## \$50,000 IN CHRISTMAS CLUB CHECKS BRINGS YULETIDE CHEER TO MANY RESIDENTS OF RIVERTON-PALMYRA

**Banks Make Annual Distribution of Holiday Saving Funds**

**FORESIGHT OF THRIFTY FOLKS IS REWARDED**

**Merchants of Twin Towns Run Special Advertising Section for Event**

Fifty thousand dollars (\$50,000) in Christmas Club money has been distributed among the people of Riverton and Palmyra this week by the Cinnaminson Bank and Trust Company and the Palmyra National Bank.

During the past year the lack of money has been felt in all parts of the world and it must be satisfying and gratifying to the people in these two communities, as well as the banks, to know that despite the lack of money \$50,000 was accumulated in these two small towns.

The new 1933 Christmas Club for both banks will open Monday, December 5. Any persons wishing to join these clubs may do so at any time during the month of December by paying dues up to date.

It may seem difficult to put aside a small sum each week in an effort to raise money for Christmas buying, but in the long run, this is the easiest and surest method of having funds with which to buy gifts for those nearest and dearest to you.

Everyone is hoping for the return of brighter and better times and in order to do this each community must help itself.

In the special Christmas section of this issue certain merchants are making an effort to begin a "Buy At Home Campaign."

Each one of these merchants, if giving the opportunity, will prove to the people of the twin towns that it really pays in the long run to buy at home. Buying at home is the only way to stimulate business right in your own community, and that is one of the most vital things at the present time.

This Christmas Club money offers an excellent opportunity to show what can be done in the way of bringing real prosperity to both Riverton and Palmyra.

The advertisers sponsoring the special section are as follows: Cinnaminson Bank and Trust Co., Palmyra National Bank, C. R. Sweeney, Inc., Palmyra Chevrolet Company, Schuch's Pharmacy, Albertson's Service Station, Mrs. Alfred Smith, L. L. Keating, Clinton B. Woolston, Will K. Bowen, H. G. Schwering, John H. Etris, J. S. Collins, Lester S. Fortnum, H. B. Williams, and Leon A. Sever, Inc.

The real Christmas spirit is shown by patronizing your home-town business men. Do Your Christmas Shopping At Home!

## MISSION AT CHURCH OF SACRED HEART

Week of Special Services Will Start Sunday, December 4; Meaning of "Mission" Discussed

A mission will be held for one week at the Sacred Heart Church, Fourth and Linden avenues, Riverton, by the Missionary Father of the Redemptorist Order of the Monastery of Esopus, N. Y., commencing Sunday next at 10:15 a. m.

The morning service, during the week will take place at 8 o'clock and 7 a. m.; the evening services at 7:45. By a mission is meant a renewal of Christian faith by the teachings of Christian doctrine, which is the explanation of the Catholic belief. With prayer and the mortification of self, we experience a renewal of faith that brings us in closer union and communion with our Creator.

The morning services will consist of sermons and instructions on some important doctrine of the Christian faith. In the evening, the services will comprise sermons on some important dogma of the Christian faith, with prayers and benediction of the Blessed Sacrament.

The choir will assist at the different services held during the mission.

All who may wish to know better the Catholic Church or to learn more about its teachings are welcome to attend the mission. A mission is for all rightly disposed.

## "FEARS OF CHILDHOOD" SUBJECT OF P.T.A. MEETING

The Riverton P.T.A. study group will meet Monday, December 5, at 8:15 p. m. in the auditorium.

Miss Caroline M. Staman, supervising principal of the Riverton school, will conduct this meeting and has chosen "Fears of Childhood" as the subject for discussion. It will be interesting to hear the various comments on this, for children's fears are very real ones and often have a lasting effect on their future life.

## CARD OF THANKS

The family of the late George W. Rogers expresses their deep appreciation for the many acts of kindness extended in their recent bereavement and to all who sent cards and flowers to the funeral.

Fannie E. Rogers and family.

## CHRISTMAS BASKETS

The Riverton and Cinnaminson Welfare Association is now making arrangements for the Christmas baskets. Last year the organization provided baskets for sixty three families. The need this year will be just as great. In order to prevent confusion in purchasing articles for the baskets, it is necessary for the welfare committee headed by Mrs. Joseph B. Tyler, phone 414, to know what the contribution will be. It will be greatly appreciated if those intending to contribute will notify the chairman early. Donations of money, provisions or new toys will be gratefully received.

## K. OF C. AUXILIARY HOLDS MEETING

**Newly-Elected Officers Are Installed at Regular November Meeting**

At the November meeting of the Ladies' Auxiliary of the Knights of Columbus the newly-elected officers were installed.

Grand Knight Andrew Pfaff presided during this ceremony and was assisted by a committee of Knights.

A new chair was created, that of Junior past president, and it is now occupied by Mrs. Maurice Sandor. The retiring president was presented with a gift of appreciation for the splendid work done during her two terms of office.

Following the business meeting refreshments were served.

The sewing group which is to work on garments to be made of Red Cross material, will meet at the hall this afternoon at 1:30 o'clock. These garments are for the Palmyra Welfare.

The officers installed at that time are: Mrs. Joseph A. Davis, Jr., president; Mrs. Arthur Haines, vice president; Mrs. W. A. McCamy, treasurer; Mrs. Robert Woods, secretary; Mrs. Edward Kavanaugh, warden. Trustees: Mrs. Mary Malone, Mrs. R. E. Sanford, and Mrs. George Porter.

## MINERS' CRAFT AT PORCH CLUB

An exhibit both interesting and unique will be held at the Riverton Porch Club, on Wednesday, December 7, from 10 a. m. to 9 p. m. under the direction of Edith Temple Maul.

The exhibit will consist of furniture and many hand-woven articles made by the miners in the soft coal fields of Pennsylvania, West Virginia, Maryland, Kentucky, Illinois and Tennessee, and sold to help the miners and their families tide over the period of unemployment which has deprived them of their usual means of livelihood.

Mrs. Maul spent last winter in the coal fields of West Virginia, and during the past six months has been showing her exhibit throughout the East. She is operating under the auspices of the American Friends Service Committee. Any articles in the collection shown at the Porch Club may be purchased at reasonable prices.

During the winter of 1931-32 this committee was in the soft coal fields doing relief work among the children of unemployed miners. While there they made a study of the miner and his relation to the miner and his family. They believe there must be developed for the miner other lines of livelihood to supplement the work which he gets in the mines, and the construction and marketing of a wide variety of articles that can be made by the miners and their families is the result of the efforts of the committee to supply this need.

## PLAY AND DANCE AT PAROCHIAL SCHOOL

"The Alibi Twins" Followed by Dance Saturday Evening, December 3

One of the best shows to be offered to the people of Palmyra and Riverton will be presented next Saturday night, December 3, at 8:15 o'clock at the Sacred Heart Parochial School, Fourth and Linden avenues, Riverton.

This play will be presented by the Dramatic Club of St. Hubert's Parish of Philadelphia, and included in this troupe of entertainers are some of the best talent obtainable.

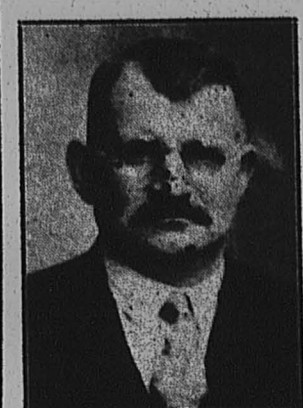

Rev. Joseph A. Rigney, pastor of the Sacred Heart Parish, was indeed fortunate in securing players of the calibre that will be seen this Friday.

The presentation is a three-act comedy, the "Alibi Twins"—these moments are interspersed with situations that provoke laughter—in all a comedy that will please the most critical.

The proceeds will be used to help defray the heavy expenses incidental in maintaining the school. The admission will be but 50 cents for adults, and 25 cents for children. After the entertainment the balance of the evening will be taken up with dancing.

Thomas McCrosson is chairman of the committee in charge, assisted by Andrew J. Pfaff and John L. Strickland.

## Adventures Galore

CHARLES G. HEDLUND Who will tell of his adventures December 9 at Cinnaminson School.

## ADVENTURE TALES AT CINNAMINSON

**Cinnaminson Lone Star YMCA Invites Public as Guests on December 8**

All residents of Cinnaminson Township, Riverton and Palmyra, and their friends, big and little, old and young are invited to hear the thrilling story of his life adventures by Charles G. Hedlund, world adventurer and native of Sweden, in the Westfield Public School auditorium, Riverton-Moorestown road, on Thursday evening, December 8, at eight o'clock.

The meeting has been arranged and the invitation is extended by the Cinnaminson Lone Star Y. M. C. A., with the Cinnaminson Board of Education cooperating.

Mr. Hedlund spent his orphaned boyhood days in Sweden as a chimney sweep, and will tell of his experiences creeping along ice roofs, climbing down the dark and sooty chimneys of Stockholm. He escaped this life by running away to sea, only to suffer shipwreck and more difficulties. He explored for gold in South Africa ("on his own"), made a rich strike, fought with the Boers in the Boer War, was captured by the British and escaped the prison ship.

His book "Water and Gold", a Dutch publication tells of these experiences and many more.

Members of the Cinnaminson Lone Star Y. M. C. A. who extend this invitation are Robert Finn, president; William Enskat, vice-president; John Henry Mooney, secretary; William Al Davidson, treasurer; Charles Dorworth, recorder; Albert Thomas, Harold Wagner, Claud Anderson, Rockie Bonatelli and Joseph H. Taylor.

Admission free, and everybody invited!

## REGIONAL MEETING SACRED HEART P.T.A.

Riverton Association Will be Guest of Camden Association on December 8

The Sacred Heart Parent-Teacher Association, of Riverton and Palmyra has been invited to be guests of the Sacred Heart Parent-Teacher Association, of Camden, on Thursday, December 8. This is the regional meeting and will be held in the Star Theatre, Broadway and Ferry avenues, Camden.

As this is an all-day affair, the meeting will be called promptly at 10:30. Luncheon will be served in the parish assembly hall.

It is requested by our president, Mrs. R. E. Sanford, that as many as possible can will arrange to attend this regional meeting.

Final arrangements will be made for transportation and announced at our next P. T. A. meeting.

Due to the regional meeting being held on Thursday, December 8, the regular monthly meeting of the Sacred Heart Parent-Teacher Association, of Riverton and Palmyra will be held on Tuesday, December 6, at three o'clock in the auditorium of the school.

Miss Farrell, of the Public Service will be our guest speaker.

The executive committee will meet at 2:30 o'clock, prior to the regular meeting.

Following the meeting, Mrs. John Strophen and her committee will serve refreshments.

## SUCCESSFUL DANCE

Friday evening, one of the most successful dances of the season was held at the Riverton Porch Club under the auspices of the "Pals" club of Palmyra High School.

For this dance the "Pals" were fortunate in securing the services of Walter Brittons Serendaders, a seven-piece colored band whose novel rhythm was greatly enjoyed by the large crowd of students and alumni present.

CHRISTMAS SUGGESTIONS Remington Portable Typewriters, brand new, \$18.75 up.

## RIVERTON TOTS IN SCHOOL PROGRAM

**Lower Grades Celebrate Thanksgiving With Clever Entertainment**

The lower grades of the Riverton School held their first assembly in the school auditorium on November 22, at 11:15 a. m. Anyone seeing their achievements would have thought them to be adult dwarfs and not 7-year-old children.

The meeting was opened by the group singing Thanksgiving songs. Laura Yerkes, of the second grade, read the Bible and lead the prayer.

The second grade, accompanied by the first grade, gave a colorful and victorious dance which was enjoyed by the participants as well as the audience.

Miss Eval's section of the first grade indicated its future talent in a story play called "The Little Red Hen."

Miss Clark's class entertained with a play called "The Feast Day" and numerous stories.

The announcements were made by George Lutz.

An illustrated book report on "Pinocchio" was given by Katherine Ewell. Pinocchio was dressed as the book described him, and he wore a paper mask which the children made. This mask was a very good model of Pinocchio, mainly, because of the huge nose.

Jack Longstreet's poem was followed by a story read by Jeanne Werner. Betsy Barclay recited an original poem about Thanksgiving.

A song, called "Thanksgiving," was given by Miss Clark's and Miss Rothbart's classes.

During the entire program the kindergartners were so overjoyed that they never leaped back in their chairs once. The meeting was closed by a quiet, orderly flag salute, followed by the entire group singing "America."

Puppet Shows On Wednesday afternoon at 2:15 o'clock there was a special Thanksgiving assembly in which the lower grades were entertained by one play, two puppet shows and the recitation by Mabel Iegrig of a Thanksgiving poem written by Edgar Guest.

The play, called "Thanksgiving Day in 1690," was given by the 71 girls. The girls who took part were: Flora Brous, Betty Baker, Eleanor Friday, Ellen Mattie, Ellen Smith, Marie Muse, Louise Moorhouse, Helen Naylor and Doris Steedle. It pictured the Pilgrims talking of the hardships already being passed.

One puppet show pictured the home of a kind lady and gentlemen who gave all their Thanksgiving dinner away. In the end, however, they were rewarded by having a magic cupboard full of food. The other puppet show was made up of the vegetables in the Thanksgiving dinner in the barnyard talking of their past and future. This program was also given for the lower grades in the morning.

## TO MAKE GARMENTS FOR RELIEF WORK

Joint Meeting of Riverton Needlework Guild and Red Cross on December 12

The Riverton Branch of the Red Cross has just received over 400 yards of cotton material from the government. This material should be made into garments at once as there is a great demand for them. As the Riverton Needlework Guild is affiliated with the Red Cross and they have pledged themselves to work together in time of need, it is proposed to have a combined meeting of the two organizations at the Porch Club on Monday, December 12, the Riverton Needlework Guild's regular sewing day.

It is hoped that everyone will make a great effort to come to this combined meeting. The loan of sewing machines will also be greatly appreciated. Lunch will be served for 25 cents.

Please notify either Mrs. William A. Hendrickson, Riverton 472, or Albinette E. Campbell, Riverton 128-J, whether you can be there and whether you can provide a sewing machine.

## PORCH CLUB NOTES

Two-Minute Talks on Current Events by Club Members

On Tuesday, December 6, at half after two o'clock, there will be a regular business meeting of the Porch Club, followed by two-minute talks on current events by club members. This will be followed by an amusing one-act comedy entitled "No Craft," given by the dramatic section, under the direction of Mrs. Henry Wallace Shreve, drama chairman.

"BILL SHOEMAKER IS CADET ABOARD MANHATTAN"

William Shoemaker, of Lippincott avenue, Riverton, familiarly known among his large circle of friends as "Bill," called last night from New York aboard the U.S.S. Manhattan, bound for Hamburg. This is Bill's fifth trip as a cadet. United States shipping regulations require that passenger vessels carry a certain number of cadets, who rank with petty officers and are in line for promotion according to their ability and interest. The Manhattan is the largest trans-Atlantic passenger vessel built in the United States. Senator Walter E. Edge and wife were on the passenger list, also Captain France, when the Manhattan sailed last night.

## NEW ROAD SIGNS FOR RIVERTON

**Specially Designed Sign and Frame Make Handsome Appearance**

New identification signs have been placed at the three entrances to Riverton by Councilman William H. Albers, chairman of the highway committee, this week.

These signs are made of porcelain enamel by the John H. Mulholland Co., Philadelphia, and are practically indestructible. The colors are blue and yellow, Riverton's town colors. The design includes a silhouette, drawn from one of the fleet of boats belonging to the Riverton Yacht Club. On one side the wording is "Riverton, drive carefully." On the other, "Riverton, thank you."

The signs were made at the Art-Work Shop East Riverton, under the personal supervision of H. Chester Watson. They were especially designed for the signs, and an anchor has been worked into the design at the top. The standards are of iron and were set in cement.

## STOKES OPPOSED TO CANCELLATION

**Former Governor Says Only Payment of War Debts Will Bring Prosperity**

Former Governor of New Jersey, Edward Casper Stokes, always colorful, always forceful, writes as follows to the State Gazette, Trenton, on the subject of the cancellation of war debts, which is very much in the public eye just now.

## IS AMERICA TO HOLD THE BAG?

The article in this column recently entitled "Are We Americans?" seems to have been unconsciously prophetic of the appeal of the mendicants of Europe to what is tantamount to a reduction of their debts. It would seem, however, that from the statement of President Hoover, from the action of Congress and the national platform, the attitude of America on this question had already been decisively stated.

The cancellation of European debts and the cancellation of our debts is a mis-use of language. No debt can be cancelled, but it can be transferred from the debtor to the creditor. The debts of Europe cannot be cancelled. They can be transferred to the backs of the already overburdened American taxpayer, which would promptly bankrupt the country.

The talk of the cancellation of debts has done a vast deal of harm to the credit status of America and a vast deal of injury to its financial institutions. It has taught debtors to want to waive their interest and a forgiveness of their obligations. The American who owes a debt to his bank or to his merchant does not see any reason why his debt should not be wiped out if the debts of Europe are to be treated, and he is right. America, equitably and logically, when Governments cease to pay their debts, individuals will cease to pay theirs and trade and commerce between individuals and Governments will be demoralized if not destroyed.

It is unthinkable from any ethical point of view for a nation not to pay its debts. It is not only unthinkable but it is dishonest. It is worse than bankruptcy, it is moral bankruptcy and would destroy the only principle on which business can be carried on—that is confidence.

America, after the Revolutionary War, set an example to the world of paying all of its obligations, domestic and foreign, and did it with interest. It is strange that a number of prominent citizens in New York and elsewhere have signed a petition for the amendment, reduction or cancellation of the obligations that Europe honestly owes us for services rendered and money advanced. Do these people realize their unpatriotic attitude? While we were saving the sovereignty of the French nation, they charged us rent for the trenches that our boys occupied to fight for their existence. They charged us transportation over their railroads to send these boys to the front from the sea coast. England charged us transportation for the troops we sent abroad to fight for their protection, and we paid them. Now they want us to reduce their debts to us and 51 prominent citizens joined in this utterly unfair, unjust and immoral proposition.

One query is all that is necessary. Will these 51 gentlemen be willing to allow their debtors to go free or to cut down their obligations? As bankers, will they tear up the notes of their bills receivable? As heads of corporations will they allow their patrons to have their goods for nothing? As farmers are they willing that their buyers of farm products should make payments in part or not at all? If so, are they consistent. If not, they are insane.

This country needs a little more Americanism to serve notice upon the people we have aided that honest debts must be paid not alone by individuals but by Governments as well or prosperity never will come.

## RESOLUTION FOR GEORGE W. ROGERS

Resolution of Esteem Passed by Freeholders, of Which He Was Former Member

The Burlington County Board of Freeholders, in session last Friday, passed a resolution which was made a part of the minutes of the meeting expressing the feelings of the members of the board in connection with the death of their fellow-worker, George W. Rogers, of Palmyra, who served two terms as freeholder—1920 to 1928 inclusive. Rogers was killed early Tuesday morning when his horse became frightened and ran away.

Checks totaling \$26,700 were sent to members of the 89 election districts in Burlington county. Four officials for each district at \$75 each; means \$300 a district, or the grand total of \$26,700. There is an additional item of about \$2,000 for rents of polling places, and other items. The rates are fixed by law.

Other bills passed by the board were as follows: Finance, \$10,111.97; roads, \$12,290.70; bridges, \$221.11; buildings, \$3,450.41; public affairs, \$32,562.70; of which the election bills referred to above are a part; making a grand total of \$50,236.98.

The annual meeting of the State Association of Freeholders will be held at the Hotel Hildebrecht, Trenton, at 6:30 o'clock, December 12.

## POLICE WIN BIG SHOOTING MATCH

**Palmyra-Riverton-Cinnaminson Team Is Victorious by Large Margin**

Winning by a wide margin, the Palmyra-Riverton-Cinnaminson police pistol team vanquished the pistol team of the Mount Holly Army in a shooting match at the Morrell Parry Sandbank in Cinnaminson, Saturday.

Using the Army's own weapons, regulation 45 automatics, the police team won by a margin of 268 points. They had no previous experience with that type of gun and the scores were slightly lower than those registered in their victories over the Camden Infantry and Haddon township teams.

Scores were computed on a basis of total points, each marksman firing ten shots at a distance of 25 yards, slow fire, ten shots at 15 yards, slow fire, and ten shots at the same distance rapid fire.

Individual scores of the P.R.C. team were: Patrolman Lawrence Betty, of Palmyra, team captain, 252; Officer George Dorworth, of Cinnaminson, 256; 192; Sergeant C. Marshall, of Riverton, 237; Joseph Williams, of Riverton, 262; Bernhardt Saylor, of Palmyra, 262; L. Loughery, of Riverton, 240. Team total, 1,627.

Individual scores of the Army team were: Sergeant J. L. Conlin, team captain, 241; Sergeant A. E. Guece, 192; Sergeant C. Marshall, 174; Corporal C. Jennings, 183; Sergeant S. J. Warner, 241; Corporal W. C. Bowker, 198. Team total, 1,229.

## CARD PARTY FOR FOOTBALL TEAM

Many Fine Prizes Provided by Local Business Men; Proceeds for Riverton A. A.

The card party committee of the Riverton A. A. football team reports that final arrangements have been completed to take care of a large attendance at their card party this Friday night, December 2, at 8:15 in Collins Hall, Riverton. Tickets have been selling very well, and since the admission is but 25 cents, and the merchants and friends of the team have contributed so generously, a successful affair is anticipated.

Many fine and beautiful prizes have been donated such as artware, fine plants, bric-a-brac, art needlework, etc., and will be arranged on the display tables by the mothers and sisters of the boys. The following are among the many from whom donations have been received: Blankenshush Drug Store, Twin Cities Laundry, H. D. ## DOLL PARTY FOR LEGION AUXILIARY

All Members Urged to be Present to Help Make Clothes

One of the major activities of the Palmyra American Legion Auxiliary, No. 158, from now until Christmas will be helping the Legion by dressing dolls. Many of the members of the Auxiliary are renewing their childhood memories by repairing and outfitting the many types of dolls which have been so kindly donated to the Legion. Each doll will hold a special interest for some thrilled and happy child Christmas morning.

All members of the Auxiliary are invited to a doll party at the home of the president, Mrs. Elma Luce, this evening, at which time many of the dolls are to be dressed. Anyone not having a Christmas doll to bring is requested to come anyway and a doll and many different materials will be given them and the evening will be enjoyed, knowing that every tiny stitch will bring gladness to some unfortunate child. Remember the slogan, "Don't pity—help."

Dates of interest for members of the American Legion Auxiliary:

Thursday, December 1: Doll party at the home of Mrs. Luce.

Wednesday, December 14: Burlington county executive meeting at Florence, at 8 o'clock.

Wednesday, December 21: Regular American Legion Auxiliary No. 158 meeting.

## Tenth Annual YMCA Banquet Is Big Success

(Continued from page 1)

Mrs. Elmer Hahn, as chairman of the banquet committee, and Miss Muriel Burman, president of the Business Girls, who served the meal, were given recognition and three cheers by the gang.

Greetings From Sheriff

Few people these days welcome the presence of such a busy man about their homes, but Sheriff Wilmer as one of the staunch and loyal friends of the Y.M.C.A., made a few remarks as to the worth of such an event as the Father and Son banquet and the great room that such an organization as the "Y" could radiate in character development in the community.

Albert Nies took the crowd in hand as if they were in a huddle and gave them a real talking to as though it were the time between the halves or just before greatest game of all "the game of life." His theme centered about the idea of "keeping your eyes open." The mentor of championship teams of Old Nassau for the past fifteen years stressed the importance of alertness and an accompanying desire to do the right thing at the right time.

Courage was given to many boys present when Coach Nies told the fellows the part that a substitute plays in all sports. He told story after story of how the victories of games have been won by a coach looking up and down a bench and picking out a man that has appealed in some way. Hard work is the lot of the "sub" but the fellow who has the "guts" to stick to it usually receives his reward.

Great Team

"Al" told the boys in closing of the great Princeton football team of 1923 and in particular the part that Jack Cleaves played in that season's games. Coach Roper had benched Cleaves for a serious error made two years before, but Jack didn't quit, he kept on working as a sub and in the last of his senior year he demonstrated his worth as a player to that great eleven.

The thrill that grips a player and coach before a great game was evident in the bearing of Coach Nies as his "boys" will play the U.O.P. today (Wednesday) for the intercollegiate championship in soccer.

The timer's gun was the only factor that kept Mr. Nies from telling other thrilling tales of the joys of being a coach.

Through the efforts of Coach Nies, the local "Y" fellows will receive passes to some of the hockey, basketball and lacrosse games to be played at Princeton this winter and spring.

Reverend Mr. Ira S. Phinn led the gathering in the closing prayer and they all filed home after having spent one of the greatest evenings at a Father and Son banquet.

The committee and the board of directors wish to express their thanks to all organizations, business concerns, individuals and friends who made this tenth annual gathering an event to be remembered.

## I. O. O. F. NOTES

Just a few notes after our two weeks' absence from these columns. Attendance is holding up as well as ever, meetings are interesting and everyone seems to be having a good time.

The ping pong games are very interesting in the play and in the rooting of the grandstanders. The advice to the players is remarkable.

Don't forget Thursday, December 8, "Boosters" at Burlington No. 22. This being men's night a large delegation is expected from Cinnaminson Lodge.

The Christmas party committee has as yet not made any report, but don't forget that this party, which is an annual affair, is due in a few weeks and the committee expects all to be present.

## PRIZE CONTEST ON RADIO ADVERTISING

"How Can Advertising Over the Radio Be Improved?" will be the subject of a prize contest, beginning November 21 over OE Circle Programs in which \$1,000 worth of prizes will be given weekly for opinions from the listeners on improvement of advertising over the air.

According to C. R. Sweeney, Inc., local dealer handling General Electric products, the contest is the first one of its kind ever conducted and represents a serious attempt on the part of the program's sponsor to model its advertising after suggestions from the public.

Since October 15, the advertising announcements on the Circle programs have been conducted by Heywood Brown, noted columnist and critic, who intends to model them from the best statements submitted by listeners as soon as the contest is under way. The contest will be open to everyone and entry blanks may be secured through Mr. Sweeney.

In announcing the contest, Mr. Brown said: "No country in the world offers radio programs as entertaining as those presented to the American public. Millions of dollars are spent in the preparation of the program and the cost is borne by the sponsors. If broadcasting is to continue at its present level, this advertising must be a part of the program."

"There is much criticism of the advertising now used on radio programs. It is said to be too dry or too long, sometimes even offensive. We are now presenting the best program we can obtain and we are asking the public to supply the advertising part so that it may be interesting to them and productive for the manufacturer."

## JEWISH WOMEN WILL MEET ON DECEMBER 6

The December meeting of the Burlington County Section, National Council of Jewish Women, is to be held on December 6, two weeks ahead of schedule, to allow the business women to attend this meeting. The Juniors are arranging a snappy comedy as part of the evening's entertainment. Leon Rose, of Camden, will be the speaker of the evening.

The November meeting was held in celebration of Armistice Day and other than regular business the meeting was devoted entirely to the Cause and Cure of War. Mrs. Dora Sclaro opened the meeting and turned it over to Mrs. B. Rubin, of Burlington, chairman of peace.

Mrs. Margaret Popkin, of Mount Holly, led the singing of the "Star Spangled Banner". A well chosen article on "Peace" was read by Mrs. Rubin. The guest artist of the evening, Walter Pew, noted musician, of Burlington, rendered two beautifully done selections accompanied by Mrs. J. Kievan, of Riverside.

The speaker of the evening was Mrs. Mary Krupnick, of Mount Holly, former state president of the National Council of Jewish Women, who spoke on "The Cause and Cure of War". She emphasized women's part in the peace movement. Explained thoroughly the present peace machinery in motion today, and stressed the point that to have peace, we must think peace and stop the glorification of war.

A lovely social hour followed.

A Herrin, Ill., bartender was convicted on a liquor charge when trousers found hanging behind a bar were identified as his.

Miss Margaret Nicholson, of Boston, Eng., was nurse during 75 years for six generations of the Doubleday family.

## WELFARE BOARD MEETS TONIGHT

All Captains and Block Leaders Are Urged to Attend

The Palmyra Welfare Association desires to thank all those who contributed preserves, jellies, etc., for the Thanksgiving baskets. More than 200 jars and cans were donated.

The cold weather is making the Welfare problem rapidly more acute—particularly from the standpoint of finances. Receipts for November totaled only slightly over \$400.00 and expenses have amounted to almost \$900.00, due largely to the necessity for purchase of fuel.

The Board of Welfare has called a special meeting for eight o'clock this evening. The meeting is to be attended by all district captains and block leaders for discussion of ways and means of improving contact throughout the borough.

Members of the Association will have an opportunity to inspect the baskets which will be made up and ready for distribution Friday morning. After the inspection, the meeting will be held either in the Welfare Headquarters in the old Post Office or upstairs in the P.O.S. of A. Hall.

While the meeting is primarily for district captains and block leaders, anyone interested in the problems and work of emergency relief and unemployment will be welcome.

## HUMOROUS LECTURE

Dr. Krebs Will Talk at Riverside on December 8

The fourth in a series of six lectures and entertainments will be given in the auditorium of the Riverside High School, December 8, when Dr. Stanley Leroy Krebs will talk on "Bouncing the Blues."

The series is sponsored by Louis J. Kaser, of Mount Holly, superintendent of Burlington county public schools. Proceeds will benefit the Visual Library Fund of Burlington county schools.

The musical program surrounding Doctor Krebs' humorous lecture will be furnished by students of the Trenton State Teachers' College.

Lowell Thomas, radio speaker, world traveler and student of current affairs, will be the fifth lecturer. Albert L. Pellaton, operatic tenor, will be co-featured with Thomas.

The series closes January 13, with the presentation of Sue Hastings' Marionettes, one of the country's best known marionette groups.

Charles Paulley, 104-year-old St. Louis resident, is cutting his third set of teeth.

## HEALTH PROGRAM AT CINNAMINSON

Four T. and A. Operations Weekly: Milk for Undernourished Children: Best Period Help

The executive committee of the Cinnaminson Parent-Teacher Association met on the twenty-second for a final checking of the supper, the returns from which added over \$100 to the treasury.

The health program at the school includes an arrangement with the Zurburg Hospital at Riverside to care for a number of small cases, clinics at the Burlington County and West Jersey Hospitals which have heretofore cared for the school, being busy until April.

Dr. R. I. Downs, of Riverside, will perform all operations, with Dr. Harry L. Rogers, of Riverton, to give anesthetics. Four cases will be taken each week on Wednesday.

Cod liver oil is given each day to those who need it, the faithful nurses taking charge of the duty.

One hundred and fifty half-pint bottles of milk are furnished each week for undernourished children. Last year a very delicate pupil in the sub-primary was wrapped up and took his rest in the sunshine, gaining fourteen pounds in three months.

This year an effort is being made to provide more coats, that others may be benefited.

This is an endeavor to tone up frail constitutions, and hold the daily attendance during the winter; also to prove the worth of a careful health program.

## INDIAN GIFT RITES PLANNED BY YWCA

Miss Dorothy Middleton, of Moorestown, Will Speak at Ceremonial

Forty-two girls from high school Girl Reserve clubs of the county attended the meeting of the Senior Girl Reserve Council in Burlington, Saturday afternoon. The girls were entertained at tea at the James Fenimore Cooper House, High street, headquarters of the Burlington County Historical Society, and enjoyed a very interesting talk on prominent women of history given by Miss Margaret Haines. Hostesses, in addition to Miss Haines, were Mrs. Charles Gilbert, Mrs. John Biddle, Mrs. W. E. Schermerhorn and Miss Betty Gilbert.

Officers of the Captain James Lawrence Girl Reserve Club, Burlington, have been elected, including Dolly Camardo, president; Sylvia Gardner, vice-president; Oilda Camarda, secretary; Thelma Bask, treasurer. The program committee for December includes Edith Antuzzi, Hilda Schlam and Eleanor Julian. Miss Lillian Stiles is club adviser, assisted by Miss Doris Johnson.

The Lawrence Girl Reserves held a hike Saturday, November 26.

Advisers of the Delanco Girl Reserve Clubs will meet in the Delanco clubhouse, Wednesday evening at 7 o'clock. Miss Harriet Bowe, county YWCA secretary, will attend the meeting.

The welfare committee of the Burlington City YWCA, of which Mrs. W. E. Schermerhorn is chairman, is engaged in making garments for the needy from the government-owned cotton distributed in Burlington county last week through the Red Cross.

Print dresses, outing flannel nightgowns, bloomers and baby clothes are among the garments being made by the committee.

The program will close with the singing of Christmas carols and the "Gift Bringers".

The Ranococas Y. W. C. A. Club held a Thanksgiving program at its meeting Tuesday night, at the home of Mrs. Helen B. Smith.

Plans for the music leaders conference to be held in Mount Holly, Saturday afternoon, December 10, will be made at a meeting of the music committee of the County YWCA in the County YWCA office, Mount Holly, Tuesday. The conference is to be open to all club music leaders.

## WHAT RED CROSS DOES, EXPLAINED

Burlington County Chapter Issues Statement of Relief Agency's Work

"What does the Red Cross do? is a question asked by many," a statement says that was just issued by the Burlington County Chapter. "The popular belief is that the Red Cross helps only at times of dire need, disaster, storm, floods and war. That is

only a part of its work. The Red Cross is working night and day to aid the people of the community," the statement continues.

"Veterans and their families are helped; needy people in any community are helped when local funds are lacking; clothing is given to many."

"One of the largest aid-giving agencies has been the distribution of fifteen freight car loads of Red Cross flour to the needy in every municipality in Burlington county. Also another great aid is the distribution of 46,000 yards of goods to be made into clothing."

"Can the people of the county afford to overlook this, an aid if counted in actual dollars, greater than many times the amount taken in the annual Red Cross Roll Call of the county?"

"It is indeed a great debt of gratitude which every community owes the Red Cross, a great organization which is ever ready at any time, at any place, to help anybody in need. If you haven't already joined, please do, or give a donation to the Red Cross; they are ever ready to give for you."

HUSBAND GETS 90 DAYS FOR STRIKING HIS WIFE

John Grey, of St. Mary street, Burlington, was sentenced last week to 90 days in the Burlington county jail for striking his wife in the face. Mrs. Verna Grey, his wife, alleged he smacked her during a quarrel. Sergeant George Bowley arrested Grey, who was sentenced by Recorder J. Leedom Smith.

## STATE INSPECTION OF ROAD STANDS

Department of Health Will Give Closer Scrutiny Next Year, Says State Director

Better inspection of the hundreds of roadside stands dotting New Jersey's highways will be a major undertaking of the State Department of Health for the coming year.

Dr. J. Lynn Mahaffey, director of health, plans to have the five district health officers of his department make a more intensive drive to insure compliance with the state sanitary code by the roadside food dispensers.

"Primarily," he said, "it is the func-

tion of the various local boards of health to make inspections of such places. In those rural communities along our main highway arteries where local health boards fail in this duty, the state inspectors will step in and insist upon proprietors so maintaining their places that foods and beverages shall be clean and adequate sanitary facilities provided."

"The feasibility of giving proprietors an inspection certificate, when their establishments are found to comply with the sanitary regulations is under advisement, with the health inspectors being augmented by the state police as an auxiliary force to call attention to derelictions."

## THE WAY OF SUCCESS

Life is a fight. Millions fail. Only the strong win. Failure is worse than death. Man's internal strength is created by watching circumstances like a hawk, meeting her every spring stiff and straight, laughing at her pitfalls—which in the beginning of life excess, excess, and always excess, and all manner of dishonor. Strength is created by adversity, by trying to win first the small battles of life, then the great, by casting out fear, by training the mind to rule in all things—the heart, the passions, the impulses, which, if indulged in, make the brain the slave instead of the master. Success, for which alone man lives, if he be honest with himself, comes to those who are strong.

## Surrogate Biting Tells Editors

## of Dangers in High Estate Taxes

Levies of 45 Per Cent., With Forced Sales, Likely to Destroy Private Ownership of Property Unless Reforms Are Speedily Accomplished

When the newspapermen of Burlington county held their November meeting at the Y.W.C.A. dining room in Mount Holly, they enjoyed a fine dinner, an instructive address by Surrogate George B. Biting, and a mystifying demonstration of wizardry by Harry J. Alpin, a magician who lives at Johnson and Park avenues, Oaklyn, N. J.

Alpin performed all sorts of tricks. He was even able to discover a newspaper man who possessed a \$5.00 bill, something unusual in the best of times. After hearing a corner from the bill and having the owner, George S. Sleeper, of the Mount Holly Herald, write his initials on the long green, Alpin later cut open a lemon, and, lo and behold, Sleeper's \$5.00 bill, all soaked with lemon juice, was found replying inside the fruit.

