THE NEW ERA

Vol. 46 No. 39

RIVERTON, NEW JERSEY, THURSDAY, OCTOBER 4, 1934

PRICE FIVE CENTS

CELEBRATION POSTPONED TO OCTOBER 6

HUGE CROWD EXPECTED SATURDAY AT RE-ADVERTISED CELEBRATION

Weather Man Promises Clear Day on Saturday for Delayed Legion and R.R. Event

TICKET SALES RISE SINCE POSTPONEMENT

All Corps Schedules To Appear Last Saturday To Be on Hand This Week

Due to inclement weather, the joint Riverton-Palmyra celebration of the new Pennsylvania Railroad train service direct to Broad Street Station, Philadelphia, the main event of which was to have been a Drum and Bugle Corps Competition at Memorial Park, Riverton, has been postponed to Saturday, October 6.

Owing to the nature of the Competition the committee in charge felt that it would be advisable to postpone the event entirely, rather than to have it take place with intermittent showers which would have detracted considerably from the success of such an event.

Drexel P. Patterson, chairman of the celebration, stated however, that the postponement would not interfere with the quality of the Competition in any way, as all the corps which have entered will positively be on hand for the sixth. These include many state champions and several which have obtained National recognition in similar events in recent years.

The competition will get under way at 2 p.m. with at least fifteen organizations participating. Congressman D. Lane Powers will deliver a short address and F. McD. Quinn, of the Pennsylvania Railroad will speak briefly.

At the close of the competition all units competing will participate in the colorful military ceremony "Retreat." Many who have witnessed similar exhibitions in other parts of the country state that this event is a most impressive feature of any competition.

At 7 p.m. there will be a street parade of all corps which were entered in the competition. The parade will traverse the main business streets of Palmyra and Riverton, disbanding at the grove, Palmyra, where the prizes will be awarded. In addition to the handsome cup donated by Harold G. Hoffman, Republican candidate for Governor, there will be several cash prizes for each of the classes of corps entered in the competition.

There will be a carnival at the Legion Home in Palmyra with attractions of a varied nature. The concert corps of the Frankford Post, American Legion, will give a concert at the band stand in the grove, Palmyra at 10 p.m.

The committee in charge had provided ample parking and eating facilities and, despite the postponement, the program will be carried out as originally planned.

WHICH ARE RELUCTANT?

The Secretary of the Treasury has given the wrong question to his investigator ordered to find out why the banks do not loan money to industry. He should tell him to inquire why industry does not borrow the money. ***

In a few hours' time the investigator could report back a complete answer. It is this: Industry will not borrow money for enterprise so long as the President keeps it up in the air as to what is to happen.

The major advantage of living a long while is that ultimately one comes to a realization of how few things, in the final analysis, are worth working up a temperature about.—Philadelphia Sunday Dispatch.

MEMBERSHIP DRIVE BY PALMYRA H. A.

The Athletic Association of the Palmyra high school held its annual membership drive last week. An A. A. ticket entitles the holder to be admitted free to all the home games, basketball, football, hockey and baseball, for the entire season. The Council for the A. A. has been appointed. Dewitt Morris, George Snyder and Frank Snowden, of the Board of Education, Dewitt Morris was elected president. Miss Vera Brower was elected treasurer. Other members of the council are the supervising principal, Mr. Dengler, Miss Ruos and Kenneth Dimond, physical education instructors, Porte Wolf and Mr. Schaefer, faculty advisors.

In the High School 385 tickets were sold. The freshmen bought the greatest number of tickets, 103. Sophomores bought 97, Juniors, 95 and seniors 90. In the grade schools 16 tickets were sold and 13 were sold to outsiders.

Louis Koppenhoffer and Henrietta Roray are again cheer leaders. New members of the cheer leading squad are Ann Cook, Helen Hilliard, Earl Cooper and Joseph Phile.

CASH REPLACES STORE ORDERS

Starting October 1, Relief Workers Will Receive Checks for Services Rendered

Effective October 1st, store orders for relief clients in Burlington County will be discontinued and an allowance equal to the former store order, plus twenty percent, will be given to each client in the form of a check drawn to their order and cashable at any bank in the County without charge. This will allow clients to handle their own purchases to buy where and how they please in the food commodities, according to an announcement made today by W. Rex McCrosson, Executive County Director of the Emergency Relief Administration.

The checks will be made out to cover a fifteen day period and the delivery of checks will be staggered over a number of days each half month.

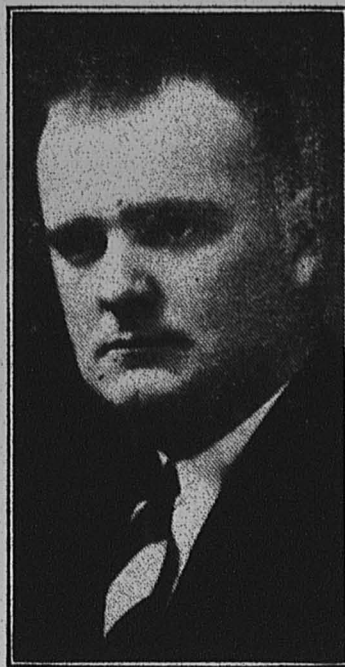

These checks replace the food orders and do not include any allowance for fuel, clothing, shelter or medical attention, which services will be rendered as has been the practice heretofore.

No applications will be received by the Relief Administration for additional funds or food orders during the period covered by the check. Those who are unable to properly handle their funds will be returned to the food order basis.

Required to Work

In return for the cash instead of food orders it is expected that every man or woman, not exempted by reason of age, physical or mental disability, charged with the responsibility as the head of the household, will give their services for a limited number of hours during the fifteen day period, to work at an occupation to which they are fitted in return for the monies expended for relief from Local, State and Federal funds, in order that the municipalities and taxpayers may receive services that they are not now in a position to initiate on a cash basis, and that the relief clients, themselves, may know that they are not receiving charity but giving adequate services for relief granted. In asking that the clients do a

GUEST SPEAKER

D. LANE POWERS

Despite the postponement of the R.R. celebration scheduled for last Saturday, Congressman Powers will keep his promise to address those in attendance at Memorial Park on the vital subject of "Transportation," this Saturday afternoon.

EVENING SERVICES AT CHRIST CHURCH

Special Music for First Series. Sunday School Awards at Morning Service

Christ Episcopal Church, Riverton, will begin its services in the evening this Sunday with special music. For several years there has been no night service due to lack of an adequate congregation. However, the afternoon services which were begun last spring seemed to promise so well that the Rector, the Reverend Francis B. Downs, has decided to try to hold the evening services.

The first Sunday night in every month a special musical service will be held beginning at 7:30 with a half-hour organ recital.

As this is the only evening church service in Riverton, all are invited to attend and to support this venture in the realm of finer church music by their presence.

At the 11:00 o'clock service the Sunday School will attend in a body and the awards will be made to those pupils who attended church without missing a Sunday all summer. There will be a special short talk for children.

limited amount of work, it is not to be misunderstood that the Emergency Relief Administration in the County is embarking upon a re-employment program. Re-employment or the creation of jobs of a permanent nature is not a function of the Relief Administration; that is a function belonging to other State and Government Agencies.

Hourly Wage Rate

The number of hours requested of persons to work will depend upon their usual occupation and will be governed by the prevailing wages paid in this County. Masons will be credited at the rate of \$1.00 an hour; carpenters and other skilled help at the rate of 75c an hour; semi-skilled help at the rate of 65c an hour; and labor at the rate of 40c an hour.

The average skilled worker will work not more than two days and laborers not more than three days a week in any two week period.

Back in 1930 we kicked about the depression, but wouldn't the times we had in 1930 look pretty good today?

BEVERLY LOSES STATE RELIEF

Funds Withdrawn Owing to Lack of Cooperation on Part of Municipality

Effective as of September 30th the Emergency Relief Administration has suspended operation of relief in Beverly City due to the disinclination of the Municipal Government to participate in any of the costs of this relief work, according to a statement made by W. Rex McCrosson, Executive Director of Emergency Relief Administration.

From December 5, 1931, to April 1932, Beverly City spent \$1,560.00 for relief which was used for the repair of streets.

Beginning May 1, 1932, the entire costs of relief were assumed by the State and up until December of that year \$2,000.00 was expended by the State.

From December 1932 to January 1933, the State paid the entire costs amounting to \$11,412.00.

In March 1934 arrangements were made for Beverly to participate to the extent of 15% of the relief costs. Up to date no payments have been made on this basis and the State Administrative Council have thereupon declined to grant further State and Federal funds for this purpose to Beverly City.

COUNTY APPLIES FOR STATE FUNDS

Freeholders Will Divide \$25,000 Road Fund Among 36 Municipalities

A resolution was passed authorizing a formal application for Burlington County's share of the State fund for unimproved roads at the regular meeting of the Board of Chosen Freeholders, Mount Holly, last Friday.

Burlington will receive \$25,000, which will be divided equally between all townships and boroughs, netting each a sum of \$694.44.

Bids were opened for supplying the county buildings with coal; 75 tons of pea for the Court House, 15 tons of pea for the freeholders office building; 15 tons of stove for the surrogate's office, and 25 tons of stove for the county clerk's building.

S. B. Lippincott & Son, of Mount Holly, was the only bidder and received the contract for the lump sum of \$1100. This is at the rate of \$7 a ton for pea coal and \$11.75 for stove.

William J. Smith, county fire marshal, reported an old wheelwright shop at Rancoas was a fire hazard, as well as one half of double house in Beverly, and recommended that they be razed.

Herman Lejambre and Albert Collier, members of the Bordentown township committee, complained to the board that a road about a quarter of a mile in length between Route 39 and Piersonville, discarded when the cutoff to Trenton was built, was in bad condition, but that the township was without the necessary equipment to repair it. The complaint was referred to Charles R. Stout, of the road department.

Prosecutor Howard Eastwood will attend the prosecutors' convention at Detroit next month through action of the freeholders. His expenses were limited to \$150.

The Browns Mills Land Company was granted permission to lay a two-inch water main for about 1400 feet on the Browns Mills-Wrightstown road from the Lakehurst road.

Bills passed at the meeting and ordered paid were as follows: Finance, \$52,180.56; roads, \$18,295.02; bridges, \$2,212.50; buildings, \$9,466.50, and public affairs, \$1,578.41, making a total of \$83,732.99.

RIVERTON BOARD PREPARES BY-LAWS

First Draft Submitted to Members for Further Study and Revision

The first draft of by-laws for the Riverton Board of Education was submitted to the board at its regular meeting in the schoolhouse Monday night.

William H. Bottger, who was appointed chairman of the by-laws committee several months ago, prepared the copy after a long study of the by-laws of other boards of education.

Copies will be made of the first draft and given to each board member for further consideration.

The educational committee reported one new application for entrance to the Palmyra High School, which was granted.

Karl W. Latch reported the completion of the storm sash in the fourth and eighth grades.

On motion of Mr. Latch permission was extended to October 6, 1934, for use of the school buildings by visiting Legionnaires in connection with the Railroad celebration.

The property committee was authorized to proceed with partial flooring and lighting in the loft of the main building to provide more storage space; to purchase three classroom mechanical clocks; install lights in the ventilating pits; and redress the school yard with 5/8 inch crushed stone.

The property committee is planning a thorough survey of the school buildings to determine the exact fire hazards with the view to reducing them to the very minimum.

Principal's Report

Miss Staman, supervising principal, reported that both medical and dental examinations are going on; all have been completed in the kindergarten and all grades above the fourth. Cards notifying parents of defects have gone out for three classes.

The first of the regular dental clinics was held last Wednesday.

The athletic program is well under way, special provision being made for the group of girls who did not play hockey last year, as well as the "old players."

A soccer league and a "touch" football league have been organized, each consisting of three teams.

The entire faculty is working on the music and physical training program and six members have indicated their intention to take courses related to their school work (three of them school music).

Report cards will be sent to parents of children in grades 4 to 8, October 19th, in lower grades November 9th. In the meantime teachers are visiting the homes of their children to become better acquainted and to enlist the interest and cooperation of parents.

The following bills were ordered paid:

Emma B. Rudderow, insurance	\$ 67.20
Public Service Electric and Gas Co.	7.64
Oliver Ditson Co. Inc., supplies	3.17
Dreiers, supplies	37.58
C. R. Sweeney, Inc., clock	15.00
Salaries for October	2551.73
Hobard R. Garwood, material and labor for storm sash	200.05
R. R. Barrick, painting storm sash	16.80

IT MIGHT HELP?

Because she admired the statue of the Winged Victory, the President's mother was presented a copy by the French government. Won't she say a few words of admiration for the war debt? Detroit News.

HOFFMAN HAS AN 8-POINT PROGRAM

Republican Candidate for Governor Announces Position on Major Problems

The following eight-point program for agriculture is outlined this week by Harold G. Hoffman, Republican candidate for Governor.

1. A broadening of the tax base.
2. A farm-to-market system of rural roads.
3. A reduction in the costs of government.
4. Continue the work of the milk control board with adequate safeguards to both the producer and the consumer.

5. Expansion of the home markets for New Jersey farm products.
6. Strengthen the fresh egg law and continue its provisions.
7. Adequate protection to our fruit and vegetable industry.
8. Appointment of an agricultural advisory committee.

In advocating these measures, Mr. Hoffman recognizes the work already accomplished along these lines, but he believes that much yet remains to be done and realizes the responsibility resting on the Governor to see that these matters are immediately acted upon.

He lists the need of a broadening of the tax base as the major problem before the farmer in that a larger share of the farmer's dollar goes for taxes than any other class of taxpayers, and he is convinced that immediate relief must be granted.

Farm to Market Roads

"More attention must be devoted to the development of an adequate farm to market system of highways," says Mr. Hoffman. He believes that our main stem system is now developed to the point where we can divert a portion of the money formerly used on this class of roads to the building of inexpensive yet serviceable roads that will place every farmer in the state on a highway that will be passable twelve months in the year.

Speaking on the subject of governmental costs in New Jersey, Mr. Hoffman outlines a policy that is in keeping with the practices of its citizens. He believes that no group of people can be happy and contented to live under a system of government that is more extravagant than the people themselves can afford in their private lives.

"Our people have been forced to live on smaller incomes," he said, "and it is only right that our government must limit its spending."

PORCH CLUB OPENS FORTY-FIFTH SEASON

Mrs. Harold E. Gillingham Gives Illustrated Talk on "Samplers in Our Alley."

The Porch Club began its forty-fifth season on Tuesday with the usual box luncheon followed by a business meeting.

The speaker of the afternoon was Mrs. Harold E. Gillingham, whose subject was "Samplers in Our Alley."

Mrs. Gillingham has been intensely interested in samplers for many years, and her talk was illustrated with specimens from her own large collection, showing the different types made in many countries during several centuries.

The program was in charge of the art department of which Mrs. Charles H. Carpenter is chairman. The garden section program originally scheduled for October 9th has been postponed to October twenty-third at 2:30 p.m.

There will be an exhibition and talk on chrysanthemums by E. H. Michel, of Dreer's, and arrangements of these flowers by members of the section.

Mrs. Bradford Stetson, chairman of the garden section, has announced that there will be a sweepstake prize given at the end of the year to the member winning most blue ribbons for floral arrangements.

Of course we can't all get in on the government checks which are being handed out from Washington, but just wait till it comes time for paying the bill, then we will all be able to get in on the New Deal.

RIVERTON

The Ladies' Auxiliary of the Riverton Fire Company will hold a pie and cake sale at the firehouse, Saturday, October 13, from 2 to 5 o'clock. Patronize this sale liberally so that the ladies may do their part toward helping the fire company.

Miss Margaret Field, daughter of Mr. and Mrs. S. L. W. Field, of Fourth street, left on Tuesday for Chicago, where she has been offered the position of Religious Education in the Halstead Street M. E. (Institutional) Church.

Congressman D. Lane Powers and Leon Raesly, of Trenton, were visitors in Riverton Wednesday.

Mrs. John Ford, of Thomas avenue, spent Monday in Philadelphia with friends.

Mrs. Elsie Brownell, of Frankford, spent Sunday with her father Edwin Evans.

Mr. and Mrs. Robinet Steedle of Philadelphia, spent the weekend with Mrs. E. O. Steedle of Cinnaminson street.

Several members of the O.E.S. Chapter 108 attended a banquet and reception at New Egypt given in honor of the Worthy District Deputy, Sister Irene Smith, of Wrightstown.

Mr. and Mrs. Clarence Bell, Sr., attended the auto races at the Trenton Fair Saturday.

Mr. and Mrs. John Goodwin, formerly of Harrison street, have moved to Highland avenue Palmyra.

Mr. and Mrs. John Sloan, of Maple Shade, spent Thursday of last week with Mr. and Mrs. Clarence Bell, Sr.

Mr. and Mrs. George T. Dold and family have returned to their home on Elm avenue after spending the summer on their farm near Burlington.

Miss Paula Woidill spent the week in Glassboro with her brother Julius, Jr.

Mr. and Mrs. C. W. Kipp, of Lipincott avenue, have returned to their home after spending several months with their daughter, Mrs. S. B. Jones, of Marblehead, Mass.

Lester Yearly, student in Palmyra High School, broke his leg last week in football practice. He is coming along very well but it is reported that he will not be able to play football any more this year.

Paul Guest, graduate of Palmyra High School and at one time a cheer leader is now a cheer leader at Ursinus College where he is a freshman.

CONFERENCE OF BANKERS

The Mid-Winter Trust and Banking Conference of the State Association will be held in Newark at the Hotel Robert Treat on November 22nd and 23rd.

RUMMAGE SALE

The thirty-second semi-annual rummage sale for the benefit of the Burlington County Tuberculosis League will be held at Browns Mills, Wednesday and Thursday, October 10 and 11.

Luncheon and supper will be served on Wednesday.

The sale begins at 11 a.m. Wednesday and 2 p.m. Thursday.

Contributions from this vicinity may be left with Mrs. Arthur T. Hagstoz, Riverton; Mrs. Joseph T. Evans, Cinnaminson and Mrs. Raymond Eastwood, Palmyra.

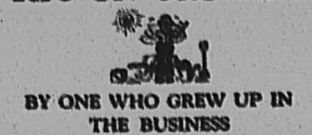

PALS CLUB DANCE

The Pals Club will sponsor a dance to be held at the Riverton Porch Club Friday evening, October 5.

The Pals Club is popular among the younger set in this vicinity for their dances. The admission is \$1.25 per couple, and dancing is from 8:30 until 1 o'clock.

If sent by ship it's a cargo, if sent by car it's a shipment.

TIPS ON GROWING

BY ONE WHO GREW UP IN THE BUSINESS

In Scotland the strawberry is grown better than even in England. Berries produced as large as a teacup and last a long time on the vine. Delicious flavor. For preserving a small-fruited alpine variety is grown, and the Scotch strawberry jam is world famous. The Valley of the Tay has hundreds of acres devoted exclusively to the growing of strawberries.

It is said that soon in the future a variety of strawberry from Japan will be introduced which will bear three berries to the pound.

Botanical names are in Latin, a dead and unchanging language, so that the words are the same for all times. Latin is used as the international language of science, in other words a planter in China, Argentina or the United States knows exactly what plant is meant when Lycopodium esculentum is used, although the Tomato is known by a different name in each country.

Probably the most satisfactory of all summer flowering plants is the hardy phlox, and it planted in an open sunny location and not too close so that the plants will have a free circulation of air, there is little likelihood of fungus attacking the lower leaves. Salmon pink seems to be the favorite color, and variations of this shade are represented in many good varieties such as Thor, Enchantress, Jules Sandeau—but one of the finest is the new variety Salmon Glow, which probably comes nearer to a true salmon than any of the others.

A New York grower seems to have renamed that interesting house and summer-bedding plant, the Shrimp Plant (Beloperone) with the more euphonious appellation "Brazilian Shower Plant." The first name may be okay with the seafood lover, but the New Yorker's idea seems more fitting for such a handsome plant.

A good companion to that earliest of all flowering bulb, the Snowdrop, is Winter Aconite, (Eranthis) bearing large golden yellow flowers. Give a moist location and plant in the fall.

Every so often the value of spent hops as procured from breweries for fertilizing certain plants appears in horticultural publications. Analysis

has shown but little fertilizing value, yet the idea has always persisted and a famous grower of Clematis in a recent article in a brewery trade paper speaks of the marvelous results he has had with hops. Commenting on this in "The Florists' Exchange," "Woolgatherer" asserts the belief that the yeast ferment is what the plants utilize, and he has tentatively proved it by trying weak yeast solutions. He has a strong suspicion that many plants, including Delphiniums, are inveterate tipplers, and that a drink of beer now and again would be relished by them. (Nothing said about pretzels or weinerwurst or a brass rail around the garden.)

The petty economies of the rich are just as amazing as the silly extravagances of the poor.

GEORGE FRIDAY J. RUSSELL HOLVICK
H. D. HULLINGS and Son JOHN KERRIGAN

Former Household Expenses Included in Electric Bill

FEW consumers of electricity realize that many household expenses once paid separately are now included in their electric bills.

Remember the days when rugs and carpets and other household furnishings had to be sent to the cleaners or a man was employed to "beat" the rugs? This nuisance is now eliminated by the efficient electric vacuum cleaner which keeps the house free of dust and dirt and the expense involved is included in your electric bill.

Take domestic refrigeration, for example. The owner of an electric refrigerator soon forgets that the monthly ice bill which he once paid is now included in his bill for electric service.

Or consider the electric washing machine which is operated in thousands of households at the cost of but a few cents an hour.

A part of the monthly laundry bill which many consumers once paid is now included in their electric bill.

There are other electric devices which do odd jobs about the house which once were items of continual expense.

Yet, despite the large number of these former domestic expenses now included in the cost of electric service, the average consumer pays but \$2.80 per month for his electricity.

No other item in the household budget gives so much for so little as electricity.

PUBLIC SERVICE

B.&L. MATURES ITS FORTY-FIFTH SERIES

Cinnaminson B.&L. Will Distribute More Than Quarter Million Dollars Monday Night

At a special meeting of the Board of Directors of the Cinnaminson Building and Loan Association of Riverton, N. J., held on Tuesday evening last, the maturing of the 45th series was authorized without further payment. Holders of stock in this series will receive their cancelled mortgages, cancelled stock loans or checks for free stock at the next regular meeting of the Association on Monday evening, October 8.

Mortgage loans aggregating \$89,900 and stock loans aggregating \$27,900 will be satisfied and free stock amounting to \$140,900 will be paid off in cash, a grand total of \$258,700. As most of the stock is held in Riverton, Palmyra and Cinnaminson Townships, these communities will naturally benefit greatly by this distribution.

The showing made by this Association during the years 1929 to 1934 inclusive, covering the period of depression, is most remarkable. During that time a series has matured each year with a total value of \$1,098,150, of which \$632,350 has been distributed in cash, \$352,050 in satisfied mortgages and \$113,750 in paid off stock loans. This enviable record indicates the conservative and substantial manner in which this Association has been operated since its inception. The management has been complimented because of the way in which it has been able to cope with the situation during the depression.

On Monday evening next, October 8, at its annual meeting, the Association will open its books for subscriptions to its 57th Series, at which time money will be available for mortgage loans.

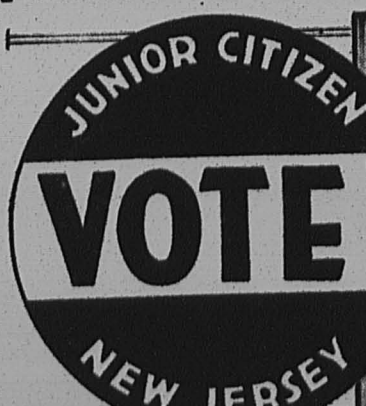

SACRED HEART PTA

The annual meeting of the Diocesan Council of Parochial Parent-Teacher Associations will be held in the War Memorial Building, Stacy Park, State Capitol, Trenton, October 12th.

Sessions will begin promptly at 10:30 in the morning and 2:30 in the afternoon.

Members of the Sacred Heart P.T.A. desiring to attend this meeting may make reservations with Mrs. Charles DeLaney or Mrs. William H. Rowan on or before Monday.

Proposal to Encourage Right of Franchise Is Advanced by Gubernatorial Candidate

NEWARK, N. J., Sept. 16—A novel proposal, designed to bring out the full voting strength in every district of the entire State on Election Day was made here today by Harold G. Hoffman, Republican candidate for Governor.

The Republican nominee would provide for each of the hundreds of polling places throughout New Jersey a huge thermometer with gradations ranging from 5 to 100 per cent.

Those he would have set up outside the restricted zones and each would be under the supervision of a group of school children of the grammar and high school age, one representative from each class. The mercury would be represented by a red line.

As the voting progressed throughout the day each 5 per cent would be recorded by the pupil assigned to that particular section.

"With such a stimulus," Commissioner Hoffman declared, "I

day, October 8.

Cars will leave Palmyra station at 9 o'clock.

The regular meeting of the Riverton and Palmyra Sacred Heart Parent-Teacher Association will be held Thursday, October 11 at 3 o'clock in the school auditorium.

An executive meeting will be held prior to the regular meeting at 2:30.

RELIEF ROLLS RISE IN NEW JERSEY

August Report Shows Increase of 105,081 Over Same Time Last Year

During the full month of August, aid was extended to 504,573 persons by the State E.R.A., according to reports from the 435 municipalities in which the organization operated. They were divided among 127,155 families. The corresponding July figures were 492,029 persons. In August last year 399,492 persons were helped.

Burlington County did not follow the trend in other rural sections. The relief lists there rose by 918. The average cost of relief throughout the State was \$5.99 per person for the month and \$23.77 per family. Commitments totalled \$3,326,287.94 of which \$304,225.82 went for administration and field work.

REPUBLICAN CLUBS TO MEET AT BORDENTOWN

The Associated Republican Clubs of Burlington County will meet Monday evening, October 8, at 8:15 o'clock at the Community House, Bordertown.

Jay Tomlinson, president of the club will preside. Candidates for the various Republican offices in Burlington County are expected to attend. Refreshments will be served.

DON'T GO ALONE

Some one said she wanted to take an auto ride to the seashore but did not want to go alone. Why should she go alone?—when she has next door neighbors and friends who would be so glad of the chance to go, even for a short ride. I hope no one will go alone to the coming Episcopal Convention at Atlantic City.

One Who Has No Car.

WHO PAYS THE FIDDLER?

Concluding a triumphant concert season, Supervisors of State E.R.A. musicians estimate that they have played to a collective audience of more than 600,000 persons since June 1.

Orchestras and bands, composed of approximately 300 unemployed musicians, played in 168 municipalities of the State, in events ranging from block dances and open air concerts to radio broadcasts and symphony concerts.

Operating in 12 counties, the project provided 637 concerts, and 291 block dances aside from numerous miscellaneous jobs, all of which drew an attendance of 615,446 persons.

Mrs. Marjorie G. Woodlock, State E.R.A. Leisure Time Supervisor, has recommended that the project be expanded to take in more localities and provide a larger number of events, during the fall and winter.

LARGE ATTENDANCE AT PTA RECEPTION

Prof. Winans, of Glasboro Normal School Speaks on "Human Engineering"

Many parents and teachers, as well as members of the Board of Education, were present Tuesday evening at the annual teachers' reception held by the Palmyra Parent-Teacher Association.

Prof. Seymour G. Winans, of Glasboro Normal School, was the guest speaker, and took for his subject "Human Engineering."

Mrs. J. C. Malory, president of the organization, opened the meeting with a few words of welcome. Mrs. Robert Snow led in prayer.

The evening's musical program was under the direction of Miss Dorothy M. Diener. Mrs. Rachel Lord was at the piano.

The regular meeting night has been changed from the third Tuesday of the month to the first Tuesday.

The decorations at Tuesday's meeting were furnished by Dreer's Nurseries and the decorating was done through the kindness of Stanley Black. A large basket of beautiful dahlias was given by Mrs. Robert Snow.

If money really talks then the 1934 dollar ought to be able to make just about half as much noise as the 1930 dollar.

Postmaster General Farley refers to all critics of the administration as obstructionists. On that basis, he was quite an obstructionist himself back in 1932.—Sioux Fall Argus-Leader.

One little pig went to market but the rest of them stayed at home and were plowed under so that the Brain Trust could prove its theory that the way to recovery lies down the road of destruction.

3500 Words

President Roosevelt's "fireside chat" with the American people Sunday night contained approximately 3500 words.

With the exception of his proposal to attempt to negotiate a truce between the employers and the employees of the country, a plan which was successfully used by President Hoover during the last two years of his term, there was no definite, concrete statement of how he proposed to meet the growing unrest and uncertainty of the American people.

There were words of praise for General Johnson, under whose management the Blue Eagle created such havoc with industry, big and little, that its trainer was "permitted to resign." There were harsh words for critics of the New Deal, and words of scorn for those who cannot sit by and see their rights and liberties trampled under foot and the Constitution stretched to mean almost anything, or nothing, without feelings of resentment and alarm, and to whom he referred as "those who are frightened by boldness and cowed by the necessity of making decisions" a notable addition to the collection of choice names that have been applied to American citizens by New Dealers whose enthusiasm exceeded their sense of propriety.

There were words quoted from Lincoln, Chief Justice White and Elihu Root in an attempt to find in them justification for the vagaries of the New Deal.

There were words about modification of the NRA and the various codes set up under its provisions, but nothing definite, nothing reassuring, nothing that could not be changed to meet any "emergency"—after election.

The President's fling at the bankers of this country in the statement that the bankers of England stood by their government during the depression, loses much of its point in the reflection that the English bankers evidently had a confidence in their government which in apparently lacking in this country.

The President scolds folks for lack of confidence, but refuses to dispel their fears by a clear, straightforward statement of national policy. Of the 3500 words none was found to answer the questions Americans have been asking about matters of vital import to their social and economic life.

If the President really desires to see prosperity return, if he is more interested in seeing the wheels of industry turning than in foisting upon the American people foreign policies of government which violate the best traditions of our country, then let him answer the following questions and end all this uncertainty and distrust—not with pre-election promises of the 1932 brand, with tongue in cheek, but honestly and sincerely, as one American to another.

1. When and how is it proposed to balance the federal budget?
2. Is it the intention of the administration further to reduce the value of the dollar? If so, then to what figure and what shall be the content of the dollar so reduced?
3. Will the administration at the earliest opportune moment collaborate with the other nations in an effort to agree upon a plan for the international stabilization of exchange?
4. Will the efforts of the administration be directed toward recovery by the encouragement of business initiative, with a minimum of government interference and control, and will it discontinue its activities in competition with private enterprise?
5. What is the administration's purpose toward agriculture?
6. Is it the policy of the administration to continue the construction and development of public works now needed?

It is the Administration that is "on trial" and not the American people, as was declared by the Administration a few months ago. For, after all is said and done, ours is a government of the American people by the American people, and not by a group of self-constituted dictators. In the final analysis the people of this country will decide how much of government interference with their rights and liberties—individual, industrial and social—shall "become permanent."

While the present Administration is "riding high, wide and handsome" and sweeping everything before it by the lavish and

extravagant expenditure of public funds, a day of reckoning is coming when it must account for its stewardship, not only of the public purse, but of the ideals and traditions of the American people with which it was entrusted.

And in that day these servants of the public who have aspired to become its masters, will be judged by the use they have made of the great power and authority placed in their hands at their own request, as a temporary emergency measure, "to fight the depression," and not by words, whether they be words of praise or words of condemnation, words of esteem or words of scorn—or just words.

"By their FRUITS ye shall know them."

CHURCH NEWS

CALVARY PRESBYTERIAN CHURCH

Rev. Charles T. Bates, Pastor

Sunday, October 7: Sacrament of the Lord's Supper will be celebrated; Church School at 9:45, at which time parents and friends of the children are invited to attend the rally day services.

A cordial invitation is extended to all in the community who have no church home to enter into the worship and fellowship of Calvary Church.

CENTRAL BAPTIST CHURCH

Rev. George Lockett, Pastor

10 a.m. Bible School. Last Sunday ended the Sunday School year and the records showed the year 1933-1934 to be our best year for attendance. The previous record year was 1928-29, the year we erected our new building. Next Sunday we begin a new year, let us make this year another record breaker.

11:15 Morning worship and communion. Sermon subject, "In Remembrance of me."

6:45 Young People's meeting. All young people invited.

7:45 Evening service. Gospel hymns and sermon, "Singing in the Night."

Monday 8 p.m. Ushers' meeting, open session, all invited. Richard D. Barclay will speak on "Bee."

Wednesday 4:15 Junior B.Y.P.U. and Junior Choir.

Wednesday 8 p.m. Prayer meeting. Studies in the book of Job.

Saturday 8 p.m. Methodist Church service for recognition of Sunday School Teachers.

FIRST LUTHERAN CHURCH

Rev. Harold L. Creager

In line with the recognition of Sunday School teachers, the sermon at our worship service next Sunday morning will deal with the subject, "The Value of Christian Education," for of course this important matter must be of concern not only to teachers but to every Christian who is interested in worth while living.

The sermon theme at the evening worship will be "Jesus, the Way of True Life."

Midweek service on Wednesday at 8 p.m.

EPWORTH M. E. CHURCH

Rev. Ira S. Pimm, B.D., Pastor

Sunday is Promotion Day in our Church School. At ten o'clock appropriate services will be held in each department of the School and certificates presented to those who are to be promoted to more advanced departments. The school is fully graded with separate departments meeting in their own room up to the Senior and Young People's department. If you do not attend church school, whatever your age, from kindergarten to adult, there is a class in our school you will enjoy.

At the morning service at eleven o'clock, the Sacrament of the Lord's Supper will be observed. The newly-elected officers and teachers who will serve for the coming year will be installed in an impressive service.

At the evening service the pastor will preach on the subject "Getting Down to See Up." This service begins at 7:45. The Intermediate, High School and Senior Epworth Leagues meet at 7:00. These meetings for

young people conducted by young people are so graded that problems of each particular age may be discussed.

CHRISTIAN SCIENCE CHURCH

"UNREALITY" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, October 7.

The Golden Text is: "All that is in the world, the lust of the flesh, and the lust of the eyes, and the pride of life, is not of the Father, but is of the world. And the world passeth away, and the lust thereof; but he that doeth the will of God abideth forever" (I John 2:16,17).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Beloved, follow not that which is evil, but that which is good. He that doeth good is of God; but he that doeth evil hath not seen God" (III John 1:11).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Mankind must learn that evil is not power. Its so-called despotism is but a phase of nothingness. Christian Science despoils the kingdom of evil, and pre-eminently promotes affection and virtue in families and therefore in the community. Christian Science brings to light Truth and its supremacy, universal harmony, the entireness of God, (good, and the nothingness of evil" (pp. 102, 293).

Annual Penn Football Trip

The annual trip to a U. of P. Football Game will leave the Y on Saturday at 1:00 p.m. This year the boys will view the Ursinus game. This game is of special interest to local fellows as Walter and Tom Price, former Y group members and camp leaders, will be in the visitors' line-up. Paul Guest will be out in front leading the Ursinus cheers.

Men desirous of driving cars are asked to call 1154-W upon reading this account.

Bicycle Hike

Once again the bike gang will try to get under way on Saturday, October 13th. Any boy may go but a note of permission is required from the parent. The swim will not be held as some can't take it, and the water will no doubt be rather cool. Adequate supervision will be provided and heavy traffic will be avoided wherever possible. A visit to Camden Airport will be in the itinerary.

YMCA BRIEFS

Board of Directors

The regular monthly meeting of the Board will be held on Tuesday night October 10th at 8 p.m. The group will meet at the Y. This is the first meeting of the fall. Mr. C. P. Mayfield will preside. Reports of the past and plans for the future will constitute the routine business.

Trip to West Point

A group of twenty boys and girls will be the guests of the West Point Academy at an exhibition drill and football game with Davidson on Saturday of this week. The group will leave at 7:00 a.m. and return late at night. The boys will be supervised by R. M. Woodward and the girls will be chaperoned by Miss Kay Green. Other adults making the trip are Howard Evans and Miss Marie McDermott. This is an unusual opportunity to see the Academy and the life of a cadet.

New Leaders of Y Groups

At the present time the following new men have agreed to aid in the leadership of Y boys groups. Jim Reeves, who last year refereed the basketball games, will lead Mr. Scott's group. Mr. Clinton Gardner will call a meeting of boys interested in the Hi-Y in activities period at the High School on Friday. Melvin Mays will meet with the younger boys on Saturday mornings. Another group of younger boys will form in Riverton. More leaders are needed. If you are willing to give yourself that some boys may enjoy life to the fullest you are asked to call Secretary Wilton E. Mount. Hobby groups and activities of skills will be under way before the middle of the month.

