

**AUGUST**

# THE NEW ERA

Vol. 47 No. 31

RIVERTON, NEW JERSEY, THURSDAY, AUGUST 1, 1935

PRICE FIVE CENTS

## FREEHOLDERS URGE PAYMENT OF GRANT

Board Enlists Aid of Senators  
Moore, Barbour and Con-  
gressman Powers

The Burlington County Board of Freeholders passed a resolution Friday, which is to be sent to Senators A. Harry Moore and W. Warren Barbour as well as Congressman D. Lane Powers to see if they can find out when the PWA grant of \$50,000 for the Riverside-Delanco bridge, is to be released for payment.

The grant has been approved at the Newark office of the PWA but for some unknown reason, Washington has failed to make payment to the county.

Director Adams recommended that a delegate from the board go direct to the headquarters of the PWA in Washington, but the other members felt that the matter should go through the state's representatives in Washington. The resolution was put and Adams said he did not approve of the method but voted "yes" with the other members.

(On Tuesday of this week the War Department approved the modified plans for the bridge, which action automatically releases the \$50,000 grant for which the freeholders have been waiting.)

To Borrow \$18,000

Freeholder Jones introduced a resolution stating that the county treasurer be authorized to borrow \$18,000 on a three-months note on account of the Riverside-Delanco bridge. Freeholder Heisler, director of finance, withheld his vote on the resolution stating he did not approve their method of financing. Director Adams, nettled by the refusal of the director of finance to vote, addressed Mr. Heisler and asked him, "I'd like to know, Mr. Heisler, what the duties of a director of finance are, I wish someone would tell me." Heisler replied that he considered every member of the board a director of finance.

The audit for the years of 1933 and 1934 was presented to the members but the usual authority to publish same in the county papers was withheld when an argument started over an item in the audit. Director Adams made the statement that the audit was wrong but Mr. Heisler declared the audit was in proper form. The audit was made by the office of Walter R. Darby, state auditor, and in effect was complimentary to the former county management, which may or may not have had something to do with Adam's attitude in the matter. The director recommended that the publication be laid over to the next meeting to give all of the members time to look over the audit.

Judge Wilfred H. Jayne, Jr., of the Burlington and Atlantic County Circuit Court, notified the board of the appointment of Elizabeth I. Rice as his secretary at an annual salary of \$1800, half of which or \$900 the county pays. The letter was received and filed.

\$7,560 for New Engineers

The bill from Ash, Howard, Needles and Tamen for \$3060, the balance due them for engineering fees on the Riverside-Delanco bridge, was read. The total amount for their services was \$7,560; previous payment of \$4,500 on account has been made by the county.

Freeholder Jones stated that \$42,894.95 would yet be required to finish payment of the bills for the Riverside-Delanco bridge. He stated one side of the new bridge would be opened to traffic by August 1st, and the whole bridge ready for use by September 2nd.

A communication from the Public Service Gas and Electric Co., was read in which it recommended a central electric meter for the county buildings, saving the county approximately \$270 per year. The

(continued on page 8)

## FIRE DESTROYS BARN FULL OF HAY

Property of Frank Stanford of  
Wrightsville Damaged by  
Flames on Monday

A barn full of hay, a shed full of peach baskets and a sow with 12 little pigs were destroyed by fire, one-thirty Monday afternoon on the property of Frank Stanford, colored, of Wrightsville.

The fire, supposed to have started from spontaneous combustion, for awhile threatened the nearby houses and out buildings, but the prompt and efficient action of the Parry, Palmyra and Riverton fire companies soon brought the flames under control.

A new note of excitement crept in when a group of boys captured an injured rat which had run from under the burning barn. The rodent resented the boys' interference and bit one lad severely on the finger and sank its teeth into a girl's arm while still being held by the boy.

"Joe" Stack and Police Chief Beck treated the rat bites with the first aid kit on one of the fire trucks and recommended that the children visit their doctor immediately.

## BOARD SELECTS FINISHING BRICK

Same Brick as in Old Building  
Considered Best Match From  
Samples Submitted

The Riverton Board of Education met last Friday evening and selected Sayer and Fisher brick from a group of four samples for the exterior finish of the new school building project. Sayer and Fisher brick is the same as was used in the old building twenty-five years ago and today is the best match of the four samples submitted. The bricks were set up in regular fashion against the old brick wall so that a good comparison could be made.

The Reid Brick Company's interior tile was selected for the walls of the auditorium.

The Thomas Moulding Floor Company asphalt tile flooring was chosen for the hallways and floors of the new classrooms.

Upon recommendation of the architect, the plaster from the walls back-stage in the auditorium was omitted from the specifications since scenery will cover most of the wall space. This will effect a saving under the contract.

The board decided to use the underground heat duct as per the original plans, rather than change to an overhead duct.

The bond of the new district clerk William H. Bottger, was presented and delivered to the vice president, Walter K. Woolman.

The district clerk was authorized to purchase a new typewriter for his use as clerk at a cost not to exceed \$50, the machine to remain the property of the board.

## NOT A CANDIDATE

The advent of the hot month of August as usual, witnesses political rumors, and the writer will appreciate it if you will announce through the New Era, that he is not a candidate for Nomination for the office of Sheriff of Burlington County, per the report in the Courier-Post, issue of July 31st, 1935.

This decision is personally regrettable, because the chances of election this Fall, seem to me, to be particularly favorable.

Very truly,

H. E. Moyer.

Riverton, August 1st, 1935.

## BIRTHS

Mr. and Mrs. Francis T. McGann, of Pennsylvania avenue, Palmyra, are receiving congratulations on the birth of a daughter, Patricia Ann, July 28, at the Mary Haas Robbins Maternity Home, 408 Main street, Riverton.

## BIG REPUBLICAN RALLY AUGUST 5

Meeting at Sylvan Lakes Next  
Monday; Music, Dancing,  
Prominent Speakers

Republican men and women from every section of Burlington county will gather at Sylvan Lakes Park, Burlington, on Monday night, August 5, when the Associated Republican Clubs of Burlington County will stage their big rally.

All the indications are that it will be the most important as well as the most largely attended political gathering held in this county in years. At least 2500 people are expected and there will be a variety of entertainment, calculated to please all tastes.

President Roy R. McDougal and his committee have been hard at work planning for the event and they are much gratified at the co-operative spirit shown by the members of the local units which form the County Association. Big delegations are promised from every one of the local clubs, while those towns which are not yet represented in the larger organization have signified their intention to send many car loads of party workers, both men and women. Not in years has there been such enthusiasm over an event of this kind. All of which is taken as evidence that Republicans of all degrees are primed for the approaching campaigns.

While the business session which will open the program is due to be called at 7 o'clock, daylight saving time, it is suggested by the committee that an effort be made to get to the Park as much before that time as possible, to enjoy a social hour. For those who desire it, there will be bathing and boating facilities, and other amusements.

It is expected that several speakers of national and state prominence will be present and make short addresses at the open forum immediately following the business meeting, which too, will be open to all who wish to attend.

After the program of brief addresses, professional entertainers will put on a show which everybody will be sure to enjoy, and there will be dancing in the big open pavilion, which holds more than a thousand people. Music will be furnished by Frank Nelson's Royal Ambassadors, an orchestra of 8 pieces.

There will be door and dancing prizes, too.

## P. R. R. CURTAILS STATION SERVICE

Effective August 2, One Man  
Will Serve Passenger and  
Freight Patrons

In an effort to further curtail expenses, the Pennsylvania Railroad Company has put Harry Stack in charge of the Riverton station as agent-operator, and transferred Martin Welsh who was also at this station to Riverside.

The telegraph office will be open from 6 a.m. to 10 a.m. and from 2 p.m. to 6 p.m. (dst). No telegrams will be sent or received except during these hours.

The freight office hours are from 8 in the morning to 5 in the afternoon.

These hours go into effect, Friday, August 2.

It is expected that the Riverton station will be altered to accommodate the freight business and the present freight station removed, at which time the freight business, passenger ticket sales and telegraph business will be handled from the one office.

Until that is accomplished, Harry Stack, agent, may be found at the freight station when not present at the Riverton passenger station.

## BEVERLY PLANS IMPROVEMENTS

Seeks Federal Aid for Enlargement  
of Sewer Plant, and State  
Aid For Road Work

Benjamin A. Sleeper, prominent Burlington engineer, has been authorized by Beverly City Council to prepare an application to the Federal Emergency Relief Administration for aid in the proposed project here whereby the municipal sewage treatment plant would be enlarged and modernized.

Beverly's present sewer plant, which was built nearly 25 years ago, has been viewed as inadequate for some time and the city has been notified by the State Department of Health that it does not measure up to present day requirements.

The City Council has also authorized the borrowing of \$3700 from the State Teachers Aid Fund for the purpose of paying salaries owed the teachers in the Beverly Public Schools.

It has approved improvement plans of Broad street and upon the approval of the State Highway Commission, the work is to be begun. The estimated cost is \$3000, of which the State Highway Department is to pay 90 per cent.

## RAPID PROGRESS ON NEW SCHOOL

Bricklaying and Structural Steel  
Work Begins Today; 40  
Men Employed

Work on the alterations and additions to the Riverton Public School is moving forward with all possible speed. The cement footings and brick foundations have already reached the ground level.

The structural steel and iron work was delivered on the job early this week and erection is scheduled to begin today.

Following the erection of the structural steel a large corps of bricklayers will commence operations.

The millwork and frames are also due for delivery on the job today.

The work of demolishing the interior of the old building is about completed, and new construction such as brick walls, gypsum plank ceilings in the corridors, and preliminary fireproof stairway work has begun.

The general contractors, Rafferty-Kennedy Company, are employing two shifts of men each week, totaling almost forty men.

The plumbing and electrical contractors are keeping pace with the general construction.

## TO DRAW JURIES FOR SEPTEMBER TERM AUGUST 28

The Hon. Joseph B. Perksie, Justice of the Supreme Court, assigned to hold the Circuit Court in the County of Burlington, has fixed Wednesday, August 28th, 1935, at the hour of ten thirty o'clock in the forenoon (daylight saving time), at the Court House, in Mount Holly, for the drawing by the Jury Commissioner of the grand and petit jurors for the September Term, 1935, of the Courts of Burlington County. The September Term of Courts will open on Tuesday, September 10th, 1935.

## CHIMNEY FIRE

A chimney fire broke out Monday evening at the home of Gus Leusner, New Albany Road.

The Parry Volunteer Fire Company and the Riverside Fire Company answered the call. Only slight damage was done.

"When his fellow-men make a beaten track to a man's door he knows that he has achieved fame," says a writer. Or else the installments on the house, radiogram, car and vacuum cleaner are overdue. —Humorist.

## VETERANS PLAN TO ENTER POLITICS

Organization of Ex-service Men  
to Work for Efficiency  
In Government

The first meeting of ex-service men, seeking to enter actively into the political field of Burlington county, was held on July 14th, in the rooms of the Becker-Karg-Caldwell Post, V.F.W., of Mount Holly.

A number of townships were represented and regrets were read from other townships expressing their inability to attend this meeting, but stating their desire to cooperate in every way with this movement.

The object of this organization is wholly and entirely non-partisan, but to enter actively into the field of politics for the sole purpose of electing to office men or women who not only have the interest of the veteran at heart, but also the interest of Mr. Everyday Taxpayer. We are, of course, very much interested in seeing to it that veterans get every privilege, where deserving and capable, accorded them under the law. This we regret to say, has been sadly lacking in the majority of cases in the past.

We are taking this initial step, feeling that any country that is worth fighting for is also worth voting for, and feeling that clean honest government is undoubtedly the most crying need we have in the country today.

Since we were called upon to defend our country in time of war, we feel the time is here to defend it from within, and are calling upon all service men, as well as every person interested in clean upright government, to give us their cooperation in this movement.

Eligibility requirements are that of any veterans' organization, i.e., an honorable discharge from the U. S. Army, Navy, Marine Corps, Coast Guard, etc., and only persons having seen such service can become affiliated with this movement. There are no fees or dues connected, and all ex-service men in the county are urged to affiliate.

Temporary officers elected at the Mount Holly meeting were Claude Corson, of Mount Holly, chairman; Edward Leon, of Riverside, vice chairman, and R. G. Nack, of Riverside, secretary, and contact men from the various townships were appointed for the purpose of spreading the news through all veteran channels, and to interest as many service men as possible in this movement prior to the next meeting, which will be held Friday evening, August 2nd, in Turners' Hall, Third street and Rancocas avenue, Riverside. Secretary.

## DEWITT STEEDLE OUT FOR SHERIFF

DeWitt H. Steedle announced on Wednesday of this week that he will be a candidate for nomination for sheriff on the Republican ticket at the primary election, September 17.

Mr. Steedle has been a resident of Riverton about forty-five years, and at the present time is a member of the borough council. His term in council expires this year and he will not be a candidate for re-election.

## EVENING CONCERTS AT LAKEVIEW

The Sunday afternoon musical programs at Lakeview Memorial Park have proved to be so popular that the management has decided to add an evening program of the same character.

Starting last week, and to continue indefinitely, there will be a concert from the Singing Tower every weekday evening from 7.15 to 8.15 daylight-saving time.

A drive to the park in the cool of the evening, and the musical program will be both refreshing and entertaining.

## RIVERTON

Mrs. Elsie Brownell, of Frankford, spent Sunday with her father, Edwin Evans.

Blandon G. Cook is driving a new Dodge.

Mrs. Catherine Markey, of Norristown, spent several days this week as the guest of Mrs. Clarence Bell, Sr.

Mr. and Mrs. George B. Snyder and Mr. and Mrs. Ross E. Evans spent Sunday in Wildwood.

Morris DeCoursey is driving a new Ford V-8.

Mr. and Mrs. Ezra Carhart, Jr., and family moved from the Williams-Wright apartments to Lippincott avenue.

The many friends of ex-Freeholder James McCormick, of Burlington, will regret to learn that he is seriously ill at his home.

Mrs. Alma Evans, Mrs. Frances Hartley and Miss Verna L. Guest attended the picnic of the White Shrine at the home of the worthy High Priestess Viola Borden, of Wrightstown, Saturday.

The many friends of William Evans, Jr., will be glad to know that he is slowly improving after an illness of two weeks.

Mrs. Frank Coddington and daughter Sally have been spending the week at Margate with relatives.

Mrs. C. W. Oakley, of Elizabeth, spent the weekend with her sister, Mrs. Fannie B. Reeves, of Elm ave.

Mrs. Charles Seemuller and daughter Carlette have returned to their home on Fourth street after spending the week at Stone Harbor.

Miss Margaret Gledhill, of Roxborough, is spending several weeks at the home of Mr. and Mrs. George Dorworth.

The Cinnamon Auxiliary of the Zuerbrugg Memorial Hospital will hold a meeting at the home of Mrs. Joseph T. Evans, Burlington pike, August 7, at 2.30. All members are requested to be present.

Mrs. Gretchen Dennis, of Grenet Valley, and Miss Lillian Greiner, of Germantown, spent Sunday with Mrs. Edwin Evans.

Mr. and Mrs. Harold Baker and family returned to their home on Elm Terrace after spending the month of July in Ocean City.

Miss Clara Bishop spent Wednesday in Wildwood visiting friends.

Mr. and Mrs. William Gootee, Mr. and Mrs. Clarence Bell, of Riverton, and Mrs. Catherine Markey, of Norristown, spent Sunday in Wildwood and Ocean City.

Miss Naomi Evans spent Tuesday in New York.

Charles Woolston has returned from the army camp at Fort Knox, Kentucky, after a six weeks' encampment.

Mrs. Leona Hunt will close her hairdressing parlor from August 1 to September 3.

## GOOD NEWS

RealSilk Hosiery, lingerie, etc., may be bought in Riverton. See announcement of Howard G. Marston in this issue.

Mr. and Mrs. Filson Graff spent two days with Mr. and Mrs. Gorman P. Sargent at Bass Rocks, Mass., on their return from Quebec.

A meeting of the Garden Department of the Palmyra Woman's Club will be held at the home of Miss Helen Wolcott, 602 Elm avenue, August 5 at 2 o'clock.

Joseph O'Toole, the only "fresh air" from New York to be entertained in Riverton this year, has returned to his home after spending three happy weeks at the home of Mr. and Mrs. Edwin Tucker.

Mr. and Mrs. Howard Marston spent several days in Ocean City last week.

Mrs. Robert Gowell is spending some time at the home of Mr. and Mrs. Howard Sorden in Ocean City.

Mr. and Mrs. W. D. Whitaker, of Thomas avenue, are spending the summer in Ocean City.

George C. Baker, of Harrison street is entertaining his sister from Selma, Alabama.

John R. Naisby and family of Howard street, are spending the remainder of the summer in Ocean City.

Eric Warnick has accepted the invitation of F. Weber & Co., to show a few of his canvases in their art store at 1710 Chestnut street, Philadelphia. Probably the most interesting to Rivertonians is his recent painting of the Riverton Yacht Club. Mr. Warnick, who has been working at his "Questend" studio, has recently taken a studio in Philadelphia.

Miss Olivia Steiner has returned to her home on Eighth street after spending several weeks in Baltimore, Maryland.

Mrs. Charles Biddle, 2nd, and daughter are enjoying a visit to Lake Placid, New York.

Mrs. Charles Biddle, 2nd, and daughter are enjoying a visit to Lake Placid, New York.

Mrs. Charles Biddle, 2nd, and daughter are enjoying a visit to Lake Placid, New York.

Mrs. Charles Biddle, 2nd, and daughter are enjoying a visit to Lake Placid, New York.

R. M. Bigelow and two children, of Thomas avenue, are spending several days in New York. The Nellie Bly stopped at Riverton for them.

Fred Kneibler and family have moved to Delanco.

## NOTICE

Mrs. Leona Hunt will close her hairdressing parlor at 406 Howard street, Riverton, from August 1 to September 3.

## WILL OF MRS. GRAHAM

In her will the late Mary W. Graham, formerly of 101 Main street, Riverton, bequeathed the Fairleigh Cemetery Company, of Camden, \$1000 for perpetually caring for her burial place. A maid, Sarah E. Smith, of Palmyra, was bequeathed \$2,000 in another provision of the will. The residue of the estate was bequeathed to the Union Association of the Children's Home, Mt. Holly, and to the American Oncologic Hospital, Philadelphia. Executors named were J. Markley Freed and Theodore M. Freed, of Philadelphia. The will was dated April 30, 1935.

## WRIGHT-GOOD

Invitations have been issued for the marriage of Miss Mabel Virginia Good, daughter of Mr. and Mrs. Paul E. Good to Mr. James Robert Wright, of Philadelphia, at Calvary Presbyterian Church, Riverton, Saturday, August 3, at 4.30. The Rev. Charles T. Bates will perform the ceremony.

## HOW CAN ICE GIVE UNIFORM TEMPERATURE?

How can an ice refrigerator maintain an even temperature when the piece of ice keeps getting smaller and smaller? The answer is easy, once you have seen the Coolerator, which is built on an entirely new principle. The ice is placed in an airtight chamber at the top, and melts from the bottom only, instead of from the top and sides, as in the old-style ice refrigerators. This insures uniform, complete refrigeration as long as there is any ice left.

The moderate price of the Coolerator and the economy of using ice, to say nothing of the many other advantages of ice refrigeration, make this proposition worth investigating. Joseph L. Stack, local distributor, will be glad to show you this new refrigerator and explain its operation.

## FISHER MAKES ANNUAL REPORT

Burlington Co. Official Highly Commended by State Supt. of Weights and Measures

The annual report of Curwen B. Fisher, superintendent of weights and measures for Burlington county, was presented to the board of freeholders last Friday. During the year Fisher traveled 7534 miles and made 1026 visits to places of business and in answer to individual appeals.

Fisher stated that "the duties of this department are ever changing and increasing with the changing business methods of today. The coal situation is but one illustration. Now myriads of trucks ply between the mines and the consumer and enter into keen competition with the old established distributors. Gasoline is distributed through complicated machines that almost possess brains. Weighing devices have the delicacy and precision of a watch. Methods of cheating the customer have not lessened in number."

In speaking of swindlers, Fisher said, "The department has been alert in an effort to protect the public from many classes of swindlers. Traveling gold merchants robbed many an unwitting housewife of valuable heirlooms, giving but a small fraction of the real worth."

A few of the weighing machines and measuring devices examined by the superintendent during the year resulted as follows: 60 gasoline pumps condemned out of 1072 examined; 21 computing scales condemned out of 345; 11 liquid measures condemned out of 701; 28 apothecaries weights condemned out of 496; 3 avoirdupois weights condemned out of 1762; 7 yardsticks condemned out of 43; 18 oil bottles out of 4201.

Out of 1053 oil pumps tested not one needed adjustment, he said.

In acknowledging receipt of Mr. Fisher's report, Alexander F. Berg, State Superintendent of Weights and Measures, wrote as follows:

"I cannot speak too highly in praise of your splendid efforts over the period in question. Your report is indeed an outstanding one among the counties, all things considered, and your record of prosecutions over the year are certainly a source of deepest gratification, indicating as it does the thoroughness with which you are enforcing our weights and measures statutes. Undoubtedly, the legal actions instituted by you have had a high moral effect on the tradesmen in your county."

### G. A. WHOMSLEY OUT FOR CORONER

George A. Whomsley, of Burlington, has announced his candidacy for coroner.

Whomsley, served as county committeeman from the Third ward, Burlington, for two years. Terms of Russell M. Stoddard, Mt. Holly, and William O. Cunningham, Riverside, expire this year.

### LICHTENTHAL FOR ASSEMBLY

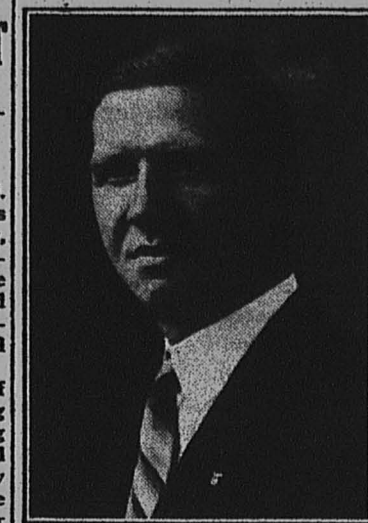

I desire to hereby make formal announcement of my candidacy for nomination at the coming Primary Election, as a candidate for the election to the General Assembly on the Democratic ticket.

Last year I was the Democratic candidate for election to the General Assembly and campaigned throughout the county against the sales tax. I was opposed to any sales tax legislation at that time and tried to point out to the voters of the county that what Governor Hoffman meant in his campaign "broadening the tax base" was a sales tax. My prophecy of last year has been fulfilled and I desire to state that I am this year pledged to work for the repeal of the sales tax legislation, and that a tax plan designed along Judge Dill's program of last year, would raise the same revenue needed for relief purposes and would relieve the burden from the shoulders of the people who are least able to bear.

Daniel Lichtenthal.  
Ordered and paid for by the candidate.

The grace of sympathy is purchased at the cost of suffering.

## FIRST IN RACE

WALTER D. LAMON

Palmyra man who is completing his second two-year term as mayor of the borough, is the first to formally announce his candidacy for the Republican nomination for Freeholder in the Primary election on September 17.

## ANNOUNCEMENT

I hereby announce my candidacy for the Republican nomination for member of the Board of Chosen Freeholders of Burlington County at the Primary Election to be held September 17, 1935.

Knowledge acquired in administering the affairs of the Borough of Palmyra as Mayor for the past four years has given me practical experience in governmental affairs.

Having a keen interest in the progress of Burlington County, I have kept in close touch with its activities and the affairs of the County government, thereby acquiring knowledge of the duties of the Office of Freeholder.

If nominated and elected I shall conscientiously serve my fellow-citizens and pledge myself to practical business management.

Walter D. Lamon.  
Ordered and paid for by the candidate.

### BIG BARGAINS AT CLEARANCE SALE

Shulman's store has earned an enviable reputation as the place "where your money buys the most," and the prices prevailing at the big summer clearance sale now in full swing there gives further justification for that reputation.

Check over the prices in their advertisement in this issue—you can save nearly half.

### 1936 A-K RADIOS MAKE THEIR DEBUT

Local Dealer Attends Advance Showing: Metal Tubes a New Feature

Clinton B. Woolston and Karl W. Latch attended a banquet at the Bellevue-Stratford Hotel, Philadelphia, last Thursday evening on the occasion of the announcement of the 1936 models of Atwater-Kent radios.

The pre-showing of the new receivers met with enthusiastic applause from the hundreds of dealers present. The wide range of models, the attractive new styling in cabinet designs, the new metal tubes and other mechanical improvements are all supported by retail prices that are more attractive than ever.

On model in particular that attracted much attention contained an illuminated electric clock that operated an automatic tuning device as well as serving as a household time piece. This set, retailing at \$158.00, enables its owner to make a pre-selection of as many as twelve programs, each of which will come on the air at the proper time without further attention from the operator.

Mr. Woolston will have one or more of these new sets in his showroom in the near future.

The Major: "And there we stood, Miss Ethel, in the heart of the jungle, that huge panther and I, barely ten paces apart, each staring at the face of the other."

Ethel: "Oh, Major, how perfectly dreadful for you both!"—Clipped.

## OWEN-DAVIS

A simple wedding at the Alumnae House of the New Jersey College for Women, New Brunswick, on July 21, united in marriage Miss Flora M. Davis, daughter of Mr. and Mrs. Harry E. Davis, and William W. Owen, son of Mr. and Mrs. Eben Owen, of Staten Island, New York. The ceremony was performed by the Rev. Charles T. Bates.

The bride wore a gown of white mousseline de soie and carried a bouquet of gardenias and baby's breath. She was attended by her sister, Miss Grace Davis, as maid of honor and Miss Marjorie Merritt, of New Brunswick, as bridesmaid. They wore flowered chiffon gowns and carried bouquets of roses and delphinium.

The bridegroom was attended by his brother, Thomas Owen and Emmett Waite, of the New Brunswick Theological Seminary.

Only the immediate families and a few close friends were present at the ceremony and reception which followed.

The bride, who was graduated from the New Jersey College for Women, at New Brunswick in 1930, was formerly connected with the Campus Inn and is now supervisor of the Emergency Relief organization of New Brunswick.

Mr. Owen, who will complete his course at New Brunswick Theological Seminary next year, is holding a summer pastorate at Princess Bay, Staten Island. The couple will reside in New Brunswick.

### HEAVY BURDEN OF CAR OWNER IN N. J.

New Jersey taxes and fees levied against the automobile owner causes the motorist in this State to shoulder a heavier burden than do drivers in other States, the United States Bureau of Public Roads finds.

The average annual tax and fee bill charged to Jerseyites totals \$50.16, which is about \$5 higher than the average in the 48 States.

The costs mentioned, which do not include sales tax on cars or embrace the items of upkeep are:

State gas taxes, \$19.70; federal gas and oil tax, \$9.70; license fees, \$18.00; automobile excise taxes, \$2.70. Total, \$50.16.

Floridians pay \$73.39, leading the list, and the District of Columbia motorists get off comparatively light—\$27 is their average annual bill.

### A MODERN HOME

### Care

The care employed by the Snover Funeral Home in the performance of its duties has contributed much to the profession of funeral direction.

The vision of a few idealists some years ago raised funeral direction from a business to a profession, and this pride in the profession has kept the Snover Funeral Home among the leaders who look upon their services as a sacred trust.

## The Destroyer

It is twenty years since the war broke out, and inasmuch as few persons know much of business life until after they are twenty years old, it follows that the section of our population which is not above forty has known little of normal economic conditions. Such persons may well be impressed that the conditions of the last five years have been very bad, and thus be receptive to the theory that the economic system should be radically made over.

Unfortunately there is no general appreciation of the fact that the world is paying the penalty of an adventure in violation of economic law on the most colossal scale known in the history of mankind. It suffices to say that throughout all of the twenty years from 1914 to 1934 there has been little opportunity for the economic system to function under the natural play of economic forces.

The irregularities, the fluctuations, the inequalities and injustices attributed to the free economic system have not resulted from the normal workings of the system, but from interference with them, from disregard of economic law and attempts to evade or suppress it.

