## BOY SHOOT'S HAND WITH REVOLVER

**Charles M. Conover Mistakes .32 Calibre Pistol for Toy Gun**

Charles M. Conover, 8 year old son of Mr. and Mrs. Howard B. Conover, of 715 Washington avenue, Palmyra, accidentally shot himself through the left hand with a .32 calibre revolver which he believed to be a toy cap pistol.

The accident occurred on Sunday at the home of Mrs. Charles Kugler, 906 Arctic avenue, Atlantic City, with whom the Conovers were visiting.

A nephew visiting Mrs. Kugler had just arrived and had placed some of the articles from his suitcase on the dresser among which was the revolver.

Charles and Betty Conover, playing around on the upstairs floor, discovered the gun and Charles, thinking it a toy gun started playing with it.

The gun went off and the bullet passed through the flesh of the left palm without breaking any bones.

The folks in the house heard the report but thought it to be the backfire of a passing auto. The little daughter came downstairs and informed her daddy that Charles had hurt his hand with a cap pistol.

Mr. Conover went upstairs and found the boy washing the blood off his hand in the wash stand. Little Charles did not cry once but told his daddy that it hurt. Mr. Conover did not realize that he had shot himself until he turned his hand over and saw where the bullet had come out the other side.

He took the boy to the Atlantic City hospital and had the wound treated. No permanent injury to the boy's hand is expected as a result of the wound.

The sister received a very slight powder burn over one eye.

## BOYS INVITED TO SHIBE PARK AGAIN

**Lads Are Requested to Furnish 10 Cents for Payment of the Government Tax**

The boys of Riverton, Palmyra and Cinnaminson will again be given an opportunity to see the Athletics play ball under the auspices of the Palmyra-Riverton Rotary Club. Joseph T. Evans received a letter from Shibe Park inviting the boys on Tuesday, August 16. It will be remembered that almost two months ago the boys piled into cars at the Cinnaminson Bank building and got as far as the Tacony Palmyra Bridge when a heavy rain set in and spoiled the trip.

Traveling to the park will be done on August 16th by automobiles as usual. Each boy will be required to bring 10 cents with him to pay his government tax for admission on the day of the game.

Judging from the number of boys who appeared on the previous occasion, many automobiles will be needed to furnish transportation. Mr. Evans will be glad to hear from anyone who will assist in the transportation of the boys to and from the game.

Boys who plan to attend will please notify Joseph T. Evans in Riverton or Joseph Seel in Palmyra.

## Mrs. Anna M. Cadbury

Mrs. Anna Moore Cadbury, 59 years old, wife of Benjamin Cadbury, died at her home on East Main street, Moorestown, last Thursday after a short illness.

Mrs. Cadbury was well known in Moorestown, having been a resident here since her marriage in 1910. Previous to that time she was a teacher in Whittier College, Calif., Westtown Boarding School, Westtown, Pa., and for one year at Earlham College, Richmond, Ind., where her father, Joseph Moore, was president.

For the past four years Mrs. Cadbury has taught at Moorestown Friends' School. She was forced to give up her position there last November, because of ill health. In December she underwent an operation and recuperated very satisfactorily. She had been ill only a short time before her death.

Surviving the deceased, beside her husband, are two sons, Joseph and Hartram Cadbury, of Moorestown; one brother, Willard Moore, of Richmond, Ind.; and two sisters, Grace E. Moore, of Richmond, Ind., and Mrs. Benjamin H. Crane, of Green Castle, Ind.

## HOWARD THOMAS JONES

Howard Thomas Jones, colored, of East Broad street, Riverton, died at 9 p. m. Saturday, July 32, after a lingering illness, aged 42 years. He was the oldest son of William 21, and Mary M. Jones, later Mrs. Mary M. Greene and grandson of the late Rev. John W. Cooper. He was born in Camden, December, 1890. He was an active member of Mt. Zion A. M. E. Church, and a member of the Masonic fraternity. He is survived by his widow, two sons, Nathan W. and Francis T. Jones and one brother.

## CARD OF THANKS

The family of Howard T. Jones wishes to thank the friends for their sympathy in our late bereavement and for the flowers and cars sent to the funeral.

Mrs. Howard T. Jones and family.

## WESLEYAN MEN'S BIBLE CLASS

**Classroom Cool and Attendance Large; Ball Games Create Much Interest**

The Wesleyan Men's Bible Class continues its Sunday morning meetings during the month of August at the same hour, 9:55. The attendance during July averaged 87. Mr. Poinsett's talks have been unusually full of interest which, of course, accounts for the large attendance.

The classroom too, is exceptionally comfortable, just cool enough. The baseball games as scheduled at Memorial Park are displaying increasing interest. Wesleyans hitting high score at four games out of five. Ross Cramer has been named chairman of the picnic committee for members and their families to take place sometime this month.

## PALMYRA CORPS WINS FIRST PRIZE

**Will Stage Competition and Pageant at Burlington September 24**

The Palmyra Drum and Bugle Corps placed first in the competition at North Plainfield on Saturday. The State Champion East Orange Corps placed second and Perth Amboy won third prize.

Palmyra's prize was \$300. This is the eighth time this season that Palmyra has won prize money.

There is some doubt as to whether the Corps will compete in the State Convention competition. The convention will be held in Camden August 10 to 13 inclusive.

The Palmyra Corps has led the fight for standardized competition rulings and believes that it cannot enter the state competition unless certain concessions are made by the Trophies and Awards committee so that criticism may be prevented.

It is hoped that the questions under discussion may be settled in time for Palmyra to participate in the event. Other leading corps are taking the same stand. The Palmyra Corps is doubtful whether the competition will be as large this year as in previous years.

The Captain James MacFarland Post, Burlington, will sponsor a large corps competition and pageant on September 24. This event will be held under the supervision of the Interstate Association of American Legion Bugle Corps and will be staged with the assistance of the Palmyra Corps, which will not compete.

The Palmyra unit has accepted invitations to attend competitions in New Brunswick on September 3 and East Orange on September 17.

## PLANS MADE FOR BIG L.O.O.F. PICNIC

**Fine Program Planned for August 26; Grand Master in Charge**

Cinnaminson Lodge, No. 201, I. O. O. F., Palmyra, will hold its regular meeting in Society Hall tomorrow evening. All members are urged to make this one of the most successful meetings of the season.

The Odd Fellows will hold the annual picnic on Saturday, August 20. All members are cordially invited to spend a pleasant day, as a program will be given and refreshments will be prepared. The event is in charge of William Nash, Hall and Harry Fish.

The regular meeting will be very brief on August 20, after which, Grand Master Edwin Reed will hold a group meeting of all Burlington county lodges.

All Odd Fellows in this vicinity are invited to be present. The meeting will start promptly at eight o'clock.

## UNION SERVICES

The first month of Union Evening Services in Palmyra's Grove was successful throughout. The Ministerial Association hopes and expects that the fine community interest and attendance will continue and increase during August.

Next Sunday evening the Rev. Daniel O. Mackinnon, rector of Christ Episcopal Church, Palmyra, will deliver the sermon. The service will be in charge of the Rev. Mrs. S. Pinn.

## DOG CATCHER OPERATING

Riverton's dog catcher has started to work. A few canines have already been rounded up. Owners who care enough for their dogs to protect their lives can do so by taking out license, issued by D. M. Clifton, borough clerk.

## BIRTHDAY AND GREETING CARDS

## AUTO ACCIDENT IS FATAL TO MOTHER

**Mrs. J. Pederson, the Former Charlotte Fox, Killed Instantly in West Coast Crash**

Mrs. J. Pederson, the former Charlotte Fox, daughter of Mrs. Edwin E. Fox, of 328 Garfield avenue, Palmyra, was killed instantly in an automobile accident last Wednesday noon in Camas, Washington.

Mrs. Pederson, her two children, and Mrs. J. Lewis and child were in the car at the time of the crash. Mrs. Lewis received a fractured arm and her child suffered injuries. According to word from Mr. Pederson, his wife gave her life to save her children, who were unhurt.

Mrs. Lewis was driving the little party to a nearby park where all were to enjoy a picnic when the accident happened.

Mrs. Pederson was 32 years old and had been living on the west coast for the past 12 years, having been married in 1920. She is survived by her husband, John Pederson, and two daughters, Marie, 11 and Jacqueline, 6.

Mrs. Pederson attended Palmyra High School and was a popular member of the younger set. She was employed for several years at Smith's Store in Riverton. With several other local girls she was a yodeler at the Philadelphia Navy during the war.

Funeral services were held Saturday but interment was delayed until Wednesday to await the arrival of her sister, Helen, of Palmyra. Private services were held and interment was made Wednesday.

## HOLD-UP SEAMAN

**Riverton Man Robbed of \$27 by Two Men in Camden**

A Riverton seaman was robbed of \$27 by two men who beat him in a lot near Second and Mechanic streets, Camden, Tuesday.

Albert C. Fance, of 804 Main street, a nephew of Mrs. D. M. Clifton, told Detective Joseph Carpani, of Camden, that he was on his way from a lunch wagon to the Reading ferry to go to Pier 33 South, Philadelphia, when he was grabbed by the men and dragged into the dark lot.

While one man held him, he said, the other went through his pockets and stole his money.

## GRANGE DONATES \$500 TO FUND FOR OCKANICKON CABIN

A nucleus for the required funds for building a Burlington county cabin at Camp Ockanickon is assured by the vote of members of Pomona Grange, in session at Vincentown last week, to make \$500 available for this purpose.

Equally encouraging, according to Secretary Guy C. Hendry, was a subsequent motion that a committee be appointed, representing the various Granges of the county, to work with him to see whether sufficient additional funds could be secured, with the cooperation of the local Granges, to make the realization of this cabin entirely a Grange project.

The Master of Pomona Grange, Howard E. Wills, of Marlton, presided at this committee the lecture of the various Granges. Among those named are: Mrs. Rebecca Sager, Vincentown; Mrs. Lillie K. Cook, Medford; Mrs. Lizzie Applegate, Pemberton; Mrs. Joseph T. Evans, Riverton; Mrs. William A. Nelson, Jobstown; Carolyn Gaunt, Jobstown; Florence Bell, Beverly; Carloline S. E. Wills, Marlton, and Marion Brown Farnerville, Burlington.

## BIG AUGUST SALE

Mrs. Alfred E. Smith's Store at 414 Main street, Riverton, is conducting during the whole month of August one of the largest clearance sales ever held in Riverton.

Quality merchandise is being offered in large quantities at cost and below cost. Hundreds of items have been placed on the counters and marked down to meet present-day conditions.

Toweling, curtain materials, hosiery, underwear, handkerchiefs, dresses and other items of every-day necessity are included in the price reduction.

A half-page advertisement appears on page six of this issue in which some of the items are listed. Visit the store and see for yourself the many bargains now on the counters. adv.

## LEO SHEA ACCEPTS 'TWO' POST AT LONGACRES C. C.

Leo Shea, former golf professional at the Riverton Country Club, and for the past year tutor at the Burlington County Country Club, near Mount Holly, has resigned his post and accepted a position at the Longacres Country Club, Lawrenceville, where he is now located. Shea set up a new record at the Lawrenceville course during a practice round last week when he shot a 71 to break the former record of 77 made by the outgoing pro.

## NOTICE

From August 1st until after Labor Day, all afternoon office hours will be discontinued. I will be in my Riverton office every Monday and Friday evening at 7 o'clock and Dr. Inghel will be in charge of the remaining office hours.

DR. HARRY L. ROGERS.

## THE PEOPLES COLUMN

**TAKES MORE THAN PRAYER TO RELIEVE DISTRESS**

Editor The New Era: I wonder if Representative Guyer, of Kansas, thinks he is springing something new when he asks President Hoover to designate a day of national prayer for prosperity?

Little does this fellow know or seem to know that every day as well as night is a day and night of prayer to the oppressed citizens of the United States.

But what is prayer as long as we have an administration like the present one?

Perhaps prayer is something new to this gentleman, but to those suffering from vats as well as the other depressed class, prayer is the only saviour.

It will take more than prayer to relieve the United States from its present chaotic disaster. It will take an other president and not Hoover to lead us out of the present economic dilemma.

The Bonus Army may be an absolute failure so far as the attempt to accomplish what it went to Washington for, but it has shown a forgetfulness of race prejudice.

White and Black, Yankee and Southerner have been eating together and sleeping together. They are all out for one definite purpose and in their attempt to succeed everything else has been forgotten.

Yours truly,

A. REPUBLICAN.

## LEGION AUXILIARY MEETS IN-CAMDEN

**Governor Moore Will Address State Convention on August 12**

W. Rex McCrosson, of Palmyra, State Commander of the American Legion, will be one of the speakers at the American Legion Auxiliary Convention to be held in Camden August 10 to August 13, inclusive.

Governor A. Harry Moore will be the guest speaker of Friday, August 12. He will deliver his address at the morning session. The hour will be nine o'clock.

Thursday morning at nine o'clock the convention will be officially opened with addresses by Mayor Roy Stewart, of Camden; Loyd D. Odner, secretary of the Camden Chamber of Commerce, and Congressman Charles A. Wolverton. Legion Auxiliary officers will also address these present.

At two o'clock Thursday afternoon nomination of officers and delegates to the national convention in Portland, Oregon, will be held.

Following that State Commander McCrosson will deliver his talk and C. Richard Allen, of Camden, department chairman of the convention, and Mrs. Ralph Blum, will also speak.

Election of officers and delegates to the convention will take place at two o'clock on Friday.

The annual Eight and Forty dinner will be held at the Hotel Party at seven o'clock Friday evening on Saturday.

The women members of the Legion Auxiliary, will follow the Legion program.

## BOY SCOUTS PLAN 1933 CAMP FUND

**C. Loane Will Receive Emblem on Saturday Evening, August 16th**

All the members of Troop No. 2, Palmyra, that attended Camp Mahala are back in town and the troop will be able to meet as usual and plan work for the coming season.

One plan started at last meeting was a camp fund for 1933. Each boy desirous of going to camp next year will deposit with the troop treasurer, Mr. Brady, some regular stated sum, ten or twenty cents, each week until next summer and at camping time he will have the funds necessary to take himself to camp for the biggest week in a scout's life.

The troop committee wishes to take this opportunity to congratulate Scout C. Loane, who won the camp emblem this year. This award is made to those boys who best exemplify the scout law while in camp.

All awards will be presented at the closing ceremony, Saturday evening, August 6. This would be an interesting and instructive evening to scouts and parents and the many others in Palmyra and Riverton who we know are interested in scouts and scouting. We hope to see you there.

The Sea Scout Patrol will have a special meeting at the home of Kate C. Wilcox on Tuesday evening, to lay definite plans for the winter's work. This unit expects to be in shape to take to the water next spring with a complete patrol in their own ship.

Anyone in this community who is a sea-faring man by profession would be welcomed at any of the patrol's meetings and be able to help the boys.

FRED HENZLER.

## CONFERENCE ON EMERGENCY RELIEF

**Mayor Bennett and Ross E. Mattis Attend Meeting Called by Governor**

Mayor William E. Bennett and Ross E. Mattis, assistant director of the Riverton-Cinnaminson Welfare Association, attended a conference in Trenton on Tuesday to determine upon measures for unemployment relief throughout the state.

The conference was called by Governor A. Harry Moore to consider in particular the Block Aid System of raising funds, provided for by recent legislation.

Under this plan, which has been successfully worked in New York City, municipalities are divided into blocks and intensively canvassed for subscriptions to the relief fund. Sometimes unemployed persons are hired for a small sum per day to do the soliciting.

Mayor Bennett, devoted to the conference the cent-day plan put in operation in Riverton last winter, by which a considerable sum was raised.

It was learned that no money would be given by the state to municipalities until they had exhausted every available means for helping themselves and an effort will be made by the State Emergency Relief to suggest new plans by which municipalities will be able to raise additional funds to help meet their local problems. The cent-day plan suggested by Mayor Bennett was received with much interest by the conference.

## MEN'S BIBLE CLASSES

**Rev. C. B. Munte to Speak at Medford Meeting**

Rev. C. B. Munte, pastor of the First Reformed Church, of the Heights, Brooklyn, will be the guest speaker at the August monthly meeting of the Burlington County Federation of Men's Bible classes. This meeting will be held August 14 on the lawn of the Friends' Meeting House at Medford, at two o'clock.

Rev. Munte, who has made several visits to this county, has gained a reputation among the Burlington county people as a very interesting speaker, and also is considered the most outstanding speaker of this summer's program.

Invitations have been sent to all Sunday Schools of the county asking them to be represented at this meeting.

George N. Wimer, of Palmyra, president of the Federation, will again preside at the meeting and he along with other committees has arranged a fine program.

## Miss Elva A. Hughes

Miss Elva A. Hughes died at New Lisbon on July 30.

Miss Hughes, a native of Portland, Oregon, graduated from the Presbyterian Hospital, New York City, as a trained nurse. In February, 1915, she came to Burlington county as a missionary under Bishop Matthews, of the Episcopal Diocese of New Jersey, working with Rev. Cornelius W. Twing, in the district south of Pemberton and Mount Holly excepting Evesham Township.

In November 1916, Miss Hughes received the appointment of County Attendance Officer, working under the direction of the County Superintendent of schools. This work was financed by the State Federation of Women's Clubs.

In 1921, because of poor health, it was necessary for her to give up her work as County Attendance Officer.

Miss Hughes was always most interested in the Parent-Teacher movement and stood ever ready to cooperate with the Burlington County Council. It was largely through her efforts that the Traveling Dental Ambulance for Burlington County Schools was established in 1919, under the direction of Dr. C. J. Hollister.

Another activity in which Miss Hughes played a prominent part was the endowing of a hospital bed in 1920 by the Burlington County Council in the Burlington County Hospital, at Mount Holly, where children of the county might receive hospital care at a nominal cost or free as the need be.

Miss Hughes brought to her attendance work a high idealism which procured results much more far-reaching than merely securing attendance of children at school. Her work was constructive to a marked degree, and her purpose was to correct the causes for non-attendance, rather than to invoke the coercive measures of the law. She combined a sympathetic understanding type of social service with her work as attendance officer to the great uplift and encouragement of those with whom her duties brought her in contact.

Two years ago, Miss Hughes was appointed Superintendent of the Fairview Tuberculosis Sanatorium, at New Lisbon, which office she held at the time of her death.

## Davis — Knight

Mr. and Mrs. Edwin Franklin Knight, of Newark, announce the marriage of their daughter, Lillian Josephine, to Paul Gravett Davis, son of Mr. and Mrs. Luther Davis, of Bridgeton, Thursday, July 14, at Fort St. Vrain, Colorado.

The Davis family were former residents of Riverton, and lived on Thomas avenue. Luther Davis at that time was principal of the Riverton public school.

## FORMER PALMYRIAN AVOIDS AIR CRASH

**Ray Brodton Ejects Thrill of Forced Landing in Plane Near Hightstown**

Ray Brodton and Bruce Hubbard, owner of a Waco No. 10 three place open biplane, made a forced landing in a field near Windsor, N. J., Tuesday evening at dusk.

Ray Brodton, formerly of Palmyra, now living at 30 Homestead avenue, Collingswood, N. J., said that the gasoline line became clogged and the motor "cooked-out" while flying over a heavily wooded section.

Hubbard, who was piloting the ship, had considerable difficulty since the motor stopped when the ship was only 50 feet above the ground. Bringing the ship down between two rows of trees with the wind in their favor, they just cleared a small ditch and landed in a cornfield on the opposite bank.

"Click" South repaired the motor and took the ship up again after dark, returning safely to the Hightstown airport.

## DR. H. B. MARK BACK FROM TRIP

**Voyage on New "Manhattan" During Trial Trip to Maine Proved Delightful**

Dr. H. B. Mark returned last Wednesday from his voyage on the new United States Lines "Manhattan" which made its trial trip to Longport, Maine. Dr. Mark sailed as assistant to Dr. L. E. Griceon, shipyard surgeon, and the doctor stated that some 25 or 30 minor injury cases were treated in the ship's hospital, during the trip.

The dispensary and operating room on the "Manhattan" are fully equipped with the latest hospital appointments, and, according to Dr. Mark, compare favorably with any first class hospital. The dispensary and operating room are located in the after part of the ship.

The ship left Camden, Saturday, July 23 and dropped anchor in New York City harbor, Tuesday night. Perfect weather was encountered during the whole trip, with the ocean as smooth as a mill pond.

The "Manhattan" was subjected to all standard tests during the trip and passed them all without exception.

Dr. Mark describes the ship as a floating palace and in his opinion is equal to or better than most first class hotels for beautiful appointments.

The appointment of Dr. Mark was purely honorary and a temporary one for the duration of the trial trip.

## FIRE BURNS GARAGE ON IRVING COLLINS' ESTATE, \$100 LOSS

Fire which started in a small garage at the back of the Irving Collins' estate, Bridgeboro road, Moorestown, Saturday afternoon, caused damage amounting to approximately \$100, but would have spread to several small tenant houses nearby had the blaze not been quickly extinguished by the local fire department before it gained headway.

The fire was believed to have been started by some smoker dropping a cigarette butt in the garage. A hole the size of a door was burned in the building and a small chicken house was also slightly damaged.

The blaze broke out about 1:30 o'clock.

## IMPROVING BUILDING

Joseph T. Evans, coal and lumber dealer, is making a fine improvement to his office and warehouse on East Main street.

The stucco finish has been removed and the front and sides will be refaced with brick.

The materials were placed on the ground yesterday and work will be started immediately.

Mr. Evans is to be complimented on the fine spirit of civic pride which prompts him to put on an improvement program at this time.

## RIVERSIDE MEN HELD IN THEFT OF PRODUCE

Norman Wilson, 22, and Anthony Volpe, 23, both of Chester and Fourth streets, Riverside, were arrested on Wednesday last week by Police Chief William Voshell and Patrolman John Pitman, charged with breaking into and entering the roadside produce stand of Howard Taylor, at Taylor's Lane and River road, between Riverside and Riverton. More than \$10 worth of produce was stolen according to police. Wilson and Volpe recently returned from California, the police said. Arraigned before Justice of the Peace William McCaffrey, of Riverside, they were held in \$200 bail each for the grand jury. Bail was furnished for Volpe and Wilson was held in default.

Mrs. Frank A. Shover and son, Bobby, and Mrs. Elmer Jones motored to Broadway yesterday. Mrs. Shover and Mrs. Jones will return home this week, but Bobby will remain with relatives at that place for the balance of the summer.

## WOMEN ESCAPE FROM FLAMING AUTO IN CRASH

**Two Cars, Carrying Members of Republican Club, Side-swipe and Upset**

Nine members of the County Women's Republican Club, escaped serious injury last Wednesday when two automobiles overturned, one being destroyed by fire, on the state highway between Hightstown and Manalapan.

Mrs. Pearl Bridgum, of Hainesport, president of the club and a prominent county political leader, was in a hurry because she had been delayed. In attempting to pass the car driven by Mrs. Herbert K. Foster, of Riverside, the two machines sideswiped. Mrs. Foster's car overturned alongside of the road, while Mrs. Bridgum's car skidded up the road a hundred feet farther, overturned and caught fire.

Other motorists extricated all the passengers from the upset cars and those in Mrs. Bridgum's car were saved in the nick of time for flames were already coming through the dashboard before all were pulled to safety.

In Mrs. Foster's car were Mrs. Raymond Johnson, wife of Riverside's postmaster; Mrs. Ella Harnstead, of Riverside; and Mrs. Nettie Smith, of Bridgeboro. None was seriously hurt, but were treated for shock at the Freehold hospital.

The five passengers in Mrs. Bridgum's car did not fare so well. Mrs. Blanche Fox, 341 Barclay street, Burlington, suffered a broken shoulder blade, strained ligaments, cuts, bruises and shock. She remained at the hospital for treatment.

Mrs. Joseph Johnson, 343 Barclay street, Burlington, had three broken ribs, cuts and shock. She also remained at the hospital.

Mrs. John H. Naylor, 330 East Union street, Burlington, suffered cuts and bruises, but was able to return home after being treated.

Mrs. Elizabeth Glenn, Hainesport, also suffered cuts and bruises, as did Mrs. Bridg

## PAGE TO SEEK SEAT IN SENATE ON BONUS TICKET

Former Service Men Said to Have Pledged Support in Large Numbers

STATE-WIDE ASSOCIATION NOW BEING ORGANIZED

Sticker Campaign Being Planned in Behalf of Burlington War Veteran

Burlington will have a candidate in the race for the United States Senate in the general election.

Russell Y. Page has announced his candidacy on a "Soldiers' Bonus" ticket and expects to poll a large enough vote in a sticker campaign to beat out the candidates of the major parties who have gone on record as opposing cash payment of the government's obligation to the former service men.

Page is a well-known Burlington stock broker. He has been active in Democratic politics in his home township of Edgewater Park and throughout the county. He has been widely mentioned as probable campaign manager for J. Monell Sayre, Democratic nominee for Congress, but is said to have refused the position in order to be free to conduct his own campaign.

Page is a member of the House of Representatives.

H. Warren Barbour, of Englewood, Republican nominee for Senate, has consistently opposed payment while serving in the Senate.

Page states that he has been urged to make the campaign by a large number of ex-service men and has been assured of their support. Veterans from all over the state have pledged their support and the nucleus of a state-wide campaign is now in the making. Within a few weeks the candidate expects to have an active organization in almost every election district in New Jersey. It is said he is assured of the votes of virtually every veteran and members of their families. The number of votes thus assured is estimated to be enough to elect.

The veterans are said to be following a policy outlined by General Smedley Butler in a fiery speech to members of the Bonus forces now camped in Washington. He advised them to go home and fight their battles at the polls. In cases where candidates of both major parties oppose the bonus they were advised to place their own candidate in the field.

Page is a former soldier and served overseas with Company B, 11th machine gun battalion, of the 20th division. He was in the service nearly two years, originally enlisting with old Company M, under command of Captain Stone. He was later transferred to the machine gun battalion. Company M was changed to Company H and saw service in the same battalion.

Stickers will be printed and supplied to workers in every election district. Former soldiers, sailors and marines have volunteered their services for election day and will give the stickers to every voter, it is said.

Details of the campaign will be announced soon, according to Page.

## SILK MILL OPEN AFTER LAYOFF

Burlington Silk Mills reopened last Wednesday morning after having been closed for more than two weeks.

The mill had been running on a reduced scale prior to closing as several of the weavers were in strike. Several weeks ago all of the weavers joined in a strike and held out for several days. It is reported that most of them had gone back to work before the mill closed.

The management is reported as being hopeful that a larger force can be put to work in the near future.

## MEDFORD YOUTH GASHES FOOT WHILE CUTTING TREE

Walter Gager, 17, of Medford, while cutting down a tree near his home last week cut a bad gash in his left foot when the ax slipped. He was taken to the Burlington County Hospital, Mount Holly, where several stitches were required. Wayne Harmon, 14, of 25 Grant street, Mount Holly, while playing baseball in the court house yard Wednesday afternoon of last week, was shoved against a tree while running bases which caused him to suffer a broken bone in his right foot. He was treated at the Burlington County Hospital.

## APPEALS GRANTED BY JUDGE RIGG

Burlington Youths Also Released Under Probation for Part in Robbery

Five drunken driving appeal cases were scheduled to be heard by Judge Rigg at the Court House last Thursday, but only two were disposed of, it being understood that the other three will go over until September and probably be withdrawn before that time.

The first case of this nature considered was that of Philip Dougherty, of Bordentown, arrested December 11, 1930, on a charge of driving a car while in an intoxicated condition on Route 25, near the Fieldsboro road. Judge Rigg declared the defendant not guilty, thus reversing the decision of Recorder Frank M. Lockman, of Columbus, who heard the case in his court the day following the accident.

The other case disposed of was that of John L. "Red" Sutton, of Lyons, N. J., formerly of Mount Holly, who also having been arrested near Bordentown on a drunken driving charge, but Judge Rigg did not think there was sufficient proof to warrant a conviction, so the decision of Recorder Lockman in this case was reversed also, and Sutton declared not guilty.

Charles Kimball and Charles Gault, both of Burlington, who were with Frank C. Morley when he robbed the home of Raymond Puget, at Edgewater Park, had previously pleaded guilty, and they were released under suspended sentences, but will be on probation for two years.

Morley was sentenced to not less than eight or more than twelve years in state prison last week.

Harry Abright, of Hocking, charged with embezzlement, entered a plea of guilty and he will be back for sentence next week.

Max Marcus, alias Max Harris, of Mount Holly, pleaded non vult to a charge of gaming, and was fined \$50, being given six months in which to pay, and on a charge of transporting and possession of liquor he will pay a fine of \$300 in six months.

Henry Williams, charged with reckless driving, having failed to exercise his appeal, Prosecutor Eastwood moved for its dismissal, and the request was granted by the court.

This action automatically affirms the decision in the lower court.

John Platner, of Burlington, sentenced to pay a fine of \$500 two weeks ago, had his case reconsidered, and this time he was sentenced to pay a fine of \$200 for transportation of liquor, while sentence was suspended on the charge of possession.

He will have six months in which to pay his fine.

## TUMBLERS' CLUB IS ORGANIZED

Playground Girls to Stage a Tumbling Exhibition Later in the Season

The playground activities for last week began with a hike on Tuesday. A large number of boys and girls had an enjoyable time. When they returned most of them were scratching itchy poison.

On Wednesday the Tumblers' Club elected its officers with Ella Busell as president; Emily Perkins, vice-president; Dorothy Hook, secretary and Sylvia Reynolds, treasurer.

At a later date they expect to have an exhibition of tumbling.

Due to inclement weather on Wednesday evening the baseball game between the Playground Sluggers and the Bankers was postponed.

Thursday afternoon through the kindness of Miss Meitner, 34 girls enjoyed a swim at Cedar Lake. Joseph F. Evans kindly loaned one of his trucks for transportation.

On Friday afternoon the girls of the playground gave a surprise party in honor of Emily Perkins and Helen Vile as it was their birthday. Many delicious things were served, such as lemonade, orangeade, cakes, candy, etc. Everyone enjoyed themselves immensely. All are very much indebted to the untiring efforts of Mrs. McDermott, Peggy McDermott, Mrs. Perkins, Mrs. Pippit, Mrs. Hearn and Mrs. Leenby.

Without their help the party would not have been a success. Mrs. J. D. Eingle, of Riverton, kindly donated a victrola for use at the playground. This was very much appreciated.

The president for the playground for this week is Ella Busell.

This Monday night, which is "Feature Night", there will be a doll and pet show. Prizes will be awarded.

## Folks There on a Visit May Now Talk From Death Valley by Wire

Death Valley is no longer a place of terror.

The lowest point below sea level in North America, whose name commemorates the fate of a group of "forty-niners" who perished of thirst and exposure in its pitiless heat amid shimmering mirages of cool water, has felt the terrors of advancing civilization. Roads now penetrate it, and resort hotels have been built. Most recently, a telephone line has been constructed to bring Death Valley into voice contact with all the world.

Enclosed for centuries in absolute silence, the famous California desert area of marvelous beauty, far below sea level, was linked recently to the Bell System with a telephone line 110 miles long connecting, at Baker,

Calif., with the Southern California Telephone Company's transcontinental wires.

The borax mines and several winter resort hotels may now talk to all parts of the world from their positions 270 feet below sea level, and at the same time may see snow Mt. Whitney, 14,494 feet high, loftiest point in the United States. The highest and lowest points in this country are 80 miles apart.

"Johnnie" Mills, grizzled prospector and borax mule team driver, received the first call over the new line, from Mrs. Frank M. Jenifer, wife of a borax company official, who talked from Los Angeles. "Johnnie," who has lived in the valley since the 1870s, rode down from one of his desert outposts for the ceremony.

## NEW COMMITTEE ASKS ALL TO AID NEEDY CITIZENS

Old Post Office Building Will be Headquarters of Organization

GROCERIES TO BE PURCHASED WHOLESALE

Churches and Fraternal Bodies Invited to Send Representatives to Meetings

To our Fellow Citizens: The undersigned welfare committee has been appointed by the Mayor and Council of the Borough of Palmyra, N. J.

We have accepted the responsibility, with a full realization of the labor and time involved in the proper caring for our citizens, who through no fault of their own, find themselves out of work, their savings exhausted, and in need of help.

A number of us, during the past five years, have had considerable experience in the raising of funds for many worthy causes, both foreign and domestic, and from the success which was ours in those dark days, we feel that this call for assistance for our own neighbors and friends will not go unheeded. Thus we enter upon our duties, fortified with faith and hope that those of you, who are in a position to do so, will render to your committee whatever assistance you are called upon to give, financially or otherwise.

Under the recent relief program enacted by the state of New Jersey, it is necessary for a community of the size of Palmyra to raise 10 cents per month per capita of its population, based on the 1930 census, for relief or \$487.80 before we can obtain any state aid. If our relief work exceeds this amount monthly, the state will pay the difference up to an amount not exceeding another 10 cents per capita.

If any further aid is required, exceeding 20 cents per capita, the next 10 cents per capita must be raised by the Borough and the excess over this amount up to another 10 cents per capita will be paid by the state. The maximum allowed by the state is 30 cents per capita.

Through the kindness and generosity of Washington Camp No. 23, P.O. 30-A, we will open headquarters in the first floor of the P.O.S.O.A. building, formerly used by the Post Office Department.

It is the intention of the committee to lay in a stock of groceries and provisions, all of which will be purchased in quantities and at wholesale prices. Other articles of clothing and medicine will also be carried in stock, or purchased as requirements will demand.

Every person or family making application for relief will be required to furnish, on blanks prepared for that purpose, information that will be of value to the Committee and a guide in making up the required baskets.

These cards, or blanks, will be placed in police headquarters in charge of Charles W. Lutz, or in his absence any of our police officers.

Baskets will be distributed every Saturday morning at 9 a. m. daylight saving time, until further notice, commencing Saturday, August 13, 1932, and will only be delivered to the adult members of the family.

Under the state law, able-bodied men are required to work at least one day per week on necessary thorough requirements and cannot be paid in cash as heretofore, but will receive necessary supplies instead.

An invitation is extended to all of the churches, fraternal organizations and service clubs, to appoint a committee of three members to meet with us on Wednesday evening, August 10, at the Fire House at 8 p. m., at which time we will be pleased to outline our plan for the raising of necessary funds to properly care for those who need our assistance, and need it badly.

A clothing committee will be appointed which will be pleased to receive donations of such character. Look over your stock and see what you can spare. Please police headquarters, 191, and we will be pleased to call for all articles donated.

Anticipating your hearty cooperation and support, to the end that when the skies brighten and depression like a cloud has passed away, as it surely will, we can look back with pride, and glory, to the fact that Palmyra truly did her part and cared for those of our fellow citizens who were just a little more unfortunate than some of the rest of us.

Sincerely yours, PALMYRA WELFARE COMMITTEE: Mrs. Winifred Day, J. Horace Finney, Miss Katherine Green, secretary, E. Horace Houser, vice chairman, Harold F. Marshall, Mrs. Savannah Palmer, Rev. Ira B. Pinn, Mrs. Sarah L. Rivel, treasurer, Mrs. Anna Toy, James T. Weart, chairman.

JOB FOR KEIM AIDE Thomas Marple, secretary to George deBennville Keim, of Edgewater Park, has been named secretary and director of the Historical Sites Commission of the state at a salary of \$5,000 a year. The Civil Service Commission recently refused to permit Marple to accept a position as supervising the placing of historical sites, at \$250 a month salary. His new position will pay the large salary and expenses. Keim is chairman of the commission, and secretary of the Republican National Committee.

