## LOSES ARM IN AUTO ACCIDENT

Cars Come Together on Pike Near Asbury Cemetery, Three Injured

Last Friday afternoon a car owned and driven by Albert Cheeseman, 68, of Pine street, Delanco, and one owned and driven by Horace Barber, of 224 Ampere Parkway, Bloomfield, collided on Route 25 at Asbury Cemetery.

Both cars were proceeding toward Camden, when Cheeseman made a sudden left-hand turn into the cemetery from the right-hand side of the road.

Barber was on his way to visit his parents at 735 White Horse Pike, Audubon. Riding in the car with Cheeseman was his wife Mary, 64, who suffered from shock and lacerations of the right leg. Cheeseman and his wife were taken to the Zurbrugg Hospital, Riverside by Robert Schneider, of Palmyra. It was necessary to amputate Cheeseman's left arm just below the elbow.

Barber suffered a cut over the left eye when his glasses were broken. He was taken to the hospital by Herbert Payung, of Palmyra.

The Barber car turned over three times and the Cheeseman car once. Officer George Dorworth, of Cinnaminson township, investigated the case.

A family of wood ducks recently built a nest in a hollow portion of a tree located on the property of G. Rex Showell, Howard street, Riverton, and, on Saturday the mother proudly led her brood of 16 babies down the street in search of water. Evidently something must have diverted the parent from her course because Mrs. Victor Hipple of 202 Howard street, discovered

the family in possession of the Hipple cellar, entrance having been gained through a window.

The ducks were cared for by the Hipples until Monday when they were taken to Pompeston creek and released.

According to William A. Hendrickson, local authority on ducks, the species is not rare in this vicinity.

## PALMYRA FIREMEN WILL HOLD ANNUAL DRIVE FOR MEMBERS

The Independence Fire Company, of Palmyra, at the last regular meeting appointed the following committee to draw plans for the annual drive of that organization for contributing members: John Deitz, Vernon Adams, H. Chandler and G. Chandler.

The members of this group are formulating plans rapidly and expect to conduct the drive on June 21, at 7 p.m.

The fire company asks local residents to keep this date in mind and, on the night specified, to present the collectors with as liberal contributions as possible.

## GRADUATIONS AT LOCAL SCHOOLS

Graduation in local schools will begin on Friday, June 4, at 11 a.m., when exercises will be held at the Westfield Friends' School.

The closing exercises at the Riverton public school will take place in the school auditorium on Tuesday, June 8, at 8 o'clock.

On Wednesday, June 9, the school year will be brought to a close at Cinnaminson school No. 2, while the final program at Cinnaminson School No. 4 will take place on Thursday, June 10.

Commencement at Palmyra High School is also scheduled for the same date, Thursday, June 10th, at 8 p.m., in the high school auditorium. There will be 115 seniors in the graduating class.

Admission to the function will be by ticket.

The final graduation in local institutions of learning is planned for Friday, June 11, when the Palmyra grammar school will have closing exercises in the high school auditorium at 9 a.m.

## CHIMNEY STRUCK BY LIGHTNING ON THURSDAY

During the heavy thunder showers last Thursday evening, lightning struck the chimney of the house at 412 Thomas avenue, occupied by Mr. and Mrs. William Swayne, who had just moved from 817 Garfield avenue, Palmyra.

The chimney was partially demolished and the interior of the house was slightly damaged.

## NO ACCIDENTS IN RIVERTON-PALMYRA OVER WEEK-END

With nearly 300 lives lost in motor crashes and many hundred injured over Memorial Day week-end, Riverton and Palmyra were fortunate to be an oasis in the scene of carnage, there being no car crashes in the two communities.

Chief C. Morris Beck, of Palmyra, and Chief William Gootee, of Riverton, reported that local and thru traffic was far above normal, with River road and S-41 thronged with motorists during Saturday, Sunday and Monday.

Efficient work on the part of Palmyra and Riverton officers kept the flow moving in an orderly manner.

## FIREMEN PLAN CARNIVAL HERE

The members of the Riverton Fire Company are perfecting plans for a huge carnival which will be held during the period Wednesday, June 9, until Saturday, June 12, on the lot at the corner of Broad street and Thomas avenue, Riverton.

Many new features are being arranged for the affair and a valuable ground prize will be given away each evening.

These awards are as follows: Wednesday—\$15 silk bedspread. Thursday—\$25 silk comfort. Friday—\$25 cocktail shaker set. Saturday—\$35 electric urn set. The winner must be present at the time of the drawing.

The firemen ask that local residents keep these dates in mind and come out for an evening of fun at the carnival. Attractions will open at 8 o'clock nightly.

## MANY ATTEND EXERCISES HERE

Decoration Day Observance at Cemeteries and Riverton Memorial Park

The Memorial Day services for Riverton and Palmyra were held Monday afternoon starting with a parade to Morgan Cemetery from the Legion Home at 1.30.

The services in Morgan Cemetery were begun with the Rev. George Lockett, of Central Baptist Church, giving the invocation.

A salute to the dead by Company K of the 114th Infantry of Burlington, was followed by the sounding of Taps by the Palmyra Drum and Bugle Corps. The exercises closed with The Star Spangled Banner by members of the Palmyra High School band.

### March to Park

At the Methodist Cemetery the same services were held, with the Rev. John Thompson, of the Church of the Sacred Heart, Riverton, giving the invocation.

The procession then proceeded up Broad street to Memorial Park, Riverton, where the assemblage was greeted by the Hon. Frank A. Mathews. The judge introduced Mayor John F. Ward, of Palmyra, who gave a short address.

The next speaker was Councilman Robert W. Knight, who took the place of Riverton's mayor, H. McIlvain Biddle.

The principal address of the afternoon was given by Albert Bean, superintendent of schools in Camden County.

Benediction was pronounced by Father Thompson.

### In Line of March

In the line of march were the gold star mothers and civil war widows, who rode in cars, the Palmyra Dism and Bugle Corps, the Palmyra High School Band, Company K of the 114th Infantry of Burlington, a marching unit from the Sacred Heart School dressed in white and wearing capes of red lined with yellow, and hats of red with a yellow band around the crown, school children from Riverton and Palmyra, and the K. of C. Cadet Corps.

The procession was headed by Commander Drexel P. Patterson, of (continued on page 4)

## FINAL WARNING

Notice is hereby given that all dogs in Riverton must be registered on or before Thursday, June 10.

Residents of Riverton owning dogs who do not comply with the dog ordinance will be given a summons to appear before the police recorder, and will be dealt with according to the provisions of the law.

William Gootee, Chief, Riverton Police.

## LENGTHY SESSION OF FREEHOLDERS

Almshouse Construction With Discussion of Proposed Suit Consume Time

The Burlington County Board of Freeholders held a lengthy session last Friday afternoon, with the most of the meeting being devoted to a discussion of plans for a new almshouse, and the civil suit which Director Adams wishes to have inaugurated against Theodore Tobish and the Tar Distribution Co.

After numerous differences of opinion between Director Adams on one side, and Freeholders Church and Stout on the other, real progress was made in making arrangements for a set of plans which met with the approval of the entire board.

### \$300,000 Too Much

To begin with, all the freeholders agreed that \$300,000 was too much to spend, and all were emphatic that such a sum had never been considered by them.

Colonel Hugh Kelly, architect, stated that he drew the original plans calling for a \$300,000 building on very short notice and with little or no data as to what the board actually wanted. He said further, that he could draw plans for a \$150,000 building as well as any one else, but no one had ever told him that was the amount decided upon.

### \$150,000 Plans

The final result of the discussion was that the board authorized Kelly to prepare specifications for a building which would cost \$150,000, going over the plans which Adams had already prepared with the director and superintendent of the almshouse. When this has been accomplished the board will take final action on the matter.

Freeholder Albert C. Jones remarked that it was unfortunate that this had not been done four weeks ago. Walter D. Lamon said that the entire situation had been most unfair to Colonel Kelly, and Director Adams stated that he was entirely in agreement.

### Adams Sticks to Estimate

Director Adams reiterated that his plans called for a fireproof building to house 200 inmates and 20 attendants, which could, he said, be constructed for \$170,000 with excavation under all portions and for about \$140,000 with a cellar under the main portion only. He further added that this would not be a barracks. Colonel Kelly did not agree with this, but considerable figuring on the part of the architect failed to disprove Adams' statement.

### County Architects

Herbert Ziegler, Riverside architect, and E. L. Hauser, of Maple Shade, who represented the architectural firm of Moffett and Hettell, of Camden and Mt. Holly, appeared before the board and asked for an opportunity to submit plans.

## NEW HOURS FOR LOCAL LIBRARY

Beginning Monday, June 14th, the Riverton Free Library will be open every week-day morning from 10 until noon, and will remain closed during the afternoon and re-open in the evening from seven until nine as usual.

Suggestions for the new schedule have been received from a number of quarters and it is believed it will prove convenient to most library users. It will remain in effect from June 14th through July, and on August 1st the Library will be closed for the usual vacation period of one month.

So remember the date, June 14th, and the new time, ten o'clock to 12 noon, no afternoon hours, the usual seven to nine in the evening.

Not by years but by disposition is wisdom acquired.—Plautus.

## 20th ANNIVERSARY OF COUNTY P.-T.A.

Former Chairmen Attend Celebration in Mount Holly on May 27

About two hundred and fifty members and friends attended the 20th anniversary of the organization of the Burlington County Council of the New Jersey Congress of Parents and Teachers, Tuesday evening of last week in the First M. E. Church, Mount Holly.

Former county council chairman who attended were Mrs. F. S. Herr, Moorestown, first county council chairman, who later was elected State Treasurer, and served many years; Mrs. Walter L. Bowen, of Riverton, now president of the State Congress; Mrs. Arthur T. Hagston, of Riverton; Henry W. Jones, of Moorestown, and the present chairman, Mrs. Eugene M. Pharo, of Moorestown.

Other guests who were present were Mrs. Louis T. deValliere, of Trenton, past state president and past national vice-president; Mrs. Morris L. Foulke, of Woodbury Heights, state vice-president and director of the seven southern counties, County Superintendent of Schools Dr. Louis J. Kaser and Mrs. Kaser.

The affair opened with a dinner followed by entertainment in which nearly a score of county parent-teacher associations participated. The program included dramatic sketches, songs and dances, mostly original. Mrs. Herbert L. Adams, of Edgewater Park, was general chairman of the celebration.

At the close of the evening program a silent tribute was paid to the memory of Mrs. Henry A. Frantz, who was the second chairman of the county council.

## CELEBRATE 25TH ANNIVERSARY

Mr. and Mrs. John D. Clark, of Thomas avenue, celebrated their twenty-fifth wedding anniversary Saturday evening with a dinner party for fifty guests. Friends present from Canada, New York, Philadelphia, Overbrook, Merchantville and Riverton.

Mr. and Mrs. Clark were married a year before they moved to 406 Thomas avenue, from Philadelphia. They later moved into the property at Fourth and Thomas avenues, formerly occupied by Dr. Samuel Collin.

At the present time they are living in the property which they recently purchased from Willis W. Smith on Thomas avenue opposite the golf links of the Riverton Country Club.

## REVOCATION OF DRIVING LICENSES

A total of 115 persons lost their driver's licenses during the week ending May 28, according to an announcement made by Motor Vehicle Commissioner Arthur W. Magee.

Forty-three were for drunken driving; four for reckless driving; 20 for speeding; 16 habitual violators; four for failure to appear in answer to summonses; two were revocations resulting from fatal accidents, and all others 25.

With the inclusion of this week's figures, the Department during 1937 revoked 619 licenses for drunken driving and the total of all revocations reached 1745.

The whole country should be grateful for the Supreme Court decisions on labor relations. Whether we wholly agree or not with the merits of the specific regulations, we have had a great step in clarification of this twilight zone which now opens the way for constructive solution of many problems—Former President Herbert Hoover.

## BOY SCOUT NEWS

### Campfires

Last-minute preparations are being made by scout troops throughout the county for the campfires that will be staged this week-end.

According to present plans, the Riverton and Palmyra troops will pitch camp in Memorial Park, Riverton.

Scoutmaster William Gibson, of Palmyra, will be provisional scoutmaster at the scout camp this season. The latest reports show that the second week of camp is filled to capacity, but there are a few vacancies in the first week for troops that sign up early.

On Saturday, June 12, the annual camp reunion will take place at Camp Mahala.

## FINAL MEETING OF JUNIOR CLUB

The Junior YMCA Stamp Club held its last meeting for the season on last Friday evening when the various awards for which the boys had been working were announced.

The first prize for new members went to Alan Cooper, of Palmyra, and each week during the year he will receive a copy of "Stamps," a popular philatelic magazine. Second prize went to Frederick Woodward, who was awarded a year's subscription to Linn's magazine.

The award for attendance was claimed by three boys, who all had the same qualifications. The boys were Charles Bailey, Donald Cooper and Leonard Keenan, all of Palmyra.

The prizes for these winners consisted of packets of stamps and a movie ticket for each. The session was concluded by the serving of refreshments consisting of ice cream and cake.

## CARS IN CRASH NEAR FIVE POINTS

Sunday morning at 4.30 on route 25 just above Five Points, a car owned and driven by John Cialo, of 1290 Sheridan street, ran into the rear of a trailer parked along the road.

Cialo was taken to Zurburg Hospital by Leroy Daniels, of Riverside, where it was found he was suffering from lacerations of the upper lip. After treatment he was released.

Cialo was on his way to work at Millside Farms where he is a truck driver.

### PHELAN-MAHER

Miss Edna N. Maher and David J. Phelan, of Palmyra, were married at the nine o'clock Mass in Sacred Heart Church, Riverton, Saturday morning. The Rev. John Thompson performed the ceremony. Mrs. Edward Steedle, of Palmyra, sang several hymns.

The bride was dressed in a gown of white lace and wore a tulle veil held in place with orange blossoms. She carried a shower bouquet of white roses.

Her sister, Miss Elmirah Maher, was bridesmaid and wore a dress of green chiffon, with hat to match, and carried a bouquet of pink roses. William Phelan, brother of the groom, was best man.

After a wedding trip Mr. and Mrs. Phelan will live in Delanco.

The New Era is featuring, for the month of June only, RYTEX VELLUM Printed Stationery, that supreme writing paper, in White, Guards Grey, Biege and Windsor Blue. 200 single sheets, or 100 double sheets, or 100 note sheets and 100 large baronial pointed flap envelopes, with Monogram or Name and Address for only \$1.00. ## RULES GIVEN FOR SAFER DRIVING

With the summer travel season at hand, attention is called by the Keystone Automobile Club of New Jersey to the need for greater caution when driving on traffic-clogged highways.

"Perhaps the greatest menace to summer driving," said Trevor B. Mathews, manager of the Camden Division of the club, "is the indiscriminate passing by careless motorists. When passing another vehicle the driver not only endangers himself but other vehicles, the one he is passing and cars approaching."

"There is absolutely no excuse for accidents occasioned by the passing of one vehicle by another. The positions are simply: 1. Make sure nothing is coming the other way. 2. Don't pass on a curve. 3. Don't pass on the brow of a hill."

With enforcement of motor vehicle laws spurred by the steadily rising highway death toll, motorists must exert every effort to conform in every way to the traffic laws of the sections through which they pass, the Club official warned.

Enforcement is rapidly being recognized as one of the leading factors in the fight to end the traffic deaths and the motorist must be on his guard at all times to keep within the law.

"In other words," he concluded, "your liberty or your life may depend on your actions while driving in heavy summer traffic, predicted to be the greatest travel season in years."

## SIX FROM RIVERTON TO GRADUATE AT FRIENDS' SCHOOL

Commencement exercises at the Moorestown Friends' School will be held on Friday night, June 11th. Dr. Richard Gummy, Dean of Admissions at Harvard, is to be the speaker. Among the twenty-nine members of the graduating class, there are six from Riverton—Mary Turner, Robert Robertson, John Lane, Beresford Coe, Morette Gausler and Elaine Sheble.

On Saturday night, June 12th, the Alumnae Association will entertain the senior class at a dinner dance. In the afternoon there will be numerous games and contests between the old "grads" and the class of '37.

It follows that war, the system of international duelling, must be abolished as a human institution, and in order to abolish it, it is imperative to discover a substitute which will enable changes to be brought in the relationships of nations through a peaceful method of a violent procedure. This substitute is to be found in federalism, because the federal bond is formed, not by the imposition of the imperial will of one nation or state upon the other, but through the voluntary and free assent of all the cooperating states.—The New Commonwealth.

## SILT ISLANDS MAY BE REMOVED BY CROSS CHANNEL

Authorization for cutting a cross-channel through the Delanco silt islands is contained in an omnibus Rivers and Harbors Bill which has been introduced in the House of Representatives.

The proposal for the cross-channel suggested by the War Department engineers as a result of a survey requested by Congressman D. Lane Powers, will, it is said, remove the islands eventually. Its immediate effect, it is claimed, will be to cut the islands below low-water line and to serve as a channel to permit small yachts to get close to the Delanco shore.

Culminates Long Fight  
The inclusion of this cross-channel in the Rivers and Harbors Bill is the culmination of a three-year fight by Congressman Powers to have the unsightly islands removed from the Delanco riverfront. The islands were dumped in their present position by dredging for the original deepening of the Delaware River. The silt deposits are visible at low water and serve as a constant source of danger to river navigation, especially to small pleasure craft.

It is expected the Rivers and Harbors Bill will be passed this session of Congress. If this authorization is put through Congressman Powers has pledged to work for an appropriation next year to have the work done. This appropriation would be included in the Rivers and Harbors section of the War Department Appropriation Bill.

Congressman Powers is ranking Minority Member of the War Department Appropriations Committee.

## Factions in the County

More and more frequently the citizens of Burlington county hear about the various factions alleged to exist in the ranks of the Republican party—the Old Guard, the Good Government, the New Dealers, etc.

Such a situation is very fine—for the Democrats, and members of that party are doubtless in a jubilant frame of mind over the situation.

The Republicans can be victorious in Burlington county at the elections to be held next fall, but only if all members work together in an harmonious manner.

Those who place personal gain before the welfare of the party should be promptly eased out of the political picture.

No one knows who these individuals are, better than they themselves, and to them we say, "if the shoe fits, put it on."

Right now is not too soon to stop ideas of factionalism, and to come to the realization that all those who really have the interests of the Republican organization at heart must pull together, and, the sooner they learn how to do it, the better off the party will be.

## Summer Fire Hazards

The advent of each season brings special fire hazards. Now that summer is nearly here, due precaution should be taken by property owners against the dangers that follow cessation of rain, and the arrival of dry, warm days.

Some of the worst fires have started in vacant, grassy lots. Uncut, dry grass can almost explode into flame at the touch of a match or a spark. It is essential to community safety that adequate laws control the care of grass—and that these laws be enforced. Farmers and others living outside towns should be no less zealous in reducing this hazard.

During good weather, homes are cleaned and renovated. Great amounts of trash must be disposed of, often by burning. Here is still another source of destructive fire. The burning operation should take place only in a metal container of adequate size—and under constant supervision.

In addition, summer is an excellent time for using forethought to the end that our homes may be safer from fire next winter. Before fall comes, every furnace should be inspected and repairs and replacements made where necessary. A few dollars spent in this fashion now may save thousands—and, more important, save lives.

Finally, no matter what you do or where you go, be ever awake to the peril of fire. Do you like to drive in parks and forests? Then remember that carelessness with fire has destroyed more trees than man ever cut for a useful purpose. Have you a favorite summer picnic spot? Then bear in mind that the most beautiful place nature ever devised can become an eyesore in a few short minutes or hours if fire strikes.

## Rule Or Ruin

John L. Lewis has made public his "peace terms"—unconditional surrender by the A. F. of L. to the C. I. O.—and has said that he does not want peace anyhow. His Atlantic City address was the frankest statement which Mr. Lewis has made since his break with the A. F. of L.

There was a time when Mr. Lewis pretended that he did not want to wreck the American Federation of Labor, that he merely wanted a free hand in organizing along his own lines. He now has frankly revealed his purpose. Mr. Lewis probably did not begin his C. I. O. offensive with the object of destroying the American labor movement as it has existed for the last half-century. His original goal was control of the A. F. of L. He failed to attain that goal; and now, in effect, he says that, if he cannot rule, he will ruin.—Buffalo Observer-Express.

## Parade Jottings

Hundreds watched the procession as it wended its way through the streets of Palmyra and Riverton and there was an audience of 1,000 at Memorial Park for the final exercises.

The Palmyra Drum and Bugle Corps stirred the onlookers with their marching precision and musical numbers.

The parade itself was well organized and the number of marchers compared favorably with that of other years.

In common with hundreds of other communities in the nation, Riverton and Palmyra have no members of the gallant G.A.R. left to participate in the Memorial Day activities.

## KIECKHEFERS GIVE AFFAIR FOR THE J. DOUGLAS CLARKS

Sixty-five guests were present at the party given by Mr. and Mrs. Herbert M. Kieckhefer last Sunday in honor of Mr. and Mrs. J. Douglas Clark, who celebrated their twenty-fifth wedding anniversary on Saturday.

The guests started their party by playing in the costume golf tournament at the Riverton Country Club. The winners were Mr. and Mrs. Edward Lippincott, Mr. and Mrs. Richard Lippincott, Charles Carpenter and Stuart Clark. Mrs. Edward Lippincott was dressed as an interne, and Mr. Lippincott chose the costume of an artist.

The Richard Lippincott's exchanged clothes, Charles Carpenter was dressed as the Big Bad Wolf, while Mrs. Carpenter and the Stuart Clarks were dressed as the Three Little Pigs.

Mr. and Mrs. Kieckhefer were dressed as hill-billy bride and groom, Mrs. Kieckhefer impersonating the famous nine-year old bride.

Mrs. John D. Clark was dressed as a bride while Mr. Clark chose a Scotchman's costume.

Mrs. Percy Ransome was the most original individual and was dressed in a fashionable gown of 1910. Dr. and Mrs. Harry L. Rogers also went back to "the good old days" for their costumes.

Henry L. Randall went further afield for his costume and chose that of a Hula dancer.

Mr. and Mrs. Lynn Hendrickson nearly stole the show when she appeared in men's pajamas and he in a woman's nightgown.

Mr. and Mrs. Lester B. Meyerhoff, of Philadelphia, harked back to the gay 90's for their bathing suits. Not a detail was missing.

Mr. and Mrs. McHale, of Merchantville, also chose the gay 90's for their inspiration.

After the golf tournament the party returned to the Kieckhefer home where they enjoyed swimming, dancing and refreshments.

## RIVERTON SPLITS HOLIDAY BILL

Takes Bridgeport by 11-3 Count After Losing to Blue Eagles In the Morning

Riverton broke even on Memorial Day, taking the afternoon engagement from the Bridgeport A. A. (who wore suits that read Upper Merion) by the count of 11-3, after dropping the morning game to the Blue Eagles, of Palmyra, by a 5-2 decision.

With several veterans back in the lineup, the locals forged ahead in the third inning of the p.m. engagement and were never headed.

## Harper Star Hitter

The hitting honors of the engagement went to Harper, Riverton catcher, who poked out five bingles in as many trips to the plate. Included in the assortment was a brace of doubles. Windish also had a good day, getting three out of five. Armstrong was on the hill for Riverton and allowed 10 bingles, but was never in danger after the second inning.

Riverton batted around in the eighth, six runs coming as a result of seven hits.

## Pitching Duel

The morning affair resolved itself into a pitching duel between Gibson, of the locals, and Baker, of the Eagles.

The former allowed five hits as compared with eight garnered off Baker. Neither walked a man, although Gibson hit one opposing batter.

The support of Gibson faltered at crucial moments, and the five misdeeds committed by his mates aided the Eagles cause materially.

Riverton threatened to stage another last ditch rally and pull the game out of the fire in the ninth, but the final out came with one run in and the bases crammed to capacity.

The morning contest was a tough one for Gibson to lose, but Baker worked hard for the victory and turned in a nice game.

Bright went in as a pinch hitter in both contests and punched out a single on each occasion.

Windish, Sloan, Terrill and Rivers were the only veterans to play in the morning game, Harper not going in until the ninth. One or two of his afternoon bingles would have aided considerably in the morning engagement.

## PALMYRA PLACES THIRD IN MEET

The track team of Palmyra High School placed third in the Burlington County track and field meet held last Saturday afternoon at Burlington, the locals gathering a total of 18 1/2 points.

Moorestown retained the county championship, taking first place with 42 1/2 points, while Burlington was second with 35 1/2.

Those who figured in the local scoring were:

Morgenstern, fourth in half-mile run.

Burns second, and Mount fourth, in mile run.

Applegate, third in broad jump.

Bye, fourth in pole vault.

Applegate, tied for first, and Gamble tied for third in high jump.

Palmyra placed third in the mile by Gibson, 5; by Baker, 10; in the special 800-yard grammar relay, and fourth in the medley relay, school relay Palmyra came in fourth.

## RALLY IN NINTH TAKES OPENER

Riverton Defeats Germantown Scholastics 6-5 to Pry Lid off Season

The local baseball season on the Memorial Park diamond got off to a good start last Saturday afternoon as the Riverton team took the Germantown Scholastics into camp by a 6-5 count, the affair being decided in the ninth frame when, with two out, Easley singled to score Terrill and Reeves.

Several new faces were seen in the Riverton aggregation. Diffenbaugh was on the mound and turned in a creditable exhibition after recovering from temporary wildness in the two opening cantos.

He allowed the enemy only five hits and fanned 10.

Sutters held down the hot corner and showed up well in the field. He also smote two timely singles. Cole, who was at the second base station, handled several chances without a bungle and Windish did sterling duty at the initial sack.

Veterans in Cast

The remainder of the team was composed of veterans of other years. Reeves, Easley and Harper netting the outer garden, with Terrill at short and Bright behind the plate.

Germantown forged ahead early in the game, netting a counter in the first stanza and three more in the second, largely due to Diffenbaugh becoming unsteady after he was unfortunate to hit Cassidy. He soon settled down, however, and the opposition scored only one more run during the remainder of the game.

Rally Settles Things

The local cause looked very gloomy in the ninth as Humes, batting for Cole, lifted a pop fly to the pitcher. Armstrong, pinch-hitting for Diffenbaugh, walked. Jimmy Reeves then belted a lusty double to left which advanced Armstrong to third. Terrill bounced to short and Armstrong was cut off at the plate.

At this crucial moment Easley strode to the plate and broke up the game with a slashing hit which enabled Reeves and Terrill to cross the rubber with the winning runs.

## FIREMEN'S FIELD DAY ON JULY 3

Evincing his interest in the New Jersey State Firemen's Field Day, which will be staged at the New Jersey State Fair Grounds on Saturday, July 3rd, Governor Harold G. Hoffman has presented a trophy to be awarded to the best appearing fire company in line.

In addition to the trophy offered by the Governor, other awards will be presented to prize winners by the Kiwanis Club of Trenton, the Standard Fire Insurance Company of Trenton, County Clerk, Charles P. Hutchinson, and Freeholders, Stewart O'Donnell and Arthur Bray.

The program will include a parade, various kinds of contests in the afternoon, a massed band concert, a spectacular exhibition "Fighting the Flames" by Trenton firemen and a fireworks display.

## NEW MAP SHOWS FISHING AREAS

Thousands of sportsmen throughout New Jersey have secured copies of a beautiful, large-size colored map being distributed by the State Fish and Game Commission to show all the fish and game habitats of the State and routes to be traveled to reach the localities for a fine day's sport.

The maps are being mailed to sportsmen daily upon receipt of twenty-five cents in cash only by the State Fish and Game Commission. Locations of all lakes and streams, public shooting tracts, state forests, game preserves, game farms and fish hatcheries, are set forth in detail upon the large map. It was prepared by the New Jersey State Planning Board from information supplied by the State Fish and Game Commission after months of effort. Coast-line areas where sportsmen may angle for practically every species of salt water fish that frequent the temperate waters of the North Atlantic are also emphasized.

Two base hits: Reeves. Sacrifice hits: Sutters, Shaw. Stolen bases: C. Gallagher, 3; Terrill. Struck out: by Diffenbaugh, 10; by Killeen, 8. Base on balls: off Diffenbaugh, 3; off Killeen, 4. Hit by pitcher: by Diffenbaugh; Cassidy and B. Killeen. Left on bases: Riverton 6; Germantown, 5. Umpires: Johnson and Gorman.

## YACHT CLUB HAS HOLIDAY PROGRAM

Officially Opens 72nd Season, Three Races Draw Large Crowd to River

The Riverton Yacht Club officially opened its 72nd season at 2:30 p.m. on Memorial Day with the raising of the colors and brief remarks by Commodore C. F. Voorhis and Vice Commodore G. F. Petty.

