whatever they wish.

Should it be necessary to enlarge the building other than extending it to the side or rear, a third story may be added. This is considered unlikely to happen, however, especially in the near future, as the extended service will take care of telephone growth for many years.

We keep wondering whether the traffic cop at the intersection is there as a preventive or as a witness.

LEGION CORPS PLAYS AT CO. INSTALLATION

Local Unit Performs With Band as R. Frank Hollowell Takes Office

The American Legion Drum and Bugle Corps, of the Frederick M. Rodgers Post, Palmyra, was one of the musical escorts in the procession of county legionnaires at Burlington last Friday night.

B. Frank Hollowell, of Maple Shade, was installed as the new Burlington county legion commander by T. S. Greighton, new state commander.

A testimonial dinner was given in honor of the retiring commander, W. B. T. Collett, of Burlington. Following the dinner the legionnaires were escorted to Memorial Hall by the Burlington County American Legion Band and the Palmyra Drum and Bugle Corps.

The guests included: W. J. Miller, state commander, Disabled American Veterans; S. B. Gaskill, national rehabilitation committeeman; Roland F. Cowan, state adjutant; William McKinley, executive committeeman of Hudson county; John Lancelotti, executive committeeman of Bergen county; Past State Commander Herbert H. Blizard; State Senator Clifford R. Powell, and Mayor Harold V. Holmes, of Burlington.

P. O. S. of A. NOTES

The third pilgrimage made by the Burlington County Association of P. O. S. of A. Camps to historic spots in New Jersey drew a record crowd of 40 people Sunday, October 19, when a tour was made to Princeton. Assembling at White Horse, a cavalcade of 36 automobiles traced the line of march taken by Washington and his troops on the January day following the second battle of Trenton. This route is now marked by stone boulders spaced a mile apart. At this season the route is one long stretch of uninterrupted scenic beauty. Brief stops were made at various points of interest en route, the journey terminating at the University of Princeton museum. This building was courteously opened by the university authorities for the benefit of the P. O. S. of A. members.

Camp 764, of Philadelphia, with "crack" teams of baseball and pinocle players, will visit Palmyra, October 27. This is Navy Day and the birthday of Theodore Roosevelt, and it is hoped a good crowd will attend the meeting to entertain the guests.

Baseball fans will visit Mount Holly Camp tonight. Members will leave the hall at 7:30 p. m.

State Master of Forms Leslie W. Reeves attended a reception given to State President Lawrence Correll by his home camp at Hightstown, Wednesday, October 16.

FARMER SUICIDE

Centerton Man Kills Himself With Shotgun

Sitting on the ground in a lane of his farm, Elias Walton, 60, of Centerton, placed the barrels of a shotgun against his chest and pulled the trigger.

His body was found an hour and a half later by Thomas Stafford, a farm hand, who went to pasture the Walton's herd of cattle.

Mrs. Elizabeth Walton, wife of the suicide, declared financial worries were responsible for his act. The deceased is survived by his widow, a son, and a daughter, Ella, 16 years old.

Coroner William P. Young was called and issued the death certificate.

"WORK IS PART OF LIVING", GIRLS SAY

YWCA Industrial Group Makes Decision at Weekend Camp Conference

That their jobs were not merely unpleasant routine, but were enjoyable and could be a part of the time they were "really living" and not merely existing, was the verdict of those girls who attended the Y. W. C. A. camp and conference for industrial girls at Camp Darkwater, near Medford, October 18 and 19.

The creation of beauty, the sense that what they were doing had value in the world, companionship, development of skills—rhythm, motion and variety, were given as reasons for marking them seem to be "really living" or "merely existing" in their tasks.

They decided that many of these be put into regular jobs; the others should be put into outside work, in order to live a full and creative life.

These were brought out by the girls in a discussion led by Sidonie Schaffer, of the County Y. W. C. A., on Saturday evening. On Sunday morning Mrs. Lucy P. Shaefer, of the Borden-Town Industrial School, led in the service of worship, using the theme, "How beautiful upon the mountains are the feet of them that bring good tidings." A poetry hour on Sunday afternoon, conducted by Miss Mary Rhoads, of Moorestown, made a delightful closing hour for the conference. Recreation and music were under the leadership of Mrs. Earl Williams, of Moorestown. Girls from Moorestown, Mount Holly, Beverly, Riverside and Burlington were present.

Prayer Services

The churches of Mount Holly and the Y. W. C. A. have joined with the Y. W. C. A. plans for the observance of the World's Week of Prayer, November 8-15. Every noon from Monday to Friday, inclusive, a service of worship will be held at the Friends' Meeting House from 12 to 1:30 o'clock.

In her message to the Y. W. C. A. around the world, the president of the World's Committee, Miss Cornelia M. van Asch van Wych, of Holland, says: "In these days, when we lift up our hearts to God and meet in a fellowship of prayer, may it be our own deep and earnest desire that we learn to follow Christ closely. Follow Him as he prays, but follow Him, too, as he rises after prayer and goes out into the world." This thought will be the keynote of the meetings and the entire community is invited to participate in the services.

Leaders Attend Conference
Eight Girl Reserve leaders from the Burlington County Y. W. C. A. at-

REMARKABLE IS THIS CASE WON BY KONJOLA

World War Veteran Tells of Interesting Experience With New and Different Medicine

MR. WILLIAM H. ANGERMAN

"Ever since I returned home after being discharged from the service I have been severely troubled with disorders of the stomach," said Mr. William H. Angerman, 331 Dowers street, Jersey City. "I finally became extremely nervous. Constipation added to my misery until my entire system was badly rundown. I had little appetite and got but little benefit from the food I did eat."

"I talked with several persons who had used Konjola and decided to try this new medicine. While on the second bottle I began to feel better. My appetite increased and I found that I could eat foods I dared not taste before. After taking eight bottles of this fine medicine I have gained fourteen pounds; my nerves have calmed, and my bowels act normally."

And so it goes—this great medicine has made an amazing record in the relief of ailments of the stomach, liver, kidneys and bowels, and rheumatism, neuritis and nervousness. Konjola is sold in Riverton, N. J., at L. L. Keating's drug store, and by all the best druggists in all towns throughout this entire section.

tended the Adult Guidance Council, a series of meetings to train Girl Reserve Workers at Germantown, Pa., October 17, 18 and 19. They were: Miss Ida Barnish, of Palmyra; Mrs. Eleanor Jamison and Miss Mary Lindsey, of Riverton; Miss Margaret Thomas, Mrs. Margaret Baylor, Miss Ruth Smith, and Miss Beulah Feaker, of Moorestown; and Miss Beatrice Shipley, of the County Y. W. C. A.

The speakers included: Dr. Mary Westworth McConaughy, of Germantown and Mount Holyoke; Miss Annie Kate Gilbert, National Girl Reserve Executive; Miss Helen O'Neill, of Philadelphia, and Miss Mary Samson, General Secretary of the Philadelphia Y. W. C. A.

About 125 Girl Reserve leaders attended, coming from New Jersey, Eastern Pennsylvania, Maryland, Delaware, and Washington, D. C.

Girls Arrange Classes

The business girls of the Y. W. C. A. in Mount Holly are offering three classes to girls and women in the community. Those who wish to attend enroll now through Sidonie Schaffer, of the Y. W. C. A., or one of the committee.

On Thursday evenings there are two swimming classes at the Moorestown Community House pool, with Mrs. Roy Clement, of Woodbury, as the teacher. The classes will be kept small so that there can be individual instruction, and the class fee of \$5.00 for ten weeks, includes the cost of transportation from Mount Holly to Moorestown and the cost of instruction. An additional thirty-five cents is charged for entering the pool. Classes will leave the Mount Holly Y. W. C. A. immediately after five

o'clock and at eight-thirty, and will begin November 6. The ten weeks' course excludes Thanksgiving and Christmas days.

On Sunday afternoon at four o'clock there will be a book lover's hour at the Y. W. C. A. club house for six weeks, beginning November 2, with Miss Hazel Clark, of the County Library, arranging the hour, which will include book reviews, poetry and discussions around the fire, followed by tea. A fee of fifty cents is being charged for this.

Three special Saturday afternoon hikes are being arranged for October 23, November 8 and November 22. All Mount Holly employed girls are invited to join in on the hikes.

Enroll with any of the following for any or all of the classes: Mrs. A. Thomas Atkinson, Mary V. Hatcher, Sara G. Crozier, Helen Barbee, Grace Atkinson, Lorena Bates.

Don't try to make a fool of your enemy. Let him give him a little authority and let nature take its course.

HENRY A. DREER, Riverton, N. J.
SEED STORE, 1308 Spring Garden Street, Philadelphia

PALMYRA NOTES

Mr. and Mrs. James McConnell, of Stroudsburg, were the guests of Mr. and Mrs. Frank A. Snover, of East Broad street, recently.

Mrs. George B. Snyder will entertain the Thursday Night Bridge Club at her home, on Leconey avenue, next week.

and Mrs. Harry Stiller, of land avenue, entertained friends from Hatfield at cards Saturday evening.

Mrs. Frederick Blackburn is visiting relatives in Trenton this week.

Harry Strang has returned to his home, on Garfield avenue, after spending several weeks in Chicago on business.

Mr. and Mrs. Richard Nickey and Mr. and Mrs. Edward Groves were the guests of Mrs. Joseph Hempt, of Washington avenue, Sunday.

Mr. and Mrs. George Rivel and son, of 1117 Garfield avenue, have moved to 801 Garfield avenue.

Mr. and Mrs. H. Gottschalk were visitors in Lancaster on Tuesday.

Mrs. H. W. Alloway, of Elm avenue, and Mrs. George W. Long, of Cinnaminson avenue, were visitors in Vineland Monday.

Mrs. Frank A. Kates, of Garfield avenue, was taken to the Cooper Hospital, Camden, last Friday, for observation.

The Misses Anna Randall and Sadie Garron were visitors at the home of Miss Garron's parents, Mr. and Mrs. Edward Garron, of Indian Mills, Sunday.

The Ladies' Auxiliary of the Parry Fire Company will hold a Halloween party in the Parry Fire House on Saturday evening, November 1. Refreshments will be on sale.

Miss Ruth V. McCamy, of Highland avenue, and Miss Grace L. Dudley, of Frankford, visited Miss McCamy's sister, Miss Margaret E. McCamy, who is a student at the New Jersey College for Women in New Brunswick, over the weekend.

Mr. and Mrs. Bert Ward, of Leconey avenue, and Mrs. Keime and children motored to Princeton Sunday.

Ralph Wartnaby, of Delaware avenue, was an Atlantic City visitor Sunday.

"Tales of Tennessee Hills," a recital by Irene Bewley, consisting of four monologues and a one-act play, will be presented in Palmyra in the near future. In reflecting the humor and quaint philosophy of the mountain people, the artist is on familiar ground. She has the advantage of being a native of the foothills of the Tennessee mountains. She has appeared in recitals for Columbia University for five successive years.

The In-As-Much Bible Class of the Epworth M. E. Church will hold its annual birthday banquet in the church dining room, Thursday evening, October 30, at seven o'clock. All members are cordially invited to attend.

The Thursday Night Bridge Club entertained at the home of Mrs. A. Hunt, 602 Lincoln avenue, last week. Mrs. Harold Hamilton won first prize; Mrs. George B. Snyder, second; and Mrs. Maurice Allen, third.

Mrs. William Wilbraham, of Garfield avenue, has returned home from the Burlington County Hospital, Mount Holly, where she has been a patient for the past two weeks.

George Long entertained several friends at his home on Cinnaminson avenue, Saturday evening.

Mr. and Mrs. Obendorfer, of Drexel Hill, Pa., were the guests of Mr. and Mrs. H. Gottschalk, of Horace avenue, last Friday.

Covenant Chapter O. E. S. will hold a card party at the home of Mrs. John Moffitt, of 818 Lincoln avenue, Wednesday evening, November 12. A large assortment of lovely prizes will be awarded the lucky players. Door prizes will be offered. Admission fifty cents.

The In-As-Much Bible Class of the Epworth M. E. Church will hold a Halloween party at the home of Mrs. George Cardwell, 907 Columbia avenue, Friday evening, October 24. All members are cordially invited to attend.

An organ recital of old familiar tunes will be given in the Central Baptist Church this evening. William Davies, of Philadelphia, will be at the console and will be assisted by a quartet of solo voices. A very fine program will be rendered.

The Burlington County Choir Festival will be held Thursday October 30, in St. Mary's Church, Burlington. The choirs from the different Episcopal churches throughout the County combine to offer an inspiring service of praise and thanksgiving. All those who enjoy an evening of good music should make an effort to attend this festival.

The Woman's Club of Palmyra will hold a food sale on George N. Wimer's front porch Saturday, November 1. This sale will be given for the benefit of the Palmyra Ambulance Association, the Community Welfare Association and the Riverton Library.

Mrs. William F. Blundin and daughter, Mrs. Kenneth Campion, of Ocean City, enjoyed Tuesday with Mr. and Mrs. George J. Seel, of Cinnaminson avenue.

The Palmyra Woman's Club held its regular semi-monthly meeting in the Lions' Den Monday afternoon. The speaker of the occasion was Mrs. J. A. Swenson, chairman of the State Legislation Department. The ladies enjoyed a very delightful and constructive talk. Mrs. Stanley Lippincott and Mrs. William Miller, members of the club, sang a beautiful duet.

The Palmyra Branch of the Needlework Guild of America held its annual business meeting at the home of Mrs. William T. J. Purnell, of Morgan and Cleveland avenues. The large attendance was very gratifying. The Guild is now collecting garments for the annual gathering, which will be held in the YMCA Building Thursday, November 6. Dr. Marcus W. Newcomb of the Tuberculosis Sanatorium at Browns Mills, will be the speaker. All those who are interested in this work are cordially invited to attend.

The Palmyra Branch of the Needlework Guild of America held its regular monthly business meeting and thimble party at the home of Mrs. Tees, 516 Morgan avenue, this afternoon at 2:30. Garments for the Needlework Guild will be collected at this meeting. All members are requested to attend.

Mrs. G. A. Murray, of Leconey avenue, entertained recently in honor of the birthday of her sister, Mrs. Eva J. Hughes. Those present were: Mrs. Emily A. Reading, Mrs. Eva J. Hughes, of Lambertville; Mrs. Barbara Worthington, of Trenton; Mrs. Della Primmer, of Pennington; and Mrs. Viola T. Lauer, of Germantown, Pa.

The Ladies' Auxiliary of Independence Fire Company, No. 1, of Palmyra, will hold a card party in the Fire House on Thursday, November 6. Admission, fifty cents. Everyone is cordially invited to be present.

Edward VanEtten, of Metuchen, was the guest of B. C. Snyder, of Delaware avenue, Tuesday.

A. B. Cramer, of West Broad street, will leave next week for Sarasota, Florida, where he expects to spend several months.

Mrs. Harry Kemmerle, Sr., of West Broad street, enjoyed the weekend with her son-in-law and daughter, Mr. and Mrs. Raymond Weber, of Roeboling.

Mr. and Mrs. John Miller, of West Sixth street, entertained John Knapp and Joseph Phelan, both of Philadelphia, Monday.

Mrs. Betty Longfield, of Bridgeboro, was the guest of Mrs. A. B. Powell, of West Broad street, Monday afternoon.

Mr. and Mrs. Forest Buck, of Scotland, Pa., were recent visitors at the home of Mr. Buck's parents, Mr. and Mrs. William H. Buck, of Morgan avenue. They are now enjoying a stay at the Chalfonte-Haddon Hall, Atlantic City.

Mr. and Mrs. John Miller, of West Sixth street, were the guests of relatives in Philadelphia over the weekend.

Miss Virginia Seel, of Cinnaminson avenue, was the guest of Miss Eleanor Hall, of Weehawkin, over the weekend.

Mrs. Clara Stellwagon, formerly of Palmyra and Ocean City, who has been spending some time with her daughter, Mrs. Foster Caldwell, of Lippincott avenue, Riverton, is leaving Saturday, to spend the winter in St. Petersburg, Florida.

The Woman's Club of Palmyra will hold a food sale on George N. Wimer's front porch Saturday, November 1. This sale will be given for the benefit of the Palmyra Ambulance Association, the Community Welfare Association and the Riverton Library.

Mrs. William F. Blundin and daughter, Mrs. Kenneth Campion, of Ocean City, enjoyed Tuesday with Mr. and Mrs. George J. Seel, of Cinnaminson avenue.

The Palmyra Woman's Club held its regular semi-monthly meeting in the Lions' Den Monday afternoon. The speaker of the occasion was Mrs. J. A. Swenson, chairman of the State Legislation Department. A. B. Cramer, of West Broad street, will leave next week for Sarasota, Florida, where he expects to spend several months.

Mr. and Mrs. William H. Buck are enjoying a stay with Mrs. Buck's nephew, Dr. Edward Corson, of Plymouth, Pa.

The card party which was given by the Ladies' Auxiliary of the American Legion in the Legion Home Tuesday evening was very successful. Frank Bewley, of Riverside, won the door prize of a beautiful big rooster, which was donated by George W. Rogers.

Leslie W. Reeves, of Highland avenue, attended a reception given in honor of the State President of the P. O. S. of A. at his home camp in Hightstown on Wednesday, October 15. Mr. Reeves is the State Master of Forms of that organization.

The American Legion Auxiliary of Burlington County will hold its second annual banquet in the Beverly Legion Home Wednesday, November 5, at 6:45 o'clock. The new department president, Mrs. Lillian Heaton, will be the guest of honor. Members who expect to attend are requested to notify Mrs. Charles King, president of the Post Rodgers' Auxiliary, before October 29. The charge will be \$1.25 per plate.

MOORESTOWN

Mr. and Mrs. William Herman and Mr. and Mrs. James B. Tiger, of Moorestown, and Mr. and Mrs. Harvey Wells and family, of Marlton, motored to Califon, in North Jersey, Sunday. They report that the scenery was gorgeous in its fall coloring. A picnic luncheon was served.

Mr. and Mrs. Charles Brock, of Brooklyn, have been the recent guests of Mr. and Mrs. Edward Brock, of Central avenue.

Miss Elizabeth Nixon, of French avenue, is spending some time in Atlantic City.

A. W. Deacon and daughter, Mrs. Lillian Bradford, of East Main street, have returned from spending their summer vacation at their cottage in Beach Haven.

Mrs. Eugene M. Pharo, of East Oak avenue, has been spending a few days in Atlantic City.

Miss Vera Hohwald, of Maple Shade, entertained the members of her club on Tuesday evening.

L. R. Smith, association county agricultural agent, visited the agricultural class of the Moorestown High School on Tuesday and spoke to the students on judging and identifying classes of fruit.