A mail fastened to a card in a glass case in a London museum, three days ago, awoke recently and started to explore its surroundings.

## AMNESIA VICTIM TOLD OF TWO DEATHS WHEN HE LEAVES HOSPITAL

Anthony W. Eckert, of Spring Lake, shell-shocked veteran who collapsed on a Mount Holly street Wednesday morning of last week, was discharged from the Burlington County Hospital, Mount Holly, Friday night.

Eckert turned up in Mount Holly while the police sought to find him after his wife and daughter had died from inhaling auto-exhaust fumes. Mrs. Eckert killed the daughter and herself in a fit of melancholia, the police said, after she had been questioned in connection with an automobile accident and her husband disappeared.

Eckert was not informed that his wife and child were dead until he was ready to leave the hospital. Taken home by his parents, he will spend some time seeking recovery. He suffered a temporary loss of memory, physicians said.

## WARNS AGAINST CUTTING CORNERS

Safety Poster Depicts Serious Accidents Resulting From Poor Driving

How serious a driving error it is to cut corners is vividly shown in the fourth poster now appearing in connection with the Tri-State Street and Highway Safety Campaign. It is being displayed throughout August in various gasoline stations in New York, New Jersey, and Pennsylvania.

The poster depicts a serious accident happening because one car has attempted a left turn by cutting short a corner in front of a car proceeding towards the intersection.

Statistics of the National Bureau of Casualty and Surety Underwriters show that nearly 1,928 deaths were killed and 90,120 injured in 78,000 accidents of this type last year.

Harold G. Hoffman, Motor Vehicle Commissioner of New Jersey, who is sponsoring the campaign in this state, describes such accidents as driving blunders.

"There is no reasonable excuse for such an accident," he declared. "Every one of them is avoidable, because all are caused by the impatience of the driver who wants to turn the corner. He should wait until there is a break in the stream of traffic proceeding toward him before he attempts the turn. If he does not he exposes not only himself but other drivers and passengers to the danger of accidents."

For forcibly kissing a blonde in his office in Berlin, Karl Zeichner had to pay her 50 marks, while a brunette whom he similarly seduced was given only 30 marks damages.

## HIGH FEES PAID ATTORNEYS FOR DEFUNCT BANKS

Investigation by Newark Newspapers Reveals Charges as High as \$25,300

V. CLAUDE PALMER GETS \$2,000 FOR MONTH

Congressmen and Senators Benefit From Troubles of Closed Institutions

According to information secured by the Trenton Bureau of the Newark News and published first in that newspaper, V. Claude Palmer, law partner of Senator Clifford B. Powell, received \$2,000 for approximately one month's work as attorney for the defunct Burlington City Loan and Trust Company.

The same report shows that Judges, congressmen and other officeholders have received high fees for short periods of effort as attorneys for closed banks during the past year.

Congressman Wolverton, of Camden, according to the report was allowed \$25,300 for acting as attorney for five closed banks during a period of thirteen months. The amounts were for legal services and in no case represented full-time effort of the attorneys involved, it is said. The fees were allowed by Vice-Chancellors Ingerson and Leaning.

The Newark News also states that Thomas H. Brown, judge of the Common Pleas Court of Hudson county, received \$12,000 on order of Vice-Chancellor Lewis for services in connection with the Bergenline Trust Company during a period of six months. It also stated that Walter T. Hatfield, Jr., of Plainfield, a lay judge of the Court of Errors and Appeals, had received high fees in bank insolvency cases, which also included his pay as judge of the court.

Albert R. McAllister, former senator from Cumberland county, received \$2,700 in less than two years in similar cases. Several other cases are also cited.

MAPLE SHADE POSTMASTER OWNS RARE SILVER DOLLAR

Joseph M. Evans, Maple Shade postmaster, has in his possession a rare coin in the form of a United States silver dollar. It is dated 1793 and contains 13 stars, designating the 13 original colonies. According to Evans, the Treasury Department has located all but one, which may be the coin Evans has. It is in perfect condition, despite its having been in circulation for 133 years. Evans has owned the coin for 30 years and has refused some tempting offers from numismatists.

## LEIGH COBB, YMCA CHAPEL SPEAKER

**Campers Occupy Boats, Canoes  
at Novel Vesper Service  
at Oceanikon**

"Do you have it in you to say 'no'?" was the essence of the Sunday morning chapel message at Camp Oceanikon. The questioner was Leigh Cobb, secretary of the Monmouth County Y.M.C.A. He used specific situations which boys and youths frequently encounter, by way of illustration.

The diving tower was used for the musicians and speaker Sunday evening, for the vesper service, with the campers surrounding the tower in boats and canoes. "What camping at Oceanikon has meant to me," was described by some twenty fellows, in this impressive service on the lake.

The speaker at next Sunday morning's chapel service will be Dr. Joseph Kuder, of Mount Holly. That evening, the last Sunday evening of the boys' camp, a radio drama, "The Sacrifice," will be presented.

Yesterday marked the beginning of the eighth and final week of the boys' season. Also, today one of the most interesting of all canoe trips put out from Oceanikon, embarking just below Hammoncton and following the course described by Dr. Henry VanDyke in his volume, "Between the Lupine and the Laurel." Only senior campers are participating. They will be gone till Saturday, and have Cape May as their objective. William "Beambob" Bilt, Thompson, of Moorestown, one of the senior counselors, is in charge.

**Motor Caravan Trip**  
Bright and early Monday morning, a motor caravan left for a three-day sightseeing and camping trip, along the Jersey coast, with Atlantic Highlands as a destination. Four counselors and sixteen boys were in the party. The three camps were represented by long-termers as follows: Juniors, 4; Middle, 4; Seniors, 4. They returned this morning.

The last of the exchange visits between camps also began today, when for forty-eight hours, one senior, one

middle and two juniors, with Tom Carter as counselor, set out to visit Camp Hugh Beaver, at Bushkill, Pa., where boys from Somerset and Hunterdon counties go. Representatives from this camp are to be at Oceanikon during this same period.

Charles O. Medlund, of Florence, comes to Oceanikon tomorrow evening to relate before all three camps, in the bowl, experiences of his boyhood and youth, as a chimney sweep in his native Sweden; his adventures as a runaway at sea, jumping ship some years later on the Gold Coast of Africa, and there hunting big game; police work at the diamond mines, mining for gold; the Beer War days; his escape from a British prison ship.

Saturday afternoon the Oceanikon male quartet will go to Rumson, and participate in a Monmouth County Y.M.C.A. outdoor program, to which the board members and their wives, group and M-Y Club leaders and their wives are being invited. J. Frederick Talcott is acting as host at his home, "Harborage." Chick Hawk, Neil Clark, George Ennaday and Clifford Ergood are the quartet. Henry P. Stockwell, of East Maple avenue, Moorestown, and Secretary and Mrs. Guy C. Hendry, of Mount Holly, also plan to attend.

**Flag Dedication**  
Next Sunday afternoon, representatives of the Junior Order of American Master Mechanics of the county will convene at the Upper Lake Camp, at 4:30 o'clock to dedicate a flag pole and flag, the gift of that organization to Oceanikon. A location on the high bank overlooking the lake has been chosen, and the flag which will fly from the tall cedar mast which this organization has had delivered to the camp, should be visible for miles around.

Following the evening banquet, Tuesday evening, August 5, an entertainment which will long be remembered will be the presentation of Booth Tarkington's play, "Timbo the Pirate."

Saturday evening there will be a special vaudeville program. Crowds of visitors on other Saturday evenings have been loud in their praise of these Saturday night programs.

No small credit goes to Counselor Lew Jones, of Florence, one of the Burlington County Y.M.C.A. group leaders, for his acting, coaching, staging and producing ability, besides originality as a playwright. He is an all-season counselor. Last Saturday night's original drama, showing how

radio dramas are produced, was one of his creations. His sound effects, and the demonstration of how they were produced was a revelation which called forth many expressions of wonderment. He is looking after the production of "Timbo the Pirate."

The twenty-sixth season of Oceanikon closes Friday, August 12.

**SENATOR POWELL HOME**  
Senator Clifford R. Powell has returned to his home in Delanco after having spent several weeks on a tour

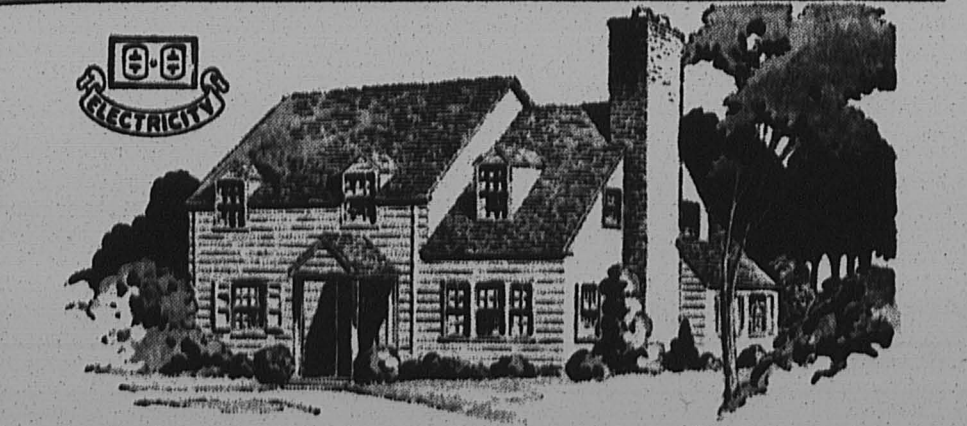

of European countries. The Senator visited several countries while away and was able to cover a lot of ground by flying about 5000 miles instead of using slower means of transportation. His return trip was on the French liner DeGrasse from Havre. In connection with his military work it is necessary for Senator Powell to spend two weeks at Sea Cliff in active service during the encampment period of the National Guard. He will be there this week with the 114th Infantry and will make his second week later.

## Electricity in the Home

### The Lower Floor

If you avail yourself of the possibilities of electricity in the home you have at hand conveniences which cost little in comparison to the comfort and satisfaction they bring.

In every room in the house electricity can be of service to you—running the vacuum cleaner, making coffee and toast, giving light, bringing music through radio.

The basis of convenient electric service is the number of outlets available. If you are thinking of changing or adding to the wiring facilities of your home, ask our Lighting Department for help. No charge is made for suggestions as to plans.

## TOMORROW

Finish every day and be done with it. You have done what you could; some blunders and absurdities no doubt crept in; forget them as soon as you can. Tomorrow is a new day; you will begin it well and serenely and with too high a spirit to be cumbered with your old nonsense.

—R. W. Emerson.

## ACCIDENTS—CAUSES, RESULTS, REMEDIES

The National Safety Council has issued a report entitled, "A Balanced Plan for Reduction of Traffic Accidents". It brings together in brief form the fundamental factors of a problem which affects all of us.

The causes of traffic accidents are three-fold: inadequate highways; cars in poor mechanical condition; and untrained, inexperienced, reckless or heedless drivers. The results, in 1931, were \$3,000 deaths and an economic waste totaling \$1,250,000,000. The remedies are streets and highways built to safe standards, education of drivers, pedestrians, children, police and the general public, and stringent enforcement of standardized, reasonable laws.

To achieve accident reduction, the states, cities and federal government must work together. Schools, the automobile industry, transport companies and civic organizations must cooperate. Most important of all, EVERY ONE OF US must do his part.

Automobile accidents can be reduced. The driver who is not heedful of the rights of others, must be punished, and, if necessary, eliminated from the highways. The unfit car must be junked. Hazards that are part of existing highways must be done away with. The time has come for action.

## BLAME RESTS ON ADULTS

Education of motorists in traffic safety is still in the little red schoolhouse stage of development, in the opinion of Harold G. Hoffman, Motor Vehicle Commissioner, who believes that adults are largely responsible for the slow progress of safety training.

Although good work has been done in instilling safety codes in the young, Commissioner Hoffman comments, "Our efforts in teaching safety to children cannot come to full fruition until we have been successful in bringing to the adult motorist a full sense of responsibility to his own children and others. We must engender, too, a general and wholesome respect for the motor laws designed to promote safety on the highways, and insist upon their equitable enforcement."

Commissioner Hoffman also points out that while younger children have demonstrated an aptitude to assimilate safe practice, the elder ones, now in high school and college have not shown the same tendency.

"Statistics show," he says, "that these youngsters are notoriously unsafe drivers, and for the tragic accident record of youth, I am convinced that our high schools and colleges must accept a large share of responsibility. The high schools prepare these boys and girls for various activities of life; but when it comes to an activity that we are sure most of them will take up, that of driving a car, they do comparatively little."

"Education in the traffic field is universal in its application. Too often we are tempted to confine consideration of it to children, and even to the motor vehicle owner and operator, forgetting that the automobile manufacturer, the motor vehicle administrator, the highway engineer, the legislator, and even the corner traffic cop always must go on acquiring new and more useful knowledge."

## WORTHWHILE TALK

Jokes on the eloquence of the life insurance salesman who is held to be the most indefatigable of all talkers, are plentiful. But we are beginning to realize that his eloquence has been a fine thing for the country.

He has talked us into putting into effect life insurance totaling some \$300,000,000,000. That insurance stands as a barrier against disaster. Businesses may fail, investments may be wiped out, inheritances may be dissipated. But the insurance policy never wavers in its value. The assets of American life insurance companies are comparable to the deposits in the 7,552 national banks—the first totals 19 billion and the second, 23 billion. It is interesting to note that not in fifty years has a policyholder suffered a loss due to failure of a legal reserve life company.

Insurance in force represents, to a larger degree than most of us realize, the future of the country. It makes for stability in government, business and individual life, for prosperity and progress. The insurance salesman has done a lot of talking—and every word he has said has done a little more to prepare and defend us against the exigencies of the future.

## ABOUT THE WEATHER

Recent hot spells in various sections of the country naturally have revived comparisons of heat with conditions of former years. In the United States the hottest spot on an average is a place in Death Valley, California, named oddly enough Greenland Ranch, where on July 10, 1910, the temperature rose to 134 degrees.

The record for cold in this country is held by Miles City, Mont., where the mercury sank to 55 below zero in 1888.

Higher and lower temperatures have been recorded in Africa and Siberia, respectively, although Death Valley's high mark is within two degrees of the world's record, 136 degrees at Azizia, Tripoli, in 1924.

Some interesting cases of excessive rainfall and snowfall have been noted by the United States Weather Bureau. The hardest rain ever recorded was at Ophid's Camp, in California, where an inch of rain, equivalent to 115 tons of water per acre, fell in one minute on April 5, 1926. At Porto Bello, Panama, 2.47 inches of rain fell in three minutes on May 1, 1908. The heaviest snowfall ever to occur at a place equipped for accurate observation was 25 inches in 24 hours at Washington, D. C., in January, 1922.

But that is all we can do about the weather—just write about it.

## TWO MONTHS WORK FOR NOTHING

How would the average citizen like to work 61 days without any pay whatever?

The answer is that he wouldn't like it at all. But that, in effect, is what he is doing. Sixty-one days' work out of each year is required to pay the cost of government. In 1924 it was 46 days, and in 1915 about 25 days.

The ratio is constantly rising. Carried to the inevitable conclusion, it means that in the not-too distant future, the taxpayers will be working for the taxpayers all the time, and for themselves not at all. Every time a new bureau is created, every time a new department comes into existence, a little more of the money we earn finds its way into the treasury.

As President Hoover has said, to continue on the tax road we are traveling is to impoverish the nation. In the last 16 years the cost of government has increased nearly 150 per cent. The results are found in hoarding of capital, industrial retrenchment, unemployment. The tax issue, in all its phases, is one of the most important problems the American people have ever faced.

## CRITICISM

We bar the doors and close the shutters to, And think that we are safe from prying eyes. Then through a crack we peep to criticize, And are displeased at what our neighbors do. But, lo! men smile and whisper as they pass, To think we do not know our house is glass.

—Helen Talbot Porter.

Who said there was a depression? A Chicago woman has established a bank account for her pet dog, which was kept warm with a leopard skin coat during the winter.

My love is as lasting

An otherwise honest man, who happens to be a politician, says the women elected Hoover once and they will do it again. Yoo-Hoo-ver!

Walter Winchell tells the old gag on Paul Whiteman about the sanny in the asylum who asked Paul his name. When Paul told him the hoony said, "Oh, yeh? They'll soon beat that out of you here." Sometimes we wonder if we will ever get great enough to pull old gags like that—and get away with it. Just think what a conventional after-dinner speaker that Winchell man would make.

"Dr. Mayo says the human body is worth sixty-seven cents. How does he explain a doctor's bill for \$500 worth of repairs on a sixty-seven-cent machine?" Schenckley Union-Star. Which goes to show that the less a machine is worth the higher the repair bill is likely to be.

"We're in receipt of a letter from the headquarters of the 'We Don't Want Will Rogers for President Club' in New York. The writer estimates that since Rogers got two votes as Presidential candidate in the 1924 Democratic convention, four votes in 1928 and 22 at the last one, he'll be nominated in 1932. So his admirers are launching a 'Stop Rogers' campaign. They think he would do a lot of good to the country if he were in the White House, but what good would it do him? He'd have to stop chewing gum for dignity's sake and maintain silence for diplomacy's sake. In other words..." by Jimmy, in Camden Courier.

In other words it would be the equivalent of re-electing Calvin Coolidge.

We wonder if those German "accor-dion" cars will be like their namesake and go on forever. They will probably be used for shuttle cars.

The whole project looks, to us, like a big bag of wind. It looks to us like another means for traction companies to squeeze poor old John Public again. One point in their favor is the fact that they won't telescope when struck from the rear. In fact we don't think anyone would care to strike one for fear of starting the danged thing to play.

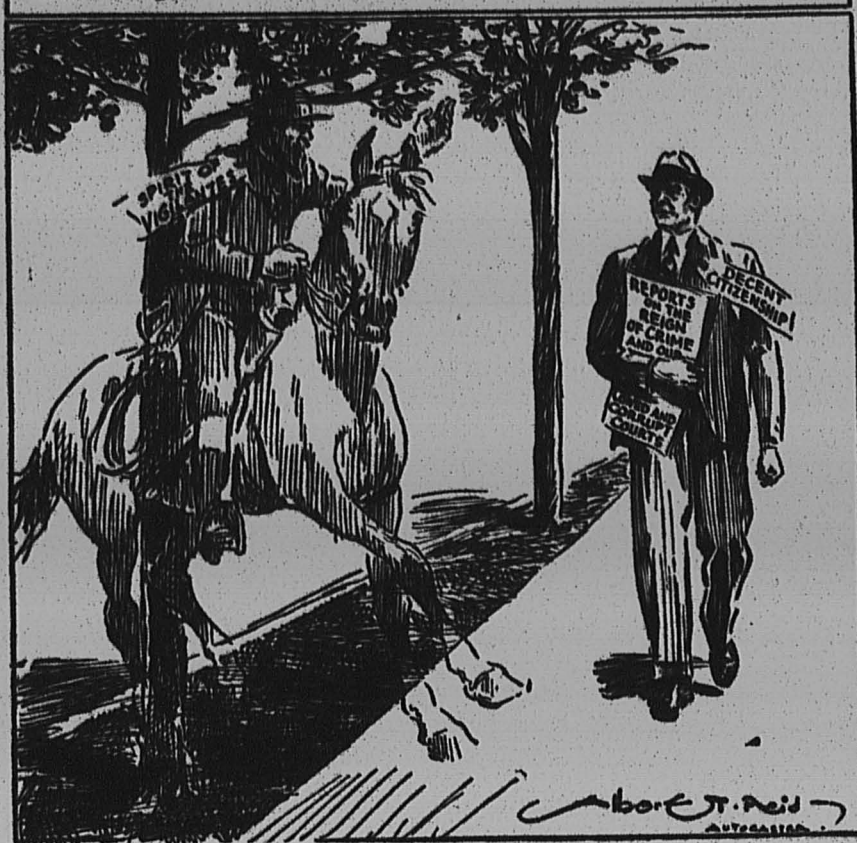

## THEFT OF CHICKENS BEING INVESTIGATED AT PALMYRA

Palmyra police are investigating the theft of 11 chickens from the home of Henry Yost, Public road and Spring Garden street, Palmyra, on Wednesday of last week. Yost discovered the chickens missing the following morning and reported to Chief of Palmyra Police Morris Beck, who is conducting the investigation.

## BEAUTY CULTURE

By JOE DELATONE

The first essential to beauty is general good health, which can be achieved by following some simple rules known to most women, but neglected by many.

An hour's exercise in the fresh air every day, all the sunshine possible and eight hours of sleep every night, a warm bath before going to bed and a cold shower each morning.

A few general dietary practices which will work wonders for skin are: A glass of water the first thing in the morning, plenty of fruit and vegetables and only moderate indulgence in sweets and rich foods.

With the skin on the road to beauty from the inside, the next thing to consider is the treatment from the outside.

With all the creams and lotions that are in the market and all their different names, the art of caring for one's skin is not really complicated or difficult.

Most of the better skin preparations fall into three main classes, softening creams, which contain oils to preserve the skin and to keep it free from wrinkles; cleansing creams, to remove the dust and powder that may clog the pores; and astringents to use after cleansing, which tend to close the pores and give the skin a clear, brisk and alive appearance.

Powder and rouge are merely the artistic extras which provide the finishing touches that brighten the beauty of a healthy skin.

Here is a good general procedure for the care of the skin: Each night begin by washing the face and neck with warm water and soap; dry with a soft towel, harsh towels cause redness and some times make little veins show through the skin, or better still, apply cleansing cream instead of water to remove the dirt and oil lodged in the pores.

New soft toilet tissues are now manufactured and are excellent for removing face creams.

After the cleansing cream has been removed and an astringent used, a film of cold cream can be applied and left on all night.

On rising in the morning the skin can be awakened with a cold water bath and an astringent preparation.

This routine will make many a woman not only look, but feel like a new person.

A dash of cold water on the face of a very young girl with a rose-petal skin is enough, but for those who have oily or coarse textured skin to contend with and whose facial muscles are beginning to sag, more energetic measures are necessary.

## RIVERSIDE POLICE OUST GYPSY BAND FROM 'CAMP'

Gypsies who rented a store in Riverside without telling the owner it was to be used as a gypsy "camp" were "run out of town" last Thursday night by police, according to Chief of Riverside Police William Voshell, who ordered the evacuation. According to

Chief Voshell, a family of more than 10 gypsies took up their headquarters in a store on Bridgeboro street, owned by Lester Fortnum. When neighbors complained to police, Chief Voshell asked Fortnum to have the gypsies moved. At first they refused to go. Then Voshell ordered them out and Fortnum agreed to refund their rent.

## WHO DISCOVERED IT?

By BRUCE S. REEVEN, Vice-President, Ferry-Hanly Advertising Company

I was a printer's devil some 20 years ago in a small city weekly. It was a hard job for the editor-owner to sell advertising in those days. Merchants simply didn't believe in it. About fifteen years ago the small city weekly was "discovered." Advertising men in city advertising agencies began "trying out" the country newspaper field. Gradually they found out that the small city weekly, with its

advantage of being read from cover to cover, with its relatively few pages of competing advertising, was an excellent buy for national advertisers. None of this advertising was bought on sentiment, none of it was purchased to support the paper. It was bought for just one reason—IT PAID.

The local merchants had not "discovered" the value of advertising space in the small city weekly. The very

men who should have known its value, did not, for the very simple reason they had not used it enough to find out about it.

Many small city merchants are passing up today the opportunity to use the productive columns of the weekly newspaper to sell their goods more cheaply, more quickly, more profitably.

## HOLDING BIG FIELD MEETING AUGUST 11

Lenders to Speak at Stokes Feed Company's Proving Grounds Here

A field meeting of considerable importance to farmers and others especially interested in tomatoes will be held at Moorestown on Thursday of next week, August 11, at 2:30 p. m., at the proving grounds of the Stokes Seed Company adjacent to the home of Francis C. Stokes. At that time some 500 trials of vegetables will be open for public inspection. These include 135 individual trials of tomatoes as well as some of the company's breeding plots.

The meeting, which will be held at 2:30 p. m., will be addressed by Professor L. G. Schermhorn, of the New Jersey Experiment Station, H. F. Hall, of the Campbell Soup Company; Edgar G. Rex, of the State Department of Agriculture; E. A. Meachling, of Meachling Bros., Director A. C. Hadley, of the Japanese Beetle Laboratory, and C. R. Mason, of Sanford, Fla. The talks should be of considerable interest, all of the speakers being closely connected with the current tomato problems in general and with the development of the tomato industry in particular.

There will be a government exhibit from the Japanese Beetle Laboratory and there will be various other exhibits and demonstrations including Planet Jr. Tractors, certain new vegetable varieties including the Master Marglobe Tomato, which appears to be something of great promise. Light refreshments will be served late in the afternoon and in the event of rain the meeting will be held on the following day. Farmers and others interested from all over southern New Jersey are being cordially invited.

## LOCAL CHURCH NEWS

## Presbyterian

Charles T. Bates, Pastor  
Calvary Presbyterian Church will hold its morning service of worship Sunday at 11 o'clock. The Rev. J. S. Dauerty, of the Presbyterian Church, Moorestown, will be in the pulpit.

All departments of the church school will meet at 8:45 o'clock.  
The pastor will be on his vacation during August, and Acting Clerk of the Session Harry P. Landis will be glad to give attention to any pastoral matters that may arise. Letters addressed to the pastor at Riverton will reach him promptly.

## CHRISTIAN SCIENCE

The Golden Text is: "By one Spirit are we all baptized into one body, whether we be Jews or Gentiles, whether we be bond or free; and have been all made to drink into one Spirit" (1 Corinthians 12:13).

Among the citations which comprise the lesson-sermon is the following from the Bible: "O Lord, how manifold are thy works in wisdom hast thou made them all: the earth is full of thy riches. Thou sendest forth thy spirit, they are created: and thou renewest the face of the earth" (Psalms 104:24, 30).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "In Christian Science, Spirit, as a proper noun, is the name of the Supreme Being. It means quantity and quality, and applies exclusively to God. The modifying derivatives of the word spirit refer only to quality, not to God" (p. 53).

## First Lutheran

Rev. Harold L. Creager  
The Church worship next Sunday morning will be in charge of the Rev. Howard Miekley, who is well and favorably known among both our young people and older folk. The pastor and family are spending a vacation week attending the conference for Christian Workers at Northfield, Mass.

## THE ONLY QUESTION

The professor was delivering the last lecture of the term. He told the students with much emphasis that he expected them to devote all their time to preparing for the final examination. "The examination papers are now in the hands of the printer," he concluded. "Now, is there any question you would like answered?"

Silence prevailed for a moment, then a voice piped up:

"Who is the printer?"

## Chapter 1

"This where the beautiful Miss Livingston lives?" inquired the young man as he swung in through the gate leading to the Livingston home. He was Dick Loring, good looking, breezy, confident and self-satisfied in his manner.

"I'm sorry, sir," said Grace Livingston, feigning an air of indignation, "I'm afraid you have the wrong house." They both laughed, and Grace, looking her arm through Dick's led him up the porch and into the house.

"Good evening," Dick sang out in his breezy fashion as he entered the living room, addressing his greeting to Grace's mother and father and her uncle, Doctor Myron Anderson.

"How are you, Dick?" returned Mr. Livingston, cheerily. "We've been reading about you tonight. Is it right, you're going away?"

"Yes sir, it's all settled," said Dick briskly, "there isn't anything for me here in this town."

"I think most of the boys we know are doing very nicely," said Mrs. Livingston, looking up from her knitting. "Tommy Tucker seems to be satisfied," chimed in Doctor Anderson.

"That's just it, uncle," said Grace quietly, "they're all satisfied."

"And they're all dull—deadly dull," said Dick in a disparaging tone.

Grace came instantly to Tommy's defense, protesting, "Tommy isn't, but real estate isn't a very romantic."

"I guess that's Tommy now," she broke off as the door bell rang, and sweeping quickly from the room, returned a moment later with a tall, thin young man who walked with an awkward step.

Tommy's entrance seemed to awaken a sudden desire in Miss Livingston for bridge, and when he suggested a rubber, Tommy's heart sank. He had not called to play bridge, yet there was no way out, without being rude. He glared at Dick Loring, who was now seated beside Grace on the couch, and took the remaining seat around the small table, which put his back to Grace and Dick, and therefore added to his discomfort and annoyance.

"Wouldn't you like to play, Grace?" Tommy asked, as he dealt the cards. "I'd much rather look on."

"No, thank you, Tommy, I'll be company for Dick. I want to hear all about his plans, because he won't be here very much longer."

Tommy's face brightened perceptibly, as he turned to Dick. "That's so—you won't be here very much longer, will you, Dick?"

"No, Tommy, I won't," replied Loring with a smile, "so you see I have to make the most of my time."

Tommy picked up his cards, sorted them and passed as he did in every subsequent hand. Not once during the evening did he bid. He was more interested in what Grace and Loring were saying on the couch, than in what was going on at the bridge table. His annoyance grew suddenly to alarm, when a half hour later he saw Grace and Loring get up and saunter out of the room on to the porch.

Mrs. Livingston noticing Tommy's distressed expression and the miserable way he was playing his cards, finally inquired, "What's the matter, Tommy, don't you feel well?"

Tommy saw his way out. "No, ma'am," he said heavily, "I've had a headache all day."

"I'm sorry, Tommy," Mrs. Livingston sympathized and then to Doctor Anderson, "Can't you give him something, Myron?"

"I think so," smiled the kindly doctor, who knew Tommy's real ailment. "You should have some aspirin."

Doctor Anderson led Tommy to the kitchen, where he gave him some valuable advice instead of the aspirin tablet. Tommy was much taken back when the doctor suddenly said:

"What are you waiting for? Grace can't say yet if you don't ask her. If you're romantic—as you claim you are—be romantic—but put your whole heart into it—don't be afraid. Walk right up and grab her, and make her listen to you."

Tommy stared at the physician for a moment, completely perplexed. "Well, doctor," he stammered, "when you say

## HOLLY WOMAN ARRESTED ON SALE OF LIQUOR CHANGE

Mrs. Grace Eckert, wife of Howard Eckert, of 110 Water street, Mount Holly, was arrested on Wednesday of last week after a police raid on her home, in which no liquor was found. The raiders, Lieutenant Harry Goldy and Officers Frank Bowen and Howard Shinn, charged she dumped all liquor on the premises when she saw them arriving. She was given a hearing before Supreme Court Judge Howard Blackhouse, on a charge of sale of liquor.

## DR. H. J. FOY UNDERGOES APPENDICITIS OPERATION

Dr. William J. Foy, who until June 1 was attached to the Burlington County Hospital, Mount Holly, has undergone an operation for appendicitis in Oregon, being stricken while he was preparing for his sailing from Seattle to China on August 6. Dr. Foy is to become a specialist in medical and surgical work in China and will carry to that country the benefit of his education and professional experience in this country, where he was born of Chinese parents.

## Laughing Around the World

With IRVIN S. COBB

## With Malice Toward None

By IRVIN S. COBB

A VENERABLE Chinaman was making his rounds one winter's morning, through the far western mining camp where he earned his living over the washbasins. With a great bundle of laundry upon his back he was approaching an outlying cabin, behind him he heard a suspicious sniffing sound. He cast a quick, apprehensive look over his shoulder.

An enormous black bear with a hungry look in its eyes was sniffing eagerly at the Oriental's foot prints in the new-fallen snow. "Bah!" exclaimed the ancient one. "You like my tracks, eh? All right, I make you some more."

## DATES SET FOR 'AG' PRODUCTS EXHIBIT

Annual Show to be Held Sept. 21 and 22 by Farm Board, C. of C.

The dates of September 21 and 22 have been finally decided upon for the annual agricultural products exhibit. This event, as usual, is being sponsored jointly by the County Board of Agriculture and the Mount Holly Chamber of Commerce. The committee representing the County Board is as follows:

Fruit: Henry Herr, Moorestown, chairman; Charles Jessup, Riverton, assistant chairman.

Vegetables: Arthur E. Griffith, Burlington, chairman; H. P. Radling, Burlington, assistant chairman.

Crops: Richard W. Lippincott, Moorestown, chairman; Harold J. Pew, Mount Holly, chairman; Royal L. Kinsey, Columbus, assistant chairman.

Poultry: Glenn T. Spontenbergh, Cookstown.

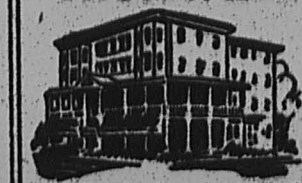

The Chamber of Commerce committee is William A. Jones, Irving Gaskill and William H. Abelson, of Mount Holly.

A special Home Economics committee, consisting of the following ladies, is arranging a special canning exhibit: Mrs. Harold J. Pew, Mount Holly, chairman; Mrs. William K. Hookstra, Moorestown; Mrs. Henry C. Herr, Moorestown; Mrs. R. L. Kinsey, Columbus; Mrs. George T. Reid, Mount Holly.

It is anticipated that there will not be much change in the classes that have been used for the past two or three years. However, within the next two or three weeks a complete announcement of the classes and premiums will be made.

Sub-committees are being formed at the present time, and will be announced in the near future.

## RIVERTON BEATS MEDFORD, 2 TO 1

Brilliant Pitchers' Duel Ends Successfully for Local Nine on Saturday

The Riverton nine and the Medford team played baseball in big league style last Saturday at Medford. The Riverton boys emerged victorious from a pitchers' duel with a score of 2-1.

Weikman, pitching for Riverton, allowed Medford sluggers only nine hits during the entire game. P. Vaughn, pitching for Medford, did exceptionally well, allowing Riverton sluggers only five hits. Riverton in three innings retired three Medford batters in one-two-three fashion, and four men in one-two-three-four style in four innings. Medford sunk three Riverton batters in one-two-three style in six innings, and in one-two-three-four fashion in two innings.

Bartley, one of Riverton's star batsmen, led the field Saturday with two hits, one run, one stolen base and four put outs.

Regan, Medford's second baseman, made the first score of the game in the third inning when he got to first on a single and was driven home by another single off the bat of Sheridan. Medford's third baseman.

Riverton went through the first five innings with only one hit, which failed to score, and one base on balls. In the sixth they opened up and collected two runs to win the game. Weikman opened the sixth with a nice slider. Reeves made a sacrifice hit, advancing Weikman to second. Edge flied out to the shortstop. Bartley drove Weikman in with a dandy two-base hit. Horan drove Bartley in for the second run with a single, and was thrown out himself. Second, and the side was retired when Foulke was thrown out at first by the third baseman.

With the score two to one at the end of the sixth inning, both teams settled down to serious baseball and played as they have never played before. Not one single error on either side was recorded during the entire game.

## JACK NAISBY WINS HONORS IN DIVING

Contest Held at Riverton Yacht Club Last Week Reveals Several Good Divers

Last Thursday evening, feature night at the Riverton Yacht Club, a diving contest was held, under the direction of "Sonny" Wright. Regular inter-collegiate diving rules were observed by the contestants and the Messrs. Knight, Naisby and Morris acted in the capacity of judges.

First place was won by Jack Naisby, second place by Charles Knight and third by Frank Elliott. The contestants had to execute four inter-collegiate required dives and three optional dives, to merit consideration by the judges.

The contest took place off the end of the club pier, from the diving board erected there.

A small fleet, consisting of two 16-foot sailboats and one motorboat, are at the present time cruising the waters of Chesapeake Bay carrying the Riverton Yacht Club pennant.