The regatta program opened with a race for Comets. There were four entries, the boats being piloted by Haydock, Hendrickson, Braddock and Hatch.

## Lengthy Session Of Freeholders

(continued from page 1)

Ziegler stated that he had drawn plans for remodeling the almshouse in 1928, but that the work was never done because of the depression. He added that he had never received one cent for this work.

No decision was arrived at in respect to other architects, although it was agreed that Colonel Kelly had no contract, the original resolution calling for submission of plans which, if accepted, would provide for his being made architect for the project.

### The Tobish Case

The proposal to bring civil suit to recover about \$50,000 from Theodore Tobish and the Tar Distribution Co. was again brought to the fore as the clerk, Walter Price, read a resolution by Director Adams.

The resolution proposed that the county solicitor, Lester Drenk, be authorized to institute the action for alleged overpayments by the county "with the utmost speed and dispatch."

Director Adams stated that the differences between the laws which govern civil and criminal suits appeared to give a civil action a much better chance of succeeding than one of a criminal nature.

### Stout Says, "Unfair"

Freeholder Stout, upon the reading of the resolution, remarked that such a proposal was most unfair in respect to the four cases still pending. He said that he would vote for the resolution as soon as these cases had been decided.

When the roll was taken, Church voted "no" and Jones "aye" with-out remarks.

### Lamon Makes Statement

Before voting, Freeholder Lamon said that he wished to make a statement which was as follows:

"I am going to vote against this resolution. My decision is based on the fact that I do not want to prejudice the cases pending and which have not been tried. When these have been disposed of I am perfectly willing to go along with this proposition. I feel, however, that consideration is due those who are going to be placed on trial and I do not believe that postponing action until the cases have been heard will harm the cause of the county. I do not feel that I am shirking my oath of office by voting 'no' on this resolution."

### Other Business

The reappointment of Mrs. Henrietta Norcross, of Bordentown, as a member of the Burlington County Welfare Board was ratified by the freeholders.

Upon advice of the solicitor, the freeholders were notified that there was no legal authority for reimbursing the Burlington and Pemberton fire departments for damage sustain-

## ZICCARDI-SLOAN

Miss Elizabeth Sloan and Mr. Joseph Ziccardi were married in the Church of Our Lady of Perpetual Health in Maple Shade by the Rev. Father Duff at 4.30 Tuesday afternoon, June 1. Miss Sloan is the daughter of Leon R. Sloan, Sr., of Maple Shade and Mrs. Charles Gross, of Philadelphia. Mr. Ziccardi is the son of Mr. and Mrs. Michael Ziccardi, of Maple Shade.

The bride, who was given in marriage by her father, was dressed in a gown of white net over white satin with a long train. She wore a tulle veil held in place with a crown of seed pearls. She carried an old-fashioned bouquet of gardenias.

The maid of honor, Miss Naomi Evans, of Riverton, was dressed in aqua chiffon made en train and wore an old-fashioned bonnet. Her flowers were talisman roses.

The bridesmaids, Mrs. Leon R. Sloan, Jr., of Stelton, Miss Jeanette D'Autrechy, of Palmyra, and Miss Theresa Ziccardi, of Maple Shade, were dressed in peach chiffon, made en train, wore old-fashioned bonnets and carried talisman roses.

The best man was Romeo Ventura, of Maple Shade.

The ushers were, Leon R. Sloan, Jr., of Stelton, Michael Ziccardi and Michael Volpe, of Maple Shade.

Mrs. Gross chose a gown of brown lace and wore a corsage of roses while Mrs. Ziccardi wore a gown of blue lace and a corsage of roses.

The reception was held in the German Kitchen, Maple Shade. Following a wedding trip through the New England states and Canada, Mr. and Mrs. Ziccardi will live in Maple Shade after June 15th.

Mr. Ziccardi is employed with his father in the meat business, and Mrs. Ziccardi is an operator at the Riverton telephone exchange.

At the ceremony Mrs. Hilda Tyler of Harrisburg, sang "I Love You Truly" and "Ave Maria."

## DREER GARDEN A COLORFUL SIGHT

Over 500 Varieties of Roses  
Under Cultivation; Blooms  
At Best Now

The famous Dreer Trial Rose Garden, located on Cedar street, Riverton, across from Memorial Park, is at its best right now and provides a colorful display which probably cannot be equalled anywhere in the country, containing as it does, over 500 varieties of roses.

According to J. C. Clark, nationally-known rose expert of Dreer's, the plants and blooms will be at the height of excellence for the next 10 days. Visitors to the garden are always welcome.

### Riot of Colors

Any attempt to describe the colorful scene would be utterly inadequate, as the setting must be seen to be really appreciated.

Included among the outstanding varieties are Crimson Glory, with its vivid scarlet blooms; Mrs. Sam McGredy, a delicate shade of pink; Mrs. E. P. Thom, a much-prized yellow variety; and the famous R. M. S. Queen Mary, a rose which is truly exceptional in color and other characteristics, the shade being a unique blending of salmon and pink. The Queen Mary is only on display this season and will not be placed on the market until next year.

### New Feature

Another local garden which promises to become a mecca for flower lovers is the new display of Dreer's across Seventh street from the rose garden.

At this location are grown over 2000 varieties of plants. These include a wide assortment of annuals, perennials, gladioli, chrysanthemums, dahlias, in short, almost every sort of plant that one could desire.

This garden is also open to the public.

## MONTHLY SURVEY OF FOOD PRICES

The average family in New Jersey spends \$465.01 annually for the 83 principal food items, according to a survey based on April 1937, food costs.

The report, issued recently by the State Department of Agriculture, shows that on the basis of the April 1936, figures, the average family in New Jersey spent \$451.84 annually for the same commodities, which is an increase of \$13.17 or 2.92 per cent.

Frugal housewives, seeking economical foods for the family table, have welcomed the recent decrease in the prices of milk, butter, and other dairy products. For this group, a reduction of 6.02 per cent in cost during April as compared with March is reported. As dairy products' expenditures constitute about one-fifth of the total food outlay for the average family, an opportunity for using more dairy items is presented.

The combined cost of all foods showed only a minor change, moving downward about 0.58 per cent. The April 1937, average price of cereals and bakery products advanced 1.52 per cent over March, and the meat prices advanced 1.77 per cent. Rib roast went from 33 cents in March to 37.5 cents per pound in April. Lamb continued the upward trend begun last month and increased slightly on all cuts except leg of lamb, which declined to 30.25 cents from 30.5 cents in March. Poultry meat went up from 32.75 cent in March to 36 cents per pound in April.

The April 1937, price of fresh fruits and vegetables begins to reflect the seasonal decline in prices of certain fresh vegetables. The average price for April declined 0.95 per cent as compared with the March price.

Green beans, celery, lettuce, white potatoes, spinach and bananas showed a downward trend, while prices for apples, lemons, oranges, carrots, onions and sweet potatoes increased. The price of cabbage remained unchanged.

No great civilization has ever developed leisure and survived. Given leisure, man will go to sleep. People sleep when they get into a rut, and a rut is a grave with the two ends knocked out.—Dr. Jay B. Nash, professor of education at New York University.

## TRIAL ROSE GARDEN

Located on Cedar street, across from Memorial Park, Riverton, this garden, which is owned by Dreer's, contains over 500 varieties of roses. The blooms will be at their best during the next 10 days and visitors are welcome at all times.

## HOUSES IN NEED OF MODERNIZATION

County Homes Offer Market for  
Nearly Million Dollars  
Worth of Work

Burlington County's 22,068 one- and two-family houses offer a potential market for \$932,012 worth of modernization, according to a nationwide, county-by-county study based on government statistics, just completed by Johns-Manville, building materials manufacturer.

The survey is part of an investigation being conducted by this firm to determine the amount of home modernization that is still needed and to seek ways of stimulating activity in this important branch of the country's second largest employer of labor—the construction industry. The modernization quota is based on an estimated billion dollar market for the entire United States.

### 60 Per Cent Own Homes

It was also shown that 60 per cent of Burlington County's 22,800 families own their homes and that non-farm dwellings, occupied by the owners, number 12,167 and have an average value of \$4,312.

Other interesting data disclosed 71 telephones and 204 automobiles per 1000 people in the county. The national average is 110 phones and 163 cars. In New Jersey, Bergen county has the most telephones per 1000 people with 133 and Ocean county is the top of the automobile classification with 297. Hunterdon county is at the bottom of the telephone list with only 51 per 1000 people and Hudson county has the least cars per 1000 people with 116.

## Country Club Notes

### Busy Week-End

The Riverton Country Club was a busy place over Memorial Day week-end, with a number of activities being planned for club members.

On Saturday, the annual tournament for the Golf Committee trophy was held, the event being won by T. Moffitt with a low gross of 68.

### Costume Tournament

The costume tournament on Sunday brought out a large number of contestants. Mr. and Mrs. R. L. Lippincott tied with Miss Curtis and J. K. Hiltner for low gross in the two ball mixed foursome with 86s, while the latter couple won low gross with a score of 70.

Prizes for costumes were awarded as follows: Most original male, J. K. Hiltner; most original female,

Mrs. P. A. Ransome; funniest male, R. L. Lippincott; funniest female, Mrs. A. H. Burns; best dressed couple, Mr. and Mrs. J. D. Clark; most original couple, Mr. and Mrs. H. M. Kieckhefer.

### Flag Tournament

The flag tournament held on Monday was won by Warner Shelly who landed his ball within eight feet of the pin on the 19th hole. Mr. Shelly has an eight handicap.

The semi-final round for the Walter L. Lippincott Tournament has yet to be played. In the two matches Walter D. Lamon, Jr. will oppose the club champion, C. B. Wallace, while Tyler will play Charlton in the lower half of the bracket.

### Club Championship

The qualifying round of the Club Championship Tournament will be played this Saturday, with the first 16 qualifying for the championship flight. First round matches will be played the following week.

### NOTICE

**HOUSEKEEPING HINTS**  
By Home Economics Department  
Public Service Electric and Gas Company  
SPRING brings quantities of  
fresh vegetables that make  
menus more enjoyable. How-  
ever, care must be exercised in the  
preparation of these vegetables.  
Vegetables should not be flooded  
with water, thereby extracting the  
valuable minerals. The method to-  
day calls for small quantities of  
water; one cup for starchy vege-  
tables and one-half cup for the non-  
starchy vegetables. This is a good  
rule to follow because when the  
vegetables are cooked there is just  
a small quantity of water left in the  
utensil; just enough to make a rich  
butter sauce or a cream sauce to  
serve with them. Use a utensil that  
has a tight-fitting lid. Heat the vege-  
tables until the water is vigorously  
boiling and then reduce the heat to  
simmer to keep them at the cooking  
temperature.  
Vegetables in Quantities Suitable for Serving Six People  
VEGETABLE TIME  
Asparagus 2 lbs. Wash, remove scales. Tie in bundles..... 15-18 Minutes  
String Beans Green, young tender. 1 1/2 lbs. Wash, remove ends. Slice in thin slices, lengthwise..... 18-20 Minutes  
Beets Young 1 1/2 lbs. Wash. Fared, sliced thin or diced..... 20-25 Minutes  
Corn on Cob, 6 ears. Husk. Remove silk..... 10-12 Minutes  
Peas Young. 2 lbs. Select plump, well developed pods. Shell. 15-18 Minutes  
Spinach 3 lbs. Remove roots and wilted leaves. Wash in several waters, lifting out of water rather than pouring water off. Add no water whatever..... 12-14 Minutes  
Hollandaise Sauce (Mystery Chef)  
1 tsp. salt 2 egg yolks (4 for thicker sauce)  
1 tsp. paprika 2 tsp. lemon juice  
1/2 tsp. pepper 2 tsp. lemon juice  
1/2 cup cold water 3 tsp. butter  
Into a small saucepan place one  
teaspoon salt, one teaspoon paprika,  
one-half cup cold water and three  
egg yolks. Stir thoroughly so every-  
thing is well mixed. Then add three  
tablespoons of butter. Five minutes  
before serving lower the saucepan  
into boiling water and stir briskly  
and constantly. Watch the butter  
and when it is all melted the sauce  
will start to thicken. Then raise the  
saucepan from the boiling water—  
continue stirring and lowering and  
raising the saucepan in and out of  
the boiling water until the sauce  
reaches the consistency of soft curd.  
Then remove from range, stir in  
the lemon juice and serve.  
Hollandaise Sauce  
1/2 cup butter 1 tsp. lemon juice  
2 egg yolks 1/2 tsp. salt  
1 g. cayenne  
Divide the butter in three pieces.  
Put one piece in top of a double  
boiler with lemon juice and egg  
yolks. Stir constantly. Add the sec-  
ond piece of butter at the end of five  
minutes and stir until well blended.  
Remove from fire, add seasoning  
and third piece of butter. Serve hot.  
Mock Hollandaise Sauce  
1/2 cup thick white sauce 1/2 tsp. paprika  
1/2 cup butter 1 tsp. lemon juice  
1 tsp. salt 2 egg yolks  
Add butter in small pieces to the  
white sauce, stirring constantly.  
Add seasonings and lemon juice and  
stir in egg yolks. Cook with constant  
stirring, until sauce is smooth and  
thick. For thick white sauce use:  
1 1/2 tsp. flour 1/2 tsp. salt  
1 1/2 tsp. butter 1/2 cup milk

## FIVE TEN-THOUSANDTHS OF AN INCH

In the making of automobiles, rarely do even Detroiters see behind the scenes. The "machines that make the machines" must be kept in topnotch condition, so that a high standard of accuracy in the parts they make may be maintained. This huge crankshaft, weighing nearly half a ton, is part of a 600-ton coining press used at the Chevrolet Gear and Axle plant to shape brake drums. Robert Wilde, left, is checking a blueprint, and Harry Baker, right, is applying a gauge to a bearing surface which is turned to within 5-10,000ths of an inch limits.

**THE EVENT OF THE YEAR**

**69th ANNIVERSARY SALE**

**STRAWBRIDGE & CLOTHIER**

A celebration such as few other large stores in all the world have reason to hold; the 69th Anniversary of a store which from a modest beginning on this same corner has progressed through sixty-nine years, gaining in size, gaining in volume of business done, gaining in the number of customers served with each succeeding decade.

**How to Celebrate?** Our answer, a great Anniversary Sale. A sale so noteworthy for the character and variety of the values offered that without any fear of exaggeration we term it "The Event of the Year." Household goods are included. Five great floors here are devoted exclusively to the needs of the household... and you will find Anniversary Sale values ranging up and down the length of their extensive aisles. Wardrobe needs are included. Every form of attire used by American men, women, boys, girls, children and infants... at prices which are exceedingly low.

**STRAWBRIDGE & CLOTHIER**

FROM Fashion Basement Store to Fourth Floor you will find on display a tremendous variety of things which people wear—attire gleaned from the better makers of America, secured at a great price advantage because Strawbridge & Clothier, one of the larger stores in all America, with great purchasing power, has requested of its manufacturers that they make this Event of the Year a celebration whose values would win thousands of new customers and please tens of thousands of old ones.

**The Sale Now Going On** and if you have merchandise needs, prepare to fill them at this time, to the great advantage of your pocketbook.

The Main Line Store at Ardmore, and the Old York Road Store at Jenkintown likewise participate—you will find them completely stocked with Anniversary Sale Specials.

## CHURCH NEWS

7.00 p.m., Young People's Service. The leader will be Miss May Swayne.  
7.45 p.m., Evening service, the topic, "The Personal Touch."  
Sunday, June 13 will be Children's Day.  
The first of the grove services will start Sunday evening, June 20, the Rev. Harold L. Creager, of the Lutheran Church, being the preacher.

**EPWORTH M. E. CHURCH**  
Rev. William A. Boyd, Pastor  
Children's Day will be celebrated in the Methodist Episcopal Church this Sunday. In the morning at eleven o'clock, the minister, Rev. W. A. Boyd, will preach and administer the Sacrament of Baptism. Parents having children to be baptized should notify the minister as soon as possible.  
The baccalaureate service for the senior class of Palmyra high school will be held in the church at 3 o'clock. The sermon subject will be "What Have You in Your Hand?" Children's Day exercises by the young people of the church and church school will be held in the evening at 7 o'clock. Please note the change of time of this service, Seven o'clock instead of 7.45.  
All members of the official family of our church will please observe the date of "the official family outing" Saturday afternoon, June 12. This is not the church school picnic. That outing is Saturday, June 19.

## OBITUARIES

**GEORGE W. RUSS, SR.**  
George W. Russ, Sr., of Delanco, died suddenly at his home early Thursday morning of last week.  
Funeral services were held from his late residence Sunday, the Rev. Clayton Lime, officiating.  
Interment was made in Lakeview Memorial Park under the direction of the Snover Funeral Home.  
Mr. Russ is survived by his widow and two sons, George Jr., and Albert, and three daughters, Mrs. George C. Dennis, of Mt. Holly; Miss Edna C. Russ, of Delanco and Mrs. C. Kenneth Davis, of Riverton, four grandchildren, and a brother, Charles Russ, of Delanco. Mr. Russ was brother of the late Howard Russ, of Delanco, for many years a member of the Burlington County Board of Freeholders.

**MRS. EMMA M. BEERS**  
Mrs. Emma M. Beers, of Philadelphia, and formerly of Riverton, died in a Philadelphia hospital last Wednesday, May 26.  
Funeral services were held Saturday at 1 o'clock from the Oliver H. Bair funeral parlors, Chestnut street, Philadelphia.  
Interment was made in Riverview cemetery, Wilmington, Delaware.  
Mrs. Beers is the wife of Calvin T. Beers and lived next to the Riverton Free Library for a number of years.

**REV. SAMUEL C. HILL**  
Rev. Samuel C. Hill, 72, colored, of 527 North 58th street, Philadelphia, suffered a heart attack and died during Sunday School services last Sunday at the Second Baptist Church, Moorestown, where he was pastor.

The Continental Congress sat in Nassau Hall, Princeton, N. J., from June to November, 1783, making it virtually at that time the capital of the United States.

The standing armies of the world totaled 7,600,000 men at the end of 1936, the League of Nations computed.

## BACCALAUREATE SERVICE SUNDAY

The baccalaureate service of the Palmyra High School will be held in the Methodist Episcopal Church, Palmyra, on Sunday, June 6, at three o'clock.

On Tuesday evening, June 8, the members of the junior class at Palmyra High School will be hosts at the annual Junior-Senior Prom, which will be held at the Riverton Country Club.

Ed. Dages and his band will furnish the music.

## CHRISTIAN SCIENCE CHURCH

"God the Only Cause and Creator" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, June 6.

The Golden Text is: "In the beginning God created the heaven and the earth" (Genesis 1.1).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Ye are my witnesses, saith the Lord, and my servant whom I have chosen: that ye may know and believe me, and understand that I am he: before me there was no God formed, neither shall there be after me. I am the Lord, your Holy One, the creator of Israel, your King. (Isaiah 43:10, 15).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "If God, the All-in-all, be the creator of the spiritual universe, including man, then everything entitled to a classification as truth, or Science, must be comprised in a knowledge or understanding of God, for there can be nothing beyond illimitable divinity" (p. 127).

## PALMYRA SCHOOL NOTES

### Palmyra Students on the Air

On Thursday, June 3, three Palmyra High School seniors and one junior, namely, Margaret Shockor, Dorothy Mays, Joseph Horner and Robert Snover, as well as students from five Pennsylvania high schools, will discuss the question of State Control vs. Federal Control. The program will be broadcast over WIBG at 7.30 p.m. Tune in to hear what Palmyra High School students think about this vital question.

## WORK TO REDUCE MOSQUITO PEST

New Jersey residents will suffer less from the pestiferous mosquito this summer largely because a corps of nearly 1,500 WPA project workers is digging drainage ditches, surveying and mapping swamp areas, building dykes and tide gates and spraying breeding grounds under direction of experts from the State Experiment Station and various county mosquito extermination commissions.

Dr. Thomas J. Headlee, secretary to the State Mosquito Extermination Association, who is chief entomologist of the experiment station at New Brunswick and professor of entomology at Rutgers University, says "if it were not for WPA assistance, carrying on the work begun on a small scale by CWA and ERA, we could not have maintained the grip we now hold on the winged pests."

The number of WPA workers doing mosquito control work varies according to the season and rainfall. During March of last year there were 1,790 while in September it dropped to less than 500.

Mosquito control in New Jersey is divided into two general classes, dealing with the salt marshes and upland fresh-water pools and swamps.

## ASKEW BLOWS UP IN NINTH

Knight Blanks Athletics for Eight Innings; Farmers Rally to Win

In a game postponed from last Thursday, on account of rain, the Athletics nosed out Askew in the final frame, by a 3-2 count, the engagement being played on Tuesday evening.

Collins and Millside staged their playoff of the Thursday encounter on Friday night, the former winning 5-4 in a close contest.

### Knight Hurls Well

Knight assumed the hurling burden for Askew and limited the hard-hitting Farmers to three blows until the fatal ninth.

Shivers' fly was allowed to drop for a hit and J. Shaffer singled. W. Phelan doubled to score both runners, thus knotting up the game. Askew having scored single runs in the third and fifth sessions.

Williams then slashed out a bingle which brought Phelan home with the deciding counter.

Knight, of Askew, was the hitting star, clouting a three-bagger and what would easily have been a four-master, except that he neglected the important detail of touching third base.

Score by innings:  
Askew 0 0 1 0 1 0 0 0—2 7  
A's 0 0 0 0 0 0 0 0—3 7

Batteries—Askew: Knight and McDermott; Athletics: Shivers and J. Shaffer. Umpires—Rotenbury, Johnson and Richman.

### Collins-Millside

Collins crashed into the win column by taking their initial victory at the expense of Millside.

The winners scored two runs in the initial session and added three more in the third canto. Millside counted one in the opening frame and went into the lead for a brief period by tallying three times in the second stanza. This ended the scoring for the remainder of the evening as Perkins and Lutz effectively throttled the batters during the balance of the game.

A. Oliver, of Collins, connected safely three times out of four trips to the rubber.

Score by innings:  
Collins 2 0 3 0 0 0 0 0—5  
Millside 1 3 0 0 0 0 0 0—4

Batteries—Collins: Perkins and W. Oliver; Millside: Lutz and Kenney. Umpires—Rotenbury and Richman.

The Askew cause was not aided by the injection of several new players into the game with only a two-run advantage over the dangerous Athletics.

The fans are anticipating some great games when the three loop leaders, Burke-Eisley, Broadway and Athletics come together.

These three outfits have a record of three wins and a large zero in the loss column.

*I'm first...  
You got a date!*

*That's not fair!  
You've been waiting  
for that hot water*

The point of the argument is this—

Whoever uses the tub first leaves no hot water for the other. Number 2 has to wait for more water to heat.

All this business of waiting around for hot water can be avoided.

Continuous, never-a-thought, completely automatic hot water service by GAS now costs very little—a few cents a day for the average family—less than the price of a pack of cigarettes per day. We suggest you look into it.

## YOUR GARDEN

## WHAT TO DO THIS WEEK

By A. C. McLean  
Extension Service, N. J. College of Agriculture

Hyacinths, narcissi, tulips, and other spring bulbs are now through blooming and the gardener is faced with the problem of either digging them or leaving them in the ground. For good bloom next year encour-

age all the leaf growth possible, for it is after the blooming period that the plant stores up energy in the form of plant food and sets its flower buds for next spring. Removing the foliage now means weakening next year's bloom.

If the soil is well drained and does not become too wet during the summer, probably the best way to handle any of the spring bulbs, including the early flowering ones, is to leave them where they are growing, unless they are crowded too much. Tulips are more subject to disease than the other bulbs ordinarily used in the home garden, and for this reason many gardeners favor annual lifting. The soil may become infected with either botrytis or one of the other bulb diseases which attack tulips. Field mice are also a menace to tulip bulbs. The safer method is to dig tulips annually when the leaves have ripened and replant them in the fall of each year. Do not dig too early, however. Wait until the foliage has almost ripened and the new bulb has turned brown.

RECKLESS DRIVER  
HAS LUCKY ESCAPE  
IN PALMYRA CRASH

Edward Korolus, of 523 Chelton avenue, Burlington, had a lucky escape from serious injury, or even death, last Friday night at 11:40, when the 1933 Buick which he was driving struck the station platform, in Palmyra, careened across the street and mowed down a fire hydrant and a light pole in front of the Rogers store.

With Korolus at the time were Dorothy Rightmire, of Beverly, who suffered a sprained ankle, Josephine Marion, also of Beverly, and Samuel Tasciero, of Burlington, both of whom were uninjured.

Korolus suffered a cut on the face which required three stitches to close. Dr. Dean LeFavor treated the injured.

## Car Demolished

The car was practically demolished by the force of the impact, the noise of which was plainly heard in Palmyra and Riverton.

Korolus was given a hearing before Recorder Carl Lutz, on Saturday afternoon, being fined \$25 for reckless driving and \$5 for driving with a conditional license and not wearing glasses. Recorder Lutz also made the recommendation that the license of the reckless driver be suspended for one year.

Those who witnessed the affair were amazed that all the occupants of the car were not seriously injured.

## TWINS CHRISTENED

Constance Brooks and Barbara Knox, twin daughters of Mr. and Mrs. Brooks Evert, of 430 Thomas avenue, Riverton, were christened in Christ Church, Episcopal, Riverton, Sunday afternoon, June 6, at 2:30.

A tea at the home of Mr. and Mrs. Evert followed the christening.

## THE NEW ERA

RIVERTON :: CINNAMINSON :: PALMYRA

49th Year No. 23

RIVERTON—PALMYRA, N. J., THURSDAY, JUNE 10, 1937

PRICE FIVE CENTS

NO INJURIES AS  
TWO CARS CRASH

On Cinnaminson avenue, Palmyra, near the Parry firehouse, a car driven by Charles Wood, of 31 Pear street, Palmyra, ran into one owned by Albert P. Groff, of 612 West Fifth street, Palmyra. Groff and his brother were pushing their car without any lights on it. Motorists were supposed to see a white cap worn by one of the boys, thus warning them of the presence of pedestrians.

Both cars were completely demolished but no one was injured. Wood claimed that he didn't see the car until he was right on top of it and didn't have time to stop.

The accident happened early Sunday morning.

## AN APPEAL

Independence Fire Company, of Palmyra, will have its annual drive on Monday evening, June 21, at 7 o'clock. At the sound of the siren, collectors will canvass every street for the purpose of accepting contributions to this cause, which is of vital interest to every citizen in the community.

The sums of money contributed are used to defray expenses of the home of this organization, such as electricity, telephone, insurance, repairs, improvements, etc. Due to your knowledge of the expense of maintaining a home, every citizen should realize the cost of maintaining the home of his fire company.

The fire company appeals to you to support it to the best of your ability and make it possible for them to help you, should the need arise.

May we add a few facts that the average citizen fails to realize: Insurance rates on your property are largely regulated by the efficiency of your fire company, and insurance rates in this community are considerably lower than in many surrounding communities.

All active members pay more dues into the organization than does the average family of this community. The computed fire loss for 1936, both for estate and contents, was considerably under \$1000. The duties of the company are not limited to your property but protect the lives of yourself and family which no amount of fire insurance could replace.

After reviewing these facts, we again ask you to be as generous as possible and contribute to a cause that has served you faithfully for the past 50 years and will continue to do so for many years to come.

The Independent Fire Company of Palmyra.

## 25th ANNIVERSARY

REV. ALBERT J. HARKE

pastor of the Palmyra Moravian Church, who was ordained to the ministry 25 years ago in the Central Church, at Bethlehem, Pa.

## ORDAINED TWENTY-FIVE YEARS AGO

Rev. Albert J. Harke, pastor of the Palmyra Moravian Church, received numerous congratulations yesterday on the twenty-fifth anniversary of his being ordained to the ministry, on June 9, 1912, in the Central Church, of Bethlehem, Pa., by the late Bishop Morris W. Leibert.

Rev. Harke began his first pastorate on June 16 of the same year, at the Berea Moravian Church, St. Charles, Minn., where he remained for two years.

His next charge was the Fries Valley, Ohio, Moravian Church during the period 1914-1919, for five and one-half years.

Rev. Harke next became pastor of the Hopedale Moravian Church, at Newfoundland, Pa., in the Poconos. He spent five and one-half years with this church, coming from there to Palmyra.

He has been pastor of the local church since May, 1924, starting his thirteenth year last month.

COMMENCEMENT  
AT WESTFIELD

Friday morning at 11 o'clock, an impressive commencement program was held in the meeting house. There was singing by the student body, and essays, an outgrowth of the year's work, were creditably given by each member of the sixth class.