Mr. and Mrs. John S. Lowden and daughter, Sarah, and Miss Beatrice Cutler, motored to Beach Haven on Sunday.

Miss Anna W. Evans, daughter of Mr. and Mrs. W. Henry Evans, of East Main street, on Saturday played on the varsity hockey team in its game with the Varsity Alumnae, which is a traditional feature of the afternoon program of Founder's Day at Wheaton College. Miss Evans is captain of her class hockey team and has been chosen as Junior class representative to the committee on raising funds for the Student-Alumnae Building.

Several Moorestownians have received invitations to a party to be given by Miss Ethel F. Shover, of Chapel avenue, Medford, in honor of her twenty-first birthday, Saturday.

Ephraim Tomlinson, of Riverton Road, president of the Camden Safe Deposit and Trust Company, was toastmaster at a cooperation luncheon in the Walt Whitman, Camden, Monday, at which bankers and life underwriters were guests.

Herbert Levin, a former graduate, who is attending Ursinus College, visited Moorestown High School Monday.

Mr. and Mrs. Francis W. D'Olier, of "Evergreen Lawn," spent the weekend at Yama-Yama Farm, in New York.

Mrs. Joseph T. Sullivan, of Chester avenue, has as her house guest this week Mrs. Annie Miller, of Thurmont, Maryland.

Mrs. Flave Corpenning, of Marlton, will entertain at bridge on Thursday evening and on Saturday evening. She will be remembered as the former Miss Dorothy Roberts, of East Central avenue, Moorestown.

Mr. and Mrs. Watson Shallcross, who have both been suffering from gripple, are convalescing at their home on Chester avenue.

Miss Mary Whitacre, who is a senior at Westtown Boarding School, spent the weekend with her parents, Mr. and Mrs. Edward Whitacre, of East Second street.

Miss Harriett Fish, of East Third street, flew from the Moorestown Airport to the All-Eastern Air Meet, conducted by the American Legion at the Mercer Airport, Saturday, as the guest of Charles Baeca. While there she witnessed the crash which took the life of George Zinn, Jr., of Rydal, Pa., who formerly made his headquarters at Central Airport, Camden, and Robert W. Mackie, of Valley Stream, L. I. Zinn's plane fell in front of her and Mackie's on the side. Miss Fish flew back to Moorestown, Sunday evening.

Mrs. W. H. H. Taylor, of South Berwick, Maine, is visiting her daughter, Mrs. Lester S. Hess, of South Church street.

Lenker and Moffitt Sparkle in Smooth Running Red and White Backfield

"FALS" SCORE 12 FIRST DOWNS TO VISITORS' 3

Fumbles and Penalties Cost Many Chances to Score; Trenton Here Saturday

Flashing an irresistible offense and an impregnable defense, the molekian clads of Palmyra swept the Freehold grid team to a 6-0 defeat last Saturday afternoon.

Displaying by far the best form that they have shown this season, Palmyra outplayed the blue-jerseyed invaders throughout the entire game. Wide end runs, slashes off tackle and thrusts through the center of the line netted gains of six and eight yards again and again. Interference of a kind not seen before on the local gridiron this season aided the Palmyra backs to make substantial yardage throughout the game.

The Cumberland county lads went down through lack of ability to cope with the Palmyra offense. Their light line and backfield were smothered time after time by the heavy Red and Blue, forward wall when they attempted a counter attack. Game until the end, they threatened to score a touchdown in the last period when a series of passes brought the play-skin from midfield to the 30 yard line.

Freehold Threatens

It was at this juncture that the visitors scored two of their first downs. Just when a score seemed imminent, the Palmyra defense tightened, grounded two passes and prevented another pass receiver from gaining ground after he had caught the pigskin, and finally took the ball on downs on their own 35 yard line.

Lenker, with excellent interference, went around the end time after time for substantial gains. Moffitt, who repeatedly took would-be tacklers out of the play, could be depended to gain one or two yards when such a distance meant a first down. Reynolds, Price and Furman, when called upon to advance the ball, likewise succeeded in evading the opposing

tacklers until they had made a creditable advance.

Adding color to the afternoon's activities was the Palmyra school band. Parading to the athletic field from the high school, the musicians kept the crowd in good spirits while waiting for the game to start and between the halves by playing spirited marches and school songs.

The game was won in the first quarter. Things looked bad for Palmyra when "Tubby" Moffitt fumbled the opening kickoff and Freehold took the ball on the 38 yard line. A series of plays gained a first down for the visitors, but the Palmyra line lightened and the locals took the ball on downs on the 35 yard line. Lenker, whose punts were a feature of the game, kicked on first down to Freehold's 3 yard marker. Here Pinkelstein, Freehold safety man, let the ball pass him and ran back to the 21 yard mark to recover. He was downed in his tracks by Fred Green, Palmyra's left wing.

Lenker Scores

Cagney punted to midfield, where Walt Price received the oval and brought it back five yards. Moffitt, atoning for his miscue at the beginning of the game, dashed around left end for fifteen yards and a first down. Reynolds gained four yards through center, following this with a plunge to the 14 yard mark and another first down. After Lenker was stopped without gain, Moffitt slid off tackle to the 30 yard line and a first down. On the second play Lenker ploughed through center for the deciding touchdown of the fracas.

A run by Lenker, around end for the extra point failed.

The remainder of the half was a kicking duel between Lenker and Cagney, with the local boy holding the edge. Two more fumbles in the Palmyra backfield kept the Red and White eleven from advancing beyond midfield.

In the second half Palmyra kept up to the slashing attack that had worked so well in the early periods. Pinkelstein, the kicker, returned it 12 yards to the 32 yard line. An advance to center field evaded nothing when a 15 yard penalty was imposed for holding. An exchange of punts, coupled with another 15 yard penalty against the pals, brought the ball to Freehold's 18 yard line in their possession. Price, Palmyra safety man, received a punt on the 50 yard stripe and brought the ball back ten yards before he was downed.

Long Pass Successful

The longest Palmyra gain of the day was made at this point. A long, perfectly-timed pass from Lenker to Pinkelstein brought the oval to the 30 yard line. Here a disastrous fumble by Reynolds gave Freehold possession of the ball on their eleven yard stripe. Disaster for the visitors followed when Tom Price nailed Warshawski for a six yard loss. The quarter ended with Freehold's backs to the wall.

A kick to Reynolds, now playing safety, was returned to the 25 yard line. The third penalty of 15 yards was inflicted on Palmyra at this juncture. Lenker's punt went out of bounds on the Freehold 35 yard line.

Freehold showed a sudden burst of speed and quick thinking when a quick pass, Kelly to Murphy, netted the visitors a first down. Their 40 yard mark. A second pass, Kelly to Backerville, netted another five yards.

A delayed pass, Cagney to War-

shawski, almost wrecked the hopes of the Palmyra fans. Warshawski caught the pigskin on the 20 yard line and seemed to be on the way to a score when Reynolds, the only person between him and the goal line, nailed him on the 20 yard stripe. Two passes were grounded and another pass, completed, failed to gain. A five yard penalty for two incomplete passes brought the ball to the 25 yard mark where Palmyra took the ball on downs.

Penalty for Slugging

Two successive first downs for the pals brought the ball to Freehold's 40 yard line. Lenker advanced seven yards. The fourth penalty of 15 yards was decreed against the locals when a lineman was detected holding. A pass, Lenker to Pinkelstein, was grounded.

At this point Marowitz, Freehold right tackle, was detected slugging and the visitors were penalized half the distance to the goal line, advancing the ball from the 35 yard stripe to the 18 yard line. Reynolds on the next play took the ball to the ten yard line. Moffitt on the last play of the game advanced the pigskin to within eight yards of the goal. Had the game been two minutes longer it seems that the score would have been at least 12-0, so sustained was the Palmyra attack.

Judging from the looks of last week's team, the Palmyra griders should be able to spring a surprise on the Trenton High eleven when they come here Saturday.

Trenton, a Class A high school, should not be taken lightly. The Trenton Institute for the Deaf, a team which has played here in former years.

The summaries:

Palmyra: Green, left end; Murphy, left tackle; MacNeil, left guard; DeLaney, left center; MacDonald, right center; Tilton, right guard; Kennedy, right tackle; Backerville, right halfback; Cagney, left halfback; Warshawski, right halfback; Kelly, left fullback; Kelly, right fullback.

Freehold: Murphy, left end; MacNeil, left tackle; DeLaney, left guard; Kennedy, right center; Backerville, right guard; Cagney, right halfback; Warshawski, left halfback; Kelly, right halfback; Kelly, left fullback; Kelly, right fullback.

Touchdowns—Lenker. Substitutions: Palmyra—T. Price for Lybrand; Furman for Reynolds; Reynolds for Price; Wilkins for Cagney. Freehold—Merrone for Warshawski; Stalter for DeLaney; Correll for Merrone; Marowitz for Kennedy; Warshawski for Pinkelstein. Referee—Smullen. Umpire—Kuch. Head linesman—Moore. Time of periods—12 minutes.

Alley Gossip

Fortnum's Mechanics again defeated the Bowling Barbers when they took three straight games. This is the second time the Barbers have been beaten. Although they showed improvement, they were unable to overcome Fortnum's who were at the top of their game.

Mark of the winners, was the star bowler for the evening, closely followed by Schiele, also of Fortnum's. Phil showed the best performance of the Barbers.

Scores:

FORTNUM			
Mart	104	132	100-432
Winter	145	100	65-245
Schiele	141	105	150-433
Totals	440	455	363-1278
BARBERS			
Jake	130	134	40-264
Steve	137	113	126-250
Phil	110	125	148-263
Totals	387	372	366-1125

Miss Helen Shea seems to be the most sensational woman bowler in these parts. She has had 100, 180, 170, 100 in the alley record for ladies.

RIVERTON WINS OVER MILO, 7-0

Very Small Crowd of Spectators See Canby's Proteges Win Tight Game

Riverton's gridiron gladiators marched to a 7-0 victory over the Milo Club of Philadelphia in an impressive style last Saturday afternoon before a meager group of spectators.

Under bright October skies, with a sharp wind blowing down the sloped field, the home boys displayed all kinds of good football.

Wagner proved to be the big battering ram of the afternoon, the way he crushed the Milo line and consistently gained, eventually to score in the third period.

Price, a new quarterback, showed considerable skill in running the ends and slicing off tackle.

Klinger and Schetter, two new backfield men, started the game and played well, but will show up better after playing a couple of games with the Riverton team.

Teamwork was much more in evidence than any individual stardom, which is always a good sign.

The work both of offense and defense of Riverton's lineups was splendid in every way. Many plays were "unseen" because both lines seemed to be just about equal in strength and ability.

A word of praise is due the Milo Club players for their clean playing, which helped to make the game interesting to both players and spectators.

This Saturday at 3 p. m. Riverton will play Belkfield of Philadelphia.

Summary:

SPORT SPASAS—By Hal

Last Saturday's game between Riverton and the Milo team of Philadelphia, resulted in a 7-0 victory for the home boys.

This game showed a great improvement in the Riverton team over the previous games.

Wagner and Price did most of the gaining for Riverton.

It was Wagner who crashed through the line for a touchdown in the third period. He also added the point after the touchdown with a drop-kick.

The game was clean and hard fought by both teams—of course, the players have to have their arguments, but there was no rowdiness on the field.

Both teams played such clean football that the only penalty was inflicted on Riverton in the last period for taking four "time outs" in the last half. Three is the legal limit.

A question from the Management—Does Riverton want a football team? Prove it by coming out strong.

We regret to say that the crowd has been mistaken for the visiting team. We would like to see more people attend our games.

The boys want to play football, but it does not give them much pep to see only a handful of people to cheer them on.

If every fan will do his bit the team will be a success. Are you doing yours?

Riverton High School had a hard game last Saturday at the Burlington High grounds by 7-0.

Mose Kaplan attempted to punt and the other three backfield men lined up on the right side of the backfield, and as Mose is a portside boater this left him unprotected on the kicking side.

Bud Williamson tried to get over to take out a Burlington player and Rex fielded him and bounced behind the goal line. A Burlington player followed the ball and a touchdown was allowed.

Just a bad break for Coach Turner and his school boys, but they come to the best of teams.

Jay came to the Riverside High school Tuesday when they found that Burlington had been recently classified as a Class A school.

Burlington's victory last week has no bearing on an Riverside's contention for County Class B championship laurels.

Good luck, Riverside!

Sunday's game in Riverton with the South Phillies' team was a poor specimen of football in many ways.

It is with deep regret that we make note of the unfortunate and totally unnecessary accident in which our friend, George Zinn, Jr., was killed at Trenton on Sunday. George was the first pilot to land a visiting ship at the Moorestown Airport.

The Burlington County Aero Club was certainly well represented at the races at Trenton on Saturday and Sunday. Almost the entire membership of the club was present and the five ships we sent up made a fine showing.

As has been the case at every Air Race during the year, the Navy occupied the spotlight. Five show put on by the three Navy ships Saturday afternoon was easily the highlight of the entire meet and a beautiful exhibition of flying. The Navy certainly was out in force. Never saw so many Naval aviators in my life.

Another Curtis-Rubin cabin monoplane has joined the group at the Moorestown Airport of the Burlington County Aero Club. The new ship is owned by Bill Krewson, of Delanco, and is a new ship using the Moorestown Airport as their home port. We do not know of another Aero Club in the United States able to touch this record.

Do not forget the Penny-a-Pound rates we are offering this coming Saturday and Sunday at the Moorestown Airport. This will be your last chance this season to fly at reduced rates and at a time when the country is especially beautiful from the air.

John J. Fitzgerald

John J. Fitzgerald, 57 years old, of Moorestown, was found dead in bed at Lester, Pa. where he was visiting, on Sunday.

Funeral services were held this (Wednesday) morning from the Church of Our Lady of Good Counsel. Interment was made in Mount Carmel Cemetery.

Surviving Mr. Fitzgerald are two sons, Edward and Richard, both of Moorestown, and a daughter, Katherine Fitzgerald, of Camden.

If every fan will do his bit the team will be a success. Are you doing yours?

Riverton High School had a hard game last Saturday at the Burlington High grounds by 7-0.

Mose Kaplan attempted to punt and the other three backfield men lined up on the right side of the backfield, and as Mose is a portside boater this left him unprotected on the kicking side.

Bud Williamson tried to get over to take out a Burlington player and Rex fielded him and bounced behind the goal line. A Burlington player followed the ball and a touchdown was allowed.

Just a bad break for Coach Turner and his school boys, but they come to the best of teams.

Jay came to the Riverside High school Tuesday when they found that Burlington had been recently classified as a Class A school.

Burlington's victory last week has no bearing on an Riverside's contention for County Class B championship laurels.

Good luck, Riverside!

Sunday's game in Riverton with the South Phillies' team was a poor specimen of football in many ways.

It is with deep regret that we make note of the unfortunate and totally unnecessary accident in which our friend, George Zinn, Jr., was killed at Trenton on Sunday. George was the first pilot to land a visiting ship at the Moorestown Airport.

The Burlington County Aero Club was certainly well represented at the races at Trenton on Saturday and Sunday. Almost the entire membership of the club was present and the five ships we sent up made a fine showing.

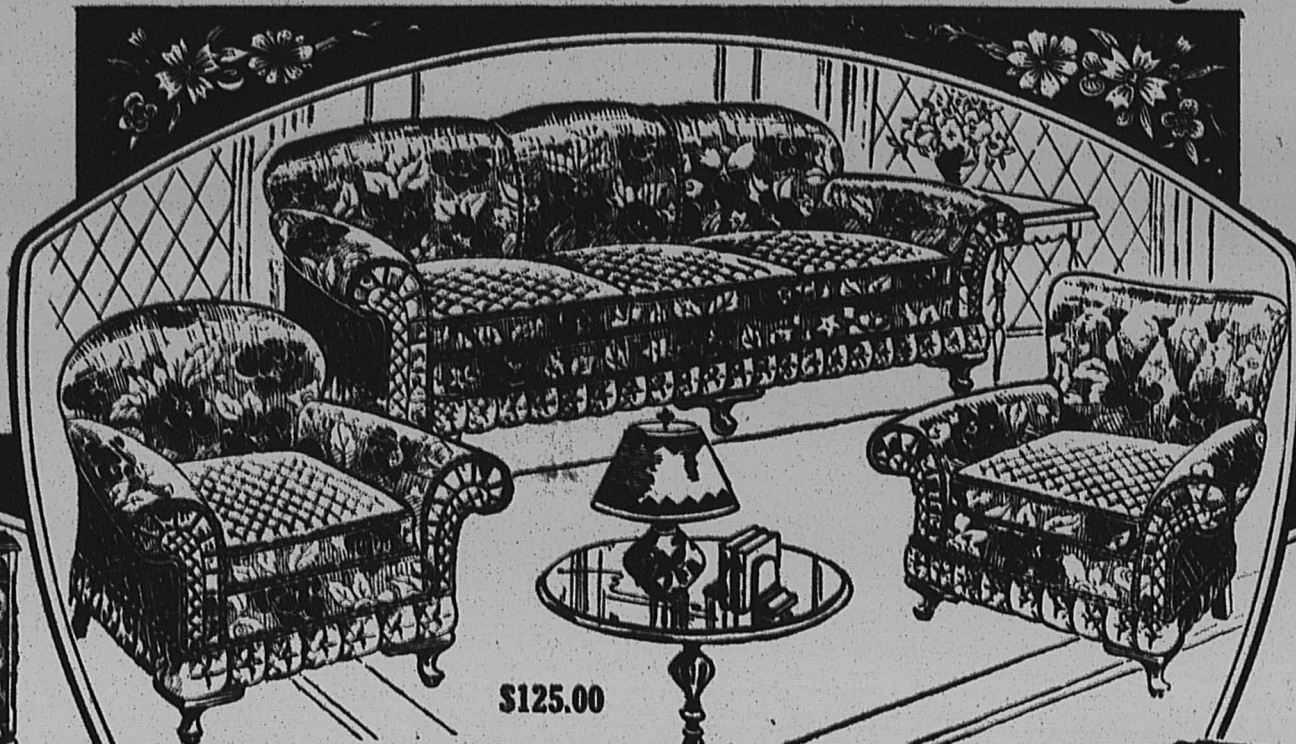

As has been the case at every Air Race during the year, the Navy occupied the spotlight. Five show put on by the three Navy ships Saturday afternoon was easily the highlight of the entire meet and a beautiful exhibition of flying. The Navy certainly was out in force. Never saw so many Naval aviators in my life.

