RIVERTON, NEW JERSEY, THURSDAY, JUNE 7, 1934

PRICE FIVE CENTS

RIVERBANK AND FOURTH OF JULY UP FOR ACTION AT TOWN MEETING

Town Meeting Committee and Council to Give Full Report of Findings

MEET IN SCHOOL
FRIDAY AT 8 P. M.

Fourth of July Committee Asks Opinion of Townspeople on Celebration

A final settlement is reported to have been reached concerning the old question of "what to do about the river bank," and a full report will be given to the townspeople at the Town Meeting to be held tomorrow night (Friday) in the school auditorium at eight o'clock.

The question of "what to do about the Fourth of July celebration" will also be up for discussion and a course of action laid.

A committee from Town Meeting and a committee from council met last Monday night at the home of Miss Martha McL. Biddle on the riverbank, and every phase of the situation was discussed, and certain recommendations will be formally presented to council, if they pass the judgment of the whole Town Meeting.

The many expressions of dissatisfaction with recent Fourth of July celebrations has led to the appointment of a committee from Town Meeting to cooperate with Borough Council in planning a better Fourth this year.

Several meetings of the committee have been held and they are anxious to bring before the people their findings and recommendations in the hope that Riverton will again have a Fourth more in keeping with the standard set in years gone by.

The business people are naturally interested in seeing a better local observance of the holiday, and one has volunteered a contribution of \$20 to see, as he put it, "a decent celebration."

A resident of many years standing was enthused to the point of offering a \$25 contribution.

Ways and means will be discussed at the meeting tomorrow to secure enough extra money, over and above the regular council appropriation, to return to the standard of celebration for which Riverton was famous in former years.

RIVERTON "GRADS" AT MOORESTOWN

Seven Graduate from Friends High and One from Public High

Seven of Riverton's young men and women will receive their diplomas at the graduation exercises of the Moorestown Friends High School which will be held tomorrow night.

They are: T. Bayard Brunt, Jr., Thompson W. Coe, Priscilla Eastwood, Margaret Heisler, Walter Hirst, Mildred Hirst and Harry F. Jones, Jr.

T. Bayard Brunt, Jr., will read his prize essay at the commencement exercises. Harry F. Jones, Jr., is president of the Senior Class.

Moorestown "Hi"
Emily Barclay is the only student from Riverton who is graduating from the Moorestown Public High School this year.

MAYBE!

Depression—A needed school, but the tuition is high.

Out in Kansas a lad who is up on contemporaneous literature signed his arithmetic examination "Mac West" because he "done 'em wrong."

WHO CAN PROVE IT?

There are regions in Siberia where the ground is perpetually frozen hundreds of feet deep.

Be honest in copper, and in gold thy honesty will be sure.

WASHINGTON NEWS LETTER

ACID TEST FOR NRA

There has been a heated but nevertheless healthy discussion of the National Recovery Administration since the publication of the Darrow report.

As the NRA was founded on new and untried economic theories it is not surprising that there have been many inconsistencies in its operation. In Theodore Roosevelt's time there were slogans about "trust busting." Today the Sherman anti-trust law is in moth balls. If the NRA withstands the acid test to which it is being subjected it will be modified.

The Darrow report is constructive and its criticisms point out remedies to strengthen the NRA program. General Johnson has exploded and shown his temper, as usual. General Counsel Donald Richberg has issued intemperate statements against the authors of the Darrow report.

Evidently there is too much truth in the charge that some of the Johnson organization think "they own the NRA."

Washington expects there will be reorganization of the NRA this Summer, and that the changes will serve to correct many defects that exist in the set-up.

There is nothing to be disturbed about in the present turmoil.

WHAT! REDUCE TAXES?

Much has been said about the advisability of reducing taxes, but pointing a need and accomplishing the result seem to be vastly different. There's the case in Michigan, for instance. The Automobile Club is sponsoring a petition to reduce gasoline taxes and motor vehicle registration fees. Taxes are preventing people from driving their cars, from buying new machines, argues the club. Reduce the taxes, put cars on the road, revenue in the treasury, and business in the automobile factories, it advises.

The club has been obtaining signatures for its petition at gasoline filling stations, the logical place since every motorist stops for supplies sooner or later. Indications now are, according to recent reports, that more than the legally sufficient number of signatures has been obtained.

Officialdom, however, doesn't like the idea. Road commissioners have notified filling station proprietors to "pull in those petition blanks or lose government business." A recent news item from the capitol at Lansing said oil company representatives would be called to a conference with state officials and told plainly that unless the petition was withdrawn from circulation they would be prohibited from bidding for state business. The governor said he wouldn't attend, but warned that if these taxes are reduced, the taxpayers might expect substitute levies! Shades of Washington, Jefferson, Hancock, and Adams, to say nothing of Roosevelts, past and present! What is this country coming to when elected officials tell those who elected them to office they cannot have tax reduction? What is officialdom coming to that it assumes the authority to tell business whether it shall accommodate its customers?

If the situation in Michigan is any indication, office holders are not in the mood for tax reduction. Evidently they will insist that the taxpayers shall pay and pay and pay. And upon what, then, will the taxpayers insist? Well, it looks as if regardless of whatever they decide to insist upon they'd better get started, or officialdom will be telling them they can't even decide to insist!

A boyish bob is not a kid's sled.

GRADUATES TODAY

SAMUEL L. BIDDLE

of Riverton, who graduated from Moses Brown School today, Thursday, June 7. Biddle has taken an active interest in sports, having made his letter in football and swimming. He is also a member of the Glee Club. He is the son of Mr. and Mrs. Charles M. Biddle, Jr.

NOTORIETY AND FAME

There are many queer ways of obtaining national distinction. Every front page in the country has devoted space to the almost incredible story of a criminal who bluffed his way out of an Indiana jail with a wooden mock pistol. Such audacity and nerve, legitimately directed, might have brought fame to this outlaw instead of notoriety. Had he, for instance, been available in 1917, dressed in a uniform, and authorized to murder German lads about whom he knew nothing, and with whom he had no personal quarrel, his breast might eventually have been covered with decorations. He might even have been received with honor at the White House. In the language of schoolboys, this surely is a cockeyed world.

—Alfred Biggs.

MANY GRADUATES AT PALMYRA HIGH

Large Class Will Receive Diplomas at Graduation Exercises, June 14

The 1934 Class of Palmyra High School is to hold its graduation exercises on June 14 at 8 p.m. in the high school auditorium.

This year they have chosen as their theme, their class motto: "Build for character, not for fame." The theme has been divided into six sub-topics: "Character Building in the Home," "The School," "Athletics," "Leisure Time," "Extra Curricular Activities," and "The World of Work."

Victor Washington, one of last year's prominent debaters, is to introduce and explain the theme to the audience. Ellen Showell, Dorothy Jay, Paul Guest, Edwin Moore, Lawrence Bradshaw, and George Russ, another debater, are to present these topics for the class.

The Rev. Elwood A. Harrar, of Camden, is to deliver a short address to the graduating students.

The baccalaureate sermon will be preached by the Rev. Harold L. Creager at 2:30 in the Methodist Church on Sunday, June 10.

The members of the graduating class are to be entertained by the Alumni Association at a party and dance at the Riverton Porch Club on Friday evening, June 8, and by the Junior Class at the annual Junior Prom to be held on June 12 at the Riverton Country Club.

We strive to become what people expect of us.

COMMENCEMENT AT RIVERTON, JUNE 13

Dr. LeRoy King, of U. of P., Will Be Speaker. Unique Program By Pupils

The Riverton school graduation exercises this year will be a demonstration of school work on the part of the graduates.

The mathematics contribution to the commencement exercises is a practical dialogue on the value of insurance.

The scientific part will be an experiment on the "Composition of Air."

The social studies presentation to our exercises deals with American immigrants and their descendants.

The English presentation to the program is a typical home room meeting, with other pupils showing their initiative and self-reliance by reading original stories, poems, sketches, and giving talks. The art, music, domestic science and manual training will also contribute to the commencement exercises.

This program will be preceded by a more formal one at which Dr. LeRoy King, of the University of Pennsylvania, will be the speaker and the girls glee club will furnish the music. The exercises will be held in the school auditorium Wednesday evening, June 13th at eight o'clock.

WILL RIVERTON FAIL THE KIDDIES?

Few Applicants for "Fresh Air" Guests This Year, Says Director

When we are in the fresh air and sunshine of the country we are a little inclined to forget the unfortunate children who are residents of the less favored sections of big cities.

In order to help these children get a breath of pure, clean air and a few rays of real sunshine, the New York Herald Tribune has started a fund called the Fresh Air Fund.

They have workers who solicit towns to take some of these children for two weeks or longer. Riverton has been one of these "Friendly Towns" for several years, and the youngsters are eagerly awaiting the time when they will be told that someone in this "Friendly Town" has agreed to take them for a vacation.

The Tribune Fund folks have many pathetic stories of children who never had enough grass to "just roll on," or enough real creamy milk to drink to help their little bones get strong and healthy.

Each child is given a thorough physical examination before leaving New York, and if in any case a child should get sick the Fresh Air people pay all doctor's bills and arrange for the child's transportation back to New York, should the case be such that the little one should have to return.

Anyone wishing to take a child and give it the benefit of at least two weeks may get in touch with Mrs. Gardner Crowell, Riverton 202, or Mrs. E. K. Merrill, Riverton 657-R.

The children are scheduled to arrive in Riverton, July 3, and the committee should know about ten days before that just how old a child is desired and anything else the "hostess mother" would care to know.

So far, applications are not nearly up to previous years.

The Administration knows now it invited trouble when it chose Darrow as the head of that commission, and strangely enough that was something everyone knew except the Administration.

Puerto Rico is to have a lottery. Evidently our little brown brothers are of stronger moral fibre than we are. It is figured, it seems, that a lottery won't hurt them.

SOCIAL WORKER'S REPORT ON RELIEF

Riverton Now Receiving Federal Aid Owing to Growing Demands

At a meeting of the Riverton-Cinnominson Welfare Association last Thursday night, Mrs. Dorothy N. Cooper, social worker, reported that on March 1, it was found the relief list was mounting and the cost of foods increasing so rapidly that it was no longer practical to completely finance relief work in Riverton by private subscriptions, and it would be necessary to apply for Federal Relief funds to assist in the work, which was done.

This, however, did not materially affect the policy of the local association which had been using budgets planned and issued by the state headquarters at Newark.

Under the new set-up the local association is working on what is known as the "modified plan" which means that the cost of direct relief is paid by federal funds, but since the number receiving this relief this year is three times as great as last year, the sum necessary to be raised by local contributions is much greater than heretofore. For instance, last May the amount expended for direct relief was \$73, whereas for the same month this year it was \$400, one half financed out of local funds and the other half paid by federal funds.

Mrs. Cooper estimated the budget to be raised locally from now until November 1 to be \$1700 for direct relief and administrative expenses, in addition to the federal aid.

All administrative expenses are paid out of local funds.

In closing her report, Mrs. Cooper paid high compliment to the valuable service rendered by Ross E. Mattis, chairman of the association, who had given unstintingly of his time with no pecuniary compensation.

Mrs. Cooper also stressed the great need for volunteers to help with clothing and handle other details of the work, which have assumed such proportions that additional help is needed.

Under date of June first, Charles J. Krug, Jr., deputy county director, issued the following instructions to all municipal directors:

The "work for relief" program in use in New Jersey before the CWA program, will be resumed Monday, June 4th. Each recipient of relief who is able to work, upon receipt of \$20.00 worth of relief, will receive a card, stating that he will work five days; when this recipient has worked these five days he will be given credit for \$20.00 representing the relief he has already received, and in addition will receive 10c per hour in cash. This means that for the five days work he will receive \$20.00 worth of relief and \$4.00 in cash, and he will not be asked to resume work until he has again received \$20.00 in relief then he will be recalled to work for five days.

This will give the municipalities an opportunity to do some worthwhile work, providing they have materials, as the Emergency Relief will not supply any materials for the work. If your municipality has any worthy projects which they would like to have done under this program, kindly get in touch with our Works Division, 230 High street, Mt. Holly, New Jersey, so that we can have these projects submitted to Newark and be able to start upon this work at once.

This program will give all persons on relief, who are able to work, an opportunity to do some beneficial work for their municipality and removes entirely the acceptance of relief from the realm of charity.

Yours very truly,

Charles J. Krug, Jr.,
Deputy County Director.

A mosquito never waits for an opening—he digs one.

SPRING FESTIVAL AT WESTFIELD

Annual Event at Friends' School
Attended By Large
Audience

The grounds of the Westfield Friends' Meeting presented a happy attractive appearance on Thursday, May 31, the day of the Schools' annual Spring Festival.

The first feature of the evening was a play "The Lost Comet" in which the entire school took part. Special programs had been designed by John Entwistle, one of the fathers, and presented for the occasion.

This particular play was cast as an outgrowth of class activities and research work that had centered around information of the earth and sky. Throughout the year the different groups had shown unusual interest in maps, globes, the solar system, and peoples of foreign lands. Books, models, exhibits and films from the State Museum and other sources, a visit to The Planetarium by the older pupils, the art work, the building of houses to bring out the different types needed in other lands because of climatic conditions, etc., created a motive for the play.

The tale ran that a comet had suddenly and mysteriously disappeared. His friends, the rainbow sisters, and the moon, rain, sun, stars, wind and cloud potentates resolved to find him. They visited Mother Earth and told her of their loss. She promised to do all in her power to find the missing comet. Sirius, the Dog-Star, appeared to join the search pursued by the official dog-catcher, Mother Earth called her astronomers for aid.

As the visitors had to remain with her some time, Mother Earth invited them to her birthday celebration at which the Spirit of Friendship presented the children of various nations, each of whom brought as a gift an outstanding product of their country, and then gave a folk dance. Finally, the birthday cake was brought in with three candles, denoting the past, present and future. All joined in song, and the principle characters formed an arch through which all the actors skipped away to the birthday banquet.

The School's outdoor play-stage, surrounded by the beautiful trees of the Meeting House grounds, with the sun dipping toward the western horizon, made a lovely setting. Patrons, friends and many former pupils of Westfield formed the large and responsive audience.

At the close of the play the sixth class held the yearly fair, the proceeds of which are used to buy a gift for the school.

In the meantime fathers, mothers, children and their friends had spread their picnic suppers and were having a jolly time.

The climax of the evening, however, was the baseball game between fathers and boys. With fun and clowning at its peak, the boys displayed a fine brand of ball and happy dads tottered after many hits. Fathers were wearing big smiles seeing the boys handle themselves in a way that now seems like a dream to them of their past. The evening's fun concluded with the boys of the School playing members of the alumni, and the younger fellows proved a real match for the grads.

FORCED LANDING AT WEST PALMYRA

Loss of Small Prop Drives Plane
Down in Tomato Patch
Near Vine Street

A Curtis, Jr. monoplane piloted by Jack Sharkey, United States Customs Inspector, of Philadelphia, made a forced landing on the field of Clarence Hubbs Monday afternoon about one o'clock. The plane was not damaged and the men escaped injury.

A small button on the connecting rod came loose and was lost before the pilot realized that anything was wrong.

Sharkey was flying from the North East Airport, on Red Lion Road near Roosevelt Boulevard, on his way to Camden for a new license for the plane which is owned by the "Cloudbusters."

RIVERTON

Among the graduates at Swarthmore College this year are Miss Frances Allen, daughter of Mr. and Mrs. C. F. Allen, and Miss Marion Hirst, daughter of Mr. and Mrs. Harvey Hirst.

Miss Mary Frances Irving, of Decatur, Illinois, is spending some time at the home of Mr. and Mrs. William A. Hendrickson, of Lippincott avenue.

Mrs. Percy Gill, of Collingswood, and her mother, Mrs. Florence Jones, of Edmonton, Canada, spent Saturday with Mrs. Edwin Evans.

Mrs. Charles DeGrau, of Riverside, is spending several days with her daughter, Mrs. Robert Hullings, of Riverton.

Mrs. Ross Evans spent Saturday with Miss Lillian Oder at the Dennis Hotel, Atlantic City.

Mr. and Mrs. Alex. Murphy, of Riverton, and Mrs. Miria Hillson, of Riverside Park, have returned to their homes after spending several weeks at Stone Harbor.

Mr. and Mrs. Charles C. Seemulder have returned home after spending some time at Stone Harbor.

Mr. and Mrs. Edgar Murray are giving a chicken supper at their home in East Riverton, June 16, benefit of St. Paul's Baptist Church. Ice cream and cake will be on sale.

Mr. and Mrs. Herbert M. Kickhefer, of Park avenue, entertained at a swimming party and buffet supper Sunday evening. About eighty guests were present.

Mr. and Mrs. Joseph Devine, of Merchantville, visited his sisters, Mrs. Conner and Mrs. Allen on Berkeley avenue, Sunday, June 3.

Mr. and Mrs. George T. Dold, of Elm Terrace, were recent guests at Chalfonte-Haddon Hall, Atlantic City.

Mr. and Mrs. Harry Shaffer were recent visitors at the Hotel Ludy, Atlantic City.

Mrs. Harry Eickenhoff and mother, of Beverly spent Monday with Mrs. Edwin Evans.

ALUMNI DANCE FOR P. H. S. GRADUATES

Event Will Be Held at Riverton
Porch Club, Friday Evening,
June 8

The Palmyra High School Alumni Association has arranged to give a dance and party to the members of the Class of '34 that join the Association. It is to be held the evening of June 8th, at the Riverton Porch Club from 9 until 1. Music will be supplied by the Horton-McCord orchestra.

The new members of the Association are to be admitted together with their partners free of charge. Members of the Classes of '32 and '33 may take this opportunity of joining the Association and in that manner get in the dance free of charge. Membership cards may be secured from Deweese F. Showell, 101 Main street, Riverton, or Virginia Zayotti 821 Morgan avenue, Palmyra.

So that the Alumni members may bring their friends from other schools the dance has been made open to the public, and the admission will be \$1.50 per couple.

This being the first dance of the kind in four years it is hoped that it will be well supported by all Alumni members, and that many of the graduate class will join.

LAST MEETING OF NEEDLEWORK GUILD

The last Needlework Guild meeting of the season will be held Monday, June 11, at the Riverton Porch Club starting at 10 o'clock.

It is most urgent that all members and friends of the Guild attend this last meeting in order to finish up the garments.

WEDDING TO AID MISSIONARY FUND

Children Will Present Popular Tom
Thumb Wedding. Trained
by Mrs. Coward

Friday evening, June 8 at eight o'clock, members of the Junior Epworth League will present a Tom Thumb wedding in the Sunday school of the Methodist Church.

The children who will take part have been well-trained by Mrs. R. K. Coward and a splendid evening's entertainment has been arranged.

Many notables will be represented by the children in costume, including President and Mrs. Franklin Roosevelt, Colonel and Mrs. Lindbergh, Sheriff and Mrs. George N. Wimer and Mayor and Mrs. Walter D. Lamon and many others who will be easily recognizable.

The proceeds of the wedding will be used for missionary work. Admission adults 25c, children 15c. Tickets may be obtained at the door.

JUNIOR PROM

The Junior Class of Palmyra High School is planning the annual Junior Prom for Tuesday evening, June 12. This event will be held at the Riverton Country Club and is expected to be the largest Junior Prom held yet by any Junior Class at Palmyra High School.

Miss Ermyrn Jewell and James Devor, members of the faculty are the class advisers for this event.

Sax Hunsinger and his band will supply the music, and Tak-Aboust and pretzels will be served.

SACRED HEART PICNIC

The Sacred Heart Parent-Teacher Association will entertain the Sacred Heart school children at a picnic at Memorial Park, Riverton, June 13.

About 44 per cent of the United States population is churchgoers.

COMMENCEMENT AT CINNAMINSON

Noted Speakers Will Address the
Classes in Both Schools
Next Week

Next week is commencement week. The pupils of School No. Four will graduate Tuesday, the twelfth. Miss Dunbar, daughter of Paul Laurence Dunbar, will be the speaker. School No. Two will graduate Wednesday, the thirteenth. Dr. Norman Sargent, of Princeton, who spoke at the last evening meeting of the P.T.A., will address the class. The operetta, "The Magic Fiddle," which was presented by the Westfield School, Friday, June 1, was a credit to the teachers who drilled the players, Mrs. Sims, of the P.T.A., who trained the singers, and the children, who designed the costumes and painted the scenery.

Everyone entered wholeheartedly into the spirit of the affair, which helped to make it the great success that it was.

It is hardly fair to mention a single role, but the second act where the stage was set for a concert, and the Magic Fiddle appeared, was especially well done.

There are only three members of the fire department which fought the great Chicago fire in 1871 still living.

SACRED HEART P.T.A.

The Sacred Heart Parent-Teacher Association monthly meeting will be held, Thursday, June 14, at 3 o'clock in the school auditorium. The executive body will meet at 2.30 sharp.

PALMYRA

Fred H. Fitzmaurice and daughter, Miss Marion Fitzmaurice, former residents of Palmyra, who have been residing in Coral Gables, Fla., will return to Palmyra about June 18 to spend some time with friends in this section.

The officers of the Central Baptist Sunday School held a picnic Saturday at Camp Ockanickon.

Mrs. Edward Hughes, of Garfield avenue, is spending a few weeks with her sister in Philadelphia. Mrs. Hughes recently suffered an eye injury, and is visiting with her sister while convalescing.

Mr. and Mrs. William Evans and Mr. and Mrs. Robert Evans spent Sunday with relatives in Columbus.

Carl Coehrer, of Washington, D. C., spent the weekend with Mr. and Mrs. T. S. Branson, of Washington avenue.

Mrs. Gordon Andrews and her small son are spending the week at Point Pleasant as the guests of Mr. and Mrs. Leighton Green.

The Women's Guild of the Epworth M. E. Church will hold a luncheon at the church Tuesday at one o'clock. Those caring to attend are asked to call Riverton 835 or Riverton 1155.

Andrew Barker, son of Mr. and Mrs. Andrew S. Barker, of 201 Cinnaminson avenue, Palmyra, is a member of the graduating class of the Carson Long Institute, New Bloomfield, Pa. He was a member of the basketball and baseball teams, on the debating team, a member of the glee club, on the scholastic honor roll, a member of the staff of the school paper and the year book, and first lieutenant in Company B.

The Girl Scout Mothers will hold a meeting at the home of Mrs. Carl Frank, of Washington avenue, on Wednesday evening.

The Ladies Aid of the First Lutheran Church will hold a strawberry festival and cake sale at the church on Saturday, June 9, from 4.00 p.m. to 8.30 p.m. Tickets, fifteen cents.

H. E. Stiles, of Merchantville, spent Sunday afternoon with his sister, Mrs. A. B. Powell, of West Broad street.

Miss Kay Johnson, daughter of Mr. and Mrs. Frank N. Johnson, of Morgan avenue, will graduate from the Drexel Library School on Monday, June 18.

The Philathea Class of the Central Baptist Church, Palmyra will hold a food sale on June 22.

Miss D. Helene Johnson, of Morgan avenue, has accepted a position with the Universal Production Company.

Miss Ida Trout, daughter of Mr. and Mrs. Herbert B. Trout will return home from Ursinus College, on Monday, June 11, to spend the summer.

The Palmyra Woman's Club, held its annual picnic at Taylor's Cabin yesterday.

George Chapburn, of Elm avenue, broke his leg while playing baseball in the Field Day Exercises, Wednesday, and was taken to the West Jersey Hospital. George will graduate from the eighth grade, Friday, June 15.

Mrs. Phillip Cugliotta, of Charles street, was sent to the Pennsylvania Hospital last Friday for observation.

Mrs. Richard Coates, of Highland avenue, was sent to the Cooper Hospital for observation last Saturday.

The St. Agnes Guild of Christ Church will hold a food sale on the church grounds Saturday, June 9. All kinds of foods, vegetables, cakes, pies, puddings, rolls, candy, etc.

Miss Estelle Billard, daughter of Mr. and Mrs. C. G. Billard, of Horace avenue, was graduated from the

ATTACKS CODES

HON. CLIFFORD R. POWELL

President of the New Jersey State Senate, whose resolution for a sweeping investigation of the State codes passed unanimously. Three members from the Senate and three from the Assembly will comprise the investigating committee. Powell charges "racketeering" and destruction of small business as the basis for the investigation.

GLEE CLUB FEATURE AT LAKEVIEW PARK

Male Chorus of Twenty-five
Voices Will Be on Air
Sunday Afternoon

Next Sunday's radio broadcast from the beautiful Lakeview Memorial Park, near Riverton, will feature the Artisans' Glee Club, of Woodbury, N. J. This male chorus of twenty-five voices is composed of men living in Woodbury, Westville, Collingswood and Colonial Manor.

The Glee Club, led by Harry Irons, director, will go on the air over radio station WCAM at 3.00 o'clock in the afternoon. Their rendition of group, quartet and solo numbers will not only be on the air, but will also be picked up from the music room in the administration building at the park, and rebroadcast through the mighty speakers of the "Singing Tower" for the hundreds who gather at the park every Sunday.

The selections to be sung by the Glee Club are: Hymn, "What Did He Do?"; a part song, "To Thee Oh Country"; quartet, "Brave Hearts Fleet on"; first tenor, H. L. Vogel, second tenor, Guy Jackson, first bass, James Mehrtor, and second bass, Harry Irons; a solo by James Mehrtor, "Rock of Ages."

The Rev. Roy L. Yund, pastor of the St. John's Lutheran Church, of Westville, will deliver a short address following which Glee Club will sing "It Is Well With My Soul."

Following the half-hour radio broadcast sponsored by the Artisans' Glee Club, a program of music lasting one hour will be sent out from the "Singing Tower" by means of electrical transcription.

Plan to visit Lakeview Memorial Park next Sunday. There is ample parking space and every consideration is shown to visitors at the park. Printed programs of the day's musical offering are distributed free to everyone upon request.

A pessimist is a chap who has lost faith in everything except his own gloom.

Methodist Hospital, Philadelphia, yesterday. Exercises were held in St. Luke's Church and there were thirty-nine in the graduating class. Miss Billard was a member of the 1930 graduating class of Palmyra High School.

ELLIOTT WARNED ON SPEED CHARGE

Runaway Boy and Riverbank
Complaints on Police
Docket This Week

Upon complaint of Charles Cunningham, of Seventh and Thomas avenue, Frank Elliott, of 402 Fulton street, Riverton, was ordered to appear before Recorder Cecil A. Bowers for careless driving on Thomas avenue. Cunningham stated that Elliott was driving at an excessive speed in a Ford V-8 owned by W. W. Smith, last Sunday.

At the hearing Wednesday night, Bowers waived the fine and costs and released the young man with a reprimand.

Runaway Caught
Chief William Gootee stopped a thirteen-year-old lad who was attempting to thumb his way out of Riverton, 11.00 o'clock Monday night at Broad and Cinnaminson street.

The lad who gave his name as Richard Madden, of Moorestown, police who returned him to his home.

Riverbank Kicks
Many complaints are being received from riverbank residents who report boys undressing and bathing in the river in front of their homes; also cars parking on the lawns of the homes of bank residents. Police answered the calls and ordered the offenders off the properties.

"Neither a borrower nor a lender be," but give where well bestowed right cheerfully.

Will the Children Ask in Vain?

The director of the New York Tribune Fresh Air Fund in Riverton reports that so far only three applications have been made to entertain children this summer, whereas Riverton's normal quota is nearly or quite three times that number.

Is it possible that Riverton, which has always enjoyed the proud distinction of doing its bit—and more—in every worthwhile thing, is going to fail these little ones in their greatest hour of need?

How better can those who live under the favored conditions of our beautiful town show appreciation of their happy lot than by sharing it with the boys and girls of parents who would gladly give their children every advantage of health and happiness, but cannot?

Owing to greater financial difficulties at home, the need of large numbers of boys and girls in cities is more acute than ever before.

The following case is typical, and, with slight variations in detail, would apply to literally thousands of children whose one and only relief from conditions which we would shudder to think of for our own is, "the trip to the country." To have that to look forward to with anticipation during the other dreary months of the year.

"Nancy has had her share of difficulties. For four years her father was unemployed. Finally he got a CWA job at \$15 a week, but the pay was soon cut to \$12. While he had this job, thinking to increase the family income the mother succeeded in getting work for two days a week, earning four dollars. The total earnings were little enough for the family of six; but when it was pointed out to CWA officials that the woman was working, the husband was laid off. Then the mother gave up her job so that he could go back to work. But there is always red tape about these things and it took time to get the job back for her father. While the matter was being straightened out, the family was supplied a weekly food ticket worth about \$2.50 by a local charity. During this starvation period, most of the household furniture had to be sold to keep the wolf from the door; so now Nancy sleeps with the other three children in a single bed.

"After months of that sort of thing, it is little wonder Nancy's teacher got the idea that the child was mentally deficient. But examination and observation at a mental clinic showed that her mind was sound. Yet something was wrong and was breaking her down. Tuberculosis was the next guess and she was sent to the tuberculosis clinic for examination.

"The doctor's verdict was 'Not tuberculosis, nothing but slow starvation!'

"There is nothing the matter with her," he said, "but long, continuous starvation. She is 27 pounds underweight. The muscles of her heart have been weakened by it. She has no ailment at present, but on the other hand she has no resistance against any disease that may come along."

Nancy had a Friendly Town vacation in Gales Ferry, Conn., last summer. The worker at the Tuberculosis and Health Association who recommends her says that a long Fresh Air vacation this summer—it ought to begin right away!—is her only hope of salivation.

The editor despises "sob stuff," and has no intention of trying to play upon the sympathies of his readers, but the need of these children is desperate. Two weeks or more in the country will be of inestimable present value to them, and may affect the whole course of their after life, owing to the different viewpoint they may receive in even so short a time under happier conditions.

Imagine if you can the keen anticipation of children who have not yet "been to the country," but who have learned of its wonders and delights from their playmates who have been more favored, and try to picture to yourself the crushing disappointment of those who have experienced this "bit of heaven on earth" when they are told this year that "nobody wants them."

Will Riverton turn a deaf ear to the pleadings of these little ones in distress—CAN it?

CHURCH NEWS

CALVARY PRESBYTERIAN CHURCH

Rev. C. T. Bates, B. D., Pastor

The congregation and the Church School will unite in a Children's Day worship at eleven o'clock.

MORAVIAN CHURCH

Albert J. Harke, B. D., Pastor

Sunday, June 10, 1934.
Children's Day

9:30 a.m. Sunday School. Our new song books are proving to be a great blessing.

10:40 a.m. Morning service with liturgy and sermon: "Blindness of Despair Yields to Vision of Life." Infant Baptism.

8:00 p.m. Children's Day program by the Primary and Main Departments of the Sunday School assisted by the choir. A cordial invitation is extended to all to attend these services.

After this Sunday the summer schedule of services goes into effect as follows. 9:30 a.m., Sunday School. 10:40 a.m., morning service. 7:00 p.m. Christian Endeavor.

FIRST LUTHERAN CHURCH

Rev. Harold L. Creager

Next Sunday morning our Children's Day Service will be held. According to our usual custom, this will be a combined service taking the place of both Sunday School and Church, and will start at 10:30.

It is the privilege of this congregation to have the Baccalaureate service for the High School graduates this year. Inasmuch as a request was made to have the service in a larger building than our own, arrangements have been made with the Methodist Church to hold it there. The service will start at 2:30 p.m. The sermon will be preached by Rev. Creager, on the theme "The Land Ahead."

Regular evening worship will be held at 8 p.m.

CHRISTIAN SCIENCE CHURCH

"God the Only Cause and Creator" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, June 10. The Golden Text is: "Blessed be the Lord God, the God of Israel, who only doeth wondrous things" (Psalms 72:18).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "O come, let us sing unto the Lord: let us make a joyful noise to the rock of our salvation. For the Lord is a great God, and a great King above all gods. The sea is his, and he made it: and his hands formed the dry land" (Psalms 95:1,3,5).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The creative Principle—Life, Truth, and Love—is God. The universe reflects God. There is but one creator and one creation. This creation consists of the unfolding of spiritual ideas and their identities, which are embraced in the infinite Mind and forever reflected" (p. 502).