The cruise will last about two weeks. "Red" Merrill, Jim Storey and Bob

## Casey Kazanjian, Tackle Expert To Meet Joe Montana Monday Night in Grip's Pensauken Wrestling Show

It was about a month ago that Cam-rout, to settle their little differences, den's popular Latin star, Joe Montana, answered the bell one fine evening for the semi-final bout against one then unknown Casey Kazanjian, ex-Stanford athletic luminary and present grappling sensation. As the boys stripped for action a casual glance disclosed that Joe was in for no tea party, for Casey was in equally good shape, had some twelve pounds weight advantage, and, furthermore, had about him that unmistakable atmosphere of a real wrestling machine.

For 45 minutes they battled all over the ring, each man demonstrating the best the mat game affords, and not a particle of even legitimate roughness to mar the beauty of one of those rare real wrestling battles. At the end of the bout the only possible decision was a draw, which pleased everybody except Casey and Joe. They did not criticize the verdict, exactly, but each felt that he himself was well on the way to victory, and that a few minutes longer would have spelled a different story. Consequently, they were anxious for a match over the longer

## MEMORIAL PARK PLAYGROUND BASEBALL SCORES

By "BILL" SCHOFF

**Lutherans 15, Trojans 14**  
July 28—Even though the Lutherans did everything in their power to give away the ball game in the ninth inning, they didn't do enough, and as a consequence triumphed over Dreer's Trojans, 15-14.

For the losing team, Leon and Flynn were the most potent hitters, each with three hits. One of Flynn's was a home run. For the Lutherans, George Chandler made four singles in five trips to the plate, besides turning in some sterling catches in centerfield. Landgraf, Lutheran second baseman, made a spectacular diving catch of Stelwag's foul pop back of first in the second inning.

**Panthers 14, Wesleyans 11**

July 29—The Panthers administered the first defeat of the season to the Wesleyan crew, 14-11, behind the somewhat erratic pitching of Slow-Ball Woodward, who usually is consistently good.

That hits were pretty scarce is shown by the fact that nobody on the Wesleyan team made more than two hits: W. Oliver, Jewett, Koppenhofer, Kennedy and Trautman. Trautman, Little Sambo Goldberg, Donahue and A. Oliver each made three safe blows for the Park Panthers.

**Grizzlies 12, Athletics 12**

Aug. 1—Although they tied the score in the ninth, the Athletics were nosed out by the Grizzlies, 12-12. The Grizzlies set something of a league record by turning loose four double plays to devour the Cinnaminson team. Three of these came as the result of an Athletic runner venturing off base on an outfield fly, only to have the fielder make a spectacular catch and double the runner off the bag.

R. Finney with five hits, including a home run, led the Grizzlies, while Shivers, D. Oliver and Lynch shared the losers' honors with four hits each. The Athletics made nine safe blows during the contest and the Grizzlies five.

## Daring Shot in Playoff in Qualifying Test at Philmont Wins Smith Right to Compete in National P. G. A. Tourney

A dazzling finish, one that will long be remembered in Philadelphia golfing circles, won George Smith, Moorestown Field Club "pro," the right to play in the National P.G.A. championship at St. Paul the latter part of this month.

It was the playoff for seventh position in the aggregation that will represent Philadelphia district in the professional golfers' tourney that marked Smith's finish in a blaze of glory.

When the final scores for the 36-hole qualifying test had been posted, Monday afternoon, it was found that five of the contestants, one of them Smith, had carded marks of 154 on the stiff Philmont Country Club course, Philadelphia.

In the playoff which followed, George, known as the "mighty mite of the links," was the one to get in. But it took some daring play on the part of the Field Club "pro" to do it.

All five of the stars competing for seventh honors were about even after the tee shots. But while the others chose to play pitch and run shots to the green, George, who had noticed the caretaker watering the green, decided to take advantage of the "wet carpet" and shot for the pin. His aim, as usual, was deadly, and he landed a couple of feet from the cup. He sank the putt for a bird 3 and his sensational play won him the right to make the trip to St. Paul with Joe Kirkwood, Ed Dudley, Charles Harkney, Joe Coble, Ed Glinther and Charles Schneider.

Smith, who spun a 69 in a practice round at Philmont last week, ran into all kinds of trouble Monday and the "breaks" were decidedly against him. He kept "plunging" however, and in the afternoon bettered his morning card of 79 by four strokes, winding up with a 75.

Although not certain as yet, George believes it will be possible for him to make the trip to St. Paul to play in his second national tournament of the year. He tied with Tommy Armour, former British champion, for eleventh place in the U. S. Open played over the stiff Fresh Meadow Country Club course at Flushing, N. Y., in June.

## SCHEDULE GOOD LEAGUE GAMES

Baseball Season Will Close by End of Next Week

Although the baseball season will come to an end next week, there are still a number of good games to be played in the Palmyra Twilight League. The winner will not be decided until the last game is played.

The Ramblers, who are leading at this time, may find some tough sledding before the season is over. This evening that team is scheduled to play off a tie game they had with the K. of C. last Friday evening, and anything may be expected to happen. The K. of C. has sprung several surprises this year and it is out to win this game.

Tomorrow evening the Artisans, runners up with the leaders, hook up with Parry and both teams promise a good game.

Next Monday evening Rogers News will attempt to take over the strong Ramblers. Parry and the K. of C. clash on Tuesday evening and the Artisans meet the Triangles on Friday. These games will have a great bearing on the league and it is hoped that baseball fans of Palmyra will turn out in large numbers to witness them.

**K. of C. Ties Ramblers**  
The Palmyra Twilight League is becoming famous for its last inning rallies and Friday evening the K. of C. tied the Ramblers at nine runs, when they broke out with a five-run flareup in the last inning.

Clayt Weikman pitched for the Ramblers and this wild rally was a perfect climax to the mess of trouble he had throughout the whole game.

Jose Sack delivered the master hit, in this last-minute assault, when he cleared the wall with a gorgeous home run and the bases were full at the time. Speed Bottinger and Whitley Price were also big berths in the K. of C. attack, with three and four hits, respectively, while Chic Foulke with his hitting, and Jack Easley with his hitting and fielding were model performers for the Ramblers.

It was a tough night for all the pitchers and Muccioli and Reynolds, the K. of C. tossers, were scarred up as much as Clayt Weikman, when the game ended.

**Newsboys Lose Game**

The K. of C. and Rogers News teams were participants in an interesting duel on Monday night, and the K. of C. staged another three-run rally in the eighth inning to defeat the Newsboys 4 to 1.

The News club supplied keen competition until the last inning, then they

## BORER CHAMPION, LATHBURY NO. 1

Tennis Honors Are Divided in Odd Match Arrangements at Memorial Park

Robert Borer succeeded Vincent Hackett as Memorial Park tennis champion by defeating George Lathbury in a thrilling five-set match, 7-5, 1-6, 10-8, 4-6 and 6-3.

Last year Hackett took the measure of Borer, 6-1, 6-1, 6-1.

The first four sets of the Borer-Lathbury tilt were played Tuesday evening and the match was concluded on Thursday. The players warmed up for almost an hour before starting playing for the final set as the sun is a great handicap to the player on the east court.

Borer won the toss and chose to serve. The game followed service until the score was 4-3 with Borer on the long end. Lathbury then dropped his service as his "cannon-ball" first shot could not find the service court. Borer then piled up a 40-love score in the final game, dropped a point and then took the match.

The match as a whole was one of the best and most even exhibitions of tennis ever seen at Memorial Park.

The Riverton Park junior team met the Oceanic team with two counselors included. The first score showed the Riverton contingent victorious by three matches to one for the campers. In the first singles contest Robert Borer met camper Hughes and defeated him after a hard three-set match, 6-2, 4-6, 6-3.

The second singles match was between the Riverton No. 2 man, Woodburn McCord, and camper Ramsey, who holds the same ranking at Oceanic. The results found McCord on top in straight sets, 6-2, 6-4. These were the only singles matches played.

In the doubles, Edward McVaugh and Jack Reynolds of the Riverton juniors, paired to give campers Cummings and Arner a 6-3, 7-5 setback. This match featured the splendid forehand driving by McVaugh.

The concluding match was between Miller and Smith of the camp and John Gibson and Edwin Moore of the playground. These two pairs met in the first match to be played at camp, and as was the case the first time, Gibson and Moore were defeated. They put up a game fight, however, and the score ended 4-6, 6-2, 6-0.

During the past week many challenges have been made for places in the ranking, but, for the most part, the results show that the players received their correct seeding. Only two changes took place, one in the men's division and one in the boys'.

In the men's ranking Robert Borer, formerly No. 3 ranking, displaced Rene Gros, No. 2 in the seeding, 6-4, 6-2. In the junior division Edward Dunlap, unranked, defeated Lloyd Witte, No. 9, 6-0, 6-0. He was then displaced by Lewis Robbins, 8-6, 6-2.

George Lathbury turned back Borer's bid for first place in both groups by a 6-4, 4-6, 6-3 point. El Branson succeeded in keeping his No. 4 position with W. McCord, who is No. 5.

The same results followed when Edward Wallace, No. 7, played Jay Reed, No. 9. The rankings at present are:

**Junior:**  
Robert Borer  
Edward McVaugh  
Walter Smith  
Jack Reynolds  
John Gibson  
Robert Wallace  
Edwin Moore  
Charles Wallace

## WESLEYANS WIN, 11 INNINGS, 16-15

Longest Game of Riverton Playground League Full of Thrills

The shades of evening were tumbling speedily when Bonnell popped to Jewett to end the longest game of the Riverton Playground League, Tuesday night. Incidentally, Jewett played a great game as catcher for the Wesleyans, making several standing-sitting-diving-jumping catches of pop fouls. In this game which the Wesleyans won, 16-15, in eleven long, hard innings.

The Grizzlies tied up the score in the ninth by scoring four runs. Long singled, went to second on a wild pitch and scored when Jewett threw into centerfield in an effort to head him off. Bonnell walked and Taylor was safe on Friday's error. Conway forced Taylor, H. Finney, Sr., doubled, scoring Bonnell and Conway, scoring himself when D. Kersey singled.

No score until the eleventh. Kennedy singled to right and made second as R. Finney tumbled the throw in. Finney threw wild to second, Kennedy making third. He scored as D. Kersey left the plate to argue with the ump. Bush singled. Eval was safe on Long's error. Jewett forced Bush. Richmond was safe on Bonnell's error. Werner raised a sacrifice fly to left, Eval crossing the plate. Friday doubled, scoring Jewett. Richmond and Friday crossed on W. Kersey's error. Koppenhofer grounded out. Five runs, three hits, six errors. The Grizzlies tried in vain to tie it up again in the last of the eleventh. R. Finney, Sr., was safe on Kennedy's error. Fichter forced Finney. D. Kersey popped to the pitcher. W. Kersey doubled and scored on a wild pitch. R. Finney walked and Long singled, both crossing on Jewett's error. Bonnell popped to Jewett, ending the game.

For the Wesleyans, Werner led at bat with four safeties, while Fichter led the losing team, Doo with four. Wesleyans .071 102 006-16 25 9

## SENTENCED FOR TAKING MONEY

Harry J. Albright Lectured by Judge and Given 1 to 2 Year Term

Although it is generally the custom to hold no weekly sessions of court in Burlington county during the month of August, one or two cases which seemed to demand immediate attention were ready for Judge Charles A. Rigg's consideration last Thursday and consequently a short session was held. One case was continued from the previous Thursday's session, and two new matters were also handled.

The case continued from the week before was that of Harry J. Albright, of Florence, who had signed a waiver of indictment and entered a plea of guilty to a charge of embezzling \$1,981.16 from Roebeling Camp No. 72, Woodmen of the World. This morning, Albright, after a stern lecture by Judge Rigg, was sentenced to not less than one or more than two and one-half years in the State Prison.

Albright, who is married and has two children, told the Court that he began taking the money in small amounts in 1928, at which time he was treasurer of the Roebeling Camp. He said that at the time he started to take the money he was working steadily and had every reason to believe that he would be able to put it back. He kept letting the matter slide, however, and finally the sum got so big that he could not make restitution.

The thefts were discovered when the annual audit of the lodge's books was made in January of this year. No action was taken at that time, however, as the company which had bonded Albright when he became treasurer was willing to give him a chance to make restitution of the money he had taken. Albright said that just as he started to make such restitution, he was laid off, and was unable to carry out his intentions. He has not been working very much since the first of the year and has not been able to make any restitution at all.

When it became apparent that he was not going to be in a position to give back even part of the money he had stolen after it had been entrusted to him, a criminal complaint was lodged against Albright, and he was arrested.

Albright was not able to plead any even remotely worthy motive for his taking the money, but instead told the court that the sums he took were used for drinking, and at times for gambling.

Harold Battersby, of Maple Shade, came in on a waiver of indictment pleaded guilty to charging with committing assault and battery on his wife, Verna, on two different occasions. Mrs. Battersby was in court, and after she had told Judge Rigg that she and her husband had patched up their differences and that she was willing to go back and live with him, sentence was suspended. Battersby was placed on probation for one year, and in that period he is to pay the court costs of \$50.

Norman Wilson and Anthony Volpe, of Riverside, pleaded guilty to breaking and entering the roadside of Howard G. Taylor, in Cinnaminson township, and stealing vegetables valued at \$10. They will be sentenced later. This affair, which occurred on July 28, was the third time this roadside had been robbed, and Mr. Taylor felt that he should take some action against the offenders. He does not blame these two offenders for the other robberies, but wants an example made of them. The men said they remembered the robbery merely because they wanted something to eat.

## John S. Parker

John S. Parker, 67 years old, died at his home on the Branch pike, Cinnaminson, Saturday morning.

Funeral services were held Tuesday afternoon at two o'clock from the Snover Funeral Home with the Rev. George Lockett, pastor of the Central Baptist Church of Palmyra and Riverton officiating. Interment was made in the Aubrey M. E. Cemetery.

Mrs. Parker survived by his widow, Mrs. Elizabeth Parker.

## Raymond Olsen

Raymond Olsen, four years old, son of Raymond and Mary Olsen, of Philadelphia, formerly of Riverton, died at the home of his parents on August 4.

The boy was buried from the Snover Funeral Home, Palmyra, Monday morning at ten o'clock. Interment was made in Morgan Cemetery.

Mrs. Olsen is the former Miss Mary Burns.

## DAVIS — KNIGHT

Mr. and Mrs. Edwin Franklin Knight, of Newark, announce that the marriage of their daughter, Lillian Josephine, to Paul Gravatt Davis, son of Mr. and Mrs. Luther Davis, of Bridgeton, will take place Thursday, August 18 at Forest Hill Presbyterian Church. The Davis family were former residents of Riverton and lived on Thomas avenue. Luther Davis at that time was principal of the Riverton public school.

## CARD OF THANKS

We wish to thank our many friends for their kindness and services rendered in connection with Mr. Evald's recent accident.

MR. and MRS. LEON EVALD.

## DISAPPOINTED APRIL 25th — HAPPY AUGUST 16th

Rain spoiled the fun for these boys last April when they were snapped in front of the Cinnaminson Bank building waiting to go see the Athletics play ball, but the invitation has been extended again. The Rotary Club is providing transportation to and from Shibe Park next Tuesday afternoon when all local boys are invited to see the Athletics play Cleveland. Boys in order to be sure of transportation should either notify

Joseph T. Evans in Riverton or Joseph Seel in Palmyra as soon as possible. The only cost to the boys is ten cents which they must bring with them to pay the Government tax. Loading in cars will start at 1:15 in front of the Cinnaminson Bank. Tuesday afternoon, August 16. A Philadelphia police escort will accompany the caravan from the Tacony-Palmyra Bridge to Shibe Park and return.

## HAHN IS SLIGHTLY INJURED IN CRASH

Sedan Owned by Palmyra Man Is Completely Demolished in Collision

One car was completely demolished and another damaged to the extent of \$250 when they collided at the intersection of Spring Garden street and Cinnaminson avenue, Palmyra, Thursday evening of last week.

The sedan, owned and driven by Harry Hahn, of 113 East Broad street, Palmyra, was coming east on Spring Garden street. According to Mr. Hahn, when he reached the intersection he saw a car coming north on Cinnaminson avenue, but thought he had plenty of time to cross.

The other car, which was driven by Jacob Metzman, of Elm Terrace, Riverton, and owned by Walter Brickley, "pro" at the Riverton Country Club, crashed into Hahn's machine, which is a total wreck.

Metzman escaped unhurt, while Hahn received slight lacerations, bruises and body injuries.

## RECEPTION GIVEN FOR MRS. J. L. YOUNG

Many Guests Present at Event Given in Honor of Local School Teacher

More than one hundred guests assembled at a reception at eight o'clock Saturday evening to tender Mrs. Eleanor Jackson Young, of Riverton, congratulations and felicitations on her receipt of a Bachelor of Science degree in education from Rutgers University in New Brunswick on Friday.

Mrs. Young is the wife of J. Layfield Young.

The home of Mr. and Mrs. John Robinson, 5 Pomposse avenue, East Riverton, was the scene of the festivity. Mr. and Mrs. Robinson, in conjunction with the Young People's Society for the study of Negro Life and History, were hosts.

Mrs. Young is well known in several states, and especially in New Jersey, for her untiring scholastic and civic activities and interests.

She was born in Flushing, Ohio, the daughter of the late Mr. and Mrs. J. W. Jackson. Her elementary education was acquired in the public schools of Flushing. She began her higher education at Wilberforce Normal School in Xenia, Ohio. Upon her graduation from Wilberforce, she accepted a teaching position in Cambridge, Maryland, and from there went to Seaford, Delaware, to teach. For the past six years Mrs. Young has been instructress in the English and Music departments of the Cinnaminson Grammar School at Westfield.

Prior to entering Rutgers University Mrs. Young attended Temple, Pennsylvania, and Columbia universities. Mrs. Young majored in the field of English at Rutgers. She also made a state survey of the Negro graduates of high schools in New Jersey, with the intention of compiling her research for future publication.

In the fall, Mrs. Young expects to enroll at Columbia University for advanced study toward her master's degree, where she will major in public school administration and supervision.

Mrs. Young has also been prominent in church and local interests. For several years, she was the president of a Y.W.C.A. group. At present she is a counselor for a group of Girl Reserves.

She has also been a student of the piano under the renowned Carl Ditt, of New York.

Mrs. Young received many cards, telegrams, letters, gifts and flowers. Albert G. Johnson, a Temple University graduate and director of the Young People's Society for the Study of Negro Life and History, presided as toastmaster. Among the speakers were the Rev. Seymour Barker, Mrs. Carolyn Kibbe, Trenton; Miss Alice Jennings, New Brunswick; John Robinson and J. L. Young.

Many prominent school teachers and college students were among the guests.

## Dr. Marcus W. Newcomb Celebrates Thirteenth Anniversary as Director of County Tuberculosis Sanatorium

Dr. Marcus W. Newcomb, of Browns Mills, celebrated his thirteenth anniversary as medical director of the Burlington County Tuberculosis Sanatorium on Thursday, August 4.

Dr. Newcomb's first assigned office as director of the county institution on August 4, 1919. At that time the institution consisted of one small building. There were four patients and three nurses.

The institution now has 124 patients, its capacity, and 15 nurses. It is rated as one of the best tuberculosis sanatoria in the state, and has many cures to its credit. During Dr. Newcomb's incumbency there have been a total of 1409 patients at the institution.

Back in 1919, the sanatorium represented a rudimentary attempt at tuberculosis treatment. There was a porch, which could be used only by ambulant patients. It was roofless, and unsecured. One of the first acts of the then new director was to raise the floor of the porch to the level of the word room, so beds could be wheeled out to it. He also had a roof constructed, and screens placed.

While Dr. Newcomb has been in office, the kitchen of the sanatorium has been enlarged twice. The third addition is now being built. Other improvements made during the doctor's incumbency are construction of a nurses' home, inclusive of a cure pavilion for ambulant patients, provisions for recreation rooms for men and women patients, and inauguration of steam and electric kitchen equipment.

An up-to-date equipment has been installed, the gift of the widow of a former patient. It is known as the Benjamin W. Rowland Memorial X-Ray Laboratory, and was solicited by Dr. Newcomb for the sanatorium.

There is also a fully equipped dental room, fitted out at little cost to the county.

For the past two years an open-air school has been maintained for child patients of the institution through cooperation with the Pemberton Board of Education. Two pupils of the open-air school passed the eighth grade last year, and a third passed the first year of high school. All eleven pupils who attended the open-air school were receiving treatment at the time.

Dr. Newcomb is Burlington county assemblyman, and is a candidate for re-election this year. He is the only Fellow of the American College of Physicians in Burlington County. He was elected to that honor a year and a half ago. He is also president of the Burlington County Tuberculosis League, a past president and member of the executive committee of the New Jersey Tuberculosis Association, and third vice-president of the New Jersey State Medical Society.

## PEACOCK NAMED KREPS PROSECUTOR

Assistant Attorney General Robert Peacock, of Mount Holly, has been appointed by Supreme Court Judge Ralph W. E. Douglas to prosecute Stanley Kreps, Ocean City solicitor, charged with the embezzlement of \$16,000 of the city funds entrusted to him for payment of condemnation damages, which he is alleged to have appropriated to his own use.

The case will be called for trial at Cape May Court House during the first week in September with Judge Francis A. Stanger, Jr., of Cumberland county, presiding in place of Judge Palmer M. Way, of Cape May county.

## O. K. HOOVER ACTION

78th Division Refuses to Vote Censure of President

An almost unanimous vote of the more than a thousand veterans in attendance at the rally and reunion of the 78th (Lightning) Division at Camp Friday, August 5, Henry Brown, of Park avenue, Pensacola, driving a Buick coach collided with a Chrysler sedan owned and operated by William Cook, of Chestnut Hill, Pa. At a hearing before C. A. Bowers, Cook was fined \$300 for driving on the wrong side of the road.

Fred Rendfry, Fairview avenue, Riverside, was arrested Saturday for passing the stop sign at Parry. Officer Dorworth took him before Recorder Bowers who gave him a suspended sentence after he had paid the costs.

Tuesday of this week a Greyhound bus driven by Wilson T. Miller, of 731 North 26th street, Philadelphia, collided with a Chevrolet truck driven by Joseph LaMarr, of 486 Mount Vernon street, Camden, as LaMarr attempted to cross River road to go down Taylor's lane. LaMarr was accompanied by his brother, Dominic LaMarr, and Oswald Barnaby, both of Camden.

The side of the truck was crushed in by the impact of the bus. Joseph LaMarr and Oswald Barnaby were taken to the Zurburg Hospital for treatment of lacerations of the head and neck. The Chevrolet was damaged.

When five boys in Camas, Wash., confessed breaking street lights, Justice Duncan sentenced each to three months attendance in Sunday school.

## TENNIS MATCHES BEING ARRANGED

Memorial Park Tennis Teams Will Play Dudley Grange and Peddie School

Thursday, August 11, the girls' and junior tennis teams of Memorial Park, Riverton, went to Pitman to play a team from that town. A return match has also been arranged, but the date has not yet been set. A match has also been arranged for the Park senior team to play the Dudley Grange tennis team, of Camden, Saturday, August 20, at Riverton. The junior team also has a match with this junior team, but the date is uncertain. Negotiations are being made with the Peddie Summer School, of Hightstown, for a junior match.

In the Junior Tennis Ranking, Lewis Robbins caused a mild sensation by climbing from an unranked position to No. 5 in the seedings. He disposed of Edwin Moore, formerly No. 7, by a 6-3, 6-1 count and continued his winning over John Gibson, formerly No. 5, by the same count. In the men's division Edward Wallace was displaced by John Metzgar, 10-8, 6-1. Jack Reynolds was moved into No. 3 position when Walter Smith defaulted by not playing two days after the challenge was made. The rankings at present are:

Junior—Robert Borer, Edward McVaugh, Jack Reynolds, Walter Smith, Lewis Robbins, Robert Wallace, John Gibson, Charles Wallace, Edwin Moore, Howard Gibson.

Senior—George Lathbury, Robert Borer, Rene Gros, El Branson, Woodburn MacCord, Burton Conway, John Metzgar, Edward Wallace, Jay Reed, Cramer Garwood.

## CHALLENGE MATCHES

Metzgar (8), Wallace (7): 10-8, 6-1. Robbins (9), Moore (7): 6-3, 6-1. Robbins (7), Gibson (5): 6-3, 6-1.

## 3 HURT IN CRASH

Palmyra and Riverton Men Suffer Minor Injuries

When two automobiles crashed at Forty-second street and Crescent boulevard, Pennsauken township, early Tuesday, three persons were hurt.

Edward Palmer, of 703 Fulton street, Philadelphia, proprietor of a Maple Shade roadhouse, suffered bruises of the stomach which were treated at Cooper Hospital.

In the other car were Bernard E. Goodwin, 26, of 614 Thomas avenue, Riverton, and Raymond Clements, 27, of 1104 Parry avenue, Palmyra. Goodwin lost several teeth and Clements' back was injured. Neither would go to a hospital.

Martin D. Shockley, of Alden avenue, Riverside Park, has been elected a trustee of the Calvary Presbyterian Church. He succeeds Dr. Alexander Marcy, Jr., who recently resigned. Dr. Marcy served as president of the church's board of trustees for 13 years and was a member of the board for 47 years. He retired as president three years ago but retained his office of trustee until July of this year.

## PLACE IN RACE

Last week "Rod" Merrill and John Fuller, both of Riverton, placed third and fourth respectively in the St. Michael's regatta, a knockabout class sailboat race held at St. Michael's, Md. The regular 16-foot series begins next Saturday.

## EVERETT-STEWART

Mr. and Mrs. Harvey Edwards Stewart, of 430 Thomas avenue, Riverton, announce the marriage of their daughter, Dorothy Augusta, to Mr. Walter Brooks Evert, son of Mr. and Mrs. Walter Evert, of Merchantville, on Saturday, August 6, at Christ Church, Riverton. Mr. and Mrs. Evert will be at home after August 15, at 53 Chapel avenue, Merchantville.

## PALMYRA MAN OVERCOME BY MONOXIDE GAS

Leon Evald Found Unconscious on Garage Floor by Edman Thomas

PATROLMAN BETTY GIVES FIRST AID

Rushed to Cooper Hospital in Palmyra Ambulance; Is Slowly Recovering

Leon Evald, well-known Palmyra merchant, is recuperating at his home from illness caused by being overcome by carbon monoxide fumes in a garage at the rear of the home of Edman Thomas, on Oxford road, Palmyra, early Thursday morning of last week.

Evald was found unconscious on the floor of the garage where he keeps his delivery truck. According to Chief of Police C. Morris Beck, of Palmyra, Thomas' wife, Mary, was awakened by a strange noise. She told her husband she thought someone was disturbing their chickens and he arose and went to investigate.

As Thomas neared the garage his attention was attracted by the noise of a running motor. Entering the garage he found Evald on the floor behind the truck and near the rear door of the garage which was partially open.

Thomas picked up the unconscious man and put him into his car. He then drove hurriedly to the office of Dr. Dean H. LeFavor, police physician.

As Thomas passed the Palmyra Police Headquarters he attracted the attention of Patrolman Lawrence Betty by blowing his horn. Betty followed the car to the doctor's office and while awaiting the arrival of the physician administered respiration.

Dr. LeFavor gave first aid treatment and had Evald removed to the Cooper Hospital in the Palmyra ambulance. He regained consciousness two hours later.

## JOHN DUGAN WILL DECLARED VALID

Orphans' Court Sustains Last Testament of Deceased Moorestown Farmer

A caveat having been filed with Surrogate George B. Bitting against the probate of the will of John Dugan, of Moorestown, by a niece, Mrs. Mary E. Danner, of Moorestown, one of the beneficiaries, testimony was taken before Judge Rigg in the Orphans' Court, Mount Holly, last Thursday, and at the conclusion the court decided that the will was properly executed and ordered it admitted to probate.

John Dugan, aged 71 years, laid down the steps of the Church of Our Lady of Good Counsel in Moorestown, Sunday morning, July 3, receiving a broken arm and collar bone and internal injuries, and he died at the Burlington County Hospital, Mount Holly, early the morning of July 14.

Probably fearing that death might be near, the deceased sent for his friends and legal advisor, former Judge Joseph H. Gaskill, of Moorestown, who arrived at the hospital on the morning of July 12, and John Dugan's suggestion drafted a will in longhand, which was signed by Dugan in the presence of Judge Gaskill, and with Mrs. Irene C. Mendenhall, office woman, of the hospital staff, as witness.

The deceased, who never married, divided his estate between nieces and nephews, children of his brother Martin, but he specially mentioned that his niece Helen Dugan, known in the Sisterhood as Mary Mercy, was well taken care of, and also specified that a nephew, Dennis Dugan, of Moorestown, be debarred from participation in the estate.

As to the remaining beneficiaries, he provided just how his estate should be divided among them, but suggested that the use of the farm for the next five years be left to his nephew Thomas, and at the end of the five years the farm and stock be sold and become a part of the estate.

Judge Gaskill, Mrs. Mendenhall and Dr. Wynne were present on the stand to prove the authenticity of the will, after which Judge Rigg announced his decision as above stated.

## MUST RAISE \$500 EACH MONTH TO AID NEEDY FOLK

Citizens Are Asked to Pledge Amounts to be Donated Each Week

DETAILED REPORT TO BE FURNISHED MONTHLY

Names of District Captains and Collectors to be Published Later

A meeting of the Palmyra Relief Association consisting of nine members was held at the Fire House Wednesday evening of last week. James T. Went, chairman of the Welfare Committee, presided.

Three representatives were present from each of the various churches, lodges, social and service clubs of the borough.

During the past year, ending July 31, 173 families were taken care of with total dependants of 608 persons, divided as follows: White, 107 families, dependants, 377; colored, 66 families, dependants, 231. The average being around 90 families weekly.

As stated in last week's issue, Palmyra must raise about \$500.00 per month before we can expect any state aid. Owing to the great amount of unpaid taxes Borough Council is having a hard time to finance Borough and School requirements.

It is estimated that several thousand dollars will be required during the next twelve months to properly care for the unemployed.

To meet this issue it was decided to request the citizens to pledge a weekly amount for relief. The borough was divided into 13 districts, with a captain in charge of each district. Pledge cards were furnished each of the captains, who will appoint assistants to make a personal canvass, commencing this week.

It is hoped by this means that a considerable sum will be realized to meet requirements. The committee asks you to pledge any amount from 10 cents up for this very worthy cause, and that you will make the task of the collectors as light as possible by having your contribution ready each Friday when called for.

A detailed report of all of the transactions of the Committee will be furnished monthly and their books and papers will be open for inspection at any time by anyone interested.

Get behind the welfare committee. You will be doing two things: First, the pleasure you will derive in the doing of a good deed, and second, relieve the committee of financial worries.

The \$2.10 turned over to the committee by the Misses Ruyter, Lillian Marshall and Master Walter Drew, the proceeds of a play, was simply great. "And a little child shall lead them."

The committee announced that baskets will be distributed each Friday morning at 9 a. m. instead of Saturday. Saturday morning will be devoted to providing shoes and clothing for the school kiddies in need.

The names of the captains and collectors in the various districts will be published in next week's issue of The Palmyra News.

## DEMOCRAT HOPES ARE RIDING HIGH

Mrs. Haas Predicts Victory for Ticket in Burlington County

Burlington county Democrats are predicting a victory for Roosevelt and Garner, their party's presidential ticket, in the November election.

Mrs. Merrill E. Haas, of Palmyra, Democratic State Committeewoman, confidently prophesied Franklin D. Roosevelt and John N. Garner would be given majorities by Burlington County voters, despite the fact that Burlington county is one of the strongest Republican centers of the state.

Mrs. Haas voiced her prophecy at a meeting of the Democratic State Committee in Mount Holly Monday, when plans were also made for participation by county Democrats in the Roosevelt Day at Sea Girl, August 27.

Monell Sayre, Democratic candidate for Congress, was another of the speakers. He is opposing D. Lane Powers, Republican, for the Fourth Congressional District post to the House of Representatives. The district comprises Burlington and Mercer counties.

Other speakers were: Richard P. Hughes, county chairman; John Earl, treasurer of the county committee; Joseph Wolfmont, shirlevia candidate; Frank Cook, for freeholder; Frank G. Abelson, for assembly; John Rice, for county auditor, and Charles R. Pike, for coroner.

Francis H. Reed, of Mount Holly, jury commissioner, was made chairman of the delegation for the Roosevelt Day trip, and is making plans for the motorcade which Democrats are expected to take to Seal Girl.

Democratic headquarters for the county will be opened next week in the Kelsey & Killie Building on Main street. It was announced by George M. Hillman, Jr., State Democratic Committee member from this county.

To make workmen with limited means feel at home in his church, the Rev. Paul Clifton, pastor of the Fundamental Baptist Church in Weatherford, Tex., wears overalls while delivering his sermons.

## PHILADELPHIA MAN NEARLY DROWNS AT COMMUNITY BEACH

William Robinson, of 3965 Parrish street, Philadelphia, narrowly escaped death by drowning while bathing with a party of friends at the Community Beach, Palmyra, Monday evening.

Robinson's companion, Miss Dorothy Sprude, of 3928 Parrish street, Philadelphia, who was swimming with him at the time of the accident supported him by the hair until several other bathers came to their assistance. He was taken to the office of Dr. Dean H. LeFavor, police physician, in the Palmyra ambulance. The doctor administered first aid treatment and sent him to the home of Earl Read, 16 LeJeune road, Palmyra, with whom he was visiting.

## WELFARE BOARD DOING FINE WORK

Has Thoroughly Investigated 228 Cases Since Organization in June

The Burlington County Welfare Board, appointed by the Board of Freeholders to administer Old Age Relief, has been functioning since its organization with the greatest possible speed and efficiency.

According to a statement just issued by the organization, "661 applications were received by the board from June 28 to August 8. 228 of these have been investigated. The routine work of the investigators was so heavy that it was necessary to add temporary investigators to the staff."

"The board realizes the importance of the thoroughness necessary in investigating these applications. It may be interesting to note a few of the many details involved. It is necessary to obtain proof of age, proof of birthplace, proof of residences for the past fifteen years, and various other items."

"After this, the investigator must interview or communicate with all legally responsible relatives, to get information as to their ability to support the applicant, wholly or in part. Cases involving from one to fourteen legally responsible relatives have already been investigated, but could not be acted upon until sufficient information was in the hands of the board to convince them as to the ability or inability of the responsible parties to care for the applicant."

"The work of the investigators would be greatly lessened if all of those interviewed could be depended upon to tell the entire truth and not give misleading information. The board wishes to call particular attention to the fact that any applicant making a false statement on the application blank is liable to a heavy penalty."

"The first payments will be made about September 10, on all cases that have been accepted. It is hoped by then a majority will have been acted upon. Payments will be effective as of August 1, for the month of August; they will be made by check and sent through the mail. Payments cannot be procured in any other way. The county makes the monthly payments and is reimbursed quarterly by the state to the extent of seventy-five per cent."

"The late appointment of the board was due to a bill introduced in the Senate early last year, to postpone the administering of the Old Age Relief measure, and which was not acted upon until the last session. No appointments were made in this county until after this action, so that the county would not be involved in unnecessary expense."

"The welfare board has been meeting weekly, the members giving freely of their time and effort at no expense to the taxpayers. The director, office staff, and investigators are all doing their utmost to keep things moving and speed the completion of the cases."

## CAMP OCKANICKON READY FOR YWCA

Girls' Season Opens Thursday, to Continue for Three Weeks

Everything is in readiness for the opening Thursday of the sixth season of the Young Women's Christian Association camp at Ockanickon, near Medford. Mrs. Roy Clement, of Woodbury, general director of the camp, and some fifty counselors and assistants will be on hand to welcome the several scores of girls from Burlington, Camden, Gloucester and Monmouth counties who will arrive Thursday for the first week of camp.

