PROTEST PACKING SUPREME COURT

Randolph W. Childs Speaks on
Proposed Reorganization
of Judiciary

Citizens of Riverton, Palmyra and Cinnaminson township assembled in the auditorium of the Riverton Public School last night (February 25) to protest against packing the Supreme Court as proposed by President Roosevelt.

Francis B. Elwell presided at the meeting and introduced the speaker, Randolph W. Childs, noted attorney of Philadelphia. Mr. Elwell said that the meeting was unique in that it was the result of a spontaneous and almost universal impulse on the part of the citizens of this neighborhood to protest against the President's plan. He said he knew of no such meeting anywhere in this vicinity, and hoped that it would result in the holding of similar protests throughout the state.

On the platform with Mr. Elwell were Mayor John F. Ward, of Palmyra; Mayor H. McIlvain Biddle, of Riverton; and J. Gardner Crowell, of Riverton, chairman of the Citizens' Protest Committee, under the auspices of which the meeting was called.

Mr. Elwell pointed out that the meeting had no partisan political significance, but was the result of a spontaneous demand on the part of the people of this community that the independence of the Supreme Court should be protected.

Following the address by Mr. Childs, Mr. Crowell said that while such public meetings were valuable in focusing public opinion, he believed that personal letters to our representatives in Washington would be the most effective means of informing them of how the people feel back home, and urged everyone present to communicate with their Senators and Representatives. He said that the attitude of Senator-elect William H. Smathers on the question of packing the Supreme Court was unknown, and that every effort should be made to get him in line with Senator A. Harry Moore who had announced opposition to the plan.

COLORED GLEE CLUB TO SING HERE SUNDAY

This Sunday evening the Colored Glee Club of the State Industrial Training School, at Bordentown, N. J., will sing in the Methodist Episcopal Church. The club is well known throughout the whole state of New Jersey and have the reputation of being a group of fine singers. There is no music just like negro spirituals. This service begins promptly at 7.45 o'clock.

AN APPEAL

The Riverton-Cinnaminson Welfare Association is badly in need of furniture, especially a bed and some chairs. Call Riverton 284 or at the office, Main street.

RADIO GARDEN CLUB PROGRAM

To point out the added charm that flowers take on when properly arranged, the Radio Garden Club of the Agricultural Extension Service, Rutgers University, has scheduled for its Friday, March 5, program a talk entitled, "Flower Arrangement."

The guest speaker will be Mrs. Roy M. Lincoln, lecturer and flower judge, and the program will go on the air over station WOR at 3.15 p.m. Mrs. Lincoln will speak for the Federated Garden Clubs of New York State, Inc., one of the organizations cooperating with the Extension Service in broadcasting these 15-minute programs each Tuesday and Friday afternoon.

FLOWER SHOW IS MARCH 8 TO 14

Opens Next Monday, Dreers to
Have 3 Exhibits, Rose
To Be Featured

The great annual Philadelphia Flower Show opens at the Commercial Museum in Philadelphia next week, from Monday, March 8th to and including Sunday, March 14th, marking the first time a Philadelphia Flower Show has been open to the public on Sunday. This year's show will be considerably larger than last year's and will be even more colorful. More than a million plants in full bloom will form a panorama of floral grandeur.

There will be a complete change of arrangement, carrying a naturalistic note, woodland scenes literally lifted out of their native setting. Mr. Hengel, the architect, has conceived a setting for the celebrated collection of Widener acacias (the largest in the world) that will be bewildering in its beauty and originality. It will depict "The Romance of the Acacia" and be so designated. The entire motif will be tropical in concept, with typical native huts as parts of the picture.

Outdoor Rose Garden

Dreers, loyal as ever to the show, will be represented to a greater extent than ever, this year with three exhibits, the main one being a large outdoor rose garden showing plants in full flower as they grow in the garden. This garden, occupying a prominent space in the hall, will be 1500 square feet in extent, embowered in a background of green.

This display is absolutely unique in that the show patrons may stroll through the exhibit instead of merely viewing it from an aisle.

New Rose Sensation

Another Dreer exhibit is that of the sensational new salmon pink Rose "R.M.S. Queen Mary." This will be an elaborate showing, five hundred square feet in area, of but one variety of rose, fronting an immense replica of the crack Cunard liner of the same name as the rose, with a large backdrop depicting a marine scene.

This rose, by the way, is named in honor of the steamship "R.M.S. Queen Mary" not for Her Royal Highness of Great Britain.

The Dreer commercial exhibit, showing small pot plants of Azaleas, Succulents, Ferns proved so attractive the last three years that the firm has reserved space this season for a better showing than ever.

The Dreer firm hopes their friends will visit the show which is the result of many months of painstaking care and labor.

SCHOOL CONTINUED ON APPROVED LIST

Middle States Commission Gives
Two Year Extension to
Palmyra High

Palmyra High School is to be continued on the list of approved secondary schools for the next two years according to an announcement made by Leonard R. Baker, president of the Palmyra Board of Education, at a meeting of that body held last Thursday night.

Mr. Baker read a communication from the Commission of Secondary Schools, Middle States Association of Colleges and Secondary Schools, which contained the expression of approval from the commission.

Insurance Rates

Leslie W. Reeves, manager of George W. Rogers, Inc., reported that it would be necessary to increase the insurance premium on the Cinnaminson street building, this action being compulsory under the rules. He further stated that there would be a decrease in the rate for the high school building which would be a decrease in the rate for the high school building which would more than offset the rise for the older structure.

Further action in insurance will be taken at a special meeting of the board scheduled for Wednesday, March 10.

Fire Losses

Reports were rendered in respect to the two fire losses on school property which occurred during the month. That at the field house amounted to \$245.80, while the cafeteria was damaged to the extent of \$36.63. The clerk, Mark W. Nace, was instructed to sign necessary proofs of loss.

Liability Insurance

The question of liability insurance was also discussed at some length, but definite action was postponed until the special meeting.

Two applications from local insurance men requesting that they be accorded a portion of the insurance carried by the board were filed for future reference.

It was voted that, in the future, any people who desire to collect equipment used in the auditorium the previous day are to be allowed to obtain such articles only at the convenience of the janitors, and will not be given keys to the building under any circumstances.

Attendance records for the month showed 89.9 per cent at the Spring Garden and Cinnaminson street buildings and 94.5 per cent in the Delaware avenue school.

CONCERT

The Woman's Symphony Orchestra, of Philadelphia, will give a concert with an eminent soloist, on the evening of Tuesday, March 9, at 8.15 o'clock, at the Bethany Presbyterian Church, 22nd and Bainbridge streets, Philadelphia.

The public is cordially invited.

Frances Reidenbaker Wins Inquirer \$1000 Contest

Many of us have said, more or less in a joking manner, what we would do if we had \$1000.

Last week Mrs. William Reidenbaker, of Fork Landing Road, Palmyra, had just that opportunity.

Mrs. Reidenbaker, evening chief operator for the Riverton exchange of the New Jersey Bell Telephone Company, entered the contest sponsored by the Philadelphia Inquirer for naming the new magazine section of their Sunday edition.

Last Friday the Inquirer called Mrs. Reidenbaker and asked her to come in for an interview.

Upon her arrival she was notified that she had won a prize, but was

REVOCATION OF DRIVING LICENSES

A total of 54 persons lost their driver's licenses during the week ending February 19th, according to an announcement made by Motor Vehicle Commissioner Arthur W. Magee.

Thirty were for drunken driving; 3 for reckless driving; 2 for speeding; 5 habitual violators; 7 were five year revocations resulting from fatal accidents and all others 7.

With the inclusion of this week's figures, the department during 1937 revoked 237 licenses for drunken driving and the total of all revocations reached 570.

NEW COURSES AT PALMYRA HIGH

Explained to Riverton Board of
Education by P. R. Jones
of Palmyra

Paul R. Jones, supervising principal of Palmyra schools, attended the meeting of the Riverton Board of Education held on Monday night and explained new courses which are to be offered at the high school next year, together with other information concerning activities of that institution.

Mr. Jones said that he was very glad to meet with the board and was always ready to discuss any problems which might arise in the sending districts.

Floriculture

He stated that several courses in agriculture will be offered next fall. The program has not definitely been decided upon, but subjects under consideration include floriculture, landscape maintenance, and nursery propagation.

Mr. Jones said that he believed instruction of this nature would be of particular benefit in residential communities such as Palmyra and Riverton.

Expressions of approval were heard from several members of the Riverton board.

Educational Guidance

Mr. Jones also spoke of the work being done at the high school in respect to educational guidance.

Hilton Smith, board member, took the occasion to compliment Mr. Jones on the progress he had made since coming to Palmyra and stated that the Riverton organization appreciated the work he was doing.

Miss Staman's Report

The report of Miss Caroline M. Staman, supervising principal follows:

Health: The current epidemic of colds and grippe lowered the attendance and to date we have had 4 cases of chicken pox; 16 children were examined by the school physician, 7 of whom were excluded; 81 pupils have attended dental clinics since January first.

FAIRVIEW BOARD ASKED TO RESIGN

Freeholders Request Action at
Stormy Session; Large
Number Attend

The Burlington County Board of Freeholders requested the resignation of the board of managers of Fairview Sanatorium at a meeting held last Friday afternoon for the purpose of investigating complaints from the patients that unsatisfactory conditions existed at the institution.

The resolution regarding the resignation of the board was proposed by Freeholder Church, seconded by Stout and adopted by a three-to-two vote, Director Adams and Freeholder Jones deciding against the motion.

Many Attend

Public interest in the situation was evidenced by the large number of citizens present. The regular meeting room of the freeholders was far too small to accommodate the gathering and the session was held in the court house, where the large chamber was filled to overflowing by the interested spectators.

Five members of the board of managers at Fairview were present, the absentees being Dr. Russell Geary, of Riverside, and David T. Styer, of Bordentown, who was recently named a member.

Visit Sanatorium

The board of freeholders visited the sanatorium during the morning to obtain first-hand information about conditions there and, when the hospital board had assembled at 3.30, Freeholder Leroy Church proceeded to review his findings. The summary of his remarks was that patients reported unpalatable food, unsanitary conditions, prevalence of cockroaches, and an unreasonable attitude toward the inmates on the part of certain members of the hospital staff.

He further stated that he felt the people of Burlington County would pay any amount to correct the situation.

Mr. Church was followed by Charles R. Stout who said that he had been a member of the board of freeholders for 18 years, but he had (continued on page 3)

BILL PREVENTS BAN FOR AGED

A bill to "prohibit discrimination on account of maximum age in employment directly or indirectly under the United States" was re-introduced in Congress Saturday by Congressman D. Lane Powers, Representative of the 4th District of New Jersey, which includes Burlington and Mercer counties.

The bill is similar to one which the Congressman, while a member of the New Jersey State Legislature, had introduced and passed for State job applicants.

"There is no reason," the Congressman declared today in commenting upon his measure, "why a person should be prohibited from holding a clerical job or something along that line merely because he or she is 40 years old or over."

ROTARIANS HEAR HEAD OF GIRARD

Dr. Merle Odgers Speaker at
Annual Inter-City Dinner;
100 Attend

Nearly one hundred visiting Rotarians from nearby clubs sat down with the local organization last Thursday, for the annual inter-city dinner meeting which the Palmyra-Riverton group has sponsored for several years past. Pemberton, Moorestown, Mt. Holly and Haddonfield were represented—the latter club attending the local gathering for the first time.

The guest speaker was Dr. Merle Odgers, president of Girard College, who assumed that important post last fall. Prior to Dr. Odger's address, the presidents of the four visiting clubs had a brief word in reply to the welcome of Newbold Cooper, president of the local club. The Mt. Holly club extended an invitation to a similar affair to be held on April 7.

Dr. Odger's Address

Dr. Odgers, calling attention to the many good things in life that come in threes, ably discussed the three-fold relations of education. Liking it to a triangle in which the base was often overlooked in the emphasis upon the sides, he designated the sides as the home and school relation and the parent and teacher relation, with the relation of the child and the institution as the base. He stressed the fact that everyone has a stake in the education of children whether taxpayer or renter, and that consequently there should be a keener interest and a better understanding of both the problems involved and the way in which those problems were being met.

The First Step

"Obviously the first step is to really know the children in our own homes," said Dr. Odgers, "and we must attain that knowledge with a sympathetic understanding of the child's point of view. Youth is a time people live down all too fast," was one of the epigrammatic comments he made in pointing out the attitude of many oldsters toward youngsters. Discussing the attributes of the modern teacher, one of the significant elements of the base of the triangle, Dr. Odgers reviewed briefly the criteria set forth in the well known book, "And Gladly Teach." Said he, parenthetically, "The man who can eat heartily, sleep soundly and laugh easily, has three important qualifications of a good teacher—meaning, of course, good health and good mental hygiene."

School Problems

School problems, warned Dr. Odgers, are never solved but new techniques and growing experience are constantly bringing us closer to solutions with gratifying improvement in the results attained. He concluded by quoting a famous provost at the University of Pennsylvania who told of a mother who asked her child what was the greatest room in the world and then answered her own question by saying, "The room for improvement."

The evening was enlivened by the instrumental music of George Corner which supplemented the inimitable playing of Dr. LeFavor. The table decorations were the joint contribution of J. C. Clark, Jacques Legendre and E. H. Michel, the general committee in charge of arrangements being Eugene Hargett, Nathan Lane and Carl Thomas.

CHURCH BROADCAST SUNDAY, MARCH 7

The Columbia Church of the Air program under the auspices of the Christian Science Church will be broadcast from New York on Sunday, March 7, 1937, by B. Palmer Lewis, Christian Science Committee on Publication for New York, at 1:00 p.m., eastern standard time, over a nation-wide network of the Columbia Broadcasting System, and may be heard in New Jersey over stations WABC and WPG.

AMERICAN LEGION

Eighteenth Birthday

The American Legion will celebrate its eighteenth birthday on March 15th. The celebration is expected to take the form of having the largest membership in the history of the organization. Frederick M. Rodgers Post is rallying to help with the celebration and all service men are urged to get their dues to finance officer Charles Yost as soon as possible.

Remember this is the big year, with the state convention in Ocean City and the national convention in New York.

Child Welfare

The child welfare program in Burlington county is getting under way. County Commander Arthur Kemble is pushing this phase of Legion activity in an enthusiastic manner.

Guest Speaker

Colonel Vincent A. Carroll, national executive committee member from Pennsylvania, and former national vice commander, was the speaker at Post Frederick M. Rodgers last Tuesday. Col. Carroll is a classmate of Frank A. Mathews, Jr., both being graduates of the University of Pennsylvania Law School.

The Adjutant Wonders

Why every ex-service man doesn't join the Legion. Plans now being made need the participation of all those who are eligible to join.

CINNAMINSON P.T.A.

Carefully planned, the evening meeting on Founders Day was a great success. A short business session was followed by an impressive candle-lighting service. The three lower grade bands gave a fine entertainment. The third grade members who have been studying about the Indians, gave Indian music and were dressed in costume. They made both costumes and instruments.

The fourth grade played regular instruments and are able to read music nicely. The interesting lecture by Dr. Paul H. Jaynes, of Camden, on "Delinquent Boys and Their Problems," for they have problems of their own, as well as those who are trying to help them.

The P.T.A. has prepared a gift for the one who has always been an inspiration to the association, Miss Eloise Bryan. Unfortunately she was indisposed and unable to be present to receive a lovely traveling case chosen by the committee. The social committee served refreshments, and the well-attended meeting adjourned.

Friday night the 26th, the eighth grade sponsored a dance in the auditorium. About eighty were present, many relatives, a few mothers, more fathers and brothers, who joined in the dances with evident enjoyment. Punch and cake, made by the girls, was served during the evening. Publicity.

GARIBALDI NEXT FOR CHIEF WOLF

Italian to Clash With Winner
Over Joe Cox, Dusek
vs. Coffield

Wrestling fans who crave action will get plenty next Thursday night for Gino Garibaldi, sturdy Italian, will try to halt Chief Little Wolf's winning streak when they collide in the star bout of the show at the drill shed, Camden.

Wolf chalked up his third successive win last week when he put the skids under the wild and woolly Dynamite Joe Cox in one of the wildest bouts seen in Camden in many weeks. Garibaldi is next to try his rough stuff and if the Italian is in prime condition, the Italian will find himself in the same position. One fall to decide the winner, with no time limit attached.

Another bout that will add more interest to the bill is the special encounter of one fall with an hour time limit between Jim Coffield and Joe Dusek. They met several weeks ago with the verdict of no contest. Dusek rendered Coffield unconscious by ramming his head into the post of the ring. Three other bouts of 30 minutes rounds out the full card.

COUNTY LEAGUE CARD PARTIES

On Tuesday, April 6, in the Mount Holly Armory, the Burlington County Tuberculosis League will sponsor two card parties, one will be an afternoon party beginning at two o'clock, and the other in the evening of the same day at eight o'clock. Bridge (auction or contract), five hundred and pinocle will be played, the players progressing or pivoting as they choose. The tickets for admission will be fifty cents, and may be secured from the following:

Mrs. F. P. Gerry, chairman, Mount Holly; Mrs. Paul Burk, Bridgeboro; Mrs. Charles Doeblert, Moorestown; Mrs. Helen Haas, Medford; Mrs. Isaiah Haines, Whites Bog; Mrs. Charles Warner, Pemberton; Mrs. Frank Phillips, Burlington; Mrs. Edward Ried, Lumberton; Mrs. William B. (continued from page 1)

no idea that affairs at the sanatorium were in such poor shape. He remarked that he had heard rumors during the past few months that the institution was not being managed properly, but did not know definitely about affairs until his visit that day.

Lamon Speaks

Freeholder Walter D. Lamon also spoke on the situation. He said in part, "I am disappointed with the management this year. The board of managers should be big enough to care for this situation, but apparently this has not been done. Now is the time to act wisely. I stand in a position of righteous indignation and will act without fear of political consequences."

Director Adams

Palmer L. Adams, director of the board of freeholders, made the following statement, "There are a lot of things at the sanatorium that could be improved, but conditions are not in such a poor state as many people would like to have you believe." He further remarked that Freeholder Church had been on the board for only a short time and still had much to learn.

Oscar Ward, Cumberland County legal representative, stated that his county had 10 patients at the hospital and that eight of that number were dissatisfied. In that Cumberland County paid \$21 per week for each patient, he requested that steps be taken to improve the attitude of the patients in respect to the management of the institution.

Former Patients

Several former patients were called by Mr. Church. These individuals declared that conditions were entirely satisfactory before Dr. Tracey became acting superintendent of the institution.

A letter was read by Mrs. Margaret Haines, of the Burlington County Tuberculosis League, which requested that Dr. Marcus W. Newcomb, superintendent and medical director. At present he is acting in the latter capacity. This communication was ordered received and spread upon the minutes.

New Angle

The reading of the letter started the hearing off on a new angle, a discussion of the qualifications of a superintendent, and just who had held this position at the institution. The consensus of opinion appeared to be that a business manager should be appointed, and that the holder of this position should work in entire harmony with the medical director.

Letter from Stokes

A letter was read from Dr. S. Emlen Stokes, state assemblyman, of Moorestown, which stated that conditions at Fairview were deplorable.

Dr. Harry L. Rogers, of Riverton, was among those who spoke from the floor. He said, "The patients have raised a furor because of incompetent service and I personally feel that the board of managers should resign. Dr. Rogers also questioned Dr. Tracey about the duties of the various members of the staff and who was responsible for seeing that the work was attended to in a proper manner."

Tracey Speaks

Dr. George T. Tracey rose to speak as Freeholder Church finished his part of the investigation. The gist of his remarks was that conditions were not as bad as reported, and that certain of the patients were chronic trouble makers. He further remarked that he had tried to cooperate with Dr. Newcomb, the medical director.

This aroused Dr. Newcomb into action and he stated that many things happened at the sanatorium over which he had no control, in fact he wasn't even introduced to the nurses who were hired and fired by Dr. Tracey.

Not Out for Office

Dr. Newcomb, when questioned by Mr. Stout regarding his future political position in Burlington county. I was retired by the people last year and plan to stay in retirement."

After the resolution regarding the resignation of the board of managers had been passed two members

YMCA STAMP CLUB of Palmyra and Riverton

Last Meeting

The depths of our ignorance of the history of neighboring peoples—their habits and modes of thought—was illustrated pointedly in the questions which followed the talk of Howard Morris who showed his rare collection of Philippine stamps at the YMCA Stamp Club on Friday last. Mr. Morris not only knew his stamps but knew how to interest his audience in the story which lay behind them.

Lacks Only Two Items

It is rather unusual to find a collection so nearly complete as that shown by Mr. Morris, who, with the characteristic generosity of collectors, came up from Chester, Pa., to display his collection which lacks but two items of being complete. Included in his interested audience were ten members of the Haddonfield Stamp Club who were guests of the local organization.

With programs growing more interesting in variety and scope, the club is anxious to have anyone who has ever collected attend a meeting and see for themselves how the hobby has grown and how many interesting by-paths have been made which they may explore. The next meeting, scheduled for March 26th, will feature a travel talk by a man who recently hitch-hiked completely around the world.

of the group made statements to the assemblage.

Attitude of Lewis

Howard F. Lewis, of Burlington, remarked as follows, "I make no apology for my actions as a member of the board. I don't know what this is all about and have been given no opportunity to answer any of these questions. I would like, however, to have my resignation accepted now. Mr. Lewis then presented this document to the board, but it was refused by a three-to-two vote. Mr. Lamon agreeing with Jones and Adams on this question.

Dr. Bowley

Dr. Joseph W. Bowley, of Burlington, followed Mr. Lewis. The doctor said in part, "I feel that I have been tried before a packed jury and believe that I should have been given an opportunity to present my case. 'I have done a lot for this institution and feel that the board of freeholders should accord me a vote of thanks instead of asking for my resignation. You can fire me, but you have got to show me cause.'"

No statements were made by Dr. Richard D. Anderson, of Burlington, or Henry W. Tresch, of Jobstown.

Final Remarks

Mr. Church stated at the close of the hearing that some members of the board of managers have tried to do a good job, but he felt that requesting the resignation of the entire body was the only way to clarify the situation.

