TUITION UNPAID AT PALMYRA HI

Board to Meet With Delinquent
Sending Districts on
April 6

At the regular meeting of the Palmyra Board of Education, held in the high school building, last Thursday night, William A. Donaghy, chairman of the finance committee, reported that sending districts were \$5,806.60 delinquent in their tuition bills.

Mr. Donaghy stated that Riverton was the largest delinquent, with two months tuition owing. This he stated was unusual for Riverton.

The date of April 6th was set for a visitation to the sending districts board meetings where the matter of delinquent tuition will be discussed. Members of the finance committee will make this visitation.

The financial report of the district clerk, Mark W. Nace, the reports of the custodian, Edwin A. Griscom, and of George B. Snyder, chairman of the cafeteria committee, were received and filed.

The recommendation of the finance committee to pay the teachers 60 per cent in cash and 40 per cent in scrip was approved by the board.

On recommendation of Sydney S. Berger, chairman of the educational committee, Thursday, April 2nd, was set for a special meeting of the board to consider teacher reappointments and high school accommodations.

Health Report

Dr. H. W. Bauer, medical inspector, reported that during the year 472 examinations had been made; 248 examinations had been made for basketball, swimming and boxing. Defects reported were: 11 for vision, 21 for teeth, 15 for tonsils, 5 for hearing and 4 for posture. The report was ordered received and filed.

The hygiene teacher, A. K. G. Long, reported that 1162 children had been examined for communicable diseases and that 256 had been examined at the request of the teachers. Seventeen were excluded for headaches, colds, etc., and 16 readmitted. Mrs. Long reported 75½ hours devoted to school work.

Mr. Berger recommended that permission be granted Miss Taylor to continue the adult evening classes in home economics one evening a week, and that the board of education bear the expense of gas and electricity used in the class. The estimated expense is \$2 weekly. The recommendation passed unanimously.

The subject of the use of the fire siren as a weather signal, to denote one or more sessions of school was discussed. The matter was left in the hands of the committee for further investigation and discussion with the fire chief.

To Protect Athletes

The board approved the purchase of ten gallons of Altaco disinfectant and a foot tub at a total cost of \$32. The disinfectant will be used in the boys' shower room to prevent the spread of athletes' foot.

C. F. Dengler, supervising principal, reported on the February attendance record. The breakdown by schools is as follows: Spring Garden street grade school, enrollment 369, percentage of attendance 85.7; Delaware avenue grade school, enrollment 326, percentage of attendance 90.6; high school enrollment 725, percentage of attendance 88.8. The total for the month: enrollment 1420 and percentage of attendance 88.4. By comparison, January's enrollment was 1441 with an attendance percentage of 92.8. The inclement weather and epidemic of gripe has tended to lower the attendance percentage.

Mr. Dengler reported that Louis J. Kaser, county superintendent of schools, had received complaints relative to the loading and unloading of pupils from the school buses. Mr. Kaser visited the school to observe how this was done and recommended that parking of private cars be

DIOCESAN SERVICE OF GFS AT TRENTON

Ten Representatives From Riverton
Attend First Diocesan Service
In New Cathedral

The first Diocesan Service of the Girls' Friendly Society was held in the Crypt of the new cathedral in Trenton on Sunday, March 29th, at 4 o'clock.

About three hundred fifty members and associates of the GFS marched singing into the crypt with their banners.

Bishop Mathews delivered the sermon.

After the service the congregation went into Synod Hall where Miss Morrison, from the Central Office, spoke about her visit to St. Faith's school, China, last summer.

The offering was applied to the support of a teacher at that school, Miss F. Moore, from Philadelphia.

A buffet supper was served. Ten representatives from Riverton attended, namely, Mrs. William Hoffman, Mr. and Mrs. Harry Kenny, Eleanor Friday, Marjorie Cole, Clare Keely, Emma Rotenbury, Polly Mathews, Florence Gorman and Miss May Slimm.

SUNRISE SERVICE AGAIN THIS YEAR

Music Starts at Four O'clock,
Services Follow at Five,
Thousands Expected

The Easter Sunrise Service, now famous throughout South Jersey as a beautiful, non-sectarian commemoration of the resurrection, will again take place at Lakeview Memorial Park, Cinnaminson, at 5:00 o'clock Easter Sunday morning.

This inspiring religious service has been the Mecca for thousands of families for the past three years and again the sponsor promises to observe the 205-year-old Moravian custom with an even greater measure of impressive beauty.

The service is conducted by the Palmyra Moravian Church, of Palmyra, New Jersey, and to everyone a cordial invitation is extended.

Lakeview Memorial Park is situated on the Burlington pike, one-half mile north of the Moorestown-Riverton road, and a huge illuminated cross atop the Singing Tower will guide the visitor to the place of worship.

Music from the Singing Tower will begin at 4:00 a.m., and will be followed by the regular Sunrise Service at 5:00 a.m.

Ample parking space is available in the spacious drives of Lakeview Memorial Park.

The service will be conducted regardless of weather conditions.

tween the two entrances on Fifth street be prohibited. This will permit the buses to pull up to the curb to take on and discharge their passengers. The matter will be taken up with the police department to secure the necessary signs and regulate the enforcement.

Track at Athletic Field

Frank Snowden, chairman of the building and grounds committee, stated that he had a request to have the athletic field scraped to permit its use for track. Permission was granted to scrape and roll the field for track, subject to the approval of the athletic director and the building and grounds committee. The expense for the work to be borne by the athletic council.

Mr. Snowden recommended that the duties of all janitors be placed under the direct supervision of Mr. Dengler, and that they be notified of their responsibility to him. The central authority placed with Mr. Dengler, rather than members of the building and grounds committee it was felt, would bring a more efficient discharge of the janitorial duties. A motion to that effect was unanimously carried.

INVESTIGATORS TO REPORT CO. PROBE

Cost to County Nearly \$10,000;
Freeholders Float Note
to Pay Bill

The Burlington County Board of Freeholders was informed last Friday by Prosecutor Howard Eastwood that the final report of the investigators who have been engaged in a probe of Burlington County affairs will be ready in about two weeks.

The bill for the work was presented by Antinoph and Glassman, of Atlantic City, and amounted to \$9,928.43. Prosecutor Eastwood stated that it was the obligation of the Freeholders to pay the bill even though the investigation was made in response to a petition by a number of taxpayers.

Freeholder Lamson offered a resolution authorizing the county to borrow the sum needed to pay the investigators by issuing an emergency note. The resolution passed unanimously.

The bill covered services from October 12, 1935, to February 28, 1936.

Director Adams then offered a resolution authorizing the payment of the bill of the investigators, which passed unanimously.

Freeholder Jones offered three resolutions granting permission to Public Service Electric and Gas Company to erect one pole on Main street, Moorestown township; one pole on the Jacksonville road, Burlington township, and one pole and anchor on Church street, Mt. Laurel.

Cows for County

A letter from Charles Thompson, county farm agent, was read. The letter stated that he and Freeholder Cook had gone to Wisconsin to purchase cows for the county. The county agent stated that 14 cows were purchased, 11 of which were Guernseys and 3 Holsteins. The cows were T.B. inspected and vaccinated against shipping fever. Their age varied from three to five years. The cost was slightly under \$2,000, the amount previously appropriated.

ADAMS EXPLAINS 'SURPLUS ACCOUNT'

Director of Board of Freeholders
Claims Figures Published
Were Not Correct

A representative of The New Era visited Director Palmer L. Adams of the Burlington County Board of Freeholders immediately following his criticism of the press concerning certain publications of fiscal items, at the meeting of the Board of Freeholders last Friday.

The director flatly asserted that the figures previously printed by The New Era and another county paper were incorrect. To support his claim he quoted the following figures concerning the surplus revenue account.

The grand total in the surplus funds, December 31, 1935, he stated was \$355,681.43. This is composed of several items which are: reserved for road equipment, etc., \$64,911.14; surplus revenue in 1936 is \$148,754.32; reserved for unpaid municipal taxes in 1932-33-34 is \$65,114.16 and surplus revenue incurred in 1935 amounting to \$76,901.81.

In the cash account he gave the following figures: current bank balance \$193,370.04; capital bank item \$21,559.31. These two items total \$214,929.35. There has been a payment in advance of \$83,292.97 in state taxes, which, while not cash, constitutes an asset that will be converted into cash at a later date. However, disregarding this asset and subtracting it from the total, Mr. Adams states that the actual cash balance at this time is \$124,759.48.

GOVERNOR SPEAKS TO B & P WOMEN

Other Prominent Speakers Address
Public Relations Dinner at
Medford Lakes

Approximately two hundred fifty members and friends of the Business and Professional Women's Club attended the public relations dinner at Log Cabin Lodge, Medford Lakes, Tuesday evening of this week.

Miss J. Margaret Warner, of Burlington, president of the club, acted as toastmaster and introduced Mrs. Pauline S. Finegan, of Burlington, who presided during the evening.

Among the guest speakers were: the Hon. Harold G. Hoffman, governor of New Jersey; Miss Lena Madesin Phillips, president of the International Women's Clubs; Miss Jesse L. Winkworth, president New Jersey Federation of Business and Professional Women's Clubs; Miss Frances A. Britton, vice president New Jersey Business and Professional Women's Club; Mrs. Myra A. Blakeslee, public relations chairman New Jersey Business and Professional Women's Club.

MANY LAUGHS IN 'ODD JOB MAN'

Junior Class Play, April 3-4,
to Benefit Washington
Trip Fund

"The Odd Job Man," the junior class play under the direction of Miss Rose Schmidt, is to be given at the Palmyra High School Auditorium on Friday and Saturday, April 3 and 4.

The town is being canvassed by the juniors who are looking forward to their trip to Washington next year. The money made on this play helps to defray those expenses.

The comedy is different, the plot interesting, and the outcome what everyone would want. The students who will portray the characters are as follows: William Good will be Mr. Gordon; Robert Coles, Michael; Ethel Clark, Dolly Gordon; Mary Gibbon, Celia Gordon; Francis Green, Robert Gordon; Reba Juhl, Kitty Muller; Anna Phile, Nora; and Esther Snow, Miss Spencer.

You will laugh and sympathize with the members of the cast in their many adventures and undertakings. Comedy is furnished by many of the characters, but in particular by Ethel Clark who portrays the headstrong little girl whose nose is out of joint because every one speaks of her big sister as beautiful. Francis Green also adds to the comedy in his part as the young heart breaker who has the tables turned on him. Robert Coles as Michael, is the odd job man who does the right thing at the right time.

PORCH CLUB NOTES

On March 31st the drama department of the Porch Club presented two one-act plays. The first play, a comedy called "They're None of Them Perfect," was written by Sophie Kerr. The parts were well portrayed by Mrs. Nathan Lane, Mrs. Stuart Clark, Mrs. Charles Carpenter, Mrs. Francis Downs, Mrs. Claude Anderson and Mrs. Bradford Stetson.

The second play, "The Early Bird," was given by the Juniors. Those in the cast were Mrs. Lynn Hendrickson, Miss Dora Parry, Miss Alice Parrish and Miss Eloise Boyer.

The business meeting of the Porch Club will be held at 2:30 on Tuesday, April 7th. The speaker for the afternoon will be Captain Frank Guy Armitage, professor in English in one of the New England colleges. Captain Armstrong is noted for his impersonations of characters from famous authors. His entertainment for this program is entitled "Queer Folks from Dickens."

STATE HEALTH BOARD ON RABIES

Harassed Officials Again Faced
By Eternal Dog Question,
Seek State Advice

Officials must proceed according to LAW, and when the law is obsolete, as the dog law in New Jersey certainly is, it is impossible to satisfy either man or beast.

The Act under which the recent proclamation was issued dates back to 1877, fifty-nine years ago, before Pasteur developed the anti-rabies vaccination, and the law has not yet acknowledged that such a thing exists, even though many nations and states have made it the base of their regulations, with increasing satisfaction and revenues each year.

The Act does not even admit that such a thing as a humane muzzle exists, but specifies a wire muzzle, when in many localities such an instrument of torture is no longer made or permitted.

A slow-motion picture of a dog in the act of biting discloses that the dog always opens his mouth wide and snaps it shut on the object he is biting, and when he wears a leather muzzle permitting the jaws to open even as much as two inches, but preventing the wide opening to start the snapping stroke disconcerted him to the extent of breaking up his attack.

It is rather interesting that the present rabies scare developing in the Philadelphia area has followed rather closely the showing of a very excellent movie of the life of Louis Pasteur, and illustrating the formerly severe results and common prevalence of rabies. While positive reports were received in the case of several dogs which were examined at Trenton, it is also interesting to note that several years ago the head of a dog that was killed in an accident, and which was known to be healthy, was sent to Trenton for examination, and was also reported to be suffering from rabies. Draw your own conclusions.

For each municipality to legislate on this question would cost many thousands of dollars and produce endless variations of ordinances, and then would not be of much use, as the State law limits the powers of municipal officials to pass adequate laws. The only satisfactory progress that can be made will be to petition the State Government to bring the laws up to date.

The latest information from New Jersey health authorities on this controversial subject is contained in the following letter.

R. W. Knight, Chairman,
Police Committee.

State of New Jersey
DEPARTMENT OF HEALTH
Trenton

March 24, 1936.

Dr. Harry L. Rogers, Secretary,
Board of Health,
Riverton, N. J.

Dear Doctor:

Confirming our recent telephone conversation, you are advised that this Department feels the vaccination of dogs against rabies is a valuable means of reducing the spread of this disease among animals. The Department feels that the Board of Health of any community should properly bring to the attention of dog owners this preventive treatment, both as a means of protecting individual dogs against rabies and also as a means of reducing the likelihood of the spread of rabies in a community. We feel that dog owners should be advised that the protection afforded by rabies vaccine does not appear to be entirely complete in all dogs from all strains of virus.

I can refer you to no provision of the State Health Laws in which authority is specifically granted to a local Board of Health or to the governing body of a municipality to require that all dogs in the municipality be vaccinated against rabies. In a few communities of the State, how-

EDGE TO MANAGE RIVERTON TEAM

"Benny" Will Have Charge of the Players, While Gorman Books the Games

The Riverton baseball team held its second reorganization meeting at the home of Bill Baker. The agenda included election of a team manager, selection of a booking manager, formulation of team policies and reports of committees. The meeting was also attended by a group of men representing the Burlington County League.

The invitation to join the Burlington County Baseball League was rejected by the membership due to the fact that joining the league would necessitate Riverton's playing away from home on alternate Saturdays. However Riverton hopes to meet the stronger Burlo teams as part of Riverton's regular schedule.

The local team was gratified to secure the services of the well-known Benny Edge, who has agreed to act as playing manager of the team for the 1936 campaign. Benny is very well known to most local fans and has for many years held the reputation of being the dean of baseball sages in Burlington county. Most boys of the local team learned their ABC's of baseball from the "Whiffle," and are looking forward to filing in many more letters in the baseball alphabet this season. We trust the Riverton fans will give Benny an enthusiastic welcome back in Riverton as the team has already given.

The booking management was placed in the capable hands of Joe Gorman, one who is most familiar with the better Philadelphia booking agencies. This step should insure a very illustrious schedule.

Two new baseball players were added to the local roster—Shreve Nelson, a heavy hitting utility man and fine pitcher combined, and Bud Armstrong, a pitcher. Both players reside in Riverside. The balance of the roster include Clay Weikman, Leon Coles, pitchers; Frank (Hep) Harper, Jim Wolf, catchers; Bill Baker, Speed Botter, Art Terrell, Bob Bartley, Chick Foulke, Leon Sloan, infielders; and Jim Reeves, Jack Eisey, Fred Conway, El Branson, outfielders.

The committee on the field and equipment reported that Memorial Park had been reserved for Wednesday twilight and Saturday afternoon games. The infield will be generally renovated to give a more stoneless and softer surface. It was also decided to buy a batting cage as soon as funds become available.

It was further decided to officially open the season on Saturday, May 9th. However, a practice game is anticipated with the Trenton State Teachers nine on Saturday, May 2. This game is anticipated through the kind offices of Art Terrell who is the captain-elect of this year's Trenton State Teachers nine.

The first practice of the season will take place this Saturday at one o'clock at Memorial Park. The club again extends an invitation to any local players who are desirous of playing with the team. All positions are open and in the discretionary hands of Manager Edge. Publicity.

YOUR CHANCE

The voters of Burlington county hail with much satisfaction the announcement that LeRoy Church would be a candidate for the Board of Freeholders in the May primary election.

The election of two such men would make a vast difference in the complexion of the board—a vast difference.

And there are two vacancies to be filled—the terms of Freeholders Adams and Cook expire.

In opposition to Adams and Cook, candidates already announced, in addition to Church, are Nelson G. Myers, of Mt. Holly, and Margaret Warner, of Burlington, who is serving her second term as a member of the city council.

"My advice to you is to go through the movements of driving without using the ball," said the golf instructor.

"My dear fellow," answered the duffer, "that's precisely the trouble I'm wanting to overcome."—Clipped.

DR. CLAGUE ON SOCIAL SECURITY

Noted Authority Will Discuss Social Security at Moorestown Community House

Dr. Ewan Clague, Associate Director, Department of Research and Statistics, Social Security Board, Washington D. C., will address an open meeting of the Burlington County Social Workers Club on Tuesday evening, April 7, 1936, at 7.30. The topic will be "Social Security." The meeting will be held at the Community House, Moorestown, and will be preceded by a dinner at 6.30.

Dr. Clague was formerly connected with the School of Human Relations, Yale University, and now holds the position of Director of Research, Pennsylvania School of Social Work. He is nationally known as an authority on social relations. His present association with the Federal Social Security Board gives him an accurate insight into all the phases of the new Security Act. A stimulating and able speaker, he presents an impartial view of the law and its significance in American life.

Reservations for dinner (75 cents), can be made through Mrs. Harry Brunt, Pemberton, N. J., before April 4.

W.C.T.U. BROADCAST

BUICK TO SPONSOR SCHMELING-LOUIS BROADCAST

Harlow W. Curtice, president of the Buick Motor Company and an ardent fight fan, has announced that Buick will sponsor the broadcast of the Schmeling-Louis fight, scheduled for New York this summer.

Contracts have been signed with the promoters and arrangements have been made for a nation-wide broadcast of the heavy-weight match over a coast-to-coast NBC network, he said.

Buick stepped into the spotlight as sponsors of major sports broadcasts when it put the Bar-Louis fight on the air last fall. The event was credited with establishing a peak in radio interest, and was the highlight of the sport last year. Announcers for the Schmeling-Louis fight have not yet been named.

RIVERTON SCHOOL NOTES

To Visit Franklin Institute

The seventh and eighth grades have planned a trip to the Franklin Institute for Friday, April 3rd.

Before going to the Institute they are going to the Academy of Natural Science to see fossils of dinosaurs and other prehistoric animals which once roamed the earth. At this museum they will also see rock specimens and diagrams showing the rock formations of which the earth is composed.

At the Institute they expect to attend a lecture in the planetarium which is supplementary to their science work. The eighth grade will especially look for exhibits of electricity, radiant energy, ultra violet rays, and radio activity.

A bus has been chartered for the trip. Miss Rothbart and Mr. Sloan will chaperone the trip.

FINAL FIGURES ON RED CROSS RELIEF

The amount received by the Riverton and Cinnaminson Red Cross for the flood relief fund, is \$1282.72. This includes the money collected by the public school, the Westfield Friends' School and the Riverton Porch Club.

HOME SHOW AT J. T. EVANS STORE

Public Cordially Invited to Attend First Exhibit of This Kind in Community

All is hustle and bustle at the Joseph T. Evans showrooms in preparation for the Home Show which will take place in their showrooms on Main street, Riverton, beginning Monday, April 13, and continuing until April 18th, from 2 to 8 p.m. daily.

The admission is free to all, with nothing to buy and nothing to sell. This is your Home Show, and to all who attend an opportunity to share in the daily attendance prizes will be given in addition to the many free samples.

This is something new and something different for this community, and the interest shown by the general public indicates it will be a great success in transmitting information and demonstrations that would otherwise not be easily available.

SOFT BALL MEETING

The Memorial Park Playground Baseball League will have another meeting in the Riverton Fire House on Monday evening, April 6th, at 7.30 o'clock as which all managers are requested to be present.

The managers will be required to file applications for their teams and pay one dollar entry fee.

There will be a report from the rules and grounds committee.

The men are to vote on how many teams will be permitted to enter the league and the schedule committee will decide upon playing dates.

DRUNKEN DRIVER COMMITTED TO JAIL

Robert F. Leitenberger, 36, of 31 South Thirty-sixth street, Camden, was charged with drunken driving by Officer John Carhart on Wednesday, March 25.

Leitenberger was driving a truck for the New Sanitary Laundry, of West Collingswood.

Dr. Harry L. Rogers pronounced the man intoxicated, and at a hearing before Recorder Frank Probsting, Leitenberger was fined \$200 and \$22.50 costs. He was committed to the county jail at Mount Holly in default of the fine.

FOR STATE SENATOR

RUSSELL Y. PAGE

of Edgewater Park, who is Democratic candidate for State Senator for Burlington County.

ANNOUNCEMENT

Announcement has been made that Russell Y. Page, of Edgewater Park, N. J., will be the Democratic candidate for the office of State Senator from Burlington County. While never actively connected with county politics, Mr. Page is not entirely unknown in the political arena. He was an independent candidate for United States Senator in 1932.

At the time of America's entrance into the world conflict, Mr. Page enlisted in the late Colonel Stone's old Company "M" Third Regiment of New Jersey. He was later transferred to the 11th Machine Gun Battalion of the 29th Division, with which he served up until the time he was wounded in the battle of Meuse-Argonne. He is active in veteran circles, being a member of the American Legion and the Veterans of Foreign Wars, and has been decorated with the famous "Purple Heart" insignia.

Page, it is understood, intends to wage a very active campaign throughout the county, and it is expected that he will be a strong candidate, having received the endorsement and full support of the regular Democratic organization. By reason of the long-standing strife and discontent in the ranks of the Republican party, the candidate's many friends are prepared to battle every step of the way to attain his success at the polls in November.

Investigators to Report on Probe

(continued from page 1)

Chosen Freeholders was read in which the association urged that the finance director and county treasurer attend the hearing on Bill No. 157, described by them as dangerous.

The bill provides that municipalities pay their county taxes in the proportion collected by them from their taxpayers. Freeholder Lamont indicated that he would be on hand for the meeting and hearing.

Freeholder Lamont offered a resolution empowering the county to renew its note for \$14,000 issued to finance the government's grant monies on the Landon-Stone Memorial Bridge at Riverside. The extension will be for another two months. This amount represents the final grant monies due on the project.

To Ask More Money

Director Adams also stated that he would like permission to investigate the possibility of securing a new Federal project to either remodel the old one or build a new county jail.

Freeholder Lamont stated that the county had the reputation for having the worst jail, and he had felt for a long time that more modern quarters would be desirable.

Freeholder Adams stated that he would like to look into the possibility of enlarging the tubercular sanatorium at New Lisbon.

Freeholder Lamont offered a resolution empowering the director to investigate these projects and write them up for presentation to the whole board at a later date. The resolution passed unanimously.

Freeholder Lamont offered a resolution to authorize the director to sign WPA projects and proceed with the work of putting a new roof on the asylum at New Lisbon and to make exterior and interior repairs at the county almshouse on a similar project.

"Incorrect"—Says Adams

Director Adams spoke of stories appearing in the public press concerning budget figures. These, he stated, were not founded on fact and where such figures were obtained is a mystery to him. He stated that such stories are damaging to the county's credit and invited members of the press to contact his office for their figures or any information that they might want. The county funds, he stated, were not depleted and that the cash balance is not \$3,000 but rather is \$193,370.04.

The budget figures, he stated, were honest and that there has been no juggling of figures. He said that in 1935 an additional surplus of \$64,911.14 had been built up for the replacement of road machinery, etc. He also stated that \$65,114.16 has been set aside to take care of any loss in taxes due the county from defaulting municipalities.

Director Adams offered a resolution to pass for payment a bill of \$22.40 due to the board's solicitor for expenses on a trip to Washington, D. C., on county business.

The following department bills were approved for payment: Public buildings, \$21,712.32; highways and engineering, \$11,369.81; public affairs, \$813.11; bridges, \$2,660.39; revenue and finance \$3,284.18.

EASTER DAWN AT LAKEVIEW

Historic Moravian Service Will
Again Herald Celebration
of Resurrection

This coming Easter morning the fourth all out-door Dawn Service will be conducted by the Palmyra Moravian Church from the hillside altar on Lakeview Memorial Park.

The Early Easter service is an unbroken tradition of 204 years standing with the Moravian Church throughout the world. The inauguration of this service on Lakeview Memorial Park in 1933 was done with the thought of sharing this symbolic and beautiful service with the people of this community.

The response was beyond all expectations, when 10,000 people gathered for the first service. This attendance was doubled last year at the third consecutive service.

This year's service will again center in the historical liturgy which is a summary of the faith of the church. The chorales will be sung by a massed group of singers in white surplices and led by an ensemble of trumpeters and trombones.

An added feature this year will be the unaccompanied singing of the Moravian College quartet in two numbers through the microphone on the altar. This quartet recently sang over the National Broadcasting chain from its studios in New York City.

The beautiful electric cross will again be erected, and with ever changing colors, usher in the morning of Resurrection. Music from the singing tower will precede and follow the service proper, which will begin promptly at 5:00 a.m. The Rev. Albert J. Harke, pastor of the church, will be in charge and read the liturgy, and also bring a brief message, speaking on the theme, "The Stone Rolled Away."

A most cordial invitation is here given to our friends to again join the congregation on the terrace in the responses and the singing of the chorales.

Look for the complete program next week.

SHORT-WAVE RADIO

by W. Maynard Bowen
and WSCJJ

This is column number two. Thanks to W3GHF for his FB report on last week's column. It was much appreciated. Any other hams who wish to make comment please communicate with us. All contributions and suggestions will be gratefully received. (It helps to swell the column and saves the editors work. Hi. Hi.) We will be glad to hear from short-wave listeners with an outline of their experiences. This week's column will deal with commercial all-wave receivers, giving a few suggestions and hints as to the maximum enjoyment and service may be had from them.

The signal enters the set by means of the antenna. For maximum results with your all-wave receiver an antenna suitable for short-wave work will give best results. These antennas are variously known as "World-Wide Antenna," "Double-Double," etc. A good type of antenna for short-wave reception can be constructed of two lengths of No. 14 antenna wire 33 feet long with an insulator at either end and at the center. The two ends of the wire terminating at the center can be connected to the ends of a twisted pair feed line (lead-in) whose other end can be connected to the antenna and ground post of the receiver. The length of the feeders is immaterial. The antenna (flat-top portion) should extend in a straight line if possible. If necessary to make any bends each point of support should be insulated.

This type of antenna, known as the "double," has been found very successful and is widely used by amateur operators for reception. The twisted pair lead-in helps to eliminate a lot of noise picked up by the average antenna lead-in and does not detract from its efficiency. So much for the antenna.

Board on Rabies

(Continued from page 1)

ever, such a requirement has been made by ordinance enacted by the governing body of the municipality, however, I do not know that the legality of such an ordinance has been tested and passed upon by any court of appeal in this State.

The communities in which such a requirement was made by ordinances some years ago have met with considerable opposition among dog owners in its enforcement. Perhaps among dog owners in Riverton at this time you would not meet such opposition.

If the rabies vaccine is to be effective, experience shows a dog should be re-vaccinated about once each year. While the general vaccination of dogs whose owners are known to the governing authorities in any municipality would doubtless have very favorable effect in preventing the spread of rabies in the community, I feel that this measure should be joined with other local measures designed to reduce the number of stray dogs whose owners cannot be located and which always constitute a threat of further spread in case rabies occurs in a community.

Very truly yours,
J. Lynn Mahaffey, M.D.,
Director of Health.

BOROUGH OF RIVERTON

1935 AUDIT

The Honorable Mayor and Members of the Borough Council, Riverton, N. J.

We report that we have audited the financial books and accounts of the Borough of Riverton for the year ended December 31, 1935, and submit herein the statements and schedules shown in the table of contents which exhibit the financial condition of the Borough as of that date.

SCOPE OF THE AUDIT: The scope of the audit covers the financial transactions of the Tax Collector and Treasurer, Delinquent Tax Collector, Borough Clerk, Building Inspector, Street Superintendent, Board of Health Inspector, Police Recorder, and the activities of the Governing Body.

The scope of the audit does not and cannot determine the character of services rendered for which payment is made nor can it determine the character or quantity of materials supplied for which claims have been passed. These details are necessarily covered by the approvals on such claims.

The accounts were found to be correct and in the proper form subject to the following comments:

CASH AND BANK ACCOUNTS: Total cash book receipts were compared with bank deposits and paid checks with recorded disbursements.

As of December 31, 1935, the cash accounts of the Collector and Treasurer were reconciled with the bank balances which were confirmed to us directly by the Cinnaminson Bank and Trust Co.

RECOMMENDATIONS: That all deferred assets not included in the 1935 Budget be appropriated for in 1937. That the Bonds for certain officials referred to be provided for in the 1936 Budget. That the unpaid fines as shown on the Police Recorder's docket be investigated.

ACKNOWLEDGMENT: That a roll call vote was taken on all expenditures of public money. That the unpaid fines as shown on the Police Recorder's docket be investigated.

CERTIFICATION: It is hereby certified that to the best of our knowledge and belief the within report is a true and correct statement of the financial condition of the Borough of Riverton for the year 1935, as shown by the books and records of the said Borough submitted to us, supplemented by personal inquiry and investigation.

Very truly yours,
CHARLES S. ROCKEY & CO.,

SHORT-WAVE RADIO

by W. Maynard Bowen and W3CJJ

This is column number two. Thank to W3GHF for his FB report on last week's column. It was much appreciated. Any other hams who wish to make comment please communicate with us. All contributions and suggestions will be gratefully received. (It helps to swell the column and saves the editors work. Hi. Hi.) We will be glad to hear from short-wave listeners with an outline of their experiences. This week's column will deal with commercial all-wave receivers, giving a few suggestions and hints as to how the maximum enjoyment and service may be had from them.

The signal enters the set by means of the antenna. For maximum results with your all-wave receiver an antenna suitable for short-wave work will give best results. These antennas are variously known as "World-Wide Antenna," "Double-Double," etc. A good type of antenna for short-wave reception can be constructed of two lengths of No. 14 antenna wire 33 feet long with an insulator at either end and at the center. The two ends of the wire terminating at the center can be connected to the end of a twisted pair feed line (lead-in) whose other end can be connected to the antenna and ground post of the receiver. The length of the feeders is immaterial. The antenna (flat-top portion) should extend in a straight line if possible. If necessary to make any bends each point of support should be insulated.

This type of antenna, known as the "double," has been found very successful and is widely used by amateur operators for reception. The twisted pair lead-in helps to eliminate a lot of noise picked up by the average antenna lead-in and does not detract from its efficiency. So much for the antenna.

Cafeteria Salaries Raised

George B. Snyder reported that the salaries of the workers in the cafeteria had been partially restored by the unanimous action of the committee. This, he stated, is bringing about a better feeling and will be productive of better results.

The action of the cafeteria committee received the commendation of the board membership.

Additional receipts from the Palmyra Athletic Club were reported, ordered noted on the minutes and turned over to the custodian of school funds.

Albert McCay reported the following schedule for the use of school property:

March 30, debate, Audubon vs. Palmyra.

April 3 and 4, Junior Pay.

April 8, debate, Woodrow Wilson High School vs. Palmyra.

April 11, Alumni—in gymnasium.

April 17, Pan-American Program.

State Health

Board on Rabies (continued from page 1)

ever, such a requirement has been made by ordinance enacted by the governing body of the municipality, however, I do not know that the legality of such an ordinance has been tested and passed upon by any court of appeal in this State. The communities in which such a requirement was made by ordinances some years ago have met with considerable opposition among dog owners in its enforcement. Perhaps among dog owners in Riverton at this time you would not meet such opposition.

If the rabies vaccine is to be effective, experience shows a dog should be re-vaccinated about once each year. While the general vaccination of dogs whose owners are known to the governing authorities in any municipality would doubtless have very favorable effect in preventing the spread of rabies in the community, I feel that this measure should be joined with other local measures designed to reduce the number of stray dogs whose owners cannot be located and which always constitute a threat of further spread in case rabies occurs in a community.

Very truly yours,
J. Lynn Mahaffey, M.D.,
Director of Health.

SACRED HEART P.T.A.

The regular monthly meeting of the Sacred Heart Parent-Teacher Association will be postponed from April 9 to April 16 because of Holy Week.

At this meeting the nomination of officers will take place. The regular meeting will start at 3 o'clock preceded by an executive meeting at 2:30.

MISS MARY E. STEEDLE
Miss Mary E. Steedle, 36, of 517 Cinnaminson street, Riverton, died suddenly Monday, March 30.

Miss Steedle was the daughter of Mrs. Stacia B. and the late Edward Ogden Steedle.

Funeral services were held Thursday morning at 8 o'clock from her late residence, with Requiem High Mass at Church of the Sacred Heart, Riverton, at 9 o'clock.

How do we know a managed country would be better? We had a managed Congress and look at the mess it made.—Buffalo Evening News.

Very truly yours,
CHARLES S. ROCKEY & CO.

LENTEN SERVICE WELL ATTENDED

Approximately Four Hundred
Men in Community Attend
Service at Broadway

The Community Lenten Service
for Men sponsored by the Wesleyan
Men's Bible Class of the Epworth
M. E. Church, Palmyra, held in the
Broadway Theatre last Sunday af-
ternoon, was attended by approxi-
mately four hundred men from the
community.

The Rev. Carl McIntire, pastor of
Collingswood Presbyterian Church,
delivered a sermon entitled "The
Power of the Cross."

Frederick George, of Merchant-
ville, known in musical circles as the
Welsh baritone, sang several selec-
tions, being accompanied at the
piano by Mrs. Rachel Lord.

The song service in the early part
of the meeting was led by Alfred
VanOsten, with Dr. H. B. Mark at
the piano.

Music of a sacred character was
given by the Leisure Time Orches-
tra of Burlington County.

Ralph S. Rivers addressed the
men, welcoming them in behalf of
the Wesleyan Church, to this first of
community Lenten services for men.

At the close of the service the
thought was freely expressed that
services of this nature should be
held every year during the Lenten
season.

Rev. W. A. Boyd, pastor of Ep-
worth Church, opened the services
with prayer, and the benediction
was pronounced by the teacher of
the Wesleyan Men's Bible Class,
Reading Z. Poinsett.

The committee in charge of this
service wishes to thank the various
churches and organizations for their
splendid cooperation.

YMCA BRIEFS

Rally at B.M.I.

There will be a rally of high
school age groups of the Burlington
County YMCA at the Bordentown
Military Institute, Saturday evening,
April 4. This is the third of a series
of rallies held during the season and
B. M. I. is to be the host for this
occasion, and have secured James
Flint, secretary of preparatory
schools work of the National Coun-
cil YMCA.

Besides the address by Mr. Flint,
there will be rifle shooting demon-
strations by students of B.M.I., and
an amateur program presented by
the various groups for their mutual
entertainment. The YMCA at
B.M.I. is under the leadership of F.
B. Pettengill.

Palmyra Champs

Palmyra Hi-Y won the champion-
ship in the National League of the
Burlington County YMCA basket-
ball this season by winning all the
games in both halves. The last game
was Palmyra 48, Cinnaminson Lone
Star 22. There are a few more games
to be played in the National League
but will not affect the standing of
Palmyra.

In the American League it looks
as though Medford Henry P. Thorn
group will be the champions. Last
week they defeated Bordentown,
score 34-29. Medford still has a
couple of games to play but are
looking forward to victory.

The Riverton Four D's group of
the YMCA, lost a hard-fought bas-
ketball game to the fast stepping
Brotherhood Boys Group on the
floor, Wednesday evening last week.
It was a clean hard fought game
played in good spirit. Final score
Brotherhood 44, Four D's 18.

COX VS. COLEMAN IN CAMDEN RING

Kansas City Crasher — Hebrew
Bone Twister in Three
Fall Mat Tussle

Thursday night, Joe Cox, the Kan-
sas City Crasher, and Abe Coleman,
squat Hebrew bone twister, will vie
for supremacy in the feature two
out of three falls ninety minute bout
at the Camden Armory, Haddon
avenue and Mickle street.

Thursday evening will find two
of the roughest and toughest pro-
fessors of the pick him up and knock
him down profession in action. The
fans know that Cox and Coleman
are no "sissies".

The forty-five minute semi-final
will present two popular men in the
persons of Ivan Managoff, of Calif-
ornia, and Rusty Westcott, of Hono-
lulu. Rusty scored a triumph in last
Thursday when he flattened Harry
Finkelstein but he will find it a
tough going when he comes to holds
with Managoff.

Three other bouts round out the
card for this Thursday when in the
main preliminary Hank Barber will
take on the wild John Katan who
will stop at nothing just so long as
he can score the fall or win the ver-
dict.

HIGH SAFETY RECORD IN N. J.

New Jersey's honorable mention
award in the fourth national Safety
Council was formally presented to
Governor Harold G. Hoffman on
Monday by Arthur W. Magee, com-
missioner of motor vehicles.

This was the state's second award
in as many years. In 1934 it won
first prize in the Nation-wide con-
test.

Places of honor were gained by 10
municipalities. They are: group
two—cities between 250,000 and 500-
000 population, Jersey City, hono-
rable mention; group four—cities
between 50,000 and 100,000 popula-
tion, Atlantic City, honorable men-
tion; group five—cities between 25-
000 and 50,000 population, Hacken-
sack and Plainfield, honorable men-
tion; group six—cities between 10-
000 and 25,000 population, Roselle,
second prize; South Orange, hono-
rable mention.