A highly interesting program for the three weeks of the camping season has been arranged by Miss Edith Wells, of Philadelphia, program director, with the assistance of Miss Ethel Doyle, of Berlin, and Miss Harriet Bowe, of Burlington County Y.W.C.A. secretary. The girls will be offered a wide variety of activities each day and several special features will be presented during the camping season.

Miss Bowe returned to Burlington county, Monday, after spending three weeks at her home in Chagrin Falls, Ohio. She will go to Camp Ockanickon Thursday and will remain there for the next three weeks, looking after the interests of the Burlington county girls.

## BOY SCOUTS END MAHALALA STAY

Girls of County Will Now Have Inning at Reservation

Camp Mahalala, of the Burlington County Boy Scout Council, closed to boys Sunday and will open next Sunday to Girl Scouts of the county.

County Girl Scout leaders took charge of the camp Wednesday, and began preparations for the coming of the girls on the weekend. The girls will spend two weeks at camp.

An impressive "Recall Campfire" ceremony was held at the camp Saturday night, with hundreds of former campers, their relatives and friends, attending. Awards and scout honors were given out at a Court of Honor held under the chairmanship of Matt Shaw, county scout executive.

The awards were made as follows: Second Class—Stewart Evans, Raymond Haines, awarded by George Shumard, Burlington.

First Class—Amos Hope, awarded by Frederick Hyatt, Moorestown. Star Scout—Mac Pharo, awarded by Robert Curtis, Woodbury. Camp Scout—Eagle Scout—Fred Hyatt, Robert Eschschied, awarded by Larwood Caldwell, of Maple Shade, president of the Burlington County Eagle Scouts.

Merit Badges, awarded by P. L. Hipple, Jr., of Amber, Pa.—Mac Pharo, first aid, leathercraft; Robert Hyatt, canoeing; Marius Price, life saving, swimming metal work, woodworkings; Arthur Raymond, canoeing; Fred Hyatt, life saving, camping, athletics; Larry Wire, swimming; Archie Greive, woodcarving; Franklin Stone, canoeing; Nick Silversen, pioneering; Richard Walker, canoeing; Robert Marley, canoeing; Bertram Shoemaker, swimming; Arnold Bartholomew, reading, civics, public health, cooking, pioneering, electricity, woodcarving, first aid to animals, first aid, scholarship; Louis Robbins, canoeing, swimming; Lewis Gunn, leathercraft; Elmer Leaver, pioneering, bugling, forestry, canoeing; Amos Hope, swimming.

The Recall Campfire was opened by Shaw, who introduced Caldwell. The Eagle Scout president explained that, according to tradition, the campfires are always started with primitive means, and always by an Eagle Scout.

## Brickley — Riley

A pretty wedding was solemnized at the Church of Our Lady of Good Counsel, Moorestown, Wednesday morning, when Miss Nellie M. Riley, daughter of Mr. and Mrs. James Riley, of Marter avenue, Moorestown, and Walter P. Brickley, son of Mrs. Margaret Brickley, of Merchantville, were married at 9:30 o'clock. The Rev. Thomas E. Rudden, pastor of the church, officiated.

The bride was charming in a gown of lace over white satin, and wore a veil of lace and tulle. She carried a bouquet of white roses and lilies-of-the-valley.

The bride's only attendant was her sister, Miss Winifred Riley, who wore a gown of pale blue georgette, with pink picture hat and shoes to match. She carried a bouquet of pink roses. Paul Brickley, of Merchantville, served as his brother's best man. John Brickley, of Washington, D. C., another brother of the bridegroom, and James Ryan, of Moorestown, were ushers.

Vocal numbers were rendered by Miss Anna Barr, of Moorestown. A reception was held immediately after the ceremony at the home of the bride's parents, for sixty guests. Upon their return from a motor trip Mr. and Mrs. Brickley will reside at 408 Cleveland avenue, Palmyra.

## I. O. O. F. NOTES

Cinnaminson Lodge, No. 201, I.O.O.F. of Palmyra, will hold its annual picnic on Saturday, August 20. Definite details of the event and the program for the occasion will be printed in this paper next week.

On Friday, August 26, the Grand Master's Group Meeting will be held in Society Hall, Palmyra. Members of all Burlington county lodges are expected to be in attendance. A very interesting and entertaining evening has been promised all those who attended.

## LIBRARY AT RIVERSIDE HAS BUSIEST MONTH

More books were loaned from the Riverside library during July than any month since it was established, according to a report made public by Leona Hermstad, librarian. More than 3400 books were loaned during the month, the report showed. During one week 824 books were circulated.

## BOWLING ALLEYS TO OPEN ON AUGUST 15th

After considerable improvements and alterations the Palmyra Bowling Alleys will open next Monday evening at 7:30 o'clock.

The exhaust fan system, which was installed last year, is working very satisfactorily. There is a complete change of air every seven minutes.

The alleys themselves have been completely resurfaced and refinished by workmen from the Brunswick-Balke Collender Company, this being the third time the alleys have been resurfaced, making them faster than in previous years.

For the opening week a \$3.00 prize for high single game, \$2.00 for the next highest, and five games of free bowling for the third highest.

A special prize will be awarded the lady having the highest game.

The prizes are open to people from this vicinity only.

## A Problem Solved

Taxes have a disconcerting way of becoming due each year at a certain time and it usually happens to be the time when there are so many other things we would like to do with our available funds.

Wouldn't you like to receive from us about the time your tax bill is due, sufficient funds to meet this obligation, and happily solve one of your problems? Here is the simple way in which this can be accomplished.

When \$28.95 Buys A Rebuilt Hoover

WHY struggle along without its valuable help?

This Hoover beats, sweeps, suction-cleans, all in one easy operation, removing the destructive grit that causes a rug to wear out.

This machine, which never sold for less than \$65 when new, has been entirely rebuilt at the factory. Every part that has been subject to wear has been replaced with a new part. It has been tested and inspected like a new machine, before shipping from the factory. It looks like new . . . it will work like new—is guaranteed for one year. Its cash price is \$28.95; a little higher if you purchase on terms of

**\$3 down and \$3 a month**

Also

there are three new Silver Jubilee Hoovers—the "Gold Chevron," "Two-Speed" and the "425." These Hoovers are the last word in carpet cleaning efficiency and in ease of operation. Allowance for an old electric cleaner on any one of the three. Purchase terms are

**\$3 down and eighteen months to pay the balance.**

UPSIDE DOWN IN RIVER  
A lost automobile was found in the river at Beverly, Sunday, after Philip

Washington, of Elizabeth street, chauffeur for Frank Thacher, of Edgewater Park, reported his car had been stolen from his parking place in front of his home. The car was found by

the police and townspeople after residents of the riverbank reported they had heard a crash. The car had been driven over a stone wall at the foot of Walnut street. Occupants had fled before the car was found, overturned, and resting on its top in shallow water. It was badly damaged. It is believed that the driver was unaware of the abrupt ending of the street.

### Use of Gas in the Home The Lower Floor

The home in which gas service is fully used is a home of increased comfort, convenience and attraction.

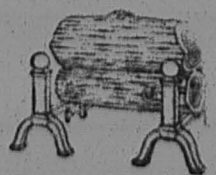

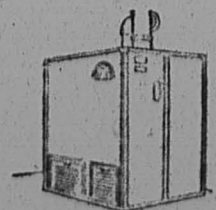

Gas lightens the labor of house-keeping by performing a variety of tasks requiring heat.

As a house heating fuel gas is unsurpassed. There is no dirt or dust, no smoke or soot, and it can be perfectly controlled by thermostat in the living or dining room.

Gas can be efficiently used in auxiliary fire-place heaters in the living room and for the range and water heater in the kitchen.

If you are not familiar with the newest developments in the use of gas in the home, Public Service will be glad to tell you about them.

## A QUIZ ON WORDS

In a recent questionnaire sent to a number of eminent persons it was asked: "What word seems to you most annoyingly overused or mis-used?"

Among those suggested were: Intrigued, kiddies, cute, awful, gorgeous, very, sure, nice, grand, glamorous, colorful and I.

Another question was "What word in English seems to you most beautiful in sound?"

Replies included the following: Mother, love, violet, lake, laughter, willow, melody, and I. A well-known educator voted for payday, with which most teachers will agree, while a Mexican poet liked the sound of cupidist best.

In answer to the request to pick the most useful word in the language, these were suggested: No, yes, the, of, and, in, it, is, have, do, and I. An editor thought eat the most useful.

It may be observed that the pronoun I was selected in answer to all three questions, and a prominent physician declared it to be at once the most beautiful, the most useful and the most annoying overused of all words. Many of our readers will probably agree.

## THE SIX-HOUR DAY

The struggle of industrial toilers for a shorter work-day and better working conditions is a long story that would fill many volumes. But it has been on the whole a successful struggle in most civilized countries, and while the methods employed to secure victory have been at times open to question, there is no doubt that both employer and employee are better off today because of it.

To illustrate what has been gained, we need only reflect upon the fact that the first hour legislation on record was passed by the British parliament in 1802 and limited the labor of children working in factories to twelve hours a day!

America secured wide adoption of the ten-hour day in 1835, while the eight-hour day made little headway until about 1886, and is yet by no means fully in effect in the United States, although it prevails in trades that are effectively organized, as well as in others embracing about one-half of the wage-earners of the country, excepting farm hands and domestics.

Recently, and especially since we have been experiencing an unprecedented blight caused by unemployment, the six-hour day has been strongly urged as a means of relief for the workers displaced by machines. Not only the six-hour day, but also the five-day week. In fact, such a schedule has been adopted already in some industrial plants.

Under present conditions it seems that the shorter work day and work week offers the only practical solution to the unemployment problem. Whether this idea will make headway and eventually lead to a permanent policy remains to be seen, but the trend seems to be in the direction of less hours of labor, especially for those who toil with their hands.

Some people predict that the institution of the family will disappear, but hereabouts the family always manages to show up around mealtimes.

"Grace, we haven't a cent to our names. I broke the last ten dollar bill this morning. I even took your Liberty Bond."

## Synopsis of Preceding Chapter

Calling upon Grace Livingston one evening, Tommy Tucker is immediately involved into a family bridge game by Grace's father, while his rival, Dick Loring, a more energetic man, pleads his cause with Grace. Tommy suddenly contracts a violent headache, basking up the game, and Grace's uncle, Doctor Anderson, diagnosing the case, tells Tommy that the only way to win a girl is to grab her. Later that evening, when Loring has taken his leave, Tommy follows the doctor's advice. Grace tells Tommy that she has quarreled with Dick. She wants Tommy to know that before saying 'yes'. Besides she wants to get away from the small town of Riverton. When Tommy tells her he would be glad to start business anywhere with her by his side she consents to marry him.

## Chapter II

AFTER much weighty deliberation Tommy Tucker seems as the place to make his fortune, and after the wedding he and Grace settled in this bustling Missouri town. As the months rolled slowly by, however, Tommy found it extremely difficult to make a mere living, not alone a fortune.

Opening his office door one morning, he was greeted by a little grey-haired man patiently awaiting his arrival. "Mr. Tucker," asked the man, "could I have a little rent money this morning? You've occupied this place eleven months now and you still owe ten."

"Well," began Tommy in a half-hearted drawl, scratching his head, "I've got a deal on—". He broke off abruptly, and turning, saw a well-dressed, keen-looking business man entering.

"Good morning," Tommy greeted the newcomer, and wheeling to the little man ushered him out of the office with a brusque and lusty assurance. "You may be sure, Mr. Pickering, that the matter will be handled to your entire satisfaction."

Tommy breathed a deep sigh of relief as he faced his new visitor who had already spread a large map upon his desk.

"Mr. Tucker," asked the man in a deep resonant voice, "is that your lowest price?"

"A hundred thousand dollars, Mr. Barstow," Tommy reiterated curly. Barstow shook his head. "The railroad will never pay it."

"Your railroad's got to have the property," smiled Tommy. "You're sure of that, eh?"

"There was something disconcerting in Barstow's tone, and when he began rolling up the map again, Tommy's heart sank. He stood open-mouthed, staring at Barstow and it was not until the man had reached the door that he found his voice.

"When will I see you again, Mr. Barstow?" Tommy asked desperately. "Why I thought Mr. Barstow and I were having dinner with you tonight," said Barstow, surprised at Tommy's query.

Tommy's face flushed with embarrassment. "Sure," he stammered, "that's right—funny—I forgot all about it for the moment."

"Well, I didn't," laughed Barstow. "Mrs. Barstow and I haven't had a home-cooked dinner in a month of Sundays—I'm looking forward to it. About seven-thirty?"

"That's right," agreed Tommy, "about seven-thirty. I gave you the address, didn't I? The Queen's Arms Apartments—about seven-thirty."

When Tommy arrived home that evening he was surprised and somewhat disturbed to see that preparations for the dinner had not been completed. Grace was still bustling around the little apartment, in and out of the kitchen, setting the small table for four. Tommy watched her in silence for a moment and then asked excitedly:

"Grace, do you know what time it is?"

"Seven," she assumed apathetically. "It's after."

"I can't help it," retorted Grace. "Margaret never showed up and I had to do everything myself."

"What is the matter with Margaret?" "She has misery."

"What's misery?" Grace shook her head despairingly. "I haven't any idea, except that it's something that is supposed to love company, so I know I haven't got it."

"Say, what's the matter with you?" said Tommy angrily, "aren't you feeling well?"

"How would you feel, if you were left without help, and had people who had never seen coming for dinner? Why not take them out to dinner? It would have been much simpler and no more expensive. I don't suppose it ever occurred to you that I might like to go to a restaurant—that I might like a change from this eternal cooking and eating at home."

Tommy was astounded at Grace's sudden outburst.

"I'll tell you what we'll do," he said after a moment, "tomorrow night we'll go out to dinner—any place you say, only tonight, Grace, I want Mr. Barstow to come here. It's a business reason—a very important one." He hesitated and then putting his lips close to her dainty little ear, whispered, "Grace, we're going to be rich."

Grace turned suddenly to him but instead of the pleased surprised expression he expected he saw her eyes hardened in a skeptical glare.

"Who died?" she asked disparagingly. "Nobody," he gasped in astonishment. "I'm going to make it myself. Do you remember my telling you about the Amusement Park property? Well for six months I've been buying options until I've gotten control of the whole thing. I heard on good authority that the railroad was going to build a spur line and that the route would be right over the property I'm telling you about. The man who is coming here tonight is the purchasing agent for the road. I gave him a two day option at one hundred thousand dollars."

Grace could not believe her own ears. Her lower lip quivered, struggling for speech.

"A hundred thousand dollars," she exclaimed, and then throwing her arms about his neck, "Oh, Tommy, if you get it, it means New York, Paris and clothes."

"You bet!" said Tommy in a haughty self-satisfied tone. "We're through with all this economizing. You know now why I haven't said let's buy or spend that I could take and scrape together to buy those options. At the present moment, Grace, we haven't a cent to our names. I broke the last ten dollar bill this morning. I even took your Liberty Bond, Grace."

"Tommy, you didn't do that?" she said frightened.

"I did, Grace. You said it was there in case of need and I needed it. You don't mind, do you, dear?"

"No," said Grace timidly, a worried frown lining her brow, "not if you are going to make a lot of money."

"And we are," enthused Tommy, hugging her tightly, "bottles of it! Barstow—". He broke off suddenly and staring off hurriedly toward the kitchen, said, "I'm going to make a cocktail."

Grace watched him silently for an instant and then cried, "What with?"

"Haven't we any gin in the house?" asked Tommy, turning to her. "Where's that bottle Nate Allen gave us for a wedding present?"

A guilty expression clouded Grace's face as she admitted, "Margaret drank it."

"You mean to say we haven't anything at all to drink?"

"There's some of that root beer I made."

At that moment, a small colored girl, Margaret's daughter, Hattie, entered from the kitchen taking a bottle from a small hand bag.

"Mr. Tucker," she drawled languidly, "did you-all want some gin?"

"Why, Hattie," exclaimed Tommy, "where did you get that?" and without awaiting her reply went on excitedly, "Do you know how to make a cocktail?"

"Yessah! I've seen them make them places I have worked. They just squeeze half an orange in a good sized shot of gin and call it an orange blossom."

"I have heard of that," said Tommy, "and I've some oranges—there." He pointed toward the oak sideboard. "And Hattie, as neither Mrs. Tucker nor I drink, you can make two a little weaker—put mostly orange in two of them."

"Yessah, I'll fix them. Two good—and two a little worse."

(To be continued)

## O. K. BATHING POOL AT MOORESTOWN

Diagnosis Shows Spinal Meningitis Wasn't Contracted From Bathing There

A rumor which has developed that the Moorestown Water Works swimming pool is in unsanitary condition has been investigated, and the evidence indicates that it is without real foundation in fact.

A Moorestown boy, known to have used the pool, has been taken to the Burlington County Hospital, Mt. Holly, where a diagnosis of probable spinal meningitis has been made. The attending physician has informed the members of the family that it is not at all likely that the disease was acquired from bathing. Dr. G. H. Wilkinson, head of the local health department, has stated that it is very improbable for the disease to have been caused from bathing in the pool, and that he did not think it necessary to close it.

Tests for bacteria coli made by Mr. Greenwood of the Water Department two weeks ago, showed the water to be in sanitary condition in this respect. Mr. Craft, New Jersey State Chief Engineer, has stated that he does not think it necessary to close the pool, and that tests made by Mr. Greenwood would be as adequate as those made by the state for this purpose.

These tests are being made again, and it is believed they will show that the pool water is sanitary. If they indicate an unsanitary condition it will be necessary to close the pool.

## MOORESTOWN FIRE COMPANY DEFIANT

Can't Replace 22 Men Who Resigned in Squabble Over Chief

Frank M. Thomas, Sr., secretary of Moorestown Hose Company No. 1, at the conclusion of a special meeting Monday evening drafted a letter to Township Committee Benjamin M. Haines, secretary of the first Moorestown fire district, that the company will be unable to carry out the instructions of the Commission and recruit 22 new active firemen to replace the 22 who resigned Wednesday evening of last week after the fire commission had appointed Ellis H. McAllister chief for a term of a year.

Haines, in a letter to Thomas last week, stated that a resolution had been passed by the township commissioners instructing him to notify Hose Company No. 1 to send a list of 22 new names to the commission so that the fire department could be brought up to its usual efficiency.

The special meeting Monday evening was attended by more than 50 Hose Company No. 1 members. It was brought out that there are no available members to place on a new list as all of the men who are within the age limits for appointment, 21 to 35 years, were on the active list of thirty members before the resignations were sent to Haines.

## 22 Resign As Protest

The 22 men resigned as a protest against the appointment of McAllister as chief. They supported John T. Callahan for chief and contend that since he received the majority of the votes at the convention of the active firemen of the two companies on June 28 he was elected and should have been installed as chief.

The Hose Company No. 1 members are also up in arms because McAllister towed their apparatus from their fire house on West Main street to the Relief Engine Company home on Chester avenue last Thursday morning after he had received word that virtually all of the active Hose Company No. 1 members had resigned.

It was proposed at the special meeting Monday night, over which Fire Commissioner Harry B. Ulmer, president of the company, presided, that the 22 firemen who resigned return to the active list if the commissioners would void the appointment of McAllister and name Nathan Wright and Township Committeeman Edward Halleran, former chiefs, heads of the two units for this year. The proposal was turned down by the firemen, who insist they will not return to active duty unless the election of Callahan is recognized.

## McAllister Appointed

The fire commissioners, at a special meeting Tuesday evening that week, voided the election of Callahan and succeeded McAllister as fire chief and reappointed McAllister for a year's term.

The action of the commissioners was based on Township Solicitor Walter Carson's interpretation of the rules and regulations governing elections of fire chief. Mr. Carson was present at the meeting and gave a verbal opinion.

According to Mr. Carson, Callahan was illegally nominated, as the regulations provide nomination shall be made by the company whose turn it is to offer the nominee for chief. Callahan's name was offered by an individual after McAllister's name had been presented at the convention of the active firemen on June 28 as the

nominee from Relief Engine Company. The election was declared illegal because McAllister, the legal nominee, failed to receive a majority of the votes cast for chief.

The rule on which Mr. Carson based his opinion follows:

## Carson Cites Rule

"The chief shall be nominated alternately by each company."

The appointment of McAllister for a one-year term, to end the last Monday in July, 1933, was based on the rule which reads:

"In case of no election or failure from any cause to elect a chief, at any convention held for that purpose, the Board of Fire Commissioners shall appoint a chief to serve for a period of one year."

Both Callahan and McAllister were nominated by Relief members. The controversy developed because Relief members, at their June meeting, went on record as favoring McAllister and it was contended that this action should have dictated the nomination. Callahan defeated McAllister for the chief's job by a vote of 28 to 22. It is understood that all of the representatives from Hose Company No. 1 and six from Relief voted for Callahan.

## CIVIC CLUB OF LENOLA DISCUSSES ORDINANCE ON RUBBISH DISPOSAL

At the regular meeting of the Lenola Civic Club last Thursday evening, with Paul Greenwood presiding, there was much discussion about the various ordinances that the Moorestown township committee will pass upon soon, particularly the one pertaining to rubbish disposal.

Very few residents of Lenola knew just where the dumps were located; however, Roscoe C. Lockwood soon cleared that matter up.

The dump for resident of Lenola is at the foot of Harding avenue, near the creek.

The regular social night will be this Thursday evening. Everyone is invited. There is no charge for dancing or playing cards.

## MACON, NEW U. S. AIR GIANT, TO USE ELECTRIC SIGNALS

In addition to other methods of communication, the Macon, sister aircraft most efficient for the work yet devised, will be used to signal from the ship of the Akron, the United States' giant air liner, will have a special electric signalling searchlight, reports the New Jersey Public Utility Information Committee. The new unit, the airship to the ground, just as battle-ships use their searchlights for signalling purposes. A 500-watt 115-volt motion-picture projection lamp of the same type as used in home movie-projectors provides the light. The unit is made almost entirely from hard drawn aluminum. Its reflector is of chromium-plated sheet brass drawn to the form of a modified parabola. The lenses are made of safety glass ground and polished on both sides.

## CHRISTIAN ENDEAVOR PICNIC

A picnic by the Burlington County Christian Endeavor Union will be given at Lake Cotoxan Saturday, August 13. Meet at Lake Cotoxan at 2 o'clock. Baseball and outdoor sports of all kinds will furnish the amusement. Also swimming events. Bring picnic supper.

Publicity Chairman.

Dulio Cacasina, of New York City, walked in his sleep out of a second-story window, got up, mounted the stairs and went to bed again without waking up.

## PLAN CONVENTION PROGRAM IN CAMP

State Leaders of Y. M. C. A. Groups to Meet at Ockanickon

In preparation for a state-wide conference of leaders of Y.M.C.A. groups in the various counties of New Jersey, a program planning meeting was held at Camp Ockanickon, Sunday evening.

E. W. Barnes, of the state staff, Newark, responsible for this conference, who is also serving as director of Camp Ockanickon this summer, acted as general chairman of this program planning group. The dates of September 10 and 11 have been reserved and plans for an attendance of at least one hundred.

This will be the third annual conference of its kind to be held at the camp site. Two years ago, in connection with the first conference a loose-leaf Group Leader's Guide was compiled, which since that time has been used in practically every state of the nation. It will serve as resource material for this conference.

In this planning conference were a number of Burlington county leaders. September weekends at Camp Ockanickon promise to be teeming with activity. On the very day the girls' camp closes, Friday, September 2, the West Branch of the Intermediate Christian Endeavor Society of Philadelphia will arrive in camp for a three-day conference, ending with the evening of Labor Day, September 5. This will be the fifth annual conference of this group on this weekend at the camp.

At the Upper Lake camp the same time there will be an encampment of underprivileged boys from the city of Camden, sponsored by the Camden Y's Men's Club.

On September 10 to 11, in addition to the state-wide leaders' conference, there will be held on Saturday the annual fall outing of the Camden Y.M.C.A. Physical Department.

On Friday and Saturday, September 16 and 17, the Camden county Missionary Society of Methodist Churches have planned a two-day conference, concluding on Saturday night with a big outdoor picnic supper, to which are being invited all members of Epworth Leagues of the various Methodist Churches represented in the societies of this conference.

Business Girls' League On Saturday and Sunday, September 17 and 18, the setting-up conference of the Business and Professional Girls' League of the Trenton Y.W.C.A. will make Ockanickon its conference center.

September 19 and 20 the Baptist ministers of the southern area of New Jersey will have an all-day session there. On Wednesday, September 21, the men's group of the Presbyterian Church of Moorestown have plans afoot for their annual outing and dinner at the camp.

Saturday, September 24, is the tentative date set for the Pomona Orange picnic.

September 30 and October 1 and 2 the Girl Reserves of the Camden City Y.W.C.A. will have a weekend togetherness at camp and also during this same time the Silver Bay Club of the Trenton Y.W.C.A. will come to Ockanickon for their second annual gathering of this organization there.

Bookings either for the use of the outing area at camp or for weekend conferences, or any use of the property during the time when either the boys' or girls' camp is not actually in session, heads up at the Burlington County Y.M.C.A. headquarters, Mount Holly. Inquiries as to various dates, accommodations, meals, etc., should be addressed to Secretary Guy C. Hendry.

## PIONEER NOTES

Seven members of Camp No. 15, Pioneers of America, of Palmyra, enjoyed a camping trip at Island Park, near Mount Holly, over the weekend.

Those who spent the weekend in camp were: W. Groff, William Semple, H. Friberg, H. Kemp, William Stone. Elmer Semple was in charge

of the group. The members of the Pioneers are now planning another camping trip and corn roast to be held over the Labor Day holidays.

WILLIAM KEPNER.

J. J. Settegast, 87, of Houston, Tex., made the following remark recently, "I've found that the most enjoyable thing about life is being in debt."

## MOORESTOWN WOMAN FELLED BY MOTOR CAR

Mrs. Howard Knight of West Second street, Moorestown, was knocked down by a car driven by Robert L. King, director of recreation, at South Washington and Prospect avenues Sunday afternoon shortly before 1:30.

Mrs. Knight, walking across Washington avenue at Prospect, was struck by the machine as King backed into Washington avenue while turning around. Mrs. Knight, who was bruised and suffered the loss of four teeth, was removed to her home after receiving treatment at the office of a local physician. She was reported as suffering from shock on Monday.

The recreation director, driving a car owned by George W. Nickols, 18 East Oak avenue, assumed full responsibility for the accident and no arrest was made by Officer Walter A. Erickson, who investigated.

Harold Torres, four and a half years old, escaped with minor cuts and bruises when he was knocked down as he ran into an automobile after jumping from W. E. Conroy's ice truck in front of his home, 22 East Second street, Wednesday morning of last week.

The car was driven by Mary Jane Plick, 23 New Albany road, Lenola. The lad was treated at the office of Dr. Nathan Thorne. No arrests were made.

MEMORIAL PARK  
PLAYGROUND  
BASEBALL  
SCORES

By "BILL" SCHOPP

Athletics 18, Lamplighters 12

Aug. 5—Scoring sixteen runs in the last three innings, the Athletics nullified the early lead amassed by the Lamplighters, to win a glorious victory, 18-12. After the A's had scored six more runs in the first half of the ninth inning, Umpire Conway (who creeps up on every pitch) reluctantly snapped out of the proverbial umpire's blindness, hebelled that night, even as he himself, was creeping up on the ball game, and called the game, the score reverting to the end of the eighth inning. Night baseball is all right if played under lights.

Swain, Athletic third baseman, featured in a play in the seventh inning that decided to win a stop-over. He struck out. But Bowers, Lamplighter catcher, deflected the ball off the diamond, letting Swain make first. With the Lamplighters throwing the ball around without catching it, two base runners scored before Swain, who had a home run on a strike out. Swain's run was what eventually proved to be the tying one.

In another inning, one of the Lamplighters hit the ball so high that it took three minutes, more or less, for it to come down. It was a foul pop that decided to make a stop-over in the tree back of first. A boy climbed the tree and shook it down.

McIlheny of the Lamplighters in addition to making three hits, made an unusual play when in the sixth inning he kept on running after catching Harker's single on the first bounce, and tagged out Oliver, who had over-run second. Griffith with five hits led the Athletics.

Grizzlies 15, Panthers 5

Aug. 9—It is hard to understand why the Park Panthers, with their hitting, fielding and pitching power, have lost three games. Their latest defeat came from the claws of the Grizzlies, sharpened by the eight-hit pitching of orace Finney, Sr. Esq.

The Panthers were absolutely gyped, defrauded and otherwise swindled as Ump Carhart called one too quick when Conway was thrown out at the plate in the sixth inning. We saw, and other too, Trautman, Panthers' catcher, tag out Conway at least a yard from the plate. Conway was called safe. And, as Trautman violently slammed the ball down in righteous anger, ire and wrath, Bonger scored.

Rather than have the umpires think they are unappreciated and acutely blind, we hereby do praise and glorify them by proclaiming their work good. It may be out of place in sport columns, but anyhow we shall quote a certain obscure Elizabethan dramatist and Mr. Mary Antony, Esq., "The evil lives after them."

Pitcher with four for seven led the Uraine Beasts—the Grizzly Bears if you don't know. Donahue and Mr. Patrick Steele with two apiece led the Feline Beasts—meaning Panthers. My, my, what a collection of zoological specimens we have in the team! Grizzlies ..... 005 204 220—15 9 9 Panthers ..... 000 001 012—5 8 11 H. Finney, Sr.-D. Kersey; Goldberg-Trautman.

Trojans 27, Firemen 12

Aug. 8—Dreer's Trojans put out the Firemen in a seven-inning game, 27-12. In which record of hits and errors was not kept. It is not an easy job to keep such records, so if any team feels slighted at the microscopic size of their write-ups, that team should thrust forward somebody who would keep that record. Or if anyone around town would volunteer to do the job, it would be appreciated. Or who wants to be Ambassador to Bolivia?

Firemen ..... 2 1 2 5 2 0 0-12 Trojans ..... 5 1 5 7 2 4 3-27 Cole, Furns-Kapus; Strohlme-McDermott.

Panthers 14, Athletics 4

Aug. 3—In the playoff of the 14-14 tie of July 14, the Panthers easily defeated the Athletics, 14-4. Ruben Goldberg, who pitched for the Panthers in holding the A's down was a master in the clinches. In the fifth inning with the bases full and none out, he retired the side on a short outfield fly, a foul out, and a grounder. In the fifth, sixth and seventh innings, the Athletics made four, four, and three hits respectively and only ONE run in each inning.

An odd record was made when the first two Athletic batsmen were called out for being hit with their own bunts. Harker, cf, had four hits for the A's. Donahue had four for the Panthers.

Rambler 12, Lutheran 9

Aug. 4—Behind the "ramp strike" pitching of Ed Williams, the Ramblers held the Lutherans in subjection enough to win by the margin of 12-9. Again, clever base-running by Al Stocker, Lutherans' shortstop, was a feature for the losers.

C. Wright was the ramblingest Rambler with four singles. Brady, Stocker, and Ad Chandler each made three bingles for the Lutherans. A strange, diving catch, in which Brady snagged the ball on his bosom was a feature of the game.

Rambler 12, Lutheran 9

Aug. 4—Playing their second game in two days, the Panthers slipped down to an 18-12 defeat at the hands of the Tigers. Sambo Goldberg, who pitched the last two innings for the Panthers, gave the crowd a laugh when he swung around even until sitting down at two of Wald's pitches in the eighth.

Records of hits and errors were not kept, but after seeing the last four innings, I can say both were bounteous.

GIRLS' SEASON AT  
CAMP MAHALALA

Site to be Opened for Two Weeks Through Scout Councils

The appeal that camping makes to all youth will not be denied at least one hundred girls from Camden and Burlington counties this season as Camp Mahalala will be opened for a period of two weeks, beginning Sunday, August 14, through the efforts of the Girl Scout advisory councils of these two counties.

Registrations may be made through Miss Jessie DePuy, business manager, of the Moorestown Community House. There are no openings left for the first week and only a very few vacancies for the second period, so therefore, local girls are urged to see Miss DePuy immediately to enroll.

Mrs. Davis E. Bentley, Jr., acting chairman of the joint committee, announced, "We are sponsoring a camp which will be open to all girls from the age of ten years up. Camp Mahalala will not be limited to Scouts, although all girls attending will have the opportunity to become Scouts if they are so inclined."

The camp is situated on an historical site on the Wightstown-New Egypt road and is the official county Boy Scout camp. It has received the stamp of approval of the National Girl Scout Council and will be under supervision of specially trained camp directors.

Miss Janet Strlehoff, a veteran director, has the post of chief of staff. Fifteen trained Scout leaders, a Red Cross swimming instructor, an experienced dietitian and a trained nurse are also included in the supervising group.

The girls, themselves, will be divided into three units, each working separately and in competition with each other. These will be headed by Dorothy Schroeder, White Plains, N. Y.; Elizabeth Glassom, Beacon, N. Y.; and Melissa Fauratie, of Montclair, N. J. Besides Mrs. Bentley, chairman, the committee arranging the camp includes William Baird, Mrs. Helen Gravatt and Mrs. M. Mays, of Camden; Mrs. William Shoemaker, Riverton; Miss E. Boyer, Riverton; Mrs. Walter Hansen, Palmyra; Mrs. Olive DuRand, Laurel Springs; Mrs. J. Aubrey Suton, Mrs. J. M. Shelmire, Mrs. Irving Stowe, and Miss Jessie DePuy, of Moorestown.

CHRISTIAN SCIENCE

"Soul" will be the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday, August 14, 1932.

The Golden Text is: "Now the just shall live by faith: but if any man draw back, my soul shall have no pleasure in him. But we are not of them who draw back unto perdition; but of them that believe to the saving of the soul." (Hebrews 10:38,39).

Among the citations which comprise the lesson-sermon is the following from the Bible: "Then he called his twelve disciples together, and gave them power and authority over all devils, and to cure diseases. And they departed, and went through the towns, preaching the gospel, and healing every where" (Luke 9:16).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Like the great Exemplar, the healer should speak to disease as one having authority over it, leaving Soul to master the false evidences of corporeal senses and to assert its claims over mortality and disease. The same Principle cures both sin and sickness" (p. 395).

How's the old bus running these days, Jim?"

# THE NEW ERA

Vol. 44. No. 32.

RIVERTON, NEW JERSEY, THURSDAY, AUGUST 18, 1932

PRICE, FIVE CENTS

## COUNTY SCOUTS TO CAMP AT RIVERTON

Annual Event Comes to Riverton This Year, Sept. 30 and Oct. 1

From one end of Burlington county to the other, signal fires are vigorously waving and campfires brightly burning as the county's thirty and more Scout troops actively prepare for their great Camporee to be held on Memorial Park, Riverton, on Friday, September 30 and Saturday, October 1.

While the Camporee has been an annual feature of Burlington county scouting for several years, none have aroused such universal interest as the 1932 celebration which is being held under the auspices of the Riverton troop and at the invitation of the Riverton borough council, whose members have very kindly extended a cordial invitation to Burlington county scout troops to make full use of the splendid facilities of Riverton's magnificent Memorial Park.

Scout Executive M. H. Shaw, of Burlington county headquarters is working hand-in-hand with the Riverton troop's officers and troop committee in making this year's Camporee a gigantic success.