"The doctor's verdict was 'Not tuberculosis, nothing but slow starvation!'

"There is nothing the matter with her," he said, "but long, continuous starvation. She is 27 pounds underweight. The muscles of her heart have been weakened by it. She has no ailment at present, but on the other hand she has no resistance against any disease that may come along."

Nancy had a Friendly Town vacation in Gales Ferry, Conn., last summer. The worker at the Tuberculosis and Health Association who recommends her says that a long Fresh Air vacation this summer—it ought to begin right away!—is her only hope of salivation.

The editor despises "sob stuff," and has no intention of trying to play upon the sympathies of his readers, but the need of these children is desperate. Two weeks or more in the country will be of inestimable present value to them, and may affect the whole course of their after life, owing to the different viewpoint they may receive in even so short a time under happier conditions.

Imagine if you can the keen anticipation of children who have not yet "been to the country," but who have learned of its wonders and delights from their playmates who have been more favored, and try to picture to yourself the crushing disappointment of those who have experienced this "bit of heaven on earth" when they are told this year that "nobody wants them."

Will Riverton turn a deaf ear to the pleadings of these little ones in distress—CAN it?

ONE LANGUAGE TO CHECK WARFARE

Rotary Speaker Believes Universal Language Would Make for Peace

"The ideals in back of our fighting are the things we should memorialize and be proud of," said the Rev. Francis B. Downs, recently-appointed rector of Christ Church, Riverton, who delivered the annual Memorial Day address to the Palmyra-Riverton Rotarians. While not a pacifist, a term which in his judgment denotes a mollicodde, Mr. Downs does not favor anything which serves to inflame the war-like passions of our people. Most wars, he thinks, are political, and hence a real interest in government by each citizen, will do much to further a national self-respect, that will, in turn, hasten international goodwill. The Riverton Town Meeting is exactly the type of activity which will bring the desired result, and won high praise from Mr. Downs.

Two things of recent date have been powerful aids in the cause of international peace, said Mr. Downs. One was the exposure of the international armament trust, and the other the embargo on arms to South America. Such government acts tend to curb the selfish interests which desire personal profit from other people's suffering.

Mr. Downs emphasized the need for gaining national self-respect before we can command international respect. The combination of the two will lessen the chance of war, as will the further realization that all people are getting to feel a personal responsibility for what their governments do. The only barrier that still exists between nations is one of speech. Steps to overcome it already teach us that other people are as much against war as we are. In Mr. Downs' judgment, it would be impossible to start a war between peoples.

As the final thought of his very interesting address, Mr. Downs restated his feelings that the ideals behind our wars, rather than the wars themselves, should be memorialized. The conflicts and the grave-stones which they produced should be set as danger lamps marking the road down which we shall go no more. We do not want the brutalizing, dehumanizing outcomes of war. A truly representative government will make for an ideal nation, of such temper as to be able to deal with other nations. Each person has his part, and no part is greater than the whole.

A University co-ed admits she would marry if she found a man with a \$25,000 income, and other things were equal.

What ideas a college education puts in one's head these days!

SHERIFF'S SALE

By virtue of a writ of fieri facias to me directed, issued out of the Court of Chancery of the State of New Jersey, I will sell at public sale on

THURSDAY, JUNE 21, 1934
between the hours of 12 and 5 o'clock in the afternoon (to wit at 2 o'clock) Standard Time, at the Court House, Mount Holly, New Jersey.

All the following tract or parcel of land and premises hereinafter particularly described, situate, lying and being in the Township of Cinnaminson, in the County of Burlington and State of New Jersey.

BEGINNING at a point in the south-westerly side of Union Landing Road one hundred and seventy-five feet northwardly from the point of intersection of the south-westerly side of Union Landing Road and the southerly side of Rowland Street; thence continuing northwardly along said south-westerly side of Union Landing Road a distance of seventy-five feet to a point for a corner, being the front of the lot; thence southwesterly of that frontage between two parallel lines drawn at right angles to said Union Landing Road a distance of one hundred and twenty-five feet to the rear of the lot. Containing within said bounds a rectangular lot of land 75 ft. x 125 ft.

DECEASED approximately \$2075.00 besides interest, costs and fees.

SEIZED as the property of Albert McComb, et al., defendants, and taken in execution at the suit of Anna McCully, complainant and to be sold by

GEORGE N. WIMER, Sheriff.
A. Moulton McNutt, Solicitor.
Dated: May 23, 1934.
Printed: See 517.25.
E-524. 6-14-34

SHORT-WAVE MUSINGS

BY T. O. M.

Due to the fact that readers of this column do not understand all of the abbreviations used by amateurs generally, we are publishing a brief explanation of some of the most frequently used "brass pounders' abbreviations.

QRA—What is the name of your station? The name of my station is

QRM—Are you being interfered with? I am being interfered with.

QRN—Are you troubled with atmospheric? I am troubled with atmospheric.

QRT—Shall I stop sending? Stop sending.

QSA—What is the strength of my signals? (1 to 5) The strength of your signals is (1 to 5).

Listed below are symbols of the QSA (signal strength), and the R (system of audibility) measurement of tone quality.

QSA1—Hardly perceptible; unreadable.

QSA2—Weak; readable now and then.

QSA3—Fairly good; readable but with difficulty.

QSA4—Good; readable.

QSA5—Very good; perfectly readable.

R1—Faint signals, just audible.

R2—Weak signals, barely audible.

R3—Weak signals, copyable (in absence of QRM).

R4—Fair signals, readable.

R5—Moderately strong signals.

R6—Strong signals.

R7—Good strong signals (such as copyable through interference).

R8—Very strong signals; can be heard several feet from phones.

R9—Extremely strong signals.

QSL—Can you give me acknowledgment of receipt? I can give you acknowledgment of receipt.

QSO—Can you communicate with (direct or through the medium of)? I can communicate with (direct or through the medium of).

FB—Fine business, excellent.

CQ—Will someone please call me?

K—Please answer me.

73—Best regards.

88—Love and kisses.

Since all short-wave fans are not permitted to operate transmitters and receive QSL cards from other amateurs, the next best thing is to

YWCA NOTES

Counselors Reunion

All former counselors who have served during the past seven years at the YWCA camp at Ockanickon have been invited to attend a reunion at the Camp June 8, 9, and 10.

Convention Reports in Press

Members of the YWCA in Burlington County who are interested in reading complete reports of all speeches made and actions taken at the recent national convention will find such reports in The Womans Press, official publication of the National Board of the YWCA. The June issue contains the talks given by Mrs. Franklin D. Roosevelt, Miss Anna Rose Hawkes, and Dr. Ernest Fremont Title, while the July-August number will be devoted entirely to convention news. The Womans Press, which is now \$1.00 a year, may be ordered through the county YWCA office in Mt. Holly or directly from the office at 600 Lexington avenue, New York City.

When Bears Come Out of Winter Hibernation

A thick sole peels from each of their feet, and a new soft rubbery layer is exposed.

By Alfred Biggs
A Weekly Review of the
World's News—spiced
with a few personal
opinions

Prices Rise

Prices very definitely are on the
up-grade. Statistics show that they
have risen from the lowest point in
March 1933 to the same level as in
March 1931. Does this mean that
recovery is really on the way?
Those whose views are governed by
wishes say, yes. This price increase,
however, is due in part to the plow-
ing up of cotton fields and the cur-
tailing of farm acreage. To those
who use just plain horse sense, it is
difficult to understand why we
should have to curtail production of
food and clothing while millions of
people urgently need things to wear
and to eat. Under governmental
direction we are actually destroying
wealth in order to force prosperity.
Some special interests may profit by
this; undoubtedly they do. But in a
broad general sense it is not good
for the nation. Not that way lies
real permanent prosperity.

The Real Trouble
Nothing short of more money or
credit for the man in the street will
bring about recovery to the extent
that will keep the wheels of produc-
tion turning to capacity. At the
time of writing this a big con-
troversy is going on in regard to silver.
Many believe that making our mon-
etary base 75% gold and 25% silver
will do the trick. But nobody is
certain what the effect will be. It
is really laughable that money,
which makes monkeys of us all, is
so little understood. The real nig-
ger in the financial woodpile is cred-
it. Expansion or contraction of
credit is almost exclusively in the
hands of private banks, whose main
reason for existence is the profit

ADAMSKI CHANGES NOT GUILTY PLEA

The reversal of Eddie Adamski's
plea from not guilty to "nolo con-
tendere" before Judge Hendrickson
adds another to County Detective
Parker's long string of murder solu-
tions.
It is suspected that Adamski,
charged with the murder of Brad-
way Brown, decided to make the
move in the light of the strong case
the state has built around his case,
and that he will turn state's evidence
to ease his own penalty.
Adam Szwczak, now awaiting
trial on the same charge, had his
hearing postponed upon the petition
of his counsel, Harold T. Parker,
who claimed that he had not had
sufficient time to interview his wit-
nesses and prove the alibi which will
be Szwczak's defense.

The third defendant, Solomon
Lutz, indicted as an accessory to the
murder, will turn State's evidence,
and for that reason no date has been
set for his hearing.
The reversal of Adamski's plea
constitutes a practical admission of
guilt, and eliminates the necessity
of trial, the accused throwing him-
self upon the mercy of the court.
The apprehension and trial of the
trio is the culmination of a long and
exhaustive search which involved
extradition with its statutory ramifi-
cations, a sensational jail-break and
second apprehension and many
hours of long, hard questioning.
An interesting angle to the case
is the rumor that Parker had photo-
graphs of the "murder car" a week
after it happened, and at which time
he was vigorously denying the mur-
der theory.

40,000 Gobs

New York is host to a party of
40,000 men of the Navy. They are
here for eighteen days. Despite the
fact that New York is virtually
broke, high jinks are the order of
the day. Even the most ardent paci-
fist must be stirred by the spectacle
of long lines of magnificent fighting
ships manned by thousands of
young men of abounding good
health and spirits. Uncle Sam takes
good care of his boys in the Navy;
beyond question they are 'fit' in
every sense of the word. Everybody
is catching their spirit of care-free
gaiety. Merely a few grouches,
such as your correspondent, reflect
with a sigh that in a properly or-
dered society every last one of Uncle
Sam's boys and girls could be living
equally care-free lives. Nobody
joins the Navy to become a million-
aire. Results an appreciate realiza-
tion of the ideal of life, liberty and
the pursuit of happiness—in the
Navy.

Its True Significance
Should one have the temerity to
inquire "Why this unprecedented
display of the might of the Stars
and Stripes upon the seven seas?"
he would be told that this is nor-
mally the winding up of the annual
maneuvers of the United States
Navy. But those who are interested
in seeing the canvas behind this
magnificent and colorful picture
know quite well that notice is being

Shortcuts to the Dinner Table

BY VERA A. SCHNEIDER

I was much amused the other day, Amused, because I never knew that men took such an interest in the kitchen as did two gentlemen who happened to be sitting beside me at luncheon that day. They were men well past their prime and evidently had not seen each other for a long time. After the usual inquiries about their respective families—how the boys were and how Mary was getting along after her operation, etc., the conversation turned decidedly kitchenward. The older of the two said: "We've done something wonderful at our house—we've bought a new refrigerator," and the other said: "We've just gotten a new one too, and they began to talk the merits of their respective appliances. One said his wife had been making wonderful desserts in the freezing compartment of that new refrigerator, and that the strawberry ice cream made in it was unsurpassed. He went on to say he had eaten a lot of strawberry ice cream in his day, too. And I quite agreed to myself that he must have seen a change in ice cream making, for he had a number of years to his credit, just as he had, no doubt, seen changes in more vital issues.

Had propriety permitted, I would have enjoyed joining them in conversation—they were such kindly old gentlemen thoroughly enjoying life and appreciating the conveniences that science has made possible. Suppose I give you a recipe for a delicious strawberry ice cream to be made in your mechanical refrigerator!

Strawberry Ice Cream
 1 cupful crushed strawberries
 1 1/2 cupfuls cream
 2 eggs
 3 teaspoonfuls lemon juice
 1/2 cupful sugar
 1/2 cupful white corn sirup
 1/2 cupful milk
 2 tablespoonfuls flour
 1/4 teaspoonful salt

Scald the milk, then mix the sugar, salt, flour and corn sirup. Combine this mixture with the milk and cook until thick, stirring constantly. Pour this over the well beaten egg yolks and beat thoroughly, using an egg beater. Cool. Add the berry pulp and beat. Cool. Then fold in the beaten cream. Lastly fold in the stiffly beaten egg whites and add the lemon juice. Pour mixture into freezing trays and freeze.

Very often I'm asked to give some suggestions for sandwich fillings. And my answer is that there are a number of fillings that make for a delicious sandwich. For instance, minced sardines with lemon juice sprinkled over; or cottage cheese with thin slices of onions and a cream salad dressing served in brown bread; or chopped dates and orange or lemon juice—or for a more substantial man's sandwich, there's liverwurst, or dried beef or slices of broiled bacon or minced ham with a tasty salad dressing.

And now a suggestion for Sunday's dinner:
 Frozen Strawberry Cocktail
 Radishes Celery Curls
 Roast Leg of Lamb
 Mint Jelly
 Pan Browned Potatoes
 Buttered Asparagus
 Spring Vegetable Salad
 Rhubarb Tarts Coffee

ELECTRICAL SHOW AT SCHWERING'S

A new and very modern electrical display room has recently been added to the H. C. Schwering Hardware store.

Mr. Schwering states that he is making the new addition for the convenience of patrons interested in purchasing some electrical appliance. These appliances will all be found conveniently located in one room and will not be moved around from time to time in order to make space for other articles in the store.

The new room is very attractively decorated and one of its novel features is an old wagon wheel, which is being used for the main lighting fixture.

Among the electrical appliances on display are Westinghouse Refrigerators, Westinghouse Wanhers, a window ventilating fan, radios and electric cleaners.

Mr. Schwering extends a most cordial invitation to all to visit this new display.

SHORTAGE OF SKILLED HELP

Both Men and Women Who Desire Employment Should Register at County Office

The National Reemployment Office of Burlington County, reports a shortage of many classes of skilled labor.

This applies especially to female help in the dress trades and sewing machine operators.

J. J. Toohy, the State Commissioner of Labor, believes many women who are not employed have failed to register in their county office, not knowing the offices are for female as well as male registrations.

The manager of the Burlington County Office in Mt. Holly states they have calls for mill, factory and houseworkers which they cannot fill. Any unemployed should register if they have not done so within ninety days, in order to keep their names active in the files for employment.

JANET GAYNOR

who will play with Charles Farrell in "Change of Heart" at the Walt Whitman, starting Sunday, June 10. Janet has co-starred in eleven pictures with Farrell since their tremendous success, "7th Heaven."

FAMILIES SAVE EXTRA MONEY

Scores of Riverton and Palmyra families took advantage of the advisory service of Joseph T. Evans last month and had little repairs made to home, porch, roof, garage, saving them extra expense later. Don't put off repairs. They will grow into big expense if neglected. Evans advisory building service will give you a better and more economical way for repairs, alterations, additions to your property. Phone Riverton 302, ask for Evans salesman to call. He will tell how to save money on your lumber, building supplies and also the latest information on screens and screen supplies for full protection from flies and mosquitoes. "GET IT AT EVANS TO SAVE MONEY."

Airplane view of the Christian Science Buildings in Boston, taken by the Staff Photographer of The Christian Science Monitor

The Annual Meeting of The Mother Church, The First Church of Christ, Scientist, was held in the Church, shown in the centre of the picture, on June 4. The theme of the meeting was the Christian Science Publishing House, which appears in the background, and which has recently been completed.

At the Annual Meeting new officers for the ensuing year were announced as follows: President, Dr. John M. Brewer, of Cambridge, Mass.; Treasurer, Edward L. Ripley, of Brookline, Mass.; Clerk, Ezra W. Palmer, of Brookline, Mass.

PICNIC AT TAYLOR'S

The Friendship Circle Class of the Epworth M. E. Church will hold its regular class meeting in the form of a picnic at Taylor's Cabin on Monday, June 11. The members are to meet at the church Monday evening at six o'clock. Box luncheon. All members having cars are asked to bring them along.

The temperature of the moon goes down as low as 400 degrees below zero.

FIRST RAILROAD TO AIR-CONDITIONED TRAINS

COLORFUL LIFE OF PALMYRA RECLUSE

Sentenced Twice to Death as Spy in Nicaragua During Revolution

By D. V. I.

The children of Riverton and Palmyra are mourning the loss of a friend, Dr. Rolando Kuehn, better known to the townspeople as "the old Doc," who died on May 11, in the Philadelphia General Hospital, at the age of seventy-eight.

Everyone remembers how the old Doc used to sit on his cluttered-up porch in the summer evenings and weave his odd stories about the South Sea Islands and the kings and queens whom he used to know. I have seen as many as thirty children sitting spell-bound while Doc told of curing an Indian princess of a deadly disease. His kindly old face would light up as he spun his weird little tales, and he would carry you away to foreign countries and into wars in the twinkling of an eye.

One could not but wonder what the story of Doc's own life was, and now that he has passed on it has been revealed.

In 1905, Dr. Kuehn, a graduate of Jefferson Medical College, while practicing in Philadelphia, met Miss Ida May Miller, daughter of the late James C. Miller. At his death, Mr. Miller had left his daughter an estate valued at \$200,000. Shortly after meeting Miss Miller, Dr. Kuehn gave up his practice to manage her estate, which she believed was being looted by relatives who were continually hounding her.

Near the end of 1906, Miss Miller disappeared, only to turn up in New York a few weeks later, explaining that she had been to Ireland trying to straighten out her father's affairs. She then revealed that she and Dr. Kuehn were married—a question which had been the subject of considerable conjecture in Philadelphia newspapers.

Dr. Kuehn, lead a very adventurous life. He was graduated from the Jefferson College in 1883, and faced the problem of starting his professional career without a cent. He said "by dumb luck I got the position of surgeon on the steamship Mariposa, then completed and lying at Cramp's shipyard. On this ship I went around to San Francisco and for two years remained as surgeon, making trips between San Francisco and the Sandwich Islands.

"Then I met King Kalakaua, and for three years was in what you might call a medico-political position."

Later Dr. Kuehn met Father Damien, the martyr priest of the leper colony at Molokai. He visited the colony several times at the request of Father Damien.

Later he went to Central America, and was twice sentenced to death in Nicaragua during the revolutions, because he was a correspondent for the New York Herald. He was charged with being a spy, but was released on demand of the American Consul. His wife died while they were in Central America.

After returning from Central America Dr. Kuehn went to California, where he took charge of the State mailpox camp in Sierra county.

Later Doc tried mining at Deadwood, and ranching in Nebraska. Tiring of this quiet life he decided to come East. He stopped at New Orleans to attend the convention of the American Medical Association, of which he was a member. At the close of the convention he visited Philadelphia after an absence of two decades and made plans for starting a small sanatorium in Palmyra. He had a house built on Melrose avenue for that purpose.

One day in a gambling game with some physician friends a bet was made that the loser was to live the life of a hermit. Doc lost, and instead of using the house he was building for a sanatorium he decided to spend the rest of his days in Palmyra.

Although Doc was doomed to live as a recluse, he could not keep away from people, and children were always playing around his house.

Dr. Kuehn was called a miracle worker for restoring a boy's sight. The boy could not see at all and no hope was held for him by any of the hospitals. Dr. Kuehn saw the boy and decided to study his optics. In

TIPS ON GROWING

BY ONE WHO GREW UP IN THE BUSINESS

When making plans for the addition of Hardy Phlox to the garden it is not often that the white varieties are included in the list, yet this "color" is of most value in emphasizing the vivid colors of other varieties and also in keeping segregated and from clashing the various vermilions, mauves, magentas and salmon-pinks.

One of the best of the pure whites is Mrs. Jenkins. "The Garden Digest," in condensed notes from an article in the Bulletin of the American Iris Society says: "If one gives it the faint encouragement of cutting off dead flower heads, it blooms, and blooms, and blooms not how to stop. Anyone who slips sixsets of Mrs. Jenkins among the tall iris in a bed is safe for the summer."

The newer variety Diplomat now offered, is an improvement even on Mrs. Jenkins. Miss Lingard, the early flowering variety which grows about two feet high, will always be a prime favorite, starting to bloom in May and if the old flowers are kept cut, it will bloom until late in October.

For that very narrow bed bordering the walk from the front door to the sidewalk, plant baby roses, like Pink Gruss on Aachen, Paris or Scarlet Button—or Sedum Spectabile or its darker colored form Brilliant. If it is a trifle shady, try Funkia Subcordata Grandiflora, the White Plantain Lily. This, however, will do equally as well in a sunny location.

Begonia lovers should plant the hardy Begonia variety Evansiana. Given a protection of a few inches of leaves this will carry through the winter satisfactorily, whereas all others of the tuberous rooted family must be lifted in the fall. The plants grow from two to two and one-half feet high, and like a semi-shaded situation. Plant now.

The sonorous name Belopere is not that of a Pullman car nor a British warship, but a lovely plant for the home, still not very well known, with parrot-like flowers, which are really not flowers at all but floral leaves or bracts of a bright golden-bronzy tint, when grown in a well lighted room. The two-lipped, snowy-white true flowers are produced successively between these bracts, and protrude like the tongue of a serpent. The lower lip of the flower has a tessellated marking of pale purple, while the upper lip forms a hood over the dark stamens. A good pot and window-box plant.

The pale lilac flowers borne on four to six inch stems of the Crested Iris (Iris cristata) make a fine border plant, especially in a semi-shaded spot. This little dwarf is also just fine for the rockery or for pond or stream banks. The flowers appear in May and June and open flat. They are usually borne singly or in pairs, and are beautifully marked—the falls with yellow side ridges. The addition of some leaf mold to the soil if it is not acid, will be found beneficial.

NOTICE OF SETTLEMENT

Executors Account
 Estate of Clara Fannie Radcliff, deceased. Notice is hereby given that the First Account of the subscriber, Executor, will be audited and stated by the Surrogate and reported for settlement and allowance to the Orphan's Court of the County of Burlington, at a session to be held Thursday, June 28, 1934, at ten o'clock in the forenoon (D.S.T.).

ALBERT C. FARROW, Executor.

Prudential Curry & Purnell. Dated: May 17, 1934. E-5-24-6-21-34

about eight months he effected a complete cure.

The Doctor also cured a girl with an apparently permanent attack of hiccoughs, by "magnetic waves." He also cured a man of St. Vitus' dance. Dr. Kuehn left no will, and his estate valued at \$91,600 was inherited by his brother, Dr. Eugene L. Kuehn, of 1150 West Girard avenue, Philadelphia.

CHADWICK—CAVANAUGH
 The marriage of Miss Theresa Cavanaugh and George Chadwick, both of Palmyra, was solemnized at the Sacred Heart rectory Saturday, June 2. The couple are now making their home in Palmyra.

SHAFFER—BORN

Announcement has been made of the marriage of Miss Catherine A. Born, daughter of Mr. and Mrs. Albert H. Born, of Delaware avenue, Palmyra, to Harry F. Shaffer, son of Mr. and Mrs. Harry Shaffer, of Riverton.

The wedding took place Saturday afternoon in the parsonage of the First Lutheran Church, Palmyra. The ceremony was performed by the Rev. Harold L. Creager.

SEITHER—DIMON

A very pretty June wedding will take place Saturday afternoon at two thirty o'clock when Miss Genevieve D. Dimon, daughter of Mr. and Mrs. Claude M. Dimon, of Henry street, Palmyra, becomes the bride of William G. Seither, son of Mr. and Mrs. Albert B. Seither, Sr., of Palmyra.

The ceremony, which will take place at the Central Baptist Church, Palmyra, will be performed by the Rev. George Lockett, pastor of the church.

The bride, who will be given in marriage by her father, will be dressed in a beautiful model of white lace over white silk taffeta. Her veil of tulle will be held in place by orange blossoms and she will carry a bouquet of lilies-of-the-valley and gardenias.

She will be attended by her sister Miss Dorothy Dimon, as maid of honor. She will be attired in a gown of peach color mousseline de soie and will wear a picture hat of horse hair in the same color. Her slippers will be gold color and she will carry talisman roses tied with a satin in the same color.

James Seither, of Palmyra, will be his brother's attendant, and the ushers will be Albert B. Seither Jr. and George Erickson, of Palmyra, and Walter Hyzer, of Perth Amboy.

The wedding march will be played by Mrs. Edith G. Feeney, of Elkins Park, an aunt of the bridegroom. Mrs. James Seither will sing "Because" and "I Love You Truly."

The bride's mother will be attractively attired in a gown of navy blue and white chiffon, and the bridegroom's mother will wear powder blue crepe. Both Mrs. Dimon and Mrs. Seither will wear corsages of pink roses.

The bride's two small sisters, Marjorie and Marie, will be dressed in pink and blue.

Following the ceremony a reception will be held at the home of the bride's parents, after which the bride and groom will leave on a ten-day motor trip.

They will be at home to their many friends after July 1, at their newly furnished apartment, 404 Delaware avenue, Palmyra.

"Good sweat glands," says a doctor, "are an advantage in the tropics."

They once were useful here, too. But if the Government continues to cut down our working time it won't be long before there will be complete atrophy of these useful little drainage canals.

WARNER BAXTER

starring in "Such Women are Dangerous" which comes to the Broadway theatre, Monday.

FLOWER MART, SATURDAY, JUNE 9

The Cooper Hospital Flower Mart will be held Saturday, June 9.

Amusements have been planned for folks of all ages—a Tom Thumb wedding, minstrel show, fortune teller, and for the mothers who have small children and no maid to leave them with, a playground has been arranged where they will be cared for and be entirely safe.

THANK YOU!

The Palmyra Ambulance Association gratefully acknowledges the receipt of a \$10.00 donation from Edwin Tucker.

The only way of providing milk on an ocean voyage a hundred years ago was by carrying a cow on the ship.

OBITUARIES

JANE PRESTON TAYLOR

Miss Jane Preston Taylor, daughter of Mrs. Alice Chorley Taylor and the late Richard Taylor died at her home, 317 Leconey avenue, Palmyra, Wednesday morning, June 6. Funeral services will be held Saturday afternoon at two o'clock at the late residence. Interment will be made in Odd Fellows Cemetery, Burlington under direction of Frank A. Snover.

COSTLY EXPENSE NOW PREVENTED

Palmyra and Riverton families have discovered that they can save now the cost of a ton of coal by ordering Evans High Carbon Premium Anthracite or a splendid saving by using Evans Budget Plan with coal or genuine Koppers Coke. A small deposit and a payment monthly until October gives you your winter's coal at the present low spring prices. Make yourself a present of a ton of coal by ordering now. Don't penalize yourself by paying higher prices next winter. Phone your fuel order to Riverton 302 today. Get the double advantage of complete heating satisfaction and extra economy. "GET IT AT EVANS TO SAVE MONEY."

CINNAMINSON BANK AND TRUST COMPANY RIVERTON, N.J.

AN INVITATION TO ALL ROSE LOVERS

You are most cordially invited to visit the HENRY A. DREER TRIAL ROSE GARDENS on Cedar Avenue (opposite Memorial Park), when the plants will be in full glory of bud and bloom, from June 1st to 15th.

This Trial Rose Garden is conceded to be the finest of its kind anywhere, as in addition to the most recent introductions, there are also over One Hundred varieties of unnamed seedlings—the very cream of the latest creations of the World's most famed hybridists. —"The Roses of Tomorrow."

MAY 31—

Wesleysans 10—Dreers 5

The Wesleysans snapped out of their lethargy enough to plant the Dreer team under the soil tonight, the final score, in runs, being ten for the Wesleysans, and five for Dreers.

Wesleysans 060 030 100—10
Dreers 003 100 001—5

W. Oliver—Borger
Gonteski—Martindell

Bankers 10—Athletics 3

The Bankers apparently are in for sure. Tonight they slam-banged the Cinnaminson Hayshakers, otherwise the Athletics, by the score of 10 to 3, pounding out nineteen hits in their usual munificent fashion. Of these hits, Jack Easley and Clarence Hubbs, Jr., accounted for five apiece. The Athletics' leading sluggers were Shivers and F. Schafer who had three safeties each.

Those Bankers have yet to meet Tak-Abost, Firemen, Dreers, and the Athletics in league games, and should beat all four of these teams, and so cop the first half championship.

Outstanding performance tonight was that of Dave Oliver, Athletic's left fielder, who had a couple nice shots. Bennett, left-gardner for the Bankers, also did some nifty cavorting.

Athletics 021 000 000—3 11 5
Bankers 304 101 01x—10 19 2

Shivers—J. Schafer
Hubbs, Sr.—Bonatelli

JUNE 1—

Chevs 7—Firemen 3

The Chevs tonight ran over and then backed back over the Firemen to the tune of 7-3. Daly and Joe Yearly of the Chevs had three hits each, and Lockowitz of the Firemen had two. This only unusual incident in the game was Yearly's double in the eighth frame; the ball rolled down along the creek somewhere and the whole of both teams and a million kids from among the spectators looked for it.

Chevs 010 012 000—7 14 2
Firemen 000 000 300—3 6 3

Hylton—Steedle
Lockowitz—Atkinson

JUNE 4—

Bankers 13—Tak-Abost 11

The Bankers this evening edged another notch closer to the first-half championship by toppling the Tak-Abost by the score of 13 to 11—and they had a hard time doing it. Bob Bates for the Tak-Abost and Clarence Hubbs, Jr. for the Bankers had four hits each to lead their teams. The Bankers' luck deserted them, but came back just in the nick of time.

Bankers 522 102 100—13 24 2
Tak-Abost 025 201 100—11 18 1

Hubbs, Sr.—Bonatelli
McKeown—Thomas (the all south-paw battery).

Dreers 7—K. of C. 6

The Dreer team defeated the strong K. of C. tonight by the close score of 7 to 6. E. Malone and Richman had three hits each for the Knights, while McGinnis, Watkins, Yearly and Oglati each had two to lead the Seedsmen.

K. of C. 020 005 100—6 14
Dreers 200 004 10x—7 11

Strohlein—Pfaff
Watkins—McGinnis

While the umpiring this season has been uniformly good, we suggest that Ump-in-chief Carhart formulate a system of gestures for his assistants to use on all plays. This would enable the spectators out of range of the arbitrator's voice to know the decision by the "wig-wag language." Perhaps next year our local Home Run Boy's Air Conditioned Host will provide us with big league score boards that tell everything, even to how many fresh pretzels have been consumed by the multitude up to the minute. It could also include the exact number of dogs that are roaming about the park, and just how many sinks in the villages are cluttered up with dirty dishes and so on.

JUNE 5—

Wesleysans 9—Artisans 8

The Wesleysans, although out-hit by the Artisans, managed in some manner to collect the most runs and enjoy the fruits of victory. The game was in doubt most of the time and from the actions of most of the fans is apparent that they wondered whether it was hockey or baseball game until the eighth inning, when Messrs. Cook and Smith suddenly began rooting for the Artisans. This had the effect of a Big Ben going off. The ladies started whooping it up, and the cry was taken up by some more of the males and the team, with the pop and son battery, were given sufficient encouragement to push six counters over the plate. The grand slam in this stanza was an honest-to-goodness home run by Shaw with the bases loaded. While only a half dozen tallies were recorded, the Artisans accused the underpaid scorekeeper of holding another half dozen back on them. After showing them the score book (which looked like chicken scratches) they agreed.

Wesleysans 000 701 01x—9 12 3
Artisans 000 100 260—8 15 4

The fast going (no body knows where) Tak-Abost team trampled the blue jerseyed Dreer team into the sod this rare evening in June. The final score was 19 to 5, with each team sporting about 25% more hits than runs, and errors aplenty. Thomas, of the brown drink team, socked out four hits, one of which was a homer which will land him at Broad and Leconey later in the evening. The staff of jumps in this game is more worthy of mention than the plays and misplays. They were namely the President of the League, Mr. Conway at the plate, one of the schedule committee, George Egan, at first base and Umpire-in-chief Edson Carhart at third. The score keeper (not to slight any official) was Vincent Daly, using a borrowed pencil and smoking Brouse's cigarettes.

