Vol. 47 No. 10

RIVERTON, NEW JERSEY, THURSDAY, MARCH 7, 1935

PRICE FIVE CENTS

RIVERTON BOARD ASKS FOR BIDS

Proposals for School Construction Will Be Opened Friday Evening, March 22

The Riverton Board of Education at its meeting Monday night ordered the publishing of an advertisement for bids for the alteration and additions to the school building.

The bids will be opened at a public meeting held in the school house Friday evening, March 22.

Byron H. Edwards, the architect, reported that the plans and specifications had received the tentative approval of the PWA authorities, and that it was now safe to proceed with asking for bids.

A letter was received from Charles Coward, of Riverton, representing the Trane Manufacturing Company, stating that this concern would guarantee its heating units against defects in material and workmanship for a period of two years. If these units are not satisfactory, the company agreed to replace them with any make designated by the board of education.

Hilton M. Smith, chairman of the building committee, turned over to the architect, without submitting it to the other board members a letter from H. L. Unland, member of the Town Meeting committee cooperating with the building committee of the school board, recommending some changes to be made in the specifications for electrical equipment. Mr. Edwards said that he would look over the recommendations and make the requested changes if they had sufficient merit.

The district clerk reported that an insurance policy had been written in the sum of \$66,500 and containing the 80% clause, covering the school building and its contents. The premium on this policy covering a five-year period, starting with February 10, 1935, amounted to \$625.40. On the portable building the policy was for \$3500 and \$500 on the contents.

It is planned to cancel one fifth of this insurance at the end of the first year and rewrite it for a period of five years from that date. This will be continued until one fifth of the premium will be payable each year instead of falling due at one time as has been the case in the past.

A letter was received from the Moorestown Board of Education requesting settlement of a bill of \$28.40 for tuition, payment of which had been withheld. A resolution was (Continued on page 2)

BIDS HELD UP

Just as The New Era was about to go to press, and too late to rewrite the report of the school board meeting Monday night, word was received by the president of the board from the architect to defer publishing the advertisement for bids for construction and equipment until further advice from the Newark office of the PWA, as they had not had sufficient time in which to check the plans and specifications.

This will defer the opening of the bids until a later date.

LIPPINCOTT-SPOONER

Miss Marjorie Spooner, daughter of Mr. and Mrs. George Cummings Spooner, of Moorestown, was married to Mr. J. Edward Lippincott of Riverton last Friday afternoon at 4 o'clock in the First Presbyterian Church of Moorestown. The Rev. James Shackelford Dauerty, pastor of the church officiated.

Miss Charlotte Parry, of Riverton, was maid of honor and the bride's only attendant. Mr. Richard Lippincott, brother of the bridegroom was best man, and the ushers were Mr. John Lippincott and Mr. Dillwyn Parrish, of Atlantic City.

A small reception at the home of the bride's parents for the immediate families followed the ceremony. After a wedding trip Mr. Lippincott and his bride will live at 806 Main street, Riverton.

OPEN MEETING OF GARDEN SECTION

The Garden Section of the Riverton Porch Club will hold an open meeting on Tuesday, March 12, at 2.30, at the Porch Club.

Dr. Jane Leslie Kift, who answers garden queries in the Philadelphia Inquirer, will be the speaker. Dr. Kift is a well-known authority and sponsors and serves the New York Flower Shows, the Philadelphia Flower Shows and is actively interested in many garden movements. All who are interested in "Landscaping the Small Garden" are cordially invited. There will be arrangements of winter bouquets by members of the garden section.

PALMYRA SCHOOL BOARD ORGANIZES

Leonard Baker, Re-elected President, Asks for Continued Cooperation

At the meeting of the Palmyra School Board last Thursday evening the regular annual reorganization took place, with Leonard R. Baker being re-elected president and Sydney Berger, vice president.

Albert McCay was sworn in as a new member and the re-elected members, Mrs. A. C. Giberson and Frank Snowden renewed their oaths of office.

Mr. Baker spoke briefly, thanking and commending all the members for their fine cooperation during the past year, and asked for continued support of the same nature. He urged the finance committee to take necessary steps to collect tuition moneys due from all outside districts.

A resolution complimenting Charles A. Dietz, retiring member, was unanimously passed.

Supervisor Dengler gave an interesting report on the recent Atlantic City convention.

Mrs. Joseph Williams, of the P.T.A., renewed the organization's previous pleas for a separate class for delinquent students.

Walter D. Lamson was appointed broker of record to handle the school board's insurance, succeeding W. Rex McCrosson.

COOPER HOSPITAL CONCERT BENEFIT

Fellowship Choral Will Join With Associated Glee Clubs of South Jersey

On the twentieth of this month the Fellowship Choral Club will join with the Associated Glee Clubs of South Jersey in a large benefit concert, the proceeds to go to the Cooper Hospital. The concert will be held in the Haddonfield High School auditorium, March 20th; admission 75 cents.

Monday night the Fellowship Club will put Dubois' "Seven Last Words of Christ" into rehearsal. This famous sacred work will be presented under the auspices of the Club in the Methodist Church on the Wednesday evening of Holy Week.

Every one who participated in "Olivet to Calvary" last season, and everyone else who enjoys choral singing, is urged to join the chorus again this year.

Rehearsal in the Riverton Porch Club at 8 o'clock sharp, Monday evening. There will be a small rental charge for scores.

REDUCTION POPULAR

The reduction of adult admissions from 30 cents to 25 cents for evenings has met with great success at the Palmyra Broadway Theatre. Many are taking advantage of the saving which has in no way affected the presentation of high class pictures for which the new management has earned an enviable reputation.

BUSINESS YOUNG MEN IN DEBATE

Judges Give Decision in Favor of Amateur Athletics in Colleges

On Monday, March 4, the second meeting of the Young Business Men's Club held in the YMCA Hall, Palmyra. All members attending the meeting of February 18 were present as well as five new members. A short business meeting was held, after which a very interesting and lively debate was offered as the program for the evening.

The affirmative side was taken by Leon Sloan, captain, Grandon Layton and Stanley Lippincott. The negative side of the question was presented by Dewees Showell, captain, Edward Dages and Wilson Schmierer. Each speaker was allowed five minutes. After all had spoken, ten minutes was allowed to prepare the rebuttal and the two captains were each given ten minutes in which to try to re-prove their separate contentions on the subject.

The judges were E. Newbold Cooper, Clifton P. Mayfield, and Frederick Blair, all of Riverton. The judging was done on a purely mathematical basis, Mr. Cooper having furnished scoring blanks for the men, analysing the whole debate point by point. The judges gave the debate to the affirmative side; the negative debaters, however, they said, were not very far behind.

After the judges had made their decision Mr. Cooper, who is connected with Girard College, gave the group some pointers on the proper method of presenting a debate, which were as follows:

1. Address the chair, known as the Mediator in a debate.
2. Be sure to have authentic authority.
3. Present points in concise and logical form.
4. Frequently remind audience and judges of the points already made.
5. Sum up in a strong, concise rebuttal.

The next meeting, March 11, will consist of a panel discussion of "Crime and its Phases." Publicity.

"WAR" IS TOPIC AT PORCH CLUB

Speaker Declares "Another War Would Destroy Our Civilization"

The regular meeting of the Riverton Porch Club was held Tuesday, March 15.

Mrs. Stuart B. Clark, chairman of the International Relations and Legislation Department of the club introduced the speaker, Mrs. Frederic Beggs, who addressed the members and guests, her subject being, "The Cause and Cure of War." Mrs. Beggs has just returned from a western trip which terminated in a conference at Denver on the "Cause and Cure of War."

One of the high points in Mrs. Beggs' speech was that "The inevitability of war must be challenged."

The intellectuals of the country should feel a responsibility toward doing their best to solve community problems amicably.

"Another war would destroy civilization," said Mrs. Beggs.

The speaker left no doubt in the minds of those present as to her belief in preparedness by her following statement, "In time of peace prepare to prevent war."

The meeting was very well attended due to the prominence and charm of the speaker.

CARD PARTY

A card party and buffet supper with a floor show is to be held at the Old Mill Inn on April 5 under the auspices of the Associated Republican Clubs.

THREE PLAYS ON ONE PROGRAM

Plans have been completed and final rehearsals are being held for the three one-act plays to be given Friday night, March 8, in the Wilbur Watts High School, under the auspices of the Burlington County Business and Professional Women's Club.

Proceeds of the presentation will benefit the educational fund of the sponsoring club, whose membership includes prominent women from all parts of Burlington County.

Entr'acte solos will be sung by Mrs. Velma Lance Comegys, contralto, former music supervisor of Burlington schools, and the High School Orchestra, under the direction of Morgan Love, will play.

HOFFMAN'S PLANS SPEAKER'S TOPIC

Judge Grimm, of Trenton, Tells Republicans of Governor's Legislative Program

The monthly meeting of the Associated Republican Clubs of Burlington County was held in Society Hall on Monday evening, March 4, with about 200 attending from the different clubs of the county.

Judge Grimm, of Trenton, made the principal address of the evening, explaining Governor Hoffman's legislative program.

Other speakers were Mrs. Somers, State Committee Woman of Mercer County, Mrs. Nellie Russell, of Burlington.

The president of the club, Roy McDougall, of Delanco, announced the next monthly meeting to be held at Moorestown.

The Palmyra Club being the host Monday evening, entertained with solos by Fred Fitzmaurice, accompanied by Mrs. George Snyder.

After the meeting refreshments were served.

GIVE CREDIT WHERE CREDIT IS DUE

Last week some of the county papers carried the following story:

ADAMS SAVES MORE MONEY FOR COUNTY

Director Palmer L. Adams, at the meeting of the Board of Freeholders Tuesday, announced he had obtained a reduction in the rate of interest on the \$100,000 which the county borrows nearly every year in anticipation of taxes, to 2 1/2%.

Earlier this year the bonding company offered 3%, but Mr. Adams learned of another county in the state obtaining its money for 2 1/2% and successfully demanded the same saving for Burlington County.

Last year the County paid 6% for the loan of the same amount.

It is stated on good authority that this whole transaction was engineered by Freeholder William H. Heisler, director of the department of finance, and Adams knew nothing about it until the matter was reported to him by Heisler; and there seems to have been nothing about the affair that was either mysterious or miraculous.

Last year the rate of interest charged to borrowing municipalities was 6% and they all paid it. This year, owing to conditions in the money market, the rate is 2 1/2%, and any municipality in good standing can secure that rate. It is due to the able administration of the financial department by Mr. Heisler during the past several years that Burlington County enjoys a reputation among banks which enables it to secure as favorable terms as anyone on its borrowings.

It is often said that people do not appreciate what they get for nothing, but just look how the boys voted in the last election.

TELLS OF LEISURE TIME ACTIVITIES

Mrs. Dudley, Burlington County Director, Explains Program at Rotary Club

The work of the Federal Leisure-Time Activity Program was outlined in a revealing manner by Mrs. Dudley, the Burlington County Director, to the Palmyra-Riverton Rotarians last week. Two programs are supported, she said, one in summer, centering around playground activities which exist in 19 counties of New Jersey, and a winter-time program primarily designed for adults. New Jersey was the first state in the Union to adopt the Federal recommendations.

The organization has five aims (1) to give worthwhile avocations to the younger unemployed, (2) to provide leisure time activities for the detached adult years, (3) to provide worthwhile interests for fathers and mothers, particularly the latter who are commonly shut in by the duties of the home, (4) to set up suitable activities for the grandparent age and (5) to redirect the conduct of problem adolescent boys through collecting, recreation, etc.

There are in Burlington County twenty-two playgrounds under paid, trained leaders. Some of these play spaces had to be cleared before they were usable, and the necessary equipment could be installed. There is also a county handcraft supervisor who goes from place to place and who was instrumental in putting on the Mt. Holly exhibition, in which over 1000 objects constructed at a total cost of less than \$50.00, were exhibited to the public. There are now 13 centers carrying on 39 different activities under the direction of five part-time workers and volunteers.

An interesting example of what they do, is the recipe exchange in which each week some one demonstrates and passes out a sample of cooking. Since there are Russians, Italians, Scandinavians and other nationalities present, the variety is astonishing. Current history, weaving, and caning chairs are other examples which illustrate the fact that craft work is being stressed.

Mrs. Dudley called upon the Service Clubs of the county for help in spreading the doctrine of leisure time activities which are supported not by state but by federal funds. She mentioned the great assistance that the Y.M.C.A. is giving to her work and urged that as many men as possible volunteer as leaders in this valuable organization. The Rotarians were much pleased with her address.

Dr. Hulse then showed three films on Mexico featuring Mexico City, the site of the next Rotary International convention.

I.O.O.F. NOTES

The regular meeting of Cinnamon Lodge No. 201, I.O.O.F., was held March 1st, at Society Hall, Palmyra. The attendance of officers and members was very encouraging. After the regular meeting a very thorough degree rehearsal was held.

The Good of the Order Committee will hold their monthly supper tonight, Friday, March 8th, at 6.30, at Society Hall, Palmyra. All members are invited to attend this supper.

The Seal of the Waltham Watch will be broken at this supper, and the winner determined.

HONOR STUDENT

Lawrence Lippincott Parrish '35, of 901 Thomas avenue, Riverton, was one of the Swarthmore College students to receive over a 'B' average for last semester's studies. Parrish's first two years were spent at De Pauw College, where he was a mainstay of the track team. His first semester at Swarthmore found him a regular on the Garnet Jayvee soccer eleven.

Riverton Board Asks for Bids

(Continued from page 1)

passed that the bill be paid, Hilton M. Smith and Fred P. Hemphill voting in the negative.

A resolution was also passed directing the payment of \$500 to Stanley P. Stewart, for preliminary services, as architect, \$179.00 to Sherman and Sleeper for a survey and plan of the school property, and \$500 to Byron H. Edwards, Inc., architect, on account.

Harry E. Moyer, member of the building committee, was absent at the meeting when the vote was taken on this motion, but had left a letter with the president requesting that his vote on this question be recorded in the negative.

A resolution was passed authorizing the president and district clerk to issue a note in the sum of \$1000 to meet current bills on the new building project, and also to sign \$5000 worth of bonds issued for the new school building in order to have funds available to meet expenses which will be incurred from time to time.

Miss Staman's Report

Our Kindergarten was re-opened February 13th with an attendance of nine, increasing each day so that it is now fairly normal. Each child was sent to the school physician as he returned, for an examination. Eight children are still in quarantine.

Thirty-three children from other grades were sent to Dr. Rogers' office, 7 of whom were excluded from school.

Forty-six pupils attended the dental clinics. (2 months).

Besides taking these children to Dr. White's clinics, the nurses have made 86 calls at homes many in the capacity of attendance officer. The school census is also being revised. One child was taken to Dr. Remer in Mt. Holly to be fitted with glasses.

The Parent-Teacher Association will conduct their Summer Round-Up of pre-school children in a different manner this year, to include younger children (from two years up) and a more complete health history.

The replacement of furniture in grades 7 and 8 (Jan. 14th) has been reported. It is entirely satisfactory and standing wear well.

The annual dinner to the members of the board of education will be held on Thursday evening, May 2, Play Day at Memorial Park on May 23, and commencement on June 12.

The sample submitted did not seem to be of very substantial construction, and Miss Staman was asked to see if something more durable could be found at a moderate cost.

The following bills were ordered paid:

Robert H. Clelland, hauling ashes	\$10.00
Houghton Mifflin Co., books	3.48
Cinna. Bank and Trust Co., rental deposit box	10.00
Dr. George J. White, dental service	115.00

TIPS ON GROWING

BY ONE WHO GREW UP IN
THE BUSINESS

The great exhibit of yellow Acacias as set up by William Kleinheinz, head gardener of the P.A.E. Widner Estate of Elkins Park, is the pride of the Philadelphia Flower Show. This exhibit, which will be shown again at the coming exhibition this spring, was first shown by the late Thomas Roland of Nahant, Massachusetts, in 1916, and was later purchased by Mr. Widner, who added to the collection. In 1933 Mr. Kleinheinz was awarded the Achievement Medal of the Poor Richard Club for growing Acacias, and last year he received the Thomas Roland Medal of the Massachusetts Horticultural Society for skill in horticulture. This coveted medal, by the way, was a number of years since granted to the late J. D. Eisele of Riverton.

There is a great shortage of Roses this season, and garden makers (especially those who will plant in late April or May) should place their orders early for their favorite varieties so that plants may be set aside while still in good supply.

"Sugarstick" is the delectable name of a sensational new variety of Sugar Peas now appearing in the catalogs. The pods are thick and lacking in fiber and are as delicious as the peas themselves. The pods with the peas inside are cooked like String Beans. Both the pods and the peas, which are of large size, are extremely tender. The pods when sliced can be included in making a salad. Try it this season.

The "New Yorker" says that the fashionable St. Regis Hotel in New York City places a fresh red Rose on each breakfast tray sent up to a guest at the Hotel.

In childhood when reading that thrilling Arabian Nights story "Al Baba and the Forty Thieves" I wondered what the magic word "Sesame" meant that opened the door of the Robbers' Cave. Apparently it was some kind of a grain. I have just learned that it is the herb grown here under the name of Bene, a native of India. The seeds yield about half their weight in Oil-of-Sesame. It is a Perennial Herb and in this country it is cultivated for its medicinal properties in the treatment of dysentery, and the lemon-scented leaves are used for flavoring foods in cookery.

According to the "New Jersey Agriculture," published by Rutgers University, Asparagus is one of New Jersey's most important vegetable crops, having an annual farm value of between 1 and 2 million dollars, rivaled only by California in total acreage grown for the market. Principal varieties planted are the Mary or Martha Washington sorts; New York City being the important market. Cost of establishing a bed averaged \$100.00 per acre and the growers estimate the life of a cutting bed as 12 years.

CINNAMINSON P. T. A.

A visit to the school this week was a treat; the children all so friendly and anxious to make the time pleasant.

Lunch in the orderly lunch room full of chattering children was a revelation. All so well behaved, and mindful of neatness, all willing to bow the head and join in offering grace. They are learning more than some of their elders ever dreamed of a school instilling.

The next study class will be held Wednesday evening, the 13th, subject, "What Does the World Expect of Citizens?"

Friday, the 15th, will be the annual musical. Don't miss it, and be sure to remember to save Wednesday evening, the 20th, to hear Dr. E. Newbold Cooper's lecture. Dr. Cooper comes from Girard College, and was formerly supervising principal of the public school in Riverton, where he still makes his home.

The chief cost of government is the support of necessary institutions that our fathers never heard about. —Atlanta Constitution.

LAKEVIEW OFFERS SUNDAY CONCERT

Autoists Invited to Visit Park
Sunday to Hear Selections
from Singing Tower

The call to the open road, the road that for weeks has been submerged under a blanket of successive snowstorms, is tempting the Sunday auto tourists.

The usual Sunday drives that afford the family a quiet, pleasant respite from the hum-drum weekly routine, is enhanced by the bracing freshness of the March winds; winds which, warmed by the mid-day sun, carry the suggestion of the spring that is close at hand.

Answer the call, take to the road, and enjoy to the utmost your Sunday drive. Accept the invitation of Lakeview Memorial Park to spend an hour with them next Sunday. So plan your drive that between the hours of three and four o'clock you may stop in one of its many drives and from the comfortable interior of your own car, enjoy an hour of music from the majestic "Singing Tower."

The following selections are to be offered next Sunday on a varied program that will appeal to every musical taste:

Messiah, Hallelujah Chorus, organ; Ave Maria, McCormick and Kreisler; Old Black Joe, Tibbett; No Night There, Talley; Romance, orchestra; The Passion of Our Lord, choir; Organ Selections; Light Cavalry Overture, part 1, orchestra; In the Garden, Talley; Uncle Ned, Tibbett; In a Monastery Garden, orchestra; Calm As the Night, glee club; Angelus, organ.