## Automatic Regulation of the Economic System

The principle of automatic regulation of the economic system is implicit in the fact that fundamentally all business consists of an interchange of services. Very early it was discovered that a man acquired skill by applying himself to one kind of work, and that community production would be increased by specialization and interchange. The very oldest writings of the Bible tell of the hand trades about as we have them now, and all modern industry and science has developed upon the same principle. The difference in the standard of living between China and the United States has resulted from higher specialization in this country, with the use of capital in the form of specialized machinery. We are all specialists, each buying what he can of the products of others by selling his own. It is a refined system of barter, carried on by the use of money, which is only a means of measuring and comparing values, and accomplishing the exchanges. The only real values in the market are the goods and services moving in trade. These actually buy and pay for each other, but because everybody sells and buys for money many people who ought to know better have come to think of money as an original source of value, and enormously exaggerate the part it plays in the fluctuations of business.

We have several times quoted the apt aphorism by Professor F. W. Taussig, of Harvard: "The fundamental fact of exchange is thus obscured by the very mechanism which so perfectly facilitates it."

Of far more importance than fluctuations in the volume of money are the disturbances that occur in the relations between the different groups of the economic system. They sell to each other, and depend upon each other's purchasing power, and since general purchasing power is the secret of prosperity, all groups tend to be prosperous or depressed together. Prosperity is a state of balanced relations, enabling all kinds of products and services to be readily exchanged and move into consumption, with everybody employed and enjoying the highest standard of living possible at the existing capacity for production. This is the "economic equilibrium" that economists talk about. Of course it never is perfect, because the system itself, in its organization and equipment, is always undergoing changes which in some degree are disturbing. However, such changes on the whole are constructive and beneficial, because they increase the capacity of the system to supply more fully the wants of the people. So long as the different parts remain in balance they can increase their trade indefinitely. The derangements are insignificant and do not occasion permanent unemployment or any general depression.

Under such conditions natural economic forces tend to keep

the system in balance. The law of supply and demand is always in action and under it if any occupation is overcrowded the compensation will decline and thus direct activity elsewhere. Millions of workers are dropping out annually and millions of new workers are making choice of where to join the system. Moreover, there is freedom to shift from one occupation to another, and more or less of this is always going on. Ordinarily only slight shifts are necessary to restore the balance and the system is self-regulating by the free choice of its members.

Every financial crisis or business depression known to history has been caused by extraordinary influences, originating outside of the normal activities of production and exchange, and usually from acts of political governments, or failure on their part to perform their proper functions. Wars have caused the greatest disturbances, and of course the World War caused the most universal and violent disturbance of economic life that ever had been known.

The greatest of all disturbances is that which results from war. War is an anachronism in modern life. It disrupts all the relationships of highly organized society. It breaks down the system of mutually advantageous trade, forces industrial expansion upon abnormal lines, creates mountains of indebtedness with no new values to show for them, and causes violent price fluctuations. It leaves the world in a state of disorganization and uncertainty, to find its way back, painfully and more or less blindly, to the normal equilibrium which gives prosperity.

"CLIENT" SUES  
RELIEF HEAD

Kansas City, Kan., July 27 (U.P.)—Richard W. Bradford, taken off the county relief rolls a year ago, today had on file in district court a suit for \$2600 damages against the relief administrator.

Bradford's petition alleges the action of Lester Wickliffe, the administrator, forced him "to go about in a dirty condition and seek his own living."

CHRISTIAN SCIENCE CHURCH  
"Love" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, August 4th.

The Golden Text is: "The Lord hath appeared of old unto me, saying, Yea, I have loved thee with an everlasting love: therefore with loving kindness have I drawn thee" (Jeremiah 31:3).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And this is his commandment, That we should believe on the name of his Son Jesus Christ, and love one another, as he gave us commandment. He that loveth not knoweth not God; for God is love" (1 John 3:23, 4:8).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "With one Father, even God, the whole family of man would be brethren; and with one Mind and that God, or good, the brotherhood of man would consist of Love and Truth, and have unity of Principle and spiritual power which constitute divine Science" (p. 469).

LARGE ATTENDANCE AT MEETINGS IN GROVE  
The attendance at the Sunday evening services in the Palmyra Grove has been growing so fast that seats were not available for all who wished to attend.

Extra seats will be furnished for this Sunday on.

Rev. Lockett will be the speaker at this week's service, his topic being "The Words of Authority."

WHICH ARE YOU?  
Some are born to lift, and some are born to lean.

A lie never approaches the truth by being repeated.

The supper which was to have been given next Saturday evening has been postponed on account of the many who are on vacation. Announcement of new date later.

The Derrick was lifting the first steel girder on the job when one end of it swung to the ground and crushed the foreman's foot.

Blow was taken to the office of Dr. C. S. Mills where his injuries were treated. It was determined that no bones were broken and after treatment, Blow returned to the job.

RIVERTON HOLDS  
NARBERTH TO 3-0

Take Bristol But Lose Two to Towanda Team; Play Camden Friday

A big first inning in which Riverton rallied to score four runs decided the issue and allowed Dusty Cotes to coast to another victory by score 5-3 at Bristol, Pa., last Friday.

The fireworks started when Sloan walked, Bill Baker got a life when Sullivan dropped his ten cent fly in right and when Conway singled the bases were loaded. Bartley tapped to the pitcher and Sloan was off the plate on a fielder's choice. Foulke shook up center with a double scoring Baker and Conway and then Reeves lambasted another double to port which counted Bartley and Foulke.

Billy Baker again led the hitsmiths with three solid blows while Bartley, Foulke and Reeves each had two hits.

Clay Weikman dropped a tough decision to the strong Towanda club of Philadelphia last Saturday at Memorial Park by score 3-1 when the visitors scored two unearned runs in the third inning.

The game was fast and interesting and the fielding at times was spectacular. Wagner in left robbed Hicks, the visitors left fielder out of a home run when he made a one-handed catch of his liner in the seventh inning. Each club turned in two double plays.

On Sunday, Riverton travelled to 19th and Olney avenue, Philadelphia, and dropped another close decision to Towanda by score 6-5.

Shreve Nelson was the victim of some loose fielding when the home club clustered three runs in the fourth inning on four hits and two errors. Riverton, however tied the score in the fifth inning with another cluster of three and the game seemed until the eighth when Towanda pushed over the deciding tally on two hits and a long fly.

Clay Weikman reached the season's peak on Wednesday when he shut out the Narberth Club, first half champion of the Main Line League, with four scattered hits, by score 3-0 at Narberth, Pa.

Riverton jumped in the lead the first inning when Terrell got a life on Boyer's boot, Fred Conway's single and then Bill Baker shook up center field with a torrid triple to score both. Riverton added another run in the third when H. Baker led off with a single, stole second, continued to third when Easley threw wild and scored while Easley was being tossed out at first.

In only one inning, the eighth, was Weikman in danger when he walked two men, but Leon Sloan picked this time to make two hair-raising catches in right field and Terrell came up with a hot smash for a force out at second.

Terrell's shortstop play, Sloan's outfielding and Billy Baker's hitting shared the spotlight with Weikman's pitching.

YMCA BRIEFS

Girls Occupy Ockanickon  
With the opening of the girls' camping season of a month at Ockanickon, Wednesday, July 31, with Evelyn Sloane, as director, new weekly program activities will be arranged.

In a recent interview on plans for the 1935 season Mrs. Russell, chairman of the ladies' camp committee, pointed out that under Miss Sloane's leadership, the person who had camping experience for years at Merrowista and had in addition training as a physical education teacher, that the variety of weekly program features would very much enrich the camping experience of every girl in attendance this season.

Enrollments for the girls camp in Burlington county are handled at the County YMCA headquarters, 39 Main street, Mount Holly, or upon

OVERHEAD CUT  
BY STATE ERA

Salary Savings of \$8000 a Month  
Effectuated by Shifts, Some  
Salaries Raised

The State Relief Council today made public through its chairman, Chester I. Barnard, that a net reduction of \$8,160 per month had been made in overhead salaries as a result of reorganization of the Headquarters forces and of changes resulting from the inauguration of the Works Progress Administration.

In connection with this statement, Mr. Barnard made public a list of the principal officials and their rates of pay. During this period increases in pay were given to five County Directors.

In State Headquarters the monthly salaries of Arthur Mudd, Deputy State Director, Department of Finance and Assistant State Treasurer, and Ludolph E. Meyer, Deputy State Director, Department of Works and Material and Manager of the Federal Surplus Commodities Distribution Division, were increased to \$450 and \$400 respectively.

In the field group, the monthly salary of Arthur H. Jones, Director of Essex County, was increased to \$350; that of James P. Mitchell, Director of Union County, to \$300; Spurgeon Cross, Director of Atlantic County, to \$275; W. Rex McCrosson, Director of Burlington and Ocean Counties, to \$250; and Harold S. Whitney, Director for Monmouth County, to \$250.

application to Mrs. Edwin A. Russell, Moorestown; Mrs. Charles H. Yost, Riverton; or Miss Carolyn Gaunt, Jobstown; Burlington county's three members on the ladies' committee.

The girls camp rates are: registration fee \$2.00, board \$9.00. Upon receipt of application form (which will be sent upon request) a set of instructions to the camper, a special letter to parents and a health certificate form are then sent to the person enrolling.

Planting of machine-made forests in Russia has been made easier by a machine invented at Kharkov which plants seven acres in ten hours.

## TWO ARRESTED FOR ROBBERY

Quick Action by Palmyra Police Captures Thieves and Recovers Goods

Quick action on the part of Chief C. Morris Beck and Officer William Stack, of the Palmyra police, caused the arrest of two thieves who ransacked the home of Mrs. Emma Kern, 707 Park avenue, Palmyra during her absence early Tuesday evening.

The men arrested Wednesday are Alfred Weeden, alias John Burns, and Charles Purdum, alias John Hackett. The men have been making their home at 338 West Broad street and formerly resided in Philadelphia.

The robbery was reported to the Palmyra police about ten o'clock Tuesday night and upon investigation it was found that the following articles had been taken: radio and loud speaker, an electric clock, silverware, and electric lamp, a blanket and a suitcase.

Wednesday morning the police were called and informed that two suspicious men were loitering on Park avenue. Officer Stack answered the call and picked up Weeden and Purdum. They had a flashlight in their possession, which was identified by Mrs. Kern as one which had been in her house.

Chief Beck secured a search warrant for the West Broad street house and the stolen goods were found. A deed to a Wildwood property had also been taken, but this, the men said, they had destroyed.

They were held without bail for the grand jury at a hearing before Justice of the Peace Warren Kilpatrick.

## OBITUARIES

### JACOB THATCHER

Jacob Thatcher, 317 East Broad street, Palmyra, died in his 76th year at the Zuerbrugg Memorial Hospital, Sunday evening as a result of injuries received in an automobile accident Saturday, July 20.

Mr. Thatcher was the husband of the late Hannah M. Thatcher and is survived by two children, Powell, of Linden avenue, Riverton, and Mrs. Harry K. Mansfield, who made her home with her father.

Mr. Thatcher was a member of Trimble Lodge F. & A. M. of Camden and Dean of the Past Masters of that organization. He was also a member of the P.O.S. of A. and the Methodist Church, of Palmyra. Funeral services were held this (Thursday) afternoon from his late residence at 2 o'clock, the Rev. William Boyd officiating.

Interment was made in Arlington Cemetery, Camden, Frank A. Snover, funeral director.

### MISS HANNAH V. TITLOW

Miss Hannah V. Titlow died suddenly Monday at 12 Cuthbert Road, Palmyra.

The remains were shipped to Reading from the Snover Funeral Home, Palmyra.

### MRS. ANNA BURROWS

Mrs. Anna Burrows, of Frankford, Pa., died Monday evening at the home of Mr. and Mrs. Thomas Braddock, of Lecony avenue.

Mrs. Burrows who had spent the weekend with the Braddocks, suffered a heart attack early Monday morning.

## BOLES PROVES VARIETY'S THE SPICE OF LIFE

The old proverb-maker had the right idea; variety is certainly the spice of life, according to John Boles, Fox Film star, who has the leading role in "Orchids to You," coming Saturday to the Walt Whitman theatre.

In "Orchids to You," Boles plays the part of an attorney, whose romance with Jean Muir supplies most of the love interest of the picture. Miss Muir is the owner of an exclusive flower store, hence the film's title.

## AT BROADWAY MONDAY & TUESDAY

WILL ROGERS

is more hilarious than ever in his latest Fox Film fun cyclone, "Doubting Thomas," as a thunder-struck husband who tries to cope with a stage-struck wife and finally succeeds, amidst a gale of mirth.

## YWCA NOTES

### Miss Bowe Leaving

Miss Harriett L. Bowe has resigned as secretary of the Burlington YWCA to accept a similar position in Westchester and Putnam counties in New York State. Her resignation, which has been accepted with regret by the county board, will take effect September 1. Mrs. Marcus W. Newcomb, of Browns Mills, is chairman of the personnel committee of the county board, which will choose her successor.

Miss Bowe came to Burlington county four years ago as Girl Reserve secretary, and a year later was made general secretary of the county association, a position she has filled very capably since that time.

Miss Bowe will leave August 1 on her summer vacation, and during August the county YWCA office in Mt. Holly will be open on Mondays only.

## Freeholders Urge

### Payment of Grant

(continued from page 1)

matter was referred to Director Adams with power to act.

### Burlington to Pay

A communication was read from Burlington City in which it was stated that the city had sold \$111,000 worth of bonds to pay their county tax. Because of their efforts to pay the county before they had collected their own taxes the city asked that the interest item be omitted. The matter was referred to the director of finance and the solicitor for investigation and report.

Frederick Adams, custodian of the grounds, was given permission to be sworn in as a special officer of Mt. Holly township in order to give him more authority about the grounds.

### Referred to Sterner

Freeholder Jones asked that the tie bids for broken stone be referred to E. Donald Sterner of the State Highway department for award, there being some misquotation of the freight rates; the authority was given.

The board decided not to pay for bridgework or false teeth for patients at the Glen Gardner institution as per previous request of the institution. The board felt that it would establish a precedent for the other institutions if it were done.

Freeholder Jones reported that the Mott avenue curb in Burlington City, damaged by county machinery, had been repaired.

The report of Curwin B. Fisher, County Superintendent of the Department of Weights and Measures, was submitted and is published elsewhere in this paper.

The following bills were passed for payment: Revenue and finance, \$27,394.92; highway and engineering, \$6,176.61; bridges, \$2,671.34; public buildings, \$10,977.29; public affairs, \$6,854.85.

"Tomorrow is thine if thy hand hath the strength to grasp it." —Marie of Roumania.

## McCROSSON NOW DIRECTOR OF TWO COUNTIES

The State Relief Administration has announced the appointment of Rex McCrosson, as director of relief in Ocean county, to fill the vacancy resulting from the recent resignation of Michael A. Lanzara. Mr. McCrosson is at present director of relief in Burlington county, which position he will continue to hold.

The law requires that each county shall be treated as a relief unit and it is expected that the county relief organizations will be continued, but it is desirable to spread the activities of some of the county directors over larger areas with a view to reducing the overhead expense as the relief load diminishes.

It is anticipated that there will be a reduction in relief load in both Burlington and Ocean counties as well as in the other counties as a result of the activities of the Works Progress Administration. Already, the Ocean county rolls, as well as those of Burlington, have been cut heavily and it is believed that this reduction will continue.

Mr. McCrosson is well acquainted with the conditions in Ocean county and it is expected that the combined load ultimately will be less than he has handled in the past in Burlington alone.

## PUBLIC SERVICE NEW BOND ISSUE

New Issue of \$65,000,000 at 3½% Will Redeem Power Carrying 4½%

A saving of \$650,000 a year in interest charges will be accomplished by the Public Service Electric and Gas Company under an order of the Public Utility Commission permitting a refinancing of outstanding first and refunding mortgage gold bonds of the company to the sum of \$65,000,000.

The board authorized the electric company to issue \$65,000,000 in new first and refunding mortgage bonds at par value with interest at 3½ percent.

These will redeem the outstanding issue at which the rate of interest is 4½ percent. The latter consists of \$45,000,000 series due 1967 and \$20,000,000 series due 1970.

Immediate sale of \$50,000,000 of the new issue was approved by the Public Utility Board and the proceeds, together with \$15,000,000 of the company's funds, will be used to pay off the present bonds.

The company will hold the other \$15,000,000 of the new issue to be sold later to reimburse its treasury for the cash used in the redemption of the outstanding issue.

A SALESMAN

may be short or tall, fat or lean, but the boss measures his value by just two things: (1) the results he gets; (2) how much it costs to hire him.

The New Era Want Ads get results because the people who turn to them are already in the market for what they have to sell.

Want Ads meet with no sales "resistance." They waste no time ringing hostile doorbells.

No other salesman we know of will call on as many people for so little.

No matter what you want to sell, buy or exchange, New Era Want Ads will find it for you.

Phone, Riverton 712.

## DOUBTING THOMAS AT CRITERION

Will Rogers' fans all over the country are waiting for the laugh holiday that will give them their favorite star in "Doubting Thomas," coming to the Criterion Theatre, Monday, Tuesday and Wednesday, in which Will portrays the funniest role he has yet attempted in a picture that is a laugh cyclone by itself.

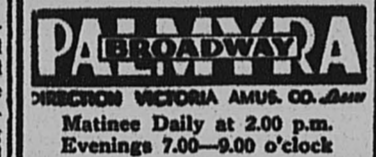

Rogers appears in the role of a simple, home-loving sausage manufacturer whose home-life is suddenly tossed into a turmoil when an amateur impresario, Alison Skipworth, who played the same role on the stage, persuades his wife, Billie Burke, that she has been suppressed all of her married life and that she really belongs to the stage and her public.

Rogers' son, Frank Albertson, finds that his sweetie, Frances Grant, has also become stage-struck. Father and son have their troubles after wife and fiancée appear in an amateur charity show.

Rogers finally effects a cure that will make America's ace humorist more loved than ever.

Sterling Holloway is a scream as the bungling sound-effects man for the amateur play and the rest of the supporting cast, including Gail Patrick, John Qualen, Johnny Arthur, Helen Flint, Fred Wallace and T. Roy Barnes, are more than adequate in their roles.

Lumber companies in West Florida have found logs still sound after being buried at the bottom of rivers for seventy-five years.

Vol. 47 No. 32

RIVERTON, NEW JERSEY, THURSDAY, AUGUST 8, 1935

PRICE FIVE CENTS

RYC NEW BOATS

IN COMPETITION

"Saw and Hatchet" Class Will

Compete in Miles River

Club Races

Each year a number of boats from

the Riverton Yacht Club take part in

the annual regatta of the Miles River

Yacht Club, just off the Chesapeake

Bay. This year there are

twelve boats from the Riverton

Club attending the regatta to be

held Friday and Saturday of this

week.

The 14 foot "Pram" boats, better

known as the "Saw and Hatchet,"

class are going to be especially well

represented at the regatta. Arrangements

have been made with the regatta

committee of the Miles River

Yacht Club to make a special class

for this type boat. In doing this

they have acknowledged the boats

as a class, and it will do much to

spread their popularity

along the eastern sea board. These

boats will also sail in races open to

all boats under 16 feet. This will

permit a comparison between them

and the other smaller boats.

Two of these boats are now sailing

down to St. Michaels where the

Miles River Yacht Club is located.

The "Sprinting-Splinter," owned

by Lloyd Gladney with Grandson

Layton as crew, started down Saturday

together with the "Cobbler," owned

by Bert Shoemaker. John

Knight, in his little power boat

"May-Go," started at the same time

and had planned to tow these boats

thru the canal. Unfortunately he

met with a mishap and was forced

to turn back.

There will be three other of the

Saw and Hatchet class taken down

in trucks. They will be the "To-

Mater," owned by Bill and Herb

Parsons; the "S-Neither," owned by

Ted Hunn and the "Zephyr," owned

by John Ayres. This makes a total

of five boats representing this class.

The young skippers sailing the

boats down have undertaken quite a

job and it will certainly be to their

credit if they are able to reach St.

Michaels without a mishap.

Rodman Merrill will represent

Riverton in the 16 foot class with his

"Sala Rias," and Barnacle Bill (Wil-

Ham Jones) will represent Riverton

in the larger class of sailing boats.

Dr. Voorhis, the vice commodore

of the club, will be the club's official

representative, and there will be a

number of other members going down

by car and boat.

The owners of the Saw and Hatch-

et boats are certainly wished the

best of luck for in all cases the boats

were built by the skippers and the

money necessary to purchase the

parts was acquired through their ef-

forts.

There are now six of these boats

on the river, with two more under

construction. It is hoped that more

will be built this winter so as to

swell the class to an even dozen at

least.

History of New Boats

During the summer of 1933 Mr.

## RIVERTON

Judge and Mrs. Frank A. Mathews, Jr., and family have returned from the shore and are occupying the property on Thomas avenue where Richard M. Hollingshead, Jr., formerly lived.

The Ladies' Auxiliary of the Parry Volunteer Fire Company spent Wednesday in Atlantic City.

Mr. and Mrs. Elwood Haines are spending two weeks in Daytona Beach, Florida, visiting her sister.

Mr. and Mrs. Clement Haas and family are spending the week at Seaside Park.

The Misses Coale, of Lippincott avenue, have returned to their home after spending a month at Buck Hill Falls.

The many friends of Mrs. Jerome J. Zisak, Sr., will be glad to know that she is improving after a serious illness of several weeks.

Mrs. Walter Drew and son have returned home after spending two months in Kalamazoo, Michigan.

Mr. and Mrs. Samuel A. Plumly motored last week to the Delaware Water Gap and Scranton where they visited friends.

Mr. and Mrs. George B. Snyder, Sr., spent the weekend in Ocean City with their son, George, Jr., who is spending some time there.

Mr. and Mrs. William Phillips, Sr., Mrs. Rebecca Hughes and Mr. and Mrs. William Phillips, Jr., of Mt. Holly, spent Sunday at the home of Mr. and Mrs. Edwin Evans.

Ross Evans and George Snyder spent the weekend deep sea fishing along the coast.

Miss Naomi Evans was a visitor in Atlantic City over the weekend.

Mrs. Henry W. Shreve is spending some time with Mr. and Mrs. Gorham P. Sargent at their summer home, Bass Rocks, Massachusetts.

Miss Edith Crawford, of Elm avenue, and Miss Grace Davis, of Main street, are back from a cruise on the Great Lakes aboard the S.S. Junata.

Miss Ruth Loud, of Beach Haven, is spending several days at the home of Mr. and Mrs. Edgar Miller, of Lippincott avenue.

Jacques LeGendre, of the Henry A. Dreer firm, of Riverton, returned to Riverton Monday after spending several weeks in California on a business trip.

Miss Leah M. Perkins, of Linden avenue, has left for a stay of two months at Chester Springs, Pennsylvania, the Pennsylvania Academy of Fine Arts Summer School.

Howard B. Conover and family have returned to their home after spending two weeks in the Adirondacks.

Dewees Showell spent the weekend in Avalon. Mrs. Showell and their son, who had been spending the week there, returned with him Sunday.

Miss Betty Sloan and Arthur Knight were visitors in Wildwood Saturday.

Mr. and Mrs. Clarence Bell, Sr., Mr. and Mrs. William Gootes and Mr. and Mrs. C. A. Bowers spent Sunday fishing at Brant Beach.

Mrs. Noah Kuensel and family have returned from spending a month in Washington, D. C.

Miss Clara Bishop, of Thomas avenue, spent Tuesday in Oak Lane as the guest of Mrs. John G. Horner and daughters, who have just returned from a four-year trip abroad.

Mrs. Virginia Graffin, of Teaneck, is spending several days at the home of Mrs. Alfred Smith.

Miss May Slim, Mrs. William G. Hoffman, Mrs. Alfred Smith and Mrs. Virginia Graffin, spent Mon-

day in Wildwood visiting Mrs. George Sorber.

Mr. and Mrs. Harry Sim and daughter Betty are spending the month of August in Atlantic City.

## SOCIAL CLUB IN FIRE COMPANY

Joseph Lezenby Heads New Organization to Promote Revival of Interest in Company

The Riverton Volunteer Fire Company, in the hope of reviving interest among the men, organized a social club last Friday night.

The officers elected are as follows: President, Joseph Lezenby; vice president, G. B. Cook; secretary, Jack Carhart, Jr.; treasurer, William Watkins.

The new club plans to meet weekly for social events and once each month for the transaction of business.

Membership is open to any regular or contributing member by the payment of a fifty-cent entrance fee.

## DAVIS-PROUDFOOT

Mr. and Mrs. Isaac Proudfoot, of Clarksburg, Virginia, have announced the marriage of their daughter, Mary Evelyn, to Mr. E. Fisher Davis, son of Mr. and Mrs. Luther S. Davis, of Shiloh, on August 4. The Davises were residents of Riverton for many years, and Luther Davis was principal of the Riverton public school.

## MANY STATES TO JOIN IN WAR ON CRIME

Thirty-five states have accepted invitations to send representatives to Governor Hoffman's conference on interstate crime compacts, October 11 and 12.

## LEGION CARNIVAL AUGUST 19-24

Many Attractions for Young and Old; Some New Ones This Year

The annual carnival of Post Frederick M. Rodgers No. 156, American Legion, of Palmyra and Riverton, will be held at the intersection of West Broad street and State Highway Route 8-41, every night during the week of August 19 to August 24, inclusive.

Numerous attractions for young and old will be staged, consisting of ferris wheel, merry-go-round, chair plane, special feature stands, in addition to the usual carnival stands where the people can use their skill in winning groceries, candy, blankets and other useful articles.

The Legion is in need of funds for the mortgage interest and upkeep expenses of their home and the carnival committee, of which Russell Musser is chairman, is working hard to make this carnival a huge success.

We hope the people of this community will patronize this affair and your attendance will be appreciated. Publicity.

## PHS EXAMINATIONS

All pupils who have just completed the work of the eighth grade and expect to enter the Palmyra High School this fall are hereby notified to report at the high school building at 9 a.m., daylight saving time, on Wednesday, September 4, to take a classification examination. High school students who have failed in subjects may take re-examinations in them, provided they present evidence of having made the required preparation, on Thursday, September 5. A schedule of the examinations, giving the hours, subjects and rooms will be published in this paper the last week in August. School opens Monday, September 9th.

## K. OF C. CARNIVAL

At a meeting of the parish of Sacred Heart Church Sunday evening, the following committee was appointed to sponsor a carnival at the K. of C. grounds, September 13 and 14: Charles DeLaney, chairman, Andrew J. Pfaff, secretary, and Herbert Kemmerle, treasurer. As the plans progress they will be published in the paper.

## MARRIED

Dr. and Mrs. Bertram Rhame West, of Riverton, announce the marriage of their daughter, Mary Francis to William J. Arbachke, of Fort Washington, Pa., August 3rd, 1935.

## RELIEF BURDEN IN NEW JERSEY

If all the persons in families which were on relief last winter when relief rolls were highest should obtain employment now, the large number of 37,000 families would remain to be cared for by the New Jersey Emergency Relief Administration. These families embrace almost 120,000 individuals and most of the individuals are children under 16 years of age.

This indication is contained in the latest study of data obtained by the ERA in the survey of 10,000 cases last winter. That survey was made to assemble material for an analysis of conditions with which the ERA or any successor to it will have to deal. It covered all sections of the State and varied characteristics of relief clients.

Only five per cent of these families report having received public aid prior to the present depression.

## CONCERT AT GROVE

The Leisure Time Orchestra of Burlington County will present the second in a series of four weekly concerts in the grove this Friday evening, August 9, at 7:30 o'clock. Due to the inclement weather the concert last week was postponed. There will be two more programs, August 16 and August 23.

Age corrupts all organizations. Come-out-ism with reorganization usually works reform.

Ignorance is less distant from truth than prejudice.—Diderot.

## DR. NEWCOMB AND THE SALES TAX

New Jersey Sales Tax Repeal Association Issues Public Statement

(Copy of telegram to Dr. Marcus W. Newcomb, of Burlington County, Assembly Majority Leader, at Browns Mills, New Jersey.)

"A deliberate effort to discredit you personally and to confuse the public on your position on the sales tax is being made by interests opposed to you in Burlington County in the hope that this garbling of your stand will interfere with the success of your candidacy to win the Republican nomination for Assemblyman from your County.