Richard Hollerith read the 92nd Psalm.  
Miss Charlotte R. Bickerton the principal, addressed the graduating class, and stressed the value of both spiritual and human cooperation necessary for completing any task. She referred to the particular assistance rendered the school on the part of the graduating class in its leadership of activities; the parents in their work in various committees; the faithful service of the faculty; and the support of the school board, the Monthly Meeting, and the Yearly Meeting's committee on education.

The closing exercises at Cinnaminson School No. 2 were held yesterday afternoon in the school auditorium at 2 o'clock. Paul R. Jones, supervising principal of the Palmyra public schools, was the principal speaker.

The final program at Cinnaminson School No. 4 will take place today (Thursday).

CLOSING EXERCISES

CARNIVAL HERE  
ATTRACTS MANY

The carnival being given by the Riverton Fire Company, at Broad street and Thomas avenue, opened last night and proved to be a popular rendezvous for a large crowd from Riverton, Palmyra and Cinnaminson.

The many attractions were well patronized and several new features proved to be very popular.

The affair will continue tonight (Thursday) Friday and Saturday of this week.

Attractive ground prizes will be awarded each night. Chances for these are absolutely free, the only requirement being that the holder of the lucky number be present at the time the drawing is made.

GRADUATION AT  
P. H. S. TONIGHT

NEW MEMBERS ON  
RIVERTON BOARD

Dr. J. Rowland Dey and Richard M. Woodward Named to Fill Vacancies

Two members were named to the Riverton Board of Education at the meeting of that body held last Monday night, Dr. J. Rowland Dey being appointed to fill the vacancy caused by the resignation of H. L. Unland, and Richard M. Woodward being chosen to replace M. A. Simons, who also resigned.

Both resignations were caused by the fact that the former incumbents have been compelled to be away from Riverton much of the time during the past few months, because of business reasons.

Contracts Awarded

Milton Bradley was given the contract for office, general and kindergarten supplies at the figure of \$146.58, while that for art supplies was awarded to the Weber Co. as a result of their low bid of \$119.78.

The supply committee, in conjunction with Miss Staman, was authorized to purchase janitor's supplies at a cost not to exceed \$175, athletic equipment not to exceed \$30, and manual training equipment and supplies not to exceed \$150.

Rooms to Be Painted

The supply committee was also authorized to purchase paint at a cost of not more than \$200 for repainting eight classroom, stage stairs, playground equipment, woodwork in the four new rooms and to varnish the doors.

This work will be done during the summer months by the janitors. The subject of the classroom floors was also given serious consideration by the board and it was decided to refloor one room with maple.

Congratulations  
John H. Werner, President of the (continued on page 11)

COMMENCEMENT  
AT MOORESTOWN  
FRIENDS' SCHOOL

Commencement exercises at the Moorestown Friends' School will be held on Friday evening, June 11, at 8 o'clock.

The program is as follows:  
Musical trio: Mrs. Henry D. Coles, piano; Miss Georgia Murray, cello; Mr. Walter Pew, violin.

Scripture reading: Mr. Alexander C. Wood, Jr., vice president of the School Committee.

"Liberalizing the Constitution," Elizabeth R. Bushnell

"Civilization at the Crossroads," Robert W. Lee

(These two essays are prize essays and are granted this honor accordingly.)

Presentation of diplomas, Chester L. Reagan, principal.

Address, Dr. Richard M. Gummers, dean of Admissions at Harvard University.

Riverton Graduates

There are 29 members of the graduating class, six of whom are from Riverton. These students are: Beresford Coe, H. Morette Gausler, John D. Kane, Robert Robertson, Jr., Elaine Sheble and Mary T. Turner.

## YOUR GARDEN

WHAT TO DO THIS WEEK  
By A. C. McLean  
Extension Service, N. J. College of Agriculture

Hyacinths, narcissi, tulips, and other spring bulbs are now through blooming and the gardener is faced with the problem of either digging them or leaving them in the ground. For good bloom next year encour-

age all the leaf growth possible, for it is after the blooming period that the plant stores up energy in the form of plant food and sets its flower buds for next spring. Removing the foliage now means weakening next year's bloom.

If the soil is well drained and does not become too wet during the summer, probably the best way to handle any of the spring bulbs, including the early flowering ones, is to leave them where they are growing, unless they are crowded too much.

Tulips are more subject to disease than the other bulbs ordinarily used.

RECKLESS DRIVER  
HAS LUCKY ESCAPE  
IN PALMYRA CRASH

Edward Korolus, of 523 Chelton avenue, Burlington, had a lucky escape from serious injury, or even death, last Friday night at 11:40, when the 1933 Buick which he was driving struck the station platform, in Palmyra, careened across the street and mowed down a fire hydrant and a light pole in front of the Rogers store.

With Korolus at the time were Dorothy Rightmire, of Beverly, who suffered a sprained ankle, Josephine Marion, also of Beverly, and Samuel Tascario, of Burlington, both of whom were uninjured.

Korolus suffered a cut on the face which required three stitches to close. Dr. Dean LeFavor treated the injured.

## Car Demolished

The car was practically demolished by the force of the impact, the noise of which was plainly heard in Palmyra and Riverton.

Korolus was given a hearing before Recorder Carl Lutz, on Saturday afternoon, being fined \$25 for reckless driving and \$5 for driving with a conditional license and not wearing glasses. Recorder Lutz also made the recommendation that the license of the reckless driver be suspended for one year.

Those who witnessed the affair were amazed that all the occupants of the car were not seriously injured.

## TWINS CHRISTENED

Constance Brooks and Barbara Knox, twin daughters of Mr. and Mrs. Brooks Evert, of 430 Thomas avenue, Riverton, were christened in Christ Church, Episcopal, Riverton, Sunday afternoon, June 6, at 2:30.

A tea at the home of Mr. and Mrs. Evert followed the christening.

RIVERTON—PALMYRA, N. J., THURSDAY, JUNE 10, 1937

NO INJURIES AS  
TWO CARS CRASH

On Cinnaminson avenue, Palmyra, near the Parry firehouse, a car driven by Charles Wood, of 31 Pear street, Palmyra, ran into one owned by Albert P. Groff, of 612 West Fifth street, Palmyra. Groff and his brother were pushing their car without any lights on it. Motorists were supposed to see a white cap worn by one of the boys, thus warning them of the presence of pedestrians.

Both cars were completely demolished but no one was injured. Wood claimed that he didn't see the car until he was right on top of it and didn't have time to stop. The accident happened early Sunday morning.

## AN APPEAL

Independence Fire Company, of Palmyra, will have its annual drive on Monday evening, June 21, at 7 o'clock. At the sound of the siren, collectors will canvass every street for the purpose of accepting contributions to this cause, which is of vital interest to every citizen in the community.

The sums of money contributed are used to defray expenses of the home of this organization, such as electricity, telephone, insurance, repairs, improvements, etc. Due to your knowledge of the expense of maintaining a home, every citizen should realize the cost of maintaining the home of his fire company.

The fire company appeals to you to support it to the best of your ability and make it possible for them to help you, should the need arise.

May we add a few facts that the average citizen fails to realize: insurance rates on your property are largely regulated by the efficiency of your fire company, and insurance rates in this community are considerably lower than in many surrounding communities.

All active members pay more dues into the organization than does the average family of this community. The computed fire loss for 1936, both real estate and contents, was considerably under \$1000. The duties of the company are not limited to your property but protect the lives of yourself and family which no amount of fire insurance could replace.

After reviewing these facts, we again ask you to be as generous as possible and contribute to a cause that has served you faithfully for the past 50 years and will continue to do so for many years to come.

The Independent Fire Company of Palmyra.

## 25th ANNIVERSARY

REV. ALBERT J. HARKE  
pastor of the Palmyra Moravian Church, who was ordained to the ministry 25 years ago in the Central Church, at Bethlehem, Pa.

ORDAINED TWENTY-  
FIVE YEARS AGO

Rev. Albert J. Harke, pastor of the Palmyra Moravian Church, received numerous congratulations yesterday on the twenty-fifth anniversary of his being ordained to the ministry, on June 9, 1923, in the Central Church, of Bethlehem, Pa., by the late Bishop Morris W. Leibert.

Rev. Harke began his first pastorate on June 16, of the same year, at the Berea Moravian Church, St. Charles, Minn., where he remained for two years.

His next charge was the Fries Valley, Ohio, Moravian Church during the period 1914-1919, for five and one-half years.

Rev. Harke next became pastor of the Hopedale Moravian Church, at Newfoundland, Pa., in the Poconos. He spent five and one-half years with this church, coming from there to Palmyra.

He has been pastor of the local church since May, 1924, starting his thirteenth year last month.

COMMENCEMENT  
AT WESTFIELD

Friday morning at 11 o'clock, an impressive commencement program was held in the meeting house. There was singing by the student body, and essays, an outgrowth of the year's work, were creditably given by each member of the sixth class.

Richard Hollerith read the 92nd Psalm.  
Miss Charlotte R. Bickerton the principal, addressed the graduating class, and stressed the value of both spiritual and human cooperation necessary for completing any task.

She referred to the particular assistance rendered the school on the part of the graduating class in its leadership of activities; the parents in their work in various committees; the faithful service of the faculty; and the support of the school board.

CLOSING EXERCISES  
AT CINNAMINSON

The closing exercises at Cinnaminson School No. 2 were held yesterday afternoon in the school auditorium at 2 o'clock. Paul R. Jones, supervising principal of the Palmyra public schools, was the principal speaker.

The final program at Cinnaminson School No. 4 will take place today (Thursday).

Genius begins great works labor alone finishes them.—Joubert.

CARNIVAL HERE  
ATTRACTS MANY

The carnival being given by the Riverton Fire Company, at Broad street and Thomas avenue, opened last night and proved to be a popular rendezvous for a large crowd from Riverton, Palmyra and Cinnaminson.

The many attractions were well patronized and several new features proved to be very popular.

The affair will continue tonight (Thursday) Friday and Saturday of this week.

Attractive ground prizes will be awarded each night. Chances for these are absolutely free, the only requirement being that the holder of the lucky number be present at the time the drawing is made.

GRADUATION AT  
P. H. S. TONIGHT

Leonard R. Baker Will Present Diplomas to Class of 115 Seniors

The commencement exercises of Palmyra High School will be held tonight (Thursday) in the school auditorium when 115 members of the class of 1937 will receive their coveted diplomas, the presentation to be made by Leonard R. Baker, president of the Palmyra Board of Education.

The members of the class will be attired in gray caps and gowns.

NEW MEMBERS ON  
RIVERTON BOARD

Dr. J. Rowland Dey and Richard M. Woodward Named to Fill Vacancies

Two members were named to the Riverton Board of Education at the meeting of that body held last Monday night, Dr. J. Rowland Dey being appointed to fill the vacancy caused by the resignation of H. L. Unland, and Richard M. Woodward being chosen to replace M. A. Simons, who also resigned.

Both resignations were caused by the fact that the former incumbents have been compelled to be away from Riverton much of the time during the past few months, because of business reasons.

## Contracts Awarded

Milton Bradley was given the contract for office, general and kindergarten supplies at the figure of \$146.58, while that for art supplies was awarded to the Weber Co. as a result of their low bid of \$119.78. The supply committee, in conjunction with Miss Staman, was authorized to purchase janitor's supplies at a cost not to exceed \$175, athletic equipment not to exceed \$30, and manual training equipment and supplies not to exceed \$150.

## Rooms to Be Painted

The supply committee was also authorized to purchase paint at a cost of not more than \$200 for repainting eight classrooms, stage stairs, playground equipment, woodwork in the four new rooms and to varnish the doors.

This work will be done during the summer months by the janitors. The subject of the classroom floors was also given consideration by the board and it was decided to refloor one room with maple.

## "PANDORA'S BOX" GIVEN AT SCHOOL

Pupils of Westfield Friends' Present Fine Original Dramatization

The pupils of the Westfield Friends' School presented an original dramatization of "Pandora's Box," last Thursday afternoon in a beautiful outdoor setting located on the school grounds.

The acting was entirely portrayed in pantomime and interpretive dancing, while the story was read by Mrs. Mary Rose Collins, of Philadelphia.

The ramps, especially erected for the occasion, and to be used next year for a permanent indoor stage, were nestled in a background of gayly trimmed evergreens. On the top of the ramps stood the lovely and mysterious box over which Curiosity had so much power. From the box issued forth the many and various cares and troubles of the world. Finally, Hope was released, and with her attendants dispelled Disappointment and his followers which again made the world a happy place for all the children.

The juvenile actors received a splendid ovation from the large audience at the conclusion of the program.

Following the presentation supper was served, and this was followed by the school fair, where various crafts made by the children were on sale.

The cast was as follows:

- Matilda Pringle Reader—Mrs. Mary Rose Collins.  
Child with reader: Joelyn Van Horn.
1. Mercury—Robert T. Flower.
  2. Epimetheus—James L. Marshall.
  3. Children of the Happy World—Kindergarten, First and Second Grades, children of Miss Helen Elliott's Nursery School.
  4. Mary, Warnick, Jane Carpenter, Phyllis Bower, Charles Earp, Lura Etris, Frederick Hobbs, Carolyn Jessup, Dorothy Porter, Bobby Jamison, Gordon Krusen, Howard Dunn, Ann Musser, Jon Krusen, Gretchen Kieckhefer, Nancy Ritschard, Esther Wilson, Joan Anderson, Russell Lasky, Mary Elizabeth Humphries, Jean Clark, Sonny Entwistle, Lenore Meyer, Anne Atlas, Parry Scott, Lyman Cook, Jr.
  5. Grapes and Garlands.
  6. Pandora—June Rodman.
  7. Curiosity—David C. Pittenger.
  8. Conscience—Richard Hollerith, Jr.
  9. Disappointment—Mark G. Hoepfner.
  10. Naughtiness—Quarreling, Harvey Hirst, Jr.; Teasing, Richard W. Gideon; Bad Humor, Chilton W. Anderson; Bad Manners, Allen W. Roberts.
  11. Diseases—Pain, Roy V. Heister, Jr.; Accident, C. Biddle Atlee, Jr.; Worry, C. Calvin Robbins, Jr.
  12. Evil Passions—Selfishness; George H. Conover, Jr.; Envy, William R. Dunn, Jr.; Wastefulness, Richard Robbins.
  13. Hope—Polly Roberts.
  14. Mirrors of Hope—Understanding, Ruth Coe; Health, Barbara Jane Ransome; Joy, Margaret Meyer; Courage, Barbara Bromley; Unselfishness, Joan Bailey; Peace, R. Shirley Cook.

The ushers were Miss Alice Parrish, Miss Cornelia Murray, Miss Alice Harwell, Miss Helen Elliott, Miss Lydia Parry and Miss Charlotte Parry.

Perhaps the highest value of the production of "Pandora's Box" was the wholehearted and efficient cooperation between the parents, school committee, and faculty. In fact, it was a worthy demonstration of the principle of "dramatics in education" rather than "education in dramatics." A committee of fathers planned the construction of the ramps. A committee of mothers assisted the art department with the costumes, and another committee worked on stage decorations and properties. Mr. and Mrs. John Entwistle printed and donated the programs.

Stage setting by Mr. Hoepfner and Mr. Lasky. Amplifying system by Mr. Conover.

A fair followed the play and was arranged for and conducted by a group of parents under the chairmanship of Mrs. Ralph Flower. Mrs. Howard Coe and Miss Beulah Parry were in charge of the supper.

One of the scenes in "Pandora's Box," an original dramatization presented by the pupils of the Westfield Friends' School last Thursday afternoon in a charming out-door setting.

### NEW HOURS FOR LOCAL LIBRARY

Beginning Monday, June 14th, the Riverton Free Library will be open every week-day morning from 10 until noon, and will remain closed during the afternoon and re-open in the evening from seven until nine as usual.

Suggestions for the new schedule have been received from a number of quarters and it is believed it will prove convenient to most library users. It will remain in effect from June 14th through July, and on August 1st the Library will be closed for the usual vacation period of one month.

So remember the date, June 14th, and the new time, ten o'clock to 12 noon, no afternoon hours, the usual seven to nine in the evening.

### WET ROAD AGAIN CAUSES CRASH

Wet roads again caused an accident, Chester Terpening, of 4632 Tampa street, Philadelphia, losing control of his car on Sunday and skidding across the River road to the railroad tracks, turning over three times in the process.

With Terpening was Joseph Duffield, of 2040 East Ontario street, Philadelphia.

Terpening and Duffield were taken to Zurburg Memorial Hospital, Riverside, by Chief C. Morris Beck, of the Palmyra police, where x-rays were taken. He was later removed to his home.

The victim was walking along the shoulder of the road and was struck as the Schmidt car also pulled off the pavement at the same time so that the driver could take off his coat.

### CAR RUNS OVER FOOT OF YOUTH

Lewis W. Wilkie, of 6633 Ditman street, Tacony, suffered painful injuries to his right foot on Sunday afternoon as he was walking along highway S-41, near the Tacony-Palmyra bridge, being struck by a car driven by John Schmidt, of 590 Godfrey avenue, Philadelphia.

Wilkie was taken to Zurburg Memorial Hospital, Riverside, by Chief C. Morris Beck, of the Palmyra police, where x-rays were taken. He was later removed to his home.

The victim was walking along the shoulder of the road and was struck as the Schmidt car also pulled off the pavement at the same time so that the driver could take off his coat.

## SCHOOL CIRCUS IS GREAT SPECTACLE

Over 1500 Attend Annual Field Day Program at Riverton Memorial Park

More than 1500 spectators will agree that the Riverton Public School circus last Wednesday evening far surpassed that of Barnum and Bailey held two weeks ago.

The students of the school planned and executed the affair with advice from the teaching staff.

Every detail was complete. Hundreds of colored pennants flew from the flag pole to the grandstand and from the pole to a nearby tree. These were made by the Fifth grade. The merry-go-round was constructed by the First grade. The posters for the side shows and atmosphere around the grandstand were a product of the art club as was the calliope in the grand march. The peanut vendors were present and one clever lad had "triple-jointed" peanuts for sale. The fortune teller (Jean Werner) told the future destinies of many interested persons. The two-headed lady was another side show. She was made up of Francis Measey and Janice Pippitt.

### Grand March

The circus opened in the usual custom with a grand march which was led by Young, who made an excellent drum major. Behind her came a drum corps, the Indian Chief, Billy Flemming, resplendent in all his headdress and Indian trappings. The gorgeous headpiece was made by the chief himself as a part of his training in the Indian Patrol of Boy Scout Troop No. 5 of Palmyra and then came lions and tigers in cages, elephants, camels, giraffes, monkeys by the dozen, the tall man, Siamese twins, fat woman, bearded lady, bathing beauties, The Duke and Wally, impersonated by Robert Orlemann and Dorothy Robinson; snake charmer, two-faced lady, calliope, the strong man and many, many clowns.

Rides on the carousel made by the first grade were the thrill of the evening. Boxes mounted in wagons, with chairs fastened to them, furnished the seats, while animals of every description were painted on cardboard and tacked to the front of the wagons to give the real carousel appearance. Boys of the fourth, seventh and eighth grades provided the motive power by sitting in the rear of the wagons and holding onto the handle of the wagon in back of them. The carousel was busy all evening.

### Side Show

The side show would be the envy of any professional circus. Richard Hubbs, the announcer, had a clever description for each oddity exhibited.

First came the Siamese Twins, Virginia Moyer and Jane Cook, who danced, exercised and even sat down in a most graceful manner. The Tattooed Boy, William Wahl, didn't have a clear space on his body. The Fat Girl, Betty McLaughlin, willingly showed her 250 pounds of "real honest-to-goodness fat." The Quintuplets at the age of ten were charming in their little dance. These girls were: Betty Blackwell, Dorothy Jane Baker, Shirley Pennington, Margaret Wolfshmidt and Elizabeth Fisher.

The Snake Charmer, Emily Craig, did this with her pets that you and I wouldn't even dream of doing. She really seemed to like the things.

The Strong Man, Richard Horton, lifted two fifty pound weights and a heavy iron bar with as little trouble and strain as we would pick up a kitten. The juggler, Charles Bailey, was very clever with his tricks.

The Hula Girls, direct from Hawaii, Phyllis Robinson, Catherine Dietrich and Betty Henry, were clever enough to have been in the recent motion picture show, Waikiki Wedding.

### Bearded Lady

The Bearded Lady, Carol King, had a wealth of beautiful blond beard which she gently swung in the breeze. Two clever little tap dancers, Bebe Carhart and Leo Gray, were the final actors in the side show division.

Next came the tight-rope walkers, JoEllen Vanhorn, Helen Miller, Joan DeCoursey and Lorraine Davis. These little acrobats were from the Kindergarten and had every motion of balance down to perfection. The

faces were made by the children themselves. Paper bars had been made and fastened to wagons.

The Grand March around the field, which marked the opening of the gigantic circus staged by the pupils of Riverton Public School, last Wednesday evening, the affair being the main event of the annual Field Day.

Clown, Jack Abell, and his pet dog, Toby (Lois Burns), were clever in their act, the dog going through his tricks with all the perfection of a professional.

### Trick Riding

The Bareback Rider, Mary Berger, rode on the back of a horse standing on both feet, then one foot and finally galloped around the ring on his back in a final flare of entertainment.

The Trained Bears, Walter Moorhouse and LeRoy Cook, under the whip of Trainer Michael Crowell, would have put a big-top bear to shame.

The Organ Grinder, Leon Foulk, and his little Monkey, Joseph D'Aurechy, were one of the main attractions. The antics of the Monk were so realistic that at first the spectators thought he was real one that had been borrowed for the occasion.

The antics of the clowns were perfect, but they were probably ready to drop into bed without much coaxing from Mother or Dad, after the show was over. They filled in pauses at various times in the program so that there was never a minute without something doing. Their antics are beyond description.

The Snake Dancer, Mary Unland, was splendid in her reproduction of the movements of snakes.

The Lariat Thrower, Joseph Moorhouse, must have been an understudy of Will Rogers at one time. The boy was really clever.

### Gay Nineties

The bathing beauties were beautiful to behold. Suits ranging from the gay 90's to the present day ones were on parade. The girls participating in this part of the circus were Ethel Cummings, Sally Coddington, Polly Mae Mathews, Marilyn Yost and Anna Jay Howell and then one lone man had the courage to appear, John Rogers.

The tumbler, boys from the seventh and eighth grades, went through a group of exhibitions that made the spectators wonder if they would succeed. Jumping over four boys side by side, jumping through the hoop and many tumbling and rolling tricks.

The clown drill brought out the enthusiastic spirit with which the youngsters threw themselves into the whole affair. The clowns were marvelous. They seemed as loose-jointed as an old doll whose elastic has worn out.

### Trained Animals

The trained animals were next, and a clever lot of acting they did. Their trainer was Monroe Steedle. These youngsters were from the second grade. Valerie Dey, James Moreland, Louis McCullough and Thelma Davis answered the crack of the whip of Trainer Steedle in perfect precision. The animals were brought into the ring in cages made by the children themselves. Paper bars had been made and fastened to wagons.

### Monkey Shines

The third grade all decided they wanted to be monkeys so they gave an act called Monkey Shines. And some shines they were. The suits were made from old pajamas which had been dyed and paper tails added to them. The faces were made by

the children from a mold out of paper towels.

One of the most difficult stunts in the circus was the hoisting on roller skates. This match was put on by Walter (most of you know him by a more familiar nickname) Lezenby and Charles Mooney, who relinquished his announcing position to Donald Robinson for the time being. A mighty godo bout was witnessed by the spectators and the final blows knocked both fighters out.

The boys of the seventh and eighth grades built pyramids which rival those of the great Egyptians. About fifteen or twenty boys built a standing pyramid which didn't even waver until the signal to break—and then what a mass of arms, legs and heads were seen.

### Jersey Indians

The Jersey Indians, chieftain Billy Flemming, were from the second grade. Their toms toms were so realistic that while they were being played several watchers were seen to turn around to see if another tribe was on its way to the park.

The gypsies of the sixth and seventh grades were delightful with their graceful movements during their dance. Their rhythm reminded one of old Romany.

The final feature of the evening was a bicycle stunt—Porter Caldwell, Jack McVaugh and Harry Orlemann all riding one bicycle, and believe it or not, they all stayed on. Billy Waters and Warton Biddle staged a race which made the watchers hold their breath lest one slight movement should throw them from their cycles, so fast was their speed.

### Even Elephants

The parade was announced by George Steedle and Kenneth Davis. Many people wondered who made up the Mama Elephant and the baby riding in the "trailer" behind her. The mother was Corden Willis and Francis Hunt the baby was Francis Bailey, and the medium sized elephant was Mary Wahl and Doris Gibson. The giraffe was made up of Elmer Moreland and Jack Carhart, while Robert Farrow and Cy Devary supplied the stuffings and feet for the camel.

In the dug-out of the ball players, many pictures of wild animals were seen with paper bars in front of them lest they should be so realistic as to come to life.

In another enclosure were two turtles and a snake, really alive.

### Menagerie

In still a third enclosure were found elephants, a hippopotamus, zebra, camels, lions, tigers, lions and most anything that could be thought of, while two monkeys battled for their freedom in a bird cage. These animals of paper mache, made by last year's second grade, were very clever.

The picnic supper served by the Riverton PTA did much to lend the festive spirit to the whole affair.

Even the weather did its best, with blue skies and a gentle zephyr-like breeze to keep one cool, to make the day a perfect one for the children and adults alike.

That life is only free which rules and suffices for itself.—Bulwer.

### OPEN REGATTA TO BE HELD JUNE 13

The first open regatta, under the auspices of the Delaware River Yacht Racing Association, will be held at the Riverton Yacht Club, on Sunday, June 13.

There will be events for the following classes: Star, Comet, Cricket, Duster, free-for-all under 16 feet, and free-for-all over 16 feet.

The first race will start at 2:20 o'clock.

Entries are expected from Beverly, Delaware River, Florence, Kings-ton and Riverton Clubs.

It will be news to many, but a government chart shows thirty-eight islands in New York City.

People in this country still marry at the rate of one couple every minute and a half.

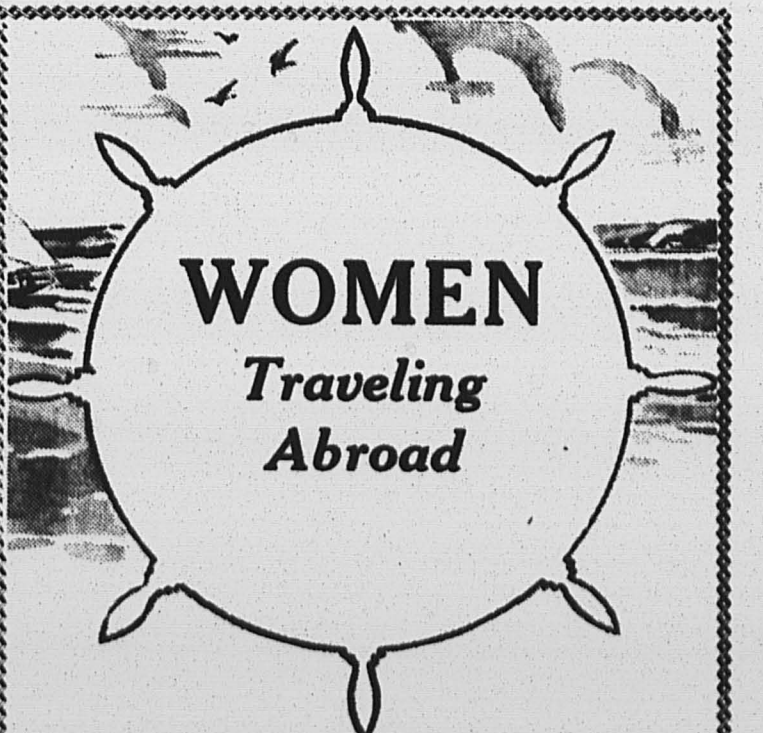

### SOUTH PHILLIES FAIL TO APPEAR

Local baseball enthusiasts were disappointed on Tuesday night when the South Philly A.A. team failed to show up for a game scheduled to be played with Riverton on the field of Palmyra Recreation Park.

The management regretted very much that a game could not be played, but wish to inform the public that the Philadelphia aggregation had been contacted at 5 o'clock at which time the manager stated that they would positively be on hand.

A fast club will be booked for next Tuesday night at the Palmyra park.

## School Field Day

The Field Day program presented last Wednesday night at Memorial Park, Riverton, was, as always, one of the outstanding events of the year in Riverton.

The circus staged by the pupils showed the result of much hard work on the part of both teachers and students, and it received the whole-hearted applause of the large audience.

One of the most important features of Field Day is the manner in which parents and other citizens turn out for the affair and gather to eat supper at the park.

The friendly atmosphere which prevails on such occasions is an intangible but very real asset to the community.

This event has become a tradition in Riverton, and its yearly success is something to which Rivertonians can point with pride.