Lakeview Memorial Park is situated on the Burlington Pike (Route 25) one-half mile north of the Moorestown-Riverton road. Make it your stopping place Sunday afternoons and provide a bright spot in the day's itinerary for your family and friends.

NURSERY NOTES

David Rust, secretary of the Pennsylvania Horticultural Society, was a visitor at the Dreer Nurseries last week. He was much impressed with the progress of the roses set aside for exhibition at the coming Philadelphia Flower Show in late March.

The long expanse of new steel-wire fence from the office entrance of the nursery on Fourth street to Broad street on Fulton is now completed and is causing much favorable comment.

A fac-simile of Dreer's ad in a recent issue of "The New Era" captioned "An Air Conditioned Home" was reproduced in the March 2nd issue of "The Florists' Exchange" with congratulations for "commendable and timely enterprise." The "Exchange" trade weekly is subscribed to by practically every up-to-date florist and nurseryman in the country.

YOUNG DEMOCRATS MEET IN PALMYRA

A regular monthly meeting of the Young Democratic Clubs of Burlington County was held at the home of Miss Elinor Porter, 405 Morgan ave-

nue, Palmyra, on Thursday evening, February 28th.

Daniel Lichtenthal, president, presided and about fifty members of the executive committee were present. A very interesting address was made by Mrs. Mervil E. Haas of Riverton,

state committeewoman, who spoke on the subject of future plans for the Democracy of Burlington County and New Jersey. Final arrangements were made with reference to the "dollar dance" to be held at the Spring Hill Country Club at Maple

Shade on Saturday, March 2nd, 1935.

Sins of the parents are visited upon their children unto the third and fourth generation. So are their bond issues.—

All nations smile in the same language.—Oriental.

Vision

AND ITS ACHIEVEMENT

As a butterfly emerging from its chrysalis, Lakeview Memorial Park has evolved from a humble peach orchard to a community development of great loveliness and dignity. The vision and foresight of its founders have been realized. In its present stage of progress Lakeview surpasses the imagination... a location of natural beauty, skillfully adapted and preserved as a fitting resting place for our beloved dead.

The tranquil lake for which Lakeview is named... the rolling lawns... the majestic trees... the well-curbed drives... these taken together represent the present-day Lakeview.

And Lakeview will remain forever beautiful... protected unto eternity by a large Perpetual Care Fund, the principal of which can never be expended, only the income therefrom used to care for and perpetuate this noble work.

Thoughtful men and women find consolation in the knowledge that for them and their loved ones provision has been made for a final resting place. Sound, conservative management protects every lot-owner in Lakeview Memorial Park. Those who purchase now during the construction period have the choice of the finest locations at the most modest prices.

OBITUARIES

GUSTAV J. AXTMAN

Gustav J. Axtman, 61, died at his home 715 Lincoln avenue, Palmyra, March 3, after a lengthy illness.

The deceased was the son of the late Gustav and Katherine Axtman. He is survived by his widow, Pauline, and two daughters, Mrs. Edgar Lamont and Pauline Axtman.

Funeral services will be held Friday morning at 8 o'clock from the residence, and High Mass at nine o'clock at Sacred Heart Church, the Rev. John McGrath, officiating.

Interment will be made at Westminster Cemetery, Philadelphia, Frank A. Snover, funeral director.

SARAH E. HUNT

Mrs. Sarah E. Hunt, of 710 Lincoln avenue, died at her home Tuesday, March 5, after a short illness.

The deceased is the widow of the late George Hunt.

Funeral services will be held Saturday at 2 o'clock from the Snover Funeral Home.

Interment will be made in Arlington Cemetery, Philadelphia, Frank A. Snover, funeral director.

Friends may call Friday evening between 7 and 9 o'clock.

Mrs. Hunt is survived by a niece, Mrs. Margaret Gearhart, of Washington avenue, Palmyra.

VIOLA BOARDLEY

Mrs. Viola Boardley, of Brooksville, died at her home March 1, after a short illness.

Funeral services were held Tuesday afternoon at Wrightsville M. E. Church.

Interment was made in Wrightsville Cemetery, Frank A. Snover, funeral director.

THE PEOPLE'S COLUMN

In the general plan of N.R.A., shorter hours, higher wages and higher prices are continually emphasized by the Government and organized labor. In reality the great mass who are the consumers must turn away from things they need and want to buy because there is no money with which to pay. Many of us in this section receive our incomes directly or indirectly from business—some big, some small businesses—but the business man today is being so severely squeezed by taxes, overhead, wages, and ever-mounting expenses that the owner often has less than the employee, and those who have invested their money to help build up big business, to make employment for thousands possible, they are now often without the means of livelihood.

If the Government is to take over control of business, a wise provision should be made for those who have labored long and hard that businesses might be established.

One of Them.

Mr. and Mrs. Thomas McChesney and daughter, Mary Elizabeth, of Moorestown, spent the weekend at the home of Mr. and Mrs. Harry Sim, of Thomas avenue.

HORSE SHOW

The first Burlington County Horse Show in some time is being planned for May 4 on the farm of the English Setter Club of America near Medford.

The Burlington County Country Club and English Setter Club are sponsoring the show.

"THE OPEN SUNDAY"

The Epworth League of Epworth Church, Palmyra, will hold a discussion on "The Open Sunday" lead by Cecil Guest. The meeting which starts at seven o'clock is open to anyone interested, and special music will be furnished.

RIVERTON

Francis Goodwin, Sr., of Thomas avenue, is improving very slowly from a serious illness.

Mr. and Mrs. S. A. Plumly and party have reached St. Petersburg, Florida.

Mr. and Mrs. Frank Day, of Philadelphia, were guests of Mr. and Mrs. William Caskey on Saturday evening.

Miss Esther Reeves, of Atlantic City, is spending several days with her parents, Mr. and Mrs. Leslie W. Reeves.

Mr. and Mrs. William Mattis and daughter Suzanne, formerly of Cinnaminson street, have moved to 428 Lippincott avenue.

Mrs. Clifford Nesbitt, of Thomas avenue, entertained the following guests at dinner Friday evening: Mrs. Edward Rogers and Mrs. C. Carson, of Burlington and Mrs. K. Mount, of Beverly.

Mrs. George Friday, Sr., of Beverly, is spending several weeks with her son, George Friday, Jr., of Thomas avenue.

LUNCHEON AND BRIDGE

Miss Eleanor Finn, daughter of Mr. and Mrs. Emmett R. Finn, of Garfield avenue, Palmyra, was the guest of honor at a luncheon and bridge given at the home of Mrs. R. A. Lawless Smith, of 697 Ridge street, Newark, on Saturday last.

Miss Finn's engagement to Robert Dean Smith has been announced. She is a junior at the Montclair Teachers' College.

Following bridge a surprise shower was tendered Miss Finn. She was the recipient of many lovely gifts.

Guests at the bridge-luncheon included the Misses Florence Shingler, Gertrude Kronke, Mildred Zell, Helen Merselis, Eleanor Hafstrom, Ruth Castle, Marcia Stryker, Grace Samanco, Marguerite Boissevain, Constance Sabatelli and Anna May Miller.

SACRED HEART P.T.A.

The Sacred Heart Parent-Teacher Association will hold its monthly meeting in the school auditorium on Thursday afternoon, March 14 at 3 o'clock. The executive committee will meet at 2.30.

CHURCH NEWS

CALVARY PRESBYTERIAN CHURCH

Rev. Charles T. Bates, B.D., Pastor

At the morning worship next Sunday the Rev. Llewellyn K. Anderson from Bahia, Cameroun, West Africa, will speak.

Mr. Anderson is an unusually attractive speaker and a cordial invitation is extended to all in the community who have no church home, to join in the fellowship and the worship of Calvary Church.

Midweek service Wednesday at 8 o'clock.

FIRST LUTHERAN CHURCH

Rev. Harold L. Creager

During the Lenten season we shall have a series of sermons at the morning service on some of the great words which express important factors in our Christian experience. This Sunday the theme is, "What Is Sin?"

In the evening services we are continuing a series of messages from the Book of James. This Sunday the topic is, "Is Your Tongue Converted?"

The Wednesday evening services during Lent are being devoted to a series of studies on the Authority of Jesus, as it is seen in various incidents in the last week of His life. Next Wednesday, "The Authority of Jesus as a Teacher."

The Ladies' Aid Society will hold their regular monthly meeting next Tuesday, with a covered dish luncheon.

CENTRAL BAPTIST CHURCH

Rev. George Lockett, B.D. Pastor

10.00 a.m., Bible School. Our outstanding thermometer is steadily rising over that of last year's. You are invited to bring your friends. There's enjoyment for everyone in our Bible school services.

11.15 a.m., Morning Worship. "The Christ of Life's Road" is the title of Pastor Lockett's sermon. Musical selections by the Senior and Junior Chorus.

6.45 p.m., B.Y.P.U. Here too, we notice the attendance on an upward trend. Interesting topics and discussions for the young folk to be a part of.

7.45 p.m. The usual 15 minute song service in which the congregation joins the choir, will be followed by the sermon, "The Greatest Thing in the World," to be delivered by Pastor Lockett.

Wednesday, 4.15 p.m. Choir rehearsal for the Junior members, followed by the Junior B.Y.P.U.

Wednesday, 8.00 p.m. The mid-week prayer service for the grown folk.

Mrs. Clifford Nesbitt, of Thomas avenue, entertained the following guests at dinner Friday evening: Mrs. Edward Rogers and Mrs. C. Carson, of Burlington and Mrs. K. Mount, of Beverly.

Mrs. George Friday, Sr., of Beverly, is spending several weeks with her son, George Friday, Jr., of Thomas avenue.

CHRISTIAN SCIENCE CHURCH

"MAN" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, March 10.

The Golden Text is: "The steps of a good man are ordered by the Lord; and he delighteth in his way" (Psalms 37:23).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "So God created man in his own image, in the image of God created he him; male and female created he them" (Genesis 1:27).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The Scriptures inform us that man is made in the image and likeness of God. Matter is not that likeness. The likeness of Spirit cannot be so unlike Spirit. Man is spiritual and perfect; and because he is spiritual and perfect, he must be so understood in Christian Science" (p. 475).

BEITZ GOES RICHFIELD

"Ed" Beitz, manager of the Palmyra Bowling Alleys, has taken over the Richfield Service Station at Broad street and Maple avenue, Palmyra, where the genial "Eddie" deals out gas, oil or lubrications to suit his customers.

MEN'S CLASS FOR STUDY OF BIBLE

In response to a demand for instruction for the men and young men of the parish, a bible class is being formed to meet at 9.45 on Sunday mornings in the parish house. While it is expected that the lower limit will be about seventeen.

This class, which will be taught by the rector, will take up the formation of our present bible and the reason for the inclusion of the books as we now have them, as well as the causes for the various editions and translations, preliminary to studying the text itself. In all cases the story behind the actual words and the surrounding conditions will be stressed rather than the usual and generally accepted lesson to be drawn from the words.

It is hoped in this way to show the bible as a living product of its age, and to present enough detail and general background to make the understanding of all passages easier to the pupils, rather than to concentrate on a few difficult and controversial passages.

All men of the town will be welcome whether members of the church or not. Remember the time. Sunday mornings at 9.45 in the parish house.

"QUIET DAY" AT CHRIST CHURCH

The Right Reverend Ralph E. Urban, bishop coadjutor of the Diocese of New Jersey will conduct a "Quiet Day" for the Episcopal women of Burlington county at Christ Church, Riverton, Tuesday, March 12th.

The services will commence with a celebration of Holy Communion at 10.30 in the church, followed by devotions by the bishop. Those attending are requested to bring a box lunch to be eaten in the parish house.

The afternoon session will consist of meditations by the bishop.

EPWORTH LEAGUE NOTES

At the Epworth League meeting Sunday night at seven o'clock sharp, an open forum will be held on "Open Sunday." The forum will be conducted by Cecil Guest.

The regular meeting night of the Epworth League has been changed from the fourth Tuesday of each month to the fourth Monday of each month.

Mrs. Anna Faunce attended the Dunegal Ball held in the Elk's Hall, Philadelphia, last week.

MIKE MURMURS

BY WILLIAM COOPER, JR.

The travelers shown above in front of their tear-drop shaped land cruiser are none other than the friends of thousands of children in the Philly metropolitan area, Uncle Wip of WIP, and Terry and Ted. The other gentleman with that happy trio is Captain Baker. You know that Terry and Ted are heard every night over WIP 6.45 p.m., so you kids ought to tune in and catch the program.

GET INTO THIS!

MIKE MURMURS REVIEW: Here it is at last—the "Mike Murmurs" Contest. The prize will be two tickets to see the Esslinger's Amateur Night held in the WCAU Auditorium on Wednesday nights. Each week we will pick out a program which will be heard over WCAU and ask each reader of this column to listen to the show. After hearing the program we want you to sit down and write us a letter in care of The New Era, stating in 50 words or less just what you thought of the program. The statement can be either for or against the program, and the writer of the best statement will receive the tickets. All letters must reach The New Era office no later than Monday night following the broadcast, so don't waste any time in writing your letter.

LADIES' AUXILIARY ST. PATRICK PARTY

Ira Thomas Will Be Speaker
Surprise Features on Program

A St. Patrick's Jamboree will be given by the Palmyra and Riverton Ladies' Auxiliary of the YMCA on Tuesday evening, March 19, at 8:15 o'clock at the "Y" building, Broad street and Garfield avenue, Palmyra. Mrs. Charles F. Voorhees will be the Auxiliary hostess for the evening. Wilton Mount, local "Y" secretary, assisted by his board of directors, is cooperating with the Ladies' Auxiliary in presenting the guest speaker, Ira Thomas, scout for the Philadelphia Athletics baseball team.

They have also made plans for movies and other surprise features for the evening's entertainment. All "Y" boys, fathers and mothers, members and friends, are very cordially invited to attend and to help make this event an enjoyable one for all "Y" boys.

RULE TO BAR CREDITORS
Estate of Anna Scott, Dec'd.
Notice is hereby given that an order has been made by the Surrogate of the County of Burlington, bearing date the 11th day of February, 1935, upon application of the subscriber, Cinnaminson Bank and Trust Company of Riverton, New Jersey, requiring the creditors of Anna Scott, late of the County of Burlington, deceased, to bring in their claims against the estate of the said decedent, under oath of affirmation, on or before August 11th, 1935, or they will be barred of any action thereafter against the said decedent.
CINNAMINSON BANK AND TRUST COMPANY OF RIVERTON, NEW JERSEY, Executor.
Dated: February 11th, 1935.

STRANGE BUT TRUE

BY Ed Wells

For better heat with less attention, order 'blue coal' now

IF YOU want to save money this winter, heat your home with 'blue coal'. It sends quick heat to every room in zero weather — supplies clean, healthful warmth all day with little furnace attention — makes a slow, lasting fire when banked at night. 'Blue coal' is the finest of Pennsylvania hard coal—America's money-saving home fuel. And it's colored blue as your guarantee of highest quality in every ton.

PAST YEAR SHOWS TELEPHONE GAINS

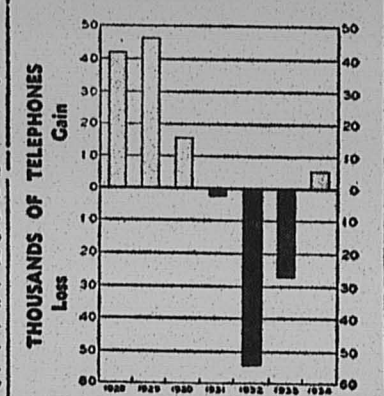

First Upward Trend Since 1930;
Also Slight Increase in Earnings

Small gains in telephones and telephone calls last year marked the first reversal of the downward trend in volume of telephone business that had continued without interruption since 1930, the annual report of the New Jersey Bell Telephone Company discloses.

Telephones served by the company increased from 601,916 at the beginning of the year to 607,581 at the year's end, a gain of 5,665 compared with a loss of 28,502 telephones in 1933. The average daily volume of telephone calls increased 2.8 per cent to 2,450,000.

Earnings of the company also improved slightly, net operating income for 1934 amounting to 3.46 per cent on the investment in the business, compared with 3.29 per cent the previous year. The balance available for dividends per share of common stock, the only security outstanding, was \$4.27 in 1934 compared with \$3.96 for 1933.

TELEPHONE TREND UPWARD

YOUNG REPUBLICAN DINNER DANCE

The Burlington County Young Republicans will give a St. Patrick's dinner-dance in the Moorestown Community House on Saturday night, March 16, at 6:30. Clarence Price, clerk of the Board of Freeholders, a former Burlington city man, who now resides in Mount Holly, will be toastmaster. Due to the limited capacity of the Community House there will be no tickets sold after Thursday, March 14, 1935.

The blood capillaries of the human body attain a total length of 100,000 miles.

FRED HOEHN
S-41 and River Road, Palmyra

"I have only two kilowatts left.
No more until Saturday."

"I'll take those, but I wanted at least a half dozen"
—and she made a mental reservation to squeeze into her schedule sufficient time to run downtown and replenish her supply of kilowatts.

Terrible thought, but what if you had to buy electricity from the grocery boy instead of by the unconscious click of the switch?

Electricity has become so much a part of our daily living that we do not give it a thought. We want light, we turn it on. We want power, we plug in. We want refrigeration and get it automatically. And the surprising thing — there's nothing which gives you so much for your money as electricity.

PUBLIC SERVICE

INVITE VISITORS TO LAKEVIEW PARK

Musical Program Can Be Enjoyed from Car Parked in Avenues

Lakeview Memorial Park, South Jersey's "Cemetery Beautiful," is attracting each Sunday afternoon more and more people who enjoy the musical concerts from the Singing Tower. The landscape beauty that nature and man have combined to shape into a resting place of loveliness and dignity, has proved an added attraction Sunday after Sunday since the programs were started.

With the approach of spring, Lakeview will take on a new beauty and the delicate greens of the budding foliage, together with the bright colors of early flowers, will create a picture of indescribable charm. Amid such surroundings you can enjoy the musical program of the Singing Tower from the comfort of your own car, parked in one of the many spacious avenues winding through the park.

You are invited to make a stop at the park a regular part of your Sunday program. Take your family and your friends. They, too, will appreciate the opportunity of securing a change from the routine of the busy weekdays.

Beginning at 3:00 p.m. next Sunday the following musical program will be presented over the Singing Tower.

Chimes; Sometime We'll Understand; organ; Tales of Hoffman, Bori and Tibbett; Orientale, Elman; Spirit of God Descend, choir; Stars of the Summer Night, quartette; restful organ music; Souvenir, Elman; Calm As the Night, Bori and Tibbett; Out of the Dusk to You, orchestra; America the Beautiful, quartette; Rock of Ages, organ;

DR. KIFT SPEAKS AT PORCH CLUB

Landscaping Plays Important Part in Gardening Says Horticulturist

The Garden Section of the Riverton Porch Club held an open meeting on March 12th.

Dr. Jane Leslie Kift, a pleasing speaker and very well-known horticultural authority, gave an interesting talk on the "Landscaping of Small Gardens," also giving advice on horticultural problems presented.

An attractive display of arrangements of winter bouquets by members of the Garden Section was featured, prizes being awarded. Dr. Kift, Mrs. W. G. Porter and Mrs. McIlvaine Biddle acted as judges.

In landscaping property, Dr. Kift said, the house should be the central part of the picture; nothing on the lawn should detract from the house. Trees and flowering shrubs properly planted greatly enhance the property.

In New England the American Elm, the most beloved tree, is planted close to the house.

Evergreens when used, must not be planted close together. They require light and air and should be sheared each month beginning May first, and will winter better if planted in the fall.

The utility section of the yard may be screened off and beautified by an arbor.

In the flower section, curved lines are more practical than the modernistic straight lines.

If privacy is desired, hedges or trees may be used, or walls as in the English gardens.

The accented places in the flower gardens should have suitable flowering plants.

In planning a border for privacy avoid straight line effect, irregularity is better as the sky line is important.