Bogota, Manville, Pitman and Ten-
nally were placed on the honor roll
in the contest between cities of 5,000
to 10,000 population for having safe-
ty records unsupported by a single
death in 1935. There were 136 cities
in this population group.

In describing the manner in which
the awards were made Commissioner
Magee said that all cities entered
were required to make regu-
lar reports on their fatal and non-fatal
accidents throughout the year.

YWCA NOTES

High School Slogan Contest

To stimulate interest in the forth-
coming Burlington County Young
Women's Christian Association
Campaign for Maintenance, with a
goal of \$10,000 to be raised April
13-18, the Campaign Publicity Com-
mittee is offering a prize of \$2.50 to
any local high school boy or girl
who submits a dynamic slogan to
spur all campaign workers on to
success. A final award of \$5 is of-
fered for the best slogan submitted
by one of the group of local winners.

In addition, the winner with his or
her mother will be invited to a cam-
paign meeting to receive his or her
reward.

High schools already entered in
this contest, which closes April 8,
when all slogans must be in the Bur-
lington County Young Women's
Christian Association Office, Mount
Holly, are Rancocas Valley Regional
High School, Mount Holly; Palmyra
Borough High School, Palmyra;
Flemington High School, Burlington
High School and Moorestown High
School. Other high schools, with
the cooperation of their principals
and English teachers, are expected
to fall into line.

Short-Wave Radio

(continued from page 5)

Users of all-wave sets are often dissatisfied with the results they receive. This may be due to the fact that the user wishes to hear stations that are actually not on the air at that time. Many people forget that European time is at least five hours ahead of our own. England, for instance, will not be heard after about seven p.m. This also applies to most of Europe with the exception of the German stations which broadcast special programs to North and South America. Best European reception is usually in the late afternoon from about 3 o'clock to 7 o'clock. The best bands for this reception are the 19 and 32 meter bands. In kilocycles they are 16,000 and 9,000 respectively.

The South American stations use the same time that we do and the best reception is usually accomplished on the 32 meter band.

The Pacific Coast stations, the Australian, Japanese, and other Pacific countries are behind us in time, and the reception from these Asiatic stations can usually be heard to best advantage in the early morning. The "early bird" who gets up at five or six o'clock in the morning will be the lucky one to "hook" these sought-after stations. The fortunate listener who can brag of the reception of the elusive "VK's," "ZL's," and "JA's" will automatically have stamped himself as an early riser. The same bands that are best for European reception will be found equally good for these stations. This should cover the question of when and on what band to listen for the distant short-wave stations.

(No Ads.) These special all-wave antennas mentioned in the column can be secured, ready to install, from your favorite radio dealer.

HAM NEWS: (by W3CJJ) Well gang, we haven't heard from anyone, so news will be short.

PALMYRA FIRE CO. HAS FINE RECORD

Started in 1887 With Meagre Apparatus; Now Keeps Fire Loss at Low Level

BY ARTHUR WRIGHT

Palmyra is very proud of, and pays tribute to its volunteer firemen who have jeopardized their lives in this very hazardous duty for our community, and who should be admired and considered among our outstanding citizens. Service of this nature should be recognized and receive our generous support, as we too often consider their service in a matter of fact way.

The Independence Fire Company will celebrate its 50th anniversary in 1937.

Members of the company previous to 1916 were very much handicapped with a limited amount of equipment, not motorized. At that time it was necessary to pull the hose and chemical truck and the ladder truck by hand to the fire unless they were pulled by a nearby horse and wagon. It was a wild scramble for those having wagons in the immediate vicinity for it meant \$2.00 for their trouble. Hydrant pressure only was available for fire fighting.

The company started to motorize in 1916 and bought a Locomobile combination truck. In 1918 this was traded and a Packard combination truck was purchased. In 1923 they acquired a 750 gallon per minute Seagrave pumper and in 1926 a City Service ladder truck. This is equipped with a deluxe set supplied by three 2 1/2" lines of hose, and a turret nozzle which can be supplied by four 2 1/2" lines of hose and is capable of throwing a thousand gallons of water per minute. There are also 330 feet of ladders, five salvage blankets and other minor equipment.

From these remarks it is apparent Palmyra enjoys the protection of modern equipment in practically all respects except for one bad feature, an inadequate supply of approved hose, without which the best fire department in the world would be severely handicapped.

The fire loss in 1934 was \$1500 and 1935 \$1250, and the average loss per year over a ten-year period approximately \$1,000.

The Riverton Volunteer Fire Company will conduct a Federal Theatre Project show in the new school auditorium on Tuesday evening, April 28.

The show is sponsored by the Fire Company and the talent is supplied from the professional lists of the Federal Theatre Project. The proceeds will be used to reduce the outstanding note of the Fire Company on its new building which is endorsed by several of the fire company members.

Those on the committee sponsoring the show are: Jerome Zisak, Jr., chairman; Joseph Lezenby, Edwin Kapus, Edward O'Neill, William Evans, John Carhart, Jr., William Watkins and George Steele.

Ticket sales for the show will be started immediately.

LOCAL TALENT IN OSCAR WILDE PLAY

The Young People's Fellowship of Christ Church, Riverton, is now rehearsing for a performance of Oscar Wilde's "The Importance of Being Earnest." Mrs. Lucy Shreve is coaching.

Fred Curtis plays the part of Mr. Earnest Worthing, a well-to-do bachelor in love with Miss Gwendolyn Fairfax, Dora Parry, Miss Cecily Cardew, the ward of Mr. Worthing, is played by Miss Eleanor Hall. Mr. Algernon Moncrieff, a rather carefree English gentleman, is portrayed by Dick Graft. Lady Bracknell, the social seeking mother of Miss Fairfax, is played by Elizabeth Hunn. Miss Prism, who is the tutor of Miss Cardew, is interpreted by Elizabeth Ridley. Dr. Chasuble, the country rector, by Ed Kapus. Jack Nansby plays the part of Merriman, Mr. Worthing's butler, and Bill Shoemaker, Jr., the part of Mr. Moncrieff's butler, Lane.

The date of the play and details about tickets will be given later.

MRS. ELWELL PRES. OF SCHOOL BOARD

Walter K. Woolman, Vice President; Unland New Member; Other Appointments

Mrs. Marion R. Elwell was unanimously chosen for her third successive term as president of the Riverton Board of Education at the board's organization meeting held in the school last Monday evening.

Walter K. Woolman was unanimously re-elected vice president for his third successive term.

Everett O. Wolcott offered the following resolution concerning the membership of Fred P. Hemphill:

"Whereas Mr. Fred P. Hemphill, a member of this board, has not attended a meeting since April 1, 1935, during which period forty stated, adjourned or special meetings have been held, and

Whereas a notice of each meeting and minutes of same have been sent him, and

Whereas the vice president at a meeting held September 3, 1935, was instructed by the board to write Mr. Hemphill requesting him to attend the meeting, and

Whereas no reply has been received from Mr. Hemphill, now therefore be it

Resolved, that the seat of Mr. Fred P. Hemphill as a member of the Board be declared vacant as provided by law, to take effect this sixth day of April, 1936.

Walter K. Woolman moved its adoption and it passed without a dissenting voice.

Karl W. Latch moved that H. L. Unland, of 414 Linden avenue, be appointed to fill the unexpired term of Fred P. Hemphill, which will expire at the next regular election. Mr. Unland was appointed unanimously.

CHARLES HORNER COMMITTS SUICIDE

Neighbor Finds Body Hanging from Bannister in West Palmyra Home

Charles P. Horner, 58, was found a suicide at his home at Broad street and S-41, on April 3, by Mr. and Mrs. Charles Holstein, of Woodbury. Mrs. Holstein is the daughter of Mrs. Paul C. Burr.

The body was found hanging from the bannister with the throat cut with a safety razor. It is thought that Horner had committed suicide some time on Tuesday.

Mr. Horner had been ill for six weeks previous to his death. Chief Morris C. Beck called Coroner George Whomley, of Burlington, who gave a verdict of suicide by hanging and had the body removed to the Snaver Funeral Home.

Mr. Horner was a single man and a life-long resident of Palmyra. He was the son of the late Alfred V. and Addie C. Horner.

Alfred Horner, father of Charles, was the first constable in Palmyra, previous to the time of regular marshals. Constable Horner was well-known for his "red, white and blue" look-up at 311 W. Broad street, the property now occupied by Mrs. E. V. Windish. He also served for many years as coroner and held an influential place in local and county politics.

The elder Horner also ran a market boat up the Pennsauken creek hauling truck for the hucksters. Funeral services were held Monday afternoon from the Snaver Funeral Home, the Rev. William A. Boyd officiating.

Interment was made in Morgan Cemetery. Mr. Horner is survived by a sister, Mrs. Thomas Wells, of 5333 Walnut street, Philadelphia, who is the only survivor of a family of three boys and three girls.

RED CROSS NEEDS ADDITIONAL FUNDS

Local Units Urged to Continue Collections. List of Sums Already Subscribed

Owing to flood and tornado conditions the National Red Cross is now carrying on relief in 18 states. The latest figures on flood relief operations are that 114 counties are affected and there are 118,135 families in need of relief. Tornadoes hit five counties in Georgia and it is estimated 400 homes were destroyed. A tornado also did damage in Concord and Greensboro, N. C., which affected from 300 to 400 families.

It is almost too soon to make an accurate estimate of these tornadoes, but that the relief will cost a sizeable sum is a certainty. To date \$7070.86 has been collected in Burlington county for this work, as follows:

Beverly	\$ 549.15
Bordentown	256.18
Bordentown Township	33.25
Burlington	526.40
Camp Dix	10.00
Columbus	125.00

All Red Cross Chapters are urged to renew their appeal to the public and will continue to receive funds until such time as the national organization is assured of a sufficient amount to provide adequate relief. Mary W. Samson, Sec.

TIPS ON GROWING

BY ONE WHO GREW UP IN
THE BUSINESS

A little garden devoted to culinary herbs will be found a delightfully interesting and economically valuable adjunct to the home garden. The cook who wants just a trial of this or a whiff of that added to her gravies and soups or a sprig of green to render more appetizing her dish or platter, will find a little space in the garden devoted to Thyme, Sage, Tansy, Saffron and other herbs a spot that she will visit frequently all summer long. The flowering kinds may be cut and the bunches hung in a cool airy place for winter use.

A twist of crisp mint leaves fresh from your own bed will add just the right aroma and tang to the tall clinking glass.

Or if you do not have much space, just plant among the flowers. Many are very ornamental—the garnet-colored heads of Chives are as lovely as any perennial flower plant. Some could be planted in the window box or grown handily in pots on the kitchen window sill. Then there's Lavender for scenting the linen closet and Rue ... "that's for remembrance."

The "Merry-Go-Rounders" say that the flowers most popular in the White House for daytime use are pink and white carnations and pink roses. At dinners there is a preference for red roses, gardenias, snapdragons, maidenhair, Talisman roses and stelia.

And surely among the gay blossoms from the capitol greenhouse that will grace the White House tables will be the new rust-proof Maximum varieties of Snapdragons—Alaska a white, Canary Bird a lovely yellow, Loveliness a soft rose pink, shades of copper and a honey called Campfire a showy shining scarlet.

All New Jersey garden lovers should join the Radio Garden Club as sponsored by the Extension Service of the New Jersey State College

of Agriculture, at New Brunswick, New Jersey. The nominal fee of \$1 a year (checks made payable to H. J. Baker, Director), will bring mimeographed copies of all speeches made by leading garden authorities, on horticultural subjects as broadcast over WOR every Tuesday and Friday afternoons from 3.30 to 3.45.

Two highly interesting numbers laying on my desk today are for the week of February 21st "Good Tools for the Garden" by W. C. Krueger, of the New Jersey College of Agriculture and "New Annals" by Ellen Eddy Shaw, of the Brooklyn Botanic Garden.

"Vernalization" is a new word coined to describe the "transformation" of winter forms into spring. This is a new outlook on plant growth originating in Russia. A theory that growth and development of plants far from being identical as has been popularly supposed, are in reality two separate phenomena.

If seeds of winter wheat are germinated in an ice box and sown in spring, it will come into ear at the same time as if sown in the autumn. The new method has been used on many items where early ripening is a factor and vegetables have been grown from seed in the Arctic Circle. More will be heard of this new system and it will have far reaching results in plant growth of all kinds in many sections of the United States.

RAW MATERIALS FOR YARNS

Thousands upon thousands of recently distributed brook, brown and rainbow trout will be waiting in New Jersey streams for rod and reel sportsmen when the angling season gets underway on April 15, President George C. Warren, Jr., of the New Jersey State Fish and Game Commission announced Saturday.

Continuing to lead all states in the distribution of adult trout, game wardens have been busy for several weeks transporting the fish in specially-designed iced tanks loaded on huge trucks from the world famous fish hatchery at Hackettstown to streams in all parts of the state in order to provide more food and sport for an increasing army of enthusiastic anglers.

Installment buying has been declared illegal in Egypt.

MAY ENLARGE VETS CEMETERY

Congressman Powers Has Asked for \$26,000 Federal Funds for National Cemetery

Improvement and enlargement of the National Cemetery at Beverly, is included in the new War Department Appropriation Bill which will go to conference this week, according to Congressman D. Lane Powers, of the 4th District of New Jersey.

The new War Department Appropriation Bill, due to the efforts of Congressman Powers, contains an appropriation of \$26,000 for purchase of new lands to be added to the cemetery, and also for the improvement of the addition to conform with the present plan of the cemetery.

As a member of the House of Representatives War Department Appropriations Committee, Congressman Powers had the appropriation for Beverly written into the bill. The need for the Beverly addition was brought forcibly to his attention by State Senator Clifford R. Powell, of Mount Holly. The Senator, in contacting the Congressman about this problem, explained

"TEDDY" ROOSEVELT SAID THIS: IT'S SOUND DOCTRINE TODAY

The sinister demagogues and foolish visionaries who are always eager to undertake such a campaign of destruction, sometimes seek to associate themselves with those working for genuine reform, and sometimes masquerade as reformers. In fact, they are the worst enemies of the cause they advocate. * * * To preach hatred of the rich man as such, to carry on a campaign of slander and invective against him, to seek to mislead and inflame to madness honest men whose lives are hard and who have not the kind of mental

training which will permit them to appreciate the danger in the doctrine preached—all this is to commit a crime against the body politic and to be false to every worthy principle and tradition of American national life. * * * —From President Theodore Roosevelt's Annual Message to Congress, 1906.

CHURCH NEWS

CALVARY PRESBYTERIAN CHURCH

Rev. C. T. Bates, B.D., Pastor

The Easter services at Calvary Church will be as follows:

Easter worship in the Church School at 9:45.

At eleven o'clock the following musical services will be heard:

Organ, Easter March, Merkel; offertory, Andante in "G" Batisse; postlude, Festival March, Mosenthal; the choir will sing, "Christ Our Passover," Schilling, and "In the End of the Sabbath," Sparks.

In the evening the Christian Endeavor will meet at 7:30 for a musical service. All young people are invited to this service and to stay for the evening church service.

The evening service will start at 8 o'clock when the choir will give a story-song of the Eternal Christ, "Matthias-Ben-Ezra," the organ selections will be, "Reverie," Nicod; "Abenleid," Schumann; Postlude in "D," Merkel.

Wednesday evening, April 15, the regular mid-week prayer service.

Friday evening, April 10th, Good Friday services will be held in Calvary Church, "The Seven Words from the Cross."

Monday evening, April 13, at 8 o'clock there will be a Church School Workers' conference.

EPWORTH M. E. CHURCH

Rev. William A. Boyd, Pastor

Easter Sunday

In the morning at eleven o'clock the music and sermon will be as follows: Sermon, "Easter Day, the Day of Proof," The music by the Senior and Dulciana choirs. Mrs. Rachel Lord will be at the organ. We are requesting the membership and public to be in their seats before eleven o'clock so as not to interrupt the special musical feature and the processional. All who wish to join our church will be given the opportunity to do so during this service. The birds, the flowers, the lighting effects will contribute greatly to the joy of this Easter praise service.

The great musical service at 7:45 in charge of the minister will be the climax to a great Easter season. "An Unrisen Christ" will be the sermon theme.

Leonard Treash, a great baritone, will be the guest artist in this service. Mr. Treash is a graduate of the Cincinnati Conservatory of Music from which he received his bachelor's degree in music. He sang with the Cincinnati Opera Company, the Philadelphia Opera Company, he has appeared with the Philadelphia Orchestra at the "Bell" a number of times. The Music Federation Clubs of America voted Mr. Treash the best opera voice in 1935. Among the numbers he will sing are "Hosanna" by Granier, "In the End of the Sabbath" by Sparks, and "The Lord Is My Light" by Sparks. The chorus choir will sing "The Risen Saviour" by Hammerell, and the "Hallelujah Chorus" from the "Messiah" by Handel. Mrs. Rachel

Lord will be at the organ and play "Alleluiah" by Hosmer, "Hosanna" by Wachs, and "Resurrectus" by Johnson.

CENTRAL BAPTIST CHURCH

Rev. George Lockett, B.D., Pastor

In place of the usual Wednesday evening prayer meeting, a special Lenten Church service was held in the church at 8 o'clock. Pastor Lockett delivered a most impressive sermon and the choir rendered:

"Christ Beneath Thy Cross," by Stair, with a duet, "So Thou Lifest Thy Divine Petition," by Stainer.

On Good Friday evening at 8 o'clock, the choir, assisted by members of the Fellowship Choral Club, and other prominent soloists, under the direction of Claude Barto, Services for Easter Sunday, April 12.

As has been the custom for years, a Sunrise Service will be conducted in the church beginning at 6:30 and lasting one half hour. Miss D. Helene Johnson, contralto, will be the soloist for this service and will sing G. W. Warren's "Magdalene."

At 10 o'clock the Bible School will convene when the Junior Department will present Easter exercises entitled "New Beginnings" and "In the Easter Garden," under the supervision of Mrs. Elizabeth Taylor, superintendent of the department, and under the direction of Miss D. Helene Johnson.

"The Risen Christ" will be the subject of Pastor Lockett's sermon at the morning service which convenes at 11:15 o'clock. Special congregational music. The choir will also present two special numbers, "As It Began to Dawn," by R. M. Stultz, and "King of Kings," by C. Simper, under the direction of their leader Claude Barto.

7:00 p.m. The High School Young People's Group will meet in the Sunday School room for their Easter evening service.

The ordinance of baptism will be conferred upon a class of candidates at the evening service at 7:45, following the sermon by the pastor whose subject will be "The Angel's Sermon." The choir will conclude their Easter musical program by the rendition of "Christ Our Passover" by S. Chapple, and "Angels, Roll the Rock Away" by J. P. Scott.

FIRST LUTHERAN CHURCH

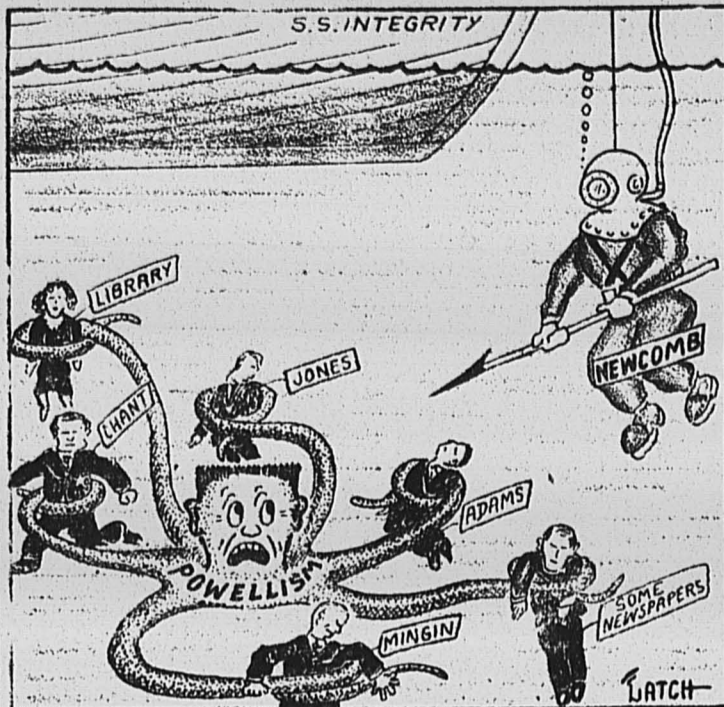

Rev. Harold L. Creager

Our Easter Dawn service will be according to our regular custom at 6:30 o'clock. There will be special music, and a devotional meditation on "The Living Lord." The public is cordially invited.

The principal service will be held at 11:00, with sermon on "The Saving Power of the Resurrection," and with celebration of the Holy Communion.

For the evening service, at 8:00 o'clock, Mrs. Ruth Parsons Strahan will give a dramatic religious reading, "The Sign of the Cross." This beautiful and impressive story of

TO THE RESCUE

the early Christians portrays a triumphant faith in the face of persecutions. Mrs. Strahan impersonates 14 different characters in this reading.

Good Friday evening we shall have preparatory service for the Easter Sunday Communion; sermon on "The Narrow Way."

Next Thursday the Women's Missionary Society will meet at the home of Mrs. Wilcox. Covered dish luncheon at 12:45, followed by the program and business meeting.

PALMYRA MORAVIAN CHURCH

Albert J. Harke, B.D., Pastor

A congregation of almost 300 people crowded the church to witness the impressive Palm Sunday confirmation service. Eight young people were received by the rite of confirmation, two by the sacrament of adult baptism and three by the right hand of fellowship.

The Holy Week services are well attended and are leading up to glorious Easter Day.

The following services will feature the festival of the Resurrection:

5:00 a.m., Easter Sunrise Service at Lakeview Memorial Park. Music from the singing tower begins at 4:00 a.m. The brass ensemble will play chorales from 4:40 to 5:00 a.m. A number by the Moravian College quartet will open the program proper. The historic liturgy will again be used. See program in another column.

9:30 a.m., Sunday School.

10:40 a.m., Easter morning service. Liturgy and sermon: "He is Risen—Go Quickly." Anthem: "Oh, the Golden Glowing Morning."

7:30 p.m., Easter evening service. Program by the primary department of the Sunday School. The choir will sing three Easter anthems, "O Sacred Head," "Hallelujah, Christ is Risen," and "The Lord Is King."

MERVINE CANDIDATE

Palmyra's president of borough council, Charles K. Mervine, has announced that he will be a candidate for re-election at the primaries on May 19th.

Mr. Mervine has completed six years of public service on the Palmyra school board and is now completing his second term of office as a councilman.

CARD OF THANKS

We wish to thank all our friends who have been so very kind in our recent bereavement. We received so many cards and letters that we wish to take this way of expressing our appreciation and to thank those who sent cars and flowers to the funeral.

Mr. and Mrs. John J. Ford and Peggy

BIRTHS

Mr. and Mrs. Loren B. Thompson, of Trenton, are receiving congratulations on the birth of a daughter, Monday, April 6, in the Mercer Hospital, Trenton. Mrs. Thompson will be remembered as Miss Ruth Young, daughter of Mr. and Mrs. S. H. Young, of Linden avenue, Riverton.

THE HOLY CITY AT BAPTIST CHURCH

Choir Will Present Gaul's Oratorio Good Friday at Evening Service

The Central Baptist Choir, augmented by members of the Fellowship Choral Club, under the direction of C. Y. Barto, with Mrs. Elvin I. Powell at the organ, will present "The Holy City," by A. R. Gaul, on Good Friday, April 10, at 8 p.m.

Solo parts are taken by Mrs. Violet Seither, Mrs. Elsie Hughes, Mrs. Helen S. Guidin, Mrs. Sadie Mack, Mrs. Caroline McCarty, E. N. Hoyt and J. Russell Jermon.

This oratorio is in two parts, based largely on the vision of St. John. The first part was suggested by the passage of scripture "Here we have no continuing city," "Thy kingdom come," and sets forth the desire for a higher life, as expressed in the words, "My soul is athirst for God," followed by other passages expressive of the perfection of the higher life, such as "Eye hath Not Seen."

The second was suggested by the words, "I saw a new heaven and a new earth, for the first heaven and the first earth were passed away," thus realizing the desire and promises contained in the first part.

An invitation is extended to the public to attend this service.

SUNRISE SERVICE AT LAKEVIEW

Unique Moravian Service to Be Held at Memorial Park Easter Dawn

The fourth annual Easter Sunrise will again be conducted by the Palmyra Moravian church on beautiful Lakeview Memorial Park at Cinnaminson, from the lily-decked altar. The service will be held at 4:00 a.m. on Friday and Saturday evenings, May 8 and 9.

Music from the singing tower will begin at 4:00 a.m. At 4:40 a.m. the brass ensemble will play a group of chorales in the chorale book of the church. The bands of the Marshall family of Roebing, and the Felton family of Pennsauken, with other individuals form the instrumental ensemble.

At 5:00 a.m. the program proper will be opened with, "Now Let Every Tongue Adore Thee," Bach, sung by the quartet of Moravian College, Bethlehem, Pa. The pastor, the Rev. Albert J. Harke, will lead in the historic Easter Dawn Liturgy. The chorales in this liturgy will be sung unannounced by the surplined chorus and led by the trombones. The quartet will again be heard in "They That Wait on the Lord," Trowbridge. A brief address and prayer by the pastor will follow, after which the liturgy will be concluded. An instrumental chorale will follow the benediction, and music will again be heard from the singing tower.

The Public Service Coordinated Transport will operate a special bus service to accommodate people without other means of transportation to the early morning service.

One bus will leave Riverside at 4:05 a.m., and will stop at the River-ton and Palmyra stations where it will wait for the bus out of the Camden ferry that leaves at 4:08 and due to arrive in Palmyra at 4:40 a.m. This bus then goes directly to Lakeview Memorial Park via Cinnaminson avenue and Burlington Pike.

A special bus will leave the Camden ferry at 4:00 a.m., and go out Market street to Westfield avenue, out Westfield avenue to Burlington pike and thence directly to Lakeview Memorial Park.

A third bus will leave Delaware at 4:05 and stop at Riverside, going out Bridgeboro street to Burlington pike and thence directly to Lakeview Memorial Park.

COMING OPERETTA

The Gilbert and Sullivan dream, "All at Sea," will be presented by the students of P.H.S. on Friday and Saturday evenings, May 8 and 9.

"All at Sea," has, for its music, the most popular of the Gilbert and Sullivan tunes. It was written by David Stevens and arranged by Harvey Loomis.

Among the songs are "We Sail the Ocean Blue," "I'm Called Little Buttercup," and "Tit Willow." The operetta will be directed by Miss Dorothy M. Diener, music supervisor of P.H.S.

ANNUAL TRACK MEET

The annual intramural track and field meet between the four classes will be held on Friday afternoon, April 17. The events on the afternoon's program are: 100 yard dash, 220 yard dash, 440 yard dash, 880 yard run, 1 mile run, 1 mile relay, pole vault, shot put and discus throw, also the high and broad jump. The girls' program has not as yet been arranged.

FRESHMEN AMATEUR HOUR

On Wednesday, April 8th, the Freshmen presented their amateur hour, which is the fourth in a series of class amateur hours. The following people took part in the program:

Albert Sacca, as master of ceremonies, was assisted by Elizabeth Faunce, as his secretary. Carol Bauer was first on the program, with a reading entitled, "Morning at the Five and Ten." Next was Elizabeth Bowers, who sang "Ah, Sweet Mystery of Life." Ruth Black offered a variety of imitations, which were thoroughly enjoyed by the school. Dante Mento followed by rendering "Star Dust" on his saxophone. A monologue, "At the Photographer's," was given by Martha Bradley, and Margaret Neal ended the program by singing "Goody-Goody."

WASHINGTON TRIP

On April 20, 135 seniors will start on their annual trip to Washington. They will board the train at the Palmyra station at 7:42 a.m. and will arrive in Washington at 10:45.

The following places will be visited: The Capitol, Supreme Court, the Arts, Industry, Aircraft and Natural History Buildings, Bureau of Engraving, Washington Monument, the White House and other places of interest.

The chaperones will be Miss Rose G. Schmidt, Miss C. Elizabeth McDonnell, Charles W. Ray and Porte A. Wolfe.

ROOSEVELT "ELECTED"

The American History classes under the direction of Charles W. Ray held a mock nominating convention for four political parties last week. The students who acted as delegates selected President Roosevelt and Governor Earle of Pennsylvania as the Democratic candidates. For the Republican party they selected Alf Landon and William E. Borah. The Liberty Leaguers nominated Al. Smith and Governor Curley of Massachusetts, while the Socialists selected Norman Thomas and Milton Hillquist. After the conventions the election was held and Roosevelt and Earle won with their "New Deal" platform.

PALMYRA TIES RIVERSIDE

In the first game of the season Palmyra and Riverside played a hardfought deadlock, the final score being 6-6. Theurer pitched the whole nine innings for Riverside, while Morton, Baker and Dissenbaugh pitched for Palmyra. Dissenbaugh showed very good class when he struck out three men on eleven pitched balls.

FIRST AID OUTFIT AT FIVE POINTS

Courses Will Be Given by Charles H. Wright, Jr., to Train People for Emergencies

A first aid outfit is to be fitted out by the Palmyra Red Cross in Townsend's service station at Five Points.

In connection with this new form of service, a class in first aid, the regular Red Cross course, will be conducted by Charles H. Wright, Jr., of Moorestown, in the basement of the Moravian church. This course will be open to all persons in this vicinity, and we urge that as many as possible take advantage of this instruction. It is a fine opportunity to learn the right way to render aid in an emergency. For further particulars call Riverton 629, or 13-M. Publicity.

PORCH CLUB NOTES

Captain Frank Guy Armitage, professor in English in one of the New England colleges, entertained members of the Riverton Porch Club Tuesday with impersonations of "Queer Folks from Dickens."

"Grandfather Smallweed" from Bleakhouse, "Uriah Heep" and "Macawber" from David Copperfield, "Schoolmaster Squeers" from Nicholas Nickleby, "Sidney Carton" from The Tale of Two Cities, were cleverly characterized with appropriate costumes and wigs.

Captain Armitage said that while in England during the World War he had met one of the characters Mr. Dickens portrayed in his last novel "The Mystery of Edwin Drood."

A meeting of the garden department will be held on April 14, at 2:30. Louis S. Mauger, who is associated with the Hosea Waterer Company, will speak on "Annals in the Garden."

PALMYRA

Mrs. Rowland Price and Mrs. Evelyn Weart were hostesses to the Ways and Means Committee of the Eastern Star at luncheon on Tuesday. The ladies were entertained at the home of Mrs. Price, 825 Columbia avenue, Palmyra.

YMCA BRIEFS

Boys' and Girls' Week

The general committee of Boys' and Girls' Week will meet at the YMCA on Monday evening at 7:45. Reports will be given from the Amateur Night committee, the special Sunday service committee, the Stamp Exhibit committee, Evening of Vocational Guidance committee, Pet and Hobby Show committee, Youth Dance committee and all other events informally planned for that gala week for the boys and girls of our town.

Wilton E. Mount, general chairman, is making an appeal through these columns for more volunteers to aid in the handling of the program for that week. The only way these events can be termed truly community affairs is to have more people participating in the planning and directing of these activities. The cooperation of all the townsfolk is solicited toward carrying out of what in the words of one kid is "a swell time for all."

BLAME IT ON HOOVER!

The remarkable thing is that Mr. Hoover could keep the depression going so long after he left office.—Milwaukee Sentinel.

WE SAY—

"That takes the Cake"—because a cake made of wheat and honey was given as a prize in ancient Greece. "He's a Brick"—because an ancient king said that his soldiers were a wall around his kingdom, and in that wall every man was a brick. "Not worth his Salt"—because the

Roman soldiers used to receive a allowance of salt as part of their pay. Hence a useless soldier was not worth his salt. "Burying the Hatchet"—because among the North American Indians the hatchet (or tomahawk) stood for war, and the tribes used solemnly to bury a tomahawk in the ground when they made peace.—Pearson's Weekly.

Birthday Party for A. C. Roray

(continued from page 1)

Chatburn of Riverton; Mr. and Mrs. Edward Hoyt, Mr. and Mrs. Albert Seither, Mr. and Mrs. George Mack, Mr. and Mrs. James M. Weart, Mr. and Mrs. W. Franklin Harvey, Mr. and Mrs. Edward Hughes, Mr. and Mrs. J. E. Greenwalt, Mr. and Mrs. Elvin I. Powell, Misses Anne McConnell, Virginia Seel, May Swayne, Dorothy Helene Johnson, Kay Johnson, Mrs. Caroline L. Hirsch, Mrs. Helen Seel Guldin, Ernest Woodcock and Joseph G. Seel, of Palmyra.

The guest of honor, a devotee of music since his early teen age, was entertained by a program of music offered by present and former soloists and the rendition of several of Mr. Roray's favorites, by the choir. By unanimous request this ardent lover of music acted as guest leader for those selections for which he at one time wielded the baton as a director in former years.

Favorite and appropriate selections were sung by J. Russell Jermon, Anne McConnell, Edward Hoyt and Carolyn Jermon McCarty. At the suggestion of the choir's present leader, Claude Barto, Mr. Roray gave reminiscences of his experiences in the music world from his first attraction for music, prior to coming to Palmyra, up through the 40 years of his connection with and membership of the Central Baptist Church choir. This recalled many episodes in the choir's history and provoked a most illuminating and amusing discussion.

As a token of appreciation of the service rendered not only to the choir as a body but to many individuals who are indebted to him for his personal interest and instruction, and to exemplify the esteem in which he is held by his co-singers, Mr. Roray was presented with a handsome seal skin wallet by Claude Barto in behalf of the choir.

Concluding the musical program with the usual "Happy Birthday" overture, the guest and his hosts were dined in the lower social hall.

Palmyra Fire Co. Has Fine Record

(continued from page 1)

mately \$2500 a year. This is a remarkable record for a town of 5,000 population, with most frame construction. The low fire loss is due mainly to the company responding to the alarms quickly and each fireman being well drilled at his particular duty; consequently having the fire under control in a very short time. The salvage patrol has also done good work by protecting the contents of a property with salvage blankets, making the fire loss in many cases very small.

We have been very fortunate in not having a disastrous fire in our business section. A number of years ago serious fires occurred at Fifth and Cinnaminson avenue in a dwelling section that many of the older inhabitants will remember. Properties on Broad street, which were mostly dwellings that have been converted into mercantiles, constitute severe conflagration possibilities as they form a continuous frame row, except for some of more recent construction that are brick and cement block. Fires have occurred in this area but were detected in time to be controllable.

Recently a town the size of ours "saved money" by not buying new fire hose, but a serious fire developed and they realized their mistake too late when two blocks of the business district burned due to bursting hose and not having an adequate reserve supply.

Council may consider a zoning ordinance providing for fire limits, and the kind of construction and equipment of buildings which should include the business district, and several blocks around it; every building hereafter erected or enlarged within the fire limits to be enclosed on all sides with walls constructed wholly of stone, brick, hollow building tile, concrete or other equivalent incombustible material, and to have the roof, top and sides of all roof structures, including dormer windows, covered with incombustible materials.

The fire department for a number of years has given the sewer department and the roads and streets department, hose that is worn and not safe to be used for fire

COMMENTATOR

COUNCILMAN A. P. WRIGHT
who has an interesting article in this issue about Independence Fire Co. No. 1, of Palmyra, which will celebrate its 50th anniversary next year.

fighting purposes. Hose to be used by the fire department should withstand a normal working pressure of 200 pounds. The sewer department can use the ordinary plug pressure, which is between 40 and 50 pounds for flushing sewers, and the hose with proper care should give years of service. However, through neglect this hose was very much abused, not being given the proper care, and the result has been that when a sewer had to be flushed, or a street occasionally washed, it was necessary to use the fire company's good hose. The couplings have been severely abraded and naturally the fabric very much worn from dragging over rough surfaces.

The firemen take great pride in keeping their equipment in wonderful condition, and the most important part of their equipment has been abused.

Council has corrected this condition and ordered 600 feet of new hose.

A minimum equipment of 2½ inch hose should be provided for a complete change of hose, the amount governed by the total carrying capacity of the apparatus. After a fire it is very important that hose be washed and thoroughly dried. Usually all hose, whether in actual use or not, is wet. If hose is left on the truck wet, it is subject to mildew. If improperly dried the inner fabric is subject to rot and consequent shorter life. Hose improperly dried and not regularly tested is considered unserviceable after five years.

Mayor Ward and the writer recently had the pleasure of watching one of the bi-monthly drills, and much to our surprise saw two lengths of hose burst with a normal working pressure, with an open nozzle having eight 50-foot lengths under test. The chief was afraid to test the remainder of hose until the new hose on order arrives on account of shortage.

With the new hose the company will have 2,000 feet of more hose bursts on future tests, but 600 feet of this amount is only 1½ inch.

Standard requirements for public fire protection, established by the National Board of Fire Underwriters, are predicated upon the requirements considered essential for a large fire and are graded according to population. Palmyra under these recommendations should have two pumps with a capacity of 750 gallons per minute each, and 5,000 feet of standard 2½ inch hose. This amount of hose may seem high in consideration of the relative size of our business district, but a minimum requirement of 3,000 feet of serviceable 2½ inch hose would not seem unreasonable, and our present equipment is far short of this.