Tak-Abost 210 371 031—15
Dreers 300 010 100—5

A play that had most fans guessing, and it seems all the players, as well, was pulled off in the Wesleyan—Artisan struggle was when Kennedy struck out and the ball passed by the catcher. Kennedy, who struck at the wild one, hoping to reach first in that manner, was called out by Plate Umpire Rotenbury. First base Ump Andy Pfaff said that Ken was safe and every one else, including the scorer, was of the same opinion. Rotenbury was right as was found out later from U-in-C Carhart who explained that the soft ball game differed from regulation base ball in this rule. The softies' rule book says that when first and/or third are occupied the batter is OUT when fanning. This is good news for Dick Woodward when he is tired and weary.

JUNE 6—

The Big Nozzles of the Riverton Fire Company who crawled into a cavern when Chief Davis of the Philadelphia Department was at the Men's Club more than a week ago, apparently are still in hiding. They did not present themselves this night to help to extinguish the ambitions of the YMCA boys, who take great delight in teasing and chucking the ball hither and yon to tease their dashing manager and pitcher Mister Woodward. While the Y won by the score of 10 to 8 the Juniors of the Fire Company put up a game struggle, which always appeals more to the multitude than fancy and grandstand playing. An unfortunate play in the 8th inning no doubt prevented the Firemen from winning out. With Fox on third and Perry on second, King drove a terrific grounder along third base line which Fox couldn't dodge, thus making the third out. There were many tense moments in the game, one being Slim Landgraf's screaming homer that chased in three Y's who were on the base. Beddow and Wallace drove out home runs and will enjoy the movies.

YMCA 023 021 02x—10 16 1
Firemen 020 020 022—8 14 0

Woodward—Buckholz
Lockowitz—Fox

The Pal-River Chevs nosed out the Artisans by the tune of 9 to 5. It was just another ball game, and no one lost a voice cheering the boys.

C. C. NETMEN SINK PARK TEAM 4 TO 3

First Contest Between Local
Teams: Return Battle
Set for July 14

The first contest since organized tennis at Memorial Park, Riverton, between the public courts team and the Riverton Country Club team saw the Country Club netmen emerge the victor with a 4-3 score Saturday afternoon.

The seven-match duel was played on the Country Club's three clay courts, and a high wind sweeping across the open spaces made the playing difficult for both sides. "Bob" Biddle and "Newie" Cooper, playing singles, ran through a long match with Biddle coming out on top in straight sets 6-4, 8-6. Both players were closely matched, resulting in many long rallies before the point was made.

L. Warner defeated P. B. Caldwell and chalked up a second point for the Country Club in a match that went to three sets, 1-6, 6-3, 6-2. Rene Gros garnered the first point for the Memorial Park players when he won his match 2-6, 6-4, 6-3. Rene opened with A. H. Burns, who defeated him in the first set, and in the second set with Rene leading 4-3, Burns suffered an injury to his knee which prevented further play. Richard Graff, of the Country Club, took up where Burns left off but fell before Rene's attack. "Bud" Hemphill tackled Charles Cunningham and submerged him in a closely-contested match 6-4, 8-6. Both players employed smashing forehand drives that kept their opponents dazed around in the vicinity of the base lines.

Opening the doubles battle, Cooper and Latch opposed Biddle and Warner and lost to the Country Club pair 6-2, 1-6, 6-1. The contest was, as the score indicates, up and down, with the Country Club duo up twice and down once.

Caldwell and Gros opposed the Rev. Downs and "Dick" Graff, submerging the Country Club pair in straight sets 6-3, 6-1. Cunningham and Metzgar upheld the colors of the Memorial Park by defeating in straight sets "Vin" Hackett and "Bud" Hemphill, 6-1, 6-4. Between Cunningham's forehand drive and Metzgar's cut ball, the Country Club pair were outguessed.

A return engagement has been set for Saturday, July 14th, to be played on the Memorial Park Courts.

No show is scheduled for the Twin City Sporting Club this week. The promoters Frank and Raymond Hanly have leased the open air arena at the airport circle, Pennsauken for their outdoor programs. The promoters have signed for the first outdoor show, Jim Browning, recognized as world's champion in title against either of the following, Joe Savoldi, Everett Marshall, Ed "Strangler" Lewis or Gino Garibaldi. Regardless who meets the burly Missourian the fans may rest assured of witnessing an all star bill with no advance in price.

PARRY TRIMS GLOUCESTER

The Parry A. C. ran rough shod over the Gloucester Foresters Sunday at Parry.

Morris went the distance for Parry, while the Foresters used Simington, Shaffer and Borger. Carpenter and Phelan shared batting honors for Parry, each getting three hits.

Sunday the Parry A. C. will play Egg Harbor at the Palmyra Extension field.

up. That is just what is needed to make the players think you enjoy their efforts.

Vol. 46 No. 23

RIVERTON, NEW JERSEY, THURSDAY, JUNE 14, 1934

PRICE FIVE CENTS

TOWN MEETING DECIDES ON OLD TIME FOURTH OF JULY CELEBRATION HERE

Committee Appointed to Raise \$400 to Supplement Borough Appropriation

NEW RIVER BANK COMMITTEE REPORT

Proposition to Close Roadway Not Popular. Another Meeting Later

Fifty Rivertonians turned out to the Town Meeting held in the school auditorium last Friday night, and following a mild discussion of the coming Fourth of July celebration the introduction of a new plan for the riverbank situation brought forth a lively session lasting an hour.

The subject of whether or not Riverton should attempt to return to its former elaborate Fourth of July program occupied the early portion of the meeting, and many expressions both for and against were heard. However, the opinion of the majority was in favor of a better celebration, including a band if possible.

Council Appropriates \$300

John Strohelein, councilman and chairman of the Fourth of July committee, reported that his council committee and the committee from the Town Meeting had met on several occasions and budgeted the necessary expenditures for the \$300 appropriated by Council for the celebration.

Allowing for prizes, flags, printing, etc (not including band or fireworks) the committee figured their expenditures would reach \$240. Mr. Strohelein suggested that \$10 be kept for incidental expenses, and that the remaining \$50 be put in the fund for band and fireworks, if the people elected to have them.

A question arose concerning the cost of both band and fireworks and Borough Clerk Daniel M. Clifton gave a cross section of the cost dating back ten years. The cost of the band averaged \$301.60 and fireworks \$550 annually with varying degrees (continued on page 8)

FELLOWSHIP CLUB ELECTS OFFICERS

Nathan Lane New President; Frank Booth Vice President. Other Officers Re-elected

Last Thursday evening, following a brief but impressive concert in honor of Mr. Bruce Carey, guest speaker of the Rotary the Fellowship Choral Club celebrated its first fiscal anniversary by an election of officers for the coming year.

The new president is Nathan Lane, whose experience in organization work will prove of inestimable value to the Fellowship Club.

Frank Booth is the new vice president; his personality and experience as a business executive will make him an able assistant to Mr. Lane.

Charles Davidson remains as secretary-treasurer—at which post he could not be bettered; and Victor Ritschard also remains as chairman of the membership committee.

The offices of musical director and assistant also remain undisturbed, with Alfred VanOsten and Russel Jermon carrying on. Under this direction, and with Claude Barto, the newly elected chairman of the music committee, important advances in the club's work may be looked for during the next year.

Lee Mitton, of course, remains as the Club's accompanist, modestly accepting the rising vote of thanks which was accorded him for his services.

In closing, the new president announced two appointments: James Devore for corresponding secretary, and Eric Warnick, chairman of publicity.

OBJECTED TO TERMS

George D. Steedle, investigator for the Alcoholic Beverage Control, staged two raids last Friday night, and rounded up Eva Myers, Jackson street, and Antonio Monicki, Adams street, both in Cinnaminson township. Myers was charged with the possession of alleged alcohol and utensils for the manufacture of alcoholic beverages, and Monicki was accused of illegal possession of alleged alcohol and home brew. Both entered pleas of guilty and were held in \$500 bail for action of the grand jury. The necessary bonds were posted by their friends. In the absence of Recorder C. A. Bowens, the hearing was held by Justice of the Peace Merrill, of Riverside, who came to Riverton for that purpose.

STEEDLE MAKES TWO RUM RAIDS

Two Violators Arrested in Cinnaminson Township and Held for Grand Jury

A. MATLACK STACKHOUSE
Mayor of Riverton

Inspector Steedle was assisted in making the raids by Captain Goette and Patrolman John Carhart, of Riverton; Officers Wallace and Stack, of Palmyra; Chief Dorworth, of Cinnaminson; Chief Bradshaw and Constable Pond, of Moorestown.

When the meeting closed at one o'clock the following morning, no action had been taken by council to rescind the Temple plan, and a resolution had been passed permitting dog racing.

Mayor Requests Order

In opening the meeting Mayor Walter D. Lamson stated that full opportunity would be given everyone to present his views on both of the subjects. He discussed, and made a plea that the proceedings should be conducted in a dignified and orderly manner, with no heated arguments and no recriminations.

To this end he requested that those desiring to speak address the chair, and that the person having the floor should not be interrupted while speaking.

When the Mayor announced that Council was ready to consider a petition to permit dog racing in Palmyra, the Rev. Harold L. Creager, pastor of the Lutheran Church and leader of the opposition, presented (Continued on page 2)

OLD TIME FOURTH FOR RIVERTON

Committee Soliciting Funds for Band and Fireworks Meet Generous Response

Riverton's plans for a return to its former well rounded Fourth of July celebration is rapidly becoming a surety.

The committee from Town Meeting is finding a hearty response from most everyone approached for a contribution. The business men in particular have given generously to the fund and have expressed satisfaction over the prospect of reviving the old spirit.

Already more than enough has been contributed to engage a band, and it is reported that the committee is negotiating with the 11th Infantry Band of Camden to furnish the music.

A deviation from the usual parade lineup will be inaugurated this year with four fire companies in the line of parade with equipment and full dress uniforms—Riverside, Palmyra, Parry and Riverton.

The committee on collections is continuing its efforts in the hope that enough more can be raised to have the usual fireworks display to finish out the day's program.

A house-to-house canvass is being made, but in the event that any are skipped who want to swell the fund, they may send their contribution to the Cinnaminson Bank and Trust Company marked for the Fourth of July committee.

PALMYRA COUNCIL OK's DOG RACING

Mayor Lamson Casts Deciding Vote Permitting Establishment of Track

CITIZENS PROTEST CHANGE IN LIGHTING

Disapproval of Temple Plan Registered by Taxpayers at Council Meeting

That the residents of Palmyra take an active interest in their civic affairs, was again demonstrated Tuesday night when more than 500 men and women assembled in the auditorium of the high school to discuss the proposition to permit grayhound racing in Palmyra, and in an endeavor to have the Borough Council rescind its recent approval of the Temple plan, by which many of the gas street lights in Palmyra will be replaced by electric lights.

The occasion was the regular monthly meeting of the Palmyra Borough Council which it was necessary to hold in the high school, owing to the large number of citizens who desired to witness its procedure.

When the meeting closed at one o'clock the following morning, no action had been taken by council to rescind the Temple plan, and a resolution had been passed permitting dog racing.

Mayor Requests Order

In opening the meeting Mayor Walter D. Lamson stated that full opportunity would be given everyone to present his views on both of the subjects. He discussed, and made a plea that the proceedings should be conducted in a dignified and orderly manner, with no heated arguments and no recriminations.

Following another selection by the girls' glee club, Miss Caroline M. Staman, principal, introduced Charles H. Yost, commander of Post Rodgers No. 156, American Legion, who announced the establishment of a new precedent in awarding a Legion Medal for Scholarship, Courage, Leadership, Honor and Service to the boy in the graduating class winning the award on the basis of the five points mentioned.

Robert C. Dunlap, son of Mr. and Mrs. C. A. Dunlap of 629 Elm Terrace was adjudged the winner, and presented with the medal.

A similar medal awarded the girl who measured up to five-point standard was given to Marie E. Haines, the presentation being made by Miss Staman. The Legion Auxiliary is the donor of the girls' medal.

Mrs. Charles F. Allen, vice president of the Riverton Porch Club presented the "gold thimble" to Marie Zimmerman, as the girl who had done the most outstanding work in domestic science.

The glee club concluded the first part of the program with a selection entitled "Stars Brightly Shining."

The second part of the program opened with a home room meeting presided over by Robert C. Dunlap.

RIVERTON COUPLE MARRIED 50 YEARS

Ezra M. Perkins and Wife Celebrated With Dinner Party Tuesday Night

Mr. and Mrs. Ezra M. Perkins, of Thomas avenue, celebrated their fiftieth wedding anniversary Tuesday, June 12.

Mrs. Perkins was the former Miss Martha Seeds, daughter of Sarah and Richard Seeds, of Bridgeboro. Mr. Perkins was the son of Sarah and Richard Perkins, of Perkins Lane, near Beverly.

Mr. and Mrs. Perkins were married June 12, 1884 by Rev. Gaskill, also of Bridgeboro. They lived in Bridgeboro until May 1886 when they moved to Riverton where Mr. Perkins opened the meat business for Joseph M. Roberts. He was employed by Mr. Roberts until October 1894 when he went into business for himself at 606 Main street, (the back of the present Blankenbush drug store). This business was known as the Riverton Meat Market.

He continued here until October 1909 when he sold the business to William N. Mattis and went to spend six months with his brother, J. W. Perkins in Pasadena, California.

In April 1910, Mr. Perkins returned to Riverton where he built a California bungalow at 705 Main street and opened a real estate business in the Collins building. He continued in this business until 1913.

He worked for the American Stores Company from 1913 to 1918, going to various towns opening the meat department of the new store. In 1918 he was made manager of the meat department of the Riverton American store, which position he held until 1924 when his health failed and he had to give up work for the time.

At the present time Mr. Perkins is manager of the meat department of the Riverton Market House.

Mr. and Mrs. Perkins have two daughters, Mrs. Ethel Marple, of Hightstown, and Mrs. Robert Cole, of Riverton, and seven grandchildren.

The Perkins' celebrated their anniversary with a dinner party Tuesday evening.

RIVERTON

Miss Gertrude Ella Crouch, 106 Seventh street, Riverton, was graduated as Bachelor of Science in Education from the School of Education, New York University, University Heights, N. Y., on Wednesday of this week.

William F. Becker, grocer, is driving a fine new Chevrolet truck, which he purchased last week from Pal-River Chevrolet, Inc.

Mrs. Cecil A. Bowers and son Cecil, Jr., with Miss Margery Chambers, of East Riverton, spent several days with Mrs. Bowers' sister in Wilmington, Delaware, and also a day in Smyrna, Delaware, with Mrs. Bowers' aunt.

Miss Mary Kennedy, of Riverton, and Miss Margery Chambers, of East Riverton, went to Camp Arcola with the True Blue Club of the YWCA, Frankford branch on June 2 and 3.

Mr. and Mrs. Albert Smith, Sr., of Stonehurst, visited Mr. and Mrs. Albert Smith, Jr., at the Kemmerle home on Sunday.

Mrs. Margaret Weber is visiting in Florence this week.

Mayor J. Elmer Hahn attended the 50th outing of the Philadelphia Textile Club, held at the Manufacturers Club, Friday, June 8.

While stepping from a rowboat to a speedboat last Saturday afternoon, Robine Cole, borough assessor, slipped and fell, breaking his right arm just below the shoulder. He was taken to the West Jersey Hospital, Camden, where the fracture was set by Dr. Barret.

The family of George Steptoe

Palmyra Council OK's Dog Racing

(Continued from page 1)

a petition containing signatures of 475 persons who opposed the establishment of the race track.

Mr. Creager spoke briefly of the undesirability of such an institution in Palmyra from an economic, moral and social standpoint. He was followed by Rev. George Lockett, pastor of Central Baptist Church, Rev. Ira S. Pimm, pastor of Epworth M. E. Church, and Raymond Warner, president of the Wesleyan Men's Bible class.

Objections to Race Track

The main points of objection raised were that the race track would bring an undesirable element to Palmyra, that it would create a social menace and that the financial returns would not be as favorable as was indicated on the face of the proposition.

Those speaking in favor of the race track were: George W. Shaner and his son, George B. W. Rex McCrosson, Robert Galloway, George Shooster.

These speakers claimed that there was in fact no serious menace involved, either moral or social, and that the race track would provide labor for some of Palmyra's unemployed, bring business to Palmyra business men, and that the revenue would go a long way toward meeting the borough's extremely difficult tax problem. After the arguments were in for both sides, the mayor and council deliberated for an hour or more and the following motion finally passed:

"Moved: that grayhound racing in the Borough of Palmyra be permitted if the operators secure a license from the state racing committee."

Mayor Decides Tie

The motion was made by John F. Ward and seconded by George W. Luce, the vote was as follows: affirmative, Carl Thomas, Louis W. Junders, George W. Luce, negative, Floyd W. Spahr, John F. Ward, Charles K. Mervine. Mayor Lamont broke the tie by voting in the affirmative and the motion was declared carried.

The motion did not carry acceptance of the plan submitted by J. L. Sacrey, the promoter, but simply established the right to permit such an institution in Palmyra.

Before the race track can become operative it will be necessary for the promoters to secure a license from the state, and to work out with the borough details as to the income to be derived by the municipality, etc.

Revenue for Borough

The proposition submitted by Mr. Sacrey provided for the purchase of fifteen acres of land situated between the railroad and the river, and S-41 and Pennsauken creek, to be deeded over to the borough and leased by the company operating the race track, for ten years with the privilege of renewing for another ten years.

The operators would pay to the borough 10c for every person attending the races, the sum thus paid to be not less than \$250 for each racing day in 1934, and \$350 a day in 1935 and thereafter for nine years.

Street Lighting

Opposition to the change in the method of street lighting as proposed by what is known as the Temple plan was marshalled in force by Howard E. Powell and his associates in an effort to have council rescind its action in endorsing this plan and directing Public Service to proceed with the changes provided therein.

Mr. Powell opened the discussion Washington, 303 Main street, gave him a party last Thursday evening, in celebration of his 74th birthday.

The Young People's Fellowship, of Christ Church, Riverton, closed its activities for the season with a "treasure hunt," last Thursday evening.

Mr. and Mrs. William Kinzie are receiving congratulations on the birth of a son Wednesday morning at the Pennsylvania Hospital, Philadelphia. Mrs. Kinzie will be remembered as the former Miss Mary Wanger.

by calling attention to the petitions opposing the Temple plan and signed by about 800 residents of Palmyra, which he had presented at a previous meeting of council and which he claimed had been treated as a scrap of paper.

Misrepresentation Charged

He claimed that Mr. Temple had represented himself to be a licensed engineer, which he was not, and that therefore a contract entered into with him by the borough council was illegal and had been so declared by the borough solicitor.

To this Councilman Thomas replied that after more carefully considering the matter the solicitor had reversed his decision and approved of the contract. He suggested, however, that the arrangements with Mr. Temple should be entered into by means of an ordinance rather than by resolution.

Mr. Powell reiterated his previous statement that he opposed changing from gas lamps to electric lights, which would not provide as efficient lighting as under the old plan, and that the cost would be higher—notwithstanding the showing of an apparent saving of about \$650 claimed by Carl Thomas, chairman of the lighting committee.

Principal Objections

The principal objections to the Temple plan were that the electric lights would be up in the trees, thereby losing a large portion of their effectiveness in lighting the sidewalks, the fact that it would be necessary to run wires through the trees, to install a considerable number of poles in various parts of the

Temple Explained

Mayor Lamont explained the adoption of the Temple plan and

said that Temple had laid his proposition before council last November, offering to secure lower lighting costs for Palmyra by a reduction in electric rates, which he claimed he would be able to secure from Public Service. At the December meeting Mr. Temple was authorized to make a survey of the lighting system in Palmyra and make recommendations for improvements. This was submitted at the January meeting and the \$100 was paid as agreed. Up to that point council had been unanimous in its opinion in the matter.

In February, however, the other side of the story had been presented to council and some of the members had changed their minds. He said that he had finally come to the conclusion that the present gas light system was better than the proposed electric lights.

Temple's Fees

The arrangement with Mr. Temple was that he should for three years receive 10 per cent. of the saving in Palmyra's street lighting bill affected through reduced rates for electricity.

Carl Thomas, chairman of the lighting committee, said that his only interest in the Temple lighting plan was that he believed it would give Palmyra a more efficient lighting system at less cost than heretofore, and that he was still of the same opinion notwithstanding the arguments which had been advanced against it, many of which were fallacious.

Mr. Thomas entered into a lengthy controversy with Mr. Powell, who claimed that the Temple plan was a misrepresentation of the facts, and that the cost of the plan was much greater than that of the present gas light system.

PALMYRA

Robert Blackburne and Miss Lorraine Tibbels, of Newark, were weekend guests at the home of Mr. and Mrs. Leonard Baker, of Garfield avenue.

Mr. and Mrs. Leonard Baker, of Garfield avenue, entertained at a birthday dinner party in honor of their son, George, on Thursday, June 7. Covers were laid for fourteen.

Mrs. W. P. Blackburne, of Cinnaminson avenue, was the guest of her aunt at the Hotel Morton, Atlantic City, several days last week.

The Philathea class of the Central Baptist Church will have their regular monthly meeting at the home of their teacher Mrs. Moore, on Linden avenue, June 28.

Mr. and Mrs. Glenn A. Lindabury and infant son, Glenn, Jr., of Burlington, visited Mrs. Lindabury's parents, Mr. and Mrs. Arthur Hunt, of Morgan avenue, over the weekend.

Mr. and Mrs. Howard Ding, of New Rochelle, N. Y., spent the weekend with Mrs. Ding's parents, Mr. and Mrs. T. S. Branson, of Washington avenue.

Mr. and Mrs. W. A. Major, of Morgan avenue, are moving to Merchantville.

Mr. and Mrs. A. C. Hirsch, of Highland avenue, entertained Mrs. Hirsch's sister, Mrs. Thomas Morgan, of White Plains, New York, and her son, Vincent Morgan, for a few days.

Mrs. Carl Doehrer and son, B. A. D. Doehrer, of Washington, D. C., spent the weekend with her sister, Mrs. T. S. Branson, of Washington avenue.

Mrs. Howard Ding, of New Rochelle, N. Y., and infant daughter, will stay with her parents Mr. and Mrs. T. S. Branson, for a few weeks.

Mrs. Elsie Hughes, of Garfield avenue, who recently injured her eye, is in the Wills Eye hospital for treatment.

Miss Kathryn Johnson spent a few days at Huntington and Hollidaysburg, Pa.

Mr. and Mrs. Albert Smith and Harry Kemmerle spent Saturday in Ventnor.

Miss Lillian Lepp, of New York, visited Mrs. A. B. Powell, Monday.

Miss Helen Schriver left on Monday for Sherwood Camp, Warwick, N. Y., where she will act as recreational counsellor.

Mr. and Mrs. H. Gottschalk, of Horace avenue, are entertaining friends from Evansville, Indiana, this week.

EAGLE SCOUT AWARD FOR H. W. BAUER, JR.

Sunday evening at 7:45 p.m. in the First Lutheran Church in the presence of the Scouts of Palmyra, Riverton, and Cinnaminson and the Girl Scouts of this community, Harry W. Bauer, Jr., patrol leader of the service troop will receive his Eagle Scout award.

Patrol Leader Bauer has for the past four years been an active member in Scouting, working his way from "rookie" to that of Eagle Scout. For the past two years he has been patrol leader of the Racoon Patrol which he organized.

In "Bud" (as he is called by all who know him) you have the typical example of the real American Boy. May Scouting have the opportunity to develop more of these real American Boys.

Rev. Creager will have a real message for both boys and girls in Scouting. It is hoped that all who are interested will attend.

REPUBLICAN CLUBS MEET IN MT. HOLLY

Enthusiastic Gathering Hears Stirring Address by New State Chairman

Speaking before an audience of 500 members of the Associated Republican Clubs of Burlington County, County Committee-women and men and friends last Monday night in the Assembly room of the First Methodist Church, Mt. Holly, Ex-Senator Donald Sterner, of Belmar, Monmouth County, recently elected chairman of the Republican State Committee, said what the voters of this State want first of all is honesty and efficiency in public office.

Jay B. Tomlinson, Bordentown, president of the Associated Republican Clubs, presided and after few words of welcome introduced Mrs. Pearl Bridgum, Hainesport, State Committeewoman from Burlington County, and State Vice Chairman, who is touring the 21 counties with Chairman Sterner.

Mrs. Bridgum urged all to get behind the candidates in the general election and referred to the rather straining primaries, stating, however, that everything is now straightened out and each one is ready to do his or her part.

Assemblyman Marcus W. Newcomb spoke of the present crisis and urged the election of all the candidates and declared all should go out and sell the Republican principals to the voters and forget the differences of the past, and vote a united ticket.

County Chairman Charles R. Stout said he felt encouraged at conditions both in the county and State, and that the recent reorganization of the National Committee in Chicago had helped matters considerably. Stout stated new set up has given new interest.

Senate President Clifford R. Powell said, "We are faced with a real campaign but are better fixed this year to elect a governor than in any of our recent years."

Speaking of Hoffman, Powell said though young, the man has a wealth of experience.

Senator Powell referred to the recent invasion of the county by Mayor Hague of Jersey City, who Powell termed leaving his throne to go out in the various parts of the State and campaign, something he has never done before.

He said Hague has his back to the wall and the Democratic Party in this State hinges on the election of a Democratic Governor.

Albert Jones, freeholder nominee, spoke of the fine candidates on the ticket and also of the splendid leadership of Harold G. Hoffman. Jones said he felt this was the year to pull the party together and "put on the gas."

A committee of three was appointed to arrange for the annual boat trip down the river.

MOORESTOWN CREDIT GROUP ADVANCES CASH TO FARMERS

The Moorestown Production Credit Association made cash advances on short-term loans to 125 farmers in Burlington, Ocean, Camden and Gloucester counties between February 26 and June 11, according to a report by the Production Credit Corporation of Springfield, Mass. Loans approved including those on which advances had been made totaled 233 on June 11.

Loans by the Moorestown Production Credit Association are made to finance the production and marketing of crops and livestock and for the purchase of seed, fertilizer, feed, spray materials, livestock, machinery and farm supplies. The loans are intended to be self-liquidating and are arranged to mature when the farmer-borrowers expect to market their products. Therefore, these loans usually mature at the end of the crop season. The interest rate on new loans was reduced from 5½ to 5 per cent on May 16.

Mr. and Mrs. Harry Storicks, of Memorial avenue, went to Berwin, Illinois, to visit their uncle, George Juddkins, formerly of Riverside. Mr. and Mrs. Storicks spent three days at the World's Fair.

Graduation at Riverton School

(Continued from page 1)

and by clever arrangement practically every branch of study and extracurricular activity was very ably and forcefully demonstrated.

The demonstrations included such subjects as drama, art, science, poetry, arithmetic, music, debate, sports, self-government etc., each presented by individual and group demonstrations.

A bookcase was presented by the graduating class to the school and was accepted with an appropriate word from Miss Staman.

The home room group adjourned and concluded the exercises.

Graduates

"Betty V. Baker, Eleanor M. Carnie, Richard S. Coe, J. Adele Conwell, Catherine O. Conwell, Allen D. Cooper, Thomas B. Denman, George Devitt, Robert C. Dunlap, Frederick C. Freeman, Jr., Eleanor C. Friday, Elizabeth M. Gladney, Robert P. Gowell, Gertrude F. Gray, Betty Haas, William Hamelman, Marie E. Haines, Mabel Henry, Bessie Hullings, Richard A. Kline, Anne Knight.

John D. Knight, Eileen E. Mattis, George S. Mattis, Beatrice F. Muse, Marie Muse, Helen I. Naylor, M. Elizabeth Neely, Madeline Y. Pennington, Donald Rader, Christine W. Ridley, Wood Robinson, Mildred C. Schmidt, Ellen T. Smith, Doris H. Steedle, Elmer E. Sutters, Barbara E. Symon, George W. Trautman, Edward T. Vile, John T. Willis, John H. Yost, Marie L. Zimmerman.

*Honorable mention for citizenship.

CINNAMINSON P. T. A. PLAY DAY AND PICNIC

The parents and children of the Cinnaminson public school gathered on the school grounds shortly before four o'clock, Thursday of last week for the Play Day, and PTA picnic.

Games and stunts were the order of the day. The Dramatic Club, "Parted Curtains," presented a play, "How Patty Saved the Day." This

club is composed of those who show ability and take an interest in costumes, scenery and other necessary activities, and the plays they give are always enjoyed by everyone.

After supper, which was served on the ground under the trees, there was a twilight ball game between the fathers and sons. Out of deference to the feelings of the lovers the score is not announced.

FRIGIDAIRE
NO DOWN PAYMENT

METER-ICE PLAN MAKES IT EASY

Here's the easiest way you've ever heard of to get a Frigidaire. No down payment. No monthly budgeting. Just deposit 15c a day under the Meter-Ice Plan and the first thing you know your Frigidaire is paid for.

Simple as A. B. C.

Here's how the Meter-Ice Plan works.
A. Come in and say, "I want one of the new Frigidaires that

uses less current than a lamp bulb."

B. We'll deliver it without any down payment. Then you deposit 15c a day in Meter-Ice which is attached. Our representative will call once a month, collect the money, and credit it to your account.

C. When payments are completed we remove the Meter-Ice and you own the Frigidaire outright. It's all so

simple and easy you'll never miss the money.

New Frigidaire uses less current than one ordinary lamp bulb

Imagine an electric refrigerator that uses less current than one ordinary lamp bulb! That's the new Frigidaire. It's a marvel of convenience, too, with automatic defrosting—automatic ice tray releasing—cold storage space—½ more food space.

Larger models can be had under the same plan for as little as 25c a day

Fourteen Cents for Patriotism

Fourteen cents per capita, over and above the appropriation by council will restore to Riverton and her boys and girls the old-time Fourth of July that has all of the traditional punch and zip which our children have been taught to look for and enjoy with whole-hearted American enthusiasm.

But, with the revival of Riverton's famous Fourth of July celebration in the offing, and of course dependent upon the contributions of its citizens, there arises here and there an expression of disapproval over "shooting away" several hundred dollars worth of fireworks.

Their argument that the money could be spent to better advantage in relief work is well taken. However, there is another angle to the situation that might be worth at least a passing thought.

"Young America," our boys and girls, have for the past two years had nothing from Riverton's hands that has been a tangible, blood-stirring and enthusiastic observance of America's most patriotic holiday. That is, nothing except a weak gesture in the form of a curtailed program that lacked the flare of the brass band and "the bombs bursting in air" that raises patriotic "goose flesh" on the backbone of every red-blooded American boy or girl.

In the movies (despite the depression) we see Italy's school children in huge athletic and patriotic demonstrations being reviewed by Mussolini, keeping alive in the hearts of young Italy a devotion to their country. And in other European nations a similar attention is being paid to the maintenance of patriotic spirit in the youth of that nation.

If American adults can afford to spend millions of dollars to assemble the whole United States Navy to pass in review celebrating no significant holiday or occasion, and serving no purpose except to gratify an adult pride in our floating defense, then surely 14 cents per capita in Riverton invested in celebration of our dearly-won independence, can hardly be construed as a rank waste of money.

England Gives U. S. Tips on Taxes

Here's some rich food for thought, as served by Leslie Gould, Financial Editor of the New York Evening Journal:

"An interesting comparison with American methods of business recovery and government finances is provided by the budget speech of England's Chancellor of Exchequer, Neville Chamberlain. His job compares with that of the United States Secretary of Treasury.

"England is winding up its fiscal year with a surplus for the government over expenditures of 39 million pounds or slightly better than 200 million dollars. The American deficit this year will be around four or five billions of dollars.

"While this country is talking about piling more taxes on its citizens . . . the British Chancellor announced a reduction in income tax rates of 2½ per cent to 22½ per cent.

"England's income tax is still the highest in the world, so it is not time yet to emigrate, but the significant thing is that the rate is coming down instead of going up as threatened here.

