FACULTY, STUDENTS AND PARENTS

who gathered at the Southwest corner of the new school building at two o'clock, Tuesday afternoon when short exercises were held and the cornerstone placed in position. Miss Caroline M. Staman, principal, addressed the students briefly explaining to them how the cornerstone symbolized the foundation to a good education, and then read to them a list of contents to be placed within the stone. Mrs. Marion R. Elwell, president of the Board of Education, placed the papers within the stone and Miss Staman applied the mortar sealing the lid. Following these exercises "America" was sung by the group, bringing the exercises to a conclusion.

MORE MONEY FOR DISPOSAL PLANT

Director Adams' "Pet Project" at Almshouse to Cost Over \$42,000

A report made at the meeting of the Board of Freeholders on Friday by Palmer L. Adams, director of the Board and also director of buildings and grounds, and Albert C. Jones, director of highways and engineering, concerning the unfinished condition of the sewage disposal plant in course of construction for more than a year on the county grounds at New Lisbon brought out a storm of protest by Freeholder William H. Heisler when it was suggested that an emergency note be floated for \$5,600 to complete the work, which has already cost the county about \$9,500.

Incidentally, the work has been done thus far with ERA help, and Mr. Adams contended that this was one reason why the plant had not been completed and why it was costing such an unreasonable price.

It was proposed in the report to turn the project over to the Works Progress Administration, who will spend \$9,078 on the sewer provided the county appropriates \$5,600 for additional materials.

"Pet Project" Says Heisler

Mr. Heisler in objecting to any further appropriation of money suggested that the plant was a pet project of Director Adams, while the latter retaliated by saying that he opposed it at the start and that the expense had been caused because the county engineering department of a year ago had miscalculated the cost.

Mr. Heisler claimed the work had been very much mishandled throughout, to which Mr. Adams agreed, but sought to place the blame other than on himself and Mr. Jones.

Mr. Jones said there was no use of argument on the subject as the money must be appropriated or monies previously spent would be lost to the county and the sewer remain unfinished, and in this Mr. Stout agreed, although he said he would support the recommendation only on the grounds that unless the \$5,600 was appropriated the \$9,500 already spent by the county and the more than \$20,000 appropriated by the Public Works department of the ERA would be wasted.

Mr. Heisler finally assumed the same position and the resolution appropriating the money was passed by the necessary three-fourth vote, Freeholder Frank Cook being absent.

Plant Cost \$42,000

It was estimated that the sewage disposal plant has already cost the (continued on page 6)

PORCH CLUB ART CLASSES TO START NEXT TUESDAY

There is, today, a desire for beauty; a wish to fill one's time with new interests, and a hope to find an outlet for the creative spirit. The cultivation and fostering of this creative spirit is the object of the art classes which will be carried on for the second year this winter, every Tuesday evening (except the first Tuesday of each month), from 8 to 10 at the Porch Club. The first class meets next Tuesday, October eighth.

This winter, if there is sufficient interest, a class in design will be started, in connection with the class in portraiture, which was carried on so successfully last year.

Claude Anderson and Eric Warnick will again act as guest instructors with Paul Musso, vice director, and Mrs. Murray C. Boyer director. It is hoped several visiting artists will act as instructors during the winter.

As has been stated before, these classes are not connected in any way with the nation-wide "Leisure-Hour" activities. This project is a private enterprise, sponsored by the Porch Club. All who are interested—old and young—are welcome and it is hoped both classes will be filled.

TO INDUCT OMEGA CHAPTER OCT. 7

Young Men's Organization to Be Officially Affiliated With Phalanx Fraternity

Members of the Comrade Phalanx Fraternity of Marlton will go to Palmyra, Monday October 7, for the purpose of inducting Omega Chapter, a young men's group affiliated with the Palmyra-Riverton YMCA, into the Phalanx organization. The induction ceremony will be conducted by Primus Harry McElhone, with the help of his fellow members and Mentor Benjamin J. Roberts. Associate Secretary Clifford W. Ergood will aid in the ceremony.

Phalanx is a program grouping of the Young Men's Christian Association, particularly for fellows between school and marriage. New Jersey has its own Tribunal, with Secretary E. W. Barnes for the Mentor. The purpose of the Phalanx Fraternity is to unite young men in cooperative effort in the encouragement of high standards of Christian manhood; an unselfish service to the community; in an unquestionable loyalty to America and her institutions; and in the ultimate expansion of Christ's ideals of peace, liberty and justice in the world.

LEGION PLANS HALLOWE'EN CELEBRATION

Plans for a mammoth Hallowe'en Parade in Palmyra under the auspices of Frederick M. Rodgers Post No. 156, American Legion have been started. The date is to be announced in next week's paper.

The route will be from the Riverton fire house, where it will form, down Broad street to Fortnum's service station, Palmyra, where it will counter march to the municipal grove at which place the prizes will be awarded. Prizes will be donated by the local merchants in the twin towns. To enter the parade register as soon as possible as in previous years.

Refreshments of cider, cookies and apples will be served to the contestants.

Among the musical units in line will be Mingin's Band of a Palmyra Palmyra High School Band, Palmyra Drum and Bugle Corps and others.

The committee desires to have a large representation of adults in the parade and suggests to the "old timers" that they look through the storage trunks in the attic and see if that old costume isn't still in condition to wear just once more.

PALMYRA B. & L. BREAKS RECORD

300 Shares of New Stock Subscribed for at September Meeting When 62nd Series Open

It will be remembered that at the March meeting of the Palmyra Building & Loan Association they made a new high for the past five years in the number of shares sold which numbered around 212.

During the months that the 61st series was open they had a total subscription of 491 shares, a 598% increase over the same period last year.

This amazing increase was quickly recognized by Building & Loan authorities, and the Palmyra Building & Loan Association received outstanding recognition throughout the state, with complimentary editorial comment in the New Jersey Building Loan Guide and Bulletin and commendation from the State Department of Banking and Insurance.

Not only has there been favorable comment on the number of shares sold, which in itself is indicative of the confidence that has been placed in the Association, but through its careful and conservative management the association has been able to meet maturities. Nearly a million dollars has been matured during the past five years, \$147,000.00 of which was matured in April.

This has placed the Palmyra Building & Loan Association in the position as one of the greatest factors in Palmyra and Riverton in rendering timely financial aid during the stress of the past five years.

In addition to this vast sum of cash distribution, \$96,485.00 of which was made in April last, the Association has spent considerable in Palmyra and Riverton through the local tradesmen whose services have been used to keep the Association's real estate in good repair.

It is quite apparent, when the facts are disclosed, that the benefits derived from the Palmyra Building & Loan Association are entirely mutual. This is the reason for the adoption of their slogan "Let's All Join the Palmyra Building & Loan Association."

AUGUST REPORT OF COUNTY E.R.A.

Relief Cases Diminished in August But Are Again on Increase as Fall Approaches

The monthly report released for the month of August shows 2920 families on relief in Burlington county compared to 3038 the previous month. Persons on relief for August number 11,119 compared to 11,714 for July.

Cash allotments for August totaled \$36,101.18, compared to \$39,147.83, a decrease of \$3,046.65. Food \$14,918.25, previous month \$15,085.13, a decrease of \$166.88. Milk \$6,733.29, previous month \$7,771.36, a decrease of \$1,038.07.

No burial expenses were paid in August as compared to \$270.00 the previous month.

The closing down of the farm work within the past few weeks has had a tendency to throw many persons back on relief, who had been off the various township and city list for the past few months.

ON DISPLAY AT ALL BUICK SHOWROOMS

ONE LOOK AT THESE PHENOMENAL FOUR AND YOU'LL SAY

"BUICK'S THE BUY!"

TWO years ago Buick deliberately leveled its sights on 1936.

It coolly set its aim on bringing to market for that year a line of motor cars that would startle the world.

It purposed to do that, not by freak or superficial design, not by skimping quality to make a price, but by sheer merit as expressed in automobile beauty, value, ability.

It submits to you now the eminently satisfying results of that fruitful two years of concentrated endeavor.

Here are four separate series of sensational new Buick cars — cars called phenomenal by experts in the trade who previewed them.

Each is a feast to the eye schooled in mature modern styling, as you can see. Each has under the smooth flowing planes and surfaces of its smart exterior, the solid, tough, durable, beautifully engineered chassis that underwrites Buick dependability.

And each offers you from the stepped-up power of its big thrifty valve-in-head eight-cylinder engine such safe,

thrilling performance as you have never known.

These cars are big cars every one — built to almost lavish dimensions of body room and head clearance — yet they handle with the fingertip lightness of small cars.

They are literally breath-taking in power and speed and take-off, yet under their new tiptoe hydraulics and easy-steering knee-action they are almost as manageable as a telephone.

They are thewed and sinewed by that quality which springs from Buick's third of a century of manufacturing experience, advantaged by \$14,500,000 worth of new tools, dies and factory re-equipment devised for these cars alone.

These things are so true and so obvious that everywhere you will soon hear the motor-wise saying, "BUICK'S THE BUY!"

A Nocturne

Coats of tan are fading, sun-scorched skin is peeling, seashore romance forgotten. Vacation is over; We're back at work again. The smell of burning leaves, the glow of early sunset and cool nights. The warm winter wrap, out of campfire. Fall!

How necessary the change of season! Autumn's arrival, putting to rout the languid spell of Summer! Smouldering fires of ambition reduced almost to ashes, aflame again.

Winter! Warm hearth, the glow of fireside embers. The crackling Yule log. Peace and contentment. A day's work well done; the restful sleep of night well-earned. Blankets of snow; sharp winds that bite, but urge one on to greater things. There's work to be done.

Spring! Nature, up from a bed of white, dons gorgeous raiment. The touch of green and early blossoms. Fluttering butterflies; peeping frogs. Skunk cabbage and pussywillows!

June. "Then, if ever, come perfect days." Summer's return—and another vacation.

Aw, come on, let's get to work.

TIPS ON GROWING

BY ONE WHO OWNS UP IN THE BUSINESS

During the early fall when beds of Lily of the Valley become too crowded and produce but few flowers, it is best to lift and reset the larger crowns several inches apart and just under surface—first having incorporated some well decayed stable manure, leaf mold, or bone meal.

The small pieces can be planted in some other portion of the garden. A more labor saving way is to simply cut a strip a foot or more wide through the bed, in the same manner as one would lift soil, and transplant the excavated portion in some other location. Fill in the blank spot with good garden soil that is well fertilized and the Lilies will soon spread to the open space and relieve the congestion.

The bed will be much improved if given a mulching of well decayed manure or leaf mold during the winter.

On one of the pillars in Dreer's Trial Gardens a plant of Passiflora Florida was in flower in August. The flower, about three inches in diameter is very beautiful—the flower envelope consisting of alternate pink and light green petals.

According to tradition this flower represents the passion of our Lord. The ten parts of the flower envelope representing the 10 apostles present at the crucifixion (Judas and Peter being absent). The showy double corona of colored filaments representing the crown of thorns. The five stamens emblematic of the hammer which were used to drive the three nails, represented by the three styles. The coiling tendril of the plant representing the scourges of the cords, and the digitate leaves of the plant suggesting the hands of the persecutors.

REFUND BLANKS AT MT. HOLLY

Farmers May Secure Application Forms for Gas Tax Refund at Co. Agent's Office

Farmers of the county who are entitled to gas tax refund on gasoline used for farm operations may secure their application forms at the office of County Agent Charles A. Thompson, Mt. Holly. Previously the forms had to be secured direct from the department at Trenton. In order to make it more convenient, the department has decided to allow these forms to be distributed from the county agent's office.

These applications must be filed during the month following the use of the gas; for example, all claims for refund for September must be filed during the month of October.

ELECTRIC AND RADIO SHOW NEXT WEEK

If one gets to look at it that way, life can become just one exciting meal after another.

Electrical research has done its part to get the homemaker and the present-day cook looking at it that way. With a minimum of labor, and a maximum of result, the dashing Mrs. About-Town can cook and serve a five-course dinner in one-twentieth the time it took her hard-working sister of the dark ages that preceded electricity in the kitchen.

She may serve home-made ice cream—the kind that used to be made only on Sundays when the family masculine members of the brawny were at home to turn the old, cumbersome freezer. She can serve a roast and its accompaniments, a tempting first course and a demitasse with her dessert—and take the afternoon off at the same time.

How? The myriad of kitchen and household appliances displayed at the Electric and Radio show are designed to do the hard work for her, and the Modern Cookery School which is to be conducted as part of the exhibition at Convention Hall, Philadelphia, from October 7th to 12th, will teach her the planning, distribution of time, correct use of the equipment and even the decorative features of the table.

WHY MEN TIP THEIR HAT

This is another custom that traces back to ancient days. Warriors wore heavy headgear which they took off in the presence of their superiors or others to denote their trust and lack of fear in standing before them with unprotected heads. From this came the custom of tipping or removing the hat to distinguished persons, ladies and the flag as a mark of respect.

at the home of Mr. and Mrs. Charles Yost.

John Warren has returned to his studies at the Pennsylvania Military College.

Mrs. F. Stanley Groves, of Riverton, and Mrs. deBennville Keim, of Edgewater, Pa., spent the weekend in Ventnor.

Mr. and Mrs. W. L. Caskey spent Sunday in Newtown, Pa., visiting friends.

MALE CHORUS AT EPWORTH CHURCH

Rally Day, Sunday, October 6.
Special Musical Program and Sermon

Rally Day this Sunday in the Methodist Church, Rev. William A. Boyd, minister, will conduct the Holy Communion Service in the morning at eleven o'clock and consecrate the special leaders, officers and workers of the church. The entire membership of the church will participate in this service. "The Brotherhood of the Burning Hearts" is the title of the address by the minister.

A great mass meeting will be held in the evening at 7.45 in charge of the minister. Members of the church school, the auxiliary organizations of the church, the Wesleyan Bible Class in a body, the whole membership and friends of the church will be there. Music will be furnished by the senior choir and the junior choir. The minister will give an address on the subject, "Two Men A-Fishing." A male chorus of one hundred men will sing. Mrs. Rachel Lord will be at the console and Alfred VanOrten will direct the choir and congregational singing.

Wednesday evening at 8 o'clock the mid-week church service is conducted by the minister. To this meeting the entire community is invited. We begin this week to study "The High Spots in the Life of our Lord." Anyone interested in the modern study and application of our Lord's life should not miss this opportunity. The meeting will be made interesting by the use of song, poetry, discussion, prayer and praise. "A good church meeting in the middle of the week."