"Interests who would not like to see you go back to the Assembly in which you have served the people of Burlington County and the State generally for many years, are basing their campaign against you on the fact that as Majority Leader you introduced the Sales Tax Bill for Governor Hoffman and are seeking to give the impression that in some way you thus assumed sponsorship of the Bill. They also are busy whispering that as Chairman of the Judiciary Committee you could have bottled up this bill in committee and kept it from being brought out on the floor.

"These same interests know that at any stage of the battle, sixteen signatures would have forced the bill out of your committee and that the Governor could have mustered thirty-one votes as the final vote on the Sales Tax proved. Your opponents in Burlington also know that this was the Governor's bill and not your bill and that you introduced it along with many other administration measures as part of your duties as Assembly Majority Leader.

"Your record against the Sales Tax from the start is too clear for it to be possible for anybody to misinterpret it. The New Jersey Sales Tax Repeal Association, now leading the fight to repeal this tax, acknowledges its indebtedness to you for all you did to prevent its passage and for all you are now doing to help in the battle for repeal.

"You fought the tax from the day it became obvious that the people of this state opposed this vicious measure. Although you were Majority Leader and Governor Hoffman looked to you for help, you refused point-blank to go along with him on this measure. You fought courageously against this bill privately and on the floor. You voted against it and in favor of all Speaker Clee's economy measures which would have saved our people millions of dollars.

"Your position as an enemy of the Sales Taxers and the big political spenders is too clear for anyone to be able to confuse your people on where you stand. You placed loyalty to the people above political consideration and no amount of whispering will ever succeed in changing this. You represented faithfully and bravely, the people who sent you to Trenton and have proven yourself worthy of the confidence placed in you.

"The New Jersey Sales Tax Repeal Association is counting upon men of your type to lead the fight for repeal and for economy, the great issues facing the people of the State today."

JAMES V. MORAN, President, SPAULDING PAPER, Vice President, New Jersey Sales Tax Repeal Association, Trenton, N. J. August 6, 1935

## WILL BUY TOMATOES AT COLLINS' WHARF

There is a large crop of tomatoes this year, and growers will welcome an additional opportunity to dispose of their product conveniently and without long waits, at Collins' Wharf, Riverside, where H. E. Stewart & Son, Philadelphia commission merchants, will commence loading tomatoes on Monday, August 12.

The drought saved the state of Kansas the expense of cutting the 13-acre statehouse lawn, usually a continuous job.

## NOVEL MEANS OF STOPPING DRUNKS

Cecil A. Bowers, Riverton borough recorder, has a method all his own for dealing with drunken drivers whom he meets on the highways, with no cops available to take them in charge.

While on his way to the shore with his family last Sunday, Bowers overtook three drunks in a car careening from one side of the road to the other, endangering the lives of all motorists within range of their gyrations.

Forcing them to the side of the road by crowding their car and blowing his horn, Bowers finally brought the drunks to a stop. Finding all three men totally unfit to operate a car, he tore out the distributor and threw it into the bushes by the side of the road.

The incident happened on the "plain road" near Four Mile Colony. When he reached his destination he reported the matter to the state police.

## WRIGHT-GOOD

The marriage of Miss M. Virginia Good, daughter of Mr. and Mrs. Paul E. Good, of 407 Linden avenue, Riverton and James E. Wright, son of William Wright and the late Mrs. Wright, of 2460 N. 17th street, Philadelphia, took place at four-thirty in the Calvary Presbyterian Church, Saturday, August 3rd. The Rev. Charles T. Bates officiated.

The bride, who was given in marriage by her father, wore a gown of white satin fashioned on extreme princess lines and a tulle veil held in place with orange blossoms. She carried a shower bouquet of white roses, lilies of the valley and gardenias.

Mrs. Richard Bushley, of Rochester, New York, attended the bride as matron of honor. She was attired in peach chiffon with matching maline hat. Her bouquet consisted of talisman roses, snapdragons and babies breath.

Miss Martha E. Wright, sister of the groom, attended as bridesmaid. She wore blue chiffon with matching maline hat and carried talisman roses and blue delphinium. Miss Julia H. Heritage, of Wenonah, also attended as bridesmaid. Her gown was of peach chiffon with matching maline hat. She carried blue delphinium and talisman roses.

Miss Gladys J. Good, sister of the bride, was flower girl. She wore blue chiffon and carried a small basket of talisman roses and delphinium.

The wedding march was played by Mrs. Ruth Peterson Bell, organist of the church. Mrs. Bruce Duvall, of Oaklyn, and Louis Tund, of Collingswood, trumpet soloists, were also accompanied by Mrs. Bell.

Hiram P. Ball, of Pittsburgh, was best man. The ushers were William G. Wilen, of Philadelphia and Armand Baldwin, of New York.

Mrs. Good, the bride's mother, was dressed in a flowered chiffon and wore a corsage of talisman roses. A reception was held at the home of the bride's parents immediately following the ceremony.

After a wedding trip to Halifax, Canada, Mr. and Mrs. Wright will temporarily make their home in Riverton.

## DEVELOPMENT CO. NOW OWNS OLD FAIR SITE

The Holly Development Company is now in possession of the old Mt. Holly fair grounds property. For some time this company has been recognized owner of the land, as all negotiations for acquiring it were completed some time ago, but it was not until last week that Recorder Clifford E. Powell was able to complete all the legal details and turn over the deed.

Lloyd Stewart, of Trenton, formerly of Mt. Holly, is the president of the company and Samuel A. Pew, of Cherry street, Mt. Holly, is the secretary and treasurer. All the stock is held locally. A portion of the land is being considered as a possible site for the new Hancock Valley Regional High School.

The Belgian Congo, Africa, is more than 80 times as large as Belgium, its mother country.

## The New Era Lands A WHOPPER

Every now and then a fish story filters in to The New Era and the more we hear the worse they get. The roving reporter picked up one in Burlington Monday night that would make a story by the Baron von Munchausen sound like the gospel truth.

Frank A. Snover, well known Palmyra citizen, appeared at the Republican outing at Sylvan Lakes with his left hand swathed in bandages. During the hand-shaking (and there was plenty of it—because nobody knows who's on whose side yet) people would ask in a most sympathetic tone, "what happened to the hand, Frank?" By the looks of the bandage one might have thought Frank tried to stop a concrete mixer with his bare hand.

In reply to the question Frank would try to assume a serious air and in tone of voice evidently intended to imply that he expected you to believe him, would declare "a fish bit me."

This of course brought forth a loud haw-haw, followed by such remarks as "Now I'll tell you"—"What did you use for bait?"—"What were you doing, getting the fish?"—"That must have been the one that got away"—etc., etc.

Frank tried to tell the same story to Prosecutor Eastwood, but the prosecutor, who is quick to suspect an untruth, countered with, "You know Frank, they say that the only time a fisherman tells the truth is when he calls another fisherman a liar."

Not that we doubt for a minute the veracity of the story, but if by any chance you see Frank Snover walking down the street with a patch on the seat of his pants don't be surprised if he tells you, "that's where a fish bit me."

We know exactly how it happened—at least Frank told us—but we're not going to tell you here. If we did—we know you wouldn't believe us—and we don't blame you. Frank has told the story so much that by this time he's beginning to believe it himself.

## APPRECIATION

We wish to commend the Parry, Riverton and Palmyra Fire Companies for their prompt and efficient action in extinguishing the blaze at my home last Thursday evening. The work of the Riverton firemen in spreading rubber blankets throughout the house saved our furnishings from damage by war.

George Hansen, Sr.

## A MODERN HOME

## Care

The care employed by the Snover Funeral Home in the performance of its duties has contributed much to the profession of funeral direction.

The vision of a few idealists some years ago raised funeral direction from a business to a profession, and this pride in the profession has kept the Snover Funeral Home among the leaders who look upon their services as a sacred trust.

Baseball Dope

By "Bill" Schopp

August 2. It was agreed between the managers that this game, rained out a week or so ago, was to be played tonight, Friday, August 2nd. Unfortunately, at that time it was believed that no hard-ball game was scheduled for that evening. Now many of the Broadway lads play on the hard-ball team, so when they found out about that game, not a one showed up at the east diamond, leaving the Schwing team holding the bag. We counted and discovered that Schwing had nine men there, enough to claim the game on a forfeit. However, up till the present time (9:12 p.m., Tuesday August 6), President Conway, otherwise known as Judge Landis, has not handed down a decision.

This business of playing on both the hard and soft ball teams, as some of the Bankers and Broadway (and a few others) do, rather messes things up at times for the playground league. Certainly, playing at both games does not increase ability in either one, especially in the hard-ball game, as anyone who watches the Riverton team can attest. The difference in the size of balls, the difference in the instinctive plays that should be made, and the variations in the rules and diamonds must confuse things at times for these "men who serve two masters."

## Bankers 8-Whitman 4

August 5. With Clarence Hubbs in his usual streamlined form, the Bankers this evening doubled the score on Whitman to win the contest eight to four. Or, to put it in the straightforward language of an algebra textbook, if Whitman had scored three times as many runs as it did, it would have scored half as many as the Bank would have, had the Bank scored three times as many as it did. We won't tell you, in this problem, how many runs they scored together, for that would make the problem too easy: this way you get an indeterminate equation which will probably make you mad. But then, when you think of it, it would be futile to get mad, for you can find the answer to the problem in the heading to this write-up and in the first sentence.

Bankers 601 001 00x-8  
Whitman 200 002 000-4  
Hubbs, Sr. and Bonatelli  
Knight and E. Morris

## Broadway 19-Firemen 4

August 6. In a game that seemed interminable, because of the frigid weather, to the few hardy spectators who stuck through it all, the Broadway Lullabymen made their bats sing out enough base-hits and runs to defeat the once tough Firemen by the score of nineteen to four. The Firemen probably never rued anything in their collective lives as much as they did lending one of best players, "Bats" Carhart to the Gonsdallers to make up the latter's quota of ten men. "Bats" not only played a dashing game in the field but also swung a wicked bat, accounting for three hits and three runs.

The minimum marriage age in England is 14 for boys and 12 for girls.

RIVERTON WINS  
TWO, LOSES ONE

Two Camden Teams Fall Before Locals; Bristol Averages Former Defeat

Trailing on the short end of an 8-2 score Riverton put on a belated rally in the fifth and sixth innings to nose out East Camden on Friday evening at Memorial Park by score 9-8 when rain stopped the slugfest. "Heppy" Harper and Fred Conway provided the punch that carried the homesters to victory. It was Heppy who delivered the deciding blow in the sixth inning with the bases loaded when he punched out a natty single to score Bill Baker and Conway.

Weikman's relief pitching was another bright spot in the game. Relieving Coles in the fifth inning, Clay held the visitors scoreless for the remainder of the game.

Jack Easley hit for the circuit in the first inning with Conway on base which accounted for the first two runs.

"Rubber Arm" Weikman made it three in a row on Saturday when he set down the Camden Robbins, a fast colored club, by the score of 6-5. Weikman had pitched 22 scoreless innings before the Robbins dented the rubber in the seventh inning with a long tally.

Harper and Conway again led the hitters with three apiece and it was Baby Joe's triple in the third inning with two mates aboard that proved to be the deciding blow; it carried almost to the lily pond and he made third by hard running.

Weikman's record for the season is 14 wins against 2 losses against all kinds of opposition.

The management of the baseball club is endeavoring to obtain the strongest opponents possible at Memorial Park and this Saturday have been fortunate in securing the powerful Media A.A. of Philadelphia as the attraction.

On Sunday Riverton will play a return game with Media at 7th and Buist avenue in Southwest Philadelphia.

## CALVARY PRESBYTERIAN CHURCH

Rev. C. T. Bates, B.D., Pastor  
Worship, next Sunday, August 11, at Calvary Church at 11 a.m. The Rev. James H. Owens, D.D., of Red Bank, N. J., will occupy the pulpit in the absence of the pastor. Church School, 9:45 a.m.

## CHRISTIAN SCIENCE CHURCH

"Spirit" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, August 11th.

The Golden Text is: "He that soweth to his flesh shall of the flesh reap corruption; but he that soweth to the Spirit shall of the Spirit reap life everlasting" (Galatians 6:8).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "This I say then, Walk in the Spirit, and ye shall not fulfil the lust of the flesh. If we live in the Spirit, let us also walk in the Spirit" (Galatians 5:16, 25).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Man walks in the direction towards which he looks, and where his treasure is, there will his heart be also. If our hopes and affections are spiritual, they come from above, not from beneath, and they bear as of old the fruits of the Spirit" (p. 451).

## OBITUARIES

## MRS. LILLIE L. GARWOOD

Mrs. Lillie Garwood died at her home near Bridgeboro, Saturday evening.

She was the mother of Hobart A. Garwood, of 402 Linden avenue, Riverton.

Funeral services were held Wednesday afternoon from the Snover Funeral Home at 2 o'clock, the Rev. Parsells, Bridgeboro, officiating.

Interment was made in Morgan Cemetery.

Mrs. Garwood is also survived by another son, Elwood, of Beach Haven.

## MRS. VICTORIA RUMBEL

Mrs. Victoria Rumbel died at her home, 200 Penn street, Tuesday.

The deceased is the wife of the Rev. Thomas Rumbel.

Funeral services will be held Friday at 1:30 at the A.M.E. Church, Penn street, the Rev. Alex. White officiating.

Interment will be made at Wrightsville cemetery, Frank A. Snover, funeral director.

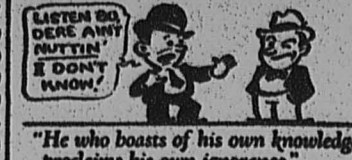

## MAHN-McDOUGAL

Miss Elinor Clark, of Delanco, and Louis Warren Mahn, of Riverside, were married in the Mt. Zion Lutheran Church, Riverside, last Saturday afternoon at 4 o'clock.

The bride is daughter of Roy R. McDougal, president of the Associated Republican Clubs of Burlington County, and the groom is the son of Mrs. Estelle Mahn, Pavilion avenue, Riverside.

The In-as-Much Bible Class of the Epworth M.E. Church will hold its annual picnic at Riverview Beach, Wednesday, August 15. The train leaves Palmyra station at 8:05 a.m. All members are cordially invited to attend.

## ALMANAC

He who boasts of his own knowledge proclaims his own ignorance.

## MARY STEEDLE HELD IN BAIL

Technical Charge of Manslaughter Against Riverton Woman When Man Dies

Miss Mary Steedle, of 517 Cinnaminson street, Riverton, was released under \$1,000 bail after a technical charge of manslaughter was lodged against her by Prosecutor Eastwood following the death of Jacob Thatcher on July 28th. The bail was posted for her appearance before the Grand Jury when it meets again in September.

Jacob Thatcher received injuries on July 20th, when he was struck by a car driven by Miss Steedle, which resulted in his death at the Zurburg Memorial Hospital eight days later.

## AUTO THEIR TAKEN

James Leedum, who moved to Delaware avenue, Palmyra, a short while ago, was arrested today by the Palmyra police upon the request of the Philadelphia Detective Bureau. Leedum, who was wanted for larceny of automobiles, was turned over to the Philadelphia police immediately.

## WESLEYAN MEN'S BIBLE CLASS

Last Sunday the attendance was 77 which was most gratifying for a warm Sunday, especially during the vacation season. Mr. Poinsett, as usual, had a very interesting subject. The singing under the leadership of Alfred VanOsten was exceptionally inspiring.

Next Sunday the Class will have charge of the services in the main Sunday School. Mr. Poinsett will speak on the subject "Prayer."

## REPUBLICAN RALLY AT SYLVAN LAKES

Nearly 5000 Men and Women Enjoy Outing at Popular Burlington Resort

Prosecutor Howard Eastwood was master of ceremonies at a Republican rally held at Sylvan Lakes, near Burlington, Monday night under the auspices of the Associated Republican Clubs of Burlington County of which Roy R. McDougal, of Delanco, is president.

The attendance is estimated at between four and five thousand.

The prosecutor made a short but stirring address on "Republicanism." Brief addresses were also made by Mr. McDougal and Alexander Denbo, of Burlington, chairman of the meeting.

There was an hour of entertainment by professionals from Philadelphia and the Adelphi Quartette. Music for dancing was furnished by the Nelson Royal Ambassadors.

The committee on arrangements was composed of: Thomas Coburn, chairman; Raymond Dempsey, Mrs. Lillie Foerster, Mrs. Reba Cunningham, Charles Behot, Joseph Calogero, Everett Gray, Mrs. Isabel Marter, Alexander Denbo, Mrs. Pauline Bartlett, Samuel Wad, Mrs. Helen McCormick and Franklin Sydam.

## RYC New Boats

In Competition

(continued from page 1)

and during January, February and March, Mr. Merrill built the first one of these boats which was later called the "Duster." This boat was launched in the spring of 1934, and was made available to all members wishing to sail it for a small hourly charge.

John Ayres, after seeing this boat sail, felt that he was struck by one, and with the aid of Mr. Merrill completed his boat in the latter part of the summer.

With the completion of this boat, interest in the boats as a class increased and by the middle of November there were three boats under construction in Ted Hunn's cellar. Not long after that two more boats were started in this same cellar, as well as two others that were being built outside of Riverton.

With the aid of Mr. Merrill and a lot of work on the part of the boys, they were able to launch four boats this spring. There are still three under construction and it is hoped that two of these will be launched by the end of the season.

The boats are of very simple construction and of the screw type. Their rigging is Marconi, and they can be built for approximately \$75. Some of the boys, by saving on fittings and changing the types of wood, have been able to build them even cheaper than this.

## CINNAMINSON GETS GOV'T. AID ON ROAD

Township to Receive \$3,180 Aid Under WPA for Rebuilding Church Road

Cinnaminson Township will, according to Maurice Conrow, chairman of the road committee, receive Federal aid under the WPA administration for improvements to Church road, within the township.

That portion of Church road, starting in the vicinity of Morrell Parry's farm and running to Five-Points at the intersection of Route 25, a distance of 1.3 miles, is to be rebuilt at a cost of \$3,680. The WPA administration will pay \$3,180 and the Township will pay \$500.

The road, 20 feet wide, is to be built of gravel and treated with calcium chloride for the first year. The maintenance of the road after it is built will become the responsibility of the township.

This improvement is part of a nation-wide project known as the "farm to market" plan. Approximately \$900,000,000 has been appropriated by the government to better aid the farmers in getting their farm products to the various markets.

It is expected that work on the new road will commence within three weeks.

Mrs. C. W. Williams, of Philadelphia, a former resident of Palmyra, is spending the week with Mr. and Mrs. Frank Johnson, of Morgan avenue.

## New African Violet "BLUE BOY"

A beautiful house plant for the home window garden, an improvement over the old Saintpaulia, bearing pretty violet-like blue flowers with golden yellow anthers. Blooms almost continuously the year 'round, easily grown. Make lovely favors. Get them at

## SALES TAX COLLECTIONS

To the Retail Merchants of  
Riverton, Palmyra and Vicinity:

This bank is voluntarily acting as an agent of the State Tax Commissioner in providing, without cost to the State or the taxpayers, a convenient method for our retailers, who are subject to the sales tax, to file their monthly reports and pay their taxes.

This is our contribution to the State in the interests of efficiency and economy in the public service, and to the retailers of our community as a service to them and for their convenience.

The bank is not administering the Sales Tax Act. On behalf of the Sales Tax Commissioner, we will accept sales tax reports and payments of the sales tax, but we cannot give rulings or opinions as to the application of the tax or the preparation of reports.

We are not permitted to accept any sales tax reports nor payment of any sales taxes for any month after the fifteenth day of the next succeeding month.

## STEEL WORK DONE ON NEW SCHOOL

Brickwork on Auditorium to Start Following Painting of Columns

The alterations and additions to the Riverton Public School are rapidly taking shape as the work is being pushed forward with all possible speed by the contractors, the Rafferty-Kennedy Co.

The outside steel construction has been erected and riveted by the J. P. McGuire Company of Camden. Following the painting of the steel columns, a corps of bricklayers will build walls for the auditorium.

The millwork and cast stone arrived this week and is being set. The brickwork in the front of the building is scaffolded.

The two-foot, seven-inch terra cotta heat duct leading from the furnace room to the auditorium was constructed this week.

The plumbing contractors have laid all the piping in the new and enlarged boys' and girls' lavatories on the first floor.

All foundations were damp-proofed this week.

New and enlarged windows in the new domestic science and manual training rooms are being built.

The steel stairways are expected to be delivered on the job this week. The absence of this material up to now has delayed progress within the main building.

### WHICH IS PREFERABLE?

Following Gen. Hugh S. Johnson's reference to the Supreme Court's "black nighties," someone put this question to the American people: "Shall we have the Constitution interpreted by distinguished jurists in black nighties or soporific lawyers in knee breeches?"—Wayne Herald.

### AT WALT WHITMAN

The drama of Fox Film's "The Farmer Takes a Wife" centers about the love of a boy from the soil for a girl attached to the glamorous life of the Erie Canal waterways. Janet Gaynor and Henry Fonda, handsome star of the stage production, are co-starring.

### KEYSTONE APPEALS TO PROPERTY OWNERS

An appeal is made to property owners by the Keystone Automobile Club of New Jersey to trim trees and hedges at highway intersections. Many accidents occur at road crossings at this time of the year because the view is obstructed by bushes and other foliage.

A lemon tree which bears fruit weighing three to five pounds each is owned by Mrs. Michel Hilpert, of Baltimore, Md.

## RIVERTON

Mr. and Mrs. Frances B. Elwell and Councilman J. Wilson Sylvester were guests of Councilman and Mrs. Gorham P. Sargent at their summer home in Bass Rocks, Mass., last week.

Miss Gertrude Michel, of Thomas avenue, was a recent guest at Chalfonte-Haddon Hall, Atlantic City.

Lloyd Unland, Jr., and Edward Paulus left on the second of August for a motor trip to California. They stopped at Niagara Falls for several days and then spent a week in Erie, Pa. They are now on their way from Windsor, Ontario, to Kansas City.

Mr. and Mrs. John Carhart, Jr., will move into the property on Cinnamon street formerly occupied by Mrs. Helen Kapus, the end of this month.

The ladies of the Riverton Yacht Club held card parties at the club house Wednesday and Thursday of this week.

Mr. and Mrs. Joseph Allen have returned to their home on Morgan avenue, after spending three weeks touring Northern Jersey.

Robert A. Marshall, who is employed in Newark, spent the week-end with his family in Riverton.

Mr. and Mrs. R. Robertson are spending the month in Cabinet, Massachusetts.

Mr. and Mrs. R. K. Coward and family, of Lippincott avenue, are spending several weeks at Avalon.

Mr. and Mrs. Harvey Hirst and family are spending five weeks in Ocean City.

Mrs. Edwin Evans was a dinner guest at the home of Mrs. Harriett Eickenhoff, of Beverly, Saturday.

Private Charles Wignore visited his parents over the weekend. He is stationed in Fort Slocum, N. Y.

Officer and Mrs. John W. Carhart left Thursday for Ship Bottom where they will spend two weeks.

Mr. and Mrs. Joseph F. Yearly and family are spending the week at their summer cottage at High Point, New Jersey.

Mr. and Mrs. John Strohlein and family are spending two weeks in Wildwood.

Miss Betty Sloan, Miss Naomi Evans and John Sloan are spending several days in Wildwood.

Mr. and Mrs. Lewis Bell entertained Mr. and Mrs. Elmer Buckley and family, of Camden, over the weekend.

Mr. and Mrs. W. W. Chalmers and daughter are spending two weeks at Walpole, Mass.

Mr. and Mrs. G. E. Krusen are spending some time in Swampscott, Massachusetts.

Mrs. E. R. Troxell and daughter, Miss Helen Troxell, are spending some time in Concord, New Hampshire.

Mrs. Alma Evans spent Friday with Mrs. Caroline Stull at "The Oasis" in Browns Mills.

Approximately thirty-five Riverton and Palmyra residents attended the Governor's Day Rally at Sea Girt on Monday of this week.

Mr. and Mrs. W. L. Caskey spent Sunday with his mother, Mrs. Eleanor Caskey, of Holmesburg, Pa.

Mrs. William Frank spent the weekend with friends in Philadelphia.

Mr. and Mrs. Percy A. Ransome and family are spending two weeks at Spray Beach.

Miss Jean Klenkin will return to Riverton, Friday after spending two weeks at Atlantic City.

5 & 10 ENLARGED  
OPENS SATURDAY

Double Floor and Counter Space Is Feature; Door Prizes To Be Given Saturday

Palmyra will enjoy a considerable improvement to its business section when the recently enlarged Five and Ten Cent Store, operated by James E. Wolfe, is re-opened for business this Saturday, August 17th.

The new store, located at 9 West Broad street, has had its floor space, as well as its shelf and counter space, doubled.

The improvement will provide more spacious aisles for the comfort of the patrons and permit of a better display of the increased stock of merchandise.

The front now has three bulk display windows and two entrance doors.

On the opening night, Saturday, August 17th, three door prizes will be given to the lucky winners. The first, five dollars in cash, the second and third prizes, 10 tickets to the Broadway theatre to each winner.

People coming to the store on opening day will write their names on a card, and at 10:30 p.m. the drawing will be made. The winners need not necessarily be present to win the prizes.

The opening day will find many unusually fine reopening values offered especially for the occasion. Each week the proprietor plans to add new features of merchandise.

To his many friends and patrons the genial proprietor, James E. Wolfe, extends his appreciation for their patronage in the past and cordially invites them to visit the new store Saturday.

RAILROAD ELECTRICIANS  
HOUSEKEEPING HERE

A crew of fifteen P.R.R. electricians are making Riverton their headquarters while repairing electric lines between here and Morris Junction.

Three cars have been allotted to the men: a diner, sleeper and the third for bathing purposes.

The bathing car is equipped with showers with hot and cold water. The sleeper is furnished with comfortable bunks, radio, screens for all the windows and electric lights. The dining car has full kitchen equipment, including an electric refrigerator and electric lights.

The men plan to stay about two weeks.

CONVENTION OF  
ADVERTISING MEN

Leslie G. McDouall, president of the New Jersey Bankers Association, and Jacob Kushner, assistant secretary of the United States Trust Company of Paterson, are the heads of the general committee in charge of arrangements for the National convention of the Financial Advertisers Association which will be held at the Ambassador Hotel, Atlantic City, September 9-11.

Ernest S. Bartlett, president of the West Jersey Trust Company, Camden, and Armit H. Coate, secretary of the New Jersey Bankers Association, Moorestown, will serve on the reception committee.

Members of the registration committee will include Russell L. Samis, secretary of Camden Safe Deposit and Trust Company, and H. M. Book, also connected with this company.

Mr. and Mrs. John Abell are in Ontario, Canada, for two weeks.

Mr. and Mrs. Irving S. Williams are spending two weeks in Ocean City.

The Semper Fidelis Bible Class of Calvary Presbyterian Church were entertained at the home of Mrs. Harry P. Landis on Friday evening, August 9th. Supper was served on the lawn.

Happiness is found most by those who seek it least.

NOTICE  
Mrs. Leona Hunt will close her hairdressing parlor at 406 Howard street, Riverton, from August 1 to September 3.

E.R.A. PLAYGROUND  
EXHIBIT AUGUST 21

Annual Event of Recreational Division at Moorestown Community House

The annual County Playground handicraft exhibit and entertainment, sponsored by the Burlington County Recreation Division of the Emergency Relief Administration, will be held in the Moorestown Community House on the evening of Wednesday August 21st. This exhibit will be on display from 7 until 10 o'clock in the lounge.

Entertaining features at 8:30 o'clock will consist of a historical pageant based on accurate historical facts of importance in Burlington County. Children from each of the 18 playgrounds will participate in the cast. Music will be furnished by the Leisure Time band. All parents and friends interested in recreation are cordially invited.

## WOMAN'S CLUB

The Garden Department of the Palmyra Woman's Club will hold a meeting at the home of Miss Helen Wolcott, 601 Elm Terrace, Riverton, Monday August 19, at 2 o'clock to arrange for the flower show.