The personnel of the department is above the average volunteer organization. Through their affiliation with the Philadelphia Fire Insurance Patrol they have gained valuable knowledge in fire fighting and salvage work. They make many sacrifices for our benefit, being subject to call at any hour of the night or day and in all kinds of weather, actually risking their lives. They often ruin their clothing and receive injuries all for our protection. About twenty years ago each fireman was

paid by Palmyra \$12.00 a year and thirty firemen received this money. They decided to turn it over to the fire company to help buy equipment, and they still contribute this money, along with paying \$2.00 a year dues. The penalty for missing a fire between the hours of 7 p.m. and 6 a.m. is 50 cents fine, so you can see that it costs almost \$15.00 a year to be a member.

The firemen at their own expense and in spare time, modernized the interior of the fire house and built a hose tower.

The Ladies' Auxiliary of the fire company play a very important part as they are not only willing for their husbands to subject themselves to the many hazards that are in line of duty, having many anxious moments for their safe return from a fire, but have worked very hard to raise money by giving suppers, card parties and rummage sales, in order to buy boots and coats for the firemen as well as furnishings for the meeting room and kitchen, in addition to carrying shares in Building and Loan that will shortly mature.

When the fire department asks for your yearly contribution, please be a cheerful giver for this very worthy cause.

ADAMS 'DEFENDS' ACTION OF BOARD

Tells Porch Club Members That Politics Had No Part in Miss Budd's Ousting

In an effort to explain to the members of the Riverton Porch Club why Miss Sarah Budd was not reappointed to the County Library Commission, Director Palmer L. Adams, of the Burlington County Board of Freeholders, at a meeting of the Club Tuesday afternoon, gave the following reasons: first, Mrs. Shotwell, the new appointee, did not hold any other position in the county, the Freeholders were bound to recognize all sections and all elements of the peoples of the county, that any changes that have been made in the county have been made for the best interests of the people as a whole in the county.

When asked what qualifications Mrs. Shotwell had for the position, which Miss Budd did not possess, Mr. Adams was unable to say, except that she was well qualified.

Mr. Adams stated that the move could not have been a political one because only one member of the board knew Miss Budd or her qualifications until approximately two days before the appointment was made.

Mr. Adams stated that every year a vacancy was filled on the county library and that next year Miss Budd would be eligible for reappointment if the women of the county make a request. He stated that it was funny but they had not had one request from the county people for Miss Budd's appointment.

Mr. Adams stated that the senator from each county recommended the name of the person to be appointed to the board and that the name was OK'd by the governor. Mrs. Shotwell's name had been recommended but he did not know by whom.

When asked if it was too late to replace Miss Budd now in view of the fact that Mrs. Shotwell had made the statement that she would willingly resign in favor of Miss Budd, Mr. Adams replied that he had not heard such a remark and that none of the women in the room would want to resign from a position for absolutely no reason at all; that the freeholders just couldn't go to her asking her to step out without some reason.

The main reason why Miss Budd was not reappointed seemed to be because of her honorary position on the state library board. (This position was given Miss Budd when the state commission recognized the splendid work she was doing in Burlington county.)

Mr. Adams stated that he did not like the way in which the matter had been dragged into a political position by two papers in the county which were not favorable to the present board of freeholders.

Mr. Adams closed his remarks by saying that he thought the women of the Riverton Porch Club were more fair-minded than to be against the board because of this one mistake they had made. He stated that they had made several mistakes and

would probably make some more before their term was out, but that in view of all the wonderful things they had done for the county, these mistakes might be overlooked.

When asked if, when the time came for an appointment to the commission next year, he would vote for Miss Budd's appointment, Mr. Adams said that he would personally, but he could not vote for the rest of the board, as he was only one member, and that the board as a whole had voted for Mrs. Shotwell the last time. Some one remarked that they understood that as director of the board Mr. Adams could swing the vote any way he wanted to.

Mr. Adams' final statement was that if Miss Budd was returned to the commission it would be because the ladies of the county wanted her and not because of any political motive.

SACRED HEART P.T.A.

The Sacred Heart Parent-Teacher Association will hold its regular monthly meeting in the school auditorium on Thursday, April 16, at 3 o'clock. The executive committee will meet at 2.30. The nomination of officers will take place at this meeting and it is hoped the members will make an especial effort to

be present. Publicity Committee. The blanket club winner this week was Mrs. William Broderson, of Harrison street, Riverton.

A REMINDER TO 'SOFT BALL' FANS

Above is pictured the 1932 Memorial Park Playground Baseball League Champions. This and other teams have garnered the coveted trophies and will again this year vie for the top ranking honors. While this team has disbanded, many of the players are still in the fight under different colors and still provide the fans with hair-raising soft ball performance.

ENTRIES CLOSED IN
SOFT BALL LEAGUE

Eight Teams Listed Will Play
All Scheduled Games Mon-
days and Thursdays

A meeting of the Soft Ball League was held Monday night at the Riverton fire house. The entries for the league were closed with the following teams:

Schwering, Broadway, Bankers, Athletics, Tak-About, K. of C., J. T. Evans, Carharts.

The league this year will be composed of eight teams and will play all scheduled games on Monday and Thursday nights. This will leave Tuesday night for all postponed games. When no postponed game is played one of the league teams will play an out-of-town team from some other league.

All games will start at 6.30 p.m. and any team not having nine men on the field at 6.45 will forfeit the game.

The next meeting will be held April 27th.

OBITUARIES

JOHN B. MELCHOIR

John B. Melchoir, 86, of 535 Walnut lane, Roxborough, Pa., father of C. O. Melchoir, of Leoney avenue, Palmyra, died at his late residence, Tuesday, April 7.

Funeral services will be held Thursday from his late residence at the convenience of the family.

Interment will be made in West Laurel Hill Cemetery, Philadelphia, Frank A. Snover, funeral director.

JAMES M. FORD

James M. Ford, 14, son of John and Anna Ford, died suddenly, April 2, from cerebral spinal meningitis in epidemic form, after an illness of two days.

Funeral services were held Monday morning at 8 o'clock from his late residence, 621 Linden avenue, Riverton, and high mass at nine o'clock from the Church of the Sacred Heart, the Rev. John McGrath, officiating.

Interment was made in Mt. Carmel Cemetery, Moorestown, Frank A. Snover, funeral director.

The Columbus Cadets attended the funeral in a body and sounded taps over the grave.

James is survived by his parents and one sister, Margaret.

RIVERTON
SCHOOL
NOTES

On April 3rd the seventh and eighth grades went on a trip to the Franklin Institute and the Academy of Natural Sciences. At the Academy of Natural Science they saw rock and mineral specimens, skeletons of dinosaurs and other reptiles, and stuffed animals. These exhibits, surrounded by life-like settings, were very interesting.

At the planetarium in the Franklin Institute a lecture on "How the World Will End" was attended. The lecturer gave several interesting views on how life on earth could become annihilated.

A demonstration on the remarkable properties of liquid air was afterward viewed by the group.

Exhibits on electricity, radio activity, astronomy, aviation, and mechanics were also observed by the assemblage.

Miss Rothbart and Mr. Sloan chaperoned the trip.

Poetry Contest

A poetry contest has been held in the school. The following selections have been chosen for publication.

FLYING

Flying high and flying low, over and under clouds we go,
Up and down and o'er the ground, sometimes crash and never found.

Over jungles and deserts we go, over lands all covered with snow,
Through fogs and flying sleet, and through the hot volcanic heat.

IMAGINATIONS

I've always had imaginations
About funny little things;
Of being a pirate bold
And robbing treasures of Kings.
Of being a gallant Knight,
Upon a trusty steed;
Of helping fair maidens
Who were in dire need.

Or perhaps to be a redskin
Who roamed our country wide.
Or else a western cowboy
O'er our prairies to ride.
High above the clouds I'd sail
If a pilot I would be
Like some huge bird
So happy and carefree.

I've always had imaginations,
About funny little things;
But now that I'm grownup,
I wonder what tomorrow will bring.
Harold Bishop, Grade 8.

DRAMATIC TRYOUT
AT PALMYRA HIGH

Contests on April 28 and 29
Will Determine Entrants
for State Trophy

Six one-act plays will be staged in the elimination contest that will decide which Burlington county group will enter the tri-county contest to decide eligibility in the contest for the coveted State Dramatic Trophy which is to take place in the State Tournaments on May 20th.

The dates for the county contests have been set for April 28th and 29th at 8.15 p.m. They will be held in the auditorium of the high school at Palmyra under the sponsorship of the Palmyra High School Alumni, and will be free to the public. Three plays will be presented each night and the contesting groups will come from Bordertown, Mt. Holly, Moorestown, Pemberton and Maple Shade.

The training, which has been under the personal direction of Prescott Herr, well known in this vicinity as a critic and instructor in amateur dramatics, is under the supervision of the Recreational Division of the Works Progress Administration, directed by Mrs. Ethel Burr Dudley.

SHOULD WORK BOTH WAYS

A New Deal bill, now being considered in Congress, would penalize corporations that try to influence the votes of their employees.

Republicans are suggesting that the bill be amended to provide penalties for Government officials who attempt to swerve the vote of the employees under their jurisdiction. If the original proposal is sound, surely the amendment deserves a similar rating.—Sioux Falls, S. Dak., Argus-Leader.

FOR FREEHOLDER

J. MARGARET WARNER

only woman member of Burlington City Council, has formally announced her candidacy, on the Republican ticket, for election to the Burlington County Board of Chosen Freeholders.

ANNOUNCEMENT

"Only after months of the most serious and careful consideration have I decided to enter the contest for my party's nomination to the Board of Chosen Freeholders and my official announcement of that intention is made herewith.

"It has been my privilege to serve the people of Burlington on city council for the past several years and the performance of my duties there is, of course, a matter of public record.

"I feel I am fully qualified for the position I seek. In addition to my council experience I have long been greatly interested in governmental affairs and during the last ten years, in newspaper work, have had opportunity for the study of public questions. Only with a feeling of confidence that I can do the job well do I offer myself, in deep sincerity, for the consideration of the people of Burlington county, hoping they will find in me a candidate for whom they can vote with faith.

"My only promise is that, if elected, I will conscientiously, earnestly, honestly and fearlessly administer the duties of the office to the best of my knowledge and ability."

Miss Warner, who is president of the Burlington County Business and Professional Women's Club, is now serving her second term on Burlington's governing body, to which she was elected by the largest majority ever given a candidate for municipal office in that city.

Her entrance into the freeholder contest, with two to be elected to the board this year, marks the first time a woman has ever sought a Burlington county office on the Republican ticket.

Miss Warner is a graduate of Burlington High School and attended the University of Pennsylvania, taking a legal course there. After becoming eligible for admission to the New Jersey bar she decided on a newspaper career which she has since followed.

She has been a member of the finance committee of Burlington Council for two years and has served on all important councilmanic committees, including public buildings, streets, police, poor, law and ordinance, sewer, and printing, as chairman in many cases.

She is a trustee of the Republican Business Women of New Jersey, Inc., a member of the Young Republicans of Burlington County, the Burlington City and Township Republican Club, the Burlington County Women's Republican Club, the Burlington City and Township Women's Republican Club, Burlington Lodge, No. 621, Women of the Moose, Women's Auxiliary of the Endeavor Fire Company and the Burlington County Firemen's Auxiliary. She is publicity director of the county committee for the annual convention of the National Conference of Social Work.

PTA CONFERENCE
HELD IN CAMDEN

Speaker Stresses Value of Parent Education in Home and Community

The spring Conference of the southern district of the New Jersey Congress of Parents and Teacher was held on Wednesday, April 1, in the Broadway M. E. Church, Camden, with Mrs. Morris Foulk, vice president and director of the southern district presiding.

Following greetings by Mrs. Robert Simington, chairman of Camden County Council, and Albert M. Bean, county superintendent of schools, reports of the various branches of P.T.A. were given by the chairmen.

During the morning Mrs. Walter L. Bowen, president of the New Jersey Congress, and Sergeant John Conover in charge of school safety patrol work in the New Jersey State Police, were the speakers.

Mrs. Bowen particularly stressed the need for encouragement and proper recreational environment for our many young people who are unemployed as a result of the depression.

Sergeant Conover praised the work of the safety patrols and said that since 1929 there have been no accidents near school grounds where patrols were on duty.

Miss Alice Sowers, national chairman of Parent Education, spoke during the afternoon session. Miss Sowers said that education should make people happy since it teaches them how to get along with other people. Better informed parents can mould the destinies of a community as well as those of their children, but that parents must realize and assume the joint responsibility which is definitely theirs.

The attendance at this meeting exceeded 300. Riverton was represented by Mrs. H. P. Orlemann, Mrs. Francis B. Elwell and Mrs. G. Harold Baker.

FOR FREEHOLDER

CLARK W. JOHNSON

of Maple Shade, who is candidate for Freeholder on the Republican ticket.

ANNOUNCEMENT

Urged by many friends who have given assurance of their support, I announce my candidacy for the nomination for Freeholder at the approaching Republican Primaries.

I have had 15 years experience in the design and construction of various outstanding civil engineering achievements. A member of Chester Township Board of Education for eleven years, serving the last ten years as District Clerk, I have acquired a knowledge of the financial difficulties of our municipalities. The past three and a half years were spent as director of Old Age Relief in Burlington County. During this time I made a study of our county government. My many visits among the citizens throughout the county enabled me to understand and appreciate their financial problems.

I believe that my experience and knowledge, not only of the problems to be solved but of the people to be served, qualifies me for the honor I seek.

I therefore ask the support of all who believe in me.

Ordered and paid for by the candidate.

FOR ASSEMBLY

DR. JOSEPH W. BOWLEY

who has announced his candidacy for member of the General Assembly. Dr. Bowley attended the Brown Preparatory School, Drexel Institute and Temple University.

He is running on the following platform:

Limitation of tax on real estate. A cash base budget. No local government can spend more than the revenue for the current year, or the money it has in bank. Ordered and paid for by the candidate.

DUSEK vs. COX
IN CAMDEN RING

"Kansas City Crasher" to Lock Horns With "Ernie" at Drill Shed Tonight

The Public enemy Dusek Beater Number One will see action at the Camden Armory, Haddon avenue and Mickle street, Thursday night. And above all his foe of the evening will be none other than Ernie, the Dusek clan, in the feature two out of three falls, ninety minute time limit bout. Said Public Enemy is none other than Joey Cox, the Kansas City Crasher.

Cox, last week spilled Abie Coleman, at the Hanly Emporium. The week before he conquered Joey Dusek in Philadelphia and flattened Emil Dusek in Camden. The week before that he scored over Ernie in Washington, D. C.

In the forty-five minute semi-final, Ivan Managoff, of California, who is one of the roughest of the roughest as well as one of the outstanding matmen now before the public, will take on the barefoot grappler from Canada, the ever smiling Scotty McDougall.

Rusty Westcott, who grappled a spectacular duel with the above mentioned Managoff last week, will oppose the popular Hank Barber, of Boston, in the main half hour preliminary.

The other half hour numbers will present George Lenihan and Ralph Garibaldi, younger brother of Gino, and Tiny Tex Morgan and Bill Houston, of California, who made a big hit last week by conquering the rugged Jack Hader.

BIRTHS

Mr. and Mrs. Eric Binderwald, of 707 Lincoln avenue, Palmyra, are receiving congratulations on the birth of a daughter, Gwendolyn Lee, April 4 at the Mary Haas Robbins Maternity Home, 408 Main street, Riverton.

Mr. and Mrs. Charles Hawke, Jr., of 5 West Broad street, Palmyra, are receiving congratulations on the birth of a daughter, Doris Ella, April 3, at the Mary Haas Robbins Maternity Home, 408 Main street, Riverton.

INDUSTRY GIVES
EMPLOYMENT

State Director John A. McCarthy of the National Youth Administration announced on Tuesday that NYA lists are short of their full quota. They were full up to last week, then private industry called 47 of those on NYA projects to work. It was industry, not farming, that supplied jobs.

PUBLIC SERVICE

TOWN MEETING AMATEUR NIGHT

Residents of Three Communities
To Participate in Event to
Be Held in May

An Amateur Night is being sponsored by the Riverton Town Meeting for talented residents of Riverton, Palmyra and Cinnaminson. It is the plan to offer cash prizes to the winning amateurs and the committee hopes to assist one or more of the winning contestants in a place on one of Major Bowes Amateur Hour Broadcasts.

R. M. Hollingshead, Jr., is chairman of the committee and applications for a place on the program can be obtained by writing or calling at The New Era Office.

It is the hope of the committee that every talented non-professional individual or group, young or old, will take advantage of this opportunity to win a cash prize, with the possibility also of getting on the Major Bowes program.

The committee suggests that if you know of any person or group whose talents are suitable for an Amateur Night, you encourage them to make application for this event which will be held in the auditorium of the Riverton Public School early in May.

annual salary \$300; C. Kenneth Davis, custodian of the school funds, salary \$125; school nurses, Miss Helen Blair and Miss Caroline Cook, at an annual salary of \$270 payable to the Visiting Nurse Society and also attendance officers at the annual salary of \$90, also payable to the Visiting Nurse Society.

An appropriation of \$67.50 was authorized for the treatment of soil and grass seed planting on the grounds about the new school section.

The resignation of Julia C. Haines, domestic science teacher, was read and accepted with regrets.

Teacher Applications

Application for teacher appointments were referred to the educational committee.

A report from the Board's broker of record, Clarence T. Yerkes, was read. The letter cited the new insurance rates for the building and contents and the matter of coverage was referred to the financial committee for report at the next meeting.

The bond of the district clerk was ordered renewed.

The district clerk reported that the delay in payment of tuition to the Palmyra High School district was due to the failure of that district to present its bill in time for passage at the last meeting. This condition has been corrected by agreement between the two district clerks as to dates for bill presentation.

A lease agreement for rentals of the auditorium to outside interest was adopted by the board. Also a list of rentals for use of the auditorium under varying conditions was adopted. Permission was given to the YMCA for the use of the auditorium for a Riverton-Palmyra youth week dance, and permission given the Riverton Fire Company for its use in presenting a WPA entertainment.

Principal's Report

Twenty-six children have had inoculations for the prevention of diphtheria. Physical examination of all children including late entrants and those absent when former examinations were conducted, has been completed.

Thirty-five special examinations were made in the school physician's office and fifteen children excluded. We have had eight cases of measles, all now out of quarantine.

Dr. Rogers gave his annual talk to teachers in connection with the P.T.A. study group, on the subject of first aid.

Forty-four children received treatment at the dental clinics during the month.

The usual interesting activities go on in the classrooms and the exhibit of children's work in connection with the P.T.A. Parents Night

FINAL PLANS FOR EVANS' HOME SHOW

Door Prizes, Special Awards
and Free Samples Make
Exhibit Attractive

The big free Home Show that will be held at the Joseph T. Evans show rooms on Main street, Riverton, during the coming week, will open Monday, April 13th, and continue daily until Saturday, April 18th, from 2 to 8 p.m.

A number of valuable and desirable door prizes are now on display in the Evans windows, and drawings for these prizes will be held each evening at 8 o'clock. A special award will be made each day, and on Saturday a weekly award will be made.

All visitors to the exhibition will participate in the awards, and, in addition, free samples and souvenirs will also be given away. There will be no admission charges of any kind, and nothing will be offered for sale.

Instructive and valuable information will be imparted through the demonstrations at the various booths in the display rooms.

It may be to your advantage not to miss this opportunity to attend this Home Exhibit, the first of its kind for the people of this community.

was a visitor in Riverton on Wednesday.

Mrs. W. B. Berthoff, of Moorestown, spent several days this week as the guest of Mrs. Walter L. Bowen. Mrs. I. S. Williams and Mrs. Raymond Hance were winners in the Eastern Star Blanket Club.

The annual banquet and election of the O.E.S. Covenant Chapter, Palmyra, will be held Tuesday evening in the chapter rooms.

Mrs. Louis J. Meunier and daughter Edna, of Riverton, and Mrs. C. A. Verner, of Palmyra, left Tuesday for Asheville, N. C., where they will spend the Easter holidays with relatives.

The children of the Borough of Riverton are given a friendly tip to be careful of their bicycles. The police department last month had three bicycles reported stolen within one week. The weather is nice now and riding a bicycle is a lot more fun than walking.

DON'T FORGET!

The drawing for the lamb, one quart of Griffin's all-white shoes cleaner and one pair of half soles, at the Riverton Electric Shoe Repair will be held this Saturday evening, April 11th, at 7.30.

Be sure to gather up all your tickets and be present at the drawing. A lamb would make a nice Easter gift for the kiddies.

Vol. 48 No. 16

RIVERTON, NEW JERSEY, THURSDAY, APRIL 16, 1936

PRICE FIVE CENTS

CO. TO IMPROVE BROAD STREET

Work Delayed for Lack of
Funds Will Be Completed
at Early Date

The removal of the old trolley tracks by the Public Service Coordinated Transport and the paving by the Board of Freeholders of the space now occupied by the tracks from Main street, Riverton, through Palmyra is about to be completed. This work was started at Riverside in 1932 and proceeded as far as Main street, Riverton, but stopped at that point owing to lack of funds.

On March 13, 1936, Albert C. Jones, director of highways and engineering of the Burlington County Board of Freeholders, addressed a letter to Daniel M. Clifton, Riverton borough clerk, asking for information about places dangerous to automobile traffic on the county road (Broad street) passing through Riverton. On March 17, Mr. Clifton replied to Mr. Jones calling attention to the many holes that had been left in the roadway as a result of the severe weather of the past winter, and the congested condition of the highway between Linden and Elm avenues owing to the parking of cars along the siding of the old trolley route. On the same date Mr. Clifton also addressed a letter to the Board of Freeholders calling attention to a resolution passed by the board in September 11, 1931, providing for the removal of the trolley tracks maintained by the Public Service Railway Company and the widening and paving of Broad street.

Funds Appropriated

On April 8 the director of highways and engineering of the board of freeholders addressed a letter to Mr. Clifton advising him that funds had been included in the 1936 road schedule to complete this work, which would be started in the near future.

A communication was received from the New Jersey State League of Municipalities advising council that unless the New Jersey Legislature takes effective measures to provide funds for emergency relief by the 15th of April this obligation would be turned back to the municipalities which would have to provide the necessary funds through local taxation.

The borough clerk reported to council that a recent dog census had revealed that there were 267 canines in the borough, 154 of which have been registered. Councilman Robert W. Knight, chairman of police committee, reported that copies of the proclamation issued by the Mayor dealing with the mad dog situation had been distributed to each house in Riverton.

To Remove Restrictions

Mr. Knight further said that he thought there had been considerable hysteria in connection with the mad dog situation caused, in part at least, (continued on page 10)

Exit March-pianist, Ralph Eden.

F.H.A. MEETING FOR TWO TOWNS

Open Meeting in New Riverton
Public School Auditorium
Tuesday, April 21

The Federal Housing Administration has designated the month of April as "Modernize Main Street" month. This plan will be inaugurated in Riverton and Palmyra on Tuesday evening, April 21st, in the public school auditorium in Riverton, at eight o'clock, with a meeting at which there will be prominent speakers, who will explain the methods of financing these loans, and also several reels of sound moving pictures, to illustrate what can be accomplished in the way of improving the appearance of the towns.

The meeting is open to the public and no admission will be charged. This is a movement which should interest every resident of Riverton and Palmyra, since it means that in addition to adding citizens to modernize their homes and stores thru F.H.A. insured loans, (which can be paid back in moderate monthly payments) it naturally follows that the contractors and builders will obtain work and they in turn will put mechanics to work. This means more money placed in circulation and business generally will be greatly stimulated.

Modernization credit is private, not Government money. Note how simply the National Housing Act works. You go to your bank. It is probably cooperating with the Federal Housing Administration; if not, it will direct you to one that is cooperating. You will fill out a simple application. If approved, you (continued on page 9)

DISCUSS BAN
ON CIRCULARS

Majority Present at Business Men's Association Oppose New Ordinance

A meeting of the Palmyra Business Men's Association was held in the YMCA building last Thursday evening. Eighteen business men were in attendance and joined in an active discussion of the proposed circular ordinance in Palmyra.

Finally the matter was put to a vote, seven voting against such an ordinance while six voted for it. The discussion was then dropped.

Secretary Luke Eberly read an article in the by-laws relative to associate members which was adopted. The article provides that persons residing in Palmyra and doing business out of town may become associate members in the organization.

Another article in the by-laws provides that the attendance of ten active members shall constitute a quorum. This article was also adopted.

DINNER PLANNED FOR DR. NEWCOMB

Will Be Held in Community House, Moorestown, April 30

The regular monthly meeting of the Young Republican Clean Government Club was held on Thursday evening, April 9th, at the courthouse in Mt. Holly.

The speaker of the evening was Miss Emma Dillon, a Trenton lawyer and secretary of the New Jersey Bar Association, who spoke most interestingly on local and national politics.

The completion of final arrangements was reported by the several committees and tickets distributed for the dinner dance to be given as a testimonial to Dr. Marcus W. Newcomb, candidate for the senatorial nomination, to be held at the Moorestown Community House on Thursday evening, April 30th, at 6:30. Tickets may be secured from the following committee members: Earnest Cook, Jobstown; Pauline Bartlett, Burlington; Charlton McCormick, Burlington; Nelson Myers, Mt. Holly; Curtis Flynn, Palmyra; Jerome Zisak, Riverton; Fred Hennings, Riverside; Tom Adams, Florence.

Announcement was also made of the barn dance to be held on the Howard Emmons Farm, Pemberton, Wednesday night, April 22. Tickets may be secured from Mrs. Louis Mentel, Pemberton, or any of the above members.

The next regular meeting will be held Thursday, May 14th, at the Courthouse, Mt. Holly.

ENGAGEMENT

Mr. and Mrs. Darragh deLancey, of Waterbury, Conn., announce the engagement of their daughter, Miss Anne Halsted deLancey, to Mr. Charles Singleton Mears of Riverton. Miss deLancey is a graduate of St. Margaret's School, Waterbury, and Smith College. Mr. Mears is a graduate of Swarthmore College class of 1921. The wedding will take place in June. Miss deLancey is a descendant of Captain Budden, who brought from England the chimneys of old St. Peter's Church. The records of the church make provision that Captain Budden's descendants shall be privileged to have the bells rung upon the occasion of a wedding, birth or a death. The bells were rung at the time of the wedding of Miss Margaret deLancey to Dr. Joseph Linn Hetzel, in October, 1934. Mr. and Mrs. Claude J. K. Anderson, of "Rive Gauche," Riverton; have issued invitations for a tea on Sunday afternoon, April 19, from 4 to 7 o'clock, in honor of Miss Anne deLancey and Mr. Mears.

TWO ACCIDENTS

Mrs. August Conlow, of Lincoln avenue, Palmyra, was hit by a car driven by Frank P. Lamana, 3232 Cottman street, Philadelphia, on April 3 at the crossing at Broad street and Elm avenue. Mrs. Conlow was crossing from the east side of Broad street to Elm avenue when the accident occurred.

Lamana took Mrs. Conlow to Dr. Mark where she was treated for abrasions of the ankle and knee.

Lamana was held for assault and battery by automobile under \$200 bond for a hearing before Recorder Probsting on April 21. Officer Robinson answered the call at the time of the accident and Chief Gootee investigated the case.

The borough truck was run into by a truck owned by L. A. Weikman and driven by Charles Hamlin, of Delanco, last Saturday noon. Little damage was done to the borough truck, but the Weikman truck was badly damaged in the front.

The borough truck was crossing the tracks at Thomas avenue coming onto Broad street while the Weikman truck was coming off Broad street. The two drivers were given a summons to appear before Recorder Probsting on April 21.

SOFT BALL MEETING

A meeting of the managers of the Memorial Park Playground Baseball League has been called for Monday, April 20th, at the Riverton Fire House, at 8 o'clock.

RIVERTON

The Ladies' Auxiliary of the Riverton Fire Company will hold a card and radio party in the Riverton Fire House, April 21. Tickets for 35c include refreshments and may be procured from any member of the auxiliary.

Mr. and Mrs. Charles Heiss have moved from Thomas avenue, Riverton, to Lincoln avenue, Palmyra.

Mr. and Mrs. Robert Hullings and family spent Sunday with Mr. and Mrs. Frank Murphy, of Paoli.

Mr. and Mrs. Walter Michel and family, of Scarsdale, N. Y., spent the weekend with their parents, Mr. and Mrs. Eugene Michel.

A testimonial dinner to Fred Brodres, state purchasing agent, will be held in the Elks Club, Newark, Saturday evening. The dinner is sponsored by the Veterans of Foreign Wars.

Mrs. William Hendrickson will entertain her sister, La Marquisa d'Incisa, of Paris, France, for several weeks. She is expected to arrive the end of next week.

Mr. and Mrs. William Schramm have returned to their home on Linden avenue after spending the winter in Eau Claire, Florida.

Mr. and Mrs. Howard Stackhouse and son, Harry, of Bay Ridge, Brooklyn, were weekend guests of her father, Harry E. Moyer, of Full-ton street.

Howard G. Taylor, Jr., who underwent a serious mastoid operation at the Burlington County Hospital, Mt. Holly, several weeks ago, is at home again and coming along nicely.

Mrs. Helen Reiter, of Cuthbert road, won the blanket given by the Sacred Heart Parent-Teacher Association.

Mrs. Charles Seemuller, of Fourth street, entertained the members of her sewing circle at luncheon on Wednesday.

Mrs. Elizabeth Hemingway spent the holidays with her daughter, Mrs. Samuel Wolfe, of Ambler.

The following officers were elected at the annual meeting and banquet of Covenant Chapter 108, O.E.S., Tuesday evening: Worthy matron, Mrs. Ellen Smith; worthy patron, Hilton M. MANY VISITORS AT EVANS HOME SHOW

Much Interest Shown in the Many Exhibits by Popular Firm This Week

The attendance at the Home Show now going on at the Joseph T. Evans display rooms on Main street, Riverton, is beyond the expectations of the sponsors. Great interest is being displayed by the many visitors, especially in the log cabin with all its furnishings which had been on exhibition at the World's Fair at Chicago.

The scientific demonstration of insulation, and the modern preparation of coal also attracts considerable interest.

Each evening at eight o'clock a drawing for the door and attendance prizes is held. On Monday Edward Faunce, of Bellevue, East Riverton, was awarded the Gullflube motor oil, and on Tuesday there were two prizes awarded. Frank Coddington, 607 Cinnaminson street, Riverton, was awarded the automatic electric iron, and the half ton genuine Koppers coke was awarded to Mrs. Mary A. Clelland, 622 Main street, Riverton.

On Thursday, Friday and Saturday two prizes will be awarded each night. Among the prizes are the following: Ironing cabinet, Venetian bathroom cabinet, combination bridge lamp, baseball dart board, automatic electric iron, fireplace set, electric waffle iron, Gullflube motor oil, half ton genuine Koppers coke, desk lamp.

Visitors are not annoyed by any sales talk, as this is a free exhibit, featuring the low-cost financing and credit of repairs, alterations, painting and building of new homes and garages. This is the first affair of this kind in this community.

W. McCurdy, 28 of Camden, at Elkton, Maryland, on Monday, April 13.

Miss Lorraine Tilburg and Robert Blackburne were the guests of Mr. and Mrs. Leonard R. Baker, of Garfield avenue, over the weekend.

Mrs. Sarah Darnell, Mrs. Corella Cann, Mr. and Mrs. Edward King, Mr. and Mrs. Stanley Black and William Powell, spent the Easter weekend at their cottage in Avalon.

The Junior Philathea Class of the Central Baptist Church will hold a regular monthly meeting at the church Monday evening, April 20, at eight o'clock.

Miss Estelle Billard, who is a nurse at the Presbyterian Hospital in Newark, spent the weekend with her parents, Mr. and Mrs. Clayton Billard, of Horace avenue.

ADAMS FAILS TO CONVINCE WOMEN

So Reports Legislative Committee of Moorestown Woman's Club After "Explanation"

The recent removal of Dr. Marcus W. Newcomb, of Browns Mills, from the post of superintendent of Fairview Sanatorium, New Lisbon, Burlington county tuberculosis hospital, which has been generally accepted as a political maneuver saved an "Economy Move," was declared unjustified in a report of the civics and legislation committee of the Moorestown Woman's Club submitted at a meeting of the organization held at the Moorestown Community House on Monday.

Both Dr. Newcomb, speaker of the State Assembly, and Palmer L. Adams, director of the Burlington County Board of Freeholders, who had declared Dr. Newcomb was superseded as superintendent for purposes of economy, met with the committee at a private meeting held behind closed doors last week.

Took Him at His Word

The Moorestown organization apparently took Director Adams at his word when he declared, "I would be happy to invite Dr. Newcomb to debate the matter, and will discuss it before your woman's club at any time." The statement was made by the freeholder candidate for re-election at a meeting of the county governing body and the Good Government Committee of Burlington County Pomona Grange in the court house, on Friday, February 2. The meeting was held in compliance with the request of the Grange committee, which wanted the opportunity of propounding questions concerning the management of Fairview Sanatorium, and the status of the ejected superintendent.

It is the contention of many of the opposition force that the ousting and discrediting of Dr. Newcomb just at the opening of his senatorial campaign assumes a political aspect in spite of attempts at explanation.

Report Brief

The committee's report was made by the chairman, Mrs. B. Hubert Cooper, of Haddonfield road, Moorestown. She said:

"My statement is very brief indeed. Palmer Adams and Dr. Newcomb had a special meeting with the committee on civics and legislation. We asked each to give their own statements and answer each other where they criticized, but nothing new was gotten from this conference aside from their published statements.

'No Justification'

"Insofar as our investigation has gone, we felt there was no justification for the removal of Dr. Newcomb from his position.

"Palmer Adams called me this morning and asked me to say that for anybody who wants more details of this affair he would have the books open to inspection and the sanatorium and he also asked me to assure them that they wanted to keep out of politics.

WORKERS ALLIANCE BASEBALL LEAGUE

Palmyra Unit No. 28, Workers Alliance of New Jersey, plans to put a soft ball team in the field at an early date.

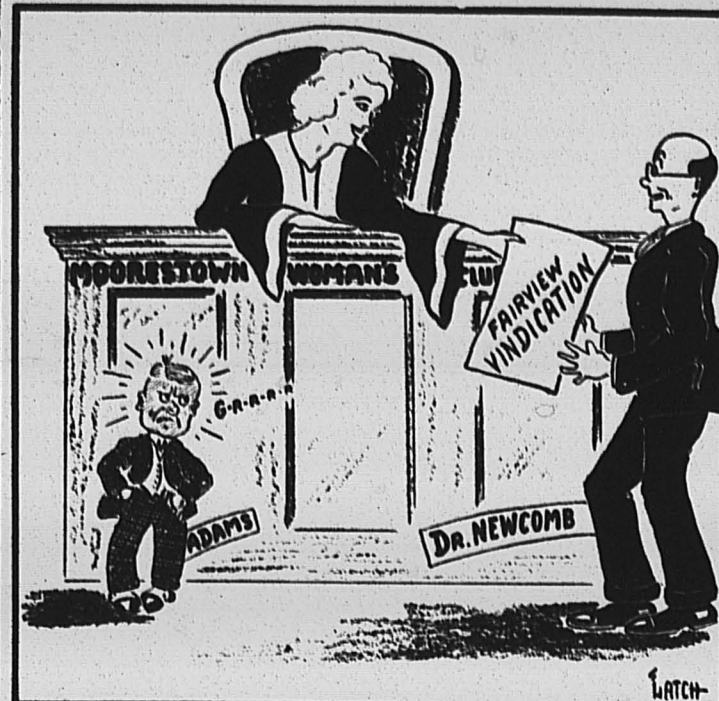

This will be part of an eight-team soft ball league to be sponsored by the Burlington County Board of the Workers Alliance of New Jersey. Any man, regardless of age, interested in this recreational activity is invited to register at Society Hall on Wednesday evening, April 22, at 8 o'clock.

The regular meeting of the Burlington County Board will be held at Burlington (610 South High street) on Monday evening, April 20, at 8 o'clock.

ANOTHER DECISION

Freeholder Adams Seeks Re-election

view Sanatorium which resulted in the removal of Dr. Newcomb as superintendent of that institution after a remarkably successful administration of nearly two decades, and the ousting of Miss Sara E. Budd from the County Library Commission on which she had served from its inception with outstanding ability.

Mr. Adams has made several unsuccessful attempts to justify the action of the board of freeholders in both cases. His appearance along with Dr. Newcomb before the legislative committee of the Moorestown Woman's Club to defend the board's action in reference to the doctor, failed to be convincing, and after hearing both men speak the chairman of the legislative committee reported to the club that there was no justification for the removal of Dr. Newcomb.

The appearance of Mr. Adams before the Porch Club of Riverton last week to defend the ousting of Miss Budd was no more successful. His claims that politics did not enter into Miss Budd's removal and the weak attempts he made to excuse the board's action, culminating in his promise to vote for Miss Budd's return to the commission next year if her name is presented, left his hearers cold, although some of them expressed pity for the sorry spectacle he made of himself.

It will take a heap more explaining than Mr. Adams has been able to do thus far to convince the voters in Burlington County that "politics had nothing to do" with the removal of Dr. Newcomb and Miss Budd.

most successful of Burlington County's physicians, makes known his candidacy to succeed Assemblyman Newcomb in the lower house:

To the Citizens of Burlington County:

At the urgent request of many of my fellow citizens, I am offering myself as a candidate for the position of member of the Assembly.

In the immediate future we are faced with many questions relating to public health and to adequate relief and medical care to the unemployed which will need earnest and sympathetic consideration.

My work on the Welfare Committee of the State Medical Society has brought me into close touch with these problems, and I feel I can be of use to the county, and to the state in helping to solve them.