The program is scheduled to open at six o'clock Friday evening, September 30, when a picked patrol of star campers from each troop will pitch individual camps and start a twenty-four hour camping contest. At eight o'clock there will be a great campfire, which, it is expected, will not only attract all the scouts in Burlington county, but their parents and friends as well. Details of this program have not, as yet, been announced, but it is said that the program will include an exhibition of scouting that will be of universal interest. This part of the program closes at 10 o'clock with "Camporee."

The program will again get under way bright and early Saturday morning and from then until dark there will be a continuous exhibition of scouting as the scouts and troops compete for the cups and individual medals which will be awarded to the winners of the many events. Many of the Burlington county troops are also planning a recruiting campaign in conjunction with the Camporee with the slogan YOU CANNOT BE A REAL SCOUT! JOIN YOUR LOCAL TROOP!

All the residents of the county are cordially invited to attend the campfire on Friday evening and the contest on Saturday, both of which will be held at Memorial Park, Riverton.

Further details regarding the affair can be obtained by consulting Mr. Shaw at Burlington county headquarters, Boy Scouts of America, Oliver Building, Burlington.

## TO THE DEATH

A conflict, dripping with gore of the deadliest, is due Friday night when the Truck Greasers (otherwise Trojans) look after the Reliance boys (elephant Reliance).

Both teams are of equal standing in the League and the fray in question will decide which team will represent dear old Alma Mater as the Variety—the right to wear "D" on their pants—the Reliance boys having groused all summer over the appropriate epithet of "Scrubs."

A dark rumor is also afoot that one of the largest nurseries in northern New Jersey has issued a challenge to the Dreer boys, and when the dew softly falls on Friday night the team that is crowned victor on the field of carnage will also have earned the right to represent the old ivy-girdled college in battle with its northern rival.

The battle of the century—come see it, Friday night.

## DIVING EXHIBITION AT RIVERTON YACHT CLUB

The Riverton Yacht Club is sponsoring a diving exhibition from the end of its pier next Tuesday evening at eight o'clock. The public is invited to be present to witness a group of titled divers from the Philadelphia Turngemeinde who will perform for the Yacht Club.

Charles Braum swimming director of the Turngemeinde, is sending the following divers to take part in the exhibition next Tuesday: Selma Haeberle, senior Middle Atlantic and Pennsylvania State low board champion; Ivy Allen, former Middle Atlantic high and low board champion; Emma Weber, runner-up in Eastern Circuit Gym Tournament; George Schaefer, former senior Middle Atlantic low board champion and runner-up in senior Middle Atlantic high board; John Jenkins, present junior Middle Atlantic champion, and Francis Sheridan, runner-up up junior Middle Atlantic championship.

The Riverton Yacht Club has been unusually active this year in promoting events that can be enjoyed by the public at large. These events have been given free of charge to everyone without reference to membership, and are sponsored in the hope that Riverton will grow to use and appreciate its river front advantages and Yacht Club.

A real treat is in store for those attending the diving exhibition next Tuesday evening.

## RIVERTON GIRL IN TENNIS TOURNAMENT

Katherine Graff Upsets Dope When She Reaches Third Bracket in Del. County Match

Miss Katherine Graff, of Riverton, successfully worked her way up to the third bracket in the Delaware county tennis championship tournament, played at the Idle Hour Club, Springfield, this week.

Miss Graff was not expected to advance to the third bracket, according to press reports, but surprised followers of the sport when she defeated Mrs. John Toram, 6-3, 6-1 last Monday at the club.

Miss Graff was eliminated on Tuesday afternoon when she played Mrs. Frank Harper, of the Bucks county Country Club and seeded number one player in the Delaware county championship. The score was 6-2, 6-1 and while it will go on record as a defeat, some credit must be given Miss Graff, for Mrs. Harper is known as a marvelous tennis player in her class.

Miss Graff has been playing in the West Jersey League for the past several years.

## GLADYS LATHBURY TRAINS FOR SWIM

Letter From "Bill" Boggs, Her Trainer, Tells of Progress in Canada

To those of our readers who have contributed to the fund for sending Gladys Lathbury to Toronto to train for the ten-mile swim in Lake Ontario the end of August, representing Riverton, the following letter from her trainer, "Bill" Boggs should prove of interest:

39 Garden Avenue, Toronto, Aug. 10, 1932.

Mr. Lath, New Era, Riverton, N. J.

Dear Mr. Lath:

How is everything down your way? We are getting alone fine up here. Gladys has been in the water every day and sure looks in A-1 condition. We are all set for the last three weeks of intensive training.

Two workouts daily, morning and evening, 10 o'clock bedtime, rest in the afternoon. Gladys had a five mile swim today and went along very nicely.

The water has been averaging between 65 and 68 degrees which is much warmer than the first five days of our stay here. We have been working out on the course the past three days and the water conditions have been very favorable due to the change made this year for the marathon swim.

During the few cold days we experienced, when the water was averaging 50 degrees I had Gladys swimming in the Humber river which empties into the lake about three miles below the Exhibition Grounds. The lake water affects the river water when the wind is blowing a western direction, warming the water at least three-quarters of a mile up the river, this in turn gives Gladys a chance to become acquainted with the change of temperature gradually. Now that we are out in the lake water, naturally we can cover more mileage.

I have leased a rowboat for one month, including the day of the swim, also the home where we are now living where we have arranged to stay for the present and three days after the swim depending on the outcome of the race.

Gladys sure has her heart set on the big swim and first place. I give her a "pep talk" every day but I really don't think it is necessary; she is out to win and will swim her head off.

Both Gladys and myself will be pulling for a winner and we sure hope to represent Riverton in the Women's Professional Championship as "winners."

Tell the folks down home we are here to win and hope they are all pulling for us.

Yours very truly,

"BILL" BOGGS.

## RIVERTON TENNIS JRS. DEFEATED

Pitman Racquet Wielders Prove Too Strong for Local Netmen Thursday

The Riverton Memorial Park Junior Tennis Team was administered its first defeat at the hands of the Pitman Senior Team, on Thursday, August 11, at the Pitman courts.

The Juniors were completely outclassed, and the outcome was never for a moment in doubt, but they put up a game. If losing, fight. The only match won by the players from Park was the fifth singles encounter between Lewis Robbins, of Riverton, and E. Krueger, of Pitman. The match was a long one consisting of thirty-seven games. When the end had been reached, the score found Robbins on the long end, 2-6, 11-9, 6-3.

Robert Borer, playing No. 1 position, succumbed to J. Barandon, star of the Pitman Seniors, by a 6-1, 6-3 count. Edwin McVaugh, No. 2 post, had no more luck and was defeated by J. Stewart, 6-0, 6-3. P. Beattis tripped Jack Reynolds, Riverton No. 3, to the tune of 6-2, 6-2. This, however, does not tell the story of the hard battle Reynolds gave Beattis before losing.

Brook continued the routing of the Park forces when he defeated Walter Smith, 6-3, 6-4. Smith had a 4-0 lead in the second set, but he was unable to hold it. J. Barandon and J. Stewart paired to defeat the Riverton doubles of Robert Borer and Edwin McVaugh, but this was only accomplished after twenty-eight games had been played. The score was 7-5, 6-7.

The Park Girls team proved more successful and divided their two matches. Helen Enskat, Riverton, premier girl player, defeated Judy Orr, 6-3, 6-4, in a very close exhibition of tennis. Ella Bussell, playing No. 2, was not so successful but put up a good fight before going down, 7-5, 6-1, at the hands of L. Clark. These two matches brought out the fine tennis ability which the girls are capable of displaying.

In addition to the two group matches a series of two mixed doubles matches were played. In the first match Helen Enskat and Jack Reynolds played to outmatch Judy Orr and S. Brook by a 6-3, 10-8 count. This pair, although never having the close together before, showed little of the inclination of new partners to be uncertain of each other. The original pairing of Enskat and Borer was not allowed, as a rule at Pitman says that no player can play twice at one meet. In the second mixed doubles the Enskats and Borer were paired, but they were not so fortunate and lost by the score of 6-2, 6-3.

The match was greatly enjoyed, and everyone remarked upon the fine hospitality of the Pitman Club. A return match is being arranged, but the date has not yet been set.

The Junior team was handed its second straight defeat, which evened up the wins and losses, at the hands of the Peddie School, at Hightstown. All six participants piled into Mr. Mount's car and arrived after a somewhat uncomfortable ride. The Peddie team defeated Rene Gros, playing first man for the Juniors, by the close score of 6-2, 6-1, 13-10 after a bitterly contested third set.

Robert Borer, playing for the Juniors at No. 3 position easily won his match from S. Fennell, 6-2, 6-0. Edwin McVaugh was defeated by R. Randall, 6-0, 6-1, 13-10 after a bitterly contested third set.

Gros and Hemphill paired to lose the first doubles contest to Iguendo and Fennell 6-3, 8-6. The second set was a nearly perfect exhibition of tennis and too much credit cannot be given to the losing team. The second doubles team of Borer and McVaugh won their match by default after one set and part of another had been played. The score was 5, 7, 4-1 default.

Riverton's third pair, Jack Reynolds and Walter Smith, proved no match for the aggressive tactics of Smith and DeBres, the Peddie pair. They lost by the margin of 6-2, 6-4.

A return match has been arranged with the Peddie School team for Monday, August 22, at Riverton. The courts will be reserved for the Juniors from 2 p. m. until the close of the meet. The same rule applies for this Saturday when the Dudley Orange Tennis Team journeys to Riverton to play the Park Senior Team. Any people who wish to see two good tennis matches are urged to come out and root for the home team on Saturday and Monday afternoons.

## EAST RIVERTON WOMAN HURT

Mrs. Florence Edmund, colored, of East Riverton, was slightly injured last Wednesday when struck by a light truck driven by Henry Rapp, of Lee and Carroll streets, Riverton. Mrs. Edmund had alighted from a Public Service bus and walked in front of the bus to cross the street just as Rapp came along. She was taken to the Burlington Hospital, Riverton, and sent home after treatment for bruises.

Preparations are now being made for the opening of the Northfield School. The Northfield Seminary for Girls opens September 14, and Mount Harmon School for Boys opens September 15.

The members of the Palmyra-Riverton Rotary Club wish to publicly thank all those who offered their services and cars Tuesday when they aided the local boys to witness the baseball game between the Athletics and Cleveland.

## THE BONUS MARCHERS AGAIN

The following letter was published in an Atlantic City paper:

One Wonder: What Roosevelt Would Have Done?

To the Editor:

The G. O. P. surely signed its death warrant when Mr. Hoover sent for General McArthur from Fort Myer, to bring the cavalry to shoot, stab, cut the poor defenseless war veterans who were starving, shoeless, no clothes, nothing to eat. Mr. Hoover said that there were Communists among the veterans. Well, what was the matter with the Secret Service men? Why didn't they arrest the wrong-doers instead of making all the poor veterans suffer?

Mr. Editor, all the money in the United States, including that of Mr. Morgan, will never elect the Hoover gang, Hurley, Mills, Mellon, H. Hoover—you can see by the way they treated the poor, forgotten men that Mr. Hoover has no use for a small business man, farmer or soldier. Because even since Hoover has been in the White House, he has looked out for himself. The only man who can save this country from ruin is Franklin D. Roosevelt, because he is for everyone, rich or poor, they're all alike to Roosevelt.

MRS. EMMA CONOVER

722 Broad st., Pleasantville.

To the above letter L. A. Flanagan, of Riverton, who is spending the summer in Atlantic City, wrote the following reply:

Hoover is E. F. Action Applauded

To the Editor:

The letter from the woman in Pleasantville, which I feel, needs an answer. "One wonders what Franklin D. Roosevelt would have done?"

In reply, I would say that he would have done just what President Hoover did, namely, he would have done his duty. If one realizes the importance of the keeping and upholding of law and order, especially in the city of Washington, it is one of the last places to tolerate any such behavior as displayed by the vast army of the so-called "veterans," those having their own homes, who are in any way connected with the World War, but were probably Communists at heart.

A letter like I mention, may do a lot of harm if read by alleged true American citizens. However, on the other hand, those having their own homes, who are in any way connected with the World War, but were probably Communists at heart, will heartily support him on November 8. Why call on the Secret Service if the so-called "veterans" were behaving themselves as they should have done? I, for one, won't believe that C. P. has signed a death warrant, as we are going to elect Hoover and Curtis November 8.

## BOYS GUESTS OF A'S AT SHIBE PARK

Rotary Club of Palmyra and Riverton Arranged Trip for Local Sports Enthusiasts, Tuesday

Sixty-two cars and two trucks were necessary to transport the 486 boys of Palmyra and Riverton, guests of Shibe Park, from Riverton to 20th and Lehigh avenues, Philadelphia, where they cheered lustily for an Athletic victory. The boys have the Palmyra-Riverton Rotary Club to thank for arranging the trip.

After enriching the Bridge Company, the caravan of automobiles was met on the Pennsylvania side by several motorcycle policemen, who escorted them to and from the game. The kids got quite a kick from running past red lights.

Arriving at the Park during batting practice, the boys were given seats in the upper deck of the right-field grandstand. They saw the presentation of a trophy to Lefty Grove, in recognition of the fact that he was voted the most valuable player in the American League last year. They saw Bing Miller drop a fly ball. They saw Glenn Myatt and Mule Haas hammer home runs into Twentieth street. They saw everything but that Athletic victory, Cleveland won, 3 to 2.

A group of caddies from the Riverton Country Club also made the trip.

## LUTHERAN PREACHER ATTENDS CONFERENCE

The Rev. and Mrs. Harold L. Greager and daughters, Ruth and Helen, of 737 Garfield avenue, Palmyra, attended the sessions of the fifty-second Northfield General Conference for Christian Workers held in East Northfield, Mass., last week. Preachers from Great Britain and the United States addressed the conference. William R. Moody, son of Dwight L. Moody, famous evangelist, was chairman.

Preparations are now being made for the opening of the Northfield School. The Northfield Seminary for Girls opens September 14, and Mount Harmon School for Boys opens September 15.

## STATE WILL BUILD BY-PASS TO BRIDGE

Freeholder Stout Secures \$15,000 Improvement, Diverting Traffic From Busy Section

Through the efforts of Charles R. Stout, director of the road department of the Burlington County Board of Freeholders, the State Highway Commission will construct in the City of Burlington a by-pass to the Burlington-Bristol bridge. The cost will be approximately \$15,000.

This by-pass, designed to divert bridge traffic from the intersection of High street and state highway, Route 25, will branch off from High street and proceed over Mott street and Morris avenue to Keim boulevard. The work will be done with county labor and equipment.

Wants Road Improved

Edgewater township sent a communication to the board which said the township committee has asked Public Service Coordinated Transport to remove its trolley tracks along River road so that highway may be improved. The trolleys formerly operated between Camden and Trenton over the route, but have been replaced by buses.

A bid was submitted by S. B. Lippincott and Son, Mount Holly, to furnish 50 tons of stove coal and 110 tons of buckwheat for the county buildings on a bid of \$3150. The bid was referred to Howard Russ, director of county buildings.

Alfonso Adams, clerk of the board, announced he had received exempt agreements from all county employees and officials with the exception of the county detectives and the district court. Those who signed agree to reductions in salaries which are fixed by legislation.

New Superintendent for Sanitarium

Dr. Marcus W. Newcomb, director of Fairview Sanitarium, New Lisbon, notified the board that Miss Mary A. Lamb has been elected superintendent of the institution to succeed Miss Elva C. Hughes, who died recently. Miss Lamb was selected by the board of managers.

A notice received from the clerk of Edgewater Park suggested that the Board of Freeholders may demand the removal of the trolley tracks on the main street in Edgewater Park at any time and the board would have the cooperation of the township.

Anticipating that work on Route 25, which crosses the Lumberton-Mt. Holly road just south of Mount Holly, will be under way in the very near future, the Mount Holly Water Company asked permission to extend its water mains 180 feet south on Madison avenue. The request was granted. The Board of Freeholders may demand the removal of the trolley tracks on the main street in Edgewater Park at any time and the board would have the cooperation of the township.

On resolution by Freeholder James McCormick, the next meeting of the board will be held the second Friday in September, the meeting on August 26 being omitted.

Bills of the various departments of the county were rendered and the following were ordered paid: Finance, \$728.31; roads, \$20,440.25; bridges, \$4480.66; buildings, \$20,500.03; public affairs, \$13,110.89; making a total of \$68,080.15.

Joseph H. Bolster

Funeral services were held Wednesday morning for Joseph H. Bolster, of 804 Columbia avenue, Palmyra, who died at his home Saturday.

The services were held from the late residence at eight o'clock and a solemn high mass was held at nine o'clock at the Church of the Sacred Heart, Riverton. Interment was made in the Holy Sepulchre Cemetery, Philadelphia, with Funeral Director Jerome J. Ziskin in charge.

Mr. Bolster is survived by his widow, Mrs. Mary J. Bolster. Mr. Bolster formerly served nineteen years in the employ of P. Stanley Groves and was pensioned in 1931.

BOATS FILTERED

Thieves again pilfered the boats moored off the Riverton Yacht Club and escaped with several hundred dollars worth of equipment. The stealing was done last Thursday night and authorities learned that the Keystone Yacht Club across the river was also looted on the same night. Outboard motors were taken from boats belonging to Howard Evans and Ogden Mattis, a kit of tools taken from Walter Sipple's boat, a rifle taken from Edgar Shaner's boat and the boat belonging to Arthur Wright was broken into but nothing taken. Police have sent fliers to nearby waterfront towns to be on the look-out for the thieves.

## DRUNKS ARRESTED

Peter Entzler and Francis P. Brown, of 4769 Broad street and 2741 Penn street, Bridgetown, Pa., were found drunk on the lawn in front of C. J. E. Anderson's home, Bank avenue, Riverton, at midnight Tuesday by Officer Robinson.

Both were jailed and tried before Recorder Brown Wednesday night. In each case, on a drunk and disorderly charge, fines were omitted and the men released on the payment of costs.

## BOYS AND GIRLS BUSY AT PARK

Playground Directors Provide Many Activities to Keep Young Folks Amused and Healthy

Monday morning on the Riverton playground saw many children lining courts for volley ball, and paddle tennis.

In the afternoon the girls played the boys in baseball and were victorious. The girls worked on hand-craft also. Many attractive bags are being made.

A boys' tennis team from the playground journeyed to Hightstown and came back defeated by the score of 4 to 3.

Tuesday the boys went to see the A's play at Shibe Park.

Tuesday night the girls played the Firemen and lost by the score 28-30. Wednesday the boys' baseball team went to a playground in Madison Heights to play ball.

We wish to express our appreciation to Frank Cole, of Riverton, for the use of his truck on Thursday, August 11.

This Monday night, which is feature night, will be a "dress up" night. Prizes will be given for the prettiest, most original and funniest costumes.

## JOINS UNITED STATES B. & L.

Association Will Participate in National Program for Tax Relief

The Twin Cities Building and Loan Association, of Palmyra, has been admitted to membership in the United States Building and Loan League, according to H. F. Cellarius, of Cincinnati, Ohio. Mr. Cellarius is secretary-treasurer of the League.

In qualifying for membership the successful association submitted financial statements, by-laws and other details. The Twin Cities Association becomes a member of a national organization in this field that has over 2,500 members. Its business is administered by an Executive Manager and staff from its office at 58 East Van Buren street, Chicago, Illinois.

The United States League, organized 39 years ago in Indiana, September 1, 2 local associations in the home financial field, has on its rolls today some of the leaders in American finance. The Twin Cities B. & L. will be entitled to send a delegate to the League's convention to be held this year at Evansville, Ind., September 1, 2 and 3. It will also participate in the national programs for tax relief, home owning encouragement, and other work undertaken by the League.

According to Earl L. Williams, president of the association, the assets were \$390,000 at the time of the last annual report.

Besides Mr. Williams, officers of the association are: Vice president, E. Horace Houder; treasurer, Charles K. Mervine; assistant treasurer, Herbert J. Kemmerle; and secretary, Howard B. Conover.

## STREET BRAWL IS STOPPED BY POLICE

Grudge Fight Lands John Freeman in County Jail for 30 Days; Hyton Released

John Freeman, colored, of Broad street, East Riverton, was given a hearing before Recorder Cecil Bowers Wednesday night on a charge of disorderly conduct, growing out of a street fight in East Riverton Tuesday night at seven o'clock.

He and Henry Hyton, of West Palmyra, had apparently been settling a grudge fight when the Riverton police, in response to a call, interfered and together with Officer Dorworth arrested the pair.

John Freeman was fined \$25.00 and costs or thirty days in Mount Holly jail. In default of the fine he was committed to the county jail. Henry Hyton was released on a suspended sentence.

SCOUT HIKE

The Riverton Scouts after returning from a wonderful two weeks at the great institution Camp Mahanala are now planning their fall activities. The start of these fall activities will be a hike on Saturday, August 27, and on Friday, September 30, to Saturday, October 1, there will be a Scout camporee and rally at Riverton, at which all the scouts of the county will be present.

Wednesday, August 24, at 8:00 p. m. at the troop room all scouts who desire to go on the hike on the twenty-seventh will meet to get the final orders.

Saturday morning after inspection of packs has been completed the troop will start off on their hike under scout orders. Destination unknown. There is considerable excitement and guessing among the scouts as to where the end of the trail will be. Someone has rumored that the trail ends in a woods which are on a lake where there is fine swimming and hot not far away there is an amusement park. This sounds almost too good to be true. All the necessities for a rousing good time. Camping, swimming and thrills. The Scoutmaster when quizzed about the destination of the hike just grinned and replied, "Come along with us and see."

Wm. del. Washington, Scoutmaster.

## COMMITTEE TO ACT ON BANK AVE.

Mayor Will Appoint Twelve Citizens to Study Riverton Problem

After years of discussion, in Council and out, it seems as though steps are about to be taken to do something about improving Bank avenue, Riverton.

At the meeting of the Borough Council last Thursday night, Mayor Kilian E. Bennett announced that he would entertain a motion empowering him to appoint a committee of twelve citizens to thoroughly investigate the whole proposition and report its findings and recommendations to Council. Such a motion was offered by Councilman E. K. Merrill, seconded by Councilman W. H. Albertson and unanimously passed. The mayor said he would appoint the committee at a later date.

Mr. Merrill, chairman of the lighting committee, reported that all the gas lights on Thomas avenue had been changed over from two mantles to one, and that so far he had received no complaints. The saving, he said, would be about \$180 a year.

Electric Light at Park

Councilman J. Elmer Hahn, chairman of the borough property committee, asked that he be authorized to have an electric light outfit installed in the grandstand at Memorial Park. He said that light was frequently needed in the store room under the stand, and at other points in the park. Particularly he wanted to arrange for a flood light to be used on the night of August 31, when a pageant will be staged on the lily pond in a program marking the closing of the park play-ground for the season. On motion of Councilman Walter K. Woolman, seconded by Councilman Francis B. Elwell, Mr. Hahn was unanimously given the permission he desired.

Mr. Hahn further reported that William Mount, play director for boys at the park, had requested him to ask the mayor if he could arrange to have the Philadelphia police tug John Wamaker take the boys at the park on a trip down the river. Mr. Mount said this had been done in the past for the Y.M.C.A. boys.

It has been the custom for the boys to go to Camden to board the boat, but Mr. Merrill suggested that he believed since the channel in the river had been deepened, the tug could dock at the Yacht Club wharf to take on its passengers. Mayor Bennett said he would see what could be done.

Many Playground Activities

Continuing his report on the park, Mr. Hahn said that the activities there were coming to mean more to the boys and girls every year. This summer, he said, birthday parties had been held, instructions given in art, and many other forms of amusement, entertainment and instruction provided for the boys and girls.

The baseball league, said Mr. Hahn, had been successful beyond all expectations, and great interest was being shown by both players and spectators, resulting in a very keen competition for the cup offered by the mayor.

The report of the building inspector was read, showing building operations amounting to \$3,050, and fees of \$9.50. The garbage contract entered into with John Daidick at the last meeting was formally approved.

Police Report

The monthly report of the police department included, one arrest for drunken driving, a stolen boat which was recovered, vegetable thieves arrested, an automobile accident, a woman bitten by a dog, a stolen bicycle, and a boy lost and found.

## NEW POLICE CAR TO BE PURCHASED BY BORO COUNCIL

Palmyra Force Will Now Have  
Two Automobiles and  
a Motorcycle

MORE EFFICIENT FOR  
PATROLING AT NIGHT

Proposed Peddler's Ordinance  
Develops Many Differ-  
ences of Opinion

The Palmyra police force will have two police cars and a motorcycle following the purchase of a new machine which was authorized at the meeting of Borough Council Wednesday evening. The new machine will be a Ford coach, 4-cylinder, costing \$548, specially equipped for police duty.

Mayor Lamont reported the motorcycle had been costing considerable for repairs recently and he thought it should be replaced for use during only such times as heavy traffic makes it more efficient than a car. In addition, the motorcycle is so noisy as to be useless in patrolling the streets at night, its exhaust giving ample warning of its approach to would-be muggers. Residents have also complained about its disturbing their sleep.

Before deciding on the purchase of a new car the councilmen went over the police accounts carefully and found it would be possible to make the investment without exceeding the appropriation already made for this year.

### Discuss Peddler's Tax

The proposed peddler's ordinance came up for much discussion. The town merchants want a tax placed on outsiders who come into Palmyra and peddle cheap wares from house to house, without contributing anything to the upkeep of the town. Solicitor Low, however, has found it is virtually impossible to draw an ordinance that will satisfy the merchants and still be legal. Several towns have had similar ordinances over-ruled by higher courts.

Various councilmen called attention to the fact that many residents of Palmyra have developed little businesses in selling food and other articles from door to door. Because of unemployment this constitutes the only income of many families, and yet the amount they make is so small they could not afford to pay a license fee. Yet it would be impossible legally to exempt residents and tax outsiders.

Mayor Lamont suggested a system of permits under the supervision of the police department. Councilmen who favored some form of mercantile tax which could be made to apply to all in proportion to the size of their business.

### Various Views

Councilman Mervine thought the wishes of the townspeople in general, especially the housewives, should be taken into account. Councilman Ward said he was a firm believer in the Republican tariff doctrine and thought home business should be protected. Councilman Spahr suggested many families might favor peddlers and hawkers because they often sell their wares more cheaply.

Frank Bua, however, called attention to the fact that the home town merchant guarantees what he sells and makes good when fruit, eggs, etc., are not up to standard, while the peddler does not. A lot of the fruit sold by hawkers, he said, is not fit to eat.

Nathan Coombs said he could not understand why other nearby towns, such as Pennington, Riverside, etc., can have such ordinances and Palmyra cannot.

### Another Meeting

It was finally decided to hold a meeting of interested persons on Tuesday evening, August 30, to discuss the matter further.

Councilman Davis reported he planned to replace two of the boulevard lights on West boulevard, costing \$80 per year each, with two ordinary lights costing only \$30.

Councilman Lippincott reported progress on the revision of the building code.

Mayor Lamont reported he had received complaints against the duration and fever of the "Holy Roller" services at Second and Arch streets, and that he had admonished the congregation to restrain itself somewhat with favorable results.

Letters were received from Governor Moore and Colonel Schwarzkopf, acknowledging Palmyra's protests against the removal of the State Police barracks from Delanco. The letters stated the change was necessitated by the legislature's economy program, but that every effort would be made to continue efficient police protection throughout the county.

### Police Report

To the Hon. Mayor and Council:

The following is the monthly report of the Department of Police from July 19th, 1932 to August 16th, 1932:

July 18: Palmer Fitzgerald, Palmyra; disorderly, charge withdrawn, discharged.

July 21: Robert Watt, Jr., Phila.; transporting liquor, held under \$500.00 bond for County Court.

July 24: Theodore Shubin, Phila.; disorderly and passing traffic light; fined \$15.00.

July 25: John Marple, Palmyra; passing worthless checks, turned over to state police, Berlin barracks.

July 30: Ella Haines, Palmyra; disorderly; reprimanded and discharged.

August 9: Albert Bloeste, Delair; drunk on highway; fined \$5.00.

August 15: Robert Lee, Georgia; suspicious character; turned over to county officers for investigation.

Police answered 36 calls and complaints, 18 ambulance calls, 12 accident calls. Police accommodated 36 night lodgers. Police gassed 5 cats and dogs. No fires. Police recovered 1 stolen car. Respectfully submitted,

C. MORRIS BECK,  
Chief of Police.

## Large Markings on Roads Guide Drivers

Plainly visible and easily understood by the more than half million persons who annually travel New Jersey's highways, large white markings are now being placed on the highways to give drivers an additional assurance of their direction. So far 100 miles of roads have been marked with the letters, which are 12 feet in height and designate the route and, by means of an arrow, the true north.

Mysterious perhaps to the automobile traveler, but of great aid to the aviator, Gill Robb Wilson, state director of Aviation, said that it is the intention of his department and the State Highway Commission, to make New Jersey one of the best marked states in the country. At the instance of General Hugh L. Scott, chairman of the Highway Commission, a special study was made of markings in Ohio, Pennsylvania, Illinois, California, and other states, to determine the best method of placing the markers.

## BUGLE CORPS WINS 2ND PRIZE

East Orange, Former State  
Champion Outfit, Is Awarded  
Fourth Place

The Palmyra Drum and Bugle Corps was awarded second prize in the competition held at the State Convention in Camden on Saturday. Perth Amboy won first place, Morristown third, and the former state champion outfit, East Orange, was awarded fourth place.

Winners of the various contests were announced Saturday evening before 5,000 Legionnaires and their friends at the ball held in Convention Hall, Camden.

The ball presented a blend of military formal dress with patriotic color adding a scenic background. Music was furnished by Harry Taylor and his band.

Joseph H. Edgar, of New Brunswick, newly-elected state commander, W. Rex McCrosson, of Palmyra, retiring state commander and C. Richard Allen, convention committee chairman, were the guest speakers.

It is estimated that 70,000 persons witnessed the parade in the morning, in which 200 units participated. Organizations from Pennsylvania, Delaware and from every county in the State of New Jersey were represented.

## TREE CHOPPERS FINED \$50 EACH

Three Years of Wood Stealing Is  
Stopped by Officer Dorworth  
of Cinnaminson Police

Lewis Bonatelli and Phillip Fusco who live on the Burlington pike near New Albany road, were arrested last Thursday by Officer Dorworth of the Cinnaminson police and charged with the unlawful felling of trees and trespassing on property owned by the Misses Beulah and Helen Parry. These men were suspected and warned before, but continued their operations, which have been going on for about three years. At a hearing before Riverton's borough recorder, Cecil A. Bowers, both were fined \$50.00 and costs, which they paid and secured their release.

Sunday evening a Pontiac sedan driven by Anna Bowen, of 311 Bailey street, Camden, crashed into the rear of a Chevrolet sedan driven by Lena Munson, of 110 Beechwood avenue, Merchantville, at the dangerous Five Points intersection in Cinnaminson township. Both cars were badly damaged but no injuries were sustained by either driver. No arrests were made.

### Joseph Graham

Joseph Graham, 19 years old, of 402 Horace avenue, Palmyra, died in the Burlington County Hospital, Mt. Holly, Monday afternoon at five o'clock.

Funeral services will be held Friday afternoon at 2:30 o'clock from the late residence. Interment will be made in Morgan Cemetery under the direction of Jerome J. Ziska.

Joseph is survived by his parents, Joseph and Mary Graham. He is the grandson of Justice of the Peace and Mrs. William L. Fichter, of Palmyra.

## WELFARE DEPT. DIVIDES BOROUGH INTO 13 DISTRICTS

Block Captains Have Been Ap-  
pointed for Each Sep-  
arate Division

ASS'N MUST RAISE  
\$500 EACH MONTH

More Leaders Are Needed: All  
Citizens Are Called Upon  
To Help

Organization of the Palmyra Relief Association has proceeded rapidly during the week. The borough has been divided into 13 districts and District Captains have been appointed. Each District Captain is appointing Block Leaders to cover each block.

Thus a permanent organization has been provided as a means of contact between the eight members on the Board of Directors appointed by Borough Council and every citizen and resident.

Block Leaders will contact each house, not only to solicit pledges and contributions but to keep citizens fully advised about the work the Relief Association is doing and must keep doing. Block Leaders will also report cases where relief or employment assistance may be needed.

A count has been made showing a total of about 1,350 houses in the borough. Of these, about 10 per cent. are vacant. Based on last year's work upwards of 300 families may require assistance. This leaves 950 families. Surely there are 500 of these families who can and will contribute an average of \$1.00 per month—all that is necessary to provide the needed \$500 each month which must be raised in order that the Relief can obtain an additional \$500 from the state.

Contributions received this week included \$5.00 from A. F. Borsal, of Montclair, N. J., and 100 pounds of potatoes from Joseph Black.

The following are the names and addresses of District Captains and Block Leaders appointed to date. Names of additional Block Leaders will be published next week.

## HARVEST HOME

Many Palmyrians are planning to attend the annual Indian Mills Harvest Home, which will be held Wednesday, August 24, at Indian Mills. This event is held yearly and is attended by several hundred people.

Delicious home-cooked foods are served in a most appetizing manner and the affair is one which is always greatly enjoyed.

In case of rain the event will be held the next clear weekday.

## BOROUGH SCHOOLS WILL RE-OPEN ON SEPTEMBER 7TH

Repairs and Alterations Put  
Buildings in First Class  
Condition

TEACHERS WILL HOLD  
PRELIMINARY MEETING

Children Must Have Birth and  
Vaccination Certificates  
To Enter

Every effort is being made by the school authorities to have the Palmyra schools in first class condition for the opening of the 1932-1933 term.

In the high school building, room 111, which was used as a fifth grade room last term, has been converted into a high school class room and will be equipped with a movable type of student study desk. The old physics storage room on the second floor is being transformed into an office for the Palmyrian and the Tillicum, while a portion of an over-large cloak room, adjoining, is divided into a book storage room and a photo-developing and experimenting room.

In both the High School and the Delaware Avenue School, the rooms which had not been painted for some time are being freshened with bright new paint and the old electric light reflectors are being replaced with approved fixtures which put into effect a direct-indirect system of lighting. The dark dirty-looking oiled floors

are, on the first floor, being sanded and subsequently will be treated with Linophol or Formalite. These products render the floors impervious to moisture, give them a clean and cheerful appearance, and make them wear-proof.

New window shades are to be hung in such rooms of the several buildings as may need them, and new drinking fountains of the latest and most sanitary type have already been installed.

The teachers will report for a preliminary meeting on the sixth, but all pupils—elementary and high school—will not report until Wednesday morning, September 7, at which time everything will undoubtedly be in readiness for them.

Children who are five or who will be five by next December first are entitled to enter the kindergarten during the first two weeks of the term. Those who will be six by December 1 and June 16 may also be admitted on probation during the first two weeks, but only those who can qualify in all respects will be retained, and that, provided there is room for them.

All beginners must present both a birth and a vaccination certificate. Those living south of the railroad will enroll in the Cinnaminson Avenue kindergarten, and those living to the

north of the railroad in the Delaware Avenue kindergarten.

Children who are six or before next December first are entitled to admission to the first grade in the Spring Garden Street School. If any of them were not enrolled last term, they also need to bring birth and vaccination certificates when they enter, and they must enter at the opening of the term.

## HOARE IS ELECTED CAPTAIN OF PATROL

William Hoare, of Palmyra, was elected captain of the Community Beach Patrol, of Palmyra, at the meeting last week.

The boys took part in the swimming meet at Sylvan Lakes, Burlington, Saturday afternoon and made a fine showing.