"That tax reduction pays and sometimes increases the Government's revenues was proved in the case of Britain's levy on beer drinkers. The tax on beer last year was cut a penny, but the revenue from that source increased this year 25 millions of dollars.

"On the income tax reduction, Chamberlain made this pertinent comment:

"I have no hesitation in saying that the relief which would confer the most direct benefit to the country and have the greatest psychological effect and impart the most immediate stimulus to trade and employment would be a reduction in the standard rate of the income tax."

"American Legislators should take notice."

CHURCH NEWS

CALVARY PRESBYTERIAN CHURCH

Rev. C. T. Bates, B.D., Pastor

Services next Sunday will be held as follows: Church School at 9:45 a.m.; morning worship at 11 a.m., and Christian Endeavor at 7 p.m. A cordial invitation is extended to any in the community who have no regular church home, to enter into the worship and fellowship of this church.

CENTRAL BAPTIST CHURCH

Rev. George Lockett, Pastor

While economists are figuring out and presenting many new standards—money standards, price standards, ethical standards and living standards we have within our own reach, without delving into figures and complicated conditions, "A Sure Standard." This will be the subject of Pastor Lockett's sermon at the 11 o'clock service this Sunday morning.

"God, the Creator" will be the subject in the evening at 7:45. The Baraca Class, of which Thomas C. VanOsten is teacher, will have charge of the prayer meeting this week. Members of the class and friends are invited to attend.

The Ushers' Association, which was to have met this Monday evening, will meet next Monday evening, the 18th, in the church, at 8 o'clock. The usual business and social hour will be the program and assignments will be made for ushering during the coming month. Better come out and see whether your name is on the list of assignments.

CHRISTIAN SCIENCE CHURCH

"God the Preserver of Man" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist on Sunday, June 17.

The Golden Text is: "As birds fly, so will the Lord of hosts defend Jerusalem; defending also he will preserve it" (Isaiah 31:5).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Thou, even thou, art Lord alone; thou hast made heaven, the heaven of heavens, with all their host, the earth, and all things that are therein, and thou preservest them all; and the host of heaven worshippeth thee" (Nehemiah 9:6).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "As the children of Israel were guided triumphantly through the Red Sea, the dark ebbing and flowing tides of human fear—as they were led through the wilderness, walking wearily through the great desert of human hopes, and anticipating the promised joy, so shall the spiritual idea guide all right desires in their passage from sense to Soul from a material sense of existence to the spiritual, up to the glory prepared for them who love God" (p. 566).

DESCENDANTS OF GEN. PUTNAM CHRISTENED AT CHRIST CHURCH

On Sunday, June 10th, Rev. Francis B. Downs, of Christ Church, Riverton, held his initial christening. Leroy Richard Cook and de Hurtbush Washington Cook, sons of Mr. and Mrs. William Cook, 701 Main street, were christened by Rev. Downs immediately after morning service.

Mr. Cook, the boys' father is a direct descendant of General Putnam, his father being Gen. Putnam's grandson. Mrs. Cook likewise springs from well-known lineage, her father's grandfather being Richard Stockton. William de Hurtbush Washington, godfather to the boys, is descended from the brother of General George Washington.

If General Johnson ever loses his job in the NRA he can make a lot of money writing a book on "The Best Thing to Say to Umpires."

UNUSUAL SERVICE AT CHRIST CHURCH

New Rector Will Employ Object Lesson Method to Teach Religious Truths

The eleven o'clock service at Christ Church Sunday morning will be a unique service this week. Certificates of honor will be presented to the pupils who have successfully completed their work for the term and who have passed an examination in the subject.

Instead of the regular sermon the rector will have a special object lesson talk for the children. Based upon Christ's call to all to become "fishers of men," he will use a model of the old fishing boats used on the sea of Galilee, equipping it with all the paraphernalia used in such a boat.

To bring the lesson home to the children he will liken the mast, sails, rudder, etc., to the qualities of character which must be displayed by persons who hope to succeed in the business of life.

The Reverend Mr. Downs feels that children, and adults, too, for that matter, are more impressed by what they see than by what they hear, hence he is taking this rather unusual method of bringing the lesson home to the children upon this occasion of the closing of the church school for the summer months.

RIVERTON SCHOOL NOTES

As school is nearing an end the eighth grade realizes that their commencement is the last event of their school life in Riverton. The eighth grade is sorry to leave, and wants to thank the school for everything that has been done to make it a happy and beneficial school year for them.

The attendance this year has been exceptionally good, even though there have been contagious diseases in the school. Mary Lou Baker and Herbert Guest in the kindergarten have not been absent all the year until a few days ago, when they were taken sick with mumps.

School will open again September 10th.

NOTICE
I, John B. Keating, residing at 1 Broad Street, East Riverton, County of Burlington, N. J., hereby give public notice that I shall apply to the Township Committee, of the Township of Cinnaminson, County of Burlington, for a license to conduct the sale of alcoholic liquors at 1 Broad Street, East Riverton, County of Burlington, N. J., should be filed immediately in written form with the licensing authority.

Date of hearing, June 23, 1934, 2 p.m. (Signed) JOHN B. KEATING, Broad Street, East Riverton, N. J.

SHERIFF'S SALE
By virtue of a writ of fieri facias to me directed, issued out of the Court of Chancery of the State of New Jersey, I will sell at public sale on

THURSDAY, JUNE 21, 1934
between the hours of 12 and 5 o'clock in the afternoon of said day (to wit at 2 o'clock) Standard Time, at the Court House, Mount Holly, New Jersey.

ALL the following tract or parcel of land and premises hereinafter particularly described, situate, lying and being in the Township of Cinnaminson, in the County of Burlington and State of New Jersey.

BEGINNING at a point in the southwesterly side of Union Landing Road one hundred and seventy-five feet northwardly from the point of intersection of the southwesterly side of Union Landing Road and continuing northwardly along said southwesterly side of Union Landing Road a distance of seventy-five feet to a point for corner, being the front of the lot; thence two parallel lines drawn at right angles to said Union Landing Road a distance of one hundred and twenty-five feet to the rear of the lot. Containing within said bounds a rectangular lot of land 75 ft. x 125 ft.

DECEASED approximately \$3075.00 besides interest, costs and fees.

SEIZED as the property of Albert M. Condon, et al., defendants, and taken in execution at the suit of Anna McClellan, complainant and to be sold by

GEORGE N. WIMMER, Sheriff.
A. Moulton McNutt, Solicitor.
Dated: May 23, 1934.
Printers Fee \$17.25.

OBITUARIES

ALPHONSO ROBERT SCHMIDT

Alphonso Robert Schmidt died at his home, 313 Thomas avenue, Riverton, Monday, June 11.

Funeral services held Thursday afternoon at three o'clock with the Rev. Francis B. Downs, of Christ Church, Riverton, officiating. Interment was made in Lakeview Memorial Park, under the direction of Frank A. Snover.

Mr. Schmidt is survived by his widow, Mrs. Frances Wicraft Schmidt, and four daughters, Jane, Helen and Mildred, of Riverton, and Mrs. James Fulghum, of Washington, D. C.

MRS. MARY E. WALLACE

Mrs. Mary E. Wallace, widow of the late Josiah Wallace, died Tuesday, June 12, at the home of her daughter, Mrs. William Young, of Riverside.

The funeral services will be conducted Saturday at 2:00 p.m. from her late residence, 319 Rancocas avenue, Riverside. Rev. Samuel Hardman, of Riverside, will officiate, and interment will be made in the Morgan Cemetery.

Mrs. Wallace is survived by her son, Josiah Wallace, of Palmyra, and her two daughters, Mrs. Edith Baptist, of Chincoteague, Va., and Mrs. Young.

MRS. MADELINE CUGLIOTTA

Mrs. Madeline R. Cugliotta, of Palmyra, died Sunday morning in the Pennsylvania Hospital, Philadelphia. Short services were held Tuesday evening at eight o'clock at the Snover Funeral Home, with the Rev. George Lockett, pastor of the Central Baptist Church, Palmyra, officiating.

Services were also held Wednesday afternoon at two o'clock at the home of her parents, Mr. and Mrs. Quincy H. Fehr, at Bethlehem, Pa. Interment was made in Niaky Hill Cemetery, Bethlehem.

Mrs. Cugliotta is survived by her husband, Phillip, a small son, and her parents.

MRS. ETTA STONAKER

Mrs. Etta Stonaker, of 513 Cinnaminson street, Riverton, died at her home Thursday, June 14.

The deceased was the widow of Horace G. Stonaker.

Funeral services will be held Monday afternoon at 2 o'clock from her late residence, Rev. Francis B. Downs, officiating.

Interment will be made at Morgan Cemetery. Frank A. Snover, funeral director.

The deceased is survived by three children, Charles Stonaker, of Camden, Mrs. William Edinger, of Riverton and Mrs. Harry Kates, of Collingswood, and two sisters, Mrs. Amy Stonaker, of Hightstown and Mrs. William E. Mount, of Red Bank.

Who socked the Codes?
"We," said the committee.
With our bow and Darrow,
We socked the Codes!"

PALMYRA CHOIR AT LAKEVIEW

Rev. Ira S. Pimm, Pastor of Epworth M. E. Church, Will Deliver Address

The Epworth Methodist Episcopal Church Choir of Palmyra, composed of twenty-five voices will broadcast a concert of sacred music next Sunday afternoon at three o'clock from Lakeview Memorial Park, over radio station WCAM.

The choir, assembled in the music room of the administration building, led by Paul E. Grant and accompanied by Mrs. Rachel E. Lord, will sing the following anthems:

Traveller Unknown, by Mathews. Souls of the Righteous, by Noble. The Great Awakening, by Cramer. The Rev. Ira S. Pimm, pastor of the Epworth Methodist Episcopal Church of Palmyra, will deliver a short address.

Every Sunday hundreds of cars are found parked in the spacious drives throughout the park property where the occupants sit and survey the landscape beauty and enjoy the music as it is brought to them over the silver voiced "Singing Tower."

The giant speakers located in the "Singing Tower" send forth with perfect clarity the entire program as it is broadcast over the radio station, as well as an hour of music following the radio broadcast.

This and the following Sunday's broadcast will mark the end of the spring and summer series of broadcasts which various church choirs and singing societies have rendered. To everyone, and especially those who have not visited the park to hear the broadcasts in this series, Roy A. Ramey, managing director of Lakeview Memorial Park, extends a most cordial invitation to attend.

At no other time of the year does the park property appear to better advantage. The artistic touch of nature's spring handiwork, combined with man's landscaping genius, has combined to present the most beautiful of cemetery parks.

Women's Republican Club to Hold Annual Meeting, June 21

The annual meeting of the Women's Republican Club of Burlington County will be held Thursday, June 21, at 1:00 p.m., at the home of County Chairman Charles R. Stout, Cedar Lane, Florence, N. J.

Following the election of officers for the ensuing year, a reception will be held in honor of Mrs. Elizabeth G. Terry, who served six years as a member of the State Republican Committee and three years as vice chairman of the Burlington County Republican Committee. Several of Mrs. Terry's former associates in State work have been invited to participate in this expression of appreciation of her service.

Picnic at Spring Lake

Sponsored by the State Club, a gala day for New Jersey Republican women will be held at the "Essex and Sussex" Hotel at Spring Lake, Tuesday, June 26th. A variety of entertainment will be offered. Buses will leave convenient places at 9 o'clock. The only cost will be \$1.00 for transportation. Those who wish may make reservations of Mrs. Pearl Bridgum, Hainesport, or Mrs. Nellie W. Russell, Burlington or at the annual meeting. Box lunches will be taken and bathing suits by those who desire.

SPENCER TRACY IN "BOTTOMS UP" AT DRIVE-IN-THATRE

"Bottoms Up" the 1934 romantic musical with Spencer Tracy, John Boles, Pat Patterson, Sid Silvers and Harry Green comes to the Drive-In-Theatre, Wilson Boulevard, near Central Airport, Friday, Saturday and Sunday, June 15, 16 and 17. On Monday and Tuesday, June 18 nad 19, "Murder in Trinidad" is the attraction with Nigel Bruce and Heather Angel.

Wednesday and Thursday, June 20 and 21 Zasu Pitts and Sally Eilers and John Mack Brown in "Three on A Honeymoon."

The early chestnut gets the worm.

SHORT-WAVE MUSINGS

BY T. O. M.

"Gil" Coe, of 705 Thomas avenue, Riverton, has purchased a Silvertone all-wave receiver. This set has brought him much pleasure in the short time that he has had the use of it.

Grude Goodenow is getting settled in his new home and promises shortly some short-wave DX reports.

Fishing for stations transmitting on the lower wavelengths is made much more productive and is considerably simplified if the listener knows where the various types of stations are to be found. But when the urge comes to wander afield to see what other types of transmissions have to offer, the following list will be of interest. The frequency bands indicated here contain just about everything of any conceivable interest to the short-wave fan. The police, aviation, amateur, experimental and ship telephone bands are all included—certainly a wide enough variety to provide spice for short-wave tuning. The frequencies listed here can be converted to wavelengths, if the reader prefers, by referring to a wavelength-frequency chart.

| Frequency in kc. | Type of Service |

COUNTY TO HELP WITH DRAINAGE

Freeholders Will Pay Half of
Cost of Catch Basin in
Mount Holly

Under a resolution presented by James McCormick, director of bridges, and unanimously passed by the Burlington County Board of Freeholders last Friday, the county will pay \$500 towards the cost of material for a catch basin in Mount Holly, the township to supply an equal amount. The work will be done by FERA labor. The construction of the basin is designed to relieve a drainage condition on High street, which is a county road. The township is willing to bear a part of the expense owing to the fact that several of the town streets drain into High street. Freeholder Adams voted against the improvement, but later changed his mind.

New County Road Maps

Director of Roads Charles R. Stout and County Engineer H. B. Smith reported that the supply of county road maps had been exhausted and that a new lot was needed. Many changes, the report said, would be necessary owing to the large number of roads taken over by the county and other changes. The board authorized the necessary revisions and the purchase of 5000 maps for free distribution.

Freeholder Adams requested authorization to use FERA labor to remove brush and undergrowth from the county property bordering the Rancocas creek at New Lisbon, with the possibility of making a public park. His request was unanimously granted.

FERA May Finish Job

Mr. Adams also reported that the CWA authorities were agreeable to finishing the work under way at the almshouse, but that the final decision would rest with the FERA set-up, which had superseded the CWA in providing work for the unemployed. The new home for the steward is about one-third finished, the alterations on the almshouse are about half done, and the sewer disposal plant is well under way. The foundation for the new milk house has been laid, but the building itself is still to be erected. Mr. Adams was hopeful that all the work on the various projects would be completed with public funds.

The request of Dr. Marcus W. Newcomb, head of the tuberculosis hospital at New Lisbon, for permission to use the space formerly occupied by the water storage tank opposite his institution at New Lisbon, who also had a single.

for parking space for visitors, was referred to the director of the department of public buildings (Freeholder Adams) with power to act. The doctor complained that visitors drove their cars over the lawns and shrubbery, on the hospital grounds, doing much damage.

A communication was received from the State Highway Commission approving of the list of materials for road maintenance and repair submitted by the county, and the consummation of contracts covering the items specified.

County Solicitor Judge Harold B. Wells reported that he had recovered \$285 improperly paid by the county for relief, and had turned the check for that amount over to the welfare. He also reported that he had been advised of another case where \$255 had been paid for relief to a person not entitled to it. The solicitor will investigate the case, and if the facts are as they have been represented, will start proceedings to recover the money.

Ask More for County Wards

A communication was received from the State Board of Guardians requesting the board of freeholders to increase the county for county wards from 45 cents to 50 cents per day. The request was made on the fact that food prices have advanced 16.7% recently. It was referred to the director of finance. The county averages about 120 children in this institution, where they are maintained at county expense until homes are found for them in private families. In addition to their board, the expense per child for clothing and medical attendance averages about \$5.00 per month.

The following bills were ordered paid, Freeholder Adams voting in the negative. Finance, \$2,164.48; roads, \$11,364.66; bridges, \$8,980.03; buildings, \$16,578.84; public affairs, \$27,033.32. Total, \$66,121.24. The public affairs account included the payment of election officers in the 90 election districts in the county. Each man received \$27 for the primary election, and will receive \$28 for the fall election, the total amount paid each officer for the year being \$55.

PARRY LOSES TO LENOLA

The Parry A. C. played the Lenola A. A. at Lenola Friday evening. The Parry boys received a 7-1 set-back. Bob Roach went the distance for Parry and was nicked for ten hits. Only two hits were for extra bases. Pitcher Walters had one and Barlow the other. Walters, the Lenola moundsman, did good work, holding Parry to four hits with one going for extra bases, which was hit by Stratton, who also had a single.

GRADUATION AT PARISH SCHOOL

Address by Rev. Father Thompson,
of Camden. Children Will
Present Operetta

The third annual graduation exercises of the Sacred Heart Parish School will take place on Friday evening, June fifteenth, at eight o'clock in the school auditorium. Several numbers, including an operetta entitled, "Princess Chrysanthemum," will be presented by the children of the various grades.

The characters are:
Emperor "What for Whi" Warren Neece
Princess Chrysanthemum Kathryn Gottlieb
Fairy Moonbeam, Eleanor Kavanagh
Prince So-True Charles DeLaney
Prince So-Sil Merritt Sanford
Top-Not Bernard Martin
(Court Chamberlain) James Ford
Saucer Eyes James Ford
Japanese Maidens James Ford
Sprites of the Night James Ford

The speaker for the occasion will be the Reverend Father Thompson, of the Sacred Heart Church in Camden. He will assist the Reverend Pastor, Joseph A. Rigney, in the awarding of diplomas and the distribution of prizes.

RANKING TOURNAMENT

The ranking tournament has been arranged and posted at the tennis courts at Memorial Park. The players have been seeded and drawn for the first round. All first round matches will be expected to be completed by Thursday of next week, weather permitting.

CHILDREN ENDANGERED BY FLIES

Health authorities warn parents against the disease carrying flies and mosquitoes. They recommend precaution about door and window screens. Many Palmyra, Riverton families have found Joseph T. Evans' consultation and advisory service most helpful in having perfectly fitting as well as artistic door and window screens. Fine wood and long-wearing, rust-resisting wire to match color schemes in galvanized bronze, copper, and the new aluminum wire at Evans'. Materials to make your own screens if desired, screen paint. Consult Evans also for paints for house, porch, walls or furniture, free color cards. Phone Joseph T. Evans, Riverton 302, today for special advisory service on your screens, hardware, artistic paints. "Get it at Evans to Save money."

HOSTESS ADVISES

HER GUESTS

During refreshments, the ladies were discussing the high cost of living and the Hostess said that extra expense could be saved by repairing promptly. One lady spoke up and said, "You are right. My next door neighbor neglected repairing his porch floor last summer and had to put in a new floor and steps at big expense this spring. We always phone Joseph T. Evans' representative as soon as repairs are needed, and stop big repair bills." Depend on Evans for advisory building service, also lumber and building materials, paints of superior quality to keep your home in splendid condition. "Phone Riverton 302. "Get it at Evans to Save money."

Town Meeting Decides on Old Time Fourth

(continued from page 7)

of satisfaction on the fireworks display.

However, the Fourth of July committee had investigated the present costs of both items, and it was learned that owing to reduced costs practically \$500 could be saved from the usual \$850 expenditure for these two items and still not mar the effectiveness of the program.

Band for \$200

Mr. Stroheim reported that the 114th Infantry Band of Camden could be obtained for approximately \$200 including 20 instruments.

Louis Romaine, owner of the New Century Fire Works Co. of Camden, was present and put in a strong plea for the business, stating that \$200 would give an excellent fireworks program lasting almost an hour. He gave many South Jersey towns as reference.

It was finally decided that an attempt would be made to revive the traditional Fourth of July spirit for which Riverton was famous for many years, and that a committee would begin immediately to solicit contributions to make up the difference needed for band and fireworks.

Should the contributions fall short of the needed amount, a vote was taken to see which would receive first choice, the band or the fireworks.

Committee to Raise Funds

President Rogers appointed a committee of ten to begin immediate solicitation for funds. The committee includes the following: Robert Ayres, Robert Knight, Wm. Hendrickson, R. H. Furner, John Keating, Robert Marshall, McIlvane Biddle, R. M. Woodward, Mrs. E. K. Merrill, and Paul Barnhart.

Upon closing the Fourth of July question President Rogers stated that the committee appointed at the last Town Meeting had further studied the riverbank situation and that its report, in writing, was in hand.

He suggested that inasmuch as the question always raises so much pro and con argument from the floor that the secretary read the report and then the meeting refrain from discussing the subject.

The report would then be published in the New Era and citizens invited to write their views on the proposed report to Dr. Harry L. Rogers to try to get a crystallization of the sentiment with the whys and wherefores.

Following this procedure an open meeting would be held where the letters would be read and a discussion from the floor invited.

Why a New Committee?

Ross T. Elliot at this point rose to inquire why a new committee had been appointed when the Town Meeting was already on record at a previous meeting as favoring certain definite steps be taken by Council.

When informed by the President that the Borough Council had failed to appropriate anything for the riverbank this year since they had received no official notification of the desires of the Town Meeting on the subject, Mr. Elliot still insisted that, granting the Town Meeting had been negligent in informing council, why appoint a new committee and consider a new report? He suggested that a delayed report embodying the original recommendations be officially reported to council.

Harry E. Moyer rose to state that a long discussion had been engaged in at a previous Town Meeting, and that the wishes of the people were clearly stated, and he for one could not understand why a new report was necessary.

President Rogers explained that Mayor Hahn had stated that Council had failed to consider the Town Meeting's previous recommendations because of the failure of the Town Meeting to properly acquaint Council with its desires, and suggested that if action was desired it should be properly presented. Therefore, a new committee was appointed with the ultimate object of properly notifying council of the Town Meeting's recommendations.

James S. Coale suggested that since the new committee had been appointed and had worked to pre-

pare the report, it should be read, which was done.

The Report

June 6, 1934
Dr. Harry L. Rogers, President,
Riverton, New Jersey,
Riverton Town Meeting,
Sir:

In compliance with your instructions, your committee has met on several occasions for the purpose of developing specific plans in final settlement of the River Bank Problem.

Our object was—

- (1) To foster increase in the value of numerous properties fronting Bank Avenue;
- (2) To preserve for the citizens of Riverton the privileges of access to the bank which they have enjoyed; and
- (3) To afford property owners along Bank Avenue relief from through traffic.

It is well known to all citizens who have familiarized themselves with River Bank conditions that depreciation of property has been a direct outcome of traffic conditions in that some property owners, unable to retain privacy, have permitted their properties to deteriorate. This depreciation has been reflected in a serious decrease in the income of the Borough of Riverton from taxes.

Of the several interesting plans suggested to your committee, the plan submitted herewith had the merit of meeting the three objectives set forth above. In addition, it possessed the advantage of being immediately applicable without expenditure of funds on the part of the Borough.

It is the proposal of your committee that the owners of property fronting Bank Avenue be requested to defray the expense of placing hedges and/or shrubbery across the roadway in a manner to preserve access of citizens to the bank and access of the property owners to their private entrances on Bank Avenue.

To this end your committee submits the included Zone Plan of the Borough of Riverton on which the proposed hedges and/or shrubs have been indicated at points agreeable to the several property owners concerned. It is further proposed that signs of suitable size, reading "No Outlet", be placed by the Borough at the intersection of all streets between and including Howard and Morgan Avenue. In addition, similar signs might well be located at intersections with Front Street.

Respectfully submitted,
River Bank Committee
Riverton Town Meeting
Martha McL. Biddle
Chairman

Lively Discussion

Notwithstanding the original request of the committee to refrain from discussion of the subject following the report, a second storm of protest arose from the floor.

The plan was openly accused of being another subterfuge for the eventual closing of the public right of way.

Another member of the meeting inquired if the report had the unanimous vote of the committee, which it was stated to have.

Another member suggested that because of the apparent dangerous character of the report it should be submitted to a lawyer for an opinion of the legal possibilities in the report that would tend to relinquish the right of way to the public.

One member stated that the Town Meeting ought to find out who has the rights in the matter, if the riverbank residents own it—then for goodness sake give it to them; if the townspeople own it then let's exercise our rights! This brought a vigorous burst of applause.

Paul Barnhart moved that the report be published and that the citizens write to President Rogers, expressing their views pro and con and that the whole subject be considered again at an open meeting where the letters would be read and a discussion from the floor be invited.

J. W. Sylvester seconded the motion which was passed and the meeting adjourned.

Absolute zero is equivalent to 459.6 degrees below zero on the Fahrenheit scale.

YMCA STAMP CLUB of Palmyra and Riverton

PALMYRA-RIVERTON

JUNIOR STAMP CLUB

At the regular meeting of the Palmyra-Riverton YMCA Junior Stamp Club held last Tuesday evening at the Y building, Broad and Garfield, an interesting contest was held. How many of these, the questions, could you answer?

1. What country first issued postage stamps?
2. In what year did the U. S. first issue postage stamps?
3. What country's stamps are used in the Canal Zone?
4. In the Philippines?
5. In Alaska?
6. In Hawaii?
7. What historical event did the Sesqui-Centennial stamps celebrate?
8. What did the George Washington Bicentennial Stamps celebrate?
9. Why is Ben Franklin's picture on so many U. S. Stamps?

Norman DeLaney answered the most of these questions and received a set of Armenian stamps as a prize. Other prizes went to M. Cooper, B. Cooper, and G. Dare.

All juniors are invited to the next Y meeting, June 22, 7.30 p.m.

Believe in and bet on the man who does his best—and no matter how prejudiced you may be, you'll have to admit that General Johnson keeps trying . . . and don't one of youse guys in the back row remark 'very'.

"MRS. J. D. EISELE" ROSE

PRICE REDUCTION BY CHEVROLET

Substantial price reductions became effective June 2 on all Chevrolet passenger cars and trucks. Chevrolet now offers its lowest six at \$465. The sweeping reduction is as much as \$50 on some models. The effective price reductions on all models were made at this time in an effort to maintain, during the rest of the year, the employment figures so necessary to the general program of national recovery.

Reduction on the knee-action Master models was as high as \$35 on the popular types. The sedan was reduced to \$640, coach to \$580, the coupe to \$560, and the town sedan to \$615. Prices on the newly-an-

PICNICS

The Ladies Aid of the Lutheran Church will hold a picnic on Wednesday, June 27 at Mountwell Swimming Pool in Hadisonfield.

The Boy Scout Mothers Association will hold their picnic at Riverview Beach on Tuesday, June 19. The boat will leave the Wilson Line wharf at 10 o'clock.

What England and France now seem to want to know is whether we will cancel the war debt if they agree to pay it.

BURLINGTON COUNTY MASTER PLUMBERS ASSOCIATION AFFILIATED WITH THE NATIONAL ASSOCIATION

The following Plumbers are working in accordance with the N.R.A. They are reliable and dependable. Give them your support.

BOA CONSTRICTOR HAUNTS HIGHWAY

Eyewitnesses Say It's from Four to Forty Feet. Pink Elephants Next

Old John Barleycorn, a weaver of fantastic dreams and hallucinations, along with his many other vices and influences for destruction, is returning to his "pre-Volstead" degree of effectiveness it would seem.

At least, rumor has it that he is responsible for flooding Palmyra with boa constrictors ranging in size from seventeen feet to forty feet in length, and in circumference from the size of a man's arm to a telegraph pole!

Not that the citizens are alarmed about it, oh no—only those who have actually seen the huge reptile coiled in the middle of the S-41 highway ready to seize and squeeze some unwary traveler, have backed away from its threatening eye and

hostile attitude.

The next just smile and suggest that it's our own quaint way of out-doing the Scotchman who has been seeing prehistoric monsters in Loch Lomond or some other nearby Loch.

After all we can't let our brothers in kilts outdo us. Even tho' their Scotch may be "aged in the wood," our's is "aged in the WOODS," and while they can only see one supposedly prehistoric monster of submarine habitat—we take a sip and see a whole flock of "honest-to-goodness" boa constrictors flitting hither and yon on one of our most travelled concrete highways.

You birds in Scotland—if you want to really SEE things—come to Palmyra—and "SEE AMERICA FIRST." We don't mess with it—we'll throw in a couple of PINK ELEPHANTS for good measure.

The average college graduate of 1934 no doubt thinks that he could run the country better than his professors are doing it, and he's probably right.

Matches work when they strike.

YWCA NOTES

The adult and Girl Reserve membership of the Burlington County YWCA is invited to the association's annual picnic on June 27, at Mountain Run, near Medford Lakes. An enjoyable day's program has been planned by the Summer Program Committee. Guests arrive at 10.30 for a swim. Basket lunch about 12.30. The day's activities close at 3.30 with a Treasure Hunt.

FRIENDSHIP PICNIC

The regular monthly social and class meeting of the Friendship Circle class of the M. E. Church, Palmyra, was held Monday evening, June 11, at Taylor's Cabin. About 40 members met at the church at 6 o'clock and went to the cabin. There a box supper was enjoyed out of doors. Then a very jovial time ensued with games, bathing, etc., and when the picnic came to an end it was voted the best ever by the class.

For all heating purposes

USE GAS

quick clean economical.

The Air-Cooled

ELECTROLUX Offers Many Advantages

This Electrolux gas refrigerator operates quietly because a gas flame and the refrigerant do all the work. There is no vibration, little to wear out or to need replacement. Economical to use—only a few cents a day.

These Electrolux cabinets have many new features—a temperature regulator so that you can speed the freezing of ice cubes, a trigger tray release which makes it easy to draw out the trays, an adjustable split shelf, a defrosting arrangement which does not interfere with the refrigeration. The porcelain interiors are easy to clean. These refrigerators are priced from \$119.50 up installed. Small amount down. 24 monthly payments.

PUBLIC SERVICE

You can have
AUTOMATIC
hot water service
for 12 cents a day

The customer control type of water heater gives you dependable hot water service for even less than this amount. You need have nothing to do with its operation. The gas goes on automatically when the water cools and shuts off when the water is heated. The 30 gallon size Penfield heater sells for \$88 cash installed. Slightly more on easy payment plan.

With the Hydro-tak you can convert the storage tank into an automatic water heater. \$45. cash installed.

The Rex tank water heater with brass couplings. Price \$15.15 cash installed.
1500 gallons of water, in 30 days' operation, were heated at a cost of only \$2.78.

TWO GOOD GAS RANGES

that cook
and bake
to perfection

This Quality range has a well insulated baking oven and a drawer-like broiler. The famous Quality Quick-top with round enameled burners does fast cooking. When it is not in use you can close the top, then you have a table on which to work. The doors enclose a roomy utensil cabinet. Automatic top burner lighter and oven heat regulator.
Special \$73.55 installed

The Economic No. 475 has a well insulated and heat regulated baking oven, and a sliding drawer-type broiler. This is a combination of range, table and kitchen cabinet with two large drawers for cooking utensils. Automatic top burner lighter. Fine enamel finish. \$59.95 installed.

We charge a little more if ranges are purchased by the month—a small amount down and eighteen months to pay the balance.

Memorial Park Playground Baseball Dope

By "Bill" Schopp

JUNE 7—

Dreers 9—Laundry 8

Dreers defeated the short-handed Laundry team tonight by a score of nine to eight in eleven long, hard innings. The game was a freak one for three well-defined reasons which were, namely, viz and to wit: (1) The Laundry played with only eight men—and did it quite well, as far as that goes; (2) The game was the first extra inning game of the season; and (3) The Laundry in the third inning pulled the first triple play of the 1934 season.

The triple play happened this way: Flynn on second and Gonteski on first thought that Watkins would be Texas leaguer wouldn't be caught, and so strayed off their respective bases—but Broderson snatched the ball, tossed to Reigle at second who threw to Downs at first, completing the triple tragedy.

Having barely managed to sneak across a tally in their half of the ninth, when a somewhat wild peg by shortstop Gonteski and Stockton bearing down on first baseman Yearly combined to make an error, allowing the tying run to cross (Gad, what a colossal participial phrase—better go back and collect the thoughts!), the Laundry went out in order in the tenth stanza. In the eleventh they got the bases full with two out, but Anderson's grounder forced Broderson at third.

