RIVERTON, NEW JERSEY, THURSDAY, MAY 2, 1935

PRICE FIVE CENTS

CONFERENCE OF SOCIAL AGENCIES

Committee Plans to Establish Council to Develop Social Consciousness

A conference of social agencies, sponsored by the Burlington County Social Workers' Club, will be held May 24, at Four Mile Colony, the state institution for feeble minded males at New Lisbon.

More than 50 organizations from all parts of the county, including P.T.A. and other educational groups, health organizations, Red Cross, women's clubs, service clubs, public and private institutions, county officials and more than 20 social agencies, are joining in planning the conference.

The conference, the first of its kind ever held in Burlington County, marks a definite step in the march toward social consciousness. The hope of the sponsors is that it will lead to the definite formation of a county-wide council of social agencies.

Prominent leaders in various phases of social work, including Commissioner William J. Ellis, head of the N. J. State Department of Institutions and Agencies, will address the conference, to which the public is invited.

Well known county residents, heads of the various organizations, who will act as sponsors, are: Louis J. Kaser, Harriet Bowe, Guy Hendry, Mrs. C. E. Lord, Albert LeDuc, Margaret Semple, Isabel Graves, Judge Frank Hendrickson, of Mount Holly.

Mrs. William E. Rink, Mrs. Matthew Antuzzi, Mary French, Lucy W. Reeve, Rev. John Talbot Ward, Eliza Ridgeway, Mary Samson, S. Ellis Taylor, Mrs. Clarence Fenimore, J. Margaret Warner, Clarence Deacon, Mrs. Ella Eastwood, Howard F. Lewis, Thomas Colkitt, Edward Gallagher, Prosecutor Howard Eastwood, of Burlington.

Mrs. Henry Jones, Mrs. Emlen Stokes, George Darlington, Mrs. Francis D'Olier, Mrs. Ethel Dudley, Mrs. Hudson Haines, Mrs. Thomas W. Ellington, Dr. Rebecca Lippincott, Mrs. Alexander Wood, Mrs. Ward Kerlin, Mrs. Nina Frantz, of Moorestown.

Louise Murphy, William Valentine, of Bordentown.

Ross Mattis, Mrs. Murray Boyer, Victor Ritschard, Edith Coale, Dr. F. Janney Stoddard, of Riverton.

Mrs. Jacob B. Klevan, Elizabeth Ancker, Charles J. Krug, of Riverside.

Dr. C. T. Jones, Charlotte Steinbach, Ivins Wright, Roy T. Stewart, Dr. Marcus Newcomb, of New Lisbon.

Mrs. Charles Beckwith, Helen Herr, Franklin Chambers, of Pemberton.

Mrs. Josiah Brick, of Crosswicks; Florence Gaskill, of Florence; Martha Venable, of Medford; Mrs. Joseph Lippincott, of Roebling; Mrs. William C. Davis, of Haddonfield; and Mrs. Edna Perry, of Hainesport.

DR. RAIGUEL TO SPEAK AT P.H.S.

Dr. George Earle Raiguel, a well known lecturer, will address the students of Palmyra High School in the auditorium, Thursday, May 9th, at 9 a. m. Dr. Raiguel's topic will be "Current History."

These programs have been secured from the "Philadelphia Lecture and Concert Bureau" through Alfred Van Osten, a member of the faculty. This is the last in a series of nine programs given throughout the year.

BIRTHS

Mr. and Mrs. John H. Crowshaw, of Wrightstown, are receiving congratulations on the birth of a daughter, Barbara Joan, in the Burlington County Hospital, Mt. Holly, April 29. Mrs. Crowshaw will be remembered as Miss Jane Mattis, daughter of Mr. and Mrs. Ogden Mattis.

DANIEL KENSLE NEW ASSISTANT COUNTY AGENT

Daniel Kensler, of Moorestown, son of Mr. and Mrs. Ellis Kensler, has been appointed Assistant County Agent, taking the place left vacant by the resignation of R. E. Underwood. He will assume this position the forepart of May.

Mr. Kensler is a graduate of Rutgers, in the class of 1931, having specialized in horticulture, and comes to the county well qualified to carry on the work of Assistant County Agent. After graduation, Mr. Kensler spent some time at the college working with Professor Blake in handling some special orchard work. About a year ago Mr. Kensler had a fellowship with the California Spray Chemical Company, and worked on the special codling moth problem in conjunction with the Experiment Station. He leaves the position of District Supervisor for a spray material company to become Assistant County Agent.

BOARD ASKS PWA FOR \$15,000 MORE

Additional Grant Needed to Build School According to Present Plan

The Riverton board of education unanimously passed a resolution requesting an additional grant of \$15,000 of the Federal Public Works Administration in order to complete the school project as planned, at their special meeting Monday night, held for the purpose of opening bids under a re-advertisement.

The new bids as quickly summarized and including the essential alternates, total \$87,304. Non-construction items such as architect's fee, equipment, legal expenses, interest during construction and miscellaneous items of expense total \$11,964.

The three low bidders under each contract excluding the many alternates are: General—Carl L. Furner, Oaklyn, \$63,900; William C. Ehrett, Trenton, \$65,732, and Fowler-Thorn Co., Trenton, \$68,000.

Steel—American Iron Works Co., Inc., Camden, \$5,374; Camden Iron Service Co., Camden, \$5,421, and Bethlehem Fabricators, Inc., Bethlehem, \$5,498.

Heating and ventilating (unit system)—Raymond J. Baldwin, Philadelphia, \$7,152; Louis Leymann, Audubon, \$7,312, and Philip S. Slack Co., Trenton, \$7,397.

Heating and ventilating (warm air system)—American Heating and Ventilating Co., Philadelphia, \$7,595; James Spear Stove and Heating Co., Philadelphia, \$12,300.

Plumbing and drainage—Louis Leymann, Audubon, \$4,800; Raymond J. Baldwin, Philadelphia, \$5,186; Walter E. Bittner, Trenton, \$5,418.

Electrical—Earnest S. Milligen, Mt. Holly, \$4,373; Rowland E. McMann, Woodbury, \$4,395; William E. Snell, Vineland, \$4,484.

The bids were ordered received, spread upon the minutes and turned over to the architect for tabulation.

The certified checks of all but the three low bidders under each classification were ordered returned to the bidder.

APPOINTMENTS

Albert Collier, of Bordentown, was appointed a member of the County Tax Board by Governor Hoffman Monday evening. Donald Sterner, chairman of the State Committee, received the appointment as Commissioner of Highways, and Carl K. Withers, of Trenton, received the appointment of State Banking Commissioner.

In days of yore, if anybody missed a stage-coach, he was content to wait two or three days for the next one. Now he lets out a squawk if he misses one section of a revolving door.—Clipped.

BUGLE CONTEST HERE JUNE 15

"Joint Committee" Again Plans Big Legion Contest at P.H.S. Field

All the dash, color and music that filled the streets of Palmyra and Riverton on Armistice day last will be repeated with an even greater spectacle this year.

The Joint Celebration Committee of the Palmyra Drum and Bugle Corps will sponsor a South Jersey championship at the Palmyra High School field on Saturday afternoon, June 15th.

The flash corps of the East are to be invited in the Class "A" group. As a special attraction a select group of Junior Corps will compete for a trophy and title.

The parade and prize awards which were made in Palmyra last year will come to Riverton this year. The committee plans to hold the event annually, alternating the program each year between the two towns.

The committee is again headed by Drexel P. Patterson as chairman, with Fred W. Metzger and Karl W. Latch acting as vice chairmen. Various sub-committees have been appointed announcement of which will be made later.

Plans are rapidly shaping up to make the event this year bigger and better than last year.

N. G. A. CONVENTION

The last session of the fiftieth annual convention of the Needlework Guild of America will be held Saturday in the Bellevue-Stratford Hotel, Philadelphia.

The Junior pageant, a feature of the convention each year, will be staged in the morning. Many boy and girl scouts will participate in this part of the program.

CINNAMINSON FETE AT MOORESTOWN

Attractions at Annual Event to Include "Midway" and Tennis Matches

"The Midway" will be sure to please young and old at the Cinnamonson fete on May 18th at the Moorestown Field Club. Mrs. Russell Perkins will have charge, assisted by Mr. and Mrs. B. Hubert Cooper, Mrs. Robert Hathaway, Mrs. Douglas Clark, Mrs. Bessie E. Morgan, Dr. and Mrs. S. Emlen Stokes, Mrs. Thomas Summey, Mrs. Carol Kennedy, Mrs. Milton Barber, Mrs. Charles Roberts.

"Hoop-la," "Obstacle Golf" and "Gold Fishing" will be among the attractions.

There will be ponies to ride for the "very young" and a fortune teller to amuse the "not so young." Mrs. Alexander Wood, of Riverton, has charge of the hot supper to be served following the tennis matches, and will be assisted by the following ladies: Mrs. Richard D. Barclay, Mrs. John E. McVaugh, Mrs. Nathan D. Lane, Riverton; Mrs. James Davis, Moorestown.

Menu for Hot Supper—Chicken croquette, new potatoes, new peas, tomato salad, coffee or iced tea, rolls, jelly, ice cream, cake.

Reservations for the hot supper should be made before May 11th, to Mrs. A. B. Pancoast, Moorestown. However, if one forgets to make a reservation they will find a delicious cold supper at the cafeteria.

The following ladies will be among the hostesses of the evening: Mrs. T. Dudley Perkins, Mrs. C. Coulter DeKlyn, Mrs. Franklin P. Stow, Mrs. Willis V. Daugherty, Mrs. John W. Fawcett, Moorestown; Mrs. F. Morse Archer, Haddonfield; Mrs. Howard G. Stackhouse, Mount Holly.

ELECTRIC RATE CUT HAS BEEN ACCEPTED BY PUBLIC SERVICE

Public Service Electric & Gas Co. will accept the \$5,176,566 reduction in electric rates ordered by the Public Utilities Commission, it is reliably reported.

Within a day or two a communication along this line will be sent to the commission together with a schedule of rates allocating the reduction among the various classes of consumers.

In its order the commission directed that at least 65 percent of the reduction be allocated to the domestic or residential users. In the schedules to be filed it is expected that something more than 65 percent will be assigned to the residential users.

While nothing can be said at this time regarding the exact schedule, it is believed users of 50 kilowatt hours or more a month will receive a reduction of at least 75 cents. Users of smaller quantities will receive a somewhat lower reduction.

PARRY APPOINTS TWO COMMITTEES

Lake Project and Moorestown High School Designation On the Slate

Edwin S. Parry, newly-elected president of Riverton Town Meeting, announces this week the appointment of two committees which were recommended at the organization meeting held several weeks ago.

The first, a committee to investigate the possibility of securing the designation of the Moorestown High School as a receiving district for Riverton grammar school graduates, is composed of the following: Dr. Harry L. Rogers, chairman, J. Gardner Crowell, Mrs. Bradford Stetson, Mrs. J. Lincoln Ridley, Harry K. Rutherford, Evan W. Stover, H. L. Unland, Mrs. Walter L. Bowen, Walter T. Blyler and John H. Werner.

The second, a committee to study the possibility of securing a lake adjacent to Riverton Memorial Park under the Emergency Relief Administration at Mt. Holly, and make the proper recommendations to the municipal authorities. This committee is composed of Harry E. Moyer, chairman, Nathan Lane, Henry L. Randall, Robert Biddle, Walter L. Bowen, Ross T. Elliott, H. L. Unland, Walter L. Rogers, R. M. Fuller, and three men from Cinnamonson Township, Charles Evans, L. L. Keating and Joseph T. Evans.

TOMATO PLANTS DISTRIBUTED HERE

Two Million Plants Daily Is Average By Railway Express Agency

The spring shipment of tomato plants is under way this year and Riverton is again the Mecca for Jersey farmers for a distance of a hundred miles. Seven special express cars of the Railway Express Agency have arrived to date, and two million plants have been distributed daily among the farmers.

The plants are from the state of Georgia and are used by farmers in growing tomatoes under contract for the Campbell Soup Company in Camden.

Last year sixty cars were routed to Riverton in the spring distribution of tomato plants.

I have learned that mistakes can often be set right, that anxieties fade, that calamities have sometimes a compensating joy, that an ambition realized is not always pleasurable, that a disappointment is often of itself a rich incentive to try again. One learns to look over troubles instead of looking into them, and one learns that hope is more unconquerable than grief.—Arthur C. Benson.

150th ANNIVERSARY FRIENDS' SCHOOL

Oldest School in So. Jersey to Hold Commemoration Exercises May 10

Founded nearly ninety years before the first free public schools appeared in this State, Moorestown Friends' School this year completes a century and a half of uninterrupted service. The old school was established in 1785 by Quaker descendants of the first settlers of Burlington County, and has occupied the same plot of ground for 150 years. The anniversary will be fittingly observed by the students, faculty and patrons of the school on Friday afternoon and evening, May 10th.

At 5.00 p.m. friends of the school will gather in the old East Friends' Meeting House, to hear an address by Dr. Rufus M. Jones, Professor Emeritus of Haverford College, and a leading authority on Quaker education. Following this talk there will be an opportunity to look over the school buildings and grounds. Work of the pupils in all grades from kindergarten to high school will be on display.

At 8.15, in the auditorium of the Moorestown Friends' High School, there will be a historical play, suggesting various periods in the school's long and useful life. About seventy students will take part in the production.

The original Moorestown Friends' School was a one-room stone building, standing on the slope of the hill south of Main street, formerly known as the "Salem Road." The ground for the school was bought from one Ephraim Haines by a committee of Chester Meeting, in 1731. The total cost of the building, land and fencing is recorded as 376 pounds, 3 shillings and 2 pence—or 1003 9/100 dollars in Federal currency.

This building was in use continuously until 1878, when it was enlarged and became the Moorestown Friends' Academy. A section of the original stonework, 150 years old, is still to be seen in the west wall of the present elementary school building.

Meanwhile a frame school house had been built in 1829 on Chester avenue, near what is now Second street. Here a primary school was conducted until 1880, when the frame building was replaced by a larger brick structure to accommodate the Moorestown Friends' High School.

The Friends' Academy and the Friends' High School trained many hundreds of young people for college and for citizenship during the next fifty years. It was in 1920 that they were combined under a joint committee of the two Moorestown Monthly Meetings of Friends, and given the old name of Moorestown Friends' School.

SPECIAL NOTE TO CONTRIBUTORS

Several interesting articles reached The New Era office Thursday morning, which is too late for Publication. All of these items would have been published, had they reached us in time.

Copy should reach the office as early in the week as possible—Monday is not too early, if information is available.

Wednesday morning is the deadline under ordinary circumstances. In an emergency, an accident, or in the event of a news story breaking at the last minute it may be possible to take copy up to noon Thursday.

We appreciate the thoughtfulness of those who contributed to our columns, and if they will make it a point to get their copy in early, we will both be spared the disappointment of having the article left out.

Small Boy: "Mother, may I go out with the other boys and look at the comet?"

Mother: "Yes, Jimmy, but don't get too close."—P. G. W. News.

THE PEOPLE'S COLUMN

BLACK-JACKING THE TAXPAYERS

Last election night, a Riverton policeman conceived the idea of plugging a citizen over the head with a black-jack, much to the detriment of the citizen's head and health.

In the course of time the case was sent to the Grand Jury who in turn, ordered the policeman held for trial.

At this point, a self constituted committee consisting of a clergyman and a few citizens, rushed to the policeman's rescue and collected funds for his defense.

At the trial, after ignoring a few facts, as some juries often do, the officer was acquitted of any wrong doing and Council had no other course than to restore him to duty.

Now comes the joke on the taxpayer. The so-called defense committee has presented a bill of over \$100 to Council for reimbursement for some of their expenses. The writer does not know how much money they collected nor how much they spent, but the fact remains that this committee expects the taxpayers to foot the bill.

In these days of the so-called "New Deal" this idea is probably good form but the idea of passing the buck to the taxpayers is as old as the hills.

MAY SEEK AMENDMENT TO CONSTITUTION

Editor The New Era: Being very much opposed to the legalization of gambling in New Jersey, I have written to Senator Powell regarding House Bill No. 5. I am enclosing for publication if you see fit, copies of the correspondence, which is self-explanatory.

Robert Biddle.
Riverton, N. J.,
March 18, 1935.

Senator Clifford Powell,
Trenton, N. J.

I want to protest against the passage of House Bill No. 5 which is now under consideration.

The legalization of gambling in our State as a revenue measure is only comparable with the methods employed by half civilized nations.

I am opposed to gambling in any form and hope that the State of New Jersey will not loan itself to legalizing this evil.

Hoping you will loan your influence and vote against this measure, I remain

Very truly yours,
Robert Biddle.

RB/GH April 23rd, 1935
Mr. Robert Biddle,
P.O. Box No. 85,
Riverton, N. J.

Dear Sir:

Replying to your letter, would state that the Legislature cannot legalize horse racing by any law which it may pass. An effort to legalize dog racing was made by the Legislature of 1934. Promoters proceeded under this act to conduct the racing of greyhounds in this State, but when the act was finally taken into court it was declared unconstitutional.

However, the Constitution, being the fundamental law of the State, can be amended by the people. I can see no objection to the Legislature submitting any proposed amendment to the people of this State. The fundamental law should represent the sentiment of the majority of all our people, and if horse racing eventually is permitted it will be because a majority of all the people have decreed that our fundamental law shall be changed to permit such a practice.

You may rest assured that I will not vote for any direct legislation designed to permit gambling in this State. However, I do not see how there can be any objection to my voting for any proposition whatever for an amendment to the Constitution, which must be voted upon by all of the people of the State.

If you have any further comment on this matter, do not hesitate to write us.

Very truly yours,
Clifford R. Powell.

CRP:H April 26, 1935.
Hon. Clifford R. Powell,
Mount Holly, N. J.

Dear Senator:

Thank you very kindly for your

letter of the 23rd acknowledging mine of Mar. 19th. I was very glad to see that the Legislature defeated the gambling bill.

I regret, however, to note that you are in favor of a constitutional amendment, which would permit legalized gambling. If you had lived, as I did, through the 80's and 90's and witnessed the disgraceful conditions prevailing at Haddonfield racetrack and gambling dens in Gloucester, you would shudder at the thought of New Jersey going back to such conditions, which was righted by a constitutional amendment at that time.

Most thinking people had their eyes opened to the evils of open gambling at the dog tracks last summer.

I hope, therefore, that no further attempt will be made to amend the constitution to legalize gambling, as the present generation has little knowledge of the scandalous condition prevailing in the 90's, which brought about the banishment of the race tracks in New Jersey.

Hoping you will give this your careful consideration, I remain

Very truly yours,
Robert Biddle.

RB/GH

ANENT TRANSPORTATION

Burlington County has suddenly become electrified with third rail, high-speed "direct-transportation." It is rushing, scurrying, pushing and falling all over itself to climb onto the band wagon of the Camden County Mayors' Association in time to shout "me too."

The idea of Burlington County becoming interested in transportation is commendable. They should have awakened to the need for a better transportation service long before this. He that as it may, the fact is, they are all "steamed up" over transportation. But, what KIND of transportation has inspired this mad rush for quick action?

Last Friday at the regular meeting of the Burlington County Board of Freeholders, the director of the board, Palmer L. Adams, announced a committee of representative citizens from the key towns of the county to voice the county's wishes at a mass meeting to be held in the City Hall at Haddonfield to-night, regarding transportation.

The young director holds a very responsible post in the county government, and his responsibility for the welfare of his citizens is no small one. However, it is almost incredible that when it came to the appointment of a committee to represent the county in the matter of transportation, the director completely ignored an active group of citizens in the county who for the past year and a half have attacked the problem of transportation in earnest and have made rapid strides towards its betterment, men who have volunteered their services, spent in some cases their own money, worked quietly but efficiently towards the end that the whole people might benefit. The results of their efforts is known to nearly every citizen in the riverfront section. The present direct transportation by train to Broad Street Station, Philadelphia, was no gift from the heavens. It was the culmination of a concerted effort by these volunteer citizens who studied the problem, met every obstacle, and fought every inch of the way.

After the trains were secured, the problem of fares was the next stumbling block. Trains without sufficient riders could not prove profitable to the railroad, and thus the continued operation of the trains direct to Philadelphia was threatened.

Meetings were held, data collected from many sources, and the committee doggedly held on to the problem until a solution was reached. The removal of this second big obstacle is advertised in every newspaper from Palmyra to Bordentown this week, and was last week, too. Direct-by-rail transportation is now available to every citizen on the riverfront, at rates comparable with bus fares and in some cases even lower.

All of this was the result of a well-organized study and approach of the subject by these volunteer workers.

Now, getting back to the fever for a new mode of travel let us briefly cite the aims and objects of the Camden County Mayors' Association. In the consideration of the subject of transportation by this Association, Burlington County was

not included in the whole plan for South Jersey—at least, not considered. Now that they have arrived at what they believe to be the solution, and since it will add strength to their request for PWA funds to have the endorsement of the second largest county in population close to Philadelphia, we are invited to say "yes" with them at a mass meeting in Haddonfield tonight.

The director of the board of freeholders, wittingly or unwittingly, is sending a committee to Haddonfield bearing the official status of county appointment to determine what 93,000 people shall have for transportation during the next decade.

With all due respect to the men whom he has appointed, it hardly seems reasonable to suppose that these men can start from scratch and in six days absorb enough of the many angles to the problem to render the proper representation for the county.

Several members who attended a preliminary meeting of the committee have stated "they can't" for the life of them see why they were selected to serve on such a committee, and refused to commit themselves on the Camden County plan.

Adams, when asked why he ignored the men who have devoted so much time to the study of the subject, stated that he was not aware of the existence of such a committee.

That in itself is a lame excuse—since all of the riverfront papers have carried news of the efforts of the committee in the news columns, the editorial columns and the advertising columns for the past year and a half.

If such be the case, then he can't be alert to serve the best interests of Burlington County.

We didn't like to suggest the injection of politics into the subject—because politics has no place in it. However, the whole scheme to "railroad" the plan through Burlington County smacks of unsavory motives. The veiled threat that we don't go along and take the sop thrown to us, the South Jersey unit will proceed with their plans and eliminate the railroad lines in Burlington County has a sinister sound.

Third rail direct transportation over the Delaware River Bridge may be the answer. Subway cars with a seat for one out of every three passengers may be what we want. Scrapping the report of trained engineers who were paid good money to study the needs of South Jersey in transportation may be the thing to do. Ignoring the report of these experts that a tunnel under the river is the only ultimate solution to the problem may be good judgement. Accepting Camden County's judgment of what we need based upon what is best suited for THEM may be the sensible thing. Jumping willy-nilly into something (if we don't have to live with it—we'll have to ride with it for some years to come) may be discreet.

HOWEVER, WE DOUBT IF BURLINGTON COUNTY IS CAPABLE TO JUDGE THIS AND MANY MORE ANGLES OF THE PROBLEM IN SIX DAYS—DIRECTOR ADAMS TO THE CONTRARY, NOTWITHSTANDING.

Your taxes—your real estate values—your comfort—your convenience—your safety—your travel expense are all tied up in the problem. Stand on your own legs, Burlington County think for yourself, be sure you are right and THEN GO AHEAD.

Independent.

IN CHANCERY OF NEW JERSEY
TO HOME CREDIT COMPANY:
By virtue of an order of the Court of Chancery of New Jersey, made on the day of the date hereof, in a cause wherein Cinnaminson Building and Loan Association of Riverton, New Jersey, is complainant, and you, Home Credit Company, are one of the defendants, you are required to appear and answer the bill of said complainant on or before the 25th day of June, 1935, or the said bill will be taken as confessed against you.

The said bill was filed to foreclose a mortgage given by Leslie G. Linnorth and Mary C. Linnorth, his wife, to said complainant, dated February 6th, 1931, and recorded in the Office of the Clerk of said County in Book No. 251 of Mortgages, page 304, upon lands and premises situate in the Borough of Palmyra, in the County of Burlington and State of New Jersey, more particularly described in said bill of complaint.

And you, Home Credit Company, are made defendant because you are the holder of a judgment which is subsequent in lien and operation to that of complainant's mortgage, covering the premises in question.

Dated: April 24th, 1935.
William D. Lippincott,
Solicitor in Chancery,
35 North Fourth Street,
Camden, New Jersey.

YOUTH WEEK WILL START SATURDAY

Full Program Arranged For Riverton, Palmyra and Cinnaminson

The annual Youth Week celebration for Palmyra, Riverton and Cinnaminson youth will start on Saturday at 2.15. The various organizations of the community are co-operating to stage a still larger gala week for everybody. This program is one week later than scheduled, but no school for Sacred Heart and Cinnaminson last week and the Seniors at Washington compelled the local postponement.

Free Movie Unusual Feature Through the co-operation of the management of the Broadway Theatre and its employees all boys and girls under 12 years of age will be guests of the local movie house on Tuesday at 4.00. Arthur Kees, local manager, has gone to a lot of trouble to secure Zane Grey's "Wagon Wheels" as the feature picture. There will also be a sports review with "Dizzy" and "Duffy" as the feature players. One thousand boys and girls should attend this show on Tuesday.

Music Night Monday The committee sponsoring this event have planned a most interesting program for children and adults as well. This evening's presentation of local talent will be absolutely free, not even a collection. Features will include vocal solos, instrumental numbers, a special orchestra, tap dancing and the Fellowship Choral Club under the direction of Alfred Van Osten.

Hobby and Pet Show Last year everything from white mice to lambs and even a monkey were among the live pets at the Youth Week pet and hobby show. This show will be held at the YMCA on Wednesday night. Any boy or girl may enter his or her pet or hobby before 7 o'clock that night. The building will be open to public at 7.45. The judges will start their work at 8.30. Awards will be made in the various class groups. No dogs are allowed as they will have their day on Thursday.

Mutt Parade Thursday Clean up Fido, put him on a leash and enter him in the one and only big parade of its kind in our town. Prizes will be awarded in the various classifications.

Baseball Trip Being Planned Your chairman, Wilton E. Mount, is doing everything possible to have the fellows and girls see the Phils play the Cardinals on Friday, May 10th. A letter from President Nugent is awaited. Two years ago we were their guests and had a great time. If we go the trip will be made in "double decks" as last year.

Trip To Wilmington On Boat The final event of the week will be a Saturday trip down the Delaware on the Wilson Line boats. This trip is open to any boy or girl, but little folks under 9 years of age must be with a bigger brother or sister or relative who will be responsible. Buses will haul the folks to the Dock street wharf and return. Adults are welcome on this interesting and comparatively safe water trip.

Continued good conduct at all events as in the past makes us all more proud of our fine community and particularly our Youth. This is your week, make the most of it.

Youth week is possible through the co-operation of many organizations and individuals, business concerns and companies. The support should be universal. The headquarters of the Week will be the YMCA. All information will be afforded if you call Riverton 904-W. Mr. Mount requests that you do not call him at his home for details about the program.

SATURDAY MAY 4 2.15 Boys and Girls meet at the YMCA for further instructions. Different than last year so be on time.

SUNDAY MAY 5 Special services in the various Churches and Sunday Schools. Go to some church of your choice.

MONDAY MAY 6

4.00 Register for boat trip and baseball game at Y Building.

8.00 Evening of entertainment and music (High School Auditorium).

TUESDAY MAY 7 Day of Entertainment 4.00 Free movies, guest of Manager A. W. Kees, and Broadway Theatre.

Feature—Zane Grey's "Wagon Wheels," Sports Review, "Dizzy" and "Duffy" Dean; Merrie Melodie Cartoon "Pop Goes My Heart" Two-reel Comedy, "Show Kids."

NOTICE Boys and girls of Palmyra, Riverton, and Cinnaminson will be admitted if you have not reached your 12th birthday, all others twenty cents. Good order must be maintained on the street. If you are good your picture will be shot before the show.

Committee on Supervision Mrs. Grace Yost, Chairman; Mrs. William Burgess, Mrs. Sherman Warren, Mrs. Robert Cole, Mrs. Grover Fox, Mrs. Joseph Morgan, Mrs. Leon Guest, Mrs. C. Y. Barto, Mrs. C. F. Voorhis, Mrs. Nathan Lane and Mrs. Elias P. Toy.

WEDNESDAY MAY 8 HOBBY AND PET SHOW YMCA Building Exhibits are open to any boy or girl, and adults are welcome free. Each boy and girl will be responsible for their own exhibit and all articles must be in place before 7.00 Wednesday. The Y will be supervised all day Wednesday. Awards will be made in the various classifications.

SPONSORING COMMITTEE J. H. Finney, Chairman; Maynard Bowen, Alfred Lippincott, Jack Kirk, Frank McCormick, Dr. Hayes Brady.

THURSDAY MAY 9 MUTT PARADE 4.00 The parade will form at the intersection of Main and Broad in Riverton and proceed down Broad street to the Palmyra YMCA. The reviewing stand will be at the YMCA. Every dog must be on a leash and a person with each dog. No dog will be judged that is not in the entire parade. Awards will be made for the following: Best dressed Mutt, Longest Tail, Muttiest Mutt, Soufflé Eyes, Most Tricks, Fastest Wag, Best Behavior, and Ugliest Dog.

General Chairman, Earle Windhovel Judges: Mrs. William Walton, Mrs. Carl Thomas, Dr. J. E. Dunwoody, and H. C. Schwering.

FRIDAY MAY 10 2.00 Boys and girls will be guests of President Nugent at the Phils. It will be open to any boy or girl, 12 to 16 years of age.

The trip will be made in "double deck" buses, each deck under adult supervision. Everyone will be required to register and return a note signed by parents. The cost will be 35 cents for the round trip, all expenses included. You have a week to sign up. Registrations close Thursday at 12 noon.

SATURDAY MAY 11 9.00 Trip to Wilmington via Wilson Line, returning at 5.00. Children not yet 13 will be charged 35 cents for

the round trip, over 13 and all adults 50 cents.

Notes must be signed for this trip and tickets secured. Registration will close on Thursday 5.00. Adults will supervise the buses and the boat. Last year we had a fine trip. You will need to bring your own lunch.

8.15 Youth Dance at YMCA. George Beddow's orchestra will play till 12.00. 40 cents per couple, stags 25 cents. Profits will go for athletic equipment. Your chance for fun and entertainment.

SHORT-WAVE MUSINGS BY O. M. "C. W."