Director Adams called attention to the fact that the death rate at the institution had dropped from 50 in 1935 to 42 in 1936, and that 90 of the patients had gained weight since entering the institution. He added further that he was as much interested in the welfare of the patients as any one, but that he would have attacked the problem in a different manner than the one decided upon.

Board Action

The next move is apparently up to the board of managers. With the exception of Lewis, no member offered his resignation.

On Monday, Dr. Tracey announced that he had received and accepted the resignations of Mrs. Margaret Wetherill, assistant superintendent, and Miss Catherine Donovan, supervisor of nurses. Dr. Tracey stated that the resignations were handed to him on February 5, but that he took no action until Monday when the people affected insisted upon immediate action.

A Heroic Act

It takes considerable courage to plunge into a fast-flowing river in February, fully clothed and with only a moment's notice, in an attempt to save a human life.

We wonder how many would have been able to act as quickly in such an emergency as did Robert Teeple and Arthur Waters on Sunday, February 21?

It seems fitting that suitable public recognition should be accorded to these young men who so unselfishly risked their own lives in a valiant effort to save another.

Where Were the Flags?

Considerable comment has been made in Riverton over the non-appearance of the flags on Broad and Main streets on the occasions of the birthdays of Lincoln and Washington.

Presumably the colors and standards are still available for use. The question remains as to who is responsible for their placement on national holidays.

It would appear that this was a worthwhile project for some one to inquire into before another similar occasion is at hand.

PORCH CLUB

A business meeting and election of officers was held on March 2, at 2:30 p.m. The following officers were elected:

President: Mrs. John Douglas Clark.

Vice presidents: Mrs. Nathan Lane; Mrs. Henry W. Shreve.

Corresponding secretary: Mrs. Ralph L. Flower.

Treasurer: Mrs. Edward K. Merrill.

Directors: Mrs. Roland Michener, Mrs. Archibald M. Miller, Mrs. William G. Porter, Mrs. Percy A. Ransom, Mrs. Clarence W. Rodman.

Admission committee: Mrs. Henry Ashburner, Mrs. James S. Coale, Mrs. Walter L. Drew, Mrs. Herbert M. Morris.

An interesting program consisting of the artistic grouping of flowers in suitable containers was given by Mrs. Joseph Weston of Haddonfield. Flower arrangements appropriate for a guest room, a breakfast tray, a luncheon table and for a formal dinner table were shown. Some lovely arrangements were an Assyrian copper bowl containing gay flowers of red and yellow and a beautiful antique white bowl holding white tulips, stock and sweet peas. Mrs. Weston had a number of small unusual containers filled with plants and ivy for window decoration. Tea was served at the conclusion of the program.

LENTEN FOOD SALE

The Ladies' Aid Society of First Lutheran Church is selling deviled crabs, fish cakes and soup every Thursday and Friday during Lent. Those wishing to order may call Mrs. Pike, 882; Mrs. Walling, 247-R or Mrs. Buchholz, 893.

P.O. of A. NOTES

Camp No. 3, P. O. of A. will give a birthday party to Mrs. Buelha Haines at the home of Mrs. Raymond Haines, 914 Cinnaminson avenue, Palmyra, Thursday evening, March 4.

Plans for this party were not definitely completed at the time of the last regular meeting, and this is an invitation to all members.

Thursday evening, March 11, is planned especially for members who have belonged to the camp for 25 years or more. There will be special entertainment and refreshments.

RIVERTON SCHOOL NOTES

Thanks

The pupils of eighth grade and Mrs. Bush wish to thank the parents and friends who helped make the movie of the "Good Citizenship Club of Riverton School" a financial success.

We also extend appreciation and thanks to the pupils and faculty of the school for their loyal support and cooperation. We are now able to make a gift to the school as well as pay for our Valley Forge trip.

The program consisted of the following films: "The Spirit of the Plains," "Mummies Reveal Their Secrets," Riverton Field Day, Attempts to Cross the Atlantic, Scenes of Riverton Folks, and a combination reel of comedies. The last three reels were loaned by Mr. Robert Knight and William Robinson.

Marjorie Lewis,
Fred Steiner.

P.O.S. of A. NEWS

Camp 23, P.O.S. of A., will celebrate the 44th anniversary of its founding on May 10. Thomas Ward has been appointed chairman of the celebration committee, and this assures a good time for all who attend. Leslie W. Reeves has charge of Memorial Day services and expects to make this something more than a perfunctory occasion.

Twenty-eight out of fifty-one living past presidents attended the reunion on February 22. George N. Wimer occupied the chair to which he was elected in May 1893; reminiscences were exchanged and two of the best speeches of the evening were given by Nate Coombs and Dave Coles. George R. Evans read Lincoln's "Man of the People," and Secretary Reeves read "Eulogies of George Washington" by Thomas Jefferson and Napoleon Bonaparte.

Fried oyster sandwiches and coffee provided by Harry Holt and his entertainment committee helped the spirit along. Details of the open forum to be held March 22 will be announced in the next issue of this paper.

FIRST LUTHERAN CHURCH
Rev. Harold L. Greager, Pastor

Continuing our series on the "Purposes for Which Christ Came," the morning sermon next Sunday, the 7th, will deal with the theme "Judgment." At the evening worship our Girl Scout Troop will attend; the sermon theme will be "Using Your Body Rightly."

Mid-week service Wednesday evening at 8 o'clock.

The A Capella choir of Gettysburg College will give a concert this Saturday evening in the Lutheran Church at Collingswood, at 8:15. This choir is directed by a former member of the famous St. Olaf choir, and has been receiving high praise for its splendid music. Music lovers will get a real treat here.

EPWORTH M. E. CHURCH
Rev. William A. Boyd, Pastor

"The Power of the Cross," will be the subject of the sermon Sunday morning at eleven o'clock. This is the third sermon in the series on "The King Upon His Cross." Appropriate music will be sung by the senior and junior chorus choirs.

"The Influence of the Cross" is the title of the sermon by the pastor at the evening service.

The Colored Glee Club of the State Industrial Training School at Bordentown, N. J., will be with us and sing several spirituals at this time, furnishing the musical program of the evening. We invite the public to all our meetings but especially do we invite it to this service.

Bishop Ernest G. Richardson, of the Philadelphia area, will preach in our church next Sunday morning at eleven o'clock. We invite not only church members to be present, but all people who do not attend any other church.

The Rev. Ralph Todd, minister of the Embury Methodist Church at Collingswood, will be the preacher in the Lenten Service Wednesday evening at eight o'clock. Music will be furnished by a double mixed quartet. Philadelphia's harpiste, Mrs. Dorothy Johnstone Baseler, will give a concert-lecture on the harp in our church, Thursday evening, March 11.

CENTRAL BAPTIST CHURCH
Rev. George Lockett, B.D., Pastor
Services for Sunday, March 7, 10:00 a.m. Bible school, 11:15 a.m. Morning worship. The monthly Communion Service will be observed this Sunday morning. The Rev. George Lockett will preach on "Plenteous Redemption." There will be special music by the choir.

7:00 p.m. The Fellowship Committee, headed by Jack Semmler, will have Young People's Service. Ray, a member of the Palmyra High School faculty, spoke to the young people last week on "Things to Live For."

7:45 p.m. Song service and worship. "The Listening Ear" is the topic. Rev. Lockett has chosen for the evening service, which will be preceded by a song service.

CHRISTIAN SCIENCE CHURCH

"Man" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, March 7th.

The Golden Text is: "Ye are my witnesses, saith the Lord, and my servant whom I have chosen." (Isaiah 43:10).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And God said, Let us make man in our image, after our likeness; and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth. So God created man in his own image, in the image of God created he him; male and female created he them." (Genesis 1:26-27).

ATTEND YOUNG MEN'S CONGRESS

Riverton and Palmyra were represented by Wilton E. Mount, Giles Knight, W. Maynard Bowen, Frank Alloway, Henry Mathers, Russell Hammelman and Henry Wilbraham at the seventh annual New Jersey Young Men's Congress, held in Morristown, Saturday and Sunday, February 27 and 28.

The theme of the Congress was "A New Citizenship." The opening address, "Can Democracy Lay the Basis for World Citizenship?" was made by Dr. Jay B. Nash, Department of Physical Education and Health, New York University.

Topics Discussed

Immediately following this session the congress divided into eight groups for roundtable discussion, the topics discussed being, Education for Modern Needs, Employment and Industrial Relations, Modern Youth Movements, Cooperative Movements, International Relations and Peace, Treatment of Minority Groups, Types of Government, and Trends in American Citizenship.

Saturday evening the congress banquet was held in the YMCA, at which time Dr. Nash again spoke. His subject was "Is Youth Interested in Saving Democracy?"

Church Service

At 11:00 o'clock the congress was the guest of Rev. Thomas S. Mutch, pastor of the First Presbyterian Church of Morristown. His sermon was "Jesus' Standard of Citizenship."

At 2:30 the closing session was held. This time the reports of the roundtable discussions were presented.

After these reports Lester B. Granger, secretary of the Workers' Bureau, National Urban League, addressed the congress on "The New Citizen at Work."

The conference was attended by about one hundred fifty men and boys who were entertained in the homes of Morristown.

WESLEYAN MEN'S BIBLE CLASS

One hundred and fourteen people attended last Sunday morning's service, including the ladies of the Innamuch Class of the Methodist Sunday School, and heard Dr. Bickerton at his best.

Reading Z. Poinsett, the class teacher, who has been seriously ill, was able to be present for the first time since his illness.

Next Sunday will be known as Poinsett Day, and will be the occasion for welcoming Mr. Poinsett back with us again.

The Wesleyan Class double quartette proved a further pleasant feature of the program.

The Community Lenten Service, being sponsored by the Wesleyan Class, will be held in the high school auditorium Sunday, March 21st, (Palm Sunday). The program will include a chorus of mixed voices, the Harmony Trumpeters, and a prominent Philadelphia minister. Complete details will be published later.

All men and women of the surrounding community are invited.

As this is the first meeting since the election of officers, all members and friends are urged to attend.

PALMYRA BEATS WOODROW WILSON

Red and White Ends Regular Schedule with Splendid Record of Wins

Palmyra High defeated the Woodrow Wilson court aggregation on Tuesday evening, in Convention Hall, Camden to the tune of 28-23. The result of the fracas augured well for the chances of the locals in the South Jersey tournament, since the same Woodrow Wilson team will be the initial opponent of the Red and White on Friday night.

Foul Shots Count

The stress that Coach Dimond has placed on foul shooting during the entire season produced excellent results as far as the Tuesday game was concerned.

Both teams scored the same number of goals from the floor, but it was Palmyra's superior work from the 15-foot mark that turned the tide.

The locals cashed in on 10 out of 17 attempts, while the opposition was able to garner only five out of 20 charity throws.

Rothbaum was high scorer of the evening with 11 counters.

Protest Packing Supreme Court

(continued from page 1)

Senator-elect Smathers has not yet taken office in Washington and can be reached at the State House, Trenton.

At the conclusion of the address by Mr. Childs the following resolution was presented to the meeting by C. P. Mayfield, chairman of the resolution committee, and was passed with one dissenting vote. It will be forwarded to the parties named therein.

Resolution
Riverton, New Jersey
February 25, 1937

WHEREAS, the President of the United States has proposed the enactment of legislation to add six additional justices to the Supreme Court of the United States, and WHEREAS, the independence of the judiciary is the ultimate safeguard of the liberties of the people, and the principal guarantee of the maintenance of constitutional democracy,

THEREFORE, be it resolved, that we, the citizens of Riverton, Palmyra and Cinnaminson, in public meeting assembled do hereby vigorously protest against this proposal to empower the Executive to increase the membership of the Supreme Court as being a menace to an independent judiciary, and WE DO HEREBY call upon the citizens of every community in the sovereign State of New Jersey, and throughout all the other States of the Union, to gather in similar meetings and publicly protest against this proposal or any other legislation which would interfere with the independent action of the Courts of the United States, and

BE IT FURTHER RESOLVED, that a copy of this resolution be sent to the President of the United States, and to the President of the Senate, and to the Speaker of the House of Representatives, and to the Chairmen of the Judiciary Committees of the Senate and the House, and to Senator and Senator-elect and Representatives from the State of New Jersey.

(Signed)
The Citizens' Protest Committee.

The Address

Mr. Childs said in part: "Less than three weeks ago the President made a proposal for the reform of the judiciary. The proposal affects all Federal Courts, but let us consider the proposal only in so far as it affects the Supreme Court."

"In substance the plan is that when a justice arrives at the age of 70 years and does not resign, the president shall have the right to appoint an additional justice."

Proposed Change

"The bill before Congress provides that the maximum number of justices under the plan shall be 15. The purpose of the increase is entirely plain. It is to enable the Executive to appoint justices who will make decisions which are in accordance with the policies of the Executive. "This purpose to pack the Court appears between the lines of the President's message itself. Moreover, most of the Senators and Congressmen who have espoused the President's plan have been frank enough to state that the objective of the plan was to enable the President to appoint a compliant Supreme Court."

Admit Packing

"Notwithstanding the frank admission by most of the proponents of the plan that the proposal has as its objective the packing of the court, a few defenders of the plan expressed surprise and even assumed indignation at the suggestion that the President would use his power for the purpose of appointing judges whose minds ran along with his own. I do not intend to waste the time of this meeting in attempting to answer a defense so rife with sophistry and hypocrisy. "The President's message submitting the plan asserts that the Court needs enlargement unless some of the older members retire. Taken at its face value, this assertion involves a charge that the Supreme Court is inefficient. "This charge is wholly disproved by the fact that the court is abreast of its calendar."

The Issue

"The issue before the American people is, therefore, whether we

should have an independent judiciary, or a judiciary subservient to Congress or to the President, or both of them."

Mr. Childs then went on to consider the historical background of the Constitution and the underlying reasons as to why the judiciary was set up as an independent branch of the Federal Government.

Quoting further from his address: "Today, perhaps more than at any other time since the founding of our country, this nation needs a strong courageous and independent Supreme Court. Bear in mind that this Court does not pass upon the justice of laws, or the soundness of economic measures, but is concerned only with preserving the rights of the three coordinate departments of the Federal Government."

Court Protection

"In this period of clamor, people lose sight of the fact that in the last analysis, the only protection of the individual in his constitutional rights is the protection afforded by courts. "If there has now arisen a need for new laws which are not within the bounds of the Constitution, this need should be met by amendment of the Constitution. "It must be borne in mind that the President's proposal goes far beyond any amendment because his plan involves changing the Supreme Court from a judicial body to a political instrument."

Presidential Admiration

"There is one question which I would put to every proponent of the plan and that is whether he is supporting the plan because of personal admiration for a distinguished President, although his reason tells him that the plan is not for the good of this nation. That is this, 'Do any of the proponents of the plan assert that if this plan had been proposed by some one in the opposition party or by some one independent of the administration that it would have been given a hearing?'"

Party Loyalty

"The party system of America is a good thing, but if party loyalty reaches a point where dangerous measures are endorsed on the ground of party loyalty, this nation is doomed. Today it is not to the leaders of a defeated party that the people look for guidance on this grave question, but it is to such men as Senators Glass, Clark, Wheeler, Byrd, George and others. It is these men who have sacrificed party loyalty for the sake of a great principle and who cry to us for support and this support we will give them, not as Democrats, not as Republicans, but as American citizens."

New Courses at Palmyra High

(continued from page 1)

The County Superintendent's office was used to test eyes of the lower grade children and to check on light in rooms.

The audiometer from the State Department will be available for our use May 12th.

Following our usual procedure at this time of year, survey tests were given throughout the school in all formal subjects with satisfactory results. These results are studied and remedial work given where needed. Three special promotions were made.

Parents' Night

The fifth grade domestic science class before starting their class in cooking visited the Millside Dairy, then started their work with a milk unit. The seventh and eighth grade classes in this department will give a special demonstration of their work, including a fashion show at the annual parents' night exhibition. Other exhibits in the classrooms and various departments of the school that evening (March 15th) should be interesting to the members of the Board of Education and I hope you all will attend.

After our own exhibition, I hope to enter some of our work in the exhibit held by the Public Ledger in Philadelphia. We shall also have some entries for the State Science Fair in Newark.

LATE RALLY WINS FOR BURKE-EISLEY

League Leaders Trim Rogers' News 38-23; "Y" Takes Trojans 19-13

Rogers News managed to hold the Interboro League leaders, the Burke-Eisley quintet, on even terms during the first half of the game played last Thursday night, but the senior member of the firm started a scoring spree during the final frame and put his team out in front by the score of 38-23.

The luckless Artisans fell before the Tak-Abost attack and slid further into the loop cellar. The score of this affair was 21-12.

In the third game of the evening the "Y" aggregation bested the Trojans by the count of 19-13. Both teams were deadlocked at 8 all when the first half ended. Gootes broke loose in the last frame to give the YMCA another victory.

PLAYOFF DATES IN COUNTY LOOP

Palmyra, Riverside, Moorestown and Bordentown Clash Monday Night

The Burlington county scholastic basketball championship will be decided in games scheduled for March 8 and 16, when the four leading teams in the loop will meet in a round-robin tournament.

Palmyra finished in first position with a record of 12 straight wins and no losses. Riverside annexed second honors, with Moorestown third and Bordentown fourth.

The semi-finals will be played on Monday evening, March 8, with the finals being slated for Tuesday, March 16.

The contests will be played on the court of Riverside High School, which will not be a neutral floor, as the team representing that institution will be one of the participants. Having defeated each league member on two occasions during the regular season, the charges of Coach Dimond are top-heavy favorites to win the title. The Red and White meets Riverside in the opening contest.

S. JERSEY PLAYOFF STARTS ON FRIDAY

The South Jersey championship high school basketball tournament gets under way on Friday night, March 5, with the crack Palmyra team engaging Woodrow Wilson High in the initial round.

The game will be played at Convention Hall, Camden, and is scheduled to start at 9 p.m.

Having defeated Woodrow Wilson Tuesday night on the same floor, Palmyra enters the fray as the apparent winner.

PALMYRA LOSES IN LAST PERIOD

Holds Fast Alumni Aggregation Even for Three Frames, Score 33-26

Palmyra High held the fast alumni court five even for three periods in a game played last Saturday night, but the grads, led by Captain Jack Easley, staged a whirlwind offensive in the final quarter to win by the score of 33-26.

The count at the end of the first half was 13-12 in favor of the varsity.

The alumni was represented by a group of former college stars, nearly all of whom are members of the crack Turner court squad or the Riverside Reds.

Foulke and Easley led the alumni attack, scoring 13 and 10 points respectively. Rothbaum, of the undergrads, counted on five field goals and converted two out of three foul attempts.

The junior varsity was nosed out, 23-19, in the preliminary engagement.

PALMYRA ENTERS PHILA. TOURNEY

The fifth annual Girls' Interscholastic Shooting Tournament, sponsored by The Taylor School, is scheduled to be held this year on Saturday, March 6, at the Central YMCA, 1421 Arch street, Philadelphia.

Thirty teams and ninety individual entries have been received by Meriton Houk, Taylor athletic director. From present indications, the number of participants will exceed those of last year.

This tournament, the only one of its kind anywhere in this section of the country, has been growing in popularity from year to year. In 1936, entries were received from ten counties. Pennsylvania: Berks, Bucks, Chester, Delaware, Montgomery and Philadelphia counties were represented. New Jersey sent representatives from Atlantic, Burlington, Camden and Cumberland counties. There are numerous prizes to be awarded for successful participants.

PALMYRA SCHOOL NOTES

Kindergarten

The kindergarten this past week was treated to a great surprise when they were notified that they had received the bank banner. Although it is the first time they have received it they hope it will not be the last.

First Grade

The first grade attendance for Miss Ruth E. Lesale's room for February was 91.6 per cent. The following pupils were present every day: Sally Hemple, Elaine Henson, Merta Horter, Bobby Brennan, Billy Fortune, Billy Hiltner, Raymond Koehler, Billy Kraus, Walter Myers, Wayne Peck, Billy Price, Bobby Schmidt and Gaynor Seither.

Second Grade

The second grade pupils of Mrs. E. H. Wallace have managed to keep well to the extent of having 96 per cent attendance for the month just past.

Richard Schwing has told the second grade many interesting things about his trip to Florida. Most exciting to the class was the baby alligator which he brought one day.

Third Grade

The third grade sends its best wishes for a speedy recovery to William Yerkes who is in the Zurburg Memorial Hospital.

The third grade was very pleased to receive the banner for banking last week, even though their room and the kindergarten were tied.

Fourth Grade

The fourth grade, taught by Mrs. Josephine H. Barry, gave a brief program in honor of the anniversary of George Washington's birth. Dressed in colonial costumes, Eleanor Clark and Thomas Schwick presented "Betty Rose and the Flag," Billy Engle and Emma DeVece also gave a play entitled "George and the Colt."

As a summary of their study of food Mrs. Elizabeth T. Taylor's fourth grade has made individual posters illustrating the various types of food necessary to build strong, healthy bodies.

Fifth Grade

Mrs. Muriel B. Chambley's fifth grade class has been studying about nutrition in their health classes.

MARCH 15 TO BE PARENTS' NIGHT

Varied Program to Be Presented by P.T. A. in Riverton Public School

A varied and interesting program has been arranged for parents' night on Monday, March 15, at the Riverton public school. An exhibition of the children's work in each classroom, the domestic science and manual training departments will start at 7 p.m.

John H. Werner, representing the fathers of P.T. A., will lead the meeting in the school auditorium at 8 p.m. A sketch and fashion show by the girls of the sewing classes, will precede a talk by H. Paul Jones, of Mt. Vernon School in Camden.

Following the meeting refreshments will be served by the hospital committee.

Play to Be Given

A feature of the evening will be "Thursdays at Home," a farce in one act by Mae Howley Barry, presented under the direction of Mrs. J. Rowland Dey by a cast including: Mrs. C. V. Devery, Mrs. Walter Moyer, Mrs. M. A. Simons, Mrs. G. Rex Showell, Mrs. Frances B. Downs, Mrs. Porter Caldwell, Mrs. John Abell, Mrs. Arthur Burns and Mrs. Charles Sims.