Flowering shrubbery such as lilacs, require some lower plants to hide woody parts.

Well-known paths of flagstones, pebbles or cinders add greatly to a garden. Cement paths should be avoided as they look too cold and stiff.

The beauty of any garden is the grass, which should receive careful attention.

CIVIL SERVICE EXAMINATIONS

The United States Civil Service Commission has announced open competitive examinations as follows: Assistant naval architect, \$2,600 a year.

Assistant mineral economist, \$2,600 a year, Bureau of Mines. Typewriter repairman, departmental service, Washington, D. C.

All States except Utah, Iowa, Vermont, Virginia, Maryland, and the District of Columbia have received less than their quota of appointments in the appointmentment departmental service in Washington, D. C.

The position of typewriter repairman is not affected by the State apportionment law.

Full information may be obtained at the Riverton post office.

JOINT MEETING AT PORCH CLUB

Riverton PTA and Porch Club Will Hear Henry Murdock Tuesday Afternoon

The annual joint meeting of the Riverton P.T.A. and the Riverton Porch Club will be held Tuesday afternoon at 2:30 at the Porch Club. This year the speaker will be Henry Murdock, well-known writer and authority on current motion pictures.

Mr. Murdock writes daily in the Philadelphia Evening Ledger under the pen name of "Ollie Wood."

Mr. Murdock's topic at the meeting will be "Problems of the Movies," a very timely subject which has been controversial for a long time in Riverton. It is hoped that many will come to the Porch Club and enjoy a very interesting program. Tea will be served following the meeting. Publicity.

RIVERTON SCHOOL NOTES

Primary Assembly Held

A primary assembly was held on February 15th. Miss Gardiner, Miss Rothbart, Miss Evald and Miss Justice's classes participated.

Miss Gardiner's second grade gave an Indian play called, "Little Ugly Face." The part of Little Ugly Face was taken by L. Major, and the four sisters were J. Teeple, M. Hammelman, E. Lezenby, V. Woodward.

Miss Evald's class dramatized the helpers of Riverton. R. Hubbs, P. Willis and C. Bintliff were firemen. E. Moreland was the policeman; R. Hullings, storekeeper; R. Mason, baker; L. Foulke, garbage man; V. Gould, nurse; E. Friday, farmer; W. Johnson, doctor; H. Watkins, postman; D. Seagrave, milkman, and B. Lutz, dentist.

The first grade, under the supervision of Miss Justice, wrote and staged a woodland dance in three scenes. The first scene was the dance of fairies in the woodland. The second scene showed the dwarfs and gnomes taking the fairies away. The third scene was a dance of all of the gnomes, fairies, and dwarfs. The pupils taking part were: G. Lezenby, J. Adams, P. Woodward, M. J. Bush, E. Johnson, D. Symon, J. Carhart, C. Anderson, K. Lippincott and H. Stackhouse. This room, also, won a plant for having the most mothers present on Talent Day.

The third grade's contribution to the program was a skit entitled, "Ye Tithing Man." It was a colonial church scene. C. Elwell was the minister, and E. Goodnow was the tithing man. The class also sang the song, "Ye Tithing Man."

ANNUAL MUSICAL AT CINNAMINSON

Every one is busy preparing for the musical to be given in the auditorium, Friday evening the 15th. These annual affairs are always enjoyable, all friends as well as members will enjoy it; be sure to come.

Wednesday evening, the 20th, at eight o'clock, Dr. E. Newbold Cooper will talk to the association, as mentioned last week. To his many friends in Riverton a hearty welcome will be given. Publicity.

BUSINESS MEN TOLD OF CRIME IN U. S.

Hargett Leads Interesting Discussion on "Crime and Its Phases" Monday Evening

On Monday evening, March 11, the third meeting of Young Business Men was held, at the YMCA hall, Broad and Garfield, Palmyra.

The meeting was opened by J. Horace Finney, Jr., president. A semi-general discussion of the merits of the Phalanx, a national non-secret fraternity for young men was held and Mr. Finney appointed a committee of three to read such information on the subject as is available and present a comprehensive report at the next meeting, March 25.

The report is not to be in favor of or against the Phalanx, but rather a summary of the information about the organization, so that the group may be better able to judge whether or not they wish to join it. The committee consists of: Leon Sloan, chairman, Giles Knight and Robert Fry.

The meeting was adjourned and turned over to the program committee. They presented A. E. Hargett, of Palmyra, who led the group in a most interesting discussion of the several phases of crime.

Crime in the U. S. costs \$13,000,000,000 annually, four times the cost of education; an average cost of \$100 per person per year. There is a murder in the U. S. every 45 minutes. The U. S. has the highest homicide rate of any civilized country. There is an average of 140,000 persons in the U. S. prisons and another 400,000 engaged in criminal activities. Kidnaping and bank holdups are mostly in the west and middle west.

Some of our worst criminals sprang from good families; they lived in the country, not in the city. John Dillinger's father was a Quaker farmer, in a town of 2,000 population, Harvey Bailey was the son of a Civil War captain.

After Mr. Hargett had presented his points the members asked questions and entered into a general discussion. The next meeting will be held on March 25, at which time the group will become permanently organized. Publicity.

cussion. The next meeting will be held on March 25, at which time the group will become permanently organized. Publicity.

K. OF C. ST. PATRICK'S DAY CELEBRATION

In accordance with its usual custom, the Ladies' Auxiliary of the Knights of Columbus are planning a St. Patrick's Day celebration for Saturday evening, March 16th. Cards and dancing will be the order of the evening and many fine prizes will be distributed to bridge, pinocle, and radio players. There will also be a door prize.

Miss Sarah Fowler is in charge of arrangements for dancing and Joe Heim and his Ambassadors will play.

The K. of C. Home will be decorated in the traditional green for the occasion. The donation is thirty-five cents. The ladies are expecting a large attendance and will endeavor to see that all have a good time.

Hoarded labor is as harmful to the nation as hoarded cash.

FARMERS FAVOR CROP CONTROL

By a vote of 125 to 44, New Jersey potato growers who met in Hightstown recently placed themselves on record as favoring a proposed federal plan for controlling potato production which provides for a heavy tax on growers who sell more than the quota of potatoes allotted to them under a program that would be administered by the industry and the Agricultural Adjustment Administration. The meeting was held in Hightstown Grange Hall.

The proposed federal plan is embodied in the potato control act of 1935 (H.R. 6062) which has been referred to the House Committee on Agriculture. Its objective is to restore profitable prices to the industry by reducing the over-supply of the crop that has resulted in disastrously low prices. The machinery for obtaining growers' compliance embodies principles of the Bankhead cotton control act, which levies a heavy tax on the grower who produces cotton in excess of his sales allotment.

Mussolini says he can raise 7,000,000 soldiers and intimates that he will if necessary. Maybe it would be advisable for Mrs. Catt to go over and talk with him instead of lecturing so much on pacifism in this country.

LAKEVIEW

is NOT a Rich Man's Cemetery

To see a place so beautiful . . . to realize the thousands of dollars that have been expended to bring about the inspiring grandeur of Lakeview Memorial Park, sometimes creates the impression that it must be a very costly matter to own a burial lot in this park-like cemetery.

There was never a more erroneous opinion. At Lakeview Memorial Park provision has been made to care for the needs of all. You may suit your income exactly with a lot costing even less than you might expect to pay in an old-type cemetery if you are so inclined. Of course if you wish a costly location, this, too, may be arranged.

Take advantage of the "Before Need" Plan of Lakeview Memorial Park to select and purchase NOW while your mind is free to contemplate it, a beautiful lot in this worshipful Garden of Memories. Drive out to the Park today and secure your favorite location. You can make a small deposit on it and distribute the balance over a long period.

An impressive photograph of the multitudes who last year attended the Easter Sunrise Service held at Lakeview Memorial Park. It is estimated that over 20,000 people were present as the sun rose on Easter morn to the accompaniment of fanfare of trumpets and white-surplined choir. Thousands are being cheered and inspired by the regular Sunday afternoon concerts at 3 o'clock. May we send you a Program for the month? You and your friends are cordially invited.

All readers or local notices of entertainments, suppers, fairs, dances, etc., given for the purpose of raising money, will be charged for at the rate of ten cents a line. The New Era Office is equipped to do all kinds of Fine Printing at reasonable prices.

LEGAL ADVERTISEMENTS

The New Era is a Legal Newspaper. Commissioner's, Sheriff's and other Sales, Administrator's and Executor's Advertisements are solicited. The New Era will appreciate being remembered in this connection.

Future of the N. R. A.

There is of course considerable difference of opinion of what should happen to the N.R.A. The New York Post is one of the many influential newspapers which believe that the National Recovery Act should be discontinued. Under the caption, "Abolish the N.R.A.," the Post says editorially:

"The Post believes Congress should act at once, and abolish NRA before it carries us further backward in our fight for recovery."

"The Post believes we must substitute the fundamental economic protection of a minimum-wage law and a maximum-hour law—"

"With labor left to stand on its own feet and business to stand on its own feet."

"Labor then will be free to fight its battles without government interference."

"Industry likewise will be free to solve its problems—on the basis of open competition, which is the essence of capitalism."

At this time there is a bill in Congress providing that the NRA be extended two more years. Without such legal sanction a great deal of it will expire in a few months by statutory limitation. Just what the fate of this bill will be remains to be seen. President Roosevelt favors it and has recommended its passage.

A year or so ago this would have meant without question that the NRA would be given two more years of life. Of late, however, Congress has been more and more inclined to buck and political students give the act but little more than an even chance to pass.

In spite of this, however, and assuming for the moment that the act does pass, there is still considerable doubt about the future effectiveness of the National Recovery Act. Federal courts have been dealing pet administration rules and regulations some heavy blows during the past few weeks. Even this however does not tell the entire story. A great many political students have told us that provisions of the NRA in some instances transgress natural economic laws and that they will sooner or later become operative. If this is true then functions of the NRA may become ineffective whether or not the life of the law is extended. Without going into the question as to the economic logic of some provisions of the act it must be asserted that many of them seem contradictory in purpose at least. One may well ask whether it is still possible to stimulate the purchasing power in the country by reducing wages and jobs through curtailment of production and raising prices by the same method.

Woman Injured

(Continued from page 1)

fall against a bath tub. Bruise marks on each of the woman's arms were reported by Dr. Mark.

The house was taken over by police and all doors were locked to everyone. Chief Beck transported Mr. Hess to the county jail in Mt. Holly Tuesday night to await the outcome of the investigation and his wife's injuries.

Chief Beck notified the county detective and had Detectives Parker and Zeller as well as Prosecutor Eastwood on the grounds to go over the evidence. Dr. A. E. Edel, a blood expert from Newark, was called to Palmyra by the chief and samples taken of the blood from all parts of the house. Two photographs were called and have taken numerous photographs of the interior of the house, blood stains, etc.

Await Statement

A stenographer and detective are on duty at the hospital to take a statement from Mrs. Hess should she regain consciousness long enough to make one. It is said that she regained consciousness for a brief moment on Wednesday long enough to say "Am I in the hospital?" She was told yes. She said, "I am to be operated on tomorrow." When asked what happened she replied "I don't remember," and then relapsed into unconsciousness.

A blood transfusion was necessary on Tuesday evening and Chief Beck took Hess to the hospital that evening where a quantity of his blood was taken for the transfusion. Several other men from Palmyra went along to offer their blood, but that of her husband was declared the most suitable. Those who volunteered to give blood were: William Hoare, William Kepner and Joseph Gallagher.

Remains Unconscious

The condition of the injured woman is critical and up to the time of going to press she had not regained consciousness except for the brief instant reported. X-ray photographs may be taken of her skull today to determine possible skull fracture. At the hospital her condition is reported unchanged.

The injured woman is the third wife of Mr. Hess. The first died from a fall from a wagon and the second was burned to death.

Former Husband Killed

Mrs. Hess was married once before to John Rahelich, who was killed several years ago in West Palmyra, while crossing in front of a railroad train which was coming into the station on the wrong track. Mrs. Hess had three children by the first marriage. They are Evelyn, 9; Louis, 11, and William, 18. Mr. Hess had three children by former marriage, who are: Harriet, 14; Vera, 12, and Olin, 16.

CHURCH NEWS

CENTRAL BAPTIST CHURCH

Rev. George Lockett, Pastor

Sunday Services, March 17,

10.00 a.m., Bible School. In order

to promote more interest in the

Bible School exercises the school

association has purchased new song

books as published by Homer

Rodeheaver. The new supply will

be used for the first time this Sun-

day, which will be the 6th anniversary

of the dedication of the new

church building. An enlarged or-

chestra is being formulated to assist

in the music. At this dedicatory

service the Bible School witnessed

one of the largest attendances in its

history. There is being made an ef-

fort to reach this mark to celebrate

the occasion which is also part of a

program commemorating the 50th

anniversary of the incorporation of

the church. Every member is asked

to be present and bring with them

another member who has not been

attending regularly.

11.15 a.m., Morning worship. Pastor

Lockett will deliver a special

sermon appropriate for the occasion,

the subject being, "The Seamless

Robe." Additional music by the

Senior and Junior choirs has been

planned.

6.45 p.m., B. Y. P. U. A very im-

portant service for the young people

with an interesting topic for discus-

sion.

7.45 p.m., Evening worship. "Pre-

cious Promises" will be the subject

of the sermon following a fifteen

minute song service.

Wednesday afternoon at 4.15 the

Junior Choir rehearsal and Junior

B. Y. P. U.

At eight o'clock the usual mid-

week prayer service.

PALMYRA MORAVIAN CHURCH

Albert J. Harke, B.D., Pastor

Services for Sunday, March 17,

9.30 a.m., Sunday School.

10.40 a.m., Morning worship. Ser-

mon: "The Great Redemption."

6.45 p.m., Christian Endeavor

prayer meeting.

7.30 p.m., Evening worship. Music

night. A rousing song service. Choir

will furnish special music.

Plans for the Easter Dawn Service

in Lakeview Memorial Park are

nearing completion. This year the

service will be under the auspices of

the Palmyra Moravian Church. The

historic service and liturgy of former

years will again be used. The old

Moravian chorales, used throughout

the world as a feature of this service,

will form the musical numbers, and

will be featured instrumentally and

vocally by large groups of players

and singers. Complete details will

soon be announced.

CHRISTIAN SCIENCE CHURCH

"Substance" will be the subject of

the Lesson-Sermon in all Churches

of Christ, Scientist, on Sunday,

March 17.

The Golden Text is: "Whatsoever

God doeth, it shall be for ever" (Ec-

clesiastes 3:14).

Among the citations which com-

prise the Lesson-Sermon is the fol-

lowing from the Bible: "Now faith

is the substance of things hoped for,

the evidence of things not seen.

Through faith we understand that

the worlds were framed by the word

of God, so that things which are

seen were not made of things which

do appear (Hebrews 11:1,3).

The Lesson-Sermon also includes

the following passages from the

Christian Science textbook, "Science

and Health with Key to the Scrip-

tures" by Mary Baker Eddy: "Sub-

ANNIVERSARY OF NEW BUILDING

Special Services Arranged in All Departments of Bible School and Church

During this year, 1935, the golden anniversary of the incorporation of the Central Baptist Church of Riverton and Palmyra, a special committee has planned appropriate exercises to fittingly celebrate its 50th birthday.

This Sunday, to the very day, just six years ago the new church building was dedicated. In commemorating this anniversary, and as a part of the 50th anniversary celebration, special services will be conducted throughout the day.

In the Bible School an effort is being made to surpass the attendance of six years ago. New Rodeheaver song books, recently purchased, will be used to enliven the singing, which will be accompanied by an orchestra comprised of the members and friends of the school.

Cottage prayer meetings are being held on Tuesday and Friday evenings up to Easter, at the homes of a number of the members, with the thought of appreciation for the development of the church, the increasing of its membership and the continued friendliness that one experiences in attending "Central Baptist."

There was, however, a change made in the original plan of the prayer service. The services to be held at the home of the superintendent, Thomas C. VanOsten, will be combined with those of assistant superintendent, William Cooper.

Pastor Lockett will preach both morning and evening on subjects appropriate for this occasion, and the choir will make fitting renditions.

An invitation is extended the public, especially those without church affiliations, to attend these services.

At eight o'clock the usual mid-week prayer service.

At 8.00 a.m., Morning worship. Sermon: "The Great Redemption."

6.45 p.m., Christian Endeavor

prayer meeting.

7.30 p.m., Evening worship. Music

night. A rousing song service. Choir

will furnish special music.

Plans for the Easter Dawn Service

in Lakeview Memorial Park are

nearing completion. This year the

Tremendous Trifles

By ELMO SCOTT WATSON

"SEE A PIN—"
"SEE a pin and pick it up; all
through the day, you'll have
good luck." So says one of the
maxims of our forefathers.

At first, it didn't seem like a lucky
day for Jacques Lafitte, a young
Frenchman who had come to Paris
to get a job. He had a letter of
introduction to the great Swiss
banker, Perregeaux, and that won
him a brief interview.

Perregeaux told the young fellow
very decisively that there was no
place in his great institution for
him at present and probably would
not be very soon.

Curly dismissed from the beauti-
fully furnished office. Lafitte walked
dejectedly out through the palatial
courtyard. Suddenly he noticed a
pin in the path before him. Some-
what absent-mindedly, he stooped
down, picked up this trifle and
stuck it in the lapel of his coat.

He didn't know that Perregeaux
was watching him from the window
nor that the great banker, who was
a stickler for economy and order-
liness in his employees, had noticed
him pick up the pin. But that even-
ing a note was brought to Lafitte's
lodgings. It was from Perregeaux.
It said: "A place is made for you
in my office that you may occupy
tomorrow morning."

Lafitte became one of the great
financiers of France. A pin was the
trifle that gave him his start.
© Western Newspaper Union

TWO LEFT TO PAY THE BILL
Scott Shessler, tax authority and
accountant of Indiana, and YOU will
pay all the federal taxes, if the
Townsend Act and the Child Labor
Amendment are passed and govern-
ment employment continues. Here
is how Mr. Shessler figures it out:
Population of U. S. 124,000,000
Eligible for Townsend (old age) plan 50,000,000

Prohibited from working
under child labor laws
and those working for
United States agencies 51,624,998
Unemployed on relief 22,375,002
22,375,000

Total remaining to pro-
duce nations goods and
pay the tax bills
(Shessler and You) 2

The administration forces in Con-
gress have slowed up the relief
works bill until the opposing con-
gressmen can hear the voice of pub-
lic sentiment. Perhaps it wouldn't
be a bad idea if the administration
leaders to do a little listening, too.

The Physicians used to wonder
what would happen if an irresistible
force met an immovable object.
They will find out this spring when
Dizzy Dean pitches against Babe
Ruth.

NOT THE ONLY SINNER
The capitalist is not the only sin-
ner who broke the moral laws in the
years of universal disipation which
followed the war; the industrialist
who overcapitalized his enterprises,
feeling sure that the golden era
would last forever, was no more re-
sponsible for the crisis than the salaried
father of a family who, after
earning as much as ten dollars a day
during the war, had nothing to show
for it at the Armistice but a car and
a player-piano, and who is now liv-
ing on direct relief. But our good
press stresses the misdeeds of capiti-
alism and says little of the improvi-
dence of all classes of society indis-
criminately.—L'Orde, Montreal.

You have to admit that the Finns
were sincerely honest in paying us
what they owed us because the
Finns are the fastest long distance
runners in the world.

Has No Interest

In Construction

(continued from page 1)

and the PWA office, which was
passed with Heiser not voting.

Demand Payment

A letter was read from the Bridge-
weld Engineering Corporation, the
ousted engineers, in which they
would claim the entire fee under
their contract which is \$23,332.95,
less a \$10,000 credit for payment on
account. The letter was addressed to
director Adams and stated that they
would not tolerate the abrogation of
their contract and hinted at "libelous
language" used by the director of
the board.

The letter was received and refer-
red to the board's solicitor.