THE HISTORY OF AMATEUR RADIO From Radio Amateur's Handbook (Courtesy of American Radio Relay League)

To-day practically no exploring trip starts from this country to remote parts of the world without making arrangements to keep in contact through the medium of amateur radio. Emergency relief, expeditionary contact, and countless instances of other forms of public service, rendered as they always have been and always will be, without hope or expectation of material reward, have made amateur radio one of the integral parts of our complex national life.

The American Radio Relay League is to-day not only the spokesman for amateur radio in this country but is the largest amateur organization in the world. It is strictly of, by and for amateurs, is non-commercial and has no stockholders. The members of the League are the owners of the A. R. R. L. and QST.

The League is organized to represent the amateur in legislative matters. It is pledged to promote interest in two-way amateur communication and experimentation. It is interested in the relaying of messages by amateur radio. It is concerned with the advancement of the radio art. It stands for the maintenance of fraternalism and a high standard of conduct. One of its principal purposes is to keep amateur activities so well conducted that the amateur will continue to justify his existence. As an example of this might be cited the action of the League in sponsoring the establishment of a number of Standard Frequency Stations throughout the United States; installations equipped with the most modern available type of precision measuring equipment, and transmitting "marker" signals on year-round schedules to enable amateurs everywhere to accurately calibrate their apparatus.

The operating territory of the League is divided into thirteen United States and six Canadian divisions. You can find out what division you are in by consulting QST or the Handbook. The affairs of the League are managed by a Board of Directors. One director is elected every two years by the membership of each United States division, and a Canadian General Manager is

elected every two years by the Canadian Membership. These directors then choose the president and vice president, who are also directors, of course. No one commercially engaged in selling or manufacturing radio apparatus can be a member of the Board or an officer of the League.

The president, vice president, secretary, treasurer and communications manager of the League are elected or appointed by the Board of Directors. These officers constitute an Executive Committee to act in handling matters that come up between meetings of the Board, their authority subject to certain restrictions.

The League owns and publishes the magazine QST. QST goes to all members of the League each month. It acts as a monthly bulletin of the League's organized activities. It serves as a medium for the exchange of ideas. It fosters amateur spirit. Its technical articles are renowned. QST has grown to be the "amateur's bible" as well as one of the foremost radio magazines in the world. The profits QST makes are used in supporting League activities. Membership dues to the League include a subscription to QST for the same period.

The extensive field organization of the Communications Department coordinates practical station operation throughout North America.

Ngorongoro, in East Africa, is the world's largest volcanic crater. Fifty thousand wild animals live in the crater, the floor of which covers an area of 110 square miles.

THEY STAY PUT

Casters that are always falling out of a piece of furniture when it is moved are a nuisance, but they can be put in to stay by first removing the caster, then pouring plastic wood into the opening and as it starts to set, forcing the caster into its place. Allow it to harden well before placing furniture back on feet.

A halfway knowledge is often a dangerous thing.

CHURCH NEWS

CALVARY PRESBYTERIAN CHURCH

Rev. Charles T. Bates, B. D., Pastor
Sunday, May 5th: Church School, 9:45; Morning Worship, 11. Mid-week Service, Wednesday, May 8th, at 8 o'clock. A cordial invitation is extended to all in the community who have no regular church home to enter into the worship and fellowship of Calvary Church.

PALMYRA MORAVIAN CHURCH

Albert J. Harke, B.D., Pastor
The 10th anniversary of the present pastorate will be observed at the services next Sunday. The pastor will preach an appropriate sermon for the occasion at the morning service, touching on the history of the congregation during the decade, during which decided gains in every department of the church have been made. Pastor and people rejoice in the spirit of unity that exists throughout the congregation.
9:30. Sunday School.
10:40. Morning Worship. Sermon: "Your Church." Tenth Anniversary of pastorate.
7:15. Christian Endeavor.
8:00. Evening service of song and praise.

CENTRAL BAPTIST CHURCH

Rev. George Lockett, B.D., Pastor
Services for Sunday, May 5th.
10:00 a.m. The rooms of the Beginner and Cradle Roll Departments have been attracting many during the past few weeks. With the newly laid carpet, the freshly repainted furniture and newly hung draperies these departments present a most attractive spot for the kiddies which is most commendable for those in charge and for those who contributed toward making the new carpet a reality.

11:15 a.m. Morning worship. Pastor Lockett will have as his subject for the sermon "Individual Responsibility." As a part of the work of the 50th anniversary committee each attendant is solicited to ask their friends to join them. The regular selections by the choir.

6:45 p.m., B.Y.P.U. The Junior B.Y.P.U. made a very commendable showing on last Sunday evening when they had charge of the Senior B.Y.P.U. meeting.

7:45 p.m., Evening worship. This will be the annual boys' night. They will have charge of the meeting and will furnish music by having the High School band in attendance. Pastor Lockett will present a short subject.

A note for the younger and the older. Wednesday afternoon at 4:15 the Junior B.Y.P.U. and the Junior choir rehearsal. In the evening at 8 the regular mid-week prayer service.

A banister is not the handrail which fences off the stairs, but one of the vertical bars which run from the balustrade to the steps.

CHRISTIAN SCIENCE CHURCH

"EVERLASTING PUNISHMENT" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, May 5. The Golden Text is: "By mercy and truth iniquity is purged; and by the fear of the Lord men depart from evil" (Proverbs 16:6).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Wherefore seeing we also are compassed about with so great a cloud of witnesses, let us lay aside every weight, and the sin which doth so easily beset us, and let us run with patience the race that is set before us. For whom the Lord loveth He chasteneth, and scourgeth every son whom He receiveth" (Hebrews 12:1,6).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Whom the Lord loveth He chasteneth." He, who knows God's will or the demands of divine Science and obeys them, incurs the hostility of envy; and he who refuses obedience to God, is chastened by Love. Through the wholesome chastisements of Love, we are helped onward in the march towards righteousness, peace, and purity, which are the landmarks of Science" (pp. 241, 323).

JUNIOR HI-Y VISITS FORD AUTO PLANT

Fifty-four minutes from raw material to a finished Ford V-8 ready to go. Believe it or not—but the Junior Hi-Y boys of Palmyra and Riverton can vouch for the truth of it, as a result of a most interesting tour of the Ford Motor Company's assembly plant at Chester, Pa.

The boys were the guests of the plant management, who demonstrated for them all the processes that enter into the manufacture of a modern motorcar. The tour was arranged by Lester S. Fortnum, the local Ford distributor, who also provided transportation.

Ed. Smith, Secy.

OBITUARIES

ADOLPH C. HIRSCH

Adolph C. Hirsch, a resident of Palmyra for many years, died at his home, 738 Highland avenue early Tuesday morning.

Funeral services were held Thursday afternoon at three o'clock at the Snover Funeral Home with the Rev. George Lockett, pastor of the Central Baptist Church, Palmyra, officiating. Interment was made in Morgan Cemetery.

Mr. Hirsch is survived by his widow, Mrs. Caroline Hirsch, and two daughters, Miss Martha Hirsch and Miss Katherine Hirsch. The

latter makes her home in New York City.

MRS. MARY VOLPE

Mrs. Mary Volpe, 83 years old, died at her home, Third and Arch streets, Palmyra, Thursday of last week.

Funeral services were held Monday at 8:00 a.m. from the late residence and high mass was observed at nine o'clock at the Church of the Sacred Heart, Riverton. Interment was made in St. Peter's Cemetery, Riverside, under the direction of Frank A. Snover.

Mrs. Volpe is survived by two sons, Peter Volpe and J. Volpe.

JOSEPH BURNETT

Joseph Burnett, 16, son of Mr. and Mrs. Thomas Burnett, of 950 North Front Street, Camden, died suddenly Wednesday morning, May 1st, from pneumonia.

Funeral services will be held Saturday at 2 o'clock from his late residence.

The Burnetts formerly lived on River Road in Cambridge.

Mrs. F. Stanley Groves, of Green Hill Farms, Overbrook, spent Saturday in Riverton visiting friends.

Miss Naomi Evans was a visitor in Beach Haven Sunday.

Mr. and Mrs. Everett Gest spent Sunday in Olney visiting friends.

Mr. and Mrs. William Hoffman spent the weekend in Pleasantville.

Aristotle once counted the teeth of his housekeeper and those of a male servant. He found four less teeth in the mouth of the woman, and for hundreds of years it was taken for granted that men had four more teeth than women.

PLAYGROUND BALL TO OPEN MONDAY

Interest Running High; Teams Prepare for Long Season of Tough Competition

Playground baseball is running a high temperature in interest, preparatory to the opening next week. Last Monday the Memorial Park field was thick with players working the winter's collection of cobwebs out of their muscles.

Next Monday evening, May 6th, the Bankers clash with the boys from the Broadway Theatre, and on another lot the Joseph T. Evans coal heavers tangle with the boys from the Walt Whitman store who know their groceries.

The next evening, the Tak-Aboost boys will serve luncheon to the K. of C. over the plate; that is, they are going to try to, while on the next lot the rough and tough Athletics will try to knock Schwering's hardware loose from their hinges.

Thursday evening the grocery boys will attempt to extinguish the smoke eating firemen, and on the opposite lot the Drees nurserymen will endeavor to plant the Evans team.

The rooters are expected to turn out in full bloom with a collection of new raspberry horns and broken pop bottles, and the umpires have renewed their life insurance policies.

Councilman Strohlein has been picked for a couple of new baseballs and President Conway has dusted off the rule book.

The Mount Rushmore memorial carvings of Washington, Jefferson, Lincoln and Roosevelt, in the Black Hills of South Dakota, are expected to last several hundred thousand years.

TIPS ON GROWING

BY ONE WHO GREW UP IN
THE BUSINESS

Just as soon as the Forsythia (Goldenbells) has finished blooming is the proper pruning time. While most shrubs require but little pruning, the Forsythia needs this cutting back, as otherwise it makes a rank tangle of growth, and the time to do this is now.

The showiest of all varieties is Spectabilis, the flowers are larger and there are more borne in the stems of this sort than on the other sorts, although Viridissima is the most erect in growth, and Suspensa has a wonderful graceful beauty all its own with its arching bloom-covered branches like a golden water-fall.

As the plant is named for William Forsyth, a famous English gardener, the correct pronunciation is For-SI-thi-a. Oddly enough, though this plant in Goldenbells has a very charming common name, the botanical name Forsythia is most in popular favor.

A great pilgrimage of American flower lovers will embark from New York to visit the Decennial International Spring Flower Show at Heemstede, Holland, on April 30th. The trip is sponsored by the Horticultural Society of New York, 598 Madison avenue.

One of the greatest pests that growers of plants under glass have to contend with is "white fly." An expert English plant grower suggests as an old safe and sure remedy, simply growing Rhubarb amongst the other crops in the house. There is a poison in the Rhubarb leaf that is said to be as deadly to white fly as Nightshade is to a human being, and will keep the plague within bounds.

English tourists in the United States and westerners of our own country visiting the Atlantic seaboard in early spring exclaim over the beauty of our native Dogwood when in flower and again in the fall as the foliage becomes rosy-tinted when kissed by frost. Human nature is contrary. Here, where the Dogwood is in its element and easy to grow, we plant something else, something better adapted to other soils and climates. The Dogwood is ornamental at all seasons and the berries are eagerly eaten by the cardinal, our one vividly-colored native bird. It may be grown as an individual specimen or in the shrub border, but in its native habitat it is found fringing the forest or in open glades in the woodland.

The Pink Dogwood and the Red Dogwood are one and the same. When held in the hand the color of the flower seems to be pink. When viewed from a distance the general effect of a tree in full flower is a shade of red.

In pronouncing plant names the letters "c" and "g" seem to be most troublesome. These two consonants are given the soft sounds of "ce" and "ie" when they precede the vowels i, e, and y, (excepting where some personal names have been Latinized), as Cereus (SUR-sia) and Geum (JEE-um).

RUMMAGE SALE

The Girls' Friendly Society of Christ Church, Riverton, will hold a rummage sale on Thursday, May 9th, from 9 in the morning to 5 in the afternoon, at Broad and Main streets, Riverton.

CARD PARTY BENEFIT

All members and friends of Christ Church Parish, Riverton, are urged to attend the card party which the Women's Guild is giving in the parish house on Thursday, May 9th, at 8 p. m.

Those wishing to make up tables at 50c a player, will please notify Mrs. G. Lincoln Ridley, Riverton 117, by Tuesday night if possible. Prizes will be awarded for high scores, and the proceeds will go to the fund for recovering the new cushions.

Better buy a house for its paint than to marry for beauty.

SAVED \$50,000 ADAMS CLAIMS

Riverside-Delanco Bridge to Be Finished at Total Cost of \$252,000

An agreement between the Board of Freeholders of Burlington County and the Kolyn Construction Company was effected at the regular meeting of the board last Friday, in which the Kolyn Construction Company agreed to complete the Riverside-Delanco Bridge according to revised plans at a total cost of \$252,000.

Preceding the agreement, the final report of Ash, Howard, Needles and Tammen, consulting engineers for the new Board of Freeholders, was read. The report embodied unit prices and a summary of their work to date. The letter stated that a supplemental agreement should be made with the contractor to complete the contract at a cost of \$252,000 which sum they stated "they believed would be agreeable to Mr. Kolyn."

Adams Claims Saving

Director Adams made the statement at the conclusion of the passage of the new agreement, that "all the scrapping and fuss was worthwhile inasmuch as the net result produced a fifty to sixty thousand dollar saving to the county."

Freeholder Heisler took issue with Adams, stating that he was unable to arrive at any such figure, and asked him how he figured the saving. Adams proceeded to explain his figures but Heisler gave up in disgust since it began to look like another long drawn-out argument that ended nowhere.

Expenses for Jones

A resolution was offered by Freeholder Cook, seconded by Freeholder Jones, which allowed a \$29.60 expense item payable to Freeholder Jones for four trips to New York City. The resolution passed with Freeholder Heisler voting in the negative.

A letter from Ash, Howard, Needles and Tammen was read in which the recommendation was made that the new plans for the approach work on the Riverside-Delanco bridge be followed by the Kolyn Construction Company, the agreement regarding cost to be worked out in a later adjustment. The recommendation was followed by a resolution of Freeholder Jones with Heisler voting in the negative. A resolution by Freeholder Jones was passed in which the Board was authorized to make a new application to the War Department for approval of the revised plans on the Riverside-Delanco bridge. The changes were made without the approval of the War Department to date.

Stout Resolution Passed

A resolution offered by Freeholder Stout which authorized Freeholder Heisler and the solicitor, Lester A. Drenk, to consult with the state auditors relative to financing the new bridge under the new bond act, passed unanimously.

Authorization was given to Curwin B. Fisher, county director of weights and measures, to attend the national convention of weights and measure men in Washington at a cost not to exceed \$50.

Stout Demands Road Funds

Freeholder Stout spoke of the action of Congress relative to appropriations, under the Federal Emergency Administration, allotted to States for use in rebuilding secondary roads, stating that these same funds were available last year, but the State Highway Department put a liberal interpretation on the "secondary road" clause and used all of the funds to make up deficits in their own departments.

Stout said he would like to see Burlington County get its share of the \$4,800,000,000 appropriated by the government. The allotment for county secondary roads in New Jersey would be approximately \$5,000,000.

He therefore offered a resolution that the State Highway should recognize the purpose for which the money was appropriated and see that the money was actually made available to Burlington County for its secondary roads, which according to Stout, means township and

county highways. The resolution passed unanimously.

Other Departments Short
Mr. Heisler stated that if money was not soon forthcoming from the state for its share in the highway program, arrangements would have to be made to finance the other departments of the board. Most of the county expenditures he stated had been diverted to the highway and bridge departments to finance the state's share in the work rather than tie up the regular work program.

The proposition sponsored by Freeholder Adams to add a property insurance policy to the coverage through the Knight Company in Moorestown was defeated when it was learned that the premium would equal or exceed \$1,500 annually. Freeholder Jones led the opposition against it. Stout and Heisler voted with Jones to defeat the resolution.

A resolution by Freeholder Heisler authorizing the execution of a release upon payment to the County of \$196.10 in the estate of Franklinia Couch, handled by the Welfare Board, was unanimously passed.

Favors High Speed Line

Director Adams stated that he favored the extension of electric rapid transit trains from the high-speed line over the Delaware River bridge to Burlington County towns and announced the appointment of committees from the towns affected by such service to attend the mass meeting to be held on the subject at Haddonfield, Town Hall, on Thursday, May 2nd, at 8:15 p. m. He appointed George B. Evans, Moorestown attorney, to head the committee from Burlington County. The appointments are as follows: Moorestown, George B. Evans and H. F. S. Stockwell; Mount Holly, Herbert S. Killie and Arthur D. Cross; Maple Shade, Charles E. Myers and Harold L. Parmelee; Riverside, Charles Goidy and Daniel Lichtenthal; Riverton, Dr. Harry L. Rogers and E. L. Williams; Palmyra, Wilbur Crane and P. Connor Hulse; Beverly, Earl R. Blyler and Franklin P. Jones; Delanco, Walter Ziegler and Clarence Hunt.

The following department bills were ordered paid: Public Buildings, \$11,914.92; Highways and Engineering, \$4,714.30; Bridges, \$5,951.14; Affairs, \$9,621.83 and Revenue and Finance \$7,527.19. Total \$39,729.38.

ROTARY CONFERENCE

Mr. and Mrs. Joseph T. Evans, Mr. Nathan Lane, Mr. E. Newbold Cooper, of Riverton, Dr. and Mrs. P. Connor Hulse, Miss Adaline A. Seel, and Joseph G. Seel, of Palmyra, were registered at the 50th district conference of Rotary International held at Reading, Pa., on Monday and Tuesday of his week.

By ELMO SCOTT WATSON

COW THAT STARTED A WAR

SHE was only a skinny, foot-sore old cow, and pressed by a party of emigrants on the Oregon trail, but she was found there by a Miniconjou Sioux Indian. He needed a piece of hide to patch his worn moccasins, so he killed her. When this was reported at Fort Laramie, that cow suddenly became very valuable, so her owner declared. The Indians offered to pay him \$10. He wanted \$25 and the Indians refused. Then Lieutenant Grattan, young, inexperienced and hot-headed, obtained permission to go into the Miniconjou camp and arrest the Indian who had killed the cow. There was a dispute. Suddenly the soldiers opened fire and within a few minutes Grattan and all his men were dead—victims of his obstinacy.

Soon afterwards, Col. W. S. Harney was sent with an army to "punish the hostiles." Harney surrounded the camp of a Brule chief, Little Thunder, and demanded that the slayers of Grattan be given up. Little Thunder could not comply for his people had nothing to do with the tragedy.

So Harney attacked and there followed the so-called Battle of Ash Hollow with its shameful record of 83 friendly Indians slaughtered, among them many women and children, five wounded and about 70 women and children captured. Small wonder that the Sioux learned to hate the white men and to fight them bitterly for the next 20 years. And an old worn-out cow was one of the causes of that war! — Western Newspaper Union.

P. H. S. NEWS

Miss Florence Stephens, who graduated from Palmyra High School in 1934, has accepted a position as secretary to Miss Veva Brower, principal of Palmyra High School.

The Board of Education will give the high school library \$500 for the purchase of new books, next year. Of this money, \$100 will be set aside for future use.

At the present there are about 2,000 books in the library. It has all the requirements of a first class school library, including fiction, non-fiction, a vertical file, magazines, and a good reference section. It contains many books which are inspiring, educational and helpful to a student in choosing his career. There is no one author who can be considered the most popular among the students in the school. The majority of girls like college stories while the boys prefer adventure and mystery stories. The average student reads from 10 to 15 books a year.

Depressions are but preludes to prosperity.

ART EXHIBIT
WELL ATTENDED

Local Talent Participate in Exhibit by Art League at Moorestown

That the general public, as well as the artist, is interested in and appreciative of the better examples of art, was amply demonstrated during the recent exhibition sponsored by the Art League at the Moorestown Community House. The work of a number of reputable artists from Philadelphia, Moorestown, Riverton, Collingswood, Haddonfield, Millville, Woodbury, Merchantville and Camden.

It was interesting to note how favorably most of the work of Southern New Jersey communities compared with the fine examples contributed by some of Philadelphia's ablest artists. It is creditable to the community that, in an age when in reputable material and sensation-seeking, this type of gathering should be of such genuine interest to so large a portion of the public.

Twenty-two of the approximately three hundred guests present at the preview, were exhibiting artists. Among the guests from Riverton and vicinity were: Mrs. Murray Boyer and Mr. Claude Anderson, exhibitors; Mrs. Claude Anderson, Murray Boyer, Mrs. W. S. Stokes, Miss Edith Stokes, Mrs. M. H. Kendall, Mrs. Eugene H. Michel, Bradford Stetson, W. Maynard Bowen, Miss Margaret Miller, Miss Gertrude Michel, secretary of the Art League. Cinnamonson was represented by Robert Sim and Mrs. Alexander Wood, and Palmyra by Miss Frances Green.

No small credit is due to those representatives of the Moorestown Community House whose co-operation made so delightful an event possible.

SACRED HEART P. T. A.

The Sacred Heart Parent-Teacher Association will hold its monthly meeting in the school auditorium, Fourth street and Linden avenue, Riverton, Thursday afternoon, May 9, at three o'clock.

An executive meeting will precede the regular session and will be held promptly at 2:30 p.m. Election of officers to serve for the ensuing year will also be held at the May meeting, and it is hoped that all members of the organization will make a special effort to be present.

"Jones expects 100 per cent. disability on his accident insurance policy. He says he is completely incapacitated by the loss of a thumb. 'What's his vocation?'"

A WEEKLY REVIEW OF THE SILVER SCREEN

LOVE ON FARM IN
"WEDDING NIGHT"

Gary Cooper and Anna Sten Co-star in New Drama

The love story of a famous New York author, played by Gary Cooper, and a New England farm girl, played by Anna Sten, is told in "The Wedding Night," the Samuel Goldwyn production which comes to the Walt Whitman Theatre Saturday. Also featured are Ralph Bellamy, Helen Vinson and Siegfried Rumann. King Vidor directed the picture.

Edwin Knopf was the author of the original story of "The Wedding Night" and Edith Fitzgerald made the screen adaptation. Omar Kiam designed the costumes. Richard Day was art director and Alfred Newman, musical director. The film is released through United Artists.

LAUGHTON TOPS
STAR COMEDIAN
"RUGGLES" CAST

Charles Laughton, Motion Picture Academy award winner and one of the foremost actors of the English-speaking stage and screen, is assisted by five of Hollywood's leading comedy players in Paramount's "Ruggles of Red Gap," the picture of Harry Leon Wilson's famous story which comes Friday and Saturday to the Broadway Theatre.

With Laughton, in the title role, are Mary Boland, Charlie Ruggles, Roland Young, Zasu Pitts and Lela Hyams. The picture opens in London in the gay and gaudy 1900's, when Egbert Froud, a rough diamond from the States, wins "Ruggles," the perfect butler-valet, from his titled master in a poker game. Back to the States goes "Ruggles," with his new master and mistress, but his new master, bred on the democratic principle, introduces "Ruggles" to the town as a Colonel in the English Army. "Ruggles" becomes the lion of Red Gap society and becomes infected with the democratic idea himself. He decides to open a lunch-room and become self-supporting.

There is, of course, a concerted howl from Red Gap's self-constituted society, and a great deal of comedy, but finally "Ruggles," with the assistance of the town's leading widow who has become enamored

of the perfect butler, achieves his ambition.

Maid-chauffeurs who do housework and also drive milady's car, have been hired in England.

Minutes Missing

Walter K. Woolman reported that the books of the former district clerk had been audited and found to be in good shape. There was one thing, however, which the auditors did not catch, and that was the fact that there were no minutes of the meeting of March 29, when the first bids for alterations to the school were opened, and at which time Fred P. Hemphill was clerk.

To remedy this omission, Mr. Woolman submitted the following resolution, which was seconded by Mr. Moyer and unanimously passed.

"Whereas, the district clerk did not take down officially the minutes of the meeting of the board of education held in the school building on Friday, March 29, 1935, and

"Whereas, memorandum of said proceedings has been furnished to the board of education by the solicitor, Judge Mathews, and on motion by Walter K. Woolman, duly seconded by H. E. Moyer, be it

"Resolved, that the aforesaid memorandum as spread upon the minute book under the date of March 29, 1935, shall and does constitute the official minutes, and same having been read at this regular meeting, are hereby approved and ratified."

Miss Staman, supervising principal, reported that arrangements had

PRICE FIVE CENTS

BOARD STRIKES
ANOTHER SNAG

May Have Difficulty in Securing Additional PWA Grant for \$17,000

Another difficulty confronted the Riverton Board of Education last Monday night, in its effort to enlarge and improve the school building, when Byron H. Edwards, architect, reported that he had received word from a Mr. Belz, in the PWA headquarters at Newark, that under the government plan of making grants for not more than 30% of the cost of public improvements, only \$6,000 could be added to the grant already made for the Riverton school project. Since the additional amount requested was \$17,000, Mr. Belz suggested that the additional \$11,000 be added to the bond issue.

Will Contact PWA

Mr. Edwards suggested a personal interview with the PWA Administrator at Newark, and it was arranged that Mr. Edwards will hold a conference with him on Tuesday, followed by Mr. Mathews, the solicitor for the board on Wednesday, it being impossible to arrange to have both men join in the conference on the same day.

Failing to get the desired results in Newark, the board thought it would be advisable to have the architect and the attorney contact the PWA officials in Washington, and a resolution was passed authorizing the president to instruct them to make the trip if it seemed wise to do so after hearing their report on the conference in Newark.

The clerk was authorized to advertise for bids for school supplies for the year 1935-36.

Five applications for positions as teachers were received and filed. Miss Marion L. Pennington, of Delanco, was elected music teacher, two days a week.

Savings for Next Year

The educational committee reported that by a rearrangement of teachers and salaries a net saving of \$2,418 had been effected for the coming year.

Dr. George White was reappointed dental inspector for the ensuing year.

The district clerk was instructed to write to the borough council asking permission to use Memorial Park for the play day exercises on the afternoon and evening of May 23, or if stormy, on the 24th.

Minutes Missing

Walter K. Woolman reported that the books of the former district clerk had been audited and found to be in good shape. There was one thing, however, which the auditors did not catch, and that was the fact that there were no minutes of the meeting of March 29, when the first bids for alterations to the school were opened, and at which time Fred P. Hemphill was clerk.

To remedy this omission, Mr. Woolman submitted the following resolution, which was seconded by Mr. Moyer and unanimously passed.

"Whereas, the district clerk did not take down officially the minutes of the meeting of the board of education held in the school building on Friday, March 29, 1935, and

"Whereas, memorandum of said proceedings has been furnished to the board of education by the solicitor, Judge Mathews, and on motion by Walter K. Woolman, duly seconded by H. E. Moyer, be it

"Resolved, that the aforesaid memorandum as spread upon the minute book under the date of March 29, 1935, shall and does constitute the official minutes, and same having been read at this regular meeting, are hereby approved and ratified."

Miss Staman, supervising principal, reported that arrangements had

(continued on page 4)

DR. MARCY WINS
MEDICAL HONOR

One of Three to Serve 50 Years in Profession Presented With Token By Colleagues

The Camden County Medical Society honored three physicians for 50 years service at a meeting Tuesday night.

The doctors honored were: Dr. John W. Marcy, Dr. Alexander Macalister and Dr. John Leavitt.

Dr. Marcy is the brother of the late Mrs. Alexander Marcy, of Riverton.

He was born in Camden, at Fourth and Pine streets, May 24, 1862.

Dr. Marcy attended the Bellfonte Academy, in Bellfonte, Pa., studied a year at Dr. Faires' Classical Institute in Philadelphia, and then was admitted to Lafayette College in Easton, Pa. After two years, because of his father's ill health, he returned to Camden. He became a student at the U. of P. Medical College, Philadelphia, a classmate of Dr. Macalister in the class of 1885.

LEGION PLANS BIG
JUNE COMPETITION

Contribution Committees in Palmyra and Riverton Are Appointed

Plans are rapidly taking shape for the second annual Palmyra-Riverton drum and bugle corps competition to be held on the Palmyra High School athletic field, on Saturday, June 15th.

Drexel P. Patterson, general chairman, states that the competition this year will greatly exceed the one held last year in many respects. The major corps in the class "A" group will be present with greater numbers, new music and maneuvers.

Three class "B" corps will compete for prizes in their class, and five "Junior" corps will compete for the Governor Hoffman cup.

The competition has the official sanction of the State headquarters. The event will be recognized as the South Jersey Championship.

The following citizens were appointed to serve on the contribution committees in each town: Palmyra; Chairman, William McCamy, James Hartley, Harvey Fisher, Joseph Semple, Stephen Kilpatrick, David Schwartz and Jacob Cugliotta; in Riverton, Karl Latch, chairman, Herbert Evans, William Gootee, Paul Barnhart, John Strohlein and Harry E. Moyer.

DEMOCRATIC CLUB
DINNER-DANCE

Social Event Planned in Honor of Mrs. Mervil E. Haas and Geo. M. Hillman, Jr.

Burlington County Democrats will turn out in force Saturday night, to honor Mrs. Mervil E. Haas and George M. Hillman, Jr., members of the Democratic State Committee. The Women's Democratic Club is sponsoring a dinner-dance as a testimonial to the popular committee members, at Log Cabin Lodge, Medford Lakes.

Guest speakers will include: William C. Kelly of Essex County, former State Banking Commissioner and new head of the Democratic State Committee; Mrs. Emma Hyland, postmistress at Camden and member of the State Committee from Camden County; Miss Marie Kelly, popular figure in Camden County circles, and prominent Democratic officials of this county.

Mrs. Mabel Murphy, of Bordentown, president of the Women's Democratic Club, will open the speaking program and present the toastmaster, Hon. Frank Hendrickson, Judge of the Burlington County Court.

TRANSPORTATION
PLANS PRESENTED

A. B. Garwood Tells Rotarians About High Speed Line and Tunnel

The proposed high speed line across the Delaware River Bridge would be a poor compromise for the river towns, thinks A. B. Garwood, pioneer member of the transportation committee which secured the bridge trains to Broad Street. Riverton now has the cheapest railroad service on any line of the PRR, and would not enjoy the substitution of short, crowded subway cars, for the smooth-riding passenger coaches, even though the cost be slightly less.

The members of the original riverfront transportation committee object to the Philadelphia connections. Locust street is not a desirable thoroughfare, particularly at night, and the crowded condition of the Philadelphia subways make twenty-four minutes the shortest interval for trains to New Jersey. Many stops will be added, so that the actual running time will be increased. Funds are available for only 42 cars, seating 95 each, and providing standing for 200. Two car trains, every 24 minutes, mean straphanging of the worst sort.