This production was given as a part of the Founders' Day program and made a tremendous hit with the audience.

PARTY FOR MRS. ANNA COLE IN CELEBRATION OF 75th ANNIVERSARY

"Many happy returns" were the words Mrs. Anna Cole heard last Thursday evening as she entered the home of her daughter, Mrs. William Evans, of Thomas avenue.

Mrs. Cole, who had thought everyone had forgotten to count birthdays, found that her seventy-fifth one was just as much remembered as those of sixteen or twenty-one.

Those who joined in the festivities were: Mrs. Marion Sauer, Mr. and Mrs. Samuel MacMullin, Mr. and Mrs. Ezra Perkins, Mr. and Mrs. Robert Cole and family, Mr. and Mrs. Herbert Evans and family, Mr. and Mrs. William Evans and family and Miss Bernice Randall and Melvin Stebbins.

Reminiscences were exchanged and games were played after which refreshments were served.

HIGHWAY DEATHS SHOW DECREASE

New Jersey's busiest through highways, the Brunswick Pike and Route 29 were much safer places for travel from an accident fatality standpoint last year, according to a statement by Motor Vehicle Commissioner Arthur W. Magee on Monday. Deaths decreased 27 and 26 per cent respectively on both routes.

South Jersey's two principal cross-state routes the Black Horse Pike and the White Horse Pike both had a higher death rate than the previous year.

On the Brunswick Pike, 49 persons lost their lives in accidents as compared with 67 in the previous year and 90 in 1934. Route 29's casualties dropped from 35 to 26 last year; the White Horse Pike increased from 22 in 1935 to 23 last year and on the Black Horse Pike last year's total of 19 was an increase of two fatalities.

ENGAGED

Mr. and Mrs. Hugh T. Downing, of 407 Cinnaminson avenue, Palmyra, have announced the engagement of their daughter, Miss Martha Carolyn Downing, to Leon C. Guest, Jr., son of Mr. and Mrs. Leon C. Guest, of Eriton, formerly of Riverton. (continued on page 8)

JUNIOR PORCH CLUB OBSERVES FATHERS' NIGHT

Fathers' Night was observed by the members of the Junior Porch Club at their meeting held last Wednesday and a goodly number of the dads were present for the occasion.

A one-act play entitled "Wrong Number" was presented by a cast including Elizabeth Hunn, store detective No. 3; Alice Parrish, shop-lifter; Elizabeth Ridley, waitress.

A cake and pie judging contest followed in which four of the fathers, R. T. Elliott, Rex Showell, H. C. Parrish and G. L. Ridley, served as arbiters of the excellence of pastry prepared by the members.

The cake prize was won by Miss Elizabeth Showell while the award for the best pie was given to Mrs. Charles Knight.

STREAMS TO BE WELL-STOCKED

New Jersey streams will be stocked with thousands upon thousands of large Brook, Brown and Rainbow trout during the next six weeks in preparation for the gala opening of the 1937 trout season on April 15, President George C. Warren, Jr., of the State Fish and Game Commission, announced last Monday.

Game wardens report that many of the thousands of trout liberated for the September trout season last year still remain in their new water habitats in very healthy condition, and with the great 1937 re-stocking program getting under way, anglers can be assured of a most successful season.

EARLY ACTION ON PROPOSED SEWER

Palmyra Project Receives the Approval of N. J. State Board of Health

The Palmyra Borough Council, at its meeting Tuesday evening, announced that word had been received from the New Jersey State Board of Health that it would issue a permit for the proposed sanitary sewer extension in accordance with the revised plans.

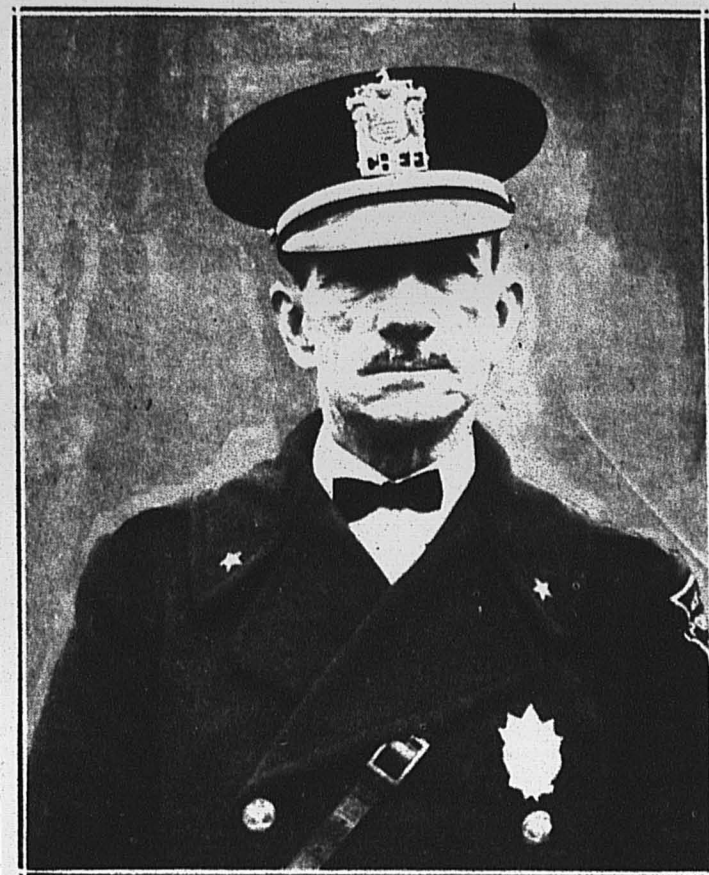

Mayor Ward, said he felt the sewer service should be extended to include all properties in Palmyra. He said he felt all communities on the Delaware would eventually have sewer disposal plants.

Saving Possible He said that under the proposed WPA projects, a considerable saving will be effected and his only apprehension in the matter was the possibility that the WPA might cease to function after the project is under way. Even in that case, the borough would only have to do the balance of the work, rather than the whole project at some future time.

Whatever had been accomplished, should this occur, would naturally be done at a considerable saving.

The question of handling the assessment on borough property paralleling the proposed sewer, is being taken up for consideration. \$10,300 of the proposed borough share would be financed by general taxation, and \$30,000 by direct assessment over a ten-year period. The property owner, in addition to paying (continued on page 8)

Hon. Howard W. Eastwood to Be Toastmaster at Testimonial: Affair Informal

Everything is in readiness for the testimonial dinner to be accorded C. Morris Beck, chief of the Palmyra Police Department, next Wednesday night, March 17, in P. O. S. of A. Hall, Palmyra, in honor of his twenty-fifth anniversary as chief of the Palmyra force.

The affair will get under way at 6:30 p.m. when dinner will be served by Caterer McCallister, of Philadelphia. Music will be furnished by a well-known orchestra and the famous Adolphus quartet will render several selections.

Eastwood to Be Toastmaster The toastmaster of the evening will be the Hon. Howard W. Eastwood, prosecutor of Burlington county.

The committee in charge of the event wish to state that the dinner will be entirely informal.

Those who are responsible for the arrangements include: George N. Wimer, chairman, program and speakers; Carl W. Lutz, secretary, tickets and invitations; T. Curtis Flynn, treasurer, music and entertainment; Edward A. King, vice-chairman, menu and dinner; Joseph L. Stack, assistant secretary, decorations and wardrobe.

MRS. J. E. WRIGHT IS ENROLLED AS COLLEGE STUDENT

Mrs. John E. Wright, of 405 Main street, Riverton, believes that it is better for a woman to have something constructive to do after she has been relieved of the cares and problems of raising a family.

Having been a school teacher before her marriage, Mrs. Wright naturally turned to further learning as her "something to do."

This past fall Mrs. Wright enrolled as a student at the University of Pennsylvania for courses in adult education and sociology.

"Riverton has no possible way of expanding except through her cultural side," said Mrs. Wright. "We have no way of growing industrially or in size, therefore it is up to us to grow in the only way possible."

It is the hope of Mrs. Wright that Riverton will in the near future start adult education classes, as have Moorestown and other neighboring towns.

4-CENT STAMPS IN NEW SERIES

Army-Navy Issue to Be Printed
in Gray, First Day Sale
on March 13

Postmasters and employees of the Postal Service are advised of the issuance of the 4-cent stamps in the Army and Navy series, which will be first placed on sale at the Washington, D. C., post office on March 23, 1937. The new stamps will be available at other post offices as soon thereafter as stocks can be printed and distributed.

The 4-cent stamps are of the same size as the previous denominations of this series, and are printed in gray ink.

Army Stamp

The 4-cent Army stamp has for the central design portraits, in large oval frames, of Gen. Robert E. Lee at the left, and Thomas J. (Stonewall) Jackson at the right. In curved ribbon panels with white ground at the base of the respective ovals are the names "Lee" and "Jackson" in dark gothic. Between, and partly under the ovals, is a reproduction of the ancestral home of the Lee's, with the name "Stratford Hall" underneath in dark gothic.

Navy Stamp

The central design of the 4-cent Navy stamp is composed of portraits, in large ovals, of Admirals Sampson, Dewey, and Schley, arranged in order from left to right. Within the ovals below the portraits in curved panels with white ground are the names "Sampson," "Dewey," and "Schley" in dark gothic. The central oval extends to the upper edge of the stamp, leaving space below between the outer ovals for the inscription "United States Postage" in dark gothic. Below is a view of the sea with vessels in the distance.

First-Day Covers

Stamp collectors desiring first-day cancellations of the new stamps on March 23 may send a limited number of addressed covers not in excess of ten (10) for the Army stamp and a like number for the Navy stamp to the Postmaster, Washington, D. C., with a cash or postal money-order remittance to cover only the cost of the stamps required for affixing. Postage stamps will positively not be accepted in payment, and all covers should reach the Postmaster not later than March 20.

CIVIL SERVICE EXAMINATIONS

The United States Civil Service Commission has announced open competitive examinations as follows:

Park ranger, \$1,860 a year, National Park Service.

Senior educationist (senior specialist in elementary education), \$4,600 a year, Office of Education, Department of Interior.

Principal, Indian community and boarding schools, \$2,000, \$2,600, and \$3,200 a year, Indian Field Service including Alaska, Department of Interior.

Junior warder (female), \$1,320 a year, Federal Industrial Institution for Women, Department of Justice, Alderson, West Virginia.

Medical technician (tissue culture), \$1,620 a year, National Institute of Health, U. S. Public Health Service.

Chief accountant, \$5,600 a year, assistant chief accountant, \$4,600 a year, principal accountant, \$3,800 a year, accountant and auditor, \$3,200 a year, Commodity Exchange Administration, Department of Agriculture.

Full information may be obtained at the Riverton or Palmyra post office.

FIRE IN CHURCH PARISH HOUSE

The Riverton Fire Department responded to an alarm sent in for a fire in the parish house of the Sacred Heart Church on Saturday evening.

The blaze was caused by an accumulation of fuel in the base of the oil burning heater. The mechanism had been out of order and the excess oil became ignited when the fire was restarted.

The flames were promptly extinguished without loss.

GAMES NEEDED AT FOUR MILE

During the latter half of 1936, friends of the New Jersey State Colony at New Lisbon, contributed most generously to their library project. The result would bring real pleasure to the donors if they could see it—and many of them have. Their kindness has made possible the extension of a recreational and educational program for the Four Mile "boys" that is wide in its scope. Happy boys are good boys. And happy boys learn faster. If in the learning they have a good time, how painless is education.

A game room is the next step. The library is one of the happiest corners at the colony—and one of the busiest. But one can't read all the time; and many can't read at all; and some do get tired of the pictures.

Everybody loves games, young and old, wise and not so wise. Games are especially helpful to the boys of Four Mile with their peculiar problems. Since male patients from every county in the state are in training at this institution for greater or less periods, it is believed that a state-wide appeal will be well received. Again the kind-hearted people of New Jersey are asked to help.

If you have grown tired of your cards, jig-saw puzzles, checkers, dominoes, parchesi, and all their unnumbered relations—even your mah-jong, ping pong, quoits, etc., will you donate them to the colony boys? Some one will call for them if you do not wish to bring them. Please write, or telephone Pemberton 1. (Signed) The Librarian, New Jersey State Colony, New Lisbon, N. J.

ENLISTMENTS IN MARINE CORPS

The United States Marine Corps Recruiting Office in Philadelphia, Pa., has announced that qualified young men between the ages of 18 and 25 years are being accepted for enlistment.

The Eastern Recruiting Division has been assigned a quota of 150 men for March, and approximately 35 of this number will be accepted from Eastern Pennsylvania, Delaware, and the southern portion of New Jersey.

Detailed information concerning enlistment may be obtained by communicating with the Officer in Charge, Marine Corps Recruiting Station, Room 405, New Custom House, Second and Chestnut streets, Philadelphia, Pa.

YMCA BRIEFS

Organization Meeting

President Howard G. Taylor, Jr., and vice-president Benjamin J. Roberts, of the Burlington County YMCA Board, will represent the county association at a YMCA area meeting in Philadelphia, Saturday, March 13. Representatives will be in attendance from New Jersey, Maryland, Delaware and the District of Columbia. The primary question to be considered will be that of forming an administrative area of this geographic combination which will be those related directly to the National Council of YMCA, with headquarters in New York.

REVOCATIONS OF DRIVING LICENSES

A total of 81 persons lost their driver's licenses during the week ending March 5th according to an announcement made by Motor Vehicle Commissioner Arthur W. Magee.

Twenty-seven were for drunken driving; 4 for reckless driving; 10 for speeding; 12 habitual violators; 6 for leaving scene of accident; 4 for failure to stop at red light; 9 for summonses; 9 were five years revocations resulting from fatal accidents and all others 9.

With the inclusion of this week's figures, the Department during 1937 revoked 281 licenses for drunken driving and the total of all revocations reached 700.

"BLACK LEGION" AT BROADWAY

"Black Legion" playing Broadway Theatre next Tuesday and Wednesday Is True to Facts

Two research experts spent a month in Michigan, tracing the activities of the notorious night-riding hooded order which terrified that state last summer, so that there might be absolute accuracy in Robert Lord's story "Black Legion," which Warner Brothers filmed.

One returned last fall and attended the trial of the ringleaders, which resulted in a large number of them being condemned to life imprisonment. "Black Legion," with Humphrey Bogart, Dick Foran, Erin O'Brien Moore and Ann Sheidan in the leading parts, is capably directed by Archie L. Mayo.

DUSTERS

The history of these fine little boats bears very many pleasant memories to those connected with its splendid development and holds great promise for the future.

The original simple and economical design, conceived by Owen P. Merrill in 1933, developed into the first "Duster" built by E. K. Merrill and financed by the club in the winter of 1934. Launched in the spring of that year and rented by the hour to club members, the performance of this tricky sailing "Duster" was quick to catch the fancy of the younger element particularly, and its popularity grew by leaps and bounds.

Others Follow

Quickly following was the "Zypher," constructed by E. K. Merrill and John Ayers, with John Herby worthy skipper, and again under the guiding hand of Mr. Merrill: Jim Storey and Charlie Knight, at Delanco, followed with the "Quaker." By January 1935, five new boats were under construction in the cellar of Mrs. E. W. J. Huns residence in Riverton. All of this work was supervised by Mr. Merrill and developed into the "Tomater" by Bill and Herb Parsons, of Palmyra, the "Cobbler" by Bert Shoemaker, of Riverton, the "Ginger" by Tom Coe of Riverton, together with "Sneither" and "Sprintin' Splinter" by Lloyd Gladney and Ted Huns. All five of these craft were launched at the opening of the 1935 season and following a special series of races for the "Duster" class, an active season was closed with the return of seven trophies from two Regattas. The speed and exceptional abilities of these boats, not to mention the skill of the young skippers, was amply proved with Ted Huns capturing the Season's Championship.

Displayed at Show

During March, 1936, at the Philadelphia Sportsmen's Show, the Riverton Yacht Club booth displayed Tom Coe's "Ginger," where it attracted a great deal of favorable attention and publicity, and also created a further demand for specifications and plans on this now famous "Duster" class.

During the 1936 Season, the "Quaker" was completed by Charlie Knight, of Riverton, and a record season closed with eight trophies captured by the "Duster" class in Maryland and Inter-Club Races with Tom Coe achieving Championship. The development and racing of these Duster Class boats is a unique

WHY THE FLAGS WERE NOT OUT

In reply to a query advanced in last week's issue of The New Era concerning the non-appearance of the street flags on Lincoln's and Washington's birthdays, the following statement has been made by J. M. Coddington, who is custodian of the colors.

"I have been in charge of the flags ever since they were purchased 10 years ago and, to the best of my knowledge, they have never been used on the two holidays in question.

"The reason for this is that snow, frost or ice have rendered it impossible to place the standards in the ground.

"The present schedule for placement of the flags calls for their use on four days, namely, Memorial Day, Flag Day, July 4, and Armistice Day. They will be placed on the streets on other special occasions upon request, provided that authorization is given by the Riverton Borough Council."

BUSINESS CLUB TO MEET MARCH 16

The regular monthly meeting of the Burlington County Business and Professional Women's Club will be held on Tuesday, March 16, at the Moorestown Field Club. Dinner will be at 6:30.

Dr. Ellen Potter, of Trenton, will speak on the topic "Teamwork for Social Progress." Dr. Potter is the Director of Medicine in Institutions and Agencies of the State of New Jersey, as well as a member of the Board of the New Jersey Conference of Social Work. She is also vice-president of the National Conference of Social Work, which was held in London last summer.

Miss Emma Severns, Director of Social Service of the Burlington Hospital, is the chairman for the evening.

HOSPITAL BOARD MEETS FRIDAY

The meeting of the board of managers of Fairview Sanatorium, originally slated for last Friday afternoon, was postponed for a week and will take place on Friday, March 12. The time of the postponed session coincides with the regular meeting of the Burlington County Board of Freeholders which takes place on the afternoon of the same day.

YWCA NOTES

Finance Campaign

The annual finance campaign of the Burlington County Young Women's Christian Association now being conducted throughout the county, opened with a supper Monday night in the Moorestown Baptist Church, which was attended by community chairmen and their workers. Arrangements for the supper were in charge of Mrs. William Grobler, of Moorestown.

Mrs. Frank Smith, of Rancocas, presided as toastmistress at the affair, and an inspirational talk on work now being accomplished by the Burlington County Y.W.C.A., as well as the possibilities for expanding the present program was given by Mrs. Carlton W. Tillinghast, of Burlington.

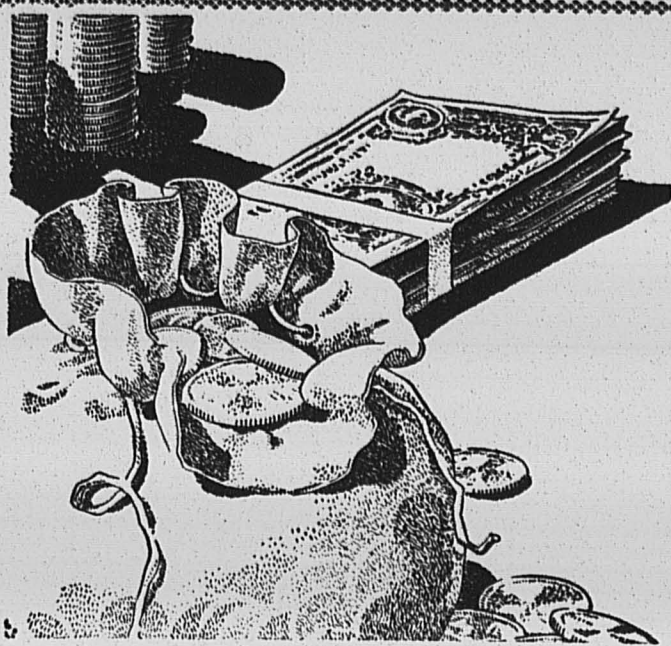

The appeal for funds will be completed, as far as possible, by Wednesday, March 17, and on the afternoon of that day a tea will be held in the Riverton Porch Club, when the reports of workers will be received. Mrs. Alexander C. Wood, Jr., of Riverton, is chairman of the committee arranging for this closing tea.

New Clubhouse

More than one hundred persons attended the "open house" held last week by the Burlington City Y.W.C.A. in its new clubhouse at Penn and York streets, Burlington. The building is an old Quaker schoolhouse, now owned by the Burlington County Home for Aged Women, and the board of managers of the Home are permitting it to be used by the Y.W.C.A. for supervised club activities. It has been cleaned, papered and partially furnished, and the club girls will help in the painting and decorating necessary to make it an attractive meeting room.

The Voice of the People

The following editorial appeared in the Evening Bulletin of February 26th.

Somebody in Riverton, across the Delaware, had a good idea when the plan was formed for the "town meeting" held last evening to protest against President Roosevelt's raid on the Supreme Court, residents of Palmyra and Cinnaminson being invited.

The vote at the meeting was 148 to 1 against the President's raid. Advocates of the Rooseveltian plan may not have responded to the call. It might be supposed that there would be more than one person in the section of favorable mind. But the vote was hardly less significant and impressive, whatever allowance may be made for the contrary mind of the absentees.

Letters of protest against this raid on the Supreme Court are pouring in on Senators and Congressmen by tens of thousands, exceeding, it is said, any previous demonstration of public opinion or sentiment. The letters may do some good and should be kept up. But when the voters assemble in town meeting and show their hands in registering their desires and protests, they speak even more loudly than when they write postal cards and letters.

When the people all over the United States begin to gather in old-fashioned Yankee town meeting and express their opinions as to national policy, they will become really vocal and will command attentive ears at Washington.

There is nothing like the old New England town meeting formula to give the people real powers of speech. And it looks more and more, according to reports from Washington, that this vital issue is to be determined by the voice of the people, addressing their representatives in Congress.

FOOD FACTS

Do You Know That:

Grasshoppers served as food in China are known as "shrimps of the earth."

Ghee is the clear butterfat oil of buffalo milk and is used in India in place of butter.

Foreign born Jewish housewives of New York City prefer tart prunes although the younger American born generation are partial to the sweet types, the choice of most native Americans.