CHRISTIAN SCIENCE CHURCH

"Unreality" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday October 6th.

The Golden Text is: "What is the child to the wheat? saith the Lord" (Jeremiah 23:28).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Ye are all the children of the light, and the children of the day; we are not of the night, nor of darkness. Therefore let us not sleep, as do others; but let us watch and be sober" (I Thessalonians 5:5, 6).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Sleep and mesmerism explain the mythical nature of material sense. Sleep shows material sense as either oblivion, nothingness, of an illusion or dream, led by stupefying illusions, the world is asleep in the cradle of infancy, dreaming away the hours. Material sense does not unfold the facts of existence; but spiritual sense lifts human consciousness into eternal Truth" (pp. 490, 495).

7.45 p.m., "The Church and the Nation" has been selected by the Pastor for his sermon subject, for the evening worship. The Patriotic Order of Sons of American and the Patriotic Order of Americans, will attend the service in a body. Members are going to have guests! Let us all consider it our duty to come out and welcome them.

PALMYRA ELEVEN BEATS 11th WARD

Touchdowns in First and Third Quarters Shut Out Camden Team 12 to 0

The Palmyra A. C. opened its 1935 football season Sunday, September 29th, by defeating the 11th Ward A. C., co-champions of the 1934 South Jersey Conference, by the score of 12 to 0.

The final score, however, does not tell the whole story. "Bus" Pratt, who was sent into the game in the second quarter, received a ball from kick-off and scampered through the entire 11th Ward team for a touchdown, with beautiful interference by the entire Palmyra team. The ball, however, was recalled, as officials claimed that one of the Palmyra players had clipped an opponent. Later in the last quarter Pratt again ran 90 yards for a touchdown and again it was recalled, the officials claiming that an 11th Ward player had been clipped.

The starting backfield of Prisco, Lenker, Buchholz and Daly reeled off first down after first down and placed the ball in position for Buchholz to crash through for the first touchdown, in the first quarter. In the third quarter King, Mathis, Budidas, Pratt and Williams all saw action, and it was a pass from Pratt to Enskat that resulted in the second touchdown.

Palmyra has a wealth of material this year, and next Saturday will play Oaklyn A. A. at Oaklyn. They will open up their home season Tuesday, October 8th, at the Palmyra High School field. This game will be played under the new lighting system and the game will start at 8.30.

100-MILE RACE AT LANGHORNE

Nation's Best Speed Drivers To Compete in Classic Sunday, October 13

Foremost drivers of the nation, mounted in two-man speedway cars, and accompanied by riding mechanics, will roar into action in a 100-mile national championship automobile race at the Langhorne Speedway here on Sunday afternoon, October 13th, in the first national title race ever held at the famous race course with two-man speed creations.

Prize money, totalling \$5,000, constituting one of the largest sums ever offered in the East, and points towards the national automobile racing championship, which is worth \$20,000 to the winner, are offered by the 100 mile event.

Staged as a grand climax to the Eastern racing season, the "century" race will probably determine the outcome of the stirring battle for the national speed crown. Kelly Pettilo, colorful Los Angeles Italian, who won the Indianapolis 500-mile classic, holds the lead in the fight. The diminutive Californian is being hard pressed by "Wild Bill" Cummings of Indianapolis, 1934 winner of the Hoosier 500-mile classic and national champion of the same year; and by Wilbur Shaw, also of Indianapolis; Floyd Roberts of Napa, California; and Billy Winn of Detroit, Michigan.

Entries will be confined to nationally renowned stars, most of

BLACKBURNE IS GUEST OF HONOR

"Lena" Blackburne, of Palmyra, coach of the Philadelphia Athletics, was the speaker of the evening at a banquet held in Riverside Monday evening of this week, under the auspices of the Riverside Soft Ball League. "Sonny" Wright, popular local sportsman, and one member of each league also made remarks. The officers of the league are Howard Bright, president; Edward Winkelspecht, treasurer, and Chester Hoffman, secretary.

GRANTED PATENT

William S. Webster, of Palmyra, has been granted a patent for an aircraft direction finder, eight features. The patent has been assigned to the RCA.

whom have raced with distinction at Indianapolis. Few of the pilots who have been outstanding in the Eastern A.A.A. title fight will compete.

Doc Mackenzie, bearded sensation, who has virtually clinched the sectional speed toga, is one of the few. The bewhiskered star, who placed ninth at Indianapolis and fourth in the 100-miler at Syracuse, has obtained one of the fastest two-seated race cars in the nation for the event. Time trials for the national championship race will be held Saturday, October 12th, with drivers attempting to qualify for the big race the following afternoon.

Why 60 Seconds Make Minute

The ancient Babylonians found 60 a convenient number for use in division, and employed it much as we do today. The Greeks and Romans adopted the system of time calculation employed by their eastern neighbors. And because the old Babylonian astronomers had divided their hour into 60 minutes, and their minute into 60 seconds, we do the same.

Tremendous Trifles

By ELMO SCOTT WATSON

UPPER OR LOWER

THEY were getting ready to hold a dance at one of Ben Holladay's stage stations on the Overland trail, and to make room for the dancers, station employees had fitted their cots with hinges, and strapped them against the side wall. One of the stage passengers at the dance was a young New Yorker named George M. Pullman. Chatting with Henry Carlisle, a freighter, he happened to mention what an uncomfortable night he had spent, sitting up in a day-couch on a train from Buffalo to Chicago. "Why don't the railroad build sleeping cars with beds in 'em?" asked Carlisle. "They're been trying to," answered Pullman. "Some of them have bunked along one side, but they're too bulky."

"They ought to see what Ben Holladay's men have done and fix their bunks in the railroad cars like they do it here," Carlisle said, pointing to the cots strapped up against the walls. When Pullman went back East he remembered this conversation. He began experiments on the Chicago and Alton railroad that resulted eventually in perfecting the sleeping cars which now bear his name. — Western Newspaper Union.

GEORGE vs. ZAHARIS IN CAMDEN RING

Grid Star and Beet Farmer Meet
in Feature Event on Twin
City Wrestling Card

Ed Don George, the one-time grid great of the University of Michigan, and erstwhile boss over all he surveyed in the wrestling world, and George Zaharis, who is a beet farmer in Colorado when he isn't busy mungling ears, twisting limbs, pulling hair, gouging eyes, knocking and whatnot, will be the contestants in the final event at the Camden Armory, Thursday night. This pair of rugged matmen will come to grips in the feature two out of three fall, ninety minute time limit go.

A match of unusual interest will take place in the forty-five minute semi-final, when Ted Christy, the tough youngster from Los Angeles, will be opposed by "Long Legs" Freddy Grubmeir, the scissora specialist from Harlan, Iowa.

Lanky Mike Mazurki, of Manhattan College fame, and Jim Wright, Texas tough, will answer the clang of the gong in the second event a slated half-hour duel.

The thirty-minute opener will present two sensational youngsters when Bobby Burns, of Chicago, and Ed Meske, Ohio State champion, will meet in a test for supremacy.

CINNAMINSON P. T. A.

The Cinnaminson P.T.A. is asking its members to consider a questionnaire prepared by the program committee, hoping to provide a list of subjects in which every one will be interested.

The first meeting held Wednesday evening was in charge of the teachers, who welcomed and entertained the patrons of the school.

Two of the faculty resigned at the close of the school year, Miss Florence Eagan and Mrs. Paul Githens, both of whom are missed, as they played a prominent part in the school affairs. Their places are taken by Miss Lillie Reidenbaker, of Fork Landing and Mrs. Kenneth Thomason, of Riverton Publicity.

county \$9,500 plus the \$5,600 appropriated on Friday, and about \$18,000 from the Public Works department plus the \$9,078 to be added by the WPA.

Bids for Coal Received

Bids for furnishing 75 tons of buckwheat coal for the court house and 15 tons of buckwheat for the county office building, also 25 tons of stove coal for the county clerk's office and 15 tons of the same size for the surrogate's office were received, it being understood that the county had the privilege of purchasing additional coal at the prices submitted.

It was also decided that the award would be made on the unit bid.

The bids were as follows:

T. Farris, Beverly, \$7.25 for buckwheat and \$11 for stove.

Harry T. Allen, Mount Holly, \$6.85 for buckwheat and \$10.50 for stove.

Burlington County Supply Co., Mount Holly, \$6.08 for buckwheat and \$10.15 for stove.

S. B. Lippincott & Son, Mount Holly, made lump sum bids of \$521.10 for buckwheat and \$375.00 for stove and these prices made their unit price \$5.79 for buckwheat and \$9.39 for stove.

Joseph T. Evans, Riverton, \$5.98 for buckwheat and \$9.29 for stove. Moorestown Supply Co., Moorestown, \$6.53 for buckwheat and \$10.59 for stove.

By these figures it will seem that S. B. Lippincott & Son, of Mount Holly, submitted the low unit price for buckwheat, and Joseph T. Evans, of Riverton, low for stove coal.

However, the figures were submitted to Director Adams for investigation and report.

Bills amounting to a total of \$102,419.10 were passed and ordered paid as follows: Buildings, \$11,136.61; highways and engineering, \$30,724.18; bridges, \$2,246.02; public affairs, \$10,856.09; revenue and finance, \$47,446.20.

Payment on Bridge

By resolution of Mr. Jones estimate No. 15 for \$5,294.15 due the Kolyn Construction Company for work on the Riverside-Delanco bridge, which had been approved by the engineers, was ordered paid.

Another resolution by Mr. Jones gave the Public Service Electric and Gas Company permission to erect one pole and string additional wires on the Smithville-Jacksonville road in Easthampton township.

Mr. Stout explained that under the present setup the county would be compelled to pay its full amount for the board of children coming under the jurisdiction of the State

Board of Children's Guardians, the money to be paid monthly and then the state would reimburse the county for half of the expense. Heretofore, the county has been drawing checks for but half the amount monthly, the balance going direct to the Board of Children's Guardians from the state.

Taxes Unpaid

Mr. Heisler called attention to the fact that a number of municipalities in the county had not paid taxes in the amount of 75 per cent as provided by law, and that \$297,000 was still due for 1935.

He said it would be necessary to borrow money through the medium of tax revenue notes, or bonds, to pay the operating expenses of the county and suggested that notes or bonds be issued from time to time to meet bills, it being understood that at no time was more money to be borrowed than was due the county in taxes.

The resolution was passed by the four members present.

HOW ICELAND IS RULED

Its Althing (parliament) is composed of an upper house of 14 and a lower house of 28. It is the oldest parliamentary body in the world. Suffrage is extended to all men and women over twenty-five years of age.

STAR SAYS CHAN'S VIRTUALLY ALIVE

Charlie Chan, the fictional detective invented by Earl Derr Biggers, is almost literally a member of Warner Oland's family.

"Charlie Chan is virtually a living person as far as I am concerned," Oland admitted to Director Louis King on the set of his latest Fox Film mystery thriller, "Charlie Chan in Egypt," which comes Saturday to the Wally Whitman Theatre. "I've played him so often, thought about him so much," Oland said, "that I feel I know him personally." In "Charlie Chan in Egypt," the famed Chinese detective is faced by one of the most baffling mysteries he has yet had to solve. "Pat" Paterson, Thomas Beck, Rita Cansino and Stepin Fetchit, who supplies many mischievous sequences, are among the featured players in the film, which was produced by Edward T. Lowe.

OCTOBER MEETING OF SCHOOL BOARD

Bids Received for Coal Supply, Will Request Additional Federal Funds

At a regular meeting of the Riverton Board of Education Monday evening three bids were received for 125 tons white ash buckwheat coal. The bids follow: J. S. Collins & Son, Inc., Riverton, \$6.07 per ton, net cash 30 days; H. B. Williams, Palmyra, \$6.10, less 2% for cash in 10 days, and Joseph T. Evans, Riverton, \$6.13. The contract will be awarded at a later meeting.

Representatives were present from Strawbridge and Clothier's to demonstrate the Heywood-Wakefield seats for the auditorium and chairs and desks for the upper grades. No action was taken at the Monday evening meeting.

It was decided to have a call bell on the front of the building as well as the back, so that it may be heard from all sides. It was also decided to install additional light switches in the basement where the janitor deemed necessary.

The architect was instructed to write a letter to the five contractors notifying them that there will be no extension of time asked for work on the new building and that all work must be completed by November 7.

John Hopfner, of Philadelphia, made some suggestions as to the kind of material and style of curtains best suited for the auditorium. It will be necessary to have something more than just shades at the windows as they do not eliminate enough light during the day to permit the use of the auditorium for moving pictures.

Miss Staman reported 200 pupils enrolled so far this year. A committee of three was appointed by the chair to meet with a similar committee to be appointed by the Town Meeting to arrange for plans for the dedication of the school.

An application was made to the PWA for funds for closets according to an estimate given by Rafferty and Kennedy, to cost \$94.20.

Another PWA application was made for additional funds for exterior painting amounting to \$180. The following bills were ordered paid:

The regular monthly meeting of the National Association of Cost Accountants and Pennsylvania Institute of Certified Public Accountants, Philadelphia Chapters will be jointly held Thursday, October 17th, 8 p.m., at the Manufacturers and Bankers Club, Broad and Walnut streets, Philadelphia. M. Albert Linton, president of the Provident Mutual Life Insurance Company, will be the speaker, discussing the "Federal Provisions for Old Age Security."

This subject is of unusual import both to employers, on account of the numerous problems which the management of all business enterprises must face in meeting the new requirements imposed by law, and to employees, in view of the vital concern which they have in the provisions made for their old age security. These associations desire to impart national knowledge to our local industries and extend an invitation to Accountants and Executives of this locality to attend the meeting.

Dinner is served at 6.30 p.m.

PLAY SAFE

A pedestrian wearing dark clothing but displaying a white handkerchief is visible to approaching motorists on unlighted highways at a distance of 291 feet. Without the handkerchief or other white object, the visibility distance is reduced to 195 feet.

ANNIVERSARY SERVICES AT CHRIST CHURCH

Special services in commemoration of the anniversary of 150 years of corporate and independent life of the Episcopal Church in the United States of America, will be held in Christ Church, Riverton, this Sunday at 11 a.m. Most of the churches of the country, particularly those in the states which sent representatives to the original convention, are holding some memorials of this great event.

The major part of the celebration has been held in Philadelphia all week, because it was in St. Peter's Church in that city that the first convention was held and drafted the constitution of the church.