## Legion Awards

The American Legion awards, which were resumed after a lapse of several years, created an interesting feature of the evening's program.

It had been the custom in the past, Miss Staman said, for the faculty to select the boy and girl to receive this honor. This year, however, two boys and two girls were so nearly equal in meeting the requirements that it was decided to let the graduating class make the choice.

The two boys and girls selected by the faculty received an equal number of votes from their classmates, making another tie.

Another ballot eliminated one of the boys but the deadlock of the two girls was not broken. A final ballot resulted in the selection of Sarah Robinson.

J. Russell Musser, for Post Frederick M. Rodgers No. 156, American Legion, presented the medals to Sarah Robinson and Henry P. Orlemann, 3rd, the winners.

Between the first and second part of the program, John L. Metzger and Dorothy Cooper appeared on the platform and Mr. Metzger said that since the choice between the two girls had been so very close he felt that he would be justified in speaking for the American Legion and awarding a medal to Miss Cooper also. His action was roundly applauded by the audience.

## Class Gift

Edith Kirk presented the class gift, a chair for the school library, to Miss Caroline M. Staman, supervising principal, who said that she wanted just such a chair for a long time and appreciated it very much.

John M. Werner, president of the Board of Education, made the presentation of the diplomas.

The second part of the program was made up of three dramatizations and three musical selections.

"The Making of the Constitution," enacted by members of the graduating class showed the feeling of the various states at the time of the drawing of the Constitution. It in-

cluded the recitation of the Articles of Confederation was felt by even the younger generation.

## Science Advance Shown

"The Mad Dog," a portrayal of an episode in the life of Louis Pasteur, showed the great advance in science in the remedy of previous poisonous dog bites and other diseases.

The school's chorus, nine boys from the school, made a very creditable showing.

"And the Lamp Went Out," a pantomime enacted by members of the English Department, was well received.

The exercises closed with the singing of the school song by members of the glee club, the boys chorus and members of the graduating class.

BACCALAUREATE  
SERVICE SUNDAY

The Palmyra High School Baccalaureate Service was held last Sunday afternoon at 3 o'clock, in the Epworth M. E. Church, Palmyra.

The program was as follows: Senior procession, Mrs. Lord, Hymn, "Faith of Our Fathers," Invocation, the Reverend William A. Boyd.

Hymn, "Glorious Things of Thee Are Spoken."

Scripture Reading, Exodus: Chapter 4, verses 1 to 5.

Message, "What have You in Your Hand," the Reverend William A. Boyd.

Hymn, "How Gentle Are God's Commands."

Prayer and benediction, the Reverend William A. Boyd.

Senior recessional, Mrs. Lord.

INVITATIONS FOR  
SCHUCK-COOK NUPTIALS

Invitations have been issued for the wedding of Miss Anne G. Cook to Howard Charles Schuck, on Saturday afternoon, June 19, at three o'clock, in Calvary Presbyterian Church, Riverton. Miss Mildred Cook, sister of the bride, will be the maid of honor, and Howard Gross, of Germantown will be best man.

SORORITY DANCE AT  
RIVERTON COUNTRY CLUB

The Alpha Psi Nu and Delta Psi Sororities will give a dance on Saturday evening, June 12, at the Riverton Country Club. Ed Dages and his popular band will play for dancing from nine until one o'clock.

Tickets may be obtained from members of either sorority.

Palmyra Council Drops Project:  
Rest of Highland Avenue  
To Be Oiled

Palmyra Borough Council, by resolution definitely dropped from future consideration the proposed municipal park swimming pool, at their regular meeting Tuesday night.

The project was initiated by the American Legion, Post Rodgers No. 156, who asked council to investigate the possibility of such a project with the aid of the Federal Government.

Councilman Flynn read a report from the borough engineers in which the estimate totaled \$29,700, leaving out such items as drainage, fence enclosure and maintenance after construction.

Council was unanimous in the opinion that such a project could not be seriously considered at this time.

Councilman Flynn will review the findings of the engineers with the Legion representatives.

## Sell Tax Title Lien

A tax title lien on the property located at 804 Broad street, West Palmyra, was sold by resolution of S. V. Victoria, Inc., of Riverside, a firm dealing in real property and investments.

Specifications and the confirmation of Remington and Goff as borough engineers for the proposed oiling of Highland avenue, were approved and will be forwarded to Trenton immediately. As soon as the State Highway Department approves them, bids will be advertised for and the contract let. It is expected that the work will be done within the next few weeks.

Councilman Flynn reported the Riverton and Palmyra Water Company had corrected the poor pressure condition in the vicinity of Memorial avenue, and the fire company reports an increased pumping pressure of 100 pounds, thus providing adequate fire protection for the homes in that vicinity.

Councilman Flynn was authorized to install an electric street light at the intersection of S-41 Highway and the River Road in the vicinity of H. B. Williams' gasoline station.

## More Buildings Condemned

Councilman Wright submitted a new list of unsafe properties for condemnation as prepared by the borough building inspector, Edward King. The committee was authorized to proceed in the usual manner to secure the necessary improvements or effect the demolition of the structures.

Councilman Engle reported that Palmyra is considering a one-third share in the cost of paving the Elm avenue railroad crossing with asphalt paving material. Riverton is to pay a third and the railroad company a third. The estimated expense is \$100 each.

Council voted to transfer its current bank account to the Cinnaminson Bank and Trust Company and to keep its trust funds with the First Camden National Bank, effective July 1st.

Councilman Buchholz recommended that \$15,000 be paid to Burlington County on the borough's tax assessment, the payment of \$3,461.68 on general improvement bonds and interest and \$522.50 on baby bonds and interest on current loans. All were passed unanimously.

Councilman Mervine, reporting for the Board of Health, announced fees of \$23 for sanitary permits and reported eleven cases of whooping cough and four of mumps as submitted by Dr. LeFavor.

Councilman Mervine offered a resolution requesting that council apply for a reduction in the bus fare on the Frankford bus line. The resolution calls for a five cent fare from East Riverton to the Tacony-Palmyra bridge plaza. The resolution passed unanimously.

The police report for the month contained five traffic violation cases: one liquor violation; one assault and battery; and one disorderly case.

The department accommodated 40 night lodgers, answered 39 calls and complaints and 13 ambulance calls.

## Relief Load Light

Welfare Director George N. Wimer reported fifteen cases covering seventy-five people on the first of May, and eleven cases covering thirty-seven people at the close of

## RANDOLPH LEDYARD

The wedding of Miss Margaret Beideman Ledyard, daughter of Mr. and Mrs. Charles D. Ledyard, of 3520 River avenue, Camden, and Nelson David Randolph, of 18 Henry street, Palmyra, son of Mrs. Raymond Randolph and the late Mr. Randolph, took place at five o'clock Wednesday, in the Alpha Community Baptist Church, Thirty-fourth and River avenue.

The ceremony was performed by the Rev. Frederick Hall, pastor of the church. Miss Marie A. Strometz played the wedding march and accompanied Miss Dorothy Randolph and herself in vocal solos.

The bride was given in marriage by her father. She selected a gown of white mouseline de soie made with extreme simplicity and carried a shower bouquet of white roses, gardenias and baby's breath.

Miss Beatrice W. Beideman, a cousin of the bride was her only attendant. She was gowned in pink mouseline de soie and carried blue delphinium and Talisman roses.

John P. Mays, of Palmyra, was best man, and ushers included the bride's brother, Charles D. Ledyard, Jr., of Camden, and the bridegroom's brother, Arthur Randolph, of Palmyra.

Following a shore honeymoon, Mr. Randolph and his bride will reside at 1000 Cinnaminson avenue, Palmyra.

SUPERINTENDENT  
OF NEW HOSPITAL

William H. Bottger, of Riverton, Appointed to Post at Bellevue, Camden

William H. Bottger, well-known resident of Riverton, has been named general superintendent at new Bellevue Hospital, located at 500 Linden street, Camden.

Mr. Bottger stated that the new institution is endeavoring to provide every helpful aid known to modern science and he is most enthusiastic about the benefits patients will derive from the service.

## Non-Sectarian

The hospital is non-sectarian, and the patients will have the privilege of being treated by their own doctor as all physicians have access to the facilities of the new institution.

Mr. Bottger remarked that the rates are within the means of the moderate wage-earner, and yet the hospital will offer accommodations and service which will come up to the expectations of the most fastidious. There are no wards, all rooms being private.

## Facts About Hospital

The institution has a 30-bed capacity and is equipped with operating and delivery room, together with out-patient accommodations for orthography, electro-cardiography, physio-therapy, basic metabolism, x-ray and radium, and immunology.

The staff will consist of 100 Camden county doctors, practically all of whom are in the group that has been advocating the construction of a new general hospital.

Bellevue is a private institution, being financed by a group of philanthropic men and women of Camden.

Over 150 physicians and guests inspected the new hospital on Tuesday evening, June 8, and expressed their approval of the modern equipment and facilities.

May. The bills for the month amounted to \$231.39.

Director Wimer stated that his department has been successful in securing employment for a number of the clients, but that the work was seasonal and he anticipated a heavy relief load again in the fall.

## Licenses Approved

The annual renewal of liquor licenses came up for discussion and renewals were granted to Placido Editto, Josiah E. Wallace, Charles Hawke, Thomas Shorten and Frank Bua.

The borough attorney, Albert McKay, was authorized to communicate with the Public Utilities Commission with a view to securing the elimination of the Wallace Lane and Athletic Park railroad crossings in exchange for a thirty-foot, protected crossing at Chestnut street, West Palmyra.

The borough clerk, George Spencer, was instructed to write a letter of condolence to John D. Patterson, borough employee, whose wife died recently.

NINE RUN RALLY  
STAGED BY LOCALS

Riverton Beats St. Luke's By  
Count of 11-9 in Free  
Hitting Contest

Riverton made it three out of four last Saturday afternoon on Memorial Park field by taking St. Luke's A.A., of Philadelphia, into camp by the score of 11-9 in a free-hitting engagement.

The locals staged a batting spree in the third session which, aided by some sloppy fielding on the part of the opposition, accounted for nine runs.

## Thirteen Men Bat

In this frame, 13 Riverton players faced Stahl, the starting enemy pitcher. Harper hit twice, with Bright, Sutters, Cole and Terrill each contributing one bingle. Diffenbaugh walked and the St. Luke's fielders aided the local cause by committing six miscues.

## Two Homers

Armstrong relieved Diffenbaugh at the beginning of the sixth, and was touched for seven blows during his tour of duty, two of these being homers by Manion and Eisle.

Weikman ascended the hill with one out in the eighth and the tying runs on second and third. He did a fine bit of relief pitching and guarded the slender lead during the rest of the game.

Harper extended his hitting streak to eight straight blows before being retired in the fifth inning.

## ANNUAL MEETING OF CHRISTIAN SCIENCE CHURCH

The Christian Scientists and their friends in this community will be interested in learning about the annual meeting of the mother church held last Monday in Boston, Mass.

Progress of Christian Science expressed in the organization and recognition of 59 new churches and societies; in sales increases of 66 percent for the writings of Mary Baker Eddy, discoverer and founder of Christian Science; in an increasingly friendly public thought as reflected by legislative bodies when handling measures involving medical and religious freedom; and in much good healing work; featured reports by church officers.

The election of Judge Clifford P. Smith, of Newton, Mass., as Church president for the coming year, and of Edward L. Ripley, of Brookline, as treasurer, and Kara W. Palmer, of Marshfield, as clerk, was announced.

Judge Smith declared in his address that "To insure its strength and success, an organization movement requires (1) a good purpose clearly stated, (2) an intelligent plan for achieving this purpose, (3) active co-operation in accordance with the plan by the persons who compose the movement." The Christian Science movement has the first of these essentials in our Leader's writings; the second, in our Church Manual. For the third, the responsibility rests on all Christian Scientists collectively and individually.

The Christian Science board of directors, in its message read by the retiring chairman, Mrs. Nelvia E. Ritchie, told Christian Scientists everywhere, "The inspiring reports and testimonials of healing that have come to this board during the past year give abundant proof of work well done and progress throughout the movement—give evidence of obedience to Principal, and bear witness that the truth Jesus demonstrated is again understood and made manifest on earth today." While these splendid evidences of progress give cause for rejoicing and we humbly bow our heads in gratitude to God for these proofs of His power and presence, yet as students of Christian Science we all realize that greater works are before us.

Thirty-two hundred sixteen lectures authorized by our Board of Lectureship were given during the year throughout the world.

Secular newspapers reprinted about 12,000 religious articles from the Christian Science Monitor.

More than 250 radio stations now carry "The Monitor Views the News."

Radio stations carried 9000 Christian Science religious programs.

The treasurer reported generous contributions toward flood relief and the excellent service in disbursing the funds by the committees on publication.

In the clerk's report he said "The Mother Church, built on the Rock, Christ, is a mighty power for righteousness. It is leavening, transforming, and spiritualizing thought throughout the world, both within and without the Christian Science movement."

## UNION LEAGUE ESSAY CONTEST

The Union League of Philadelphia has authorized the announcement for a prize essay contest for young men on the subject, "The American Idea in Government," the prizes to be publicly awarded in the week of September 17, 1937, as a part of the national observance of the 150th Anniversary of the American Constitution.

The contest is limited to young men between the ages of eighteen and twenty-five who reside in the States of Pennsylvania, New Jersey and Delaware.

Those who desire to enter the contest should write to the Union League Prize Essay Committee, Union League, Philadelphia, and they will receive a registration blank which will give them full instructions. The essays which are submitted in response to this announcement will become the property of the Union League and the League reserves the right to publish the same if deemed advisable.

Switzerland has authorized its first professional army in 650 years.

## NEW PRESIDENT

JUDGE CLIFFORD P. SMITH  
incoming president of the First Church of Christ, Scientist, in Boston, Massachusetts.

## Camp at Park

In connection with the camporees held throughout the county over last week-end, a picked patrol of members of Troop 5, of Palmyra, pitched camp at Memorial Park, Riverton, on Friday afternoon and remained until the afternoon of the following day.

The patrol, which was composed of three first class, three second class and two tenderfoot scouts, comprised the following: Patrol Leader Albert Thiel, Assistant Patrol Leader Jack Rockafellow and Scouts William Burgess, George Schiel, August Monhof, Warren Lammon, Bruce Reed and William Hall.

## On Their Own

Scoutmaster A. B. Branson was at the camp, but the entire activity was in charge of the patrol leader. The routine included cooking of all meals, camp sanitation and numerous other details.

The camp was inspected during its entire duration and the various points judged by a group consisting of Rev. Francis B. Downs, Dr. Hayes Brady, A. B. Garwood, E. Newbold Cooper and Maynard Bowen.

## MRS. A. L. MARTIN WINS GRAND PRIZE

Mrs. A. L. Martin, of Columbia avenue, won the sweepstakes prize in the annual Spring Flower Show held by the Garden Department of the Palmyra Woman's Club. Mrs. Martin's entries netted a total of 21 points.

Mrs. Jennie Beideman won first prize in Section A, which included all rose entries, with a total of 15 points. Mrs. C. Morris Beck was second in this section with 7 points.

Arranging of flowers in a bowl with roses predominating, won for Mrs. R. K. Snow and Mrs. A. L. Martin first place in Section B when they tied with 8 points each. Mrs. H. A. Kennedy won second prize with 6 points.

Mrs. A. L. Martin won first prize in Section C for garden flowers with 8 points, and Mrs. Edward King placed second with 6 points. Section D, the arrangement of flowers in federation colors, blue and buff, had as its first prize winner, Mrs. R. K. Snow with 5 points and Mrs. A. L. Martin, second, with 3 points.

The prizes were donated by members of the garden department with the exception of the sweepstakes prize which was given by H. B. Williams.

The air conditioning of coal and other mines has already begun in this country and will be tried in the gold mines of South Africa.

## YWCA NOTES

### Camp Shining Arrow

Camp Shining Arrow will be the name for the 1937 day camp run by the Burlington County YWCA. Miss Leah Conrad, of 55 E. Linwood avenue, Maple Shade, submitted the winning name and will receive a month at day camp free.

Camp Wah-Wah-Taysee submitted by Edith Ross, of Mount Holly, was considered by the committee as of particular merit and receives honorable mention.

### Counsellors

The following counsellors have been appointed: Mrs. Robert Sim, Riverton, exploring and music; Mrs. Phyllis Shinn, Rancocas, camp nurse; Miss Nan Evans, Riverton, recreation; Miss Ann Sutton, Bordentown, crafts; Miss Alberta Edgar, Moorestown, music; Miss Peggy Palmer, Moorestown, poetry and hiking.

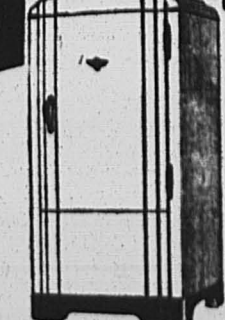

The following counsellors-in-training have been accepted: Miss Louise Burley, Burlington, handicraft; Miss Margaret Mount, Riverton, swimming; Miss Dorothy Wolcott, Riverton, swimming; Miss Doris Brower, Bordentown, swimming.

Additional applicants for counsellors-in-training are being considered and will be announced shortly. These high school students assist the counsellors to gain experience and at the same time are studying with the camp director the theory of group leadership and camp program.

In preparation for the camp, Mrs. Robert Sim, of Riverton, one of the counsellors, is taking the course in music being offered by Prof. Augustus Zanig and the nature study course under William C. Vinal being given in Philadelphia under the sponsorship of the National Recreation Association. Miss Katherine Luchini, county YWCA secretary, who will be the camp director, is taking a course in arts and crafts under Frank A. Staples.

The camp committee of the county board will meet Thursday evening at Mrs. Sim's home near Riverton.

## SACRED HEART P.T.A. MEETING

The Sacred Heart P.T.A. will have its regular meeting on Thursday, June 10, in the school auditorium.

The annual picnic of the Sacred Heart parish and school will be held at Riverview Beach, Tuesday, June 15. Busses will leave the school at 8 a.m. The boat will leave the pier at 9 a.m. All are invited to make the picnic a success.

The first drawing of the quilt and sheet club run by the Sacred Heart P.T.A. was held Wednesday, June 9. There will be a drawing every Wednesday thereafter and winners will be announced in The New Era.

The annual garden party of the Sacred Heart P.T.A. will be held on the church lawn Wednesday, June 16, admission 35 cents. Mrs. Harry Gottlieb is in charge. All are invited.

## NOTICE

Dr. Charles F. Voorhis announces his summer schedule of office hours to take effect between June 1 and October 1 as follows: 10.30 to 12 a.m. and 6.30 to 8.00 p.m. daily, including Friday. Wednesday evening, Friday evening and Sunday by appointment.

Linseed oil will remove lacquer, paint and dye stains from the hands, by pouring a little oil in the hands and rubbing until the stain disappears, then washing with soap and warm water.

To discuss further plans, Miss Hannah Severns is the committee chairman.

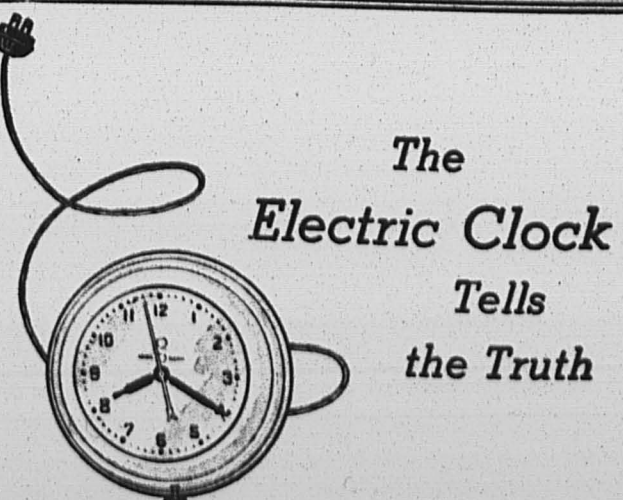

## "BABY ROSES"

Clustered-flowered little gems, like Cecile Brunner (The Sweetheart Rose), the orange-scarlet Gloria Mundi and others make compact dwarf bushes, flowering all summer long, very effective when used for edging, around pools, bird baths, etc., or in solid masses in beds. Pot grown plants may still be planted.

## DREER'S

To keep posted on the newest and best in Roses and Perennials, visit our Trial Gardens on Cedar Avenue.

Open weekdays from 8 a.m. until 5 p.m. and on Sunday (but not for business) from 1 until 5 p.m.

THE ELECTRIC CLOCK is accurate to the second. This open faced model hung on the kitchen wall will help you to have meals on time. It sells for \$3.95 cash. Small carrying charge if you buy on terms. Other attractive models for living rooms and bedrooms from \$3.50 cash up.

## TESTIMONIAL FOR ALBERT C. JONES

Over 650 Attend Affair Last Saturday Evening at Log Cabin Lodge

Albert C. Jones, member of the Burlington County Board of Freeholders, was honored at a testimonial dinner given last Saturday night at Log Cabin Lodge, Medford Lakes. Over 650 attended the affair.

Palmer L. Adams, director of the board, was toastmaster, and Mrs. Frank Chambers, of Palmyra, was chairman of the dinner committee.

### For Re-election

During the evening Mr. Jones announced that he would be a candidate for re-election in September and suggested Clarence G. Price, of Mr. Holly, clerk of the board of Freeholders, as his running mate in the coming campaign.

Price stated that he had not made up his mind about becoming a candidate.

Mr. Jones was presented with gifts by Mr. Price, on behalf of the Young Republicans, and by Clifford Massey for the county road department.

## WILL PLAY SOLO IN PHILA. CONCERT

Miss Marjorie C. Wilson, of Morgan avenue, Palmyra, will play the solo part of the A Minor Piano Concerto, by Schumann, at the concert and communique of the Philadelphia Y.M.C.A. School of Music, 1421 Arch street, Wednesday evening, June 16, at 8.30.

Miss Wilson, a pupil of B. Lord Kneeder, Dean of the School of Music, will receive her certificate of graduation in theory and history of music. Dean Kneeder will be at the second piano playing the orchestral accompaniment as scored by the composer for a second piano.

## CAPER CRUISE MONDAY NIGHT

About 1,000 cruise-minded guests from Camden and Burlington counties will board the Wilson liner S.S. "Pennsylvania" next Monday night, June 14, at 8 o'clock, to celebrate the first annual "Showboat" cruise to be sponsored by the Junior Auxiliary of Cooper Hospital for the benefit of the hospital. Since the allowed capacity of the "Showboat" is 3,500, there will be ample room for everyone.

Harry Taylor, producer of the "Showboat Revue," has lined up an all-star array of talent featuring the Catherine Wolfe Continental Girls. In addition to the floor show there will be two talking picture shows, dancing to the music of the River Serenaders and a series of surprise novelties and games.

Mrs. W. D. Kerlin, Jr., of Haddonfield, chairman of the general committee, announced yesterday that tickets will be on sale at the pier the night of the cruise. Arrangements have been completed with the Public Service Co. to have buses leave the Hotel Walt Whitman in Camden at 7.30 p.m. for the Wilson Line Pier at the foot of Chestnut street in Philadelphia.

## REVOCATION OF DRIVING LICENSES

A total of 108 persons lost their driver's licenses during the week ending June 4, according to an announcement made by Motor Vehicle Commissioner Arthur W. Magee.

Thirty-one were for drunken driving; 7 for reckless driving; 20 for speeding; 26 habitual violators; 3 for failure to appear in answer to summonses; 6 were revocations resulting from fatal accidents, and all others 15.

With the inclusion of this week's figures, the department, during 1937, revoked 650 licenses for drunken driving, and the total of all revocations reached 1851.

## GRADUATES AT N. J. COLLEGE

Miss Elizabeth Mayfield, of 611 Fourth street, Riverton, received the degree of bachelor of arts at commencement exercises held last Saturday at New Jersey College for Women, New Brunswick, N. J. Miss Mayfield is the daughter of Mr. and Mrs. C. P. Mayfield and is a graduate of George School, Pa.

At New Jersey College for Women Miss Mayfield was outstanding in musical activities. She was a member of the Elizabeth Robinson Voohees Chapel Choir for her first three years, music columnist for Campus News, undergraduate newspaper, for the past two years and president of the Mabel Smith Douglas Music Guild during the last year. In her junior year she was elected to Delta Mu, honorary musical society. This year Miss Mayfield was chairman of her dormitory and a member of the literary board of Quair, college year book, and was selected as one of the 28 outstanding seniors to stand on the senior stairs in the traditional Christmas ceremony.

## ATHLETICS TRIM MOORESTOWN 5-1

The Athletics, first-place contenders in the local Softball League, trimmed a local Moorestown team last Thursday night by the count of 5-1.

The opposition proved to be no match for the A's who breezed to an easy win as Shivers let the enemy down with five hits. Phelan poled a round-tripper for the Athletics in the second frame. The bases were bare at the time of the clout.

Score by innings:  
Moorestown 0 0 0 1 0 0 0 0-1  
Athletics 1 0 0 1 0 2 2 5-5  
Batteries—Moorestown: Stafford and Gilchrist; Athletics: Shivers and J. Shaffer. Umpires: Carhart and Rotenbury.

## RIVERTON

Dr. John R. Siddall and mother,  
Mrs. J. J. Siddall, of Lippincott ave-  
nue, have left for a short vacation  
at Prince Edward Island, Canada.

Mr. and Mrs. Gorham P. Sargent  
and family will leave on Saturday  
for Gloucester, Massachusetts, where  
they will spend the summer.

Miss Dorothy Worcester Sargent  
has returned from St. Catherine's  
School, Richmond, Virginia, and will  
go next week to Bass Rocks, Mass.,  
where she will spend the summer  
with her parents Mr. and Mrs. Gor-  
ham P. Sargent at their cottage  
"The Blue Spruce."

The Business and Professional  
Women held their final meeting of  
the season at Taylor's Cabin Mon-  
day evening of this week.

Mrs. Florence Evald and son and  
daughter have moved to 305 Harri-  
son street from Cinnaminson ave-  
nue, Palmyra.

The Associated Republican Clubs  
of Burlington County at their  
monthly meeting Monday night in  
Mt. Holly passed a motion of sup-  
porting Senator Clifford R. Powell  
for Governor.

Mrs. Alma M. Evans spent Mon-  
day in Atlantic City.

Mrs. B. G. Cook was last week's  
winner in the stocking club run by  
Mrs. Lewis Bell.

Mr. and Mrs. Clifford Nesbitt,  
of Riverton, and Mr. and Mrs. George  
Mount, of Beverly, spent Sunday in  
Cranbury.

Mr. and Mrs. Claude Barto, of  
Thomas avenue, entertained a num-  
ber of friends at a lawn party Sat-  
urday afternoon and evening.

Miss Elizabeth Bishop, of Phila-  
delphia, spent the weekend with her  
cousins, the Misses Bishop, of Thomas  
avenue.

Mrs. Edna Oliver, of Lippincott  
avenue, and Mrs. Roberta Leedom,  
of East Riverton, were the winners  
in the stocking club run by Mrs.  
Lewis Bell.

Miss Margaret Heisler is home  
from Swarthmore College for the  
summer vacation.

Mr. and Mrs. Merle Schaff left  
Wednesday for Colorado for a short  
visit. Their daughter, who has been  
a student in the San Luis School  
there, will return with them.

Mrs. Jensen, of Florida, formerly  
of Palmyra, has been visiting friends  
in Riverton and Palmyra for the  
past ten days.

Evan W. Stover, of Florida, is  
spending several days in Riverton  
visiting friends.

EPWORTH M. E. CHURCH  
Rev. William A. Boyd, Pastor  
"Father's Day" will be observed  
in our church this Sunday. "Power  
to See It Through" will be the sub-  
ject of the morning sermon by the  
minister, Rev. W. A. Boyd. Music  
will be furnished by the senior  
choir. This service will begin at  
eleven o'clock.

Dr. Leigh Colvin, National Prohi-  
bition candidate for the Presidency  
of the United States last year, will  
be the speaker in the evening ser-  
vice at 7:45. We invite the general  
public to come hear this outstanding  
Christian leader. He has a great  
message. During this service we  
shall render our tributes to "Dad."  
Come hear the young people and  
also Dad's chorus.

The church will join with the  
church school for a general picnic  
at Camp Ockanickon, Saturday, June  
19. All members of the church and  
the church school are urged to go  
along and make this a real church  
outing.

**FIRST LUTHERAN CHURCH**  
Rev. Harold L. Creager, Pastor  
The Children's Day service will  
be held at 10:30 and will take the  
place of the Sunday School and  
Church service.

Members of the Sunday School  
will present a pageant entitled, "The  
Garden of the King."  
There will be no evening service.