## Picks a Pocket

Alpin was a wizard with cards. He picked one editor's pocket, but the pocketbook he got was quite empty. He read another editor's mind, despite the fact it was almost a complete vacuum.

## Biting's Address

Surrogate Biting's talk follows in part—

Mr. Chairman and Gentlemen of the Press:

I would be wanting in candor if I did not express my appreciation of the cordial relations and cooperation which I have enjoyed with the county press, in the service we are trying to render in the Surrogate's Office.

It has been my good fortune, as well as responsibility, to give force and direction to the efficient and economical dispatch of public business. Any success which I may have attained, has been due in a very large measure to your full cooperation and the loyal and untiring efforts of the personnel in my office.

I assure you that it is ever my desire to render faithful public service. I am sure it is the only course which could commend itself to you and I trust that I shall continue to merit your confidence.

Next to unemployment and relieving distress, I believe that the most important problem before the American people today is that of Taxation.

## Estate Taxes

So I am going to discuss for a little while on one phase of taxation of which I have heard little discussion, and yet which vitally affects the well-being of our citizens—and that is estate taxes, based upon statistics, reports, and compilations of the Secretary of the Treasury.

On June 6, 1925, federal inheritance taxes were increased to a maximum of 45 per cent., and exemptions were reduced from \$100,000 to \$50,000. Such legislation is most unwise from every point of view.

In the first place, the right of the federal government to tax inheritances is based upon no specific Constitutional power, but upon the theory of an excise tax. These taxes have been used heretofore only to obtain additional revenue in time of war, and should be preserved for such use in the future.

## Belong to State

Inheritance taxes are property taxes of revenue for the state. They are a material element in a state budget—they are a comparatively small element in the federal budget.

## GLORIFYING THE CRIMINAL?

Readers will recall there was considerable controversy during the past years on the matter of publicity that trends to glorify the American gangster and criminal. During that period newspapers were read avidly for the latest developments in the life of Al Capone, Cagney, Robinson and other screen stars rose to prominence portraying gangster roles. That was the hey-day of what might be called "gangster" entertainment.

And now, with the dramas that are being presented on the air depicting the lives of actual gangsters as compiled from police records the question is up again. Is radio glorifying the criminal? This all resolves itself down to the matter of whether or not the constant focusing of public attention on that phase of our social order has tended to enhance the attractiveness of the profession.

One cannot help feeling that the criminal is battling odds in the modern police and crime detection methods. There is no doubt that the courageous and untiring efforts of the authorities in tracking down the country's criminals has been brought home forcibly in these presentations. When the futility of this calling is hammered into the minds of the American people week in and week out over a period of months, one realizes that instead of glorifying a being we all know exists, these programs may reveal his weakness and ineffectualness not only to his victims but to himself.

Most of us try the wrong ways before we submit to the right way of doing things.

## RIVERSIDE H. S. DEFEATS "PALS"

Reverse Play Helps LaBove's Grid Warriors Triumph Over Red and Blue

By HOWARD SEXTON

By catching the Palmyra High School team "flat-footed" in the third period, on an end-around play, Mike LaBove's Riverside grid warriors defeated Coach Dimond's boys by the score of 6 to 0.

About 1200 real football fans witnessed the skirmish and were treated to a real afternoon except for the weather, which affected the players as much as the fans.

Time and again during the first two periods the Riverside backs crumpled up against a stone wall displayed by the "Pals" line. The first two periods saw a real punting duel between Beddow of Palmyra and Pocius and Bozarth of Riverside. All of these kickers had advantages and disadvantages as the cold winter wind kept the ball from going very far.

The Riverside boys almost scored in the first period but the Palmyra team held on the 4-yard line and Beddow kicked out of danger. Much of the credit in taking the ball down the field goes to Bozarth, the Riverside fullback who also made it possible for the only score of the game. Beddow's kicking and line plunging made him a star in this period, while Fay, Mooney and Thomas displayed real football on the line. Pocius and Wasmieski were the thorns to the Palmyra backs.

The lone score of the game came in the closing minutes of the third period when Bozarth on a fake punt formation, ran the ball from mid-field to his own twenty-yard line where he was brought down by Young, Palmyra's safety man. The fighting Palmyra boys then made a courageous stand up until the last down when LaBove's charges called for an end-around play that caught the Red and White gridders off their guard. Eddie Slemenowski was the end that carried the ball on this play and his fast running was also a big factor in his score. The point after touchdown failed when Fuhs tried a dropkick.

The last period saw the "Pals" throwing passes and completing three of these which brought the ball down to the 35-yard line where they lost the ball on downs. The finale in this period were made by Young, of Palmyra, who caught two passes and on one occasion almost got away for a score. Mooney, of Palmyra also entered the limelight when he blocked and recovered Bozarth's kick. The Palmyra team was outplayed and only scored five first downs to Riverside's thirteen.

## TEN BOUTS ON CARD AT MT. HOLLY ARENA

The Mount Holly A. A. will stage an all-star boxing show at the arena at Hatteras Chevrolet sales and service station at 25 Marne Highway, Mount Holly, Friday evening, December 2.

There will be ten bouts in all, five bouts selected from Philadelphia's best amateurs and five bouts with Burlington county boys who have won in previous shows.

Two of the local bouts will be re-matches. Harry Goldie, of Mount Holly A. A. boxing Joe Mancuso, of Maple Shade, and Johnny Grabitz, of Burlington, versus Vethold Johnson, of Riverside. These two bouts put up one of the best bouts on the last card. Both represent the Mount Holly A. A.

Charlie Caldare, of Mount Holly, will box Joe Strauss, of Maple Shade. Both of these boys were winners in the last show.

Faby Denno, of Pemberton vs. Joe Clayton, Riverside, will be another slam-bang affair with both wearing the colors of the Mount Holly A. A. Charlie Kalanai, Riverside and Nick Zarleiben, Marlton, will swing punches in the general direction of each other in a middleweight bout. Jack Smith, of Mount Holly A. A., the colored boy who fought George Wright, the recent winner of the Moose tournament to a standstill will box in a special bout if Matchmaker Gunboat Smith can secure an opponent.

The good sized crowd which witnessed the last show is still raving about the fine show for such reasonable prices. Therefore a record crowd is expected to be on hand this Friday, December 2 at 8.30 p. m., when the opening gong sends the boys on their way.

## ROEBUCK MEETING STRACK IN CAMDEN

"Gentle Behemoths" of Mat World in Final at Armory Thursday

Two nice, gentle behemoths of the mat world are scheduled to clash in the final bout of Thursday night's show to be held at the Camden Armory. It was announced Monday by Bert Potts, matchmaker of the Twin City Sporting Club.

Charlie Strack, who won his spurs both in football and boxing at Colgate University, and Tiny Roebuck, burly Indian who was one of the best linemen ever developed at Haskell Institute, are the gargantians who clash in the feature match of another great show at the Camden Armory. It will be a 90-minute time limit battle, two out of three falls to win.

Strack is known far and wide throughout this section. He has appeared in Camden on numerous occasions and usually arouses the ire of the fans. Charlie knows how and when to punch as he fought nearly twenty bouts as a heavyweight fighter. This was during his student days at Colgate. However, he doesn't confine his efforts to merely punching, but will bite or kick at times.

Roebuck will be making his debut, but the Indian is well known to thousands of having participated in numerous bouts at the Philadelphia Arena. "Tiny" is a tough and experienced and local fans should get a thrill in seeing Mr. Strack meet an opponent who uses the same rough methods.

Leo "Arms" Pinetcki, Polish giant, who toyed with Lili Nardi, of Italy, before tossing him last Thursday night, comes back to take on Herbie Freeman, Jewish "hard guy" who dropped matches to both Sander Szabo and Ed. Don George as a result of falls from the ring. In the 30-minute semi-final, one fall to win.

"Big Jim" Browning, of California, after an absence of many months, returns to battle Vanka Zelesniak, of Russia, in the third match.

Wong Buck Chung, native Chinese, who beat Dino Darnadi, of Italy, last Thursday night, again is on the card and he meets Joan Bruce, of New York.

Joe Montana, of Camden, again goes to the mat with George Lasan, of France, in the opener. Montana and Lasan met a week ago and the match resulted in shambles. Both demanded return bouts and they were re-matched.

## "PALS" DEFEAT "BURLS", 19 TO 6

2500 Football Fans Witness Fine Game on Palmyra High School Field

With about 2,500 football fans watching the game, Coach Ken Dimond's red and white gridders made a "come-back" after being defeated by Riverside and gave "Al" Rundle's Burlington High team a sound thumping by the score of 19 to 6.

The Palmyra boys scored their first touchdown soon after the game had started when Al Miceuc blocked and recovered Costello's kick on the 15-yard line. Beddow then gained about 2 yards through tackle and after Mathis had gained 11 yards through tackle Beddow scored on a plunge through center. Young also scored the extra point.

The Pals also scored in the second period when Holly Carpenter intercepted a Burlington pass and ran 40 yards for the second score. Young missed the extra point when he attempted to dropkick. This period also saw a few passes made by the Burlington clan, who tried hard to tie the score. Most of the ground gained by the Burls was due to Costello, the captain and star player, who plays on the line and in the backfield. This boy did the kicking, passing and ran the team. Beddow and Mathis were the outstanding backs on the Palmyra team, while Davidson, Mooney and Miceuc played a fine game on the line.

The third period saw a few passes made by the Burls, who kept trying their hardest to score. This period also saw an exchange of kicks between Beddow and Costello, with Beddow having the edge.

Both teams scored in the last period but the Palmyra boys completely outplayed their rivals and were not threatened by the Burlington attack. Palmyra's score came after a drive down the field with Young carrying the pigskin over. The point after touchdown failed.

Burlington's only score was made by Carter, the Burls' right end, who caught one of Costello's passes and raced 50 yards to score. The try for the extra point failed.

The main stars in this period were Carpenter, Young, Thomas, Enskat and Fay for the Dimondmen while Costello, James and Budd performed best for Burlington.

**MORE AND BIGGER TROUT**  
COST N. J. ANGLERS LESS

In endeavoring to produce more and better game fish at less cost for its anglers, New Jersey has developed what its sportsmen soon are to recognize as a strain of super-trout. Growing to a foot or more in length in two instead of three years, harder and naturally better fighters when hooked, these fish, now in their fifth generation, are being raised artificially at a great saving in cost over the older methods of trout propagation. Fish culturists throughout the nation are interested in these astonishing accomplishments and numerous scientists are visiting the State Fish Hatchery, at Hackettstown, to study at first hand the system, which was explained by Superintendent Charles O. Hayford at a recent convention of the American Fisheries Association.

**Gibbs — Taylor**

The wedding of Miss Evelyn Taylor, daughter of Mr. and Mrs. Joseph Taylor, formerly of Florence, now living in Camden, to George Gibbs, son of Mr. and Mrs. George Gibbs, of Florence, took place Wednesday night at the Audubon Methodist Church with the Rev. J. S. Garrison officiating.

The bride wore a charming model of hyacinth blue crepe and carried white sweet peas. A sister of the bride, Miss Helen Taylor, was her only attendant. She wore blue and carried pink sweet peas. Paul Elliot, of Florence, was best man.

The bridegroom is a graduate of the School of Industrial Arts, in Trenton, and Temple University in the course of Physical Metallurgy. He is employed at the Keystone Watch Case Company, Riverside.

Following their return from a wedding trip to White Plains, N. Y., the couple will make their home in Camden.

**LOSE PAROLE REQUESTS**

Harry C. Mohr, serving a life sentence, and Charles M. Fowler, serving twenty years, for the murder of John Brunen at Riverside in 1922, were denied favorable action on their applications for parole when the New Jersey Board of Pardons met last week.

Mohr was the murder planner and Fowler confessed doing the actual shooting with a shotgun that he alleged Mohr provided.

## STATISTICS FAVOR WOMEN AUTOISTS

Records Show "Fair Sex" Have Fewer Accidents Than Men

By HAROLD G. HOFFMAN

State Com'n'r of Motor Vehicles Say it isn't so, but New Jersey women drivers have fewer accidents, in proportion to their registration than men. In fact, records of the State Motor Vehicle Department show the fair sex involved in accidents nearly three times less frequently than male drivers.

Women drivers constitute approximately twenty per cent. of the 1,100,000 odd licensed New Jersey car operators and yet only 3.8 per cent. of the ladies get into serious traffic difficulties. On the other hand, 9.5 per cent. of the men drivers are reported as having been involved in crashes. A better idea of Madame's superior, if you will, driving is seen in the past year, five of every fifty-three licensed male drivers in New Jersey were involved in accidents, whereas the ratio for women was five of every 130 female drivers.

However, in fairness to the men, it should be mentioned that they probably operate more automobiles than the fairer sex. Nevertheless, the ladies have the statistics on their side.

## Marriage Announced

Mr. and Mrs. George N. Wimer announce the marriage of their daughter, Mildred, in Yuma, Arizona, on November 12, 1932, to Ensign Robert Hellig of the U. S. S. Tracy. Miss Wimer is a graduate of the University of Maryland, and Mr. Hellig, of the United States Naval Academy. The young couple will reside in San Diego, California.

**JERSEY LAW PROTECTS SQUIRRELS IN NESTS**

"Shooting into a squirrel's nest is one of the poorest exhibitions of sportsmanship," says Game Warden Roy Carson, of Medford. "Before this practice was made unlawful in New Jersey, thousands of squirrels were killed or maimed in nests and never recovered by hunters. The squirrels were exterminated in many woods. There is today probably no violation of the game laws that will bring quicker rebuke from sportsmen than for a violator to shoot into a nest. This sentiment of hunters has been a big factor in enforcing the laws and bringing about the squirrel as an important game asset. Wider appreciation of the constructive conservation laws and the collection of several heavy fines also have contributed. The stigma of 'squirrel nest rustler' is applied to fewer and fewer violators each succeeding year."

## SCOUT TROOP HAS TAKEN NEW NAME

Boys Offer Services to Organizations; Ask for Old Scout Uniforms

The troop committee of the Palmyra Boy Scout Troop sponsored by the First Lutheran Church of Riverton and Palmyra has received permission from Burlington county officials to change the name of the troop to the Service Troop.

They have also approved the new troop emblem, which is a scout trefoil in red mounted on a white star.

Across the whole in blue letters is the word "service". The troop is rendering its initial service by helping the American Legion in the annual Christmas toy work and at this time offering to any organization or civic body that can use the boys of the troop in any way, not conflicting with the high standards of the scout movement, their heartiest service. Scouting is helped and maintained by all the bodies as bodies and the individual members and it is felt that this is one way of showing their appreciation. Use the scouts and we ask you to help them.

Some years ago a boy of this community joined the Boy Scouts and at one of the meetings the sport of the meeting was an exercise in clay modeling. This boy liked it, kept at it and found while he was not becoming a well known modeler, he had nimble and educated fingers. Later in life he decided to turn this accidentally discovered knowledge to some use and he is at present studying for that purpose and showing a lot of promise of being very successful.

This scout, who is an Eagle, will tonight start a class in clay modeling and any scout who is interested will be welcomed.

**New Headquarters**  
The Sea Scout Patrol has put in some more hours of work and in a short time will be ready to dedicate their new headquarters.

Tonight will also see the first meeting of the new troop committee for the year 1934-35.

The troop committee wishes to thank those who donated old scout uniforms to the troop and at this time we wish to state that we can still use quite a few more.

And furthermore—there must be in all of these two towns quite a few men who have in their own lines of work advanced from the lowest rank to the highest or near the top. In doing this they had difficulties and varied experiences that if told to a group of boys would interest them, perhaps guide them in their future occupations and prevent them from making serious mistakes.

The gentlemen, if they would, could render the boys of this community a greater service than by only donating to the financial end of the boys' work. If they would consent to come to one of our meetings and talk to the boys. If you are one of these men or know of one and are willing, kindly notify Fred Henzler at Riverton 551-J.

FRED HENZLER, Publicity.

## FIREMEN'S RELIEF ELECTS OFFICERS

John P. Saar Is Chosen President of Palmyra Association

The annual meeting of the Cinnaminson Firemen's Relief Association of Palmyra was held Monday evening and the following officers were elected for the ensuing year.

John P. Saar, president; Edward Roberts, vice president; Lewis Wallace, treasurer and collector; Herbert J. Kemmerle, secretary, and C. Morris Beck, sergeant-at-arms.

Visitors present were Harry J. Saar, Louis A. Kraus and Richard P. Furman. Chief Joseph Stack was also present.

The delegates to the convention to be held at Atlantic City are Sydney Hendington, Harry Kemmerle, Jr., and Branson Cook.

## PALMYRA TAXPAYERS MEETING ON DEC. 8

At the meeting of the Palmyra Taxpayers' Association to be held in the Palmyra High School auditorium Thursday evening, December 8, Morris Perinchief, of Mount Holly, one of the leading organizers of taxpayers' associations throughout the county, will be the chief speaker.

Mr. Perinchief will explain in detail the importance and opportunities of taxpayers' organizations in the field of tax reduction. He will recount what has already been accomplished in the county and elsewhere during the past 18 months, during which time thousands of dollars have been saved to the taxpayers.

There will also be a brief discussion of the project before the school board regarding granting permission to the Y.M.C.A. to use the high school gymnasium one night a week.

## ANNUAL BAZAAR

Great preparations being made for the annual bazaar of Christ Episcopal Church, to be held in the parish house Saturday afternoon and evening.

There will be a beautiful array of booths, in which will be sold an assortment of fancy work, useful articles, dolls, cakes and candies. Dinner will be served from 5:30 to 8 o'clock. Special music will be rendered during the dinner.

The bazaar is under the auspices of St. Agnes Guild, assisted by the Daughters of Christ Church.

## Legal Notices

**IN CHANCERY OF NEW JERSEY**  
To Joseph Rochester:

By virtue of an order of the Court of Chancery of New Jersey made on the day of the date hereof, in a cause wherein Chinnaminson Building and Loan Association of Riverton, New Jersey, is complainant, and you, and others, are defendants, you are required to appear and answer the bill of said complainant on or before the 12th day of January, 1935, or the said bill will be taken as confessed against you.

The said bill is read to wit: to foreclose a mortgage given by Albert McCombs, widow, to Chinnaminson Building and Loan Association of Riverton, New Jersey, dated May 21st, 1929, recorded in the Office of the Clerk of the County of Burlington in Book No. 234 of Mortgages, page 71, upon lands and premises situate in the Borough of Riverton, in the County of Burlington and State of New Jersey, more particularly described in said mortgage.

And you, Joseph Rochester, are made a defendant, because you recovered a judgment against the said Albert McCombs, and others, and by reason thereof have a lien upon the mortgaged premises.

H. T. BROWN NAMED TO WORK COMMITTEE BY GOVERNOR PINCHOT

Henry Tatnell Brown, of Moorestown, has been named a member of state committee on workers' security by Governor Clifford Pinchot, of Pennsylvania.

Mr. Brown is one of nine well-known citizens who will make up a group with a view in mind of formulation of a plan for the care of unemployment in the future. Members will pay their own expenses owing to lack of available state funds. They are expected to hold hearings at Philadelphia, and elsewhere, and make recommendations to the 1933 session of the Legislature.

The scope of the committee's work is not only to provide for future periods of depression, but to recommend plans for the employment of these persons permanently out of work when business conditions attain an activity comparable with that of 1929.

## CHRISTIAN SCIENCE

"GOD THE ONLY CAUSE AND CREATOR" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, December 4, 1932.

The Golden Text is: "Unto thee, O God, do we give thanks, unto thee do we give thanks; for that thy name is near thy wondrous works declare" (Psalms 75:1).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And on the seventh day God ended his work which he had made; and he rested on the seventh day from all his work which he had made. And God blessed the seventh day, and sanctified it; because that in it he had rested from all his work which God created and made" (Genesis 2:2-3).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "All that is made is the work of God, and all is good. We leave this brief, glorious

## COURT JAILS TRIO IN FINE DEFAULTS

Pair Had Failed to Pay Cent in Levies by Judge Rigg

Judging from the sentences handed out last Friday at Mount Holly by Judge Charles A. Rigg to three prohibition law violators who have failed to pay their fines, the judge does not intend to allow those who have been sentenced to escape the payment of the fines previously imposed.

The judge held a short session Friday, taking place of the regular Thursday court, due to the Thanksgiving holiday. Two of three men who were sent to jail until the fines are paid have not paid a cent on the fines and the third man had only made a small payment.

The three brought into court on warrants issued by Probation Officer Frank A. Hendrickson, sent to jail to remain there until their fines are paid, are the following:

Charles Spoltore, of Burlington, fined \$175 on June 11, 1931, and who has not paid any part of the fine; Joseph Somoni, Mount Holly, fined \$100 on December 4, 1931, who moved to Camden in the meantime and had failed to keep in touch with the probation officer, having paid no part of the fine; and George Simpson, Vincentown, fined \$150 on October 30, 1930, who had paid only \$16.

Thomas F. King, of Camden, convicted by a jury of obtaining about \$300 from Harry Chafey, of Pemberton, on a milk transaction, had failed to put up the required bond, so he was brought in and fined \$100 to be paid in six months.

## FIVE PERSON HURT IN CRASH AT BRIDGEBORO

Five persons were injured when a truck and an automobile collided on Burlington pike at Bridgeboro Saturday. They were treated at Zurrburg Memorial Hospital, Riverside. They are Mrs. W. A. Lippincott, of 148 Netherwood avenue, Plainfield, cuts of the face, shoulders and back; Victor Martinez, of 856 Interval avenue, New York, bruised on the face, legs and chest; Nancy Chace, 1965 Prospect avenue, Plainfield, cuts on the face; Mrs. Flora Diaz, of Williamstown, cuts on the legs, arms, and shoulders, and Jesus Diaz, of Williamstown, driver of the truck, cuts on the legs and chest.

## STOLEN HOLLY AUTO IS FOUND ABANDONED

The automobile stolen from Abraham R. Gerber on Friday night was found abandoned on Pine street, Mount Holly, Saturday morning. Gerber left his car parked in front of his apartment house on Main street, and when he returned in about 15 minutes the machine had disappeared. Someone evidently took a ride and when the gas ran out left it on Pine street.

## MOTORIST FINED \$25 AFTER CRASH AT MOUNT HOLLY

Charged with reckless driving as the result of an accident, Granville Beebe, of Vincentown, was fined \$25 and costs, Saturday by Recorder Joseph E. Roberts, at Mount Holly. Richard Bevan, of Medford, whose car figured in the crash with Beebe's, preferred the charge. Beebe was arrested by Trooper James Scotland, of Columbus.

## LIFE SAVING CLASSES TO BE CONDUCTED AT C. H. SWIMMING POOL

A life saving institute will be held in the Moorestown Community House swimming pool beginning Monday, December 5, and continuing until December 17. One hour each day will be given to teaching life saving methods and water safety. The time will be 5 to 6 each afternoon.

The institute will be conducted by the life saving committee of the swimming committee at the Community House. The classes will be conducted by Mrs. Esther Fink, Charles Wright, Francis McCourt and Charles Juliana.

All those interested in learning the fundamentals of life saving and water safety are urged to participate in this institute. All the work will be under the supervision of the American Red Cross.

At the end of the institute certificates will be given to all who pass the work and will be qualified as either junior or senior life savers. Anyone 12 years of age or older are invited to join the work. The classes will be free of charge.

## NEW MEAT MARKET

Walter A. Armstrong, who has been employed in the Riverton post office for the past twelve years, has resigned and will open a meat market at 207 Broad street, Palmyra.

Mr. Armstrong expects to be open for business on Thursday, December 8, and advises that he will carry a full stock of high grade meats at the lowest possible price. Delicatessen, fancy groceries, and produce will also be stocked by the Armstrong market. "Dick" Armstrong, formerly with the Becker Store in Riverton, will assist in the new store.

## STOP GAMBLING ON COAL!

ORDER 'blue coal'  
IDENTIFY IT BY ITS blue COLOR  
then you can be sure of getting the best

HERE'S one sure way to protect your money when you buy coal. When you phone your dealer, don't say: "Send me some coal." Play safe. Specify 'blue coal' by name. Then you will know that you are getting the same famous D. L. & W. Scranton and Wilkes-Barre anthracite which has been America's largest selling home fuel for over fifty years. For this quality fuel is now actually colored blue. This unmistakable tint is a trademark which stands for superiority.

With 'blue coal' you actually buy less coal because you use less of it to get the steady, even heat you need. 'blue coal' comes from the noted Northern Pennsylvania anthracite regions. It is sized, screened and cleaned

by the most modern engineering methods. Critical inspectors must O. K. every carload before it is considered worthy of our trademark—a harmless blue tint. 'blue coal' burns long and evenly and doesn't need to be forced—doesn't waste most of your heat up the chimney. It simmers down completely—there's less unburned coal in your pit... you get more heat per ton!

Look up the man who's selling 'blue coal'. Lose no time in giving him your order for 'blue coal'—you can tell it at a glance by its blue color. That's the way to stop gambling on coal—that's the way to get maximum heat at minimum cost. Phone your nearest 'blue coal' dealer and order a trial ton today.

## A Gift for the Whole Family to Enjoy

The custom of giving practical things for Christmas, which has been growing in favor the last few years, has much to recommend it.

And what could be more practical than to have the furniture refinished all spic and span for the holiday festivities? There is still time if you act promptly!

You can usually save money by having your furniture re-upholstered or refinished instead of buying new, and in many instances really get more service out of them than you would a "special sale" price.

## RIVERTON SOCIAL WORKERS' REPORT

Further Centralization of Effort Desired to Add Efficiency

The regular meeting of the Riverton-Cinnaminson Welfare Association was held at the home of Mrs. Murray C. Boyer on Sunday, December fourth. Mrs. Cooper, the social worker, gave the following report: We have at present 72 active cases. Two cases were closed during the last month. Our "made work" program began on November 21. Eleven men are working at present.

As was the case last year, the amount of work given is gauged by the number in the family. The men are paid twenty cents per hour. They work nine hours a day. The money which they receive buys their food only. This is supplemented when needed with milk, fuel, and clothing. Budgets are worked out for the families to show them how they can live within the amount allowed.

There is no question that the morale and the ability of families to handle their own financial problems is better when they do their own purchasing. When times are better we all hope that these families will be economically independent again and perhaps many of them will have learned to plan better, so that future economic situations will not find them so helpless.

One weekly grocery order is being given where the man is unable to work. Thirteen families are receiving milk, 31 get fuel, 42 Red Cross flour, and 26 families have been helped with clothing. As the winter progresses the demands will of course be greater. Many more will have to be added to our work list. It is only because our families have cooperated and done so much to help themselves that our list is not now much larger.

We were fortunate in being given an old barn to tear down. This was donated by the Standard Oil Company. Enough money will be realized from the sale of lumber to pay for the labor required to wreck it. One orchard has been generously donated by J. L. Lippincott. The men are now working there. Quite a sum of money will be saved by our organization this year through the use of the Riverton truck which will haul wood for use in this borough, and the Cinnaminson truck will do the hauling in the township. Our organization appreciates the generosity of the Council and Township Committee in giving this service.

We should all know of the splendid work being done by the Cinnaminson school teachers. They have raised almost one thousand dollars with which they are providing for needed tonal operations, cod liver oil and milk to the under-nourished and hot lunches to the children of families in need. The children of nine of our families are being helped through the school; all of which is a wonderful boost for these families and financial help to our organization. The Riverton School and the Parochial School, through their P.T.A. organization, also give substantial help to a number of families. Riverton school teachers are also doing their part to help us financially.

We are here to help people of all classes during this time of economic trouble, and your worker would like to enlist the cooperation of this committee in centralizing our work. In this way assistance can be given with less publicity than if done through various individuals, and everyone can feel assured that all requests are treated in the strictest confidence.

## YARN SHOP OPENS

The Ted Lou Yarn Shop, opened last week by Mary M. Clelland, at the Williams-Wright Building, at Broad and Main streets, Riverton offers shoppers an opportunity to purchase quality yarns and garments at reasonable prices.

The shop carries a full line of standard brand yarns and instruction and patterns are given free. Hand-knitted wearing apparel, infants' wear, men's and boys' sweaters, caps and children's hand-made dresses are a part of the quality line of goods carried in stock.

A new and attractive line of silk underwear and lounging pajamas, of the same style found in the leading New York and Philadelphia shops, is for sale at prices below city shop prices.

The proprietor welcomes all to her shop and is glad to have anyone look over her stock without any obligation whatsoever to buy.

## Mrs. Louise Bishop

Mrs. Louise Bishop, age 92, widow of Charles C. Bishop, passed away at her home, 410 Thomas avenue, Riverton, Sunday evening, December 4, after a short illness.

Mrs. Bishop had been a resident of Riverton since 1919 and for fourteen years at a previous time.

The deceased is survived by two daughters, the Misses Clara L. and E. Frances.

Services were held Wednesday afternoon at 2:30 from the Snover Funeral Home, with the Rev. Charles T. Bates, of Calvary Presbyterian Church, officiating.

Burial was made in the Monument Cemetery, Beverly.

Eric Westley rode 200 miles in 27 hours on omnibuses in London, Eng., on a ticket costing 15 cents.

## "MIKADO" GIVEN OVER STATION WIP

Miss Marion Macfarlane, Music Teacher at Bonnell School, Coached Opera

A very interesting program was heard over Station WIP last evening (Wednesday) when excerpts from the "Mikado" given by pupils of the Bonnell School, Camden, under the direction of Miss Marion Macfarlane, were heard.

Twenty minutes of Uncle Wip's broadcast was devoted to these youthful opera stars.

The program opened with the song "Three Little Maids from School," followed by "Here's the State of Things," a solo by Yum Yum and a duet by the Mikado and Katsahaw, followed by a final chorus.

Miss Macfarlane is the daughter of Mr. and Mrs. James Macfarlane, of Palmyra.

## SHERIFF WIMER MAKES CHANGE IN OFFICE

Alterations have been made to the first floor of the sheriff's residence, adjoining the county jail, and the offices of the institution will be transferred to this building. An office will be continued in the prison proper for the handling of business concerning the commitment and release of prisoners, but all other of the transactions which devolve upon Sheriff Wimer will be taken care of in the new quarters.

Inadequate office room has proved disadvantageous to many sheriffs in times past, and the change will be a great improvement which will be appreciated by the office force and those of the general public having business to transact with the sheriff.

The present office—once cell rooms—has but two small windows, both heavily barred, and practically all day it is necessary to use artificial light in order to make progress with the work. In addition, there has been no privacy available when required.

The second floor and rear portion of the first floor of the sheriff's residence has been occupied by the new day warden, Benjamin F. Farmer, of Burlington, and his family consisting of his wife, two daughters and a seven-year-old son.

## P. T. A. MEMORIAL TO MISS H. H. CHEW

School Library Started With Twenty-four Books; More Will Be Added

As a result of the Hannah H. Chew Memorial Fund started by the Riverton Parent-Teacher Association, twenty-four books have been purchased for the public school. These books cover a wide range of subject—science, history, geography, poetry, etc., all carefully selected in relation to the studies and ages of the children in the school. All are handsome, new volumes and will be marked by a bookplate made by the Art Club and suitably inscribed.

While this is only a small beginning, and hard times prevented the purchase of a memorial adequate to fully express the feeling of the association, it is the nucleus of an excellent reference book, the P. T. A. will add new books each year, and books are also being given by individuals.

The Board of Education has followed the example of the Parent-Teacher Association and voted to buy a new reference book, the World Book, in twelve volumes, for the school, to be marked in memory of Miss Chew.

Instead of waiting for prosperity and money for a large gift, the association has made a beginning from the means at hand, and already the school has been given altogether over forty books for a much-needed school library. Thus the children now in school, who knew Miss Chew, have a tangible reminder of her spirit, to help them in their work and to make their attendance.

For abstaining from smoking and drinking for 14 years, Myron Tompkins, of Somerset, Ind., collected \$10,000 on his twenty-first birthday.

## CARD PARTY SUCCESS

The recent card party for the benefit of the Riverton A. A. football team was a success far beyond their expectation, and the boys and their committee are indeed grateful to their many friends and the merchants for the splendid support in contributing prizes, and the many who assisted by their attendance.

The affair was attended by over 300 admissions, extra chairs and tables being required to take care of the crowd.

The prizes were many and varied, the 57th prize being awarded to Daniel Deley, of Palmyra, while the first prize in bridge was awarded to Anne Casey, and first prize in pinocle to A. J. Heeter.

The ton of coal donated by Joseph T. Evans was awarded to Gorman P. Snover, of Riverton.

The committee also wishes to express its appreciation to the Riverton Fire Company and Frank Snover, who kindly loaned the use of their chairs; the American Legion Auxiliary and the Riverton Fire Company Auxiliary for the use of playing cards.

## AUXILIARY PLANS OPEN MEETING

Ladies of "Y" Invite All Interested Parents to Attend Session

The Ladies Auxiliary of the Palmyra-Riverton Y.M.C.A. will hold another open meeting in the "Y" building Tuesday evening.

All parents interested in the splendid work being carried on by this organization are cordially invited to be present at that time. A most interesting program has been arranged.

Clay C. Hendry, county "Y" secretary, will be among those present. He has arranged many amusing games which will be played by those in attendance.

Community songs will also be a special feature of the evening's program. It is hoped that the "Collegians," who have always been very generous with their talents, will render some selections and solos.

This will be the first meeting held in the Y.M.C.A. since the rooms have been redecorated. The large meeting room has been completely refurnished. The woodwork has received a new coat of paint, new curtains and furnishings have been added and new electric fixtures installed.

These much-needed improvements have been made possible largely through the efforts and cooperation of the Ladies Auxiliary. To make the "Y" a pleasant place for young people to meet has been one of the aims of the auxiliary.

However, this is only one of the organization's objects, and all mothers are invited to join and help further this worthwhile program.

## CITIZENS ASKED TO ASSIST POLICE

Requested to Report at Once All Cars Parked and Suspicious Characters

The police departments of Riverton, Cinnaminson Township and Palmyra request that persons noticing strange cars parked near their homes in their immediate vicinity notify the authorities at once. In this way it may be possible to prevent robberies or to apprehend the burglars before they make their escape.

It was reported after the robbery at Five Points last Thursday that a strange car had been parked in the vicinity for several hours. Had this fact been reported to the officers earlier, it might have been of assistance to them.

Residents are assured that the police departments will not consider it a nuisance to have all seemingly strange incidents and circumstances reported to them, even though many of them prove to be false alarms. It is better in their minds to go on many wild goose chases than to let one real clue go without investigation.

A proper cooperation with the police will go a long way toward protecting the lives and properties of those who live in the communities which these departments serve.

## CHRISTMAS PAGEANT AT EPWORTH CHURCH

The Christmas pageant given last year in the Epworth Church, Palmyra, will be repeated Sunday evening, December 10. It is titled "When the Star Shone."

The main characters will be the same as last year so there will not be the long drill of learning the parts. This notice is to call a rehearsal for Sunday afternoon at three o'clock.

As you see the rehearsal will be necessary by how few the players pick up their parts. If each one comes to each rehearsal, it will soon be learned.

## ROBBERY AT FIVE POINTS LAST WEEK

Home of Paul Bohs Ransacked in Early Evening During Absence of Family

Burglars made a haul of clothing, jewelry, etc., valued at about \$600 besides \$40 in cash at the home of Paul Bohs, of Cinnaminson township near Five Points Thursday night of last week, during the absence of the family.

When Mr. Bohs, who had been visiting his father at Westfield, returned home about 7:30, he found that the house had been entered through a rear window and thoroughly ransacked, especially the second floor on which he had his apartment.

Among the articles known to be missing are \$60 in cash, a gold watch belonging to his aunt, Mrs. Emma Gleason, a fur coat owned by Mrs. Bohs, a revolver, four finger rings, a cigarette lighter, locket and chain.

Officer George Dorworth, of the Cinnaminson township police department, was notified and conducted an investigation in which he was aided by County Detectives Zeller and Cain of the county detective's office.

According to the detective, the job was very similar to the robbery of the V. Claude Palmer home recently in Moorestown, and a robbery at Beverly.

Unclean powder puffs are unsafe and harmful to the skin. Special sale of powder puffs at 10c each or 9 for 50c at Kestner's.

## THE PEOPLES COLUMN

The New Post Office

Editor, The New Era: November 29, 1932.

Official written statements by Senator Warren Barbour, and Congressman Isaac Bacharach, inclosed herewith, indicate a situation entirely in conflict with current rumors in our community respecting the contemplated new Post Office building.

The gravity of the general taxation problem engages the attention of citizens everywhere, as never before, and yet, very little publicity seems to have been attached to an expenditure of a large sum, that will come out of the pockets of taxpayers generally, even though it happens to be a federal outlay.