THE ANSWER— THEN AND NOW

The basic argument of those who favor changing the personnel of the Supreme Court to make it fit one economic viewpoint, boils down to a single fundamental issue. The Court, they say, must be reorganized because it is not in tune with the times; because the Constitution prevents much legislation which the people of the country want.

Apparently, there is nothing new about such arguments. More than a hundred years ago they were advanced—and answered so effectively that the answer still stands. Here is what Daniel Webster said then:

"It is hardly too strong to say that the Constitution was made to guard people against the dangers of good intentions, real or pretended. . . . There are men in all ages who mean to exercise power usefully—but who mean to exercise it. They mean to govern well, but they mean to govern. They promise to be kind masters but they mean to be masters."

In more recent years Justice Brandeis, the Court's most famed contemporary liberal, put it this way: "Experience should teach us to be most on guard to protect liberty when purposes of government are beneficent. Men born to freedom are naturally alert to repel invasion of their liberty by evil-minded persons. The greatest dangers to liberty lurk in insidious encroachment by men of zeal, well meaning, but without understanding."

Even 150 years ago when the Constitution was adopted and provision made for the Supreme Court as the umpire upon all laws, the drafters provided the Constitutional Amendment as the means for eternally letting the people determine how much of their liberties they wanted to surrender to powerful centralized government.

metal enclosures for meters, switches and metering transformers. The customer will supply only the fuse box and a main disconnecting switch in a meter installation. Heretofore all equipment on the meter board except the meter, was supplied by the customers.

The company has arranged a series of meetings with electrical contractors in various parts of the state to familiarize them with the new equipment which is more economical to install.

TREE REMOVAL IS PROGRESSING RAPIDLY

The removal of the large decayed poplar trees on Cinnaminson avenue, Palmyra, is progressing rapidly and the crews have already reached a point near Broad street.

The thoroughfare presents a decidedly altered appearance at present, but new trees of fair size have already been planted to replace those which have been cut down.

Within a comparatively short time, the avenue will again assume the shaded aspect which, in the opinion of many, adds much to the appearance of any community.

"My friend," said the physician, "you are suffering from a chronic complaint."

NOVELTY NUMBERS AT K. C. PARTY

Several novelty numbers will be featured on the dance floor on the evening of March 17, when the Ladies' Auxiliary of K. of C. will celebrate St. Patrick's Day by holding a card party and dance in the K. of C. Home, Broad and Elm. Mrs. Anna Davis and her committee planning the dance, have procured the Columbian popular orchestra to furnish the music.

Mrs. Robert J. Woods also has a very active committee working toward a successful evening of cards, and it is reported that prizes are more plentiful and better than ever. Those who wish may have refreshments. The donation will be 35c. The ladies realize that many people will wish to attend both the dinner in honor of Police Chief Morris Beck and the St. Patrick's celebration, and wish to announce that neither affair will interfere with the other, as the hour has been considered in making arrangements.

TWO DUSEKS AT CAMDEN ARMORY

Joe Faces Danno O'Mahony, the
Former World's Champ,
Rudy vs Kennedy

Two of the four dastardly Duseks are in for the toughest time of their life next Thursday when they appear in the final two bouts of Twin City's weekly mat show at the Camden Armory.

Joe Dusek, infant member of the group, has the toughest of the two as he faces Danno O'Mahony, former world's champion in the final match of the evening slated for one fall with no time limit. The former champ is right at the height of his career. He is making rapid strides towards regaining the title.

Rudy, eldest of four brothers, will have to call on all of his wrestling faculties to beat Irish Jack Kennedy of Texas when they meet in the semi-final of one fall with a half hour time limit.

Stanley Pinto, another battle scarred veteran who always gives the best that is in him will head the preliminary lineup when he clashes with Mike Strelich of California in the third bout. Lanky Mike Marzuri of New York is also down on the bill and he faces Jim Wright of Texas in the second bout. Bill Sledge and Ted Key, two newcomers who have won the hearts of many armory fans are in the opening clash also carded for one fall with a half hour time limit.

Artisans' League

The start of the second half saw
the Thieves and Bandits shoot into
a deadlock for top position with
four points each. The Footpads won
the first half by the narrow margin
of a single point.

High singles: Pheyl, 224, Bandits;
Baltner, 198, Thieves; Rapp, 199,
Platers; Hunter, 193, Highwaymen.

Palmyra League

Lloyd's, Stone's and Messick's are
in a three-cornered tie for top hon-
ors, each boasting a record of four
wins and two defeats. The other
three teams are also deadlocked
with a reverse record.

High singles: Burke, 202, German-
ia; Lippincott, 206, Stones; Mum-
ford, 206, Loyds.

Ladies' League

The Kools took two from the Mu-
rads and cut the advantage of the
loop leaders to three games. The
Camels went into a tie for second
place by taking three from the Mu-
rads.

High singles: Mrs. Henry, 143,
Spuds; Mrs. N. Beitz, 169, Camels;
Mrs. Leonard, 181, Murads; Mrs.
Burns, 169, Kools.

The standings:

BISHOP TO PREACH AT M. E. CHURCH

Bishop Ernest G. Richardson, D.
D., L.L.D., will be the preacher in
the Methodist Episcopal Church this
Sunday morning at 11 o'clock. Bishop
Richardson is a great
preacher, and a greater man. As
preacher, administrator and leader
of the temperance forces of Phila-
delphia, he has no superior. We
welcome him to our church and
community. The public is invited to
this service.

The Girl Scouts and their mothers
will attend the evening service in a
body. The minister will preach a
special sermon to the group upon
the subject "Joan of Arc." Come
hear the troop members sing. Ruth
Hornor and Grace Hornor will ren-
der a duet. Virginia Schweizer will
read the Scripture lesson and the
Girl Scouts will receive the offering.

The church school board will
meet in the intermediate room
Monday evening for a supper con-
ference at 6:30. All members of the
board are expected to be present.

The Lenten service this Wednes-
day evening will be in charge of the
minister. Every member and friend
of the church is invited to this mid-
week church service.

The Sacrament of Baptism will
be administered by our minister
Palmyra Sunday morning at 11 o'clock.
During this same service, young peo-
ple joining the church as prepara-
tory members will be received. A
great service is planned for the eve-
ning. The complete program will
be announced later.

CHRISTIAN SCIENCE CHURCH

"Substance" will be the subject of
the Lesson-Sermon in all Churches
of Christ, Scientist, on Sunday,
March 14.

The Golden Text is: "If we hope
for that we see not, then do we wait
with patience for it." (Romans 8:25).

Among the citations which com-
prise the Lesson-Sermon is the fol-
lowing from the Bible: "The Lord
is exalted; for he dwelleth on high:
he hath filled Zion with judgment
and righteousness. And wisdom
and knowledge shall be the stability
of thy times, and strength of sal-
vation, the fear of the Lord is his
treasure." (Isaiah 33:5, 6).

The Lesson-Sermon also includes
the following passage from the
Christian Science textbook, "Science
and Health with Key to the Scrip-
tures" by Mary Baker Eddy: "Sub-
stance is that which is eternal and
incapable of discord and decay.
Truth, Life, and Love are substance,
as the Scriptures use this word in
Hebrew: 'The substance of things
hoped for, the evidence of things
not seen.' Spirit, the synonym of
Mind, Soul, or God, is the only real
substance. The spiritual universe,
including individual man, is a com-
pound idea, reflecting the divine
substance of Spirit" (p.468).

EPWORTH LEAGUE DISTRICT RALLY

The March rally of the Trenton
District Epworth League will be
held in the M. E. Church at Taber-
nacle on Saturday, March 13th. The
rally will start at 4 p.m. with a re-
creation program in charge of the
Tabernacle League, supper will be
served, and an evening worship ser-
vice will be held in the church. Rev.
George B. Lockett of the Palmyra
Baptist Church will be the speaker
of the evening. Leaguers coming
to the rally are asked to bring food-
stuffs or clothing which will be
sent to the Deaconess Home in
Camden. This is a regular monthly
Southern Group Rally but all North-
ern Group Leagues are also invited.

WESLEYAN MEN'S BIBLE CLASS

Among the large number who at-
tended last Sunday's class a number
of new faces were noticeable. The
officers of the class are pleased to
see these new ones in our midst and
trust that they may continue to
come, and better still become mem-
bers of the class.

Reading Z. Poinsett, our teacher,
was welcomed upon his return to
health and to the class. Mr. Poin-
sett will be with us each Sunday but
will not resume teaching until after
Easter.

Dr. Bickerton gave the fifth talk
of his series of Lenten talks en-
titled "Gathering Clouds." A
pleasant and very enjoyable
duet was sung by Joseph Turnock
and his son with Mr. Turnock ac-
companying at the piano.

Please keep in mind the Lenten
Service to be held at the Palmyra
High School, Sunday, March 21st,
at 2:30 p.m. The speaker will be
Reverend W. Galloway Tyson, until
recently pastor of the Calvary M. E.
Church, Philadelphia, being ap-
pointed at the Methodist Conference
to the position of superintendent of
the Philadelphia district.

Reverend Tyson is an excellent
and able speaker.

All men and women of the com-
munity are invited to attend.

CENTRAL BAPTIST CHURCH

Rev. George Lockett, B.D., Pastor
Services for Sunday, March 14
10:00 a.m., Bible school.
11:15 a.m., Morning worship. This
Sunday will be the eighth anniver-
sary of the dedication of the new
church. The Rev. Lockett has se-
lected as the topic of his sermon, "The
Work of the Church."

7:00 p.m., Pastor Lockett was the
speaker in the Young People's meet-
ing last Sunday night. Twenty-five
members attended. This Sunday
evening the worship committee,
headed by Melvin Cooper, will take
charge of the meeting.

7:45 p.m., "God's Question to His
People" will be the subject of the
evening song service and worship.
Plans are being made for a church
service for children, on Palm Sun-
day afternoon, at 2:30. The younger
children will be the ushers and sup-
ply the music.

"EASTER STORY" AT PLANETARIUM

By means of music, lighting effects
and appropriate scriptural readings,
"The Easter Story" is being pre-
sented to visitors to the Fels Plan-
etarium daily from March 3 through
April 4. As was done in the demon-
stration "Skies of the First Christ-
mas," given during December, when
a new record for attendance was
established, the program is in two
parts.

First, the lecturer tells how, after
long and bitter discussion, the rules
for setting the date of Easter were
formulated.

In the second part, the lighting
effects, while not actually picturing
the scene at Golgotha, suggest them
in a beautiful and dignified way. The
special setting which has been
erected in the Planetarium chamber
will, it is believed, astonish visitors
by its beauty.

In order to accommodate all those
who will want to attend, the demon-
stration, "The Easter Story" is given
daily beginning Wednesday, March
3, at 3 p.m. and 8:30 p.m., Monday,
Tuesday, Wednesday, Thursday and
Friday; at noon, 3, 4 and 8:30 p.m.
on Saturday; and at 3, 4, and 8:30
p.m. on Sunday.

GRACE LEWIS IS CONTEST WINNER

Miss Grace Lewis, of Riverton,
won the Burlington county cham-
pionship in the annual girls' inter-
scholastic foul-throwing tournament
held in Philadelphia last Saturday
afternoon under the sponsorship of
the Taylor School of Philadelphia.
Miss Lewis, who is a member of
the junior class at Palmyra High
School, sank 17 out of a total of 25
attempts.

Other local contestants were
Adeline Telaricco and Ellen Brad-
ley.

Willie was being measured for his
first made-to-order suit of clothes.
"Do you want the shoulders padded,
my little man?" inquired the tailor.
"Naw," said Willie, "pad the
pants."—Exchange.

TYRONE POWER IN LEADING ROLE

Darryl F. Zanuck, Twentieth Cen-
tury-Fox production chief, in assign-
ing to Tyrone Power the leading
male role in "Lloyds of London,"
screen triumph playing at the Savar
Theatre, gave that young man one
of the most coveted characteriza-
tions of the year.

The opportunity of overnight star-
dom was granted the young player
as a result of his outstanding per-
formances in two previous Twenti-
eth Century-Fox pictures.

"Lloyds of London" finds Tyrone
in the role of Jonathan Blake, who
carves a brilliant career for himself
in the great international insurance
firm whose fortunes he brings to its
greatest peak. At the height of his
meteoric career Jonathan falls in
love with Madeleine Carroll, who,
with Freddie Bartholomew as the
very young Jonathan, is starred in
the production.

Battle of Trafalgar
The romance, however, is il-
lustrated from the beginning, and it
is not until a thrilling climax cul-
minating in Admiral Lord Nelson's
thrilling victory at the Battle of
Trafalgar, that the couple find the
path to happiness.

The impressive cast also features
Sir Guy Standing, C. Aubrey Smith
and Virginia Field. Directed by
Henry King, with Kenneth Macgow-
an as associate producer, the screen
play by Ernest Pascal and Walter
Ferris was adapted from the original
story by Curtis Kenyon.

TURNERS REGAIN WINNING STRIDE

Secure 30-28 Decision over
Bridgeton, Reds Triumph
by 38-23 Count

After a temporary lapse last week,
the Turners again broke into the
win column by trimming Bridgeton
Sunday afternoon in a close engage-
ment, the score of the fracas being
30-28.

This puts the Turners out in front
by a full game in the second half
race for the championship of the
Camden-Suburban Basketball Le-
ague.

The Reds won a 38-23 decision
over the Bridgeton reserves in the
preliminary game.

SERVICE TROOP
CAMPING TRIP

The Service Troop of Palmyra Boy Scouts will leave Saturday afternoon for a weekend camping trip at Camp Mahalala. While at the camp, the boys will occupy the Eagle Cabin. Opportunity will be afforded to pass tests in all classes.

The affair is under the direction of Scoutmaster George Wiegand, and scouts desiring to go on the trip are requested to meet at the Lutheran Church, Palmyra, at 1.30 Saturday afternoon.

Return will be made on Sunday.

BOGUS CANVASSERS

REPORTED HERE AGAIN

During the past week reports have been received that canvassers have appeared in this vicinity soliciting funds for a Burlington police benefit and a new fire house in that community.

Burlington authorities report that no such activities are being sponsored by organizations at this time.

find out definitely whether or not the borough will proceed with the work. Mr. Grim, representing Remington and Goff, borough engineers, stated that the quicker the project starts, the more the borough will receive for its share of the allotted funds, since materials are expected to rise in price.

Borough Solicitor Albert McCay has the ordinance prepared and as soon as a debt statement is prepared, council may actually proceed with the ordinance for first reading. It is expected that definite action will be taken within a week.

Tree Removal

Councilman Huyett, reporting for the tree committee, stated that 55 poplar trees had been removed, 100 trees planted, 50 cords of wood split, 500 feet of curb line edged, 73 loads of brush and 88 loads of wood hauled.

ed. Huyett asked the press to advise the public that all this work is being done and paid for by the borough. Individual property owners, under no consideration, should pay for any work of this nature.

Building inspector reported improvements totaling \$4,175 and submitted fees of \$30.50.

Highway Improvement

Councilman Engle reported that the WPA was still hauling gravel for the streets, that the borough highway force has the necessary materials and will proceed with road work as fast as the weather permits.

Councilman Mervine reported for the finance committee in the absence of Mr. Buchholz.

Five thousand dollars was ordered paid to the board of education by March 12; \$500 for the payment of

baby bonds and \$63 for interest thereon, was approved. The Board of Health inspector reported \$35 in fees and five cases of chicken pox reported by Dr. Dean H. LeFavor. Three dollars in fines were submitted by the borough recorder.

George N. Wimer, reporting for the welfare, stated that during February there were 22 cases made up of 108 people. The expenditures for the month were \$323.53.

Lives in River

At the regular meeting of Riverton Council held last Thursday night a special committee was appointed to prepare a resolution to provide proper recognition of the heroic act of Arthur Waters and Robert Teeples in attempting to save the life of Leo Schaeffer on February 21, and to obtain medals for the young men.

The presentation will be made at the next meeting of council which will be on April 8.

The borough clerk, Daniel M. Clifton, was instructed to send letters of appreciation to the police departments of Palmyra, Riverside and Riverton, and to others who assisted in grappling for the body of the Schaeffer boy.

Request for Boat

William Gootee, chief of police, appeared before council and requested that provision be made for a boat which could be used by the police in case of any emergency on the river. He stated that the police would provide a suitable trailer in the event that such a craft were available.

After considerable discussion the matter was referred to the police committee with power to act.

Repairs on Apparatus

Councilman E. K. Merrill reported when the new pump was being installed on the 16-year-old piece of fire apparatus certain other defects were found, including a cracked crankcase and two scored cylinders. Authorization was granted to have these repairs made and the equipment placed in first-class condition.

Police Report

Chief William Gootee, of the police department, presented the follow. (continued on page 7)

INQUIRER PRIZE OF
\$500 GOES TO MRS.
SYDNEY REYNOLDS

Riverton came in for another share of the Inquirer contest money when Mrs. Sydney Reynolds, of 711 Cinnaminson street, won \$500 for her suggested name of the new supplement to the Sunday edition.

Last Thursday at lunch time the phone in the Reynolds home rang and one of the boys answered it. The call was for his mother, and upon answering it Mrs. Reynolds was told to be at the Inquirer at 2 o'clock the following day.

The "lucky lady" was so excited that she said Mr. Reynolds would have to go with her.

Upon arriving at the Inquirer she was told that she had won \$500. The shock was so great that for a few minutes Mrs. Reynolds was speechless.

The prize money has been placed in the bank for the purchase of "the little extra things" that we all want. Mrs. Reynolds says that she thinks one of the first things she will get is an electric refrigerator.

YOUTH TO AGAIN
RULE IN THREE
COMMUNITIES

Saturday, April 24, will find Palmyra, Riverton and Cinnaminson with entirely new rulers, just for a day!

On that day our borough officials will step aside and assume the role of teachers, showing the rulers of a generation hence how to conduct the municipal government.

Charles Ray, of the Palmyra high school faculty, will again have charge of the election in the school.

Even the purest-looking surface air has rubbish suspended in it, says a doctor columnist. You're telling us radio fans—Norfolk Virginian-Pilot.

NEW RULING ON
SALE OF ASPIRIN

The following ruling on the sale of aspirin by general merchants was announced last week by the New Jersey State Board of Pharmacy:

"The sale of Aspirin is unlawful. Aspirin is a drug and the sale of drugs is prohibited by the pharmacy laws of New Jersey except under the personal supervision of a registered pharmacist. If you have any stock of aspirin tablets, powder, capsules, gum or aspirin preparations of any kind on hand, you should dispose of them at once. On April 1, 1937, the State Board of Pharmacy will begin active prosecution of all dealers not supervised by registered pharmacists who continue to sell aspirin in any form."

IN CINNAMINSON

Car Crashes Caused by Ice on Roads; No Injuries to The Passengers

On Tuesday morning a car driven by Robert McDougal, of Delanco, skidded into one owned and driven by Delmar B. Smith, of 321 Ranocass avenue, Riverside, on River Road at Kern street. The accident was caused by the icy condition of the road. Spencer Johnson, of Riverton, a salesman for Lester S. Fortnum, was riding with McDougal.

The car driven by McDougal overturned but no one was injured. Both cars were considerably damaged but no arrests were made.

The accident was investigated by Officer George Dorworth, of the Cinnaminson police.

New York Car Crashes

Last Sunday afternoon a car driven by Miss Marjorie Widder, of Summit street, Fort Hills, New York, crashed into a car owned and driven by Lewis A. Camardo, of 600 Legion avenue, Palmyra. The accident was caused by the icy roads. No one was hurt and Miss Widder assumed all responsibility of the accident.

A truck owned by Poole's Trucking Company, of Greenville, South Carolina, and driven by Tracey A. Gant, of Easley, South Carolina, ran (continued on page 4)

THREE COMPANIES
GO TO BLAZE

Fire companies from Riverton, Parry and East Riverton responded to an alarm, on Sunday afternoon, for a blaze in a house located on the New Albany road occupied by Alex. Lipka.

Quick work on the part of the firefighters confined the blaze to one room and kept the damage to a minimum, the figure being estimated at about \$100.

The cause was unknown.

Racing Apparatus

Chief Carhart wishes to call attention to the law which prohibits motorists racing fire apparatus while such equipment is responding to an alarm.

The chief points out that the public has previously been warned on this point and if certain individuals persist in the practice they will be arrested.

Never argue—especially with a sick man or a well woman.

Community Lenten Service

On Sunday afternoon at 2.30 in the Palmyra High School auditorium, there will be a community Lenten Service sponsored by the Wesleyan Men's Bible Class—everyone is invited. Last year was the first attempt to have a Community Lenten Service. It proved to be so successful that this organization decided to try it again. An excellent speaker has been engaged together with a mixed chorus that has been in training for this occasion and, in addition, the Harmony Trumpeters. Doors will be open at 2 o'clock.

VOLUNTEER STAFF
GAIN IS REPORTED

Welfare Association Gives a
Resume of Activities
During February

Mrs. Catherine Blair, executive secretary of the Riverton-Cinnaminson Welfare Association reported in part as follows at the monthly meeting Tuesday night:

I am very happy to report quite an increase in our volunteer staff. We have several hours per week clerical help which I am using to bring up to date and then keep in order the relief account which should be a part of every case record where material help is given. We also have a volunteer who is taking charge of our employment work. Adequate records, check on references and report on whether satisfactory service was secured are part of this work. In addition I am soon to have an additional visitor office worker.

Relief Load Increased

Our relief load has risen to 38, and our active case load is 75, with 13 cases held inactive, to be closed at the end of the month.

Always in discussing budgets and relief standards, I want to emphasize the fact that giving is the least part of our work, and that consultant service on family expenditures, as on other aspects of family problems, such as child care, the securing of institutional placement, adjustments of any nature is where our real service lies.

Standards Used

In discussing the relief standards of the association, I want to present to you the policy upon which I have proceeded in order that it be clearly understood. I feel it is highly desirable that the board approve this, as it is a hard-and-fast rule which provided that eligibility be established on basis of present lack of employment. While present need is of course the prime factor, the case work aspects, so far as the effect upon the client through loss of initiative and self respect, is the more serious problem.