Opposed to this is the possibility of a railroad tunnel to Camden, built by the Delaware River Commission, and leased by the Pennsylvania. This would mean comfortable, rapid transportation to the heart of the city, without the menace of the third rail. Mr. Garwood urged all the members to demand the tunnel.

C. P. Mayfield reported progress on the vocational work of this committee, including a meeting with the committee from the Young Business Men's Club. He stated that there was a possibility of ERA help for the project. A questionnaire asking for vocational assistance of various kinds was passed out to the members.

Mr. Wilton E. Mount told Rotarians about the plans for Youth Week which is now approaching. As has been customary, the Rotarians will cooperate in taking the boys and girls to baseball games, this time between the St. Louis Cardinals and the Phillies. Other attractive arrangements are in the making.

BOARD CONSIDERS
REVISED PRICES

Placing of Contracts Depends on Receiving Additional Government Grant

At a meeting of Riverton board of education on May 2, Hilton M. Smith, chairman of the building committee, reported that after carefully considering the unit, steam heat and mechanical warm air systems of heating, the committee recommended the last named method. He said they had not arrived at a definite opinion as between oil or coal for fuel.

The board decided to accept the following bids, contingent upon receiving an additional PWA grant of \$17,000 from the government. General construction, Carl L. Furner, \$64,136; iron work, bid No. 2, American Iron Works Co., \$5,529; mechanical warm air heating, bid No. A, American Heating and Ventilating Co., \$10,837; plumbing and drainage, bid No. 4, Louis Lehman, \$4,800; electrical work bid No. 5, Lawrence Mulligan, Mount Holly, \$4,422.

A resolution was passed to pay Byron H. Edwards, architect, \$400 on account.

We don't know why they call it strawberry shortcake. It is usually the berries which are short, not the cake.

ANNUAL MEETING
OF PORCH CLUB

Installation of New Officers to Take Place May 18th, Box Luncheon Requested

Following the regular business meeting of the Riverton Porch Club on Tuesday, May 7th, Walter Cox, of Haddonfield, gave an interesting and instructive talk on antique furniture.

In explaining the outstanding characteristics of the most famous 18th century cabinet makers, Mr. Cox used as illustrations various chairs, tables and mirrors exhibited by members of the club.

The annual meeting of the club will be held on May 18th at 11 a.m. Members are asked to bring a box luncheon, and coffee and dessert will be furnished by the luncheon committee.

Please notify Mrs. S. Reid Merley, Riverton 362.

At this meeting the installation of new officers will take place, and the annual reports of committees are read, together with reports of the convention being held this week in Atlantic City.

GOVERNOR WILL
SPEAK TO LEGION

State Executive Will Talk From Lakeview Memorial Park Decoration Day

John L. Metzgar, Commander of Post Frederick M. Rodgers, 156, of Palmyra, announced this week that Governor Harold G. Hoffman will speak at the local observance of Memorial Day sponsored each year by the Palmyra Legion unit. Commander Metzgar appointed Palmer L. Adams general chairman of a committee of Legionnaires who will arrange the details of the day's activities.

A new departure from the usual routine will be the inclusion of Lakeview Memorial Park, near Riverton, as the last cemetery stop on the line of march. Amid the beautiful surroundings of Lakeview appropriate services will be conducted and the Governor will address those assembled by means of amplification and possibly by radio.

Musical units will be invited to march in the parade as follows: Palmyra Drum and Bugle Corps, Burlington County Legion Band, and the ERA Band.

A company of soldiers from the New Jersey National Guards and a company of sailors from the Philadelphia Navy Yard are to be invited to participate in the services and provide the firing squads.

School children, local gold star mothers, municipal officials and clergymen from the various churches are to be invited.

The line of march, the time of beginning and other details will be announced later.

TWENTY GRADUATE
AT WEST JERSEY

Twenty nurses of West Jersey Homeopathic Hospital Training School received diplomas at the graduating exercises Thursday evening in the First Baptist Church, Camden.

Those graduating from Riverton and Palmyra are: Miss Dorothy Meitzner, Riverton, and Miss Edith A. Wofor, Palmyra.

Miss Jessie West, superintendent of the hospital, was the second visiting nurse for the Riverton and Palmyra Visiting Nurse Society.

Work well done is not merely creation—well performed it is recreation.—Horace Holley.

It is said to be very difficult these days to hire a man to work as a farm hand. Maybe the farm hands are afraid of being plowed under.

NEW ZURBRUGG
HOSPITAL OPEN

Public Invited to View Modern Building of Institution Started in 1915

It is now something over forty years since Theophilus J. Zurbrugg, a native of Switzerland, established his residence in Riverside, New Jersey. Interested in the watch industry, his every effort was to establish that industry to the benefit of the community, and as Riverside grew in population, naturally grew his interest in its welfare, and that he felt a hospital to be most essential was proved when in his will provisions were made for its endowment, for which a charter was granted December 23, 1915.

The Zurbrugg Hospital was opened February 12, 1915, and occupied the old Zurbrugg home in Riverside, but realizing the inadequacy of the old residence, the Board of Trustees in June 1931 authorized the building of a new forty-bed hospital to more efficiently meet the requirements of the growing community.

The new building is located on a pleasantly landscaped plot of about five acres, and is of local red brick trimmed with buff terra cotta. It has been designed in the Romanesque style and is of fire proof construction throughout.

Restful Appointments

Every effort has been made to provide for the comfort of the patients. The corridors are floored with rubber, and sound-proofed to minimize disturbing noises, a special call system gives communication between the separate beds and the nurse on duty, and the furnishings and decorations are in soft and attractive colors designed to give comfort and rest to the sick and convalescent.

Functions of Hospital

It is necessary to regard the hospital in the light of a laboratory or workshop where the sick are admitted, treated, cured and discharged, at the same time stressing the comfort and cheerful surroundings of the patients and providing wholesome and attractive food, bringing up the problems of a skilled hotel manager as well as those of a physician. Not only patients, but nurses, staff and other employees must be fed, so that in the ground floor adequate kitchen, dining rooms and store rooms have been provided. The kitchens, two in number, one to take care of the general cooking for the hospital and the second for diets of a special nature, are fitted with gas ranges and other modern equipment, most of the fittings being of nickel silver with a clean brilliant surface. The store rooms are fitted with electrical refrigeration, and all dishes are washed and sterilized at a central point with an electrical dish washer. The kitchens are provided with red vitreous tile floors. Fans carry off the odors and heated air of the rooms and discharge above the roof of the building.

X-ray Department

Centrally located is the X-ray department with rooms for treatment, dark room, etc., and immediately across the corridor is the emergency room, with separate entrance, where accidents are received and first aid given. This room is floored with terrazzo and wainscoted with colored tile, and is provided with sterilizers, instrument cabinets and all the devices necessary for the care of the injured.

The remaining portion of the ground floor is occupied by the out patient department for the care of those in need of treatment but not confined to the hospital. Within this department are treatment rooms, a surgical dressing room, a drug room, and a room where plaster casts and bandages are applied. This department is afraid of being plowed under.

(continued on page 4)

2 NEW CONVENIENT TICKETS

Effective April 28

Shoppers and commuters now can enjoy the benefit of two new, reasonably priced tickets to and from the heart of Philadelphia via the Delaware River Bridge. At these low fares everybody will prefer to ride in clean, swift, comfortable trains—without delay, without change—to Philadelphia's shopping, business and theatre center.

New Zurburg Hospital Open

(continued from page 1)

ment is entered by a separate door at the East end of the building.

Attractive Surroundings

Shaded walks lead from the street in front of the building, with a flight of stone steps to the arched entrance opening to the foyer, floored with dark terrazzo and with walls of a harmonizing color. This room is comfortably furnished and there is a large portrait of the founder on the wall opposite the entrance. Adjoining the foyer is a waiting room, and to the left is located the office of the superintendent and the general office, separated from the foyer by a long desk where information may be obtained and where business may be transacted. This portion of the building is separated from the main corridor by glazed doors and every effort has been made to free this portion of the building from an institutional atmosphere.

The main floor is largely devoted to private rooms and small wards, with the necessary service rooms. At the west end of the main floor a laboratory has been provided and also a room for the convenience of the hospital's staff of physicians and surgeons, with comfortable chairs, a long table and lockers built in the wall. This room may also be used for the meetings of the board of directors.

The Upper Floor

The upper floor of the building is devoted to the surgical and maternity work of the hospital. Separated from the other portion of the floor, and in the west end of the building, are two operating rooms with room for the administration of anesthetics, a large room for the preparation of dressings, and between the operating rooms is located the instrument sterilizing room and the scrub-up room for the surgeons. There are dressing rooms for doctors and nurses and the necessary room for the storage of stretchers and equipment.

This department has walls wainscoted in tile, and the floors are of terrazzo. The tile in the operating rooms is of a dull green color and the floors are of a dark green. Large double windows of glass green behind a ground surface admit the north light, and the heat is admitted to the rooms between these windows so that cold draughts are excluded. On the wall of the operating room is a frame in which X-ray photographs may be placed with lights behind them to enable the films to be easily examined and serve as a guide to the surgeon during an operation.

Lighting for Operations

Over each operating table is a large lamp which may be adjusted in any height or angle, and with the lights and reflectors so arranged that no shadows are cast. Should for any reason the electrical current to the lamps fail, an emergency lighting plant goes instantly into action so that there may be no interruption in the progress of an operation.

The spacious work room and sterilizing room is equipped with large tables and cabinets with the

sterilizers built in the wall. All sterilizers throughout the building are electrically operated and are of the latest development in apparatus of this kind. Through the building electricity has replaced the use of steam at high pressure, which should simplify the operation of the mechanical plant.

For Convalescents

Centrally located on this floor is a large room with southern light and having access to a tile balcony for the use of convalescent patients, while to the East is located the maternity department with private rooms and wards and a creche or infants room separated from the corridor with a large window of plate glass, so that the new arrivals may be observed undisturbed.

The operating rooms for this department are tiled and floored like the larger operating rooms and are fitted with the necessary cabinets and fixtures. There is also a children's department with plenty of south light and air and where the small beds are separated by cubical partitions paneled with plate glass, so that all portions of the rooms may be under constant supervision and yet afford separation of the small patients to guard against infection and disturbance. The bath rooms and service rooms of the children's department are wainscoted in light blue tile, and the walls are tinted with a lighter blue. This department has been equipped with special sterilizers and non-scalding baths in which the temperature of the water can be constantly observed.

Heating and Laundry

The heating plant is placed in a boiler room below the level of the ground floor and in a wing separated from every other part of the building. Here are installed mechanically fed boilers, the service water heaters and the pumps which control the operation of the heating plant and the thermostats regulating the temperature of the various rooms.

Fuel is dropped thru openings at the ground level into bins in front of the boilers and from there goes to the hoppers that feed the mechanical stokers.

The separation of the heating plant from the main building and the placing of all laundry equipment in a small building removed from the hospital adds greatly to the comfort and safety of the patients. The Board of Trustees believe that the new Zurburg Memorial Hospital will supply a much needed service to the residents of the surrounding communities. They express the hope that the people of the nearby towns will make free and full use of its facilities and will be sufficiently interested in the welfare of the hospital to support its activities in every way possible.

An Invitation

The new hospital will be open for inspection on May 11, 1935, and we cordially invite the general public to go through the buildings and see for themselves what an extraordinarily fine hospital it is. Chief of Staff, Paul M. McCray, Surgeon - in - Chief, Paul M. McCray, Associate Surgeons: Alexander S. Ross, Robert S. Gamon.

CHURCH NEWS

CALVARY PRESBYTERIAN CHURCH

Rev. Charles T. Bates, B.D., Pastor
Sunday, May 12th: Church School, 9:45 a.m.; Morning Worship, 11 a.m.
Wednesday, May 15th: Midweek Service at 8 p.m.
A cordial invitation is extended to all in the community who have no regular church home to enter into the worship and fellowship of Calvary Church.

CENTRAL BAPTIST CHURCH

Rev. George Lockett, B.D., Pastor
Services for Sunday, May 12th, 10:00 a.m. Bible School. A school with an attraction and something of interest for every age, from the cradle up. Inspirational singing—a fine talk every Sunday by Superintendent VanOsten—instructive and helpful lessons taught by capable teachers—fine fellowship.

11:15 a.m. Morning Worship. Pastor Lockett will have as his subject "A Fruitful Branch." Special selection to be sung by the choir.

6:45 p.m. B.Y.P.U. The young people certainly enjoyed a most instructive meeting last Sunday when Miss D. Helene Johnson was the leader. At this Sunday's service a couple gentlemen from the Wheaton College will address the young people.

7:45 p.m. Evening Worship. For the 43rd consecutive year, Washington Camp, No. 23, P.O.S. of A., will attend divine service in the church. A special sermon has been prepared by the Pastor, a most timely one, "America at the Cross Roads."

Mid-week Prayer Service on Wednesday evening at eight o'clock and the Jr. B.Y.P.U. in the afternoon at 4:35.

Palmyra and Riverton are continually receiving newcomers. Here is a welcome for all in the "homey church."

CHRISTIAN SCIENCE CHURCH

"Adam and Fallen Man" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, May 12.

The Golden Text is: "As Moses

Assistant Surgeons: J. George Wagner, Roscius I. Downs, Ham-mell P. Shippa.

lifted up the serpent in the wilderness, even so must the Son of man be lifted up; that whosoever believeth in him should not perish, but have eternal life" (John 3:14, 15).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Know ye not, that to whom ye yield yourselves servants to obey, his servants ye are to whom ye obey: whether of sin unto death, or of obedience unto righteousness? For when ye were the servants of sin, ye were free from righteousness. But now being made free from sin, and become servants to God, ye have your fruit unto holiness, and the end everlasting life" (Romans 6:16, 20, 22).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "When we wake to the truth of being, all disease, pain, weakness, weariness, sorrow, sin, death, will be unknown, and the mortal dream will forever cease" (p. 218).

FIRST LUTHERAN CHURCH

Rev. Harold L. Creager

Mother's Day is one of the special occasions that most gladly claims our attention. The morning service this Sunday will be devoted to this theme. The sermon topic will be "The Christian Leadership of Christian Mothers."

At the evening service the sermon theme will be "How Jesus Used the Bible."

The Wednesday evening services have been discontinued for this season.

THRILLS APLENTY IN YOUTH WEEK

Boys and Girls Win Prizes in Varied Events. Boat Trip Saturday

The musical program in connection with Youth Week was given Monday evening in the Palmyra High School auditorium.

The music was directed by Alfred VanOsten, assisted by Lee Milton. Tuesday afternoon 1100 kiddies enjoyed the picture 'Wagon Wheels' given through the courtesy of the management of the Broadway theatre.

Pet Show Winners

Wednesday evening many kiddies took part in the hobby and pet show at the YMCA building. Winners in the ten different classes follow:

Class No. 1—Cats: Elizabeth North, Mary Gorman. Honorable mention: Dolores Stephen. Class No. 2—Kittens: Dorothy Stacey, Sally Coddington, Sara Williams. Honorable mention: Edward McNulty and Audrey Dooling. Class No. 3—Special—Kittens: Mary Malan and Billy Hutton.

Class No. 4—Assorted Pets. Individual: Scott Burger, John Broemme, Edgar Eck. Class No. 5 Assorted Pets—Group: Howard Harper, Charles Weart. Honorable mention: Gus Feldman. Class No. 6. Collections: Burke Jay, Edmund Turnock, Jack Harvey. Honorable mention: Donald Robinson. Class No. 7. Arts, boys: Robert Kerns, Jack Seemuller, Billy Swain.

Class No. 8. Arts, girls: Catherine McKee, Eleanor Hulise. Honorable mention: Marianne Baker and Dorothy Stacey. Class No. 9. Domestic Science: Florence Henalar and Naomi Swain. Class No. 10. Unusual exhibits: Florence Piergross, James Ford, August Monhoff. Honorable mention: Dorothy Koppenhofer.

Treasure Hunt Winners

The winners of the treasure hunt held Wednesday afternoon at Memorial Park, Riverton, are as follows: Harold Bishop, Joe Dailey, George Vincent, J. Washington, Jack Longstreet, Arthur Volpe, Rene Sandos, Bruno Kondrot, Jack Bratton and Joe Blampolo. Every boy and girl who participated received candy and the winners were given tickets to the Broadway theatre.

All boys and girls who have registered at the "Y" will enjoy the baseball game this afternoon and a boat trip to Wilmington, via the Wilson Line, Saturday.

On Thursday evening the eighth grade girls gave their annual dinner to the members of the Board of Education. This dinner was served in the auditorium by the cooking class under the leadership of Mrs. Haines. Those present were: Mr. and Mrs. F. B. Elwell, Mr. and Mrs. W. H. Bottger, Mr. and Mrs. W. K. Woolman, Mr. and Mrs. H. M. Smith, Mr. H. E. Moyer, Mr. and Mrs. K. W. Latch, Mr. and Mrs. C. H. Yost, Mr. and Mrs. E. W. Wolcott, Dr. and Mrs. H. L. Rogers, Byron H. Edwards and Miss Staman.

The tables and the room were decorated by different groups of children from the upper grades. Music for entertainment was provided by Dorothea Speer, Mary W. Rogers and Claire Robinson.

The Honor Roll for the fifth report period is as follows:

Grade 4: Joyce Bintliff, Phyllis Burr, Eleanor Metzger, Clara Moody, Marilyn Yost, Selma Lutta, Dorothy Farrell, Kenneth Davis, Russell Farrow, Arthur Hoyt, Kenneth Barriek, Edward Trautman.

Grade 4-5: Frances Borden, Marilyn Burr, Betty Barclay, Katharine Elwell, Gerry Metzger, Peggy Naisby, Laura Mae Yerkes, Patsy Weirford, John Craig, Walter Lezenby, George Lutz, John Rogers, Frederick Woodward.

JR. PORCH CLUB FETES MOTHERS

Mother and Daughter Banquet, Reading and Musical Offerings Enjoyed

The Mother and Daughter Banquet given by the Junior Porch Club Tuesday evening proved to be the most successful one ever given.

The Glee Club, under the direction of Eric Warnic, sang four numbers, ably accompanied by Miss Helen Schriver. Miss Schriver played so well that the singers were unaware of her presence at the piano.

The numbers sung by the glee club were: An Irish Love Song; Stars of the Summer Night; The Lotus Flower, and Would God I Were the Tender Apple Blossom.

After the banquet Miss Alice Parrish offered a reading "Miss Brill," by Katherine Mansfield. Miss Suzanne Mattis entertained with a tap dance.

The new senior advisor, Mrs. Herbert Kieckhefer, and the new president, Miss Irene Sippel, were introduced.

The banquet was prepared by the juniors and served to the mothers by the girls. About sixty were in attendance.

Mooney, Donald Seelhorst, Richard Taylor, Ruth Henell, Margaret Schaff, Anna J. Showell, Margaretta Smith, Jeanne Werner.

Grade 6: Sarah Robinson, Harry Orlmann, Norman Delaney, Sallie Coddington, Ethel Cummings.

Grade 7: Weston Goodnow, Mary J. DeCoursey, Eleanor Kaufman, Helen Vile, Carlette Seemuller, Robert Yerkes, James Brown, Edmund Turnock, Sylvia Reynolds, Emma Rotenbury, Hilda Webb.

Orders Now Being Placed With Evans Firm for Next Winter's Use

EVANS PREMIUM ANTHRACITE means a uniform quality and uniform heat from pure virgin veins of Hi-Carbon coal—it goes farther and heats longer. Orders are now being booked by the EVANS firm for next winter's supply

THE PEOPLE'S COLUMN

Editor The New Era:

As you published in your last issue my correspondence with Senator Powell it is only fair that his last letter should have the same publicity, so will ask you to kindly publish it also.

Robert Biddle.

May 2, 1935.

Mr. Robert Biddle,
Riverton, N. J.
Dear Mr. Biddle:

Thanks very much for your kind letter of April 26. I am afraid that you did not understand my recent letter concerning the proposed constitutional amendment.

I made the mistake of voting in favor of the bill to legalize racing of dogs last year, and you may rest assured that if I had the situation before me at the present time I would not vote for such legislation. At that time the State was desperate for funds and we knew that this would produce considerable revenue, not only to the State, but to the municipalities involved. We also were fully aware of the fact that millions of dollars were being spent in gambling in this State, and that it was being spent to racketeers and that the persons who made the wagers were not sure of fair treatment at the hands of professional gamblers.

I certainly will not vote for any direct legislation to permit the racing of horses or dogs in this State. However, I do feel that this is a matter to be decided by all of the people of the State, that there should be no objection whatever to submitting it to the people. This government is founded upon the basis of majority rule, and if the majority of the people of this State desire a prohibition against any particular public action, they should have such

prohibition. Likewise, if they desire the repeal of any such prohibition, I feel that the majority should have an opportunity of expressing their will along that line.

With kindest regards, I am,
Sincerely yours,
Clifford R. Powell.

CRP:K

"GROWING PAINS" BY JUNIOR CLASS

Olive Jones Leads Opposite Bob Guest in P. H. S. Annual Production

The Juniors have chosen "Growing Pains" as their annual play for this year. It is a comedy in three acts written by Aurania Rouverol. The play will be given Friday and Saturday, May 10 and 11.

The leads are played by Olive Jones as Terry and Frank Alloway as Brian, Terry's fiance. Elsie, who is an old fashioned girl, is portrayed by Betty Bailey. George, Terry's brother, who persuades her to grow up, is Robert Guest. Professor McIntyre is acted by Linwood Reifender, who showed his dramatic ability in the "Lass of Limerick Town." Other characters are as follows: Mrs. McIntyre, Margaret Rae; Sophie, the maid, Eleanor Mulvaney; Mrs. Patterson, Bernice Hercher; Traffic Officer, George Atkinson; Dutch, Harry Scheible; Omar Earl Smith; His Paul Frank; Pete, Nelson Russ; Prudence, Dorothy Zann; Patty, Louise McKeon; Jane, Grace Billard, and Miriam, Effie Malone, Vivian, an attractive young lady, is Janet Barber.

Miss Ziegler is coach.

THE RETORT COURTEOUS

When the clock struck the midnight hour, father came to the head of the stairs and in a rather bold tone of voice said, "Young man, is your self-starter out of order tonight?"

"It doesn't matter," retorted the young man, "as long as there's a crank in the house."—Clipped.

Mike Murmurs

By William Cooper, Jr.

Not so long ago the third major network, namely the American Broadcasting System folded up, leaving many of the stations connected with this erstwhile network in a jam as to programs. Soon after this chain stopped operation WIP and WMCA organized a two-station network, and since that time the words "This is an inter-city presentation" have become a by-word with both Philly and New York listeners.

But now comes word from the publicity department of WMCA that this station will start pumping programs to Washington, Baltimore and Wilmington stations as well as to WIP in Philadelphia. Donald Flamm, president of WMCA, states that "this is not to be construed as a new network." So we will just have to wait and see what becomes of this new venture in the radio field.

For three years Claude Hopkins and his famous orchestra entertained dancers at the Roseland ballroom, on Broadway in New York. Claude featured with his band a young sepi-hued singer by the

name of Orlando Robison, but to the New Yorkers he was just another ballad singer. Recently the Hopkins dancunit moved into the Cotton Club in Harlem, and still holding the spotlight with a beautiful tenor voice was Orlando Robison. Now Orlando is the rave of New York, but it took the residents of that great city several years to find out just who is the "top" among the many balladists.

"Sporting Extra," a new sports program, moves into an early morning spot on the WCAU schedule, being aired every morning, except Saturday at 8 o'clock. A resume of the preceding days sports activities and a calendar of the coming day's events will be included on this program and Stan Lee Broza, program director of WCAU, promises that this "sports broadcast will be entirely new and distinctly different from any ever presented before."

WIP's "Voice of the People" program proved such a big hit that some smart sponsor signed the contract to air this show exclusively. The show is a regular street broadcast and airs from the service stations of the sponsor, moving to a different one every week and bringing up for discussion a new question each week. The program is heard Monday and Thursday evenings at 6:45 o'clock over WIP with Leslie

Marshall as announcer and Gene Morgan as general "stooge." THIS AND THAT: Ray Noble and his famous orchestra move into the Rainbow Room in Radio City on May 31st with two new NBC wires.

Henry Patrick is back in town after a vaudeville tour up New England way. Henry has three sustaining shows over WIP each week and is singing under the tag Jack Henry. Listen for the "Theatre of Romance" programs over WCAU every Monday and Friday at 9:45 a.m.

Leslie Marshall, WIP announcer, is all enthused over that famous game of tennis, and the other day we found Marcia Wilt of the WIP publicity corner giving Les the "low down on the game."

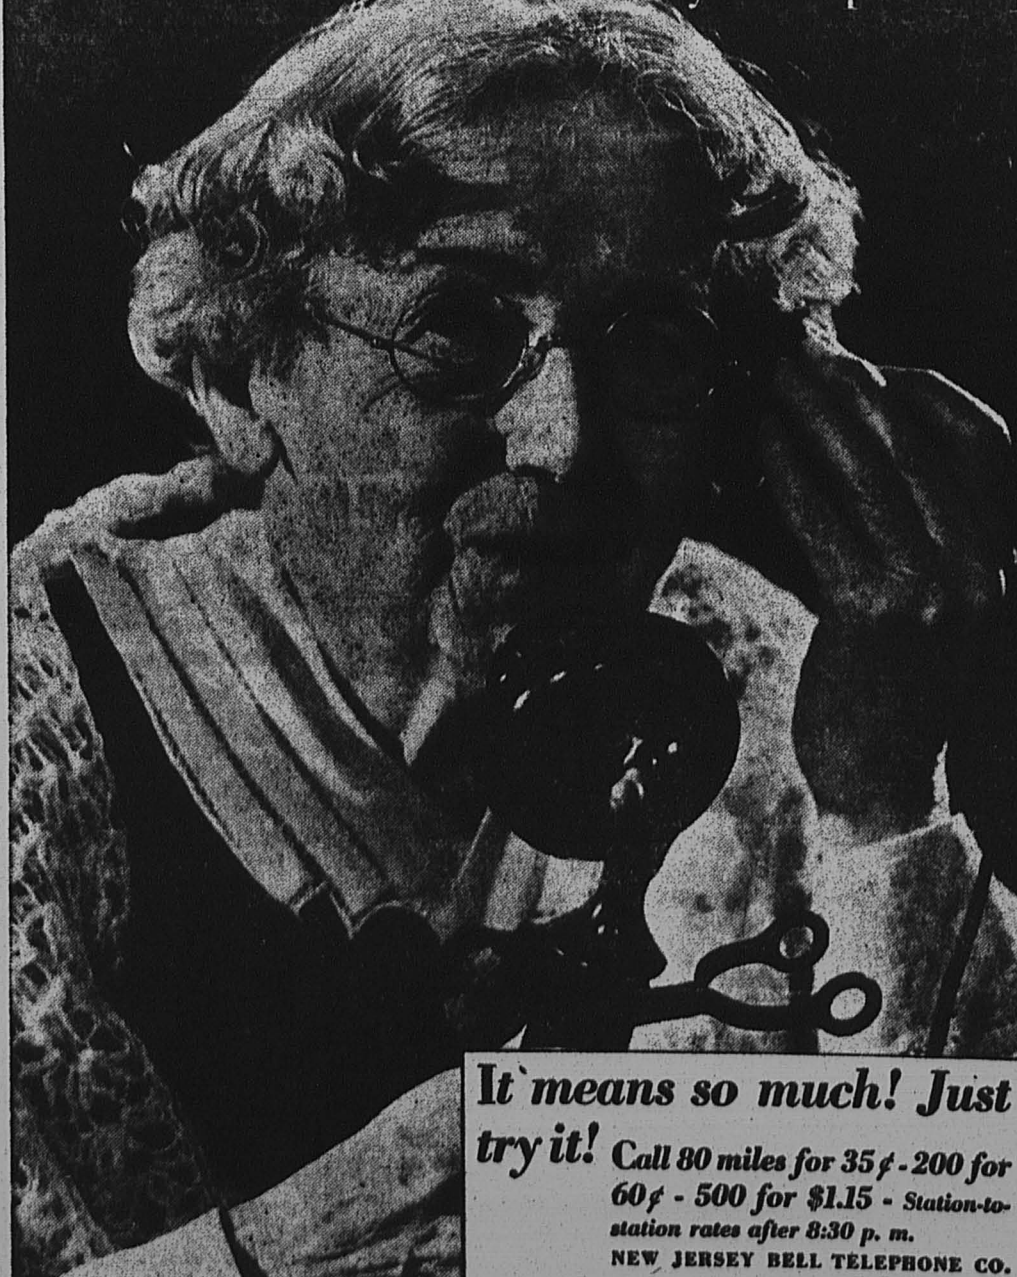

Paul and Dizzy Dean, world-famous baseball players, will be the guests of Al Jolson's Shell Chateau on Saturday, May 11th, at 9:30 p.m. over the KYW-WEAF network.

Emo, of Emo's Movie Broadcast, aired over WIP, is now doing publicity for Weber's Hof Brau in Camden.

The canvasback is one of the fastest of all American ducks, and among the most famous.

Daniel Defoe wrote "Robinson Crusoe" at Tooting Hall, Tooting, England.

Coming home... [by telephone]

It means so much! Just try it! Call 80 miles for 35¢ - 200 for 60¢ - 500 for \$1.15 - Station-to-station rates after 8:30 p. m. NEW JERSEY BELL TELEPHONE CO.

The OLD FOLKS At Home reminder when Bell's telephone was invented.

There are 10,000,000 people in this country today who can recall the first news of the Boston professor's claim that he could talk over a wire.

And more millions marvelled when it became possible to talk from New Jersey to Boston—then to Chicago and steadily Westward Ho! until

in 1915 the human voice first leaped from coast to coast. Spanning great distances is one thing—most of the world's telephones can be reached from yours today.

Still another and perhaps a greater thing, is the linking of cities, towns and hamlets throughout our nation to make one neighborhood by telephone.

one and one half minutes away (average connecting time).

This service is the product of fifty years of unified Bell System effort in research engineering, building, buying and operation, all coordinated to assure progress with economy.

