## CONSOLIDATION OF KINDERGARTEN

Delaware Avenue Class Moved to Cinnaminson Avenue School

At a meeting of the Palmyra Board of Education last Thursday night it was decided to close the kindergarten room at the Delaware avenue school, and the Cinnaminson avenue school was designated for all kindergarten purposes in the school district of Palmyra. The move was carefully considered, the committee stated, before the recommendation was made. This arrangement will give one extra room in the Delaware avenue school for high school purposes. The kindergarten next year will be conducted in two sessions; one group attending the morning session and one the afternoon session. The one kindergarten teacher will conduct both classes. The motion passed with Mr. Rivel casting the one dissenting vote.

The baccalaureate sermon will be delivered in the high school auditorium Sunday, June 7, at 2.30, by the Rev. Norman Stockett, Jr., of Christ Church, Episcopal, Palmyra.

### School Calendar

Albert McCay submitted the school calendar for the year 1936-37 as follows: September 8, teachers' meeting; school opens September 9; November 11, Armistice Day, school will be closed; will also be closed on the 16th of November for the New Jersey State Teachers' Association convention, and on November 26, 27 for the Thanksgiving holidays; December 24 to January 1 inclusive for the Christmas vacation. On February 12 and 22 the school will be closed for Lincoln's and Washington's birthdays respectively; and from March 25 to 29 for Easter vacation. May 31 school will close for Memorial Day, the 30th falling on Sunday; June 10, 1937, will be the high school commencement and on June 11, 1937, school will close for the year. This makes a total of 181 school days which is slightly over the legal requirement.

The supply committee reported that the list for general and janitor's supplies as well as for the manual training were ready to send out and others would be ready shortly.

The report of the finance committee was received and spread upon the minutes as well as the report of the custodian and the cafeteria committee.

A motion was passed to pay all salaries in cash for the month of June.

C. F. Dengler reported the average attendance for the month of April in the three schools was 1402, representing 94.7%.

### Medical Report

The report of the medical inspector included 128 examinations, 51 for sports, and 9 special examinations requested by the teachers. Defects were noted as follows: 4 tonsils; one vision; two posture, 156 were given the Shick test for diphtheria and 25 toxoid injections. Two pre-school children were given the Shick test.

The report of Mrs. K. G. Long, hygiene teacher, for the month of April was ordered received and filed.

A letter was read from the Assistant Commissioner of Education, Howard Dare White, of Trenton, stating that Robert E. S. Pope, of Cinnaminson township, desired to transfer his child to the Moorestown High School and he was advised that it could not be done without explicit permission of the Palmyra Board of Education.

### FERA Wants More Data

A letter was read from the Federal Emergency Relief Administration of Public Works stating that the school's application for a public works project was being considered but more information was desired. The committee was instructed to comply with the request (continued on page 2)

## PALMYRA WOMAN'S CLUB HORSE SHOW IS BIG SUCCESS

First Prize Won By Mrs. J. W. Evald; Sweepstakes By Mrs. H. A. Kennedy

The rose show sponsored by the garden department of the Palmyra Woman's Club was held last Monday.

Mrs. J. W. Evald won first prize in the miniature class, and Mrs. H. A. Kennedy won the sweepstakes prize for the most points received.

An address on roses by Mrs. J. W. Weston, of Haddonfield, rounded out the afternoon.

The garden department of the Palmyra Woman's Club will hold a picnic at Lingohocken Lake Wednesday, June 10. The meeting place is at the Palmyra station at 10.30. Be sure to bring a box luncheon.

## BACCALAUREATE SERVICE SUNDAY

Rev. Norman Stockett, Jr., Will Speak to Palmyra Seniors on "What Is Life?"

The baccalaureate service for the seniors of Palmyra High School will be held Sunday afternoon, June 7, in the high school auditorium. The Rev. Norman Stockett, Jr., rector of Christ Church Episcopal, Palmyra, will deliver the sermon, "What Is Life?"

The program for the service is as follows: Hymn, "Come Thou Almighty King;" invocation by Rev. Norman Stockett; hymn, "Holy, Holy, Holy! Lord God Almighty;" scripture reading, St. John 17:12; hymn, "Crown Him with Many Crowns;" prayer and benediction. Rev. Stockett will take his text for the sermon from St. John 17:3, "And this is life eternal, that they might know the only true God, and Jesus Christ, whom thou hast sent."

## MRS. BLAIR NEW SOCIAL WORKER

Mrs. Dorothy Cooper Resigns signs to Accept a Position in Moorestown

At the regular monthly meeting of the Riverton-Cinnaminson Welfare Association on May 19, 1936, the resignation of Mrs. Dorothy Cooper as executive secretary of the association was received. Mrs. Cooper has accepted a similar position with the Moorestown Welfare Association. Her letter of resignation is as follows:

May 18, 1936.

Mr. Ross E. Mattis, Municipal Director, Riverton-Cinnaminson Welfare Association, Riverton, N. J.

My dear Mr. Mattis:

It is with deep regret that I hereby tender my resignation as Executive Secretary of the Riverton-Cinnaminson Welfare Association, to take effect August 1, 1936. I have accepted a similar position, made vacant by the resignation of Mrs. Van Haagen, with the Moorestown Welfare Association.

In taking this action, I wish to express to the Riverton-Cinnaminson Welfare Association, as well as to the citizens of both communities my deep appreciation of their cooperation and interest during the past four and one half years. Without this it would have been impossible for our Association to have become what I hope is a permanent institution in these two communities, with a broad vision of ever expanding service and activity.

With every wish for the continued growth of the Association, I am, Very sincerely,

Mrs. Dorothy N. Cooper, Executive Secretary.

DNC/ESH

Mrs. Cooper's resignation was accepted with deep regret by the association.

Ross E. Mattis, chairman, appointed the following committee to select

## DENGLER RESIGNS PALMYRA SCHOOL

Supervising Principal Presented Resignation in Special Meeting Tuesday Night

The resignation of C. F. Dengler, supervising principal of the Palmyra school system, was tendered to the Board of Education in a special meeting held in the high school building Tuesday night. The resignation was accepted by the board.

Mr. Dengler's resignation follows six years of service in the position of supervising principal. He succeeded Paul Y. Eckert as supervising principal in 1930.

The resignation is to become effective on July 1st, 1936.

### MICHAEL FAUNCE WINS ST. JOSEPH SCHOLARSHIP

Michael Faunce, son of Mr. and Mrs. Edward Faunce, of Bellevue, has won a four-year scholarship in St. Joseph's College, Philadelphia.

Michael was one of 1300 boys taking the examinations for five positions; 1160 boys completed the tests. Michael, who will graduate from Sacred Heart Parochial School this June, was the only boy outside the Philadelphia district who won a place.

## NEWCOMB OPPOSES SOCIALIZATION OF MEDICINE

"Threat Not Yet Removed," Speaker Tells 170th Session of N. J. Medical Society

Dr. Marcus W. Newcomb, Burlington County's authority on tuberculosis, made the charge at the 170th meeting of the Medical Society of New Jersey, of which he is president, that the national administration attempted to set up Federal medical service under its social security program. The meeting was held at Chalfonte-Haddon Hall, Atlantic City, this week.

Dr. Newcomb stated that Federal and State governments endeavored to undermine fundamental policies of the medical profession through social legislation. His address in part was as follows:

## BOXING BOUTS ON BLACKBURNE NITE

A.A.U. Stars in Thrilling Card at P.H.S. Athletic Field; Starts 9.00 p.m.

There will be eight five-round boxing bouts held at the High School Athletic field the evening of June 9th at nine o'clock, in honor of Lena Blackburne night.

Every bout will be a fast one as they are made up of Middle Atlantic A.A.U. stars.

Fred Shelley, well-known Burlington boy, will box Mike O'Brien, of the Shackamaxon A.C., in one of the early bouts.

Lawrence Belford, Palmyra's prospective Black Bomber, will meet Tom Brown, another Shackamaxon Club boy.

In the third contest William Crawford, Daggett A.C. star, will battle Johnny Litto, who was runner-up in the Junior National A.A.U. Championships held at Providence, R. I., recently and who has been Philadelphia district champion featherweight twice.

One of the most sensational bouts of the evening will bring together Frank Tomaselli, of Daggett, and Ralph Mazzone, of Mason A. C. This contest will be on the order of a grudge battle as these stars have met four times, each one winning two fights, and this bout will be the rubber. These boys staged one of the best bouts in the R.C.A. boxing show in Camden recently.

In the next contest Jimmy Regan, of Kensington A.C., will box Bill Lenhart in the 135 pound class. Both boys are experienced boxers.

The middleweight bout of the evening will bring together Jack Carter, another Daggett Club star, and Ed Miller, of the Kensington A.C., who recently won a decision over the Junior light heavyweight champion.

"Cocky" Piergross, Palmyra football star and aspiring boxer, will meet Jack Conroy, of the Shackamaxon A. C., in one of the two heavyweight matches of the evening, which should furnish plenty of fireworks, as both boys are heavy hitters.

The final bout of the show will feature two more champions, Shilling, Kensington Club heavyweight, who recently won the championship in the Cedar A.C. tournament, and Tom Robinson, Daggett Club star, who won the Golden Gloves tournament championship at Camden Convention Hall a few weeks ago.

These bouts are sanctioned by the Middle Atlantic A.A.U. and every one will be a thriller.

The boxing begins at nine o'clock and tickets can be purchased in advance at Buohl's drug store, the Palmyra restaurant and at the field the evening of June 9th.

Ringside seats will be 40 cents and general admission tickets 25 cents. Come early and get a good seat.

## BOARD MAKES FINAL PAYMENT

Rebuilding School Project Costing \$85,000 Completed and All Bills Paid

The Riverton Board of Education passed a resolution to pay the Rafferty-Kennedy Company, general contractors on the new school building, \$5,958.43 less \$138.61 withheld pending an adjustment of the wage scale dispute. The warrant will be drawn for \$5,819.82. It will be delivered to the board's solicitor, Frank A. Mathews, Jr., and will be given to Rafferty-Kennedy when all the conditions of the contract have been complied with.

### Evans Gets Coal Contract

Bids for coal were received and noted as follows: Joseph T. Evans, \$5.96 per ton, net; J. S. Collins & Son, Inc., \$6.47 per ton, net, and H. B. Williams, \$5.91 per ton, net.

The bids called for 100 tons more or less No. 1 buckwheat coal. An approximate analysis of the coal was supplied with each bid.

The award was made to the Joseph T. Evans firm, in Riverton. A resolution was passed commending the principal and faculty on the splendid play day exercises held at the park on May 21.

The property committee was authorized to purchase a new lamp for the motion picture machine at a cost of \$6.75.

Hilton M. Smith was authorized to dispose of the remainder of the contents of the portable building, such as old wash stands, etc.

### Minor Building Repairs

An estimate was received from William Shoemaker, Sr., Riverton, for caulking cracks in the old brick building for the sum of \$25. The property committee was authorized to proceed with the work.

Authority was given to have the floors in the principal's office and library cleaned with steel wool and waxed at a cost of \$17.00.

It was decided to employ a carpenter at 80 cents per hour to replace sills and window muntions in the old school building which have become decayed and broken.

A contract was awarded to Walter McLane, of Medford, for \$202.92 to scrape and paint the interior of the old school building and paint the inside of the window sash.

### Change in Janitors

The building committee reported that they had very carefully considered the situation with regards to the janitor service in the enlarged school building for the coming year and submitted the following which was passed with Hilton M. Smith voting in the negative. "That the district clerk be instructed to write Mr. Steedle informing him that he had not been reappointed janitor for the school year 1936-37."

Two weeks' vacation with pay was granted to both Mr. Steedle and Mr. Armstrong.

### Will Paint During Summer

The property committee was authorized to purchase paint for the interior of the old school building. The janitors will assist in the painting work during the summer months.

Several applications for the position of assistant janitor were received and referred to the property committee for report and recommendation on June 19.

The salary of the assistant janitor was set at \$87 per month.

A motion was passed to retire \$1,000 of the principal on the old school bonds and pay \$240 interest and an item of \$1200 interest on the new school building.

Eleanor Williams, office secretary, was appointed for the coming year at an annual salary of \$500, payable in ten monthly payments.

The report of the principal was in part as follows:

Health conditions have been ex-

## EARLY MORNING BLAZE DESTROYS DOG HOUSE

The keen sight of two of Palmyra's police officers, Betty and Stack, and the quick response of the Palmyra firemen, prevented what might have developed into a bad fire early Wednesday morning.

Frank Bittner, of Garfield and Cleveland avenues, had placed some inflammable material on top of the dog house behind his store, intending to burn it the following day. It is believed that a spark from some trash burned earlier in the evening ignited the rest of the debris.

The only damage was a burned dog house and a small place in the back of the store scorched.

## POSTPONED

The last part of the Artisans' 25th anniversary program which was to have been in the form of a ladies' night and honor night for the charter members on June 16, has been postponed until fall, owing to the hot weather.

The June meeting will take the regular form. Next Monday, June 8, the producers' banquet will be held at the Hof Brau, near Central Airport.

## JUNIOR PROM

The Junior Class of Palmyra High School will give the annual Junior Prom at the Riverton Country Club Tuesday evening, June 9, in honor of the Senior Class.

The president of the Junior class is Robert McCurdy, of Cinnaminson. The advisors are Miss M. Ermya Jewell and Clinton Gardner.

Music will be furnished by the Rhythm Ramblers.

## CINNAMINSON P-T. A.

Disappointed at the last moment by the inability of the expected guest speaker to appear at the P-T.A. meeting, Mrs. Russell Musser became busy and marshalled such a very good array of home talent, that none of the large audience were sorry that they had come.

The business was mainly election of officers, resulting in the following list for the year: president, Mrs. L. Swartz, Palmyra; first and second vice presidents, Mrs. Haines and Miss Sipple, the secretary and treasurer remaining the same, Mrs. R. Mandeville and Mrs. E. Wood.

The Welfare chairman reported 15 children examined during the preschool clinic.

The following delightful impromptu program was presented by members and several pupils from the upper grades.

A recitation was given by Elsie Adams, and a piano solo by Elizabeth Veitenheimer. Evelyn Haines told the meaning of the various emblems belonging to the Girl Scouts, using the many that adorned her blouse as an object lesson.

Margie Heal then told how "Diana Visited the Dentist," a well given monologue.

A "first-aid" demonstration by Mildred Mutchler and Helen Haines was well and quickly given.

Two visitors kindly gave several solos, adding much to the really enjoyable evening. Mrs. Morrell Parry read an amusing article, "Shall We Abolish Father?"

After adjournment the hospitality committee served dixie cups and, as usual, delicious home-made cake, furnishing a fine background for social contacts.

## CHURCH NEWS

## EPWORTH M. E. CHURCH

Rev. William A. Boyd, Pastor

This Sunday morning at 11 o'clock the Sacrament of the Lord's Supper will be observed. Every member of the church is expected to be present at this memorial service.

In the evening at 7:45 Mr. Boyd will preach from the subject, "Don't Put Out the Light." Special music has been planned by the choir. The chorus will sing "As Torrents in Summer," by Sir Edward Elgar.

Special selections will be given by Katherine Fisher, of Camden, Marie Duncan, of Paulsboro, Miss Duncan will sing "Lift Up Thine Eyes" from the oratorio, "Elijah" by Mendelssohn.

## CENTRAL BAPTIST CHURCH

Rev. George Lockett, B.D., Pastor  
Services, Sunday, June 7th.

10:00 a.m., Bible School. The school missed the presence of Assistant Superintendent William Cooper, Sunday last, due to illness, but thoroughly enjoyed Superintendent Van Osten's talk and his admonitions particularly to the younger folk.

11:15 a.m., Morning worship. Communion will be observed following the sermon at this service, which all members are urged to attend, and to which all strangers are most cordially invited. The pastor will have as his subject, "Self Examination."

7:45 p.m., Evening worship. The High School Young People's Group which ordinarily convenes at seven will instead attend an evening service in a body and will participate in the worship program. This will be their last service for the summer months. "Three Classes of People" has been selected as the topic of the sermon by Pastor Lockett.

Due to the inability to dispose of the many articles for sale at their recent lawn fete, Miss Ruth Albertson's and Mr. Swayne's classes will hold a bazaar Saturday afternoon in the front of Schilling's confectionery store on Broad street, opposite the station. Members of the church and friends will find there many needed articles at a considerable saving in price.

## PALMYRA MORAVIAN CHURCH

Rev. Albert J. Harke, Pastor

Services for Trinity Sunday, June seventh.

9:30 a.m., Sunday School.  
10:40 a.m., Trinity Sunday Liturgy and anthem by the choir. The Rev. F. T. Schwalbe, our missionary in Alaska for almost thirty years, will speak at this service. Alaska is of special interest to us, since Miss Mildred Siebke, a member of our congregation and former superintendent of our Sunday School is there in missionary service.

7:15 p.m., Christian Endeavor.  
8:00 p.m., Another missionary service. Song service including a solo by Mrs. Frank Bender and several selections from the junior girls' choir.

Mrs. F. T. Schwalbe will paint word pictures of Alaskan life and missionary work, from her long and rich experience of missionary work in Alaska.

Sunday, June 14, will be observed as Children's Day. The pastor will preach a special sermon in the morning, and the Sunday School will present a Children's Day program at the evening service.

## CHRISTIAN SCIENCE CHURCH

"God the Only Cause and Creator" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, June 7.

The Golden Text is: "I will lift up mine eyes unto the hills, from whence cometh my help. My help cometh from the Lord, which made heaven and earth" (Psalms 121:1,2). Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Beloved, follow not that which is evil, but that which is good. He that doeth good is of God; but he that doeth evil hath not seen God" (III John 1:11).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "God is not the creator of an evil mind. Indeed, evil is not Mind. We must learn that evil is the awful deception and unreality of existence. Evil is not supreme; good is not helpless; nor are the so-called laws of matter primary, and the law of Spirit secondary. Without this lesson, we lose sight of the perfect Father, or the divine Principle of man" (p. 207).

## Newcomb Opposes Socialization of Medicine

(continued from page 1)

"In this matter, the Federal government has now provided, through legislation, a program of Federal welfare relating to unemployment insurance, old age pensions and benefits, aid to mothers and children, with special reference on maternity and infancy and to crippled children, the blind and the indigent.

"The original Federal plan included a national Federal medical service," he said. "Sustained and organized effort on the part of the medical profession through its national, state and county medical societies, however, enabled us to present to the public pertinent facts, not brought out by the opponents of these European ideas."

Dr. Newcomb gave this program credit for convincing the Federal government of the inadvisability of carrying out its original program.

## Mrs. Blair New Social Worker

(continued from page 1)

Among possible candidates a successor to Mrs. Cooper, Mrs. Murray Boyer, chairman, Mrs. Joseph L. Thomas and Mrs. Walter K. Woolman.

## Mrs. Blair to Fill Vacancy

On June 3 this committee recommended the appointment of Mrs. Catherine Blair to the position. This recommendation was accepted and Mrs. Blair elected. The committee reported that careful consideration had been given to the candidates, the following facts being kept in mind. The position requires a trained social case worker since the major part of the work has to do with problems of a social rather than an economic nature. With the return of relief to the communities, however, the efficient and economical administration of direct relief will be important, consequently the worker must have a knowledge of service to relief clients and particularly of the present situation in New Jersey.

## Mrs. Blair's Qualifications

Mrs. Blair is highly suited to handle this general community welfare program. She received her case work training with the Family Society of Philadelphia and the Philadelphia Red Cross Home Service. She is a graduate of Columbia University and has also had technical training with the Harvard Summer School of Social Work. Mrs. Blair was for one year assistant to Mrs. Cooper and has consequently a knowledge of local conditions. She was employed by the Burlington County Emergency Relief Administration for two and a half years, six months as visitor and two years as district case work supervisor. Thus her broad practical experience as well as her technical training well qualify her for her new position.

## History of Association

The origin and development of the Riverton-Cinnaminson Welfare Association has had an interesting history. On October 29, 1931, the Riverton-Cinnaminson Welfare Association was organized, replacing the voluntary organization which had functioned for many years in Riverton, Cinnaminson and Palmyra. As a memorial to Miss Hannah McI. Biddle funds were raised to procure the services of a trained social worker. Her duties were to administer relief and act as advisor to any families who might have a problem requiring the help of a case worker. Mrs. Cooper was secured for the position.

## The First Year

The first year was in a great measure devoted to coordinating community activity in the giving of re-

lief. Families who had acquired the habit of obtaining help from several agencies as well as many individuals found that only one source was available and adjusted themselves accordingly. A work relief program was organized, functioning most successfully. Unemployed men were given work, the amount based on the size and needs of the family. This type project continued for two years and was an indication that locally-handled work relief can be run efficiently and successfully. There was a feeling of satisfaction on the part of the recipients of relief that they were not getting "something for nothing."

## Federal and State Aid

During the third and fourth years of the organization's service the federal and state governments became active in the relief problem. The local unemployment situation grew so acute that families whose problem was only one of unemployment were gradually transferred to the Burlington County E.R.A. for supervision. The local worker, however, kept in close touch with the situation, and because of her cooperation with the E.R.A. whose workers made use of her past contact with clients and intimate knowledge of the communities, relief expenditures were always comparatively low. The Riverton-Cinnaminson Welfare Association was also in a position to accept without any difficulty adjustment of the administration of relief locally when it was turned back to the communities on April 16th.

## The Paramount Purpose

Case work, whether applied to the giving of relief or to the rehabilitation of family life, has always been the paramount purpose of the welfare board in continuing the services of a trained social worker. Hundreds of dollars have been saved the taxpayers because a careful check-up has been kept to prevent families who have been dependent in other communities from moving here only to become long time dependents. At one time a large family was sent to Richmond, Virginia, their legal residence, with a substantial saving to the local school, to the relief burden, and to the health of the community. Other families were adjusted in the same way.

## Cooperation of Institutions

Even more tangible to the local taxpayer are the results obtained by the placement in state institutions of those who are mentally or physically unfit to make a community adjustment. Five state institutions have cooperated in making these placements. Four private institutions have made their services available. A vital part of any long time social planning for a community is the cooperation with and understanding of all state wide social agencies. The Riverton-Cinnaminson Welfare Association has consistently maintained these contacts.

## ROUTE 9 GETS 15 MODERN BUSES

Public Utility Commission Holds Additional Buses Necessary to Service

Fifteen additional buses will be put on the Camden-Burlington-Trenton Route No. 9 as a result of an approval given Monday by the Board of Public Utility Commissioners.

This is a Public Service Coordinating Transport line.

Objection was raised by the Pennsylvania Railroad on the ground that the revenue from its service would be materially affected because of the proposed bus service competing with train service.

"It appears to the board that the operation of additional buses on this route is necessary in order to provide a more frequent service between Camden and Burlington," said the decision. "Train service between Camden and Trenton is not designed to meet the apparent necessity for a more convenient local service in this area."

The testimony indicated the necessity of the additional 15 buses from Burlington and Riverside to Camden and Philadelphia in order to accommodate increased traffic on this route, said the board.

## MEMORIAL DAY EXERCISES ARE WELL ATTENDED

The Memorial Day exercises held in Palmyra were well attended by residents of Riverton and Palmyra. The parade, which started at the Riverton Fire House, marched down Broad street to the YMCA building where the Palmyra school children fell in line. They then marched to Morgan Cemetery where they held exercises and laid flowers on the graves.