Another Curtis-Rubin cabin monoplane has joined the group at the Moorestown Airport of the Burlington County Aero Club

TRADE-IN Your Old Furniture at Pinsky's \$25.00 Allowance For Your Old Suite of Furniture regardless of condition

RIVERTON, NEW JERSEY, THURSDAY, OCTOBER 30, 1930

PRICE, FIVE CENTS

SEWING SESSIONS ONCE A MONTH

Workers Are Wanted to Make Garments for Needy Families

The Riverton branch of the Needlework Guild will enter on its new year's activity November 3, when an all-day sewing will be held in the Porch Club. This will be the first of an all-winter series of sewing days planned for the first Monday in every month.

The plan of setting aside a day a month and devoting it to Guild work was started last year, and with gratifying success. Although the number of those who attended the sewing sessions seemed discouragingly small in proportion to Riverton's large Guild membership, the amount of work accomplished was extraordinary. Two hundred and thirty-three garments, warm, serviceable and well-made, were completed and sent to the needy organizations that receive our contributions. This number, of course, was exclusive of the articles contributed, the grand total for last year amounting to 2018.

To date, 183 garments have been made on the monthly sewing days, with only an average of twelve persons attending each session. It is most strongly urged that everyone come out and help. There is work for everyone, whether you sew or not, plenty of basting, pinning, finishing. And the urgent need of these garments is ever before faced.

Sewing sessions begin at 10 o'clock in the morning. A luncheon is served at the nominal price of 25c per person. On November 3, Mrs. Lindley C. Robbins will be in charge of the luncheon, and if you will be present, should be notified in reasonable time.

Do come! We can't all give, but we can almost all of us work!

Mrs. Ida R. Earling

Mrs. Ida R. Earling, 72 years old, wife of Leonard Earling, died at her home, 725 Chinnaminson avenue, Sunday afternoon.

Mrs. Earling had been a resident of Palmyra and Riverton for more than forty years and was a member of the Epworth M. E. Church. She was very well known in this vicinity.

Funeral services were held yesterday afternoon from the late residence with the Rev. Frederick B. Morley, of Moorestown, officiating. The Rev. Mr. Morley was formerly the pastor of the Epworth M. E. Church, Palmyra. Interment was made in Evergreen Cemetery, Lumberton.

Mrs. Earling is survived by her husband, a son, Arthur B. Earling, of Flushing, L. I., a sister, Mrs. A. M. Scott, of Palmyra.

PORCH CLUB NEWS

Yard and Garden Contest

Judges, Mrs. J. B. Tyler, Mrs. J. D. Clerk and William Taplin. Winners: First prize, Mrs. Emily Smith, 610 Linden avenue, \$10.00; second, Mrs. Maurice Belknap, 311 Bank avenue, \$7.50; third prize, Mrs. John E. McVaugh, Riverton road, \$5.00, and fourth prize, Mrs. Sadie Johnson, Third and Penn streets, \$2.50. Prizes consist of bulbs and seeds to the extent of amount above named from Dreer's retail catalogue.

ELLA L. MERRILL, Chairman.

Card Party

There will be a card party held at the Riverton Porch Club on Monday, November 10, 1930 at 2:30 p. m. The charge is 50c per person and the entire proceeds are for the benefit of the Community Welfare. Refreshments will be served. Everyone is welcome and it is hoped that there will be a large attendance.

Help Worthy Cause

Under the direction of the Public Welfare Committee of the Riverton Porch Club, a second-hand clothing sale will be held on Saturday afternoon, November 8 from 1 to 5 at the Porch Club.

The money raised by this sale will be devoted to the needs of the community. Articles of warm clothing are especially needed to make this sale a success.

Donations will be received at the Porch Club, Friday, November 7. Things called for on request. Notify Mrs. E. M. Kinsey. Telephone Riverton 577.

Junior Section

The Junior Section of the Club will give a play to the Seniors on November 4, at 2:30. The Juniors are an active group of young people and the Seniors are asked to give them hearty support.

NOTICE

Notice is hereby given that the rental of chairs, from the Riverton Fire Company, must be conducted through John Carhart, Sr. or Charles Cole.

All contributions for use of chairs are to be made payable to the Riverton Fire Company and given to this committee.

Also, persons wishing to contribute to the Building Fund should make checks payable to the Riverton Fire Company and send same to John Carhart, Sr. This notice effective October 27, 1930.

BOARD OF DIRECTORS,
Riverton Fire Company.

128 PHS STUDENTS IN 'THAT'S THAT'

Tillicum Staff Offers Musical Comedy Tonight and Satur- day in High School

"That's That," the annual presentation for the benefit of the Tillicum, the year book of Palmyra High School, will engage the attention of the play loving public this weekend. The play will be presented tonight and Saturday night in the high school auditorium.

The song and dances of the musical comedy, "That's That," are outstanding for their modern characteristic pep.

The environment is one of waving palms, gleaming sands, cool sea breezes, southern romance and tropical sunlight. Laughter, comedy and songs are delightfully combined into the atmosphere of entertaining dramatization.

From the opening chorus, "Down Where the Palm Trees Grow," until the finale at the end of the second act, there is a breezy atmosphere which is characteristic of Palm Beach.

The plot is based on the love affair of Kenneth Neilson, played by Robert Young, who, while posing as a life guard under the name of Kenneth Jones, rescues and falls in love with Eloise Beswick, a society belle, dramatized by Alice Bartley. The role of the bottle king, John Neilson, is played by Robert Finney.

Real Humor

The humor of the production is afforded by the romance of Eddie Dewey, who in real life is John Renshaw, and his sweetheart, Letitia, characterized by Florence Harding. Dewey has come from his farm, and in a crude, rustic manner journeys to Florida to meet his "sweetie," who is a "social climber."

Additional comedy is given to the production by Esther Shockor and Francis Kievan, who enact the roles of Mickle and Mamie, East Siders of New York, who have drifted to the fashionable resort.

Some of these characters will be remembered as stars of previous high school presentations, while the others have been selected because of their fitness for their particular role.

There are eleven choruses doing beautiful dances and singing songs that are certain to be enjoyed by everyone who is fortunate enough to attend the performance. From the opening number, featuring the hotel guests, the bathing girls, and waitresses, until the finale, where Letitia and the Rustics sing "Where the Old Mill Turns Round," the entire production is fairly bubbling over with activity and live humor.

Stage Cast

With a cast of more than 125 principals and chorus members, the play, "That's That," will present a spectacle of youth, beauty, grace, and romance. There is variety enough to please the most exacting persons, and the event has promise of being the most outstanding amateur performance of the season.

The cast for the production has been selected from all classes of the high school. In addition to the twelve main characters, there are eleven choruses with a personnel of 110 students. The choruses, which are listed as Rustics, Sub-Debs, Lady Luck, Hotel Guests, Maesuerders, Dance Mad, Show Girls, Waitresses, Easter Siders, Bathing Girls and Stags, add considerable action to the show by the execution of several peppy song and dance numbers.

Every member of the High School has been a ticket salesman and as a result the ticket sale has been unusually large. Two prize have been offered to the persons selling the most tickets. William H. Plank, High School teacher, has agreed to take the person winning the contest to Philadelphia and the theatre. The second prize is a copy of the 1931 Tillicum. There is a close race at the present time between Lillian Hutchins and Paul Quest for first place.

The tickets for "That's That" are being reserved each day from 2:30 to 9:30 p. m. at the YMCA Building, Broad and Garfield avenues.

Burlington County Hospital Drive for Maintenance Fund Opens Nov. 1

Institution Lauded by Leading Philadelphia Surgeon and Resident Says He is "Amazed" at the Place It Has Taken in County Life

A leading Philadelphia surgeon recently said, "You have reason to be proud of the Burlington County Hospital. With such a staff and equipment as you have it is no wonder that results are so satisfactory." A recent patient said, "Never once during my weeks of illness was there reason for complaint, but on the other hand it seemed that the doctors and nurses went out of their way not only to make me feel comfortable but to inspire me with confidence and cheerfulness."

A well-known resident of Burlington county, long affiliated with hospital matters, recently remarked, "I am amazed at the place the Burlington County Hospital has taken in our county life. Every call made upon it is answered with promptness and cheerfulness and I now wonder how we ever got along with our little third bed hospital."

Such are just three of the remarks made within recent weeks concerning the hospital which has so speedily grown into a leading position amongst Burlington county's many splendid institutions.

To all, such a reputation is a matter of very great satisfaction and to those thousands of citizens who have so loyally contributed to the building and maintenance of the institution the results and reputation stand as dividends on an investment made in our county life.

The privilege of supporting the Burlington County Hospital, Mount Holy, is one given to all, whether rich or poor, and the "widow's mite" bears the same dividend as the gift of the wealthy.

On November 1, groups of men and women, enthusiastic supporters of the Burlington County Hospital, will commence a canvass of the county, presenting the report of work done and asking for cooperation so that it may continue. To every resident, therefore, will be given the opportunity to subscribe to the hospital's maintenance fund and to have a share in its magnificent work.

In making this appeal the Board of Managers, fully conscious of liberal support in the past, do so with confidence that the record of the hospital commands the attention of all and ask that every citizen make some contribution to the maintenance fund.

CANDIDATES ADDRESS REPUBLICAN CLUB

Meeting in Fire House Well Attended; Officers Nominated for Annual Election

The meeting of the Riverton Republican Club, Inc., held in the auditorium of the Riverton Fire House last evening, was well attended.

At a short business session the following officers and Board of Governors were placed in nomination for the election to be held at the annual meeting in December: Killiam E. Bennett, chairman; James S. Coale, first vice-chairman; Minnetta M. Bowker, second vice-chairman; Mildred Clelland, treasurer; G. Lloyd Major, secretary; Board of Governors, Harry H. Murray, Walter K. Woodman, Francis B. Elwell, Walter L. Rogers, Frank Holvick and Samuel MacMullin.

The selection of the place of holding the annual meeting was left in the hands of the executive committee with power to act. Last year it was held at the Riverton Country Club and attended by more than one hundred members and friends.

Following the business session addresses were made by Charles R. Stout, chairman of the County Republican Committee; Howard Russ, director of the Board of Freeholders; John C. Belton, 2nd, candidate for Coroner; Clifford R. Powell, State Senator; Congressman Charles W. Wolverson and Guy W. Beardsley, of New York, who spoke in the place of Commissioner of Motor Vehicles Harold C. Hoffman, who was unable to attend.

To Keep in Touch

Everyone should remember the rest of the field while working in his own furrow, and should occasionally climb up to look around.—E. M. White.

HEAR YE! HEAR YE!

A real party is scheduled for Riverton Saturday night—A Halloween Masked Ball and Dance. The "Great Big Man From the South" will be there, with "A Big Cigar in His Mouth."

A peppy dance orchestra, Sammy Johnson and his Southern Serenaders, will furnish the inspiration for some fancy footwork.

Prizes of all kinds. Don't forget—it's a date. November 1st, in the new Fire House ballroom.

When these boys plan a party—it's a PARTY. Come out and give the boys a hand.

NATIVE INDIAN TO SPEAK HERE

Isaac Greyearth Will Address Public Meeting at YMCA Next Tuesday

On a speaking tour which has taken him into all sections of the eastern half of the United States, Isaac Greyearth, a native American Indian, will address a meeting, open to the public, at the YMCA building, Palmyra, next Tuesday night, November 4, at 8 o'clock.

Mr. Greyearth has been engaged for some time by the State YMCA Committee of South Dakota, Minnesota and Wisconsin to do YMCA work among Indian boys of these states. He has an interesting account of the life of real Indian boys, and he tells of his experiences in a captivating manner, speaking also of his own youth and present work.

Accounts from many audiences which he has addressed indicate that he is always wanted for return engagements.

Mr. Greyearth is including in his itinerary this Palmyra-Riverton YMCA appointment through arrangements with the County YMCA Headquarters at Mount Holy, where he has been assigned for twenty-four hours by the National Headquarters in New York City.

Secretary William H. Plank of the Palmyra YMCA plans to have announcements made in the schools, Sunday schools, churches, YMCA groups and Hi-Y clubs, inviting all who are interested to hear Mr. Greyearth.

County Secretary Guy C. Hendry told Mr. Plank of the impression this man made at Chicago three years ago, at a National Town and County YMCA Conference, and also at the sessions of the National YMCA Council, when men from all over the nation were greatly interested in his story and delighted with his speaking style and captivating humor.

NEW TAILOR IN RIVERTON

E. Biancone has opened a tailor shop in the space formerly occupied by Louis C. Clelland in the Williams and Wright Building—Broad and Main streets, Riverton.

The interior of the shop is very attractively arranged and Biancone will offer a complete tailoring service with free delivery service.

Biancone was some few years back employed by Edward R. Williams in his tailoring establishment in Philadelphia.

MYSTERY ABOUNDS IN "TROOP 50"

Deep, Dark, Dark Doin's Hinted When Troop is Ordered Out in Old Clothes

Hair-raising groans and shrieks, weird howls, clanking chains, cold and clammy breaths, shivers and shakes, snakes, toads, lizards, turtles; mystery, deep mystery.

The above is not a review for a matinee, but merely an impression of last week's meeting of the Riverton scouts, Troop 50, Burlington County Council.

The reptiles were supplied (merely in imagination, of course,) by the announcement that Eagle Scout Henry Naisby, Senior Patrol Leader of the Grey Platoon, has passed the very difficult test to obtain the merit badge for reptile study to add to the twenty-one other merit badges he had to have to make him an Eagle Scout. Dr. H. Fox, of the U. S. Department of Agriculture, Japan Beetle Laboratory, gave Scout Naisby the test. Incidentally this is just one of the many ways in which Dr. Fox has shown his interest in scouting and particularly for his friendship for the Riverton scouts during the last five years.

The troop is indebted to Dr. Fox for several intensely interesting talks on trees, flowers, insects, fossils, and other subjects of interest to scouts. In addition he has acted as merit badge examiner on numerous occasions when Riverton boys wished to take such examinations in the several subjects in which Mr. Fox is an expert.

The ghosts were supplied by a story told by the scoutmaster, Mr. Garwood. Anyone who has heard him tell a ghost story knows how well he does it. A ghost story at this time was, of course, most appropriate. The story was told in the most dramatic way, and last week's meeting was the last until after that great holiday of witches and spirits.

The deep mystery came from the refusal of the scoutmaster "to make a statement at this time" (as they say in the metropolitan newspapers) regarding his order to the troop "to turn out in old clothes for all scout meetings until further notice."

Mr. Garwood did volunteer the information, however, that the troop has started off on a big undertaking about the time of the next meeting to make any promises or boasts until they were far enough along to have something to boast about.

Recruiting is still going on actively in the troop. New recruits are coming in every meeting. Any Riverton boy who wants to get in on the act, let him get in. He will find out for himself what the mysterious undertaking of the troop is, should get in touch with Mr. Garwood or with any scout in the troop at once. "It won't be long now" until Troop 50 will need to start forming a waiting list for prospective members.

As was stated above, last week's meeting was the last regular uniformed meeting until further notice. This week there will be no meeting because of Halloween. After this week the meetings will be resumed, but the scouts will not wear uniforms. Recruiting will, of course, go on as usual until the troop is entirely filled. And meanwhile the plans go on for the big meeting which is to take place after the troop's present program is completed. The time, place of this meeting are all part of the deep mystery already referred to.

Elizabeth B. Campbell

Miss Elizabeth Boyd Campbell, daughter of the late Joseph and Sarah Boyd Campbell, died at her home, 203 Lippincott avenue, Riverton, Friday, October 24.

Funeral services were held at 10:30 Monday morning at her late residence conducted by the Rev. A. S. Lewis, rector of Christ Church, Riverton.

Interment was made in Woodland Cemetery.

Miss Campbell was the first librarian of the Riverton Free Library and served in that capacity from its organization thirty-two years ago to the time of her death. Trained to this work, Miss Campbell brought an efficiency which, coupled with her personal interest, was one of the chief factors in the growth and success of the library.

The library was formerly located in the parish house of Christ Church on Fourth street, and in 1908 was moved into its present building, a memorial gift of Mrs. Edward H. Ogden, in memory of her husband, who was the first mayor of Riverton.

SPOOK AND GHOSTS AT K. of C.

All kinds of spooks and "hants" will be about Thursday night at the K. of C. Hall to lend to the spirit of Halloween. The Knights of Columbus are giving a masked dance and frolic in their hall and a lively time is promised for everyone who steps their foot over the door sill. This is not only a good time for the grown-ups but the children will have their innings too. The whole family should be masked and join the merry-makers.

NEW ELECTION HOURS

Election Day—Tuesday, November 4. Under the new election law which went into effect on July 1 and will be operative on November 4, the polling places will open at 7 A. M. and close at 8 P. M. Instead of being open from 6 A. M. to 7 P. M., as in previous years.

APPRECIATION

Thirty-two years ago a small but representative group of Riverton citizens met to consider the forming of a library. Its beginning was simple, its circulation small, but good fortune came to the library in its choice of librarian.

Miss Elizabeth B. Campbell, who for all these years, in her quiet unassuming manner has furthered the growth and through her self-giving interest, built year by year, the Riverton Free Library from a small town library into a modern, well-equipped one quite above the average for a town the size of Riverton.

Miss Campbell passed on Friday morning, October 24, leaving in the development and growth of the library a monument worthy of our deepest respect and gratitude, which the Board of Directors of the library as well as our townspeople deeply appreciate.

BOARD OF DIRECTORS OF THE RIVERTON FREE LIBRARY ASSOCIATION.

CORPS RECEIVES GIFT OF LADIES

Handsome Flag Presented to Palmyra Post by Auxiliary Thursday Evening

A large crowd attended the ceremonies which marked the presentation of a banner to the Drum and Bugle Corps of Frederick M. Rodgers Post, American Legion, of Palmyra, last Thursday evening.

The flag was a gift of the Ladies' Auxiliary to the Corps as a token of the esteem in which the Drum and Bugle Unit is held.

The program, held in the High School auditorium, opened with the entire Bugle Corps on the stage. The curtain was opened to the soft roll of drums, which was gradually increased in volume as the curtain was pulled back. Three specially selected numbers were played by the Corps at the beginning of the exercises, and then the members took their places in the audience while the speakers were introduced.

W. Rex McCrosson, National Alternate Executive Committeeman, presided at the exercises. The presentation of the banner was made by Mrs. W. Rex McCrosson, and the speech of acceptance was made by A. H. Lippincott, Commander of Post Rodgers.

Leslie Ladd, speaker of the evening included John A. Whomeley, of Riverside, past county commander; W. B. Thomas Collett, of Burlington, past county commander; Judge Frank A. Matlack, past State commander; Mayor George N. Wimer, of Palmyra; Mayor Howard M. Rogers, of Riverton; Mrs. Rewall Shinn, of Burlington, president of the Burlington County Legion Auxiliary Unit; Russell Murphy, drillmaster of the Frankford Legion Drum and Bugle Corps; and Robert Cotter, instructor of the Palmyra Corps.