S. Emlen Stokes, M.D.

Dr. Stokes has aligned himself with the Citizens Ticket supported by Dr. Marcus W. Newcomb, speaker of the Assembly. Dr. Newcomb has announced himself as a candidate for the Senate and will oppose State Senator Clifford R. Powell for re-nomination in the May primaries.

Dr. Stokes is a native of Moorestown and an active member of the Moorestown Republican Club. He has never before sought a political office.

He was president of the Burlington County Medical Society in 1930 and is a member of the welfare committee of the New Jersey State Medical Association. He is a member of the Pine Valley and Riverton Country Clubs, the Moorestown Field Club and the University Club of Philadelphia. He is chairman of the board of trustees of the Moorestown Community House, a member of the board of trustees of Haverford College and a former director of the Burlington County Trust Co., Moorestown.

ADAMS 'EXPLAINS' TO BEVERLY CLUB

Fails to Convince Members That Ousting of Miss Budd Was Justified

Palmer L. Adams, director of the Burlington County Board of Freeholders and candidate for re-election as a member of that body, appeared before the Paragraph Club, of Beverly, Tuesday afternoon of this week in an attempt to explain why Miss Sarah A. Budd had been dropped from the Library Commission of the Burlington County Library.

Mr. Adams was allowed ten minutes in which to present his case.

He said the board felt that appointments should be distributed around and not kept among a certain few. He claimed that not a single request for the reappointment of Miss Budd to the commission on which she had served so many years had been received by the board, and that, consequently in keeping with the board's policy in regard to appointments, Miss Budd's position had been given to someone else. Had even one request been received for Miss Budd's reappointment it would have been considered, he declared.

This, in substance, was the burden of his defense which was repeated in three different ways, taking up the time allowed him.

At the end of this time Mr. Adams attempted to introduce a dissertation on political and county affairs generally, but was rapped to order by Mrs. John Beatty, president of the club, after she had given him sixty seconds grace, stating that the Paragraph Club was a non-partisan organization and did not care to hear a discussion of politics.

The manner in which Mr. Adams handled the ousting of Miss Budd left a most unfavorable impression in the minds of the members of the club.

Resolution of Protest

The following resolution by the club was addressed to the board of freeholders and read at the meeting of that body on Friday, March thirteen.

Whereas, Miss Sarah A. Budd organized the Burlington County Library Commission and has since that time served most conscientiously as a member of said commission without gratuity, and

Whereas, she has the education, experience and leisure to acceptably fill the position of chairman, and

Whereas, living in the County seat and being a member of the State Commission she has been able to keep in touch with the Library at Trenton and to coordinate the county work for most efficient service; therefore, be it

Resolved that the Paragraph Club of Beverly deplores the action of the Board of Freeholders in failing to reappoint Miss Sarah A. Budd as a member of the County Library Commission, and

Be it Resolved, that a copy of these resolutions be spread upon the minutes of the Paragraph Club, and be it further

Resolved that a copy of these resolutions be forwarded to the Board of Chosen Freeholders of Burlington County.

Helen B. Curtin, Secretary.

CHURCH NEWS

FIRST LUTHERAN CHURCH

Rev. Harold L. Creager

"Does Sin Pay?" That is the theme of the sermon to be preached next Sunday evening. What are the entries in the book-keeping account of your life? Is there red ink in the moral ledger? A question of immediate and eternal significance. The sermon at the morning worship hour will be on "The Spirit of Consolation."

Mid-week service next Wednesday at 8 p.m.
Next Tuesday evening the Woman's League of Gettysburg College will hold a meeting in this church. For further particulars see article in another column.

EPWORTH M. E. CHURCH

Rev. William A. Boyd, Pastor

This Sunday, the Rev. William Alexander Boyd, minister of the church, will begin a new sermon series on "The Modern Christ." The sermons will be presented in the following order: April 19, "The Increasing Christ;" April 26, "The Imparting Christ;" May 3, "The Loving Christ;" May 10, "The Compassionate Christ;" May 17, "The Comforting Christ;" May 24, "The Transforming Christ."

At the evening service the new Methodist hymnals presented to the church by the members and friends of the congregation. The choir will demonstrate some of the hymns, chants and responses. The congregation will participate in singing some of the old as well as the newer hymns.

Mrs. Florence Darg Boyd, head of the music department of the State Teachers' College, at Glassboro, N. J., will assume charge of the music in our church beginning this Sunday morning. Mrs. Boyd will direct the Senior and Dulciana choirs.

CENTRAL BAPTIST CHURCH

Rev. George Lockett, B.D., Pastor

Services for Sunday, April 19, 10:00 a.m.—Bible School. Easter Sunday was a big day for Central Baptist, and the school was taxed to seating capacity.

11:15 a.m.—Morning worship. Pastor Lockett will present a post-Easter sermon "Alive in Christ." Music by the Senior and Junior choirs.

7:00 p.m.—High School Young People's group will have an unusual program. All young people of the high school age are invited. Come, and bring another.

7:45 p.m.—Evening worship. "The Refining Process" will be the subject of the pastor's sermon.

Wednesday evening at eight o'clock the regular mid-week prayer service. A most cordial invitation is extended to all members of the church and friends.

CHRISTIAN SCIENCE CHURCH

"Doctrine of Atonement" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on

Sunday, April 19.

The Golden Text is: "The preaching of the cross is to them that perish foolishness; but unto us which are saved it is the power of God" (1 Corinthians 1:18).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Wherefore, my beloved, as ye have always obeyed, not as in my presence only, but now much more in my absence, work out your own salvation with fear and trembling. For it is God which worketh in you both to will and to do of his good pleasure" (Philippians 2:12, 13).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Christians do not continue to labor and pray, expecting because of another's goodness, suffering, and triumph, that they shall reach his harmony and reward. If the disciple is advancing spiritually, he is striving to enter in. He constantly turns away from material sense, and looks towards the imperishable things of Spirit" (p. 21).

DEAN TILBERG WILL ADDRESS WOMAN'S LEAGUE

The Woman's League of Gettysburg College will hold a meeting in the First Lutheran Church next Tuesday evening, April 21, at 8 o'clock. This organization is devoted not only to the interests of this one college, but also to the cause of Christian higher education in general—which is surely one of the very important issues facing both our young people and older folks who are concerned about the future of the nation and of individuals.

A splendid program is being arranged. The local group is fortunate in securing an outstanding professor from the college—Dean Tilberg. Besides this principal speaker, there will also be a boy student and a girl student from the college, who will stand at first hand the sound values of such an institution. The meeting is open to the public, and all young people and parents, as well as others interested in the finer standards of higher education, are cordially invited to attend and hear the message of the Christian college.

RALLY OF MEN'S BIBLE CLASSES

The April rally of the Burlington County Federation of Men's Bible Classes will be held Sunday, April 19, in the Riverside Methodist Church.

The Rev. Carl McIntire, pastor of the Collingswood Presbyterian Church, will be the speaker. The rally will start at 2:30.

What Other Editors Say

VINDICATION FOR DR. NEWCOMB

After hearing from Dr. M. W. Newcomb, medical director of Fairview Sanatorium, and Freshholder Palmer L. Adams, who appeared in person to present their respective sides of the controversy centering upon the county institution, the Moorestown Woman's Club finds that "there was no justification for the removal of Dr. Newcomb from his position." No other conclusion was possible. It coincides with the view of the great majority of Burlington county taxpayers and voters.

Dr. Newcomb has done splendid work at Fairview. He brought the sanatorium to a point of usefulness and efficiency equalled by few institutions of like character in this or any other state. He never departed from this rule which excluded politics from the conduct of the institution. He kept costs low and efficiency high throughout his long years of service as superintendent and medical director at Fairview.

Not until the young political adventurers who by devious ways secured control of the Board of Freeholders and, through that, seized upon the county institutions to use as political footballs, was there a thought of prostituting public interests and the safety of the unfortunate receiving treatment there, to selfish politics and the spoils of office.

With an open mind and a determination to ascertain the facts, the Women's Club invited Dr. Newcomb and his chief heckler, Palmer Adams, to appear before it to give their respective sides of the sad story. The invitation was accepted, and the conclusion reached by the organization through its civics and legislative committee, reflects accurately the impression gained by these public-spirited women after hearing from Dr. Newcomb and his traducer, Adams.

What the Moorestown Woman's Club finds, public opinion in Burlington county decided, weeks ago. The attack upon Fairview, and through it, upon Dr. Newcomb, constitutes one of the most sordid chapters in the history of the county's institutional life. It will be strange, indeed, if the voters do not visit their wrath upon the young men who did not hesitate to sacrifice the fair name of a model institution to his own inordinate greed and vanity.

Mount Holly, April 8.
—New Jersey Mirror.

MOORESTOWN WOMEN GET FACTS

Members of the Moorestown Woman's Club invited Director Palmer Adams and Assemblyman Marcus W. Newcomb to appear before them and answer questions regarding the conduct of Fairview Sanatorium.

Both men accepted and according to reports which have gradually come out regarding the meeting it proved to be an uncomfortable one for Adams. After impartially hearing the stories of both men the ladies reported that Dr. Newcomb's ousting at Fairview was unjustified.

This report supports the editorial viewpoint expressed in the News at the time Dr. Newcomb was superseded. It would be much more honorable for the New Deal group to admit the truth and say that Dr. Newcomb was fired because he looked over the wrong side of the political fence.

—Florence Township News.

INEFFICIENCY IN GOVERNMENT

A familiar old figure pops up in Washington and the centurion demands economy and efficiency in Government. Welcome Oldtimer!

Apparently nearly all of the thousands of employees added to the government payrolls have been elevated to their positions without regard to the Civil Service act, even though the Civil Service act has been regarded in recent years, as the most efficient advance ever devised in behalf of efficiency and better business in government. Why it has not been adhered to in the last three years is explained by the frank statement of Postmaster General Farley that there wasn't time to hire people that way. But not even Mr. Farley's

THOUSANDS ATTEND SUNRISE SERVICE

Moravian Choir and College Quartet Featured in Musical Program

The fourth Easter Sunrise Service to be held at Lakeview Memorial Park was again a decided success. The services impressed the large audience of over 10,000 people and many commented upon the beauty of the age-old Moravian custom. The service began at 5 a.m. but was preceded by an hour of music from the singing tower. The huge illuminated cross atop the singing tower served as a beacon to the hundreds of incoming cars from all over New Jersey and Pennsylvania. Its constantly changing color was a new feature this Easter.

The Rev. Albert J. Harke, pastor of the Palmyra Moravian Church, conducted the services from the hillside pulpit. Music for the service was sung by the Moravian choir of Palmyra and the Moravian College quartet of Bethlehem, Pa.

Rev. Harke recited the liturgy and delivered a sermon on "The Stone Rolled Away."

Programs were distributed to those in attendance.

New Jersey State Police and police from neighboring communities aided in directing traffic and parking cars.

Friends believe that flip sentence of his.

Ex-President Taft's greatest contribution to public service during his Presidency was his attempt to create improved efficiency in Government. Huge volumes of statistical reports were completed and they are still to be found in the Congressional Library. They showed the duplication of Government bureaus and agencies and gave a complete and definite chart for the reorganization of Government.

The final act of Mr. Taft as President was an appeal to Congress to set aside all partisan motives and make a business institution out of the government. His Commission proved that it could be done. But the whole matter was chucked overboard when President Wilson was elected.

But, all will agree that efficiency in Government has touched bottom since the beginning of the depression, and if Senator Byrd, of Virginia, and Congressman Brownlow, of Indiana, who are the official administration heads of the present plan to bring order out of chaos in government management can accomplish anything in that direction they will have the blessings of a grateful country.

Ninety-nine authorities out of one hundred in government affairs would say it can't be done. But they are reminded that many a rabbit has been taken out of hats by magicians.

—Mount Holly Herald, Burlington County News, Leading Democratic Newspaper.

MEN TO BE WATCHED

An elderly man, but also bookish, was hailed before the bar of justice in a small country town. "You're charged with being disorderly," snapped the magistrate. "Have ye anything to say why sentence should not be pronounced?"

"Man's inhumanity to man makes countless thousands mourn," began the prisoner in a flight of oratory. "I am not so profligate as Byron, so ungrateful as Keats, so interperate as Burns, so—"

"That'll do, that'll do," interrupted the magistrate. "Seven days. And, officer, take down that list of names he mentioned and round 'em up. I think they're as bad as he is."—The Chaser.

UNDER ONE ROOF

"Jones is supporting two wives now—"

"What?"

"His son just got married."

A HOT PROPOSITION

Patrolman: "How can we get hold of that fiery Chinaman?"

Police Lieutenant: "You'll have to handle him with the tongue."

BETTER

"Is your husband better, Mrs. Meadows?"

"Yes, thank'ee, sir; it don't take him long to vituperate."—Punch.

YWCA NOTES

CAMPAIGN UNDER WAY

Workers are busy in all county communities this week in the interest of the \$10,000 maintenance campaign of the Burlington County Young Women's Christian Association.

The active drive began Monday and will end Saturday.

Judge Harold B. Wells, of Bordentown, addressed the dinner-meeting in the Mt. Holly Presbyterian Church, which opened the campaign Monday night. Mrs. Harold Horner, of Mt. Holly, general campaign chairman, presided, and more than a hundred and fifty community leaders and workers were present.

Speeches were given by Mrs. Charles S. Beckwith, of Pemberton, county president; Miss Elizabeth McHenry, executive secretary, and Mrs. Helen Sanford. Group singing during the evening was led by Guy Hendry, county YMCA secretary.

COUNTY HORSE SHOW MAY 9

Annual Event to Be Held by Burlington County Horse and Hound Association

Burlington county owners of horses eligible to show, work and hunter classes, are expected to make up some of the outstanding features of the second annual horse show to be held by the Burlington County Horse and Hound Association at the English Setter Club Farm, south of Mount Holly on the Medford road, on Saturday, May 9. There are plenty of good horses in the county, and to prove it they need nothing more than an opportunity to show themselves in performance or exhibition.

This year there are six classes limited to Burlington county—for three-gaited saddle horses over 14.2, for teams of work horses attached to appropriate vehicles, for saddle horses in pairs ridden by lady and gentleman, for work horses single in hand, for three-gaited saddle horses ridden by ladies only, and for three-gaited saddle horses ridden by gentlemen.

There is a fine lot of handsome trophies for all of the thirty-one classes. The hound show will be one of the big features of the promotion.

SCHOOLS AND TAXES

BY

DR. LEON N. NEULEN

President of New Jersey State Teachers' Association

Ninety-nine cents of every dollar spent on New Jersey schools comes from the tax on property. This fact is at the root of most of New Jersey's tax and school difficulties of the past few years.

Most of the money to support schools comes from two sources, local taxes and the state school tax. The local tax is a property tax, of course. It raises about four-fifths of all the money spent on schools in New Jersey. The state school tax, which raises most of the state school money, is also a property tax, \$2.75 on each \$1,000 of assessed valuation.

State Aid Unpaid

The only other important source of state school money is the Railroad Tax, which is tied up in litigation, and from which the State owes local school districts more than two and one-half million dollars.

This complete dependence of the schools on the property tax would be bad if they were the only government service dependent on that tax. They are not, however. A report on a Study of the Financial and Tax Problem of Municipal Governments in New Jersey, by the Joint Taxation Committee of the 157th Legislature, made the following statement:

Heavy Tax Load on Property

"Property owners, it has been estimated, pay 89 percent of the whole tax levy. . . . We completely ignore the fact that in this industrial state the value of our real property probably represents not more than twenty-five or thirty per cent of the total wealth of the State. . . . New Jersey has done less than any other State in adjusting her taxing system to the far-reaching economic changes that have taken place."

The result of this overloading of the property tax has been the breakdown of that tax as a source of revenue in the State. A recent report by Walter R. Darby, State Auditor, shows that at the end of 1935, only 10 per cent of the 1935 taxes had been collected. At the end of 1935 six New Jersey communities had collected less than one-quarter of their 1935 taxes, one hundred and eight had collected less than half, and 466 had collected less than three-fourths.

Schools Suffered Most

The complete dependence of the schools on this tax has meant that the schools have taken a worse beating than any other essential service which the people expect from their government. New Jersey Boards of Education have pinched every penny during the past few years. Our schools have cut costs more than sixteen and one-half million dollars since 1931, and that does not include a decrease of nearly \$15,000,000 in expenditures for land, new buildings, and equipment. The schools have done this while the number of pupils rose 11,700, with the increase mostly in the high schools where education is more expensive.

Facilities Curtailed

Four years ago the average New Jersey child was getting an education that cost \$125.97 a year. Today he is getting \$103.57 worth of education. That is a saving of \$22.40 on each child.

This has meant larger classes—with less individual attention from the teachers. For the 11,700 more pupils in New Jersey, there are 362 fewer teachers than there were four years ago. The number of high school pupils has increased twice as fast as the number of teachers. High schools all over the State are on two or three sessions with each pupil in school the shortest time that the law allows and then shoved out for "unsupervised study" on street corners.

Depreciated Equipment

These economies have meant fewer and older textbooks, books so out of date and dirty as to be virtually worthless. If we can judge by the money spent, each pupil in New Jersey today has about two fewer books to study from than he would have had four years ago. Old books have been kept in use long after they should have been thrown away. One school is still using geographies printed before the World War, with maps of pre-war Europe. At the same time \$1.00 less a year per pupil is being spent on education supplies, copy books, paper, art materials, etc.

Very little is being spent on building repairs. There is less painting, more leaky roofs, more splintery floors, and a thousand and one other things that mean less and greater expenditures in the years to come.

Curriculum Curtailed

The schools offer fewer educational opportunities—not only have music, art, manual training, cooking, and dressmaking been eliminated in many schools, but evening and summer schools have been closed in great numbers. Teachers have to work without assistance and without supervision.

Finally, teachers' salaries have suffered in many communities, have gone down. At the same time the schools have suffered because Boards of Education have not known what money would be available. Relief for New Jersey property owners is a necessity. The School Law passed last year provides the way to give relief.

They have finished their month's work.

School Revenue Breaks Down

These economies have been forced on Boards of Education to a large extent whether they wanted to make them or not. With the schools wholly dependent on property taxes, the breakdown of the property tax meant the breakdown of the only source of school revenue.

An earnest attempt to meet this difficulty has been under way for the last three years. In 1933 the Governor's School Survey Commission, appointed by Governor A. Harry Moore, headed by Thomas N. McCarter, and conducted by Dr. Paul Mort, submitted a report which analyzed the situation and suggested the remedy.

The remedy proposed was the raising, through some other tax, of the State's one-fifth of school costs, so that the State School Tax could be repealed. This plan now has the vigorous support of the Federated Boards of Education, all teacher groups, many women's and citizens' organizations interested in the schools, and large numbers of intelligent citizens.

Does Not Increase School Costs

It does not involve any increase in the total cost of education, either in the State as a whole or in any given community. That is because the State money for education is subtracted from the local school budget before the local tax rate is set. If the State money increases, the local tax rate goes down; if the State money declines as it has done in the last few years, local tax rates rise.

The plan does guarantee a decrease in the tax rate in practically every community because the tax rate now includes the state school tax as well as the local tax for schools. The repeal of the state school tax will mean a definite reduction in the total tax bill.

Four Million Dollar Decrease

Failure of the Legislature to enact the plan as proposed is steadily costing those who pay property taxes—and those who rent property—as well—more money. The breakdown of the property tax during the last few years has especially affected the State School Tax. Decreased valuations have reduced it by \$2,000,000, and another \$2,000,000 has not been collected.

Local Boards of Education have counted on this money—as they had a perfect right to do—have had to borrow in order to meet their budgets, and have had to pay into the State for the local tax rate. Boards that did not count on it had to raise their local tax rates to make up for it. As a result

Statement By Executive Committee of New Jersey State Teachers' Association

A do-nothing policy appears to prevail in the New Jersey Legislature at the present time. The feeling seems current that the Legislators gain merit and votes by taking no action before the May primaries. Since the schools are among the most important of our public institutions, the Executive Committee of the New Jersey State Teachers' Association feels it necessary to express publicly its disapproval and to register a protest.

Immediate Action Imperative

When the 1936 Legislature assembled the problems of education, taxation and relief were generally recognized. An early solution was expected. The 1935 Legislature had passed the School Equalization Act written to carry out the recommendations of the Governor's School Survey Commission. That act awaited only a substitute for the state school tax to make it effective. The complete breakdown of the present system of state aid to education made such a substitute imperative.

New Jersey's tax problem remains as serious as it was in 1933, when the Legislature's Joint Committee on Taxation pointed out that "New Jersey has done less than any other state in adjusting her taxing system to the far-reaching economic changes that have taken place." The schools are supported almost wholly out of property taxes, local and state. Property taxes in New Jersey are so overloaded that they are only sixty per cent collectible. Inability to collect the State School Tax on property has forced local tax rates up, while school budgets have gone down. At the same time the schools have suffered because Boards of Education have not known what money would be available. Relief for New Jersey property owners is a necessity. The School Law passed last year provides the way to give relief.

the savings on the schools in many cases were not passed on to the taxpayer. He has been paying the same or higher taxes for poorer schools.

Must Find Substitute Tax

The adoption of the plan depends upon the finding, by the Legislature, of some tax to replace the State School Tax. Other states have done so. Few other states make their schools as dependent upon the property tax as New Jersey does. Few other states are as chary of state money to help local school districts as New Jersey is. In Delaware, for example, the State bears 93% of the cost; in California, 49%; in New York, 34%. In New Jersey, it has never been more than a theoretical 20%, or an actual 6%.

Taxes in Other States

Other states make use of some or all of the taxes which were suggested by the Joint Committee on Taxation of the 1933 Legislature—income, sales, franchise, and intangible property. The organizations concerned with the problem of relieving the property tax and helping the schools are not advocating any particular tax. They stand, and have stood, ready to back the Legislature in any tax program which will raise sufficient money to replace the obsolete state school tax. They have taken as their slogan, "Real State Aid for Schools; Real Estate Aid for Taxpayers."

Need for Immediate Action

They are strongly advocating action at this session of the Legislature, especially because of the possibility that the relief problem may be turned back on local governments. Should this be done without replacing the State School Tax, they fear further drastic cuts in educational services and increased local taxes. They see a positive benefit to New Jersey schools in the adoption of the plan because it will put into operation in the State the other important recommendation of the Governor's School Survey Commission—the equalization of educational opportunity through the guarantee by the State of a minimum program of education for every child at the \$57 level. The School Act passed last year (Chap. 224, P.L. 1935) provides for this, but cannot take effect until a replacement for the State School Tax is found.

Such a replacement will also guarantee to local Boards of Education state aid on which they can rely when planning for the year and fixing local tax rates.

On this basis of lower local taxes and better local schools, the groups sponsoring the plan are appealing to every friend of education and every property owner in the State for support.

A New Peril to Schools

Finally, the relief problem has been debated for many months, but no action has been taken. There seems to be some sentiment for returning part, at least, of the relief burden to local governments. If this is done without providing other tax relief every phase of local government, including the schools, will suffer. Thus far the Legislature has merely postponed the day when its decision must be made. We urge action.

We believe that the teacher-citizens of New Jersey whom we represent expect action, and expect it before the primary elections.

To all who love music and believe with passionate conviction in the richness and worth of its mission to mankind, the era of social, economic, and political change through which civilization is passing is a challenge and an opportunity. Education exists wholly and solely for the sake of life. Anything in it which does not serve the ends of better and fuller living in no way deserves its place. Any particular study is valuable only in so far as a mastery of it enables one to live more richly and more completely; to succeed more fully in the great business of being human. No knowledge is worth anything at all, merely for the sake of having it. No skill, whether of mind or body, is in itself intrinsically desirable. All such things are worth having and worth mastering only in so far as they enable boys and girls, and men and women, to live stronger, more satisfying, more worthy lives; only in so far as they lead to a more human and spiritual quality. —James Mursell.

SCHOOL BILLS

PROGRAM SHOWS NEGRO PROGRESS

Achievements of Race Will Be Shown in Celebration Starting Sunday

Governor Harold G. Hoffman, of New Jersey, Governor Harry W. Nice, of Maryland, and Mayor S. Davis Wilson, of Philadelphia, have issued proclamations for Negro Achievement week which will open in Philadelphia next Sunday.

On Sunday, 200 ministers will deliver special sermons on Negro achievement, and during the week Negro speakers will talk to white groups in various sections of the city.

The week will be closed with a mass meeting at Tindley Temple, Broad and Fitzwater streets, on Friday, April 24.

Dean Kelly Miller, of Howard University, will be the principal speaker, and more than fifteen organizations are expected to attend in a body.

Other speakers will be John M. Marquess, head of the Eastern Federation of Negro Republicans, and Dr. Sadie T. M. Alexander.

Mayor Wilson will present awards to two outstanding Negroes for their achievements. Magistrate Edward W. Henry will preside.

New Jersey will honor its outstanding Negro business woman, Sara Spencer Washington, founder and head of the Apex Beauty Cultures, Inc., and W. R. Valentine, head of the State's leading school for Negroes at Bordentown.

The taking of a Negro message to white audiences will be the special feature of the New Jersey unit, which is headed by Attorney J. Mercer Burrell, former Assemblyman.

MRS. E. S. PARRY WINS LIVE LAMB

The drawing for the live lamb at the Riverton Electric Shoe Repairing Shop last Saturday evening proved to be quite an event.

A large number of people were entertained by George "Bish" Corner playing his harmonica.

Mrs. E. S. Parry was the winner of the lamb. Mrs. S. J. Convery won the quart of Griffin's All-White shoe polish, and J. J. Robinson, 400 Thomas avenue, was awarded a half sole job.

Mr. Barone was very well pleased with the cooperation he received from the townspeople.

The gift of the lamb at Eastertide is an old Italian custom. It is the highest gift of friendship at this season and the lamb represents piety, sobriety, calmness and humility.

STENOGRAPHER AND TYPIST EXAMINATION

The United States Civil Service Commission has announced an examination for the positions of senior and junior stenographer and senior and junior typist.

This examination is being held for appointment in Washington, D. C., only.

Applicants must be at least 18 but under 33. For positions in the apportioned service at Washington, D. C., they must show actual and bona fide residence in the State or Territory claimed for at least six months next preceding the closing date for receipt of applications.

All states except Maryland, Massachusetts, Nebraska, South Dakota, Utah, Vermont, Virginia, and the District of Columbia have received less than their quota of appointments in the apportioned departmental service at Washington, D. C. Full information may be obtained from the Riverton post office.

WCTU NOTES

Mrs. Mary C. Fairchild, one of the instructors from the first seminar of Scientific Temperance Education of Evanston, Illinois, will be in Moorestown to meet the teachers of the county at a special meeting to be held in the public school, April 27th, at 4 o'clock.

Mrs. Fairchild will speak at a public meeting at Medford M. E. Church in the evening.

Approximately 500 patents are issued annually to women in this country.

ELECTION CONTEST IS WARMING UP

CINNAMINSON SCHOOL NOTES

School No. Two at Cinnaminson ushered in the Easter holidays with a colored egg for every pupil. These were provided by the upper grade teachers, and a couple of interested P.T.A. members. The kindergartners and the four lower grades enjoyed hunting theirs in the woods opposite the school, while the older pupils found theirs by their places at lunch time.

Happily the threatening clouds held back until the little ones had raced over the brush and stumps looking for the treasure. The kindergartners were sure that they tracked the bunny to the woods.

The program committee have planned worth-while meetings for May. The yearly musicale will be given Friday evening, May 1st, with the rhythm band, the fourth grade orchestra, and professional talent. A small admission will be asked, and the children will offer tickets. The regular meeting, the third Wednesday in May, will be "Health Day" with a speaker from the State Department. Further particulars will be given later.

The card party on the second was a decided success, those present enjoying the friendly atmosphere, and the refreshments offered later. The financial end was more than satisfactory.

The association president and two other members attended the Southern District conference in Camden, and came home with an air of satisfaction and a wish that all could have been present instead of only three.

When the holidays are over the upper grades will finish preparing for an operetta to be given soon. The healthful spirit of pride in "our school," manifested by the children is a great asset to the general morale. Publicity.

LADIES' AUXILIARY TO HOLD SUPPER

The Ladies' Auxiliary of Independence Fire Company, No. 1, of Palmyra, will give one of their famous roast beef and ham suppers in the fire house on Thursday, April 30, from 5 to 8.

Tickets for 50c may be procured from any member of the auxiliary or from the firemen. The menu is made up as follows: Roast beef or ham, sweet potato croquettes, white potatoes, peas, beets, cole slaw, celery, ice cream and home-made cake. The supper will be cooked in the fire company kitchen by the ladies.

Never put your friend before your conscience.

WORKERS TAKE STEP TOWARD SOCIALISM

Camden County Group Proposes That Government Take Over Industry and Farming

A specific program of legislation for the relief of unemployed and for establishment of social security is urged on the Legislature in a resolution adopted Saturday night by the executive committee of the Unemployed Citizens' Council of Camden County. It was announced by William P. Hughes, president of the council.

"Copies of the resolution, he said, were addressed to Governor Hoffman, Senate President John C. Harbison and Speaker Marcus W. Newcomb.

The recommendations include creation of a state public works corporation in cooperation with PWA to open all closed factories by right of eminent domain and to take over all unused farm land for cultivation by employables on relief, establishment of state canning houses to feed unemployed in winter, creation of a state bank to finance state projects and to act as a clearing house for counties and municipalities seeking to lower interest on their bonded indebtedness.

An Italian motorcycle has been given a stream-lined body to make it the fastest machine of its kind in the world.

New Deal Now Threatens Freedom of Speech in America

BY NICHOLAS ROOSEVELT
For the National Republican Builders, Inc.

Nothing so shocking has occurred since the New Deal came into power as the Black Committee's blatant violation of the fundamental right of privacy guaranteed under the 4th Amendment of the Constitution. Determined to have down critics of the Administration, that committee has secretly investigated the private telegrams of individuals and concerns known to be hostile to the New Deal.

Not content with this utterly arbitrary and unconstitutional action it holds over the heads of the Administration's opponents the implied threat of pillorying them before the Senate investigating committee—a process in which every effort is made to blacken the character and reputation of the individual and but scant regard is paid to his rights or to legal procedure.

The men whose papers have been seized or examined are not charged with any crime. They have done nothing illegal. Their offense lies in having exercised what all Americans prior to the New Deal regarded as their inalienable privilege—saying what they thought of the Administration plainly, bluntly, publicly.

Little did they know that under the resolution of the Black Committee this plain speaking has become a high offense, and that "efforts to influence or suppress or foment public sentiment" (to use the words of the Senate resolution) may now be prosecuted by that committee.

What does this mean in plain English? That any individual who expresses himself in such a manner as to arouse public sentiment against the Administration may be hailed before the Black Inquisition, and if he fails to "tell all he knows" may be punished by imprisonment for contempt of the Senate.

Gone is the old freedom of speech. Gone is the American tradition of fearless criticism, honestly spoken.

Henceforth we must whisper when we disapprove of the New Deal. Each time that we send a telegram we must realize that a Senatorial Committee may wish to read it in secret and use it against us. Even the mails may no longer be secure.

This brutal attack on American liberties is bad enough by itself. But what is even worse is that the American people apparently are willing to take it lying down. "They will put me in jail" one of the critics of the Administration, whose papers have been investigated, said the other day. "They have copied my private correspondence with leading Republicans. If they call me I am obliged to testify, even as to private conversations. Otherwise they can break me."

This is the way bloodless revolutions are successfully made. Minor rights are first whittled down and the citizens are frightened into silence. Then, as terrorist tactics are increased, major liberties are flouted. Once the people are cowed into non-resistance the way of the "reformer" is easy. He can do within the law those things which flout the law. Freedom is strangled, democracy killed.

Why pretend that we in America are immune from this danger? Why fool ourselves when, as a matter of fact, fear of government is daily growing in this country?

Business men are afraid that the government will "crack down" on them. Individuals are afraid of the tax collectors. Writers who have criticized the New Deal never know when they may be subjected to some sort of inconvenience by government agents. Worst of all, the average citizen, confronted by this sort of governmental injustice, is inclined to take the attitude that the government will "get" him even if he is in the right, and so he makes no fight.

What has become of the traditional American courage and independence? Are we so softened by safe living that we prefer to sit in silence while the government makes a mockery of our rights and liberties? Are we unwilling to protest when the private messages of individuals

are secretly investigated by Federal agents in direct violation of that guarantee of "the right of the people to be secure in their persons, houses, papers and effects, against unreasonable searches and seizures" specified in the Fourth Amendment—a guarantee written into the Constitution for the express purpose of protecting citizens from just such political inquisitions as the Black Committee has been carrying on? If we are no longer willing to fight to protect these rights, then indeed have we forfeited the claim to be the land of the free. Then also must we admit the defeat of Democracy at the hands of reaction.

The Black Committee, while not appointed by President Roosevelt, has given active shape to the Administration's well-known attitude towards criticism, which is to try to stifle or terrorize or malign its critics.

But this is much graver than a partisan issue. It is more even than a national issue.

It is a great crisis in the history of the American Republic. How many miles have we descended into the valley of despotism since Abraham Lincoln urged us to bind up the nation's wounds, "with malice towards none, with charity for all." Malice, spite, oppression—these are the weapons of the New Dealers.

Surely the country will refuse to bow down without protest.

SHORT-WAVE RADIO

by W. Maynard Bowen
and W3CJJ

Last week we discussed antennas, suitable for short-wave reception with directions on putting up an efficient one of home construction. This week's column will deal with the correct method of tuning the all-wave receiver.

As explained last week, the average all-wave receiver consists of the main tuning control, known as the station selector, and other auxiliary controls usually designated as band-switch, or band selector, volume control, tone control, and, in some sets, beat oscillator or station finder.

To illustrate, suppose we wish to listen to European stations and it is about five o'clock in the afternoon. We will select the nineteen-meter band by means of the band-selector switch. The station is then tuned in

with the main tuning control, the volume-control being full on. The station finder, or beat frequency oscillator, is a great aid at this point. It causes the set to operate like an express train, i.e., it whistles at every station. Every whistle denotes a station, and when the whistle is located the beat oscillator may be turned off and the set performs in a normal manner.

Short-wave reception, before the advent of the new sets incorporating all the modern inventions, was often marred by fading of the distant short-wave stations, and even our local short-wave stations at Pittsburgh and Schenectady had the annoying habit of fading completely out of the picture at times. The perfection of Automatic Volume Control has rid us to a great extent of this annoyance.

A short explanation of the principles of A.V.C. may be of interest. Everyone knows that turning the volume-control of the receiver will reduce the volume of the set from a roar to a whisper, but, once set, the manual control did not compensate for signal intensity as received from stations that had a habit of fading or varying in intensity. It had been the dream of radio engineers to perfect a system whereby the set itself could compensate for volume levels lower than that for which the manual control had been set. This dream has been realized. Today in the modern set there is a tube whose sole function is not to amplify or detect the radio signal and pass it through the receiver to be audible in the speaker, but its purpose is to regulate sensitivity of the other tubes in the set. This is the automatic volume-control. It accomplishes electrically what you do mechanically when you vary the volume-control of the receiver. When you turn your volume-control to comfortable room-volume and if the station should fade and get weaker the A.V.C. tube automatically takes charge and increases the sensitivity of the receiver to the volume level for which you set the manual control. This takes place so fast that it is usually unnoticeable to the ear. This may help you in understanding where that A.V.C. that you read about when you bought your receiver is located. This is the only control that does not have a handle attached.

The tone-control serves a dual purpose in the all-wave receiver on the broadcast band, it makes possible the maximum enjoyment of certain types of music and allows you to get back at that high-C soprano that offends you, by making her sound like a basso.

On the short-wave bands reception is often accompanied by a myriad of extraneous noises that seriously interfere with the enjoyment of the program. Here is where the tone-control comes into its own, for by tinkering with this control the hisses, buzzes, growls, etc., can be "washed out" and bring in the program through this noise level and make an otherwise poorly received program enjoyable.

This concludes this week's SWL.

(SWL means Short-wave Listener.)
HAM NEWS: This portion of the column will be conspicuous by its absence. We have had no reports or even growls by the members of our Ham Fraternity here in Riverton (Jerry, Chris, Tel, Buddy, Dave, VanCleave). Sa Hams, does the above article on A.V.C. explain why we have the hiss and also phenomenal sensitivity on the Super-Regen? Maybe it explains also why some of the boys think their Superhets, "Jones Variety," are acting as Super-Regens. High Sensitivity means hiss (tube noises). Sa O.M.'s, we received our copy of the 1936 "Radio" Handbook and it is the "berries?" There's a new "Jones" Exciter that would lend itself very nicely to five-meter crystal-control using receiving type tubes instead of the special tubes (841's, etc.) that we have to use at present. Also plenty of new dope on receivers, smiters, and especially a ten-meter Superhet. Very FB and worth having.

Well QRX here now so we'll QRT and cul. 73.

sign a monthly payment note and, if required, a security document, and the bank makes the funds available to you at once, or agrees to pay the various contractors or dealers as the work progresses, or when completed to your satisfaction.

When the National Housing Act was passed, it was estimated that some 15,000,000 properties were in immediate need of repair and modernization. In this group were included approximately 750,000 retail stores, as well as other thousands of income properties of various types; factories, industrial plants, etc.—whose normal improvement plans had been neglected for five years.

Under the Amendment which provides for the extension of insured credit in amounts up to \$50,000, all types of larger structures and plants can now have the long delayed improvements and machinery and equipment that will bring the buildings up to high standard of efficiency.