In order to stimulate expressions on the part of Rivertonians, will you kindly publish in your People's Column the letter of July 26, 32, herewith transmitted, and publication of which was deferred at that time, pending ascertainment of more authentic information than was then available.

Very truly,

H. E. MOYER.

July 26, 1932.

Editor, The New Era:

The question of a new Post Office building to be erected at a reported cost of \$70,000, is one that may well engage attention and analysis.

Do present facilities fail to meet the requirements of satisfactory service to our community, and what is the cost of rental, heating, lighting, etc., for premises now occupied?

Certainly there cannot be capital investment or depreciation charges on a leased property, whereas a \$70,000 plant would involve these items—also repairs, insurance and maintenance.

What would be the true cost of handling our local postal service housed in the proposed new building as against the present arrangement?

A cross section review of facts and figures comparative and otherwise might prove enlightening and if the New Era through its columns can reveal these pertinent facts, representations to accelerate the new building program or to discourage it, might be promptly taken through congressional and other channels.

In the presence of existing trials and constantly mounting tax burdens everywhere, only absolute needs should be questioned, and the new building of luxury may well be placed in the background until at least, better conditions prevail within the Federal Treasury, and elsewhere as well.

Very truly,

H. E. MOYER.

July 27, 1932.

Hon. Isaac Bacharach,

Atlantic City, N. J.

Dear Sir:

Will you be good enough to advise the writer whether or not Riverton, N. J., is included in the list of localities for which federal appropriation has been allotted for a new Post Office building, and if so, in what amount, and when will the money become available to begin plans, specifications and erection?

Your kind attention will be appreciated.

Very truly,

H. E. MOYER.

July 28, 1932.

Mr. H. E. Moyer,

Riverton, N. J.

My dear Sir:

I have your letter of the 27th inst., and in reply beg to advise you that the Relief Bill which recently became a law does not provide for any post office buildings by name. There is a lump sum appropriated, and it is left in the discretion of the President and his advisers as to what, if any, post office buildings shall be erected out of this appropriation. So far as I know there has not yet been any indication on this point, so I am unable to give you any information bearing upon a new building for Riverton.

With best wishes, I remain, Very truly yours,

ISAAC BACHARACH.

August 2, 1932.

Hon. Warren Barbour,

Locust Point, N. J.

Dear Sir:

Can you inform me if the new appropriation for post office buildings included a new building for the Riverton post office or is it now contemplated. I have heard unofficially that an appropriation of \$70,000.00 was set aside for that purpose.

I will appreciate receiving the above information at your convenience.

Yours very truly,

H. E. MOYER.

August 8, 1932.

Mr. H. E. Moyer,

505 Fulton street,

Riverton, New Jersey.

Dear Mr. Moyer:

Your letter of the 2nd has been forwarded to Senator Barbour's Washington office for reply.

I am informed by the Supervising Architect of the Treasury Department that Riverton is on the list for a new post office, at \$70,000. This was scheduled under the 1931 list, and as you know, since then the appropriation for public buildings has been cut, and necessarily some towns will not receive new buildings where there is not a great urgency for a new building.

The list of those towns to be deferred has not been made up, and when it is I shall be glad to send you a wire should Riverton be among them.

With kindest regards, I am,

Sincerely,

GEORGE R. DYE,

Secretary.

## LEGION REPAIRS TOYS FOR NEEDY

Members Will Call for Contribution Many More Playthings Needed

The Palmyra American Legion, through its toy committee, would like to thank the many residents of Riverton, Cinnaminson and Palmyra who have so kindly donated toys, games and dolls in order to make it possible for the Legion to bring cheer to the many unfortunate children of the three communities.

Although the donations have been most generous the demands are exceeding the supply on hand, and if there are any others who have toys, games, dolls, books, etc., that are not needed for their own children will they please spread Christmas cheer by sending these to the Legion.

Each night a light can be seen burning in the Legion headquarters which signifies that many toys are being painted and repaired to be ready for Santa's pack. One of Santa's greatest aids is Boy Scout Service Troop of Palmyra.

If you desire to have a Legionnaire call for your donation call John Metzger, 1052, or Al Lippincott, 34.

## CHRISTMAS CHEER FOR STATE COLONY

Christmas time and again many different groups have been busy preparing Christmas stockings to be sent to the State Colony at New Lisbon.

Originally in 1912, they were about 140 inmates, and the task of stitching and filling these stockings was done by Mrs. Charles C. Miller, then a member of the board. The colony grew so, however, that Mrs. Miller enlisted the aid of the Riverton school, and in due time turned it over entirely to the Riverton P. T. A.

Mrs. Ralph Flower and her committee of P. T. A. workers have cut out and delivered some 750 of these stockings; being very generously helped by the following organizations:

Riverton Public School, 120 stockings; Palmyra High, 90; Cinnaminson Public, 72; Westfield Friends, 72; Edgewater Park Public, 72; Delanco Public, 72; Girl Scouts of Riverton, 108; Porch Club Juniors, 98; Riverton P. T. A., 60.

This annual Christmas cheer is one of the brightest spots in their day at New Lisbon. They are materially helped for by private and state funds, but "we do not live by bread alone," and these "boys" look forward to their tree hung with cheerful little stockings.

The Christmas party at Riverton school has been postponed to Friday morning, December 23, and there will be the usual entertainment by various classes. Of course, Santa will drop in, and he always likes to see mothers and fathers as well as the children.

Committee Activities. On Monday the Child Study Group, under the leadership of Miss Staman, discussed "Fear in the Life of the Child."

Adult fears were traced to childhood fears; the influence of environment and the attitude of adults toward children's fears, were explained and were studied with the prevention and overcoming of fear as the last topic. Many interesting illustrations from personal experiences were given by members of the group.

## DRUNKEN DRIVERS

One Appeals Case, Other Takes Thirty Days in County Jail

Two cases of drunken driving were tried before Borough Recorder C. A. Bowers last week.

The first was J. Franklin Cline, of Palmyra, who crashed into a car driven by John Sison, of Burlington, at Union Landing and River roads.

Cline was arrested by Chief of Police Walter Miller, of the Riverton police department, who turned the case over to Officer George Dorworth, of Cinnaminson township, in whose municipality the accident happened.

Cline was examined by Dr. H. B. Mark, who pronounced him to be intoxicated.

After the recorder had imposed the mandatory fine of \$300 and costs of \$21.50, Cline secured the service of Attorney W. A. C. Roray, of Palmyra, and appealed the case.

Cline's case was heard Thursday night.

The case of Clifford Bencliff, Broad and Lippincott avenue, Riverton, was scheduled for hearing at the same time, but was postponed until Friday night in order to give the accused time to secure witnesses.

Bencliff, who was driving a car belonging to Calvin Stow, of East Riverton, collided with a car owned and driven by Louis Frisole, of New Albany, Ind. The accident happened at Taylors Lane and the Burlington pike.

Bencliff was arrested a few minutes after the accident at his home by Patrolman John Robinson, of the Riverton police department. He was examined by Dr. Harry L. Rogers, who pronounced him to be intoxicated.

Recorder Bowers imposed a fine of \$300 and costs amounting to \$21.50, in lieu of which he sentenced Bencliff to thirty days in the county jail.

Eight hundred and fifty (850) miles of thicker tape are used in one day in the Wall Street district.

## NEEDLEWORK GUILD TO SEW FOR RELIEF

Joint Meeting of Riverton Needlework Guild and Red Cross December 12

The Riverton Branch of the Red Cross has just received over 400 yards of cotton material from the government. This material should be made into garments at once as there is a great demand for them. As the Riverton Needlework Guild is affiliated with the Red Cross and they have pledged themselves to work together in time of need, it is proposed to have a combined meeting of the two organizations at the Porch Club on Monday, December 12, the Riverton Needlework Guild's regular sewing day.

It is hoped that everyone will make a great effort to come to this combined meeting. The loan of sewing machines will also be greatly appreciated. Lunch will be served for 25 cents.

Please notify either Mrs. William A. Hendrickson, Riverton 372, or Antoinette B. Campbell, Riverton 138-J, whether you can be there and whether you can provide a sewing machine.

## RIVERTON PORCH CLUB ACTIVITIES

Club Talent Gives Comedy Skit, Urge Action By Congress On World Court

A large number of club members gathered at the Riverton Porch Club for their regular meeting last Tuesday afternoon. Mrs. Joseph I. Thomas, president of the club, presided at the business session. The admission committee reported that six new members had been added to the membership list, and also that several other names have been posted on the waiting list.

Mrs. Merrill reported that the card party for the benefit of the Riverton Free Library was a large success.

The welfare committee stated that the rummage sale had netted a substantial sum. This committee is still continuing to carry on their cent-a-day plan. Donations for the Christmas baskets will be received at the club house on Thursday and Friday, December 22nd and 23rd.

The welfare chairman told of the urgent need of men's trousers, working gloves, socks, women's warm underwear, and bedding. Anyone having any of these articles to donate kindly notify Mrs. Murray C. Boyer.

The program committee has found it necessary to change the program of December 20th. The club choir will entertain that day with the singing of Christmas carols, and Mrs. Henry Wallace Shreve, drama chairman, will give Christmas readings.

Mrs. Howard Cox read an interesting report of the 1st district conference held at Pitman, and five members of our club attended the conference on the cause and cure of war, held at Asbury Park on last Thursday.

Mrs. Tyler, chairman of International Relations was unable to be at the meeting, but will give a detailed report at our next business meeting in January. We are asked to do what we can to urge our Senators, Barbour and Keen, in Washington, to have the World Court brought before this present session of Congress. Action was taken to have a letter sent from the Riverton Porch Club to these Senators, asking them to do what they can to have this brought out of committee.

The business meeting was then adjourned and three minute talks on current events followed. Mrs. Antoinette Campbell told of the new books made delightful Christmas gifts. Miss Beulah Parry gave a resume of T. E. Lawrence's translation of the Odyssey, this being the first into prose. Mrs. Brewster Jackson spoke of the 300th anniversary of the birth of Benedictus Spinoza, which is now being celebrated, with a brief summary of his life and writings. Miss Helen Schreier entertained with two piano selections, "Dreams of Love," by Liszt, and "Nocturne in F Major," by Chopin.

A one act Political Comedy entitled, "There is no graft in the women's party," was presented by present club members, under the direction of Mrs. Henry Wallace Shreve, drama chairman. The Graft in the Political Party was very ably portrayed, and afforded much amusement for the audience. The cast was composed of the following club members: Mrs. Edward J. Hunt, Mrs. Gorman P. Sargent, Mrs. Theodore Kunden, Mrs. Frederick Blair, Mrs. E. Newbold Cooper, and Mrs. Henry Wallace Shreve.

There was a social hour at the close of the afternoon, when tea was served in the Hospitality committee of which Mrs. Gilbert Cox is chairman.

## THE CHRISTMAS BASKETS

Let us all help to make this Christmas one of good cheer to the needy families of Riverton and Cinnaminson. It will be greatly appreciated if those intending to give donations for the baskets will please Mrs. Joseph B. Tyler, 414 or Mrs. Murray C. Boyer, 99-R, well in advance of the time for filling the baskets. In this way duplication of orders can be avoided.

Donations of provisions can be left at the Porch Club, Thursday, December 22. Last year the Welfare Association provided 69 families of Riverton and Cinnaminson with Christmas dinner.

### I. O. O. F. NOTES

All Past Grands of Cinnaminson Lodge, No. 201, I. O. O. F. please take notice, Friday December 9, nomination of candidate for Grand Lodge officers. Please attend to this important duty.

The Red Arrow committee wishes at this time to thank all those who gave bids and attendance credits to this organization.

Degree work will soon begin again, a new class is being formed and there is still time to get your candidate into it. So step lively.

Cinnaminson 201 was one of six lodges who performed initiatory work in October. Let's be in the list for the next six months.

Full details of the Christmas party will be found in these columns next week.

Frank Young, of Elmora, Mo., fired at his head, but the bullet from a .35 caliber pistol flattened against his skull.

### SAILS NEXT MONTH

ELDRIDGE REEVES JOHNSON, Moorestown man, who has placed his yacht, Caroline, at the disposal of a group of scientists and will sail with them about January 15 to trap strange sea monsters in Southern Waters.

## MANY GIFTS FOR INDIAN CHILDREN

Miss Dorothy Middleton Main  
Speaker at Girl Reserve Conference

Scores of gifts for the Indian children were presented at the annual Girl Reserve gift-bringing ceremonial held under the auspices of the Burlington County Y. W. C. A. Reserve Committee in Memorial Hall, Beverly, Sunday afternoon. Girls from nearly every town in the county filled the hall, bringing gifts which will be sent to the Ojibwa Indians at the Tomah School, Tomah, Wisconsin, and to the Dakotas at the Cheyenne River Agency, South Dakota.

Miss Phyllis Kemble, of Delanco, president of the Senior Girl Reserve Council, received the gifts and in turn presented them to Miss Marie Boyce, of Burlington, president of the Girl Reserve Junior Council, who represented an Indian girl. They will be forwarded to the Indian Schools in time for the children to receive them for Christmas.

As a feature of the program Miss Dorothy Middleton, of Moorestown, spoke to the girls on "Indian Arts and Crafts," illustrating her talk with interesting examples of Indian bead work, wood-carving, basketry and pottery. She told how the nomadic tribes of the plains developed the use of beads for decorating their clothing, becoming experts in this particular craft, while more settled tribes, especially in the southwest, produced beautiful pottery, blankets, baskets and silver work.

Devotions at the meeting were in charge of Mrs. Ernest Wright, of Beverly. Charles S. Beckwith, of Pemberton, chairman of the county Girl Reserve committee, presided.

Miss Mae Shipps of Delanco sang "Indian Dawn" as the closing number on the afternoon program.

Mrs. William Grobler, of Moorestown, chairman of the county Y. W. C. A. music committee, will preside at a conference of music chairmen, song leaders and advisors of the Girl Reserve and Business Girls' Clubs, to be held in Mount Holly Y. W. C. A. clubroom Saturday afternoon, at 2:15 o'clock.

Girl Reserve club advisors will hold a get-together meeting in the county office in Mount Holly Saturday afternoon. Mrs. Charles S. Beckwith, of Pemberton, county Girl Reserve chairman, will be among those present.

### CINNAMINSON P. T. A.

The Cinnaminson P. T. A. meeting last week was conducted in the absence of the president, by Mrs. Robert Sim, who was the delegate to the convention at Atlantic City. Mrs. Sim gave a comprehensive account of the meetings, all of which were an inspiration. This thrill she passed on to the members present.

A suggestion of the executive committee, that a fund be placed at the disposal of the teachers to pay expense of pupils who are unable to finance the educational trips taken by the classes from time to time, was accepted by the meeting. A roll call disposed of the banner to be held by the room having the largest number of parents present.

Wednesday evening, December 14, Miss Jamison, of Atlantic City, will be the guest speaker; afterward the Christmas party will be held.

"Christmas" is the theme among the four lower grades at present. These grades will hold a cake and candy sale, combined with a bazaar, during the fifteenth, during the noon hour in the lunch room.

Tuesday morning the visitor found the sub-primary preparing to visit the domestic science rooms where the girls were making cookies. After the sub-primary watched the girls and found it so, the cookies were made, they will later attempt to make some as their share for a food sale to be held in the near future.

Six rather frail children are now taking the "Fresh Air Treatment". These tiny ones have to spend the day in school owing to the difficulties in transportation, all of them have a rest, and these favored ones really sleep. Three slept until bus time one day.

Press Chairman.

David Terry, of Albany, N. Y., testified that George O'Connor kicked him five times and O'Connor was fined \$100.

## LEGION AUXILIARY TO DRESS DOLLS FOR NEEDY TOTS

Needy Kiddies Will be Given Dolls and Toys at Christmas

WILL MEET AT  
LEGION TOMORROW

Regular Meeting to be Held Wednesday, Dec. 21; Will Pack Toys

With Christmas just around the corner, many of the members of the American Legion Auxiliary are working overtime to be able to present to Santa the many dolls which they have completely outfitted. In just seventeen days—Christmas Day—these dolls will make many homes brighter and more filled with the Christmas spirit. It is an added joy to the many auxiliary members to know that happiness is being given not only to the children, but also to their fathers and mothers.

The "doll party" held at the home of Mrs. George Luce was more than enjoyed by all knowing that their time, well spent, would bring happiness to many children.

The party was so successful that many requested another "doll party". In order to give those who were unable to come to the previous party an opportunity to participate in this worthwhile service, also, for the ones who have already participated, another party will be held at the Legion Home, Friday, December 9, at 8:15 p. m. The dolls and materials will be sent to the Legion Home. If you have any pieces of material you do not need, we will be glad if you will bring it with you.

Our regular meeting will be held Wednesday, December 21, and after a short business session, we will pack these dolls and toys to be sent to their various journeys. Realizing that the Legion Post will be greatly interested in this event, the auxiliary has extended a cordial invitation to the members of Frederick M. Rodgers Post to join us for this occasion.

Even though busy planning for the children, we will not forget that "the man's heart is through his stomach."

Dates of interest for the members of the American Legion Auxiliary No. 150:

Friday, December 9—Doll Party at Legion Home, 8:15 p. m. Executive meeting at Legion Home, 9 p. m. Wednesday, December 14—Burlington county meeting at Florence.

Wednesday, December 21—Regular monthly meeting of American Legion Auxiliary, No. 150. Packing of dolls and toys at Legion Home. Visitation of Frederick M. Rodgers, Post No. 150. PUBLICITY CHAIRMAN.

Mr. and Mrs. J. D. McDee, Bordentown; Mr. and Mrs. Jonathan Kealey, Pemberton; Mr. and Mrs. Joseph Willis, Hancocks; Mr. and Mrs. Joseph A. Wolfson, Mount Holly; Benjamin Faunce, Riverside; Mrs. George M. Hillman, Sr., Moorestown; Mr. and Mrs. Francis H. Reed, Mount Holly; Mr. and Mrs. Frank A. Hendrickson, Mount Holly; Mr. and Mrs. Ralph Halnes, Vincentown.

### NEW P. R. R. CALENDAR

Linking the East and the West by the tie of rail transportation is the underlying theme of the picture painted by Grif Teller for the Pennsylvania Railroad's 1933 calendar. He has entitled it "Spirit of America," showing in its foreground a passenger train thundering along head-on at high speed. In the opposite direction can be seen the observation end of another passenger train, while in phantom relief on either side of the tracks are the railroad's main stations in New York and Chicago, above which can be seen towering into the clouds the magnificent sky-lines of the two cities.

Accompanying the calendar is a special message from J. L. Eysmans, vice-president in charge of traffic, to patrons of the railroad, in which he points out that the difficult conditions of the recent past have required many adjustments in operating methods, which have been accomplished "without sacrificing anything that contributes to the speed, security and comfort of passengers, or to the efficient handling of freight."

"The Pennsylvania Railroad faces the future with confidence," continues Mr. Eysmans, "with high faith in America and her destiny."

### ROTARY MEETING

The first December meeting of the Palmyra-Riverton Rotary Club found the members saddened by the loss of George W. Rogers, who had served efficiently as sergeant-at-arms for some time. He was a natural mixer and his ready good cheer, which endeared him to everyone, will be greatly missed. The club passed a motion to draw up a resolution for his family, to be signed by all the members and presented to Mrs. Rogers. Joseph Low gladly accepted the assignment. The Pemberton Rotary Club sent a floral wreath to Mr. Rogers' funeral and some of their members came, as well. The secretary read a letter which he had written Pemberton thanking them for their sympathy.

The attendance committee reported an almost 100% month. One member only, failed to make up, which placed the record slightly below the perfect mark. A letter from the district governor expressing pleasure at the recent intra-county meeting was presented.

The program was in charge of the international committee, whose chairman is Joseph Low. Mr. Low presented Mr. Vosbury, a friend, who talked about a recent trip to Mexico.

## WELFARE BOARD IN NEED OF MONEY

Members of Committee View With Alarm the Falling Off of Collections

Members of the Palmyra Welfare Association have studied with much concern the report for the month of November.

The committee views with alarm the falling off of receipts from the block collections. It may be observed from the report that we did not reach our quota for November by 67%, and that our expenses have greatly increased with the cold weather.

About fifty of the district aides attended a meeting on Thursday evening, December 1 and were much impressed with the importance and the necessity of making another canvass in their respective districts in order that the Legion Post will be able to obtain the help and assistance from those who have not already contributed.

The board feels satisfied that a visit to headquarters on any Thursday night will make the visitor a booster for the welfare and also a generous contributor.

The association is told by the school authorities that there are less undernourished children, and that they are better provided with warm clothing and shoes than they have been for the past three years.

Surely you want a hand in this work, so please see you district captain and offer your assistance.

Palmyra Welfare Association, JAMES T. WEART, Director.

### P. O. S. of A. NOTES

Washington Camp, No. 23, P. O. S. of A., Palmyra, will celebrate its eighty-fifth anniversary in the P. O. S. of A. Hall, Monday evening.

All members are urged to be present and each one is asked to make an effort to bring a new member with him. The meeting will start promptly at 7:30 o'clock. A magician will furnish the entertainment and refreshments will be served.

All members are asked to bring with them each Monday night contributions of clothing, canned goods, etc., which will be given to the needy at Christmas time.

### IMPORTANT ANNOUNCEMENT

I am pleased to be able to announce to the many friends and clients of George W. Rogers, Inc., that the real estate and insurance business of that company will be continued at the same address, 9 East Broad street, Palmyra, N. J., under the management of Leslie W. Reeves. MRS. FANNIE E. ROGERS.

## CHRISTMAS ART NIGHT SERVICE AT M. E. CHURCH

Beautiful Religious Picture to be Shown on Screen Sunday Evening

SPECIAL MUSIC BY  
CHOIR AND ORGAN

Fine Program at 7.45 O'clock:  
Mrs. Lord at the Console

A Christmas Art Night service will be held at the Epworth Methodist Episcopal Church on Sunday evening at 7.45. A beautiful copy, in colors, of "The Angels Appearing to the Shepherds," by Ploekhorst, will be shown on the screen. The scene portrays the shepherds and the shepherds at the moment the angels appearing in the sky proclaim "Peace on earth, good will toward men."

About the picture there has been arranged a setting of appropriate and moving Christmas music by our organ and the choir and congregation. Mrs. Lord will preside at the console.

The program is as follows:

Organ Prelude—Selected Christmas Carols.

Congregational Hymn of the Angels—"It Came Upon the Midnight Clear"

Scripture Lesson.

Hymn of the Shepherds—"The First Noel."

Prayer.

Anthem—By the choir.

Offertory—"We Three Kings of Orient Are."

Hymn solo—"No Room at the Inn"

"Thou didst leave thy throne and thy Kingdom."

Congregational Hymn—"Angels from the Realms of Glory."

Picture shown on screen.

Solo and Chorus—"Long Years Ago O'er Bethlehem's Hills."

Picture interpreted.

Congregational Hymn—"While Shepherds Watched Their Flocks by Night"

Chimes—"Joy to the World."

Vincent Perrino, Jr.

Vincent Perrino, Jr., four months' old, son of Mr. and Mrs. Vincent Perrino, of North Church street, Moorestown, died very suddenly on Wednesday of last week, suffering with a complication of diseases.

The funeral was held on Friday with Philip McChesney, funeral director, in charge. Interment was made in Mount Carmel Cemetery.

TRI-HY NOTES

Thursday the Tri-Hy girls held their weekly meeting and a large number attended. The worship service was "Erenewal in Purpose" and was led by Jeannette Cardwell. She read an interesting story called "The Ambitious Guest" by Nathaniel Hawthorne. We dressed dolls for Christmas.

Saturday the girls held a cake sale on Mr. Wimer's porch and cleared \$12. Tonight, the group is going to make more Christmas presents. Our worship service will be led by Catherine McAnulty on the subject "Seeing the Beautiful".

## WESLEY BARRY WILL APPEAR AT CAMDEN THEATRE ON SUNDAY

Known from coast-to-coast through his appearances in motion pictures, Wesley "Freckles" Barry numbers among his friends and admirers thousands of persons.

The same Wesley, freckles and all will be on the stage of the Wall Whitman Theatre, Camden, this Sunday with his band of thirteen people, composed of young Californians who have made quite a reputation for themselves with their music and songs in Hollywood and on the West Coast.

A born comedian, Wesley has the knack of making up his own comedy as he goes along—and even his own orchestra does not know what to expect next from this irrepressible clown. He is assisted by Stanley Hall, known as the Prince of Personality and the famous silver-voiced tenor.

## IMPROVEMENTS BEGUN AT LAKEVIEW PARK

One of the first signs of renewed activity in employment ranks in South Jersey, is to be glimpsed at Lakeview Memorial Park on the Burlington Pike in Cinnaminson township.

Some weeks ago, Francis B. Wallen, of Camden, president of Lakeview Memorial Park, Inc., announced that the board of directors would spend approximately \$25,000 to enhance the beauty of the grounds as well as help the unemployment situation.

The planting of several hundred Chinese elm trees and as many dwarfed evergreens during the past week, marked the beginning of the Lakeview owners' dual plan to relieve unemployment and beautify the 100-acre park.

It will take virtually all winter before the improvements to the park are completed, Wallen said. Besides the tree planting, an artificial lake to be filled by water from Pompton Creek, is to be built near the entrance to the park.

The truck is owned by the American Oil Company. The driver, Eric Laxton, Philadelphia, blamed faulty brakes for the accident, saying he had control of the tanker as it sped down slope toward the bridge. He jammed on the brakes, Laxton told Officer Bruce MacDonald, who investigated, and they appeared to lock, causing the big vehicle to swerve into the bridge guard rail.

The truck remained over the edge of the embankment until one o'clock Thursday morning. The front of the tanker was damaged.

No arrests were made.

Mrs. W. E. Henry, of Inglewood, Calif., has the first biscuit she ever baked and it is still in a good state of preservation after 37 years.

Three youths hurled into a ravine as truck goes through rail.

Three Lenola youths escaped injury when a huge oil truck crashed through a bridge guard rail on which they were sitting, hurling them into a ravine 15 feet below.

The accident occurred Wednesday of last week, on a bridge spanning Pennsauken creek. The truck followed the youths into the gulley, to the edge of the creek. The driver was uninjured.

The boys are Robert Wilson, 12; Stewart Johnston, 14, and Floyd Tomlinson, 17, all of South Lenola road.

"We were sitting on the fence watching another boy testing the ice on the creek," Tomlinson said, "when we heard the noise of the truck behind us. Before we could move, it smashed through the fence not one foot from where we were sitting. We all landed on our hands and knees at the bottom of the ravine. It's a wonder to me the driver of the truck wasn't killed."

## PLENTY OF LIQUOR LAWS FOR CONTROL

Prosecutor Davis Says Officers May Fall Back on Common Statutes

There are plenty of laws under which persons transporting and selling liquor without licenses may be prosecuted and properly punished, says Prosecutor James Mercer Davis of Ocean county, formerly of Mount Holly. He says that the repeal of the Hobart Act by voters at the general election does not rob the state of prosecuting machinery where there is reasonable ground for action and disorderly conduct procedure is warranted.

There are, he said, ancient laws making it unlawful to sell liquor without a license, and also to sell to minors. It has been contended by some lawyers that the State of New Jersey, in approving the 18th amendment, wiped out all liquor laws. Prosecutor Davis maintains otherwise, and says that only that part of the law giving courts or cities power to license is wiped out. The penalties for selling still remain in his belief, as effective as before.

Another weapon against speakeasies, said the prosecutor, is to be found in the disorderly house law. Any place where the law is broken, and which constitutes a disorderly house, and the owner, operator or lessee can be indicted under the law, if two separate and distinct disorderly cases can be made to stand against the place.

There always remains, said Mr. Davis, the Volstead act and the federal enforcement bureau, at least till the Volstead act shall have been set aside by act of Congress. The U. S. Courts with their picketing power can be invoked where several sales of liquor are established, if there has been no disorderly house shown. The federal courts, he added, had assured him that they would be glad to have the cooperation of all prosecutors of the pleas in New Jersey.

In this manner complaints will not be made to the Ocean county grand jury, but will be taken to the United States District Court for New Jersey.

In cases of stills, breweries, or other manufacturing operations, the federal law is as it has been for generations, making it unlawful to brew or distill unless with a federal permit first had and obtained from the Department of Internal Revenue. The customs law continues to make the run-running on the beaches and in the inlets a crime, and that law too is one of ancient standing. The repeal of the Volstead act would in no wise repeal the federal laws against making or importing intoxicants.

Prosecutor Davis said that in a recent conference with a judge of the U. S. Courts and Commander J. C. Pennington, the federal prohibition enforcement officer for New Jersey, he was advised to carry on as he had been doing, and he was assured that both the federal courts and the enforcement organization would welcome this attitude on the part of the prosecutor, in adding them by supplying information regarding any violation of federal laws. With this understanding and this encouragement from the federal authorities, said Mr. Davis, he planned to keep on as he previously had done in his county.

When it comes to violations of the customs law, smuggling liquor ashore, any officer citizen can arrest, without warrant, for misdemeanor. The penalty for manufacturing without a federal license is a sentence of from five to ten years in a federal prison. Prosecutor Davis also said the repeal of the Hobart act will lessen the cost of carrying on the prosecutor's office, by turning over most of these cases to the federal court for trial. However, he continued, so long as he remained the prosecutor he intended to act against liquor law violators.

## HOFFMAN ADVISES LENIENCY ON LAW

Recommends Educational Campaign in Truck Signalling Device, Opposing Enforcement

Commissioner Hoffman has issued the following bulletin to all magistrates and enforcement officials: "Chapter 127, Public Laws of 1932, effective January 1, 1933, provides that every commercial vehicle operated in the state after that day shall be equipped with a mechanical signal device approved by the Commissioner of Motor Vehicles."

"This measure was not supported by this department, and the legislation is so poorly drawn that it is difficult to interpret. It will likewise be difficult to enforce, and will be accompanied by many problems for the commercial vehicle owners; this department and the various police and judicial agencies of the state."

"No money was appropriated by the Legislature either for the enforcement of the act or for the handling of the heavy burdens of work already loaded upon our department by this measure. 'Commercial vehicle owners are raising serious question as to the necessity of this legislation, and feel that it is imposing an unnecessary financial burden upon them.'

"It is probable that it will be either repealed or greatly modified by the 1933 Legislature."

"There is no doubt that many commercial vehicle owners will have financial difficulty in meeting the requirements of the law. While ignorance of the law is no excuse, you will discover many non-resident operators, especially, actually unaware of its existence."

"Under these conditions I recommend that you confine yourself to an educational campaign in preference to one of strict legal enforcement when instances of operation of motor vehicles unequipped with mechanical signal devices are called to your attention. It will be time enough to insist upon the strict letter of the law if no change is effected within a reasonable time after the Legislature convenes."

## A LINEUP DIFFICULT TO BEAT!

ROBERT MONTGOMERY, MARION DAVIES and BILLIE DOVE, who, with Jimmie Durante, James Gleason and ZaSu Pitts are starred in "BLONDIE OF THE FOLLIES," at the Broadway Theatre next Monday and Tuesday. The most nonchalant of all screen stars, it is frequently said, is Montgomery. He is totally devoid of self-consciousness—the perfect picture of composure. And yet, by his own admission, Robert is in truth a very self-conscious young man. Such an admission should be encouraging to the many who find themselves overcome by embarrassment when the spotlight of attention is turned their way. The Montgomery secret of conquering embarrassment is simply—determination. Watch Robert Montgomery on the screen, in such a picture as "Blondie of the Follies." Notice the jaunty, cynical and almost sardonic air of this Robert Montgomery. That jauntiness is the mask behind which Robert Montgomery conceals his self-consciousness. "Nonchalance is a mask that anyone can wear. When you feel your ears begin to burn don't just go into a shell, but force a smile and an unconcerned manner. When I first came to Hollywood, even though I had been appearing before the public on the speaking stage, I was self-conscious. But I deliberately gave the opposite impression, even at the risk of seeming arrogant—just to seem at ease."

## FREE ADMITTANCE TO RASLIN' SHOWS

Youngsters to Get in With Canned Goods Which Will Go to Charity

Youngsters of Burlington and Camden counties will get a chance to view a full-blooded wrestling match and do some charitable work besides, according to an announcement by Charles Grip, Camden's mat impresario. Grip says that youngsters under fifteen years of age will be admitted free to his "raslin'" shows at Camden Convention Hall Monday evenings, December 12 and 13.

All that a youngster will be required to do is present one or more cans of canned goods in order to gain admittance and see some bang-up wrestling matches.

And the canned goods Grip receives from his young "customers" will be donated to Burlington and Camden county charities.

## STOKLEY 'RAIDERS' FACE JUDGE RIGG

Joseph Valentine, Ex-Innkeeper, Given Suspended Sentence in 'Shake-Down'

Joseph Valentine, 37, former Glassboro roadhouse proprietor and alleged racketeer, "beat the rap" at Mount Holly, last Thursday, when he was given a suspended sentence on a charge of extortion.

He was arrested leaving state prison after serving eight months of a year sentence imposed in Gloucester county for extortion. Brought to Mount Holly, he pleaded guilty before Judge Charles A. Rigg. On motion of Prosecutor Howard Eastwood indictments charging him with impersonating an officer, carrying weapons and assault were nolle prossed.

Valentine and two other men, it was charged, posed as state police in raiding John Stokely's home in Mount Laurel early this year and offered to "fix" it for \$500. Valentine pleaded not guilty before Judge Rigg on April 1 last.

## GOV. MOORE WILL ATTEND BIG BALL

Comptroller McCutcheon Names Six Patronesses from Burlington County

Governor and Mrs. A. Harry Moore and a party of friends will be the guests of Comptroller of the Treasury and Mrs. John McCutcheon at the annual State Charity Ball Masque in the Trenton Armory, Wednesday night, December 14. Mr. McCutcheon is chairman of the ball.

In the interest of economy, the governor will not ask his military staff, in full military regalia, to accompany him. He has also requested Mr. McCutcheon to dispense with dinner that has yearly been given to the governor and his friends by the chairman of the ball. The Governor and Mrs. Moore will lead the march of those in masque costume that always features this social event. Mrs. Moore heads the list of patronesses, women prominent socially and many of them identified with state work.

The ball this year will add the endowment of the room at Cooper Hospital, Camden, that is to cost \$10,000, and provide free treatment for state employees. Previous events of this kind have resulted in the endowment of rooms in McKinley and St. Francis Hospitals, Trenton, and St. James Hospital, Newark, each costing \$10,000. No state aid was ever requested or donated in this work of charity. The sale of tickets accomplished the result.

This charity was inaugurated about nine years ago by former Assemblyman Arthur F. McGrath, who is an assistant to Comptroller McCutcheon. Davis Davies, assistant state auditor and former mayor of Pennington, is treasurer.

Prizes are to be awarded successfully costumed persons in five classes: Original idea, fancy dress, impersonation, comics and clowns. There will be a grand prize for the outstanding costume. Colorful decorations, mystery dances and music de luxe will feature the night's program.

Mr. McCutcheon has named as patronesses from Burlington county: Mrs. George de Benneville Kein, Edgewater Park; Mrs. Albert C. Middleton, Moorestown; Mrs. Clifford R. Powell, Mount Holly; Mrs. Harold B. Wells, Bordentown; Mrs. Elizabeth G. Terry, Edgewater Park, and Mrs. D. C. Wells, Jr., Bordentown.

DEER HUNTERS—TAKE NOTICE!

All deer hunters are invited to attend a meeting of the State Federation of Deer Clubs to be held at Elmer Grange Hall on Tuesday evening, December 13, at 8 o'clock. DO YOUR CHRISTMAS SHOPPING  
IN YOUR HOME TOWN

Do your Christmas shopping in your home town.

The dollar spent here will go just as far as it will elsewhere. All standard merchandise has a standard price. If you seek quality you will find it right here at home at the established price.

But bargains, say some, are offered in greater numbers in the big town shops.

What are bargains? Aren't they generally imitations of a good article manufactured to sell at a low price regardless of quality or service?

All-in-all, it is difficult to save by shopping elsewhere. What you save on one item, you will probably lose on the next, and shopping out of town requires a tiresome trip, dealing with unknown and unsympathetic clerks and jostling about in crowds. All of that is avoided by shopping at home.

And aside from these facts, the courtesy and service, 24 hours out of the day, received from the local man, cannot be measured in dollars and cents. He more than occupies the cold role of "seller". He is your friend and neighbor. He is the man who is behind every worthwhile civic and municipal project. He is the backbone of your town.

Weigh the facts any way you wish and you will find that the scales favor the local business man.

Do your Christmas shopping in your home town—and do it early!

## ANOTHER BUREAUCRATIC GEM

The bureaucratic gem of the month in furtherance of farm relief, or something, is reported by a Washington correspondent: "The extensive research by the Federal government into the possibilities of using gourds for bird houses developed the important information that the size of the gourd also should be in proportion to the size of the bird, for it is useless to invite a larger bird to nest in a small gourd."