## TRAFFIC DEATHS SHOW INCREASE

**Magee Repeats Need for Added  
Highway Patrol and Motor  
Law Enforcement**

Reiterating the need for increased  
local highway patrol and enforce-  
ment of the traffic and motor ve-  
hicle laws, Motor Vehicle Commis-  
sioner Arthur W. Magee said on  
Monday that traffic fatalities in New  
Jersey at the end of the first four  
months of the year were greater  
than any comparable period in the  
past six years.

The number killed this year is 380,  
which is 139 more than in the same  
months of last year, an increase of  
57 per cent.

Only three of the 21 counties re-  
duced fatalities in the four months  
period. They were Cumberland,  
Sussex and Warren—all strictly  
rural—while only one county, Mon-  
mouth, showed no change over last  
year.

Essex county traffic deaths in-  
creased 100 per cent as did Somerset  
county while in Union county the  
rise was 106 per cent; in Middlesex  
117 per cent; Camden 79 per cent;  
Atlantic 80 per cent; Hudson 43 per  
cent and Mercer 40 per cent.

Hundreds Injured  
"The accident experience over  
Memorial Day when eighteen per-  
sons were killed and hundreds in-  
jured, when traffic on some of the  
important state highways was con-  
gested and at times at a standstill  
for hours, is proof of the need for  
increased patrol and enforcement,"  
said the commissioner. "It was the  
biggest outpouring of motor vehicles  
the state has ever witnessed. Even  
highways in the rural counties which  
seldom know traffic problems in the  
same sense as the heavier populated  
areas, teemed with cars until the  
early hours of the morning. Under  
such circumstances it was a miracle  
that more people were not killed or  
injured."

"I have preached, and will con-  
tinue to preach, that the traveling  
public is entitled to better protection  
than it is receiving at the present  
time. The millions of dollars paid  
each year by the motorist in regis-  
tration and license fees, together  
with gasoline taxes, should insure  
him safe and unimpeded movement  
over the highways that his money  
has built. He deserves better pro-  
tection against the careless driver  
and he can get this only through  
increased road patrol and uniform  
enforcement of the laws."

Patrol Not Adequate  
"Very few highways in New Jer-  
sey today are adequately patrolled.  
Yet there is no more staple influence  
on the good and bad driver alike  
than the presence of a police officer  
out in the open. By his very pres-  
ence it encourages the good driver  
that the arm of the law is riding  
along with him, and it serves a  
warning to the bad driver that the  
law is ready to pounce on him at  
the first sign of recklessness."

"Unless local authorities meet  
their responsibilities in this respect,  
the year 1937 will break all existing  
records for accidents, deaths and  
injuries."

**CHRISTIAN SCIENCE CHURCH**  
"God the Preserver of Man" will  
be the subject of the Lesson-Sermon  
in all Churches of Christ, Scientist,  
on Sunday, June 13.  
The Golden Text is: "In God is  
my salvation and my glory; the rock  
of my strength, and my refuge, is  
in God" (Psalms 62:7).

Among the citations which com-  
prise the Lesson-Sermon is the fol-  
lowing from the Bible: "Blessed is  
the man that trusteth in the Lord,  
and whose hope the Lord is. For he  
shall be as a tree planted by the  
waters, and that spreadeth out her  
roots by the river, and shall not see  
when heat cometh, but her leaf shall  
be green; and shall not be careful  
in the year of drought, neither shall  
cease from yielding fruit" (Jeremiah  
17:7,8).

The Lesson-Sermon also includes  
the following passage from the  
Christian Science textbook, "Science  
and Health with Key to the Scrip-  
ture" by Mary Baker Eddy: "Spirit  
duly feeds and clothes every object  
as it appears in the line of spiritual  
creation, thus tenderly expressing  
the fatherhood and motherhood of  
God" (p. 507).

## AGRICULTURIST AT ROTARY CLUB

Dr. Frank Knowles, of Rutgers,  
Tells of Changes Over  
50 Year Period

Dr. Frank Knowles, agricultural economist at Rutgers University, gave the Palmyra-Riverton Rotary Club last week an interesting account of the changes that have occurred during the past 50 years. Using 1910 as normal, Dr. Knowles exhibited a series of charts which told graphically just what has taken place.

The low point in number of farms in the county came in 1930, with a drop of 20 per cent below normal, compared with 7 per cent above normal in 1900. Since 1930, however, there has been a substantial recovery. Production of oats, wheat and rye showed even greater drops. In 1890, for instance, there were six times as many acres of oats grown as in 1910, but in 1935 there were only one third as many as there were even in 1910.

Grains Decrease  
Much of the acreage used for grains has been given over to fruit and vegetables. Of the latter, there are more than twice as many acres under cultivation than in 1910. Horses, mules, cows and swine all show marked downward trends but it is noteworthy that in production of milk the county output is 63 per cent greater than in 1910, but with 6 per cent fewer cows. No state has made more rapid progress in the development of its dairy resources than New Jersey—no county more than Burlington, which supplies 10 per cent of the state's output.

Cranberry Production  
Burlington county is the leading cranberry county of the state, and New Jersey is the second cranberry state of the Union.

Of all the agricultural wealth produced in this country, Burlington county contributes one-tenth of 1 per cent. But it must be remembered there are some 3000 counties making their contributions to the total. In New Jersey, Burlington county contributes 10 per cent of the agricultural wealth of the state.

Dr. Knowles believes that fewer and larger farms will be an outgrowth of the demands of the next twenty years and that they will be devoted largely to vegetables, fruit and poultry.

## PALMYRA A. O. M. P.

Palmyra Assembly will hold its regular meeting next Tuesday night, June 15, at which time the entertainment will consist of the famous baseball pictures. An effort is also being made to have some big league baseball players present and help amuse the audience.

This will be Father and Son night. All Artisans are invited to come and bring their sons, and all junior Artisans are asked to bring their dads. The pictures show how baseball progressed from the beginning down to the present day, and also some of last year's world series games, and is said to be very interesting to both sons and fathers.

There is still time for members to get candidates in order to attend free the producers' dinner at the Old Mill Inn on June 24th.

The Artisans' moonlight excursion will take place on June 23, leaving Chestnut street wharf, Philadelphia, at 8:45 in the evening.

## P. O. OF A COVERED DISH SUPPER TONIGHT

The Fannie E. Reeves Junior Circle, P. O. of A., will hold a covered dish supper tonight (Thursday) in P. O. S. of A. Hall, Palmyra, promptly at 6 o'clock.

All members are requested to be present and to bring a covered dish for the supper.

Many millions of people today know that there is no superior race. Whether we like it or not, the anthropologists insist that there is no pure race—we are mongrels! No, that is wrong, mongrels is a misnomer—we are humans. There is actually only one race—James H. Yard in the Christian Century.

More than 6000 women doctors are on the medical register in Great Britain this year.

## EARL DESHIELDS DROWNED IN RIVER TUESDAY EVENING

Earl Deshields, 18, of Broad street and Bellevue avenue, East River-

ton, was drowned Tuesday evening while swimming in the Delaware river just off Taylor's shore. Swimming with Deshields at the time were James Coleman, Lester Herbert, William Coleman, Benjamin Ray, Edward Morton and Charles Scales.

The accident happened at five o'clock and the body was not recovered until 8:15.

Four boats put out to the rescue, manned by members of the Riverside Fire Company.

Frank Frazier, Arthur Knight, Sr., and Arthur Townsend were in the boat that finally located the body. These men are all members of the Riverside Fire Company.

Cornet John Swartz issued a certificate of accidental death by drowning. The body was taken to the Spover Funeral Home.

Deshields was a member of the sophomore class at Palmyra high school and a pitcher on the varsity baseball team.

Members of a newly formed women's society in Canton, China, pledge themselves never to marry and always to wear old-fashioned clothes.

Senior recessional, "Priests' March," Mendelssohn, high school orchestra.

## HOME FORUM RADIO PROGRAMS

Continuing its series of broadcasts dedicated to the problem of "Enlarging Our World," the Home Economics Extension Service of Rutgers University will present three Homemakers Forum programs over Station WOR this month. These broadcasts, the first of which will be heard next Wednesday at 3:15 p.m., will be given on successive Wednesday afternoons for the remainder of June.

Familial dramatics, gardening, amateur photography and other activities which offer a means of developing broader interests for both children and adults in the world of today will be discussed in these 15-minute broadcasts. The program for the month follows:

June 16—"Gardening Is Fun"—Ben Blackburn, extension specialist in landscape gardening, New Jersey College of Agriculture.

June 23—"How to Use Your Camera"—Dr. Milton W. Taylor, president, Raritan Photographic Society, New Brunswick, N. J.

June 30—"The Summer's Ahead"—Mrs. Marion F. McDowell, extension specialist in child training and parent education, New Jersey College of Agriculture.

A new life is, in this age, stirring within all the peoples of the earth; and yet none hath discovered its cause, or perceived its motive.

—Baha'u'llah.

## 27th REUNION OF "LUCKY THIRTEEN"

Held at Home of Mr. and Mrs.  
F. A. Mathews: Eleven  
Members Present

On Saturday afternoon, June 5th, a reunion of the Lucky Thirteen Club was held at the home of Mr. and Mrs. F. A. Mathews, in Riverton. Twenty-seven years ago a group of Palmyra's younger set of girls formed a sewing circle, there being thirteen of them, thus they derived the name "Lucky Thirteen."

For 27 years these girls have held monthly meetings. Many have married and left this community, but all were present with their husbands and families with the exception of two, Miss Ellen Atkinson, who passed away several years ago, and Mrs. Helen Mattis (nee Apple) who is in Florida.

Those Present  
Those at the reunion were:

Mr. and Mrs. Frank A. Mathews (nee Carol Becker) and their children, Jack, Billie, Polly, Frank, Jr., and Carol Anne.

Mrs. Benjamin Hardy (nee Bertha Joyce).

Mr. and Mrs. Robert Dodge (nee Mabel Stager) and their son Robert.

Mr. and Mrs. Harold B. Gilpin (nee Marion Reber) and their son "Sonny."

Mr. and Mrs. A. F. Bonsal (nee Jennie Weart) and their children, Dick, Peggy and Carol.

Mr. and Mrs. A. J. Wilkinson, Jr., (nee Frances Weart).

Misses Edna and Florence Forrester.

Misses Adaline and Virginia Seel and Mr. Joseph G. Seel.

Mr. and Mrs. Thomas Braddock (nee Ethel Mattis) and their son, Thomas.

Mr. and Mrs. Harry Mansfield (nee Helen Thatcher).

Mr. and Mrs. G. Harold Baker (nee Carrie Jackson) and two of their children, Harold Jr., and Dorothy Jane.

A very pleasant afternoon was spent, the fathers and sons staging a baseball game, after which a picnic supper was served on the lawn. Mrs. F. A. Mathews, Sr., and Mr. and Mrs. Thomas Becker were also present.

## THE GOAL OF A NEW WORLD ORDER

Mountfort Mills, a member of the New York Bar, will describe "The Goal of a New World Order" Sunday evening, June 13th, at St. James Hotel, 13th and Walnut streets, Philadelphia, room 314.

This meeting is in commemoration of Abdul-Baha's visit to Philadelphia in 1912, when he spoke at Baptist Temple and other places.

Mr. Mills has conducted matters before the League of Nations, has lived for several years at Haifa, Palestine, and is well qualified to speak on the new world order as envisioned by Baha'u'llah.

## STRUCK BY CAR, NO INJURIES

Norbert Miller, 14, of 130 Webster street, Riverside, and Jack Kenney, of 131 Spring Garden street, also of Riverside, were hitch-hiking to Riverside after attending the Palmyra movies last Friday night, when Miller was struck by a car owned and driven by John A. McKeon, of 138 Polk street, Riverside.

A car in front of McKeon had halted to pick the boys up directly in the middle of the road. McKeon, in order to avoid hitting the front car and one coming down river road, took the path between the stopped car and the telegraph poles. The boys becoming frightened jumped back from the stopped car directly in front of the car driven by McKeon.

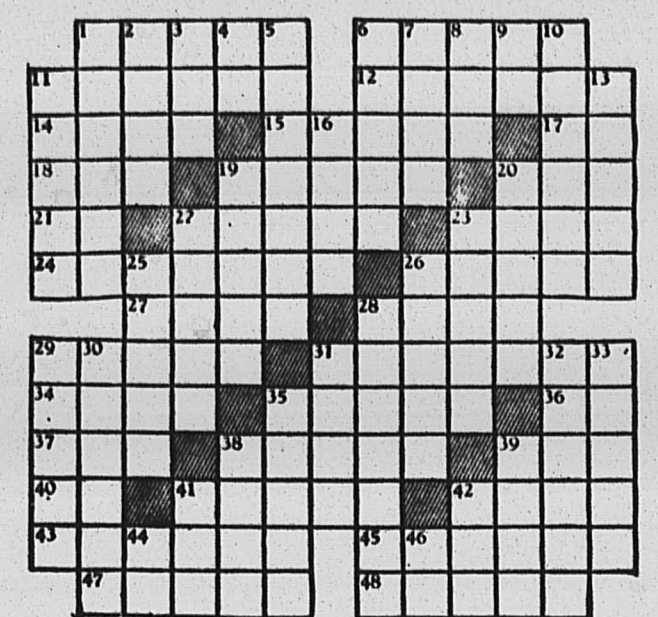

Miller was taken to Dr. Harry L. Rogers by Chief of Police William Gootee, and pronounced uninjured with the exception of a few scratches.

The case was investigated by Cinnamon Chief of Police George Norworth, who arrested McKeon for driving without a license. When arraigned before Recorder Bowers, McKeon paid a fine and costs.

China now has 312,500 miles of postal routes.

RESTORATION OF  
QUAIL EMPLOYS  
BULK OF FUNDS

Better hunting and fishing throughout New Jersey can be materially enhanced through the cooperation of sportsmen and sportsmen's clubs in aiding game wardens curb law violations by educational efforts and the destruction of vermin, Commissioner Charles P. Keighley, of Pittman, a member of the State Board of Fish and Game Commissioners, announced recently. Restoration of the supply of quail in South Jersey and the large task of restocking the woods, fields and waters of the state annually, is taxing the capacity of the State Fish and Game Commission, with the funds available. Commissioner Keighley declared.

Additional funds are needed from some source if the commission is to maintain its present efficiency and increase it from year to year, the commissioner said. A special deer hunting license, separate from the present general hunting license, would help a lot, he said, if utilized for the direct benefit of the sport and for warden service.

## YOUR GARDEN

WHAT TO DO THIS WEEK  
By A. C. McLean  
Extension Service, N. J. College of Agriculture

The planting of bedding stock should be finished now and also the sowing of annuals for late flowering. Very often annuals sown at this season do better in late fall than those that have been started earlier and which furnish a mass of summer bloom.

Zinnias and marigolds sown in June will produce good September bloom. However, in sowing the seeds during hot weather the surface of the ground should be watched carefully to see that it is moist but neither too wet nor too dry. Seeds resent too much water as well as not enough. Select a well drained spot and then shade the ground with burlap or some other material to hold the moisture on the surface. An alternative is to sprinkle the ground lightly at least once a day until the seed is up. When the plants have rooted there should be no more difficulty, provided moisture is not entirely depleted from the soil. Remember that the soil dries out very rapidly at this time of the year and when sown as late as this many seeds are killed by drying out in the process of germinating.

If weeds in the garden are kept down until the first of July little difficulty will be encountered. Crabgrass in lawns will continue to cause trouble later in the season, however.

RADIO GARDEN  
CLUB PROGRAM

The Radio Garden Club programs to be broadcast over WOR and other stations of the Mutual Broadcasting System during June will observe the traditional month of roses with a series of discussions not only on roses and their care but also on other plants and garden activities of particular interest at this season, according to an announcement made here today. The Agricultural Extension Service of Rutgers University presents these 15-minute discussions on gardening for the amateur on Tuesdays and Fridays at 3.15 p.m.

NEW ALMSHOUSE  
PLANS APPROVED

Structure to Cost \$144,919, To Be Built of Brick; Entirely Fireproof

Plans for a new Burlington county almshouse were approved at a meeting of the Board of Freeholders held last Friday afternoon, the proposed structure to cost about \$144,919. The building which is to be constructed will house 170 patients and 17-20 attendants. It will be of brick and fireproof throughout. The structure will be of a colonial type, U-shaped, the wings being 42 x 72 feet, with the main portion having the dimensions of 142 x 197 feet.

Roof to Be Used  
The plans provide for a six-foot parapet around the flat roof which is designed so that it can be used by the patients. Two staircases are provided, with an elevator in the center of the main portion of the building.

Provision is made for a suitable foundation in the event that a third story is added at some future date.

Kelly Gets Job  
A resolution was passed which authorized Colonel Hugh A. Kelly to prepare working drawings for the structure and provided that the architect's contract be signed by the proper officials when funds are available.

The plans, which are the fifth set placed before the board, are revised somewhat from those prepared by Director Palmer L. Adams. In expressing his approval of the \$145,000 building, Freeholder Walter D. Lamson stated that he wished to make it clear that he had never approved a \$300,000 building and that this was the first time the matter had been voted upon.

Financing  
A proposed bond issue of \$230,500 was given final approval by the board. This is the highest amount considered necessary to completely equip the institution. The amount of the pending federal grant is \$112,500.

Resolutions were also passed which authorized the purchase of a 150 gallon pasteurizing outfit at a cost not over \$899, and \$855 to construct an addition to the present milk house to make room for the new apparatus.

ROBERT MALLORY IS  
AWARDED REGIONAL  
M. I. T. SCHOLARSHIP

A regional scholarship has been awarded to Robert Arthur Mallory, a senior in Palmyra High School, to the Massachusetts Institute of Technology. The scholarship carries with it the full amount of tuition for the freshman year and the possibility of further assistance in subsequent years.

A number of well-qualified candidates from a dozen schools applied for the scholarship. These candidates appeared before a committee composed of the dean and the assistant dean and some other faculty members of the Massachusetts Institute of Technology, as well as the chairman of the regional scholarship committee and other alumni representatives. Each boy was called in to conference several times and was given what might be termed an oral examination and personal interview.

Mr. Mallory and another candidate from Radnor High School in Philadelphia, were awarded the regional scholarship.

The Massachusetts Institute of Technology, at Cambridge, is one of the most outstanding institutions of its type in the country, and a scholarship from that institution is considered an exceptionally high honor.

Mr. Mallory is the son of Mr. and Mrs. Charles Mallory, of 902 Highland avenue, Palmyra.

VICE PRESIDENT  
OF SCOUT COUNCIL

At the board meeting of the Burlington County Council, Boy Scouts, held recently at the home of E. Newbold Cooper, Riverton, President J. Aubrey Sutton appointed Edward A. Mechling as vice president of the council to fill the unexpired term of Dr. Fred C. Langenberg. Mr. Mechling has been closely associated with scouting in this council for the past 15 years.

FLAG DAY IS OBSERVED HERE

The 160th anniversary of Flag Day was observed locally on Monday, June 14, with an abundant showing of the national colors.

Places of business were generally decorated and many private homes displayed flags. The main streets of Riverton were lined with the Stars and Stripes which are set in standards on holidays.

These flags were purchased by the Riverton Chamber of Commerce several years ago, and they are displayed on holidays by order of the Riverton Borough Council.

NO OPPONENTS TO  
SEWER EXTENSION

Ordinance Has Final Reading; Attractive Program Is Planned for 4th

The public hearing on the proposed sewer extension, in Riverton, scheduled for last Thursday night, failed to interest local citizens, as no one was present to speak for or against the proposal, at the meeting of Riverton Council held on that evening.

The project, which passed its second, third and final reading calls for sewer construction on portions of Morgan avenue, Front street, Second street and Thomas avenue.

Plans for Fourth

Councilman Robert W. Knight, chairman of the Fourth of July committee, spoke briefly concerning the plans for the day and introduced Drexel P. Patterson, Commander of Post Frederick W. Rodgers, American Legion, who told of the program which he had arranged at the request of Mr. Knight.

Mr. Patterson said that arrangements had been completed to have three outstanding junior drum and bugle corps present for the day.

MANY SCOUTS AT  
CAMP REUNION

Over 300 Attend Affair; Troop 5, of Palmyra, Receives Camporee Prize

Over 300 Scouts and their parents and friends attended a picnic and camp reunion that was held at Camp Mahala on Saturday. In the fore part of the afternoon an inspection was made of the camp and the many improvements. Cabins and equipment were viewed with a great deal of interest by the parents and the Scouts. A water program consisting of canoe races, swimming, and diving was run off under the supervision of Albert E. Lee, who will be the water front director on the camp staff this summer. He was assisted by Marshall Gill, assistant water front director. Earlier in the day members of the Order of the Arrow, under its officers, V. Larwood Caldwell, Burd Schoener, Howard Martin and John Stokes, put the camp in order and prepared for the inspection.

Camp Fire Program

Many families present enjoyed picnic lunches on the shores of the lake and at various points on the campus. This was followed by athletic sports which included base ball, volleyball, and quoits, under the direction of Scoutmaster William B. Gibson. As dusk began to fall parents and scouts were seen to wend their way to the camp fire circle (continued on page 2)

## Famous Dog Team Here

The famous transcontinental dog team owned by Mr. and Mrs. P. J. Carroll, of Hazelton, British Columbia, stopped for a short time near Lakeview Memorial Park, on Tuesday afternoon.

Mr. and Mrs. Carroll started from Ootsa Lake, near the Alaska boundary in British Columbia, in March, 1936, with Halifax, Nova Scotia, as their destination, a mere trifle of 6,000 miles.

Their six huskies, part wolf and part St. Bernard, haul a sledge mounted on wheels, which contains all camp supplies. These dogs receive the best of care and appear none the worse for their long trek. They are equipped with soft leather

NO DAMAGE HERE  
IN RECENT STORM

Although several nearby communities felt the brunt of the electrical storm on Monday night, no damage was reported in Riverton or Palmyra.

The lightning was particularly vivid and several bolts apparently descended hereabouts, but neither electrical nor telephone service were disrupted.

PALMYRA PLANS  
FOR BIG FOURTH

Many Events Being Arranged By Committee Headed by T. Curtis Flynn

The Palmyra Fourth of July Committee, under the chairmanship of T. Curtis Flynn, is rounding out plans for an elaborate program to be held in that community on Independence Day for the benefit of local citizens and especially the younger folk.

Envelopes for donations to meet necessary expenses have been distributed and will be collected later in the week. Palmyra residents are urged to contribute as generously as possible in order to assist the committee in making the day a success.

Program

The program, as arranged to date follows:

9 a.m. Parade forms at Weart Boulevard. Line of march: Down Broad street to West Palmyra, counter-march to Elm avenue and thence to the Grove, where prizes will be awarded. Practically all local business organizations will be represented in the procession. A band concert in the Grove will follow the parade.

1 p.m. Athletic events, South Broad street, between Cinnaminson and Morgan. Several novelties are included and prizes will be given. Band concert after athletic contests.

8 p.m. Dancing in K. of C. and P. O. S. of A. halls. Music will be furnished by two well-known orchestras.

Committee Meeting

Mr. Flynn wishes to announce that there will be an important meeting of the celebration committee at 8 o'clock this (Thursday) evening, at police headquarters, Palmyra. All members are especially urged to attend.

\$50,000 FOR CHANNEL MAINTENANCE IN RIVER

An allotment of \$50,000 for dredging work in the Delaware River, between Philadelphia and Trenton, was recently approved by the War Department.

The funds will allow workers to maintain the channel at the authorized depth of 30 feet, which is necessary for heavy commercial traffic.

## MISS McCracken HAS CAMP POST

Will Be in Charge of Senior Area at Matollonequay; Other Officials

The group of women from the same four counties that own and operate Camp Ockanickon, which has responsibility for the operation of the girls' camp on the upper lake portion of Ockanickon's 530 acre tract, known as the Matollonequay committee, announces that when the girls' camp opens at Camp Ockanickon this summer, July 7th, for a six-weeks' period, Miss Fern McCracken, teacher of English and coach of dramatics at the Moorestown High School, will be in charge of the senior areas this summer, succeeding Miss Eloise Bryan, former principal of Cinnaminson Public School. Sincere regret is felt by the ladies' committee of Camp Matollonequay that Miss Bryan cannot return, but added responsibilities and duties in connection with her new position as helping teacher of Burlington County will make it impossible for her to give up six weeks of her summer to camp work.

Miss McCracken comes to camp with the highest recommendation from the principal, Dr. Mary E. Roberts.

Miss Carolyn J. Nice, well known in Moorestown for her efficient efforts in caring for all girls' activities, will also be at camp in charge of horseback riding for about four weeks.

### New Tent Houses

Developments are rapidly taking place at the new camp. Six new tent houses have been built in the junior area, a new infirmary, fine board floors for the tents in both middle and senior areas are being made, and an excellent swimming beach has been completed after much strenuous effort on the part of the well-known George Foster and a corps of men. The building on the old upper lake camp has been enclosed and screened for the use of the seniors. The setting for their camp will be much the same as at the original Camp Ockanickon, being across the lake from the younger girls so that their program may go on a bit more independently.

### Competent Nurse

The camp has obtained the services of a competent nurse, Miss Eleanor Brooks. She is a graduate of the University of Delaware and of the Children's Hospital of Philadelphia.

Miss Birgitte Rod, of Camden, will have charge of the middle area, and Miss Betty Bixen, of Haddonfield, will have the juniors. The excellent swimming instructor, Miss Emma Keith, of Blackwood, will return and take over the responsibilities of the water department. Miss Ruth Leaming will again be in charge of the camp car, and Miss Dorothy MacLaughlin will be responsible for craft work as formerly.

### Invitation Extended

Mrs. Martin, an efficient caterer in Haddon Heights and Collingswood and dietitian for the Haddon Heights High School, comes highly recommended to the girls' camp as cook and general head of the kitchen and dining hall.

A cordial invitation is extended to anyone who is interested to visit the camp where the highest ideals in daily living are constantly upheld and where fun and well organized activities under the most carefully selected supervision are carried on.

### SPEAKS AT FLAG DAY EXERCISES

Rev. Harold L. Creager, pastor of the Palmyra Lutheran Church, delivered the principal address at exercises held on Flag Day at Memorial Hall, Burlington. His topic was, "Our Flag, the Banner of Human Rights."

The public observance in that community was in charge of Burlington Lodge of Elks, No. 996.

The Inns of Court refer to the legal bodies to which all English barristers must belong and include Lincoln's Inn, the Middle Temple, the Inner Temple and Gray's Inn.

## DAILY SCHEDULE AT YWCA CAMP

The daily schedule for Camp Shining Arrow, the Burlington County YWCA day camp to be conducted next month on a branch of the Rancocas Creek near Cotoxan, has been announced by the county camp committee, of which Miss Hannah Severns, of Moorestown, is chairman.

The camp, which will be in session each Tuesday, Wednesday and Thursday from July 6 to 30, will open at 8.45 a.m. daily with registration. The camp circle will be formed at 9.15, and beginning at 9.30 there will be an hour of swimming instruction. Groups in nature study, handicraft, canoeing and the like will take up the remainder of the morning, with lunch at noon. There will be a rest hour and counselors' discussion until 1.30 p.m., with the following hour devoted to other interest groups. Campers and counselors will enjoy an hour's swim until 3.30 p.m. and a camp sing will precede the start for home at 4 p.m. The purpose of the day camp, as expressed by the camp committee, is that it should be "an introduction to camping experience, in which the campers learn to discover themselves in relation to a group, to share responsibility and to express themselves in a free, natural environment. This is accomplished through activities which help campers to understand and feel at home in the outdoors."

## MANY SCOUTS AT CAMP REUNION

(continued from page 1)

where a camp fire program was held under the direction of John B. Stokes, Jr., program director of the camp. F. Wallis Armstrong, Jr., of Moorestown, chairman of the camp committee, talked to the scouts and parents on the many things that were being improved around the camp for this coming season.

### Palmyra Troop Wins

This was followed by the presentation of awards to the winning troops in the camporees that were held recently, by V. Larwood Caldwell, chief judge. The awards were presented to Troop 32, Burlington; Troop 17, Mt. Holly; Troop 5, Palmyra; Troop 4, Moorestown, and Troop 19, Delanco. Following these awards, training course certificates were presented by Scout Executive George A. Darlington to the following scout leaders in the council who had completed their course in scout leadership: William B. Gibson, Palmyra; James Moore, Moorestown; Herbert Scilly, Maple Shade; Herbert Bloomer, Maple Shade, and Amos Hope, Burlington.

After the award some of the old camp songs were sung in the fire-light and the first camp-fire of the season was brought to a close by all present standing and joining hands and singing "Taps," followed by the scout benediction given by John B. Stokes, Jr.

At the present time there are only 66 more spaces available at camp. The second week is filled to capacity and everything is in readiness for the scouts when they come.