Thousands of banks and other financial institutions approved by the Federal Housing Administration are prepared to lend money for the modernization.

The loans are repayable out of income, in equal monthly payments, over a period up to five years, at the discretion of the lending institution. The maximum interest and other charges may not be in excess of the limit prescribed by the Federal Housing Administration. It is the lowest rate ever made generally available for this type of intermediate credit on an installment basis.

The question of the financial condition of the borrower, as a credit matter, is left to the reasonable judgment of the insured lending institution. The release of credit on a sound basis opens limitless opportunities for developing new and fertile sales territory.

The term of the Modernization Credit Plan for securing insured loans up to \$50,000 as well as loans up to \$2,000 for improving any type of property—has been extended to April 1, 1937.

Plans for modernizing any type of structure should be discussed immediately with an approved bank or other financial institution.

The meeting is being sponsored by the mayors and prominent citizens of Riverton and Palmyra, and it is hoped that the residents of both towns will turn out in large number and fill the auditorium to capacity. Let's make this a joint

town meeting, and take advantage

of this wonderful opportunity to make Riverton and Palmyra the two most attractive towns in South Jersey.

Members of the committee are as follows: Mayor John Ward, chairman; Karl Latch, Earl L. Williams, George J. Spencer, Wilton E. Mount, H. E. Moyer, Mrs. Mervil Haas, Frank E. Chambers, Edward K. Merrill.

P. H. S. NEWS

By Horst Broemme

The track team opened its season last Wednesday at Audubon. This season's schedule is one of the longest and hardest in Palmyra track history, being prepared by the coach, Mr. Kreps, who started coaching the team last year.

Veteran lettermen who are back this year are Harry Turner, captain and pole vaulter, sprinter and hurdler; William Cooper, a miler, also Frank Applegate, star high jumper. This year's new crop of talent includes F. Gamble, G. Atkinson, R. Lippincott, W. Mack, J. Seemuller, C. McCullough, W. Wallace, J. Coleman, R. Smith, H. Scheible, A. Mount, R. Bye, G. Feldman, and J. Burk, who has gained some experience as a sprinter while at Moorestown high.

The schedule is as follows:
April 15—Audubon.
24-25—Penn Relays.
29—Haddonfield.
May 6—Camden Voc.
9—Newark Inter-scholastics.
13—Riverside, Burlington.
20—Bridgeton Invitation.
27—Glassboro.
30—County Championships
June 6—N.J.I.A.A.

All meets will be away.
The students will present a Pan-American program Friday evening, April 17, in the auditorium at 8 o'clock. There will be Spanish dancing, songs and music. The translations and other articles entered in the Rotary contest will be on exhibition.

All day Tuesday was given over to the taking of pictures for the high school year book the "Tillucum."

BOXERS VISIT ARENA
On Saturday, April 11, the high school boxing team traveled en masse to see the Eastern A.A.U. boxing championship, which was held at the Arena. The fellows saw six T.K.O. and one K.O. scored. They were accompanied by Mr.

Mistress (to new maid): "Now, Norah, when you wait on the guests at dinner, please don't spill anything."
Norah: "No, ma'am, I won't say a word."

Massachusetts has been completely surveyed by air.

Hughes, the boxing instructor.

"PALS" WIN

In playing off last Wednesday's tie with Riverside high, Palmyra won by the score of 5 to 4 on Wednesday of this week.

The batteries were Johnson and Hymack for Riverside, Hensen and De Shields for the "Pals."
Di Prizio started the game for Palmyra but was taken out after the first inning. De Shields, who took his place, pitched in fine style. Scales, one of Palmyra's co-captains, led the attack with two singles.

BIBLICAL DRAMA

AT PALMYRA HI

The great Biblical drama, "The First Commandment," will be presented under the auspices of the First Lutheran Church in the Palmyra High School auditorium on Wednesday and Thursday, May 27th and 28th. This magnificent production has recently been staged very successfully in several nearby towns. It is a beautiful spectacle, an interesting entertainment, and an impressive message. It is a real privilege that is thus afforded to the residents of this community to witness it. It will be worthwhile putting these dates on the calendar at once.

CLASS REUNION

AT PORCH CLUB

The Class of 1935 of Palmyra high school held a class reunion at the Porch Club in Riverton Saturday evening. Sherry Lane and her Melody Maids furnished the music for dancing. During the intermission moving pictures of the baccalaureate service last year were shown. The door prizes, two framed paintings by William Tomlinson, of the class of '35, were awarded to Miss Eleanor Williams and William McClinsky.

Almost the entire class attended this reunion. Among the guests were many students who are attending out-of-town schools and colleges, including Louis Frick, Russell Rivers, William Headington, Philip Van Osten, Louis Koppenhoefer, Howard Barto.

SH-H!

PALMYRA POLICE

NOTES

Everett Morton, colored, of 113 James street, East Riverton, rammed into the side of the Palmyra police car while driving his car under the influence of liquor last Saturday night.

The crash happened at the corner of Broad and Cinnaminson, Palmyra, at 9.15. Officer Lawrence Betty was driving the police car and had Frank Hogeland and John McLaughlin, chain store employees with him.

Betty had crossed the railroad at the station and was turning towards West Palmyra to pick up another chain store employee to take them with their daily cash receipts to the bank when they were struck by Morton, coming up from the direction of Camden.

Morton had Russell Fitzgerald and Henderson Lewis, of Palmyra in his car.

None of the occupants of either car was injured. Morton was taken to Dr. LeFavor who pronounced the man intoxicated and unfit to operate an automobile.

At a hearing before Recorder Carl Lutz, on Easter Sunday morning, Morton was fined \$200 and costs and had his license revoked for two years. Morton was unable to produce a driver's license but claimed he had one. He paid the fine and was released.

Pratt Arrested

John Pratt, of Second and Market streets, West Palmyra, was arrested on Tuesday on the complaint of his wife who charged non support. Recorder Lutz fixed his bail at \$500, in default of which he was committed to the Mount Holly jail to await the action of the grand jury.

Charles King, of Decline and Jefferson streets, West Palmyra, was arrested on Tuesday on the complaint of his wife who charged non support. At a hearing before Recorder Lutz, King signed an agreement to pay Harry Saar, overseer of the poor, \$9 weekly for his wife.

Henry Wilbon, of Fifth and Market streets, West Palmyra, was arrested on Monday on the complaint of Dorothy Nelms, age 19, of Cinnaminson, township. Wilbon was fined \$10 and costs at a hearing before Recorder Lutz. He paid the fine and was released.

Thomas Allen, of Palmyra, was arrested on Monday on the complaint of his wife Vivian Allen and charged with minor assault. At a hearing before Recorder Lutz, Allen was permitted to sign a peace bond upon the payment of costs.

A TRYOUT

She: "If there's anything you can do that I can't do quite as well, I'd like to have you name it."
He: "Well, I'd like to see you hang all your clothes on one small nail in the closet."

Palmyra Municipal Park Nearing Completion for Summer Activities

By Councilman T. Curtis Flynn

The Palmyra Municipal Park will very soon become a busy sporting center and playground as the weather warms and the people of Palmyra should be justly proud that they have such a beautiful and useful recreation park right here in their own town.

For the benefit of the citizens of Palmyra who have not had an opportunity to see what has been accomplished with the aid of WPA, at very little cost to the borough, I will try to tell of what our park is composed.

The entrance is a beautiful grass plot with four walks leading to a center flower bed. Around this plot are spaced evergreens which make the entrance to the park proper very attractive. Beautification is now taking place on Broad street in front of the tennis courts where an oval drive with appropriate flower center and gravel walks will complete our entrance plans.

The tennis courts are four of the finest it is possible to build. With a solid clay base, fast playing is assured the tennis lovers of our town. The tennis committee will insist upon all persons wearing smooth bottom rubber shoes while making use of the courts. As there is no charge for playing, this rule should be strictly adhered to.

Six quoit courts have been built and it is expected a league will be started. Wooden platforms have been constructed making it unnecessary to stand in dirt or clay while pitching.

Two new bocce courts have been installed and no doubt many people will derive a great deal of pleasure from this very popular Italian game.

Our baseball diamond which is one of the finest in South Jersey, has been built with great care. New water lines have been laid, making it possible to water the infield, and construction is now under way to place guarded bleachers on the first and third base lines. These will seat about 500 people. Those making use of the diamond will kindly cooperate by keeping it in first class condition.

Three new soft ball diamonds have been built, enabling six teams to play in one night. A league is now being formed and all persons interested in placing a team should contact William DuHadway, chairman of the committee. Already much enthusiasm has been shown toward soft ball and a very active league is anticipated.

The playground is indeed a haven for our youngsters. Additional shade trees have been planted to make it cooler during the hot summer days. New swings have been installed along with other equipment which includes sliding board, seesaws, maypole, basketball, volleyball, sand boxes and horizontal bars. A W.P.A. man will be placed in charge of the playground during the summer season and all children will receive proper care while at the ground. Last year there was an average attendance of over 100 children daily.

To insure the citizens of Palmyra the greatest amount of pleasure from the park, an activities committee has been formed. It is the duty of this committee to sponsor, encourage and develop activity and to make Palmyra's municipal park a place of enjoyment for all its citizens.

The personnel of the activities committee is as follows:

General Committee
General chairman, DeWitt Morris; general vice chairman, William DuHadway; general secretary, Charles Snyder; general treasurer, Christopher Brown.

Tennis Committee
Jack Easley, chairman; William Seese, Jack Pfeiffer, Charles Snyder, Jack Hamann, Roy Hardy, Helen McConnell, Mabel Wisner.

Quoit Committee
Robert Brown, Jr., chairman; Edwin A. Griscom, Christopher Brown, Charles Newhart, Elroy Harker, Harry Karns.

Soft Ball Committee
William DuHadway, chairman;

TELLS ABOUT PARK

T. CURTIS FLYNN

Member of Palmyra Borough Council, who has an article in this issue describing the improvements at Palmyra's public park.

Dennis Bradley, Lawrence G. Haines, Howard Alloway, Jr., Walter Poulsen.

Baseball Committee
Ralph S. Rivers, chairman; Joseph L. Stack, James Rapp, Alfred Van Osten, James Wolfe.

Bocce Committee
Paul Vallari, chairman; Frank Bua, Jack Liberi, James Cuzzupe, Joseph Cuzzupe.

Playground Committee
Arthur Palmer, chairman; Kenneth Dimond, Porte Wolfe, James Hughes, Elizabeth Hassell, Helen Young.

Police Committee
Irving Harker, chairman; Charles Newhart, Martin Knight, Lawrence Betty, Bayton Reynolds, John Bratton, Harry Karns.

Junior Police Patrol
Charles Simons, chief; James Hensen, captain; Robert Cooper, Norman Pike, Albert Sacca, Elroy Harker, Roger Villingier, Richard Landgraf, Edward Deitz, Harry Friberg, Gus Fellman, Charles Carden.

To relieve the borough police of constant attendance at the park, the above police committee has been formed. These men deserve a lot of credit for being in attendance at all times and upholding the rules governing the park. They are sworn in as special officers and do this work for no pay but civic pride. To assist this committee the junior patrol has been organized and these boys have already been a wonderful help in this work.

It is the desire of the Borough Council committee on parks and public properties to assist in making it possible to give many hours of pleasure to our children and visitors while at the park.

Accept the invitation of Borough Council to inspect this wonderful park and see for yourself what a fine sporting center Palmyra has.

Co. To Improve Broad Street

(continued from page 1)

by the showing of the motion picture "The Story of Louis Pasteur," and recommended that unless further developments should require a continuance of the restrictions imposed in the proclamation that they be rescinded on April 19. Mr. Knight said he felt that the present state laws governing the matter of rabies were antiquated and inadequate, and that the legislature should be asked to bring them up to date. Mr. Knight was instructed by council to take this matter up with Burlington county representatives in both houses and see what could be done in the matter.

RABID DOG IN CINNAMINSON

Another dog suffering with rabies was shot by Chief of Police George

Dorworth of Cinnaminson township last week, after it had a puppy which was also destroyed.

In view of the fact that several dogs declared to be rabid have appeared in the township within the last few weeks, it may be found necessary to employ a dog catcher to round up all dogs not wearing muzzles.

KOVERLY OPPOSES MANAGOFF TONITE

Hollywood Howitzer and Limb Tearing Rough Guy Clinch on Drill Shed Mat

The Dusek family may be known as the Riot Squad of Matdom but the fans are well aware of the fact that George Koverly is a dynamite of the first rank.

Therefore, when a Dynamiter and a Terrorist oppose each other something is sure to happen and the patrons are acquainted before hand that no matter who wins, it will be a victory that will fully carry the scars of battle.

Thursday, Koverly, the Hollywood Howitzer, who scores his pins via the "knockout route," and Managoff, who tears his opponents from limb to limb, will be the opponents in the feature two out of three falls, ninety minute time limit bout at the Camden Armory, Haddon avenue and Mickle street.

When Koverly and Managoff answer the clang of the gong the fans will be the victors. They will reap the reward of having their more than expected amount of thrills and spills. They will see two mat "killers" in action attempting to render each other insensible.

Hank Barber, the Jewish star from Boston, and Rusty Westcott, of Hawaii, will cross arms in the semi-final, a forty-five minute duel. Both wrestlers are of the orthodox type and grapple strictly according to Hoyle.

Ed Meske and Sailor Al Billings, and Bill Hoolihan and Jim Coffield will vie for supremacy in the half hour bouts.

What may be the surprise event of the evening will be the special one hour, one fall to a finish return tiff between Ralph Garibaldi, brother of Gino, and George Lonihan, the Boston Brawler. The rough Lonihan is certain to have additional protection, as the fans were on the verge of taking the law into their own hands last week due to the extreme he went to against the well liked younger brother of the more famous Gino.

ICE GIVES BEST REFRIGERATION

Joseph L. Stack Tells Why Ice Gives Best Results in Preserving Food

Joseph L. Stack, ice and coal dealer at 227 West Broad street, Palmyra, is now displaying the new 1936 line of top-icer refrigerators. These economical refrigerators are growing in popularity with the home makers in this vicinity, according to Mr. Stack.

Both the Coolerator and the McKee refrigerators are sold by Mr. Stack and both have many food preserving advantages.

These advantages as painted by Mr. Stack are as follows: Ice has been used for refrigeration since the beginning of civilization and without any great improvements in ice-using appliances until the invention of the Coolerator principle. Because Coolerator uses ice in a totally different way and because of the constant uniform temperature of melting ice, it is the ideal trouble-free and dependable source of cold. With the introduction of the Coolerator patented air-conditioned chamber and a well-constructed Coolerator cabinet, the shrinkage and spoilage from the mingling of food flavors, have been eliminated. Coolerator is truly the ideal refrigerator. Silent, good-looking, safe, and free from vibration or objectionable gases, gadgets and machinery. Coolerator gives you modern appearance, and the most satisfactory type of refrigeration yet developed.

Only Coolerator has the patented air-conditioned chamber which maintains a cold temperature to retard bacteria growth, proper humidification to prevent drying out and shrinkage, rapid circulation of air over a cold surface with water present to absorb gases and odors given off by foods, the protecting drainage system which carries away the water from the melting ice after it has performed its function of cooling and absorbing gases and food odors.

YOUNG REPUBLICAN CLUB ACTIVITIES

Program for Coming Week Includes Visit to County Institutions on Saturday

The Burlington County Unit, Young Republicans of New Jersey, has three events scheduled for the coming week.

The regular monthly meeting of the organization will take place in the court house at Mount Holly next Tuesday night at eight o'clock, with President Ronald T. King, of Burlington, in charge. Following the business session, the members will hear an address by the Hon. Frank A. Mathews, of Palmyra, former judge of the Burlington County District Court.

On Saturday night of this week, from 8.30 to 10.30 o'clock, the group will have a swimming party in the pool at the Moorestown Community House. The price of admission for this event will be 25 cents. Suits and towels will be supplied, but those desiring to do so may take their own.

The Public Affairs Committee, the chairman of which is John E. Fenimore, of Riverside, has arranged for a tour of the county institutions to be held on Saturday of next week, April 25. Visits will be made to the county jail in Mount Holly, and the almshouse, asylum and Fairview Sanatorium at New Lisbon. The party will meet in front of the court house at two o'clock that afternoon, and all Young Republicans who have cars are requested to provide transportation for those who desire it.

CANDIDATE

GEORGE DeB. KEIM

Prominent Burlington Countian, who is a candidate for District Delegate to the Republican National Convention at Cleveland June 9, 10 and 11.

A life long resident of Burlington County, Keim, who lives on the Edgewater Park riverbank, is a member of the Port of New York Authority and since August 7, 1930, has been secretary of the Republican National Committee. Keim has long been active in civic, political and fraternal circles. He is a member of the Burlington-Bristol Bridge Company and the highway approach to the bridge from the Burlington side is named in his honor—Keim boulevard.

POWERS FAVORS FLOOD CONTROL

Congressman Introduces Bill Calling for Survey of Delaware River To Prevent Damage

With a view to preventing recurrences of the floods which recently devastated Delaware Riverfront towns, Congressman D. Lane Powers has introduced a bill in the Congress calling for a flood control survey of the Delaware River.

The Congressman, representative of Burlington and Mercer counties, sponsored the measure to provide a reasonable assurance of safety to those of his constituents who live along the banks of the Delaware.

When the flood was at its height Congressman Powers quietly, and without publicity of any kind, visited some of the scenes of devastation in Trenton and some sections of Burlington county. As a result of his investigation he has thrown his support to the Delaware River survey bill of Senators W. Warren Barbour and A. Harry Moore, and introduced a companion measure in the House of Representatives.

PALMYRA PREPARES TO HANDLE RELIEF

Committee of Citizens Called by Mayor to Consider Set-Up for Administration

Last Friday night after a full evening of illuminating discussion and careful consideration, a citizens' committee called together by Mayor John F. Ward, of the Borough of Palmyra, decided to establish a committee to carry on emergency relief work from Monday of the following week (April 20) at which time state aid ceased, until May 5, the end of the period partially covered by relief given and paid in advance by the ERA (rent, gas and electricity, etc.). The motion under which this action was taken was offered by George Weiland and unanimously passed.

Temporary Relief

The motion read as follows: "That food be loaned to those who are on relief in the Borough of Palmyra to May 5, 1936, for emergency purpose only, and that those on relief be so notified by Mr. Edward Boyle."

The members of this committee as appointed by Mayor Ward are: George N. Wimer, Mrs. John C. Mallory, Harry J. Saar, overseer of the poor, and George J. Spencer, who will sign relief orders instead of the ERA administrator as heretofore.

The expenditure of the necessary funds, Mayor Ward said, would be authorized by the mayor and council.

Those Present

Those who attended the meeting in response to the mayor's invitation were: Frank A. Sawyer, Rev. William Boyd, M. J. McDermott, Mrs. Helen G. Ayres, Mrs. William C. Hoar, Lillie M. Henson, Arthur Wright, Mrs. A. H. Lippincott, Rev. George Lockett, George N. Wimer, William F. Engle, Wesley P. Huyett, W. E. Mount, Mary L. Hare, Chas. Landgraf, Curtis Flynn, Carl H. Thomas, E. Horace Houder, A. Kay G. Long, Mrs. G. C. Mallory, Martha K. Musser, Lawrence G. Haines, E. W. Coates, Edward Boyle, Thos. C. VanOsten, C. F. Denigler, Geo. W. Luce, Fred E. Waterhouse, George Weiland, Floyd W. Spahr, Mrs. Anna Davis.

In addressing those present Mayor Ward said that the State of New Jersey had established April 15 as the deadline for the end of relief under ERA. This created a problem for Palmyra which must be met. He said that he was out of sympathy with the jockeying around in Trenton, and that it was unfair to the homeowners and taxpayers in Palmyra to expect real estate to assume any more responsibility since it now pays 85 to 90% of all the taxes.

He said that if the whole \$2200 a month now being spent for relief should be added to the real estate tax it would mean an increase of 78 cents in the rate.

The Mayor declared that the administration of relief from now on would be the borough's responsibility, even though some financial aid is received from the state. He had called the meeting to establish a nucleus for an organization for the administration. Owing to the fact that George N. Wimer had been active in local relief work before the ERA was established the Mayor asked him if he would give the meeting a brief resume of how the work had been handled at that time.

Early Relief Work

In response Mr. Wimer stated that since his work antedated the ERA and did not provide for many of the things given under state relief his experience might not be of great value at this time. Quoting scripture Mr. Wimer said, "Ye have the poor with you always."

He stated there had always been some in Palmyra who needed and (continued on page 11)

REPUBLICAN WOMEN OPEN CAMPAIGN

Republican women of the State will open their campaign for the national and state elections at a luncheon meeting to be held in Trenton at the Hotel Hildebrecht on Monday, May 4, at 12.30 o'clock p. m. Mrs. Pearl M. Bridgeum, of Hainesport, vice chairman of the Republican State Committee is general chairman of the affair, and is being assisted by Mrs. Edna B. Conklin, national committeewoman of Hachensack, and the members of the state committee and the vice chairmen of the various county committees throughout the State.

Speakers of national state prominence have accepted invitations to be present.

The gathering was called to order by Dr. Joseph Stokes, of Moorestown, and was presided over by Jay B. Tomlinson, of Bordentown. Assemblyman Henry Young, Jr., a member of the State Legislature from Essex County and leader of their delegation, told the story of the fight for clean government in the county.

The objectives of the new League are:

1. To become a permanent force for simple honesty and common decency within the Republican Party of Burlington County.

2. To encourage and elect men and women of character and ability to undertake the sacrifices entailed in holding office, and to support and strengthen such office holders.

The following were elected as officers and members of the Executive Committee:

F. Morse Archer, Jr., Moorestown. W. Wallis Armstrong, Cinnaminson. T. Curtis Flynn, Palmyra.

C. William Haines, Mt. Laurel. C. Gunn Holmes, Burlington. Charles Krug, Riverside. Mark Reynolds, Mt. Holly.

Dr. Harry L. Rogers, Riverton. Dr. Joseph Stokes, Moorestown. David Styer, Bordentown. Frank W. Thatcher, Edgewater Park.

Jay B. Tomlinson, Bordentown. Horace C. Willis, Vincentown.

There are a few other sections of the county which are not represented and which will be filled later. The newly formed Citizens' Republican League is distinctly a Republican organization within the Republican party founded for clean simple honesty in the election process. It has, however, invited the co-operation of anyone who believes in the fundamentals of this league.

Dr. Joseph Stokes was elected the honorary chairman of the League. Jay B. Tomlinson was elected chairman and F. Wallis Armstrong treasurer. A resolution was passed authorizing the executive committee to enlarge itself by the appointment of members from towns not included in the original hasty set up.

Power to endorse candidates for the league was vested in the executive committee.

The committee plans an active, vigorous program between now and the primary election on May 19.

Following the opening session, the executive committee went into special session, and more from this league of reputable voters will be heard later.

MAN ARRESTED FOR HITTING DOG

On complaint of Mrs. Charles Austin, of Cinnaminson street, Riverton, to Special Officer Hobart A. Wright, Theodore Ford, of 519 June road, Delair, was arrested for hitting the Austin Scottie with his car and not stopping to ascertain how seriously the dog was injured.

Ford was arrested on a warrant by Chief of Police Gootee and paid a fine of \$5 and costs imposed by Recorder Frank Probsting. The arrest was made on Sunday.

NEW POLITICAL LEAGUE FORMED

Moorestown Meeting Addressed by Assemblyman Young of Essex County

The Citizens' Republican League of Burlington County was launched in Moorestown Tuesday night. The meeting, held in the Community House, was attended by over 100 gravely concerned citizens from all parts of the county.

The gathering was called to order by Dr. Joseph Stokes, of Moorestown, and was presided over by Jay B. Tomlinson, of Bordentown. Assemblyman Henry Young, Jr., a member of the State Legislature from Essex County and leader of their delegation, told the story of the fight for clean government in the county.

RIVERTON BORO. POLICE NOTES

At a hearing before Recorder Frank Probsting Tuesday evening at the Riverton police headquarters, Frank P. Lamana, of 3232 Cottman street, Philadelphia, who struck Mrs. August Conlow with his car on April 3, was found not guilty of assault and battery by automobile. Mr. Lamana paid the court costs and made settlement with Mr. Conlow.

Charles Hamlin, of Delanco, driver for L. A. Weikman, who struck the Riverton borough truck on April 11, was found guilty of careless driving and paid \$5 and costs. The insurance company paid the damages done to the truck.

LOCAL RELIEF IS PALMYRA PROBLEM

Borough Fathers Plan to Effect Organization to Carry on As ERA Quits

What to do about local relief was the topic that occupied most of the discussion at the Palmyra council meeting held in the council chambers Thursday night of last week.

The discussion was opened when the usual resolution was offered for payment by Palmyra of \$270 as its share in the state relief set up.

In view of the fact that the legislature had failed to pass legislation to further finance relief in the state, the council felt they had better not pay any further monies for relief to the state organization.

A general discussion of the relief problem followed.

No Immediate Action

Christopher N. Peditto was asked by Mayor Ward if he had any enlightening information on the subject. Peditto stated that in his opinion little could be expected in the way of activity on the part of the legislators before the primary election in May. He stated that the Senate and Assembly is divided into approximately seven political groups, none of which are anxious to sponsor an increase in tax program for relief, prior to election.

The mayor stated that since the problem of administering relief to Palmyra's needy will revert to the municipality, the borough officials should take immediate steps to effect an organization for this purpose. He therefore appointed the following committee to meet with borough council on the following evening at 8 o'clock: James Weart, chairman, George N. Wimer, Floyd W. Spahr, Horace Houder, DeWitt Morris, Carl Thomas, Frank Kates and Mrs. Alfred Lippincott.

F. C. Bonds Redeemed

Charles Marple, secretary of the Palmyra Field Club, presented bonds of the club for redemption. Palmyra Borough Council had set up \$400 for the redemption of these bonds at par. To date \$380 has been returned. It was estimated that only \$400 remained outstanding when the appropriation was made. However, since then an additional \$200 worth has come to light.

Mr. Marple stated that this additional \$200

BEITZ DELICATESSEN
TWELVE YEARS OLD

The Beitz Delicatessen Store, at 115 East Broad street, Palmyra, is celebrating this week its twelfth anniversary in business in Palmyra.

In 1924 the popular Palmyra business man established the store dealing at that time exclusively in delicatessen goods.

Since then he has studied modern retailing methods and has constantly improved the merchandise, equipment and service and today has enlarged his line to include groceries and some produce items.

Mr. Beitz is a member and director of the Retail Grocers Association, of Philadelphia, belongs to the New Jersey Grocers' Association, and, in addition, is a member of the National Retail-owners Association with a membership of 20,000 in the United States.

Mr. Beitz has been associated with the Retail Grocers Association since 1928. Two years ago he converted his business into a Quaker store, thus taking advantage of the tremendous buying power of this organization, and passed the savings on to his customers at prices competitive with the chain store groups.

Assisting him in the store are his three sons, Nick, Jake and Joe and one daughter, Julia, all of whom are graduates of Palmyra High School.

Mr. Beitz began his trade in Europe in 1904 as a butcher. He came to America in 1906 and moved to Palmyra in 1924.

In 1930 he went back to Europe on a ten weeks' visit to his parents. Mr. Beitz has steadfastly maintained a policy of fair dealing, honest weights and quality merchandise. Everyone in the vicinity of Riverton and Palmyra is invited to visit his store on Friday and Saturday to help celebrate his twelfth anniversary. He is offering some unusually large values as his twelfth birthday celebration.

A list of some of these anniversary offerings is contained in an advertisement in this issue, and many others are available to visitors in this store.

He wishes to thank his many customers through the columns of this paper for their patronage in the past and for their contribution to his success over this twelve-year period.

RIVERTON TOWN
MEETING PLANS
AMATEUR NIGHT

Plans are progressing swiftly for the Amateur Night sponsored by the Riverton Town Meeting to be held May 12, in the Riverton school auditorium.

This is not to be confused with the amateur night being sponsored by the YMCA during Youth Week, which is in April.

The Town Meeting Amateur Night includes anyone and everyone from 1 to 100 (if there are any entertainers of either age in this vicinity). It also takes in residents of Riverton, Palmyra and Cinnaminson.

As for the prizes! Well most anyone would be glad to win even third prize. Here they are, first \$10, second \$7.50 and third \$5.00. There is also a chance that the winners will be given an audition for the Major Bowles' hour. It is really worth trying for.

Application blanks may be procured at The New Era office, and it would be well to fill them out soon so as to be assured a place on the program.

More details will be given next week.

CHARTER LUNCHEON
AT PORCH CLUB

The charter luncheon of the Riverton Porch Club was held on Tuesday, April 21, with a large attendance.

A delicious luncheon was served and the tables were artistically decorated with spring flowers and blossoms.

The president, Mrs. Douglas Clark, explained the origin of the Porch

Club and what the charter luncheon stood for.

The guest speaker, Don Rose, columnist and editorial writer for the Evening Public Ledger, gave an enjoyable and amusing hour with his original poems and anecdotes which left one with a feeling of cheerful optimism.

PARENTS' NIGHT AT
RIVERTON SCHOOL

Edward R. Tomb Speaks on "Influences on Character in Youth"

Monday was Parents' Night at the Riverton school and classrooms were opened at 7 o'clock for visitors. Each room had an exhibit which represented the work of the pupils since the beginning of the school term. The domestic science room was gay with table decorations and good things to eat made by the boys and girls, and an unusual display was found in the manual training room.

The meeting in the auditorium started at 8 o'clock. After words of greeting Mrs. H. P. Orlmann, Jr., turned the meeting over to Montgomery A. Simons, who represented the fathers of P.T.A. The school club, under the direction of Miss Marion Pennington, sang "Fealty Song," "The Spring" and "The Lost Chord." Mrs. Stanley Lippincott, accompanied by Mrs. Everett Wolcott, sang "Bless This House" and "A Fat Lil' Feller."

Miss Caroline M. Staman, supervising principal, outlined the highlights of the exhibition and pointed out that it was in reality not an art exhibit but an active part of the children's studies and showed "how" the children are learning as well as "what" they are learning. Edmond R. Tomb, executive secretary of the Mercer County YMCA, the guest speaker, chose as his topic "Influences on Character in Youth," and urged all parents to give time, thought, and energy to the raising of their children, but not to make the task too much of a problem.

Mr. Tomb also said that character is "caught as well as taught" and that home environment, school and associates are very important in a child's development.

ARTISANS TO HOLD
MOVIE BENEFIT

Last Tuesday night was the regular meeting of Palmyra Assembly No. 65, A.O.M.P. It was decided to hold a movie benefit at the Broadway Theatre, Palmyra, during the week of May 25th.

Harry R. Storicks is chairman of the membership committee and reports things are lining up nicely for a class of 25 candidates for the May meeting, and he will be glad to interview anyone interested in the Artisans.

This being the 25th anniversary year of Palmyra Assembly invitations have been sent out to all New Jersey assemblies to visit Palmyra at their May meetings. Month for the entire order and all charter members are especially invited to this meeting.

After the business meeting the members participated in Novelty Arto Socko which proved very interesting.

P.T.A. LUNCHEON
AND BRIDGE

The Riverton P.T.A. will have its annual luncheon and bridge at the Riverton Porch Club on Wednesday, May 6, at one o'clock.

Tickets may be procured from members of the board, room mothers or at the Riverton school from Miss Caroline M. Staman, supervising principal. Luncheon 45 cents, bridge 25 cents.

Make up a table for bridge and plan to come early for luncheon. There will be a bridge prize for each table.

CAR STOLEN

Roland Atkinson, of Seventh street, had his Chevrolet coach stolen in Camden Tuesday night. He notified the Camden police who sent out a teletype description of the car. Nothing has been heard of the car so far.

NOTICE OF MEETING

An important meeting of the National Union for Social Justice, Unit No. 8, Fourth New Jersey Congressional District, will be held in Society Hall, Palmyra, Friday evening, April 24, at 8 o'clock. All members are requested to attend this meeting.

CANDIDATE

ALEXANDER C. SHRADER

624 Elm avenue, Riverton, who has announced that he is a candidate at the coming primary election for the position of tax collector and treasurer of the Borough of Riverton.

Mr. Shrader has had an exceptional experience which fully qualifies him to fill this position; having been for 21 years in the accounting work of the Pennsylvania Railroad System.

After severing his connections with the railroad company, Mr. Shrader was in the real estate business in Camden and vicinity, having been connected with the large organization of Leon E. Todd, Inc. Mr. Shrader solicits the support at the coming primary election in May of the voters of the Borough of Riverton. If elected he will capably and economically fill the requirements of the position.

Ordered and paid for by the candidate.

WEYMAN-RAFFELS

Miss Mildred Raffels, daughter of Mr. and Mrs. Walter J. Raffels, of Philadelphia and Miami Beach, Florida, was married to L. Jackson Weyman, of Philadelphia, at 4:30 o'clock Saturday afternoon, at Fairview Moravian Church, Winston-Salem, N. C., with Rev. C. O. Weber, pastor, performing the ceremony.

The bride was given in marriage by her father, Walter J. Raffels. The matron of honor was Mrs. W. Rawland Evans, of Hatboro, Pa., who was her only attendant. C. Ross Hunsicher, of Circleville, Ohio, was Mr. Weyman's best man.

Among the out-of-town guests who flew from Philadelphia to attend the wedding, were Miss Dorothy Kuhn, Richard Birscher, William Carroll, Al Smith, Jack Burham, of Paoli, Pa., Carl Schweikle, Joseph Yersak, George Vaughn, William Baxter.

Other guests were Mrs. Pauline Brawley and Miss Peggy Brawley, of Winston-Salem; Mr. and Mrs. Thomas Moore, of Birmingham, Ala.; Brewster Jackson, uncle of the bridegroom; of Riverton; Mrs. C. Ross Hunsicher, mother of the bridegroom, of Circleville, Ohio; Mrs. Walter J. Raffels. The bride wore a dress of blue lace trimmed with coral velvet, and her hat was of blue lace and velvet. She carried a colonial bouquet of Sweetheart roses and sweet peas.

The matron of honor, Mrs. W. Rowland Evans, wore a beige lace dress and hat, both trimmed with Dubonnet velvet. She carried a colonial bouquet of English daisies and blue sweetpeas. After the ceremony a reception was held at the Robert E. Lee Hotel. Mr. and Mrs. Weyman will make their home in Winston-Salem. Mr. Weyman is an aviator, and at present is stationed at Winston-Salem.

FIRE ON WEST BROAD ST.

A fire, believed to be of an incendiary origin, in both sides of a frame dwelling at 338-340 West Broad street, Palmyra, was extinguished by the Palmyra Fire Company Monday afternoon.

The building, which is unoccupied and in a state of disrepair, is on the condemned list issued by the borough council.

Rags and papers were found under the stairways in both houses where the fire started.

GOOD FOR MAGEE!

The "special inspectors" of the Motor Vehicle department who carried gold badges, chiefly for use in case the holder got in traffic difficulties on the road, have been ruled out by Commissioner Magee.

RIVERTON
SCHOOL
NOTES

The primary grades assembly was held on April 17, 1936. The second and third grades were in charge of the opening exercises. Miss Justice's class sang some spring songs. Miss Parker's kindergarten gave a play about the "adventures of the Three Little Pigs." Those taking part were: Pigs, Carol Ann Mathews, Eleanor Lutts, Doris Lippincott; men, Charles Stewart, Roland Werner, Garland Perkins; wolf, Edward Wilson. The scenery was formerly made by the second grade, and the properties by the kindergarten.

Eighth Grade Movie

This year's graduating class were in charge of a movie given in the new auditorium, April 21, 1936. The undertaking proved a success in every way. The money raised will be used to buy the class gift for the school. The pupils of the eighth grade wish to thank the public for their support.

CARD OF THANKS

Mr. and Mrs. Frank Bua wish to express their appreciation of the many kindnesses shown to them during their recent bereavement, the death of Frank Minuto, and especially to those who sent cars and flowers to the funeral.

P. H. S. NEWS

By Horst Broemme

Two events were postponed last week until further notice. The Pan-American program was put off because Mr. Gardner, under whose direction it is, has been sick.

The Intramural track meet was postponed because a baseball game interfered. It was put off until a more convenient date.

Caps and Gowns

After a lengthy discussion on the caps and gowns to be worn at the graduation exercises in June, the seniors finally chose white gowns for the girls and black gowns for the boys. The selection was made from black and white and two shades of grey.

Pals Win Second

Palmyra High won its second ball game of the season on Tuesday. They won from Camden Catholic by the score of 11 to 7. Palmyra's pitchers were Sutters, Baker and Diefenbaugh, who finished up in good style. Coates led the "Pals" attack with a triple. Palmyra had a good assortment of doubles and singles. This Friday the team will play Bordentown Industrial School, at Bordentown.

A Serious Indictment

The formation of the Citizens' Republican League of Burlington County this week at Moorestown is significant because of its announced purpose.

When the political affairs of the County reach such a state that people of unquestioned integrity, who never before have interested themselves seriously in the political set-up band together to secure "COMMON DECENCY" and to sponsor candidates of "CHARACTER" and "ABILITY," then the Republican politics of Burlington County do need a vigorous housecleaning!

Aside from the many other aims and objectives of this new group, some already announced and some still to come, this one glaring fact should attract the attention and serious consideration of every voter in the county.