Page Schooley, of Burlington, past County commander; Frank S. Abelson, of Florence, commander of the Francis W. Robbins Post of Florence; and Charles E. Wimer, of Palmyra, the Ladies' Auxiliary of the Palmyra Corps, were also guests of the evening.

Cotter, in speaking of the activities of the Palmyra unit, deplored the fact that the Corps had received comparatively little recognition from the townspeople, although they had "put the town on the map" by the advertisement which had resulted from the success of the Bugle Corps. He said that only a few people knew what qualifications were necessary to become a member of the American Legion. An honorable discharge from the military or naval forces of the United States is the only admission card into American Legion membership.

Commends Auxiliary

Mrs. Shinn, county president of the Ladies Auxiliary, commended the Palmyra post for having such an active organization as the auxiliary, which, she said, one of the most progressive and outstanding women's units in the county.

Mrs. Rex McCrosson made the presentation of the flag. The banner had a white background with the name of the Corps emblazoned in gold lettering on two narrow blue strips. The American Legion emblem was placed in the center of the design. The flag itself was mounted on a black ebony pole, surmounted by a spread eagle.

Theodore D'Autechry, by request of Rex McCrosson, gave an interesting recital of an incident which took place on the Boton trip. Mayor Wimer, due to business pressure, was unable to make the excursion to the National American Legion convention. In order to be officially represented he had sent along a highly prized red necktie, to be worn by Ted D'Autechry. When the Palmyra corps was recalled by Mayor James M. Curley, of Boston, on their arrival in the Massachusetts city, he autographed the tie, recognizing the craving and its wearer as the official representative of the Palmyra mayor. At the end of the narration, D'Autechry returned the autographed necktie to Mayor Wimer.

The audience were privileged to hear, in addition to the Drum and Bugle Corps, vocal solos by Miss Mary Steele, of Riverton, and Mrs. Stanley Lippincott, of Palmyra.

Enthusiasm's Value

Enthusiasm gives life to what is invisible, and interest to what has no immediate action or comfort in this world.—Madame de Staël.

FALL ELECTION NEXT TUESDAY

No Local Contests to Enliven Vote in Riverton and Palmyra

The general election next Tuesday as usual will be devoid of local contests in Riverton and Palmyra.

In Riverton Elmer Hahn and Walter K. Woolman are unopposed candidates for Borough Council on the Republican ticket. They will succeed Councilmen Randall and Bartley, who were not candidates for re-nomination.

C. Kenneth Davis is candidate for re-election as Riverton Borough Collector, and Cecil A. Bowers for re-election as Justice of the Peace.

Sample ballots for the general election next Tuesday, November 4, were mailed to the voters this week. Enclosed with the ballot was a copy of the statutes covering the bond issues to be voted on.

Two members of Palmyra Borough Council, Alfred R. Bradley and Julius Fisher, are running for re-election on the Republican ticket without opposition.

John A. Bauer and Duff Dodd are both on the ballot for Justice of the Peace, but Mr. Dodd has moved away from Palmyra since he won the nomination at the primary.

Local voters will ballot for virtually every kind of a public office from United States Senator down to Justice of the Peace. A sweeping Republican victory for the ticket headed by former Ambassador Dwight W. Morrow is, of course, expected here as well as throughout the state.

Mr. Morrow, running for United States Senator, is expected to pile up an impressive majority over Alexander Simpson, his Democratic opponent, and this town, which gave him a surprisingly large plurality in the spring primary election, is expected to roll a heavy vote for the famous son of Englewood. Miss Thelma Parkinson, of Vineland, is the Democratic nominee for the unexpired term of former Senator Walter E. Edge, now ambassador to France, and Mr. Morrow is expected to win equally easy over the South Jersey winner.

Much interest has been shown in the proposed \$100,000,000 state bond issue, which will call for an additional cent on the gasoline tax, making a three-cent impost should it pass. While the majority of political leaders of the state, including the heads of both major parties, are in favor of it, there has been considerable opposition from (Continued on Page 6)

CINNAMINSON P. T. A.

The Chicken Supper to be served on November 13, will be in charge of Mrs. Charles Reidenbaker, and her efficient aides, which is assurance of a satisfying and appetizing meal. Pleasant rooms in which to meet old friends and make new ones.

Publicity Committee.

WELFARE ASSOCIATION

The Welfare Association met at the home of Mrs. Thomas Cashin, 216 Linden avenue, Riverton, Monday evening. A round-table discussion was held on the kind of food to be put in baskets for the needy this winter in cases of emergency. About twenty ladies were present.

"FIXING UP TIME"

Along with your other preparations for winter, there will be some rearranging and renovation of furniture. Will K. Bowen, decorator, has an advertisement in this issue containing some helpful hints.

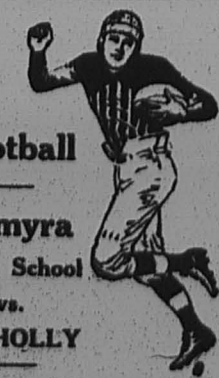

WANTED

The Community Welfare Association of Palmyra, Riverton and Cinnaminson, would like to secure a small cook stove for a worthy, but needy family. Anyone having such a stove, is requested to call Riverton 734 or write Mrs. Raymond Eastwood, Box 124, Palmyra.

BUY NOW—AT FREEMAN'S

BUY NOW, prices are the lowest for years and by buying now you not only save yourself money, but you help get business started on the road to prosperity again, which means prosperity for all. Freeman's Economy Store, 9-11 West Broad street, Palmyra is offering unusual bargains in its big anniversary dollar sale.

YWCA PLANNING BAZAAR, SUPPER

Affair to be Held at Moorestown Community House, November 12

Members of the YWCA are working hard for the supper and bazaar which will be held at the Moorestown Community House on Wednesday, November 12, from three to eight p. m. The Association is in need of funds, and the co-operation of its members and friends in this enterprise will be much appreciated.

Tickets for the supper are one dollar; for a child's supper, fifty cents; and can be secured from the County YWCA office or any of the following people: Mrs. John W. Davis, Mrs. John H. Sinek, Beverly and Edgewater Park; Mrs. Edwin Anderson, Bridgeport; Mrs. Henry Albrighton, Mrs. R. G. Dunn, Jr., Mrs. Chas. Gilbert, Miss Carolyn McIntire, Mrs. Lawrence Parsons, Miss Jennie Richardson, Mrs. Geo. Rigg, Miss Lydia Rogers, Burlington.

Mrs. Walter Reeder, Columbus; Mrs. Earl Severs, Mrs. James Stuart, Cooperstown; Mrs. Clifford R. Powell, Mrs. Louis Steel, Delaware; Miss Ada Hamilton, Florence; Mrs. Chas. Barton, Mrs. Benj. Roberts, Marlton; Mrs. Albert Kirby, Mrs. Louis Rausser, Medford; Mrs. Lester Collins, Miss Margaret Jones, Mrs. Wm. Matlack, Mrs. Edwin Russell, Mrs. Hannah Severs, Miss Margaret Thomas, Mrs. B. E. Thresher, Moorestown; Mrs. F. D. Smith, Rancocas.

Mrs. Amos Henry, Riverside; Mrs. Alexander C. Wood, Jr., Miss Helen Woolman, Riverton.

Mount Holly Branch Elects Officers

Mrs. George L. Bridge was elected president of the Mount Holly Branch of the YWCA at the regular meeting of the Board on Friday, October 24, at the club house. Mrs. Bridge succeeds Mrs. R. H. Mason, who for three years has served admirably as the president. Other new officers are Miss Frances Port, vice-president, and Mrs. Nelson D. W. Purney, secretary, while Mrs. Harry B. Wright will continue as treasurer.

Another item of business considered by the Board at this meeting was the World's Week of Prayer, November 9-15, which the YWCA, the YMCA, and the churches are to observe with services from 12-12:30 in the Friends' Meeting House. This will be followed by the district on Tuesday, November 18, at the YWCA club house, on Paxson street. This district of the YWCA includes Hainesport, Lumberton, Mount Holly and Rancocas. Mrs. Caroline Warrick, of Rancocas, is the district chairman.

Vocational Guidance

Louis J. Kaser, superintendent of schools in Burlington county, spoke to members of the Senior Club and Girl Reserve committees of the YWCA at a meeting on Tuesday evening, October 21, at the YWCA club house in Mount Holly. The Senior Club committee is studying the problem of vocational guidance in Burlington County and Mr. Kaser made many valuable suggestions as to how this work might be carried out. The committee, which is responsible for the association's work with business and industrial girls, became interested in the question through contacts with many girls who were unhappy and unadjusted in their work.

The first work of the committee will be a survey of the girls who leave school at the end of the eighth grade.

Camp Committee

The South Jersey Camp Committee of the YWCA met at the Burlington YWCA club room on Monday, October 27, with representatives from Burlington, Camden, Gloucester and Monmouth counties. Mrs. Otto V. Huffman, of Mt. Kisco, New York, National Chairman of the Rural Communities Department of the YWCA, also attended. Reports of the association's camp this past summer at Ockanickon were given, and plans were discussed for putting the YWCA Camp on a permanent basis.

Burlington County was represented by Mrs. Emily P. Darlington, of New Lisbon; Mrs. Chas. Barton, of Marlton; Mrs. Edward S. Harner, Mrs. Edwin Russell, of Moorestown; Mrs. John Sinek, of Edgewater Park; and Sidonie Schaffer, General Secretary of the County YWCA.

Girl Reserves

Younger Girl Reserves representing clubs throughout the county, held their first Junior Council meeting of the season Saturday afternoon, October 25, in Mount Holly. Miss Rosa Mosby, of Mount Holly, took charge of the music; Miss Edna Hines, of Riverside, led the devotions. New officers were elected as follows: President, Gladys Johnson, of Pemberton; vice-president, Gussie Filmore, of Riverside; secretary, Betty Fitzgerald, of Riverside; assistant secretary, Eva Huff, of Burlington; treasurer, Edith Stevenson, of Jobstown.

An interesting talk on World Peace was given by Miss Babbette Henley, of Philadelphia, who told the girls stories about different people's attitudes toward peace and war, she encouraged them to correspond with boys and girls in other countries, and to try to find out more about what the League of Nations and Kellogg Peace Pact mean to us.

After the meeting adjourned, the girls made Christmas cards and colored paper, and refreshments were served by the Mount Holly club girls. Thirty-five girls from the following towns attended: Jobstown, Browns Mills, Pemberton, Burlington, Riverside, Delanco and Mount Holly.

The Swastika Girl Reserves, under the leadership of Mrs. E. J. Young, presented Carl Dilon in a recital on Thursday evening, October 23rd, at the Mount Zion A. M. E. Church in Riverton. Mr. Dilon sang first a group of Italian songs, then German.

Opposes Bacharach

HANS FROELICHER, JR.
Moorestown man who is the Democratic candidate for Congress, opposing Congressman Isaac Bacharach, Republican nominee.

MOORESTOWN MAN IN CONGRESS RACE

Hans Froelicher, Jr., is Democratic Candidate in This District

Moorestown has the honor of presenting one of her citizens before the people of the Second Congressional District as the Democratic candidate for member of the House of Representatives.

Although having been a resident of Moorestown for a number of years, Hans Froelicher, Jr., was born at Baltimore, Md., on February 18, 1891. He is a member of the Society of Friends, was married in 1917 and has five children.

After graduating from the public schools in Baltimore, he entered Havard College in 1912 and after finishing there, took a course in the Law School of the University of Maryland, where he graduated in 1917.

He was admitted to the Bar in Maryland in 1918 and practiced law in Baltimore until 1920, when he became general manager of the Dura Plate Company. He held this position until 1924, and then entered the banking business. He is now a partner in the firm of R. M. Snyder and Company, of Philadelphia, a house which specializes in the sale of bonds and high-class investment securities.

He has been active in Democratic politics in Burlington county for a number of years and served as chairman of the Democratic County Committee in 1929 and 1930, having been re-elected to this office last June, but resigning last month in order to devote his entire time to the Congressional campaign. In 1928 he was chairman of the executive committee for the Burlington County Smith Campaign. He has also served with distinction as foreman of Burlington county grand juries.

"It will be apparent that Candidate Froelicher is well fortified educationally and has made contacts in the business and social world which have brought him a background of experience that would be of incalculable value to him as a Congressman," says a statement issued by the Democratic County Committee.

French and modern numbers; he closed with a few Negro Spirituals. The audience enjoyed not only his singing, but the delightful explanatory remarks he made about each group of songs. He was accompanied at the piano by Mrs. Frances Brock Collier.

EXAMINATION FOR CANDIDATES SOON

Three Appointments Open to Annapolis; One to West Point

Congressman Bacharach announces the holding of a preliminary competitive examination for the selection of candidates for West Point and Annapolis. There are three appointments to be made to Annapolis and one to West Point to fill vacancies occurring in the summer of 1931.

This examination, as heretofore, will be conducted by the County Superintendent of Schools of the Second Congressional District, and will be held in the high school building at Moorestown, Burlington County, on the day following Thanksgiving Day, Friday morning, November 28, commencing at ten o'clock, and continuing through the day until finished.

This examination is open to all boys who are bona fide residents of the Second Congressional District, comprising the counties of Atlantic, Burlington, Cape May and Cumberland. The age limits for applicants are from 16 to 20 years for Annapolis (April 1, 1931), and 17 to 22 for West Point (July 1, 1931).

The subjects for examination are English, arithmetic, geography, algebra, geometry and U. S. history. The scope of the examination follows closely the examinations held by the Government for entrance to either Academy.

Application for permission to take this examination should be made to J. J. Unger, Superintendent, Bridgeport, N. J., and should be filed not later than November 22. Applications should be accompanied by at least two letters of recommendation, as to character and residence, one of which should be from the applicant's teacher, giving some data bearing upon his school work.

Pamphlets giving full particulars covering the admission to Annapolis and West Point, may be had by addressing the Bureau of Navigation, Navy Department, or the Adjutant General, War Department, Washington, D. C., or to Congressman Bacharach at Washington. These pamphlets also contain specimen questions of previous examinations. It is suggested that all applicants give particular attention to the physical requirements, for it would be useless to take the preliminary examination if one is not able to meet the physical requirements.

MEN'S CLUB HEARS ENGINEER'S ADDRESS

Robert Inman, Philadelphia Gas Works Expert, Speaks at Palmyra Meeting

The Men's Club of Christ Church, Palmyra, held its regular monthly meeting in the Parish House Monday evening.

Mr. Robert Inman, Safety Engineer of the Philadelphia Gas Works Company, gave an illustrated talk relative to various types of hazards commonly encountered, but whose importance are little realized. He noted the extreme degree of suffering often caused by these hazards, which are so very often given little or no attention.

Included in the address was some valuable information as to the proper procedure when confronted by the task of attempted rescue or resuscitation. He stressed the point of remaining cool-headed during time of impending danger.

Musical for the occasion was furnished by the Palmyra High School Orchestra and their renditions were greatly appreciated.

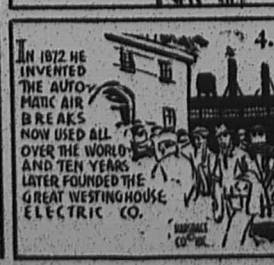

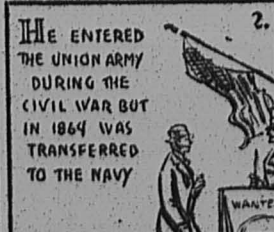

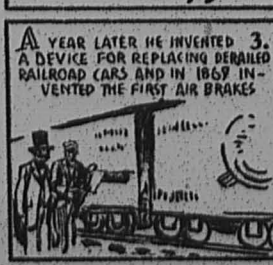

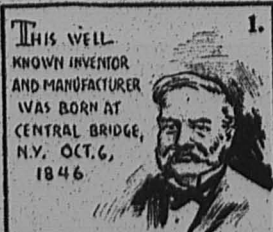

Members were notified that the next forum would be held on the December meeting night. Volunteers are asked to get in touch with either Richard E. Wilson or F. W. Spahr. At the close of the meeting refreshments were served by the Ladies of St. Agnes Guild.

Custom's Chain

Long customs are not easily broken; he that attempts to change the course of his own life very often labors in vain.—Johnson.

Neighborhood Interest

Another big disappointment these days is discovering that the neighbors are not having a big family fuss after all, but that all the racket is coming from the radio.—Cincinnati Enquirer.

PLAN FEDERATION MEETING ON NOV. 12

Mrs. D'Olier, Moorestown, Nominated for Director of Tri-State Group

Officials representing more than 350

the Bugle Corps on Thursday evening, October 23rd. All who attended, whether townspeople, Post or Unit members, were amply repaid for their efforts in any manner, whether donations to the flag or interest manifested in the Corps by their presence at the exercises. The affair was planned with a view to making it interesting, instructive and at the same time enjoyable, and showed that great consideration and thought had been given it.

An interesting incident of the evening occurred when the Bugle Corps

sented at the Legion Convention. Mayor Wimer evidently thought that this was just another of the casualties of the Convention, but was more than delighted and pleased to have it returned to him without having met any mishaps, but rather enhanced in value, having been photographed by the Mayor of Boston, James H. Curley. Who knows, perhaps this will set a new style in lies? We have dusted off the old slogan—"Dues are due."

BUGLE CORPS HAS
BUSY PROGRAM

Will Take Part in Two Halloween Celebrations Over Weekend

Post Rodgers Bugle and Drum Corps has outlined a busy program for the next few weeks. Among the coming events is the Riverside Halloween celebration tomorrow night.

Monday evening the Corps will participate in the combined Halloween and street opening celebration and parade. The Corps will be out in full force for the occasion of the formal acceptance by the Borough officials of Palmyra's newly paved streets.

Saturday, November 8, the Legion Corps will journey to Long Branch to participate in the annual State Armistice celebration.

The Burlington County Armistice celebration will be held in Riverside this year. The date has been set for Tuesday, November 11. Riverside Post, No. 146, has charge of the celebration and are looking forward to making it a very colorful affair. Delegations from all parts of the county will attend and the music will be furnished by Palmyra Drum and Bugle Corps and the Burlington County Legion Band.

At the last meeting, plans were discussed for taking a trip to Detroit next year to attend the national convention and Bugle Corps competition. It is expected that the Palmyra unit will have a larger musical corps than ever. The experience gained in Boston will be very beneficial to the Corps in the future. To supplement this experience, the Palmyra Corps have already started on new music and intricate drills, for next year's competition.

It is the intention of the Palmyra Corps to increase its membership. The present enrollment of 45 is hoped to be augmented until there are at least 60 members of the troop. New candidates are welcome from any post in the county. Knowledge of bugle or drums is unnecessary and the prospective member of the Corps will be given instruction on the instrument that he wishes to play, provided, of course, that he is faithful in his attendance at practices.