Contrary to what has been said in some papers, this is not the anniversary of the founding of the Episcopal Church in this country. Church of England services were held here from the time of the settlement at Jamestown on. But as church and state were, and largely necessary to separate the governments and draw up laws for the running of the American branch of the church. The first convention stressed its essential unity with the English church, as our nation had freed itself from foreign domination that the church might be freed and have her own bishops, to carry on the same services.

At the service here at 11:00 o'clock Sunday the Morning Prayer will be that of the Bishop White Prayer Book, the first American Book and different in many interesting details from the book now in use. The hymns will all be hymns of that period, some of them hymns used at the opening service of the first convention in Philadelphia 150 years ago. The rector will preach upon the principles underlying the first convention and the progress and changes in the church in the first century and a half of its separate existence.

THE PORCH CLUB

A meeting of the Riverton Porch Club will be held on October 15th at 2.30 o'clock.

The speaker of the afternoon will be Dr. Albert Rau, Professor of Economics of Moravian College, Bethlehem, Pa., whose subject will be Current Events.

Dr. Rau is widely known as a student of international affairs and is an authority on current topics.

GEORGE C. BAKER DIES IN 79th YEAR

Palmyra Resident Prominent in Camden Business World

Palmyra lost one of its most valued citizens when George C. Baker died at his home on Harrison avenue, Monday evening, in his 79th year, after a short illness.

Mr. Baker was president of the Baker-Flick Company, Camden.

He was widely known for his charity work and gave thousands of dollars to charitable institutions during his lifetime.

Mr. Baker attended an annual reception held at the store for aged customers last Thursday. That night he attended Epworth Methodist Episcopal Church, of which he was a trustee.

The next day, however, he seemed completely worn out and did not rally to his usual good health.

At one time Mr. Baker was interested in the work of the Wiley Mission, Camden Rescue Mission, Baptist - Italian Mission, Camden Day Nursery, Camden Home for Friendless Children, Camden Deaconess Home, Old Folks Home at Collingswood, Hunton Branch Y.M.C.A., Camden Y.M.C.A., Salvation Army and Red Cross.

He was instrumental in persuading Eldridge R. Johnson to contribute \$50,000 for the construction of the Deaconess Home for settlement work among foreign-born on Kaighn avenue.

The funeral services were held this (Thursday) afternoon at the Joseph H. Murray Funeral Home, Cooper street, Camden. Interment was made at Locustwood Memorial Park.

Mr. Baker is survived by his son, Leonard, of Palmyra, G. Harold, Baker, of Riverton, and Mrs. Victor Clymer, of Haddonfield.

On Wednesday of this week the Courier-Post of Camden, said editorially of Mr. Baker:

George C. Baker preferred actions to words in expressing his faith in Camden when the cows were grazing a few blocks from the present city hall.

His death, at 79, removes from Camden's civic and charitable affairs a man who gave to others much of his time, effort and rewards of his rise from hired boy on the farm to head of a distinctive Camden store, Baker-Flick Company.

The "old folks" were his hobby, although his practical welfare work extended to all ages and did not stop with creed or race.

He did not boast that he was first to foresee a Camden boom. He simply raised \$105,000, while almost a youth, and invested it in the business which today bears his name.

This is the kind of faith that makes for human progress.

DONATION DAY

The first annual "Donation day" of the Ladies' Auxiliaries of the Zurburg Memorial Hospital will be held tomorrow, Friday, afternoon from 2 to 5 o'clock on the Hospital Grounds, and in case of rain will be held in the spacious Hospital Garage.

All members and friends are urged to attend this first "donation day." Cake and coffee will be served in true German Kaffee Klatch style for which a silver offering will be received.

This is a most fitting date for "donation day" as it is the birthday anniversary of the late Mrs. Zurburg. Donations of home-made canned preserves, jellies, fruits, vegetables, etc., will be gladly received and for those who wish to donate but do not have canned goods, a money donation will be most welcome.

You and Your Fire Department

Have you visited your fire department recently? Has the department had to make a hurried call to your home or place of business in response to an alarm of fire? The safety of the lives of the loved ones in your home and the security of your property depend largely upon how well you and your fire department cooperate with each other.

Too many of us are apparently unconcerned about the fire loss in our communities. We see our fire department racing to answer an alarm and quickly extinguish the fire. As a result a false sense of safety causes us to say to ourselves: "Fire certainly will not start in my house or my place of business, yet, if it should, that is the firemen's problem." While it is true that the fire department helps us by fighting fires, we are not relieved of the responsibility for causing them.

Approximately 10,000 people lose their lives and about twice that many are crippled or maimed by fire in this country every year. Two-thirds of this loss of lives and injuries occurs in homes—for the most part to women, children, aged and infirmed people. The most distressing fact is that probably all of the fires causing this loss could easily have been prevented.

In addition to this loss of precious lives and untold suffering and grief, fire costs the people of our country well over a billion dollars a year. We pay for fire through direct losses, through property taxes for providing and maintaining the fire departments, the fire alarm system, and the water works system. We pay for fire in our insurance premiums, and some of it is added to the prices of commodities we buy every day.

Here are a few minor suggestions applying to every home:

Remove all rubbish, papers, discarded clothing and broken or unused furniture from cellars, closets or attics.

Carefully inspect all electrical cords and appliances. Be sure your fuses are not over 15 amperes.

Supply properly fitting screens for all fireplaces.

Be sure that no draperies or curtains are near the flame of candles or portable heaters.

To place a rug over the register of a pipeless furnace may be decorative, but also disastrous.

Never use kerosene or gasoline to hasten or start a fire.

E.R.A. FUEL FOR RELIEF CLIENTS

Less Coal Provided This Year In Anticipation of PWA Jobs This Winter

Preparations made during the summer by the State E.R.A. to provide fuel for warmth during the Fall and Winter will enable all County offices of the relief organization to meet any requirements that weather may compel. Arrangements by the State E.R.A. worked out by Major H. N. Adams, of Plainfield, manager of the fuel division, are substantially the same as those of last winter.

Under an agreement with the Fuel Merchants' Association of New Jersey the E.R.A. has planned for a supply of 225,000 tons. This quantity is 45,000 tons less than used last season but it is subject to either increase or decrease at the discretion of the E.R.A. In addition, the fuel association has agreed to cut delivery charges by 25 cents below those of last winter. The E.R.A. will thus effect a saving of approximately \$55,000. The reduction in prospective consumption is estimated on the expectation the Works Progress Administration will take many families off relief.

The quantities of coal consumed last year and the cost to the E.R.A. was as follows for each county: Atlantic, 12,515 tons, \$154,001; Bergen 20,604 tons, \$212,189; Burlington, 5,917 tons, \$62,663; Camden, 28,281 tons, \$328,660; Cape May, 2,119 tons, \$26,600; Cumberland, 2,681 tons, \$31,450; Essex, 58,222 tons, \$659,098; Gloucester, 7,813 tons, \$87,615; Hudson, 58,097 tons, \$603,491; Hunterdon, 157 tons, \$1,675; Mercer, 22,037 tons, \$252,114; Middlesex, 15,190 tons, \$171,464; Monmouth, 3,924 tons, \$46,293; Morris, 1,291 tons, \$14,472; Ocean, 356 tons, \$4,125; Passaic, 16,031 tons, \$173,709; Salem, 1,093 tons, \$13,096; Somerset, 1,683 tons, \$18,079; Sussex, 115 tons, \$1,281; Union, 12,590 tons, \$135,500 and Warren, 1,631 tons, \$15,615.

NEEDLEWORK GUILD NEEDS GARMENTS

Mrs. William G. Porter, president of the Riverton Branch of the Needlework Guild, called an executive meeting at her home last week, at which it was decided to accept Mrs. Robert Biddle's invitation to have the annual collection and distribution of garments at her home, November 6th. In the afternoon of that day the annual meeting of the Guild will be held.

Heretofore one of the most important contributions has been the garments made under Mrs. Hendrickson's direction at the Community Sewing. In order to finish anything like the number of garments of other years it is very necessary to have a large sewing meeting this month.

The Porch Club has very kindly allowed the Guild the use of the club on Monday, October 21st. It is hoped, therefore, that all directors and their contributors, who can do anything for the Guild, will come all day or any part of the day. If anyone can remain for luncheon, Mrs. Harold Fink, Riverton 201, will be glad to have their names, the charge being 25 cents.

COUNTY B & P W TO MEET OCT. 16

The October meeting of the Burlington County Business and Professional Women's Club will be held at Boxwood Lodge, Lumberton at 6.30 p.m., on Tuesday, October 15, 1933. An executive meeting at 5.30 will precede the regular meeting. Regular meetings will be held on the third Tuesday of each month this year.

The speaker for the meeting this month will be Dr. D. C. Evans, from Asbury Park. Dr. Evans has recently returned from a Mediterranean trip, and he promises to bring into his talk the importance of Gibraltar in case of difficulties between Italy and Ethiopia.

EVANGELIST AT BEVERLY
Mrs. Wolfson, evangelist-singer, will be at the Beverly M. E. Church, Beverly, N. J., from October 13 to 27th inclusive.

K. of C.

St. Joseph's Council, Knights of Columbus, will celebrate Columbus Day on Saturday evening, October 12th, with a gathering of Knights and their friends at their hall at Broad and Elm avenue.

Joseph D'Aurechy, lecturer of the council, has charge of the arrangements, and has announced that a prominent speaker will address the assembled Knights. In connection with the celebration the eighth grade pupils of the parochial school have engaged in an essay contest on the Discoverer of America, and the winning essay will be read at this affair.

Joseph Dougherty, chairman of the semi-monthly card parties, say that many prizes have been collected for the next one to be held on Friday evening, October 18th. Coffee and home-made cake will be served to the players, and \$2.50 in cash will be awarded as a door prize.

This fellowship was for the purpose of discussing ways and means of carrying on various types of young men's clubs and was sponsored by the New Jersey Palanx Tribunal, of which E. W. CINNAMINSON BUILDING AND LOAN ASSOCIATION of Riverton, New Jersey

Fred P. Hemphill, Secretary

Joseph L. Thomas, President

a record of success that

MERITS YOUR CONFIDENCE and careful consideration FOR FUTURE INVESTMENT

46th consecutive series now maturing!

The Cinnaminson Building and Loan Association is now maturing its 46th consecutive series. \$149,800 in matured shares of the Cinnaminson Building and Loan Association of Riverton will be paid off at the annual meeting to be held on Monday evening next, October 14th. Of this amount \$93,225 will be in cash; \$48,000 in matured mortgage loans and \$17,775 in matured stock loans. Proof of sound, conservative management that has been maintained since its incorporation on October 1, 1878.

no defaults—withdrawals paid in cash—

This association is the oldest in this community and it has never defaulted on any of its obligations, meeting all of its maturities when due; and, in addition, has served as a bulwark for those unfortunate shareholders who through loss of position or other misfortune have been obliged to withdraw their savings from the association. These also have been paid promptly.

five year record during depression period—

Between the years 1930 and 1935 inclusive \$1,139,650 in matured shares have been paid off. This is an average of \$189,941 annually during the worst period of financial stress and business depression this country has ever known. What other type of investment will come anywhere near meeting such a record? That its soundness is recognized is shown by the fact that 646 shares, the largest number since 1930, were issued in the 57th series which was opened in October 1934.

fifty-eighth series to be issued Monday, October 14—

The 58th series will be issued on Monday next, October 14th, and may be secured at par for the next four months. Every resident, who can subscribe, should avail himself or herself of this opportunity to participate in the security and profit of shares in the 58th series of the Cinnaminson Building and Loan Association of Riverton.

CINNAMINSON B & L TO MATURE 46th SERIES OCT. 14

Local Institution Has Envious Record for Stability During More Than Half a Century

A total of \$149,800 in matured shares of the Cinnaminson Building and Loan Association of Riverton will be paid off at the annual meeting to be held on Monday evening, October 14. Of this amount, \$93,225 will be in cash, \$48,000 in matured mortgage loans, and \$17,775 in matured stock loans.

The series now maturing is the forty-sixth, and the unflinching integrity of this association over a period of more than half a century speaks well for the sound, conservative management that has been maintained since its incorporation on October 1, 1878. That the influence of the founders is still felt is evidenced by the fact that there are several sons of incorporators still serving on the present board of directors.

Between the years 1930 and 1935, inclusive, \$1,139,650 in matured shares have been paid off. This is an average of \$189,941 annually during the worst period of financial stress and business depression this country has ever known.

This is an accomplishment of which the residents of this community can be justly proud. That the soundness of this association is recognized and appreciated is shown by the fact that 646 shares, the largest number since 1930, were issued in the 57th series which was opened in October, 1934.

The Cinnaminson Building and Loan Association is the oldest in this community. It has the enviable record of forty-six consecutive years of maturing shares. It has never defaulted on any of its obligations—meeting all of its maturities when due, and, in addition, has served as a bulwark for those unfortunate shareholders who through loss of position or other misfortune have been obliged to withdraw their savings. These also have been paid promptly.

The 58th series will be issued on Monday next, October 14, and may be secured at par for the next four months.

A memorial from the Presbytery of Philadelphia bearing on the trial of Dr. Machen by New Brunswick Presbytery is also expected to provoke discussion.

CHRISTIAN SCIENCE CHURCH

"Are Sin, Disease, and Death Real?" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, October 13.

The Golden Text is: "The prayer of faith shall save the sick, and the Lord shall raise him up; and if he have committed sins, they shall be forgiven him" (James 5:15). Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Then was brought unto him one possessed with a devil, blind, and dumb; and he healed him, inasmuch that the blind and dumb both spake and saw" (Matthew 12:22).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The physical healing of Christian Science results now, as in Jesus' time, from the operation of divine Principle, before which sin and disease lose their reality in human consciousness and disappear as naturally and as necessarily as darkness gives place to light and sin to reformation. Now, as then, these mighty works are not supernatural, but supremely natural" (Pref. xi).

M. E. SUNDAY SCHOOL

Rally Day was observed in Epworth School Sunday, October 6. A food increase in attendance was noticed in every department.

Mr. and Mrs. Morris will make their residence in Buffalo.

TIPS ON GROWING

BY ONE WHO GREW UP IN THE BUSINESS

Tests at the Brownell Rose Research Gardens have shown that supports of Climbing Roses spread into full sunshine throughout the year and tied nearly horizontally will produce something more than twice as many blooms as similar plants tied vertically to a pole. Canes wound sprightly around a pylon have similar desirable results. Planted in this manner the plants have more surface exposed to sun-rays than if planted on pole.