Tremendous Trifles

By ELMO SCOTT WATSON

A WOMAN'S HAIR

IT WAS long and brown and lustrous—the hair of twenty-three-year-old Jane McTae—and those who saw and admired it little realized that the destiny of a nation would be woven into its silken strands. But that was before Gen. John Burgoyne invaded New York in the summer of 1777.

Jane McTae was visiting in the home of fat Widow McNeil near Fort Edward that summer. She had been warned of the danger from Burgoyne's Indian allies, but she refused to go to a safer place. Her lover, David Jones, a Tory, was coming back from Canada. She intended to wait for him.

But she waited too long. A war party entered the cabin, dragged the two women out. Two Indian warriors began quarreling over possession of the girl. Suddenly one of them turned, shot her and as she fell from the saddle his scalping knife did its ghastly work.

When the Indian exhibited his gory trophy in Burgoyne's camp the general was furious. But his rage was nothing compared to that of the New York Patriots. "Remember Jane McTae!" became a rallying cry.

Patriot propagandists spread the tale and that master propagandist of them all, canny Benjamin Franklin, made good use of it in stirring up sympathy throughout Europe for the cause of the Americans. So there is no doubt that the story of Jane McTae encouraged Patriot morale at a time when it was very low and had a part in bringing about the final victory for them.

EXPERIENCE

Jimmy: "Dad must have been up to all sorts of mischief when he was a boy like me."

"What makes you think so?" asked his mother.

Jimmy (looking very thoughtful): "Well," he went on, "he always knows exactly what question to ask me when he wants to know where I'm going and what I've been doing."—Selected.

Pretty Girl: "It must have taken a lot of courage to rescue me as you did."

Fireman: "Yeh, I had to knock down three other guys who wanted to do it."—Montreal Star.

HOFFMAN SPEAKER ON MEMORIAL DAY

Governor Scheduled to Talk at Lakeview: Many Musical Units Are Expected

Post Frederick M. Rodgers, No. 156, of Palmyra, is sponsoring this year one of the biggest Memorial Day exercises ever held in this section of South Jersey. This active American Legion post has invited Governor Harold G. Hoffman to be the guest speaker in that part of the program to be held at the beautiful Lakeview Memorial Park on the Burlington Pike near Riverton. The Governor has accepted the invitation and will speak at approximately 4:15 p. m.

Military units expected to be present are a company from the New Jersey National Guards, a company from the Philadelphia Navy Yard, the Burlington County Legion Band and the ERA Band of Mount Holly. One of the attractions of the day will be the appearance of the Palmyra Drum and Bugle Corps, the unit that has parade membership of fifty men and a record of almost as many honors and championships behind them, will add flash and color to the impressive military exercises. Hundreds of school children will decorate the graves of America's war heroes, ministers from Palmyra and Riverton churches will hold services at graveyards in the line of march, and soldier and sailor firing squads will fire the salute over the graves.

The list of distinguished guests inclusive of New Jersey's Chief Executive will be: C. Richard Allen, State Commander of the American Legion and other high Legion officials, the local Gold Star Mothers, Civil and Spanish American war veterans and municipal and county governing officials.

GIRL SCOUTS DINE MOTHERS

Troop No. 1 Hold Mother-Daughter Banquet in Moravian Church Tuesday Evening

Girl Scout Troop No. 1 of Five Points gave a mother and daughter banquet in the Palmyra Moravian Church, Five Points, Tuesday evening, prepared by the Willing Workers.

Mrs. Elwood Haines capably filled the position of toastmistress.

The program was as follows: a tribute to Mother by Helen Ward; piano solo, Elizabeth Veitenheimer; recitation, Mildred Mutchler; solo, Naomi Windstein; piano solo, Evelyn Haines; monologue, Marjorie Neal; duet, Clara Bauer and Naomi Windstein; piano solo, Elsie Adams; recitation, Helen Haines; piano solo, Evelyn Schwartz; recitation, Peggy Haines; piano duet, Clara Bauer and Naomi Windstein; piano solo, Mrs. George Dorworth. First aid demonstrations by the Bluebell and Buttercup Patrols.

Miss Mary Rhoades, troop captain, celebrated her twenty-first birthday, Wednesday of this week, and the troop presented her with a beautiful white handbag and a large birthday cake.

There were forty-eight mothers and daughters present.

REPUBLICANS GIVE DINNER-DANCE

May 22 Set for Outstanding Event of Spring Program of Associated Clubs

A spring dinner-dance and card party, sponsored by the Associated Republican Clubs of Burlington County, will be held at Log Cabin Lodge, Medford Lakes, May 22nd. Parker Nelson's orchestra will furnish the music for the dancing.

Tickets are \$1.25 and may be procured from Mrs. Alma Evans or any member of the committee.

Jack Whomsley, of Riverside, is chairman of the committee in charge of the affair, which promises to be one of the outstanding of the spring activities planned by the clubs.

Doing things in a hurry gives you plenty of time to start all over again and do them right.—Augusta (Kansas) Gazette.

ANNIS STOCKTON CHAPTER ELECTS

Mrs. R. S. Williams, of Riverton, Is Secretary; Miss Jane Burr, President

Election of officers took place at the regular monthly meeting of the Annis Stockton Chapter, Daughters of the American Revolution, held in the Chapter House, Burlington, on Monday.

The following were chosen to serve for three years: Miss Jane Burr, Bordentown, regent; Mrs. Raymond Fuget, Edgewater Park, vice regent; Mrs. Ira Davis, Beverly, second vice regent; Mrs. R. S. Williams, Riverton, secretary; Mrs. William S. Branson, Palmyra, corresponding secretary; Miss Emilie Grant, Burlington, treasurer; Mrs. Anna V. Blackburn, Palmyra, chaplain; and Mrs. Sherman Border, Beverly road, historian.

Miss Burr gave a very interesting report on the recent annual meeting in Washington, D. C.

The next regular meeting of the Chapter will be held Monday, June 10, at the Chapter House, Burlington; box luncheon.

COURT ORDERS DOGS REMOVED

Two Owners Must Keep Dogs Out of Town; Chief to Prosecute Dog Tax Evaders

Police Recorder Cecil A. Bowers heard two cases in the Riverton police court Wednesday night brought against the owners of dogs. The police dog owned by H. L. Unland, 414 Linden avenue, is to be taken out of town by mutual consent of the owner and complainant, Edwin Collar. The dog owned by Unland bit seven-year-old Virginia Collar last February and was ordered out of town at that time. Last week, however, Mr. Unland brought the dog back to town with the intention of keeping it tied in the yard.

A dog owned by Mrs. Margaret Fleming in the Williams-Wright Building was also ordered out of town by the recorder. Mr. and Mrs. Ezra Carhart of the same building complained that the dog bit their six-year-old son, Jackie.

Chief of Police William Gootes stated that the Riverton police intend to take action and enforce the dog ordinance within the borough. Owners who do not register their dogs with the borough clerk will be taken before the police recorder and fined 5 and costs. Since the \$1 dog tax has been eliminated fewer dogs than ever have been registered, according to the Chief.

TILLCUM STAFF HOLDS CAKE SALE

This Saturday, May 18th, on Sheriff's Wimer's porch, the Tillicum staff will hold another cake sale to assist in financing the Palmyra High School Yearbook. There will be all kinds of cakes, pies and fudge on sale. Stop and buy what you like at most reasonable prices.

NEXT CLINIC, JUNE 3

The Burlington County Tuberculosis League will not hold a chest clinic on May 20th, the regular date. The clinics are usually held the first and third Mondays of the month, but as the League is tuberculosis testing the Riverside school pupils at that time, this clinic will be cancelled, making the next one on June 3rd.

P. H. S. JANITOR WINS AWARD

Walter M. "Pop" Horner, janitor of the Palmyra High School, was presented with a solid gold medal for 25 years' active service with the Palmyra Fire Company on April 29 by the fire company.

Mr. Horner joined the Palmyra Fire Company in 1910.

Better formation than reformation.

LAST MEETING OF PORCH CLUB

Retiring President Receives Gift From Club as Token of Appreciation

The last meeting of the Riverton Porch Club for this season was held Tuesday, May 14. The chairman of each department read her report of the year's work.

Mrs. Charles Allen presented Mrs. Murray C. Boyer, retiring president, with a silver bowl from the club, in grateful appreciation of her years of devoted service.

A box luncheon was served with the club furnishing coffee and dessert.

The new president, Mrs. J. D. Clark, took the chair and reports from the general convention held in Atlantic City last week, were read.

A large representation from the Riverton Club attended the convention and the varied reports provided of much interest.

RIVERTON P.T.A. PLANS SUPPER

Picnic or Platter Supper May Be Purchased at Park on Field Day

Don't forget the annual Field Day pageant at Memorial Park, Thursday, May 23, and food sale and platter supper (25c) to be served conveniently on small tables by the Riverton P.T.A. The children and faculty of the school have planned an elaborate pageant, so bring your friends and enjoy a delightful afternoon and early evening at the park.

The annual meeting and election of officers of the Riverton P.T.A. will be held Monday, May 20th, at 3 o'clock in the school auditorium.

After the reports of the committees and the election of officers for the coming year, Dr. Harry L. Rogers, of Riverton, will speak on the problem of health.

Just prior to the meeting the first and second grades of the Riverton school will hold a circus on the school grounds.

MRS. WM. ROWAN NEW PRESIDENT

Sacred Heart P.T.A. Held Election Last Thursday; Food Sale Thursday, May 23

The election of officers for the Sacred Heart P.T.A., which took place in the school auditorium last Thursday afternoon, resulted as follows:

Mrs. William H. Rowan, president; Mrs. E. A. Kavanaugh, first vice-president; Mrs. Herbert Kemmerle, second vice-president; Mrs. Charles DeLaney, third vice-president; Mrs. Edward Steedle, secretary; Mrs. Harry Gottlieb, treasurer and Mrs. George Luce, corresponding secretary.

FOOD SALE
The food sale of the Sacred Heart P.T.A. will be held Thursday afternoon, May 23rd, from 2 to 4 o'clock, at the school. For orders taken and delivered call Mrs. Margaret Steedle, chairlady, Riverton 1501.

SECTION H—Exhibit of hats trimmed with real flowers by the Junior Porch Club (evening only).

SECTION I—Occasional chair and table with flowers.

CINNAMINSON P.T.A. ARTISANS PLAN BIG INITIATION

Last week the combined school and P.T.A. observed Health Day. Since the last meeting, members of the association visited the patrons of the school and invited all to come to the meeting and as many as could make it convenient, to be the guests of the association at lunch.

It was most gratifying to have eleven, who have not been attending meetings, present, and it is earnestly hoped that they will all feel the friendly helpfulness of the members and be willing to help in the future. During the meeting which followed, the fifth grade, coached by Miss Florence Eagan, gave a Health play, "David and the Health Fairies." Mrs. Mary W. Armstrong, of the State Extension Service, talked most interestingly on the "Standards of Packed Lunches."

A number of attractive balanced lunches were displayed. These were prepared by mothers and the upper grade girls, and could be supplemented by a hot dish from the lunch-room if desired.

Mrs. Leon Eagen, the Welfare chairman, read several articles of interest, and reminded all of the slogan for 1935, "Stamp Out Diphtheria."

Mrs. Mandeville sang some of her delightful solos and the committee thanks her, and every one who gave so generously of their time and interest.

Who looks too much at himself looks too big to himself.

MEN'S CLUB

The Men's Club of Palmyra and Riverton is having a "Ladies' Night" Monday evening, May 20, at 8:15 sharp, in Christ Church Parish House, Palmyra.

An unusual entertainment is in store for you. All seats free. Bring your wife or sweetheart and enjoy.

War harms everybody, helps nobody, settles nothing.

Careystone Shingles
MADE OF ASBESTOS AND CEMENT

Roof troubles and roof expense over forever! That's the satisfaction and economy you enjoy when you roof with Careystone Shingles. These rock-like shingles are made of asbestos and cement and will last as long as your building. Can't rust, rot or burn. Carry the lowest insurance rate. Meet requirements of any city zone. Never need paint or other preservatives. No upkeep whatever. Three styles and beautiful colors give wide range for roof individuality. Before you buy any roofing, get our prices on Careystone Shingles.

ROTARIANS TOLD OF PRR PROBLEMS

A. B. Cole, Supervising Agent of Pennsylvania Railroad Addresses Local Club

The railroad problem is a big factor in the business recovery of the country, said A. B. Cole, supervising agent of the Pennsylvania Railroad, during his address to Palmyra-Riverton Rotarians last week. He stressed the large number of citizens who directly or indirectly have a financial interest in the railroad, through stock ownership, or insurance policies which are heavily backed by railroad bonds. Ninety percent of the stockholders own less than one hundred shares, so that the 24 billion dollars involved, represents no mean part of the American peoples savings.

Mr. Cole frankly stated the railroad point of view concerning the network of concrete highways that span the nation. Competition with trucks has hit the railways hard, for the former involve little investment, and their smooth roadbeds are paid for by taxation. Against this is the fact that in normal times five billion dollars are put out by the railroads in wages and purchases. Even now they employ almost a million men. Safety, said Mr. Cole, is another factor to consider. Speed on the highway means death, ever increasing in volume, until each years toll of human life reads like the casualties of a great war. Railroads, on the other hand, spend much money on safety devices. High speed trains have a dead man's control on the engines so that even should the engineer die of a heart attack, the train will automatically stop. Legislation passes bills to promote the safety of the public on the railways, while the highways are not so regulated. Safety-first, added Mr. Cole, is the first maxim of the railroad employee.

Mr. Cole admitted failure on the part of the railroads to do all they could have in the past to gain the goodwill of the people but assured his listeners that they are not yet licked, and will put up a strong fight to hold their traffic. The P.R.R. wants to do the best it can for the river towns, and in turn asks their cooperation. They desire to remedy the condition which results in expenses exceeding income, followed in turn by retrenchment through the abandoning of track, removal of trains, closing of stations, and cutting of personnel.

FOR those bright summer days, buy a pair of sun goggles from B. E. Blankenbush. Prices range from 25c to 50c.

The true diplomat is the man who has advanced more than others in the gentle art of getting along with his fellowmen.—Warren.

"Do you speak French?"

"No, but I have a brother who plays beautifully on the French horn."

TALCUM and dusting powders, slightly scented, 25c up. B. E. Blankenbush, 606 Main st, Riverton. 5-16

PHALANX MAKES SURVEY OF YOUTH

Survey Started at Meeting Monday Evening; Will Include Youth in Both Towns

On Monday evening, May 13, the seventh meeting of the Omega Chapter, Phalanx Fraternity, was held in the YMCA hall, J. Horace Finney, Jr., Primus, presiding. Harry Clover and Dr. Hayes Brady, representatives elected to attend the birthday party and Charter dinner, in Elizabeth on April 30, gave a report on the affair. Leroy Lester and Wilton Mount also went to the dinner from here.

E. Newbold Cooper, Mentor, explained a little more fully the plans for the Youth Council, which C. P. Mayfield, the Rotary Club, the YMCA Board of Directors and the Omega Chapter, Phalanx Fraternity, have started.

The Primus appointed a Youth Council committee consisting of Thomas Cahill, Dr. Hayes Brady, Giles Knight, Leroy Lester, Harry Clover, W. Maynard Bowen and J. Horace Finney, Jr.

An executive committee made up of the officers and committee chairmen was appointed. The members of this committee are, J. Horace Finney, Jr., Primus; Leon R. Sloan, Pro Primus; W. Maynard Bowen, Quaestor-Tribune; E. Newbold Cooper, Mentor; Dr. Hayes Brady, chairman of program committee; and Leroy Lester, chairman of membership committee.

The purpose of this committee will be to meet at intervals and establish the principles and policies of the Fraternity. About two years ago a Youth Council was started in Springfield, Massachusetts. It met with very marked success and has been able to place many hundreds of young men and women in jobs. It is the aim of the Palmyra-Riverton Youth Council to make a complete survey of the two towns to determine what jobs are open, and find out who are best prepared to step into these jobs as opportunity arises. This is being done by having the members of the Fraternity fill out cards containing blanks for this information.

The Rotary Club will also be given a questionnaire to fill out. In this way information will be available for those wishing information about a job. The files will be kept at the YMCA office and access may be had to them at any time.

The next meeting will be held on Monday, May 27, at which time David S. Little, of Riverton, an aviator of no little note, will speak to the group. Mr. Little is connected with RCA-Victor.

Mr. Gorham P. Sargent entertained at tea in honor of Mrs. Francis B. Downs, at her home Wednesday afternoon. Those who poured were: Mrs. Winthrop Sargent, of Haverford, Mrs. G. Lincoln Ridley and Mrs. Harry L. Rogers. Mrs. Charles Broome, of Llanarch, mother of Mrs. Downs was among the 50 guests.

No sweet without some sweat.

CALVARY PRESBYTERIAN CHURCH

Rev. Charles T. Bates, B. D., Pastor
Sunday, May 19th: Church School, 9:45 a. m.; Worship, 11 a. m.
Wednesday, May 22nd: The Mid-week Service, at 8 p. m.
Friday, May 24th: A Food Sale, from 2 until 5 p. m., will be given by Mrs. Houlder's Class. The proceeds will be used for the School picnic fund.

FIRST LUTHERAN CHURCH

Rev. Harold L. Creager
The regular worship services will be held next Sunday morning and evening. The sermon themes will be "That I May Know Him" and "Religious Enthusiasm."
The Woman's League of Gettysburg College will hold their annual banquet in this Church on Friday, May 24, at 6:30 o'clock. The guest speaker will be Mrs. Paul Weber, of Camden. Members and friends from Camden, Collingswood, and Westville will be in attendance.
The pastor will attend the meeting of the East Pennsylvania Synod next week in Lititz, Pa.

CHRISTIAN SCIENCE CHURCH

"Mortals and Immortals" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, May 19.
The Golden Text is: "In the way of righteousness is life; and in the pathway thereof there is no death" (Proverbs 12:28).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Rejoice in the Lord always; and again I say, Rejoice. And the peace of God, which passeth all understanding, shall keep your hearts and minds through Christ Jesus" (Philippians 4:7).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Who that has felt the loss of human peace has not gained stronger desires for spiritual joy? The aspiration after heavenly good comes even before we discover what belongs to wisdom and Love. The loss of earthly hopes and pleasures brightens the ascending path of many a heart. The pains of sense quickly inform us that the pleasures of sense are mortal and that joy is spiritual" (p. 265).

Borough Council Cuts Interest

RIVERTON HAS TEN ROBBERY ATTEMPTS

Section on Linden and Elm Avenues Visited by Sneak Thief

A wholesale burglary attempt was made Sunday night, covering ten homes in Riverton and three in Palmyra and netted the burglars nothing for their pains.

The houses entered and attempts made to enter in Riverton follows: Thomas Cashin, 216 Linden avenue; Wilton E. Mount, 218 Linden avenue; Luther Turner, 222 Linden avenue; Robert A. Garwood, 402 Linden avenue; William McCord, 410 Linden avenue; Edwin Collar, 418 Linden avenue; Jesse M. Coddington, 415 Elm avenue; Charles Bailey, 417 Elm avenue; Samuel Williams, 421 Elm avenue; and Llewelyn Stout, 421 1/2 Elm avenue.

A flashlight was found by the Palmyra police together with an umbrella taken from one of the homes. The flashlight was wrapped with tire tape over the lens to permit but a tiny shaft of light to show. Most of the homes visited were subjected to back door attempts, and in many cases the screen doors were propped open, and the key to the regular door found lying on the floor on the inside.

Police in both communities are investigating the cases.

RIVERTON

Mr. and Mrs. Conrad Friday and daughter, of Scarsdale, New York, spent the weekend with Mr. and Mrs. George Friday, Jr.

Mr. and Mrs. George Snyder were weekend visitors in Atlantic City, stopping at the Hotel Geary.

The first annual Communion Breakfast of the B.V.M. Sodality will be held Sunday, May 19, in the Sacred Heart School, Riverton.

Mr. and Mrs. Lawrence Caskey spent Sunday with his mother, Mrs. Julia Caskey, of Holmesburg, Pa.

Miss Naomi Evans spent several days last week in Atlantic City, as the guest of Miss Esther Reeves, of the Jefferson Hotel.

The following officers of the O.E.S. of Palmyra, will attend the annual convention in Asbury Park, Wednesday and Thursday of this week: Mrs. Evelyn Weart, worthy matron; Mrs. Beatrice Nace, secretary; James M. Weart, worthy patron; Mrs. Frances Hartley, past matron; Mrs. Ellen Smith, associate matron and Mrs. Sarah Price, past matron.

Mr. and Mrs. Samuel A. Plumly entertained at the Indian Queen Hotel, Stroudsburg, Pa., on Tuesday in honor of their wedding anniversary.

Several ladies from Riverton and Palmyra attended the bridge luncheon at Log Cabin Lodge, today (Thursday) given by the Woman's Republican Club of Burlington County. Mrs. Minnie Husted, of Florence, is chairman of the committee on arrangements.

Mrs. S. L. W. Field has been spending the past week in Chicago, with her daughter Margaret, who is Director of Religious Education in the Halsted Street M. E. Institutional Church of that city.

Mr. and Mrs. William Bolton, of Broad street, and John Hinkle spent Sunday at the home of Mr. and Mrs. Ralph Keebler, of Delanco.

Mrs. William Glass has returned home after a two weeks' visit in Germantown, Pa.

Mr. and Mrs. Samuel A. Plumly motored to the Orange Mountains on Sunday in their new Airflow Chrysler 8.

Miss Margaret Miller entertained sixteen members of her class at Moorestown Friends' School at dinner last Saturday evening just prior to the Junior Prom at the high school.

The following were recent guests at Chalfonte-Haddon Hall, Atlantic City: Mrs. Gorham Sargent, Mrs. H. W. Shreve, Mrs. Howard Coe, Mrs. J. D. Clark, Mrs. S. L. Warren, Mr. and Mrs. Brooks Evert and Mrs. Henry L. Randall.

Mr. and Mrs. Richard M. Hollingshead, with their house guests, Mr. and Mrs. John Nickerson, of Darien, Connecticut, have returned to their home on Linden avenue after a stay in New York City.

RIVERTON SCHOOL NOTES

Play Day, May 23

The Play Day program this year will include a May Queen. Five girls were elected from the eighth grade. The one that received the highest number of votes from the whole school will be May Queen.

The boys have planned to build a bower which will be as cold and bare as a bitter day in March. Jack Frost will appear and walk about among the shivering trees blowing his freezing venom upon their quivering branches. Tiny snowflakes flutter about upon this waste land, followed by the arrival of spring time. It is so cold, however, that her light garments are not enough protection against the wrath of winter, and she is chased back again by nature's fierce season. Then whistling and dancing among the trees comes the wind, blowing the dry, dead leaves from the trees and causing them to bend forth their branches. Preceding this scene comes a rain dance, an attractive fantasy furnished by the third grade. Then having finished, a bright rainbow will appear, after which a sunbeam dance by the kindergarten will be given. A dance of the farmers will follow. Then comes springtime's most beautiful factor, the chirruping birds, represented by the children in Miss Ewald's class.

The summer season will indeed be pronounced with the arrival of flowers, gracefully sweeping down amongst the once barren spot. This act will be performed by the fourth and fifth grades.

A butterfly and bee dance will bring the signs of spring to a climax, and then graceful in all the splendor of her reign, Spring will appear, clothed in a flowing gown of green.

The person playing this attractive part is one of the eighth grade girls selected by popular vote of the school Helen Borer.

A spring dance will be done by the seventh and eighth grade girls. At this period the May Queen will enter, surrounded by her attendants, her train held by two kindergarten pupils, and gracefully take her place upon the throne. She will be entertained by clowns represented by the seventh and eighth grade boys, and the girls from the fifth, sixth, seventh and eighth grades will take part in a May Pole Dance. After this colorful spectacle, spring will come forward with all the grace and poise the season portrays and crown the Queen of May.

By Phyllis Howard, Grade 8.

PROGRAM

1. Winter — Warren Hubbs
Jack Frost — Ted Clelland
Snowflakes — 2nd grade
2. Spring approaches — Helen Borer
Spring's attendants
7th and 8th grade girls
3. Winds — King of Winds
Kenneth Davis
Traveler — Russell Farrow
North Wind — Wm. Waters
South Wind — Ed. Trautman
East Wind — Geo. Steele
West Wind — Joe. Moorhouse
Spring breezes, 4th grade girls
4. Rain — 3rd grade
5. Sunbeams — Kindergarten
King Sol — Arthur Hoyt
6. Farmers, 5th & 6th grade boys
Chorus, 5th & 6th grade girls
7. Trees — 7th & 8th grade boys
8. Birds — 1st & 2nd grades
9. Flowers —
(a) 4th & 5th grades
(b) 5th & 6th grade girls
Walking windmill
Granville Dare, Wm. Harding
10. Butterflies and Bees, 1st grade
11. Spring triumphs
12. The May Queen
and her Court.
13. The Clowns
7th & 8th grade boys
14. May Pole Dance
5th, 6th, 7th, 8th, grade girls
15. Recessional
(Please clip and bring with you.)
Home Room Meeting Grade Six
May 6, 1935. Minutes of regular (continued on page 8)

Riverton Man Rebukes Adams

(continued from page 1)

to the new bond act, was offered by Freeholder Cook and passed by the board.

Permission was granted Public Service for the erection of 10 poles along the Evesboro-Hainesport road in Mt. Laurel township.

More Money for Bridge

Freeholder Heiser offered a resolution authorizing an increase of \$70,000 over the \$225,000 already appropriated for the R. Delanco bridge. The sum was occasioned by made in the original plans.

The resolution further authorized a temporary bond anticipation note at interest not to exceed 6 per cent and for one year term, with an additional one year extension if necessary. If the Government grant for \$50,000 is forthcoming in the near future it may not be necessary to execute the note as authorized. The resolution was passed unanimously. The foregoing resolution, passed its first reading, will be advertised and brought up for second reading at the meeting of May 24th.

Freeholder Heiser stated that as much of the county funds were being used for the highway and bridge departments, a shortage may soon present itself and in order to protect itself for the transaction of its regular business asked authorization for tax anticipation notes not to exceed \$50,000 at interest not to exceed 6 per cent, and to terminate on December 31, 1935. The state owes the county nearly \$150,000 which, if it is paid soon, will remove the necessity for issuing notes under the resolution.

Director Adams offered a resolution rescinding resolution number 79 of March 29, 1935, since its contents are ineffective under the new bond act. The meeting voted unanimously.

To Start Re-Indexing
Director Adams asked for \$3,500 as an emergency appropriation to assist in a project under the FERA whereby the labor would be supplied to restore and re-index the records of both the county clerk's office and the surrogate's office. These records, open to the public and in use for years, have suffered much handling and are in poor condition. The restoration by the FERA will result in a \$40,000 saving to the taxpayers. The resolution was passed.

A letter was read from the Stockwell-Knight Co., in Moorestown, in which a bill for \$22.84 for repairs to the sheriff's car, damaged in an accident, was returned as uncollectible. The policy on the county car carried a \$50 deductible collision clause.

In reply to another paragraph in the same letter the clerk of the board was directed to cancel the bond of H. B. Smith and Louis A. MacFarland, former county engineer and road supervisor respectively, and to secure the unearned premium caused by the cancellation. William H. Absalom, of Mount Holly, complained that the new road construction on the Mount Holly-Rancocas road has prevented drainage on the property adjoining the road and owned by him, and asked that a ditch be dug to carry off the excess water. The letter was referred to Freeholder Jones.

Expect Early Approval
A letter was read from Ash, Howard, Needles and Tammen stating that the state engineer of the PWA, Cornelius C. Vermule, Jr., who has been confined to his home with an illness is expected to return shortly to his office and that his approval of the new agreement between the Board of Freeholders and the Kolyn Construction Company is expected momentarily.

A letter was read from the Stockwell-Knight Co., returning the unearned premium on policies covering county cars recently disposed of.

A letter was read from the Township of Riverside in which it was stated that many complaints were being received about the unsound condition of the temporary bridge between Riverside and Delanco. Freeholder Jones stated that the responsibility for that rested with the contractor since it was his bridge. The letter was referred to Freeholder

A MODERN HOME

Refinement

The Snover Funeral Home offers every refinement known to the profession of Funeral Direction; refinements that add nothing to the expense of our service... they are a product of many years of experience.

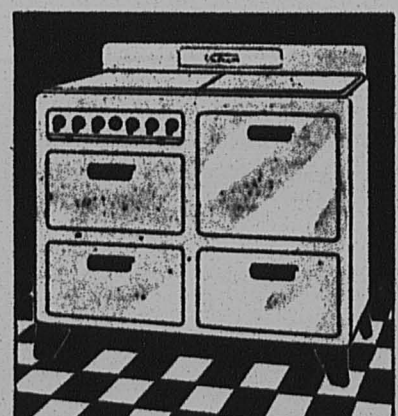

Snover Funeral Home

INCORPORATED
FRANK A. SNOVER and JOHN N. SWARTZ
PALMYRA, NEW JERSEY

Telephone, Riverton 830

THE 3 R's OF KITCHEN COMFORT

- 1 Range
- 2 Refrigerator
- 3 Running Hot Water

FIRST—A range automatically operated by gas—up-to-date in style, in equipment and in the service it performs. This Vulcan range was designed by Norman Bel Geddes, who incorporated suggestions made by American women. They were agreed on an elevated roller bearing slide type broiler, a well insulated oven with automatic heat control, the convenience and cleanliness of smooth surfaces (note the way doors and drawers are set flush). Specially priced now at \$99.50 cash.

SECOND—A refrigerator automatically operated by gas. The Electrolux will give long and dependable service. It operates quietly and has no moving parts to wear out. Maintains a dry cold atmosphere ideal for keeping food fresh. Makes an abundance of ice cubes. Cash prices are from \$125 up.

THIRD—Running hot water—a gas automatic hot water heater gives you a dependable supply of hot water at moderate cost. The High Low Penfield heater will give you fifty gallons of hot water a day at a cost of 12 cents a day. If you need more hot water turn on a second burner. This type of heater gives you control of your gas bill.

S. & C. TO DISPLAY NEW 'MOTOHOME'

Exhibit of Latest Word in
Modern Home Construction
Will Be Ready Soon

Philadelphia will have opportunity to inspect the much-talked-of "Motohome" when, within a few weeks, Strawbridge & Clothier will place on public view in their store the first of these prefabricated dwellings to be seen in Philadelphia. The exact date and the detailed plans for the opening ceremonies will be announced shortly. Construction of the house, which has five rooms and bath, has been going on quietly for the last two weeks and is now nearing completion. Landscaping will start within a few days.