The Corps is very fortunate in having as instructors two men who have the best qualifications for this kind of work. They are Comrades Russell Murphy, who has been drill master of the national champion Franklin Corps, and Robert "Bob" Cotter, also of the Franklin Post. These two men have been to a large degree, responsible for the success of the Palmyra Corps and they will continue in the capacity of instructors for the musical unit.

PLANE TALKS

By Lt. H. H. LONGAKER
Founder, Burlington County Aero Club

The extreme high winds on Saturday and Sunday cut down the number of people who flew at the Moorestown Airport of the Burlington County Aero Club.

The K-I-X, a new type ship, built under the Pitcairn-Cierva Autogiro patents by the Kellet Aircraft Corporation in Philadelphia, will be test flown this week. The new ship is quite different in appearance from the Pitcairn Auto-Giro, although the principle is the same. We will tell you about the performance of this ship in the near future.

The South Jersey Aviation Ball, sponsored by the Burlington County Aero Club, will be held in the ballroom of the Hotel Wall Whitman on Friday evening, December 5. It is planned by club officials to have a number of prominent aviation personalities attend the dance and an extremely interesting and enjoyable evening is promised to all those attending the ball.

A new type monoplane recently test flown in Germany has some decidedly radical features. A forward stabilizer is carried twenty-one feet in front and gives the ship the appearance of flying backward. It is claimed that the new ship is spin-proof and in landing the wheel brakes can be applied as abruptly as those on your car without any chance of nosing over, thus making landing on very small fields possible.

Captain Frank Hawks shattered all records for flying from Washington, D. C., to Valley Stream, L. I., when he made the trip in sixty-three minutes, clipping forty-seven minutes from the average time for the flight.

And now we are on the route of the new coast-to-coast airway just started on Saturday. The Transcontinental and Western Air, Inc., makes the trip in thirty-six hours. In the future, when the entire route is lighted, it is planned to include night passenger flying and then the trip will be made in twenty-four hours.

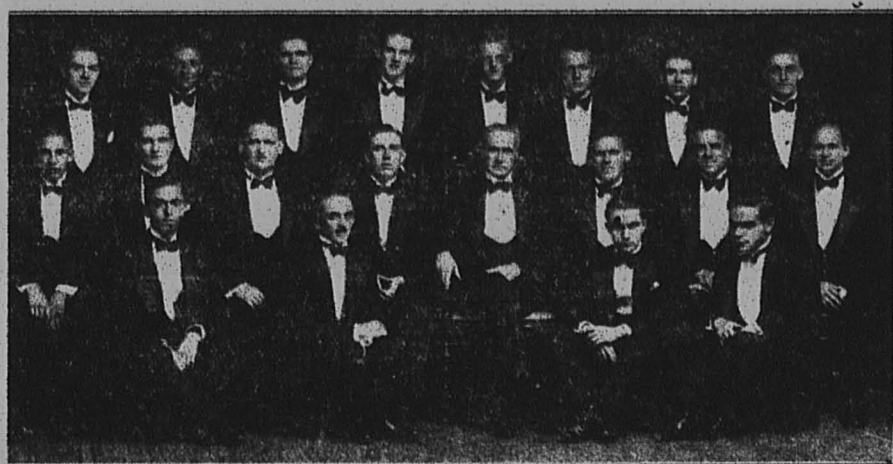

Mrs. Nellie B. Smith

Mrs. Nellie B. Smith, wife of William H. Smith, of North Locust avenue, Marlton, died on Friday of last week, following a lengthy illness.

Funeral services were held from her late residence on Monday. Interment was made in the old Baptist Cemetery, Marlton.

She is survived by her husband and five children, William Smith, Mrs. Sarah Worrell, Mrs. Mary Evans, Miss Ada Smith and Miss Ida Smith.

To Play at P. T. A. Banquet

THE "EMERONIAN"

who will furnish the music at the banquet of the New Jersey Parent-Teacher Association, Hotel Chelsea, Atlantic City, November 5.

How the Hundred Million Dollar
Bond Issue Will Affect Taxes

Three Cent Gasoline Tax Part of Plan, But Municipalities Will Get Part of It Back in Refund

Just how Burlington County municipalities will be affected by the approval of the voters on November 4 of the proposed hundred million dollar bond issue is shown by the following table:

Riverton will receive a fuel tax refund of \$2,406.97, which, with the saving by reason of the suspension of the institutions tax, will make a total reduction of amount to be raised by taxes of \$3,980.58.

In Palmyra the institutions tax saving will be \$2,278.68, and refund \$3,484.63—total, \$5,763.31.

Cinnaminson Township will save \$1,053.21 in institutions taxes and get a refund of \$1,610.96—total, \$2,664.17.

Municipality	Valuations for Apportionment	Institutions Tax to be Suspended	State Tax Refund Annually	Total Amt. Annual Tax Relief
Bass River Twp.	\$584,508	292.25	447.02	742.27

Wrightstown Borough	93,416	46.70	71.44	118.14
Total for Burlington County	\$71,399,990	\$35,700.00	\$54,606.04	\$90,306.04
Total for Entire State	\$3,263,867.97	\$1,631,933.97	\$2,409,000.00	\$3,840,933.97

A.—The half mill institutions' tax will be suspended, in 1931, under the terms of Chapter 292, P. L. 1930.

B.—If the voters of the State in the November referendum approve the ten million dollar bond issue for institutions.

C.—Every municipality in the State will receive annually, starting in 1931, a proportionate share, based on rates, of five millions dollars, under the terms of Chapter 239, P. L. 1930, if the voters in the November referendum approve the eighty-three million dollar bond issue for highways and grade crossings. For municipalities not listed, the refund is \$764.79 for each million dollars of local rates.

D.—If these two measures are approved in November, it will enable you to reduce your tax rate nearly thirteen points, and this will be true for every municipality in the State. Or the refund may be used for street construction and repair and traffic control, thus relieving your budget to that extent. If the bond issues are approved in November you can anticipate these receipts in preparing your 1931 budget.

TESTIMONIAL DINNER
AT ATLANTIC CITY

Eleven Burlington Countians Attend Function by Shore Union League at Hotel Ambassador

Several hundred Jersey men attended a testimonial dinner given at the Ambassador Hotel, Atlantic City, Saturday evening by the Republican Union League of Atlantic City in honor of the League's sponsor, Senator Hamilton F. Kean, and its honorary members, Governor Larson, Senator Baird, Ambassador Edge, Ambassador Morrow, Congressman Bacharach and Enoch L. Johnston.

An elaborate menu was served. Enoch Johnston served as toastmaster and introduced the celebrities in an exceptionally witty manner. Burlington Countians who attended the dinner were Judge Charles A. Rice, of Burlington; George N. Wimer, of Palmyra; Mrs. Elizabeth G. Terry, of Edgewater Park; Charles R. Stout, of Florence; Mrs. Pearl Bridgegum, of Hainesport; Killam E. Bennett, of Riverton; Freeholder James C. McCormick, of Burlington Township; John Mueller, of Riverside; William H. Reeves, of Pemberton; Lawrence G. Mingin, of Medford and Albert C. Middleton, of Moorestown.

GRANGE TO STAGE
FRUIT EXHIBITION

Entries to Date For Show November 6 Exceed Previous Years

Plans for the Moorestown Grange Fruit Show to be held in the Community House Thursday, November 6, are nearing completion. Entries to date exceed those of previous years.

The local apple crop is unusually large and of fine quality, which is stimulating entries.

Many growers who have not heretofore exhibited their fruit are this year entering apples. Several special prizes are being offered to this group of exhibitors.

Competition for the grand champion apple offered by the Camden Rail and Harbor Terminal Corporation is especially keen, and it is anticipated that a grand display of bushels will compete for this prize trophy.

Several new features have been added to the program this year. The nearby roadside market operators are planning an attractive display of locally grown produce.

Harold Collins, local florist and fruit grower, will stage a miniature commercial flower show.

Harold Horner will set off the entire show with an attractive and educational exhibit of ornamentals. The local vocational agricultural class will stage a miniature fruit show of its own, with the Grange show. Special cash prizes are arranged for these young exhibitors.

The fruit will be judged by Prof. J. A. Parkey, N. J. Agricultural College, at 10 o'clock. In the afternoon and evening the show is open to the public without charge. All lovers of fruit and natural beauty may plan to spend an hour next Thursday admiring the grandeur of the products of nearby orchards and fields.

Moorestown is known throughout the state as the leading center of apple production. Apples from this locality this year have been shipped to all the principal markets in the country and several foreign countries. It is most timely that the public should have an opportunity to inspect such fruit, the like of which the four corners of the world produce.

"It is inspiring," writes an enthusiastic defender of spiritualism, "to see the mediums carrying the war into their opponents' camp." But, after all, they have always been good at turning the tables.

—The Passing Show (London).

ANNUAL MEETING
OF STATE P. T. A.

Congress of Parents and Teachers to Convene at Atlantic City, Nov. 5 to 8

"The Call of Today" will be the theme of the annual convention of the New Jersey Congress of Parents and Teachers, to be held at Atlantic City next week, November 5-8-7.

The banquet, Wednesday evening, will be unique and different from former years. "Health and Safety," "Worthy Home Membership," "Mastery of the Tools, Techniques and Spirit of Learning," "Vocational and Economic Effectiveness," "Citizenship and World Goodwill," "Wise Use of Leisure," and "Ethical Character," are the seven cardinal objectives of education which the National have adopted as their permanent platform. The objectives will be shown in tableaux, the parts being taken by the members.

Those attending the banquet will be entertained by the "Emersonians," a chorus of twenty male voices. A most delightful and appropriate program has been arranged by the director, Moritz Emery, of Ridley Park, Pa.

Among the speakers who will address the delegates are: Mrs. Lillian Gilbreth, Efficiency Engineer; Dr. J. S. Heberling, Director of Wm. T. Carter Child Helping Foundation, of the University of Pennsylvania; Miss Edith Newlin, graduate of Columbia Teachers' College, and for several years teacher in Japan; Mr. Haliday Jackson, supervisor of Ventnor Schools; Miss Ruth Bottomly, of Philadelphia, National Secretary of Summer Round-Up, and Dr. Ada Hart Arlitt, National Chairman of Parent Education.

Thursday and Friday mornings—Conferences (8:30-9:15) will be held on "Parliamentary Procedure," "Publicity," "Student Loan and Scholarship," and "Parent Education."

The biennial election of State officers will be held Friday morning. The convention will be held at the Hotel Chelsea.

Mrs. William F. Little, State President, has issued the call to the convention, and will preside at all sessions.

BURLINGTON MAN HURT
BY DELANCO AUTOMOBILE

David B. Champion, of Burlington, suffered a possible fracture of the left elbow last Thursday evening when struck by an automobile driven by Russell A. Hunter, 212 Water avenue, Delanco. Hunter said another machine which did not stop forced him over to the side of the road, where Champion was walking.

Memberships and money will keep the American Red Cross ready for service anywhere, any time.

STREET OPENING
SET FOR MONDAY

Lincoln and Morgan Avenues Will be Presented to Borough: Masquers Parade

The official opening of Lincoln and Morgan avenues will take place Monday evening when the contracting companies will turn the streets over to Palmyra borough.

A silken cord will be cut at the foot of Lincoln avenue where the parade will begin. After proceeding up the hill, the procession will cross over to Morgan avenue. Here another silken cord will be parted as the parade enters the street.

The procession will end at the foot of Morgan avenue and the section of Highland avenue between Broad and Spring Garden streets, which has recently been paved, will be the scene of the main part of the program. Here the contracting companies will turn the streets over to the Borough of Palmyra, with Mayor George N. Wimer making the speech of acceptance.

The parade will begin with an automobile parade, followed by those who are dressed according to Halloween traditions.

Included in the parade will probably be the Post Rodgers' Drum and Bugle Corps and the Palmyra School Band, both of which have been invited to attend.

Prizes will be awarded for each of the following Halloween entries in the parade: Fancy male costume, fancy female costume, comic male, comic female, novelty male, novelty female, best male impersonator, best female impersonator, fancy children's costume, comic children's costume, novelty children's costume.

Additional prizes have been provided for the best decorated automobiles and the best decorated house on the line of march.

The asphalt paving on Lincoln avenue was laid last week and was opened for traffic a few days later. The asphalt surface extends to the top of the hill and the smooth, even surface presents a fine appearance.

The concrete surface of Morgan avenue is finished and the street will be open over its entire width late this week. One side of the street was opened to traffic last week and the other side is still under construction.

KICK OUT OLD MAN DEPRESSION

PROSPERITY is up for election, running to overthrow DEPRESSION.

It's for the people to decide which will be chosen. Every man and every woman is privileged to ballot—every day.

DEPRESSION has no rightful place with a hundred and twenty million people, exchanging goods and services—capable—accustomed and willing to work—more highly skilled than other peoples—leaders in efficiency and progressiveness—backed by the vast natural resources of the United States. When we make it possible for the man who works to have a job we make it possible for him to buy food for his family and so help all business, including that of the farmer.

The rest of the world is of small importance compared with that free market of 120,000,000 people—homogeneous—of like tastes, habits and aspirations—living under the same laws—free of trade barriers. Foreign trade may be troubled by tariffs and revolutions, but at their peak our exports represented only five and a half billions of dollars of gross business in a year out of a total American income of ninety billions.

Stagnation of circulation is what's the matter with agriculture and with business. Everyone can help to get that circulation moving again.

Government can't make Prosperity—alone. Bankers and other business leaders can't make Prosperity—alone. It's the people, united in opinion and purpose and courage, who determine Prosperity. They can elect it—none other.

Ballots that will be validly counted for PROSPERITY are of many kinds. Some one of them every man and woman can cast. For example:

Help a deserving man or a woman to get a little paying work—or, better a regular job.

Spend wisely and not too timidly, and anticipate scheduled expenditures so far as is practical.

Turn the deaf ear to false, mischievous

rumors; and don't repeat them, if you do hear them.

Be willing to pay a fair price. Don't take advantage of the other man's necessity. Recognize that he has as good claim to a fair price as you.

When a vampire that fattens on the miseries of others shows up, help make him unpopular.

Discourage calamity howlers. Keep business moving evenly, and remember that, to the average man, his job is his particular business. When possible, reassure him against his fear of losing it. Save, but save wisely, not in fright. Invest for the profit that sound enterprises pays and for the added profit that will come after the hysteria of pessimism has passed.

THE PSYCHOLOGY OF IT

While waiting to be served in a Paris restaurant, a regular habitué picked up a newspaper he saw protruding from behind a picture. When the waiter came, the customer said, "Henri, I shall take a cheaper wine from now on. I see by this paper times are going to be very hard, so I must commence to economize." The waiter reported the matter to the proprietor, who said: "If that is the case, I also must economize." So he phones the automobile company saying: "Times are getting very hard; my customers are cutting down on their orders, so I shall have to cancel that order for a new car." The manager of the automobile company phoned the artist: "Times are getting pretty hard; customers are cancelling orders for automobiles so I shall have to cancel that order for my wife's portrait." The artist phones his wife: "You will have to do without that fur coat; times are very hard, people are cancelling their orders."

Next day the same customer went as usual to his restaurant, picked up a paper, and found the news the same as he had read the day before. Looking at the date, he found the paper two years old. To the waiter he said: "Henri, that was a mistake about the hard time; I had an old newspaper. Bring me my usual wine again." Again the waiter reported the matter to the proprietor, who promptly ordered the new car. The automobile manager got his wife's portrait and the artist's wife got her fur coat. It's mostly mental. Put your money into circulation so it can go all the way along the line.—From the Wall Street Journal.

WE NEED THE BEST

"When times are good, we might afford to take a chance on radical government. But when we are financially weakened we need the soundest and wisest of men and measures."

"The coming election is no time for rash experiments."—Calvin Coolidge, October 7, 1930.

TODAY and TOMORROW

ESKIMOS

Traders returning from the Hudson's Bay country tell of Eskimo families whose incomes in actual money run up to \$40,000 a year, which they earn by trapping the rare white fox for its fur. These Eskimos, like all other uncultured people who come into possession of sudden wealth, have no idea of the value of money. They spend their incomes on airplane joyrides, commercial aviators having discovered that there is easy money in flying up to Herschel Island, in the Arctic Ocean, where these Eskimos live, and charging them \$375 for a flight to Edmonton. They pay \$300 a ton for coal with which to heat their igloos, buy the most expensive radio sets, and arouse the envy of their less fortunate neighbors.

Some moralists are inclined to criticize these Eskimos for their lack of thrift, but it seems to me a lot if they were getting more out of life than many persons who save their pennies and deny themselves anything in the way of luxury.

HELIUM

Instead of being a rare gas, obtainable only at a high cost, as it was a few years ago, helium, the lightest of all the elements except hydrogen, is now obtained in practically unlimited quantities from the Government-owned gas wells in Texas and Oklahoma.

A movement has been started to induce the President and the Secretaries of War and of the Navy to permit the exportation of helium gas for use in commercial airships in other countries. Nothing could do more to air in the development of dirigibles, and such an action on the part of our officials would go far toward better international relations. But the probabilities are that the advocates of war and the timorous ones who think the rest of the world is lying in wait to pounce upon the United States, will make a vigorous protest against letting any other nation have something which might be used in making war upon us.

WINE

It is not illegal, the Director of Prohibition declares, to make wine or beer in one's own home for one's

own use. The law does not prohibit the making of beverages which are not "intoxicating in fact," but prohibits their sale.

It does not take a very long memory to recall the time when the domestic manufacture of wine for home use was a part of the year's regular routine in a large proportion of farm and village homes. Elderberry wine, dandelion wine and wine from other fruits and ingredients shared honors with the grape. And our grandmothers always took pains to see that there was a supply on hand of "blackberry cordial," which was supposed to have sovereign value in digestive disturbance. Probably blackberry cordial would come under the prohibition ban today, for it certainly was "intoxicating in fact." But one needed a capacity far beyond the ordinary to consume enough of the old-fashioned home-made wines to become intoxicated by them.

ST. BERNARD

In ordering Italian border guards to fire on the monks of St. Bernard when they crossed the Italian border to rescue some snowbound travelers, the Fascist government outraged the humane sensibilities of the whole world. The hospice and monastery of St. Bernard, founded in the year 926 by Bernard de Menthon, is more than a Swiss institution; it is enshrined in the heart of the whole Christian world.

Who has not heard of the men who give their lives to save others, as these monks have done for a thousand years? Situated 1,120 feet above sea level, at the summit of the oldest traveled pass across the Alps, the Hospice is a refuge for travelers—though materials are not especially welcome—and the home of the famous St. Bernard dogs. These great creatures, standing three feet tall, are a breed especially developed by the monks, with thick hair to withstand the cold, keen noses to smell stray travelers caught in the snowstorms, and great strength to drag them to safety or run swiftly for aid.