Be sure when the lawn mower is put away this fall that it is thoroughly clean and oiled. Of course, this would be a good time to have it repaired, sharpened and put in order before spring, but, at least, see that it is cleaned and well oiled before being put away for the winter.

Keep the grass cut as long as it grows. It can be more easily grown in the spring if this is done.

If Tomato plants, on the approach of frost, still are bearing green fruit, the vine can be uplited and hung root upward in the garage or attic and they will continue to ripen.

Cut and burn now any foliage on Hollyhocks and Peonies remaining, to keep disease in check.

When storing Gladiolus bulbs lay the bulbs out thinly in a shallow box, mixed with Naphthalene Flakes, then cover with oil cloth, canvas or newspaper to confine the fumes. The Naphthalene fumes will destroy the disease known as Thrips in various stages of development.

A dormant winter storage temperature of under 50 degrees, but not so low as to injure the bulbs, will get rid of Thrips and Thrips eggs.

An interesting point about twining vines is that they vary in the direction they twist. Each variety always winds in the same definite direction. The hop vine twines with the sun as the hands of the clock travels, to the right. Though this seems more natural the majority of vines twine in the opposite direction, counter-clockwise, or to the left. These include the common Morning Glory and the Bean. Sometimes one is inclined to assist them in the climbing and twine the vines differently. The vines themselves will quickly undo this and will start to twist and turn and fall over until they get a chance to twine in the natural way.

A seventy year old exhibitor named Vivian was the proud winner of the second prize at the Cornwall Horticultural Show in England for a large Fern in a pot. This was the only plant that Mr. Vivian exhibited. He had trundled it in a wheel-barrow five miles to the show and five miles back again, having walked the same distance the day previous to enter the plant in the show and

considered that the award of a shilling was well worth the twenty miles of foot-work entailed.

MAZURKI-DUSEK IN CAMDEN RING

Manhattan All Around Athlete
and Omaha Caveman to
Grapple Tonight

The fur sure will fly at the Cam-
den Armory, Haddon avenue and
Mickle street, Thursday night, for
the Hanly Brothers have put to-
gether a slam bang, all star grap-
pling bill for their patrons.

Mike Mazurki, the former all
around athlete of Manhattan Col-
lege, and Ernie Dusek, the Omaha
Caveman, will be the finalists in the
usual two out of three falls, ninety
minute time limit bout. Mazurki
fully expects to meet Ernie at his
own game. Mike, strictly an ortho-
dox matador, will stray from his
usual course, should the Nebraska
try any of his funny stuff.

Fredrick Grubmier, of Harlan, Ia.,
who last week spilled Ted Christy,
and Dr. Len Hall, of Seattle, who
in his last appearance at the Armory
held the popular Cliff Olsen, of
Swedish flying slam fame, to a
forty-five minute draw, will meet
in the three-quarter-hour semi-final.

Popular Irish Jack Donovan, of
Boston, and Emil Dusek, elder
brother of Ernie, meet in the sec-
ond bout, a half hour number, while
the opening event will bring to-
gether Dick Raines, Texas badman,
and Floyd Marshall, the tough hom-
bre from Phoenix, Arizona, in a
thirty-minute engagement.

FIRST MEETING OF PTA NEXT MONDAY

Program for Year Includes
Many Prominent Speakers.
Reception Nov. 18

With the opening of school comes renewed interest in the Riverton P.T.A. The topic chosen for this year is "Our Children's Daily Background—Home and School." Careful thought and planning have gone into the selection of speakers who will discuss the different phases of this topic.

The first P.T.A. meeting will be held on Monday, October 21, at 8 o'clock in the kindergarten room, at which time Miss Staman, the supervising principal of Riverton school, will speak. This meeting will provide an opportunity for parents to meet the teachers, learn of the P.T.A. plans for this year and inspect the new school. After the meeting tea will be served.

The annual reception to parents and teachers will be held in the auditorium on Monday, November 18, at 8 p.m. The speaker that evening will be R. C. B. Parker, supervising principal of the Mt. Holly schools. Later meetings will bring such speakers as H. Paul Jones, Mount Vernon School, Camden; Miss Clarette Sehon, secretary of Vineland Training School; Edmond R. Tombs, executive secretary of Mercer County YMCA and Dr. Harry B. Mark, president of the Riverton Board of Health.

In addition to the regular monthly meetings of the P.T.A. there will be the usual child study groups under the leadership of Mrs. John C. Harper, Jr. This group will meet on the fourth Monday of each month at 3:30 p.m.

Joseph B. Wisner, Camden, for a device for handling live electric wires, five new features. Winner filed application October 15, 1934. He has not assigned his rights for manufacturing purposes.

Irving Wolf, Merchantville, for an electrical network, nine new features. Assigned to Radio Corporation of America.

NEEDLEWORK GUILD ISSUES SPECIAL CALL

The splendid work done by the Needlework Guild of America needs no enlarging upon. The very simplicity of its plan is its greatest strength, whereby each member contributes two new garments annually for distribution among accredited charitable agencies.

But in addition to the thousands of garments thus contributed by individuals, each branch of the national organization makes an additional contribution in the form of garments made from materials supplied by organization funds and planned to meet specific needs.

This year Riverton is seriously behind its quota in the number of these finished garments. So rather than dissipate energy and enthusiasm by spreading out this work over a series of meetings, the executive committee has designated Monday, October 21st, as a day of concerted and concentrated effort to carry the sewing program of the local branch to completion.

Everyone can help—if it's only sewing on buttons or pulling basting threads. The committee will have plenty of machines available, and the work will be so organized that everyone can be busy and useful all day long.

Appeals come to us from all sides—but here is an appeal the worthiness of which has never been challenged, and which asks nothing more than a few hours of our time and labor.

On Monday, October 21st, then—in the Porch Club. All day, or as much of it as can be spared from other essential duties. Luncheon will be 25 cents—please notify Mrs. Harold Fink, Riverton 201, in advance if possible.

And now a word about member-contributions. If you have not already purchased your garments, will you keep in mind that: Cooper Hospital needs children's cotton under-vests, sizes 6 to 12 years; children's hospital gowns, sizes 6 to 12; and diapers. Burlington County Hospital is in special need of 72 x 100 inch crib sheets, children's footed nightgowns, hand, bath and tea-towels.

Director anxious to add to their list of contributors, are urged to get in touch with Mrs. William Chalmers, Riverton 778. The committee has worked out a very simple and effective plan of telephone canvass which should bring in a great many new members who might not otherwise be reached.

MORAVIAN SUPPER

The Willing Workers of the Moravian Church at Five Points will give their annual chicken supper and bazaar next Wednesday, October 23. Supper will be served from 5 to 8 p.m. Tickets, adults 75 cents, children 40 cents.

Temper and bad habits will be mastered early or never.

PORCH CLUB NOTES

The Porch Club on October 15th was entertained by Dr. Albert Rau, of Moravian College, Bethlehem, Pennsylvania. The lecture entitled "What lies behind the news of the world today," was presented in an illuminating way. Dr. Rau traced the causes of the present conflict between Italy and Ethiopia and told in detail of the situation and of the complications involving other nations.

The pilgrimage to New Hope, under the auspices of the Art Department of the Riverton Porch Club, will take place on Tuesday, October 22nd, instead of October 29th as noted in the year book. Basket lunch will be taken and the hospitality of Mrs. Fern Coppedge's studio and garden is extended to the club for its picnic.

Mrs. Coppedge's exhibition, as well as the annual fall exhibition at Phillips' Mills, will be visited. For details call Mrs. Claude Anderson, Riverton 960.

FOR AUDITOR

MRS. LUCY E. KENNY

Democrats Present Unusual Candidate

Education and Experience Especially Qualify Mrs. Kenny for Office

In presenting Mrs. Lucy E. Kenny of Riverton, for the office of County Auditor, the Democrats of Burlington County have brought to the attention of the voters a candidate with a background most unusual in county politics. Born in the East, educated in an eastern school and Western colleges, trained in secretarial duties and a woman of more than average intelligence, Mrs. Lucy E. Kenny has had more experience of a nature to qualify her for the position she seeks than any candidate within the range of our recollection.

Mrs. Kenny is the daughter of the late Captain Robert Hannum Hathaway, of the Pacific Mail Steamship Company, who voyaged for many years between San Francisco and the Orient. She was born in Brooklyn, N. Y., and received her early education in the Academy of the Holy Child at Sharon Hill, Pa. She attended college in San Rafael, California and then graduated from the San Francisco Business College.

After serving as secretary to Mayor Stevens, of Haldsburg, California, she became private secretary to Dr. Florence Nightingale Ward, famous woman specialist, of San Francisco.

Since taking up her residence in Burlington County a number of years ago, Mrs. Kenny has been identified with numerous civic organizations. She is a former secretary of the Daughters of the American Revolution; an active worker in the Women's Guild of Christ Episcopal Church, Riverton; a member of the Business and Professional Women's Club of Burlington County; was the first secretary of the League of Women Voters of Riverton and Palmyra and is now secretary of the Democratic Women's Club of Burlington County.

It is worthy of note that in offering the only woman as a candidate on either ticket this fall, the Democrats have selected one with the background, education, training and experience of Mrs. Kenny. She merits the support of every independent voter who believes in the election of officials properly qualified for the positions sought.

Ordered and paid for by Burlington County Democratic Women's Club.

FINNEY-McVAUGH

Miss Ruth E. McVaugh, of Riverton, became the bride of J. Horace Finney, Jr., of Palmyra, in a Friends' Ceremony at the Westfield Meeting House Saturday afternoon at three o'clock.

The bride is the daughter of Mr. and Mrs. John McVaugh and the bridegroom is the son of Mr. and Mrs. J. Horace Finney.

Miss Anne McVaugh was her sister's only attendant and Robert Finney attended his brother as best man. Ushers included Edwin McVaugh, of Riverton, Dr. Hayes Brady and Louis Heaver, of Palmyra, and Walter Crandall and Horace Leary, of Southampton. Mr. and Mrs. Finney are on a trip in the Poconos and upon their return will reside at 703 Main street, Riverton.

The economical housewife upon whom most of the responsibility falls for stretching the purchasing power of the hard-earned dollar, can best assure herself that she is getting the most for her money by dealing with reputable local merchants. The flagrant violations of honest weight and measure regulations were in almost every case committed by irresponsible tradesmen or door to door solicitors who had no establish-

New Books at Riverton Library

WHAT RIVERTON IS READING

Riverton is reading what the whole of America is reading, based on a comparison of lists of books recently added to the Riverton Free Library and reports of booksellers all over the United States.

This first Fall list of new books is particularly stimulating—an unusual number of fine volumes of fiction and a listing of notable non-fiction which reflects most favorably on the literary taste of Library users.

Here is a partial report of permanent acquisitions and volumes of current interest borrowed from the County Library and now on our shelves.

CHRISTIAN SCIENCE CHURCH

"Doctrine of Atonement" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, October 20.

The Golden Text is: "We are ambassadors for Christ, as though God did beseech you by us: we pray you in Christ's stead, be ye reconciled to God" (II Corinthians 5:20).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Wherefore seeing we also are compassed about with so great a cloud of witnesses, let us lay aside every weight, and the sin which doth so easily beset us, and let us run with patience the race that is set before us, looking unto Jesus the author and finisher of our faith; who for the joy that was set before him endured the cross, despising the shame, and is set down at the right hand of the throne of God" (Hebrews 12:1, 2).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Material bodies are slow to acknowledge what the spiritual fact implies. The truth is the center of all religion. If Truth is overcoming error in your daily walk and conversation, you can finally say, 'I have fought a good fight . . . I have kept the faith' because you are a better man. This is having our part in the at-one-ment with Truth and Love" (pp. 20, 21).

EPWORTH M. E. CHURCH

Rev. William A. Boyd, Pastor
"The Religion of Jesus Christ," is the topic of a very interesting sermon to be delivered by the Rev. William A. Boyd, in the Methodist Church this Sunday morning at eleven o'clock. The music will be furnished by the senior and junior choirs with Mrs. Lord at the organ.

A feature of the morning worship is the Junior Church. Parents may bring their small children with them to this service and during the singing of the second hymn the children go down stairs to their own meeting. In this meeting the children are supervised by competent leaders.

"Jealousy, the Universal Vice," is the title of the sermon for the evening service at 7:45. This is a timely message and one in which we all are involved. The song service is becoming very attractive.

"The Church of the Young People," invites the public to all of its meetings.

FALL MEETING OF RIVERTON PTA

Mrs. H. P. Orlemann, Jr., New President, Urges Discussion of Problems

The first meeting of the Riverton P.T.A. was opened by Mrs. H. P. Orlemann, Jr., the president, with a warm greeting to all the members. Mrs. Orlemann stressed the need for hearty cooperation of the committees and members, and asked that all problems be brought before the P.T.A. meetings for discussion and better understanding.

Miss Caroline M. Staman chose the following quotation from an article by Dr. Reynolds, principal of the Horace Mann School, for the basis of her talk: "The school and home want children to have healthy bodies, honest minds, trained hands, and a living spirit." The daily background which the Riverton school has furnished for children was traced through its many periods of inadequate space and lack of necessary facilities to the present-day modern building and equipment. In closing Miss Staman quoted this definition as a guide for parents and teachers: "The big job of education is to help the child to understand the world he lives in, to recognize the problems that the world presents to him and to know and acquire the technique by which to attack and solve these problems."

After the meeting the girls of the domestic science class assisted Mrs. G. Harold Baker and her committee in serving tea.

The annual drive for members, under the leadership of Mrs. Edward H. Blackwell, started October 21. Everyone in Riverton interested in child welfare is urged to join.

DINNER DANCE GIVEN BY YOUNG REPUBLICANS

The entertainment committee of the Young Republicans of Burlington County is now making plans for a pre-election dinner-dance which is to be held in Log Cabin Lodge at Medford Lakes on Saturday evening, November 2nd, at 7:00 o'clock.

The speaker for the evening is expected to be either Young Teddy Roosevelt or Clifford Baldwin, former prosecutor of Camden County. Music for dancing will be furnished by Bob Horton and his popular orchestra.