"Few new developments have caught the public imagination more strongly than the prefabricated product of American Houses," says Strawbridge & Clothier. "When the resources of American industry set out to place the American home on the same high plane of engineering perfection with the automobile and the radio, the result is of first importance. For that reason we are pleased to provide for our patrons opportunity to inspect what is widely called the home of tomorrow. We are not selling these houses, but shall display a fully equipped and operating Motohome because everybody wants to see one at first hand."

American Houses are erected for the purchaser, on his land, and turned over to him complete and ready to move into, even to a three-day's supply of food in the kitchen. Test houses have been lived in and studied for four years in various parts of the country. Priced from \$4900 to \$9900, with such advanced conveniences as air-conditioning, and featured by the "magic moto-unit," when this unique house was placed on exhibition early in April it was dedicated to the women of America by Mrs. James Roosevelt. Over 100,000 people visited the first one, in New York, in the following month.

The moto-unit has been an object of widespread interest. It is the mechanical core of the house, the nerve center, in the form of a large cabinet in which are built all such utilities as the heating, plumbing, air-conditioning and electrical and mechanical devices. One side of the moto-unit faces into the kitchen, the other into the bathroom. It was this feature among others which caused Owen Young to wax enthusiastic, and to say how gladly he would have exchanged the rigors of his own youth for the easy, automatic hospitality of such a home.

There are so many other features, most of them entirely new, that everybody will want to see the house. It represents an entirely new thought in home construction—no cellar, no attic; fireproof, lightning-proof, termite-proof; it is so scientifically planned that the daily routine of housekeeping is tremendously simplified—all in all, an entirely new conception of house building which will have a great influence in the home of the future.

EXHIBITION TENNIS MATCH AT FETE

Wilmer Allison will play an exhibition tennis match at Moorestown Field Club, Saturday, May 18th, at 3 o'clock, at which time the Moorestown Field Club will present four of the country's outstanding tennis players in exhibition tennis matches, Mrs. John B. Jessup, of Wilmington; Mrs. John VanRyn, formerly of Philadelphia, and Wilmer Allison, of Texas.

Mr. VanRyn and Mr. Allison are considered the world's greatest doubles team. Both are on this year's Davis Cup team. Mr. Allison being the United States ranking number one player. Mr. VanRyn is among the first ten. Mrs. Jessup and Mrs. VanRyn are also brilliant tennis players and are members of the Sears Cup team.

In case of rain these matches will be played on Sunday at the same time and place.

Philatelic Interests BY FRANK HALEY, JR.

It is evident that short notice had little effect in holding down the load on the Pan-American Clipper Flight to Hawaii and return. As reported in the papers about 10,000 covers made the westward flight and almost as many the eastward. It may be assumed that a number of the latter were round trip items, being carried both ways. Covers as received are very attractive in appearance and evidence the fact that they were carefully handled by Pan-American Postal. Markings in this country include San Francisco postmark April 16, 2 p.m., and Alameda backstamp same date 3 p.m., as well as the Honolulu backstamp of 9 a.m., the 17th. Return flight markings are Honolulu April 22, 3 p.m., and San Francisco April 23, 4 p.m. An airmail service will be started on July 1st by the Pacific-Alaska Airways, Inc., carrying regular mail over two routes. The first route is from Fairbanks via Lake Minchumina, Medfra, McGrath, Sleetmoot, Crooked Creek, Napamute, Aniak, Kalskat, and Alakak to Bethel. The second route is Fairbanks to Livengood and return. This notice gives ample time to prepare covers (3c rate sufficient).

IN CHANCERY OF NEW JERSEY

TO HOME CREDIT COMPANY:

By virtue of an order of the Court of Chancery of New Jersey, made on the day of the date hereof, in a cause wherein Cinnaminson Bank and Trust Company, of Riverton, New Jersey, is complainant, and you, Home Credit Company, are one of the

New Issues

"CUBA — Air Post — Two 'Air Train' stamps were put on sale unexpectedly April 26th. The purpose of the issue was to raise money for the first Air Train flight to Miami and the \$3,000 raised was given to the pilots. The 10c type AF-3 was printed in carmine red and overprinted in black in three lines as follows: "Primer Tren Aereo Internacional. 1935 O'Meara y du Pont + 10 cts." The stamps were issued in perforate and imperforate. A total of 33,000 copies were printed and of these 10,000 were imperforate. Therefore there can only be 10,000 complete sets. It took just one hour from the time they were put on sale until they were gone. Although the stamps face 40 cents, Cuban dealers ask now three times that much.

FRANCE—A new 150 fr. dark blue stamp now appears to celebrate the launching into trans-Atlantic service the French liner "Normandie." A drawing of the ship extends well across the stamp with two tiny sailboats in the foreground to emphasize its super-size. The name "NORMANDIE" is in a curved line above the ship. (Courtesy of Mekeels.)

defendants, you are required to appear and answer the bill of sale complainant on or before the 15th day of June, 1935, or the said bill will be taken as confessed against you.

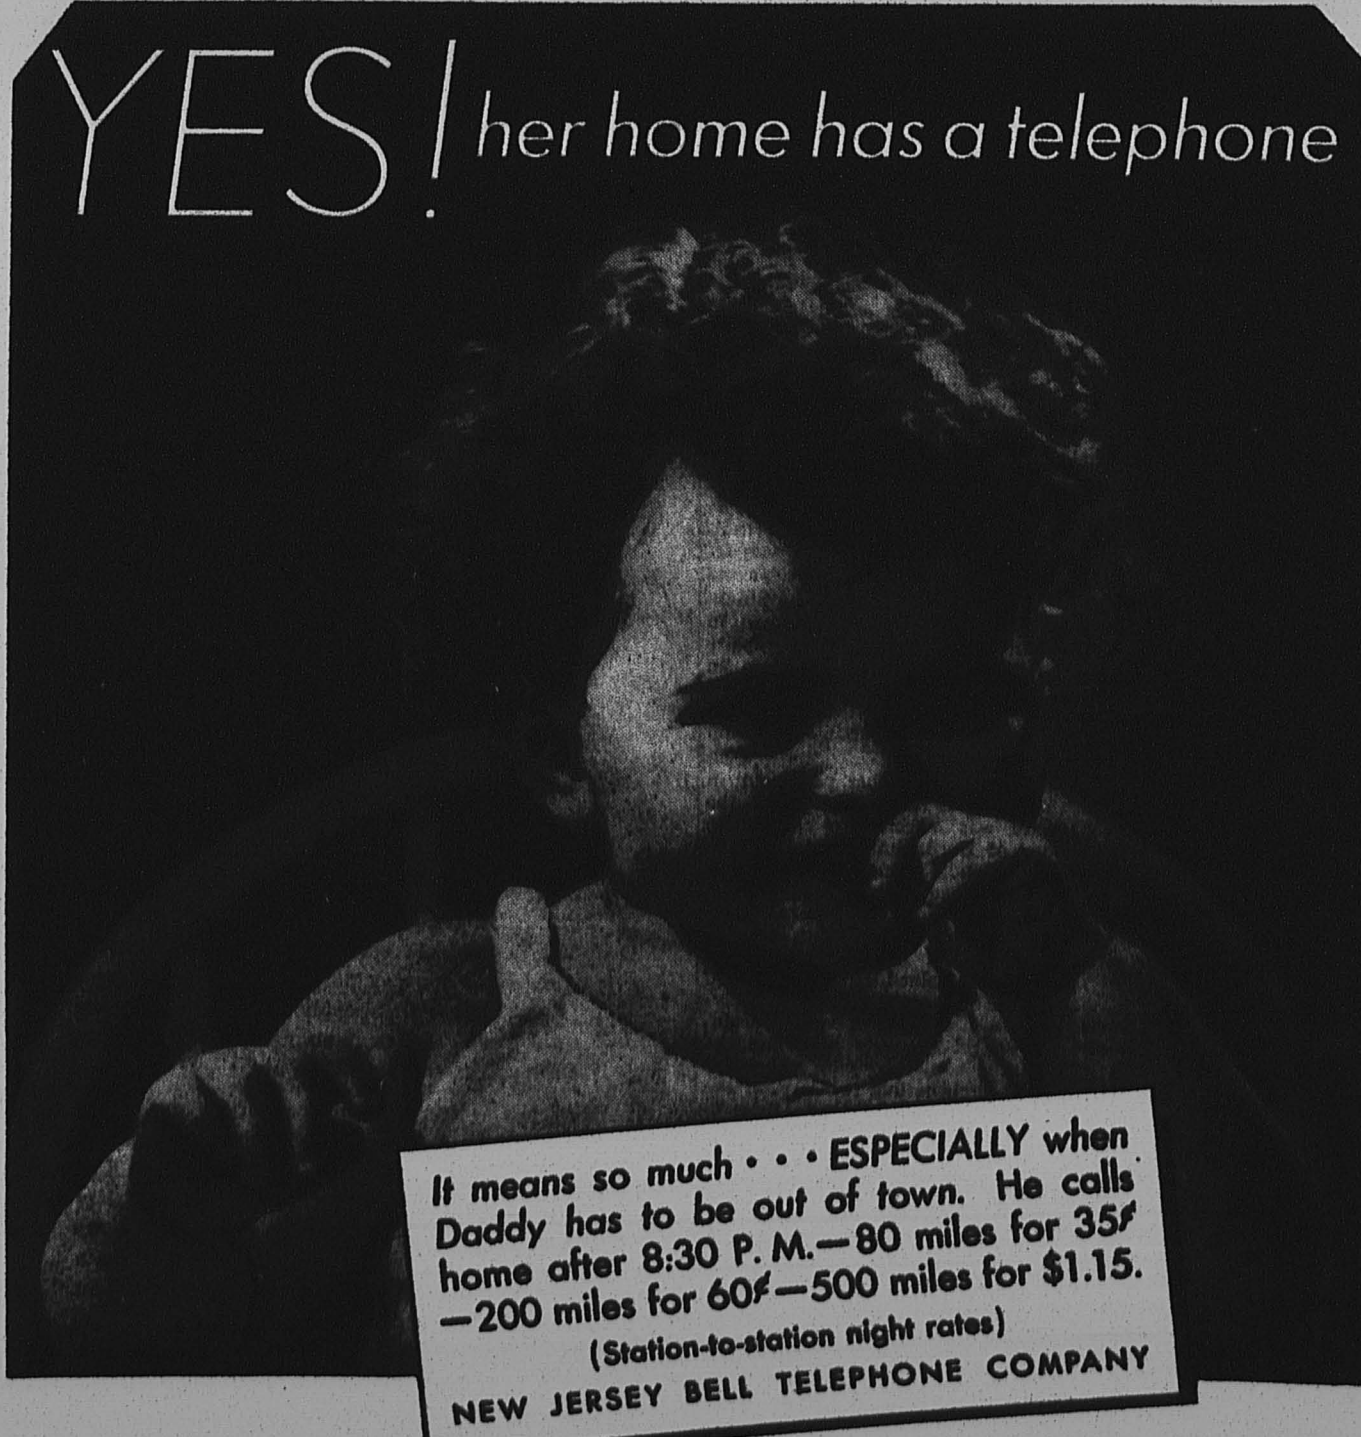

The said bill was filed to foreclose a mortgage given by Leslie G. Lamoth and Mary C. Lamoth, his wife, to said complainant, dated February 6th, 1931, and recorded in the Office of the Clerk of Burlington County in Book No. 231 of Mortgages, page 254, upon lands and premises situate in the Borough of Palmyra, in the County of Burlington, and State of New Jersey, more particularly described in said bill of complaint.

Most Desirable Quality

An unduly high rate of interest on an investment often distracts the investor's attention from other qualities not so desirable. Always be guided by safety. Your account is cordially invited.

RIVERTON, N.J.

YES! her home has a telephone

It means so much . . . ESPECIALLY when Daddy has to be out of town. He calls home after 8:30 P.M.—80 miles for 35¢—200 miles for 60¢—500 miles for \$1.15. (Station-to-station night rates)

NEW JERSEY BELL TELEPHONE COMPANY

TONIGHT, IN NEW JERSEY as elsewhere, in millions of American homes, in cities, towns, and hamlets, security is felt and safety is given, by the telephone.

Not alone the security of knowing that every local agency for protection and aid is within call.

Nor the security of knowing that the telephone is ready for service every minute of every night and every day.

But also the security of knowing that any other telephone, no matter how far distant, is within quick reach. Family, friends, business associates in other places can

always be quickly called in any situation.

Nation-wide Bell System service giving added safety and security to American homes has been fifty years in the making. It started with the birth of a new art of communication and has been developed by unified Bell System

effort in research, engineering, manufacture, purchase and operation.

The Bell System has grown up with America and helped America to grow up.

Tremendous

Trifles
By ELMO SCOTT WATSON
WASHINGTON "ASSASSIN"

"G" GEORGE WASHINGTON, an assassin, "impossible" you exclaim. But it's true. Washington himself admitted it! On May 28, 1764, his Virginia militia made a surprise attack on a party of Frenchmen at Great Meadows in western Pennsylvania. They killed ten, including the leader, Colonel Jumonville, and took twenty-one prisoners, who claimed that Jumonville was an envoy sent to warn the English off the French lands. Since England and France were not at war, they said the attack was a violation of international law. Papers found at the time proved that they were also scouts for a French force sent to drive the English away.

Five weeks later, that force, commanded by Jumonville's brother, Colonel de Villiers, besieged Washington's little army at Fort Mifflin. However, Washington held out until a demand for surrender was put into writing. It was a soggy, rainy day and the French note was "written in a bad hand on wet and blotted paper." In it Villiers twice stated that the French were not attacking the English, but were punishing "L'assassinat du Sieur de Jumonville." This was read to Washington by Jacob Van Braam, a Dutchman, who translated the word "assassinat" simply as "death or loss." So Washington signed the articles, with that fatal word in them.

It was a trifling error of interpretation, but the French, who welcomed an excuse for war with "perfidious Albion," seized upon the young colonial officer's "confession." It played no small part in bringing on the Seven Years' War.

RIVERTON-PALMYRA TELEPHONE GROWTH

Number of Subscribers Seven
Times As Great As
In 1905

During the last thirty years the number of telephone subscribers in Palmyra and Riverton has increased about seven-fold. This is revealed by comparison of a telephone directory published in 1905 with the new May 1935 telephone book to be distributed throughout the Camden area starting about May 16. In the 1905 book Palmyra and Riverton had a total of 250 listings, while the new book contains about 1,550 names listed under these two towns.

An advertisement in the back of the old book boasts that "the telephone reaches everybody, everywhere," and declares that "1,700,000 telephones may be reached from your telephone." Today subscribers need only pick up the receivers of their telephones to call any one of more than 30,000,000 telephones in sixty-odd nations of the world. Recently, Walter S. Gifford, president of the American Telephone and Telegraph Company, demonstrating the progress which has been made in long distance telephony, made a call which encircled the globe, terminating within fifty feet of the office where he made the call. The circuit was 23,000 miles long.

The new Camden district directory contains nine more pages than the book it replaces. Since the publication of the present directory about 3,000 new listings and new extra listings have been added.

Riverton School

(continued from page 5)

meeting of Grade 6, Room 12, Riverton School.

Routine business. Minutes and reports of committees.

Old business. Discussed poor payment of class dues. F. Jones and H. Orlanosa appointed by president to make personal appeals to delinquents.

New business. Strife among players in room baseball team. Discussion. Cause of trouble. Team has selected a captain but are not willing to abide by his choice of players, positions of players or decisions. F. Ulmer is still captain by choice, and players must either play and take suggestions from the captain or find a team with which they can play peacefully.

Program. The entertainment part of our meeting consisted of very fine talks and papers prepared by the boys and girls. Their topics followed the Unit of Music which is based upon the Social Subject Work. This work is voluntary.

N. Delaney—Richard Wagner.

G. Dore—Franz Schubert.

V. Armstrong — German Composers (Mozart, Mendelssohn and Schuman).

E. Hoffman—Incidents in the Life of F. Schubert.

H. Orlanosa—The Great Composer Handel.

E. Cummings — Mozart, clipping from the Etude; Schubert, report on an article from the Etude; Grieg, talk on incidents in Grieg's life.

F. Ulmer—Famous Musicians of Germany.

D. Cooper—Stories about Wagner, Bach, Beethoven and Handel.

J. Longstreet — German Composers and their operas.

J. Hoagland—Short paragraphs about German composers.

P. Caldwell—Bach and Handel.

Follow-up work was suggested by pupils.

At next week's meeting the pupils will bring records of these German composers.

As there was no further business nor program the meeting adjourned.

F. Ulmer,

President;

J. Hoagland,

Acting Secretary.

TO ORGANIZE AUXILIARY FOR ZURBRUGG HOSPITAL

The women of Cinnaminson township are invited to the home of Mrs. George Wofor, 309 Cleveland avenue, Palmyra, at 3 o'clock in the afternoon of Wednesday, May 22, to organize an auxiliary for the Zurbrugg Memorial Hospital at Riverton.

TIPS ON GROWING

BY ONE WHO GREW UP IN
THE BUSINESS

The problem of the bare spot in the garden or on the lawn, so shaded by trees that grass will not grow well, harasses many gardeners. Of course, there are special mixtures of grass seed offered by the best seed houses for such locations, but sometimes, even these prove ineffective.

Under surface-rooting Maples is a particularly difficult locust to keep green. Among the best of the ground covers are Lysimachia nummularia (Moneywort), Pachysandra terminalis, Euonymus Kewensis, Ajuga, Honeysuckle and one of the best, Vinca Minor (the Trailing Myrtle or Periwinkle).

The new type Bowles Variety is such a great improvement over the old variety that it is the best sort to plant. The flowers are larger and bluer than minor. The leaves are broader, brighter green and with more body. Set a foot apart in soil deeply dug and well fertilized and it will soon make a lovely blue-starred green carpet. A striking example is the fine planting made this spring under the big tree on the Presbyterian Church lawn. This bed will in a very short time be a wonderfully effective bright green mat studded with rich blue flowers.

A report from Germany intimates that a Berlin Florist has installed an automatic flower dispenser at his door. One has only to slip the equivalent of 10 cents in the slot and a small bouquet is delivered. The machine is on duty day and night.

They may like gunpowder in their breakfast in the Fatherland but they seem to prefer posies to peanuts and chichlets for their nickels.

At the last annual meeting of the Gladiolus School held at the Michigan State College a prominent grower was asked to furnish a list of the 10 most popular varieties and also a list of the 10 varieties which won most consistently for him on the show table. The list as prepared included the following:

Best Sellers: Minuet, Dr. F. E. Bennett, Mr. W. H. Zippa, Edith Mason, Marmora, Seafoam, Kalamazoo, Mrs. Leon Douglas, Mrs. Van Konyenburg, Pitts's Triumph.

Most Consistent Winners: Minuet, Dr. F. E. Bennett, Cadillac, Edith Mason, Marmora, Seafoam, Dearborn, Picardy, Blue Royal, Rhapsody in Blue.

Anyone contemplating planting Gladiolus either for home and garden or for flower show display will find the above information useful.

Another grower pointed out that yellow is less popular than it was several years ago and that white is in demand.

Still another grower stated that 90% of the buyers did not know one variety from another and buy largely by color, and that with him yellow and white are the two best selling colors and red the least popular.

—

In her column "I Dare Say" in the Pittsburgh Press, Florence Fisher Parry says: "Of all the great alleviators of pain, of heart of mind or body, it seems to me that flowers hold the highest place of all. They are the supreme symbol of every warm attribute of the human heart.

When all else fails—words, tears, even prayers, they penetrate the heart like healing balm and give its faltering beat an impetus."

—

Follow-up work was suggested by pupils.

At next week's meeting the pupils will bring records of these German composers.

As there was no further business nor program the meeting adjourned.

F. Ulmer,

President;

J. Hoagland,

Acting Secretary.

CINNAMINSON FETE

Mrs. Frank L. Babbitt, sister of Mrs. S. Emlen Stokes of Moorestown, has most generously loaned two amazingly brilliant motion pictures to be shown at the Fete. "Grass" a picture depicting the migration of a "nation" in search of grass for their herds, and "Epic of Everest." These pictures will be enjoyed by "all the family" so be sure to "take them in" at the Fete.

In case of rain the Cinnaminson Fete will be held at the Moorestown Community House.

Culture is more charming than cosmetics.

HEADS COUNTY BANKERS ASS'N

Charles S. Goldy Elected President, Howard B. Conover, Treasurer, at Annual Meeting

Charles S. Goldy, cashier of the First National Bank, Riverside, was elected president of the Burlington County Bankers' Association at its fourteenth annual banquet held in Log Cabin Lodge, Medford Lakes, last week.

More than 225 members, their wives and guests attended the banquet.

Other officers elected at the annual business meeting were:

Harry Fisher, People's National Bank, Pemberton, vice president; Howard B. Conover, Cinnaminson Bank and Trust Company, treasurer, and William L. Wilson, First National Bank, Roebling, secretary. The new executive committee is composed of Armit H. Coates, Moorestown, chairman; Jonathan G. Pettit, Moorestown; Morris K. Perinchief, Mt. Holly, and Clarence Smith, Burlington.

Among the speakers were State Senator Clifford R. Powell, who referred to the banks of Burlington County as bulwarks against the depression; Assemblyman Marcus W. Newcomb, who outlined banking legislation introduced and passed at the present session of the legislature, and the Rev. Oscar W. Hendrickson, pastor of Grace Baptist Church, Trenton, and the new city commissioner, who gave an address on "Can We Be Optimistic Today?"

An epicure dining at Crève found quite a fat mouse in his stew. Said the waiter: "Don't shout Or wave it about, Or the rest will be wanting one too."

\$5,177,300 Cut in Electric Rates Benefits Small Consumers Most

Under the new rates which become effective beginning with bills rendered on and after June 1, Residential Service Customers of Public Service Electric and Gas Company who use 50 kilowatt hours of electricity per month will pay for their electric service an average price of

ONLY 6 CENTS PER KILOWATT HOUR.

All Over 50 kwh per Month 3 Cents or Less per kwh

In other words, the same amount of service that formerly cost \$3.80 will be available for \$3.00 per month, or, to put it another way, the equivalent of the \$3.80 formerly paid in any one month will purchase approximately 50 per cent more electricity under the new schedule.

Above the 50 kwh monthly use the price for the next 150 kwh per month will be only 3 cents per kwh and all energy in excess of 200 kwh used for residential purposes in any one month will be available at the very low figure of 2½ cents per kwh.

These figures disclose a substantial reduction from former prices and bring the uniform rates chargeable throughout the entire area served by this company, comprised as it is of 222 municipalities—large and small, mostly small—down to as low a level as exists in any comparable territory in the country.

With the reduced rates in effect the way is opened to consumers to avail themselves of increased service and added conveniences on a very economical basis.

Every class of electric consumers served by this company will be benefited by the new rates.

Residential Service Customers, in the aggregate, will share by far the greatest benefit as approximately \$3,433,500 of the total reduction will be applicable to that class of consumers.

General Lighting and Power Service, Combined Lighting and Power Service, Wholesale Power Service and Street Lighting Service, all will also be favorably affected by the changes. On the basis of 1934 figures the reduction on these classes of service aggregate \$1,743,900 per year.

This is the twelfth time that Public Service electric rates have been reduced since November, 1922.

PUBLIC SERVICE ELECTRIC AND GAS COMPANY

A-3619

YMCA STAMP CLUB of Palmyra and Riverton

Members of the Palmyra-Riverton YMCA Stamp Club will have the pleasure of seeing and hearing about the way mail was carried 150 years ago, when there will be exhibited at the meeting on May 24th stampless covers of the early 1800's.

Two members of the Woodbury

Stamp Club will be present to show these old letters and entertain the members with stories of their history.

In addition to the above there will be the usual auction and raffle, and the officers of the club hope the collectors of Palmyra and Riverton will make it a point to be present.

"EYE—The organ thru which man fails to see what is best for him."

THE FLOWER GARDEN

Now so colorful with Tulips, Azaleas, Dwarf Phlox and other early spring flowers will soon be followed by the late spring and summer blooming varieties.

To keep a continuous unbroken display of color in the garden, now is the time to fill in the gaps with Phlox which bloom all summer long, Iris, Day Lilies, Cannas and countless other beautiful flowers which may be procured at

DREER'S

See the grand display of flowering plants in the entrance courtyard at Fourth and Fulton.

Open weekdays from 8 a.m. until 6 p.m. and on Sunday (but not for business) from 1 until 5 p.m.)

20TH ANNIVERSARY FRIENDSHIP CIRCLE

On Monday evening, May 13th, the Friendship Circle Class of the Epworth M. E. Church celebrated their 20th anniversary with a covered dish supper which was held in the basement of the church. The tables were beautifully decorated under the direction of Mrs. Elsie Fox.

After the supper the class was entertained by members of the class who recited, group singing, a piano solo, and the quartet of the Friendship Circle. The quartet included: Mrs. Ira Pimm, Mrs. A. R. Mandeville, Mrs. Sourwine, and Mrs. Paul Guest.

Miss Katie Davies has the honor of being the only charter member of the class which was started in 1915. The class now has seventy-seven members, of which fifty-eight were present.

"TODAY AND LONG AGO"

A scene from the dramatic sketch of that title presented last Friday as a part of the 150th anniversary of the founding of the Friends' Educational Institution. The Colonial costumes were accurately reproduced, showing the girls in their white caps and the boys with wigs. Bernard Coe, of Riverton, took the part of a student in the scene.

LOCALS vs NORTH CITY SATURDAY

Coles or Weikman and Harper
Battery in Opener for
Hard Ball Team

The Riverton Baseball team will have as its opponent the strong North City team of Philadelphia this Saturday afternoon at Riverton's Memorial Park in the initial encounter of the 1935 season. This will be one of the many first-class outings which will be seen in Riverton this year.

The boys have been practicing diligently for the past few weeks, and are confident of starting the season with a win.

At the present writing we will give you Riverton's tentative line-up for the game. Coles or Weikman, p; Harper, c; B. Baker, 1b; Sloan, 2b; H. Baker, ss; Foulke, 3b; Easley, lf; Conway, cf; Wolfe, rf.

"Otz" Terrill, the regular shortstop, will not be with us till Memorial Day, due to college baseball. "Jimmy" Reeves has a lame back and will be out of the game for a week.

"Speed" Bottger will be on hand when possible.

The Riverton Town Meeting and the management have worked hard to give Riverton a first-class baseball team this year, and now, it's up to you fans to come out to the games and lend your support to the boys.

Don't forget Saturday afternoon, May 18th, at 3.15 p. m., for an afternoon of real baseball.

"The Bat Boy."

PALMYRA YOUTH ATHLETIC WINNER

Norman Moffit, P.H.S. Graduate,
Places High in Track Meets
For Gettysburg

Norman Moffit, son of Mr. and Mrs. John Moffit, of Lincoln avenue, who graduated from Palmyra High School in 1932, is one of the outstanding athletes in Gettysburg College.

In a meet with Dickinson he ran the century and furlong dashes in 10.1 and 24 seconds to tie first place scoring honors with his teammate. Through his ability Gettysburg won first place in this meet with Dickinson last Saturday. He scored second in the shot-put, with a member of Dickinson first.

Norman made a good showing in the 100-yard meter at Franklin Field in the Penn relays, coming in second and qualifying for the semi-finals, where he placed third. He won two medals at Lehigh University in Bethlehem last week for track.

The only thing that the mechanical, scientific age has not been able to keep in step is the nut that holds the steering wheel.—Jewell Co. Monitor.

Memorial Park Playground Baseball Dope

By "BNI" Schopp

Thursday evening, May 9, the Riverton Firemen, in their first appearance of the season, ran their apparatus around the bags 15 times while the Walt Whitman Stores could only deliver four orders at the plate. The hosemen beat the clerks in the number of runs, hits, errors, substitutions and noise, but when it came to uniforms the Whitmanites were right there. They sported neat white jerseys with a black "W" on their manly breasts. The Firemen clinched the contest in the third inning when they paraded around the paths nine times on eight hits and a brace of slips by the opposition Sonny Wright has the hosemen geared up to cop the first half leadership in the league. If the entire fire battalion were uniformed like unto their catcher, one Kapus, Memorial Park would not be large enough to hold all the spectators. The fire by innings:

Firemen 4 0 0 0 1 0 1 x—15
Whitman 0 0 0 0 1 1 2 0 0—4

Batteries, H. Finney, Watkins and Kapus, Wright; Scattergood and R. Wallace. Umpire Rotenbury. Scorer, Swede Freiburg.

The second game found J. T. Evans Lumbermen wielding the stick against the Dreer Gardeners in anything but a friendly manner. When the wreckage was cleared away, and the shivering spectators thawed themselves out, the result was broadcast as 15 to 6 with the thermometer in the low fifties. The corpulent batteries of the winners were better able to withstand the frigid wintry blast from the West, or somewhere, and thereby hangs the tale why the Dreer outfit bit the frozen dust. Tony, who hurled for the losers, deserved a better fate, but his mates were weak with the willow and not so hot in the field. They did take advantage of three Evans' errors in the sixth and together with three hits pushed three markers over the rubber. Then with Manager Joe Yearly, Sr., tearing his hair (just one) the splinter gatherers snapped into it to add six more counters. After that it was all over and the said Joseph sent home for his great coat. The fuss by code:

J. T. Evans 2 2 2 1 0 6 0 2 x—15
Dreers 2 0 0 0 0 4 0 0 0—6

Batteries, Hilton and Pat Steedle; Tony and A. Kent. Umpire, Edson Carhart.

Monday evening, May 13, the Yearlyized Evans collection of soft ball stars were too much for the Knights of Columbus representatives who lost this evenings game by the score of 10 to 2. The K. of C. boys played their best game of the season, but their last year's pitcher who is now with the Evans team, kept them from becoming too active on the base paths. Finn's throw from center field on L. Zink's hit nailing Andy Pfaff at the home plate was the fielding feat, while Broderson of the Evans crew led both teams with three hits. The twenty hits made by both teams were all singles. There was a goodly attendance of spectators on hand but the P. O. S. of A. feed no doubt kept many away. The score was actually kept on the boards which the Broadway Theatre erected several years ago. This is a great relief to the party trying to keep the box score in the official book as every minute he is besieged by someone

wanting to know this or that. The score by innings:

Knights 0 0 0 2 0 0 0 0 0—2
Evans 7 3 0 0 0 0 0 0 x—10

Batteries, L. Zink and G. Malone; Richman and Speer. Umpire, Rotenbury.