More than 20,000 persons every year spend the night at the Hospice. No charge is made, but everybody is supposed to contribute the price of a night's lodging to the little church there.

New Opinions Feared

New opinions, wrote John Locke, are always suspected, and usually opposed, without any other reason, but because they are not already common.

PHONE 1100

"Long Distance calling!"

All anybody knew at that stricken home was that the young people were motoring south along the coast, expected to average 200 miles a day and had been gone 4 days.

They must be found... told of the illness... started homeward!

The L. D. Operator ("Long Distance") took exactly one hour, scouring the coast by telephone, to catch up with the young folks in Charleston, and turn them back.

This bit of Long Distance helpfulness was picked up in New Jersey's

largest Toll Center—one of the largest in the country—at Newark.

It illustrates the readiness and ability of the L. D. Operator and her 6,500 sisters in New Jersey to help in an emergency—the instant reach of the Telephone System—and the swift personal contact with folks elsewhere, no matter how far away, that only the Telephone can give.

NEW JERSEY BELL TELEPHONE COMPANY

A NEW JERSEY INSTITUTION BACKED BY NATIONAL RESOURCES

WAY OF LIFE

BY
BRUCE BARTON

YOU'VE GOT TO GIVE THE TIME

A woman whose son is in his second year at college writes that her boy is well mannered and intelligent but does not seem to have any objectives.

"His father and I urge him to decide what he wants to do in life," she says, "but he tells us that he cannot make up his mind."

For the encouragement of this mother I can cite two interesting cases.

A certain man now stands near the top of his profession, with an income considerably in excess of a hundred thousand dollars a year. He worked hard in college, but his health was poor; he was frequently despondent, and at his graduation he felt that he was not trained for anything.

He took the first job offered, and made surprisingly good progress. Just about the time that his parents thought he was well established, he suddenly changed the job and started around the world. After a year's travel, which used up all his savings, he started in another position. The company failed, and he was out again. A third time he started in a different line, but it did not interest him. He could not get to first base.

On his fourth attempt, when he was almost thirty years old, he finally found work that gripped him. Also, he became engaged to be married. He jumped into high speed and has been successful ever since.

I know another man whose ability was clearly recognized by the heads of the big company where he worked,

but somehow they could not seem to fit him into the place where he would be really productive. Four or five times they shifted him into different departments. They were just about to turn him into the street when he struck the one thing for which he was really fitted. Today he is vice-president of the whole concern.

When I buy an automobile the salesman tells me that it has been perfectly manufactured for its work, and carefully inspected and tuned up. At the same time, he says that I must be patient with it. For the first two thousand miles I must run it slowly, and I must bring it in often and have it adjusted.

We expect this in an automobile. But in a youngster we have the notion that the factory—which is the school or college—ought to turn him out all ready for a championship race at high speed.

It takes a lot of wisdom and patience to be the father of a boy who is starting in life. Boys must have a chance to get adjusted. You've got to give them time.

RED CROSS ROLL CALL

Again the Red Cross appeals to Americans to accept its invitation to membership during the Roll Call, Armistice Day to Thanksgiving Day.

The 3500 Red Cross Chapters are asking citizens in every section of the United States to join the fellowship of service to humanity.

Burlington County Chapter of the American Red Cross is asking two hundred men and women of Burlington County to take out five dollar memberships in this great organization during the coming Roll Call.

This is made necessary by reason of the fact that the National Red Cross has exhausted its fund left from the World War in caring for disasters; just at present it is using a five million dollar reserve fund in connection with the drought all over the country, in order to avoid making an appeal to all Chapters for assistance.

These five dollar memberships will also help the work in your own county and town, as each means \$2.25 to both Chapter and Branch, instead of the usual refund of twenty-five cents from the dollar membership, thus enabling those in charge to do more and better work in your own home town and county.

Will you be one of this 200?

Through two distinct agencies the Federal Farm Board has decided to initiate its "educational" work, as provided in the act which created the board.

Hitherto the Board has worked through a few experts who have made surveys on request of local people. This will be continued; if you and your neighbors want a survey with a view to organizing a fruit, vegetable, dairy or other co-operative, you can still get it by writing the board. But now the board will work through the extension service of the Department of Agriculture and the Federal Board for Vocational Rehabilitation. The former is the Federal service which helps maintain the county agricultural agent in your county, while the latter supervises agricultural instruction in the high schools which co-operate in the government program.

There are about 4,000 of these and there are a number in every state, more in Texas than any other. Each teacher will be supplied with a textbook in co-operative marketing. Every state supervisor has been invited to attend a regional conference at St. Paul, Chicago, Chattanooga or Dallas, and he will go back home to prepare the individual teachers for the winter work.

The work of these teachers carries them into nearly every farm home in the county, because each pupil must receive some supervision for six months in his application of the theories he has learned at school. In addition, the high schools plan to hold night classes specially aimed at those farmers who want to get a practical working knowledge of co-operative marketing, what the Farm Board can and can't do, and how it hopes to do what is can.

Thus every teacher in a high school which is co-operating with the Federal government under the Smith-Hughes act will have one or more centers of practical instruction in the board's program as applied to that community.

State programs for the year which have been sent in to the Agriculture Department's extension service headquarters show similar plans through that agency. Nearly every state will add traveling specialists in various commodities who will go from community to community helping organize for co-operative control of all farm products.

Application of insecticides to the

backs of cattle, especially of tobacco growers and distillers which contain nicotine sulphate and materials extracted from Derris root, have proven highly effective killers of cattle grubs. The Bureau of Entomology has discovered. Experiments at the Gainesburg, Ill., experiment station, have shown that these powders can be extensively used to control the cattle grub, thereby materially increasing the health of stock.

The various flying squadrons of the Federal Government which are scurrying about the country these days on health, forestry, plant and animal disease work and related matters, are using more than 200 new automobiles, it was learned here today.

They are used for: Study of tropical and sub-tropical insects at Whittier, Calif.; Southern field crops insect work at Tallulah, La.; El Paso, Tex.; Bryan, Tex.; Florence, S. C., and Stillwater, Okla.

Collecting market information in Illinois, Ohio, Louisiana, Texas and Oregon;

Shipping point inspections of fresh fruits and vegetables in five states;

Control of predatory animals, including rates; And in a hundred other ways at a hundred different points. The automobile and truck have gone a long way toward making the Department of Agriculture a home department for each farm community, and every year sees it out to new uses.

There is a lot of hot air about getting liquor back without the saloon. There is more to be said for getting the saloon back without the liquor.

RIVERTON ITEMS

Stanley Carly is driving a new Nash "8," purchased from Taylor's Garage last Saturday.

Jack Siddall has been transferred from Rutgers University to the U. of P. Pre-Med. School.

Mr. and Mrs. Earle Perkins enjoyed Sunday with Mr. and Mrs. William Burgess, of Bywood.

J. J. Siddall is on a business trip in Pittsburgh this week.

Stanley Groves, Walter Wright and John Keating returned to Riverton Saturday after spending some time at the Groves' ranch in Wyoming. They made the entire return trip by airplane.

Mr. Vollmer, of Philadelphia, and Charles M. Yost were in Atlantic City a few days last week on business.

Twelve members of the Ladies' Auxiliary of the Fire Company took a surprise masquerade party Tuesday evening to the home of Mr. William R. Evans at Frankford, where Mr. and Mrs. Evans recently moved from Riverton.

Mrs. Ada Brown visited friends at Narberth, Pa., last Friday.

Mrs. Clayton Griscom entertained members of a sewing circle Monday evening.

Mrs. G. Harold Baker entertained the regular Tuesday evening card club at her home this week.

Don't forget the bazaar and supper given by the Ladies of the Golden Hour Circle of Calvary Presbyterian Church, Riverton, in the Social Hall, November 14th.

Miss Mary Patterson was the weekend guest of Miss Dorothy Richmond, of Yulville.

Mrs. Ross Hummick, of Morristown, sister of Mrs. O. Harold Baker, is getting along nicely after an operation in the Memorial Hospital, Morristown, Saturday.

Miss Irene Lasher, of West Philadelphia, was the weekend guest of Mr. and Mrs. William Hoffman.

The Girls' Friendly Society held a Halloween party in the Parish Home of Christ Church, Riverton, Wednesday evening.

Mr. and Mrs. Benjamin Lippincott are enjoying a few days in Virginia.

The candidates of the G. F. S. will have a Halloween party Friday afternoon in the Parish House at 3.30 o'clock.

The Ladies' Auxiliary of the IOOF will meet at the home of Mrs. Charles Seemiller, 1 Fourth street, Riverton, Tuesday, November 4th, instead of the 11th.

Miss Louise McPadden entertained a number of friends at a Halloween party Tuesday evening.

Misses Helen and Agnes McDermott are recovering from a tonsil operation at the Zuercher Hospital, Monday.

Mrs. Harry Fox returned to her home, on Lippincott avenue, after spending the summer in Ocean View.

Mr. and Mrs. D. F. Gould, of Bound Brook, have been visiting friends in Riverton and Palmyra for several days.

MOORESTOWN

Mrs. Samuel Workman, of East Second street, entertained the members of her bridge club on Thursday evening.

Mrs. Anna deRudio, of East Second street, entertained her four grand-children at dinner Thursday in honor of her birthday. They are Jean, Bessie, Mary Emma and MacPherson Pharo.

Mr. and Mrs. Millard C. Swingle, of East Second street, are receiving congratulations on the birth of a daughter on Thursday at the West Jersey Homeopathic Hospital, Camden.

Edward Roberts, who is attending Rutgers University, in New Brunswick, spent the weekend with his parents, on West Oak avenue.

Miss Theresa Wolf will entertain at a Halloween bridge on Saturday, November 1, at her home, on East Main street. There will be four tables.

Mrs. Hans Froelicher, Jr., and Mrs. James E. Kelley attended the recent Democratic Regional Conference at the Hotel Walt Whitman, Camden.

William Pancoast, who recently moved from Moorestown to Maple Shade, left on Wednesday by motor for Delray Beach, Florida, where he will spend the winter.

Miss Myrtle Wolf, of East Main street, attended the New York University-Fordham football game on Saturday, at New York.

Byron McKell, of West Second street, is recovering from a severe attack of grippe.

PALMYRA NOTES

Mr. and Mrs. Rudolph Grab, of Palmyra, announce the marriage of their daughter, Dorothy, to Henry Freck, of Riverside, last Saturday at Media. The young couple will reside at 107 Memorial avenue, Palmyra.

The woman's Home Missionary Society of the Epworth M. E. Church will meet in the Woman's Guild Room Monday evening, November 3, at eight o'clock. Mrs. William Powers will present the subject of the evening. All persons desiring to contribute donations of canned goods, or money, to the New Jersey Conference Deacons Home, are urged to send these donations to this meeting.

Mr. and Mrs. George Rivel and son, of Garfield avenue, and Mr. and Mrs. Grover Fox, and son, of Cleveland avenue, enjoyed Sunday in Atlantic City.

Mr. and Mrs. H. C. Cheney, Mrs. E. Slough, of Horace avenue, and Miss E. Cunningham, of Philadelphia, motored to DuPont Gardens and West Chester, Sunday.

Mr. and Mrs. T. W. Carroll, of West Broad street, spent Sunday in Atlantic City.

Mr. and Mrs. John Miller, of West Sixth street, were the weekend guests of relatives in Philadelphia.

The Palmyra Woman's Club will hold a meeting of the Music Department at the home of Mrs. Robert Sim, on the Burlington pike, Wednesday evening, November 12. Mrs. R. Selby Williams will be in charge of the program.

Mrs. Harry Kemmerle, of West Broad street, enjoyed several days recently with her daughter and son-in-law, Mr. and Mrs. Raymond Weber, of Roebing.

Mrs. Nathan S. Beckley, Mrs. A. N. Palmer and Mrs. J. C. Mallory and sons, Richard and Robert, motored to Atlantic City Thursday of last week.

A masked dance and frolic will be held this evening at the K. of C. Hall, Palmyra, under the auspices of St. Joseph's Council, Knights of Columbus. Andrew P. Pfaff is the chairman of the general committee.

Miss Grace Billard, who has been on the sick list for the past week, is much improved and able to be about again.

The annual meeting of the Palmyra Branch of the American Red Cross will be held Friday, November 7, at the home of the chairman, Mrs. A. C. Hirsch, of 738 Highland avenue, at two o'clock. A large attendance is urged.

The Junior Philathea and Samaritan Classes of the Central Baptist Sunday School are now making plans to present a three-act mystery play, "Cat O' Nine Tails," which will be given in the Palmyra High School auditorium on Saturday evening, December 6. This play, with its hair-raising moments and its side-splitting comedy, is much different from any play ever given in the community, and it is needless to say that these classes have remarkable ability in that line.

Miss Margaret McCamy, who is a student at the New Jersey College for Women in New Brunswick, enjoyed the weekend with her parents, Mr. and Mrs. W. A. McCamy, of Highland avenue.

The Woman's Auxiliary of Christ Church, Palmyra, will hold a card party in the Parish House on Wednesday evening, November 19. All members of the organization are cordially invited to attend and help make this a very successful event.

Mrs. Frank A. Kates, of Garfield avenue, who has been a patient in the Cooper Hospital, Camden, for the past two weeks, is reported to be slightly improved.

"Tales of Tennessee Hills," a recital by Irene Bowley, consisting of four monologues and a one-act play, will be presented under the auspices of the Woman's Club in the P. O. S. of A. Hall, Palmyra, Monday evening, November 10. The entertainment will begin promptly at 8.15 p. m. In reflecting the humor and quaint philosophy of the mountain people, the artist is on familiar ground. She has the advantage of being a native of the foothills of the Tennessee mountains, and has appeared in recitals for Columbia University for five successive years.

A card party will be held at the Riverton Forth Club Monday, November 10, for the benefit of the Community Welfare Association. Admission, fifty cents. Refreshments will be served. A large attendance is urged, as this is a very worth while project.

The Palmyra Woman's Club will hold its regular semi-monthly meeting in the Lions Den next Monday afternoon. The topic under discussion will be "Switzerland."

Goverment Chapter, O. E. S., will hold a card party at the home of Mrs. John Moffitt, of 218 Lincoln avenue, Wednesday evening, November 12. A large assortment of lovely prizes will be awarded the lucky players. Door prizes will be offered. Admission, fifty cents.

The Palmyra Branch of the Needlework Guild of America will hold the annual ingathering of garments in the Y. M. C. A. Building, Broad street and Garfield avenue, Thursday, November 6. Dr. Marcus W. Newcomb, of the Tuberculosis Sanatorium, Browns Mills, will be the speaker of the occasion. All those who are interested in this work are cordially invited to attend.

The Palmyra Ambulance Association acknowledges with thanks the receipt of \$2.00 from John E. Williams, of Parry, and \$10.00 from Charles Westcott, of Linden avenue, Riverton.

Mr. and Mrs. Charles Bowen, of Pear street, and Mr. and Mrs. Edward Beale, of Pleasantville, motored to Hollywood, Del., over the weekend.

Mr. and Mrs. William Randall, of Public road, and Mr. and Mrs. William Paine, of Pear street, spent Sunday in Valley Forge.

Mayor George N. Wimer attended the dinner given by the Republican Union League at the Ambassador Hotel, Atlantic City, Saturday evening. The dinner was given as a testimonial to the sponsor, Hon. Hamilton F. Kean, United States Senator from New Jersey, and its honorary members.

The Palmyra Woman's Club will hold its regular semi-monthly meeting in the Lions Den next Monday afternoon. The topic under discussion will be "Switzerland."

Mrs. Granville Malone, of Parry avenue, entertained a few friends at bridge Tuesday afternoon.

What boy and girl of the United States has not heard of Walter Damrosch? If you have not, tune in on one of the National Broadcasting Company's radio stations and you will hear something worth hearing. A symphony orchestra under the direction of the great musical teacher, Walter Damrosch. He gave up the leadership of the New York Symphony Orchestra to teach the children of America by radio about some of the great compositions and composers. This is the second year he has used his orchestra and time for the pleasure of the children. Many of the children have gained much knowledge by listening to him over the radio. He is not only doing this for the children's pleasure, but to enrich music appreciation courses.

AFRICAN PICTURE SEEN BY SEVENTH GRADE

Wednesday afternoon the Seventh Grade went by bus to the University Museum to see a moving picture and hear a lecture on the country they are studying.

A picture was divided into three parts. The first reel was about the pyramids of Central Africa. The children were interested in the houses, which are made from grass and clay. The pyramids, who are a young people, do not build substantial houses.

The second reel on South Africa was similar to the first, the only real difference being that the dress of the people was warmer.

Customs and habits in Egypt were seen in the last reel. The pyramids caught their attention and the speaker told them about the sides being smooth now, whereas they used to be built in steps. These were all worn off when the pyramids were covered with dirt similar to lava.

They enjoyed both the ride to the museum and the instructive picture which they saw.

WHERE IS THE WOOD AND WHERE ARE THE BEARS?

The other day the Kindergarten class went for a walk into the wood, which is located near the Memorial Park, to gather leaves and seed pods.

When they arrived there a little boy asked, "Where is the wood and where are the bears?" Evidently this little boy was still in fairyland. He, as well as the other children, soon were gathering leaves or seed pods and were quite excited about their trip. When they came home they made a poster of the leaves and seeds they had found.

SEVEN-B PRESENTS PLAY

After studying the discovery of America, the Seven-B boys decided to give a play in assembly called "Abord the Santa Maria." Huston Coe played the part of Columbus. The sailors were Harry Turner, Robert Coe, Edward Heber and James Webb, the captain of which was Dudley King.

The School Orchestra for the first time played two pieces for us. The orchestra contains one drum and six violins, played by pupils of different classes.

Mr. Cooper presented certificates of good salesmanship to both Harold Baker and Clifton Mayfield, of the Red team, for selling ten or more subscriptions for the Curtis Publishing Company.

The Fifth Grade sang two songs for us, "The Builders" and "Play the Game."

FALLING LEAVES

The autumn leaves attract the little children. The Four B children are making a study of leaves. All the children gather different kinds of leaves, and bring them to school. They study the type of trees on which the leaves grew. Then, too, they make original drawings and color them to make their bulletin board more attractive.

PROJECTS EXHIBITED AT INSTITUTE

At the Teachers' Institute Thursday two projects from Riverton School were featured. From the First and Second Grades there were the following: A turtle house, a cat house, and numerous boats, all of which were made in the room. From the Fifth Grade there were original poems, mounted on a cardboard and surrounded by leaves. The poems were written about trees, leaves, and autumn.