## PALMYRA NOTES

Mr. and Mrs. Walter Michell and family, of Montclair, were recent guests of Mrs. Michell's parents, Mr. and Mrs. Levin Wallace, of Cinnaminson avenue.

Paul Burr, the genial H. B. Williams' coal and lumber salesman, has returned to his duties after being confined to his home with illness for several days.

The Ladies' Aid of the First Lutheran Church of Palmyra and Riverton met at the home of Mrs. Weikel, 421 Linden avenue, Riverton, Tuesday, December 6, at 12:30 o'clock. The business session followed.

The executive committee of the Palmyra Parent-Teacher Association held a luncheon at the home of Mrs. Emmett R. Finn, of Garfield avenue, Wednesday afternoon of last week. Members of the committee who attended were: Mrs. J. C. Mallory, Mrs. W. A. McCamy, Mrs. Ira S. Pimm, Mrs. Elias Toy, Mrs. Walter Hansen, Mrs. James B. Mickle, Mrs. Maurice Sandoz, Mrs. Elvin I. Powell, Mrs. O. R. Houchins, Mrs. Fred Beeber, Mrs. A. C. Giberson, Mrs. C. F. Dangler and Mrs. Finn.

The Burlington County Unit of the Young Republicans of New Jersey is planning another dinner-dance to be held at the home of Mrs. Frank N. Johnson, of Morgan avenue. A delightful chicken dinner will be served for the nominal sum of fifty cents. The general public is cordially invited to attend. Reservations must be made by Monday morning. Proceeds from the event will be turned over to the new church fund.

## RECONSTRUCTION FINANCE CORPORATION AND ITS FINE WORK

President Hoover's plans for unemployment relief are bearing fruit in all sections of the nation and must prove enormously gratifying to him who has the cause of humanity so close to his heart. The Reconstruction Finance Corporation, through its loans, reports the employment of many thousands of workers.

In October, it authorized loans amounting to \$194,923,000. The self-liquidating loan section has been responsible for launching 32 projects which have put jobless men to work in widely diversified regions. Down in New Mexico, the Middle Rio Grande Conservancy District has given employment to thousands in the project which is to control floods and develop power and irrigation. The bridge across San Francisco Bay is being started; the Tampa Bay causeway work has already begun.

In reviewing the splendid work of the R. F. C., for which Mr. Hoover is directly responsible, it must not be forgotten that the putting of unemployed men to work is not the only feature of its efficacy. The gigantic projects which it sponsors and finances must buy materials and the supplying of those materials means more money, more men, and more industry.

Industrial concerns that have been idle since the beginning of the depression are on a producer basis again and what with the installation of the "stagger" system, the short-hour day, the five-day week, employment is created to embrace many thousands who would otherwise be idle.

One large manufacturing plant in Pennsylvania alone announced recently that it had, by following the staggered employment system, been able to give work to 7400 men who would otherwise be laid off.

## THE PUBLIC FORGOT

For business men who appear to think the public does not need to be constantly reminded of who they are, where they are, and what they have to sell, the well known story of what happened to a product called Pyle's Pearline will bear watching.

In the early years of this century, Pearline, a cleaning material, was used by most of the housewives of the country. In 1904 the company spent \$500,000 in advertising. Then the advertising was greatly curtailed, and about 1907 it was discontinued altogether, as the company thought the product was so well known that no further advertising was necessary.

Sales fell off rapidly, but the company's owners persisted in their non-advertising policy until 1915, when the whole concern was sold for \$12,000. Pearline was dead.

Many other products whose names were household words a few years ago are no longer sold, because the manufacturers failed to keep up their advertising, and consequently the public forgot them.

Business men should remember that new generations of potential customers are coming along all the time, and that these new buyers must be sold on a product or a store, as their fathers and mothers were before them.

The only time it is safe to stop advertising is when one is ready to go out of business.

RIVERTON TRIMS  
HOLLAND, 27 TO 0

Kaskey's Eleven Runs Roughshod Over Camden Team at Memorial Park

Perhaps it was the success of their card party, or the weather, but more than likely it was the intensive training given them by Coach Kidder Kaskey, that made the Riverton A. C. score such a decisive victory over Holland A. C. of Camden, Saturday afternoon at Memorial Park.

Bill Phalen led the scoring column with two touchdowns and five credits. Joe Yearly and John Patterson accounted for the other six-pointers for Riverton. Borden, Perkins and Patterson each scored a successful dropkick for the extra point.

The feature of the game was made by Patterson, Riverton's center, who broke through the Holland line, blocked a kick and caught it at the same time and then streaked down the field for a touchdown.

Ziggy Sox and Junis sparked for the defeated Holland team.

NICK LUTZE WILL  
MEET MALCEWICZ

Roebuck, Mazurki and Sherry On Camden Armory Card Thursday Night

Another brilliant galaxy of heavyweight wrestlers are scheduled to appear in Thursday night's wrestling show at the Camden Armory, Haddon avenue and Mickle street.

Bert Potts, matchmaker of the Twin City Sporting Club, has matched Nick Lutze, of St. Louis, and Joe Malcewicz, of Philadelphia, in the future bout of 90 minutes, two out of three falls.

Lutze always has been one of the best drawing cards in this locality. Malcewicz never has been pinned on Camden canvas, while Lutze has dropped only one match in Camden. Thus the forthcoming battle between this pair is a natural in every respect.

Tiny Roebuck, giant Haskell Indian who drew with Charley Strack, former Colgate star, last Thursday night, comes back to clash with Dr. Freddy Meyers, of Chicago, in the 30-minute limit. The outcome is a matter of conjecture. In three previous bouts, Freeman twice has been knocked out after falls from the ring and was disqualified for kicking.

Herbie Freeman, New York Hebrew, clashed with Mike Mazurki, champion Polish youngster who glittered in both basketball and football for Manhattan College, in the third bout of 30 minutes. The outcome is a matter of conjecture. In three previous bouts, Freeman twice has been knocked out after falls from the ring and was disqualified for kicking.

Jack Sherry, of Columbus, Ohio, whose disposition is like that of an enraged tiger, also makes a return appearance in the second bout. Sherry is listed to go to the mat with John Kobush, of Poland, in a 30-minute tussle. Joe Montana, of Camden, and Wong Bock Cheung, of China, mingle in the 30-minute opener. One fall will decide all three preliminaries.

Ladies accompanied by escorts will be admitted free!

BISHOP URBAN WILL  
CONFIRM LARGE CLASS

The Rt. Rev. Ralph E. Urban, D.D., Bishop Suffragan of the Diocese of New Jersey, will visit Christ Episcopal Church, Sunday, December 11, at 4 p. m., when the Rev. Daniel G. MacKinnon, S.T.D., rector of Christ Church, will present a large class to the Bishop for confirmation.

Bishop Urban, who has been Dean of the Cathedral of the Diocese of New Jersey, was consecrated Bishop on November 11, 1932 at Trinity Cathedral, Trenton. Palmyra extends a hearty welcome to the new Bishop of New Jersey.

## PHILATHEA LUNCHEON

The Philathea Class of the Central Baptist Sunday School will hold a tea room luncheon Tuesday at the home of Mrs. Frank N. Johnson, of Morgan avenue, Palmyra.

An excellent chicken dinner will be served for the nominal sum of fifty cents. The general public is invited to be present.

Reservations must be made on or before Monday morning through Mrs. Johnson or any member of the class.

The event is being given for the benefit of the new church fund.

Buoh's Pros took Evans' coal heavies for the limit, Jack Metzgar of Buoh's rolling two 200 games.

Jensen's washed Belts for two games, Belts coming back to win the last game.

## RIVERTON SCHOOL

On November 30 the boys of the Riverton first and second soccer teams played two games with the Westfield and Moorestown Friends' schools. The lineup for the first team was as follows: Leonard King, captain; J. Burns, E. Butlers, H. Reynolds, J. West, D. Kline, C. Watson, S. Barker, B. Shoemaker, J. Young and H. Weber. The second team lineup was: R. Dunlap, captain; D. Rader, R. Gowell, J. Logan, G. Devitt, T. Vile, B. Hammetman, F. Freeman, J. Knight, J. Willis and G. Troutman.

The first team and Moorestown were so evenly matched that the score remained 0-0 all through the game. There were some brilliant plays made, but both goal tenders prevented their opponents from scoring. The second team which played Westfield Friends won with a score of 2-1. Tyler Vile, with the aid of the team, kicked both goals. Donald Rader's playing was also outstanding.

The first team has had two other games this year. One was with the Alumni, which the Alumni won with a score of 1-0. The other game was played with Cinnaminson. This game was also won by Riverton. The winning point of this contest was made by Leonard King.

The boys of both soccer teams have enjoyed their practice games with Mr. Bank, and have shown real sportsmanship and enthusiasm in their competitive games.

Pinkie Gardner, Lighthavy Champion  
Meets Carl Van Wurden, Canadian King,  
Monday Night in Camden Mat Feature

Close upon the heels of the Jim Londos-Davis court championship bout, in which the wily Greek nearly murdered the tough one from California, Promoter Charles Grip, Camden's mat mogul, has lined up another championship match for next Monday night, this time for the light-heavyweight crown, when Pinkie Gardner meets Carl Van Wurden, Canadian titleholder. Promoter Grip had planned to put on this match last Monday night, but while Gardner was available, no suitable opponent could be located. Accordingly, Grip called off everything for that night and forthwith set the wires buzzing to put on a hot card for the 12th.

To Halifax, to Columbus, to Little Rock, all the way to Hollywood, Grip reached out with phone and wire, and as a result of his labors here is what happened: Carl Van Wurden, light-heavy champion of Canada, will leave Halifax; John Kilonski will embark from Columbus; Johnny Carlin from Little Rock, and Joe Banaski from Hollywood, all in time to be in Camden on Monday, the 12th.

Also, from Buffalo, will come Joe Campbell, and from Cincinnati Ray Carpenter will journey eastward to be present at the same occasion. What a line-up—the world's light-heavy champion, two former title-holders (Kilonski and Banaski), and three leading contenders, Carlin, Campbell and Carpenter; also Mike Thomas, a rising Greek light-heavy, and Van Wurden, the Canadian boss.

They will be sorted and matched in order to present the best possible card, and with the further purpose of beginning a light-heavyweight tournament to develop the most logical contender for Gardner's crown. Tentatively, Gardner will square off against Van Wurden, who has been waging a most successful campaign during the past several months. This will be over the 90-minute route, best two out of three falls to win. Joe Campbell, the Buffalo speed merchant, will face ex-champion Banaski in the 45-minute semi-final, which will be the first Eastern bout for the Fole since his battle here with Joe Kogut some ten months ago.

Shortly after that scrap, Banaski betook himself to the West Coast, where he has waged a most successful campaign in an endeavor to come back and relieve Gardner of the troubles and worries which accompany the wearing of the title belt. Grip is pitting him against Campbell in an attempt to determine just how capable he is at this time and upon the outcome of that match will depend the further progress of the Polish ex-king.

Kilonski, a well-known quantity, will meet the newcomer, Ray Carlin, of Ohio, who holds victories over practically every important man in the division, while Carlin, also no stranger hereabouts, will tangle with the up and coming Greek, Mike Thomas.

## WESLEYAN MEN'S BIBLE CLASS

The Wesleyan Class was entertained last Sunday by Paul Grant and the Sinclair sisters, of Collingswood, who rendered vocal and violin selections at the opening and closing of the meeting. The attendance last Sunday was 102. The average attendance for the month of November was 109. A nominating committee was announced, which will choose candidates for the several offices for next year.

COUNTY G. O. P. CLUB  
TO HOLD CARD PARTY

The Burlington County Republican Club will hold a card party December 13th in the Royal Pinkerton Hall, Mount Holly. A portion of the money received will be donated to the social work of the Burlington County Hospital. The rest will be used to purchase children's shoes for the needy. The buying and distribution of the shoes is under the direction of Miss Reba Troxell, county treasurer. Last year, this same plan proved so successful that the club decided to continue it this year.

AMUSEMENT CENTER  
FOR SEASIDE HEIGHTS

A new amusement center will be in operation at Seaside Heights when the new season opens next summer. An amusement company has taken over the plot of ground between Grant and Sherman avenues, known as the Larkin tract, to be used for this purpose. It is intended to install modern amusement equipment which will make the new attraction one of the features of the boardwalk.

## IN CHANCERY OF NEW JERSEY

To Joseph Rochester:

By virtue of an order of the Court of Chancery of New Jersey made on the day of the date hereof, in a cause wherein Cinnaminson Building and Loan Association of Riverton, New Jersey, is complainant, and you, and others, are defendants, you are required to appear and answer the bill of said complainant on or before the 17th day of January, 1933, or the said bill will be taken as confessed against you.

The said bill is filed to foreclose a mortgage given by Albert McCombs, widow, to Cinnaminson Building and Loan Association of Riverton, New Jersey, dated May 21st, 1929, recorded in the Office of the Clerk of Burlington County in Book No. 236 of Mortgages, page 74, upon lands and premises situate in the Borough of Riverton, in the County of Burlington and State of New Jersey, more particularly described in said mortgage.

And you, Joseph Rochester, are made a defendant because you recovered a judgment against the said Albert McCombs, and others, and by reason thereof have a lien upon the mortgaged premises.

# THE NEW ERA

Vol. 44, No. 49.

RIVERTON, NEW JERSEY, THURSDAY, DECEMBER 15, 1932

PRICE, FIVE CENTS

## NEW TRAINS START MONDAY

Direct Train Service to Broad Street Station via Delair Bridge Welcomed

On Monday, December 19, the Pennsylvania Railroad Company will inaugurate its new train service to Broad street station, Philadelphia, via the Delair bridge. This will mark the beginning of high-speed train service for riverfront towns without the bother and inconvenience of several transfers to reach the heart of Philadelphia.

The first train leaves Riverton at 7:47 and Palmyra at 7:50 and is the only direct train to or from Philadelphia until evening when the same train leaves Broad street station at 5:13. The running time between Broad street station and Riverton is 33 minutes. Stops are made at Thirtieth street and North Philadelphia on the Pennsylvania side of the river.

The rates are comparable favorably with other methods of transportation to Philadelphia and especially so on commuters' trip tickets.

Other stops on the Jersey side include Palmyra, Riverside, Beverly, Burlington, Roebling, Bordentown. This change in route requires no additional rail construction work by the railroad. Going toward Philadelphia, the train curves to the left at Morris into the switch now used by the Nelly Bly on its trip to Atlantic City. Once on this long switch the train curves right again near the Delair station and proceeds up and over the bridge into Philadelphia.

It has been intimated by railroad officials that if the new train is sufficiently patronized by commuters in the riverfront towns, the service will be augmented by additional trains. Such increased service would make transfers for trains north, south and west, convenient and with a minimum loss of time.

Persons now holding trip tickets into Camden may exchange them at their local station with payment of the existing fare difference. Tickets now held for the Camden line will not be good on the Broad street station line, but tickets for the Broad street station line may be used on the Camden line.

A complete schedule of stations with times of arrival and departure of train, as well as a complete price list for tickets is contained in a Pennsylvania Railroad advertisement in this issue.

The railroad company will operate steam trains with steel coaches over newly established line.

## RIVERTON RELIEF NEEDS MORE FUNDS

Early Contributions or Pledges Requested By Committee In Charge of Funds

The drive for funds for the Riverton-Cinnaminson Welfare Association has already produced fine results, but we have not yet reached our goal of five thousand dollars which is needed. It is hoped that the response will be sufficient so that no further requests will be necessary. The Association does not wish to continue asking, and sincerely hopes that all those who intend to contribute will do so now. The number out of work is not decreasing and the demands on the Association will be equal to last year's or greater.

The response already has been most encouraging as the following list of contributors indicates:  
Needlework Guild, Teachers in Riverton Public School, Porch Club, Rumage Sale, William H. Taplin, Mrs. E. V. Bertram, Blanche L. Early, Joseph Beck Tyler, P. F. Neukirk, Mr. and Mrs. J. L. Schmierer, W. L. Rogers, Miss Jane P. Rushmore, Miss Emma B. Wallace, Everett O. Wolcott, H. M. Kleckhefer, Miss Emma B. Stranahan and friend, S. V. Ackerman, A. C. Wood, Jr., W. W. Smith, B. R. ## RIVERTON SCHOOL CHRISTMAS PARTY

Parents and Friends Invited On December 23, Visit From Santa Claus Promised

The annual Christmas party for the Riverton Public School will be given on Friday morning, December 23rd. The classes from the Kindergarten through third grade will have their entertainment at 9:30, and the upper grades at 11 o'clock. Parents and friends are cordially invited to attend either or both parties.

The children and teachers are co-operating with the Parent-Teacher Association to make it a delightful event.

Under the direction of Mrs. Gillman, members of the Art Club have made a linoleum block print for the invitations, especially appropriate as the school is depicted in the design.

Miss Lippincott is in charge of the entertainment to be given by the upper grades and Miss Rothbert of the lower.

Santa Claus has promised to drop in with something good in his pack for each child.

## RIVERTON PORCH CLUB ACTIVITIES

Welfare Committee of Club Asks for Donations for Christmas Baskets

One of the most active committees of the club continues to be that of social service. More help than ever is needed to meet the added demands of this winter. Friday, December 23rd, will be donation day for the welfare department, when contributions for the Christmas baskets will be received at the club house, and baskets will be filled and distributed to the needy and worthy families in the community.

### Christmas Program

On Tuesday, December 20th, at half after two o'clock, at the club house, there will be a special Christmas meeting of the club members. The program will include the singing of Christmas carols by the club choir, and Mrs. Henry Wallace Shreve will give Christmas readings.

### Junior Group

Last Monday evening the Juniors held their Christmas party at the home of Mrs. John Douglas Clark, chairman. There was a short business meeting at which time the girls reported a sum of fifteen dollars was netted from their sale of Dairy-Maid candy and it was voted to donate five dollars towards the Christmas baskets. The remaining amount to be used for their own welfare work. Preceding the social hour the girls filled ninety-six Christmas stockings to be sent to the State Colony at New Lisbon.

On Tuesday evening, December 27, the Juniors will give a dance at the club house, and their regular meeting in January will be given over to the discussion of International Relations, the speaker to be announced later.

## CONFIRMATION AT CHRIST CHURCH, RIVERTON

On Sunday morning, December 18, the Right Reverend Paul Matthews, D. D., Bishop of New Jersey, will visit Christ Church, Riverton, and administer the Sacrament of Confirmation. Bishop Matthews will also preach at the same service, which will be at eleven o'clock.

### CHANGE IN VOTING DISTRICTS

At the meeting of the Riverton Borough Council last Thursday night, a resolution was passed taking part of the territory heretofore contained in the second polling district and placing it in the first district. This divides more evenly the votes in the two districts, and obviates the necessity and attendant expense of creating a fourth district.

### A MOTHER'S PRAYER

Dear Father: Hear my prayer, Thou hast taken from me my beloved son. God grant that I have not made the supreme sacrifice in vain, but that in giving up my son, other souls may turn to Thee that they, too, may be ready at a moment's call.

Thou who knowest all, knowest how I welcomed this little child into my arms. I thank Thee, dear God, that for sixteen beautiful years I was privileged to guide his soul. I now return him to thy gentle arms.

### MOTHER OF JOSEPH

who died December 10, 1932, that others might live.

## CRASH FATAL TO HIGH SCHOOL BOY

Joseph J. Siddall, Jr., Dies When Car Upsets; Three Others Injured

Joseph J. Siddall, Jr., 16-year-old high school student, was killed Friday afternoon in an automobile accident which occurred on the curve of the Moorestown-Riverton road near the Groves estate, just beyond the Riverton borough limits.

The accident happened at 2:45 p.m. when Siddall, Joseph Brunt, age 15, and Thomas Coe, age 16, were being driven home from the Moorestown Friends' High School by Walter Hirst, age 18, in a Chrysler sedan owned by his mother.

The sedan in rounding the curve left the road and struck a large tree close to the edge of the highway. The car is supposed to have turned over twice, landing in an upright position on the opposite side of the road.

Hirst and Siddall were rendered unconscious by the impact. Recorder Cecil A. Bowers, who was among the first to reach the scene of the accident, placed the two injured youths in his car and took them to the Zurburg Hospital in Riverside.

Siddall died enroute to the hospital without regaining consciousness and was pronounced dead by Coroner Cunningham. Hirst did not regain consciousness until twenty minutes after being admitted to the hospital. Brunt and Coe were treated for cuts and bruises by Dr. Harry L. Rogers and Dr. Imhoff and sent to their homes.

Walter Hirst suffered from shock and numerous friction burns about the head and body. He was brought home from the hospital Sunday evening in the Palmyra ambulance. He is still confined to his bed.

Funeral services for young Siddall were held two o'clock Monday afternoon from the Snover Funeral Home, Palmyra, with the Rev. Charles J. Bates officiating. Interment was made in the Lakeview Memorial Park. A troop of Boy Scouts formed a guard of honor and a large delegation of Moorestown Friends' High School students were in attendance, as well as a host of friends.

Joseph is survived by his parents, Joseph J. and Harriet J. Siddall, and an older brother, John Siddall, of 404 Lippincott avenue, Riverton.

Walter Hirst is the son of Mr. and Mrs. Harvey L. Hirst, of 707 Main street. Joseph Brunt is the son of Mr. and Mrs. T. Bayard Brunt, of 404 Eighth street, and Thomas Coe is the son of Mr. and Mrs. Gilbert A. Coe, of 706 Thomas avenue, all of Riverton.

## GIFT SHOPPE OPENED BY MRS. H. W. MORRIS

Mrs. Hester W. Morris, well-known Palmyra woman, has opened a Gift and Novelty Shoppe at 207 East Broad street, Broad and Morgan avenue, Palmyra.

Mrs. Morris will have on sale all sorts of useful and novelty gifts such as Christmas blankets, toys, table linens, bridge prizes, lamps, military brushes, pottery, etc.

This new shoppe is now open for business and the patronage of the townspeople will be greatly appreciated by Mrs. Morris.

### Mrs. Frederick W. Riddell

Mrs. Frederick W. Riddell (Bertha Lohrop) died at her home, Hartsville, Pa., Tuesday, December 6.

Mrs. Riddell was the daughter of David Lohrop, and for many years a resident of Riverton, living at Fourth and Main streets. She was a commercial photographer and considered one of the best retouchers in the country. Mrs. Riddell is survived by her husband and two daughters, Beatrice and Eleanor.

Funeral services were held Friday, December 9, in Hattboro, and burial was made in Morgan Cemetery, Palmyra.

### John George Friday

John George Friday, 77 years old and lifelong resident of Bridgeport, died suddenly at his home Friday morning. Mr. Friday served as tax assessor for Delran Township for 21 years, and was re-elected in November for another term.

Funeral services were held from his home on Main street Tuesday afternoon with the Rev. H. J. Buga officiating. Interment was made in Odd Fellows Cemetery, Burlington.

Mr. Friday is survived by his widow, Emma H., and seven children.

### NEW LIBRARY BOOK

An interesting book, "Baha'ullah and the New Era", giving the historical facts concerning the Baha' Faith, and also many of its teachings, has recently been added to the Riverton Free Library. The Baha'is of America recently sent a copy of the book to the library, by Mrs. Keither Ransome-Kehler, Vassar graduate, of New York City, that the ban on the entry of Baha' literature into Persia be removed. Shah Pehlavi rescinded the action of the previous Shah and granted entire freedom of the Baha' literature. The martyrology, which marked the rise of the Baha' religion in Persia, has also come to an end under Shah Pehlavi's firm and enlightened rule. At present the Persian Baha' is not only enjoying full civil liberty, but have constructed houses of worship in Teheran and other cities.

## THE PEOPLES COLUMN

### A Royal Welcome

Your special edition December 9, featuring the announcement by Pennsylvania Railroad officials that direct all-rail service between Broad Street Station, Philadelphia, and river-front towns in New Jersey will be inaugurated Monday next, thrilled many patient souls that had nurtured the hope for years, that they might come when the inconveniences of present modes of travel would no longer be compulsory.

From the hope that "emancipation" will truly arrive by reason of a greatly augmented service beyond the present two trains per day allotment, it must be borne in mind that this attainment will depend largely upon Rivertonians and other localities served.

Patronage is the only lever that will warrant an extension of service, and the energetic initiative of your paper in disseminating the glad news, by special carriers locally and through the Union News Company elsewhere, contributed toward the end essential to success.

It, in addition to the commendations by his Honor the Mayor, the Country Club, the Porch Club, the Civic Association, the Palmyra and Riverton Rotary Club together with the endorsement signed by a group of representative citizens and those who through advertising space contributed in establishing the foundation, our citizens will lend their further aid by organizing a gala day demonstration to welcome the first through train, 7:47 a.m. on the 19th inst., with display of flags, ringing of bells, sounding of sirens, and a large assemblage on the station platforms, including school children, the railroad management will realize that a popular move has been made, and that lost traffic can be regained.

Adequate direct transportation by rail to Philadelphia will greatly increase the desirability of residence in Riverton, and this will be reflected in better and sounder real estate valuations.

The opportunity is here. What shall we do with it? Respectfully submitted, Interested Observer.

## DANGEROUS ROAD CONDITION FIXED

Burlington County Freeholders Mark Road at Ocean County Line

The Burlington County Board of Freeholders, at their regular meeting last Friday, received a communication from the Ocean County Board of Freeholders regarding the road conditions on the shore road between New Lisbon and Manahawkin at the county line.

Early this fall five persons lost their lives at this junction of the Ocean and Burlington county roads. The situation is that when construction on the new shore road was started in Ocean county the old road was laid so that the new road in Ocean county meets the Burlington County road in such a manner that cars traveling in opposite directions at this point may each be on their right side of the road, but they will meet head-on because of the offset.

In order to protect travelers and prevent accidents, the Board of Freeholders Charles R. Stout has had caution signs placed at this point and also a white line painted on the road to warn motorists of the improper road junction.

At the suggestion of Solicitor Harold B. Wells the Burlington County Freeholders will answer the Ocean county letter. Mr. Wells said he felt that as long as Ocean county officials had taken it upon themselves to change the road lines without consulting the Burlington County Board, this Board was justified in writing the neighboring county to the effect that Burlington county was not responsible for the road conditions at this point.

### Sen. Powell Asks Advice

A communication was received from Senator Clifford R. Powell regarding present mandatory legislation detrimental to municipalities and counties in making out their budgets. The senator said he would welcome suggestions as to what laws should be repealed and what new legislation is desirable for best conduct of government. It was decided the Board as a whole should act as a committee to confer with Senator Powell on this question.

Sheriff George N. Wimer sent a letter to the Freeholders requesting that Fred Lippincott, Joseph Fleetwood, Atwell Wright and Mrs. Colinda Snyder be put on the payroll for his office.

The following departmental bills were ordered paid: Finance, \$1,512.68; roads, \$8,623.39; bridges, \$10,449.26; buildings, \$9,337.80; affairs, \$19,390.63.

### PLANTS FOR CHRISTMAS

Henry A. Dreer, local nurseryman, are advertising an attractive list of plants for the Christmas holidays. These plants are specially priced for holiday shoppers and include such varieties as the Boston and Bird's Nest Fern, Rubber Plants, Medicea Cactus, Norfolk and Screw Pines, Sword Plant and the Phoenix and Chinese Fan Palms.

These plants are grown in the Riverton nursery and can be seen during business hours.

## RIVERTON P. T. A. STARTS MEMORIAL

Tribute to Miss Hannah H. Chew Opened With 24 Selected Books

On November 21 a vote was taken by the Riverton P.T.A. for a memorial in honor of Miss Chew, former supervising principal of the Riverton public school. It was definitely decided to start a library which will contain books for the children, to be used under the supervision of the teachers. The P.T.A. started this library with twenty-four books of various types. The Riverton School donated the "World Book," which contains twelve volumes. This library is the first of its kind in Riverton public school. The books will be kept together in the upper hall, and more books will be added each year. "Patriotic Stories for Children" is the name of the book which the American Legion gave to the school, which also will be added to the collection of books.

### Talk on Aeroplanes

On November 9, Mr. Bendon from the Philadelphia Model Aeroplane Association, came and gave a delightful talk on model aeroplanes. He demonstrated model aeroplanes to us. Some of the models that he brought with him were: Baby R.O.G., Tractor R.O.G. and the Commercial plane. Balsam wood and Japanese silk tissue paper are the materials which are used for construction of the models. Balsam wood is as light as cork and has as much strength for its weight as ash. Mr. Bendon also brought with him the compressed air motor and a one-cylinder gasoline engine. The engine was invented by a boy, who worked two years to perfect it. The children enjoyed both Mr. Bendon's talk and seeing the aeroplanes fly about the auditorium. They hope he will visit the school again soon.

### Honor Roll for Citizenship

When the report cards were distributed to grades 4 to 8 the following people were on the Honor Roll for satisfactory citizenship:  
Grade 4—Mabel Isgrigg, Gene Stover, Margaret Shockock, Jerry Michener, Dorothy Wolcott.

Grade 5—Elizabeth Meyers, Robert Dunlap, Marie Haines, Robert G. Well, Doris Steedle, Eleanor Friday, Helen Naylor, Christine Riddle, Betty Baker, Adele Conwell.

Grade 6—Gertrude Gray, Yvonne Fenington, Marie Zimmerman, John Knorr.

Grade 7—Jimmie Brown, Mary Jane DeCoursey, Helen McFadden, Mary Webb.

Grade 4—Mary Jane Donaghy, William Mitchell, Frederick Ulmer, Sara Williams, Dorothy Cooper, Alice Watson, Jack Longstreet.

### ROTARY MEETING

Joseph T. Evans Has Perfect Attendance Record for Six Years; Birthday Last Week

Palmyra-Riverton Rotarians were interested to learn last week that five out of the last six meetings were 100 per cent attended. Only one member was absent this week, and he is on a trip to Florida where he expects to be able to make up his absence.

As is the Rotary custom, a rose was presented to Joseph T. Evans in remembrance of his birthday, and attention was called to the fact that he has had a perfect attendance record throughout the six years of the club's existence. He was a charter member, and his faithfulness sets a fine example.

The program for the evening was a board meeting. The minutes were read and adopted and various letters were called to the club's attention. They included appeals for funds from several agencies which were turned over to the finance committee. Individual club members from both communities will contribute to the Christmas baskets. The treasurer reported the club solvent and able to continue for the next half year.

The annual boys' Christmas party will be held on Thursday, December 22nd, including suitable entertainment and practical gifts. It is expected that a minimum of 48 boys, 12 years of age or under, will be the guests of Rotary.

A resolution commending the Pennsylvania Railroad for starting direct service to Broad Street Station in Philadelphia on December 19th, and pledging the support of Rotarians to the project, was passed. The sentiment of the club as expressed elsewhere was heartily in favor of the plan.

### TICKETS \$3.00

The Palmyra Woman's Club held a card party in Society Hall, Palmyra, last Monday afternoon for which a \$3.00 admission charge was made.

The party was well attended and considered a success by all those who were present—but it only took \$3.00 worth of Red Arrow money to buy the tickets—hence the fine attendance.

Prizes and refreshments were also included in the admission charge.

The club is working hard in competition with about fifteen other organizations to store up money for the "Gold Rush" to be held in the latter part of January.

The Club plans to hold more of these parties immediately following the Christmas holidays.

## CHARITY BALL TO BE HELD IN CAMDEN

Thirteenth Annual Event on December 28 Will Be Brilliant Affair Rivertonians Assisting

About 2200 invitations to the Thirteenth Annual Charity Ball were mailed out last week by Mrs. Charles P. Walnut, of Moorestown, who heads that committee. The ball, which has been dated for Wednesday evening, December 28, will be held, as usual, in Convention Hall, Camden, where a myriad of lights and Christmas greens will be hung to lend a holiday atmosphere to the occasion.

Mrs. Walnut, who is being assisted by Mrs. Ralph B. Boyer and Mrs. William Chalmers, both of Riverton, is requesting that acceptances be in the hands of the committee before December 18.

About one hundred boxes are to be erected this year again, reservations for which are being made through Mrs. Edward C. Pechlin, of Haddonfield.

Edward Lanin is to furnish continuous music for dancing from nine until two o'clock, with a promenade concert preceding from eight-thirty until nine o'clock. Supper will be served at eleven o'clock.

## VOTING DISTRICT CHANGE PROPOSED

Riverton Borough Council May Rearrange First and Second Districts

The Riverton Borough Council at its regular meeting, Thursday evening last week, entertained and passed a resolution suggested by Mayor Killam E. Bennett regarding the division of election districts in the borough.

In speaking on the resolution the mayor said that in his opinion it was only fair to the election board of the second district that part of their territory be incorporated in the first election district, as there were considerably less registered voters in the first district than in the second.

This change in the voting districts involves approximately 181 registered voters. The registered votes in each district were: First, 384; second, 729; third, 517. In the recent presidential election the number of votes polled in each district was: First, 314; second, 629; third, 437.

The resolution to change the voting districts is as follows:

### Division of Election Districts

Whereas, Chapter 187, P. L. 1930 (revision of the election laws), reads as follows: "Whenever at any presidential election the number of votes cast, over six hundred or less than two hundred and fifty votes shall have been cast, the body of the municipalities in counties other than counties of the first class except as hereinafter provided, wherein such election district shall be, shall redivide the boundaries of such election district and effect the change so that none of the election districts affected shall have more than five hundred and fifty or less than two hundred and fifty registered voters; and for this purpose shall have power to consolidate any number of districts and subdivide the same, and in redistricting the election districts in counties having a population of less than sixty thousand which as heretofore provided may contain seven hundred voters, a like procedure shall be followed";

And Whereas, at the last general election held the eighth day of November, A. D. 1930, there were six hundred and twenty-nine votes cast in the second election district;

And Whereas, at the last general election there were only three hundred and eighty-four registered voters in the first election district;

Therefore Be it Resolved, that a portion of the said second election district be placed within the first election district and the boundaries of the said election districts be as follows: First Election District—All that portion situated east and west of the Pennsylvania railroad and bounded by the following streets: Borough line from Main street to Pompano creek, to Bank avenue, to Penn street, to Third street, to Church Lane, to Fourth street, continuing through Church (Continued on page 2)

### ANNOUNCEMENT

The New York Madrigal Society, a philanthropic organization founded in 1920 by Marguerite Potter, possesses a unique plan by which the younger artist—singer, instrumentalist and dancer finds the way opened to a New York debut, professional in every detail, but without the usual expense. A booking department, which collects no commission and a scholarship fund which sponsors the education of vocalists and instrumentalists are part of the service given to those who wish to take advantage. Application blanks may be secured from the secretary at 817 Steinway Hall, New York City.

### THE CHRISTMAS BASKETS

There are a number of families in Riverton and Cinnaminson to whom the Welfare Association must send a Christmas basket. Please phone early to Mrs. Murray C. Boyer, 50-R, or Mrs. Joseph B. Tyler, 414, what your donation will be to the baskets, thus avoiding confusion in purchasing articles for them. Donations of money, tea and coffee or canned goods (except canned tomatoes) will be much appreciated.

## TO PROVIDE FOR NEEDY CHILDREN

Teachers of Cinnaminson Township Schools Organize to Help Pupils

The Teachers' Welfare Association of Schools 2 and 4 in Cinnaminson Township was organized recently after the faculty of both schools had carefully studied conditions in the township. At their first meeting, the teachers unanimously agreed to pledge a certain percentage of their monthly salaries for welfare work in both schools. A committee was appointed to make further investigations as to existing conditions, and to suggest a schedule of deductions in salaries; also to suggest most vital ways of spending the money. They decided to build up malnourished children by a milk diet, cod liver oil, and proper rest, and to provide lunches and breakfasts to needy youngsters. They also arranged for dental work and tonsil operations among needy children.

These suggestions were accepted by the Association and, through the co-operation of the school doctors and district nurses, a thorough medical examination was given each child in the system and proper classification was made. The undernourished children were immediately put on the cod liver oil and milk diet.

Each day these children go to the medical room at nine o'clock, where the nurses give the cod liver oil. At ten o'clock, eighty are served milk and graham wafers or proper supervision. At the lunch hour, these children again receive a bottle of milk. The milk is delivered to school No. 4 and the same plan of service is carried out in that building. The Millside Dairy is cooperating with this Association and is giving a reduction of twenty per cent.

At present, a number of children who are unable to provide lunches, are receiving hot lunches free each day. A great change is seen already in the type of work being done by these pupils which proves that physical well-being contributes to mental fitness.

A rest period in the open air is given daily to those who need it, and this, too, is proving to be very beneficial.