SALES TAX ROBS  
N. J. MERCHANTS

Diversion of Business to New York and Philadelphia Estimated \$70,000,000 a Year

Dayton D. McKean, Assemblyman from Mercer county, outstanding enemy of the Sales Tax and Professor at Princeton University, Monday wired the New Jersey Sales Tax Repeal Association that based on a survey of New Jersey business for July, the first month of Governor Hoffman's Sales Tax, he estimated the sales levy would cost this State at least \$70,000,000 in business annually.

"Until the Sales Tax went into effect business in Northern New Jersey was improving. June showed a 7 per cent increase over 1934. But this increase was entirely lost in July, and business in Northern New Jersey stood still."

"Because of the great increase in New York business, and because of the sharp reversal of the trend of business in New Jersey, it is fair to assume that the Sales Tax cost New Jersey 7 per cent of her business."

"Figures on the loss in business in the Philadelphia area are not as yet available, but the loss there will likely be greater than in North Jersey, since transportation into Philadelphia is cheaper and easier than from Northern New Jersey into New York. Business in Philadelphia has dropped 15 to 20 per cent below last year, according to merchants."

"The United States Department of Commerce has estimated retail business in New Jersey at a billion dollars a year. The State Tax Department used that figure in arriving at the expected \$20,000,000 income from the Sales Tax. If New Jersey loses 7 per cent, the total loss in a year will be \$70,000,000. The loss of that much business cannot but have a disastrous effect upon employment in the State."

RIVERTON DEFEATS  
MEDIA A. A. 9-3

Local Team Wins Saturday's Game But Loses to West Phila. Sunday 7-1

On Saturday Riverton entertained the strong Media A.A. and romped off with a onesided victory by score 9-3.

After the first inning when the visitors made three of their seven hits to score three runs, Dusty Coles was practically unhittable the balance of the game and allowed only 4 hits. Riverton staged a rally in the fourth inning which netted 7 big runs on five hits, and a walk and a fielder's choice.

Besides pitching a steady game Dusty led the hitters with three solid blows.

Loses at West Phila.

On Sunday Riverton travelled to West Philadelphia and received a setback from Media A. A. in a return engagement by the score of 7-1.

Riverton could not fathom the slants of Doyle and only collected five hits, the lowest of any game this season.

Four straight hits in the first inning together with a long fly produced 3 runs and put the game on ice for Media.

P. S. SELLS MORE  
ELECTRIC POWER

Sales of electric power to New Jersey industries by Public Service Electric and Gas Company were higher in the month of July than in any previous July since the year 1929. Kilowatt hour sales totaled 87,500,727, compared with 87,980,722 kilowatt hours in July, 1929. The sales were \$2,280,699 in July a year ago, an increase of \$520,028 kilowatt hours, or 6.34 per cent.

The highest sales reached in any one month for the Public Service system was in September, 1929, when approximately 97,000,000 kilowatt hours were sold.

Too many of us use about 95 per cent of our strength just to keep on our feet.

EVANS HELPS TO  
MAKE REPAIRS

Ask How Little It Costs to Finance by the Evans' Easy Plan

Joseph T. Evans says "don't put off making repairs, alterations or painting when it is so easy to have these things done on the convenient finance plan that is so easy on your pocketbook." Call EVANS, Riverton 302, and let them tell you without obligation how little it will cost to do that repair, alteration, re-roof or paint job.

The EVANS firm is the only agent for the famous PREMIUM ANTHRACITE in this locality, all pure carbon coal and not disguised in any way. "It goes farther and heats longer." Lower in price and higher in quality.

TENNIS FAVORITES  
GAIN SEMI-FINALS

Seeded Players Win in Both Singles and Doubles Play; Women's Final Saturday

With no form reversals to break the calm, the Men's Single and Doubles Cup Tournaments swept into the semifinal round at Memorial Park during the past week. All four seeded singles players remained in the contest, and only the fourth ranked doubles team, which was beaten some time ago, fell by the wayside. These are the first men's tournaments at the park which have gone so smoothly.

Howard Barto, third in the favored group, led the procession by a convincing 6-3, 6-4 triumph over Montgomery Simons. Barto's game was not as strong as usual, but his strokes were functioning sufficiently well to keep him out of danger.

Caldwell Downs Reed

Keeping the ball close to the ground by means of his powerful chopped drive, Porter Caldwell also entered the penultimate round at the expense of Jay Reed. Caldwell, by virtue of his puzzling strokes, may be considered a leading contender to replace Watson Buhler, who left his title open, as cupholder. Doris Steedle more firmly entrenched herself as the logical victor in the women's cup play by upsetting her second ranked opponent, Irene Sipple, in an elongated three-set match. The final score was 6-4, 3-6, 6-4. Doris was very nervous at the match began but quickly regained control of her game and won the first set from 4-4. Irene lengthened her drives in the middle set, and Doris could not manage the ball from her faulty baseline position; however, she pulled the last set out of fire by superior endurance.

Steedle Plays Final Saturday

The final round of the women's tournament will be played Saturday afternoon, August 17, at 2:00 o'clock. Doris Steedle will be opposed by Dorothy Wolcott, Doris Mullen, or Katherine Graff. Directly following, Howard Barto will play the winner in the Borer-King tie.

Barto and Moore almost furnished an upset in the men's doubles division but faltered when they were 4-4 in the second set, having won the first handily on the unsteady play of Biddle and Reed. The second seeded combination finally pulled themselves together and behind Biddle's improved service easily took the final chapter 6-1.

Rutherford-Blyler Win

Rutherford and Blyler managed to skim through their quarterfinal round assignment against Metzgar and Allen 3-6, 6-3, 6-4, but only after the hardest type of struggle. The successful pair were ahead 4-0, but the score went to 4-4 before they could gain another game in the closing set. Here was little to choose between the pairs, but superior teamwork was responsible for the victory.

Rutherford and Blyler now face the favorites, Borer and Buhler, who defeated Hulings and Alloway 6-0, 6-3, for a final round berth. The other semifinal match will be between Biddle and Reed and Woodward and Caldwell.

Monday, August 19  
6:45 p.m.—Biddle vs. Woodward.

THE  
Record Catch  
OR  
You Poor Fish

One fish story begets another it seems, for today another Izaak Walton waltzes into The New Era with a fish story for publication. We guess there are parts of the story that are true enough, but when the enthusiastic fisherman said "they quit because they got tired of hauling in fish"—well, that requires too much of a stretch of the imagination. We suspect that the truth of the matter was, that the fish got tired of biting, anyhow we'll go on with the story.

In what was described by a Philadelphia newspaper as the record catch of the season (and we pause to suggest that even a Philadelphia newspaper can be wrong) four local men went tuna fishing, off Beach Haven.

On the way to tuna grounds (we think it ought to be waters) the skipper ran afoul of a school of "blues." Following the old axiom that "a fish on the hook is worth two in the brook," he decided to cast anchor.

While thus entrenched in "blue" waters the four fishermen: George A. Rhoades, Palmyra; George A. Rhoades, Jr., Riverton; Oliver J. Rhoades, Philadelphia, and Clement O. Herbert, Palmyra, proceeded to lower bait over the side to the hungry fish.

This is supposed to have had its beginning around 9:00 a.m.

At approximately 1:00 p.m. (when the fish gave up in disgust) the net catch had resulted in 95 bluefish and 14 bonita. It was at this point that the fishermen decided they were tired—in fact too tired to haul in any more, seeing as to how they were heavy fish (some weighing over five pounds with their innards out) according to the voracious fisherman (or is it voracious?).

This being the end of the narrative, we reiterate, The New Era assumes no responsibility for the factual accuracy of the story, and is always glad to publish in its columns the size and number of fish caught, as well as the kind, printing for public consumption, the facts as given, and leaving it up to the reader to be the judge.

## WOMEN'S SINGLES

Second Round

D. Mullen (d) M. Cook 6-4, 6-10.

Third Round

D. Steedle (d) I. Sipple 6-4, 3-6, 6-4.

The schedule of matches to be played during the next few days is as follows:

Saturday, August 17  
2:00 p.m.—Women's Singles Final.  
3:30 p.m.—Barto vs. Borer or King.

Monday, August 19  
6:45 p.m.—Biddle vs. Woodward.

6:45 p.m.—Biddle vs. Woodward.

6:45 p.m.—Biddle vs. Woodward.

6:45 p.m.—Biddle vs. Woodward.

6:45 p.m.—Biddle vs. Woodward.

6:45 p.m.—Biddle vs. Woodward.

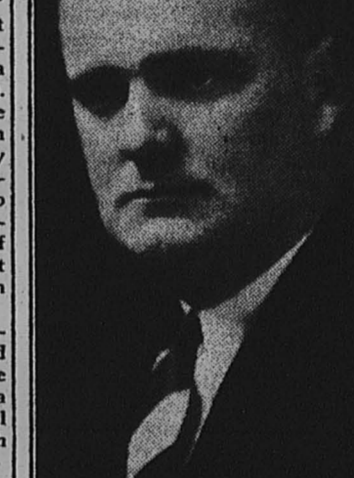

6:45 p.m.—Biddle vs. Woodward.

6:45 p.m.—Biddle vs. Woodward.

6:45 p.m.—Biddle vs. Woodward.

## FOR RE-ELECTION

On Wednesday Representative D. Lane Powers, of Trenton, announced himself as a candidate for re-election as a member of Congress from the Fourth New Jersey district in the Fall.

## "New Russian America"

The Blue Eagle has gone to join the shades of the Dodo, but its talons still grip the vitals of the harassed business man.

New Jersey, which tried out a Baby Code, fledgling of the Azure Bird, and was forced to abandon it, now comes along with the Hoffman Sales Tax which places life-and-death control of every retail business in the hands of one man.

The Sales Tax Act provides that "The commissioner may, upon notice and after hearing, suspend or revoke the license of any person who shall violate ANY of the provisions of this act, or any of the RULES or REGULATIONS of the COMMISSIONER, made pursuant thereto."

In Article IV of the act reads: "For the PRIVILEGE of selling tangible personal property at retail \* \* \* \* every person shall pay a tax of two per centum," etc.

Here we have in the United States of America, where man is supposed to be guaranteed "the right to Life, LIBERTY and the Pursuit of Happiness," and in New Jersey which furnished five of the signers of the Declaration of Independence, a tax for the PRIVILEGE of doing business, and a threat of economic death for the violation of RULES which may be promulgated by one man.

The great protest has been over the imposition of the tax itself, whereas the real danger is in the power of the government to destroy whom it will—a political weapon which has no right or place in the American setup.

## Where the Wealth Is

In spite of constant demagogic claims to the effect that the wealth of this country is concentrated in the hands of the few who exploit the many, the statistics paint a different picture.

The fact is that the wealth of America is widely diffused—probably more widely than in any other major power. For example, incomes of \$100,000 per year and over constitute but one per cent of the nation's total income. Salaries and wages constitute 85 per cent. The remaining 14 per cent is represented by return on capital—in other words, by dividends and interest on securities, the bulk of which are held in small quantities by persons of moderate means.

Yet a question of the moment is that of more exorbitant taxes on large incomes, inheritances, gifts and corporation earnings.

In the words of the Manufacturer's Record, "People cannot be taxed into prosperity. They can be taxed into poverty and the quickest way to do it is to destroy wealth and savings which have made possible inventions, machinery and enterprise that give employment to labor."

America's hope for the future lies in the existence of capital—which simply means the factories, the industries, the stores and all the other productive agencies that produce jobs, payrolls, income.

## Sure Enough!

Says Edwin Lindell, executive secretary of the Minnesota Law and Order League, and how well every mother's son of us knows it is true: "The 'slot machine racket,' the 'numbers' and 'horse racing rackets,' organized gambling, beer taverns, that sell hard liquors illegally, that sell after hours, and that sell to minors, would not be found in a community where every member of the law enforcing agencies enforced the law and knew that he was doing what the citizens of that community expected him to do."

Another odd thing about the whole business is how they can wallop the taxpayers for four billion dollars at a whack and call it relief.

## Senator Barbour Opposes Soak-the-Rich Legislation

U. S. Senator W. Warren Barbour has issued the following statement on the Tax Bill:

The power to tax its citizens is the most sacred trust lodged in the hands of any government. Rightfully used, it is a legitimate source of revenue exacted from those best able to pay. Wrongfully used, it becomes the weapon of a tyrant, more dangerous than any other in the destruction of human liberties, threatening the confiscation of private property, and a constant encouragement to excesses in governmental spending.

It must be the purpose of any civil society to encourage the production of wealth, rather than curtail it, because by its production and distribution the people find their employment, and as total internal production is increased national living standards are also increased. From national production is obtained the revenue which supports the civil society in the form of government.

Any national policy, therefore, which threatens to curb the creation of wealth, which operates as a curb upon private initiative, is contrary to all sound economic and is a threat both to living standards and to employment.

Too, taxation is a scientific problem to be approached with caution so that in any tax system as a whole the principle of ability to pay is soundly established, that taxation is not arbitrary, unnecessary hardships are avoided, and the wells of income from which taxes must come are not dried up.

These are sound principles of taxation, recognized as this nation has grown. Yet, in this tax bill which we now have presented to the Congress, each is disregarded in its entirety.

Never in the history of this country has a more flagrant proposal to violate all these tenets and to misuse the taxing power come from a high official of the government than the recent taxation message of the President of the United States, deliberately thrown into the tail end of a Congressional session when it could not have due consideration. This, coupled with the President's demand that Congress "rubber stamp" the proposal without giving it intensive study is a challenge to every member of Congress, regardless of party affiliation, to reject such high-handed procedure.

It is inescapable that higher taxes will be necessary to meet the billion dollar deficits piled up by the profligacy of this Administration. We, our children, and our children's children will find incomes sapped to pay off this huge indebtedness. Taxation has but one function. It is to raise revenue for the legitimate operating expenses of government. The Constitution so provides, and the Supreme Court in the past has rejected the theory that the taxing power may be used to effectuate devious policies.

Yet no member of this Administration has dared to challenge the repeated statement made by eminent newspaper writers that this is not a bill to raise revenue, but is designed solely as a political gesture. To the contrary, it is brazenly admitted that this is not a budget balancing measure, that it has no relation to making income meet outgo, but is intended to accomplish some wondrous social objective.

The bill is based only upon political expediency, and under the lash of the political whip Congress is driven toward a hasty and ill-considered enactment.

There is but one issue and one objective before this country today. We must seek recovery, which means re-employment, above all else. We must gratify the eternal craving of every American for a job in private employment, and any policy which does not aim directly at this objective is obnoxious to me at this time. Any policy which threatens to create new obstacles to recovery and to delay re-employment is doubly ill-advised.

If this Government will cooperate and use its every effort to stimulate recovery of business, then most of

the problems with which this Congress is asked to concern itself would vanish into thin air. But this tax bill does not in any way contemplate re-employment. If anything it will act as a further drag upon those industries which must be depended upon to re-employ the idle millions. It does not even approach a balancing of the Federal budget, which in the final analysis can come only through a curtailment of Governmental spending.

Votes, and votes alone, are the objective of this half-baked measure, not jobs.

It ignores the fact that if we concentrate upon recovery and upon stimulating private business, the present tax rates would yield revenue estimated at more than 4½ billion dollars. It ignores the fact that the present tax rates are already producing larger revenues than the government received in any year from 1923 to 1928. It ignores the fact that these revenues were nearly 80 per cent larger this year than in 1932, and that they have produced \$3.70 this year for every \$2.10 they produced in 1932. And it ignores the principle of taxation expressed by Woodrow Wilson in 1919, when he said:

"There is a point at which in peace times high rates of income and profits taxes discourage energy, remove the incentive to new enterprise, encourage extravagant expenditures and produce industrial stagnation with consequent unemployment and other attendant evils."

What this bill actually attempts is to climb upon that hard-riden steed "Share-the-Wealth" and ride him away while the demagogues who have pressed him so sorely in the past are looking in the other direction. Particularly it aims its punitive features at corporations which have grown large.

These corporations and those who profit greatly from them should and must carry their just burden of the nation's tax load. But in trying to reach this source of revenue we must avoid the pitfalls so obvious in this bill of penalizing the millions of small shareholders whose income is derived from the profits of these corporations, and the other millions of employees whose living might be endangered.

In this country there are more

## CALVARY PRESBYTERIAN CHURCH

Rev. C. T. Bates, B.D., Pastor  
At the worship next Sunday morning, August 18th, Mr. William W. Owen, of the New Brunswick Theological Seminary, will occupy the pulpit in the absence of the pastor. Service at 11 a.m.; Church School at 9.45.

## CHRISTIAN SCIENCE CHURCH

"Soul" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, August 18th.

The Golden Text is: "I will set my tabernacle among you; and my soul shall not abhor you. And I will walk among you, and will be your God, and ye shall be my people" (Leviticus 26:11, 12).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For they that are after the flesh do mind the things of the flesh; but they that are after the Spirit the things of the Spirit. For to be carnally minded is death; but to be spiritually minded is life and peace. Because the carnal mind is enmity against God: for it is not subject to the law of God, neither indeed can be" (Romans 8:5-7).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "When understanding changes the standpoints of life and intelligence from a material to a spiritual basis, we shall gain the reality of Life, the control of Soul over sense, and we shall perceive Christianity, or Truth, in its divine Principle" (p. 322).

## ALMANAC

"Compliments cost nothing, yet many pay dearly for them."

AUGUST  
20—First ascent of a hydrogen balloon, France, 1783.

21—Burroughs patents his adding machine, 1888.

22—J. Barnason first Jew known to land in U. S., 1654.

23—Admiral Oliver Hazard Perry, born 1785.

24—Mt. Vesuvius erupts and destroys Pompey, A.D. 79.

25—Captain Webb is first to swim English Channel, 1875.

26—English beat the French in great Battle of Crecy, 1346.

than 10,000,000 stockholders in corporations. Many of them have no other source of revenue. Many of these investments represent the thrifty savings of a lifetime, and mostly they are in large corporations. In 103 industrial companies alone there are nearly 4,000,000. Are we, in a mad quest for reforming our social structure, to imperil these savings and penalize the person of small means who has invested in these corporations?

There is but one sound program for the government to follow if we are not to further obstruct recovery and are to preserve the credit of the nation. This bill to feed \$250,000,000 into the pot of billion dollar expenditures is placing the cart before the horse.

The bill should be laid away until the next session of Congress when the budget for the following fiscal year will be presented. Then, in the light of carefully appropriated Federal moneys, we can determine how much revenue will be needed to operate. Taxes can be levied deliberately as a true revenue measure. Any other program is not good business and is not good government.

## Tremendous Trifles

By ELMO SCOTT WATSON

A NEED FOR SHOES

IT WAS Napoleon who uttered that aphorism about an army "traveling on its stomach." Gen. Robert E. Lee, the great Confederate commander, knew that, too. But looking at the footsore men in gray with whom he was invading Pennsylvania in the summer of 1863, he knew that they needed something else. They must have shoes!

Lee had selected Cashtown, Pa., as his concentration point. But Gen. Jubal Early, leading a cavalry raid into the Keystone state, sent word back to Maj. Gen. Harry Heth that the little town of Gettysburg abounded with footwear. Heth directed Pettigrew, one of his brigadiers, to investigate.

On the morning of June 30 Pettigrew was just about to enter the town when far to the south he saw a long dark column. Through his glasses he identified it as a large detachment of northern horsemen and, though reluctant to abandon the chance to get the much-needed shoes, he decided to retire.

When Gen. John Buford, commander of a division of Union cavalry, rode into Gettysburg a little later, the citizens told him of the men in gray who had approached the town and then retreated. He knew they would be back, probably in much larger force, but he decided to stand his ground.

They did come back the next morning—this time General Heth's entire division, to get those all-important shoes. So the battle of Gettysburg began. And the thing which determined that it should make this little town forever famous was the need of Robert E. Lee's men for shoes.

A New York theatrical promoter advertised for a singer of Chinese songs in an orchestral medley. There were plenty of applicants for the job. One of them, unmistakably an Irish lad, especially interested the theatre man who quizzed him.

"But you aren't a Chinaman," the theatre man protested. Can you speak Chinese?"

"Sure I can. Go ahead, ask me something in Chinese."

A new machine has been perfected which solves problems in higher mathematics. We suppose the acid test would be to set it to work on the Administration's tax plan.

## HIT-RUN KILLED

JOSEPH A. DAVIS

Struck on S-41, Death Is Almost Instantaneous. Wife Seeks Help from Motorists

Joseph A. Davis, one of Palmyra's oldest residents, was struck and instantly killed by a hit-run driver while walking along the S-41 Highway, near Palmyra, late Saturday night.

At the time of the accident Mr. Davis was walking on the dirt shoulder of the road and was accompanied by his wife, Mrs. Anna Louise Davis, who was knocked down. She suffered bruises and shock.

Mrs. Davis told police that her husband's body was carried more than seventy-five feet by the impact. She stated that the car sped on in the direction of the Tacony-Palmyra Bridge. Mrs. Davis tried to stop several passing motorists and after four or five unsuccessful attempts she and her husband were taken to the office of Dr. Dean H. LeFavor by Jesse D. Solomon, of Philadelphia. The doctor said Mr. Davis had died almost instantly.

Mr. Davis, who came to Palmyra in 1876, had resided at Broad and Arch streets most of that time. He was a township committeeman for almost twenty years and when the township became a borough in 1923 he was elected a councilman. He served the borough in that capacity until 1932.

Mr. Davis was formerly a cement contractor. In 1898 he was named janitor of the Palmyra schools, where he was affectionately known to thousands of school children for three generations as "grandpop." He was in his eighty-fourth year.

Funeral services were held Wednesday afternoon at two o'clock from the late residence with the Rev. Norman Stockett, rector of Christ Church, Palmyra, officiating. Interment was made in the old Methodist Cemetery, Palmyra.

In addition to his widow, Mr. Davis is survived by a daughter, Mrs. F. Edna Weikman, of Palmyra, twelve grandchildren, Miss Florence Allen, Maurice Allen, Mrs. Warren McCuen, George MacCord, Anna MacCord, Woodburne MacCord, Christopher Davis, Mrs. Mary Klein, John Davis, Howard Davis, Fred Davis and Joseph Davis; and two great grandchildren, Maurice Allen, Jr., and Patricia Klein.

**W.C.T.U. TO HOLD 4-DAY SCHOOL ON ALCOHOL**  
From Tuesday, September 3 to 6 inclusive, at Atlantic City, there will be held the first National School in Scientific Alcohol Education ever projected in the United States.

Participating in the school will be a state-wide representation of New Jersey women members, and friends of the Woman's Christian Temperance Union, under the leadership of Mrs. Ada S. Nodocker, of Roselle.

The director of the school will be Miss Bertha Rachel Palmer, former state superintendent of public instruction, North Dakota, and now director of the Department of Scientific Temperance Instruction of the National W.C.T.U.

Prior to the convention all inquiries for information should be addressed to National W.C.T.U. Headquarters, 1730 Chicago Avenue, Evanston, Illinois.

**PALMYRA A.C. LAYS PLANS FOR COMING SEASON**  
Plans were made for the coming season's athletic activities at the meeting of the Palmyra Athletic Club in Society Hall Tuesday evening.

At the present time the club contemplates putting teams on the field and is considering joining the South Jersey Conference of football teams. The advisability of holding night games was also considered by members of the club.

All men interested in trying out for positions may do so. First practice will be held on August 29. The next meeting of the Athletic Club will be held Tuesday evening, August 20.

Many put zero in the collection, and complain of a clod church.

## THE "NEW DEAL"

BY JULIAN MASON

Vice President National Republican Builders

### The Rhode Island Election

From the smashing Republican victory in the Rhode Island by-election for Congress, there are to be drawn, by intelligent Americans, some lessons not immediately observable in the surface of the returns.

The first is that the soldiers bonus is an issue as definitely apart from party lines as was the Prohibition issue. It is a spear that knows no brother. Also, it is a spear that has been given a new and sharpened head by Mr. Roosevelt's program of unlimited spending.

### Give the Boys a Break

"Why not give it to the soldiers while you're giving it to everybody else?"

That is the argument. Democrats as well as Republicans make it. It cuts across party lines. Mr. Roosevelt may have the heroic pleasure of vetoing pension bills (as all recent Presidents have done) but this billion dollar Congress says: "why not give the boys the money?"

Charles F. Risk, Republican, made his successful Rhode Island race on that open and above-board platform. But Mr. Risk made his campaign against the New Deal "lock, stock and barrel." And he won. He changed last year's Democratic plurality of 21,000 into a Republican plurality of 12,000.

### An Old Dodge

Republicans, however, must realize that their victory in Rhode Island fits snugly into the campaign strategy of Mr. Farley and Mr. Roosevelt. Their plan is to unite the South and the West against the East.

It is an ancient strategy. It has been aimed at by the national Democracy again and again. It hasn't carried elections. But it will may. The rebuff to the New Deal in the First Rhode Island District was more cruel than Mr. Farley could have expected. Yet I should not wonder if that much touted tactician

**INTERESTING DISPLAY**  
The Joseph T. Evans' show window is devoted to a display of coal miners' tools, photographs, etc. The various implements for mining the coal are shown. Miners' lamps, petrified tree bark and photographs taken in the mine are included in the exhibit.

The display is interesting and well worth the time it takes to examine it.

**EX-SERVICE MEN PICK NAME FOR ORGANIZATION**  
At the meeting held in Turners Hall, Riverside, August 2nd, by ex-service men in Burlington county who are organizing for the purpose of entering actively into the political field in the county, it was decided to name this organization the Burlington County Ex-Service Men's Association.

It is the aim of this association to take an active part in the political arena in Burlington County for the purpose of seeing to it that the man or woman best fitted for the political office sought, is elected to that office and that the rights and privileges extended ex-service men, under the law, are accorded them where deserving.

This association is asking the support of the citizenry of the county, as any legislation which will be proposed by this organization will be for the benefit of the greater majority of our residents, as it is our desire to secure clean honest government, whether municipal, state or national, with its resultant reduction in taxation.

The next meeting of this association will be held in the American Legion Hall, Moorestown, Friday evening, August 16th, at 8:30 o'clock, and it is the desire of the officers that a representation from every township in Burlington County attend this meeting in order that they may carry back to their respective communities the aims, principles and purposes of this association.

is not taking some comfort today from the fact that he has not counted fully on New England in his plans to re-elect Mr. Roosevelt.

### Gain in Confidence

On the other hand, it is perfectly justifiable for Republicans to take from Mr. Risk's election a new confidence. Theodore Roosevelt, the elder, said in the campaign for Mr. Hughes against Mr. Wilson: "Republicans should plow their fertile fields first." By that he meant that unless the "natural" Republican territory, of the North-East and Middle-West, was made sure, there was little use to stretch out to the doubtful states. And the last-minute switch of California proved his wisdom.

After all, to put it in another way, if New England, in its native Yankeeism should endorse the crazy spending of Mr. Roosevelt, what use would there be in seeking a check on him anywhere else?

### Does the "Inconceivable"

As significant as the Democratic upset by Mr. Risk, was Rhode Island's rejection of a proposed \$8,000,000 bond issue for "improvements" outlined in the generous F.W.A. program. Maine failed us last year when the Quoddy Bay millions led her to elect a Democratic governor.

But Rhode Island stood fast. So, this month, did the Connecticut village of Stonington. So did a lesser Connecticut district in rejecting PWA money and the maintenance costs which it entailed.

### A Word of Caution

I write these words in cautious vein, because it is so easily possible for Republicans to gain an over-confidence from the Rhode Island returns. But, suppose they had gone the other way! Then, indeed, would it be difficult to carry on the fight to prevent Mr. Roosevelt from subverting the America that we have always known and loved.

**NOVELTY SHOW**  
"A Night at the Palmyra Athletic Club," a novelty entertainment, will be given during the latter part of September by the members of the Palmyra Athletic Club in the P. O. S. of A. Hall.

Alfred S. VanOsten will be in charge of the singing and DeWitt Morris will direct the show. Twenty-five men will take part in this unusual production.

### A SALESMAN

may be short or tall, fat or lean, but the boss measures his value by just two things: (1) the results he gets; (2) how much it costs to hire him.

The New Era Want Ads get results because the people who turn to them are already in the market for what they have to sell.

Want Ads meet with no sales "resistance." They waste no time ringing hostile doorbells.

No other salesman we know of will call on as many people for so little.

No matter what you want to sell, buy or exchange, New Era Want Ads will find it for you.