Meeting at Country Club

I want to call your attention to a very interesting meeting of the Social Workers' Club to be held at the Riverton Country Club on Monday, March 22nd. Dinner will be served at six thirty (75c reservations before March 19th). At seven thirty Mrs. Conant, the new County Child Welfare worker for Department of Institutions and Agencies, will talk about her work in the county, and Miss Mildred Walton, Social Worker for Burlington County Children's Home, Mount Holly, will explain the work of her organization. All are welcome.

Observant Child: "Mama, why hasn't papa any hair?"
Mother: "Because he thinks too much, darling."
Child: "Why have you such a lot, mama?"
Mother: "Because . . . Oh, go to bed this instant."

It is estimated that 121 die in automobile accidents for every one who loses life in a tornado.

REVOCATION OF
DRIVING LICENSES

A total of 90 persons lost their driver's licenses during the week ending March 12, according to an announcement made by Motor Vehicle Commissioner Arthur W. Magee.

Twenty-one were for drunken driving; 4 for reckless driving; 6 for speeding; 14 habitual violators; 4 for fraud at examinations; 13 for failure to appear in answer to summonses; 12 were five year revocations resulting from fatal accidents and all others 16.

With the inclusion of this week's figures, the Department during 1937 revoked 302 licenses for drunken driving and the total of all revocations reached 790.

FAIRVIEW BOARD
NAMES NEWCOMB

Appointed Medical Director and Superintendent; Reeves Business Manager

The five-man board of managers of Fairview Sanatorium met on Tuesday afternoon and unanimously named Dr. Marcus W. Newcomb medical director and superintendent of the institution.

At the same session William H. Reeves, of New Lisbon, former clerk of Burlington county, was appointed business manager.

Quick Action

The action followed a resolution passed by the Board of Freeholders at the hearing of that body held last Friday afternoon, at which time the managers were requested to act on the reappointment of Dr. Newcomb.

The reduction in the number of the board to five men also was a result of another resolution passed by the freeholders at the same session.

Move Legal

The legality of this move was approved by the solicitor of the board, Lester A. Drenk, who handed down an opinion on the matter, after an investigation of the law concerned.

Dr. George T. Tracey will continue as president of the board of managers, but the action of Tuesday removes him as acting superintendent of Fairview.

MANY EMPLOYERS
ARE DELINQUENT

In the belief that large numbers of subject employers are delinquent, the Unemployment Compensation Commission of New Jersey is making a thorough and prompt check to save as many employers as possible from the severe penalties mandatory under the law. The commission has obtained access to Federal lists of New Jersey employers to assist in rounding up all employers who are covered by the New Jersey law, and who as yet have failed to report. No estimate has been made of the number of delinquencies, although it is believed to be substantial.

James G. Robinson, executive director of the commission, said that employers delinquent after March 31, would suffer almost double penalties, since contributions received after that date cannot be deducted from the Federal tax, making it necessary for the employer to pay both in full. Contributions received prior to that date are deductible in full from the Federal tax and failure to obtain this deduction means almost a one hundred percent penalty, he said.

"There goes Bill Jones. Called on me yesterday. First time I'd seen him for 20 years."
"Does he still part his hair in the middle?"
"Oh yes but the part is about five inches wide."—Electricity on the Farm.

HOSPITAL BOARD
REDUCED TO FIVE

Freeholders Act on Fairview
Situation, Ask Newcomb
Reappointment

The Fairview Sanatorium situation continued to occupy the attention of the Burlington County Board of Freeholders at the meeting of that body held last Friday afternoon and two items of business were transacted which those in attendance believed would have considerable influence in clearing up the controversy which exists over the conduct of affairs at that institution.

The first of these was a resolution which rescinded a previous act passed in 1936, creating a seven man board in place of the previous membership of five.

The move was sponsored by Freeholder LeRoy Church and was supported by Freeholders Lamon and Stout. Director Adams and Freeholder Jones reserved their votes pending a decision on the legal aspect of the resolution.

Church Says Move Legal

Mr. Church says that the move was in accordance with the law, according to expert advice which he had received.

The solicitor of the board, Lester A. Drenk, stated that he would be unable to render a decision until he had had an opportunity to study the statute in question.

If the resolution is found to be legal it will automatically remove Dr. Russell Geary and Howard F. Lewis from the Fairview board of managers as these two men were appointed when the body was enlarged to seven members.

Newcomb Reappointment

The reappointment of Dr. Newcomb as medical director by the board of managers was proposed by Freeholder Jones who stated that he and Dr. Newcomb did not agree (continued on page 7)

POWERS TO SERVE
ON VISITING BOARD
AT U. S. ACADEMY

Congressman D. Lane Powers has been chosen again as a member of the board of visitors of the United States Military Academy at West Point. It was announced yesterday from his Washington offices.

This is the fifth consecutive year Congressman Powers has served in this capacity for either West Point or the Naval Academy at Annapolis. When he first came to Washington in 1933 he was selected as a member of the West Point Board. He served on that board during the entire 73rd Congress. In the 74th Congress he was named to the board of visitors of the Naval Academy.

The board of visitors of West Point is similar to a board of trustees of a private college. Five members are selected from the entire membership of Congress to receive this honor. Congressman Powers' appointment came from the Secretary of War and the Speaker of the House.

MANY ATTEND P.T.A. MEETING

Numerous Exhibits Viewed by Parents: H. Paul Jones Well Received

Parents' night was observed on Monday at the Riverton school with classroom exhibits and an interesting program. About 300 visitors examined the exhibits which Miss Caroline M. Staman, supervising principal, later explained during the meeting.

Kindergarten

The kindergarten, earlier in the term, visited a dairy farm and reproduced it, using discarded materials to fashion animals, barns and fences. A doll house, complete in every respect and electrically lighted, was of particular interest.

First Grade

The first grade, which also visited the dairy farm, had its reproduction with every detail accurately copied. The "props" which the children made for their assembly presentation of "The Three Bears" were also in this room.

A display of the homes of primitive people, an Eskimo and an Indian scene in the second grade showed a particular interest and knowledge of the people they represented.

Complete Store

The "Good Health Store," complete with shelves, counters and stock, occupied a corner in the third grade. A series of pictures, illustrating stories they had read, their interpretation of people of other countries, a Pilgrim village and original safety pictures were well executed.

The King Arthur Stories were pictured in silhouette in the fourth grade. The procedure followed in this project was shown by a display of the preliminary sketches and patterns which were used.

Stained Glass Windows

The fifth grade made new "stained glass" windows for their room and displayed a remarkable picture of an angel which they made during their study of stained glass. Their illustrations of stories they have read, and really enjoyed, and black and white pictures of summer sports were particularly interesting.

The social studies group of the sixth grade exhibit portrayed early history from Egyptian mummies through the reproduction of a medieval castle to the westward march of man.

Arts Department

A small movie machine showing "King Arthur" and "Treasure Island" was well made by members of the seventh grade. An amazing display of scenes from story books in miniature proved very popular in this room. The arts and science department displayed drafts, scientific collections and apparatus used. The story and development in writing books and the decorative nature of manuscript writing were depicted by the English department.

A feature of the eighth grade exhibit was the "Land of Cotton" which consisted of four steps cleverly dressed as colored mummies. The window drapes in this room were redecorated with Indian scenes in oil, and a corner table made very attractive with a display of lamps which the pupils had made. The walls held individual miniature African scenes beautifully portrayed in framed cigar boxes.

Domestic Science

The domestic science room exhibited boys' work as well as girls'. A luncheon table was attractively set with daffodils as decorations, and a gay table in green for St. Patrick's Day was most appropriate. A complete meal was displayed, the menu planned and individual dishes prepared by the girls. Cup cakes, larger cakes, tarts and candy were made by the boys at home for the exhibition.

Art Club

The art club displayed modeled articles, including bowls, ash trays and plaques. The most outstanding piece of work that the art club has undertaken this year, is a permanently installed fountain in the kindergarten room. Smoking stands, lamps and sewing cabinets in the manual training room gave evidence

By The Adjutant

During the recent flood disasters the American Legion was usually 24 to 72 hours ahead of any organized agency with relief. Always prepared, the shock troops of the Legion are equipped with men and money to respond immediately when an emergency arises.

Philadelphia Legion Posts sent more than \$25,000 and three hundred truck loads of material when most needed.

The Frederick M. Rodgers Post constantly strives to help in emergencies. Details are not given but the spirit of the American Legion has, we know, lightened many burdens.

Wonder if it's Spring! There are so many plans in the air around post headquarters your correspondent is positively bewildered. (more, even than usual) We wish we could divulge them all but you'll have to have patience. A few, however, are: The Memorial Day celebration. Al Lippincott, with the post's enthusiastic support, is campaigning for a community swimming pool. A get-together for the citizens of these communities. Plenty others, which you will hear about later.

The next meeting of the post will be "Past Commanders' Night." There are about eighteen of them. Commander Drexel P. Patterson cordially invites every ex-service man to mark his calendar for the first Tuesday in April, and prepare to greet these former officers.

The Bugle and Drum Corps had the largest and most enthusiastic rehearsal of the year at its last meeting. Several openings are still to be filled and if you like the fun of belonging to a real organization, come out on Monday nights.

Avery Willis is planning a movie benefit next month. We wonder frequently how he gets so much work done, but he doesn't seem to be noticeably wasting away.

of the activity in this department by both boys and girls.

Meeting in Auditorium

The meeting in the auditorium started at 8 o'clock. Mrs. H. P. Orlemann, Jr., president, after a few announcements, introduced John H. Werner, who conducted the meeting on behalf of the fathers of P.T.A. A sketch, the first three acts of which were adapted from a magazine, entitled "The Old Woman Who Lived in a Shoe" was presented by the girls of grades five to eight. The old woman had so many children that each had to do her share and so learned to help with housework, cooking, and to make their own clothes. This afforded an opportunity for the girls of the sewing class to display the dresses and blouses which they had made.

Sketch Interesting

The fourth scene of the sketch, entitled "Ten Years Hence," was written and produced by the girls themselves. The old woman gave advice to a younger mother and urged her to instruct her children in the art of home making and sewing. The "Child Care Club" presented a sketch in which a group of young mothers conferred with the nurse in charge of a nursery school, presented their problems and received advice.

H. P. Jones Speaks

Mr. Werner then introduced H. Paul Jones, of the Mt. Vernon School in Camden. Mr. Jones stressed the importance of home training and environment in the character and development of children and the eradication of delinquency. In relating case histories which he has encountered in his vast experience as a psychologist, Mr. Jones emphasized the necessity of home training in a child's life, and stated that the solution to the problem of juvenile delinquency is love and understanding.

Following the meeting refreshments were served by Mrs. G. Harwood Baker, and her committee assisted by the fathers. A plant was awarded to Miss Rothbart's class for the highest percentage of parents in attendance.

HOLD SCHOOLMEN'S WEEK AT U. OF P.

Palmyra Teachers Attend Discussions and Demonstrations on Pupil's Readiness in Reading

The following Palmyra teachers attended the Thursday afternoon sessions of Schoolmen's Week at the University of Pennsylvania: Miss Ruth E. Laessle, Miss Mildred L. Durgin, Miss Viola M. Price, Mrs. Elizabeth T. Taylor and Miss Harriet Egan. The problem of pupils' readiness for reading was very interestingly discussed by experts in this field. Some of the teachers attended this discussion while others attended a demonstration lesson for a group of beginning readers and a group of non-readers.

Kindergarten

The kindergarten is very proud of two of its pupils who have had perfect attendance for the entire year. They are Raymond Carson in the morning group and Collins Haines in the afternoon group.

The following pupils of the Palmyra grammar school were on the Honor Roll for the six weeks ending March 12:

REPORT ON SCOUT ANNUAL CANVASS

At the regular monthly meeting of the executive board of the Burlington County Council, Boy Scouts of America, which was held at the home of E. A. Meehling, Moorestown, on Tuesday evening, G. Lloyd Cowan, Jr., chairman of the finance campaign, reported that the annual canvass for funds is now about 50 per cent complete. He stated that the goal of \$8500 will be reached, that many regular contributors were spending the winter away from home and upon their return they would attend to the matter.

Treasurer Harold V. Holmes, of Burlington, stated that he had completed his efforts on the annual canvass, meeting with better results than last year.

The following men are community chairmen in the finance campaign: Frank Appleton, Bordentown; Warren Brown, Florence; J. J. Robinson, Burlington; Luther Trostle, Beverly; George C. W. Beck, Riverside; E. Newbold Cooper, Riverton; Frank Snover, Palmyra; Stanley Carter, Maple Shade; E. R. Compston, Moorestown; Wm. E. Haines, Mt. Holly; Charles S. Beckwith, Pemberton.

BETTY PETTY AT N. Y. CONVENTION

Mrs. Elizabeth Petty, proprietor of the Betty Petty Beauty Studio, 519 Cinnaminson avenue, Palmyra, returned last Friday from a four-day visit in New York City where she attended the International Beauty Shop Owners' Convention.

Mrs. Petty reported a most interesting and instructive trip, and was very enthusiastic over the new hair-dressing styles, the latest methods in marcel and finger waving and the demonstrations of the newest materials used in beauty culture studios.

NEW STYLES IN NASH CLOTHES

A Satisfactory Solution

The Burlington County Board of Freeholders deserves the commendation of the citizens of the county for the prompt and efficient manner in which the Fairview situation has been cleared up.

On Friday the board requested that the Fairview managers reappoint Dr. Newcomb to his former status and name a business manager. Showing willingness to cooperate in this matter, the sanatorium directors met on Tuesday and, by a unanimous vote, appointed Dr. Newcomb medical director and superintendent.

This move is apparently satisfactory to the patients, staff, Board of Freeholders, Fairview managers and the many individuals who have been working to this end.

In short, general satisfaction prevails, and the affairs of Fairview should receive no more unfavorable publicity.

May we express the wish that such a condition will continue.

BECAUSE it is possible to secure green vegetables the year round, the housewife has been enabled to serve balanced and nutritious meals throughout the winter. These vegetables are either shipped to this section in refrigerated cars or they are quick-frozen so that none of their goodness is lost. However, if the housewife is not careful about the paring and cooking of these vegetables they can easily be ruined. Long, slow cooking, for instance, will destroy all the vitamins and extract all of the minerals for which one buys these foods. On the other hand, cooking them in a small quantity of water, in a tightly covered pan for a short time will insure vegetables that have a delicious full flavor and that retain those elements needed by the body for building bone and tissue.

In the menu suggested today, the Casserole of Vegetables is prepared from vegetables left from other meals or cooked expressly for this casserole. They may be a combination of carrots, peas, potatoes, string beans; in fact of any vegetables that are seasonable. In order to make the casserole very attractive arrange the vegetables to resemble the spokes of a wheel on top of the vegetables and other ingredients. The little things that you may do to dress up such simple foods as this casserole will make them more attractive to your family and will whet their appetites.

You will notice that the recipe for Jelly Biscuits suggests that you place them in the refrigerator after they are cut out and placed on the biscuit pan. This sojourn in the constantly cold atmosphere will improve the texture of the biscuits. Even an short a time as one-half hour will make a difference in the product.

1 cup milk 1 cup milk
2 cups cooked vegetables

In a saucepan melt the butter, add flour and blend, slowly add the milk, salt and pepper, stirring until thick. Put vegetables and bread crumbs in a greased baking dish, pour over white sauce. Arrange asparagus tips on top and sprinkle with grated cheese or paprika. Cover and place in refrigerator until meat thaws. Remove cover and bake in moderate oven, 350 degrees for thirty minutes.

Cole Slaw

Wash, cut in quarters and shred young cabbage. Let stand in cold salted water thirty minutes. Drain and mix with Sour Cream Salad Dressing.

Sour Cream Dressing

1 tsp. salt 2 tsp. lemon juice
2 tsp. sugar 4 tsp. shortening
2 tsp. vinegar 1 cup sour cream
1 tsp. mustard

Mix first five ingredients and place in refrigerator for one hour. Whip cream until light but not stiff and add other ingredients and mix. Keep in a covered jar in refrigerator until needed.

Jelly Biscuits

2 cups flour 1 tsp. sugar
4 tsp. baking 4 tsp. shortening
1/2 tsp. salt 1/2 cup milk
A tart jelly

Sift dry ingredients, cut in shortening, add milk to make a soft dough. Turn out on a floured board, pat to 3/4 inch thickness. Cut out with a small biscuit cutter. Cut the centers out of half of them with a large thin-blade. Place these onto the whole biscuits, fill the center with jelly. Place on a well greased pan, cover with waxed paper. Place in refrigerator until baking time. Bake in hot oven, 450 degrees for fifteen to twenty minutes.

Almond and Cherry Parfait

1 tsp. gelatine 1 tsp. vanilla
1/2 cup cold 1/2 cup salt
1/2 cup sugar 1/2 cup marshmallows
2 egg whites, 1/2 cup finely chopped almonds
beaten

Soak gelatine in one tablespoon cold water and dissolve over boiling water. Boil sugar with remaining water until it spins a thread (230 degrees). Pour slowly over the beaten egg whites, beating while pouring. Add dissolved gelatine, blend thoroughly and fold in the whipped cream, cherries and almonds. Freeze at lowest temperature in the trays of the automatic refrigerator for two to three hours. Serve six.

EUGENE MICHEL
ROTARY SPEAKER

Shows Advantage of Golden Rule Application in Successful Business Relations

"The House, the Employee and the Customer," declared Eugene H. Michel, last Thursday, speaking to the Rotary Club, "have a triangular relationship in which the only possibility of mutual advantage lies in the application of the Golden Rule." Mr. Michel, who carries the Rotary classification of horticulturist, applied to his talk the modern technique of writers of inspirational books—illustrating each point with an anecdote which emphasized the moral more vividly than would a far greater number of words.

Cheap Bargains

"In fact," said Mr. Michel, "the Golden Rule is the basis also of successful relations with associates and competitors. Misunderstandings are minimized by such a course." Touching upon price cutting and cheap bargains, he pointed out that we usually get just about what we pay for—whether we pay in coin or service.

As an axiom, "The customer is always right," is an ideal in business which business men should more widely recognize, although its practical application is difficult because the customer, all too frequently, is not right. Smart business men, however, in such cases find ways to change his point of view so that frictions are avoided. "A good banker for instance," he observed, "in denying a loan will first consider 'How will we break the news?' to the applicant." Return and exchange of goods are the most difficult problems of customer relations in the way of more general acceptance of the dictum, "The customer is always right."

Honesty and Prudence

Honesty and prudence in business he described humorously, albeit very aptly: "Honesty is keeping a promise; Prudence is not making any." In this way he discussed in turn business generosity, economy, responsibility and reliability. Reliability is measured frequently by the character of advertising employed. Half truths, of which he gave several illustrations, are as bad as falsehoods in advertising.

Quotation from Bryant

"Make your business one in which young people are proud to work," was the advice of Mr. Michel, who, in closing, quoted the immortal lines of William Cullen Bryant's "Thanatopsis," which begin, "So live that when thy summons comes . . . and which beautifully embraces a sentiment voiced far less elegantly by Theodore Roosevelt when he said, "Live each day so that you can look any man in the eye and tell him to go to hell!"

WORLD TRAVELER AT STAMP CLUB

Lovers of the Richard Halliburton travel theme will find real interest in the program scheduled for the Y.M.C.A. Stamp Club meeting on Friday, March 26th, when Whitfield B. Case will tell of his world travels as a hitch-hiker. This meeting of the club will be open to all friends of members with their wives, sisters and guests.

Mr. Case is a graduate of Bowdoin College, Maine. In 1928, shortly after graduation, he started on his world tour. Hitch-hiking through Europe, he worked his way on tramp steamers where often he was the only white man on board. Covering the Mediterranean he reached Africa and finally China. His varied experiences offer an absorbing travelogue of the beaten path.

The club is fortunate in securing Mr. Case as a speaker and generously wishes to share the evening with interested members of the community.

BIRTHS

Mr. and Mrs. Samuel Shaffer, of 403 Cinnaminson avenue, Palmyra, are receiving congratulations on the birth of a daughter, Nancy Lee, on March 14, at the Mary Haas Robbins Maternity Home, 408 Main street, Riverton.

THE PEOPLE'S COLUMN

Riverton, N. J., Mar. 13, 1937.

The Evening Bulletin editorial, published in your column last week, made its play on the words "town meeting."

I do not share the view of those who infer that the Riverton civic organization "Town Meeting" sponsored the gathering in the school auditorium on Feb. 25th, 1937, because the by-laws and orderly procedure governing such meetings insure to each director a voice in reaching a decision. The question of an open forum on the Supreme Court controversy was not presented.

Passing on to the subject matter of the editorial, and if a somewhat hackneyed observation is permissible, it appears the Bulletin lost a brilliant opportunity to emblazon the little town across the Delaware River and incidentally warm the cockles of our hearts.

Why not, honorable mention of the patriotic tooting of horns, the jingling telephones, the ringing of church and school bells, the sounding siren and factory whistles; the grind and screech of locomotive brakes as condourous trains come to a halt, while the stars and stripes strained at the halyards and the flag-poles in Memorial Park and elsewhere doing sentry duty guard our liberties. Ah, what a faux pas to have missed the clanging fire trucks hurtling through our staid village streets and not to have viewed the river bank with its "fairs" signaling the myriad textile and industrial workers on the shores of Tacony, Frankford and Kensington, to become silent messengers to swiftly carry tidings to the citizens of the Sovereign State of Pennsylvania and to all the other Commonwealths in the Union, how to do some real worthwhile thinking on the Constitution.

Incidentally the Evening Bulletin might have truthfully added that once upon a time a little war occurred because of one of those nice wholesome decisions by the Supreme Court, and that Abraham Lincoln's thought about it, ran something like this:

Quote

"The Supreme Court has got the destiny of popular sovereignty down as thin as Homer's pathetic soup, made by boiling the shadow of a sparrow, that was already DEAD."

The above quotation is respectfully dedicated to our present day Paul Reveres with friendly advice that horses are out; simply swamp the mails.

Very Truly,
H. E. Moyer.