On the other hand, Dreers didn't threaten until the final frame, when errors on ground balls from the bats of Brown and Gonteski, with an infield out by Flynn, put men on first and third. Laundry pitcher Anderson and his catcher Stockton then conspired to walk Yearly and fill the bases; but Yearly stepped across and whacked the first pitch-out into left field, driving in the deciding run.

On the Laundry team, shy of one outer-gardner (which Dreers' Nursery could have supplied but knew better), Stiltz, Schuck, Reigle, Stockton, and Anderson had two hits apiece, while Yearly with three topped Dreers.

JIM BROWNING TO MEET GARABALDI

Two Famous Matmen to Meet
in First Open Air Show
Tonight

Jim Browning, recognized in New York and many other states as the world's heavyweight champion, will defend his diadem against Gino Garibaldi, the Italian challenger, in the final bout to an all star bill of the Twin City Sporting Club in their first open air show at the Pennsauken open air arena at the airport circle on Thursday evening, June 14. This contest is scheduled to take place at a distance of two-out-of-three falls with a ninety minute time limit attached.

This is an important fray for Browning, as Garibaldi is classed as one of the leading contenders for the throne. The Italian has proved his worth to a leading position among the highlights of the bone twisters, by defeating the best in the game.

Bert Rubi, the Hungarian sensation, will match wits with Abe Coleman, the Chicago drop kick artist, in the semi-final booked for one fall, 45 minutes time limit. Rubi has been going great in Camden in his last three matches and his encounter with the Windy City Hebrew should be an acid test for the foreigner. Ted Christie, the California Badman, will oppose Frank Bruno, the Polish champion, in the opening contest, while Henry Graber, the latest sensation from Germany will tackle a tough foe in Wee Willie Davis, the Virginia "Judge" in the second skirmish, each scrap scheduled for one fall, thirty minutes.

Athletics nosed out Dreers by the margin of 17 to 5. Ogiati of Dreers had three bingles and Thirdbaseman Swain of the Farmers had four of the same commodity, each player having his team with the war club. Dreers 120 020 00—5 14 7

CHAIRMAN REPORTS ON "HOME" FETE

Net Proceeds \$1600. Board of Managers Appreciate Help and Patronage

At a recent meeting of the board of managers of the Cinnaminson Home for Convalescent Women, Mrs. Lloyd Heulings, chairman of the fete held May 19th, reported the net proceeds as approximately \$1600. The total attendance could not be judged with any great accuracy. The grand stand audience for the exhibition tennis matches was about six hundred. Over two hundred hot suppers were served in the club house and more than that number enjoyed the cafeteria supper on the lawn.

Dancing in the evening was a great success. Miss Carola Oyarvide gave two floor shows featuring Spanish dances in costume. As in years past the success of the fete depended upon the careful planning and untiring efforts of many interested friends of the Home, not only in Riverton and Moorestown, but throughout the county. To all who rendered service, large or small, the board of managers is sincerely grateful.

The matron reported that in May thirty-seven different agencies sent patients to the Home for good food, fresh air and rest. The daily average was twenty-four patients.

MORE SCOUTS WILL GO TO MAHALALA

Old Victor Records Redeemed by RCA Will Help to Finance Trip

Thanks to the generosity of residents of the county who ransacked their attics for old used Victor records, a number of Scouts who had about given up hope of getting to Camp Mahalala for their annual vacation will not be denied that prized experience.

The RCA-Victor Company has sent its first check to E. A. Mechling, chairman of the camp committee, in the sum of \$123.40. This represents more than six thousand old records turned in by the Scouts under the arrangement with the Victor Company who salvage a portion of the material for manufacturing purposes.

While each troop's share of the proceeds is returned to it without strings attached, it will in most cases be used to help boys who otherwise would be unable to attend camp.

One most interesting innovation in the camp program this year will be instruction in horsemanship under the direction of Palmer Adams, who will devote one or more afternoons each week to this instruction. Arrangements for suitable horses are now under way.

Cautious parents will be glad to know that the State Board of Health has certified to the purity of the camp drinking water. Its examination also shows that the water in the lake has a less than normal bacterial count, and is therefore without hazard for the water sports in which the boys delight.

Camp opens on July 8th, and Scouts, together with their parents and friends, are already looking forward to the visitors' jamboree which will be held on Saturday, July 14th. A continuous program of activity starting at 3.00 in the afternoon has been scheduled, and if past experience is a criterion nearly a thousand people will be on hand to observe the proceedings.

CARD OF THANKS

We wish to thank all those who so kindly offered their services during our recent bereavement and especially to those who sent cars and flowers to the funeral.

Karin Wallin,
Mrs. Alma Wallin.

GARDEN CARD PARTY

The Sacred Heart Parent-Teacher Association will hold a garden card party Wednesday, June 27, on the lawn at the home of Mrs. William Rowan, Fourth street, and Thomas avenue, Riverton. Mrs. Rowan is chairlady of the party.

RIVERTON

Mr. and Mrs. J. Stanley Patterson and family, of Elm Terrace, left Wednesday for a five day boat trip to Boston.

Robert Moore, of Linden avenue, spent the weekend with friends in Wilkes Barre.

Mr. and Mrs. George W. Crawford and Mrs. Edith Yearicks, of Bank avenue, are stopping at Chalfonte-Haddon Hall, Atlantic City.

Mr. and Mrs. William H. Bottger, of Linden avenue, attended the 18th annual convention of the Kiwanis International held at Toronto, Canada. One hundred twenty delegates left on a special train from Philadelphia, Thursday, June 7, and visited the following places en route: New Haven, Montreal, Thousand Islands, Rochester, New York and then to Toronto where they spent four days at the convention. They arrived home last Friday evening. Seven hundred twenty-eight clubs were represented, with 1157 delegates and 6500 registered. Mr. Bottger, who is secretary of the Camden Kiwanis Club, was the only delegate from Camden.

Mr. and Mrs. Stanley Stewart and family, of Shrewsbury Yard, moved to Tennessee last Monday.

Mrs. Joseph M. Morgan will leave Friday for Vancouver, where she will stay until October.

Mr. and Mrs. George T. Dold and family, of Elm Terrace, are leaving Riverton Saturday for their farm on Oxmead Road, Burlington.

Mr. and Mrs. Perot Nevin and family, of Fourth street, are leaving this week to occupy a farm in Bucks County, Pa.

Mrs. John H. Moore, of Clearfield, is spending several weeks with her daughter, Mrs. Charles Yost, of Thomas avenue. Mrs. Moore and her two daughters, Misses Lillian and Pearl, are moving to 805 Lincoln avenue, Palmyra this Friday.

The Riverton Laundry and Clarence Bell, Jr., have bought new Chevrolet trucks for the Pal-River Chevrolet, Inc.

Alexander Cole and family, of Gettysburg, Pa., visited his mother, Mrs. Frank C. Cole, over the weekend. Mrs. Cole and children will remain until after Fourth of July.

Mrs. Louis deCognets, of Lexington, Ky., was in Riverton Monday.

Miss Edna Bowen, teacher in the Cinnaminson school, has gone to her home in Salem, N. J., for the summer.

Mrs. Mervil E. Haas and Mrs. Harry Kenney are enjoying a house-party held at Ship Bottom all this week. Mrs. Kenney and Mrs. Haas attended Thursday and Friday. Others at the party are Miss Marcella Landers, of Riverton, Mrs. Perkins Davis, and Mrs. Joseph Willis, of Rancocas, Miss Bessie Cowperthwaite, Medford, and Mrs. Edward Wagner, of Marlton.

Sea worms, which sometimes measure up to 45 feet, often have led to circulation of sea serpent stories.

P. S. DIVIDENDS

The Board of Directors of Public Service Corporation of New Jersey has declared the regular quarterly dividends on its common and preferred stock payable September 29, to stockholders of record as of September 1. The dividends are: seven per cent share on the outstanding no par value common stock; \$2 per share on the eight per cent cumulative preferred stock; \$1.75 on the seven per cent cumulative preferred stock and \$1.25 on the no par value \$5 cumulative preferred stock.

Regular monthly dividends of fifty cents a share were also declared on the six per cent cumulative preferred stock payable July 31, to stockholders of record July 2, August 31, to stockholders of record August 1 and September 29 to stockholders of record September 1.

RIVERTON SCOUTS NINE YEARS OLD

The Riverton Boy Scouts celebrated their ninth birthday, Thursday evening, June 21.

Cards were sent out to over one hundred boys. Frank "Bud" McAdams, Captain of the Cape May Beach Patrol and Skipper of the Cape May Sea Scouts, one of the finest in the country, was the speaker of the evening. Matt Shaw, of Burlington, brought greetings from the scout headquarters.

CONGRATULATIONS

Mr. and Mrs. Herman Denecker, of Cinnaminson, are receiving congratulations on the birth of twin daughters at the Methodist Hospital, Philadelphia, Sunday, June 17.

Mr. and Mrs. Lester P. Buechler, of Merchantville, are receiving congratulations upon the birth of a son, Albert Charles, on June 16, at Cooper Hospital. Mrs. Buechler is the former Miss Louise Landgraf, daughter of Mr. and Mrs. Charles Landgraf, of Palmyra.

CAN'T SCARE JOHNNY

"Johnny Weissmuller has absolutely no fear of the most ferocious wild beast because he has the perfect muscular and nervous coordination of an animal himself."

This is the interesting analysis offered by George Emerson, famous "big animal" expert, after seeing Weissmuller perform with animals in "Tarzan and His Mate," new adventure drama playing at the Walt Whitman theatre.

Mr. and Mrs. Stanley Stewart and family, of Shrewsbury Yard, moved to Tennessee last Monday.

Mrs. Joseph M. Morgan will leave Friday for Vancouver, where she will stay until October.

Mr. and Mrs. George T. Dold and family, of Elm Terrace, are leaving Riverton Saturday for their farm on Oxmead Road, Burlington.

Mr. and Mrs. Perot Nevin and family, of Fourth street, are leaving this week to occupy a farm in Bucks County, Pa.

Mrs. John H. Moore, of Clearfield, is spending several weeks with her daughter, Mrs. Charles Yost, of Thomas avenue. Mrs. Moore and her two daughters, Misses Lillian and Pearl, are moving to 805 Lincoln avenue, Palmyra this Friday.

Alexander Cole and family, of Gettysburg, Pa., visited his mother, Mrs. Frank C. Cole, over the weekend. Mrs. Cole and children will remain until after Fourth of July.

Mrs. Louis deCognets, of Lexington, Ky., was in Riverton Monday.

Perfect Planning

When every detail is carefully planned, fear of the unexpected can be forgotten. We are proud of our record of efficiency and dignity in the funeral service. This perfect planning is given to all regardless of price.

No Charge

There will be no charge for the burial of any resident of Riverton, Palmyra or Cinnaminson, whose relatives are worthy and without means with which to pay the funeral expenses.

*Put those extra nickels put
a Frigidaire in your home*

**15¢ A DAY IS ALL IT
COSTS TO OWN A GENUINE
FRIGIDAIRE UNDER OUR
METER-ICE PLAN**

No down payment

Those dimes and nickels that slip so easily through your fingers can now buy a Frigidaire. It's a fact! Only 15c a day puts one in your home under our new Meter-Ice Plan.

Think of it! Fifteen cents a day—no more than you now pay for ice—and a genuine Frigidaire is yours. Here's the plan.

Nothing else like it

1. Tell us you want one of the new Frigidaires that uses less current than one lamp bulb.
2. We deliver it without a penny's down payment. Then you deposit 15c a day in the Meter-Ice which is attached. Once a month our representative will call, collect the money and credit it to your account.
3. When payments are completed we remove the Meter-Ice and the Frigidaire is yours. In the meantime, your Frigidaire can save you much more than the 15c a day you have put in the Meter-Ice.

Larger models can be had under the same plan for as little as 25c a day.

THE PEOPLE'S COLUMN

TIME TO FACE FACTS

It is high time that all residents of Riverton who have the interest of their town at heart, should face the facts about the River Bank. Drive down Linden avenue, and walk along the river, and see for yourself the contrast between the closed and open portions of the bank. Only by walking can one see the full extent of the deterioration which has changed Riverton's beauty spot into an eyesore. This is our first fact.

At once the question arises—"Was any right-of-way shut off from the Public in the closed portion of the Bank?" The answer is "yes." And it was not merely a so-called "right-of-way" but a public street which was closed. In the entire Borough of Riverton, Fulton street was the only street which gave the Public the opportunity to drive directly to the river. The river end of Fulton street was closed at the request of adjacent property owners, which enhanced the beauty of the upper portion of the Bank, and increased decidedly the value of the adjoining properties, thus benefiting everyone, while the Public never even noticed that they could no longer drive to the River. Since this worked so well, why not try it again?

The second fact which we must face is that in thirty years things change. The population of Riverton has increased, and the automobile has come to stay. Thirty years ago when the townspeople were so few, it was no detriment to a property to have a neighbor, or fellow-townsmen occasionally drive through. Now, it is no inducement to a prospective tenant or buyer of River Bank property to be told that the front of their place will be unsafe for their children on account of the stream of out-of-town cars which

constantly drive through it, and that they may be awakened at midnight and after by the shrieks and squeals of rowdy young people misbehaving themselves on private lawns. When properties can not be rented nor sold, they are pulled down to save taxes. This loss in revenue must be made up. How? By increasing your taxes and mine.

The third fact is not local, but universal. In every town there are a few individuals who persistently refuse to face facts, and whose loud insistence on their so-called "rights" results in real wrongs to the whole community.

HELIUM ONCE PRICELESS

The helium used by the Army and Navy to lift dirigibles is obtained from a Government-owned natural gas field of 50,000 acres near Amarillo, Texas. The net cost of producing it at this plant is now under \$6 per thousand cubic feet, a startling figure in view of the fact that 18 years ago the gas sold at the rate of \$2,500 per cubic foot, with not a whole cubic foot available in the United States. At that rate it would have cost more than 16 million dollars to have filled a modern dirigible such as the Macon.

DECREASE OF NET EARNINGS OF P. S.

A comparative statement of combined results of operations for the twelve months ending May 31, 1934, issued by Public Service Corporation of New Jersey shows for the corporation and its subsidiary companies gross earnings of \$118,706,264.44 as against \$119,736,757.06 for the twelve months ending May 31, 1933, a decrease of \$1,030,492.62. Operating expenses, maintenance, taxes and depreciation for the period were \$77,395,928.88 a decrease of \$658,157.03 leaving a net income from operations of \$41,310,335.56 as against \$41,882,671.15 for the twelve months ending May 31, 1933, a decrease of \$572,335.59.

PALMYRA-RIVERTON Y ELECTS OFFICERS

C. P. Mayfield Is New President.
Many Directors Re-elected.
Yost Is Secretary

At a meeting of the Board of Directors of the Palmyra-Riverton YMCA, Thursday night the following officers were elected for the new year: President, C. P. Mayfield; vice president, E. N. Cooper; secretary Charles H. Yost; treasurer, Howard B. Conover. Mr. Mayfield succeeds Mayor J. Elmer Hahn, who has served in a very capable way for the past three years as president of the Y; but due to pressure of business he requested that he not be nominated this year. Mr. Hahn has always had the interests of the communities at heart and has given much time and effort to their welfare.

Mr. Conover replaces Frank N. Johnson as treasurer. Mr. Johnson has served these past three years that have been a trial for anyone associated with him, in a fine way. Mr. Conover is in the community during the day and new duties will be imposed upon this office that requires a man in town, whereas Mr. Johnson's place of business is in Philadelphia.

The following men were elected as directors for this year, in addition to the officers: Grover Fox, George Durgin, C. F. Bengler, Charles A. Deitz, George N. Wimer, Frank A. Snover, Frank N. Johnson, all of Palmyra and former directors. Dr. H. P. Landis was elected to fill a vacancy caused by Herbert Blodes moving from the community. The Riverton directors are as follows: Nathan Lane, J. Elmer Hahn, Victor Ritchard, Clarence Hubbs, Robin Cole, R. M. Woodward, J. L. Metzgar, associate members, J. J. Siddall and E. W. Stover.
Wilton E. Mount continues as the executive secretary of the board and

GRADUATES AT CINNAMINSON

School No. 2 Has 21 Graduates;
Nine in School No. 4.
Program Novel

Last week saw the close of Cinna-minson's two schools. School Number Four graduated nine Wednesday evening, and school Number Two graduated twenty-one Thursday evening.

On the Wednesday evening program the Primary Rhythm Band, in their uniforms (blue capes and cocked caps) were accompanied by the piano in several selections. The tiny band leader stood upon a stool to enable her to do her part more effectively.

A tuncful operetta followed, in which a sleeping boy was presented with an enchanted whistle, while two brownies, whose puckish dancing was unusually good, circled around him. With the gift, he summoned a regular "Midsummer Night's Dream" of fairies, a queen and her court, etc.

After the presentation of diplomas Wednesday, by Howard Taylor, president of the board, a talk was given by Mrs. Nelson, the former Mrs. Paul Laurence Dunbar. Thursday evening at school Number Two, Dr. Norman Sargeant, of Princeton, spoke to the class and their friends.

A feature of the program was the discussion of the school curriculum by six students as follows: Social Studies, Clois Shivers; English, Robert Unland; Mathematics, Elaine Smith; Music, Margaret Hill; Physical Education, Robert Evali; The Safety Patrol, Vetal Mitchell.

Mr. Taylor presented the diplomas and introduced the speaker. Graduates, School Number Two: Robert Anderson, David Bauer, Jacob Leonard, Vetal Mitchell, Robert Unland, Burd Shoener, Robert Evali, Robert Carr, J. Clois Shivers, Clayton Hunter, Kenneth Leedom, Merrill Haberern, Harry Brunt, Jr., Russell Hunter, Elizabeth Baniff, Helen Shorten, Elaine Smith, Dorothy Pape, Dorothy Binder, Helen Wood, Margaret Hill.

Graduates, School Number Four: Lester Hubbard, Leon Stanford, Richard Ransom, Esther Roberts, Esther Jones, Dorothy Thomas, Gladys Sanford, Dorothy King, Mabel Thompson.

SEVEN AGES REVISED
Harry L. Hopkins, administrator for food gardens, said in Washington:

"If a man wasn't a billionaire he was dissatisfied in the past, but our ambitions are more modest now."

"A Wall Street broker gave his own version of the seven ages of man the other day; said he'd learned it in the school of adversity. It ran:

"First Age: Sees the earth.
"Second Age: Wants it.
"Third Age: Starts to get it.
"Fourth Age: Decides to be satisfied with half of it.
"Fifth Age: Becomes still more moderate.
"Sixth Age: Is content to possess a six by two strip of it.
"Seventh Age: Gets his strip."

CHURCH NEWS

CALVARY PRESBYTERIAN CHURCH

Rev. C. T. Bates, B.D., Pastor
Services will be held at Calvary Church, next Sunday as follows: Church School, 9:45 a.m.; Morning Worship at 11 a.m. A cordial invitation is extended to any in the community who have no regular church home to enter into worship and fellowship of this church.

The annual Sunday School picnic will be held on Saturday, June 30th, at Camp Mahalala. Buses have been provided for transportation and will leave the church at 10 a.m. and will return from the camp at 8 p.m. A charge of 25 cents will be made for each person who is not a member of the school. Those who desire transportation for the afternoon only are requested to advise the school superintendent, H. P. Landis, as soon as possible. Those who can provide transportation for that time are requested to so inform Mr. Landis. All are expected to bring their own lunches and supper and bathing suits. No children under nine years of age, unless accompanied by adults will be taken. All members of the Church congregation and their friends are cordially invited to join with the school for this picnic. In order to assist in the expense, a voluntary offering will be asked, on the grounds, from those who are not members of the school.

WESLEYAN MEN'S BIBLE CLASS

Last Sunday Children's Day was observed in the Sunday School and the Class had the pleasure of listening to Miss Dorothy Mark and Edmund Turnock.

A series of talks of more than ordinary profit, because of the timeliness of the subject, was begun last Sunday morning by Mr. Poinsett.

This series has to do with the unprecedented conditions of the days in which we are living.

If you are concerned in these vital questions and wish to hear them discussed from the standpoint of Scripture, meet with us at 9:55 next Sunday morning; enjoy the inspirational singing under the leadership of Alfred VanOsten; the general fellowship so characteristic of this Class and receive from God's Word some message of helpfulness.

AUXILIARY WILL VISIT HOSPITAL

Burlington County Auxiliary to Hold Picnic at Lyons, June 28th

Thursday, June 28th, has been set aside as "Burlington County Day" at the veterans' hospital at Lyons, New Jersey, which is the state hospital for our boys. Members of the Burlington County Auxiliary will hold a picnic that day on the grounds of the hospital at which time it is expected that about 70 veterans will be the guests of the county. All members of the Auxiliary are invited to attend this picnic if at all possible to do so, and all interested friends of any member or veteran will be very welcome.

The trip will be made by bus, the cost of which will be \$1.25 per person (round trip) from Palmyra station. The bus will leave the station about 8:00 a.m., but at the time of writing the exact time is not settled but all interested members or friends desiring to go to the picnic are urged to call the secretary of the unit—Mrs. Charles King, Riverton 247-M, who will, by the end of this week, have more definite information regarding the final arrangements. Anyone desiring to go will kindly call Mrs. King at once as all names must be submitted to those having charge of the arrangements for transportation, etc., at the earliest possible date. The picnic will be held regardless of the weather.

Lunch will be served by the hospital, if desired, at a cost of 50 cents per person, although any one wishing to do so may take their own lunch with them. The department chairman of this committee has suggested that anyone attending this picnic who may desire to take some donation to the veterans that day, please take cigarettes and cakes. Should anyone be interested in sending the veterans some cigarettes or cakes, but not able to go to the picnic, the members who are going that day will be more than glad to take anything they can with them. Just call the secretary, as noted above, and your donation will be called for sometime Wednesday evening (June 27th).

The bus will leave Lyons about 3:30 p.m. for the trip home, as the picnic is scheduled for 11:00 a.m. to 3:30 p.m., and the bus will be ready to leave immediately thereafter.

Unit 156 would like to have as many members and friends go with them to this picnic as is possible, so as to make "Burlington County Day" a most successful one.

HOLIDAY HOUSE REOPENS

The Holiday House, at Island Heights, the Girls Friendly Camp, will open June 23.

Mrs. Smith's store will be closed from one to two every afternoon until further notice.

Vacant stores indicate empty space in upper story.

A new record ocean depth has been discovered off the coast of Puerto Rico—44,000 feet.

AT MANAC

"Joy which we cannot share with others is only half enjoyed."

JUNE
25—Custer makes fatal last stand at Big Horn, 1876.

JUNE 26—Earth passes through a comet's tail, 1819.

JUNE 27—Boston and New York joined by telegraph, 1846.

JUNE 28—Long-lived Victoria becomes British queen, 1837.

JUNE 29—England imposes that hated tax on tea, 1767.

JUNE 30—Blond crosses Niagara Falls on tight-rope, 1859.

JULY
1—Free letter carrier service started, 1863.

OWNED

OBITUARIES

DR. HUGO WALLIN

Dr. Hugo Wallin, son of Mrs. Alma Wallin and the late Karl Wallin, of Baltimore, Maryland, died at the Churchof Infirmary, Baltimore, last Tuesday, following an operation. Funeral services were held Saturday afternoon, from the Snover Funeral Home, Rev. Arthur S. Lewis, of Wenonah and Rev. Francis B. Downs, of Riverton officiating.

Interment was made at Morgan Cemetery.

Dr. Wallin who was a psychiatrist was 48 years of age.

The deceased was born in Stockholm, Sweden, February 19, 1886.

Dr. Wallin is survived by his mother, a small daughter, Karin and a cousin, Mrs. Frank Bell, of Riverton.

Mr. and Mrs. Karl Wallin, parents of the deceased formerly lived on Main street, Riverton, in the house now occupied by Maurice Kraack.

PALMYRA

Mr. and Mrs. Leonard Baker, of Garfield avenue, spent the weekend at Chalfonte-Haddon Hall, Atlantic City.

The Ladies Aid of the First Lutheran Church, with the Lutheran Sunday School, will hold a picnic at Mountwell Swimming pool, Haddonfield on Saturday, June 30, instead of June 27th.

Mr. and Mrs. Leonard Baker and family are planning to spend this weekend at Ocean City, N. J.

Miss Ruth V. McCamy, of Highland avenue, who has been a patient at the Fairview Sanatorium, New Lisbon, has returned home.

Mr. and Mrs. John Moffit, of Lincoln avenue, are spending several days in Norfolk, Va.

Mrs. Gertrude Neville, of Ridgefield, N. J., spent a few days last week with Mrs. Carl Frank, of Washington avenue.

The Shepherds of Bethlehem will hold a covered dish luncheon Wednesday evening, June 27, in Collins' Hall, Riverton.

Covenant Chapter 108, of the Order of the Eastern Star, held a picnic at Centerton Park, last Saturday.

Mr. and Mrs. Lester Johnstone, of Horace avenue, had as their weekend guests Miss Helen Woodall and James Trullit, of Salisbury, Maryland.

R. Taylor McCormick, formerly with the Ouant Electric Shop, Burlington, is now associated with C. R. Sweeney, selling General Electric refrigerators and appliances.

LAST BROADCAST AT LAKEVIEW

Zion Lutheran Choir of Riverside Will Furnish Music for Closing Program

The last in a series of spring broadcasts from the beautiful Lakeview Memorial Park, in Cinnaminson, will feature a program sponsored by the Zion Lutheran Church, of Riverside, this Sunday afternoon at three o'clock, over radio station WCAM.

The Zion Lutheran Church, choir led by Mrs. Hilda DeGraw Smith, of Riverside, and accompanied on the organ by Miss Helen Richter also of Riverside, will render but two anthems, "Gloria in Excelsis" and "The Lord is My Might." The latter selection is described as a small cantata and will occupy the major part of the thirty-minute program.

Three members in particular, well known throughout South Jersey music circles, will support the church choir. They are Mrs. Mary Miller Blair and Mrs. Hilda DeGraw Smith, of Riverside, who are members of the Choral Art Society of Camden and Edwin S. Gernant, noted bass singer.

The Zion Lutheran Church choir enjoys an unusually large attendance annually when the Christmas and Easter cantatas are given in the church.

The Rev. S. M. Wenrich, pastor of the Zion Lutheran Church, of Riverside, will give a short talk, the subject of which will be, "Eternal Promises—for Whom?"

The broadcast will be made from the music room in the administration building on the park property, and will be re-broadcast from the "Singing Tower" for the enjoyment of the many who gather every Sunday to hear the program.

Lakeview, with its steady program of improvement, is becoming more attractive each week. The combined art of Lakeview's skilled landscape engineers and nature's spring handiwork have woven a picture that cannot be duplicated anywhere in South Jersey.

Remember the time, three o'clock Sunday afternoon, and plan to be present to hear the splendid musical program. Bring a friend or neighbor—they, too, would undoubtedly enjoy the visit.

PIANO RECITAL

The second piano recital of the pupils of Mrs. Ruby Clark North was held Friday afternoon in the Central Baptist Church Sunday School rooms.

Assisting on the program in a cor-net trio were: Yvonne Pennington, Lewis Pike and Edwin Turnock with Elizabeth North, accompanist. After the recital, refreshments were served.

Those taking part were: Dorothy Mahrfeld, Miriam Pike, Lawrence McCay, Virginia Abdul, Jane Fisher, Wilbur Crane, Doris Harmon, Mary Nagal, Ruth Coombs, Eleanor Metzgar, Peggy Haines, Laura Yerkes, Carol Lanker, Arthur Hoyt, Lewis Pike and Phillip Trout.

Fat Folks Lose Weight - Feel Fine

Lose Fat This Summer—Keep Cool—Look and Feel Younger

Mrs. Jessie Martin of San Francisco is happy because she has discovered the right, safe way to reduce—read her letter:

"I have taken Kruschen Salts a month and find great benefit. I have lost 14 lbs. in that time and would lose more if I stuck to a diet as I should. I take them every morning regular and hope others will profit by them as I have."

We have letters from men and women who have lost as much as 100 pounds of fat—from people who have reduced high blood pressure—from folks who have no more bloating or shortness of breath.

Kruschen helps stomach, liver bowels to function properly—increases physical attractiveness all while losing unhealthy fat. Just take a half-teaspoonful in a glass of hot water every morning before breakfast—get it at L. L. Keating's and druggists everywhere.

THE NEWEST BUICK

[A STRAIGHT EIGHT]

Body by Fisher

Here's Your Buick at the Price You Can Pay

\$795*

*Series 40—\$795 to \$935. Series 50—\$1110 to \$1230. Series 60—\$1375 to \$1675. Series 90—\$1875 to \$2175. List prices at Flint, Mich. All prices subject to change without notice. Illustrated above is model 48, 4865, at Flint. Special equipment extra. Duco fenders at no extra charge.

93 Horse Power— 85 miles per hour—
15 miles per gallon!

Buyers who are now driving the newest Buick are delighted. They bought quick when Buick announced its amazingly low list price of \$795.

Now they find that this Buick is indeed a Buick through and through—with all the time-proved Buick quality and dependability, with performance and economy raised to new high levels.

They are experiencing the magnificent performance of Buick's Valve-in-Head straight eight, and the staunch and solid feel of a Buick in action. They are getting the advertised 93 h.p., 10-to-60-

mile acceleration in 21 seconds, 15 miles per gallon, and 85-mile speed.

Satisfaction and enthusiasm are justified. For this Buick is the finest engineered car at or anywhere near its price. Owners are secure in possessing true Buick value—a car good for hundreds of thousands of miles, as evidenced by owner experience through the years.

This is the car you want at the price you can pay! Come and see the newest Buick at once. Drive it. Ride in it. Appraise its beauty and its value. Then you'll buy it.

OCCANICKON CAMP FOR GIRLS IN AUG.

Miss Virginia Kinsman Will Be
Director, Assisted by Miss
Jeanne Emery

Many girls are sending in their
applications for the girls' camp to
be conducted at Camp Occanickon
during the month of August. Miss
Jeanne Emery will be the assistant
director. Miss Emery is a popular
club leader of local girls and a member
of the Riverton school faculty.
Miss Virginia Kinsman is director
of the entire camp. Miss Kinsman
is in charge of the student activities
at the University of Pennsylvania,
and is hostess of the women's dormitory.
At the present time she is at
a "dude ranch" at Cora, Wyoming,
and will fly east to be here when
camp opens. Miss Kinsman comes
very highly recommended to the
camp committee.

With the following staff members,
some new and others "familiar
faces," the camping season of 1934
will surpass all other years in many
ways. Miss Emma Keith will have
charge of the waterfront activities.
Miss Grace Whitlock, Juliettown,
will handle the devotional sessions
of the camp program. The doctor
this year will be Dr. Marion West,
resident physician of the Philadelphia
YWCA. Other local folks who
will be associated with the program
are: Miss Gardner, junior area director;
Miss Eloise Bryan, senior area director;
Miss Irene Sippel, newspaper
and library; Miss Mildred
Mickle, outdoor cooking; Misses
Eleanor and Barbara Lewis are re-
serve leaders and will have respon-
sibilities for athletics.

Features of the program include
a play each week, under the leader-
ship of a training counselor, for
which other girls in their craft work
will make costumes, scenery, etc.
Horseback riding, swimming, tennis,
will help fill each day's program,
with many more features available.
Then there will be plenty of music,
tap dancing and evenings spent on
Occanickon Lake.

Registrations received before July
1st will entitle campers to an eight-
dollar-per-week fee, if residents of
Burlington, Monmouth, Camden or
Gloucester counties. After that time
nine per week.

All communications and registra-
tions should be turned in to Mrs.
Charles Yost, 631 Thomas avenue,
Riverton. Riverton 51-M. Mrs. Yost
is the chairman of the personnel
committee and one representative
for Burlington County on the camp
trustees' committee.