On the West diamond the Firmen and the Athletics played a snappy game that the former copped by the tune of 3 to 2. The Laddermen scored two in the second and one in the eighth and thought that everything was put out and were ready to make tracks for the Town Hall, but those pesky Farmers with three hits in the ninth push two runs over, after two were out, on Swain's timely single. A snappy play by Perkins on Flagg's wicked grounder saved the game for the Firefighters. Perkins led both teams with three singles, while Griffith made the only extra base hit of the evening, a double. To win the game Finney pitched 62 times to 84 by Haines. Seventeen of the A's were retired on fly balls. Butz Carhart umpired in the absence of Edson Carhart, who was last seen heading for the P. O. S. of A. banquet. The score by innings:

Firemen 0 2 0 0 0 0 1 0—3
Athletics 0 0 0 0 0 0 0 0—2

Batteries, H. Finney and Kapus; Haines and Perry.

Tuesday, May 14. The dreary Dreer Nursemaids were unable to withstand the "up and at 'em" Broadway Movieites, who won with the greatest of ease. If the Broadies could not hit, then the Nurses fumbled the sphere long enough to accommodate the B. boys. The score book shows eleven miscues for the losers and 7 for the winners, so like Ed Wyn's Aunt, the game was a mess. Baker and Buchholz lifted out three hits, with the latter scoring four times for the victors and Leon led the underdogs with two. Vinc Daly belted a terrific clout to center which was good for a homer, but in rounding second his hoofs failed to contact the bag, so the Ump said "out," and Vincent will not enjoy the movies on a free ticket.

The second game was called at the end of the seventh with the Bankers downing the Schwering bunch 16 to 0. This was a surprise as the Hardware Salesmen had won two previous games in rather handy fashion. Hubbs tossed them up for the money boys. He was in fine form and received good backing from his helpers. Weikman, Easley and Burk of the victors polled out three bingles each, while the whole force of the Bolt and Nut dispensers could only muster four tiny singles.

Friday, May 10. After the league official heard all sides of the story on the recent postponement of the Athletics-Schwering game scheduled for Tuesday, May 7, they decided to permit the contest to be played off; but said "don't let it happen again."

Therefore, on a real evening of thunder and rain, the two teams managed to squeeze in five innings during which the Schwering outfit amassed enough runs to be declared the winners. The score was given out as 7 to 6, although the winners were still at bat when darkness crept over the field, and about eight extra runs were thrown out.

SPECIAL NOTE—Due to the Riverton School Field Day at Memorial Park on Thursday, May 23, the league games scheduled for that date will be played on the following evening, Friday, 24th.

RIVERTON NINE READY FOR PLAY

"Chick" Foulke's Hard Ball Team
In Pink of Condition for
Opener Saturday

With the intensive pre-season training about complete, the Riverton baseball team is ready and anxious to ring up the curtain for the current season. For the past two weeks manager "Chick" Foulke has been directing the limbering-up activities of his charges at Memorial Park. From observation the entire program has been characterized by ultra hustle. There are evidences of mid-season form in almost every department of the game. Pitchers have been burning their "fast" ones and mixing them with sharp and slow breaking curves and further completing their hocus-pocus with "cross-fires."

Batters have been sharpening their optics, the result being a staccato of booming base hits ranging from well-laid bunts to four base drives.

Outfielders have been chasing the pellet's trajectory like frightened antelopes. Infielders have been scurrying here and there digging "them" out of the dirt, whipping the sphere to bases, pivoting and relaying for imaginative double-killings, and in all giving your observer the impression that they are using a billiard ball rather than the conventional "base-ball."

To get a more personal touch of the team let me submit the probable starting line-up as currently announced to me by Chief Pilot Harold Foulke. Behind the pentagon the diminutive but hard hitting Harper—"Hep," to you esoteric fans; at the initial hassock our port side number three hitter, Bill Baker; our lynx-eyed lead-off man, Ota Terrell; at the hot corner our heavy hitting rifle arm manager, Chick Foulke; in left field our all-round best athlete, Jack Easley; in center garden the fastest man on the club and about the surest hitting fire in the pinch, Fred Conway; in the right pasture the club's composite of Johnny Mostil, Zach Wheat, and Tris Speaker, our bunting expert, Jimmy Reeves; and finally pitchers—the control wizard, Leon Coles, and the cross fire slow curve dispenser, Clay Weikman.

In reserve duty the club will probably start with Speed Bottger and

Ray Branson. Also to be included in the roster when they arrive in town are Herb Baker, former team captain, and the team's most recent groom, Jimmie Wolf.

Starting Wednesday, June 5, Riverton will play twilight games during the months of June and July.

Don't forget the flag raising begins at 3.30 p. m. next Saturday, May 18th, and the opposition will be the formidable North City Club of Philadelphia.

Diamond.

APPRECIATION

Benjamin S. Mechling, public-spirited citizen of 303 Bank avenue, Riverton, donated one ton of calcium chloride to the Memorial Park playground tennis committee this week.

Calcide chloride is used to treat the surface of tennis courts at the beginning of the season. It tends to hold moisture, harden the surface and kill weeds.

The donation is very much appreciated by the tennis committee who are laboring to provide good playing courts with an abbreviated budget.

Chairman.

Faith kills worry, or worry kills faith. They won't mix.

Gossip breaks banks, breaks friendship, breaks hearts.

COAL - COKE - FEED - FERTILIZERS
LUMBER - BUILDING MATERIALS

Mike Murmurs

By William Cooper, Jr.

As you probably already know, there is quite some difference between radio as we know it and radio as they have it in England.

In the empire radio is run entirely by the government and the programs which they pick out you listen to or else—you don't listen!

But with the coming of the short wave radio things have changed quite a bit. The Britishers listen more to our programs than they do their own. Because of the lack of popular music on the radio schedule in England the phonograph has become the most popular instrument as far as the younger set is concerned.

Each week in various places throughout the realm large groups meet and listen to the records which are played by our American dance bands. "The Rhythm Clubs," as they are called, study the arrangements and in that way become much more familiar with our radio dance orchestras than we are ourselves. It is no wonder that American musicians always want to go to England for extended tours, because over there they appreciate our type of music and always turn out in full force to witness any show that has an American dancinut within its ranks.

So come on, America, and show the Englishmen that we know as much about our popular radio orchestra's as they do. A few "Rhythm Clubs" would be an innovation in organizations in this country.

WIP is one of the leading stations in Philadelphia which still continues to broadcast religious services both from the churches and from their own studios. And believe me they should be complimented on this stand, because during the past week WFIL has changed its religious policy and does not air any religious service from any churches but has selected three ministers from the various faiths to present from their studios religious talks at regular intervals.

One of the most popular of the religious services heard over the WIP airlands is the one conducted by the Rev. Robert Fraser, Philadelphia's Blind Evangelist. With the aid of his wife, the Rev. Fraser conducts an hour service on Tuesday at 3.0 o'clock and again on Saturday at 9.30; he carries on for a half hour period. Both these programs are in the evening. We should like to hand the executives of WIP a big bouquet of something or other, for picking such fine men to lead their devotional services. We might add, that on both of these broadcasts the studio of WIP is actually packed with visitors anxious to join in the sing, etc., of such a service.

Each Tuesday and Thursday at 7.50 a. m. you no doubt have heard the cowboy songs as presented by George White. But little did you realize that WTEL had picked a 16-year-old school boy to bring this popular type of music to your loud-speaker. George always stops into WTEL for his broadcast, loaded down with schoolbooks and looking as though his back would break down with the load. But he goes through with his air show like a veteran, and if you don't believe it just turn your dial to WTEL some morning and catch this show.

This and That in Radioland

Lester's Lucky Rangers, Lou and Slim, heard over WIP, are now heard over KYW each a. m. at 10.05 under the tag the Cheyenne Ramblers. And incidentally, Slim used to have charge of the horses of the Great Buffalo Bill circus.

Bob Crosby, former vocalist with the Dorsey Bros. and their ork, has organized his own musiccrew, which begins an extended tour shortly.

Listen for the "Public Speaks with Alan Scott" a new show for the people, over WCAU every Monday evening at 8.15 o'clock.

Dial in WFIL's "Out-of-Doors Club," conducted by Samuel Scoville, Jr., prominent Philly lawyer, Monday and Thursday evenings at 6.45.

A new trio in Philadelphia is the "Rhythm Flashes," heard over WDAS every Tuesday at 5.45 p. m.

YMCA BRIEFS

A final reminder to enroll early and save a dollar a week will be given all those who go to Ockanick-

on on "open house" day, Saturday, May 25, for which nearly a thousand invitations have been mailed to campers of the past two or three summers.

Not only those who have previously camped at Ockanickon are being invited, but anyone will be

welcome. Especially do the trustees hope that there may be many prospective campers and their parents.

Boys enrolling before June 1st pay a registration fee of \$1.00 a week and nine dollars board, upon arrival at camp. After June 1st a

boy's registration fee is \$2.00 a week. For girls, up until July 1st, the registration fee is a dollar a week, and after that \$2.00 a week. The board rate per week is the same for both boys and girls.

Better devotions than divorces.

TRANSPORTATION THEME OF RERORT

Secretary of Active Committee
Gives Brief Synopsis of
Work to Date

The Delburco Transportation Council which had its beginning almost two years ago by the appointment of A. B. Garwood chairman of a transportation committee from the Riverton Town Meeting, has released its first report. The report comes from the Council's secretary, Harold F. Marshall and is as follows:

News About Transportation

The Delburco Transportation Council is a voluntary, non-political organization which has been at work now for almost two years. The only official recognition of its existence has been through the sponsorship of local committees by local organizations. However, the Council's work has gone on steadily. There being no dues and no source of income it has been impossible to arrange for regular distribution of minutes or detailed reports of progress. So many requests for details have been received that arrangements have been made to issue this bulletin reviewing the work of the Council and discussing the problems which have occupied attention and in particular the problems which will come before the next meeting at Burlington City Hall, Monday, May 20, at 8 p.m.

Past Activities

To review the past very briefly, let us recall that the Council started by arranging for committees in each of the towns between Palmyra and Bordentown. Shortly after the Delain bridge directly to North Philadelphia, West 30th street and Broad street. Following this survey negotiations were entered into with the Pennsylvania Railroad culminating in the addition of morning and evening trains and one shopper's train. These trains have now been in service since the beginning of standard time last fall, and despite an unsatisfactory high fare the traffic has shown a tendency to increase.

Further negotiations were entered into with the railroad for lower rates, with a result that materially reduced rates were made available with the beginning of daylight saving. Not only were rates reduced in the trains going into Broad street, but a considerable reduction was made in round-trip and 25-trip family tickets between points on the line and Camden.

The surest way for still further improvement and increase in train service is an increase in the number of train riders and the Council plans to concentrate on that objective. If more people will ride the trains it will be a simple matter to get additional service. In order to get more riders it is essential that all the inhabitants of our communities be fully informed concerning the available service.

Other Forms of Transportation

Do not make the mistake of assuming that the Council is concerned only with train transportation. In the course of the progress made the problem has been discussed from every possible angle. The Council does not oppose any form of transportation for our communities. It gave careful consideration to the bus question and decided that for the present nothing would be done with it, for the simple reason that there was nothing of a constructive nature that could be done.

"High Speed" Line

Active propaganda is being conducted to tie in eight feeders with the Rapid Transit line now being laid over the Delaware River Bridge to a terminal at Camden. Many people who have not studied transportation are undoubtedly misled by the term "high speed." It is not the intention of our Council to inject themselves into affairs of other communities, and if the extension of this Rapid Transit is the desire of the communities to the south and east of Camden, that is a matter entirely outside of our interest and proper scope of activity.

However, there has been tied in with this program a proposal to

extend the third rail subway car Rapid Transit service up into our communities as far as Burlington, taking over and superseding the present Pennsylvania service. Among the membership of the Council are many who have had the opportunity of studying transportation from a number of angles. They have observed the effect of Rapid Transit of the type proposed on the development of communities like Frankford, 69th Street, Brooklyn and the Bronx. They have noted that this type of transportation leads to a high density of population and tends in every case to destroy the characteristics of the high class suburban community.

On the other hand, members of your Council have observed the effect of comfortable railway commutation service with a seat for every rider on the development of communities like the Main Line, Westchester; the North Shore of Long Island and Northern New Jersey communities. Your Council believes that the majority of the citizens in the Delaware River towns prefer the latter type of community and, therefore, should work for the type of transportation that fits logically with it.

However, the Council is not at present taking a definite stand with reference to this development. But almost as important as developing an increased railroad consciousness among our communities is the work of fully informing our communities concerning the character of the proposed "high speed" line. If after the communities are well informed and judgment is based on knowledge of all the facts, the Rapid Transit type of service appears preferable

Council's activities will be planned accordingly.

Yours very truly,
Delburco Transportation Council.

A SAFETY DRIVE IN KANSAS

GOLF PROHIBITED

The practice of driving golf balls on the Memorial Park property at all times is strictly prohibited. During the past week a citizen was nearly struck by a golf ball driven by a young man using the park for a golf course.

The practice is extremely dangerous and the park guard, Mr. Carnie, has been instructed to see that this order is enforced.

Parents are requested to cooperate with the authorities in calling

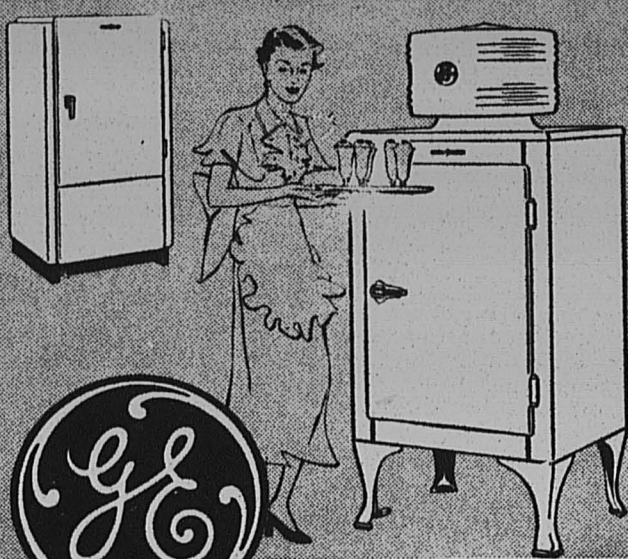

this ruling to the attention of children known to use the Park for such a purpose.

John L. Stroblein,
Chairman,
Borough Property Committee.

Right-Left-Right-Wrong?

One commentator says the new relief program "is more rightish than leftish." A more important consideration is whether it is more rightish than wrongish.—Boston Transcript.

WEDDING RING FOUND IN GARDEN

Turned up by Spade After Having
Been Lost Ten Years.
Owner Overjoyed

One day last week, while spading the garden at the home of C. H. Westcott, 421 Linden avenue, Eugene Carty, of 424 Thomas avenue, unearthed an old fashioned wedding ring and took it into the kitchen where Mrs. Westcott was working.

He put it on his little finger where it would be noticeable and remarked to Mrs. Westcott that she did not wear a wedding ring.

"No," she said, "I lost it about ten years ago and have never been able to find it." "Why," she exclaimed with delight in her voice, "there it is on your finger. How did you get it?" Mr. Carty explained how he had found it while spading the garden.

RIVERTON SCHOOL NOTES

On May 20th Miss Justice's first grade gave a very entertaining circus in their room. It was given at 9:30 in the morning for the Kindergarten and at 2:30 in the afternoon for the parents and other classes. The children were the actors and some represented animals. Those who participated in it were: clowns, K. Lippincott, D. Hullings, G. Lezenby, P. Woodward, D. Metzgar, J. Moorhouse and M. L. Bush; policeman, J. Carhart; baker, D. Symon; bear, H. Guest; tiger, C. Anderson; monkey, E. Johnston; elephant, L. Murray and J. Gowell; horse, H. Stackhouse and J. Smith; trapeze actor, J. Adams tight rope walker, M. L. Baker; snake dancer, E. Hahle.

The clowns did a very good clown dance and the animal trainer made the tiger do his stunts. A baby tiger was represented by J. Adams' kitten. Everyone was in the parade and it was led by the band from Miss Eval's room, who furnished the music. The rest of the children did individual stunts and the children of Miss Eval's room served peanuts to all the guests.

There were sixteen mothers, one father, one nurse and one grandmother from Miss Justice's room and eleven mothers and two grandmothers from Miss Eval's room. Miss Gardiner's class, Miss Eval's class and Miss Staman were visitors from the school and there were eight other visitors from the outside.

The records of music for the actors were as follows: parade, "Dixie," trapeze act, "The Man On the Flying Trapeze"; animal stunts, "Scherzo from Tchaikovsky"; Beethoven; tight rope, "Legend of the Bell" and Paderewski's "Minute"; snake dance, "In the Orient" by Wiedoeft; and the clown dance, "Clowns" from "A Midsummer's Night Dream" by Mendelssohn.

The costumes were brought by the children except the animal costumes which they made themselves. One child brought the rope for the trapeze and Mr. Steedle furnished the frame.

The tent was made from brown drawing paper painted white and scalloped on the edges.

The animal cages were made from chairs and the piano. They made circus scenery in drawing class which they displayed on the walls. The parade started in Miss Eval's room and they marched into Miss Justice's room. They had a very very large crowd and everyone had a delightful time.

E. Moorhouse.

CLAY BIRD PRACTICE

Last Saturday some of the local sportsmen sallied forth into the open spaces of Denneker's farm, set up a trap, and proceeded to test their skill at bumping off clay pigeons.

The scores of the competing marksmen (as officially given from the butcher shop) are as follows: "Sog" Mattis, 23; Johnny Keating, 19; Jack Able, 18; "Stan" Carty, 17; "Lefty" Gillilan, 14.

Age brings wisdom, but the trouble is it doesn't leave us much time to use it.

Philatelic Interests

BY

FRANK HALEY, JR.

One of the most interesting coming events will be that of the dedication of the new postoffice building at 80th and Market streets, Philadelphia, on Saturday, May 25, beginning at 2 p.m. with dedication by Postmaster General James A. Farley.

At 4 p.m. a stamp exhibit by the members of the Public Ledger Stamp Club will be held. This will last until 5:30 on Saturday and from 11 a.m. to 9:30 p.m. Monday and Tuesday, May 27 and 28. Stamps and postal souvenirs tracing the growth of American mail service will be shown.

A strip of the Wisconsin 3c imperforate has turned up, showing vertical perforations between every other row of stamps. They were expertly done but as it turned out they were perf. 11½ and fully gummed. These frauds turned up first in Ohio and in the Indiana Tri-State Society. A large number of strips were sold at a very small premium, but unfortunately many of the purchasers were young collectors. Collectors should be on the lookout for frauds in the Parks and Mothers Day issue as there is likely to be an epidemic of private perforations. This may be due to the fact that many Farley imperforates were prepared for postal use.

New Issues

Canada—The Royal Jubilee set consists of five values. King George and Queen Mary in royal robes are in two medallions upon the 3c red, and the Prince of Wales occupies the 5c blue. The Duke of York, who is next in succession, is on a 2c

You Should Know—

THAT one of the most petty yet most profitable "tricks" of unethical coal dealers consists of the "incomplete delivery."

THAT this is how it works: Your load is passed by the Weights and Measures Bureau inspector as being full weight. It is then delivered to you—but the dealer does not completely empty his truck.

THAT which remains, the dealer returns to his yard.

THAT in the course of a busy day's hauling he is thus able to accumulate a considerable amount of stolen coal, and he has done it right under the noses of the authorities.

THAT you should inspect the truck after delivery is made, but before you sign for the delivery.

THAT a better method is to trade with those whom you can trust!

THAT there is less profit in selling high grade meats than there is in selling certain "cut price" meats.

THAT you get more actual value for your money when you buy from the reputable, high grade merchants in your town.

ALUMNI DANCE SATURDAY NIGHT

Annual Event of Burlington and
Palmyra Alumni Associations
at Medford Lakes

This Saturday, May 25th, the Burlington and Palmyra Alumni Associations will give their sixth annual dance.

The two associations grouped together in 1929 to give their first dance and since then it has been considered the dance of the year. The dance is being held at the Log Cabin Lodge at Medford Lakes from 9:00 o'clock on. The music will be supplied by Johnnie Brown and his Great White Fleet orchestra. This orchestra is well known

around Philadelphia, having played at the Rafter's and other Philadelphia restaurants and clubs.

Tickets may be obtained for the dance from any member of the Alumni Associations or from the students of Palmyra High School. The price is \$2.00 per couple.

WHEREIN THEY AGREE

President Roosevelt, Senator Huey Long and Father Coughlin are in perfect agreement in one particular. Not one of the three seems to be concerned about the national government being "in the red." That fact could not be more carefully ignored by them in their public utterances if they had "in conference" pledged themselves not to dilate upon it.—Charleston News and Courier.

A lie never approaches the truth by being repeated.

RIVERTON

Mrs. Frank Rue entertained several of her friends at luncheon Tuesday.

Mr. and Mrs. William Frank and Mr. and Mrs. Everett Gest motored to Connecticut over the weekend.

Mr. and Mrs. Edward L. Coffey and son, of Brooklyn, spent several days at the home of her parents, Mr. and Mrs. Harvey E. Stewart.

Mrs. Marian Donaghy has moved from Cinnaminson street to 515 Howard street.

Mr. and Mrs. M. Cohen, of Philadelphia, were guests of Mrs. Otto Sauer, Sunday.

Clinton B. Woolston has the distinction of being the only resident of Riverton to serve on the present Federal Jury of the Federal Court of Camden.

Mr. and Mrs. Arthur Johansen, and daughter, spent several days this week with her parents, Mr. and Mrs. Harvey E. Stewart.

Mrs. Houlder's Class of Calvary Presbyterian Church will hold a food sale in the Sunday School Friday of next week, from 2 to 6. The money raised will be used to defer the expenses of the picnic.

Mr. and Mrs. William Gootee and Mr. and Mrs. Clarence Bell motored along the Atlantic coast Sunday.

About fifty from Riverton and Palmyra attended the spring dinner-dance and card party given by the Associated Republican Clubs at Log Cabin Lodge, Wednesday night of this week.

Robert Bartley, who is a student at Dickinson College, spent the weekend with his parents, Mr. and Mrs. Joshua Bartley, of Elm Terrace.

COALE-VANMETER

Miss Irene VanMeter, daughter of Mrs. William VanMeter, of Wenonah, became the bride of S. Robinson Coale, son of Mr. and Mrs. James S. Coale, of 805 Thomas avenue, Riverton, Wednesday afternoon at 4 o'clock in the Episcopal Church at Wenonah, the Rev. Arthur S. Lewis, officiating.

Mrs. Lewis S. VanMeter, sister-in-law of the bride, of Chestnut Hill, was matron of honor.

Mrs. Peter Christy, of Chestnut Hill, were the bridesmaids.

James S. Coale, father of the groom, was best man.

The ushers at the wedding were: Walter K. Woolman, Jr., of Westfield and John S. Collins, of Moorestown.

After a wedding trip Mr. and Mrs. Coale will be at home in Haddonfield the early part of June.

OUTBOARD MOTOR RACE

The Clementon Lake Outboard Club will open New Jersey's outboard racing season on Sunday, May 26, at 2:00 p.m. at Clementon Lake, Clementon, N. J.

SHORT-WAVE MUSINGS

BY O. M. "C. W."

WARNING!

A note of warning concerning the operation of unlicensed radio transmitting stations on the ultra short waves has been sounded by Major K. B. Warner, secretary of the American Radio Relay League, of West Hartford, Conn.

Stating that the assistance of his organization had been requested by the Federal Communications Commission to aid in stamping out the current wave of illegal operation which has sprung up in numerous sections of the country, due to misleading advertising promotion by illadvised manufacturers and dealers, Major Warner pointed out that numerous court decisions have sustained the basic principle that any type of radio communication, no matter what the power, wavelength, or other circumstances involved, must be licensed by the Commission under the basic communications law. There are absolutely no exceptions, he emphasized.

A number of supply houses, particularly of the mail order variety, are currently being marketed five meter "transceivers," which are compact, self-powered, portable transmitting and receiving units, capable of communication during favorable conditions of a score of miles or more. These are sold to unsuspecting purchasers with no warning concerning the radio license situation. In many instances, direct violation of the federal authority is encouraged.

As a result, the Commission has announced a direct campaign against these instigators of illegal operation. For a considerable time it has been trying the cases of individual offenders, at the rate of several per week, but it is felt that the trouble will not cease until the fountain head of the trouble has been reached.

Meanwhile, all persons are being urged to refrain from any type of radio communication without the requisite federal licenses. The maximum penalty for violation of this law is a fine of not more than \$10,000, or imprisonment for a term of not more than two years, or both. "I repeat," said Major Warner, "there are no exceptions to this provision, and the Commission is no longer disposed to show leniency toward offenders."

CHURCH NEWS

CENTRAL BAPTIST CHURCH

Rev. George Lockett, B.D., Pastor
10:00 a.m., Bible School. It was quite singular that the attendance last Sunday was exactly the same as last years, 285. But still this was less than the previous week, thus showing a decline. Secretary Weart is endeavoring to place another record in the annals of the school particularly during this, the 50th anniversary year. Let every member bear this in mind and cooperate.

11:15 a.m., Morning Worship. Dr. Charles E. Goodall, Executive Secretary of the New Jersey Baptist State Convention, will speak.

6:45 B.Y.P.U. Come out and enjoy an hour of fellowship with the young people—and you are never old until you are 100.

7:45 Evening Worship. The church will have as their guests at this service Frederick M. Rodgers Post, No. 156, American Legion. This is the annual memorial service of the Post who will at the close of the service conduct their "Ten O'clock Ritual." Pastor Lockett has prepared a special sermon on "The Source of Power" and the choir will render particular anthems appropriate for such a service.

Wednesday afternoon at 4:15 the Junior B.Y.P.U. followed by the Junior choir rehearsal as usual. In the evening at 8 o'clock the mid-week prayer service.

EPWORTH M. E. CHURCH

Rev. Ira S. Pimm, B.D., Pastor

Sunday Services:
10:00 a.m., Church School. The lessons are taught by trained teachers in all departments. There is a place for every member of the family in our school.

11:00 a.m., Divine Worship. Sermon by the pastor, "The Unfinished Task." Music by the senior and Dulciana choirs.

7:00 p.m., Devotional services by the Epworth League. Young people's meetings conducted by young people.

7:45 p.m., Evening Worship. Sermon by the pastor, "The Meaning of Sacrifice." A special Memorial Day message.

Wednesday evening at eight o'clock the Prayer Service. We are studying the personal conversations of Jesus at these mid-week meetings.

A roast beef supper will be held in the church gymnasium on Saturday evening, June first, from five until eight o'clock. Tickets are: adults 50c, children 35c.

CALVARY PRESBYTERIAN CHURCH

Rev. Charles T. Bates, B.D., Pastor

Sunday, May 26: Church School, 9:45 a.m.; Morning Worship, 11 a.m.

Wednesday, May 29: The Preparatory Service, after which the Session will meet to receive any who may wish to unite with the church.

Sunday, June 2: The Sacrament of the Lord's Supper, at 11 a.m.

Saturday, June: The Church School picnic at Camp Ockanickon. Members of the congregation who are willing to provide automobiles for the picnic are requested to notify Miss Grace Davis, 104 Main street, Riverton, telephone, Riverton 138-M.

Wednesday, June 5th: The Women's Missionary Society will hold its last meeting until October, at three p.m. Mrs. E. F. Black will give one of her interesting missionary plays, entitled, "The Hogan Beneath the Sunrise." Preceding the meeting there will be a missionary luncheon at one o'clock. Charge of 25 cents, will be used for the missionary appointment. In order that all proceeds of the luncheon may go for missionary work, members of the society are asked to provide food. Please consult Mrs. F. P. Hemphill.

CHRISTIAN SCIENCE CHURCH

"Soul and Body" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, May 26.

POS of A TO ATTEND RIVERTON CHURCH

Camps in Burlington County Will Visit Christ Church Riverton, May 26

The Burlington County Association, P.O.S. of A., will observe Memorial Day by a church visitation on Sunday, May 26th, to Christ Church, Riverton.

It is the custom of the P.O.S. of A. to make several church visitations every year near the patriotic holidays, and each visit is taken to a church in a different locality.

The Rev. Francis B. Downs, rector, has arranged a special musical program for this service and will preach a sermon appropriate to the occasion of paying tribute to America's dead war heroes.

The representatives from the various P.O.S. of A. Camps in Burlington county will meet at Christ Church, Fourth and Main streets, Riverton, at 7:30, and march into the church in a body just before the service starts.

Every P.O.S. of A. member is invited to attend this service, whether he belongs to a camp in Burlington County or not. Seats will be reserved for the P.O.S. of A. members.

The musical portion of the evening's program will be as follows: Processional, "God of Our Fathers," Warren.

Versicles and Responses, Archangel.

Sermon Hymn, "O God of Love," Baker.

Anthem, "Land of Hope and Glory," Elgar.

Kneeling Hymn, "May the Lord Bless You."

Recessional, "God the All Terrible," Lvoif.

WILL CELEBRATE 72nd ANNIVERSARY

The Palmyra Moravian Church at Five Points will observe the seventy-second anniversary of its organization next Sunday, May 26, with three festival services. Dr. J. E. Weinland, of Bethlehem, Pa., president of the Eastern District of the Moravian Church, will be the festival speaker at these services. The Rev. Albert J. Harke is pastor.

10:40 a.m., Te Deum and anniversary sermon by Dr. J. E. Weinland. 3:00 p.m., Anniversary lovefeast. The Moravian pastors of this section expect to be present and bring greetings. Large delegations from their congregations also plan to attend. A free lunch will be served to the visiting delegations at 6:00 p.m.

7:30 p.m., Closing service. Dr. Weinland will give his famous sermon on Christian Fellowship, illustrated with lovefeast cups of historic interest. The public is cordially invited to these services.

courts of the Lord: my heart and my flesh crieth out for the living God" (Psalms 84:2).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And God spake all these words, saying, I am the Lord thy God, which have brought thee out of the land of Egypt, out of the house of bondage. Thou shalt have no other gods before me" (Exodus 20:1-3).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "God is infinite, the only Life, substance, Spirit, or Soul, the only intelligence of the universe, including man. Soul and Spirit being one, God and Soul are one, and this one never included in a limited mind or a limited body. Spirit is eternal, divine. Nothing but Spirit, Soul, can evolve Life, for Spirit is more than all else" (pp.330, 335).