BIDS REJECTED BY SCHOOL BOARD

In conformity with PWA regulations, bids for equipment were returned to the bidders, unopened, at the meeting of the Riverton Board of Education, Monday night. New bids will be advertised for as soon as the specifications have received the approval of the PWA officials.

Everett O. Wolcott and Frank A. Mathews, Jr., are authorized by the board to visit the PWA offices in Newark and work up the equipment specifications with their officials. By following this procedure the board of education will be entitled to a 30 per cent grant on equipment purchases.

The board went over the specifications Monday evening at which time each item was considered separately.

Hilton M. Smith, chairman of the building committee, reported PWA regulations had been broken in several instances by the contractors and that he had notified them all in writing to the effect.

The board authorized its attorney to cooperate with the architect in strictly enforcing the regulations of the PWA.

MOVIE BENEFIT FOR BURLINGTON CO. HOSPITAL

The members of the Riverton Junior P.T.A. Club will be selling tickets starting Friday of this week for the moving picture entertainment at the Broadway Theatre during the week of November 4th to November 8th, inclusive. The entire proceeds will be donated to the Burlington County Hospital. Next week will be published a complete list of the pictures which will be shown during the benefit.

YMCA BRIEFS

Football Trips

The boys of the community who took the trouble to sign up will be guests of the Athletic Association of the University of Pennsylvania at their game with Lafayette at Franklin Field on Saturday, October 26th. Every year this trip has been a fall feature of the "Y" program. On November 16th the boys will be guests of the Princeton A.A. at the Lehigh game. Through a special arrangement the boys of the grade school will be accorded the privilege of seeing this game. The Hi-Y trip will be entirely separate, but in no way changing by the younger fellows going. The speakers, meetings, tours, and parade all will be features of the event.

Young Men's Rally

The following fellows were present at the first fall rally of young men in the County "Y": Joseph Rogers, Louis Koppenhoefer, Russell Hammelman, Jack Faunce, Tom Tomlinson, Melvin Mays, Joseph Scheible, Paul Martin, Giles Knight, LeRoy Lester and Wilton E. Mount. Giles Knight and LeRoy Lester were representing the Phalanx Fraternity. Giles told of his recent trip to the state meeting at Camp Washington.

New Leaders

The fellows of two groups have been very happy to have two new leaders. Floyd Boyer has recently consented to meet with a group on Wednesday nights. These fellows at the present are working on their football team. Fred Lippincott, of Riverton, is leading the D.D.D. group. This is a gang of Riverton boys who meet on Monday nights. Do You Need a Job or a Worker? Our community still has many who are unemployed. The young men through the Phalanx are anxious to place more fellows in jobs. You can help by registering if you are looking for work. Better still, if you hear of any kind of a job or need someone for a small task at your home, call the "Y" office any afternoon and within reasonable time that office can help you locate the party desired.

Furniture and Chairs

The "Y" needs more chairs to care for the larger crowds at meetings of a community nature. Lack of funds prevents purchase of new equipment. If you have any chairs or furniture you would like to donate to the boys and young men call 904-W and someone will gladly call for them.

New Philadelphia Secretary

Philadelphia's new General Secretary of the Young Men's Christian Association, Lester C. Haworth, who succeeds Walter M. Wood, was welcomed to the city at a civic dinner, sponsored by a great "Who's Who" list of prominent citizens, at the Bellevue-Stratford, Thursday evening, October 17.

Many of the national staff and on national and international committees, besides from neighboring states and nearby Young Men's Christian Associations were in attendance. Burlington County's "Y" was represented by Howard G. Taylor, Jr., its president; Benjamin J. Roberts, vice president; and Mrs. Roberts; Mr. and Mrs. Howard E. Wills; Everett, Maurice and J. Edward Haines; Charles Doehrlert and Secretary Guy Hendry.

Dr. Edwin C. Broom, Philadelphia's superintendent of schools, was toastmaster.

MANY ADMIRE '36 BUICK DISPLAY

Two of "Four-Star" Line Now on
Floor of Moorestown Motor
Co.; Inspection Invited

The new Buick in the showroom of the Moorestown Motor Company, 219 W. Main street, Moorestown, has been the object of admiration by a steady stream of interested motorists since its announcement.

Two of the four-star 1936 Buick offerings are on the floor at Moorestown. They are the Roadmaster and the Special, both four-door sedans, in blue and tan colors.

The graceful sweeping style of the new models, the delicate color effects, the ultra modern equipment and appointments have each added to the thrill of owning a 1936 Buick.

The range of price offered by the four models, namely the "Special," "Century," Roadmaster and "Limousine," have now placed Buick within the reach of all, and it can be safely said that, "few can hardly afford not to own a Buick."

The Moorestown Motor Company cordially invites anyone interested to visit their showroom and take a ride in the new Buick. Norman Lippincott, the genial manager says, "It's the best yet"—and he holds no fear that you'll disagree with him.

CINNAMINSON P. T. A.

Owing to the Burlington County Council meeting on the regular meeting day of the Cinnamonson Association the first business meeting for the year was held Thursday afternoon.

With the memory of the evening meeting of two weeks ago still in mind, the attendance was large.

After music and devotions, the subject of "Safety" was introduced by Miss Bryan reading an extract from the state laws, and then giving a short talk upon different kinds of safety, moral, as well as physical, and stressing the aims of the school in this direction, calling the attention of parents to the need of co-operation.

Two boys of the safety patrol then gave thoughtful talks about their share in the work, paying tribute to the state police for the help given so freely.

The earnestness and self possession of these lads was impressive, leaving in the minds of the hearers the idea that they, as well as those whom they are trying to help, are benefitted by the sense of responsibility developed.

Two of the teachers, sub-primary and first grade, then spoke about the newer and less understood methods and the desire to give the little ones in their care the best in habits, social and personal. Both of these young women spoke so meaningfully that every one was more than pleased.

Mrs. Musser, the president, then gave an account of the County Council meeting the day before.

Some new business introduced by Miss Bryan was discussed, and all

hoped that the association may be able to carry the project through.

The next half hour was given to relaxation, and Miss Helene Johnson, a visitor, gave two diverting monologues, while Mrs. James Seither accompanied by Mrs. Albert Seither sang two delightful songs.

Mrs. Albert Seither afterwards gave a piano solo, which received an encore.

The hospitality committee then served tea.

Crozer President Will Speak at Baptist Church

Dr. J. H. Franklin Will Occupy
Pulpit at Final Anniversary
Services Sunday

Central Baptist Church will conclude their month of celebration in connection with their 50th anniversary with this Sunday's services. Dr. James H. Franklin, president of Crozer Theological Seminary and also president of the Northern Baptist convention, will occupy the pulpit in the morning at 11:15 o'clock. The final week of the celebration started on Monday evening with a concert given under the auspices of the ushers.

On Wednesday evening "community night" was observed in the church. Pastors and members of the congregations of the neighboring churches attended. The anniversary turkey supper will be held Saturday evening. The 50 years of the life of Central Baptist Church have been most interesting.

It was on July 1st, 1885, that a few baptists of the neighborhood met at the home of W. W. Harper, of Riverton, for the purpose of organizing and establishing a church of their own faith and order. A committee, comprising W. W. Harper, Sidney Wilkinson and J. Otto Thilow, solicited signatures of those interested and was highly encouraged as several hundred dollars were gathered from this personal solicitation.

The first meeting was held at the home of M. W. Wisam, of Palmyra, on July 8th, 1885, with the Rev. Z. C. Dare, officiating. The first Sabbath service was held on July 26th in the Riverton school house, with a capacity of sixty, then located at the corner of Fourth and Howard streets. During the summer months, meetings were held every Sunday in the school house and on Wednesday evenings they met at the homes of those interested.

At the close of the prayer meeting on September 2nd, which was held at the home of Sidney Wilkinson, the first steps were taken toward organization. Dr. H. B. Hall, being elected chairman and Mr. Wilkinson, secretary.

It was generally agreed that the church should be located midway between Palmyra and Riverton and a committee of M. W. Wisam, J. Otto Thilow, W. W. Harper and H. Morris was appointed to look over the field.

On October 7th, at a meeting held at the home of Mr. Thilow, a resolution was finally passed to organize a Baptist Church. The name of "Central Baptist," as previously suggested by Charles Ellis, was adopted and the committee was instructed to see Joseph Morgan, of Palmyra, regarding his offer of a building site. Finally on Monday evening, November 4th, at a meeting held in the home of Sidney Wilkinson, of Riverton, the church was organized with a membership of eleven. Mark W. Wisam, Sidney Wilkinson, William H. Harper, Mrs. Sallie Harper, Miss Ella C. Harper, Miss

Sallie W. Harper, Mrs. Sidney Wilkinson, Mrs. Matilda A. Thilow, Miss Annie J. Walnut, Mrs. Anna B. Curt and Mrs. Anna Wisam. Having had a gift of a lot 75x200 feet at the corner of Fifth street and Maple avenue, from Joseph Morgan, at a meeting on March 22nd, 1886, it was decided to devise means to erect a chapel to cost \$2500.

Two days later the first candidate, J. Otto Thilow, was baptized by Dr. Wynne at the First Baptist Church, of Camden, N. J. On March 26th, 1886, the plan for the chapel was decided upon. A building committee was appointed who placed the plans in the hands of Charles W. Bolton, architect, for prices. The contract was let on July 6th to E. H. Hancock for \$2500, the building to be finished by December 1st, 1886.

While all these activities in connection with the new church were taking place, the regular meetings were continued in the Riverton school house with the Rev. J. E. Sagebeer, officiating. Great activity in all departments was noticeable, entertainments given, and everything done to increase the subscription fund for the chapel which was ready for occupancy on the third Sunday in January, 1887. The Ladies' Aid Society, a strong and vital organization of the new church, expended \$316 for the furnishing of the chapel.

Rev. Sagebeer having declined a call extended by the deacons, the pastor on September 15th, 1887, Rev. Firor was followed by the following pastors: C. S. Powelson, 3 years; I. D. Moore, 4 1/2 years; L. H. Copeland, 8 years; George A. Sowell, 1 year; W. H. Clipman, 1 year; Samuel Steinmetz, 1 1/2 years; Charles W. Williams, 12 years; Frederick Blaser, 8 months, until his untimely death; and George Lockett, the present pastor, who started his pastorate in January, 1926.

The tenth anniversary was celebrated on January 12th, 1896, with Rev. I. D. Moore as pastor. A steady growth, has from time to time, called for additions and improvements. Each time it has been immediately recognized, plans made to meet the increase in membership, and with the cooperation of every organization, the goal has been reached.

The growth in the 50 years is quite apparent; from a chapel costing \$2890 to a \$90,000 edifice. The original membership of 14 has increased to 440. During the past ten years under the pastorate of the Rev. George Lockett, 66 have been received by letter, 131 by baptism, 23 by experience, making a total gain of 220.

At the celebration of the thirtieth anniversary it was reported that \$26,000 had been paid for general fund disbursements during the twenty-year period from 1896 to 1915. As they celebrate their fiftieth anniversary, the financial secretary reports general fund disbursements for the last ten years of \$47,985.09, nearly four times that of the previous period. In addition to this \$15,700.68 has been contributed to ward benevolences and \$65,315.73 to the new building fund, or a total of \$129,001.50.

After December 1 a scowfall will be a fellow who eats bootleg potatoes.

FIRST BIBLE 400 YEARS OLD

All Christendom Celebrating Printing of First Complete Bible by Coverdale in 1535

Churches in Riverton and Palmyra will keep the local celebration of the four hundredth anniversary of the first printed English Bible. For the past several months and continuing until the end of the year various communities all over the English speaking world are commemorating this event.

The commemoration is mainly sponsored by the American Bible Society and a committee of prominent clergymen and laymen from all denominations, and is more than nation-wide. As the exact time of the issuance of Coverdale's first edition cannot be more definitely determined than late in the fall of 1535, there has been no attempt to make these celebrations simultaneous, but rather they have been left to the convenience of the communities.

Cloverdale's translation is the first attempt to render Holy Scripture into the English tongue, but it is remarkable in being the first printed edition of the whole Bible, and the first one which was not put down and burned where ever found.

Manuscript versions of parts of the gospel and the psalms were prior to the time of King Alfred. The work of the Venerable Bede and Orm's Ormulum though important historically did little to give the Bible to the common people.

William Tyndal had published the first translation of the New Testament at Hamburg ten years prior to the appearance of Miles Cloverdale's work. However, Tyndal did not succeed in getting any permission for the circulation of his work, and it had to be smuggled into the country and read in secret.

Possession of his work might be a capital offense. Persecution, and financial difficulties kept him so harassed that though he was able to make several revisions of the New Testament he did very little with Old Testament translation and almost nothing in the way of getting it published.

One of the things which most stood in the way of the acceptance of Tyndal's work was that he was known to be of the extreme reform party, and that his translations dropped out many of the old churchly words and used words which gave a different flavor to the whole. Also his editions had copious notes in the margins which he used to point out what he considered the shortcomings and abuses of the clergy.

Miles Cloverdale was as devoted a man but of much less polemic disposition. He believed that the reformation of the church should come from within and not by overthrow from without. His work, therefore, is much less influenced by his feelings and nearer to the original. It was published without marginal notes, but the first great edition of 1535 was still circulated without authority. King and clergy simply ignored it. So great had Tyndal's power become, so much had been accomplished by the printed New Testament that they dared not do otherwise. Finally in 1537 Coverdale brought forth his second edition and dedicated to the king and bearing his approval. From that day to this the Bible has been the greatest religious, moral and literary force in the English speaking world. It justly deserves the honor paid it by all Christian people.

FIRST LUTHERAN CHURCH

Rev. Harold L. Creager

Our services this Sunday will be devoted to the celebration of the four hundredth anniversary of the printed English Bible. Its great contribution in the past and its precious worth in the present both make it the Book of supreme value, and demand adequate recognition. The theme of the morning sermon will be "The Value of the Bible for Christian Faith and for Christian Living." In the evening the subject will be, "Finding the Christ Through the Bible."

At the Young People's Society this Sunday evening we shall have the privilege of having Mr. Mount with us to address the meeting. We invite the young folks to meet with us at 7:15.

The Boy Scout Troop of our church will serve a supper this Saturday evening. Sauer kraut or baked beans will be served, and a delicious meal is assured. We cordially invite the patronage of the public.

Next Tuesday evening our big Halloween party will be held, starting at 8:15. The Young People's Society and the Ladies' Aid is co-operating in this. Games, eats, lots of fun. Silver offering. We invite our church and Sunday school and friends.