Eight children have had their tonsils removed at the Zurburg Hospital in Riverside, and twenty-eight others are to undergo the same kind of operation. Through the assistance of Dr. Downs and Dr. Rogers, the operations performed have been done at a low cost. The splendid cooperation of the hospital in keeping costs down to merely include laundry, etc., is greatly appreciated. We have learned from such generosity how willing people are to serve.

Next week, Dr. Ludlam will start the dental work and this should greatly aid the health of the children. Through the sincere efforts of all who are connected with this Association, and those who are lending assistance, it is hoped that much suffering will be alleviated, and that education for citizenship in our district will be increased, because the "whole" child will be better equipped to cope with life. And who doubts that this business of living is complex in this year of 1932? We need sound bodies, clear heads, and emotionally stable nervous systems. Health is the primary obligation and opportunity of those who believe that children are the one imperishable asset of a world in turmoil.

We wish to make personal acknowledgment of appreciation to the following:

Dr. Harry L. Rogers, Dr. Robert Imhoff, Dr. R. A. Downs, Miss Carolyn Cook, Miss Helen Blair, Dr. Earl G. Ludlam, Mrs. Newbold Cooper, Zurburg Hospital, Palmyra, Extension Civic Association, Millside Dairy.

The officers of the Association are: President, Mrs. Esther F. Giblin; chairman, Mrs. Sara S. Clark; treasurer, Mrs. Eleanor J. Young, secretary, Advisory Committee: Miss H. Eloise Bryan, Mrs. Dorothy Evert, Mrs. Alice Terry, Miss Eleanor Rush.

### WIFE BEATER JAILED

Stuart Booker, East Riverton, was arrested 4:30 Sunday afternoon by Officer Dorworth of the Cinnaminson police on charges of assault and battery brought against him by his wife, Mary. Booker admitted having administered a beating to his wife on Friday night, at which time he blackened her eyes and broke her nose. At a hearing before Recorder Cecil A. Bowers, Booker was released on \$500 bail for a hearing before the grand jury in Mount Holly.

### Community Christmas Carols

What is it that from year to year, to young and old, brings the imperishable Christmas spirit?

Not gifts, though they express our love; not Christmas trees, whose brilliance quickly fades; not holly, whose bright berries wither—but the Christmas carols, whose words grow dearer with the years, and whose melodies stir our heart with memories and with joy. We cannot sing them too often.

What could be happier than to sing the familiar carols on Christmas Day? One big chorus of young and old, the town gathering at the

## TAX ASSOCIATION TOLD HOW COSTS MAY BE REDUCED

Work Accomplished in County  
and State Explained by  
Speakers

### STAGGERING TOTAL OF TAXES UNPAID

People Themselves Much To  
Blame for Burdens Perin-  
chief Says

An interesting meeting, attended by a representative group of citizens, was held by the Palmyra Taxpayers' Association in the High School Auditorium last Thursday evening.

A. R. Elverson, Executive Secretary of the State Association, was the first speaker. He presented an imposing array of facts and figures to prove the seriousness of the tax situation throughout the state. The total state county and municipal debt in New Jersey is now one billion one hundred and fifty million dollars.

In 1920 unpaid taxes amounted to seventy million dollars. In 1932 the total had risen to one hundred million. The total tax levy in the state is \$450,000,000 and about one quarter of this is at present unpaid.

#### Will Make Surveys

Mr. Elverson outlined the services which the state tax association offers, which includes the making of surveys and recommending ways and means of reducing taxes. Such a survey is now being made in Ocean City.

Morris Perinchief, of Mount Holly, was the next speaker. He described the kind of work being done throughout the county and emphasized that the association does not assume an antagonistic attitude toward the officials.

Mr. Perinchief said the people themselves are really to blame for high taxes more than the politicians and many of the present burdensome expenses were incurred before the present list of officials were elected. It is up to the people to cooperate with the men now in power to bring taxes down.

#### Salaries Are Reduced

The speaker told how the association had been able to induce all county officials to accept a 10 per cent reduction in their salaries beginning July 1, despite their refusal to do so last January. He also said the demand that the county officials quit using high priced cars was at first refused, but he noticed the new cars now being purchased were all of the lower price class.

Among the methods of reducing town expenses suggested were reducing the number of street lights used and cutting down the cost of the police departments.

The Taxpayers' Association is anxious to have as large a membership as possible, because in numbers there is strength, especially in the eyes of the politicians.

#### Budget Committees

The Palmyra Association has appointed committees to meet with Borough Council and the Board of Education in reference to next year's budgets and with Riverton and Cinnaminson Township on the question of reducing water rates.

Several new members joined the Palmyra Association at the meeting and many other applications for membership are coming in. Each member receives a copy of the New Jersey Taxpayer, the official monthly publication.

Wilbur F. Crane is president of the Palmyra Association, George M. Durkin is vice-president and Milton Faunce is secretary.

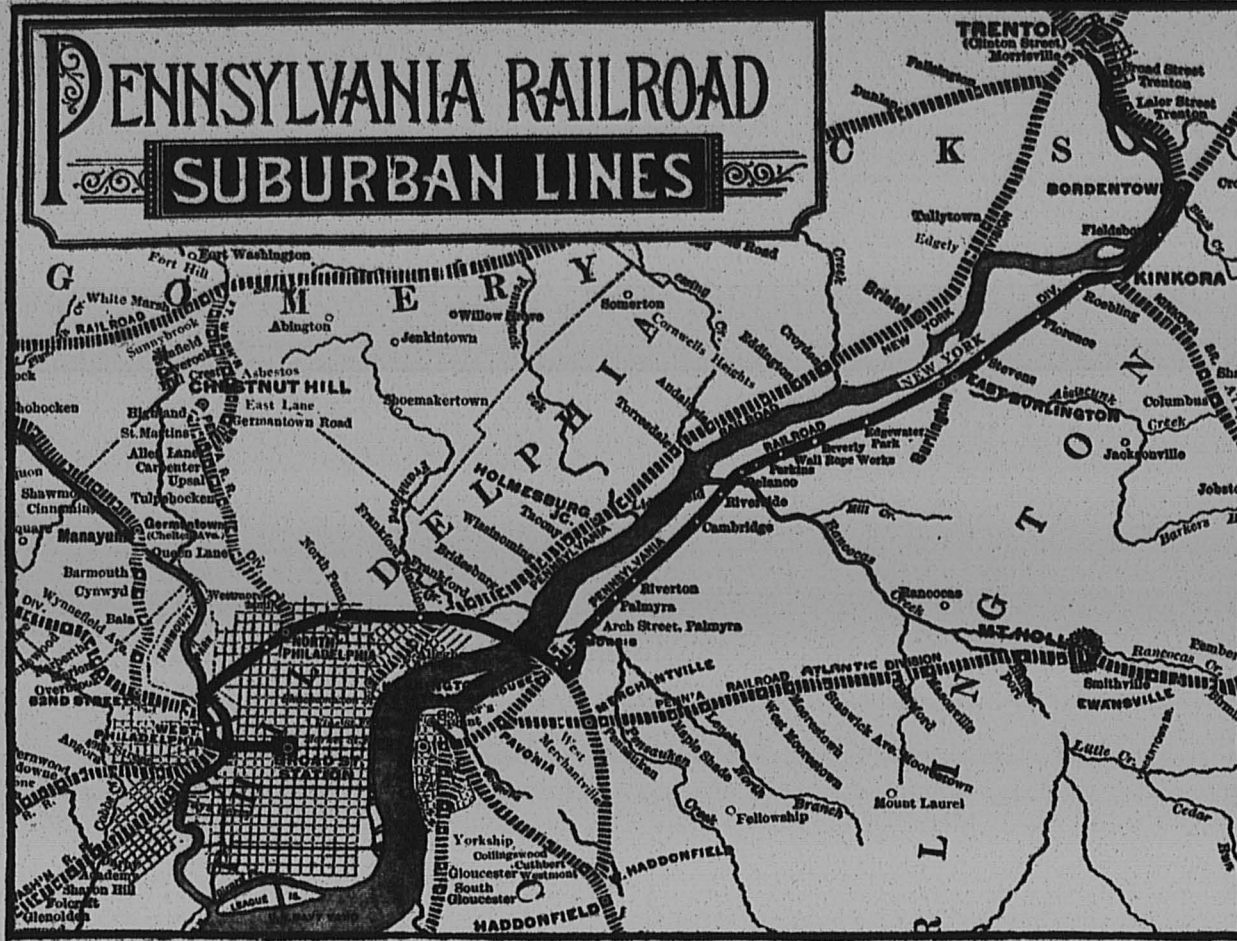

### PICTURE ON STAMPS

J. ALFRED LeCONEY

Moorestown man and former Olympic track star, whose picture appeared on the three-cent Olympic postage stamp which was issued last summer. E. C. Pratt, member Society Philatelic Americans, in a recent syndicated newspaper article said, "It has been generally thought that the picture on the 3c Olympic was that of Charles Faddock. It seems however that J. A. LeConey, intercollegiate sprint winner at Lafayette, posed for the picture and was then dressed up beyond recognition." Mr. LeConey, graduate of Moorestown High School and the son of Reuel and Mrs. William O. LeConey, of West Main street, now lives at Fairfield, holding an important insurance underwriter's position in New York.

"And to my divorced wife I leave a sum," concluded the will of J. C. Roberts, which disposed of a \$250,000 estate in London.

The above map graphically portrays the route of the newly established line of the Pennsylvania Railroad, starting at Bordenstown and ending at Broad Street Station in Philadelphia. The heavy black line indicates the route of the train, and the dotted lines indicate other existing lines of the P. E. R. within the area covered by the map.

## O. E. S. TO VISIT BAPTIST CHURCH

Mrs. Elvin I. Powell to Render  
Organ Recital Special  
Music by Choir

A very interesting program has been arranged which will take place Sunday evening at 7:45 o'clock in the Central Baptist Church, Palmyra.

Members of Covenant Chapter, Order of Eastern Star, will be guests at this service.

Mrs. Elvin I. Powell, church organist, will give an organ recital consisting of Christmas numbers. Special music will be sung by the large chorus choir.

There will be congregational singing of Christmas carols and the Rev. George Lockett will preach. His sermon subject will be "Follow the Glean."

The church will be open at 7:30 o'clock and all members are urged to attend.

## XMAS TOYS TO BE DISTRIBUTED

Legion and Auxiliary Will Pack  
"Santa's Bag" Wednesday  
Evening

With the Christmas season at hand Post Frederick M. Rodgers, American Legion, Palmyra, is making his final appeal for your help in bringing happiness to the homes of Palmyra, Riverton and Cinnaminson by giving generously of your surplus toys, dolls, games and books.

The toys which were sent in to be repaired are nearing completion and getting ready for Santa's bag, which will be packed on Wednesday evening. The giving of these gifts is made possible with the help of some of our public-spirited citizens, the American Legion Auxiliary, Service Troop, Boy Scouts, and the Legionnaires.

The Legion extends an invitation to anyone who is interested in seeing the toys come to the Legion Home Tuesday evening.

Any person having toys which they wish collected are asked to call John Metzger, Riverton 1082 or Alfred Lipincott, Riverton 34.

## 3 MOTORISTS HURT AT BUCK'S BRIDGE

Three Philadelphians were injured when the car in which they were riding skidded and struck the guard rail of Buck's bridge, on the River road, near Riverside, early Sunday.

Maurice Solkowitz, 41, of 6539 Rising Sun avenue, Philadelphia, suffered a fractured right leg and several of his teeth were knocked out. William Francis Sullivan, 36, of 6537 Rising Sun avenue, Philadelphia, driver of the car, suffered severe cuts on the face and head. Helen Casey, 18, of 604 Fanshaw street, Philadelphia, received deep cuts of the face and head, and several of her teeth were knocked out. Eleanor Chapman, 19, of 80 West Spencer street, Philadelphia, was uninjured.

The injured were treated by Dr. R. I. Downs, Riverside physician, at the Ziehrig Memorial Hospital, Riverton. They were taken to the hospital by Harry Edwards, of Moorestown, and F. G. Hennig, of Riverton.

A letter postmarked June 30, 1908, rose from the dead letter office recently to end a 23-year old argument in Delta, Colo., as to whether or not a certain bill was paid.

## VOTING DISTRICT CHANGE PROPOSED

(Continued from page 1)

Lane to Broad street, thence east of the P. E. R. on both sides of Main street, excluding the Collins Building, to the point of starting at the borough line, containing therein the following streets: Bank avenue, Second street, Third street, Fourth street, Fifth street, Broad street, Highway, Street, Eighth street, Ninth street, Fulton street, Cinnaminson street, Main street, Penn street, Church Lane, Cedar street.

Second Election District—All that portion east of the Pennsylvania Railroad bounded by the following streets: Broad street, to Elm avenue, to borough line, to rear of Main street property line, to Harrison street, to Main street, to starting point at Broad street, containing therein the following streets: Broad street, Harrison street, Seventh street, Midway, Eighth street, Park avenue, Highway, Street, Broadway, Elm avenue, Linden avenue, Thomas avenue, Lippincott avenue, Cherry Lane.

And Be It Further Resolved, That all that portion situated west of the Pennsylvania Railroad now known as the Third Election District shall remain the same.

#### New Signs Erected

Councilman William H. Albertson reported that the new signs at the entrances to the borough had been placed in position and had received very favorable comment.

Collector Kenneth C. Davis presented to Council a report on the delinquent tax situation this year as compared with previous years. It appears from the facts that the collector is to be congratulated for his work in collecting back taxes. The present amount of outstanding taxes, including this year, amounts to about \$60,000.

The ordinance concerning dogs which was presented at a previous meeting of Council was read by title and was passed on final reading.

At the November meeting of Council a report was made that an ambulance driver operating the Palmyra ambulance had driven past a red light at Riverton. This matter was taken up with the Palmyra authorities by Councilman Francis B. Elwell. The reply which Mr. Elwell received from Mayor Walter D. Lamont of Palmyra follows:

Mr. F. B. Elwell, Dirctr of Pub. Sfty, Riverton, New Jersey.  
Dear Mr. Elwell:  
In answer to your letter of November 10, I regret very much the lack of discretion on the part of Jim Malloy while driving the Palmyra ambulance. Matters of this nature are of serious concern to public welfare and should be taken up as you have done in this case.

I will promptly inform the president of the Ambulance Association, so that all drivers will be instructed to exercise care in the future.  
I appreciate your calling this matter to my attention and assure you that full cooperation with your department will be maintained.  
Sincerely,  
WALTER D. LAMONT, Mayor.

George Williams, building inspector, reported building permits for approximately \$2,217.00 worth of building work given out during the month of November; fees \$15.00 turned over to the collector.

The police activities reported by Charles G. Miller included two arrests for loitering, a tire stolen from a car, tennis racquets and false teeth stolen from a car, two minor accidents in which no one was injured.

Due to undesirable conditions existing in the New Jersey League of Municipalities it was decided by Council that this borough should withdraw from further participation in the organization.

The following bills were ordered paid:

Borough Organization:

D. M. Clifton, clerk, 4-4... \$ 175.00

R. Gole, assessor, 4-4... 180.00

O. K. Davis, collector 4-4... 225.00

## XMAS PLAY AT LUTHERAN CHURCH

Dramatic Club To Give Presentation  
at Sunday Evening  
Service

Sunday evening a Christmas play entitled, "The Christmas Message," will be presented in the Palmyra Lutheran Church. Members of the Dramatic Club are taking the principal parts, assisted by the choir and others.

This dramatic presentation of the Spirit of Christmas uses tableaux and old Christmas carols in addition to dialogue. The first act, in three scenes, presents the first Christmas, with the adoration of the shepherds; and, with fuller treatment, the coming of the Wise Men. The second act deals with Christmas today. Two of its scenes are in a Christmas home, and the other one is a symbolic picture of the gracious influence of the Spirit of Love upon all sorts and conditions of mankind.

It is a beautiful and inspiring treatment of the ever-living Christmas theme. The community is cordially invited to witness it. The service starts at 8 p. m.

The speaking characters are as follows: Wise men, Hayes Brady, Jr., J. Houston Ingram, S. Stuart Buchholz; a Christian Mother, Mrs. Walter Howe; Her Children, Carol Bauer, Sophie DeVinney, Eugene Dimond; The Christmas Spirit, Florence Harding; Reader, Mrs. Raymond Walling.

Fine-less week at the Public Library in Cambridge, Mass., resulted in the return by John McIntosh of a book, "The Story of Scotland," 38 years overdue.

William Carter, of Hull, Eng., swallowed two stolen rings when he was arrested, but they were recovered through an operation.

## BISHOP URBAN CONFIRMS CLASS

Rev. Dr. Daniel G. MacKinnon  
Presents Many Candidates  
For Confirmation

Before a congregation which filled Christ Episcopal Church, Palmyra, Sunday afternoon, the Right Rev. Ralph E. Urban, D.D., Bishop Suffragan of the Diocese of New Jersey, confirmed a large class, presented by the Rev. Daniel G. MacKinnon, S.T.D., rector.

In addition to the vested choir, the members of the confirmation class joined in the procession from the parish house into the church. The Bishop preached an inspiring and helpful sermon to the confirmation class and congregation.

The music by the choir, under the direction of the choir director and organist G. Lincoln Ridley, was exceptionally fine and well rendered. The following persons were confirmed: Miss Myrtle Dellaporte, Miss Lillian Oliver Davis, Miss Edna Marie Heeter, Miss Irene Dorothy Heeter, Mrs. Hannah Ruth Mick Holmes, Miss Mary Walton Munro, Miss Ruth Virginia Stone, Miss Verna Demarest, Mrs. Corinda Craft Wallis, Miss Helen Elizabeth Weisman, Robert Kellogg Crane, John Alex Hoare, Charles Eugene Lane, Joseph Lewis Stack, Benjamin Shelby Patton Torbett, Wallace George Zeller, William Joseph Zeller.

## CHRISTIAN SCIENCE

"Is the Universe, Including Man, Evolved by Atomic Force?" will be the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday, December 18, 1932.

The Golden Text is: "Behold, the heaven and the heaven of heavens is the Lord's thy God, the earth also, with all that therein is" (Deuteronomy 10:14).

Among the citations which comprise the lesson-sermon is the following from the Bible: "Thine, O Lord, is the greatness, and the power, and the glory, and the victory, and the majesty; for all that is in the heaven and in the earth is thine; thine is the kingdom, O Lord, and thou art exalted as head above all" (1 Chronicles 29:11).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Mind, supreme over all its formations and governing them all, is the central sun of its own system of ideas, the life and light of all its own vast creation; and man is tributary to divine Mind" (p. 209).

## XMAS PAGEANT AT M. E. CHURCH

Beautiful Story Will Be Presented At Sunday Evening Service

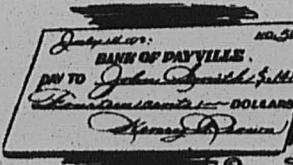

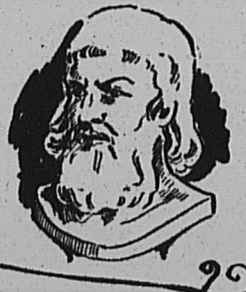

A beautiful, moving and powerful presentation of the Christmas story will be given Sunday evening at 7 o'clock in the Epworth Methodist Episcopal Church. This pageant which is repeated due to numerous requests from those who saw it last year is the story of the Birth of Jesus as told by the shepherds and Wise Men to the Rabbi of Bethlehem. Lyman Bayard the author is credited with many brilliant and successful church pageants, and this is one of his best.

About the action there is wound chorus music by the Bethlehem people the Wise Men and their train, the shepherds, culminating in a great combining all three groups with two obligate voices. About forty people are included in the cast of characters. If you desire to see this pageant to advantage it will be advisable to come early as the best seats will be in the auditorium of the church which will seat only about 250.

The characters are as follows: Prophets, Miss Mary Coward; History, Mrs. Ethel Pimm; the Rabbi of Bethlehem, Herbert Baugh; Judith, his wife, Miss Carrie Bates; Benjamin and Sarah, their children, Edmund Turnock and Eleanor Caprano; Joel servant of the Rabbi, Douglas Kersey; Shepherds, George Sharp, Milton Jewett, Frank Scott, Ira S. Pimm; Wise Men, George Long, Clinton Taylor, D. Grey Schwartz; Wise Men's Followers, Harvey Trauger, Harry Strang, Harry Fish. Marcus and Tullius, Roman soldiers Harry Clover and Harold Zavotti; Bethlehem Women and Men, Elizabeth Stein, Mildred Goodwin, Thelma Fish.

## Kelvinator Makes a Practical Gift that is Used Every Day in the Year

There is both sense and sentiment in the gift of a Kelvinator. Despite its strictly utilitarian value, the service it performs introduces such convenience into a household that Kelvinator is rightly termed the gift deluxe.

Kelvinator is built to last, to give dependable refrigeration service for years, and to furnish it automatically. It is easy to clean inside and out. There is a size and style to suit every type of home. Some models are equipped with

four different degrees of temperature—one for the storage of general foods—another for frozen foods, a third in the trays where ice cubes are made in a hurry (eighty minutes)—the fourth in the trays where cubes are made in two hours, which is normal freezing time.

At Christmas or any other time, you need a Kelvinator. We install Kelvinator cabinets without charge.

Easy to purchase—a small sum down and the second payment on February first, then twenty-four months to complete the purchase.

## REMOVE TREES AT "DEAD MAN'S CURVE"

The trees at "Dead Man's Curve" on the Riverton road near the Groves estate are fine old trees, but they have cost three lives within recent years.

While it is perfectly true the automobiles

which figured in the accidents had left the road and probably would have overturned in the field if the trees had not been in the way, it is also probably true that lives would have been saved if the trees had not been there.

Why not remove those trees, as has been done at other dangerous curves throughout the state? There are only two or three that would have to be sacrificed, and surely their scenic beauty is not worth a human life.

## THE WREATH IN THE WINDOW

It had a flash of red, the deep green of holly, the pretty sweep of ribbon tied in a bow—grace and charm. Some are quite ornate; this was a very simple one. The simplest perhaps are the most beautiful. For those who walk by outside, the wreath in the window contains a gift.

The wreath is a sign from the heart. It may be a symbol of religious allegiance or it may not. The most defiant exponent of heterodoxy might put a wreath in the window during the Christmas season.

Whosoever the wreath, it is good. Joy communicates joy. The evidence of it even in glimpses gives out warmth. Love is its irradiation. To put a wreath in the window is a big little thing to do. It contains a gift, breathed out freely.

### Saturday's Results

Last Saturday night's match game with Casino at Palmyra resulted in a Casino victory, Casino winning two out of three games and total pins. Frank King was high scorer and high average man for Palmyra rolling 224 for high and averaged 209 for the night. McMahon was Casino's high gun rolling 246 for high and averaging 225.

The Junior Varsity took a shellacking from Moore and McCormick last Saturday night losing total pins and two of three games. Chadbourn rolled high score of 214 for the Juniors while Baltz with 208 scintillated for the Steamship Company. A return match will be held after the holidays at their alleys.

### Moorestown Attorney and Wife Recovering From Severe Lacerations

V. Claude Palmer, prominent Mount Holly attorney, who with his wife was seriously injured in an automobile accident last Thursday, returned to his home on 517 Chester avenue, Moorestown, Tuesday evening, from Burlington County Hospital, Mount Holly, where he has been undergoing treatment for severe lacerations of the head.

Mrs. Palmer received treatment at the hospital for cuts of the face and head, but was released the following day. Both are recovering very satisfactorily. Mr. Palmer's ear was nearly severed, and fifteen stitches were required to close his wounds.

Mr. and Mrs. Palmer were driving from Moorestown to Mount Holly, when their car collided with a truck owned by George C. Cochran, Inc., of 51 Frazier street, Trenton, and driven by Clarence Burrows, of 107 Old Rose street, Trenton. The accident happened at the intersection of Marm highway and the Rancocas-Medford road.

The truck driver escaped injury. The Palmer car was demolished. The Moorestown man is partner of State Senator Clifford R. Powell, of Delanco, in the law firm of Palmer & Powell, with offices in Mount Holly. He is counsel for Arthur C. Darrance, president, and Dr. George M. Dorrance, chairman and director, of the Campbell Soup Company, in the \$5,000,000 damage suit filed against the two Campbell Soup Company officials by A. Ransaville Frome, of Merchantville.

Walter D. Lippincott, of Moorestown, appeared before Judge Ayis and asked for an adjournment of trial because Mr. Palmer's injuries would not permit him to appear on Monday. The motion was not opposed and the case is to be tried as soon as the counsel for the defense is recovered.

## P.H.S. BASKETBALL TEAM ORGANIZED

### Red and White Squad Will be One of South Jersey's Best

When Kenneth C. Dimond, Palmyra High School coach, issued the call for basketball practice, fifty students responded.

From the looks of the squad it would seem that the Red and White team will be one of South Jersey's best this season. The team is composed mostly of sophomores and juniors.

Captain Roach, Beddow, Carpenter, Landgraf, Sacco, Friberg, Enskat, Sexton, Gilbert and Bradshaw will be the mainstays, while Davidson, Finn, Zayoviti, Rivers, Bonatelli and Davis will give the regulars a stiff battle for positions.

Every member of the outfit has had

previous experience and should have winning ways.

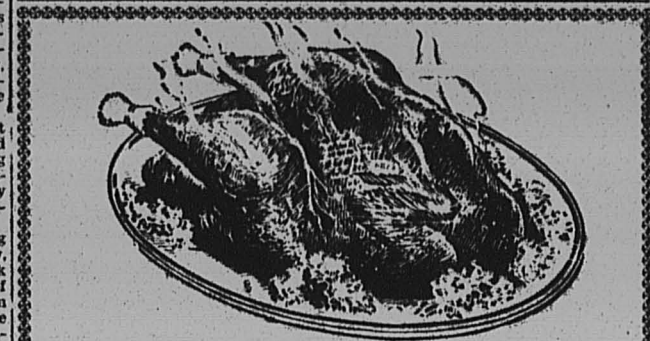

The first game of the season is scheduled for January 6. This game should prove most exciting, as the Burlington squad will be the Red and White rivals.

Charles S. Boyers of East Central avenue, Moorestown, was renominated for president of the Camden Club, on Monday, and two other local men were renominated for offices.

They are Albert C. Middleton, first vice president, and Charles W. Austermaul, member of the board of governors to serve for three years.

Frank S. Norcross, of Moorestown, was named to succeed Camden City Solicitor E. G. C. Bleakley, as a member of the board for a two-year term.

The annual election is to take place January 9th.

## JOE KLECKNER TO WRESTLE MUNNS

### Moorestown High Teacher on Big Mat Card at Camden Monday

"Joe" Kleckner, Moorestown High School teacher who has an impressive number of mat wins to his credit, will wrestle in the curtain-raiser on Charlie Grip's card at Camden Convention Hall next Monday evening.

Kleckner will take on Ralph Munns, 195-pound ex-captain of Colgate's bone-bending crew and later coach of wrestling and football at the University of Colorado, in a thirty-minute fracas.

Four bouts, one for 60 minutes, best 2 out of 3 falls to win; another for one fall to win, with no time limit, and two half-hour bouts, with ladies free when accompanied by escorts with paid tickets, plus free admission to youngsters under 15 who have an item of canned goods for the poor—these are high-lights of Monday's card.

In the main bout, Ray Carpenter, of Ohio, who gave it to Gentle John Klionas Monday and made the "Gentle One" like it, meets Johnny Carlin, of Sweden, otherwise heralded as Popeye. The semi, one fall to win with no time limit, will bring into action the Camden favorite, Joe Montana, and Joe Kogut, Canadian ex-light-heavy, who now tips the beam at around the 180 notch. The main prelim will be between Carl Van Wurden and Henry Iriling, the former the champion of Canada, and the latter the recognized boss of the light-heavyweights of the British Empire.

## JUDGE SENTENCES BORDENTOWN BOY

### Colored Lad Sent to Annapolis By County Court Yesterday

Ananias Taylor, sixteen-year-old colored boy of Bordentown, was committed to the Annapolis Reformatory last week after he had been arraigned before Judge Charles A. Rigg and pleaded guilty to a charge of stealing two sweaters from the Bordentown grammar school. When first called upon he entered a plea of not guilty to the charge, but before the session had ended he had changed his mind and entered the guilty plea.

Bordentown police reported that they have during the past three or four years, had a great deal of trouble with this boy, and Chief of Police Amos Thorn needed about fifteen minutes to recite to the court a list of the offenses Taylor has committed. Chief Thorn said that he and his men have done all they could to get the boy straightened out, but their efforts have all failed. The boy has, according to Chief Thorn, "gone from one place to another" and taken whatever he could lay his hands on.

Dominic W. Mazzare, of Merchantville, came in on a waiver of indictment and entered a plea of guilty to a charge of possessing lottery tickets at Hainesport on Thursday of last week. He was fined \$150 and placed on probation for one month to pay the fine. Joseph Tete, of Camden, arrested at the same time as Mazzare, and similarly charged, pleaded not guilty and will be placed on trial on December 22.

A resolution, passed by the Lenola fire company and incorporated in the minutes of the meeting, follows:

"BE IT RESOLVED that the members of the Lenola Volunteer Fire Company No. 1 wish to extend to the family of our late comrade, Walter C. Siff, Sr., our heart-felt sympathy to his loved ones. Signed, Lenola Volunteer Fire Company; Jules Caracague, Elmer Austermaul, Harry J. Steiber, Sr., committee."

The will of Miss Carrie E. Knapp, of Louisville, set aside \$1,000 each for the care of six dogs.

When Herbert Gruen, of Chicago, accused of picking pockets, was asked by the court if he had anything to say he replied, "Yes, can I go out to lunch?"

## Free Admittance To Wrestling Matches

Youngsters of Burlington and Camden counties will again get a chance to view wrestling matches and do some charitable work besides, according to Charlie Grip, Camden's mat impresario.

Grip says that youngsters under fifteen years of age will be admitted free to his "rasallin" show at Camden Convention Hall Monday evening, December 19th.

All that a youngster will be required to do is present one or more cans of canned goods in order to gain admittance and see some bang-up wrestling matches. And the canned goods Grip receives from his young "customers" will be donated to Burlington and Camden county charities.

## ZARYNOFF WILL MEET MAZURKI

### Age and Youth Will Battle on Mat at Camden Armory Thursday Night

Youth must prevail—so goes the old adage in the athletic world—and South Jersey wrestling fans will be accorded an opportunity to witness a battle between youth and age at Camden's 14th Infantry Armory, Haddon avenue and Mikkie street, Thursday night, December 15.

Bert Potts, matchmaker for the Twin City Sporting Club, has matched Mike Mazurki, former Manhattan College football and basketball star, with Count George Zarynoff, brilliant Ukrainian, in the feature bout of an all-star heavyweight show. They are slated to travel 90 minutes, two out of three falls to decide the match.

Mazurki, one of the youngest ex-collegians in the mat game, is cutting a wide swathe in heavyweight ranks and doesn't hand-pick his opponents. Long and lean, and weighing 225 pounds, Mike also has the enthusiasm of youth in a new venture; consequently, most of the oldsters do not care to mingle with him as he always has something in reserve even after he has been subjected to punishing holds and off-color tactics.

In three previous matches here at the Camden Armory, Mazurki's shoulders haven't touched the mat. He first met Earl McGready, an experienced heavyweight, and earned a draw. Next came Sylvio Remelli, of Italy, whom Mike pinned. Last Thursday night, he was pitted against the slugger Herbie Freeman, New York Hebrew, and also finished on even terms with a grappler who does everything but bite in trying to win.

However, Mike's three previous opponents are of the younger school. In facing Zarynoff, credited with being one of the greatest defensive wrestlers of all-time, due to his agility, Mazurki is daring fate. The "Count" is a veritable wisp of the wisp and can make the best in the business look bad at times.

Still, Zarynoff is getting along in years and hasn't the enthusiasm that characterizes Mazurki's work. The "Count" often coasts along till he gets a "finishing" opening to wind up a match. Mazurki is rapidly acquiring "brains" so far as wrestling is concerned and the "Count" may tarry too long with the elongated Pole to bow his head in sorrow at the conclusion of their combat.

Dr. Freddy Meyers, who upset the dope by winning the decision over Tiny Roebuck last Thursday night, comes back to tangle with Stanley Pinto, of Nebraska, in the 30-minute semi-final.

Jack Sherry, of Columbus, Ohio, who toyed with John Podubny, of Poland, before tossing him in the same show, returns to take on Sylvio Remelli, of Italy, in the third bout of 30 minutes. Joe Montana, South Camden Italian, faces Jean Bruce, of Canada, in a return match in the second bout, while Wong Rock Cheung, of China, meets George Lasa, of France, in the opener. One fall will decide the semi-final and all three preliminaries.

Ladies accompanied by escorts will be admitted free.

Henry Brewer, of Chicago, was summoned as a nuisance for playing his piano thirty hours a week but the case was dismissed.

## DON RED CLOTHES FOR DEER HUNTS

### Jersey's "Big Game" Season Opens Saturday for Five Days

New Jersey's "big game" season, opening Saturday, December 17, and continuing five days, excepting the intervening Sunday, thus giving four days of actual hunting, is expected to draw a record army of sportsmen to the deer woods. Venison on the hoof is reported as plentiful in many sections of the state, with the best prospects, as usual, in the central pine-lands. Thousands of deer are completing their plans to camp out in tents and shacks during the entire season; other thousand will board at farm houses and tens of thousands will motor daily to their favorite hunting areas.

Deer hunting in New Jersey is open to all holders of resident and non-resident hunting licenses. No additional big game license is required. Many other states charge their deer hunters an extra fee. A hunter is allowed one buck deer during the season and must report his success to a regular warden to the State Fish and Game Commission, at Trenton, within 48 hours, under penalty of heavy fine for failure to do so.

New Jersey protects its deer and fawns and the only deer that may be killed legally are bucks with horns visible three inches above the hair. Use of dogs in hunting deer or the taking of dogs into the deer woods is prohibited. The hunting of raccoons is suspended temporarily during the deer season. Deer may be hunted only during daylight hours. Use of rifles or of shotguns smaller than 12-gauge in the deer woods is prohibited and a heavy penalty also is attached to using or having in possession in the deer woods, any missiles other than buckshot. Don't attempt to skin or mutilate a deer carcass while in the woods or fields. The state regards this as an attempt to hide a criminal's sex or identity and fixes a fine.

State wardens are advising all hunters going into the deer woods this year to wear plenty of bright red clothing. This precaution against accident is said to be especially important due to the fact that much heavy foliage remains on the trees and brush.

"Our law provides that only buck deer with horns three inches long may be shot and every sportsman should school himself not to aim his gun nor pull trigger until he has thus positively identified the game," says Protector James H. Stratton. "Thus the hunter will help conserve the deer and fawns for a future game supply and thus he will provide the best insurance against accidental shooting of a fellow hunter. All of the department are cautious for the handling of firearms while hunting, recently issued to young and first-year gunners during the upland and wildfowl seasons, apply with equal force to the use of guns in deer hunting."

### RIVERSIDE PARK

#### STORE IS ROBBED

A hundred dollars worth of merchandise was stolen from the store of A. H. Hammell at Chester avenue and River road, Riverside Park, Saturday night. Cigars, cigarettes, coffee, tea, chewing gum, meats and groceries, as well as a telephone, which was ripped from the wall; five dozen pairs of work gloves and \$4 from the register composed the loot. The theft was discovered by Joseph Raphael, who owns a nearby garage. Raphael notified Hammell and Police Chief William Voshell. Voshell traced footprints in the snow for some distance.

## GIRL SCOUTS PLAN CHRISTMAS PARTY

The Girl Scouts of Troop No. 1, Palmyra, of which Mrs. Walter S. Hansen is captain, will hold a Christmas party in the Epworth M. E. Church, Palmyra, Monday evening.

Each member of the troop is requested to bring an inexpensive gift to the party. These gifts will be exchanged. An excellent and entertaining program is being arranged for the girls.

All parents of members of the troop, who are interested in the girls and their work, are cordially invited to attend.

## TRI-HY NOTES

Thursday of last week the Tri-Hy girls held their weekly meeting at the M. E. Church. The worship service was "Seeing the Beautiful." Miss Jewell read a story from St. Matthew. Mildred Durgin read a story by Van Dyke called "The King's Jewels." Harriet Wise read the biography of Helen Keller. Florence Harding read a poem written by Sara Teasdale. Songs and games conducted the program, and the girls worked on Christmas presents.

Miss Harriet Bove, secretary of the Y. W. C. A., was guest at the meeting.

Tonight, the girls will have a Christmas program and will be led by Mildred Gledhill. As a special feature Christmas candy is to be made and Christmas carols sung.

CATHRINE McANULTY, Reporter.

## McALLISTER COAL CO. FIFTY YEARS YOUNG

The Golden Anniversary of the business of the R. McAllister Coal Company, with headquarters at Camden, is being celebrated this week throughout South Jersey, where it was founded fifty years ago by the late Richard McAllister.