Dr. Stokes for Assembly

The willingness of Dr. S. Emlen Stokes, of Moorestown, to be a candidate for Assembly as a running mate for Speaker Marcus W. Newcomb, who, after valuable service in the Assembly, is a candidate for the State Senatorship this year, is the most heartening news in many a day for those who have been, and with good reason, seriously concerned over the baleful political influence which has been insidiously getting control of our county government and all its institutions—institutions which, in the past, have been free from such interference. His candidacy will strengthen the forces which are working to secure high-class representation of unquestioned integrity in both the Senate and the Assembly, and to loosen the grip of Powellism on county affairs and institutions.

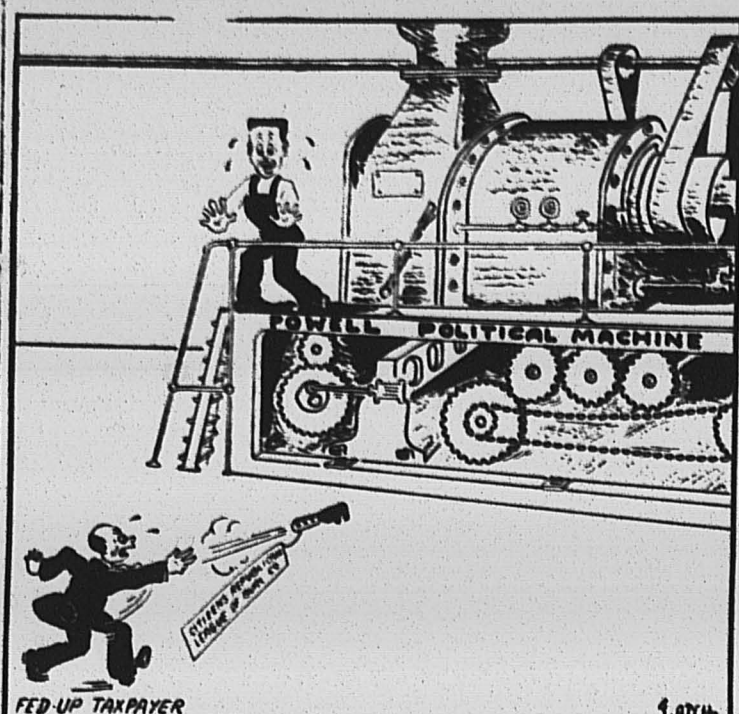

The packing of the board of managers at the Fairview Sanatorium for the purpose of ousting Dr. Newcomb as its superintendent, and the attempt to discredit his administration of an institution which he developed from four patients to over 100, on the eve of his contest for the State Senatorship with Senator Powell, is well understood and appraised at its true value by the voters throughout the county, notwithstanding vehement denials on the part of Powell and Adams backers that "politics had nothing to do with it."

And the failure to reappoint Miss Budd to the Library Commission on which she had served for many years with signal success, has met with widespread disapproval. The explanation that "nobody asked to have Miss Budd reappointed," does not explain. Has it come to this, that those who are willing to give their services without remuneration to the operation of our educational and social institutions, must needs stand hat in hand before the petty political bosses who happen to be in power, and beg for an opportunity to continue that service?

During the years Miss Budd was at the head of the Burlington County Library Commission there were many changes in the membership of the Board of Freeholders, but the excellent service she was rendering was so generally acknowledged that no one thought of ousting her. Her dismissal, to "pass the jobs around," was a piece of political stupidity which the New Dealers will have plenty of reason to regret, and the chief responsibility rests on the shoulders of Palmer L. Adams, director of the Board of Freeholders, who is the guiding hand, under Powell's direction, of county affairs. He takes the lion's share of the credit for the "reduction in the tax rate," and it is only fair that the odium of the political butchery that have been going on should also be his, for, if he has the power to do the things he parades as accomplishments, by the same token he has been able to accomplish the other things of which he is not so proud these days.

In Dr. Stokes the people in Burlington County who stand for the best in government, county and state, have another rallying point.

EPWORTH M. E. CHURCH
Rev. William A. Boyd, Pastor

This Sunday the Rev. W. A. Boyd, minister of the Methodist Church, will continue the series of sermons on the "Modern Christ." The "Imparting Christ" is the subject of the sermon for this Sunday morning, April 23, at 11 o'clock. The choir, the Senior Chorus and the Dulciana Choir will render appropriate music. In the evening at 7:45, the Methodist hymnal will be used and demonstrated by soloists, duets, quartets, and chorus choir. Mr. Boyd will speak about "Three Men Trapped in a Mine." A very cordial welcome is extended to all to attend the "Church of Large Audiences and Good Music."

The mid-week Church Forum will take the place of the mid-week prayer meeting and will be held on Wednesday evenings at 8 o'clock. The Forum will be one of inspiration, education and discussion. Religious subjects interesting and involving the life of the church and society will be discussed in these meetings. The public is invited to attend these Forums.

CENTRAL BAPTIST CHURCH
Rev. George Lockett, B.O., Pastor
Services, Sunday, April 26

10:00 a.m., Bible School. One of the noticeable characteristics of the school, in fact in "Central Baptist," is the cooperation between departments, scholars and officials, all working toward a common and definite goal. Last Sunday showed an increase in attendance over a year ago.

11:15 a.m., Morning Worship. The pastor's sermon subject will be "The Acceptable Time." As a guest soloist, the choir will have Miss Cecelle Streichert, contralto. Miss Streichert, now of Philadelphia, is a former member of the choir and a resident of Palmyra.

7:00 p.m., The High School Young People's Group enjoyed a very beneficial and interesting meeting last Sunday evening when they had as their leader Miss Ermya Jewell, of the high school faculty.

7:45 p.m., Evening Worship. "A Missing Note in the Religion of Today" is the subject of the sermon for this service.
Wednesday evening at 8 o'clock, the regular mid-week prayer service. The Junior and Senior choirs have now resumed their weekly rehearsals. The Juniors meet at 7:30 and the Seniors at 8:15 under the direction of Claude Barto.

LUDWIG-BOHUS

Mr. and Mrs. Emil Bohus, of Morgan avenue, announce the marriage of their daughter, Ethel Edith to Martin Grant Ludwig, of Philadelphia, on April 4.

But We're Doing Just That

One effective way to help farmers would be to put a stop to the importation of farm products from outside countries. It is the height of foolishness to cut down on the amounts of grain to be grown on American farms and then buy up the shortage thus created from foreign countries. —Pueblo, Colo., Indicator.

OBITUARIES

FRANK MINUTO

Frank Minuto, 73, of 521 West Broad street, Palmyra, died at the home of his son-in-law, Frank Bua, Wednesday, April 15.

Funeral services were held from his late residence, Monday, April 20, at 9 o'clock and High Mass at St. Peter's Church, Riverside.

Interment was made in Holy Cross Cemetery, Philadelphia, Frank A. Snover, funeral director.

ALBERT S. KING

Albert S. King, died Saturday morning at his late residence, 502 River Bank, Riverton, after a long illness.
Masonic services were held at his home Sunday evening.
The funeral will be held Wednesday, April 22 in Baltimore, Maryland, Frank A. Snover, funeral director.

Mr. King is survived by his widow, Mrs. Bertha King.

Local Relief Is
Palmyra Problem
(continued from page 1)

This is being repaired.
The municipal park is progressing rapidly. The WPA is working efficiently and the roadway is being fixed, flower beds planted, playground equipment and tennis courts put in good condition. He announced an organized activity committee composed of citizens in order to make the most of the possibilities offered by the public park.

Fifty people announced on the various committees in last week's New Era received confirmation from the borough council.

Fire Hazards Removed

Councilman Arthur Wright, chairman of the building committee, stated that the county fire marshal had made a second inspection of the business houses and found the recommendations made after his first visit had been complied with, thus rendering the business district safe from fire hazard.

Lipkowitz and Schwartz, proprietors of the Philadelphia Market House, verbally inquired if they could, in a building improvement program, extend their building nine or ten feet beyond the established building line on Garfield avenue. The borough clerk was instructed to notify the market house proprietors of the deed restrictions existing on their property.

Clean-Up Week

Councilman William Engle offered a motion that the mayor issue a proclamation declaring the week of May 15 as clean-up week and set the dates of the 19th and 20th for the collection of rubbish on the south side of the railroad, and the 21st and 22nd for collection on the north side of the railroad. Motion carried.

He suggested that the borough request people residing adjacent to vacant lots to help improve the appearance of the town by gathering up the rubbish on these lots. He said it would only take a few minutes at this time and would be much simpler than attempting to contact the owners, and would accomplish the same purpose. The motion passed.

Road Program Lags

Councilman Engle, chairman of the highway department, stated that the WPA road program was not progressing so well. The chief difficulty seems to be at headquarters in securing gravel. He said the borough stands ready and willing to help but the delay is within the WPA organization.

He stated that action was expected within a few days. Mayor Ward stated he did not want the highway program to lag and recommended that the highway department wait no longer than a week before taking action.

Councilman Engle reported that the manhole cover on Washington avenue had been lowered and that they were investigating others where the condition is bad.

A FINE DISTINCTION

In January Premier Mussolini announced that the purpose of the African war was to "civilize" the Ethiopians.

Now he announces that his army is out to "annihilate" the Ethiopians. Contemplating the armies, armaments and equipment for destruction held in readiness today by every civilized nation of the globe, perhaps the distinction between civilization and annihilation is rather fine after all.—Florence Township News.

UNEMPLOYMENT INCREASES

The American Federation of Labor officially has announced that its list of unemployed reached the amazing total of 12,626,000 in January. The increase from December to January was said to be the greatest in five years.

There are more unemployed workers in the United States, according to the most careful estimates here and abroad, than in all of Europe put together. That shows that when we have an increase in unemployment of 1,229,000 in a single month (the Federation's own figures) we lead the rest of the world in a way that does not reflect credit and honor upon our genius, our statesmanship or our management. For when conditions get worse instead of better, anyone can reach the conclusion that something is wrong with our whole recovery machinery.

The Administration has given everybody the assurance that unemployment would be solved. It was given \$4,000,000,000 as a work relief fund, and Mr. Hopkins was to employ millions to break the back of unemployment. But unemployment is more of a problem now than it was last year. Public opinion will put the blame for this increase on the Administration, where it properly belongs. It promised to solve the question and has not done it. Wherefore the Administration, itself, is to be held to a strict accountability for its failure.—Sioux City, Iowa, Journal.

Secretary I kes says the Government hasn't been spending money fast enough. We have been simply using "an eyedropper." Here we have been thinking all the while it was a sort of Niagara.—Cumberland, Md., News.

It is not limited to members of any organization but it is planned to focus attention on the greatest asset of our community, its boys and girls. FOR ECONOMY

"The Ford V-8 uses less fuel and oil for the power it gives than any other car we have ever made
And its up-keep cost is the lowest!"

ENTHUSIASTIC sales talk often begins and ends with gasoline mileage. Some salesmen would like you to believe it is the whole story of automobile economy. But drivers ought to know better. For the fact is, it's way down the list.

The big items of car economy are low first cost, low up-keep cost and low depreciation. Savings here can make a great deal of difference in cost per mile. Gasoline mileage is more of a talking point than an economy factor.

Check up and you will find that the difference between 17 and 19 miles a gallon is less than \$10 for a whole year's average driving (8400 miles at 18 cents a gallon). Here are the big items that make the Ford the most economical car:

More value for every dollar you pay.

Lower cost for repairs and service.

Long life. Slow depreciation.

Quality means economy and the 1936 Ford V-8 gives you more real quality than any other low-price car. No other car under \$1645 has a V-8 engine. No other low-price car has Center-Poise Riding, safe, sure mechanical brakes and Safety Glass all around at no extra cost.

SHORT-WAVE RADIO

by W. Maynard Bowen
and W3CJJ

Credit Where Credit is Due

During one of the most exciting periods we have had in recent years in our locality, namely the flood conditions in Pennsylvania, and particularly the disaster at Johnstown, Pa., the work of the amateur radio operators in an emergency was heard and appreciated by a large number of people via short-wave radio. Great credit was given to these boys for their efficient work in furnishing information in the stricken areas and by relaying messages for the national and municipal authorities in charge of rescue and rehabilitation of the affected areas, by such nationally-known news commentators as Boake Carter and Allen Campbell.

As an aftermath to the tributes paid these courageous operators the mayor of Johnstown ordered the arrest of the two operators in Johnstown, Gerald D. Coleman, W8FRC, and Robert K. Dixon, W8DYY, charged with having broadcast false reports concerning the breaking of the Quakamoning Dam. Following a "hearing" before the mayor, in which the amateurs were not allowed to state their side of the case, an order was issued "banning" all amateur stations from Johnstown. In the newspapers, statements attributed to the mayor were made that the false reports were deliberately transmitted in order that newsworthy cameramen might get pictures showing panic scenes.

Letter from A.R.R.L.

This column is in receipt of a letter from the American Radio Relay League, official organization of the amateur fraternity in the United States, enclosing a letter written to the mayor of Johnstown by K. B. Warner, secretary of the League, demanding that Mayor Shields retract his statements and restore Gerald Coleman and his associates in the respect and esteem to which they are entitled.

The A.R.R.L. investigated the various charges made against these amateurs by having their representative question reliable witnesses at the scene, and as a final clinching argument the unassailable proof given by an electrical transcription of the messages sent, made by a radio engineer. All the messages and information concerning the breaking of the dam were specifically labeled as a rumor that the dam had burst.

The mayor had stated that the information broadcast by these amateurs had resulted in panic in Johnstown. To refute these charges the A.R.R.L. points out that at that time Johnstown was without power and it was impossible for the people to have heard these transmissions, for none of the ordinary receiving sets were operative. It was also pointed out that even people in districts outside of Johnstown could not have telephoned the people in the area because there was no telephone communication.

The above evidently proves that the amateurs could not have caused the panic for which they were arrested.

Mayor "Bans" Amateurs

The mayor also "banned" any amateurs from going on the air. The mayor has since changed his mind. No municipal or state authority has the power to place a ban on any commercial, broadcast or amateur station. These stations are licensed and come under the jurisdiction of the F.C.C. (Federal Communications Commission), a branch of the Federal government. Any violation of the Federal Radio Act, willful interference, or the broadcasting of fraudulent distress signals are covered under the penalties imposed by the F.C.C., under the Radio Act. The investigation of any such violations is vested in the F.C.C. and is carried out by the Radio Inspectors of the district in which they occur, and the trial and conviction of the violators is done in the Federal courts.

The mayor of Johnstown exceeded his authority and not only belittled the good work done by these two amateur operators but also cast aspersions on the amateur fraternity as a whole.

AGAINST LAW TO ASK DONATIONS

New Act Applies to Solicitation of Money for Police Departments

The provisions of the following Bill, known as Senate No. 49, and passed March 14, 1936, is published on request of the police departments of Riverton, Palmyra and Cinnaminson township.

"Be it enacted by the Senate and General Assembly of the State of New Jersey:

"It shall be unlawful for any person or persons to solicit funds or a contribution of any kind, by mail, telephone or in person, whether in payment for tickets, admission, books, tokens, advertising or otherwise for any organization of police-men, except that members of any such organization who are members of a police department in any municipality or county may personally solicit such funds or contributions in the municipality where they are employed, or in case of county police departments throughout the county where they are employed. Any person violating this provision shall be deemed and adjudged to be a disorderly person.

"Any offense committed under this act shall be considered to have taken place in the county in which the person solicited was at the time of such solicitation, notwithstanding that such solicitation was by telephone, originating outside of said county or by mail deposited in the post office outside of said county.

"This act shall take effect immediately."

Statement

The object of this bill is to prevent what is becoming a serious nuisance. Contributions are being asked by persons who say they represent police organizations. In many cases these men do not represent such police organizations and in other instances the organizations which they represent are fictitious or composed of other than policemen. This bill would confine such solicitations to members of the police who are known to those from whom contributions are asked. The penalty imposed would be the same as in all other cases of disorderly persons.

Some act first, think afterwards, and then repent forever.—C. Simmons.

A.R.R.L. officials that the mayor of Johnstown owes these two young fellows an apology and should do all in his power to restore them in the esteem of their fellow townsmen. In this affair it strikes us that this is an occasion where it was "credit where credit was due."

THE PEOPLE'S COLUMN

DOGS—AND MUZZLES—AND SUCH!

To the Editor:

I saw some letters in the paper lately about dogs, and a copy of a proclamation was left at the house. The letter by the police chairman was interesting. It looks like the law ought to be fixed up but who shall we write to?

The State Law as it must give the Mayor power to put out the proclamation or he wouldn't have done it. Is it like the ordinance they dug up a little while ago that said nobody could put handbills around? Anyhow, within a few weeks after that bills were put around two or three times and they say the police gave permission. The ordinance, as printed in The New Era, was like the proclamation. It just said "NO." How Come? Do the police intend to enforce the law they have now, or does he mean he doesn't like the law anyway, or what? Does the Mayor mean his proclamation, or can't he get it done?

The police chairman hinted because the dog died in an accident it didn't have rabies, even if Trenton said it did. Of course, if a person was hit by an automobile or a train, it proves he didn't have T.B. or B.O., or liver trouble, or anything. I hear

that rabies may take up to six months before it shows up in a dog's actions. Of course, because a dog died by accident during this time anyone could see by looking at the outside that he wasn't sick. Maybe Trenton didn't play fair and peeked inside.

The papers said that three people and over a hundred dogs have died in Philadelphia from rabies. We can see, as Mr. Knight hints, that the rabies scare is the fault of the Pastor movie. The people must have scared themselves to death and maybe the dogs saw the movie in Philadelphia. Didn't the scare start before that movie came out?

The proclamation didn't say anything about wire muzzles; it just said muzzles. If leather muzzles are against the law and people and the police don't like wire muzzles, what do we do now—just forget it? If it is only a scare we might just as well. If there is any reason for the Mayor's action the owners might at least put on leather muzzles or keep the dogs home, and the police might enforce it. I saw a couple of dogs playing around Broad and Main streets the other day without any muzzles on. The vaccination is something everybody decides for himself anyway.

I would like to know whether or not to pay any attention to the proclamation. Do our police officials belong to the Nude Eel Club so they decide for themselves what laws they like and which to obey and enforce, and on who? Why not let us all do

our own deciding on the laws we like? Couldn't we get rid of a lot of uplifters and politicians? I Wonder.

MORE PEOPLE NOW HEATING BY GAS

Public Service Survey Shows Number 7 Times Greater Than in 1935

Use of gas for house heating has been gaining rapidly in the first three months of this year, a recent survey by Public Service Electric and Gas Company shows. In the period from January to March, inclusive, 220 customers contracted for gas house heating compared to 32 in the corresponding period of 1935. Also the number of house owners installing summer cooling air-conditioning equipment was nearly twice as large as last year during this same period.

A significant feature of present home construction activities is that a very large percentage of the dwellings being erected, even in the relatively low cost class of homes, are being insulated and equipped with gas heating systems.

HEALTH HINTS

By Dr. Rachel Alteman Witmyer

The Common Cold

Some years ago the demand made by parents when their child came down with a cold was—"Where did you get that cold?" Today the question asked should be, "Why did you get that cold?"

It is true that draughts and wet feet are contributing factors in causing a cold, but the individual must also be susceptible. Usually this is due to poor physical condition. It is also true that some people with no apparent physical defects frequently catch colds, this may be a matter of lack of immunity peculiar to that individual.

It is more important to know how to avoid colds than it is to determine where one caught it. The body's resistance must be considered. The more perfect the body the more immune one is to disease. One therefore should try to build up body resistance.

This can be done by living normally, that is eat food which does not interfere with digestion and elimination. Get enough sleep to waken refreshed and get enough exercise and relaxation to keep from feeling stuffy in mind and body.

Every child when properly clothed is able to spend most of his playtime out of doors, every month in the year. The average adult does not spend near the time he should in the fresh air. Fresh air and sunshine are vital to good health.

To some people a cold is not taken seriously; to those persons the following facts should receive close attention:

The cold lowers body resistance making the individual susceptible to more colds and many other infections.

The cold makes a fertile growing place of the patient's nose and throat for more serious germs.

Also the cold if not properly treated results in, grippé, bronchitis and pneumonia.

If you or your child develops a cold don't treat it lightly, but see that it receives proper attention at once.

YMCA STAMP CLUB of Palmyra and Riverton

NEW OFFICERS

The regular monthly meeting of the Palmyra-Riverton Stamp Club will be held at 8 p.m., Friday evening, April 24, in the YMCA building, Palmyra. At this time the recently elected officers will assume their duties and there will be a general reorganization of committees. The new officials are Dr. James E. Brown, president; Paul Burke, vice president; Frank Haley, secretary-treasurer.

Following the business meeting there will be an informal exhibit and several members will display portions of their prize-winning collections. The program will be concluded by the Bourse, an important feature of all meetings.

A cordial invitation to attend is extended to all collectors and those interested in the subject.

STATE GRANGE DEMANDS ACTION

Addresses Open Letter to Legislators Asking for Broadening of Tax Base

To all Members of the New Jersey State Legislature:

Dear Sir:

In view of the fact that no legislation has been passed continuing state aid for unemployment relief, and now that the administration has been turned back to the municipalities, the New Jersey State Grange and the New Jersey Farm Bureau would like once again to call your attention to their tax program.

As you already know, real estate cannot carry any additional burden, not even its present one. We must have the tax base broadened in order to relieve real estate of its present unbearable burden. In solving the relief problem we must take great care that it is solved in a permanent manner and in justice to all groups. Everyone should be compelled to contribute to this state-wide relief load, at the same time keeping in mind also the fundamental principle of "ability to pay."

Proposals to further tax the motor vehicle owner are unquestionably unfair and discriminatory. We have always contended that diversion of motorists' taxes was "false economy" and it is difficult to understand how a few of our Legislators can possibly think of again calling on this class of taxpayers to carry the burden of relief.

The New Jersey Farm Bureau and the New Jersey State Grange have advocated for several years a tax program which includes (a) an income tax; (b) a selective sales tax, and (c) a tax on intangibles. The income from these taxes is, first to care for relief and, second, for use in lieu of a portion of the real estate tax. Unemployment relief is a permanent problem. Five years' experience should be sufficient proof that a permanent plan of financing is necessary. Taxing certain groups

HEAT WATER CHEAPLY USE GAS

There is probably no expenditure in the household budget we know so little about as the cost of hot water. It is a vague sort of thing. Few of us even know how much hot water we use each day much less how much it costs to heat it.

You are probably paying enough now to have automatic hot water service. Why not have it? Gas, the premier water heating fuel, will give you 100% automatic hot water service at a cost of only a few cents per day.

Ask your plumber, he knows the hot water problem. He can estimate for you the amount of hot water you use daily and what it will cost to heat it by gas.

two more days would complete the
tree work and that 220 new trees
had been planted.
In two instances the owners ob-
jected to having new trees planted
in front of their properties, other-
wise the program progressed suc-
cessfully.
Councilman Engle complimented
the committee for their work thus
far.
A resolution was passed authoriz-
ing the issue of \$2,325 in scrip. A
resolution was passed authorizing
salaries be paid 60 per cent in cash
and 40 percent in scrip. A resolu-
tion was passed authorizing the pay-
ment of \$3,825 to the school board,
\$2,000 in scrip and \$1,825 in cash.
The principal of \$1,400 and in-
terest of \$54 on Palmyra baby bonds
were ordered paid.

Police Report
The report of the police depart-
ment included a total of 137 night
lodgers, 57 complaints, 10 ambu-
lance calls, 2 automobile accidents
and five alarms were answered dur-
ing the month of March and five
dogs were gassed.

Boys Injure Trees
Councilman Luce reported that
several trees had been split, appar-
ently by boys with jack knives. As
much as one and a half feet of bark
had been stripped from the trees.
He asked for the co-operation of
the police department in bringing a
halt to this vandalism. The mayor
stated that the best way to accom-
plish this would be to make an exam-
ple of any persons caught in the act.
Mayor Ward reported an accident
to the police car the previous Sat-
urday night when the Palmyra po-
lice officer was taking chain store
proprietors with their day's receipts
to the bank for deposit. He stated
that the borough carried collision
insurance on the police car with
the \$50 deductible clause so that all
damages over \$50 would be paid by
the insurance company.

Damages Recovered
Mayor Ward stated that he had
taken the liberty to write to the
American and A & P stores stating
that the borough is willing to co-
operate with its merchants in pro-
tecting their funds en route to the
bank, but felt that the \$50 cost to
the borough as a result of this ac-
cident should be borne by these
companies. The next day he re-
ceived in the mail a check for \$25
from each of the chain stores, thus
the accident cost the borough noth-
ing.
He asked council what they
thought of the practice of taking
merchants who wish to deposit their
Saturday's receipts, to the bank.
Council felt that the business peo-
ple were entitled to this protection
and that the service should be con-
tinued as long as the merchants re-
quested it.

Youth Week Activities
Mayor Ward reported that in con-
junction with Youth Week he had
written to the Philadelphia Athletics
in an attempt to secure a pass for
a group from these communities.
This, however, was turned down un-
til after school is closed.
He stated that the high school
will hold a regular election during
youth week and the successful can-
didates will take office in the bor-
ough of Palmyra for a day. He re-
quested that each councilman and
borough official take the young men
and women under their supervision
for a couple of hours' instruction on
the operation of municipal govern-
ment. This the councilmen agreed to
do.
He spoke of the FHA meeting to
be held in the RFA school on
Tuesday next and urged them to at-
tend, stating that he believed the
message of the FHA administrators
would be worthwhile.

Refuses Bank Request
A letter was read from the Pal-
myra bank asking for a compromise
adjustment on the accumulated taxes
assessed by the borough of Palmyra.
Mayor Ward stated that the re-
ceivers in settling the affairs of the
bank are making no adjustments
with their creditors and could see
no reason why council should remit
any taxes assessed against the bank.
He asked Assessor James Hartley
if he could defend the assessments

Welfare to Give Temporary Relief

(continued from page 1)

that relief would not go back to the old overseer of the poor stage. Many efficient investigators, he said, would be let go by the ERA, and these workers might be used in many communities to great advantage.

In answer to a question by Stuart Clark, Mrs. Cooper said that volunteer workers could be used to help with the additional load thrown on the association. The preliminary investigation, would have to be made by the social worker, but after that volunteers could be used satisfactorily in many cases under her supervision. Since a volunteer organization is operating very successfully in Moorestown Welfare Association. At the present time in Riverton there is a need for volunteer service in clerical work.

Increase in Relief Load
In discussing the relief load Mrs. Cooper stated that a minimum number of clients are receiving relief now, due to WPA and seasonal employment. Families needing relief will more than double during the fall and winter months, since farmers do not hire on a yearly basis, and WPA projects are undoubtedly temporary.

Single men and those with small families who have seasonal work will be encouraged to save something while they were working so that they will not be obliged to return to the relief rolls when the employment season ends. Contact with them will be maintained during the summer, to this end.

Mrs. Cooper said that the services of two good carpenters and a number of men for housecleaning, lawn and garden work are available, and suggested that if anyone needed such work done, it would help to reduce the number on relief to give it to these men, who are finding it difficult to meet their bills for water, gas, electricity and rent.

Clothing Needed
The association needs a man's suit, size 44, summer underwear for men and women. Mrs. Cooper also brought up the subject of a man who had been supporting himself by hauling trash, plowing, etc., but had applied for relief because he had lost his mule. If he had a horse or a mule he feels that he can take care of himself. She asked for cash contributions or the donation of a horse or a mule if anybody has one to spare. No one in the room seemed to have a draught animal available, and the request is passed on to the public.

"Leaning Posts"
James Davidson, member of the Cinnaminson township committee, congratulated Mrs. Cooper on her thought that young single men should be taken off relief at this season of the year. He had never approved of young single men receiving relief, he said, and declared that "as long as they have a post to lean on they will lean." Charles Evans, chairman of the Cinnaminson township committee, heartily agreed with the sentiments expressed by his colleague.

Relief Assured
Mr. Evans said that accompanied by Messrs. Davidson and Conrow he had gone to Trenton to see what he could find out about a probable solution of the relief problem. Senator Powell assured him some form of relief will be forthcoming, but that the Senate is waiting for a decent Bill to be presented by the Assembly. The last Bill presented taxed only cigarettes, cosmetics and movie tickets, which, in addition to being unfair, would not begin to provide sufficient revenue to meet relief demands.

Relief Cost in Five Years
While in Trenton Mr. Evans was told by State Treasurer Albright that in five years, from January 1931 to April 1, 1936, New Jersey had spent \$174,065,000 on relief, that in two years there had been diverted from the gasoline and motor vehicle license fund for relief purposes the sum of \$18,626,000, including the \$3,000,000 transferred a few weeks ago. The treasurer declared that by June 30 of this year, the State of New Jersey would be "in the red," for the first time in 25 years. Real

estate in New Jersey pays 89% of the cost of government, and 30% of its citizens foot the entire tax bill. Mr. Albright believed that a solution is necessary to meet the situation, and said that the previous sales tax was repealed for political reasons.

Seeking New Quarters
At the March meeting a committee was appointed to look into the possibility of securing a suitable office for the social worker, where interviews could be held with the necessary privacy. The committee had made no report. Stuart Clark was asked to try to locate other quarters.

The association expressed its appreciation of the generosity of the Riverton Borough Council in making available the present quarters during the last three years. With the increased case load, however, it is impossible to carry on interviews with any degree of privacy. This hampers the work, both from case work and the relief point of view.

The next meeting of the association will be held June 2.

FHA Explained By Representatives

(continued from page 1)

renovating, repairing or small additions to homes.
New Jersey stands third in the United States in the modernization program. At the present time loans amounting to over \$32,000,000 have been insured.

After Mr. Vaughan had finished speaking, Mayor Ward, introduced Harry E. Moyer, whom he said he understood officially represented Riverton. Mr. Moyer corrected this misunderstanding and stated that he was simply there, as were the others, to learn more about the FHA. He apologized for the small representation from Riverton and felt the only thing he could blame it on was the weather, which he admitted, was a pretty poor excuse.

Mr. Moyer's Experience
Mr. Moyer went on to state an experience of his own with the FHA. He said his house was badly in need of a new roof and some repairs inside. He had been told about this new plan and secured from various workmen their estimates on the cost of the repairs. He then sent the estimates to a loaning company which sent him back a blank to sign. In a few weeks the workmen were doing the necessary work and the money was in the bank waiting for him to pay for the work. The loan amounted to approximately \$700 and all he has to pay is \$19 a month for three years, or he can get an extension to five years if necessary.

After Mr. Moyer's remarks the WPA band played again and accompanied Prescott Herr, of Moorestown, who was soloist for the evening.

Banks Falling in Line
Ross Fountain, special representative of the FHA, said that in October, 1934, at which time he had been appointed volunteer chairman of the FHA in his home town in Monmouth county, the bankers were very skeptical of any such idea as loaning money to a person without collateral. The plan did not sound practical and they would not go along with it.

Since that time, however, the banks are more than willing to fall in line because they have seen it work out. They also have the assurance of their loaned money being paid back by the insurance guaranteed by the government.

Local Workmen Benefit
Mr. Fountain said that if the three towns, Riverton, Palmyra and Cinnaminson, decided to take up this plan, workmen in the community would be the beneficiaries as all the work would be done by local contractors, selected by the person getting the loan.
Since the signing of the FHA by the president of the United States on June 27, 1934, the two objectives of the FHA have been, first, to put labor back to work and move material, and to come out of the depression. The FHA was not an experiment as it was fashioned after the Empire Act which has been in operation in England for several years, and has helped them pull themselves out of their slump.
The second objective of the FHA

EVANS HOME SHOW IS BIG SUCCESS

Hundreds Visit Exhibit and Learn About Financing Home Improvements

The Home Show sponsored by the Evans firm, coal and lumber dealers, closed on Saturday last, and according to Joseph T. Evans the show was highly successful from every standpoint. A greater interest was manifested by the general public than was anticipated, and Mr. Evans has been complimented by officials of the Federal Housing Authority on his initiative in promoting an affair of this character.

The following visitors to the show were awarded door prizes during the week: Walter D. Lamon, 522 Garfield avenue, Palmyra; a Venetian bathroom cabinet; Edward Faunce, E. Riverton, Gulfube motor oil; Ogden H. Mattie, Seventh street, Riverton, baseball dart game; Mrs. Mary A. Clelland, 622 Main street, one half-ton Koppers coke; Frank T. Coddington, Cinnaminson street, automatic electric iron; Mrs. B. Patterson, 519 Garfield avenue, Palmyra, ironing board cabinet; M. D. Metzger, 639 Linden avenue, Riverton, desk lamp; Lawton J. Steedle, 213 Cinnaminson street, fireplace set; E. E. Compton, 616 E. Main street, electric waftle iron; William Branson, 106 Leconey Circle, Palmyra, bridge lamp.

The firm has been the leading dealer in this section of the state handling the financing of credit for building, alterations and improvements, and according to Mr. Evans, it is now in a position to take care of financing new buildings up to \$50,000.

How the Plan Works
Mr. Fountain explained that there were two kinds of notes on which money can be borrowed. First, the discount note and second, the gross note. The discount note works as follows: if a man wanted to borrow \$700 to repair his dwelling, the rate of interest would be \$5 per \$100 per year. In other words, if he wanted to keep the money for three years the interest would be approximately \$105, which would be deductible the first year. In order to get the whole \$700 he would have to take out a gross note which would include the interest charges and still give him the full \$700. The exact rate of interest is 9.716 or nearly 9 3/4%.

Mr. Fountain said that New Jersey was leading in the refinancing and rebuilding program in the United States. Approximately 6,000 new homes have been built at an average of \$50,000 each.

FHA Extended to 1938
The FHA has been extended by the government until April 1, 1938. The only things that have been taken out of the \$2,000 to \$50,000 loans are movable machinery such as electric refrigerators, electric washers, ironers, etc.; also the small type house such as summer bungalows.

The losses incurred by the FHA up to March 1, 1936, have only been 1/12 of 1%.

The cost to the government of the entire FHA since it began, up to March 1, 1936, has been a little under \$13,000,000.
Several reels of films were shown during the evening. The first showed homes of various sizes and values which had been reconducted under the FHA plans.
The second reel dealt with the business houses, factories and larger buildings.
The evening closed with a few remarks by Mayor Ward again telling the people what a fine opportunity this is to make the necessary repairs to their homes, and the WPA band playing a final selection.

MISS BRYAN SPEAKS TO BURLINGTON P.T.A.

Palmyra Prepares To Handle Relief

(continued from page 1)

received help, while there were others equally in need or more so, who were too proud to ask and suffered great deprivation, while others received more than they really need from several sources.

Relief Organization Formed
In order to eliminate this duplication a meeting of churches and other organizations was called and the relief association of Palmyra, Riverton and Cinnaminson was effected with headquarters at his office. This association provided food and fuel only.

It was arranged to give men with families two days work each week which enabled them to earn enough to buy the bare necessities of life. This plan had been in operation for two years when Riverton and Cinnaminson decided that it was advisable to have a paid worker to administer this simple form of relief.

Palmyra did not approve of the paid worker idea and Riverton and Cinnaminson formed a welfare association of their own with Mrs. Dorothy N. Cooper, social worker, in charge.

Wimer Resigns
By this time the relief load of the Palmyra association had become so great that Mr. Wimer was unable to continue as its head, and James T. Weart became his successor.

The churches, lodges and other organizations as well as many individuals, Mr. Wimer stated, did splendid work while this plan was continued. Then came the ERA with state organization, supervision and funds.

Private Subscriptions
Horace Houder, who had been associated with the work under Mr. Weart, said that at that time the town had been divided into thirteen districts with a captain for each. They collected weekly and raised three-quarters of the amount expended, the state supplying the balance. He said he did not know how private collections would work now, as "people were sort of sick of this relief business."

At that time a commissary department was maintained and people came for their food and clothing. Rent, gas and electric bills and water rents were not paid, and it was Mr. Houder's belief that much of this phase of relief could now be discontinued.

School Nurse Speaks
Mrs. A. Kay G. Long, school nurse, said that school children were becoming more and more undernourished. They came to school suffering with toothache, headache, and other ailments partially caused, at least, by lack of sufficient and proper food.
Many of these children did not come from homes on the relief rolls but from families which were eking out the barest existence by their own efforts.

Mrs. Long said that all children should be checked monthly to keep them well, as this preventive measure was not only the best for the child but was really cheaper in the long run, because in cases of sickness and epidemics resulting from malnutrition the cost of medical attention, quarantine, etc., would exceed the small cost necessary for periodical examinations.

Effect on Young Minds
Mrs. Long pointed out that there was a growing consciousness among the children themselves that something was wrong with our social set-up when some children came to school in automobiles well fed, well dressed, while others came without breakfast and scantily clad. She emphasized the importance and the danger of mental processes set up in young minds under these conditions.

School Will Help
C. F. Dengler, supervising principal of the Palmyra public school system, followed Mrs. Long and said that many children did come to school without breakfast and with no prospect of lunch. Teachers and pupils had assisted, he said, in providing food for these unfortunate. Much more could be done if the need were better known in the community. He said that the schools had tried to do their best, and if there is a greater need under the new set-up they will increase their efforts.

Sure Help is Coming
W. Rex McCrosson, county director of the ERA, sent through Mr. Boyle a message to the people of Palmyra that he was confident a

Sleepless Nights, Empty Plates
Mr. Wimer said that children going to school without breakfast had been supplied at the school for a time, but that this had been discontinued. He said he considered this to be one of the most valuable pieces of work that could be done as a child arising from a more or less sleepless night, to hunger and mental distress, and then going to school without breakfast, was certainly in condition to do satisfactory work in his studies.

Employment Greatest Need
Wilton E. Mount, secretary of the Palmyra-Riverton YMCA, who is also truant officer for the schools, said that in going about among the homes in this community he found many who needed food and clothing, but many more who only wanted a chance to earn their own living. All, he said, have a right to live and to live well, and also have a right to earn their living by their own efforts thereby retaining their self-respect and independence. He suggested that by listing the unemployed and helping them to find jobs a most valuable work would be accomplished.