Short-cuts to the Dinner Table

BY VERA A. SCHNEIDER

Party Refreshments Planned When Space is Limited

Today, I am going to take care of a request which has come to me from Mrs. H. Tatum. Mrs. Tatum is planning a party and has limited space and would like a few suggestions as to the best way to go about taking care of her guests. When our space is limited it is rather difficult to plan for parties and serving, isn't it? But since you are going to use your card tables, you could have your supper served comfortably and without much trouble if you will plan, as a first course, to have a jellied soup, which could be all ready in your refrigerator waiting for you to serve it. With it, a few saltines would be tasty, and remember to garnish the jellied soup with lemon and a sprig of parsley. Then, I think it would be nice to serve chicken a la king in pattie shells, for most everyone likes chicken a la king, and this you could also have ready—all that would be necessary would be to heat it. Small new potatoes with parsley butter sauce, peas, crescent rolls, a raspberry ice or vanilla ice cream with crushed fruit and coffee would lend themselves very nicely to service in close quarters, as you suggest is the case in your instance.

I do hope your party is a success, but I know it can't be otherwise, for your letter indicates a very gracious hostess and one who knows that finishing touches add greatly to deliciously prepared foods. I'll give you the recipes which go toward the making of this menu, in the event you decide to follow it.

CLEAR TOMATO SOUP

(Jellied)

2 cupsful tomato juice—strained
2 cupsful soup stock
1 tablespoonful gelatin
2 teaspoonfuls chopped parsley
2 teaspoonful onion juice
1 tablespoonful chopped celery
Salt and Tabasco to taste

Soak gelatin in one quarter cupful cold water. Mix the other ingredients and simmer for five minutes. Strain into dissolved gelatin and stir until gelatin is melted. Set aside to cool. Put in refrigerator to congeal and serve very cold. Garnish with lemon and a sprig of parsley.

CHICKEN A LA KING

1 cupful diced chicken
1/2 cupful mushrooms—sautéed in butter for 5 minutes
1/4 cupful canned pimientos—cut in pieces
1 egg yolk
1 1/2 tablespoonfuls butter
1 1/2 tablespoonfuls flour
1/2 cupful chicken stock—hot
1/2 cupful milk—scalded
1/4 cupful cream—scalded
Salt to taste

Melt butter, add flour and stir until well blended. Then pour on gradually, while stirring, the stock, cream and milk. Bring to the boiling point and add salt, to taste, the chicken, mushrooms and pimientos. Bring to boiling point again and add the egg yolk, slightly beaten.

COMPARISONS

Robert Babson, noted statistician, congratulates Canada because it is not riding along in a recovery automobile bought with borrowed money. He states business in the United States is lower now than a year ago while Canadian activities are 50 per cent above their depression low. Canada has had no artificial stimulation. She is paying \$4.21 this year per capita for relief, the U.S. \$26.00. Canada knows where she is going; the U.S. hasn't got its bearings.—Brookings Register.

WHITHER BOUND?

The president should make up his mind and declare it. He should lay down a definite policy and impose it upon the members of his official family who are now voicing contradictory ideas and proposing conflicting measures. The country can know for a certainty—if it decides to go along with him—just where it is going.—Santa Barbara Press.

In conformity with the provisions of an act entitled, "An act to amend an act entitled, 'An Act to regulate Elections (Revision of 1930),' approved April 18, 1930, and the amendments thereof and supplements thereto,"

NOTICE is hereby given that the District Board of Registry and Election in the BOROUGH OF RIVERTON

in the County of Burlington, will meet on the dates and at the places hereinafter designated for the purpose of adding to and revising the Registry List:

TUESDAY, OCTOBER 16, 1934
between the hours of one o'clock P. M. and nine o'clock P. M.

All that portion of Cinnaminson Township west of Pompey Creek, at

MISSION BUILDING
Near Public School Building

SECOND DISTRICT
All that portion of Cinnaminson Township east of Pompey Creek at

KEATING'S HOTEL
East Riverton

AND THAT A GENERAL ELECTION will be held in said Township at the places of registration on

TUESDAY, NOVEMBER 6, 1934
between the hours of seven o'clock A. M. and eight o'clock P. M., for the purpose of electing the following:

Member of the United States Senate
Governor
Member of the House of Representatives (Fourth Congressional District)
County Clerk
Two (2) Members of the Board of Chosen Freeholders
One Member of Township Committee three years

GEORGE C. FRANK, Township Clerk.

READING FUN IN STORE FOR BOYS

Here's important news for the boys of America. THE AMERICAN BOY—YOUTH'S COMPANION, the nation's quality magazine for boys, has been reduced from \$2.00 a year to \$1.00. The three-year rate, formerly \$5.50, has been reduced to \$2.00.

"For a long time we have been seeking a way to reduce the cost of THE AMERICAN BOY to readers," states Griffith Ogden Ellis, editor. "Recently we have effected savings that make the cut possible, and we think boys will agree that the new price is big news on the reading front. We hope boys will help us to spread the good news by telling their friends."

Along with the cut in cost, the magazine's publishers are planning a magazine that will continue to set the pace in fiction, articles, and departments. The favorite characters of millions of boys will parade thru THE AMERICAN BOY in new stories. Douglass Renfrew of the Royal Canadian Mounted, Hide-rack

An award for "distinguished service to education in New Jersey" will be made for the first time this year by the New Jersey State Teachers' Association. Frank G. Pickell, President of the Association and Superintendent of Schools in Montclair, has announced the creation of the award, which is expected to be an annual feature of the Association's activities. The award will be made at the annual banquet of the Association in Atlantic City Nov. 10.

Any citizen of the State, layman or educator, is eligible to receive the award, except the officers of the Association which is giving it. The purpose of the award is to call public attention to those citizens of the State who, from time to time, shall greatly serve the schools, and through them the children of the State.

In short, THE AMERICAN BOY under its new price, will continue to give boys a magazine that measures up to the best standards set by adult magazines. Send your subscription to THE AMERICAN BOY, 7430 Second Blvd., Detroit, Michigan. Enclose your name and address and the proper amount of money, and THE AMERICAN BOY will soon be headed your way, loaded with reading thrills.

of Riverside, announce the birth of
a seven and one half pound baby
daughter, Lorraine, born September
25. Mrs. Wigmore will be remem-
bered as the former Miss Margaret
Jenkins.

Mr. and Mrs. Arthur Johansen,
of Scotch Plains, are receiving con-
gratulations on the birth of a daugh-
ter, Elizabeth Marie, Tuesday, Oc-
tober 2, at the Mullenberg Hospital,
Plainfield. Mrs. Johansen will be re-
membered as Miss Kathryn Stew-
art.

SHORT-WAVE MUSINGS

BY O. M. "C. W."

The first rule for operating your
short-wave receiver successfully is to
tune carefully. The selectivity is so
great that stations may be passed
over without being heard at all un-
less the station selector is turned
very slowly and carefully. If even a
slight whisper becomes audible, ad-
just the station selector very care-
fully in the region of it, and you may
find a receivable station there.

To locate the most stations tune
with the volume control on the re-
ceiver turned on full. If, when a
station is tuned in, it is received
with too much volume, reduce the
volume to the desired level by means
of the volume control on the receiver.
Do not attempt to reduce the
volume by de-tuning. Always tune
for the best reception and reduce
the volume by means of the volume
control.

Ordinary broadcast signals are
transmitted much better at night
than in the daytime. Practically
every BCL is familiar with this well
known fact.

The situation is different with re-
gard to short waves. The prepon-
derance of experimental data indi-
cates that some of them are trans-
mitted better during the hours of
daylight, and some during the hours
of darkness.

Most broadcasting stations op-
erate from about 6 a. m. (E.S.T.) to
midnight. Commercial stations have
varying schedules, but their hours
of service are ordinarily within these
limits. Amateur stations are on the
air, as a rule, mostly at night. In
attempting to receive stations of dif-
ferent parts of the country or differ-
ent parts of the world, one must take
into account the times of operation
and the time difference between the
sending station and one's own loca-
tion.

Some short-wave broadcast sta-
tions are licensed for experimental
purposes, and they do not have
broadcast schedules which remain
fixed from month to month. Due to
the frequent changes, more up-to-
date operating schedules are publish-
ed by various magazines.

Fading, as the average BCL
knows, is the change in volume of
signals caused by conditions between
the receiver and the transmitter. At
times, it is quite pronounced in re-
ceiving some short-wave stations. If
fading of a particular station is ob-
jectable, one should tune to
another station. This situation is
beyond the control of the listener.

and, of course, is in no sense a fault
of the receiver.

Static (that is, interference caused
by atmospheric electrical discharges)
is, at times, much less troublesome
in the short-wave region than in the
ordinary broadcast region—espe-
cially in southern and tropical locali-
ties, short-wave reception is often
quite satisfactory when reception on
the regular broadcast channel is im-
possible. Electric devices, such as
vacuum cleaner motors, heating pads,
and the like, may cause objectionable
interference however. Such inter-
ference may be eliminated, of course,
by locating the source and removing
the cause. Passing motor cars cause
considerable interference on short-
wave settings.

Occasional short-wave phone sta-
tions have poor modulation, or a
type of transmission that cannot be
received satisfactorily. The neces-
sity of privacy requires that some
commercial radiophone messages be
so transmitted that they are unintel-
ligible to the average listener. One
must expect to tune in such stations
now and then.

THE "NEW DEAL"

BY JULIAN MASON

Vice President National Republican Builders

Sheer Nonsense!

"This nonsense at Washington; it isn't working and it can't work!"

When are the people going to come to this conclusion about the sheer topsy-turvy ridiculousness of what Franklin Roosevelt is putting on at Washington?

Public opinion has gone through all sorts of spasms about him, but he still holds his audience. Why? Who doesn't remember the blaze of hope there was in his first popular role, when he started as President with three dramatic acts, each pulling the nation upward toward sound recovery? To stop the country-wide runs, all banks were closed with the promise that only the sound ones would reopen; there was a close but final refusal to plunge into the dangers of scrip currency, and there was a national economy act promising a balanced budget.

How sound all this was! How helpful and hopeful! Yet how foolishly little it meant.

The facile Roosevelt soon changed his role.

Extravagance

A yielding to politics prevented the cleaning-up of the bank list, the crazy gold policy of the administration brought a degree of credit inflation that an emergency scrip would not have touched, while economy and a balanced budget were thrown into the discard by a sudden program of extravagant spending such as the world has never seen.

Yet the people apparently go on believing that Franklin Roosevelt's leadership makes sense! And they've had so many other lessons that it doesn't!

When Dr. Wirt came along, they asked themselves whether he wasn't right in saying that the Brain Trusters were trying to "slip over" a social revolution. At once Mr. Roosevelt ran right off into the sands, as he has done when any direct issue has ever been raised against him. The Brain Trusters were turned over night, into the most conservative of Americans. Tugwell painted himself as an almost passionate reactionary!

And again the trick worked.

Foiled Again

Take the air-mail scandal. Without warrant of law and for purposes of politics, the air-mail contracts were cancelled, the companies forbidden to bid for new contracts and their best men blacklisted. There was no trial, no chance for men or companies to state their case in a court of justice. The people at large showed signs of resentment. So again Franklin Roosevelt ran away. He appointed a high-sounding commission "to formulate a general air policy" under cover of which the bitter injustices of the cancellation would be obscured. Thus he would reappear not as the air destroyer, which he is, but as the air savior, which he isn't.

What "bunk" it all is! What trickery!

Yet here we all are standing for the same kind of hocus-pocus in connection with the "reorganization" of NRA.

Mere Shadow Boxing

For weeks this show has been going on; "statements" on this, promises on that, rumors of something else, muffled roars by Johnson, shrill bark by Miss Perkins and Donald Richberg, conferences at the White House, words of hope from Mr. Roosevelt, and so on and so on.

How can the people take all this seriously?

The underlying truths are two: the first is that NRA hasn't worked and has to be given an alibi; the second is that General Johnson couldn't be roughly fired because he and his secretary know too much and might tell it. These are the realities which the Great Juggler of Hyde Park hides from the people by all his talks and hints about a "three-branched government for NRA" or a "supreme board" or what-have-you?

And once more the country is

solemnly impressed. Press-agency wins again.

Brandeis

Roosevelt, the politician, is afraid of Johnson. He kisses him "good-bye" with a "Dear Hugh" letter, yet keeps a string on him for some "new duties" in the future. Again he pushes off into the silences the dynamic issue raised by Johnson's assertion that Mr. Justice Brandeis of the United States Supreme Court has been consulted on the NRA reorganization which will eventually have to come before his court.

The President is just as silent on this as he was on the resignation of Mr. Lewis Douglas, as Director General of the Budget. He let Douglas go without one word of appreciation for his splendidly helpful work in the first difficult days of the administration.

It's all a part of the great game of now-you-see-it and now-you-don't, the slick prestidigitator that keeps the people from finding out the basic truth that "this thing isn't working and can't work."

"Bogged Down"

David Lawrence, the experienced Washington correspondent, has come to this conclusion; he writes that the whole New Deal experiment has bogged down on politics, insofar as its actual administrative existence is concerned. I know that Robert Moses, before he was talked of for the Republican nomination for the governorship of New York, had concluded after many arguments with Brain Trusters that their plans, however logical in theory, were just not being put into practical effect—and couldn't be.

Rabbits

The New York Herald Tribune had a singularly biting and truthful cartoon this week, in which it showed Mr. Roosevelt still taking rabbits out of the hat, while all around the yard were dead rabbits like the Warren gold plan, balanced budget, "Do it or we will," NRA, AAA, and so on.

How long can he continue to take rabbits out of the hat? How long can he continue to feed his superficial circus nonsense the eager desire of the people that he allow business to recover so that they may go to work?

Of the letters received this week here at the National Republican Builders headquarters, 60 East 42nd Street, New York City, a surprising number have been political inquiries from women. I wonder whether the politicians are giving sufficient thought to the woman's vote as a conservative force in this country. Certainly, the Republican party could well afford to do so.

OBSERVATIONS

By Dartash

"Property Rights and Human Rights"

A child asked his grandfather "Why did God answer the prayers of the North instead of the prayers of the South in the war of the rebellion?" His grandfather answered, "The South was fighting for property rights, the North for human rights, and God is always on the side of human rights."

This seems to be the answer of the advocates of the Roosevelt Deal to its objectors, and the answer is one of the oldest fallacies in human thinking.

Property rights and human rights are not opposites, but so woven together as to be inseparable. This is evident as soon as you ask for a catalog of human rights.

The North, in waging war for the freedom of the Negro, was fighting for the Anglo-Saxon sanctity of property. The right of every man to own and control his most intimate possession and factory, the human body. The "habeas corpus" is an act protecting property, and it is one of the glories of Anglo-Saxon Christian civilization that it should have won the victory that New Dealers now menace.

Just as the law of the land is assumed to make a man's home his castle, so Anglo-Saxon law protects the human rights of each human soul to control and own its fleshy body.

In the last analysis Anglo-Saxon civilization is based on the teaching of Christ's parable of the workers in the vineyard, the right of property; and also on the bedrock of the State being the servant of the people and not their master, both of which human rights the new deal denies and for this reason should be fought to the last ditch.

The less a man knows, the longer it takes him to tell it.

New Books at Riverton Library

The opening of the Fall publishing season finds the following new titles added to the reading lists of the Riverton Free Library. From time to time as current titles are added, lists will be published in these columns. Book news can be the most engrossing news in the world, particularly if it is consistently followed, and to get the most enjoyment out of Riverton's splendid library facilities, you're urged to keep up with its activities and service.

Notable New Fiction

"Prayer for the Living," by Bruce Marshall. A Book of the Month Club recommendation by the author of "Father Malachy's Miracle."

"East and West," by Somerset Maugham. Thirty of Maugham's most famous stories, including "Rain," "The Letter" and "The Alien Corn." Preface by the author.

"The Jealous House," by Clarence Budington Kelland. A lineal descendant of the same author's "Gold," depicting the development of the social and financial fabric of New York from Ward McAllister to 1914.

"So Red the Rose," by Stark Young. Ellen Glasgow says there has never been a novel of the South in the Civil War to compare with it.

"Dusk at the Grove," by Samuel Rogers. The Atlantic \$10,000 prize novel for 1934, won for the first time by an American writer.

"The Peel Trait," by Joseph Lincoln.

"The Turning Tide," by Sara Ware Bassett.

"Blue Marigolds," by Helen Topping Miller.

"The Case of the Howling Dog," by Erle Stanley Gardner.

"The Emerald Murder Trap," by Jackson Gregory.

"The Crooked Lane," by Frances Noyes Hart. A new mystery romance by the author of the fascinating "Bellamy Trial."

"Honor Bound," by Faith Baldwin

A story of modern marriage and its complications.

"Heart, Be Still," by Isabel Wilder. Remember "Mother and Four?"

"Silver Hat," by Dane Coolidge. An authentic story of the old days in Arizona.

"Captain Nichols," by Hugh Walpole. An amusing satire on modern society such as only Walpole can write.

"Venetian Masque," by Rafael Sabatini. "The prince of living story tellers" at his colorful best.

"Full Flavor," by Doris Leslie. An important and delightful story of changing England and unchanging human nature.

"Glory Jam," by Caroline Seaford. A hilarious, fast-moving story of English countryside life.

"Turkistan Reunion," by Eleanor Holgate Lattimore. The record of the most amazing wedding journey ever made by a white woman.

Poetry

New Poems by Edwin Markham. The fifth book of verse from this foremost of American poets; eighty songs at eighty.

For Younger Readers

"Bitsy Finds the Clue," by Augusta Seaman.

"Growing Up with the Grapes," by Elizabeth Corbett.

"Eagle Cliff," by Maristan Chapman.

"Backfield Comet," by William Heyliger.

HOW IT WORKED

United States Senator Hamilton F. Kean, Republican candidate for re-election, in a speech before the Young Republican Club of Passaic County last week had this to say about some of the phases of the New Deal:

"The platform adopted at the last national convention of the Democratic Party contained this plank:

"We advocate an immediate and drastic reduction of governmental expenses by abolishing useless commissions and offices, consolidating departments and bureaus, and eliminating extravagance."

In this plank was incorporated a promise to maintain national credit—

"By a Federal budget annually balanced on the basis of accurate executive estimates within revenue."

"What happened? The first step in the new administration in the alleged interests of economy was the discharge of ten thousand Federal employees who had felt reasonably secure in their positions through civil service protection. That was followed within the first twelve months of the New Deal by placing forty thousand Democrats on the Federal payroll without the jurisdiction of the Federal Civil Service Commission.

SOTHAM-LEMMON

Announcement has been made of the marriage of Miss Lillian Lemmon, of Downingtown, Pa., and John Sotham, of East Riverton, at Sacred Heart Church, last Wednesday morning.

Mr. and Mrs. Sotham are living at 305 Harrison street, Riverton.

ONE OF THOSE CLEVER MAINE YANKEES

Governor Brann, re-elected Democratic governor of Maine, was frank in assuring the voters that he could get more out of the federal treasury than a greenhorn could. Thus introducing a novel, if not noble, theme into American politics.—Philadelphia Inquirer.

CINNAMINSON PTA

A short interesting talk on "Parental Responsibilities," given by Mrs. Francis B. Elwell, left the members who attended the first meeting of the Cinnaminson PTA, planning how to have a more useful influence upon their children.

Thursday the drive was discussed at the home of Mrs. Sim, and from then until the next meeting the committee will be active.

The first gathering of the Study Group will be held this week. After this, due notice will be given, hoping that our neighboring locals will send visitors. As Miss Bryan will conduct the talks they are sure to be well worth while.

The list of subjects follows:

"The Human Machine," "Ways in Which Children and Adults Are Alike," "Ways in Which They Are Different," "Can the Emotions be Directed and Controlled?" "What Effect Does Poise Have Upon Personal Health?" "What Effect Upon Family Life?" "Can Adults Relearn?" "When Has an Adult Reached Maturity?" "What Do Parents Expect of Children?" "What Does the World Expect of Citizens?" "Is the Home Turning Out Adjusted Personalities?" "What Sort of Home Atmosphere Develops Wholesome People?" "What Kind of School Program Best Develops Children?" "What does the Individual Owe to His Community, His Nation, His World?"

The report of the pre-school clinic conducted last spring, was not complete in time for publication at the time, and is given here; twelve children were examined, all have been vaccinated, five have received diphtheria protection, two have had minor surgical help. The Doctor and nurses were assisted by Mrs. Leon Eagen, Welfare Chairman, and four devoted PTA's who furnished transportation and assisted in dressing the little ones.

"THEM AS HAS, GITS"

The man who needs a loan can't get it and the fellow who can get it doesn't need it.—Council Bluffs Nonpareil.

RIVERTON SCHOOL NOTES

Everyone seemed glad to be back in school again after a pleasant summer vacation. As soon as things were settled each class organized a Home Room Club and elected officers. From these the Student

Council was chosen. The members are: Robert Botger, president; Robert Stover, vice president; William Taylor, treasurer; Mary Elwell, secretary, Fred Ulmer, Richard Taylor and Marilyn Burr.

A Student Council Program Committee was appointed and several fine performances were given in assembly, among which was an eighth grade play entitled, "Dick's Sister." Those who took part were: Jack Stetson, Phyllis Howard, Robert Stover, Jack Seemuller, Helen Borer, Marion Pippitt, Mary Elwell, Arthur

Seelhorst and Jane Weiford. It is to be hoped that the fine attitude of the pupils at the beginning of the school year will continue throughout the days to come.

INSERT FOUR LETTERS
Upton Sinclair, the Socialist, runs the Democratic nomination for governor on his EPIC platform, gets the Democratic nomination for governor of California and apparently created what might aptly be known as the Epi-demic party.—Los Angeles Times.

BETTER LIGHT-BETTER SIGHT

AVOID ACCIDENTS by GOOD LIGHTING

Poor lighting can cause you bumps and bruises, a twisted ankle, even a serious injury. It can spoil your games, ruin your reading and bring serious injury to your eyesight.

Evenings are longer now and lamps must be lighted early. Keep plenty of Mazda lamps on hand, so if one burns out, you can replace it easily. Buy them by the carton. An assortment of six sells for \$1.08.

PUBLIC SERVICE

BOROUGH OF RIVERTON

Sale of Lands for Unpaid Taxes for Years as Noted
Sale on Saturday, October 13, 1934, at 10 o'clock a.m.

NOTICE OF SALE

NOTICE is hereby given that I, C. Kenneth Davis, Collector of the Borough of Riverton, County of Burlington, New Jersey, pursuant to the authority of the statutes in such case made and provided, will on Saturday, the thirteenth day of October, 1934, at ten o'clock in the morning of said day at the

Riverton Council Chambers

503 Howard Street, in said taxing district, expose for sale the several tracts and parcels of land hereinafter specified, or any part or parts of said land sufficient for the purpose on which taxes and liens for the years as noted remain unpaid and in arrears, to such person or persons as will purchase the same for the lowest rate of interest on redemption, but such rate shall not be more than 8 per cent. per annum, thereon, including interest and costs of sale.

This sale is made under the provisions of an act of Legislature entitled "An Act concerning unpaid taxes, assessments and other municipal charges on real property, and providing for the collection thereof by the creation and enforcement of liens thereon (P. L. 1919, p. 283, amending P. L. 1918, p. 883).

The said lands hereunder described by Block and Lot numbers, and the names of the persons against whom the said taxes and liens have been assessed, and the amounts of the same including interest to July 1, 1934, are as follows:

Block	Lot	Int. to	1930	1931	1932	1933	1934
Block 20 Lot 1	200 Main St. and rear, Lot 100 x 245	July 1, 1934					
Block 20 Lot 1	Charles B. Durbin, Frame Dwelling		\$166.24	\$11.00	\$177.24		
Block 20 Lot 1	Taxes for year

BUHLER WINS TENNIS CROWN

Newcomer Upsets Cooper in Men's Singles Tournament at Park Sunday

Watson F. Buhler, a newcomer in Riverton tennis circles this season, turned back E. N. Cooper, twice winner of the men's singles, and romped off with the Rotary Cup Sunday afternoon at Memorial Park. In what is thought by many to be the most exciting singles championship ever fought on the park courts, the sidelines watcher Buhler emerged victorious 6-2, 6-2, 4-6, 2-6, 6-1.

Cooper, with two legs on the cup, was fighting for the title and permanent possession of the trophy, his striking was not up to that of his opponent as the score analysis will show.

Buhler Takes Lead
Buhler opened the match by easily defeating Cooper in two straight sets 6-2, 6-2.

It looked as though it was all over but the shouting as the third set started, but Cooper began to open up and in a grim tussle turned the tide of battle to take his first set 6-4.

Cooper in the fourth set, displaying excellent form, brought the match to a tie by handily defeating Buhler 6-2.

Following a ten minute rest period both contestants faced each other for the deciding set.

Cooper Loses Last Set

Buhler got off to a good start by taking the first two games. Cooper broke through to take the third game but from then on Buhler took the lead and held it, winning 6-1.

In the matter of total points for the match, Buhler made 127 while Cooper made 110.

Many of the points were won only after long rallies that brought forth bursts of applause for both players from an enthusiastic gallery.

Buhler, a south-paw, played excellent tennis, returning the ball with deadly accuracy and stubborn persistence, while Cooper matched his opponent's skill shot for shot, only to fall short by 17 out of 23 points.

No Smashing Drives

Neither player depended upon smashing ace balls or hard drives to boost their advantage. Both played much the same type of game, marked by conservative placement shots and court generalship and as such the match was intensely interesting.

The tennis committee worked diligently to transform a very much dampened court into a dry, hard surface that gave the contestants fine playing conditions.

Ed Wallace officiated as umpire and scorekeeper, while others umpired the boundary lines.

Strohlein Presents Cup
Councilman John L. Strohlein, chairman of the borough property committee, made the cup presentation at the conclusion of the match and announced the winners in the other championship classes.

Vol 46 No. 40

STOUT'S VALUE IN ROAD DEPARTMENT

Has Built Fine County Road System at Low Cost. Secured State Aid

The real worth of Charles R. Stout as director of roads of Burlington county was never stronger than it is today, and people who use the highways are firmly convinced of the truth of the oft-repeated statement that Burlington has the finest county road system in the state.

It is Mr. Stout's particular business as a representative of the taxpayers to look after 385 miles of roads in this county, the greatest road mileage of any county in the state, and there is nothing imaginative or fantastic about what he does; it is a reality.

Burlington county is recognized as a leader in the construction of low-cost type of pavements, and that is something for the county's taxpayers to carry on their minds when they are considering the proper type of men to represent them in the Board of Freeholders.

Another point for the taxpayers to consider. Last year the Freeholders, on Mr. Stout's recommendation after thorough investigation, took over 114 miles of township roads, thus relieving the townships of the expense of maintenance at a time when they are struggling with more financial problems than they can handle with satisfaction.

In many of these cases the roads were not kept in good repair by the township because they couldn't afford to do the work

RIVERTON PTA TO
HEAR DR. MILLER

Noted Educator from George School Guest Speaker at Eighteenth Annual Reception

Dr. Richmond Miller, of George School, will speak at the eighteenth annual reception to the parents and teachers, October 15th, at eight o'clock in the Riverton school auditorium. His subject will be "Problems of Parents and Teachers."

Each meeting of the PTA this year will deal with some phase of the chosen topic, "Better Understanding of Present-day Problems."

As this is an evening meeting both mothers and fathers should make a special effort to hear Dr. Miller, and also to enjoy the splendid musical program following.

JOIN! JOIN! JOIN!
PTA membership drive now going on. Every parent urged to join.

HOEHN-COMFORT

A very pretty wedding took place at the home of Mr. and Mrs. Edward Comfort, of Lake View Orchards, Moorestown, on Saturday, October 6 at 4 o'clock when their daughter Anne Elizabeth Comfort became the bride of George L. Hoehn, son of Mr. and Mrs. Edward L. Hoehn, of Palmyra.

The marriage was performed by a Friends ceremony under the care of the Evening Monthly Meeting. The bride wore a gown of white flat crepe with tulle veil and carried a bouquet of white ageratum and claudius pernet roses.

Miss Dell Teeple, of Main street, Riverton, was maid of honor and wore rust colored velvet and carried dahlias of the same shade and autumn leaves.

Edward L. Hoehn, brother of the groom was best man, and Robert Maurice Comfort, brother of the bride was usher.

WHY NOT PALMYRA?

The finest news that the depositors of the Columbus Bank have heard since their institution was closed and placed in receivership has come with the announcement from Receiver William H. Absalom, of Mount Holly, that they are to be paid off 100 percent, plus interest from March 4, 1933. Interest at 6 per cent for seventeen months means 8 1/2 per cent added to the dividend. This is one of the comparatively few cases on record where the depositors have been paid in full in actual cash.

This is the first and final dividend, and according to Absalom the payment of approximately \$120,000.00 has been made possible by funds secured through liquidation, supplemented by a loan from the Reconstruction Finance Corporation, which loan is secured by a lien on the remaining assets of the Bank.

If this bank can be opened with government aid, why is the Palmyra National Bank not allowed to resume business? It does not require government aid.

CURRENT EVENTS
AT PORCH CLUB

Thomas B. Shaffer will talk on Current Events to members of the Riverton Porch Club, Tuesday, October 16th, at 2.30.

Mr. Shaffer is a widely known and very successful current events speaker.

He has given a series of lectures at the Philadelphia City Club, the Penn Athletic Club and numerous other clubs and organizations. Guest tickets are 25c, and it is hoped that a large number of people will take advantage of this exceptional opportunity to improve their knowledge of what is going on in the world.

BARTLEY OUT 4 WEEKS

X-Rays have revealed that Captain "Josh" Bartley's leg injury, received in the third period of the Dickinson-Albright game last Saturday, was not as serious as first indicated, and that he will be back in the lineup in about one month. It was at first thought that the Red Devil leader would be out for the season.

Mr. Sinclair's EPIC program has now been interpreted as initialing "Easy Pickings in California."

RIVERTON

Miss Dell Teeple is residing in Trenton, where she is attending the School of Industrial Arts.

Don't forget the cake and pie sale given by the Ladies' Auxiliary of the Riverton Fire Company at the fire house, October 13 from 2 to 5.

Mr. and Mrs. Jesse Parsons, of Lippincott avenue, moved to Atlantic City last week.

Mrs. Harvey E. Stewart, Miss Beatrice Stewart, Mrs. Brooks Evert, Mrs. William Hoffman, Mrs. Ogden Mattis are attending the Episcopal Church Convention in Atlantic City.

WOMEN'S GUILD TO
GIVE CARD PARTY

Benefit Bridge at Home of Mrs. P. A. Ransome, for Christ Church Special Fund

The Women's Guild of Christ Church, Episcopal, will hold a benefit bridge at the home of Mrs. Percy A. Ransome, Golf Road, on Wednesday, October 24th, at two o'clock. 50c a person. The members of the church and their friends are urged to come and help increase the funds which the women are earnestly trying to raise to meet a special obligation.

In addition to the cards and tea, "white elephants," brought from obscure corners and drawers are being donated attractively wrapped to be sold, sight unseen, at ten cents each. These may be bought for prizes, or simply for the fun of opening a surprise package.

Anyone desiring to play can make arrangements thru any of the following members of the committee:

Mrs. Murray C. Boyer, Mrs. F. Graff, Mrs. William M. Shoemaker, Jr., Mrs. Gorham P. Sargent, Mrs. J. Gardner Crowell, Mrs. Stuart B. Clark, Mrs. John H. Shinn, Mrs. O. G. Willits, Mrs. J. Douglas Clark, Mrs. Harold N. Sheble, Mrs. Winfield Wilson, Mrs. William R. Hoffman, Miss Dora Parry, Mrs. Percy A. Ransome, Mrs. G. Lincoln Ridley, Mrs. Robert F. White, Mrs. Harry L. Rogers, chairman.

CAMPUS NIGHT AT
NEW BRUNSWICK

Riverton residents who are alumnae of New Jersey College for women have been invited to return to the New Brunswick campus Saturday, October 13 for the annual celebration of Campus Night, a traditional reunion of students and graduates.

Festivities will begin with a sports program, in which alumnae teams will play soccer, hockey and volleyball against students and faculty teams, at 2 o'clock on Gibbons Campus. At 4 o'clock there will be a mass meeting in Jameson auditorium and at 5 o'clock alumnae will join students and faculty for an out-of-door supper on Antilles Field. Following the supper there will be competitive singing.

STATE MAY ACQUIRE
FIELD TRIAL GROUNDS

The Fish and Game Commission is negotiating for the purchase of a tract of land in Hunterdon County located near Clinton, and lying between Routes 30 and 28, under its Public Shooting Ground program. This tract is approximately 550 acres, about half of it is farm land, contains a nice brook, and the balance is in timber. It abounds in rabbits, pheasants and there are some quail.

The Commission believes this tract will be ideal for holding field dog trials, in addition to its use as a public shooting and fishing ground. The ground is large enough to hold three trials at one time if necessary and will be thrown open to all licensed hunters and anglers.

BREYER'S ICE CREAM

The only place in Riverton where you can get Breyer's delicious ice cream, Blankenbush, 606 Main st.

All we need is one more called the FFPPT—Federal Fund to Provide Jack to Pay Taxes.

RIDE THE TRAINS

The shouting is over, the direct rail service to Broad Street Station has been inaugurated, but the fight to make Riverton and other river front towns more accessible to the center of Philadelphia has just started.

You who are using the trains know how infinitely better they are than other forms of transportation we have had to take and like in the past.

We know you wouldn't want to return to the inconveniences and discomforts which have been our lot, but you may have to—

UNLESS—

Riverton, in common with all other river front towns gets squarely behind this new service.

UNLESS—

You ride the trains whenever possible and get your friends and neighbors to do likewise.

Support the best interests of your Community.

RIDE THE TRAINS.

Paul Barnhart, Chairman Transportation Committee Riverton Town Meeting.

BIRTHS

Mr. and Mrs. George Chadwick, of Palmyra, are receiving congratulations on the birth of a daughter, Elizabeth Mary, Wednesday, October 10, at the Mary Haas Robbins Maternity Home, Main street, Riverton.

Mr. and Mrs. William C. Downs are receiving congratulations on the birth of a son, William Richard Downs, at the Pennsylvania Hospital last Friday.

There wouldn't be so many strikes, however, if the labor leader's pay stopped, too.—Los Angeles Times.

LIBERATION OF
MANY GAME BIRDS

The New Jersey Fish and Game Commission reports that the largest number of pheasants and quail ever raised in one season at the New Jersey Game Farms were liberated with the last three months.

There were approximately 10,000 pheasants raised at the Rockport Farm, and 9,000 pheasants and 400 quail at the Forked River Farm, and 3,000 quail at our farm at Cassville.

Both the artificial brooder and the old system of setting hens as mothers were used to hatch pheasants, each of which was satisfactory. The artificial system entails less work and is more economical.

They say the most who use fewest words.

LIFE BEGINS
AT 7:40—

WE BEG TO DIFFER—but politely—with a successful playwright that Life Begins at 8:40. Out our way, it's neater 7:40 and A. M. at that.

The hustle and bustle getting a breakfast on the table before the parade gets downstairs, checking on the neck and ears before the youngsters go to school. Hoping the water is warm enough for dad's shave. Well, at least one has to be alive around the place at about 7:40 A. M.

Call on automatic gas service to help you ease the mad rush of early morning. The automatic gas water heater will care for the hot water question. Economically and without fuss or bother it will furnish you hot water at any time of day or night. The automatic gas range will quickly get your breakfast of foods which have been stored close by in an automatic gas refrigerator.

For a small monthly charge you can enjoy the many benefits which automatic gas service brings to the home.

A-5185

KEAN DECLARES
FAILURE OF NRA

Candidate for Re-election to US Senate Warns of Dangers of New Deal Policies

Declaring that the National Recovery Administration "has failed utterly as an expedient," United States Senator Hamilton F. Kean, Republican candidate for re-election, in an address in Newark last week, asked that "any attempt to incorporate its fallacious theories and policies into permanent form as a part of our governmental machinery be strenuously combatted."

"I am going to talk to you about the National Recovery Administration for the reason that it directly concerns all of you. Some of you may be employers and some of you employees. But all of you are consumers. And it is the consumer that is shouldering the burden of all the costs the NRA has piled up in the name of a new economy under the New Deal."

"The National Recovery Administration, in the light of recent developments, seems to be dying the death to which it was destined at its very inception. With its complete removal as a menace to both industry and labor, national recovery will get its first real impetus."