CARHART NABS DRUNKEN DRIVER

Inebriated Motorist Committed
to Mt. Holly Jail in De-
fault of Fine

Henry A. Pfaff, of E. Linwood
avenue, Maple Shade, was arrested
by officer John Carhart of the Riv-
erton police at Broad and Fulton
streets at five o'clock Tuesday eve-
ning.

Pfaff, wending his way in cork-
screw fashion along the river road
towards Riverton, made it practi-
cally impossible for cars to pass him on
the road.

However, Dr. J. L. Edwards, Riv-
erside dentist, managed to squeeze
past the inebriated motorist on the
left side of the road and hastened
to Riverton to notify the police.

Carhart met Pfaff at Fulton street
and stopped him. Asking for his
license, Pfaff gave him license, keys
and everything but refused to get
out of his car. Carhart opened the
car door to take him out but was
saved the trouble, for he fell out
into the waiting arms of the law.

Taken before Police Physician Dr.
Harry L. Rogers, Pfaff was pro-
nounced intoxicated. Asked to walk
a straight line across the police
court floor, Pfaff started bravely
enough but took a headlong dive and
wound up on the floor across the
room.

At a hearing before recorder Cecil
A. Bowers, Pfaff was fined \$221.00,
in default of which he was commit-
ted to the Mt. Holly jail for 90 days.

Shame restrains more than law.

SATURDAY BRIDE

MISS MURIEL BURGMANN,
of Palmyra, who became the bride
of Alex. Chambley at the Palmyra
Moravian Church last Saturday
afternoon.

CHAMBLEY-BURGMANN

Miss Muriel E. Burghmann, daugh-
ter of Mr. and Mrs. John M. Burgh-
mann, of Highland avenue, Palmyra,
became the bride of Alex. Chambley,
son of Mr. and Mrs. David Cham-
bley, of Germantown, Saturday, June
16th at 4 o'clock, at the Palmyra
Moravian Church, the Rev. Albert
J. Harke, officiating.

Miss Burghmann was dressed in a
gown of ivory satin with a tulle veil
held in place with a coronet of tulle,
and carried Madonna lilies and
baby's breath.

The bride was attended by Miss
Elsie Holden, of Arlington as maid
of honor, who wore a gown of apricot
organdy and white slippers and
carried a bouquet of yellow roses
and blue delphinium.

The bridesmaids, Miss Anna
Chambley, of Germantown, and
Mrs. Jack Easley of Palmyra, were
dressed in gowns of green organdy
with small hats of organdy and wore
white slippers. The bouquets were
made of pink snapdragons and
Briercliff roses.

The flower girl, Miss Caroline
Sperber, of Pennsauken, was dressed
in blue organdy of the Colonial pe-
riod and carried a basket of garden
flowers.

Miss Rebecca Greer, of Cinnamin-
son, played the organ and was dressed
in pink organdy.

Miss Elizabeth Hudson, of Frank-
ford, sang the solos and wore a
dress of blue organdy.

Mrs. Burghmann wore yellow crepe
and yellow rose buds, and Mrs.
Chambley wore a flowered crepe and
gardenias.

The ushers were Paul Burghmann,
of Fox Chase, William Jones, of
Germantown.

William Chambley, of German-
town, was best man for his brother.
Miss Burghmann is a member of
the faculty of the Palmyra school
system and president of the Busi-
ness and Professional Women's Club
of Riverton and Palmyra.

After a wedding trip Mr. and Mrs.
Chambley will live at 806 Cinnamin-
son avenue, Palmyra.

LOST CHILD FOUND

Shirley Roberts, 8-year old daugh-
ter of Mr. and Mrs. Joseph M. Rob-
erts, 407 Lippincott avenue, Riverton,
was reported lost to the Riverton
police at 1:15 p.m. Wednesday.

Officer Carhart asked where the
child usually played and was told
that she was last seen at nine o'clock
in the morning, but the parents had
searched at all of its usual places of
play except one.

This one place, 407 Main street,
had not been visited by the worried
parents, but it was there Carhart
found the child blissfully playing
with a dog.

HIS ONE REQUEST

A stranger ambled into a whole-
sale emporium and gazed at bins
containing vermouth, scotch in
pinch bottles, champagne, cognac,
ryes gins, rare vinegars, and what
not. Up came the proprietor inquiring
what he could do for the visitor.

"Don't wake me"

Dairy production in the United
States reached a new high in 1932,
when 101,663 million pounds of milk
was produced.

3.00 p.m. to 4.00 p.m.—Our Playgroups in Burlington County—Mrs. Ethel Burr Dudley, County Supervisor of Leisure Time Activities.

COUNTY PRIZE FOR COMLY RANDALL

Palmyra Winner of Poppy Poster Award Gets First Prize in County Contest

Unit 156 congratulates Comly Randall, of the Palmyra grammar school, whose Poppy Poster won first prize for the grammar school entries in the Burlington County Contest held on June 6th, in the Armory, Burlington. It will be remembered that Comly's poster won the award of \$2.50 given by the local unit of the American Legion Auxiliary at the close of the Poppy Poster Contest last month—May 19th. This award was presented to him at the commencement exercises of the Palmyra grammar school last Friday morning. It is regrettable that the Unit had not received word of this additional good fortune for this young lad before that time so that the award from the County, which is a pencil set, could have been made at the same time. In congratulating Comly, the Unit wishes him continued good luck, as his poster will be entered in the State Contest to be held during the Department Convention in September at Bellmawr. The award to be made by the State is \$10.00. Only the winning poster of each class—grammar and high schools—from each county is eligible for the State Contest.

The winning poster from the Palmyra High School for the local contest, placed second in this County Contest, first place being won by A. Zeiss of the Riverside High School. Honorable mention, and a special prize, was awarded Herman Miller, of the Wilbur Watts High School in Burlington.

WORK FOR FIREMEN

Salt Lake City firemen responding to an alarm found their services were required to rescue a Persian cat which had its tail caught in a washing machine.

YWCA NOTES

The annual Burlington County YWCA picnic will be held Wednesday, June 27, at Mountain Run, near Medford Lakes. All adult members and friends of the Association, as well as Girl Reserves, are invited to attend the outing.

Camping Trips

Members of Medford Girl Reserve Club I will enjoy a weekend camping trip at Surf City, June 22, 23 and 24, while the Medford Girl Reserve Club II spent June 18, 19 and 20 camping at Mountain Run.

Putter Shop

A putter shop for instruction in various handicrafts will be opened in the Mt. Holly YWCA clubhouse Thursday, June 21, and will be held each Tuesday and Thursday morning from 10.00 to 12.00 o'clock for a period of six weeks.

Century of Progress Tours

Burlington county girls 12 to 19 years of age will have an opportunity of visiting the World's Fair in Chicago this summer with groups of their friends, according to plans announced by the Burlington County YWCA.

Two programs are available, one a 10 day trip of which 6 days are spent in Chicago, for which the entire cost except for personal expenditures, is approximately \$62.00, and a shorter trip of 6 days with 3 days in Chicago at a total cost of approximately \$48.00.

Further information regarding the tours may be obtained at the county YWCA office in Mt. Holly.

The forest area of the United States is about 500 million acres, or approximately four times the area of France.

THRIFTY FOLKS

SAVING MONEY

Right now many Palmyra, Riverton families are saving \$10 on ten tons of coal, also \$5 additional, by ordering Evans High Carbon Premium Anthracite now. Many are using Evans liberal Budget Plan now, saving the higher prices of next winter. The additional saving in ordering Evans coal is that the High Carbon gives more heat, lasts longer, requires less attention, and costs no more than ordinary coal. Evans coal customers get free advisory service on heating problems. Save money now, have also complete heating satisfaction in next winter's zero weather. Phone Joseph T. Evans, Riverton 302. "Get it at Evans and save money."

Joseph T. Evans

NEWS for over 1,000,000 Summer Travelers

During the hot weather months, all principal B & O through trains will be completely air-conditioned! More air-conditioned cars on many other B & O trains! Cool, clean, quiet travel—even on the hottest days and nights.

Go AIR-CONDITIONED to the World's Fair

Enjoy a restful, pleasant journey on one of these air-conditioned feature trains.

MEMORIAL PARK TENNIS RANKING

First Round Matches Must Be
Finished Saturday or
Players Defaulted

The men's singles ranking tournament being conducted on the tennis courts at Memorial Park, Riverton, was handed a set-back due to heavy rainfall the early part of the week. The committee had set Thursday, June 21 as the deadline for all first round matches, but due to the weather the deadline has been extended to and including Saturday, June 23rd.

The results of first round matches played up to and including Wednesday night are: Latch defeated Crawford, 6-4, 6-2; Peterson defeated Hubbs, Jr., 6-4, 6-0; Gros defeated Smith, 6-0, 6-0; Elley defeated Metzgar, 6-18, 6-4, 7-5.

First round matches still to be played are: Moore vs. Earp, Schonveld vs. Everet, Wallace vs. Gibson, Loney vs. Cunningham, Graff vs. Reynolds, Sherman vs. Becton.

The committee urges the contestants who yet have their matches to play to make arrangements to complete their matches by Saturday night, June 23rd. Players failing to do this may be defaulted.

Injunction by Bank Committee

(Continued from page 1)

the committee to reopen the bank since March of last year, avers the bank now has a liquidity of 78 percent of its assets, far more than is required by the government for reopening, that the committee's financial reopening plan with the R.F. C. would give the bank a capital structure liquidity of 102 percent, but that Gibbs Lyons, deputy comptroller of the currency, "maliciously" is preventing its reopening or payment of dividends.

Lyons has charge of all closed national banks throughout the country. The bill also quotes Lyons as stating that "a bank is not necessary in the community."

The complainants are Dr. Harry W. Bauer, physician; Hilton M. Smith, road maintenance contractor; Benjamin R. Leach, nurseryman, trustees for depositors who have assigned to them 85 percent of the total deposits; Wilmer L. Roberts, department head in a Philadelphia textile mill, who has \$1293 on deposit in the bank; and Joseph G. Seel, printer, a stockholder.

Benjamin R. Leach, a member of the reorganization committee, in an interview this morning stated that every reasonable and intelligent means had first been tried to secure a hearing with the authorities in Washington, and that the committee had on every hand been misled, promised and double crossed.

Therefore when every overture by the committee had failed, the only other course left is an attempt to force reopening through the channels of law.

Leach charges that the officials in Washington are maliciously attempting to thwart the efforts of the reorganization committee, and hints that these opening charges are only the beginning. More is in store for Washington, says Leach, if it is found necessary to push the case.

Leach claims that the efforts of the committee are to do but two things, one being the re-establishment of banking facilities, and, two, the reduction to the lowest possible minimum the losses of the depositors and stockholders under the old management.

This objective he offers in comparison to the government's present remedy for the same situation, which denies banking facilities and is liquidating the bank's assets with seven employees who sit around and twiddle their thumbs at an alleged cost of \$1,500 per month of the depositors' money.

Leach says that the committee may lose but it won't keep on "paying through the nose" without first fighting to the very last ditch. He further said he would like to know if the United States still has a constitution, or if the new Czarist system is already in effect.

Memorial Park Playground Baseball Dope

By "Bill" Schopp

JUNE 14—
Bankers 15—Dreers 10

On Flag Day, the Bankers edged a step nearer the first half flag by defeating the Dreers team, with the aid of all the luck that could be collected, by the score of 15 to 10. Flynn and McInnis of Dreers had three hits to lead their team, while King of the Bankers led collected four blows to top his gang.

The High School graduation played a game of hob with the Bank lineup, stealing from them Rocky Bonatelli, their star backstop, and, after the middle of the game, Clarence Hubbs, Jr., centerfielder, both of whom were needed at the festivities.

One person there is who adds more color to the game than any three other persons we can think of. That man is E. McInnis of Dreers. In tonight's game he pounded out three hits and scored three runs. Not only that, he was in general the pepper-box and the spark-plug of both teams. In the field it is true, he doesn't cover much ground, preferring to keep in the shade and let the hit fall where they may, but he certainly does keep the spectators and players going! Another thing, he always keeps the scorekeeper informed of changes in the lineup, which is a thing some teams fail to do. McInnis got caught in the meshes of umpirical law tonight when he batted for Brown, as the third man in the first inning, and then again batted for Ogiati in the second inning, before the side had batted around. This, however, was settled and all was well.

Let's not talk about all the hideous errors both sides made. Dreers 002 013 202—10 18 8 Bankers 132 403 20x—15 17 5 Watkins—F. Morris Hubbs, Sr.—Botter

Tak-Abst 19—K. of C. 4

Old Christopher's present generation of soft base ballers were just like so much mush. The boys from Bob Fry's Tak-Abst Exports. The Root, Herb, Sugar and whatnot representatives certainly mixed up the Knights who seem determined to hold on to the last notch in the league standing. The game was fairly interesting in spite of the one sided score. The cheering from the Dreer-Banker game on the East midget diamond had the effect of spurring the boys into real action at times. In the 7th frame Andy Pluff puffed up and smote out a clout that Andy himself should have beaten out by a mile, but for some reason or other his wind and nerve failed him at third base and he faltered on cashing in on a movie ticket.

This was not the case with one E. Malone of the three Malones in the Saints lineup. This same EM, who for some reason is called Peter, gathered up enough momentum to cash in on a ticket. Zine, for the victors, slammed out four hits. This same Zine grabbed two liners in big league fashion.

Tak-Abst 000 200 641—13 19 3 K. of C. 100 000 102—4 6 5 McKean—Cooper H. Richman—Plaff

JUNE 20—

Chevs 16—Athletics 2

The Chevs are now in high gear. Tonight they overtook and passed the faltering Athletics, 16 to 2, scoring twenty-three hits into all parts of the field with gay abandon. The A's, for their part, were able to notch seven singles, of which two went to catcher Schaefer. Sherman Gootee of the Pal-Rivers led his team with the phenomenal total of five hits, and Yearly and Brouse close behind him, smashed four apiece. Homers were smitten by Vince Daly and Herb Weniger, each doing the deed with men on the bases.

Athletics 611 010 304—16 23 3 Chevs 100 000 100—2 7 5 Hylton—Wright Shivers—Schaefer

Tak-Abst 18—Artisans 1

The Tak-Abst team have been imbibing something with more kick than the beverage they are named

Citizens Protest Antique Shop

(continued from page 1)

The reorganization of the police force, which became necessary owing to the death of Chief of Police Walter Miller, and which has been given much careful consideration by the mayor and council, was consummated by the appointment of William Gootee as chief to succeed Miller. Councilman Howard Sordun was appointed chairman of the police committee, succeeding Mr. Williams.

C. E. Cunningham was appointed to fill the vacancy in Council caused by the resignation of Mr. Williams. The following bills were ordered paid:

(Continued from page 1)

ective board, the fine work accomplished by the committees and the loyal cooperation of Miss Staman and the Faculty of the school.

"The National Congress of Parents and Teachers is an inspiring movement and everything we put into this movement in time, energy and spirit helps magnify the finer values of our civilization."

Let us try to keep up our Standard by pulling together for the welfare of our children.

Respectfully submitted,
R. H. COE, President.

Girl Scouts of Troop 1 of Five Points will hold a movie benefit at the Broadway Theatre, Palmyra, June 25 to 29 inclusive. Tickets may be had by phoning 697-3 or 278-W. Adults 30c and children 10c. This benefit is to increase the camping fund.

DEVORE-KIRKEY
Announcement has been made of the marriage of Miss Laura Kirkey and James Devore, both members of the Palmyra High School faculty. The marriage took place Monday, June 18, in Chesterstown, Maryland.

REPUBLICAN PICNIC AT CEDAR LAKE

Associated Clubs of County to
Gather at Cedar Lake
July 21st

At a recent meeting of the entertainment committee of the Associated Republican Clubs of Burlington County, together with members representing the Medford, Marlton, Lumberton and Southampton Township Republican Clubs, it was decided to hold the picnic of the Associated Republican Clubs at Cedar Lake on Saturday, July 21st, 1934. The picnic is not only for members of the various Republican Clubs throughout Burlington County and their families, but will be open to the families of all Republicans within the county who care to participate.

The program which will include baseball, races, quail matches and matches and swimming, will start at 1:30 in the afternoon, with a box luncheon in the early evening, to be followed by a band concert and speaking. Special efforts will be made by the committee in charge to have an outstanding speaker. In addition to such a speaker, it is the desire of the committee to have all Republican candidates, including Congressman Powers and the Honorable Harold G. Hoffman, candidate for governor, present at this occasion. The women members of the clubs which will act as hosts for this occasion are preparing to serve coffee and iced tea with the luncheon.

The newest in furniture is antiques.

SHERIFF'S SALE
By virtue of a writ of fieri facias to me directed, issued out of the Court of Chancery of the State of New Jersey, I will sell at public sale on

THURSDAY, JULY 19, 1934
between the hours of 12 and 5 o'clock in the afternoon, at the Court House, Mount Holly, New Jersey, all the following real estate, to-wit: A certain lot or parcel of land and premises hereinafter particularly described, situate, being, and lying in the Township of Cinnaminson, in the County of Burlington and State of New Jersey.

BEGINNING at a point in the intersection of the Southern side line of River Road, and the center line of said Union Landing Road; thence (1) North forty-one degrees, twenty-six minutes, twenty seconds West, along the center line of said Union Landing Road a distance of fifty-four and one-half feet to a point; thence (2) still along the center line of said Union Landing Road twenty-nine degrees, forty-one minutes, twenty seconds West, a distance of six hundred and seventy-six and one-half feet to a point; thence (3) North forty-one degrees, twenty-six minutes, twenty seconds West, along the line of said Union Landing Road a distance of fifty-four and one-half feet to a point; thence (4) North forty-one degrees, twenty-six minutes, twenty seconds West, along the line of said Union Landing Road a distance of fifty-four and one-half feet to a point; thence (5) North forty-one degrees, twenty-six minutes, twenty seconds West, along the line of said Union Landing Road a distance of fifty-four and one-half feet to a point; thence (6) South twenty-three degrees, fifty-seven minutes, twenty seconds East, along said Taylor's land, a distance of twelve hundred and ten feet, more or less, to a point; thence (7) still along said center line of said Union Landing Road a distance of fifty-four and one-half feet to a point; thence (8) North forty-one degrees, twenty-six minutes, twenty seconds West, along the line of said Union Landing Road a distance of fifty-four and one-half feet to a point; thence (9) North forty-one degrees, twenty-six minutes, twenty seconds West, along the line of said Union Landing Road a distance of fifty-four and one-half feet to a point; thence (10) South seventy degrees, forty-seven minutes, twenty seconds East, along said right of way line and line of River Road, a distance of four hundred and eighty-three and six-tenths feet to a point; thence (11) South seventy degrees, forty-seven minutes, twenty seconds East, along said right of way line and line of River Road, a distance of four hundred and eighty-three and six-tenths feet to a point; thence (12) South seventy degrees, forty-seven minutes, twenty seconds East, along said right of way line and line of River Road, a distance of four hundred and eighty-three and six-tenths feet to a point; thence (13) South seventy degrees, forty-seven minutes, twenty seconds East, along said right of way line and line of River Road, a distance of four hundred and eighty-three and six-tenths feet to a point; thence (14) South seventy degrees, forty-seven minutes, twenty seconds East, along said right of way line and line of River Road, a distance of four hundred and eighty-three and six-tenths feet to a point; thence (15) South seventy degrees, forty-seven minutes, twenty seconds East, along said right of way line and line of River Road, a distance of four hundred and eighty-three and six-tenths feet to a point; thence (16) South seventy degrees, forty-seven minutes, twenty seconds East, along said right of way line and line of River Road, a distance of four hundred and eighty-three and six-tenths feet to a point; thence (17) South seventy degrees, forty-seven minutes, twenty seconds East, along said right of way line and line of River Road, a distance of four hundred and eighty-three and six-tenths feet to a point; thence (18) South seventy degrees, forty-seven minutes, twenty seconds East, along said right of way line and line of River Road, a distance of four hundred and eighty-three and six-tenths feet to a point; thence (19) South seventy degrees, forty-seven minutes, twenty seconds East, along said right of way line and line of River Road, a distance of four hundred and eighty-three and six-tenths feet to a point; thence (20) South seventy degrees, forty-seven minutes, twenty seconds East, along said right of way line and line of River Road, a distance of four hundred and eighty-three and six-tenths feet to a point; thence (21) South seventy degrees, forty-seven minutes, twenty seconds East, along said right of way line and line of River Road, a distance of four hundred and eighty-three and six-tenths feet to a point; thence (22) South seventy degrees, forty-seven minutes, twenty seconds East, along said right of way line and line of River Road, a distance of four hundred and eighty-three and six-tenths feet to a point; thence (23) South seventy degrees, forty-seven minutes, twenty seconds East, along said right of way line and line of River Road, a distance of four hundred and eighty-three and six-tenths feet to a point; thence (24) South seventy degrees, forty-seven minutes, twenty seconds East, along said right of way line and line of River Road, a distance of four hundred and eighty-three and six-tenths feet to a point; thence (25) South seventy degrees, forty-seven minutes, twenty seconds East, along said right of way line and line of River Road, a distance of four hundred and eighty-three and six-tenths feet to a point; thence (26) South seventy degrees, forty-seven minutes, twenty seconds East, along said right of way line and line of River Road, a distance of four hundred and eighty-three and six-tenths feet to a point; thence (27) South seventy degrees, forty-seven minutes, twenty seconds East, along said right of way line and line of River Road, a distance of four hundred and eighty-three and six-tenths feet to a point; thence (28) South seventy degrees, forty-seven minutes, twenty seconds East, along said right of way line and line of River Road, a distance of four hundred and eighty-three and six-tenths feet to a point; thence (29) South seventy degrees, forty-seven minutes, twenty seconds East, along said right of way line and line of River Road, a distance of four hundred and eighty-three and six-tenths feet to a point; thence (30) South seventy degrees, forty-seven minutes, twenty seconds East, along said right of way line and line of River Road, a distance of four hundred and eighty-three and six-tenths feet to a point; thence (31) South seventy degrees, forty-seven minutes, twenty seconds East, along said right of way line and line of River Road, a distance of four hundred and eighty-three and six-tenths feet to a point; thence (32) South seventy degrees, forty-seven minutes, twenty seconds East, along said right of way line and line of River Road, a distance of four hundred and eighty-three and six-tenths feet to a point; thence (33) South seventy degrees, forty-seven minutes, twenty seconds East, along said right of way line and line of River Road, a distance of four hundred and eighty-three and six-tenths feet to a point; thence (34) South seventy degrees, forty-seven minutes, twenty seconds East, along said right of way line and line of River Road, a distance of four hundred and eighty-three and six-tenths feet to a point; COUNTY JUDGE GETS \$3000 RAISE

Hon. Frank A. Hendrickson Entitled to Increase Under Law Solicitor Rules

The cost of county government was increased \$3000 last Friday when Judge Harold B. Wells, solicitor for the Burlington County Board of Freeholders declared that under the law, Judge Frank A. Hendrickson was entitled to an addition to \$3000 to his salary.

Soon after Judge Hendrickson took office the first of April, he notified the board that, under the law, he was entitled to \$8000 yearly instead of the \$5000 which had been paid to his predecessor Judge Charles A. Rigg.

The matter was referred to Solicitor Wells who found that under the law Judge Hendrickson, who was appointed by Governor A. Harry Moore, is a state officer and his salary is set by statute although it has to be paid by the county. In counties of 82,000 population, such a judgeship as Hendrickson holds, pays \$8000 a year, and since Burlington County now has a population of 93,541 the board of freeholders has no choice in the matter, but must pay the additional \$3000 demanded by Judge Hendrickson.

Freeholder Palmer Adams, director of the department of public buildings, submitted a communication from the Bell Telephone Company, offering to install more complete service in the county jail. The letter pointed out that under present conditions communication with the outside as well as with the Sheriff's office depended entirely on one exposed wire which could easily be cut or pulled down, and cut off the jail officials from outside help.

It was recommended that a duplicate service be installed and that the wires be enclosed in pipes. The cost was given as \$50 plus \$4 installation charge and an additional monthly cost of \$5.65.

The matter was referred to Director Adams with power to act.

Mr. Adams called attention to the fact that in the past there had been no uniform method of procuring the commitment of inmates to the county almshouse and stated that he believed in many cases the taxpayers of the county had been imposed upon by the admission of persons who either had means of support or had relatives who could care for them. Solicitor Judge Wells stated that relatives who were able to do so were obliged, under the law to assume responsibility for the maintenance of indigent persons. Mr. Adams submitted a questionnaire which gave detailed information concerning the applicant, including an examination by a physician.

Solicitor Wells said he thought the plan was a very good one, and the board authorized Mr. Adams to have the necessary blanks printed and install the system.

Under the new arrangement applications must be made through local over-seers of the poor who will be responsible for the proper execution of the blanks.

A communication was received by the board from the engineering division of the U. S. War Department approving, with a few modifications, the plans for the Riverside-Delanco bridge. A check of \$7434 was ordered paid to the Kolyn Construction Company, of Trenton, as second payment on the bridge contract.

The board granted permission to the Atlantic City Electric Company to erect electric light poles on the New Gretna-Wading River road.

James Goodwin, of Riverton, secretary of the Burlington County Firemen's Association, appeared before the board to request that funds be allocated to an expense account for William J. Smith, of Bridgeboro, county fire marshal. The board decided that because of budget commitments it would be impossible to do this before November 1.

The following department bills were ordered paid with Mr. Adams voting in the negative: Finance, \$85,365; roads, \$23,170.44; bridges, \$2,825.68; buildings \$11,096.44 and affairs \$1,055.44.

Earth's Population Gain
The earth's net gain in population averages over 20,000,000 a year.

YWCA NOTES

A craft shop will be held each Friday morning from 10.00 to 12.00 o'clock during June and July in the Burlington YWCA clubhouse. Instruction in making inexpensive and attractive articles will be given by Miss Harriet L. Bowe, county YWCA secretary.

Last Friday the girls learned to make tapestry.

The shop is open to all members of Girl Reserve clubs and their advisers.

Visit to Victor Plant

Members of the music committee of the Burlington County Young Women's Christian Association enjoyed a trip through the RCA-Victor plant in Camden recently. The committee is engaged in planning its Fall music program.

Members of the committee are Miss Elizabeth Klauder, Moorestown, chairman; Mrs. William Grobler, Moorestown; Mrs. Robert J. Sim, Riverton; Mrs. Elwood Stokes, Mt. Holly; Mrs. Benjamin Cramer, Pemberton; Miss Harriet L. Bowe, Mt. Holly.

World's Fair Tours

Girls in Burlington county who are interested in joining one of the "Y Century-of-Progress Tours" to Chicago this summer are urged to make their reservations at the county office in Mt. Holly as soon as possible.

Each group will be limited to ten girls under a carefully selected leader. In Chicago the girls will have an opportunity to meet and become acquainted with other girls of their own age from all parts of the country, and they will be sure to see everything worth seeing at the Fair.

Full information regarding the tours may be obtained at the county YWCA office, Paxon avenue, Mount Holly.

HAAS-DOUGHERTY

Miss Jane Dougherty, daughter of Mr. and Mrs. Dennis F. Dougherty, of 832 Cinnaminson avenue, Palmyra, became the bride of Richard C. Haas, son of Richard M. Haas, of Moorestown, at the Sacred Heart Church, Riverton, Tuesday morning at 9 o'clock, the Rev. Joseph A. Rigney officiating.

Miss Margaret Dougherty, her sister's only attendant, was dressed in pink and blue mousseline de sois and wore a pink horse hair hat with pink organza trimmings. Her slipper were blue. The bouquet was made of pink roses.

The bride, who was given away by her father, was dressed in a gown of white satin and her tulle veil was held in place with orange blossoms. Her bouquet was of white roses and lilies of the valley.

Theodore F. M. Haas, brother of the groom, acted as best man.

After a wedding trip Mr. and Mrs. Haas will reside in Oaklyn.

Miss Dougherty was married on the thirty-third anniversary of the marriage of her mother and father.

ENGAGED

Mr. and Mrs. Harvey Hirst, of Main street, Riverton, announce the engagement of their daughter, Marion Reina Hirst, to Mr. William C. Pritchard, son of Dr. and Mrs. William C. Pritchard, of 5616 Spruce street, Philadelphia.

The engagement was announced at a supper party Friday evening at Miss Hirst's home.

Miss Hirst is a graduate of Swarthmore College, and Mr. Pritchard attended the University of Pennsylvania.

NOTICE

During July Dr. Harry L. Rogers will be in his office Monday and Friday evenings from 7 to 8 o'clock. Dr. Imhoff will be in charge during Dr. Rogers' absence with the following hours: Mornings, 9.30 to 10; Tuesday evening, 7 to 8; Thursday evening, 7.30 to 8, and Saturday evening, 6 to 7.

There will be no afternoon hours during July.

Dr. Harry L. Rogers.

The only place in Riverton where you can get Breyer's delicious ice cream. Blankenbush, 606 Main, st.

SHORT - WAVE MUSINGS

BY T. O. M.

W2DMU (T. C. Cooper) of whom we spoke last week is operating portable on five meters.

The Ultra High-Frequency Experimenters Club, of which H. Elwood Hoepfner is a member, will hold its meeting tonight, June 28, at 1124 Washington avenue, Philadelphia.

Beginning with this week's issue, T.O.M. will include in his column an elementary course in the theory of Radio communication, taken from some of the most prominent authorities in this country. The inauguration of "The New Era Radio School" this fall brings forth the problem of knowledge of the fundamentals of Radio. As a preliminary to this school we shall for the next few weeks conduct a course of Radio theory, which starts with the succeeding paragraph.

PRINCIPLES OF RADIO TRANSMISSION

In the realm of sound certain phenomena are frequently noticed that to the uninitiated appear weird and baffling. A certain key on a piano is struck and instantly some object in the room begins to vibrate in unison with the vibrating wire in the piano. Again, let notes of different pitches be sung into a piano when the dampers are lifted. The wire that has the pitch of the note sounded will in every case respond. Sing a little off the key and the response will cease.

These experiments show that sound is the result of vibration, and that bodies that vibrate at the same rate can react on each other so that the one that is vibrating will communicate these vibrations to the other through the air. Each pulse adds its effect to that of the preceding pulses, and though the effect from the individual pulses is very slight, their combined effort produces a large resultant effect.

A similar process takes place in radio communication. The vibrations are present at the transmitting station in the form of rapidly moving electric pulses that surge back and forth between the aerial and ground. The effect of these electric pulses or vibrations is the creation of invisible waves in the space surrounding the aerial. These waves distribute themselves in all directions from the transmitting aerial, just as the sound waves that are set up by a vibrating piano string.

Metallic structures that are in the path of the advancing waves will be effected by them. If these structures have the same electric characteristics as those of the transmitting aerial, electric pulses will be set up in them similar to those at the transmitting station. In other words, these structures will respond to the advancing waves and reproduce the electrical conditions existing at the transmitting station.

The speech, music, or signal that is to be sent out from a transmitting station is first changed into electric energy. This energy is then combined with the electric pulses that surge back and forth in the aerial, and the waves that are sent out naturally partake of both. The radio waves may be considered as the carriers, or envelopes of the transmitted message.

The structures, or receiving systems, that respond to these waves reproduce both the signal energy and the carrier. Then, it is only a matter of separating the signal energy from the carrier in order to reproduce the message.

TIPS ON GROWING

BY ONE WHO GREW UP IN THE BUSINESS

out the season until cut by frost.

As it opened up a new era in rose culture, it was given the very applicable name of "The New Dawn."

A nurseryman in the northern part of the state, after completing a landscape job, had one rose left over, which was simply placed in the ground hit or miss, at a spot where it was passed over by tractor and teams. The battered plant lay in this spot all through the summer and it was noted that there had been blooms on it all through the season. No special attention was paid to this, but when the next season rolled around and the third season, and the plant continued to bloom throughout the summer, whether the recurrence of bloom characteristic was fixed. This was found to be the case after repeated trials. The plant was patented, placed on the market and has proven one of the most satisfactory climbing roses, and it will eventually displace the old variety, Dr. W. Van Fleet.