The grace of sympathy is purchased at the cost of suffering.

ADULT EDUCATION TOPIC AT ROTARY

"Old Dogs" Can "Learn New Tricks," According to Dr. Thorndike

Adult Education was the subject of a talk to Palmyra-Riverton Rotarians by Owen D. Evans, superintendent of the Girard College Mechanical School, last Thursday night. Mr. Evans, who was formerly State Director of Vocational Education in Pennsylvania and who has written several books in that field, stressed the need for continued emphasis on providing educational opportunities for those past the ordinary school age. He outlined briefly the history of adult education and showed how it took hold in this country, and in detail discussed the agencies which are now carrying it on. Adult education, said Mr. Evans, started in England under the term "workers' education." The Carnegie Foundation here took it up about ten years ago and after a careful study found that one out of every ten that had dropped out of school were going to some evening school. In addition, between one and two million young people were spending \$75,000,000 annually in correspondence schools, only five per cent of which were strictly honest.

The American Library Association, subsidized by the Carnegie Foundation, installed guidance desks in many libraries for directing interested persons in various lines of educational reading. That there was a need for adult education was clearly demonstrated by the number and scope of the agencies engaged in it, and their aim was to improve the participants industrially and socially.

The Cooper Union in New York was a leader in the establishment of forums for social and economic discussions, which as they grew and spread all over the country, drew in many of the workers. The actual participation of many members of a discussion group in the topic at hand increased the value of this activity.

A further impetus to adult education was given by Dr. E. L. Thorndike's study of learning. He has clearly demonstrated that the ancient law "you cannot teach an old dog new tricks" is false, for he found that a man of 48 can learn as much, as rapidly and as thoroughly as one of 18.

The American Association for Adult Education was established approximately ten years ago and is now operating in ten or fifteen fields, while forums, correspondence schools, evening schools, etc., are still going strong. Changing methods and economic conditions make a great demand for this type of education, which is now receiving aid from both the government and the Carnegie Foundation. The American Library Association also has prevailed upon certain authors of well-known text books to rewrite them in simpler language, so that the material will be available to a much larger number of interested persons.

The extension work offered by various colleges and universities is spreading rapidly. The teachers for the courses offered must be experts, for since all adults want to participate themselves, it requires special training and technique to teach them. Authorities now feel that the personal guidance of trained teachers is preferable to mere correspondence work.

ERA CRIPPLED CHILDREN SURVEY

Workers provided by the State Emergency Relief Administration have just completed a survey, which, it is expected, may finally result in the systematic training and vocational guidance of virtually all crippled children in the State. The ERA workers operated under supervision of Joseph G. Buch, chairman-director of the State

Tremendous Trifles

By ELMO SCOTT WATSON

MOST HISTORIC THREE R'S

SPEAK of the Three R's and you naturally think of those you learned in the little red school-house—readin', 'ritin' and 'rithin'. But more historic are those which kept James G. Blaine out of the White House. They were Rum, Romanism and Rebellion.

Blaine was the Republican nominee in 1884. Despite the attacks made upon his character, he seemed a certain winner over Grover Cleveland, the Democrat. Republican leaders, to counteract those attacks, staged a reception for him by a group of Protestant clergymen.

Rev. Samuel D. Burdard, a Presbyterian minister, acting as spokesman for the group, said to Blaine: "We are Republicans and don't protest to leave your party and identify ourselves with the party whose antecedents have been rum, Romanism and rebellion." Blaine, tired out from a long speaking trip, was paying little attention to the speaker and did not catch those three fatal words, nor repudiate them.

Almost immediately the Democratic press took them up. Soon Dame Rumor whispered that Blaine himself had uttered the "Three R's." They were a direct slap in the face for the South and for the large body of patriotic Roman Catholic voters.

In vain the Republican candidate repudiated this slander. It was too late. It became apparent that the state of New York would decide the issue, Cleveland carried it by 1,149. Had it not been for those "three little words," Blaine probably would have had that narrow margin and won the election.

Memorial Park Playground Baseball Dope

By "BRI" Schopp

Monday evening, May 20th. The Bankers, aided by Griffenberg's canny knowledge of just where the Evans sluggers would place their drives, resulted in a victory for the Greenback horde. To fill out the remaining positions on the field there were nine more Bankers plus their board of five managers on the side lines. Going into the sixth inning the Board Feet stevedores sported a 5 to 3 edge, but right at this period the tide of battle switched. There were two down with two on the saw dust bags when pitcher Hylton of Evans, received the nod from Manager Yearly to walk Bonitelli and take a chance on benedict Wolf, who was the Bankers' hurler. All this was fine reasoning as the newlywed had previously hoisted two easy flies, and now with the bases loaded if he did not fly out, a grounder would be forced third out on any bag, or again Hylton might strike his opponent out. But as has happened before, "the best laid plans of mice and men gang aft aglee," because this Nickel and Dime grabber smote a terrific grass cutter along third base line into left field that registered three juicy runs at the counter for the Coin boys.

After this the Evans bunch could not get going because they kept hitting the ball high in the air for easy outs. It was a very interesting game with both third basemen Burke and Small making sensational diving catches, and Fred Conway slammed out a mighty homer with three Lumbermen on the paths. As the calliope is one of the chief attractions of a circus parade, so it might be said that the effort of one Pat Steedle to tear up the base paths in attempting to make a home run out of the mightiest hit of the evening, had its parallel. The ball was relayed back to the plate by three fielders and Ump. Reitenbury waved the runaway freight out because the ball was there first and was applied by Bonitelli who nearly had a leg torn off. Progress by innings: Bankers 2 1 0 0 3 0 4—10 Evans 1 0 4 0 0 0 0—5 Wolf and Bonitelli Hylton and Steedle

The second game the Fire Company nosed the Knights of Columbus out in the tenth inning, the score being 11 to 10. The score was tied in every inning which shows that it was some struggle. In the ninth stanza the Laddermen had three on with two out, Wallace grounded to short and Hunn was forced out at third while Sonny Wright was crossing the rubber. After much discussion it was agreed that the run did not count, which is perfectly right. Just how the tenth inning was compiled is not recorded in the score book, as during the discussion it walked away. Firemen 1 0 1 4 0 0 0 2—11 Knights 1 0 1 4 0 0 0 2—10 Pfaff and G. Malone Finney and Wright

Tuesday evening, May 21, Bob Fry's Tak-Aboost Slingers, bedecked in their gorgeous outfits, were too much for the Drer Potters. The final count was 15 to 3. Professor Woodward and Doc Brady did the hurling for the victors and received good support from their fielders, while Tony of the losers considered himself fortunate if his backer made only one error at a time. Headington, the Boost left fielder, made a hair raising catch, while Roedig of the Seedmen was the only gent to show three hits for the fray, altho B. Hubbs had two, one of which was good for three bases. How they registered: Tak-Aboost 0 0 3 7 0 2 0 3—15 Drers 2 0 0 0 0 0 0—3 Batteries, Woodward, Brady and Mathis; Tony and Downs. Umpire, E. Carhart; Scorer, Daly.

The second affair found a revived Athletic bunch of Heckers ploughing under almost the entire Whitman Stores force. The A's at a great layout, signed up one Stockton, who it will be remembered was the star receiver and speed boy of the Laundry and Lamplighter teams of the past several years. The little Goose stepper certainly injected

RIVERTON TAKES NORTH CITY CLUB

Weikman and Conway Star for Local Nine in 7-5 Win Over Visitors

The Riverton baseball team launched its 1935 season with a win over the strong North City team of Philadelphia to the tune of 7-5 last Saturday afternoon at Memorial Park.

Weikman was on the mound for the home team and pitched a great game despite the closeness of the score. Co-starting with Weikman was "Fritz" Conway, the hard-hitting, fast-fielding center fielder. "Fritz" had two hits, drove in two runs and scored once himself.

Despite some sloppy fielding the boys played headsup ball and observers feel confident that they will show the fans plenty of good baseball as the season progresses.

This Saturday, May 25th, Riverton meets Ogontz of Philadelphia, and on Sunday, May 26th, will play Ogontz on their own field located at Walnut Lane and Limekiln Pike, in Philadelphia. Thursday, May 30, Riverton plays Mayfair Greys in a Memorial Day clash at Riverton. All games start at 3.30 p.m.

Short-Wave

(continued from page 4)

Members of the League are entitled to write to Headquarters for information of any kind, whether it concerns membership, legislation, or general questions on the construction or operation of amateur apparatus. If you don't find the information you want in QST or the Handbook, write to A.R.R.L. Headquarters, West Hartford, Connecticut, telling us your problem. All replies are directly by letter; no charge is made for the service.

If you come to Hartford, drop out to Headquarters at West Hartford. Visitors are always welcome.

WIMK

For many years it was the dream of the League's officers that some day Headquarters would be able to boast a real "he-station." In 1928 this dream became an actuality, and the League today owns and operates the station shown in the frontispiece, operating under the call WIMK.

The current operating schedules of WIMK may be obtained by writing the Communications Department at Headquarters or by consulting the current issue of QST. While much of the operating time is devoted to pre-arranged schedules, the station is always ready at other times for a call from any amateur.

some life into the Beetle Fighters by leading off with three hits, three runs and keeping wildfire Shivers from blowing up. A. Schaeffer and Shea each smote out three bingles, while Haines and Swain each hit round trippers, the latter with the bases loaded. For the Whitmanites, Walt Lamon was the leading spirit, but as the rest of the clerks thought it a half holiday, they did not even take the trouble of looking at Walt (Lamon, not Whitman) for inspiration. From now on the Farmers should make the leaders hustle, especially if Shivers will pitch with his eye and mind on Stockton instead of the various stakeholders that were his nemesis in the past.

Just like this:
Athletics 1 9 1 0 1 5 1 0—18
Whitman 0 2 0 0 0 0 0—2
Batteries, Shivers and Stockton; Zoll, etc. and Lamon.

NOTE—There will be only two nights of playground ball the coming week. Memorial Day will be given over entirely to the hard ball game on the large diamond in the afternoon. Come out and see the boys play. The playground ball managers are hereby reminded that June 1st is the last date for turning in the list of 15 players names that will represent the teams.

Al: "Why did you break off your engagement with that school teacher?"
Cal: "Every night I was a little late she wanted a written excuse."
—Peoples Gas Club News.

PALMYRA PLANS SEWER EXTENSION

Will Seek PWA Funds to Sewer Southwestern Section of Borough

The sewer committee of the Palmyra Borough Council is circulating a petition for the construction of sewers in the southwestern portion of town, which was not included when the sewers were laid in the other two-thirds of the borough.

Based on an estimated total cost of \$45,000 it is expected that the PWA would grant \$10,000 toward the project, leaving \$35,000 to be paid by the property owners.

Remington and Goff in a letter received at last week's meeting of Borough Council, estimated the direct assessment, payable in installments over a period of ten years, at 86¢ per front foot and the indirect assessment, payable over a period of 30 years, at \$1.06 per front foot. These costs compare very favorably with the costs of the original sewer system in other parts of the town.

The individual cost for house connections from the sewer line to the curb, payable over the 10-year period, would be at a unit price of \$12. Plans and specifications must be approved by the State Board of Health before an application can be made to the PWA.

Under the government financing plan the system could be built now and the first payment not be made until three years later, at which time the assessment on a 50-foot lot with a dwelling would be \$3.26. The payment would continue ten years, reaching a high figure of \$13.48 per 50-foot lot with dwelling the fourth year and declining again according to the following table:

	Vacant lot	House and lot
1st year	\$ 2.56	\$ 3.26
2nd "	7.53	9.48
3rd "	11.09	12.98
4th "	11.84	13.48
5th "	11.32	13.10
6th "	10.99	12.72
7th "	10.68	12.33
8th "	10.37	11.93
9th "	10.04	11.59
10th "	4.01	4.01
11th "	3.90	3.90

After the ninth year the direct assessment is paid up and the annual payments drop to \$4.00 the following year. These in turn drop about 10 cents per year. For improved properties there will be a sewer rental charge of \$4.00 per year, for the maintenance of the disposal plant.

"So you lost your job in the city because the weather didn't agree with you. What did the climate have to do with it?"
Clipped.

YMCA STAMP CLUB of Palmyra and Riverton

To Meet Friday, May 24th
All stamp collectors are cordially
tend the monthly meet-
Palmyra-Riverton Stamp
held Friday evening, May
the Palmyra YMCA build-
ing.

In addition to the usual enter-
tainment, it has been learned that
the auction to be held will offer
some unusual buys in U.S., so here
is the chance to get that missing
stamp.

As guest speaker there will be
presented to the club a representa-
tive of the Woodbury Stamp Club
who will exhibit and speak on early
American cover.

CINNAMINSON P. T. A.

Sixteen children have been exam-
ined during the pre-school clinic at
School Number Two, Cinnaminson.
Several mothers assisted in trans-
portation.

Preparations for the circus to be
held June six, in connection with
the annual P.T.A. picnic, are now
in progress.

Those who were present two years
ago when the performance was cut
short by an unusually severe storm,
are anxiously awaiting the one this
year.

The whole affair is under the
supervision of the eighth grade.
Competent committees of the pupils,
each one headed by a teacher, are
working. Some of the committees
are: side shows, parade, tents, tick-
ets, costumes, special features and
food.

Those who prefer to buy their
food will find some tasty dishes pre-
pared by Mrs. Leon Eagen and her
aides. The picnic supper will also
be in keeping with the day's events.

LAKEVIEW AWARD RAISED BY JURY

Protested Amount Allowed by Con-
demnation Commissioners for
Strip of Land

Last Thursday afternoon a Mount
Holly jury which had been hearing
evidence on the appeal of Lakeview
Memorial Park from the award of
the condemnation commissioners of
\$2477 returned a verdict of \$3,100 for
the company, an increase of \$623
above the original award. The case
involved a strip of land belonging to
the Park Company which was taken
over by the State Highway Com-
mission for the purpose of widening
and building the four-lane way on
Route 25, where it borders on the
Memorial Park Company's property.
Clifford A. Baldwin, former prose-
cutor of the pleas of Camden Coun-
ty, represented the Memorial Park
Company and he contended that the
award of the commissioners was in-
sufficient, the corporation feeling
that the true value of the one and
three-tenths acres strip of land was
worth at least \$20,000.

The State Highway Commission,
represented by Assistant Attorney
General Harvey Rothberg, contend-
ed that the valuation arrived at by
the condemnation commissioners
was a fair one.

OCKANICKON STAFF HEAD SELECTED

Mrs. Edwin Russell, Chairman,
Name Miss Evelyn Sloan, of
Bridgeton, Camp Director

Members of the Women's Com-
mittee for the Y.M.C.A. Camp at
Ockanickon met Friday for lunch-
eon at the home of Mrs. Albert M.
Bean of 510 White Horse Pike, Au-
dubon, and to select members of the
staff for the Girls' Camp.

Mrs. Edwin Russell, of Moore-
town, is chairman of the committee
and has announced the selection of
Miss Evelyn Sloan, of Bridgeton, as
camp director. Miss Sloan is a
member of the Health Education
Department.

Schools. She was intermediate area
director at Ockanickon last year and
previously had six years experience
as Meri Vista Camp, Connecticut.

Plans also were made for the
women's committees participation in
Camp Reunion Day on May 25,
when all those who formerly camped
at Ockanickon will return. The
camp will at the same time be open
to the public for inspection.

In addition to Mrs. Russell, the
committee members are: Mrs. Wil-
liam Sahler, Mrs. William Ladd and
Mrs. Charles Applegate, of Mon-
mouth County; Mrs. Charles Yost
and Miss Caroline Gaunt, of Bur-
lington County; Mrs. Bean, Mrs.
John Hoover and Mrs. Reba Bushey
of Camden and Mrs. J. E. Wilkin-
son, of Gloucester County.

HESS OUT ON BAIL

Ira E. Hess, of Palmyra, who had
been in the county jail since he was
arrested on March 12 on a charge of
committing atrocious assault and
battery with intent to kill his wife,
Helen R. Hess, was released last
week after furnishing the \$5,000 bail
bond required. Hess is alleged to
have beaten his wife severely in the
bathroom at their home, inflicting
injuries from which it was at first
believed she would not recover. She
did get well, however, and two or
three weeks ago was discharged
from the West Jersey Homeopathic
Hospital in Camden.

"More work on the playgrounds
means less work for the courts,"—
Gordon Virgo.

Lawn Mowers Sharpened by modern machinery, Expert work guaranteed.

IN CHANCERY OF NEW JERSEY

TO HOME CREDIT COMPANY:
By virtue of an order of the Court
of Chancery of New Jersey, made on the day
of the date hereof, in a cause wherein Cin-
naminson Building and Loan Association of
Riverton, New Jersey, is complainant, and
you, Home Credit Company, are one of the
defendants, you are required to appear and
answer the bill of said complainant on or
before the 25th day of June, 1935, or the
said bill will be taken as confessed against
you.

The said bill was filed to foreclose a mort-
gage given by Leslie G. Limroth and Mary
C. Limroth, his wife, to said complainant,
dated February 6th, 1931, and recorded in
the Office of the Clerk of Burlington County
in Book No. 251 of Mortgages, page 264,
upon lands and premises situate in the Bor-
ough of Palmyra, in the County of Burling-
ton and State of New Jersey, more particu-
larly described in said bill of complaint.
And you, Home Credit Company, are made
defendant because you are the holder of a
judgment which is subsequent in lien and
operation to that of complainant's mortgage,
covering the premises in question.
Dated: April 24th, 1935.

William D. Lippincott,
Solicitor of Complainant,
35 North Fourth Street,
Camden, New Jersey.

5-2-23

WOOLSTON OFFERS NEW GREASE PLAN

Verified Lubrication of Chasis
With Ezzo System is
Latest Method

Clinton B. Woolston, Riverton
garage man, has installed the latest
development in auto lubrication sys-
tems, known as the Verified Ezzo
Lubrication.

The mechanic assigned to the
grease job has a metallic stand which
is placed beside the car to be
greased. On the stand is a chart
for every make and model of car
commonly driven. Every vital and
in some cases hidden point of lubri-
cation is shown on the chart with
the recommendation for the type of
lubrication that particular fitting
should take. The man greasing the
car checks every point of lubrication
on the chart as he goes along, thus
eliminating guesswork and giving
the maximum greasing service.

When the grease job is done, a
regular card index is kept of your
car. The mileage at the time of
greasing and other points needed on
the record. The card is kept in the
office of the service department.
Another similar card is made out
and put in a dust and waterproof
case and fastened to the hood rod
where it is in plain view whenever
the hood is lifted.

Thus the owner has his record of
the last chassis lubrication and gar-
age man has his. He will notify you
by postal when your car may need
another greasing.

Special waterproof and grease-
proof covers for the seats, steering
wheel and fenders are a part of the
equipment, and assure the owner of
a clean car after the greasing job
has been performed.

GIRLS' FRIENDLY HOLDS CONFERENCE

Seventy-five Present at Diocesan
Gathering; 1936 Riverton's
50th Anniversary

The annual conference for the
candidates of the Girls' Friendly So-
ciety of the Diocese of New Jersey
was held at Christ Church, Riverton,
Saturday, May 18. About 75
were present.

The Rev. Francis B. Downs had
the service and gave them a hearty
welcome. Mrs. J. H. Fill, the Dio-
cesan President, said the Riverton
Branch would be 50 years old in
1936. It was started by Mrs. Thom-

as Roberts in 1886. She also spoke
about the Holiday House at Island
Heights which opens June 29th—
visitation day. Anyone interested
is cordially invited to visit the
House on June 29th.

Anyone who would like to spend
a week or more should make their
registrations early.

Our national chairman of finance
was the guest speaker.
Luncheon was served in the par-
ish house, after which the children
had an hour of sports outside. The
Haddon Heights Branch gave two
short plays. Publicity.

We are a peace-loving people, sel-
dom paying pensions for more than
three wars at a time.—Boston Post.

Beauty Is as Beauty Feels in August

Steaming hot towels on a steaming hot day
are too much to expect from the most ardent
of the patrons of beauty culture.

If your shop has the hot humid air caused by
hot towels, wavers, and other equipment, you
have an explanation for that summer slump
in revenue.

Modern air conditioning will transform
your shop into a place where customers
will find relief from the oppressiveness
of the street, and because of the refresh-
ing atmosphere they are apt to have
more work done and to visit you more
frequently.

Air conditioning has grown out of the
experimental stage. It has become a

very practical method of cleaning, cool-
ing, dehumidifying and circulating air
indoors.

Let us make an analysis of your air
conditioning requirements, and show
you an estimate of the capital and op-
erating costs of the necessary units.
This service costs you nothing, but the
clipping and mailing of the coupon.

TIPS ON GROWING

BY ONE WHO GREW UP IN
THE BUSINESS

The boy had on his list of plants
for the school garden one "Poor
Man's Orchid," and the clerk who
waited on him was uncertain as to
just what was wanted.

According to Professor Hottes',
Dictionary of Gardening the Poor
Man's Orchid is botanically Schiz-
anthus, or what is also known as
the Butterfly Flower, a dainty small-
flowered annual grown from seed
each season.

For years the Iris, especially the
German Iris, has been popularly
known as the Poor Man's Orchid,
and the name appears to be particu-
larly applicable to the Iris. The
flower is Orchid-like in form and
often times in coloring, and what other
plant can be grown so inexpensively?
Besides it can be divided and
multiplied very easily. The Iris
however is neither "cheap" nor "vul-
gar."

In conventionalized form as the
Fleurs de lis the flower has been
borne on the banners of France for
generations and is displayed on the
heraldic shields of the nobility of
old France. Lohengrin, the white
Mme. Chereau, Red Riding Hood
and the yellow flowering Sherwin-
Wright are found among the fine
low-priced German or Bearded Iris,
and sorts of later origin like Lord
of June, the giant-flowering Queen
Caterina, and Lent A. Williamson
are not expensive.

Some of the specialists in Iris
growing offer varieties as high in
price as \$35.00 and more each.

Nashville, Tennessee, is known as
the "Iris City" and celebrated its
first annual Iris Festival week the
first week in May. The American
Iris Society met there and the Ten-
nessee legislature voted the Iris as
the State flower, and "When Its Iris
Time In Tennessee" as the State's
official song.

One of the most popular of all
horticultural bodies is the Iris So-
ciety and all Iris fans should join
this group of enthusiasts.

When in doubt as to what to plant
in that narrow space between the
sidewalk and the house, around the
garage, fronting the shrubbery bor-
der or most anywhere, plant the
German Iris.

"Garden Digest" publishes a post-
card:

"How to Pronounce It—
Because it climbs on Lattice
Hoi Polloi say CLEMATIS
But Webster will not concede to this
Until we call it CLEMatis."

Ants on Peony buds are not harm-
ful unless blight is present; then
they can carry it from bud to bud.
If very numerous they do not do the
bud any good, stripping them so
completely of the sticky substance.

Find the ant nests in the ground
and hoe them out or kill the ants
with hot water or some chemical
solution for the purpose. Ants are
not troublesome in a large, well cul-
tivated planting but where cultiva-
tion is neglected. Antrol is a very
effective remedy for the honey-dew
sucking species. Tobacco dust or
Black Leaf Forty sprinkled on the
buds while wet with dew is a deter-
rent.

The needle-like leaves of the Pines
have become streamlined after cen-
turies of resistance to the wind.
Possibly this will be the fate of fu-
ture radio listeners to the speeches
of The Kingfish et al.

TO GIVE TESTIMONIAL DINNER FOR NEWCOMB

The Burlington County Cooper-
ative Dairymen's Association is ar-
ranging for an "Appreciation Din-
ner" for Assemblymen Dr. Marcus
W. Newcomb to be given in the
Moorestown Community House,
Friday, June 7.

Prosecutor Howard Eastwood
will be toastmaster, and the speak-
ers will include United States Sen-
ator A. Harry Moore, Congressman
D. Lane Powers and Charles A.
Wolverton, and Speaker of the As-
sembly Lester Cleo, of Newark.

When your train of thought is
evil, stop the train.

Mike Murmurs

By William Cooper, Jr.

Things have been moving with
great rapidity at WFIL during the
past week and trip into the offices
of this station will prove it. Several
newcomers have arrived and taken
up their duties and at last WFIL is
earnestly going about business in
an effort to make themselves the
most popular station in this section.

Martin Gosch, former radio editor
of the Camden Courier, has taken
over the publicity chores and Joe
Connelly, erstwhile assistant pub-
licity director of the Fox Theatre,
joins Marty as his assistant. Other
new faces at this station include
Jack Stewart, nationally known
radio executive, as General Sales
Manager; Fred Webber is the new-
est member of the spelling staff.

With such an efficient group of
newcomers we're sure you'll be
hearing plenty from WFIL in the
future.

And speaking of new faces etc.,
around the radio portion of Philly
we should mention that WIP has
also put a new name down on its
payroll. He was christened Leslie
Fredericks and hails from New
York. Les replaces Leslie Marshall
on the announcing staff of WIP.

while Marshall moves on to parts
unknown.

Something new in dansapations
are heard over WCAU airlines in
the toe tickling tunes of Tom Coak-
ley and his orchestra playing from
the Arcadia Restaurant. Coakley, a
west coast sensation, brings his
band to the Arcadia from the Palace
Hotel in San Francisco where he
played a lengthy and very success-
ful engagement. If you like your
dance rhythms different tune in some-
time.

George Barry, WIP's night super-
visor, is now writing, announcing,
and acting as featured artist on the
"Men Are Invited" show heard over
WIP every Monday and Wednesday
at 8.05 p.m. This show is just for
the men and in the future male lis-
teners will be invited to come into
the studios for actual participation
in the program. Barry will intro-
duce them and give each an oppor-
tunity to talk on the subject which
he knows best.

Bob Carter, originator of the
"Men Are Invited" program, is now
in New York doing announcer
chores over WMCA, the New York
end of the inter-city presentations.

AIR RIPPLES: Elder Mishaux,
"Happy Am I" preacher from the
nation's capitol will be heard over
WCAU every a.m. at 8.15, while
conducting revival services in the
Quaker City. . . . Listen to the new-
est songster of the WDAS airwaves,

Mal Francia, heard on Fridays at
1.30 p.m. . . . Earle Theatre is taking
radio seriously of late, having two
air shows, the first heard over the
WFIL waves on Mondays at 9 p.m.,
while the second airs over WIP on
Wednesdays at 9 p.m. . . . Tune in
the All Girl Revue heard over
WPEN every weekday nite at 9.10
o'clock.

The fellow who went to Europe
twenty years ago to join the army
could only fight to make the world
safe for democracy. Now he has
the chance to help make it safe for
the nazis, the fascists or the com-
munists.

H. B. WILLIAMS TO SELL FUEL OIL

Local Storage Is Feature of Service Started by Fuel Dealer

H. B. Williams, established in the coal business in Palmyra close to fifteen years ago, announces this week that fuel oil will be added to his fuel business.

Mr. Williams has installed new storage tanks at his Esso Service Station at S-41 and River Road from which deliveries will be made. With the oil stored locally Mr. Williams feels that his service to customers will be attractive and especially so where quick deliveries are desirable.

Mr. Williams is already taking orders for fuel oil at the new low prices, for delivery in the fall and winter under contract. A new fuel oil delivery truck will be added to the Williams fleet within a few weeks.

RECKLESS DRIVER

Saturday evening, Albert Schuler, Jr., of Broad street, East Riverton, was arrested by Chief of Police Gootee and Patrolman Carhart on a charge of reckless driving.

At a hearing before Recorder Bowers, Schuler was fined \$5.00 and costs.

A WEEKLY REVIEW OF THE SILVER SCREEN

SHIRLEY TEMPLE'S LATEST PICTURE

Diminutive Star Once Again Wins Her Way Into A Million American Hearts

Who can match the story of the career of sweet Shirley Temple, whose new Fox Film picture, "Our Little Girl," starts next Monday at the Walt Whitman theatre.

She has brought something new to jaded amusement palates! Other children on the screen have been cute, pert, precocious—and often insufferable and spoiled. Not so Shirley Temple! On the screen she is the genuine article, "every mother's child," a thing of graciousness, charm, wistfulness. Grown-ups who don't like children have revised their prejudices because of her. She is childhood incarnate! But more: she is a screen star unspooled by the homage of millions.

Our definition of a true optimist is the Eric man who has already figured out how he is going to spend his \$200 each month when the Townsend pension bill goes through.—Eric Record.

THE NEW ERA

RIVERTON, NEW JERSEY, THURSDAY, MAY 30, 1935

PRICE FIVE CENTS

COUNTY TO FORCE PAYMENT OF TAXES

Solicitor Drunk Director To Take Action Against Towns in Arrears

The county solicitor, Lester A. Drenk, was directed to take what steps are necessary to enforce payment to the county of the delinquent taxes due from municipalities that are several years in arrears, at the regular meeting of the Board of Freeholders on Friday at Mt. Holly.

The resolution was offered by Freeholder Heister and seconded by Freeholder Stout. Director Adams voted yes, providing the solicitor reports back to the board before taking legal steps to collect; the other freeholders voted yes without qualification.

County to Pay

Freeholder Heister introduced a resolution that taxes due municipalities from the county, amounting to \$17,663.13, be paid. The taxes to be paid are as follows: Motor fuel tax, 1933, \$3,127.31; bank stock tax, 1934, \$4,490.62 and second class railroad tax, \$10,045.20.

Freeholder Heister offered a resolution that the authorization for notes amounting to \$70,000.00 in anticipation of the bond issue for the Delanco-Riverside bridge be passed on second reading, there being no opposition at the meeting. Freeholder Jones seconded the resolution and it passed unanimously.

On resolution by Freeholder Heister, seconded by Freeholder Stout, the clerk was directed to advertise the foregoing resolution according to law.

After Tent Caterpillars

Freeholder Cook introduced a resolution that the director of bridges be authorized to enlist the aid of the County ERA in cooperating to destroy the tent caterpillar which is rapidly becoming a serious pest. The resolution was seconded by Freeholder Jones and passed unanimously.

Freeholder Jones introduced a resolution that the director be authorized to execute four copies of the supplemental agreement between the Board of Freeholders and the Kolyn Construction Company. The copies are needed for the office of the PWA. The resolution was seconded by Cook and passed unanimously.