They counter-marched on Cinnaminson avenue to the Methodist Cemetery where similar exercises were held.

Following this Judge Frank A. Mathews, Jr., addressed the assembly in the Palmyra grove. "America" and "The Star Spangled Banner" were sung by the gathering accompanied by the Palmyra High School band.

## TOWN MEETING TO HELP

John L. Strohm reported that he had the assurance of full cooperation from the Riverton Town Meeting in the preparation of another comprehensive Fourth of July celebration.

Robert Ayers will head the committee for Town Meeting. A meeting of the joint committee of Council and Town Meeting will be held in the immediate future.

Garibaldi-Dusek, President of New Jersey Bankers' Association and President, Central National Bank, Philadelphia, Pa.

He will be the scheduled forty-five minute duel between Gus Sonnenberg, former champion of the world, and Ed Meike, Ohio state champion. Excitement galore should take place in the main half hour preliminary when Freddy (Legs) Grubmeyer, of Harlan, Iowa, will come to grips with Abe Kashey, properly termed the Syrian Assassin.

## FIRE CO. BENEFIT ENTERTAINMENT

Comedy Sketch and Eight Other Rollicking Numbers on Big Laugh Program

Have you made arrangements to attend the all-colored show being presented by Independence Fire Co. No. 1, Palmyra, Saturday, June 6?

If you have not, now is the time to do so. Get your tickets from any member of the Fire Company and be with us, to enjoy a program that will be entertaining to all.

The program consists of nine acts of very entertaining comedy sketches, musical numbers and dances, all of which will be given in the form of a minstrel.

The program follows:

1. Georgia Minstrels, comedy, singing, dancing, wisecracks, entire company.
2. Hansley and Walker, just two country gals out of place in New York.
3. Adagio Dances.
4. Laura Custis, sepia Kate Smith, individual interpretations of modern numbers.
5. Rodgers and Ingram, the dancing nineties.
6. "A General Misunderstanding," comedy sketch.
7. Carolina Four, quartette, series of popular songs, spirituals and novelty numbers.
8. High Jinks, funniest of all comedy skits, a riot of laughs.
9. Grand finale, entire company.

The curtain will rise at 8 o'clock in the Palmyra High School auditorium; admission, adults 35c, children 20c. Do not fail to be there. Publicity.

## GARIBALDI-DUSEK IN CAMDEN RING

Open Air Bouts Start at Central Airport Dog Track Tonight

The first open-air wrestling show of the season at the Camden Airport Speedway, formerly the Dog Track, will take place Thursday night.

The contestants in the main event will be Rudy Dusek, the eldest of the "Riot Squad," and Gino Garibaldi, the sturdy Latin. This will be the usual two out of three falls, ninety minute time limit go.

There is no love lost between this pair of maulers. They will seek a conquest by fair means or foul. Both are brutal, if need be, and both can take plenty of punishment and yet have enough reserve strength to come through with flying colors in a blazing and spectacular win.

Of equal importance as the main bout will be the scheduled forty-five minute duel between Gus Sonnenberg, former champion of the world, and Ed Meike, Ohio state champion. Excitement galore should take place in the main half hour preliminary when Freddy (Legs) Grubmeyer, of Harlan, Iowa, will come to grips with Abe Kashey, properly termed the Syrian Assassin.

Popular Hank Barber, of Boston, will cross arms with Sailor Al Billings, of Cleveland, in the second number, a half hour engagement, while in the opening thirty minute bout rough Charley Strack, of Spring Valley, N. Y., is listed to take on a newcomer here in the person of Eddie Cook, of Iowa College.

## A FINE EXAMPLE!

In these days of hidden emotions and calous feelings, it is indeed most gratifying to observe a few who still have a warm and tender spot in their hearts for their Country's Flag.

The WPA employees who worked on the municipal park project in Palmyra, showed their loyalty on Memorial Day by taking up a collection among themselves and buying a 6x8 flag which they raised at the park on Memorial Day. They also bought smaller flags and placed them at various points around the grounds.

A fine example of patriotism. If a fellow wants to see you on a matter of life or death, it may be only a life insurance agent.

## MIDGET CAR RACE ON CAMDEN TRACK

Doodle Bugs in Ten-Event Program on Dustless Tract Sunday

Sunday midget automobile racing at the dustless Camden Airport Speedway, of Pennsauken, will be inaugurated with the usual ten-event program this Sunday night.

At least thirty noted riders of the mighty midgets will be behind the steering wheels when popular Doc Gerner, world famous starter, will drop the green flag.

Among those who will see action on the million dollar track Sunday night are Wild Bill Holmes, the daring New Yorker, whose White Comet came through in a blaze of glory to win the feature event of Memorial Day; Ernie Gessel, Pennsylvania state champion; Bill Scarline, the Garfield Gallopier; Bill Morrissey, the famous Florida flyer; Bill Troutine, ew Rochelle, L. I. daredevil; Lee Minnick, the Wilmington will o' the wisp; Hal Burdett, the navigating Newarker; Don Church, flighty Philadelphia; Joe Borchino, the Passaic Panicker; Verge DeMario, who hails from the same Ballwack as does Borchino; Cliff Hemmingsway, Frank Baker, Delaware's dashing dare devil from Wilmington; Gus Guschell, of Lindenhurst, and Ben Shaw, the hero of Westville.

Heralded as the first night time automobile race meet to be held on Sunday in this vicinity this meet should prove to be the signal for the gathering of the fans and thrill seekers of this fascinating sport. The time trials are at seven o'clock, and the first race event starts promptly at eight forty five.

PALMYRA'S FOURTH OF JULY COMMITTEE

The Fourth of July committee for Palmyra was formed at a meeting held Monday evening, in response to the call of T. Curtis Flynn, councilman and chairman of the Fourth of July committee.

A general discussion of plans for this year's celebration followed the election of these officers: T. Curtis Flynn, chairman; Mrs. Maurice San-doz, vice chairman; Mrs. Claire Lip-pincott, secretary, and Floyd Spahr, treasurer.

# FARLEY SLURS "PRAIRIE STATES"

By Representative Dewey Short of Missouri

The New Deal at heart is not overly solicitous concerning the welfare of American agriculture. You will recall the address of the principal New Deal campaign manager, Postmaster General James A. Farley, at Grand Rapids, Mich., in which he referred with eloquent disdain to "a typical Prairie State."

We people of the great agricultural producing region of America long have understood the contempt in which Tammany holds the great Middle West.

Many good people of the great Prairie States, I may add, appear to reciprocate hostilely in their mistrust of the political system of Tammany Hall.

Yet, it is illuminating to find the Postmaster General and the Chairman of the Democratic National Committee and the Chairman of the Democratic State Committee for New York publicly proclaim his sincere contempt for "a typical Prairie State."

The Prairie States will be the last in the Union to be Tammanized by the Farley spoils system.

The Prairie States will be the last to bow down to the Roosevelt system of government by Executive Order. The Prairie States still are fighting for constitutional government!

The Prairie States will be the last to ratify the New Deal policy of reckless squandering of the people's money and the nation's substance.

The Prairie States will be the last in this Union to accept the principle of the boondoggle as the foundation stone of American prosperity!

The Prairie States support an honest and industrious people and no public slurs from Tammany spoliemen will change the honorable and forthright convictions of that section.

In a little more than three years, the New Dealers have increased our national debt by more than \$10,000,000,000, and in spite of this excessive expenditure, we still have about 12,000,000 unemployed and 20,000,000 of our people on relief.

At the end of the next fiscal year of the Roosevelt Administration (1937) our national debt will be in the neighborhood of \$36,500,000,000.

This is greater than the value of all the farm lands and farm buildings and farm machinery and farm improvements in the United States today!

## YMCA BRIEFS

### Passing of Peter Brownley

Hundreds of South Jersey boys in attendance over recent years at Camp Ockanickon will learn with regret, of the death of Ockanickon's famous chef, Peter Brownley. He passed away Thursday, May 28th. He expected to be at Ockanickon again this summer as the chef. His Ockanickon boys were on his mind up to almost the end, and when he realized he would not get well, he had one special man to recommend as his successor. During ten months of the year, Mr. Brownley was head chef at one of the Princeton Clubs. He was a director of the Witherspoon Branch of the Princeton Young Men's Christian Association.

The laurel all over the Ockanickon tract is now in the height of its beauty. Next Sunday afternoon, it will be enjoyed by members of the Men's Federated Bible Classes of Burlington County, this being the date of their annual visit to the Camp for the first of a series of summer outdoor meetings.

The Ockanickon YMCA Boys' Camp begins Saturday, June 27th, for a four weeks' period. The Girls' Camp begins Wednesday, July 29th, for a four weeks' period. Enrollment forms for either boys or girls camp may be had from the County YMCA headquarters at Mt. Holly.

Sensible wives devote their spare time to mending their husbands' garments rather than nagging them to mend their ways.

## GARDEN PARTY BY SACRED HEART PTA

Proceeds Will Go Toward Tonsillotomy Fund, Date, Wednesday June 10

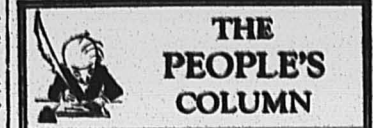

The Sacred Heart P.T.A. will hold a garden party at the home of Mrs. R. E. Sanford, 830 Highland avenue, Palmyra, Wednesday afternoon, June 10, at 2.30.

The proceeds of the party will go towards a fund to take care of tonsillotomy before school starts in the fall.

Bridge, pinocle and radio will be played with a prize for each table. Refreshments will be served. Admission 35 cents.

Mrs. R. E. Sanford is chairman of the party.

The regular monthly meeting of the association will be held in the school auditorium, Thursday, June 11, at 3 o'clock. The executive committee will meet at 2.30. As this is the last meeting of the year it is hoped that all members will attend.

THE PEOPLE'S COLUMN

### SALUTE THE FLAG!

Dear Editor: Can you think of any way to call people's attention to their lack of reverence for the Flag?

I know that the people of this community are above the average, but when I watch them as the Flag passes by, it just "burns me up."

The women are most negligent. I am sure they know that they should stand at attention with their right hand over their heart. Can they be afraid to show the reverence that is due the Flag? This is such an important matter that every woman should reverently salute no matter what her companion may be doing.

Some of the men also forget and allow the Flag to pass without removing their hats.

It was twilight of Memorial Day. A bright new flag, which had been in the parade, was put away beside an old one that had seen much service, and I overheard the following conversation:

N.F.—I thought that people along the sidewalks should salute the Flag as it passed by, but I noticed that many men keep their hats on, and there were very few women who seemed to know how to stand. I wonder what all this means?

O.F.—It makes me sad to hear you say that, but I have heard similar descriptions from other flags. Years ago men, women and children saluted the Flag wherever they saw it. Nowadays, although there are many patriotic organizations and the Boy and Girl Scouts who teach reverence for the Flag, it doesn't seem to be widespread.

N.F.—Oh, but they would never be able to do that. Surely our young people will defend their flag at all costs!

O.F.—Yes, I believe they will when they come to realize the danger. But why should they make that cost much greater than they need to?

Bystander.

**MEN'S BIBLE CLASS TO HOLD JUNE RALLY**

The June Rally of the Burlington County Men's Bible Classes will be held at Camp Ockanickon, Medford, Sunday, June 7, 1936, at 2.30 p.m. The speaker will be Dr. Calvin A. Althouse, of Philadelphia.

Special musical numbers by the Mt. Holly Community Band of 25 pieces. Ladies are welcome to attend this meeting.

When a small boy refuses a second piece of pie there is something wrong with either the boy or pie.

## HERE'S COURAGE FOR YOU

Sitting around the bunkhouse they were swapping lies.

"When I was logging up in Montana," said one of them, "I saw a mountain lion come right up to the skidder one day. It was fierce beast, but I, with great presence of mind, threw a bucket of water in its face and it slunk away."

"Boys," said a man sitting in the corner, "I can vouch for the truth of that story. A few minutes after that happened I was coming down the side of the hill. I met this lion and, as is my habit, stopped to stroke its whiskers. Boys, those whiskers were wet."—Two Bells, Los Angeles.

**Hot Water Service by GAS is Cheap**

Hot water is basically essential to health and beauty. Its cleansing power stimulates the skin, empties its pores and permits the skin to breathe freely. Hot water's use in the shampoo or facial is indispensable. How important therefore to have your home supplied by an automatic hot water service which will always provide an adequate amount of constant temperature hot water. Hot water by day—hot water by night—without inconvenience to any member of the family and without damage to the family budget. Make no mistake about it—it costs less than hot water from other methods of heating and if you consider the convenience, well, there's no comparison. If you are not now enjoying automatic hot water service by gas, investigate it. Ask your plumber or your gas company water heating representative to call and give you an estimate of gas automatic hot water service for your home.

## PALMYRA STARTS SOFT BALL SEASON

Six Teams Make Initial Bow at the New Borough Park Wednesday Night

The Palmyra Soft Ball League finally opened at the Borough Park on Wednesday evening, May 27, with six teams representing clubs and organizations of the community, with all six teams playing on one night it was a veritable three ring circus.

All scheduled games will be played on Wednesdays starting at 6.30 p.m., D.S.T.

The Firemen after many false alarms, finally put the Palmyra A.C. Whites out with a 22 to 11 sousing.

The performance of Dan Bradley for the Fire Eaters was amazing while the wonderful fielding of "New" Buckholz went for naught.

The Artisans lost the game in the final inning after holding the Palmyra A.C. Reds early in the game to the score of 18-16.

With such notables in the line-up as Ernie Shuck, Carl Lutz, Lindsay Lytle and many others they were unable to overcome the home run hitting of Lenker and also the umpiring of George Snyder.

The Trojan B.C. and the Golden Eagles B.C. staged a battle of base hits. These boys being old rivals waged a game for blood which finally ended 20-1 in favor of the Trojans.

The next game was played June 3rd, at 6.30 p.m.

### THE INCREASING POPULARITY

(Continued from May 28)

The big league hirelings soon grasped the idea, grabbed the big war clubs at the very end of taper and swung in Ruthian fashion. Gone were the days of Willie Keeler, Roy Thomas and a host of really good light men, who held the 34 inch bat half way up and dropped the ball over the infield or beat 'em out. Gone was the sacrifice, the hit and run, the squeeze, stealing a base or home and numerous other exciting incidents that required quick action on the part of the offense and defense. Gone was the supreme thrill of a home run which called for plenty of hair raising plays. And gone was the interest of the real fan who enjoyed the fine points of the game.

Certainly the abandoned plays are still possible, but why risk an out for one possible run? There is always the likelihood of the enemy pounding the ball over the garden wall and add upwards of four counters to their score. Therefore you must try for them in clusters via the homer route. Many of the new crop of players do not know how to go through the plays mentioned. It takes far more skill to lay down a well placed bunt than to take a healthy swing.

Came the day, or days, of the frequent Center Home Run, along with a multitude of new cash customers at the small ball grounds. They believed all the glorification of the Sultan of the Swat stuff published by the papers. Not knowing the fine points of the game, that belonged to the ages, they missed nothing. They add a bit of excitement, they now make all sorts of wagers or play some pool.

The club owners were not slow in following the New York teams and held stadiums to hold the crowds who were even willing to pay increased admission fees. The mobs flocked out in groves and Ruth many times drew gatherings that were greater than some of our Western States. To reach the more distant walls and stands the ball was more highly charged. The infield backed out many feet and the out garden men were barely visible from the plate.

The home runs continued, along with the uninteresting base on balls, and now the attendance curve is again on the tilt.

The deep playing of the fielders has changed the style of play considerably. There is rarely a man thrown out at the plate, and the outfielders are too far away to be of any assistance to back up the basemen or help run down an opponent caught between the bags. Such old time crabs as Fred Clark and Fielder Jones would now be worn to a frazzle galloping to the diamond after almost every pitch to direct the plays or argue with the ump—especially the latter. Perhaps they would be thumbed out on the first trip. Player of the Muggsy McGraw type would now-a-days be compelled to go on Relief. While they usually gave you a pain in the neck, it was all a part of the game and created hot stove league talk, if that means anything to you. Ford tripped, the National League proxy, is a trick to stop hand shaking and passing around of the powder puff amongst opposing teams in order to get more fight into the game. Raw meat and tougher umps would do more good, or use a ball that will make the boys work, instead of watching it soar over the ramparts.

It would not be right to now try to blame the dynamite ball for the popularity of Soft Ball without mentioning the change of hero worshiping, as far as the position that a person may play. The hero of bygone days is more so these days than ever, although according to the rules, umpires, managers and fans he is now the goat. His station is just 60-6" in front of the murderous slugger. He must toe the mark figuratively and be bound by numerous don'ts subjected to many penalties. Let him throw what may look like a duster, or bean ball, at some overpaid stavedore, or give

Palmyra heavyweight who is scheduled to box Jack Conroy of the Shickamaxon A.C. in one of the feature bouts on "Lena" Blackburne night. Piergross, of local football fame, is expected to give a good account of himself in the squared circle Tuesday night.

## PALMYRA QUOT LEAGUE

The iron doughnut tossers (quoits to you) chalked up several surprise victories in their match Monday night. The Palmyra Police team came into their own and swamped the Playground team 7 to 1.

The Trojans administered a like spanking to the Palmyra A.C., 7 to 1. The P. O. S. of A. gave the boys from Palmyra Extension a tough struggle to win out 5 to 3.

The next match will be played Monday night, June 8th.

### CARD OF THANKS

I desire to publicly thank my many friends who sent cards and telegrams on my 80th birthday anniversary, especially those from Palmyra and vicinity.

William P. Blackburne.

An intentional base on balls, you will hear an awful howl from the multitude. The only reason that more pitchers are not listed in the daily obituary notices, is that only string beans, who are artful dodgers of cannon balls, now qualify for the mill. Shades of such pot bellies and flat foots of the days of Cy Young and Jack Chesbro, who won more games in one season than the present targets can hope for in a life time, counting only the games they started in and finished.

The catcher is now the fielding luminary but a poor second to the home run manufacturer. What would Mike Kelly or Buck Ewing say if they could see the equipment of the present day receiver? "Belay" might be the word, but the adjectives would not look good here. If the plate blockers want to stand on the base lines while a runner is trying to find the pentagon, let them do so with bare or stockinged legs and take chances as any other basemen. There would be less broken bones anyway.

(Guess it is time to sign off and continue in a later issue.) (Still no Soft Ball results from Memorial Park.)

## SERVICE BONDS REDEEMED AT P.O.

Adjusted Service Bonds of World War Veterans Due June 15

The Acting Postmaster at Palmyra has released the following notice to owners of adjusted service bonds:

Adjusted service bonds, enclosed in registered letters, are scheduled to be dispatched to the various post offices on June 15, 1936.

When these registered letters containing the service bonds are received at the post office, the carriers will deliver them to the recipients. The letters will be marked for delivery to the addressee only. Since delivery will be made to the addressee only, it will be necessary for the carriers to deliver them at a specified time when the owners may be at home to receive them. Therefore a special evening delivery will be made by the carriers on June 15, beginning at 6.30 p.m. The post office will also be open on that evening until 8 o'clock to accommodate box owners and those in general delivery.

If addressee is known to the carrier, no other identification is necessary. But if addressee is not known, then someone in the neighborhood, known to both, may make the identification.

The identifying person should also sign the registry receipt and enter thereon his address.

Adjusted service bonds are scheduled to be redeemed on and after June 15, 1936. Although they earn simple interest at 3 per cent per annum, no interest is payable on any bonds redeemed prior to June 15, 1936.

Veterans who desire to cash their bonds must sign the request for payment on the back of the bonds in the presence of a certifying officer, that is the post master or a designated employee at the post office. The owner must sign the request for payment exactly as the name appears on the face of the bond, and must write his address on each bond in the space provided.

If the veteran is personally known to the post master or designated employee, witnesses are not necessary. If he is not known, one or two witnesses who know the veteran and are known to the certifying officer must sign the bond in the presence of the certifying officer.

Harry W. Barry, Acting Postmaster.

## BLACKBURNE NITE ATTENDANCE 3000

Biggest Event in Palmyra's Sports History Staged by Athletic Club

The Palmyra Athletic Club's "Lena" Blackburne night met with great success on Tuesday evening of this week. Three thousand people squeezed and jammed into the new public park to witness the exhibition baseball by the top notchers in the big league.

"Lena," the guest of honor, pitched some across the pan for big time sluggers, and slug they did. Baseball flew high, wide and handsome, as the heavy hitters sent the apple soaring into the stratosphere. The youth of Palmyra, started a stampede after the baseball hit by the big timers that would make the gold rush of '49 look like a funeral procession.

After some three dozen brand new baseballs, some donated by Connie Mack, and some by the Athletic Club, had been retrieved by the admiring youth of Palmyra, a second rush for autographs started. The big league heroes were besieged with clamoring boys and girls pleading for autographs.

Those who appeared from the A's and White Sox were "Bob" Johnson, "Wally" Moses, "Chubby" Dean and Frank "Pooch" Puccinelli, all outfielders; "Pinky" Higgins, third baseman; Frankie Hayes, catcher; "Lou" Finney, first baseman; "Rabbit" Warstler, second baseman; Charlie Moss, catcher; Charlie Berry, catcher; "Dave" Keefe, coach, and "Lena" Blackburne, coach, all of the Philadelphia Athletics. "Teddy" Lyons, pitcher, and "Luke" Appling, short stop from the Chicago White Sox, also were present.

The baseball game between Palmyra and Riverton wound up in a 6 to 2 defeat for Riverton.

Following the baseball game and exhibition some thirteen hundred spectators attended the exhibition boxing bouts held in the illuminated ring on the Palmyra High School athletic field.

These bouts provided much amusement to the sports fans. The results were as follows:

Tom Brown, of Shickamaxon A. C. won a decision over Charles McCoud, of Daggert A. C.

Mike O'Brien, of Shickamaxon A. C. won by decision over James Lefferts, of Daggert A. C.

John DeAngelo, Northeast Shrine Club lost by decision to Jack Regan, of Kensington B. C.

James General Daggert, lost by decision to Charles Sellick, Kensington B. C.

Bill Crawford, Daggert A. C. won by decision over George Shull, Palmyra A. C.

Charles Shea, Daggert A. C. lost to Ralph Romano, Mason A. C. "Cockey" Piergross, Palmyra's hope in the only bout with a touch of local color, lost to Jack Conroy of the Shickamaxon A. C. by a technical knockout.

Other bouts with the flying leather will be staged by the Palmyra Athletic Club in the near future.

"Lena" Blackburne, a life-time resident of Palmyra, in whose honor the night was planned, has contributed much to the promotion of sports of many kinds in both Palmyra and Riverton.

He himself, a major league ball player of national fame, was once a Phillies player; he also played and managed the Chicago White Sox and has for the past few years been a coach with the famous Philadelphia Athletics.

"Lena" Blackburne night will go down in Palmyra's sports history as a high light in the records of sports and will long be remembered by hundreds of citizens and friends of the major league sportsman.

Fifteen per cent of the American production of motor vehicles is sold outside of the United States.

## SOIL CONSERVATION PAY FOR FARMERS

Average Rate for Burlington County \$14.10; Camden County Rate \$13.20; Salem \$15.40

Farmers of Burlington County will receive \$14.10 an acre for diverting acreage from soil-depleting crops to soil conserving crops under the terms of the 1936 agricultural conservation program announced by the AAA.

This rate is not, however, county-wide, and is used as an average. County agricultural conservation committees will establish individual rates for applicant farms.