"In his latest public utterances President Roosevelt all but admitted the absolute failure of the machinery of the NRA to function to the end for which it was designed. For his promise that complete reorganization would be immediately effected we should be grateful. As to his assurance, however, that the new set-up will be designed with the thought of making it a permanent federal institution, we can only express our fears."

"Neither industry nor labor can find any encouragement in contemplating the future dominance over their normal activities by such strictures on individual or collective initiative as the NRA under any guise, would most certainly impose."

"We are all concerned with the stability of our financial system. We want to be assured of the purchasing power of American dollars. We don't want to think that the perfectly good dollar, a dollar worth one hundred cents, which we have paid in premiums on life insurance policies or have deposited in our savings accounts, is going to be returned to us or our estates on a basis of fifty-nine cents."

NEW REGULATIONS
FOR 1934 GUNNERS

"Duck Stamp" Must Be Placed on License for Those Who Shoot Ducks and Geese

State and Federal seasons and bag limits are identical.

Shooting season begins October 18, and ends December 22.

Shooting days are Thursdays, Fridays and Saturdays only. This applies only to ducks, geese, coot, (mudhen, crow duck) and Wilson snipe or jacksnipe.

There is no open season for brant.

Duck Stamp

A Federal duck stamp, obtained from the post office, must be attached to your regular hunting license. This duck stamp is only necessary for the shooting of ducks or geese, and does not apply to other migratory fowl.

The proceeds from the sale of the Federal duck stamp go to the Federal Government and are used to provide waterfowl sanctuaries as breeding, feeding and resting places.

Baiting

The State law still applies to baiting and it is unlawful to bait within four hundred feet of any blind or stand.

Migratory waterfowl may not be shot or otherwise taken on any baited premises except under seasonal permits issued by the Bureau of Biological Survey.

Secretary Wallace says "it is a contemptible thing" to make "completely unfounded statements" for partisan advantage and "to stir up ill will." It certainly is, and was two and three years ago.—Kansas City Times.

WEEKEND FEATURE

Jean Harlow and Franchot Tone in "The Girl from Missouri," at the Broadway Theatre, Friday and Saturday.

PAL-RIVER TO HOLD
PUSHMOBILE RACE

Home-made Cars to Compete in Five-event Contest in Palmyra, Nov. 3rd

This Community may be the birthplace of another "Barney" Oldfield of Malcomb Campbell, with the announcement this week of a big pushmobile classic sponsored by Pal-River Chevrolet, Inc., of 10 Broad street, Riverton.

According to the announcement in the advertising columns of this paper, boys and girls fifteen years of age or under are invited to build pushmobiles and compete for a prize in the races to be held on Morgan avenue, Palmyra, Saturday, November 3rd.

The list of events and the prizes awarded in each class will undoubtedly create great interest in the motorless vehicle commonly called the "pushmobile."

The Palmyra police department has agreed to cooperate by affording every protection to the participants on Morgan avenue at the time of the contest.

When the boys begin to swing the hatchet and saw in preparation for the coming event there will spring into being many new creations in the pushmobile class. Knee-action may make its appearance together with streamlining and other innovations of modern automobile design.

Similar events held in other sections of the country have aroused great interest among the contestants and the spectators many hours of gripping, thrilling amusement.

The events call for judging the best car nearest resembling the 1934 Chevrolet, a race of the models propelled only by gravity on the down grade of the course, a race supplanting gravity by a "boy-motor" in the back, sometimes called a pusher. Next will come the hazard race which will put a real test on the workmanship of the car, together with real driving ability. Effective brakes and accurate steering devices will be very much in need in the hazard race.

The comedy event is being clothed in secrecy at the present, but it might involve the participation of the parents, and at any rate the committee promises that it will prove highly amusing.

A trip through the Chevrolet assembly plant at Tarrytown N. Y., is the coveted prize offered to the three lucky winners in the first three events. The trip also includes entertainment in New York City as the guest of the Pal-River Chevrolet.

Cash prizes are offered to help the lucky winners defray the expense of building their various models.

John W. Dawley, treasurer of the local Chevrolet concern, states that he is happy to sponsor the event and hopes that the whole program may prove instructive and amusing to all who participate.

First Railroad Man: "I built that radio set myself, Ed. How do you like it?"

Second Railroad Man: "I believe it, she whistles for every station."—Two Bells, Los Angeles.

FAREWELL SUPPER
TO THE MacKINNONS

Saint Agnes Guild Sponsors Event Marking Retirement of Popular Rector

A farewell supper and reception was given in honor of Dr. and Mrs. Daniel G. MacKinnon in the Parish House of Christ Episcopal Church, Palmyra, Monday evening, October 1. A large number of parishioners were present.

The supper and reception was given under the auspices of Saint Agnes Guild. Mrs. Burt L. Foster, president of the guild, presided.

Dr. and Mrs. MacKinnon addressed the gathering, and speeches were made by many of the parishioners. In behalf of the Saint Agnes Guild and the Lutheran Church, gifts were presented to the retiring rector and his wife. Among the gifts was a beautiful autograph album containing the signatures of members of the vestry, members of the clergy, Mayor Walter D. Lamon, officials and many citizens of Palmyra and members of the parish.

DEMOCRATIC
CLUB FORMED

At a meeting of the Young Democratic Club of Burlington County, at Burlington, Friday evening, Daniel Lichtenhal, Riverside attorney and candidate for Assembly, was elected president.

Other officers installed were: Alice Hughes, Burlington, vice president; recording secretary, Thomas Furry, Bordentown; corresponding secretary, Elinor Porter, Palmyra; treasurer, Thomas Boyle, Florence; publicity agent, Jack McNulty, Riverside.

James Hogan, of Mount Holly was appointed chairman of the executive committee.

The principal speaker of the evening was Walter L. Whitteley, Congressional candidate who spoke on "The New Deal and What it Means to the Young People."

The next meeting will be held at Burlington, Friday, October 12, at 8 p.m. All members are urged to bring a friend.

A Prophecy

It has been said on good authority that "A prophet is not without honor, save in his own country." It is also generally accepted as a fact that prophesying is fraught with many dangers—especially political prophesying.

However, we believe the following predictions to be reasonably safe.

The election in November will show no material lessening of the grip of the New Deal on the average voter.

Millions of taxpayers' money have been poured out in every state. Politicians and others who hope to get more millions believe it to be good policy to "stand in" with the sources of this money. Hundreds of thousands of private citizens who have been benefited by government bounties, either by direct relief or through some of the various alphabetical set-ups, cannot be expected to bite the hand that feeds them. They fail to see that the forces that are giving them relief today are undermining and destroying the very fundamentals of American industrial and social life upon which they must ultimately depend for their livelihood. They reason, "We have bread today; why worry about tomorrow?"

The comparatively few clear thinkers who see the breakers ahead and would keep the Ship of State off the shoals of wasteful extravagance and inefficient, purposeless squandering of the country's resources, are unable to make their voices heard above the clamor of those who seek the immediate good, though it bring destruction in the end.

The Administration is playing down on subjects that may be alarming until after election.

At first the NRA started out to be a very benevolent partnership with business on the part of the government—but it turned out very like the results when the cuckoo lays its egg in the nest of another bird.

Under the ruthless General Johnson, the NRA has brought into business a degree of governmental interference which should make the framers of the Constitution turn over in their graves. It is now to be placed in the hands of a committee—and much modification is promised.

The General has said, "What our people have got to understand is that there is a far more effective weapon against their rights than guns or gas—and that is economic strangulation." Has the impulsive old warrior let the cat out of the bag?

With the unlimited authority conferred by Congress on the Administration, it has full power to impose on any American business man the "economic death" which Johnson threatened in the early stages of the NRA.

Somewhat earlier in the New Deal, Administration spokesmen declared that America's "rugged individualism" must go—that it had no place in the new order of things. In the same vein the President himself said . . . "the toes of some people are being stepped on, and are going to be stepped on."

More recently the President has said, "We must make American individualism what it was intended to be—equality of opportunity for all, the right of exploitation for none."

And so, American individualism is not to be destroyed—only revamped—until after election!

Those who believe in the Constitution and American Principles have little to hope for this year—the swing will continue to be toward the New Deal, with its lavish expenditures and extravagant promises.

And therein lies the greater need to continue the fight. A man is not licked until he quits trying, and it is our belief that the spirit of true Americanism will not down.

But there are dark days ahead—days that will sorely try the souls of men and women who realize the evil portents of present-day tendencies away from the fundamentals which have made America great and prosperous in the past, and which have protected the liberties of its citizens.

This realization, however, must not bring despair, but, rather, a grim determination to maintain their faith and continue their fight for American liberties and individual rights, of which, in the last analysis, the people cannot be deprived except by their own consent—or by their apathy—which is the greater danger.

CHURCH NEWS

CALVARY PRESBYTERIAN CHURCH

Rev. C. T. Bates, B.D., Pastor

At the morning worship at Calvary Church next Sunday morning, October 14th at eleven o'clock, the Rev. Paul L. Berman will bring a message of his work among the Jews. Mr. Berman is a missionary under the Board of National Missions of the Presbyterian Church in the U.S.A., and has a fascinating story to tell. It is hoped that all members of the congregation will be present. There will be no appeal for funds. Church School at 9:45 a.m.

The Midweek Service will be held on Wednesday evening, October 17, at 8 o'clock, and the studies in the life of Jesus will be continued at that time.

Those in the community who have no church home are cordially invited to enter into the worship and the fellowship of Calvary Church.

CENTRAL BAPTIST CHURCH

Rev. George Lockett, Pastor

10:00 a.m., Bible School. Another record attendance last Sunday, classes for all ages.

11:15 Morning worship. Anthems by Senior and Junior choir, sermon subject, "How Can We Know God?"

6:45 p.m., Young People's Meetings, lively and helpful discussions, all young people invited.

7:45 p.m., Evening service. Gospel song service, sermon from Hosea 14:5.

Wednesday, 4:15 p.m., Junior Choir and B.Y.P.U.

Wednesday, 8:00 p.m., Prayer meeting, studies in the book of Job.

FIRST LUTHERAN CHURCH

Rev. Harold L. Creager, S. T. M.

Next Sunday evening we will have an illustrated sermon, presenting a set of lantern slides on "Pilgrim's Progress."

The sermon theme at the morning worship service will be "Educating Conscience."

Wednesday evening we will start a series of studies in the books of the Bible. The central message of each book will be studied.

Light Brigade will meet on Wednesday afternoon at 4 o'clock.

The Women's Missionary Society will hold their monthly meeting next Thursday, at the home of Mrs. Walling. Covered dish luncheon at 12:30.

MORAVIAN CHURCH

Albert J. Harks, B.D., Pastor

The Rally Day services last Sunday were all well attended. The Sunday School had the highest attendance for the year, and a record offering. A well-filled church of worshippers, and a full choir of twenty voices greeted the pastor at the morning service. In the evening the Young People's Rally was the most successful for some time, with the C. E. Society, Boy Scouts, and Girl Scouts Troops attending in a body.

The services for next Sunday are as follows:

9:30 a.m., Sunday School, classes for every age.

10:40 a.m., Morning Worship. The pastor will begin a series of sermons on "Prevailing Prayer." 1. "Abraham of Sodom." The choir has again resumed its ministry of music and will sing, "There's a Wilderness in God's Mercy," by W. T. Giff.

6:45 p.m., Prayer meeting of the Christian Endeavor Society. All young people are most cordially invited.

7:30 p.m., Evening Worship of song and praise. Sermon: "The Lord's Things."

The Men's Club meets every Monday evening at 7:30. All men are cordially invited.

The Willing Workers will give their annual chicken supper and bazaar, Wednesday, October 24, from 5 to 8 p.m. Tickets are now on sale, Adults 75 cents, children 40 cents.

CHRISTIAN SCIENCE CHURCH

"Are Sin, Disease, and Death Real?" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, October 14.

The Golden Text is: "The Lord is our judge, the Lord is our law-giver; the Lord is our king; he will save us" (Isaiah 33:22).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And they come unto him, bringing one sick of the palsy, which was borne of four. When Jesus saw their faith, he said unto the sick of the palsy, Son, thy sins be forgiven thee. I say unto thee, Arise, and take up thy bed, and go thy way into thine house" (Mark 2:3-11).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The Principle and proof of Christianity are discerned by spiritual sense. They are set forth in Jesus' demonstrations, which show—by his healing the sick, casting out evil, and destroying death—the last enemy that shall be destroyed."—his disregard of matter and its so-called laws" (210).

RECOGNITION FOR 46 S. S. WORKERS

Six Had Record of More Than 40 Years Active Service as Teachers

At the service in recognition of Sunday School teachers last Sunday evening, in Epworth M. E. Church, a special tribute was paid to those who have given an extended period of service in this great work. The president of the Ministerial Association, Rev. Harold L. Creager, read the names and called the men and women to the front of the Church, where he expressed the appreciation of all for the faithful and efficient service of these consecrated workers.

Three groups were thus honored. The following had served 40 or more years: George Frank, with special mention for 63 years of activity; Dalia Reed, Thomas C. Van Osten, Mrs. T. A. Lloyd, Mrs. Clara Jewett and F. C. McCorkle.

The following had served between 25 and 40 years: Mr. and Mrs. C. W. Hassell, Mrs. Durell Mason, Mrs. Rachel Lord, Mrs. Linda Morton, E. A. Gracom, C. H. Westcott, Mrs. Kate Dawson, Mrs. Emma Steelman, Mrs. P. P. Ackerman, Miss Clara Bishop, Miss Emma Stranahan, Stewart L. W. Field, Norman H. Schriver, Mrs. Thomas Van Osten, Mrs. George Lockett, Miss Harriet Benner, Charles Dietz.

The following had served between 15 and 25 years: Mrs. E. H. Houlder, Mr. and Mrs. Harry P. Landis, Miss Frances Bishop, Mrs. George Newton, Mrs. A. M. Ellsworth, William H. Taplin, Miss Emma Wotschke, Mrs. George Dorworth; Mrs. Harold L. Creager, Mrs. Walter Schopp, Mrs. Harry W. Bauer, Mrs. Claude Barto, Frank Johnson, William Cooper, Miss Ethel Morton, Mrs. E. A. Gracom, Miss Reba Whitton, Miss Grace Evald, Mrs. Ruth Carhart, Mrs. Stewart L. W. Field, Mrs. Daniel M. Clifton.

In addition to these 46 laymen, most of the ministers also have given similar periods of service as Sunday School teachers.

THIEF TAKES FURS AND SILVERWARE

Last week the home of Mr. and Mrs. H. T. Johnston, of 603 Elm avenue, was broken into and \$300 worth of property stolen, including furs and silverware.

Entrance was made through a second story window which had been opened with a hatchet.

John Pratt, who was working on the property Thursday morning, discovered the back door open and called to see who was inside. He

called Mrs. Louis Clelland, daughter of Mrs. Johnston, who immediately notified the police.

Short-cuts to the Dinner Table . . .

BY VERA A. SCHNEIDER

I've been asked by Mrs. Kyle to give a recipe for ham as prepared by the Russians, together with the method in which they prepare cabbage, and of course, I am very glad to comply with her request.

To prepare cabbage as the Russians do, you first select a firm head of cabbage and cut it crosswise into ribbon-like strips. Then cook it in boiling salted water for 20 minutes. Drain it thoroughly and return it to the saucepan and add 1½ cups of milk, and one tablespoonful of sugar. Simmer for ten minutes more and when ready to serve, season with pepper and sprinkle generously with crisp buttered crumbs. Nothing very complicated to it, is there?

The Russian ham recipe calls for: 8 thin slices of cold boiled ham Juice of two lemons 2 teaspoonfuls sugar 2 teaspoonfuls Worcestershire

1 teaspoonful dry mustard Dash of curry powder 1½ teaspoonful paprika 2 tablespoonfuls chopped parsley 1½ tablespoonful green pepper—minced

Blend all the seasonings together thoroughly. Then put a slice of ham in a deep plate, spread a spoonful of seasoning over it, and then add another slice of ham and continue until all ingredients are used. Set this aside for a couple of hours to marinate, basting the ham occasionally with the liquor in the plate. Then when ready to cook, broil it gently until crisp, heating whatever remains of the seasoning and pouring it over the ham sizzling hot.

If you serve this with whole wheat bread it is delicious, and I might say whole wheat is the best substitute for the black bread which is used by the Russians.

ROYAL SALAD (For Mrs. Sealey) 1 small head red cabbage

cupful shredded pineapple 1 cupful blanched almonds—chopped Lettuce Mayonnaise

Cut top off cabbage and hollow it out, leaving a shell. Soak cabbage in cold salted water for about 30 minutes. Drain the small pieces and chop them. Mix with the pineapple and chopped almonds and add enough mayonnaise to moisten. Fill the shell and garnish with mayonnaise. Serve on lettuce leaves.

When Dahlia plants have been touched by frost cut the stems to the ground and dig with spade or fork, inserting the tool on all sides so as to lift without breaking the tubers. Leave on surface of ground to dry out. Remove to a frost-proof cellar or garage, with a temperature say around forty degrees and store in boxes and later cover with dry soil or sand. In late March or early April they should be divided, seeing to it that a piece of the crown stem is left to each tuber and plant in May.

Good perennial subjects for covering mounds, graves, rockwork, slopes, etc., are the various dwarf Stonecrops, especially Sedum Acre (Golden Moss), Vinca Minor (Periwinkle)—the new Bowles variety with large blue flowers being the best, Pachysandra Terminalis (Japanese Spurge), Moneywort, Phlox Subulata bearing white, pink or lilac flowers in spring, English and Mimosa Ivy, Iberis Little Gem, Arabis (Rockcress). Plant about a foot apart after the middle of October or early spring.

For that somewhat shaded corner in your garden where you have trouble raising flowering plants successfully, why not try Hardy Out-door Ferns. See however that the soil is well enriched and that there is good drainage. You will likely have best success with the Aspidium and Asplenium varieties such as the

Wood Fern, Lady Fern and Silvery Splenwort. Plant in October.

Cannas should be dug and stored before the first frost. First cut the tops down to three or four inches above the ground. In lifting, do not shake off too much soil. Leave enough to cover the rhizomes. Store under about the same conditions as that of potatoes and plant outdoors in late April.

When Dahlia plants have been touched by frost cut the stems to the ground and dig with spade or fork, inserting the tool on all sides so as to lift without breaking the tubers. Leave on surface of ground to dry out. Remove to a frost-proof cellar or garage, with a temperature say around forty degrees and store in boxes and later cover with dry soil or sand. SHORT-WAVE MUSINGS

BY O. M. "C. W."

The station selector dials of most short-wave receivers are calibrated in myriacycles, for broadcasting stations whose frequencies in kilocycles are from 540 to 1700, and in megacycles for those broadcasting stations whose frequencies are above 1700 kc.

A myriacycle is ten kilocycles. For example: When tuning to a station whose frequency in kilocycles is 700, that station will be heard when the station indicator points to 70 myriacycles.

A megacycle is one thousand kilocycles. For example: When tuning to a station whose frequency in kilocycles is 6,000, that station should be heard when the station indicator points to 6 megacycles; or a station whose frequency is 15,000 kc., will be heard when the indicator points to 15 megacycles.

To convert the wavelength meters to megacycles when only the wavelength of a short-wave station is known, divide the wavelength into 300. For example: When tuning to a station whose wavelength in meters is 50, that station will be heard when the station indicator points to 6.

Following is a brief conversion table of megacycles and meters:

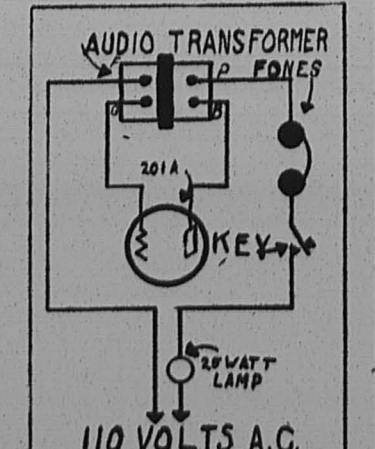

Mc. Meters	Mc. Meters
1 300.0	14 21.4
2 150.0	15 20.0
3 100.0	16 18.7
4 75.0	17 17.6
5 60.0	18 16.6
6 50.0	19 15.7
7 42.9	20 15.0
8 37.5	21 14.3
9 33.3	22 13.6
10 30.0	23 13.0
11 27.3	24 12.5
12 25.0	25 12.0
13 23.0	

In response to several inquiries we are publishing this week a description and diagram of a simple oscillator to be used for code practice.

If an Audio Transformer of from 6 to 1 to 10 to 1 ratio is used a very much higher note can be heard. Anyone possessing an old Western Electric Audio Transformer of the 13 to 1 or 22 to 1 ratio may use this and get an excellent note in the phones. Also any of the old "dollar" transformers, bought in the five- and ten will make a satisfactory practice set.

This oscillator may be constructed for the sum total of \$2.00, not including the cost of the key. Immediately following the description of the oscillator are some hints on learning the code. If the instructions are followed very carefully one should have no trouble in mastering the Continental Code.

Here is a diagram of an audio oscillator for code practice work. It uses a type 01A tube, an old audio amplifying transformer, a pair of head phones, a telegraph key, tube and socket, and a 25-watt lamp and socket. It is important that the connections be made as shown in the diagram. If nothing is heard in the head phones with the key depressed, reverse the leads going to the two binding posts on either side of the transformer.

(Editor's Note: I have built one of these oscillator's and they work out very satisfactorily.)

Did you ever listen to radio code? Did it ever break in on your favorite radio program—and make you say nasty things about the kid amateur down the street?

If you could not read the code, how do you know it was the "kid"?

The code has an intriguing sound: sometimes like a shrill whistle, again harsh, or pleasant; it always gives the impression it wants to be understood, and half the annoyance due to hearing it is the fact that you are annoyed that its message is unintelligible to you.

The Continental or International Morse Code is the system used all over the world by radio operators. "A" is dot-dash. Reverse to dash-dot and you have "N". Nearly every letter has its reverse, thus you have an easy way to remember.

Start to memorize four letters a day, and within three weeks you should have a fair knowledge of the code. Continual practice increases your proficiency and familiarity until you can receive as quickly as you send.

If possible practice with another person. It gives experience both ways with each taking turns. Listen in regularly; try to pick up code being sent slowly. Every one had to begin some time. Write the letters that sound familiar.

At first you will pass through a very confusing and hesitant period, through which every embryonic operator passes. Do not let it stump you, for with regular listening it will soon pass.

Some day, all of a sudden, a message will come and with a thrill you will suddenly realize that you understood it.

Like all things worthwhile to know, the code takes practice. But it opens up a new world of friends, knowledge and excitement.

OBSERVATIONS

By Dartash

"He Descended Into Hell"
(Apostle's Creed)

In the last comments published under this column it was stated that the Northern forces fought for property as well as more rights when freeing the slaves from bodily bondage, and instanced the habeas corpus law as proof. The writer is no lawyer, but would have you recall that the "John Doe" proceedings and the habeas corpus act indicate a clear distinction between person and property; a difference that the article from the Apostle's Creed quoted above states as Christian dogma. To make valid this latter contention, and, in passing, to throw light upon a harsh saying, the reader is asked to recall the incident in our Lord's life mentioned in the seventh chapter of St. Mark. A Greek mother pleads for her daughter, pleads that the good physician will heal her child. When Jesus said unto her, "It is not meet to take the children's bread and to cast it unto the dogs." And she answered and said, "Yes, Lord, yet the dogs under the table eat of the children's crumbs."

It may be a harsh statement to make, but no true disciple of Hippocrates, the father of medicine, could answer this Greek woman's plea with Christ's words (meaning them) and keep his oath of service. Shall we measure Christ and Hippocrates by the same yard stick? Or shall we find an equation not given in St. Mark's text? Like St. Paul "we will be made the able ministers of the new testament, not with a letter, but of the spirit, for the letter killeth, but the spirit giveth life."

And it is the Spirit of Christ and not his words which will furnish us the answer.

The scene of Christ's interview with the Greek mother needs the brush of a great artist to bring forth the hidden meaning.

Such an artist would paint the face of a smiling mother who had so agonizingly looked into the loving, inviting eyes of the great lover of men. The words may have been harsh to hear but the glorious eyes of our Christ said "Come," and an adoring woman received the reward of her faith.

How different from the shining eyes were the eyes that were seen in the face of that pain-racked body which Christ's followers took down from the Cross and laid away in the tomb. As the Creed expresses, "He was crucified, dead and buried." Christ had left his property, his body, behind him and had gone down into the unseen places to meet the spirits in prison. And this fact in the experiences of the Son of God has and always will, color the interpretation of the habeas corpus act.

WOULD LOANS PROTECT THEM?

Administration campaign speeches and publicity "soft pedal" the activities of FERA—Federal Emergency Relief Administration. Critics charge that it is a big entering wedge of socialism. A special Washington informant reports that:

FERA money is employing 60,000 women to make mattresses in competition with hundreds of manufacturers who can make the goods at about half FERA cost and still show a profit.

In cooperation with the states, FERA is employing about 1,000,000 people in manufacturing furniture, shoes, canned goods of many kinds, clothing, bedding and other things. Insiders say that, next winter, FERA will be footing the payroll of about 4,000,000 workers. All will be competing with legitimate manufacturing, taking the profits out of industry at double cost (to the taxpayers).

Perhaps that is one reason why the President's "pump priming" operations are not getting the desired results of increased activity and employment in private industry.—Spokane Spokesman-Review.

The bright lights of Broadway dazzle, but it's the moonshine that blinds.—El Paso Times.

BOROUGH OF RIVERTON

Sale of Lands for Unpaid Taxes for Years as Noted

Sale on Saturday, October 13, 1934, at 10 o'clock a.m.

NOTICE OF SALE

NOTICE is hereby given that I, C. Kenneth Davis, Collector of the Borough of Riverton, County of Burlington, New Jersey, pursuant to the authority of the statutes in such case made and provided, will on Saturday, the thirteenth day of October, 1934, at ten o'clock in the morning of said day at the

Riverton Council Chambers

303 Howard Street, in said taxing district, expose for sale the several tracts and parcels of land hereinafter specified, or any part or parts of said land sufficient for the purpose of which taxes and liens for the years as noted remain unpaid and in arrears, to such person or persons as will purchase the same for the lowest rate of interest on redemption, but such rate shall not be more than 8 per cent. per annum, thereon, including interest and costs of sale.

This sale is made under the provisions of an act of Legislature entitled "An Act concerning unpaid taxes, assessments and other municipal charges on real property, and providing for the collection thereof by the creation and enforcement of liens thereon (P. L. 1919, p. 283, amending P. L. 1918, p. 883)."

The said lands hereunder described by Block and Lot numbers, and the names of the persons against whom the said taxes and liens have been assessed, and the amounts of the same including interest to July 1, 1934, are as follows:

Block 20 Lot 1	Int. to July 1, 1934
200 Main St. and rear, Lot 100 x 245	
Charles B. Durbin, Frame Dwlg and Twin Stucco	
Taxes for year	1930 \$166.24 \$ 11.00 \$ 177.24

RIVERTON
SCHOOL
NOTES

Dental Clinics Start

The teeth of all the children in the school have been examined by Dr. White, and the nurses have already begun to take pupils who have defective teeth to be treated.

Classroom Activities

Kindergarten children are making a health poster on which they have a picture illustrating the rule, "Brush your teeth twice a day." They have also constructed on their sandtable, a scene at the seashore. The idea was taken from the talks the children gave about their vacation.

The third grade has begun the study of primitive life, and in connection with this work they are modelling prehistoric animals and houses.

Thursday the pupils are planning to celebrate Columbus Day by a special assembly. Several classes are contributing toward the program.

Class Tea

The sixth grade pupils of Riverton school entertained the mothers of their room at a tea in the classroom on Tuesday, October 9th at 2.30. The following mothers attended: Mrs. William Foulke, Mrs. Harry Orlemann, Mrs. Thomas Mooney, Mrs. Mary Allen, Mrs. Samuel Herbert, Mrs. Porter Caldwell, Mrs. Harold Cooper, Mrs. George Howarth, Mrs. Walter Armstrong, Mrs. Irvin Donaghy, Mrs. Frank Coddington, Mrs. Granville Dare, Mrs. Joseph Whartanby, Mrs. John Robinson, Mrs. Albert Pennington, Mrs. Alex Shradler, Mrs. Louis Clelland, Miss Caroline Staman, supervising principal, and Mrs. N. J. Bush, teacher of sixth grade.

The class is very grateful to Mrs. Louis Clelland, room mother, and her committee consisting of Mrs. Mooney, Mrs. Caldwell and Mrs. Orlemann, for their splendid cooperation and assistance.

DRIVER ARRESTED
ON THREE COUNTS

East Riverton Man Charged With Drunken Driving, Resisting Arrest, and Abuse

Wednesday evening, October 10, at 10.20 William Manual, of East Riverton, pulled into the Sun Oil Station at Broad and Main streets, Riverton, and parked in front of the gas tanks where he started to change a tire. "Eddie" O'Neil, manager of the station asked Manual to move from in front of the pumps in order to allow other customers the use of the tanks, whereupon Manual became abusive in his language and refused to move.

Just at this time Officer John Robinson came around the corner and was appealed to by O'Neil. Robinson asked Manual to move and once more he became abusive. Robinson noticed that Manual was drunk and told him he was not fit to drive a car. Manual started for Robinson with a crank and the officer felled him with a black jack. After this Manual submitted peacefully to arrest and is held on three charges, drunken driving, resisting arrest and use of abusive language on the highway.

Dr. Mark pronounced Manual drunk.

A hearing will be held this (Thursday) evening at 8 o'clock before Justice of the Peace Bowers.

WARNING TO OUR BABIES

Representative Charles A. Pulney, of Vermont, declared it fortunate that the Dionne quintuplets were born in Canada rather than in the United States. If they had been born in this country, he said, "the government would have required that two of them be plowed under."

The Herington minister who, according to the Advertiser, preached recently from the text "God has no standing army" may have been thinking about a lot of persons who take the Christianity on the national guard plan—one drill a week and a ten-day meeting once a year.—Topeka State Journal.

I.O.O.F. INITIATES
17 CANDIDATES

Rites Performed by Degree Team from Amity Lodge, No. 166, of Merchantville

Seventeen candidates were initiated at the regular meeting of Cinnaminson Lodge, No. 201, I.O.O.F., of Palmyra, Friday, evening. Amity Lodge, No. 166, of Merchantville, conferred the initiatory degree. In addition to the class five old members were reinstated, making a total of 22, with more propositions on the desk.

Among the many guests in attendance were Post Grand Master Earnest C. Burke, of Hamilton Square, who gave a very pleasing talk. Refreshments were served following the business session.

NOTICE OF REGISTRY AND ELECTION

Here's An Easy Meal

If You Have An

Estate Gas Range

A mixed grill dinner* of English mutton chop, bacon, small link sausage, tomato, mushrooms, pineapple, can be prepared and arranged easily in the removable smokeless broiler pan of the No. 900 Estate gas range, while biscuits* are being baked to perfection in the large Fresh Air Bake Oven.

The No. 900 Estate range is a brand new creation. It is of double porcelain finish, sturdy construction and compact design. Its oven—Fresh Air type—is 16 x 19½ x 14, and is controlled by a genuine Robertshaw regulator. Its drawer type broiler is smokeless and is built high to avoid stooping. There's a large storage space for utensils. The top of this range is equipped with three automatic top burners and a grill which can be used for smooth top cooking as well as a grill.

\$67.50 cash installed

PUBLIC SERVICE

Something new—a top grill for the quick breakfast, excellent for keeping things hot—

THE "NEW DEAL"

BY JULIAN MASON

Vice President National Republican Builders

That Sunday Night "Chat"

From the White House on Sunday evening last the President made what he called a "report" to the country.

And since then, every one, friend and foe alike, has been trying to guess what he meant to say!

A swell "report"! Wasn't it?

Suppose any great corporation made one like it. Wouldn't Mr. Roosevelt's Securities Commission be on its back in a minute?

The people have got to take their minds off constitutionalism, regimentation and so on, for a while, and put them right on to the political dishonesty of a man who could make a speech like that Sabbath evening's "fireside talk" to "my friends."

I mean this. We must realize that the present leader of this nation, Mr. Franklin Roosevelt, has behind that attractive smile, behind that charming radio-voice, behind that marvelous political adroitness, a fundamental untrustworthiness that is the most serious threat of all the threats that he has brought upon us!

For Instance

Take that speech. The most expert analysts have given it diametrically opposing interpretations!

How could this happen, if it were candidly intended?

Why should it need interpretation? Why can't it interpret itself?

Certainly the Phi Beta Kappa Harvard graduate who on March 10, 1933, promised us a balanced budget, showed that he can use faultlessly clear English. Certainly his warning against extravagant government spending in that same message was equally clear.

I don't know that at that time he didn't mean exactly what he said. He assuredly had to try to stop a crisis in government credit by speaking to the people with the utmost plainness.

At Bay

This week, Mr. Roosevelt found himself faced with a dawning crisis in government credit. To meet it, he made a political speech which left the country in a maze as to what he meant or where he was going.

Some politicians praise it as a good political speech.

I doubt it.

It seems to me that he played politics against Recovery, when the best politics would be Recovery.

Two main points he made against the return of confidence that means Recovery.

He went at the bankers again. He didn't lump them all together as "money changers," in accordance with the old saying:

(As some one has wittily said: "Mr. Roosevelt has taken the 'money changers out of the Temple' and put them into the Treasury Department.")

The Bankers

This time, he took a back-handed slap.

Speaking of the British government's bond-refunding operations, he said: "And let it be recorded that the British bankers helped."

The plain implication was that the American bankers had not helped their government in its bond operations.

Yet who have taken the vast preponderance of the Roosevelt administration's bond issues?

The American bankers!

More than 50 per cent of their funds are now in American government bonds.

In months past Mr. Roosevelt has called American bankers to conference with him, has asked their advice, made use of their institutions and has then continued the cheap and dangerous political habit of denouncing them in his speeches.

When the People Awake

Some day, the people are going to get on to this. Some day they are going to say to the President:

"Here, Mitchell and Wiggins and Harriman are gone. What about your banking law, your Securities and Stock Exchange acts, your

guaranty of bank deposits? Have they or have they not made our banks safe and useful? If not, what's the use? If all bankers are still criminals, haven't your great reform acts failed?"

I don't believe that the President can bring Recovery based on restored confidence, if he keeps on endlessly undermining faith in banks.

Mr. Roosevelt, I think, set back confidence in his own integrity of mind by his speech's second main display of unfairness, or worse. That lay in his picture of England's Recovery.

The Truth About England

He speaks of England's "progress out of her depression." He mentions several of her decisive actions!

Does he ever mention the fact that all her economic and social actions were accompanied by a balanced budget?

He does not.

He leaves out that essential fact. He never even mentions a balanced budget, whether here or in England.

He just isn't square.

And so, too, about England's superior advance in "relations between capital and labor on the basis of collective bargaining." Did he mention the fundamental facts?

No. Has he, would he, dare he, stand for England's law against the sympathetic strike and the general strike?

Again, no; he, who, at the very start, encouraged the American Federation of Labor to look to a monopolistic control of all labor in America, whether organized or not.

Placing Responsibility

I say "he" advisedly.

Because we have now come to the point where Mr. Franklin Roosevelt, like any other all-powerful executive, must stand responsible for the acts of his agents.

He is Chief Executive by vote of the people. He can no longer blame his vagaries, his failures, his alarm upon his subordinates.

And so, as he is more of a personal dictator than we have ever had in this country, I want to return to his speech, to his personal responsibility for it and to the ultimate hopelessness as to that responsibility.

Suppose that the majority of us could agree as to what the "fireside" speech meant; suppose that we could agree as to what was the probable emotional condition of the man back of it.

Personally, I think that it was a defensive speech. It lacked the old coarseness. It no longer said buoyantly: "Come on, boys, let's take a ride!"

Puzzled or Scared?

To me, it seemed like the utterance of a man who is puzzled and frightened; who finds Carter Glass "pay-day" in sight and doesn't know what to do about it.

Suppose the country could even agree on this! Suppose it had, in fact, realized its fond hope that this widely advertised speech would determine whether the President was really headed toward the Radical Left, on the one hand, or to the Conservative Right, on the other.

What then? What would be the use?

Have we forgotten the broken promise of the balanced budget and all the other broken promises of his personal and party platform?

Even if we knew what the speech meant, could we believe its author?

I don't think so.

What we've got to do is to get into our minds a realistic picture of Franklin Roosevelt. We must learn to see him not as a charmer, but as a more than usually unscrupulous player with "our lives, our liberties and our sacred honor."