Phone, Riverton 712.

## OBITUARIES

**MRS. EMMA L. SYCKELMOORE**  
Mrs. Emma L. Syckelmoore died Tuesday at her home on Highland avenue, Palmyra.

Funeral services will be held Saturday afternoon at two o'clock at the Snover Funeral Home. Interment will be made in Lakeview Memorial Park.

Friends may call Friday evening. Mrs. Syckelmoore is survived by her husband, W. Horace Syckelmoore, two sisters, Mrs. Leonard Sherman and Mrs. Edward Franklin, of Philadelphia, and a brother, Charles W. Rowe, also of Philadelphia.

### WILLIAM H. VOGT

William Vogt, 45, of Masonville, died at his home on August 12, after an illness of a week.

Mr. Vogt was a former resident of Palmyra, living on Garfield avenue. He was also dancing instructor at the Clover Club in Palmyra. Funeral services will be held Friday afternoon at 2:30 from the Snover Funeral Home, the Rev. Norman Stockett, officiating. Interment will be made in Morgan Cemetery.

Mr. Vogt was a member of the E. Coppe Mitchell Lodge 605, of Philadelphia, the Slom Chapter Royal Arch Masons, Excelsior Consistory A. A. S. R., Valley of Camden and Crescent Temple A. A. O. N. M. S., of Trenton.

## Memorial Park Playground Baseball Dope

By "Bill" Schopp

**Schwering 3—Dreers 1**  
August 8. Dreers put up a good fight this evening, holding the strong Schwering team to a tie for five innings, but in the later cantos, the "are" team managed to push two aces, to win out finally.

Incidentally, one of Dreer's former players (who once got popped in the eye by a foul tip), Don Pacevich is now umpiring the bases quite frequently. He is evidently succeeding as an ump—at least there doesn't seem to be much violent questioning of his decisions.

Schwering 100 001 10—3  
Dreers 001 000 00—1  
Long and Oliver  
Gonteski and Downs

### Athletics 8—Evans 8

August 8. Evans and the A's played an eight-eight deadlock this August evening, their eight-inning game terminated by darkness. The Athletics pounded eighteen hits from the offerings of the Hilton, but the twelve that Evans got off Shivers kept the score even. Again the quadrennial—four Yearlys—outfield of Evans was in action. Joe Yearly, Sr., led the team he manages with three hits, two singles and a double, while Joe, Jr., smashed out another home run. Cad Shaffer led the A's with four good singles.

Athletics 6021 203 00—8  
Evans 101 400 20—8  
Shivers and Perry  
Hylton and Speer

### Bankers 7—Knights 2

August 9. Swinging along in easy fashion the Bankers this night took the measure of the Knights of Columbus and proceeded to knock them for a loop. The final score was seven to two. Clarence pitched the winning game and limited the Knights to eight hits, two of which were in the first, and only, scoring inning the K.C.'s had. One of them was a home run by Peter Malone, who scored Davis ahead of him in that inning. Peter Malone and J. Geddes each snagged two hits to top the Knights' sluggers. Easley, Bill Enskat and Wolfe each had two safeties for the Bank clan.

Knights 2000000—2  
Bankers 2002300—7  
Pratt and G. Malone  
Hubbs and Bonatelli

### Schwering 4—Whitman 1

August 12. Schwering's Hardware Boys this evening knocked the groceries out of the Walt Whitman team to win by a count of four to one. The game was scoreless up till the bottom of the fourth inning, when Whitman pushed across their one and only tally by means of a triple by E. Wallace followed by a single by B. Wallace. Whitman held this lead up till the top of the sixth when the Hardwaremen shoved across a tying counter with the aid of two hits, an infield out and an outfield fly. Schwering clinched the decision with three more runs in the seventh and last stanza.

Schwering 0000013—4  
Whitman 0001000—1  
Long and Pack  
Burns and E. Morris

### Riverside 11—Riverton Firemen 2

Aug. 9. For three straight games, the Riverton Firemen showed their superiority over the best teams that the Riverside soft ball league could send down. They beat the Riverside Firemen several times, and a team of the "pick of the league" once. Tonight, however, a slightly different pick came down from Riverside and finally accomplished the beating of the local Hose Company, not only beating, but swamping them, eleven to two.

Riverside 101 002 034—11  
Riverton 000 020 000—2  
Obrein-Vogelman  
Watkins-Wright

### Firemen 6—Evans 5

Aug. 13. Although out to ten to eight, the Riverton Firemen this evening came thru to defeat the Joe T. Evans' team by a score of six to five.

A lone tally, notched on two errors, and an infield out, carried across the pentagon by the nimble feet of Horace Finney won the game for the Chemical Co., breaking a five-up tie. Contrary to recent practice, the game was not infested with Yearlys, in fact, the Evans outfield was composed of only three men instead of the legal four who are usually all Yearlys. That this bunch was missed was evident in the batting of the Evans team, altho Finn, Conway and Gootee each lambasted out two hits. On the Firemen side, only Borden could get two hits, the others being divided among six other players at the rate of one apiece. Wagner of the Fire Co. hit a home run with one man on.

Firemen 013 010 001—6  
Evans 000 220 010—5  
H. Finney-Kapuis  
Richman-Speer

### Broadway 12—Tak-Aboust 4

Aug. 12. Despite a clinching seven-run spurge by the Broadway team in the first inning, tonight's game between that team and Fry's Tak-Aboust team was quite interesting. Broadway won, as might be expected, by the score of twelve to four.

A 1-2-3 put-out occurred in the bottom of the second inning. H. Anderson hit a liner at pitcher Dick Woodward. The ball struck Dick's foot and bounced back toward the catcher, Sherman, who grabbed the cantaloup and pegged it to first in time to get Anderson out.

In the lower part of the fourth inning, Art Terrell, speeding down the runway to the initial sack tripped over that buncock and hurt his ankle. He was taken to a doctor, but returned to watch the end of the game.

Tak-Aboust, playing till the last inning with but nine men, tried the unusual procedure of playing without a right-fielder, Lybrand Mathes trying unsuccessfully to cover the garden and the sack.

The leading hitter for the losing Tak-Aboust team was Sacca, who had three hits, including a three-sacker. (Joke; but not a very good one.) A similar number was garnered by Chick Foulke for the winning Gondoliers.

Tak-Aboust 010 102 00—4  
Broadway 701 100 30—12

### Bankers 19—Dreers 6

August 13. The Bankers beat Dreers tonight by a score something like the above. I'm not certain of the exact tally since the game has been lost in the scorebook. I'll swear that I saw the game in the scorebook while sitting next to the scorekeeper. At any rate, now I can't find it and it's too internally warm in this attic to do any shuffling. Probably tomorrow I'll find the game lurking in my wallet along with some old railroad tickets and last year's driver's license, or on top of the piano folded in a copy of "Manhattan" or "The Gaucho" or "I Get a Kick Out of You," or even behind the map of Trenton I have tacked on the wall. Such hiding places may seem preposterous now, but would you believe it, I once searched high and low for a pair of "O" gauge railroad switches, only to find them in the bottom of the china closet.

Altho Riverton was a pioneer in the matter of softball leagues in this section of the country, now there are leagues in Riverside, Moorestown and Mount Holly, at least in this county, and one in Somerville which is in some other county. Undoubtedly there are many others. Tho the various leagues may differ on the matters of bunting, distance between bases, and number of players per team, perhaps it would be possible to have a New Jersey playoff series; or, if not a formally organized playoff, then some intersectional contests merely for the satisfaction of the rooters. The Riverton-Riverside Firemen games are a step in the right direction.

The spread of soft ball in other parts of the country is described in an article in a recent issue of Collier's Magazine.

A scientific instrument has been perfected which will measure the hundred thousandth part of a millimeter of an inch. It will not be of much use for computing the government deficit.

## TIPS ON GROWING

BY ONE WHO GREW UP IN THE BUSINESS

Perennial Phlox are deservedly the most popular of the summer flowering perennials. They have a long season of bloom but during damp, hot, muggy weather the plants are sometimes attacked with mildew. Just as soon as this is noticed the plants should be sprayed with Bordeaux Mixture or dusted with powdered sulphur, applying while still covered with dew. If the fungicide is used as a preventive it will check the mildew. The disease is also brought about by planting Phlox too close together so that there is not a sufficient circulation of air, thus causing the lower leaves to become blackened and fall off. Allowing too many shoots to the plant also interferes with the free movement of air.

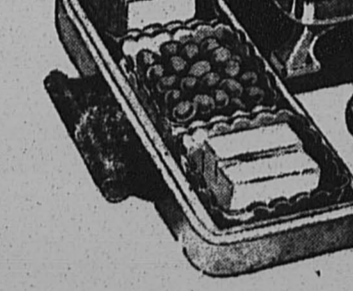

Red Spider is also another summer disease. When this spider attacks the plant it will cause a dull rust brown appearance of the lower leaves which will eventually turn yellow. The insect may be knocked from the plants by a strong force from a hose, being sure to hit the underside of the leaves. Also dust with powdered sulphur. If the plants become too badly affected cut back to the ground and allow new growth to start. Young plants are seldom attacked, so it is wise to replant Phlox each every second or third year. If Phlox are not replanted frequently the plants will become leggy and produce smaller trusses and individual flowers.

When clearing land of stumps, especially of those that are green, blasting is probably the most efficient method, although it is dangerous unless done by an expert. It is possible, however, to burn stumps by first drilling a hole about two inches in diameter to a good depth. It may be necessary to use a red hot poker to enlarge the hole. Into it put two ounces of saltpeter and fill it up the rest of the way with water. Plug the hole and leave the liquid to work throughout the wood. When the hole is dry, fill it with paraffin wax and set it afire. The fire will start slowly but will soon travel all through the stump, consuming it.

If you want that gem of the air, the hummingbird, to visit your garden, plant seeds of the beautiful annual vine, Cardinal Climber, giving it a sunny location. The hummingbird favors flowers of a red or orange shade and of tubular form. Where the vividly-colored Cardinal Climber is flowering the hummingbird will skim over every other flower in the garden for it. After exhausting the supply of nectar from the bright red flowers of the Cardinal Climber it will then only turn to the Scarlet Sage, Nasturtiums, Trumpet Vine, Lychnis, etc., which it also likes. If it finds that another hummingbird has already visited the flowers its displeasure is easily noted, and the "humming" as it poises over the blooms, is very decided.

A new type of the African Violet (Saintpaulia) called "Blue Boy" is being sent out from the Pacific Coast. The variety is said to be more compact in growth than the old variety and the flowers are a lovely deep blue.

## W.P.A. PROJECTS IN BURLINGTON CO.

Cinnaminson, Mt. Holly, Florence, Bordentown and New Hanover to Benefit

Of the 57 WPA projects ordered to begin immediately by Administrator William H. J. Ely, at a cost of \$1,424,479.30, made up of \$1,218,769 in federal funds and \$205,710.30 contributed by the sponsors, fifteen will become operative in South Jersey. Eight will be in Burlington county as follows:

Mt. Holly—Painting schools. Federal funds \$3751; sponsor's contribution \$2549. Sidewalks and painting. Federal funds \$650; sponsor's contribution \$835.

Bordentown—Construct curb gravel walks, etc. Federal funds \$946; sponsor's contribution \$750. Construct and install sanitary sewer. Federal funds \$11,098; sponsor's contribution \$500. Installation C. I. water main. Federal funds \$4093; sponsor's contribution \$1000. Florence—Construction of municipal garage. Federal funds \$1674; sponsor's contribution \$1785.

Cinnaminson township—Sewer, wide road, etc. Federal funds \$3100; sponsor's contribution \$500.

New Hanover—Reconstruction of road. Federal funds \$3365; sponsor's contribution \$923.

At the beginning the 57 projects are scheduled to employ 3217 persons.

### NOTICE

Soft Ball Team managers are hereby notified that the season ends August 22, and all postponed games must be played by then. No makeup dates will be allowed after that time. EDSON CARHART, Umpire-in-Chief.

## STATEMENT ON OLD AGE RELIEF

Present Setup in New Jersey Provides Only for ePersons Over 70 Years

There, has from time to time, been considerable publicity in the newspapers about Federal assistance in the payment of Old Age Relief. Persons interested have come to various agencies seeking details about Government help, and the Burlington County Welfare Board now feels that it is advisable to inform the public generally as to the present conditions.

The Federal Social Security Bill has been sent to the President for his signature before becoming a law. There is included in this bill provision not only for Old Age Relief for those over sixty-five years of age, but also for assistance to the States for blind persons, dependent and crippled children, maternal and child welfare, public health and also unemployment compensation insurance.

The bill also provides that the States before receiving assistance from the Government for these projects must qualify by meeting certain Federal requirements.

So far as New Jersey is concerned, changes will have to be made in our existing laws to enable us to participate in these Federal funds, and it has been thought advisable to study the conditions by means of a commission before any change is made in our present laws. For this purpose a commission of thirteen persons will be appointed, three by the Speaker of the House, three by the President of the Senate, and seven by the Governor, to study the matter and recommend such legislation as will be acceptable.

Old Age Relief continues to be administered to eligible persons seventy years of age or over. Should the State of New Jersey change the laws governing the age limit or the administration of this form of relief, such information will be released for publication.

## Freeholders to Aid in Co. Probe

(continued from page 1)

way would be cheaper. It was pointed out to him that, under the existing situation, the county might not have to pay any of the costs. This, however, is a matter to be determined solely by Justice Perkins. Freeholder Albert C. Jones said that, after the special investigators get through, there will probably be some things to present to the grand jury. The Board finally unanimously passed a motion, made by Mr. Jones, to have the Freeholders and all officers of the county cooperate fully in any investigation that may be made, and to have Solicitor Drank represent the county in this connection.

### Newspaper Attacked

During the argument concerning the coming investigation, and in reply to Mr. Heisler's intimation that some of the actions of the New Deal members of the Board should be subjected to thorough scrutiny, Director Palmer L. Adams made charges of profiteering against the New Jersey Mirror. He said, "It seems that one company in the county has been doing most of the printing, and a number of the items printed by the New Jersey Mirror could have been done at about half the cost that company charged."

Mr. Adams then went on to say that, in 1934, the county had four hundred directories printed, these being the folders containing the county budget and a list of the various officers, and the Mirror charged \$82 for the job. This year five hundred directories were printed, containing the same amount of information, and the concern that did them charged only \$41.22. Last year, according to Mr. Adams, the Mirror printed 250 rateable sheets and charged \$91, while this year another firm printed 500 of the same sheets and the charge was only \$45. Mr. Adams brought out further that the Mirror had been paid \$250 for sheets giving instructions to boards of registry and election, while another con-

cern in the county would have done the same job for about \$182.

To all this Mr. Jones added that the investigation might include attention to interest rates and "financing against the Board's will."

Mr. Jones then made a motion that the bills for printing submitted by the New Jersey Mirror be held pending a thorough investigation by Director Adams and Solicitor Drank. The motion was passed unanimously.

During the discussion on this motion, Mr. Heisler made some protest at the things being said, and in reply to him Mr. Adams stated that this printing situation has been in existence for some time, and "the Mirror has good reason to campaign against officeholders who want to reduce its income."

### The Delanco Bridge

Several matters in connection with the Delanco-Riverside bridge, reconstruction which is nearing completion, came up during the meeting, all on resolutions introduced by Bridge Director Frank Cook.

One resolution was to pay \$3,060 to Ash, Howard, Needles and Tammen, this being the balance of the bill to the consulting engineers by the county. Mr. Jones and Mr. Heisler both objected to authorizing this payment until the span is actually completed, and at their request, Mr. Cook withdrew his resolution.

Another matter concerned payments to the Kolyn Construction Company, general contractor on the bridge job. On motion of Mr. Cook, the thirteenth payment, amounting to \$4,136.57, and the fourteenth installment, amounting to \$11,751.62, were approved and will be paid as soon as the money is available.

In connection with these two matters, Mr. Heisler reported that he had made arrangements to borrow \$18,000, as authorized at the previous meeting, and the interest rate would be 1 1/4 per cent.

The Board voted to make the new span a memorial bridge, and authorized the county commanders of the American Legion and the Veterans of Foreign Wars to select a suitable name, arrange for a plaque to be placed on the bridge, and plan appropriate dedication exercises. The cost of this is not to exceed \$100. This was approved with Mr. Heisler voting "No."

### Electric Meter

William A. Ford, county electrician, reported that he had investigated the matter of installing a central electric meter to serve the court house and adjacent buildings in Mount Holly. He said the cost would be \$273.96 (less \$25 if ERA help were employed), and the yearly saving would be approximately \$270. There was some discussion over this, Freeholder Charles R. Stout declaring that the whole cost of installation should be charged to the court house and grounds item of the budget. Mr. Adams argued that the cost should be shared by all officers concerned, as all will participate in the saving in their respective budgets. The Board finally voted to receive and comply with the report.

### Reports by Drank

Solicitor Drank reported on several matters that had been referred to him.

In connection with the recent proposition of Burlington City to pay all its taxes up to January 1, 1935, if the county would waive interest on the delinquencies, Mr. Drank said he could find no statute authorizing a county to take such action, although municipalities are permitted to do so. Clerk Price was instructed to forward this information to Burlington City Council.

Mr. Drank said he had nothing further to report on the matter of repairs to Sheriff Wimer's automobile, the bill being about \$27 for damages sustained in an accident in April. Mr. Adams said that at the time of the accident the sheriff was not using the car for county business, and he feels the sheriff should pay the bill out of his own pocket.

The case of Laura Andrews, whose automobile ran into a hidden ditch near Mount Laurel, has been referred to the insurance brokers and is being investigated.

Mr. Drank declared he believes the recent audit of books in Pemberton township was a necessary expense, it being ordered by Justice Perkins, and he said the county should pay it. On motion of Mr. Stout, the bill, amounting to \$420,

was ordered paid.

### Broken Stone Contract

It was announced that State Highway Commissioner E. Donald Stern had approved the award of the contract for furnishing 10,500 tons of broken stone, the award being made to the Pennington Trap Rock Company on its bid of \$16,070.

The Atlantic Cressoning Company reported that the county's order of creosoted lumber would be ready for inspection after August 15 at the plants in Savannah, Ga., and Norfolk, Va. Bridge Director Cook and Assistant County Engineer F. L. Branin were authorized to make the inspection.

The State Highway Department announced its approval of the granting of \$25,000 to the county for maintenance of rural roads. Mr. Jones said the check had already been received, and on his motion, County Treasurer Bright was authorized to distribute the money among the various municipalities. Each one will receive about \$700.

A letter from the Chester township committee spoke of the traffic hazard at Fellowship and Mill roads, and asked the county to have lights and signs placed to mark the intersection. The matter was referred to Mr. Jones.

### Helping Municipalities

Mr. Jones said he had received requests from several municipalities for the county road department to help in maintenance work on streets and asked if it were proper for the county to do such work and present a bill to the municipality concerned. Mr. Heisler said he felt it would be proper, if the county forces have the necessary time, and added that it would be a big help to the municipalities. Mr. Jones was instructed to investigate the matter through the State Highway Department and the State Department of Municipal Accounts, to see if the work can be done, and to determine what disposition should be made of the funds received when the municipalities pay the bills.

The State Department of Institutions and Agencies presented some

regulations regarding payment of the bills for care of dependent children, and the county treasurer was instructed to comply with them.

Dr. M. W. Newcomb, medical inspector of the Fairview Sanatorium, asked for a change in classification of certain patients at that institution from county contributing to county indigent, and from state contributing to state indigent. The matter was referred to County Adjuster Howard G. Stackhouse.

The Board voted to advertise the 1934 audit as suggested by the Department of Municipal Accounts.

The next meeting of the Board will be held on Friday, September 13, it having voted to follow the custom of abandoning the second August session. The following departmental bills were approved and ordered paid: Finance, \$2,031.60; roads, \$7,365.95; bridges, \$2,230.97; public buildings, \$13,723.36; public affairs, \$19,761.70; total \$45,113.58.

## LEISURE TIME BAND CONCERT FRIDAY NIGHT

The Burlington County Leisure Time Band will present another concert in the Palmyra Grove, Friday evening from 7.30 until 9.30 o'clock. These programs, which have proven most enjoyable to many residents of this section, were brought to Palmyra through the efforts of DeWitt Morris, well-known Palmyra man. The last concert of the series will be presented next Friday evening, August 23. Frank Welch conducts the orchestra.

## FOX SPONSORS BEAUTY CONTEST

Riverside Theatre Invites Riverton Girls to Enter; Age 18 to 30 Years

Some pretty miss from either Riverside, Riverton or Palmyra will be crowned "Miss Riverside" on the stage of the Fox Theatre in that city, Friday, August 23rd. Unmarried girls between the ages of 18 and 30 from the three towns are eligible to compete.

The bathing beauty contest, sponsored by the Fox Theatre manager, is the first ever to be held in Riverside. The winner will be sent to Atlantic City to compete in the national event to be staged there this year with all expenses paid by the theatre. Miss Riverside will also receive a complete wardrobe through the cooperation of Riverside merchants.

All of the contestants will be reviewed on the stage between the first and second show, at which time a board of judges will make the selection. Contestants will appear in street clothing as well as bathing suits.

The manager of the Fox Theatre has arranged a special stage setting for the event and cordially invites any eligible girl to enter the contest. Full details may be had at the Fox Theatre in Riverside.

The board of judges is composed of the following Riverside people: Mrs. E. B. Mahan, Mrs. Walter Zwick, Mrs. Tillie Stecher, Charles S. Goldy, Jack A. Whomley, Morris W. Dudgey, Benjamin Hayney and Frank E. Chambers.

## 61st CONVENTION NATIONAL W.C.T.U.

Representative women from every county and from scores of communities throughout New Jersey are planning to participate in the 61st annual convention of the National Woman's Christian Temperance Union which is scheduled to convene in Convention Hall, Atlantic City, Friday, September 6, and continuing through Thursday, September 12, next. A four-day national school on alcohol education will be held at the convention, September 3-5. Twice before New Jersey has entertained this national organization of White Ribbon women; once at Newark in 1876, and again at Asbury Park, in 1913. Since this last date the organization has made an extraordinary gain in membership and in the range of its influence and activities.

Mrs. Ada S. Nodocker, of Roselle, state president since the recent death of Mrs. Nina G. Frantz, of Moorestown, is the official state hostess for the convention.

## ORDINANCE

An Ordinance to amend an ordinance entitled "An Ordinance limiting and restricting to specified districts and regulating therein buildings and structures according to their construction and the nature and extent of their use in the Borough of Riverton, in the County of Burlington, and providing for the administration and enforcement of the provisions herein contained and fixing penalties for the violation thereof," which ordinance is known by the short form title "The Zoning Ordinance of the Borough of Riverton," and was adopted September 11, 1930.

IT IS ORDAINED by the Council of the Borough of Riverton, in the County of Burlington, that:

1. ARTICLE V, Section (g) of the ordinance to which this is an amendment be, and the same is hereby amended to read as follows:

(g). Open Porches. An open porch, not over one story in height, may project into required front yard a total of not more than ten feet (10'). An open porch not over one story in height may project into a required side yard, provided it does not project to the side lot line and a distance equivalent to ten per cent (10%) of the width of the lot and in no case nearer than three feet (3'). Bulk windows on the first or ground floor may extend into a required front yard a distance of not more than four feet (4'), provided that such windows be constructed of clear glass on all sides extending into said required front yards. An open porch upon the second story, i.e., the story immediately above the first or ground floor, may extend into or over a required front yard and a distance of not more than eight feet (8').

2. ARTICLE II, Section (a) be, and the same is hereby amended to read as follows:

(a). Open Porch. An open porch is a roofed piazza, porch, or porte cochere with- out any permanent features aggregating more than forty eight inches (48") between floor and ceiling, excepting the necessary columns supporting the roof and such supports. Removable, hinged, or double hung sash, containing screen or clear glass is permitted.

NOTICE is hereby given that an Ordinance to amend the Zoning Ordinance of the Borough of Riverton, of which the foregoing is a copy, was duly introduced and passed upon first reading by the Borough Council of the Borough of Riverton in the County of Burlington, State of New Jersey, at a meeting thereof held on the eighth day of August, 1935, and that final passage of the said Ordinance will be considered by the said Borough Council at a meeting thereof to be held in the Council Chambers, Howard street, in the Borough of Riverton, in the County of Burlington, on the twelfth day of September, 1935, at 8 o'clock in the evening, at which place and time hearing concerning the said Ordinance will be afforded by the said Borough Council to all persons interested therein.

By order of the Council of the Borough of Riverton, in the County of Burlington.

DANIEL M. CLIFTON, Borough Clerk.

## RANOCAS STOCK FARM RENTED SAYS REPORT

There is a report that the Ranocas stock farm at Jobstown has been rented to a prominent sportsman and race track owner for winter training.

Henry Tresch, manager of the farm for the owner, Harry F. Sinclair, refuses to confirm or deny the story.

## NEXT SATURDAY

Saturday, August 17, will find the strong Camden 12th Ward Club as the attraction at Memorial Park.

This is the rubber of a three-game series. It will be remembered that Riverton traveled to Camden and won by score of 6-2 and 12th Ward turned the table on July 4th by a 7-2 score.

Each club will present their strongest lineup in an effort to gain the edge in this final game of the series.

Ohio ranks third among the states in the number of airports and landing fields.

## BROADWAY THEATRE FRIDAY & SATURDAY

Jane Withers, as a lovable tempest tomlboy, and Jackie Searl, as the pampered son of a Park Avenue family, are featured in "GINGER," Fox Film's latest laugh riot.

## DELAY IN COURT TEST OF SALES TAX

A test in Federal District Court of the constitutionality of the New Jersey sales tax law was delayed on Friday until September 9 because the required number of judges to hear the case could not be obtained at that time.

Federal statutes provide that two Federal district judges and one Federal Circuit Court of Appeals judge must hear actions involving the laws of states. A Circuit Court judge was not available.

A hearing had been set for Friday in Camden on an order requiring State Tax Commissioner Martin to show why he should not be restrained from enforcing the sales tax law and collect the levy.

The order was issued by Federal Judge Avis on application of Charles W. Conrad, Paulaboro grocer. The bill of complaint contended that the tax is illegal and in direct violation of the Fourteenth Amendment of the Federal Constitution.

## "THE RAVEN" AT WALT WHITMAN

Irene Ware, feminine lead in "The Raven" coming to the Walt Whitman theatre on Saturday is seen in a most unusual dance sequence which was staged by Theodore Kosloff, noted ballet master and dance director.

Miss Ware enacts the role of an interpretive dancer in the picture, which was produced by Universal from Edgar Allen Poe's famous poem, "The Raven." She is desired by the sinister Dr. Vollin, Poe addict. The dance itself is characteristic of the famous scene in the poem where Poe, while seated at his desk, writing, observes the raven perched on his window sill. It is called the spirit of Poe.

Religion is much more than a fire escape—or much less.

## AAA TO CONTROL NEXT POTATO CROP

Secretary of Agriculture Will Decide Who May Raise Potatoes in U.S.

According to Mark Sullivan in Monday's Inquirer, both Houses of Congress have passed and the President is expected to sign a bill entitled "Potato Control," which will become a law within a few days.

This Bill puts under government control some three million farmers who raise an quantity of potatoes, large or small. It provides penalties of fines of \$1000 and imprisonment for one year in the penitentiary for violation of any of its many and complicated provisions.

There are exemptions for farmers who raise less than five bushels and do not sell any, but even they are subject to inspection.

Each spring the Secretary of Agriculture will decree how many bushels of potatoes shall be raised in the United States. Within that total he will decree how many shall be raised in each State. Within each State quota the Secretary will decree how many shall be raised by each farmer.

For each farmer the quota will be based on what he has raised in the past. If he has not in the past raised any potatoes for sale, he cannot have a quota, cannot raise any in the future.

The quota attaches to the land, and if a farmer moves, the quota stays behind him. If he goes to a farm on which potatoes have not been raised in the past, he is forbidden to raise any in the future.

Every bushel sold must bear a Government stamp. Every bushel, or barrel or peck must be packaged as the Government requires. To sell in a different kind of package or to sell without a stamp is a crime. It is also a crime to buy or offer to buy.