When in search of new species for your garden, and you are scanning

the catalogues for novelties, do not pass up Physostegia grandiflora Vivid simply because it is a Physostegia and you have the old variety, Virginica, in your garden.

This new variety, Vivid, is more refined in form, considerably more dwarf in growth and comes into flower in the latter part of August, continuing in bloom until October.

The color, lavender-pink, is very welcome at the season when the burning colors of autumn, yellows and bronzes, are everywhere.

It grows about eighteen inches to two feet in height, making a compact bushy perennial, and it is fine for planting about in the middle distance in the hardy border, or any blank spaces between the hardy shrubs.

It makes a very good cut flower and succeeds everywhere.

Potted plants set out at this time will still flower in late summer.

Lobelia Kathleen Mallard, an attractive outdoor bedding plant found in the plantsmen's catalogue about fifteen or twenty years ago, is again making its bid for its old time popularity and is apparently just as well liked now as in the past . . . and

deservedly so.

The culture of this Lobelia, along with many other fine things, was sidetracked during wartime when the growing indoors of tender perennial plants, due to coal shortage was reduced to a minimum.

The lovely little azure flowers are held erect above the shiny somewhat heart-shaped foliage of the compact symmetrical plant. An extremely nice pot subject for table or window-garden decoration, also for filling window and porch boxes, attractive even when not in bloom . . . coming into flower in late winter or early spring months on the hardened growth.

"The Laurel City of America" is the claim of the inhabitants of Winsted, Connecticut for their home town, and mass plantings are being made in its honor. The last week in June is from now on to be called "Laurel Week" and invitations to come see the show of acres and acres of bloom are to be made by radio and press.

Only one-eighth of the original forest area of the United States remains intact.

All Sides Should Be Fair

During the last few months there has been growing criticism, from many quarters, of various governmental activities—particularly those which are of an experimental nature, and are without legislative precedent. And, in return, the defenders of experiments have naturally been more zealous and aggressive in bringing their beliefs and arguments before the public.

A grave responsibility rests on both these groups—those who defend and those who criticize. The American government is attempting to do a great and fine thing—to bring more happiness, more opportunity, more useful leisure to the average man. There is no place for criticism and denunciation which is purely partisan and selfish, and represents an effort of those who are politically "out" to get themselves back "in." And there is no place for enthusiastic praise which is likewise based on partisan grounds, and represents misguided loyalty to a political group.

There is unquestionably fear on the part of many citizens that in conducting its experiments, the government is losing sight of certain American fundamentals—that it is endangering the existence of economic and social individualism, that it is weakening the foundations of democracy. There is fear that we are nearing the shoals of fascism, and a bureaucratic dictatorship. That is the issue that must be widely discussed, by both the friends and enemies of the new order. It should be discussed frankly, fairly and authoritatively, and all sides should be heard.

Neither dogmatic praise nor partisan criticism does service to a government, an administration, or to the public. Honest differences of opinion, honestly argued and thrashed out, are of immense benefit.

CHURCH NEWS

CENTRAL BAPTIST CHURCH

Rev. George Lockett, B. D., Pastor

"Central Baptist" is so fortunately situated that those who attend either the Bible School or Church Services on these warm Sundays will find exceptional comfort. It is really cool and restful.

10:00 a.m., Bible School. For the babe in the cradle to oldest of the old.

11:00 a.m., Morning Worship. Pastor Lockett will have as his subject "The Peace of God."

7:00 to 8:00 p.m., This will be the first of the Summer evening services to be held in the grove. Pastor Lockett will be the speaker and the choir will provide the music. The subject of the sermon will be "The Greatest Discovery."

These twilight services will be conducted by the combined churches, and every one is invited to spend this hour in the grove.

FIRST LUTHERAN CHURCH

Rev. Harold L. Creager, S. T. M.

Regular Sunday School and Church services will be held next Sunday morning at the usual hours. The sermon theme in the church worship will be "Can I Find God?"

In the evening we will unite with the other churches of the community in the Union Services in the Grove.

Our Sunday School and Church picnic will be held this Saturday, at

Mountwell Park, Haddonfield. The bus will leave the church at 10 a.m.

CHRISTIAN SCIENCE CHURCH

"Christian Science" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, July 1.

The Golden Text is: "Laying aside all malice, and all guile, and hypocrites, and all evil speakings, as newborn babes, desire the sincere milk of the word, that ye may grow thereby" (I Peter 2:1,2).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And when he was demanded of the Pharisees, when the kingdom of God should come, he answered them and said, The kingdom of God cometh not with observation: Neither shall they say, Lo here! or, lo there! for behold, the kingdom of God is within you" (Luke 17:20,21).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "This kingdom of God is within you—is within reach of man's consciousness here, and the spiritual idea reveals it. In divine Science, man possesses this recognition of harmony consciously in proportion to his understanding of God" (p. 576).

RIVERTON

Mrs. Elizabeth Aten has been confined to the West Jersey Hospital for about two weeks following a major operation. Mrs. Aten is the mother of Mrs. S. A. Plumly, of Broad street.

Miss Emma Hylton attended the New Jersey Republican Women's organization meeting at Spring Lake Tuesday, as the guest of Mrs. Pearl Bridgeport, successful candidate for State Committee. Hon. Harold G. Hoffman was one of the speakers of the day. Nearly 10,000 women attended the meeting.

Dr. Henry Fox, of Lippincott avenue, is moving to Moorestown, this Friday.

Miss Naomi Evans is employed by the Hygeia Pool, Atlantic City for the summer.

Mr. and Mrs. W. L. Caskey, of Riverton, and Mr. and Mrs. Horace Roland, of Palmyra, attended the Legion drill at Kearny, Saturday.

Chief of Police and Mrs. William Gootee and Mr. and Mrs. Clarence Bell, Sr., spent Sunday at Brant Beach. Mr. and Mrs. Emerson Wolfshmidt were also visitors there on Sunday.

Mr. and Mrs. Louis C. Clelland and family are spending the summer in Washington, D. C.

Miss Constance Groves and Miss Charlotte Perry are leaving Friday for Cody, Wyoming.

Mrs. C. W. Kipp, of Lippincott avenue, leaves this week to spend some time with her daughter, Mrs. Samuel Jones, of Marblehead, Mass.

Mrs. J. L. Harris and daughter, Miss Marian, attended the funeral of her brother, R. E. Emer, Shoemaker of Bridgeton, on Thursday, June 14, he having met with a fatal automobile accident near his home. The Shoemaker Post American Legion was named for his two sons, Harold and Ralph, who died in France during the World War.

NEWLIN'S GRILLE

Newlin's Grille, 5 East Main street, Moorestown, is becoming popularized more and more by high school students from Moorestown and surrounding towns.

This attractive little grille, with its booths lining the wall and dance floor in the center of the room, offers a cozy retreat where young folks congregate and enjoy wholesome social contacts.

The grille is managed by Moorestown High School students and is supervised by Mrs. N. T. Newlin. Many parents whose sons and daughters patronize the grille have expressed their satisfaction of the management, and state that it is a forward step in the safe and decent entertainment of youth.

Newlin's famous home-made ice cream, sandwiches, salads, delicatessen and confections are served in the grille. A modern radio unit furnishes the music for the dancing.

BIRTHS

Mr. and Mrs. William D'Autrechy, of 916 Cinnaminson avenue, Palmyra, are receiving congratulations on the birth of a son, William D'Autrechy, Jr., June 24th at the Mary Haas Robbins Maternity Home, 408 Main street, Riverton.

Mr. and Mrs. Wilmer Ripka, of 311 West Sixth street, Palmyra, are receiving congratulations on the birth of a son, June 27th at the Mary Haas Robbins Maternity Home.

SPECIALS FOR THE FOURTH

Many splendid Fourth of July bargains may be had at the Shulman Store during the next four days. Shulman's are offering the finest quality of sport togs in the newest styles for the holiday season. The public is invited to come in and look over the new and complete stock.

The early Romans used bread crumbs dissolved in milk as a cream to soften and beautify the skin.

BANK LOANS NEEDED TO SPEED RECOVERY

Rotary Speaker Says Recovery Will Depend on Willingness to Help

Charles Riddell, of Chester, formerly a member of the Rotary Club in that city, and now a district representative of the Federal Insurance Corporation (FDIC), spoke to local Rotarians last Thursday. He emphasized the increase in bank deposits all over the country, the lessening number of unemployed, and the passing of the acute stage of the depression. These hopeful portents are in no small part, he thinks, due to the restored confidence of our people in their banks, which state of affairs has been brought about by the FDIC insurance of deposits. He further stated that the speed of recovery to evident prosperity will depend to a large degree on the willingness of bankers to make loans. Recent figures from Washington show that there are but four uninsured banks in New Jersey, and 54.26 per cent of all deposits in our state are protected.

Individual accounts are insured in member banks of the FDIC up to \$2500.00, but on July first \$5000.00 will be the new maximum. The recent bill passed by Congress has extended the activities of the corporation for another year, and there is every expectation that it will be made permanent. Ninety-seven per cent of the depositors of the U. S. are now included in its provisions, and this has been done in six months. Not a single bank has closed its doors, said Mr. Riddell, since the FDIC began to function. This is the more interesting because in any previous ten-year period since the war, 374 banks have failed the first five months of each year.

The wild competition for deposits has been curbed by limiting interest rates on them, 3 per cent now being standard on time accounts. In 1918 there were more than 33,000 banks in the U. S. On June 15th of this year the number was just under 16,000. In all the Union there are 1,466 banks not yet insured, Mr. Riddell stated, largely because they are unable to meet the stringent requirements necessary to secure the government protection.

In reply to question about whether a bank could withdraw from the FDIC, Mr. Riddell said that it was entirely possible, but that every depositor must be notified of the bank's intention, a notice posted in the bank proper, and published in the local newspapers. There is, he added, no coercive phrase in the agreement, which works for the benefit of the banker as well as the depositor.

Mr. Riddell closed his remarks by praising Dr. LeFavor, club pianist, (a tribute usually paid to "Doc's" rhythmic harmony). Former Rotarian "Bill" Becker, enjoyed the speaker's timely discussion, and helped to swell the ranks of another 100 per cent meeting. Palmyra-Riverton's 19th for the year. District Governor "Bill" Pearson's final letter expressing his thanks for the cooperation of the 50th District Clubs was read and everyone agreed that Dr. Pearson had shown unusual taste in the composition and brevity of his communications throughout his term of office.

Mr. Riddell closed his remarks by praising Dr. LeFavor, club pianist, (a tribute usually paid to "Doc's" rhythmic harmony). Former Rotarian "Bill" Becker, enjoyed the speaker's timely discussion, and helped to swell the ranks of another 100 per cent meeting. Palmyra-Riverton's 19th for the year. District Governor "Bill" Pearson's final letter expressing his thanks for the cooperation of the 50th District Clubs was read and everyone agreed that Dr. Pearson had shown unusual taste in the composition and brevity of his communications throughout his term of office.

CARHART HAS HEART ATTACK

While umpiring a playground baseball game Wednesday night Ezra Carhart, genial chauffeur for Mrs. F. Stanley Groves, was stricken with acute indigestion and taken to the office of Dr. Harry B. Mark.

While in the doctor's office Mr. Carhart was taken with a heart attack and rushed to the West Jersey Hospital in the Riverside Ambulance, driven by Tom Murphy, of Riverside, and accompanied by Clarence Mattis, of Riverton.

The Palmyra Ambulance is out of active service getting a coat of paint.

GUESTS AT "LOIS G"

Mr. and Mrs. Joseph L. Stack, of Broad street, Palmyra, entertained the Auxiliary of the Palmyra Fire Company at their cottage, "Lois G," at Townsends Inlet over the weekend.

Mrs. Viola Grubb won the event of the day, the horse race. Among those present were: Mr. and Mrs. Edward Grubb, Jr., Mrs. Virginia Windish, Mr. and Mrs. George Spencer, Mrs. Reba Dilks, Mrs. Frank Geddes, Mr. and Mrs. Morton Morhman, Mr. and Mrs. William Scully, Mrs. David Middleton, Mrs. Clayton Weikman, Mrs. Morris Beck, Mrs. Catherine Chandler, Mr. and Mrs. Freeman Truman, Miss Florence O. Saar, Russell Dilks, Vernon Adams, Miss Mary Scully, Miss Lois Weikman and Mrs. R. Strickenbein.

The town was so small that when the train stopped, the engine was out in the country.

LAKEVIEW PARK MUSICAL PROGRAM

Increasing Number of Motorists Visit Memorial Park Sunday Afternoons

Lakeview Memorial will resume its usual one-hour Sunday afternoon program of sacred and classical music, from the stately "Singing Tower" overlooking South Jersey's most beautiful burial park, as last Sunday's program brought to a close the radio broadcasts which were sponsored by prominent church choirs and singing societies throughout South Jersey.

Fifteen favorite selections, embracing orchestra, voice, chimes, organ, and band will emanate from the Singing Tower at the park property, next Sunday, beginning promptly at three o'clock.

Hundreds of visitors come to the park every Sunday, to enjoy the inspiring musical program and the dignified, quiet beauty of the park itself.

More and more people are beginning to appreciate the beautiful thought motivating the memorial park idea, and, more and more, they are turning to Lakeview Memorial Park as being the outstanding accomplishment of this thought.

Plan to drive your family and friends to Lakeview this Sunday afternoon and introduce to them the beauty and charm that is distinctively Lakeview's—and the individual, musical "Personality" of the Singing Tower.

GE REFRIGERATORS ALLOW MORE LEISURE

With the approach of longer and more pleasant days everyone is looking forward to weekends, drives, vacations. For many years the bugaboo of short trips was the condition the home was in after the return.

Commenting on modern efforts for less worry, more efficiency and more leisure, C. R. Sweeney, Inc., local distributor for General Electric Refrigerators, said, "With this electrical refrigeration in the home there is no need for worry, as far as the food and refrigeration are concerned, when you leave home you know that while you are gone there will be constant, unwavering temperature, and that the food left behind will be kept in safe condition."

"This time of the year," he continued, "the kiddies are apt to be more active and want more light between-meal bites. It is a comfort to know that there is always something in the refrigerator that will be in fit condition for them to eat."

"Longer, warmer days mean more salads, cold drinks, more varying menus to feed the lagging appetites. Electrical refrigeration offers the means for all these."

The rest of one's days depend upon rest of one's nights.

THE NEW ERA
Riverton, N. J.

More Than Three-fourths of All Funds to Vegetable and Fruit Growers

Farm loans made this spring through the Moorestown Production Credit Association, amounting on June 15 to \$132,395.00, were distributed primarily to fruit and vegetable growers with poultry and dairy ranking next to that order, according to A. Engle Conrow, secretary of the association.

Vegetable crops, market gardens, and fruit accounted for 79.5 per cent of the total amount loaned. Loans to poultrymen amounted to 7.2 per cent; loans to refinance debts amounted to 4.4 per cent; and those for repairs, improvements, and equipment were 1.3 per cent.

The Moorestown association is one of 30 units which were organized throughout the Northeastern states early this year. Its territory includes Ocean, Camden, Burlington, and Gloucester counties, and its officers W. Wade Heritage, of Richmond, president; Byron T. Roberts, Moorestown, vice president; and H. L. Emmons, Pemberton; William D. Klein, Box 58 Bayville; J. W. Matlack, Haddonfield; Ernest Sykes, Williamstown; T. W. Wyne, Thorofare, directors.

SCOUT CAMP TO OPEN ON JULY 8

Many Improvements This Year at Camp Mahalala Near Wrightstown

Under the direction of Scout Executive M. A. Shaw and members of the camp committee, a group of volunteers have been busy at the Scout Camp for the past several months. The main purpose of their activities has been to not merely get the camp in shape for opening but to carry out a large number of improvements in camp property.

Camp has been booked by various picnic parties right up to the opening date on July 2nd—the day on which the camp staff reports for making of plans for the camping season. Campers will arrive Sunday, July 8th.

Two canoes have been added to the fleet and the old ones have been repaired. New sanitation plans have been worked out for the mess-hall and dishwashing.

The water analysis report of the State Board of Health shows the drinking water to be excellent, and the pond entirely satisfactory for swimming. Each week during the entire summer an analysis of both drinking and swimming water is made merely as a routine precaution.

Campers will be pleased to know that Chief Leonard Haines will be with us again this summer.

Registrations for camp are coming in regularly. While there are still vacancies in the Provisional troop, there is room for only one more troop to register as a troop, and that vacancy is the last week, July 29th to August 5th.

The greatest camp addition and the one which will add most to the coming season, is the new Legion Hall. The completely remodeled barn which provides an ideal recreation building, and will house the entire handicraft program, nature museum, a large auditorium with a tremendous fireplace and a big stage, the only remaining work to be done is the building of handicraft furniture for the handicraft lodges to be housed in Legion Hall. Work on this will commence at once.

ROSES I LIKE IN DREERS TRIAL GARDEN

It must cause the commercial rosarian to marvel when visitors to his trial gardens gush over the beauties of some rose which the grower has decided to be of but negligible in quality. Likely such would be his opinion on these notes, but what care I—I like 'em, so what?

In the first row of the first bed and included in my own list of "firsts" is the new daffodil yellow Rose Lord Lonsdale. In form, and color it has been fine all spring but there are other excellent "yallers" including Mrs. Thom, Ville de Paris and Julien Potin, the latter "good to the last drop" (of petal) and if it were necessary to discard one of these in favor of His Lordship, I would demur.

Gipsy Lass, a scarlet crimson stops all. Besides being beautiful

in bloom the lucky girl happens to be christened with an extremely winsome name.

Killarney Brilliant, that delicious glistening pink with long pointed buds and big floppy petals in the open flower has been putting up a wonderful show all season.

Those who like the yellow-pink color combinations will join in applause for Kidway. Nice in bud, form and color. Condesa de Sagoro is extremely vivid, but will it wear well?

Everybody "falls" for the singles, such as Dainty Bess and Ethel James, but whisper it low, but few are sold. When it comes to paying for a rose we want all we can get in petalage, so the single beauties are passed with a sigh.

"K. of K" (Kitchener of Khar-toum) proves the truthness of old adage about the "stone that the builders reject." This happy dazling velvety scarlet with its abundant long lasting bloom will diffuse an all summer's radiance over the dullest of gardens. For sometime it has not been featured but is coming back.

I make my profoundest salaam to 32-9, greeting a coming celebrity—one that to see is to immediately realize that in a short time it will adorn the catalogue pages and the gardens of the future—in color like a rich ripe sour cherry. Borne on long erect stems, ideal for cutting. During the dry weather the beautifully formed flowers held on, and on—a joy to behold. Like Mae West—it has "everything!" Let's hope it is given a popular descriptive name and burdened with a top-heavy moniker like some others, for instance Grafin Minnie von Schaff-gotch—honestly Herr Hitler should be told about this.

241-1 is a nice pink "Baby" with scalloped edges—and didn't I like Mme. Jos. Perraud a genuine "buff!" Like an Alice Tiplady Gladiolus. This is good.

Better Times, the sensational new cerise-pink cut flower variety is now under trial as a garden rose. Fine now and bears watching. Five million plants for cut flowers are being propagated under glass.

115-0, another cerise-pink is a comer, especially on account of form perfection. There was also a flower today on 315-32 a pink, that for symmetry was not surpassed by anything in the trials. Kirsten Poulsen and Else Poulsen have a lovely sister in Karen Poulsen—like a bright crimson red Dogwood—a beauty, and the Sweetheart Rose, Cecile Brunner has a rival in 55-32 a larger flower. All colors of the fall are blended in the aptly named Autumn, and Katherine Pecholdt a "coppery orange flushed with rose and gold" is entrancing. Antinea, a new rose this year, exquisitely blends copper, salmon and orange in bud and bloom.

But the lovely piece de resistance in my humble opinion of this grand display of roses, both new and old is No. 20-32. To use the vigorous expression on the introducer, "This is a Humdinger" and has been known under that name ever since the first flowers appeared. It is the peachiest of all peaches and cream varieties, a glorified Gruss an Aachen. The predominating colors are pink and gold indescribably intermingled.

But the lovely piece de resistance in my humble opinion of this grand display of roses, both new and old is No. 20-32. To use the vigorous expression on the introducer, "This is a Humdinger" and has been known under that name ever since the first flowers appeared. It is the peachiest of all peaches and cream varieties, a glorified Gruss an Aachen. The predominating colors are pink and gold indescribably intermingled.

Gipsy Lass, a scarlet crimson stops all. Besides being beautiful

The little old red school house has been superseded by the big educational palace which has put the town in the red.

SHERIFF'S SALE

By virtue of a writ of fieri facias to me directed, issued out of the Court of Chancery of the State of New Jersey, I will sell at public sale on

THURSDAY, JULY 19, 1934

between the hours of 12 and 5 o'clock in the afternoon of said day, (to wit, at 2 o'clock) Standard Time, at the Court House, Mount Holly, New Jersey.

All premises hereinafter particularly described, situate, lying and being in the Township of Cinnaminson, in the County of Burlington and State of New Jersey.

BEGINNING at a point at the intersection of the Southern side line of River Road, if extended, and the center line of Union Landing Road; thence (1) North forty-one degrees, twenty-six minutes, twenty seconds West along the center line of said Union Landing Road a distance of fifty-four and fifty-one hundredths feet to a point; thence (2) still along the center line of said Union Landing Road North twenty-nine degrees, forty-one minutes, twenty seconds West, a distance of six hundred and seventy-six and fifty-one hundredths feet to a point; thence (3) North forty-one degrees, twenty-six minutes, twenty seconds West, a distance of twenty-one minutes, thirty-four seconds West, a distance of two hundred and two and thirty-one hundredths feet to a point; thence (4) North forty-one degrees, twenty-six minutes, twenty seconds West, a distance of seventeen hundred and sixty feet, more or less, to a point on the low water line of the Delaware River; thence (5) in a general Easterly direction, along the various courses and distances of said low water line, to a point in the line of land now or formerly owned by John G. Taylor; thence (6) South twenty-three degrees, fifty-seven minutes, ten seconds East, along said Taylor's land, a distance of twelve hundred and ten feet, more or less, to a point; thence (7) still along said Taylor's land, a distance of two hundred and fifty and eighty-one hundredths feet to a stone for a corner; thence (8) North fifty-three degrees, twenty-two minutes, fifty seconds East, still along said Taylor's land, a distance of two hundred and twenty-five and forty-seven hundredths feet to a stone for a corner; thence (9) South twenty-three degrees, fifty-seven minutes, ten seconds East, still along said Taylor's land on across River Road, a distance of eight hundred and twelve and five one-hundredths feet to a stone for a corner in the North right of way line of the Camden and Amboy Railroad and the South line of River Road; thence (10) South seventy degrees forty-seven minutes, twenty seconds West along said right of way line and line of River Road, a distance of fourteen hundred and eighty-three and sixty-four one-hundredths feet to the point of beginning.

EXCEPTING AND RESERVING thereout and therefrom all that certain tract or parcel of land and premises hereinafter described.

BEGINNING at a point in the North-westerly side line of Broad Street distant four hundred and sixty-four and fifty-four one-hundredths feet Southwesterly from the intersection of the said Northwesterly side line of Broad Street with the Southwesterly side line of lot of John G. Taylor; thence (1) Southwesterly along the Northwesterly side line of Broad Street one hundred feet to a point; thence (2) Northwesterly at right angles to Broad Street one hundred feet to a point; thence (3) Northwesterly and parallel with Broad Street one hundred feet to a point; thence (4) Southeastwardly at right angles to Broad Street and along the Southwesterly side line of a proposed fifty foot street one hundred and fifty feet to the place of beginning.

ALSO EXCEPTING AND RESERVING thereout and therefrom the following lots on the Plan of Beliefs:

Lots 1, 2, 3 and 4, 9 to 32 inclusive, 59 to 67 inclusive, 74 to 86 inclusive Section A, Lots 7 and 8, 36 to 61 inclusive, 67 to 89 inclusive, 94 to 103 inclusive, 105 to 120 inclusive Section B.

Lots 1 and 2 Section C. Decree approximately \$9108.62 besides interest, costs and fees.

Seized as the property of Hadmor Company et al, defendants, taken in execution at the suit of Beba Kern Jessup, Executrix of Beulah E. Kern deceased, complainant, and to be sold by

GEORGE N. WIMER, Sheriff.

Geo. B. Evans, Solr. Dated: June 20, 1934. E. 6-21 to 7-12. Plr's fee \$45.75.

PROPOSALS

The Township of Cinnaminson, N. J., will take bids at the home of George Frank, Riverton, N. J., on furnishing 1,000 (one thousand) gallons of S. C. D., Tuesday, July 10, 1934, at 7:30 p.m. Bids will be opened promptly at this hour.

Bids will be made in sealed envelopes and accompanied by a certified check made out to the Treasurer of the Township on failure of the successful bidder to enter into a contract within 10 days of the date of letting. Right is reserved to refuse any or all bids.

GEORGE C. FRANK, Township Clerk.

ELIMINATION OF IMPURITIES

ONLY \$50 Gases and odors given off by foods, and other impurities that find their way into a refrigerator should not remain to contaminate the foods. They should be taken out. Impurities (food odors and gases) are absorbed by the water from the ice, carried down the drainpipe and out of the refrigerator. Only ice refrigeration provides this necessary drain system which eliminates the impurities.

good healthy sized sandwich always appeals to the men folks. Use thought in your selection of bread, making sure that you have gotten a bread rich in nourishment. This, of course, can be done if you make sure the bread you purchase has been made with more butter than is usual in the ordinary loaf of bread; that the flour has been manufactured from choice wheat, thereby insuring nutrition, and that additional richness is added to the bread because milk has been used in the formula.

Let us start the luncheon basket with dried beef sandwiches? A dried beef sandwich can be truly delicious if the beef is sliced very thin and then placed between slices of buttered whole wheat or rye bread. But, of course, we shall want a variety of sandwiches, so shall we include several made with luncheon roll with sliced sweet pickle? Also watercress and mayonnaise sandwiches make a delightful addition to the picnic basket.

The sandwiches being decided

BABY'S BREATH

Basket of Gold, The Plume Poppy, Plantain Lilies, The Golden Marguerites, The Coral Plant and other beautiful flowering plants—including sorts which will still flower this season—may still be safely planted, as

Shortcuts to the Dinner Table

BY VERA A. SCHNEIDER

Suppose we have a few suggestions today for the picnic basket.

Before long, you know, picnics in the wide open spaces will be the order of the day and to have a few ideas and recipes tucked in the back of one's mind will help when we decide that it's a good day for a picnic.

First, let us remember that a good healthy sized sandwich always appeals to the men folks. Use thought in your selection of bread, making sure that you have gotten a bread rich in nourishment. This, of course, can be done if you make sure the bread you purchase has been made with more butter than is usual in the ordinary loaf of bread; that the flour has been manufactured from choice wheat, thereby insuring nutrition, and that additional richness is added to the bread because milk has been used in the formula.

Let us start the luncheon basket with dried beef sandwiches? A dried beef sandwich can be truly delicious if the beef is sliced very thin and then placed between slices of buttered whole wheat or rye bread. But, of course, we shall want a variety of sandwiches, so shall we include several made with luncheon roll with sliced sweet pickle? Also watercress and mayonnaise sandwiches make a delightful addition to the picnic basket.

The sandwiches being decided

upon, shall we build the remainder of the menu? I think deviled eggs, or just hard cooked eggs, always lend themselves nicely to the picnic fare, along with tomatoes, olives and pickles. And, of course, no picnic is complete without mother making a cake, and I'll give you right here and now, a recipe for a delicious chocolate cake, and yet one that is not expensive.

CHOCOLATE CAKE

1 cupful brown sugar

1/2 cupful cocoa

1 tablespoonful butter

1 cupful sour milk

2 cupfuls flour

1/2 teaspoonful baking powder

1/2 teaspoonful salt

1 teaspoonful vanilla

1/2 teaspoonful baking soda

1/2 cupful boiling water

(Mix soda and water together)

Combine brown sugar and cocoa.

Add the sour milk, vanilla and butter, melted. Sift together the flour, baking powder and salt. Add these to first mixture. Stir in the soda and water and lastly add the vanilla.

Pour into two eight inch layer cake pans and bake in a 375 degree oven for approximately 25 minutes.

And for the remainder of the picnic basket, include cheese, crackers, and of course, fruits and beverages, including a good supply of milk for the kiddies.

In some villages in Hunan Province, China, taxes have been collected for 27 years in advance. Seems as if American municipalities ought to import some Chinese tax collectors.

WORTH WHILE MONEY SAVING

Phone your order to Joseph T. Evans at once to get your next winter's coal at present low prices under Evans Budget Plan. A splendid additional saving for prompt payment. The Budget Plan is very simple. Phone Riverton 302, say to Evans, "I want to order some Evans High Carbon Premium Anthracite at present low prices, delivery to be made later at present low prices." Give your name, address, then Evans representative will call. You make a small deposit and moderate payments this summer and you get your coal next fall at the present low price, if you phone this week. Don't delay. Phone now, get your order booked in time to save money, and you get the kind of coal that stood the test in zero weather. "Get it at Evans to save money."

NEW FURNITURE FOR CLASSROOMS

Trenton Concern Gets Order for
Desk and Chair Units at
Final Meeting

Bids were opened Friday evening
at the meeting of the Riverton
Board of Education for sixty-six
desk and chair units for the upper
grades.

Bids were received from E. L.
Grover, Trenton, \$537.90; Stoll
Blank Book and Stationery Co.,
Trenton, \$546; Allied Equipment
Corporation, Trenton; \$520.40; John
Wanamaker, Philadelphia, \$551.00;
Milton Bradley, Philadelphia, \$570-
90; P. Derby, Co., \$544.80.

The contract was awarded to the
Stoll Blank Book and Stationery
Company.

A bid was received from H. E.
Richner, of Palmyra, for double-
hung storm sash at \$375 for eight
windows. Action on this was de-
ferred.

Thirty-eight applicants were
granted permission to enter Palmyra
High School this fall.

Charles S. Rocky & Co., borough
auditors, were appointed to check
over the books of the district clerk
and custodian of school funds at
regular intervals. Mrs. Elwell, pres-
ident of the board, appointed the fol-
lowing finance committee to work
with the auditors: Walter K. Wool-
man, chairman, Fred P. Hemphill
and Everett Wolcott. The audit
will be made by William H. Welch-
er, of the Rocky firm.
Karl W. Latch, chairman of the

property committee, said that the
fire extinguishers had been recharg-
ed all through the school and that
chief of the Riverton Fire Company
had donated his services for this
duty.

The clerk was instructed to write
a letter of appreciation to Mr. Car-
hart for his work.

Miss Staman was authorized to
buy a sander and four new tables
for the school with money received
for manual training supplies from
the students.

Mrs. Elwell appointed Mr. Wool-
man, vice-president of the board, to
fill her place during her absence this
summer.

The following bills were ordered
paid:
Bd. of Ed. Boro of Palmyra \$1961.00
Bd. of Ed. Twp. of Moorestown \$8.00
Robert H. Chelms, hauling ashes 3.00
Fank & Wagnalls, book 6.15
Houghton Mifflin Co., book 1.96
Theo. Presser Co., supplies 5.45

The Truthful Tombstone
Tombstone dealer (after several
futile suggestions): "How would
just a simple 'Gone Home' do for an
inscription?"
Widow: "I guess that will be all
right. It was always the last place
he ever went."

MOVIE COMPLEX
Jackson came home after a visit
to friends.
"Well," asked his wife, "did you
see the Jones' twins?"
"Yes."
"Oh, George," she went on eager-
ly, "don't you think the boy is the
picture of his father?"
"Yes," he said, "I certainly do, and
the girl is the talk of her mother."

Of course, enough theories, well
exploited, will fill a large book, and
yet not bring practical results. It
would be fine if the next literary
output from Washington would deal
with supply and demand, two very
obdurate elements in the scheme of
recovery.—Toledo Blade.

Night falls when the sunbeams
give away.

Cook and Be Cool!

Modern gas range ovens have well insulated
walls and doors, the heat stays in the oven
where it is needed and out of the kitchen—
gas bills stay lower, too.