## FOOD COSTS ARE STILL GOING UP

June brides, sternly resolved to budget household expenses, and faced with soaring food prices, are tempted to wonder where their money goes.

Careful buying with an eye on food products which are wholesome as well as inexpensive will keep brides, as well as more experienced homemakers on a "planned economy." However, with consideration for retail prices and a little ingenuity, nutritional substitutes for costly foods may be placed on the menu with only the housewife the wiser.

The average retail price of 83 food articles in New Jersey, according to the State Department of Agriculture, was 4.72 per cent above the May, 1936 price. The average May, 1937, price of 69 commodities compared with the price of the identical commodities during May, 1936, was 37.78 per cent higher.

Two years are needed for a parlor game to reach its popularity peak, says a United States game manufacturer.

## NEW ALMSHOUSE PLANS APPROVED

(continued from page 1)

### New Ice Machine

Walter T. Stewart, superintendent of the county hospital for insane, reported that the ice machine at that institution was in very poor condition, being a rebuilt outfit when purchased 25 years ago. He advised that it was impracticable to repair the present equipment and recommended the purchase of a new machine.

The board authorized the expenditure of \$980 to obtain a new ice making plant.

### Highway Equipment

Freeholder Albert C. Jones, director of highways, was given authorization to submit prices for the approval of the board on several pieces of equipment to replace that which has become worn out because of age. These items included two 5-ton trucks, seven 1½-ton trucks, one 1½-ton bus, one sweeper, one grader and one gas truck.

A delegation from Florence Township appeared before the board to inquire what action had been taken to improve the hazardous condition of Front street, Florence, a county road.

Frank P. Peacock, a member of the township committee, reviewed the discussions which had taken place on this subject since January 28, of the current year.

Freeholder Jones stated that the matter would be given attention in the near future now that funds had been released last week by the state for roadwork. He said that the project was on the county schedule in the amount of \$13,000.

The following bills were approved and ordered paid: Revenue and finance, \$5,770.16; highway, \$15,717.79; public affairs, \$9,087.38; buildings, \$2,367.22, a total of \$51,782.85.

## RIVERTON TIES GERMANTOWN

Scores Twice in Seventh to Knot Abbreviated Game at the Count of 5-5

Staging another Custer's last ditch rally, Riverton came from behind in the final inning to earn a 5-5 deadlock with Germantown, in an engagement played Tuesday night at Palmyra Recreation Park, the game being called at the end of the seventh on account of darkness.

### Zimmer in Form

Zimmer was on the hill for the locals and was in fine form, giving the opposition only five safe singles and sending 12 back to the bench via the strikeout route. He deserved a better fate, all of the runs of the enemy being unearned.

Riverton had no difficulty in solving the offerings of Rhan, enemy twirler, and combed his slants for 10 blows, four of these being for extra bases. Failure to hit in the pinches, however, resulted in eight of the locals being stranded on the paths.

### Rally Ends Abruptly

Going into the seventh two runs behind, Baker, first man up, slammed out a single. Foulke fled out, but Bright kept things going by jostling out another one-baser. Both runners advanced as Easley grounded out. Sutters brought both runners home as he blasted his second bingle of the evening. The fire was put out rather abruptly, however, as the latter was trapped between third and home.

Plant lice are particularly abundant this year and the gardener must plan to attack them as soon as they are discovered. Give infested plants a good spraying with either nicotine or pyrethrum solutions. The pyrethrum spray will prove more effective if mixed with soap. Rotenone dust may also be used.

## YOUR GARDEN

### WHAT TO DO THIS WEEK

By A. C. McLean  
Extension Service, N. J. College of Agriculture

Warm weather means summer gardening practices for borders and flower beds. If the gardener has done his spring work well there should be little trouble with weeds, and the main chore now is a regular cultivation of the soil to keep the weeds down and to maintain the surface soil in a loose condition so that it does not bake. Remember that light cultivation is best. Insect pests and plant diseases must be guarded against with continual watchfulness.

A mulch of peat moss, finely cut straw, salt hay, or some other material will protect plants and result in a saving of labor during the summer. Most plants do very well under mulch conditions, although many gardeners do not like this unsightly appearance. Some mulches make in the garden. However, a light mulch is of undeniable benefit.

### Stake Tall Plants

Tall plants should be staked at once, for summer storms will do much damage later on. To stake plants after they have been blown down by a hard wind and rain is not only a very difficult task, but it frequently results in breaking the stems. So, take care of this chore now. Wire stakes, made of number eight or nine wire, and light bamboo or wooden sticks may be used to advantage. The main thing is to tie the plants securely but not too tightly. Raffia is a good material to use for tying.

Remove all faded blooms from herbaceous perennials, roses and other flowering shrubs. The plants will do better and borders will have a more attractive appearance. It is devaluing for the plant to set seed, and this can be dispensed with to good advantage unless the gardener wishes to collect some seed for future use.

Annuals for fall bloom may still be sown, although they will need considerable care. The gardener who wishes to raise his own plants can set up a frame in a shady place and make cuttings. Maintain good growing conditions and keep the cuttings from wilting. Some gardeners have had success using the root producing substances advertised commercially. Remember that the cuttings must always be kept in a healthy condition until roots are produced.

## Baseball In Riverton

The Riverton baseball team is playing games at Memorial Park on Wednesday evenings and Saturday afternoons and, to date, the club has a very creditable record on the home field.

Composed of a sprinkling of veterans and a number of younger players, the team has displayed a brand of ball which should deserve the support of all local fans.

The management is endeavoring to book opponents who will guarantee diamond enthusiasts a good afternoon or evening's pastime. Riverton may not always win, but you can be certain that the boys will be in there trying until the final out, as several ninth inning rallies will testify.

No admission is charged for the games, but a collection is taken. It costs money to run a ball club and to bring out-of-town teams to Riverton. When the hat or cigar box comes your way, dig down and help the fellows out. Remember, they don't get paid for playing and they'll appreciate your contribution to help meet necessary expenses.

## BURKE & EISLEY WIN CLOSE GAME

Nose Out Tak-Abost By 9-8  
Count; Askew Defeats  
Collins 6 to 4

Burke & Eisley ran true to form and maintained their unblemished record by trimming Tak-Abost Monday night, but only after the Beveragers rally in the late innings fell short of knocking the score by a single run, the score of the fracas being 9-8.

Askew moved into fourth place, taking Collins by a 6-4 count in the other engagement of the evening.

### Oilers Start Strong

Burke & Eisley started as though they were out to make the affair a track meet, compiling a total of seven markers in the first two frames. With this lead, the unbeaten aggregation appeared to get a trifle careless and, at the end of the fifth canto, the Boosters had picked up five runs. B. & E. tabbed another in the seventh, and Tak-Abost tallied a pair in the following frame to make the count read 8-7.

### Score in Ninth

The Oilers coined another marker in the ninth, just to make sure of things, but the opposition, not to be outdone in this matter, brought their total to eight as Sacca poled one into the great open spaces. Henson then singled, but this was the last gasp, as Burke & Eisley retired the side without further ado, thus annexing their fifth straight win.

Score by innings:  
Burke-Eisley 2 5 0 0 0 1 0 1—9  
Tak-Abost 0 1 2 0 2 0 2 1—8  
Batteries—Burke & Eisley: Richmond and Bonatelli. Tak-Abost: Henson, Kessler and E. Hubbs. Umpires: Carhart, Johnson and Alloway.

### Askew-Collins

The Collins clan and Askew hooked up in a tight battle, with the count being tied at four all as late as the eighth inning.

Collins jumped into a three run advantage by scoring a singleton in the opening stanza and nabbing a pair in the third. They added their final run in the fifth.

Getting off to a late start, the green-shirted Askewites pecked away at this lead and finally drew on even terms in the sixth.

### Take Lead

The eighth frame spelled ruin for the Collins entry, as Askew added two to their total and slid over the line with this margin.

Each team smote the spheroid for a total of 11 bingles, but Askew managed to employ theirs to better advantage.

Score by innings:  
Askew 0 1 0 0 2 1 0 2 0—6  
Collins 1 0 2 0 1 0 0 0—4  
Batteries—Askew: Knight and McDermott. Collins: Long and W. Oliver. Umpires: Rotenbury and Richman.

### From the Sidelines

Eisley, B. Hubbs and Baker hit for the circuit in the B. & E. Tak-Abost game, but Sacca's clout was the Big Bertha of them all.

Dopesters are rather shy on quoting odds for the coming games among the Big Three.

All indications point to a record-breaking attendance tonight when the A's meet the Oilers.

After getting away to a poor start, Askew looks like a hustling ball club and should give the Big Three some tough moments during the second half of the season.

If the second division clubs are able to put their regular teams on the field consistently during the latter half of the season, the race should be considerably closer. Collins, especially, looks a lot better than the standing would indicate.

The New Era is featuring, for the month of June only, RYTEX VELLUM Printed Stationery, that supreme writing paper, in White, Guards Grey, Biege and Windsor Blue. 200 single sheets, or 100 double sheets, or 100 note sheets and 100 large baronial pointed flap envelopes, with Monogram or Name and Address for only \$1.00. ## BASS FISHING STARTED JUNE 15

Official opening of New Jersey's bass fishing season on June 15 will provide licensed fishermen with a hey-day of their sport during the next few weeks. George C. Warren, of Summit, President of the State Fish and Game Commission, announced recently.

Trout fishermen can continue with the best fishing for this species ever known in the State, as game wardens will continue to restock the streams until the season closes on July 15. President Warren announced. The gamey pike, pickerel and pike perch, whose season opened on May 20, will share with the bass the duty of providing thrills and food for anglers until November 30.

Public waters throughout the state have been extensively restocked with young bass by the State Fish and Game Commission so that good bass fishing may be encountered by the sportsman out for a day's enjoyment during the open season after June 15.

The State Fish and Game Commission advises bass fishermen to note bag limits and legal size of fish to be taken. The black, Oswego or large mouth must be at least nine inches long to be retained. The minimum size for calico bass and Crappie is six inches. The daily bag limits permitted in New Jersey are 10 in all, of Oswego and Black bass; 20 rock bass; 20 in all of Calico bass and Crappie.

## REVOCATION OF DRIVING LICENSES

A total of 76 persons lost their driver's licenses during the week ending June 11, according to an announcement made by Motor Vehicle Commissioner Arthur W. Magee.

Twenty-nine were for drunken driving; 5 for reckless driving; 7 for speeding; 6 habitual violators; 11 for failure to appear in answer to summonses and all others 18.

With the inclusion of this week's figures, the Department during 1937 revoked 679 licenses for drunken driving and the total of all revocations reached 1927.

## YACHT CLUB YARNS

(continued from page 5)

went to Brian Kane, with Commodore Horner of Beverly, taking third. The "Shuffy," "Ed" Merrill's latest creation in boat building, which was christened and dunked 15 minutes preceding the start of the "Comet" race, came through to a decisive victory. The "Shuffy" was very ably skippered by his son Owen, of "Dorade" fame. Second place was taken by Lynn Hendrickson, also of Riverton. Frank Beuglis, of Beverly, maneuvered into third position to beat out "Jerry" Hatch and "Ed" Braddock finishing in that order.

The last of the class races for the day was captured by "Ted" Hunn, who, after a mediocre start, came through to win by a large margin over the rest of the "Duster" fleet. "Rub" Gladney and "Tom" Coe fought out a close second and third. The "Wild Duce," Johnny Ayres, took fourth place with "Bert" Shoemaker fifth.

Free-For-Alls  
The sixteen foot and over free-for-all started first, with "Og" Mattis placing first in the "Bob." "Bill" James took second in his star boat as "Al" Hopkins brought up the rear for third honors. The free-for-all, for boats under sixteen feet, was won by "Owen" Merrill, again bringing the "Shuffy" to victory. Bill Rhawn, of Beverly, hauled down a close second in his Cricket. Third prize was won by "The Mighty Atom," "Rub" Gladney, who also was in there very close, nosing out "Ted" Hunn who finished fourth.

### Casualties of the Week

Members joining our "Honorary Memorial Club" this week: First honors go to Jerry Hatch and Og Mattis, followed by Lynn Hendrickson who dunked his new "Ratsey" sails Saturday. Sunday saw the real "McCo" with Jess Haydock, Ed Braddock, Ralph Swope, and Jack Wright, who upset. Wright, unlike the others, cleverly righted himself and finished the race. Casualties continued with Ed Braddock breaking his mast and Bob Smith ripping his out by the roots. Jess Haydock also pounded the bottom of his boat loose in rough water. (O! the sailor's life is a merry life, says Who?)

## RADIO GARDEN CLUB PROGRAM

The Radio Garden Club of the Agricultural Extension Service, Rutgers University, has scheduled a talk on "Hollies in the Garden Plan" for Friday, June 18, at 3.15 p.m. over Station WOR and other stations of the Mutual Broadcasting Network. G. G. Nearing, horticulturist of Ridgewood, New Jersey, will be the guest speaker. Mr. Nearing will speak as guest of the Federation of Garden Clubs of Bergen County, N. J., one of the co-sponsor organizations of the Radio Garden Club. "A Walk in the Woods" and what it offers the nature-lover will be described by Mrs. Raymond M. Gunnison of Scarsdale, N. Y., on Tuesday, June 22, at the same time. The New York Botanical Garden will sponsor the program in cooperation with the Extension Service.

AN ORDINANCE OF THE BOROUGH OF RIVERTON, IN THE COUNTY OF BURLINGTON, NEW JERSEY, PROVIDING FOR THE EXTENSION OF THE SANITARY SEWER SYSTEM OF SAID BOROUGH BY THE CONSTRUCTION OF FIRST STREET, SECOND STREET, THOMAS AVENUE, ELM AVENUE AND MORRISON AVENUE AND AUTHORIZING THE BOROUGH TO INCUR THE NECESSARY EXPENSES THEREOF BY THE ISSUANCE OF THE BOND ANTICIPATION NOTES OF THE SAID BOROUGH.

BE IT ORDAINED BY THE BUREAU OF THE BOROUGH OF RIVERTON, IN THE COUNTY OF BURLINGTON, IN THE STATE OF NEW JERSEY:

SECTION 1: That the municipal sanitary sewer system of the said Borough shall be extended by the construction and installation of a sanitary sewer, with the necessary appurtenances, in the following portions of the streets and avenues hereinafter designated, namely: in First Street, from the existing manhole at the intersection of Linden Avenue and thence Northwardly, 345 feet; in Second Street, from the existing manhole at the intersection of Linden Avenue and thence Northwardly, 108 feet to the intersection of Morgan Avenue, Northwardly, 163 feet; in Second Street, from the existing manhole at the intersection of Morgan Avenue and thence Northwardly, 80 feet to the middle of Thomas Avenue and thence in Thomas Avenue, Northwardly, 350 feet to the middle of First Street.

SECTION 2: That said sanitary sewer and the necessary appurtenances thereto shall be constructed and installed in accordance with the plans and specifications hereto prepared by Messrs. Sherman and Sleeper, Borough Engineers, dated May 11, 1937, which plans are hereby approved and adopted for the purpose of said improvement and shall be filed with the Borough Clerk and kept on file for reference and public inspection.

SECTION 3: That said sanitary sewer and the necessary appurtenances thereto shall be constructed and installed by the said Borough as a local improvement, and that the costs and expenses of said improvement, including incidental expenses, shall be assessed upon the lots and parcels of land benefited thereby, and the amount of such costs and expenses, if any, shall be borne by the said Borough.

SECTION 4: That the sum of Three Thousand Dollars (\$3,000.00) to be and the same is hereby appropriated to pay the costs and expenses, including incidental expenses, of the construction and installation of said sanitary sewer and the necessary appurtenances thereto, and that the sum of Three Thousand Dollars (\$3,000.00) be and the same is hereby determined and declared to be the maximum amount of money to be raised for said purpose.

SECTION 5: That the sum of One Hundred Dollars (\$100.00) is not less than a part of the total estimated maximum amount of money to be raised from all sources for the said purpose as determined by dividing such total amount by the number of years hereinafter determined as the period of usefulness of the said sanitary sewer, and the same shall be paid to and for the purpose of paying the costs and expenses, including incidental expenses, of the construction and installation of the said sanitary sewer, which sum of One Hundred Dollars (\$100.00) is not less than a part of the total estimated maximum amount of money to be raised from all sources for the said purpose as determined by dividing such total amount by the number of years hereinafter determined as the period of usefulness of the said sanitary sewer.

SECTION 6: That the remaining Twenty-nine Hundred Dollars (\$2,900.00) of said sum or appropriation of Three Thousand Dollars (\$3,000.00), or so much thereof as shall be necessary, shall be obtained by the issue of the Bond Anticipation Notes of the said Borough of Riverton in the County of Burlington, in the State of New Jersey; and that such Notes be and the same are hereby authorized to be issued under and in accordance with the provisions of an Act of the Legislature of the State of New Jersey entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, town, township, village or any other municipality, other than a school district (Revision of 1935)," approved March 20, 1935, being Chapter 77 of the Pamphlet Laws of 1935 of said State, and the supplements thereto and amendments thereof; and that all other matters, details and particulars in relation to the authorization, issue and sale of such Bond Anticipation Notes not contained in this Ordinance shall be determined hereafter by appropriate resolution or resolutions of the Borough Council of the said Borough.

Borough adopted according to law; provided, however, that the rate of interest upon such Notes shall not exceed six per centum per annum.

SECTION 7: That it is hereby determined and declared that the period of usefulness (within the limitation of Article IV of said Chapter 77 of the Pamphlet Laws of 1935 of the State of New Jersey, as supplemented and amended), of the said sanitary sewer and the necessary appurtenances thereto is forty years.

SECTION 8: That it is hereby further determined and declared that an annual mental Debt Statement required by said Chapter 77 of the Pamphlet Laws of 1935 of the State of New Jersey has been duly made and filed in the office of the Borough Clerk of the said Borough; and that such Statement shows that the Bond Anticipation Notes herein authorized by said act; and that the gross debt of said Borough, as defined in Section 702 of the said Act, is hereby increased by the sum of Twenty-nine Hundred Dollars (\$2,900.00).

SECTION 9: That it is hereby further determined and separately stated that the total amount of the proceeds of the said Bond Anticipation Notes, to be expended for interest on the said Notes, engineering and inspection costs, legal expenses, and the cost of issuing the said Notes, including printing and the advertisement of this Ordinance, is the sum of Nine Hundred Dollars (\$900.00).

SECTION 10: That this Ordinance shall become operative after its final passage, adoption, approval and publication, on the earliest date allowed by law.

Approved: June 16, 1937.

H. McLVAIN RIDDLE, Mayor.

Attest: DANIEL M. CLIFTON, Borough Clerk.

Dated: June 16, 1937.

## SECOND LARGEST IN WORLD

This mammoth Union Pacific engine is shown on the Thomas Avenue siding, Riverton, where it halted last Saturday morning while enroute to the Transportation Exposition at Atlantic City. Many local residents viewed this gigantic piece of railroad motive equipment.

## SECOND LARGEST ENGINE IN WORLD MAKES STOP HERE

The second largest engine in the world, Union Pacific No. 3915, made a stop in Riverton at 10.30 Saturday morning, while en route to the transportation exposition which will be held at Atlantic City on June 19 and 20.

The locomotive was attached to a freight train and crossed over at the Thomas Avenue siding to allow a passenger train to go through. During its brief stay in Riverton it was viewed by scores of spectators.

The engine is of the 4-6-6-4 type, with two sets of drivers. The tender is a huge affair with twelve wheels. The length of this giant piece of motive power is 120 feet. The U. P. uses this type in passenger service over the Rockies, where it hauls the heavy transcontinental trains over the mountains.

No. 3915 was constructed at the Schenectady Works of the American Locomotive Co.

## FOOD FACTS

Do You Know That:

Natives of Prince Edward Island, Canada, gather a sea weed moss, called carrageen, from which they make a jelly.

Exposure of a bottle of milk to full sunshine will cause off-flavor regardless of temperature.

The much publicized odorless onions have proven to be flavorless and tasteless.

Sweet corn is said to have been introduced as "papoon" corn by General Sullivan after his expedition against the Six Nations just after the Revolution.

These "food facts" are compiled by the Division of Consumer Information, New Jersey State Department of Agriculture.

Lieut. J. M. Williams, of Palmyra, Completes Course At Fort Riley

Lieutenant Joseph M. Williams, of 510 Morgan avenue, returned Saturday from Fort Riley, Kansas, where he attended the U. S. Cavalry School for troop officers. Lieutenant Williams received four months instruction in the following subjects: horsemanship, tactics, map and aerial photograph reading, communications, horsemanship, mounted pistol and saber, light and heavy machine guns, 37 mm guns, 50 calibre machine guns, musketry and combat, packs, packing, armored cars, armor and armaments, military history and research, efficiency report preparation, use of chemicals in domestic disturbances and aviation.

Qualifies as Expert  
He had considerable experience in firing at moving targets in the day, fixed targets from moving vehicles and used the new automatic rifle about to be issued to the U. S. Army. Lieutenant Williams was the only one in a class of 33 to qualify as expert with light and heavy machine guns as well as mounted pistol marksmanship.

He will go to Indianapolis, Pa., next week with his rifle team to compete in the state rifle matches. After remaining there for the annual encampment of the Pennsylvania National Guard he will go in training with his rifle team preparatory to competing in the National Rifle Matches at Camp Perry, Ohio.

## PALMYRA

Mrs. Dean H. LeFavor, of Morgan avenue, left Friday to visit relatives in Chatham, Ohio.

The Missionary Society of First Lutheran Church motored to Atlantic City last Tuesday for the day. Among those making the trip were Mrs. I. Mattison, Mrs. Harold L. Creager, Mrs. William Schopp, Mrs. C. H. Habast, Mrs. J. M. Wilcox, Mrs. C. E. Stavely, Mrs. John Spuck, Mrs. L. Bettinger, Mrs. J. Miller and Mrs. George Weigand.

Mr. and Mrs. Alfred Lippincott and family moved to Maryland last Tuesday.

The Girl Scout Mothers will hold their picnic at Camp Linghocken on July 16, leaving Palmyra station at 5:30. Anyone desiring to make reservations in care should call Mrs. Hensler, Riverton 551-J, on or before July 12.

Mrs. I. Mattison, of Parry avenue, entertained the Ladies Aid Society of the Lutheran Church of Drexel Hill at her home last Wednesday. Fifteen members attended the party.

Mr. and Mrs. Lawrence B. Parker, of Morgan avenue, attended the Brunson-Stricker nuptials held in the Episcopal Church, Pennsgrove, on Saturday evening. Mr. Parker acted as best man at the ceremony which was performed by the Rev. George J. McCormack, formerly of Palmyra.

Mrs. William Murgatroyd, of Lincoln avenue, attended the graduation of her nephew, Donald Lyon, on Tuesday, at Plattsburg Military School.

Mrs. Joseph Ashmore, of Cinnaminson avenue, is the new captain for the Methodist Church Troop Girl Scouts. Mrs. Ashmore succeeds Miss Irene Anders.

**DEMONSTRATION**  
The Philadelphia Market House is holding an all-day demonstration of Blue Anchor Pale Dry Ginger Ale on Saturday. At the same time a demonstration of finest quality real thin Reading pretzels will be held. Patrons at the store are welcome to all the Ginger Ale they can drink and all the Reading Pretzels they can eat.

Well-timed silence has more eloquence than speech.—Tupper.

## JAMES CUNNINGHAM WIDELY KNOWN IN TELEPHONE FIELD

James Cunningham, a former resident of Riverton, died at 300 Main street on June 9, in his 70th year. Funeral services were held from the Shower Funeral Home Saturday at 2 o'clock, the Rev. Francis B. Downes, of Riverton, and the Rev. A. S. Lewis, of Wenonah, officiating. Mr. Cunningham is survived by one daughter, Louise.

Mr. Cunningham was widely known in the telephone business for numerous technical developments and contributions adopted by the industry.

He was a pioneer in the development of machinery to bore the holes in the earth in which telephone poles are placed, which formerly were dug by hand; is credited with introducing the first centralized cable fault locating bureau; developed a steel casing used in making apices on submarine telephone cables, a mechanical device for pulling cable through conduit, and pioneered in the development and use of gas pressure in cables as a means of locating trouble and expelling moisture. These improvements are used all over the world where there is Bell Telephone service.

His career in the industry, which began in 1891, was all spent in Philadelphia and vicinity, and he held numerous positions of responsibility including foreman, construction supervisor and construction superintendent.

Mr. Cunningham retired from active service in 1925 and moved to California. He and his daughter returned to Riverton last September.

**PALMYRA A. O. M. P.**

The baseball pictures were the feature of the entertainment at the regular meeting of Palmyra Assembly A.O.M.P. on Tuesday evening. The Junior Artisans and Artisans' sons were present and received from the pictures some pointers on how the game should be played. The pictures showed how the big league players do it, and also several parts of last year's world series.

"Lena" Blackburn was also on hand and gave the boys a short talk on how he started playing ball on the sand lots and compared the conditions of those days with the conveniences of today. The boys were all given a number and the ten lucky numbers each received a prize. The prizes consisted of four bats and six baseballs, two of which were autographed by Athletic players.

The July and August meetings have been dispensed with and the next regular meeting will be held the third Tuesday in September. A producers' banquet will be held at the Old Mill Inn on Thursday evening, June 24, at 7:30 o'clock. All Artisans are asked to attend. Tickets are only 65 cents. Producers and new members get free tickets.

June 23rd is the date of the Artisans' moonlight excursion. Tickets are 60 cents and can be secured at Chestnut street wharf where the boat leaves at 8:45 p.m.

**BARR-SMITH**  
Miss Margaret Ruth Smith, daughter of Mrs. Bertha Smith, of 900 Columbia avenue, Palmyra, became the bride of John James Barr, son of Mrs. Ellen Barr, of Camden, in Sacred Heart Rectory, Friday morning at 8 o'clock, the Rev. John Thompson performing the ceremony. The bride was dressed in a blue traveling suit with a white hat and accessories. She wore a corsage of gardenias. Mr. and Mrs. Barr will be at home at 5307 Bayton street, Germantown, after June 19. Mrs. Barr is a graduate of Palmyra High School and Mr. Barr is a graduate of Camden Catholic High School.

### JUNE RALLY OF EPWORTH LEAGUE

The June Rally of the southern group of the Trenton District Epworth League will be an out-door affair in the grove at Indian Mills on Saturday afternoon and evening, June 19th. The rally will start at 4 p.m., with a recreational program, supper will be served at 5, and the evening service will be held out-of-doors. The speaker of the evening service will be the Rev. Leon T. Moore, pastor of the Calvary M. E. Church, of Philadelphia. Northern group leaguers are also invited to come enjoy an afternoon and evening of Christian fellowship.

The June rally for the northern group of the Trenton District will also be an out-door affair. It will be held on Thursday evening, June 17th, in Wesley Grove, Groveville, with the Groveville League as hosts. Rev. Benjamin F. Allgood, of Cadwalader Heights M. E. Church, Trenton, will be the speaker. Following the worship service which will start at 7:45 p.m., there will be a doggie roast. All leaguers are welcome and a large attendance is anticipated.

### FIRST LUTHERAN CHURCH

Rev. Harold L. Creager, Pastor

The sermon theme at the morning worship service this Sunday will be "God's Man." In the evening the union outdoor services will be started, beginning at 7:00 o'clock. Rev. Creager will preach on "The Great Struggle Against Evil."

The Sunday School picnic will be held on Saturday, June 26, at Clementon Park. The bus will leave the church at 10:00 o'clock.

### EPWORTH M. E. CHURCH

Rev. William A. Boyd, Pastor

On Sunday morning Rev. Boyd will start a new series of sermons entitled "God's Out-of-Doors," which will include: God's Stars, God's Trees, God's Garden, God's Springs, God's Clouds, God's Storms and God's Quails.

On Sunday evening the union meetings will open in the grove with Rev. Harold L. Creager of the Lutheran Church as the preacher.

On Wednesday evening the mid-week church service will be held at 8 o'clock.

Thursday evening at 6 o'clock the young people's outing. Bring your lunch and a bathing suit. The destination is unknown.

Saturday at 1:45 the buses will leave the church for Camp Ockanickon and the annual church school picnic. All members of the church and school are cordially invited.

### CHRISTIAN SCIENCE CHURCH

"Is the Universe, Including Man, Evolved By Atomic Force?" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, June 20.

The Golden Text is: "Behold, the heaven and the heaven of heavens is the Lord's thy God, the earth also, with all that therein is" (Deuteronomy 10:14).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "By the word of the Lord were the heavens made; and all the host of them by the breath of his mouth. For he spake, and it was done; he commanded, and it stood fast" (Psalms 33:9).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Mind, supreme over all its formations and governing them all, is the central sun of its own systems of ideas, the life and light of all its own vast creation; and man is tributary to divine Mind. The world would collapse without Mind, without the intelligence which holds the winds in its grasp. Neither philosophy nor skepticism can hinder the march of the Science which reveals the supremacy of Mind. The imminent sense of Mind-power enhances the glory of Mind" (p. 209).