CHRISTIAN SCIENCE CHURCH

"Probation After Death" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, October 27.

The Golden Text is: "Blessed is the man that endureth temptation; for when he is tried, he shall receive the crown of life, which the Lord hath promised to them that love him" (James 1:12).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Verily, verily, I say unto you, He that heareth my word, and believeth on him that sent me, hath everlasting life, and shall not come into condemnation; but is passed from death unto life" (John 5:24).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "If the change called death destroyed the belief in sin, sickness, and death, happiness would be won at the moment of dissolution, and be forever permanent; but this is not so. Perfection is gained only by perfection. They who are unrighteous shall be unrighteous still, until in divine Science Christ, Truth, removes all ignorance and sin" (p. 290).

CONGRATULATIONS

Mr. and Mrs. Kenneth Johnson, of Washington avenue, Riverside, are receiving congratulations on the birth of an eight pound baby daughter, last Saturday. Both mother and daughter are doing nicely. Mrs. Johnson will be remembered to her many friends as the former Mildred Kerrigan, daughter of Mr. and Mrs. John Kerrigan, of 16 W. Charles street.

Colorado is the greatest producer of coal, and Wyoming is second.

OBITUARIES

MRS. ANNA CALEY

Mrs. Anna Caley, widow of the late William H. Caley, died in Roadstown, Monday, October 21. Funeral services were held this (Thursday) afternoon in Carl's funeral parlors, Bridgeton.

Mr. and Mrs. Caley were former residents of Riverton, living in the house now occupied by Mr. and Mrs. Joseph Yearly and family on Cinnaminson street.

MRS. ALICE LEFAVOR

Mrs. Alice LeFavor, of Gloucester, Ohio, mother of Dr. Dean H. LeFavor, succumbed to a heart attack last Thursday evening when she fell from a sea wall into the waters of Buckeye Lake, near Columbus, Ohio.

Funeral services were held Sunday at Gloucester. The interment was made in Bishopville, Ohio. Mrs. LeFavor is survived by her husband, M. M. LeFavor, and two sons besides the doctor, Harold LeFavor, also of Gloucester, and Carol LeFavor, of Belpre, Ohio, both of whom are teachers of music in the schools in their respective towns.

Dr. and Mrs. LeFavor attended the funeral services. Mrs. LeFavor expects to spend several weeks with the bereaved family in Ohio.

GIVENS-WEIKEL

Mrs. Emma Weikel, of Beverly, formerly of Palmyra, and Earl Givens, of Philadelphia, were quietly married on Thursday of last week in the First Lutheran Church, Palmyra, in the presence of members of the immediate families and close friends.

The ceremony was performed by the Rev. Harold L. Creager, pastor of the church.

Mrs. Givens will be remembered as the former Miss Emma Monach. On their return from a wedding trip Mr. and Mrs. Givens will reside in Elkins Park.

WOODS-SMITH

Miss Louise B. Smith, daughter of Mr. and Mrs. John A. Smith, of Merchantville, became the bride of John G. Woods, son of John Woods and the late Mrs. Woods, of Toms River, at Christ Episcopal Church, Riverton at 2 p.m. last Sunday.

The nuptial ceremony was read by the Rev. Francis B. Downs, rector of the church, in the presence of a number of friends and relatives. The bride was attended by Miss Edith Howe, of Medford, as maid of honor. Mr. Woods was attended by his brother, Albert Woods, as best man.

Miss Smith was gowned in royal blue chiffon velvet, with accessories to match. She carried a bridal bouquet of orchids and lilies-of-the-valley. Miss Howe was attired in rust chiffon velvet and wore a corsage of talisman roses. Mrs. Smith, mother of the bride, was attired in burgundy velvet and wore a corsage of roses.

While the bridal march and incidental music was being played by Mrs. Maurice Belnap, of Riverton, the bride was escorted to the altar by her father, who gave her in marriage. A reception followed at the home of the bride's parents for members of the immediate family and a few intimate friends and out-of-town guests.

For her going-away outfit, Mrs. Woods wore a brown crepe ensemble.

Immediately following the reception, the couple left on a motor honeymoon, the destination of which was not revealed. On their return, about the first of next month, they will be at home at Brigantine and Forepeak avenues, Beachwood.

The former Miss Smith was born in Riverton and lived here for several years attending Palmyra High School. Her husband is a native of Toms River, where he is associated in business with his father.

"Why don't they hang horses thieves any more in Crimmon Gulch?" asked the salesman.

"There aren't any more," answered Cactus Joe.

"No more thieves?"

VISITING NURSE ANNUAL REPORT

Record of Services Rendered to Community and Financial Report of Treasurer

This, the twenty-third annual report of the Visiting Nurse Society of Riverton, Cinnaminson and Palmyra, covers the period from October 1, 1934, to October 1, 1935.

The nurses have made 4500 visits, as follows:
Expectant mothers 468
Deliveries (home) 2
Mothers with new babies 173
New Babies 109
Illness—not contagion 881
Contagion 362
Infants 210
Pre-school 73
School 174
Insurance cases 135

No fees were collected in many cases. It is in order to permit people who are unable to pay, to have the benefit of the nursing service and to otherwise maintain it, that the drive for funds is necessary each year.

Nursing service for children at Cinnaminson, Riverton and Riverton Parochial schools, continues, as does also that of the Metropolitan Life and John Hancock Insurance Companies.

Volunteer drivers working with our transportation committee have solved the problem of carrying the many patients who must go to hospital clinics. Their helpfulness is greatly appreciated by the society, and we hope, by the patients carried, because they get no other remuneration for the time and expense they give to this work.

Patients carried for the past year number 211.

The keeping of records has been greatly improved by the purchase of a fireproof filing cabinet. The society continues its supervision under the Red Cross, and is also affiliated with the National Organization for Public Health Nursing. These associations, it is expected, will help to keep the work of our local nursing service up to the latest and highest standards.

Miss Gladys L. Badger, Red Cross supervisor, visited here the early part of the summer, gave some helpful suggestions and approved of the work being done.

Miss Helen Blair, senior nurse, having served this community for over ten years, was granted a two-month's leave of absence in order that she might observe and study. She visited schools in Landsdown, Newark, and at Yale, Phipps Institute, New York Hospital Institute, spent a week at East Harlem Nursery Centre, observing demonstrations and gaining much knowledge generally, all of which will be beneficial to the community.

During Miss Blair's absence Miss

LOCAL QUAKERS WINNERS IN SOCCER GAME

The boys of the Westfield Friends' School journeyed over to the Frankfort Friends for a very interesting soccer game. The local "Quakers" were victorious by a score of 3 to 0.

The game was played on the splendid Baldwin Memorial Field under the best of conditions.

Westfield's forward line in this game were: J. D. Clark, Jr., Richard Hollingshead, Emory Laskokey, Roy Heisler, Gorham Sargent. At the half-back positions the following played: Bill Dunn, Mark Hoefner, Harvey Hirst, James Marshall, Calvin Robbins, Fred Langenberg and Bill Langenberg.

In the back line of defense were Robert Flower and William Noble, while David Pittinger guarded the goal.

It was a well-played game by both teams with team work the keynote of ability. Everybody played well and Clark and Laskokey accounted for the scoring kicks.

The boys are grateful to Mr. Holter and Mrs. Langenberg who kindly provided the transportation for this event.

Cook carried on with the help of Miss Henrietta Taylor. Board members and nurses during the year attended conferences at Four Mile Colony, Red Cross in Camden, and other meetings where helpful knowledge was gained.

The Society gratefully acknowledges the help received in the way of money and supplies from local organizations and individuals.

The following officers will serve for the year ending October 1, 1935: Chairman, Mrs. Charles Evans; vice chairman, Mrs. Victor Ritschard; treasurer, Mrs. Ralph Flower; assistant treasurer, Miss Martha Biddle; secretary, Mrs. William McCamy.

MYSTERY MURDER AT CAMBRIDGE

Robbery Supposed to Be Motive in Killing of Philadelphia Monday Night

The dead body of Joseph J. Hancock, 47, houseman in the family of Dr. Harry Hudson, of 1531 North Sixteenth street, Philadelphia, was found in a bedroom of his bungalow in Cambridge, near Riverside, Tuesday, by the wife of his employer, who drove to Riverside to ascertain why he did not report for work on Monday morning.

Hancock had been beaten to death after a desperate struggle, indicated by the topsy-turvy condition of furniture in the bedroom.

Mrs. Hudson was accompanied by John L. Bohlke, a nurse, also in the employ of the physician. They received no response to raps on the door of the bungalow. Finding it unlocked they entered the dwelling and made the startling discovery that murder had been committed.

Chief of Police William Voshell, of Riverside, was notified and he in turn sent for Detective Ellis H. Parker and Coroner William O. Cunningham, who started an investigation.

Hancock lived alone, coming to the bungalow principally over week-ends. On many occasions he had men friends spend the week-ends with him.

Robbery is believed to have been the motive of the crime, as the rooms had been ransacked. It is not known if any loot was taken.

Mrs. Mary W. Richards, of Willow Grove Annex, Pa., identified the body as that of her son.

Dr. John S. Conroy, of Burlington and Dr. Daniel F. Remer, of Mount Holly, conducted a postmortem of the body at Cunningham's morgue, Riverside.

A new angle was injected into the case on Wednesday when neighbors declared that a young man had lived with Hancock, some time ago, whom he introduced as his son. The murdered man's mother and brother declare that he never married and had no son. The police authorities are looking for the "son" of whom they have a photograph.

KIRILENKO GRIPS SAVOLDI TONIGHT

Ex-Cossack and Jumpin Joe Savoldi to Grapple in Camden Arena.

Two Out of Three Falls

The fur sure will fly at the Camden Armory, Thursday night when Martos Kirilenko, fiery Russian ex-Cossack and Jumpin Joe Savoldi, one-time claimant of the grappling championship of the world, answer the gong in the feature two out of three falls, ninety minute time limit duel.

Kirilenko, strictly an orthodox matador, and Savoldi who relies on the modern mat methods to bring him victory, are sure to supply the fans with the fireworks they expect to see. Martos, the barefoot matman, held Mike Mazurki to a draw at the Drill Shed feature event last Thursday, and he reasons, the only way that was accomplished is that Mazurki's stance was similar to his.

The above mentioned Mike Mazurki, will be seen in the forty-five minute semi-final. He will be opposed by the popular Ernie Zellers, of the University of Indiana. Both Mazurki and Zellers are wonderful showmen and orthodox grapplers.

No Camden show is complete without having the idol Irish Jack Donovan on the bill. The Boston youngster, who will meet another mat mauler in the person of Ted Christy, of Los Angeles, in the second bout, a half-hour duel.

Philadelphia's own—Stan Sokolis, former leader of the University of Pennsylvania football and wrestling teams, will meet Dobie Osborne, Texas Bronco Buster, in the opening half-hour duel.

The Mount Holly work will cost \$2,313 of which the township will pay \$129 and the Federal government the rest. The Easthampton work will cost \$1854, of which the township will pay \$34. The men will be employed about two months.

A third project calls for the construction of 17,000 lineal feet of 8 inch sanitary sewers and 2400 lineal feet of house connections and all appurtenances in Lenola. DEATH AFTER DARK

Of 26,000 motor fatalities last year 29,000 occurred at night—nearly 11,000 between 5 and 9 p.m.

These are some of the statistics presented by Governor Harold G. Hoffman showing that night driving is more hazardous and therefore of great danger to drivers, pedestrians and personal property.

Writing in the current Liberty Magazine the Governor says: "As a nation, we have failed to grasp the fact that as the sun goes down, so must our speed. We are simply driving too fast for our eyes."

"The total economic waste of night-time automobile accidents is estimated at nearly one and a half billion dollars, or four times the much advertised fire loss," he says.

TO THE VOTERS OF CINNAMINSON TOWNSHIP

Because of our concern for the continuation of the present clean and efficient management of public affairs in Cinnaminson Township we are writing to urge the re-election of Maurice Conrow to the Township Committee.

Mr. Conrow is by nature deeply interested in all public affairs, and in the two terms he has served as Township Committee member has been an able, faithful and conscientious worker in Township administration. His keenness of judgment and foresight have materially aided in maintaining Cinnaminson's strong financial condition which has been the envy of many less fortunate districts.

A clean victor in a close primary election Mr. Conrow merits the hearty support of all thoughtful citizens of Cinnaminson.

FAMILY SHARES BAKER ESTATE

Divided Between Children and Grandchildren. Charities Previously Aided

The will of George C. Baker, founder and president of the Baker-Flick department store, filed last Friday at Mount Holly, bequeaths one-half of his estate to his two sons and a daughter and the residue to grandchildren when they reach the age of 25.

In the event of no grandchildren being alive after the deaths of his children then the remaining one-half is to be divided equally between the Methodist Home for Aged and Infirm, Collingswood, Camden Deaconess Home, the Camden Home for Friendless Children, Camden Day Nursery, Camden Young Men's Christian Association and the Camden Young Women's Christian Association.

If one grandchild is alive then one-half of the one-half of the original principal of the estate goes to that child and the other half to the above mentioned charities.

Interest on the grandchildren's share is to be paid his children until the grandchildren become 25.

In the will he advises the liquidation of his stock holdings in the store in favor of his son, Leonard R. Baker, who has succeeded him as president, and Edward M. Becton, now vice president of the company, or a New York chain store company. He prefers the sale be made to his son and Becton. He advises the executors or trustees of the estate to consummate this transaction as soon as they deem it wise and within a reasonable time after his death.

One-half of the estate is left outright to Leonard R. Baker, and George Harold Baker, sons, and Mrs. Carrie D. Clymer, of Haddonfield, a daughter. George Harold Baker was recently admitted to the directorate of the company, following out a provision of the will.

The will drawn on January 15, this year at the Baker home at Palmyra. The merchant died October 7, a few days after attending the sixty-ninth anniversary of the founding of the store.

The will directs that all debts and taxes be paid, including the state inheritance tax, from the principal of the estate before there is any division. It gives all books, pictures, household goods and automobiles to children of the deceased. But if they cannot agree on an equal division the trustees or executors are authorized to sell the personal property and divide the money, share and share alike.

The will was filed with Surrogate George B. Biting, of Burlington County. No estimate is given in the will on the valuation of the property and stock. Considerable of the estate had been given to charities before death.