Richard McAllister, Jr., speaking of the continued success of the business, said that he attributes it to continuous good service through all these years to the many thousands of customers of the company, of which he is now president, having succeeded his father in that office. Mr. McAllister said:

"Business grows only by service, coupled with quality of product.

"Care of our customers' needs has necessitated the establishment of our yards, equipped with every modern means of prompt and careful delivery of coal at all seasons.

"Storage facilities at these yards are ample to care for all normal demands.

"McAllister coal is super cleaned, premium anthracite coal, shipped direct to our yards. Coal with a minimum of slate, graded correctly as to size, free from dust and dirt.

"McAllister coal is well and favorably known throughout this district. It has a maximum of heat units, with a minimum of ash contents."

## CHRISTMAS ENTERTAINMENT

The Christmas entertainment of the church school of Calvary Presbyterian Church has taken on a new form this year. The school will have its entertainment on Thursday evening, December 22, at 8 o'clock, in the auditorium of the Sunday school.

There will be a colorful pageant dealing with the Christmas story, with beautiful stage settings, costumes and electrical effects. Mr. and Mrs. Edmund P. Black, of Palmyra, are directing and staging the pageant, which insures a smooth and well-staged production.

Among the principals will be seen Hebrews in their colorful costumes, the shepherds, the angel appearing to these shepherds, the manger with the Madonna and Child, and the Magi. The friends of this congregation are cordially invited to attend the play.

## WELFARE TO GIVE XMAS BASKETS

Need \$100 Over Regular Collections; Needlework Guild and Red Cross Help

The Palmyra Welfare Association is preparing for the Christmas baskets which will be distributed Friday, December 23.

It is estimated that the hundred dollars in excess of our collections will be needed to purchase chickens and to take care of many worthy families that are not on the welfare at present.

The following contribution have already been received: George N. Wimer, \$5.00; J. Horace Finney, \$5.00; Joseph Low, \$5.00; William R. Stephens, \$1.00; James T. Weart, \$5.00.

The ability to give will be guided entirely by the amount of assistance we receive.

In addition to cash contributions, canned fruits and jellies will be very acceptable.

During the past week the Needlework Guild purchased 31 pairs of shoes for distribution, the value of which was \$50.15. This gift is greatly appreciated and gratefully acknowledged.

A number of garments made under the supervision of the Palmyra Branch of the American Red Cross have also been received and it is understood that more to follow as soon as completed.

We also acknowledge with thanks the following cash contributions: Presbyterian Church, Riverton, \$25.00; American Legion Auxiliary, Palmyra, \$25.00; Junior Department, Baptist Sunday School, \$10.00.

We are now well into the winter months and spring will soon be here, therefore let us keep up the good work and live up to our slogan "Palmyra has many in need, but none in want."

## I. O. O. F. NOTES

Cinnaminson Lodge No. 201, I. O. O. F., will hold its annual Christmas party, Friday, December 23. An excellent program is being arranged and members are urged to keep the date open.

Roy Gaskill has been appointed chairman of the membership committee in place of Roy Bailey, who resigned, due to conflicting business duties.

A large attendance is urged for the future meetings.

Let's see you there.

## PALMYRA SLEDDERS ENJOY FIRST SNOW

Mayor Walter D. Lamon joined more than 100 children and several adult sledders Sunday after police had roped off Morgan avenue for two blocks, from Cleveland to Wallace streets, Palmyra, for the exclusive use of those who wished to take advantage of the winter's first snowfall.

To prevent accidents to sledders and motor cars, the police closed the street to motorists for several hours.

When Cornelius C. Matthews applied for a license to wed Miss Mary B. Hays at Manhattan, Kan., he handed the judge 330 pennies.

Despite his 80 years, Robert Lyon, Civil War veteran, drives his car to Leslie, Mich. from his farm every day.

## PLANS MADE FOR CHRISTMAS PLAY

Riverton Pupils Will Present "The Toy Shop" at PTA Meeting, Dec. 23

Children from the third to eighth grade of the Riverton School will present a Christmas play called "The Toy Shop" at the PTA party at eleven o'clock on December 23. The participants are: W. Byler, G. Stover, J. Seemiller, F. Freeman, E. Guest, M. J. Donaghy, R. Dunlap, M. Burr, T. Ridgway, E. Turner, C. Seemiller, J. Webb, H. Bishop, J. Rogers, and J. Longstreet.

Miss Rothbart's room is also giving a Christmas play, called "Christmas in Many Lands." This play will be given by the lower grades, Danish, Swedish, and Norwegian dances will be performed and the children will sing "Old Carol." This play will include almost all of the children from the lower grades.

The children of third and fourth grades displayed their interest in their contract on colonial life by making candles. Most of the material was brought by the children themselves and the extra materials were purchased with money from the class treasury. They are very grateful to Mr. Barclay for giving them the beeswax.

The eighth grade girls have been studying about "The Care of the Sick." Jerry Michener and Abby Shoemaker were asked to give a talk on how to make a bed with a patient in it. Before Geraldine and Abby gave their talk, Miss Blair, the school nurse, came and demonstrated how to make a hospital bed, using Jane Rutherford and Dorothy Wolcott as patients.

The week following the class was shown how to bathe a baby. Miss Blair brought with her a baby girl, Dottie Hill. The girls enjoyed this very much and are grateful to Miss Blair for explaining these things to them.

On December 17, the Student Council entertained by assembly giving a musical show. The participants were: W. Burdander and L. White, Interlocutors; G. Butters, F. Freeman, G. Lendenby, M. J. DeCoursey and G. Stover. Gene Stover gave a tap dance as part of the show.

THUGS BEAT AND ROB INSURANCE MAN

Two Men Escape With \$10 After Beating Collector Unconscious in West Palmyra

George R. Huntzinger, representative of the Providence Friendly Association, an insurance company in Camden, was beaten unconscious by two thugs and robbed of \$10 early last (Wednesday) evening.

Huntzinger was leaving a house at Fourth and Market streets, West Palmyra, where he collects regularly, when two unidentified men approached him from the side. One of the men hit Huntzinger on the head with a blackjack and he was staggered from the blow they hit him again, knocking him unconscious.

They took his cash and ran away from the scene. Police were called from the Palmyra headquarters, but the men had made good their escape in the darkness.

Huntzinger, who lives at 18 East Washington street, Riverside, was taken to Dr. LeFavor for treatment of scalp wounds.

UNION WATCH NIGHT AND WEEK OF PRAYER

Saturday evening, December 31, co-operating churches of Palmyra and Riverton will hold a Union Watch Night Service from 11:00 o'clock until midnight. Rev. George Lockett will be the preacher and the service will be held in the Epworth Methodist Episcopal Church.

The Union Week of Prayer Services will be held in the Central Baptist Church beginning Tuesday evening, January 3, and continuing until Friday evening, January 6, inclusive. These services will begin at eight o'clock.

The cooperating churches are First Lutheran Church, Central Baptist Church, Calvary Presbyterian Church, Epworth Methodist Episcopal Church and the Moravian Church. The ministers of these churches will speak at these services. Alfred Vandusen will lead the singing. Fuller announcement will be made in next week's paper.

Mrs. Martha Walker

Mrs. Martha D. Walker, 32, of 220 Lippincott avenue, Riverside, died at noon on Saturday, December 17, in the Zabrugg Memorial Hospital, Riverside.

She is survived by her husband, David Walker, manager of the American Store in Riverton, and her mother, a sister, and a brother.

Funeral services were held at the Cunningham Funeral Home, Riverside, at 2 p. m. on Wednesday. Interment was in the Julietstown Methodist Cemetery, in charge of William O. Cunningham, funeral director.

Mr. Huntzinger, of the Riverside Park Mission, conducted the services.

GREETINGS

The American Legion Auxiliary, No. 156 wishes to express its thanks and appreciation for all who have cooperated and made possible the many activities of Unit No. 156 and to wish all a Merry Christmas and a Happy New Year.

## The True Christmas Spirit

Good fellowship is as old as man. It is one of the elemental things, rooted in man with good and evil, love and hate. Its temples are wherever good men get together. Its shrines and sanctuaries the hearts of men. Rites, Religions, men and measures pass; good fellowship remains; for it is eternal love of life, eternal faith, eternal charity and cheer.

And at no time does the spirit of good fellowship shine forth with greater beauty than at Yuletide.

This Christmas, notwithstanding all the trials and tribulations of the year just closing, finds the American people still filled with confidence and high purpose to overcome what is left of the depression, just as they have met and conquered every difficulty that has beset them.

And so it is with stout hearts and a warm smile that they exchange the Season's Greetings, drawn closer together by their deprivations, and by the privilege of taking from their scanty store a little to help those less fortunate.

"Merry Christmas" this year takes on a deeper spiritual significance as men and women gain a truer appreciation of the real things in life.

The New Era joins with your other friends, in wishing you a "Merry Christmas" and a New Year brimful of the things you most desire!

## TALK ON HEALTH AT CINNAMINSON

Parent-Teacher Association and Friends Hear Miss Jamison With Interest

Miss Jamison's address at the evening meeting of the Cinnaminson P.T.A. last week was thoroughly constructive, and, consequently, appreciated by the parents and teachers. Miss Jamison compared the development of a child to a jigsaw puzzle, the parts intricate, the most interesting being the spiritual, physical, and mental. These, in turn, have many irregularities. She called attention to the health programs and reminded all that many unnecessary evils can be avoided by the attention that is now given, while there is still room for more.

The social hour that followed was spent enjoying games and friendly talk.

Much to the satisfaction of all these meetings are assuming a community aspect. Lately, grade one gave a tea to the parents of its members. The cookies served with the friendly cup were made by the little ones, under the supervision of their teacher, Miss Rowen. Thirteen mothers and three fathers were present.

To tell all of the activities planned for the present week would be too lengthy. The four lower grades and the upper grades will each have an individual assembly on Thursday. In the morning, Miss Hannah Stevens, of the Moorestown Library, will tell the lower grades some of her interesting stories.

A boy in one of the upper grades, who has just come from the hospital, where he has been treated for paralysis, will be visited by his classmates, who have provided gifts for him, and who will sing carols under his window, as he is not able to have many callers.

First grade intends to spend their money earned by the cake, candy and no cream sale in buying books for children in the hospital. Every parent should be grateful for these splendid teachers who are trying so hard to bring about the spirit of cooperation and friendship among the pupils of the Cinnaminson schools.

ANNOUNCE WINNER OF TOTS' CONTEST

The winner of the "Bully and Ruth" in the John H. Etris "Bully and Ruth Club" contest held at the Etris Hardware store this month has been announced. It is Kenneth Brewer, of 226 Morgan avenue, Palmyra.

This contest was open to all boys and girls in this vicinity. There were no fees, no dues and no meeting. All these tots had to do was guess the number of pieces of paper in the telephone bag on display in the Etris window.

The exact number of pieces was 887. The nearest guess was Kenneth's, 890.

James Lowden

James Lowden, aged 71 years, died on Sunday, December 18, and was buried in Morgan Cemetery Wednesday afternoon. Funeral services were held at the Snover Funeral Home, the Rev. Charles T. Bates officiating. P.O. A. services were held Tuesday evening.

Mr. Lowden, the last of eight children, was the son of Charles Lowden and Hannah B. Fish.

He is survived by his widow, Mrs. Sue Lowden; two daughters, Mrs. Frank Scott, of Collingswood, and Mrs. Alexine Tomes, of Moorestown; and a son, Ward Lowden, of Palmyra.

DOG FOUND

A white and liver female pointer is at the home of William F. Schriener, Riverton-Westfield road, awaiting its owner. The dog came to the house several days ago, and Mr. Schriener has cared for it. Mr. Schriener's telephone number is Riverton 22-J, and he will be glad to hear from the owner of the dog.

## WELFARE NEEDS STOVE AND BED

Riverton-Cinnaminson Group Makes Special Appeal to Fill Pressing Need

The Riverton and Cinnaminson Welfare Association needs a cot and a mattress for a double bed. With gas and electricity turned off, some arrangement has to be made for a large number of our families. We are trying to provide them with ranges in which they can cook food, which is available. Generous donations have helped in this respect heretofore, and now another emergency has arisen. Information about a range not in use would be greatly appreciated.

Another family has three small children sleeping in the springs of a bed with a mattress covered. The need for a mattress is imperative. Telephone 29 W any morning, except Saturday, between nine and twelve.

Thanks to the help and cooperation of everyone we will be able to give many men, women and children a happy Christmas. With the materials furnished by the Red Cross, substantial warm garments have been made by the Needlework Guild, and Riverton Chapter of the Red Cross. These will be distributed with the Christmas baskets. The Rotary Club, the Girls' Friendly of the Episcopal Church, the Schools of Riverton and Cinnaminson, the Boy Scouts, the American Legion and operators of the Bell Telephone Company are all doing their share to bring happiness this season.

A large number of women are doing their share to bring happiness to the poor. Our organization appreciates all this. The work has been centralized this year so that there will be no duplication and we hope all have cheer and full stomachs.

Contributions

The following contributions have been received by the Riverton-Cinnaminson Welfare Association since the last issue of this paper and are gratefully acknowledged by the association: James E. Clark, Mr. and Mrs. E. S. Reed, Mrs. and Mr. E. Zieher, W. Collins, Willis DeLaCour, Mary E. Evans, Charles Evans, Alfred D. Evans, A. E. O'Brien, William A. Hendrick, Emma L. Holbrook, Charles B. Jessup, Clement Lewis, Pearl Nevin, Henry C. Parrish, Chilton E. Paul, Carl Reed, and Mrs. E. Zieher. Dr. P. S. Stoddard, Mr. and Mrs. Joseph L. Thomas, Oliver G. Willis, Edward S. Wood, the Mosses Code, Harry E. Everett, Mrs. Edward W. C. Baker, Victor Ritschard, G. Harold Baker, Charles A. Wright, A. W. Coe and P. C. Coe.

TO ASSIST IN BUDGET MAKING

Riverton-Cinnaminson Unit Appoints Committees to Confer on Appropriations

A meeting of the Riverton-Cinnaminson Unit of the New Jersey Taxpayers' Association was held at the Riverton Country Club Monday evening, December 19, for the purpose of appointing committees to confer with the Riverton Borough Council and Board of Education, and the School Board and Township Committee in Cinnaminson.

The borough council committee was composed of H. M. Kieckhefer and E. S. Parrish; Riverton Board of education, H. E. Meyer, H. K. Rutherford, and Joseph Beck Taylor; Harold J. Fink and Stuart B. Clark will confer with the school board and township committee in Cinnaminson.

A letter was read from Norman Russell, chairman of the county organization, pointing out several important points in connection with taxation and the preparation of budgets. The letter also stated the local association to find out what mandatory legislation was considered by the municipal authorities to be detrimental to local governments in the conduct of their affairs.

H. E. Meyer, one of the members of the committee appointed at the last meeting to take up the matter of granting post-graduate courses to persons who desire to return to high school, reported that he had been in conference with Assistant Commissioner of Education Braham, and had been informed that under the constitution of New Jersey school boards were obliged to furnish education between the ages of five and eighteen years, but that the state school law extended the time to twenty years of age "and over."

CHRISTMAS PARTY AT PORCH CLUB

Singing of Carols, Numbers by Choral and Readings by Mrs. Shreve Complete Afternoon

The Riverton Porch Club's Christmas party took the form of a musical afternoon, under the direction of Mrs. Maurice G. Belknap, director of music, interspersed with Christmas readings by Mrs. Henry Wallace Shreve, dramatic chairman.

The club house was artistically decorated with garlands of laurel and holly wreaths. A lighted Christmas tree each side of the fireplace and lighted candles along the mantel made a very fitting setting.

The musical numbers included "O Come Upon the Midnight Clear," "O Little Town of Bethlehem," "Bethlehem," "Carols of the Russian Children," "Before the Pacing of the Stars," "The Angel Gabriel's Appearance to the Shepherds," "Silent Night."

Mrs. Joseph L. Thomas, club president, took this opportunity to wish all club members a Merry Christmas, and brought the meeting to a close by reading a short poem by Phillips Brooks, on the "Spirit of Christmas Giving."

OFFICER GOOTE TRIMS RIVERTON'S XMAS TREE

Officer William Goote of the Riverton police force has again been Riverton's Santa Claus by following a practice he started three years ago. In his off-duty hours Officer Goote has erected and trimmed with many beautiful lights, a town Christmas tree.

The tree is situated at the corner of Broad and Main streets in space loaned for the purpose by the Sun Oil Company and in addition the Sun Oil Company contributes the electricity for the lighting during the holidays.

WILL ROGERS MATINEE

A special matinee will be given by the Palmyra theatre Wednesday afternoon at 2 o'clock with Will Rogers in "Two Guys to Work" as the feature.

These will be distributed with the Christmas baskets. The Rotary Club, the Girls' Friendly of the Episcopal Church, the Schools of Riverton and Cinnaminson, the Boy Scouts, the American Legion and operators of the Bell Telephone Company are all doing their share to bring happiness this season.

A large number of women are doing their share to bring happiness to the poor. Our organization appreciates all this. The work has been centralized this year so that there will be no duplication and we hope all have cheer and full stomachs.

Contributions

The following contributions have been received by the Riverton-Cinnaminson Welfare Association since the last issue of this paper and are gratefully acknowledged by the association: James E. Clark, Mr. and Mrs. E. S. Reed, Mrs. and Mr. E. Zieher, W. Collins, Willis DeLaCour, Mary E. Evans, Charles Evans, Alfred D. Evans, A. E. O'Brien, William A. Hendrick, Emma L. Holbrook, Charles B. TO ASSIST IN BUDGET MAKING

Riverton-Cinnaminson Unit Appoints Committees to Confer on Appropriations

A meeting of the Riverton-Cinnaminson Unit of the New Jersey Taxpayers' Association was held at the Riverton Country Club Monday evening, December 19, for the purpose of appointing committees to confer with the Riverton Borough Council and Board of Education, and the School Board and Township Committee in Cinnaminson.

The borough council committee was composed of H. M. Kieckhefer and E. S. Parrish; Riverton Board of education, H. E. Meyer, H. K. Rutherford, and Joseph Beck Taylor; Harold J. Fink and Stuart B. Clark will confer with the school board and township committee in Cinnaminson.

A letter was read from Norman Russell, chairman of the county organization, pointing out several important points in connection with taxation and the preparation of budgets. The letter also stated the local association to find out what mandatory legislation was considered by the municipal authorities to be detrimental to local governments in the conduct of their affairs.

H. E. Meyer, one of the members of the committee appointed at the last meeting to take up the matter of granting post-graduate courses to persons who desire to return to high school, reported that he had been in conference with Assistant Commissioner of Education Braham, and had been informed that under the constitution of New Jersey school boards were obliged to furnish education between the ages of five and eighteen years, but that the state school law extended the time to twenty years of age "and over."

CHRISTMAS SERVICES AT SACRED HEART

Midnight Service and Christmas Morning at Seven, Nine and 10:15

Christmas services at the Church of the Sacred Heart will comprise masses at 12 o'clock midnight Saturday and 7, 9 and 10:15 a. m. Sunday, with Benediction of the Blessed Sacrament at this last service. The Midnight Mass will be celebrated by the Rev. J. A. Hane, rector. The sermon at the Midnight Mass will be delivered by Rev. William F. Cavanaugh of the Incarnation and the Masses, which will be celebrated on Monday by the Rev. of Nativity of Christ, the Son of God.

The choir will assist at the midnight service with Gloria Mass in E. The Adepts Fideles will be rendered by Miss Mary E. Steele and choir. The "Te Deum" Bannister from Von Die will be rendered by John Ambroz, tenor, of Philadelphia; "The Silent Night," by Mrs. William Mitchell and choir. John Hartman, baritone, of Philadelphia, will assist the choir during the midnight service.

The choir of the choir will be Miss Mary E. Steele, Mrs. William Mitchell, Mrs. George J. Porter, Mrs. Edward Steele, Miss Eleanor Porter, Messrs John Hartman, William Aspinall, John Ambroz, Dominick Prioso and M. McGuire. J. Allen Porter will preside at the organ.

KING'S DAUGHTERS HOLD XMAS PARTY

The King's Daughters Bible Class of the Epworth M. E. Church of Palmyra, held its annual turkey dinner and Christmas party at the home of Mrs. Durell T. Mason, of Horace avenue, Tuesday evening.

Those present were: Mrs. John H. Etris, Mrs. Charles King, Mrs. Jesse Reid, Mrs. Durell T. Mason, Miss Elice Doughty, Miss Nora Carpenter, Miss Mattie Carpenter, Miss Ellen Horton, Mrs. William Way, Mrs. Harry Bear, Miss Edith Mills and Miss Irene Anders.

The members spent a very delightful evening and greatly enjoyed the splendid repast which was served in excellent style.

WASHINGTON MERRY-GO-ROUND

"The Washington Merry Go Round," one of the most interesting and picturesque of the current season, will be played at the Palmyra Theatre next Monday and Tuesday, with a special matinee Monday afternoon at 2 o'clock. Lee Tracey and Constance Cummings take the leading roles.

## MAYOR GREET'S NEW TRAIN

Mayor Bennett is shown presenting a box of cigars to E. O. Longstreet, engineer of the initial run of the new P. R. R. Broad street station train 7:47 Monday morning. Conductor A. B. Beatty also was present with cigars by the mayor, while John F. Kane of the Railroad Passenger Department, looks on.

## ROTARY HEARS OF WELFARE WORK

Social Worker Outlines Methods Used by Local Association; Objects to "Dole"

Palmyra-Riverton Rotarians started their Christmas season by the singing of carols last Thursday. The volume of the chorus was added to by several visitors from other clubs, and guests. Next week the festivities will continue with the annual Christmas party on Thursday night.

A post card from Miami, Florida, stating that Clint Woolston had made up his attendance there, put another 100 per cent. meeting on record.

The program for the next three months, which was distributed by the secretary, contains so many items of interest that it augurs well for continued good attendance.

The speaker of the evening was Mrs. Dorothy Cooper, who discussed the value of supervised relief. She emphasized the damage which results from promiscuous handouts, in that they tend to encourage dependency. The social worker's ideal is to restore families to real self support, she said. No two cases are alike, and, hence, there is no blanket rule that can be applied to all. Each must be treated individually, and above everything else self-respect of the father, mother and family group must be preserved.

Many Rotarians were interested in asking numerous questions about the conduct of the local Welfare Association and how it had functioned. Ross Mattis, who is municipal director of the club, was also helpful in explaining Riverton relief.

## COMMUNITY CAROL SING CHRISTMAS

Plans Completed for Carol Singing Christmas Afternoon by Rivertonians

What are you planning to do on Christmas afternoon at five o'clock? Why go to the community tree to join in the carol singing, of course!

Where? Around the lighted Christmas tree at the corner of Broad and Main streets.

When? At five o'clock on Sunday afternoon for half an hour.

Why? Everyone in Riverton!

What? Printed words of half a dozen favorite carols will be distributed.

Robert F. White will lead the singing, accompanied by David Heagle with his cornet, so no one need doubt his or her ability to sing, with such competent leadership and support.

Come with all the family. Riverton will have a Christmas celebration long to be remembered!

BANDITS ROB GAS STATION OF \$35

A Palmyra service station was robbed of \$35 last Thursday night. Clement Barrow, of West Palmyra, the attendant, was forced to open a safe for the bandits.

## RIVERTON GREET'S NEW CITY TRAIN

P.R.R. Given Demonstration by Citizens and School Children Monday Morning

Riverton showed its appreciation of the opening of direct rail service to Broad Street Station last Monday morning. Over one hundred citizens and a number of school children awaited the arrival of the 7:47 on the station platform. The children were enthusiastically waving American flags and cheering the first train to run over the bridge carrying local passengers.

The enthusiasm of those on the platform was augmented by the serenading of the fire siren, the shrill blast from the Diesel whistle and a prolonged blowing of automobile horns from cars parked around the station platform.

Immediately upon the arrival of the train, Riverton's mayor, Kilian E. Bennett, presented both the engineer and conductor with a box of cigars, while a photographer from the Evening Bulletin snapped the scene.

The train, made up of five coaches, left Riverton on time and after a last stop, Palmyra, on the Jersey side left for its first run over the Delair bridge.

The riders speculated on the way down how the run through the name of Philadelphia tracks would be made. Some of the more skeptical riders felt that the train would encounter all kinds of delays in the main line track system, but if anything, the train went faster through Philadelphia than on the Jersey side of the river, arriving in Broad Street Station on time.

The first train carried one hundred sixty-one riders, or about half of its capacity, and since Monday there has been a gradual increase in number both in and out of Philadelphia. It is expected the riders will increase as tickets expire on other lines of travel to Philadelphia.

The train arriving in Broad Street Station Monday pulled up to the gates, thus agreeably surprising some commuters who expected to have to walk in from 18th street.

The inauguration of the new line on Monday was the realization of a commuters' dream all along the Jersey riverfront towns, the very thought having been expressed many times years ago by disgruntled commuters.

All that remains now for the addition of more trains with resultant better service is the whole-hearted support of the riding public. Riverside Township Committee, at a meeting last Thursday evening, realizing the past patronage plays in relation to service, went on record as recommending its citizens to encourage the line that the town as a whole might benefit as well as the individual commuter.

The only time the Delair bridge has been crossed by a train running from Riverton or any riverfront town since it was built in 1902, was on the recent occasion of the funeral of Dr. John T. Borraine. Therefore the bridge has been used exclusively to accommodate trains from Philadelphia to Atlantic City and other seashore points.

CHRISTMAS CANTATA AT METHODIST CHURCH

The choir of the Epworth Methodist Episcopal Church will sing one of the most famous Christmas cantatas on Sunday evening at 7:45. It is by the same composer who wrote "Olivet to Calvary," Maunder's "Bethlehem."

Mrs. Lord will be at the console of the organ. The solo work will be done by Miss Mary Coward, Mrs. D. Grey Schwartz, Mrs. Elliot Pinn, and Mrs. Schwartz. Those who are lovers of good music will find this service to their liking. The cantata is interspersed with carols to be sung by the congregation.

A brief message will be delivered by the pastor, the Rev. Ira S. Pinn.

KIDDIES GUESTS OF BUSINESS GIRLS' CLUB

Last Thursday evening the Business and Professional Women's Club of Palmyra and Riverton entertained twenty-seven girls at a Christmas party.

Exciting games were played, winners being awarded prizes. Amidst loud chatter and laughter, Santa arrived and brought with him a huge sack. The kiddies gathered around him and each received a lovely gift and a stocking packed, top to toe.

Next came the lucky number prize, a beautiful infant doll, which delighted the heart of its winner, Norma Caruso. After serving refreshments, the girls took their happy little guests to their homes and declared the affair a huge success from start to finish.

GIRL SCOUTS ENJOY CHRISTMAS PARTY

The Girl Scouts of Troop No. 1, Palmyra, under the leadership of the troop captain, Mrs. Walter S. Hansen, held a delightful Christmas party to the Scout room of the Epworth M. E. Church Monday evening.

Many mothers of Girl Scouts were in attendance. About forty persons were present.

Prezels and ice cream were served and the girls and their mothers had a very enjoyable time popping corn. Presents were exchanged. Thelma Cronwell received the prize gift of the evening.

Miss Theresa H. Wolcott

Miss Theresa H. Wolcott died at her home, 601 Elm Terrace, Riverton, on December 17, after a long illness.

Miss Wolcott was for many years on the editorial staff of the Ladies' Home Journal, and later established a gift shop at 16th and Locust streets, Philadelphia.

Funeral services were held at her late residence Tuesday afternoon, in charge of the Rev. Ira S. Pinn pastor of Epworth M. E. Church Palmyra, of which she was an official member. Interment was made in Harleigh Cemetery, Frank A. Snover, funeral director, in charge.

CALENDARS

Beautiful religious calendars are being given away by Joseph T. Evans, Riverton coal dealer. Anyone who would care to have one of these works of art, may secure it either by calling in person at their office on Main street, Riverton, or on request by mail or telephone. No general distribution by carrier will be made. Ask for your copy.

Purchase your Christmas candles from the Blankenhush Drug Store. Christmas packages pressed from the Blankenhush Drug Store.

## P.T.A. MEMBERS ENJOY DEBATE BY H. S. STUDENTS

Pupils Present Subjects in Excellent Manner; Miss Ziegler to be Commended

### OPERAETTA GIVEN BY TWENTY-SIX GIRLS

Rev. H. L. Creager Leads Fine Child Study Group Session

The debate held at the regular meeting of the Palmyra Parent-Teacher Association was greatly enjoyed by the large number of parents and teachers in attendance Tuesday evening.

The debaters were: affirmative, John Onang, Carl McAllister, Joseph Phil, Negative, Jack Michener, Louis Koppenhoefer, and Paul Guest. The affirmative side won. The question was: "Resolved, That a Vocational Education was a better preparation for life than a Cultural Education." Miss Edna Ziegler was in charge of the debate and is to be commended on the splendid way the students presented their subjects.

An operaetta, "The Nifty Shoppe," was presented by some high school students under the very able direction of Miss Mary Johnson, the music supervisor.

The cast of characters included the following:

Madame Lazare, proprietor of exclusive shop for women, Mary Patterson.

Mrs. Goldore, in search of the latest gowns, Thelma Chubburn.

Jackie Goldore, Jean Watson; Bess Goldore, Eleanor Horn.

Olga, chore girl, Denise Johnson.

Rosemary, Edna Meunier; Janet, Caroline Evans.

Models—Dorothy Zaun, Louise McKoon, Helen Hensler, Esther Brown, Margaret McCormack, Frances Chapman, Eleanor Gordon, Harriet Wise, Ray Haberen, Grace Billard, Virginia Schiewer, Ruth Horner, Irma Walling, Dorothy Shamer, Sue Toepfle, Jean Black, Elsie Hickey, Virginia Ingling.

Flanet, Marjorie Wilson.

The Colored Girls' Glee Club rendered three splendid selections. Miss Johnson also supervised this part of the program.

The Child Study Group was led by the Rev. Harold L. Creager, who presented his topic, "World Citizenship," in a very interesting and instructive manner.

Mrs. Ira S. Plimm, Mrs. J. C. Mahlory, Mr. Shaeffer and Miss Elizabeth Roy, read papers on "Peace Education."

## COMMUNISTS ARE NOT STATESMEN

Newspaper Investigator Tells Rotary How 2,500,000 Rule 163 Million in Russia

The 163 million people in Russia are controlled by one political party—the Communists. In which there are only 2,500,000 members. E. C. Ramsey, who, for the past two years has been doing research work in Russia for a newspaper syndicate, told members of Moorestown Rotary Club at their regular weekly luncheon in the Community House last Thursday at noon.

Voting in the open, using only raised hands, secret police and the fact that only Communists are permitted to possess firearms, is the secret of the success of this party which rules with an iron hand. The three men who form the Central Executive Committee dominate Russia, he said.

A man is better off in America even if he belongs to the army of the unemployed, asserted Ramsey, showing some of the shoes the Russians wear. He described their huddled living quarters. And the woman who turns her children over to the community nursery and goes to work in the fields or factory is better treated than the mother who stays home to care for her brood.

All Communists are atheists and they are installing a passion of anti-religion in the "workers." The church in the first building to be taken over in a community if a new club house is needed. Communists expect to have all churches closed by 1940. The Russia leaders are, however, opposed to liquor because they consider it decreases efficiency.

The plan is to industrialize the nation and collectivize the land, said Ramsey, in asserting "You may have no fear of the 5-year Plan or 5-year plans." He pointed to many blinders. Five hydro-electric plants were built so far from water that it will take 25 years to divert rivers to them. A railroad built by a former Chicago section hand who went to Russia when that country went "red" runs only two trains a week, and they are operated very cautiously. Former section hands are proving to be very poor railroad construction engineers, laughingly remarked Ramsey, in closing his most interesting talk.

The speaker was introduced by Dr. Edward A. Lippincott.

P. S. DRIVERS GET \$2.50

For safe driving during the four months period from August to December, 251 salesmen who operate Public Service Division cars and buses in Southern Division received \$2.50 in bonuses under the company's no-accident bonus plan. Wildwood Garage had the best safety record among the carhouses and garages in the Southern Division and each salesman at this garage received a special bonus of \$5. Sales checks were distributed at Camden, December 20.

## HOFFMAN IN WAR ON 'ONE-EYED' CARS

Faulty Lighting Responsible for 11 Deaths, Injuries to 350, in 9 Months

Faulty automotive lighting was responsible, during the first nine months of the year, for the 318 accidents in which 11 persons were killed and 350 injured, Motor Vehicle Commissioner Harold G. Hoffman announced in a drive against the one-eyed automobile hazard.

The Commissioner called for the assistance of enforcement agencies to bring offenders to account and for the cooperation of law-abiding motorists to make regular inspections of their lighting equipment.

While he realized that dark or weak tail-lights also contribute to a large number of accidents, Commissioner Hoffman considers the one-eyed automobile the most serious menace. He explained by stating that two lights outline the front of a car while one light, whether it is the right or left one, leaves other drivers in doubt as to what type of vehicle is approaching. The danger is accentuated, he said, if this one light happens to be blindingly out of aim and focus.

A recent survey of faulty automotive lighting revealed that approximately three in every hundred cars on the highways were one-eyed. The Commissioner admits, in this connection, that a motorist may drive several hours before detecting a burned-out or defective lamp but he is of the opinion that there are many drivers who wilfully neglect their responsibilities and continue to drive with defective illumination knowing full well that they are endangering their own and the lives of others. This practice is a distinct violation of the law which requires all car owners to carry an extra set of bulbs for just such emergencies.

## POWELL PREDICTS FIGHT IN SENATE ON NAMING OF HIGGINS

A fight on the confirmation of Adjutant General William Higgins in the 1933 session of the Legislature loomed following an announcement by Senator Clifford R. Powell, of Burlington, that he is receiving protests from National Guard officers against the appointment.

Powell, who is to be the next Senate majority leader and is a lieutenant colonel in the guard, recently registered his personal opposition to the governor's other military appointment, that of Col. John J. Toffey, a regular army officer, for major general in command of the 44th Division.

The senator-soldier made it plain that he believed there were plenty of capable men from within the guard for the post. At that time he said he saw no objection to the Higgins appointment since the adjutant generalship is in the nature of a political appointment.

## TO ASK PALMYRA TEACHERS TO TAKE 10 P.C. REDUCTION

Council Passes Resolution Requesting School Board to Take Action

### TAX SALE IN SPRING BEING CONSIDERED

High Water Rates Also Target of Officials and Citizens

Borough finances occupied the chief attention of Palmyra Councilmen Tuesday evening.

School expenses held the center of the stage. The tenure of office law makes it impossible to reduce teachers' salaries without their consent and consequently the question of continuing high costs of the educational system during the depression is a bone of contention throughout the state.

Council finally passed a resolution presented by A. H. Lippincott requesting the school board to make a formal request to the Palmyra teachers to accept a 10 per cent. salary cut.

Borough officials and employees will be cut in 1933, making a saving of \$1,000. If the school teachers accept a reduction of 10 per cent., an additional saving of about \$5,500 would be effected, a total of \$11,000, which would reduce taxes materially.

Since taxes are coming in more slowly than ever, Council is seriously considering a tax sale to be held next spring. For the past year or so the borough officials have refused to hold tax sales, because they thought it would work a hardship on the people. But there seems to be some ground for the belief that this has encouraged a few people, who could afford to pay their taxes, to delay in so doing.

A special collection of sewer rentals to keep that department in the clear was urged by Councilman Mervine. Mr. Mervine also suggested Council should be furnished with a list of all properties taken over for taxes so that the town could keep track of the property it is supposed to own.

The water rate question also came up for consideration. A special committee consisting of Messrs. Ward, Mervine and Lippincott was appointed to negotiate with Riverdale and Cinnaminson in obtaining a reduction.

Judge Frank A. Matthews sent Council a copy of a letter which he had mailed the water company, in which he set forth that his water bill for the summer had been more than \$10, despite the fact that his family had been away from home nearly all the season.

Councilman Spahr told of another case where the water bill for a three months' period was \$22. In the old days the rate was \$3 per quarter.

C. C. Collins, a broker who had disposed of some of Palmyra's bonds, gave a talk about the town's financial condition, which, he said, was better than many towns, yet needed watching.

Mayor Lamon replied that every effort was being made to protect all the town's obligations and that the auditor's report showed things in satisfactory condition.

State Senator Powell in a letter asked Council what legislation it would recommend during the coming session to effect needed economies, stating he would be more than willing to promote desired changes in laws for the benefit of the towns of Burlington county.

### CHRISTMAS CONCERT ON LAKEVIEW CHIMES

There'll be no lacking of the Yuletide spirit at beautiful Lakeview Memorial Park.