GIRLS EAGER TO PLAY HOCKEY

Over twenty-five Sixth, Seventh and Eighth Grade girls reported for hockey. Already the girls have learned how to handle their sticks, although occasionally someone received a knock on their legs or hands, but they were good sports and still eager to learn the game. The next day though some of the girls were stiff from running so much, but they arrived on the field ready for the game just the same.

Mary Wilson and Elizabeth Woolsten are the captains of the two teams. So far Mary Wilson's team has won both times, although Elizabeth's team always tied them until the very end of the game. Perhaps after a bit more coaching they may be able to have a school team.

Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy. "Every supposed pleasure in sin will furnish more than its equivalent of pain, until better in material life and sin is destroyed" (p. 6).

FALL ELECTION NEXT TUESDAY

(Continued From Page 1)

various other sources.

Freelicher Running

Hans Freilicher, Jr., of Moorestown, Democrat, opposes the popular Isaac Bacharach for re-election as the congressman from this district, but even Mr. Freilicher's most ardent supporters, although gratified by the honor his party has bestowed upon him, cannot see victory in store for the Moorestonian.

State Senator Clifford Powell is, of course, conceded victor over Dr. Lyman B. Hollingshead, of Pemberton, his Democratic opponent, as is Dr. Marcus W. Newcomb, the present assemblyman, over William S. C. Roray, of Palmyra, the Democrat's selection for assembly.

John C. Belton, 2nd, Republican nominee for coroner, the office which he successfully held several years ago, is unopposed, no Democrat having been nominated.

The Freeholder race likewise has almost an "all Republican" complexion. J. Lloyd Wright and Howard Russ, the C.O.P. nominees, are strong favorites, both running for re-election, while little chance is seen for James J. D'Arcy, the lone Democratic candidate. Steward of the Almshouse, Henry I. Worrell, Republican nominee for re-election, has no opposition.

The public questions, all of which pertain to the big bond issue, are printed on the ballots as follows:

"An act authorizing the creation of a debt of the State of New Jersey by the issuance of bonds of the State in the sum of eighty-three million dollars for highway improvements; providing the ways and means to pay the interest of said debt, and also to pay and discharge the principal thereof; and providing for the submission of this law to the people at a general election. Approved April 18, 1930."

"An act authorizing the creation of a debt of the State of New Jersey by the issuance of bonds of the State in the sum of ten million dollars for State institutions; providing the ways and means to pay the interest of said debt and also to pay and discharge the principal thereof; and providing for the submission of this law to the people at a general election. Approved April 18, 1930."

"\$7,000,000 for Water"

"An act authorizing the creation of a debt of the State of New Jersey by the issuance of bonds of the State in the sum of seven million dollars for the acquisition of lands and interest therein, water rights and interest therein, for the purpose of appropriating, conserving and protecting the potable waters of this State; providing the ways and means to pay the interest of said debt and also to pay and discharge the principal thereof; and providing for the submission of this law to the people at a general election. Approved April 18, 1930."

A debt of the State of New Jersey by the issuance of bonds of the State in the sum of seven million dollars for the acquisition of lands and interest therein, water rights and interest therein, for the purpose of appropriating, conserving and protecting the potable waters of this State; providing the ways and means to pay the interest of said debt and also to pay and discharge the principal thereof; and providing for the submission of this law to the people at a general election. Approved April 18, 1930."

Several minor parties have candidates in the field for the state offices. They are shown in the "Nomination by Petition" column as follows:

Member of the United States Senate (Full term of six years): Alexander Kunkin, Socialist Labor Party; William Will Graham, Communist party; Esther Hill Elfrith, National Prohibition party; Henry Jager, Socialist party.

Member of the United States Senate (Unexpired term of Walter E. Edge): Henry Jager, Socialist party; James Gilbert Mason, National Prohibition party; David Will Graham, Communist party.

Member of the House of Representatives: Florian Ambrosch, Communist party.

Miss Bewley's Recital

Miss Irene Bewley, the well-known interpreter of mountain sketches, will give a recital, "Tales of Tennessee Hills," Monday, November 10, in the T. O. S. of A. Hall.

This recital, consisting of four monologues and a one-act play, will be given under the auspices of the Palmyra Woman's Club. The club members are very enthusiastic about the coming performance and they have expressed the hope that the townspeople will support it to the fullest extent.

Miss Bewley has appeared in all the larger cities of the United States, as well as in other countries. She is not only an artist of character portrayal, but is a native of the foothills of the Tennessee mountains, which district she will represent in her sketch. It has been said, the sketches she presents are like a refreshing breeze from the Tennessee mountains.

White House Grounds

The White House grounds consist of about 17 acres. This does not include parks around the White House not included within the fences.

HILL CONSTRUCTION AWARDED CONTRACT

Mount Holly Firm Lowest Bidder for Reconstruction of Bridge Over Wading River

The Hill Construction Company, of Mount Holly, was awarded the contract for the re-construction of a bridge known as Evans Bridge on the west branch of Wading river between Jenkins and Green Bank, by the Burlington County Board of Freeholders, last Friday, on their bid of \$2700.

Other bidders were Kohn Construction Company, Trenton, \$4,830.33; William C. Cook, Mount Holly, \$3,968; Rancocas Construction Company, Delaware, \$5,100; Charles S. Moses, Edgewater Park, \$3,847.00; W. E. Nixon, clerk of Southampton.

Township sent a communication to the board stating that the township committee had approved of the plan to all the Pemberton-Buddtown and One's Hat roads on a 50-50 basis, one-half to be paid by the state and one-half to be paid by the township. The work will be done by the county road department.

Further continuance of two weeks was granted in the matter of relocation of a road at Batsto.

Only three members of the board were present, J. Lloyd Wright, being in the Burlington County Hospital as a result of injuries sustained when he drove his automobile into a pole the previous Thursday night and William H. Heiser being absent owing to illness.

Department bills were ordered paid as follows: Finance, \$435.62; roads, \$11,021.75; bridges, \$3,454.40; buildings, \$9,833.64; public affairs, \$4,608.54.

LOCAL CHURCH NEWS

EPWORTH METHODIST EPISCOPAL CHURCH

J. William Lee, Minister

Sunday Services:

10:00 a. m. Sunday School and Wesleyan Men's Class.

11:15 a. m. Church Service.

6:45 p. m. Epworth League. Marshall Wilbraham, leader.

7:45 p. m. Church Service.

Reading Z. Poinsett, teacher of the Wesleyan Men's Class has been installed as the pastor of the First Christian Church, of Bridgeboro.

About thirty-five members of the class were at the services Sunday night when Poinsett was installed. He is not letting this new charge interfere with his Bible class teaching, but is devoting much attention to both.

The Class finds in Mr. Poinsett an excellent teacher and an apt Bible student and instructor. An increased membership has resulted from the added interest taken since Mr. Poinsett has been teaching regularly.

An invitation is extended to all men of Palmyra and Riverton to meet with the class every Sunday morning at 10 o'clock at the Epworth M. E. Church, Palmyra.

A welcome awaits everyone, visitor or member.

A Charity Luncheon will be given at the home of Mrs. Robert Snow, 611 Lincoln avenue, Wednesday, November 26th, at 1 o'clock, and all members and friends of the Epworth M. E. Church are invited. Price, 35 cents. Please call Riverton 659-M before Tuesday.

EPISCOPAL

Rev. G. J. McCormack

"I believe in the communion of saints." So reads one of the articles of the Christian Creed. "Blessed be he of the Lord," said Naomi, "who hath not left off his kindness to the living and the dead." The celebration on All Saints' Day, November 1st, grows richer in meaning every year as it links all believers in God's merit charity in the close embrace of subject, "The Face of an Angel." What a vast and glorious introduction to us!

And so for the friends who have vanished, the friends that they tell us are dead, who have traveled the road to God's Acres, and sleep where the green grass is spread, they have left us for lands so much fairer.

That we never could bid them remain, and we live all our life in the promise we shall meet them in Christ once again.

The regular meeting of the St. Agnes Guild will be held on Monday, November 3, at 8:00 p. m. The plans for the Christmas Fair will be completed. A good attendance is desired.

Tonight (Thursday) in St. Mary's Church, at 8:00 p. m., is the Burlington County Choir Festival. You will have to arrive early in order to get a seat, as this is always a very appealing service.

The boys of the church will meet for basketball on Friday of this week at 7:30 p. m. and give you a cordial invitation to join.

We are now linked up with the Episcopal Church at Delair with services every Sunday evening at 7:00 p. m. and a celebration of the Holy Communion the first Sunday of the month at 9:00 a. m. We ask your kind thoughts for the work there.

Throughout the month of November the Brotherhood of St. Andrew will hold a "Faith and Youth" program, endorsed by the Presiding Bishop and promoted by the National Brotherhood.

hood. This will culminate on November 30 in a nation-wide celebration of the Holy Communion.

You are cordially invited to assist. Particulars can be obtained from the rector.

The Diocese of Long Island is broadcasting over Station WOL on Wednesday from 7:30 to 7:45 p. m. as follows: October 3, "Do Men Need God?" by Bishop Stiles; November 5, "Do Men Need the Church?" by the Hon. Mortimer Myers.

Services for the Festival of All Saints:

10:00 a. m. Church School.

10:30 a. m. Holy Communion and Sermon, "The Paradise of God."

8:00 p. m. Evensong and Sermon, "Christianity and Other Faiths."

I ask the saints whence victory came, they, with united breath, ascribe their conquest to the Lamb, their triumph to His death.

They marked the footsteps that He trod, His zeal inspired their breast, and following their incarnate God, possess the promised rest.

BAPTIST

Rev. Geo. Lockett, B.D., Pastor

The Grenfell B. Y. P. U. service on Friday at 7:30 p. m. will be in charge of the Missionary Committee. The topic will be "The Star of India." The first of a series of Missionary Lessons. The children of the intermediate age are especially invited to these meetings, as they are very interesting and helpful.

The Junior Department held a social last Saturday evening in the Social Hall and a very enjoyable time was spent.

Services next Sunday as usual. Sunday School at 10:00 a. m. Morning worship at 11:15 a. m. Sermon subject, "Three Words From the 15th Chapter of John." Communion Service follows the Church Service. Children's Church Service in Primary Department at 11:15 a. m. B. Y. P. U. Service at 6:45 p. m. Evening Worship at 7:45 p. m. Gospel Hymn Song Service preceding the sermon. Sermon subject, "The Face of an Angel." A cordial invitation is extended to everyone to attend these services.

Calvary Presbyterian

Rev. C. T. Bates, Minister

Calvary Presbyterian Church will hold its morning service of worship Sunday at 11 o'clock; a forty-minute service in the evening at 8 o'clock. All departments of the Church School will meet at 10 a. m. The Christian Endeavor Society extends a cordial invitation to all the young people of the church to meet with them at 7 p. m. in the Church School auditorium.

Mid-week service, Wednesday, November 5, will be devoted to the Mission Study Class; leader, the pastor.

CHRISTIAN SCIENCE

"EVERLASTING PUNISHMENT" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, November 2, 1930.

The Golden Text is: "He that covereth his sins shall not prosper; but whose confesseth and forsaketh them shall have mercy." (Proverbs 28:13).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Create in me a clean heart, O God; and renew a right spirit within me. Cast me not away from thy presence; and take not thy holy spirit from me" (Psalms 51:10, 11).

The Lesson-Sermon also includes the following passage from the Chris-

PALMYRA ATTAINS 6-0 GRID TRIUMPH OVER CLASS A FOE

Capitol City Team Loses Game in First Period as "Tubby" Moffitt Scores

VICTORY BOOSTS HOPES FOR SO. JERSEY DIADEM

Red and White Plays at Mount Holly Saturday in Second Barlow League Fuss

On a white-rimmed gridiron swept by wintry blasts, the football gladiators of Palmyra High School rode to an impressive victory Saturday over Trenton High School.

The final score was 6-0, one touchdown in the first quarter being the margin of victory. The kicks and passes were considerably interfered with by the heavy wind.

Palmyra carried the ball into Trenton's territory throughout the first half, forcing the Capital boys to play a defensive game. In the final period the Trenton team took the ball several times within the 20 yard line, twice on blocked kicks, but the Palmyra line was more than equal to the occasion and repelled the visitors' attack.

Score One Touchdown

The only score of the game came in the first period when Norman Moffitt plunged off tackle from the line yard line for a touchdown. The six pointer was the outcome of a march from midfield. The feature of the advance was a forward pass from Earl Lenker to Ott Terrell which netted twenty yards, and placed the ball within Trenton's 20 yard line. Line plunges by Furman and Lenker placed the ball on the five yard stripe from which place Moffitt went over for the touchdown. A pass, Lenker to Terrell, was unsuccessful, when Terrell stumbled as he was about to catch the ball.

The remainder of the second half was a kicking duel with the Trenton team gaining a little ground at every exchange. The wind favored them during this second quarter.

Near the end of the first period, Moffitt intercepted a pass near midfield and dashed to Trenton's twenty yard line. In three plays Palmyra earned a first down, but Moffitt fumbled a bad pass from center on the nine yard line, where Trenton recovered as the period ended.

Palmyra narrowly missed scoring a safety when Arthur Poinsett downed a Trenton back on the one-foot line, after he had fumbled a long punt from Lenker, shortly after the second quarter had started. Trenton, however, backed and took the ball out to their 14 yard line where they kicked out of danger.

Straight Football

The third period was uneventful. Clean straight football was used by both teams, with neither having a decided advantage. Both lines were holding and the short cuts, misplayed through them were not sufficient to place either team in scoring position. In the last period Trenton put on a belated rally that threatened to snuff victory from the Palms.

The first break came when Lenker's kick was blocked on the 34 yard line, Trenton recovering the ball. On an attempted end run a Trenton fumble was recovered by the over alert Terrell, who then dashed 75 yards over the Trenton goal line. The ball was brought back, however, the officials claiming the whistle had blown before Terrell had started on his long run.

This case paralleled the play during the game at Riverside when Tom Price dashed 70 yards after intercepting a pass, only to have the play recalled because of an off-side performance.

Another Point Blocked. When the Trenton team held the Red and White for three downs, with but very little gain, Lenker was again called back for a punt. For the second time, a Trenton line man broke through and smeared the play, Trenton recovering the blocked punt on the 22 yard line.

Again the Palmyra defense tightened. The heavy backs of the up-state school were unable to gain more than a few feet at a time. Their last hope for a score lay in an aerial attack. On third down a pass intended for the Trenton right end was intercepted by the wide-awake Freddy Green, who leapt high in the air to snatch the play. He was brought down on the 16 yard mark almost as soon as he had caught the oval.

Palmyra was forced to resort to another kick after two plays had failed to gain any ground. A pass from

SPORTS-SPASMS

Riverton's football team suffered its second defeat of the season at the hands of the Magnolia team by a 1-0 score.

The game was played under a cloudy October sky, with a strong northwest wind blowing across the field, which made punting and passing difficult.

Despite the slowness of passing passes Magnolia pulled a couple from trick formations which netted substantial gains.

Riverton's muleskin warriors failed to show the handful of spectators the brand of rhythm and teamwork that was displayed in last week's game.

For some reason the punch, pep and spirit of the local boys had waned during the past week.

Marty Welsh and Kilder Caskey had gathered together a band of twenty young men to play under the Riverton team and they showed up for practice last Thursday night, but when game time rolled around

center to Lenker was over his head and he was forced to drop on the ball on his own four yard line. On last down Lenker was again called upon to kick. Standing behind his own goal line he set off a roar which went out of bounds on the 20 yard line.

For the third time Trenton was in a position to score. A short advance brought the ball to the 36 yard line. At this point Trenton was penalized five yards for unnecessary delay. The last play of the game brought the ball to the 23 yard line.

The win brightens the chances of Palmyra for the South Jersey Class B championship, while the stock of Trenton for the Class A crown took a decided drop.

The season's record for Palmyra stands at three victories, two over the Class A schools of Haddon Heights and Trenton, one tie at hands of Riverside, and two defeats suffered from Vineland and Millville, both Class A institutions.

Moffitt, Terrell and Lenker were the consistent ground gainers for Palmyra. Poinsett, Green, Conway and Wise were outstanding in the line.

The game marked the return of Captain Ott Terrell to the Palmyra lineup after injuries had kept him on the sidelines for the past three weeks.

The summaries:

PUBLIC SERVICE GAIN SHOWS BIG INCREASE

Corporation's Gross Earnings Over Four Million Dollars Greater Than in 1929

A comparative statement of combined results of operation for the twelve months ending September 30, 1930, issued by Public Service Corporation of New Jersey, shows for the corporation and its subsidiary companies gross earnings of \$1,238,734,702.60, as against \$1,134,078,719.55 for the twelve months ending September 30, 1929, an increase of \$1,035,955.05.

Operating expenses, maintenance, taxes and depreciation for the period were \$800,000,348.29, an increase of \$9,000,000.90, leaving a net income from operations of \$438,734,354.31, as against \$343,768,377.23 for the twelve months ending September 30, 1929, an increase of \$94,965,977.08.

Other net income amounted to \$2,360,302.63 and income deductions to \$11,708,999.23, leaving a balance for dividends and surplus being \$320,825,857.58, as compared to \$280,569,176.51 for the twelve months ending September 30, 1929, an increase of \$40,256,681.07.

When the Trenton team held the Red and White for three downs, with but very little gain, Lenker was again called back for a punt. For the second time, a Trenton line man broke through and smeared the play, Trenton recovering the blocked punt on the 22 yard line.

MOORESTOWN HIGH LOSES TO "BURLS"

Local Football Squad Suffers Severe Setback From League Leaders

Moorestown High School football team suffered a severe setback Friday at the hands of Burlington High School, which leads the list in the County High School League, losing the game 27-0. This is the first league competition the local lads have dropped since they started the race for the title, holding third place.

The "Burls" crashed through with touchdowns in the first, third and final periods. In the opening period a fumble by Renwick, which was recovered by Myers, put Burlington in a scoring position on Moorestown's 20-yard line. But failing to make a first down, the locals regained the ball on their own 17-yard stripe.

On the first play Moorestown lost 15 yards when a bad pass from center rolled back. Renwick's sound was forced to kick from behind its own goal line, but it was a pad punt and went out of bounds on the 20-yard line. Barker, Lippincott and Heister brought the ball to the three-yard line, where the latter took it over on an off-tackle play for a touchdown. Heister also added the extra point on a place kick.

Moorestown, however, held Burlington in the second period and the half ended with the latter in the lead 7-0. But in the third period the "Burls" started another attack that resulted in a touchdown when Heister caught a punt on the opponent's 35-yard line and ran the remaining distance for a touchdown.