Not Registered

A letter was read from the New
Jersey State Board of Professional
Engineers in which it stated that
none of the engineers of the Bridge-
weld Engineering Corporation work-
ing on the Delanco bridge project
were registered engineers in New
Jersey.

Following the reading of the let-
ter, Freeholder Jones stated that the
board had no right to make a con-
tract with non-registered engineers,
and if necessary they should start
suit to regain moneys already paid
the Bridgeweld Engineering Corpora-
tion.

The letter was referred to the
solicitor to determine the effect of
having a non-registered engineer
with relation to the government, the
contractor and the county.

Claim Large Saving

A progress report was read from
Ash, Howard, Needles and Tammen,
in which they claimed that changes
in construction had resulted in sav-
ings to the contractor totaling \$36-
500. They stated that they would
like a conference with the board of
freeholders, the PWA authority, and
the contractor in their New York
office. They stated that the whole
construction cost should be \$218,340,
instead of \$254,000. The savings were
reported in the piers, fenders, steel,
welding, flooring and sidewalks.

Kolyn Corrects Adams

Director Adams stated that Mr.
Kolyn had agreed already to reduce
the cost to the county in part. Mr.
Kolyn was present, however, and
corrected the director and stated
that he was preparing a statement of
his costs and they would be ready
next week. The report was ordered
received and filed.

Denial from Hospital

A letter from the Burlington
County Hospital was read in which
they stated that no patients were re-
fused admission when the hospital
was asked by Burlington City to ac-
commodate two men injured in an
explosion in Burlington a few weeks
ago. The one patient who was ad-
mitted as soon as brought in the
ambulance was treated and given a
special nurse. The letter stated that
they were sorry for the misunder-
standing. The letter was ordered
received and filed and a copy sent
to Burlington City.

A letter from the Hartford Steam
Boiler Inspectors stated that certain
valves in the heating systems of the
county jail and county clerk's office
would be necessary for insurance
purposes. The letter was referred to
the director with power to act.

Managers Change Mind

Two letters from Marcus W.
Newcomb were read before the
board. One stated that the board
of managers of the Burlington Coun-
ty Tuberculosis Sanatorium would
like a conference with the freehold-
ers relative to an addition to the
sanatorium to accommodate out-of-
county patients. The second stated
that the board of managers had met
and recinded the motion on the ques-
tion of enlargement. Since both
letters bore the same date a doubt
arose as to just what was expected
of the freeholders. The clerk was
instructed to write Dr. Newcomb
and determine their wishes.

A letter from F. E. White, treas-
urer of the Zabrugg Memorial
Hospital, was read in which was
stated the opening of the hospital
would take place on May 12th. The
letter was received and filed.

Claims Damages

A letter from Louis Weber, East
Riverton contractor, was read in

which he claimed damages to his
auto spring amounting to \$7 when
his car struck a hole in the road at
the new bridge crossing the Pom-
peston creek in Riverton. The letter
was referred to the director of
bridges.

Accuse Jones

The Township of Florence wrote
and requested Freeholder Jones to
be present at their next meeting.
They stated that their application
for \$4,500 state aid on road repairs
was held up until late fall as a re-
sult of the action of the highway
department under Mr. Jones' super-
vision. Freeholder Jones denied that
he had anything to do with it but
stated he would attend the meeting.
A letter was read from the United
Republican Clubs of Maple Shade in
which they complained of the con-
dition of the Mill Road bridge in
their community. They stated that
the bridge was far too narrow and
was out of alignment with the new
highway, making a hazard that has
already caused the death of one per-
son.

Bridge Needs Repairing

Director Adams stated that former
freeholder McCormick had in his
last year's budget an item to rebuild
the bridge and wondered why it had
not been done. Freeholders Stout
and Heiser stated that the bridge
was jointly maintained by both
Camden and Burlington counties and
that for some reason Camden and
Burlington could not get together on
a rebuilding program for that par-
ticular bridge.

Adams wanted to know why if the
money was appropriated for the pur-
pose and the work not done, the
amount thus set aside was not avail-
able as a surplus item at the end of
the year. The answer from Stout
and Heiser was that other unfor-
seen expenses in bridge repair work
invariably show up that have not
been anticipated and that the money
thus appropriated may have been
used for such purposes. The letter
was received and referred to the
director of bridges.

The sheriff requested an audit of
the books of his office up to the end
of his term which expires on No-
vember 15, 1935. The audit was
granted with the funds to pay for it
to come from economies to be made
in his operating overhead.

The clerk was authorized to ad-
vertise for bids on soft and hard
coal for county use.

The following department bills
were approved: Public buildings,
\$11,797.68; highway and engineering,
\$9,610.32; bridges, \$1,125.49; affairs,
\$15,814.71, and revenue and finance,
\$1,239.78.

FIG TREE IN RIVERTON

Frank Barone, proprietor of the
Riverton Electric Shoe Repair, in the
Williams-Wright Building, has a
two-year-old fig tree in his shop
which was sent to him by friends in
Calabria, Italy.

People interested are invited to in-
spect this tree which is growing
nicely in the room temperature of
the shop.

LENTEN SERVICES AT
CHRIST CHURCH, PALMYRA

The Rev. Samuel Hardman, rector
of St. Stephen's Church, Riverside,
will be in charge of the Lenten ser-
vice to be held Friday evening,
March 15, at eight o'clock, in Christ
Church, Palmyra. This will be the
first of the weekly Lenten services
to be conducted in Christ Church by
visiting clergymen.

THE REAL COURAGE

The President's adherents praise
him for his clear courage, but it
is the nation, on whose shoulders
are being piled this ever mounting
burden and whose productive en-
ergies are being repressed by fears
only too well founded, that needs
courage and deserves praise for the
courage it has shown.—Chicago Tri-
bune.

PLANS COMPLETED
FOR JAMBOREE

Ira Thomas Not Able to Attend But
Another of Equal Interest
Has Been Secured

Plans for the St. Patrick's Day
Jamboree to be given by the Ladies'
Auxiliary of the Palmyra and Riv-
erton YMCA at the "Y" building,
Tuesday evening, March 19, at 8:15
o'clock, have been completed.

While it is regretted that Ira
Thomas, of the Philadelphia Ath-
letics, will be unable to be present,
as announced in last week's paper,
another suitable speaker is assured.
A full evening of entertainment
has been planned, and all the boys
who belong to the "Y" together with
their fathers, mothers and friends
are invited.

BIRTHS

Mr. and Mrs. Edward Sordon, of
Brooklyn, N. Y., are receiving con-
gratulations on the birth of a daugh-
ter, Patricia Ruth, Saturday, March
9, at the West Jersey Homeopathic
Hospital. Mrs. Sordon will be re-
membered as the former Miss Betty
Smith, of Columbia avenue, Palmyra.
Mr. Sordon is the son of Mr. and
Mrs. Howard Sordon, of Thomas
avenue, Riverton.

Mr. and Mrs. T. Budd Davis, of
Wenonah, are receiving congratula-
tions on the birth of a son, March
11. Mrs. Davis is the former Miss
Elmira Winn, daughter of Mr. and
Mrs. George Winn, of Lincoln ave-
nue.

BIG 9c SALE

Beginning this Saturday and con-
tinuing up to and including Satur-
day, March 23rd, Schwering's Hard-
ware Store in Palmyra will hold its
annual 9c sale. During the week
many exceptional bargains will be
offered in a wide variety of items.
Watch for the circular.

PROPOSALS
The Township of Cinaminson, N. J., will
take bids at the home of George C. Frank,
Riverton, N. J., on furnishing 1,000 (one
thousand) gallons of cut back asphalt oil, to
be delivered to Mr. John Denmeler, Road
Overseer and to be put in our own con-
tainers. Friday, April 19, 1935, at 7:30 p.m.
Bids will be opened promptly at this hour.
Bids will be made in sealed envelopes and
accompanied by a certified check made out
to the Treasurer of the Township for the
amount of 10% of the bid, this check be-
coming the property of the Township on
failure of the successful bidder to enter into
a contract within 10 days of the date of
letting. Right is reserved to refuse any
all bids.

GEORGE C. FRANK,
Township Clerk.

Open Sunday and Evenings

ARTISANS BANQUET
TUESDAY EVENING

The third annual banquet of Pal-
myra Assembly No. 65, A.O.M.F.,
will be held next Tuesday evening at
6:30 in the P. O. S. of A. hall. The
committee, under the chairmanship
of Richard K. Hunter, has been
working several weeks on the pro-
gram.
The banquet will be prepared by
the Artisans' ladies and served by

the Artisans' daughters.
The entertainment this year will
be something different but very
good, something that isn't seen
every day.
The officers of the Most Excellent
Assembly will also be present.

The modern girl may not be able
to handle a clothes wringer like her
mother did, but she sure does know
how to manipulate a cigarette light-
er.

NOW IS THE TIME

To Protect

THE "NEW DEAL"

BY JULIAN MASON

Vice President National Republican Builders

Threat of the "New Deal"

To the headquarters of the National Republican Builders, at 60 East 42nd street in New York, has come so strong a response to the speech of State Senator Wallace Campbell, of Rhode Island, as to make worth while a further spread of it, in this column. The speech was delivered February 27th at a Builders luncheon at the Town Hall Club.

Senator Campbell painted a miniature of the national political problems of Republicanism. He gave two vivid instances of Rhode Island's experience with the threats and practices of the New Deal; he recorded the weakness of the Republican party within the State; he analyzed it; he told of the steps taken to remedy it by the creation of the Republican Citizens Committee, an organization greatly like the National Republican Builders.

Men Not Guinea Pigs

Rhode Island has a peculiar position among the states. It is so small, as Senator Campbell pointed out, that "we get quicker social and political reactions than in the larger states." Indeed, he was told that a prominent Democrat has said that Rhode Island offered almost the perfect spot for "social experimentation."

To which the stout American reply was: "We none of us want to be guinea pigs, but I never could see that Laboratory Guinea Pigs got any good out of life; the position does not appeal to us."

Here is a fundamental reaction that is unquestionably national. It is one concerning which the early Brain Trusters were blandly ignorant. Free men are not Guinea Pigs.

Senator Campbell spoke first of a threat inherent in the New Deal as it existed a year ago. At that time, the "packing" of the United States Supreme Court was common. By sending representatives to the Senate's control-committee they could help determine the majority policy and move to uphold the old original Republican principles of government, of the people, by the people and for the people. To that end, they would set up a clean, fine Republican organization.

Court Ousted

In Rhode Island they used it. A Democratic Lieutenant Governor, presiding over the State Senate, "ripped" out the Republican majority of one by automatically barring the seating of two Republican senators. He then used this illegal Democratic majority to rewrite the state's policies.

"Then," went on the Senator, "with the same majority and the exercise of an almost forgotten prerogative, he forced the removal of the existing Supreme Court of the State, to whom the Senate would naturally appeal against deprivation of the Constitutional rights, and created a new court of its own, consisting of Democratic appointees with political background. A coup with all the earmarks of a Huey Long or John Dillinger combination. Here is a laboratory experiment showing how narrow is the margin of safety and order on which the Constitution stands, if opposed by men in power sufficiently without conscience or scruple."

Cost More Than Double

The second experiment on Rhode Island cited by Senator Campbell, relates an incident the counterpart of which we are going to hear more and more often, as the true meaning of political control of public building projects becomes more and more the concern of our people.

"This is an instance no doubt employed thousands of times, but so definite, so clear, so concrete, that it comes to us in rural Rhode Island as a personal demonstration of where and how our taxes of thousands of dollars are being squandered. A small section of country road was undergoing improvement as a project for local unemployment relief. We had a low bid of \$38,000. Before it could be placed, the authorities stepped in and decided to operate the project as a federal operation, and it was so constructed. The result is a road, certainly no better

and probably not up to our state specification, and the cost, as just announced from Washington, is not the \$38,000 for which the contract could have been let, but something over \$86,000. I could go on, but these two illustrations show you what is coming out of that laboratory of Social Experimentation, politically and economically under Democratic control. Do you wonder that we in Rhode Island are rallying?"

The Trouble

Before the rally came, there was made a clear and realistic estimate of the existing situation in the Republican party. In his speech, Mr. Campbell carefully pointed out that he spoke only for Rhode Island, but the picture may well be a national one.

"As a Republican representative, I can say that we are now suffering largely as a result of our own mistakes. We can profit in the future by avoiding these mistakes. We have lost the sympathy and support of many of the people. We have allowed the control of the party to fall into few and not always worthy hands. Worst of all, we have almost completely ignored the younger element. We have been told to recognize their rising forces, and we have been warned that we have not only not encouraged, but actively discouraged, their enlistment in our ranks. That reservoir of fresh enthusiasm, strength and energy, if properly handled in the years past, would have given us in overflowing measure, the party leadership and support we now so sorely need."

Upon this statement of conditions, what was done?

The Remedy

"We formed the Republican Citizens Committee a little over a year ago. Our theory was that individuals in each town, county and city would cope with their own local problems where help was needed. By sending representatives to the Senate's control-committee they could help determine the majority policy and move to uphold the old original Republican principles of government, of the people, by the people and for the people. To that end, they would set up a clean, fine Republican organization."

"In some places our help has been gratefully accepted by the organization and has proved very valuable in getting good men. In some cases, where we have been opposed by the organization we have taken over control of the town committee to accomplish our end. We have been repeatedly asked whether we are underwriting the present organization. Our answer is that when the present organization puts up the men and policies we are supporting, we are 100% for the organization. But when men and policies of the type that have brought discredit upon the Republican party are put up, we need to organize and will not rest until the Republican party has again taken its place in the sun, as the party of the Constitution of law and order and of the American Ideal."

YWCA NOTES

Membership Campaign

Preparations are being completed this week for the annual membership campaign of the Burlington County Young Women's Christian Association, which will be held March 17 to 31, under the general direction of Mrs. William Grobler, of Moorestown, county membership chairman.

NEEDLEWORK GUILD

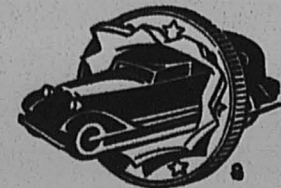

The Riverton Needlework Guild will hold their monthly meeting in the Riverton Porch Club, Monday, March 18, starting at 10 o'clock. Luncheon will be served for 25c. It is requested that all members and friends attend this meeting as there are still a number of garments to be finished.

BENEFIT CARD PARTY

A public card party will be held in the Riverton Porch Club, Tuesday, March 26, for the benefit of the Riverton Free Library.

Anyone desiring to make up a table should get in touch with Mrs. Percy Ransome, Riverton 172. Tickets may be procured for 50c.

Helpful Suggestions in Salad Making

The perfect salad requires a deliciously crisp lettuce and to achieve this first wash the lettuce under cold running water, then dry the leaves carefully and place in container in refrigerator for a short while before serving. Lettuce is not the only base for your salad—other attractive greens may be used, such as endive, romaine, chicory, watercress or even cabbage makes an excellent salad foundation. And, having decided upon the green to be used, we must turn our attention to the ingredients. When using fruits that discolor quickly, such as pears, apples or bananas, sprinkle a little lemon juice over them to keep them fresh looking. If ingredients are to be diced or chopped, use a sharp knife for the purpose, and then toss them together lightly.

Meat, fish and vegetable salads are decidedly improved by marinating and to do this make a dressing of 3 tablespoonsful of olive oil, one tablespoonful lemon juice or vinegar and salt and pepper to taste. Allow the meat, fish or vegetables remain in this dressing for an hour before serving.

And now, having given you a few suggestions to help make the salad perfect, suppose I give you several recipes for salads.

New Chicken Salad

2 cupfuls cooked chicken, diced

1 cupful celery, diced
¾ cupful fresh pineapple, diced
10 ripe olives
Lettuce
Mayonnaise to moisten

Toss chicken, celery and pineapple together lightly. Moisten with mayonnaise just before serving. Arrange on crisp lettuce leaves, sprinkle with paprika and garnish with the ripe olives.

Spring Salad

16 Asparagus tips, canned or freshly cooked
1½ cupfuls green peas
1½ cupfuls cooked carrots, diced
1 Pimiento, diced
1 tablespoonful minced parsley
Lettuce
Mayonnaise

Arrange lettuce on platter and arrange asparagus tips toward edge. In spaces between tips, arrange a mound of peas and carrots alternately. Sprinkle carrots with parsley and peas with pimiento. Garnish with mayonnaise.

Apricot Salad

Shredded lettuce
12 Apricots, canned or stewed
8 Prunes, uncooked, but soaked until soft and stones removed
1 tablespoonful preserved ginger, chopped
Mayonnaise

Arrange bed of shredded lettuce on each place and place apricots and prunes on lettuce. Mix ginger with Mayonnaise and garnish salad.

Mike Murmurs

By William Cooper, Jr.

Happy Birthday and Congratulations to WIP on the opening of their new studios and offices on the 12th floor of the Gimbel Brothers Store. Tomorrow night (March 16) at eight o'clock WIP will celebrate its 13th birthday by opening, with a big splurge, their new \$100,000 plant.

Three years of study of the finest and most modern radio stations in the country has finally resulted in the beautifully and modernistically decorated radio station which is a credit to Mr. Gimbel and the staff of this fine broadcasting unit.

The new studios involve some interesting features such as an amplifying system by which telephone operator may page anyone, anywhere in the entire station, slanting windows in the studios to throw the sound into the specially constructed walls, and in the lobby there is an exhibit of the specially-made wall, and each piece of the construction is labeled so that visitors may understand the exhibit.

Accommodations are provided for the comfort and convenience of both visitor and performer, including a spacious reception room, musicians' lounge, instrument and sound effect storage rooms and the various work shops and other facilities attendant on broadcasting apparatus. The control room is located in the center of the four studios and is elevated about three feet above the regular floor level. Each studio has its own set of controls and in this manner three programs can be pumped at the same time to various points.

Both window and door frames are made up in two or more sections with felt between; leadlined doors weighing 350 pounds apiece, with rubber gaskets and special locks and automatic felt closures at the bottom, protect all door openings.

There is plenty of window space in the studios so that visitors may see the artists in "action." Philadelphia's Pioneer Voice was also a pioneer in other things in broadcasting. Here are some of them: first station to broadcast an intercollegiate football game, the Penn-Cornell game in 1922 . . . first station to air grand opera

. . . first to bring the sound of the ocean waves to you over the air in 1923 . . . first to broadcast the voice of a diver from the bottom of the Delaware River, this in 1923.

PHILLY NOTES: "Radio film" will become a regular feature of WCAU on Friday, March 15, at 10:45 p.m. The show is built around a movie showing in the Quaker City from which certain cuts are taken and used over the air to bring to the public stars of Hollywood via radio . . . Bud Shays moves into the Arcadia to replace Eddie Duchin on Tuesday nights while Manny LaPorte takes over the Anchorage bandstand, this leaving Jim Fettes to his radio

business for a whiskey sponsor and doing one night stands around this territory . . . Harold Davis will resume his Play Boy song recitals over WDAS every Tuesday night at 5:15 . . . Eddie Duchin and his orchestra will be heard over WCAU every Monday and Friday from 11:15 to 11:45 p.m. . . . Charlie Kerr and his dancinette are airing over WFIL . . . The original WIP transmitter is now in the Franklin Museum, to remain on permanent exhibition as one of the earliest types of broadcast transmitters . . . Jim Fettes is heard over WCAU every Tuesday eve at 7:30, and every Friday and Saturday evenings at 10:30 . . . Rumors have it that the S.S. All in Fun popular feature of WIPEN is going to run a dance after every aircast in the Met ballroom. Dance is supposed to run from 11 to 1 and price of admission will be 25 cents.

YMCA BRIEFS

New Camp Director

At a special meeting of the Camp Trustees at Ockanickon, Sunday afternoon, March 10, Thomas Carter, of Woodbury, was named Camp Director for the boys' season this coming summer. The boys' camp will begin Saturday, June 29, and close on Saturday, July 27, giving a four weeks' period for boys. The girls' camp will open Friday, August 2, extend for a four weeks' period and close Friday, August 30, on which date the West Branch Intermediate Christian Endeavor Society will arrive for their annual Labor Day week-end conference.