The patrol is sponsoring a card party to be held in the Palmyra fire house on Friday evening, September 9, at 8:30 o'clock.

The boys are planning an evening of live wire entertainment and the general public is cordially invited to attend. Admission is only twenty-five cents and refreshments will be served.

## PASSION PLAY AT OCEAN CITY

Many Attractive Booked at Popular Shore Resort for End of August

The Frieburg Passion Play, presented by the original German cast will be given in Ocean City for three days, enabling visitors to witness what is said to be the world's greatest drama. The showing will take place in the Camp Square, near the Ocean City Tabernacle and is being sponsored by the Tabernacle association.

The dates scheduled are the 22nd, 23rd and 24th of August. The Rev. William K. Fisher, superintendent of the Tabernacle association, and the Rev. Elwell Lake, president, secured the Passion play for this city, believing that the summer visitors and the year round residents as well will greatly appreciate the opportunity of seeing this great spectacle.

The entry list for the annual Baby Parade is growing and from indications the 1932 event will be the largest ever witnessed here. Every attempt is being made to prevent any criticism on the part of the entries by seeing that the judging is done impartially.

Prior to the parade entertaining features will be presented on the Boardwalk for the amusement of those present to witness the parade. Queen Infanta, who will rule over the 28th annual baby pageant will be selected the coming week from among the hundreds of girls summering here.

Events at the Golden Calison, the Flanders swimming pool and other social centers will be conducted in conjunction with the selection of six girls, one of whom will be chosen Queen with the rest serving as her majesty's attendants.

The crowning event will take place preceding the parade in front of the reviewing stand. This with the entertainment on the boardwalk will furnish considerable amusement and a spectacle unequalled in conjunction with the annual baby event.

A Mardi-Gras action being conducted the first time this year in conjunction with the parade will add to

its size and interest, the committee of Legionnaires, which is planning the pageant announce.

Many prizes will be awarded the winners of the several divisions. These are being given by the various organizations of the city.

The parade is scheduled to move at 4 p. m. and the Boardwalk entertainment will begin at 3:30 p. m. On the night of the parade a water carnival will be staged in the Flanders swimming pool with Queen Infanta and her court being the honored guests of the occasion.

The Regatta committee of the Ocean City Yacht Club is completing its plans for the annual open regatta to take place on Labor Day. This is an annual event at the club. The course for the various races is visible from the club and surrounding bay front. This year's program of events will find several added attractions. A number of star boats, a type of sailing craft are to be found in the local waters and these will be given an opportunity to show their gracefulness on the waters of Great Egg Harbor Bay.

Several new speed boats have been added to the club fleet and the en-

tries from other clubs are sure to produce a large number of new crafts for each event the regatta committee announce.

**MOUNT HOLLY WOMEN HURT, CRASHES INTO TRUCK TRAILER**

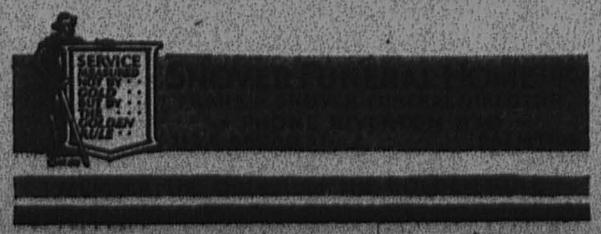

A Mount Holly woman was seriously hurt last Thursday when her automobile crashed into a trailer, moving at low speed behind a truck. The injured woman is Mrs. Helen Clatts, 38, of Pine and Shreve streets, Mount Holly, a prominent political worker

and a member of the New York Social Service Commission. The truck and trailer were being operated by Mack R. Rothman, of 96 Aldine Avenue, Newark. The accident occurred on State Highway 39 near its intersection with Route 26. The police said they believed Mrs. Clatts, who was driving here from Trenton, may have fallen asleep at the wheel. Mrs. Clatts suffered a broken right knee, possible fracture of the skull, cuts on the face and shock. Rothman was held in his own recognizance to await the outcome of Mrs. Clatts' injuries.

## Personal

Those who call upon us are always certain of personal attention and supervision, thus making sure that everything will be properly attended to.

This type of service, we have found, is appreciated most.

## Electricity in the Home The Upper Floor

Electricity provides domestic services which greatly reduce domestic labor and add to the home's attractiveness.

The jobs which electricity can do for you on the upper floor are many and varied—running the vacuum cleaner, heating the bathroom on chilly mornings, replacing the hotwater bottle for the sick-room. Electricity gives you attractive lighting both economical and practical. It heats the curling iron and runs the vibrator and on cloudy days gives you sunshine.

The basis of convenience of electricity in any home is the number and location of outlets. Consult Public Service Lighting Department if you are planning an extension to your wiring system. Advice as to plans is given without charge.

GOES TO JAIL AS  
DRUNKEN DRIVER

Moorestown Man Arrested by  
Troopers After Accident  
at Indian Mills

Samuel Beebe, of Mill road, Moorest-  
own, was sent to the county jail at  
Mount Holly Monday for a term of  
thirty days in default of a fine of \$200  
and costs imposed by Justice Smith  
on drunken driving charges.

Beebe was arrested Sunday night  
after an accident at Indian Mills. His  
car crashed into another car driven  
by Samuel Page, 1930 Brunswick ave-  
nue, Trenton.

Beebe and his nephew, Robert Beebe,  
18 years old, also of Moorestown, were  
taken to Burlington County Hospital,  
Mount Holly, by Corporal Wood and  
Trooper McCormick, of the Columbus  
state police barracks. The younger  
Beebe was treated for lacerations of  
the face and scalp. A physician pro-  
nounced the Moorestown driver in-  
toxicated.

The accident was investigated by  
Troopers Speed and Long, also of the  
Columbus barracks. Beebe was held  
in the county jail from Sunday night  
until his hearing Monday.  
Miss Ellen Page, 25 years old, a pas-  
senger in the car struck by Beebe,  
was treated for bruises of the head by  
the Page family physician at Tren-  
ton.

## MANY VISITORS AT LAKE PINE

Cool, Quiet Lake Resort Attracts Many Summer Cottagers This Season

August days are proving busy days for cottagers and visitors to Lake Pine, at Taunton, Burlington county.

More than 300 automobiles now enter the secluded, woods-bound water place near Marlton and Medford every week-end from various sections of New Jersey and Pennsylvania, according to C. H. Bihlmaier and Frank Pickett, of the Taunton Land Development Co., developers of the resort.

The beautiful lake, more than a mile long, is proving highly popular with city dwellers seeking more health and happiness in the open with swimming, diving, sandy beaches for children, canoeing, motor boating, fishing and gunning.

Incomparable cottage sites are now available at this resort at very attractive prices and accommodating terms.

An invitation to visit and enjoy the pleasures of Lake Pine is extended to you and your friends which of course places you under no obligation to purchase.

## HISTORIC SITES BOARD HAS PAY CUT ORDERED

Reorganization of the Historic Sites Commission was demanded last week by the State Civil Service Commission. The historic sites group, headed by George deB. Keim, of Edgewater Park, who is secretary of the Republican National Committee, has a salary budget of \$16,456, though its total appropriation is only \$30,800. The Civil Service Commission approved the payroll to the middle of this month, but ordered a revision in the force of the commission and cut the salary item.

A week after being sentenced to drink a half-pint of castor oil for being intoxicated Louis Gehring, of Cleveland, Ohio, was back before the judge on the same charge.

## LOCAL CHURCH NEWS

8:00 a. m. Holy Communion. At 10 a. m. the rector will deliver a course of special instruction to the Church School, to which the members of the Church are invited. Dr. MacKinnon will continue these talks during August and September.

11:00 a. m. Morning Prayer and Sermon. Subject of sermon: "Disease of Lukewarmness."

Evangelism and sermon at 8:00 p. m. Subject of sermon: "Thy Kingdom Come."

Dr. MacKinnon will preach the sermons at both services. Great preparations are being made throughout the whole parish for the "Harvest Home", which will be held in the parish house, and the church ground, on the afternoon and evening of September 9.

A special committee has been appointed from the men and women of Christ Church to prepare for a parish reception to be held in the parish house on the evening of September 16, at which time Dr. MacKinnon will make a formal acceptance to the rectorship of Christ Church. Special invitations will be given to all the members and friends of the parish for this week.

Dr. and Mrs. MacKinnon desire to greet the whole parish on this event.

## Presbyterian

Charles T. Bates, Pastor

Calvary Presbyterian Church will hold its morning service of worship Sunday at 11 o'clock with the Rev. Carson Brandy, D. D., pastor of the First Presbyterian Church, Council Bluffs, Iowa, in the pulpit. All departments of the Church School will meet at 9:45 a. m.

In case of need for pastoral services during the pastor's absence, consult the Acting Clerk, Session, H. P. Landis. Any communications addressed to the pastor at Riverton, will be forwarded to him promptly.

## Moravian Church

Albert J. Harte, B.D., Pastor

Sunday is a memorial day of great interest and significance to the world-wide Moravian Church. It marks the 200th anniversary of the beginning of Moravian Missions. Early, 3:00 a. m., on August 21, 1732 a carriage left Herrnhut, Germany.

In it were the two first missionaries, Leonard Dober and David Nitschmann, beginning their journey. They were driven by Count Zinzendorf, in his carriage as far as Bautzen. After they had once more prayed fervently together, the Count blessed them and they parted. They then walked to Copenhagen, where they took ship to St. Thomas, a Danish colony in the West Indies. They arrived on December 13, 1732, and thus began a new era of Foreign Missions.

The bicentenary of this event is being extensively celebrated in the Moravian Churches throughout the world. Special services are planned for Sunday, the exact anniversary date of the

departure of the first missionaries. The congregation will hold a memorial service of prayer next Sunday at 10:40 a. m. The service will be missionary in theme throughout, and the pastor will preach a stirring missionary sermon.

## CHRISTIAN SCIENCE

The Golden Text is: "The Lord hath been mindful of us: he will bless us" (Psalms 115:12).

Among the citations which comprise the lesson-sermon is the following from the Bible: "Brethren, I count not myself to have apprehended; but this one thing I do, forgetting those things which are behind, and reaching forth unto those things which are before, I press toward the mark for the prize of the high calling of God in Christ Jesus" (Philippians 3:13, 14). The lesson-sermon also includes the following passage from the Christian Science textbook, "Society and Health with Key to the Scriptures" by Mary Baker Eddy: "When we fully understand our relation to the Divine, we can have no other mind but His—no other Love, wisdom, or Truth, no other Life, and no consciousness of the existence of matter or error" (p. 205, 206).

## JAPAN DISCUSSED BY ROTARY CLUB

Joe Low Leads Club Into Debate on International Relations at Spirited Meeting

The August 11th meeting of the Palmyra-Riverton Rotary Club happened to be an unusually interesting one. "Bishop" Lockett, president of the club, led the singing which seemed to be unusually good. After the luncheon, he cleared away all business matters and then asked "Joe" Low, who is a member of the International Relations Committee, to take charge.

Mr. Low, in a very shrewd and tactful manner, presented a paper on Japan's attitude toward Manchuria. He pointed out how the United States had dealt with the Indian and thus made available more territory for the whites, how she had acquired territory at different times and by different methods. How she protected her capital invested in foreign lands, how she made it her business to take care of groups too weak to take care of themselves, and how she might secure additional territory if it need should arise. He constantly kept before his group the fact that, if the United States has been right in doing what she did, Japan must be justified in her stand toward Manchuria.

Before the meeting was over, Mr. Low admitted that he had deliberately painted a perverted picture as he dared in order to provoke discussion. And how he did succeed!

The first one to open fire was Mr. Thum. He proved by what he said that he too knew something about logic.

Then followed Dr. Mills, Mr. Cooper, Rev. Saul, and Rev. Lockett. All four of these men demonstrated that they knew something about conditions in the Far East; but Mr. Cooper, who had read a number of articles on the subject in connection with his summer courses at Rutgers, was probably in a better position to enlighten the group than anyone else.

Although the discussion waxed quite warm at times, the sergeant-at-arms experienced no difficulties in maintaining order, and the group as a whole seemed to agree one hundred per cent. that the meeting was a very enjoyable one.

Because he wanted to create an impression among his girl friends that he was a smart dresser, Fred Kolber, of St. Louis, stole socks of all shades.

"His raspberry nose tells the whole story," testified Mrs. Cora Mulven, of St. Paul, Minn., after having her husband arrested for beating her.

## RACQUET CLUB LOSES, 6 TO 3

Riverton Netmen Fall Before Burlington Courtmen on Sunday Afternoon

The Riverton Racquet Club journeyed to Burlington Sunday afternoon with ten of its membership to play the Burlington city team. Six singles and three doubles matches were played, and Burlington emerged the victor to a count of 6-3.

Newbold Cooper lost to Edgar Fenimore, of Burlington, in a hotly contested match, 6-1, 10-8. George Lathbury, another Racquette, defeated Bob Trimmer, of Burlington, in a gruelling two set match 6-4, 11-9. Leon Raelsey, with a mixture of cuts and forehead drives, defeated Jack Metzgar, of Riverton, 7-5, 6-4. Ben Freeman, one of the Racquet Club's dependables, lost to Bill Shropshire, 6-3, 6-1. Pete Balock, another Riverton steady, lost his match to Harold Lingard in a three set duel, 6-3, 6-7, 6-4. Karl Latch defeated Mayor Harold Holmes, of Burlington, 6-4, 6-2.

In the doubles, Cooper and Lathbury, of Riverton, defeated Fenimore and Trimmer, of Burlington, 2-6, 6-4, 6-1. Holmes and Raelsey, of Burlington, defeated Walburn and Shockey, of Riverton 6-3, 6-2. Lingard and Preziol, of Burlington, defeated Stevens and Wright of the Racquet Club, 6-1, 6-1.

The matches were played on the public courts on High street, Burlington, and the battle, while the scores would not seem to indicate it, lasted from two in the afternoon until six o'clock, with three courts in constant use.

A return match on the Palmyra Public Tennis Courts is expected a little later in the season.

## CAMDEN YOUTH BURNED BY FLAMING GASOLINE

Walker Walters, 18, of Camden, was badly burned on the left hip last Friday night when gasoline thrown on a bonfire ignited and flared on him. Walters was sitting outside his log cabin on the Rancocas creek at Ewansville while his cousin was pumping gasoline on the fire. He was treated at the Burlington County Hospital, Mount Holly.

Trying to solve a cross-word puzzle as she crossed the street, Miss Florence Meyer, of Hammond, Ind., was badly hurt by an automobile.

## PALMYRA NOTES

## MT. HOLLY BEATS RIVERTON, 17 TO 0

Riverton Hitters Fail to Hit in Barlow League Game Last Saturday

Riverton took it on the chin 17 to 0 from Mount Holly last Saturday afternoon at Mount Holly, in a Burlington County League game. It was another one of those days when the local boys couldn't seem to get started. With the exception of one inning when six men batted, no more than three or four Rivertonians batted in any one inning.

Mount Holly opened the game with three runs when Repose, Kostub and Lucas crossed the pan. Four successive hits did the damage in that inning. Lucas scored another for Mount Holly in the fifth inning when Lucas hit and was driven home with a two-bagger off the stick of Dunfee, who followed him at bat. Evak, Mount Holly's second baseman, and Lewis, the third sacker, each brought in a run in the sixth inning, bringing the tally up to six runs to nothing.

While all of this was going on Riverton tried hard to hit, but the team batting eye must have been temporarily out of order. Kostub, Dunfee and Lingle raised the score to nine when they each brought home a run in the seventh.

The eighth inning was a murderous one for the local boys. Mount Holly took the measure of Longstreet, Riverton's new pitcher going in to relieve Weikman. They collared six hits and three bases on balls off the new loss-er to bring eight more runs for Mount Holly. This swelled Mount Holly's total to seventeen runs to Riverton's nothing.

Riverton will play Medford at Memorial Park, Riverton, this Saturday afternoon.

## \$50,000 BLAZE AT PLANT IN HOLLY

One Fighter Is Overcome as Warehouse Is Wrecked By Fire

Fire of an undetermined origin wrecked the warehouses of the Burlington County Supply and Produce Company, on Pine street, Mount Holly, Monday night, causing a loss of \$50,000.

The fire was discovered at 6:10 p. m. and spread with such rapidity that the Mount Holly Fire Department of four companies was unable to control it and appealed for aid to outside companies. A dozen responded. One fireman was overcome by smoke.

Howard Osgood, a Pennsylvania Railroad crossing watchman at Pine street, discovered flames in a coal trestle and sheds on the south side of the building.

Fire Chief John S. Throckmorton appealed to outside companies for aid and Burlington sent three companies. Other towns to respond were Bordentown, Hainesport, Rancocas, Pemberton, Vincentown, Springfield and Riverton.

When the flames got into an oil house and coal shed they spread with fury. Six carloads of coal was stored in one and 65,000 baskets in another. Oil and gasoline also hampered the firemen.

Showers of sparks endangered a row of houses on Shreve street on one side and Hulme street on the other. George Frake, of Relief Fire Company, Mount Holly, was overcome by smoke. He was given first aid by other firemen and revived.

## RIVERSIDE MAN HURT IN FALL DOWN STEPS

Injured when he fell down the cellar steps at his home, Paul Bruno, of 107 New Jersey avenue, Riverside Park, is in the Zorbrug Memorial Hospital, Riverton, suffering from a broken arm, severe lacerations of the face and head and cuts and bruises of the body. Bruno, according to police, was carrying a large barrel down the steps into the cellar when the barrel slipped on his back, causing him to fall. The barrel fell on him. He was taken to the hospital by members of his family.

## Palmyra B. &amp; L. Association Pays Shareholders \$89,800 in Cash and Cancels \$66,000 in Mortgage Loans

\$89,800.00 is quite a lot of money at any time, but it is especially so in these months of depression. This amount has just been distributed by the Palmyra Building and Loan Association in maturing its series.

The ability of the association to mature the series on regular time and thereby place this vast sum in circulation in the community has not only been gratifying to the association but has been greatly commended by men of high standing in financial circles.

There is no doubt that indirectly everyone will be eventually benefited by this cash distribution, in addition to the benefits derived by those directly affected.

Together with this large distribution, quite a number of members of the association are breathing the air of

contentment and satisfaction for having been relieved of their indebtedness to the association of \$66,000. This represents mortgage loans on their properties which have been cancelled and also stock loans to the association. All of which means that the people of Palmyra and Riverton have \$66,000.00 less indebtedness now than they did last week.

With the combined cash distribution and cancellation of debts the sum represents \$155,800.00 which has, due to the savings of its members and the careful application of conservative methods of investment by the association, been circulated in the community.

Such news is always welcomed as it has the tendency to restore the confidence of the public in the future and in the integrity of local financial bodies.

## Mrs. B. S. Torbett

Mrs. Jeannette Torbett, a resident of Palmyra for more than eleven years, died at her home, 828 Morgan avenue, Tuesday afternoon.

Funeral services will be held Saturday afternoon at two o'clock at Christ Church, Palmyra, with the Rev. Daniel D. MacKinnon, rector of the church, officiating. Interment will be made in Mount Moriah Cemetery, Philadelphia, under the direction of Frank A. Snover. Viewing Friday evening at the Snover Funeral Home.

Mrs. Torbett was a very active member of Christ Church and was affiliated with the Ladies Auxiliary and the St. Agnes Guild. She was a member of the Palmyra Parent-Teacher Association and the Boy Scout Mothers of Palmyra.

## RIVERTON SCHOOL OPENS SEPT. 7TH

**Interior Walls Painted, Heating  
Plant Repaired, Stairways  
Made Fire-Resisting**

Many building improvements await the pupils of the Riverton grammar school when school opens Wednesday September 7. George Steedle, chairman of the property committee of the Board of Education, reports that the interior of both buildings and the exterior of the small building have been painted.

The color scheme inside consists of blue trim, with a two-tone buff wall and ceiling decoration, giving the interior a light and cheerful appearance. In both the boys' and girls' lavatories electric exhaust fans have been installed to provide excellent ventilation.

In the manual training room regular heating flue from the main heating system has been installed. This will replace heat furnished heretofore by gas heaters.

The classroom formerly located to the left of the main stairway on the first floor of the large building has been transformed into the domestic science room. Here four miniature kitchens with kitchen sinks, kitchen cabinets and gas ranges have been installed. Along the wall in the same room will be arranged a row of sewing machines.

The room on the top floor, formerly the domestic science room, has been converted into a classroom.

The main heating plant has undergone complete overhauling and repairing and is now restored to its original capacity for efficient heating. The flues have been vacuum cleaned throughout.

The floors in the kindergarten and office have been sanded and refinished.

The stairways in the main building in the front have been rebuilt with metal edged nosing on the treads and filled with a fire resisting substance. This improvement is equal to new stairways and in addition lessens the fire hazard. The stairway improvement represents considerable cost and it is expected that the rear system of steps will undergo the same improvement next season.

Ivy and a magnolia tree have been planted in front of the main building.

**Teaching Staff**

Miss Caroline M. Staman, will, in accordance with her unanimous election by the Board of Education last spring, assume the duties of supervising principal, in place of Newbold Cooper, who resigned to accept principalship at Glenside College.

Miss Harriet L. Parker will again teach kindergarten; Miss Lillian M. Justice, first grade; Miss Elsie L. Evalal, first and second grade; Miss Meribah S. Gardiner, second grade; Miss Ida L. Clark, third grade; Miss Edgar M. Gibson, fourth and fifth grade; Miss Helen M. Paulding, fourth grade; Mrs. Mira L. Mudgett, fifth grade; Mrs. Gertrude Williams, fifth and sixth grades; Mrs. Nancy J. Bush, sixth grade; Mrs. M. L. Applecott, seventh grade; and John E. Rank, seventh and eighth grades.

Miss Jeanne T. Emery, of Drexel Hill, Pa., will fill the vacancy created by the election of Miss Staman to the principalship in teaching seventh and eighth grades. Miss Emery holds a degree from the University of Pennsylvania and has had three years teaching experience at Elwyn, Pa. Miss Emery was appointed after the educational committee had thoroughly investigated her family and professional background and found her to qualify above the average.

Miss Lucas, Mr. Bank and Miss Lippincott will assume the teaching of physical education in place of George J. Eyth, who was not reappointed.

Miss Mary P. Lucas will again teach music; Mrs. Grace C. Giffiland art; Miss Julia H. Griscom, home economics and Edward H. Griffith, mandal training.

**Mrs. Anna J. Carson**

Mrs. Anna J. Carson, 86 years old, mother of Walter Carson, Camden attorney who lives on East Main street, Moorestown, died Sunday at the home of her daughter, Mrs. Mary C. Schenck, in Ocean City. Her sudden death was caused by a heart attack. She was ill only a few minutes.

Funeral services were held Wednesday afternoon at two o'clock, from the home of her son, Joseph A. Carson, of Clinton avenue, Merchantville, with whom she made her home. The Rev. Alexander C. Carson, superintendent of the Trenton district of the Methodist Episcopal conference, the former pastor of the deceased, will officiate at the services.

Mrs. Carson was for many years resident of North Camden. She was the widow of James R. Carson. A member of the Centenary Tabernacle Church, Camden, she was very active in church and social work. She was a devoted home for the aged, Collingswood, and served on its board for several years.

Surviving Mrs. Carson are three sons and two daughters, Walter Carson, of Moorestown; Joseph A. Carson, of Merchantville; Mrs. William J. Carson of Pitman, and Mrs. Mary C. Schenck.

## TENNIS MATCHES START SEPT. 3RD

### Cup Tournament at Memorial Park Will Draw Many Local Entries

The tennis matches for the possession of the cups, a gift of the merchants and tennis enthusiasts of the town, for the next year will begin on Saturday, September 3, and continue until September 10. The cups are to be the permanent possession of the player who wins them three times, not necessarily in succession. The cups are now possessed by Ella Russell, women's singles; Vincent Hackett, men's singles and doubles; and John Fuller, men's doubles.

The present holders are asked to kindly return them to Mr. Hahn or Mr. Mount before the start of this year's play. The entry list will close on Thursday, September 1, and names will be accepted only until 5 p. m. of that day. There is no entry fee, and all men, women, or boys are welcome in their respective divisions. Signing your name to the court bulletin board is all that is required to enter. All not appearing on September 3 are to be defaulted. The matches will include both singles and doubles in all three divisions of play.

The Memorial Park Senior Tennis Team played its first match of the season last Saturday and was given an inglorious 7-0 setback. The match was on the Riverton courts and the home players were not so much as credited with a set. Robert Borer, No. 3 ranked player, and the first doubles, pairing Lathbury and Metzger, were the high scorers, each having taken six games in the two sets played.

George Lathbury, at No. 1 post, started the match against D. Bowers, of Dudley Grange courts. Bowers had a peculiar forehand drive which completely bewildered Lathbury. The count was 6-2, 6-0. Rene Gros, Riverton No. 2 man, played erratic tennis in spots and lost to E. Frey, of the Grange, 6-2, 6-1. Robert Borer, No. 3 in the ratings, was outplayed by H. Kapigain to the tune of 6-3, 6-3. El. Branson, No. 4, started out well but faltered and was vanquished by T. Batchelor, 6-4, 6-0.

The first doubles pair, Lathbury and Metzger, were beaten by the Grange pair, Bowers and Barbarena, by a 6-3, 6-3 count. The second pair, Branson and MacCord, were practically blasted off the courts by Batchelor and Kapigain, of Camden, 6-2, 6-2. Wallace and Reed, third doubles players, fared no better at the hands of Frey and Blingemann and took a 6-1, 6-2 lacing.

The Park Junior Tennis Team had little trouble in turning back the Peddie Summer School in a match at the Riverton playground on Monday, August 22. This victory completely avenged the former defeat of the Junior players at the hands of the Peddie school the week before, when they were victorious four matches to three for Riverton. The Juniors, as the seniors had one side not winning a set, but it was the younger team who emerged victorious, 5 matches to none.

Robert Borer, Park champ and No. 1 for the Juniors, started the match by smashing his way to victory over Jose Izquendo, premier Peddie representative. After the first few games had been played, Borer practically had the match as he wished and hit almost every shot of the weak second service of his opponent for a placement. Bud Hemphill, another star for the Juniors, played at No. 2 position and repeated his former triumph over R. Robertson, of Camden, 6-1, 6-0. Edwin McVaugh played 6-1, 6-0 and excellent placements by Ed proved too much for the Peddie School representative.

Hemphill and Gros, first doubles team of Riverton, registered an easy victory over Robertson and DeBree, second team from Hightstown. The Riverton pair played very good tennis and had many fine placements and aces to their credit. The score was 6-2, 6-3. Borer and McVaugh were to be outdone by their older teammates, overwhelmed the team of Izquendo and Feingold.

The Junior Team was a much improved combination from the one which journeyed to Hightstown last week. They played splendid tennis and gave the spectators a sight long to be remembered. The Junior players met Dudley Grange Junior team, of Camden, at the Riverton courts on Wednesday, August 24.

Several changes have been made in the rankings during the past week. Mike Fuller came up to No. 8 from an unranked post by disposing of Jay Reed, 6-3, 6-2, and then turning back Burton Conway, 6-4, 1-6, 6-4. Rene Gros defeated Robert Borer to go into No. 2 position after a hot three-set engagement, 6-2, 6-4, 6-3, and John Gibson won from Robert Wallace, 6-4, 5-7, 7-5, in another overtime encounter.

The standing in the classes is as follows: Senior — O. Lathbury, R. Gros, R. Borer, E. Branson, W. MacCord, E. Wallace, J. Metzger, M. Fuller, B. Conway, C. Garwood.

Junior — R. Borer, E. McVaugh, J. Reynolds, W. Smith, L. Robbins, J. Gibson, R. Wallace, C. Wallace, E. Moore, E. Wallace.

## WATER CARNIVAL

The grand finale to the playground season at Memorial Park, Riverton, will be a brilliant water carnival given under the direction of the playground instructors, Wilton Mount and Miss Maxine Meltner. The date set for the event is Wednesday, August 31, in the evening, with Thursday evening, September 1, as the rain date.

The scene is the lily pond immediately adjoining the park, which will be flooded with water and illuminated with spot lights. The children of the park will be in gaily-decorated boats and appropriately costumed. The decorations and costumes will be the original design of the boys and girls themselves.

A king and queen of the park will

be declared, both being picked for popularity. The court jester, scribe and heralds will also be in attendance.

In addition to the large float, from twenty to thirty boats will be in the procession. Amplified music will add spirit and charm to the whole event. The Palmyra-Riverton Legion Drum Corps will open the program with a parade on the park grounds at 7:30 p. m. Following the parade prizes will be awarded for accomplishment at the park. The carnival is scheduled to begin at 8:15 p. m.

The purpose of this entertainment is to demonstrate in a small way the possibilities of swimming and other water sports at the park when proper facilities have been provided.

## JUDGE RETIRES DUE TO HEALTH

### Vice Chancellor Leaming Quits Bench After Twenty-six Years

Vice Chancellor Edmund B. Leaming, who has been confined to his home on East Central avenue, Moorestown, with a prolonged illness for several months, last week resigned after 26 years of service on the bench.

The vice chancellor sent his resignation to Secretary of State Thomas A. Mathis. He had already informed Chancellor Edwin Robert Walker of intention to resign on a personal note.

The Moorestown man, whose resignation becomes effective September 1, and who will receive a pension of \$10,000, one-half his yearly salary of \$20,000, sent two letters to the secretary of state.

The first letter to Mathis read: "I am enclosing herein my resignation as vice chancellor in contemplation of retirement under the statute. I am sending it to you rather than the chancellor or governor at the suggestion of the chancellor."

To Get Half of \$10,000

"I would also call your attention to the fact that the chancellor holds that the 10 per cent. unemployment act in no way affects the retirement act, but that the retirement is one-half of \$10,000 per annum as heretofore."

The second communication, the formal resignation, read: "I hereby resign the office of vice chancellor of New Jersey, to take effect on Thursday, the first of September, 1932, as I have reached and passed the age of 70 years and have served for a period of 26 years as vice chancellor of New Jersey, and desire to retire from such service Thursday, September 1, 1932, under the provisions of the acts of the legislature of New Jersey."

The resignation, with this statement, filed with you for the purpose of taking advantage of the provisions of such legislation. My original appointment was September 21, 1906, since which date I have continuously served as vice chancellor, and my age at this time is 75."

Seeks to Regain Health

Mrs. Alice Grey Bergen Leaming, wife of the vice chancellor, said that he had no plans for the future other than to regain his health.

In 1930 the vice chancellor was injured in an automobile accident near Medford. He also underwent a slight operation that year at the Mayo Brothers Hospital at Rochester, Minn. Mr. Leaming was born at Seaville, Cape May county, May 24, 1857. He is the son of the late Dr. Jonathan P. Leaming, who was a state senator from that county. His brother, Dr. Walter S. Leaming, also was a state senator.

The vice chancellor and his brother studied under a private tutor at Trenton and took a post graduate course at the University of Pennsylvania. He was admitted to the bar in 1881, obtained his bachelor degree in 1884, and practiced first in Trenton. Then he went to Seattle and San Francisco.

First Named by Magle

He later returned to New Jersey and formed a partnership with Samuel W. Beldon. When this partnership was dissolved, the Moorestown man practiced in Camden. He was appointed vice chancellor by Chancellor Magle September 21, 1906, to fill a vacancy caused by the death of Martin P. Grey. In 1913 he was reappointed by Chancellor Walker. He was again reappointed in 1920 and 1927. His term would have expired in September, 1934.

The vice chancellor is considered one of the ablest, fairest, and most eminent jurists in the state. It is not within the memory of members of the bar that his decisions have been reversed. His being a court of equity in judgment in injunction suits has been looked up to by lawyers.

## ROUTE 38 WILL BE DIVIDED ROAD

### State Highway Department Approves Changes and Orders Additional Projects

Two additional emergency construction projects which will give preference in employment to former service men have been approved by the State Highway Department for the receipt of bids September 19.

The commission approved a change in plans for Route 38 from the connecting road at Camden to King's highway to provide for a divided roadway. Gravel shoulders and mounds will be placed between the two separated concrete lanes.

W. W. Atterbury, president of the Pennsylvania Railroad, notified the commission his company has agreed to share in the cost of constructing an underpass on Route 38 at Merchantville. In his letter, however, he described the project as an "injustice" to the railroad in being required to aid in providing roads for buses and trucks and automobiles which compete with the railroad.

One of the projects is the paving of 6.4 miles of Route 40 from Marlton to Medford, completing the Camden-Lakehurst road. The other is for 4.6 miles of Route 23 in Morris county. They will be part of the work for participation in federal emergency relief.

## CLUB SPONSORS FLOWER SHOW

### September 23 and 24 Are Dates Set for Annual Event

September 23 and 24 are the dates set for the annual Flower Show to be staged by the members of the Women's Club of Riverton.

The event is held each year in the club room, Society Hall, and is open to the public. Mrs. Robert Snow is chairman of the committee in charge of arrangements for the show.

Other members of the committee are: Mrs. C. H. Shaw, Mrs. R. C. Anderson, Mrs. M. M. Klotz, Mrs. A. J. Brooks, Mrs. Lewis Wallace, Mrs. Jennie Beideman, Mrs. A. C. Giberson, Mrs. J. Edgar Liming and Mrs. Elias Toy.

This year, as an added attraction, there will be a Junior Section for any child who wishes to enter flowers. The townspeople are cordially invited to help make this event as successful as those which have been held in previous years.

## KELLOGG AWARDED PATENT RIGHTS FOR 'SOUND' INVENTIONS

Edward W. Kellogg, of East Oak avenue, Moorestown, is one of the four Burlington county inventors who has just been awarded Federal protection through the granting of patent applications by the United States Patent Office at Washington, D. C.

Kellogg is recognized as responsible for a number of fundamental characteristics of a sound distributed system for installation in auditoriums. General Electric Company has been assigned the rights for use in connection with its manufacturing operations.

George W. Borton, of New Lisbon, is patentee of a series of important improvements for a mechanical hammer crusher. Rights have been assigned to the Pennsylvania Crusher Company, Philadelphia.

## BOY SCOUT NOTES

The Boy Scouts of Troop 2, Palmyra, will hold an investiture service in the Lutheran Church building this evening.

Members of the troop have planned a camping trip for next week at the troop camp. Definite arrangements for the trip will be made at tonight's meeting.

## SCOUTS PREPARE FOR CO. CAMPOREE

### Month of September Will be Devoted to Training for Big Scout Event

At a meeting of the troop officers Monday evening, presided over by Scoutmaster Washington, plans were discussed for the coming season's activities.

It was decided to devote the month of September to preparing and training for the County Camporee to be held at Memorial Park, Riverton, on September 30 and October 1.

Scoutmaster Washington made the following assignments to duty: Assistant Scoutmaster William W. Cook to be Skipper of Sea Scout Patrol; Assistant Scoutmaster William W. Cook to be in charge of equipment and supplies; Junior Assistant Scoutmaster Jefferson Edwards to field duty.

The following tentative appointments and assignments were made by the Scoutmaster: First Class Scout F. W. Coe to be Senior Patrol Leader; Eagle Scout Henry Naisby to be Scribe; Eagle Scout E. W. J. Humm, Jr. to be in charge of Medical Corps; Star Scout Lloyd Unland to be in charge of Equipment; Star Scout W. B. Shoemaker to be Patrol Leader of the Wild Boar Patrol; First Class Scout Walter Mattis to be Patrol Leader of the Cobra Patrol; Second Class Scout William Wolfshmidt to be Patrol Leader of the Eagle Patrol; Second Class Scout Elmer Sultors to be Patrol Leader of the Flying Eagle Patrol.