When the AAA started out it sought control of but four major farm products. It now controls potatoes and the end is not yet. If AAA is to survive it must control every farm crop, every farm and farmer, every article manufactured from farm products, and every manufactured article that comes in competition with a farm product. It must control the manufacturer, the processor, the wholesaler, the retailer and the consumer.

And it is to this end that the Administration is bending every effort and driving through a supine Congress legislation which makes these infringements on the rights of Americans the law of the land.

How much longer will a free-born people submit to such tyranny—and such imbecility?

Reader.

## WARNING

Riverton, N. J.

August 20, 1935.

The average man driving an automobile today, must be more and more impressed with the danger it entails. The reckless, law-ignoring driver is a gigantic menace and the police of the Borough of Riverton intend to put a stop to fast and reckless driving on the streets of the Borough.

Arrests will be made and persons violating the traffic act of this state will be dealt with according to law.

Another nuisance I wish to call the motorists attention to is the unnecessary honking of horns. There is a Borough ordinance against unnecessary noises and this is surely one of them.

WILLIAM G. GOOTEE,  
Chief of Police.

In China, mail and packages are carried by an ancient private organization in competition with the government.

## 37,000 POUNDS OF RELIEF FOOD FOR BURLINGTON CO.

Relief clients throughout the county, on Tuesday, August 20th, received their second allotment of food for August.

Thirty-seven thousand pounds of sauer kraut, roast beef and barley broth, in cans were distributed to the 40 stores at various parts of the county, where clients called for their allotments.

This system, which was installed by County Director W. Rex McCrosson, along with Joseph Flynn, Supervisor of Distribution, has worked out very well, with the clients cooperating in all ways.

The first allotment consisted of 18 and a half tons of veal, vegetable soup and beef stew.

## KATHERINE GRAFF WINS WOMAN'S CUP

Conquers Doris Steedle in Three Set Match Saturday, 7-5, 0-6, 6-4

Katherine Graff became the Women's Tennis Champion of Riverton last Saturday afternoon by turning back Doris Steedle, who had previously made the tournament very uncomfortable for seeded players. By her 7-5, 0-6, 6-4 victory Katherine will have possession of the women's cup for the next year. Former winners of the cup were, Ella Bussell 1931 and 1932, Hilda Hagstoz 1933, and Helen Easley 1934. The cup must be won three years, not necessarily in succession, to be retired.

The match started by Miss Graff holding her service above but Doris Steedle retaliated by the same score. The match then went to 5-3 for Doris, but Katherine reached the high point of the match as she won four crucial games in a row to win the first set. The first two games of the second set were closely contested, going to duce six times before Steedle finally won, but from this point Doris romped away with the set 6-0.

The final set was even to 2-2, but here Graff secured the deciding lead. Miss Steedle gamely pulled up to 5-4 but could not bring off the tying stroke as she held two advantages.

The stroke analysis follows:  
(Continued on page 2)

## RYC TO SHOW MOVING PICTURES OF REGATTA

The Riverton Yacht Club announces a moving picture show to be held in the club rooms on Saturday evening, August 24th, at 9:00 o'clock, at which time they hope to show the pictures of the recent regatta held at St. Michaels, where the club boys so nobly supported the traditions of the club.

Other sporting films of current events will be shown. Club members and their friends are urged to be present August 24th, at 10:30 in the evening, a card party will be held in the club rooms. These parties have become so popular that the hostesses are having difficulty in finding open days for the club rooms.

Labor Day has been set aside as Beverly day. This has become an annual affair when the club is entertained by Beverly Yacht Club. Let all members make this pilgrimage and give our racing boys support as well as show Beverly our appreciation.

A large reduction in the amount of clothing sent to the heathen has been noted. Pretty soon the poor girls won't have any more to wear than our wives and daughters.

—Philadelphia Inquirer

## REFUND OF GAS TAX TO FARMERS

Levy Returned On Gas Used for Farm Machinery Only, On Application

Many farmers have called the County Farm Agent's office recently, asking how they are to receive a refund of the gasoline tax on gas used strictly for farm operations. This, of course, does not include trucks on the highway. In response to this request for information, County Agent Thompson makes the following explanation:

Those who are entitled to a rebate, and that includes those who have purchased gasoline and paid the tax and which gasoline was not used in automobiles or trucks on the highway, must apply to the Motor Fuel Division of the State Tax Department at Trenton for refund forms. When these refund forms are received, it is necessary that the blanks be filled out and sworn to and returned to the above division of the State Tax Department. This division endorses the application, and in due course of time a check is forwarded to the applicant from the state treasurer.

In making a rebate for the gasoline tax, the State Sales Tax Division collects 2% sales tax, and this, of course, will be deducted before a refund is made.

County Agent Thompson endeavored to secure these forms in order to have them available to the farmers.

(continued on page 8)

## PETITIONS FILED

Candidates for local office who had filed their petitions with the borough clerk up until noon today (Thursday) are as follows: H. McIlwain, Riddle, mayor, full term, republican; Robert W. Knight, councilman, full term, republican; William O. Henry, councilman full term, republican; Elsie Wright Moorey, county committee 1st district, republican; Sam MacMullin, county committee 1st district, republican; Dewees P. Showell, county committee 1st district, republican; Mary E. Steedle, county committee 1st district, republican; William McErmott, county committee 1st district, democrat; George D. Steedle, county committee 2nd district, republican; Alma Evans, county committee 2nd district, republican; and Michael O'Neill, county committee 3rd district, democrat.

The Palmyra firemen experienced some difficulty in fighting the stubborn blaze due to the fact that an asbestos chimney had been built over an old wood shingle roof. They overcame the blaze to the attic, however, and the damage was estimated to be approximately \$1,000.

The Palmyra fire police saved practically all of the furniture by covering it with rubber blankets.

## WHY NEWCOMB APPROVED FUND FOR SALES TAX ENFORCEMENT

Dr. Marcus W. Newcomb makes the following statement in answer to the question of why he voted for the appropriation to enforce the sales tax when he voted against the tax itself.

The original sum wanted by the Governor for administration of the tax was \$600,000. There were 31 votes for the bill, and these same 31 could be marshalled for the \$600,000 enforcement appropriation. A conference with the Governor was held, at which 13 Republicans were for the \$600,000 and 17 against it. A compromise was reached on \$400,000, which everyone agreed to vote for, thus saving the taxpayers \$200,000.

Dr. Newcomb sent the following telegram to Lloyd Schroder, Assemblyman from Bergen county in answer to Schroder's telegram to each member of the Senate and Assembly on the proposition to call a special session of the Legislature, and asking what their attitude would be on the repeal of the sales tax.

"My position has not changed. I voted against the Sales Tax. I voted for all amendments introduced. If special session is called I shall introduce a bill to repeal the Sales Tax."

## SAW AND HATCHET BOATS POPULAR

So pleased were they with the showing their boats made at the regatta at St. Michaels last week the following boys stayed over at Betterson, Maryland, about sixty miles nearer home, for the regatta held there this week: Bert Shoemaker, Elwood Mathis, Robert Lippincott and Howard Lippincott.

Robert Lippincott and Elwood Mathis, sailing the "Zephyr," won a silver loving cup as first prize, and Bert Sho

## RIVERTON

Among those who went from Riverton and Palmyra to Pine Camp, New York, for the National Guard war maneuvers, last Saturday from the Camden Armory are: Captain H. R. West, Lieutenant James Davidson, Sergeant G. W. Denning, Sergeant Henry Mooney, privates W. Maynard Bowen and John Tibbett.

Mr. and Mrs. Glenn Snyder, of Pen Yan, New York, are visiting Mr. and Mrs. Howard Elliott.

Mr. and Mrs. A. M. Bowker and Mrs. Fannie Reeves, of Riverton, and Mrs. C. W. Oakley, of Elizabeth, are making a tour of the New England states.

Mrs. Charles Seemuller and daughter Carlette, are spending the week in Stone Harbor.

Mrs. Edward Stanwood, of Pitman, is visiting Mrs. B. R. Stevens for a week.

Mr. and Mrs. John Hoepfner, of Washington avenue, Palmyra, have rented their home to Mr. and Mrs. Wendell Sawyer, of Chestnut Hill, and have moved into the Maple apartments, Riverton.

Mr. and Mrs. Arthur Johansen and daughter, of Scotch Plains, are spending some time with Mr. and Mrs. Harvey Stewart.

Mrs. B. R. West, of Park avenue, was suddenly called to her home in Charlottesville, Virginia, by the death of her brother, Robert Thomas. Mr. Thomas was found dead beside his car yesterday. He distinguished himself during the World War as a government engineer in charge of the construction work in the South, and also assisted in the building of the Tacony-Palmyra bridge.

Miss Ruth Kase, Miss Mary Young, Miss Helen Habfast, Edward Hebrew, Joseph Yearly and Lester Yearly were the guests of Mr. and Mrs. Joseph Yearly, of Cinnaminson street, last week at their summer home at High Point.

Miss Olive Jones, of Thomas avenue, has accepted a position at the Hotel Raymond, Wildwood, for the remainder of the summer.

Mr. and Mrs. John Frehafer, of Riverton, and Mr. and Mrs. L. G. Rogers, of Palmyra, returned last Friday from an enjoyable week's trip to Quebec.

Mr. and Mrs. William Fredericks and family, of Cranford, are spending the week with Mrs. Frank Rue.

The Woman's Republican Club held a covered dish luncheon and business meeting of all committees at the home of Mrs. Margaret Dean, Cedar Lake, Thursday.

Miss Gertrude Michel has returned from a week's stay at Atlantic City.

Mr. and Mrs. Ross Evans and Mr. and Mrs. George B. Snyder spent the weekend in Wildwood.

Mrs. James B. Clark is entertaining a number of friends today (Thursday) at the Clark summer home in Browns Mills.

Mrs. Charles DeGrau, Sr., of Riverside, mother of Mrs. Robert Hulings, is seriously ill.

Miss Bina Kerr, of Tacony, spent the weekend at the home of Mr. and Mrs. S. A. Plumly.

The Associated Republican Clubs are preparing for a large mass meeting to be held in Riverside, September 9. The Riverside Club will act as host.

Mrs. F. Stanley Groves and her party have returned from a Northern cruise which took in Norway, Sweden and Russia.

"How is it you are so lucky at playing poker but nearly always lose playing the horse races?" "Well, I can't shuffle the horses, you know."—Gas and Electric News, Rochester.

## PRIMARY TICKET

The following candidates will seek nomination in the primary election on September 17, sponsored by the conservative wing of the Republican party in Burlington county.

They will be opposed by a ticket backed by the New Dealers, under the leadership of Senator Clifford R. Powell and Freeholders Adams and Jones.

For the Assembly  
MARCUS W. NEWCOMB, M.D.  
of Pemberton Township  
"For Economy—Against Sale Tax"

For Sheriff  
DEWITT H. STEEDLE  
of Riverton  
"For a Business Administration"

Member of the Board of Freeholders  
LEROY CHURCH  
of Fieldsboro  
"Performance, No Promises"

For County Auditor  
HARRY J. ZIEGLER  
of Riverside

## COUNTY E.R.A. REPORTS SAVINGS LAST MONTH

A decrease of \$1,651.39 was effected for the month of July over the previous month in the administering costs of the Burlington County Emergency Relief, according to W. Rex McCrosson, director. At the same time families on relief showed 3038 for July compared to the previous month of 3220, while persons on relief was 11,714 in July and 12,498 in June.

A saving of \$1,762.47 was effected in the cash allotment showing \$40,910.30 for June and \$39,147.83 for July; \$124.67 was aliced from the milk item; gas and electric showed \$1,142.98 for July compared to \$1,371.90 for June, a saving of \$228.92; hospitalization showed a saving of \$463.50; X-rays \$91.00; dental service \$25.00, and eye glasses \$19.25.

Some of the major increases showed food \$346.04, June being \$14,717.09, July \$15,065.13; shelter \$245.94, June showing \$5,673.91 while July was \$5,919.53; clothing (cash purchased) \$272.36; physicians' service \$118.64, June \$3,943.16, July \$4,051.80; burials \$182.00, June \$88.00, July \$270.00; Fuel \$76.00, June \$1,013.73, July \$1,090.43; water rents \$43.13, June \$65.00, July \$108.13.

## Palmyra Plans New Road Work (continued from page 1)

plete the list for final action in the near future.

Appreciation  
The following letter was read: Hon. Mayor Lamon and Palmyra Borough Council:

It gives me great pleasure at this time to express my appreciation of the work performed by the Palmyra Police in regard to the robbery at the home of Mrs. Emma Kerns.

Work of this type is worthy of commendation.

Respectfully yours,  
William L. DeHedway.

Lady Astor reiterated her approval of birth control, but what we need to know is how to control them after they are born.

—Philadelphia Inquirer

## Katharine Graff Wins Woman's Cup (continued from page 1)

First Set

Third Set  
Graff 4 1 2 5 4 2 4 1 7-34-6  
Steedle 1 4 1 3 2 4 0 4 5-22-4

Men's Tournament

The men's tournaments narrowed down to three contestants in the singles division and three pairs in the doubles. Robert Borer is now in the singles final and has reached the last round of the doubles with Watson Butler. Robert Biddle and

Porter Caldwell are in the men's single semifinal, while Biddle and Reed face Woodward and Caldwell in the doubles penultimate.

Borer Defeats Barto

Serving hard and driving well throughout the match, Robert Borer entered the final round of the men's tournament by trouncing Howard Barto 6-1, 6-3. Borer had complete charge of the play during the initial set and until 3-0 in the second. Here Barto returned to form, which had completely deserted him in the early stages of the match, and managed to split the next six games. Until the time of his late stand Barto knocked ball after ball into the bottom of the net, playing very unanimated tennis. Borer, on the other hand, was in control of all his strokes, keeping his backhand, usually untrustworthy, well in hand. Robert Biddle advanced to the semifinal round by beating Richard Woodward 6-1, 6-2. Biddle placed the ball out of Woodward's reach and made few errors during the play. The favorite displayed a game with no outstanding weaknesses and concentrated on Woodward's inability to cover court quickly in gaining points. Biddle's service has noticeably improved in speed and gave Woodward some trouble in the handling of it.

Borer-Buhler Enter Final

Rutherford and Blyler could not bring their games to the peak they reached when defeating Metzger and Allen and succumbed to the fast play of Borer and Buhler, favorites for the doubles cups. Buhler was the outstanding man on the court as he placed his service craftily and scored many placements off his opponents' services. Borer also delivered forcing shots with which Blyler and Rutherford were unable to cope. The losing pair held even to 3-3 in the opening set but did not again seriously threaten. The final score was 6-3, 6-2.

The junior tournament swings into action this week with fourteen contenders for the cup and seven combinations in the doubles medal play. The seeded players in order of their rank are: Singles: Howard Barto, Richard Weiford, Tyler Vile, Frederick Freeman; doubles: Barto and Moore, Vile and Weiford.

Barto Junior Favorite

After having received a bye in the first round, Howard Barto romped through Jack Geiss 6-1, 6-1, to reach the semifinal round of the Junior Singles Cup Tournament. Barto's all round superiority over the present crop of junior players was shown in this match. He is the outstanding favorite to win the trophy on which Lewis Robbins holds one leg. Tyler Vile was the first of the seeded list to fall victim of an upset. Vile, seeded third, was toppled out of the singles picture 4-6, 7-5, 6-3 by John Warren. Warren, who plays erratically, was on his game and after the first set hit the ball with too much pace for Vile to handle.

Frederick Freeman justified his ranking position by disposing of Robert Dunlap 6-4, 6-0, in a first round test. Freeman now faces Richard Coe for semifinal berth.

Stover Dissatisfying

Robert Stover, who last year was

one of the most promising of the junior players, played very disappointing tennis as he was defeated 7-5, 6-3, by Jack Yost. Yost was steady and this alone won for him, as Stover could not seem to find the court at all.

Three pairs entered the junior doubles semifinal round. They were: Dunlap and Yost, Barto and Moore, and Coe and Hulings. The last named pair bettered the longest set mark to 14-12 in their second set.

The juniors doubles final will be played 10:00 a.m. Saturday, August 24, and the singles final will be played 3:30 the same afternoon.

A summary of the past week's scores follows:

Men's Singles  
Quarterfinal Round

Biddle (d) Woodward, 6-1, 6-2  
Caldwell (d) Reed, 6-2, 6-2  
Barto (d) Simons, 6-3, 6-4  
Borer (d) King, 6-2, 6-0

Semifinal Round  
Borer (d) Barto, 6-1, 6-3

Men's Doubles  
Semifinal Round

Borer-Buhler (d) Rutherford-Blyler, 6-3, 6-2

Women's Singles  
Semifinal Round

Steedle (d) Sipple, 6-4, 3-6, 6-4  
Graff (d) Mullen, 6-2, 6-0

Final Round

Graff (d) Steedle, 7-5, 0-6, 6-4

Junior Singles  
First Round

Geiss (d) Myers, default

Coe (d) C. Wallace, default

Warren (d) Vile, 4-6, 7-5, 6-3

Yost (d) Stover, 7-5, 6-3

Moore (d) Hulings, 2-6, 6-4, 6-4

Freeman (d) R. Dunlap 6-4, 6-4

Quarterfinal Round

Barto (d) Geiss, 6-1, 6-1

Juniors Doubles  
First Round

Dunlap-Yost (d) C. Wallace-Myers, default

Coe-Hulings (d) Stover-Freeman, 6-2, 14-12

## RIVERTON LOSES DECIDING GAME

Strong Twelfth Ward Team of Camden Takes Saturday's Game 6-2

On Saturday at Memorial Park, Riverton lost the third and deciding game of the series to Camden 12th Ward by score 6-2.

Any threat the home team made to score was turned back by Walters, the visitors' shortstop. He was all over the park picking flies out of the air and smearing grounders. Leon Sloan was the only homester to break off as many as two hits, both singles, while Sharkey led the Warders with a home run and a triple.

## WOMAN'S CLUB FLOWER SHOW

Elaborate preparations for the annual Flower Show to be held by the Woman's Club of Palmyra on September 20 and 21 are now almost completed.

Miss Helen Wolcott, of Elm Terrace, is in charge of the event this year. There will be exhibits in 49 classes, including special groups for commercial growers and juniors. Entries will be received during the morning of Friday, September 20. Exhibits may be seen on Friday afternoon and evening and all day Saturday.

Three Haddonfield club women will act as judges. They are, Mrs. Joseph M. Weston, Mrs. Engene H. Barnes and Mrs. Joseph D. Pedlow. The committee in charge of the show is composed of, Miss Helen V. Wolcott, chairman; Mrs. Raymond Anderson, Mrs. Ida Bonnell, Mrs. A. J. Brooks, Mrs. J. J. Caprano, Mrs. E. R. Finn, Mrs. G. F. Fox, Mrs. A. C. Giberson, Mrs. S. Headington, Mrs. W. F. Keene, Mrs. E. King, Mrs. H. A. Kennedy, Mrs. J. E. Lining, Mrs. A. L. Martin, Mrs. W. Powers, Mrs. P. W. Randall, Mrs. C. F. Shaw, Mrs. R. K. Snow, Mrs. Elias M. Toy and Mrs. Lewis H. Wallace.

## LAST LEISURE TIME CONCERT

The last in the series of band concerts by the Leisure Time Orchestra of Burlington county will be held in Palmyra's municipal grove Friday evening.

Approximately four hundred persons attended the concert last Friday evening and thoroughly enjoyed a splendid performance.

These concerts have been brought to Palmyra through the efforts of DeWitt Morris, prominent Palmyra man, and the cooperation of Palmyra merchants and business men.

The general public is cordially invited to attend the last concert of the season to be held this Friday evening.

## CIVIL SERVICE EXAMINATIONS

The United States Civil Service Commission has announced open competitive examinations for positions with salaries ranging from \$1680 to \$4600 a year. Full information may be obtained from The Riverton post office.

## FOR ASSEMBLY

DR. JOSEPH BOWLEY

who will oppose Dr. Marcus W. Newcomb for the Assembly nomination on the Republican ticket at the primary election next month.

## "STUDENT TICKET" FOR PALMYRA HI

If Sufficient Number of Students Subscribe, Cost of Activities Will Be Reduced

A student ticket will be offered to the students of Palmyra High School for the coming year. It has been used with success in a number of modern schools and the need for a student ticket has long been felt in Palmyra High School. If five hundred students subscribe for a ticket it will be offered to the student body for three dollars. The previous cost of the activities are as follows: Trillium year book, \$2; A.A. ticket, \$1; senior play, 40 cents; junior play, 40 cents; opera, 30 cents; subscription to the Palmyrian, 50 cents; debates, 45 cents. The total of these eight activities would cost \$5.45 and with the student ticket would cost only three dollars.

The student ticket makes the prices almost half of the regular cost of these activities.

The three dollars, cost of the student ticket may be paid either all at once, or on the fifteenth of September, October and November.

## CARNIVAL TO BENEFIT PAROCHIAL SCHOOL

A new deal will be handed to the people of this community in the way of an old fashioned carnival, the proceeds of which will go towards the maintenance of the Sacred Heart Parochial school. The carnival will be held on Friday and Saturday, September 13th and 14th at Broad and Elm avenues, and according to Charles Delaney, chairman of the affair, nothing will be spared to make this one of the main attractions of the year.

## OIL STOVES WANTED

E.R.A. Home visitor Helen G. Ayars reports two Palmyra relief clients who are in need of oil cooking stoves. If anyone has stoves of this kind which they no longer need, Miss Ayars would appreciate the donation of these to the Welfare. Kindly leave word at the Palmyra police station.

## RIVERTON VS. CAMPBELL SOUP

The Athletics team of the Riverton Soft Ball League will meet the Campbell Soup team of the Camden Industrial League at Riverton's Memorial Park Friday evening at 6:45.

The administrators who baited their political trap in Rhode Island with relief funds must have been as surprised as those fishermen of Iliop, R. I., who caught a 6-ton whale shark in their fish trap.

—Philadelphia Inquirer

The small lad of the family had acted so badly that punishment of some sort was necessary. "Jimmy," commanded his mother, "find a switch and bring it to me." Shortly after, the bright young man returned.

"I can't find a switch, ma," he reported, "but there's a big rock you can throw at me."—Clipped.

## New Books at Riverton Library

The following new books have been added to the list in the Riverton Library following the annual vacation closing period. The list includes fiction, mystery and adventure and non-fiction.

Fiction  
Tortilla Flat, John Steinbeck.  
Ilyrian Spring, Ann Bridge.  
Lucy Gayheart, Willa Cather.  
Deep Dark River, Robert Rylee.  
The Alleged Great-Aunt, Ayer-Webster.  
The Seeping Child, Alice Rosman.  
Five Days, Eric Hatch.  
Storm Signals, Joseph Lincoln.  
Rapture Beyond, Katharine Newlin Bart.  
The Crystal Tree, Louise Platt Hauck.  
The Uncrowned King, Baroness Orczy.  
Beauty's Daughter, Kathleen Norris.  
Mystery and Adventure  
The Left-Handed Passenger, Felix Riemann.  
Fortune's Wheel, Provost.  
Starlight Pass, Tom Gill.  
Non-Fiction  
R. E. Lee (two volumes), Douglas Freeman.  
Friends and Fiddlers, Catherine Drinker Bowen.  
Tempest Over Mexico, Rosa E. King.

## CHILDREN SHARE IN THATCHER WILL

Will of Old Palmyra Resident Admitted to Probate in Mt. Holly, Tuesday

The will of the late Jacob Thatcher, 317 East Broad street, Palmyra, was admitted to probate by the Burlington County Surrogate, at Mount Holly, Tuesday.

The will provides that equal shares of his estate shall revert to his two children, namely: Helen Thatcher Mansfield, of Palmyra, and Powell Thatcher, of Riverton. They were named executors of his estate.

Mr. Thatcher, an old Palmyra resident, died on July 28th, of injuries received when struck by an automobile on July 20th, at the intersection of Broad street and Elm avenue, Palmyra.

## WORLD TRAVEL IN "AMERICAN BOY"

Plenty of Thrills In Stories of Mounted Police, Planet of Mars, Etc.

"We try to make a subscription to 'The American Boy,'" states Griffith Ogden Ellis, editor, "a round-trip ticket to a world-wide adventure cruise."

"Most boys cannot afford the luxury of travel but they can afford to settle down under a reading lamp and take an imaginative trip to foreign lands in American Boy Stories." American Boy stories, during the coming year, will take readers to the atolls of the South Seas in a trading schooner, to the polar wastes behind a dog team, into the Canadian wilderness with the Mounted Police, through the Caribbean with the U. S. Navy, even to the far-away planet of Mars in a space ship!

There'll be true adventures among the lions and chimpanzees of Africa with Captain Carl von Hoffman, famous explorer and ethnologist. In addition there'll be stories of a million boys—Bonehead Jim Tierney, detective; Square Jaw Davis, engineer; Hide-rack, the red-and-gold cliche; Connie Morgan and Douglas Renfrew.

There'll be vocational stories that will help the reader select his life work, advice on hobbies, sports tips from famous coaches and players, money-earning suggestions, vacation hints, and worthwhile contests.

The American Boy costs only \$1 a year, or \$2 for three years, foreign subscriptions 50 cents a year extra. Send your name, address, and remittance to The American Boy, 7430 Second Boulevard, Detroit, Michigan. Service will start with the issue you specify. On newsstands, 10 cents a copy.

Never put off until tomorrow what you can get somebody to do for you today.

## YMCA BRIEFS

County YMCA secretary Guy C. Hendry and family are vacationing at Northampton, N. H., where they are staying with Mr. Hendry's mother.

During the month of September an Adult or Family Vacation Camp will be held at Camp Ockanickon along with the special Week-end Conferences held annually at this time. There will be a charge of \$1.50 per day to cover the cost of meals, shelter, and use of equipment. The dates especially for this type of camping are: September 3, 4, 5, 9, 10, 11, 12, 16, 17, 18, 19, 23, 24, 25, 26, 27. Reservations should be made with Guy C. Hendry, registrar of the camp.

## BLUE RIBBONERS

A horse show program was held at Lavender Camps, Porter Corners, New York, last Saturday. Wilton P. Mount, popular YMCA secretary for Riverton and Palmyra, is one of the directors at this camp. The other day he sent down the following news.  
John Rogers, son of Dr. and Mrs. Harry L. Rogers, won a blue ribbon in the show, riding Carrie K. His sister, Mary Rogers, riding Buck, won a blue ribbon also. The competition in which Miss Rogers entered was a very stiff one.

## BIRTHS

Mr. and Mrs. Earle B. Harder, of Melrose avenue, Palmyra, are receiving congratulations on the birth of a son Earle Harry, Sunday morning at the Mary Haas Robbins Maternity Home, 408 Main street, Riverton.

## SAVE TWO TO TWENTY DOLLARS

Order Coal Before the Prices Advance. Premium Anthracite Is Best

A dollar saved is a dollar earned. . . . a dollar that can be spent for other things needed. Here is your chance to save from two to twenty dollars, simply by telephoning today and ordering your next winter's coal while the low prices are still in effect.

EVANS is the only agent in this territory distributing the famous PREMIUM ANTHRACITE: it's all coal through and through, it goes farther and heats longer, and it costs less per heat unit.

## Tremendous Trifles

By ELMO SCOTT WATSON

### WIDOWER TO WHITE HOUSE

OF ALL the members of the cabinet of President Andrew Jackson, the secretary of state, Martin Van Buren, had no wife. He had married Hannah Hoes in 1807 but she died in 1819. Van Buren had never re-married.

In January, 1828, Secretary of War John Eaton married Peggy O'Neal Timberlake. Immediately Vice President Calhoun's wife elevated her nose. Sniff-sniff! Peggy O'Neal was a tavern keeper's daughter. The scandal mongers were whispering that Peggy's first husband had cut his throat because she was untrue to him. Accept "that woman" as an equal? Never!

Other Washington wives also elevated their noses. "Old Hickory" Jackson was furious. Mrs. Calhoun and the cabinet ladies must accept Peggy. But they wouldn't.

Calhoun wanted to be President. But his wife continued to snub Peggy and Jackson continued to fight for her. Now Martin Van Buren had no wife to embarrass his ambitions. The widower-secretary of state called on Peggy. "He dated with her, 'Old Hickory' was mightily pleased.