"STAMP BEE" AT JUNIOR Y CLUB

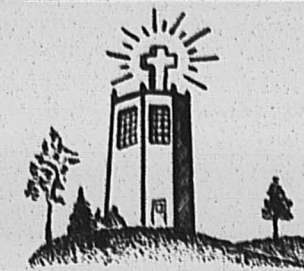

An old fashioned "spelling bee" was the program choice of the boys of the newly organized Junior YMCA Stamp Club at its last regular Friday night meeting in the YMCA Building, only instead of spelling it was knowledge of their stamps which was drawn upon in spelling bee fashion.

Adult members present were amazed at the familiarity shown by the boys on points on which they themselves were at a loss. Prizes were awarded for the two who "stood up" longest. A valuable door prize was also awarded at this meeting which wound up with the usual distribution of packets of stamps. Membership for the third week in succession, showed an increase and interest in the prizes for new members was keen. Boys fifteen years of age and under are eligible for the club which meets each Friday evening at 8:30. Boys who do not now collect may be interested to visit the club and find what collecting is like.

GINO GARIBALDI VS LITTLE WOLF

Meet for Second Time in Three Weeks: Pinto Takes on Mat Kirilenko

Chief Little Wolf, Navajo Indian scalper and Gino Garibaldi, hustling Italian grappler, have been signed to top the weekly show at the Armory on Thursday night.

When they step in the ring, it will mark their second meeting within three weeks. The Indian won the last decision amid the protest of many fans who claim that Gino was unjustly treated when it came time to hand out the decision. The Italian even protested loudly to the referee, who refused to change his verdict. Two out of three falls will decide the winner with a 90 minute time limit attached.

Another scrap which gives promise of being one of those hair-raising affairs is the semi-final between Stanley Pinto, the bald headed skullduster from Nebraska and Mat Kirilenko, wild Russian cossack. They have been signed to battle it out in a match booked for one fall with a half hour time limit.

Irish Jack Kennedy, the sensational southerner will be seen in the third contest with Les Ryan of Boston in another half hour tilt. Mike Mazurki of New York will take on a newcomer in George Harbin of Atlanta, Ga., in the second duel. The opening clash will bring together Roughhouse Jack Hader of Kansas City and Ralph Garibaldi of St. Louis. This is also carded for one fall with a 30 minute time limit.

IN ALL-STAR COURT CONTEST

Miss Mary Taylor, of Riverton, freshman at Oberlin College, has been chosen to play in the 32nd all-star women's basketball game which will be held in Warner Gym on Thursday night, March 18.

The contest, which was started in 1905, is one of the oldest all-star games in the United States. It is the outstanding event in the women's sports season at Oberlin College. Since 1915, only women have been permitted to attend, and Warner Gym, the scene of the conflict, is annually jammed with more than one thousand cheering co-eds and high school guests.

Miss Taylor, who is the daughter of Mr. and Mrs. Howard G. Taylor, Jr., of Taylor Lane, will play forward.

ARTISANS TO HAVE LADIES' NIGHT

Palmyra Assembly No. 65, A.O. M.P., held its regular meeting on Tuesday evening in P. O. S. of A. Hall. The ladies' night committee reported that the plans are progressing nicely and that ladies' night will be held on Wednesday evening, April 14, in the Palmyra High School auditorium. There will be a variety of entertainment for the whole family and also door prizes for the ladies.

The bowling committee reported that interest is increasing in the Thursday night bowling league and a large crowd is enjoying the fun every week.

A number of boys from the Black Dragon Fencing Club entertained the members with an exhibition of fencing. The boys are showing some real skill in this art and the matches were very interesting.

The attendance prizes were won by Hilton M. Smith and Louis Jander, Jr.

After the meeting, lunch was served by the entertainment committee.

LENTEN FOOD SALE

There will be a food sale in the Lutheran Church, March 19, of fish cakes, deviled clams and clam chowder.

Orders taken and delivered by calling Mrs. Ingram, Riverton 1149.

PORCH CLUB

On the afternoon of March 16th a large audience had the pleasure of hearing the Newton Coal Co.'s trio, through the courtesy of Charles A. Johnson, president of the Geo. B. Newton Coal Co. The musicians, Louis Herchorn, pianist, Morris Braun, violinist, and Thomas Elmer, cellist, who have appeared as soloists with symphony concerts, showed great ability in rendering their selections. Some of the numbers of the program were "Traumerel," "Souvenir," "Gypsy Dance," "Cradle Song," "The Old Refrain" and "Czardas."

A three-act play for the Porch Club members will be given by the drama committee on Tuesday, March 30th, at 8:15 p.m. at the Parish House of Christ Church, Riverton. Admission for guests will be 50 cents.

Miss Besse Howard will lecture on international current events on Thursday, March 25th, at 10:30 a.m., at the Porch Club. Guests are welcome.

OPEN FORUM AT P. O. S. of A. HALL

At 8:30 o'clock Monday evening, March 22, an open forum will be held in the P. O. S. of A. hall, Palmyra, under the sponsorship of the P. O. S. of A.

The affair will be open to all who are interested in a discussion of the leading problems of the day. There will be no admission charge or collection. All men and women are invited to attend.

Miss Helen McLaughlin, teacher of civics in Camden High School, and Francis Uffelman, organizer of the Camden Cooperative Association, will be the speakers.

Their addresses will be followed by questions and comments from the audience.

SUFFERS HEART ATTACK HERE

Charles E. Price, Woodward avenue, Moylan, Pa., suffered a heart attack, Monday morning, while his car was being filled with gasoline at the Evans Service Station, Riverton.

Doctor Dean LeFavor was called and ordered Mr. Price removed to the Zurburg Memorial Hospital, Riverside.

James Burns drove Mr. Price to the institution in the latter's car.

STRAWBRIDGE-DORRANCE

Miss Margaret Winifred Dorrance, daughter of Mrs. John T. Dorrance, of "Woodcrest," Radnor, Pa., and the late Dr. John T. Dorrance, will become the bride of George Strawbridge, son of John Strawbridge, of Chestnut Hill, Pa., on Monday, March 29, at four o'clock, in St. Martin's Church, Radnor, Pa.

Only members of the immediate families will attend and a small reception will follow at "Woodcrest."

The Dorrance family formerly lived in Cinnaminson township on Branch pike.

YMCA BRIEFS

Ergood Testimonial

The regular luncheon meeting of the Moorestown Y's Men's Club March 10, was in the nature of a testimonial to Clifford W. Ergood, associate county YMCA secretary, who left here March 15 to become the secretary of Somerset county.

Mr. Ergood was a charter member of this Y's Men's Club, which, a few weeks ago, celebrated its tenth anniversary.

The club, itself, had a hundred percent attendance meeting. There were 18 guests from various parts of the county to pay tribute to Mr. Ergood. Among those who spoke were: William F. Overman, Moorestown, former County YMCA Board president; Wilton E. Mount, YMCA Secretary at Palmyra-Riverton; Charles Juliana, director of boys' work, Moorestown Community House; Clarence G. Price, Mt. Holly, a member of the Young Men's Club of Burlington and of the Mt. Holly Young Men's Service Club.

County Secretary Guy C. Hendry introduced the various guests. Greetings and best wishes were conveyed to Mr. Ergood on behalf of the Y's Men's Club by Jim Conroy.

FOOD SALE

The Sacred Heart P.T.A. will hold a food sale in the school auditorium this Thursday afternoon (March 18) from 2 to 4 o'clock.

The second and third grade mothers will be in charge. Orders will be taken by calling Mrs. Harry Groome, Riverton 821.

Members are urged to come out to the sale and make it a success. Publicity Committee.

HOSPITAL BOARD REDUCED TO FIVE (continued from page 1)

politically, but that he did not believe that political issues should enter the Fairview situation.

The resolution of Mr. Jones was to the effect that the Board of Freeholders go on record as requesting the Fairview managers to reappoint Newcomb as medical director and also to appoint a suitable business manager at the earliest possible time. There were no dissenting votes on this proposal.

Grand Jury Probe

A resolution authorizing a grand jury probe of sanatorium affairs was proposed by Director Adams. This move was defeated, however, when Church, Lamont and Stout voted in the negative on the question.

These individuals stated that the affair would take too long a time and that the jury would probably not be able to do any more than the Board of Freeholders.

Many Attend

The meeting was opened in the regular room of the freeholders, but the large number in attendance forced an early adjournment to the second floor of the courthouse.

The board proceeded with routine business, but this was abandoned in favor of the sanatorium discussion on a proposal by Mr. Church, who stated that a large number of people were evidently present to see what was being done at Fairview.

Managers Had Not Met

Dr. Harry L. Rogers, of Riverton, Dr. S. Emilen Stokes, of Moorestown, and others stated that they felt the Fairview managers had not acted properly, in that no meeting of that body had been held since the request for resignation had been passed by the Board of Freeholders two weeks previous. They also questioned Director Adams as to what the board was doing, or intended to do about the matter.

Mr. Adams replied that he had no knowledge of the course which the institution directors intended to take nor could the Board of Freeholders compel them to meet, or direct their activities. Director Adams further stated that he still felt that affairs at Fairview could be corrected and he knew definitely that certain improvements had been made.

Remarks of Lamont

Freeholder Walter D. Lamont stated that when two individuals connected with an institution cannot get along, it then becomes necessary to remove the one who is least valuable. In this connection he remarked that every one appeared to be favorably disposed toward the activities of Dr. Newcomb.

Mr. Lamont stated further he believed that all the members of the Board of Freeholders wanted the institution run right and politics eliminated. He said, in conclusion, that the sanatorium should be managed without political or personal prejudice and that the situation should be corrected as quickly as possible.

Situation Clearing

The passage of the resolution reducing the number of the board of managers, together with the request for Newcomb's reappointment, appeared to satisfy those present that proper action was being taken, as the chamber was practically deserted by the spectators as soon as the motion of Mr. Church was approved.

SLEEPY DRIVERS CAUSE CRASHES

While not a major cause of traffic accidents, the practice of falling asleep at the wheel is increasing in New Jersey.

Motor Vehicle Commissioner Arthur W. Magee told today of 281 accidents last year in which either the driver admitted or the authorities had conclusive proof that fatigue was responsible. These accidents caused the death of 19 persons and injured 267 as compared with 240 accidents in 1935 that killed 13 and injured 216.

The worst offender was the driver under 35 years of age. Those beyond this age appear to better judge their physical stamina and do not put it to such undue stress because the records show that sleepy drivers considerably drop in number after that age is passed.

A majority of the sleepy driver accidents occurred between the hours of 12 midnight and 6 a.m.

Request for Sewer

A request for a sewer was presented by John McVaugh and Frank Hamlin, owners of property on Second street. They stated that there are nine properties in the vicinity that have no sewer connections and that an extension would be of benefit to all.

The sewer committee was authorized to confer with the borough engineers and to decide upon the proper action to take in respect to this matter.

Why the name mayonnaise rather than bayonnaise persisted is unknown. The former is derived from Port Mahon and the latter from Bayonne where mayonnaise is said to have been first prepared.

RUTGERS GIVES EAST BIG FUZZLESS PEACH

A fuzzless peach is the latest product of the world's largest peach breeding orchard of the State Agriculture Experiment Station at Rutgers University.

Known to horticulturists as a nectarine, the fuzzless peach reported by the Experiment Station is a new and improved variety of that fruit. It is a patented product of 13 years' patient breeding work by Prof. M. A. Blake, who in slightly more than two decades has already bred more than 100 new varieties of super-peaches that are credited with reviving Jersey's once important peach industry.

FOURTEEN GAMES ON SCHOOL SLATE

Palmyra Opens Diamond Season on April 13, Mt. Holly First Opponent

With the close of the basketball season last night, baseball became the order of the day at Palmyra High School and Coach Kenneth Dimond sent his battery candidates through a workout today in preparation for the 14 game schedule which opens with Mt. Holly on April 9.

The Red and White mentor has several veterans around which to build his 1937 combination.

Shea at First
These include Captain Shea, who will hold down the initial sack, Whittemyer at third and Cole, Freeman and Sutters who are expected to land infield berths.

Yearly is the only experienced guardian of the outer pasture who will be available this year, and Coach Dimond will have to plug the holes with new material.

Pitching Staff
Palmyra has seasoned pitchers in Dittenbaugh, a southpaw, DeShields and Baker, and it is expected that these men will see regular service on the mound. Henson, of the 1936 varsity will probably bear the brunt of the catching chores.

The schedule, as arranged to date, follows:

April 9, Mt. Holly, place pending.*
April 13, Pemberton, away.*
April 16, Burlington, away.*
April 20, Camden Catholic, away.*
April 23, Moorestown, away.*
April 30, Pemberton, home.*
May 4, Burlington, home.*
May 7, Camden Catholic, home.*
May 11, Moorestown, home.*
May 14, Bordentown Industrial, home.*
May 18, Mt. Holly, place pending.*
May 21, Glassboro, pending.*
May 25, Bordentown Industrial, pending.*
May 28, Glassboro, pending.*

TURNERS BEAT RAMBLERS 34-26

Chalk up Tenth Win in Loop, Lead St. Joe Polish by Two Games

The Turners racked up their tenth win in the second half of the Camden Suburban Basketball League race by trimming the Camden Ramblers last Sunday afternoon by the score of 34-26.

The victory enabled the Turners to extend their lead to two full games over the second-place St. Joe's Polish, of Camden.

The victors in the contest led 15-8 at half-time and were in no serious difficulties during the entire engagement.

CHANGE OF DATE FOR BOY SCOUT MOTHERS' MEETING

The Boy Scout Mothers have changed the time of their meeting to 7:30 sharp on April 1, at the home of Mrs. David Kitchen, 44 Rowland street, Palmyra.

The hostess for the evening is planning to start the meeting with a dinner instead of serving supper later in the evening as heretofore. Don't forget to bring along that photo which is to help supply entertainment for the evening.

BURKE & EISLEY TRIM TAK-ABOOST

Swing Back into Win Column With 31-13 Victory; Y Bests Rogers

After taking one on the chin from the Y last week, the Burke-Eisley hoopers made short work of the Tak-Abboost Thursday night, and smothered the beverage boys under a withering barrage of shots to win by the score of 31-14.

Paul Burke, veteran guard, again performed in stellar fashion, accounting for nine points to lead both teams in scoring.

Trojans Win
The Trojans won another at the expense of the Artisans, but the lodge men put up a good battle before finally succumbing on the short end of a 13-10 count.

A mild upset occurred when Rogers' News eked out a 12-10 win over the Y. The latter aggregation appeared to be going places last week, but this latest reverse makes it improbable that Burke and Eisley can be overtaken.

SUNRISE SERVICE AT LAKEVIEW

Palmyra Moravian Church Will Again Hold Historic Easter Event

The fifth all out-door Sunrise Service will again be conducted on Easter morning, March 28, from the hillside altar at Lakeview Memorial Park.

The Rev. Albert J. Harke, pastor of the Palmyra Moravian Church, will be in charge. The early Easter service is a custom of 205 year's standing with the Moravian church throughout the world.

Original in This Section

In was inaugurated at Lakeview in 1833, being the first and original all out-door Easter Sunrise Service in this region. The response from the people from near and far was beyond all expectations, and it was estimated that 10,000 people witnessed the first affair. Thousands have crowded the park each Easter morn in ever larger numbers to reverently share in the inspiring demonstration of Christian Faith.

Beginns at 5:45 a.m.

This year's service will again feature the historical liturgy, a summary of the faith of the Christian Church. The chorales will be sung by the choir, in white surplices, massed on the terrace below the altar, and led by an ensemble of trumpets and trombones. Instrumental music will be rendered at intervals. The service will begin at 5:45 a.m. A large electric cross will again be erected on top of the Singing Tower, and will herald the approach of the dawn of Easter.

A most cordial invitation is hereby given to our friends to join the choir on the terrace in the singing of the chorales.

ENGAGED

Mr. and Mrs. Albert J. Heeter, of 20 Rowland street, Palmyra, have announced the engagement of their daughter, Miss Dorothy Heeter, to Edward Shea, son of Mr. and Mrs. Harry E. Shea, of Riverton.

The announcement was made at a party given in honor of Miss Heeter's birthday on Saturday, March 13th.

Those present were: Mr. and Mrs. Charles Johnson, Mrs. Thomas Maguire, Robert Maguire, Miss Madeline Maguire, Clyde Clark, Mr. and Mrs. E. Hengee, all of Philadelphia; Miss Ethel Kent, Miss Muriel Kent, Lester Kent, Charles Enders, and Miss Emma Bell, of Magnolia; Rivel Davis, of Westville; Miss Florence Hubler, and John Chamberlain, of Gloucester; Edward Leazak, of Somerdale; Miss Mary Rhoades, Miss Julia Beitz, Miss Violet Baitinger, Mrs. Margaret Luby, Miss Sarah Messenger, Miss Edna Heeter and Miss Louise Heeter, all of Palmyra.

AT M. E. CHURCH

The joyous occasion of Palm Sunday is again to be celebrated next Sunday. As usual, we will have the Confirmation Service at the morning worship. The sermon will be the sixth in the series on the purposes for which Jesus came, "That We Might Have Life Abundant."

A special Palm Sunday message will be delivered in the evening, the theme being "The Humble and Glorious Christ."

Next Wednesday evening our choir will present the Lenten cantata, "Penitence, Pardon and Peace." This is a familiar and beautiful composition, and will be welcomed again by our many friends and music lovers as well as by our members. We cordially invite the public to enjoy this spiritual and artistic treat with us.

On Holy Thursday we will have the Communion Service, with preparatory Service. And on Good Friday evening we will have Preparatory Service for the Easter Sunday Communion.

CHRISTIAN SCIENCE CHURCH
"Matter" will be the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday, March 21st.

The Golden Text is: "I have declared, and have saved, and I have showed, when there was no strange god among you: therefore ye are my witnesses, saith the Lord, that I am God." (Isaiah 43:12).

BARITONE SINGER AT M. E. CHURCH

Ellwood Hawkins, baritone, will present a group of solos on Easter Sunday morning and evening, March 28, in the Methodist Church, Palmyra.

He has been a member of the opera department of the Curtis Institute of Music under Dr. Ernst Maria Lert, since the fall of 1936.

A native of Sykesville, Maryland, he received the Charles R. Woods vocal scholarship at the Peabody Conservatory of Music in Baltimore and studied with Pietro Minetti. Later, he was given a travelling scholarship and visited the following countries: England, Holland, Germany, Austria, Italy and France. Returning to Baltimore, he studied with Mr. Minetti again and continued with him until his death.

ON WABC

John Thomas was one of the judges for a contest in which Mr. Hawkins participated and at the time recognized the worth of the young man and has been interested in him ever since. Mr. Thomas invited him to be his guest artist on a coast to coast program on December 6, 1934, and immediately following this, Mr. Hawkins was engaged on a regular Saturday evening program from station WABC.

This past January, he appeared as baritone soloist with the Philadelphia orchestra in Rachmaninoff's "Bell Symphony," which Eugene Ormandy conducted in New York, Philadelphia, Washington and Baltimore. He has also been soloist on a regular Wednesday afternoon Curtis Institute broadcasts over the columbia network.

Spirit: and they that worship him must worship him in spirit and in truth." (John 4:24).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "That God is a corporeal being, nobody can truly affirm. The Bible represents Him as saying: 'Thou canst not see My face; for there shall no man see Me, and live.' Not materially but spiritually we know Him as divine Mind, as Life, Truth, and Love. We worship spiritually, only as we cease to worship materially. Spiritual devoutness is the soul of Christianity" (p. 140).

We are all members of one another.—Lord Birkenhead.

THE WAY TO HAPPINESS

I met a man the other day
Whose sunny manner seemed to say
That he had found the Happy Way.
I asked the secret of his smile,
He gave a thoughtful look the while
And answered somewhat in this
style:

Six things have I that spell content,
Six things that mean a life well
spent,
That make for real accomplishment:

A Peaceful Mind,
A Grateful Heart,
A Love for all that's true,
A Helpful Hand,
Real Tolerance,
And Lots of Things to Do.

JOSEPH BUIVIDAS
SHOT IN PHILA.

Cinnaminson Man Accidentally
Wounded as Police Chase
Cafeteria Bandit

Joseph Buidivas, 24, of Parry, was
painfully wounded under the shoul-
der, on Monday evening at 10
o'clock, as he rounded the corner of
Ninth and Market streets, Philadel-
phia, the bullet being fired by
George Shaw, of Boston, Mass., who
had just robbed the cash register of
Bain's Cafeteria, 25 South Eighth
street.

With Two Companions
Buidivas, with Edward Miller, 34
East Charles street, Palmyra, and
Peter Malone, also of Palmyra, were
walking on Ninth street, and
they turned into Market, Buidivas
exclaimed that he had been shot.
His companions quickly pulled off
his coat and noted the wound under
his shoulder which was bleeding pro-
fusely, the bullet having passed
through his body, going out under
the shoulder blade.

He was immediately taken to Jef-
ferson Hospital where his condition
was reported to be fair on Tuesday
evening.

Bandit Captured
Shaw, who had been firing wildly
to discourage police, who were in
hot pursuit, was captured soon after
Buidivas was shot when one of the
officers brought him to earth with a
flying tackle.

The incident occurred at a time
when the streets were fairly well
populated with pedestrians, and the
shots of the fleeing robber sent many
scurrying to cover.

Buidivas alone had the misfortune
to come into range of Shaw's gun.

FIRE ON ROOF OF
LIBERTY RESIDENCE
CAUSED BY SPARKS

Three pieces of apparatus of the
Palmyra fire department fought a
lively blaze on the roof of the home
of Jacob Liberti, Third and Arch
streets, Palmyra, Monday morning,
shortly after eleven o'clock.

The fire was evidently caused by
sparks from the chimney, these ig-
niting the wooden shingles.

The blaze was quickly extinguish-
ed by the use of a chemical line and
there was little damage to the inter-
ior of the house.

A brisk wind was blowing at the
time, and the damage would have
been much greater had not the fire-
men made a quick run to the scene.

The department also answered a
call for a field fire on Saturday after-
noon, the blaze being located near
the Tacony-Palmyra bridge.

NEW FEATURES
FOR YOUTH WEEK

Plans Made for Visits to Large
Industrial Plants in
This Vicinity

One of the new features in this
year's Youth Week celebration will
be visits to several of the large in-
dustrial plants in this vicinity.