Mr. Washington, Mr. Cook and Mr. Hutchinson on Sunday visited Alcyon Park, N. J., and arranged for this year's hike. This will be a wheel-like, enabling the scouts to qualify for their cycling merit badges.

Assistant Scoutmaster Hutchinson will be in charge of these scouts while on the road. Scribe Naisby and Patrol Leader Shoemaker will be his assistants. It looks as if every scout in the troop is going by wheel.

The equipment will be transported by the Bishop boys. Doc Humm and his first aid equipment will follow the scouts along with the Scoutmaster and Skipper Coe.

When the troop arrives at the park there is space reserved for them to pitch their tents and kitchen equipment and headquarters.

The eats the boys all know will be the "cats" — as Assistant Scoutmaster Hutchinson, our former Camp Mahala chef, will supervise this important duty.

The boys are assured of a wonderful time, swimming, boating and various other sports, as well known amusement park boasts of.

## V.F.W. POST HOLDS BUSINESS SESSION

### Relief Committee Reports Progress in Work; Three Trustees Elected

Kreps - Faunce - Donnelly Post No. 2218, Veterans of Foreign Wars, Maple Shade and Lenola, held its regular meeting last Thursday evening.

A report of the relief committee showed progress in its work. Comrade Panella, of Maple Shade, was elected trustee of the organization for eighteen months; Comrade Kennerly, of Moorestown, made trustee for one year; and Comrade Priestley, of Maple Shade, trustee for six months, to fill an unexpired term.

Among the happenings of national importance within the V.F.W. recently, the organization will continue its campaign for cash payment of the bonus, Sacramento, Calif., is ready to greet the thirty-third annual national convention from Sunday, August 28, to Friday, September 2.

New insurance rights were created for war veterans. The Purple Heart medal is to be given veterans by the War Department for meritorious service. This decoration was established by George Washington in 1782.

## PARISH RECEPTION AT CHRIST CHURCH

Dr. Daniel G. MacKinnon, S.T.D., will formally accept the rectorship of Christ Church, Palmyra, at a reception to be held in the Parish House on Friday evening, September 16.

A special committee composed of men and women of the church is making preparations for the event. Special invitations will be extended to all members and friends of the parish.

Dr. and Mrs. MacKinnon are desirous of greeting the whole parish on this occasion.

## Michael James

Michael James, who was born in Moorestown and lived there until a few years ago, died quietly at his home in Maple Shade, Saturday morning. He had spent several weeks in a hospital but returned home a week ago.

Funeral services were held Wednesday from his late residence with high mass of requiem from Our Lady of Perpetual Help Church, Maple Shade, celebrated at nine o'clock. The Rev. John Farrell, rector, officiated, and Philip McConney was funeral director in Mount Carmel Cemetery, with flowers to the funeral.

## 'Lab' Reports Japanese Beetles Now on Wane

Residents throughout this section, especially the farmers and orchardists, can breathe a sigh of relief for the Japanese beetle has begun its seasonal decline in numerous parts of New Jersey, and in a few weeks will have disappeared entirely, according to the U. S. Department of Agriculture's bureau of entomology, which operates the Japanese beetle laboratory at Moorestown.

After existing as adults for a period of about three or four weeks, during which time the females lay an average of 35 eggs each, the beetles bury themselves in the ground and die.

Grubs hatch from the eggs in the summer and remain underground until the following spring, when they become pupae and finally emerge as adults.

## THACHER HEADS TAX ASSOCIATION

### Riverside Forms County Unit of State State-wide Organization

Frank W. Thacher, head of the Florence Thread Co., was elected president of the Riverside Taxpayers' Association at a meeting held in the high school auditorium last Thursday night.

Louis A. Maron was chosen secretary and George R. Mulholland treasurer.

Morris Perinichief, president of the Mount Holly Association, told of the fine work already done by the county organization in obtaining a reduction in the county budget last January. The Mount Holly unit also had been instrumental in saving that township thousands of dollars, both in township and school expenses.

Mr. Perinichief said the burden of taxation in New Jersey had been increasing every year for more than 25 years, until it had become entirely unbearable. At least 1000 factories had been forced out of the state in ten years and thousands have lost their homes because they were unable to meet their taxes.

It is only by the public becoming tax-conscious and forcing their officials to recognize that fact, that taxes will be reduced, he declared. A great deal of local and county expenses are created by mandatory laws and cannot be avoided until the great mass of voters by non-partisan organization compel the legislators to listen to the voice of economy.

Three big factors are responsible for mounting costs. The road department, institutions and agencies and the educational system. The latter, declared Mr. Perinichief, undoubtedly needs a thorough investigation, as the cost of education per child has mounted enormously in the past few years.

P. B. Elwell, field secretary, told of the great work being done by Clinton home his policy of governmental extravagance by telling how politicians create useless jobs and useless courts just to reward their henchmen.

He told a humorous story of a man who left his brains at the doctor's to be repaired and then failed to call for them because he got a government job and didn't need his brains anymore.

## LAWRENCE B. POWELL PASSES EXAMS; NOW REGISTERED DOCTOR

Lawrence B. Powell, of Chester avenue, Moorestown, is among the 84 medical students who just passed the State Board medical examinations and is now a registered physician.

Dr. Powell, son of the late Dr. B. B. Powell, who practiced here for thirty years before his death in February, 1928, finished his studies at Hahnemann Medical College, Philadelphia, where he also studied in the College of Science. The young doctor is a graduate of Moorestown Friends' School, also. He served his internship at Hahnemann Hospital.

Dr. Powell has not yet made definite plans as to where he will practice.

## Miss Annie B. Sexton

Miss Annie B. Sexton, daughter of the late Daniel and Margaret Sexton, died on Sunday, August 14, at her home on East Main street, Moorestown.

Funeral services were held on Wednesday last week with high mass of requiem celebrated at the Church of Our Lady of Good Counsel, at nine o'clock. The Rev. Thomas F. Rudden, rector, officiated. Interment was made in Mount Carmel Cemetery, with Philip McConney, funeral director, in charge.

## RIVERTON SCHOOL OPENS SEPT. 7TH

### Interior Walls Painted, Heating Plant Repaired, Stairways Made Fire-Resisting

Many building improvements await the pupils of the Riverton grammar school when school opens Wednesday, September 7. George Steidle, chairman of the property committee of the Board of Education, reports that the interior of both buildings and the exterior of the small building have been painted.

The color scheme inside consists of blue trim, with a two-tone buff wall and ceiling decoration, giving the interior a light and cheerful appearance.

In both the boys' and girls' lavatories electric exhaust fans have been installed to provide excellent ventilation.

In the manual training room a regular heating flue from the main heating system has been installed. This will replace heat furnished heretofore by gas heaters.

The classroom formerly located to the left of the main stairway on the first floor of the large building has been transformed into the domestic science room. Here four miniature kitchens with kitchen sinks, kitchen cabinets and gas ranges have been installed. Along the wall in the same room will be arranged a row of sewing machines.

The room on the top floor, formerly the domestic science room, has been converted into a classroom.

The main heating plant has undergone complete overhauling and repainting and is now restored to its original capacity for efficient heating. The flues have been vacuum cleaned throughout.

The floors in the kindergarten and office have been sanded and refinished.

The stairways in the main building in the front have been rebuilt with metal edged nosing on the treads and filled with a fire resisting substance. This improvement is equal to new stairways and in addition lessens the fire hazard. The stairway improvement represents considerable cost and it is expected that the rear system of steps will undergo the same improvement next season.

Ivy and a magnolia tree have been planted in front of the main building.

## Teaching Staff

Miss Caroline M. Staman, will, in accordance with her unanimous election by the Board of Education last spring, assume the duties of supervising principal, in place of Mrs. Cooper, who resigned to accept a principalship in Girard College.

Miss Harriet L. Parker will again teach kindergarten; Miss Lillian M. Justice, first grade; Miss Elsie B. Ewald, first and second grade; Miss Meribeth S. Gardiner, second grade; Miss Ida V. Clark, third grade; Miss Esther M. Rothbart, third and fourth grades; Miss Helen M. Paulding, fourth grade; Mrs. Mira L. Murtagh, fifth grade; Mrs. Gertrude Williams, fifth and sixth grades; Mrs. Nancy J. Bush, sixth grade; Miss Emily D. Lippincott, seventh and eighth grades; John E. Rank, seventh and eighth grades.

Miss Jeanne T. Emery, of Drexel Hill, Pa., will fill the vacancy created by the election of Miss Staman to the principalship, in teaching the seventh and eighth grades. Miss Emery holds a degree from the University of Pennsylvania and has had three years' teaching experience at Ellis College, Pa. Miss Emery was appointed after the educational committee had thoroughly investigated her family and professional background, and found her to qualify above the average.

Miss Lucas, Mr. Bank and Miss Lippincott will assume the teaching of physical education in place of George J. Eyth, who was not reappointed.

Miss Mary P. Lucas will again teach music; Mrs. Grace C. O'Hanlon, art; Miss Julia H. Griscom, home economics and Edward H. Griffith, manual training.

## Mrs. Anna J. Carson

Mrs. Anna J. Carson, 86 years old, mother of Walter Carson, Camden attorney who lives on East Main street, Moorestown, died Sunday at the home of her daughter, Mrs. Mary C. Schermerhorn, in Ocean City. Her sudden death was caused by a heart attack. She was ill only a few minutes.

Funeral services were held Wednesday afternoon at two o'clock, from the home of her son, Joseph A. Carson, of Clinton avenue, Merchantville, with whom she made her home. The Rev. Alexander C. Carson, superintendent of the Trenton district of the Methodist Episcopal conference, a former pastor of the deceased, will officiate at the services.

Mrs. Carson was for many years a resident of North Camden. She was the widow of James R. Carson. As a member of the Centenary Tabernacle Church, Camden, she was very active. She was also interested in the Methodist Home for the Aged, Collingswood, and served on its board for several years.

Surviving Mrs. Carson are three sons and two daughters. Walter Carson, of Moorestown; Joseph A. Carson, of Merchantville; Mrs. William J. Schermerhorn, of Pitman, and Mrs. Mary C. Schermerhorn, of Moorestown.

## FIREMEN MEET IN MASONVILLE

County Association Arranges  
Special Session; Hears Mar-  
shal's Monthly Report

The Burlington County Firemen's Association held its August meeting at Masonville last week where the members were guests of Masonville Fire Company. The meeting was well attended with representatives from all companies of the county present.

Edward M. Comfort extended a hearty welcome to the firemen. The usual routine of business was transacted and various matters of interest to firemen were discussed.

A special meeting has been arranged to be held at Riverside on Monday evening, at eight o'clock, to organize the county firemen on relief matters to be brought before and decided at the State Convention in Atlantic City in September. All officers and members of Firemen's Relief Associations and others interested are invited to be present.

County Fire Marshal William J. Smith, of Bridgeboro, submitted a report of fires in the county for the month of July. The report follows:

Total number alarms, 40; number general alarms, 39; number silent alarms, 11; number false alarms, 1. Number calls in the districts: Beverly 1, Burlington City 4, Burlington Township 5, Crosswicks 2, Florence 1, Hainesport 3, Lenola 1, Medford 4 (2 out of district), Marlton 1 (out of county), Mount Holly 7 (3 out of district), Pemberton 1, Moorestown 6, Riverside 2, Vincentown 1, Wrightstown 2, New Cretina 2, Bordentown, Columbus, Maple Shade, Palmyra, Riverside Park, no reports; Bridgeboro, Brown's Mills, Delanco, Florence Heights, Lumberton, Masonville, Parry, Rancocas, Riverton, Roeboling, no fires. Apparatus used—Pumpers 20, chemicals 17, ladder trucks 3, feet hose laid 4750, number firemen answering calls 440.

The fires consisted of various kinds including houses, barns, garages, automobiles, etc., and one truck containing 480 sacks of onions, 32 hampers of beans and 40 hampers of peppers. The truck was covered by insurance.

## HIGH SCHOOL STUDENT TAKES HIS FIRST SOLO FLIGHT FROM AIRPORT

Milton K. Jordan, son of Dr. and Mrs. O. J. Jordan, of Haddon avenue, Collingswood, took his first solo flight at Moorestown Airport on Tuesday morning.

"The flight was excellent," reported chief pilot and instructor at the airport "Jim" Erdman.

Jordan is a student at Moorestown Friends' School. He has been studying flying about three months and is the first student of high school to pilot a ship alone.

His mother was on the field to watch the flight, which thrilled her almost as much as it did the youth.

## WOMAN GETS 30 DAYS AS DISORDERLY PERSON

Charged with being drunk and disorderly, Bernice Nobak, of Philadelphia, is in jail at Mount Holly, serving a thirty day sentence imposed by Justice of the Peace William F. McCaffrey at Riverside. The woman, who refused to tell her address, was arrested by Chief William Voshell on the complaint of Steve Wegland, of Riverside.

## R. H. S. HOPES FOR STATE APPROVAL

Every Effort Being Made to  
Bring Riverside School Up  
to Requirements

Riverside school authorities are hopeful that the High School will obtain full state approval shortly after the opening of the 1932-33 term.

Only a few minor improvements were recommended by the state last spring and nearly all these have been taken care of. There was some additional equipment to buy for the various departments and this has been obtained.

The question of obtaining a principal for the high school remained, and, although the funds available are limited owing to this item not having been included in the budget, the board is now in contact with a splendid man for this position and it is expected the election of a high school principal will be announced within a few days.

The only other improvement to be made is the building of a sliding partition in the gymnasium, so that boys and girls can use the gym at the same time. This will cost three or four thousand dollars and the expenditure must be authorized by the voters at the school election next February before the partition can be built.

## STATE CHAMPIONS AT BURLINGTON

Newly Crowned Kings of New  
Jersey Corps to Try for  
First Prize

The newly crowned state championship drum and bugle corps from Perth Amboy has signified its intention of taking part in the big American Legion spectacle to be staged in Burlington on Saturday, October 1.

Another drawing card will be the famous Norwood American Legion Bugle and Drum Corps of fifty-three men. This corps won distinction for having the best color guard in the National Convention at Boston in 1930 and has the champion drum major, Commander Horner. The commander is noted as the best composer in Pennsylvania. This corps has the unique distinction of finishing "in the money" in all of the 32 events which it has entered with but a single exception.

S. Page Schooley, general chairman of the committee in charge of arrangements, reported that an effort is being made to have Colonel Franklin D'Olier present to award the prizes to the winning contestants. Colonel D'Olier is a life member of the post and a member of one of Burlington's oldest and best known families. He now makes his home in Newark, where he is an official of one of the large insurance companies.

The Post Rodgers Drum and Bugle Corps, of the Palmyra Post, and the Burlington County Legion Band, will act as hosts and will not participate. Both of these organizations won second place in the competition at Camden last week.

## CAMDEN PAIR HELD ON BAD CHECK CHARGE

Wanted on a worthless check charge in Medford, George Bloomer, 23, and Frances Lambert, 28, both of 902 Cooper street, Camden, were arrested Monday by Patrolmen John Parker and Henry Mehner, of Audubon, and turned over to the Medford police. The arrest was made on a warrant issued by Justice of the Peace Frank E. Smyth, of Medford, who charged the pair with passing two worthless checks for \$25 each on the Vincetown National Bank. Bloomer is engaged in the cleaning and dyeing business, and Miss Lambert at her home on Cooper street.

## 140,000 Registered Co in Jersey Must be Equ Direction Signs By th

The Motor Vehicle Department has announced specifications for the lighted direction signs which must be installed on the 140,000 registered New Jersey commercial vehicles on January 1, 1933, in compliance with Chapter 137, Laws of 1932.

The specifications require that an applicant, for the approval of a sign to be placed on the market, must first have the device tested at the Electrical Testing Laboratories, 80th street and East End avenues, New York City. Upon completion of the test, a written request for approval should be forwarded to Commissioner Hoffman, accompanied by a complete device and a copy of the laboratory report.

The Act under which the direction signs have been ordered by the department, provides that "the signal herein required shall be given either by means of the hand and arm herein specified, or by an approved signal device which shall be lighted during the period from one-half hour after sunset and one-half hour before sunrise, and at such other times that substantial objects are not clearly discernible from a distance of 300 feet, except when a vehicle is so constructed or loaded as to prevent the hand and arm signal from being visible to the extent of 15 inches thereof, both to the front and rear, the signals shall be given by some such device as above set forth which has been approved by the department. For the purpose of compliance."

## SUSPENDED SENTENCES

Charged with being drunk and disorderly, Francis P. Brown, of 2721 Ash street, and Peter Entler, of 4763 Garden street, both of Bridesburg, Pa., were arraigned last week before Recorder Cecil A. Bowers at Riverton. The men were arrested by Patrolman John Robinson on a charge of causing a disturbance on the river bank. Both were given suspended sentences and assessed costs.

## WIDOW'S AWARD IS UPHELD BY COURT

Mrs. Lavery Gets \$10 a Week  
For 300 Weeks From  
French, Ludington

The State Supreme Court at Trenton last week upheld the decision of deputy Commissioner of Labor W. E. Luddy, granting compensation of \$10 a week for 300 weeks to Mrs. Bridget Lavery, of Moorestown, widow of one of the five persons killed September 16, 1931, in a grade crossing accident at Haddonfield road, Pennsauken township.

The court also sustained a judgment of \$12 a week for 13 weeks to James Lavery, her son, who was injured in the same accident that took the life of her husband. The defendants who made the appeal were the W. D. French Company, Moorestown, contractors, and Ludington Management, Camden.

Four men and a boy lost their lives and six men were injured, two of them very seriously when a dump truck, owned by the French Company, in which they were returning from work, as struck by an eastbound train at the Pennsylvania Railroad's unguarded crossing on Haddonfield road, Pennsauken.

The body of the truck was ripped off from the chassis, which remained damaged, as the train, traveling at high rate of speed, crashed into the rear of the vehicle. While two of the men jumped to safety, others either jumped or were thrown against the side of the truck when it was struck.

Lavery, 63 years old, of King's highway, died in Cooper Hospital, Camden, eight o'clock the night of the accident.

The men were returning from work at the Iron Rock Country Club golf course, built by the French company. The truck was going in a southerly direction on Haddonfield road, near Collick.

The defendants contended the contract for work did not include transportation and that they therefore were not liable.

We think that proofs were such as warrant a finding to the contrary this contention, and therefore the judgment will be affirmed," the Supreme Court ruled.

## DEMOCRATS PLAN FOR TRIP TO SEA GIRT

Plans are being made by the Burlington County Democrats for the trip to Sea Girt Saturday, August 27, to meet Governor Roosevelt, the party's nominee for president. Francis Reed, Mount Holly, is chairman of the transportation committee which is arranging for buses to run from Burlington county at a round trip rate of \$1.00. Other members of the committee are Thomas Doyle, Florence, and Charles Hawke, Palmyra. Richard P. Ogles, of Burlington, is chairman of the county committee.

## Adam Oster

Adam Oster, husband of Elizabeth Oster, died very suddenly at his home on South Maple avenue, Maple Shade, on Saturday. Although he had been in ill health for two years his death came unexpectedly.

The funeral took place on Tuesday morning at 10 o'clock from Our Lady of Perpetual Help Church, Maple Shade, with the Rev. John Farrell, rector, officiating. Interment was made in Mount Carmel Cemetery and Philip McChesney was the funeral director in charge.

## MT. HOLLY BABY HURT IN FALL FROM CRIB

James Gibbs, eight-month-old son of Mr. and Mrs. Carl Gibbs, of 101 Water street, Mount Holly, fell from his crib and was seriously injured when his head struck and broke his empty milk bottle. He was treated at the Burlington County Hospital for lacerations of the head last Thursday and was admitted to the institution after an x-ray was taken to determine whether he had received a fracture of the skull.

## NET INCOME OF P. S. CORP. DROPS MORE THAN HALF MILLION

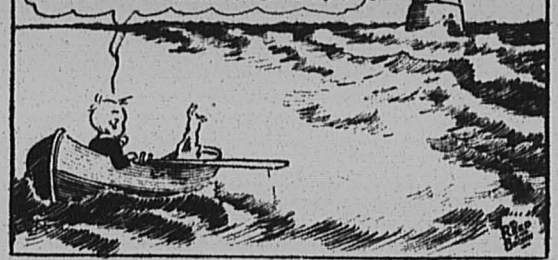

A comparative statement of combined results of operations for the twelve months ending July 31, 1932, issued by Public Service Corporation of New Jersey, shows for the corporation and its subsidiary companies gross earnings of \$131,248,240.11 as against \$139,017,480.84 for the twelve months ending July 31, 1931, a decrease of \$7,771,240.73.

Operating expenses, maintenance, taxes and depreciation for the period were \$86,659,968.13, a decrease of \$7,220,661.82, leaving a net income from operations of \$44,588,271.98, as against \$45,136,850.89 for the twelve months ending July 31, 1931, a decrease of \$550,578.91.

Other net income amounted to \$1,103,768.97 and income deductions to \$15,454,981.53, the balance for dividends and surplus being \$30,235,057.42 as compared to \$31,491,611.44 for the twelve months ending July 31, 1931, a decrease of \$1,256,554.02.

## FOREST TREES vs. SHADE TREES

By WINSTON E. PARKER  
LANDSCAPE FORESTER

There is a wide differentiation between trees growing in a forest and those growing in and about towns and cities. This difference is noticeable not only in the way the trees grow, but also in the purposes for which they are grown, and the resulting use and value of them.

Our forest trees have three main uses and influences on human life. As we all know, they are the source of many of our most important products, such as lumber, paper, naval stores, and many other materials constantly used to make life more pleasant and easy for us. A second important purpose of forest land is its ability to regulate stream flow, with all its attendant values to us. This is primarily the effect of the forest floor on water retention. As time goes on, more and more litter accumulates beneath the trees of the forest until a spongy mass of humus results which retains rains and melting snows, giving them off gradually to the numerous streams having their sources in the vicinity. In this way soil erosion and often floods are prevented, as well as regulating stream flow by keeping a more or less uniform discharge of water throughout the year. The third important part played by forests lies in their recreational value. Thousands seek the woods every year in search of health, relaxation, and sport. Furthermore, forests effect climatic conditions. This is a comparatively unknown effect of wooded land. As each tree gives off many barrels of water through the leaf area, the effect of large timbered areas on temperature and humidity is quite apparent.

### Value of Shade Trees

On the other hand, shade trees, as their name implies, are of importance primarily for the shade they afford and their aesthetic value to the property on which they are located. While such trees make our every-day life more comfortable and are exceedingly restful to hot, tired humanity, their results are the results of mechanical shade which they furnish, not any appreciable effect on climatic conditions in general. Trees add an actual value to the property, and in this sense could probably be called commercially

important, for it is a known fact that real estate having trees will sell more readily and bring a higher price than that which is without the shade and beauty thus afforded.

From the foregoing paragraphs, it is evident that the two classifications of trees have a widely divergent part to play, and consequently factors pertaining to their growth and development will also differ. In shade trees, the specimen tree is important, while in forests the individual is of minor importance except for the amount of lumber or other material it produces. Shape and appearance, on which the value of one depends, means nothing to the other. It is to be expected, then, that a tree which in the woods appears perfect and beautiful would, on a lawn, look scrawny and ill-kept. Aside from the appearance, there are other factors of difference which are of even more importance, and should be considered by us all.

Our forest trees are growing under natural conditions, where the old law of survival of the fittest is in constant operation. Through this, weaker, undesirable individuals soon become totally suppressed and disappear from the scene, to the infinite betterment of the survivors. Shade trees generally stand more or less alone, and gain neither help nor hindrance from their fellows. The ultimate to be desired is a symmetrical shapely tree such as is rarely found in the woods. This means that constant care is necessary to obtain and maintain this perfection. But the most important difference is yet to be discussed and that is the difference in environmental and growth factors which exist between shade and forest trees.

### Nature Source of Food

We have mentioned the spongy consistency of the forest floor, which retains and supplies ample moisture for tree growth. This is entirely absent beneath most of our shade trees, which in addition usually have grass and lower herbaceous plants to compete with in the usually insufficient supply. Again, in nature the source of food, which is being drained from the soil is constantly being replenished by litter from the trees themselves and from the ones which have fallen in the

struggle for existence. As a result of this lack of normal replenishment of the soil, many of our shade trees are undernourished, making them ready victims of insect, disease, and drought. Trees need food, and unfortunately seldom get it in sufficient quantities. Finally, in forests the balance of nature operates. For every insect pest there is one or more natural checks or controls. Birds, other insects, and diseases prey upon the pests of the trees, but the encroachment of civilization has destroyed or driven off these natural means of control, with the result that our shade trees are frequently infested with insects which require artificial means of control by spraying or other methods.

Briefly, then, forest trees are growing under natural conditions, while shade trees are growing under more or less artificial environment. The farther removed the natural conditions may be, the more we must concern ourselves with supplementing them to the best of our ability. If we want to continue to have beautiful, shapely, healthy trees on our avenues and about our homes.

## LET ME GROW LOVELY

Let me grow lovely, growing old—  
So many fine things to do:  
Laces, and Ivory, and gold,  
And silks need not be new;  
And there is healing in old trees,  
Old streets a glamour hold;  
Why may not I, as well as these,  
Grow lovely, growing old?

## THE ALL-REVEALING AD

A century from now a file of the advertising pages of the newspaper and magazine of today would provide a complete history of the customs and characteristics of the period. These advertisements record what the people are wearing, the problems of the day, current thought and the traits of the generation.

Pick up any issue of the family newspaper and there in word and picture is the story of the day. Preserve that issue and posterity a century from now can tell what the men and women of this generation were, what their mode of transportation was, how they were amused and entertained. The advertisements have made the past an open book.

Picture a man in the year 2032 chancing upon a file of a newspaper for the year 1932. Turning to the advertising pages he would see arrayed before his eyes the styles in wearing apparel for men, women and children of one hundred years ago. He would see the types of automobiles in use and from the number of automobile advertisements he would deduce that the automobile was in great favor and universal use. By the same reasoning he would learn that the radio was in great demand, even exceeding in popularity the phonograph and player piano.

Training in the art of sleuthing would not be necessary for this reader of the advertisements of the past to inform himself, from the cancer cure ads, that cancer was a menace to the generation and, from other ads, that obesity and exceeding thinness concerned the public as greatly as the malignant cancer.

The advertisements are also a record of economic conditions, revealing market prices and estimating the supply and demand.

For the discerning contemporary reader the newspaper advertisements afford more interesting and valuable information than he can preserve for posterity.

## SUN ECLIPSE AUGUST 31

An eclipse of the sun, total over a portion of the New England states and partial throughout the rest of the country, will occur on the afternoon of August 31, affording millions of people the opportunity to witness this most striking celestial phenomenon.

The extent of the eclipse will vary from total in portions of the East to only 10 to 30 percent on the Pacific coast. In the middle West and in the Southeastern states from 50 to 75 percent of the sun's face will be obscured as the moon passes across it.

The earth is the only planet in our solar system with a moon large enough to make a total eclipse of the sun possible. Mercury and Venus have no moons at all; Mars has two but they are only about five to ten miles in diameter, so would only show as small black spots when crossing the sun's face. The larger planets have several moons, but none are large enough to eclipse more than a slight fraction of the sun.

An endless source of wonder to the layman is the ability of astronomers to predict the occurrence of eclipses with unerring accuracy years and even centuries in advance. It is known, for example, that a total eclipse of the sun will be visible along the southern border of the United States from California to Florida on August 12, 2045—or 113 years hence. The eclipse which will occur this month was predicted and described in great detail in a work published in Vienna nearly 50 years ago.

But if we can not understand how these wonderful spectacles of the skies are predicted, we may witness them as occasion offers and marvel at the mind of man which has discovered so many of nature's secrets.

## BIG AIRSHIP LAID UP

After covering some 140,000 miles in 250 separate flights without a serious accident during her eight years in service, the U. S. Navy airship Los Angeles has been placed out of commission.

The Los Angeles was built at the Zeppelin works in Germany and brought to the United States in October, 1924, by Dr. Hugo Eckener, now captain of the Graf Zeppelin. The big craft was turned over to the United States under the terms of the peace treaty. It was christened by Mrs. Calvin Coolidge with water from the River Jordan.

Because of a scarcity of helium gas in her early days, the Los Angeles and her sister ship, the ill-fated Shenandoah, alternately used the same supply, one having to lie up while the other went on a cruise. When the Shenandoah was destroyed the supply was lost and the Los Angeles had to remain moored for several months until more gas was produced.

While the ship is capable of doing service for a few more years, placing her out of commission will save the government about \$280,000 a year. Most of the Navy's aircraft personnel have been trained on the Los Angeles, and her recent crew will probably be assigned to the great new Macon, now under construction, sister ship of the Akron, largest aircraft ever built.

Motoring is more dangerous than railroading because engineers and firemen don't usually pet.

## THE EFFECT OF PERSONALITY

A condition that lends itself in no small way toward such of our present day perplexity in national and economic affairs is the prime importance we attach to great personalities. The average citizen, it seems, trusts in the integrity of men who stand high in the affairs of our country and the business world. Yet, how often is the influence of position used to further a selfish cause in the interests of a chosen few? Their position is their point of vantage and it goes without saying that a majority of the people are mere echoes of their utterances.

They lend themselves to all causes, good, bad, or indifferent, and much misunderstanding on important phases of our every-day life results from the influence they have on the average individual.

It is extremely difficult to separate worthwhile material from the mass of propaganda that finds its way through the press and over the radio, even for the most diligent thinker, much less the common herd. It is this admixture of good and bad coupled with illicit intrigue that moulds public opinion.

A good example of recent occurrence was the absurd statement made by Secretary Hyde of the Department of Agriculture in an effort to discredit Governor Roosevelt's reforestation program when he quoted the time on only one operation in regard to planting a tree, eliminating entirely all work preparatory to the actual planting. Drawing pencil and paper conclusions to the effect that all the unemployed could reforest all the available lands in a few hours.

Although foresters of wide experience have ridiculed his statement, it still has its effect on the minds of his listeners, owing to its source.

In the last decade 17 billion dollars was transferred from the savings of average Americans to foreign countries for various purposes on the integrity of international bankers who realized the importance of great personalities in their radio talks on big money-making possibilities awaiting American investors in foreign land, but when 58 issues out of a total of 128 were in default and the United States senate ordered an investigation, these same bankers could not responsibly by pleading that they were only merchants the same as any corner grocer, just selling the public a commodity for which there is a demand.

In the same manner the chairman of the Chicago Board of Trade declared speculation in the grain market in a recent radio address, pointing out the benefits to be derived by the farmer by way of a rise in the price of grain due to the speculative purchase of "futures." Yet, all the evils attached to speculation and the fact that it has been looked upon, time and time again as the medium to boosting prices between grower and consumer are not mentioned openly but deduced to such a phrase as "it is in the interest of the speculator to see that the farmer gets a fair deal and that every infringement on the right of the farmer will be carefully checked by the speculators themselves."

And with that assurance he implores the farmers to uphold speculation. But here you will not find the fact that it is none other than the speculator who advocates speculation, and it will no doubt have a far reaching effect on the farmer, due to the fact that the weight of personality is behind the plea.

So, until we can learn to analyze the utterances of those "higher up" and separate the good from the bad, conditions can be expected to remain pretty much as they are.

## RELIEF WORKERS COLLECT \$180.81

Additions and Changes in Block Leaders Reported by Captains

Excellent progress was made during the past week in completing the organization of Palmyra's Welfare and Relief efforts for the coming year. The first week's efforts of district captains and block leaders yielded a total of \$180.81.

This does not include all districts, but includes both pledges and donations made where no pledges were signed. In many cases contributors paid a number of weeks in advance, thus making a larger sum available and lightening the weekly work of the block leaders.

The following additions and changes were made by district captains during the week:

District No. 2: Captain, A. L. Koppenhoffer; block leaders—Arthur C. Strang, 530 Garfield avenue; Mrs. Mary Kates, 419 Garfield avenue; Thomas McCrosson, 319 Garfield avenue; Herbert Kennerly, 315 Garfield avenue; Mrs. Sallie Wimer, 15 East Broad street; Mrs. James T. Ward, 4th and Cinnaminson avenue; Joseph O. Seal, 313 Cinnaminson avenue.

District No. 3: Mrs. Branson, captain. The address of block leader Mrs. R. E. Mayes published last week was in error and should have been 313 Leconey avenue.

District No. 4: Horace Way, 5th street, is announced as captain in place of Dewitt Morris as announced last week.

District No. 5: Captain, J. P. MacFarlane. Additional block leaders: Charles Dunbar, William Carson, Ross Cramer, Frank McCormack, Mrs. Everett Wiggins, Mrs. Alfred Bauer, John Harris, Alfred Van Osten.

District No. 6: Captain, Arthur Wright. Additional block leaders: J. M. Weari, 704 Highland avenue; Miss Frances Low, Morgan avenue; Miss Margaret Harman, 843 Morgan avenue.

District No. 7: Captain, Mrs. Rowland Price. Block leaders: Mrs. William Miller, Mrs. Harry Fluck, Mrs. Ernest Woodcock, Mrs. Joseph Abell, Mrs. William Althouse, Mrs. William Engel, Harry Battinger, Miss Helen Gierkel.

District No. 9: Captain, Clinton Gardner. Additional block leaders: Edwin Parker, D. Gray Schwartz, Mrs. John Ward, Miss Frances Green, George Rhodes, Mrs. William Wright, Harry Kennedy.

District No. 13: Captain, Charles Kienan. Block leaders: Israel Goff, 612 West 5th street; Frank Bua, 521 West Broad street; Mrs. Sadie Brad-

ley, 508 Orchard avenue; Mrs. Charles Kienan, 603 West 6th street.

The Clothing Committee started operations and appeals to all citizens for donations of clothing and shoes. If you have any clothing for Welfare simply tell your block leader, who will pass the word along to the committee.

James A. Hendry, 76, of St. Louis, recently celebrated his forty-eighth year of Sunday School attendance without a single miss.

MT. HOLLY SCHOOLS TO BE ON PART TIME

It will be necessary to operate some grades of the Mount Holly public schools on part time this year as was done last year, according to an announcement by Supervising Principal Robert C. Parker. It is estimated by Parker that there will be at least 100 more pupils for the high school building this fall than there were last season.

## THE NEW MR. HOOVER

By EDWARD CASPER STORES

The speech of acceptance by President Hoover of the nomination of the Republican Party as its candidate for President, disclose a new Mr. Hoover who has been tried by fire, has been through Gethsemane and has emerged with new courage and a new vision. Heretofore the President has shown a lack of fighting capacity and has been too considerate of his foes, to his own disadvantage. His speech of acceptance discloses a complete change of front. He has in simple but terse language, taken the leadership in this hour of trial on the important questions of the day.

There is no mistaking his attitude. It is an attitude that will win because courage always wins. He is unequivocal in his stand on the tariff and he is opposed distinctly to the Democratic attitude of a competitive tariff for revenue only. He is for the American policy of protection.

He is strong against the cancellation of debts of other nations owing us monies loaned and goods rendered. He does not deny the depression but he arrays the force of prosperity and courage and challenges it. He stands for a sound currency and for the maintenance of the credit of our Government.

On the liquor question he is clear and explicit. He frankly states that he has reversed his attitude. He is opposed to the saloon on one hand and the bootlegger and crime on the other. He realizes that the Federal Government cannot secure prohibition enforcement without the cooperation of the States and for that reason he proposes to let the States control the traffic according to their wishes, eliminating the saloon and protecting the States that are dry against any invasion on the part of the States that are wet.