The will names two sons and Victor H. Clymer, of Haddonfield, son-in-law, as executors or trustees of the estate.

THREE VOTE ON CORN-HOG SUBSIDY

Either the farmers in Burlington County do not take the corn-hog proposition as seriously as do the farmers in the middle west, or they are not so ready to sell their birthright for a mess of AAA pottage, for when the election on whether or not the payment of 35 cents for corn not raised, and \$15 a piece for hogs not born should be continued, only three farmers turned out to vote. One voted for the continuance of the subsidy, and two against it!

Be it said to the credit of New Jersey that the intensive program of propaganda and pep meetings, carried on by the Administration in the middle west, according to reports in the daily newspapers, was not resorted to in this state.

Another was read from Fred Mason, Jr., Inc., who stated he would like to see the freehold conference to go over the county debt and the freehold conference to go over the county debt and the freehold conference to go over the county debt.

Freeholder Cook offered a resolution authorizing \$20,000 to be paid to the Kohn Construction Company under estimate No. 16, for work on the Landon-Stone Memorial bridge, when funds are available.

Freeholder Heister introduced a resolution authorizing the county treasurer to extend a temporary note for \$18,000 issued in July to expire in November, for a two-month period at the same interest rate of one and one quarter per cent.

Mr. Heister also introduced a resolution authorizing the payment of \$39.05 to the board's solicitor for expenses in traveling to Atlantic City in the Mifflin and Wimer motor car.

Freeholder Jones introduced a resolution requesting the solicitor to make inquiry regarding the status of the application made by a number of citizens requesting judge to make an investigation of county expenditures. The resolution passed unanimously.

The Atlantic Refining Company requested a release by the Board of Freeholders for the board's use of a tank loaned by them for the storage of asphaltic tar materials. Freeholder Jones made the motion that the waiver be signed, which passed unanimously.

The Burlington County Hospital for the insane reported that the private house telephone system was in very poor condition and recommended that the Bell Telephone Company be authorized to install and maintain such a system for \$39 installation fee and \$50.98 monthly rental. The motion was made that the communication be received and filed and the request be complied with.

The solicitor recommended that the county file claims for funds for taxes tied up in four county banks which were closed by the comptroller. The resolution passed unanimously.

The following department bills were ordered paid: Public buildings, \$11,097.21; highways and engineering, \$17,452.41; affairs, \$9,630.49; bridges, \$2,380.11; and revenue and finance, \$2,110.00.

A resolution authorizing Director Palmer L. Adams to secure a list of bond and note holders and to submit a plan for refunding the county debt as soon as possible, was passed by the Burlington County Board of Freeholders at their regular meeting held in Mount Holly, Friday.

In connection with refunding the county debt, several letters were read by the clerk of the board. One was from M. F. Middleton who offered to act in the capacity of the county's financial advisor with a \$1,000 retainer fee and commissions.

Another was read from Fred Mason, Jr., Inc., who stated he would like to see the freehold conference to go over the county debt and the freehold conference to go over the county debt.

NEEDLEWORK GUILD

The annual meeting of the Riverton Branch of the Needlework Guild will be held November 6th at three o'clock, at the home of Mrs. Robert Biddle, Highway. There will be the usual display of garments collected and the entertainment of members. Miss Harriet Stryker, of Philadelphia, will be guest of honor at the informal tea which will follow the business meeting.

At the Guild's sewing day two weeks ago, a total of 88 garments was completed, or almost twice as many as had been made during a series of sewing days earlier in the season. This is extremely interesting as showing what can be accomplished in a single concerted effort if all who are able will cooperate.

PUT THESE MEN IN COUNCIL

GIVE RIVERTON
the kind of Government that means
PROGRESS

The Democratic party presents for the consideration of the voters of Riverton three candidates for Borough Council—William Russell Smith, Francis J. Goodwin, Jr., and Walter Moyer.

These three young men represent the progressive spirit of our community. They advocate and will support measures looking toward better transportation facilities, comprehensive street improvements, correction of the intolerable Bank avenue condition, and whole-hearted support of the Fire Department and its equipment. They are pledged to the broadening of the activities of Memorial Park, including the highly desirable lake project.

WILLIAM RUSSELL SMITH

Mr. Smith resides at 102 Main street. Is married and has two children. Known to his friends as "Stick" Smith. One of the three sons of the late Royal Smith, of Riverton. He graduated at the Riverton Public School, and at the Peabody High School, Pittsburgh, Pa. He is a World War Veteran, having enlisted from Riverton and served with United States Army Ordnance.

Business—for six years secretary and assistant general manager of a large furniture factory; at present assistant furniture buyer at John Wanamaker Store, Philadelphia.

FRANCIS J. GOODWIN, JR.

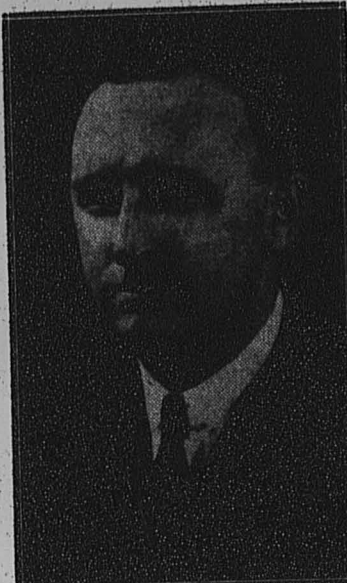

Mr. Goodwin was born in Moorestown, and has been a resident of Riverton eleven years. He is an exempt member of the Riverton Fire Company, and is now a member of the Burlington County Fire Police. Is employed in a responsible position by the Public Service Corporation, Transportation Division. Mr. Goodwin is 32 years of age. He is a staunch advocate of a salvage wagon for the Riverton Fire Company, which will save the home-owners of the Borough untold losses in cases of fire.

WALTER MOYER

Mr. Moyer who is 32 years old, is married and lives at 506 Fulton street. He has spent his life in Riverton, and is a graduate of the local public school and the Palmyra High School. He is in business for himself in general contracting work, having taken over the business of his father, H. E. Moyer. Familiar from boyhood with the needs of the borough, he strongly advocates greatly increasing the yearly yardage of amesite treatment of our streets as a permanent measure of economy.

A vote for these three candidates will be a vote for the best interests of Riverton and the ENHANCEMENT OF PROPERTY VALUES.

Sponsored and paid for by the Triangle Democratic Club of Riverton.

FRANCIS J. GOODWIN, JR.

E. N. COOPER TALKS TO STUDY GROUP

Former Principal of Riverton
School Speaks on Child
Problems

Mrs. John C. Harper, Jr., conducted the child study group of the Riverton Parent-Teacher Association on Monday afternoon. E. Newbold Cooper, the speaker of the afternoon, related several interesting problem cases which he has dealt with in his capacity as supervising principal of the elementary school at Girard College.

Mr. Cooper devoted the past summer to the study of children and the problems they present to parents and teachers. He read many excerpts from the authors whose books he has studied, and gave reports of the statistics compiled in various fields of group study. Among these was one which opened a friendly discussion: "Why the eldest child in a small family was found to be prevalent in a recent survey of runaway children."

Mr. Cooper's firm opinion is that home and family influences are most important to children, but that "parenthood is not ownership." Parents should not only care for the physical, emotional and recreational needs of a child but also love him, try to understand his faults and win his confidence and respect.

Miss Staman supervising principal, expressed the hope that many more parents would attend future meetings of the study group, not only to hear the discussion of significant topics, but also to bring their own problems and opinions.

PTA CONVENTION
AT ATLANTIC CITY

"Future of the Present Generation"
Theme of Annual Meeting;
1200 Attend

The thirty-fifth annual convention of the New Jersey Congress of Parents and Teachers was held at the Ambassador Hotel, Atlantic City, October 23, 24, 25, with 1198 mothers and fathers and 100 teachers representing the 870 separate associations in the state.

Mrs. Walter L. Bowen, of Riverton, the president, introduced the convention topic, "The Future of the Present Generation," in her address. In speaking of the youth of the day, Mrs. Bowen said: "It shows a disposition to face realities, to tackle the problems of life, fearless and unashamed. Instead of being a lot of wet blankets, smothering the natural impulses, hopes and aspirations of boys and girls who are very much like the boys and girls of former generations, we could more profitably bend our efforts to providing a better world for them to live in, a better world to hand over to them when the time comes for us to lay down our reins." Mrs. Bowen further advised parents and all those interested in children, their welfare and happiness to "Strive your utmost to be worthy to help these boys and girls who are on the threshold of life to meet their problems with courage and a confidence that comes from a realization that mother and dad, school and church believe in them and are pulling for them."

Among other interesting speakers were: Mrs. J. K. Pettengill, first national vice president; Mrs. Charles Adams; Dr. M. Montfort Melchior, of Girard College; Edgar F. Buncie, State Department of Education; Dr. Henry Hitt Crane, of Scranton; Sargent John Conover, of the New Jersey State Police and Dr. Charles Elliott, New Jersey Commissioner of Education.

CHRISTIAN SCIENCE CHURCH

"Everlasting Punishment" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, November 3, 1935.

The Golden Text is: "Create in me a clean heart, O God; and renew a right spirit within me" (Psalms 51: 10).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Let no man say when he is tempted, I am tempted of God: for God cannot be tempted with evil, neither tempteth he any man" (James 1:13).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Sorrow for wrong-doing is but on step towards reform and the very easiest step. The next and great step required by wisdom is the test of our sincerity—namely, reformation. To this end we are placed under the stress of circumstances. Temptation bids us repeat the offence, and we come in return for what is done. The design of Love is to reform the sinner" (pp. 5, 35).

PTA CONVENTION
AT ATLANTIC CITY

"Future of the Present Generation"
Theme of Annual Meeting;
1200 Attend

The thirty-fifth annual convention of the New Jersey Congress of Parents and Teachers was held at the Ambassador Hotel, Atlantic City, October 23, 24, 25, with 1198 mothers and fathers and 100 teachers representing the 170 separate associations in the state.

Mrs. Walter L. Bowen, of Riverton, the president, introduced the convention topic, "The Future of the Present Generation," in her address. In speaking of the youth of the day, Mrs. Bowen said: "It shows a disposition to face realities, to tackle the problems of life, fearless and unashamed. Instead of being a lot of wet blankets, smothering the natural impulses, hopes and aspirations of boys and girls who are very much like the boys and girls of former generations, we could more profitably bend our efforts to providing a better world for them to live in, a better world to hand over to them when the time comes for us to lay down our reins."

Mrs. Bowen further advised parents and all those interested in children, their welfare and happiness to "Strive your utmost to be worthy to help these boys and girls who are on the threshold of life to meet their problems with courage and a confidence that comes from a realization that mother and dad, school and church believe in them and are pulling for them."

Among other interesting speakers were: Mrs. J. K. Pettengill, first national vice president, Mrs. Adams; Dr. M. Montfort Melchior, of Girard College; Edgar F. Bunce, State Department of Education; Dr. Henry Hitt Crane, of Scranton; Sargeant John Conover, of the New Jersey State Police and Dr. Charles Elliott, New Jersey Commissioner of Education.

Four past presidents of the New Jersey Congress spoke to the delegates. They were: Mrs. Augustus H. Reeve, Mrs. Drury W. Cooper, Mrs. Louis T. de Valliere and Mrs. William F. Little.

Riverton was represented by Mrs. H. P. Orlemann, Jr., delegate of the Riverton P.T.A., Mrs. Montgomery A. Simons, Mrs. Edward H. Blackwell and Mrs. Francis B. Elwell. Mrs. Harvey E. Stewart and Mrs. Charles F. Stewart attended the Thursday session.

BIRTHDAY SURPRISE

Several friends of Mrs. Sara Price surprised her with a birthday party at the home of Mrs. George Mack, of Leconey Circle, Wednesday. The guests were dressed as children. Mrs. Mark Nace wore a child's costume of the late sixties. The prize for the largest lollipop was awarded to Mrs. Clara Price. The guests were Mrs. Mark Nace, Mrs. Evelyn Wert, Mrs. Ann Cook, Mrs. Mary Alloway, Mrs. Emma Craig, Mrs. Helen Long.

CHURCH
NEWS

CHRISTIAN SCIENCE CHURCH

"Everlasting Punishment" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, November 3, 1935.

The Golden Text is: "Create in me a clean heart, O God; and renew a right spirit within me" (Psalms 51: 10).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Let no man say when he is tempted, I am tempted of God: for God cannot be tempted with evil, neither tempteth he any man" (James 1:13).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Sorrow for wrong-doing is but on step towards reform and the very easiest step. The next and great step required by wisdom is the test of our sincerity—namely, reformation. To this end we are placed under the stress of circumstances. Temptation bids us repeat the offence, and woe comes in return for what is done. The design of Love is to reform the sinner" (pp. 5, 35).

TIPS ON GROWING

BY ONE WHO GREW UP IN
THE BUSINESS

Here is the 1936 All-American selection of Flower Seeds as made by the All-American Council of Seedsmen. Each year the leading seedsmen of the United States pass on the very latest novelties that will appear in the Seedsmen and Nurserymen's catalogues for the coming year.

The list is eagerly awaited by those growers who want only the very latest and best in their gardens and especially those who like to compete with something different at Flower Shows. For weeks to come, by press and radio, mention will be made and full descriptions given of these horticultural prize winners.

Perhaps the most entertaining article in the latest Bulletin of the American Iris Society is the origin of the Duke Iris Garden at Duke University. John C. Wister, of Philadelphia, is responsible for the laying out of the garden, the task being started in 1934 in soil so clayey that hundreds of tons of cinders had to be used to lighten it. When finished the garden will contain about 26,000 plants in about 300 varieties, 10,000 Japanese having already been planted, and in addition many bulbous Irises have been planted. When completed (likely this fall) this will no doubt be the finest Iris garden in the world.

It's a nuisance of course, but the time has come to decide whether or not you will protect your Roses with soil during the winter. Perhaps the last two winters were runners of a cycle of years of colder weather, and to make sure the plants are alive in the spring, it would be better not to take chances and mound each of your Hybrid Tea Roses with a cone of soil, brought from say the vegetable garden, and when this soil mound becomes frozen, cover 't in turn with leaves (oak preferred) held in place with coarse garden litter.

Protect the Butterfly Bush in the same way, cutting the plant back to the soil line in the spring and defer pruning your Roses until spring. You will get finer and better flowers from the Butterfly Bush if you prune hard. If you are so fortunate as to have the beautiful blue Vitex macrophylla in your shrub border, treat it in the same way as the Roses. Also Caryopteris.