### SCHEDULE FOR UNION SERVICES

The following is the schedule for the union services to be held in the Grove, Palmyra, each Sunday evening at 7:00 o'clock. In case of rain the program will be held in the Lutheran Church, Palmyra.

New hymn books have been purchased, the town has had the benches painted, and everything seems propitious for a successful series of services. The public is very cordially invited to attend.

June 20—Rev. Harold Creager, who will speak on "The Great Struggle Against Evil."

June 27—Rev. Albert J. Harke.

July 4—Rev. Norman Stockett.

July 11—Rev. William A. Boyd.

July 18—Rev. George Lockett.

July 25—Rev. Francis B. Downs.

August 1—Rev. William A. Boyd.

August 8—Rev. George Lockett.

August 15—Rev. Albert J. Harke.

August 22—Rev. Norman Stockett.

August 29 — Rev. Harold L. Creager.

### GNANG-DEPASQUALA

Miss Lillian DePasquala, of 25 Rowland street, Palmyra, daughter of Mrs. Julius Hudgins, and John Jacob Gnang, 3rd, son of Mr. and Mrs. John J. Gnang, Jr., of Thomas avenue, Riverton, were married in Christ Church, Episcopal, Riverton, Saturday morning at 11 o'clock, the Rev. Francis B. Downs performing the ceremony.

Miss Virginia Daddino, of Palmyra, a cousin of the bride, was her only attendant. William E. Smith, of Moorestown, was best man.

After a short wedding trip to Atlantic City, Mr. and Mrs. Gnang will reside at 610 Thomas avenue, Riverton.

### ROBERT K. CRANE GETS SCHOOL AWARD

Robert K. Crane, of Highland avenue, Palmyra, received the King Award, for the highest scholastic standing in his form, at the graduation exercises held at St. Andrew's School, Millford, Del., on June 12.

Robert received a similar award last year in a tower form. He is preparing to enter Princeton University.

### YMCA CAMP REGISTRATIONS

The following from Palmyra and Riverton have registered at either Camp Ockanickon or Camp Matolli-onequay for the summer season:

Jane P. Bush, Eleanor H. Metzger, Dorothy Bonnal, Carol Ward, Lois Ward.

### OBITUARIES

#### FRANCIS J. KEATING

Francis J. Keating, 43, died on June 10, at his late residence, East Broad street, Riverton.

A solemn high requiem mass was held at the Church of the Sacred Heart, Riverton, on Monday morning, June 14, the Rev. John Thompson officiating.

Interment was made in Calvary Cemetery, Camden, under the direction of Jerome J. Zisak.

Mr. Keating was a member of the Riverton Fire Company and the Riverton Court, Foresters of America.

He is survived by his wife, Anna, a daughter Elizabeth, his mother, Mrs. John J. Keating, and four brothers, William, John, Lawrence and Joseph.

### OVER 100 ATTEND ANNUAL COMMUNION BREAKFAST HERE

Knights of Columbus of Palmyra and Riverton and their friends attended the annual communion breakfast in the K. of C. home at Broad street and Elm avenue, on last Sunday morning. About one hundred men received Holy Communion at the 7 o'clock mass in the Sacred Heart Church, Riverton, and of these nearly all were present at the home to enjoy breakfast.

Dr. Hugh Wrigley, of Philadelphia, was the chief speaker of the morning. He was introduced by Grand Knight John Stroblein, who acted as toastmaster. Dr. Wrigley's address stressed the imperative need for organization and unity in the constant struggle against doctrines foreign to American thought and tradition. The Rev. John Thompson, at present in charge of the Sacred Heart Parish, followed Dr. Wrigley with a short but forceful plea for Catholic action as one of the best means of preserving Americanism against the encroachments of Communism and Fascism.

Much of the success of the communion breakfast was due to the effort of Deputy Grand Knight Joseph Dougherty and his committee. Food, decorations and other arrangements were of the best, and drew many favorable comments from the men who attended.

### NO OPPONENTS TO SEWER EXTENSION

(continued from page 1)

National Junior Championship, which will be held in New York City next fall.

The outfits will participate in the morning parade, at 10 o'clock, drill at Memorial Park during the afternoon, and the McCall Corps will render a concert during the evening. The drum and bugle corps of Post Rodgers will also be in the morning parade.

The junior corps made a big hit here two years ago and the colorful uniforms, excellent music and marching should, according to Mr. Patterson, add much to the local celebration of the Fourth.

### Carnival Protest

C. A. Nesbitt, of 605 Thomas avenue, was present at the meeting and submitted a letter of protest concerning the location of the firemen's carnival at Broad and Thomas, on the lot which adjoins his property.

The letter, which was read at the meeting, stated that, while Mr. Nesbitt realized the need for raising funds by the fire company, he did object to the location of the present carnival, with its incidental noise, etc., when there are so many other locations available for the affair.

The communication was ordered received, filed and a copy sent to the fire company with instructions that no future events be held without receiving permission from council.

### Police Report

William Gootee, chief of police, reported that the annual census of dogs had been taken. This showed that there are 264 canines in Riverton, and that approximately 200 have been registered.

Chief Gootee also reported that, while other nearby communities had had several auto accidents during the year, Riverton had not had a single one, which he felt was a very creditable record.

The chief also remarked that at the recent drowning, the Riverton police had grappling irons, oars and oarlocks, but no boat had been provided for their use.

Carl W. Thomas, chairman of the American Legion Memorial Day committee, was present at the meeting and thanked council for the use of Memorial Park and Councilman Knight for speaking on the program.

### Park in Fine Shape

Councilman Knight, chairman of the borough property committee, commended Wilton E. Mount for the fine condition of Memorial Park and remarked that the grounds were in better condition than ever before.

### WINCHELL'S LIFE IN FILM AT FOX

The story of Walter Winchell, the famed columnist who appears with Ben Bernie and Alice Faye in "Wake Up and Live," at the Fox, Riverside Theatre Sunday, Monday and Tuesday, June 20-21-22, is the story of a man who made good because he wouldn't mind his own business.

Winchell, whose breezy column created a new type of journalism, was born in New York City, on April 7, 1897. Winchell is his real name.

Winchell's climb to the journalistic peak was obtained without much education or newspaper training. He was in the 6th grade when he left school. Heading for the theatre, he became part of the trio known as "Three Little Boys with the Big Voices." The other members were Georgie Jessell and Eddie Cantor.

That failing, Winchell attacked vaudeville as a wisecracker, taking his first step toward the newspaper profession with a little sheet called "The Newsweek," a one-man paper typed out and hung up backstage.

The sheet soon became an anticipated source of amusement to touring acts. A job as gossip columnist for "Vaudeville News" followed, at \$25 a week.

When Bernard McFadden started his tabloid, the New York Graphic, Winchell applied to editor Fulton Oursler for a job and became dramatic critic, entertainment guide, columnist and amusement editor.

Winchell's next step was to the New York Mirror, where he considered responsible for 200,000 of the paper's 600,000 circulation. His income now includes the Mirror salary of \$1,000 a week, \$3,000 for a weekly broadcast (forty-eight weeks a year), \$450 a week from a syndication to his column, and a bonus for doing a Sunday column.

### SMALLER AUTO PLATES IN 1939

Conforming to the present-day trend toward smaller plates, which are both easier to read and more economical to manufacture, Motor Vehicle Commissioner Arthur W. Magee has set machinery in motion for a new automobile license tag, beginning with the year 1939.

The present tag, which is six by fifteen inches in size, will be replaced with one six by ten and one-half inches for passenger vehicles and six by thirteen inches for commercial vehicles. Production costs alone will show a saving to the State of over \$12,000.

One of the interesting features of the smaller plate is that every car will have a low number, there being none higher than "999." Instead of the single letter county designation now in use, a two-letter combination will be found at the left side of the tag, beginning for example, with A-A and running through the series to A-Z. The top letter will indicate the county in which the plate was issued.

The new plate will be welcomed by owners of new cars who have complained to the motor vehicle department that modern cars are not constructed for the longer plate now in use in this state. It will eliminate all necessity for the unlawful practice of bending or mutilating plates.

RIVERTON PLANS  
JULY 4 PROGRAM

Big Parade, Sports, Exhibition  
Drill and Fireworks on  
River Bank

The Riverton Fourth of July committee met on Monday night in the council chambers with chairman Robert W. Knight presiding, and a tentative program for the day was arranged.

The celebration, as planned, promises to be one of the most outstanding in years, and no effort will be spared in making the day an eventful one in Riverton.

## Innovation

Instead of having one band, Mr. Knight, in cooperation with Drexel P. Patterson, of the American Legion, has arranged to have three of the outstanding junior Legion Drum and Bugle Corps appear in Riverton for the day. These units, in addition to the Corps from Post Rodgers, in Palmyra, will participate in the morning parade and put on an exhibition drill at Memorial Park during the afternoon. In addition, the famous concert corps of the McCall Corps will render a musical program on the river bank in the evening before the fireworks display.

The two other organizations which will be present are the Bristol Corps of Bristol, Pa., and the Inhoff Corps, of Philadelphia.

## Big Parade

With these outfits in line, in addition to the usual children's sections and fire companies, the morning parade which starts at 10 o'clock promises to be the most outstanding in years.

Upon the arrival of the procession at the river bank, there will be brief exercises, with Mayor H. McIlvaine Biddle giving an address of welcome. Parade prizes will then be awarded and the athletic program on Main street will follow.

## Sailing Races

Sailing races in several classes have been scheduled for 11 o'clock, at the Riverton Yacht Club.

Afternoon events will begin at 1:30 at Memorial Park when a softball game will be played between a team composed of the pick of the local league and an all-star combination from Riverside.

This will be followed by the exercises (continued on page 3)

STREETS IMPROVED  
AND TREES TRIMMED  
IN TWO BOROUGHES

Workmen were busily engaged on street improvements in both Palmyra and Riverton, during the past week.

In Palmyra, several highways which had previously received a top-dressing of gravel, are being oiled, while in Riverton, a number of thoroughfares are being covered with amiesite.

Crews are also at work on the annual tree-trimming project, this activity having been started recently in Riverton, while in Palmyra the work has been conducted on a larger scale over a period of several months.

REPUBLICAN CLUB  
NAMES OFFICERS

The annual election of the Burlington County Woman's Republican Club was held at Shady Rest, near Mt. Holly, last Thursday.

The following officers were elected for the ensuing year: President, Mrs. Pearl M. Bridgeham; vice president, Mrs. Nellie Russell; Mrs. Edie Phillipino; Mrs. Rebecca Lamon and Mrs. Maude Haines; secretary, Mrs. Nettie Smith; treasurer, Mrs. Sara Parker.

Approximately seventy members were present and witnessed a demonstration of the use of a voting machine.

FORTY-TWO FIRE  
ALARMS IN MAY

County Fire Marshal William J. Smith, in his report to the Burlington County Firemen's Association at their meeting held in the Union Firehouse, Mt. Holly, Wednesday, June 16, showed 42 alarms during the month of May.

Thirty-one were general alarms, 10 silent and one false. By districts they were: Beverly, 3; Burlington City, 5; Burlington Township, 2; Bordertown, 4; Browns Mills, 1; Delanco, 4; Hainesport, 1; Lumberton, 2; Medford, 1; Marlton, 1; Mt. (continued on page 4)

METAL WORKING  
CLASS FOR ADULTS

To Be Arranged for Riverton  
Residents; New Music  
Teacher Named

The last regular meeting of the Riverton Board of Education until Tuesday, September 7, was held in the school, on Monday night, June 21. At this time, the board granted the use of the manual training room next fall for an adult class in metal working under the supervision of Milton H. Hutt, manual training instructor.

The project was proposed by Mrs. C. H. Yost, president of the Riverton P.T.A., who outlined the details of the course. Enrollment will be limited to residents of Riverton over 18 years of age, and the first class is to have 16 members who will meet weekly for a period of 15 lessons.

## New Music Teacher

The appointment of Miss Velma Comegys, of Burlington, to the position of music teacher, was ratified by the board.

Two applications were approved for attendance of Riverton graduates at Moorestown High School. These were for Fred Steiner and Jack Longstreet.

Due to the fact that the classrooms are to be repainted, the members of the board were unable to grant the request of the Fourth of July Committee for the use of a room as dressing quarters for the junior drum and bugle corps, on July 4.

## Miss Staman's Report

Miss Caroline M. Staman, supervising principal, submitted her annual report for the year. This statement included general information concerning enrollment, expenditures, health, equipment, teachers, departments, special subjects, supervision and administration, and recommendations.

In conclusion, Miss Staman said, "Some of the most important growth and development of our pupils, that shown in initiative, resourcefulness and responsibility cannot be measured by tests, but is made evident in many ways, and encourages us all to continue our emphasis on character in education."

"Looking back five years, there can be no doubt that substantial progress has been made. The great majority of our children are happy and enjoy their school. They are social-minded and careful of the things provided for them and leave us prepared to face new responsibilities."

MOTOR TRAFFIC  
UNUSUALLY HEAVY

C. Morris Beck, chief of the Palmyra police, reports that traffic on S-41 has been exceptionally heavy over the past two week-ends with thousands of motorists headed for the shore and summer vacations.

Despite the large number of machines on the road there have been no accidents recently.

News is anything which will interest people, according to the Associated Press, but small town editors find that what would be of most interest to the people can't be printed.

AWARD OF MERIT  
TO SAFE DRIVERS

Local Committees Appointed  
To Cooperate in New  
Jersey Movement

Licensed drivers of motor vehicles in New Jersey who have driven 25,000 miles or more without a reportable accident, as defined in the Motor Vehicle Act, are to be honored with a distinguished Award of Merit by the recently organized New Jersey Safe Drivers Committee of which George V. Warren, Jr., is state chairman.

## Local Committees

The mayors of Palmyra and Riverton have appointed committees of local citizens who will cooperate in this movement by urging qualified drivers to apply for the insignia given by the state committee. Those named by Mayor John F. Ward, of Palmyra, are C. Morris Beck, chairman; Floyd W. Spahr, Sydney Burger, M. J. McDermott, Carl H. Thomas, Rev. George Lockett, Drexel P. Patterson, George M. Weigand and Frank Geddes.

Those appointed by Mayor H. McIlvaine Biddle, of Riverton, are William Gootee, chairman; E. N. Cooper, Mrs. J. D. Clark, Mrs. Charles H. Yost, Rev. Francis B. Downs, Wilton E. Mount, F. W. Metzger, A. B. Garwood, J. Gardner Crowell, Jr.

Details concerning the award of merit are given on pages 6 and 7 (continued on page 9)

JAMBOREE PLANS  
ARE COMPLETED

Ten Scouts from County Will  
Attend Leadership  
of W. B. Gibson

Final preparations for the Boy Scout Jamboree that is to be held in Washington from June 30 to July 9 are being completed. Ten scouts from Burlington County, under the leadership of Scoutmaster William B. Gibson, of Palmyra, are leaving on this great adventure on Saturday, June 26, from the 30th street Pennsylvania Railroad station in Philadelphia, at 9:35 a.m., standard time. They will return on July 9, leaving Washington at 8:30 in the morning and arriving in Philadelphia at 11:28 o'clock, standard time.

## Scouts Attending

The ten scouts who have signed up to attend this affair are Eugene E. Beaver, Jr., Stanley Daney, John L. McCarthy and Joseph Weber, of Mt. Holly; Robert Heisler, Lyman Hollingshead and John Price, of Pemberton; James Wilson, of Maple Shade; Albert Thiel, of Palmyra; and William Zimmerman, of Burlington. Scout Executive George A. Darling and Harry Schieber, scoutmaster of Troop 27, Pemberton, will be in attendance at the Jamboree as members of the regional staff.

## Camp Mahala

On July 11, after the scouts have returned from the Jamboree, Camp Mahala will open for a four-week period. The second week of camp has already been signed up beyond capacity. Several of the scoutmasters are cooperating to relieve the congestion of this week by expressing their willingness to shift to another week instead of the second. All indications point to a full camp for 1937.

## RADIO ANNOUNCEMENT

Miss Elizabeth C. White, of Whitesbog, N. J., will tell the story of "Fanning Blueberries" on the program of the Garden Club of N. J. over WOR on Tuesday, July 6, 3:15 p.m. (D.S.T.).

By installing special appliances it is possible for as many as six persons, all in different towns, to talk together by telephone.—London Answers Magazine.

LOCAL UNITS IN  
BIG PROCESSION

The Drum and Bugle Corps of Post Frederick M. Rodgers, 155, American Legion, together with a delegation of members from the post, participated in the parade and military Filed Mass held last Sunday morning, at Maple Shade.

Minglin's Band, also of Palmyra, provided music for one of the marching units in the procession. There were over 2,000 in line and a crowd of at least 10,000 viewed the spectacle, which was sponsored by the Maple Shade Post of the American Legion.

COMMITTEES FOR  
JULY 4 EVENTS

T. Curtis Flynn, of Palmyra,  
Completes Arrangements  
For Celebration

A meeting of the Palmyra Fourth of July Committee was held last Thursday evening in police headquarters. Various committee appointments made by T. Curtis Flynn, general chairman, included the following:

## Parade

George N. Wimer, chairman; A. B. Branson, Daniel Daly, Carl Lutz, Edward King, Mrs. Mattie Musser and Harry Mills.

## Sports

Thomas Cahill, chairman; Lawrence Betty, Thomas Schwink, Charles Klemm, DeWitt Morris, Carl Lutz, Robert Finney and Walter D. Lamon, Jr.

## Parade Prizes

Parade prizes will be awarded in the following classes: Best decorated baby carriage and child, best decorated bicycle, best decorated tricycle, etc., best appearing troop of Boy and Girl Scouts, best comic character, best business display and best auto display.

All those intending to enter the bicycle race are requested to register at police headquarters on July 1 or 2. The sports committee is making arrangements for a baseball game to be played at Palmyra Recreation Park during the morning, and it is expected that the Blue Eagles will clash with Riverton A.A. These two teams met on Memorial Day morning at Riverton, with the Eagles coming out on top by a narrow margin.

NO NAVAL CRAFT  
CAN BE SECURED

Councilman Robert W. Knight, chairman of the Riverton Fourth of July committee, who has been in touch with Congressman D. Lane Powers relative to having a naval vessel here for the local celebration has been advised that there are no boats available for this purpose.

Congressman Powers wrote as follows: June 22, 1937. "I went down to the Navy Department today and had a conversation with Mr. Edison, the Assistant Secretary, relative to the requested boat for Riverton."

"He made an investigation thru the Navy's Bureau of Naval Operations and told me he was sorry but that every boat was either being used in the fleet maneuvers on the West Coast, or was carrying midshipmen or Naval Reserves. He said two boats had been assigned for celebrations such as yours but they were requested early in January or February, so the Navy had time to change the boats' schedules of operations."

"If you folks will give me a little more time next year I hope something favorable can be accomplished. You can count on me for the fullest possible effort."

CLINIC PLANNED  
AT ZURBRUGG

Representatives of Palmyra, Riverton and Cinnaminson Join  
To Fight Disease

About fifty men and women, including clergymen, doctors, social workers, municipal officials, visiting nurses and interested citizens, accepted the invitation of Mayor John F. Ward, of Palmyra, to meet in the fire house last Thursday to consider the advisability of organizing a clinic for the treatment of venereal diseases in Riverton, Palmyra and Cinnaminson township.

The necessity for such action was made apparent when it was stated that in New Jersey five percent of the population have syphilis, and that seventeen cases in the three local municipalities are now receiving weekly treatments at a clinic at the Burlington County Hospital.

The meeting was addressed by A. J. Casselman, M.D., A.A. Surgeon, U.S.P.H.S., consultant-in-charge, Bureau of Venereal Disease Control. Dr. Casselman spoke briefly of the prevalence and effects of social diseases, and expressed the conviction that there was need for a nearby clinic to take care of patients in the three districts. He said that the State would match dollar for dollar money raised locally for this purpose, and furnish all the necessary drugs for treatment. He thought the project could get started with \$250 raised by the communities.

Dr. Casselman said the matter of a clinic had been taken up with the management of the Zurbrugg Hospital at Riverside, and he believed satisfactory arrangements could be made.

Committee Appointed  
Following brief talks by Dr. Dean LeFavor, Dr. C. S. Mills and Dr. H. W. Bauer, all approving of the plan, a committee was appointed by Mayor Ward to work out the details.

This committee was composed of George N. Wimer, relief director for Palmyra; Mrs. Charles Evans and Maurice Contow, member of the township committee for Cinnaminson township; Councilman Robert W. Knight for Riverton; Miss Catherine Cook, representing the Visiting Nurse Society, and Mayor Ward.

The committee was instructed to consider ways and means of establishing the clinic. To assist the committee in its work, Dr. Casselman (continued on page 3)

CABIN CRUISER IS  
LAUNCHED FRIDAY  
BY R. A. WOLCOTT

The "Akilah," thirty-two foot cabin cruiser, built and owned by R. A. Wolcott, of 415 Linden avenue, Riverton, was launched at 11 a.m. Monday, on the Delaware River.

The new boat has a 9 1/2 foot beam and is powered by a Pierce Arrow converted engine. The cabin facilities are complete in every respect, with sleeping accommodations for four.

The "Akilah" will remain in local waters for about two weeks and will then be sailed to Barnegat Bay where Mr. Wolcott expects to keep her during the future.

One hundred and sixty-five persons were convicted of causing forest fires in California during 1936.

## PARK PLAYGROUND TO OPEN MONDAY

Activities Under Supervision  
of Experienced Directors  
Many Features

The Riverton playground at Memorial Park will be opened on Monday, June 28th, under the direction of Betty Hines and Francis Schwartz, workers of the Recreational Division of the Works Progress Administration. Mrs. Hines, who has been doing physical education work in the Riverton school this winter, has already proved her ability in the handling of children, and Mr. Schwartz, who was on the playground last year, is already well known here.

The playground, which is under the personal supervision of Wilton E. Mount of the Palmyra-Riverton YMCA, is one of the most beautiful and successful recreation centers in the county. A comprehensive and diversified program has been arranged for the coming season.

### Twenty in County

With the closing of the schools, plans are rapidly going forward for the opening of all of the county's 20 summer playgrounds, with the prospect that all of them will be in full operation under supervision of instructors from the Recreational Division of the WPA within the next few weeks. There is the possibility that several new playgrounds will be added to the list, and the plans call for many kinds of athletic and other contests to be held during the summer season.

A new departure in the playground work this year will be the addition to the regular workers, who spend their full time at the various centers, of traveling instructors who have made a special study of certain phases of the work and will bring to the children many happy hours which were not a part of the program last year.

### Nature Study Classes

Nature study classes, story telling and a general program of safety and health work will be under the direction of Mrs. Anna Roberts, of Moorestown. Mrs. Roberts has had wide experience in child welfare and will bring to the work a new and distinct element which will add a wealth of interest for the children. "Bennie Franklin," one-time minstrel man of the famous Dumont's, and who has had years of experience in many leading productions on the legitimate stage, will conduct a "Children's Theatre," bringing out that instinct for the dramatic which is the heritage of every child, with the production of children's plays and fantasies. Franklin will also be in charge of the pageants which will be conducted on the playgrounds from time to time in which the children—and grown-ups, too—may take a part.

John McHugh, well known throughout the county for many years as a dancing instructor, will teach folk and square dancing. McHugh has been a dancing teacher in the schools throughout the winter season with signal success. Sidney Sykes, of Beverly, will teach beginner's wood-working craft in which the youngsters will build boats, kites and model aeroplanes. Clay modeling and design in concrete will also be a part of the work, and Tommy D'Agostino with his well known piano accordion will lead community singing.

### PARRISH-BAYS

Miss Catherine Harriet Bays, of Evanston, Illinois, became the bride of Lawrence Lippincott Parrish in the chapel of the First Methodist Church on June 22, at Evanston, Illinois.

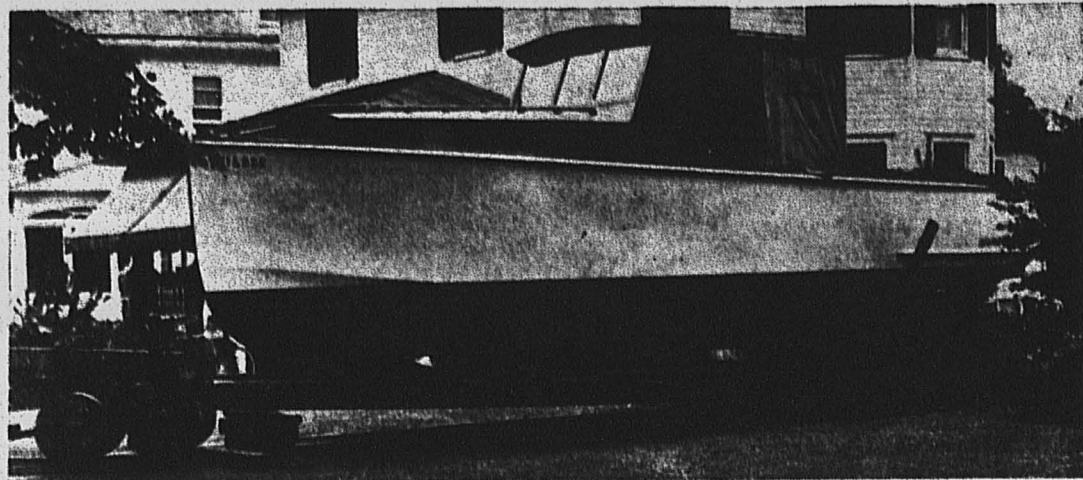

Walter Barclay, of Riverton, was best man and the ushers were Patton Kinsey, also of Riverton, Paul Peter, of Philadelphia, and William G. Smith, of Ardmore, Pa., and Henry L. Parrish, brother of the groom.

The bridesmaids were Miss Jane Fuges, of Philadelphia, and Miss Helen Bower, of Wilmette, both former classmates of Miss Bays. Miss Marjorie Bays was maid of honor for her sister.

Mr. Parrish is the son of Mr. and Mrs. Henry C. Parrish, and Miss Bays is the daughter of Prof. and Mrs. William A. Bays.

## ON WAY TO RIVER

The "Akithah," built and owned by R. A. Wolcott, of 415 Linden avenue, Riverton, is shown leaving the Wolcott property headed toward the Delaware River for its launching last Friday morning.

## NEW ICE CREAM EQUIPMENT READY

Carlson's Pharmacy, Riverton,  
Installs Outfit to Make  
Own Product

Carlson's Pharmacy, 606 Main street, Riverton, has just installed the last word in modern ice cream freezing equipment.

This modern freezer makes ice cream in the front of the store, which permits the customer to observe the product in the process of manufacture.

### Best Materials Used

Only fresh cream, whole milk, and cane sugar are used, and the entire mixture is pasteurized and received in hermetically sealed cans each day, together with fresh fruits, nuts and the finest flavors obtainable. Each batch is frozen from 7 to 10 minutes after being placed in the freezer. The cream is then placed in the containers from which it is sold, where it is maintained at a temperature of 25 degrees below zero.

### Fine Texture

It is in this latter process, where the ice cream is frozen very quickly, that the fine texture is created.

No metal cans of any kind are used to store the product, but 10-quart one-service paper containers are employed for fountain trade.

For home use, the individual containers are filled directly from the freezer.

In a recent interview, Mr. Carlson stated that he had spent several months investigating many makes of modern ice cream equipment before he decided on the Quick Freeze Freezer, which is manufactured by the Mathewson Machine Works, of Quincy, Mass.

Mr. Carlson also remarked that individually-owned ice cream making equipment offered many advantages. Among these is the fact that the cream is frozen fresh each day.

"Those who really appreciate good ice cream," said Mr. Carlson, "know that a product frozen fresh daily, has a far superior flavor to that which is held in a container for several days. Another advantage is that we can produce the quality of ice cream that our trade demands."

"For instance, the people of these communities demand a richer cream than in certain other localities. We cannot supply this demand with commercial cream."

"Another advantage is that we are able to sell our cream at a more reasonable price because we eliminate all of the manufacturer's overhead and delivery expense."

Three experts from the factory have been here making the installation and training Mr. Carlson's staff in the operation of the equipment.

The annual picnic of the Forkland-Yearly Beneficial Association will be held at Andy Hirschman's Grove, Forkland Road and Route S-41, Sunday, June 27. There will be dancing, entertainment, refreshments, sports and ground prizes. The committee in charge has made a special effort to provide an unusually attractive program, and this year's event promises to be the best ever.