A case worker who could approach these problems with sympathy and understanding could do much for the social rehabilitation of many families and at the same time save the taxpayers the amounts now being spent on relief.

He said the main purpose of all efforts toward relief should be to set people on their own feet and not to give them charity, even in the form of made work.

Work in the Churches
The Rev. George Lockett, pastor of Central Baptist Church said that while Mr. Wimer had quoted scripture, he had not given the whole quotation—which was bad. The complete verse, said the "Bishop," was "For ye have the poor with you always, AND WHENSOEVER YE WILL YE MAY DO THEM GOOD."

Mr. Lockett said that the churches and many other organizations in the community are taking care of their own needy and would not, if they knew it, permit any member to go on the relief. He thought the Riverton system with a paid worker was very good. He further said there is a serious situation throughout the nation when people are hungry. You cannot argue with a man who is hungry and whose family is hungry. There is a growing dissatisfaction with conditions and many men and women are "seeing red." He added that whatever the meeting decided to do the churches would support to the limit of their ability.

Two Years in Budget
George W. Luce, member of the borough council and chairman of finance, said that council was having a struggle to keep the tax rate down. This year's budget, he said, contained an item for relief all out of proportion to other items. This year's budget had included \$3300 spent for relief last year and \$2800 for this year.

He said he did not see why it had been impossible to get any constructive thinking in Trenton toward broadening the tax base. He said there was still \$2100 unexpended of the amount budgeted for relief in Palmyra, and he did not know where council could get any more. Jersey, he said, was the only state in the country that had pulled out of the relief and thrown the burden on municipalities.

Need Among Children
Edward Boyle, ERA representative, said that municipalities are now confronted with two problems: first immediate relief, and second a long-term plan as outlined by Mr. Mount. Mr. Boyle said that he had taken care of only those in the low income bracket on direct relief and that the greatest need was among children in families not on relief.

He said that relief administration had been through the commissary department, cash relief, ERA and is now back to food orders. Relief, he declared, has lost its temporary aspect, lost its unemployment aspect and leveled out to a permanent thing—to rehabilitation—social, mental and spiritual; to get people back on their own so that they would not need relief.

W. Rex McCrosson, county director of the ERA, sent through Mr. Boyle a message to the people of Palmyra that he was confident a

LETTER FROM COUNCIL

Authorized by a resolution passed by the Palmyra Borough Council Friday night, Borough Clerk George J. Spencer sent the following letter, registered, in the first mail Saturday morning to both Senator Clifford R. Powell and Assemblyman Marcus W. Newcomb:

April 17, 1936.
At a meeting of the Mayor and Council I have been requested to write you and state that it will be utterly impossible for the Borough of Palmyra to carry the relief load of this Borough.

We are operating on a modified A Grant now, issuing scrip and trying to refund our Bonds. Our finances are such that we can carry no added relief burden.
The Mayor and Council sincerely hope you will use your best efforts in order that the Legislature will adopt a plan whereby the relief load will be taken care of.

Very truly yours,
George J. Spencer,
Borough Clerk.

solution would be found to help the local municipalities to carry the financial burden of relief.

Mr. Boyle said that the average amount of relief per person was \$9.00 per month, of which \$4.92 was for food, the balance being divided between milk, coal, gas and electricity, medical attention, hospital service and clothing.
He stated that the normal case load in Palmyra was 60 to 100 families, or 250 to 300 individuals. The average family was 3.3 persons. The present number of families has been reduced to 44.

No "Influence" Used

Mr. Boyle declared that political, religious, social or any other influence or pressure had not in any way affected the ERA administration of relief in Burlington county. In replying to a request by Councilman William Engle, Mr. Boyle, outlined the method of investigating applications for relief.

Mr. Boyle said he believed there was very little chiseling being done in Palmyra. There had been some, he said, but it had been pretty well weeded out. There might still be a few cases where clients were getting more than they were entitled to, but the number was so small that it would cost more to run them down than the saving would amount to.

Offer to Help Organize

Mr. Boyle offered the services of himself and Mrs. Helen G. Ayres, investigator for Palmyra district, in setting up an organization to administer relief, and stated that while the county ERA records would not be available, his office would be glad to give verbal information on request of the committee.

Mayor Ward asked those present, "Shall we do as Trenton did—refuse to accept the responsibility and hand it back to the state?" Mr. Engle declared that Palmyra could not raise sufficient money to carry the load unassisted, and should demand that Trenton do something effective and immediately.

Temporary Relief

George Weigand offered a motion that Palmyra issue food orders from April 20 to May 5, and use the facilities of the ERA in administering relief during that time.

Mrs. Alfred Lippincott offered an amendment to Mr. Weigand's motion to the effect that relief clients be notified with the next delivery of food orders that the present set-up by the borough was an emergency measure effective until May 5, and did not necessarily set any precedent or entail any obligations as to what the relief administration will do after that time. The amendment was accepted and became a part of the original motion, which was seconded by Floyd W. Spahr and unanimously passed.

"Jack Courage," says Thomas Carl Thomas, a former member of the borough council, was of the opinion that real estate had been taxed to the limit and that to pile on more taxes when it was impossible to collect the levies already made would accomplish nothing. He declared that municipalities were in the present predicament because legislators in Trenton did not have the courage to stand up to the prob-

Frank A. Snover, another former councilman, declared that it would be impossible to borrow any money (Mayor Ward asked, "Do you know that?") and that if funds were not in the treasury the town would simply have to quit in the matter of relief.

Should Enter Protest

Councilman Arthur P. Wright declared that the citizens' committee should address a letter to Assemblymen and Senators, stating how Palmyra feels about this matter and "make it plenty hot."

Mr. Weigand thought it would have more effect if the letter was sent from the borough council, and it was finally decided that both the committee and the borough council should address a strong letter to Burlington county's representatives in the legislature.

Approves Social Worker

Mr. Thomas concurred in the thought previously expressed by Mr. Wimer that a permanent set-up for the administration of relief should include a paid social worker, to which Mr. Snover replied that it was all right to have a paid worker if the state footed the bill, but that if council attempted to raise the money by taxation he for one would go on a taxpayers' strike.

The meeting was adjourned at the call of the chair, and the committee will meet again as soon as some definite action is taken at Trenton—before it necessary.

Council Passes Resolutions

Following the meeting of the citizens' committee, the mayor and council continued the meeting which was adjourned from April 16 to April 17, with the following members present: Mayor John F. Ward, Councilmen George W. Luce, William F. Engle, Arthur P. Wright, T. Curtis Flynn and Wesley P. Huyett. The following resolutions were passed:

"Be it resolved that in the event the State Legislature provides for emergency relief on and after April 20, 1936, the resolution setting forth the sum of \$270 as the borough's share of a modified A Grant for emergency relief for the Borough of Palmyra be adopted." Unanimously passed.

LAUGHS AND THRILLS IN CONTEST PLAYS

There will be laughs and thrills and moments of tense dramatic incident plenty in the six one-act plays which are to be given in the auditorium of the Palmyra High School on Tuesday and Wednesday, April 28 and 29. The plays, which are to be a contest for the dramatic supremacy of Burlington County are being held under the sponsorship of the High School Alumnae, and the winner will be awarded a cup as a token of merit. This contest is a preliminary in the State Dramatic Tournament which is to be held in Atlantic City on May 20,

and the winner will be eligible to compete in the tri-county contests which will decide the contestant for the State cup. The entire tournament is being fostered by the Recreational Division of the Works Progress Administration to stimulate interest in amateur dramatics. The curtain will rise on the first presentation at 8.15 p.m. and admission is free to the public. Three plays will be given each night.

It might not be a permanent solution, but the unemployed problem could be pretty well disposed of for the next six months by providing each man out of work with a fish-pole and let the WPA supervise a bait-digging project. — Hutchinson, Kans., News.

GRAND JURY GETS LIST OF CHARGES

Directed by Judge Perskie to Probe Alleged Misdeeds of County Officials

Justice Joseph B. Perskie, at the opening of the April term of court at the court house, Mt. Holly, on Tuesday, instructed the grand jury to investigate some startling charges against the Board of Freeholders for the years 1932, 1933 and 1934. These charges are based on investigations made by an Atlantic City firm of expert accountants, which was appointed by Judge Perskie at the request of a group of taxpayers of this county, and has been working on the audit since last October.

The allegations, which the court said should be investigated and, if substantiated, should result in finding of indictments, charge illegality in approving payment of vouchers for bills against the county; disappearance of county records; over-expenditures of contracts for road materials; alterations and additions to payrolls; payment for tar for which evidence of delivery is lacking; use of county labor, material and equipment on private property; buying equipment amounting to over \$1,000 without bids; expenditures on the Riverside-Delanco bridge; affairs at the asylum and tubercular sanatorium, etc.

Details of Allegations

Following is the charge of the court in reference to the allegations outlined above:

"There is a matter of utmost importance that the court desires to specifically bring to your attention. It is rather an open secret that during the fall of 1935 a group of taxpayers of this county, pursuant to authority under the law, filed a petition with this court, which, in substance, charged that moneys of this county were being unlawfully expended; that certain officials of the county used, at the expense of the county, county labor, materials and automobile trucks for their individual use; that certain illegal engineering fees were paid by officers of the county without authority from the Board of Chosen Freeholders; that moneys were paid by the county for material ordered but which in fact had not been delivered to it; that divers other acts, all of which tended to indicate that certain of the criminal laws of this state had been violated. The court, of course, could not pass unnoticed charges of such a serious nature and character. Realizing, however, that it was quite a simple thing to charge one with wrongdoing but quite another thing to prove such a charge, the court determined to cause an investigation to be made of it 'in camera' to the end of determining whether there was or was not merit to the charges made. The court appointed expert accountants to investigate the action of the Board of Freeholders of this county. That investigation began sometime in October, 1935, and was only completed within the last few days. It covers the action of the Board of Freeholders for the following years: 1932, 1933 and 1934.

Reports of Accountants

"The result of that investigation is embodied in two reports, one dated February 14, 1936, and received by this court on February 28, 1936, and the other, which is characterized as the supplementary and final report, is dated April 21, 1936, and was received by this court on April 25, 1936. The supplementary and final report is a continuation of the unfinished phases of the items undertaken in the first report, and in addition thereto presents the composite and full result of the entire investigation.

"These reports are comprehensive, informative, and well merit your most careful consideration, to the end of ascertaining whether or not the criminal laws of our state have been violated."

YOUTH WEEK'S TREASURE HUNT

Prizes for Some, Candy for All in First Event Held Last Saturday

Can't you imagine what fun it must have been for fifty or more boys and girls from Palmyra and Riverton to hunt for six small pieces of pink cardboard with the letter "Z" on the back. They were scattered in various parts of Riverton Memorial Park and this treasurer hunt opened the activities for Youth Week which is now in progress.

After searching for an hour or more the boys and girls were called in. The prize for having collected the most pieces of cardboard was awarded to Dean Garwood. Those finding the elusive "Z" were Edward McNulty and Bertram Marple. The winners were awarded a free ticket to the Broadway Theatre this week. To save the feelings of those not so lucky Mr. Mount, popular "Y" director, handed out candy to all participants.

The church service Sunday afternoon in the Methodist Church was attended by nearly one hundred boys and girls.

The following program was planned for the afternoon: Organ prelude, Mrs. Rachel Lord; trumpet solo, Edmund Turnock; duet, Doris Hampton and Carrie Bates; call to worship, Margaret Rae; song service, Cecil Guest; responsive reading, Arthur Randolph; organ selection, Mrs. Rachel Lord; address, Albert Bean, Camden County Superintendent of Schools; benediction, Rev. Harold L. Creager.

LAMON ADVISES CARE IN SPENDING

State Funds for Old Age Pensions and Dependent Children Are Held Up

Freeholder Walter D. Lamon, director of revenue and finance, introduced a resolution at the meeting of the Burlington County Board of Freeholders last Friday urging the county board to dispense old age relief funds and funds for dependent children carefully. The reason given was, on March 7, 1936, the state legislature was asked to release state funds for both the old age relief and dependent children, but the money has not yet come through to the county.

The county's share of the old age relief fund is 25% and 50% in the case of dependent children.

The county does not want to over-expend these items until the state aid comes through.

Freeholder Lamon introduced a resolution authorizing the payment of a bill for the New Jersey treasury department for \$380.27 interest on 1933 delinquent school taxes. The payment of this will speed up the release of current school funds. The motion was passed unanimously.

A letter was read from the City of Burlington asking the county to furnish 20 tons of cold patch as needed. Freeholder Jones stated that the condition of the county roads at the present time is such that they have not the time to be bothered with requests from municipalities for road materials. He further stated that a Burlington citizen could furnish that city with cold patch at \$7.00 per ton as against \$7.20 the county would have to charge the city.

The matter was referred to the director of highways and engineering.

Freeholder Albert Jones introduced a resolution authorizing the Public Service Electric and Gas Company to erect one pole on Church road in the township of Medford and fifteen poles on Church road in the township of Southampton.

Freeholder Jones offered a resolution authorizing himself to rent one transit to be used in the WPA project at present surveying county boundary lines. If at the end of the project the county desires to purchase the instrument all of the rentals will apply against the purchase price, the maximum being set at \$340.00. The motion was unanimously passed.

The following is a report of the Burlington County Almshouse which was ordered received and filed.

Burlington County Almshouse New Lisbon, New Jersey

April 14, 1936.

To the Board of Chosen Freeholders:

The following is a report of the changes and improvements made at this institution during the months of January, February and March, 1936.

The milk house is finished and completely equipped. It is now being used and we are supplying Fairview Sanitarium with two hundred dozens of bottled milk every day. Fourteen cows were purchased to enable us to supply the extra milk. Within the milk house, a walk-in refrigerator was built, so that any stock slaughtered here could be kept fresh. We also cool and store our milk in this box. This refrigerator is a necessity here and we find it quite satisfactory for our needs at the present time.

Poor progress has been made in the past months on the piggery project because of the bad weather conditions, but it is nearing completion now.

The foundation has been laid for the new chicken houses, which is another PWA project. The building of the houses has now been started. (continued on page 11)

NEW PRINCIPAL AT WESTFIELD FRIENDS' SCHOOL

Miss Charlotte Bickerton has been appointed as principal of the Westfield Friends' School for next year. Miss Bickerton is a graduate of Mt. Holyoke College and has done advanced work at the University of Pennsylvania, Middlebury College, London University, and on the Continent. She has had experience in a progressive school in Orlando, Florida, and for the past seven years has been at the Abington Friends' School, where she has taught in the middle grades. This year, in addition to her teaching of the sixth grade, she has supervised the Lower School. Miss Bickerton's hearty endorsement of the philosophy of education and ideas about the operation of an elementary school are, we believe, those which will continue the same high traditions of character education that have existed at Westfield.

LAUGHS AND THRILLS IN CONTEST PLAYS

There will be laughs and thrills and moments of tense dramatic incident aplenty in the six one-act plays which are to be given in the auditorium of the Palmyra High School on Tuesday and Wednesday, April 28 and 29. The plays, which are to be a contest for the dramatic supremacy of Burlington County are being held under the sponsorship of the High School Alumnae, and the winner will be awarded a cup as a token of merit. This contest is a preliminary in the State Dramatic Tournament which is to be held in Atlantic City on May 20, and the winner will be eligible to compete in the tri-county contests which will decide the contestant for the State cup. The entire tournament is being fostered by the Recreational Division of the Works Progress Administration to stimulate interest in amateur dramatics. The curtain will rise on the first presentation at 8:15 p.m. and admission is free to the public. Three plays will be given each night.

It might not be a permanent solution, but the unemployed problem could be pretty well disposed of for the next six months by providing each man out of work with a fashpole and let the WPA supervise a bait-digging project. — Hutchinson, Kans., News.

GRAND JURY GETS LIST OF CHARGES

Directed by Judge Perskie to Probe Alleged Misdeeds of County Officials

Justice Joseph B. Perskie, at the opening of the April term of court at the county house, Mt. New Lisbon, New Jersey
April 14, 1936.

To the Board of Chosen Freeholders:

The following is a report of the changes and improvements made at this institution during the months of January, February and March, 1936.

The milk house is finished and completely equipped. It is now being used and we are supplying Fairview Sanitarium with two hundred quarts of bottled milk every day. Fourteen cows were purchased to enable us to supply the extra milk. Within the milk house, a walk-in refrigerator was built, so that any stock slaughtered here could be kept fresh. We also cool and store our milk in this box. This refrigerator is a necessity here and we find it quite satisfactory for our needs at the present time.

Poor progress has been made in the past months on the piggy bank project because of the bad weather conditions, but it is nearing completion now.

The foundation has been laid for the new chicken houses, which is another FWA project. The building of the houses has now been started. (continued on page 11)

NEW PRINCIPAL AT WESTFIELD FRIENDS' SCHOOL

Miss Charlotte Bickerton has been appointed as principal of the Westfield Friends' School for next year. Miss Bickerton is a graduate of Mt. Holyoke College and has done advanced work at the University of Pennsylvania, Middlebury College, London University, and on the Continent. She has had experience in a progressive school in Orlando, Florida, and for the past seven years has been at the Abington Friends' School, where she has taught in the middle grades. This year, in addition to her teaching of the sixth grade, she has supervised the Lower School. Miss Bickerton's philosophy of education and ideas about the operation of an elementary school are, we believe, those which will continue the same high traditions of character education that have existed at Westfield.

NEW GOP LEAGUE ENDORSES TICKET

Will Wage Intense Campaign for Clean-up of Conditions in Burlington Co.

The executive committee of the newly organized Citizens' Republican League of Burlington County endorsed candidates for the Republican nomination in the spring primary election, at a special meeting held in the West Room of the Moorestown Community House, Wednesday night.

Dr. Marcus W. Newcomb, candidate for State Senator, received the hearty endorsement of the committee. Dr. Newcomb, Speaker of the House, has served Burlington County well with nine years of uninterrupted representation in the Assembly.

Dr. Newcomb enjoys an enviable record as a legislator and has introduced many measures that have been of great benefit to the citizens of Burlington County. Chief among the list is the bill that brought increased state aid to high schools, grade schools, and schools employing nurses. This bill brought a total of \$229,910.00 to Burlington County from railroad tax funds which did not come from the taxpayers direct.

Dr. Newcomb's record, introduced and sponsored by Dr. Newcomb, has resulted in \$15,000,000.00 brought into the state during the first two years of its existence. There has no doubt enabled many of the state's milk producers to retain their farms and remain in business.

Dr. Newcomb fought against the District Court in Mt. Holly, formerly presided over by Judge Frank A. Mathews, Jr. It has since been discontinued, thereby saving several thousand dollars annually to the taxpayers of Burlington County.

Dr. Newcomb has a bill passed that provided \$10,000.00 to furnish diphtheria and smallpox vaccine to the indigent children of the state.

He personally has tuberculin tested thousands of school children, which service he donated in the interest of better health conditions in the public schools.

Aside from his record as a legislator, the committee emphasized his accomplishments in the development of the Fairview Sanitarium at Browns Mills. The Fairview Sanitarium, the county's tubercular hospital, has grown from a modest beginning into a caring for 112 patients annually. Under his competent supervision the sanitarium has come to be recognized as one of the leading hospitals in the treatment of the "white plague."

Dr. Stokes

Dr. S. Emlen Stokes, prominent Moorestown physician, and candidate on the Republican ticket to succeed Dr. Newcomb in the Assembly also received the unanimous endorsement of the League committee. Dr. Stokes, as a member of the welfare committee of the New Jersey State Medical Association, is exceptionally well qualified to consider legislative matters affecting public health and adequate relief (continued on page 9)

EASTWOOD! HOW COME?

The executive committee of the Citizens' Republican League of Burlington County at a meeting in the Moorestown Community House last night voted unanimously instructing the secretary to write a letter to the Burlington County Board of Freeholders and the County Prosecutor, Howard Eastwood, asking them what steps if any have been taken to ascertain the facts surrounding the Parker-Wendell case which

DINNER MEETING
FOR P.O. OFFICIALS

Notables Will Be Guests at Medford Lakes Session of State Body Saturday Evening

High officials of the postal service from Washington will be the guests of honor at a dinner meeting of the New Jersey Chapter, National Association of Postmasters, to be held at Medford Lakes Lodge, Saturday evening, May 2. Other guests will include members of the clerical and carrier forces of the post offices throughout the state, with their friends. Reservations have been made for over four hundred.

The guests will include C. B. Eilenberger, Third Assistant Postmaster General; Harrison Parkman, chief purchasing agent of the Post Office Department; Wrightson Chambers, superintendent of engineering and research; J. W. Johnson, Inspector-in-Charge, Philadelphia; H. B. Mayhew, Inspector-in-Charge of Leases; William McDermott, United States Marshal; John Quinn, United States Attorney; D. Lane Powers, Member of Congress; Postmaster John F. Simot, Jr., of Newark, state director of the National Association. The toastmaster will be Edward J. Gleason, president of the New Jersey Chapter.

Mrs. Mervil E. Haas, of Riverton, is chairman of the dinner committee, with George M. Gibson, of Moorestown as secretary. Other Postmasters on the committee are: Mrs. Emma E. Hyland, of Camden; E. H. Carpenter, of Woodbury; Mrs. Mamie R. Stone, of Egg Harbor; Charles G. Thompson, of Lakewood; Mrs. Irma Adams, of Hammonton; Mrs. Bess Lippincott, Postmaster at Pemberton, is in charge of decorations and Postmaster J. D. Magee, of Bordentown, publicity.

A program of entertainment will be provided during the dinner, with dancing to follow. A short business meeting for members of the Chapter will be held at 5.30. The dinner will start promptly at 6.30.

MINGIN APPROVES
WPA RE-INDEXING

A letter written by Lawrence G. Mingin, Republican County Clerk, to commend a WPA crew for its re-indexing of property conveyances in his office in Mount Holly, last week slipped into the WPA files for this district.

The crew of 26 men and 40 women are ferreting out the names of all persons who have owned and recorded property in Burlington County since 1765, and listing the names with volume and page number of the Deed Record Book in which each conveyance for the property is recorded.

Of this work—Correcting a roster of names which realtors judged to be sixty percent incorrect, and reducing from hours to minutes the task of searching a title—Mr. Mingin wrote:

"I take this opportunity, in connection with the reindexing in my office, to advise you that I consider this project the most outstanding in this county and one of the greatest values. Each worker on the project has a clear understanding of his or her particular duties and its relationship to the project as a whole. Each is conscious of the responsibility and the importance of accuracy in every detail.

"The work is progressing smoothly with a well-balanced organization and they are producing not only the finest quality of work but quantity, that, in my opinion, stands next to none."

His letter was addressed to Miss Marion E. Paterson, Supervisor of Women's and Professional Projects.

CINNAMINSON POLICE NOTES

Another mad dog has been reported in Cinnaminson Township.

A dog owned by the Rev. Samuel E. Hursley, of Wrightsville, bit Mrs. Carrie Pratt, a neighbor, when she attempted to feed it.

The dog was killed and the head sent to Trenton where they found the dog to be rabid.

A stolen car owned by Clarence G. Watson, of 2903 High street, Camden, was found by Officer George Dorworth, of the Cinnaminson township police, at Fork Landing and Lenola Road, on Sunday, April 26.

MISS MAXINE MEITZNER

whose engagement to William L. Mowll, of Cambridge, Mass., was announced last week.

Miss Meitzner is granddaughter of the late J. D. Eisele and well known as a long distance swimmer. She lives with her mother, Mrs. Bertha S. Meitzner, 613 Elm Terrace, Riverton.

SPECIAL OFFER
FOR MAY ONLY

Pal-River Combination Service Means Saving of \$3.00 To Chevy Owners

Pal-River Chevrolet, Inc., 10 Broad street, Riverton, is offering a special combination tune-up and lubrication service to all Chevrolet owners who apply.

The offer holds good for the month of May. One special consists of a complete car tightening job, complete spring saddle adjustments, thorough motor tune-up, the standard price for which totals \$7.50. This is offered during the month of May for \$6.00.

The motor tune-up includes point adjustments, spark plugs cleaned, valves adjusted and timing checked and set, carburetor adjusted for summer driving, etc.

The value of this particular job is exceptional and is necessary in most cases after a hard winter's driving. The second special includes complete chassis lubrication, change from winter-worn motor oil to a summer grade, change in the transmission and differential grease to summer grade, and repacking of front wheel bearings. This service regularly lists at a total of \$5.50 and will be done during May for \$5.00.

By taking advantage of both combination offers a service valued at \$13.00 according to the Chevrolet standard price list, will be sold for a total of \$10.00 even, which makes an additional saving of \$1.00, or a net saving of \$3.00.

A NEW ONE

The New Era office is frequently called on the telephone for a pound of beefsteak, one dozen eggs and a loaf of bread, about a chair or davenport to be repaired, and what not, but last week we had a call in person with a new request.

A colored woman ambled into the office, looked around and said "Does you all give relief here? I just moved into town from — and Mis' Cooper says she can't do nothing 'fer me. De milkman tol' me to cum here that per'aps you cild help me out."

We were puzzled to account for the hook-up in her mind between a newspaper office and the administration of relief until she dropped the remark, "I see that dat maybe THE 'NEW' ERA wuld be mo' lib'ral den de ole one."

PORCH CLUB NOTES

Miss Anne B. Wertsner, from the Floriculture Department of the School of Horticulture, Ambler, Pa., will discuss the care and arrangement of art flowers at the Porch Club on May 5th at 2.30 p.m.

Luther Burbank grew more than 400 kinds of cherries on one tree.

YMCA STAMP CLUB
of
Palmyra and Riverton

A feature of the Palmyra-Riverton and Cinnaminson program for Youth Week will be the Junior Stamp Exhibit to be held at the YMCA Building, Palmyra, Friday, May 1, at 7.45 p.m. This affair is being sponsored by the local stamp club and, according to those in charge, the large entry list has already insured the success of the event. The exhibit is open to all and there will be no admission charge.

Prizes

Prizes will be awarded for the best displays which will be judged in two classes as follows: (A) exhibitors affiliated with the Riverton-Palmyra Stamp Club and (B) non-affiliated exhibitors. Several valuable prizes have been donated by local club members and include two subscriptions to the magazine "Stamps" or the equivalent value in stamps, and three packets of stamps which include many issues not seen in the average junior collection. Judges of the show include Paul Burke and C. R. Beagle.

ANNUAL FETE FOR
CINNAMINSON HOME

Tennis Matches By Nationally Known Players Feature of Yearly Event

For the past few weeks many prominent women of Moorestown and Riverton have been busy planning for the annual fete and tennis matches given for the benefit of the Cinnaminson Home. The time is 3 o'clock, Saturday afternoon, May 23rd, the place, Moorestown Field Club. This year's affair promises to be particularly interesting under the leadership of Mrs. Ward Dix Kerlin, general chairman of the fete. Mrs. S. Emlen Stokes and John Norris are again in charge of the tennis exhibition which will feature nationally-known tennis stars.

Among those who are assisting Mrs. Kerlin as chairman of committees are:

Cake Table—Mrs. Robert Biddle, Mrs. J. Bisham Stokes.
Candy Table—Mrs. Harry F. Jones, Mrs. Edgar Scott.
Supper—Miss Helen Woolman.
Cold Drinks—Mrs. Joseph Beck, Tyler, Mrs. C. S. Somerville.

Amusements—Mrs. E. Russell Perkins, Mrs. James Davis.
Toys—Mrs. Douglas Clark, Mrs. Joseph Morgan.

Pantry Table—Mrs. Arthur Richie, Mrs. Robert B. Sim.
Cinnaminson Home Table—Mrs. Joseph Evans.

Hostesses—Mrs. T. H. Dudley Perkins, Mrs. Alexander C. Wood. Publicity—Mrs. Donald Powers, Dr. Elizabeth Ford Love.

Dance Committee—Mrs. Stuart Clark.

Tennis Tickets—Mrs. Albert B. Pancoast.
Booths and Tables—Mrs. Lindley Robbins.

For 46 years the Cinnaminson Home has served the needy women and children of New Jersey and Pennsylvania. It was first a summer vacation home but for more than 20 years it has been an all-year-round convalescent home where the social service departments of hospitals and other relief agencies may send young girls and women for a two week's period or longer, if needed.

During the past year a wing has been added to the building in memory of Anna Scull. Needed improvements were made and a general renovation took place. This has greatly increased the efficiency and comfort of the Home.

The Home receives its entire support from voluntary contributions and from the proceeds of the annual fete.

SCHMIERER-LAMBECK

Miss Helen Mae Lambeck, of 2410 North Park avenue, Philadelphia, became the bride of Mr. Joseph Schmierer, son of Mrs. Joseph Schmierer, of Palmyra, at 4 o'clock Wednesday afternoon, April 22.

The ceremony was performed in the Evangelical Lutheran Church of the Apostles, Philadelphia, by the pastor, Rev. Frank Kuntz.

The bride, who was given in marriage by her brother, Gustave Lambeck, wore a bridal gown of white chiffon and carried a bouquet of gardenias, sweet peas and baby breath.

Miss Edna Lambeck, who was her sister's only attendant, wore a gown of pink chiffon and carried pink rose buds.

Harold Schmierer, the bridegroom's brother, acted as best man. A reception which was attended by members of the immediately families and friends followed the ceremony.

After a wedding tour to the White Mountains and the New England States, the happy couple will make their home in Philadelphia.

TWELFTH ANNIVERSARY
WAS GREAT SUCCESS

E. Beitz, proprietor of Beitz Delicatessen, Palmyra, expresses himself as being more than pleased with the response to the special offerings he made in celebration of his twelfth anniversary in business here. He especially appreciates the many expressions of goodwill from those whom it has been his privilege to serve. Such kindly thoughts, he said, would spur him on an effort for even better service in the future.

been violated in this county. Not by way of limitation, but rather as guide for your consideration of these reports, it would appear to the court that the following matters therein more fully referred to should receive your special attention.

To Receive Special Attention

"1. The payment of notes to a former affiliate of the board three days before his retirement from office without any authority from the Board of Freeholders for so doing.

"2. The method employed by the county officials in approving vouchers for payment, notwithstanding the fact that the vouchers appeared to be lacking in material requirements, such as formal approval by department heads and supporting affidavits.

"3. The disappearance of county records pertaining to road materials and road payroll records.

"4. The substantial overpayment of contracts for road materials.

"5. The disregard of specific amounts of several grades of tar contracted for by the county and the fact that in each instance the highest price tar was paid for.

"6. The double payment by the county for same tar shipments aggregating about \$14,000.

"7. The payment by the county of some \$28,000 or more for tar which it is said it never received. In this respect it is interesting to observe that, it is said, this was accomplished by returns of substantial portions of most tank car shipments for which the county was neither credited nor refunded.

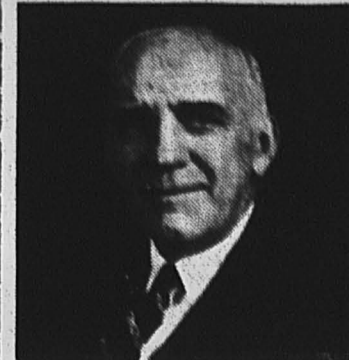

"8. The payment by the county of some \$10,000 for tar regarding which no evidence of shipment or receipt by the county could be found in the county records, nor in the records of the companies from which the contractors purchased this tar.

"9. The purchase of road materials in 1934 aggregating some \$4,300, without contract bids.

"10. The alterations and additions to payrolls amounting to about \$8,500 for the year 1933. You may ask, Why only for the year 1933 and no report on the other years? The answer, it is said, is that no other year's tracing is possible, owing to the fact that the complete records were missing.

"11. The use of county labor, material and equipment on the private property of a member of the Board of Freeholders.

of Freeholders.

"12. The purchase of equipment costing over \$1,000 without bids.

"13. Consider carefully the Riverside-Delanco bridge episode. Why did the county Freeholders cancel a grant of 30% of the bridge, which would have amounted to some \$76,000, and accept instead an outright grant of \$50,000? Why did they further pass up the opportunity of financing the balance from the PWA at 4% and in place of that sell a bond issue of \$225,000 at the rate of 5 1/2%?

"14. Consider carefully the alleged diversion of patients, committed by court order in surrounding counties, to the Burlington County Tubercular Sanatorium, to privately owned and operated nursing cottages in the county, when, it is said, there was ample room and space for their care and accommodation in the county sanatorium pursuant to the commitment by the court in each instance. Make inquiry what criminal relation, if any, there is between the alleged diversion as aforesaid and the fact that the sum of \$28,056.78 was collected by a county official for medical services rendered to patients confined in these privately operated nursing cottages.

"15. Consider also the condition of the finances particularly the method of handling the moneys of the Burlington County Hospital for the Insane, before management of this institution was assumed by the present Board of Freeholders in 1935.

"It is your duty to get at the truth of the matters herein referred to and all other matters contained in these reports. Did anyone knowingly and

CHURCH NEWS

CENTRAL BAPTIST CHURCH

Rev. George Lockett, B.D., Pastor
Services, Sunday, May 3rd
10.00 a.m., Bible School. Superintendent Cooper addressed the school last week during the service. His remarks were very fitting and encouraging.

11.15 a.m., Morning Worship. Communion will be observed following the regular morning service to which all are most cordially invited. The choir will make their usual offering. Edward Hoyt, tenor, will be the soloist for the service.

7.00 p.m., The High School Young Peoples' Group meet in the Sunday School room.
7.45 p.m., Evening Worship. The annual Boys' Night will be observed at this service. The Boys' P.H.S. band will participate in the exercises by rendering several selections. A feature of their musical program will be a cornet solo by Louis Pike, Jr.

Pastor Lockett has selected for the topic of his sermon "The Example of Samuel."

This service being a part of the observance of Youth Week, it is hoped that the membership of the church and the public at large will sense their duty to the Youth of today by setting an example of attendance at church.

EPWORTH M. E. CHURCH

Rev. William E. Boyd, Pastor
This Sunday morning at eleven o'clock, the Holy Communion Service will be observed. The communion address will be about "The Loving Christ."

The Junior church will begin this Sunday morning. All young people in the preparatory class will be expected to attend this service.

The evening service will be a "Nature Service." The sermon, music, poetry and colors will be built around the sermon theme, "Lakes." The service begins promptly at 7.45 o'clock.

Tuesday evening, May 5, the regular monthly meeting of the official board will be held in the intermediate room, in the Temple.

On Wednesday evening at eight o'clock, Dr. F. M. Wilson, D.D., will speak in our church. Dr. Wilson for thirty years was a missionary in India, serving as pastor and district superintendent and is now visiting the United States. Dr. Wilson has taken several thousand pictures. The best of these he has gathered into a colored stereopticon presentation of India's life and the Christian contribution to that life—a lecture entitled "The Mass Movement in India." Not only will Dr. Wilson present his personal pictures, but eight young people will assist him dressed in the native costumes of the people of India. The entire community is invited.

Character is bounded on the north by sobriety, on the east by integrity, on the west by industry, and on the south by gentleness.—Francis Willard.

FIRST LUTHERAN CHURCH

Rev. Harold L. Creager
Next Sunday morning the church service will be conducted and the sermon preached by Rev. Roland Baues, pastor of St. John's Lutheran Church, Folcroft, Pa. His theme will be "The House of Mercy." Rev. Creager will preach in the Folcroft Church. This is due to a general exchange of pulpits for the day among the Lutheran Mission Pastors in the Philadelphia area.

Rev. Creager will preach at the evening service here, his theme being "Strong in the Lord."

The Ladies' Aid will hold their monthly meeting Tuesday at the church. Covered dish luncheon, followed by the business meeting.

There will be no Wednesday service this week.

PALMYRA MORAVIAN CHURCH

Albert J. Harke, B.D., Pastor

Next Sunday marks the eleventh anniversary of the present pastorate.

It was May 3, 1925, when Pastor Harke was introduced to the con-

gregation and then preached his first sermon as pastor. In the eleven years of the pastorate God has blessed and prospered our church. The steady increase in attendance of the church services and Sunday school has been noted during this time. There has been also a thirty per cent net increase in the membership of the congregation since the beginning of the pastorate.

The following services are announced for next Sunday:

9.30 a.m. Sunday School.

10.40 a.m. Morning service. Pastor's sermon theme: "A Six-fold Unity of the Church."

7.15 p.m. Christian Endeavor.

8.00 p.m. Evening service of praise.

Sunday, May 10, at 10.45 a.m., a special Anniversary Day service.

The 73rd anniversary of the congregation will be celebrated May 17, with three festival services.

CHRISTIAN SCIENCE CHURCH

"Everlasting Punishment" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, May 3.

The Golden Text is: "There is no peace, saith the Lord, unto the wicked" (Isaiah 48:22).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And there was war in heaven: Michael and his angels fought against the dragon; and the dragon fought and his angels, and prevailed not; neither was their place found any more in heaven" (Revelation 12:7, 8).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "For victory over a single sin, we give thanks and magnify the Lord of Hosts. What shall we say of the mighty conquest over all sin? A louder song, sweeter than has ever before reached high heaven, now rises clearer and nearer to the great heart of Christ; for the conqueror is not there, and Love sends forth her primal and everlasting strain" (p. 558).

PIANO RECITAL

The pupils of Mrs. Helen Schriver Mueller, of Palmyra, will give a piano recital in the Riverton Porch Club, Friday evening of this week, May 1, at 8 o'clock. Everyone interested is cordially invited to attend.

George Washington opposed 11 candidates for his first term and 4 for his second.