"ROTARY AT WORK"

FILM SHOWN HERE

Members of Local Club See Visual Demonstration of Activities

The widely circulated film "Rotary at Work," occupied the attention of the Palmyra-Riverton Rotary Club at its last meeting. This picture gives a comprehensive survey of what the well-known service organization is doing all over the world. Sections of it depict work with crippled children, community projects such as electric street lights, swimming pools, camping sites purchased and equipped, holiday outings for children and the indigent aged, and several kinds of educational opportunities. Should anyone doubt the spread or the usefulness of Rotary, his eyes would be opened by "Rotary at Work."

Attendance Committee Chairman George Friday reported a one hundred per cent meeting on February 28th, and a standard for the month of 99.3 per cent. The local club has been among the first five in attendance for sometime past. A board meeting, at which the usual routine business was transacted, closed the evening.

NOTICE TO CONTRACTORS
Notice is hereby given that sealed proposals will be received by the Board of Education of the Borough of Riverton, Burlington County, New Jersey, for the alterations and additions to the present Riverton Public School, located on the plot of ground on the N. E. corner of Fifth and Howard Streets, Riverton, Burlington County, New Jersey.

Proposals will be opened and read in public in the present Riverton Public School Building, located at Fifth and Howard Streets, Riverton, New Jersey, on March 29, 1935, at 8:00 P.M. Standard Time. Separate proposals will be received for the following: Construction; Structural, Ornamental and Miscellaneous Iron Work; Heating and Ventilating; Plumbing and Drainage; and Electrical Work. The right to reject any or all bids is reserved.

The project is financed in whole or in part by the Federal Emergency Administration of Public Works and subject to all of its requirements. Bidders are called to the minimum rates of wages to be paid by contractors, namely: skilled labor \$1.20 per hour and for unskilled labor \$0.90 per hour. All contracts and sub-contracts are subject to the approval of the Government Engineer.

A separate labor bond is required in an amount equal to the largest estimated monthly payroll. Attention to prospective bidders is further directed to paragraph No. 3 of Construction Regulations included in the specifications. The office of the National Re-Employment Service may be called upon for lists of qualified workers is at National, State and Local Employment Service, 55 Main Street, Mt. Holly, N. J. (Mr. Wm. E. Darnell, Manager).

The attention of all contractors is called to the following executive order No. 6646 of the Federal Emergency Administration of Public Works, dated March 14, 1934. No bid will be considered unless it includes or is accompanied by a certificate (worded in accordance with P.W.A. No. 61 revised March 19, 1934) duly executed by the bidder stating that the bidder is complying with and will continue to comply with the Code of Fair Competition to which he is subject, and if engaged in any trade or industry for which there is no approved trade or industry, he has become a party to and is complying with and will continue to comply with an agreement with the President (President's Re-Employment Agreement) under section 4 (a) of the National Recovery Act.

"Without exception, no bid will be considered unless accompanied by the bidder's Certificate of Compliance, U. S. Government Form P.W.A. 61, Revised March 1934, to the effect that the bidder is complying with the Code of Fair Competition, or, in the absence of such Code or Codes, with the President's Re-Employment Agreement. Copies of this Certificate will be included with the instructions to bidders."

Proposals must be sealed and addressed to Mr. Fred P. Hemphill, District Clerk, Board of Education, Fifth and Howard Streets, Riverton, Burlington County, New Jersey, and made out on a standard proposal form similar to that to be furnished by Architect, and in the manner as designated thereon. Each proposal must be accompanied by a certified check drawn to the order of the Board of Education of the Borough of Riverton, Burlington County, New Jersey, for an amount equal to at least five per centum (5%) of the amount of the Proposal.

The successful bidder, after contract is awarded, will be required to furnish a satisfactory surety bond in the full amount of the contract price to guarantee the fulfillment of the conditions of the contract.

Plans and specifications are on file at the office of the Architect, Byron H. Edwards, Inc., 120 N. Broadway, Camden, N. J., and will be loaned to the bidders requesting same, in writing, upon the deposit of either cash or certified check made payable to the Architect in the amount of Twenty-Five Dollars (\$25.00). Upon the return of plans and specifications in good order and providing a proposal is submitted, there will be remittance of Twenty-Five Dollars (\$25.00). Otherwise, the deposit will be forfeited at the option of the Architect.

All contracts and contracts must be approved by the Federal Emergency Administration of Public Works.

FRED P. HEMPHILL, District Clerk.

FIRST DEFEAT OF RIVERTON GIRLS

Salem Averages Former Reverses By Riverton Lassies in Close Game

The Riverton Girls' Basketball team met its first defeat Thursday evening when a greatly improved Salem team took the game 15-13. Riverton was outplayed the entire first half, but in the second half played real basketball and was able to bring the score up to within two points of Salem's score when the final whistle blew. Catherine Hinkle was the high scorer for Riverton, while Dilks and Scheer shared honors for Salem.

The Vineland team also met its first defeat at the hands of Swedesboro, the score being 23-21. The game was closely contested. Riverton and Woodbury played an exhibition game, with Riverton winning 27-22. Catherine Hinkle was again high scorer, with Helen Easley and Cecelia Baker tied for second place honors.

The Paulsboro team lost to Maple Shade in a rather one-sided game.

WIN TWO MORE

The Cinnaminson Lone Star Juniors defeated Mount Holly and Moorestown during the past week; Mount Holly, 20-17 and Moorestown by 33-8.

Mount Holly held the Stars to a 6-6 deadlock in the first quarter. The Stars soon pulled out of the deadlock and at half time were in the lead by 13-8. The Stars then held the lead throughout the game.

R. Coe stood out for the locals while Stoltz starred for Mount Holly. In the Moorestown game Willie and Shields starred for Cinnaminson.

Next Week's Games for County

Championship

Saturday, March 23, at Burlington.

Artisans vs Young America, 9.00

Wesleyans vs Young America, 9.00

Wednesday, March 27, at Palmyra.

Artisans vs Beverly Road, 8.00

Wesleyans vs Young America, 9.00

Third game, if necessary, to be announced later.

The last and final game of the local basketball schedule was a fast and furious one in which the Tak-Aboust outscored the Artisans 26-22.

The "Lodgers," after enjoying first place in the league all season, were ousted from this position last night by the "Sippers" who have been trailing the league for the last half of the season.

After being on the short end of a 10-7 score at the end of the first half, the Tak-Aboust team quickly pulled themselves together with field goals by Finn, Sacca, Krauss and Snow, taking the lead from the league leaders which they held until the last whistle. Landgraf, Rarig and Reeves all played an exceptionally high quality of basketball but the teamwork of the "Sippers" in the final half was just a little better.

Losing this game, while the Wesleyans defeated Pal-River, gives the Artisans second place in the final standing.

In the second game the 5 and 10 defeated the K. of C. 45 to 15.

The Wesleyan-Pal-River game was close at the start. Rivers and Headington strengthened the Pal-River team considerably but they were unable to hold their early lead.

Final score 47-33.

League Officials have arranged a series of three games with the winners of the Burlington City League, in which the Young America team holds first place and the Beverly Road second. The first game of this series will be played at the Burlington High School gym on Saturday, March 23, at 8 p.m. The second game will be played at the Palmyra High School the following Wednesday, March 27. If a third game is necessary the date and place will be announced later. The admission charge to these games will be 25c. The Burlington City League has played some fast basketball this season and the local boys need your support in order to bring the county championship to Palmyra. Followers of the scores are requested to keep these dates in mind. Last night's scores follow.

'JOEY' AND 'GINO' WRESTLE TONIGHT

Come to Grips in Feature Bout at Camden Armory in Two Out of Three Falls

Joey Dusek, of Omaha, is confident that he will emerge a victor over Gino Garibaldi, Italian star, when the bell sends them off into action in the feature mat bout of the weekly presentation at the Camden Armory Thursday night. They will meet in the customary two out of three falls, ninety minute time limit.

Dick Daviscourt of California, who challenged Ernie Dusek and George Zaharias last Thursday, will be seen in action in the forty-five minute semi-final. Daviscourt will be opposed by Jack Donovan, that sensational youngster from Boston.

The second bout will present Emil Dusek and Blue Sun Jennings, the Cherokee Indian.

BUCHHOLZ HEADS ATHLETIC CLUB

Board of Governors Made Up of Local Men Well Known In Sports

On Tuesday night, March 5th, a new organization was formed for the purpose of fostering all types of athletics in this community. It has been named the Palmyra Athletic Club. The following temporary officers were elected: president, C. N. Buchholz; vice president, T. Curtis Flynn; secretary, Samuel Rodgers; treasurer, Lee Green; and a board of governors consisting of Russell (Lena) Blackburne, James H. Hartley, Walter (Sonny) Wright, Joseph L. Stack, Chris Davis, Harry Jenkins, George Zink, Joseph Peditto and Chick Foulke.

Membership in this club is open to all boys and men over eighteen years of age. It is the purpose of the club to foster athletics of every type for as many as can be accommodated, not for the benefit of a few, but for all.

Temporary quarters have been leased in Society Hall, and as the club grows these quarters will be extended. It is hoped that sufficient members can be obtained to equip the club rooms with gymnastic apparatus, various indoor games and other social features.

It is not entirely fair to permit the youth of the country to shift for itself when it leaves high school just at a critical period in life. Organized play is as important to them as it is to the children in school. It is for this reason that this organization looks to the community to support the movement.

Membership is not limited to residents of Palmyra, the men of Riverton are cordially invited to join in the fun with the group.

RE-APPOINTED

HOWARD EASTWOOD

Governor Harold G. Hoffman re-appointed Howard Eastwood, prosecutor of Burlington County in a list of appointments sent to the Senate Monday night, and his appointment was confirmed.

POST F. M. RODGERS PLANS ACTIVITIES

Members of Post Frederick M. Rodgers, No. 156, and ex-service men are invited to attend an Americanism rally to be held at the Trenton, N. J., War Memorial, Stacy Park, on Sunday afternoon, April 7th, at 2 p.m. National Americanism Director Homer Chailaux will be the principal speaker.

National Commander's Reception The South Jersey reception of National Commander Frank N. Belgrano, Jr., will be held in Atlantic City, April 27th, at 7:30 p.m., in Convention Hall. Frederick M. Rodgers Post is planning to have a large delegation at the reception.

Moving Picture Benefit Post Rodgers is conducting a moving picture benefit at the Broadway theatre, Palmyra, March 25, 26, 27, 28 and 29. Tickets are good at any performance on the above dates at the regular price of admission. A good selection of pictures has been booked and the Post will appreciate your buying next week's movie tickets from any Legionnaire on or before March 25th. Call Riverton 1052 or 536-J for tickets if no one has called on you.

JUDGE BLAMES CONSUMERS FOR BOOTLEG COAL

By Jacob Price
Camden County Superintendent of Weights and Measures Dept.

Judge Frank A. Hendrickson, of Mount Holly, last week suspended a two-year sentence on Michael Kalnash, 24, of Shamokin, Penna., accused of "short-weight" on coal and the use of improper weight certificates. After ordering the defendant to remain out of the county, the judge rapped the consumers who buy "bootleg" coal—and placed equal blame at their door for the spread of "bootleg" coal sales in Burlington County.

His statement is quoted as follows:

"In my opinion those who buy bootleg coal are as much to blame as those who sell it, for its spread through this county."

It is not our wish to agree or disagree with the Burlington County judge, but we do say that almost all our arrests for "short-weight" and other infractions of the weights and measures law, have been of those haulers who have come into existence during the so-called "bootleg era"—who either through ignorance or dishonest purpose, fail to comply with the law.

Most of these men have no way of judging the costs attached to coal hauling. They figure only trips to the mines and the immediate cost of running a truck. The result is that other expenses which are constantly coming up, accumulate on them.

If the man is honest, he usually gets out of the business before he is too far in debt. If he isn't, well, he has to cut somewhere—and it is usually on the weight of the product he is hauling.

MOTION PICTURE CRITIC SPEAKS

Henry Murdock, Columnist for the Evening Ledger Addresses Joint Meeting

Henry Murdock, movie critic for the Evening Ledger, gave a most interesting talk on the "Problems of the Movies" at the joint meeting of the Riverton Porch Club and the Riverton Parent-Teacher Association Tuesday afternoon at the Porch Club.

Mr. Murdock explained in detail each problem that producers and theatre owners face in presenting motion pictures for the public's approval.

Strangely, statistics showed that during the depression, while other industries slumped and faced the wall, the motion picture industry gained rather than lost patronage by a large proportion, showing the interest movies held for the average American.

The question of suitable movies for children was openly discussed when Mr. Murdock called for questions from the floor. He explained that the proportion of juvenile pictures was so small in comparison to adult ones, that a booking agent had a hard time to obtain enough juvenile pictures to give a whole performance.

To keep children away from movies unless they are with the parents' approval, seemed to be the only solution at present.

After Mr. Murdock's talk, a representative from the Woman's Club in Vineland, announced a lecture by Pearl Buck, the well-known writer, to be given Monday evening, March 25th, in the Vineland High School auditorium, for the benefit of the Research Department of the Training School at Vineland, and hoped that any who could, would avail themselves of the opportunity of hearing Miss Buck.

Following the meeting tea was served by the Porch Club and PTA committees.

VICIOUS DOGS

A dog which is surly or vicious is a neighborhood nuisance, and often is an actual menace to public safety. The man who owns such a dog owes it to his neighbors to keep it caged or tethered at all times.

If he fails to do so, he hardly can complain if his neighbors insist that the animal be destroyed—no matter how deserving of human affection the ordinary dog may be.

William G. Gootee, Chief of Police.

TO DRAW JURIES

Hon. Joseph B. Perkies, Justice of the Supreme Court, assigned to hold the Circuit Court in the County of Burlington has fixed Wednesday, April 10th, 1935, at the hour of one o'clock in the afternoon, at the Court House, in Mount Holly, for the drawing by the Jury Commissioner of the grand and petit jurors for the April term, 1935, of the Courts of Burlington County. April Term of Courts will open on Tuesday, April 23rd.

The ELECTROLUX

Soon Pays for Itself

The ELECTROLUX gas refrigerator is a time and work and money saver. You can buy food in large quantities. You can prepare some of your meals ahead of time. You can have dependable refrigeration service at low cost. The ELECTROLUX has no moving parts to make a noise or to cause vibration, consequently it will last for years and repairs are seldom, if ever, necessary. A gas flame and the refrigerant do the work for the ELECTROLUX.

The 1935 ELECTROLUX models are priced from \$125 cash up. Carrying charge extra if you buy on the monthly payment plan. Small sum down, 24 months to pay. Your local plumber sells the ELECTROLUX at the same prices.

TIPS ON GROWING

BY ONE WHO GREW UP IN THE BUSINESS

The White Trillium (T. grandiflorum), described as a "graceful democratic flower" that is entirely a blossom of peace, has been chosen as the floral emblem of Ontario, it was announced at a meeting of the Ontario Horticultural Association on February 23rd. It was said "The Trillium blooms freely throughout most of the province, and is known by its correct name to nearly everyone. It is of good size and of graceful design and is so distinctive that it is unlikely to be mistaken for any other flower." (Do you know the state flower of New Jersey?)

All in an Infant's (Floral) Day: Baby's Tears, Ake Ake, Colic Root, Castor Oil Plant, Heal All, Sleepy Mary.

The oldest flower known to man is said to be the Crocus. The ancient Egyptians adorned their banquet halls with it, and as "Saffron" it is mentioned in the Song of Solomon.

Just as soon as the ground may be worked sow seed of the White Bunching Onion for scallions. Even tho you may not have any great shakes of a garden there may be room for a short row of these green onions. Sow seed thickly in the row and draw up the earth to blanch the plants. This variety does not produce bulbs.

Cribbed from an entomologist's lecture: More than ninety-six per cent of all insects are not harmful to man. (But its just too bad about the other four per cent.)

Pennsylvania expects to spend \$10,000 upon a landscaping project along the old Bethlehem Pike, and attractive shrubbery will be planted, financed by Federal money.

It is said that a leguminous crop (Soy bean, clover, etc.) plowed under at the right time may add as much as 100 to 150 pounds or more of nitrogen per acre—equivalent to an application of ten to fifteen tons of average farm manure.

The prize winner in the Bubble Bouquet flower arrangement class at the February meeting of the Germantown Horticultural Society, was a disused 50-watt electric bulb, filled with water and containing a flower, stood in a receptacle of water so that the flower submerged was excluded from the air. The whole portrait of the flower so submerged gives off vapor which assume minute bubbles all over the bouquet, hence the name, Bubble Bouquet. Try this.

Tip to the Highway Beautifying Committees: That all Hotdog Stands be made of Dogwood and covered with bark.

The present-day craze for long sturdy spikes of Gladiolus studded with enormous vividly-colored lilac-crimson or scarlet bloom has more or less shunted the medium-sized bloom and stems of the Primulinus type to the side-lines, yet in the opinion of many the hooded Prim is unexcelled in loveliness. This is the type which bears the vivid orange, salmon and yellow colors—the Talisman Rose shades. What is more beautiful than the deep saffron of Alice Tiplady, a color so distinct that the variety is recognized by the veriest tyro in Glad culture?

FOOD SALE

A food sale, for the benefit of needy school children, will be held Friday, March 29, at 15 East Broad street, Palmyra.

This sale is an annual event and is sponsored each year by the Palmyra Parent-Teacher Association. All kinds of home-made goodies will be on sale.

WRONG WORD

Speed Fiend (as he slows down)—"Gosh! don't you feel glad you're alive?"
Timid Passenger—"Glad isn't the word. I'm amazed."

SCOUT JAMBOREE IN WASHINGTON

First to Be Held in United States, August 21-30; 30,000 to Attend

If your boy is wondering around these days with that vague expression that parents know so well as forerunner of something which may or may not be pleasant, it may sulphur and molasses he needs, more likely he is thinking about Great National Scout Jamboree to be held in Washington, D. C., August 21 to 30 of this year. Selections are being made right now and the boys are pretty well steamed up about it.

The Jamboree is the first to be held in the United States, and thirty thousand of America's young hopefuls are to be chosen on merit—one from each troop—and sent at the troop expense if that can possibly be arranged. The furrowed brows and the air of abstraction may have something to do with that phase of it.

Each council makes up a troop. The Burlington County Council will have a troop of thirty-two Scouts, a scoutmaster and two assistant scoutmasters. Each troop will choose a first class Scout as its delegate and provide the \$25.00 registration fee by April 1. This fee covers the expense of a ten day stay in Washington.

The Scout delegate must have had at least ten days' camping experience. He must have been registered in the troop for at least a year and outstanding in his service and leadership. Good health is a primary requisite—vaccination and inoculation against typhoid are required in addition to a physical examination.

A three-day preparatory camp will be run prior to the Jamboree and over a period of time twenty-five dollars additional will be raised by the troop for uniform and equipment, inoculation, railroad fare, preparatory camp, etc., for its delegate.

Anticipation of being an active participant in this gathering of boys from Maine to Florida and from New Jersey to California—to come within the shadow of the White House and Washington Monument—to be reviewed by the President—to see the historic shrine in the Nation's Capital—wouldn't that put the head of any boy in the clouds?

GUEST SPEAKER AT PHYLLIS WHEATLEY

Miss Mills, Visitor in Liberia, Will Tell the Story of Her Experiences

The Phyllis Wheatley P.T.A. of Westfield School No. 4 is planning one of the most interesting meetings of the year for Friday evening, March 22, in the auditorium of Westfield School No. 2, Cinnaminson Township.

There will be a varied program of music, readings, dramatization and short skits contributed by members of the organization.