Quality 1800. Well insulated 16 inch oven,
in-drawer broiler, red enameled round top
burners that cook very fast, all help the home-
maker to cook well and easily. The oven heat
regulator is another important feature, as is
the automatic top burner lighter. Large com-
partment for utensils. Heavy cast iron table
top style. Finished in porcelain enamel.

Special **\$73⁵⁵**
cash connected

\$59⁹⁵

for this Gas range

\$59.95 buys the Economic 475. A 16 inch
oven that is insulated and has a genuine heat
regulator, a broiler that slides in and out like
a drawer; an automatic top burner lighter
and two roomy utensil drawers. Table top
style. Porcelain enamel finish.

For Less Than
Twelve Cents
A Day

Fifty gallons of water can be heated auto-
matically with gas for less than twelve
cents a day. With the budget type gas
water heater we can tell you beforehand
how much your gas bill for water heating
will be each month. You may not use
fifty gallons of hot water daily, then your
bill will be under the estimate. It cannot,
with the budget type water heater, be
higher.

Gas Is the Only
Fuel That Supplies
Truly Automatic
Hot Water Service

Gas automatic water heaters, budget
type, \$88 upward cash installed.

Gas tank water heaters, with double
copper coils and brass couplings, that
can be attached to the water boiler,
\$15.15 upward cash.

For Economy
and Satisfaction
Electrolux
Air-Cooled
Gas Refrigerator

You can operate an air-cooled Electrolux gas
refrigerator for only a few cents a day. It pro-
vides dependable refrigeration—a dry cold
atmosphere in the general storage compart-
ment and a freezing temperature in the ice
trays. It works quietly with no vibration.

Every season new improvements are added
to the Electrolux cabinets. The newest models
have a two temperature chilling unit which
makes it possible to speed the making of ice
cubes—you can defrost the cabinet without in-
terfering with refrigeration—you can release
the trays by pressing a trigger release.

All Electrolux cabinets are well built. Their
smooth interiors are easy to keep clean. The
shelves are adjustable so it is easy to store
food. Prices are moderate. From \$119.50 cash
upward connected.

These are cash prices. Carrying
charges extra if appliances are sold
on the monthly payment plan.

"SO IT SEEMS"

By Alfred Biggs

A Weekly Review of the
World's News—spiced
with a few personal
opinions

Storm Brewing

The dark thunder-cloud of labor unrest which has been spreading over the country is now illuminated with red flashes of anger. Only a marvel of diplomacy, so it seems, can avert a storm that will paralyze all industry. The threatened steel strike is upon us. General Johnson flies back and forth between Washington and New York in what appears to be a vain endeavor to reconcile the steel executives with his plans for a special labor relations board. The workers are insisting upon a thirty hour week, a dollar an hour minimum wage, and the right of collective bargaining. The employers are averse to any sort of dealings with the American Federation of Labor and the Amalgamated Association of Iron, Steel and Tin Workers. General Hugh S. Johnson's reputation is that of a forthright man of action rather than a diplomat. He will, no doubt, have to pass the buck to the President who, as a master compromiser, may be able to head off the trouble, temporarily, as he did the strike in Detroit.

Strong Talk

In the meantime the workers' delegates in Washington are virtually threatening the Administration. "We have petitioned and waited for justice under the N.R.A. for eleven months," they say, "we have gained nothing. Are the steel executives more powerful than the President of the United States?" The workers have served notice on Secretary of Labor Frances Perkins that "all hell will break loose" unless the right of collective bargaining, guaranteed by N.R.A. is made effective. With such strong language from groups representing hundreds of thousands of skilled workers, no wonder the Administration is considerably worried. The ancient saying, "Uneasy lies the head that wears a crown" applies to presidents as well as to kings.

Only Guardians

There will be no permanent peace in industry until those who control the vast machinery of production are educated to realize that they are merely the custodians, not the owners, of the machinery they manipulate. Every piece of machinery, from a dime gimlet to a turbine which does the work of ten thousand men, represents the accumulated experience of previous generations; theoretically it is the property of humanity. By their astute manipulation of money and credit, which also should belong to all men, they have cornered so-called proprietary rights which are used to the advantage of a fortunate minority and to the disadvantage of the majority. Until a method or system is devised whereby all men may share in their common heritage, "man's inhumanity to man" will continue to make countless thousands mourn.

Education Only Solution

Violence and the loosing of passions will not right this wrong. Diplomacy and compromise are merely palliatives. Until we take out of its frame over the spare bed the legend "Do unto others as you would be done by" and make it an integral part of our daily and hourly lives, there will be no success of sorrow and shame. Centralized government control of industry, or the realization of the highest hopes of organized labor, or any of the so-called practical solutions of financial or economic ills will be basically ineffective until we have

evolved out of our present cultural limitations. The true remedy lies latent in the hearts of men. When the blessings of education in its truest sense are made available to every child, then and not until then, will be the dawn of a new day and their children's children will begin really to live. Until then, what? This writer has not the answer.

The "Poor Rich Man"

It is a misconception to believe that the very rich must have a good time. Your correspondent lives within sight of the home of J. Pierpont Morgan. That is typical of New York where the rich and poor live cheek by jowl. The home of the Morgan family is a palace. Armed watchmen guard it day and night. The idea of Morgan sitting on his front porch and waving a cheery greeting to the neighbors is fantastic. Any ragged derelict walking past the Morgan home looking for stray cigarette butts, knows more of personal liberty than the world's richest banker. Truly, life is full of strange paradoxes.

Real Crop Curtailment

Dame Nature has taken a hand in the Roosevelt program of restricting crops. The drought has blighted vast areas of crop-producing land; it is assuming the proportions of a major national calamity. Washington is planning to pour food, money and clothing into the devastated areas. The present forecast is that the hay, oat, forage and wheat crops will be the smallest in twenty-five years. Thus nature rights man's stupidity. But recently we were restricting crops because we had no effective means of getting surplus food to those who need it. As might be expected, the price of wheat is kiting and the speculators in the "staff of life" will be making new fortunes. There surely must be something radically wrong with a system through which the greater the need the greater the price.

"Vox Populi"

So it goes on. All the nations protest their desire for peace and disarmament but they're all scared to take the first step. From every land arises the voice of the people protesting this absurd increasing drain upon them for armies and navies. In this unanimity of world-feeling lies hope for the future regeneration of the world. That "the voice of the people is the voice of God" is a wise and true saying. The laws of God cannot be denied for long; neither can this unanimous expression of popular will.

Hitler Bungles

Nobody who knows the German people will deny that they are intelligent; but their respective heads are the stupidest diplomats on earth. They have learned nothing from their crowning clumsiness in 1916 which brought this country into the world war against them. Mr. Hitler, now the elected misrepresentative of the German people, has bluffed and threatened to such an extent that he has actually caused Soviet Russia and France to form a military alliance against him. The arrogance of Herr Hitler has brought together the two greatest military powers on earth whose ideas and ideals normally would be as far apart as the poles. Perhaps that is, however, his way of forcing the German people to abandon their much vaunted military aspirations.

Back for More

Still another compromise has been

effected over the new Stock Exchange Bill whereby some of its teeth inserted by the House have been drawn by the Senate. This will give the market manipulators a little more leeway in taking advantage of public cupidity. Hopes are higher in Wall Street whose denizens have been for a long time in the slough of despond. The opinion is expressed that the public, once bitten, will be twice shy. Experience will show, however, that the great American butcher, baker and candlestick maker will need but little encouragement in the shape of a market upturn to plunk down again their hard-earned dollars on the Wall Street gaming table.

Weak Spot in Recovery Program

In connection with this report of the Commission appointed by Columbia University in the book "Economic Reconstruction" is important at this time. Concerning money, it says: "We regard as paramount the establishment of a standard of value which is not subject to violent fluctuation." The report further states that the present economic order can not survive in any form at all unless something of the sort is done. It also states that deliberate limitation of output, because it raises prices, is no more than a dangerous fallacy. This certainly is one of the weak spots in the President's recovery and reform program. Sooner or later it will have to be altered. The sooner the better.

NEW LAWS AND RESOLUTIONS

The Legislative Reference Department of the New Jersey State Library has just issued a Descriptive List of the Laws and Joint Resolutions enacted by the 1934 Legislature to June 5, inclusive. This List, prepared by John P. Doherty, Assistant State Librarian, gives the bill and chapter number of each measure enacted, together with the name of the introducer, and a brief synopsis of the purpose of each bill. Copies may be had gratis upon application to the State Library at Trenton.

MAKES A DIFFERENCE

Blinks: "You said you weren't going to get a new car, but I see you have one."
Jinks: "I know I said I wasn't, but when my wife said I was that automatically repeated what I said."

Before 1840, more timber was felled to clear land than to provide material for building and industry.

ARE YOU GOING TO HAVE AN ELECTRIC REFRIGERATOR THIS SUMMER?

Here are two important facts to keep in mind when you make your choice!

- 1 The dependability of the mechanism is more important than all other features combined. Look to the mechanism, it represents 70% of your investment.
- 2 First electric refrigerator with a 2 year guarantee, first with a 3 year, first with a 4 year service plan, the G-E Monitor Top now gives you

Standard 1 year warranty plus 4 years more for only \$5

In addition to unparalleled dependability of performance at low cost, the General Electric gives you all modern convenience features, new refinements and beauty of modern styling.

Fireworks for Riverton's Fourth

(Continued from Page 1)

Girls, first, red silver necklace; second, blue necklace.

Fat Man's Race—40 inch waistline and over. First tie clip; second, tie clip.

Egg Rolling Contest—12 and under. Girls and boys, first black Waterman pencil; second grey pencil.

Roller Skating Race—Age unlimited. Furnish own skates. Boys first, black Esterbrook pen; second black pencil. Girls first, black Esterbrook pen; second, black pencil.

Express Wagon Race—Mothers and daughters, fathers and sons, furnish own wagons. Boys and girls pull one way, while the adults pull the other, but not both at the same time. Men, first and second, tie clips. Women, first City Compact; second, Seventeen Compact. Boys, first and second, camera. Girls, first, gold bracelet, second, silver bracelet.

Driving Race for Women—Age over 20. First, City Compact; second, Seventeen Compact. Tug-O-War—Men below railroad vs. men above railroad. "River Rats"—Hill Billies.

Girls vs. boys. Prizes not announced.

Rules

The committee reserves the right to restrict anyone from entering an event if they feel it would cause an unfair contest, or for any other unstated reasons.

No boy or girl may enter more than two events. The tug-o-war will not count as an event.

These events are open to residents of Cinnaminson Township and the Borough of Riverton.

In the event of rain the events will be held at Memorial Park on Saturday morning, starting at 10:00 o'clock.

After the noon recess, activities will open with the finals matches in the ranking tournament at the Memorial Park tennis courts. The 114th Infantry Band will give a short concert at the park before going to the riverbank.

Riverton vs. Atlantic City

In the afternoon, "Cookies" nine, famous for their long string of early-season victories, will clash with the Atlantic City baseball team at Memorial Park.

Aquatic events held at the Riverton Yacht Club will be a big feature of the afternoon program, and the following events and prizes are announced:

Swimming race—Boys under 21, first prize, thermos bottle; second prize, thermos bottle.

Girls swimming race—First prize, cigarette case; second prize, cigarette case.

Swimming race—Boys under 15, first prize, scout knife; second prize, scout knife.

Canoe Events

Canoe events—Men's singles, first prize, electric clock; second prize, pocket knife.

Pig-headed race—First prize, cuff links; second prize, cuff links.

Men's doubles—Two first prizes, fountain pens; two second prizes, key cases.

Standing on gunwales—Two first prizes, pencils; two second prizes, key cases.

Mixed doubles—Two first prizes, compact and cigarette case; two second prizes, pencils.

Men's fours—Four first prizes, belt buckles.

Sailing races—First prize, wrist watch; second, thermos bottle.

Tilting contest—Two first prizes, watches; two second prizes, electric clocks.

Men's tilting, comic costume—First prize, fountain pen; second prize, thermos bottle.

The tilting contests will be held in the early evening preceding the fireworks, and a band concert in the evening on the riverbank will be an added feature.

Fireworks

A well-balanced display of fireworks is the closing event on the day's program.

A complete program of the day's activities will be found on pages eight and nine.

There are moths in the American tropics measuring almost a foot in wingspread.

PALMYRA GRANTS FIVE LICENSES

Three for Barrooms, Two for Liquor Stores. One Refused

At the meeting of Palmyra Borough Council Tuesday evening, five liquor licenses were granted and one refused.

Barroom licenses were given Josiah Wallace, C. L. Hawke and Placido Peditto.

Liquor store licenses were given John Mento and Frank Bua.

The application of William Kooker for a license at Broad and Lecony avenue was refused after a number of petitions signed by many residents of Lecony avenue were presented protesting against it.

The petitions recited that the proposed location was near a residential section and that another barroom, that of C. L. Hawke, was but three-quarters of a square up the street.

Mr. Kooker asked if he could apply for another location, and was told that council would be quite willing to consider any future application, but no promises were made.

Council was notified by County Relief headquarters that not more than \$210 per month would have to be raised for relief by the borough for the remainder of 1934, no matter how much the relief authorities expended. Approximately \$1100 is expected to be expended next month.

A special committee, composed of Councilmen Ward, Spahr and Thomas, was appointed to investigate the payment by Dr. Kennedy, of Camden, of \$271 for the restoration of the old traffic light at Broad and Cinnaminson, which Dr. Kennedy

lings, Charles F. Allen, L. E. Carpenter, C. E. Cunningham, George D. Steedle, W. S. Wilson, H. C. Pittenger, H. C. Parrish, E. M. Kinsey, Gerald A. Hatch, Stuart B. Clark, M. H. Burr, William Henry, Harry H. Brunt.

John C. Anderson, Maurice G. Belknap, The Misses Biddle, Roland Michener, Benjamin S. Mehlring, Oliver G. Willis, H. McIlvaine Biddle, R. M. Hollingshead.

NEW IDEAS IN HOME MAKING

By ADA BESSIE SWANN
Public Service Electric and Gas Company
Home Economics Department

SINCE Dolly Madison introduced ice cream at a presidential cabinet dinner at the White House in 1811, its popularity has grown so that today it is considered our national dessert. And no wonder! It is deliciously cooling in the warm spring and summer days. Ice cream is a sweet which can be made in a wide variety of flavors, which makes it a perfect ending for a meal. And what's more, ice cream is very simple to prepare, especially in an automatic refrigerator.

The secret in using the automatic refrigerator to make the same kind of smooth-textured ice cream that grandmother used to make in her churn-type freezer, lies in incorporating enough air in the mixture before it is frozen. This can be done in two ways, either by using a base of stiffly beaten egg whites or by adding whipped cream to a custard base. If this is done, and the mixture is frozen quickly, the result will be a delectably smooth ice cream. The very simplest method of making ice cream in our refrigerator is by using a meringue of egg whites and jelly as a base. We recently discovered this easy, practical method and are passing these recipes along to you.

Mint Ice Cream:
1 egg whites 1 cup mint
1 cup whipping cream jelly

Put the jelly and unbeaten egg whites in a bowl and beat to a stiff meringue. Whip cream to a thin custard-like consistency and fold into the meringue. Pour into tray of automatic refrigerator and freeze. Serves 8.

Strawberry Ice Cream:
1 cup straw- berry jam
3 egg whites 1 cup whipping cream

Put jam and unbeaten egg whites into a bowl and beat to a stiff meringue. Whip cream to a thin custard-like consistency and fold into meringue. Pour into tray of automatic refrigerator and freeze. Serves 8 to 10.

Cinnamon Ice Cream

1/4 cup milk 1/4 cup red cin-
1/4 cup apple naison can-
jelly dies

1 cup whipping cream 3 egg whites
1 t. salt

Dissolve cinnamon candies in milk which has been scalded. Cool, place in tray of automatic refrigerator and freeze until it is the consistency of "mush." Put jelly and unbeaten egg whites in a bowl and beat to a stiff meringue, then fold in cinnamon mixture. Freeze in tray of automatic refrigerator. Serves 8 to 10.

Chocolate Ice Cream

1 1/2 cups milk 3 egg whites
2 sqs. bitter 1 cup whipping
chocolate cream

1/4 cup apple 1 tsp. vanilla
jelly 1 t. salt

Melt chocolate and add to milk which has been scalded. Add salt and cool. Put jelly and unbeaten egg whites into a bowl and beat to a stiff meringue. Whip cream to a thin custard consistency, add vanilla and fold into meringue. Fold in cool milk mixture, pour into tray of automatic refrigerator and freeze. Serves 8 to 10.

demolished with his car late in April. Instead of the old light being restored, the money was used to install a new system with the lights on the corners, and there was some thought that maybe the Camden man had been charged too much. The committee will report later.

Health Inspector Strickenbein reported there had been 44 cases of measles, 25 of mumps and one of chicken pox during the last month.

Councilman Mervine reported that in a CWA survey of health conditions among the children of the towns of Burlington County, Palmyra ranked second in the list, with Moorestown first.

RESULTS OF TOURNAMENT

The first round of the men's singles tennis matches at Memorial Park have been completed and two second round matches have been played.

The results are as follows: Charles Epp defeated Ed. Moore 6-2, 8-6; W. Everett defeated Schonveld 6-0, 6-0; E. Wallace defeated J. Gibson (default); Loney defeated C. E. Cunningham 8-6, 6-0; R. Graff defeated J. Reynolds, 7-5, 6-2; G. Becton defeated J. Sherman (default). Second round, C. V. Peterson defeated H. Walburn, 6-3, 6-3; R. Jermon defeated Rene Gros 4-6, 6-4, 7-5.

The tennis committee is anxious for all contestants to finish their matches as quickly as possible so that the finals may be played on July 4th.

Mr. and Mrs. Albert B. Seither, Jr., and son, Gaynor, and Mr. and Mrs. William G. Seither, of Delaware avenue, spent the weekend with relatives in Ocean City.

FEDERAL FUNDS FOR JERSEY ROADS

State Not Required to Match Government's Grants as Heretofore

New Jersey will receive \$5,586,879 in Federal funds for highway improvements in the next three years under the terms of the new public roads bill passed by Congress last week, according to figures obtained in Washington by the Keystone Automobile Club of New Jersey.

"Of this amount," said William S. Canning, Engineering Director of the Club, "\$3,220,879 represents an outright gift to the State, and will become immediately available for use in the fiscal year ending June 30, 1935. An additional \$1,683,000 will be paid to the State in 1936 and a like amount in 1937, as a continuation of Federal aid apportioned on the basis of population, area and road mileage.

"The \$3,220,879 grant to New Jersey is made available for allotment to construction projects on the Federal Aid Highway System and its extensions into and through cities and on important secondary roads. The law requires that in the absence of satisfactory reasons to the contrary not less than 25 per cent of the apportionment must be applied to secondary or feeder roads, including farm-to-market roads, rural free delivery and public school bus routes. "The State is not required to match this sum, but it will be required to match the continuing grants in 1936 and 1937. In other words, the government, after the expenditures of the emergency appropriation, will return to the establishment plan which provides that the states meet it half way in paying the cost of highway improvements."

YMCA BRIEFS

The largest first-week camp family in a number of years, initiated in the 1934 boy's season at Camp Ockanickon, Saturday, June 23. E. W. Barnes, the camp director, has also announced that it is necessary now to decline to accept enrollments for certain other periods of camp because of the great increase this year of applicants.

The Sunday evening vesper service of the first week boys' camp was a very spectacular and impressive affair. All of the boats and canoes were used and these were gathered around the swimming tower.

Girls Enroll

Enrollments are being received continuously for the girls' camp which is scheduled to open Saturday, August 4. The originally scheduled date was Friday, August 3. One day later has been decided upon by the ladies' committee to conform with the change day of the boys' camp, namely, Saturday of each week.

Save \$1.00 Now

Any girl from Burlington County enrolling this week (up to July 1st) will save a dollar. Now the rate is \$8.00 per week and after that \$9.00 will be the rate per week. For girls outside the four counties operating the camp the rate is \$10.00 a week.

THE FIRST LAW

Oh, the laws they make
May help a little,
But I still must take
My share of victual
From the good brown earth
And the seeds that fill it.
I must prove my worth
By the way I fill it.

My bread—somehow
I must ever find it
With the sweat of my brow
And the brains behind it!

No statute writ
In a legislature
Can change a whit
Of the laws of nature.
With the rain and sun
I must labor ever,
And my gain is won
By my own endeavor.

I must work, I vow,
As the Lord designed it,
With the sweat of my brow
And the brain behind it!

—Berton Braley

THE OLE SWIMMIN' HOLE

at Camp Ockanickon has an irresistible lure for campers—old and new.

CAMP COLUMBUS TO OPEN SUNDAY

Local Men Members of Executive Committee. Camp Enters Sixth Year

On Sunday, July 1, Camp Columbus, located at Bamber Lake in Ocean County, will open for the sixth consecutive year. This camp, is conducted under the auspices of New Jersey State Council of the Knights of Columbus, will again entertain boys residing in the Southern part of the State.

Last year over 500 boys attended Camp Columbus, and this summer arrangements are being made to entertain even a larger number. In the past campers have been housed in tents. This summer the youngsters will be housed in frame bungalows. This big improvement has been brought about by each council in South Jersey donating a hut.

On July 1, next Sunday, the executive committee has arranged to open the camp with a "Field Mass" to be held on the campus. Parents, members of the Order, and the campers will be in attendance. The mass will be at eleven o'clock, and the Rev. Joseph Murphy, C.S.S.R. will be the celebrant. A number of the Columbus Cadet units from Riverside, Camden, and Palmyra will attend in a body and give a special demonstration.

The executive committee which is headed by Judge J. Conner French, includes Andrew Pfaff and Joseph F. Yearly and William J. Eck, of Riverton; Joseph D. D'Autrechy, of Palmyra; and Edward Winklespecht, of Riverside.

AT THE DRIVE-IN

Warner Baxter, star of many recent successes, leading man for the screen's most popular leading ladies, comes to the Drive-In Theatre, Friday, Saturday and Sunday, June 29, 30 and July 1st, in "Such Women Are Dangerous."

OBSERVANT

"Have you seen the cashier this morning?"
"Yes, sir. He came in without a moustache and borrowed the railway timetable." — London Everybody's Weekly.

NEW SERVICE APPRECIATED

A well-known Riverton man says the reason I give all my building and repair work through Evans is because I get the benefit of their build-and-repair and advisory service. The Evans representatives "know their stuff," they always give new, helpful ideas that save me money, their lumber and building materials are A-1. Their service goes beyond delivery of material; they cooperate with me and my contractor, and I get a better, a more economical job than if I tried to do it all alone. I certainly can recommend to Palmyra and Riverton hard-headed business men who want things to look extra nice to phone Joseph T. Evans, Riverton 302, and get the same valuable money saving advisory service that has always brought our family genuine satisfaction.

Bankers 5—Firemen 4

"One more ribber to cross!" The Bankers must still cross out the Artisans from their list of teams they must conquer, and they must cross them out with blue or black ink, not with red ink. This somewhat scabbled metaphor is by way of introducing you to the fact that the Bankers have only one more game to win in order to win the first half championship, having tonight beaten the Firemen in a hard fought ten inning battle, five to four.

After the Firemen had knotted the count with two runs in the eighth stanza and one in the ninth, the Bankers, won out in the tenth when a shady hit by Bennett, King's safe arrival at first via Sherman's error, and a walk to Easley filled the bases; Hubbs, Jr., given a chance to be hero, popped to the catcher in the crisis, but Enskat drove the ball to short who threw home too late to catch Bennett at the pentagon. Several times before, throws to home had blighted Banker runs at the plate; in the first inning they had the bases full, with none out, but scored only one run, since two men were forced at home by Sherman's lightning tosses.

A word really ought to be said about how improved the Firemen are—in the field. The above cited snappy work is one example. They made only four errors in comparison to the Bankers' nine. Yet they failed with the willow, not getting a legal hit until the seventh, when Perkins spoiled Hubbs' embryo no-hit game with a double down the left field foul line. A good bit of the credit for the Firemen's improvement should go to Buts Carhart, who entered the game in the fifth as pitcher. He had a little trouble keeping his shirt in his britches, but actually paved the way for the tied score when in the eighth, he was first man up, missed the third strike and scuttled to second when catcher Bottger went chasing the ball. Carhart ripped the leg of his pants something fierce sliding into second, too.

Weikman led the Bank with four hits and Sherman, Atkinson, Perry, and Perkins topped the Fire Brigade with the astonishing total of four, amongst them.

Firemen 100 000 021 0—4 4 4
Bankers 101 200 000 1—514 9
King, Carhart—Atkinson
Hubbs, Sr.—Bottger

Laundry 12—Wesleyans 9

The Laundry tonight washed and ironed the Wesleyans by the score of 12 to 9 in a game in which record of hits and errors was not kept. The Laundry won with a thrilling three run ninth inning rally, after which Anderson held the Wesleyans scoreless in the last half. The Laundry was helped a lot by the return to action of third baseman West.

Laundry 200 304 003—12
Wesleyans 015 003 — 9
Anderson—McConnell
W. Oliver—Back

Anyone who has been following the playground ball games for the past years of its existence will realize that altho the game was originally started as a recreation for the older men, it has changed gradually into a serious business for the younger men and boys. This, of

SAVOLDI-DUSEK IN CAMDEN ARENA

Notre Dame Gridiron Star and
"Ernie" to Tangle in Outdoor
Ring Friday Night

Two of the most colorful young heavyweight matmen in the land, "Jumping Joe" Savoldi, of Notre Dame gridiron fame, and "Ernie" Dusek, dynamic Nebraskan, will battle it out in the feature attraction of the Twin City Sporting Club's bi-monthly grappling bill at the Pennsauken Arena Friday night.

Frank and Ray Hanly, the Twin City promoters, have conducted all of their previous mat programs on Thursday nights, but it was found impossible to stage this all-important match on any other night this week with the exception of Friday. In the event of rain the bout will be held on the following night.

Savoldi and Dusek, both rated among the leading contenders for the heavyweight crown, are scheduled to clash over the two out-of-three falls route with a 90-minute time limit attached.

Savoldi, who claims a fall victory over Jim Londos in Chicago last year, and Dusek, generally accepted as one of the most spectacular matmen in wrestling history, have been close rivals for the past year or so, and a thrilling encounter is expected to result from their meeting.

In the 45-minute semi-final, Dr. Karl Sarpolis, Wilkes Barre Lithuanian, who recently returned from a successful tour of the Pacific Coast, is booked to tangle with Joey Dusek, while in the second thirty minute match, Frank Brunowicz, New York Pole, meets Wildcat Ernie Stevens, a new comer from Texas, and in the opening number Henry Graber, the new German sensation from Chicago, will mix it with Buck Weaver, also of the Windy City.

course, is not in line with the original purpose of the league, but to attempt any reform within the league now would be suicide, murder and cruelty, not to mention ill-advised.

Naturally the spectators would rather watch a snappy game played by the younger fellows than a sloppier one played by the older men. Nevertheless, as we said, the playground ball league was for the older men, in the beginning.

It has been suggested, therefore that another league be organized, of only a few teams, to be composed of men, say over, forty (with not too much emphasis on the age limit, if the player isn't too spry), who are not considered good enough to play regularly on another team, but who, still, would like some ball playing. This league, naturally, would not prevent anybody over forty—or over eighty—from playing on the present teams if he wanted to.

What do you think of the idea?

JUNE 25—

Firemen 13—Dreers 11

A five run sixth inning rally enabled the tough Riverton Smoke Eaters to eat some vegetation tonight, that vegetation being in the form of Dreer's team. The Firemen beat Dreers, 13-11, in a nip and tuck ball game.

The Firemen scored four in the first, Dreers retaliated with six in the second, and added two more in the third and one in the fifth. The Hosemen notched three additional tallies in the fifth, and the deciding five in the sixth, adding another in the seventh for a safer margin. The

PLAYING AT BROADWAY THEATRE SATURDAY

WITH ZASU PITTS AND SLIM SUMMERVILLE

Seedsmen pushed over two in the seventh, but no more.

Walt Lamon on the Firemen had four bingles. On Dreers, two hits each were made by Leon, Brown, Watkins, Flynn, Yearly, and Ed. Morris. About the only other noticeable thing was King's (of the Firemen) "foul" tactics in the third period when he fouled off about forty in a row, finally popping to short.

The start of the game was held up until a little after seven, waiting for McGinnis to get through fixing a flat and get to the park.

Dreers 062 010 200—11 15 7
Firemen 400 035 10x—13 16 7
Watkins—Kent
Borden—Fox

Athletics 6—Wesleyans 5

The Athletics, without the services of appendixless Cad Schaefer, tonight nosed out the Wesleyans, 6-5. Two hits each were made by W. and A. Oliver, Kennedy and Kersey for the Wesleyans, and Phelan, Swain, Bartell, Griffith, and Lynch of the Cinnaminson hitters.

While it is not our business to second-guess, and while perhaps we are doing someone an injustice, we wonder why Wesleyan Manager Oliver removed right-gardener Kennedy from his slot in the sixth inning, after he had played good ball in the field—better than the other fielders—and wielded a potent stick—better than the other fielders, up to that time. We have heard one or two of the spectators make remarks that the team that goes under the nomenclature Wesleyans, is largely last year's Grizzly team, and that the members of last year's Wesleyan team are being somewhat frozen out. And this year's Wesleyans are vastly inferior to last year's Wesleyans, in the field, at the bat, and in the standings, which doesn't look too nice for the Grizzlies.

Wesleyans 100 002 002—5 16 4
Athletics 100 031 10x—6 12 1
W. Oliver—Borger
Haines—Williams

Bankers 17—Artisans 9

In a madcap game, the Bankers defeated what went under the name of Artisans, 17 to 9, to irrevocably clinch the first half championship Enskat of the Bankers and Thuer of the Artisans led their teams with five and three hits respectively.

Explanation of why we call it a madcap game will be found in the following items:

(1) The home plate was split into three pieces which kept moving around, any minute we expected to see one of the catchers pick up the plate so that the opposing base run-

ner couldn't tag it.

(2) Young and Bonatelle tried to do a Carfioca in mid-air at the plate in the eighth inning, with the result that Bonatelle was knocked for a loop. In the same inning, the Artisans had two men on third, but some clever base-running allowed one of them to score.

(3) In the ninth inning, Young of the Artisans, then pitching, heaved the ball at Freeman who was razing him from the bench; Freeman threw it back, after a brief discourse, with terrific speed.

(4) Bill Baker dragged Clayt Weikman off third base so that he could tag him out in the seventh.

In explanation of all these explanations, it might be well to mention that the game wasn't official, inasmuch as the Artisans were minus several players, the Bankers really got the game on a forfeit.

K. of C. 12—Firemen 5

Bankers 0010 000 223—17 24—3
Artisans 00 1 040 040 9 15 4
Hubbs, Sr., Conover—Bonatelle
Alloway, Sr., Young—"Chin" Miller

After nine false starts the Knights finally penetrated the unusually tough armor of the lads from the local fire company. The hosemen tried their best to win the game, but the team managed by Mr. Yearly played just as if old Nick was after them. Believe it or not, the Knights of tonight pilfered nine bases, which is without doubt a record for the soft ball fracas. G. Malone and Brennan each stole three bags, while the latter slammed out three nice hits and fielded his position at third base as we have never seen a left hander perform. In the absence of the renowned Andy Pfaff, E. Malone caught a bang up game, handling Adolph Strohlein's fast pitching to perfection. Prisco slammed out four hits, while Perkins, Wallace and Borden connected twice for the losers.

COMING GAMES

"Cookie's" Riverton nine has scheduled a game with Gibbstown to be played at Memorial Park this Saturday afternoon. Sunday they play the Narberth nine at Narberth.

Tuesday evening Riverton will play the Beverly F. C. at Memorial Park and on Wednesday, July 4th, they will play the Atlantic City nine at Memorial Park, 3.15 in the afternoon.

Cook is planning to have a game at Memorial Park every Tuesday evening during the season.