Rates for other counties in this vicinity include: Camden, \$13.30; Salem, \$15.40; Cumberland, \$14.80; Gloucester, \$14.20; Ocean, \$11.70.

The payments for diverting soil-depleting crop acreage are known as Class 1 payments for the farms for each crop (up to 15 per cent of their base acreage of soil-depleting crops) which they divert to soil-conserving crops this year.

The Class 1 payments are distinct from Class 2 payments, which will be made for using soil-building practices as approved for each state on recommendation of the state agricultural conservation committee. Farmers can qualify for either or both types.

## COMMITTEES PLAN BIG FOURTH HERE

Council and Town Meeting to Cooperate. Subscriptions Will Be Taken

The Joint Committee of the Riverton Fourth of July Celebration Committee met Monday night, and elected their committee chairman. Each chairman is to select his own committee.

The Town Meeting agreed to name a collection committee which will canvass the town beginning Monday, June 15 for contributions for a band and fireworks.

The committee expressed a desire to carry out the program along the lines of last year.

On Monday, June 22, there will be a joint meeting of all the chairmen and their committees to arrange the final program.

## TWO ACCIDENTS ON RIVER ROAD

Cars Badly Damaged But Occupants Escape Injury in Collisions

Miss Marion Pennington, of Bridgeboro and Delanco roads, Delanco, music teacher in the Riverton Public School, ran into a stump on River Road near Taylor's Lane and overturned her car, Wednesday morning.

Miss Pennington was proceeding toward Camden when the accident occurred. She attempted to pass a truck which was going in the same direction, and thinking it was going to turn left, Miss Pennington attempted to pass on the right. However, the truck turned right, and the only course left to Miss Pennington was to run off the right side of the road into a stump. Although the car was badly damaged Miss Pennington was not hurt.

Tuesday evening another accident occurred on River Road when a car driven by Howard Mansfield, of Union Landing road, East Riverton, and owned by George Kruson, of River Bank, Delanco, rammed into the rear of a car owned and driven by Charles W. Russell, of 232 Kosuth street, Riverside. No one was injured but the cars were badly damaged.

Both drivers were given a summons to appear before Recorder Bowers Thursday evening.

Officer George Dorworth investigated both accidents.

## MRS. ROSE HURLEY FOUND DEAD IN BED

Lived Alone and Death Was Not Discovered for Several Days

Mrs. Rose Hurley was found dead in bed at her home on Broad street, last Thursday evening by Chief of Police William Gootee and Officer John Robinson, of the Riverton police force.

The suspicions of Sydney Allison, mail carrier for Dree's, had been aroused by the fact that for several days he had noticed the curtains were drawn and that there were no signs of life about the premises.

He reported his thoughts that all was not right, to Officer Robinson who made some inquiries in the neighborhood. Frank Curzie, clerk at the L. L. Keating store, and the cashier at the American store, when the matter was brought to their attention, recalled that they had not seen Mrs. Hurley for several days.

Officer Robinson immediately communicated with his chief, and together they visited the house. Failing to receive any response to repeated knocks at the door broke in.

They found Mrs. Hurley in bed and the condition of the body indicated that she had been dead for several days. A search was made of the house to discover whether or not there were any evidences of violence which might lead to a suspicion of murder having been committed, but everything was in order.

Coroner Clarence Roberts, Jr. of Moorestown, was called by Chief Gootee, who in turn consulted with Dr. John Conroy, of Burlington, county physician, who issued a certificate giving the cause of death as "gas bacillus," from an old abrasion on the knee.

Relatives, however, are inclined to the belief that death was caused by either indigestion or heart trouble, from which Mrs. Hurley is said to have suffered for a number of years.

Mrs. Hurley was last seen alive by Mrs. Samuel Ward, of Linden avenue, whom she visited Friday night, May 29, at which time she seemed to be in good health, and by Mrs. Bessie Fox, her next door neighbor, with whom she had talked the same evening about taking flowers to the cemetery on Decoration Day.

The deceased was the widow of Thomas Hurley whom she married about 1882.

Funeral services were held Tuesday morning at 8 o'clock from the J. J. Zisk Funeral Home, Thomas (continued on page 12)

## PNEUMONIA FATAL TO HOWARD RUSS

Veteran Freeholder Loses Six Weeks' Fight for Life in Hospital

Howard Russ, 77, retired farmer and former county freeholder, died Tuesday night from pneumonia, in the Zurburg Memorial Hospital, Riverside, after an illness of six weeks.

He is survived by two daughters, Miss Ethel Russ and Miss Ruth Russ, and three sons, Howard Jr., Stanley and Warren.

Mr. Russ served 25 years as a member of the Board of Freeholders, retiring in 1933. He was director of the Board for nine years.

He also was prominently identified with the First Presbyterian Church, serving as elder, trustee and treasurer, as well as superintendent of the church Sunday school for many years.

Funeral services will be held from his late home in Delanco, Saturday afternoon at 2 o'clock, with the Rev. J. Clayton Lime, pastor of the Delanco Presbyterian Church, officiating. Interment will be made at Odd Fellows Cemetery, Burlington.

## CAMP MAHALALA TO OPEN JULY 5

Popular Scout Camp Will Be Under Direction of G. A. Darlington County Executive

Camp Mahalala will open for scouts of the Burlington County, Boy Scouts of America, on July 5th, for a three weeks' period. The camp has been put in first class condition by the WPA Transient Bureau, who have spent considerable time at the camp during this past winter and spring. The lake has been cleaned out and is in excellent condition for swimming and boating. Two row boats and four canoes have been added to the camp fleet.

The camp will be under the direction of George A. Darlington, county scout executive. John Stokes, of Moorestown, will assist Mr. Darlington in the

## REV. STOCKETT IS ORDAINED PRIEST

Rector of Christ Church Episcopal, Palmyra Advanced to Priesthood Today

The Rev. Norman Stockett, Jr., the "Deacon-in-Charge" of Christ Church, Palmyra, was ordained Priest at the Trinity Cathedral in Trenton, on Thursday, June 11th, the Feast of Corpus Christi. He has served his Diaconate in the Palmyra Parish since the 16th day of June last year; he will now become "Priest-in-Charge" until he has been duly instituted as the rector.

At the same service, there were two other Deacons advanced into Priesthood: the Rev. Mr. Straw and the Rev. Mr. Pittinger. They, too, will continue on in their respective fields of church work.

Due to the death of the Rt. Rev. Albion W. Knight, the former Bishop Coadjutor of the Diocese of New Jersey, the Rt. Rev. Paul Matthews, the Diocesan Bishop, granted the new Bishop Coadjutor, the Rt. Rev. Wallace J. Gardner, permission to confer the Sacrament of Holy Orders upon the Deacons. Bishop Gardner was also the preacher at the ordinations.

Father Stockett, the rector of Grace Church, Pemberton, presented his son, Mr. Stockett, to receive the Order of Priest; Father O'Donnell, rector of St. Paul's Church, Westfield, presented Mr. Pittinger; and Father McKay presented Mr. Straw. After the due presentation, the Rev. Father Martin S. Stockett, rector of the Church of Our Saviour, Camden, conducted the Litany and Suffrages for Ordination.

The Reverend Mr. Stockett, Jr., schooled in the Virginia Episcopal School, Nashotah College, and the Nashotah Theological Seminary in the State of Wisconsin. On June 14th, Mr. Stockett will start his second year as pastor of the Palmyra Parish. Next Sunday, he will conduct his first Eucharistic Service in his parish at 8 o'clock in the morning; and, at 11 a.m., he will conduct his first Choral Eucharist.

## WPA ACHIEVEMENT EXPOSITION IN CO.

Will Start in Bordentown on June 22; at Palmyra Y.M., June 26

An exposition of American Art, a survey of historic and American buildings and the tracing of the ancient boundary lines of New Jersey counties from Colonial times to the present; a display of woodworking and handicraft and an exhibit of the work being done by the Women's WPA Sewing Projects throughout Burlington County together with a review of WPA recreational activities—all these features will be brought to the public attention at an Achievement Exposition of the Works Progress Administration of District No. 7, headed by M. William Murphy, district director, which will be held throughout the county. The exposition details are being arranged by Miss Marion E. Patterson, WPA district supervisor, and Mrs. Ethel Burr Dudley, supervisor, Burlington County WPA Recreation Division.

The exposition will begin on June 22nd at the high school in Bordentown and will be continued at St. Mary's Hall in Burlington on June 23rd. On successive evenings until June 30th the exposition will be presented as follows:

June 24th, Riverside High School; June 25th, Moorestown Community House; June 26th, Palmyra-Riverton YMCA; June 29th Municipal Building at Maple Shade, with a final display at the high school at Mount Holly on June 30th.

At Burlington, Moorestown and Mt. Holly, a feature entertainment will be included which will add much to the evening and bring out many points of the work being accomplished. The program follows:

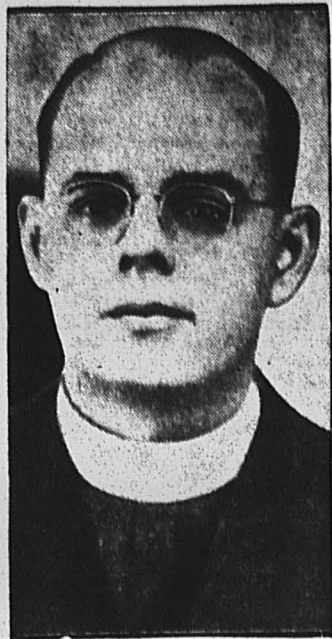

Music—Orchestra (Federal Music Project).

Boxing or Wrestling.

Tap-dancing—Junior classes and Adult classes.

Singing—Burlington Choral Group (Direction Fred Forman).

## ORDAINED

REV. NORMAN STOCKETT, JR. of Christ Church Episcopal, Palmyra, who took the Sacrament of Holy Orders at Trenton today.

## ANNUAL MEETING OF ZURBRUGG AUXILIARY IN CINNAMINSON

The Cinnaminson Auxiliary of the Zurbrugg Memorial Hospital, Riverside, held their annual meeting last Tuesday and the following officers were elected: president, Mrs. George Wofor; first vice president, Mrs. Joseph T. Evans; second vice president, Mrs. G. H. Fowler; treasurer, Mrs. Robert Woods; secretary, Mrs. George Dorworth.

The annual reports were given at this meeting. During the eight days the members sewed at the hospital the following was accomplished: 470 new articles made, 20 pieces mended and several blankets bound. There were only seven or eight members who could attend these sewing meetings.

The auxiliary has thirty-six paid up members and twelve who are active.

The annual meeting took the form of a covered dish luncheon at which seventeen were present.

Baseball Mimetics.  
Dramatic Skit—"The Bathroom Door."  
Musical Drama—"At the Bull Fight."

The musical drama is an original composition by Frank Welch, county director of the Federal Music Project.

The exposition covers the work of six Burlington County Professional and Service Projects as follows: The Federal Arts Project, which will display a large collection of original drawings; The Federal Music Project, which will have in charge of the musical features of the program; The Historical and American Building Survey with a collection of blueprint pictures of interesting buildings; The Boundary Line Survey, which is establishing Burlington County's boundary lines that have varied from the time since the establishment of New Jersey's four original counties down to the present day, and the Burlington County Recreational Division with a display of woodworking and handicraft in both adult and juvenile classes. This will include the knitting of sweaters, shirts, coats, mittens, pocketbooks, scarfs and caps; chair caning, woodworking, book ends and book shelves, tie racks, sewing cabinets, magazine racks, stools and lawn ornaments; silver metal craft; wicker and reed work, batik work, stenciling, crocheted bed spreads and a number of graduation dresses which were made in the sewing classes.

The WPA Burlington County Women's Sewing Project, which operates in eleven different communities, will have an extensive display of the work being done.

There will be no admission charged and the exposition should prove not only interesting but instructive.

California's almond industry, dating back to 1843, produces an average yield of 13,220 tons, from 72,600 acres of bearing trees.

## SERVICE BONDS DUE ON JUNE 15

Riverton Post Office Will Be Open Tuesday Evening, After 7.15 o'clock

Adjusted Service Bonds, enclosed in registered letters for delivery to addressee only, are scheduled to arrive in the local post office for delivery on June 15th. Wherever possible the carriers will deliver the bonds in the afternoon of June 15th. However, since delivery can be made to addressee only, it will be necessary for the carriers to make some of the deliveries in the evening of June 15th, between 6.30 p.m. and 8 p.m.

On Tuesday evening, June 16th, the post office will be open after 7.15 p.m. to accommodate the veterans who desire to have their bonds certified and who can not get to the post office during the day.

Veterans who desire to cash their bonds must sign the request for payment on the back of the bonds in the presence of a certifying officer, that is the post master or a designated employee at the post office. The owner must sign the request for payment exactly as the name appears on the face of the bond, and must write his address on each bond, in the space provided.

If the veteran is personally known to the post master or designated em-

ployee, witnesses are not necessary. If he is not known, one or two witnesses who know the veteran and are known to the certifying officer must sign the bond in the presence of the certifying officer.

Mervil E. Haas, Postmaster.

## MARRIED 15 YEARS

FRANK L. WENOF

and his wife, Leah, will be the guests of honor when a number of their friends tender them a party this Sunday in celebration of their fifteenth wedding anniversary.

## WILL CELEBRATE 15th ANNIVERSARY

Mr. and Mrs. Frank Wenof Will Celebrate Event Next Sunday, June 14th

Relatives will entertain at a dinner in honor of the fifteenth wedding anniversary of Mr. and Mrs. Frank L. Wenof, of 15 East Broad street, Palmyra, on Sunday, June 14.

Mr. and Mrs. Wenof are well known in this vicinity and operate the Bond Market in Palmyra. Mrs. Wenof was the former Leah Goldberg, of Camden, and was educated in the Camden public schools. Mr. Wenof was born in Philadelphia. Prior to moving to Palmyra, Mr. and Mrs. Wenof lived in Riverside for several years.

They have three children, Evelyn, 14, who graduates from the Palmyra grammar school this year; Sidney, 13 and Carl 11.

## THE THREE

The teacher had told a group of five-year-olds the story of the three Hebrew children, Shadrach, Meshach and Abed-nego.

Mother: "What did you learn today, Tony?"

Tony: "Well, the teacher talked about your shack, my shack, and a bungalow."

There were 2,000,000 motor vehicles scrapped in the United States in 1934.

## Memorial Park Playground Baseball Dope By "Bill" Schopp

The well-balanced Jos. T. Evans team, managed by Joe Yearly, Sr., has made a clean sweep of the games played to date. Only once have their total of runs in a game run into double figures, but they have been able to hold the opposition to a still lower number, and thus come through with a clean slate. (Note—When we say slate, we hope no one will think it is in their coat.)

The Broadway Champs of last season appear to be lost with the new rules. Their former pet play of bunting it to victory is no longer tolerated by the rules, so the poor ushers do not know how to rush the enemy. It might also be said that they have been picking on the umpires entirely too much, with the result that their Goat has been at large and interfering with heady playing.

The Collins outfit has bowled over all but the Evans crew to this writing. In George Long the Collins' boys have one of the best tossers in the league and if his team will gather about a half dozen runs, they are bound to win.

Tak-Aboust, Carhart's and the Athletics are all playing good ball; they will look good for a few evenings and then suddenly take an awful flop, but just why nobody knows. That tough bunch of years past, the Bankers, do not have the punch of former days. Their only win thus far has been at the expense of the lowly Knights. Now it must be said that the descendants of Chris Columbo are the most consistent outfit as to standing in the summary from year to year. But it must also be added that they are the gamest and most dependable sailors when it comes to being at the park in time to begin the fun. To them the game is more of a reception and for pleasure than a battle for blood and conversing with the umps.

Now after throwing bouquets and brick bats at the teams, it would not be right to toss something towards the arbitrators. In this column's opinion they are doing a swell job and the pay they receive is just equal to the Knights' figures under PC. They give the decisions as they see them and of course once in a while a mistake occurs, but their PC is way above any of the players who think the umps require a white cane and tin cup.

Mr. Kees, manager of the Broadway theatre, has been handing out passes to the boys who register home runs during the course of any

regular game. He has been doing this for the past few years and in addition has erected the score boards for each diamond. Thanks to him from the sluggers. The Riverton Borough Council also comes in for a word of appreciation for lending their support to the sport morally and otherwise. Mr. George Carnie, as groundskeeper, had been doing a good job of tying the bases to their anchorage and planting the foul line flags in position. If he would only settle the dust during the dry spell every one would be happy. Nothing will be said about the league officials because they are seldom seen on the campus nowadays. But some day they are going to take Andy Pfaff for a buggy ride if that entrance fee is not forthcoming.

Note—The Hard vs. Soft Ball thoughts will be continued at a later date.

### EPWORTH M. E. CHURCH

Rev. William A. Boyd, Pastor

Children's Day will be observed in our church this Sunday, June 14. At eleven o'clock the Sacrament of Baptism will be administered by the Rev. W. A. Boyd, minister of the church. Parents having children to be baptised should get in touch with Mr. Boyd at once. During this service Mr. Boyd will deliver a sermon on the subject, "A Dead Child Restored to Life." During this service the Senior and Dulciana choirs will sing special selections.

In the evening at seven o'clock the young people of our Church school will produce a Children's Day Pageant. Every Department of the Church School will be represented in this program.

Wednesday evening at eight o'clock the regular mid-week church service will be held in the Sunday School Temple.

Saturday, June 20, the Church School picnic will go to Clementon Park. Buses will leave the school temple at one o'clock.

The last quarterly conference for this conference year will be held in our church, Thursday evening, June 25, at 8 o'clock. All members of the conference will please be present and greet Dr. T. S. Brock, superintendent of the Trenton District.

### FIRST LUTHERAN CHURCH

Rev. Harold L. Creager, Pastor

Next Sunday is Children's Day. Our Children's Day service will be held at 10.30, taking the place of the regular Sunday School and Church services. An interesting program of songs, recitations and exercises will be presented. The pastor will give a brief talk.

A service of baptism of children will also be held Sunday morning. The Missionary Society will hold its monthly meeting next Wednesday, June 17, at the home of Mrs. Spuck, at 2.30 o'clock.

The Woman's League of Gettysburg College will hold its annual banquet next Thursday, June 18, in Grace Church, Camden. The president of the General League, Mrs. George Nicely, of Johnstown, Pa., who is a very able speaker, will make the address.

### CENTRAL BAPTIST CHURCH

Rev. George Lockett, B.D., Pastor

Sunday, June 14th, 10.00 a.m., Bible School. As this is Children's Day, parents are especially invited to see that their children attend the services of the day. There are classes to accommodate children of all ages.

11.15 a.m., Morning Worship. The annual Dedication Service of infants

will be a part of the morning worship. All parents desirous of having their children dedicated may do so by bringing them to this service. Pastor Lockett's sermon subject will be "The Child in the Midst."

7.30 p.m., Evening Worship. The annual Children's Day exercises will be held in the Sunday School room at this hour. The service will include an appropriate pageant to be enacted by members of the Primary and Junior Departments.

On Saturday afternoon in front of the A. & P. store on the south side of Broad street, the Junior Philathea Club will hold a cake sale. Don't fail to get that cake made by your choice baker at a reasonable cost.

## CHRISTIAN SCIENCE CHURCH

"God the Preserver of Man" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, June 14.

The Golden Text is: "Fear thou not; for I am with thee; be not dismayed; for I am thy God; I will strengthen thee; yea, I will help thee; yea, I will uphold thee with

the right hand of my righteousness" (Isaiah 41:10).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "They that trust in the Lord shall be as mount Zion, which cannot be removed, but abideth for ever" (Psalms 125:1).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "In divine Science, man is sustained by God, the divine Principle of Being. The earth, at God's command, brings forth food for man's use. Knowing this, Jesus once said, 'Take no thought for your life, what ye shall eat, or what ye shall drink.'—presuming not on the prerogative of his creator, but recognizing God, the Father and Mother of all, as able to feed and clothe man as He doth the lilies" (p. 530).

## Scenes of Carnage

A writer in a recent issue of American Mercury presented a new and interesting view of the automobile accident problem. He observed that, in the light of present-day conditions it is not remarkable that 36,000 persons are being killed in traffic accidents annually—but it is remarkable that the number is not several times as great.

In the average state, almost anyone not completely crippled can obtain a license to drive a car, irrespective of his ability, responsibility, intelligence or judgment. If he chooses, he can operate a car that belongs by rights in the junk heap—a car with an inaudible horn, feeble or glaring lights, uncertain brakes, and a steering gear affected with St. Vitus dance. If he drives that car in a dangerous manner, cutting curves, weaving in and out of traffic, and "giving her the gun" whenever possible, the chances are that he will escape arrest—and that if he is arrested, he will be assessed a relatively small fine and permitted to go right on driving. When the inevitable finally occurs, and someone is killed or injured because of his recklessness or incompetence, he may have a harder time getting out of the mess—but that won't bring a dead person to life.

If any progress is to be made in reducing the horrible toll of automobile deaths and injuries, stringent methods must be adopted. Traffic codes must be modernized and enforced with the utmost strictness and impartiality. Much higher qualifications for the issuance of drivers' licenses must be established. And the unsafe automobile, as well as the unsafe driver, must be banished from the road. Otherwise, America's streets and highways will continue to be scenes of carnage.

## OLD GLORY CELEBRATES BIRTHDAY—PRIDE OF NATION FOR 159 YEARS

Proudly waving over the land of the free and the home of the brave for more than a century and a half, Old Glory celebrates another anniversary on June 14.

Back in the fast-dimming twilight of the Revolution the folds of the Stars and Stripes first fluttered in the breeze. The flag's first official birthday was June 14, 1777.

Long before Old Glory was born, other symbolic bits of bunting had expressed the hopes and aspirations of a liberty-loving people. Early colonial flags show anchors, beavers, pine trees and other insignia, and some of them bore the words, "Hope," "Liberty," or "An Appeal to Heaven."

Prominent among these early banners were the rattlesnake and Grand Union designs; the former showing a rattlesnake spread across the thirteen stripes, and the latter bearing the crosses of St. George and St. Andrew, where white stars in a blue field are now shown.

Old Glory was born when thirteen struggling colonies clung tenaciously to a narrow war-ravaged strip of land along the Atlantic coast. It was the symbol of men who had dared to say, "We hold this truth to be self-evident that all men are created free and equal."

For a brief space the flag under which they had fought and purchased their freedom clung to a narrow borderline of earth along the Atlantic seaboard, and then it started westward.

Today the forests and the mountains of the Far North know that banner and the tale it bears; the prairies of the West, the cliffs and gorges of the Rockies, the swamps and bayous and rich fields of the sunny South. Yet the half of that story has not been told.

Ever above that toiling, fighting epic of a great nation floated the Stars and Stripes. At first it blazed the trail across a primitive wilderness, remaining to fly its starry folds above an industrious people, busied with the development of a continent they had wrested from the elements. But that story has not always been a tale of workshop and forge and store and farm or of pioneering men and women. The American flag was born in the heat of battle—and battle has been its heritage down through the years. Not battles of conquest but battles of self-preservation.

It waved above John Paul Jones when he stood on the deck of the Bon Homme Richard, with his ship sinking beneath him and calmly answered the British demands for surrender with: "I have not yet begun to fight."

Love of Stars and Stripes was the inspiration for Captain Lawrence, who died on the decks of the Chesapeake with his lips forming his last words: "Don't give up the ship."