Most interesting of all the numbers will be the story of Liberia, told by Miss Mills, of the New Lincoln School, Trenton, N. J. Miss Mills lived in Liberia, an independent country of Africa, for a number of years, and is bringing the story of her personal observations and experiences to our community.

Every member of the organization and friends who are interested in school activities, are urged to attend and bring others to enjoy the lecture and fun.

Publicity.

50-50

Mr. Murphy was taking his first flight in an air-plane. The pilot was taking him over Dallas, and when they were about 3,000 feet up, the plane suddenly went into a nose-dive.

"Ha, ha," laughed the pilot as he righted the plane. "Half of the people down there thought we were falling."

"Sure," said Murphy, "and 50 per cent of the people up here thought so, too."—Automobilist.

"What is obtained by force must be sustained by force."
"What is obtained by reason and education will sustain itself."

ADVERTISEMENT NOTICE TO CONTRACTORS

Notice is hereby given that sealed proposals will be received by the Board of Education of the Borough of Riverton, Burlington County, New Jersey, for the Alterations and Additions to the Riverton Public School, located on the plot of ground on the N.E. Corner of Fifth and Howard Streets, Riverton, Burlington County, New Jersey.

The successful bidder, after contract is awarded, will be required to furnish a satisfactory surety bond in the full amount of the contract price to guarantee the fulfillment of the conditions of his contract.

Plans and specifications are on file at the office of the Architect, Byron H. Edwards, Inc., 120 N. Broadway, Camden, N. J., and will be loaned to the bidders, requesting same, in writing, upon the deposit of either cash or certified check made payable to the Architect in the amount of Twenty-Five Dollars (\$25.00). Upon the return of plans and specifications in good order and providing a proposal is submitted, there will be a remittance of Twenty-Five Dollars (\$25.00). Otherwise, the deposit will be forfeited at the option of the Architect.

All contracts and sub-contracts must be approved by the Federal Emergency Administration.

A separate labor bond is required in an amount equal to the largest estimated monthly payroll.

Attention to prospective bidders is further directed to paragraph No. 3 of Construction Regulations included in the specifications. The office of the National Re-Employment Service which may be called upon for lists of qualified workers is at National State and Local Employment Service, 45 Main Street, Mt. Holly, N. J. (Mr. Wm. E. Darnell, Manager.)

The attention of all contractors is called to the following executive order No. 6646 of the Federal Emergency Administration of Public Works, dated March 14, 1934. "No bid will be considered unless it includes or is accompanied by a certificate (worded in accordance with P.W.A. No. 61 revised March 19, 1934) duly executed by the bidder stating that the bidder is complying with and will continue to comply with each approved code of fair competition to which he is subject, and if engaged in any trade or industry for which there is no approved trade or industry he has become a party to and is complying with and will continue to comply with an agreement with the President's Re-employment Agreement under section 4 (a) of the National Recovery Act."

"Without exception, no bid will be considered unless accompanied by the bidder's Certificate of Compliance, U. S. Government Form P.W.A. 61, Revised March 1934, to the effect that the bidder is complying with and will continue to comply with each applicable Code of Fair Competition, or, in the absence of such Code or Codes, with the President's Re-employment Agreement. Copies of this Certificate will be included with the 'Instructions to Bidders'."

Proposals must be sealed and addressed to Mr. Fred F. Hemphill, District Clerk.

Board of Education, Fifth and Howard Streets, Riverton, Burlington County, New Jersey, and made out on a standard proposal form similar to that to be furnished by Architect, and in the manner as designated thereon. Each proposal must be accompanied by a certified check drawn to the order of the Board of Education of the Borough of Riverton, Burlington County, New Jersey, for an amount equal to at least five per centum (5%) of the amount of the Proposal.

The successful bidder, after contract is awarded, will be required to furnish a satisfactory surety bond in the full amount of the contract price to guarantee the fulfillment of the conditions of his contract.

Plans and specifications are on file at the office of the Architect, Byron H. Edwards, Inc., 120 N. Broadway, Camden, N. J., and will be loaned to the bidders, requesting same, in writing, upon the deposit of either cash or certified check made payable to the Architect in the amount of Twenty-Five Dollars (\$25.00). Upon the return of plans and specifications in good order and providing a proposal is submitted, there will be a remittance of Twenty-Five Dollars (\$25.00). Otherwise, the deposit will be forfeited at the option of the Architect.

All contracts and sub-contracts must be approved by the Federal Emergency Administration.

A separate labor bond is required in an amount equal to the largest estimated monthly payroll.

Attention to prospective bidders is further directed to paragraph No. 3 of Construction Regulations included in the specifications. The office of the National Re-Employment Service which may be called upon for lists of qualified workers is at National State and Local Employment Service, 45 Main Street, Mt. Holly, N. J. (Mr. Wm. E. Darnell, Manager.)

The attention of all contractors is called to the following executive order No. 6646 of the Federal Emergency Administration of Public Works, dated March 14, 1934. Copies of this Certificate will be included with the 'Instructions to Bidders'."

Proposals must be sealed and addressed to Mr. Fred F. Hemphill, District Clerk.

Correction in Date

PROPOSALS
The Township of Cinnaminson, N. J., will take bids at the home of George C. Frank, Riverton, N. J., on furnishing 3,000 (one thousand) gallons of cut back asphalt oil, to be delivered to Mr. John Dennerle, Road Overseer and to be put in our own containers, Tuesday, April 9, 1935, at 7:30 p.m. Bids will be opened promptly at this hour. Bids will be made in sealed envelopes and accompanied by a certified check made out to the Treasurer of the Township for the amount of 10% of the bid, this check becoming the property of the Township on failure of the successful bidder to enter into a contract within 10 days of the date of letting. Right is reserved to refuse any or all bids.

GEORGE C. FRANK,
Township Clerk.

Experience

The value of experience in the Snover Funeral Home is clearly demonstrated, once the service is called upon.

The many little refinements, modern equipment, etc., are the product of years devoted to the study of how we may best render service.

Snover Funeral Home

PALMYRA, NEW JERSEY

Telephone, Riverton 830

How do you get the dirt from your RUGS and CARPETS?

Will your back yard soon give forth the sounds of swishing thuds of the carpet beater trying to rid your rugs of six months embedded dirt? Will your rugs get such punishment?

In those homes using vacuum cleaners on schedule, the semi-annual flaying of rugs is unnecessary. Rugs cleaned periodically by vacuum offer little chance for dirt to become embedded and the fibers are not damaged or cut by gritty substances under the pressure of your fast steps.

There's little effort needed to vacuum your rugs, and there is no other way as convenient, as sanitary or as economical. A few cents a month pays for the electricity to operate a vacuum cleaner in the average home.

Socialism vs. Rugged Individualism

From a practical standpoint, Paul Smith, financial editor of the San Francisco Chronicle, sums up the political aspects of the crusade against the public utility industry, in a masterly manner. His comment was inspired by the demand for \$750,000 of tax funds to investigate the American Telephone and Telegraph Company. In part, he said:

"The writer does not care whether any particular utility is 'right' or 'wrong.' That some holding companies may be 'bad' and some 'good,' he does not doubt. That some rate structures may be 'fair' and some 'unfair,' he readily admits. That some utility managements may be 'smart' and some 'dumb,' some 'honest' and some 'dishonest,' he believes not only possible but among the facts of life. . . . Those things are beside the point. . . .

"The fact remains that a definite, destructive campaign has been launched against the public utility industry. Some of the campaign is open and above board, some subtle and insidious, like certain phases of certain PWA grants to communities and states. The attack has been mapped out, pushed, promoted, energized and pressed in New Deal headquarters, Washington, D. C. There is no use dodging the issue. . . .

"If 10,000,000 utility investors and all utility managements want to wave the white flag and surrender their economic position, that is their business. . . .

"But even if peace at any price is their desire, they are not going to get it from the politicians today. This public utility thing is stock in trade to a large share of present-day politicians. Peace would liquidate one of their stocks in trade. . . .

"As soon as one sector quiets down, they will attack another. Their scouting force will find, somehow, enough Indians in the brush to 'justify' each new attack in the public eye. It is war and, like other forms of warfare, will bring stupidly uneconomic costs. . . .

"There will be the cost of unnecessary construction; public competition with private enterprise; gradual socialization; growing taxes to fill the gaps of inefficient political operation and, worst of all, perhaps, the cost of depreciation in the value of securities held by hundreds of thousands of small investors. . . .

"And the scene will not change while millions of voters sweetly accept political indictment of the public utilities. . . .

Mr. Smith speaks frankly, but the situation justifies it. The present campaign is unfair, unnecessary and unAmerican. The seeds of destruction of private enterprise that are being sown, will sprout in other places to the infinite damage of other industries, unless the political utility baiters are stopped by an informed public revolt against demagoguery that is promoting socialism instead of rugged individualism.

ARTISANS ENJOY THIRD BANQUET

Girls' Mirimba Band Puts on Variety Program With Attractive New Features

The third annual banquet of Palmyra Assembly No. 65, A.O.M.P., was held last Tuesday evening in P.O.S. of A. hall, Palmyra. The dinner was well prepared and served by the Artisan's wives and daughters and enjoyed by about 250 members.

There were short talks by the Most Excellent Officers, after which the members went to the lodge room where three candidates were initiated.

After other routine business, the members again assembled in the banquet hall where they were entertained with several groups of songs by the Pennsylvania Railroad Keystone quartette, and possibly the best musical and dancing troupe that has ever appeared in Palmyra, Reg Kehoe and his Girl Mirimba Band.

who gave a variety program which was thoroughly enjoyed by everyone.

The member's attention is called to the next producers' dinner which is to be held Monday evening, June 3rd, at Weber's Hof Brau, Central Airport, Camden. Produce a candidate and receive a ticket for this dinner.

CHURCH NEWS

FIRST LUTHERAN CHURCH

Rev. Harold L. Creager

At our morning church services during Lent we are discussing some of the great fundamentals of our Christian faith. This Sunday the sermon theme will be "What is Repentance?"

Sunday evening we will have a special service for the Boy Scouts. The Girl Scouts are also invited. The sermon will be on "A Boy Scout of Long Ago."

Midweek service on Wednesday at 8:00 o'clock. The subject next week is "The Authority of Jesus to Warn."

Next week marks the conclusion of five years service by the present pastor. A reception to him and his family is to be given by the congregation next Friday evening.

CENTRAL BAPTIST CHURCH

Rev. George Lockett, B.D. Pastor

10:00 a.m.—Bible School. Very seldom does an appeal made to the school receive a deaf ear. The suggestion that an endeavor be made to excel the attendance of the school on the Sunday of the dedication of the new church building, just six years ago, received a hearty response last Sunday when 345 was recorded against the high of 339 on the Dedication Sunday. Singing from the Rodheaver song books provoked much enthusiasm and was participated in by all.

11:15 a.m.—Morning Worship. "The Interpreter" will be the subject of Pastor Lockett's sermon. The Senior and Junior choirs will render their usual selections.

7:45 p.m.—Evening Worship. Rev. Stanley A. Geller, Editor of the Baptist "Young People's" Publications, will be the speaker. His message will be of no less interest to the grown-ups, however. There are tentative arrangements to have the B.Y.P.U. combine their meeting which usually convenes at 6:45, with that of the evening service. It is hoped that this will meet with the approval of the young people and will receive their co-operation.

CHRISTIAN SCIENCE CHURCH

"Matter" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, March 24th.

The Golden Text is "Woe unto him that saith to the wood, Awake to the dumb stone, Arise, it shall teach! Behold, it is laid over with gold and silver, and there is no breath at all in the midst of it" (Habakkuk 2:19).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Every good gift and every perfect gift is from above, and cometh down from the Father of lights, with whom is no variableness, neither shadow of turning" (James 1:17).

The Lesson-Sermon also includes the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "When understanding changes the standpoints of life and intelligence from a material to a spiritual basis, we shall gain the reality of Life, the control of Soul over sense, and we shall perceive Christianity, or Truth, in its divine Principle" (p. 322).

EPWORTH LEAGUE NOTES

Sunday, March 27, at the Epworth League, the speaker will be Murray Kirkpatrick, and he has chosen as his topic, "Getting a Better Understanding of Our Bible."

This topic was chosen in response to questions from young people in the League. All young people are cordially invited.

RUMMAGE SALE

Will you not share your rummage this spring with the Burlington County Tuberculosis League at their sale at Browns Mills, May 8-9?

The League is striving to rid the county of that dreaded disease. Statistics show a gradual decline in the death rate.

Phone Mrs. Joseph T. Evans and someone will call for the articles.

THE PEOPLE'S COLUMN

"UNIMPRESSED"

The following communication was published in the Philadelphia Inquirer this week:

To the Editor of The Inquirer: May I add my word of commendation to the many which you already doubtless have received, with reference to the powerful editorial appearing in your issue of March 15 under the caption of "That Vile Thing Propaganda."

The President's contemptuous reference to the wave of protest against the Rayburn Utilities bill as mere propaganda is indeed an affront to the intelligent citizens of this country. That protest has come from hundreds of thousands of anxious men and women, the value of whose property and whose very capacity to live will be seriously impaired if he and his satellites have their way.

DISTRICT CONFERENCE

OF PAROCHIAL P. T. A.

Governor Hoffman Will Be Principal Speaker in Camden

April 4

The regular conference of the Camden District of Parochial Parent-Teacher Associations will be held in St. Joseph's School, East Camden, Thursday, April 4, at 10 o'clock sharp.

Governor Harold G. Hoffman will be present to address the members, and there will be other prominent speakers.

The reports of the secretary and president of each association will be read. Luncheon will be served.

The Regent, Mrs. Mary Walsh Kobus, requests a 100% attendance. Cars will leave Palmyra station at 9:30. Those desiring reservations kindly get in touch with Mrs. Harry Gottlieb or Mrs. William Rowan, by Monday, March 25.

Friends are like melons—Shall I tell you why?

To find a good one, a dozen you must try.

ANNA CONNER

Mrs. Anna Conner, 30, wife of Robert Conner, of 342 West Broad street, Palmyra, died last Monday, March 11.

Funeral services were held from her late residence, the Rev. Daniel McKenna officiating.

Interment was made in the Florence Episcopal Cemetery, Frank A. Snover, funeral director.

The deceased is survived by her husband and five small children.

P. H. S. NEWS

Miss Hortense Stollnitz, who holds records in the International Typewriting Championship contests, and shows greater speed than any other typist in the world, visited Palmyra High School Monday afternoon. Miss Stollnitz gave a lecture and demonstration in typing of special benefit to the commercial students. She stressed the most important points in the art of good typing. Miss Stollnitz is the holder of the Novice Record, being able to type 114 words a minute for 15 minutes when she had completed her first year of typing. Her record is 159 words per minute for 60 minutes.

The last orders for class rings and pins for this school term were accepted Thursday. Between 70 and 80 sophomores have ordered rings this year. A new style ring has been chosen by some of the students. It is made entirely of gold. The regular style ring has an onyx back-ground.

The Palmyra High School seal that is used on all school rings was selected by the class of 1933 in 1931. The seal has for its main design a group of palm trees representing Palmyra, because the name Palmyra means "city of palms." The lower part of the seal has three small plows that also appear on the state seal of New Jersey representing the "Garden State."

The preliminary registrations of classes will begin next week. The students are to select the subjects they wish to take next year so that the 1935-36 schedule can be made up. Professor C. L. Dengler, supervising principal, has asked that parents should give their children all the guidance possible in the selecting of their subjects. Miss Elizabeth McDonnell, guidance teacher, will assist the freshmen who are choosing their studies for the next year.

The Pan-American Club had as the guest speaker at the meeting Thursday, Albert Stradling, a missionary from Central America. Mr. Stradling is now home on a furlough at his home in Riverton. Mr. Stradling spoke on the language, customs, religion, geography, and morals of the countries of Central America. He has been a missionary in Costa Rica and Guatemala. He had with him an exhibit of native pottery and handicraft. Mr. Stradling was secured by Arthur Randolph, a member of the Pan-American Club.

The Palmyra affirmative debating team won the debate at Haddon Heights last Friday evening. The question for debate was "Resolved: That nations should agree to prevent the international shipment of arms and munitions." The affirmative team was composed of Harry Turner, Margaret Rae, Joseph Phil, Charles Rader. The negative team from Haddon Heights High School was composed of William Parr, Carl Zeigler, Bonnie Schumacher, William Tait. The judge was Dr. Edgar L. Potts, of the Department of English of the University of Pennsylvania. This is one of a series of

interscholastic debates of the South Jersey Interscholastic Debating League.

The negative debating team will debate the affirmative debating team in a debate this Tuesday evening at the monthly Parent-Teacher Association meeting. The subject for debate will be that used in the debate at Haddon Heights. Members of the negative team are Mervil Haas, Patience Northrop, Arthur Randolph and Henrietta Roray.

SHORT-WAVE MUSINGS

BY O. M. "C. W."

Radio amateurs are disputing the right of "radio amateurs" to that name. The recent flood of amateur programs over broadcasting stations, in which newcomers to radio without professional experience are given their chance to break into the big time, has found the descriptive term "radio amateurs" being applied to the participants.

But according to the regulations of the federal communications commission, an amateur is "a person interested in radio technique solely with a personal aim and without pecuniary interest," and these persons the commission licenses to operate amateur stations. In other words, the only true radio amateurs are those to whom the term has applied for three decades—the transmitting amateurs of the country, and those technically interested in radio.

What to do about it? There is a precedent for the term "amateur nights," even though, in strict parlance, the use of the word "amateur" may be questionable. The addition of the word "radio" when that is the entertainment medium is certainly logical enough. Yet the transmitting amateurs have precedence and authority on their side. Even the international telecommunications convention, which was signed by more than eighty nations, defines and limits the activities of amateur stations.

The question isn't likely to be settled on the basis of numerical strength, either. Thousands of entertaining "amateurs" have been shuttled through past broadcast programs, and many more thousands are expectantly waiting. But according to the latest figures from the American Radio Relay League, the national amateur organization, there are nearly 40,000 licensed amateur operators in the country, so they can more than overbalance the others.

The only solution probably is to wait until the amateur night fad dies out—if ever. Certainly, amateur radio, having lived for thirty years and now far stronger than ever, isn't likely to give way. Meanwhile, the puzzled broadcast listener can only do his best to keep his definitions straight and try not to confuse the warbling crooner with the amateur phone expert next door.

Put your trust in the Lord—and haul no empties.—James J. Hill.

"Do right—and fear no man; don't write—and fear no woman."

CHURCH NEWS

PALMYRA MORAVIAN CHURCH

Albert J. Harke, B.D., Pastor
Services for Sunday, March 31, 1935.
9:30 a.m., Sunday School.
10:40 a.m., Morning Worship.
Sermon: "Life's Supreme Blessing."
6:45 p.m., Christian Endeavor prayer meeting.
7:30 p.m., Evening service of praise. Sermon: "The Tribulation and God's Chosen People, the Jews." Our church will again conduct the Easter Dawn service at Lakeview Memorial Park, on Easter Sunday. An inspiring program of chorale music, with the beautiful historic Moravian Easter Dawn Liturgy as the central feature, has been planned. This year's service promises to surpass those in preceding years in beauty and simplicity, setting forth the Power and Glory of the Risen and Living Christ.
The chorale music will begin at 4:30 a.m., and the service proper at 5:00 a.m.

A large number of singers are being gathered to sing the chorales in the service. Singers of other churches are very cordially invited to join this chorus. If interested get in touch with the pastor. Telephone Riverton 697-W.

CENTRAL BAPTIST CHURCH

Rev. George Lockett, Pastor
Services, Sunday, March 31st.
10:00 a.m., Bible School. Come on time to enjoy the song fest of selections from the new Rhodheaver Hymnals. For the fifth consecutive Sunday the attendance has passed the 300 mark.

11:15 a.m., Morning Worship. "The Man Afraid of Himself" will be the subject of the sermon by the pastor. Selections by the choir.
6:45 p.m., B.Y.P.U. The young people enjoyed a combined meeting with the church service last Sunday when Mr. Alfred Van Osten addressed the congregation on "The Kind of Music That One Should Sing." This Sunday there will be a most interesting program at the usual hour.