What Other Editors Say

SAYING IT WITH JOBS

The work of buying off candidates and buying in workers for the New Deal goes merrily on. The wonder is where all the promised jobs and the money comes from. Every day or two I hear of attempts to sign up party workers and just plain citizens who are known to be hostile to the New Deal and the gang which is masquerading under its hide.

Usually the offer is made by one of the chiefs' messenger boys, who alleges he has been sent from headquarters to tell the person called upon that he is in line for a job, that the Boss feels very friendly to him, and if he will just see him, doubtless the matter can be arranged to everybody's satisfaction.

Sometimes the question of "flopping" to the Raw Deal is broached by the emissary. At others, that delicate but very important point is left for the Boss to bring up, as though by accident. But, let a worker, thus approached, declare his unwillingness to go over to the gang's side, and the subject is dropped pronto.

Even thus early this is the most ruthless and the most brazen campaign witnessed by the voters of Burlington county since that memorable battle nine years ago, when the cry, "Who'll hell said the bootleggers don't run Burlington county?" resounded throughout the county.—New Jersey Mirror.

Violation of the Corrupt Practices act is just as serious when jobs and employment in various other ways are given as when the briber pays cash for campaign services and votes on election day.

There never has been a campaign in Burlington county in which there has been such open bribery in the matter of public jobs and employment as this spring. So common has the practice become that briber and bribed seem to think it quite the proper thing to offer employment and to accept, in consideration of working for certain easily recognized candidates. It has now reached the proportions of a scandal and there is a growing demand for bringing a number of specific instances of flagrant bribery to the attention of the proper authorities for action.—New Jersey Mirror.

OLD PROVERBS AS REVISED

TO FIT THE NEW DEAL

Leaders of the New Deal tell us that we are living in a new era. They say the country is in a period of change. Among other changes they have proposed a revision of the Constitution and of the powers of the Supreme Court. They have attempted to make over the laws of economics and have succeeded in scrapping the Civil Service laws.

Observers of these strange goings-on have suggested the following changes in ancient proverbs, to bring them into line with New Deal policies and practices.

Leap before you look.

A soft (money) answer turneth away wrath.

A house built upon the sands shall stand.

He who works not shall eat.

Put off until tomorrow what you can pay today.

The less you sow the more you reap.

Early to bed and early to rise makes a man pay taxes up to his eyes.

Be quick to promise and slow to perform.

Nothing succeeds like failure.

Be ruled by him that beareth the purse.

You can eat your cake and have it, too.

A wise man and his money are soon parted.

Keep thy shop and thy shop will keep someone else.

MADE AND UNMADE WORK

WPA workers, 100 of them dug a trench in Chicago 800 feet long to lay a storm sewer. It took eight feet for each digger. It took each man four days to dig his eight feet of trench. When the trench was completed it was found the sewer had been put in by a different bunch of men last fall. The 12-inch pipe was hauled away and another gang of men filled the trench.—Paulding, Ohio, Republican.

A GOOD IDEA

A landlord who had been receiving \$50 a month rent for a particular house decided to make his tenant tax conscious. Instead of billing him "for rent, \$50," he made out the next bill "for rent, \$40.40; for taxes, \$9.60." The tenant rebelled; he would not pay taxes on the house he was renting. But in the end the landlord convinced him that he had been paying the taxes all along, although they were hidden. That particular tenant is now advocating more Government economy and lower taxes.

DID T. R. FORSEGE

THE COMING OF F.D.R.?

"In point of danger to the nation there is nothing to choose between the bribe-giver, the bribe-taker, the man who employs his great talents to swindle his fellow citizens on a large scale, and, on the other, the preacher of class hatred, the man who, whether from ignorance or from willingness to sacrifice his country to his ambition, persuades well-meaning, but wrong-headed men to try to destroy the instruments upon which our prosperity mainly rests."—President Theodore Roosevelt, in his annual message to Congress, 1908.

THE PEOPLE'S COLUMN

CODES OR RECOVERY?

The talk in administration circles of trying to revive the codes in a manner that will be Supreme Court-proof gives particular pertinence to the following, which I ran across recently in the Cleveland Trust Company Business Bulletin, of which Col. Leonard P. Ayres, well-known Cleveland economist, is editor.

Some people may regret the elimination of the compulsory codes for business but Col. Leonard P. Ayres, well-known Cleveland economist, is not one of them. In the Cleveland Trust Company Business Bulletin, of which Col. Leonard P. Ayres is editor, we find this statement:

"In the two years that American industry has operated under the codes it has made almost the worst record among the nations of the world in so far as recovery is concerned. In June of 1933, when the recovery act went into effect, the volume of industrial production, as measured by the index of the Federal Reserve Board, was 92. This means that it was 92 per cent great as the average of production during the three years 1923, 1924 and 1925. Since that time there have been three periods of recovery, and three of decline, the latest of which is now under way.

Colonel Ayres adds that the preliminary figure for industrial production for May this year is 84, a net decline of nine per cent during two years.

France, which ran into the depression later than other nations, shows a decline of 16 per cent, the only one worse than ours, according to the figures. Belgium declined three per cent and Norway one per cent. All the other nations showed big gains, that of Sweden being 41 per cent, while Germany gained 26 per cent, England 20 per cent, and Japan 17 per cent. The figures are taken from statistical reports of the League of Nations and the tabulated figures of the various nations and the percentage changes are as follows:

	Gain
Sweden	41
Hungary	33
Italy	31
Germany	26
Chile	24
United Kingdom	20
Russia	19
Romania	19
Japan	17
Greece	17
Canada	17
Finland	14
Austria	10
Poland	08
Czechoslovakia	08
Netherlands	00
Norway	Loss
Belgium	01
United States	09
France	16

Evidently there is still a chance for American business. If Sweden and England could do it without compulsory codes maybe we can.

SCHOOL NOTES

Have you a ticket for tomorrow night, Friday? If not, get one at the door, but do not forget to be on hand.

The affair promises to equal those of the past, and they have always been excellent, just a good old fashioned musical treat.

The children are on tiptoes over the operetta to be given on the fifteenth of May, "Pinochio." As children from all grades are in the cast, this is helping the interest.

A silver offering will be taken at the door.

The tree presented by the Boy Scouts is to be planted with appropriate ceremonies Friday afternoon of this week.

Bright sunshine, pretty dresses and games on the school grounds give an air of spring loveliness, that has been sadly missing lately.

SPAULDING RULES ADOPTED BY PARK LEAGUE

The Memorial Park Soft Ball League had another meeting Monday night, at which time it was announced that J. S. Collins & Son, Riverton, would take over the sponsorship of last year's Schwing team.

The Pal-River Chevrolet, Inc., will also sponsor a team in this league. The opening game will be preceded by a parade, a band and all of the fanfare that goes with it. The first ball to be thrown by the president of the league, Fred Conway, Sr.

The directors approved the Spaulding official soft ball rules to govern the play this year. The president was authorized to purchase one dozen rule books for the use of the managers.

The teams in the league are as follows: Broadway (last year's champs), Athletics, Collins, Evans, K. of C. Bankers, Tak-A-Boost and Pal-River Chevrolet.

RIVERTON SCHOOL NOTES

The seventh and eighth grades participated in the Safety Day Contest for pupils conducted by the Highway Education Board. This is the eleventh National Safety Campaign and the awards are made possible by the cooperation of the automobile industry.

The subject is "A Definite Program for My Community to Prevent Highway Accidents and to Promote Highway Safety." After careful discrimination the essays of Joan Hoagland, grade seven; and William Robinson, grade eight; were selected to represent our school in this contest.

The Honor Roll for the entire school for satisfactory citizenship for the last report period is as follows:

First Grade—Doris Gibson, Thelma Davis, Donald Garwood, Roland Harris, Norman Harris, Mary Slimm, Mildred Bauer, Margaret Wahle, Jack Moorhouse, Janis Moreland, Francis Bailey, Ralph Hullings, Monroe Steedle, Cyril Devery, Phyllis Hebrew, Colden Willis, Carolyn Cook.

Second Grade—Gladys Lezenby, Irma Hahle, Ann Cooper, Priscilla Woodward, Jean Gowell, Mary Lou Bush, Judy Smith, Harry Watkins, John K. Carhart.

Third Grade—Donald Taylor, Joan Teeple, Edith Harris, Virginia Woodward, Mary Hamelman.

Fourth Grade—Charles Bishop, Charles Elwell, Edward Goodnow, Leon Gray, Richard Hubbs, Montgomery Simons, William Wahl, Dorothy Jane Baker, Betty Blackwell, Beatrice Carhart, Emilie Craig, Betty Jane Garwood, Gladys Good, Betty Henry, Bessie McLaughlin, Virginia Moyer, Shirley Pennington, Shirley Roberts, Phyllis Robinson, Margaret Wolfshmidt, Carol King.

Fifth Grade—Janie Bush, Dorothy Farrell, Ann Turner, Eleanor Metzger, Laura Mae Yerkes, Marilyn Yost, Janice Pippitt, Kenneth Barick, Arthur Hoyt.

Sixth Grade—Frances Borden, Katherine Elwell, Ruth Henry, Polly May Mathews, Geraldine Metzger, Margaret Nalaby, Anna J. Showell, Jeanne Werner, Margaretta Smith, Edna Williams, Frederick Woodward, Donald Robinson.

Grade Eight R—Doris Crouse, Mary Jane Donaghy, Mary Jane DeCorsey, Sylvia Reynolds, Carlotta Seemiller, Helen Vile, Hilda Webb, Harold Bishop, James Brown, Weston Goodnow, William Robinson, Edmund Turnock, Robert Yerkes.

Pithy Paragraphs On National Air Defense

According to an authoritative Air Corps source there are in the entire Air Corps only 220 modern airplanes fit for first line use.

The G.H.Q. Air Force passed its first anniversary on March 1st. After a year of operation the force is still woefully short of personnel and equipment. Its present available strength in modern aircraft is only 14½% of the strength recommended by the Baker Board, according to figures given in a speech made recently in Boston by Brigadier General Frank M. Andrews, commanding officer of the G.H.Q. The General stated that the Baker Board had recommended 1000 planes for the G.H.Q. force. "We are still far from our goal," he declared. "In our recent maneuvers in Florida, the whole available strength of the G.H.Q. air force in modern aircraft was assembled. It totaled only 145 airplanes. We are short equipment, personnel and bases. Due to age and wear and tear on equipment, the G.H.Q. has lost in numerical strength of airplanes since its organization, until now it is below the strength with which it started."

DEER HUNTERS

A regular meeting of the State Federation of Deer Hunters and Clubs will be held Tuesday evening, May 5th, 1936, 8 o'clock, at the Medford Fire House, Medford. Report of the legislative committee and other matters of great importance. Bats and entertainment given by the Ever Ready Gun Club.

That which costs little is lightly esteemed.

CIVIL SERVICE EXAMINATIONS

The United States Civil Service Commission has announced open competitive examinations as follows: Junior forester, and junior range examiner, \$2,000 a year.

Medical officer (specialist in venereal disease control) and medical officer (specialist in cardiovascular disease), \$3,800 a year.

Principal agronomist, and principal clericalist, \$5,600 a year, Bureau of Plant Industry, Department of Agriculture.

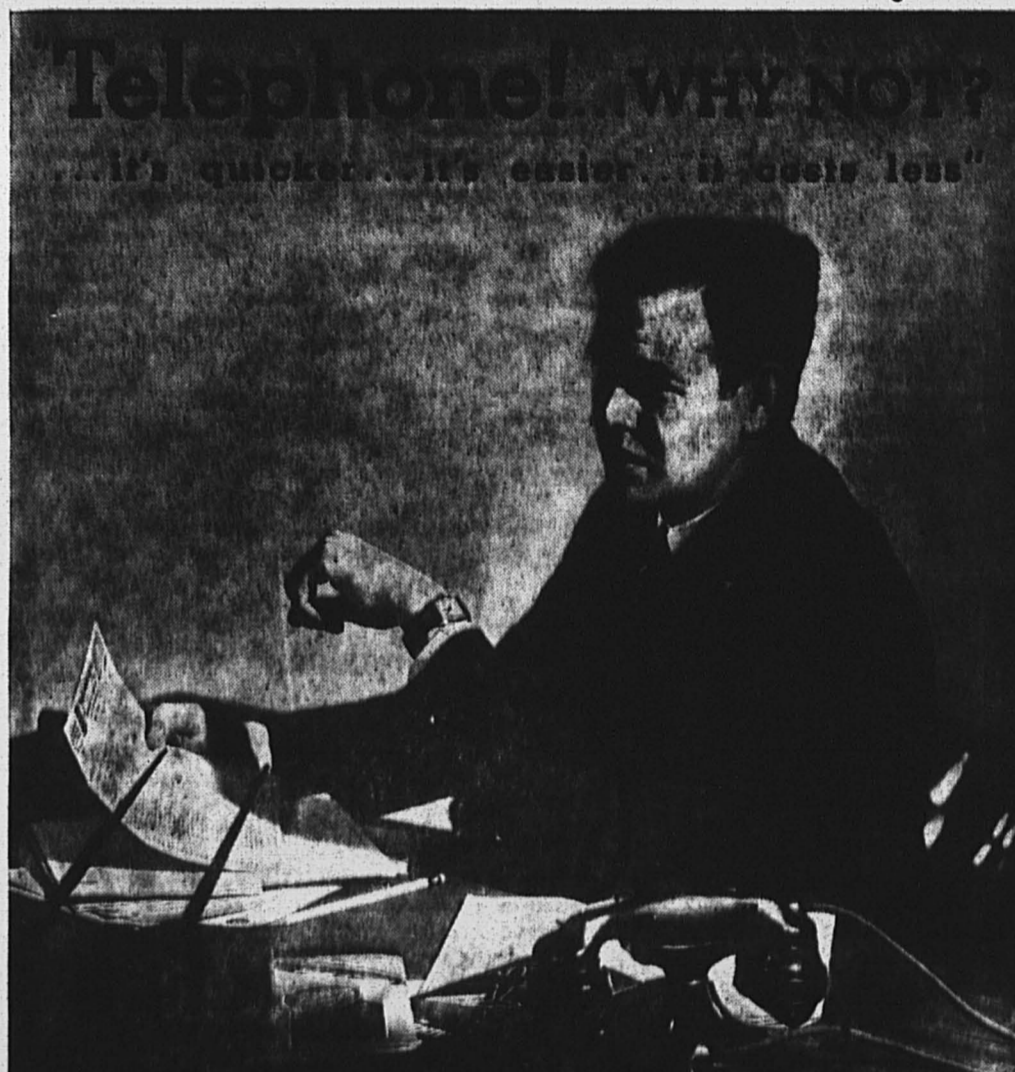

Assistant architect (industrial exhibits), \$2,600 a year, Division of Labor Standards, Department of Labor.

Federal agent for agricultural education, \$4,600 a year, specialist in agricultural education (part-time and evening schools), \$3,800 a year, Office of Education, Department of the Interior.

Full information may be obtained from the Riverton post office.

WHO WILL HIRE THEM?

Among the intelligent boondoggling expenditures of the Administration is the spending of \$500,000 in the training of housemaids. This will be wonderful news to the taxpayer who not only cannot afford a maid but finds it difficult to buy shoes for the children.—Iroquois, S. Dak., Chief.

Call 100 miles for 60¢—410 for \$1.75—Station-to-station day rates. After 7 at night and all day Sunday, rates are reduced 10% to 40% on station-to-station calls of over 42 miles.

You can do it by telephone

today, more dependably than ever. Even disasters such as floods cripple service to distant points only for a short time.

One reason is that the nation-wide telephone network is "patrolled" electrically from hundreds of test centers at which trouble on the lines can be quickly located and repairs started while calls are routed over other paths.

There are nearly 4,000,000 miles of telephone wire in New Jersey, most of it in cables; and our testmen can feel the

pulse of every mile. If a cable "fails," the test desk expert is able to measure electrically the distance to the point of trouble, whether 3 or 30 miles away, and to tell the repair force just where to go—to within a few feet.

Time needed to clear up cable troubles in New Jersey has been cut in half in the last ten years by improved testing and repair methods and equipment. Such progress typifies the Bell System's efforts to "provide a telephone service for the nation more and more free from imperfections, errors or delays."

NEW JERSEY BELL TELEPHONE COMPANY

Revival of Interest in Tennis

BY GEORGE S. HAGSTOZ

The two Burlington County entries in the League of West Jersey Field Clubs, ready to inaugurate another tennis season, are pointing for higher places in the standings than they enjoyed last season.

These two clubs, Moorestown Field Club and Riverton Country Club finished in the second division in both the men's and ladies' division in 1935 net season.

All five courts will be kept in shape during the season. This has not been done for the past few years.

Moorestown F. C. will not be the scene of any of the league tournaments this season, but its team, freshened with new spirit, will compete in the customary matches, which will open June 6 when Riverton journeys to Haddonfield, and Merchantville comes to Moorestown. In the third match on this opening date Cohanzick Country Club plays at Woodbury Country Club.

Personnel

The personnel of the two county teams for this year follow: Riverton—Charles Raff, William Routh, Richard Graff, Lee Warner, Robert Biddle, R. Allen, Smith, Elliott and Summerville, on the men's team, and Katherine Graff, Frances Lane, Helen Elliott, L. Biddle, I. Sipple and Mrs. Singer, on the women's team. Chairman of tennis committee is George S. Hagstoz, Riverton. Moorestown—Preston T. Roberts, Hooten Stokes, William Shenoy, Charles B. Coles, Jr., R. Rodgers, Harry Heffelfinger, William Miller and E. Chamber, men's team, and Peg Palmer, Doris Miller, W. Reagan, G. Jones, M. Palmer and F. Hoffert, women's team. Chairman of tennis committee is Z. John Norris, of Haddon Heights. Haddon Field Club, which for the

past four years has divided its strength equally between two teams, has decided to combine the two for this season. Consequently, it would appear to have an easy path to the title with Pitman Cottagers, Merchantville C. C., and Cohanzick C. C. of Bridgeton, possible contenders.

League 40 Years Old

The League of West Jersey Field Clubs has completed 40 years of play. It is doubtlessly the oldest athletic competition in South Jersey and one of the oldest tennis leagues in the entire country.

Five clubs—Beverly, Woodbury, Haddonfield, Moorestown and Merchantville—launched the first league organization in 1897, although these same clubs had been playing informal matches for a number of years before. Some of South Jersey's most distinguished citizens took part in those early tournaments.

Riverton Enters League

The Beverly Club disbanded about 1905 and was replaced by Riverton. Collingswood joined in 1910, but withdrew several years later. Competition grew keener and clubs began bidding for outside players with free memberships and other attractions. Soon there was such an influx of star and nearstars that every list looked like an Eastern championship, and local interest waned. The league's existence was seriously threatened. Only a thorough housecleaning saved it. "Athletic scholarships" were abolished and an eligibility code drawn up that still governs play today.

There were high spots through the years. Miss Ann Wallace, of Moorestown, collected several Eastern titles and once defeated the national champion, Big Bill Tilden, took the West Jersey Open twice in 1914 and 1915.

INCREASE in New Deal Jobholders.. AND THEIR COST TO TAXPAYERS

INCREASE FOR PERIOD
252,000 Jobholders - \$590,000,000 Payroll

THIS DATA is from official Civil Service reports. It does not contain hidden Government employees, possibly 300 thousand or more, nor their cost of a possible 800 million dollars or more. Hidden payroll additions include foreman, assistant foreman and "straw bosses" charged to WPA projects; HOLC, AAA, CCC and other alphabetized per diem workers. Senator Rush D. Holt, New Deal Senator from West Virginia, showed that in one district in his state, administrative employees and hidden employees were consuming more than one-third of the relief funds, and numbered more than one to each 12 relief workers, whom they supervised. He said in a speech on the Senate floor: "Approximately \$1,000,000 of the two and three-fourth million dollars are going to a few political henchmen instead of going to the people who need relief in that district."

A lot of automobile accidents would never have happened if there had been less under the hood—and a little more under the hat.—Lincoln County, Kans. News.

YWCA NOTES

Workers in the annual maintenance campaign of the Burlington County Young Women's Christian Association reached approximately 50 per cent of their goal of \$10,000, according to reports received at the YWCA office. Bordentown most nearly approached its quota of \$200 with contributions of \$178 and Crosswicks was a close second. A number of other communities went considerably over their 1935 quotas, although they failed to reach the quotas assigned to them this year.

While the amount contributed in the campaign will meet the present expenses of the association, it is not sufficient to make it possible to employ another secretary to assist in program expansion. It is planned, therefore, to continue organizing groups of representative women in the various towns who will study the needs of the girls in their respective communities and sponsor whatever activities are undertaken.

If anyone was overlooked during the campaign and wishes to have some share in supporting the work of the association, contributions will be gratefully received at the county YWCA office, Paxson street, Mt. Holly.

SHORT-WAVE RADIO

by W. Maynard Bowen
and W3CJJ

Credit Where Credit Is Due

In direct contrast to the lack of appreciation and the insulting conduct of the Mayor of Johnston toward the excellent work of the radio amateurs in the flood area in Pennsylvania is the fine gesture of Mayor Henry Martens, of Springfield, Massachusetts.

On May 10th, at 5 p.m., he will go on the air to express his recognition and appreciation of the invaluable services rendered by several hundred amateur stations in New England and elsewhere during the March flood disaster in that part of the country. He will broadcast his address over amateur radio station W1BPZ, operated by Fred I. Pinney, 31 Quowego street, Springfield, Massachusetts. This station operates in the seventy-five meter phone band. It will be heard between 3900 and 4000 kc. The exact frequency on which this station transmits is not known.

New Type of Broadcast

To the knowledge of the editor this is the first time that any public official has used an amateur station to express gratitude for work done by amateurs and broadcast upon the amateur frequencies for the express purpose of acquainting the amateurs using this band of his own, and everyone's else appreciation for the ready assistance of the "hams" in the hour of need.

In addition to thanking the operators for their assistance he will also personally extend to them the hospitality of the City of Springfield at the three-hundredth anniversary celebration to be held this summer.

Mayor Martens, and other state and civic officials, made good use of amateur facilities in connection with flood relief and rehabilitation and, while thanking the amateurs who created the networks that enabled the handling of direct relief communications with Boston, and other points, he will ask these same operators to provide the further service of conveying his invitation to the Mayors and Selectmen of other cities and towns throughout the nation to attend the Tercentenary celebration.

This broadcast, unique in the history of "ham" radio, will be heard by many of the forty thousand licensed amateur radio operators in the United States. Short-wave listeners and owners of all-wave receivers turn your receivers to the 3900-4000 kc. band at five p.m. and May 10th, and listen to a history-making broadcast. Don't forget the station call is W1BPZ.

HAM NEWS—The editors were pleased to receive a visit from W3OHF on Friday evening last. "Buddy" came down to W3CJJ's shack and CJJ had to go out so he and Bud Bowen went "hamming." They ended up at W3BWI's shack after visiting W3EHB and from George's (W3BWI) succeeded in working "CJJ" (W3CJJ) for about an hour and a half on five-meters. VY FB 100% QSO on both ends. They were going to visit W3FEY but didn't make it. W3BWI is on the air on five with a pair of 45's, p.p. modulated by about forty watts of audio. (And does he modulate!) The receiver at BWI is a resistance coupled superhet with one stage r.f. VL FB rig. The column now will QRT to hold a sked with W3BWI.

Communications

April 28, 1936.
Fellow Amateurs and Radio Fans: We, here in Riverton, have tried several times to start a radio fraternity. All our efforts to do this have failed. I believe that this is due to the number of fans who think to be in this fraternity would have to be an amateur radio operator. This is not so. We not only want licensed radio operators in our little "get up" but we want all who are interested in radio.

We, I believe, have had permission to use the Parish House as a meeting hall. All who may be interested in forming our own radio fraternity can either notify W. Maynard Bowen or myself and we will take up an opening date for our first meeting. We will do our best to organize a

Riverton Radio Fraternity. How about all you Hams and Fans co-operating with us in this deed? Yours very truly,
Bud DeLaney.

"SUMMER ROUND-UP" BY RIVERTON P.T.A.

The Riverton P.T.A. has completed arrangements for the annual "Summer Round-Up" of children eligible to enter school next fall and also those of pre-school age. Visits will be made to parents of children in these groups by members of a committee under the direction of Mrs. Clarence Yerkes. It is the aim of the school to have all children enter in good physical condition and with a complete previous medical record. Two, three and four-year-old children who were examined last year should be examined again this year.

Local doctors are cooperating

with the school and P.T.A. and will examine children in their offices on the following days:

Dr. C. S. Mills, Monday, May 11, 2 to 3 p.m.
Dr. H. P. Landis, Jr., Tuesday, May 12, 1 to 2 p.m.
Dr. H. W. Bauer, Tuesday, May 12, 2 to 3 p.m.
Dr. C. F. Voorhis, Thursday, May 14, 9 to 10 a.m.
Dr. H. L. Rogers, Thursday, May 14, 2 to 3 p.m.
Dr. H. B. Mark, Friday, May 15, 2 to 3 p.m.
Dr. D. H. LeFavor, by appointment.

Aren't you glad you aren't posterity? It will have to pay our bills.—Manchester Union.

What Ely Thinks of Roosevelt
Former Governor Ely of Massachusetts, one of the leading Democratic figures of New England, made this statement in the course of a recent speech in Boston:

"I claim I am still a Democrat, but I don't support the program of this Administration in adopting the platform of the Socialist Party. The theory of the New Deal rests on planned economy, which sounds very nice. But this economic planning means really the Federal control of production, distribution, labor and foreign trade."

SPEAKER NEWCOMB EXTENDS FLOOR TO RELIEF SPOKESMAN

Marcus W. Newcomb (left), speaker of the New Jersey Assembly is pictured extending the privilege of the floor to Raymond Cooka (right), representative of the Workers' Alliance of New Jersey and spokesman for the jobless of the State, at the Assembly session Monday night. Patience and sympathetic consideration was demonstrated by "the good physician" until the spokesman for the Alliance became abusive and hurled the epithet "liar" at Assemblyman J. Parnell Thomas, for which Speaker Newcomb withdrew the privilege of the floor.

and medical care to the unemployed in the state.

He has served as a member of the board of directors of the Burlington County Trust Company in Moorestown and in a trustee at Haverford College, Pennsylvania.

Dr. Stokes was urged to become a candidate for the office by many people in the county who are sponsoring men who will bring honesty and economy to Republican politics in Burlington County.

LeRoy Church
LeRoy Church, popular Fieldsboro man, received the endorsement of the league for Freeholder. Mr. Church, a clean-cut practical business man with a host of friends in the county, is considered a decided asset to the "clean government" program.

Nelson G. Myers
Nelson G. Myers, of Mt. Holly, a successful business man in that town for a number of years, received the endorsement of the league for the second Freeholder post to run with LeRoy Church.

Harold V. Holmes
Harold V. Holmes, of Burlington, received the league's endorsement for the nomination of surrogate. Mr. Holmes, now in the brokerage business, served Burlington City as its mayor for two terms.

MANAGOFF-WOLF IN MAT FEATURE

Contestants Undeclared in Competition at Camden Armory, To Meet Tonight

A pair of undefeated bone twisters, conceded to be two of the fiercest wrestlers now before the public, will be the principals in the feature two out of three falls, ninety minute time limit bout at the Camden Armory, Haddon avenue and Mickle street, Thursday night, when Ivan "The Terrible" Managoff, of Russia, and Chief "Indian Death-Head" Little Wolf, Navajo Redskin, come to grips.

Managoff, who is a brute when it comes to showing no mercy, as attested by his conquest over Joey Dusek last week, and the unmerciful pounding he gave Hank Barber in Philadelphia recently, is confident that he has the correct answer on how to beat Wolf's whooping somersault headlock and treacherous Indian Death-Head.

On the other hand, Wolf, who will show in Camden for the first time since he scored over Joey Dusek, and prior to that conquered Irish Jack Donovan and Vic Christy at the Hanly Thrill Shed, also points to his win over Dick Shikat, whom he threw not long ago in Philadelphia, is certain that he will be able to land the first Camden defeat on Managoff, who is also known as the "Mangler."

Fireworks in goodly amount will also be supplied in the forty five minute semi-final when George Koverly, the Hollywood Howitzer, will take on Sailer Ed Billings, of Cleveland.

John Katan, "Krazy Kanuck," and Rudy Laditzi, of Italy, a newcomer with an enviable record; Ed Meske and Steve Zneski and Ralph Garibaldi and Joe Campbell will be the half hour numbers.

P. H. S. NEWS

By Horst Broemme

Election

In a popular election held in the Senior Class the following people were elected to the various town government posts. Palmyra's officers are: J. Wiener, mayor; F. Wiggins, tax assessor; H. Robinson, tax collector; W. Mack, fire chief; W. Haines, in charge of police; W. Wallace, borough clerk; McCulloch, Johnson, Horner, Broemme, R. Wallace, Malone, councilmen.

Riverton has for its officers: R. Guest, mayor; E. Sordon, tax assessor; G. Baker, tax collector; E. Cooper, fire chief; L. Rarig, in charge of police; J. Sacca, borough clerk; Billard, Barber, Alloway, Scheible, Rickards, McCulloch, councilmen.

Cinnaminson's officials are: H. Turner, chairman of township committee; H. Riddle, tax assessor; R. Walling, tax collector; L. Reif-snyder, fire chief; W. Gilbert, in charge of police; O. Jones, township clerk; Young, Kase and E. Smith constitute the township committee.

These officials will be inducted into office on Saturday, May 2, at 3:00 p.m., in the Palmyra fire house. This is part of the celebration of Youth Week.

Canadian Mounties

The last is always the best. This was proven in the last antrim number of outside entertainment on Monday morning, April 27, when Sidney Montague told the high school audience about his six years' service in the Canadian Mounted Police. He proved to the audience that the "Mounties" do not always get their man, by telling of ten murders in Canada that have not been solved yet. He also talked of the Eskimo, whom he said were free of crime. The Eskimo clothing which he wore while on a patrol was shown and seemed very practical.

Senior Play

May 15th will mark the passing of another year and the senior class will again dress up as kiddies. This annual celebration is an old tradition in the school.

Seniors will have both lunch per-

iods to clown in. Prizes will be awarded to the funniest costumes. After school there will be the junior-senior tug of war with the water being sprayed by the fire company.

"Socialized Medicine"

The debating team of Rader, Rae, and Randolph went into the semi-finals at the Princeton debating tournament. Palmyra won the first from Trenton Central and lost to Southside, Dover and Linden in that order. The team debated from 8 a.m. to 7 p.m. with only a half hour for lunch. The question debated was on socialized medicine.

Operetta News

Due to conflicting elements such as the Palmyra A.C. show "1940" and Youth Week, the operetta "All at Sea" has been postponed till May 15 and 16. The cast can now put more time to the acting, which will give you one of the best stage performances of the year.

Losses

Last week the baseball team received two setbacks—one at the hands of Bordentown Industrial School, the score being 10-1, and the other at Glassboro on Saturday. The latter game was a slugfest, the score being 13-12.

BILL TO REDUCE AIRPLANE DEATHS

In an effort to stop the appalling loss of life in commercial airplane accidents, Congressman D. Lane Powers has introduced a bill in the House of Representatives insisting that all planes for hire shall carry a parachute for each passenger.

For more than three years the Congressman, who represents the 4th Congressional District of New Jersey, composed of Burlington and Mercer counties, has been fighting for legislation which would safeguard passengers on air lines.

P.-T.A. LUNCHEON AND BRIDGE, MAY 6

Don't forget the Riverton P.-T.A. luncheon and bridge at the Riverton Porch Club on Wednesday, May 6, at one o'clock. Tickets may be procured from members of the board, room mothers or at the Riverton school from Miss Caroline M. Staman, supervising principal. Luncheon 45 cents, bridge 25 cents.

CAMDEN TRACK IS ALMOST COMPLETED

Hanley Bros. Already Receiving Entries for Initial Race, Probably May 30

Alterations on the dog track, in Pennsauken, Camden county, are being completed at breakneck speed and at the rate the Hanly Brothers, wrestling promoters, have their workmen toiling, it looks like the modern oval will be finished before the contracted date.

In fact, the Hanlys, who will stage midjet car, motorcycle and motor pace races, in addition to wrestling, this summer, are already accepting entries for their initial start as motor racing promoters.

Their first race, which will probably start on Memorial Day, will boast of an entry field that will bring into competition some of the fastest cars, cycles and drivers known to the followers of the thrilling sport.

In addition, the fact that a dustless track has been erected, in place of the dirt track, will add considerably to the speed of the gas chariots and also add to the excitement of the patrons who will be able to view every move without the handicap of trying to guess what is happening due to the heretofore vast clouds of dust.

MRS. DORRANCE GIVES \$20,000 TO CHARITIES

Mrs. John T. Dorrance, widow of the former head of the Campbell Soup Company, gave \$20,000 to the United Charities Campaign in Philadelphia last week, it was announced by the committee in charge of the drive.

BELL-TOMLINSON

Miss Anna L. Tomlinson and Mr. Joseph Bell, both of Palmyra, were married at the home of the bride's parents, the Rev. and Mrs. W. V. Tomlinson, Charles street, Palmyra, Sunday evening, April 19.

The ceremony was performed by the bride's father, Rev. William V. Tomlinson, at 8 o'clock. The ceremony was attended by relatives and a few close friends. Mr. Richard Haar acted as best man and Miss Roxanna Killolae, of Trenton, was bridesmaid. Miss Tomlinson before her marriage was a nurse at the Skillman Epileptic Village.

YMCA BRIEFS

Marble Championship

The county marble championship contest is now well under way. Secretary Guy C. Hendry, of the County YMCA staff, who is directing this contest, has divided the county into nine districts, with chairmen enlisted for each district.

In most districts this contest is set for Saturday, May 9th. Secretary Hendry has set May 16th, at Camp Ockanickon, beginning at 2 p.m., for the county championship matches.

The winner this year will be awarded two weeks at Camp Ockanickon, and the runner-up one week.

All games of "Ringer," the official game of marbles used throughout in contest matches, are played FOR FAIR, that is, marbles are returned at the end of each game to their owner.

Wilton E. Mount, Palmyra, will have charge of the Riverton, Palmyra, Cinnaminson district.

An old Missouri saying that's rather an apt one: Stand in front of a mule and behind a shotgun. —Atchison Globe.

SEVEN THOUSAND NEW PHONES IN THREE MONTHS

The New Jersey Bell Telephone Company reports a gain of 7,178 telephones during the first three months of this year, compared to a gain in the same quarter last year of 2,865 telephones. The increase is the largest for any first quarter since 1929.

A total of 17,532,544 toll messages handled by the company during the quarter represents an increase of more than ten per cent in the volume of distance telephoning in the State, compared with the corresponding three-month period last year.

During the first quarter of this year, as compared with the first quarter of 1935, total telephone revenues increased \$634,556; total telephone expenses increased \$395,883 and net telephone earnings were up \$238,673.

Net earnings for the quarter were at the annual rate of 3.76% on the amount invested in telephone plant, as compared with 3.31% for the first quarter of last year.

THIS YEAR USE *Certified Tomato Plants* GROWN FROM THE DISTINGUISHED STOKES MASTER MARGLOBE

Many of the high yielding acreages of the past season were the product of these plants. They carry an authentic record for heavy yields of high quality fruit. Without this combination you had better not grow tomatoes. These are not times to risk crops by the use of plants of doubtful origin. Stokes certified, Georgia-Grown plants cost no more. They

will be available when you want them, and where you want them. Commencing April 27th, weather permitting, we anticipate almost daily arrivals at Moorestown, Woodbury, or Bridgeton. Arrival schedules will be posted. Because of prevailing conditions in Georgia we advise early reservation.

Price: \$2.50 per 1000 '46

Outstanding Advantages:

1. Prompt May 1st delivery.
2. Five days' earlier maturity.
3. Ten to twenty-five per cent heavier yielding.
4. Elimination of blossom-end scar.
5. Ideal type for pre-season green-wrap trade.
6. All plants bear official certificate of State of Georgia.

JUDGE MATHEWS "POW-WOW" MAN

Appears in "Broomsticks Amen," Presented by Players Club Monday Night

Plays and Players featured their 171st Club Night Monday night with a presentation of Elmer Greenfield's "Broomsticks, Amen" in their playhouse at 1714 Delancey street, which called to mind some of the earlier efforts of the Theatre Guild. And to those who recall the Guild Theatre days in New York, when "John Ferguson" first broke in a great shatter of doom over American audiences, this is no slight encomium.

With their production of this unswerving tragedy of the up-State Pennsylvania folk and their "hex doctors" who cure ailing babies with "sanctious words" and lengths of red string, the Plays and Players did themselves proud.

Frank A. Mathews, Jr., of Riverton, "Emil Hofnagel"—the "pow-wow" man—emerged as a characterization of imperishable beauty. His staunchness in "black magic" beliefs, his bewilderment when other people questioned them, his mute helplessness in the face of the pitiful tragedy his own superstition and Dutch stubbornness had wrought, revealed a true instinct for sensitive dramatic feeling and interpretation.

Scarcely less splendid was Miss Nan Taylor in the role of "Minna Hofnagel," wife and comforter to Emil. Others who did capital work in the long cast included: Miss Alice Calhoun, as "Crista Hofnagel"; George A. Morrell, as "Vincent Lambert"; Miss Adaline H. Edson, as "Rika Uffelman"; James H. Lyons, as "Otto Strumpkopf"; Harry S. Mahaffey, as "Herman Hofnagel," and Frederick B. Jackel, as "Adolph Gansdilliger."