The "book of the week," in opinion here at the headquarters of the National Republican Builders, 60 East 42nd street, New York City, is "Roosevelt vs. Recovery" by Ralph West Robey, published by Harper and Brothers, 49 East 33rd street, New York. Another \$2.00 book of

YMCA BRIEFS

High School Boys at Ockanickon

Members of the Hi-Y Groups of Burlington County will gather at Camp Ockanickon on Wednesday evening, October 17, at 7:00 o'clock.

A bean supper will be served the night before at the Mount Holly club at the cost price of 15 cents. Following the meal a fellowship sing will be held around the fireplace. William Headington will preside over the business session of the Hi-Y Council. Officers for the new year will be elected and a representative on the State Boy's Council appointed.

Al Nies, varsity soccer and La Crosse coach of Princeton University will be the guest speaker. He will act as the "head coach" of the session dealing with the topic, "The Hi-Y Platform." "Burt" Johnson, of Medford will tell something of the recent Hi-Y Conference held at the State Camp. Every member of the local clubs will want to be present at this meeting. The Senior Club will be present in a body.

Annual Princeton Trip

This year again the Princeton Athletic Association is extending an invitation to High School Y members to be their guests at the various meetings and Lehigh Football game on Saturday, November 10th. The trip will be open to any Hi-Y member or Y member in high school. There is the slight charge of 15 cents for the tax and a nickel for the official identification badge. Three thousand fellows will watch this educational and entertaining program of the Y.

Bicycle Hike Postponed Again

The bike hike tentatively planned for this Saturday, October 13th, due to the plans of the Y to take the fellows to the Electrical and Radio Show on Thursday, (last night) it has been postponed to a later date.

Board of Directors Meeting

The regular monthly meeting of the board who sponsor the activities of the Y in the two towns was held Tuesday night at the Y building. Some highlights of the program were the report of the Leaders' Conference held at Camp Ockanickon, by Lindsay Little. Clifton P. Mayfield, president, announced the appointment of the following committee chairmen: Program, E. N. Cooper; finance, J. L. Metzger; building and house committee, Charles H. Yost; vocational guidance, Nathan Lane; community relations committee, Grover Fox; camp, George Durgin; athletic events and trips committee, Richard M. Woodward; executive committee, C. P. Mayfield. Reports of all committees will be had at each board meeting.

Boys Enjoy Trips

Bad weather and all the odds of a nasty day did not prevent the boys and girls of the Y from making the trip to West Point on Saturday. They were disappointed that the weather prevented the planned dress parade. But, as one chap said, "it was swell." All the folks who planned to go were on hand to leave at the early hour of 7:00 a.m. and the return was at 11:00 p.m.

What a thrill the local lads received at the Penn-Union game on Saturday, watching the local Price Twins help that fighting little college team defeat the mighty Red and Blue. "Walt" Price got in some real training as a leader at Camp Ockanickon this past summer. Paul Gust, another former Y member, was out in front leading the Union cheering section. The following donated their cars for the trip: Dr. Rowland Dey, Leon C. Guest and Russell Hamillman.

Great excellence is "It's Up to Us," written by James Warburg and published by Alfred A. Knopf, 730 Fifth avenue. I hope to speak further next week about the Robey book. It's the best yet.

Somebody asks what has become of miniature golf. What was it anyhow—Detroit Free Press.

It takes a pretty good architecture to look well in these modern brevities. The old slogan will have to be changed to "Don't sell Americans shorts."—Dallas News.

SOCCER GAME AT PARK SATURDAY

Local League Opens With Two Games; Four Teams in First Half Schedule

Soccer makes its debut this Saturday afternoon at Memorial Park, Riverton. Fred Conway, of playground baseball fame, heads the new board of control which organized a four-team league.

The grand opening will feature a double header with the Rangers vs. Trojans, starting at 2:15 p.m., and a contest between the Celtics and the Dreer team beginning at 3:30 p.m.

George Reynolds has assumed the dangerous role of referee.

The board of control is composed of "Dick" Steedle, manager of the Celtics; "Ed" McGinnis, manager of Dreer; "Jim" Burns, manager of the Rangers and Leon Sloan, manager of the Trojans.

No admission charge or donation will be asked of the spectators as the plan is to provide a source of free amusement to local sportsmen in the fall season.

The schedule for the first half of the season is as follows:

October 13—Trojans vs. Rangers

Celtics vs. Dreers

October 20—Rangers vs. Celtics

Dreers vs. Trojans

October 27—Celtics vs. Trojans

Rangers vs. Dreers

November 3—Dreers vs. Trojans

Rangers vs. Celtics

November 10—Trojans vs. Rangers

Celtics vs. Dreers

November 17—Rangers vs. Celtics

Dreers vs. Trojans

November 24—Celtics vs. Trojans

Rangers vs. Dreers

December 1—Dreers vs. Celtics

Rangers vs. Trojans

December 8—Trojans vs. Dreers

Celtics vs. Rangers

December 15—Rangers vs. Trojans

Dreers vs. Celtics

December 22—Celtics vs. Rangers

Trojans vs. Dreers

December 29—Dreers vs. Celtics

Rangers vs. Trojans

Officers and managers of the various teams will meet this Friday night at 8:00 o'clock in the Riverton Express office.

Personnel of Teams

Dreers—R. Speer, inside right; A. Brennan, outside right; J. Silver, center forward; J. Buvadas, inside left; G. Schonfeld, outside left; A. Yearly, right halfback; B. Anderson, left halfback; I. Hytton, right fullback; D. Oliver, left fullback and N. Cooper, goal. Manager, E. McGuinness.

Celtics—Emskat, inside right; Bonatelli, outside right; Roberts, center forward; Schaffer, inside left; Williams, outside left; Hunter, center halfback; B. Conway, right halfback; Knight, right fullback; Reeves, left fullback; Hubbs, goal. Manager, Dick Steedle.

Rangers—goal, H. Coe; right fullback, S. Coe; left fullback, J. Weber; right halfback, B. Coe; center halfback, T. Coe; left halfback, B. Cooper; outside left, Frank Alford.

Trojans—goal, H. Coe; right fullback, S. Coe; left fullback, J. Weber; right halfback, B. Coe; center halfback, T. Coe; left halfback, B. Cooper; outside left, Frank Alford.

SCORELESS TIE IN NIGHT GAME

Neither Side Scores in Hard-fought Game—Magnolia A.A. vs. Red Devils

By Walter Lamon, Jr.

The strong Palmyra Red Devils fought to a scoreless tie with the Magnolia A.A., of Frankford, Wednesday evening, under the flood lights at the Palmyra Field.

At the start of the game Palmyra kicked off to Magnolia. The green and red team from Frankford received and made a steady drive from their own thirty yard line to Palmyra's thirty yard line. There they threw a pass which was intercepted by Walt Poulson on his own ten yard line and brought back to the fifty yard line, before he was tackled.

The Red Devils could gain no ground by plunging through the line, and were forced to kick. For the next few minutes it was a kicking duel between the two teams and not much ground was gained in either direction. By the end of the first half Magnolia was forced back to its own five yard line; and the Red Devils gave all they had to push the ball over but it was not enough. On a fourth down Palmyra tried a pass, but it was intercepted by Osborne, of Frankford, who ran to Palmyra's forty-five yard line. By the time the half ended Magnolia had the ball on Palmyra's five yard line.

During the first half, on one occasion, Magnolia was penalized for roughness. When the penalty was carried out the visitors started to walk off the field, but came back later after an agreement had been reached.

In the second half both teams were about on even terms, but not much real football was played, because the Frankford team started an argument on almost every other down. Palmyra, not to be slighted, had to stand up for its rights and thus a lot of arguing and little football. The game ended in a scoreless tie.

Penwick, of Palmyra, played a grand game in the back field while Pettito and Schmidt did a great deal on the line. Osborne was the main spark plug for the invaders.

NOVEMBER 11 SET FOR COMPETITION

Riverton Borough Council Gives Use of Park for Deferred Celebration

Last Thursday night Drexel P. Patterson and Karl W. Latch, representing the Joint Celebration Committee, having in charge the Drum and Bugle Corps competition, which had been twice postponed on account of rain, appeared before the Riverton Borough Council and requested the use of Memorial Park for the event on Armistice Day, Sunday, November 11.

In order to bring the matter before Council, Councilman John Strohlein moved that the request be granted, and it was seconded by Councilman Gorham P. Sargent.

Compliance with the request was urged by several citizens present, including Ross T. Elliott, George D. Steedle, A. B. Garwood and Robert C. Ayres.

Vote Four to Two

When the vote was called Councilmen Biddle, Sargent, Strohlein and Cunningham voted for the motion, and Councilmen Merrill and Sardon against it.

The details of the day's program will be worked out by the Joint Celebration Committee and a committee from Council.

William J. Shedwick, Jr., project engineer, and B. Howard Wills, works manager, representing the ERA headquarters at Mount Holly, appeared before Council and asked if the borough had any project which could be booked for consideration when the proper time comes. They offered school house repairs, with architect thrown in, road construction and repairs, with engineers to direct the shovellers, tree trimming and removal, with experts to supply the direction, and insurance to cover possible injury to the workmen.

The members of council thought there might be something doing in the matter of tree trimming, and advised the visitors to get in touch with James S. Coale chairman of the Shade Tree Commission.

Ross E. Mattis, director of the local welfare association, presented his report, and asked for a joint meeting of the municipal authorities of Riverton and Cinnaminson and the welfare committee on Thursday evening, October 18, which was granted.

River Bank Repaired

Councilman Sargent reported that he had finished patching up the roadway on the river bank, and that the trial square of Amesite on Howard street between Fourth and Fifth streets would be finished in a few days.

Councilman Biddle reported that the street lighting contract would expire November 30, and recommended that a new contract be negotiated.

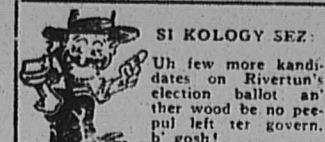

Councilman Sardon reported for the police committee. The activities of the department for the past month included 23 arrests, 1 case of breaking and entering, 11 complaints answered and investigated, 1 complaint from other police departments, 1 complaint about dogs and 12 cats and dogs gassed; 2 fire calls by police, 1 complaint of garbage man, 5 homes reported closed during absence of occupants, 2 night lodgers in the lockup, 10 reports answered and investigated, report of stolen goods in the amount of \$35, goods valued at \$7.00 returned to owners, fines turned over to borough treasurer, \$9.00.

Truck for Salvage Corps

Councilman Merrill advised his fellow members that the fire and water committee intended to ask council for a truck for the salvage corps of the Riverton Fire Company, and asked them to commence thinking about it, so that the matter

(continued on page 6)

THE NEW ERA

LADIES' AUXILIARY PLANS ACTIVITIES

First Covered Dish Luncheon Will Be Held November 1 in Y Building

The executive board of the Ladies' Auxiliary of the Palmyra and Riverton Y.M.C.A. have started planning, and plans are nearing completion for the ensuing year. "Calendar luncheons" have been held during the summer and will be continued through the fall. However, the first covered dish luncheon will be held on Thursday, November 1st, at the Y rooms, Broad Street and Garfield Avenue, Palmyra, at one o'clock. The hostesses will be Mrs. Leon Guest and Mrs. Claude Barto.

The Auxiliary hopes to secure Albert Bean, Superintendent of Schools in Camden for the afternoon speaker.

All members and friends of the Auxiliary, who, for the past two years have made these luncheons so enjoyable, are cordially invited to attend.

MISS SCHNEIDER HERE NEXT WEEK

Cooking School Expert to Bring New Recipes and Ideas to Riverton Housewives

Readers of this issue of The New Era will find considerable space devoted to publicity concerning the cooking school which is to be held on Wednesday, Thursday and Friday, October 24, 25, 26, from 2 to 4 o'clock.

One of the matters of prime interest and importance in opening the cooking school is securing the services of the best instructor and lecturer on home economics that is available and we have been fortunate to again secure the services of Miss Vera A. Schneider, who many of you met last year.

A complete modern kitchen will be installed on the stage at the Fire House, where Miss Schneider will tell the housewives of this vicinity what she knows of the culinary art and give practical demonstrations of her methods of procedure. She has full knowledge of every phase of cooking, having studied home economics and domestic science for a number of years. She is constantly experimenting with foods and with kitchen appliances, and promises to bring to Riverton some brand new recipes and some new ideas for parties, luncheons and the like.

Door prizes will be given free each day.

MANY NOTABLES AT WCTU CONVENTION

Delegates to the convention of the New Jersey Woman's Christian Temperance Union, to be held in the First Presbyterian Church, Haddonfield, October 23-27, will enjoy an unusually fine program, in honor of the sixtieth anniversary of the organization.

Guests of honor include Dr. Ella A. Boole, president of the World's WCTU; Mrs. Ida B. Wise Smith, president of the National WCTU; Miss Lily Grace Matheson, National Field Secretary; Mrs. Elizabeth Wang, Young People's Branch Missionary to China, and Dr. Norman Vincent Peale, of Marble Collegiate Church, New York City.

The "Welcome Night and Reception" will be held on Tuesday evening, October 23rd, and at this time also the State President, Mrs. Nina G. Frantz, of Moorestown, will give her annual address.

Miss Ethel Tait, of Haddonfield, is general chairman of the convention committee; and the entertaining counties are: Burlington, Camden, Gloucester and Ocean.

The man who is hospitable to truth and ideas from whatever source, is the man who grows.

REORGANIZE GIRLS HOCKEY LEAGUE

Former S. J. Champs Now Playing with Riverton. Helen Easley Secretary

The South Jersey Girls' Independent Hockey League elected the following officers when they met to re-organize for the 1934 season: Edna Hillman, of Woodbury, president; Mary Bell, of Pitman, vice president; Helen E. Easley, of Riverton, secretary; Elizabeth Magin, of Swedesboro, treasurer, and Edith Black, also of Swedesboro, league historian.

Riverton traveled to Swedesboro last Saturday, October 13, for their first game. Having only ten players, and after trailing 3-0, they finally rallied to bring the score to 3-2 on goals scored by Helen Easley and "Sis" Baker. However, Swedesboro took advantage of the opening at the halfback position and the game ended 4-2 in their favor.

This Saturday, October 20th, the local girls play Woodbury at Memorial Park at 2:30 p.m. With all players present Riverton hopes to avenge their first defeat.

This team, which last year won the championship of the league under the name of Palmyra, hopes to retain the cup which they won. The cup will probably be on display at Keating's store within a few days.

The following girls will be in the line-up this Saturday: Grace Sippel, Catherine Hinke, Marian Hafner, Ruth McVaugh, Ann McVaugh, Ella Bussel, Mary Rhoades, Grace Kersey, Sis Baker, Dorothy Knight Irene Parry and Helen Easley.

DR. FRASER SPEAKS AT WESTFIELD

Dr. Herbert F. Fraser, professor at Swarthmore College, and at present a member of the new Inter-Departmental Committee on Foreign Trade Agreements, in Washington, D. C., spoke in the Westfield Friends Meeting House last Sunday evening on the topic, "The Economic Program of the Administration."

Last summer Dr. Fraser was financial advisor to the State Department in Washington.

WORK-FOR-RELIEF TO SPEED PUBLIC IMPROVEMENTS

Priority over all other work-for-relief projects has been given by the State Emergency Relief Administration to the survey activities of the Federal Housing Administration. To expedite action in the various counties, orders to this effect have been sent by telegraph to all ERA County Directors. The Housing Administration is the Federal organization cooperating with banks and other lending agencies which finance repairs on real estate.

Work-for-relief help, the telegrams stated, should be furnished for all public operations of the public committees created by municipalities to promote and extend the making of alterations or additions so that work may be provided for the unemployed, with incidental generation of business for concerns dealing in supplies for such work.

"These projects," the message to the County Directors says, "being work-for-relief projects, are to be approved in the field, (that is, by county offices) and are to receive priority over all other work-for-relief projects. This does not authorize the payment of administrative or operating expenses for the cooperating agencies."

SENTENCED TO JAIL LICENSE REVOKED

The case of William Manaul, of East Riverton, who was arrested last Wednesday night on charges of drunken driving, resisting arrest and use of abusive language on the highway, was tried before Recorder Cecil A. Bowers, of East Riverton, Thursday evening, October 11.

Manaul was sentenced to ninety days in the Mt. Holly jail in lieu of \$200 fine and \$21 costs. His license was revoked.

Character is the sum of the affections.

PRIZES GALORE FOR HALLOWE'EN

Parade Will Start in Riverton. Prizes Awarded at Grove

The Halloween celebration committee of Palmyra and Riverton a meeting in the Legion Home Tuesday evening to formulate plans for the huge Halloween street parade to be held on Tuesday evening, October 30th. The line will start at 7:30 from the Riverton fire house and march down Broad street, to Fortnum's garage and service station, then counter-march to the Palmyra Grove, where prizes will be awarded under the following classifications.

Children's Section
Best original male, best original female, best female impersonator, best male impersonator, best female comic, best male comic, best original couple, best comic group, best original group.

Adult Section
Best original male, best original female, best female impersonator, best male impersonator, best female comic, best male comic, best original couple, best comic group, best original group.

Only residents of Palmyra, Riverton and Cinnaminson will be eligible for prize awards. A system of contestant registration is being worked out and full details will be announced in next week's paper. No prizes will be awarded to anyone who is not registered.

Final plans for the parade will be made by the Halloween celebration committee on Friday evening, October 23, at 7:30 at a meeting to be held in the Legion Home. The public is invited to attend this meeting. Suggestions will be appreciated. All communications should be addressed to George M. Durgin, general chairman, Palmyra, N. J. Read your next week's local newspaper for full details of the parade.

LEAGUE PLANS ANNUAL SHINDIG

By Special Wire

The executive body of the playground baseball league met in the Riverton Fire House Monday night to lay plans for its annual SHINDIG.

And when they throw a SHINDIG—it's a SHINDIG. The kind that you write home to mama about. It ain't very formal—you wear your everyday clothes—your everyday manners—and your everyday sense of humor.

Fun reigns supreme with every minute crammed full of entertainment. Then there is always the feeling of suppressed excitement—some big "bug" is liable to pass a dirty crack about some umpire's decision that was buried last August and turn the party into a riot.

This ain't happened yet however, but ye who enter the portals of the fire house on the night of October 29th do so with reckless abandon. There's liable to be some pretty big shots in the sports world in attendance and while it ain't no secret—the affair will be known as the "Testimonial SHINDIG to J. Elmer Hahn," one of the best sports ever to promote sports in Riverton.

"Lena" Blackburne—who's kinda been connected with baseball—big league—er somethin', says he'll invite some fellers up that have been named on the sports pages such as "Goose" Goslin, Jimmy Dykes, Hans Lobert, Jimmy Spalding and Ira Thomas.

Music, magic, movies, speeches, jokes (parlor), cats, etc., may help to round out the affair and make it another big day in sports history.

And last but not least—the award of the Walter K. Woolman trophy will be made to the blushing Bankers.

Watch the paper for further details. Old Sport.

POLICE REQUEST

Chief of Police William Gootee requests that all persons possessing guns or revolvers, register them with the Riverton police and in this way facilitate their return if they should be stolen.

THRIFT NOT IGNORED

We don't hear so much now from the New Deal about spending ourselves rich. The riches do not seem to know it. While the New Deal has been trying to live up to its advice in the way it is spending so the citizens are more sav- ever—13,686,947 savings positors in the country at nt time, exceeding all rec- ve still have a tendency to with Franklin—Ben Franklin, we mean!—Los Angeles Times.

When Your Wife Begins Her Day!

WHEN your wife begins her day does she look forward to a morning filled with arduous household tasks? Or does she anticipate an easy and efficient completion of her day's work with plenty of time for herself and her children—knowing that the electric service in her home will eliminate much of the burden of housekeeping?

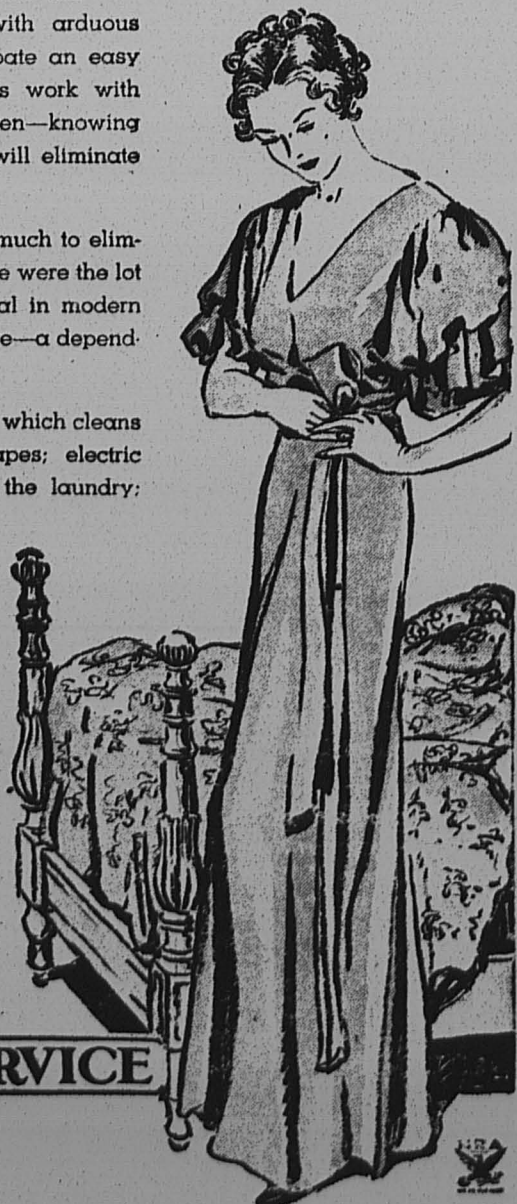

Modern housekeeping methods do much to eliminate the drudgery and burden that once were the lot of the homemaker. One great essential in modern housekeeping methods is electric service—a dependable, economical servant.

The electric vacuum cleaner which cleans the rugs, upholstery and drapes; electric washer and ironer which do the laundry; electric dishwasher; electric mixer; electric refrigerator; electric illumination, radio, various electric table appliances.

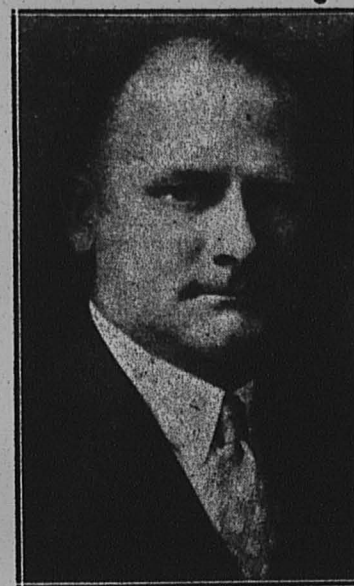

* All these things have a place in modern housekeeping. And their use costs little while the conveniences they bring mean much.

No other item in the household budget gives so much for so little as electricity.

PUBLIC SERVICE

CHARLES R. STOUT

head of Burlington County's road department, who is primarily responsible for the county's fine road system, which has been built under his direction at very low cost.

STATE DIRECTOR EXPOSES RACKET

Compton Says That No One Dealing With NRA Need Pay "Fees" to Anyone

That no grocer or meat dealer in any part of the State, nor any person doing business with the State Emergency Relief Administration, nor any client, needs to pay graft in any form to any attaché of the ERA was emphasized by Executive State Director Lewis Compton, when commenting on arrest of three men in Paterson charged with conspiring to "shake down" grocers there to remain on the approved list of grocers.

"There is no reason why any grocer or other person doing business with the ERA, or any client, should pay graft in any form to any attaché of the administration or any other person.

"I would like to make this appeal to all grocers whether on the approved list or not: That as soon as they are approached by any one offering special favors or advantages they should notify the State Headquarters.

"To any such we will give assurance that they will be fully protected by us and that no publicity will be given to the fact they furnished the information."

Taxes Cost More Than Food

Last year, according to the United States News, the American people paid \$1,035,000,000 for medical services, \$2,160,000,000 for fuel and light, \$3,600,000,000 each for clothing and for home rental, \$7,650,000,000 for the most basic necessity of all, food—AND \$9,000,000,000 FOR TAXES!

The increase in taxation—local, state and national—is the most startling and menacing economic development since the world war. It was not so long ago that we used to pity over-taxed European countries, in the belief that we were escaping their experience. Today, with the cost of all forms of government soaring in the face of diminishing taxable assets and earnings, we are very close to the European level. Recently England, one of the heaviest taxed countries, enjoyed a general tax reduction, made in the interest of industrial recovery. The United States, unhappily, has no such prospect.

A great part of the tax money does nothing to encourage industry—some of it is actually used for projects and experiments which discourage and throttle private initiative, retarding employment, rather than increasing it. It is a bar, not a spur, to purchasing power. It stands in the way of investment, industrial expansion, farm and home ownership. It is creating a vast, wasteful and inefficient bureaucracy which waxes fat while the public which supports it starves.

Industrial recovery and employment are inextricably bound up with the tax problem. Until government retrenches, all our efforts to go forward will be largely futile.

Your Greatest Protector

The nation recently observed "Constitution Week." It was sponsored by the American Legion, which carries on continuous work in the interest of better Americanism.

In these trying times, it will benefit every citizen if he looks backward into the nation's past. One hundred and fifty-eight years ago the Revolution came to an end. A handful of patriots, who had suffered great privations for long years of war to break the bonds of governmental oppression, marched home. Shortly afterwards they established the United States of America—and for the first time in world history liberty and equality became the fundamental governmental principles of a great nation.

There is danger that, in our effort to obtain temporary benefits and favors, in order to meet a periodic depression ("casual embarrassment" in the life of a nation, as Thomas Jefferson described it) we as a people will lose part of the great heritage that was handed down to us by our forefathers. Today the Constitution is under attack—critics would have us believe that it has outlived its usefulness, and is only a scrap of paper. If the Constitution is outmoded, so is liberty, so is the right to the pursuit of happiness, so is the right to ownership of property, and the privilege and duty of working and saving for one's self. The Constitution deals with the basic principles of liberty, equality and freedom from oppression which are as timeless as the seas.

Every American citizen should resolve to do all in his power to maintain constitutional liberty—liberty which was won with blood at Yorktown.

Secretary of the Interior Harold L. Ickes says that Hoover is a "friend of the rich."

Well, even that's something!

Ickes admits that he knows where Hoover stands, which is more than can be said of Ickes and his ilk, who by pussyfooting in the middle of the road, have lost the confidence of both the rich and the poor.

Industry is paralyzed because it doesn't know what fool thing the brain trusters will do next, and that organized labor has no confidence in their administration of business is demonstrated by the number of strikes they are staging in an effort to get what they believe to be their rights.

Yes, it's something to even know where a fellow stands, these days!

And, after all, every fair-minded person knows that Mr. Hoover is neither "for the rich" nor "for the poor," but for a square deal for all. However, having known poverty in his boy-

hood days, he has first-hand knowledge of the problems of men and women of small incomes.

If the spokesman for the Administration can find no more fault with Mr. Hoover's book than "he is for the rich," it is a pretty fine endorsement from the opposition of the sound principles of liberty and Americanism for which Mr. Hoover stands.

CHURCH NEWS

METHODISM IS 150 YEARS OLD

Founding of Church in America Will Be Celebrated at Epworth Sunday

One hundred and fifty years ago the Methodist Episcopal Church in America was organized at a Christmas Conference held in Baltimore. This event was celebrated last week by the united churches of Methodism, in the city of the church's birth by an elaborate program. The local celebration will be held at the Epworth Methodist Episcopal Church on Sunday. At the morning service the pastor will preach on "The Succession of the Burning Heart," depicting the heart-warming experience of John Wesley, the founder of Methodism, at Aldergate street Chapel, which was the spiritual birth of the new church. In the evening the sermon will be on "Our Methodist Heritage," the thrilling story of the beginnings of Methodism in America and the spirit which has characterized our church until the present.

A welcome will await you on Sunday at the Epworth Methodist Episcopal Church when the spirit of this great church will be manifested throughout the services.

CENTRAL BAPTIST CHURCH

Rev. George Lockett, Pastor
10.00 a.m., Bible School. All departments fully equipped. Come and study God's word.
11.15 a.m., Morning worship. Music by Senior and Junior choir. Sermon subject: "Confidence in God."

6.45 p.m., B. Y. P. U. Attractive young people's meeting.
7.45 p.m., Gospel song service. Sermon: "What does America need the most?"
Wednesday, 4.15 p.m., Junior B. Y. P. U. and Junior choir.
Wednesday, 8.00 p.m., Prayer meeting.
Sunday, October 28, 7.45 p.m., Musical by choir directed by former choir director.

MORAVIAN CHURCH

Albert J. Harkle, B.D., Pastor
Services next Sunday as follows:
9.30 a.m., Sunday School.
10.40 a.m., Morning worship. Anthem: "Hear Me When I Call." L. D. Eichhorn. Sermon: "Reverencing Prayer." (2) David for Forgiveness.
6.45 p.m., Christian Endeavor prayer meeting.
7.30 p.m., Evening service of praise. Sermon: "Some of God's 'Surelys'."
Monday, 7.30 p.m., Meeting of the Men's Club.
The annual chicken supper and bazaar under the auspices of the Willing Workers will be given Wednesday, October 24, from 5 to 8 p.m. Tickets, adults 75 cents, children 40 cents.

CALVARY PRESBYTERIAN CHURCH

Rev. Charles T. Bates, Pastor
Services next Sunday will be held as follows: Church School at 9.45 a.m.; morning worship at 11 a.m.; midweek service will be held Wednesday evening at 8 o'clock.
A cordial invitation is extended to any in the community who have no regular church home, to enter into the worship and fellowship of this church.

STRIKES AND PROSPERITY

If strikes really do mean prosperity, America is rolling in wealth.—Mason City Globe-Gazette.

QUESTION BOX AT CHRIST CHURCH

Answers to Questions by Retor Will Replace Sermon at Evening Service

The evening service at Christ Church on Sunday the 21st, will inaugurate a new feature. Instead of the usual sermon the rector will answer questions which have been submitted by members of the congregation. A box has been placed in the vestibule of the church and anyone is at liberty to put a question in the box. These questions do not need to be signed and may be on any subject pertaining to the church, religion or ethics. Political questions will not be considered. If this venture proves successful, it will be continued on the third Sunday night of each month.

The sermon topic at the eleven o'clock service will be "The place of personal religion in religious training."

The music for the two services follows:

11 o'clock	
Proclamation Hymn	37
Benedictus es	Mathews
Benedictus, chant	
Litany Hymn	130
Sermon Hymn	270
Anthem, "O Taste and See"	
Recessional Hymn	537
8.00 o'clock	
Proclamation Hymn	529
Magnificat	Jameau
Sermon Hymn	42
Kneeling Hymn	28
Recessional Hymn	247

CHRISTIAN SCIENCE CHURCH

"Doctrine of Atonement" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, October 21.
The Golden Text is: "The Son of man came not to be ministered unto, but to minister, and to give his life a ransom for many" (Mark 10:45).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Then said Jesus unto his disciples, If any man will come after me, let him deny himself, and take up his cross, and follow me" (Matthew 16:24).
The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Wisdom and Love may require many sacrifices of self to save us from sin. One sacrifice, however great, is insufficient to pay the debt of sin. The atonement requires constant self-immolation on the sinner's part (p. 23)."

FIRST LUTHERAN CHURCH

Rev. Harold L. Creager
At the morning worship next Sunday we will continue the studies on the subject of Conscience, the theme of the sermon being "Developing a Forward-Looking Conscience."

There will be music by both the Junior Choir and the Adult Choir. In the evening service we will start a group of sermons on the general subject of "Invested Lives." The first theme will be "Investing in Personal Character."

Next Tuesday evening the Ladies' Aid will sponsor a poverty social, to which all the members and friends of both the Sunday School and Church are invited. There will be movies, games, and light refreshments.

At the Bible Study Hour next Wednesday evening we will discuss the Book of Exodus.

ALMANAC

"He who swells in prosperity will shrink in adversity."

OCTOBER
22—Sam Houston made first president of Texas, 1836.

7.45 p.m. Evening Worship. "Our Methodist Church in America." Wednesday evening at eight o'clock, prayer service.

CARD PARTY AND TEA

A card party and tea will be given at the home of Mrs. Percy A. Ransom, Golf Road, for the benefit of Christ Church, Episcopal, Wednesday, October 24th at two o'clock. All those desiring to attend or not yet grouped in tables by a member of the committee, call Mrs. Harry L. Rodgers, chairman, Riverton 132. Admission 50c.

Disarmament is something like the

Golden Rule. One fellow hesitates about trying it for fear the other won't.—Publisher's Syndicate (Chicago).

SCOUT CAMPOREE AT MAHALALA

Annual Overnight Camp and Competition, Saturday, October 20

Burlington County Boy Scouts will hold their annual "camporee" at Camp Mahalala near Cookstown, N. J., on Saturday, October 20.

"Camporee" is the name by which this demonstration of Scout knowledge is internationally known. It is a program of overnight camping on a patrol basis by which Scouts demonstrate in competition their ability to camp and take part in scouting projects under their boy leaders.

The idea is to try to "beat par." Patrols with an 80% rating or better will be designated "A" Standard Patrol and awarded a blue ribbon. Red ribbons will be awarded to "B" Standard Camporee Patrols who rate 60 to 79 per cent, and white ribbons to "C" Standard Camporee Patrols who rate 50 to 59 per cent.

Some twenty patrols have already been registered in the competition by troops throughout the county, and it is expected that a number more will be entered before the registration is closed. Some troops are entering a number of patrols. All must be composed of registered Scouts in good standing under assistant scout master age. Troops may enter picked patrols, but a "natural" patrol has an advantage in the competitions because leadership counts heavily in the scoring.

The "Camporee" is an outgrowth of observation of the way in which Scouts abroad are trained to take care of themselves in long hikes—possibly of one hundred miles. Scouting abroad is an outdoor game in perhaps a greater degree than it has been in this country in the past, but American scouting is profiting by the example.

The schedule for Saturday calls 2.30 in the afternoon, when they will be inspected and make camp. They will then eat their evening meal and

at 7.30 will hold their campfire—an interesting event which most of the visitors will wish to attend.

At 8.00 a.m. Sunday they will cook breakfast, then break camp, pass the final inspection, and attend church services. They will leave camp at 11.00 a.m.

Brian Kane, of Beverly, will act as director of the camporee and will have upon his judging staff a number of men from other points of New Jersey and Pennsylvania selected for their experience in this phase of scout work. Other members of the camp committee who will serve in the judging as Patrol Observers include E. A. Mechling, Moorestown; Walter Krall, Roebing, Moorestown; J. A. Shaw, of the Burlington County Council, will have general supervision of the event. Mr. Shaw, in speaking of the "camporee," said, "The purpose is to develop the initiative of the boys and incidentally the efficiency of the patrol and the troop. The boys get a real thrill from it and fun as well. Enduring friendships are made at these affairs."

Scout Executive M. A. Shaw, of the Burlington County Council, will have general supervision of the event. Mr. Shaw, in speaking of the "camporee," said, "The purpose is to develop the initiative of the boys and incidentally the efficiency of the patrol and the troop. The boys get a real thrill from it and fun as well. Enduring friendships are made at these affairs."

CANDIDATES FOR ANNAPOLIS

Competitive examination for designation of appointment to one vacancy at the Naval Academy at Annapolis will be held December 29, 1934, according to an announcement from Congressman D. Lane Powers today.

The successful candidate will enter the Academy in June 1935. In announcing the examination the Congressman said:

"Any young man who is within the legal age, unmarried, and a bona fide resident of the 4th Congressional District of New Jersey which is composed of Burlington and Mercer Counties, may try for the honor of appointment."

"This examination is open to all. Here is a chance for some young man to enter the Naval Academy. I would suggest that all who wish to compete notify me of their intent immediately."

Discover Thrilling Unusual Recipes Prepared with

Pure Pork Products at the Home Town Cooking School

conducted by VERA A. SCHNEIDER
Home Economics Expert

Don't miss it! You'll learn many tempting new recipes for wholesome, economical dishes for every meal. All Felin's Meats are guaranteed pure under U. S. Gov't Insp'n No. 277. Miss Schneider endorses their quality and flavor.

"GOOD MORNING!
and I mean it!"

Know why? Because I'm going to have something for breakfast I love. Felin's Scrapple. It's seasoned according to an old recipe treasured for more than a hundred years! (Sniff, sniff!) M-m-m... can't wait! I get downstairs!

Serve **FELIN'S** Tasty SCRAPPLE

November 11 Set For Competition

(Continued from page 1)

might have mature consideration by the time it comes up for action.

Councilman Cunningham reported for the insurance committee on the policies held by the borough.