"By the dawn's early light," on September 14, 1814, Francis Scott still waving over Fort McHenry and composed the song which is now the national anthem.

It flew proudly over our little fleet on Lake Erie, when Perry sent his immortal message, "We have met the enemy and they are ours," and a few years later it triumphantly led the way when Zachary Taylor voiced our protest at Buena Vista and Monterey in Mexico.

And when the Lost Cause went down to a most honorable defeat in the war between the States, it was Old Glory that waved above a nation reunited, to hold once more within its folds every State and Commonwealth in a common bond of allegiance.

Later the flag was our symbol when proud and haughty Spain was forever banished from our continent to win freedom for the oppressed people of other lands. Pledged as a symbol of life, liberty and the pursuit of happiness Old Glory has been in campaigns abroad only when the ideals of democracy have been endangered.

Perhaps our ideals have not always been realized, but history will bear witness that lust of conquest or thirst for world dominion have never prompted us to take up arms. Although historians disagree, tradition points to Betsy Ross, a popu-

## DOODLE BUGS TO RACE AT AIRPORT

Mighty Midgets to Zoom Around

Dustless Oval in Usual Ten

Event Program

Wednesday night has been designated

by the Hanly Brothers, Frank

and Ray, as the official day for stag-

ing midget automobile races at the

million dollar, six-sixteenths-of-a-

mile dustless oval at the Airport

Speedway of Pennsauken, formerly

known as the dog track.

The Hanlys have experimented

with Wednesday, Saturday and Sun-

day in an effort to see which day

would be best suited for the fans

they have found that Wednesday is

the most convenient night for the

patrons of this sport.

Probably no sport is as thrilling,

as hair raising, as spell binding, as

exciting, or as tense as the doodle

bug competition. The riders are

fearless in every degree. They face,

probably, fatal injuries with every

turn of the wheel. They risk injury

from the moment the world famous

starter, Doc Gerner, drops his green

flag until he waves the all-important

checkered banner which officially

terminates the races. The mighty

midgets are mighty indeed. The

riders and their tiny gas chariots

are in the races for the coveted

prizes offered the winners of these

events.

The time trials start promptly at

7 p.m., and the first event is listed

for exactly 8:45 p.m., Eastern day-

light saving time.

## YACHT CLUB YARNS

BY NUTE  
AND  
MIKE

The boating season of the Riverton Yacht Club was officially opened by a May meeting held at the club house. Here, with the regular business, the plans for entertainment throughout the season were presented.

On Memorial Day the "Saw and Hatchet" class opened their series of races. Seven boats were entered in this first race. Racing conditions were ideal with a spanking breeze, making it necessary to carry two men in each boat.

The honors were carried away by our new skipper Johnny Lane with the able assistance of Owen Merrill as crew. It was a complete victory as they led from start to finish. "Nice goin'!"

The Shoemaker brothers, sailing the "Cobbler," succeeded in capturing second place while Ted Hunn, last year's champ, wound up third.

John Ayres crossed the line fourth to beat out Nute Hunn who was sailing Tom Coe's "Ginger." Buck Parsons was slowed down because of leakage, which he removed with a bucket. Parsons failed to finish as he rendered assistance to Lloyd Gladney, who upset.

"The Mighty Atom" (Gladney) was the first skipper to join our most exclusive "Horizontal Club" (Membership in this club given only to those upsetting during a race).

The second race was sailed the following day in a lighter breeze. This race was very exciting, owing to the numerous changes in the positions of the boats. Here Bert Shoemaker finally moved strategically into first place to win. Ted Hunn followed, a close second. John Ayres, coming up from a poor start, crossed in third position. Close to his stern came Buck Parsons, Lloyd Gladney, and Tom Coe, in order.

John Lane crossed in last place after leading around most of the course, but having the misfortune of losing his tiller.

Races could not be held on the next Saturday and Sunday, the 6th and 7th, because of very light airs. Despite these light airs eleven members sailed to, and camped on, the Delanco Islands Saturday night and Sunday morning.

The annual Up-River day will be held by the Riverton Yacht Club, the Beverly Yacht Club, and the Red Dragon Canoe Club, at Edgewater Park on Sunday, June 21st. Members of the three clubs who previously attended are anticipating a good time. (Tax 50 cents.)

Our sixteen foot, one-design boats will start their series of races as soon as possible. These boats are being "tuned up" causing the delay. Races shall be held every Saturday except during the August regattas which some members will attend.

CINNAMINSON P.-T. A.

When riding through the country one sees really fine new schools built in open spaces where the winter winds and summer sun's heat beat upon them unprotected by a single tree. The patrons of Cinnamonson are thankful for the beautiful location they possess.

Never was the lovely grove of old trees more fully enjoyed than it was on Wednesday of last week, when the P.-T.A. and school held their annual picnic, owing to the excessive heat, no planned program was attempted, but later, a game of baseball between the teachers and the girls and another between the fathers and the boys, were played. Out of respect to the losers no scores are given.

Good things for a picnic supper were on sale for any who wished to avoid the trouble of packing a lunch. Cold drinks and ice cream were popular. When the storm threatened, all went to the auditorium and enjoyed a social time.

Friday, the 12th, during the morning assembly, the closing exercises will be held, a formal "Commencement" having been eliminated.

## ART SCHOLARSHIP FOR RIVERTON GIRL

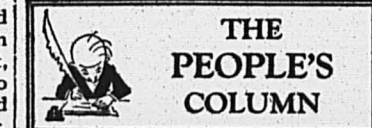

Miss Leah Perkins Will Spend Summer Studying in Europe

Leah Perkins, of Riverton, a former student of St. Mary's Hall, Episcopal Church School for Girls in Burlington, has been awarded a Cressen Memorial Scholarship by the Philadelphia Academy of Fine Arts, where she is now a student.

Miss Perkins is one of two Burlington county residents to receive such a scholarship, the other recipient being John Ward, of Burlington.

The award is a traveling scholarship valued at \$900 and will be used by Miss Perkins and Ward to study in Europe this Summer. Both will sail late this month for four months' trip through the continent and England.

In addition the scholarship provides a \$200 tuition for the academy for next year.

Dear Editor:  
Here is a little bit of philosophy which I picked up while browsing among some old papers. I thought perhaps you would like to reproduce it.  
A Reader.

## Man and Mule

The mule, he is a gentle beast; and so is man. He's satisfied to be the least; and so is man. Like man, he may be taught some tricks; he does his work from eight to six; the mule, when he gets mad, he kicks; and so does man.

The mule, he has a load to pull; and so has man. He's happiest when he is full; and so is man. Like man, he holds a patient poise, and when his work's done, will rejoice. The mule, he likes to hear his voice; and so does man.

The mule, he has his faults, 'tis true; and so has man. He does some things he should not do; and so does man. Like man, he doesn't yearn for style, but wants contentment all the while. The mule, he has a lively smile; and so does man.

The mule is sometimes kind and good; and so is man. He eats all kinds of breakfast food; and so does man. Like man, he balks at gaudy dress, and all outlandish foolishness. The mule's accustomed to mulishness; and so is man.

## WATER THE TREES

Dear Editor:  
As one who loves the trees and the flowers I would suggest to the readers of your paper that they dig a trench around young trees and bushes and pour at least a bucket of water into the trench each night. I'm afraid if this isn't done the trees will die.

Here's hoping it will be done by those in front of whose property new trees have been planted.

# HARMONY STRESSED AT GOP MEETING

Speakers Urge Palmyra Republican Club to Work for All Nominees

Approximately fifty members attended the meeting of the Palmyra Republican Club held in Society Hall, Palmyra, Monday evening.

Alfred Lippincott presided in the absence of James Hartley, president of the club.

Alex Denbo, secretary of the county committee, was one of the speakers of the evening, and he stressed the necessity for getting out the Republican vote in the fall and that all Republicans should work for the benefit of the party as a whole and forget factionalism.

James Weart spoke about the national situation.

George N. Wimer, ex-sheriff, further stressed the necessity for a concerted effort in getting out the vote and working harmoniously.

Frank A. Snover pointed out the necessity for the Republican factions uniting and working for the interest of the entire ticket and especially for D. Lane Powers, Fourth Congressional District Congressman.

Mr. Snover reminded the group that Mercer county as a rule was Democratic, and that a large Republican vote would need to be turned out in this section of the district to insure Power's re-election.

Christopher Peditto spoke of the necessity for the Republicans working hard in the national, state, county and local elections. He said that over-confidence was the ruin of an election.

John Ward, mayor of Palmyra, talked on the economic situation and declared that the brain trusters had done little or nothing of a constructive nature and that their administration had amounted to nothing.

Walter D. Lamon, who was host of the evening, treated the gathering to ice cream, strawberries and cake.

# ANNUAL BANQUET OF RIVERSIDE 'TURNERS'

Given in Honor of Basketball Teams Dancing to Follow Banquet Date, June 13

On Saturday evening, June 13th, the Riverside Turngemeinde will hold their third annual banquet in honor of their "Turner" basketball teams. A very attractive program has been arranged, which will include dancing after the banquet.

The food, as usual, will be prepared and served by the Ladies' Auxiliary, who have arranged for a complete chicken party dinner.

A number of the Philadelphia "Athletics" have been invited to attend, including Earl Mack, Bob Johnson, Wally Moses, Skeeter Newsome, Pinky Higgins, Rabbit Warstler, and our good friend Russell "Lena" Blackburne. Efforts are being made to persuade Connie Mack to make his appearance.

The price of the tickets for this affair remains the same, \$1.00 per person, which entitles you to the banquet (with refreshments) together with the dancing. Claude Russell's dance orchestra has been engaged for this affair.

Tickets may be procured from any member of the Turngemeinde or may be purchased at the door.

# MAY BUILD MEMORIAL FOR COLONEL STONE

A movement to build a monument at the grave of the late Col. Edward B. Stone has been started by the Capt. James MacFarland Post, No. 79, American Legion, of Burlington. A committee has been appointed to raise funds for the memorial and plans for the actual monument are being made.

Colonel Stone, at the time of his death in October, 1934, was head keeper at the New Jersey State Prison.

During 1934, new passenger car registrations in towns under 10,000 population increased 38 per cent and in cities over 10,000 18 per cent over 1933.

# FISHING TRIP FOR PAL-RIVER FORCE

Floyd Frick Catches the Largest Fish, Bill Swan the Greatest Number

The entire personnel of the Pal-River Chevrolet, Inc., 10 Broad street, Riverton, were guests of the management on a fishing trip to Fortescue last Sunday.

The outing came as the result of a contest for the shop, parts and sales departments. Each was given a quota for the month of May and each successfully met it.

The boys had a successful day, netting a total of 240 finny denizens of the deep in five hours fishing.

Bill Swan won the house prize, a complete fishing outfit, for catching the most fish. His total was 43.

Floyd Frick won a prize for catching the largest fish—a four-pound croaker.

Those who went on the trip were: Frank T. Eastlack, Sr., Frank T. Eastlack, Jr., Frank Heitz, Andrew Mulliner, Floyd Frick, Albert Schroeder, Bill Swan, Howard Alloy and Jake Gross.

There are many stories going around as to who caught "the fish that got away," and the size of it. But we have our own ideas about that.

# INCREASE IN SALE OF ELECTRICAL AND GAS APPLIANCES

Public Service Electric and Gas Company reports the sale of a larger volume of electrical appliances during the first five months of 1936 than in the like period of any previous year except 1929. Gas appliance sales were also large in the five months, exceeding last year by nearly 50 per cent. Electric and gas refrigerator sales during May were the largest of any month in the company's history.

# SENATOR BARBOUR OPPOSES TAX BILL

Says Governmental Economy, Not "Soaking the Thrifty" Is Real Need

I am voting against the Tax Bill not solely because of the inequitable provisions of the measure, but because if, as the President himself stated, the national income has increased from 35 billions in 1932 to 65 billions in 1936, the present tax on corporate and individual earnings undoubtedly will provide automatically as much revenue, because of the increased national income, as would this new hurriedly prepared and untimed tax now proposed by the New Deal.

The administration is side-stepping the real financial problem now facing the country. That problem is the reduction of governmental expenses, not levying new taxes, and it is balancing the budget by effecting economies, not "soaking the thrifty" for increased waste and extravagance.

I voted against the \$2,430,830,000 appropriation bill because it raises next year's governmental expenses one billion dollars higher than even last year's record outlay. And it has been established that we have remaining from last year's appropriation \$2,400,000,000 which will more than take care of the unemployment situation next year. Furthermore, the Vandenberg Amendment, which I worked for and voted for, and which was turned down by the New Dealers, provided such additional funds as might be proven to be necessary and, by turning the whole administration of relief back to the states, would have prevented much of the waste and inefficiency from which we are suffering today and, by the same token, have assured more relief to more people less expensively.

Traffic surveys in California indicated 58 per cent or more of the total vehicle miles is traveled within cities.

elect; Mrs. Vernon E. Davis, Vin-  
centown, secretary and Mrs. Joseph  
Kuder, of Mount Holly, treasurer.

## THREE SPEEDERS PAY FINES, COSTS

Palmyra Police Force Continuing  
Efforts to Check Speeding  
and Reckless Driving

Four more drivers were arrested  
during the week by the Palmyra  
police force in its drive to break up  
reckless driving and make the bor-  
ough streets safe for pedestrians and  
other motorists.  
Thomas E. Mills, 206 Barlow ave-  
nue, Merchantville, was arrested for  
speeding by Officer Lawrence Betty,  
and fined \$10 and costs by Recorder  
Carl W. Lutz.

Officer William Stack arrested  
Joseph A. Hall, 210 Magnolia ave-  
nue, Beverly, for speeding on Broad  
street. He was fined \$7 and costs.

Roscoe Bowers, of Spruce  
street, Delanco, fell into the clutches  
of Officer Stack and paid a fine of  
\$5 and costs for speeding.

Flavio Dentonico, 2217 South 21st  
street, Philadelphia, was fined \$15  
and costs for failure to produce a  
driver's license after wedging his  
car on the railroad tracks leading  
to the Municipal Park in Palmyra.  
Chief Beck stated that the safety  
drive will continue without abate-  
ment until the traffic rules are obey-  
ed; and he further warned that  
motorists who violate traffic regu-  
lations will be stringently dealt with.

## YWCA NOTES

### Hobbies and Interests

Members of the graduating class  
of the Rancocas Valley Regional  
High School, Mt. Holly, were guests  
of the Burlington County YMCA  
and YWCA at a picnic held Tuesday  
afternoon and evening at Camp  
Ockanickon.

An important feature of the picnic  
was the effort made to obtain from  
the seniors an indication of their in-  
terests in regard to hobbies, recrea-  
tion and other leisure time activities.  
Miss McHenry and Mr. Ergood led  
a discussion on the part that the  
YWCA and YMCA can take in  
meeting the needs of out-of-school  
girls and boys. From the informa-  
tion obtained plans will be made to  
arrange an attractive program for  
girls and boys of post-school age  
during the coming year.

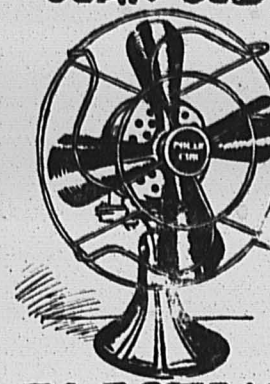

Youth Problems  
Miss Elizabeth McHenry, execu-  
tive secretary of the Burlington  
County YMCA, and Mrs. R. G.  
Dunn, Sr., of Burlington, a member  
of the county board, have returned  
from a conference of northeastern  
rural YWCA's held last week at  
Fletcher Farm, Proctorsville, Ver-  
mont.

The purpose of the conference was  
to discuss the effect of the depres-  
sion and the relief system upon  
young people in rural areas and  
what program the YWCA should  
undertake to be of most benefit to  
these young people.

Subjects discussed included: The  
situation of youth today; the edu-  
cational implications of youth condi-  
tions; Youth movements in America  
today and our relation to them; how  
general youth conditions should af-  
fect the focus of our work with  
younger girls; possibilities of a co-  
operative community program plan-  
ning in behalf of youth; objectives  
of our program with such constitu-  
ent groups as farm women, home

## ... Graduation Exercises in Schools of Three Communities ...

### DRAMATIZATION AT SCHOOL EXERCISES

Play By Class Takes Place of Speaker. President Presents Certificates

The Riverton Public School graduated thirty-two pupils on Wednesday evening, June 10, at 8 o'clock.

The program for the evening was as follows: announcer, Robert Gowell; president's greeting, William Robinson; song by class; devotional exercises, invocation by Rev. Charles T. Bates; secretary's report, Harold Bishop; trumpet solo, Edmund Turnock; talks on science, Burke Jay and Weston Goodnow; presentation of certificates and copies of the Constitution by Mrs. Francis B. Elwell, president of the board of education.

Part two of the program was a dramatization in which the whole class participated.

The stage scenery was constructed by Robert Carhart, Weston Goodnow, Burke Jay, William Mathews, Helen Morris, Hilda Webb, Anna May Wolfshmidt and Robert Yerkes under the direction of Mr. Hutt, manual training teacher.

The scenery was painted by George Bishop, Harold Bishop, Doris Crouse, Mary Jane DeCoursey, Mary Jane Donaghy, Weston Goodnow, Sylvia Reynolds, Robert Waters, Hilda Webb and Robert Yerkes under the direction of Mrs. Duer, art teacher.

The following girls made their graduation dresses: Miriam Gorman, Doris Mullen, Sylvia Reynolds, Emma Rotenbury, Carlette Seemuller, Hilda Webb, and Anna May Wolfshmidt.

These members of the graduation class received honorable mention for citizenship throughout the year: Doris Derr Crouse, Howard W. Gibson, Weston Whitney Goodnow, Jr., Burke W. Jay, William George Mathews, Jr., Edmund Turnock, Jr., and Robert G. Yerkes.

Following is the list of graduates: George William Bishop, Harold R. Bishop, James W. Brown, Robert W. Carhart, Doris Derr Crouse, Mary Jane DeCoursey, Mary Jane Donaghy, Francis Bolton Elwell, Jr., Mary Lois Gorman, Howard W. Gibson, Weston Whitney Goodnow, Jr., Arthur Lewis Gowell, Clement A. Haas, Jr., Burke W. Jay, Eleanor Kauffman, Frank Keeley, Thalberg W. King, William George Mathews, Thomas G. Mooney, Helen A. Morris, Doris Lillian Mullen, Sylvia Reynolds, William H. Robinson, Emma Rotenbury, Carlette Seemuller, J. Edmund Turnock, Jr., Helen Rebecca Vile, Robert Middleton Waters, Hilda Roberta Webb, Ernest Walter Willis, Anna May Wolfshmidt and Robert G. Yerkes.

### EIGHTH GRADE HAS 21 HONOR PUPILS

Palmyra Grammar Will Graduate 62 in Exercises Tomorrow Morning

The Palmyra Grammar School graduation exercises will take place in the high school auditorium on Friday morning at 9:15.

Sixty-two eighth graders will receive their certificates from Leonard R. Baker, president of the Palmyra Board of Education.

The exercises will open with the Bible reading, flag salute and the Lord's prayer.

Music will be by the school glee club.

A piano solo will be given by Jean Beauchamp, and a piano duet by Janet Munro and Ruth Fry.

There will be awards and prizes given to the honor group. Of the 62 graduates, 21 have qualified for the honor group. A scholar to qualify for this group must have a yearly average of B plus in all subjects and B plus in deportment. B plus equals 85 per cent or over.

### PALMYRA HIGH TO GRADUATE 131

Six Honor Students Will Speak On Theme, "Youth and Opportunity"

The Palmyra High School graduation is taking a new form this year. The valedictorian and salutatorian have been done away with and a group of honor students are making the addresses.

The exercises will be held in the high school auditorium this (Thursday) evening. The general theme on which the students will speak is "Youth and Opportunity." The topic has been divided into six sections as follows: "In the Home," Arthur Randolph; "Educational Activities," Louise McKeon; "Training for Governmental Activity," Harry Turner; "World Peace," Helen Arndt; "In This Changing Civilization," Margaret Rae; "In the Future," Charles Rader.

Miss Eleanor Sordon will make the introductions.

The school banner will be given to Robert McCurdy, president of the Junior Class by Charles Rader, president of the Senior Class.

Leonard R. Baker, president of the school board, will present the diplomas to the graduates. During the program three musical selections by the seniors will be given: Denise Johnson and Alice Williams will sing and Marie White will play.

The awards this year include a bronze medal to the boy and girl who show outstanding qualities in leadership, courage, service, honor, and companionship. The names of these two winners will also be engraved in gold on the American Legion shield. A medal will be given to the student who receives the highest average in science and mathematics. The Parent-Teacher Association awards five dollars to the person with the highest scholarship average. The Alumni association awards a silver loving cup to the boy and the girl who have done the most to promote athletics in the high school.

The invocation and benediction will be pronounced by the Rev. Francis B. Downs, rector of Christ Church Episcopal, Riverton.

The graduates

Frank Alloway, Helen Arndt, George Atkinson, Betty Bailey, George Baker, Jr., Janet Barber, Robert Bauer, Mary Biazzo, Dolores Biddle, Grayce Bilyard, Gladys Bishop, Jacquelyn

### SCHOOLS CLOSE AT CINNAMINSON

General Assembly Substituted for Former "Graduation" Exercises

The final exercises in the two Cinnaminson public schools this year took a form different from previous years.

In place of the usual graduation exercises there was a final assembly period this (Thursday) morning at 10 o'clock at which time Dr. W. H. Harrod, of Philadelphia, a Yale graduate, addressed the student body as a whole.

Those who are leaving the eighth grade of School No. 4 this year are: Lillie Baskerville, Lilmon Ransom, Alice Boardly, Margaret Thompson, Anna Roberts, Margaret Stanford and Gertrude Bailey.

School No. 2 will hold its final assembly on Friday morning at 11 o'clock, when the Rev. Francis B. Downs will address the student body.

Those leaving the eighth grade of School No. 2 this year are: Dennis Anderson, Wilma Bennett, Albert Brewster, Emma Cole, Rita Cuneo, Donald Fox, Harry Frank, Earl Jensen, Russell Kerns, Richard Kinsey, Jeanne Leach, Jean Lepesha, Clement Lewis, Lucille Leyshon, Dorothy Rhoades, Iola Rickards, Harry Riddle, Herbert Robinson, Nelson Russ, John Sacca, Clarence Scales, Harry Scheible, Rudolph Schmidt, Miriam Schmid, Kathryn Schneider, Virginia Schweizer, Elsie Showell, Anna Mae Smith, Earl Smith, Edward Smith, Jr., Robert Smith, Eleanor Sordon, Anna Sprekel, Kenneth Stanton, Dorothy Stevens, Marie Stewart, Rachel Stills, Estelle Swades.

Salvatore Tropes, George Truner, Harry Turner, Doris Vaughn, Robert Wallace, William Wallace, Irma Walling, Ralph Walling, William Washington, James Webb, Jacob Weiner, Marie White, Frederick Wiggins, Alice Williams, Henry Williams, Catherine Windish, Newton Woodside, Samuel Woodside, John Wooten, Mary Young, Dorothy Zaun.

### WESTFIELD FRIENDS' SCHOOL CLOSES

Exercises Held Friday. Address By Miss Bausman, Retiring Principal

Westfield Friends' School closed the year on Friday with very impressive graduation exercises characterized by the simplicity which is one of the outstanding attitudes of the school.