The row over Peggy went along and grew worse. The upshot was that the whole cabinet, including Van Buren, resigned! But in 1832 he became Vice President when Jackson was re-elected, and President in 1837. Andrew Jackson had a hand in bringing that about.

© Western Newspaper Union.

A Union Pacific shopman at Salina had been drawn on a federal grand jury and didn't want to serve. When his name was called he asked Judge Pollock to excuse him. "We are very busy at the shops," said he, "and I ought to be there."

"So you are one of those men who think the Union Pacific couldn't get along without you," remarked the judge.

"No, your honor," said the shopman, "I know it could get along without me, but I don't want it to find it out."

"Excused," said the judge.—Topeka Capital.

Water flows uphill in plants thru the many tiny tubes that make up the woody parts of the stems. It does not go in solid streams but forms films that stick to the walls of the tubes and flow along them.

### THE WORLD SERIES

The Playground World Series will be held, weather permitting, on Monday, Tuesday and Thursday evenings of next week (August 26, 27 and 29) starting at 6.30, E.D.S.T., sharp! A fourth game, if necessary, will be played Saturday afternoon at 1.30, and a fifth, again if necessary, at a time to be decided later.

In case there is one person in this vicinity who doesn't know who the opposing forces in this series will be, I will whisper it cooingly in his ear now. The Broadway team, first half champions, will play the Bankers, second half champs. And, if you haven't deduced it from the first paragraph, the winner of the series will have to win three games.

As far as pitching power goes, Broadway probably has the edge, having more variety. They have two good pitchers, Foulke and Anderson. The Bankers are depending on the slants of Iron Man Hubbs to win for them, altho the Board of Strategy may have a dark horse up their collective sleeve.

Second Half Standing  
(Including all games except Broadway-Evans game of Thursday, August 22, not yet played.)

Thanks to an agile slide rule, an able assistant, and the garbled and often indecipherable scorebooks, here is the second-half standing:

W	L	PC	
Bankers	8	0	0.800
Broadway	7	1	0.875
Evans	4	3	1.575
Tak-Aboust	4	3	1.575
Schwering	4	3	1.575
Firemen	4	4	0.500
Athletics	3	5	1.375
Whitman	3	6	0.333
Dreers	2	6	0.250
Knights	1	8	0.111

August 16. The oft-delayed and once "puzzle" game between Broadway and Schwering was at last played tonight with the result that Broadway won after a struggle, 7-5. Trailing by a run going into the eighth stanza, the Broadway team rallied, pushing over two tallies in the eighth and a single one in the ninth on Bill Anderson's pinch triple and Phil Siltz's lead.

Pitcher George Long, even tho he lost the game, won the slugging honors for Schwering, pounding out three for four. George Beddow had four for four to benefit the Movie cause.

Broadway 3 0 1 0 0 0 2 1-7  
Schwering 0 0 0 2 3 0 0 0-5  
Foulke and Bartley.  
Long and Oliver.

Firemen 9—Whitman 0 (forfeit)

August 19. After searching thru the scorebook, fearing a recurrence of the disappearing act that the Bank-Dreers game pulled last week, I have just remembered that Dreers didn't put enough men on the field, wherefore the game was awarded to the Riverton Firemen by the score of nine to nothing.

As the second half draws to a close, the usual lack of interest has been displayed by all but the leading teams. It seems to me that there has been hardly one game lately in which at least one of the contesting teams did not have to play with nine men instead of the regulation ten, or have to draft one of the spectators to make even nine men. Too, as the days are getting shorter, it would seem logical to start the games earlier; instead, however, they are starting later and later, with the result that instead of being curtailed merely to the now standard seven innings, they have to stop, darkness barring the way, after only five or six innings of play. The reason for this, of course, is that the players don't show up.

This non-appearance business is regrettable, but probably nothing can be done about it this year with the only one more game left to play in the regular season, but I hope that next year some sort of a system will be devised whereby interest can be sustained till the last man is out in the last game. I have at least one scheme to this end in mind which I will elucidate on in a week.

## SENATOR NYE TO ADDRESS W.C.T.U. CONVENTION

An interesting feature of the sixty-first annual National Convention of the W.C.T.U. to be held in Atlantic City September 6 to 12, will be an address on "Peace" by Senator Gerald P. Nye, of North Dakota, who during the past two years has been chairman of the special Senatorial Committee to investigate the sources and background of war propaganda in the United States.

Senator Nye will speak in the Atlantic City auditorium Sunday afternoon, September 8. He is nationally known as a colorful and forceful speaker and his address will attract wide attention.

or two. Anybody else having an idea for bettering the game either from the spectators' or players' point of view is invited to air it. After the world series is over, I'll try to have at least one column of suggestions for next season which the hot-stove league can mull over and have settled by springtime.

### Knights 13—Whitman 10

August 19. "Eagle" Wallace pitched a slick game for the Walt Whitman team up until the sixth and concluding inning at which juncture both he and his team blew up, with the consequence that the Knights scored eight times, enabling them to top the Whitman boys thirteen to ten. If any team deserved to lose, it was the Knights; for, during this six inning game they committed no less than ten fielding errors, mostly in the infield. At any rate, six hits, two stolen bases and two errors were the ingredients for the winning eight runs.

Smith and Joe Morris each had three hits for Whitman, the latter's including a neat round-tripper, while eight of the Knights' thirteen hits were divided equally among Joe Buvidas, Zink, Dougherty and Pfaff. Whitman 2 3 2 1 2 0-10  
Knights 2 1 1 0 8 x-13  
E. Wallace and E. Morris.  
Pfaff, E. Malone and Geddes.

Tak-Aboust 4—Schwering 4

August 20. Scoring two runs under rapidly drawing shades of night, Schwering managed to earn a four-four tie with the short-handed Tak-Aboust team. Going into the last of the sixth (and last) inning trailing four to two, Schwering staged a rally. After Liber had grounded out, Long, Pack, and Oliver smote successive singles, Long being thrown out at the plate trying to score on Oliver's. Perkins walked to fill the bases. Mutchler then whacked a single, scoring Pack and Oliver. Kersey drove one into shallow center field which Hubbs fondled a bit before making a perfect peg to the plate, nailing Perkins trying to score the winning run.

"Truck" Sherman led the Tak-Aboust attack with two hits, while the same number was contributed by each of three Schwering batsmen, Kersey, Oliver and Pack.

Tak-Aboust 0 0 4 0 0-4  
Schwering 0 1 0 0 1 2-4  
Woodward and Mathes  
Long and Pack

Bankers 5—Athletics 2

August 20. The Bankers clinched the second half championship tonight by defeating the once mighty Athletics by the score of five to two. Besides a sterling catch by A's centerfielder Bud Shea in the first inning, the feature of the game was the heavy hitting of Banker Clayt Weikman, who, after fanning in the opener, hit three successive singles. Swain with two hits topped the A's.

Bankers 1 0 2 0 2 0-5  
Athletics 0 1 0 0 1 0-2  
Hubbs and Shields  
Shivers and Perry

Games of Thursday night, rained out, are as good as eliminated from the schedule, for, according to Chief Ump Edson Carhart's announcement in last week's paper, unplayed games will not be played after the season closes this Thursday. Of course there is nothing to prevent the interested teams from arranging their own games, but games so played will not be included in the standing.

We'd have more "stable" government if statesmen displayed a little more "horsensense."  
—Philadelphia Inquirer

## NOTICE OF REGISTRY AND ELECTION

Office Help Supplied  
If you want exceptional office help for permanent or temporary employment call LOM-66-55. High school and college graduates desiring to prepare for business positions should call, write or phone STRAYER'S BUSINESS SCHOOL 807 Chestnut St., Philadelphia

Picture of a Woman Who Solved Her Housekeeping Problems

Poised and charming, she awaits her guests, confident that every detail is right. She has put in a busy day but because her home is equipped with modern gas appliances, her work is reduced to the minimum.

A modern gas range has a well insulated bake oven with automatic heat control. Drawer type broiler with smokeless broiling pan slides in and out easily. Automatic top burner lighter. Table space and utensil drawers or compartment. Prices begin at \$39.95 cash including installation.

A modern gas refrigerator. We make it easy for you to own an Electrolux. Pay nothing down, then a small sum monthly for three years. Cash prices begin at \$125. Carrying charge extra. Refrigerating unit guaranteed for three years.

A modern gas automatic hot water heater. You can get one that supplies fifty gallons of hot water a day at a cost of less than twelve cents a day. Our representative will call to give you an estimate of the cost of the type of heater suited to your requirements. Cash prices begin at \$35.50 installed. Terms 95c down, \$1 a month for 39 months.

Your plumber carries modern gas equipment at the same prices and terms.

After October 1 new residential gas rates make possible use of more gas appliances at lower cost.

Front, Second and Fourth.

## RIVERTON

Mr. and Mrs. Edgar Miller and daughter, Margaret, are spending several weeks in Chicago, as the guests of Mr. and Mrs. Edgar Miller, Jr.

Mr. and Mrs. Lawrence L. Keating have returned from their vacation in Atlantic City.

The many friends of Eugene Michel, of Thomas avenue, will be glad to know that he is improving after a serious illness of several weeks.

Mrs. Harry Davis is spending the week in Atlantic City visiting her sister.

Mr. and Mrs. W. L. Caskey spent the weekend in Wildwood visiting friends.

Mrs. Charles DeGru, Sr., of Riverside, is slightly improved from her recent illness, and is spending a few days with her daughter, Mrs. Robert Hullings, of Thomas avenue.

Mrs. Elsie Brownell, of Frankford, spent Sunday with her father, Edwin Evans.

Mrs. S. Reid Merley is entertaining her sister from Long Island this week.

Mrs. Leon Guest, her son Herbert and daughter Elizabeth, are spending some time in Ocean City.

Mary and John Rogers, who have been spending the summer at Lavender Camps, Porter Corners, N. Y., have returned to their home on Main street.

Mr. and Mrs. C. Kenneth Davis and family spent several days last week at Great Island.

Francis Hughes, who has been a guest at the Daniel M. Clifton home for a week, returned to his home in Allentown, Wednesday.

Charles ("Chug") Woolston will leave Sunday for Purdue University, Lafayette, Indiana.

Wilton P. Mount, of Linden avenue, has returned to his home after spending the summer at Lavender Camps, N. Y., as director.

Mrs. Mary Hazelton, sister of Mrs. Robert Marshall, of Riverton, is making an extended visit in Troy, N. Y.

Miss Mervil Haas, of Linden avenue, is spending a month with her grandmother, Mrs. Arthur Lovitt, of Cleveland, Ohio.

The many friends of Mrs. Myrtle Ballinger, Pemberton, will be sorry to hear of the death of her husband, Howard K., in the Burlington County Hospital, Mr. Holly, Monday of this week.

Mr. and Mrs. Brooks Evert and Mrs. Harvey E. Stewart left early this (Thursday) morning for a motor trip through the New England States.

Mrs. Edward L. Coffey and son, of Brooklyn, are spending some time at the home of Mr. and Mrs. Harvey E. Stewart.

Miss Marjorie Jacque, of Winchester, Indiana, is visiting Miss Dottie W. Sargeant at Bass Rocks, Massachusetts.

Mrs. Louis J. Meunier and daughter, Edna, are spending several weeks visiting friends in Chicago.

The ladies of the Riverton Yacht Club held card parties at the club house Wednesday and Thursday of this week.

Mr. and Mrs. Charles H. Carpenter have returned from a two weeks' trip in Maine.

A meeting of the Garden Department of the Palmyra Woman's Club will be held at the home of Miss Helen Wolcott, 601 Elm Terrace at 2 o'clock Monday afternoon, September 9.

PALMYRA B & L  
OPENS NEW SERIES

Will Meet Tuesday Next Week  
Owing to Monday Being  
Labor Day

The Palmyra Building and Loan Association, recognized in the state as one of the foremost in South Jersey, will open their 62nd series of stock for subscribers on Tuesday, September 3rd, from 3 until 9 p.m.

This Association, despite the times, has enjoyed a remarkable growth, having received subscriptions for 491 shares in their last series about six months ago. This represented an increase of 598% over the same period last year.

During the last five years, the depression years, it has matured \$906,600.00, the majority of which has been in actual cash distribution.

Having met their maturities, the requests for stock loans and withdrawals, and otherwise functioned as a normal Association, it has gained the admiration of the New Jersey Building and Loan League, the Federal Time Loan Bank, and the confidence of the communities of Palmyra and Riverton, as evidenced by its steady growth.

PAROCHIAL SCHOOL  
TO BENEFIT BY  
K. OF C. CARNIVAL

The carnival to be held on the K. of C. grounds, Broad and Elm, for the benefit of the Sacred Heart Parochial School on September 13 and 14 will be topped by a hot or cold supper for which Mrs. Anna Davis, chairman of the committee, is famous.

Several years previous Mrs. Davis has been in charge of this portion of the carnival which has always proved such a success. The supper will be 35c.

The other committees working on this carnival all reported progress at a meeting held in the K. of C. Hall Tuesday night of this week.

## Playground News

An exhibition of the handwork done on the playgrounds of the county was held last Wednesday in Moorestown.

The Riverton boys gave an archery exhibition using equipment they had made. They also had numerous articles on exhibition.

The feature of the affair was a pageant presented by the playgrounds as a group. Peggy McDermott, Warren Hubbs, George Trautman, George Sutters and Paul McDermott represented Riverton.

In the county Playground Baseball League, the larger boys have reached the final to be played with Riverside for the county championship, having defeated Delanco and Palmyra. The smaller boys reached the semi-finals, but were defeated by Riverside.

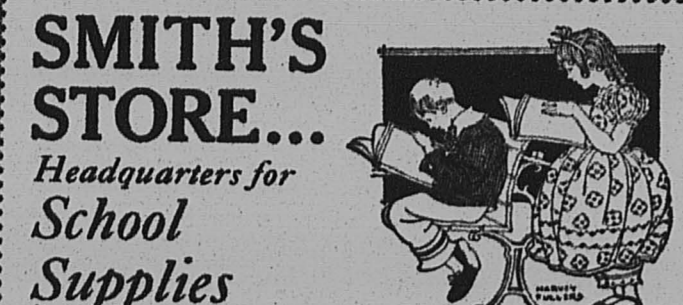

The girls also reached the semi-finals in softball, but were defeated by Riverside.

Ever since 1882 we have celebrated LABOR DAY, a day set apart by the Knights of Labor for all toilers to lay down their implements of livelihood and enjoy a day of recreation. But there comes a time in everyone's life when Nature says—"you can't work any longer, you must take it easy—not for a day but for the rest of your life."

Have you ever given thought to those days? Will you be in financial position to obey Nature's command? Saving in a Building and Loan Association is a solution.

Prepare for Nature's Labor Day  
by subscribing for shares  
in the 62nd SERIES of the

## OLD HOME DAY

The members of the P. O. of A. will attend the Old Home Day at Lambertville, N. J., Saturday, September 14. A bus will be provided and any member wishing reservations is asked to call Miss Florence Saar, Riverton 1538, or Mrs. Eula Roach, Riverton 507-R.

LAST CALL ON  
LOW COAL PRICES

Order Before Price Advances  
and Save Money on  
Winter's Supply

With only a few days more before general advance in coal prices, the thrifty householder will be wise to place his order NOW for the coming winter's coal supply, or at least lay in a few tons while the prices are low. The EVANS firm are the only one supplying the famous Premium Anthracite in this locality, a high Carbon coal that "goes farther and heats longer."

They also are agents for Genuine Koppers Coke and the finest grades of FUEL OIL.

Estimates free on repairs, alterations, new garages, etc. Can be easily financed.

Lumber, Building Materials,  
Paints, White Lead, Oils, Glass, etc.

Joseph T. Evans  
Riverton  
From the Office of the Mayor

LOCAL MERCHANTS  
INSPECT MINES

Representatives of Evans Firm  
See Operations 850 Feet  
Below Surface

Howard G. Evans, general manager and Joseph F. Yearly, sales manager of the Joseph T. Evans firm of Riverton, recently spent a few days visiting the famous Premium Anthracite mines in the heart of the anthracite regions. They described their inspection as one of the most interesting observations of modern mining methods. Donning overalls and miners' caps with electric lights attached, they were lowered down one of the shafts to a depth of 850 feet, where they witnessed actual mining conditions. While mining coal deep in the earth is a most hazardous undertaking, every precaution is taken to insure safety to the miners so far as is practical.

The particular mine visited was the famous Premium Anthracite, noted for the high quality coal mined, rich in carbon content, high in heat units, and the criterion by which other coals are measured. There are over 400 miles of airways leading to the various workings, all laid with narrow gauge railways to haul the fresh-mined coal to the shaft. Here elevators hoist the cars fully loaded with coal to the surface, where it is sent on its way to the breakers to be broken, prepared and graded to the various uses.

This company is one of the two companies using the most modern method of preparing coal for the consumer, and the only company on the Pennsylvania Railroad. In preparing Premium Anthracite, intricate and costly machinery is used, and a method employed whereby pure carbon coal is actually floated on water to the several chutes, while all foreign matter and impurities, such as slate, stone and bone, sink to the bottom; this insures only the highest quality coal to the consumer, with all impurities removed.

Joseph T. Evans invites any one that may be interested, to look over a display of miners' tools and equipment used in mining coal, together with actual photographs taken far beneath the surface, that are now being exhibited in their show window on Main street.

TWO ARRESTS FOR  
CARELESS DRIVING

Minor Scott (colored), 32, of the Haddonfield road, Moorestown, and Edward Graven, 21, 2719 Taylor avenue, Camden, were arrested by Officer John Robinson, of the Riverton police force, who charged them with careless driving. They were given a hearing before Recorder Bowers, who suspended sentence and imposed costs which were paid. On Monday morning at 3.50 Officer Robinson arrested John Kelly as a suspicious character. Investigation by Chief of Police Gootee revealed the fact that Kelly had a police record and he was committed to the county jail for ten days by Recorder Bowers for investigation.

## OBITUARIES

## FRANCIS J. BARR

Francis J. Barr, 35, of Palmyra, husband of Elizabeth (nee Grogan) died Tuesday morning after a serious illness.

Funeral services will be held Saturday from his late residence, Garfield avenue, at 8 o'clock in the morning and from Sacred Heart Church, Riverton, with Solemn High Mass at 9 o'clock, the Rev. John McGrath officiating. Interment will be made in Mt. Carmel Cemetery, Moorestown. Philip McChesney, of Moorestown, funeral director.

The deceased is survived by his widow, five children, two brothers, James and William, and two sisters, Anna and Mary.

Mr. Barr was the son of William and Margaret Barr, of Moorestown.

Sweets quickly satisfy the appetite. Thin people should eat them last, and fat people eat them first, if at all.

## FOR SHERIFF

ARTHUR PRAGER

of Riverside, who is candidate for nomination for Sheriff on the Republican ticket in the primary election.

## ANNOUNCEMENT

To the Republican Voters  
of Burlington County:

I wish to announce my candidacy for the Republican nomination for the office of Sheriff of Burlington County.

I am of the opinion that the office of Sheriff, being an administrative office, should be conducted by one who has had the benefit of some military and civic training. My past military experience in the World's War and my connection with Veterans' and Boys' Work qualifies me in that capacity.

Also, my business which requires me to deal direct with the public will be beneficial in the conduct of an administrative office.

Respectfully,

Arthur Prager.

Riverside, N. J.

—Ordered and paid for by the candidate.

COOPER WITHDRAWS  
DUE TO ILLNESS

Fish and Game Commissioner Out  
of Freeholder Race By  
Doctor's Orders

Fish and Game Commissioner Benjamin W. Cooper, of Moorestown, Monday morning announced his withdrawal from the race for the Republican nomination for Freeholder in the Primary election on September 17.

Mr. Cooper, in a statement, said: "I am withdrawing from the Freeholder race on the advice of my physician. I suffered a slight heart attack four weeks ago and the doctor ordered me to take two weeks' complete rest, which I did, and it was hoped that in that time I would completely regain my strength."

"My physician, after an examination Monday, advised me I have not recovered sufficiently to make an active campaign for the office, and I feel that in fairness to my supporters I should withdraw at this time."

"I want to thank the 400 signers of my petitions. Their support was most gratifying."

## MUNDORFF WITHDRAWS

Charles D. Mundorff, of Riverside, who had filed his petition for nomination for Sheriff on the Republican ticket and who drew second place on the ballot last Friday, this week announced his withdrawal in favor of John M. Chant, of Riverside.

## CARD PARTY

A card party will be given by the Shepherds of Bethlehem in Society Hall Tuesday evening, September 3. Admission will be 25 cents. There will be a door prize. The general public is invited.

## FLOWER SHOW

The sixth annual flower show sponsored by the Garden Department of the Palmyra Woman's Club will be held in Society Hall, Friday, September 20, from 8 p.m. to 10 p.m., and Saturday, September 21, from 10 a.m. to 9.30 p.m.

Opportunity's door is never locked. It always opens by pushing.

BEVERLY TO PLAY  
HERE LABOR DAY

Local Team Will Visit Beverly  
in Morning; Return Game  
Here in Afternoon

On Monday, Labor Day, Riverton will travel to Beverly for a morning game that will start at 10.30, and the two teams will come to Riverton for a return engagement at Memorial Park, game starting at 3.15.

The Riverton baseball club, going into the last month of the season, faces its keenest competition over this weekend.

Saturday will find the Campbell soup Co. team as the attraction at Memorial Park, Sunday, Riverton will travel to Narbeth and play the third and deciding game of the series. It will be remembered that Narbeth won the first game in Riverton by the score 6-5, and the homeaters turned the tables at Narbeth by a 3-0 score.

For the first time in many weeks Riverton will present its strongest lineup. They have been handicapped

through injuries, vacations and working conditions.	N. Curcio, cf	1	1	2	0
Starting September, there will be only one game a week and that will be Saturday afternoon at 3.15.	Ta. cci, lf	1	2	2	1
Last Saturday Riverton went down to defeat from another of the Camden County league teams. This time it was the Camden Italians by score 5-2 in a fast and well-played game.	Meschini, 1b	0	1	10	0
The visitors broke the tie in the eighth inning when they clustered three singles and a double together with an error to amass the winning margin of three runs.	Vacariano, 3b	0	0	2	3

FIRE POLICE PLAN  
ANNUAL BALL

James J. Goodwin, of Riverton, is Chairman of Committee on Arrangements

The Burlington County Fire Police Association will hold its second annual ball in the Riverside Fire House, Riverside, Friday evening, September 13.

Elwood Weidman and his Royal Commanders will furnish music for dancing. Prizes will be awarded. Music from 9.00 p.m. until 1.00 a.m. James Goodwin, of Riverton, heads the committee on arrangements. He is assisted by Walter Vile, of Springdale; Andrew Carlin, of Moorestown; Carl Hoover, of Riverside; John Hayfield, of Mount Holly; Clayton Major, of Beverly, and Daniel Bishop, of Florence.

## LABOR DAY

Once again, throughout the nation, a day is set aside to honor labor. To a sound bank such a day is of necessity an important one.

It is a day that causes us to reflect on the close relationship between labor and the banks that serve it. Without the credit of our banking system there could be no industrial organization as we know it today, no transportation comparable with that we enjoy today, no warehousing facilities which make possible modern methods of production and distribution.

We take pride in being able to say sincerely that we have done our part in helping to build the prestige and advantage which labor enjoys in this community.

## Words vs. Actions

In a speech at Butte, Montana, on September 19, 1932, Franklin D. Roosevelt said, "Remember well, that the attitude and method—the way we DO things, not just the way we SAY things is nearly always the measure of our sincerity."

In his radio address to the young Democrats of the United States Saturday night, President Roosevelt made a strong appeal to the high idealism of youth. That is the way he SAYS things.

Since his election to the presidency he has repudiated every campaign promise and every platform pledge except the repeal of the 18th amendment. That is the way he DOES things.

## THE "NEW DEAL"

BY JULIAN MASON

Vice President National Republican Builders

The President is to follow the adjournment of Congress with a vacation and then a "swing around the circle." The "Roosevelt myth" needs it. For its own sake, it should be revived by direct contact with the people.

Its thinness, it seems to me, has been evidenced of late, in a somewhat unnoticed way.

The President's political technique has descended to a pretended indifference.

"I didn't know," he said, "that there was an election in Rhode Island, 'till I saw it in papers."

"I do not believe," he is reported to have said about his western trip, "that the people are really interested in discussion of Constitutional questions."

These are pleas in avoidance. He has used them before. And used them well. His quick characterization of the American Liberty League as "an answer to Wall Street's prayer" is a case in point. It had an immediate success with public sentiment.

But these later pleas are not going so well. One reason may be that the President's popularity is slipping. Another that he is tired.

It is impossible not to have sympathy with him because of the wearying load that the office of President heaps upon him. It is impossible too, not to give tribute to the eternal galaxy with which he faces everything.

On the other hand, it is impossible not to feel irritation over the unending activity with which he keeps things "stirred up."

The late H. H. Kohlsaat, of the New York Times used to say that every President needed "a brutal friend," some one to say unpleasant truths.

Despite the brain-trust advisers that surround the throne, it is increasingly evident that the opinions of various "brutal friends" are penetrating the White House guards.

It is more than whispered in Washington that the conservative Democrats have filed solemn protest against a "horse-and-buggy" attack on the Constitution. Perhaps, that is the reason behind Mr. Roosevelt's "letting it be known" that he does not believe that the people are interested in constitutional questions.

The Scripps-Howard newspapers, too, have assumed the role of "brutal

friend." They are urging Mr. Roosevelt from a friendly standpoint, to "concentrate." They are asking him to give up his ceaseless new activities and to concentrate his whole effort upon the unemployment question through the immediate and efficient use of his \$4,800,000,000 fund.

Sympathetic critics like Walter Lippmann are advising the President to begin to administer what he's got instead of whirling on to new "emergency" remedies.

Others are urging him to go to Hyde Park, rest, recuperate and face the country on his Fall speaking-tour, with all the advantage that follows a moment of pause.

It would be good for Mr. Roosevelt and good for the country, should his buoyant temperament permit him to follow this advice.

Amidst all the things that have been said and written about the tragic death of Will Rogers, there has been no mention of the political effects of his passing from the national arena.

Will Rogers' death is a political blow to Mr. Roosevelt.

Mr. Rogers liked the President and sympathized with his policies. Mr. Rogers had a great audience. He held the national ear to a degree unapproached by anyone except Mr. Roosevelt himself.

It is the Roosevelt-Farley strategy to win the next election by defeating the East through a combination of the South and West.

Will Rogers was the voice of the South-West. He could and did express the viewpoint of his section with a persuasive humor that made him as effective an advocate as many great newsmen.

Mr. Roosevelt and Mr. Farley have lost a mighty champion.

## EPWORTH LEAGUE

The Epworth League of the Epworth M. E. Church will hold its next regular business meeting Thursday evening, September 5, at eight o'clock. Plans for the district convention will be made at that time. It is hoped that all members will attend and give the much needed cooperation.

Teacher: "Willie, give the definition of home."

Willie: "Home is where part of the family waits until the others are through with the car."—Annapolis Log.

## TIPS ON GROWING

BY ONE WHO GREW UP IN THE BUSINESS

The Chrysanthemum first became the object of admiration in the Far East about 2,300 years ago, according to Elmer D. Smith, writing in a recent issue of the "Bulletin of the Chrysanthemum Society of America." The Chinese philosopher Confucius who lived at that time spoke of the Chrysanthemum in its yellow glory. In Japan the Chrysanthemum is of more recent introduction, but it can be traced back to 1186 A.D. The advance that has been made in the Chrysanthemum from these early dates can only be appreciated by realizing the fact that the total amount of varieties on file now is 4,906. Nearly half of this number has been added to the list since 1904. Hardy Chrysanthemums had best be planted in the spring, say from mid-April to early May.

A "Garden of Personalities" was featured at the Westchester County Flower Show in New York in June. Amelia Earhart was represented by the Speedwell; Admiral Byrd, by the Iceplant; and W. Winchell, by Scallions.

An extremely interesting as well as handsome perennial is the Dic-tamnus, or Gas Plant. This is one of the most satisfactory and showy of perennials. Instances have been known where a clump has outlived three generations. The plant exudes a valuable oil which ignites when touched by a match, giving the name to the plant. There is both a pink and white form.