Councilman Sordon presented an ordinance for the better protection of life and property from fire, which passed first and second reading, and will come up for final action at the November meeting.

Mr. Sordon also reported that the parking of automobiles on the high-ways all night without lights was on the increase again, after having been pretty well broken up by police action some time ago. Recorder Cecil A. Bowers pointed out that this is prohibited by the state motor vehicle laws, which provides a fine of \$3 to \$10 for each offense. The police department will make another drive to correct this evil, which, Mr. Sordon pointed out, is a source of grave danger to motorists.

No More Poll Tax

Assessor Robinet Cole advised council that the law of 1918, creating the poll tax, had been repealed, and that in municipalities which desire to retain this source of revenue, it was necessary for the governing body to pass an ordinance instructing the assessor to continue the tax. Mr. Cole stated that this tax yields about \$300 a year, paid mostly by those who own real estate or taxable personal property. After some discussion council decided not to pass the ordinance, and no item of poll tax will appear on this year's bills.

Mayor Hahn Resigns

Mayor J. Elmer Hahn tendered his resignation to take effect at once, owing to the fact that his business affairs had made it necessary for him to move out of town. Mr. Merrill, president of council, moved that the resignation be accepted with deep regret. The motion was seconded by Mr. Biddle and unanimously passed. Members of council expressed the pleasure it had been to them to serve under the retiring mayor, and Mr. Hahn in turn assured them that it was with sincere regret that he was obliged to sever his pleasant relations with them and give up the work which he had so thoroughly enjoyed.

Robert W. Knight, a former member of council, expressed his personal appreciation of the work the mayor had performed for the town during the time he had occupied the chair.

The clerk was instructed to notify the Cinnaminson Bank and Trust Company that E. K. Merrill, president of council, is now authorized to sign borough checks.

The following bills were ordered paid:

ANNUAL MEETING OF PAROCHIAL PTA

Five Thousand Members Present at Diocesan Council in Trenton

The annual meeting of the Diocesan Parochial Parent-Teacher Associations was held in the War Memorial Building, Trenton, October 12th.

His Excellency Most Rev. Moses E. Kiley, D.D., Bishop of the Trenton Diocese, opened the meeting with prayer.

Rev. Maurice Spillane, vicar-general and Moderator of the Council, spoke a few words.

Greetings and welcome were given by the Diocesan president, Mrs. Bernard J. McNally.

An address entitled, "Creating a Catholic Atmosphere in the Home," was given by Sister Rose Carmella, O.P.N.A. Following this the Rev. Michael A. Dalton, superintendent of parochial schools, addressed the meeting.

His Excellency the Bishop extended to everyone his blessing and closed the morning session with a message of encouragement to continue the good work of maintaining our schools in such efficient manner during such trying times.

Approximately 5000 members were in attendance.

After lunch in the Stacy-Trent Hotel, the afternoon session was opened with prayer and singing of the "Star Spangled Banner" accompanied by the Cathedral School Orchestra.

Mrs. M. Diekneit chose as her topic, "Yesterday and Tomorrow."

Rev. James M. Gillis, C.F.R., a noted radio speaker over station WLWL, spoke on the benefits of parochial schools.

The meeting was closed with solemn benediction in St. Mary's Cathedral.

New Line-up for Armistice Day

(Continued from page 1)

chairman of the committee, in speaking of his plans said, "We intend to arrange a program which will be dignified and entirely in keeping with the spirit of Armistice Day, bearing in mind, of course, that the event will be held on Sunday which will eliminate certain features included in the original plans such as the carnival. We sincerely appreciate the splendid cooperation which we have received from the citizens of Palmyra and Riverton and earnestly trust that our reasons and motives for holding the celebration on November 11 will be understood and appreciated."

Large Attendance

Practically all the corps which were scheduled to appear on October 6, have already signified their intention of being in Riverton on November 11, and are only too willing to assist the local committee in any way possible.

The committee requests that holders of reserved seat tickets retain them for the postponed event, as new ones will not be issued.

**DREER, CELTICS
SOCCER VICTORS**

Eighty Players Appeared on Field for Play in Opening Games; Play this Saturday

Soccer's debut last Saturday at Memorial Park played to a fair gathering of spectators as the Celtics took over the Rangers 3 to 2 and the Dreer team shut out the Trojans 2 to 0.

Eighty players reported for the opening games and Referee Reynolds stated that he was surprised and gratified to note so much soccer skill among the local boys.

This Saturday's double header will feature the Rangers vs. the Celtics and Dreers vs. the Trojans.

The games start at 2:15 and 3:30 respectively. No admission charge or collection.

"Are you a pharmacist?" he asked the young man at the fountain.

"No, madam," he replied, "I'm a fazzican."

RIVERTON SCHOOL NOTES

Fire Prevention Week was observed in Riverton School. Almost every day there was a fire drill.

Mrs. Murgatroyd's class has contributed to fire prevention instruction by giving a play entitled, "Fire Prevention."

Those who took part are: Fire chief, John Rogers; Passers-by, Katherine Elwell and Margaret Naisby; Children, Laura Yerkes, Patricia Weiford, Geraldine Metzgar, Donald Robinson and Walter Legenby. Betsy Barclay also gave a piano solo, Marilyn Burr a Scotch dance, and Gerry Metzgar a tap dance. The scenery for this play

was made by the art club. The first grade have been painting bee and butterfly wings which they will use in some rhythmic dances. The boys will take part in a dance called "The Bee," by Shubert, and the girls will dance to the tune of "The Butterfly," by Pollain. The dances will be given in assembly.

MOYER CANDIDATE FOR MAYORALTY

Has Had Wide Business Experience and Is Devoted to Riverton

Harry E. Moyer, Democratic candidate for mayor of Riverton, was born on October 30, 1874, at Port Clinton, Pa. He was educated in public and private schools and also in several commercial schools. In his early years he was a newspaper reporter on the Shenandoah Herald, Pottsville Journal and West Chester Record. He published and owned a small weekly newspaper, "Northern Light," in Philadelphia. His first business connection was with Joseph J. Bailey & Co., wholesalers of Philadelphia. He later became associated with the Penn Mutual Life Insurance Co., where he remained for approximately twenty-five years. He resigned and joined Major Cassius E. Gillette, army engineer, in enterprises in Mexico and Central America. Upon the death of the major, Mr. Moyer became district manager for the Eastern Seaboard, Middle Atlantic States for Henry Klein & Co., New York, and served there twelve years. Upon dissolution of Klein & Co., he assumed the same position and is now serving in that capacity for their successors and is also representative for Southern New Jersey for the Reynolds Metals Corporation and president of the Moyer Construction Company. Realizing Mr. Moyer's devotion to the welfare of Riverton in the past, his many friends have insisted upon his candidacy.

FIRE CHIEFS ASK FOR MORE WATER

County Association Requests Freeholders to Put Manholes in Bridges

Walter McClain, representing the Burlington County Fire Chiefs Association, appeared before the Burlington County Board of Freeholders last Friday to urge the installation of "stand pipes" and "manholes" in concrete bridges in order to provide better facilities for fire companies to obtain a sufficient supply of water when fighting fires on properties adjacent to such bridges, it quite frequently being the case that such properties are not close to other sources of water supply. The matter was referred to James McCormick, director of the bridge department.

A letter was received from William J. Ellis, commissioner of institutions and agencies, complimenting the board on improvements made at the almshouse and the efficient manner in which both that institution and the hospital for the insane are being conducted under the management of Frank McIlvain. The letter from the commissioner was based on a report made by Dr. Ellen C. Porter, state welfare director, who recently inspected both institutions.

The township of Mt. Holly addressed a communication to the board asking that South avenue in Mt. Holly be taken over and added to the county road system. The communication pointed out that this road had been designated as class "B" and improved by the township with the understanding that the county would take it over when the improvements had been finished. The matter was referred to Charles R. Stout, director of roads.

The State Highway commission notified the board that \$2250 accumulated in balances of old appropriations to the county have been transferred to the county's 1934 account.

Walter J. Smith, county fire marshal, recommended demolition of two dwellings in Rancocas and Beverly as fire hazards. The owners will be notified to comply with the recommendation or face court action.

The Public Service was granted permission to erect one pole on the curb line of Camden avenue and Highway 8-41 in Chester Township.

The request of Freeholder Palmer L. Adams to donate to the Burlington County Children's Home 200

baskets of white potatoes grown on the county farm, was granted.

The following department bills were ordered paid with Freeholder Adams voting in the negative: finance, \$1,907.87; roads, \$24,220.42; bridges, \$4,828.77; public buildings, \$7,125.94 and public affairs, \$16,689.39. The Kohn Construction Company was paid \$21,609.51 on account of the bridge at Delanco, with Adams again voting in the negative.

Purple Heart for Riverton Boy

(Continued from Page 1)

150 years. In 1932 it was revived by President Hoover. Now it is being awarded or cited by General Pershing for exceptionally meritorious and conspicuous services.

"Out of the Revolutionary War came the original Purple Heart. A most trying period to the struggling American colonies was at hand. Even though the decisive Battle of Yorktown had been victoriously fought, October, 1781, the treaty of peace had not yet been signed. Washington urged that much of the Revolutionary army remain mobilized until peace with King George was assured. The Continental Congress agreed with Washington but, unfortunately, failed to provide pay for the soldiers. Sufferings of the soldiers and their families increased. Grumbings arose in army ranks. Mutiny threatened. Washington alone held the confidence and respect of the people. He alone could save the newly born nation.

"In the midst of such discouragement and almost insurrection, General Washington, at Newburgh, New York, addressed the officers of his rebellious army. As he took out his glasses he quietly remarked, 'You see, gentlemen I have grown both blind and gray in your service.' Those simple words instantly touched the hearts of his ragged, starved comrades. He begged them to carry on for the principles they had so unselfishly heeded for. The army patriotically heeded his plea.

"The loyalty of the army in turn touched the Commander-in-Chief's heart. And so at Newburgh, August 7, 1782, the great Washington issued the historic order directing that whenever any singularly meritorious action is performed, the author of it shall be permitted to wear on his facings, over his left breast, the figure of a heart in purple cloth, or silk, edged with narrow lace or binding. Not only instances of unusual gallantry, but also of extraordinary fidelity and essential service in any way shall meet with a due reward * * * the name and regiment of the person with the action so certified are to be enrolled in the book of merit which will be kept at the orderly office. * * * The road to glory in a patriot army and a free country is thus open to all.

"Sergeant Elijah Churchill was the first to receive the Purple Heart. As a member of fifty dismounted dragoons under the command of Major Benjamin Talmadge, Churchill had marched to Fort St. George, several miles within the British lines on Long Island, November 21, 1780. Major Talmadge assigned the sergeant and sixteen men to attack the main blockhouse. Churchill stormed the building, broke down the doors and completely overpowered the enemy. A year later Churchill again won the Purple Heart for his daring and successful attack on Fort Solongo, Long Island, a fort likewise far within the British lines."

"FUN IN HOUSEKEEPING"

Cooking schools are not to teach women to cook—mercy not! At least the one sponsored by The New Era and to be held at the Fire House next week, isn't. It is to demonstrate new methods, give new recipes and pass on a lot of little tricks and frills about keeping house which not only add to the satisfaction of the housekeeper, but to the pleasure of the family as well. Miss Schneider knows a lot of such little tricks. You doubtless know some of them, but perhaps not all. Visit to cooking school and see if you don't learn something interesting.

Don't forget to bring a pad and pencil, as some recipes will be given from the platform.

No big idea was ever developed by the fellow who watches the clock.

WAYNE AYRES FOR BOROUGH COUNCIL

Resident of Riverton Since 1922. Served in Navy During World War

Wayne E. Ayres, Riverton citizen and Democratic candidate for borough council, moved to Riverton in 1922.

He was born in Wayne, Pennsylvania, in 1899 and is a graduate of the Friends' Central School in Philadelphia.

He entered the insurance business in 1911 and has continued in the business up to the present time, with the exception of his period of enlistment in the United States Navy during the World War.

He first moved to Palmyra in 1919, and then made Riverton his residence in 1922.

BOY SCOUTS

Those who are wondering what has happened to the Riverton Boy Scout Troop will hear some interesting news very soon.

FOOD SALE

The Sacred Heart Parent-Teacher Association will hold a food sale in the school auditorium on Thursday, October 25, from 2 to 4 o'clock. Orders may be given to Mrs. Harry Gottlieb, chairlady, phone Riverton 549-J.

"When I put the ball where I can reach it," said the stout golfer, when asked how he liked the game, "I can't see it, and when I put it where I can see it, I can't reach it." —Smith's Weekly (Sydney).

BREYER'S ICE CREAM

The only place in Riverton where you can get Breyer's delicious ice cream, Blankenbush, 606 Main st.

Miss Paula Woidill spent Sunday in Asbury Park.

Mrs. Joseph Morgan, who has spent the past four months at Vancouver, will return to her home on

figures were 504,573.

Miss Mary Jane DeLaney has returned to her home in Camden after spending several months with her aunt and uncle Mr. and Mrs. Charles DeLaney.

Miss Naomi Evans and Miss Esther Reeves, of the Jefferson Hotel, Atlantic City, spent several days in New York at the Taft Hotel.

Mr. and Mrs. Ross Evans, Miss Verna Guest and Mr. and Mrs. James Hartley were visitors at Asbury Park Sunday.

Mr. and Mrs. Everett Gest, formerly of Palmyra, have moved to 615 Thomas avenue, Riverton.

Mr. and Mrs. Murray C. Boyer were recent guests at the Chalfonte-Haddon Hall, Atlantic City.

**RELIEF STILL
ON INCREASE**

Decreases in the number of persons aided by the ERA during September in thirteen of the 27 municipalities of more than 25,000 population were offset by additions to the rolls in the other fourteen. The net result was that in the whole group the list rose from 325,050 to 331,588. This would indicate that when tabulations for the entire state are assembled, the total in September may approximate 510,000. The August 31, figures were 504,573.

TIPS ON GROWING

BY ONE WHO GREW UP IN THE BUSINESS

Editor Cooper of the "Flower Grower" speaks of the Lilacs and Roses that persist in flourishing as a memorial to lost ambitions and memories of other days. He considers that this is a lesson to home owners, and that these plants should be included in every planting of the home grounds.

The Tawny Hemerocallis (Hemerocallis Fulva) is another plant that here in Jersey seems to continue growing in weed-choked grounds of unoccupied homesteads—this and the old fashioned "Piney."

For growing as a solitary specimen or in a clump of several plants together, but somewhat apart from others, is the interesting perennial Chelone (Turtle Head). The flowers are a very dark purple formed like the head of a serpent or turtle, and emerge from heavy, extremely dark green leathery foliage. Blooms in late summer and early fall and grows about eighteen to twenty-four inches high.

The very stately growing Helianthus Maximiliani (Hardy Sunflower) is a valuable subject for fall cut flowers. The individual flowers are of lovely form and are strewn along the stems of the plants in a charming manner. Great bunches of this along with Artemisia made a beautiful adornment for the altar of a local church recently.

Dahlia Margaret Broomall, a huge white, received the Silver Medal of the Massachusetts Horticultural Society for the best Dahlia shown at the Society's recent exhibition. This variety also secured the "American Home" Achievement Medal for the most worthy undisputed Dahlia and the California Dahlias Silver Medal for the best California origination.

Standing in an immense bed of the Hawthorne Scented Mugwort (Artemisia lactiflora) with its billows of white bloom, the fragrance is very sweet and invigorating—more reminiscent of the spring odor of the Violet than the Hawthorne; but on breaking off a blossom and carrying the branch to the nostrils, one finds that the scent has disappeared. Here is one case where the botanical name Artemisia is more musical than the prosaic Mugwort. A fine autumn flowering perennial. May be planted now.

STUDY LEISURE TIME PROGRAM

John Colt, Chairman N. J. ERA Discusses Problem at National Recreation Congress

Expansion and a more profound study of leisure time activity was urged upon the National Recreation Congress, in session at Washington last week, by Chairman John Colt of the New Jersey ERA Administrative Council.

Talking from the same platform from which Mrs. Franklin D. Roosevelt addressed the Congress, Mr. Colt spoke from experience gained through more than a year of activity in leisure time work in the State relief administration, a phase of the activity in which he had evinced great interest.

"The pioneer days in this country are not over," Mr. Colt said. "We are coming to a new age of pioneering, one of human relationship. And the surface has just been scratched. There can be no greater avocation than teaching people how to live."

"Recreation, since it is a socially useful field of employment is not only necessary but vital. To promote a well-rounded program it is essential to secure persons trained in the science of the use of leisure time."

"Leisure time activity as an independent factor in education has just been inaugurated. The first step of this pioneering venture in human relationship has been taken in New Jersey."

Mr. Colt referred to the recently appointed State Commission on Leisure Time—which is to study ways and means of incorporating this type of education as a permanent institution—as an indication of the importance with which Governor Moore regards the work.

COWS MUST BE "SUPERVISED"

In order to meet the requirements of Chapter 192, Laws of 1934, any New Jersey farmers who have not yet placed their dairy cattle under federal-state supervision for the eradication of tuberculosis should do so promptly, the State Department of Agriculture says. According to this law, which will be enforced by the State Department of Health, no milk or cream may be sold in New Jersey after December 31 unless it is produced by cows under such supervision.

We are told that American women are becoming larger. Quite possible; they seem to have outgrown their bathing-suits. — Philadelphia Inquirer.

Cook Book "Cooking For Two" Suggested for Brides

I quite agree with our little friend, Mrs. Newlywed, who has written to me saying that she finds it so hard to cook for two. I agree, to this extent, that it is quite hard for an inexperienced homemaker because many times our little brides, who have not spent many hours of their young lives in the kitchen, are at a loss to know what to do with left-overs, and when we're inexperienced we're inclined to buy too generously, which, of course, necessitates left-overs. I will say, however, that with today's modern appliances a great many of our difficulties are solved. With the very efficient mechanical refrigerators on the market, left-overs need give us no concern. As a matter of fact, with such an appliance in our kitchens, we can actually plan to make left-over foods because we know we can place cooked food in the refrigerator and leave it there for several days, having that assurance that when we take it out and make ready to serve it with a new sauce or a new garnish, it is going to be just as good as when we placed it in our mechanical refrigerator.

However, even though our brides of today have many, many, advantages over our grandmother's day, I shall give to our little friend, who feels she is having such difficulty, the name of a cook book which will help her in her everyday planning for two. The book is "Cooking for Two" by Janet MacKenzie Hill.

And now, I have a letter before me that asks for a good chocolate filling, one suitable for cakes, cream puffs, eclairs, etc., and I am happy to have one at hand that happens to be a treasured recipe.

CHOCOLATE FILLING
For Mrs. James Matson
1 square unsweetened chocolate—cut in pieces,
1 cupful cold milk
1 cupful sugar
3 tablespoonfuls flour
2 egg yolks—lightly beaten
2 tablespoonfuls butter
Combine milk and chocolate and heat in double boiler. When chocolate is melted, beat with rotary egg beater for one minute or until mixture is smooth and blended. Blend sugar and flour together and add to egg yolks. Pour the chocolate mixture over the egg yolks gradually stirring vigorously. Return to double boiler and cook 15 minutes, stirring constantly. Remove from fire, add butter and cool. This makes about 1½ cupfuls of filling.
Another request comes from Mrs. Stevenson and asks for a recipe for French coffee. Here it is, Mrs. Stevenson, and I hope you will find it to your liking.
1 cupful evaporated milk
2½ cupfuls water
5 heaping tablespoonfuls medium ground coffee
Combine milk and water and bring to scalding point in double boiler. Place coffee in top of drip coffee pot and pour hot milk mixture over it. When coffee has dripped to the lower part of pot, it is ready to serve.

COOKING EXPERTS AGREE

That GAS is the BEST FUEL

MISS VERA A. SCHNEIDER, cooking school expert, is enthusiastic in her praise of gas as a cooking and baking agent. She declares it is a boon to any cook. It is clean and quick, lights instantly and responds immediately to automatic control.

Public Service carries a wide assortment of gas ranges, all well built and equipped with all the modern features—oven heat regulator, which automatically controls the heat of the oven, automatic top burner lighter, that eliminates the use for matches; well insulated ovens, which hold the heat in and keep the kitchen cool; drawers or compartments for keeping utensils right at hand.

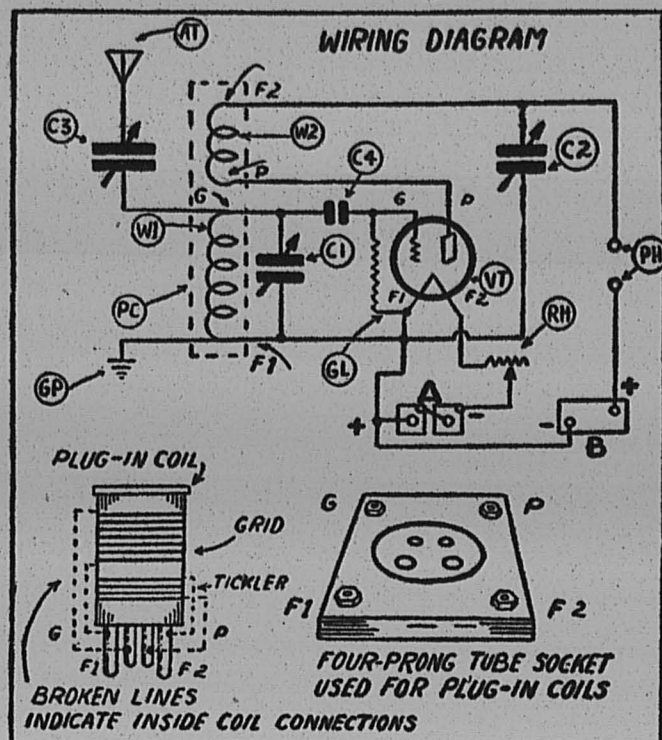

You may purchase any gas range on the divided payment plan at a small increase over the cash price.

PUBLIC SERVICE

Miss Vera A. Schneider will use an Estate Gas Range when she demonstrates her cooking lessons on October 24, 25 and 26.

How to Build a One-Tube Regenerative "DX" Set

Short-wave receiver's wiring diagram and details of coil and socket. Abbreviations are explained in the list of parts.

With this simple little home-made device, the DX fan, who knows the magic that rides in the airways of the world at night, can hear the barking of Admiral Byrd's sled-dogs in far-away Antarctica or the sonorous Italian broadcast of some speaker in Rome.

All parts for this set may be purchased in stores for about \$5; a few can be made by an ingenious mechanic.

LIST OF PARTS

- A-2 "A" batteries, dry cell
- AP—"A" battery posts
- AT—antenna post
- B—"B" battery, 22½ to 45 volts
- BB—base board, wood
- BP—binding post strip
- B1—"minus" B post
- B2—two brass brackets
- C1—140 MMF condenser
- C2—250 MMF condenser
- C3—25 MMF antenna condenser
- C4—.0001 MF grid condenser
- F1 and F2—filament posts
- FD—front panel, hard rubber
- FW—flexible hook-up wire
- G—two grid posts
- GL—grid leak, 3 megohms
- GP—ground post
- P—two plate posts
- PC—plug-in coil
- PH—earphones
- RH—rheostat, 6 ohms
- S—two sockets, 4-prong
- VT—vacuum tube, 230
- W1—coil, wire No. 26 DCC for grid
- W2—coil, wire No. 26 DCC for tickler

Some Stations to Try For

(Call letter, place and approximate wavelength in meters.)

- G5sw—Chelmsford, England (Big Ben) 11.55
- DFA—Nauen, Germany 15.58
- W3xal—Bound Brook, N. J. 16
- I2RO—Rome, Italy 25.40
- KEE—Bolinas, Cal. 38.85
- W2xsf, Schenectady, N. Y. 49
- COC—Havana, Cuba 50
- HCJB—Quito, Ecuador 73
- KFZ—Little America, Antarctica (Experimenting)

PLUG-IN-COIL DATA

Number of turns of wire used for different bands:

Meters	Grid Wind.	Tickler Wind.
50-90	24	12
25-50	12	6
15-25	6	4

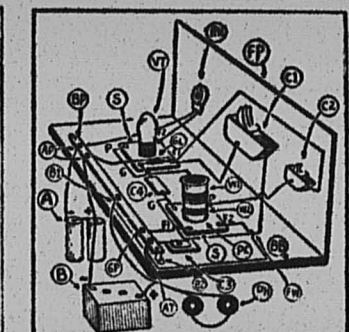

Antenna and ground are not shown in the parts list, but good ones are essential. Mount C1 on FP, with C2 on one side and RH on the other.

On BB, mount VT and PC sockets (S), 3 to 4 inches apart, allowing room for C1; mount BP, C4 and GL; mount C3 close to AT.

Solder all connections securely, using short, direct leads. Check all leads when finished.

With RH off, connect A to B and AP. Insert VT, turn RH half-way up. VT's filament should glow a dull red.

Connect B1, PH, GP, and AT. Now rotate C2. If circuit is con-

ected properly, a swishing noise should be heard in PH. If this occurs, the set is "perking" and you're ready to listen to the world.

Tune large condenser, C1, until whistle of a station is heard. Clean up the whistle by rotating tickler condenser until you hear the station.

SHORT-WAVE MUSINGS

BY O. M. "C. W."

This is the story of how amateur radio operators and the police between Long Island and Alabama in the short space of three hours located Arden Rathkopf, whose father, Charles A. Rathkopf, urgently desired to see him in connection with pressing business affairs.

Both Rathkopf's are lawyers. The son and his wife left the Lynbrook, Long Island home, for a motor trip in the South. The elder Rathkopf telephoned Chief Anthony Heimers of the Lynbrook police last Saturday noon for aid in reaching his son. Heimers referred the matter to the Nassau police who asked Theodore A. Beddell, operator of amateur radio station W2BXO at Merrick, to broadcast a description of Arden Rathkopf and his automobile.

Radio amateurs picked up the message and telephoned to their local police stations. A patrolman in Birmingham, Alabama, found Mr. Rathkopf on the street and asked him to telephone his father. The lawyers were conversing a little before 3 p.m.

Radio Handbook in Braille Opportunity for extending technical information about radio among the blind so that they may become amateur radio operators has been created by the Braille Department of the New York Chapter of the American Red Cross.

The Department has completed the transcription of "The Radio Amateur's Handbook," published by the American Radio Relay League into nine Braille volumes, complete with more than 100 diagrams, and will make it available to blind radio students through the New York Mercantile Library. The transcription was made by Ethel and Helen R. Hendricks, working for the Braille Department of the Red Cross.

BOYS ARE BUSY BUILDING AUTOS

Soap Boxes, Tin Cans and Auto Steering Wheels Pressed Into Service

Automobile junk yards report a heavy demand for old steering wheels, and the wheels from many a coaster wagon are doing duty on pushmobiles since the announcement of the Pal-River Speedway Classic last week.

The youth of Riverton and Palmyra are frantically searching grocery stores for discarded soap boxes and tin cans with which to construct various types of pushmobiles.

Interest is running high, and November 3rd will probably see a line-up of pushmobiles at the top of Morgan avenue, Palmyra, that will speed the best automotive engineers and designers on to greater effort if they are to retain their laurels.

Pal-River Chevrolet, Inc., of 10 Broad street, Riverton, sponsors of the "Speedway Classic," announce the three judges for the various events as follows: Harold Yoh, Chevrolet Motor Co.; Walter D. Lamon, Mayor of Palmyra, and Karl W. Latch, Riverton newspaperman.

Another feature of interest will be the awarding of prizes to the winners. The Broadway Theatre of Palmyra is cooperating with the sponsors of the contest and will suspend the beginning of the second show on Monday night, November 5th so that the judges may announce the winners from the stage and award the prizes.

Short-Wave Musings

(Continued from page 10)

Cross, of which Mrs. Richard F. Armstrong is Director, and Mrs. Donald M. Forgan is Assistant Director. The diagrams, which are regarded as probably the first made in Braille of complicated and technical radio circuits, were transcribed by Mrs. Armstrong.

The amateur radio "fraternity" numbers many thousands of enthusiasts. Amateurs have among their close conversational friends persons they have never seen, in distant states, and even in foreign countries. The blind radio amateur therefore would be at no disadvantage in participating in the friendly contacts enjoyed by thousands over the ether waves.

WHY 'blue coal' GIVES "ALL WEATHER" HEAT

REASON No. 29

'blue coal' is adaptable to all weather conditions. Because of its purity and careful preparation it starts up fast on zero mornings as soon as the drafts are opened. Because of its square fracture and high carbon content it burns evenly and completely on cold days, and makes a slow, lasting fire when banked in mild weather. For cozy, even, healthful warmth in every room, all winter—always specify 'blue coal.' And for clean, prompt deliveries—always order from us.

ANNUAL RECEPTION
BY RIVERTON P. T. A.

Dr. Richmond Miller Speaks on Influence of Movies in Lives of Children

Monday evening, October 15th, marked the eighteenth reception to parents and teachers of Riverton school, which was well attended.

After greetings from Mrs. Howard Coe, president of the Riverton P. T. A. and Mrs. Francis B. Elwell, president of the board of education, Dr. Harry L. Rogers explained a most interesting plan by which the children of Riverton may have suitable motion pictures at a small sum.

Everyone knowing the present difficulty with finding favorable children's motion pictures, welcomed the plan and it is hoped it is made possible for the benefit of the children.

Mrs. Coe introduced Dr. Richmond Miller, of George School, who spoke on the "Problems of Parents and Teachers."

"Our most valuable natural resources, our children, must be protected," was the point Dr. Miller stressed. Motion pictures play a large part in the lives of present-day children, he said, and it is the responsibility of parents to do all they can to provide the best that can be had for their children.

Dr. Miller invited questions and an open discussion followed his address.

Russell Jermon, accompanied by Mrs. Jermon gave two fine vocal solos.

Everyone enjoyed the refreshments and the social time that followed.

ROBBERY

The home of Mrs. Eugene Bush, of 201 Main street, was broken into last Saturday night. Entrance was made through a shed window.

The intruders took a fraternity pin, field glasses, opera glasses, watch, shoes, shirt studs, and six blankets. The matter is under investigation by the Riverton police.

PALMYRA PISTOL
TEAM WINS SHOOT

Defeated Frankford Arsenal Team Last Saturday. Ralph Scott Coach

Ralph Scott, son of Mr. and Mrs. O. J. Scott, of Riverton, who recently moved here from Chicago, is now coaching the Palmyra Pistol Team and brought them to victory at a match Sunday morning at Hylton's sand hole where they defeated the Frankford Arsenal "A" Team by a score of 1262 to 1156.

Mr. Scott, who is a retired army officer, has "ironed out" a lot of weak spots that he found in the team.

The match Sunday was fired at 75 feet, twenty shots at slow fire, on Standard American targets.

The individual scores were:

Palmyra Pistol Team	
Scott	193
Williams	192
Robinson	185
Lloyd	176
Lowery	175
Beatty	174
Saylor	167

Total	1262
Frankford Arsenal Team	
Kerns	190
Rosenburg	188
Bundy	177
Hogg	172
Groff	156
Snyder	155
Williamson	118

Today (Thursday) the South Jersey Police Pistol Team, of which Officer John Robinson, of Riverton, is a member, met the Philadelphia National Bank Team at 3 o'clock. The South Jersey team is made up of the pick of the police from the South Jersey towns.

Mother: "Why were you kept in after school today?"

Junior: "The teacher told us to write an essay on 'The Result of Laziness,' and I turned in a blank sheet of paper."—Pittsburgh Public Service.

CINNAMINSON PTA
STUDY GROUP MEETS

"The Human Machine" and "Ways in which Children and Adults are Alike," the first subjects considered by Miss Bryan as leader of the study class, proved very interesting.

The next meeting of the class will be Wednesday, the twenty-fourth, at two thirty; subject, "Ways in which Children and Adults Should Be Different." The PTA extends greetings to all visitors who have been present, and hopes that others who may feel interested will join the group whenever possible.

Wednesday, the association tendered a reception to the teachers. As entertainment, there was a short "sing" in which a number of the good old songs figured. The songs were led by Prescott Herr, who brought with him a quartette of small colored boys, ranging from nine to twelve years. These boys were trained by Mr. Herr during his summer work with the County Recreational Committee, and sang several spirituals in a pleasing manner.

After refreshments were disposed of, those who wished, enjoyed a dance to the music of the Electrola, while the others mingled socially.

The County Recreational Board has offered to furnish leaders for "hobby clubs" where local leaders are not available.

Publicity.

REPUBLICAN
DINNER-DANCE

The Forum-Social Committee of the Burlington County Young Republicans have completed plans for a large dinner-dance to be held in the Moorestown Community House on Saturday evening, November 3, 1934, at 6:30 o'clock.

The chairman, Freeholder Palmer L. Adams, will be the speaker. James Goodwin, of Riverton, is chairman of the program committee, and can supply tickets to those who want them.

What gums up personal budgets is earnings outstripping earnings.—Arkansas Gazette.

THE "NEW DEAL"

BY JULIAN MASON

Vice President National Republican Builders

Candor That is Not Candid

"His candor is a delusion." That is the conclusion of Mr. Frank Kent, of the Baltimore Sun, concerning Mr. Franklin Roosevelt as self-revealed by the latter in his "fireside talk" of two Sundays ago. That was my own conclusion expressed in this column last week.

And it seems to be the conclusion of a considerable number of other Americans.

Certainly, mail and telephone messages prove it by the volume in which they have come into headquarters of the National Republican Builders, 60 East 42nd street, New York City. They prove it by their almost unanimous approval of an indictment of the devious political methods of Mr. Roosevelt.

In these communications, there is a sense of progress, from the realization that at last responsibility is being placed, not upon theories or advisers, but upon the man upon which both depend.

"It is a return to normalcy," said one message. "We are getting somewhere when we can cast off fear and place the responsibility for our present mess upon the shoulders where it belongs."

Roosevelt Responsible

Even the much bedeviled bankers would find, in the letters received at my office, a consciousness that people are beginning to transfer from them to Mr. Roosevelt the blame for the present choking of the channels of credit.

A rural Pennsylvanian writes: "A great majority of the unemployed seem to think that the present administration is doing everything possible to put them back to work. You and I know that it is not. Well, if you were to address one of your Sunday articles to the unemployed, and explain the facts, I think you would be doing another great service. Among other things, you might say something like this: 'If Mr. Roosevelt were to say to the bankers: 'I am ready to cooperate with you if you are ready to cooperate with me. I will not devalue the dollar any further. I will cut all government expenditures to a minimum. I will give up the idea of establishing a central bank, and I will stop calling you "money changers" and will also stop intimating to the people that you are all dishonest.' This will allow the bankers to loosen up on loans and will enable business people and others to secure the money and credit that is needed to put you unemployed to work and return to you your self-respect."

Bogeys Failing

The truth is, I think, that the symbolic bogeys of the administration are beginning to wear thin.

The moment is arriving when Mr. Roosevelt can no longer keep on meeting criticism by shouting: "1929," "Hoover," "Bankers," "Business," "Tories," and so on.

I have been in upstate New York. I found there decisive evidence that a business people, as the Americans are, are getting tired of the eternal Roosevelt attacks upon business and upon the greatest backer of business—which is, banking.

The evidence lies in the campaigns of E. Harold Cluett, Republican nominee for the United States Senate and of Colonel Henry Breckinridge who is running for the same office as a Constitutionalist. Dr. Royal Copeland, the sitting Senator, is, of course, the Democratic nominee.

Mr. Cluett actually has the courage to run as a business man. He is sane, and a most successful one. In the upbuilding of his family firm he has seen it do a business of from \$20,000,000 to \$35,000,000 a year. In thirty years it has never had a strike.

But, somehow or other, by innuendo or by irritated adjective, Mr. Roosevelt has put such men into the semi-criminal class.

Business Men to the Fore

"Cluett, a Business Man for Senator" is the Republican nominee's answer to this sort of thing. Defy-

record but Mr. Franklin Roosevelt's record.

After all, Mr. Roosevelt has had almost two years to make his record (Hoover had only three before the crash)—months of the most constant and startling activity. Mr. Roosevelt has been given every law he asked for. He has had, and still has, complete power.

It is perfectly natural that people should begin to put upon such a dictator the responsibility that he has been shoving off on his predecessors.

They are asking him: "Well, what about the things that YOU have done? Are they WORKING?"

Uncandid as he is, political dodger that he is, Mr. Roosevelt cannot smother or evade these questions forever.

Because, people are beginning to

see behind his charming tricks, as they eventually saw behind them, while he was Governor of New York.

I think that next they will begin to sense the fear that seems to run through his present speeches and actions.

Mr. Roosevelt is in retreat. He is running for cover—or, more accurately for camouflage. How soon will the people understand that "His candor is a delusion?"