Governor Writes Board

A letter was received from Governor Hoffman in which he stated that he would confer with Commissioner Sterner relative to the apportionment of federal funds for secondary highways. The letter was in answer to a resolution recently passed by the board asking that the monies be actually spent on secondary roads and not on state highways as was done last year.

Another letter was received from A. Lee Grover stating that the county share under the work relief program for secondary roads would amount to \$75,000.00. The letter stated that the county should provide the rights of way, the engineering service and name the projects desired for the expenditure of the money.

It was moved by Freeholder Stout and seconded by Freeholder Jones, that he, Jones, should sit in with the engineers of Monmouth and Ocean counties to consider a road program and report back to the board with his recommendations. The motion was carried.

Freeholder Jones reported that the State Highway Department is considering including tar and asphalt in their bids this year, which if they do will enable the county to purchase tar at a lower figure than last year.

Beverly Complaints

A letter was read from the Beverly City Council and signed by E. L. Roy Grant, city clerk, stating that (continued on page 5)

FOURTH OF JULY COMMITTEE MEETS

Palmyra Planning Big Demonstration Including Floats, Decorated Cars and Bicycles

The Palmyra Fourth of July committee met last Friday evening in the police station to lay plans for this year's celebration.

Curtis Flynn was reelected chairman of the 1935 committee, Mrs. Mary Hare, vice chairman, Floyd Spahr, treasurer and Mrs. A. H. Lippincott, secretary.

While no definite program was decided upon, several events for the entertainment of young and old were suggested for the further consideration of the committee.

A baseball game at the athletic field in the afternoon is being arranged. A treasure hunt for the children in the morning was one of the favored suggestions. It was urged that a special drive be made to make the parade a success, with many floats by business men, and decorated cars, bicycles, etc., by private citizens. Prizes for patriotic decoration of private residences also were suggested.

Another meeting of the committee will be held this Friday evening at the police headquarters.

FELLOWSHIP CLUB ASSOCIATION HOST

Entertains Associated Glee Clubs of South Jersey, Which Puts on Minstrel Show

Last Monday evening the Fellowship Choral Club of Riverton and Palmyra was host to some 75 members of the Associated Glee Clubs of South Jersey. The joint meeting was held in Christ Church Parish House, Riverton, and was one of the most successful of its kind in the Association's history.

In the absence of Nathan Lane, president of the Fellowship, the meeting was conducted under the chairmanship of Frank Booth, vice president, and after very brief preliminary formalities, he turned the entertainment of the evening over to Frederick Homer, director of the Laurel Springs Male Chorus. This group put on a tabloid minstrel show with hilarious success, and the remainder of the evening was spent in group and mass choral singing. The contributions of the Fellowship under the direction of Alfred S. VanOsten, with Lee Mitton at the piano, to the musical portions of the program were received with great enthusiasm, and many of the group leaders declared the character of the work was an inspiration to do better things next season.

Mr. Coxson, president of the Association, announced to the members a project for taking the entire group to Atlantic City early in September to appear on the Steel Pier. Next Monday will be the final meeting of the Fellowship Choral for this season, at which time the election of officers will take place.

CINNAMINSON PTA

The May meeting is always small, owing to the Spring home duties, but last week's transacted important business. Mrs. Russell Musser was elected president, with Mrs. Elwood Haines and Miss Florence Egan vice presidents; Mrs. Edward Wood, treasurer, and Mrs. Arthur Mandeville, secretary.

The treasurer's report showed a comfortable balance in case of emergencies.

Plans for the circus are progressing nicely. The date has been changed to June seven, Friday. Be sure to note this, as you will want to be on hand.

An upper grade girl, Margie Neal, entertained the association with a monologue, "The German Woman at the Theater," and gave the amusing skit very well.

Publicity.

MAD DOG MENACE SERIOUS LOCALLY

Police Department Issues Order Concerning Dogs; Muzzles for Untied Canines

A campaign has been launched in Riverton to control the spread of rabies in all dogs within the borough limits. The measure of control was occasioned by a stray dog infected with rabies biting several dogs last Friday morning.

Dogs owned by Jacob Strohlein, Daniel M. Clifton, Frank Jones and Homer Krauss of Riverton are supposed to have been bitten by the maddened canine.

Mrs. Elizabeth Lockley, of Pearl avenue, East Riverton, was bitten by the same dog, which was finally captured and shot by Officer John Robinson of the Riverton police force.

The dog was decapitated and the head taken to Trenton by Chief of Police Gootee, where a laboratory test revealed a positive rabies infection.

Notices have been posted throughout the town by the police department and a check-up of registered dogs is being made. People owning dogs are being given copies of the law concerning them.

Dogs running at large must be registered and muzzled, or if not muzzled kept on the owner's property.

Arrangements have been made for a dog catcher to work in Riverton, and any dog caught not muzzled will be taken to the Palmyra pound. The Palmyra authorities are cooperating with Riverton in the matter.

To get a dog back from the pound will cost the owner \$2 if it is registered and \$3 if it is not registered, and the owner will in addition be liable to a fine of not exceeding \$25. This ruling is to remain effective until September 1st according to Chief of Police Gootee.

PHALANX HEARS AVIATION TALK

David Little, of Riverton, Paints Rosy Picture of Air Travel In This Country

A regular meeting of the Phalanx Fraternity of Palmyra-Riverton Y.M.C.A. was held Monday evening and was well attended by the twenty-nine members and prospective members present.

The meeting was opened by the president, J. H. Finney Jr., who introduced our mentor, E. N. Cooper, who gave a very gratifying report on Youth Council progress which is shaping up, even above expectation.

The speaker of the evening was David Little, who is connected with the aviation department of RCA-Victor. Some of the interesting facts of his speech were the figures he quoted in regards to aviation. There are over 30,000 licensed pilots and over 8,000 planes engaged in active air service. For every transport and commercial flier there is required twenty people for ground work. To become a licensed transport or commercial pilot, 1,000 hours of solo flight are required which costs at least \$5,000; also before he can be first pilot for an airline he must spend two-years as a co-pilot. In conclusion, Mr. Little predicted a fine future for small inexpensive planes and lighter than air craft.

This was followed by a lively discussion which lasted till the closing of the meeting.

The next meeting of the Phalanx is called for Monday, June 10th, at which time the boys of the senior class of Palmyra High School will be the Fraternity's guests.

Publicity.

"Are you a doctor?" she asked the young man at the soda fountain. "No, Madam," he replied, "I'm a fizzle."—Two Bells, Los Angeles.

PREDICTS MORE USE OF CONCRETE

Rotary Speaker Tells of Practical and Decorative Uses for Man-made Stone

An ever-expanding future for concrete products was pictured to Palmyra-Riverton Rotarians, by Robert G. Adams, newest member of the club. Mr. Adams is the owner of a business which manufactures from concrete, such things as septic tanks, laundry trays, portable garages and surveyor's markers.

After describing some other smaller products, Mr. Adams touched on concrete joists, a feature that is rapidly making headway in the building trade. These pre-cast joists are water-proof and fire-proof and have been called concrete-lumber.

It will be three weeks before the Rotary Club convenes again in Riverton. May 30th is a holiday, which automatically cancels the meeting falling upon that date, while June 6th will find Palmyra-Riverton helping its sister-club in Moorestown celebrate its tenth anniversary. This will be a very gala occasion held at the Moorestown Field Club.

The rain dance by the third grade was very realistic. The children carried umbrellas with cellophane trimmings, which reflecting in the sun

Another Declaration of Independence

The unanimous decision of the United States Supreme Court on Monday that the NRA is unconstitutional, and the other two decisions handed down at the same time by that august body is, perhaps, the most important event in American history since the signing of the first Declaration of Independence, and justifies the faith of the American people in its Supreme Court as an impregnable bulwark against the usurpation by the executive branch of the government of the power to make laws which rightfully belongs to Congress, elected by the people.

It is devoutly hoped that this is the beginning of the end of the weird and fantastic schemes, concocted in the brains of a power-mad president, big business with selfish aims to attain, or of impractical heads of a multitude of alphabetical bureaus and departments, and foisted upon a patient people by presidential ukase, which are rapidly substituting for our vaunted freedom the vassalage and serfdom of European countries, prostrate under the heels of dictatorships which have killed individual freedom and initiative, and answered with the dungeon and firing squad the protests of an outraged citizenry.

The decision of the Supreme Court came in time to check the rapid drift in this country toward a similar condition of bondage via the "bloodless revolution" route of which the New Dealers boasted with so much confidence and pride.

But while there is cause for jubilation in the wise and patriotic decision of the Supreme Court, there are still many sinister phases of the New Deal to be dealt with before America will be made safe for Americans. The four billion dollar PWA fund (facetiously dubbed the Political Welding Act) to be spent between now and the next presidential election, is the greatest menace ever faced by the independent American voter.

Then there is the Banking Bill, which is designed to place in the hands of the president and politicians the credit resources of the country, and the Holding Companies Bill which threatens the savings and investments of thousands of American citizens who have striven through years of labor and privation to provide against emergencies and old age.

Make no mistake about it—the New Dealers have not been defeated by this one set-back, serious as it is. Only the first line trenches have been taken. Behind them lie a strongly entrenched organization, plentifully supplied with funds wrung from the public purse and from obligations which will be handed down to American generations yet unborn, and which they appropriate to be used "where they will do the most good," under the guise of "emergency measures to defeat the depression."

Let us be thankful that at last the American people have gotten a break, but do not let us delude ourselves that the fight is over. It is still the sacred obligation of every American to put into effective operation the safeguards written into the Constitution by the founders of our country to protect the individual rights and liberties which are our most priceless possession.

And this may be an appropriate time to again call attention to the vital distinction between the government and the administration. The government we hold to be a set of rules and regulations based on certain principles and ideals embodied in the Constitution, under which we have agreed to live as a free people.

The present administration is a group of men, temporarily placed in charge of the government, who are perverting and diverting these principles to ends for which they were never intended by the writers of that immortal document, which has set the American government apart from all other governments of the earth, and which has served as a model and an inspiration to independent, freedom-loving people everywhere.

Someone remarked to Will Rogers that Webster spoke perfect English. To which Will responded: "Well, so could I, if I wrote my own dictionary."

CHURCH NEWS

CALVARY PRESBYTERIAN CHURCH

Rev. Charles T. Bates, B.D., Pastor

The Sacrament of the Lord's Supper will be observed at Calvary Church next Sunday, June 2, at 11 o'clock.

The Women's Missionary Society will hold its last meeting until October on Wednesday, June 5th, at three o'clock. Mrs. E. F. Black will give one of her interesting missionary plays, "The Hogan Beneath the Sunrise." The meeting will be preceded by a missionary luncheon at one o'clock; charge 25 cents, to be used for the women's missionary apportionment. In order that all proceeds may go for missionary work, the members of the society are asked to provide food for the luncheon, and are requested to consult Mrs. Fred P. Hemphill, 406 Lippincott avenue.

The Church School annual picnic will be held at Camp Ockanickon on Saturday, June 8th. Members of the congregation are urged to furnish automobiles for transportation of the members of the school and congregation who do not have cars of their own. Any who are willing to do this will please tell Miss Grace E. Davis, 104 Main street, Riverton, telephone 138-M, as soon as possible. Children's Day will be observed on June 16th, when the congregation and the Church School will unite in service at 11 a.m. Parents who wish children baptized at that time are asked to tell the pastor.

CENTRAL BAPTIST CHURCH

Rev. George Lockett, B.D., Pastor

Services—Sunday, June 2, 1935. The Bible School took on a familiar appearance and the attendance record was again broken. School starts promptly at 10 o'clock. 11:15 a.m., Morning Worship. Pastor Lockett's sermon subject will be "Loyalty." The junior choir again favored the congregation last Sunday by a selection after having been absent for some time. Miss Grace Horner and Master Arthur Hoyt were the soloists. The senior choir will contribute their selections. 6:45 p.m., B.Y.P.U. 7:45 p.m., Evening Worship. "The Forgiveness of Sins" has been selected by the pastor as the subject of the sermon. You are invited to join the song service of fifteen minutes immediately preceding the service. Appropriate selections by the senior choir.

The regular Wednesday program prevails. 4:15 p.m., The Jr. B.Y.P.U. and choir rehearsal at eight o'clock the mid-week prayer service. Children's Day will be observed in the Bible School on Sunday, June 9th, when a specially prepared program will be presented. A children's day picnic under the direction of Miss Helene Johnson will be the feature of the service. In the afternoon of that date the pastor will deliver the baccalaureate sermon before the class of 1935 of the Palmyra High School.

CHRISTIAN SCIENCE CHURCH
"Ancient and Modern Necromancy, Alas Mesmerism and Hypnotism Denounced" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, Sunday, June 2. The Golden Text is: "When the wicked spring as the grass, and when all the workers of iniquity do flourish; it is that they shall be destroyed forever" (Psalms 92:7). Among the citations which comprise the lesson-sermon is the following from the Bible: "Is it not yet a very little while, and Lebanon shall be turned into a fruitful field, and the fruitful field shall be esteemed as a forest? For the terrible one is brought to nought, and the scorner is consumed, and all that watch for iniquity are cut off" (Isaiah 29:17, 20). The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The destruction of the claims of mortal mind through Science, by which man can escape from sin and mortality, blesses the whole human fam-

ily. As in the beginning, however, this liberation does not scientifically show itself in a knowledge of both good and evil, for the latter is unreal." (p. 103).

NOTICE

The next Christian Science Church of the Air program will be broadcast from Washington, D. C., on Sunday, June 2, at 1:00 p.m., daylight saving time, by William G. Biederman, Christian Science Committee on Publication for the District of Columbia, over the Columbia Broadcasting System, and may be heard in New Jersey over Stations WABC, New York, and WPG, Atlantic City (1100 k.c.).

OBITUARIES

MRS. CHARLES H. COOLEY

I cannot say, and I will not say That she is dead; She is just away!

Mrs. Frances Freeland Cooley, president of the New Jersey Congress of Parents and Teachers, was found dead late Saturday afternoon, at her home, 14 Eglantine avenue, Pennington.

Dr. W. J. H. Abey, of Pennington, who was summoned, ascribed death to a heart attack. This diagnosis was concurred in by Coroner Carl H. Whitney.

Mrs. Cooley had not been ill previously. Two weeks ago she returned from three weeks in Miami, Fla., where she attended the convention of the National Congress.

Her husband, Charles H. Cooley, died in 1930. They had one son, Charles F. Cooley, now a chemical engineer in Rancagua, Chile.

The only other survivor is a sister, Mrs. Kathrine F. Cooley, of Trenton.

Mrs. Cooley's girlhood was spent in Milford, N. J. She taught in the Asbury Park High School, and later was a teacher in the old Model School, now known as the Teachers College, Trenton. In 1910 she became the wife of Mr. Cooley, and for a short time they made their home in Milford, after which they lived in France and Italy until about 1913, when they settled in Pennington, where Mrs. Cooley and her son still lived.

Mrs. Cooley was elected president of the New Jersey Congress of Parents and Teachers in 1932, and re-elected in 1934. She was a member of the Kleio Club, of Pennington, and the Missionary Society of the Pennington Presbyterian Church.

The funeral was held Monday at one o'clock from the Ivins and Taylor Church Home, Trenton, the Rev. A. K. Wagner, pastor of the Pennington Presbyterian Church, officiating. Burial was in Union Cemetery, Milford.

LEMUEL GRAU

Lemuel Grau, 76, of West Palmyra, died suddenly Monday, May 27, from a heart attack.

Funeral services were held Wednesday afternoon at 2:30 from the Snover Funeral Home.

Interment was made in Morgan Cemetery, Rev. Ira S. Pimm officiating.

Mr. Grau, who is survived by one daughter in Philadelphia, was formerly connected with the firm of Rice and Grau of Riverton.

JULIA C. MARGERUM

Miss Julia C. Margerum, daughter of Mrs. Eleanor Margerum, of 622 Linden avenue, Riverton, died Tuesday evening in the Jefferson Hospital, Philadelphia, following an appendicitis operation.

Funeral services will be held Friday at 2 o'clock from the Snover Funeral Home.

Interment will be made in the Jacobstown Cemetery.

Miss Margerum is survived only by her mother.

They must have nicknamed America the land of promise during some national campaign year.

ALMANAC

"Who fails to take care of his credit soon has time to take care of."

MAY

23—The first sheep are imported into United States, 1609.

CROWDS EXPECTED AT LEGION SHOW

Committee Forging Ahead With Plans for Best Meet to Ever Be Held Here

South Jersey will undoubtedly be treated to the finest in colorful demonstration when the coming South Jersey State Championship Drum and Bugle Corps competition is held in Palmyra and Riverton. The joint committee planning the event for Saturday afternoon and evening, on June 15th, with everything in their favor due to an early start, feel that the two communities will have more visitors than at any other time in their history.

A publicity program was launched this week that reaches twenty-five newspapers throughout this section. The movement via sound car will be started this week. Legion publications are carrying the news. Announcements via radio are planned and a program of publicity reaching its full intensity will precede the celebration by at least a full week. The hearty cooperation of the municipal officials of both communities is helping the project forward. The financial support of the business people locally is growing each succeeding day and is helping to assure the success of the event.

New features, not seen at last November's competition, will make their appearance at the coming exhibition. Some of the corps here last season will be here again with new maneuvers and new musical numbers.

A brilliant touch will be added when the Glenside Concert Corps, whose specialty is music alone, entertains at Memorial Park at the time of the prize awards. This corps is made up of former members of the Frankford corps who for a long time held first honors in the United States.

The Palmyra Borough Council is planning to dedicate its new park on that date with exercises commencing at one o'clock in the afternoon. Starting at two, the championship competition will take place on the Palmyra High School athletic field. The referee, spoiled by darkness last year, will be viewed in all its splendor and impressiveness this season.

Following the recess for dinner, the parade with every organization in line will march from Palmyra to

Riverton. Present plans call for the prize awards at Riverton Memorial Park with a concert by the Glenside Concert Corps. This unit alone with something entirely new and different in music and entertainment. An advance sale of tickets for the local residents will be started on Saturday under the direction of the ticket committee and aided by members of the Palmyra Drum and Bugle Corps in full dress uniform. Two thousand reserved seats are already contracted for with the possible addition of two thousand more. Local residents are urged to buy their tickets early, as some indication may be made of the anticipated attendance and thus aid the committee in properly plan the seating arrangements. Box seats will sell at one dollar each, reserved seats in the stands at fifty cents for adults and twenty-five cents for children. Standing room will sell for twenty-five cents.

CORRECTION

On May 22 the following article was published in a daily paper. Mr. Holly, May 22—William L. Seagraves, of Riverside, was committed in the county jail at Mt. Holly yesterday for court action, being charged with obtaining jewelry under false pretenses from Woodward W. Crammer, also of Riverside. The case was heard before Justice of the Peace Lester Merrill, of Riverside.

Following the publication of the above, a report became current that the Seagraves referred to lived in Riverton. This appears not to be correct, however, the man who was arrested having come from Paulsboro.

PROCESSING TAX COSTS JERSEY HOMES \$21,000,000

New Jersey paid about \$21,000,000 last year in price increases caused by processing taxes.

The processing taxes mean that in New Jersey bread, sugar, shirts, tobacco, pork and even the peanuts consumed last year cost \$21,000,000 more than if there had been no processing tax. New Jersey farmers benefited to the extent of \$182,000 from these taxes; wheat farmers having received about \$17,000 and hog raisers, \$165,000 for curtailing production. Most of the proceeds went to farmers in the Midwest and South.

**MAHALALA
TO OPEN
JULY 7th**

The Boy Scouts of Burlington County are making plans to attend Camp Mahalala again this year on the "troop camping plan." This type of camping was instituted last year at the Council Camp. Individual Scouts were taken care of in the Camp Provisional Troop. Troop 21, of Parry, N. J., has already signed up for a two weeks' period under their Scoutmaster, William Gibson. Several other scoutmasters have indicated that they will be in camp with their troops, and it is expected that the camp will be filled to capacity.

Camp Mahalala will open on Sunday afternoon, July 7, for a three weeks' period. Arrangements are being made for a fourth week to take care of extra troops and scouts. The camp will be under the supervision of George A. Darlington, Burlington County scout executive, who will be camp director. Mr. Darlington has had several years' experience in directing camps in Central New York State. He will be assisted by a competent corps of leaders who have had experience in scoutcraft and camping.

The camp committee of the Burlington County Council of the Boy Scouts of America has announced through its chairman, Edward A. Mechling, of Moorestown, that troop registrations sent in to the council office before June 4th will be \$8.00. Those received after that date will be \$10.00 per troop. Individual registrations will be accepted at the usual rate of \$1.00 per scout. If this individual fee is in the hands of the scout executive on or before the 4th of June, the board for scouts individually registered will be \$6.00 per week. After this date, however, boys registering will be charged \$7.00 per week.

The camp reunion that has been an annual event looked forward to by Boy Scouts of the County for the past three years, will be held at Camp Mahalala on Saturday, June 15th. A committee consisting of Scout Executive Darlington, Scout Commissioner Walter Kram, Scoutmaster Mechling, Scoutmaster William Coles, Jr., of Moorestown, William Gibson, of Parry, Richard Devereux, of Burlington, Assistant Scoutmaster C. Stadvee, of Florence, and Troop Committeeman V. Larwood Caldwell, of Maple Shade, are making plans for a real affair. Parents and friends of the scouts are urged to attend the reunion.

PENNSY WILL NOT CLOSE STATION

The Pennsylvania Railroad Company agree to hold in abeyance the elimination of the West Palmyra freight and passenger stations as a result of a conference with the Mayor of Palmyra and a committee of citizens numbering seventy-five, last Friday evening.

A. B. Cole, representing the railroad company, stated that there was not sufficient business to warrant its continuation. He stated, however, that if a sufficient number of people avail themselves of the service offered, the stations will be kept intact.

The townspeople agreed to wage a campaign to increase patronage at these stations and the railroad agreed to await the outcome of the campaign.

OPENS AT 9 A.M. FRIDAY a Great ANNIVERSARY SALE

Of course, we can't do it actually—part these sturdy granite walls with a rapid action zipper — but what a good idea it would be if we could display to all of you who live in the territory wherever these newspapers circulate — the fascinating, interesting and worthy merchandising values which our more than one hundred departmental managers have gathered together after months of painstaking effort, to suitably celebrate the 67th Anniversary of the founding of this Great Store.

These are exciting times. This is a great period in which to be alive. When human voices can hurdle eleven thousand miles of space by radio, and man-made aeroplanes can hurdle three thousand miles in one-half a day — when men build ships that are longer than two city blocks, which weigh over eighty-thousand tons — when photo-electric cells open doors for you, when man's ingenuity can air-cool vast buildings on torrid days and keep them balmy on frigid days, all by means of a little finger adjustment of the thermostat.

Amid all of these exciting things a store has to be indeed interesting to command attention and an Anniversary Sale celebrating that store's birthday must be a great event indeed to deserve the visits of millions of customers.

We have planned with these facts before us. The event which we open here Friday has been conceived to merit your time and attention in competition with the other exciting attractions of a modern world. It's to be a Great Sale, and everything presented for participation in the Sale has either passed the test of greatness or has been rejected. Thousands of items of merchandise are included. All are great in the value they offer you.

All Three Strawbridge & Clothier Stores, Philadelphia, Ardmore, Jenkintown, participate in the Anniversary Sale

STRAWBRIDGE & CLOTHIER

RIVERTON

Councilman and Mrs. Gorham P. Sargent will leave shortly for their summer home, "The Blue Spruce," at Bass Rocks, Massachusetts. Miss Dorothy Worcester Sargent will leave prior to the family and spend the summer with her grandmother, Mrs. Winthrop Sargent, of Haverford, Pa., who is also spending the summer at Bass Rocks in her cottage, "Wyncoet."

Mrs. Howard Ballinger, of Pemberton, entertained Wednesday the members of the cast who gave a sketch before the Woman's Republican Club last month at the home of Mrs. Pearl Bridgegum, Hainesport.

Mr. and Mrs. Louis Clelland and family have left Riverton to make their home in Boston for the next three years.

Miss Alice Laverty spent Thursday and Friday of last week in Moorestown as the guest of Mrs. Edward Britner.

Mrs. Elsie Brownell, of Frankford, spent Sunday with her father, Edwin Evans.

The executive committee of the Woman's Republican Club will be entertained by Mrs. Minnie Husted at her cottage at Seaside Heights, June 17.

The Associated Republican Clubs of Burlington County are planning a picnic to be held at Sylvan Lakes, Burlington, June 8.

Councilman Gorham P. Sargent has purchased the Durborow property at 100 Main street and plans to completely renovate it.

Mr. and Mrs. Edgar W. Miller and daughter, Margaret, attended the Morris and Essex Kennel Club at Madison, N. J., on Saturday, May 25. This show is held annually and this year's was one of the largest in the history of the club.

Chief of Police and Mrs. William Gootee and Mr. and Mrs. Clarence Bell Sr., spent Sunday in Port Norris.

Mr. and Mrs. Oliver Smith and daughter, Olive, were visitors in Atlantic City Sunday.

Miss Lillian Greiner, of Philadelphia, spent Saturday at the home of Mrs. Edwin Evans, at which time Mrs. Evans celebrated her birthday.

Miss Naomi Evans spent Thursday in Sea Isle City.

The Delanco Young Republican Club is planning a spring dinner-dance at the Moorestown Community House, June 9.

Mrs. Pearl Bridgegum, of Hainesport, has been appointed temporary chairman of the State Republican Committee to fill the vacancy caused by the resignation of E. Donald Sterner.

William H. Bottger has returned to his home on Linden avenue, after spending ten days in Texas, New Orleans and Lexington, Kentucky.

Mr. and Mrs. George King and son have returned to Riverton after spending a week in South Boston,

Virginia, visiting Mr. King's parents.

Miss Mary Patterson, of Elm Terrace, entertained the members of the Alpha Phi Lambda at her home Tuesday evening.

Miss Sue Teeple has returned to her home on Main street after spending a week in Washington.

Miss Edith Ridley will entertain a number of friends at luncheon Saturday.

County to Enforce Payment of Taxes

(continued from page 1)
The city council noted that Freeholder Adams had appointed two men to represent the city of Beverly on the County Transportation Committee and that neither of the two men appointed, namely, Franklin P. Jones and Earl R. Blyler, were residents of the city. The letter further stated that the council felt that the committee should be augmented by Beverly citizens to properly represent the city's transportation interests. It was moved by Freeholder Heisler that the director be empowered to appoint further members from Beverly and as many others as he might deem necessary.

Riverton Men Added
Alexander B. Garwood and Paul Barnhart were appointed to the County Transportation Committee by the director to augment the list of citizens from Riverton on the committee.

It was moved by Jones and seconded by Stout that the county be directed to purchase road and bridge materials as an emergency until such time as the State Highway funds are made available, the schedule of purchases to first receive the approval of the State Highway Department and the State Bureau of Municipal Accounts. The motion was unanimously carried.

A letter was read from the War Department stating that they would carefully consider the back channel at Burlington in its dredging program as requested by the board of freeholders at a previous meeting.

A letter was read from the Kolyn Construction Company in which it stated every effort was being made to keep heavily laden trucks from using the temporary span across the Rancocas creek at Riverside. It further stated that the watchman was instructed to forbid heavy trucks to cross and that they have asked for the aid of Riverside and Delanco police in carrying out the order.

The following department bills were ordered paid: Buildings, \$11,990.92; highway and engineering, \$7,036.69; bridges, \$2,674.11; affairs, \$1,707.40; revenue and finance, \$2,222.81.

25c LUNCHEON

Are you coming? We surely hope so. To the 25c Luncheon by the ladies of the Methodist Church, Wednesday, June 5, at 1 o'clock. Phone right away to either Mrs. Rivel, 452, or Mrs. Haring, 675-R, about the menu. Be one of the sixty women whom we are expecting will attend. This is Mrs. Pimm's last meeting with us. Bring your own plate, cup and saucer and silver. Publicity.

Tremendous Trifles

By ELMO SCOTT WATSON

ACCIDENTS WILL HAPPEN

"ACCIDENT" is the mother of invention. It is times out of mind, said Louis Griffenberg, the top-dress inventor. One day he saw a framed picture on a wall. He got the idea that it was possible to make a machine travel forward by pulling it backward. He made use of that principle in inventing his engine of death.

Cardless workmen in a paper mill forgot, one day to add sizing to the pulp, and the whole vat had to be thrown away as waste. A short time later the proprietor came by. He saw the discarded rolls and tore off some strips to use for mending notes. It absorbed the ink as the element that chemists had been looking for.

In another plant a workman playfully tossed a piece of cheese into the plating bath solution, used for producing copper disks for stamping phonograph records. The disks from this particular bath were far superior to any others. The reason in the cheese was the one element that chemists had been looking for.

CIVIL SERVICE EXAMS
Another list of Civil Service Examinations has been issued by the government for positions paying from \$1440 to \$4600 a year. Full particulars may be obtained at the Riverton post office.

The old fashioned woman who was nifty with a biscuit cutter now has a grown-up daughter who can certainly do flashy things with a cigarette lighter.

Baseball Dope

By "Bill" Schopp

Monday evening, May 27—The soft ball addicts were greeted with a perfect evening for their sport.

The Joseph T. Evans Toilers, led by one Joe Yearly, Sr., upset the apple cart of the orchard men from the points by the score of 7 to 1. The game was much more interesting than the score would indicate, because, outside of the third inning, when the victors slid over five runs on four hits, the A's played like champs. Kingfish Shivers walked nary a man, but his outfielders dropped a few flies at very inopportune moments, and as the whole crew of Farmers could only gather three singles off Lefty Richman's hurling, they met the fate they deserved. Gootee and Finn each smacked out three singles, while Fred Conway connected with one that was good for three stations.

There were a number of good fielding plays, two of the best being made by Shea the first baseman of the Athletics, in the 9th inning. J. T. Evans 0 0 5 0 0 2 0 0 7 Athletics 0 0 0 1 0 0 0 0 1 Shivers and Stockton Richman and Speer

RIVERTON NINE

TWICE VICTOR

Trim Ogontz Team in Week-End Games, Home 7-2, Away 8-1

The Riverton baseball team produced a double win over the week-end when they shellacked the Ogontz nine 7-2 on Saturday at Memorial Park, and then repeated the drubbing by taking the same team over to the tune of 8-1 on Sunday at Ogontz.

Saturday's game was marked by the excellent pitching of "Clay" Weikman who struck through the whole nine innings, keeping the visiting "willow-swingers" guessing.

Conway showed the local fans some speedy base stealing