I have just seen a tubbed plant of *Amaracanthus howardii* in flower. This interesting new plant which was introduced by Mr. Fred Howard, of Los Angeles, California, has been widely publicized as being a rare example of a true bi-generic hybrid, a cross between the *Amaryllis* and the *Criminum*, two entirely different genera.

The lily-like flowers are borne on stems like an *Amaryllis* about three feet high above the tub, the flower head consisting of twelve and even more fine lilies, a soft pink in color and has an exquisite water lily grace.

In Southern California, of course, this plant grows outdoors, but here it must be grown in pots or tubs. It was awarded high honor by the Royal Horticultural Society of England when shown there.

Anyone who is fortunate enough to have a cool conservatory of small greenhouse and has been successful in flowering Frezias should secure this fall, bulbs of *Glory of the Sun* (*Leucocoryne ixoides odorata*).

The flowers are five-petalled bright lavender blue with white centre and yellow stamens, borne on stems about eighteen inches high in late winter and early spring. Excellent as cut flowers by themselves or in combination with other subjects, the color lending itself well to all sorts of arrangements. Blooms are sweet-scented, lasting from three to six weeks on the plant and stand for a long time in water. There is a resemblance to the *Chionodoxa* (*Glory of the Snow*). The plant received a Gold Medal at the International Flower Show in Holland this year. Place your order for bulbs with the seedsmen now.

West Philadelphia Intermediate Christian Endeavor will come to Camp Friday, August 30 for another of their annual conferences over the Labor Day weekend. George Smyrl, Jr., of Philadelphia, is chairman of the committee on arrangements and they are expecting a large delegation to this conference. Guy C. Hendry, of the Burlington County YMCA staff, will be in charge of the facilities at camp and the arrangements in serving the meals.

The adult and family encampment will take place at Ockanickon particularly during weekends on the following dates: September 3, 4, 5, 9, 10, 11, 12, 16, 17, 18, 19, 23, 24, 25, 26, 27. There may be some instances where individuals or families may be accommodated during the time of the conference groups. A special rate of \$1.50 per day has been made for this camp to cover food and shelter and use of equipment; boating, swimming, nature hikes, etc. Those interested should communicate with Secretary Guy C. Hendry, YMCA, Mount Holly.

The Sage of Three Rivers declares that woman can never claim equality with man until she wears shoes that don't hurt her feet.

Calvary Presbyterian Church Rev. C. T. Bates, B.D., Pastor The Rev. James H. Owens, D.D., of Red Bank, N. J., will preach at Calvary Presbyterian Church next Sunday morning, September 1, at 11 a.m. Church School, 9:45 a.m.

CHRISTIAN SCIENCE CHURCH "Christ Jesus" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, September 1.

The Golden Text is: "The law was given by Moses, but grace and truth came by Jesus Christ" (John 1:17).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And Jesus returned in the power of the Spirit

into Galilee; and there went out a fame of him through all the region round about" (Luke 4:14).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The word Christ is not properly a synonym for Jesus, though it is commonly so used. Jesus was a human name, which belonged to him in common with other Hebrew boys and men, for it is identical with the name Joshua, the renowned Hebrew leader. On the other hand, Christ is not a name so much as the divine title of Jesus. Christ expresses God's spiritual eternal nature" (p. 333).

## THE PEOPLE'S COLUMN

ANOTHER VIEW

Riverton, N. J.

Editor The New Era:

Many persons are complaining about the first direct tax they have paid—the sales tax.

In regard to taxes in general, there is one situation, the heavy truck, that is terribly out of line, but this can easily be corrected. The heavy truck pays about \$100 a year for plates.

Another transportation service, the railroads, paid out approximately 8% of gross earnings in taxes in 1934 and also provided and maintained their own right of way.

A heavy truck should do a gross business of at least \$7,500 a year to live. 8% of this gross business is \$600, not \$100. The heavy truck pays a tax on gasoline but this amount is small, compared to the interest on the road costs, depreciation, maintenance and policing of highways they use and destroy.

Perhaps if this heavy truck matter is properly adjusted, we may have some of the tax burden removed from real estate, and who knows? The results may be so astounding that the sales tax on food could be greatly reduced.

It is to be expected that the gasoline manufacturer, truck manufacturer and heavy truck owner will oppose any change.

Very truly yours,

Edward W. G. Borer.

EWGB/HH  
August 22nd, 1935.

## YMCA BRIEFS

Camp Ockanickon

The girls encampment at Ockanickon came to a close Wednesday, August 28. There were over a hundred girls and their leaders at camp during the final week of the girls' season.

While throughout the period there has not been as heavy an enrollment as last year, reports are that there has been a fine spirit, plenty of activity and that the season was a splendid success.

West Philadelphia Intermediate Christian Endeavor will come to Camp Friday, August 30 for another of their annual conferences over the Labor Day weekend. George Smyrl, Jr., of Philadelphia, is chairman of the committee on arrangements and they are expecting a large delegation to this conference. Guy C. Hendry, of the Burlington County YMCA staff, will be in charge of the facilities at camp and the arrangements in serving the meals.

The adult and family encampment will take place at Ockanickon particularly during weekends on the following dates: September 3, 4, 5, 9, 10, 11, 12, 16, 17, 18, 19, 23, 24, 25, 26, 27. There may be some instances where individuals or families may be accommodated during the time of the conference groups. A special rate of \$1.50 per day has been made for this camp to cover food and shelter and use of equipment; boating, swimming, nature hikes, etc. Those interested should communicate with Secretary Guy C. Hendry, YMCA, Mount Holly.

## BARTO WINS TWO TENNIS TOURNAYS

Defeats Warren in Singles,  
Wins Doubles Medal;  
Girls Beaten

Although Howard Barto did not play as well as usual, he fully justified his ranking at the No. 1 position when he defeated John Warren in the finals of the Memorial Park Junior Cup Tennis Championship 6-4, 6-1, 4-6, 6-1. Barto also paired with Edwin Moore to gain the doubles medal with a 9-11, 7-5, 6-2, 6-4 victory over Richard Coe and Robert Hullings. Former winners in these divisions were: Singles, Robert Borer, who won permanent possession of the first cup by victories in 1931, 1932 and 1933, and Lewis Robbins who won last year. Borer and Edward Dunlap won the doubles in 1931, Borer and Reynolds in 1932 and 1933, and Borer and Robbins in 1934.

Barto Starts Fast

Barto began the match by rushing to a 3-1 lead; but here he faltered and Warren hammered his surprising drives into the court to go ahead 4-3. Barto then steadied and ran out the set 6-4. While most of the games in the second set went to duce, Barto found his touch and brought off the crucial counters to win 6-1.

The third set was bewildering, as each seemed determined to lose his serve with the least possible number of points. Finally, when the score was 4-4, Warren struck a streak of sheer brilliancy and blasted through the next two games with the loss of but two points.

Warren Plays Gaily

The final set started calmly enough, for each player dropped his service and then won one; however, Barto broke through Warren's delivery once and held his own twice for a 5-2 advantage. Warren gamely held on and brought the count to 5-4 after evading one match point. Barto was not to be denied, however, and closed the match with a love game, the only one of the afternoon.

The two opponents played radically different types of games. Warren drove throughout the play, while Barto was content to gain points by depth and precision in placing rather than by pace. Both placed their services well, but neither delivery was hard enough to give much trouble in returning.

The point score follows:

First Set  
Barto 2644223444—35-6  
Warren 4412445221—29-4

Second Set  
Barto 743744534—34-6  
Warren 5255223—24-1

Third Set  
Barto 4242153511—28-4  
Warren 424435344—35-6

Fourth Set  
Barto 1443474234—36-6  
Warren 4115252450—29-4

Barto-Moore Doubles Champs

Both sides in the Junior Doubles final were content to keep the ball in play and wait for errors, and this took away much of the interest. The initial set was probably the most exciting because of the numerous times the lead changed hands. Coe and Hullings hastily piled up a 3-0 lead, only to have their opponents even the count. From this point to 9-8 the match was colorless, for nary a game went so far as duce. At 9-8 Barto and Moore led and held set point only to drop the long game. Coe and Hullings then pressed their advantage and won the set 11-9, the last game being won at love.

Barto and Moore began the second set as if they were determined to end the match shortly. They went ahead 4-1 and then 5-2. Coe and Hullings then limited the opponents to a single point per game as they drew even. But Barto and Moore were not to be denied and evened the set scores by winning 7-5.

The third set was a romp for the eventual champs by a 6-2 count. The final chapter found the score 1-1, 2-2, 3-3, and 4-4 as each player held his service. Then the pressure was too much for Coe and Hullings, for

they talked but a lone point as the match closed 6-4.

The point score follows:

First Set  
Barto and Moore 244445524  
Coe and Hullings 22442041620—61-9  
44224414444—60—11

Second Set  
Barto and Moore 44244211344—37-7  
Coe and Hullings 214114144502—29-5

Third Set  
Barto and Moore 44352444—30-6  
Coe and Hullings 22534220—20-2  
Barto-Moore 4162414344—35-6  
Coe-Hullings 2444240501—26-4

Girls' Team Loses 3-2

The Riverton Memorial Park Girls' Tennis Team was handed a very unconvincing setback by the Camp Ockanickon Counsellors at the Camp last Sunday afternoon. Considering the differences in ages, the Riverton girls all being under 16 years, as opposed to a team 20 to 29, the Park team showed surprisingly well.

Doris Steedle put Riverton into the winning column by a 6-2, 7-5 triumph over Madeline Palmer, former captain and star of the Wellesley College tennis team. Doris' consistent returning of the ball was too much for Madeline, who wilted after leading 5-2 in the second set. Doris was calm during the match, which was exceptional for a first match in strange surroundings. The gallery was well behaved most of the time, and this helped all the girls considerably.

Doris Mullen Plucky

Doris Mullen could not find the range of the court as she lost 6-4, 6-3 to Margery Roloff in the No. 2 singles match. Time after time Doris overdrove the baseline or side-lines by inches. Despite her errors Doris played a plucky game, for she was the first person to play before the campers.

Phoebe Spires was too steady for Ellen Smith and won 7-5, 6-2. Ellen was playing probably the best tennis of her short career before she faltered when leading 5-2 in the initial set.

Betty Baker Plays Well

Betty Baker also played superb tennis in the closest, and only three-set match of the afternoon. She was beaten 7-5, 4-6, 7-5 by Lydia McIlvaine. Betty has the soundest foundation for development of any of the girls, and experience should improve her immeasurably.

The two Dorises, Steedle and Mullen, paired for the only doubles contest. They quickly found Nice to be the weak player on their opponent's team, and placing the ball to her, ran away with the match 6-4, 6-1. Palmer, whom Steedle defeated earlier in the day, was the other Ockanickon player.

A resume of the tournament matches during the past week follows:

Junior Singles  
Barto (d) Geiss, 6-1, 6-1.  
Coe (d) Freeman, default.  
Warren (d) Yost, 6-2, 6-1.  
Weiford (d) Moore, 6-1, 6-2.

Semifinal Round  
Barto (d) Coe, 6-4, 7-5.  
Warren (d) Weiford, 6-3, 6-4.

Final Round  
Barto (d) Warren, 6-4, 6-1, 4-6, 6-4.

Junior Doubles  
Semifinal Round  
Barto-Moore (d) Dunlap-Yost, 5-7, 6-3, 6-4.  
Coe-Hullings (d) Vile-Weiford, 6-2, 6-4.

Final Round  
Barto-Moore (d) Coe-Hullings, 9-11, 7-5, 6-2, 6-4.

## Tremendous

**Trifles**  
By ELMO SCOTT WATSON  
POCKETFUL OF DESTINY

IT WAS the night of December 23, 1776. In the home of the Tory, Mr. Hunt, in Trenton, N. J., Col. Johann Gottlieb Hall and his Hessians officers were celebrating Christmas. A Tory named Wall knocking on the door. On the Pennsylvania shore he had seen George Washington's "rebel army" launching boats in the ice-choked river. Denied admittance by Hall's negro slave, the Tory hastily scribbled a note of warning. The bleary-eyed colonel glanced at the scrap of paper and saw it was written in English. He would ask Mr. Hunt to read it to him later. So he stuffed it into his waistcoat pocket. When he stumbled away at dawn, the note was still unread. Three hours later Washington and his Continentals stormed into Trenton. The sleepy liquor-befuddled Hall tried to rally his Hessians to stem the onslaught. But it was in vain. He went down with two bullets in his body. They carried him into a church to die. Out of his pocket fell a scrap of paper. As he listened to what was written on it, he groaned, "If I had read that at Mr. Hunt's, I'd not be here. . . ." He had held the destiny of a nation in his pocket and didn't know it. For Washington's victory at Trenton revived waning Patriot hope and helped them to carry on to final success. — Western Newspaper Union.

Mrs. Gray: "You're looking very happy this morning. Have you had good news?"  
Mrs. Jay: "Wonderful. My husband has broken down and we're going to Palm Beach for the winter." — Pittsburgh Public Service.

## Memorial Park Playground Baseball Dope

By "DIP" Schopp

Brooklyn is league champion for 1935. They get their name engraved on the big trophy cup. They all get season passes to the Broadway movies. They are quite a team. Engaged in a scoreless pitching duel for six and a half innings with the Bankers, Broadway tonight, August 27, 1935, pushed over three runs in the bottom of the seventh and won the game, three to one, taking with them the league championship. Broadway won the first half, too; so there will be no "world series."

The winning rally took place like this. Shook (of Broadway, of course) opened the inning with a scorching single down the third base line. He was sacrificed to second by Stiltz, and when Foulke's bunt went for a safety, Shook went to third. Foulke then went down, trying to draw a throw from Bank catcher Bonatelli; but instead, Bonatelli lined to third catching Shook off the bag; Burke, at third, fumbled the ball, and Shook stayed on the sack, thinking better of making a spurt for home on the muffed up ball. A pop fly by Sloan fell back of second, safe, with four Bank fielders looking at it, and one run came across. Cahill's single scored another run, and yet a third kicked the pentagon after Daly's fly to "roving" field—this time left center. Bill Baker's pop to Burke ended the clinching inning.

In the beginning of the eighth the Bank did their best to put over some runs, but could only produce one. Pitcher Hubbs singled to start things off. After Clayt Weikman had popped to Sloan at short, Hubbs went to second on an o-e-r-the-back-stop heave while Foulke was pitching to Griffenberg. Griff walked for Foulke's fifth gratuitous passage of the game. An error by Cahill allowed King a life. Foulke pitched one called ball to Jack Easley, and then Manager Bill Anderson of Broadway dashed onto the field to whisper something in Chick's ear. We fully expected to see Anderson take over the pitching duties and try to squelch the Bank rally with his fast "grunt-ball." Foulke, however, was allowed to remain; he walked Easley, forcing in Hubbay with the Trust Co.'s only tally. Enskat fanned after swatting an almost-good hit down the foul line, which Ump Rotenbury decreed was foul by inches. Wolfe popped to third to end the inning, and three men died on the bases. Darkness was creeping up pretty fast by this time, but the game went on. In the last of the eighth, the Broadway team couldn't see Hubbs' fast ball, but managed to get a single hit from the Iron Man's deliveries. Opening the first of the ninth, Rocky Bonatelli singled sharply to left and was forced by Burke. Shields raised a high one to center garden, leaving the fate of the Bankers up to Hubbs, who could do no more in the fading light than bounce to Baker at third. Baker quickly lined the grapefruit over to Daly at first and the game was over, and the Broadway boys were champions.

Earlier in the game it looked very good for the Bankers. On two errors by Movie shortstop Sloan they got two men on with but one gone in the first, but an outfield fly and a pop to the catcher were all they could do toward advancing these men. Again in the third the Bank had a chance. With one gone, Clayt Weikman doubled and Griffenberg singled, but their teammates failed them, getting only an infield fly and an infield out. Two walks from Chick Foulke and a wild pitch from the same put three Bankers on in the sixth but again the Financiers' bat pile was silent. All in all, the Trust Co., made four hits and had six walks handed to them by Chick.

Brooklyn, too, had scoring chances earlier in the game. Sloan singled and was sacrificed to second in the very first frame, but he died there. In the second, two outfield errors and a hit by Stiltz filled the bases, but an infield fly ended the inning. Three hits by Broadway filled the bases again in the fourth stanza but nothing could be done.

## YOUNG REPUBLICAN DINNER DANCE

A dinner-dance will be held Saturday evening, September 7, under the auspices of the Burlington County Unit of the Young Republicans of New Jersey, at the Community House, Moorestown.

An effort is being made to secure a very prominent and capable after dinner speaker and all Republican candidates for nomination at the primary election on September 17 are expected to be present. Each candidate will be introduced, but none of them will address the gathering. There will be only one speaker on that occasion. Andy Nelson and His Royal Ambassadors will furnish music for dancing throughout the evening. Tickets may be obtained from James Goodwin, Riverton; Palmer L. Adams, George Erickson and Elizabeth Brelsford, Palmyra.

## BIRTHS

Mr. and Mrs. Emil Scull, of Delair, are receiving congratulations on the birth of a daughter, Mary Ann, Thursday, August 22, at the Mary Haas Robbins Maternity Home, 408 Main street, Riverton.

Mr. and Mrs. Louis Weber, of East Riverton, are receiving congratulations on the birth of a daughter, Elizabeth Agnes, Wednesday, August 28, at the Mary Haas Robbins Maternity Home, 408 Main street, Riverton.

about it. In the sixth, too, they had men on—two to be exact—but they also died on their hassocks. In the seventh, as recounted before, four hits, a sacrifice, and a stolen base scored the deciding three runs. All in all, this was one of the best games seen on the diamonds this year.

No Banker made more than one hit, but on the winning team Josh Bartley did the most on the attack by smashing out three one-baggers. Buckholz and Sloan had two hits apiece.

Bankers vs. Tak-Aboust  
Now the real nemesis of the Bankers in the race for the championship was not the Broadway team nor any particular member of it, although the defeat came from the hands of these boys. The Bankers have Dick Woodward to blame for their loss of the second half championship. Facing the Bank in a postponed, rain-out, game on Thursday night, August 22, Dick pitched the best game of his pitching career and defeated the Bankers, no less, by a score of seven to five.

In former years Dick has pitched some good games, although he was more noted for such things as his heaves over the backstop, the towel in his belt, and his split shirt. This year, however, he has discarded such whimsies and tried to win some games. He has not been as successful as he might have been had he had good support, but in this contest with the high-flying Bankers he did some noble work, backed up, of course, by some airtight fielding on the part of his Tak-Aboust teammates.

The Bank has no alibi for losing to Tak-Aboust; they had their full, regular team on the field. It was just that the Boosters did themselves proud, upsetting the conceded champs at the last barrier.

All my talk about the world series last week, then, was a little premature. At that time, I did not know of this Bank-Tak-Aboust game, postponed till last Thursday night from a week previous when rain prevented play. Broadway on Thursday night last defeated Evans in a one-sided affair, twenty-two to four, which placed them in a tie with the Bankers when the Financiers' lost that heartbreaker to Dick and his Tak-Aboust pals.

Scores by innings of the Boost-Bank, and Broadway-Evans games are not available, the scorekeeper having stayed at home, being frightened off by the rain that fell near game time. Anyway, here is the score by innings of the deciding game, Broadway vs. Bankers.  
Bankers 000 000 010-1  
Broadway 000 000 302-3  
Hubbs and Bonatelli  
Foulke and Buckholz.

## Soft Ball Suggestions

### Two In One

It is an obvious fact that spectators would rather watch a close game than a one-sided one. Games, this season in which teams at the bottom of the standing were involved were not as well attended as, say, a game between Evans and Tak-Aboost, teams of nearly equal strength that aren't too shoddy in their fielding.

The weak teams we'll always have with us; these weak teams will, unless some system is devised to alleviate the situation, always have to play the strong teams without benefit of handicap and always be defeated, in dull games, by lopsided scores. Such uneven games not only harm the morale of the players, but also hurt the game from the spectators' standpoint, causing their interest to flag; it is extremely boring to sit thru nine innings of a game in which one team has and apparently will keep a twelve run lead.

The system I now propose, briefly, is this. When one team (call it team A) has a lead of, say, six runs or more over another team (let it be team B), then team B may have two of their innings—six outs—in succession, the bases being cleared after each trio of outs. Team A has but one inning in their turn, unless, of course, team B has pulled within the six run margin, in which event team A may even the number of innings played, taking not more than two at a time. A box score of a game played on this system might look like this:

Team A 0 7 4 (0 2)(0 0)(1 0)—14  
Team B 0 (0 0)(0 6)(0 0) 3 0—9

The only real objection to this system, as I see it, would be the complexity of the rules governing it, few players would understand it. But few players really understand baseball anyhow if the frequency and vehemence with which they contest umpire decisions proves anything.

Somebody might say that it is unorthodox, that it isn't baseball. Well, the only thing left, now, from Adner Doubleday's original game is the 90 foot distance between bases, and in our softball, even this is changed.

Another objection might be that to pitch two innings in succession would be tough on the pitcher. Yes, it might be; but then it would wear him down and give the underdog a chance to lessen the gap in the score, thus adding to the interest of the game. On the other hand, if the pitcher in question were setting his esteemed opponents down 1-2-3, as I have seen done quite frequently, then the additional three would not make much difference.

Yet another objection, tho a selfish one, might be that it would not let the batters have their rightful chances at the plate. This objection, tho, would be raised only by those who would rather bat than eat, who haven't the good of the game at heart.

To summarize, the advantages of such a "two-in-one" system would be (1) to increase interest in the game, (2) to save time in playing the game, (3) to give the underdog a better chance, (4) to raise the morale of the players on the weaker teams, and, consequently, (5) to keep down the hat-sizes of the players on the stronger teams.

### An "Old Man's" Game

When this playground ball was first suggested around Riverton, four years ago, it was with the idea that it would let the "old men" who were past the hard-ball age get into a baseball game and be a part of a team. It was not primarily for the young 'uns. This is a fact.

While, personally, I am inclined to side with those who would rather watch the cleaner play of the young men in preference to the misplays of the older, lately there has been much talk about the original aims of the game. At least half a dozen people have this year let it be known to me that they would like to play the game but cannot compete with the "pros" who now infest most of the teams in the league.

This brings up the question which has each year caused discussion in the pre-season league meetings: Is the game for the benefit of the spec-

tators or the players? If for the spectators, then let the younger and more expert players play; if for the players, then let the older men, who do not have the opportunity or stamina to play hard-ball, make up the teams and get some fun.

The old Bankers of 1932, who were not the "pros" of the past two years, won only one game in eleven, but undoubtedly, for all their "old men" had as much or more fun from the game as any teams since. In fact they had so much fun that, contrary to my axiom about people preferring to watch a close, tight game, the lookers-on got enjoyment out of watching the Bankers have fun.

To answer the question of "spectators or players" to the satisfaction of both sides, why not have two leagues, one for the "young men" and the other for the "old men"? In the latter league, make the minimum age limit 30, and for the former make the maximum say 35, all with not too much strict enforcement of these limits unless for the good of the game. For instance Iron Man Hubbs can and has beat all of the teams in the league from time to time no matter of whom they were composed. He would be too good an "old man."

### What Other Editors Say

#### "ON THEIR OWN LAND"

A whiff of the spirit of Mecklenburg comes like an icy breath upon New Dealism from among some Hunterdon County (N.J.) potato farmers. They rumble as the Virginia Burgesses rumbled long before the stark determinations of the American Revolution arrived.

Let us not argue whether the "Potato Control Law" is constitutional. Let us hear the West Amwell farmers:

We, the undersigned men and women, American citizens living on our own land in West Amwell Township, Hunterdon County, New Jersey, conscious of our American heritage and determined to preserve it, hereby solemnly resolve:

First. That we protest against and declare that we will not be bound by the "Potato Control Law," an unconstitutional measure recently enacted by the United States Congress. We shall produce on our own land such potatoes as we may wish to produce and will dispose of them in such manner as we may deem proper.

Second. That, as an earlier generation of Americans, not only in Boston but at Greenwich, in Salem County, New Jersey, resisted an arbitrary and unjust law enacted for their government by the British Parliament, so will we resist the "Potato Control Law."

A final paragraph provides for calling on other American farmers to "indorse and adopt this stand for the preservation of their rights in their own land."

This matter of crop control has been hitherto, largely an academic question for many farmers in the East. It did not, particularly affect them. Many never came into contact with it. But potatoes are different. They grow potatoes—"on their own land."—Evening Ledger.

#### FIRE IN PALMYRA

A fire which started in the rear of the house did little damage to the home of Joseph Graham, of Fourth street and Horace avenue, early Sunday morning.

Only the weather boards had been singed when Walter Stroupe, a neighbor, discovered the flames and sounded the alarm. The members of Independence Fire Company responded in their usual prompt manner and quickly extinguished the flames.

"I'm worried—it's raining and my wife is downtown."  
"Oh, she'll probably step inside some store."  
"That's just it."—Clipped.

## SAVOLDI - DUSEK OPEN MAT SEASON

First Indoor Bout in Camden  
Armory Scheduled for  
September 5th

The Twin City Sporting Club will stage their first indoor wrestling show of the fall season at the 114th Infantry armory on Thursday night, September 5, it was announced today by Frank and Ray Hanly, promoters of the Haddon avenue battleground.

The Hanly boys stated that they had signed "Jumpin" Joe Savoldi, former Notre Dame football star, and Emil Dusek, one of the four brothers who are kickbacks to the days of Genghis Kahn, to meet in the feature bout which will be over the 90 minute route, two out of three falls to win.

Joe Dusek, the youngest member of the four brawlers who improved by leaps and bounds last year, is pitted against Cliff Olsen, ex-Minnesota soccer luminary, who is a clean-cut clever grappler, in the 45-minute semi-final, one fall to win.

The two thirty-minute time limit bouts bring together Mike Mazurki, erstwhile Manhattan College basketball ace, and Dick Rains, colorful Texan, and "Irish" Jack Donovan of Boston to grips with Ed Meske of Ohio.

### CLASS MEETING

The regular class meeting and social of the Friendship Circle Class of the Methodist Episcopal Church will be held Monday evening, September 9, in the Intermediate Sunday School room of the church. The hostesses will be Mrs. Louis Pike, Mrs. Arthur Palmer, Mrs. W. Jones, Miss Edith Mills.

## CAMERA WIZARD BROUGHT TO U. S. FOR "INFERNO"

When Rudolf Mate, European Cinematographer signed his name to the dotted line of a Fox Film contract last year, he was offered the job of photographing "Dante's Inferno," now playing at the Walt Whitman Theatre and which presented one of the most difficult camera problems ever encountered. He accepted the offer without hesitation.

Mate knew his "Inferno" from first hand experience, for he had been through the wars both cinema and real. His personal experiences were so vivid, in fact, that his very first studio conference revealed his very definite ideas about the meaning of Hell.

At the close of the war Mate became an assistant cameraman with Alexander Korda, and next became a fullfledged cameraman with Verkart Hintner.

### AT BROADWAY THEATRE FRIDAY and SATURDAY

Gingham dresses and bonnets accentuate Janet Gaynor's piquant charms in Fox Film's "The Farmer Takes a Wife," the glamorous, action-filled romance of American life in the 1850's.

## EX-SERVICE MEN MEET FRIDAY EVE

The Burlington County Ex-Service Men's Association, being formed for the purpose of entering actively into the political field in Burlington County, will hold its next meeting in the post rooms of the Antrim-Mentz Post No. 66, American Legion, Main and Pine streets, Maple Shade, Friday evening, August 30th, at 8.00 o'clock, and all ex-service men in the county are urged to attend this meeting, as it is only by the cooperation of everyone that we can attain the goal for which we aim.

This organization, which is growing rapidly, is non-partisan and non-sectarian, and will make every effort to secure the election to political offices throughout the county of men and women, only, who are fitted to hold the office sought, in order to secure unselfish and efficient service in that office, with a resultant decrease in county government costs, and, therefore, solicits the support of not only the ex-service man, but every citizen in our community who is interested in honest and efficient administration of our governing offices. Publicity.

Actor: "Yes, my friends, usually my audiences are glued to their seats."

Friend: "What a quaint way of keeping them there!" — Legion Weekly.