Cinnaminson Township, wherein Lakeview chimes, will be the scene of the first carillon concert of Christmas carols and sacred music.

The date is Sunday afternoon, December 25. The time is 3 p. m. At the console of the mighty bells, tolled by electric touch, will be Bernard R. Mauser, noted Philadelphia carillonneur.

If perfect atmospheric conditions prevail, the musical program is expected to be heard within a radius of five miles around Lakeview Memorial Park.

Invitations have been extended to churchgoers and the public alike throughout New Jersey and Pennsylvania. Provisions have been made for free parking of 5,000 automobiles by Lakeview officials. Present indications point to a record-breaking attendance.

All the old-time favorites—"O Little Town of Bethlehem," "Hark! The Herald Angels Sing," "Silent Night! Holy Night!"—along with those beautiful meaning hymns of yesteryear will be played.

### NEEDY FAMILIES ARE REAPING BENEFITS OF SUMMER GARDENING

"Gardens are now paying dividends, as one Moorestown family is demonstrating," says a report from the Moorestown Church Federation. Last year they had to receive help nearly all winter. During the summer they carefully worked garden, arranged for through the Church Federation, with the aid of generous land owners.

"This year they have a supply of three hundred cans of vegetables, and twelve bushels of potatoes, of their own raising. The depression continues; this family is still unemployed, with the exception of a day or two a week, but it is now practically independent and self-sustaining."

"This week the Church Federation has distributed sixty cases of canned fruits and vegetables to sixty Moorestown families in need of relief. The canning was done at the Community House during the summer by a group of public-spirited ladies of the community."

Four youths were found guilty of stealing 27 highway signs from roads near Pontiac, Mich., recently.

## Laughing Around the World With IRVIN S. COBB

### His Help Cometh from The Lord

By IRVIN S. COBB

A CLERGYMAN, in a small parish, on a wet and dreary Sunday morning, when the rain was falling in his more or less dilapidated little church, deemed the hour opportune for calling to the attention of his parishioners the obvious need of quick repairs. He followed with an appeal for contributions toward a new roof. Responses were slow. Most of the congregation, outside of a faithful few, sat back and waited for the one man of ample means in the community to make a subscription. He was notoriously tight. At last however he rose in his place, and said: "Mr. Pastor, I will be glad to give ten dollars." The hearts of the people

fell. Ten dollars would be hardly a drop in the bucket of needed funds. But the rain had been getting in its work overhead. Just as the miserly man sat pompously down, a chunk of the ceiling loosened to the point of falling down. And down it came, hitting the tight-wad brother squarely on the top of his inviting bald head. All a-putter, he disengaged himself of the mass of dust and plaster and rising again said this to say: "Pat me down, Mr. Pastor, for one hundred dollars. I didn't know that the work was so badly needed." Whereat an old deacon, over in amen corner, falling hurriedly to his knees and tremulously facing heaven, brought: "O, Lord, hit him again!"

## WELFARE TO GIVE XMAS BASKETS

Need \$100 Extra in Contributions to Prepare Christmas Food for Needy

The Palmyra Welfare Association completed arrangements at the meeting Monday night for distribution of Christmas baskets. Arrangements were made to distribute Christmas baskets to 25 needy families in addition to those regularly taken care of. These additional food baskets, together with the additional items being included in the regular baskets, involve additional expenditure of approximately \$100. Special contributions are being solicited to defray this expense.

Up to Monday night a total of \$32 had been received. In addition to contributions previously acknowledged there were cash contributions of \$13, also \$1 from Annie J. Weart and \$1 from James M. Weart. The Association wishes to thank these contributors and invites others to add to the fund.

The Christmas baskets will include, in addition to the regular fare, chicken, celery, oranges and candy for the children. Additional donations of canned fruit are also needed to complete these baskets.

Every effort has been made to locate all needy families and also to avoid duplication of contributions with other organizations.

The movie theatre benefit held Saturday, December 17, resulted in contributions of 381 items of canned goods, etc. These contributions were divided equally between the relief organizations of Palmyra and Riverdale. Some idea of the scope of "Relief" basket may be obtained by comparing this total of 381 items with the regular weekly distribution which involves approximately 2,500 items.

From the start of the present organization on August 15 until the first of December, there have been distributed 12,084 cans of food, almost 5 tons of potatoes, over one-half ton of rice, 752 lbs. of onions, 1,744 lbs. of meat, 2,808 lbs. of sugar, 303 bags of salt, 951 lbs. of coffee, 1,614 packages of cereal, 1,895 lbs. of lard and 2,915 lbs. of soap. In addition to these items, which are easily subject to count, there have been substantial quantities of green vegetables including cabbage, egg plants, carrots, turnips, prunes, etc.

The Clothing Committee continues to receive welcome and substantial contributions from the local Red Cross organization. Lack of space prevents us from listing the many items included which total more than 100 dozen.

Collections turned in by the efficient Block-Aid workers for the week ending December 19 totalled \$101.68, being substantially ahead of the third week's collection in October and November. Despite this good work the increased size of the Relief fund, due to the cold and stormy winter weather, has made it necessary for the Association to arrange for a loan of \$200 in anticipation of funds to be recovered from the State Emergency Relief Organization.

### YOUTH AT RIVERSIDE IS STRUCK BY AUTO

Struck by an auto at the corner of Scott street and Pavilion avenue, Riverside, Lester Merrill, Jr., 8, of 109 Fairview street, Riverside, was not injured seriously last Friday night. The car was driven by George Gorenflo, of 207 St. Mary's street, Burlington. Gorenflo, who reported the accident to Chief of Riverside Police, William Voshell, was exonerated by Chief Voshell.

A truck and a coupe collided Saturday night on the Mount Holly pike, when both drivers became blinded by the snow storm. Michael Riley, Jr., of Harris avenue, Moorestown, driver of the coupe, is reported to have suffered cuts about the face. His car was said to have been badly damaged. Harold Manell, of Main street, Johnston was driver of the truck. He was unhurt. Riley was treated by a nearby physician. There were no arrests.

### BURLINGTON COUNTY GETS 1 SENATE POSTS

Burlington county's share of Senate patronage in 1933 sessions of the Legislature has been assigned and Senator Clifford A. Powell has been given the appointment of a chaplain, which pays \$200, and two pages at \$200 each. This is in addition to the clerk of the majority leader which Senator Powell has filed by naming Philip S. Jones, Jr., of Mount Holly.

## PALMYRA P. T. A. GIVES XMAS PARTY

Fine Program Is Presented by Primary and Grammar Grades

The Palmyra Parent-Teacher Association held its annual Christmas party Tuesday afternoon.

An excellent program was enjoyed by all the pupils of both the primary and grammar grades.

The grammar school orchestra rendered several selections under the able direction of Miss Mary Johnson. Carol Bauer gave two delightful readings.

The two kindergarten bands trained and directed by Miss Johnson, Miss Sylvia Hulston and Miss Edna Sweet were the delight of everyone present. The leaders were Milton Tees and Joseph Austin.

"The Dance of the Little Dutch Dolls" was given by Mary Louise Baker, Florence Wood and Jean Jordan. They also presented "The Sidewalks of New York."

George M. Durgin, Jr., accompanied by his mother, Mrs. George Durgin, rendered two delightful selections.

Ellen Anderson gave two readings and the Old last dance was given by Evelyn Wilkins and "Terry" Solly.

The Rev. George Lockett made a perfectly marvelous Santa Claus and delighted the hearts of all the kiddies. The Rev. Mr. Lockett sang an appropriate Christmas song, accompanied by Mrs. Elvin L. Powell at the piano.

The beautiful Christmas tree on the stage was donated by the Philadelphia Market House.

The henpecked husband who always had to go out in the backyard to smoke now has to go out in the backyard to get a breath of fresh air.

## MAN IS BRUISED AS THREE CARS CRASH

Hainesport Man Lone Victim of Accident During Heavy Storm

Three automobiles were damaged and a man was slightly injured in a triple crash on East Main street, Moorestown, almost in front of the home of Edwin R. Sumner, during the heavy snow storm last Saturday morning about nine o'clock.

A Buick sedan driven by Dr. Thomas J. Sumney, 135 East Oak avenue, Moorestown; a truck operated by Louis Burke, Rancocas avenue, Hainesport, and a Pontiac, owned by Harvey Wells, Marlton, suffered in the crash.

Harry Burke, Hainesport, an occupant of the truck, was the injured man. He was bruised about the knee. Burke was treated at the office of Dr. Joseph Stokes.

The front of Dr. Sumney's machine suffered while the truck owned by Harry H. Phillips, Mount Holly, was badly damaged about the front, even the crank case being cracked. The right rear wheel and left rear fender on Wells' machine were damaged. Officer Walter A. Erickson investigated the crash.

### DICK HEISS' CAR HITS GUARD RAIL

Norman Fenimore, 35, of Barclay street, Burlington, suffered a fracture of the left leg and lacerations of the head in an auto accident early Sunday.

Fenimore was a passenger in a car driven by Richard Heiss, 32, of 123 Locust avenue, Burlington, which struck the guard rail in the curve of State Highway 25 near Lakeview Memorial Park. Heiss said another machine had forced the car he was driving, which is owned by his father-in-law, William Dempsey, of the same address, off the road. Heiss is the son of Charles Heiss, Riverside assessor.

With Heiss in the car besides Fenimore were John Smith, 25, of 201 York street, Burlington, and three women. Smith and Heiss pulled Fenimore from the wrecked machine. Xavier Walters, of Riverside, surveyor of the State Highway Department, discovered the accident and took Fenimore to the hospital.

Heiss suffered lacerations of the head and face. Smith and the women were not injured. Heiss is director of an orchestra which bears his name and Smith is a banjo player in the band. They were returning from playing an engagement in Camden.

### PLENTY OF TURKEYS

Residents of New Jersey and nearby areas are assured of a plentiful supply of high quality New Jersey turkeys, capons and roasting chickens for their Christmas dinners this year, says the Division of Consumer Information of the State Department of Agriculture. The division points out that birds from New Jersey of the highest possible quality are available at prices slightly lower than at Thanksgiving time and noticeably lower than they were last year.

We just want to wish you a good old MERRY CHRISTMAS and to extend a hearty wish that the New Year will bring you all the prosperity and happiness that you can wish for yourself.

## FOOD FOR WELFARE USED AS TICKETS AT MOVIE SHOW

At the matinee held by the Palmyra theatre last Saturday afternoon to obtain food for Palmyra's needy, 381 cans of canned goods were brought in by patrons, as well as a lot of potatoes and other staple vegetables.

Nearly 400 people, mostly children, attended the matinee and helped out in the good work.

The food was distributed between the Palmyra and Riverdale Welfare Associations. The management of the theatre is to be heartily congratulated for the splendid spirit shown in promoting such a fine work.

## SLED HITCHING MAY COST YOUR LICENSE

The death of one child in Burlington county and the serious injury of several others in different parts of the state has prompted Motor Vehicle Commissioner Harold C. Hoffman to warn motorists not to permit children and adults to hitch sleds or skis to the rear of motor-propelled vehicles under penalty of being adjudged guilty of reckless driving and the subsequent cancellation of driving privileges.

### JUNIOR CLUB NOTES

The regular meetings of the Junior Women's Club were held at Society Hall, Monday evenings, December 5 and 19.

The girls have been extremely busy sewing Christmas stockings and scrap books for the kiddies' Christmas party, which is to be given Saturday, December 24, from one to three o'clock.

Earlier in the week the president, Miss Ida Trout, had the club girls at her home to try to complete the work.

## PALMYRA GIRL BECOMES BRIDE

Miss Violet Tubic Weds Spring-side Man in Quiet Ceremony

Miss Violet Tubic, daughter of Mr. and Mrs. Jacob Tubic, of Palmyra, became the bride of Francis Shinn, son of Mr. and Mrs. Wilbur Shinn, of Burlington, Saturday afternoon. They were married in the Central Baptist Church, Palmyra.

The Rev. George Lockett, pastor of the church, performed the ceremony. Mr. and Mrs. George Weber, of Beverly, were the only attendants. The wedding march was played by Mrs. Edwin I. Powell, church organist.

The bride was attired in a lovely model of blue transparent velvet. She wore a gray turban and slippers to match the gown. The groom was attired in a frock of dark blue and wore a turban and slippers to match. Both the bride and Mrs. Weber wore shoulder corsages of roses.

Following the ceremony a small reception was held at the home of the bride's parents, with only the immediate members of both families and a few friends in attendance.

The happy young couple will reside in Springdale.

### TRI-HY NOTES

Last Thursday was a special feature. The Tri-Hy girls sang Christmas carols, had recitations by some of the girls about how Christmas is celebrated in other countries and pulled taffy after the meeting. Everybody had a good time.

Tonight we are going to have a Christmas program, a Christmas party, sing Christmas carols and exchange gifts. Dorothy Goodwin will have charge of the worship program.

### HIGH SCHOOL ALUMNI PROMISE GALA DANCE ON NIGHT AFTER XMAS

Moorestown Community House will be the scene of one of the outstanding events of the Christmas season on Monday evening.

A dance sponsored by the Alumni Association of Moorestown High School is one of the most festive occasions on the social calendar of the younger sets of both Burlington and Camden counties.

The committee on arrangements announces that Elmer Barrett and his Sylvanians have been secured to furnish the music from 8 until 1. Specialty dances from Philadelphia theatrical productions will also form part of the program.

Informal dress will prevail and every effort is being made by the committee to make this year's dance as enjoyable as those which have preceded it.

The committee on arrangements includes Gordon Miller, chairman; Julia Strang, Grace Wurst, Doris Wernick, Jack Ritchie, Rodman Switzer, Lynne Palmer, James Kneeshaw and

Typical scene at Motor Vehicle Agency during closing days of year. Commissioner Harold G. Hoffman urges motorists to get new black-and-red 1933 plates now. They may be used on and after December 15th.

### HISTORY OF STAMPS Jamestown Issue

In 1907 the Post Office Department issued a set of three values to commemorate the 300th anniversary of the founding of Jamestown, Va. by Captain Newport for the Jamestown Exposition.

The one cent value bore a portrait of Captain John Smith by Crispin von de Passo. There were medallions of Pocahontas and Powhatan in the upper corners, and the years of birth and death below the portrait. It was issued April 25, 1907, 77,725,794 issued.

Captain John Smith was a soldier of fortune before he came to America. He fought in the Netherlands, had been associated with pirates and was held prisoner by a Turkish prince. His experiences made him a forceful leader and he took charge of Jamestown, forcing all colonists to work. Better living conditions and efforts to trade with the Indians under his direction saved the settlement from complete ruin. Due to an injury from the accidental exploding of a powder bag, he was forced to return to England for treatment.

The two cent value shows the settlers landing at Jamestown, flanked on one side by a tobacco plant and on the other side by a stalk of Indian corn. This value was also issued on April 25, 1907 and 149,497,995 were issued.

In the late spring of 1907 a fleet of three small ships sailed into Chesapeake Bay and up James river. At a flat patch of meadowland the fleet cast anchor and boats put ashore. The site was fine for the settlers as they did not have to clear any land off and no time was lost in setting up crude homes. A search for gold was started immediately. The settlement did not progress rapidly due to work being shunned by most of the settlers and then Captain Smith became the leader, and a permanent colony was set up by him.

On the five cent value is a picture of the Indian princess, Pocahontas, who saved Captain John Smith's life. This stamp was issued May 3, 1907. 7,980,594 were issued.

#### New Issues

AUSTRALIA—The 3p pale ultramarine has appeared with the small Crown and C of A multiple wmk.

AZORES—The current Portuguese 5c

red-brown has been added to the series surcharged "Azores".

BOLIVIA—A new printing of the 15c may stamp has been received. The value is now lithographed, whereas it had formerly been engraved, and the name of the engraver in the bottom of the margin.

CHILE—The one dollar International Air Mail stamp has been reported with the over-print "Correo Aereo" in black, instead of the former bronze blue.

CUBA—It is reported the A regular issue of postage and air mail stamps will soon make their appearance, due to the hurricane.

MAURITIUS—The 1p of the current issue is reported obsolete.

PERU—An air mail set of nine values will be issued to commemorate the anniversary of Ricardo Palma.

ROMANIA—A copy of the stamp issued for the recent philatelic exhibition in Bucharest has been received. King Carol in full regalia is portrayed in the center of the stamp. The value 6 plus 5 lei is in the upper right hand corner, the crown in the upper left. The word "posta" in the lower left and the inscription "Romania Exposita Philatelia, Noemvrie 1932" at the base of the stamp.

#### Cachets

To commemorate the first battle of Trenton, the Philatelic Club of Trenton Central High School will apply a cachet to all covers received by them before December 20. Send self addressed and stamped cover to Dr. Victor Sabary.

For collectors who like odd cancellations, send a stamped letter to Santa Claus, Ind., to be held until Christmas Day and cancelled. It would also be different to send your Christmas cards to the postmaster and have him mail them with the cancellation Santa Claus on them.

#### BUY XMAS SEALS

A question frequently asked is "How can I tell an engraved stamp from a lithographed one?" This is not a difficult matter, but it is necessary that one should know the difference between the two methods of printing. In simple language, an engraved stamp is one in which the design is cut into the printing plate so that in the printed stamps the lines of the design stand up in microscopic ridges.

Lithography, on the other hand, is a system of printing from stones. A simple method of testing whether a stamp is engraved or lithographed calls for the use of perfectly smooth, thin foil. If the foil is placed on the stamp and rubbed gently a faint impression of the design of the stamp will show on the foil. If it is an engraved stamp, A lithographed stamp will leave the foil perfectly smooth.

## EDGEWATER WOMAN HAS FAMOUS PAINTING

A copy of a portrait from the collection of Mrs. C. Shillard-Smith, well-known Edgewater Park society woman, was used for the cover of the Literary Digest for December 10.

The painting, "Happy Youngster," by the late Robert Henry, famous artist, was lent by Mrs. Shillard-Smith from her extensive collection.

The canvas, which is very valuable, was only acquired this year at the Grand Central Art Gallery exhibit, held in New York.

### DINNER DANCE

The Burlington County Unit of the Young Republicans of New Jersey is planning another of its delightful dinner dances to be held in the Beverly Masonic Hall, Beverly, Wednesday evening.

Tickets for the event may be secured from Palmer L. Adams, president, of Palmyra, or Clarence G. Price, secretary, Beverly.

Elwood Weideman and his Royal Commanders will furnish the music.

### CELEBRATES 98th BIRTHDAY

Mrs. Sarah B. Letherbury, mother of the late Joseph Letherbury, celebrated her 98th birthday at her home, 418 Thomas avenue, Riverton, Monday.

Mrs. Letherbury has lived in Riverton for 45 years.

Mrs. Letherbury, who broke her hip two years ago and has been confined to her room ever since, enjoyed her first meal downstairs Monday.

Several friends came in during the day to wish her a happy birthday.

### Lois Ann Fitzgerald

Lois Ann Fitzgerald, sixteen months old, daughter of Mr. and Mrs. John J. Fitzgerald, died at the home of her parents on Stanwick road, Moorestown, Tuesday night of last week.

The funeral was held Friday morning with Philip McChesney, funeral director, in charge. Interment was made in Mount Carmel Cemetery.

The child had been suffering from a bad illness for five weeks. She was in Jefferson Hospital, Philadelphia, under observation for four days and had just been taken home the day before. Death was unexpected, for although the baby was very ill, her condition was not considered dangerous.

Besides her parents, the child is survived by two brothers, John, Jr., and Robert, and one sister, Jean.

## KLECKNER DRAWS IN CAMDEN MATCH

### Moorestown Wrestler Gets Even Split in Decision With Kara Pasha

Kara Pasha, 185 pounds, of Turkey, substituting for Ralph Munns, of Colgate University, drew with Joe Kleckner, 205 pounds, Moorestown High School teacher, in the 30-minute opener on Charlie Grip's wrestling card at Camden Convention Hall, Monday evening.

Ray Carpenter, 175, Lancaster, O., threw Johnny Carlin, 173, Sweden, in two straight falls in the windup. Carpenter won the first fall with a back drop in 35 minutes and 9 seconds, and the second fall with a body press in 13 minutes 35 seconds.

Joe Montana, 194, Camden, pinned Joe Kocout, 197, Canada, with figure-four body scissors. Time—22 minutes 20 seconds.

Carl Van Werden, 174, Canada, and Henry Irslinger, 178, Atlantic City, drew in 30 minutes.

### Mrs. Martha H. Alcott

Mrs. Martha H. Alcott, 83 years old, widow of Stokes Alcott, died at her home in Marlton, on Friday, from pneumonia.

Funeral services were held on Tuesday afternoon with interment in Colesburg Cemetery.

Mrs. Alcott is survived by two sons, Waters B. Alcott, of Marlton, and Herbert Alcott, of Westmont.

A dog owned by a clergyman in Cumberland, O., likes to go through the church licking the chewing gum off the bottom of the pews.

### FOR EVERY ONE OF YOU

## Protecting South Jersey from Forest Fire Menace

TRENTON — Penetrating Jersey woodlands from scores of points in Ocean, Atlantic and Monmouth Counties, hundreds of the State's unemployed are engaged in cutting an intricate pattern of modern fire lanes which will be of incalculable value in preventing the spread of serious outbreaks of forest fires in the future.

More than 200 miles of fire lanes, each a swath thirty to forty feet wide through the woods, where firebreakers can make their stands against swirling flames, are in the program which is under the direction of the State Fire Warden and is designed to give the State for the first time an adequate control system against fires in the pine and forest throughout Southern Jersey counties.

The lanes are the reciprocal, cooperative service the unemployed are giving in return for the benefits they receive in the form of sustenance during the present emergency. The enthusiasm of the men doing the work in many cases is heightened by the fact that they have had to fight forest fires in the past, and in some cases have seen their homes burned because an adequate fire lane system has been lacking.

Municipal groups of unemployed are working separately under the general plan which will link the fire lanes

into a comprehensive pattern. Where possible, the lanes are created along roads which will enable firefighters to reach the scene of any fire by automobile in minimum time. The photograph above, one taken in Lacey Township, Ocean County, shows a fire lane being created over the entire length of a road twenty miles long through the pine scrub and brush, where the road, more than 100 years old, had been through dense nearly obliterated by the brush. The brush is cleared to make a thirty-foot swath with the road in the center. Trees and larger shrubs are left standing, and as a final step in the procedure the stubble on the ground is burned away.

## BOY SCOUTS PLAN CAMPING TRIP

Lads Urged to Listen to Dr. Rosengarten's Broadcast Tomorrow Evening

Every member of Service Troop, No. 48, Palmyra, including the Sea Scout patrol, is urged to be present at tonight's meeting, as a real surprise is in store for those attending. Therefore no details of the meeting will be given, except bring your bit for the basket.

Last week the Sea Scout patrol adjourned to the American Legion toy ship and went to work with tools and paint in an endeavor to get the toys ready for Christmas. They were finally persuaded to go home late at night upon receiving the assurance they could go again and help with the work.

Next week the troop meeting will be held at Camp Mahalala along with a three-day camping trip leaving troop headquarters Thursday morning and returning Saturday afternoon. All reservations must be in the hands of the scoutmaster or Camp Committeeman H. Scheible tonight. Assistant Scoutmaster Bailey will be in charge of commissary. Fred Hensler will provide transportation. He will accept any offers made to him by car owners. This trip is also open to scouts who are interested. There are plenty of cabins available and a good time is assured.

To all Boy Scouts—Dr. George Rosengarten, of the West Philadelphia High School, and Merit Badge Counselor in Astronomy in Philadelphia, will broadcast from station WTEN tomorrow evening at 7:00 p. m. He will speak about the Astronomy Merit Badge.

To the Scout who is slipping: "You are the fellow who must decide whether you'll do it or lose it aside. You are the fellow who makes up his mind whether you lead or linger behind." —Author unknown. Publicity Committee.

### I. O. O. F. NOTES

The Christmas Party Committee of Cinnaminson Lodge, I.O.O.F., refuses all details of the party, putting it squarely up to the members to come out and see and enjoy themselves on Friday evening, December 30, at 8:30 o'clock.

All members having Red Arrow money and stubs for the lodge please arrange to have it in the hands of Fred Hensler by December 28 so that a proper report can be made by the first of the year.

## WESLEYAN MEN'S BIBLE CLASS

Due to weather conditions, the class attendance last Sunday fell below normal. However, Mr. Folsom delivered a most interesting Christmas story. The classroom has been very attractively decorated by Robert K. Snow and Frank Paek.

The nominating committee made its report, which was unanimously accepted. The president, Raymond Warner, is returned for his fourth year. The other officers are vice-president, Harry B. Mark; secretary, George H. Rivel; assistant secretary, Robert Evans; treasurer, Ross C. Cramer; assistant treasurer, Edward Foulson; teacher, Reading Z. Folsom; chorister, J. Horace Finney; pianist, Joseph E. Turnock.

Thursday evening, the 22nd, the monthly meeting and social will be held in the classroom. The speaker will be the Rev. Howard J. Miley.

The music will be in charge of Paul E. Grant. The ladies, of course, are invited to this meeting.

Next Sunday the service will begin at 9:45.

### BURLINGTON CHIEF LISTS

#### TWELVE HUNDRED FIREMEN

A piece of modern fire-fighting apparatus for every thousand residents is the record held by the Burlington Fire Department, according to Chief Clarence Vernon. Chief Vernon, in a report made at the close of his term, which expires December 31, alleges there are 1,200 firemen, or one fireman for every nine persons in Burlington. The report shows further that in 72 local fires during 1932, damage has amounted to only \$5,000 until the home of Jacob Ellis, on the river bank, was damaged \$15,000 recently.

Thirty layers of paper were found on the walls of an old house in Stockholm, Sweden.

Miss Mildred Chandlee, of Frankford, and Miss Anna Stockman, of Mayfair, were guests of Miss Margery Chambers, Sunday.

The Sunday School of Christ Church, Riverton will have their Christmas entertainment, Wednesday evening, December 28 at 7:30 p. m.

The hearts of six little boys and girls in Riverton and six in Palmyra will be made glad today (Thursday) when the big red stockings filled by the girls in the local office of the Bell Telephone Company are delivered. These stockings are filled with fruit, nuts, cookies, candy and toys. There are nine girls employed in the local office.

Charles L. Flanagan is recovering at Mrs. Rieger's Hospital from the effects of gas fumes. He is a gas heater Tuesday night and fell asleep. He was found sometime Wednesday morning unconscious and taken to the hospital, where he was revived. A leak in the gas hose is believed to be responsible for the accident.

Joseph Flynn, of Thomas avenue, Riverton, and Raymond Fichter, of Palmyra, killed an eight-pronged buck in the woods near Pemberton Monday. The deer was shot of Flynn.

A Christmas play is to be given by the children of Sacred Heart Parochial School Friday evening of this week. Admission 25c. Children will be admitted free if accompanied by their parents.

Wilbur Reed, of Glassboro, brother of Mrs. Rachel Rieger, of Riverton, died suddenly Tuesday afternoon.

Among those home from college for the Christmas holidays are: Miss Grace Sippel, and Miss Maxine Melstner, Sargent; Charles Woolston and Jack Carpenter, Perdue University.

# THE NEW ERA

Vol. 44, No. 51.

RIVERTON, NEW JERSEY, THURSDAY, DECEMBER 29, 1932

PRICE, FIVE CENTS

## NEW YEAR'S EVE SERVICE WILL BE HELD IN PALMYRA

The Rev. George Lockett Will Present Message Saturday Night

## TWIN CITY CHURCHES ARE CO-OPERATING

Annual Week of Prayer to be Observed From January 3rd to 6th

A Union Watch Night service will be held Saturday night in the Epworth Methodist Church, Palmyra. The service will start at 11 o'clock, and close at the New Year comes in. The message will be presented by the Rev. George Lockett, pastor of the Central Baptist Church.

Those who attended the very successful Watch Night service a year ago will surely want to enjoy the service this year, and it is hoped that many more will attend.

The Moravian Church is cooperating with the churches of Palmyra in this service, and of course, the general public is cordially invited. This custom of considering the significance of time, and of giving a religious welcome to the New Year, is significant and valuable. Let it be truly a community event.

The annual week of prayer services will start Tuesday evening; no service will be held Monday evening, as it is a holiday. These services will be held in the Central Baptist Church. The services will be preached by the pastors of the other cooperating churches as follows: Tuesday, the Rev. C. T. Bates; Wednesday, the Rev. Ira S. Plam; Thursday, the Rev. H. L. Green; and Friday, the Rev. A. Earle. As in other years, one of the helpful features will be the singing, under the leadership of Mr. VanOsten.

These services help to create a valuable spiritual atmosphere and to set a definitely Christian tone for the opening of the year. It is the hope of the Ministerial Association, and of the cooperating churches, that the interest and attendance of the people of Palmyra and Riverton will combine to make a most excellent week of special services.

## PORCH CLUB AIDS CHRISTMAS CHEER

Many cheerless homes were made brighter and happier by the distribution of Christmas baskets by the welfare committee of the Riverton Porch Club. Mrs. Joseph Beck Tyler was chairman of the Christmas committee, and received a large number of donations of money, food, clothing and toys. Baskets, containing not only the necessities of life, but many luxuries, especially toys wherever there were children, were delivered to more than fifty families. Many club members aided in the distribution by lending their cars, and the Boy Scouts did splendid work in assisting.

Covered Dish Luncheon  
A covered dish luncheon for club members is scheduled for Tuesday, January 3, at one o'clock at the club house. Mrs. Charles Ayres, telephone 483-7, should be notified for reservations. A short business meeting will follow the luncheon, after which there will be two-minute talks by club members on current events. The main feature of the afternoon's program will be a talk, "Social Problems of the Community," by Mrs. E. Newbold Cooper.

## Mrs. Marie H. Allbright

Mrs. Marie H. Allbright, widow of Harry M. Allbright, died at her home on 24 Potter street, Haddonfield, Saturday night.

Funeral services were held from her late residence on Tuesday afternoon at 2 o'clock, with William Grobler, of Moorestown, funeral director in charge. Interment was made in Colestown Cemetery.

Mrs. Allbright was the daughter of the late Thomas and Elizabeth Gill, of Moorestown. She was a sister of Mrs. Charles W. Mortland, of East Main street, Moorestown.

## SON OF ELIAS PARKER IS TO WED MT. HOLLY GIRL

The engagement of Miss Katherine Rogers Smith, 18, of Mt. Holly street, and Elias A. Parker, Jr., 21, former Mount Holly High School athlete, was announced last Saturday. Mr. and Mrs. Harry Smith, parents of the girl, announced the engagement. The girl's father is a nationally known antique dealer. Parker is the son of Burlington county's detective chief. Miss Smith was graduated last year from Mount Holly High. Parker starred as a football and baseball player at the school.

## MISS STOUT RECOVERATES

Mrs. Charles R. Stout, wife of Charles Stout, Burlington county Freeholder and director of roads, who has been a patient at the Burlington County Hospital, Mount Holly, for the last three weeks, is reported to be much improved and is expected to return to her home on Florence road, this week.

We look forward to another year of service illuminated by your kind cooperation and friendliness.

HAPPY NEW YEAR  
THE NEW ERA

## SANTA CLAUS AT RIVERTON SCHOOL

Christmas Party Huge Success; Two Sketches Ably Given by Pupils

There was a jolly Christmas party at the Riverton school last Friday and it provided splendid opportunity for parents and their friends to see the many fine talents of these youngsters and how well they are being taught to express them. The invitations to the party were designed and made by the children; the scenery used for both plays given was painted by girls of the seventh grade, and Helen Schmidt's book plate to be used in connection with the Hannah H. Chew memorial library, is highly commendable.

Children were chosen from all the primary grades for their sketch "Christmas in Many Lands," which featured Scandinavian carols. It was a joy to watch these little ones and they were a credit to Miss Rothbart's coaching.

The grammar grades, under Miss Lippincott's direction, presented "The Toy Shop"—all about a little boy and girl who were locked in the toy shop overnight. When they finally dozed off, several of the left-over toys came to life. There was a very happy ending and the audience seemed most appreciative. Both Miss Lippincott and her cast deserve much credit for this very fine play.

Another splendid contribution to the entertainment was the cornet duet by Yvonne Pennington and Harry Turner, who played several carols and also led the children in singing others. To round out this festive occasion in good style, Santa, who had been very busy around the Rotary Club, arrived and he certainly was in fine humor! He sang and danced with his little elves and had a jolly good time and so did his audience, who shrieked their approval. Then, he, and his helping elves, distributed bags of candy to the children and their little guests as they passed out, with one last look at the gaily trimmed Christmas tree which brightened the corner.

## RIVERTON FIRE CO. HOLDS ELECTION

At the annual meeting and election of the Riverton Fire Company, December 20, the books of the secretary and treasurer were audited.

The new officers for 1933 are as follows: President, Walter C. Wright; vice president, John Carhart, Jr.; secretary, James J. Goodwin; treasurer, Ezra Carhart, Jr.

The following directors were elected: Charles Cole, John Goodwin, Jacob Stroheim, Thomas Downs, Jr., William Seagrave, Joseph Lesenby, William Evans, Fred Ulmer and John Stroheim.

John Carhart, Sr., was elected chief of the Fire Company to replace Walter Armstrong, who resigned by request. Assistant chief, Edward Faunce; foreman, Ezra Carhart, Jr.; assistant foreman, Ezra Carhart, Jr.

David Walker, of Riverside, was elected an inactive member.

The following committees were appointed by the chair: Relief committee, Charles Cole, G. B. Cook, William Seagrave, John Carhart, Jr., William Evans, George Steele, Lawrence Downs, John Stroheim, Joseph Lesenby.

House Committee: Charles Cole, Thomas Downs, Jr., John Carhart, Sr., Finance: Charles Madach, James J. Goodwin, Ezra Carhart, Jr., Entertainment Committee: Fred Ulmer, John Goodwin, John Carhart, Sr.

Membership: William Evans, Edward Faunce, Fred Ulmer, Jacob Stroheim, William Seagrave and John Goodwin.

John Stroheim was appointed a committee of one to send fruit to sick members and flowers to funerals of the deceased.

Those who wish to make contributions to the fire company may send them to either Ezra Carhart, Sr., or James Goodwin. It is requested that all checks be made out to the Riverton Fire Company rather than to cash or any person.

Charles A. Wright was elected an honorary member.

Refreshments were served by the ladies of the Relief committee.

## POISONING PROBED BY GRAND JURY

Wealthy Edgewater Park Family Believed Menaced By Woman Cook

The Burlington County Grand Jury which started its deliberations Tuesday morning will consider the case of Mrs. Elizabeth Keys, 53, who is alleged to have planned to poison the family of N. F. S. Russell, of Edgewater Park.

Much secrecy surrounds the strange case of Mrs. Keys, who was cook at the Russell home in Edgewater Park. Russell is president of the United States Pipe and Foundry Company, and vice president of the New Jersey Taxpayers' Association in charge of Burlington county.

Mrs. Keys is alleged to have attempted to poison Elton Horner, chauffeur for the Russells, to "try out" the efficacy of the poison before giving it to the Russell family, which is composed of the manufacturer, his wife, and four children. The woman's attempt was discovered, and she was arrested several days ago and held without bail for the grand jury.

Since news of the attempt has leaked out a guard has been posted at the entrance to the Russell home, "Neshaminy Hall," in Edgewater Park.

Reporters were unable to get a statement from Mrs. Keys, and no motive for the alleged attempt has been discovered.

Mrs. Keys was held for the grand jury by Justice of the Peace Harry McCloskey, of Beverly, who gave out the first story of the attempt to newspapermen.

The woman was examined by Dr. Daniel P. Remer, county physician, and Dr. Harold E. Longsdorf, of Mount Holly, and pronounced sane. It is believed an indictment for attempted murder will be sought against her from the grand jury.

## Mrs. Gertrude B. Showell

Gertrude Batchelor Showell, age 60, and widow of Edward B. Showell, died Saturday night following a short illness, at her home, 405 Bank avenue, Riverton.

Mrs. Showell moved to Riverton forty-five years ago as a bride and resided during the summer months only at 208 Bank avenue. Nine years later the Showells built a home at 105 Bank avenue and made it their year-round residence.

Mrs. Showell in her younger years was very active in local and outside club work. She was one of the organizers of the Porch Club in Riverton and held the office of president. She maintained an active membership in the Riverton Yacht Club for many years. Her influences were felt in school work and she helped to organize the present Riverton Parent-Teacher Association. She was a member of the Daughters of the American Revolution; the Sons and Daughters of the Pilgrims; and held a membership in the New Century Club of Philadelphia. In her later years she was devoted to active work in the Women's International League for Peace and Freedom and at one time held the office of state chairman as well as the office of recording secretary.

Edward B. Showell, her husband, died in 1916 and in 1923 Mrs. Showell moved from her home at 105 Bank avenue to 405 Bank avenue.