7:45 p.m., Evening Worship. Pastor Lockett will deliver another interesting sermon on "What is Conversion?"
On Tuesday and Friday evenings prayer services are being held from 7:30 to 8:00 o'clock at the homes of the following: Claude Barto, Riverton; William Cooper, Rev. George Lockett, Mrs. Margaret Mays, Wal-ton Taylor and Harry Ellis, of Palmyra.

Wednesday evening at 8 o'clock, regular mid-week prayer service. In the afternoon at 4:15 the Junior Choir rehearsal and the Junior B.Y.P.U. meeting.

FIRST LUTHERAN CHURCH

Rev. Harold L. Creager
At the morning worship service this Sunday, the pastor will preach a special sermon for the fifth anniversary of his pastorate here. The theme will be "God's Fellow Workers."

In the evening service an open forum discussion will be held, the topic will be "The Christian Attitude on Problems of Peace and War."

Midweek service Wednesday evening at eight o'clock.

PALMYRA

The Phuthea Class of the Central Baptist Church held the monthly business meeting and thimble party at the home of Mrs. Charles Hall, of Highland avenue, Thursday afternoon.

Mr. and Mrs. Clayton Buchage, of Indian Mills, spent Sunday with Mrs. A. B. Powell, of West Broad street.

The Boy Scout Mothers Association will hold a covered dish luncheon at the home of Mrs. Joseph Scheible, 701 Parry avenue, Thursday, April 4, at 12:30. It is important that all members attend.

CHRISTIAN SCIENCE CHURCH

"Reality" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, March 31.
The Golden Text is: "Thou, O Lord, shalt endure for ever; and thy remembrance unto all generations" (Psalms 102:12).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Finally, brethren, whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue, and if there be any praise, think on these things" (Philippians 4:8).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The conceptions of mortal, erring thought must give way to the ideal of all that is perfect and eternal. Through many generations human beliefs will be attaining diviner conceptions, and the immortal and perfect model of God's creation will finally be seen as the only true conception of being" (p. 260).

CELEBRATION OF FIFTH ANNIVERSARY

The congregation of the Lutheran Church, of Palmyra, will celebrate the fifth anniversary of the pastorate of the Rev. Harold L. Creager, this Friday evening, March 29. The program will be chiefly musical, followed by refreshments. All members and friends of the church are invited.

NOTICE

The next Christian Science Church of the Air program will be broadcast from Chicago, Illinois, on Saturday, March 31, at 1:00 p.m., Eastern Standard time, by Mr. Hugh Stuart Campbell, Christian Science Committee on Publication for the State of Illinois, over the Columbia Broadcasting System, and may be heard in New Jersey over Stations WABC, New York, and WPG, Atlantic City (1100 k.c.).

EPWORTH LEAGUE NOTES

Sunday, March 31, our speaker will be Mrs. Ira S. Pimm, and her topic will be "Using Our Radios in Finding Good Music."

All young people above high school age are cordially invited.

LENTEN SERVICES

The Rev. Dr. Wilmot Gateson, rector of the Church of the Saviour in Philadelphia, will be the officiating clergyman at the Friday evening Lenten service this week, at Christ Church, Palmyra.

CATHEDRAL LEAGUE

There will be a meeting of the Cathedral League of the Diocese in Christ Church, Riverton, Wednesday, April 3, from 2 to 4 o'clock. There will be an exhibit of articles suitable for institutional gifts. Those interested in bringing cheer and comfort to the inmates of the institutions within the diocese are invited to attend.

A card party will be given by the Auxiliary of the Palmyra Extension Civic Association at the club house, 1201 Cinnaminson avenue, Friday evening, March 29. Mrs. A. H. Brewster and Mrs. Wayne Gluyes will be the hostesses. There will be refreshments and prizes. After the cards there will be dancing. Admission is 25 cents.

The Chess Club of Palmyra and Riverton will meet at the home of Herman Anders, 331 Leconey avenue, next Tuesday evening.

The Palmyra P.T.A. will hold a food sale at 15 East Broad street, Friday, March 29. The sale is being held for the benefit of needy school children.

RELIEF INCREASE IS SLOWING UP

List of Active Cases for February Only Slightly Higher Than Last Year

Although the roll of active cases

in the State ERA was increased during February, as aggregated from records of the 21 counties showing aid was given to 616,779 persons distributed among 168,692 cases, State Headquarters has been gratifyingly impressed by two facts—that the February ratio of increase in case

load was the smallest over the preceding January of any year during the ERA history, and that the increase was the smallest since the present cycle of growth began last July. The February increase of cases was 2,312, or only 1.4 per cent above

the 166,380 cases in January. This was one-tenth of the 14 per cent increase in February a year ago. In February, 1933, the expansion over January was 10.9 per cent. As to persons aided the showing was even better. February's total, 5,879 higher than January's 610,900,

was an addition of only 96 hundredths of one per cent.

Of all the numerous teachers Holding classes here on earth, Experience is the dearest one. But you get your money's worth! —Nuggets.

Why YOU should own a burial lot in LAKEVIEW MEMORIAL PARK CEMETERY

LAKEVIEW Memorial Park is a vast community development that was started by a group of public-spirited men for the people of Southern Jersey. It is your park to visit and enjoy . . . hence it should be your first consideration in choosing a family burial place.

Lakeview is the modern conception of what a burial place should be. Here you will find no unsightly and heterogeneously assembled reminders of earthly death, but the natural beauty of sweeping lawns, fine old trees, sparkling fountains, a tranquil lake. No tombstones are seen at Lakeview to mar the loveliness, for here all graves are marked by dignified bronze tablets set flush with the turf.

Perpetual Care is assured by a large and growing Fund, the principal of which can never be expended, only the income therefrom used to care for and protect this beauty for all time . . . without assessments or charges for upkeep of private graves.

A PLACE of burial is an eventual necessity for every human. Hence it becomes obligatory upon the family-provider to have that place ready whenever the need may arise. Until he does he has not been completely foresighted in the provisions for his family. Even though he may have the money ready with which this purchase may be made, yet if it is forced at a time of necessity, then he has not done

TELEPHONE CO. AWARDS MEDALS

Notable Acts of Public Service
During 1934 Receive
Recognition

New Jersey regional Theodore N. Vail Medals in bronze have been awarded for acts of outstanding public service in the telephone industry to a Hackensack telephone operator and an Orange telephone installer individually, and to the day force of operators at the Bound Brook central office as a group. Honorable mention was accorded by the Award Committee of the New Jersey Bell Telephone Company to an Atlantic City central office switchman.

The awards are for acts which took place in New Jersey during 1934. They will be submitted, with similar awards from other sections of the country, to the National Theodore N. Vail Memorial Committee for consideration for National Vail Awards in silver or gold, highest honors the industry can bestow upon individuals for noteworthy acts arising from performance of regular duty, in which courage, faithfulness and intelligence are shown.

Miss Emma Gatti, operator supervisor at Hackensack, received her award for intelligent use of her telephone first aid training and the telephone facilities at her command last August 27. She was called to the telephone application of a tourniquet to the wrist of a child above a severed artery, thereby saving the use of the hand to the child, and possibly its life, as medical aid was delayed in arrival at the home.

Henry J. Schaeffer by repeated questioning of a sobbing Berkeley Heights girl, March 5, last year learned that "two babies fell in the brook and they can't swim," thereupon proceeding to the rescue of both from an icy, swollen stream that had overflowed its banks, and applying artificial respiration to restore breathing and consciousness to one.

The Misses Anna C. Jakubik, Marie A. Campbell, Dorothy E. Gilings and Beatrice C. Mundy and Mrs. Helen K. Vayda, Bound Brook operators, remained on duty summoning necessary help from their switchboard and continuing to handle regular telephone traffic while fire in the central office building filled the operating room with smoke and acrid fumes and firemen wearing gas masks warned of imminent danger of an oil explosion, February 10, 1934.

John E. Clement received honorable mention for rescuing an unconscious neighbor from a garage filled with carbon monoxide gas by application of prone pressure artificial respiration March 24, last. Clement, in common with practically all members of the telephone plant department organization, is trained in first aid use. More than 4,500 telephone women in New Jersey also have become adept in first aid through voluntary attendance at first aid and health classes.

SUPPER AND FAIR FOR CHARITIES

Annual Affair by Friends Will Be
Held in Community House
April 4th

The annual Friends Philanthropic Supper and Fair will be held at the Community House, Moorestown, Thursday, April 4th, 1935.

Supper, 5 o'clock: adults 85c, children 50c.

Fair opens at 4 o'clock. The usual variety of domestic and fancy work will be on sale. Home-made cakes, candies and delicatessen.

Benefit — Orthopedic, Chambersburg, McKinley Hospitals, and Florence Crittenton Home, Trenton, N.J. Burlington County Hospital, Welfare Work, and Tuberculosis League, Mount Holly, N.J.

Mark the date and tell your friends.

CIVIL SERVICE
EXAMINATIONS

The United States Civil Service Commission has announced open competitive examinations in eleven different trades and professions. Full information may be obtained from Riverton Post Office.

SCOUT EXECUTIVE "GOES TO SCHOOL"

Burlington County's New Scout
Head Spends Week at Fi-
nancial School

George A. Darlington, the new Burlington County Scout Executive, has returned from a week's attendance at the Financial School for Scout Executives held at the National Boy Scout Reservation near Mendham, N. J.

Few people outside of Scouting circles know of the thorough training provided Scout Executives at this National Training School presented by Mrs. Jacob H. Schiff, in 1933, as a memorial to her son, Mortimer L. Schiff, late president of the movement.

The reservation, consisting of 480 acres of rolling woodland and fields, is nestled in the hills of northern New Jersey, a natural wild life sanctuary. Here already eight sessions of training have been held for young executives from all over the country. In 1934 no less than seventy-two Scout groups and organizations held their meetings there.

In 1935 an extensive schedule of training is being made available for volunteer leaders also. Specialized courses are being held on winter camping, camp leadership, crafts, finance, troop organization and service, rural leadership, nature study, troop camping and cooking, council activities, etc. Courses in sea scouting and in water front work will also be held at the sixteen acre lake on the reservation.

The right kind of leadership for our boys is about the most important thing there is today. These training courses are multiplying the limited talent available in a most gratifying way. Keep your eye on this Boy Scout movement. It's going places!

GAME LEAGUE

The Burlington County Game Protective League will hold its next meeting at the court house in Mount Holly, on Friday night, April 5, at eight o'clock.

President E. Budd Marter has arranged to show and talk about two reels of motion pictures dealing with big game hunting and they will be of interest to all sportsmen.

Several matters of importance will be presented for consideration. All sportsmen are invited to this meeting. Two door prizes will be given away.

What Other Editors Say

RUGGED INDIVIDUALISM

Hillside, N. J., has an exceptional citizen. Unemployment forced him on relief and he had to accept \$50 up to a time when he got a part-time job that enabled him to keep himself. He felt grateful for the assistance given, but it irked him to be in the community's debt. As his part-time pay yielded no surplus in cash, he asked to be permitted to work it out. Assurances that relief was given with no condition or thought of return failed to move him, and he was finally allowed to pay the debt by doing, without pay, \$50 worth of labor on a paving job.

This man had no idea that the world, or his particular community, owed him a living. He had an old-fashioned American notion that it was humiliating for an able-bodied man to receive public aid—charity he probably calls it—and he felt that his self-respect would be fully restored only when he made some equivalent return for the lift over the stile of adversity.

Such a man would probably consider the share-the-wealth scheme only legalized robbery and would fail to become interested in the TOWNSEND plan. He would probably work on in his 60's if such a law were enacted, declining to be kept at the expense of the taxpayers. His views mark him, in the notion of many, as hopelessly out of date. Others will see him a heartening example of old-fashioned American self reliance.—Bulletin.

CINNAMINSON P. T. A.

Every member who was able to attend the meeting on the twentieth, when Dr. Cooper talked on "Mental Hygiene," was pleased with the many valuable thoughts and suggestions.

Try to find the reason why a child is perverse, and prone to do wrong, if you would help him.

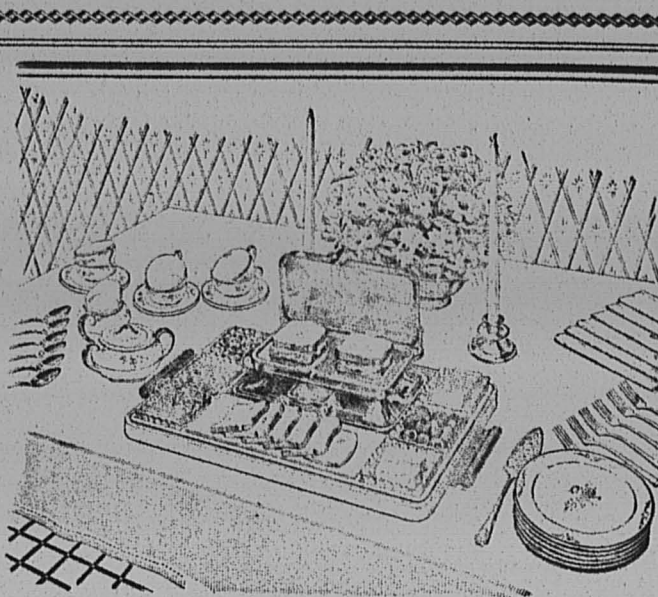

The next discussion for the study class, held in the auditorium at 8 p.m., as usual, will be, "What Sort of Home Atmosphere Develops Wholesome People? The date, is April 10th.

The discussion this week was "Is the home turning out adjusted personalities?" Publicity.

BURLINGTON COUNTY MASTER PLUMBERS ASSOCIATION AFFILIATED WITH THE NATIONAL ASSOCIATION

The following Plumbers are working in accordance with N.R.A. They are reliable and dependable. Give them your support.

GEORGE FRIDAY J. RUSSELL HOLVICK
H. D. HULLINGS and Son JOHN KERRIGAN

You can buy the
GRILLETTE and TRAY
for only \$4.10 cash

You can toast rolls, muffins, sandwiches, two at a time on the grillette. You can use it as a grill and even make pancakes on it. It fits neatly on the tray. Six glass dishes and a bread board complete the equipment. Grillette and tray sell for \$4.10 cash. The grillette comes in different styles and finishes and may be had for as little as \$1.19 cash. Cord and plug 25 cents extra.

PUBLIC SERVICE

A-3538

OFFERS PARK

ROY A. RAMEY

Managing Director of Lakeview Memorial Park in Cinnaminson, N. J., has again extended the facilities of the beautiful cemetery to the Moravian Church of Palmyra for the Easter Sunrise Service.

The Palmyra church pioneered in the custom in this territory and has aroused enough interest to induce the same observance in Newark and Philadelphia.

Last Easter 25,000 people enjoyed the service at Lakeview, establishing a record attendance in the East.

"SCAVENGER HUNT" DIGS UP ODDITIES

Two Fried Eggs Sewed Together
With Purple Thread Among
Finds

On Friday evening, March 22, the Aftagatz Club, composed of girl seniors of Palmyra High School, gave a "scavenger hunt," starting from the home of Florence Fantina at eight o'clock. The "hunters" were given until 11:15 to have all the things back at the starting point. About fifteen or sixteen fellows and girls from Riverton and Palmyra participated.

Following is a list of the things it was necessary to get:

Live animal (other than dog or cat), picture of Vice President Garner, September 1934 newspaper, hunting license from any state, two horse hairs, three red hairs, baby coach, sun dial, oar, wine list from Old Mill Inn, tennis ball, worn-out electric light bulb, nipple from baby's bottle, two fried eggs sewed together with purple thread.

The prize was won by the party composed of Dorothy Shaner, Arthur Terrill, Florence Fantina and Bob Roach.

YMCA BRIEFS

YMCA members of high school age enjoyed the get-together program Wednesday, March 27, at the Palmyra - Riverton YMCA. The speakers of the evening were Lieutenant E. C. Plumer of the Aviation Corps of the New Jersey State Troopers; and Warren C. Wardle, Hi-Y Secretary of the Bergen County YMCA. A large number of groups from various parts of the county were in attendance. Harry Cameron, of Masonville Eagles YMCA Group, presided.

The second of a series of YMCA swimming meets will be held at the Moorestown Community House, Tuesday, April 2. The Medford Henry P. Thorn Group was the winner of the last meet, but it was so close that it was difficult to predict who will win the cup this year.

NOTICE!

During Dr. Roger's absence from March 30 to April 15, Dr. Imhoff will be in the Riverton office as follows:

Mornings from 9.30 to 10.15.
No afternoon hours.
Evenings—Monday, Thursday and Friday from 8.00 to 8.30; Tuesday, 7.00 to 8.00, Saturday, 6.00 to 7.00

MEN'S CLUB

The regular monthly meeting of the Men's Club of Palmyra and Riverton was held in Christ Church Parish House, Riverton, Monday evening, March 18.

The speaker of the evening was Harold F. Marshall, who spoke on "Heating Our Skyscrapers."

Mr. Marshall first gave a brief history of heating, then compared the modern system of heating with that of a few years ago.

He also used slides showing pictures of buildings with heating equipment furnished by Warren Webster Company, of Camden, of which firm Mr. Marshall is advertising and assistant sales manager.

Music was furnished by Robert Hudack and his orchestra.

BOROUGH OF RIVERTON

1934 AUDIT

February 26, 1935

The Honorable Mayor and
Members of the Borough Council,
Riverton, N. J.
Gentlemen:

We report that we have audited the financial books and accounts of the BOROUGH OF RIVERTON for the year ended December 31, 1934, and submit herein the statements and schedules shown in the table of contents which exhibit the financial condition of the Borough as of that date.

SCOPE OF THE AUDIT: The scope of the audit covers the financial transactions of the Tax Collector and Treasurer, the activities of the Mayor and Council, Borough Clerk, Building Inspector, Street Superintendent, Board of Health Inspector and Police Recorder.

The scope of the audit does not and cannot determine the character of services rendered for which payment is made nor can it determine the character or quantity of materials supplied for which claims have been passed. These details are necessarily covered by the approvals on such claims.

The accounts were found to be correct and in the proper form subject to the following comments:

CASH AND BANK ACCOUNTS: Cash book receipts were compared with bank deposits and paid checks with recorded disbursements. All vouchers were checked as to proper authorization in accordance with the provisions of Article XIV of Chapter 152, P.L. 1917.

As of December 31, 1934, all cash accounts of the Borough were reconciled with the bank balances, which were confirmed to us directly by the Cinnaminson Bank and Trust Company.

RECOMMENDATIONS
That more care be exercised in the issuance of tax Revenue Notes and that collections of taxes of the respective years be applied consistently to the reduction of all such obligations.

That a resolution cancelling the unexpended balance of appropriations of the completed project be passed immediately upon receipt of this report.

That all deferred assets not included in the 1935 Budget be appropriated for in 1936, that all salaries authorized by ordinance or otherwise be paid upon presentation of a bill or payroll properly sworn to.

That bills paid from the Clerk's Advance Fund be stated upon the minutes in the amounts authorized to be paid.

That the Borough bill forms be used for all vouchers.

That the resolution designating the Borough depository be given consideration. We shall be pleased to assist you to the fullest extent in connection with the recommendations of this report.

ACKNOWLEDGMENT: In the course of our audit we received the complete cooperation of all the officials of the Borough and we greatly appreciate the courtesies extended to us.

CERTIFICATION: It is hereby certified that to the best of our knowledge and belief the within report is a true and correct statement of the financial condition of the Borough of Riverton in the County of Burlington for the year 1934, as shown by the books and records of the said Borough submitted to us, supplemented by personal inquiry and investigation.

Yours very truly,
CHARLES S. ROCKEY & CO.
WILLIAM H. WELCKER,
Registered Municipal Accountant (N.J.)