The committee, under the leader-
ship of Mayor John F. Ward, of
Palmyra, is planning some interest-
ing, as well as instructive visits.
This is a splendid opportunity to see
the wheels of industry turning, as
they produce many articles for our
use.

Youth Dance
A fitting climax to this eventful
week will be provided in the form
of a youth dance. Young people in
the three communities will have a
chance to indulge in a most popular
pastime, which promises to make
this Youth Week a long remembered
one. This committee is headed by
Miss Eleanor Williams.

RIVERTON—PALMYRA, N. J. THURSDAY, MARCH 25, 1937

PRICE FIVE CENTS

NEW CALL FOR
CCC APPLICANTS

Welfare Director Wimer has been
advised that a call for enrollees to
CCC camps will be made the first
and twentieth of April. No quota
has as yet been assigned by Wash-
ington.

No one under 17 or over 28 years
of age need apply. Applicants must
be United States citizens, unmarried,
unemployed, and with dependents
to whom they shall make their al-
lotments. They must also pass a
physical examination.

The elapse of twelve months since
the last honorable discharge is nec-
essary for re-enlistment.
This enrollment is for white per-
sons only, as the colored quota is
filled at this time, and no applica-
tion can be received until another call
is made.

RIVERTON TROOP
IS ACTIVE AGAIN

Scouts Have Splendid Meeting
Room in Parish House,
14 Are Enrolled

After several years of conspicuous
absence, the Boy Scout movement
has reappeared in Riverton, much to
the delight of the younger genera-
tion of male citizens.

Through the cooperation of the
Burlington County Council and
Christ Church, the Boy Scout room
in the basement of the parish house
has been renovated and improved
until, in the opinion of representa-
tives of county headquarters, the
Riverton Troop now has one of the
finest meeting rooms in the council
if not in the state.

Fourteen Enrolled
Fourteen or more Riverton boys
have already been enrolled in the
new troop and more fellows are ap-
pearing at every meeting. The rapid
pace being set by the boys indicates
that within the next few weeks, they
will have completed their Tender-
foot tests, at which time the new
troop will be duly invested. C. Earl
Windhovel has been appointed
scoutmaster of the troop and is
rapidly building a capable corps of
assistants.

Meetings are held every Friday
evening with the exception of Good
Friday, and all boys interested in
joining the Scouts are cordially in-
vited to drop in and "talk it over."

In describing the sights of the city
Mr. Clark remarked that the parks
are very beautiful, being planted to
panies, daisies, poppies, etc., in full
bloom, the walls and fences being
covered with ivy-leaved geraniums,
20 to 30 feet high, together with
climbing roses, hollyhocks, heli-
otrope, palms, acacias and numerous
semi-tropical trees and shrubs.

He said further, "Not an insect
of any description was to be seen
or found, unlike Florida where the
U. S. Department of Agriculture has
tried to make a tropical country and
failed."

REPUBLICAN CLUBS
DINNER-DANCE

To Be Held Wednesday, April 7,
at Riverside Fire House;
Mingin Chairman

Plans are well under way for the
dinner dance that will be given by
the Associated Republican Clubs of
Burlington county at the Riverside
fire house on Wednesday evening,
April 7, at 6:30.

Lawrence G. Mingin, county chair-
man of the Republican organization,
general chairman of the committee
of arrangements, is being assisted by
active workers of the party from
every section of the county.

Roy MacDougall, of Delanco,
president of the organization, and
members of the committee plan to
make this affair surpass all other
dinners ever held by the associated
clubs.

Three hundred twenty-five tickets
have been sent to the various mem-
bers of the committee throughout
the county and a capacity attendance
is expected.

Chairman Mingin stated that he
could not announce the guest speak-
er at this time, but has several out-
standing men who are being con-
sidered.

The dinner will be served by the
Ladies' Auxiliary of the fire com-
pany.

A committee is expected to be ap-
pointed to make plans for the fur-
ther activities that will be held dur-
ing the summer season. Every club
and unit of the Republican organi-
zation is expected to be represented.
The last date for the purchase of
tickets is March 31.

TRIP TO MEXICO
IS DESCRIBED

J. C. Clark Relates Interesting
Experiences at Meeting
of Rotarians

J. C. Clark, of Riverton, related
many of the experiences encoun-
tered on his extended trip to Mexico
at the meeting of the Palmyra-River-
ton Rotary Club held last Thursday.

Mr. and Mrs. Clark left Philadel-
phia on January 16, going direct to
Mexico City, where their daughter,
Senora Doris J. Antonio De Cout-
tolenc resides. They arrived back in
Riverton on February 18.

The Trip South
Mr. Clark opened his talk with a
description of the journey to Mexico
City which was made entirely by
rail, the Missouri Pacific running a
through train from St. Louis. High-
lights of the journey were the scen-
ery in the mountains and valleys of
northern Mexico and the various
types of plant life at the different
elevations. Mr. Clark stated that he
was especially interested in this part
of the trip because of his training
as a horticulturist.

Arrival at Mexico City
Remarkable on his arrival at the
capital city of the country Mr. Clark
said, "I had made arrangements to
procure a room at a good hotel, but
such was not to be had, the principal
hotels being booked up for 10 weeks
in advance, so we were ushered to a
new apartment hotel where we had
a sitting room, bed room, dressing
room, bath and kitchen, with all
services, in the best section of Mex-
ico City for the enormous sum of \$25
(American) per week. The same
thing in New York City would have
cost from \$150 to \$200 per week. We
took most of our meals there, and
they seldom cost over 60 cents each
for meals that one would pay at
least \$1.50 for in the states. I simply
mention these figures so you can
realize that "living is cheap."

Parks Beautiful
In describing the sights of the city
Mr. Clark remarked that the parks
are very beautiful, being planted to
panies, daisies, poppies, etc., in full
bloom, the walls and fences being
covered with ivy-leaved geraniums,
20 to 30 feet high, together with
climbing roses, hollyhocks, heli-
otrope, palms, acacias and numerous
semi-tropical trees and shrubs.

He said further, "Not an insect
of any description was to be seen
or found, unlike Florida where the
U. S. Department of Agriculture has
tried to make a tropical country and
failed."

Residences
In describing the residences, the
speaker said, "There are beautiful

WM. JEROME GETS
JAIL SENTENCE

Chief William Gootee Nabbed
One Member of Gang That
Held Up P. O.

William Jerome, of 5929 Mansion
avenue, Pennsauken, one of the ban-
dis who robbed the Hainesport
post office several months ago, was
sentenced to three years in a federal
prison for the part he played in the
affair, by Judge J. B. Avis, last Fri-
day in Camden.

The sentencing of Jerome has
considerable local interest in that
he was the first member of the gang
to be taken into custody, his arrest
being made on December 9 by Will-
iam Gootee, chief of the Riverton
police.

Upon the apprehension of Jerome,
the others who participated in the
affair were soon located and jailed,
where they have been awaiting trial.

A Palmyra girl, indicted in one of
the charges against the band, was
given a lecture by the judge and
placed on probation.

OPPORTUNITY FOR
ARMY SERVICE

Orders have been received from
the War Department stressing the
necessity for filling the existing
quotas of men for the various orga-
nizations and posts.

There are vacancies in the infan-
try, field artillery, coast artillery, air
corps, medical department, quar-
termaster corps, ordnance department,
signal corps, engineers and chemical
warfare service.

Men have their choice of serving
in Hawaii, Panama Canal Zone, or
within the limits of the Second
Corps Area, comprising the states of
New York, New Jersey and Dela-
ware.

Further information can be ob-
tained from the recruiting officer,
located at the Camden post office.

POWERS PUSHING
FLOOD CONTROL

Favorable Committee Report on
Congressman's Bill to
Control River

It was reported on Monday that
Congressman D. Lane Powers' bill
for flood control of the Delaware
River has been acted upon favorably
by the House of Representatives
committee on flood control.

The bill will be reported out by
the committee within a few days,
according to advice received from
the Congressman's offices in Wash-
ington.

May Make Survey
The measure authorizes the War
Department Engineers to make a
survey of the Delaware River and
recommend means of preventing re-
currence of the floods which have
from time to time devastated sec-
tions of the Delaware riverfront.

During the flood last Spring Con-
gressman Powers made a trip to
Trenton and the Burlington County
riverfront to study the depredations
of the river in connection with his
bill.

It is believed, since this measure
has the stamp of approval of the
War Department as well as the
House committee on flood control,
it has a good chance for passage
during this session of the Congress.
Congressman Powers asserted he
would "make every effort to obtain
legislative action on this measure
during the present session."

BLAZE ON RIVERTON
YACHT CLUB PIER
QUICKLY SUBDUED

The Riverton fire department,
under the direction of Chief Ezra
Carhart, Jr., responded to a call for
a blaze on the pier of the Riverton
Yacht Club, last Friday afternoon.

The fire was located near the end
of the wharf where several floor
timbers had become ignited, evi-
dently from a carelessly discarded
cigarette.

The contents of three hand chemi-
cal tanks were directed on the
flames which were squelched in short
order, the burned area being con-
fined to a minimum by the prompt
work of the firefighters.

MOST VALUABLE STAMP IN WORLD

British Guiana. One-cent Issue of 1856 Now Catalogued at Top Price

The postmaster was greatly upset. He was completely out of stamps and patrons were not being pleased about it. What to do? Cutting red tape with one snip of his official shears, he called in a local printer, clipped the picture of a ship from an advertisement, and ordered stamps printed. History does not relate what happened to the postmaster, but history kept an eye on those stamps because one of them became the most valuable stamp in the world—the 1c issue of British Guiana, in 1856.

One cent could not take mail far in those days, so very few were printed, and as the delayed stamps arrived from England shortly afterward, additional ones were never issued. They disappeared from view, for few collected stamps in those days.

Boy Finds Stamp

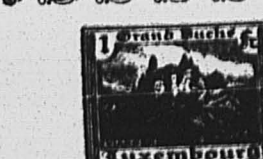

Many years later a boy was rummaging through the attic of his home and found a letter sheet with this unusual stamp on it, tore it off and put it in his collection. Later he decided to sell a few of his stamps, picking out among them the 1c British Guiana with the expectation that he could later get a better copy. The dealer gave him \$1.50 for it, later selling it for nearly \$600.

Price \$35,000

Count Phillip La Renetiere Von Verrary, a famous collector, bought it at a substantial increase. When the Count died during the World War, the French Government confiscated his collection, because it had been willed to a Berlin Museum, and auctioned it. Then the famous stamp came into the collection of Arthur Hind, an American and leading philatelist of the world who, it is reported, paid \$35,000 for it.

Upon the death of Mr. Hind his collection, too, was auctioned for millions of dollars—all but the 1c British Guiana which the executors reserved for special sale, the price asked being \$40,000. It is said, in depression times \$40,000 is a lot of money and the sale was not made. It is now catalogued at \$50,000 and thus becomes the most valuable stamp in the world.

YMCA STAMP CLUB of Palmyra and Riverton

Whitfield B. Case, world traveler, will be the guest speaker at a meeting of the Palmyra-Riverton YMCA Stamp Club, on Friday evening, March 26, in the Y. Building, Palmyra.

The members of the club feel fortunate in securing Mr. Case for this occasion and are extending an invitation to attend to all friends of members with their wives, sisters and guests.

ENGAGED

Mr. and Mrs. William A. Hendrickson, of 208 Lippincott avenue, entertained at a cocktail party Sunday afternoon to announce the engagement of their daughter, Miss Britta, to J. Markley Freed, Jr., son of Mr. and Mrs. J. Markley Freed, of Chestnut Hill, Pa.

Miss Hendrickson attended National Park Seminary, Forest Glen, Maryland, and was graduated from the Agnes Irwin School, Philadelphia.

Mr. Freed is a graduate of Germantown Academy and the University of Pennsylvania. He is a member of the Phi Gamma Delta Fraternity.

CARD PARTY OF CHURCH SODALITY

Preparations are being made for the annual card party of the Blessed Virgin Sodality of the Sacred Heart Church, which is to be held at the school hall, Fourth and Linden avenue, Riverton, on Friday evening, April 2.

The committee is composed of the following: Misses Helen McDermott, Kathryn Dougherty, Helen Pfaff, Winifred Brennan, Margaret Pfaff, Mary Malone, Margaret Ford, Rita Haws, Betty Downs, chairman. The Sodality card parties are well known for their attractive prizes, and in addition there will be a cash door prize.

YWCA NOTES

The annual finance campaign of the Burlington County Young Women's Christian Association has been extended one week in order that workers in several communities may have time to complete their canvass. To date, approximately \$4,000 and the \$5,000 goal has been received in cash or pledges, but every effort will be made to obtain the entire amount sought in order that there will be no necessity for curtailing the 1937 program of the Association.

At the tea given for campaign workers by Mrs. Alexander C. Wood, Jr., last week at the Riverton Porch Club, Masonville was found to be the first community to go over its 1937 quota, and a prize was awarded to Mrs. C. William Haines, Masonville chairman. Mrs. Richard Eckman, of Mt. Holly, president of the county YWCA, and Mrs. Charles W. Somervell of Riverton, poured at the tea, which was well attended. The association sincerely thanks all solicitors, who have given much time and energy in the campaign; at contributors, whose generosity makes possible the continued existence of the YWCA, and all others who have helped in the campaign in any way.

By the Adjutant

The National Commander of the American Legion, Harry W. Colmery, will visit Camden on April 24. A parade will precede the ceremonies at Convention Hall.

Basketball is played by 18 million persons, but there is only one champion of the Burlington County League and that is Palmyra High School. Well done, boys.

The man who originated the game of basketball played it only twice, but many of the men who formed the American Legion, in France, in 1919 are still playing the Legion game. Frederick M. Rodgers Post, of Palmyra, is proud to number one of these among its membership, Colonel Franklin D'Olier.

Imagine Commander Drexel Patterson jumping center! He's making many baskets in his campaign to increase membership and interest. The executive committee will meet April 2.

The week of April 24 to May 1 is Boys' and Girls' Week. The local post of the American Legion is vitally interested in furthering the interests of all children. A complete program has already been mapped out and further details will be published from time to time. Get ready, youngsters, we want to see you plan early to make it a gala week.

**MORE THAN 4900
HOMES GAS HEATED**

Use of gas for heating homes increased substantially in 1936, the annual report of Public Service Corporation of New Jersey and subsidiary companies just released to the stockholders reveals. During the year 1,579 gas-fired building heating installations were sold, more than in any previous year, and a gain of 763 over 1935. More than 4,900 homes and other buildings in Public Service territory were heated with gas on December 31, 1936.

FOOD FACTS

Do You Know That: Milk chocolate must contain at least 12 per cent of milk solids.

Air conditioning has been developed in mushroom cellars so as to control growth. The crop is grown at about 70 degrees Fahrenheit and then dropped to 53 degrees where it is held until harvested.

Scientists report that female codling moths are attracted to apples on which to lay their eggs by the sense of smell.

The lighter colored honeys such as clovers, orange, sage, alfalfa and blends of these are the milder flavored types.

These "food facts" are compiled by the Division of Consumer Information, New Jersey Department of Agriculture.

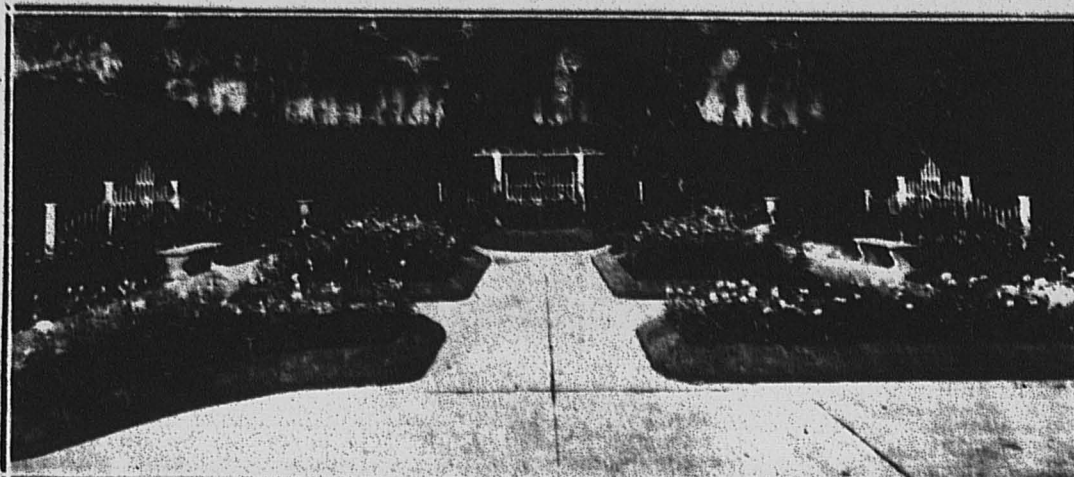

RADIO GARDEN CLUB PROGRAM

For gardeners who look forward to obtaining an attractive lawn this year, the Radio Garden Club of the Agricultural Extension Service, Rutgers University, has scheduled a talk on "Fussing with Grass" to be given Friday, March 26, by Montague Free horticulturist of the Brooklyn Botanic Garden. Mr. Free's broadcast will be a presentation of the Brooklyn Botanic Garden, a co-sponsor of the Radio Garden Club programs, and may be heard over station WOR and other stations of the Mutual Broadcasting System at 3:15 p.m.

A post-Easter talk, "Easter Plants Long After Easter," will be given at the same hour on Tuesday, March 30, when Otto Roller, florist, will be the guest speaker of the Federation of Garden Clubs of Bergen County.

"NELLIE BLY" MAKES STOP HERE

The crack Atlantic City express, the "Nellie Bly" stopped at Riverton on its northbound trip, last Wednesday afternoon, but a halt here is not to be part of its regular schedule.

It all happened because train 2564 from Camden, due here at 2:43 p.m., developed engine trouble and was unable to complete its run.

Local passengers remained in the coaches until a relief engine was dispatched from Camden, but those holding through tickets to New York were picked up by the express when it made one of its rare stops at Riverton.

Children and Fires

Don't leave small children alone at home!

Tragedy after tragedy has been recorded where an untended child has been either killed or disfigured for life by fire. A recent case is cited by the Industrial Commission of Wisconsin. A boy of four and his brother of six months were left in the house when the parents went visiting. The boy pushed the baby buggy containing his brother too close to the heating stove. A blanket caught fire, and the infant was fatally burned.

Other accounts tell of fires started by children playing with matches. In still other incidents a stove door is opened or lids lifted off by the child and fires are started. Fatal results have often followed the pouring of kerosene on a fire by a child. All small children love to play with fire, and no precaution should be overlooked in restraining them.

Parents should immediately take two steps. First, never leave your children alone at home. Second, do the simple and inexpensive things necessary to the elimination of common fire hazards. All fireplaces should be screened. Clothes should be hung at a safe distance from pipes and stoves. All heating equipment and adjuncts should be periodically inspected and overhauled. Continuous care should be taken in handling and storing inflammable liquids. Waste of all kinds, such as papers and rags, should be disposed of or stored in metal containers. The wiring of electric appliances should be checked occasionally—a frayed or twisted cord can cause short circuits followed by fire.

Every minute a fire breaks out in America. Two-thirds of all those fires occur in homes. Will your home be on that list this year—and will you and your family be subjected to a menace that may take life, due primarily to your own carelessness?

Driving A Privilege

It is high time we realized that the operation of a motor car on the public highways is a privilege—not a right.

Every automobile is a potentially lethal weapon. Properly used, it is one of man's most desirable mechanical servants. Improperly used, it is a terrible menace to the lives, health and property of everyone in the area it travels.

Rigid training is necessary to obtain a license to pilot an airplane, yet the plane travels empty airways where, generally speaking, it cannot endanger others. Locomotive engineers must likewise undergo years of arduous experience, and must prove their physical and mental competence and responsibility before being entrusted with a train, yet a train operates on tracks, and has no traffic congestion problems. Still, in most states, we allow anyone—whether he be competent or incompetent, careless or reckless, of good habits or bad—to drive a car on crowded arteries of travel, where the slightest error of judgment may cause a death!

It is an undeniable fact that a considerable percentage of the people now driving should either be denied that privilege or forced to undergo a period of training to make them abler, safer car operators. Some of these people are physically incapable of driving properly. Many more are mentally incapable, congenitally incompetent, or reckless. And the toll is 35,000 lives a year.

We will never solve the accident problem until we adopt drivers' licensing regulations that will keep the incompetent and reckless driver off the public roads. No man has a "right" to drive until he can show definitely that he is worthy of the "privilege" bestowed upon him.

SCOUT MOTHERS
MEET APRIL 1

The Boy Scout Mothers have changed the time of their meeting to 7:30 sharp on Thursday, April 1, at the home of Mrs. David Kitchen, 44 Rowland street, Palmyra. The hostess for the evening is

planning to start the meeting with a dinner instead of serving supper later in the evening as heretofore. Members are requested to bring along a photo which is to help supply entertainment for the evening.

The deceased is survived by her daughter Edna.

TRIP TO MEXICO
IS DESCRIBED

(continued from page 1)

residences and palaces all through the city, but right next door to a past palace there is likely to be an Indian den with hundreds of dusky denizens and, in the suburbs, it is worse, a beautiful home of the 16th century, or a modern residence belonging to some rich man, but right next door, or all around are adobe huts of the commonest kind.

A delightful repast was served.

On Tuesday, March 23, A. E. Ohlson, assistant director of safety education of Public Service, gave a most interesting talk on safety to the grade school assembly. Three films of talks, "The Bad Master" showing the necessity of safe use of fire, "Remember Jimmy" showing highway safety, and a reel of comics were shown.

Poetry Unit

The seventh grade of Palmyra has just finished a unit about poetry. They have studied both past and present writers and their works. Many attractive and useful notebooks on the various poets have been made by the pupils.

Among the notebooks were col-

ing this shrine Mr. Clark remarked, "The citadel is an enormous enclosure of three or four acres, surrounded by a high stone wall 20 or more feet thick, then in the center a great pile of rubble. It surely would take a bunch of religion to get the present-day American doughboy to hug up that pile of stone."