Miss Naomi Bausman, the retiring principal, in her address to the outgoing class, used Robert Brown's "Pippa Passes" as her theme, in which she emphasized the power of happiness, beauty and service have in life. To be happy—to see beauty—to serve someone each day are the requisites for wholesome and contented living.

The interesting traditions of Westfield which unconsciously weave themselves about the life of the school were recalled.

No special stress is laid on perfect attendance, however, there are always a few fortunate enough to attain this record for which each child is rewarded by receiving a book of his own choice. This year there were six to receive books.

Special mention was given to the contestants for collecting wild flowers. Ninety-one different specimens were brought in and classified. After the certificates were awarded the audience joined with the school in singing the school song.

Those who received certificates were:

Charlotte Durborow, Joan Entwistle, Elizabeth Dunn, Eleanor Voorhis, Barbara Coffin, Emory Lasocky, Richard Hollingshead, Jr., William Noble, Gorham Sargent.

### SACRED HEART TO GRADUATE 22

Fifth Annual Graduation Exercises to Be Held Next Wednesday Night

The fifth annual graduation of the Sacred Heart School, Riverton, will take place June 17th, at 8:30 p.m., in the school auditorium.

The address to the graduates will be delivered by the pastor, Reverend John J. McGrath.

The primary grades will give a little play entitled "Dollyology."

The leading characters are: Doctor, Howard Denelsbeck, Little Mother, Helen d'Autrechy, Nurse, Florann Strohlein, Maid, Margaret Smith.

The "Pranks of the Pirates" is a drill by the boys of the elementary grades.

The main play is entitled "Sleeping Beauty," which is an operetta based on the ancient fairy tale.

The characters are: King, Harry Groome, Queen, Della Marie Haynes, Prince, Raymond Strohlein, Princess Rose, Eleanor Kavanagh, Old Woman, Anne Laverly, Evil Fairy, Mary Kemmerle, Cook, Vincent Collar.

Kitchen Boy, James Venuto. Good fairies, ladies and gentlemen of the court.

Graduation honors will not be published until after the exercises. There are 22 graduates as follows: Carmella Cardesa, Anna E. Clark, John M. Conlow.

Thomas A. Eadon, Michael J. Elliott, Michael Faunce, Raymond J. Fichter, Patricia A. Ford, Regina Fowler.

Harry V. Groome, Mary Rita Haws, Della Marie Haynes, Jane Holvick, John J. Hulings.

Herbert Kemmerle, Vira M. Maher, James Mathews, Carl T. McDermott, Margaret E. McDermott.

Warren E. Nece, William J. Siddall, Agnes B. Weber.

The music will be furnished by "The Columbians."

### How Will Republicans Solve Our Problems?

BY NICHOLAS ROOSEVELT  
For the National Republican Builders, Inc.

When the Republican Convention met in Cleveland on Tuesday it had one of the most difficult tasks which the party has ever faced. Of prime importance, of course, is the selection of candidates. But fully as difficult to determine, and even more difficult to dramatize, is what the Republican Party will do to meet the emergency which the country now faces.

Already the Democrats are trying to minimize the gravity of the emergency or to deny that any exists. It takes but little thought to see that not only are many of the problems which the country faced in 1932 still unsolved, but in addition a whole new series of problems exists, resulting from the mistakes and from the misguided policies of the New Deal.

#### Problem Unsolved

Greatest among the unsolved problems today, as in 1932, is how to find work for the unemployed. There are as many or more unemployed now than when Mr. Roosevelt came into office. The number of persons on relief is much greater. But the numbers are only part of the unemployment and relief problem. Many new factors have complicated it. The New Deal has hampered rather than encouraged business recovery, and so has delayed re-employment. It has demoralized rather than helped persons on relief. It has discouraged them from returning to work and taught them that the government "owes them a living." In short, it has used billions of dollars of the taxpayers money for the purpose of maintaining a vast army of persons dependent on the government, believing that in return for government aid this vast proletariat will keep the New Deal indefinitely in power.

The resultant demoralization has created a new social problem of the most serious sort. It has sapped the vitality of millions of Americans and undermined their self-reliance and their sense of responsibility.

#### Financial Debauchery

The New Deal has accustomed the country to financial debauchery. It has handed out money with reckless extravagance and unbelievable waste. This has not only endangered the nation's credit structure but has made necessary a vast new burden of taxes.

The task of the Republicans is to find ways of reducing expenditures, broadening the tax base and establishing the national credit on sound bases. Given the natural preference of Congressmen for spending other people's money, it is clear that to effect these imperative savings will be enormously difficult. The normal reluctance of Congressmen to increase taxes will make the task of balancing the budget formidable.

The Roosevelt administration has demoralized the personnel of the Federal departments by injecting politics into the civil service and padding the public pay rolls with political appointees.

To the Republicans will fall the duty of lopping off political parasites, abolishing useless bureaus and extending the merit system to the entire civil service.

#### Foreign Markets Lost

The Roosevelt administration has endeavored to subsidize the farmers instead of to devise a sound, permanent farm program. It remains, therefore, for the Republicans to work out such a program and to attempt to regain the foreign markets which the AAA policy of restriction lost to American farmers.

Even though the Supreme Court has halted the New Deal's attempt to change our form of government from one of checks and balances to one in which the Federal executive has very large powers, the Republicans have to face the fact that many of the New Dealers, including the President, are impatient with

the restraints placed on their schemes by the Court and not only wish to see the Constitution amended so as to give the President more powers but wish to curtail the Supreme Court's right to pass on the constitutionality of acts of Congress.

#### Fundamental Questions

Both of these issues involve fundamental questions of the theory of government. They cannot be evaded—and they must not be regarded as merely academic interest.

The Republicans have, therefore, to indicate what course of action they intend to take in this connection.

All of these matters are far more important than the traditional subjects passed upon and put into Republican platforms. Fundamental issues are involved: Shall unemployment be ended? Shall relief be reorganized on a sound basis? Shall politics be taken out of relief? Shall the government stop spending more than it earns? Shall taxes be reorganized on a visible basis instead of, as at present, largely on an indirect and therefore "painless" basis? Shall the American form of government be preserved or shall a Europeanized central government be established?

On the Republican Party's answer to these questions will depend the future of the American nation.

A good example is the best sermon.

### YMCA BRIEFS

Hundreds of people enjoyed the laurel-graced beauty of Ockanickon's Acres for Character this past weekend. Saturday, the picnic of the Moorestown Trinity Church, Beverly Presbyterian and Riverton Presbyterian churches were held on the camp ground. There was also a picnic conference from the Trenton YMCA and other groups scattered about at various cabins on the camp property. Supper was served to the County General Board and their wives of the Monmouth County Association which has one quarter interest in the camp property.

Boys from this vicinity who have enrolled at Camp Ockanickon are: Palmyra—Charles Conover, George Durgin, Richard Durgin, Charles B. Maple, Jr., Martin Williams, Donald R. Yerkes.

Riverton—C. Richard Brown, Arthur H. Burns, Jr., John E. Carlson, Robert Fuller, David Gould, Robert Gould, Burke Jay, G. Lloyd Major, John H. Yost.

#### CORRECTION

The New Era made a mistake last week.

We stated that the fire in the rear of Frank Bittner's store started from a smoldering spark from some trash burned earlier in the evening, and that the Palmyra police discovered it.

The facts of the case as stated by Mr. Bittner, are as follows: It is not known how the fire started as the trash burned earlier in the evening was in an incinerator and entirely out before Mr. Bittner left it.

The fire was discovered by neighbors Mr. and Mrs. Charles Shaw, of 1005 Garfield avenue, who woke Mr. Bittner and together they had the fire under control before the company was called. It is true that the Palmyra police turned the alarm in, but they were not the first on the scene.

Mr. Bittner wishes to give the fire company much credit for their quick response at that early hour in the morning.

The dog box mentioned was a bread box.

The damage is estimated at \$50.

"My family can trace its ancestry back to William the Conqueror."

"Next you'll be telling me that they came over with Columbus."

"Certainly not; my people had a boat of their own."—Grit.

Vol. 48 No. 25

RIVERTON-PALMYRA, N. J. THURSDAY, JUNE 18, 1936

PRICE FIVE CENTS

DORRANCE TAXES  
EXPECTED JULY 1

Burlington County's Share Is \$609,172.99. May Also Get Interest

Payment of \$609,172.99 to Burlington county as its share of the Dorrance inheritance tax probably will be made July 1, Palmer L. Adams, director of the board of freeholders, informed the board at its semi-monthly meeting last Friday.

An effort is being made to secure legislation which will also give Burlington county a further sum of \$171,866.67 for interest from the time the payment of the tax became due.

Because of the fact that the Dorrance litigation was extended over a period of five years, with the county falling during that time to receive the money that properly belonged to it, the county had to pay out \$167,000 in interest charges on borrowed money, and Mr. Adams feels that the county should be reimbursed for this added expense.

## Fairview Investigation

Mr. Adams said that he had no report to make at Friday's meeting concerning the investigation he was authorized to make into the situation at Fairview Sanatorium, but will have full details ready for the next meeting of the Board. This investigation was ordered after the Board had received a request from the Burlington County Medical Society for the resignation of all present members of the institution's Board of Managers and the appointment of a new Board.

\$2093 More for Investigation  
Antinoph and Glasman, Atlantic City auditors who were appointed by Supreme Court Justice Joseph B. Perskie to make the audit of the county's books in preparation for the grand jury investigation on which indictments were returned last Thursday, presented their final bill, amounting to \$2093. They said there would be no charge for aiding Prosecutor Eastwood or for testifying before the grand jury. On motion of Finance Director Lamson, an emergency was declared and an emergency note issued to pay the bill.

Another emergency note, this one for \$4,000, was issued after a report was received from the Hartford Steam Boiler Inspection and Insurance Company and Superintendent Walter T. Stewart concerning one of the boilers at the Hospital for the Insane. Necessary repairs are estimated at \$4,015.30. On Mr. Lamson's motion the work was ordered started at once, under the direction of Mr. Adams.

## Road Closed

A resolution by Highway Director Jones was adopted, providing for the closing of the east end of St. Mihiel Drive, Burlington, so that work of the State Highway Department can proceed on Route 25. Devlin avenue will be used as a detour while this work is in progress.

Mr. Jones presented his road maintenance schedule for 1936. It was approved by the Board and ordered sent to the State Highway Department for its approval.

The Bell Telephone Company was given permission to make six openings in Broad street, Riverton, for the purpose of replacing broken manholes.

Permission was granted to the Public Service Electric and Gas Company to open the earth shoulder of the Jacksonville road for a distance of 312 feet between Broad street, Mount Holly, and the north end of O. M. Thornton's property for the purpose of installing a six-inch gas main to serve the new Rancocas Valley Regional High School Building.

Eastampton township reported that it has completed the improvement of Powell road and asked the county to take it over. Springfield township made a similar request concerning the road from Route 39 to the Pemberton township line by way of Arney's Mount and Julius.

RIVERTON DEFEATS  
EAST PHILLIES

By Moe Berg

The Riverton baseball team started its drive toward a long winning streak last night when they defeated the strong East Phillies nine by the score of 7 to 6.

So this season the boys have been pursued by the poorest of luck. Not a single break has been favorable and most of the players have not been able to strike their real stride.

However, they have been hustling and hope that soon they will be getting base blows instead of fly outs when a hit means a run.

The fans have been exceedingly generous in their support of a losing combination, and this is appreciated by the players. Each one of them is anxious to win and we feel that they will really prolong their very short winning streak.

This Saturday the Towanda Club of Philadelphia will be our opponents. The game will begin at 3 p.m. Each Wednesday evening a twilight game will be played at 6:30.

It is the aim of the club to show better attractions this season and so far they have succeeded. Many of the leading teams in Philadelphia have been played.

The writer will try to keep you informed from now until the end of the season on the games and any criticism, either favorable or otherwise, will be gladly accepted.

Don't forget Towanda, Saturday, 3.15 p.m.

PALMYRA QUOT  
LEAGUE SCORES

Monday evening's games in the Palmyra Quoit League resulted in one-sided scores.

The POS of A swamped the Play-ground 8-0. The Police won from the Palmyra AC 6-2. The Trojans took over the Extension 6-2.

The league standing is as follows:

Won	Lost
Trojans 25	7
POS of A 23	9
Police 17	15
Extension 16	16
Playground 8	24
Palmyra AC 7	25

After the game there was a meeting of the captains and it was decided to limit each team to eight players, with the thought that better games would result.

Players must register by Monday, June 22, when the next games will be played.

Both requests were referred to Mr. Jones.

Brannin "Acting" Engineer

F. Lytle Brannin, of Medford, was appointed acting county engineer, at no increase in salary, on motion of Mr. Jones. This was done so that certain papers in connection with highway matters can be signed by the official designated by law to do so.

Charles R. Roth, of Edgewater Park, present chairman of the Burlington County Welfare Board, was re-appointed to that body for another term of five years.

A letter of condolence was directed sent to the family of the late Howard Russ, former member of the Board.

Governor Hoffman sent a letter saying he is in sympathy with the freeholders recent request action of the distribution of road funds. He said the funds are at present uncertain, but he believes they will be available in the next few weeks.

The audit of the Sheriff's office during the closing months of George N. Wimer's term, from January 1 to November 12, last year, was received and filed.

The following departmental bills were approved and ordered paid: Highway and engineering, \$14,243.63; public buildings, \$21,648.64; bridges, \$4,086.09; revenue and finance, \$6,507.17; public affairs, \$13,717.61; total \$60,205.34.

CANVASSER LOOTS  
RIVERTON HOME

Gains Entrance Thru Back Door During Absence of Family: Gets 353 Pennies

John L. Layne, 17, of 3651 Rosemont avenue, Drexel Hill, Pa., was arrested by Officer John J. Robinson and charged with breaking and entering the home of Edwin Ochs, of 712 Thomas avenue, Riverton, on Friday.

Layne, one of a group of solicitors canvassing Riverton last week taking orders for household goods, noticed that no one was at home at the Ochs residence, so poked his elbow through the window in the back door, released the latch and walked in. He searched the entire house and found \$3.53 in pennies.

When Mr. Ochs returned later that day, he discovered that someone had been in the house and called the police. Officer Robinson was on duty at the time. He looked the situation over and discovered a heel print by the back door. Robinson returned to the Riverton station where the canvassers were waiting to be picked up by the rest of the group, and began to question them.

Layne admitted that he had been canvassing that district and Robinson took him back to the Ochs house, where he at first denied knowing anything of the robbery. When confronted by the heel mark he admitted the theft.

Layne is held under \$1,000 bail by Recorder Frank Probsting for the next meeting of the grand jury.

C. S. MEARS TO  
WED SATURDAY

Miss Anne Halsted deLancey, daughter of Mr. and Mrs. Darrah deLancey, Waterbury, Connecticut, will become the bride of C. Singleton Mears, of Shrewsbury Yard, Riverton, at a home wedding Saturday, June 20, at 3:30.

The matron of honor will be Mrs. Joseph L. Hetzel, sister of the bride also of Waterbury. Mrs. Hetzel was the former Miss Margaret deLancey.

Claude J. K. Anderson, of Rive Gauche, Riverton, will serve as best man.

After a wedding trip Mr. and Mrs. Mears are expected to live in Riverton.

WILL-CELEBRATE  
30th ANNIVERSARY

Chief of Police and Mrs. C. Morris Beck, 614 Highland avenue, Palmyra, will celebrate their thirtieth wedding anniversary on Saturday, June 20, at which time a number of their friends will be their guests.

Mr. Beck married Ada Lowden, of Palmyra, in 1906, at which time he worked for a fire alarm company in Philadelphia.

Five years later Mr. Beck joined the Palmyra police force as chief and has remained in that position ever since.

This January Mr. Beck will have served for twenty-five years.

PALMYRA POLICE  
NOTES

The Palmyra Police Department is continuing its drive against careless and reckless driving.

On Tuesday Martin Parangian, 22, of 126, North Eleventh street, Camden, was arrested by Officer Lawrence Betty for careless driving at the intersection of Broad street and Cinnaminson avenue, which is a stop crossing.

Parangian was going through on Broad street at an estimated speed of 40 miles an hour. Betty took Parangian before Recorder Carl Lutz, who fined the offender \$5.

FORMER COUNTY  
OFFICERS INDICTED

Prosecutor Eastwood Makes Public Charges Against Accused Men

Prosecutor Howard Eastwood made public on Tuesday of this week 85 of the 106 indictments returned last Thursday by the Burlington County Grand Jury in the investigation of alleged mispending of county funds.

The entire 85 indictments, covering transactions between the Tar Distribution Corporation, of Trenton, and Burlington county, charge that during a period from June 22, 1934, to December 28, 1934, the county contracted and paid for 441,732 gallons of road oil at a cost of \$63,186.33, while 78,019 gallons, at a cost of \$13,911.15, were not actually received and applied. Specific charges in the true bills against the five men now under bond include perjury, obtaining money under false pretenses, and malfeasance in office.

Forty-one Against Tobish  
Theodore Tobish, road material contractor of Trenton, treasurer of the Tar Distribution Corporation, who posted a \$10,000 bond with Sheriff John M. Chant, on Friday, guaranteeing appearance in court, accounted for 41 of the indictments. Twenty-one of the indictments charge him with receiving money under false pretenses, growing out of the discrepancies in the number of gallons of oil contracted for and the amount received. He is indicted on twenty counts for perjury, charging falsification of affidavits in connection with the bills for the oil.

Stout and MacFarland  
Freeholder Charles R. Stout, of Florence, who was released on Friday after furnishing bail for \$2,500, is indicted on twenty-one counts charging malfeasance in office.

Louis A. MacFarland, of Clermont, similarly charged in twenty-one indictments charging malfeasance in office, posted \$2,500 bail on Saturday. Supervisor of county roads for 15 years, MacFarland lost office on January 2, 1935.

Indictments against both MacFarland and Stout charge malfeasance in office in failing to do their duty as county officers, one to correspond to each of the twenty-one indictments against Tobish.

Auditor Indicted  
Harry J. Ziegler, of Riverside, former county auditor, is charged in one indictment with malfeasance in office. He is at liberty under \$1,000 bail. He is charged with failure to properly audit certain bills presented to the freeholders for payment, and willfully and unlawfully audited two bills containing duplicate items—one dated October 19, 1934, amounting to \$7,888.22, and another dated November 10, 1934, amounting to \$4,750.60, for materials furnished and labor performed, presented by the Tar Distribution Corporation. Also countersigning check for \$8,217.58, which included payment of identical items of shipment, covering a bill which already had been paid. He is charged with permitting the corporation to unlawfully obtain \$3,045.32 from Burlington county.

Former Clerk Held  
Alfonzo Adams, of Florence, former clerk of the Board of Freeholders, similarly charged, posted \$1,000 bail on Saturday. He is charged with malfeasance in improperly countersigning a check for \$8,217.58, drawn by County Treasurer Joseph S. Bright to the order of Tar Distribution Corporation, thus permitting the corporation to unlawfully obtain \$3,045.32 from Burlington county.

Without consistency there is no moral strength.—Owen.

Break in Banks  
Councilman Gorham P. Sargent, chairman of the highway committee, reported that he had treated with Amieville Eighteen struck by Lippincott to Main, and would do Seventh street between the same streets the following day.

In connection with this road work, Councilman E. K. Merrill said that inasmuch as 10,000 square yards of this improvement would be done this year, and that the extra work of supervising it would fall on Robert H. Clelland, supervisor of streets, he moved that the sum of \$75 for extra compensation be given to Mr. Clelland. The motion was unanimously carried.

Councilman John Strohlein, chairman of the borough property committee, reported that the retaining wall of the city pond in the creek at Memorial Park had broken away in places and that if the pond is to be maintained some repairs will be necessary. He suggested that his fellow members of council look the situation over before determining what action to take.

Mr. Merrill, reporting for the insurance committee, of which he is chairman, said that through the services of Wagner & Taylor, insurance brokers, the sum of \$66.26 had been saved on premiums for liability insurance carried on borough employees and fire company members, and that in addition a further saving had been made in premiums on the borough road equipment and police car, amounting to \$50.85. He spoke highly of the services rendered by this company, of which Clarence Verkes, of Riverton, is local representative.

Fourth of July Plans  
Reporting for the Fourth of July committee, Mr. Strohlein said that chairmen had been appointed for the various activities, and that a committee from the Town Meeting would solicit funds for fireworks and a band on the Fourth.

The building inspector's report showed permits issued for \$300 worth of repairs, with fees of \$2.50. The clerk reported that the Bell Telephone Company is reconstructing a number of manholes in the borough for the purpose of replacing the present covers with a heavier type, as many of those in use in the past have been broken by heavy trucks passing over them.

Street Paving Broken  
Mr. Knight reported that Howard street had been opened by workmen during the reconstruction of the public school, and that the surface had not been replaced in its original condition. The matter was referred to the highway committee. Councilman J. W. Sylvester suggested that arrangements be made whereby in the future the streets be put in proper condition following an opening and the cost charged to the party making the opening.

RIVERTON POLICE  
TO HALT SPEEDING

Complaint of Citizens Will Result in Drastic Action If Necessary

Councilman Robert W. Knight, chairman of the police committee of the Riverton Borough Council, reported to that body last Thursday night that he had received complaints of speeding on the upper section of Thomas avenue, Main street and other parts of the town. Mr. Knight said that the police department would take such drastic action as might be necessary to break up this dangerous practice.

D. M. Clifton, borough clerk, reported a refund of \$28.50 from the ERA for money spent by the local welfare association for relief after the 20th of April, the time when state aid ceased.

Road Improvements  
Councilman Gorham P. Sargent, chairman of the highway committee, reported that he had treated with Amieville Eighteen struck by Lippincott to Main, and would do Seventh street between the same streets the following day.

In connection with this road work, Councilman E. K. Merrill said that inasmuch as 10,000 square yards of this improvement would be done this year, and that the extra work of supervising it would fall on Robert H. ## EXAMINATION AT MT. HOLLY, JUNE 29

Winner Will Receive Four Years Free Tuition at Rutgers University

A competitive examination will be held for a Scholarship to Rutgers University, under the Act of 1864, on Monday, June 29, 1936. The examination will be held in room 6 at the Mount Holly High School. It will begin promptly at 9 o'clock. Candidates will be required to take a test in English, Algebra I and II, Plane Geometry, and World History.

English will include grammar, composition, and literature as studied during the senior year in high school. World History will include the early beginnings of nations through modern times with emphasis on the modern times.

The scholarship is worth the entire cost of tuition, approximately \$200 per year for a term of four years.

The examination is open to graduates of Burlington county high schools who are now residents of Burlington county.

### KINGSTON-KAEUFER

Miss Edith Abbie Kaeufer, daughter of Mr. and Mrs. John Kaeufer, of Parry, became the bride of Richard Joseph Kingston, son of Mr. and Mrs. Richard T. Kingston, of Camden, at a very pretty wedding in the Palmyra Moravian Church, Wednesday evening, June 10, at 8 o'clock. The Rev. A. J. Harke performed the ceremony.

The bride who was given away by her father, was dressed in white satin made on princess lines with a tulle veil fashioned cap style and held in place with orange blossoms. The bride carried a bouquet of white roses and baby's breath.

Miss Bertha Kaeufer, sister of the bride, was maid of honor and wore a gown of peach mousseline de soie and a large horsehair hat. She carried a bouquet of roses to match her gown.