"You're looking bad, old man, what's the trouble?"

"Domestic."

"But you always said your wife was a pearl."

"So she is. It's the mother of pearl that's the trouble."—Peoples

You Can Modernize Your Laundry

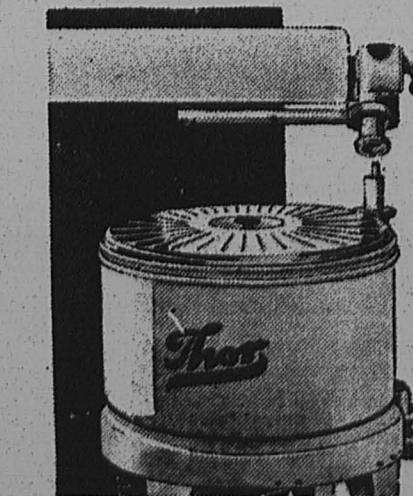

... for only \$69.50

Thor Electric Laundry Equipment cuts in half the time spent washing and ironing clothes. A tubful of clothes can be washed in five minutes. Everything is washed by the force of hot soapy water. There are eighteen currents of water at work—six to keep the clothes moving about—twelve playing directly on the clothes, loosening and working out the dirt. There is nothing to tear or injure fine fabrics. The rubber rollers of the wringer are soft and smooth and will not break or tear off buttons and fasteners.

Prices begin at \$49.50 cash

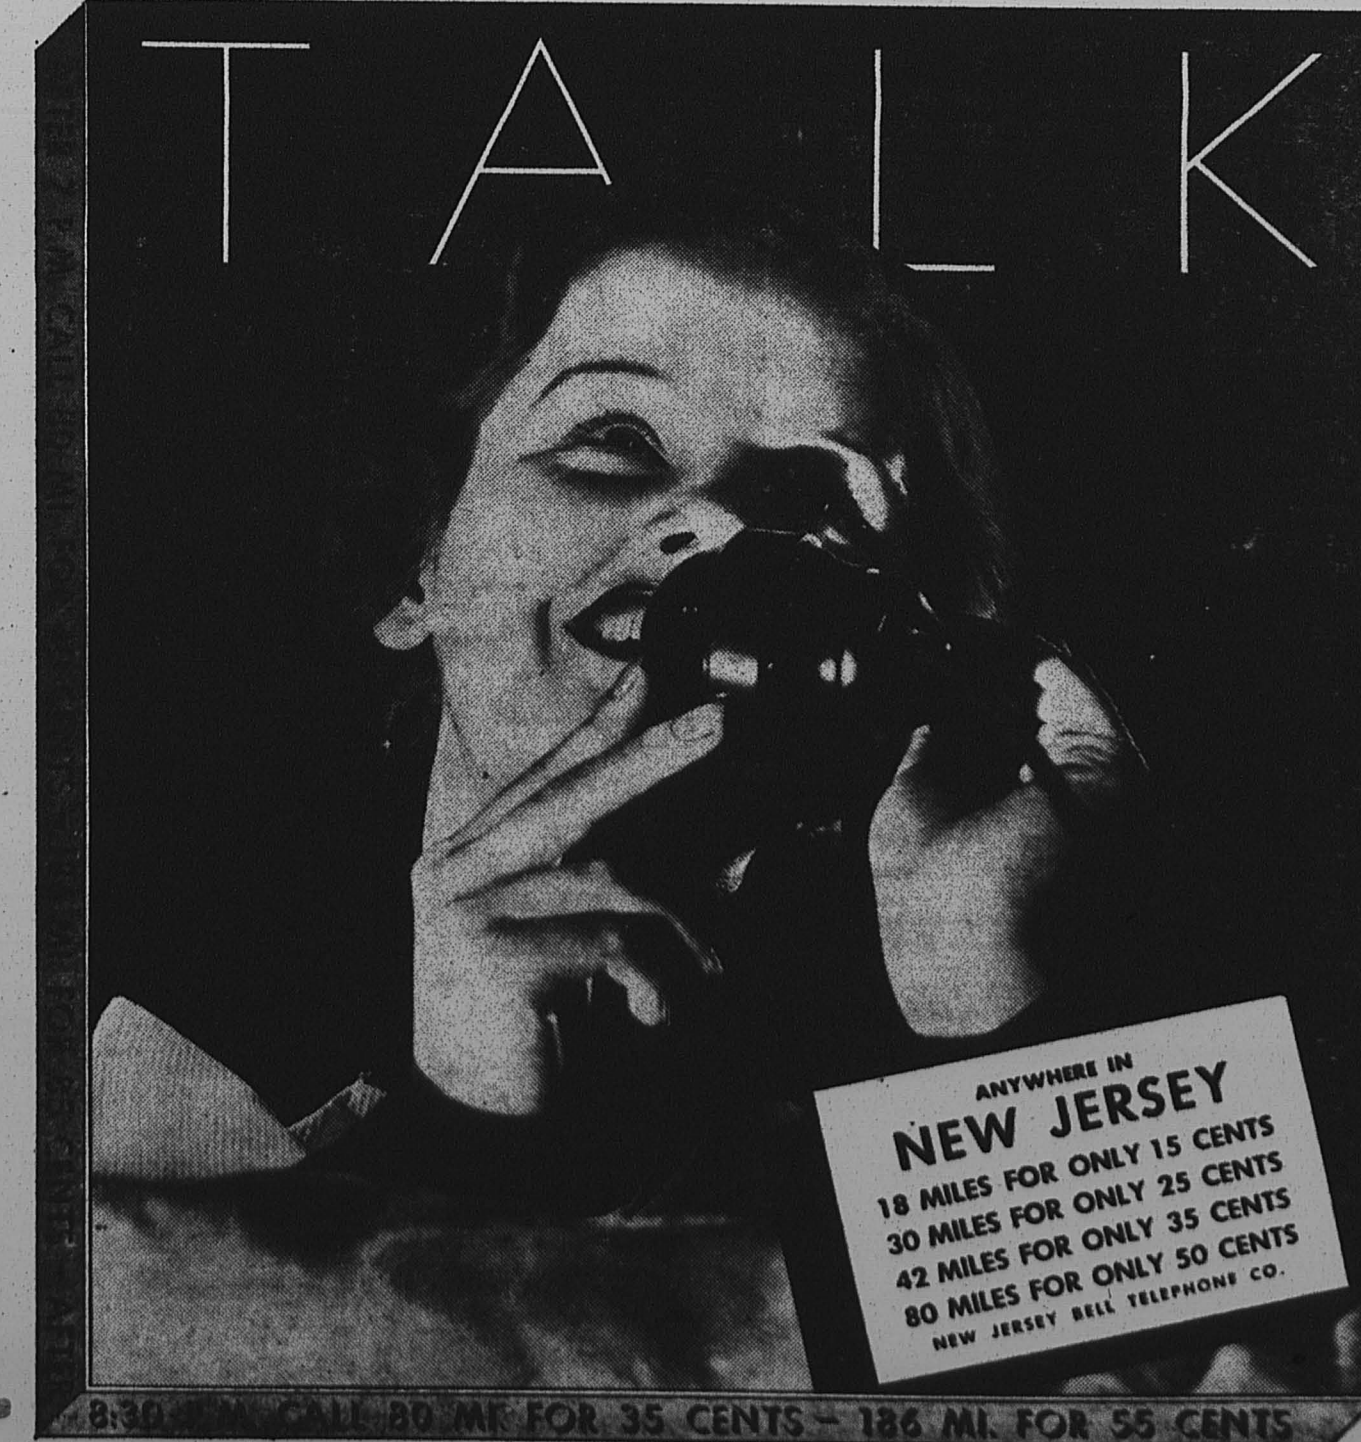

By removing the wringer and fastening the Thor ironing attachment in its place, you convert the washer into an electric ironer. This ironer can be swung around to a convenient angle, and it is not too high to operate easily when you are seated. Flat work goes quickly and you soon acquire skill in ironing more complicated articles. This attachment sells for only \$20 cash.

Cash prices are quoted. Carrying charge extra if you buy on the monthly payment plan.

FALL SERIES ENDS AT YACHT CLUB

Known as "Change About" Series; Won by W. Joos and W. Thomas

The Riverton Yacht Club finished its racing season on Sunday when the last race of the fall series was sailed. This race was won by Newt and Ted Huns sailing the Salinas. The series just completed was known as the "Change About Series," for in each of the five races the respective skippers sailed in different boats. The series was won by W. Joos and W. Thomas, better known as "Binocle and Barnacle." Newt Huns was second, Harold Marshall third, Rodman Merrill fourth and Charles Boal fifth. This method of racing gives fair comparison of skippers because all skippers sail the various boats and there can be no alibis, for they all work under the same conditions.

The records from which the above facts were taken show that this season completes the clubs seventeenth year of sail boat racing. This compares favorably in age with the "Old Mug" that England tried to lift this year.

The second annual club meeting is to be held at the Club House on the night of Friday the 19th. All members are requested to attend as the officers for the next year will be elected at this meeting.

WOODROW WILSON TRIMS QUAKERS

Hard-fought Game Ends with Moorestown on Small End of Score

By Lloyd Unland

The Moorestown boys were again defeated last Saturday at Camden by Woodrow Wilson High School with the score of 13 to 7. Moorestown received the kick-off but could not make enough first downs to keep the ball so were forced to kick. Wilson had no better fortune getting the ball across the Moorestown goal. The first quarter continued in this manner almost to the end of the period, when Moorestown fumbled the ball and gave Wilson a slight advantage.

In the second quarter the teams went back and forth across the field but neither scored until the quarter was almost up, when Wilson scored a touchdown as a result of their splendid line plunges and successful end runs. The attempt for the extra point was unsuccessful because of the strong wind blowing, which carried the ball out of line of the goal posts. The half ended 6-0, favor of Wilson.

The second half started with the substitution of McCourt for Bell at tackle and Ransom for Repsheur at fullback. During this quarter only one pass was completed. Humes threw a beautiful pass at Broomell, who ran about 30 yards before he was forced out of bounds on the 4 yard line. Chillum was sent in for Wallace at the end of the quarter. The fourth quarter started with several unsuccessful line plunges on both sides. Ransom, Moorestown's little fullback, intercepted a pass and ran for a 20 yard gain. Jack Humes, Moorestown kicker, booted the ball from the center of the field down to the two yard line, where it went out of bounds.

Moorestown recovered the ball on a bad kick and Jack Humes went over the goal for a touchdown. The Quakers lined up in kick formation and one of their halfbacks took the ball over for the extra point. The score was then 7 to 6, in favor of Moorestown.

The Woodrow Wilson boys, not content to stay in the rear, came through with a touchdown before the end of the game and made the extra point on a line plunge, ending the game 13 to 7 in favor of the Camden boys.

The starting lineup for Moorestown was: Birdsong, le; Bell, lt; Hullings, lg; Dennler, c; Morris, rg; Jacoby, rt; Forchion, re; Wallace, qb; Broomell, hb; Humes, hp; Repsheur, fb.

Robert Montgomery comes down to earth in the most amusing film and tenderest romance of his motion picture career. Playing at the Broadway Theatre Saturday.

FARMERS REPAY CASH BORROWED IN SPRING

Repayments amounting to \$29,026 were made during September by farmers in four counties in Central New Jersey on loans with the Moorestown Production Credit Association which was organized last spring as a unit of the Farm Credit Administration.

Functioning as a cooperative credit enterprise to provide farmers with working capital, it has loaned \$158,645, and on October 1, loans outstanding amounted to \$88,915, according to a report by A. Engle Conrow, association secretary here. The association covers Burlington, Ocean, Camden and Gloucester counties.

Farmers from this section, who are officers and members of the executive board of the association, have the management and responsibility for making loans. W. Wade Heritage, Richwood, is president and Byron T. Roberts of Moorestown, is vice president. Directors are: H. L. Emmeson, Pemberton; William D. Klein, Bayville; J. W. Matlack, Hadonfield; Ernest Sykes, Williams-town; and T. Wood Wyne, Thorofare.

DINNER DANCE BY DEMOCRATIC CLUB

The Burlington Young Democratic Club will give a dinner dance in the ballroom of the Riverside fire house, Saturday evening, November 3rd at 6.30 o'clock. Invitations are being sent to Governor Moore, Judge Dill, Walter L. Whitteley, candidate for Congressman from the fourth district and all the county and local candidates.

Music will be furnished by Bob Horton and his radio recording orchestra, one of the best orchestras in this section.

Daniel Lichtenthal, president, appointed Edward Gallagher, candidate for county clerk, chairman of the membership committee.

That Jersey City barber who has told General Johnson it will be necessary to close his shop if he has to comply with the code, should have telegraphed to Secretary Wallace for permission to plow under a couple of chairs or to give him government aid for hair he does not cut.—Indianapolis Star.

LOW GRADE COAL CAUSE OF COLDS AND SICKNESS

It is a proven fact that high quality coal insures a comfortable home at all times, while a poor quality coal invites colds, sickness and chilly rooms.

The Joseph T. Evans firm supplies the highest type coal—a Hi-Carbon Premium Anthracite, also the Genuine Rainey Wood Koppers Coke. Don't be satisfied with "just coal." Get the best—it goes farther and heats longer.

RIVERTON

Vol. 46 No. 42

RIVERTON, NEW ERA, THURSDAY, OCTOBER 25, 1934

PRICE FIVE CENTS

IN CONTEST FOR RIVERTON'S MAYOR

Lifelong Resident of Borough
Seeks to Wear Toga for
Unexpired Term

H. McIlvain Biddle, Republican candidate for mayor to fill the unexpired term of J. Elmer Hahn, recently resigned, is a lifelong resident of Riverton.

He was born at 201 Bank avenue in 1877, and resided with his parents, Mr. and Mrs. Henry C. Biddle until his marriage to Adelaide Steel, of West Philadelphia, in 1904, when he took up his residence at 212 Thomas avenue, where he continued to live until 1923, when he and his wife re-occupied the home of Mr. Biddle's parents at 201 Bank avenue.

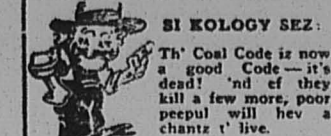

Mr. Biddle attended the Westfield Friends School and the Friends Central School in Philadelphia. Upon completion of his studies he entered the business of his father, Henry C. Biddle & Company, woolen merchants in Philadelphia, which has recently been reorganized into the Biddle-Bernstein Co.

Mr. Biddle has won national recognition in his chosen business, having been elected president for three successive terms of the National Woolen and Trimmings Association, a country-wide association with offices in New York City.

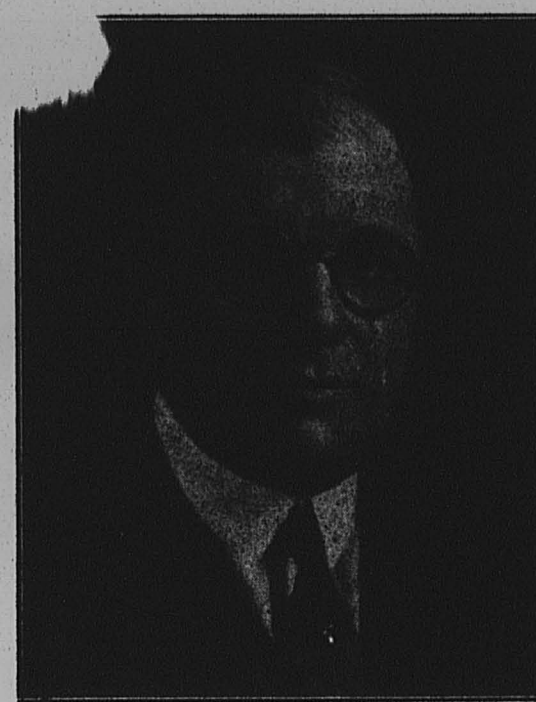

Mr. Biddle has served in local capacities as commodore of the Riverton Yacht Club and member of the board of directors of the Riverton Country Club in past years.

His election to the Riverton council in 1932 marks his first appearance in local government.

THE NEW ERA

CANDIDATE FOR MAYOR

H. McILVAIN BIDDLE

Republican candidate for mayor of Riverton, to fill the unexpired term of J. Elmer Hahn, resigned.

DEWITT STEEDLE OUT FOR COUNCIL

Candidate Has Been Resident of
Riverton 42 Years, Born
in Pennsylvania

DeWitt Steedle, son of Mr. and Mrs. Morris Steedle, of Howard street, and candidate for the unexpired term of H. McIlvain Biddle as member of the Borough Council, was born in Shenandoah, Pa., in 1884. He moved to Riverton in 1892. He attended the Riverton public school, and was also a graduate of Banks Business College.

After leaving school Mr. Steedle became connected with the manufacturing company of Hale & Kilborn, Philadelphia. Later he engaged in the grocery business with his father in Riverton. Following this he held a position for sixteen years in the export department of the Keystone Watch Case Corporation, Riverside.

ROBERT W. KNIGHT COUNCIL CANDIDATE

Enters Contest on Five-Point
Platform Endorsed by
Other Republicans

Robert W. Knight was born in Philadelphia 49 years ago, and moved to Riverton after his marriage to Gertrude Wright, the daughter of Chas. A. Wright, and has resided in the borough for the past 27 years, and "Bob" says he hopes to spend the rest of his life here, as both he and Mrs. Knight cannot imagine a better place to live in.

Mr. Knight served in the Borough Council during the years of the war, and left the Council when he was appointed treasurer of the Water Company, which position he held until the company was sold in 1929. Mr. Knight is now a candidate for Borough Council on the following Republican platform:

1. No increase in taxes, but a reduction if possible.
2. Will not consent to any plan for the closing of Bank avenue.
3. Street improvements consistent with economy, with special effort to improve gutters and deep street intersections.
4. Memorial Park activities to be encouraged, and special efforts to be made to complete the lake project.
5. Leadership to be assumed by Council in an organized effort to secure lower utility rates and better transportation.

H. McIlvain Biddle, John L. Strohm, Gorham P. Sargent and DeWitt Steedle, other Republican candidates, also endorse this platform.

H. E. MOYER

who is Democratic candidate for Mayor of Riverton on a platform of opposition to closing Riverbank.

WRIGHT-DORRANCE

Only 25 members of the immediate families attended the wedding of Miss Charlotte Kelsey Dorrance, of Cinnaminson and Radnor, Pa., and William Cox Wright, of Philadelphia, on Thursday. The ceremony took place at the palatial residence of the bride's mother, Mrs. John T. Dorrance, of Radnor.

After the wedding, a reception for 300 guests was held in the drawing room of the Dorrance home. Following the reception the couple left for a wedding trip to Honolulu. Upon their return they will live in Philadelphia.

The former Miss Dorrance was attended at the ceremony by her three sisters, Mrs. Nathaniel Peter Hill, of New York, Mrs. Tristram C. Colket, of Bryn Mawr, and Peggy Dorrance, of Radnor. She was given in marriage by her brother, John.

LIFE'S DARKEST MOMENT

If some one says to a woman, "I can't tell you from your daughter," the one with the wry smile is the daughter.—Baltimore Sun.

One reason for fewer marriages is because it is getting difficult to support the government and a wife on one income.—McPherson Republican.

transportation. H. McIlvain Biddle, John L. Strohm, Gorham P. Sargent and DeWitt Steedle, other Republican candidates, also endorse this platform.

MOYER CANDIDATE ON "BANK" ISSUE

Opposition to Closing Riverbank
Platform of Candidate in
Mayoralty Contest

H. E. Moyer offers himself as candidate for Mayor of Riverton on a platform which he believes to be of vital importance to the best interests of the borough.

In announcing his candidacy, Mr. Moyer makes the following statement.

I would greatly appreciate the privilege of answering through The New Era, the question that has arisen within the past week, i.e., "Why enter the Mayoralty contest in the face of well known overwhelming odds against your winning?"

The paramount reason is, that I am unalterably opposed to curtailment or abridgment of any or all rights the public now enjoys in the use of the river bank road as a public thoroughfare.

Furthermore, I believe that an aroused and organized public opinion will cast a ballot influenced by "principles" rather than by "party" regularity; also that "ideals" will rise superior to the motto that "might is right."

Two smashing defeats answered the befogged and befuddled attempts to close portions of the River Bank as it now is, and proves that "party" labels do not mean much when opportunity presents to oppose measures that would jeopardize the habit and customs acquired during the lifetime of several generations.

From time to time reports have indicated that "special privilege" is not unknown in Riverton. It matters little whether by acts of omission or commission, the resultant devious, tortuous and subterranean methods essential to "special privilege" conflict with principles of equity to all, and is highly objectionable.

Right now there remains unsettled a River Bank issue created by a report and recommendation adopted unanimously by a committee appointed by the Town Meeting. It is proposed to "plant hedges" in parallel lines marking the boundaries of each River Bank property, at right angles with respect to the River Bank road, and continued down to the sea wall. That part of the road between Penn and Howard streets, seems to have been omitted.

This plan, if adopted, would effectively bar the use of Bank avenue road by pedestrians or pleasure vehicles. In the event this highly impracticable idea should reach council for decision, it should be "killed."

It is especially important at this time, to ascertain whether or not any aspirant for election to local office, participated in or approved of this scheme. And it is because I believe such a "set-up" to be possible, that I decided, much against my will, to take on the fight for Mayor. I am utilizing the Democratic party as a vehicle for organized opposition to the closing of Bank avenue. Had this opportunity been closed to me, I would have made the race independently of any party alignment.

Respectfully submitted,
H. E. Moyer.

MR. MOYER TO SPEAK

Among the speakers at the mass meeting to be held by the Triangle Club in the P.O. of A. Hall, Palmyra, on November 1st will be Harry E. Moyer, candidate for Mayor of Riverton.

Mr. Moyer will discuss briefly the advantages of improving Memorial Park, with its natural watercourse which could be converted into a lake, forming a beautiful setting for the splendid new residential section which could be developed on the adjacent ground sooner or later, and at the same time provide safe swimming, free from disease germs.

transportation. H. McIlvain Biddle, John L. Strohm, Gorham P. Sargent and DeWitt Steedle, other Republican candidates, also endorse this platform.

ALL SET FOR BIG TIME HALLOWE'EN

Parade Starts 7.30 in Riverton.
Many Classifications to
Contest for Prizes

Come out for a big time on Halloween Night, Tuesday, October 30. The big street parade will start at 7.30 p.m. from the Riverton Fire House, marching down Broad street to Fortnum's garage and service station, then countermarching to Palmyra Grove, where the prizes will be awarded and refreshments served. Only residents of Palmyra, Riverton and Cinnaminson will be eligible for awards. However, outside residents will be permitted in line of parade. To be eligible for awards all contestants will be requested to register at the YMCA Building, Palmyra, on the following dates:

Friday, Saturday, Monday or Tuesday, 3.30 to 5.30 p.m.

Friday or Monday, 7 to 9 p.m. When a contestant registers name and address is required. A paper with a number in large numerals is then given to the contestant, who must display the number in a conspicuous place on the costume, preferably on chest or back. No prizes will be awarded to anyone without a number.

This system of registration is planned to assist the judges in making their decisions, and contestants are requested to register early.

A large number of judges have been appointed who will be along the line of parade; however, the final judging will be made between Morgan avenue and Palmyra station, and if any individual or group wishes to put on a special stunt or act, the judges will review them at this point.

The various musical organizations of the two towns will be in the parade and the committee requests the public to refrain from interfering with the players, by throwing missiles at them, etc. The musical organizations will leave the line of parade if there is any interference, therefore please help the committee in making this parade a success.

Prizes will be awarded under the following classification:

Children's Section
Best original male, best original female, best female impersonator, best male impersonator, best female comic, best male comic, best original couple, best comic group, best original group.

Adults' Section
Best original male, best original female, best female impersonator, best male impersonator, best female comic, best male comic, best original couple, best comic group, best original group.

The general chairman of the Halloween Celebration Committee of Palmyra and Riverton is George M. Durgin. The following sub-committees were appointed and the chairman of each is as follows:

Judges—J. L. Metzgar.
Music—Ralph Rivers.
Police—Harry Shack.
Registration—Frederick Waterhouse.

Prizes and Contributions—Daniel Dailey.
Parade—Charles Peduto.
Publicity—Charles H. Yost.
Organization Contact—DeWitt Morris.

RECITAL AT MOORESTOWN
Miss Alice Herr, of Riverton, was piano soloist at a recital given in Moorestown, Tuesday evening, October 22, for the benefit of the Burlington County Hospital.

Conrad Thibault, the well-known baritone, Mlle. Doree de Merlier, of New York, danseuse, and Cora Wilson Greenwood with her original characterizations completed the program of the evening.

WANTED
The Riverton-Cinnaminson Welfare is in need of a baby pen and a couple of chairs. Please phone Riverton 284.

STOUT SOLVED ROAD PROBLEMS

Township Roads Taken Over by County With Aid of State Funds

Taxpayers in twenty-seven municipalities of Burlington county are remembering in a favorable way the thousands of dollars they have been saved through the recommendation of Road Director Charles R. Stout that the county take over about one hundred and fourteen miles of their roads and relieve them of future maintenance costs. The Freeholders made this mileage a part of the county road system after a comprehensive study by Mr. Stout of the township road problem had demonstrated that something should be done to solve the difficulty that confronted the municipalities. Mr. Stout saw a chance to provide assistance for those taxpayers whose officials were blocked in road work by a financial stringency that they did not know how to overcome.

Many of the townships had cooperated with the county in constructing important roads under the Herrick Act, which provided for state aid to townships, and then they faced upkeep costs that they were not able to handle. In addition to shortage of funds, they were not properly equipped to do the work efficiently and economically. The state allotted \$10,000 a year to each county for repair and maintenance of these Herrick Act roads on a 90%-10% basis, but this was not sufficient to take care of the mileage of township roads in Burlington county.

Through Mr. Stout's missionary work, additional allotments amounting to \$53,000 were made to this county in 1932 and 1933 for this important work. When Mr. Stout made his last report to the Freeholders on this special grant situation he said that practically all of the surplus money in the township aid fund had been used and it was questionable whether the state would be in a financial position to allot Burlington county more than the regular sum of \$10,000. Further than that, he said, unless steps are taken to relieve the municipalities the maintenance problem will become a serious burden if any work at all is done on these Herrick Act roads, or they may be allowed to deteriorate through lack of funds, and the investment of the state and the townships will be lost.

Through the passage of another enabling act affecting county road systems, there was assurance that the maintenance of the roads in question would not place any additional expense upon the taxpayers of the county if taken over, but the townships would not be able to maintain them because funds would not be available to them. His recommendation was approved by the Freeholders and taxpayers of the following municipalities were benefited: Chesterfield, Bordertown township, Mansfield, Florence, Burlington city, Burlington township, Springfield, Westampton, Willingboro, Mount Laurel, Mount Holly, Eastampton, Pemberton township, Hainesport, Evesham, Moorestown, Chester, Delanco, Edgewater Park, Medford, Shamong, Tabernacle, Southampton, Woodland, New Hanover, Bass River and Washington.

ENGAGED

Mr. and Mrs. H. A. Frantz, of 422 East Second street, Moorestown, announce the engagement of their daughter, Miss Eleanor Tague Frantz, to J. Sharpless Richie, son of Mr. and Mrs. Arthur L. Richie, of Branch Pike, Cinnaminson.

Miss Frantz is a graduate of Moorestown High School and Miss Ilman's School, Philadelphia. Mr. Richie was graduated from Moorestown High and attended the Westtown High School and Rutgers University.

No date has been set for the wedding.

It's only Wednesday, but we are convinced that the best paragraph of the week came Monday night in ex-Senator James A. Reed's speech: "Where in the Constitution is it laid down that the government may tax A in order to bribe B not to work?"—Kansas City Star.

FACTS ABOUT NEW TRAIN SERVICE

All tickets, commutation or otherwise, reading to Market Street Wharf, Philadelphia, will be accepted by conductors on all Broad Street Station trains over the Delair bridge on payment to conductor of 20c in connection with a whole ticket or 10c in connection with a half ticket. All Broad Street Station tickets are good without extra payment when used to Market Street Wharf. Unused portions of commutation tickets of any kind reading to Market Street Wharf may be exchanged for tickets with same time limitations and containing the same number of rides to Broad Street Station upon payment of the difference in fares, for that type ticket.

Conductors will be pleased to look after and give special attention to any Riverton child attending school in Pennsylvania to assure safe arrival at proper station. If a change in trains is necessary, station master at transfer point will see that they are safely transferred to the connecting train. The chairman of your local committee will be glad to assist in obtaining this service.

AVOID TRAFFIC ACCIDENTS— RIDE THE TRAINS.

Paul Barnhart, Chairman,
Transportation Committee,
Riverton Town Meeting.

TIPS ON GROWING

BY ONE WHO GREW UP IN
THE BUSINESS

Early issues of magazines devoted entirely or in part to horticulture will feature articles describing the Seed Trade's "All-American Winners for 1935" of Flower and Vegetable Seed Novelties. Flower seed winners selected from 250 trial entries in ten sections of the United States are in order of preference: Rust-Proof Antirrhinum—University of California Mixture; Klondyke Cosmos, Orange Flame; Nasturtium Scarlet Gleam, Marigold Yellow Supreme, Calendula Orange Shaggy, Zinnia Fantasy, Petunia Martha Washington, Nasturtium Bodger's Glorious Gleam Hybrids, Phlox Gigantea Art Shades.

Zinnia Fantasy, one of the Gold Medal Winners above, was on trial the past summer at our local nursery and on account of its peculiarly quilled petals attracted a great deal of notice.

Among the 1935 Vegetable Selections are Tomato Arrow, Scarlet Dawn and Burpee's Globe, Cucumber Straight Eight and Colorado Cantaloupe Sunkist, Spinach (page "Popeye") Viking, Sweet Corn Hybrid Bantam, Pepper Arrow King, Cabbage Just Right and Radish White Pearl.

The above selections will be of highest interest to all gardeners.

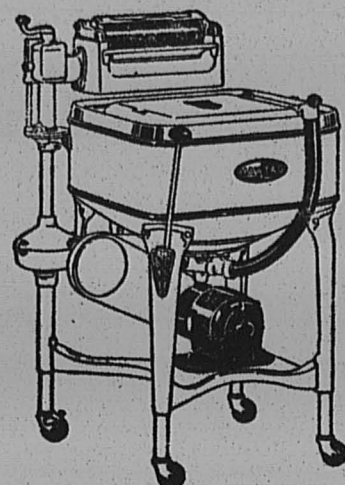

Among the most outstanding plant novelties for 1935 will be a new race of Dwarf Border Hardy Asters. These varieties, seldom exceeding a foot in height, and bloom at a time in fall when tall flowering plants are the rule. They are so symmetrical in shape, round and compact that they will be valuable for edging and for the rock garden. The plants are completely cushioned with flowers in various shades of pink or blue, and white.

The sensations of the 1934 perennial were the Hemerocallis novelties. Already even newer and more intriguing varieties are being advertised including names such as Soudan, Cinnabar, Mikado, Wauhan, Ophir, etc. Give these glorious new Day Lilies space in your garden.

GIRL SCOUT MOTHERS

The Girl Scout Mothers of Troop No. 1 of Palmyra have elected the following officers for the coming year: Mrs. Clyde Horner, president; Mrs. Krepps, vice president; Mrs. Karl Frank, secretary; Mrs. Frederick Fox, treasurer. The next meeting will be held at the home of Mrs. William Nash of Washington avenue, November 8. All women interested in Girl Scout work are invited to attend.

Short-cuts to the Dinner Table

BY VERA A. SCHNEIDER

REQUESTS, TOGETHER WITH TABLE OF EQUIVALENTS GIVEN

A number of friends have requested the table of equivalents, so I'll include those in our column today, after which I shall turn my attention to other requests that have been accumulating in a neat little stack on my desk.

TABLE OF EQUIVALENTS

- 1 Pt. equals 1 cupful
- 1 Qt. equals 4 cupfuls
- 3 teaspoonfuls equals 1 tablespoonful
- 60 drops equals 1 teaspoonful
- 2 tablespoonfuls of butter equals 1 ounce
- 1 square chocolate equals 1 ounce
- 4 tablespoonfuls flour equals 1 ounce

These are the equivalents that come up in every day cooking. There are others which we do not need so frequently. The information, of course, is nice to have, but I'll give it to you some other time. Right now I must take care of a fair visitor from California—a Mrs. Clark. Mrs. Clark is visiting her son and while here wishes to make for him Shrewsberry cakes. Here is the recipe, and I might add that these ingredients make about six dozen cakes—or rather cookies—and they have a very distinctive flavor.

SHREWSBERRY CAKES

- 2 cupfuls sugar
- 1 teaspoonful nutmeg
- 1 teaspoonful mace
- 4 cupfuls flour
- 4 teaspoonfuls rosewater
- 4 eggs
- 1/2 cupful melted butter—approximately

Mix and sift the dry ingredients. Beat the eggs until light and add the rosewater. Combine with the first mixture and add as much of the melted butter as is necessary to make a stiff dough. Roll the dough in waxed paper, having the roll about two inches in diameter and chill overnight in refrigerator. Cut in thin slices and bake on buttered cookie sheets in a moderate oven for about 12 minutes.

You will be interested to know Mrs. Clark that the recipe for these

cookies originated way back in the year 1790.

And now I have another request. This is for Mrs. Emma Shelly, and Mrs. Shelly has requested a batter for chicken. The recipe I am giving you will make sufficient batter for a medium sized chicken and calls for:

- 1 1/2 cupfuls flour
- 3 teaspoonfuls baking powder
- 1/2 teaspoonful salt
- 1 egg—well beaten
- 1/2 cupful milk

Mix and sift the dry ingredients. Mix the egg and milk together and combine with the dry ingredients. Dip each piece of chicken in the batter and fry in deep fat until brown. The chicken must, of course, have been cooked until tender before dipping in the batter, for it will take only a short time to cook the batter until it is a golden brown which would not be sufficient to thoroughly cook the chicken.

One more request this morning and this comes from Mrs. M. C. Woods, who wished to know how to cook liver. Liver, you know, is a delicious dish when cooked properly, but it certainly loses all its delicacy when it is not. I'll tell you how to broil liver, Mrs. Woods, and if you'll follow the simple directions, I'm sure you'll be pleased with the result.

Have the amount of liver required cut in thin slices, slash it, that is, at the edges cut the liver about a half inch deep so that it will not curl, then brush it with melted butter and place it under the broiler. Broil it rather slowly so as to be sure it is thoroughly cooked. Turn it, of course, so that it is cooked on both sides. Serve garnished with bacon curls and a sprig of parsley, or you might mince the parsley and sprinkle it over the top.

WILL INSTALL OFFICERS Cinnaminson Lodge, No. 201, I. O. O. F., Palmyra, will install its newly elected officers Friday evening, October 29, in the lodge rooms, Society Hall.

District Deputy Norman E. Williams and his staff, of Merchantville, will have charge of the ceremony, following which, a rehearsal will be held for the first degree.

All members are urgently requested to attend, as this will be the last rehearsal before the date set for the degree to be conferred on several candidates.

We carry our greatest enemies within us.

CAREY CORK INSULATED SHINGLES

**EXTRA
VALUE
without
Extra Cost**

Houses are cooler in summer and warmer in winter when protected by Carey Cork Insulated Shingles, and the attractive colors and unusually heavy body add greatly to the appearance of the building.

Are these superior shingles costly? On the contrary, they are money savers, costing much less than ordinary shingles plus the price of separate roof insulation. Let us show samples and quote prices.

FROM THE EDITOR OF THE AMERICAN BOY

During the coming year, the boys of America will get a half-fare rate to adventure and fun! THE AMERICAN BOY—YOUTH'S COMPANION, the nation's leading magazine for boys, formerly \$2.00 a year, now costs \$1.00. A three-year subscription previously \$3.50, costs only \$2.00.

Griffith Ogden Ellis, editor of THE AMERICAN BOY, brings boys the hearty assurance that the new prices will in no way affect the editorial contents of the magazine.

It will be as large, as beautifully printed, as full of high-spirited adventure as ever.

"THE AMERICAN BOY's leadership has been no accident," Mr. Ellis states. "We publish the magazine on the firm belief that boys deserve a magazine as good as any publication for grown-ups. So we use the best illustrators obtainable—well-known artists who work for the biggest magazines. We send our staff writers all over the country digging up the interesting facts of science, interviewing world-famous explorers, talking to coaches and athletes.

"We encourage and assist our

writers to go everywhere for material—to Haiti, Africa, the South Seas, China—and bring back adventure for American boys. We hire experts on hobbies and boy problems to advise boys and young men. These steps account for our position as the quality magazine for boys, and we shall continue to take them."