Toluca Interesting

Continuing Mr. Clark said, "During our visit we went to Toluca, fifty miles away, the center of earth-ware, made of an extremely light clay or lava. We saw dozens of men and women all the way with huge baskets of earthenware strapped on their shoulders. They were starting for Mexico City, a journey of 50 miles. That's what you call rapid transportation."

Another trip included a visit to Puebla, a city of 125,000 inhabitants, with 368 cathedrals and churches. The residents are mostly Indians.

No Health Bath

Concerning the health baths at this point Mr. Clark remarked, "We also went to the sulphur springs to have a health bath, nothing doing, you could smell them three miles away."

In closing, Mr. Clark said, "Mexico enjoys 365 days of sunshine every year. During the months of June, July, August and September they have about two hours of rain every day, generally at noon time or late afternoon."

Afternoon Siesta

"All parts of business, including banks, offices and stores, close at 12 or 1 o'clock and do not open until 3 p.m. They have to have their two or three hours siesta."

"The temperature in Mexico City is from 65 to 75 during the summer and 58 to 68 in the winter. It varies according to the altitude in other parts. I saw no trees from Saltillo to Mexico City, but beyond the city are beautiful forests, mostly eucalyptus, cedars, cypresses, oaks, mahogany and many others that I did not know."

"On my return the peach, plum and cherry trees were in full bloom and Texas had dried up. It looked good to me, but after all, give me good old New Jersey and Home Sweet Home."

SCHOOL
NOTES

Spring Program

"Around the Village Square," a German sketch taking place in a village in southern Germany, was the title of the assembly program given March 24 and directed by Miss Marjorie Fricke. The following pupils took part: Elizabeth Faunce, Martha Bradley, David Gould, and Arthur Burns.

Elizabeth Faunce, Dorothy Rieger, Mary Blomstrom, Kathryn Kershaw, Carolyn Bauer, Anna Leunser, and Josephine Manoe took part in a German folk dance.

A melody of German folk songs sung by Ellen Smith, Marie Frank, Barbara Symon, Kitty Thaldesman, Jack Seemuller, Kenneth Bye, Herbert Randal, and Emile Bohus drew the program to a close.

School Party

Twelve pupils of the fourth and fifth grades in Mrs. Baylor's room received an excellent rating in citizenship for one week. Because of their efforts, a party was given. The Reverend White, of Riverton, was the guest speaker. Three of the parents were present, together with Mrs. Long, Miss Egan and Mr. Jones.

A delightful repast was served. On Tuesday, March 23, A. E. Ohlson, assistant director of safety education of Public Service, gave a most interesting talk on safety to the grade school assembly. YWCA SECRETARY

Miss Mary Taylor, of Riverton, was elected secretary of the YWCA of Oberlin College on Monday, March 22.

Miss Taylor, a freshman, has served as manager of the freshmen hockey team and played on the Annapolis team, the frosh and Yale basketball teams. She is on the Yopers and Children's Home Committee of the YW.

The officers just elected for the three women's organizations at Oberlin—the Women's League, the YWCA and the Women's Athletic Association—will begin their term after spring vacation and hold office during the Oberlin Centennial year of the entrance of women into higher education and during the Centennial of co-education on the college level, both of which were formally inaugurated September 6, 1837, at Oberlin.

Miss Taylor is the daughter of Mr. and Mrs. Howard G. Taylor, of Taylor Lane.

ROGERS WINS IN
CLOSE ENCOUNTERBeats Tak-Aboust By 24 to 21
Score, Burke & Easley
Tounce Trojans

The most hotly contested game in the Interboro Basketball League session last Thursday evening was the Rogers News-Tak-Aboust fracas, in which the newbies finally romped off with a 24-21 verdict.

The ultimate winners led by a 10-9 count at halftime and extended their margin to three points at the end of the third frame.

Burke-Easley Win

The league leaders, Burke-Easley, had little difficulty in overcoming the Trojans who finished the evening on the short end of a 25-12 count.

The Artisans made a strong bid for a win in the third contest of the evening, but the Y Hoopsters proved to be too strong and the fraternal five added another loss to its record. The score of this affair was 20-12.

The contests tonight mark the league finals for the season. Much interest and good sportsmanship has been shown by the players in the various teams, and a fine brand of basketball has been displayed. Attendance, according to league officials, has been disappointing despite the efforts that have been made to provide local citizens with court games of high quality.

THE
PEOPLE'S
COLUMN

March 22, 1937

Editor The New Era:

Was the writer of the article published in The New Era of March 18, in the People's Column, describing one of his DREAMS? Shakespeare in his "Romeo and Juliet" wrote as follows:

"I talk of dreams,
Which are the children of an idle brain,
Begot of nothing but vain fantasy;
Which is as thin of substance as the air;
And more inconsistent than the wind."Yours very truly,
Paul Revere.PLAY LAST GAME
FOR PALMYRA HIWin Over Riverside for County
Title Marks Final Fray
For Veterans

The 27-21 overtime win of Palmyra over Riverside, last Wednesday night, gave the Red and White court sharpshooters the championship of the Burlington County Scholastic Basketball League and it also marked the final court appearance of several of the local veterans who have played an important part in compiling the season's brilliant record.

Last for Shea

Captain Shea, stellar forward, will graduate this June, as will Coe, rangy center, and Whittmeyer, a guard who has cut off many an enemy scoring attempt. Beitz, a substitute forward will also not be available next season.

Coach Dimond has several men left, however, around which to build his next team. These include Rothbaum and Baker, forwards; Mickle, center; Marshall, Althouse and Gamble, guards. In addition, there is considerable promising material in the junior varsity squad.

So, until next winter rolls around, scholastic basketball gives way to baseball and track.

GARIBALDI FACES
STANLEY PINTOVictor Over Chief Little Wolf
In Feature Battle with
Leading Badman

Fresh from his victory over Chief Little Wolf, Gino Garibaldi, will next tackle Stanley Pinto, Nebraska "skullbuster" in the next feature battle over in the Camden Armory on Thursday evening. The bout is down for two out of three falls, with a 90 minute time limit.

This bout has all the earmarks of being one of those back alley scraps. Gino is durable, rugged and has plenty of stamina to aid him ward off Pinto who is rated as one of the leading badmen of the game. Pinto is an expert with the forearm and no doubt he will rely mostly on this deadly wallop to bring him good results. On the other hand, Garibaldi at by far one of the sturdiest men in the game. Every one of his matches have been of a spectacular nature.

Another important bout that will share in the glory of the program is the semi-final between Gus (Dynamite) Sonnenberg, former ruler of the heavyweight class and Jack Hader of Kansas City. This will afford Hader a good opportunity to show his real rough tactics. Last week he manhandled Ralph Garibaldi unmercifully. He used every known foul trick and this Thursday he will find one just his equal in dishing out that sort of medicine.

In the remaining bouts, Irish Jack Kennedy will tackle Sailor Al Billings. Mike Mazurki meets Bill Sledge in the second fray. Jim Colfield will open the bill with Henry Graber, of Germany, in the first scheduled half hour tussle.

The service will primarily consist of the "Communion Service" as musically portrayed by Brown. The Rector will have a sermon upon the theme of the day, "Immortal Life."

Mark 16: 1-2.
Never had there been such a morning as this. The sun rose with its eternal message of light; its first rays revealed an empty tomb which filled humanity with celestial hope.

Three loyal women, with sorrowing hearts came to embalm the dead body of One they loved. Inspired by the angel, at the empty tomb they rushed away to tell the world Jesus lived. The disciples took up the challenge. Their faces, changed by this rising sun, turned from the past to the future. They ceased to mourn and began to testify. Strange things happened during the night and more wonderful things were to happen in the days to come.

Never again could the prophets of despair proclaim, unchallenged, their philosophy that darkness is greater than light, and that death triumphs over life. This rising sun, gave impetus to a universal hope.

From this Easter Morn the personality of man gained new dignity. He arose above the mechanics of life and became greater than the works of his own hands. His soul became clothed with immortality. O grave where is thy victory? Because Christ lived, man lives everlastingly.

CHRISTIAN SCIENCE CHURCH
"Reality" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, March 28th.

The Golden Text is: "Lord, thou hast been our dwelling place in all generations." (Psalms 90:1).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Brethren, I count not myself to have apprehended; but this one thing I do, forgetting those things which are behind, and reaching forth unto those things which are before, I press toward the mark for the prize of the high calling of God in Christ Jesus." (Philippians 3: 13, 14).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Being is holiness, harmony, immortality. It is already proved that a knowledge of this even in small degree will uplift the physical and moral standard of mortals, will increase longevity, will purify and elevate character. Thus progress will finally destroy all error, and bring immortality to light" (p. 492).

EASTER FINERY AT SHULMAN'S

Palmyra's Leading Department
Store is Ready to Supply
Your New Outfit

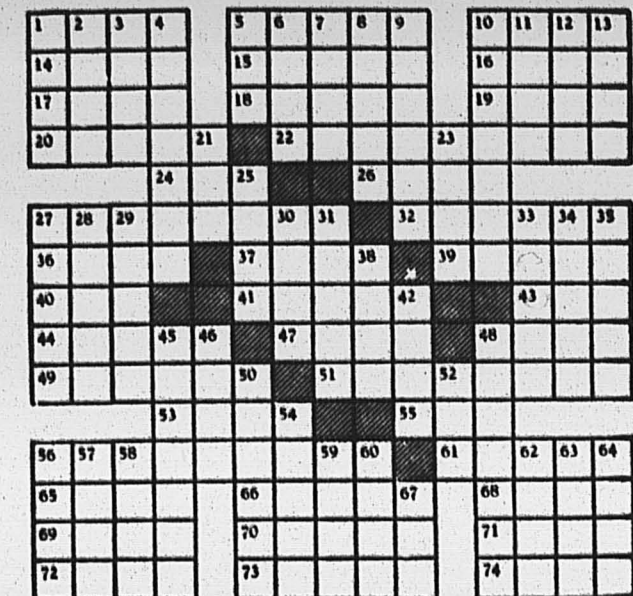

Every one likes to look their best
on Easter Sunday, and this occasion
is the time of the year when the
whole family sally forth bedecked
in their new finery.
Residents of these communities
are particularly fortunate in being

able to supply their Easter needs
locally at Shulman's, Palmyra's lead-
ing department store.
Shulman's have a flattering line
of Easter millinery for ladies and
misses—there is just the right hat
to complete that new ensemble.
And of course, there is an abundant
stock of such necessary accessories
as lingerie, hosiery, handbags and
gloves.

Footwear Headquarters
Shoes play an important part in
a well-groomed appearance and
Shulman's is headquarters for the
newest spring styles, all members of
the family being considered.

BROADWAY THEATRE
FRIDAY & SATURDAYJean Arthur and George Brent in
"More Than a Secretary."SLIGHT DROP IN
COST OF FOODS

February witnessed a halt in the rise of food costs. Indications of a reversal in the previous upward trend of average retail food prices are disclosed in the report for February, covering 83 principal items, issued last Friday by the State Department of Agriculture. In contrast with the steady advances which have occurred since early in 1936, the report reveals that during February average retail food prices dropped 2.36 per cent below the level of January. However, February prices were 3.23 per cent above those that prevailed in February, 1936.

Eggs Down

Nearly all of the commodity groups showed reductions. Prices of meats fell 2.02 per cent during the month although exceptions were registered by lamb products which increased 10.78 per cent. Fresh eggs continued to be an outstanding buy due to a further drop of 15.29 per cent below the previous month's figure. Fresh fruits and vegetables sold for 5.90 per cent less.

Price of Pork Rises

As compared to February, 1933, the February, 1937, prices for all foods were 39.14 higher. Pork has registered the most outstanding increase during the four year period, now costing \$6.82 per cent more than in 1933; while beef advanced 64.15 per cent; fish, 36.91 per cent; canned fruits and vegetables, 41.46 per cent and fats and oils 51.31 per cent higher.

White potatoes, an important article in the average diet, dropped from the January price of 3.75 cents per pound to 3.25 cents per pound in February.

YOUR GARDEN

WHAT TO DO THIS WEEK

By A. C. McLean
Extension Service, N. J. College of
Agriculture

After a mild winter such as we have been experiencing it is usually possible to start gardening operations at an early date, since there is little or no frost in the ground and the soil should be in a workable condition after a few days of sun and drying winds.

Practically any of the hardy annuals may now be planted in cold-frames. If the hotbeds and cold-frames are heated, it is possible to plant practically any kind of seed.

Check over gladiolus corms and dahlias and canna roots to determine whether they are in good condition. They should be kept from becoming excessively dry.

Now is the time to do any grafting that is desired in the garden this year. Cut the scions while the shoots are dormant, before there is any sign of growth. They may then be placed on the tree or bush at any time now, for the buds are swelling. Many garden books contain information on grafting for the amateur. It is a simple operation, but needs to be executed with skill, the main

thing being to keep the scion entirely dormant until the graft has been made. Fruit trees, lilacs, rose bushes, and other woody plants may be grafted successfully by the amateur.

Roses and other ornamental shrubs should be planted as soon as possible for if planted early they have a better chance to become rooted before the leaves come out and will do much better the first season.

A Colorful Border Plant

Among the June-blooming plants popular for flower borders and home decoration is Geum chilense, one of the geums from which the hybrid varieties, such as Lady Stratheden and Mrs. Bradshaw and other double, superior forms, have been derived.

All the geums are hardy perennials and members of the Rose family. The flowers come in tones of red and yellow and there are both dwarf rock plants and more robust species for the border. The Geum chilense when well grown, reach 18 inches to two feet in height and produce bright colored flowers in early June. They grow best on a well-drained, loamy soil which is not too acid.

"I'm sorry—I quite forgot your party the other evening!"
"Oh, weren't you there?"—Two Bells.

Miss Katherine Schuler in the K. of
C. Hall Tuesday evening.

The Girl Scout Mothers of the
Methodist Church Troop are plan-
ning a covered dish luncheon at the
home of Mrs. Herman Anders, 331
Leconey avenue, Palmyra, April 13,
at 12.30. Everyone is cordially in-
vited to attend. A freewill offering
will be taken.

Mr. and Mrs. Eula Roach and son
Robert, spent Sunday in Burlington
with Mr. and Mrs. Earl Naylor.

Mrs. Evelyn Belcher, of Medford,
spent Saturday with Mrs. A. B.
Powell, who is recovering from two
months' illness.

Mr. and Mrs. Albert Smith, Jr., of
Palmyra, spent Friday with his par-
ents in Stonehurst.

The White Dragonettes are plan-
ning a movie benefit for the last
week in May.

Mrs. C. F. Dengler, of Carteret,
visited friends in Palmyra last week.

Mrs. William Prisco has returned
from the West Jersey Hospital,
Camden, and is slowly recuperating.

Mrs. William Harrison had the
misfortune to fall last week and
severely cut her hand on the wire
fence surrounding Morgan Ceme-
tery.

Miss Dorothy Stavelly entertained
at a birthday dinner Tuesday eve-
ning of this week. Those present
were: her parents, William, Wesley
and Robert Stavelly, Miss Gertrude
Messenger, Mrs. Helen Patterson,
of Portland Oregon; Mrs. Helen
Fox, Miss Lillian Stow, Mrs. I.
Mattison and Miss B. Mattison. Miss
Stavelly received many beautiful
gifts.

nue, is slowly improving after a
serious operation in the University
of Pennsylvania Hospital, Philadel-
phia.

Helen Schriver Mueller gave an
Easter party and recital for her
pupils last Saturday afternoon at her
home, 820 Parry avenue.

BIDS WILL BE
OPENED APRIL 9

At a meeting of the Burlington
County Board of Freeholders held
last Thursday afternoon it was voted
to open bids on April 9, for pasteur-
izing milk that is produced at the
county almshouse farm.

This action followed a decision to
pasteurize all milk served to Fair-
view patients.

On Tuesday of this week the Free-
holders visited a number of the
larger dairy establishments in this
section where they obtained first-
hand information on milk production
and pasteurization.

ART ALLIANCE EXHIBIT

From March 24th to April 10th,
the Art Alliance will hold a most
comprehensive exhibition of con-
temporary crafts by American
craftsmen. This exhibit will include
work from craftsmen all over the
United States and will show some
of the finest examples in pottery,
weaving, metal work, stained glass,
wood carving, jewelry illumination,
puppetry, and many, many other ex-
amples of craft work.

Visitors to the galleries, which
are open to the public from 10.30
a.m. until 9.00 p.m. weekdays, and
1.00 p.m. to 6.00 p.m. on Sundays
are cordially invited to be our guests
at these demonstrations. Admission
is, as usual, free of charge.

"Time is money," so says the prov-
erb, yet lots of folks throw away
money in order to kill time.

ANDERSON-SITZLER

Announcement has been made of
the coming marriage of Miss Hazel
N. Sitzler, daughter of Mr. and Mrs.
Thomas Sitzler, of 308 Broad street,
Florence, to Claude Anderson, son
of Mr. and Mrs. Edward Anderson,
of 288 Randolph avenue, East Riv-
erton.

The ceremony will be performed
early next month at St. Stephen's
Episcopal Church, by the Rev. Tracy
F. Walsh.

Miss Sitzler was a graduate of
Bordentown High School.

A total of 106 persons lost their
driver's licenses during the week
ending March 19, according to an
announcement made by Motor Ve-

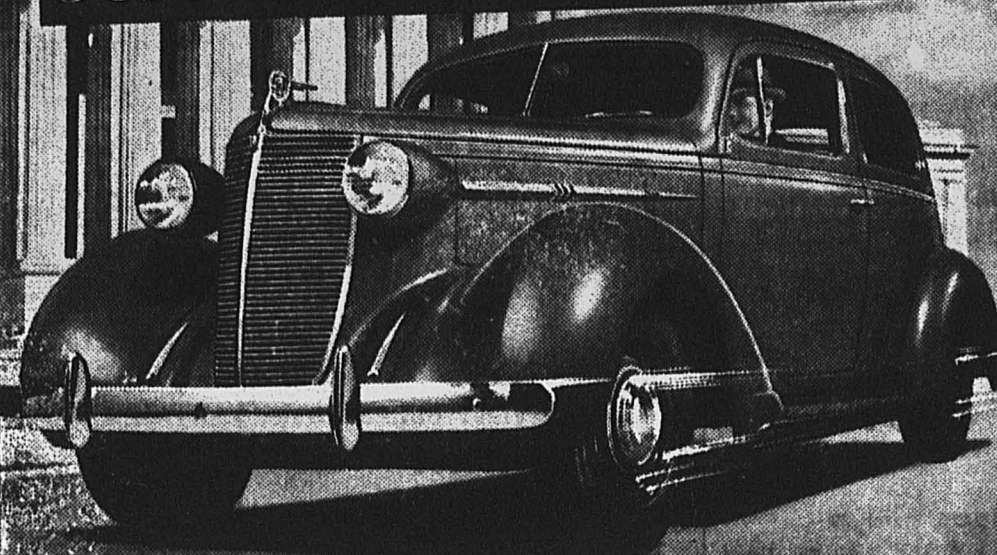

hicle Commissioner Arthur W. Me-
gee.

Thirty-five were for drunken driv-
ing; 7 for reckless driving; 3 for
speeding; 2 habitual violators; 29 for
failure to appear in answer to sum-
monses; 8 were revocations result-

ing from fatal accidents, and all
others 22.

With the inclusion of this week's
figures, the Department during 1937
revoked 337 licenses for drunken
driving and the total of all revoca-
tions reached 896.

WHY STAY IN THE "ALL THREE" CLASS?

THIS GREAT BIG NASH NOW
JUST A FEW DOLLARS MORE

Actual Photograph of Nash LaFayette—"400" 2-Door Sedan with Trunk

There's no reason to put up with
"small car" limitations... When you can
get this great big car for so little more

Ask about the convenient terms and low rates available through
the Nash C. I. T. Budget Plan. Automatic Cruising Gear
available on all Nash models at slight extra cost.

*FOR AS LITTLE AS \$1 OR \$2 A MONTH EXTRA
YOU CAN GET OUT OF THE "ALL THREE" CLASS—
A check-up recently made in ten representative cities
shows that the six cylinder Nash LaFayette—"400"
4-Door Sedan with trunk DELIVERS for just a FEW
dollars more than the similarly equipped 4-Door
sedans of the "All Three" small cars. In many places,
the SLIGHT difference in price amounts to just \$1 or
\$2 a month extra on your time payments.

FIREWORKS BAN MAY BECOME LAW

Bill Passed N. J. Assembly,
 Municipalities Charged
 With Enforcement

The end of the use of the old
 cannon cracker on July 4 may be
 in sight, as a bill passed the N. J.
 Assembly on Monday night, which
 will prohibit the use of fireworks
 except where displays are provided
 by municipalities, religious and civic
 bodies, fairs and other organizations.
 Permits for such displays must be
 obtained from local governing
 bodies.

The bill provides penalties of \$100,
 90 days in jail, or both, for sale, or

possession with intent to sell; for
 use or possession for use, a maxi-
 mum of \$100 fine.

If the bill becomes a law, enforce-
 ment will be the responsibility of
 municipalities.

PROPERTY RIGHTS

(From the New York Times)

In connection with the sit-down
 strike it has been several times said
 that if it succeeds it would destroy
 "the keystone of the capitalistic
 system." It would, in fact, destroy
 something much earlier than that.
 Private property, and the personal
 right to it, existed long before cap-
 italism.

As soon as man emerged from his
 primitive cave he began to look
 about for means of improving his
 conditions and materials of which he

could claim ownership. He could
 soon say: "This is my tent. This
 is my camel. This is my fig tree."
 Capitalism had not yet been heard
 of.

So we may say that if the rights
 of private property are taken away,
 the result will be not simply to un-
 dermine capitalism but to destroy
 the very keystone of civilization.
 The difference, or distinction, may
 not mean much to John L. Lewis,
 but to the rest of us it means almost
 everything.

"I understand," said a young wo-
 man to another, "that at your church
 you are having such small congre-
 gations. Is that so?"

"Yes," answered the other girl, "so
 small that every time the rector says,
 'Dearly Beloved,' you feel as if you
 had received a proposal."—Lorain
 (Ohio) Journal.