With a generous mind he gives full credit to Democratic cooperation in these days of adversity and he pledges himself to the full of his ability and his physical strength to secure prosperity and work for the American people.

His speech is a masterpiece of simplicity, of eloquence and of grandeur of style that grows out of sincerity and good faith. Just as our forefathers in framing this Government relied upon the support of Almighty God, so President Hoover discloses his faith and reliance upon the Supreme Being in the task before him.

## P. O. S. of A. NOTES

Members of the P. O. S. of A. of Burlington County are urged to attend the county meeting to be held at Browns Mills Wednesday evening of next week. Washington Camp No. 23, of Pal-

myra, held its regular meeting Monday evening. Following a brief business session the delegates to the convention in Atlantic City on September 2 and 3 met and discussed plans for the occasion. More members are urged to attend the regular weekly meetings of the Palmyra camp.

## TEAR GAS BOMB FAILS TO QUIET NOISY MT. HOLLY BAKER

Fred Schmidt, arrested at Mount Holly on a charge of disorderly conduct and the use of obscene language on the street, was placed in the lock-up to wait a hearing last Friday. Schmidt didn't like the idea and started to make a rumpus in his cell. So noisy did he become that Police-man Bowen, who made the arrest, discharged a tear bomb in the cell. Schmidt continued his rampage and use of abusive language despite the gas, so the officer arranged an immediate hearing. Squire B. C. Herbert had the man committed to the county jail in lieu of a \$10 fine, which didn't dampen his spirits at all and he continued his raving until placed in a remote cell.

## RIVERSIDE BOYS ARE NABBED FOR RIFLES

Three young Riverside boys who started on a camping trip in a canoe up the Rancocas creek made a serious mistake when they took rifles with them. When they reached Albertson Rest, Mount Holly, one of the canoeists is alleged to have fired and wounded a goose, belonging to Lester Albertson, of Water street. He notified Policeman Frank Bowen, who arrested them. At a hearing before Recorder Joseph Roberts, Monday night they gave their names as Fred Wilbert, 20, of 205 Cleveland avenue; Eugene Bruno, 21, of 416 Middleton street; and Charles John, 19, of 121 Cleveland avenue. Game Warden Roy Carson charged the three with carrying firearms. John was acquitted. The other two were fined \$20 and sentenced to pay the costs, a total of \$55. Friends paid their fines and they were released.

## MENUS FOR QUICK MEALS

NOTHING meal to get! This echoes from every corner of the globe where the housewife must plan three meals a day for the hungry family. Even during the hot summer she cannot relax—as for as culinary imagination is concerned at least. The three meals a day must be well-balanced. They must meet the caloric need of every member of the family. They must be nutritious. In variety they must be tempting, for frequently appetites have to be coaxed during summer months.

Today a stock and variety of canned foods and dishes prepared in the automatic refrigerator eliminate morning hours in a hot kitchen. And better still, mother appears at the table with fresh and pulsed as her young daughter, for her afternoon has been spent at the beach or at a porch bridge. Yet the nutritious needs of her family have not been neglected.

Every housewife ought to cultivate the habit of planning meals that can be prepared in a jiffy. Yes, it is a habit of making your work light and short or hard and long. Maybe these moments will offer you new combinations.

## Corn Griddle Cakes

2½ cups pastry 1 egg  
1 cup milk  
4 tsp. baking powder 1 tsp. melted butter  
1 tsp. sugar ½ cup fresh corn  
¼ tsp. salt 1 cup corn

Mix and sift the dry ingredients into the mixing bowl. Beat egg thoroughly. Add milk and melted butter. Add liquid to dry ingredients and mix quickly, stirring only enough to moisten all the flour and smooth the batter. Add corn that has been well drained. Stir just enough to distribute. Pop by tablespoons onto a hot griddle. Bake until bubbles form on the

top and cake is well browned on lower side before turning. Turn and bake on other side. Bake carefully because cakes are tender. Serve as main dish for luncheon or supper. Six servings or about 36 small cakes.

**Salmon Salad**  
2 cups flaked salmon  
1 cup sliced celery  
½ cup sliced pickles  
Combine ingredients in order given. Serve immediately on crisp lettuce leaves. Five servings.

**Cooked Salad Dressing**  
1 tsp. salt  
1 tsp. mustard  
1 c. cayenne  
2 tsp. flour  
2 tsp. sugar  
2 egg yolks  
2 cups vinegar  
2 cups butter  
1 cup evaporated milk  
1 cup milk  
2 cups butter

Mix dry ingredients in top of double boiler. Add egg yolks, then butter and diluted milk gradually, stirring constantly to keep smooth. Cook over hot water fifteen minutes. Remove from fire, cool and add vinegar. Makes one and one-quarter cups.

**Scrambled Eggs**  
4 eggs  
¼ tsp. salt  
1 cup milk  
2 cups butter

Beat eggs until they are no longer yellow. Add salt, pepper and milk. Put butter into hot saucepan when it bubbles, add egg mixture. Stirring constantly, cook over hot water until firm, but not hard. Two tablespoons grated cheese added to raw mixture gives a very desirable variation. Minced parsley, chives, pimiento, or cooked mushrooms may also be stirred into scrambled eggs just as they are removed from the fire. Five servings.

**Mocha**  
1 cup cocoa  
1 cup sugar  
1 c. salt  
½ cup hot water  
1½ cups strong hot coffee  
Blend cocoa, sugar and salt. Add hot water and stir until smooth. Cook slowly over a low flame two or three minutes or until liquid is thick and creamy. Add boiling water, milk and coffee. Boil to boiling point. Whisk with an egg beater. Serve immediately. Six servings.

## CHRISTIAN SCIENCE

"Christ Jesus" will be the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday, August 26, 1934.

The Golden Text is: "Jesus Christ the same yesterday, and today, and forever" (Hebrews 13:8).

Among the citations which comprise the lesson-sermon is the following from the Bible: "And Jesus went about all Galilee, teaching in their synagogues, and preaching the gospel of the kingdom, and healing all manner of sickness and all manner of disease among the people" (Matthew 4:23).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The Principle and power of Christianity are discerned by spiritual sense. They are set forth in Jesus' demonstrations, which show—by his healing the sick, casting out evil, and destroying death, 'the last enemy that shall be destroyed'—his disregard of matter and its so-called laws" (p. 310).

## POLICEMAN'S WIFE INJURED IN CRASH

Large Truck Strikes Automobile Driven by Mrs. Walter A. Erickson

Mrs. Walter A. Erickson, 204 Linden street, Moorestown, wife of the policeman who directs traffic at Main and Church streets, suffered a wrenched back and bruises about the ankle in an automobile accident at Pleasant Valley avenue and Kings highway shortly after four o'clock last Friday afternoon.

A Ford touring car, driven by Mrs. Erickson, was struck by a large truck owned by Munerato Bisognano, 314 Main street, Glassboro, and driven by Philip Scorsio, of the same address.

Mrs. Erickson, crossing Kings highway on Pleasant Valley avenue, slowed down but did not see the truck going westward on Kings highway. It is said to have been speeding.

Doris, two-year-old child of Officer and Mrs. Erickson, passenger in the car, escaped uninjured.

## CHRISTIAN SCIENCE HYMNAL CONTRACT KEEPS PLANT BUSY

(From Kingsport (Conn.) Times)  
The Kingsport Press, Incorporated, has received the largest known single order of hymnals ever placed with a single concern. The order was placed by The Christian Science Publishing Society of Boston.

It consists of 400,000 cloth-bound books and 10,000 deluxe full leather-bound books. The books will be distributed throughout the world. It is expected the distribution will begin about September 1.

The music plates for the 640-page hymnal were prepared by the F. H. Gibson Company, of Boston, nationally known music composers. All of the type for the plates was set by hand.

E. W. Palmer, president of the local plant, said some idea of the magnitude of the order could be obtained by the quantity of material and time necessary for the completion of the book. Five of the largest perfecting presses of the Kingsport Press began work on printing the book June 15 and were run 20 hours each day until August 25, at which time the printing was completed.

A total of 325 tons of paper were used in the book, 40,340 yards of book cloth, 29,000 yards of head bands, seven tons of end paper material, 50 tons of cover board, and more than 210,000 yards of muslin reinforcement for the backs of the books.

Mr. Palmer said probably the most outstanding part of the manufacturing process will be the use of more than 500,000 sheets of 22-carat gold for the stamping on the cloth-bound edition and gilding the edges and stamping the deluxe edition. He estimated the cost of the gold alone at \$12,500.

The Ladies' Aid of the First Lutheran Church of Palmyra and Riverton will hold an afternoon tea at the home of Mrs. Fred Hensler this afternoon. The admission is a doll for the annual bazaar. Members and their friends are urged to attend.

## SHINN SUCCUMBS TO AUTO INJURIES

Aged Moorestownian Dies in Burlington County Hospital, Mount Holly

Injuries received when he was struck by a bakery truck on August 12, proved fatal to Thomas Shinn, 85 years old, of 424 East Third street, Moorestown, and he died in Burlington County Hospital, Mount Holly, last Thursday afternoon suffering from internal injuries, four broken ribs and other minor hurts.

Funeral services were held Monday afternoon at two o'clock from his late residence with the Rev. Edgar L. Sanford, rector of Trinity Church, officiating.

The aged victim had lived in Moorestown over thirty years and was well known in this vicinity. Until this past year he was foreman of Moorestown Supply Company. He was crossing Main street, at Poplar street, when he was struck by the truck driven by Vito Iacicola, 282 Mount Vernon street, Camden. Leonard Saragusa, 5154 Vaughn avenue, Camden, owned the vehicle.

Iacicola was arrested following the accident by Officer Walter A. Erickson on the charge of assault and battery by automobile and held in \$500 bail.

He was rearrested upon the death of Shinn by Chief of Police John A. Bradshaw and placed in \$1000 bail to await court action.

The deceased is survived by one son, Walter A. Shinn.

## Reliance 16, Trojans 10

Aug. 19: Two very Dreyer-y adjacent to the Pompeian. If Mr. Dreyer had been around the ball lot, he would have smiled at the two teams becoming base-hit conscious all over the place. All of which just goes to show you that the two Dreyers' teams, Trojans and Reliance, met in the Battle of the Century. The winner: Reliance; the loser: Trojans; the score: 16-10.

Tony Konteski, he of the speedball, changed his name for the evening to Hennessey J. Waterloo—at least in the eyes of the Trojans—for he pitched another nice game for Reliance.

But he was not deceived, O reader, for these were not ball-players who carried over the cold, cold ground. Oh, my goodness no. For wasn't the affair billed as BLOOD BATTLE? Of course. Then those animated things you saw playing ball were really corpses. But, then, thinking this over, it does seem a little far-fetched; perhaps it's not true. In fact, it's NOT true.

Joe Morris with four hits and Don Paevich with three were the leading Reliance hitters. J. Schuler with five, and Watkins with four, led the Trojans.

Wesleyans 13, Lutherans 5  
Aug. 19: The poor Lutherans! It would be a good idea for the manager to take a page from the book of the namesake of the club, Martin Luther, and call a few preachers on doors, etc., and put the team on a Diet of Worms. Or the team might take matters into its own little hands and excommunicate itself into the cellar with the Bakers, to whom, by the way, we give a good chance of beating this team. The Wesleyans beat them this time, 13-5, pulling a triple play in the bargain.

The triple play occurred in the second inning. It happened this way: Buchholz and Schopp got on base; Beldinger hit a liner at Richmond, Wesleyan pitcher, who threw to first to second, doubling both runners off their bags. It is the first triple killing made in the league.

Stocker, with three hits including a homer, led the Lutherans. Werner, with three, was the most devoted Wesleyan.

Ramblers 10, Panthers 5  
Aug. 23: The league-leading Ramblers won another game tonight, at the expense of the Panthers, by the score of 10-5. The Panthers had plenty of men on base, but lacked the power to chase them across. Fifteen of the Panthers were left stranded high and practically dry.

We have exhausted all picturesque figures of speech which would tell you that it began to get dark toward the end of the game, and, disdaining all words, we are afraid you must remain ignorant of that fact. Yet, because of this state (which you are ignorant of), in the last few innings, it became impossible for mortal man to see the egg-shaped contrivance that was used to hit, and nearly all men being mortal, lots of errors were made.

Stitz, A. Wright, Wenger, Brouse, and Williams made two hits each for the Ramblers. Oliver had five safe blows for the Panthers.

## Reliance 16, Grizzlies 10

Aug. 17: In a game that started as a picking duel between Konteski and Finney, and ended up in a wild hitting and error-making orgy, Reliance won the Grizzlies back a notch, 16-10. At the end of seven and one-half innings, it was thought that somebody had turned

## ed on Dreyer's sprinkler system too far.

It was discovered that Jupiter E. Pluvius, disdaining new-fangled methods, was giving the earth a bath with his watering can.

Up until the seventh stanza, the fray was a one-to-one deadlock. Konteski had given the Grizzlies Bears only three hits. Finney had given Reliance six.

In the first of the seventh, Reliance battered things around and scored five runs. It was at this juncture that Senior Pluvius let the gentle rain, named Herman, fall on the ball or orchard. In the words of the old Greek poet, Homer (who never hit even a three-bagger):

"The rain came down in torrents;  
The rain came down in sheets;  
Polite men wear out warrants;  
Oh, how I hate bees!"

After considerable wait, the teams, perceiving that Jupiter Pluvius had abdicated, his rain ceasing, only flitted out on the field and took up the loose ends of the ball game that had been so rudely elated. The Grizzlies made several threats to tie it up, but Reliance forged steadily ahead in the matter of runs. Both teams were greatly handicapped by the wet grounds. Balls went safe that on a dry field would have been easy outs; players made spectacular slips and slides on the wet grass; the pitching duel was shot into many little humks.

Konteski and Beldinger each had four hits for the winners, with Kent making two home runs. Burt Conaway had three safe ones for the Grizzlies.

## SCHEDULE: Who's going to play whom and when?

Thurs., Aug. 25 (Only four more months till Christmas): Ramblers-Athletics; Trojans-Tigers.

Friday, Aug. 26: Lutherans-Bankers (Battle for the cellar); Lampighers-Reliance.

Tuesday, Aug. 30: Trojans-Grizzlies; Wesleyans-Tigers.

Monday, Aug. 29: Firemen-Athletics; Panthers-Lampighers.

TENNIS MATCHES  
START SEPT. 3RD

(Continued from Page 1)

Challenge matches: Fuller (11), Reed (9), 6-3, 6-3; Fuller (9), Conway (10), 6-4, 1-6, 6-4; Borer (9), 6-2, 3-6, 6-3; J. Gibson (7), R. Wallace (6), 6-4, 4-7, 6-3; E. Wallace (11), H. Gibson (10), default.

Last Monday morning the scramble began for the title left undefended by the last year's winner, Carl Winger. Garfield Reynolds, runner-up in last year's competition, is also out of the tournament this year.

Jack Reynolds, first in the seedings and generally conceded to have the tournament for the taking, drew a bye in the first round, and ran through his second round match with the score of 6-2, 6-0, over Elmer Sutter.

Bob Wallace, after winning by default over W. Myers, scored the first upset of the tournament over his brother, Edward, by a 6-4, 6-3 count. Robert Borer dominated the play in the lower bracket and made his way to the finals. His first opponent, C. Hooke, was disposed of by the score 6-0, 6-1 and his quarter-final opponent, L. Yearly, was dispatched with some trouble at times, 6-1, 6-2. Borer then lowered the colors of Harold Reynolds in a semi-final match, 6-0, 6-1. The play thus far has been very tame and none of the matches have gone to three sets. The nearest to an overtime tilt was when H. Reynolds defeated H. Boro in the quarter-final round, 6-4, 10-8. C. Wallace, sixth seeded favorite, fell before the strokes of L. Yearly, 6-2, 6-0 and J. Wallace was awarded default over J. Gibson, second rated in the seedings.

## SECOND ROUND

R. Sutter, C. Sutter, 6-4, 6-3; H. Gibson, C. Lezenby, 6-1, 6-3; W. Lezenby, C. Dougherty, default; R. Wallace, W. Myers, default; C. Hooke, J. Perkins, 6-3, 6-1; L. Yearly, J. Bohn, default; H. Boro, W. Moorhouse, 6-0, 6-1; J. Wallace, P. Wallace, 6-2, 6-3.

## THIRD ROUND

J. Reynolds, H. Sutter, 6-2, 6-0; W. Smith, W. Gibson, 6-0, 6-4; J. Yearly, W. Lezenby, 6-0, 6-0; R. Wallace, E. Wallace, 6-4, 6-3; R. Borer, C. Hooke, 6-0, 6-1; L. Yearly, C. Wallace, 6-2, 6-3; H. Reynolds, H. Boro, 6-4, 10-8; J. Wallace, J. Gibson, default.

## QUARTER-FINAL ROUND

R. Borer, L. Yearly, 6-1, 6-0; H. Reynolds, W. Wallace, 6-2, 6-0.

## SEMI-FINAL ROUND

H. Borer, H. Reynolds, 6-0, 6-1.

## Community House Pool To Close in September

PLANS MATURING  
FOR BIG CAMPOREE

Burlington County Scouts Will Hold Annual Event at Riverton, Sept. 30

Local Boy Scout officials of the Riverton Troop announce that advance reports from all parts of Burlington county indicate the county's entire Boy Scout organization is taking an exceptional interest in the annual Camporee and Scouting Contest to be held this year at Memorial Park, Riverton, on Friday and Saturday, September 30 and October 1.

Preliminary reports on the program for this event reveal that every Scout in the Burlington County Council is determined to do his bit in publicity proving that his particular troop is the county's champion. The exceptional interest being shown by the boys is attributed to the fact that for the first time there will be individual prizes awarded to the winning boys in each contest as well as troop prizes awarded to the boys' particular troop.

These latter prizes will consist of cups and plaques to be displayed during the coming year in the winning troop's headquarters.

"We hardly felt it was just," explained an official, that the winner's particular troop should get all the honors of the boy's conquest while the boy himself received no recognition. Because of this we have decided to award individual medals to the winning boys."

This year's contest is being conducted under the auspices of the Riverton Troop and through the courtesy of Mayor William E. Bennett, of Riverton, and the local borough council, who have placed the entire facilities of the town's splendid Memorial Park at the disposal of the county Scout organization.

The Camporee opens at six o'clock Friday evening, September 30, with a twenty-four hour camping contest between patrols of eight boys, all the best campers of each troop. At eight o'clock Friday evening there will be a master campfire to which all the residents of the county are cordially invited.

Saturday's schedule calls for individual and team contests between boys representing the various troops in such Scout activities as fire-building, first aid, signaling, nature study, etc.

As is generally known, all boys of 12 years of age and over are eligible for membership in their local scout troop, and it is understood that many Burlington county boys who have not been Scouts are no interested in winning one of the individual Riverton awards that the county Scout membership is already showing a healthy growth.

## RAY STEELE MEETS GARDINI IN WINDUP AT CAMDEN MONDAY

Ray Steele, California, 215 pounds, meets Renato Gardini, Italy, also 215 pounds, in the main bout, best two out of three falls, 10-minute limit, at Charlie Orip's Pennsylvania Wrestling Arena next Monday night.

In the semi-final, one fall, no time limit, Fred Grubbs, Iowa, 205, is matched with Buck Olsen, Minnesota, 220.

The remainder of the card: Second, one fall, 30-minute, Herman Hickman, Tennessee, 220, vs. Sun Jennings, Oklahoma, 215; first, one fall, 10-minute, Bert Amaratli, England, 205, vs. Nick Nestor, Greece, 200.

## ENGLISH SETTER CLUB TO HOLD FALL TRIALS

Announcement is made that the fall field trials of the English Setter Club of America will be held on the premises of Harold J. Pew and Willard S. Rogers, just off Woodlawn, on October 28, 29 and 30.

This change is made because the Field of the Hunting Dog Farm near Woodford, where the trials of this club have been held for over twenty years, is to be sold under foreclosure procedure and its future ownership and availability for trials is uncertain.

The club was not to be disappointed and during the past week the Pew and Rogers properties have been leased for a year, the arrangements being made by George M. Rogers, president of the Mount Holly Field Dog Club and one of the most prominent among field dog men in the east.

## PLANS STARTLING SWIM

Swimming with hands tied behind his back, feet and knees also tied, wearing an entire army uniform, overcoat, pants, etc. tied, in addition, wearing a boat full of passengers, is the most unusual stunt promised by Andy Gault, of Iowa at Sylvan Lake Park, Saturday, August 27 at 7 p.m. Gault says he has crossed the Mississippi this way, thereby getting his pictures in the movies and the New York Sunday papers.

Laughing Around the World  
With IRVIN S. COBB

## He Should Use a Shotgun

By IRVIN S. COBB

WHEN the circus reached the small Maine town the proprietor feared for awhile that his afternoon performance might lack its chief feature. The star of the aggregation was Zeno, the Mexican Knife Thrower, answering in private life to the name of Hennessey. Twice a day Zeno, dressed in gaudy trappings, would enter the arena accompanied by his wife, a young plump and pretty woman in pink tights, and followed by a roustabout having a basket full of long bowie-knives and shining battle-axes. While the band played an appropriate selection of shivery music the young woman would flatten herself against a background of blue planking which had been erected in the middle of the ring. There she would pose motionless, her arms outstretched and her feet close together. Then Zeno, stationing himself forty feet from her, would fling his knives and axes at her, missing her each time by the narrowest of margins. Presently her form would be completely outlined by the deadly steel, but such was Zeno's marvelous skill that she took no hurt from the sharp blades which pinned her fast.

But on this day Mrs. Zeno had fallen ill and although the circus owner offered a reward for someone who would take her place, he could find no volunteers among the members of his staff. In this emergency the invalid's mother—who by the same token was Zeno's mother-in-law

—and who traveled with the show in the capacity of wardrobe mistress, stepped forward and agreed to serve as a understudy in order that the performance might not be marred.

The hour came. FORTH came Zeno, wearing his professional scowl, slightly enhanced. His mother-in-law, skinny and homely, with her hair knotted in a knob on her head and her daughter's fleshings hanging in loose folds upon her bony figure, followed him closely. She plastered herself flat against the wooden background. Zeno gave her a look seemingly fraught with undying hate. He took up his longest, sharpest bowie-knife. He tested its needle-like point upon his thumb. He poised it, aimed it, flung it.

Like a javelin it hurtled on its hissing fling through the air. Striking the first scant quarter of an inch from the lobe of the mother-in-law's left ear, it buried itself deep in the tough oaken planking and stood there the hilt quivering.

The pause which ensued was broken by the astonished yelp of a lank native sitting on the lowermost tier of blue seats industriously mulling his whiskers:

"By God!—he missed her!"

HOME'S MANAGERS  
WIN IN ROAD FIGHT

Route 38 to be Kept as Far As Possible From Mount Holly Institution

As a result of action by the managers of the Burlington County Children's Home, Mount Holly, a late change in State Highway route No. 38, at the Mount Holly and Newbold's corner, roads, has been definitely blocked. The junction of the new cross-state highway with the South Femberton road, a short distance east of the Pine street corner, Mount Holly, is affected.

Until a short time ago it was understood that the new highway, which already is built from the corner of King's highway below Moorestown, to Hainesport, would cross the Eayrestown road about midway between Carlson Jones' farm and the corner of Pine street. This route was surveyed and staked out weeks ago, and would bring the new concrete highway into junction with the South Femberton road about a quarter of a mile east of the Pine street corner, and this was accepted as the official program.

Several property owners and officials interested in the Burlington County Children's Home, the corner of Pine street and the South Femberton road, learned that a sudden change had been decided upon. Two weeks ago engineers of the highway department brought the route 75 yards nearer the Pine street corner.

This change proved to be unacceptable to the Children's Home authorities, who were now to make representations to the State Highway Commission to that effect. The argument used in a general way was that the road should be kept away from the institution as far as possible because of the immense danger accruing to the home children and the alleged detriment to the home's property.

A petition signed by property owners protesting the proposed change was taken to Trenton by a delegation representing the Board of Managers of the Children's Home, the Board of Councilors and adjacent property owners, who interviewed the members and officials of the State Highway Commission.

After hearing the argument the visitors from Burlington county were informed that the commission had decided to stand by the original survey, permitting no departure from the first route as outlined.

## MRS. H. T. GREENWOOD, GEORGE SMITH, SIXTH IN LADY-PRO TOURNEY

Mrs. Horace T. Greenwood, of the Club Estates, and George Smith, Moorestown Field Club pro, finished sixth in the lady-pro handicap golf tournament at Ashbourne Country Club, Philadelphia, Monday. Their gross score was 85, their handicap of 23 strokes bringing their net score down to 73.

Mrs. John S. Harding, Jr. and Harry Markle, of the Berkshire Country Club, Reading, won the novel event with a gross of 78, their handicap of thirteen bringing their net score down to 65.

## SISTERS-IN-LAW IN COURT AFTER FIGHT

Mrs. Blanch Barlow, of 663 Merchantsville avenue, Pennsauken, was arrested Tuesday evening on the complaint of her sister-in-law, Mrs. Helen Barlow, 426 West Fourth street, Palmyra, who charged that the first Mrs. Barlow came to her home and attacked her.

The rumup followed an altercation over the telephone. The arrest was made by Police Captain Rodgers. The accused woman was held under \$500 bail by Recorder Fichter for county court.

When the Pennsauken woman started to leave the courtroom for her home, the police discovered she was driving her car without a driver's license. She was rearrested and fined \$15 and costs.

Gertrude Pratt, colored, 504 West Fourth street, was also arrested by Captain Rodgers during the week and fined \$5.00 by Recorder Fichter for disorderly conduct. John Graham, likewise of West Fourth street, was arrested by Officer Lutz for being drunk. He was reprimanded and discharged. Clyde Daniels, of West Fourth street, was arrested for disorderly conduct and was reprimanded and released after payment of costs.

Robert Lee, no home, was arrested by Officers Betty and Stuck and held for investigation as a suspicious character. He threw away a glove and when arrested a burglar's "jimmy" which chased by the police.

"If you go out of that door, Grace, you and I are through."

### Synopsis of Preceding Chapters

After his marriage to Grace Livingston, Tommy Tucker closes his real estate business in Reading and takes his bride to Joplin, Mo. There, for eleven months, he tries to establish himself as a realtor, spending his last cent on some old Amusement Park property, hoping to sell it to the railroad for a spur line. The night the deal is to be closed, Barstow, the road's buyer, and his wife are dining at the Tucker apartment. Suddenly Dick, Grace's old flame of Grace's and Tommy's former rival, drops in unexpectedly. He announces that he is now with the railroad.

### Chapter IV

DICK'S announcement fell like a bombshell upon the small group. Tommy started and stared open-mouthed at Loring. Grace's face lighted with a pleased expression of surprise.

"I've heard some very fine things about you Mr. Loring," Barstow said. "I'm sure you have," Grace added smilingly. "We all knew Dick would give a good account of himself. Didn't we, Tommy?"

"Oh, yes," Tommy retorted in a tone of disgust. "Nobody would give a better account of himself than Dick."

"How have you been doing, Tommy?" Dick smiled.

"Oh, I'm making out all right," echoed Grace in a voice that mingled surprise with pride. "Why he's doing splendidly, Dick. Tommy's going to be a very rich man. He's sold—"

"Never mind," Tommy cut her off curtly, "sit around and—"

"Oh, do let me tell him," Grace persisted. "Tommy has a big piece of property the railroad is going to buy to build a new road."

"For that new spur line?" Dick assumed, arching his eyebrows.

"Yes," said Tommy flatly.

"Good boy, Tommy," Dick congratulated him.

"Tommy has been awfully clever about it," Grace went on proudly. "It was an old amusement park, and Tommy found out that—"

"Amusement park?" Dick interrupted her quizzically. "Out by Hillsboro?"

"No, not Hillsboro—Knollwood," Tommy corrected him.

Loring hesitated a moment and as he regarded Tommy a sarcastic grin spread over his face. "Is that what you're counting on to make you rich?"

"Oh, I have other interests," replied Tommy casually.

"Well, I'm glad of that Tommy, because Knollwood's not where the road's to be built at all."

"Oh," gasped Grace, "oh—oh—oh, Tommy!"

"Oh, what?" snapped Tommy angrily.

"Oh, did you hear what he said?" "Certainly! But what does he know about it?"

"Well, I ought to know something," Dick laughed contemptuously. "I'm going to construct it."

It was Barstow who now broke into the aggravated conversation. "Are you sure of what you're saying, Loring?" he asked hesitantly. "If the route's been changed they have not advised me."

"I don't know anything about that," Dick answered him.

"Tucker," said Barstow, now thoroughly disturbed. "Have you got the maps? Maybe Loring has the names mixed."

Tommy brought a large map from the small desk in the corner of the room and spreading it on the table, began, "Now, I'll show you—"

"You don't have to show me," cut in Dick. "Here is Hillsboro—the road comes down this way from Joplin."

Barstow could not speak for a moment, he was so amazed. This knocks me a twister, Loring, he finally exclaimed. "Tucker and I had practically concluded negotiations for his property."

"Oh! Are you the right-of-way agent?" Dick turned to Tommy and smiled. "Well, I didn't mean to queer your sale, Tommy."

Tommy could contain himself no longer. He jumped up heatedly from the table. "Say, what is this," he cried. "A frame-up?"

"That's not the way I work, Mr. Tucker," Barstow stated sharply, as he too, rose from the table. "I try to get all things as reasonable as I can put. I don't accept the hospitality of a

man and try to do him at the same time. I'd like to have another day on that option."

"That option is up to-night," retorted Tommy vehemently.

"Well, I'm not ready to give you an answer now."

"I can't help that. I know you want it, and tomorrow it will cost you more."

The glare in Barstow's eyes softened sympathetically as he turned to Grace. "I think under the circumstances, Mrs. Tucker," he said, "the best thing for Mrs. Barstow and me to do is—"

"Please don't," Grace pleaded. "Tommy has been working very hard lately, and his nerves—"

"I really think it's best!" Barstow reiterated.

Grace was trembling with emotion as she saw her guests to the door, and when the last good night was finally said gave way to her feelings. Sinking into a chair, she buried her face in her arms on the table. Tommy came over to her and put his arm around her shoulder but Grace shook him off.

"What are you crying for, Grace?" he whispered with boyish tenderness.

"Didn't you say that we hadn't a cent in the world," she sobbed. "And my Liberty Bond! You've gone and lost my Liberty Bond! You had no right to do that—you know you hadn't."

"You said it would be all right," Tommy said meekly.

"I said that because you said you were going to make a lot of money."

"Don't you worry about our not having a lot of money."

"But I do. I guess we'll always be just nothing," she went on, crying as though her heart would break. "Always live in flats—I'll do my own cooking—make my own dresses, and we'll have to put on a brave front to our friends, just as we had to Dick tonight."

Tommy straightened, bristling with resentment. "Is that so?" he flung at her caustically. "Well, I'm just a little bit tired of hearing about Mr. Loring. For two pins I'd go over to his hotel and tell him what I think of him."

"Well, you won't," sniffled Grace, looking up at him, "you've behaved badly enough for one night."

"I don't think you've behaved so well yourself, for a respectable married woman. I thought you were going to kiss Loring when he came in. I wish now I'd punched him."

"Well, you'd better not—you'd get the worst of it," she retorted.

Tommy smiled at her a sickly smile. "You don't think I'm any good at all, do you, Grace? Maybe it would be better if I went out some place and never came back. At least you'd have my insurance."

Grace's face was scarier as she looked up at him. "Tommy," she cried, jumping to her feet. "Don't you talk that way. I won't have—"

"Well, that's better than living with a man who can't support you."

"Stop it!" shouted Grace, stamping her foot. "Stop it, I say."

But Tommy would not stop. "Maybe you'd rather have me wait until I take out another policy—enough to take you to London or Paris?"

How long Tommy would have continued his tirade will never be known, for Grace suddenly swept madly out of the room and returned a few moments later, dressed for the street, an overnight bag in her hand.

"Where—where are you going?" demanded Tommy.

"I'm going home!"

Tommy never moved so rapidly in all his born days. He fairly flew to the door, blocking her passage. "No, you're not. You're not going to leave this house."

"Who's going to prevent me," she entered at him.

"I am!"

"Oh, no you're not! Get out of my way, please."

"If you go out of that door, Grace, you and I are through."

"Of course, we are!" she told him firmly.

"I mean it, Grace," he warned her weakly. "I hope you do—so I. Goodbye!" and she slammed the door after her.

## FINE PROGRAM AT CAMP OCKANICKON

Y. W. C. A. Girls Kept Busy Swimming, Acting, Hiking and Playing

Y.W.C.A. camp at Ockanickon is offering a splendid program of activities for the 253 girls who are registered there.

Girls from Burlington county at camp this week are: Betty Baker, Marion Evans, Jane Rutherford, Dorothy Wolcott, Jeanne Browning and Sue Browning, of Riverton; Phyllis Borath, Gertrude Kuehule and Helen Kuehule, of Egg Harbor City; Dorothy Brown and Mary Brown, of Vincentown; Patricia Davey, Beverly, Jean Des Folders, Dorothy and Mildred Klaunder, Emma Lee Knox, Doris Miller and Elizabeth Spicer, of Moorestown; Margaret Gehrie and Margaret Haas, of Medford.

Mary Catherine Haines, of Brown's Mills; Louise Irons, Doris Johnson, Elizabeth Lockhart, Miriam MacKenzie, Betty Morris, Mary Elizabeth Winton, Mary Leighton Remer, Florence Cross, Virginia Willis, Jane Wire, Ruth Cross, Jane Gilliam, Ann Pumey and Jean Phares, of Mount Holly; Eleanor Meyers, of Delanco; Doris Pew, Florence Royce and Freda Craft, of Columbus; Nancy Probasco and Jean Gilliam, of Burlington; Margaret Ridington, of Jullustown; Elsie Oliver, of Brown's Mills; and Anna Ware, of New Gretna.

Junior Life Savers  
Five girls from the county passed their Junior American Red Cross life saving service tests at Camp Ockanickon last week. They are, Doris Miller, Emma Lee Knox, Mildred Klaunder, all of Moorestown, and Dorothy Wolcott, of Riverton. The tests were given by Miss Emma Keith, of Collingswood, and Mrs. Anne Warner Troth, of Camden. Red Cross examiners.

Members of the Burlington County Y.W.C.A. board met at Camp Ockanickon Tuesday morning to make plans for the fall and winter program. Means of raising additional funds to meet the costs of the county organization also were discussed. At the conclusion of the meeting the board members had lunch with the girls in the camp dining hall.

Mrs. Edwin A. Russell, of Moorestown, spoke at the Sunday morning church service in Ockanickon chapel. Sunday evening at eight o'clock, following a talk by Miss Edith Wells, program director, a council ring was held and a fire memorial, written by the girls, was presented. Bernadine Crane appeared as the Flame of Ockanickon Spirit, and to this flame each girl brought a twig to help build up the group fire. Leaders of the groups taking part were Hannah Heritage, captain of the Beetles; Barbara Bockman, captain of the Crickets; Dorothy Bradley, captain of the Grasshoppers, and Helen Baker, captain of the Katydid.

Rain One Day  
Only one day of rain marred the first week of camp, but the girls were kept busy on various indoor activities. Friday evening all of the groups met at Ockanickon Inn to enjoy a varied program of entertainment. A play, "A Day in Camp," was given under the direction of Mrs. Vera Hurff, dramatic director. Following a story-telling period by Miss Eleanor Howell, the girls joined in songs and stunts. The program ended with the forming of a friendship circle and the singing of "Follow the Glean."