Twelve issues of fun and excitement for \$1.00! Three years for \$2.00! Spread the news among your friends—and send your own subscription direct to THE AMERICAN BOY, 7430 Second Blvd., Detroit, Mich. Service on your subscription will start with the issue you specify.

Efficiency—At the Expense of Liberty

In a recent address, Edward Howard Griggs, of the Brooklyn Institute of Arts and Sciences, commented on the many economic advances made in Italy under the dictatorship of Mussolini. He then said: "It will take Italy a hundred and fifty years to get back that freedom she had before Mussolini, if she gets it back! I think that is a tragic price to pay for economic efficiency."

That is the point of view that should govern our thoughts and our actions in these troublesome times. Plato wrote that the way to get the most efficient type of government was to appoint a tyrant, and give him unlimited power and a free hand. At various times in world history that has been done—and in exchange for efficiency, the peoples of the nations subjected to tyrannical rule have lost all freedom, all liberty, all that the great humanitarians have fought for. Victory over economic adversity was dearly won.

Today, all over the world, there is an undoubted turn toward dictatorship. Of all the great nations, we only, with the exception of England, have been at all successful in maintaining democratic principles. And there is great danger that in our haste to better our lot economically, we will permit the weakening or destruction of those principles—that, in seeking efficiency in the routine of living, we will lose our freedom.

Nations cannot be governed now precisely as they were a century ago—but the basic principles of individual, industrial and governmental conduct that obtained then are as true as they ever were. Necessary change can be effected, not at the expense of those principles, but with their aid.

And the tragic part of it is, that in spite of all the rights and privileges the American people have waived as an "emergency measure" to rout the depression, recovery does not materialize—notwithstanding the billions that have been spent "priming the pump."

The "business index" published by the New York Sun on October 8, showed business the country over to be not quite so good as it was a year ago.

Taxes

A major issue at this time is the state of government finances. The tax problem, which has always been with us, has grown amazingly during the last few years. Depression, which increased the need for relief expenditures of one kind and another, intensified it.

Latest forecasts point to a steady rise in government spending during the current fiscal year. When the last fiscal year came to an end on July 31, the deficit amounted to \$4,000,000,000. It is said that government fiscal officers anticipate that expenses for the current year will amount to about \$10,000,000,000. One the basis of estimated income, that means that we will have a federal deficit of around \$6,000,000,000 when this fiscal year comes to a close.

One of the things that has thrown Administration figuring out of line is the drought. A total of \$525,000,000 is now available for relief, but many believe that it is not sufficient. It is felt that the Government will have to appropriate still more money to help drought sufferers, and some are of the opinion that at least \$800,000,000 will be necessary.

"There are 1,802 municipally owned electric plants in the United States. It has been estimated that if these plants were privately owned they would pay in this year about \$17,500,000 in taxes."—Herbert Corey.

"We must encourage the growth of the service and luxury occupations which our civilization can so richly afford. Our thought and planning should then go to better distributing these goods—not preventing their production."—R. F. Flanders, Industrial Advisory.

A good citizen isn't one who hires shrewd lawyers to help him evade paying his just taxes toward the support of the government whose protection he expects.

CHURCH NEWS

SPECIAL ARMISTICE DAY SERVICES

Christ Church, Riverton, Has Arranged Special Service for Legionnaires

A special Armistice Day Service will be held at Christ Church Riverton, Sunday, November 11, at eight p.m., and the rector, the Rev. Francis B. Downs has extended an invitation to have one or more of the Drum and Bugle Corps which will be in town for the celebration being held on that day to attend these services in a body.

This invitation has been accepted by the committee in charge of the program for the day and necessary arrangements are being made. Tentative plans call for the unformed organizations to form outside the church and march into the edifice where a number of pews at the front will be reserved for them. The services will be limited to one hour. Further details will be announced at a later date.

The plans for the entire celebration have been officially approved by the special committee of the Riverton Council composed of Messrs. Stroblin, Biddle and Cunningham, and those in charge of the celebration state that all necessary arrangements have been made to insure the success of the event.

CALVARY PRESBYTERIAN CHURCH

Rev. Charles T. Bates, Pastor
Services next Sunday will be held as follows: Church School at 9:45 a.m.; morning worship at 11 a.m.; midweek service will be held Wednesday evening at 8 o'clock.
A cordial invitation is extended to any in the community who have no regular church home, to enter into the worship and fellowship of this church.

CHRISTIAN SCIENCE CHURCH
"PROBATION AFTER DEATH" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, October 27.

The Golden Text is: "The last enemy, that shall be destroyed is death" (1 Corinthians 15:26).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Beloved, think it not strange concerning the fiery trial which is to try you, as though some strange thing happened unto you: But rejoice, inasmuch as ye are partakers of Christ's sufferings; that, when his glory shall be revealed, ye may be glad also with exceeding joy" (1 Peter 4:12,13).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The baptism of Spirit, washing the body of all the impurities of flesh, signifies that the pure in heart see God and are approaching spiritual Life and its demonstration. It is easier for a camel to go through the eye of a needle, than for sinful beliefs to enter the kingdom of heaven, eternal harmony. Through repentance, spiritual baptism, and regeneration, mortals put off their material beliefs and false individuality" (p. 241).

"TELEPHONE" CAKE SALE

The Service Troop Boy Scouts No. 9, Palmyra, will hold a cake sale this Saturday, October 27. The boys are holding this cake sale in order to purchase garments for the Palmyra Branch of the Needlework Guild. This will be a "Telephone" Cake Sale. Anyone wishing to buy a cake will please get in touch with Scoutmaster Weigand, Riv. 939-W, or with Assistant Scoutmaster Bailey, Riv. 926. The cakes will be delivered. The orders should be given to the leaders before Saturday.

YOUNG PEOPLE TO DISCUSS ALCOHOL

"Alcohol" Subject of Young People's Forum at M.E. Church Sunday Night

On Sunday evening at 7:45, a different type of service will be held in the form of a Young People's Forum. Instead of the usual preaching service the alcohol problem will be discussed. The three Epworth Leagues will be present in a body to assist in the discussion.

There will be a brief service of worship, after which a recognized leader on this important question will speak for about fifteen minutes. The balance of the hour will be given over to questions and discussion of the subject. Everyone will have an opportunity to make their contribution, to ask any question or present any problem that might be puzzling concerning the question.

While this is called a young people's forum and the bulk of the service will be conducted with youth in mind, their elders will be welcomed and given an opportunity to make their contribution. The young people's organizations will have special pews reserved for them and any young people of the community are invited to sit with them.

The pastor of the Epworth Methodist Episcopal Church is planning a like service one Sunday evening each month upon a topic of vital interest to youth. Your help in finding a Christian solution to the great needs of our day will aid in making our community and the world a better place in which to live.

MORAVIAN CHURCH

Albert J. Harke, B.D., Pastor

Next Sunday will be observed as a Day of Prayer and Supplication in all our services. Let us humble ourselves before God in confession and repentance, and pray for God's guidance in these trying days. Become an intercessor for our country and its people.

9:30 a.m. Sunday School.
10:45 a.m. Morning Worship. Sermon: "Prevailing Prayer—Moses for Israel." Application for our times.
6:45 p.m. Christian Endeavor prayer meeting.

7:30 p.m. Evening service of song and prayer. Sermon: "For Such a Time as This." Our Girl Scout Troop will attend this service as a part of their observance of Girl Scout Week.
Monday at 7:30 p.m. The weekly meeting of the Men's Club.

CENTRAL BAPTIST CHURCH

Rev. George Lockett, Pastor

If the first few weeks' attendance in the new year of the Sunday School fortells the interest that will continue through out the year, Central Baptist will have broken all records. The school was filled to overflowing, with enthusiasm running high for the events of the Fall and Winter months.

Pastor Lockett is attending the Baptist Convention but will be in the pulpit on Sunday morning and will have as his subject, "Our Baptist Heritage." Service starts at 11 o'clock.

The choir has prepared a Special Reunion program for the evening service at 7:45 o'clock. Some of the former choir leaders will direct the choir in the several anthems that appear on the program. (See advertisement elsewhere in this paper.)

A special invitation is extended the public to all those especially who have no church affiliations, and visitors in our communities. The musical selections will be as follows:

"Even Me," Warren, directed by Mrs. Carolyn Carty.
"The Lost Chord," Sullivan, directed by Pastor Geo. Lockett.
"By Babylon's Wave," Gounod, directed by J. Russel Jermon.
"Great and Marvelous," Turner,

HOW NEEDLEWORK GUILD OPERATES

The Needlework Guild of America has been rightly called "The Charity that Helps All Charities."

The Palmyra Branch of this organization has a well defined plan which it follows in distributing garments. First, the needs of the private cases are filled. By "private case," the organization means those less fortunate, but not under the supervision of the local welfare association. Next, the needs of the Palmyra Ambulance Association, Red Cross Loan Closet, Nurse's Closet, High School Nurse's Closet are supplied.

Then, garments sufficient to meet the local need throughout the year are put in the "Home Relief" bags. These garments are at the disposal of the local nurses and doctors for use wherever the need may be.

The following County institutions are also on the organization's list: Burlington County Almshouse, Attendance Department Children's Home, Home for Aged, Hospital, Pine District Mission, Tuberculosis Society.

The annual gathering of the Palmyra Branch is to be held Thursday, November 8.

ROTARY HEARS OF TETRAETHYL LEAD

Known in Germany Many Years Ago; Rediscovered Here in 1921

A most interesting description of the chemical process required to manufacture tetraethyl lead for use in gasoline was presented to Palmyra-Riverton Rotarians, Thursday evening. Mr. Atwood Collins, of Pemberton, was the speaker who held their unflinching attention on this unusual subject. He showed a thorough knowledge of the intricate operations performed, and outlined clearly the path of the product from the raw materials to its commercial state.

Tetraethyl lead, said Mr. Collins, was first discovered in Germany many years ago, but since there was no known use for it, it remained merely a formula in the files of some chemist. A seven-year search in this country, under the direction of C. F. Kettering of the General Motors Corporation, resulted in its rediscovery in 1921. Thirty-three thousand chemical combinations were prepared before tetraethyl lead was hit upon as a satisfactory substance for eliminating knocks in high-compression motors. Other compounds would work, but were harmful in some respect or other to the engines; iodine was one of these.

The commercial manufacture of tetraethyl lead gave impetus to the development of automobile engines. They could now be made much more powerful, although the actual size was but little larger. DuPont, General Motors and the Standard Oil Company of New Jersey formed a company to market it. Their factories are in New Jersey.

Mr. Collins next described the complete process, telling the club members of steam-heated vats, great stills, grinders, cooling pipes, agitators and many other pieces of apparatus that sound complicated to the layman. He was able to do so, however, in a manner which enabled his audience to follow him step by step, and left them much better informed about one of the important power fuel ingredients of the day.

President Hulse reported that the one member absent last week had made up his attendance, thus giving Palmyra-Riverton another 100% meeting.

YOUNG REPUBLICAN DINNER-DANCE

State Chairman and State Vice Chairman Among Invited Guest Speakers

Plans are progressing rapidly for the Young Republican dinner-dance which is to be held in the Moorestown Community House on November 3, 1934.

The State Chairman Albert Herman and State Vice Chairlady Dolly Madison have been invited and are expected to attend.

Delegations from Cumberland, Salem, Mercer and Camden counties are expected. Harvey Wallace, chairman of the Cumberland County Unit, and Minnie McManna, state associate chairlady from Mercer county have signified their intentions of coming.

The Young Republican movement has spread rapidly throughout New Jersey as indicated by the fact that there are 18 counties organized with a total membership of 100,000.

Commissioner Harold G. Hoffman, Republican gubernatorial candidate, left this thought with the Young Republicans at a recent gathering in Cumberland county, "Stick with your party when it is right; when it is wrong, make it right." The Young Republicans say this is the spirit which motivated their organization.

The dinner will be served by Mrs. Fitzgerald, the popular caterer of Moorestown.

Music for dancing will be furnished by Andy Nelson's orchestra, composed entirely of Burlington county boys. This music was secured at the request of many who attended previous Young Republican functions. The dinner-dance will be informal.

REPUBLICAN TOUR OF COUNTY NOV. 5

Cavalcade Will Visit Prominent Towns. Free Lunch at Riverside

Burlington county Republicans will have their pre-election tour of the county on Monday, November 5, under the auspices of the County Committee. This year's demonstration will be more attractive than the tours of some former years. The Republicans are enthusiastic and it's a sure thing that they are going to turn out in large numbers and assist the candidates in presenting their claims to the voters. The speakers will be Hon. Hamilton F. Kean, candidate for United States Senator; Hon. D. Lane Powers, candidate for Congressman; Hon. Harold G. Hoffman, candidate for Governor; Hon. Clifford R. Powell, Senator of Burlington county; Hon. Marcus W. Newcomb, candidate for Assemblyman; Lawrence G. Mingin, candidate for County Clerk; Charles R. Stout and Albert C. Jones, candidates for Freeholders.

The Hoffman Band, one of the musical sensations of the state, the organization that made such a hit at last week's Republican rally in Mount Holly, will be on the trip the entire day and treat the people to plenty of its fine music.

The tourists will assemble at the court house at 7:30 o'clock in the morning and leave at 8:00 o'clock, and the line of parade will be as follows:

	Ar.	Lv.
Mount Holly	7:30	8:00
Pemberton	8:15	8:25

MEN'S CLUB TOLD ABOUT RUSSIA

Alfred Bauer Tells of What He Saw On Recent Visit to Russia and Germany

On Monday evening, October 22, the Men's Club of Palmyra and Riverton held its regular monthly meeting in the parish house of Christ Church.

The principal speaker was Alfred Bauer, assistant manager of the foreign department of the Philadelphia National Bank.

Mr. Bauer told us of his recent trip to Russia and Germany, and corrected some wrong impressions we had of these countries. While his travels in Russia were not as extensive as those in Germany, he had many interesting accounts of his experiences there. We, in this country, were of the impression that most of the churches of Russia were destroyed after the rule of the Czar, but Mr. Bauer found many beautiful churches still there and well kept. The palace of the Czar is still preserved as it originally was when occupied by the Russian rulers.

In Germany he found conditions much better than we supposed, and most of the people are supporters of Hitler, who is doing his best to make the people happy. Mr. Bauer had the privilege of attending the Passion Play given at Oberammergau and was impressed with the loyalty and devotion of the people there.

Rex McCrosson spoke on the workings of the Emergency Relief Administration. He told us of the methods used to do the work efficiently and the big job that was theirs to keep those accepting help happy and in the proper frame of mind with the end in view that they emerge from the depression still sound in body and mind.

We were entertained with several numbers by Mr. Hudack's artists. Next month we expect to have the forum.

Corresponding Secretary,

Difficulties mastered become stepping stones.

RED CROSS DRIVE IN RIVERTON

Riverton's Quota is 425. Miss Marian S. Biddle Heads Committee Corps of Assistants

The Red Cross drive for membership in Riverton has been launched under the direction of Miss Marian S. Biddle. Her assistants are Audre Earp, Helen Elliott, Elizabeth Elliott, Elizabeth Ridley, Edith Ridley, Alice Parrish, Dora Parry, Elizabeth Hunn, Dorothy Johnson, Mrs. H. Sheble, Mrs. Arthur T. Hagstoz, R. Coale, Lea Warner, Mrs. Siddal, Alice Lippincott, Susan Lippincott, Eloise Boyer, Elizabeth Shoemaker, A. Hahl, Mary Tyler Lippincott, Mrs. J. D. Clark, Willis S. DeLaCour, Edward Lippincott, Mrs. W. Wilson, Alice Harwell, Sharpless Richie, Anna Coale.

The quota for Riverton is 425 members, and Miss Biddle requests that men residing in Riverton register here instead of in Philadelphia or elsewhere.

During the past year the representatives of the Red Cross actually went into more than one-fifth of the homes in the United States taking material and practical aid. When you consider that the dollar membership fee lessens by so much, the state's burden of welfare work, and to that extent lowers the individual tax rate, it becomes evident how vital the proper functioning of the Red Cross is to every individual.

REPUBLICANS HOLD MASS MEETING

State, County, Local Candidates Address Audience in Public School Auditorium

A Republican mass meeting was held in the Riverton school auditorium Wednesday night, under the auspices of the Citizens' Forum with the cooperation of the Riverton Republican Club, Inc. Many speakers of County and State political prominence were on the program.

Those who addressed the audience were Hon. D. Lane Powers, Congressman from the 4th Congressional District; State Senator Clifford R. Powell; Freeholder Charles R. Stout; Prosecutor Howard Eastwood; Assemblyman Dr. Marcus W. Newcomb; Albert C. Jones, candidate for Freeholder on the Republican ticket; Mrs. Elizabeth H. Terry, former State Committeewoman; Sheriff George N. Wimer and Mr. H. C. Moffett, speaking for Harold G. Hoffman who was unable to be present.

Local candidates on the Republican ticket who spoke were: H. McIlvain Biddle, candidate for Mayor; Robert W. Knight, candidate for the unexpired term of H. McIlvain Biddle, resigned for council; Gorham P. Sargent, candidate for re-election to council and John L. Strohl, candidate for the unexpired term of Frank J. Holvick.

The county and state speakers confined their remarks for the most part to a discourse on the evils of the present Democratic regime.

Robert Knight outlined a brief platform which included lower taxes, preservation of the people's rights on the river bank; continued development of Memorial Park; the project of a lake adjoining Memorial Park and lower utility rates.

Flowers were presented to Mrs. Terry by the Citizens' Forum.

FASHION SHOW AT PORCH CLUB

Mary Sheldon Roberts, of Moorestown, will furnish the gowns for the fashion show which the Porch Club Juniors are sponsoring on Tuesday, October 29th at 2:30.

Members of the Junior and Senior Clubs will act as models, and there will be tea and music.

Guest tickets as usual are 25c.

We've heard of dancing, swimming, running, eating and sitting marathons, but as yet no one has suggested anything like a working marathon.—Atchison Globe.

Today, the essence of economic stability and progress is no longer competition, but cooperation. —Horace Holley.

"NO WORK, NO EAT" RULES ERA HEAD

Relief Will Be Withheld from Applicants Who Refuse Employment

State relief recipients who refuse to accept offers of a job at a fair rate of pay will be barred from receiving further relief. This was the official ultimatum of the State ERA Administrative Council after reaching an agreement with the National Reemployment Service to cooperate in enforcing the mandate.

Under a close working arrangement with the Reemployment Service, the relief administration will require all people who are now on relief to register personally with the employment service, if they have not already done so. New relief applicants will also be required to register before they may be placed on the relief list.

While the Reemployment Service will not attempt to give available jobs to all relief clients ahead of other unemployed persons, those on relief will be given work opportunities based on the ratio of the State relief case load to the total number of registered unemployed.

Refusal to accept work opportunities offered by sources other than the Reemployment Service will also result in the relief ban, the order states, although the rate of wages offered to relief clients by other sources will be certified to by the Service as being up to the prevailing rate.

State relief officials while averring to rigidly enforce the "no work, no relief" policy, placed emphasis on the fact that no relief client would be expected to take a job at wages lower than the rate prevailing locally for the type of employment offered.

POLICE START DRIVE ON ALL- NIGHT PARKING

Car owners in Riverton who are using "California garages" are candidates for the "\$5.00 club."

In a drive to break up the habit of parking cars on the highway all night without lights, the Riverton police department placed warning tickets on twenty-one automobiles Monday night.

Tuesday night none of these cars were found on the streets. Three other cars were found Tuesday night and tagged.

Wednesday night five cars were found, four of which had not before been parked on the streets.

Wednesday night a car bearing Camden county tags, which had been parked on the street since early evening, was picked up by the police and taken to a garage. It was later learned that the car was owned by a man living in Philadelphia.

Those leaving cars on the street in the early evening are especially requested to have their parking lights burning in order to insure the safety of other motorists using the highways.

This drive for safety is not a local measure originating with the borough council or the police department. All of the provisions being enforced are contained in the state motor vehicle laws.

PALMYRA PLANS STREET PROGRAM

Borough Council Applies for \$50,000 Slice of State Fund of \$100,000

Palmyra Borough Council Tuesday evening voted to apply to the state highway department for \$50,000 worth of improved streets under the plan whereby the state pays 90% of the cost of such work.

Should the entire sum be granted, it would be sufficient to build seven miles of new gravel streets with a bituminous treated surface, similar to the surface now being applied by the county to the river road between Riverton and Riverside.

The gravel base would extend from curb to curb, while the bituminous surface, similar to rough cast asphalt, would be limited to 20 feet under the state plan. If the borough wished to extend the surface from gutter to gutter, the additional work would have to be done entirely at local expense.

State Allotment \$100,000
The total fund allotted to Burlington County for this type of state aid is \$100,000, and just how much of it Palmyra can obtain is a matter yet to be ascertained, but members of borough council thought the offer was such a wonderful opportunity to rebuild Palmyra's streets at small expense that they applied for half the entire fund available in this county.

Mr. Grimm, representing Borough Engineers Remington and Vosbury, explained the plan to council and asserted that it would be possible no doubt to finance the borough's 10% of the cost very easily. Most likely, he said, the contractor would accept the borough's note for this amount, which could be paid back when the small assessments against the property owners were liquidated.

Moreover, if for some reason the borough does not wish to proceed with the work after the fund is granted by the state, it is not obligatory that the project be carried out.

Preliminary Steps Taken

Members of council thought that it would be best to find out whether the people of the town would be willing to go into the proposition, before committing themselves definitely. But it was necessary to make the application for the fund before November 1, so the preliminary step was taken, and citizens in general are requested to discuss the proposal with their councilmen during the next few weeks.

In case the borough's 10% is assessed against the property owner, the cost per lot of a permanently improved street would be ridiculous.

The total cost of the type of street planned is about \$7,000 per mile, (\$280 feet) and the borough's share would be \$700 per mile or about \$3.50 per 50-foot lot frontage. In case it were decided to extend the surface coating to the gutters at local expense, of course the cost per lot would be higher, and council will want to know which plan the property owners prefer. This question can be decided, after the state department acts on the borough's application.

Will Fight Bridge Co.

Mr. Collins, representing a bond company which holds several thousand dollars worth of Palmyra's municipal bonds, was present to urge that the borough obtain expert legal aid in its fight with the bridge company over taxes. Mayor Lamon and the councilmen agreed heartily with this suggestion and will take immediate steps to protect the borough's interests to the fullest extent.

H. B. Williams presented to council a deed for the lower end of Fillmore street, a new street which he has allowed to be cut through his property near the S-41.

Trouble With New Lights
Councilman Thomas reported on troubles he has been experiencing in getting the new lighting system properly installed. The Public Service Company, because of pressure brought to bear by the telephone company, had changed the elevation of most of the new lights, making them so high from the ground that the effectiveness of the lighting was reduced.

This was done, Mr. Thomas said,

PROHIBITION BY EDUCATION NEARS

Mrs. Nina G. Frantz, State President, Sees Return of Prohibition Within Decade

The main aim of the W.C.T.U. is the return of Prohibition solely through the use of education. So declared Mrs. Nina G. Frantz, state president of the organization, at the sixtieth annual state convention held in the Haddonfield Presbyterian Church this week.

"Everything that is done by the W.C.T.U. and everything that we aim to do is along the lines of alcohol education," Mrs. Frantz said. "The union is interested in the uses of alcohol outside the body, and we feel facts to prove that it is more useful outside than inside human beings."

"I firmly believe that Prohibition is already on its way back, although repeal has not been in force a year yet," the state president said in answer to a question on her personal beliefs.

"The complete failure of repeal is due to the inability of those interested in the liquor traffic to keep their promises, every one of which has already been broken. People now realize, since repeal, the benefit Prohibition really was and I feel confident that dry laws will receive better support in the future."

Mrs. Frantz said she expected national dry legislation to be in effect in another decade. "The desecration of the Sabbath Day and dog racing are only a few of the evils which followed in the wake of the resumption of the liquor traffic," she said. "Prohibition will return by popular demand and when it does it will be here to stay."

OBITUARIES

WILLIAM J. LOVELL

The funeral of William J. Lovell, who died on October 8, and who for over fifty years was owner and editor of the Moorestown Chronicle, was held at Trinity Episcopal Church, Moorestown, Saturday afternoon, October 13, at 1 o'clock, when the office for the burial of the dead was said by Rev. Edgar L. Sanford, 2nd, rector of the church assisted by the Rev. Dr. Shackelford Dauby, minister of the First Presbyterian Church, and dean of the clergy in Moorestown. A vested choir, under the leadership of Mrs. Kate J. Aitken, at the organ, sang the hymns. The burial was in St. Peter's Episcopal Churchyard, Spotswood, N. J., beside his wife, the late Mary Virginia Kester Lovell; the commitment being by the Rev. Father William T. Morgan, rector of that parish.

Mr. Lovell was 82 years of age, and the oldest newspaper man in Burlington county, both as to age and in years of service.

Forty-five years ago, before The New Era had its own plant, this paper was printed by Mr. Lovell for nearly two years.

Without his knowledge or consent, and he has insisted that the lights be lowered again to the proper height. This matter has delayed the turning on of the lights which was scheduled for October 1.

Will Demand Reduction

Meantime, members of council pointed out, the Borough has been losing the saving in lighting cost which was expected from the new system. It was decided to demand of the Public Service Company that the new lights be in operation by November 1, and that the borough will insist upon a reduction in the lighting bill for October to compensate for the saving expected.

Three Palmyra firemen were sworn in as members of the fire police. Since Borough Clerk Spencer was one of the three, Mayor Lamon administered the oath. The other two new fire policemen were James H. Jenkins and W. Russell Dilks.

According to one New England politician with a flair for figures, for every vote cast for Louis J. Brann, Democratic candidate for governor of Maine in the recent election, \$345 has been expended by the present administration at Washington for public work, relief, etc., in the Pine State.

RIVERTON

Mr. and Mrs. L. Brewster Jackson are entertaining relatives from Massachusetts.

Miss Jean Klecklin has moved from The Maples to Lippincott avenue.

L. J. Meunier, of Linden avenue, left Friday on the S.S. Bremen for a six weeks' trip in Europe.

Mr. and Mrs. William F. Bilyeu have moved to Flushing, Long Island.

Mr. and Mrs. W. L. Caskey were Sunday visitors in Atlantic City.

Mrs. Emma J. Rogers, of Philadelphia, spent Wednesday with Mrs. D. M. Clifton.

Mr. and Mrs. S. L. W. Field, of Fourth street, are visiting their daughter Margaret, who is employed in Chicago, and will visit the World's Fair while they are out there.

The Misses Clara and Francis Bishop have returned to their home on Thomas avenue after spending two weeks in Atlantic City.

Mrs. Killam E. Bennett, formerly of Riverton, was the guest of Mrs. Nathan Lane on Tuesday. Mrs. Bennett, who has been in California, will spend the winter in New Orleans.

RUMMAGE SALE

The Junior Philathea Class of the Central Baptist Church will hold a rummage sale at 107 West Broad street, Palmyra, Saturday October 27.

CASH RELIEF FOR THOSE WHO WORK

Up to October 15, ERA Paid Out \$2,667,687.77 in Relief Checks

Adoption of the cash system of providing relief has become so widespread in the State that only two counties have not yet requested the permission of Executive State Director Lewis Compton of the Emergency Relief Administration, to use it instead of the food-order method.

Of the other nineteen counties, sixteen are operating the cash relief plan in all municipalities which the ERA serves. Monmouth and Camden had deferred action until this month but the former has received authority to initiate the plan this week and it is understood Camden will do so next month. The cash plan is in effect in part of Sussex County, covering the two largest municipalities, Newton and Franklin, and Stanhope and Hopatcong boroughs.

While the food order plan had been developed into a futile field for agitation, it also had been the belief, for a long time previously, of many within the ERA organization that the cash plan would be the better, both in maintenance of the morale of clients and in developing the work program.

The decision was then made to give honest trial to the opinions of the plan's advocates. Incidentally, the plan would also put recipients of relief on trial as to their ability to provide properly for themselves through the medium of the work program.

The food element of relief is provided on a cash basis for only those who co-operate with the Administration's work program—others are now being returned to food orders

at a reduced rate. The cash plan is only for those who are involuntarily unemployed. At present over 50,000 employable heads of relief families are working for their food relief.

Since the cash system was adopted, the ERA had paid out to October 15, a total of \$2,667,687.77 through the distribution of 246,704 checks. The checks are given to the heads of households twice each month.

In Burlington county from August 15 until October 15, 1,438 checks were distributed, aggregating \$15,271.

LEISURE TIME COMMITTEE

The committee in Palmyra and Riverton working in conjunction with the Leisure Time Division of the Burlington County ERA held a meeting Friday in the YMCA building.

Plans were discussed, but no definite action taken. Another meeting is called for Friday, October 26, at 7:30 p.m. in the Y building. At this time, definite plans will be formulated in which the whole community may participate.

IN FLORIDA

The members of the Palmyra Drum and Bugle Corps who attended the national convention at Miami, Florida, this week are: Drexel P. Patterson, president; Harry Groome, vice president; Frank Klemm, drum major; William Unley, Harry J. Freck, Russell Smith, Frank Matthews, and Mr. and Mrs. John Whomsley and family.

DESIGN FOR LIVING — Simplified

When others of her set are worried about dinner, she's deep in a book or off on a jaunt in the crisp autumn air—

How does she do it?

She has her design for living simplified by the use of automatic gas service. Her automatic gas range cooks her meal without her presence; her automatic gas water heater keeps plenty of hot water on tap without her attention; the automatic gas refrigerator protects her food-stuffs; gives her plenty of ice cubes for refreshments; or freezes a dessert for dinner; her automatic gas furnace gives her clean healthful heat at constant temperature without shoveling coal or wrestling with the furnace.

Call on Public Service to help simplify the household tasks of the home-maker. There are many ways in which automatic gas service can reduce the burdens of housekeeping.

For a small monthly charge you may enjoy many benefits which automatic gas service brings to the home.

PUBLIC SERVICE

BIG SHOTS AT BALL SHINDIG

Big League Players Guests of Local Teams at Shindig Monday Night

Joe Medwick, the recipient of a shower of fruit and pop-bottles in the late world series, will be in attendance at the third annual playground baseball league "shindig" to be held in the auditorium of the Riverton Fire House, Monday evening, October 29th.

He is but one of the stellar attractions which the committee has planned for the complete entertainment of the usual crowded audience. Others who will attend are: "Goose" Goslin, Jimmy Dykes, Hans Lober, Jimmy Spalding, Ira Thomas and "Lena" Blackburne.

Those who attended the "shindig" last year well remember Count Zim-bi-faki, head of the Moscow highway department, whose talk provided a bright spot in the evening's entertainment. Another such artist will be in attendance next Monday evening whose ability to entertain along different lines is equally acknowledged.

Tickets for the event are selling like hot cakes, and "Dick" Steedle in the post office predicts a complete sell out before Monday.

Walter K. Woolman, donor of the silver loving cup this year, will be on hand to make the presentation to a representative of the Bankers' team—the 1934 league champions.

The "eats" committee is quietly trying to corner the market on sandwich materials while another is planning to secure the coffee franchise.

The event this year is being held as a testimonial to J. Elmer Hahn, the recently resigned Mayor of Riverton, who was the father of the Memorial Park Playground Baseball League, and whose interest and effort in its behalf carried the league through to a highly successful beginning.

Ex-Mayor Hahn has promised to attend and join in the festivities of the evening.

Music, possessing irresistible qualities, enough to make King Tut shake a leg, will add to the merriment of the evening.

Fred Conway, the "Judge Landis" of the local league, has his committee functioning well, and those holding tickets can sit back and rest assured that the affair will be bigger and better than ever.

PHYLLIS WHEATLEY P. & A. RECEPTION

The annual reception of the Phyllis Wheatley Parent-Teacher Association of Westfield School No. 4, Cinnaminson Township, will be held Friday evening October 26, 1934, at 8.15.

All parents and friends of the school are invited and urged to attend this meeting in order to become acquainted with the work of the school and the plans of the PTA Association. A short program will be rendered previous to the reception hour.

Bus transportation will be provided at 7.30 p.m. on regular routes. Publicity Chairman.

HALLOWE'EN PARTY

The Junior Philathea Class of the Central Baptist Church is planning a Halloween masked party to be held at the home of Mrs. E. McLaughlin, 806 Washington avenue, Monday evening, October 29. Members and friends of the class are cordially invited to attend.

PUBLICITY LUNCHEON

Dr. J. J. Savitz, of the State Normal School at Glassboro, will be the guest speaker at the publicity luncheon of the Burlington County Parent-Teacher Association at Medford Lakes, Saturday, October 27. Short addresses will also be given by Mrs. Walter L. Bowen, vice president of the N.J.C.P.T.A., Mrs. Arthur T. Hagstoz, State membership chairman, Mrs. Charles F. Schaefer, State vice president in charge of Southern counties.

COOKING EXPERTS

Demand Good Gas Ranges

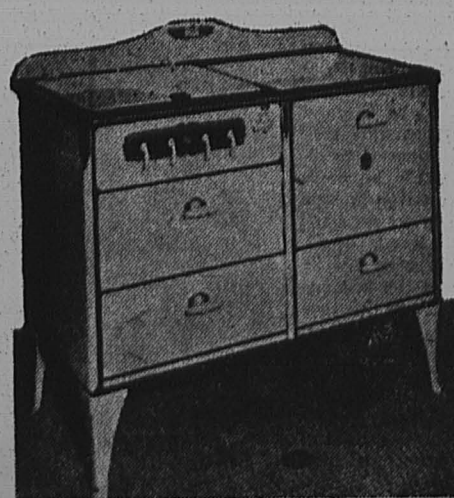

Miss Vera A. Schneider, who is conducting a series of cooking lessons, agrees with other skilled cooks that gas is the most dependable and satisfactory of fuels.

The women of America helped to build the gas ranges we sell. Manufacturers questioned them about their likes and dislikes and then designed the ranges.

The homemakers wanted to do away with oven watching, so the regulator automatically controls the oven heat: they wanted the ranges easy to clean—doors and drawers are built flush with the walls and no screws or bolts are visible. They insisted on good broilers: they wanted to use the cooking top without discomfort from the heat of the oven—oven doors and walls are heavily insulated.

You may purchase any range we sell on the divided payment plan at a small increase over the cash price.

PUBLIC SERVICE

Miss Vera A. Schneider is using an Estate Gas Range for the cooking lessons she is giving in Riverton on Wednesday, Thursday and Friday of this week.

QUALITY DESIGN :: PRICE

For quality and design service we have long been the accepted leaders in our field. We are meeting the price question fairly and squarely and are going forward with it.

BARTLEY BACK ON DICKINSON ELEVEN

Leg Injury Kept Backfield Ace On Bench Two Weeks; Plays Saturday

Captain "Josh" Bartley, of Riverton, Dickinson gridiron leader, looms as the Red Devils biggest backfield threat against the victorious Ursinus Bears who invade Carlisle on Saturday for the annual homecoming football fracas.

Captain Bartley, triple threat ace

who has been out of action for more than two weeks as a result of an injury sustained in the Albright game, returned to the gridiron this week and is expected to be in shape for the game Saturday.

Both Ursinus and Dickinson have two victories to their credit. The Bears have defeated Pennsylvania and F. and M., while the Red Devils have resisted the onslaughts of Swarthmore and Allegheny.

"Did you hear about our steno being hurt in the explosion last night?"

"How come?"

"A smile lit up her face and the powder went off."

RELIEF DIRECTOR BANS "POLITICS"

Compton Warns Relief Clients That No "Intervention" Is Necessary

All families on relief in the State are likely to soon receive from Executive County Directors of the ERA a letter or circular reiterating that politics have no bearing on the question of obtaining aid and that the administration will not permit them to be injected into relief operations in the slightest degree. This has been the uninterrupted policy of the administration but it has been thought advisable, in view of the possibilities which may develop during a political campaign from activities of some workers, in any party, to again warn clients.

To this end, Executive State Director Lewis Compton has sent to all other county directors a copy of a message prepared by one. It is transmitted as an example worthy of adoption. The text of that message is as follows:

"To All Relief Clients: This Administration has repeatedly stated that politics shall have no place in Federal Emergency Relief activities. Notwithstanding the publicity given this policy, there arise from time to time cases where there is indication that unscrupulous politicians, by subterfuge and other devious methods, try to inject politics in to relief measures.