Miss Edna Carver, of Camden, the other attendant, was dressed in a low mousseline de soie with hat to match and carried yellow roses. John Kingston was best man, John Southwick, of Camden, was usher.

After a wedding trip to Montreal, Canada, Thousand Islands and Harrisburg, Mr. and Mrs. Kingston will be at home at 2407 Forty-fifth street, Camden.

### OLNEY-PARTIDGE

A very pretty wedding took place in the livingroom at the home of Miss Helen Woolman, River Bank, Riverton, when Miss Charlotte Louise Partridge, her niece, became the bride of Robert Stanley Olney, of New York City.

The wedding was to have been in the garden, but owing to the inclement weather, was held in the house. The ceremony took place at 4 o'clock with the Rev. David Holmes, assistant rector of All Saints' Episcopal Church, Wynwood, Pa., and friend of the bride, officiating.

Miss Partridge is the daughter of the late Judge Daniel Partridge, Jr., of Selma, Alabama, and Mrs. Partridge, of Washington, D. C. She is a niece of Mr. and Mrs. Walter K. Woolman, of Riverton, and a graduate of Miss Maderia's School, Washington.

Mr. Olney is the son of Mrs. Prentiss Bassett, of Bluff Head, Lake George. He was graduated from the Pomfret School, Pomfret, Connecticut, and from Cornell University. The bride was given in marriage by her brother, Daniel Partridge, III, of Washington. She wore the ivory satin wedding gown of her aunt, Mrs. C. S. Somervell, fashioned with exquisite rose point yoke and a long train. Her veil of rose point lace over a foundation of tulle was that worn by the bridegroom's mother, and the bride carried gardenias and lilies of the valley.

The bride's attendants were her sister-in-law, Mrs. Daniel Partridge, III, as matron of honor; Miss Elizabeth Lauritsen, of New York, as maid of honor; her cousin, Miss Elizabeth Woolman, of Riverton; Miss Kathryn Hewitt, of Grand Rapids, Michigan; Miss Frances (continued on page 7)

## RIVERTON SCHOOL NOTES

At the close of the school the following children had established certain habits desirable for good citizenship. They have been on the honor roll the entire year.

## EPWORTH M. E. CHURCH

Rev. William A. Boyd, Pastor

"The Divine Gardener," is the title of a series of summer sermons to be given in the morning service at eleven o'clock. The series will include the following themes: The Gardener; The Gardener and His Garden; His Vineyard; His Seed; His Majestic Hills; His Rainbow; His Birds; His Bleeding Vine; His Sun; His Sky, etc. The public is invited to hear these sermons on "God's Out of Doors."

There will be no service in our church in the evening during the summer months beginning this week. Our church will join with the other Protestant Churches of Palmyra in a union meeting to be held in the grove Sunday evenings at 7 o'clock. This Sunday evening is to be known as Methodist night. Mr. Boyd will be the speaker. The music Riverton 1042.

## RECEIVES DEGREE

LOUIS J. KASER

County Superintendent of Schools, who received his doctor's degree at Rutgers University last week.

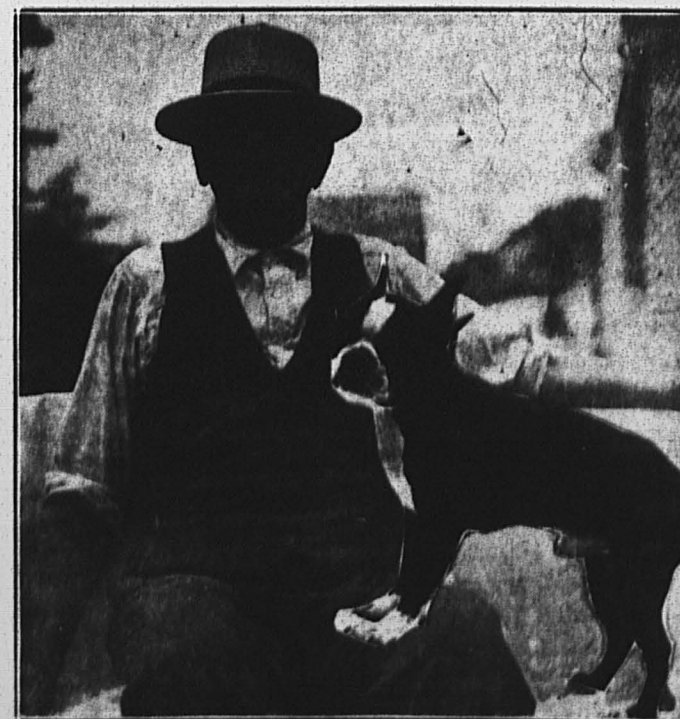

GOLF CHATTER

The Riverton Country Club Women golfers opened their summer golf schedule on May 19th and since that time there has been much enthusiasm among the players. There is a different play each Tuesday and at the end of the year prizes are awarded to all those winning during the season.

The golf committee, elected for the year, is composed of the following: Mrs. W. Lynn Hendrickson, Mrs. H. M. Kieckhefer, Mrs. J. D. Clark, Mrs. J. C. Anderson, all of Riverton; Mrs. R. I. Downs, Riverside; Mrs. R. S. Charlton, Delanco; and Mrs. F. C. Langenberg, Beverly. There were prizes Tuesday for Classes A and B. Mrs. H. M. Kieckhefer won the prize for A class and Mrs. Howard M. Coe won the B class prize.

Next Tuesday there will be a Flag tournament and on July 4 the committee has planned a mixed foursome for the men and women members. After this date there will be no scheduled tournaments until the first week in September, but Tuesday will continue to be women's golf day.

## PRIZE WINNING TERRIER AND OWNER

Pictured here is R. Strickenbein, of 316 Berkley avenue, Palmyra, and his prize-winning Boston Terrier "Dixie Kid." The terrier carried off highest honors and three special prizes at the Philadelphia Boston Terrier Show at Bala on June 6th. The dog won the title of "best of winners" in all classes, and last year won first honors in the puppy class, at Noble, Penna.

The dog's mother, "Carry On Sweetheart," won first honors last year at both Chestnut Hill and Noble. Mr. Strickenbein, a resident of Palmyra for the past thirty years, has been raising dogs as a hobby for over forty years.

## YACHT CLUB YARNS

BY NUTE  
AND  
MIKE

Wednesday evening, June 10th., began this week's activity by opening our annual Wednesday evening series. Due to a misunderstanding of schedules only three boats were entered. John Ayres sailed his "Zephyr" to victory over Lloyd Gladney and Johnny Lane who finished second and third respectively. Thor's light winds prevailed as usual during these evening races, the boats got off to a fine start. Sailing "nip and tuck" over the entire course, the positions of the various boats interchanged quite frequently.

## Races for Fair Sex

The next two Wednesday evening races will be sailed by feminine skippers. These races are held to encourage female participation in yacht club activities. Along with the beginners' mistakes which afford a bit of humor, we find a lot of here-tofore undiscovered talent among the fairer sex. Due to inclement weather no races were held Saturday the thirteenth. Although there were no races, the various skippers and other members had an enjoyable afternoon discussing past, present and future regattas. ("Much Ado About Nothing.")

## Two Races on 14th

Sunday, June fourteenth, two races were sailed, bringing the schedule up to date. Despite the overcast skies a goodly number of spectators were present to witness races made interesting by an eleven-mile breeze. Snappy handling and excellent judgment of existing conditions on the part of Bert Shoemaker brought him victory in the first contest. Bob Lippincott, sailing Tom Coe's boat, finished second. Gladney, improving greatly over last week's "up-setting" experience, crossed in third place. Buck Parsons finished fourth with Ted Hunn fifth. Johnny Lane and John Ayres brought up the rear, finishing in the order named.

## Bob Lippincott Wins Second

The second race was sailed immediately after the first, with Bob Lippincott having the edge through-out and winning by a wide margin. Bert Shoemaker, tho' placing second, finished far astern of Lippincott. Parsons, improving with every race, came in third. Ted Hunn jumped up one place to finish fourth. Gladney and Lane battled it out for fifth and sixth position with Gladney winning. Ayers, misjudging the tide, finished last.

To foster interest in sailing for the younger yacht club members a juvenile race was held, Fritz Steiner carrying away the honors. Bertha Hansen finished second, Marcy Lippincott third, Walter Hansen fourth, Tom Mooney, fifth, John Knight sixth, and Raymond Lippincott last.

## "Up River Day"

Extensive preparations are being made for the annual "Up River Day," to be held this coming Sunday. The majority of the club members are expected to attend. There will be a free-for-all race held from the R.Y.C. to the Red Dragon Canoe Club where the festivities shall occur.

The season for the sixteen-foot class shall be inaugurated Saturday at 3.15 p.m. After a slight delay these boats are now ready for keen competition. There will be two series of races for these boats, with the winner receiving a trophy as champion for the year.

MT. ZION CHURCH  
ELECTS TRUSTEES

The congregation of Mt. Zion A.M.E. Church, held the annual election of trustees on Monday night, June 15th.

Those elected were, George M. Madison, James Biddle, Miss Dorothy Johnson, Winfield F. Green, William Johnson, Jr., Miss Lydia Brown, Wallace Ashby, William A. Dorsey, Jr., Josiah Conwell, Sr.

A special Building Loan Fund Committee has been formed, and a drive for \$1,000 for local church purposes launched.

KASER RECEIVES  
DOCTOR'S DEGREE

Received Bachelor's Degree in 1932 and Master's Degree Two Years Later

County Superintendent of Schools Louis J. Kaser received his doctor's degree at Rutgers University yesterday. This is the culmination of a course of study he has been pursuing for several years, during which he received a bachelor's degree in 1932 and master's degree in 1934—all from Rutgers.

Mr. Kaser is a graduate of the New Jersey Normal School, class of 1902. Since then he has taken considerable graduate work at New York University. He was the first President of the Alumni Association of the School of Education of Rutgers University, is a member of the Phi Delta Kappa of Rutgers and a member of the New Jersey Schoolmasters' Club.

Prior to coming to Burlington county to become superintendent of schools in 1916, Mr. Kaser was with Rider College for four years, holding a secretarial position.

Burlington county has become outstanding in the East in its consolidation of rural schools under Mr. Kaser's regime, and is recognized as having one of the most excellent transportation systems for school children in the state. During his administration as county superintendent, all of the one-room and 16 two-room schools of the county have been consolidated into larger units.

Mr. Kaser wrote his doctor's dissertation on "The Application of a County Unit of School Administration to Certain Counties of New Jersey." In former teaching positions he was supervising principal of South River Schools, near New Brunswick, in 1916; held a similar position in Tuckerton, 1908-1911. In earlier teaching days he taught school at English Creek, Scullville, Somers Point and Mantua.

## OBITUARIES

## MRS. EMMA KLOOP

Mrs. Emma Kloop, mother of Mrs. Marius Kracke, of 505 Main street, Riverton, died at the home of her daughter, Saturday evening after a long illness.

Interment was made in Haines Cemetery, Reading, Pa., Wednesday, June 17, Jerome J. Zisak, funeral director in charge.

winning. Ayers, misjudging the tide, finished last. To foster interest in sailing for the younger yacht club members a juvenile race was held, Fritz Steiner carrying away the honors. Riverton Police  
To Halt Speeding

(continued from page 1)

Charles B. Showell, of Newburg, N. Y., stating that an oil burner had been removed from the Showell property at 405 Bank avenue by unknown parties who had carried it off in a small truck. The writer asked for police protection for the property. The matter was referred to the police committee.

On motion of Mr. Merrill the mayor and clerk were authorized to negotiate a tax anticipation note in the sum of \$3,900.

A letter from the League of Municipalities, asking council to urge the legislature to remain in session until some definite action is taken to provide funds for relief, was referred to Ross E. Mattis, president of the local welfare association.

## Will Ask Palmyra to Help

Mr. Merrill brought up the bill of \$24.50 for serum for the inoculation against rabies of William Dixon last February. A previous bill of \$14.00 for administering the serum had been paid, under the impression that this covered the whole transaction. Investigation developed the fact that the Dixons had recently moved to Riverton from Palmyra, and were still on the Palmyra relief roll. In view of this fact the clerk was instructed to communicate with the Palmyra authorities to see if they would be willing to pay a portion of the whole expense, amounting to \$38.50.

## Fifty Dollars for Legion

On motion of Mr. Merrill a contribution of \$50 was made to the American Legion of Riverton and Palmyra toward the expenses of the Memorial Day celebration.

Mr. Knight reported that he had received complaint of objectionable cesspools in the borough. The matter was referred to the board of health.

## Report of Police Committee

The report of the police committee includes four accidents, 15 arrests, 27 complaints and reports investigated and answered, 4 complaints of dogs, 4 calls from other police departments, 6 dogs and cats gassed, 3 fire alarms turned in by police, 1 complaint of garbage service, 2 homes reported closed, 2 night lodgers, and a report from the Pennsylvania Railroad Company that Mrs. Emma A. ### OLNEY-PARTRIDGE

(continued from page 2)

Wilson, of Clearfield, Pa., and Miss  
Mary Cooper, of New York City, as  
bridesmaids.  
The attendants wore frocks of  
mousseline de soie designed on red-  
ingote lines. They were fashioned  
with cap sleeves, high neck lines  
caught with a ribbon bow at the  
throat and revealed a contrasting  
crepe frock beneath. The model  
worn by the matron of honor was  
of deep plum blue over flesh, the  
blue scheme being carried out in the  
trim of her leghorn picture hat and  
in her bouquet of delphinium and  
other garden flowers.

The maid of honor's frock was of  
flame over flesh and the bridesmaids  
appeared in redingotes of chartreuse  
with frocks of yellow. All wore  
cartwheel leghorns with trim to  
match their respective frocks and  
their bouquets were of snapdragons  
and Marguerite in blending hues.

Daniel Olney, of Washington,  
served as best man for his brother,  
and Philip Somervell, of Riverton,  
the bride's cousin; Gillett Bird and  
Harrison Bird, of New York, cousins  
of the bridegroom, and James  
Souther, of Long Island, were  
ushers.

Following the reception Mr. and  
Mrs. Olney left for a wedding trip  
to Lake George and on their return  
will make their home in New Haven,  
Connecticut.

### DUNPHY-SCHMIDT

The marriage of Miss Rose Ger-  
trude Schmidt, of Palmyra, teacher  
in Palmyra High School, and Ed-  
ward Nicholas Dunphy, of Harrison,  
Hudson county, will take place Sat-  
urday, June 27, at 9 a.m., in Sacred  
Heart Church, Riverton. The cere-  
mony will be performed by the Rev.  
John J. McGrath, rector of the  
church, at a nuptial mass.

Miss Schmidt has taught German  
and French at Palmyra High School  
since her graduation two years ago  
from New Jersey College for Wo-  
men. Mr. Dunphy was graduated  
from Rutgers University, New  
Brunswick, the same year and is now  
on the staff of the Trenton State  
Gazette.

Both Miss Schmidt and Mr. Dun-  
phy were made members of Phi Beta  
Kappa, national honorary academic  
society, at college. Miss Schmidt  
was head of the women's branch of  
the Newman Club there, and Mr.  
Dunphy was editor of the university  
newspaper. He is a member of Beta  
Theta Pi fraternity.

Miss Schmidt, a daughter of the  
late Mr. and Mrs. Ferdinand  
Schmidt, of Palmyra, will be given  
in marriage by Fred P. Smith,  
Moorestown township commit-  
tee-man, at whose home she formerly  
resided. Mr. Dunphy is a son of  
Mrs. Patrick W. Dunphy, of Har-  
rison.

Attendants for the bride elect will  
be her sister, Mrs. Robert A. Mel-  
cher, as matron of honor, and Miss  
Ermya Jewell, of Palmyra, and Miss  
Kae S. Dunphy, of Harrison, sister  
of the groom, as bridesmaids.

Joseph P. Dunn, of Newark, will  
be best man, and Hector A. Mattia,

## YWCA NOTES

### Day Camp Registrations

Registrations for the summer day  
camp to be conducted by the Bur-  
lington County Young Women's  
Christian Association this July on  
the Rancocas creek at New Lisbon,  
may be made at the county YWCA  
office, Paxon street, Mount Holly.

The camp site is the same as that  
used last year, and offers an excel-  
lent opportunity for swimming and  
water sports as well as other activi-  
ties. The camp season begins Tues-  
day, July 7, and it will be in session  
each Tuesday, Wednesday and  
Thursday during July. It will be  
open to all girls in the county be-  
tween the ages of ten and eighteen.

Miss Elizabeth McHenry, execu-  
tive secretary of the county associa-  
tion will be the camp director.  
Among the activities offered will be  
swimming, water sports, dramatics,  
games, work shop, etc. Red Cross  
life saving instruction and tests will  
be given to girls having their par-  
ents' permission to engage in this  
activity.

There will be a registration fee of  
fifty cents and the cost per day will  
be only thirty-five cents, or one  
dollar per camp week. At no extra  
cost, a camp bus will provide trans-  
portation for girls between Mount  
Holly and New Lisbon, leaving Mt.  
Holly each camp day at 9 a.m. and  
returning at 4 p.m.

Further information concerning  
the camp may be obtained at the  
county YWCA office.

SAILS FOR HOME  
In a recent letter from "Bill"  
Quigley, Jr., he tells us a little of  
his work in the Philippine Islands.  
"This is sure a small world. Here  
at Fort Dunn we have several boys  
from Camden and vicinity. There  
is also a boy here from Riverside,  
Patrolman John Pitman's son."

"We are to sail for the U.S.A. on  
July 22. We will stop in China,  
Hawaii and San Francisco, staying  
at Frisco from six to ten days, stop-  
ping at Panama on our way to New  
York. No doubt we will be in port  
on or about September 15th.

BROADWAY THEATRE  
FRIDAY & SATURDAY

William Powell (Mr. "Thin Man") co-starred with Jean Arthur in "The Ex-Mrs. Bradford."

VISITATION DAY  
AT HOLIDAY HOUSE

The GFS Holiday House is now open and visitation day is being held June 27.

Everyone is welcomed to "The Springs" for lunch and inspection of the house at Island Heights.

IRENE DUNNE  
IN "SHOW BOAT"

When Irene Dunne stepped aboard the Cotton Blossom for the initial "Show Boat" scenes in the Universal picture, she completed a round of riverboat memories that began in Louisville, Kentucky, where she was born.

When she rose to prominence on the stage, she scored a tremendous hit with the first road production of "Show Boat," in which the floating theatre was named Cotton Blossom. All the thoughts of her childhood and her stage triumph came back to her while she acted before the camera in the film that is now at the Savar theatre, Market just above Broadway, Camden.

The change of fashions causes Miss Dunne to wear 38 different striking costumes. All the other players, some 3,500 of them, were dressed in the picturesque modes that began in 1885 and came down to the present day.

Don't you know of some girl to whom you would like to give a week's vacation? This is an ideal spot.

Nothing like a hot shower after 18 holes—but the water must be HOT.

## HOT WATER BY GAS IS CHEAP

Those who exercise or are subjected to physical exertion appreciate the soothing and restoring effect of a stimulating hot bath. The water must be hot and not suddenly run cold. The water should be automatically hot.

The best—and the cheapest—way to have 100% automatic hot water service in the home is by using gas as the fuel.

If you are not now enjoying automatic hot water service in your home, investigate the modern gas water heater.

Ask your plumber or gas company water heating man to call and give you an estimate of the cost of heating water automatically by gas.

FERRY CO. OFFERS  
S-41 LOT FOR TAX

Makes Proposition to Redeem  
Property Acquired by Palmyra in Tax Sale

Charles A. Wright, of Philadelphia, formerly of Riverton, and president of the Tacony-Palmyra Ferry Company, and Clayton Jones, of Camden, were present at the Palmyra Borough Council meeting held in the firehouse last Thursday night, and offered Council two propositions to redeem the old ferry company property now held by the borough under a tax lien title.

The first proposition was a cash settlement for an amount less than the taxes due on the property. They stated that if the borough would set a figure they would attempt to borrow funds up to their capacity in order to secure clear title to the property again and then would endeavor to keep up the taxes in years to come. The property at the present is vacant land and is bringing no revenue of any kind to its owners.

## Can Make No Exception

Mayor Ward said that many people who also held land which has not produced any income to its owners have kept their taxes paid for the full amount assessed. Some even borrowed on their life insurance policies in order to pay their taxes, and he felt that no special exception could be made in the case of the ferry company.

Mr. Jones, attorney for the ferry company, stated that the property, if sold at the present time, would probably not bring enough to pay the taxes billed against it, and he felt that some legal arrangement could be made to bring the title back to the original owners which would not be injurious to the taxpayers of the community.

The property in question includes marsh land, meadows, what is known as the "Hubbs Farm" and the ferry slip and fill.

## Second Proposition

The taxes billed at present against the property total \$8,775.60. Mr. Jones said that their other property, held by the Palmyra Realty Company, is located on S-41 and includes the triangle which is now being kept up by the police department and on which the traffic booth is located at the corner of S-41 and Broad street. This piece of land should belong to the Borough of Palmyra and the company would be willing to deed it to the borough to cancel the taxes on the ferry property. He estimated the value of the lot at \$3,000.

Mayor Ward asked Mr. Jones what cash figure he had in mind to offer in settlement of the tax lien. Mr. Jones stated that at the time he had no definite figure in mind, but would forward a definite cash offer for the consideration of Council.

Mr. Jones further stated that he would endeavor to induce some industry to settle in West Palmyra since he is an attorney for several large Philadelphia concerns.

## Palmyra Men Laid Off

Mr. Smith, of Cinnaminson avenue, a WPA employee, stated that twenty-six Palmyra men had been laid off in the Moorestown WPA project which was engaged in a sewer construction program. He said that there is plenty of work yet to be done and plenty of money with which to do it, but that the Palmyra men had been laid off to make room for Moorestown and Maple Shade unemployed.

George J. Spencer, Borough Clerk, has since been assured by Mr. Grasscrue that the twenty-six Palmyra men will have employment again by July 1.

Bids were received for 40,000 gallons or more of slow-curing oil to be applied on the streets of Palmyra. Hilton M. Smith, of Riverton, (continued on page 11)

PALMYRA PLANS  
BIG CELEBRATION

Parade, Band Concert, Prizes for Decorations, Sports on Program for Fourth

The Palmyra Community Fourth of July celebration being planned by the committee will probably be the most elaborate yet attempted. A full day of activity employing the use of the recently renovated grove and municipal park has been arranged.

Patriotic boys of the community have been making canvasses for funds. The committee will sit in police headquarters on Thursday and Friday nights of this week and Wednesday, Thursday and Friday nights of next week to receive applications for sports events open to the boys and girls of the community.

This committee will also receive funds from the canvassers.

The program officially opens at 7 o'clock in the morning with a flag raising ceremony.

At 9 a.m. a parade will form on Weart Boulevard. The route of march will be as follows: Weart Boulevard to Broad street, to Market street, countermarch on Broad street to Elm avenue, crossing the railroad tracks and proceeding West on the South side of Broad street to the grove where it will be disbanded and prizes awarded.

The Minging band, of Palmyra, will furnish the music for the day.

## Prizes

The parade events and prizes are as follows:

Best patriotic impersonation by child, first \$3, second \$2.

Best novelty child's costume, first \$3, second \$2.

Best decorated baby coach and child, first \$2, second \$1.

Best decorated bicycle, first \$2, second \$1.

Best decorated child's vehicle, first \$2, second \$1.

Best boys' bugle corp, \$5.

Best appearing boys' troop, \$5.