## J. A. FARLEY WARNS OF FAKE LIFE INSURANCE

Postmaster General James A. Farley announced on Monday that the Postal Inspection Service has launched a nation-wide drive against the operators of "fake" mutual benefit life protection organizations which have been conducting their fraudulent schemes through the mails.

Complaints reaching the Post Office Department indicate that there are approximately one hundred such fraudulent enterprises now being operated in various sections of the country, which are costing the American public hundreds of thousands of dollars annually.

The usual procedure of the operators of these schemes is to insert advertisements in various newspapers for agents who operate wherever they desire, and many complaints have been received from persons in rural communities and small towns as well as in large cities. The associations also secure memberships by mail as well as personal solicitation by agents and many persons are solicited for membership through persons already members by literature sent through the mails.

hibition drill of the three junior corps, at 2.30.

The Riverton hardball team will take on a fast opponent at 3.30.

No Races in Afternoon

In view of the many events scheduled for Memorial Park, there will be no canoe races at the yacht club during the afternoon.

The evening program opens at 7 o'clock, when special aquatic events will be held on the river. The committee is endeavoring to arrange various features so that a full view can be obtained from an extensive section of the bank.

The concert corps will also give a musical program at this time and will continue until the fireworks at 9 p.m.

**Fireworks Display**  
The display of fireworks will take place, as usual, from the pier of the Riverton Yacht Club, and Mr. Knight has made arrangements to have this feature include pieces which can be observed to the best advantage by the large crowds which are always present for the culminating event of the day.

Those present at the meeting included Mayor H. McIlvain Biddle, R. W. Knight, E. K. Merrill, Charles Knight, G. L. Ridley, Joseph Yearly, Clarence Mattis, Edson Carhart, Walter Armstrong, Walter C. Wright and Joseph Lezenby.

man agreed to submit a tentative budget necessary for the first year. Just before the meeting was adjourned Mr. Knight suggested that steps be taken to have passed in New Jersey a law requiring a blood test before marriage licenses are issued, similar to the Connecticut law. Dr. Casselman said that this had been tried last year but no one could be found who was willing to introduce the bill, and suggested that next year Dr. S. Emlen Stokes, of Moorestown, the new assemblyman from Burlington county, might be willing to father such a measure. On suggestion of Mr. Knight the meeting passed a resolution requesting Dr. Stokes to introduce a suitable bill at the next session of the legislature.

### Committee Meets

Dr. Casselman made his report promptly, and Mayor Ward called the committee together Tuesday night of this week to take action. Those present were Mrs. Charles Evans and Maurice Conrow, of Cinnaminson township; Councilman Robert W. Knight, of Riverton; Miss Cook and Miss Blair, visiting nurses; George N. Wimer, welfare director of Palmyra, and George J. Spencer, borough clerk and secretary of the meeting.

Dr. Casselman's report stated that about \$100 would be needed from each of the three communities for the first year. In addition to this, it will be necessary to employ a nurse and an assistant to work with the doctor at the weekly clinic. The cost of the nurse and money for transportation, where necessary, it was estimated by the committee, would add about another \$10 a month for each municipality.

### Will Ask for Funds

Representatives of the three municipalities will ask their governing bodies to provide the necessary funds to launch this project, and it is hoped to get the clinic in operation by the first of October.

It was the opinion of the committee members present that some kind of permanent organization should be set up to insure the perpetuation of the work, and to which payments of money by the municipalities could be made in accordance with the legal requirements governing the expenditure of municipal funds. The municipal attorneys will be consulted as to just what form this organization should take.

Dr. Casselman submitted a copy of a bill to be presented at the next meeting of the New Jersey Legislature, requiring a blood test before a marriage license is issued, and a draft of Mr. Knight's resolution, which read as follows:

### Resolution

Whereas, Syphilis is one of the most serious of the communicable diseases and

Whereas, Syphilis is frequently acquired innocently by one of the partners in marriage and,

Whereas, The Wasserman, or other similar standard laboratory blood test, is the only known means of making a diagnosis of syphilis in obscure cases and,

Whereas, Congenital syphilis is one of the difficult problems in public health which must be attacked by every possible means, therefore,

Be It Resolved, That this organization hereby accords its approval of the Proposed Premarital Medical Examination Bill, sponsored by the New Jersey State Department of Health and recommends its introduction into the State Legislature at an early date and,

Be It Further Resolved, That copies of this resolution be sent to the New Jersey State Department of Health and the Senators and Assemblymen of this county with the request that they give the Bill their active support.

## Safe Drivers

Much has been said and written about safety on our streets and highways, but one important thing has not been done, that is, to publicly recognize the thousands of conscientious men and women in New Jersey who are careful drivers.

The New Jersey Safe Drivers' Committee, through a statewide movement, is endeavoring to provide such recognition.

The Mayors of Palmyra and Riverton have appointed committees of local citizens to cooperate by urging qualified drivers to apply for the safety insignia, and local business men have aided the cause by publicizing the movement.

The plan is not intended to be a cure-all, but it may shame reckless drivers into wanting to be more careful.

Qualified drivers should be proud to display the Safe-Driver marker on their car.

"A STAR IS BORN"  
AT FOX THEATRE

Infinitely more detailed, more careful and more painstaking than even the finest black and white productions is the work which goes into the making of a motion picture in the new, perfected technicolor.

This was disclosed at Selznick International studio during the filming of the technicolor picture, "A Star Is Born," co-starring Janet Gaynor and Frederic March and showing at the Fox Riverside Theatre, Sunday, Monday and Tuesday.

To begin with, as explained by set-dresser Eddie Boyle, the sets themselves are prepared with a pre-determination of the mood of each scene.

Wardrobe designs must fit in with all settings, and vice-versa. There cannot be, for instance, a red dress worn on a red set, without offense to the eye. Scene, set, players and props must be kept in color harmony.

To mention an instance of the difference in props, there is the electric light. An ordinary light in technicolor, it has been learned results in an offensively yellow splash. Therefore such lights are daylight blue, in technicolor scenes and the result is perfect. Arc lamps and not incandescents, must be used.

Smith also inspected fires in Bordentown and Burlington and conducted a fire drill at the Birmingham Inn, now being used as the County almshouse.

President Ralph McKinley presided at the meeting and the 250 firemen representing 33 companies were welcomed to Mt. Holly by Morris K. Perinchief, a member of the township committee.

B. & E. TAKES  
CRUCIAL CONTEST

Beat Athletics 3-1 By Bunching Hits in Ninth Inning; Askew Wins Third

Burke and Easley won the first game between the "Big Three" in the Riverton Softball League, by sending the Athletics down to their first defeat of the season, in a contest played last Friday night, the score being a 3-1 verdict in favor of the Oilers.

The fast-stepping Askew aggregation took the measure of Millside, in the other encounter, the count reading 7-2.

A's Battle Grimly  
Outside of a mild case of the jitters in the initial frame, when B. & E. scored one marker on a hit and a brace of errors, the Farmers played excellent ball until the fatal ninth. They had one or more men on base during every session, except the final one, and were a constant threat. Hylton bore down in the pinches, however, and the Athletics could only dent the rubber for a single tally in the third stanza. This tied the score until the eventual last canto.

The Rally  
The Oilers went to bat in the ninth with a record of only four hits during eight innings, and Manager Burke evidently passed around the horseshoe, or something, because Sexton led off with a luscious single. Yearly smote a double, sending Sexton to third. Both runners were glued to the bases as Easley grounded out. Enskat then hoisted a long fly which permitted Sexton to score.

Burke kept things going with a single, admitting Yearly. Landgraf followed suit, but Speer made the final out, with two runners stranded. In this crisis the A's went out in order. Swain and Shea flying to Sexton and Burke respectively, while Rothbaum took three healthy swings with negative results.

On Sunday afternoon the locals opposed the Ocean View team and dropped a 3-2 decision, after a 10-inning encounter.

Thomas drew the pitching assignment and hurled a fine game, deserving a better fate than the score indicates.

## YOU ASKED FOR IT

A woman entered the palatial office of the busy film director. "P-please, sir—" she began.

"Cut out all that," snapped the director testily. "What's your speciality? Let's hear you sing."

The woman nervously cleared her throat and struggled through a verse of Annie Laurie.

"Stop! Stop!" cried the director. "That's awful! You can't sing!"

"I never said I could," replied the woman. "I just came here to clean out the office!"—Rochester Gas and Electric News.

Sound for the Motor Boys and let the enemy down with only seven safe blows.

The eventual winners tallied single runs in the first and second innings. Millside made the count read 2-1 by counting a singleton in their half of the fifth, but the green-shirted aggregation tallied three times in the lower half of the same session.

They added a pair of markers in the seventh while further Millside scoring was limited to a single run in the sixth session.

HADDONFIELD IN  
TIE WITH LOCALS

Thomas Holds Enemy Scoreless Until Eighth Frame, But Rally Knocks Count

Haddonfield rallied in the last two innings to earn a 4-4 tie with Riverton, last Wednesday night at Memorial Park, the fracas being called in the ninth frame, on account of darkness.

Thomas, pitching his first game for the locals, hurled shut-out ball until the eighth frame and allowed the opposition only three hits up to that point.

## Tie Score

Riverton rallied three times in the fifth and once in the sixth to assume what looked like a safe lead, with Thomas mowing down the enemy with much gusto.

Haddonfield came within one run of tying things up in the eighth, however, by combining a brace of hits with two passes and an error. They knotted the count in their half of the ninth and Riverton lacked a scoring punch after Reeves singled and was advanced to second by Thomas.

THE ever-increasing death toll and number of injured as a result of automobile accidents is rapidly becoming a problem that will, if not controlled by the voluntary action of auto drivers, require drastic regulation by State authorities. Since most accidents could have been prevented with the exercise of ordinary caution, I am heartily in favor of the efforts of the Safe Drivers Committee to help keep the motoring public safety conscious.

# REWARD for safe drivers

THROUGHOUT the Nation, during 1936, one person died approximately every 14 minutes right around the clock every day of the year as a result of an accident involving a motor vehicle.

Thousands of those who are mourned today were sure IT could not happen to them. But it did. And who can tell who will be next?

Much attention has been centered upon the bad drivers. But there are thousands of SAFE DRIVERS in NEW JERSEY who have conscientiously cooperated in the crusade for safety. These SAFE DRIVERS deserve public recognition. We propose to make them known. By so doing we will also make known those drivers who cannot be classed as SAFE and CAREFUL.

How are we going to do this? Easily—if you—a Safe and Careful Driver, will cooperate.

The New Jersey Safe Drivers Committee will honor with a distinguished Award of Merit, every driver of a motor vehicle, be it passenger car, truck, bus or taxi, who has driven over 25,000 miles or over 50,000 miles, without a reportable accident. There will be two classes of

Awards—one for drivers in the over 25,000 miles group—another for those over 50,000 miles.

This Award of Merit will be attachable to the lower right hand corner of the rear window and will immediately identify you as a SAFE and CAREFUL driver and a Member of the Safe Drivers Committee. It will give you the recognition you deserve as a driver cooperating to promote Highway Safety.

Are you such a driver?

If you are, please send us your name and address on the coupon below—enclosing a stamped, self-addressed envelope. We will then mail to you a proper form on which you may affirm your right to display the distinguished Award of Merit.

There is absolutely no cost—you have nothing to pay. The Committee neither accepts nor will receive contributions. All we seek, as a state-wide

civic group, is to place your name as a member of The Safe Drivers Committee—to promote greater safety on our highways. Fill in the coupon and mail it today. Names of all safe drivers will be made public in this newspaper.

Distinguished "Award of Merit" insignia which will be presented to those careful drivers who have driven over 25,000 miles without a reportable accident.

IF people were permitted to walk the public highways armed with shotgun, revolver or other deadly weapon, a terrific din of protest would be instantaneous. Yet hundreds of thousands of citizens on the public highways handle the business end of a weapon by far more dangerous and deadly—and that is the automobile. Realize your responsibility and cooperate with the Safe Drivers Committee to make the man behind the wheel of another car realize his.

SAFETY on the highways has become one of the toughest problems for traffic experts to solve, and yet the staggering casualty list could be materially reduced by a concerted effort on the part of drivers to observe the simple rules of safety. The sticker idea on this page is one that will help to keep the "Safety Thought" before the drivers. Cooperate—send for yours today.

IT is surprising how comparatively few accidents are caused by any mechanical defect in the automobile. It is wise, however, to keep your brakes tightened, your lights right, your motor perfect and your tires safe. It is far better to be on the safe side than on the sorry side of a hospital bed. We heartily endorse the efforts of the Safe Drivers Committee to keep reminding drivers of the ever-growing need for caution.

## AWARD OF MERIT TO SAFE DRIVERS

(continued from page 1)

of this issue of The New Era, the space having been provided by local business institutions, as follows: Cinnaminson Bank and Trust Co., Walter D. Lamont, W. Rex McCrosson, L. S. Gurnell, H. B. Williams, Askew Motor Co., T. B. Stowe and Son, and Lester S. Fortnum.

### Program Described

In describing the committee's program, Mr. Warren said: "Much attention has been centered upon bad drivers who are responsible for highway accidents. There are, however, thousands of careful drivers in New Jersey who have conscientiously cooperated in the crusade for safety. These safe drivers deserve public recognition both through an award of merit which can be attached to their car, as well as their names being published in their local newspapers. By recognizing the good drivers on our highways, the reckless and indifferent drivers will be more readily identified."

"Any movement which has for its purpose the reduction of the fast-mounting toll of deaths on our highways is deserving of the support of every thoughtful motorist. The week-end figures of highway fatalities have become so common that many newspaper readers are inclined to look upon them as mere figures unless the tragedy strikes into their own homes or that of a neighbor."

"The Safe Drivers Committee does not offer its program as a cure-all, but seeks to keep tragedy from as many homes as possible. If it did no more than save the life of a single child or parent in each of our 21 counties it has at least done something."

Mr. Warren emphasized that the committee was hopeful of cooperation by the newspapers because of their value in creating public opinion and being the best media for effectively reaching the citizens of their respective communities. He further stated that the committee which is sponsored by the Citizens Forum of New Jersey neither solicits nor accepts contributions. There is no cost to any driver in becoming a member of the committee, providing he or she qualifies for the award.

### Advisory Group

The advisory group supporting the movement includes Governor Harold G. Hoffman as honorary chairman; Hon. David T. Wilentz, attorney general; Harry B. Gourley of the P.B.A.; Vincent J. Murphy, New Jersey State Federation of Labor; J. Layton Prout, chairman State Safety Committee, American Legion; S. S. Kenworthy, New Jersey State League of Municipalities; Edward Guion, M.D., Kiwanis Under-Privileged Child Committee; A. R. Everson, New Jersey Taxpayers Association; Mr. William Nelson, Woman's Branch N. J. Historical Society; Mrs. Kathryn D. Sullivan, N. J. Conference Automobile Clubs; Stella S. Applegate, N. J. ## YACHT CLUB YARNS

(continued from page 5)

### Annual Up River Day

With great roaring of exhaust, small gusts of air, and stuff, Sunday began. Following the usual custom, the Duster fleet raced to the Red Dragon Canoe Club of Edgewater Park. Sniffing the snappy smell of a not small picnic lunch from afar off, the Mooney Bros. smashed their way to a crashing victory in T. Huns' boat. Tom Coe (also hungry), arrived second. Proving that lightning strikes twice in the same place, Marcy Lippincott duplicated Lynn Hendrickson's feat of upsetting in a flat calm, while enroute upriver. As our newest and youngest member, this officially enters Alexander Marcy, of the Lippincott family of Palmyra, onto our already bursting membership rolls of the Ancient and Honorable Horizontal Club. Will there be no end to these upsetting events? Immediately therewith, the rest of the fleet blew in, and things began popping. Apparently the winds hold no respect for our racing schedule, so

appeared in a multitudinous deficiency. (We got sunbun.) When we ain't got no wind we can't race nohow. Following the primitive instinct to "gorge" oneself, leaving only paper, tins and junk for the ants, everyone did himself proud. After this disappearing act, (of all food) an impromptu softball game ensued. The winner was undecided but we think somebody won. Who cares anyhow? After ball game No. 1, ball game No. 2 was promptly won by the Married Men who defeated the Ladies of the club. Your most worthy scribes served as official umpires. With a few classical footraces, etc., which were quite comical, events were concluded with a drifting match toward home.

Girls won first prize in a whistling contest at the 1936 Biastodoff in Wales.

## ATHLETICS FADE OUT OF PICTURE

**Outfit Broadway, But Champs Bunch Blows in Second Frame to Win 2-0**

Broadway eliminated the Athletics in the first-half race, by taking a 2-0 decision from the Farmers, in a thrilling engagement played on Monday evening at Memorial Park.

The A's outthit the champs, by the count of 7-5 and had seven men stranded on the basepaths. As in the case in the Burke & Easley game, however, their batters were impotent in the pinches.

**Hurlers in Form**

Shivers started for the Athletics and hurled two frames, relinquishing his duties to Haines. It was in the brief tenure of the former that Broadway scored all their runs, these coming as a result of singles by Beddow, H. Anderson and Cahill, interspersed by an error and an infield out.

When Haines took over the burden, the hard-hitting Movie Men could only annex a lone single during the balance of the engagement.

The fielding gem of the evening was produced by Rothbaum, of the A's, who came in from centerfield to dive after Terrill's drive.

**Collins Merchants**

In the other encounter of the evening, the Collins aggregation nosed out the lowly Merchants by a 6-5 decision. The engagement was halted for a brief period in the ninth frame on account of rain. At this point the Merchants had the tying run on first with two out.

Upon resumption of hostilities, Lesenby promptly became the third out as he tried to steal second.

The Merchants led 5-3 going into the eighth canto, but Collins staged a three-run rally in their half of this frame to go out in front and win the ball game.

The occupants of the loop collar outfit the Collins outfit by the count of 6-5 and appeared to have the affair well in hand until the enemy got the range during the latter part of the contest.

**Observations**

Softball enthusiasts are recommended to read the article entitled "Not So Soft Ball" which appeared in the July issue of "Esquire." It really is good.

Cahill scintillated both at bat and in the field for Broadway, combining two hits, making five putouts and six assists.

R. Williams, with two bingles, and Lynch with three accounted for five of the seven hits of the A's. Both the Burke & Easley and Broadway games were tough ones.

## OBITUARIES

**JOSEPH H. PIKE**

Joseph H. Pike, 67, 317 Leoney avenue, Palmyra, died at his home on June 16, after a long illness.

Funeral services were held Saturday, June 19, from the Snover Funeral Home, the Rev. George Lockett officiating.

Interment was made in the Palmyra Methodist Cemetery.

Mr. Pike is survived by his widow, Florence, and two sons, Walter and Louis, both of Palmyra.

**JOHN C. BANFF**

John C. Banff, 72, of East Riverton, died at his home on Friday, June 18.

Funeral services were held Monday from the Snover Funeral Home at 2:30 the Rev. Albert J. Harke officiating.

Mr. Banff is survived by his widow, Lily C., one son David L., and two daughters, Mrs. Albert Freeman, of Merchantville, and Mrs. Francis Saraggy, of East Riverton, three brothers and one sister.

Mr. Banff was a member of the I.O.O.F., No. 166, of Merchantville, Palmyra P.O.S. of A. Camp No. 23, and the Moravian Church, of Palmyra.

**FOREST HILLS BEATS RIVERTON**

The Riverton Country Club tennis team dropped a 10-4 match to Forest Hills on the local courts last Saturday afternoon, the affair being played in West Jersey Field Club League competition.

All the local points were scored by the feminine members of the team, the male personnel failing to annex a single counter, although several of the matches went to three sets.

## ANOTHER TIE FOR RIVERTON TEAM

**Play 3-3 Deadlock With Jewish Giants; Game Called in Sixth Inning**

Riverton played its third stalemate of the season on Tuesday night, at Palmyra Recreation Park, earning a 3-3 tie with the Jewish Giants, of Philadelphia, in a contest that was called at the end of the sixth inning on account of darkness.

Getting away to a tardy start, the contest would probably have gone the full nine innings had it not been for the dilatory tactics of the enemy battery who went into a huddle after nearly every pitch. In addition, Bookie, the opposing hurler, worked the count to three and two on nearly every batter and passed five.

**Opposition Scores Early**

The Giants tabbed three runs in the third frame on three hits, a sacrifice and two errors. This ended their offensive. Riverton had one or more men on bases in every session, but could not score until the fifth when two bingles, a walk and three boots by the enemy yielded the tying markers.

The locals, with the moon high in the east, threatened to break the deadlock in the sixth, but Baker flied out to second with runners on second and third.

## AMERICAN LEGION

Governor Harold G. Hoffman and Motor Vehicle Commissioner Arthur W. Magee will address the New Jersey American Legion State Executive Committee at its regular meeting to be held in the Trenton War Memorial building beginning at two o'clock, June 26. Both addresses will stress automobile safety on the highways.

J. Layton Froust, of Long Branch, American Legion State Safety Director, will be in charge of this part of the program and will introduce the speakers. He also will report on the safety activity accomplishment of the American Legion for the last six months.

Youth officers of the Sons of The American Legion, a junior sponsored organization, will be in attendance to hear the addresses and observe the manner in which the business sessions are conducted.

## FAMOUS PLACES SHOWN IN FILM

Streets, buildings and places of amusement which have made the name of Hollywood famous throughout the world will be seen for the first time in the natural colors by movie-goers throughout the world in the Selenick International technical picture, "A Star Is Born," starring Janet Gaynor and Fredric March at the Fox Riverside Theatre on Sunday, Monday and Tuesday.

As the title indicates, the picture portrays the rise of a little country girl to Hollywood stardom. In the picture the audience shares with Bather Blodgett, portrayed by Miss Gaynor, the heartaches and unappreciated, the guile and despair, the go into the ultimate crowning of a motion picture star. And in her travels she visits these famous spots, which are shown in technicolor for the first time.

## CHRISTIAN SCIENCE CHURCH

"Christian Science" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, June 27.

The Golden Text is: "The earth shall be full of the knowledge of the Lord, as the waters cover the sea" (Isaiah 11:9).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And Jesus went about all Galilee, teaching in their synagogues, and preaching the gospel of the kingdom, and healing all manner of sickness and all manner of disease among the people" (Matthew 4:23).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Divine Truth, Life, and Love gave Jesus authority over sin, sickness, and death. His mission was to reveal the Science of celestial being, to prove what God is and what He does for man. His proof of Christianity was no form or system of religion and worship, but Christian Science, working out the harmony of Life and Love" (p. 26).

## RAILROAD TRIP OVER OLD LINES

Interesting Experience Told By  
William Schopp Who  
Made Excursion

The almost forgotten Pemberton and Hightstown railroad carried its first passenger train in years as a group of 300 railroad enthusiasts traveled over its 22 miles of line in eight big passenger cars on Sunday, June 6. Among those who made the trip, called an "off the beaten track excursion," were Bradford Underhill of Riverton, and Edgar and William Schopp, of Palmyra.

Arriving at Hightstown in a wild thunderstorm, the train exchanged its freight engine for the two old teakettles of Union Transportation Company, which is the real name of the Pemberton Hightstown line. (It is also called Pennsylvania and Atlantic, which is one for you to figure out.) The train order handed to the conductor read, "Engines 6 and 7 compound, run extra number so-and-so Hightstown to Lewistown with rights over all trains at speed not exceeding 15 miles per hour," or words to that effect. The 15 miles per hour clause was just so much extra wordage, since even the two locomotives together just about pulled the train up some of the short grades, altho they occasionally hit what was characterized as "quite a clip" running down grade.

### President Does Flagging

Since the railroad has no blinkers or other grade crossing protection, it would have been necessary to stop the train at all important crossings and "flag" across, a brakeman running ahead to warn any autoists. However, the president of the Union Transportation Company obliged by doing the flagging. He, in his auto, drove from crossing to crossing, on the highways, always managing to get there ahead of the slow-moving extra, to flag any stray cars.

Going up the grade into Cream Ridge the railroad fans could tell that only one of the two old teakettles was functioning. Speed slackened off to a standstill. She backed down a bit and stopped. Immediately all the passengers with cameras climbed off and ran ahead to take pictures of the two railroad relics on front. The fireman of the head engine was pounding her with a sledge hammer, trying to get the damp sand to flow through the pipe. Finally he succeeded, and the train managed to make the grade.

### Town Turns Out

At New Egypt, the "division point" of the line, half the town turned out to see the special go through. From the car windows could be seen the road's old passenger coach and its "armstrong" or "strong arm," turntable upon which reposed a model T Ford equipped with flanged wheels to run on rails.

After passing through Camp Dix, the double headed engines gave way to a regular Pennsylvania passenger engine and then pulled around on the "Y" at Lewistown so that passengers could gaze on what had pulled them for the past hour or so. The excursion then headed through Pemberton and Mount Holly and into Broad Street Station.

It had left Broad Street Station early in the morning and run over the White Marsh Branch to Fort Washington and thence over the Trenton cut-off to Trenton, where the passenger engine was exchanged for a freight engine. Thence it went to Monmouth Junction and over the Rocky Hill branch of the Pennsy. The nine miles into Rocky Hill were covered at a very slow speed, with the train preceded by a hand car loaded with mechanics and re-railing equipment, just in case.

### Longest Train

As soon as the single track here was reached, heads appeared at the windows, and continued to hang out, anders and close tree branches notwithstanding. For several miles, just past Kingston, the Rocky Hill branch runs along the banks of the Delaware and Ritan canal. About noon, the special reached Rocky Hill, the first passenger train in ten years and the longest ever. Here they stopped for lunch.

Those who made the trip were surprised at the number of women who went. At least 40 per cent of the excursionists were female, and many of them were not young. Everybody, male and female, seemed

### Tennis Court Rules

The courts were built for and dedicated to the free use of the citizens of Riverton. Non-residents are privileged to use the courts at such times as they are not in use by residents of Riverton. In any case citizens of Riverton have first choice.

1. From Monday until Friday inclusive, preference will be given to players 16 years of age or over, from 5.00 p.m. until dark; Saturdays from 1.00 p.m. until dark; Sundays and Holidays all day. Rear courts open to players of all ages at all times. Use of all courts for match play will be governed by separate rules.

2. Players shall take their turns to play in the order in which they arrive and remain at the courts.

to have a good time. On the single track roads the men hung from windows and from vestibule doors, the better to see the road. This was considered a safe thing to do, since on single track railroads, it is practically impossible to get your head bashed in by a train on the other track.

The long train was backed from Rocky Hill the nine miles back to Monmouth Junction, down the main line, and then ran over the Jamesburg branch to Jamesburg. There they had to back through another "Y" to get headed in the right direction for Hightstown. At Hightstown, as told before, all the locomotives—two—of the Union Transportation Company were attached.

Persons having just finished their set are entitled to the next place at the end of the line. New arrivals will take their places after this. If a person has played previously it does not effect his or her standing for place so long as the player remains at the courts. Players will deposit their rackets in the rack provided for determining place. Those who do not put their rackets in the rack have no standing for place.

3. Singles may be played only when there are none waiting to play.

4. Doubles are to be made up among those present, in their turns, if others are waiting to play.

5. At any time persons are waiting to play, players occupying the courts may play no more than one set at one time. In the event of deuce games the score shall not exceed 7 to 8.

6. The use of high heeled, rubber or leather street or sport shoes is strictly prohibited on these courts. Regulation tennis shoes, sneakers, or other flat heeled shoes only permitted. All players must be fully clothed, and playing in bathing suits or shorts only is forbidden.

7. The courts cannot be played on after a rain until permission is granted by some one in authority.

8. These rules relate to general play only. Tournament play, ranking competition, and team meets are covered by separate rules. During authorized tournaments and team meets, however, general play rules are suspended and participants will have precedence over non-participants on all courts.

9. None but persons engaged in play are permitted within the wire enclosure.

10. The Director of Recreation or anyone in charge maintains the authority to deny the use of the courts to anyone guilty of infraction of these rules, and their decision will be final.

Your cooperation and assistance is requested in order that all may benefit equally.

## SIX LAUGHING COWS

The best definition of these perplexing terms, communism, socialism and fascism yet devised comes from the Chicago Daily News. If you have six cows, says the News, putting it into universally comprehensible language the communists take all of them, the socialists take only three, and the fascists let you keep all six but you have to feed them and they take the milk.—Hutchinson News.

A school teacher, after examination of the pupils in her class by the school nurse, wrote the following note to the parents of a certain little boy:

"Your boy, Charles, shows signs of astigmatism. Will you please investigate and take steps to correct it?"

The next morning she received a reply from the boy's father, who wrote:

"I don't exactly understand what Charlie has done, but I have walloped him tonight and you can wallop him tomorrow. That ought to help some."—Gas and Electric News, Rochester.