Funeral services for Mrs. Showell were held from her late residence Tuesday afternoon at two o'clock with the Rev. Arthur S. Lewis officiating. Interment was made in the South Laurel Hill Cemetery, Philadelphia, under the direction of Frank A. Snover, funeral director.

Mrs. Showell is survived by three sons and a daughter: G. Rex Showell, Jack Myers Showells and Mrs. Gertrude Kline, of Riverton; Edward B. Showell, of Buffalo, N. Y., and Charles B. Showell, of Saranac Lake, N. Y., and her sister, Mrs. George B. Carter, of Richmond, Va.

## RIVERTON MAN BROADCASTS

The Riverton man who spoke over the radio Friday evening, December 18, from the Chalfonte Hotel, Atlantic City, was Louis A. Flanagan, who is spending the winter there. The broadcasting was through WFO. He is in again some Friday night and you may hear him speaking.

## MAPLE SHADE MUST PAY TAXES

"Pay Up or Stand Suit" Is Ultimatum of Freeholders After Conference

A delegation appeared before the county Board of Freeholders last Friday to discuss with that body the delinquent taxes due the county from Chester township, of which Maple Shade is a large part. The committee was composed of Charles Collins and Ernest Wolff, members of the township committee; Elmer Solly, committee-man-elect; Hugh E. Dunn, treasurer, and George M. Hillman, solicitor.

The matter was discussed in executive session and after several propositions of settlement were considered, including the acceptance of revenue notes by the county, the final decision of the Board of Freeholders was that unless Chester township paid up its delinquent taxes it would be necessary for the county to enter suit for the recovery of the amount due.

In explaining to the board the financial difficulties of Chester township, the delegation pointed out that the municipality had planned a rapid growth during the boom times of 1928-1929 and obligated itself to construct and pay for improvements on a scale based on the anticipated development of the township. The administration was caught by the depression with huge sums due on notes at high interest charges, and found itself unable to meet its obligations.

The organization meeting will be held on January 2 at high noon. There will not be any change in the membership of the board for the new year, William H. Heisler, Jr., of Pemberton, being re-elected to membership.

A complete map of Burlington county showing the location of every bridge and all culverts twelve inches or over in the county, was displayed at the meeting by County Engineer H. Brovoort Smith. There are a grand total of 3320 bridges in the county.

Each bridge and culvert bears a letter and number, while a card index system makes it easy to furnish quick information as to the condition of the bridge or culvert, when it was built, or repaired, the cost, name of the contractor and other necessary matters. Each township and municipality in the county is to be furnished with a copy of the map.

Supreme Court Justice Joseph L. Bodine gave the board official notice of the appointment of Lee A. Towers as court stenographer at a salary of \$2100 for the district, \$900 of which is chargeable to Burlington county.

Riverton's borough clerk notified the freeholders of the re-districting election district would not be necessary, the work merely consisted of changing the imaginary lines of the district in order to better apportion the votes.

The following bills of the various departments of the county were ordered paid: Finance, \$14,468.16; roads, \$21,381.12; bridges, \$4,564.59; buildings, \$12,752.70; public affairs, \$37,130.53; making a total of \$90,437.18.

## RUNAWAY BOY LEFT IN JAIL

11-Year-Old Lad Spends Night in Jail When Parents Fail to Call For Repentant Youth

Chief of Riverton Police Walter G. Miller, picked up a boy last Thursday afternoon, who after running away from his home in Upper Darby, Pa., decided he wanted to return. Miller held the boy and notified Upper Darby police that the lad, John Lopresti, age 11, was in his custody, and requested that they notify his parents at 7332 Clinton road.

The boy finished the day, spent the night and Friday morning at the lock up, but still his parents did not call, so Miller could no longer resist the lad's tears, and he forthwith placed the lad on the bus for home with sufficient money to complete his journey. The lad was given a receipt for his safe return to be signed by the parents and mailed back to Miller.

## Amanda E. Hance

Amanda E. Hance, age 70, of 712 1/2 Main street, Riverton, died in the Burlington County Hospital, Mount Holly, early Tuesday morning after a six-months illness.

Mrs. Hance for many years a resident of Burlington, was a life-long member of the First Baptist Church there and for twenty-five years was president of the Silent Workers Circle of King's Daughters. She sponsored and carried through to a successful conclusion the depression in a room in the Burlington County Hospital for the King's Daughters.

Funeral services will be held Friday afternoon at two o'clock at Slack's Funeral Home in Burlington with the Rev. Millard Canmore Peirce officiating. Interment will be made in the Odd Fellows Cemetery, Burlington.

Mrs. Hance is the last of her family, having survived two brothers and two sisters, and leaves a son, Raymond S. Hance, of 712 1/2 Main street, Riverton, with whom she has resided for the past six years.

## Automobile Burned

The De Soto coupe owned by Harold Sheble, of 414 Lippincott avenue, Riverton, caught fire when Mrs. Sheble was backing it out of the garage on Tuesday, Wednesday at noon. The Riverton Volunteer Fire Company answered the alarm and extinguished the blaze, which was confined to the front of the car.

## Lighted Christmas Trees

Notwithstanding the depression when the Christmas spirit might be expected to have lost some of its fire, Riverton residents have shown even a greater tendency to illuminate windows in their homes and light trees on their porches and in front of their properties. Many beautiful exhibitions of this kind may be seen in Riverton.

## Riverton's Business Is Your Business

Mayor Killam E. Bennett will welcome two new councilmen into the Riverton Borough government next Monday, January 2, at 12 noon, in the auditorium of the Fire House, Howard street, Riverton.

The new councilmen, Edward R. Williams and H. Melvain Biddle will succeed Francis B. Elwell and William H. Albertson for a term of three years.

The mayor will, according to his usual custom, address the members of council and citizens present, and will announce the new committees and their respective chairmen.

Mayor Bennett, this year in particular, has a very important message for the citizenry at large, dealing with the financial condition of the borough.

During these strained economic years, many small municipalities have undergone serious financial disruption with the attendant confusion and embarrassment.

The mayor has very carefully surveyed the situation as it applies to Riverton and has a detailed report to make which will be of interest to every taxpayer.

All meetings of the borough council are open to the public, including the organization meeting.

The mayor and council are in effect the president and board of directors of a three million dollar corporation belonging to the citizens of Riverton, the affairs of which they are administering without pay.

Rivertonians can show their appreciation of this service by attending the meetings of their executives and showing some interest in the conduct of borough affairs.

Attendance at the organization meeting will serve as an acknowledgment of the services of the retiring members, and as a token of confidence and encouragement for the new ones.

Had enough citizens throughout the country shown just ordinary interest in the conduct of our government business, much confusion and expense might have been avoided, and possibly too, the hasty organization of taxpayers' and kindred associations throughout the land might have been spared.

Such associations are by their very existence an admission of past public indifference, and since New Year's resolutions will soon be in order, would it not be appropriate for every taxpayer to resolve to pay more attention to public business, be it municipal, county, state or federal? The strict observance of such a resolution would soon lead to an ideal governmental condition that would operate to the advantage of every individual.

Start the New Year right! Be present at Riverton's organization meeting on Monday and make Riverton's business a part of your business.

## WOOD SENTENCED TO 6-MONTH TERM

Assault of Burlington Man Must Serve Time for Vicious Attack

William Wood, colored, Burlington was sentenced to six months in the county jail by Judges Charles A. Rigg after hearing testimony on charge of atrocious assault and battery on John Pitko, of Wood street, Burlington.

Wood entered a plea of non vult to the charge two weeks ago and the case was held over because the judge wished to hear the witnesses before passing sentence.

The defendant claimed he attacked Pitko in self defense but Pitko denied this. He said chickens owned by Wood were continually on his property and that he had asked the man to keep them away. On this occasion he said he was chasing the chickens off his property when the colored man came over and attacked him.

Pitko was severely cut about the neck and face and 32 stitches were required to close the wounds. The assault took place on November 13 of this year.

William Cramer, of Burlington, pleaded guilty to a charge of possessing lottery tickets in Burlington on December 16. Two number books were found in his possession when Motor Vehicle Inspector Herman Bading and County Detective Clinton Zeller arrested him on a motor vehicle charge, and at that time Cramer admitted being a number writer. He was fined \$75, and placed on probation for six months to pay the fine.

The case of Joseph Tete, of Merchantville, and William H. Dawson, colored, of Burlington, both charged with possession of lottery tickets, were continued for two weeks. Tete has pleaded not guilty and will be placed on trial, while Dawson has pleaded non vult and will be sentenced.

## NOTICE TO TAXPAYERS

Any taxpayer in the Borough of Palmyra may ascertain what assessments have been made against him for the year 1933 by calling at the home of the assessor, 705 Garfield avenue, from January 2 to January 8, inclusive.

JAMES H. HARTLEY, Assessor.

## MRS. MARY WILEY

Mrs. Mary E. Wiley, 29 years old, mother of Mrs. E. B. Calloway, of Cleveland avenue, Palmyra, died on Monday. Funeral services were held Wednesday afternoon at 2 o'clock at the home of the deceased, 705 Garfield avenue, inclusive.

Interment was made in the Odd Fellows Cemetery, Burlington.

Funeral services were held at the home of the deceased, 705 Garfield avenue, inclusive.

## SANTA CLAUS VISITS ROTARY

Has Gifts for Sixty Boys Who Were Guests of Club

Santa Claus was a busy fellow last week, yet he found time to drop in at the Palmyra-Riverton Rotary Club Thursday evening as the final guest at the annual Christmas party for Cinnaminson, Palmyra and Riverton boys. So pleased was he at his reception that he gave a candy cane and a small new sweater to every boy in the crowd. He sang for them and with them, and danced about like the jolly old elf he is. Some one suggested that he resembled "Bishop" Lockett, but of course, it couldn't have been the dignified president of the club.

Sixty hungry boys walked and rode to the Rotary Club when they were met by the committee in charge. Joe Evans, Ed Jessup and Ross Mathis certainly had prepared a memorable night's entertainment. Dr. LeFavor played the piano in his inimitable way, while scores crowded around the instrument to watch his nimble fingers. Then everyone sat down to one of Mrs. Sharpless' turkey dinners; Dr. Mills carved one huge bird at the head table, just to show how easy it is when you know how. Between the many courses, Bill Ward led the whole company in the singing of Christmas carols, most of which the boys knew by heart.

Everyone noticed a long-haired gentleman at the front table; he was Harry J. Alpigini, of Oaklyn, N. J., who proved to be a magician of unusual talent. For an hour he kept the throng spellbound with his clever tricks. From the time he abstracted a half-dollar from his roll, until Joe Evans' five dollar bill disappeared, only to be found in the center of a seemingly whole lemon, he was the center of attraction.

The rate at which handkerchiefs changed colors, coins fell out of the air into a metal vase, eggs went from a hand into a bag and dice disappeared in a four-doored box, was most alarming. Of course, he needed the help of various boys, who were often startled by a sudden change of long strings of sausages concealed in their coats, or blew gold pieces from their noses. Perhaps the high light of the program was the Hindu needle swallowing trick, in which Mr. Alpigini put ten separate needles down his throat, then swallowed a piece of thread, only to pull them out nicely threaded on the slender cord. Everyone agreed that the magician was really good.

Certain routine business was also transacted. The club voted to accept the District Governor's invitation to attend a special luncheon meeting to be held at 12:15 on January 10 at the Moorestown Community House, in honor of the third vice-president of Rotary International. Christmas greetings were read from the district governor and the president of Rotary International. The attending committee reported that Palmyra-Riverton ranked third in the 50th district for November.

Seven full-grown guests were present, including past Rotarians Day, Weart and Stan Stewart. Mr. Stewart accompanied the singing of Santa Claus, and led the final "O Little Town of Bethlehem," which was the signal for the club and those it had entertained to depart.

## COMMUNITY SINGS CHRISTMAS CAROLS

Rivertonians Join in Singing Carols Around Community Christmas Tree

"O Come all ye faithful, joyful and triumphant!" The strains of this and other old Christmas carols were heard Sunday evening at 5 o'clock when citizens gathered round the community Christmas tree at Broad and Main streets, Riverton, and led by Robert F. White, who was assisted by two cornets played by David Beagle, of Moorestown, and Walter Gross, of Palmyra, joined their voices in a community singfest. Six of the most favorite carols were on the program, ending with "Silent Night, Holy Night." At the completion of this number, Mr. White asked the smaller children to sing it by themselves, which they very willingly did, and in fine form.

Printed song sheets were distributed and every one of the hundred and fifty men, women and children joined in the singing.

The other carols sung Sunday evening were as follows: "O Come All Ye Faithful"; "O Little Town of Bethlehem"; "We Three Kings of Orient Are"; "Angels From the Realm of Glory"; "It Came Upon a Midnight Clear"; "Silent Night, Holy Night."

Wesleyan Bible Class  
Last Sunday the Wesleyan Men's Bible Class met in the church, which had been artistically decorated with holly and a Christmas tree.

Selections were given by Wesleyan quartet, and Mr. Pinnett's address, "The Christmas Story," was given.

The class will meet again next Sunday.

## WELFARE SPREADS CHRISTMAS CHEER

Ninety-nine Needy Families Are Given Food by Palmyra Organization

The Palmyra Welfare Association, with the financial assistance of many kind friends was enabled to bring joy and hope into 99 homes, that otherwise would have been cold and dreary, Christmas day.

## BABY IS BORN IN AMBULANCE

A son was born to Mrs. Annie Meyers, colored, of Race street, Palmyra, Tuesday evening in the ambulance, while enroute to the Burlington County Hospital.

Mrs. Meyers was attended by Mary P. King, of Charles street, Palmyra, who deserves much credit for the splendid way in which she cared for both mother and child.

The Palmyra Ambulance Association should be commended for the splendid equipment maintained in the ambulance, always ready for just such an emergency.

Neither Mrs. Eng or the ambulance association can be given too much credit for this new work.

## I. O. OF. NOTES

Cinnamon Lodge, No. 201, I. O. F., of Palmyra, will hold its annual Christmas party tomorrow evening. All members and their friends are cordially invited to be present.

Games will be played and refreshments will be served by the committee in charge.

Each person is asked to bring a ten cent gift. These presents will be hung on the Christmas tree and will be exchanged among the members and friends.

Awarded a cent verdict in a \$50,000 breach of promise suit, Miss Katherine Betty Werner, of Baltimore, said she was satisfied.

ARTHUR RAYMOND  
Member of Moorestown Troop 2, who was invested with the rank of Eagle Scout, highest of Scout honors, at the recent Court of Honor in the Presbyterian Chapter House.

## ARTHUR RAYMOND NEW EAGLE SCOUT

Receives Highest of Awards at Troop Court of Honor

The outstanding event in the Court of Honor recently held by Moorestown Boy Scout Troop 2 in Presbyterian Chapter House, was the investing of Arthur Raymond with the rank of Eagle Scout, the highest of Scout honors.

Scoutmaster of the troop, William C. Coles, assisted by Eagle Scouts Deyo was chairman of the proceedings, assisted by Wilfred Wolcott and Dr. Howard A. Lippincott.

Four new members were admitted to the troop, having passed their ten-foot tests. They are Lloyd Cadbury, James Laessle, Jack Rogers and Robert Russell. Edwin Chambers was advanced to the second class ranking.

Merit badges were awarded as follows: For bugling, canoeing, swimming and woodworking, John Wolcott; scholarship, Livingston Deyo; canoeing, basketball and woodworking, Wilfred Wolcott; interpreting, chemistry and scholarship, Fritz Hyatt; art, woodworking, carpentry and woodcarving, Arthur Raymond.

John Wolcott was made a star scout, while bronze palms were presented to Wilfred Laessle and Fritz Hyatt for having earned five merit badges since becoming eagle scouts.

## B. & L. MEETING

The Palmyra Building and Loan Association will hold its regular monthly meeting on Tuesday, January 3, instead of Monday, January 2.

## NEW CHEVROLET WINS APPROVAL

Many Radical Changes Over Old Model Make for Better and Handsomer Car

Three 1933 Chevrolet automobiles have been sold by the Pal-River Chevrolet, Inc., 10 Broad street, Riverton, and according to John W. Dawley, manager of the company, many more will sell themselves to the public during the coming year.

The new Chevrolet is a radical departure from the 1932 model, having a longer wheelbase and a new streamline body design, which make for riding comfort and a new beauty in appearance.

Chevrolet beat the field with a new Fisher no-draft ventilating system which ventilates all parts of the interior without annoyance or discomfort to any one passenger.

A starting innovation, the starter, is a new safety device which permits the driver when stalling in traffic to merely press the accelerator and the motor is started again.

The 65-horsepower engine is mounted on a cushion balanced engine mounting, and is equipped with the octane selector which by simple adjustment permits the owner to burn all grades of gasoline with maximum efficiency. A fourteen gallon fuel tank is located at the rear of the car and is completely covered from view by the rear panel of the body.

Other notable features included on the Chevrolet are the safety glass windshield, synchro-mesh transmission with silent second, simplified free wheeling, a 63 1/2-pound counterweighted crankshaft, airplane type instrument panel, hardwood and steel bodies by Fisher, larger and more powerful brakes, easier steering and a stabilized front end construction.

Manager Dawley cordially invites the public to visit their showroom and see this new model which is setting the pace in the low price car field.

## RIVERTON ITEMS

Miss Christine J. Koehler, of Roanoke, Virginia, spent the holidays in Riverton visiting friends and relatives.

Mr. and Mrs. William A. Hendrickson entertained at dinner Wednesday night for a party of their friends in honor of their son, Lynn Hendrickson. Their daughter, Miss Brita Hendrickson, a debutante of this season, is a guest at the dinner which Mr. and Mrs. Harold S. Bottomley gave at their Merchantville home Wednesday evening.

Dr. and Mrs. H. D. Haig entertained at their home in Camden Wednesday in honor of their daughter, Miss Elizabeth. Guests present from Riverton were: Miss Eloise Boyer, Miss Katherine Graft, John Morris and Mr. Morris' house guest, John White.

Miss Irene Sippel, daughter of Mr. and Mrs. Walter Sippel, of Thomas avenue, entertained at the Mayfair House, Germantown, last Friday night.

## STAMPAIDE

By W. R. Hoffmann

The Penn and Webster stamps are becoming very scarce in well-circulated condition and are bound to go up in value.

**New Issues**  
Fiji—Reports have it that the 1-pound value is no longer available.  
Guatemala—The 3c on 3 peso air mail stamp has the overprint in red instead of blue.

Mexico—The 20-cent has appeared overprinted "Service Oficial" in black (unlettered).  
Syria—It has been announced that a set will be issued in the near future to commemorate the proclamation of the republic.

**Canal Zone Overprints**  
Announcement is made that there is to be an overprinting soon of the 1932 issue of the 3-cent Lincoln stamp and the 1932 issue of 14-cent with the likeness of an Indian for use in the Panama Canal Zone.

At the recent auction of the United States Senator J. S. Frelinghuysen's collection, the inverted 24-cent air mail stamp of the U. S. brought \$2,750. It was purchased by a Mr. X, of Morris-town.

**Canada**  
Recent issues of this country have appeared in two types. They appear on the following stamps: Scotts, cat. numbers 176-177 of 1931; 185 type of 1930, change in colors in 1931, 190-193 change of rate surcharged 3c on 2c.

**Type I:** In the ball of the curved ornament above the word postage there is a very small curved line inside the ball. The beard is very light, the center of the "P" in postage is merely a dot, very fine. At the bottom of the stamp in the right corner outside the frame of the 2 and inside the frame around the stamp there is very little coloring.

**Type II:** In the ball of the curved ornament above the word postage there is a long curved line inside the ball extending up the right side. The beard is retouched and dark. The center of the "P" is large and blunt. At the bottom of the stamp in the right corner outside the frame of the 2 and inside the frame of the stamp there is coloring fills the space in a triangular shape. No. 185 also appears in a very light brown. Scotts do not list most of these varieties but they are much in demand and it will add pleasure to collecting to look over your stamps to find the type.

## PALMYRA REDS DOWN MT. HOLLY

"Buck" Pratt Scores Lone Touchdown in Christmas Football Game

An off-tackle dive in the first period by "Buck" Pratt resulted in a touchdown and gave the Palmyra Red a 6-0 victory over Mount Holly A. A. in the season's final Monday afternoon.

Shortly after the game started, the Holles found themselves in trouble within the shadows of their own goal line, and booted out to Palmyra's 40-yard stripe. From this point, the Red Devils marched the porkhike down the field on straight football until it rested on the 15-yard mark.

Pratt then took the ball over on a plunge through right tackle, but Poinsett's boot for the extra point went wide.

The "Pals" had much the better of the going, clicking off 11 first downs again six 10-yard advances for the invaders. Mount Holly did not even threaten to score, reaching the 35-yard stripe on its deepest journey into Palmyra territory. This occurred in the third quarter, but the visitors lost the ball on downs.

Pratt was the outstanding sparkler of the contest. Besides racking up the lone score, the Palmyra fullback romped 50 yards for the longest run of the game. He started the journey from his own 12-yard mark in the third period and was downed by Eddie Atkinson and "Hank" Worrell started for Mount Holly.

	Palmyra	Mount Holly

## Engaged

The engagement of Miss Mary Wolcott to John Ford Quereau was announced on Saturday by the former's parents, Mr. and Mrs. Wilfred B. Wolcott, of Moorestown-Riverton road, Riverton.

Miss Wolcott is a graduate of Moorestown Friends School and Friends' Central in Philadelphia. Mr. Quereau is the son of Mr. and Mrs. Edmund C. Quereau, of San Antonio, Texas.

No date has been set for the marriage.

## WOMAN'S DEATH IN HUT CAUSES MURDER SCARE

Stricken with apoplexy, Mrs. Maggie Powell, 58, of Tabernacle, died Friday night at a shack in the pines near Tabernacle. Word of her death reached Mount Holly Saturday. As a result of a telephone message being misunderstood, it was thought she had been murdered and thrown from a sleigh. An investigation by Ellis H. Parker, chief of Burlington county detectives, revealed she died of natural causes at her home. Coroner Russell M. Stoddard issued the death certificate.

## CADDOCK'S GRIT LIKED BY FANS

Slim New Yorker, Who Meets Bronowicz, Gained Fame in Steinborn Fracas

With about 20 pounds more added to his frame, "Babe" Caddock, New York grappler, would be one of the greatest threats in heavyweight ranks.

For Caddock, who clashes with Bronowicz, of Russia, in the second bout to the Ray Steele-Milo Steinborn feature match at the Camden Convention Hall next Monday night, has the "heart" to reach the heights. He gave a remarkable exhibition of gameness in his last match on Camden canvas, the burly Steinborn providing the opposition.

Steinborn enjoyed every physical advantage over the slight New Yorker, yet the latter did not sidestep the issue when thrown in with the German bear. In fact, Steinborn also admired Caddock's courage and made no determined effort to finish "Babe" although it is highly probable that Milo could have disposed of his lighter foe within a short period of time.

As it was, Steinborn took things easy while Caddock hustled in a vain attempt to cope with the German strongman. The match ended abruptly when Caddock missed a vicious flying tackle to hurdle through the ropes and land with a crash on the floor.

Steinborn climbed out of the ring and carried Caddock to his dressing quarters, where a hasty examination by State Physician Joseph E. Nowrey, Jr., disclosed that "Babe" had suffered a twisted tendon in his right leg.

Caddock has not appeared at Convention Hall since that night and his return will be welcomed by South Jersey fans. Although Bronowicz also will also outweigh him, Caddock will not be as greatly handicapped as he was in his match with Steinborn and Bronowicz is more than likely to fall a victim to "Babe's" dazzling speed. The match is limited to 30 minutes, one fall to win.

Besides the two above-mentioned battles, two other bouts will be presented.

Frank Judson, former Harvard wrestling coach, meets Floyd Marshall, California "stone crusher," in the 45-minute semi-final, and John Maxos, of Greece, tangles with "Wee Willie" Davis, of Virginia, who stands six feet, four inches, and weighs 245 pounds, in the opener. One fall will decide the semi-final and the curtain raiser, while Steele and Steinborn will engage in a 90-minute time limit match, two out of three falls to win.

## ROTARIANS' WIVES ARE GUESTS OF HONOR AT CHRISTMAS LUNCHEON

Members of Moorestown Rotary Club entertained their wives at a Christmas party at their regular weekly luncheon meeting held at the Community House last Thursday.

Special music was provided by Miss Annie Yarrington, who sang several delightful solos. Mrs. Harold Stose also entertained with recitations.

## PUBLIC SERVICE LISTS STATEMENT SHOWING DECREASED EARNINGS

A comparative statement of combined results of operations for the twelve months ending November 30, 1932 issued by Public Service Corporation of New Jersey for the corporation and its subsidiary companies, gross earnings of \$126,731,875.29 as against \$137,891,293.84 for the twelve months ending November 30, 1931, a decrease of \$11,069,418.55.

Operating expenses, maintenance, taxes and depreciation for the period were \$83,173,212.32, a decrease of \$9,031,561.73, leaving a net income from operations of \$43,558,062.97 as against \$54,818,083.34 for the twelve months ending November 30, 1931, a decrease of \$11,259,920.37.

## AN ORPHAN?

Governor Roosevelt has been reported as declaring that the war debt problem is not his baby. Maybe not, but he is apt to have to adopt it within a few months. The Republicans found it on their doorstep back in 1921 and have had to live with it ever since.

## FIVE-DAY WEEK

Definite information concerning the five-day week has been secured by the United States Bureau of Statistics from 44,025 establishments, having 2,848,349 employees, and representing 102 industries.

The five-day week apparently has been most popular in industries where employment has been slack and where the depression has hit the hardest. While less than 9 per cent. of the establishments engaged in manufacturing agricultural implements have gone on the five-day week schedule, more than 67 per cent. of the employees in the automobile industry, and 40 per cent. in the chewing and smoking tobacco industry, and more than 38 per cent. of the employees making electrical machinery and apparatus are now on the five-day week basis.

Nearly 8 per cent. of all our manufacturing establishments with over 12 per cent. of the employees of these establishments are on the five-day week basis.

Evidently it is because the shorter week and shorter hours have helped to spread employment among a greater number of people that the American Federation of Labor has gone on record favoring this change in the method of employment.

## HANDWRITING FOR TAX MAKERS

When the Post Office Department admits that three cents first-class letter postage has failed to yield an increase in revenue, and has actually caused a decrease, it submits to the law of diminishing returns. You can't make a taxpayer write letters and you can't make him use a three-cent stamp when he can use a one-cent postcard.

Congress should bear these experiences in mind when it prepares its next tax bill. It will have to make its basis of taxation so broad and spread it so thinly over a variety of articles, that it will scarcely be felt. Otherwise, taxes will decline, because an over-taxed people will deny themselves exorbitantly taxed products.

## SELF SERVICE

Many good folk are lamenting the passing of the era when men and women consecrated their lives to unselfish service and prepared themselves to become ministers, missionaries, teachers or country doctors that they might administer to the spiritual, mental and physical need of humanity without thought of large worldly gain. They are not in error when they charge that modern men and women are choosing vocations today in which they can do the greatest service to themselves.

People today are coming to the belief that the best way they can help others is to produce much that their profit shall be large and that they shall never become dependent upon society. The old idea of service was direct. The new service is indirect. Twenty years ago it was still thought that only ministers, doctors and teachers served humanity. Today every workman who carries his whole day's wage home is known to have earned that wage in service to society.

Elbert Hubbard's version of the Golden Rule was, "Do unto others as though you were the other," but an even more up-to-date version is, "Do yourself much good and no bad to others."

## WHY WOMEN ARE LATE

From time immemorial husbands have complained of the long time it took their wives to dress; men have observed that women did not heed the flight of time, but carried on interminable telephone conversations without realizing how long they talked, and so on.

This apparent lack of regard for time by the fair sex has long been the source of endless comment—often profane. But now it has all been explained, thanks to modern psychology.

Exhaustive tests conducted at Johns Hopkins University show that women just naturally can't help it. They don't realize the meaning of "tempus fugit".

These tests developed the fact that women on an average estimate the time it takes them to perform a given task about one-half the actual time required. Dr. Isabel Stewart, who conducted the tests, which were made with 1,048 students, both men and women, said:

"Men estimate more accurately. The inaccuracies of women imply that time really seems shorter to women than to men."

Which recalls the joke of a paragrapher, who wrote: "Married men do not live longer; it just seems longer."

## A LONG WAIT

My grandpa notes the world's worn cogs and says we're going to the dog.

His grand-dad in his house of logs, swore things were going to the dogs.

His dad among the Flemish bogs, vowed things were going to the dogs.

The caveman in his queer skin togs said things were going to the dogs.

But this is what I wish to state: The dogs have had an awful wait.

## The WORLD at the CROSSROADS

This is one in a series of articles on the world today by the youngest member of the Sherwood Baby American Council, which spent the past summer studying present conditions in Europe under the guidance of over ninety leaders of economic, political, and social life. Questions or reactions will be welcome.

## WAR DEBTS — GOING!

Whether we like it or not, we might as well recognize the fact that we are not going to get many more payments on the war debts. We can call it unthinkable, unfair, unjust, immoral and dishonest if we want to but it won't do much good. The fact that half the recent payments have been finally squeezed out doesn't seriously alter the situation. The cancellation of those debts will be so much to the benefit of both Europe AND America that we can't afford to keep them.

But that statement needs proving. Yes? Well, here goes, with only one aside—namely, that the present stupid policy of Congress in refusing to re-establish the debt-funding commission deliberately puts us in the position of being ashamed to have a group of impartial American citizens rehear our case for the debt cancellation. We must surely have a guilty conscience. "Take it or lump it!"

The case for Europe has been stated several times and doesn't seem to warm our hearts very much. Why should America hold the bag? But does that tell the whole story? Let's ask some more questions.

Which is more to the advantage of the United States, a prosperous or a bankrupt Europe? The answer: A prosperous Europe. Europe is our best customer, having bought over one billion dollars worth of goods per year before the depression, that amount now having been reduced over 50 per cent. A prosperous Europe can buy; a bankrupt Europe cannot. Neither can a bankrupt Europe protect the ten billion dollar American investment abroad.

What is the loss to the average American due to the depression and how does it compare with the debt?

## "PROSPERITY" TO BE SHOWN SATURDAY

That inimitable laugh duo, Marie Dressler and Polly Moran, make their latest co-starring appearance Saturday, New Year's Eve, in the midnight show at the Wall Whitman Theatre.

This popular team is seen as scrapping mother-in-law and being the small-town atmosphere back that was used in their former successes.

There will be the usual run on Sunday with a splendid bill of vaudeville and the management has arranged for a special midnight show on Sunday evening also.

## James H. Butterworth

Funeral services were held this morning, with solemn high mass celebrated in Our Lady of Perpetual Help, Maple Shade, for James H. Butterworth, 72, known as the "mayor" of Taunton Lakes, near Medford, who died on Monday at the home of John S. Farley, at Moorestown, on Route 42, Maple Shade.

Mr. Butterworth, who was well-known to the cottagers who vacationed at Taunton Lakes, was a globe-trotter in his early life. He owned a cattle ranch in the West, was a gold prospector and finally settled in Philadelphia, where he conducted a hotel and restaurant at Marshall and Huntington streets.

After retiring from business he built a home at Taunton Lakes. His wife died six years ago, and since then he has made his home with Mr. Farley, a Maple Shade brick manufacturer.

He is survived by two sisters, Mrs. Margaret Begman, of Ventnor, and Mrs. Mary Link, of Philadelphia, and a brother, Thomas, of Philadelphia. The funeral was held at 8 o'clock at 115 North Church street, Moorestown, on Thursday. The Rev. John C. Farrell will officiate at mass at 9 o'clock.

## William F. Taubel

Funeral services were conducted from the Earliest Funeral Home, 307 Bridgeboro street, Riverdale, last Friday at 10 o'clock for William F. Taubel, son of the late Louis and Henrietta Taubel and first cousin to William F. Taubel, retired hosiery manufacturer, who died at his late residence, 639 Bridgeboro street, Riverdale, after a heart attack.

## CHRISTIAN SCIENCE

"God" will be the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday, January 1, 1933.  
The Golden Text is: "Praise waiteth for thee, O God, in Zion: and unto thee shall the vow be performed. O thou that hearest prayer, unto thee shall all flesh come (Psalms 66:13)."  
Among the citations which comprise the lesson-sermon is the following from the Bible: "Am I a God at hand, with the Lord, and not a God afar off? Can any hide himself in secret?"

## NEW IDEAS IN HOME MAKING

By ADA BESSIE SWANN  
Public Service Electric and Gas Company  
Home Economics Department

## WHAT TO DO WITH LEFT-OVERS

**LEFT-OVER turkey?** Of course you have some. Well, let's have turkey hash, deviled turkey bones, turkey loaf or turkey stew. Also we can make potato and turnip cakes from the left-over turnips and potatoes, and bake them in the oven.

If there is only a tiny bit of plum pudding left you may make a plum pudding brown betty by adding three cups of tart apples, one-quarter teaspoon cinnamon, one-quarter teaspoon nutmeg and four tablespoons of butter to the crumbled-up leftover plum pudding. There should be one cup of crumbled left-over pudding. Put all in a buttered baking dish and bake forty minutes in a moderate oven, 350 degrees. Serve with a hard sauce.

## Turkey Hash

2 cups cooked turkey meat  
1 small onion, finely chopped  
1/4 cup top milk  
1/4 cup flour  
1/2 cup onion juice  
1 cup finely chopped carrot  
2 tsp. minced parsley  
Mix ingredients in order given. Pack in greased bread tin. Bake one hour in a moderate oven, 325 degrees. Serves six.

## Turkey Stew

For this purpose, use drumsticks and wings and take off all the meat remaining on the bones. Also use any pieces that may have remained on the platter when the turkey was first served. Disjoint the back piece, called the rump, splitting it down the back and cutting each piece in two, thus making four pieces of the back. Do not cut the meat from the bones. Place all the pieces in a kettle, add any of the stuffing and any gravy that may have been left. Add water to partially cover contents, cover the kettle tightly and set it where it will come to a boil, then reduce the heat and simmer forty-five minutes, stirring often, adding more water if it should seem necessary. There should be just enough gravy at the last to keep the meat from sticking to the kettle. The turkey should stew long enough to warm it thoroughly, but not long enough to cause the meat to fall from the bones. Season with salt and pepper.

## Chicken or Turkey Bone Soup

Never throw away the carcass of a turkey or chicken, for it will make a delicious soup. Scrape the meat from the bones, break the bones, pack in a kettle and cover with cold water, adding a small onion. Cover closely and simmer very gently for three hours. Strain and cool. One-half hour before it is to be served, return to the fire and for every quart of stock add one cup of the cold meat, season and keep hot until needed. This soup may be greatly improved by adding to it, three minutes before serving, ten oysters to each quart of soup.

## FORD SALES LEAD ALL OTHER MAKES

Share of All Business Since  
January, 1927 Was  
26.1 Per Cent.

Since 1927 when the Model T car was discontinued, Ford passenger car sales led those of all other makes, according to a tabulation by the Ford Motor Company reported by William Krause, manager of Lester S. Fortnum Agency.

In this period from January, 1927, to and including October, 1932, the latest month for which reports have been compiled, Ford sales total 4,091,384, as compared with 3,705,827 for its nearest competitor and total sales of all makes of 15,183,842. Ford's share of all business in these six years was 26.4 per cent.

This record, it was pointed out, was made despite the fact that Ford production was halted twice during this six-year period in preparation for the Model A and V-8 Ford cars. Manufacture of the Model T was discontinued in May, 1927, Ford being out of the market until December of that year when the Model A was announced. Ford again was out of the market for the first five months of 1932 until volume deliveries of the new Fords began last June.

Ford passenger car sales in October were 20,410 units, which was 32.3 per cent of total sales of all makes. The next make registered 15,772, or 25.0 per cent of all makes. Ford has led in passenger and commercial car sales in the United States each month since June, when volume deliveries of new Fords began.

## FESTIVAL CHORUS AT LAKEVIEW PLANNED

A Festival Chorus is to be organized to sing in a series of sacred concerts during 1933 at Lakeview Memorial Park, which beautifies the every-day Burlington pike in Cinnaminson Township.

The chorus group is to be directed by Bernard R. Mausert, noted Philadelphia carillonist and organist.

Already concert carillonists of the most modern of electric carillons which is situated at Lakeview, Mausert has been selected for his new post because of his previous experience in the organizing of choral societies.

A graduate of the German Imperial Academy of Music and the Royal College for Choristers in London, Mausert is perhaps one of the best known choral directors in the United States. Believing that the Festival Chorus should be made up of some 200 to 300 men and women living in central and southern New Jersey, Mausert has broadcast a public invitation for talent.