Best boys' troop specialty display, \$5.

Best appearing girls' organization, \$5.

Best business display, first \$5, second \$2.50.

Best decorated private automobile first \$5, second \$2.50.

At 10.45 the Palmyra A. C. will stage a baseball game in the new municipal park with the Riverton A.A. nine.

## Sports

At one o'clock the sports events will be held on South Broad street between Cinnaminson and Garfield avenues. The events are as follows:

Balloon race for girls between 8-12 and 13-16; balloon race for boys between 8-12 and 13-16; 3-legged race (continued on page 9)

## SUICIDE

WILLIAM S. C. RORAY

W. S. C. Roray Shoots Wife and Commits Suicide Early Today

William S. C. Roray, Palmyra attorney, shot and instantly killed his wife Florence and then turned the gun on himself in their home, 430 Lecony avenue, Palmyra, early this morning.

The gun is thought to be the one kept in the Palmyra National Bank, where Mr. Roray has been receiver since the President's bank holiday in March of 1933.

The bodies were discovered by Mrs. Dorothy MacLaren, of 1106 Garfield avenue, who is employed in the Roray home. When she came to work Thursday morning she found the milk and the morning paper still on the front porch. After ringing the door bell, which is unusually loud, and receiving no answer, she entered the house.

MUNICIPAL HEADS  
TO DISCUSS RELIEF

Mayors, Councilmen and Township Committeemen to Meet in Maple Shade

Ernest J. Wolff, chairman of Maple Shade Township, has issued a call to the mayors, councils and township committees of Burlington county to attend a meeting in the Municipal Building, Maple Shade, Friday evening, at 8 o'clock to consider the proper administration of relief.

The letter stated that proper relief cannot be administered by the municipalities because of the difficulty of raising funds, and cites the unfairness of additional real estate taxation for relief funds, and that funds for relief purposes should be supplied by the State. It also relates that county administration of relief with local supervision would meet the conditions more satisfactorily.

Mayor John F. Ward and George N. Wimer, local administrator, will officially attend the meeting.

RIVERTON FOURTH  
OF JULY PROGRAM

Committees Selected and Plans Laid for Celebration of Independence Day

A joint meeting of the Riverton Town Meeting and the Riverton Borough Council Fourth of July committees was held Monday night in the Riverton Fire House, where elaborate plans for an interesting Fourth of July were made.

Daniel M. Clifton, borough clerk, was elected treasurer of the joint committee.

It was decided by the committee to have fireworks, band and flag parade. The Moose Band, of Camden, with 22 pieces, was engaged, for the sum of \$200, \$100 for 30 dozen silk flags for the children's parade was appropriated.

Robert W. Knight reported that Mrs. Leroy Shoemaker, of Bank avenue, had offered electric current from her residence to supply electric lights for the band for the evening concert.

## Program

The program tentatively arranged is as follows: Parade in the morning composed of fire companies, children's division, officials of the borough, band, etc. The parade will disband at the riverbank where prizes for the children's parade will be awarded on the lawn in front of the home of Mr. and Mrs. Maurice G. Belknap, 311 Bank avenue.

The invocation will be made by the Rev. Francis B. Downs, of Christ Church, Riverton.

Following the invocation, George D. Steedle will lead the community singing.

A band concert will follow the singing.

Yacht Club activities will be announced in next week's issue of The New Era.

Athletic events for boys, girls and adults of Riverton and Cinnaminson will be held at the foot of Main street at 10.45.

## Ball Games

The afternoon program will probably consist of a soft ball game at Memorial Park, band concert at the park, aquatic events at the Riverton Yacht Club and a hard ball game at the park. The band will play at the riverbank later in the afternoon.

The evening program will consist of a tilting contest including novelty features, band concert on the riverbank and fireworks as the concluding high spot in the program. The time and definite arrangements of this program will be published in next week's paper.

The committees selected so far are as follows: Mayor and Council of the Borough of Riverton: H. Mc- (continued on page 9)

JURY REPORT ON  
INVESTIGATION

Describes Some of Evidence As "Insincere or Worse." Dr. Newcomb Exonerated

Five men pleaded not guilty last Thursday to the items for which they were indicted by the April grand jury, after considering charges made by the New Deal freeholders against former county officials and others.

They are, Charles R. Stout, of Florence, present member of the board, and former director, indicted on 21 counts for malfeasance.

Harry Ziegler, of Riverside, former clerk of the freeholder board, under one malfeasance indictment. Theodore Tobish, of Trenton, highway materials contractor, indicted on 21 counts for obtaining money under false pretenses in connection with road oil contracts and on 20 counts for perjury.

Louis A. MacFarland, former county road superintendent, indicted on one malfeasance count.

Alfonza Adams, former clerk of the board, under indictment for malfeasance.

Christopher Peditto appeared for Stout, James Mercer Davis, Sr., for Ziegler, Samuel Knight for Tobish, Stanley K. Heilbron for MacFarland and Henry F. Stockwell for Adams.

"Insincerity or Worse"

The wording of the report, which was addressed to Supreme Court Justice Joseph Perskie and Judge Frank A. Hendrickson, will bear careful reading for its implications, as well as for the statements made directly.

In one place it says "Some of the evidence smacked of insincerity or worse." In another: "Inferences and suggestions of criminal intent in connection with the Riverside-Delanco bridge contracts

## RIVERTON

The Sunday School picnic of Christ Church, Riverton, was held at Clementon Park, Monday of this week. About seventy children and adults enjoyed the games and amusements offered at the park.

Miss Jane Fredericks, of Cranford, is visiting her grandmother, Mrs. Frank Rue, for several weeks.

Jury Report on Investigation  
(continued from page 1)

part of 1933 quantities of road material, consisting of oil, gravel and sand, as well as truck hire and labor, were furnished by the county to the private property of Freeholder Charles R. Stout, for which payment was made by county checks. On Jan. 18, 1933, Mr. Stout made payment to the county in the sum of \$178.55 in payment of these items. "However it is charged that this check did not pay in full for the aforesaid items furnished and paid for by the county. If there were any excesses not paid for by Mr. Stout, no criminal action can be taken as it is not within the statute of limitations."

## Testimony Indefinite

The jury report said that testimony in this case was indefinite and involved the use of Stout's property while building the Cedar Lake road, the use of rubble in low places, as well as the purchases and payments. The jury report said: "The matter was left to present county officials to bring civil suit against Mr. Stout to recover for any amount he used for which he did not pay."

Inferences and suggestions of criminal intent in connection with the Riverside-Delanco bridge contracts were found to be unsupported by the facts submitted. In the matter of missing records, admittedly stressed by the accountants aiding the investigation, it was found that no important data was missing and that duplicates were available in all cases.

## "Considerable Question"

"Considerable question was raised as to who was responsible for abstracting records from the files," the jury reported, however. "Some of the evidence in this matter 'smacked' of insincerity or 'worse.'"

"Laxity" was found to have existed in the payment of notes. "We find that three days before his retirement," the report read, "Allenza Adams, clerk of the board of freeholders, caused to be issued three checks in payment of notes, payable on demand, in which notes he was either directly or indirectly interested; that these notes were paid without specific authority from the board of freeholders."

## "Laxity" Is Found

"These notes were found to be 'demand notes.' Payment was demanded and they were accordingly paid. The authority seemed to have been vested in the director of finance, by resolution of the board, to borrow money, to issue and pay notes, to refinance loans and in this instance Mr. Heister signed the vouchers for payment and so testified."

"We feel there was laxity on the part of the officials in failing to have the minutes show the creation of these and other obligations, as well as the history of the notes and their ultimate payments."

## "Board Criticized"

"The evidence submitted to us showed that there was numerous bills or vouchers paid which were lacking in material requirements, such as formal approval of department heads, and lacking affidavits thereto as required by law; however, we could not find that the county suffered any loss in payment of these bills or vouchers, as they were apparently for legitimate purposes. We feel that the board of freeholders and the auditor should be criticized for authorizing the payment of such a large number of bills or vouchers without being properly certified and sworn to."

All the indictments are the outcome of an investigation into road tar contracts of 1932, 1933 and 1934 in which Tobish is alleged to have delivered short measure for full contract prices, with officials and former officials approving the bills to the county.

21 More Indictments Bared  
The nature of 21 more indictments

Mr. and Mrs. John Flynn and family, of Cinnaminson street, left Wednesday for Winter Haven, Florida, where they will make their home.

Mrs. H. A. Walburn and daughter, of Thomas avenue, are spending the summer at Ocean City.

## MARRIED JUNE 18

Photo by Nelson D. Randolph

MISS MARY DOUGHERTY of Palmyra, who became the bride of Mr. Leon Schipane, of Millville, at the Church of the Sacred Heart, Riverton, last week.

## BIRTHS

Mr. and Mrs. John Barrett, of 215 Elm avenue, Riverton, are receiving congratulations on the birth of a son, David, at the Zuercher Memorial Hospital, Riverside, on Thursday, June 18.

Most fruits contain arsenic, a deadly poison, in small quantities.

making the full total of 106 as the outcome of the probe, was shown when Prosecutor Howard Eastwood, stating that he had served notice on Tobish, said all 21 were against the Tobish firm, the Tar Distributing Corporation, of Trenton, of which Job H. Lippincott, of 50 Church street, New York, is president. The 21 counts allege the obtaining of money under false pretenses in connection with the other contracts and name Lippincott and the corporation jointly.

In concluding its report, the jury found "that the board of freeholders during the period covered by the examination were very careless and lax in the manner in which they handled the affairs of the county, as covered by this report, and are of the opinion that they should be censured for their failure to be more careful and give greater supervision to the very important affairs of the county."

The jury recommended "that changes be made in the administrative affairs of the county so that such laxity and carelessness cannot occur again."

Hearing on the motion to quash is expected to be the next step. To date it had been revealed, through some of the indictments, that the road oil situation was uncovered in a check-up of records which showed alleged discrepancies between quantities of materials ordered and paid for and quantities delivered. Nearly all the indictments found were in connection with these materials and payments for them.

## OBITUARIES

MRS. EVA BRADDOCK, Mrs. Eva S. Braddock, 76, of Medford, died at the home of her nephew, Clarence Stackhouse, Paulsboro, Friday night, June 19, after a long illness.

Funeral services were held Tuesday from the Perinich Parlor, Paulsboro, Medford, at 2 o'clock. Interment was made in Medford Methodist Cemetery.

Mrs. Braddock was the widow of the late Dr. Richard Braddock, well-known in this vicinity.

## SCHIPANE-DOUGHERTY

A very pretty wedding was solemnized last Thursday morning at the Church of the Sacred Heart, Riverton, when Miss Mary Dougherty, daughter of Mr. and Mrs. Dennis Dougherty, of Cinnaminson avenue, Palmyra, became the bride of Leon Schipane, son of Mr. and Mrs. Dominic Schipane, of Millville.

The bride, who was given away by her father, was dressed in white bridal satin trimmed with lace. Her tulle veil was held in place by seed pearls and was also lace trimmed. She carried white Killarney roses and lilies of the valley.

Mrs. Richard E. Haas, of Oaklyn, attended her sister as matron of honor, and the bridesmaids were the Misses Margaret E. and A. Catherine Dougherty, also sisters of the bride. William Schipane, of Millville, was his brother's best man and the ushers were Joseph Dougherty, brother of the bride, and Frank Reppich, of Belle Plain, N. J.

The matron of honor was attired in a model of blue chiffon. She wore a leghorn hat trimmed with the same material as her dress and blue crepe slippers. She carried pink roses and blue delphinium.

The bridesmaids' gowns were modeled after that of the matron of honor; Miss Margaret Dougherty wore pink and Miss Catherine was dressed in yellow.

Miss Margaret Dougherty carried a bouquet of dark pink roses and Miss Catherine a bouquet of tallis-man roses.

The bride's mother was attractively attired in a gown of royal blue and white sheer and wore a corsage of white roses and blue delphinium. A wedding breakfast followed the ceremony.

After the wedding trip Mr. and Mrs. Schipane will live in Oaklyn.

RIVERTON  
POLICE NOTES

Alfred Hullings, 17, of Bridgeboro, was arrested Friday night by Officer John Robinson for driving with fictitious tags and having no driver's license or registration in his possession. He was arraigned before Recorder Frank Proberting and fined \$30 and costs or 30 days in Mount Holly, which he took in default of the fine.

Hiram Johnson, 30, colored, of Riverside, was arrested Monday, June 22, for assault and battery on his wife. Johnson was making his get-away on a bus proceeding towards Camden when the Riverton police received a call from Chief of Police Voshell, of Riverside, asking Chief of Police Gootee, of Riverton to apprehend Johnson when he arrived here. Chief Gootee and Officer Carhart made the arrest.

Johnson was held under \$500 bail for action of the grand jury when he was arraigned before Justice of the Peace Lester Merrill, in Riverton.

PEMBERTON BUYS  
PORTABLE SCHOOL

The Pemberton School Board, which purchased Riverton's portable school building last winter, will use it for the new vocational agricultural course which will be inaugurated in September. The building is seventy feet long and twenty feet wide. It contains two rooms, one to be used as a farm shop for repairing farm machinery and laboratory research work, the other to be used as a classroom.

Walter R. Cobb, of Canton, O., has been selected as agricultural instructor.

The building will be placed directly in the rear of the present high school building at Pemberton.

The space left vacant on the Riverton grounds by the removal of the building will provide room for the sliding board and swings requested by Miss Staman, supervising principal, at the last meeting of the Riverton Board of Education, and which will be installed before school opens here in the fall.

"What sort of Federal Government do we want? Speaking for myself, I should like us to have a government that will not confuse its functions with those of the Delty, a government of laws and not of arbitrary authority... a government which will not enter into business itself, nor attempt to substitute its own discretionary authority for natural economic laws... a Federal Government which interferes as little as possible with matters that are properly the concern of State and local governments."—James P. Warburg, economist and former financial advisor under present Administration, and author of "Hell Bent for Election."

## PROSPERITY OR SCARCITY?

UNDER THE NEW DEAL theory of benefiting the American farmer, 31 million acres of farm land have been taken out of production. To that extent, the amount of crops grown has been reduced. This has had an unfortunate effect upon our farm population. It has thrown hundreds of thousands of farm laborers out of work. It has put them on relief rolls. In addition, it has caused scores of millions of dollars worth of farm products to be imported from foreign countries, thus putting American dollars in foreign pockets.

## PALMYRA

Mrs. Charles Habfast, of Lincoln avenue, returned to her home last Friday after spending three weeks in the Osteopathic Hospital, Philadelphia. She is improving rapidly and is receiving many callers.

Prof. and Mrs. Harold Shaeffer, of Ralston, Pa., have been visiting friends in this vicinity the last ten days. Prof. Shaeffer, who is now supervisor of schools in the Ralston and Trout Run section of Lycoming county, was formerly at the Palmyra high school.

Miss Helen Pettitt, formerly of upper Highland avenue, is spending the summer with the Axman family on Lincoln avenue.

The Lutheran Sunday school picnic will be held at Clementon Park this Saturday. Buses will leave the church on Garfield avenue at 10:30 a.m., and private cars are requested to stop at the church at 12, 1 and 2 o'clock to convey any late comers to the park. There will be games of all sorts. The park management has issued a number of free tickets for amusements and will also sell half-price tickets after the comps are used up. There will be swimming for those who desire, but the cats are to be family style.

The Union Sunday evening services of the Riverton and Palmyra churches were begun last Sunday at the Palmyra Grove with the Rev. Boyd of the Methodist Church in charge. There was a very large gathering of townsfolk on hand. Many new benches have been provided and if you will arrive before seven o'clock you are almost certain to secure a seat. This week's program and talk will be in the hands of the Baptist Church, with Pastor Rev. Lockett in charge.

Dr. P. Connor Hulse and family are spending the week at Atlantic City, where the doctor is attending the Rotary International convention held in Convention hall. They are stopping at the Ambassador Hotel.

Master Edward York Smith, son of Mr. and Mrs. Smith, of 404 Haddonfield, will celebrate his 4th birthday on Wednesday. Just after refreshments had been served Master Smith decided to have a little entertainment on the side and fell head first into the fish pond at the home of his grandmother, Mrs. H. B. Morris, 408 Morgan avenue, Palmyra. Those present at the party were Eleanor Voorhis, Carter and John Henderson, Lewis Oliver, Louis Heavner, Jr., Clair Oliver and Laura Etris.

The annual harvest home at Indian Mills will be held in August. The first harvest home was started by Mrs. A. B. Powell (now of Palmyra) in 1888. They hired the Smithville band for music and cleared \$80. Since that time the harvest home has been one of the largest.

Alfred H. Underhoffer, a former resident of Palmyra, died in Philadelphia last Tuesday afternoon. Mrs. J. A. Reinhardt and Mrs. Ida Reed, both of Palmyra, are sisters of Mr. Underhoffer.

Mr. and Mrs. Edgar H. Underhoffer and family, of New York City, spent Sunday with Mrs. J. A. Reinhardt.

Mr. and Mrs. Albert Smith, Jr., and Frank Stone, of Palmyra, were weekend visitors in Manahawkin.

Mrs. A. B. Powell, son Howard and Clyde Styles spent Sunday in Indian Mills and Medford.

J. A. Reinhardt, of Vine street, is slightly improved after a serious illness of several weeks.

Mr. and Mrs. Melvin Davis are spending a week in Pittsburgh.

Miss Margaret Dreier, daughter of Mr. and Mrs. Nicholas Dreier, was guest of honor at a sixteenth birthday dinner party Tuesday night. Among those present were the Misses Margaret Ford, Helen Rech, Julia Beltz and Anna Dreier, Everett Oliver, Clifford Loane, William Enskat, Charles Workman and Jack Schwartz.

Twenty-four Epworth League members attended a social at Lake Cotoxan Monday evening of this week. Swimming, baseball game and a doggie roast provided the entertainment for the evening.

Thomas Braddock, of Leconey avenue, is attending the National H-Y Conference at Berea College, Berea, Kentucky.

Mr. and Mrs. Eula Roach, of Delaware avenue, spent Sunday in Burlington as guests of Mr. and Mrs. Earl Naylor.

Mr. and Mrs. John Patton, of Philadelphia, were guests at the home of Mr. and Mrs. James Weart on Sunday.

The radio and card party of the P. O. of A. will be held at the home of Mrs. Evelyn Roach, Delaware avenue, Wednesday evening of next week.

Mrs. Anna Haywood, of Garfield avenue, is spending several weeks with her daughter in Camden.

## Picking the Public's Pocket

"A government can always reduce the cost of electric service to consumers if it is willing to take the accompanying loss out of its own pocket or to sandbag some third person—usually the taxpayer—to obtain the money," says the New York Sun. "But States, counties and municipalities which go into the electric utility business can expect diminution in the extent of taxable property listed on assessment rolls. Giving something for nothing is as economically unfeasible for governments as for private citizens."

This is certainly obvious enough—but a good many units of government haven't been convinced except after costly experience. Scores of American towns, their gaze fixed on the municipal power mirage, have built their own electric plants—and in nine cases out of ten, local citizens have awakened a short time later to find that any reductions in power cost have been more than offset by increased taxes.

Lately the nation has seen an example of this on a far wider scale. The example is provided by the TVA, and the fall-guy in the case seems to be the Alabama taxpayer. Large parcels of real estate purchased by the TVA in that state have been removed from the tax rolls, and one county alone is said to have suffered a drop in assessed valuations of \$1,000,000. Every nickel of taxes lost, of course, must be made up by remaining taxpayers. Furthermore, the TVA pays very little in taxes to the state where private utilities pay a great deal, and every time TVA assumes service formerly provided by a private company the same taxpayer is due for another bit of legal pocket-picking.

It has lately been recommended that a Federal corporation similar to TVA be established for the purpose of administering two other Federal hydro-electric experiments—the Grand Coulee and Bonneville.

## ROTARY NOTES

Fifteen hundred delegates from the fiftieth district Rotary International are attending the national convention held in Atlantic City this week.

Those from the Palmyra-Riverton Rotary who attended the banquet at the Hotel Chelsea, in honor of District Governor Henry Schram, of West Chester, Pa., Tuesday evening were: Charles F. Cole, Joseph Friday, H. B. Williams, Mr. and Mrs. E. L. Williams, Mr. and Mrs. Carl Thomas, Joseph Seel, Mr. and Mrs. Wilton E. Mount, Mr. and Mrs. A. E. Hargett, Dr. and Mrs. P. Conner Hulst, Mr. and Mrs. Nathan Lane, Mr. and Mrs. C. P. Mayfield, Mr. and Mrs. Luke Eberly, Mr. and Mrs. Robert G. Adams, Mr. and Mrs. Edward Jessup, Walter D. Lamon, Joseph Low, Rev. George Lockett, and Mr. and Mrs. Joseph T. Evans.

Guests were present from Tokyo, Japan, and South Africa. Fred Gray, of London, England, was one of the principal speakers of the evening.

The installation of officers of the Palmyra-Riverton Rotary will take place next Thursday evening. The retiring president, E. L. Williams, will install the following for the ensuing year: President, E. N. Cooper; vice-president, A. E. Hargett; secretary, Joseph G. Seel; treasurer, Ross E. Mattis; sergeant-at-arms, Edward Jessup.

## MEARS-deLANCY

The Darragh deLancy home in Waterbury, Connecticut, was the scene of a pretty wedding last Saturday afternoon when Miss Anne Halstead deLancy became the bride of C. Singleton Mears, of Riverton.

Miss deLancy, who was given away by her father, wore a princess style gown of deep ivory satin with yoke and cuffs of old rosepoint lace, a gift of her mother. Her ivory tulle veil fell from a wreath of orange blossoms and she carried an ivory mounted prayer book, which was used by her grandmother, her mother and her sister at their respective weddings.

Mrs. Joseph L. Hetzel, Miss deLancy's only attendant, was dressed in a creation of rose chiffon made with a jacket and a leghorn hat trimmed in blue velvet. She carried larkspur.

Claude J. K. Anderson, of Riverton, was best man for Mr. Mears. A reception followed the ceremony, after which Mr. and Mrs. Mears left for a trip in the Berkshires. They will be at home at 4 Shrewsbury Yard, Riverton, after September 1st.

## EPWORTH M. E. CHURCH

Rev. William A. Boyd, Pastor

"The Majestic Hills" will be the subject of the sermon to be delivered by the Rev. W. A. Boyd, this Sunday morning at eleven o'clock. This is the second sermon in the series of "The Divine Gardener."

If it is necessary for the worshiper to go away on legitimate errands of mercy on the Sabbath day, very well. If it is not necessary, then every disciple of the Lord can well afford to be loyal to Jesus Christ and His Church during these summer days. This morning service is one hour long. You need God and His Church as much in the summer as you do in the winter.

This is Baptist night in the grove. Mr. Lockett, of the Baptist Church, has full charge of the service. Let all our people attend this delightful out-of-door service from seven to eight o'clock.

CHRISTIAN SCIENCE CHURCH

"Christian Science" will be the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday, June 28.

The golden text is: "The kingdom of heaven is like unto leaven, which a woman took, and hid in three measures of meal, till the whole was leavened" (Matthew 13:33).