By ELMO SCOTT WATSON

MILLION DOLLAR COW-PATH

IN THE 1850's, Dr. Jared Bassett owned a small farm in the heart of what is now Chicago's famous "Loop." He also had a cow named "Bessie" for whom he built a barn. From it ran a path by which she went out to graze along the road.

When Doctor Bassett sold some of his property, the deed contained a provision for a 10-foot easement over which "Bessie" could make her way unhampered between the road and the cow barn.

In 1925 a corporation acquired the site of the Bassett farm for an office building. Then . . . consternation! There was the deed, and the provision for the cow path which could not be blocked. The matter was taken to the courts but its legality was upheld.

So the corporation went ahead with the building, keeping Bessie's path clear. They did, however, usurp her "air rights" (which she never knew she had, anyway). Above the 18-foot level the building jutted out at right angles, covering the cow path and extending upward twenty stories.

Today in the structure at 100 West Monroe street, there is a portal that is never closed. For the ghost of Bessie may want to come back some day and go from the barn—that was to the road that is now busy Monroe street. If that passage could have been included in the building it would have meant at least \$12,000 to owners of the property in yearly rentals. That's why it's a "million-dollar cowpath!"

"THE RETORT COURTEOUS"

Sales manager to new salesman who is just going out on territory: Well, good luck to you, my boy. Any important news should be wired us without delay.

The following day this telegram arrived, charges collect:
"Arrived safely. Got a lovely room with bath. Feeling fine."

To which the sales manager wired back, also charges collect:
"So glad. Remember to air your nightie. Love and kisses"—Wm. Chiquet, Fort Dodge, Iowa.

TIT FOR TAT

A tightwad traveling salesman sent his wife a bill for a million kisses as a birthday present. He was considerably upset when he received the following letter a few days later:

"Dear Jim: I can't begin to express my appreciation of the check you sent me on my birthday. I presented it to the milkman this morning and—he cashed it. Lovingly yours, Matilda."—Frank H. Cord, Kalamazoo, Mich.

HIS "HELPMATE"

Sales Executive: Were you able to entertain yourself while waiting for me here in the office, darling?

His Wife: Yes, dear, I amused myself with those colored pins in that map on the wall. I changed them all around and made them look a lot prettier.—The Staley Journal.

MacFarland and

Smith Resign

(continued from page 1)

without qualifications, effective April 1, 1935.

The resignations were accepted under a resolution by Freeholder Jones, seconded by Freeholder Cook, with Heisler not voting.

Solicitor Drenk was instructed under a resolution by Jones to take the necessary steps for the discontinuance of proceedings under two writs of certiorari brought by Smith and MacFarland respectively. The resolution was passed, Heisler not voting.

Jones introduced the following resolution, seconded by Cook: Resolved, that the Board of Chosen Freeholders of the County of Burlington that the County Engineer and County Road Supervisor be relieved of all active duties between the time of reinstatement and April 1, 1935. The resolution was passed, Heisler not voting.

Fairview Board Explains

The five members of the board of managers of the Fairview Sanatorium appeared before the board of freeholders to explain why they had reversed their decision in the matter of having an addition built to that institution. The board is composed of Dr. George T. Tracey, Beverly, president; Dr. Richard Anderson, Burlington; Dr. Charles Joyce, Vincentown; Dr. Elwood Hollingshead, Moorestown; Dr. Joseph T. Bowley, Burlington; recently appointed by the new board of freeholders.

Dr. Anderson explained that since there was a decline in tuberculosis in the state, there was no necessity for enlarging the institution at this time. In support of this statement he quoted statistics from the state department of health to show that the death rate from this disease in 1932 was 58.8%, while in 1933 it had dropped to 49.4%. The surgical cases, he said, were taken care of in the Burlington County Hospital.

Room Enough
Dr. Joyce contended that there was plenty of room in the sanatorium and that it would be detrimental to the taxpayers of the county to spend from \$40,000 to \$50,000, for an addition at this time.

Dr. Anderson pointed out that the number of patients had decreased from 120 to 110, and that patients from outside the county could not be counted upon to fill up the annex, as several of them are already building or contemplating the erection of institutions of their own.

Bowley Attacks Newcomb

Dr. Bowley contradicted Dr. Anderson's figures and quoted statistics to show that tuberculosis had increased between 1924 and 1934. Bowley further stated that Dr. Newcomb, head of Fairview, was blocking the erection of an addition for reasons which he would state later. He claimed that there were 93 patients in private sanatoriums in Brown's Mills, out of which Dr. Newcomb got a 'cut.' He declared that it would pay the county to build the proposed 20-room addition to the institution at Fairview, because this would make it so superior to the others that sending counties would have no choice but to patronize Fairview.

To Hold Conference
On suggestion of Director Adams it was agreed to hold a conference between the freeholders and the managers of the sanatorium on Thursday, April 4. Dr. Bowley insisted that it should be an open meeting with newspaper reporters present. Director Adams replied that since the conference was being held at the offices of the managers of the sanatorium, it would be for them to decide whether the meeting should be open to the public or confined to the members of the two bodies. The clerk of the board of freeholders will attend the meeting to make minutes of the proceedings.

Heisler Hits Back
Freeholder Heisler characterized Bowley's tactics as a 'publicity stunt' and declared the Burlington doctor was 'sore' at Dr. Newcomb, against whom he had run several times for Assemblyman and had been defeated.

Senator Powell sent to the board a letter he had received from Lloyd Cross, of Burlington, stating that excessive loads were being taken over

the temporary bridge at Delanco. It was referred to the director of bridges.

Bridge Good—Bridge Bad

The clerk read a copy of a letter from the Kohn Construction Co., dated March 18, to Ash, Howard, Needles and Tammen, the new county engineers, acknowledging their letter in which it was stated by the engineers that the construction work completed by the Kohn Co. was structurally adequate and that the design as built was preferable to the original contract drawings. The letter also referred to verbal agreements between the Kohn Co. and the board of freeholders about arrangements covering the necessary changes.

Under date of March 21, Ash, Howard, Needles and Tammen wrote the Kohn Co. that adjustments for compensation for the changes made was placed on the county authorities. The letter also stated that the specifications of the War Department had not been conformed with, clearly creating an "illegal structure."

Freeholder Jones expressed the opinion that if the War Department would not approve this "illegal structure" the contractor would be out the amount being held out, and that the county would have to step in and build a bridge which would meet federal requirements.

The Kohn Construction Co. submitted an estimate for some additional work on the bridge, which was accepted and filed.

Bridgegeld Wants Money

The Bridgegeld Engineering Co., which were the engineers supervising the construction of the bridge prior to the first of the year, and which were ousted by the new board, submitted a statement for \$14,723.60, due for services rendered and insisted on the immediate payment of a substantial portion of the amount at once. The communication was referred to the solicitor.

Director Adams advised the board that it was desired to apply for PWA funds for the improvement, consolidation and re-indexing of records in the offices of the county clerk and surrogate. In order to do this, he said, it was necessary to make available the \$3,500 which would be the county's share of the expense. He presented a resolution authorizing the board to borrow that sum which was unanimously adopted.

Freeholder Jones asked for and received permission to sell seven old cars belonging to the county and buy four new ones at a cost not exceeding \$900.

Banks Designated

Under a resolution by Mr. Heisler, sixteen banks in the county (which includes all in good standing) were designated as depositories for county funds, and the People's National Bank and Trust Company, of Pemberton, was specifically designated as the depository for funds of the steward of the almshouse, superintendent of hospital for the insane, and superintendent of Fairview Sanatorium, in which these funds have been placed in the past.

Director Adams reported that several bills of constables and justices of the peace which should have been paid in 1932, had not been settled. On motion of Freeholder Stout the matter was referred to County Clerk Mingin for investigation.

The Stockwell-Knight Co., insurance brokers, of Moorestown, submitted a report showing a saving of \$680.11 on premiums by a new schedule worked out by that company.

Edward A. Kashner, of Florence, submitted a bill for an insurance premium of \$131.71 on a county truck, which had been due since March 10, 1934. It was referred to the solicitor.

Wants Road Fixed

The City of Beverly addressed a communication to the board stating that for a year and a half it had been trying to get the board to take some action to prevent water from lying on the roadway of Warren street between Magnolia Road and Manor Road, and also that the trolley tracks had been filled in a manner that made them more dangerous than before. The communication was referred to the highway department.

Senator Powell addressed a letter

to the board stating that in his opinion the law recently passed by the legislature permitting the governor to spend a sum not exceeding \$2,000,000, for emergency relief, does not affect distribution of county motor vehicle funds, nor distribution of funds under the Herrick act for township and borough aid.

Suggests Merger

The senator also forwarded to the board a letter from W. Rex McCrosson, county administrator of ERA, suggesting that if the Old Age Pension Board would appoint the executive director of ERA as director of the Old Age Relief Administration, a saving to the county of \$3217, could be effected and duplication of effort saved.

Benjamin Sleeper, Mount Holly township engineer, submitted estimates on the Bertram avenue storm sewer, for which the county was to pay one-half, not exceeding \$550. The communication was received and the clerk was instructed to notify the township authorities to accept the bids. On recommendation of Mr. Sleeper the contracts will be awarded as follows: National Supply Co., of Mount Holly, brick; S. B. Lippincott, Mount Holly, corrugated iron pipe, etc.; Charles J. Myers, Maple Shade, catch basin and manhole castings.

Department bills were ordered paid as follows: Buildings, \$15,679.21; highways, \$4,470.29; bridges, \$2,106.27; affairs, \$15,915.74; finance, \$4,845.20.

Interest Revived

In Lake at Park

(Continued from page 1)
elected as follows: President, Edwin S. Parry; vice president, Dr. Harry L. Rogers; secretary, Herbert Evans, treasurer, Gilbert Coe.

Mrs. Nathan Lane's report of the

activities of the Christmas decorating committee was read by the secretary and ordered spread upon the minutes with thanks to the committee.

Mrs. Marion R. Elwell, president of the Riverton Board of Education, gave a brief report of the progress on the new school and thanked the Riverton Town Meeting for the valuable assistance rendered by that organization in prompting the project.

Mrs. Bradford Stetson asked if Town Meeting could not do something about sending Riverton graduates to the Moorestown high school where the students or parents desired.

James Goodwin made the motion that a committee be appointed to

circulate a petition in accordance with Mrs. Stetson's suggestion, which was seconded by Harry E. Moyer and passed.

John Strohlein, chairman of the borough property committee, spoke of the apparent lack of interest in baseball and football in Riverton. He stated that he had received application for use of the park field for outside teams, but refused in all cases.

It was decided to appoint a committee from Town Meeting to create a baseball team and an athletic association to foster sports in Riverton. The committee appointed was: Fred Conway, chairman; John and Frank Strohlein, and James Goodwin. They are making plans for an immediate campaign.

A PARABLE FOR THE PEOPLE OF RIVERTON

Once upon a time there was a farmer who beset with Hard Times conceived a Bright Idea. He would fool his horse who was a faithful beast but after all a Dumb Animal.

Why, reasoned he, should he feed his horse Expensive Grain when the beast probably didn't know the difference between Grain and Sawdust? So he mixed a little saw-dust with the grain and lo and behold the Horse ate it without Protest. Each day he Reduced the amount of Grain and increased the amount of Saw-dust. Each day the Hungry Horse ate his ration with Famished Appetite.

And so the Farmer, rubbing his hands with Glee said, "Eureka! Now have I more grain for the she-goat who smiteth mine ears with her bleating if her stomach be not filled—and for the cow who giveth me something in return—and for trade and for barter. Verily I shall make Whoopee!"

But on that day the Faithful, Uncomplaining Horse died of Starvation. Then the Farmer wrung his hands for he could not Till his ground. And the Weeds sprung up and choked his Crops and those of his Neighbors. Verily there was not Whoopee, but Misery in the Land.

This little parable written in good spirit intends to visualize for the people of Riverton the plight of your YMCA. For 43 years it has been serving the young people of this community quietly and efficiently.

During the past few years it has adjusted itself to increasing ratios of financial "saw-dust" and at the same time has increased its character building activities both in scope and effectiveness. It has done and is still doing a noteworthy job in keeping down the "weeds" among our young people which threaten

RIVERTON GIRLS DEFEAT VINELAND

Hinke, Easley, Sippel and Beitz on All Star Teams. Riverton and Swedesboro Now Tie

The local girls basketball team surprised Vineland before a large crowd at the Wenonah Military Academy, last Thursday evening, by defeating them 19 to 11.

Vineland started out with a bang to ring up seven points before the local girls started to score. At the end of the first half the score stood 10-9 in favor of Vineland.

The last half was very exciting, with the score at a standstill for several minutes, Vineland having scored their last point of the game and the Riverton girls adding two more points to tie the score. From this point on the local girls played real basketball, running the score up to 19 and holding the strong Vineland team to but one point in the entire second half.

This Thursday the girls will play the fast stepping Swedesboro team, as both teams are in tie for first place.

A first and second All Star team was chosen from the seven teams in the league. Catherine Hinke and Helen Easley were chosen as forwards for the first team while Grace Sippel and Julia Beitz were chosen for the second team.

WESLEYANS LOSE IN LEAGUE TILT

First of Three-Game Series Goes to Burlington Five in Close Math

Series Standing		W	L	PC
Burlington	1	0	1.000	
Palmyra	0	1	.000	

Next Week's Schedule
Monday, April 1st, Burlington
Palmyra All-Stars vs. Burlington All-Stars, 8.00 p.m.

Wesleyans vs. Burlington Scholastics, 9.00 p.m.
The Wesleyans, title winners of the Interboro Basketball League of Palmyra and Riverton, lost the first of a three-game series to the Burlington Scholastics, winners of the Burlington City League, last night by the score of 28-25. The 3:16 boys played a mighty fast game and lead by the score of 12-11 at half time, but this lead was quickly overcome in the second period with field goals by Pinto and Morrissey and single pointers by Parker. With the support of the rest of the Wesleyans team Cahill and Foulke recorded the most points, but the defensive game of the visitors was too much for our boys.

In the preliminary game between picked teams from both Leagues, Burlington came out on top with a score of 32-24. Fandetta, former Burlington High School star, played an excellent game, caging a total of 16 points for his team while Finn and Speer recorded 8 points each for the local boys.

The scores follow:	
BURLINGTON	
	Fld. Fl. F.T. P.
Parker, f	0 6 11 6
Leone, f	1 1 1 3
Pinto, c	4 0 3 8
Morrissey, g	2 2 3 6
Baratta, g	1 3 4 5
Totals	8 12 22 28
WESLEYANS	
	Fld. Fl. F.T. P.

Special Display of 1935 Buicks

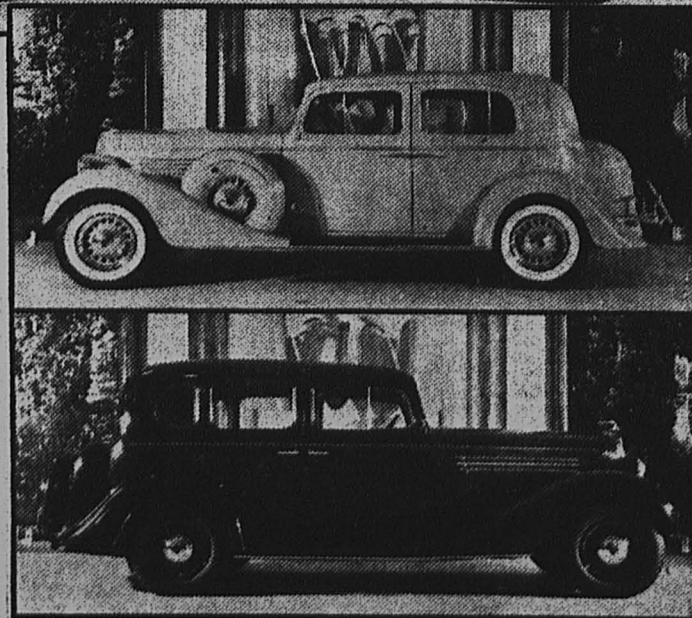

BUICK CARAVAN COMING TO SHOWROOM IN MOORESTOWN

The 1935 automobile show, at least the Buick Motor Company's part of that brilliant display which each year presents the automobile industry's new models to the public will open here for the benefit of motor-minded residents of this vicinity.

Under auspices of the factory in cooperation with the Moorestown Motor Company, a special exhibit of models representing the complete line of Buick motor cars for 1935 is on display in the Buick showrooms. Here will be seen what is new in the automobile industry for 1935. On view are four groups of cars covering one of the widest ranges of any manufacturer in the automobile business, with models in four distinct price groups from the low medium to the high medium or de luxe field.

The new cars, featuring advances in engineering, construction and details of comfort and performance, have been brought here at the request of the local Buick retailer who expressed the wish to stage a factory-sponsored showing of cars, such as were featured at the major automobile shows of the country, for the benefit of those who have not had an opportunity to see the show models.

Special arrangements have been made to have factory experts on hand who will discuss

Above are shown representative models of Buick cars which feature the special display coming to Moorestown. From top to bottom: the Buick Series 90 Convertible Phaeton, an all-weather car; the Series 60 Club Sedan with built-in trunk; the Series 40 four-door Club Sedan, a popular model in the lower priced group.

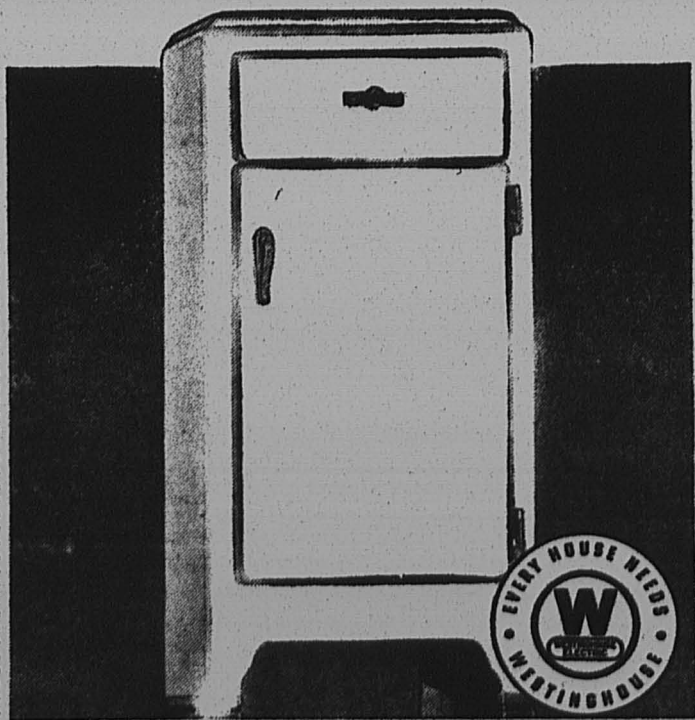

the new models and describe the changes that have been effected in Buick manufacture for 1935. According to these experts, more than 67 improvements and refinements have been made in the Buick engines and chassis alone.

In connection with the display, models of the new cars will be made available to residents of this vicinity who wish to ride in them. Trained men will act as drivers or will turn the wheel over to those who wish to drive

themselves. They likewise will explain such features as Knee-Action front wheels, the torque tube drive, the ride stabilizer, center-point steering and other details of engineering that provide the smooth Buick ride and easy control.

All four lines of Buick motor cars are represented in the display. Remember the dates, April 4th, 5th, and 6th, at the showroom of the Moorestown Motor Company, 219 W. Main street, Moorestown.

NEW Westinghouse Streamline REFRIGERATOR

\$87.50 up

Amazing new features make Westinghouse the refrigerator you've always wanted. Sealed-in unit never requires oiling. Dial Temperature Selector provides exactly the freezing speed desired. Revolving Shelf and Eject-a-Cube Ice Tray are just two of this year's many new features.

5-YEAR PROTECTION PLAN

Standard 1-Year warranty, plus 4 years additional protection against service expense on the sealed-in unit, \$5 included in price.