Rose lovers are mourning the recent death of Alex B. Scott, of Philadelphia. Mr. Scott personally introduced the lovely Pink Columbia Rose and Red Premier, and for Alex Dickson and Son, of Ireland, the varieties Irish Fireflame, Liberty and many others in this country.

DEER HUNTERS MEET

A meeting of the State Federation of Deer Hunters and Clubs will be held Wednesday, November 6, 1935, 8 p.m., at Grange Hall, Blackwood, N. J. Speakers, entertainment and door prizes. Membership buttons will be distributed to the members and clubs. Members of the Fish and Game Commission will be present and representatives of various County Fish and Game Associations.

All deer hunters and clubs are invited to attend.

Seven thousand lives are lost in this country each year by drowning.

Book Exhibit Day

No definite date has been set as yet, but in the near future a Book Exhibit Day will be held in the Riverton Porch Club sponsored by the Riverton Free Library.

For several years, Mrs. Anne W. Pennell and Mrs. Esther Duke, of Moylan, Pa., owners of the Bookways Book Shop, have visited schools in this vicinity interesting children in children's books. Ten per cent of all purchases has been the school's share of the profits.

This money has been used to enlarge the school libraries.

This year, however, it has been decided by the participating schools to let the Riverton Free Library sponsor the exhibit and get the 10% profits.

A definite date will be published in this paper later.

FARM WAGES IN NEW JERSEY

The average wages paid for the different classes of farm labor on October 1st this year is estimated by State Board of Agriculture correspondents as follows: By the month with board, \$46; by the month without board, \$46; by the day, including piecework, with board, \$1.60; by the day, including piecework, without board, \$2.20. This is compared with the average wages as of October 1, 1934, as follows: By the month with board, \$26.50; by the month without board, \$46; by the day, including piecework, with board, \$1.55; by the day, including piecework, without board, \$2.05.

Phalanx Fraternity

On Monday evening, October 28, the sixteenth meeting of the Omega Chapter, Phalanx Fraternity, was held in the YMCA building. A communication was received inviting this chapter to conduct an induction of a chapter in Collingswood sometime in the near future. The Fraternity went on record as approving the week of December 9 for a movie benefit. It also approved of being host to the county Young Men's Groups the first part of December.

After this meeting six reels of movies were shown. These were secured by the program committee through the courtesy of Norman Schriver. Housing Ingraham consented to operate the projector for the Fraternity. Some of the titles were a Gang comedy, "A Pleasant Journey," and "Grandpa's Big Boy."

The next meeting will be Monday, November 11, at which time full reports will be given from the program, movie benefit and constitution committees.

Thursday evening the Fraternity members were the guests of the Rotary Club, at which time they were entertained to dinner and Dr. Melchior, superintendent of High Schools at Girard College, spoke on the subject, "Can Democracy Survive in the U.S.A.?"

PALMYRA WINS
BRIDGE TAX SUIT

Tax assessment by Palmyra of that part of the Tacony-Palmyra bridge within New Jersey's boundaries was sustained last Saturday by the State Board of Tax Appeals. The bridge company sought cancellation of a \$550,000 assessment, contending the borough's taxing authority did not extend beyond the high water mark of the Delaware River.

"The board is of the opinion," said its decision, "that the territorial limits of the municipality or taxing district extend into the navigable waters."

FRIENDS DEFEAT
LANSLOWNE FRIDAY

The boys of Westfield Friends' journeyed over to Lansdowne on Friday afternoon for a hot game of soccer. The weather and the speed of the game merged to keep things warm and stirring. In the first few minutes of play, Lansdowne's big powerful eleven scored over the locals. It was a lost team that watched the big fellows rush that goal.

But a forward line composed of J. D. Clark, R. Hollingshead, E. Laslocky, G. Sargeant, and R. Heisler went to work and tied the score on the next five plays.

The rest of the game the ball was back and forth across the field but the home team could only account for one more goal.

Both teams failed to score on penalty kicks; however, Westfield scored a goal that was not allowed because of "hands."

The game ended Westfield 3, Lansdowne 2. The local Friends will play a return game on Monday, November 4th, at 3 p.m.

The strength of this team will be a real test for the Friends' booters. Transportation was afforded by Mr. Clark, Mr. Lagenberg and Mr. Hollerith.

Cinnaminson fifth grade will play Westfield Friday in a practice game.

YWCA NOTES

Clubs and other groups planning for meetings, parties and special projects are urged to make use of the wide variety of material available at the county YWCA office, Paxson street, Mount Holly.

For worship services the office can supply ceremonial suggestions for special holiday services and YWCA hymns. Song sheets, a portable victrola and records can be borrowed for club programs. Along dramatic lines, the office can supply a number of plays, costumes and plays for marionette shows. Handicraft suggestions, instructions and exhibits are on hand for the many girls and women interested in this activity. For recreation, clubs can make use of a portable ping pong table, party plans and game books. In addition, the office is ready to help with money-making schemes and service project suggestions.

Anyone wishing to make use of this material is cordially invited to visit the office or telephone Mount Holly 138-W.

DINNER DANCE
AT MEDFORD LAKES

Log Cabin Lodge at Medford Lakes will be taxed to capacity on Saturday evening of this week when the dinner dance sponsored by the Young Republicans of Burlington County is held. Following the usual custom the dress will be informal.

All the candidates are expected to attend with the probable exception of Dr. Newcomb who was recently operated upon for appendicitis. The candidates will be introduced but will not speak, this procedure having proved very popular with both the candidates and the audiences in the past.

Of expectation fails, and most oft where there most it promises—Shakespeare.

YMCA BRIEFS

How would you like to help a group of 10 boys live a more wholesome life through a guided program of activity? The local YMCA needs a few more men to help in its boys' work program. If you are willing to give a bit of your time, call Mr. Mount or the "Y" office.

Boys are interested in making things and doing things. Will you be one to help with your time?

S. S. Club

The first meeting of the S.S. Club was held at the Y social hall on Tuesday afternoon at 3:45. The following fellows were present and took part in the games and the meeting: Wesley Cooper, Joe Switzer, Sidney Wenof, Stanley Lipkowitz, Robert Joyce, Thomas Heullings, Roy Hardy and Frank Weigand. Wilton Mount, secretary of the Y, talked to the fellows and told of the plans for the year.

The next meeting will be held election day at 3:40. The program will consist of election of officers and routine business. The athletic part of their program will be a "treasure hunt."

Louis Koppenhoefer will be the leader of this group. Louis has had experience with younger boys and the fellows are happy to have this popular member of the class of '35 as their advisor.

Ex-Hi-Y Members Party

The Senior Hi-Y of last year, now men of the world, all grads of Palmyra High School, will stage a co-ed party at Pomona Cabin at Camp Ockanickon on Thursday. Mr. and Mrs. James DeVor, Miss Erma Seel and Joseph Seel will act as chaperones on this Halloween frolic.

These fellows are again meeting once each week under the leadership of Mr. DeVor for the third year. Three of their active members are in college, namely Bill Headington, Howard Barto and Russell Rivers.

YMCA Members to Be Guests

All members of the Y groups are invited to attend a special program of real boy interest at the Methodist Church on Monday night.

The scouts of Troop No. 1 under the leadership of Scoutmaster Branson will be hosts. Every Y group member is urged to be at this affair.

High School Boy Elected

to preside at one of the sessions to be held at the Older Boys' Conference in December. One session of this Youth Gathering will be held in the Rutgers University chapel.

Father and Son Banquet Soon

Plans are well under way for the annual father and son banquet to be held the third week in November. In addition to the now famous meal served by the Ladies' Auxiliary, special music, interesting speakers, and other features are being incorporated into the program. Again this year there will be only two hundred (200) tickets sold. That is 100 for lads and a like number for fathers. Advance requests may be made by calling Riverton 904-W.

Boys Attend Football Game

A party of over fifty attended the Penn-Lafayette game on Saturday afternoon at Franklin Field. The trip was made in private cars. Although the power of Penn turned the grid battle into a track meet, all the thrills of college football were there. The Penn band, the cheering section, and the grit of the visitors were often mentioned among the boys.

The following men furnished transportation: H. B. Williams, Andrew Pfaff, Frank Eastlack, James Seithers, Joseph Low, E. N. Cooper, C. H. Yost, Howard Evans, C. P. Mayfield and W. E. Mount.

STOKES SPEAKER
AT MOORESTOWN

Former Governor Says Republican Chances in '36 Are Greatly Improved

Former Governor Edward C. Stokes was the principal speaker at a Republican pre-election rally held in the Moorestown Community House, Tuesday night.

When Governor Stokes was introduced as the "best loved Republican in New Jersey," he received a r. ovation. He said that it had been his good fortune to be "born in four counties, one of which is Burlington." He had spent much of his boyhood in this county, although having first seen the light of day in Cumberland. The Governor said he never misses a chance to come into Burlington to speak.

One of the high spots of his speech was the charge that the federal government is exercising gross discrimination against New Jersey in its distribution of Relief money. Whereas the parent government takes from this state \$99,000,000 annually, it gives only \$52,000,000 of it back, using the money wrong from the overburdened taxpayers of New Jersey, to lighten the load in other and more favored states. "If I were Governor I would demand of the federal authorities that at least \$20,000,000 more be returned to this state to feed the hungry. And I would make that demand so loud that it would be heard," said the speaker.

Then the Governor dwelt eloquently upon the Constitution, its purposes, its protection of the rights of the individual and its value as a bulwark of national defense against the onrushing menace of world-wide dictatorships. "But two great powers are now free from it—the United States and Great Britain."

Governor Stokes spoke most encouragingly of Republican prospects in 1936. He said that only once since the Civil War has a Democratic President succeeded himself. The trend now is strongly Republican. Nearly everywhere the municipal and state elections prove it. He had figured that if New Jersey shows the same rate of change that was recently recorded in Rhode Island, this state will return a Republican plurality of 400,000 next year.

Others who addressed the well-attended meeting were, State Senator Clifford R. Powell; Camden County Surrogate Frank B. Hanna; Shrievally Candidate John M. Chant; Freeholder Candidate Walter D. Lamon and Coroner Candidates Whomaley and Roberts.

The record of Dr. Marcus W. Newcomb, who was unable to be present, was highly praised by many of the speakers and more especially by Dr. S. Emlen Stokes, of Moorestown.

NEW OFFICERS

The officers for the Junior Phila-thea Class of the Central Baptist Church have been elected for the coming year. They are: president, Mrs. William Mack; vice president, Mrs. George Erickson; recording secretary, Mrs. Harry Hough; corresponding secretary, Mrs. Anne Mason; treasurer, Mrs. William Engle.

Mrs. Meta VanHaagen, program chairman, presented the year's calendar.

The Silver Lining

Even in life's darkest moments there are little flecks of silver lining if only we are willing to look for them.

Below is a poem written by a woman in the hospital for a very serious operation, but she had the spirit to conquer her pain and moments of gloom to write about the beautiful flowers and thoughts sent by her friends, and the friendly spirit of nurses and doctors. After all, life isn't so bad if we try to find the bright spots.

Reader.

THANKS

Of all the flowers that enter my room,
Those who take away the gloom,
Are the lilies pure and white.
They seem to heal my pains each night.
I'm always, "What can bring you?"
So gently they peep in when I'm taking my
I kid them now—it's all in fun,
But if I had a million I'd give them some.
It will be hard for me ever to repay
The kindness they've given me each day.
The kindness they've given me each day.
When you're in pain or feeling blue,
I know they're tired when the day is over—
Don't think their work's a bed of clover.
I'm going to tell all my friends
It took the Burlington County Hospital to
make my minds.
I thank the Doctors, Nurses and all the
Staff
And thank God for them that I can still
Don't blame the hospital if you can't take it.
For life is won by what you make it.
Give them credit for the good things—
Don't advertise the worse.
It's generally the ones who come in dead
Who leave via the hearse.

STEELE-MAZURKI
IN CAMDEN RING

With the promise of the Hanly Brothers, promoters of the Camden Armory, Haddon avenue and Mickle street, that they will do everything they possibly can in attempting to land the signature of Danno O'Mahoney to a set of articles to defend his title against the winner between Ray Steele, of Glendale, California, and Mike Mazurki, of Poland, in their two out of three fall, ninety minute time limit go, Thursday night, the contestants are certain to give their all in quest for victory.

Steele already has grappled a title go with O'Mahoney. This bout took place at Detroit and at the conclusion of an hour of nip and tuck wrestling, the referee rendered a draw verdict. Since that bout, efforts to get the Irishman to meet Steele again, in a finish tussel have proved futile.

The forty-five minute semi-final between Freddy (Legs) Grubmeier, of Harlan, Iowa, and Irish Jack Donovan, of Boston, last Thursday conqueror of Ed Meske, has the interest of the fans.

Hank Barber, of Boston, who is certain to surpass Sammy Stein, and Paul Boesch, as the idol of the Jewish grappers, is slated to appear in the second number of the evening, a half hour tussel. His foe will be Stan Sokolis, former captain of the University of Pennsylvania football and wrestling team.

Tom Alley, inventor of the surfboard hold, and Cliff Olsen, originator of the Swedish flying slam, will be the contestants in the opening event of the evening, a thirty minute

engagement.

POST RODGERS TO ATTEND M. E. CHURCH

The post has been invited to attend a special Armistice Service at the Methodist Church Sunday evening, November 10. All members and veterans are requested to meet at the Legion Home at 7.15 and march to the church in a body. Members are requested to wear Legion caps. All ex-service men are cordially invited to attend with the post.

Regular Meeting Postponed

The regular monthly meeting of the post has been postponed one week due to general election day. The postponed meeting will be held in the Legion Home at 8.30 Tuesday evening, November 12.

Post Commander Stuck will outline his program for the coming year, as well as hear reports from those committees already operating under the newly-elected officers.

Toy Committee

The Christmas toy committee under the chairmanship of Charles King is planning a larger and better Christmas for the less fortunate children of this area. This effort of the Legion's can only be successful if the residents of Palmyra, Riverton and Cinnaminson help by donating used or new toys, dolls, wagons, cycles, etc. All of these used pieces are repaired and painted and placed in the hands of the children of this section.

The Legion's community service program started with the Halloween parade Wednesday. This event sponsored by the Legion with the assistance of the business houses of the communities is given for the enjoyment of both children and grown-ups.