Among the citations which comprise the lesson-sermon is the following from the Bible: "Then said Jesus to those Jews which believed on him, If ye continue in my word, then are ye my disciples indeed: And ye shall know the truth, and the truth shall make you free" (John 8:13,32).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Divine Science derives its sanction from the Bible, and the divine origin of Science is demonstrated through the holy influence of Truth in healing sickness and sin. This healing power of Truth must have been far anterior to the period in which Jesus lived. It is as ancient as the An-

of Riverton from 1908-1917; trustee of the Riverton Free Library Association; member of the Union League, Philadelphia; employed by the Philadelphia Evening Telegraph, Philadelphia Press and the Philadelphia Inquirer; originator and member of the board of directors of the Riverton Flag Association, which was organized to supply flags for the Riverton Children's Flag Parade, which has been a part of the Fourth of July celebration since 1897; and manager of the indoor football game at the Academy of Music, Philadelphia, in 1888.

Forty of "Uncle" Charlie's friends gave him a party last year when he celebrated his 87th birthday. A lot of reminiscence was done at the party and a few were something like this: "Uncle" Charlie, who was an inveterate baseball player, got the Riverton baseball grounds and club house moved because of a hole in which he was afraid the left fielder would sprain his ankle. The club house once stood on Fulton street, where Ross Elliott now lives, and the diamond extended up to the house now occupied by Harry E. Moyer, (nearly to Broad street).

This hole bothered "Uncle" Charlie a lot, and with the sandy soil in that section of the town, patches were useless. At just this time, the Pennsylvania Railroad was trying to get the Delair bridge built, and a good many people in surrounding towns were against it. On the advice of his father, Mr. Flanagan went to the railroad company and told them that Riverton was not opposed, and finally worked it around so that the company sent a special freight car up to Riverton, moved the club house over to the other side of the railroad and thus saved the club about \$1500.

The fact that Connie Mack once asked permission to have several practice games on the Riverton diamond was also brought out.

Mr. Flanagan is survived by one brother, Louis, of Riverton and three sisters: Mrs. H. P. Wyman, Mrs. F. N. Barksdale and Mrs. Albert G. Cook, all of Atlantic City. Funeral services were held Wednesday afternoon at 2 o'clock from the Snover Funeral Home, the Rev. Francis B. Downs, of Riverton, and the Rev. R. Bowden Shepherd, of Trenton, officiating.

Interment was made in Laurel Hill cemetery, Philadelphia.

## FINAL MEETING OF RIVERTON BOARD

Board of Education Winds Up Business and Appoints New Janitor

An adjourned meeting of the Riverton Board of Education was held last Friday night to finish up the business of the year, to award contracts for supplies for the next school term and to arrange for some necessary repairing and repainting of the interior of the building.

The contract for general, office and art supplies was awarded to the Milton Bradley Company, at a net figure of \$401.49.

Hilton M. Smith presented a petition signed by about 200 residents of Riverton, who requested that Morris Steedle be retained as janitor. The petition was received and filed. On motion of Everett O. Wolcott, chairman of the property committee, George Carnie was appointed assistant janitor on a monthly basis, at a salary of \$87 per month starting July 1.

Miss Carolyn M. Staman, supervising principal, submitted her annual report which included a recommendation for the purchase of a sliding board and three swings as playground equipment for the smaller children at a cost not to exceed \$10 and a resolution was unanimously passed authorizing their purchase.

The regular meetings of the board will be dispensed with during the summer and the next regular meeting will be on September 14.

A motion was passed to transfer \$320 from the construction account to the repairs and replacements account.

## ROOSEVELT RESPONSIBLE FOR NEW DEAL

BY NICHOLAS ROOSEVELT

For the National Republican Builders, Inc.

Nothing better shows the utter cynicism of the New Dealers than the bland way in which they are fostering the notion that Franklin D. Roosevelt is much more popular than the New Deal.

Their object is plain—to seek to divorce F. D. R. from the New Deal in the public mind with the expectation that this will make his re-election easier and that they can then perpetuate their own policies and entrench themselves behind his disarming charm. They know that many of the New Deal measures—such as have survived the scrutiny of the Supreme Court—are unpopular. They realize that if the election could be made into a referendum on the New Deal they would be hopelessly beaten.

## Class Against Class

They are placing their reliance, therefore, on the magic name of Roosevelt. They are gambling on the voice with a smile, and on Mr. Roosevelt's infinite skill in subtly setting class against class and making himself out to be the poor man's friend.

As an astute politician up for re-election he can hardly be blamed for being willing to countenance the deceit of divorcing himself from the New Deal. But it certainly behooves all honest men and women of both parties to do what they can to show the blatant dishonesty of this appeal.

Who sponsored the New Deal? Franklin D. Roosevelt.

Who appointed Messrs. Tugwell, Hopkins, Ickes and others to office and kept them despite the popular outcry against them? F. D. R.

## "Must" Legislation

Who forced through Congress as "must" legislation many of the most unpopular of the New Deal measures? F. D. R.

Who sought to change the traditional form of our government and, in place of a Federal system with divided powers, set up a strongly centralized government modeled on European lines? F. D. R.

Who encouraged a policy of reckless expenditure in all branches of the Federal government? F. D. R.

Who spoke in favor of the merit system for government employees at the same time that he demoralized the civil service with political appointments? F. D. R.

## Ridiculed Supreme Court

Who ridiculed the Supreme Court, and spoke of the Constitution as the product of a "horse-and-buggy" era, and urged Congress to pass the Gutley Coal bill regardless of doubts as to its constitutionality "however reasonable"? F. D. R.

Who was it who eagerly sought the advice of Felix Frankfurter, Rexford G. Tugwell and other apostles of a semi-socialistic state and blithely allowed their ideas to be injected into many measures in Washington? F. D. R.

## One and Inseparable

In other words, the New Deal and Franklin Delano Roosevelt are one and inseparable. What was good in the New Deal should be credited to Mr. Roosevelt. But what is bad in it must also be held against him.

To many persons this effort to divert Mr. Roosevelt of all responsibility for the New Deal shows a lack of moral sense such as has rarely been seen in American political life. It is on a par with Mr. Roosevelt's readiness to promise anything to anyone, and with the manner in which he completely disregarded his campaign pledges after he was elected.

It is not enough to say, as does his apologist, James A. Farley, that conditions had so changed between the summer of 1932 and the spring of 1933 that Mr. Roosevelt had to change his platform. No one holds it against any man for meeting changed conditions with changed methods. The important thing is that this readiness to disregard any obligation which it is convenient to observe strikes at the very fundamentals of our social and moral sys-

tem. It is the philosophy of personal expediency, in contrast to the philosophy of moral law. And personal expediency, when placed above sacred obligations in government, leads rapidly to the break-down of government as well as of morality, because government—at least the form of government which we have developed in this country—has been built up largely to protect powerless individuals against the powerful, to protect the citizen against the whims of the governor.

## Moral Qualities Attacked

Hand-in-hand with this subtle undermining of integrity has been an open attack on the old moral qualities which made the strength of the American people—on self-reliance, honesty, thrift, industry. These qualities have been ridiculed by government action.

Mr. Roosevelt, as already indicated, cannot be blamed for seeking re-election. He would not be the good politician that he is if he did not try to use every trick that may get him votes. But this is no reason why his opponents should let him "get away with" the brazen contention that he is better than the New Deal, and that even if you dislike the New Deal you should continue to support him. If you re-elect him you will have four years more of the New Deal—and there is every reason to expect that its worst features will be intensified.

The choice is not between Roosevelt and the New Deal, but between the New Deal and the Republican ticket. There is no alternative.

## REQUEST FOR AIR MARKING GRANTS

State Department Wants Roofs To Paint for Guidance of Aviators

The matter of securing air markings is the most practical of safety measures. New Jersey is the most heavily travelled airway in the world and one of the most heavily settled political sub-divisions. Aids to aerial navigation are extremely important because of these conditions.

The State Department of Aviation conducts a steady campaign for the placing of air markings, but each one is a matter of considerable detail. Cooperation has been rendered by many private concerns and organizations such as the Boy Scouts of America, the American Legion, YMCA, aero clubs and the military services.

A roof suitable for marking should be approximately 100 feet or more in length, 20 feet in depth, preferably with tar paper, slate or shingle base, or any other material suitable for painting.

Buildings such as manufacturing plants, schools, large barns, warehouses, municipal buildings, bus terminals, large garages, water or gas tanks are ideal.

The marking consists of the name of the town followed by the letters "N. J."

Gill Robb Wilson, State Director of Aviation, asks that anyone willing to allow the privilege of placing an air marker on his roof notify the State Department of Aviation, State House, Trenton.

Of course the paint to be applied and the work to be done is the responsibility of this department. There is no cost to the owner who volunteers his space.

The only punishment meted out to the five Dionnes is being stood in a corner—which is a very good trick in a four-cornered room.—Richmond (Va.) News-Leader.

## WPA EXPLANATION OF STREET WORK

Supervisor of Operations Sends  
Statement to Borough Clerk  
of Palmyra

The following letter was received by Borough Clerk George J. Spencer, of Palmyra, in connection with the improvement of the town's streets, or rather the completion of streets now under construction:

Mr. George Spencer  
Borough Clerk  
Palmyra, New Jersey  
Dear Sir:

In connection with the street improvements in your city by the Works Progress Administration, we give you herewith an outline of the work that we propose to do in order to produce the best results.

On all streets that are to be gravelled please bear in mind the following facts: Loose gravel cannot be dumped on the streets with the expectation that traffic alone will put them in shape. Gravel is hard to consolidate quickly and needs careful continuous attention not alone during construction, but for months after they are opened for traffic by scraping and rolling with at least a 10 ton roller to prevent formation of ruts, holes or bumps. This should be done after each rain, and during a long dry spell should be thoroughly sprinkled and all holes and ruts filled in.

No oil should be applied until the gravel is completely consolidated and firmly bound, we therefore do not intend to apply this oil until late summer, as the clay and loam in the streets tend to prevent the formation of a good bond between the oil and gravel, it is our intention to give all the streets two applications.

In conclusion we again call your attention to the importance of keeping the scraper and roller busy on the streets.

Very truly yours,  
M. WILLIAM MURPHY,  
By: Robert J. Halliday,  
Supervisor, Division of Operations.

## FAVORITES RIDE MIGHTY MIDGETS AT CAMDEN OVAL

A large entry field for next Wednesday's Midget automobile races at the Camden Airport Speedway, formerly the dog track of Pennsauken, has been received by the Hanly Brothers.

Naturally, no race is complete without having the daring Wild Bill Holmes piloting his flaming and roaring number 4 outboard motor. Holmes, who is rapidly making a rep for himself, is the one to be most feared in doodle-bug competition.

Ben Shaw, pride of Westville, who holds the rare distinction of beating Holmes two weeks ago, is also among those who will compete at the million dollar dustless six-sixteenths of a mile oval.

Another daredevil pilot, Hal Burdett, of Newark, is expected to make the choice field go full blast if they hope to show any superior speed to his buggy.

But the most dangerous of all, Bill Shindler, the man who can take his curves at the same break-neck speed as he does the straightaways, is also entered and it will be Shindler who will give the boys the sternest opposition of all.

The first race is scheduled for 8.45 p.m.

## What Other Editors Say

June used to be the month of the pretty bride and roses. Now it's devoted mostly to party pride and poses.

It's going to be a great show next Saturday night, Franklin Field, however, was named for Benjamin.

Philadelphia played host to the first Republican National Convention, and some observers believe it is now going to entertain the last Democratic National Convention.

## YMCA BRIEFS

Girls' Camp July 29

The Ockanickon girls' camp, operated by a committee of ladies associated with the trustees of YMCA Camp Ockanickon, will operate this summer for a four weeks' period beginning Wednesday, July 29th, extending to August 26th.

Mrs. Evelyn Sloane Smith, who directed this camp last summer, will again be in charge.

Enrollments for Burlington county girls, along with enrollments for the boys' camp are handled at the County YMCA headquarters, Mt. Holly.

Save a Dollar

The latest date when the dollar-a-week registration fee will be applicable is Tuesday, June 30th. This arrangement is made to encourage early enrollment.

The girls' camp uses the age-grouping bases of division: Junior, Junior-Middle, Middle and Senior, with a special director in charge of each area in addition to the cabin counselor or tent counselor, one for every seven girls. Mrs. Smith, the general camp director, has already engaged specially qualified persons for a variety of responsibilities which will afford a wide choice of interesting program activities. Among these are persons qualified to handle silver and leather work; and other handicraft projects: instruction for non-swimmers and beginners; life-saving practice; photography; wood craft; nature study; first aid; horsemanship; diving; canoeing and participation in evening camp fire programs.

Apply to Mrs. Yost

Information or enrollment forms may be had from Mrs. Charles Yost, of the Palmyra-Riverton YMCA Board Auxiliary.

Eleventh Year at Medford

Saturday of this week, June 27th, will mark the opening of the thirty-first year for Camp Ockanickon, and the eleventh on its own 530-acre site at Medford.

The 1936 season begins with the boys camp which will run for four weeks, from June 27th to July 25th, directly followed by a four weeks' period of the girls' camp, which opens July 29th and extends to August 26th.

Leaders

Thomas C. Carter, Gloucester County YMCA secretary, who will direct the boys' camp, has associated with him three area leaders: the Junior camp, in charge of Heber Sink; the Middle camp, H. Paul Jones, and the Senior camp under John Taggart. In addition there are special assistants responsible for first-aid work, aquatic activities, craft shop, dramatics, horsemanship, commissary, business management, boats, wood craft and the store. Mrs. Peter Brownley, widow of the late Peter, whose sons have been popular for many seasons of camp, will carry on.

"Chief" Carter reports a gratifying number of enrollments for each week of the boys' camp. Additional places, however, are available. Burlington county boys may secure folders from the County YMCA headquarters, Mount Holly. It is here also that enrollments are handled for any or all of the four weeks of the boys' camp, likewise for any or all of the four weeks of the girls' camp.

At Hi-Y Congress

Leon Clevenger of the Masonville Hi-Y and Thomas Braddock of the Palmyra-Riverton Hi-Y group are now attending the first National Hi-Y Congress being held at Berea, Kentucky, from June 20-25. These boys left early Thursday morning accompanied by a leader and two boys in Camden county YMCA. It was their plan to visit a number of interesting historical sites en route to the congress and return by a different route to visit some of the subterranean caverns of that country.

Among the congress speakers are Governor Chandler, Dr. Hutchins, Francis Riecke, Arthur N. Cotton, Charles P. Telf, Mrs. Grace Elliott, Dr. Bernard C. Clauson, E. R. Bowen, Dr. Frank T. Slutz, W. D. Bailey and Prof. Charles N. Wesley. J. Edgar Hoover, head of the "G" men addressed the congress by way of radio Monday night. Besides the various addresses, the fellows meet

## GOVERNMENT HOLDS BACK INDUSTRY SAYS McCARTER

There is no telling to what limits the expansion of the electric industry would go, if it could be reasonably free from political and governmental attack and opposition, Thomas N. McCarter, president of the Edison Electric Institute, declared at the Institute's fourth annual convention recently held in St. Louis.

"Was there ever an industry so unjustly, so unfairly and so immorally attacked by a governmental agency as has been the lot of the electric industry?" Mr. McCarter asked. "Here," he said, "is an industry which throughout its entire history, including the period of the great depression, has been constantly lowering its rates of service to the public, notwithstanding the tremendous burdens of taxation and otherwise that have been laid upon it, being attacked by a government which has itself spent not millions but billions of the taxpayers' money in unprecedented fashion, in furtherance of its various fantastic notions, many of which have already been declared null and void by the Supreme Court. I challenge comparison of the record of the electric industry in the regard of which I have spoken, with any other industry in the country."

"While statisticians have busied themselves with proving the hazards of fast driving, the pokey driver has escaped all blame, whereas, he is indirectly responsible for many crashes attributed to other causes." The automobile club executive doesn't want to be understood as advocating high speed. "Reasonable speed" within the legal limits, governed at all times by road and traffic conditions, is what we believe to be necessary and desirable," he said. "There is nothing reasonable or safe, for example, about a Sunday driver who dawdles along at 15 to 20 miles an hour on the open road, holding up a long line of vehicles in his wake.

"This type of highway pest takes all the joy out of motoring. He holds traffic to the unreasonably slow pace he has adopted, and in so doing he creates innumerable hazards. With other drivers chafing at the delay, attempts are made to pass him in the face of heavy oncoming traffic, often with serious results. Thus, the slow-pokey may have his Sunday afternoon drive in perfect safety to himself, unmindful of the mischief he has done in causing other operators to take chances in

passing and in traveling at high speed to make up for the time lost unnecessarily while held in the slow line."

## SLOW-POKE DRIVER TRAFFIC MENACE

Automobile Club Head Declares  
He Is As Dangerous As  
Speed Fiend

The slow-pokey driver is on the griddle of automobile club criticism. "He's a menace," says Trevor B. Mathews, manager of the Camden Division of the Keystone Automobile Club of New Jersey, adding: "While statisticians have busied themselves with proving the hazards of fast driving, the pokey driver has escaped all blame, whereas, he is indirectly responsible for many crashes attributed to other causes."

The automobile club executive doesn't want to be understood as advocating high speed. "Reasonable speed" within the legal limits, governed at all times by road and traffic conditions, is what we believe to be necessary and desirable," he said. "There is nothing reasonable or safe, for example, about a Sunday driver who dawdles along at 15 to 20 miles an hour on the open road, holding up a long line of vehicles in his wake.

"This type of highway pest takes all the joy out of motoring. He holds traffic to the unreasonably slow pace he has adopted, and in so doing he creates innumerable hazards. With other drivers chafing at the delay, attempts are made to pass him in the face of heavy oncoming traffic, often with serious results. Thus, the slow-pokey may have his Sunday afternoon drive in perfect safety to himself, unmindful of the mischief he has done in causing other operators to take chances in

passing and in traveling at high speed to make up for the time lost unnecessarily while held in the slow line."

passing and in traveling at high speed to make up for the time lost unnecessarily while held in the slow line."

The clergyman called at the Jones' home on Sunday afternoon and little Willie answered the bell. "Pa ain't home," he announced. "He went over to the Golf Club." The clergyman's brow darkened, and Willie hastened to explain: "Oh, he ain't gonna play any golf; not on Sunday. He just went over for a few highballs and a little stud poker."—Craftsman.

## FULL PROGRAM AT MEMORIAL PARK

Varied Activities from 10 a.m.  
to 4.30 p.m. Daily. Special  
Thursday Features

The Riverton Memorial Park  
children's playground is open from  
Monday until Friday inclusive from  
10 o'clock in the morning until 4.30  
in the afternoon.  
Supervised activity is being car-  
ried on during that time under the  
personal supervision of Francis  
Schwartz of the W.P.A. Recreation  
Department. In addition to Mr.  
Schwartz there will be a full-time  
woman from the W.P.A. present on  
the playground starting Monday,  
June 29th.  
More than 100 children have al-  
ready registered to participate in  
the summer activities. Daily atten-  
dance records will be kept starting  
on Monday and awards will be giv-  
en at the conclusion of the summer  
for perfect attendance. Further in-  
formation in regard to tennis will  
be found on the bulletin board on  
Monday.

## Feature Night Monday

Boys and girls interested in the  
program for feature night will also  
consult the bulletin board behind the  
grandstand. There will be special  
events for boys, girls and adults  
as well. A full program of these  
events will be found in the columns  
of this paper next week.

## W.P.A. Band Concert

The W.P.A. band will stage a  
second bi-weekly concert at the  
park starting 7 p.m. It is hoped  
that a large following of Riverton  
residents will avail themselves of  
the opportunity to hear this splen-  
did band led by Director Frank  
Welch, of Burlington. An interest-  
ing program has been arranged and  
the details will be found in another  
column of this paper.

## An Appeal to Parents

Parents are urged to send their  
younger children over to the park,  
and it is the wish of the supervisor  
of recreation, W. E. Mount, that  
problems concerning leisure time at  
the park be referred to him.

On all clear days there will be ac-  
tivities from 10 until 4.30 and in the  
evening starting July 1, from 7 until  
dark.

An additional feature of the W.  
P.A. program will be the weekly  
visits of special instructors on spe-  
cial subjects. This Thursday the  
instructor will be on handcraft and  
will instruct the children in the use  
of old logs and tin cans in the mak-  
ing of useful articles.

## Boys Soft Ball League

All boys who are interested in a  
soft ball league and not already  
members of the present league are  
asked to register at the office on  
Monday afternoon, June 29th.

swear she went across the street to  
her mother's home to inquire if she  
knew anything of the whereabouts of  
the Rorays. Gathering no in-  
formation from this source Mrs.  
MacLaren then procured a ladder  
and tried to enter through the bath-  
room window, which is always kept  
open. However, this morning it  
was locked, and Mrs. MacLaren so-  
lited the aid of a neighbor, Dora  
Kear. Together they entered the  
house through the shed window.  
Mrs. MacLaren discovered the body  
of Mr. Roray in his bedroom with a  
bullet wound through his right  
temple and his hand still clutching  
a .32 revolver. A light was still  
burning in his room.

The body of Mrs. Roray was on  
the bed in an adjoining room. Mrs.  
MacLaren immediately called the  
police and Chief of Police Beck and  
Officer Lawrence Betty answered.  
Dr. Dean H. LeFavor, police phy-  
sician, and Dr. Charles Voorhis, the  
family physician, pronounced the  
Rorays dead. It is estimated the  
shooting had occurred at least six  
hours before the bodies were dis-  
covered.

Coroner George Whomsley and  
County Detective Clinton Zeller  
responded to the call of the police.  
The Rorays have been in ill health  
and it is believed that the tragedy  
was the result of despondency.

Seventy-Six Fires Reported in  
Month of May; Riverton  
Second Highest

Seventy-six fires were reported for the month of May at the June meeting of the Burlington County Firemen's Association held in Mount Holly last week. Losses amounted to \$2,372 on buildings and \$1,600 on contents.

Fires were reported by the following towns: Beverly 4, Burlington City 5, Burlington township 9, Bordentown 6, Bridgeboro 1, Florence 3, Hainesport 1, Lenola 1, Medford 1, Marlton 1, Mt. Holly 6, Masonville 4, Maple Shade 2, Moorestown 2, Pemberton 1, Palmyra 2, Rancocas 1, Riverton 7, Riverside 4, Vincentown 1, Wrightstown 1, New Gretna 3, Cookstown 1, East Riverton 3.

Of the 76 alarms, 63 were general, 12 silent and one false.

The meeting which drew an attendance of over 200 firemen from various parts of the county was presided over by Ralph McKinley, president of the association.

The address of welcome was given by James M. Davis, Jr., and the principal talk of the evening by Dr. Carroll Rogers, superintendent of the New Jersey Firemen's Home at Boonton.

## At Fox Riverside Friday and Saturday

What chance has love between a millionaire's son and a personal maid? ROBERT TAYLOR and LORETTA YOUNG supply the answer in the new Fox romantic hit "Private Number," playing at Fox, Riverside, this Friday and Saturday

Doctor: "Have you any idea how your wife caught this terrible cold?"  
Husband: "I think it was on account of her coat."  
Doctor: "Too thin, eh?"  
Husband: "No; it was last winter's one, and she didn't wear it."—Bennington Banner.

"The farmer, despite the 'gentle rain of checks' from the government, is the eternal enemy of regimentation, price fixing and control of what he may produce."—Dan D. Casement, of Kansas, president of Farmers' Independence Council.

"We recognize that the power to tax is the power to destroy. It should equally be clear to every citizen that the power of government to enter into competition with private enterprise, if abused, must necessarily destroy the sources of private wealth."—Archibald E. Stevenson, New York, General Counsel National Civic Federation.