In the fourth quarter Burlington completely outplayed Moorestown. Soon after the final period opened the "Burls" took the ball down from midfield on passes, off-tackle plays and an end run to the one-foot line, where they scored on a place kick.

The summaries:

MOORESTOWN VS. PALMYRA GRADS

Former Stars of High Schools Plan Yearly Football Tussle

Old rivalry, hard-fought games, school spirit, and two fighting football teams, is the situation which will result in the meeting of school days when the Alumni football team of Moorestown High and the grid warriors of Palmyra High School Alumni Association meet in their first football game, Saturday, November 29. This game is to be a friendly one, a feature of the local season and will match up with the yearly Moorestown High School-Palmyra battle in importance and interest.

Many of the former stars of Moorestown will again carry the "pigskin" for the honor of the old school.

Heading the list of football players who will work toward defeating their old County rivals will be "Doc" French, the star of the 1929 team, a performer, who is now mentioned as an All-American prospect; "Charlie" Haines, famed Albright athlete; "Herb" Levin, who is playing wonderful ball for Trenton; and many more present college stars.

Many other former stars of the local school team, who are now in town, are getting themselves in shape for the tussle, which is to take place on the South Church street athletic field at two o'clock. The list includes "Joe" McGinnis, "Alex" Matthei, Jack Grube, Harry Brodie, "Ernie" Potts, "Chick" Cressman, "Joe" Morley, Horace Robinson, "Walt" Palmer, "Bud" Wilkins, "Charlie" Juliana and others.

SWIMMING CLUB

Moorestown Recreation Commission Announces Program

A swimming club, for the boys and girls of Moorestown, is being planned at the Community House pool, to promote interest in healthful and competitive swimming.

There are to be two classes, one for children under twelve years of age, and the second group from twelve years to seventeen years of age.

The first program, planned for Wednesday, November 12, at 6 o'clock, will be in the form of a get-together for the prospective members of the club.

Many interesting features will be arranged for the organization, and the Recreation Commission, of Moorestown, which is sponsoring the club, feels that it is important for the youth of Moorestown to have such a club to promote more interest in swimming and aquatic sports.

Club Spirit and Sportsmanship

By FAIRWAY

As the season for outdoor sports is drawing to a close, a great deal of pleasure and fun is being derived from looking back over the past six months and yet the really important thing is to begin to look forward to the opening of the 1931 season, especially the golf season.

The season has closed, probably with a record number of successful tournaments, but by looking back club members may readily see where other tournaments can be added to the new schedules and a number of last season's contests changed to make them even more enjoyable.

For the coming season, golfers will derive a greater pleasure and develop a finer club spirit if just a few things are studied, remembered and lived up to so far as possible.

Club spirit and what it means:

C stands for Golf.
O stands for Optimism.
L stands for Loyalty.
F stands for Friendliness.

C stands for Cooperation.
L stands for Labor.
U stands for Unity.
B stands for Benefit.

B stands for Sociability.
F stands for Fellowship.
I stands for Inspiration.
R stands for Recreation.
T stands for Initiative.

T stands for Triumph.

HAVERFORD LOSES TO MOORESTOWN

Field Club Soccer Team Wins First Game for This Season

The "A" division of the Moorestown Field Club soccer team claimed a 2-0 victory of the season when it defeated the Haverford Alumni, 2 to 0.

The game was played on the Haverford College field Saturday afternoon and was witnessed by a large crowd of spectators, who had been watching the Haverford-Trenton football game on the adjoining field.

A heavy wind prevented both teams from showing their greatest skill, but did not interfere with the scoring of the first half. Heister entered the scoring column when a penalty from Moorestown's second point.

The local team showed better form than it has at any game this year and should be in excellent shape for the battle with Germantown, to be played on the home field Sunday, November 1.

Moorestown's "B" division team was defeated by the Penn A. C. at the Field Club, Saturday afternoon, by the score of 4-1.

The home team was handicapped by not having all its regulars in the lineup. At the end of the first half the score was all even, 1 to 1, but the combination of a heavy gale and a strong team proved too great an obstacle in the second half.

The lineup was:

Penn A. C. Moorestown
Smith goal
Janus right halfback
Cates left halfback
Vaden right halfback
Hecron left halfback
Wolf inside right
Hood outside right
Hawley center forward
Baumer outside right

VINCETOWN NINE RECEIVE MEDALS

YMCA Awarded for Winning Intermediate County Baseball League Title

Members of the Vincetown YMCA club and guests met in the Town Hall, Vincetown, last Friday evening in honor of the baseball team, which was awarded the championship of the intermediate division of the County YMCA League.

Secretary Bronck presented bronze medals, suitably engraved, to the leader, the Rev. G. B. Nance, and players, Stanley Warrall, Milton Warrall, Francis Bakely, Earl Alloway, George Edmunds, Marlin Hargrove, James Phipps, Herbert Hoff, Edwin Haines, Herbert Bakely, Wilbur Gibbons.

After the presentation of medals, Francis W. Holben, leader of the Edison H-Y Club, of Mount Holly, made a brief speech, commending the event. Everyone then participated in games which had been planned for the occasion, and refreshments were served.

Pemberton Meets

The Junior YMCA group of Pemberton went with their leader, Nelson Morton, and Secretary Clifford W. E. Wood, to Camp Ockanochon last Wednesday evening for the first meeting of the season. There the group participated in games throughout the woods, and enjoyed a "dogie" round around the fireplace. Following this they had a picnic and enjoyed a fire-side story for the close.

Moorestown H-Y Reorganizes

The members of the Moorestown H-Y will meet for reorganization this Thursday evening at 8 o'clock, at the George Anderson home. At that time George Anderson will make a report on the State H-Y Council Meeting, of which he is the Burlington County representative, and also tell of plans for the State H-Y Council Conference at Summit, December 6-7.

BICYCLE TRIP ON CLUB'S PROGRAM

Moorestown Boys and Girls Plan Outing Saturday Morning

The bicycle trip which is to be taken this Saturday morning by the boys and girls of Moorestown Township who belong to the club, will afford a wonderful opportunity for the youngsters to see the country.

The trip will take the cyclists far into the woods, where all the beauty of nature may be observed. Besides the trip there will be a "dogie" round, which will not doubt prove to be as interesting as the riding.

Many of the boys and girls of Moorestown Township have already signified their intention of going and a group of about 25 or 30 are expected to make the trip.

Just where the trip will lead has not been disclosed by the leader of the club, Charles Juliana.

The boys and girls will leave the Community House at 8 o'clock promptly on this coming Saturday morning. All boys and girls in the Township are invited.

YOU, YOUR CAR AND THE MOTOR LAWS

Editor's Note: The nineteenth of a series of articles by the Commissioner of Motor Vehicles is presented by this paper as its part in the campaign of education to familiarize motorists with the laws which regulate their conduct on the road.

XIX—MORE ON PARKING

Just what is parking? The traffic law defines it simply: "The standing or waiting on any street, road or highway of any vehicle not actually engaged in receiving or discharging passengers or merchandise."

I am not concerned with regulations governing the duration of parking. That is primarily a matter of municipal importance. Limited parking, it is true, has largely proved itself a failure throughout the country. This is so partly through indifferent enforcement of existing regulations, and partly through lack of public cooperation and a large measure of public selfishness.

But a stroll along any street or highway reveals many parking violations entirely dissociated from duration limits. The manner of parking comes within the scope of the State traffic law, and thus becomes a matter of concern to me. In many instances, the manner in which unskillful, or as is more often the case, careless drivers park their machines constitute a traffic hazard of the most dangerous sort.

Traffic Law

The traffic law contains a comprehensive article on parking, which is far more generally ignored than observed. Let me summarize its provisions briefly:

Parking is permitted only parallel with the edge of the roadway headed in the direction of traffic, on the right hand side of the road, and with the curb side of the vehicle within six inches of the edge. Deviation from this rule is permitted only when local authorities have provided markings for angle parking and on one-way streets, when by ordinance they may permit parking on the left side.

Vehicles must not be parked on the paved portions of main highways, outside business or residence districts, when it is practicable to park off the highway, and in no event shall a vehicle be parked unless there remains fifteen feet unobstructed for the

passage of vehicles, nor unless a clear view of the parked car may be obtained from a distance of 200 feet in each direction. Of course, this provision does not apply when emergencies make it impossible to avoid stopping and leaving the vehicle in a position which would otherwise be illegal.

Unlawful Parking

It is unlawful to park within an intersection, on a crosswalk, between a safety zone and the adjacent curb or within at least twenty feet of a point on the curb opposite the end of a safety zone, in front of a private driveway, within twenty-five feet of an intersection, within fifty feet of the near right-hand corner of any street upon which any bus route is established.

It is illegal to park within twenty feet of the entrance to any fire station or within ten feet of a fire hydrant.

So much for the rules. What is the practice? How frequently is a car parked anywhere from ten inches to two feet from the curb? How often do we find cars parked head in, or tail in, one end protruding into the lane of traffic, forcing other drivers to turn into the left traffic lane, causing traffic jams and frequently accidents?

The restriction on distance from an intersection is almost completely ignored, and so is the provision relating to Stop Street signs. Nor is space reserved for buses, as the law demands.

Most Violations in Cities

Most of these violations are committed in cities and larger towns, where parking space is at a premium. Here is a wide field for police activity. I do not intend to tolerate careless parking on State highways, so far as I am able to prevent it, and I intend to obtain the co-operation of the State Police with the motor vehicle department inspectors to stop it wherever seen.

But the State is large, and the forces of the State Troopers and motor vehicle inspectors are small; municipal police departments, too, have their hands full keeping traffic flowing smoothly at busy intersections.

It comes down, then, to a matter of appealing to motorists themselves to show some consideration for the other fellow, to realize that these regulations were made for definite reasons of safety and traffic expeditions, and not because of the idle whim of some legislator. They must come to realize, too, that general observance of these and other motor vehicle regulations will benefit themselves and no one else.

GARDEN-SCIENCE

IN PLAIN LANGUAGE

from BURLINGTON COUNTY EXTENSION SERVICE

NEW JERSEY AGRICULTURAL COLLEGE

PLANTING THE ROSE BED

By A. C. McLEAN

N. J. Agricultural Extension Service

Fall planting of roses is one of the most satisfactory ways of establishing a good rose bed. Fall planting should be done not later than November 15, and planting earlier than that date is advisable. Then there will be enough root growth this fall to allow the roses to become well established. Prune heavily and, with the approach of freezing weather, bank soil around the base of the plants at least 6 inches high. A good practice, when the ground starts to freeze, is to cover the whole bed with a mulch of leaves or peat moss.

The rose starts very early in the spring. For this reason best results in spring planting will usually be obtained with potted plants. Any rose that is at all hardy in our climate will do better with fall planting than spring planting. Most of the so-called ever-blooming hybrid teas can easily be planted in the fall, although they are not especially hardy. However, by banking and protecting well over winter, they generally do better than when spring planted.

Bank the roses fairly high with peat moss at the approach of freezing weather as a means of protecting the wood around the bases of the plants. Then there will be a number of strong, healthy eyes to start the growth early in the spring. It is not necessary to save much of the top of the roses, since it will be taken off anyway in spring pruning.

STORING DAHLIAS

By A. C. McLEAN

In harvesting dahlias it is especially important to guard against breaking the roots from the corn at the so-called neck, or where the roots join the crown. The best method is to dig all around the dahlia, loosening the soil and then lift the entire plant. Do not shake too much dirt from the dahlia clumps, especially around the stalk where the tubers join, for this is where all the eyes are to start new growth and the soil

helps protect them.

Do not dig dahlias until a good frost kills the tops and a week or 10 days have elapsed, during which time the plants can ripen. Dry thoroughly in the sun for at least a day if possible, or in the shade until the earth feels dry. Pack in dry peat moss and store in a cool place, but not where there is any possibility of freezing. If peat moss is thoroughly dry and the clumps are well dried before storing, the dahlias may be stored in a heated cellar with full success. Peat moss, better than sand or sawdust, seems to prevent too much drying in winter, which frequently is a difficult problem to overcome.

USE THE LEAVES

By R. P. WHITE

N. J. Agricultural Experiment Station

Do not make the mistake of burning the leaves that fall from shade trees. Such burning destroys a large amount of humus, much available plant food, and an excellent mulching material for many plants.

Oak leaves are most desirable for evergreen plantings, such as rhododendrons, azaleas, and laurels. Because of their high tannic acid content, oak leaves keep the soil acid, which is desirable for these plants. Other types of leaves can advantageously be used about box and coniferous plantings.

Much winter injury to evergreens of all types is due to a drying out of the foliage. This moisture cannot be replaced by soil moisture that is frozen. Therefore heavy mulches are advised to prevent deep freezing and to keep the soil moisture available. It is also especially advisable this fall to be sure all evergreen plantings are thoroughly watered this fall before freezing weather sets in.

Mulches on permanent plantings should not be removed in the spring, but should be allowed to decay in place. They supply nutrient for the plant, conserve soil moisture, and maintain the humus content of the soil. Moreover, they keep the soil in the loose friable condition conducive to growth.

HINTS FOR THE HOME

By Nancy Hart

GRAPES

For centuries upon centuries grapes have stood as a symbol of plenty and happiness.

And not just because grapes are the fruit from which wine is made. But because grapes, coming late in the season, when summer is going or has gone, give a final gift of sweetness and deliciousness to the world.

In these days when wine is taboo we still find in grapes one of our most welcome and palatable fruits. Perhaps the ancient races of the world, Greeks and Babylonians and Egyptians, knew delicious grapes. They could have known nothing better than the wide variety of white and green and purple grapes that we have today.

There are many delicious ways of preserving grapes for future use. But they are most attractive when served fresh.

Some connoisseurs think grapes should be served rather warm—the temperature that one finds them in a sunny vineyard. Most of us keep them on ice. Indeed, we must do so to keep them at their best. But if you are one of those persons who prefers them not chilled, then remove them from the refrigerator half an hour or more before serving them. Let them stand in the room—even in the sun—until you wish them. They will then be more like the grapes you might pick if you yourself went to the vineyard for them.

There is certainly nothing prettier, however, than a thoroughly chilled grape with drops of refrigerator dew on it. That is a grape that has been rinsed in water and then chilled without drying. Frosty and tempting, is this grape, both to the eye and tongue.

Grapes may be served in a bowl, attractively piled up. Or they may be spread out on a big silver or glass or china matter. If you wish, and can, you may place each bunch of grapes, or each two or three bunches on a grape leaf, that has been washed carefully and dried. This makes a most attractive background for grapes, whether they be purple, green or red.

A glutton young is a beggar old.
—German Proverb.

Sunday School Lesson

for November 2

SIMON PETER—FROM WEAKNESS TO STRENGTH

Mark 8:27-35; Luke 22:31-34; John 18:23-27; 21:15-17.

Rev. Samuel B. Price, D.D.

Peter was the popular one among the twelve apostles. More is known about his life than any other and, in part, this is because he was the frequent spokesman. He was invariably human and because he made so many mistakes we find comfort in studying his life.

It is significant that problems arose for Peter as an adult. It is much easier to develop a worthy character when the task is entered upon in childhood. Here we have the training of an adult and the slogan is still true: "It is hard to teach an old dog new tricks." If Jesus had been the teacher of Peter in his early teens the work would have been less difficult and more successful. Adults who are making serious mistakes will find

much help in this study of Peter. Believe another saying and take courage. "It is never too late to mend."

Observe three distinct calls that came to Peter from Jesus. The first, when brought by Andrew, his brother, was to become a friend of the Master. Then there was the invitation to go to school as a disciple (learner). Later twelve apostles were chosen from among the disciples and Peter was selected. After Jesus had been rejected by the multitude, because he would not become their bread-making king, the traveling school was taken to the base of Mount Hermon. Here there was a special quiet class as the Teacher said, "Whom do men say that I am?" While the others were still thinking Peter gave the right answer: "Thou art the Christ." For this right reply the pupil was especially commended.

Why Not Make Use of It?

In these days of universal education it is somewhat discouraging to read in the papers every day or so about somebody who has been flamed by the ancient short change racket. Milwaukee Sentinel.

New Jersey's OPPORTUNITY

Elect

DWIGHT W. MORROW

United States Senator

AND THE ENTIRE REPUBLICAN TICKET

on Tuesday, November 4, Polls Open 7 A. M. to 8 P. M.

SELDOM have the citizens of any state had the opportunity to vote for a man as eminently qualified for the office of United States Senator as **DWIGHT W. MORROW**. His services to the State and Nation have been outstanding achievements.

Under Governor Wilson he served as counsel in connection with the drafting of the Workmen's Compensation law.

Under Governors Edge and Edwards he was Chairman of the Prison Inquiry Commission and Chairman of the State Board of Institutions and Agencies.

Under President Wilson he was director of the War Savings Commission of New Jersey, advisor to the Allied Maritime Transport Council, and civilian aide to General Pershing in France. He was awarded the Distinguished Service Medal.

Under President Coolidge he was delegate to the Pan-American Conference in Cuba, Chairman of the President's Aircraft Board, and Ambassador to Mexico, where he brought about an era of peace and good will for the first time in twelve years.

Under President Hoover he continued his work in Mexico, and later took a leading part in the London Naval Conference as a member of the United States delegation.

The State of New Jersey now has the opportunity of sending to the United States Senate this man of great national and international achievements. In the hour when the nation needs the clearest thinking, the most fundamental intellectual honesty, and the highest courage of conviction this is indeed

New Jersey's Opportunity

Vote for

DWIGHT W. MORROW

for United States Senator

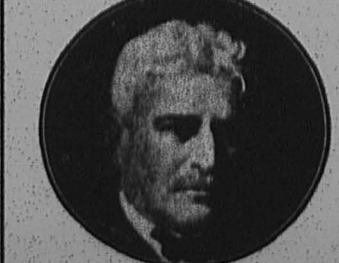

and the entire Republican Ticket—on Tuesday, November 4—Polls open 7 A. M. to 8 P. M.

Paid for by N. J. Republican State Committee. E. Sertram Mott, Chairman and Douglas G. Thomson, Campaign Manager.

To Meet the Need of the Nation

New Jersey has its greatest opportunity in the election of Dwight W. Morrow for United States Senator. His chance to serve, however, will be dependent upon the election of a complete Congressional delegation.

Be sure to vote for

ISAAC BACHARACH
Republican Candidate for Congress
Second District

Congressman Bacharach is President of the Second National Bank of Atlantic City, and Director in many business and civic organizations. He was a member of the State Legislature in 1917, was elected to Congress in 1914 and is now completing his eighth consecutive term. Since 1918 he has been a member of the Ways and Means Committee of the House, the first Republican member in New Jersey to serve on that Committee in a half century. He is regarded as one of the most important leaders in the House and is highly respected in the councils of the Republican Party.