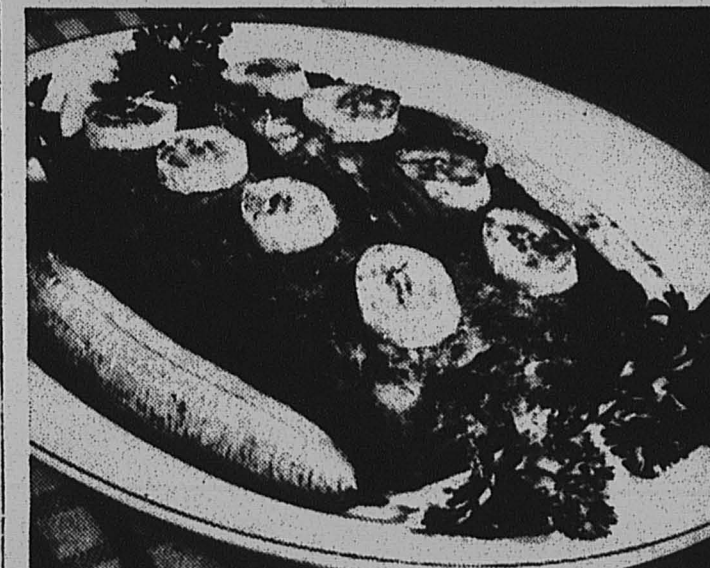

"The granting of relief is based on the actual needs of the recipient. Politics, race or creed, have no bearing in determining the eligibility for relief. No one can intercede in your behalf. Your basis of need determines if you are or if you are not to receive relief, and no other consideration is taken into account.

"This warning is given to you at this time in view of the approaching election to forestall any attempt by any politician who may seek to use the Relief activity to further his own ends."

The New Deal is a strange deal. It pays farmers in one section to retire acreage from cultivation and spends money in another territory to develop more acres for cultivation.—Sioux Falls Argus-Leader.

"What! BANANAS in a MEAT LOAF?"

"Yes! And it's a grand new flavor!" says Miss Vera A. Schneider of the Riverton New Era Cooking School

BANANA MEAT LOAF

Mix together 1 pound finely chopped raw beef, 1 tablespoon chopped onion, 2 teaspoons salt, 1/8 teaspoon pepper, 1 cup soft bread crumbs, and 3/4 cup banana pulp (2 bananas). Add 1/2 teaspoon dry mustard which has been moistened with a little water. Form mixture into a flat roll. Place in a greased baking pan. Put 2 strips of bacon on top for basting. Bake in moderate oven (350° F.) about 1 hour. At the end of 40 minutes, place 2 peeled firm bananas around loaf. Slice one banana crosswise and lay slices on top. Baste bananas and sprinkle with salt. Continue baking for 20 minutes, or until meat is done. Place under broiler 2 to 3 minutes to brown bananas on top. When serving, slice loaf and place portion of banana on each serving. Garnish with sprig of parsley and two half slices of lemon. Serves six.

"MEAT LOAF is a real company dish when you make it with bananas. Just try this recipe. It's a brand-new method—and so easy to do. Saves you money, too. The banana pulp goes right in with the meat mixture. It adds flavor, and no liquid is necessary. Try it out on the family tonight—and see if they don't say it's the best meat loaf you ever served!"

United Fruit Company Bananas DISTRIBUTED BY UNITED FRUIT COMPANY

"I recommend Krumm's Elbow Macaroni"

BECAUSE...IT IS SUPERIOR IN FOOD VALUE AND UNIFORM IN GOLDEN PERFECTION"

Says Miss Vera A. Schneider, Food Expert, conducting the Home Town Cooking School

Krumm's Products have that tempting "nutty" flavor and are rich in proteins—Made exclusively with *Semolina, they contain no white flour, and are never tough, soggy or pasty.

ECONOMICAL AND EASY TO PREPARE...

As a "main" Dish—Baked with cheese, or enriched with savory meat or vegetable sauce.

In Salads—it adds flavor and "body".

Ask Miss Schneider for the booklet "A Short Story of Macaroni and Suggested Uses."

(*Semolina "is the golden heart" of Durum Wheat. Insuring greater nourishment and finer flavor.)

KRUMM'S MACARONI ELBOW MACARONI EGG NOODLES SPAGHETTI

COAL CODE PRICE FIXING EXPIRES

Died by Time Limitation Saturday. Efforts for Extension Ends in Failure

Hard coal code prices in New Jersey expired by limitation on Saturday night and, since then, dealers have been left free to charge their own prices for the various sizes most used for domestic purposes.

Attempts by the larger operators to have the original code extended for another month met with no success. Colonel Elsner attended a meeting of the New Jersey Coal Dealers' Association on Friday, heard their recommendation for an extension of time, but took no steps to comply with the request.

It is understood that a new schedule of prices running but little below the old code prices has been prepared and submitted to State Administrator Elsner. If and when approved by him they will be at once promulgated to the coal dealers in the state. The chief difference will be that a second or lower grade of coal will be recognized in the new prices and these will be quite a bit cheaper than the one-quality, one-price code heretofore in force.

The fly in the ointment for the organized coal dealers who are keen for maintaining the old code prices at all hazards, is that the state code authority's ability to whip recalcitrant dealers in line has been "shot." Nobody is paying much attention to the coal code administrator's price-fixing orders, except the dealers who want the code schedule maintained, because it means more profits.

PALMYRA

The Girl Scout Mothers of Troop 1 will hold a mothers meeting at the home of Mrs. William Nash, 815 Washington avenue, Thursday, November 8.

Mr. and Mrs. Arthur Hunt, of Morgan avenue, and Mr. and Mrs. Glenn Lindabury, and son Glenn, Jr., of Burlington avenue, spent last weekend at Mountain Lake.

A masquerade party will be given by the Boy Scout Mothers Association at the home of Mrs. Branson, Thursday, November 1.

The Boy Scout Mothers Association gave a surprise birthday luncheon for Mrs. A. B. Branson at the home of Mrs. Sidney White of Morgan avenue, Thursday afternoon.

Miss Lorraine Tilberg and Robert Blackburn, of Newark, spent the weekend with Mr. and Mrs. Leonard Baker, of Garfield avenue.

The Ladies Auxiliary of the Independence Fire Company No. 1 will hold a card party Friday, October 26, at the firehouse. There will be prizes and refreshments. Donation 25 cents.

Mrs. Wilbert Brannin, Mrs. Lawrence Mingin, Mrs. Eva Braddock, all of Medford, visited Mrs. A. B. Powell, of West Broad street, Friday.

Tacoma Council, of the Daughters of Pocahontas, entertained the Red Men's Association at a masquerade party in Society Hall Monday evening.

Edward Grubb, of Delaware avenue, was taken to the West Jersey Hospital for observation, Monday.

HOUSE PARTY

Miss Bertha Hansen, of Lincoln avenue, Palmyra, entertained a group of friends Saturday evening in honor of Miss Caramae Rutan, of Germantown, who was Miss Hansen's weekend guest. Among those present were the Misses Elsie Showell, Betty Showell, Virginia Schweizer, Ruth Horner, Abbie Shoemaker, Howard Lippincott, Lawrence Schweizer, Stanley Lippincott, Robert Lippincott, Louis Koppenhoffer, William Webster and Elwood Mathis.

RIVERTON SCHOOL NOTES

Report Period Ends

This week of October 15, has proved to be very eventful for the boys and girls of Riverton School. The most important of these events was the closing of the report period on October 19. They have been working exceptionally hard in order to prove that they can really "get down to work," during the first part of the semester. The report cards were given to the pupils on Monday, October 22, and they all showed much improvement in citizenship and scholarship.

Girls Enjoy Hockey

Another event in the autumn was the hockey game with the last year's eighth grade which resulted in a tie score. This game was played on October 16, at the Memorial Park. Both teams showed excellent sportsmanship and playing. The captain for the alumni team was B. Baker, and the eighth grade captain was J. Blair. The names of the girls and the positions they played are as follows:

Alumni	Position	8th Grade
C. Riley	rw	D. Mullen
H. Naylor	ri	E. Guest
G. Gray	cf	M. Rogers
D. Steedle	li	O. Smith
B. Neely	lw	M. Webb
B. Baker	rhh	H. Borer
M. Haines	oph	R. Baker
Y. Pennington	lhb	J. Blair
B. Hullings	rfb	M. Elwell
E. Smith	lb	N. Evans
M. Zimmerman	g	M. Cook

Another game between the same teams on October 23 at Memorial Park resulted in the same score. A team from sixth grade played the Westfield Soccer team, on Westfield's grounds, October 19. Riverton lost 1-0. T. Mooney, captain of Riverton's sixth grade team, announces another game with Westfield during the week of October 29, at Memorial Park.

Pictures of Century of Progress

A moving picture that should be of general interest will be given in the Riverton Public School auditorium under the auspices of the Student Council of the school. Three reels of the Chicago Century of Progress 1934 will be shown Thursday, November 1st, at 3:30 p.m. The admission will be 10 cents for children and 15 cents for adults. Pupils of the school will have first choice of seats; after they are accommodated the Student Council will welcome outside patronage.

Riverton Public School Honor Roll for first report period 1934.

Grade 4—Ann Furner, Phyllis Burr, Deborah Cunningham, Janice Pippitt, Clara Moody, Marilyn Yost, Jane Bush, Eleanor Metzger.
Grade 4 & 5—Frances Borden, Marilyn Burr, Katherine Elwell, Gerry Metzger, Margaret Naisby, Robert Garwood, Eleanor Lindberg, Betsy Barclay, Donald Robinson, Patricia Weiford, Laura M. Yerkes.
Grade 5—Marjorie Cole, Ruth Henry, Louise Howarth, Anna Jay Howell, Margaretta Smith, Jeanne Werner.

Grade 6—Fred Ulmer, Sarah Robinson, Frederick Foulke, George Howarth, Mary J. Donaghy, Norman Delaney, Virginia Armstrong.
Grade 7—William Taylor, Robert Waters, Robert Yerkes, Edmund Turnock, William Robinson, Weston Goodnow, Hilda Webb, Emma Rotenbury, Helen Vile, Eleanor Kauffman, Doris Mullen.

Grade 8L—Warren Hubbs, Charles Lesenby, Jane Wolschmidt, Jack Stetson, Marion Pippitt, Mildred Cook, Dorothy Brown, Jack Seemuller, Jane Weiford, Mary Elwell, Mary W. Rogers, Helen Borer, Phyllis Howard, Robert Stover.
Grade 8E—Dorothy Rieger, Elizabeth Guest, Ruth Baker, Jane Blair, Claire Robinson, Olive Smith, Natalie Evans, Dorothea Speer, Philip Lesenby, Francis Cole, Dorothy Floyd, Emily Perkins.

NOVELTY PARTY

The Ladies' Auxiliary of Christ Church is sponsoring a Novelty Progressive Party to be held in the parish house of Christ Church, Palmyra, Wednesday evening, November 7. Admission will be twenty-five cents, including refreshments.

New Books at Riverton Library

"The Folks," by Ruth Suckow. The time in contemporary; the people are you—and you—and you; the book is America. A good long book for people who really like to read!

"Maiden Voyage," by Kathleen Norris. The story of a society editor to whom romance was a news story, until—

"Murder in Three Acts," by Agatha Christie. Presenting a brand new motive for murder in a unique setting.

"America's Tragedy," by James

Truslow Adams. Not only a record of political events from 1619 onwards, but a brilliant analysis of "why is America?"

"Roman Spring," by Mrs. Winthrop Chandler. A charming record of the last third of the nineteenth century, clear-cut, mellow and wise.

"New Careers for Youth," by Walter B. Pitkin. Today's job outlook for men and women of seventeen to thirty-two.

"Desert Wife," by Hilda Faunce. An American "House of Exile."

FIREMEN LEARN OF FIRST AID

Three New Jersey Bell Telephone employees skilled in the art of rendering first aid were the guests of the Riverton Volunteer Fire Company upon the invitation of their chief, John W. Carhart, last Tuesday evening.

The men, Francis Kapus, Ray Fichter and Lawrence Weber, demonstrated various methods of first aid and life saving which are of immeasurable value in emergency cases.

Twenty-five of the active firemen were present to receive the instruction. Refreshments were served following the demonstration.

REGISTER YOUR "RODS"

The Riverton police department thanks the few residents who responded to the request to register serial numbers of their revolvers and other fire arms.

The department is renewing this request and urges that all firearms be registered, as criminals are frequently convicted by reason of the authorities being able to trace the ownership of guns found in their possession.

Bisma-Rex Powder quickly relieves sour stomach, heartburn flatulence and belching.

THE PEOPLE'S COLUMN

AN OPEN LETTER

To All Candidates for Mayor and Council

The incoming Mayor and Council will undoubtedly be called upon to arrive at a definite and perhaps permanent decision as regards the River Bank Driveway.

They may have to decide whether the wishes of a few citizens of Riverton, no matter how highly esteemed these citizens may be, shall take preference over the wishes of a majority of our citizens.

In every test of sentiment to date, these candidates know that an overwhelming majority of our citizens have opposed the closing of this driveway to pleasure vehicles.

We are told that certain of the candidates to be voted upon have sat in at committee meetings where definite plans have been approved which will stop you, Mr. Average Citizen, from driving your car along the River Bank Driveway.

The citizens of Riverton are entitled to know how each candidate stands upon this question involving their rights.

The mere statement that a candidate will be guided by the wishes of the citizens will not suffice unless a method is devised by which each interested citizen is provided with a means of properly voting upon this question.

Mr. and Mrs. and Miss Voter, you have a right to know how your candidate stands on this question. Mr. Candidate, you owe it to those who wish to support you to make a public statement on this question. If you do not clearly state your position, each voter will have every right to draw his own conclusions.

Mr. Candidate, how do you stand on this question?

Citizens' Committee.

Appreciation

Editor The New Era,
Riverton, N. J.

Dear Sir:

Will you kindly publish this letter in your paper?

I owe a debt of gratitude to our most worthy Doctor Newcomb and the Fairview Sanatorium for the wonderful treatment I received while a patient in the institution. I feel that the people of Burlington County should be proud to have a man like Doctor Newcomb to represent them in the Assembly.

Charles McCardell.

Our Problems

So many people are asking what will be the result of all this present turmoil, that I am quoting an extract from "Baha'—the Spirit of the Age" by Horace Holley, of New York City.

"Baha'ullah has declared, 'All construction is preceded by destruction.' Therefore all institutions based upon selfishness are undergoing rapid disintegration, in order to change the motives behind them and permit a new spirit of organization to remold the world."

"Nothing can resist the changes now taking place throughout the world. Entering into every phase of our material life, the new cosmic force is disrupting them with incredible rapidity from within. But this destruction is only apparent—it is the same force which destroys the seed in order that the tree may emerge."

Mr. Holley will address an open meeting at St. James Hotel, Philadelphia, November 4, at 8 p.m. He has published a number of books, is editor of "World Unity," and is well qualified to discuss the religious awakening that is looked forward to by so many, and out of which will evolve the solution of our present economic distress.

Science Plus Religion

It was interesting to read recently of the meeting of scientists in Aberdeen, Scotland, who discussed whether the world had too much science.

Sir James Jeans, president of the British Association, and one of the best known of British scientists, said: "If there is an avenue of escape, it does not, as I see it, lie in the direction of less science, but of

more science—psychology, which holds out hope that, for the first time in his long history, man may be enabled to obey the command 'Know Thyself.'"

To this, Sir James said, there ought to be adjoined a system of morals, and, possibly, even a religion consistent with new psychological knowledge, and the established facts of science.

There are many who believe that the religion for which the scientists are looking was inaugurated in 1844 in Persia, by Ali Muhammad, known as the Bab, who left extensive holy writings and taught that one greater than he would soon appear. Nineteen years later this was fulfilled in the person of Baha'ullah (the glory of God), who revealed teachings covering all present-day and future needs.

Abdu'l-Baha, the promulgator of the teachings of Baha'ullah, while in America in 1912, taught "that religion and science are in complete agreement. Religion must be reasonable. If it does not square with reason, it is superstition and without foundation. . . . God has endowed man with reason that he may perceive what is true." Zahra

The Real Platform

Editor The New Era:

If the people had been told the truth in 1932 about the Democratic designs, on the American form of government, would Roosevelt have been elected?

Let us suppose that he had promulgated the plan he has since worked out as follows:

1. I shall undermine confidence in the business leadership of the country generally by parading before the American people through Congress and commission investigations outstanding examples of mistakes and malfeasance in all lines of business. I propose that these exposes shall be stated in such a way as to give them the utmost publicity possible, with a view of creating the impression that these cases of wrong doing, whether intentional or not, are typical of all business.

I shall in my inaugural address charge the depression and the ill of the public generally to the business leadership of the country and shall state in that inaugural address that the business leaders have not only been incompetent and stupid but also dishonest in many activities.

2. I propose to extend and encourage government competition with many lines of private business and to institute government control and regulation of business activities through at least 50 new bureaus and commissions which I will set up in Washington.

3. I shall oust the more experienced government employees and supplant them with new appointees, exempted as far as possible from civil service examinations and chosen by my political campaign manager, and I will add at least 50,000 government employees to the Federal payroll in the first year of my administration.

4. I propose not only to abandon the gold standard but also to debase our currency, repudiate the promise of the government to pay in gold and make it a crime for private citizens to have gold in their possession. I shall call upon some college professors to establish by experiment a new monetary system with no definite and fixed value for the monetary unit.

5. To assist agriculture I shall pay a bounty for the killing of many million pigs and cows and the plowing up of one fourth of our cotton acreage, and I shall further distribute to farmers from the Federal Treasury sums aggregating several hundred million dollars in such a fashion that the farmer will receive greater revenue for non-production than he will for production. Cotton being one of our principal export commodities, I shall take steps to artificially raise its price so that American cotton shall be at a disadvantage in the world markets and thus stimulate the expansion of cotton production in foreign countries.

6. I promise to demonstrate my faith in the Russian experiment in communism by recognizing Russia, by reducing the Russian debt to the United States and by lending the Russian Community Government a few hundred million dollars from our Federal Treasury.

7. In order that I may not be hampered by the prejudiced viewpoint of adherents to the old system I shall dispense with and ignore the

advice of experienced business and political leadership and surround myself with brilliant and clever young men who have nothing to lose by abandoning the old system but who are bitterly opposed to that system and zealously devoted to the creation of a new order. To those young men I shall entrust the drafting of important new legislation for carrying out my policies, and this legislation I shall drive through Congress, urging the necessity for this new legislation as a part of my program to meet emergency. I can thus destroy the old order under the guise of trying to save it in an emergency.

8. I propose to tell our people that this is the age of plenty and that they should work less and produce less and demand more for what they do, and to emphasize my belief in this program I shall employ millions of idle people to do unnecessary work and pay them more (higher wages) than private employers pay for useful work.

9. I shall advocate the redistribution of wealth, arouse the workers against their employers, the producers and the distributors, and while urging the producers and the distributors to increase wages and maintain prices, the consumers will be told that they are being robbed.

10. I shall prevent criticism of my policies—First by continued emphasis upon the terrible condition from which I am trying to save the country; Second, by controlling the radio through the Federal Radio Commission. Third, by establishing such intimate relations with the Washington correspondents as will cause them to interpret my actions and policies as I desire them interpreted, and by threatening their publisher with loss of advertising and circulation through popular revolt if they criticize. To the more obstreperous I shall throw down the challenge that it is unpatriotic to criticize the President in times of such emergency.

11. To avoid the constitutional barriers I shall cause attacks to be made upon the strict interpretation of the Constitution as being out of date and no longer adequate to protect the people, and where the Judiciary seems unwilling to approve my legislation, I shall cause them to be attacked in the press and threaten them with investigation and popular disapproval. Truth.

TRI-HI CLUB

Regular meetings of the Tri-Hi Club will start next Monday evening. Any girl interested in becoming a member is asked to get in touch with the president, Miss Lillian Goodwin.

CARD PARTY

The first card party of the season, sponsored by the Ladies' Auxiliary of the K. of C. was held in the K. of C. Hall Tuesday evening. The public is always cordially invited.

CROSSING WATCHMAN DIES OF INJURIES

William Emmons, the 63-year-old watchman at the Thomas avenue crossing, Riverton, who was struck by an automobile several weeks ago and so badly injured that it was necessary to amputate one of his legs, died last Thursday afternoon, despite desperate efforts to save his life, including a blood transfusion.

John Flynn, Bob Knight, Jr., Walter Armstrong and Albert Yearly offered blood for the operation. After the customary blood tests, Flynn was selected.

"LAND OF THE FREE"

Add to the New Deal's demands for loyalty to its policies from farmers seeking drought relief funds, its attempt to own applicants for loans body and soul.

For the business man to get a loan from the RFC it is necessary that he sign a contract saying whether he will uphold the President and if he gets money, use it only, spend it only, with firms flying the Blue Eagle. A pretty dash of politics mingling with so-called relief.

It's true that nobody has yet shot at Santa Claus, but just the same he has never hung around until January 1st when the bills are coming in.—West Virginia News.

A VOICE FROM THE PAST

"I do not want to live under a philanthropy. I do not want to be taken care of by the government either directly or by any instruments through which the government is acting. I want only to have right and justice prevail so far as I am concerned. Give me right and justice and I will undertake to take care of myself. I will not live under trustees if I can help it. I do not care how wise, how patriotic, the trustees may be. I have never heard of any group of men in whose hands I am willing to lodge the liberties of America in trust."—Woodrow Wilson.

In the old days it was just the chain stores that used to worry the corner grocery. Now, with the government raising the H.C.L. and engaging in the food business, the groceryman is learning something about about cutthroat competition.

FIELD TRIALS NEAR MEDFORD

English Setter Club Has Bought Property Used for More Than 30 Years

The fall field trials of the English Setter Club of America, Inc., are scheduled to open Friday morning, October 26th, on the club's own grounds, between Mount Holly and Medford, and will continue through Sunday.

Four events will be featured, namely: Open Puppy, Open Derby, Members' All-Age and the Shooting Dog Stakes. This shooting dog stake has grown in size of entry list as well as in quality until it is now recognized as the most important of the shooting dog trials of the East. This event will be run off on Sunday and the drawings for brace mates and position will take place at the Washington House, Mount Holly, Friday night. Drawing for the other stakes take place Thursday night.

The judges for all four events are Dr. Wallace F. Vaini, of Greenwich, Connecticut, and Frank R. Sweet, of Attleboro, Massachusetts.

There are three perpetual trophies offered along with the regular prize list. These are known as The Mount Herald Plaque, The Smoky Joe Trophy and The Monmouth Prince Memorial Trophy.

The grounds over which the dogs will be run were never in better condition than at present. The trials have been run at this location for over thirty years, and it was fitting that the English Setter Club should become the owner of the property in which its members have always had a sentimental interest, although title was vested in another corporation, "The Home of the Friends of

the Hunting Dog."

As a result of the depression, the property changed hands and the English Setter Club, Inc., had an opportunity to buy it. A campaign among its members to raise money for this purpose was successful, and the ownership now rests with the Club. Depreciation on the buildings has been stopped and many alterations and renovations made. Sidney Brock, an experienced kennel man from the South, has been placed in charge, and Mrs. Brock is the matron who looks after the accommodations at the old mansion and clubhouse.

The Club invites all persons interested in hunting dogs to visit the farm during the trials Friday, Saturday and Sunday. There are ample parking facilities and a large gallery of spectators is anticipated. There is no admission, the events being free for all who desire to view them.

ROBINSON HIGH MAN AT SHOOT

Riverton Officer Scores 80 Out of Possible 100 in South Jersey Pistol Shoot

At the pistol shoot between the South Jersey pistol team and the National Bank team of Philadelphia last Thursday, the South Jersey team was beaten by only 5 points.

The shots were fired at 22 yards at one-inch bull's eye.

Officer John Robinson scored 80 hits out of a possible 100, making him high man for both teams. The other individual scores for the South Jersey team are: Quinn, 75; Lloyd, 74; Gorman, 72 and Molincoff, 69, totalling 943. The Philadelphia National Bank team shot a 948 score. Captain Kern, of the Philadelphia team, shot 78.

The bad seems well when you get well used to it.

Tickets for Chicago Fair at Reduced Rates on October 26-27

A. H. Shaw, general passenger agent, announced on Monday of this week that only two more Pennsylvania Railroad "cent-a-mile" excursion trains will be available for residents of New York City, Long Island and New Jersey who anticipate visiting the Century of Progress Exposition in Chicago before that memorable world's fair, which attracted millions of people for two successive years, closes its gates permanently on October 31st.

Just two days remain—Friday, October 26 and Saturday, October 27—when the rail journey of over 1800 miles, from New York to Chicago and return, may be enjoyed in standard steel coaches of the Pennsylvania Railroad, at the low fare of one-cent-a-mile.

The special coach tickets will be good westbound only on the railroad's fast express train, the "Fort Dearborn," leaving Pennsylvania Station, New York, 12 o'clock noon, October 26 and 27. On the return trip, these low rate tickets will be accepted for coach travel on any train out of Chicago up to and including Wednesday, October 31.

The pen used to be mightier than the sword but these days it is getting too easy to break out of the pen.

GEORGE C. FRANK, Township Clerk.

How to Build a Two-Tube Short-Wave DX Battery Receiver

LEARN TO USE LEISURE WISELY

Professor Suggests Cultivation of Amusements Which Will Build Up Personality

Like an irrepressible Niagara, the new leisure breaks. When the six-hour day of the recovery program has begun to sink in, even more multitudes of workers will be found

framed in the doorway at mid-afternoon, with the day's work mysteriously behind them. In laying these leisure hours end to end, the total even now is more than thirteen million hours per week.

The new leisure has come to stay in the opinion of Louis Worthington Smith, of Drake University. Unless young men and women are educated for leisure, this educator insists you may be sure they will misuse and abuse this great blessing. Leisure

extending now to millions instead of to a small privileged class is a machine-made gift.

This emerging problem of leisure suggests the story of a boy who received three Christmas presents, a sled, an air rifle and a diary. In the diary he made these entries:

"Dec. 26. Snowing so hard I wasn't allowed to go out with my sled."

"Dec. 27. Still snowing. I had to stay in."

"Dec. 28. More snow. Shot grandma."

When denied recreation and amusement, we "shoot grandma."

Professor Eastman, in an article published in the Christian, suggests that we choose those amusements which will contribute to the up-building of personality. "That's gold in them thar hours." Wholesale toy makers are assuring each other of this new play time. The new merchandisers are fully awake for the

demand for toys for grown-ups. Any one inclined to pooh-pooh the significance of this should give thought to the extent to which the automobile and radio industries sell the leisure market.

Leisure time will increase as the years go by.

"I got a letter from the college that says our Nellie's been stealin'." "What?" "Says she's been takin' home economics."

H. L. LIPPINCOTT RYC COMMODORE

Elected at Annual Meeting;
Plans Laid for Next Summer's Activities

The Riverton Yacht Club held the final meeting of the season on Friday the 19th and elected its officers for the ensuing year. Plans were also made to cover the repair of the club for the winter, and the activities for the 1935 season were discussed.

H. L. Lippincott was elected commodore of the club; Doctor Voorhis, vice commodore; John Ayres, rear commodore and Dewees F. Showell, secretary and treasurer.

Mr. Merrill was appointed to buy a trophy for the winner of the saw-and-hatchet class sail boats in the coming season. He reported six of these boats under construction by members of the club.

A motion was passed at the meeting that any member found destroying the club property or walking about on the roof of the club would be suspended for one season.

At the close of the meeting refreshments were served.

ELECTION NOTES

Election Day—one week from next Tuesday. Polls open at 7 o'clock a.m. and close at 8 p.m.

Sample election ballots will be received by the voters on Wednesday and Thursday of next week.

It requires 68,550 sample and 66,275 official ballots to fill Burlington county's requirements for the approaching general election.

"Jack was the goal of my ambition," she sighed, "but alas!"
"What happened, dear?"
"Father kicked the goal."—Boston Evening Transcript.

SHERIFF'S SALE

By virtue of a writ of fieri facias to me directed, issued out of the Court of Chancery of the State of New Jersey, I will sell at public sale on

THURSDAY, NOVEMBER 22, 1934 between the hours of 12 and 5 o'clock in the afternoon of said day (to wit, at 2 o'clock) Standard Time, at the Court House, Mount Holly, New Jersey.

ALL the following tract or parcel of land and premises hereinafter particularly described, situate, lying and being in the Township of Cinnaminson, in the County of Burlington and State of New Jersey, described as follows:

BEGINNING at a point in the Southwesterly line of Golf Road, at the distance of one hundred and fifty feet Southeastwardly from the Southerly corner of said Park Street and Golf Road, said point being at the Easterly corner of lot of Llewellyn W. Collings, said Golf Road being a street forty eight feet in width, laid out Southeastwardly from the said Park Street, parallel with the Southwesterly line of the lands of the Riverton Country Club, and at the distance of two feet Southwestwardly therefrom, and being by the Deed hereinafter recited, dedicated to public use for the distance of five hundred feet Southeastwardly from the Southeasterly line of Park Street, said beginning point being the distance of fifty feet from the Southwesterly line of said lands of said Riverton Country Club; thence extending (1) along the Southwesterly line of said Golf Road and parallel with the Southwesterly line of said lands of said Riverton Country Club, and at the distance of fifty feet Southwestwardly therefrom, South fifty degrees fifty minutes East, the distance of one hundred and fifty feet to a point corner to other lands of J. Lawrence Lippincott; thence (2) along the line of said other lands of said J. Lawrence Lippincott, and at right angles to said Golf Road, South thirty-nine degrees and ten minutes West, the distance of two hundred and fifteen and twenty-five one-hundredths feet to a point for a corner in the Northeasterly line of Apple Lane, a street twenty feet in width, laid out Southeastwardly from said Park Street and at right angles thereto, by conveyance herein after recited dedicated to public use for the distance of three hundred and one and one-half feet Southeastwardly from the Southeasterly line of said Park Street; thence (3) Northwestwardly along the Northeasterly line of said Apple Lane North fifty degrees and twenty-six minutes West, the distance of one hundred and fifty feet to the Southerly corner of said lot of Llewellyn W. Collings; thence (4) along the Southeasterly line of said lot of Llewellyn W. Collings and at right angles to said Golf Road, North thirty-nine degrees and ten minutes East, the distance of two hundred and fourteen and two tenths feet to the Southwesterly line of said Golf Road, the place of beginning.

BEING the same premises which Elizabeth M. Goslin and Thomas S. Goslin, her husband, by their deed dated July 9, 1925, and recorded in the Clerk's Office of Burlington County in Book 653 of Deeds, page 216 &c., granted and conveyed unto G. Carr Jessup, in fee. And said recited deed of dedication being made by Mary S. Johnson Collings and Clifford C., her husband, to Elizabeth M. Goslin, dated October 15, 1919, recorded in said office in Book 562 of Deeds, page 305 &c.

Decrees approximately \$21,299.50 besides interest, costs and fees.

Seized as the property of G. Carr Jessup, et ux, et als, defendants, taken in execution at the suit of Camden Safe Deposit and Trust Company, complainant, and to be sold by

GEORGE N. WIMER, Sheriff.

George Reynolds, Sol'r.
Dated: October 24, 1934.
E-10-25-11-15-34
Pr's fee \$38.64.

RIVERTON GIRLS TRIM WOODBURY

Home Team Shuts Out Visitors
at Memorial Park Last Saturday

Saturday, October 20th, the Riverton Girls' Hockey Team opened its home stand, playing the Woodbury team.

Helen Easley proved to be the star, scoring five of Riverton's seven goals. Anne McVaugh and Dorothy Knight accounted for the other two goals.

Woodbury, playing short, failed to score during the entire game.

Riverton playing at Memorial Park this Saturday meets Pitman, the only undefeated team in the South Jersey Independent League. A good game is promised to all who attend to cheer the home girls on. Riverton 7 Woodbury 0

PLENTY OF GAME BIRDS IN JERSEY

Resume of Regulations By State
Game Commission for
Gunners

New Jersey sportsmen gunning throughout the bays and marshlands of the State report wild geese, wild ducks, coot and jacksnipe more than plentiful, according to the State Fish and Game Commission. The waterfowl season will close on December 22nd.

Under the State law, hunters are allowed to shoot the waterfowl on Thursdays, Fridays and Saturdays during the season which opened last week. The time for hunting has been specified from sunrise to sunset.

A Federal duck stamp which can be obtained at post offices in municipalities having a population of more than 2,500, must be attached to the regular hunting license. This stamp is only necessary for the shooting of ducks and geese, and does not apply to other migratory fowl.

The State Fish and Game Commission announces there is no open season on wood-duck, ruddy duck, bufflehead duck, brant, snow goose, Ross's goose or swan, and requests hunters to carefully peruse the regulations pertaining to the sport.

The daily bag limits for ducks is twelve, but not more than five each of the following: Eider, Canvasback, Redhead, Greater Scaup or Lesser Scaup, more familiarly known as the broadbill or bluebill; Ring-Neck, Blue-Wing Teal, Green-Wing Teal, Cinnamon Teal, Shoveller and Gadwall.

The daily bag limits for geese is four in the aggregate of all kinds. Hunters may shoot a daily limit of 25 coot (mud hen or crow duck) and twenty Wilson's snipe. The possession limit on geese and ducks is two days' bag.

FIREMEN WARN OF NEW HAZARD

Surplus Stock of Gasoline May Result in Many Dangerous Fires
if Improperly Stored

The Palmyra fire company warns the public of the hazards in storing gasoline on private premises. Owing to the low price of gasoline during the price war, many persons are "stocking up" and storing the inflammable and explosive liquid in all sorts of containers in their garages and outbuildings.

This is a dangerous practice and a small accident like striking a metal container with the bumper of a car may cause a spark which will ignite the gas fumes.

The firemen particularly request, should they be summoned to any fire in a building where gasoline is stored, that they be notified before entering the building that the gasoline is there. If this is not done, many lives might be lost through explosions while fighting fires.

Jersey's Commissioner of Institutions says that the end of pauperism in his State is near, and the Democratic National Committee says the New Deal has spent \$329,714,601 in New Jersey. It doesn't take much of an arithmetician to put two and two together.

POLICE CHIEF WARNS KIDDIES

Fun is Fun, But Must Stop Short
of Property Damage, Says
Chief Beck

Chief of Police C. Morris Beck, of Palmyra has issued a warning to all parents concerning the activities of their children with regard to mis-

chievous doings for Hallowe'en and "mischief night."

Chief Beck asks all parents to advise and warn their kiddies that they will be arrested for damaging property in any way. The chief does not wish to stop any fun making but states that the line must be drawn when it comes to damaging property.

Parents will absolutely be held responsible for any damage done by

children and the marking of automobiles with soap, or other materials is positively forbidden.

Special officers will be employed each night from now until after Hallowe'en and children causing damage to property will be picked up without further notice.

Head plus heart makes better business.

THE TRIANGLE CLUB

of Palmyra, Riverton and Cinnaminson invites you to a

PUBLIC MEETING

to be held in

P. O. S. of A. HALL, PALMYRA
Thursday Evening, November 1

at 8.30 to hear

PROF. WALTER L. WHITTLESEY

of Princeton University, Democratic Candidate for Congress, and all Candidates for County and Local Offices.

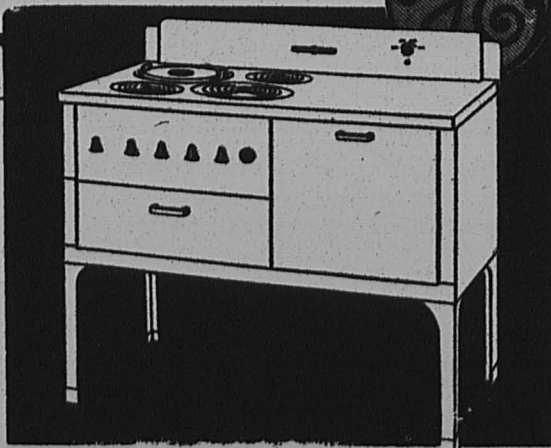

Prominent State Speakers will discuss the Dill Plan for reduced taxation on real estate and other problems of vital importance to you.

If you are interested in these matters we urge you to attend.

Ordered and paid for by the Moore-Dill Triangle Club.

There's a new
**TASTE
THRILL**
in every meal
with the
**General Electric
Range**

YOU'LL never know how good foods can taste until you eat your first home-cooked meal prepared with the G-E range!

In General Electric cookery, meats are roasted in their own succulent juices—vegetables cook in their own savory liquids—retaining all the natural taste and nutritious goodness. Every meal is a new delight. Results are uniformly successful for you cook with measured, automatically controlled heat. There is no basting, no tasting, no watching.

The modern trend is to electric cookery. It is faster, cooler, cleaner and far more economical. Come in today and see a free demonstration of modern cooking magic with the General Electric range!

C. R. SWEENEY, Inc.

309 East Broad Street, Palmyra
